

Won't Be Long Now

IT'S GREAT TO SWIM IN MICHIGAN — With the state now observing Michigan Week it is natural to think of our hundreds of lakes and beaches, which each summer attract thousands of water lovers. But you're not likely to see many outfits like these. The beach outfits are from the 1930s, but it's a 1957 photo. Jane Le-Bourdais and Donald Grams, both of Bay City, have donated the antique swimsuits to announce the Centennial Celebration of Bay County scheduled for Bay City the week of June 16 to 23.

350,000 Workers at GM Get 6-Cent Raise May 29

DETROIT (AP)—Some 350,000 hourly rated employees of General Motors Corp. will get wage increases of at least six cents an hour May 29 under the annual improvement factor clause of the company's contract with the United Auto Workers Union, GM President Harlow Curtice announced today.

Production workers will get six cents an hour or 2½ per cent, whichever is greater, Curtice said in a statement.

The annual improvement factor is an automatic increase written into the contract to compensate for loss of work hours through technological progress. It has been part of the contract's wage formula since 1948.

Curtice said the increase will bring to 68 cents an hour the amount added to hourly rated workers' base pay as a result of the wage formula.

The annual improvement factor has accounted for 46 cents an hour. Another 22 cents an hour in cost-of-living allowances has been "frozen" into the base rate.

In addition to their base wages, production workers currently are receiving 14 cents an hour cost-of-living allowances which are adjusted quarterly in line with changes in the consumer price index of the U.S. Bureau of Labor Statistics. The cost-of-living allowance will be reviewed again in June.

Curtice said current hourly earnings of GM employees amount to \$2.54. This includes overtime, shift differential and other premium pay, but does not include the new wage increase. Curtice said the current wage compares with average hourly earnings in 1947 of \$1.51.

Average weekly earnings during the first four months of 1957 were \$86.93, Curtice said. This compared with \$57.36 for 1947. It does not include the cost of fringe benefits, such as pensions, insurance, sickness and accident benefits, supplemental unemployment benefits and others which have been added since 1947, Curtice said.

The GM president said the company has added more than 80,000 "good new jobs to its payroll" in the period.

Bids Opened on Underpass

County Tax Rate Tentatively Set at \$5 per \$1,000

Figure, on Equalized Valuation, Is 33 Cents Above '56 Levy

Oakland County's 1957 tax rate has been tentatively set at an even \$5 for every \$1,000 of equalized valuation.

This is an increase of 33 cents (.33 mills) over last year's rate but still about 30 cents below the county's 10-year average, said Dr. William J. Emerson, Tax Allocation Board chairman.

The final hearing on county, township and school taxes will begin Tuesday morning, Dr. Emerson said.

Preliminary rates for all Oakland County units except cities were scheduled, Dr. Emerson said, following announcement of the State Board of Equalization's preliminary valuations. They will become final next week.

The state equalized valuation of Oakland County was set at \$1,770,000,000. That of Pontiac was \$378,464,142.

School taxes are based on the state equalized figures. County and township taxes are spread on county equalized figures, announced earlier this month. The tax rates for Pontiac and other cities are set locally.

The allocation board, in reviewing tentative budgets submitted by the county, townships and schools, apportions the tax rate so that no individual taxpayer pays more than the 15-mill maximum set by law, unless the increase has been publicly approved.

Eisenhower and Adenauer to Confer at Farm

WASHINGTON (AP)—President Eisenhower and West German Chancellor Konrad Adenauer will have a man-to-man talk at Eisenhower's Gettysburg, Pa., farm next Sunday.

The White House announced yesterday that Adenauer has accepted an invitation to lunch with Eisenhower at the farm a day before the German leader starts three days of talks in Washington. Adenauer is due in New York tomorrow.

Press secretary James C. Hagerty recalled that Eisenhower held a similar private talk with Indian Prime Minister Nehru just before last Christmas.

Eisenhower and Adenauer plan to lunch alone and no aides will go to Gettysburg with them, Hagerty said.

Says Rumors Deserve No More Denials

'I Know Nothing'—Ingrid

PARIS (INS)—A weary Ingrid Bergman said today she knows nothing of published reports that her husband, Roberto Rossellini, plans to take his supposed Indian sweetheart to Italy.

"That's all news to me," Miss Bergman said. "I know nothing about it. But I've stopped concerning myself with all this gossip. My husband has told me nothing about this and I will say no more about it. It deserves no more denials."

The Swedish-born actress was gracious as ever but obviously disturbed by the dozens of newsmen from all over the world who have sought comment on the stories that Rossellini has fallen for Bombay screen writer Sonali Das Gupta, a mother of two children.

In Bombay, India, the reported love affair of Rossellini and Mrs. Gupta has become a matter of official concern for Prime Minister Nehru.

Nehru enters the picture because Rossellini has a contract with the Indian government for making documentary films.

Resigns

J. CECIL COX

School Official to Retire Here

Asst. Supt. J. Cecil Cox Leaving After 31 Years in Pontiac System

The retirement, after 31 years' service, of J. Cecil Cox, assistant superintendent of the Pontiac School System, was learned today.

Cox has not submitted his formal retirement request to the board as yet, but he has told the administration that he will leave as soon as he has hired the needed teachers for the next school year, or by Sept. 1, whichever is sooner.

Cox said his early retirement was prompted by a desire to devote more time to leisure pursuits. He is 60 years old and the mandatory retirement age is 65.

Superintendent Dana Whitmer said Cox had told him of his intention to retire two weeks ago and had discussed the possibility as far back as one year ago.

Whitmer added that there has been no thought given to a replacement, but the board probably will meet in July to consider administrative reshuffling which might change the duties of the remaining staff.

RECRUITED TEACHERS
Cox is in charge of personnel for the school system. One of his main functions is to recruit teachers.

There is one other assistant superintendent, a recently created post, which handles the school's business affairs.

Cox joined the Pontiac system as a teacher in 1926. He taught science and mathematics until 1927 when he was named assistant principal of Eastern Junior High.

In 1945, he was promoted to principal of Lincoln Junior High, a post he held until the fall of 1948 when he was appointed assistant superintendent.

Cox, a graduate of Farmington High School, received his bachelor's degree from Albion College and his teacher's certificate from Detroit Teachers College, now Wayne State University.

He later earned a masters degree from the University of Michigan.

He resides on a farm near Walled Lake.

Wilson Calls It Gamble

WASHINGTON (INS)—Defense Secretary Charles E. Wilson testified today that cuts proposed in the military budget would be "gambling unwisely with the security of the nation."

Jury Acquits Driver in Radar Test Case

An Oakland County Circuit Court jury yesterday acquitted the first motorist believed to have appealed a radar-clocked speeding ticket in Michigan.

It took an eight-woman, four-man jury three hours to decide in favor of Douglas Yerkey, 37-year-old Grand Blanc auto dealer.

A radar check by state police on US 10 in Waterford Township last Dec. 24 showed Yerkey was driving at 48 miles an hour in a 35-mile-an-hour zone.

Yerkey told the jury he was only doing 30. He had already been convicted in justice court on the strength of the radar evidence.

The jury interrupted their deliberations once to ask Judge George B. Hartwick if the State Supreme Court had ever ruled on any radar case.

Judge Hartwick informed them that it had not. The judge Tuesday had made a precedent-making ruling that police testimony interpreting the radarscope was admissible as evidence in court.

Yerkey, however, testified that before starting out on his Christmas Eve trip to Detroit, he had been informed by friends that radar was operating on the highway.

He said he had already received three tickets on that stretch of road and was on the lookout for police cars.

SPOTTED CAR
He spotted the radar-equipped patrol car about two blocks away, Yerkey testified, and glanced at his speedometer as soon as he saw it.

"I was going about 30, and I didn't change my speed," he stated.

Previously in the two-day trial, a barrage of expert testimony was called by assistant prosecutor L. W. McEntee to testify that radar was accurate within two miles an hour.

CALLED ADMISSIBLE
Yerkey's attorney, Phillip Pratt, had objected to introduction of the radar evidence, but Judge Hartwick ruled it was admissible "as a matter of fact."

His acquittal means that Yerkey will not have to pay a \$10 fine levied by Springfield Township Justice Emmett Lieb.

Utica Man Killed by Auto in Detroit

Detroit police are holding a driver for investigation of manslaughter after his auto allegedly struck and killed a Utica man who was attempting to load new automobiles on a haulaway trailer early today.

William Spencer, 33, of 47155 Vanker St., Utica, was killed when he was crushed between the auto and his trailer about 12:40 a.m. on Dunn road near Joseph Campau street in Detroit.

Detroit police report the driver was Anthony N. Forsythe, 42, of 14101 State Fair St., Detroit. Spencer was employed at the City Car Releasing Co., 6201 E. McNichols Rd., Detroit.

Weather Outlook: Cloudy and Cooler

The weather outlook for Pontiac and vicinity is mostly cloudy and cooler with some showers likely, ending this evening. The low tonight will be near 55 degrees.

