Former Sen. Bender Denies Bribe

12 Reservations Remain for Press Theater Tour

The curtain will soon come down on reservations for The Pontiac Press' 1959 Theater Tour.

★ ★ ★

Only 12 more reservations are available for the annual trip to the Great White Way.

Seventy-three Pontiac theater-goers have already signed up for the trip, which features five smash hits on Broadway.

They will leave the morning of Sept. 14 and return Sept. 19 via luxurious American Airlines flights.

ORCHESTRA SEATS

While in New York, they'll have orchestra seats to "Destry Rides Again," "Flower Drum Song," "Marriage-Go-Round," "Pleasure of His Company" and "Redhead."

Among the stars Press theater-trippers will see are Gwen Verdon, Andy Griffith, Cornelia Otis Skinner, Cyril Ritchard, Charles Boyer, Claudette Colbert, Juanita Hall, Pat Suzuki, and Miyoshi Umeki.

There'll be lots of time for sight-seeing too.

★ ★ ★

Reservations are going like hotcakes. Before it's too late, send in yours. Reservation coupons are available on page 2 of today's paper.

Legislators Set Sights on Plan for Income Tax

But Vote Themselves Long Holiday Before Tackling Problem

LANSING (AP) — Frustrated Michigan lawmakers wrenched themselves from a state of lethargy today and got set to tackle a flat rate income tax plan and maybe a pair of use (sales) tax packages.

Their immediate concern, however, was whether to take a four or five day holiday this weekend.

Anticipating little progress in ending the stalemate over taxes, the House yesterday agreed to adjourn from noon today till Monday night.

The Senate at first concurred, then abruptly voted later to call off deliberations until Tuesday night.

Meanwhile, legislators showed increasingly acute symptoms of restiveness and pocketbook pangs in their so far fruitless effort to write a new tax program for Michigan.

Rep. William Romano (D-Warren), with an assist from Rep. Farrell E. Roberts (R-West Bloomfield Township), came out with details of his plan to exempt food from the sales tax at a loss of 60 million dollars.

To make up the difference and net the state 157 million dollars, he would raise the use (sales) tax to four cents and impose 14 other new or increased taxes.

Today was the 115th day of the session, three days short of a record.

The calendar of remaining bills shrank steadily, with the prospect that legislators soon would be staring at nearly empty worksheets. It was hot and sticky at the Capitol.

Summer vacations have been postponed, voters back home were increasingly critical, businesses, farms and other sources of livelihood were hurting for lack of attention.

★ ★ ★

Legislative expense accounts were depleted but expensive hotel living continued.

"I've had about enough of this. It's for the birds—this doing nothing two or three days a week," said Rep. Einar Erlandsen (D-Escanaba).

Sen. L. Harvey Lodge (R-Drayton Plains) stated, "We're taking a tremendous loss staying here, a tremendous beating.

DSR Chiefs Applaud New GMC Buses

General Motors Truck & Coach officials hope Detroit DSR officials liked what they saw when they inspected shiny new buses rolling off the production line yesterday.

DSR commissioners came to the Pontiac plant thinking maybe it was about time to scrap some or all of their 844 old buses for some of the more modern 190-horsepower, Diesel-driven coaches.

★ ★ ★

"It would naturally mean more business for us," declared one Truck Division spokesman.

DSR General Manager Leo J. Nowicki said when the DSR Commission meets Monday it will decide on when to advertise for bids on new buses and for how many.

He added: "They (General Motors) are turning out the best piece of equipment I've seen in the industry.

★ ★ ★

"I only wish they were making them in Detroit, where we have so much unemployment."

The new city transit buses, actually unveiled for the first time in February, include forced air ventilating systems, various colors, picture windows which add up to 93 per cent more total glass area than former models had, fluorescent lighting inside, anodized aluminum paneling inside looking like leather, and many other features.

All are hoped to make bus riding—which has gone steadily downhill in recent years in most cities—more attractive.

★ ★ ★

The new $25,000 buses also have a new air suspension system "which makes them ride like a passenger car," according to the GMC official.

Nowicki estimated that it would cost the DSR $17,500,000 to replace the 800 present coaches with 700 new ones. The new models carry 53 passengers.

Local officials said the order, should it be placed, would be one of the largest in the division's history.

Linteau Seeking Bus Franchise

Convicted Teamster Is Asking State to OK Airport Service

Michigan officials were privately "stunned" today by the criminal record of a former Pontiac Teamsters officer who is asking the state for a franchise to run a limousine bus service in the public interest.

A hearing was held this morning by the Public Service Commission in Lansing on the request by Louis C. Linteau, Pontiac man who has been convicted twice for shady business deals.

William L. King, chairman of the Commission's Motor Transportation Division, said a decision on Linteau's application may be made later this week.

King declined to comment publicly on whether Linteau's criminal past would have any bearing on the Commission's decision.

Linteau, former secretary-treasurer of Teamsters Local 614, wants to operate shuttle service between Pontiac, Birmingham, Pontiac Municipal Airport, Detroit Metro Airport and Willow Run Airport.

Now a new car dealer, Linteau's partner in the proposed bus line is Thomas N. Bancker, general manager of Fleet Carrier Corp., 586 E. South Blvd.

★ ★ ★

Linteau's criminal record was brought to the attention of the Commission only a few minutes before the hearing.

While Linteau did not appear in person before the Commission, Bancker did.

WITHDRAWS OBJECTIONS

A Detroit limousine operator raised objections at the hearing on grounds that the proposed bus service would overlap his own.

The objections were withdrawn, however, when Bancker gave assurances that the proposed company would not make any intermediate stops between Birmingham and the Wayne County airports.

Linteau's Teamster job ended in 1954 after he and four other Teamster leaders were indicted by a Wayne County grand jury on charges of conspiring in a $100,000

BEFORE RACKETS COMMITTEE — The Senate Rackets Committee today questions former Sen. George H. Bender (R-Ohio) about his statement before it Wednseday that he received no money or political support from the Teamsters Union in his 1954 campaign. He now heads a corruption probe of the union sponsored by its president, James R. Hoffa.

Tells Kennedy Implication Is 'Damnable Lie'

Says He Never Worked to Drop Charge Against Ohio Teamsters

WASHINGTON (AP) — Former Sen. George H. Bender today denounced as "a damnable lie" implications he got a bribe or favors as chairman of a House Committee that dropped charges against Ohio Teamster officials in 1954.

He made his vehement denial after Chairman John L. McClellan (D-Ark), of the Senate Rackets Committee said a witness implied yesterday that the charges were dropped after payment of money "to pull strings."

"It's a damnable lie and I resent it," Bender shouted.

"The witness said it, not I," McClellan countered.

"We'll," Bender replied, "it was drawn out by your counsel (Robert F. Kennedy). No charges were dropped. A report was made to Congress on the hearings. . . . No strings were pulled with me."

Bender accused Kennedy of headline-hunting at his expense in raising the implication.

He added in voluntary testimony before the committee that Kennedy "is trying to ride herd on me" because Bender took a job from Teamster President James R. Hoffa to investigate corruption in the union.

★ ★ ★

"For him (Kennedy) to infer in questions . . . that Sen. Bender received a bribe of $40,000—I resent it deeply," Bender said, referring to himself in the third person as he often does.

Bender contended that Kennedy had raised the implication yesterday in questioning an Ohio Teamsters Union official, James Luken of Cincinnati.

Bender said he was deeply hurt at implications that he would take a bribe, particularly because he might some day want to run for political office again.

He had told the committee yesterday that he never accepted any money for political support from the Teamsters in 1954, when he was heading the House investigating group, and also running for the Senate.

Homeowner Coldly Greets Bullet at Front Door

An Oxford Township homeowner, upset because rifle bullets occasionally whiz around his home, learned why yesterday.

His home is in the line of fire of Orion Gun Club members.

The unsettling news was learned by Thomas Umphrey of 940 Sebek Blvd. after Oakland County sheriff's deputies investigated his complaint that a bullet hit his front door.

The bullet then ricocheted over to the home of Mrs. Donald Bogner, 882 Sebek Blvd., zipped past her ear, and lodged in a fence on her property.

"I heard it sail right past me," Mrs. Bogner told deputies.

They found the 348 caliber rifle slug on the ground by the fence.

Returning to Umphrey home, deputies found a 30 caliber slug in the side of the house.

★ ★ ★

Umphrey told them that a year ago a bullet zoomed through two rooms before lodging in a wall of the house.

Deputies, upon investigation, discovered that the home was in line of fire of the Orion Gun Club rifle range, more than a mile away.

Officials of the Gun Club were shaken when they learned of the bullets winging their way into the residential neighborhood.

★ ★ ★

They assured deputies that sufficient butts would be placed behind the targets to arrest the progress of the bullets, and to cease firing until corrective measures were taken.

Gloomy Doctors Booted by Long

Only One Remains as Governor Is Annoyed by Medical Swarm

BATON ROUGE, La. (AP)—Gov. Earl K. Long sent a team of doctors packing today after they brought in a glum report on his mental and physical condition.

★ ★ ★

An aide said the governor found it annoying to have too many doctors around him. One of them, Dr. William Cook, remained on call, however, as needed.

The team of physicians who examined Long late yesterday found cause for concern about his failing health.

However, a midmorning bulletin from Long's executive secretary, A. A. Fredericks, denied reports the governor's family was being summoned to his bedside.

The report read:

"Gov. Earl K. Long spent a restful night last night . . . as a matter of fact, his condition is so improved that a team of doctors who called on him late yesterday decided an attending physician is now unnecessary . . .

"Gov. Long rested better last night than he did Tuesday night . . . he continues to take food and is getting adequate nourishment, thought he is not eating as much as the doctors urge."

A high state official reported last night Long was "failing rapidly."

A team of six doctors said the Louisiana governor "seems more fatigued than he has been prior to this time."

On the other hand, a state legislator said "he's not as bad off as reports say."

The conflicting reports on the 63-year-old governor's condition were made at the executive mansion in the capital.

★ ★ ★

Long, who stayed up past midnight before an aide dimmed lights in his room, announced through his office yesterday he plans to take a vacation beginning tomorrow. It will last for several weeks.

The high state official, who asked not to be identified, stated he believed Long was "at a point of no return."

The official said the governor's sister, Mrs. Wilma Hunt, has called several members of the family to Baton Rouge and that more were expected today.

Danish Boat 'Overloaded' When Blast, Fire Kill 53

HADERSLEV, Denmark (AP)—The Danish Shipping Inspection Board said today the pleasure boat Damende was "loaded far beyond her capacity" when she exploded and burned, killing at least 53 persons.

As frogmen searched for more bodies in the waters of a park lake where the disaster struck Wednesday the government agency in its first findings said the 45-foot excursion boat carried only 37 lifebelts.

The agency said the Damende's capacity limit recently was reduced to 35 from its original limit of 75. Officials believe at least 94 passengers were aboard.

A gasoline line used to connect the Damende's engine with a reserve tank was found in the wreckage.

The agency said this was a makeshift hookup and that some gasoline may have seeped and started the fire.

There was no comment from the skipper-owner of the boat. He was in a hospital, critically burned.

★ ★ ★

Panic was blamed for increasing the death toll among the gay picnickers returning from an outing at this southern Denmark resort. The injured skipper, unable to stem the panic, beached his craft.

Some victims died in water so shallow that adults could have walked ashore. Panicky passengers capsized a rowboat trying to rescue them.

Others, some of them mothers with babes in arms, escaped by leaping overboard.

Police said many of the victims were children and elderly women, who had come to the resort for a day in the sun.

Some foreigners, including Germans and Belgians, were among the missing. As far as was known, no Americans were aboard.

IN VIEW OF SHORE

The boat was returning with passengers from a picnic area along the 1½-mile lake when disaster struck within full view of many sunbathers on the shore and pleasure craft in the water.

Fourteen of the survivors were hospitalized with burns. Some, including Capt. Hans Riistofte, were in critical condition.

Survivors said Capt. Riistofte tried vainly to calm the passengers and reach the lifebelts. While flames shot out of the engine room the panicky crowd beat him back, and he returned to the wheel.

Riistofte and a ticket collector were believed the only crew of the small boat, which carried picnic parties along the wooded shores of Haderslev Park Lake in this quiet South Jutland resort 30 miles north of the German border.

His Courtroom 'for the Birds,' so Doty Leaves

Veteran Oakland County Circuit Judge Frank L. Doty found out first hand yesterday that his courtroom was "for the birds."

★ ★ ★

At least two supposedly mating pigeons thought so when they literally took over Judge Doty's court, forcing him to continue his cases in his chambers.

The kind-hearted jurist, who said he now has seen "just about everything" during his 32 years on the bench here, wouldn't allow his court officer, Vance Hanger, to use too much force to drive the two birds out.

Instead, he ordered his staff and attorneys arguing cases to adjourn to his chambers.

★ ★ ★

Evidence of the invasion was still around this morning when Judge Doty and his staff cautiously poked their heads into the large courtroom to see if the visitors had departed.

Pigeon feathers lay on his desk.

Today, Judge Doty continued his cases as usual with windows closed. The pigeons cooed away merrily outside on the window ledges—"where they should be," Judge Doty remarked.

Weatherman Confident?

MOBILE, Ala (UPI)—Today is the Mobile weather bureau's annual picnic. The forecast is for scattered showers. "We'll hold it anyway and hope we're wrong," said chief forecaster Billy Tilson.

Life's Odd in Heat

LONDON (UPI)—It was so hot—over 90 degrees—yesterday that: dog owners were invited to walk their pets on the ice of an indoor rink, and a cookie factory was forced to close because the chocolate ran.

