

9 Americans Hurt in New Korean Riots

Annual 4-H Fair Under Way Tomorrow

Farm Equipment and Produce to Be Exhibited

Show Scheduled to Run Through Saturday at Perry-Walton Site

Oakland County's annual "back-to-the-farm" movement gets under way tomorrow as the 4-H and Agricultural Fair opens for thousands of visitors.

Slated for exhibition are projects of the 2,500 4-H Club members, along with a variety of farm equipment and produce.

Indications are that this may be the biggest fair yet, and growing Oakland County is expected to jam the show at Perry and Walton with throngs of spectators through its closing Saturday evening.

Every county road will be in use tomorrow as trucks haul the members and their displays to the fair grounds. The site was readied Sunday by an army of club member volunteers, under the direction of fair manager John K. Bray.

After a day of setting-up, the fair will really begin to roll along with the evening selection of the Fair Queen.

Entrants from the different clubs will be judged at 7:45 p.m., with last year's winner — Nancy Johnson, on hand to crown the new beauty.

The girls must be between 15 and 21 years of age, and active in 4-H club work. In addition, they also must have at least one summer project.

Ford Fund Proposes Atom Studies Prizes

DETROIT (AP)—The Ford Fund proposed to establish awards in Atomic Research similar to Nobel Prizes in Physics, Medicine, Chemistry, Physiology, Literature and Promotion of Peace.

A Ford Motor Co. spokesman disclosed over the weekend that the Ford Fund had set aside a million dollars to provide the awards, if the plan is approved by the U.S. Government.

And if government approval is given, formal announcement of the plan may come today at opening of the International Conference for the Peaceful Use of Atomic Energy at Geneva, Switzerland.

Any formal announcement has been left to the government, which would make as many details available as security chiefs think advisable.

Scientists of all nations, including Russia, would be eligible for the annual prize or prizes.

U. S., Red China Stymied on Civilian Repatriation

GENEVA (AP)—The United States and Red China were reported bogged down today over procedure on the proposed repatriation of civilian nationals of two countries.

After a meeting of almost 2½ hours, Ambassadors U. Alexis Johnson and Wang Ping-nan called another 48-hour recess without announcing any progress.

The discussions up to now have been confined to the problem of releasing 40 American civilians held by the Peiping regime and repatriating an indefinite number of Chinese students the Chinese Communists declare are being detained in the United States.

"The discussions will take some time," a Chinese Communist source said.

This source indicated the talks were tied up on two main points:

1. A Chinese Communist demand for a list of Chinese Nationals living in the United States. It was understood Wang has not spelled out whether this

Stowaway Arrives in U. S.

WHO IS BILL? — With a smile on her face, 16-year-old Joycelin Joan Pilapil, of Hilo, Hawaii, refuses to answer the question as she is escorted to shore by an FBI nurse at Long Beach, Calif., Sunday. She was a stowaway aboard the Canadian Destroyer Athabaskan, lone woman among 240 men. She has indicated her boy friend, "Bill," was the reason. (Story, page 5)

Cool Weather Is Expected to Stay Through Tuesday

The long hoped for cool wave, which hit Saturday, is expected to stay at least through tomorrow.

After seven straight days of 90-plus temperatures, the mercury dropped to a high of only 86 in downtown Pontiac Saturday and barely made it to the 80 mark Sunday.

The forecast called for fair today and a little warmer tomorrow. High today was expected to be 75 to 80, low tonight 58 to 63, high tomorrow 78 to 84.

The cooler breezes ended a hot spell which saw 22 days in the 90s since July 1. The thermometer registered 60 at 8 p.m. in downtown Pontiac and had climbed to 74 by 1 p.m.

The torrid weather left Saturday amid numerous thunderstorms and two small tornadoes.

The baby twisters hit at Hastings in Barry County and the Clark Lake vicinity southeast of Jackson.

The only injury reported was to a carnival worker who was tossed into a concession stand by the twister as it smashed properties at the Barry County fair grounds.

Sunday night was 42 degrees at Grand Marais on the Lake Superior Shore of the Upper Peninsula.

The cooling mass of air over-spread the east and even the northern parts of Georgia, Alabama and Mississippi.

Airmen Reveal Torture Method Commies Used

Beatings and Starvation Diet Are Called Mild Treatment by Fliers

TOKYO (AP)—The Chinese Reds inflicted months of excruciating physical and mental torture on 11 U.S. airmen to wring statements used to convict them as spies, Col. John Knox Arnold Jr. told a press conference here yesterday.

The 11 men, released last Thursday at the Hong Kong border, are scheduled to leave Tokyo Wednesday morning for home in two U.S. Air Force transports.

Arnold led the others yesterday in telling of their treatment during 2½ years in China.

"They used 'persuasion' that civilized people simply do not know about," he said.

He told of being slugged in the face with his hands tied behind him, of tourniquet-like manacles, of being "forced to stand until you started screaming." Then he broke down briefly.

Arnold, of Silver Spring, Md., commanded a B29 shot down Jan. 12, 1953, while on a Korean War leaflet-dropping mission over North Korea. Peiping's Communist propaganda radio announced last November that Arnold and his 10 crewmen had been convicted of intruding over Manchuria on a spying mission.

He said he never had confessed to intruding over China or to being on a spy mission.

The only statement he signed, he said, was one that his air unit, the 581st Aerial Resupply Group, had come to the Pacific to aid countries in danger of being overrun by nations opposed to democracy. At the trial in Peiping, later, other statements were added to this which made it sound as if he had confessed to a spying mission. "I repudiated that statement at the trial," he said.

Maj. William H. Baumer, Lewis (Continued on Page 2, Col. 4)

Will Hurricane Connie Batter Eastern Coast?

MIAMI, Fla. (AP)—A weather drama now shaping up will determine in the next 24 hours whether the U.S. eastern seaboard will feel the 135-mile winds of Hurricane Connie.

The first big hurricane of the year plowed steadily along over the open sea at about 15 miles an hour. It was bypassing the Bahama island chain, its center about 200 miles from the nearest land.

A trough in front of a high pressure system moved eastward, and eventually will attract Connie. The drama shapes up like this, as described by storm forecasters in the Miami Weather Bureau:

"But if its movement is slow and Connie gains another three degrees (180 miles) of latitude, it possibly will swing into the northern edge of the low pressure trough. The air flow on that side is from the east. This would push Connie toward land."

The official Nationalist Central News Agency said the Chinese Communists had activated three chemical warfare divisions and had moved at least two regiments to Fukien.

The report, datelined Hong Kong, gave no source.

The three divisions, it said, had been specially trained by Soviet Russians in North and Central China.

More Light in World

GENEVA (AP)—A United Nations report said today the world will need more than eight times as much electrical, heating and transport energy by the end of the present century as it did in 1952.

Four Inches of Snow

GARMISCH-PARTENKIRCHEN, Germany (AP)—Four inches of snow fell today on the Zugspitze, Germany's highest mountain.

Sawdust Flies for Annual 4-H Fair

SAWDUST SPREADER — The most efficient sawdust-spreader on the market is this 13-year-old model from New Hudson. When it comes to spreading it for the annual 4-H fair, John Schoenenberger, a member of the Nu-Ly-Wix 4-H Club can't be beat. Thousands of residents of the Oakland County area attend the five day event, which is held at the 4-H fairgrounds at Perry and Walton. The selecting of a Fair Queen will begin the activities, at 7:45 p. m. tomorrow.

Sister of Pope Dies in Italy

Pontiff Depressed Over Death of 83-Year-Old Josephine Pacelli

ROME (AP)—Josephine Pacelli, 83-year-old sister of Pope Pius XII, died of pneumonia at her home here last night. She had been paralyzed for more than 20 years.

The 79-year-old pontiff, now at his summer home at Castel Gandolfo, was reported "very depressed" at his sister's death. He had been very close to her, prayed for hours for her yesterday and kept in constant telephone communication with her home during her last illness.

Funeral services will be held on Wednesday at the Church of St. Theresa.

Josephine Pacelli was the widow of the late Count Mengarini. In addition to the Pope, she is survived by a younger sister, Elizabetha Countess Rossini, a daughter and three grandchildren.

Another brother, Prince Francesco Pacelli, died 20 years ago after playing an important role in the reconciliation between the church and Mussolini.

Ike Restates Peace Stand in Note to Atom Congress

GENEVA (AP)—President Eisenhower said today that atomic science is the "newest and the most promising tool" of all to help clean up the "dark breeding places" of disorders and wars.

He sent a message of greeting to the opening session of the International Conference on Peaceful Uses of Atomic Energy, to be read by Chairman Lewis L. Strauss of the U.S. Atomic Energy Commission.

In it, the President reaffirmed his pledge of Dec. 8, 1953, to the U.N. to find ways to apply this science to the well-being of man instead of death.

"We appeal not alone to governments to join us in this cooperative endeavor," he said. "We are hopeful also that business and professional groups throughout the world will become interested and will provide incentives in finding new ways that this science can be used."

Saying the atom itself is "non-political" and only man's choice can make it good or evil, the President said:

"All of the enlightened nations of the world are spending large sums every year on programs of health, education and economic development. They do so because they know that disease, ignorance and the lack of economic opportunity are the dark breeding places of disorders and wars."

