

Heavy Snow Covers East Half of U.S.

Hold Two in Death of Ex-Bookkeeper

Police Find Body in Hotel Room After Phone Call

Plan More Questioning in Frank Beheydt Death After Beating

By BUD MARTZ

Pontiac Police are holding two men today for investigation in the death last night in the Chapman Hotel of 58-year-old Frank L. Beheydt, an ex-bookkeeper for the O'Brien Heating Co.

The men, who gave oral statements last night to Assistant Oakland County Prosecutor Robert W. Long, are John A. Curry, 27, and Louis Hayes, 21, roommates in a local hotel.

Beheydt's savagely beaten body was found by police at 10:30 p.m. Detective Thomas Mitchell, in charge of the case, said Hayes

Radio Announcer Relays Ike Joke as Serious News

SAN FRANCISCO (U)—A flurry of excitement was caused last night by a local radio newscast reporting President Eisenhower had said he would not seek another term.

What happened was that the announcer heard a joke on the Lowell Thomas show on KSSB, didn't recognize it as a joke and broadcast a bulletin as serious news.

Thomas, on his show, related that a prominent attorney had stopped him on the street today and said:

"Say, have you seen the wires lately. Ike isn't going to run again. He's decided on a ticket of Nixon and Ferris."

"Who's Ferris?" exclaimed Thomas.

"Oh," replied the lawyer, "he's a big wheel on Coney Island."

May Get Advice on Annexation

Seek Planning Expert for Pontiac-Waterford Consultation

Efforts are being made by the Pontiac Chamber of Commerce to have an urban planning specialist from the University of Michigan speak to the chamber's advisory committee considering the question of the Pontiac-Waterford Township proposed annexation.

Basil G. Zimmer, resident director of the social science research project at the University, has been studying the problems of annexation of fringe areas at Flint as a consultant for the last three years.

Robert J. St. Clair, manager of the Chamber of Commerce, will contact Zimmer to arrange a conference.

James F. Spence, chairman of the annexation committee, said a second meeting with Zimmer is being considered in which residents of both areas would be invited.

This move is the latest development on the topic of annexation of the two communities which now has branched into a three-fold question: will it be annexation of the township to Pontiac or should Waterford incorporate into a city, or neither?

The latter question, which has been under study by the township Junior Chamber of Commerce for more than a year, attracted 1,000 area residents to a town meeting Jan. 10 to hear the pros and cons of incorporation.

FRANK L. BEHEYDT

had phoned police asking them to send an ambulance to the downtown hotel.

Curry and Hayes were arrested shortly before midnight, and questioned about their knowledge of the crime. They had been seen leaving the hotel shortly before the body was discovered.

Long said Curry admitted hitting Beheydt "at least twice" with his fist, but said, "After that I don't remember anything until we were calling a cab."

WITNESSED BEATING

Hayes, Long said, stated that Curry had repeatedly beaten and kicked Beheydt, after Beheydt had refused to give him money. Pontiac Police have a record of arresting Beheydt on a morals charge in December.

Hayes charged that Curry had threatened to kill Beheydt before

Ike to Address Michigan, U.S. GOP Rallies Tonight

By THE ASSOCIATED PRESS

President Eisenhower will address "Salute to Eisenhower" Republican rallies throughout the nation tonight.

Michigan Republicans will toss a "Salute to Eisenhower" from banquet tables in eight cities tonight, and when the saluting is done they hope they will have raised around \$600,000 at \$100-a-plate.

Michigan will have more such dinners than any other state.

And to back up their salute to the President, Michigan Republicans are importing an all-star array of speakers to get the campaign ball rolling in this election year.

GOP leaders hope the Michigan banquets will attract an average of 800 each. That would insure a gross of \$640,000. At an average over head cost of \$10 a plate, that would leave a profit of \$576,000 to be split with the Republican National Committee.

This is the third anniversary of President Eisenhower's inauguration, and he is scheduled to address the "Salute" dinners in a 15-minute closed circuit telecast.

The Michigan banquets are scheduled at Detroit, Grand Rapids, Saginaw, Lansing and St. Joseph.

Leland I. Doan, president of the Dow Chemical Co. of Midland, is chairman of the Michigan salute arrangements.

Eisenhower's second-term deci-

Top GM Automotive Division Executives Pose at Motorama

AT NEWS CONFERENCE — Attending a news conference in connection with the GM Motorama in New York were general managers of the automotive divisions of the corporation, and corporation president, Harlow H. Curtis.

Shown above, left to right, are Philip J. Monaghan, GMC Truck & Coach Division; Robert M. Critchfield, Pontiac Motor Division; Ivan L. Wiley, Buick Motor Division; Curtis; Thomas H. Keating, Chevrolet Motor Division; Don E. Ahrens, Cadillac Motor Car Division, and J. F. Wolfman, Oldsmobile Division.

More than 34,000 persons visited the Motorama yesterday and last night as the exhibit was opened to the public. GM officials have estimated 335,000 will see the six-day event — the attendance figure last year.

Romney of AM Criticizes Car Marketing Practices

WASHINGTON (U)—A retail car business appraisal came today from George Romney, president of American Motors Corp., which makes Hudson and Nash cars.

He was the first witness called at a Senate commerce subcommittee investigation of automobile marketing.

He agreed with Sen. Potter (R-Mich) that the business may be heading in the direction of "auto supermarkets" but he said he did not believe automobiles could be marketed properly that way.

"Blitz selling" is a heavily promoted sale in which a dealer announces he is disposing of a large number of cars at cut-rate prices.

Bombay Rioting Now in 5th Day

Maratha Race Furious Over Nehru's Plan for Federal Control

BOMBAY, India (U)—Looting and shooting continued unabated in riot-torn Bombay today for the fifth successive day. Left-wing leaders of the demonstrators appealed in vain for an end to the violence.

The rioters, mostly of the Maratha race, increasingly vented their ire on Gujarati families. Many of the Gujaratis were trying to flee the city.

Bombay State Gov. Harekrishna Mahababji told a meeting of leading citizens the wave of violence is "unparalleled in the history" of Bombay, India's second largest city.

The Marathas, about half of Bombay's nearly three million population, are fighting Prime Minister Nehru's plan to put the city under the federal government.

The rest of the state would be split in two, forming one state where the Marathi language is predominant and the other where Gujarati is generally spoken.

Official figures, obviously lagging behind the actual casualties, put the death toll at more than 40 since the riots erupted Monday.

He said this is a matter that should be worked out by the man.

(Continued on Page 2, Col. 1)

Michigan 5th Largest

WASHINGTON (INS)—The U. S. Census Bureau said today that Michigan's population has jumped to 7,236,000 in five years, a 13.6 per cent increase since the 1950 census. The bureau listed Michigan as the fifth largest state in the nation in population. It had the seventh largest per cent of population gain.

Shades of Al Capone and Carrie Nation!

Babson Predicts Prohibition Will Return—In Some Form

By ROGER W. BABSON

BABSON PARK, Mass.—My friends used to say to me: "Roger, avoid the words never and always; also do not put dates on your forecasts." In discussing this unpopular subject of prohibition, I will now observe his advice.

First, let me say I am not forecasting the success of the prohibition party as a political factor. Rather, I am forecasting that one, or both, of the major parties will put some form of prohibition in their platforms.

The curse of the liquor traffic may be no different now than 25 years ago; but there is one great difference.

In 1933 when prohibition was overwhelmingly defeated, there were no great industries to put up the funds to continue prohibition, while the great brewers, distillers, and other liquor interests supplied the funds to kill it.

Then, however, there were only 20½ million automobiles. Today—with 50 million automobiles—the situation is very different. In the next fight over prohibition, the automobile industry (now the second largest) which includes manufacturers, sales agencies, the great gasoline industry, as well as the owners of property rented by these interests, should heavily support the prohibition cause.

And this group is increasing every year as more cars go on the roads. There are now over 225,000 filling stations earning nearly a billion dollars annually.

ACCIDENT PREVENTION

Safety belts, compulsory car inspections, canceling of licenses, and even jailing offenders should help prevent accidents or make them less serious. However, none of these things seem to be effective.

Woman Bandit Robs Detroit Liquor Store

DETROIT (U)—A blonde gunman calmly robbed a liquor store and then forced two men to take her for an hour's automobile ride about town last night.

Dressed in a Navy peacock and blue skirt, the blonde stuck up Andy's Liquor Store, looting the cash register of \$100 and pinching a pint of booze.

Customers Paul Crowe, 22, and Thomas White, 18, ran after her. When they caught up, they were looking into the barrel of her pistol. She forced them into White's car and then directed their hour-long cruise.

Finally she peeled off 13 one-dollar bills and handed them and the pint over, directing the men to "take them back to the liquor store." Then she fled.

Senator Barry Goldwater to Be GOP Club Speaker

Principal speaker at the Oakland County Lincoln Republican Club's 66th annual banquet Feb. 16 will be U. S. Sen. Barry M. Goldwater (R-Arizona), Robert A. Sutton, club president, said today. The event is slated for 6:30 p.m. in the Pontiac Elks' Temple.

Elected in traditionally Democratic Arizona in 1952, Goldwater, 47, is chairman of the GOP Senatorial Campaign Committee.

The lawmaker held only one other elective office, Phoenix city councilman, before his Senate job.

He is a member of the Senate Banking and Currency Committee, Labor and Public Welfare Committee and Committee on Interior and Insular Affairs.

A fighter pilot in World War II, Goldwater is a family man with four children. His wife, Margaret, will also attend the dinner.

Tickets are available from Robert C. Miller, of Pontiac, and Mrs. John Schock, of Berkley.

Slippery Roads Snarl Traffic; 2 Die in State

Eight Pontiac Accidents Reported as Two Inches Fall on Area

The season's heaviest snowstorm in the eastern half of the nation was a welcome relief for many farmers in the Southern Plains and the Midwest, but was a headache for millions of others in the areas blanketed by the snow.

The headache will subside somewhat today as the Weather Bureau predicts occasional light snow continuing tomorrow for Pontiac and vicinity.

After being draped with two inches of snow yesterday, Pontiac can look for little change in temperature, with a low tonight from 15 to 22. The high tomorrow is predicted to be from 25 to 30 with light north to northeast winds.

The Pontiac Police reported eight accidents caused by the snow-covered roads from midnight Wednesday to midnight Thursday resulting in injuries to four persons.

The Automobile Club of Michigan today said that many roads in the state are generally slippery and snow-covered.

TWO DIE

Two deaths were reported in the state during the day while four persons were dead in Missouri as the result of the storm turned the most severe in recent years to engulf the nation's midsection.

John Schumacher, 65, of Pontiac, died of a heart attack after driving a snowmobile on a frozen lake. Leo J. Broun, 56, of Columbus, Ohio, was killed when his car skidded on a frozen lake near Maumee and collided with two trucks.

Snow fell during the night and morning from the lower Great Lakes region eastward to the Mid-Atlantic states southward as far as West Virginia and Maryland.

But to farmers in areas such as Texas where there has been little precipitation this winter, the snow was hailed as welcome relief to dry parched farm lands.

Hospital to Seek Bids on Building

Architect Readies Plans for \$3 Million Program at Pontiac General

Bids are expected to be taken around Feb. 10 for the construction of the \$3,000,000 expansion program at Pontiac General Hospital, according to Willis M. Brewer, chairman of the property committee of the Board of Trustees.

The board learned last night at their monthly meeting that Leo J. Heenan, architect for the addition, was preparing final plans based upon changes recommended by departmental heads and members of the property committee.