Fair Weather to Hold Through Tomorrow

It'll be mostly fair with little change in temperature tonight and tomorrow in the Pontiac area, according to the U. S. Weather Bureau. Low tonight will be 62.

Tomorrow's high will again reach 82 degrees but will turn cooler Friday night and Saturday, and warmer again about Monday, the weatherman said.

For the next five days temperatures will average near the normal high of 83 and normal low of 62. A chance of scattered showers is predicted tomorrow night and again Monday with rainfall totaling one-half inch.

The lowest recording preceding 8 a.m. in downtown Pontiac was 70 degrees. At 2 p.m. the thermometer read 82.

Czechs Claim Foreign Envoys Can Travel Freely

WASHINGTON (AP) — The Czechoslovakian Embassy today disputed reports that its government has restricted travel of foreign diplomats. It said diplomats and foreign visitors are free to travel anywhere in that country.

★ ★ ★

State Department press officer Lincoln White told a news conference Tuesday that the Czechs had hindered travel by some U.S. diplomats. He indicated the United States might retaliate and restrict travel by Czech diplomats in this country.

The Czech Embassy said the reports were "not based on fact."

Drowns Fishing in Orchard Lake

Wyandotte Man Falls From Boat, Believed Sunstroke Victim

Apparently overcome by sunstroke, a 25-year-old Wyandotte man drowned yesterday afternoon in Orchard Lake after falling from a boat from which he was fishing with his brother.

Oakland County sheriff's deputies who recovered the body of Robert Cronkhite after almost an hour of diving believed he suffered a sunstroke.

Oakland Drowning Toll in '59

Cronkhite had been fishing since 6:30 a.m. with his brother, Harrison Cronkhite Jr., 28, of Taylor Township.

"He looked as though he was looking for a bee flying around his head," the distraught brother told Orchard Lake Police. "Then he just keeled over and fell overboard."

Harrison jumped overboard and tried to help his younger brother. "I got him up twice but he was heavy and kept slipping away. I had to let him go."

Sheriff's Dept. skin-divers William Jackson and Medward Tessier worked until shortly past 3 p.m. before Tessier located the man's body in about 10 feet of water 100 yards from the north shore, which is bordered by Commerce road.

The victim was a good swimmer, his brother said.

U.S. 'Toiling Masses' Cold-Shoulder Kozlov

CHICAGO (AP)—The current Soviet traveling salesman tour in the United States appeared today to be running out of steam and enthusiasm.

As he did elsewhere, First Deputy Premier Frol R. Kozlov got along famously with some of the capitalists.

But the proletariat — the people the Communists invariably call the "toiling masses" — continued to greet his presence with a tremendous surge of apathy.

This lack of public interest has marked Kozlov's entire cross-country barnstorming journey.

A count of noses Wednesday night at the Drake Hotel disclosed that there were exactly 49 persons waiting to see the departure for dinner of the man who some say may succeed Premier Nikita Khrushchev.

None of the spectators looked like members of a toiling proletariat. Some were there only because a police line impeded their progress. Nobody was excited.

★ ★ ★

This is beginning to make the Soviet propagandists on the tour appear a bit desperate. Time is running out and the toiling proletariat has yet to make its appearance to cheer—or even look at—the representative of a movement sworn to "liberate" them.

STRAIN FOR PHOTOGRAPHERS

If a Soviet documentary film shows Moscow audiences crowds lining the route of Kozlov's motorcade into Chicago, it will be because the arrival coincided with the evening homeward bound rush hour.

The crowds waited to cross streets through thick traffic. Two Soviet newsreel men, riding in an open convertible, trained their cameras on the street corners and tried, each by waving his free hand furiously, to persuade some in the crowd to wave back. This could provide at least a semblance of cheering masses for a documentary on the trip to be shown back home in the U.S.S.R.

★ ★ ★

But nobody waved back. They just looked. A few waved the other way in gestures indicating the Soviets ought to go home.

★ ★ ★

The film chroniclers of the Kozlov tour had other troubles, too. In order to get any crowds at all, they had to take in the endless bumper-to-bumper traffic, most of it shiny new cars owned by members of the toiling masses.

CAUGHT SLUM SCENE

But the film chronicle will have one item of propaganda value. On the way to the Inland Steel Co. plant in East Chicago, Ind. Wednesday, the motorcade passed a tiny, squalid slum of a few tumbled down tenements. The newsreel men trained their cameras hungrily on the slum and a few poorly dressed Negro children nearby. They had few such opportunities on the other legs of their cross country tour.

★ ★ ★

The cameramen also got some footage on power plants, bridges, rail yards, intersecting highways, lake shipping centers and transmission towers on the long ride to East Chicago. State Department security men in the front seat of their car did not interfere.

★ ★ ★

Kozlov himself was wined and dined Wednesday night at the South Shore Country Club. Edward Logelin, vice president of United States Steel Corp., was the host and steel executives were among the guests. Kozlov, a metallurgist, had toured steel plants during the day and had spoken glowingly of trade, peace and friendship.

Kozlov's schedule today included a meeting with Mayor Richard J. Daley, a visit to mechanized farms for growing corn and a visit to a typical American farm home.

Cindy Flunks, Still Kills One

Short-Lived Hurricane Is Now Only a Storm Over the Carolinas

CHARLESTON, S.C. (AP)—Tropical storm Cindy — a hurricane for only a few hours and hardly worth the designation — crawled northward through the Carolinas today after swirling ashore north of here Wednesday night.

★ ★ ★

While the storm did little damage, it was responsible for one highway death. H. H. Higgins Jr. 41, a Georgetown, S.C., lawyer, was killed when his car hit a tree that was blown across U.S. 17 about 20 miles north of here where Cindy came ashore.

Cindy, born in the Atlantic 200 miles offshore Tuesday, at one time Wednesday reached hurricane force of 75 miles an hour.

However, by the time she hit the coast at Bull Bay, at 9:45 p.m. she was losing her punch.

BREAKS UP INLAND

Gusts of 60 to 70 miles an hour were recorded. Then the storm began moving inland and breaking up. Tides quickly began receding after reaching a peak two and a half feet above normal at Georgetown.

★ ★ ★

Just 15 minutes after the storm hit the coast, the Charleston Weather Bureau advised the thousands of evacuees from nearby beach areas that they could return safely to their homes.

Thousands of persons — many of them vacationers — moved to Red Cross shelters as Cindy prepared for a thrust at the shore.

★ ★ ★

Of the total population of 6,500 in the areas of Folly Beach, Sullivan's Island, the Isle of Palms, only about 600 remained in their homes to ride out the storm.

McClellanville, just above Bull Bay, probably took the brunt of the storm, but relatively little damage was reported. Communications were reported on an "off and on basis" for a time last night.

Up the coast at Georgetown, the Sampit River, paralleling the main street, overflowed and flooded some business places.

1ST OF SEASON

Cindy was the first Atlantic storm of the season. Two storms have formed in the Gulf of Mexico. Arlene built up on May 28 and Beulah on June 16.

★ ★ ★

Arlene blew into Louisiana and Mississippi, and Beulah into Mexico.

In 1957, Linteau and several others were indicted by a federal grand jury in Detroit in what authorities charged was a GI home fraud in a new Waterford Township subdivision.

Linteau pleaded guilty to making fraudulent statements to the Veterans Administration and on Feb. 13, 1958 was placed on six months probation by Federal Judge Frank A. Picard.

'Won't Hurt . . . Might Help Somebody'

Prisoners Eager to Donate Their Blood

SANTA FE, N. M. (AP)—"I figure it won't hurt me and it might help somebody on the outside."

That's the way a graying convict in the New Mexico State Prison summed up his feelings about donating a pint of blood to the Southwestern Blood Bank.

He was among dozens who gave 100 pints at the penitentiary Wednesday.

The idea of this "wholesale" reservoir of blood took shape just recently, and Warden Harold Cox says he knows of no other prison—or any other institution or organization — where such a large-scale operation has been set up on a regular basis.

During the first large scale donation last week, inmates gave 100 pints. This time 100 more men each gave a pint. Another 100 will donate next week.

The prison has more than 300 donors listed, and 100 others of the 1,200 inmates housed in the institution were turned away because of physical defects.

"More and more are volunteering each day," Cox said.

The warden said the donors would be allowed to give one pint every four months to the blood bank.

Allowed? Well, each donor gets 15 days knocked off his sentence each time he gives a pint of blood.

But that doesn't seem to be the whole story. Others in the line waiting to donate spoke up when they were asked why they gave.

"I used to be afraid of these things—until I got in the service—but no more," said one young prisoner. "I gave blood about every four or six months on the outside."

★ ★ ★

Another older man said: "fifteen days doesn't mean anything to me. I'm here on an indefinite sentence. I just give blood because I figure it must help somebody."

Maybe Warden Cox has part of the answer for the thinking of these men.

"I honestly think it boosts their morale," Cox said. "When an inmate gives blood, he gives part of himself. It's like the boost they get in repairing or making toys for Christmas."

Morrie Sherman in Court July 15

Set Bribe Charge Hearing

Oak Park Municipal Judge Burton R. Shifman has set July 15 for a preliminary trial examination of Morrie Sherman, Detroit union business agent charged with bribing an Oak Park restaurant owner.

Judge Shifman set a $500 bond on Sherman, 50, of 17592 San Juan St., after the licensed boxing referee appeared before him late yesterday and demanded examination. Bond was met.

The Oakland County Prosecutor's Office yesterday issued an order for a warrant charging Sherman and an unidentified "John Doe" accomplice with bribery. Police today continued their search for the second man.

"We've got numerous people who can identify him," said Assistant Prosecutor Jerome K. Barry Jr., "but so far we have no idea exactly who and where he is."

Barry said the man had accompanied Sherman to Danie's Restaurant, 8410 W. Nine Mile Rd., several times attempting to pick up alleged shakedown money.

Daniel Lambard, 36, owner of the restaurant, agreed to go along with a police suggestion that he pay Sherman and this other man $50 in marked bills Monday after Sherman demanded the money. Lambard said he was told the money would mean Sherman's Local 705 of the Hotel and Restaurant Employes and Bartenders Union, AFL-CIO, would not attempt to organize his employes.

Sherman, a former state welterweight boxing champion, was nabbed Monday in a pre-arranged plot. The second man wasn't with him then according to Sherman, Barry said.

"Sherman is being rather evasive on what this man's real name is," the assistant prosecutor said.

Prosecutor Frederick C. Ziem said his office settled on a bribery warrant instead of charging the two with extortion because of the lack of a threat to Lambard if he didn't pay. "This was just the opposite," Ziem said, "Labor peace was promised."

Two Youths Fined for Stealing Hubcaps

Two teenage boys pleaded guilty yesterday to stealing hubcaps off cars in the Pontiac Motor Division parking lot before Municipal Judge Cecil McCallum. They were fined $5 each and placed on probation for 90 days.

The two youths, arrested early Tuesday morning, are Joseph N. Gaylor, 18, of 34 North Shore, Lake Orion, and William R. Raymond, 17, of 3070 Indianwood Rd., Lake Orion.

Long Holiday First, Legislators Decide

(Continued From Page One)

We're going to fight this (tax battle) out to the last ditch but I can't see any reason for coming back before Tuesday."

In such an atmosphere, House Speaker Don R. Pears (R-Buchanan) and Rep. Joseph J. Kowalski (D-Detroit), Democratic floor leader, yesterday both predicted a break in the tax deadlock sometime next week.

The House Taxation Committee might have got the ball rolling when, after several false starts, it released the flat rate income tax plan authored by its chairman, Rep. Rollo G. Conlin (R-Tipton). The vote was 9-0 with two members abstaining.

Conlin had been holding the 11-bill package in cold storage while the fate of the Republican-backed use (sales) tax bill was decided. Tired of dilly-dallying, however, he decided yesterday the time was ripe for decisive action.

The plan, first disclosed months ago, is keyed to a two per cent tax on personal income and allows the same deductions and exemptions as the federal income tax schedule. Corporations would be taxed at five per cent and banks and other financial institutions at seven per cent.

Removal of sales or use tax exemptions on telegraphs, telephones and leased wires, commercial advertising and federal construction projects would add another 15 millions for a gross yield of 233 million dollars.

As concessions to business, Conlin proposed repeal of the business activities tax and the intangibles tax and virtual elimination of the corporation franchise levy and some minor taxes. The net yield would come to 142 million dollars a year.

He Has No Legs, but He Has Grit, Bible and Jokes

KENNEY, Ill. (AP)—The barrel-chested man with no legs sits on a platform pounding cherry-red steel into shapes and instilling hope and encouragement into the hearts of his friends.

★ ★ ★

Andrew Dever, 73, has been practicing the dying art of blacksmithing around Dewitt County since 1904. One of his legs was amputated in 1953, possibly as a result of his diabetes. In 1956 he suffered a stroke. Last year his other leg was taken off.

★ ★ ★

"Stop working?" Dever scoffed at a newsman. "I enjoy my work. Some mornings I maybe don't feel so good and it'd be easy to just lie there in bed.

"Then I dress myself, swing over into the wheel chair and out to the shop I go. I work up a sweat. I sing a little and pretty soon it's a beautiful day."

Dever lives with his wife, Goldie. Their daughter, Ethel, helps Dever out in the shop, bringing him tools and food.

The newsman asked Dever what kept him going despite his handicap.

"A little grit," he replied. "A few jokes a day and the Bible."

U.S. Forced to Pay Top Dollar for Loan

WASHINGTON (AP) — A near-record interest rate on government borrowing pointed up today the Eisenhower administration's contention it must be permitted to offer more for long term bonds.

★ ★ ★

The Treasury announced Wednesday night it will pay nearly 4¾ per cent—the highest rate in 38 years — to borrow two billion dollars for a year. The rate was determined by bids.