Eisenhower said no other scientific gathering of such scope and importance has ever taken place, with peoples of the world represented, and a rich opportunity at hand to restore "old lines of free scientific communication which have been disrupted for so many years."

Assaulter Police Shot Dies From Gun Wounds

LANSING (AP)—One of three men wounded by a Lansing policeman early Saturday died Sunday at a local hospital.

Morris C. Melton, 21, died from wounds inflicted by Patrolman John Lynch, 23, Lynch, shot Melton and two companions after the trio assaulted him in an alley following a drinking bout.

Molotov blushed as Defense Minister Zhukov called him "a terrible sailor."

"One should ride with you around the edge of the lake, not in the middle," the marshal added.

The guests snapped hundreds of candid photos of their hosts, prompting one newsman to ask Bulgainin, "Doesn't this look to you like the start of Eisenhower's plan to do photo reconnaissance of the Soviet Union?"

"Yes, I suppose this is the start of it," the Premier replied, roaring with laughter.

Reporters noticed corn growing on the grounds and asked Bulgainin if Khrushchev had enlisted him in his corn-growing campaign.

"Yes, he has got me growing corn, and strawberries too," Bulgainin said.

The Premier also told reporters he has no plans "or invitation yet to visit the United States, but I hope that at some time this will be brought about."

Tumult Erupts as 30,000 Mill Pusan Streets

Four Koreans Injured in Outbreak Against Neutral Nations Team

SEOUL (AP)—Nine American soldiers and four Koreans were reported injured in renewed Korean riots last night at Pusan against the neutral truce supervisors.

The U.S. 8th Army officially denied Korean police reports that U. S. guards bayoneted three Koreans in an earlier outbreak at Pusan Saturday.

Police said none of the 13 were reported seriously hurt today in the stone-throwing clash between demonstrators and U. S. soldiers guarding quarters of the Neutral Nations Supervisory Commission inspecting teams.

The 8th Army said six Americans were given dispensary treatment for slight injuries. It said they are Military Police Capt. Robert Paonessa, Chicago; Sgt. William D. Perry, Sandusky, Ohio; Sgt. Clifford E. Griggs, Dubois, Pa.; Sgt. Joseph Dubberly, Bristol, Ga.; Sgt. William Kellon, Drene, Miss.; and Pfc. Eugene Dalney, Webster, S. D.

Korean national police said a U. S. soldier slightly cut a Korean with a bayonet at Taegu in prodding him to get moving. The 8th Army said it had no information.

Police estimated some 30,000 Korean laborers milled through Pusan streets throughout last night.

Other demonstrations were reported at the west coast ports of Incheon and Kunsan.

AWAIT ANSWER

South Korea's government awaited an answer, meanwhile, to its demand that all NSNC teams get out of the country by Saturday.

The commission is composed of members from Switzerland and Sweden and pro-Communist Poland and Czechoslovakia. The ROK government charges the Pole and Czech members are spies for North Korea. It also wants the Swedes and Swiss to leave.

In a letter to the ROK government, the 8th Army asked its "cooperation for common objectives and not to resort to force or any violence," an ROK government source said.

The 8th Army in a release said (Continued on Page 2, Col. 3)

\$8,500,000 Suit Doesn't Worry Prosecutor Ziem

Oakland County Prosecutor Frederick C. Ziem is being sued for \$8,500,000.

But he isn't worried in the least.

The current rage among Jackson state prison inmates seems to be starting large—but groundless—damage suits against the law officers who put them there.

During the recent prosecutors convention at Mackinac Island a contest was held to see which man currently has the biggest damage action filed against him.

Seven prosecutors reported suits against them in excess of one million dollars, but Ziem won hands down.

"If the prisoner gets a judgment for that amount it would almost break me," the prosecutor observed.

Khrushchev, Zhukov Pick Raspberries

Molotov Dunks Envoy's Wife at Zany Party

MOSCOW (AP)—Foreign Minister Molotov took the Indonesian ambassador's wife rowing but flooded the boat and soaked the lady.

U.S. Ambassador Charles E. Bohlen bested Deputy Premier A. I. Mikoyan in a boat race.

Party chief Nikita Khrushchev and Marshals Georgi Zhukov and Ivan Konev picked raspberries.

Premier Bulganin helped Bohlen's 15-year-old daughter—Avis catch three fish.

The occasion was an informal 5½-hour party Bulgainin gave yesterday at his country estate 60 miles southeast of Moscow. The 150 or so guests included foreign

diplomats and newsmen and their families and many Russians.

The Soviet capital had never seen anything like it, as the Premier himself admitted.

The program included a two-hour luncheon, community singing led by stars of the Bolshoi Theater, fishing and boating on the estate's lakes, and a drive through the deer park. Some of the group gathered under a fir tree for the telecast of the Moscow Spartak soccer team's 3-0 victory over England's Wolverhampton Wanderers.

Bulgainin in a short speech at the end of lunch said the party was a direct result of the harmonious atmosphere displayed at the Geneva summit conference.

He added that he hoped it would be only the first of many such festivities.

"But this should not interfere with our work," Khrushchev interjected.

Responding to the Premier, the dean of the diplomatic corps, Burmese Ambassador Maung Ohn, said the envoys wanted to repay

the Russian hospitality with an annual dinner for the Soviet leaders.

Molotov came a cropper as he wound up a boat ride with Mrs. Subandrio and Argentine Ambassador Leopoldo Bravo. In beaching the boat, the foreign minister rowed too far up on shore and the water poured in over the depressed stern.

Molotov blushed as Defense Minister Zhukov called him "a terrible sailor."

"One should ride with you around the edge of the lake, not in the middle," the marshal added.

The guests snapped hundreds of candid photos of their hosts,

23 Lose Lives Over Weekend

Drownings, Accidents Blamed for Death Toll Throughout Michigan

By THE ASSOCIATED PRESS
Twenty-three persons lost their lives in accidents in Michigan over the weekend.

Despite cooler temperatures over much of the state, swimming and boating accidents led to 11 drownings. Eleven were killed in traffic mishaps and a Detroit man died in a fall.

Accident victims included:
Robert L. Anderson, 18, Grand Rapids, killed north of Grand Rapids.

Wesley Neal, 43, a Bay City father of six, in Merritt Township outside Bay City.

Valentine G. Ramirez, 21, Muskegon, east of Muskegon on M-46.
James Edward, 48, Albion, west of Albion.

Harold Sidebottom, 60, Detroit, struck crossing Detroit intersection.

Joseph Soltys, 51, Plymouth, in Nankin Township outside Detroit.

Joseph Haydu, 22, Detroit in Detroit.

William Anderson, 13, Wells in Escanaba suburb.

Will Baker, 49, Flint, struck by automobile on Flint street.

Mrs. Anna B. Gunder, 55, Riga, Mich., in collision near Blissfield.

Joseph Michiek, 57, Detroit, who fell 15 feet while repairing siding on his home.

Claude J. Wardlaw, 87, Ypsilanti, killed near Ann Arbor.

DROWNED WERE:

David Elson, 23, Charlotte, in Soubee Lake near Sunfield.

Nancy Ann Whiting, 16 months, Vanderhook Lake, drowned Sunday in Stony Lake, 10 miles east of Jackson.

Harvey Wagner, 17, Berrien Springs, drowned Sunday in Lake Chapin, near his home.

Theodore Thrana, 30, Bell Rose, N. Y., drowned Sunday, in Lake Cadillac.

John Bernard Hoolihan, 15, Stanwood, drowned in Muskegon River.

Andrew Clark, Belleville, drowned Sunday in Lake Erie off Sterling State Park, near Monroe.

Albert Benz, 43, Flint, drowned Saturday in Long Lake in Iosco County.

Thomas Roddy, 35, Detroit, drowned Saturday in Detroit River.

Donovan Kott, 23, Muskegon, drowned in Canfield Lake, near Manistee, Friday night.

Chester Crab, 32, Frenchtown Township, drowned Saturday in Lake Erie, four miles north of Monroe.

Pontiac CAP Members Plan Training Trip

Leaving Wednesday morning by troop transport from Selfridge Field for Sampson Air Force Base, N. Y., will be 11 members of the Civil Air Patrol, Pontiac Squadron 6318-2.

The local group will join 600 Michigan CAP cadets who will undergo an intensive 10-day period of study and flight instruction there, according to Sgt. Dee Robinson, public information officer.

Accompanying the cadets will be Company Commander L. R. Robert Turner, and the squadron's chaplain, the Rev. Wesley Wiley, pastor of the First Assembly of God Church.

During their encampment at the base, CAP personnel will attend courses in aircraft maintenance, meteorology, and navigation, along with physical education and precision marching drills instruction.

Lt. Erma Haynes, Corp. Randy Strickland, and Sgt. Robinson will serve as cadet leaders for the group during their stay in New York.

Other CAP members making the trip are Lt. Col. Robert W. Carick, Pvt. Fran Affolder, Pvt. Wesley Jennings, Pvt. Richard Rice, Pvt. Mike Pearson and Pvt. Archie Haynes.