After the sketches are returned to the board, a resolution to accept them will be presented to the City Commission.

"I look for the actual construction of the addition to begin around April 1 or April 15 provided our bids are okay," Brewer stated today.

City Manager Walter K. Willman said "as soon as we know what the bids are we would begin to advertise the sale of the bonds."

Swiss Police Baffled by \$280,000 Gold Theft

GENEVA, Switzerland (U)—Swiss police admitted today they have lost all trace of \$280,000 worth of gold bars stolen from a truck here yesterday in a well-planned daylight coup.

Police said it appeared possible the gang which organized the coup — one of the biggest robberies in Swiss criminal history — had succeeded in getting the bars into France.

Keeper of the Books

SALT LAKE CITY (U)—William Dobbie Kuhn will be 93 tomorrow. He plans to take the day off from his job to celebrate. Kuhn has been bookkeeper for a local lumber company for the past 55 years.

Reds Announce Watt 2nd on Steam Engine

LONDON (U)—Moscow radio conceded today that James Watt nearly beat the Russians to the invention of the steam engine.

In a broadcast marking the 220th anniversary of Watt's birth, it stated that the Scotsman's "invention of the steam engine coincided with a similar achievement by the Russian Polzunov, arrived at independently."

However, with 80 being killed each day and one seriously injured every 25 seconds, and these figures constantly increasing, something radical must be done. Also, unless the brewers and distillers themselves "see the handwriting on the wall" and help solve the problem, the securities of such companies face a terrific decline, as happened when Prohibition went into effect in 1933.

Prohibition to be different

How the liquor curse will be handled, I do not know. As my friend, Deleware King says, it is a problem of the three E's—Education, Engineering, and Enforcement.

The most common suggestion is that we all have a license either to buy liquor or to drive a car. This, however, will not alone solve

cocktail party, along with the above-mentioned factors, has made liquor a national problem which must be conquered.

It may get worse before prohibition, in some form, returns but it is a sure forecast that it will return.

Perhaps one plan would be to prohibit sales to those holding drivers' licenses. Even the new four-lane turnpikes do not solve the difficulty, as they develop a "sleepy" state.

Truman Says President Once Refused to See Him

WASHINGTON (U)—The Washington Star says former President Truman has confirmed that he was once turned down when he tried to call on President Eisenhower.

The story by columnist Betty Beale says the affair will come out in the second volume of Truman's memoirs.

Truman is quoted as giving this account by telephone from Independence, Mo.:

"It was in the fall of 1953 at the time of the American Royal Livestock meeting. President Eisenhower was in Kansas City for three or four days. He was stopping at the Muehlebach Hotel in the same suite I used to stay in."

"I called him up and said I would like to call on him and pay my respects. That was what I ought to do because he was in my town. His secretary said he was too busy to see me."

The story says Truman commented: "That's something I never did to Mr. Hoover."

Truman, a Democrat succeeded by Republican Eisenhower in the presidency, was referring to former President Herbert Hoover, a Republican.

Asked about what Eisenhower was doing in Kansas City, Truman is quoted as saying the President was "there to dedicate a bull on a post."

He gave assurance he had been heard correctly, the account goes on, and explained: "The Hereford Assn. put up a tower with a bull on top."

Truman also got in a direct political lick, saying he has no candidate in the coming election, will support the Democratic nominee whoever he is, and doesn't know who that will be.

"But a bad Democrat is better than the best Republican," he said.

During Booze Snoozer

COVINGTON, Ky. (AP)—Snoozing off a booze under a judge's bench is a bad bet. So said City Commissioner Charles Rump yesterday after finding Walter Thornberry sleeping beneath a judge's desk in the courtroom during a City Council meeting. Thornberry was charged with drunkenness.

OK Sick Check on Presidents

Solons Agree With Ike That Congress Decide on Fitness of Executives

WASHINGTON (AP)—Several senators agreed today that Congress should look into the question of who is to decide whether a President is unable to perform his duties.

Sen. Mundt (R-SD) said the Constitution and the laws contain a gap which "might sometime rise up to cause confusion and uncertainty," and he added:

"The best time to act is when we do not have that kind of situation before us, and I favor Congress working out some kind of satisfactory solution."

Sen. Watkins (R-Utah) said in a separate interview he considers it "desirable to see if we can't find a satisfactory solution," and Sen. Eastland (D-Miss) agreed "it's a question that ought to be studied."

At his news conference yesterday, Eisenhower was asked if he had given any thought to the Constitution's silence on the question of who should declare a President unable to perform his duties.

CAREFUL STUDY ASKED

He said the subject would be carefully studied by Congress and the attorney general, adding it would be good for the country to work out the matter so that doubt would be resolved.

Legislation to this end has been introduced in the Senate and the House, but no hearings have been held.

Sen. Payne (R-Maine) has offered a bill under which a President if he felt physically unable to discharge his duties properly, would notify Congress.

The vice president then would assume the president's powers and duties—but not the title—until the President notified Congress he was able to assume them again.

If a President were unconscious or paralyzed and therefore unable to notify Congress of his disability, Payne's bill provides that the vice president shall advise the chief justice.

Then the chief justice would be required to appoint a panel of three to five doctors, each of whom would examine the President and submit a report. If they all concluded the President was unable to perform his duties, the chief justice would notify Congress and the vice president would take over.

In the House Rep. Frelinghuysen (R-NJ) has proposed a constitutional amendment setting up procedures for the vice president to take over the President's duties.

Sanitation Foundation Offers Regional Study

DETROIT (AP)—The National Sanitation Foundation has offered to finance and conduct a six-county survey of water, sewer and drainage problems of the metropolitan Detroit area.

The foundation made the offer to the inter-county supervisors committee. The committee is made up of top officials of Wayne, Oakland, Macomb, St. Clair, Washtenaw and Monroe counties. The survey would cost an estimated \$100,000.

A USO TREAT — Members of Battery D of the 516th AAA Missile Battalion at Auburn Heights got away from the routine of army life last night as they were entertained by a one-hour show sponsored by the Greater Pontiac USO Committee, whose chairman, Irving Steinman of 116 Chippewa, is shown with Battery Commander Capt. Harold E. Strong of Pontiac. Two members of the Federation of Womens Clubs, Mrs. Harry Ackerman of 1021 Voorheis, (left) and Mrs. Herman Dickstein of 240 Chippewa, sample the refreshments which the federation prepares.

U. of M. Head Meets With Prince Akihito

TOKYO (AP)—Dr. Harlan H. Hatcher, president of the University of Michigan, met today with Crown Prince Akihito at the prince's official palace.

Guy Nunn, UAW Face Half-Million Law Suit

DETROIT (AP)—A half million dollar libel suit was filed in circuit court yesterday against the United Auto Workers Union and its radio-television commentator, Guy Nunn.

The suit was filed by Carl Renda. A bill of complaint was not filed immediately but Joseph Louisell, Renda's attorney, said it would allege that Nunn called Renda uncomplimentary names in a broadcast last Monday night.

Nunn's comments came while he was discussing a federal court suit brought by stockholders of the Briggs Manufacturing Co. Renda formerly held a scrap metal contract with Briggs.

Renda is a son-in-law of Santo (Sam) Perrone. He also has sued

the UAW for 4½ million dollars in connection with his arrest on a conspiracy charge in the still unsolved shooting in 1948 of UAW President Walter P. Reuther. The Reuther charge against Renda later was dropped.

GM of Canada Strike Hits Record 124 Days

TORONTO (AP)—The strike of 17,000 General Motors of Canada workers today became the longest walkout in the history of the Canadian automobile industry.

The United Auto Workers' walkout for higher wages and other benefits went into its 124th day with no sign of a settlement soon. It has closed plants in Ottawa, Toronto, St. Catharines, London and Windsor.

The previous record auto strike was a 123-day stoppage against Chrysler of Canada in 1946.

U. of M. Head Meets With Prince Akihito

TOKYO (AP)—Dr. Harlan H. Hatcher, president of the University of Michigan, met today with Crown Prince Akihito at the prince's official palace.

Palace sources said they recalled the prince's visit to the university in 1953.

Dr. Hatcher is visiting Japan under sponsorship of the university's alumni association of Japan.

He spoke at a luncheon meeting of the Japan-American society. Tonight he had dinner with Dr. Robert B. Hall, a Michigan alumnus who is director of the Asian Foundation in Tokyo.

Saturday he will visit Tokyo's Waseda University and speak at a dinner of Michigan alumni.

Harpist, Flutist to Appear With Pontiac Symphony

Pontiac Symphony-goers will be interested to learn of the two fine artists to be presented, on the Jan. 25 program.

Edward Druzinsky, harpist, who has delighted his previous audiences in appearances with the Pontiac organization, will be featured with James Pellerite, flutist, on the program.

They will play "Concerto for Flute and Harp" by Mozart and "Sicilienne" from Faure's "Fables of Melisande," Suite No. 1.

Graduation Set Jan. 31 at Wayne

At Wayne University's mid-year commencement, to be held on Jan. 31, degrees will be awarded in ceremonies in the Masonic Temple auditorium, Detroit, at 8:30 p.m.

Dr. Clarence B. Hillberry, president of the university, will confer degrees on the candidates.

Receiving master of education degrees will be Arthur Bell of Spokane drive, Marvin W. Hastings of Middlebelt road, Mrs. Florence Pappert of West Huron street, John C. Foage of Kohler road, Mrs. David Seese of North Perry street, Donald Schultz of Berwick boulevard, Paul Stollman of Jackson street and Stephen Volkoff of Glenwood avenue.

Mrs. Leonard Kolon of Silverbell road will receive her bachelor of arts degree in the ceremonies.

Bachelor of science degrees will be awarded to Mrs. Ernest Brown, Mrs. Homer Cowger, Mrs. James E. Crawford, Mr. Lucy Edwards, Mrs. William Hadsell, David Hoover, Mrs. H. C. Hope and Robert Laitly.

Naumitta Long, Patricia Killian, Mrs. George Panik, Lillian K. Paul, Anna Polk, Mrs. Edwin J. Reed, Mrs. Esther Sherrod, Ida Mae A. Tompkins and Mrs. Martha Wiers will also receive B.S. degrees.

Mr. Druzinsky, solo harpist of the Detroit Symphony, was previously solo harpist with the Pittsburgh Symphony Orchestra. He was a member of the famed NBC Orchestra under Arturo Toscanini on its transcontinental tour in 1950.

At present he is a member of the faculty at the University of Michigan.

A graduate of the Juilliard School of Music, Mr. Pellerite played with the Radio City Music Hall Or-

chestra and was first flutist with the Indianapolis Symphony.

For the past five years, Mr. Pellerite has been solo flutist with the Detroit Symphony. He is a musician of outstanding ability.

The Pontiac Symphony under the baton of Francesco DiBlasi, musical director and conductor, will present for its share of the program, "Water Music Suite" by Handel-Hardy, "Prelude From La Traviata" by Verdi, "Prelude No.

14, Opus 34" by Shostakovich, and "Night on Bald Mountain" by Moussoursky.

The concert will be presented at Lincoln Junior High School at 8:30 p.m.

JAMES PELLERITE

EDWARD DRUZINSKY

Meeting Conducted by Esther Circle

Esther Circle of Oakland Park Methodist Church met at the home of Mrs. Kenneth Skelton on Oliver street Thursday. Opening prayer was given by Carrie Waldron, followed by an announcement that the group will be hosts for the WSCS meeting in February.