★ ★ ★

The announcement came a few hours after the House Ways and Means Committee approved a compromise plan permitting President Eisenhower to set aside the 4¼ per cent interest limit which the law puts on bonds issued for five years or longer. The authority was limited to two years.

★ ★ ★

There was no direct relation between the committee's action and the Treasury announcement. There is no legal limit on the interest rates for securities to be repaid in less than five years.

Inquest Begins in Police Killing

Coroner Looking Into Shooting of Mexican Citizen by Detective

A coroner's inquest into the shooting of a Mexican citizen killed by a Pontiac police detective was to be held today at 1:30 p.m. in the Oakland County Courthouse.

★ ★ ★

The inquest was requested by Albero Becerra Sierra, Mexican consul in Detroit, two days after the Mexican, Manuel Gomez, 53, of 38 W. Wilson Ave., was fatally shot by Det. August R. Martinez.

Martinez shot Gomez on June 22 after police were called to the Mexican's apartment by neighbors. They said Gomez had apparently gone berserk.

The shooting was on the second floor of Gomez' tear-gas filled terrace apartment. Martinez said he fired at the Mexican after he failed to heed the officer's pleas to stop swinging a knife with a 14-inch blade.

★ ★ ★

Martinez was slashed in the arm.

With Martinez in the building was Patrolman Gerald Navarre.

The Mexican consul said the shooting had been the subject of controversy in the Mexican press, with the incident being described as one of "police brutality."

★ ★ ★

He said the Mexican community in Pontiac had also vigorously protested the killing.

Oakland County Chief Assistant Prosecutor George F. Taylor reluctantly agreed to the inquest, although remarking he saw no reason for holding one.

★ ★ ★

He said some 12 witnesses would be called to testify at the hearing, which will be held in the courtroom of Circuit Judge Frank L. Doty.

Former Sen. Bender Shouts Bribe Denial

(Continued From Page One)

yesterday from two Teamster officials. They said they heard William Presser, head of the Ohio Conference of Teamsters, announce that the union was shifting its support from Thomas Burke, the Democratic senatorial nominee, to Bender. Bender defeated Burke for the Senate seat of the late Robert A. Taft.

'NOT OFFICIAL'

Bender told the committee today that he could produce thousands of affidavits that he received no such "official" support.

★ ★ ★

He said he had been active in politics for 20 years or more, and that it was entirely possible that some Teamsters did support him individually.

"When you run for office, you have to have the votes of the washed and the unwashed as well," he said.

"If cats and dogs could vote, I'd shake hands with them," he said at another point, as an indirect reply to reports that he had posed with Presser for photographs after the House subcommittee had denounced Presser.

★ ★ ★

He denied bottling up the subcommittee's report denouncing Presser. He gave the Rackets Committee a copy of the printed report he said his subcommittee had made to the House Government Operations Committee. He said he assumed the report was pigeonholed by the committee in 1955 when Democrats won control of the House.

The Day in Birmingham

Two Boys Suffer Injuries as 'Scooter Runs a Light

BIRMINGHAM—Two boys were hospitalized yesterday with injuries received when their motor-scooter ran a red light and collided with an automobile at Maple street and Hunter boulevard.

★ ★ ★

Witnesses said that Louis A. Bregand, 15, son of Mrs. Monya Bregand of 4050 Fairlane Rd., Bloomfield Township, was driving his scooter west on Maple when he ran the red light at Hunter boulevard.

It was struck by an automobile driven by Steven J. Wilber, 18, of Saginaw.

Bregand suffered a deep gash on the back of his head. His passenger on the scooter, Dennis Patria, 15, son of Mr. and Mrs. Aldo Patria of 2117 W. Maple Rd., received a fractured right leg.

★ ★ ★

Both boys were taken to William Beaumont Hospital, Royal Oak, where Patria was reported in "satisfactory" condition this morning. Bregand was treated and released yesterday.

★ ★ ★

The accident occurred at 3:15 p.m. Bregand was ticketed for violation of a traffic signal.

Registrations for the four-week supervised recreation - dramatic program for children six years of age and older are now being accepted at Will-O-Way Apprentice Theater, W. Long Lake road, Bloomfield Hills.

★ ★ ★

The program includes a combination of recreation activities and speech and dramatic training. It will begin July 20, on Mondays through Thursdays, from 9 a.m. to 12 noon.

Instituting a new service to Beverly Hills residents, the village Department of Public Safety this week began issuing drivers' licenses.

From now on, original licenses will be issued at the village offices, 18500 13 Mile Rd., between 1 and 5 p.m. Tuesdays and Thursdays.

Road tests will be limited to Thursdays during the same hours.

★ ★ ★

Beverly Hills residents formerly were required to go to Pontiac for original drivers' licenses.

Beginning Friday, the Teen Center at Birmingham YMCA on Lincoln street will offer activities weekly during the summer, from 8 p.m. until midnight.

Activities will include dancing, bridge, pool, ping-pong, group singing and special events.

The Lions Club of Birmingham will provide chaperones during the month of July.

Pick Principal at Washington

William Lacy Named to Top Post at City's Junior High School

After serving Pontiac schools for 14 years, William J. Lacy, 847 Menominee Rd., has been appointed principal of Washington Junior High School. He will take over the post this fall.

★ ★ ★

Lacy was named chairman of the Business Education Department at Pontiac Central High School in 1954, and was assigned to the administrative assistant's post at Central in 1957.

Lacy received his bachelor of arts degree in education from Western Kentucky Teacher's College and his Master of Arts degree from Wayne State University.

He joined the Pontiac school system in 1941, but his work was interrupted by a four-year stint in the U.S. Army.

★ ★ ★

He was among 45 persons out of 2,000 applicants to receive a scholarship to the Guidance Institute at Wayne State University this summer.

6 Are Injured in 3-Car Crash

Smash in Commerce Last Night Sends All to Hospital

Six persons were injured last night in a three-car collision at Haggerty road and Pontiac Trail, Commerce Township.

All were admitted to Pontiac General Hospital.

A car driven by Mrs. Cecilia M. Grogan of Detroit, moving south on Haggerty, collided with one driven by James F. Berry of 2135 N. Hoeft St., Walled Lake. Berry was going east on Pontiac Trail.

A car driven by Frank Marotta, 35, of 3200 Oakley Park Rd., Walled Lake, which had halted on Haggerty for a stop sign, was also hit, but the driver was uninjured. He was driving north on Haggerty.

★ ★ ★

Mrs. Grogan, 63, and a passenger in her car, Cecilia M. Reid, 66, of Detroit, were both admitted to Pontiac General Hospital and are in satisfactory condition. Mrs. Grogan suffered possible neck injuries and her companion face cuts and possible head injuries.

Berry was treated for minor injuries and released. His wife, Lorraine, suffered severe head and leg lacerations. She is reported in fair condition.

The two Berry children, Robert Jr., 14 months, and Michael D., 3, were both admitted with possible skull fractures and cuts about the face. They are in fair condition.

Jailed 60 Days in Drunk Driving, Assault-Battery

A Detroit supermarket clerk was found guilty on separate counts of drunk driving and assault and battery yesterday by Novi Township Justice Robert K. Anderson.

★ ★ ★

Joseph Bray Jr., 24, of 2840 17th, was sentenced to 60 days in the Oakland County Jail on each count.

According to Redford State Police, Bray had tried to run down his wife's friend, Mrs. Geraldine Shoemaker, who had just gotten out of the car, and also a passing motorist, Leo Harrawood, who had come to her aid.

Bray's wife told police he had been drinking and "weaving his car all over the road."

Mrs. Shoemaker had left the car in protest of Bray's driving.

Old Matches Were Danger

Modern Type Invented by English Apothecary in 1820s

WASHINGTON—John Walker, an English apothecary who died 100 years ago, has saved many a man from a singed beard.

★ ★ ★

The druggist made the first friction match, a foul-smelling but relatively safe lighter on which the modern match industry is based. Walker sold 100 Sulphurata Hyperoxygenta Frict to his first customer in 1827. Today the United States alone produces 500 billion wood and paper matches a year, the National Geographic Society says.

The first friction matches were three inches long, tipped with antimony sulphide, potassium chlorate, gum arabic and starch. When pulled through a fold of sandpaper, they ignited with a series of popping explosions and a shower of sparks.

Despite these pyrotechnics, Walker's matches were safer and more convenient than previous lighters and many marketed later.

★ ★ ★

In 1781, the Phosphoric Candle or Ethereal Match appeared in France. A sealed glass tube held phosphorus-tipped paper, which burst into flames when the tube was opened to expose the chemical to air.

The Instantaneous Light Box was popular in the United States a few years later. The package consisted of chemically treated splints and a small bottle filled with sulphuric acid. The sticks, which cost $2 for 50, were dipped into the acid to create a flame—and obvious dangers for the user.

It must have taken a truly brave man to try the Promethean Match, introduced in 1828. He had to risk glass splinters, acid burns, and a scorched mustache. A glass capsule was filled with sulphuric acid, coated with potassium chlorate, sugar and gum, then wrapped in paper. When the vial was broken with the teeth, the mixture of acid and cholorate ignited the paper. The Promethean never became popular.

★ ★ ★

Two years after Walker introduced his matches, Samuel Jones of London marketed his Lucifers, based on the druggist's invention. Jones printed this warning on the boxes:

"If possible, avoid inhaling gas that escapes from the combustion of the black composition. Persons whose lungs are delicate should by no means use Lucifers."

Going to a Fire? Check on Insurance

ST. JOSEPH, Mo. (UP) — St. Joseph firemen now take it easy when they go to a fire.

★ ★ ★

The drivers license of one fireman was suspended under the state financial responsibility law even though he was exonerated of any blame in a traffic acident.

The law provides that a person must carry liability insurance or be financially able to pay off any damage claims.

Firemen said that since they have no liability isurance to protect them in city-owned trucks, they are stopping at red lights and stop signs when answering alarms.

Enthusiastic Firefighter Cleared of Charge

BUFFALO, N.Y. (UPI)—Local firefighters were on the job at a general alarm blaze in nearby Lackawanna, but Raymond J. Schafer, 40, decided that Buffalo firemen should also get in the act.

His appeal for a neighbor's help got Schafer arrested on a charge of sounding a false alarm. But the judge dismissed the case on grounds that Schafer didn't mean to commit a criminal act.

Completely pure substances are not known to chemistry but of all compounds, common sugar is the purest with an average of about 99.9 per cent pure sucross.

'Dollar a Head' New Park Plan Impractical

Few institutions — if any — give more money and time to public service than The Pontiac PRESS.

We consider ourselves pretty fair sideline experts in money raising projects; and we pronounce the current "new park" plan just about hopeless. Someone suggests 80,000 people in Pontiac give a dollar apiece to raise $80,000 for a new park.

★ ★ ★

We favor a new park.

We endorse the idea warmly.

But we regard this money raising proposal as visionary. If you sent an army of 500 citizens pounding the streets of Pontiac for a week you couldn't raise $10,000 through this eye dropper method. It's a noble theory and a God-given thought, but it has never stood the test of practical application anywhere.

★ ★ ★

Until 50 per cent—or more—of the $80,000 is in sight or actually in hand, the proponents of the new park better find another method. Commissioner DONALDSON has generously donated a thousand dollars. But two dozen more of these won't take us very far toward the goal.

★ ★ ★

To repeat: over the last half century, very few institutions in this area, if any — have given more time and money to public projects than The Press. We expect to continue indefinitely. But we feel the dollar a head from 80,000 people is impractical.

Acheson's Criticism of Eisenhower Is Ridiculous

DEAN ACHESON bursts into print with a sharp criticism of President EISENHOWER'S "niggardly defense policy." This old-time freeloader and free spender wants to wallop the taxpayers for an additional seven billion dollars a year "for four or five years."

Phew!

★ ★ ★

Had it ever occurred to him that DWIGHT D. EISENHOWER is probably the greatest military expert in the world—offensive, defensive and peace time. Let's use his judgment — instead of ACHESON'S.

★ ★ ★

What a relief to have this misguided crackpot on the side lines where he can't get his sticky fingers in the public trough. His idea has been greeted by a concerted "boo" and raucous jeer from the taxpayers that can be heard two miles past the outer edge of the moon.

★ ★ ★

It's men like ACHESON that make compulsory retirement very popular.

Russia's Power Drive Mustn't Be Forgotten

Twenty years have passed since Russia and Germany started out to carve up most of the world between them. That time is recalled in documents just made public by the State Department.

★ ★ ★

Russia's MOLOTOV and Germany's RIBBENTROP agreed that most of Europe was to be HITLER'S domain. Russia was to have Finland, Bulgaria, Yugoslavia, Latvia, Lithuania, Estonia, part of Poland, a base in the Bosporus, sections of Iran and Afghanistan and a sphere of influence in the Far East. Neither Japan nor Italy, their other allies, was considered important enough to share in the prospective booty.

★ ★ ★

These plans became known to the Allies almost immediately. Even while plotting with STALIN, HITLER was planning to take over the whole world himself. So was STALIN.

Russia, the victorious survivor, has become a major power. The same world conquering idea that led to the Stalin-Hitler pact still is Moscow's driving dream.

This we must never forget.

Castro Is Encircled by Russian Influence

CASTRO is wobbling.

Cuban affairs aren't too good.

Ever since the picturesque and challenging figure took over, his pathway has been beset by a series of misadventures. The most recent blow is the resignation of Major PEDRO L. DIAZ LANZ, the head man in CASTRO'S air force.