GOLD CUP RACE WINNERS—Hand of Lee Schoenith, right, is shaken by Walt Kade, driver of Such Crust III, after Schoenith, in Gale V of Detroit was announced winner of Sunday's Gold Cup race for unlimited hydroplanes, in Seattle. Schoenith is talking with Bill Muncey, left, driver of Miss Thirtyway, Seattle boat, which placed second.

Gaspe --- Nearest Ireland, Is Canada's Vacationland

STA—PG 11
GASPE NEAREST 17

By JOE HAAS

Pontiac Press Feature Writer
GASPE, Quebec — This is the jumping-off place to Ireland from that part of the North American continent that is south of the mighty St. Lawrence River, which here is wider than the southern peninsula of Michigan.

Tonight we are nearer Dublin than Pontiac. Few people realize how our continent spreads into the Atlantic Ocean in its upper reaches.

Of course Labrador and Newfoundland are further east, but they are so far to the north that the Gaspe Peninsula is the all embracing in any connection between our states and European countries.

Gaspe marks the start of the Appalachian Mountain range which extends to the southwest through the maritime provinces and several of our states.

The start is a very ambitious one. The mountains rise directly from the St. Lawrence River to a height of several hundred feet, which gives them the impression of being higher than some of our western mountains.

SIZE OF MASSACHUSETTS

The peninsula is only about the size of Massachusetts, but in the 50-mile drive around its shores it offers some of the most outstanding scenic effects on our continent. Surely there is nothing in the east that surpasses it for pure natural grandeur.

Over nine-tenths of this highway is paved, and the remainder has a good hard surface or is under construction. It is one of the most difficult road construction projects in the world, and over \$25 millions already have been spent on it, largely coming from gas and weight taxes.

For hundreds of miles a stone wall ranging up to 50 feet high has been laid to support the sea side of the road, and give it protection from the high tides of the Atlantic, which back up in the St. Lawrence for a long distance.

Thousands of homes dot the highway along the shores of the river, every state in our own nation is represented among the auto license plates on cars parked at these homes.

GASPE STELLAR ATTRACTION

In the concentrated effort now under way throughout Canada to make it a vacation land, special emphasis is placed on the Gaspe Peninsula. They hope to make it their stellar attraction in the east.

But it is not alone as a vacation spot that the Gaspe has a big value. Its mountains, hills, valleys and level sections were covered with forests largely of the kind that make good paper pulp.

These now are being cleared off and the logs hauled to the mills, and the land converted, as far as possible, into fertile farming fields. This great highway thus also becomes an avenue of a substantial adjunct in the St. Lawrence Seaway project.

In the wood pulp business, the Gaspe is the eastern start of Canada's biggest industry, the manufacture of print paper, which stretches from here 4,000 miles to the Pacific Ocean.

Print paper is Canada's leading export item. Of this, 85 per cent now goes to the United States, which buys from Canada 85 per cent of the print paper that it uses. The paper on which were printed the lines you now are reading came from Canada — from the Quebec region.

There are over 200 paper mills in Canada, each making from a carload or two up to 500 carloads per day. They employ more people than are engaged in any other

occupation in the dominion, except farming.

Besides having an almost unlimited supply of the forest products that go into its manufacture, Canada also has thousands of lakes and streams to supply the fresh water that is such a vital component of paper making. It is said that into the making of every pound of print paper has gone over a ton of water, first in floating it to the mills and then in its manufacture.

Nine Gls Injured in Korean Rioting

(Continued From Page One)

reports that American military guards had bayoneted three Koreans in the Saturday Pusan rioting were false.

The Army statement quoted an unnamed U.S. Army officer as saying a "uniformed Korean agitator on a truck shouted at military police 'Go ahead and stick me.'"

"When the MPs refused to use bayonets, he (the Korean) pulled out a knife and slashed his own arms and face."

TRY TO CUT WATER LINE

Police said last night's Pusan rioting broke out when Korean demonstrators tried to cut the water supply line into the Hialeah compound housing truce inspection teams.

There were no reports that the line had been cut.

Korean police also said 22 other Koreans were injured when U.S. soldier guards used tear gas to break up the mob.

Riots flared yesterday at Taegu, midway between Seoul and Pusan; at Kusan on the west coast; and at Kangnung on the east coast.

Steel-helmeted American soldiers with armored cars were called out in all five ports of entry in South Korea where the demonstrations broke out.

The most violent was at Pusan, where 4,000 people swelled the crowd that milled and shouted. Both an ROK government source and the Korean War Veterans Assn. said the five men alleged to have been bayoneted will need at least three weeks hospital treatment.

6,000 DEMONSTRATE

Another crowd of 6,000 demonstrators gathered before the harbor island where the truce team is quartered. Some circled the island in boats as U.S. troops guarded the narrow causeway to the island.

The U.N. Command has responsibility for guarding the truce teams.

In Washington, officials displayed little sympathy for strong-arm methods which have marked the demonstrations against the truce teams.

While it agrees that the Czech and Polish team members have observation rights in South Korea which the Reds do not accord the Swiss and Swedes in the North, the U.S. government nevertheless is determined that if the truce teams are to be abolished it must be done in an orderly and proper way — not by violence or threats.

President Syngman Rhee told The Associated Press that a year ago Secretary of State John Foster Dulles promised that Korea's objections to the Communist truce inspectors could be settled without violence.

"That was a year ago," said the aged President, "and the Communist members of the NNSC are still in Korea spying."

VFW Delegates to Confer

FREMONT (U.S.)—Veterans of Foreign Wars delegates from nine West Michigan counties comprising the 12th VFW District will meet Aug. 14 in Fremont to discuss programs for the National Encampment Aug. 24-Sept. 2 in Boston. District Commander Robert Comer of Fremont will preside over the rally of delegates from 29 posts.

Area Inductees Leave for Army

Nineteen - Man Group Headed for Ft. Wayne to Start Processing

Leaving this morning for Army processing at Ft. Wayne, Detroit, were 19 Pontiac and Oakland County draftees.

Local draft board officials said the men probably will take basic training at Ft. Knox, Ky., or at Camp Chaffee, Ark.

James D. Oates, 30 N. Lynn St. was named leader of the 6-man contingent from Pontiac Board 65 while Raymond C. Najor, of 31170 Lahser Rd., Birmingham, will head the 13-member group from County Board 67.

Besides Oates, inductees from the local board were: Bob G. Houston, 36 Franklin Blvd.; William A. Landry, 305 N. Paddock; William C. Kreiner, 8882 Arlington; Thomas G. Powers, 314 Nelson; and Arthur E. Odden, 876 Stanley St.

Other men from Board 67 were: Richard C. Najor, of Birmingham; Lawrence D. Peck, (Ann Arbor); Earl L. Garner, Holly; Glen F. Thomson, Rochester; Allen D. Folsom, Birmingham; Ernest M. Salter, Orionville; Charles R. Doyle, 64 Pine St.; Richard E. Kidd, 60 Lyford St.; Ervin W. McPhee, Royal Oak; Grant R. Campbell, Drayton Plains; Engel Groenbergh, 1710 Ward St.; and Billy T. Wiseheart, Rochester.

Plan to Discuss Defectives' Aid

Judge Moore, Senator Broomfield to Confer With Governor

Two Oakland County officials will meet with Governor Williams within the next two weeks to discuss possible ways of providing immediate institutional space for county children ruled mentally defective.

State Sen. William S. Broomfield (R-Royal Oak) and Probate Judge Arthur E. Moore will meet with the governor after the state's top executive returns Aug. 16 from Chicago.

The two revealed Saturday that 93 county children have been committed to the Lapeer State Home and Training School but cannot gain admittance for lack of space.

"We hope to work out a proposal to put before the Legislature when it convenes in January," said Broomfield, "either for a new institution in Oakland or for expansion of existing facilities."

Red Torture Told by Freed Airmen

(Continued From Page One)

burg, Pa., who was wounded before he bailed out and later suffered from frostbite and spent much time in the hospital, was the only one who did not sign a statement.

"They started after me but then eased off, probably because of my condition," he said.

Aside from Arnold's tense appearance and Baumer's injuries, the other men were in fairly good condition. Air Force doctors said. Throughout the 2½ years in Red prisons, Arnold was the chief target of Communist abuse.

The others said they were subjected to solitary confinement and starvation diets but not the beatings and physical torture the Reds used on Arnold.

He shook as he talked of beatings, by guards who took the lid off the pail in his cell, dipped a stick inside and then went at him.

Pontiac Deaths

George Ebert

George Ebert, 80, of 28 Stephens Ct., died in Herman Kiefer Hospital yesterday after a 2 month illness.

He was born in Chilton, Wisconsin, on November 5, 1874, and was married to Abigail Johnson in Chicago, Ill., in 1905. He has been a resident of Pontiac for 4 years. He had been previously employed with the Detroit Trust Co.

Surviving are a son George of Pontiac, two sisters, Mrs. Ida Morgan, and Josephine Ebert, both of Omaha, Nebraska. He is also survived by 2 grandchildren and 1 great grandchild.