Tomorrow will remain partly cloudy and cool with a high near 65.

The U. S. Weather Bureau has reported that temperatures will average near the normal high of 72 and normal low of 51 for the next four days.

Downtown Pontiac's lowest temperature preceding 8 a.m. was 64. At 1 p.m. the mercury registered 66.

Leaving

GEORGE M. HUMPHREY
Secretary of the Treasury

Humphrey Plans to Resign Soon

Secretary of Treasury's Replacement May Be Robert B. Anderson

WASHINGTON (AP)—Today, George M. Humphrey, secretary of the treasury, is packing his bags after a little more than four years as one of the most important men in the administration.

The announcement of his resignation to take place in about six weeks will come as a surprise to almost no one. It will come as a disappointment to many.

Unless most Washington prophets are looking into clouded crystal balls, Humphrey will be succeeded by Robert B. Anderson, former deputy secretary of defense.

Anderson, a native of Texas, is an "Eisenhower Democrat." He also is a close associate of Sen. Lyndon Johnson of Texas, Senate Democratic leader.

When and if he does take over the Treasury post, Anderson will be faced with the same tight money problem that has plagued Humphrey. The increasing demand for money has the government scurrying in its efforts to refinance the national debt.

Pontiac's Cost to Finish Project Set at \$113,000

See Dec. 15 Completion of Telegraph - Orchard Dual Roadways

Pontiac's share in the completion of the Orchard Lake - Telegraph road underpass project will be about \$113,000.

This was figured from low bids opened yesterday at the State Highway Department in Lansing.

It does not include purchase of right-of-way, which is estimated to add roughly another \$300,000 to the city's bill on the project, slated for completion by Dec. 15.

Bids were taken yesterday on a new bridge over the Clinton River and on construction of underpass approaches and widening of Orchard Lake avenue. Contracts are still to be let.

The low bid for the bridge was \$153,590, of which the city will pay one-quarter, or about \$38,000, City Manager Walter K. Willman said.

The low bid for the remainder of the project was \$284,980, of which the city's share is about \$75,000, Willman said. This bid was submitted jointly by H. C. Shingledecker of Sylvan Lake and Lewis & Frisinger of Ann Arbor.

Widening of Orchard Lake into a dual, 22-foot-wide road will begin at Berkeley avenue, two blocks inside the city limits.

The underpass itself will be almost a mile of dual, 24-foot-wide pavement curving westerly from Rockwell street in Bloomfield Township to James K boulevard in Pontiac, just north of the Clinton.

OUT OF GAS TAX
The city's share in the cost will be paid mostly out of the state gasoline tax diversion, Willman said.

"The state will notify us of our exact share and we'll have to pay it before the contract is signed. This won't happen until the bids are thoroughly checked first," Willman said.

The bridge project and about 60 per cent of the remaining construction are within the city limits, and the city is paying 25 per cent of the cost.

COST APPORTIONED
The federal government is paying half, and the state the remaining one quarter. The federal and state governments are splitting the cost outside the city limits.

Final figures on the right-of-way in Pontiac have not been reached yet, Willman said, but the total is expected to run around \$600,000, which the city will split equally with the state.

There is still some litigation before a Highway Department mediator on some parcels in the area, Willman said.

The state will bear all of the right-of-way costs outside the city limits.

Potter Predicts Nuclear Vessels for Great Lakes

DETROIT (AP)—Nuclear-powered vessels will be sailing the Great Lakes by 1961, says Sen. Potter (R-Mich.).

Potter told the National Maritime Day dinner of the Propeller Club of Detroit yesterday that the United States will be the first country to launch a nuclear-powered merchant vessel and "nuclear-powered lake vessels will be the next step."

"Only a month ago we contracted for an atomic-powered engine for a merchant ship," Potter said, "and it will move off the ways in the spring of 1960."

"I hope to see them (nuclear-powered vessels) moving through the Port of Detroit by 1961 at the latest," Potter said.

The Michigan senator said that "until now lake ports have not received their fair share of shipbuilding business." He expressed hope that he could win passage of a bill to authorize construction, reconstruction and remodeling of vessels at Great Lakes shipyards.

Vote on Hospital Disappoints Many Citizens

Despite the better than 2-to-1 vote against completion of the Pontiac General Hospital wing in Monday's election, random interviews yesterday revealed only a few who expressed satisfaction on the outcome.

Pontiac residents are up in arms over the defeat of the bond issue to complete and equip the 200-bed addition.

Residents interviewed yesterday were irate, disappointed and surprised at the outcome of Monday's balloting.

A sampling of public opinion in the afternoon revealed almost unanimous agreement that completion of the hospital was a "must"—and that it should be done in the near future.

Only 2 persons of 25 expressed

their satisfaction at the outcome of the election in which 7,200 of 37,000 registered voters participated. They refused to identify themselves.

Person after person went on record in favor of the bond issue.

"Typical of these citizens was property-owner Julian Levine, 115 Ottawa Dr., who said: 'Something must be done to get the addition to the hospital finished. Personally I'm very unhappy about the election and hope that our city officials will come up with something.'"

'A NECESSITY'

Another property owner, Ed Jackson, 25 E. Iroquois Rd., also revealed that he voted for the measure "because, of course, it was a necessity."

"Perhaps the bond issue was defeated because of public feeling that city officials were getting too

extravagant and it was time to crack down on them," he declared.

Also displeased with the election were a Clawson school teacher, Alex Kish, 2773 Churchill Rd., and J. W. Finn, an interne at St. Joseph Mercy Hospital, who said of the situation: "It's just too bad. Neither is a property owner."

Many citizens felt that defeat of the bond issue was part of the general national rebellion against high taxes and the federal budget. Although they hastened to add, they voted for the issue themselves.

Arthur H. Hart, an interior decorator, said that many didn't consider whether the addition was necessary or worthwhile. "They were just fed up with high taxes

and would have voted against any kind of increase," he said.

A practical nurse, Edna Pugh, 180 W. Princeton Ave., said: "All I know is that the addition to the hospital should have been approved by the voters. Why wasn't it? I don't know."

IT'S 'A SHAME'

Claude A. Poe, a polisher at Fisher Body, called the vote "a shame." Everyone knows that even the halls are crowded and that more space is needed, he said.

Texas Tornado Injures 4 People

Destroys or Damages 10 Buildings in Country Near Malone

DALLAS (AP)—A tornado ripped through a rural area three miles north of the central Texas town of Malone last night, injuring four persons and destroying or damaging 10 houses, barns and other outbuildings.

The twister skipped along a four-mile path northward from five miles west of Malone, a town of 352 population some 70 miles south of Dallas.

The Herbert Sonnenberg family narrowly escaped death when they fled from their home after seeing the twister bearing down on them, said George Worley of Malone.

Hill County Sheriff Ernest Brooks said the twister smashed power lines, knocked over trees and destroyed or damaged cars, outbuildings, and barns when it swooped down on the cluster of homes on Highway 171 three miles north of Malone. The town itself was not hit.

Torrential rains during the storm measured more than three inches. Two farm roads were closed by high water near Malone when Ash Creek overran its banks.

Other twisters were sighted aloft 10 miles southwest of Hubbard, a town some three or four miles southeast of Malone, and 15 miles west of Parmer Hill near Dallas, two miles east of McKinney in north Texas and a mile south of Vernon in the northwest part of the state. No damage was reported.

Director of Art School to Speak at Cranbrook

Wilhelmus B. Bryan, director of the Minneapolis School of Art, will be the guest speaker at the Cranbrook Academy of Art May 31 when 45 students will graduate. Bachelor of fine arts degrees will be granted to nine students, master of fine arts diplomas to 28 and master of architecture degrees to eight, according to Zoltan Sepeshy, academy director.

By E. H. SIMS
What causes the pressure in a high pressure area? Likewise in a low pressure area? In other words, where does the barometric pressure come from?

The high and low pressure we so often hear about these days merely refers to the height of the layer of gases above the earth's surface at a given point or in a given area.

The main function of a barometer is simply to measure the weight of the gas above you and it does this by recording an accurate measurement of the weight, or pressure, of the layer of gas pressing down on the surface of the earth, which is the weather.

We talk of inches of mercury because the long-accepted official instrument for measuring the weight (or pressure) of the layer of gas above us has been a mercury barometer in the form of a column of mercury, measured in inches.

So, when we say the barometer reads "thirty inches," we are saying that an official barometer would, at that moment, record the weight of gases as pushing down hard enough to push the mercury thirty inches high in the measuring cylinder.

GOP Senators Join in Support of Ike's Policies

WASHINGTON (AP)—A little group of Senate Republicans joined informally today to fight for President Eisenhower's spending and legislative programs.

Working without any White House direction, they want to avoid any clash with regular GOP leaders who have opposed some of the Eisenhower proposals. But these "modern Republicans" said they hope to drum up more support for the President.

"We're going to do our best all the way through to get the President's program enacted," Sen. Cooper (R-Ky.) told a reporter in disclosing the informal agreement.