★ ★ ★

Diaz asserted that the Castro administration is shot with Communists and that Fidel is well aware of the fact. From the outset, well-grounded suspicion seemed to suggest that Castro was not a disciple of the Reds himself, but that he was surrounded by entirely too many figures that did bear the brand of close Russian affiliation.

★ ★ ★

If CASTRO wants U. S. support and patronage, he must clean house and do it rapidly. Otherwise, he is going to face a battle that he isn't big enough or good enough to handle.

Drive in Country

Now Is Most Enjoyable Season of Entire Year

Umpire: Only person in the baseball park who doesn't care which side wins.

With the fields of billowing grain, the verdure that later will be dimmed with dust, and the very growing odors on every hand, right now a drive in the country in the Pontiac area is a revelation in enjoyment.

The golden yellow of the wheat, the gray of the oats, and the predominant green of all other growing things, takes one back to nature in a manner that never will be forgotten.

But you must get off the main highways if you want to see nature at it's best. The encroachment of business and house building is driving farming to the side roads.

As an example of this, there are only three fields of wheat beside the Dixie Highway in its 40-mile course across Oakland County. The same proportion is true on Telegraph, Grand River and other main roads.

Remember, we no longer have any "back roads" in the Pontiac area. You are assured of good going, even if you turn into most any side road.

Manager of Production Distribution at Pontiac Motor Division,

Buel E. Starr,

has again accepted the presidency of the Board of Education of the Holly Area Schools. This district covers the largest area in Oakland County. Buel lives in Springfield Township.

The cherry is another fruit that has had a remarkable development in the Pontiac area in recent years. Some samples from the orchard of

David Lawrence Suggests:

Congressmen Should Head Parties

WASHINGTON — There's something more fundamental than a mere difference of opinion on party policies in the controversy that has arisen between Paul M. Butler, chairman of the Democratic National Committee, and the two Democratic leaders in Congress—House Speaker Sam Rayburn and Senator Lyndon Johnson of Texas.

LAWRENCE

The real question it raises is whether anyone ought to hold the post of national chairman who is not a member of the leadership group of the party in Congress.

A national chairman nowadays has no responsibility for party policy. He is not a part of the legislative process. Nor is he part of any branch of the government. There was a time when postmasters general did serve as national chairmen, and at least this identified them with the President's Cabinet sessions where national policies were discussed.

★ ★ ★

Today, while the Democrats control only Congress, the leaders in the Senate and House do shape party policy nationally.

Plainly it is in Congress where national issues have their origin and where one party or the other must take responsibility for the kind of laws that are passed and for the way the public's money is spent.

A national chairman has no direct connection today with all this and usually uses his time mostly to go around the country working with the party organizations in the various states. But here, too, he is not alone. There are state chairmen who are supposed to build the state organizations.

The national chairman is, of course, a mouthpiece of the party, but should he be its official leader, too, and what should be his relationship to the elected leaders of the party in Congress?

★ ★ ★

The Republicans have just chosen as their national chairman Senator Thruston Morton of Kentucky. While he isn't the Senate's Republican leader, he is much more identified with Republican policy operations in Congress than Butler is.

In Britain, the two spokesmen for the major parties are part of the governmental apparatus, one being in the Cabinet and the other the leader of the opposition party in Parliament.

The true leaders of the major parties today in this country are in the government at Washington. Eisenhower is the leader of the Republican Party, while Rayburn and Johnson are really co-chairmen of the Democratic Party.

★ ★ ★

There is every reason why the two national parties should each have as permanent secretary a man of enough stature in politics to command the attention of state groups. He might be a former member of Congress or a former governor. His work would be to operate the organization through its national headquarters. But policy leadership belongs to the elected spokesmen of the two parties in Congress.

Reform in the national chairmanship situation is long overdue. Party squabbles are unhealthy no matter what their origin. The creation recently of an "advisory committee" of prominent Democrats was not received with any enthusiasm by the Democratic leaders on Capitol Hill. They frankly said that they didn't feel bound by any advice such a committee might give.

The purpose, of course, of the "advisory committee" was to get publicity for political or ideological viewpoints that, it was felt, would not be reflected by Rayburn and Johnson. Yet the device has served only to accentuate differences and to publicize factional strife within the party.

Everybody knows, of course, that there are differences of viewpoint inside the Democratic Party between conservatives and the so-called "liberals" who are really radicals at heart, but the disputes that arise are usually with reference to specific items of legislative policy, and certainly no setup should bar the free expression of ideas on any subject by any party member.

The Country Parson

We have lots more folks who'll criticize what we teach in the church school than who'll teach.

Dr. William Brady Says:

Breathe From Bellows After Angina Attack

I wouldn't even mention angina here if I did not believe that what I have to suggest to subjects of this complaint can do no harm. Whether it will do any good is for the angina sufferer to decide for himself. In any case, please remember I'm no great shakes on angina.

The emergency remedy I heartily recommend for any "attack" that bears even a slight resemblance to agina, is so homely that some Y.W.'s will reject it offhand.

DR. BRADY

The remedy is three to six inflations of the bellows.

Belly breathing, that is, not chest breathing. Trouble is a lot of knuckleheads who have been through high school and college don't know what inflation of the bellows means. They managed to cut physical education, which is just tolerated in high school and college in a make-believe fashion.

There are two types of breathing. First, natural breathing, otherwise called abdominal, belly, bellows, or diaphragmatic breathing. Second, costal or chest breathing.

Natural breathing is more efficient than chest breathing.

Besides producing greater aeration (oxygenation) of the blood, it produces better circulation than costal or chest breathing.

★ ★ ★

Older authorities thought that ordinary quiet breathing in the erect posture was the abdominal type in men, the chest type in women. Some of them thought this difference was due to the wearing of tight clothing by women. Better observers found that Indian and Chinese women who had never worn tight clothing breathed naturally, that is the abdominal type.

An unconscious person, one asleep or under anesthesia breathes with the bellows, the diaphragm, belly, or abdominal type.

A savage, or for that matter an athlete breathes with his bellows. During great exertion every intake of air expands or inflates the bellows, bag, or belly, while the chest or rib cage remains almost rigid.

If this seems confusing, just remember one thing: When you breathe, inflate your bellows and never mind your chest.

Every sedentary person past 35 should do the belly breathing exercize, six inflations, every night upon retiring. Don't wait until you have a "heart attack." Learn how to use your bellows to improve your circulation. Belly breathing is a booster pump for the circulation — what physiologists call the "aspiratory action of the thorax."

Signed letters not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Case Records of a Psychologist:

Wives, Listen to This Indictment

Wives, listen to Jim's terse indictment. And don't wail in months to come, "I never dreamed I'd ever confront the problems Dr. Crane discusses in his column." You will, so come down out of your ivory tower and get hep to reality. The sirens and paramours read this column avidly and ignore the cook books that wives like Loraine mistakenly think will insure a happy marriage.

By DR. GEORGE W. CRANE

CASE B-482: Jim B., aged 41, is the husband of Loraine, mentioned yesterday.

DR. CRANE

"Dr. Crane, I'm an advertising man," he began on the phone, "so you know I live in a hectic world of tension and pressure.

"But I like it as a career and would be quite happy if it weren't for the stodgy attitude of my wife regarding romantic matters.

"She seems to think we are old folks and should live on a platonic level normally associated with octegenarians.

"Maybe women are content when they have children to care for and a circle of women friends with whom to mingle in PTA and other worthy civic organizations.

★ ★ ★

"At least, if they also have a man to escort them places where attendance is by couples, I am wondering if women crave much more out of marriage.

"Anyway, Loraine seemed too tired after her household, maternal and society projects to show enthusiasm in the erotic field.

"So I will admit I turned elsewhere for some romantic excitement. But I would much prefer to have had the 'affair' with my wife than with any other woman I have ever set eyes on.

"Why don't wives realize how easy it is to keep a husband devoted throughout their entire wedded life?"

VOICE OF THE MALE

Well, wives, why don't you? There isn't much else that we psychiatrists have to suggest beyond Jim's own terse indictment.

★ ★ ★

You brides realize that men have a much greater gastric appetite than your own, and you even try to tempt your mates to exceed their 3,500 calories per day.

You overly tantalize your mates with tasty foods and new recipes.

And without needing logical scientific proof from us psychiatrists, you generally recognize that your husbands also have a far greater erotic hunger.

But do you ever tempt your husbands to go beyound their normal romantic hunger? Do you ever attend erotic "cooking schools" in which you learn the new recipes for adding to your seductive allure?

A lot of you single girls take special glamor courses and deligently study at Charm Schools in the hope of winning a mate.

★ ★ ★

Why don't you keep on with a little more of that interest in stimulating male attention AFTER the honeymoon?

MYOPIC FEMALES

It would be good insurance for happier marriage if the staid members of Women's Clubs would attend burlesque shows en masse just to learn how to disrobe seductively.

The sirens who win your husbands away from you, pour on the charm and keep up-to-date on the latest devices for intriguing the interest of males.

They don't confine their study to cook books, either; So why don't you wives get wise to reality and realize that it is in the bedroom where most husbands are lost; not the kitchen.

"But women aren't created to be as erotic as men" you wives may try to defend yourselves for your indifference and frigidity.

Well, you weren't created to crave as many gastric calories,

either, but that doesn't stop you from catering to your mates greater stomach hunger.

So spend more time on boudoir artistry instead of the culinary variety.

To help along this line, send for my booklet, "Sex Problems in Marriage", enclosing a stamped return envelope, plus 20 cents (non-profit).

Loraine would never have been faced with loss of her husband had she studied this booklet as diligently as she did Hoyle or her cook books.

★ ★ ★

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Voice of the People

'Can Something Be Done to Limit Horror Movies?'

Do others think as I do? Over the holiday weekend we finally got an evening when we thought we'd have time to enjoy a movie. Picking up The Pontiac Press, we found these advertised:

"The Last Blitzkreig, Alias Jesse James, Tarzan Fights for Life, Horrors of the Black Museum (in bloodcurdling color'), The Headless Ghost," and coming on Sunday were "The Mysterions and Watusi."

★ ★ ★

What kind of entertainment are theaters trying to cram down our throats? (We managed a theater years ago and my husband had a choice of picking the best for his customers.) People enjoy the ease of watching a good movie in one's car, and then all to be had are horror and killer movies. What about children who watch this?

Can't something be done to tone down and limit these and substitute more "family" pictures, especially on weekends and holidays when ma and pa and the kids like to go to a movie together?

Holly From Holmur

'What Can We Do About Pet Neglect?'

What shall I do about a neighbor who neglects her dog? It's tied to a chain not over two feet long and stands in the hot sun all day. What little water it gets reaches the boiling point on hot days or is spilled by the dog.

★ ★ ★

There are probably many dogs in the same predicament with no shelter from heat or cold. What are the laws against these things? No one is allowed to say a thing to the pets' owners. We make enemies if we inform, and who do we inform, anyway?

★ ★ ★

There should be a rule that any pet should have shelter, long enough chain and water at all times. Some owners don't even bother to feed their pets very often.

'We Must Consider This Possibility'

The world seems headed for utter destruction. If heads of different countries that are developing atomic missiles lose their heads and start using these missiles, civilization can virtually destroy itself.

★ ★ ★

This is very likely. Civilizations have existed and been destroyed, but always a few weren't destroyed and under God's laws the people multiplied and improved civilization returned to earth. This will happen again if we don't live according to God's laws of the Golden Rule, Ten Commandments and the Brotherhood of Man as taught by Christ.

★ ★ ★

If you live according to these laws and civilization is destroyed, your spiritual body will return to God. If you are one not destroyed, you'll be in a position to help start a new civilization knowing and having lived according to God's law and you can help lay a foundation to a better civilization. We should give this serious consideration.

'We Must Move to Help Tibet'

The situation in Tibet, which has been a violation of every drop of American blood shed and ever sacred thing this country ever stood for, is now far more crucial. The Reds, as revealed by the Dalai Lama, are now attempting the first genocide of an entire race (7 million) ever attempted by man.

★ ★ ★

We must act now. Every second is precious. If we don't, God will surely let us face the firing squad. Tibetans have taken to the best guerrilla country in the world and are fighting for their lives. Seventy thousand are dead so far.

★ ★ ★

America's moment to be true or false has come. Don't count on our leaders. They are living dead men. A rumbling must come from the good people of America so strong as to shake the very foundations of inhumanity both here and in Tibet.

Happy birthday, Pretzel—you. . . Are six years old today. . .We wish you many years to come. . . In which to run and play. . .You are the dearest dachshund, so. . . Affectionate, sincere. . .With stubby legs, and snout and tail. . .That stretch from there to here. . .We know you're always hungry and. . . You sleep all day and night. . .And when you see a canine strange . . .You start another fight. . .Your tummy nearly scrapes the ground . . .Your ears have covers floppy . . .But you are neat and clean and sweet. . .And very seldom sloppy. . .Indeed your only sloppiness. . .Is when you give a kiss . . .Especially when you lick the hand. . .Of our dear daughter, Kris.

Bagel Bar's Bosses Picket Pickets, Bake

TORONTO (AP)—Pickets from the bakers' union closed in on the Bagel Bar Wednesday night, and owners Rachmil Wolfowicz and Gimpel Guttman promptly picketed the pickets.

★ ★ ★

Their signs read:

"We, the owners, are fighting to make a living. We have no baking workers. We do all our own baking. Let the union organize workers elsewhere, not bosses here."

★ ★ ★

A little later they returned to their ovens and put their signs in the window.

Ike's Veto Spending Valve Encounters Cheers, Jeers

WASHINGTON (AP)— Republicans cheered and Democrats grumbled today at Presiden Eisenhower's evident determination to keep using the veto to hold down government spending.