Funeral will be at 2 p.m. Wednesday from the Brace-Smith Funeral Home with the Rev. John W. Mulder officiating. Burial will be in Perry Mt. Park Cemetery.

Mrs. Hattie C. Lippert

Hattie C. Lippert, 75, of 114 Draper St., died Saturday in the Avon Center Hospital after an illness of four months.

Born in Germany March 23, 1880, she was the daughter of Frederick and Clara Malone Pitzwahl. She has lived in Pontiac with her husband Otto for many years.

Besides her husband, Hattie is survived by a daughter, Mrs. Mildred Snover of Rochester; two sons, Martin of Romulus, and Harold of Clarkston. She is also survived by a sister Mrs. Annie Ebert of Cheboygan, Wis.; 11 grandchildren and 3 great grandchildren.

The funeral service will be Tuesday at 2 p.m. from the Bethel Evangelical and Reformed Church with the Rev. Maynard Osterle officiating. The body may be viewed at the William Potere Funeral Home in Rochester. Burial will be in the Mt. Avon Cemetery.

Mrs. Orpha E. Reed

Mrs. Orpha E. Reed, 58, of 349 Seaward St., died Saturday in the Bloomfield Hospital after a long illness.

She was born in Kentucky, October 29, 1897 and married Raymond Reed November 19, 1912.

Mrs. Reed is survived by her husband, three daughters, Mrs. Opal Cox, Mrs. Mabel Epley and Mrs. Irene Auten and five sons, Oris, Joseph, Raymond, Samuel and Donald all of Pontiac. Also surviving are two sisters, Mrs. Lezzie Bell Blythe and Mrs. Pearl Anderson, both of Russellville, Kentucky; 18 grandchildren and 1 great grandchild.

The funeral service will be held Tuesday at 2 p.m. from the Sherman Funeral Home in Orionville with the Rev. Bishop Parrent of Pontiac officiating. The burial will be in the Orionville Cemetery.

George Stimage

George Stimage, 67, of 619 Dittmar St., died Friday in the Oakland County Infirmary after an illness of 2 months.

He was born in Utica, Mississippi on August 12, 1897 and married Altha Dains in Clarksdale, Miss., in 1917. George has been a resident of the county for 11 years and has been employed as a farmer.

Besides his widow, he is survived by 2 daughters and 2 sons. Mrs. Ozella Jackson, of Pontiac; Mrs. Leola Johnson of Clarksdale, Miss.; Menion Stimage, of Pontiac and Charlie Stimage of Chicago, Illinois.

The funeral service will be at 2 p.m. Wednesday from the Frank Carruthers Funeral Home with the Rev. F. B. Reed of the New Hope Baptist church officiating. The burial will be in the Oak Hill Cemetery.

Barbara M. Wethy

Barbara M. Wethy, 74, of 1028 Boston Ave., died Sunday in her home after an illness of 12 years.

Born in DeFord, Michigan on February 26, 1881, she was the daughter of William and Mary Walker Retherford.

She came to the city from Kingston, Michigan, and has been a resident for 46 years.

She is survived by 5 daughters and 2 sons: Mrs. Beatrice Troxell of Baltimore, Maryland, Mrs. Elma Browning, Mrs. Mary Cherrington, Mrs. Gladys Hawkins, all of Pontiac, Mrs. Thelma Hastings of Miami, Florida, and Laurence and Basil Wethy of Pontiac. Mrs. Wethy is also survived by 2 sisters and a brother, Mrs. Wesley McCain of Pontiac, Mrs. Virginia Bartles of Gennessee, Michigan, Ever Retherford of Pontiac and 12 grandchildren and 14 great-grandchildren.

Funeral will be at 1:30 p.m. Wednesday from the Farmer-Snow Funeral Home with the Rev.

Paul Havens officiating. Burial will be in the Perry Mt. Park Cemetery.

Mrs. Gladys Williams

Mrs. Gladys Williams, 39, of 334 South Boulevard West, was dead on arrival at Pontiac General Hospital after an illness of 2 weeks.

She was born on February 14, 1916 in New Orleans, La. and married Arthur Williams in Port Arthur, Texas in 1943.

Mrs. Williams has been a resident of the city for 10 years. Besides her husband she is survived by 4 daughters and a son. Mrs. Alex Davenport of Pontiac, Leonard Arthur Jr., Gladys Marie, Cherry Ann and Eloise Williams, all at home.

Funeral will be at 8 p.m. Thursday from the New Bethel Baptist Church with the Rev. Wm. H. Bell officiating. The burial will be in Oak Hill Cemetery. The body may be viewed at the Frank Carruthers Funeral Home, Wednesday night.

Missing Scout Sought in Area

Birmingham Residents Report Boy Matching Description

Michigan State Police are today investigating a report from Birmingham Police that a boy fitting the description of the 12-year-old Boy Scout missing since July 5 from a Whitehall scout camp was seen in the Birmingham area.

Birmingham Police received a report from Mrs. John J. Zimmerman of 2725 Fairway Dr., that a boy resembling young Peter Allen Gorham of Evanston, Ill., called at her home recently to ask for donations to the American Cancer Society.

Mrs. Zimmerman told police when she went for the money, the boy was gone. Mrs. Zimmerman said the boy produced Boy Scout identification and that he asked for a cash donation.

Mrs. Zimmerman described the boy as blond with a brush-cut that was growing out and wearing a white T-shirt and khaki trousers. Birmingham Police also received a report from Mrs. Zimmerman's next door neighbor that a boy fitting the same description called at her door asking for cancer donations also. She said she could not positively identify the boy but he did resemble a picture the police showed her of the Gorham youth.

Another Birmingham resident, T. E. Hendrickson of 1170 Arden Lane, told police he had given a boy fitting the description some money and had noticed another youth waiting for the boy standing by the road.

Hendrickson described this youth as blond, wearing a T-shirt and blue or gray dungarees and about 14 or 15 years old.

Mrs. Zimmerman also told police she had called the American Cancer Society and was told no solicitation of this kind was being conducted.

The Boy Scouts of America also told Mrs. Zimmerman their organization was not sponsoring any such door-to-door campaign.

County Deaths
Charles and Christine Hatley
WATERFORD TOWNSHIP — Service was held today for Christine Elizabeth and Charles Eugene Hatley, infant twins of Mr. and Mrs. William J. Hatley of 33 Lakeview St. Christine was dead at birth at St. Joseph Mercy Hospital Wednesday and Charles died Thursday. Burial was in Ottawa Park Cemetery, by Pursley Funeral Home.

Surviving are the parents, two brothers, William and Jerry, and a sister, Linda June, all at home.

Robert F. Roberts
KEEGO HARBOR—Service for Pvt. Robert F. Roberts, 24, of 3034 Norcott St., will be held at 2 p.m. Wednesday from the Pursley Funeral Home, with burial in Perry Mount Park Cemetery. He died Friday in the Naval Hospital at Great Lakes, Ill.

He is survived by his mother, Phoebe, six brothers, Jack, of Port Huron; and Garnett, Wesley, William, Eugene, Kyle, and one sister, Mrs. Goldie Penoyer, all of Arthur E. Withers.

OXBOW LAKE — Service for Arthur E. Withers, 57, of 15 Danforth Dr., will be held Wednesday at the Sparks-Griffin Funeral Home, with burial in Oakland Hills cemetery. He died Sunday.

He is survived by his widow, June, a daughter, Mrs. Gilbert Richmond of Oxbow Lake, and a sister, Mrs. Hazel Stone, of Phoenix, Ariz.

About two million volunteer workers are enrolled in Red Cross activities.

The Day in Birmingham

Commission to Consider Objections to Parking Lot

BIRMINGHAM—A major share of tonight's City Commission meeting is expected to revolve around a hearing which will consider objections to the city's proposal to construct a second municipal parking lot.

The newest parking lot would be located in the north half of the block bounded by Merrill, Bates, Townsend and Henrietta.

Along the same lines, a report will be submitted by the planning department on the northeast portion of the city's central business district. A third parking area in that location has received an approving but informal nod from lawmakers.

Reports submitted by City Manager Donald C. Egbert will bring discussion on the paving of Quanton (16 Mile) road and surrounding streets. Improved maintenance of park properties will also be taken up.

Approval of a city charter amendment would raise both the salaries and working hours of the justice and associate justice of peace.

Passage of another resolution would place before voters at the April, 1956 election, the question of whether the city be allowed to sell lots 56-58 in Adams Park Subdivision.

Other hearings will consider objections to vacating an alley adjacent to property owned by William Dove, 640 Wallace St. and extension of the sewer on East Maple between Woodward and Brownell.

The Birmingham Community Bloodmobile of the Oakland County Chapter of the American Red Cross will be stationed at the First Methodist Church until 8 tonight. Area residents between the ages of 18 and 59 are eligible to donate their blood. Those under 21 must have written consent.

Daily fishing expeditions for the past week by Mrs. Matthew Clevers will constitute the main attraction when Zonta Club members gather at her Pine Lake Home for a fish fry at 6:30 p.m. tomorrow. Swimming and boating are included on the list of activities.