"If we don't get more support for the President, it's going to hurt our party in the 1958 elections. We believe in the program President Eisenhower has proposed and we are backing it 100 per cent."

Cooper said he, Sen. Javits (R-NY), Sen. Clifford Case (R-NJ) and some others have talked over the matter.

Hospital Board Will Pool Ideas

Meets Tonight to Study Ways to Equip Addition Without Bond Issue

The long job ahead of reconstructing plans for completion of the 200-bed General Hospital addition faces the city's hospital board tonight.

The regular agenda has been kept to a minimum to allow for discussion of where the board goes from here.

It will be the board's first meeting since Monday's disastrous defeat of a proposed \$1,500,000 public bond issue to complete the addition and equip it with much-needed new hospital facilities.

The board's 11 members today seemed determined to complete the project one way or another. Where to find the money remained the big question.

Willis M. Brewer, chairman of the board's committee in charge of building the new wing, said he hoped to air initial ideas tonight.

He had been unable to arrange an emergency committee meeting following Monday's special election, Brewer said.

The hospital director, Miss Lauretta Paul, said she planned to submit several suggestions, planned as an alternative in case the bond issue was voted down.

"Frankly, though, it looks like it will take quite a while before any concrete plan can be formulated," she said.

Hospital Bond Vote Disappoints Citizens

(Continued From Page One)

were taken again on the same proposal, it would probably pass the second time. "Many persons just took its passage for granted," he said, "and didn't bother to go to the polls. They're sorry now."

The bond issue was decisively defeated by a 2 to 1 majority. Because the tax increase to finance the bond issue was in the form of a City Charter amendment, the voters won't be able to pass on the measure for at least two years, as defeated amendments can be re-submitted to popular vote only after a two-year interval.

One of the two men who opposed the hospital bond issue termed the election results "splendid." The tax situation is terrible, he said, and "until something is done about that, proposals like this should be vetoed."

The other person opposing the bond issue agreed with this sentiment and also attacked the city officials for their conduct of hospital affairs.

WHY HALFWAY?

"I can't understand why the hospital was planned halfway," he declared. "Why did the officials have to go begging to the people for more money?"

"The vote shows the mistrust of Pontiac citizens toward the manner in which their affairs are being conducted by the officials of Pontiac."

Both men refused to identify themselves, saying: "We have businesses in this town and publication of our names might hurt us." Both are property owners.

Meanwhile, the citizens of Pontiac appear to want the hospital addition finished. But no one interviewed could come up with a scheme for accomplishing this.

"It's up to the city officials now to pick up the pieces" was the general sentiment.

Great Smoky mountain national park, partly in North Carolina, covers a vast area, estimated to be about one-half million acres.

Slates Meetings on Disarmament

Administration May Air New Policy Decision at Top-Secret Parleys

WASHINGTON (AP)—The administration scheduled two top-secret meetings today amid reports it may be nearing a new major policy decision on disarmament negotiations.

Sen. Humphrey (D-Minn.) said there are indications that "a genuine negotiation may actually be in the making" in London arms control talks of a limited, experimental agreement.

The London arms talks recessed last week to permit the negotiators to confer with their governments. The talks resume Monday.

President Eisenhower called Harold E. Stassen, his special assistant for disarmament and chief negotiator at the London conference, to a White House meeting of the National Security Council.

Later, Stassen and Secretary of State Dulles will report to a closed meeting of the Senate Disarmament subcommittee of which Humphrey is chairman. Major Democratic and Republican Senate leaders were invited to the meeting at Dulles' specific request.

Chances that Adm. Arthur W. Radford and Stassen might air their apparent differences on disarmament policy faded when it was disclosed that Radford would not attend the Security Council meeting.

U. S. officials find it hard to believe, but they are beginning to think that Russia's bosses really may be prepared to give up some secrecy to get a limited disarmament pact.

This hopeful view will be put to the test in arms control negotiations being resumed in London next week.

It now seems certain that Harold E. Stassen, U. S. negotiator, will return to London over the weekend with a new set of American proposals designed to encourage Soviet agreement.

Social Scheduled by Donelson PTA

The Donelson School PTA will hold an ice cream social from 5 to 7:30 p.m. Tuesday on the school grounds.

In case of rain, the social will be in the school gymnasium, said Mrs. Max Keller, chairman.

The Pontiac Press erred yesterday in stating the social would be held Saturday.

The 40-piece Isaac Cray Junior High School Band will play. Bruce Orr will direct.

Proceeds will be used for PTA projects.

News Flash

LANSING (AP)—The Senate refused today to go along with the House allotment of \$2,000,000 for a new state institution for the mentally retarded, throwing the issue into a conference committee.

The institution, proposed at Plymouth, would provide permanent facilities for children now housed in temporary quarters at Fort Center and Farmington. Opposition to the fund allocation came from Republican budget leaders who are trying to repair a major breach in their hold-the-line policy on state spending in 1957-58.

Despite some violent opposition, the Senate agreed to an expenditure of \$37,500 in planning money for relocation of the Boys Vocational School at Whitmore Lake.

Motorcycle Rider Hurt in Highway Accident

Frederick C. Snavey, 25, of 1135 Fairfax Rd., received possible fractures of the left arm and right leg last night when his motorcycle struck an auto, at U.S. 10 and Opdyke road, according to Pontiac state police.

Snavey was reported in satisfactory condition at St. Joseph's Mercy Hospital today. Troopers report the driver of the auto was Robert Seppala, 28, of 121 Highland Rd.

Complete Faculty Study, Assign Five Principals

BIRMINGHAM — With the prospective opening of four new elementary schools in September, the Birmingham Board of Education has completed the study of credentials of about 40 applicants.

The teachers will be assigned to Greenfield, Harlan, Midvale and Valley Woods schools.

"The plan to serve the school district in the best interest of the entire system involves the transfer of certain members of the administrative staff," Dr. Dwight B. Ireland, school superintendent said.

Noah Blosser will take over Greenfield School as principal, being replaced at Adams school by Frederick Pinis, who holds a Bachelor of Science Degree and a Master of Education from Ohio State University.

He has done post graduate work at the University of Michigan and has taught in Van Wert and Lorain, Ohio, and comes to Birmingham from Lincoln Consolidated School of Eastern Michigan College in Ypsilanti.

Edwin Crandell will be transferred from Franklin to Harlan as principal. Replacing him at Franklin will be Daniel A. Welch, holder of a Bachelor of Science Degree from Central Michigan

College and a Master of Arts Degree from the University of Michigan.

Following post graduate work at Wayne, he had taught in Battle Creek and has served on the staff of Lincoln Consolidated Training School.

Valley Woods elementary school will have Duane B. Fisher as principal. He has a BA Degree from Northwestern College and an ME from MacAlester in St. Paul, Minn. He has done post graduate work in the University of Minnesota and his teaching background has been with the Walled Lake Consolidated Schools.

Kindergarten registration for the fall term at Hickory Grove School, Bloomfield Hills, will be from 10:30 to 11:30 a.m. tomorrow.

Parents have been requested to bring children who will enter school next year so they may become acquainted with the building. Birth certificates are required, if available.

Mrs. Robert Appel, Mrs. Robert (Blanche) Appel, 80, died at her home, 380 Elm St., yesterday morning, after a long illness.

She is survived by her son

band; three daughters, Mrs. Earl Rumsey of California, Mrs. James Guilfoine of New York and Mrs. Loretta Bayer of New York; two sons, Edward T. and Robert W. of Birmingham.

Service will be at 1 p.m. Saturday, from Bell Chapel of the William R. Hamilton Co., with burial in White Chapel Cemetery.

Mrs. Peter Boyne, Mrs. Peter (Melissa) Boyne, 61,

of 511 Hanley Dr. died recently in Florida.

She was a member of Christ Church Cranbrook, Birmingham Farm and Garden Club and the Thursday Musicals.

She is survived by her husband and two daughters, Elizabeth at home and Mrs. Carol Lovett, of Rochester.

Her body will arrive at the Bell Chapel of the William R. Hamilton

Fatally Hurt in Accident

TUSCOLA (U)—Francis E. Czagor, 27, of Bridgeport, was injured fatally last night when the car in which he was riding left a road in this Saginaw County community and struck a tree.

NOTICE OF INTENTION TO CONSTRUCT CURB, GUTTER AND RELATED WORK ON NEW YORK AVENUE

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan, held May 21, 1957, by resolution it was declared to be the intention of the City Commission to construct curb, gutter and related work on New York Avenue from Baldwin Avenue to University Avenue at an estimated cost of \$10,000.00, and that the plan, profile and estimate of said improvement is on file for public inspection.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon either side of New York Avenue from Baldwin Avenue to University Avenue shall constitute the special assessment district to defray \$10,000.00 of the estimated cost, and expenses thereof and that \$25,371.83 of the estimated cost of said work shall be defrayed by special assessment against Lots 141, 143, 145, 147, 149, 151, 153, 155, 157, 159, 161, 163, 165, 167, 169, 171, 173, 175, 177, 179, 181, 183, 185, 187, 189, 191, 193, 195, 197, 199, 201, 203, 205, 207, 209, 211, 213, 215, 217, 219, 221, 223, 225, 227, 229, 231, 233, 235, 237, 239, 241, PENINSULAS LINKED — Workmen lower a steel beam into place on the Mackinac Bridge at Mackinac City, Mich., linking the upper and lower peninsulas of Michigan for the first time. The bridge spans the Straits of Mackinac and is scheduled to be completed next November.