Those assisting will be Mrs. Paul Krugman, Mrs. Jot Ostrander, Mrs. James George, Mrs. Skelton, Mrs. Lee Murphy, Mrs. William Hotham and Mrs. John Wright.

A penny supper will be held Jan. 31 for the benefit of Sunday School rooms. The next meeting will be held at the home of Mrs. George on Lowell street.

Richard Arthaud Speaks to Club

Richard Arthaud, Social Service Department worker of the Pontiac State Hospital, was the speaker at the Tuesday afternoon meeting of Junior Child Study Club.

Mrs. Ralph Norvell opened her home on Wenonah drive for the meeting and was assisted by Mrs. Julius Koprince, Mrs. Victor Schramm, Mrs. Corliss Armstrong, Mrs. George Ross and Mrs. Harlan Royce.

Welcomed into membership in the group were Mrs. George H. Wetterhahn, Mrs. Forest Wood and Mrs. James Youngblood. The group will gather in the home of Mrs. Don Newman at Watkins Lake for its Feb. 21 meeting.

Gingerbread Glamorized With Dates

Mrs. Nicholson Tops Unbaked Cake With Sweet Mix

By JANET ODELL
Pontiac Press Home Editor

Gingerbread is an anytime dessert, but it seems to go especially well with winter meals. There are dozens of ways you can serve it. We think you'll welcome Mrs. Harold Nicholson's way, one she uses often for company.

As a young homemaker and mother, Mrs. Nicholson keeps busy with her dual job. She likes to read and embroider. She belongs to a social sorority. The Nicholsons have a seven-months old son.

GINGERBREAD TOPPING
By Mrs. Harold Nicholson
1/2 cup brown sugar
2 tablespoons flour
2 teaspoons cinnamon
3 tablespoons melted butter or margarine
1 cup chopped dates

Blend sugar, flour, cinnamon and melted butter together. Stir in chopped dates. Spread over gingerbread batter before baking. Bake in the usual manner. Serve warm.

Greenbergs Host to Fireside Club

Members of the Fireside Forum of the First Congregational Church met recently for a cooperative dinner in the Ward road home of Mr. and Mrs. Engel Greenberg.

Officers elected were D. C. Inman, president; Mrs. Donald McIntosh, vice president and Mrs. Eugene Carey, secretary-treasurer. A report on the project of furnishing the nursery cry room was presented by Mrs. Ivan Knight. Members enjoyed an evening of games following the business meeting.

If a would-be French roll makes your head look flatter than you like, try another kind of rear-view hair-do. Bring hair back as far as it will go, gather ends in little tufts with rubber bands, and conceal these with a pin-on chignon.

New Chairmen of Figure Club Are Announced

Mrs. Lawrence Nichols, president of the Fashion Your Figure Club, announced her committee chairmen at the Adah Shelly Library.

Appointed chairmen at the Thursday evening meeting were Mrs. George Stafford, program; Mrs. Richard H. Frye, publicity; Mrs. Joseph L. Jenkins, cards and flowers; Mrs. Thomas E. Folsom, hospitality, and Mrs. William L. Collins, historian. Mrs. Thomas Bartle is chairman of the trophy and cards committee.

A new contest was announced to run for two months between two teams. The team losing the most weight will be treated to a special program by the losing team.

The program consisted of the showing of hobby work by members. Participating in the program were Mrs. Collins, Mrs. Bunce, Mrs. Folsom, Mrs. Charles Ruggles, Mrs. Kerchoff and Mrs. Thomas Lewis.

The next meeting will be held Jan. 26 at Adah Shelly Library.

Speaker Heard by Central PTA

Dr. Marie Rosey of Wayne University spoke at the Central School PTA meeting Wednesday evening.

Dr. Rosey gave a resume of education from early times to the present. She stated that our means of communication and transportation have brought America closer to other countries, and she showed the influence of other countries on our American children.

A group of first grade children presented a square dance. Sixth grade students also square danced. Members of the fourth and fifth grades presented several vocal selections for the meeting. Refreshments were served by mothers of first graders.

Navy Gets Okay for Big Program

House Group Passes on Billion Dollar Plan for 41 Warships

WASHINGTON (INS) — A \$1,429,000,000 Navy program calling for construction and modernization of 41 warships, including the first atomic-powered surface vessel, was authorized yesterday by the House Armed Services Committee.

The committee approved the authorization bill, 21 to 0, after receiving a report on the need for the new program from Navy Secretary Charles Thomas and Admiral Arleigh Burke, chief of naval operations.

The request for the funds authorized in the bill already has been submitted to Congress in President Eisenhower's new budget. The money is for the 1957 fiscal year which begins July 1.

Committee Chairman Carl Vinson (D-Ga.), termed the bill historic. He said it represents the transition from the conventional type of Navy construction to nuclear power.

The bill provides for construction of an 88-million dollar guided missile light cruiser and for the design and preparation for construction of a nuclear-powered aircraft carrier.

NEW A-SUBS

It also calls for the construction of six new atomic-powered submarines. These will supplement the Nautilus, already in operation; the Seawolf, scheduled for completion later this year; and six nuclear submarines previously authorized.

The 1957 program will supplement a shipbuilding and conversion program in which the Navy is already engaged. Under the existing program, 73 ships and 1,600 craft, including 42 major combat vessels, are being built at a cost of more than three billion dollars.

Conductor Says Gadgets Spoiling Musical Pleasure

NEW YORK, N. Y. — Music appreciation has become a science rather than an art.

Dr. Igor Buketoff, guest conductor of the Chicago Symphony, and director of the Fort Wayne Symphony says there is entirely too much emphasis on knobs, dials, "60 cycle powerline hums, wave-front transients," and other technical marvels which have little to do with the enjoyment of the music itself.

"Too many experimenters regard sound as an end unto itself rather than as a pathway which must be traveled to attain good reproduction of beautiful music," he adds.

Even music commentators and critics have fallen into this trap, says Dr. Buketoff. He refers to a superb recording of Strauss' "Ein Heldenleben," beautifully packaged, beautifully performed. But the program notes practically say nothing about Strauss or his music. Rather there is an extensive analysis of the recording techniques, including the exact distance above the conductor's head of the microphone used.

Let's have less knob-twisting and dial-watching, says Dr. Buketoff, and listen to the music.

Steals Polio Dimes

MILWAUKEE (INS) — Raymond Paulus, 51, was sentenced to serve one day in the House of Correction for each of the nine dimes he admitted stealing from a March of Dimes display at a depot here. Paulus, charged with disorderly conduct, said in District Court he took the 90 cents because "I needed a pair of socks."

ONE BILL TOO MANY?

TODAY'S ASSIGNMENT FOR JUNIOR EDITORS

ANCIENT EGYPT — 5
A Boy Gathering Papyrus

In pools and marshes along the Nile grow the tall reeds called papyrus. From them the ancient Egyptians made paper. They dried the leaves, flattened them carefully and pasted them together in layers with each layer crossing the next at right angles. When this was dry they polished it with smooth stones and had a fine surface on which to keep their records.

Papyrus reeds also were made into baskets and even into boats. The Bible story of Moses tells how he was found among the reeds in a small reed basket by an Egyptian princess.

Here is a boy cutting the papyrus. He will gather the long stalks into big bundles and carry them to sheds where men will make them into paper.

Paste this picture on cardboard and color with crayons or paints. The papyrus is bright green.

Cut out the parts carefully. Attach the separate arm on top of the boy's right shoulder with a fastener or pin. Then he can swing his scythe to cut the papyrus.

Junior Editors pays \$10 for any reader's idea that is used. Write your suggestion to "Junior Editors" in care of this newspaper; it cannot be acknowledged or returned and in case of duplication of ideas, the first submission will be accepted.

Tomorrow: Papyrus Boat on the Nile

Massachusetts Man Sentenced to Death

PLYMOUTH, Mass. (INS) — Dapper Domenic Bonomi, 34-year-old contractor, today was under sentence to die in the Massachusetts electric chair as a wife slayer.

A Superior Court jury deliberated only an hour and 20 minutes yesterday before returning a verdict of guilty in the bludgeoning strangulation slaying of Mildred Bonomi, 31, mother of two.

Because the jury failed to recommend mercy, Judge Frank E.

Smith had no legal choice but to sentence Bonomi to death.

He did not set a date for the execution, however, pending action on an appeal by Defense Counsel Dwight Allison, who took numerous exceptions to judicial decisions during the 15-day trial.

Strange Obstacle

SYDNEY — Australian men and women mix so seldom that it's a wonder they ever get married, said psychologist Mrs. Graham Bell in Perth. She said the practice of segregating youngsters through most of their schooldays creates shyness between the sexes.

Despite Years—Brain Functions

Prof Declares Thinking Organ Doesn't Decline With Old Age

GAINESVILLE, Fla. (INS) — A University of Chicago doctor told the opening session of the sixth annual Southern Gerontology (study of old age) Conference yesterday the biological functioning of the brain does not decline with age.

Speaking at the University of Florida, Prof. Ward C. Halstead added there is no "fixed calendar year, such as that implied in most mandatory retirement schedules, when a man is 'effectively through'—mentally speaking."

The Chicago gerontologist, developer of the so-called concept of "biological intelligence" through a 20-year research effort compared the biological intelligence of some 300 Chicago executives—average age 50 with some as high as 70—with 100 junior medical students averaging 25 years.

Prof. Halstead concluded:

"Seventy-eight per cent of the executives are still remarkably intact in terms of higher brain functions, regardless of age. Many of them overlap in biological intelligence the performances of medical students 25 years younger on the average."

The scientist, on the basis of his studies, urged increased use of the abilities of older persons.

He declared: "Productive manpower is the most valuable natural resource of this country. Periodic measurement of biological intelligence of the individual and judicious understanding by industrial management, can all favor conservation of natural resources for which there is no substitute likely to be found."

To Bury Dead GIs

YOKOSUKA, Japan (INS) — Under leaden skies, the light cruiser Manchester sailed for Hawaii today with the first of 50 of 852 unknown American servicemen killed in the Korean War. The bodies will be buried in Punchbowl Cemetery overlooking Honolulu. The rest of the unknown dead will follow in other ships within the next few weeks.

SIMPLICITY IN BEST — On the buffet table, holiday colors are traditionally red, green and white. This hostess has added the stately grace of hurricane lamps to add height and candlelight.

Tech Meets Minnesota in Important Series

MINNEAPOLIS (INS) — Michigan Tech's surprising hockey team, currently in 2nd place in the Western Intercollegiate League, Huskies have won their last five meets Minnesota, tonight and tomorrow in an important two-game series.

Michigan Tech, aiming for a spot in the NCAA tournament, has won five of six games this season and has an overall of 11-1. The Huskies have won their last five games in a row.

Ike's Reply Clouds California GOP Status

SACRAMENTO, Calif. (INS) — President Eisenhower's statement on his political plans left the Republican picture in California just as uncertain as ever today.

Gov. Goodwin Knight was "delighted" to hear Eisenhower won't object to the entry of his name in presidential primaries. Knight quickly announced he would form a California delegation to the GOP National Convention pledged to Eisenhower.

Whether Eisenhower will consent to file for the June 5 California primary is the big question. His written approval would be required.

CLAIMS RECORD DIVE — Mrs. Barbara Jacobs, Indianapolis, mother of two children, claims to have descended to a depth of 270 feet in the Atlantic Ocean near Hollywood, Fla. The unofficial record for men divers is 230 feet. Women's official world's record is 209 feet. Mrs. Jacobs was equipped with conventional skin-diving gear and a one-tank aqua lung.