Boys and girls attending tomorrow's 10 a.m. story hour at Baldwin Library will hear Kathleen Picket, children's librarian, read "The Talking Pot" and "East of the Sun and West of the Moon." Kindergartners through sixth graders are invited.

Police plan further questioning of five Birmingham juveniles in connection with the theft of a \$150 diamond and pearl ring, and an antique pistol taken Saturday

night from the home of Mr. and Mrs. Robert L. Martin, 960 Harnton Ave.

The Martins told police they questioned their 15-year-old baby sister when they returned home and found evidence of a party. The sister told them three boys and another girl, all 15 years

Here Is No. 23 'Bonanzagram' Have Fun! Win \$100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a \$100 cash prize. BUT before you try your hand at "Bonanzagram" be sure and read the rules at the bottom of this page. Solution will appear in the Press Aug. 19.

CLAIM CHECK

Bonanzagram No. 23

Story Clues

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No. 23 is published Friday, Aug. 19. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Mr. and Mrs. Mallard had been doing some traveling in the west, and also been much occupied in furnishing a new home. They suddenly realized that they had not heard from their young son, attending a large boarding school in the East, for almost a month, so they sent off a chiding telegram, asking that he write them air mail immediately. The youth, who had been busy with his own concerns, athletic and otherwise, noted it was April First and decided it was time for a spoof. He wrote them in cryptic terms, leaving many of the words incomplete. He knew it would amuse them to figure out what news he had for them. The parents were able to fill in and understand the letter. Can you, too, decipher what the young joker wrote?

The Lowly Hamburger Gets Glorified by Irradiation From Atomic Reactor

LEMONT, Ill. (INS)—The atomic hamburger is just around the corner. Not the giant sandwich dubbed "Atomburger" by enterprising restaurateurs, but an honest-to-goodness, nuclear-treated hamburger that has all the quality of present sandwiches plus two important additional features:

1—It is sterile; 2—It can be

preserved raw and without refrigeration. A preview of the atomic hamburger and other things to come in the uses of atomic energy in food preparation and sterilization was given reporters at the Atomic Energy Commission's Argonne National Laboratory—34,000 acres of rolling hills and odd shaped buildings devoted exclusively to nuclear

research. The laboratory put into operation today a large irradiation facility built specifically to study effects of Gamma radiation on foods and other materials. The cost of this facility—\$100,000.

BIG SWIMMING POOL

The "food atomizer," which actually is just a carefully-constructed exaggerated swimming pool, already is in full use with the U. S. Army Quartermaster Corps as a big customer.

The Army is interested in providing fighting men with an ample supply and variety of fresh whole-some food.

Experts believe irradiation may be the answer.

The idea behind irradiation of food is to reduce deterioration and spoilage during handling and storage.

Researchers believe this best can be done by purifying food, then sealing it in airtight containers which will prevent it from becoming recontaminated.

Under these conditions, the food might keep indefinitely—or until the effect of radiation wears off—and when opened will be just as fresh, nutritious and appetizing as when it was packed.

EFFECTIVE

Tests thus far show clearly that such foods as ground beef, waffles, cooked ham and potatoes can be preserved effectively in this way.

In every case researchers have to find out by trial and error how large a dose of radiation will best do the job. Potatoes, for instance, keep well with 20,000 roentgens of radioactivity, but given too much

they grow sprouts. In other cases the taste and appearance of food is altered.

The new atomizing tank at Argonne, by speeding up research, will aid greatly in learning about and solving these problems. The pool itself is 20 feet deep and holds 55,000 gallons of water, which acts as a shield to protect handlers and as coolant

to prevent the radiated heat from cooking the food.

The big question mark is the cost of such treatment. Estimates range from a fraction of a cent to 7 cents a pound, but, as an army spokesman pointed out:

Considering the added advantages it is within the competitive range of conventional methods of food preservation.

How to Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores, in the message. Insert only one letter above each underscore. Many clues to the missing letters are hidden in the story, or anecdote, accompanying the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Punctuation will help solve the message but is not necessary to win.

All missing letters must be correctly inserted to win a Bonanzagram prize. Punctuation will not be considered in judging a correct answer.

When properly filled in, the "Bonanzagram" will spell out a clear message that will conform in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.

3. Entries may be mailed in envelope but contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.

2. Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 a.m. Tuesday, Aug. 16. Mail entries must be postmarked before midnight Tuesday, Aug. 16 for Bonanzagram No. 23 Address "Bonanzagram, % Pontiac Press, Pontiac, Mich."

4. Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzagram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5

p.m. on the Monday following publication of the solution. If a winner cannot call at the Press office in person he should mail his solution to "Bonanzagram Editor." This letter must reach the Press not later than 5 p.m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadlines listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employees of the Press and members of their immediate families. (Immediate family means all those living in an employee's household.)
2. No question as to winners will be answered by phone.
3. The Press will award a prize of \$100 to the winner of each weekly Bonanzagram. If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received, the \$100 will be added to the next week's prize. If the winner is a subscriber of record to the Press a \$20 bonus will be added to the \$100.

4. Only one winning entry from a family will be eligible for the prize, but there is no limit on number of entries.
5. The Press retains the right to correct typographical errors.
6. Judges' decision will be final and contestant's submission of entries indicates acceptance of these rules.
7. No liability is accepted for entries that fail to reach us.
8. The Press reserves the right to alter rules and/or discontinue the contest at its discretion.

Queen Contest to Open Annual 4-H Fair Tomorrow

Local judges will select the queen, who will wear a cotton dress. Judging will get under way in earnest at 9:30 a. m. Wednesday, and the home economics exhibits are studied. Judging of dairy classes and general exhibits will also begin then, so that the winning projects and animals will have their titles throughout the remainder of the fair.

After a 1 p. m. archery contest, the dairy showmanship will be

FOR THE BIRDS — Assembling poultry cages for one of the exhibitions are Donna Terry, 13, and Jackie Terry, 15, of 2615 Featherstone Rd. They are both members of the Galloway Lake 4-H Club, and will be participating throughout this week in 4-H fair activities.

HOLD HER, LARRY — Marvin Scramlin (right) tells his brother Larry to hold up the top of the table, as he steadies the supporting saw horse into position. Members of the Oakland County 4-H Club of Holly, the boys, along with numerous other 4-H club members from

MOPPING UP OPERATIONS — With cloth, broom, mop and pail, these members of the Country Slicks 4-H Club of Novi are helping to complete the scrub work at the fairgrounds. Marilyn and Janet Sharpe

held at 2:30 p. m. This popular event is usually one that draws a good share of those at the fair.

Following a 3 p. m. baseball game between the Lucky Leaf and the Think and Do clubs, at 7:30 p. m. the clubs will parade.

Floats of the clubs will come in for judging then, by a panel of three judges. First prize is \$20, with \$15 for second, and \$10 for third.

The winner will be determined on the basis of originality, attractiveness, and thought pertaining to 4-H, agriculture, citizenship or patriotism.

Another highlight of the Wednesday evening activities is the rollicking pig scramble.

Club members 14 years old vie to capture young sows. Winners agreed to return one young sow from the future litter for the pig scramble next year.

The following judges have been announced:

Beef, John Kendall; general exhibits, Glenn Summerfelt; dairy cattle, Albert Kessler; hogs, Kendall; sheep, Frank Williamson; dairy showmanship, Kessler; beef showmanship, Kendall; flowers, and gardening, Mrs. Russell Thompson; poultry, Victory Clayton.

Selecting the top animals in the hogs and sheep classification will take place at 9:30 a. m. Thursday, with beef judging scheduled for 1 p. m. Beef showmanship will be at 2:30 p. m.

The dress review, always well received by both 4-H members and area residents attending the show, will take place at 8 p. m. Wednesday.

Last year 97 4-H girls participated in the event, modeling their own designs. Pat Rander of the Bloomfield Club took top honors.

Gov. G. Mennen Williams has praised the county fair project, as very worthwhile.

"In a highly technical and industrial society, many people tend to lose sight of the indispensable contributions of the farmer," Williams stated in a letter.

Woman, 87, Injured

LOS ANGELES, (U)—Mrs. Essie Madsen suffered only minor cuts and bruises when hit by an automobile while running to catch a streetcar. Mrs. Madsen is 87.

STEADY, THERE — Building one of the pens for the animal exhibits at the fair are Ken Smith and Jim Waid, of South Lyon. They are members of the Nu-Lix 4-H club. Most of the 2,200 club members have something to show at the fair for their year's

Ionia Free Fair Opens

IONIA (U)—Michigan's second largest exhibit, the 39th annual Ionia Free Fair, opened Monday with officials predicting the fair will draw more than the estimated 200,000 persons it has averaged in recent years. A crowd estimated at 10,000 attended a preview Sunday at the fairgrounds.

'Red Flannel' Sets Day

CEDAR SPRINGS (U)—Michigan's "red flannel" town has scheduled next Thursday for its annual Farmers Day celebration with a day-long program of events including a horse pulling contest, hot rod races, stock judging, ball games, a rodeo and a parade.

10 Minutes Each Day Keeps the Flab Away

LOS ANGELES (INS)—A UCLA professor specializing in physical education thinks "city dweller's flab" can be easily controlled.