Rock 'n' Roll to Stay: Variety Calypso Fad 'Stone Dead'

NEW YORK (INS) — "Variety" reported today that calypso music "seems to be stone cold dead" in the market while rock 'n' roll has established itself as "more than just a fad."

The authoritative entertainment business trade weekly said record companies have virtually stopped turning out calypso platters, which had been one of their hottest sellers of the past four months.

"Variety" said that calypso was apparently "one of the passing novelties depending more on a personality to carry it than the beat." The personality in this case was Harry Belafonte.

According to the weekly, the major record companies never did accept the calypso craze wholeheartedly. But independent firms "rushed in fast and, at the present time, are rushing out even faster."

Four or five weeks ago, "Variety" said, there were 20 or 25 new calypso releases. In the past seven days, it added, "only a couple of straggling calypso tunes were put out."

'My Fair Lady' Creates Business Opportunity

NEW YORK (AP) — Credit the fabulous musical "My Fair Lady" with creating odd business opportunity for James Hess.

Hess, 24, noticed that every morning about 80 people line up hours before the box office opens, in hopes of being able to purchase one of the 20 staid tickets sold for each performance.

He rented three dozen camp chairs (12 a month) and began retailing comfort. He sets up business each morning at 5 o'clock, shuts down at 10 a.m. He charges \$1 per customer, averages about 30 sitters a day.

Telegram Back Like Nine-to-One on Foreign Aid

WASHINGTON (AP) — The White House said today public reaction in a first batch of about 300 telegrams is "running better than 9-1" in support of President Eisenhower's \$3,855,000,000 foreign aid program.

Press secretary James C. Hagerty told newsmen backing for the position Eisenhower outlined last night "has been really quite amazing."

Earlier, the President himself said at a news conference that public reaction has been taking a gradual turn in support of the administration's \$71,800,000,000 over-all budget and the mutual security program in particular.

Eisenhower said that at first the preponderance of reaction amounted to either questioning the spending program or hostility to it. But the trend now has turned to support, he added.

Of Mice and Mailmen:

MIAMI, Fla. (AP) — Fifty-three dogs and one mouse bit Miami postmen last year.

The annual accident report said one mailman put his hand into a mailbox, "felt a stab of pain,"

withdrew a bleeding finger and then looked inside. A maina mouse, complete with litter had set up housekeeping in the box.

Under Sweden's new wage pact, workers and salaried men both get a 4 per cent boost.

Judge Fines Himself

MALVERN, Ark. (AP) — Municipal Judge Wendell Epperson was looking over his court docket when he saw a familiar name — Wendell Epperson. The charge was failure to heed an overtime parking ticket.

He pleaded guilty and fined himself a dollar.

Annie Elsworth, secretary to Samuel Morse, was the one who chose "What Hath God Wrought!" in 1844 as the first message to be sent over the telegraph.

Not a Light in Sight

NORFOLK, Va. (AP) — No wonder the court dismissed a charge of running through a stop light at Granby and High streets against Roy Thompson, 31. There isn't any stop light at Granby and High.

JUNIOR EDITORS' ANIMAL QUIZ

PUT TABS ON LEGS AND HANDS OF RIDER INTO THE INDICATED SLOTS ON SADDLE BLANKET OF CAMEL.

ANIMAL QUIZ

QUESTION: How far can a camel travel without water?

★ ★ ★

ANSWER: The U. S. Army was interested in this question back in 1856. It imported 60 camels from Asia to haul supplies to desert outposts in Arizona and New Mexico. The camels worked out fine as substitutes for the famous army mule, but the project was dropped when the Civil War came along.

People have believed, even back to Bible days, that the camel stored water in its hump for use on long trips across the desert. This is only partly true. Actually, the camel stores up food fats — as much as 60 to 80 pounds — and water is produced when this fat is turned into energy.

Zoologists say a camel can go for three or four days without water but even after one day he begins to suffer, despite his built-in storage tanks.

Camel drivers check the size of a camel's hump before setting out on a caravan, just as a motorist checks his gas tank at the outset of a trip. When the camel is starved or tired out, its hump slumps.

★ ★ ★

FOR YOU TO DO: Cut out this picture of a desert boy and his camel, color it with your crayons and assemble as directed. Save it for your animals of the world collection.

(If you have an idea for Junior Editors, send it to this newspaper. Karen Lou Chamberlain, Flint, Mich., won \$10 for this suggestion. Violet Moore Higgins, AP Newsfeatures.)

TOMORROW: Why does the llama lie down on the job?

British Armed Forces Charged With Hoarding

LONDON—While British Service Ministers have been talking of great savings, the armed forces have been hoarding stores, a Select Committee on Estimates charged in London. The Ordnance Corps has 70,000 bicycles, 24,000 pairs of binoculars (enough for 34 years) and 346,568 spare chairs, the committee asserted.

The Army still has 1,000 types of vehicles, with corresponding huge holdings of spares. The Air Force has an "inappropriately large hold-

ing" of airplane spares for obsolete planes like Oxford—enough spares for 20 years—the committee said.

Seek Funds for Shelter

EL REÑO, Okla. — A \$2,000 fund raising drive is being conducted here to erect a shelter over the log cabin that served Gen. Phillips Sheridan as a headquarters when he was commandant of Ft. Reno in 1874. After the Civil War, the general was sent to Oklahoma to head the cavalry's forces in Indian Territory.

Town's Most Popular Number Has the Time for Every Caller

ATLANTA (AP) — Some folks wouldn't give you the time of day.

Not Mary Moore. This pert Atlanta housewife is on call around the clock in hundreds of cities to provide up-to-the-minute information.

She's the voice behind the time-of-day service. She's as near as your telephone from Boston to the Bahamas, from Saskatoon to Corpus Christi.

Mrs. Berrien L. Moore Jr., is an attractive and personable wife and mother in person. To the inquiring public, she's a pleasing voice on a sound track — with no regional accent. This voice, heard as often as that of many a radio or TV star, is projected by wires and tubes and cylinders and flashing lights of a fascinating machine leased from the Audichron Co.

POPULAR NUMBER
In 300 cities daily, more than 3 million people call the most popular number in town to hear a brief six-second advertising or

public service message followed by the correct time.

Mrs. Moore, who has been recording for the firm for more than 18 years, won the job over strong competition. The native Atlantan talks in a clear, pleasant voice. Recording sessions are held about every two weeks and usually last about 15 minutes.

She doesn't have to record all conceivable times of day. She must read only the hours 1 through 12 and the minutes 1 through 59 and the sponsor's message.

Engineers combine these recordings on a film sound track that later moves minute by minute in perfect synchronization with local time.

Mrs. Moore is the mother of three children, a boy 15 and two girls 13 and 9. Her husband is manager of an auto finance firm.

The "voice of the clock" has a 30-minute, 5-day a week, Atlanta television program and does free

lance commercial TV work. Prior to television, she worked in radio for several years.

AFFABLE INVENTOR

The time machine was invented by John L. Franklin, a big, affable Atlanta man who put in the first automatic time of day telephone service in 1933.

Telephone engineers who monitor the equipment just to make sure it's working properly estimate that about half the callers say "thank you." But the velvety voice never answers back and you can't get her into a conversation.

Now and then some lonesome drunk during the late hours tries to make a date. But it's frustrating when all the lady will say is "The time is 1158 . . . (pause). The time is 1159 . . ."

Social Work Called Uncrowded Field

OMAHA, (INS) — High school seniors: Looking for an uncrowded field, with an opportunity to do some good in the world? Then, try social work.

Progress in the past 25 years in social work has been so great, according to Howard Parand, dean of the Smith College School of Social Work at Northampton, Mass., that there are now openings for 8,000 to 10,000 qualified workers.

Speaking at the Social Work Career Day at the Nebraska Psychiatric Institute recently, Parand said about 50,000 workers will be needed in the next decade.

He said the shortage of workers now is causing "waiting lines of people who need help."

New frontiers opening in the field of social work, Parand said, include the public schools, "where social workers are needed to help the child adjust to the fast pace of the world in which we live."

ON TOP OF THE TIME — Mary Moore of Atlanta, the girl with the time in 300 cities, shows how she puts that pleasant voice on tape.

Science Seeks to Reduce Cost of Mink Stoles

PORTLAND, Ore. (INS) — Scientists at Oregon State College may have found a way to help keep the price of a mink stole from going even higher.

Well-to-do men, as well as mink growers, will benefit if the method proves to be successful. Mink growing is a four million dollar industry in Oregon alone.