Deaths Bringing Many Converts

Friends Say Slayings of Five Missionaries Filling Ecuadorian Churches

TORONTO (U)—Two young Toronto men who spent last summer in Ecuador said today reports they have received from friends during the last week indicate that churches there have been flooded with converts since five missionaries were slain.

Don Marshall, 24, a medical student at the University of Toronto, and Don Cullen, a radio and television technician, visited the South American country where Mr. Cullen's uncle, Dr. Paul Roberts, is in charge of a mental hospital at Quito.

Both commented on the deaths of five missionaries whose mutilated bodies were found last week in Ecuador beside the wreckage of their stripped plane.

The missionaries had gone into the jungle on the eastern slopes of the Ecuadorian Andes in an attempt to convert the savage Aucas Indians.

"I think their deaths may have done more good than a whole lifetime of missionary work," said Marshall. "There will be other missionaries in there in a year or so."

During their three-month visit to Ecuador Marshall did medical work at the hospital and Cullen worked at the missionary-operated radio station.

They said they knew well three of the missionaries — Nathaniel Saint, Peter Fleming and Roger Youderian — and the other two — James Elliott and Edward McCulley — to speak to.

McCulley's widow has parents living in Pontiac, Michigan.

5 Cases Face FEPC

DETROIT (U)—The Michigan Fair Employment Practices Commission (FEPC) says it is preparing to hear five complaints in its newly established Detroit office. John Feild, executive director, said the number of complaints involving racial or religious discrimination will determine the future size of the Detroit staff. The FEPC, created by the Legislature last year, eventually plans to open an office in all the state's major cities.

Germany's Krupp Works will build a steel mill for Thailand, Bangkok reports.

Teachers Are Sought

ANN ARBOR (U)—The Air Force and Army are looking for experienced school teachers for their dependent schools overseas and will interview prospects at the University of Michigan in February and March. Applicants must have at least two years teaching experience

From The PRESS BOX

By THE SPORTS STAFF
Utica and Romeo reserve basketball teams played an odd game this week. The Utica reserves had a 31-19 halftime lead and when the game ended the final score read 33-22. Only two points were scored by the Utica reserves in the second half and still they won by five.

The reserve team of the Harlan Globetrotters will face a basketball squad made up of Detroit Lions here in Pontiac February 2nd, and an attempt is being made to have members of radio stations WJON and WQAR meet with writers from the Pontiac Press in the preliminary game. On guard you moment.

The championship bowling match between Detroit Strub's and Budweiser of St. Louis will be carried over channel 7 this weekend. Television time is 10:30 p.m. Saturday and Sunday nights.

Two young coeds from Detroit attended the Rose Bowl game in style anyway if not in interest. The pair, Marie Saue and Rosemary Boehlein, ages 20 and 19 respectively, are in jail today for passing \$75 dollars in bad checks all along the way to Los Angeles. They passed the checks in fashionable women's stores.

Only three Class A basketball teams are members in the state of Michigan. They are Muskegon Heights (4-0), Highland Park (4-0) and Detroit Assn. Catholic (4-0).

The second annual Ice Fishing Derby of Waterford township will be held Sunday afternoon February 12th at Pontiac Lake. Prizes will go to fishermen catching the largest and smallest fish and to the fisherman making the largest total catch. The Derby is being sponsored by the Township Jaycees in cooperation.

Shepherds Become Show's Top Breed

German shepherds comprise the most popular breed for the first winter dog show by Oakland County Kennel Club. An earlier count had indicated boxers were the most numerous, with 47. Today's check revealed there were now 57 shepherds. There are 623 entries.

Ex-Dodger Kellert Signs Cub Contract

CHICAGO (U)—Former Brooklyn Dodger first sacker-outfielder Frank Kellert, today signed for 1936 with the Chicago Cubs. Kellert, who was acquired by the Cubs shortly after the Dodgers won the 1935 World Series, batted .325 in 39 Brooklyn games last season. He filled in occasionally for Gil Hodges at first base and was the Dodgers' No. 1 right-handed pinch hitter.

NBA Resolution Rouses Ire of Gotham's Helfand

NEW YORK (U)—Julius Helfand has thrown down the gauntlet to the National Boxing Assn. The chairman of the New York State Athletic Commission blasted the NBA last night for a resolution by its Executive Committee that would permit a boxer to sign for a fight himself when his manager is under suspension. Speaking at the annual dinner of the Boxing Writers Assn., Helfand termed the resolution "sheer hypocrisy."

"You know," he said turning toward Lou Radzinda, president of the NBA, "that after a fight the fighter will go back to his hotel and whack up the purse with his suspended manager."

Radzinda, a member of the Illinois State Athletic Commission who had praised Helfand's campaign against the undesirables in the sport just before Helfand rose to speak, said later:

"We believe the fighter comes before the manager. Just because his manager is under suspension or doesn't have a license is no reason to penalize a fighter. He has to make a living and should be granted that right."

"What he does with the money

Hot Rod 'Autorama' Opens Detroit Show

DETROIT (INS)—The Michigan Hot Rod Association's "Autorama" show opens tonight in the coliseum of the state fair grounds.

The show features about 70 cars, the best from the Midwest of hot rods, custom and sports cars.

The show will remain open until midnight tonight. It will be open to midnight tomorrow and to 10 p.m. on Sunday.

OTTO GETS BELTED

Otto Graham sucks in his breath with a mighty effort as he tries on the S. Rae Hickok \$10,000 diamond-studded, gold-buckled belt awarded to him as the Professional Athlete of the Year. The 34-year-old quarterback, who came out of retirement to lead the Cleveland Browns to the National Football League championship, received the award at a Press and Radio Dinner for the Polio Fund.

UM Quint in TV Highlight

Game With Iowa From Yost Fieldhouse Will Be Televised

ANN ARBOR — Michigan's basketball team will seek to get back on the winning trail at home by battling it out with Iowa in a nationally televised game in Yost Fieldhouse Saturday afternoon.

The Wolverines, currently in three-way fourth place tie with Indiana and Purdue, will be facing a team which is defending conference champion and which also now is tied with Ohio State for second place behind Illinois.

After winning three straight the Wolverines dropped a 69-58 defeat to Wisconsin at Madison Monday night.

Coach Bill Perig outfit is seeking to develop consistent offensive strength from the guard positions in order to help balance Ron Kramer's scoring. The Wolverines have shown good strength up front rebounding but scoring from the guard positions has been spotty.

Starting time of the televised game is 3:00 p.m.

Union Lake, D & W Meet in Semi-Final

Dick & Wes and Union Lake hockey teams, both once-beaten, collide Saturday morning at the North Side Ice Rink in the semi-final game of the Junior Hockey Tournament.

The two clubs will battle for the right to face Nestor's All-Stars in the championship final of the double-elimination tournament, sponsored by the Pontiac Parks and Recreation Department. Starting time is 8:30 a.m.

Undeclared Nestor's, waiting for the title go against the semi-final winner, will keep busy by meeting already-eliminated Lake Orion tomorrow in an exhibition game at 3:30 a.m.

One Horse Stable Detroit Stays on Job to Keep Racer in Florida

MIAMI, Fla. (U)—John Serkin, 25-year-old tool and die maker, is having to stick to his job in Detroit, so he can keep his thoroughbred race horse in Florida.

Last September Serkin won over 27,913 others in a "name the horse" contest at Hazel Park Racetrack in suburban Detroit. He chose the name "Hitlucky," and his prize was the Bay Filly by Windy City 2nd out of Gone Again.

Hazel Park officials offered Serkin \$4,000 for the prize but he turned it down, saying all his life he'd wanted to own a race horse.

Hitlucky was shipped to Florida to get ready for a winter racing campaign. Serkin called his one-horse operation the Windy City Stable.

The filly became two years old on Jan. 1—universal birthday for all thoroughbreds—and was eligible to compete against others her age.

Trainer P. E. Simmons entered Hitlucky in a quarter-mile sprint for 2-year-old fillies at Tropical Park on Jan. 3 and the filly ran 9th in a field of 9 dozen. Incidentally, the race was run in the track record time of :21 3-5.

Chiefs Primed for Hard Scrap With Trojans

First Round Finale for SVC Rivals Set at Saginaw, Tonight

Despite the lowly position Saginaw High holds in the current Saginaw Valley Conference basketball race, Pontiac's coach, Art Van Ryzin, doesn't underestimate the Trojans.

Pro Grid Bid Rejected for Gospel Career

Wheaton's Burnham, Little All-America, Redskin Drafted

WHEATON, Ill. (U)—Dave Burnham, an ordained Baptist minister and a back on the little All-American football team last season, has turned down an offer to play for the Washington Redskins.

Burnham, 6-2, 180 pounder who gained 3,496 yards in 30 games he played in his collegiate career at Wheaton College, said he would like to give pro football a try but "I am called to the ministry of the Gospel."

He plans to become associate pastor of a church in his hometown of Akron, Ohio, when he graduates in June. He was the Redskins' 26th draft choice.

In three straight football games Iowa has led Michigan by two touchdowns and has lost the final decision.

St. Mikes Win, 65-21

St. Michael's basketball team, scoring with reckless abandon, rebounded impressively from Tuesday's upset by Orchard Lake St. Mary.

The Shamrocks dumped in baskets almost at will and cleared the bench Thursday night at the Center Line High School gymnasium as they shellacked hapless St. Clement, 65-21.

Last place St. Clement was no match whatsoever for the rampaging Mikes, who chalked up their 4th Suburban Catholic League victory in five games to keep right in the thick of the championship race.

Bob Mineweaver's cagers got off to a slow start, six minutes elapsed before they connected for a field goal. But once they found the range the baskets were tailed with monotonous regularity.

The Mikes kept improving and reached their peak in the 3rd quarter with a 22-point effort. Then the 2nd stringers took over and played the entire 4th period.

So inept was the Clements' attack that they failed to hit double figures in any quarter and only two players, Dick Daldine and Ignash, netted more than one field goal. Each boy picked up two. It was the 5th straight league setback for the winless Clements.

Fisher Local 596 Team Wins Easily

Fisher Body Local 596 chalked up its 5th victory in six games in the UAW-CIO Basketball League, easily defeating Pontiac Motors Local 653 Thursday night at Lincoln Junior High, 72-44.

Ken Tithrage dumped in a whopping 33 points to spark Fisher Body's cagers to their one-sided triumph. Don Smith and Max Jarrett each notched 12 points to top the quintet, which dropped its 6th decision in seven contests.

Local 594 defeated the Clarkston Merchants, 42-38, in an exhibition game last night. Mel Taylor paced the winners with 16 points. Bob Devine and Howard Liverance were high for the Waterford League leaders with 12 apiece.

Dates, Events Listed for Citywide Ice Carnival

The 1936 Pontiac Ice Carnival, co-sponsored by the Pontiac Parks and Recreation Department and the North Side Community Club, will be held Saturday and Sunday, Jan. 25-26, at the North Side Ice Rink, Montclair and Edison streets.

The city-wide two-day event will be climaxed Sunday evening with an ice show presented by the Pontiac Ice Skating Club and the crowning of the ice queen.

All preliminary events are scheduled Saturday afternoon, starting at 1:30 with numerous races for boys and girls of all ages. These will be followed at 3 o'clock by the championship game of the Junior Hockey Tourney, which winds up the afternoon program.

Saturday night, beginning at 7, boys over 15 years of age will qualify for the Silver Skates Derby finals. At 7:30 p.m. girls of all ages will qualify for the figure skating contest. Public skating follows.