Dr. Laurence E. Morehouse, who at one time directed the physical fitness program at West Point, maintains that two 10-minute exercise sessions a day can keep the average adult in good trim.

He says toe-touching, deep knee bends and other conventional calisthenics actually do more harm than good, especially early in the morning when muscles are at their flabbiest.

Dr. Morehouse says these four exercises will turn any short-winded commuter into a well-conditioned athlete in short order.

- 1-Vigorous warmup exercises for several minutes such as running in place.
- 2-Stretching exercise for neck and lower back.
- 3-Arm and shoulder exercise such as pushups from floor, wall or table.
- 4-Abdominal toning exercise such as slow leg raising from a prone position.

NOTICE OF SPECIAL ELECTION

To the Electors of Cherryland Subdivision, Lots 26 to 72 inclusive and Outlot A, also Superiors Plat No. 2, Lots 2, 7, 8, 9, 10, all of which are on Cherryland Street, Pontiac Township, Oakland County, Michigan.

Notice is hereby given that a Special Election will be held in Precinct No. 2 on Monday, the 12th day of September, 1955, to establish a Special Assessment District for the purpose of backstoping Cherryland Street at an estimated cost of \$5,738.18 and the property within the District be subjected to a Special Assessment to pay therefor.

Registration for such election shall be closed on the 12th day of August 1955, that being the thirtieth day prior to such election.

Notice relative to opening and closing of polls: On the day of any election the polls shall be opened at 7 o'clock in the afternoon and shall be continued open until 6 o'clock in the afternoon and no longer. Every qualified elector present and in line at the polls at the hour prescribed for the closing thereof shall be allowed to vote. Precinct No. 2 Voting Booth is in the new fire hall on Auburn.

Greta V. Block, Clerk
Aug. 2, 8, 1955

NOTICE

The Township Zoning Board of the Township of Independence, Oakland County, Michigan, will hold a public hearing at 8:00 p. m. on August 10, 1955 at the Township Hall, Clarkston, Michigan to consider proposed changes in Township Zoning Ordinance, and to consider a proposed amendment to Ordinance No. 2, the Township of Independence Zoning Ordinance. It has been proposed that Sub-section (2) of Section 12-A of said Ordinance be amended by the addition of a new Sub-section to read as follows:

Section 12-A, (2) (1). No machinery or equipment shall be operated, and no trucks, trailers or other conveyances shall be loaded or unloaded in a Gravel-Sand District during the hours between 7:00 o'clock p. m. and 7:00 o'clock a. m.

A map showing the proposed changes in Zoning Districts may be examined at the Township Hall during regular Township office business hours.

ZONING BOARD
July 25, Aug. 8, 1955
INDEPENDENCE TOWNSHIP

"It is more than fitting that your county has decided to hold an annual county fair to insure that our Michigan citizens are made aware of the vital role of the farmer.

"The county fairs have made great strides in improving the standards of our Michigan agriculture production. Excellence has always been the by-word of this great event and this excellence has had its impact throughout the state.

"It is my hope that all of you who visit the fair to see our products will also enjoy the great recreational facilities offered there.

"Best wishes for a successful and satisfying fair," the governor concluded.

"Although primarily designed for the boys and girls in our club work, a well-balanced fair has been possible through the cooperation of merchants and dealers," fair manager John Bray stated.

"Our 4-H fair has grown into an all-community fair," he added.

On the mechanical side of farming, the annual tractor field day is scheduled for 1 p. m. Friday.

A trophy will be awarded in two classes, for plowing and tractor operating contest. Included in the operating contest is driving, backing, and spotting. Also counted are backing a four-wheel trailer, and belting up.

Second prizes in both sections will be \$8, and \$5 will go to the third place winner.

A machinery parade will be held at 7:30 Friday, showing the latest in mechanical farm equipment. This will precede the 8 p. m. amateur program, and the riding demonstration which is planned for 9 p. m.

An all-day horse show is slated for Saturday, with judging established for 9 a. m. All exhibits will be dismissed at 4 p. m.

G. S. McIntyre, director of the state Department of Agriculture also has offered best wishes for the 1955 fair.

"Since the earliest beginnings of agriculture in Michigan, fairs

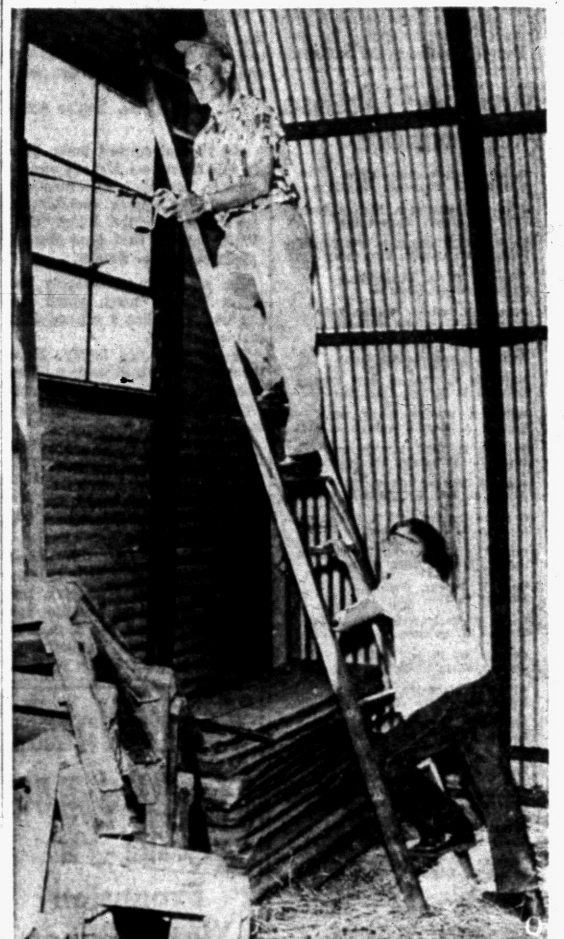

have been an important factor in the development of better farm methods and the promotion of better ways of life for everyone," McIntyre has written.

"In 1955 the quality and number of exhibits of agricultural products, handicraft, household arts and others would defy the imagination of the earliest sponsors of our fairs. And the types of machines designed to do the job of farming quicker and cheaper point to the inventive genius that through the decades has made American agriculture the envy of the world.

"Your fair is for your enjoyment and enlightenment. It offers much for young and old, and reflects great credit to the civic-minded people who gave unselfishly of time and effort to make it what it is," he concluded.

Last year's fair drew some 50,000 people, with rain cutting the attendance on the last day.

This record stands to be broken if the mounting interest in the 4-H fair continues.

UP IN THE AIR — John Lester of Lake Orion is really up in the air over the fair, but only because he's working on one of the many booths that will be used. Richard Foster of Clarkston, a member of the East Orion 4-H Club, steadies the ladder. Besides the numerous judgments of animal entries, there is also a pig scramble, and a 4-H beauty queen contest. The beauty contest is scheduled for Tuesday night.

Center of gravity in the human body is slightly to the right.

State Chooses Legion Head

Name Donald J. Smith
Unanimously; Auxiliary
Elects President

DETROIT (AP)—A farmer, who also is an Air Force veteran of World War II, is the new commander of the Michigan Department of the American Legion. He is Donald J. Smith, of St. Johns. Smith won unanimous election as two other commander candidates withdrew in the closing session of the 1955 state Legion convention yesterday. Withdrawing were Charles W. Synder, of Detroit, and Harold L. Willard, of Edwardsburg.

Find Ancient Ruins

ROME, (AP)—Ruins of a temple to unknown gods have been found by workers digging a passage under a street near Argentine Square. No one knows yet whether to excavate the temple as a tourist attraction or let it rest. Rome is already well supplied with ancient monuments.

Russians Open Border

HELSINKI, Finland (AP)—Exchanges of tourists between Finland and the Soviet Union are expected to begin shortly. Negotiators in Moscow report Finns first will be allowed to go to Leningrad and Moscow and later to places as far away as the Caucasus.

YOU'D NEVER KNOW I HAD PSORIASIS
(S.D.) "I suffered mental anguish in my bathing suit because of psoriasis crusts and scales. Thanks from the depth of a grateful heart for what Siroil has done for me!"
The writer of this letter (in our files) has learned what hundreds of thousands of psoriasis sufferers now know. Siroil tends to remove psoriasis lesions on outer skin. If lesions recur, light applications of Siroil will help control them. Siroil will not stain clothing or bed linen and is offered on a two-weeks-satisfaction-or-money-refunded basis. 22 years of successful results.

The Legionnaires went on record against federal aid for education and admission of Communist China to the United Nations. And they adopted a resolution favoring the so-called Bricker Amendment to limit the U.S. President's treaty making powers.

Lansing was chosen for the 1956 convention, to be held Aug. 2-5. It will be the Legion's first convention in the capitol since 1935.