The experiment involves a high-protein feed made up of small grains and dried meat products fortified with antibiotics and vitamins.

John Adair, superintendent of the O.S.C. mink experimental farm, said mink that have been on the test diet for the last year fared at least as well as those on a red meat diet—at only half the cost of red meat.

Mink growers are finding it increasingly hard to give their high-priced animals the needed high-protein diet and still keep their feed costs down.

The rapid growth of the dog and cat food trade has gobbled up a big share of cheap red meat, especially condemned beef liver.

Barbers to Close After 2 Holidays

Pontiac area barbers have agreed to close their shops on the Fridays and Saturdays after the Memorial Day and July Fourth holidays.

The action was taken at a special meeting of Local 50, State Barbers Assn.

They will be open on Wednesdays, the day before each holiday.

The decision, the same as in past years, is designed to give barbers some vacation time as they are often unable to secure replacement help for normal vacations, the local said.

State House Passes Budget Cut Bill

WASHINGTON (AP)—The House passed and sent to the Senate yesterday a bill making a token two per cent cut in its own 1958 budget and providing funds to continue work on a new 64-million-dollar House office building.

An attempt to eliminate 7½ million dollars for work on the new

office building was defeated. Voting to stop the building project were 29 Democrats and 147 Republicans. Voting to continue it were 172 Democrats and 34 Republicans.

The bill appropriated \$37,827,705 for the House and about 40½ million for other legislative agencies. The Senate will add its own costs to the bill.

A change of South Africa's coinage to a decimal system is under study in Pretoria.

Urges Army Specify Detroit-Built Tanks

DETROIT (AP)—Sen. Potter (R-Mich.) proposed yesterday that pending Army contracts with Chrysler Corp. for construction of M48 tanks specify they be built in the Detroit area.

Potter made this request in a letter to Army Secretary Brucker, former Republican governor of Michigan. An aide to Potter said the con-

tract has not been awarded but probably will go to Chrysler. He said Chrysler has not indicated where it will build the plant, which is expected to employ 1,500 persons.

Potter gave "areas of substantial labor surplus" in Michigan as the major reason for the request. He said 98,000, or 6.4 per cent of the labor force, is unemployed in the Detroit area.

Jailed as Drunk in 1934, Still Hasn't Called Wife

RIVERHEAD, N. Y. (AP)—Mrs. Florence English, 48, says her husband, Maurice, when he went to jail in 1934 for drunkenness, told her he'd phone as soon as he got out.

Mrs. English, in state Supreme Court said Maurice still hasn't called and petitioned to have her husband declared legally dead. Justice David Kusnetz reserved decision.

$\frac{1}{4}$ stick ($\frac{1}{4}$ cup) margarine or butter
 $\frac{1}{4}$ cup flour
1 cup milk
 $\frac{1}{2}$ teaspoon salt
 $\frac{1}{2}$ teaspoon pepper
 $\frac{1}{4}$ teaspoon cinnamon
1 teaspoon dry mustard
 $\frac{1}{16}$ teaspoon cayenne pepper
2 cups finely chopped cooked ham
 $\frac{1}{2}$ cup vacuum-packed blanched almonds, finely chopped
1 egg
1 tablespoon water
Flour
Fine dry bread crumbs

The sale of Brazilian coffee accounts for more than 57 per cent of the total annual export market.

minutes or until fork-tender.
Note: A No. 303 can of orange and grapefruit sections may be substituted for the fresh citrus fruit.

Place pan on shelf near the top of a very hot oven (500 degrees) and bake 10 to 12 minutes, or until fish flakes easily when tested with a fork. Serve immediately on a hot platter, plain or with a sauce. Makes six servings.

1/4 cup tender-thin flaked coconut
Few drops Tabasco sauce

Shell and devein shrimp. Set aside. Combine all ingredients in a large saucepan. Cover; heat. Add shrimp, simmer 3 to 5 minutes, or until tender. Makes 8 servings. If canned shrimp is used, cook only until heated through.

One of the joys of using sweet paprika is that there's little danger of overusing it. It's flavor, though distinctively delicious, with a slightly fruity quality, is so delicate that even when ladled on in used in beans baked with pork or baked vegetarian style.

Practically all fish varieties benefit from the addition of butter or margarine or oil during cooking.

Different Meat Loaf

1 egg
¾ cup milk
1½ teaspoons salt
¾ teaspoon pepper
1 teaspoon curry powder
1 small onion (finely grated)
¾ cup quick-cooking rolled oats
1½ pounds ground beef
2 eggs
¾ cup milk
¾ teaspoon salt
1 teaspoon bottled horseradish

In a medium-sized mixing bowl

★ ★ ★
Beat 2 eggs, ½ cup milk, and ¼ teaspoon salt until combined; stir in horseradish. Pour over meat loaf after it has baked 30 minutes; return to oven for 30 minutes longer. Let stand 5 minutes before slicing. Makes 8 servings.

200 together **flour**, **Baking Powder**, **salt**, and **sugar**. Cut in shortening until mixture is fine. Blend in nut meats, lemon rind, and raisins. Beat egg and milk together. Add all at once to dry ingredients; stir until flour mixture is just dampened. Spoon batter into a greased and floured $8\frac{1}{2} \times 4\frac{1}{2} \times 2\frac{1}{2}$ -inch loaf pan. Bake in a 325°F . (slow) oven about 1 hour. Cool thoroughly. Bread is better stored 24 hours before slicing.

New Instant Hills Bros Coffee
with the original Taste-Lok*
that assures freshness

Get a whiff of this wonderful coffee in your cup. Sip its satisfying taste. Instant Hills Bros. Coffee brings you full enjoyment—real coffee flavor and fragrance.

That's because a special Hills Bros. process captures the elusive flavor "esters"—the delicate flavor tones usually lost in processing instant coffee.

And this new instant coffee goodness comes to you fresh-packed in a flavor-protecting vapor which is locked inside the jar by an inner-seal of aluminum foil that keeps taste in, keeps air out... Hills Bros. original TASTE-LOK®.

Why not reward yourself soon with the pleasure of this instant coffee that smells and tastes like coffee? It's at food stores in 2-ounce and 6-ounce jars.

HILLS BROS. COFFEE, INC.

Cheese Comes in Books

Cheese has gone romantic! A leading California cheese company is marketing its products in a folding carton designed as a book, which opens to disclose a brief history of cheese.

The body of the book holds three foil-lined cartons, each of which contains a different flavor of cheese. The book-carton makes an attractive gift for lovers of good food and can also serve as an introduction to the pleasant savor of various cheeses.

Your fish chowder will taste particularly good if you add a small chopped carrot to it along with the usual onion. Season with parsley and thyme.

Look Over Canned Meat Selections This Week

Does this week's marketing include special plans for the Memorial holiday? Then at current prices, smoked and canned ham, turkey, fryers, cold cuts, franks and canned luncheon meats rate your consideration. Larger quantities of Michigan asparagus, potatoes and cabbage in the fresh vegetable department score high in economy along with several canned choices.

Strawberries are the number one attraction in fruits whether you select fresh or frozen. Deviled eggs can be an inexpensive treat at 39

to 49 cents a dozen, the average price this week.

MEATS — If you want convenience and no cooking, perhaps canned ham will be one of this week's meat choices. You'll pay from seventeen to over twenty-five cents a serving for it according to the size you choose. The larger the size, the lower the price per serving. Expect 4 servings from each pound. Canned ham should be refrigerated—no remember this before and after you select one.

Unless smoked ham is to be eaten immediately after it is cooked, cool it and refrigerate it. Then keep it cold until ready to serve. Keep the holiday happy by following safe food serving practices.

The small Beltville type turkeys weighing from 4 to 9 pounds suggest more ways of using it than the usual roasting. Has your family enjoyed fried turkey? The small ones under 5 pounds are tender and more meaty than fryers.

Read directions on cans of canned meats, then follow these when storing it. Easy sandwiches for quick picnic plans are always at your fingertips when extra canned corned beef, luncheon meat or other canned meats are in the pantry.

Even though ground meat is higher it is one of the most economical choices when price per serving is considered. Barbecued hamburgers are a favorite, but have you tried barbecued cubes of chuck? Or a barbecued rib-end loin roast? All three will fit most holiday budgets.

VEGETABLES — Let it rain, but let it shine, too. Five hundred new acres of asparagus in Michigan this year mean plenty for all, but the total production depends upon the weather during the growing season. You will find more home-grown asparagus this week, but a few warm days will mean bigger supplies.

With the plentiful supply of potatoes enjoy them daily. The new potatoes do not bake well, but you can use them in salads, mashed, in casseroles and other ways.

Cabbage is slightly higher this week, but it still is one of the low cost vegetables. Hothouse cucumbers from neighboring Canada are adding to those shipped from Florida. You'll find quite a variation in price.

Canned vegetable sales of peas, corn, peaches, apricots and juice may attract you, if you have cool storage space.