Sen. Barry Goldwater of Arizona, chairman of the Republican Senatorial Campaign Committee, said that if Eisenhower continues to veto such measures as the housing bill "his record will be our greatest asset in 1960."

★ ★ ★

Sen. Mike Mansfield of Montana, the assistant Democratic leader, said in a separate interview that "the President has the real vote to sustain his vetoes, while we have only the theoretical vote to override them."

It requires two-thirds of those voting in both houses to enact bills into law over the President's rejection. Despite their overwhelming Senate and House majorities—they have almost two-thirds of the total membership—Democrats have never been able to hold their lines enough to override.

★ ★ ★

Because of this Mansfield conceded that the division of opinion among Democrats has made it necessary for his party to trim legislative programs to a point near Eisenhower's specifications in order to get any bills enacted into law.

Eisenhower told his news conference Wednesday he doesn't use his veto power lightly, and disclaimed any intention of gaining political advantage through its use.

"What I'm trying to do," he said, "is to get legislation passed that will benefit the United States and keep us solvent at the same time."

Mansfield said he has no fear that National Chairman Paul M. Butler's criticisms of the party leaders' programs in Congress will affect the voting result materially in next year's elections.

Butler said the Democratic chieftains of both houses look "less and less like the majority leadership in Congress."

"If we weren't fighting among ourselves we wouldn't be Democrats," Mansfield said with a grin.

★ ★ ★

With an even wider smile, Goldwater said he hopes the opposition keeps it up.

"I would be glad to pay Paul Butler's salary," Goldwater said. "He is the best thing that has happened to the Republican party in 30 years."

Goldwater added that a recent national survey by his committee indicates that Eisenhower's stand on the spending issue, combined with the President's firm position in the Berlin crisis, "has helped the Republican party more than anything he has done in the last six years."

★ ★ ★

Sen. Harry F. Byrd (D-Va) who has applauded the Eisenhower vetoes of spending bills, said he thinks the President "has made the only issue the Republicans have for 1960."

However, Sen. John Sparkman of Alabama, the 1952 Democratic vice presidential nominee, said he believes the housing veto will come back to haunt the Republicans.

Probe Train Disaster That Took 23 Lives

SAVANNAH, Ga. (AP) — With the death toll now at 23, the Interstate Commerce Commission prepared today to hear testimony on what might have caused the rail disaster June 28 at Meldrim.

The hearing seeks an explanation of what caused the derailment of 17 Seaboard Air Line freight cars on a trestle over the Ogeechee River near a crowded recreation area.

Included in the crackup were two tank cars loaded with butane. Seventeen persons died on the spot when the gas exploded. Six others died later.

The 23rd victim, Phillip D. Carpenter, 31, of Pooler, died Wednesday. His son, Charles, 14, died of burns the day after the disaster.

3 Look-Alikes Confuse Police in Kansas City

KANSAS CITY, Mo. (AP) — Jack, Sam and William Henley are brothers and they look alike.

★ ★ ★

Police Sgt. Robert Dowd and detective Norman O'Hare went to their home Wednesday to arrest Jack, wanted in Greensboro, N.C., on a charge of breaking and entering.

They found two men.

★ ★ ★

"This one guy says, 'You'd better go ahead and give up, Jack'," said Dowd. "We took him in."

At the station the man said he wasn't Jack. He was William and his fingerprints would prove it.

"We tore back out there but when we got there the real Jack Henley was gone," Dowd said. They found Sam, however, and arrested him.

★ ★ ★

William and Sam were held for investigation of aiding and abetting the escape of a fugitive.

Police are still looking for Jack.

Training Time Revealed

LANSING (AP)—Michigan's National Guard will hold its annual training period at Camp Grayling Aug. 8-22, Maj. Gen. Ronald D. McDonald, state adjutant general, has announced. McDonald also reported the Guard is 182 men below its maximum althorized strength of 11,257.

GM Helps Buyers of 15 Stolen Cars

PUTNAM, Conn. (AP)—Fifteen Connecticut motorists who feared all was lost when it was discovered they had innocently purchased stolen automobiles are singing the blues no longer.

They have bought their cars for one dollar each from General Motors Corp.

The 15 had purchased the vehicles thinking they were factory-delivered but it was subsequently learned the autos had been stolen from Massachusetts dealers.

Police said a Pomfret Landing auto dealer—Charles Griffin—admitted stealing the autos. Griffin is awaiting sentencing by U.S. District Court at Hartford on 16 counts of interstate tranportation of stolen vehicles.

A General Motors spokesman said that insurance companies paid off GM claim for the stolen cars, thus the dollar sales plan was originated to return the cars to their purchasers.

PADDLE YOUR OWN — It's not a canoe, it looks more like a bathtub with a mast serving as a drain plug, but Canadian television actress Joyce Davidson seems to be nice and cool, and that's the main point. Her lake is a portable pool, and she seems to have licked the boat traffic problem, too — she's all alone.

Suicide Pact Seen in Deaths of Three

HOBBS, N.M. (AP)—An apparent murder-suicide pact Wednesday resulted in the death of a mother and daughter and a man who lived a few blocks away.

Dead as the result of .22 caliber bullet wounds in the head were Elmer Pichlope, 38, an oilfield worker; Annie Jo Brixie, 32; and her daughter, Beverly Carol Brixie, 7.

★ ★ ★

Police said the shooting happened in the home of Mrs. Brixie's husband, Albert, who with the Brixie's 15-year-old son, Melton, was on a visit to Monticello, Ark. The husband and son were due back late today or Friday.

Undersheriff Bruce McCallum said a note was found addressed "to whom concerned" and signed "Elmer and Annie." McCallum said the note announced suicide plans.

★ ★ ★

Pichlope was not married and police said he had known Mrs. Brixie in Monticello, Ark.

Tobacco Sacks Become Quilted 49-Star Flag

PORTLAND, Ore. (AP) — Ida Thompson started with 600 empty tobacco sacks. She cleaned them, dyed them and then began sewing.

It took months, but when Mrs. Thompson, 87, was finished she had a red, white and blue quilted flag, with 49 stars, that she presented to the Alaska exhibit at the Oregon Centennial Exposition.

Surprised Alaska officials gladly accepted.

Why all the work? Just to "make something different for the Centennial," Mrs. Thompson said.

Argentina's Celebration Troubled

Independence Is Bumpy

BUENOS AIRES (AP) — Argentina celebrated independence day today a free but troubled nation.

The independence was won from Spain in 1816, and four years ago from Dictator Juan D. Peron and his police state.

But the dictator left behind a legacy of a nearly bankrupt economy, galloping inflation, labor unions militantly trying to preserve the favored position Peronism gave them and a restive group of military oficers.

★ ★ ★

"Things may be difficult now," an Argentine will tell you, "but we have freedom."

There is evidence of it in the streets of Buenos Aires.

Debate is vigorous outside the money houses of San Martin street, where crowds gather daily to watch the fluctuations of the peso.

President Arturo Frondizi's government is attacked and defended. Conflicting opinions burst forth from newspapers which Peron had muzzled or silenced.

A month ago the Argentines were threatened with a loss of their new freedom, a resurgence of Peronism and the possibility of a military coup to counter the ex-dictator's followers.

★ ★ ★

The June unrest began over living hardships — Frondizi's austerity program.

The labor unions again demanded higher wages and other benefits.

Communists and ardent nationalists were blasting Frondizi's acceptance of foreign investments to help develop the nation's oil.

And the military grew increasingly critical of the president.

For a time rebellious officers, headed by retired leaders of the revolt against Peron, threatened to unseat the elected president. But much of the military abstained from rebellion. Frondizi made several changes in his government, including the appointment of Alvaro Alsogaray, an exponent of free enterprise, as economic and labor minister. The military threat collapsed.

★ ★ ★

It remains to be seen whether Alsogaray can carry out his promise of stern measures to put the economy back on a paying basis.

Today 7,000 troops march through the streets of Buenos Aires to celebrate independence. Frondizi, a week ago the military's target, will review them.

Dies in Try to Save Pair Swept by River

ALTON, Ill. (AP) — Eugene Reed was fishing from a rock levee in the Mississippi River Wednesday when he spotted two white boys frantically clutching a log caught in a treacherous undercurrent.

The log and its terrified passengers were swept by the levee. Reed, a 28-year-old St. Louis Negro, dived into the river and set out for the log.

★ ★ ★

But the undercurrent carried him away to his death.

Hugh Sutton, 20, of East Alton, Ill., jumped into the swirling waters and rescued Andrew Aveleno, 11, and Edward Marske, 12, both of Riverview, Mo.

Downstream, a rescue team recovered Reed's body.

Hal Boyle Gets Tips on Marriage Success

Bill Bendix Wed 31 Years—to Same Wife

NEW YORK (AP) — William Bendix, who has a face like a boulder and a heart like a marshmallow, bears a distinction unusual for a Hollyood star.

He's been bound in wedlock to the same girl for 31 years. She was his childhood sweetheart. She keeps the home fires burning, just as she did when Bill was a young grocery store manager. He does all the acting for the family.

★ ★ ★

Asked his formula for a successful marriage, Bendix looked surprised.

"I never thought of marriage as a formula," he said, staring thoughtfully down at his stockinged feet. He believes in going comfortably shoeless in a hotel room.

But after a little prodding, he came up with the following six rules:

"First, you have to be in love with your wife.

★ ★ ★

"Second, you have to want to come home to dinner because you're happy at home.

"Third, you and your wife have to have common interests. We do. I've known my wife all my life.

"Fourth, you have to be willing to talk out your problems together. A wife has a right to share your problems.

"Fifth, we made a pact when we got married. I was to make all the big decisions, and my wife was to make all the little decisions. So far it has worked out well. No big decisions have come up.

★ ★ ★

"Sixth, you have to be willing to give in occasionally — both of you.

"But you don't always have to do the same thing. My wife, for instance, likes to collect antiques. I don't. So she collects all she wants — and all I have to do is look at them."

Bill's climb to stardom wasn't easy. He and his wife, Teresa — they have two daughters — went through some lean years. Bendix was in six Broadway flops before he made a hit as the cop in William Saroyan's "The Time of Your Life."

But by 1945 he was listed as one of the top 25 salaried men in the United States.

Bendix now is free-lancing.

Bendix, who recently finished playing in summer stock, next month will return to television.

Bill sums up his outlook on life this way:

"Work hard and learn your business. Never do a job you don't enjoy doing. That applies to a truck driver or a banker, as well as an actor.

"Work is so important in a man's life he has to enjoy it. If he doesn't he should quit it — get out of it.

"No one can be either happy or successful doing something he doesn't like, no matter how much or how little money he makes."

New Order Traps Officer Unawares

ROCHESTER, N. Y. (UPI) — A patrolman was the first victim of a drive by Rochester city police to make sure that churches and schools keep their doors and windows locked after hours.

The patrolman Jack DiPoalo had gone down to the basement locker room of West High School to close an open window when the door slammed shut and locked behind him. DiPoalo finally "sprung" himself after two hours by picking the lock with a coat hanger.

95,000 Give Tax Tips

NEW YORK (UPI)—The Internal Revenue Service reports that it received some 95,000 tips last year from private citizens regarding alleged irregularities in someone else's tax return. The IRS followed up 4,000 of these leads will full-fledged investigations.

Old Pilot Doubts Moon Venture

Antics Thrilled Crowds in 1900's; Today He's Skeptical of Space Trips

ARCADIA, Calif (UPI) — Roy Knabenshue, who was quite a pioneer in the field of aviation himself, is far from convinced that the time is near for a manned space flight to the moon.

In fact, the 82-year-old Knabenshue is pretty skeptical about outer-space travel in general.

Knabenshue, who made the first motor-controlled flight in a "dirigible balloon," claims to be the oldest living "early bird" in America.

The gray-haired one-time professional balloonist — whose aerial antics thrilled crowds from New York to Los Angeles during the 1900's — lives here in a trailer home, greeting visitors quietly with his recollections of the infant air age and comments on the future.

The OX-5 Club of early-day flyers recently honored Knabenshue as its oldest living "birdman," making him the patriarch of a clan that now gets together yearly to remember balloons, aeroplanes — as they were then called — and flying by the seat of the pants.

Knabenshue, for instance, recalls the time he flew the first "dirigible balloon" at the St. Louis Fair on Oct. 25, 1904, guiding it carefully over the city.

"People thought me crazy, and said it could never be done," said the elderly balloonist. "But I proved it could. Maybe all this talk about hitting the moon could come true too. But a rocket containing a man to hit the moon is real doubtful.

"The current air age progress is made possible primarily by the pilots themselves.

"Designers and scientists only make the planes, but it takes a well-trained and skillful pilot to man and fly them."

He expressed pleasure at the speed of present-day jets, remembering when the maximum speed in the air was 12½ miles an hour, and then the "aeroplanes" couldn't get off the ground on their own power. To maintain takeoff speed, he said, the plane had to be in position on a steep hillside and then pushed down so it could get off the ground.

Tax Dodgers Target of Interstate Pact

CHICAGO (UPI) — Detection of persons who fail to submit either federal or state tax returns is a basic aim of new federal-state "agreements of cooperation," according to a tax research firm.

The Commerce Clearing House said seven states have signed such agreements with the federal government providing for broader exchange of information about income tax returns.

The seven are Colorado, Kansas, Kentucky, Minnesota, Montana, North Carolina and Wisconsin.

The Salvation Army established in the United States in 1880, has about 1,380 corps and outposts and more than 5,000 officers on its staff.

Polio Epidemic Feared in Iowa

Heavy Load of Cases in Des Moines Could Spread Across State

DES MOINES, Iowa (AP) — Des Moines health officials have asked for national help in combatting a polio epidemic which threatens to spread across the state.