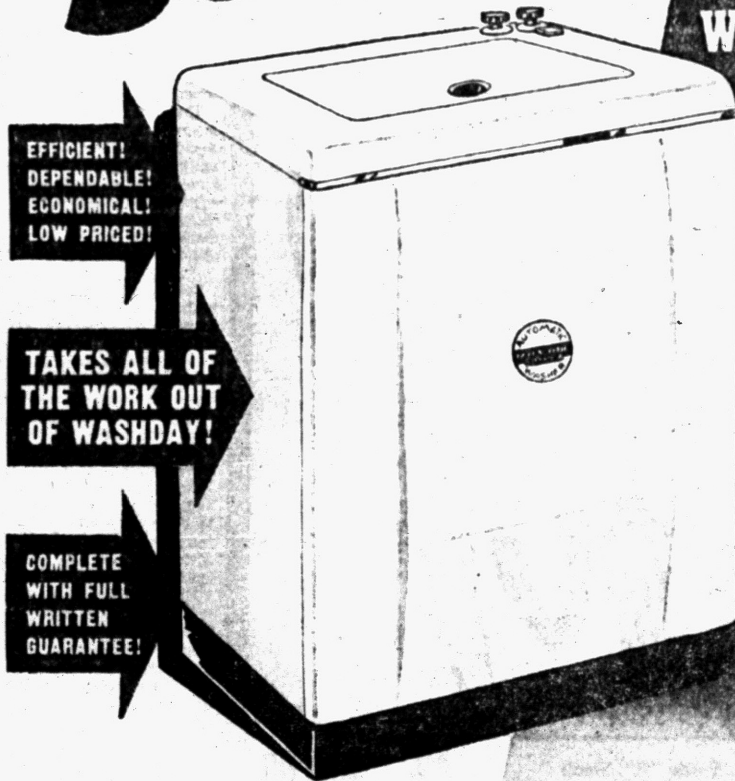

The Legion Auxiliary chose Mrs. John E. Starkey, of Detroit, as its 1955-56 president.

The number of marriages in the United States is likely to remain at a low level in the next few years because a large number of those eligible for marriage were married in the years immediately after World War II and because depression years produced smaller number of babies who are now coming to marriageable age.

OGG'S.....home of finer cleaning.....

PUT YOURSELF IN HER PLACE

Refreshingly cool, comfortably poised

And she will stay looking this way because she is cool, and comfortable in Ogg cleaned clothes.

Summer clothes need special attention during cleaning to keep colors bright and airy, to get all soil and dirt out of fabric 'pores' for cool air circulation, to remove spots and stains that warm weather 'just seems to produce.' At Ogg's we take special care with every garment you send to see that spots and stains are removed... that the fabric is cleaned properly for its texture, dye, and composition. That is why your garments look so much better when you have us do your cleaning.

Don't Feel Left Out Amidst 'Older Crowd'

By ELIZABETH WOODWARD

"Dear Miss Woodward: I liked him long before he ever liked me, and I'm afraid I'm going to wind up still liking him after he has stopped. During this past year we've been together a lot and it has been wonderful.

"But recently he has been avoiding me whenever his older crowd comes around. You see, though he's my age, he is a year ahead of me in school. When his classmates are around I might as well be dead.

"I've tried hard to put him out of my mind. I date other boys. I act very casually toward him. But I'm crazy about him! Sometimes he acts as though he likes me and is very possessive (I like that!)—and then he'll ignore me completely. Can you help me?"

Answer: Funny how a girl can feel that she's being left out when nobody has the slightest intention of leaving her out. She gets ideas that people find her unattractive, not worth talking to, less than dust. And she curls all in on herself in misery. It makes her clam up and hang back in shy, hurt silence.

And all the time the people who make her feel this way aren't even conscious that she's hurt. They don't think she's much fun but

they don't know that they're the cause of it.

They think she's uncommunicative, but they don't dream that they've 'clammed her up.' They think she's slightly peculiar, maybe, and they leave her alone. But they aren't aware that it's because

Kind Refusal Will Seldom Hurt Person
Tactful Handling of Situation Is Necessary

By EMILY POST

A mother asks: "Will you please tell me how to tactfully handle the following situation: My next-door neighbor has a daughter who is a year older than my daughter. They have been friends for a long time. Both our families are in about the same income bracket. Every now and then the mother brings over several dresses that her daughter had outgrown for my daughter.

"Not wanting to hurt her feelings I have always accepted them but my husband is furious with me for doing this and says that no daughter of his is going to wear someone else's castoffs.

"He has forbidden me to accept any further clothing from her. This puts me in a spot as I know she means only to be kind and I certainly don't want to do anything to offend her. Your help in this matter will certainly be appreciated."

Answer: I think the only thing you can do is to thank her for her very kind intention and say that fortunately Jan has plenty of clothes this year and that the neighboring orphanage, or whatever charity is nearby is really in need of them and could put them to far better use.

they're leaving her alone that she's acting peculiar.

This "older crowd" seems to paralyze you. One year ahead of you in school seems to set them apart as people to be afraid of, as though they wouldn't be in the slightest interested in you.

So, when they're around you act as though you weren't. You don't make your presence felt.

Four boy friend's classmates are special friends of his. When they're around he can't ignore them to pay strict attention to you. And he probably wonders

why you don't mix in and become part of the group.

Of course, he could help you do just that, but he probably doesn't think of that. He sees you in a mood, and he leaves you to it.

You might tell him sometime how the experience curdles you. Ask him frankly why you should feel that way. Ask for his help in getting over it.

Then manfully do your best to keep yourself in the picture when his attention is divided between you and his other friends. Speak up, laugh at what they say, make comments of your own, show that you're a good sport, and act as though you're happy to be with them. Make yourself part of the group by your contribution of enthusiasm and appreciation.

You know, it's only a very dead duck that is passed by and ignored.

(Copyright, 1955, By United Feature Syndicate, Inc.)

Keep Accurate Record of Gifts

Within a week after your invitations are out, gifts will begin pouring in. In all your excitement, the best way to keep them straight and avoid thanking the wrong person for the gift is to keep an accurate record of what comes in from whom.

Acknowledging wedding gifts is extremely important and should be done as soon as possible after receipt of the gift. A very short note is all that's needed, even to closest friends and relatives.

Use your best stationery, engraved, if possible, with your maiden initials if you are writing before the wedding and your married initials if after.

These notes should express your appreciation for the thought.

RUTH HEDEMAN

Flying from Washington, D. C., to Cambridge, England, today is Ruth Hedeman of Sunhill drive, Silver Lake. She will work for several weeks on a government-sponsored solar research project at the Cavendish Laboratory.

Local Solar Research Flies to England Project

Leaving today for England, Ruth Hedeman of the McMath-Hulbert Observatory at Lake Angelus, is heading for Cambridge and the Cavendish Laboratory.

She is being flown to Cambridge Service, where she will meet Dr. Helen W. Dodson, who sailed for England Wednesday. T. co-workers from the local observatory will spend several weeks at the laboratory working on a U.S. government-sponsored solar research project.

"A notice in the newspaper is all right for those living in town but what about those relatives and friends living in other cities who will not see this notice. How are they notified. My fiancé and I have many friends and relatives living in distant places and to have to sit down and write notes to all of them would be quite a task."

Answer: Order a number of papers in which your announcement will be in and send them to your friends and relatives. To have engraved engagement announcements has always been considered in really bad taste.

Coming Events

The Reliable 12 Club has postponed the regular meeting until further notice.

Pontiac Shrine Past High Priestess Club picnic, scheduled for Aug. 10, has been canceled.

Rosetta Birthday Club will meet with Mrs. Ralph Gould, Whitfield drive, Mac-don Lake, for noon luncheon, Wednesday.

During World War II, Miss Hedeman was a Lieutenant (senior grade) as a WAVE. Trained in meteorology at the University of California at Los Angeles, she served as aerological officer at Naval Air Station, Klamath Falls, Ore. and at Navy Weather Center in Washington, D. C.

A native of Baltimore, Md., Ruth

Keep White Bright, Use Easy-Iron Aid

White collars and cuffs on little dark dresses are a sign of fall. How charming they are, if they're kept a bright white! Wash them often with hot water to which you always add bead bluing.

Rinse well, starch in cosmetic blue starch made simply by adding a section of blue wax ironing aid to each quart of hot starch. You'll love the ease with which you iron these specially starched things, and you'll be happy when you discover that they'll keep clean longer than usual.

Residents Are Home:

Mr. and Mrs. Lewis Lingle of Garland avenue, have returned to their home, after attending the funeral of Mrs. Lingle's father, Everett Crews of Carbondale, Ill.

Color Is Difference

The correct kitchen design, the proper equipment and the judicious use of color add up to an efficient, warm and attractive room, no matter what the size. And that's why today's kitchens are rated the most satisfactory in many decades by experts.

4 Townships, 2 Cities Push Drain Plan

To Meet Aug. 25
on Financing

\$2,500,000 Interceptor
Would End Pollution
of Lakes, Streams

Preliminary plans for a \$2,500,000 interceptor sewer to service four townships and two municipalities moved a step forward with the setting of an Aug. 25 meeting to discuss financing and possible apportionment of costs.

Officials of the areas involved—Waterford, West Bloomfield, Southfield and Farmington Townships and the cities of Keego Harbor and Farmington—will meet with engineers, finance experts and Oakland County Drain Commissioner Ralph Main at the Waterford Township Hall.