FRUITS — The large dark red strawberries packed in pints are from California. The lighter colored quart are southern berries. Actually, you get more weight and berries when choosing the medium size. But you will need to decide which is more important to you—more berries or more flavor. If your family can use frozen strawberries, 29 cents for 10-ounces is an appealing price any time of the year.

Fresh pineapple, bananas, and strawberries is a seasonal combination for salad, fruit cup, or dessert.

EGGS — Low in calories, high in protein value, low in cost sums up the egg situation. Buy-wise, choose the large size at this season. Grade A quality is the wise choice for frying, poaching and hard-cooking.

Potato Salad Snap with Summer KRISPY

WHEN THE FIXINGS COME FROM FRESHLAND!

In Freshland... You Buy Fresher!

Because We Buy Fresher... right in the fields! Wrigley experts are out in the open all day long... combing the farms and countryside for the finest produce in all the land. Pinching, poking and inspecting to be sure that every single specimen they buy meets the Kool Krip standards. And those that pass the crucial test never lose a smidgen of their farm-fresh goodness. For the very moment they're ours, they're on their way... to you and a Wrigley market!

Now even everyday potato salad can taste super-special. Just take a tip from Wrigley's Krispy and spark it with Kool Krip fixings from Freshland! How those garden-best vegetables wake up the flavor! Just the touch of crunch potato salads need... fresh 'n' zesty, snapping with summer! Cucumbers, radishes, peppers, celery and plenty more. In fact, anything and everything that's slice-able, dice-able and oh so tasty, you'll find at Wrigley's Freshland. All Kool Krip. All four-ways fresher. Why not see... right today... what wonderful things can happen when your potato salad meets our Kool Krip.

Kool Krip Potato Salad SERVES 6

Night Before: Cook 1½ lbs. potatoes. Hard cook 3 Lily Brand eggs. Refrigerate. Several Hours Ahead: Coarsely dice 3 cups gold cooked potatoes and 3 hard cooked eggs. Sprinkle on ¼ tsp. salt, ¼ tsp. pepper, ½ tsp. celery seed. Add ½ cup diced, pared cucumber, ½ cup diced celery, ½ cup chopped onion; ½ cup diced sweet pickle; ½ cup coarsely grated carrot. Mix ¾ cup cooked salad dressing or mayonnaise, 2 tablesp. each prepared mustard and vinegar; pour over potato mixture. Toss with fork, adding more mayonnaise, if not well coated. Refrigerate. Top with fresh apple slices before serving.

Tennis Tips by Rosewall

Learn to Master Forehand, Backhand

(This is the third of four tennis stories written especially for AP Newsfeatures by Ken Rosewall, AP Newsfeatures tennis champion.)

BY KEN ROSEWALL
AP Newsfeatures

The forehand is the most widely used stroke in tennis. To use it effectively a right-handed player should always have the left side of his body facing the net.

Again the best grip to use is the grip most comfortable to you. However, you should be more relaxed for the forehand than when serving. The easiest way to get relaxed is to bend your knees slightly. This will help you to move into position.

The backhand is like the forehand with one big exception. The right foot should be out toward the net instead of the left foot being forward.

The grip is about the same for the backhand as the forehand. Incidentally, I grip the racket the same way for the serve, too.

When you see the ball coming to your left side you should try to get in position for the backhand shot with your body and your racket.

Some people prefer to steady the racket for a backhand shot

by holding their left-hand fingers on the shaft of the racket. I do that occasionally for the backhand because I do a number of things left-handed.

I play golf and baseball left-handed and I throw a baseball with my left hand. I think it helps my backhand stroke.

TOMORROW: The Volley.

FOREHAND position by Ken Rosewall is stressed by having the left foot forward. Weight will be on left foot on the follow through.

This Might Be Called—
a Pocket Shot

ADRIAN (U)—Mrs. Robert Bartlow of Adrian doesn't know quite how to count a shot she made in a recent golf game at the Lenawee Country Club.

Playing a five iron shot out of a sand trap near the 11th green, Mrs. Bartlow took a mighty swing. The ball went straight up and started down.

The ball seemed to disappear before it hit the ground. For an instant Mrs. Bartlow and her partner, Mrs. James Moran were baffled.

The ball had landed in the pocket of Mrs. Bartlow's dress.

Paddle Push June 9

MILFORD—Milford Chamber of Commerce and American Youth Hostels will stage a "paddle push" canoe race from Milford to Kensington Park June 9.

The race covers an eight-mile-long course.

Independence Day Baby Gives Braves New Lease

NEW YORK (INS)—Chuck Tanner, an Independence Day baby himself, may be the man to free Milwaukee of the leftfield problem that threatens to ruin the Braves pennant hopes.

Bobby Thomson, Andy Pafko and Wes Covington all were tried in the outfield spot for Milwaukee but not one of them could hit even .200.

Tanner, born July 4, 1929 in New Castle, Pa., got his chance virtually by default and the left-handed swinger is showing signs that he intends to sign a long-term lease on the position.

The solidly-built athlete picked out a Robin Roberts fastball in the 13th inning last night and blasted it over the rightfield fence to give Milwaukee a 4-3 victory over the Philadelphia Phillies.

Aside from the homer, Tanner also contributed two sensational

catches to the Milwaukee cause and doubled in the second inning. His batting average is only .220 but he may gain the confidence now to boost that figure to a more respectable size.

Tanner's initial homer of the season presented the win to rookie Juan Pizarro who became the fourth Brave pitcher in the 12th inning. Milwaukee's three earlier runs were driven in by Ed Mathews' seventh homer. Ed Bouchee homered for the Phils.

The triumph enabled the Braves to take over undisputed possession of second place as league-leading Cincinnati crushed Brooklyn, 8 to 1, behind Johnny Klippstein's five-hit pitching. Klippstein employed the "no windup" delivery made famous in the 1956 World Series by Don Larsen as he pitched a perfect game against the Braves.

Elsewhere in the National League the New York Giants scored once in the ninth to beat the Chicago Cubs, 4 to 3, and the game between Pittsburgh and St. Louis was rained out.

UM Favored for Net Title

EVANSTON, Ill. (U)—Defending champion Michigan, led by Barry Mackay, singles champion and member of the United States Davis Cup team, seeks its third straight Big Ten tennis title in opening matches today.

The Wolverines, undefeated in 43

straight dual matches, are heavy favorites.

But there is prospect of some stiff opposition, particularly from Indiana, twice second place finishers in conference title races, and from improved Illinois and Iowa squads.

Mackay, besides defending his singles crown, will join Dick Potter in defense of their doubles title. Both are considered strong bets to retain their crowns.

Iowa's hopes are largely pinned to Art Andrews, former national junior singles champion and member of the junior Davis Cup team, and Bob Potthast. Both are sophomores.

Sophomores also are given a big role in Illinois plans. The Illini are counting on Al Holtmann, Bob Breckenridge and George Gilmore. Veterans on the squad are Carl Noble, Jim Van Tine and Dick McDonald.

Indiana, which finished behind the Wolverines in the last two Big Ten tournaments, is led by Jerry Parchuto. Indiana won three conference titles in previous years.

Maple Track Squad in 3 Outstate Tests

Three outstate track and field meets will have Birmingham's active squad well represented, according to coach Kermit Ambrose, who today named his athletes for the John Bos relays on Saturday. Maps will also compete in the Kalamazoo "meet of champions" (May 31) and in the University of Detroit relays, a week from Saturday.

For the Grand Rapids (Bo) meet, team includes: Chuck Gibson (shot), Bob Stephenson (high jump), Bill McFarlen, Bill Alcorn (pole vault), Bob Kulow, Jim MacDonald (broad jump), Pat Berry (100-220), McFarlen in high hurdles, two-mile relay, (Lynn Benn, Phil Ingraham, Gary Schack, Dick Boyd) medley relay (Steve Hunter, MacDonald, Kulow, Steve Few, 440-880 relays (MacDonald Kulow, Mark Hall, Tony Evangelista, Berry, possibly Jack Kroil).

McFarlen, Stephenson and a medley relay team will go to Kalamazoo.

Wins TV Keg Match

DETROIT (U)—Sylvia Wene of Philadelphia, 1955 womens match game singles champion, defeated Edna Dalton of Detroit 590-541 last night on the televised show "bowling champions."

Rich Stake at Yonkers

YONKERS, N.Y. (U)—The first of the rich New York stakes for harness horses will be raced to night at Yonkers Raceway, with a smart field of nine battling in the \$25,000-added Good Time Pace.

Day I Remember Most

(With a series of articles written especially for The Associated Press and the Press by Detroit Tiger players.)

By BILLY HOEFT

DETROIT (U) — Beating the top teams in the American League always is a big thrill, but two games in particular stand out above the others.

Each was a two-hitter — One against the New York Yankees and another against the Cleveland Indians. They rank as the two best games I've ever pitched, and I can't rate one above the other — so I guess you'd have to say I have two most memorable days in baseball.

In 1954 we beat the Yanks 2-0 and the first hit off me was an infield single by Irv Noren in the seventh inning. The Yanks got another hit in the eighth but I had retired the first 19 batters to face me.