Finals in all events will be run Sunday afternoon, starting at 1:30. Figure skating finals are scheduled at 3:30, followed by the selection of the Pontiac Ice Queen.

Awards, furnished by the North Side Community Club, will be given for all events.

Further information and entry blanks for all events can be obtained by calling the Parks and Recreation Department, FEderal 3-7131. Entry blanks should be sent to either the recreation department or the North Side skating rink.

GOAL ATTEMPT BLOCKED — Boston right wing Jerry Toppazzini (21), who was traded by the Red Wings to the Bruins this week, fires the puck toward the net against ex-teammate, Detroit goalie Glen Hall. Hall made an easy save in the 2nd period. (Puck is circled in photo). Detroit won its 6th straight, 4-2.

LA Ram Franchise in Stir Over Control

LOS ANGELES (U)—The embattled partnership is automatically dissolved, and a receiver appointed by the courts and the stock sold to the highest bidder. The Rams would bring on some fancy bids, unquestionably. They played before nearly one million fans last season and have netted more than \$200,000 profit in some seasons.

The high bidder would not necessarily obtain control, for the National Football League's regulation provide that any transfer or sale of stock must be approved by at least a 10-2 vote of the league members.

"I'm not saying that approval would not be given if one or the other of the two factions sold out," said NFL Commissioner Bert Bell, "but the rule is there and must be complied with."

Reeves says he would take the issue to court as a last resort. He did not specify a date.

Reeves has made two offers to his partners, the first guarantee-

Harbert Takes Lead

CALLI, Colombia (U)—Chick Harbert of Northville, Mich. held undisputed lead today in the Colombian Open Golf Tournament after shooting a two under-par 69 for a 36-hole total of 139.

His nearest rival was Bob Terry of Livingston, N. J. with a 141 total.

Tie Continues in Waterford League

Drayton Drugs stayed on the heels of Clarkston in the Waterford Recreation basketball league by trimming Beattie Motor 62-40 last night. Bob Pickett of Drayton and Bill Buck of Beattie each got 14 points.

In the second game Poole Lumber defeated Johnson and Anderson 77-44 with Jerry Bradley hitting for 32 points for the winners. Joe Umphrey got 19 for the losers.

Next week the schedule for the league will go back to the regular Monday and Tuesday playing night.

WATERFORD REC. STANDINGS

W.L.	W.L.
Clarkston	5-1
Drayton	5-1
Poole	4-2
Philgas	3-3
Waterford	1-5

TOPS WITH WRITERS — World welterweight champion Carmen Basilio, left, of Canastota, N. Y., receives the Edward J. Neil morial plaque awarded him as "fighter of the year" by the Boxing Writers Association of New York. The annual award is named in honor of the Associated Press boxing writer, Eddie Neil, who was killed while covering the civil war in Spain. Making the presentation is Murray Rose, Associated Press boxing writer and chairman of the board of the writers association.

Howe Tallies 3 Times to Pace Victory

Detroit Winger Also Takes Over Scoring Lead in NHL

DETROIT (U)—As Howe goes, so go the Detroit Red Wings. That seems to be the case lately around the National Hockey League.

The big right winger was never better this season than last night when he scored three goals and set up the other in Wings' 6th straight win, a 4-2 contest over the Boston Bruins.

The four points lifted Howe, who has produced 12 goals in Detroit's last eight games, to the top of the league's individual scoring race.

Howe has 25 goals and 25 assists for 50 points.

The 3rd place Wings moved to within two points of the second place New York Rangers, who have 51 points — five games behind the league leading Montreal Canadiens.

Howe's three-goal outburst was the first turned in by a Detroit player this season. He now is only four goals away from the select 300-goal circle. Only Maurice (Rocket) Richard of Montreal, hockey's greatest scorer, and Nels Stewart, a former great with the Canadiens, exceed Howe. Richard has 445 goals in regular season play and Stewart scored 324 during his career.

Howe scored his first two goals in the first period and fired the winning marker in the third. He assisted on Ted Lindsay's insurance counter with a little more than five minutes remaining. That was Lindsay's first goal in 18 games.

Vic Stasiuk and Marcel Bonin scored 32 seconds apart for Boston midway through the opening frame.

Howe opened the scoring before the 9,701 customers had much of a chance to get seated. At the 24-second mark he fired a 55-foot screened shot that beat goaltender Terry Sawchuk. That was the Bruins' net after missing two games because of an injured hand.

Souchak Shoots 7-Under to Lead Caliente Field

TIJUANA, Mex. (U)—Memories of two decades ago in the fabulous Caliente golf years are something else.

Thus it was today as big Mike Souchak, 28, led a band of hard-shelled golfers into the second round of the \$12,500 Caliente Open.

The 212-pound one-time end for Duke University had a seven-under-par 65 behind him and a two-stroke lead over the field to rely on as he teed off over the par 36-36-72 Tijuana Country Club course.

Nearest to Souchak were Frank Stranahan, Toledo, Ralph Blomquist of Glendale, Calif., and an amateur from Spokane, Wash., Rod Funseth—all tied at 67.

The trio, plus Souchak, were among the 36 players who broke par the first day. Yet Souchak and most everyone else described the 7,207-yard layout, playing today at a shortened 7,000 yards, was tough.

Chief, Wolves Set for Close Contest

Shooting to break a 1-1 knot in its current Saginaw Valley Conference swimming mark, Pontiac's Chief tankers this afternoon engage a good Bay City Central team in the West Huron pool.

Coach Robert (Doc) Boyce figures the dual test will be close and interesting, particularly in the back and breaststroke events, and diving.

Wolves' mentor, Tom Cody, also looked for a tough battle. His club has held one more dual meet than the Chiefs and has a SVC mark of 2-1. Cody will bring a 40-man squad here, headed by Tom Patterson, his unbeaten freestyler, who swims both individual and relay events, Terry Baker, diver, and Tom Meisel in individual medley.

At one-under-par 71 were Doug

Washington Back in 1st Place as Lincoln Loses

PONTIAC JUNIOR HIGH LEAGUE

W.L.	W.L.
Washington	3-0
Eastern	2-1
Lincoln	1-2
Wever	0-3
Jefferson	0-3

Washington's Junior High Braves were back in their old familiar spot in Pontiac's Junior High League basketball standings today, thanks to a helping hand from Eastern.

Em Ghianni's defending champion cagers overwhelmed Wever's outclassed team Thursday afternoon at Wever, 63-12, for their 3rd consecutive victory without defeat.

Meanwhile, over at Lincoln's gym, Eastern's Indians edged previously unbeaten Lincoln, 30-29, to move into 2nd place and shove their victim down to 3rd spot. Both squads are now once-beaten.

Two free throws by Mike Walker with only three seconds of play remaining netted Eastern its win.

Walker's charity tosses followed a single foul shot by Lincoln's John Bandy with 13 seconds left, giving the Railsplitters a 29-28 lead.

Walker scored 10 points to pace the Indians to their exciting victory. Bandy tallied the same figure to top Lincoln.

Bob Rabaja netted 14 points to lead Eastern's reserves to a 23-20 decision over Lincoln.

Harrison Munson scored 16 points, Henry Dewalt 12 and Wade Jones 10 as Washington extended its all-winning string to 13 games.

The Braves' entire 10-man squad saw action.

Washington's Junior Varsity racked up an easy 30-26 verdict over Wever's reserves. Adolphus Houston topped the Braves with 14 points.

Wheat, Beans Move Lower

CHICAGO 19 — Wheat and soybeans inched lower, feed grains held steady and lard firmed on the Board of Trade today.

At the outset, soybeans were ahead, reflecting strength in soybean oil futures, but the gains could not be maintained. Mild selling pressure entered wheat from the opening gong.

Lard firmed on news of a big export transaction with Yugoslavia, but even in this commodity there was no buying rush. Loose lard also moved up, being quoted at 19 cents a pound.

Wheat near the end of the first hour was unchanged to 1/4 lower, March \$2.10; corn unchanged to 1/4 higher, March \$1.29 1/2; oats 1/4 to 1/2 higher, March \$1.21 1/2; soybeans unchanged to 1/4 lower, January \$2.43 1/2, and lard 5 to 7 cents a hundred pounds higher, January \$11.07.

Anniversary Smile From Ike

GREETING FRIENDS — President Eisenhower sports his famous grin as he waited last night to address Republicans attending "Salute to Eisenhower" dinners across nation. The President spoke on a closed TV circuit.

Ike Promises Campaign Fight

Cutters Opening Passage Along St. Clair River

Two Coast Guard Ships Clear 12-Mile Route; to Resume Battle Today

FORT HURON — Two Coast Guard icebreaking ships maneuvered today to throw their weight totaling almost 2,000 tons against the St. Clair River ice jam.

The Acadia, stationed at Detroit, and its sister ship, the Tupelo, from Toledo, Ohio, yesterday turned down the 12-mile channel they have cut from the southerly mouth of the river and raced at full speed back to Detroit.

It was hoped the spume and boiling wake of the vessels would help churn up the ice which reformed rapidly behind them in the slow churning of the wind-swept ice.

The ships returned to renew the battle today.

Meanwhile, senior officials of the Coast Guard and the U.S. Corps of Army Engineers made a helicopter survey of the great icefield which threatens communities on both sides of the international waterway with dry water intakes, flooding and riverbank damage.

MAIN JAM IN DOUBT

Coast Guard officers doubted the two vessels would be able to clear the main jam, where ice piled up in last week's heavy winds is believed 25-feet high, but hoped clearing a path through the southern extremity of the river would help when nature does the job.

Col. Arthur Nauman, district engineer of the Army Engineers Corps, last night said, gauges on Lake St. Clair now are holding steady after falling as much as five feet during the week. The ice barrier is holding back the flow and raising Lake Huron levels as much as a foot.

Weather will play the most important part in clearing the ice jam, Col. Nauman said. He said bright sunshine and temperatures just below freezing would make for best chance of clearing it safely. It was hoped the ice chunks would flow slowly through the prepared channel.

The Army Engineer said a rise in temperature and rain might melt the ice rapidly causing flooding and damage to riverbank properties by swift-moving flows.

Light Snow Predicted for Area

Cold Wave Chills Most of Nation as Frigid Air Mass Moves South

A "vacationing" Arctic air mass, moving steadily southward, was blamed today for cold and wet weather in most areas of the United States east of the Rocky Mountains.

Florida temperatures dipped below freezing point last night at Tallahassee in the northern part of the state, where 31 degrees was recorded. In Miami, downward moving temperatures in the 60s were reported.

The lowest temperature reported was 28 below zero at Bemidji, Minn. Below-zero readings were also reported in North Dakota, South Dakota, Minnesota and Wisconsin.

Below-freezing temperatures extended south into Texas, Alabama, Georgia and Virginia.

Scattered rain and snow fell over a large portion of the country last night, but generally the falls were light compared to the heavy snows early this week.

For Pontiac and vicinity, the outlook is cloudy and colder with occasional light snow. Today's high is predicted to be 28-32 degrees, falling to 15-18 to night and rising to near 25 tomorrow.

Lowest temperature preceding yesterday in which two persons were injured.

To date this year, according to Pontiac police, the city's accident toll numbers 10 more property damage accidents than during the same period last year, with four more persons injured than last year.

Yesterday in which two persons were injured.

To date this year, according to Pontiac police, the city's accident toll numbers 10 more property damage accidents than during the same period last year, with four more persons injured than last year.

Unusual Heart Surgery

ELEVEN-MINUTE REPAIR JOB — Six-year-old Laverne Ivac of Cleveland was kept alive by a mechanical heart when her heart was stopped for 11 minutes while surgeons repaired the heart's pulmonary valve in a recent operation.