Five members of the U. S. Public Health Service were here today to aid in a drive to stem the disease which has struck 67 Des Moines residents this year. Thirty-seven of the cases had not been vaccinated for polio.

The Iowa Methodist Hospital here, which is treating 37 cases of polio, has asked the National Foundation and the American Red Cross to provide 16 trained nurses.

Three iron lung respirators to supplement the 10 now being used in the city were scheduled to arrive at Iowa Methodist today. They were ordered sent from Cleveland by the National Foundation.

Keith E. Peterson, central Iowa representative of the National Foundation, said the epidemic in Des Moines has begun to spread to the outlying areas of the city.

About 27,000 polio shots have been administered at public clinics since June 1. That figure does not include the shots given by private physicians in this city of about 177,000.

Cleric Thinks Short Shorts Too Stirring

DOWAGIAC (UPI) — Dowagiac women may be required to wear longer shorts in the downtown area if a Dowagiac minister has his way.

William Blackman, who claims he is a licensed minister but who has no parish, appeared before the council to complain about the amount of clothing that women wear—or don't wear—in the downtown area.

Blackman told councilmen that women in scanty attire "are a disturbing influence to men."

"The visual influences bring on mental male disturbances and provoke thoughts and actions which otherwise would not occur," he said.

Mayor Eugene Jenison asked Blackman what length he would consider "decent."

"Just below the knees would be proper," Blackman said.

Jenison turned the matter over to City Attorney John Pendergrass to determine if there is a statute governing manners and morals in the downtown area and how much or how little a woman can wear.

Terrier Missile Much Improved, Navy Announces

WASHINGTON (AP) — An improved Terrier missile which the Navy said can "intercept any present day supersonic bomber many miles from its intended target", has been announced.

★ ★ ★

The Navy said production of the new Terrier is under way and it will first be installed on the USS Dewey, a guided-missile frigate to be commissioned later this year.

Other missile frigates, cruisers and aircraft carriers also will use the new rocket. The missile has two stages of solid fuel rockets. The first stage gets it up to supersonic speed and the second keeps it there until it reaches the target.

It can be used with mobile launchers on land or at sea.

The original version of the Terrier has been in use by the fleet since January 1956. The Marine Corps uses it as a land-based weapon.

State's School Board Backs Upgrading Delay

LANSING (UPI) — The State Board of Education has recommeded a one-year suspension of a plan to upgrade minimum requirements for special teaching cerificates.

★ ★ ★

The board, after a hearing yesterday, recommended holding the minimum for the coming school year at 75 college credit hours.

The board's action was subject to review by the attorney general, State School Superintendent Lynn M. Bartlett said.

Minimums under the certification code were scheduled to be raised to 90 hours in some schools and 120 hours in others for the new school year.

★ ★ ★

Bartlett said the board acted because of "the extremely critical teacher shortage."

Plunge in Mountains Fatal to Detroit Man

JACKSON (AP) — The body of James Ferris, 22, of 15875 Steele St., Detroit, Mich., was recovered from a crevice in the Grand Teton Mountains today.

★ ★ ★

He fell 400 feet to his death yesterday while climbing at the 8,000-foot level in Cascade Canyon above Jenny Lake.

Tim Brybon, 21, also of Detroit, witnessed the accident, according to Russ Dickinson, chief ranger of Grand Teton National Park.

Ferris' death is the second mountain climbing accident in the rugged Teton Mountains this week. John Nance, 19, of Kaysville, Utah, fell 200 feet to his death Monday.

Dickinson said Ferris and Brybon were experienced mountain climbers.

Since 1954, the United Kingdom has purchased about 55 million pounds of surplus U.S. cotton, more than any other country. Indonesia is second with more than 25 million pounds.

Communist China Bares Iron-Fisted Plan to Take Over Tibet

TOKYO (AP) — Red China has announced a sweeping plan to break up the estates of landlords and "emancipate" serfs in rebellious Tibet.

The announcement was made in the Tibetan capital of Lhasa by Ngapo Ngawang Jigme, the Tibetan vice chairman of the Preparatory Committee, and was broadcast by Peiping.

A similar breakup of the estates of Buddhist monasteries and emancipation of their serfs was announced June 28 by the Panchen Lama, Peiping's puppet ruler.

The Preparatory Committee, a sort of government for the Communist-ruled country, is now in session. It is expected to rubberstamp the program aimed at abolishing big estates and the age-old system of unpaid labor.

COMMUNIZATION PLAN

Other parts of the long-range plan of communizing Tibet announced by Peiping include:

Subsidizing nonrebel monasteries which are stripped of lands and no longer can provide a livelihood for their lamas.

Redivision of the country into seven areas, abolishing old administrative dvisions which were based on the influence of "manorial lords."

Abolition of sharp divisions of rank among the monks.

The break-up of estates provides for a distinction between lords and monasteries that took part in the rebellion last March and those that did not.

Land owned by nobles who took part will be confiscated and "the tillers of the land will harvest this year's crops without paying rent," Peiping Radio reported.

★ ★ ★

The lords and monasteries that stayed neutral will be bought out eventually. The rent they receive now will be reduced after consultation so that the tillers would share 80 per cent of the crops.

DEBTS CALLED OFF

All debts of the laborers to the lords will be rescinded up to the end of 1958. But nonrebel lords may collect one per cent interest on loans made this year.

The policy of rent and interest reduction will also be applied to monasteries which did not revolt.

The Panchen Lama in his announcemnt last month said the big estates of Tibet's lamas, the holy men who long have ruled Tibet, would be broken up and that it was not in the interest of religion for "the serfs of the lamaseries to remain in bondage."

The Panchen Lama, second in the Tibetan religious hierarchy, was installed by the Communists as puppet ruler after the Dalai Lama, traditional religious and temporal ruler, fled to India at the height of the uprising.

Trucks Haul the Most, Employ 1 of 10 Workers

DETROIT (UPI) — Trucks haul 1,600,000,000 tons of freight a year —more than any other type of carrier, according to the 1959 edition of Motor Truck Facts.

The statistical handbook also reveals that truck transportation now employs 7,400,000 persons or one out of every 10 workers in the nation.

AMANA FACT 1

Amana reserve power and efficiency brings temperature down to 0 degree (F) faster and safer than all others tested. Because Amana is engineered and designed and built to be a fine food freezer — not just a "holding cabinet" that "feels" cold.

AMANA FACT 2

Amana maintains an even 0 degree temperature because Amana has 6 "fast" freezing surfaces of solid aluminum with the cold coils brazed to each shelf. All foods are either directly in contact with, or directly below these "FAST FREEZING" Shelves. Amana reaches and maintains 0 degree (F) temperature — thus protecting your frozen foods from TEMPERATURE DAMAGE.

AMANA FACT 3

Amana has uniform food storage temperature — many other freezers have long running cycles which indicate lack of freezing capacity. Amana insures "lock-in" nutritional values because of the even zero degree temperature throughout.

Fire Leaves Leonard Family of 10 Homeless

Admit Torching $60,000 Blaze

2 Southfield Brothers, 13, 15, Tell of Putting Spark to Oil

SOUTHFIELD — Two Southfield brothers, ages 13 and 15, have admitted to police here starting an estimated $60,000 fire Sunday night, according to Southfield Police Sgt. Edward Ritenour.

★ ★ ★

The blaze destroyed a construction shed and damaged three bulldozers at Rock Creek drive near Webster road.

Ritenour said the boys told police how they threw a lighted firecracker into an oil drum which they thought was empty.

When the firecracker failed to go off, they tipped the drum, spilling a small puddle of oil which they lighted, he said.

LEAVE SCENE

The boys told police they thought only the puddle would burn and left the scene.

Ritenour said the boys will be turned over to juvenile authorities.

Another boy, 15, was to have been questioned this morning about a previous fire at the shed last June. The other two said they had nothing to do with that blaze, which caused only slight damage.

The shed and bulldozers are owned by the Rodney Lockwood Construction Co. of Detroit. Assistant superintendent of the firm, John Goris, estimated fire loss at this time at $60,000.

Names of all three boys were withheld by Southfield police pending further investigation.

GUTTED BY FIRE — The home of Mr. and Mrs. John E. Schirmer, located at 4857 N. Rochester Rd., Leonard, was gutted by fire at 4:30 this morning while the whole family, except Mrs. Schirmer's brother, Robert Trufant, were on vacation. The blaze leaves the Schirmers, who have six young children, homeless. Mrs. Schirmer's mother lives with the family, but she also was away today.

DOG HERO IN BLAZE — Pat, a brown and white spaniel, is credited today with saving the life of Robert Trufant of 4857 N. Rochester Rd., Leonard, when fire broke out in the house early this morning. The dog's barks roused Trufant who awoke to discover the front room in flames. His screams were heard by a neighbor who called the Addison Fire Department.

LEONARD — A family of 10 was left homeless here today when fire gutted their story-and-a-half frame house at 4857 N. Rochester Rd.

Mr. and Mrs. John E. Schirmer and their six young children who were having their first vacation in about 10 years, will come home to find their belongings destroyed and the inside of their house a mass of charred rubble.

★ ★ ★

The other members of the family, who make their home with the Schirmers, are her mother, Mrs. Hazel Bowers, also away now, and her brother, Robert Trufant, 37, who was asleep on the living room couch when the fire started.

The family's pet brown and white spaniel, Pat, is credited with saving Trufant's life. Her persistent barking woke Trufant up at about 4:40 a.m. to see the room enveloped in flames.

Trufant ran screaming from the house, and his cries woke Mrs. Charles Hamilton next door who summoned the Addison Township Fire Department.

★ ★ ★

A short time later the Oxford Fire Department arrived, and the two departments brought the fire under control in about half an hour, according to Addison Fire Chief Robert McCallum.

★ ★ ★

McCallum estimated the loss at approximately $10,000 in building and contents. He said cause of the blaze is still undetermined.

Local firemen and neighbors immediately set to work to establish a fund and collect clothing and furniture for the Schirmers.

The collection depot is Audrey's Patent Medicine store on E. Elmwood street.

The Oakland County Sheriff's Department immediately began to try and locate the Schirmers in East Tawas to tell them what had happened.

★ ★ ★

Firemen said if the family had been trapped in the upstairs bedrooms when the fire broke out, the story might have had a more tragic ending.

Ike Signs Farm Bill

WASHINGTON (UPI) — President Eisenhower today signed a $4,686,600,000 farm spending bill designed to limit price support benefits to big farmers for the first time.

The president favored some support limits. However, critics of the bill finally drafted by a House-Senate conference committee said it contained so many escape hatches that it would have little or no effect in holding down support payments.

The bill provided funds to run the Agriculture Department and its programs in the current fiscal year and to pick up the tab for past price support payments.

Eisenhower signed the bill without comment, although it contained $110,002,863 less than the President originally asked.

★ ★ ★

The bill sets a $50,000 per crop limit — with exceptions — on the amount of price support benefits any farmer can receive next year on any one crop. The limits apply only to crops that Agriculture Secretary Ezra T. Benson declare to be in surplus supply.

One exception to the ceiling would let any grower obtain a price support loan on any crop in excess of $50,000, provided he guaranteed to repay the excess within 12 months. The agriculture secretary would have authority to extend the 12-month period.

The other exception would remove the dollar limit on price support for any farmer who agreed to cut production of his crop by an amount ranging up to 20 per cent. The bill authorizes the agriculture secretary to set the exact percentage cut that would be required.

In addition to $3,971,362,000 in cash, the bill provided $421,000,000 for lending programs other than price support and $294,315,000 for permanently authorized programs, including special funds for purchase of perishable surplus crops.

Eisenhower also signed a $13,463,500 bill to run the President's executive office and several related agencies in the present fiscal year. The total was $145,000 below his request.

Youth Perishes in Kent Lake

Lonely Morning Swim Across From Park Is Fatal for Detroiter

MILFORD — A Detroit youth drowned yesterday in Kent Lake across from Kensington Park, in Livingston County.

C. Paul Kmiotek, 18, was on a picnic with his parents, Mr. and Mrs. Casmer J. Kmiotek, when he entered the water alone at 10:30 a.m.

He wasn't noticed missing until half an hour later when another swimmer found the body in four feet of water.

Attempts by a life guard to administer artificial respiration proved futile. The youth was pronounced dead on the beach by the Livingston County coroner.

His parents, near collapse, were assisted home by other picnickers in the area.

State Police from the Brighton post, who arrived at the scene, had no theory as to what caused the drowning. It is suspected, however, that the youth suffered a cramp while swimming alone.

Congress Raps Cost of Fountain

Royal Oak Sculptor Can't See Fuss

Royal Oak sculptor Marshall M. Fredericks can't understand why all the fuss over a fountain he's building for a courtyard of the new State Department Building in Washington, D.C.

★ ★ ★

A $275,000 bill for the job, which includes another piece of sculpture, brought surprised comments from some members of Congress Tuesday. They reportedly consider the price is too high.

★ ★ ★

"It's such a drop in the bucket compared to so many other things," Fredericks remarked yesterday, "I don't think theirs is a bona fide objection."

"I didn't seek the job," he added, "they sought me. I've kept costs down to about half of what is usual. It's a very, very minimum fee."

★ ★ ★

Fredericks, whose studio is at 4113 N. Woodward Ave., said he executed one of the pieces and the other was done by Albert Stewart of Claremont, Calif.

Fredericks said $85,000 of the total was for ideas and execution. He added it will cost $190,000 for bronze casting, installation work, water supply and other labor on the monumental works.

His work is a fountain consisting of a 10-foot globe surrounded by a 26 by 40 foot male figure, holding a stainless steel planet in each hand.

"The work won't be finished until next October," he said.