Against Cleveland in 1955, the Indians had one hit in the first inning and another in the second. Then I retired 21 batters in a row before Al Smith walked with two out in the ninth.

I also remember my first major league appearance, also against Cleveland in relief in 1952. In three innings I struck out six men and didn't allow any hits.

PASADENA — Big 10 teams have won 10 to 11 Rose Bowl games against Pacific coast contenders.

Extend '500' Qualifying Times

43 More Cars Given Chance in Big Race

Speedway Lineup May Not Be Settled Until Sometime Tuesday

INDIANAPOLIS (U) — Owners of 43 unqualified cars at the Indianapolis Motor Speedway relaxed a little today with assurance they will get at least one chance to try for a place in the starting line-up for the 500-mile race May 30.

Anton Hulman Jr., Speedway owner, eased the fear of weather somewhat last night by announcing each car will get a chance to qualify if it takes until 7 p.m., CDT, Tuesday.

It was a change in policy for the Speedway. Qualifying time has been extended in recent years only when necessary to assure a full line-up of 33 cars, and bad weather on the last qualifying days has kept some fast cars from ever making the 10-mile run.

Nine cars qualified last Saturday, but none was able to run Sunday because of rain. If additional qualifications had been limited to next Saturday and Sunday, as originally scheduled, one sunny day could have filled the line-up but rain on the other day could have kept several cars from making a qualifying attempt.

Hulman's announcement came after a talk with J. C. Aagjanian, spokesman for the Championship Car Owners Assn. It means if bad weather keeps some cars from running Saturday or Sunday the track will be open for qualifications Monday and, if necessary, Tuesday.

Only the fastest 33 cars will run in the race, which will start at 11 a.m., CDT.

Rain curtailed practice time this week. The track was open only 70 minutes yesterday, and only Tony Bettenhausen of Tinley Park, Ill., achieved any speed. He turned a lap at 143 miles an hour in a Novi Special.

Rookie Bud Clements, Riverside, Calif., passed the driver's test just before the deadline. No more rookies will be passed.

The financial statement was released by Cairnes to members of the county park commission and county board of supervisors at the commissions' requests.

This was done preparatory to negotiations for a 1958 county stadium rental contract with the county.

The county built the stadium in 1953 at a reported cost of \$5 million.

Perfect Job by Hall

If Shaw's Jewelers continue to receive the kind of pitching they've been getting, rival City Softball League batters are due for a miserable season.

Doug Hall took the hill for Shaw's last night at Beaudette Park and hurled a perfect game as the Jewelers shut out Elks No. 810 by a 2-0 count for their 3rd victory in as many starts.

Hall's masterpiece was the 2nd no-hit, no-run performance by Shaw's mound corps during the infant season. What's more, the Jewelers have yet to be scored on in 21 innings and their pitchers have yielded only one safe blow.

Percy McConner twirled a no-hitter to open the 1957 schedule and faced only 22 batters in the process. Jake Mazur followed with a one-hit shutout, then Hall applied a flawless whitewash brush yesterday.

Just 21 hitters strolled to the plate during Hall's no-hit, no-run gem. He struck out six and nary a foe touched base.

Another highlight of Wednesday's City League card was Gingellville's 4-3 win over GMC at North Side in the first game of the year in the women's league. It was Gingellville's 1st triumph in two years.

It took the Gingellville girls eight innings to turn the trick, nailing run when Carol Bacon raced but they pushed across the win-home on an error. Nancy Wickman pitched the distance for the winners and gave up five hits.

In other City League action yesterday, Birmingham nosed out Bicmar Inn, 7-6, and Louie's Tavern outscored Drive-In Cleaners, 13-8, in a contest which featured a dozen errors.

Tonight's games: Pontiac Police vs. Lane's Drive-In, 7 p.m., and

Stadium Inn vs. Bicmar Inn, 8:30, at Beaudette; UAW-CIO Local 653 vs. Oxbow Pavilion, 7 p.m., and Eddie's Bar vs. Pontiac Select-A-Drink, 8:30, at North Side.

Dodgers to Study New York Offer to Go Downtown

NEW YORK (INS) — A special New York City committee has reported that a "specific offer" concerning a new home for the Brooklyn Dodgers will be submitted soon to the club and the city.

The committee, created by Mayor Robert F. Wagner to study the problem of relocating the Dodgers, announced yesterday it was studying only two sites—both in downtown Brooklyn.

A spokesman for the Dodgers said Brooklyn President Walter O'Malley "recently discussed this development" with Mayor Wagner and that "further meetings are planned."

Around the Prep Front

By CHUCK ABRAH

Milford edged Bloomfield Hills by seven strokes to capture the Wayne-Oakland League golf championship and Birmingham clinched another Eastern Michigan dual track crown with an 86-23 wallop of Port Huron to highlight the local sports scene yesterday under unusual sunny skies.

Cranbrook swept victories in baseball and tennis and Royal Oak Shrine finished last in a triangular track meet in other local events.

In individual play, it was a case of a repeat of last year's finish in the W-O golf battle at Burroughs Course in Brighton as Bud Badger of Bloomfield Hills downed Milford ace Ed Takarski by one stroke for medalist honors, 77-78.

Milford's winning total was 361. Bloomfield Hills had 363, West Bloomfield 376, Northville 380, Holly 381, Brighton 383, Clarkston 389, and Carenceville 415. Third individual was John Shaw of West Bloomfield at 84.

Birmingham's thincads set three new Pierce Field records in extending their dual record to 27 straight wins over the last four years.

The Maples had six 1sts with Bob Stephenson setting a high jump mark of six feet, 1 1/4 inch and also taking the 440. Bill McFarlen broke the pole vault mark with a leap of 12 feet, 6 1/2 inches and won the high hurdles. Sophomore Bob Kulow set the broad jump record at 30 feet, 1 1/2 inches and Pat Barry won the 100 and 220, and anchored the 800 relay team.

Dave Walsh garnered three of six hits and batted in both runs as Cranbrook nipped Waterford on the diamond, 2-1. The Cranes clinched it in the 6th for reliever Andy Billesdon. Chuck Kirken batted in the WTHS marker. Cranbrook is now 6-6, Waterford 3-8.

In tennis, the Cranes had little

White Brothers in 3-2 Victory

White Brothers tallied three runs in the last two innings, then held on for a 3-2 victory over Gidley Electric in last night's Waterford League softball game at Drayton Plains.

Al Crawford scored what proved to be the winning run in the 2nd inning when he singled, took 2nd on an error, went to 3rd on an infield out and raced home on pitcher Al Cuthrell's wild pitch.

Gidley had threatening rallies snuffed out in the 6th and 7th innings. The bases were loaded in the 6th and two runners were aboard in the 7th, but only one run scored.

Two contests are scheduled tonight at Drayton Plains. Weldon-Thrifty meets Drayton Drug at 7 o'clock and Emmanuel Baptist faces Lakeland Pharmacy at 8:30.

White 210 000 0-3 2 2
Gidley 010 000 1-2 4 4

Wednesday's Sports in Brief
TENNIS — After watching four Americans go down to defeat prior to his match, Herb Flam of Beverly Hills, Calif., rallied for a victory over Canada's Robert Bedard in the French international championships 6-3, 5-4, 4-6, 6-1, 6-1.

NEW YORK — Poly Bi (12.80), with Eric Overin in the saddle, withstood a foul claim against him to win the \$15,000 Fashion Stakes at Jamaica by half a length.

BOSTON, Mass. — Fresh and Fair (19.40) won the \$4,000 Brooklyn Purse by more than two lengths at Suffolk Downs.

CHICAGO, Ill. — Nasty Doll (19.20) ran the 5 1/4 furlongs for juvenile fillies in 1:46 2/5 to win the \$16,375 Miss Chicago Stakes at Washington Park.

CAMDEN, N. J. — Night Amore (19.20) scored an upset victory in capturing the \$18,500 Cherry Hill Stakes at Garden State Park.

INDELVWOOD, Calif. — Joe Price (27.50) won the feature at Hollywood Park.

MILWAUKEE (INS) — The Milwaukee Braves baseball club announced today that it has made an average annual profit of \$364,517 since moving to the Wisconsin city from Boston in 1953.

In making the report, Joseph Cairnes, club president, said it was the first time a financial report had been submitted for publication.

This compares to losses of \$398,000 and \$42,000 in other years prior to 1953.

The financial statement was released by Cairnes to members of the county park commission and county board of supervisors at the commissions' requests.

This was done preparatory to negotiations for a 1958 county stadium rental contract with the county.

The county built the stadium in 1953 at a reported cost of \$5 million.

Oxford Picks School Site

OXFORD — The Oxford area School Board last night voted, 3 to 2, to acquire 40 acres of property on Pontiac street at the southwest corner of the village. The recently voted new high school, to cost \$850,000, will be built on the site.

The action was vigorously contested by many residents of the Leonard and Lakeville communities, who favored a 75-acre rural site two miles east of Oxford costing \$35,000.