'As a Candidate or Aide, I'll Give All My Strength'

Tells Diners Decision on 1956 Race Will Not Be a 'Selfish One'

WASHINGTON (AP) —

Either as a candidate or as a "worker in the ranks," President Eisenhower has promised to battle "with all my strength" for the policies of his administration.

Despite the uncertainty with which he viewed his role, Eisenhower's promise of support last night cheered more than 60,000 Republicans whose "Salute to Eisenhower" dinners up to \$100 a plate raised an estimated five million dollars for national, state and local GOP campaign purposes.

Responding to demands that he run again, Eisenhower said "my future role remains undetermined, whether to be a candidate for your nomination or a worker in the ranks." But he promised his help in either case.

SMILING, NAIVE AND HEARTY

It was the President's first "night out" since his September heart attack, and to watch him was a heart thrilling thing.

He arrived smiling and outwardly naive and hearty to return the salute of 25 dinners throughout the country. But when asked his eyes as he acknowledged the tributes, saying "The heart is on the line that it is indeed dangerous to say more than 'Thank you.'"

Eisenhower told 1,700 diners in Washington and about 60,000 more over the country that his decision, when it is reached, will not be a selfish one.

'WHAT SHALL I DO?'

"I could devoutly wish that there were some other method by which the American people could, under the circumstances, point out the path of my true duty," he said. "But it appears that this is a question that first I alone must answer."

The Republicans who cheered his entrance with Mrs. Eisenhower, groomed in purple and carrying American flags and roses, let no doubt that they would like to help him make an affirmative decision.

Neither did the closed circuit television flashbacks, from Los Angeles to New York, leave any thought that the Republicans saluting his third anniversary in the White House have in mind any other candidate but Eisenhower.

Some of them obviously were cheered by Eisenhower's statement that he hopes his decision when it comes, "will not unduly reflect concern for self..." These party members said they (Continued on Page 2, Col. 2)

2 Men Sought in Hotel Slaying

Killing Suspect Says Pair 'Rolled' Victim in Room Before Murder

Pontiac Police today are seeking two unidentified men, who a murder suspect claims "rolled" an ex-bookkeeper a few hours before his savagely beaten body was found Thursday night.

"I don't know if the men exist or not," Oakland County Prosecutor Fred C. Ziem said, "but we will wait at least until Monday before serving warrants in the case, to see if police can locate them."

Meanwhile, he said, two suspects seen leaving the hotel where 57-year-old Frank L. Beheydt was killed will remain in Oakland County Jail, held for investigation of first degree murder. They are John A. Curry, 27, and Louis E. Hayes, 21, roommates of a hotel at 125 N. Perry St.

Search for the "mystery" men is based on Curry's statement to Assistant Prosecutor Robert W. Long that Curry and the pair visited the room of the victim, where they beat him after "rolling" the man for about \$15.

Curry, who said he wasn't interested in the money, said he met Beheydt earlier in a bar.

OSCC Wants Adventure Tickets for Mon. eve, Jan. 22, available, \$2.00. Single adm. \$1.50. Call OS 3-7461.

Pontiac Couple Robbed of \$900 at Pistol Point

A Pontiac man and wife were robbed of \$900 in their home last night by at least one armed man, who forced them to lay face down on the floor, tied their hands and legs, and placed rugs over their heads.

John and Neva All, of 40 Judson St., told Pontiac police they had recently withdrawn the money from a bank in order to finance a Florida vacation.

They said the lone man appeared at the front door about 6:30 p.m., and identified himself as a "state official."

Mrs. All, 60, who answered the door, said he was about 45 years old, medium height, dark, wore a full dark moustache, and carried a brief case. He asked to see All, she said.

When All, 66, told the man there was no one else in the house, the man drew a pistol out, the couple said.

He gained \$10 from Mrs. All's purse, but then demanded "the big money," police said.

When All refused to say where

the money was, the man hit and kicked him. Then Mrs. All divulged that the money was hidden in a trunk.

After the couple was forced to the floor, tied with cord, and rugs placed over their heads, another man entered the home, they said.

Police believe that still a third man was waiting outside in a car. The two men left by the

front door after finding the \$900, the couple told police.

They said they were able to work loose the cord in order to call police.

All said he retired in 1954, after working 30 years at Pontiac Motor Division.

Neither Mr. or Mrs. All were able to name any suspect who knew they had the vacation funds in the house, police said.

From Berkley High

12 Cheerleaders, Teacher Injured in 4-Car Pileup

Twelve Berkley High School cheerleaders and one of the teachers driving them home after a Waterford High School basketball game last night were slightly injured in a four-car pile-up on Telegraph at Ward Road.

According to Bloomfield Township officers Richard Hoffman and Knute Tubbs, the accident began when Edward Harris, 31, of Flint, stopped to make a left turn off Telegraph Road.

A car directly behind Hoffman's, driven by Ernest Singleton of 7421 S. Shaker St., Pontiac, also stopped.

Singleton's car was struck from behind by Nancy McIntyre, 22, of Oak Park, one of the Berkley teachers. Her car was then hit by the second teacher, John Potter, 33, of Royal Oak.

Treated and released from Pontiac General Hospital were Potter; Joan Marsden, 17, and Joanne Ingles, 15, of Huntington Woods; Judith Cragg, 16; Joyce Gaylord, 17; Catherine Peterson, 15; Sue Yorgen, 15; and Betty Richards, 16; all of Berkley.

Also injured were Julie Hitchman, 16, of Huntington Woods; Nancy Jones, 15; Nancy Hawkins, 15; and Jacquelin Kloustin, 15, of Berkley; and Susan Lemak, 15, of Huntington Woods.

Taylor Seeking More 'Brains' for Future Army

CHARLESTON, S. C. (INS) — Army Chief of Staff Gen. Maxwell D. Taylor today suggested this slogan for the Army of the future: "Let us put the best heads of America into the Army caps of tomorrow."

In a prepared speech at the Citadel, a military college, Taylor said that Army operations have become so complex that there is "a place for all talents... the artist, the businessman, the scholar... yes, the genius."

Discussing "Some Reflections on the Subject of Leadership," Taylor said successful leaders have had and must have three qualities: Human understanding, professional competence, and strength of character.

He added: "If we are to survive as a nation, we can afford only an Army which is an Army second to none, with leaders second to none."

Speaker

WARREN A. KING

Speaker for the annual Pontiac Chamber of Commerce dinner Tuesday evening, at Elks Temple will be Warren A. King, merchandising manager of Life magazine. His address will deal with the economic outlook for the Pontiac area.

4 Policemen Kill Craze Gunman

Cornered Detroit in Apartment Shot as He Tries to Blast Officers

DETROIT (AP) — Four policemen shot and killed a berserk factory worker who paraded himself in his apartment with a shotgun last night.

The four officers said they opened fire on James Jackson, 44, when he cocked the gun and aimed it at them as they sought to arrest him.

Jackson was dead on arrival at Receiving Hospital. Attendants said his body bore six wounds from police revolvers.

The policemen — Patrolmen Romeo Rossi, James Evans, William Fromm, and Donald Matuz — were exonerated after they made statements to Asst. Pres. Clarence Lester.

Lester said the four told him they had answered a call from Jackson's wife, Ethel, 45. They said she told them her husband had come home drunk and locked himself in their second floor apartment after announcing he was going to shoot a man who knocked him down in a street fight. She called from a neighbor's house.

The officers said she met them and gave them a key. When Jackson refused them admittance, they said, they unlocked the door and walked in. They told Lester they opened fire simultaneously when he entered from a passageway, cocking and raising the gun.

Reds Call Us Liars!

MOSCOW (AP) — Pravda has made the charge that the latest Yalta papers published by the U. S. State Department were not authentic documents.

Cabinet Members Speak Across Nation

6,000 State Republicans Jampack Party Banquets

FROM OUR WIRE SERVICES

Michigan Republicans know today their party's 1956 campaign will stress "Peace and Prosperity."

And to prove they love both, as well as the Grand Old Party, more than 6,000 of them gathered at eight \$100-a-plate dinners across the state last night and dumped more than half a million dollars into Republican campaign coffers.

President Eisenhower was a "guest" speaker at all eight Michigan "Salute to Eisenhower" dinners, via a closed circuit telecast, as he was at similar functions across the country. Michigan's audiences gave him a rousing ovation. At Flint there was an unmistak-

able indication of a new peace with the state's Republican ranks. State chairman John Feikens and Arthur E. Summerfield Jr., son of the Postmaster General, sat side by side and cheered together.

Young Summerfield, chairman of the Flint dinner, led a campaign last spring to oust Feikens as party chief. And only recently Feikens agreed to expand the state's campaign committee to 44 members to give Summerfield and other factions representation.

Sites of Michigan dinners, estimated attendance and principal speakers were:

DETROIT: 3,000, Lewis J. Strauss, chairman of the Atomic Energy Commission;

FLINT: 500, Secretary of Labor Mitchell;

SAGINAW: 575, James H. Doolittle, wartime Air Force general;

MUSKEGON: 400, Fred A. Seaton, deputy assistant to President Eisenhower;

LANSING: 421, Dr. Harold C. Hunt, undersecretary of Health, Welfare and Education;

ST. JOSEPH: 400, Gov. Joe Foss of South Dakota, a World War II Congressional Medal of Honor winner;

THUR B. Long of Washington;

IPREMIING: 200, Kevin McCann, an assistant to President Eisenhower.

Almost without exception banquet chairmen reported \$100-a-plate ticket purchases outstripped attendance. Receipts were split 45-45 between state and national campaign chests, the other 10 per cent going to defray dinner expenses. President Eisenhower and his administration—dotted from the cabi-

net down by many prominent Michiganders—drew praise from all speakers.

At Detroit, Strauss described the President as "a leader tirelessly and keenly devoted to the cause of peace."

Pointing to what he said was unprecedented growth "which has benefited all our people, Secretary Mitchell at Flint said: "We never had it so good."

Speaking to 15,000 New York and New Jersey Republicans in Madison Square Garden, Treasury Secretary George M. Humphrey hailed Eisenhower as the greatest American of his time and the "outstanding figure in the world today."

Agriculture Secretary Ezra Taft Benson came closest to urging the President to run again. Speaking in Houston, he declared:

"I am hopeful, as I know you are, that he will continue to provide our country with his matchless leadership in the years ahead. America needs the world needs—Dwight D. Eisenhower—now and tomorrow."

Commerce Secretary Sinclair Weeks, speaking in Milwaukee, used the strongest language of any administration official as he accused Democratic politicians of "a mouth-watering hunger for any

(Continued on Page 2, Col. 1)

City to Effect Route Changes

Six New Regulations to Go Into Operation Here on Monday

Starting Monday, six major traffic changes within the city will go into effect, City Traffic Engineer Theodore M. Vanderstempel announced.

Mt. Clemens street between Saginaw and Mill street will be converted to one-way, eastbound. This is to relieve congestion at Saginaw and Mt. Clemens streets, Vanderstempel explained.

The second change will make Mill St. between Huron and Pike one-way, southbound, in order to eliminate the dangerous crossing at Huron and Mill.

Right hand turns of southbound Perry traffic onto Mt. Clemens will be prohibited as well as left hand turns of northbound Perry traffic onto Mt. Clemens.

Vanderstempel said traffic officers would be stationed at all focal points to assist motorists in accustoming themselves to the changes.

Another change applies to westbound traffic on Mt. Clemens street which will turn south on Mill and continue westbound along Huron street.