Fredericks added:

"By the time I'm through paying for four men I have helping me and for all the materials used in my models, I'll be fortunate if I make $7,000 for myself."

"It will be the only piece of sculpture in the south courtyard and holds a prominent place in completing the design of the whole building," he said.

★ ★ ★

"I don't see what all the fuss is about," Fredericks concluded. "Most buildings in Washington have much more art work around them."

Senate Passes Foreign Aid Bill

Sets Financial Ceiling at Ten Per Cent Less Than Ike's Request

WASHINGTON (AP)—The Senate has passed a foreign aid bill with a $3,543,320,000 price tag. That's about 10 per cent less than President Eisenhower asked.

The authorization measure merely sets the ceiling for foreign aid spending.

The actual amount to be spent will be determined in a later appropriation bill.

Efforts to make further slashes in the amount asked by Eisenhower failed Wednesday in the final day of debate. All of the 383½ million dollars in cuts had been voted Tuesday.

Final action came after Eisenhower indicated at a news conference that he might call Congress back into a special session later this year if his request was sliced too deeply. Senate Democratic Leader Lyndon B. Johnson of Texas joined Republicans in helping to fend off further reductions during the final debate.

The Senate measure allows $1,300,000,000 for military aid to Allies and 751½ millions in defense economic supports to help Allies maintain their troops. The rest is for various forms of economic aid.

The military provision is 300 million dollars less than the President's request. The economic aid is 83½ million under what he asked.

The Senate total is only $720,000 above that voted by the House. Senate and House conferees plan to meet next week to settle the differences on where to apply the cuts.

State Senators OK Aid

WASHINGTON (AP)—Democratic Sens. Patrick V. McNamara and Philip A. Hart of Michigan voted with the majority yesterday in the Senate's 65-26 approval of the $3,543,320,000 foreign aid authorization bill.

Counterfeiting Ring Broken

U.S. Agents Arrest 3 After Delivery of 855 Bogus Treasury Checks

WASHINGTON (AP)—The Secret Service today announced the arrest of two men described as operators of a ring which cashed counterfeit treasury checks from Florida to Texas.

★ ★ ★

U.E. Baughman, chief of the Secret Service, said the two men, although armed, surrendered quietly late yesterday at National Airport here. He said the arrests were made after they delivered 855 phony checks to two undercover agents.

★ ★ ★

Baughman said merchants might have been bilked of half a million dollars had all the checks printed by the gang been forged and cashed.

The men arrested were identified as Joseph Sonnier, 40, of Duson, La., and Louis Emory Roger, 31, of Lafayette, La. They were held under $50,000 bond each on charges of possessing counterfeit checks.

Baughman said a woman, JoAnn Olivier, 35, was arrested earlier today at Sonnier's home in Duson, and was charged with possessing and selling counterfeit checks.

★ ★ ★

A Secret Service spokesman said more than 40 of the bogus checks, which bear a close resemblance to genuine treasury checks, were forged and cashed during the past two months in Florida, Georgia, Mississippi, Louisiana and Texas.

Red Terrorists Kill 2 Americans

Attack on U.S. Billet in Viet Nam Leaves 3 Others Dead

BIENHOA, Viet Nam (AP)—Communist terrorists attacked a U. S. billet last night during a movie, killing two American military advisers and three South Vietnamese.

★ ★ ★

A terrorist who invaded the billet was killed in the explosion of the bomb he carried.

One U. S. officer was wounded but three others escaped unhurt in the fusillade of bullets.

The six Americans are members of an eight-man U. S. military assistance advisory group training the South Viet Nam army.

★ ★ ★

They were watching the movie "Tattered Dress" when the terrorists struck at about 7 p. m. in this city 20 miles north of Saigon.

The Americans who escaped said the lights had just been turned on to let Sgt. Chester M. Ovnard change reels.

A communique said the terrorist who invaded with the homemade plastic bomb inflicted the American casualties.

★ ★ ★

But survivors gave this version:

The terrorists, who apparently had crept up from the nearby Dongnai River, opened fire on the billet from three sides as the lights were turned down.

Their bullets cut down Ovnard, from Copperas Cove, Tex., and Maj. Dale R. Buis of Imperial Beach, Calif., killing them both. Capt. Howard B. Boston of Blairsburg, Iowa was wounded.

Pontiac Twp. Signs MSUO Pact

AVON TOWNSHIP—After a near stalemate last night the Pontiac Township Board signed a slightly revised contract allowing the Oakland County Department of Public Works to proceed with construction and financing of the disposal system for Michigan State University Oakland.

The Pontiac Township Board met in joint session with the Avon Township Board to try and iron out certain provisions in the agreement. Avon Board previously had signed the agreement.

The questions were raised at a special session of the Pontiac Board Monday night. Township Treasurer Goldie B. Mailahn particularly voiced her concern about the township's financial responsibility in the sewer program.

The Board agreed to have Supervisor Leroy Davis and the township's interim attorney, Herbert W. Gordon of Pontiac, revise the contract Tuesday for presentation to the two Boards the following night.

One point clarified in the revised contract is that connection charges relating to buildings now in existence shall be payable in 10 equal annual installments, with the interest rate set at six per cent per annum. It further specified that the interest will remain in the township.

The other point added was that plans and specifications of the system be posted in both township offices.

At last night's meeting, Mrs. Mailahn voice her concern again saying she wanted to "be sure that the township is protected."

"Theoretically, I'm for this program 100 per cent, but practically speaking, I feel we (the township) have a responsibility to know where we are going before we leap," she emphasized.

Harold K. Schone, acting director of the county DPW, was present to answer this and other questions. He explained the county's position in the matter as having jurisdiction over the two units of government because more than one is involved in the overall sewage disposal program.

★ ★ ★

Schone brought out in minute detail how the connection and service charges will be levied, and that it will be the township's individual responsibility to collect from householders when they tie into the sewer lines in the future.

Also sitting in on the session was Durward B. Varner, MSUO chancellor, and a handful of spectators.

Just as the meeting threatened to end with Pontiac Township being left out of the agreement, the Pontiac Board went into executive session and came out about an hour later with all members agreed to sign the contract.

Members of the Avon Board then added their signatures to the revised agreement.

Schone said work on the project is scheduled to begin "sometime next week."

Block and Avon Clerk Frances O. Covert.

MRS. T. W. CHETTLEBURGH

Chettleburghs Honeymoon in Kentucky

WALLED LAKE — Honeymooning in Kentucky are newlyweds, Mr. and Mrs. Thomas W. Chettleburgh. The couple was married at the First Baptist Church here by the Rev. Carl Grapentine in a candlelight ceremony.

★ ★ ★

The bride, the former Arlene Sarya, is the daughter of Mr. and Mrs. Earnest Sarya of Redford Township. Parents of the bridegroom are Mr. and Mrs. Russell Chettleburgh of 1380 Ladd Rd. here.

For her wedding, Arlene chose a gown featuring a high neckline, fitted bodice of lace, and bouffant skirt, with net tiers in back. Her headpiece was a crown of pearls, white carnations and stephanotis comprised her bouquet.

Attending the bride were Phyllis Lynn as maid of honor and Connie L. Emigh as bridesmaid, both of Redford Township.

A reception was held in the church parlors immediately following the ceremony.

★ ★ ★

The bride is a graduate of Thurman High School. The bridegroom graduated from Walled Lake High and attended Lawrence Tech. Stationed with the U. S. Army in Germany, he will return there to complete his last six months of service.

Built Railroad to Get to His Hilltop Home

OAKLAND, N. J. (AP) — It's 500 feet from the street to Warner Rosenschein's hilltop home.

Only a dirt road, almost impassible for ordinary travel, ran up the 18 per cent grade when he moved into his house in 1954.

So he built a railroad.

The one-car electrically powered railroad cost him $1,200 to build. It makes its run in four minutes.

Queen Visits Seaway Interior

Hears People's Hopes That Waterway Will Open Up the Prairies

PORT ARTHUR, Ont. (UPI) — Queen Elizabeth, who formally opened the St. Lawrence Seaway with President Eisenhower at Montreal June 26, sailed into its westernmost Canadian terminal today.

She was told in advance briefings and in speeches prepared for delivery by the local mayors at a lunch in Fort William that the people of the lakehead were counting on the waterway to open up the prairies to world commerce.

The Queen and her husband, Prince Philip, scheduled a five-hour visit to Port Arthur and its twin city of Fort William en route from Sault Ste. Marie, Ont., to Calgary, Alta.

They came here aboard the royal yacht Britannia and were to leave at 3 p.m. for Calgary aboard one of the Royal Canadian Air Forces' two Comet jet transports.

★ ★ ★

While the Queen was in Sault Ste. Marie touring a steel mill yesterday, a Port Arthur judge ordered a 44-year-old American woman who said she was "crazy" about the Queen sent to a mental hospital for 60 days observation.

The woman was picked up by Royal Canadian Mounted Police the previous night after she gained considerable local publicity by announcing she was going to talk to the Queen and Philip and present them with "friendship flags." A police spokesman said the woman had a record of mental illness in the United States.

The woman was ordered held in the Ontario (mental) Hospital in Port Arthur. The institution was on the Queen's itinerary during a city tour.

Sylvan Lake to Streamline System of Bank Accounts

The Sylvan Lake City Council last night approved consolidation of municipal bank accounts and adopted a resolution asking for a decrease in the Oakland County budget for 1960.

Councilmen voted to amend the city's water revenue ordinance so that the water revenue fund, formerly split into five bank accounts, will be consolidated in one account.

On the heels of this amendment came adoption of a resolution to reduce the city's 10 bank accounts to four, one account each for general, water, fresh air camp, and county school funds.

"This will simplify our financial setup considerably, removing a great deal of red tape," explained David E. Firess, city manager.

★ ★ ★

The Council voted to follow a request recently made by Berkley to the Oakland County Board of Supervisors, asking for a decrease in the upcoming county budget.

'BURDEN HEAVY'

"In recent years the county budget has shown a steady increase," Firestone said. "This puts increased financial pressure on cities. Our burden is becoming so great that we decided to join Berkley officials in a request to decrease rather than increase next year's budget."

★ ★ ★

In other financial business, the Council voted to invest temporary surplus funds in short-term U.S. Government Security Bonds.

A resolution establishing the position of park supervisor was adopted. The supervisors will be volunteer residents rather than police officers, as in the past.

Councilmen also discussed the route of a proposed storm sewer from the sinkhole bordering Whitfield School on Orchard Lake avenue.

Both Bloomfield and West Bloomfield townships run their storm water into the area, it was pointed out, and city officials are contemplating further drainage into a nearby lake.

A low bid of $1,100, made by Dunbar Drilling, Inc., of Swanton, Ohio, was accepted and a contract for cleaning and repair of a municipal water system well was awarded the company.

The Council appointed Firestone as the city's representative at the annual meeting of the Michigan Municipal League at Mackinac Island later this summer.

★ ★ ★

Councilmen discussed the possibility of prohibiting swimmers on Sylvan Lake from swimming near boat docks or boating areas.

Armored Truck Can Stop Lead, but Not Gum

WINSTON-SALEM, N.C. (AP)—Wells-Fargo guard J. T. Sprinkle found himself on the outside of his armored truck looking in Wednesday. He accidentally left the key inside.

Keg of Beer Explodes, Kills One, Hurts Another

MARSHFIELD, Wis. (AP)—An aluminum keg of beer exploded at the Marshfield Brewing Co. Wednesday night, killing one worker and seriously injuring another.

The bottom of the one-half barrel keg crashed against Hubert Loty, 71, of Marshfield, crushing his chest and part of his face.

Authorities surmised that the two men were transferring gas from a full keg to another when the blast occurred. They were the only two workers in the plant at the time.

Help Michigan First, Then U.S., Governor

LANSING (AP) — A Republican senator has suggested that Gov. Williams look in his own back yard before trying to solve the nation's economic problems.

The comment came from Sen. Clyde H. Geerlings (R-Holland), chairman of the Senate taxation committee.

★ ★ ★

Geerlings noted that Williams had called seven prominent economists to a Mackinac Island conference July 17-19 for a discussion of national economic problems.

"Instead of trying to figure out a national economic problem, the governor should concentrate on an industrial growth program for Michigan to provide more job opportunities for our unemployed and our increasing population," Geerlings said.

★ ★ ★

The Holland senator said Michigan will need one million new jobs by 1970.

"The governor could take the first step toward getting those jobs by coming to a realistic agreement on a state tax program in which private enterprise and business initiative would be encouraged, not hampered," Geerlings said.

Town Isolated as Winds Lash Upper Peninsula

By United Press International

Michigan's Upper Peninsula was lashed by severe winds last night leaving the community of Grand Marais isolated.

State police reported today that the small town on the north shore of the Upper Peninsula was slightly damaged, but no one was hurt in the storm.

Tornado-like winds were reported in the Wisconsin-Michigan border town of Niagara, Wis.

Police said Mrs. Jeanette Cooper and her two children, Denise, about 18 months, and Steve, an infant, were taken to a hospital in fair condition.

Their house trailer was blown over during the storm in Niagara.

A coal shed roof was uplifted and the front of a tavern was badly damaged. Trees were felled and several homes and other buildings were damaged in the storm.

Mouse Beats Tough Cat

WARMINSTER, England (UPI) —Pippa, a Siamese cat, chased a fox out of her mistress' chicken yard today, and then lost a fight with a mouse. Mrs. Maureen Ashton said the fox fled after a brief fight with Pippa. But a few hours later, a field mouse bit the cat so severely she required veterinary treatment.

Hopes Grow Bleak for Steel Settlement

NEW YORK (AP)—Hopes dimmed today for averting a nationwide steel strike at midnight Tuesday.