Waterford Township Supervisor Lloyd L. Anderson said they would seek to reach some agreement as to each community's proper share of costs.

The proposed interceptor would connect with Waterford Township sanitary sewage system at the southern end of the township and run south into the Detroit sewer system at Eight Mile road. Cost of a preliminary engineering survey already has been underwritten by Farmington City and Waterford, West Bloomfield and Farmington Townships.

At a meeting Thursday in Farmington, officials of all the communities to be serviced heard an outline of necessary steps to take in order to get the interceptor built.

Detroit bonding attorney Claude Stevens, acting in the capacity of advisor, made these recommendations to the governing bodies of the communities:

1. Come to an agreement on each community's share of cost.
 2. Ask the Oakland County Board of Supervisors to appoint the drain commissioner as an agent with authority to build the main.
 3. Arrange for financing possibly through sale of revenue bonds.
- If built, the proposed interceptor is expected to end pollution of lakes and streams in the fast-growing areas and reduce the need for septic tanks.

Hybridhen Yield Amazes Owner

Howard City Mutations
Give Three Eggs Daily
to Woman Breeder

GRAND RAPIDS (U)—A hybridhen, one of about 100 in Beverly Johansen's Howard City flock, has baffled poultrymen since September 1953 with a remarkable egg production.

Even Miss Johansen finds it "hard to believe" that she has collected from one to three eggs daily from the hen's wire cage nest.

George Scott, field supervisor for the Michigan State Poultry Improvement Assn., has inspected the hen and expressed wonder at its capacity to produce.

Poultry scientists at Michigan State University theorize the hen may have to operating egg channels instead of the usual one. Miss Johansen reports the prize of her flock sometimes lays two eggs within 30 minutes of each other.

The hen was purchased from a Cedar Springs hatchery. Its hybrid background includes strains of Hampshire, Leghorn, Barred, Rhode Island Red and Cornish.

Miss Johansen, who has raised chickens for the past six years, keeps the flock in individual wire cages which are suspended about three feet from the barn floor.

Barbara Keck Well Today

Quick Action Saves Life of Cass Lake Woods Child

Little, blonde Barbara, two-year-old daughter of Mr. and Mrs. Raymond Keck of 5171 Westcomb, Cass Lake Woods, is playing with her twin sister today.

Had it not been for quick action by a neighbor, Maurice Naert, and the West Bloomfield Fire Department, and Barbara's cousin, Saturday night, the Kecks this morning might be attending a burial service.

Barbara's parents went shopping Saturday. The child and her twin, Diane, were left with a cousin, Gwen Nichol, who lives with the Kecks.

Gwen went into the living room where the twins were playing and found Barbara lying on the couch, her face blue, apparently not breathing. Alarmed, she picked up the child and rushed across the street to the Naert home.

Naert immediately notified the fire department, and gave the baby artificial respiration. Firemen reached the home within minutes and revived the child with a resuscitator.

Barbara was then taken to the Pontiac General Hospital for treatment, where doctors said the child had been a victim of "24 hour virus."

Doctors told her parents a sudden rise in the child's temperature had caused a convulsion and breathing difficulty.

"We just can't say how grateful we are to the firemen and Mr. Naert and to Gwen," Mrs. Keck said. "Had it not been for them, our baby might not have lived."

Gregory Raps Hare on License Issue

LAPEER—Lapeer County Sheriff Clark Gregory has taken issue with Secretary of State James Hare on who should issue drivers' licenses in Michigan.

Gregory today charged that Hare "wants to be czar of all licensing work," and assailed the "blanket suspicion" which he claims Hare has cast upon the state's Sheriff's Departments.

Hare previously had stated that some sheriff's departments and small police forces are issuing licenses to mentally and physically unfit persons.

Gregory labeled this as a "scheme to get control of drivers' licenses and said that it is 'pure politics.'"

EYE-CATCHER—Small but noticeable is this cutout cap of rhinestones and bugle beads shown in New York. Satin cape with matching embroidery is worn with it.

One-half of the schools in the U. S. in 1950 had only one room, and they educated only about five per cent of the total school population of the nation, recent surveys indicate.

Almont Gets Set for Centennial

Three-Day Festivities to Be Held Friday Through Sunday

ALMONT—Flags, banners and streamers are appearing along Main street here as merchants and civic groups join in preparations for the three-day Almont Centennial celebration.

A parade, homecoming and a list of special events will spark the 100th anniversary of the community, to be held Friday through Sunday. Old articles, costumes and pictures will be displayed in business houses.

Friday's events will feature a children's program in the morning, and a horse show and Little League ball game in the afternoon. Friday night the Centennial couple will be presented and the Queen of the Centennial crowned.

A children's parade and picnic Saturday, and an evening talent show and Old Time Dance are scheduled events.

Church services, ball games and family picnics will close the festivities on Sunday.

Marlette FFA Plans for Sandusky Fair

MARLETTE—The Marlette Chapter of the Future Farmers of America, will meet at 8:30 p.m. Wednesday in the Agriculture Room to further plans for the 4-H Fair, to be held next week at Sandusky.

All exhibits of livestock and crops for the fair must be registered by Wednesday.

At the last meeting of the FFA, a motion was made that a school bus be chartered to go to the Farm Mechanization Centennial at MSU, Aug. 15.

Nagging Backache Sleepless Nights

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys—tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable...with restless, sleepless nights...don't wait...try Doan's Pills...get the same happy relief millions have enjoyed for over 50 years. Get Doan's Pills today!

Stocks Move Up in Quiet Market

NEW YORK (AP) — Stocks were higher today in a very quiet market. Prices in early dealings ranged from between 1 and 2 points higher to around a point lower.

Coppers did well in the face of a possible price increase being talked about in Wall Street. Most major divisions were higher. Motors were mixed.

Cities Service advanced on a higher earnings report. Phico added a fraction of good earnings. Seeger Refrigerator was up between 1 and 2 points and Whirlpool was a fraction higher as the anti-trust division in Washington gave the green light to a proposal of merger with a division of RCA.

The market Friday was generally higher, but the pace of trading was extremely slow with only 1,600,000 shares changing hands. The Associated Press average of 60 stocks advanced 80 cents at 172.40.

Primary Race Winner Seen

Former Baseball Head Chalks Up Governor Bid in Kentucky

LOUISVILLE, Ky. (P)—A. B. (Appy) Chandler, the former baseball commissioner, today appeared the winner of his primary election test in his bid to be Kentucky's governor again.

The 57-year-old Chandler built a 15,596 lead over Bert T. Combs, 43-year-old mountaineer judge, for the Democratic gubernatorial nomination. Their race was among the hottest in Kentucky political history.

Chandler, 1935-39 governor and 1939-45 U.S. senator, came back home seeking the executive post after losing the baseball job in 1951.

He ran against powerful party forces: the regular state organizations, rounding out its eighth year in office; U.S. Sen. Earle C. Clements, acting Senate majority leader; Gov. Lawrence Wetherby; and Sen. Alben W. Barkley, former vice president.

Returns from 1,955 of 4,074 precincts in Saturday's primary gave: Chandler, 146,961; Combs, 131,365; Jesse N. R. Cecil, 2,479.

At this stage, the Louisville Courier-Journal, which supported Combs, said flatly that Chandler and his running mate for the lieutenant governor's nomination, Harry Lee Waterfield, former Kentucky House speaker, had won.

Combs commented, "It's a horse race, but I feel we still have a chance."

Council of Churches Designates Budapest

DAVOS, Switzerland (P)—The Central Committee of the World Council of Churches is going to hold its next annual meeting in Budapest, Hungary — its first gathering in a Communist land since the Council was set up in 1948.

The 60-member committee also voted last night to accept the invitation of the Yale Divinity School to hold its 1957 session in New Haven, Conn.

The council comprises more than 160 Protestant, Anglican and Eastern Orthodox churches, including those of Hungary and Czechoslovakia.

Wants Uniform Rates

BON, Germany (P)—West German Postal Minister Siegfried Balke has begun a campaign to establish uniform mailing charges in Western Europe. He said varying rates for local and long distance letters should be abolished.

Orson Welles Confirms Impending Parenthood

VENICE (P)—Orson Welles confirmed today that his Italian wife, starlet Paola Mori, is expecting a baby.

The American actor and movie

producer and his wife are vacationing on the island of Torcello, in the Gulf of Venice.

U. S. farmers used an average of 373 kilowatt hours of electricity in July, 1954. This is 46 more than in July, 1953.

Original Acadians Meet

MONTREAL (P)—A party of 163 from Louisiana, many of them direct descendants of the Acadians, arrives here Tuesday en route to the Nova Scotia Acadian Bicentennial. Emile Evelyn Breaux, 19, is Louisiana's choice to play the

Evangeline role. She represents the 4,000 Acadians and their estimated 600,000 descendants.

The Philippine city of Zamboanga has an area of 1059 square miles. It is as large as Rhode Island and larger than any other

School Vandalism High

DETROIT (P)—There were 2,105 cases of vandalism in Detroit public schools during the fiscal year ending June 30, says a Board of Education report. Window breakage was the most frequent damage.