The last revision will permit westbound Huron traffic turning north onto Saginaw to do so at the corner of Walte's Department Store.

Republicans Jam State-Wide Dinners

(Continued From Page One)

radical scheme dished up by Socialists short-order cooks.

Interior Secretary Douglas McKay struck back headily at Democratic charges of "giveaways" in his Interior Department, declaring: "This is a purely political election-year piece of luncheon."

He spoke at Casper, Wyo.

Defense Secretary Charles E. Wilson dealt by implication with the charges of General Matthew B. Ridgway, former Army Chief of Staff, that Eisenhower ordered dangerous reductions in the nation's military strength.

He didn't refer to Ridgway by name in his speech at Los Angeles, but he told his audience: "I can assure you that the President has never failed to give the Defense Department his approval for any necessary funds which after careful study we have requested."

In Chicago, Vice President Richard M. Nixon delivered a stinging attack on Adlai E. Stevenson as a "sniper," "quibbler" and "quaverer" of the President.

Republican oratory was led by eight cabinet members and other top administration officials speaking at other \$100-a-plate dinners from Los Angeles to Boston.

In New York, Secretary of the Treasury Humphrey said Eisenhower has made progress toward "a widespread and continuing prosperity" as well as toward "a just and lasting peace throughout the world. We can all rest assured that we have a wise, cool head directing a firm hand on the tiller."

Almita Wagner Injured in Walton Accident

A 14-year-old girl who walked into the side of a moving car yesterday afternoon on W. Walton Blvd., was released after treatment in Pontiac General Hospital, authorities said.

Almita Wagner, 63 Victory Rd., told police she thought the street was clear when she stepped off the curb. Donald C. Allison, 31, of 2356 Briggs Rd., was the driver, police said.

Purse-Snatcher Grabs \$45, Escapes With Loot

An unidentified man snatched her purse on W. Pike St. last night, took \$45 from her billfold, then escaped down the street, Elizabeth Seery, 63 Miami Rd., reported to police.

She said the man, about 21 years old, tall and slim, stopped her as she was walking west near the Grand Trunk Railroad viaduct.

GRACE AND SINATRA WORK ON NEW MOVIE - Grace Kelly has started work with Frank Sinatra on "High Society," the last movie she'll make before her scheduled wedding shortly after Easter to Prince Rainier III of Monaco.

The initial scene, shot on location in the Bel-Air district of Hollywood, calls for her and Sinatra to pull up before a big mansion in a sports car.

Press President Decries Suppression of Vital News

NEW YORK (INS) - Richard W. Slocum, president of the American Newspaper Publishers Association, charged today that some things Americans "absolutely must know about are being hidden from public view."

He warned in a New York speech that "public apathy about press freedom, silence and indifference are our greatest dangers."

The executive vice president of the Philadelphia Bulletin spoke at the 32nd annual luncheon and meeting of the International Benjamin Franklin Society.

He told the meeting, commemorating the 250th anniversary of the birth of Franklin, that the Philadelphia printer had realized a free press is "the keystone of our liberty."

The Philadelphia news executive pointed out that Franklin got into the "fight of liberty" early in life and "never wavered to his death at the age of 84."

For the record, Slocum noted the first amendment to the constitution "is not regarded by publishers as a guarantee of special privilege placing editors, reporters and publishers above their fellow citizens," but as a guarantee "to all citizens that their right to know shall not be abridged."

But he said: "The sad fact is there has been a decline in world press freedom in the last decade."

Slocum warned: "The tendency in the United States has been to shut off sources of information."

He said that no newspaperman disputes the need for secrecy, for confidentiality, secret and top secret labels in security matters.

But the newspaperman, he said, "does maintain that this can be, and is being carried to a dangerous extreme, so that some aspects about which the country not only has a right to know, but absolutely must know about, are being hidden from public view."

"Franklin," he said, "had a maxim on security. 'He that is secure is not safe.'"

He said Gov. G. Mennen Williams will testify on declining employment in that state's auto parts, iron mining, and radio-television manufacturing industries, Sen. Pat McNamara (D-Mich.) and Charles E. Potter (R-Mich.), also will testify.

Conditions in Pennsylvania's anthracite and bituminous coal mining regions and railroad shops employment will be the subject of Gov. George Leader's testimony.

The situation in the iron mining, shipping and lumber cutting areas of Minnesota will be discussed by Gov. Orville L. Freeman and Sen. Hubert Humphrey (D-Minn.) and Edward J. Thye (R-Minn.).

Five Workers Drown as Bridge Collapses

HEMPSTEAD, Tex. (INS) - Divers and rescue workers probed the Brazos River today for the bodies of five men believed drowned when a bridge they were working on near Hempstead collapsed.

Three other workmen were injured seriously yesterday when the structure gave way under the weight of a heavy crane and plunged into water 75 feet below.

The five men are believed pinned under a heavy steel beam.

Many other workmen escaped by leaping into the river.

The injured were Ray Evans, 28, and Frank Suen, 30, both of Bellville, Tex., and R. T. Chalk, 37, of Hempstead.

The bridge is between Bellville and Hempstead on highway 159 in east Texas.

VA Reports First Dip in Home Loan Forms

WASHINGTON (INS) - The Veterans Administration reported today that GI home loan applications fell below the 50,000 mark in December for the first time in 17 months.

Established May 12, 1955, the trust fund provides life and hospitalization benefits to nearly 400 members of the local union. Chairman of the fund is Circuit Judge George Edwards, of Wayne County.

Widow Is Named First Beneficiary Employees' Fund

The widow of a recently-deceased furniture store employee became the state's first beneficiary recently under an insurance plan set up last year by the Amalgamated Clothing Workers of America (AFL-CIO).

Cabbie Nearly 'Holds Up' Rider

Told to Take Moneyless Man 30 Miles; Fare Claims He's Robbed

MINEOLA, N.Y. (INS) - Jean Thibodeau has almost a month to figure out why he took such an expensive taxi ride without money, why he promised to withdraw money from a bank in which he has no account, and why he tried to make out the cab driver was a holdup man.

It all started early yesterday morning when Thibodeau, 32, missed a train for his home in Hicksville on Long Island. He contacted by phone with a Hicksville cab company to come and get him for \$9. The round trip is about 30 miles.

In Hicksville, Thibodeau informed driver John J. Geiry he had no money. It was decided Thibodeau stay in the cab office until his bank opened.

Cabbie and passenger later marched to the bank, and Thibodeau handed a teller a withdrawal slip.

The slip read: "This man is holding me up."

An alarm sounded, police rushed in and grabbed an indignant Geiry.

In Mineola District Court the affair was straightened out.

Judge Albert C. Moore learned that Thibodeau doesn't even have an account at the bank. He sentenced Thibodeau to 25 days for disorderly conduct.

Survivors are three daughters, Mrs. Florence Wilson of Capac, and Mrs. Millie Whitkopf and Mrs. Mable Upleger, both of Imlay City; two sisters, Mrs. Emma Smith and Mrs. Celestia Blair, both of Imlay City; a brother, Herkimer Einder, New Haven; eight grandchildren, and eleven great-grandchildren.

Oliver Martin

FENTON - Service for Oliver Martin, 64, 204 N. Long Lake Rd., will be held at 2 p.m. Monday from the Dryden Funeral Home with burial in Hadley Cemetery.

Survivors include his wife, Rose; three sons, Clifford of Linden, Robert of Holly, and Raymond of Fenton; 10 grandchildren; one sister, Jennie Martin of Holly; five brothers, Joseph of Flint, Andrew of Royal Oak, Alex of Pontiac and Jesse and Willis of Holly.

Earl H. Fisher

LAPEER - Service for Earl H. Fisher, 37, will be held at 10 a.m. Monday at the Baird Funeral Home with burial in Dryden Center Cemetery.

Surviving are his father, David Fisher; two sisters, Mrs. Harold Green of LaPeer and Mrs. James Thiemeyer of Attica; and two brothers, George and Melvin, both of LaPeer.

Mrs. Albert Stern

IMLAY CITY - Service for Mrs. Albert Stern, 70, Goodland Township, will be held at 2 p.m. Sunday from St. Paul's Lutheran Church, Imlay City, with burial in the Imlay Township Cemetery.

Surviving are three daughters, Mrs. Mabel Mundt, Mrs. Elsie Hall and Mrs. Marie Robinet, all of Imlay City; a son, Leonard Stern, Capac, and five grandchildren.

Mrs. Nora Graffmiller

WATERFORD - Service for Mrs. Nora Graffmiller, 83, 4287 LaForest, will be held at 3 p.m. Monday from the Jones Funeral Home, 7405 Quailman, Center Line, with burial in Roselawn Park Cemetery.

Survivors include two sons, Gale with whom she made her home; George from Van Dyke; a daughter, Mrs. Lois Crawford, Center Line; two grandchildren, Marilyn Ryan of Pontiac and Dean Graffmiller of Waterford.

Emmanuel Bonnarens

UTICA - Service for Emmanuel Bonnarens, 59, 45159 Brownell St., will be held at 9 a.m. Monday from the Milliken Funeral Home and at 9:30 a.m. from St. Lawrence Catholic Church. Burial will be in St. Lawrence Cemetery.

Survivors include his wife, Bertha; one daughter, Mrs. Mary Watts of Berkeley; two grandchildren; two brothers and two sisters in Belgium.

Mr. Bonnarens was owner and operator of Chalmers Shoe Store and Repair Shop.

Ike's Budget Chief Quitting

Rowland Hughes Leaves April 1; to Be Replaced by P. F. Brundage

WASHINGTON (INS) - Rowland Hughes is stepping down as President Eisenhower's chief budget officer after helping pilot the government within sight of its first balanced budget since 1951.

To replace Hughes April 1, Eisenhower announced yesterday he would appoint Percival F. Brundage, a former accounting executive who has been serving as deputy budget director. Brundage is from Montclair, N.J.

Brundage, 63, is in line to become the third budget director since the Eisenhower administration took office three years ago. The first was Joseph M. Dodge, a Detroit banker.

Brundage formerly was senior partner of Price, Waterhouse & Co., a New York accounting firm which has been associated with surveys of government efficiency.

Just last Monday, Eisenhower told Congress he expected the budget to be in balance this fiscal year which ends June 30.

He also submitted a balanced budget for the coming fiscal year as well. Hughes cited "compelling personal and family reasons" for leaving his post. He did not say what these were.

Before joining the administration as deputy budget director nearly three years ago, Hughes was comptroller of the National City Bank of New York. It was not immediately clear whether he would return to that job.

Hughes shared the spotlight during the controversy last year over the Dixie-Yates private power contract. The Budget Bureau had been involved in early negotiations on that contract which since has been repudiated by the government.

County Deaths

Leopold Einder

IMLAY CITY - Service for Leopold Einder, 88, Goodland Township, will be held at 2 p.m. Monday from the Lester Smith and Son Funeral Home, Imlay City, with burial in the Imlay Township Cemetery.

Surviving are three daughters, Mrs. Florence Wilson of Capac, and Mrs. Millie Whitkopf and Mrs. Mable Upleger, both of Imlay City; two sisters, Mrs. Emma Smith and Mrs. Celestia Blair, both of Imlay City; a brother, Herkimer Einder, New Haven; eight grandchildren, and eleven great-grandchildren.

Oliver Martin

FENTON - Service for Oliver Martin, 64, 204 N. Long Lake Rd., will be held at 2 p.m. Monday from the Dryden Funeral Home with burial in Hadley Cemetery.