The area study committee had advised the school board that the center of population lay northeast of Oxford, but lower operational and transportation costs, recent growth of nearby subdivisions swung the decision to the Pontiac site.

Professional engineers had also recommended this site which is near the high school athletic field.

The motion to acquire the property from the Dominican Sisters at a cost of not more than \$29,500 was approved by Wayne McMeans of Oakwood, Mrs. Gerda Houch and Carl Buechler of Oxford. Voting against it were Robert McWilliams of Lakeville and Hiram Terry of Leonard.

About 40 residents attended the meeting, many favoring the rejected site, but petitions from nearly 400 residents were presented favoring the Pontiac street site.

Romeo Receives Gift From Ford

Presentation of \$3,500 for Civic Youth Center to Be Friday

ROMEO — Coincident with today's opening of the three-day program dedicating its Michigan Proving Grounds came the announcement by the Ford Motor Co. of a \$3,500 gift from the Ford Fund to the Romeo Community Building Authority, for the Civic Youth center.

The Proving Ground, located four miles northwest of here, was the scene of the annual meeting today of some 2,000 company stockholders. Before and after the meeting, the group toured the grounds by bus and inspected the recently completed facilities.

Formal presentation of the Ford check will be made to H. O. Evans Jr., building authority chairman, at a special open house Friday, at the test track.

Robert W. Gaines, proving grounds manager, will make the presentation before 50 Romeo civic, church and school dignitaries and other Ford officials.

Maple Beach Drives for Area Clean-Up

COMMERCE TOWNSHIP—Maple Pointe Beach Improvement Club, Inc., yesterday officially opened a "Clean-up Week" campaign with a children's parade here.

The drive will continue until May 29. Rubbish collections will be made on Saturday when four trucks will be available for that purpose.

General chairman of the campaign is Wayne T. Shull, club president.

Persons wishing to dispose of tied-up bundles of newspapers and magazines may phone Shull at EM-pire 3-8854.

FETE AREA OFFICIALS — Clarkston's Mayor Edward Thomson and his wife, Barbara, are the center of attention of St. Ignace civic officials at the site of the Mackinac Bridge. Following a luncheon commemorating "Mayor's Day," the group toured the site as guests of

U. S. Steel's American Bridge Division. The bridge, world's longest suspension bridge under construction at the Straits of Mackinac, will join the state's upper and lower peninsulas. It is scheduled for opening in November.

Your PTA Is Planning Clarenceville Fun Event;

CLARENCEVILLE — Edgewood School PTA is sponsoring a "Fun-O-Rama," to be held Saturday at the school on St. Francis Street. Hours are from 3 to 8 p.m.

Planned attractions for the event include: Pony rides, merry-go-round, Ye Olde Hat Shoppe, pick-my-pocket, bean

an Ice Cream Social, to be held from 6 to 7:30 p.m. next Tuesday. Sponsors say the social will take place, "rain or shine."

Leonard The PTA will hold its May meeting at 8 p.m. Monday at the school building. Officers for the coming year will be installed.

A group of 4-H girls will give a show, modeling dresses and aprons which they have made in their sewing classes.

'Jennie McGuffie' Day Planned by Lake Orion

LAKE ORION — One of Orion's most beloved teachers is planning retirement and the village is creating a suitable celebration to thank her for twenty-eight years of continuous service.

Jennie McGuffie Day has been proclaimed for June 1 by Mayor W. C. Leipprandt.

A banquet in the High School gym on June 1, at 6:30 p.m., is slated, with 400 tickets available from village drug stores. The program, planned by local people will be a surprise until that night. All interested persons have been invited to attend the dinner or the program to follow.

Miss McGuffie is in her 38th year of teaching, having taught in Mariette, Midland, Union City, and Lowell before coming to Orion in 1929.

Earlier she taught history and math but in later years, just math, reaching almost every student that graduated from Lake Orion High School.

Besides teaching, for many years she was junior class adviser, sponsor for the Girl Reserves, and the founder of the Orion Branch of the Future Teachers of America, which is named in her honor. She was once principal of the high school.

JENNIE MCGUFFIE

She has served as an officer in the PTA and of the Teachers Club.

Miss McGuffie plans to join her cousin, May Howlett, with whom she has purchased a home in Jackson, near her birthplace and the church at Stockbridge which welcomes her summers and weekends.

SUZANNE CRAFT

JAMES VAN NOCKER

HONOR STUDENTS — Rochester High School has revealed the names of the students receiving high scholastic honors for the year. Valedictorian is Suzanne Craft, daughter of Mr. and Mrs. Bert Craft of 907 W. Third St. She plans to attend Wayne State University. James VanNocker is the salutatorian of the class. He is the son of Dr. and Mrs. K. C. VanNocker of 441 Wilcox St. and he plans to attend Michigan State University.

Square Dance Group Plans June 22 Affair

West Bloomfield Township—The 2-7 Squares will sponsor three dances for a summer square dance frolic at Clarkston in a big barn. The first dance will be June 22. All square dance clubs and anyone interested in square dancing can contact Mrs. John Walker, EM 2-0697. Master callers will be Ralph Ireland and Larry Hill and co-chairman Neil McNally.

Auburn Area Throbs With Activity

New Director Has Boys Club Jumping

AUBURN HEIGHTS — Since members have joined, which puts Pontiac and Avon townships are the club well over 300 members. He announced that all boys from

Charles (Chuck) Cresswell, executive director, arrived at the Boys Club here less than three weeks ago, things are really popping. Parents of the area, agog at the increased activity of the club, are dropping in to learn "what's going on."

Cresswell, the first paid director of the one-year-old boy's group, already has begun a host of improvements for the club, procured a site donation for next door outdoor activity and outlined activities for summer.

Arriving May 1, he had the boys pitch in and put up partitions in the basement of the Heights American Legion Hall where the group meets.

They have turned out for themselves a woodworking room, TV and reading room, shower room, boxing and wrestling ring and ping pong tables.

Next, following a donation of land by John H. Andrews, 3151 Churchill Rd., the boys and volunteers cleaned up the lot. They have it ready for the following program, which Cresswell says will begin in mid-June:

Softball games; volley ball; archery and rifle practice; badminton; horseshoe matches and camping trips.

The lot will have a games area and nature and handicrafts area will be taught.

In this, officials again believe the club to be fortunate because Cresswell's wife, Betty, works with him. She teaches crafts, leads games and watches over the younger fellows during the club's hours.

Boys of from 6 to 16 belong to the club and their active hours are weekdays, 6:30 to 8:30 p.m. and 10 to 12 noon and 1 to 3 p.m. on Saturdays. Cresswell noted that older boys now are being allowed to stay until 9 p.m. on weekdays.

Since he has been there, 15 new

CHARLES CRESSWELL

Folk Festival Set by Students at Sashabaw

SASHABAW PLAINS— Students at Sashabaw School will present a Folk Festival at 2 p.m. Friday. The lawn of the school will be the stage for the affair which is directed by Mrs. Yvonne Davidson, music instructor.

Each grade will represent a different country in costume and symbolic dance. The junior band, under the direction of instructor Elwyn Egert, will present several numbers.

In case of rain, the festival will be postponed until Tuesday at 2 p.m.

He adds too, that parents are welcome to come in for a confab or tour of inspection anytime.

Chuck, who hails from Lebanon, Ind. (where he was program director for the Lebanon Boys Club) remarks:

"The biggest problem confronting us now is the lack of equipment." Questioned as to greatest needs of the group, he listed: Book-cases, furniture such as tables and especially chairs, desk and desk chair, games, tools and all sports equipment.

According to Oakland County Deputy, Stephen Navarre, "Before the club was organized, there were numerous breakings and enterings by boys of the 10-to-12 age group in the area. However, since the club has been organized we have noticed a sharp decline in the criminal tendencies of the age group."

Metamora Lions Pick Officers; Dine Tonight

METAMORA — Newly elected officers of the Metamora Lions Club are: Leander Dughay, president; Roy Williams, first vice-president; Lloyd Jakubos, second vice-president; Edward Dube, third vice-president; Lloyd Jakubos, secretary; Harold Best, treasurer; David Whiting, tail twister; and Harold Zolman, lion tamer.

A zone meeting for 11-D will be held tonight. Dinner will be served at 7:30 p.m. in the Lion Club rooms over the Metamora State Savings Bank.

Club Sets Work-a-Day

OXFORD—Junior Music Club girls here are planning a "Work-a-Day" for Saturday. Prospective employers may call OA 8-2316 for services of baby-sitting, housework, car washing, gardening and other chores.

MAKE OVER PAGES

TIZZY is that charming contradictory creature, a teenager . . . she's a child and an adult . . . flighty but sincere . . . completely naive yet worldly wise . . . sometimes wacky but often wonderful . . . silly and serious an individualist and a conformist.

TIZZY is a cartoon character but her appeal is real . . . you'll recognize the antics of your own teen-age daughter, or the 14-year-old next door.

NEW!

Five brand new releases on ABC-Paramount Records