Survivors include his wife, Rose; three sons, Clifford of Linden, Robert of Holly, and Raymond of Fenton; 10 grandchildren; one sister, Jennie Martin of Holly; five brothers, Joseph of Flint, Andrew of Royal Oak, Alex of Pontiac and Jesse and Willis of Holly.

Earl H. Fisher

LAPEER - Service for Earl H. Fisher, 37, will be held at 10 a.m. Monday at the Baird Funeral Home with burial in Dryden Center Cemetery.

Surviving are his father, David Fisher; two sisters, Mrs. Harold Green of LaPeer and Mrs. James Thiemeyer of Attica; and two brothers, George and Melvin, both of LaPeer.

Rioting Indians Hit Other Cities

New Violence Flares Across West Coast; 42 Killed in Bombay

BOMBAY (INS) - New violence flared in Bombay today as rioting spread across India.

After an early morning lull Bombay police, with orders to "Shoot to Kill," opened fire on crowds attempting to loot shops in the northern section of the west coast Indian city.

Two persons were injured. The death toll in the embattled city has reached 42.

Earlier, police arrested six more Communist leaders.

A majority of industrial workers have defied a call made by their union leaders to return to work.

The riots began Monday when crowds protested the Indian government's decision to administer Bombay as a separate district.

Many worker groups hoped the city would become the capital of a Marathi-speaking state.

Meanwhile, violence and workers strikes spread across the nation.

In Calcutta, a general strike paralyzed businesses and transportation.

In Cuttack, on the same coast, a radio station was forced off the air, apparently by student mobs.

At Nasik, northeast of Bombay, a new outbreak yesterday resulted in two deaths.

And at Kolhapur, south of Bombay, 16 policemen were injured in rioting.

Vice Squad Nabs Seven in Night Raid

Seven persons were arrested in a raid by Pontiac Vice Squad Officers last night at 555 Nebraska St., police said.

Occupant of the house, Will H. Robertson, 35, is charged with maintaining an illegal liquor place, and his wife, Mary Louise Robertson, 39, was arrested for illegal liquor sale, they said.

Others caught in the raid will be arraigned on charges of loitering.

Mounted Police Honor Woman in Window, 80

DETROIT (INS) - Every morning and every afternoon for a year, Mrs. Edith M. Rickel, who is 80 and an invalid, sat at the window of her first-floor hotel room and waved to the mounted policemen as they paraded past en route to and from their posts.

They always waved back and lately had saluted if passing in review.

Finally Mrs. Rickel wrote Police Commissioner Edward Piggins and asked him to thank the mounties for brightening her day.

Yesterday Sgt. Robert Tobian rode his charger up to the little hotel to thank Mrs. Rickel for brightening the day for the mounties.

High School to Honor 130 at Baccalaureate Service

Baccalaureate Service for the January graduating class of Pontiac High School will take place at 7:30 p.m. Sunday at Central Methodist Church.

Some 130 graduating seniors, robed in their grey gowns and caps with orange and black tassels, will hear the Rev. George C. Widdfield, pastor of All Saints Episcopal Church, give the principal address. His sermon topic will be "Of What Use Is Religion?"

An organ recital of three selections by Handel and Cantata, played by Mrs. W. Henry Sink, will open the service, followed by the processional "March in F" by Mendelssohn.

The Day in Birmingham Schedules Open House for Child Guidance Clinic

Directors of the newly formed Birmingham - Bloomfield Republican Club will meet Monday night at the Community House to complete plans for the Jan. 31 membership rally there.

The office, a branch of the Oakland Child Guidance Clinic, is on two floors at 385 E. Maple and the doors will open on Jan. 30 for diagnosis and consultation for children, showing emotional and personality problems.

Sponsored by the Birmingham Junior League in conjunction with the Michigan Department of Mental Health, it will be staffed by Olivia Viola, psychiatric social worker and Margaret Herbert, clinic secretary.

Aiding them will be Madeline Hall, director and chief psychiatric social worker of the Oakland Clinic, as well as Dr. Joseph Flachhoff, psychiatrist, and F. Robert Wollager, psychologist, who will act in consulting capacities as they do with the clinic's office in Pontiac.

The general public is being invited to view the clinic and to meet the staff from 3 to 5 and from 7 to 9 p.m. on Friday, Jan. 27, and Saturday, Jan. 28, on Wednesday and Thursday, the Junior League and the staff have invited supporters to a preview.

When opened, the clinic will serve any child from birth through high school living in the Birmingham - Bloomfield Franklin area. Fees charged will be based on income and also of family with consultations by appointment.

The Rev. Robert Dewey of First Congregational Church and his family are visiting relatives in California. In his absence Dr. Edward Wilcox will take his pulpit spot tomorrow and a group of three young people, the following Sunday, Dr. Wilcox is a minister and superintendent of the Congregational Assn. of Detroit.

A visit with Dr. Albert Schweitzer will be described to the Laymen's League of the Birmingham Unitarian Church at the Community House at 8 p.m. Tuesday by H. Talbot Pearson of Boston.

Pearson is international director of the Laymen's League and visited Dr. Schweitzer at his home in Gumbach, Alsace with a group last summer. He also led a tour of shrines of liberal religion in Europe. The lecture is open to the public.

Pontiac Deaths

Frank L. Beheydt

Frank L. Beheydt, 58, who was killed Thursday night in his hotel room, was born March 30, 1897 in Marquette. His parents were Clement and Nora Mallon Beheydt.

He had been a resident of Pontiac six years, coming here from Norristown, Pa. An accountant, Mr. Beheydt had formerly been employed by Levine & Sons in Norristown.

Surviving are two brothers, Ralph of Philadelphia, Pa. and Raymond of Pontiac.

Mr. Beheydt is at the Pursey Funeral Home where services will be held at 1 p.m. Monday. The Rev. Theodore R. Allebach, pastor of the Oakland Avenue United Presbyterian Church, will officiate with burial in Perry Mt. Park Cemetery.

Peter Gilligan

Prayers will be offered Saturday and Sunday at 7 p.m. in the Voorhees-Siple Chapel for Peter Gilligan, 60, of 461 First St. Father George Lupu of St. Simion Romanian Orthodox Church, Detroit will officiate at the service at 1 p.m. Monday in the Voorhees-Siple Chapel. Burial will be in Oak Hill Cemetery.

Mr. Gilligan was a member of the St. George Romanian Orthodox Church on Arthur St. He died Thursday night in Pontiac General Hospital after several months illness.

Eight Minors Charged With Beer Possession

Eight minors face arraignment today on charges of illegal possession of beer, after police claimed they found bottles in their car last night.

One of the youths also is being held on investigation of carrying a concealed weapon, police said. They said they found a hunting knife on his person.

The car was stopped at Bagley and Irene Sts., where officers said they saw the teenagers drinking.

Webb Drops 'I'm a Cop' Line on Dragnet Show

HOLLYWOOD (INS) - Television detective Jack Webb is discarding his celebrated "Dragnet" tagline, "I'm a Cop."

The TV star said he will bow to the appeals of high law enforcement officers and not use the appellation which has been termed "undignified."

In the future he will greet his audience with: "This is the city, Los Angeles, California. My name's Friday. I work here..."

Pontiac Resident Injured in Area Auto Accident

Charles Kucera, 50, of 78 Poplar St., was treated for a broken collarbone and released from Pontiac General Hospital last night after an accident on Walton Boulevard near Clintonville road.

Kucera was a passenger in a car driven by Merl Chrisman, 49, of 162 W. Howard St., who told Waterford Township Police he lost control of his car after being temporarily blinded by the glare of oncoming headlights.

Victim Off Critical List

Dean M. Murray, 39, of Royal Oak, was reported off the critical list at Pontiac General Hospital today.

Murray, critically injured in an accident Monday when his car went off U.S. 10 on the Waterford Hill, now is in good condition, hospital authorities said.

AGENCY ON WICKER—The simple silhouettes of wrought iron are dramatically accented by a lavish use of wicker in these chairs, designed for Salterini by Maurizio Temestini. The comfortable wicker backed chairs express one of the newest fashion trends in wrought iron furniture.

Watch the Curve Use in Furniture

CHICAGO (INS) — Watch those curves when you are furnishing your home, madame — too many of them in furniture will appear to make a room whirl like a merry-go-round.

That is the opinion of Harold Schwartz, who designs furniture and also swank houses in the United States, Italy, Mexico and France.

Schwartz, one of the leading U. S. designers of contemporary furniture, is soft-pedaling curves in his collection of new designs introduced at the current International Home Furnishings Market in Chicago.

As a man who helped start the rounded, "sculptured" look in furniture for modern living heads, Schwartz asserted in an interview that most of it "has too many curves" nowadays.

Schwartz contends that curves in furniture should be as carefully labeled out in a room as they are in women's fashions. He said:

"The hardest thing in the world to design is a woman's simple suit, well cut, to be worn from one year to the next without seeming to go out of style.

"Such clothing is a background for the person who wears them and pieces of furniture also should be a background rather than dominate the room or the people living in it."

FOLKS ALWAYS KNOW WE KNOW OUR STUFF.

Potholders Add to Kitchen Unity

CHICAGO (INS)—If you are doing over your kitchen, don't overlook the pot holders. They should be part of the color scheme, too.

Pot holders, towels and aprons are to kitchens what ashtrays and candy dishes are to living rooms—useful but decorative accessories.

Or at least they should be, according to New York Decorator Melanie Kahane.

"Too often," said Miss Kahane, "Women use any old pot holder or towel in an otherwise carefully decorated kitchen."

"These details count just as much as other accessories do elsewhere in the home. They can't always be whisked out of sight."

Miss Kahane, who specializes in kitchen interiors, developed several model settings for new candy-colored appliances exhibited at the International Home Furnishings Market in Chicago.

FABRICS, TOO

Besides working up mouth-watering color schemes of pale green and mint aqua; lemon yellow and frosting pink; nougat gray with sugar white, she designed fabrics to go with them.

The cottons are keyed to the new colors and have penny candy jars or bon bons drawn on a background of old-fashioned gingham checks.

Miss Kahane used them for cafe curtains on the windows; place mats on the island breakfast bar; aprons, pot holders and kitchen mitts.

Any woman can do the same thing with other prints on solid color materials and achieve a "decorator look" in her kitchen, said Miss Kahane.

In furniture for modern living, designers are using influences from all over the world from centuries past. These include Italian and French provincial, early American, Scandinavian and Biedermeier.

They Help Pointing

The top flaps of some cardboard cartons are convenient accessories when you're painting. They can be used as cardboard trays on which you can place both a paint can and a brush. The "tray" makes it an easy matter to move the paint from place to place.

Building? Remodeling?

... It's Easy with **PLANKWELD**

Wood Walls Anyone Can Install

Do you know that it is really very easy to wood panel a room? You don't need to know how. Anyone can do it—with Plankweld, a new kind of Woodwood Plywood.

Put Plankweld right over old walls if you're remodeling, or on studs if you're building. Faces are already finished, and fastening is done with clips—no nails show. Plankweld is beautiful and permanent—lasts a lifetime without any repainting. Made in a variety of fine woods.

TIMKEN

Silent Automatic OIL HEAT

WALL FLAME METHOD

ONE MOVING PART for Dependable, Long-Lived Service!

In this one moving part is found the principal reason for Timken's money-saving dependability . . . for durability so pronounced that tens of thousands of Timken owners are unable to recall when their burners were installed. Here, too, is a big reason for quiet operation.

HAVE YOUR OIL BURNER INSTALLED NOW!