★ ★ ★

The Steelworkers union turned down a plea by President Eisenhower for an indefinite extension of the two-week strike truce already granted by the union.

David J. McDonald, the union's president, said he could not believe Eisenhower intended that "we negotiate forever" and stressed the midnight July 14 walkout deadline will sand.

Negotiations have picked up a bit. Technical experts have been called in for discussions on complicated problems such as incentive pay rates. But there is no word that the industry has made any money offer.

★ ★ ★

The nation's top dozen steel firms, led by U. S. Steel Corp., have taken a position that any higher wage costs would spur a new round of inflation.

They have spurned union argument that industry profits can finance a new pay hike and other contract changes.

Williams Sounds Increasingly Like a Capitol Hopeful

LANSING (UPI)—Gov. G. Mennen Williams is sounding more and more like the White House hopeful he won't admit he is.

His clash with Soviet First Deputy Premier Frol Kozlov prompted him to warn Americans not to be "creampuffs" in dealing with Russians.

He called on seven of the nation's top economists for a "first-hand briefing" on what can be done to help the nation "meet growing competition from the Soviet Union."

And he made tentative plans for a fall visit to Germany, where he has an interest in reunification and education, and Poland, where he wants to see how "the people are reacting to Soviet occupation."

The bow-tied governor declined yesterday to say if he would run for president.

But his aides had trouble concealing their glee with the timing and results of Williams' conference with Kozlov Tuesday night.

Taxi Companies Trying Diesels

Detroit Fleet Owner Cites Big Economies Over Gas Engines

By CHARLES C. CAIN

DETROIT (AP) — You may not know it, but there is a slight change that the next taxicab you ride in may be powered with a diesel engine instead of the conventional gasoline engine.

David N. Viger, president of American Diesel Corp., said 75 such taxicabs are in use throughout test areas in various parts of the country—25 of them in Detroit.

Viger said that use of the diesel, made in England by F. Perkins, Ltd., is on an experimental basis at present. He said taxicab owners throughout the country are keeping an eye on results and predicted an increase in the number of diesels in the next couple of years.

The diesel powered units have been installed in standard four-door Plymouths. They look and drive like an ordinary cab, so unless you peek under the hood or have an exceptionally keen ear, you wouldn't know the difference as the meter ticks away.

Viger conceded that the diesel is a bit rougher and noisier than gasoline powered plants when it idles.

★ ★ ★

He cited figures kept by Charles Ross, a Detroit taxicab fleet owner, to show the difference in operating costs between the four-cylinder diesel and the six-cylinder engine normally used in his taxis.

During the first six months of this year, the two comparative cabs traveled 25,000 miles. The diesel averaged 19.3 miles a gallon, compared with 9.5 for the conventional engine. Maintenance costs on the diesel were $6.75 compared with $29.35.

"You should consider too that diesel fuel is about two cents a gallon cheaper," said Viger. "The big saving will come at 40,000 to 50,000 miles when the gasoline engine normally needs overhaul while the diesel can go 75,000 to 100,000 miles before overhaul."

Suggests Solution

ST. CATHERINES, Ont. (UPI)—Police traffic department inspector Frank Jarvis has a suggestion for eliminating traffic jams caused by long cars trying to fit into small metered parking spaces: Lengthen the spaces from 22 feet to 25.

Utah's output of bituminous coal is about seven millions tons per year.

U. S. Shipping Pre-1918 Art to Moscow Show

WASHINGTON (AP) — President Eisenhower may not know exactly what art is, but he knows what he likes. That's what he said. As a result, some of the older kinds of American art are being rushed to Moscow for the American exhibition there.

The art show, part of a big exhibit of American products and ways of living, had been confined to works painted since 1918.

Rep. Francis E. Walter (D-Pa), chairman of the House Committee on Un-American Activities, said that many of the artists selected had records of Communist-front activity.

Eisenhower said he had no desire to act as a censor, but wasn't too enthusiastic about some of the selections.

Added paintings will include Gilbert Stuart's famous portrait of George Washington and George P. A. Healy's Lincoln.

Among the other added starters are John Singleton Copley, Mary Cassatt, George Inness, James McNeill Whistler, John Singer Sargent, Albert Pinkham Ryder, Frederic Remington, George Caleb Bingham and Samuel F. B. Morse.

Two Air Force Officials Quit

Both Cite Personal Reasons; New Under-Secretary Named

WASHINGTON (AP) — Malcolm A. MacIntyre resigned yesterday as under secretary of the Air Force, effective July 31. President Eisenhower nominated Dudley C. Sharp, a former assistant secretary of the Air Force, to succeed MacIntyre.

At the same time, Eisenhower accepted the resignation of Robert B. Dechert as defense department general counsel. No successor to Dechert has been named.

In his letter of resignation as Air Force under secretary, MacIntyre said only that he was leaving government service for personal reasons.

Sharp, 54-year-old Republican, is a resident of Houston, Tex. From 1927 to 1955 he served with the Mission Manufacturing Co. of that city—the last nine years as president.

★ ★ ★

Sharp was assistant secretary of the Air Force for materiel from October 1955 through January of this year. At that time he returned to the Mission Co. as vice chairman of its board.

Dechert, in resigning as Defense Department general counsel, said he was doing so because of compelling personal reasons.

Swank Club Rejects U. N. Official Bunche

NEW YORK (AP) — The New York Post said that Ralph Bunche, undersecretary of the United Nations and Nobel Peace Prize winner, has been notified that neither he nor his son could become members of the West Side Tennis Club in Forest Hills.

★ ★ ★

The newspaper said Wilfred Burglund, club president, informed Bunche, a Negro, that the club excludes Negroes and Jews from membership.

Burglund reportedly said it was a private club, the same as a person's home, where "you can invite whom you want to."

The Post said Bunche's son, Ralph Jr, began taking lessons last April from the club's pro, George Agutter, who suggested that the boy become a junior member.

Stomach Turns Food Into Alcohol

This Man a Walking Still

SAPPORO, Japan (UPI)—With one Japanese it wasn't something he drank that made him drunk. It was everything he ate. He was a walking distillery.

The patient, identified by Japanese authorities only as "Mr. O", was a 46-year-old farm association executive from Hokkaido who complained of chronic drunkenness though he didn't drink.

Doctors found O's stomach working away like a high-powered Tennessee mountain still. It contained a type of extremely quick-acting yeast and transformed much that O ate into alcohol.

"It isn't a sickness that just anyone would be subject to," said Dr. Shuichi Sasaki of Hokkaido University. "In fact, I've never heard of a comparable case."

★ ★ ★

O first noticed his productive capacities some years ago. After every meal his face would turn red and his breath would start smelling like a bottle of sake.

It was embarrassing. But O didn't worry too much about it until last year. Then things got so bad he couldn't walk a straight line after supper.

For five months physicians treated him with an antibiotic known as tricomycine and O finally got on the wagon. He was pronounced cured last month.

Mackie's Farm Gives Trouble

First, U. S. Agency, Now Contractor Wins Court Suit

MASON (AP)—State Highway Commissioner John C. Mackie, who has been having his troubles lately down on the farm, suffered another setback in Circuit Court here.

A Circuit Court jury returned a judgment of $2,638.18 against the highway commissioner on the claim of a contractor who did some remodeling work on the Mackie farm near Holt in 1957.

Clyde Lapp of Lansing charged in a civil suit that his bill for the job amounted to $7,479 and that Mackie paid only about $4,700 of the bill. He demanded payment of the difference of $2,638.18.

Mackie said he had a verbal agreement with Lapp that the job was not to exceed $5,000 and refused to pay the difference. He said he finished the remodeling himself.

Mackie ran into trouble with the federal government last week when he was told he would have to pay a fine of $372 unless he plowed under six-tenths of an acre of wheat. Mackie decided to plow rather than pay or fight.

The new legal defeat had a bitter political tinge for the Democratic highway commissioner. The attorney for Lapp was Francis Wary of Lansing, chairman of the Ingham County Republican Committee.

Are Law Now

Williams Signs 32 Bills

LANSING (AP) — Laws governing ferry docks, locomotive bells and pedestrian overpasses are among the latest to go on the books in Michigan.

Gov. Williams signed 32 bills into law yesterday.

One transfers jurisdiction over the former state Highway Department ferry docks at Mackinaw City and St. Ignace to the State Waterways Commission. The Mackinac Island dock, now under Island Park Commission Control, also reverts to the waterways agency.

Another new law requires railway locomotives to sound a bell continuously until a crossing in cities and villages is passed.

★ ★ ★

A third grants school districts authority to purchase, grant or lease pedestrian overpasses.

Other new laws of general interest signed will:

Authorize fourth class school districts to sell, exchange or lease personal property no longer required for school purposes without a vote of the electors.

Increase the fee paid to a justice court for filing an appeal from $1 to $2.

Permit a party in a divorce action to testify in open court against a charge of adultery.

Require a county superintendent of schools to call a special meeting on the request of five or more electors of the district if the primary board concerned had refused a petition for such a meeting.

Permit charging tuition and other fees at Houghton College of Mining and Tehnology to in-state as well as out-of-state students.

★ ★ ★

Provide that the city clerk in a first or second class school dis first or second class school disboard candidates meet the necessary qualifications.

Increase the initial and annual fee to the friend of court for handling support payments under the paternity act from $5 to $10.

Permit the licensing of special mobile ice cream manufacturing units by the director of agriculture.

Authorize the state administrative board to sell 260 acres of land at the Caro State Hospital to Caro for airport purposes.

Authorize the state administrative board to sell the Detroit Medical Battalion Armory.

Raise from $50 to $100 the required value of property involved in a felony charge of embezzlement or larceny by conversion.

Announce Five Pontiac Men Join Marines in June

Five Pontiac area men enlisted in the Marines in June through the Pontiac Marine Recruiting Substation, it was announced today.

They were John R. Lyon of 259 Navajo St.; Thomas C. Ewers of Troy; Michael Furney of Orion Township, and Charles F. Hancock Jr., and Ralph F. Park, both of Clarkston.

The new Marines were flown to San Diego, Calif. for 12 weeks of recruit training. They will be transferred to Camp Joseph H. Pendleton at Oceanside, Calif. for five weeks individual combat training before returning home on a 15-day leave.

Yugoslav Hijacks Plan to Gain Liberty

BARI, Italy (UPI) — A determined young Yugoslav commandeered an airliner with 27 persons on board last night, forcing the pilot at gunpoint to fly him to freedom in Italy.

The hijacker, Obad Cuckovic, 23, unpacked his pistol during an internal flight in Yugoslavia and fired one shot through a window to show he meant business in his escape from communism.

★ ★ ★

Cuckovic still was holding his pistol on the pilot when the plane landed here. He surrendered it only when local authorities boarded the plane.

Cuckovic immediately asked for political asylum and was taken into custody. None of the other passengers attempted to join him.

The plane was allowed to return to Yugoslavia after remaining on the ground less than an hour.

Strategy to Bypass Senate Stalemate

House Committee at Work on Civil Rights Measure

WASHINGTON (AP) — The House Judiciary Committee starts work today on a civil rights bill, the fate of which will play a large part in determining how long Congress stays in session this year.

★ ★ ★

Action on civil rights is one of the key items in the Democratic leadership's legislative program, which critics say has been dragging despite the party's heavy majorities in Congress.

★ ★ ★

Chairman Emanuel Celler (D-NY) predicted the committee would approve a bill not later than next week. If he succeeds in that goal despite strong Southern opposition within the committee, it would open the way to lengthy battles in both the House and the Senate.

Senate Democratic Leader Lyndon B. Johnson of Texas reportedly appealed directly to Celler to get a civil rights bill passed by the House as soon as possible.

This pointed to a strategy like the one used in 1957 to enact the first new civil rights law in more than 80 years. The House passed a measure then and Senate leaders used it to bypass the Senate committee where Southerners had blocked action.

★ ★ ★

In the Senate, legislation to strengthen civil rights laws remains tied up in a judiciary subcommittee which has succeeded in holding only one meeting out of four tries since concluding hearings May 28. Another effort is scheduled Friday.

Numbers Operators Caught With Pants Down

NORTH BERGEN, N.J. (AP)—Police raided a numbers operation Wednesday and caught five men, two of them with their pants down—literally.

They were in the basement of a private home counting the day's receipts. Because of the warm weather the two had taken off their pants and were in their undershorts.

New Mexican Problem —Convincing It's a State

SANTA FE, N.M. (UPI) — New Mexico has been in the union since 1912 but a lot of people apparently don't know it.

A man from Toledo, Ohio, wrote New Mexico Tourist Director Fred W. Phelps recently asking for information about quickie divorces.

"Perhaps you had in mind the idea of Mexican divorces," Phelps replied, somewhat acidly.

A woman from Australia traveling in the United States recently asked Phelps for "pictures of your wonderful country" and particularly the Shrine of Guadalupe. He tactfully suggested she should write Mexico City rather than Santa Fe.

Periodically, letter writers ask about passport regulations and currency exchange. On and on it goes.

Postmaster E. M. Beradinelli receives mail in Santa Fe intended for Mexico. "I guess people just don't read the 'New' in front of Mexico," Beradinelli said with an air of resignation.

Joe Bursey, a New Mexico political figure, tells about the time he took some Navajo blankets, Indian jewelry and other wares he felt were typically New Mexican to Boston for display at a national convention.

A women — a school teacher at that — asked him questions about the display, and ended the conversation by saying, "I would like to compliment you on your English, senor. I have never been in your country."

There are certainly cultural ties between Mexico and New Mexico, as between England and New England. But certainly nobody suggests any more that Massachusetts gets its problems settled in Parliament.

New Mexico has not been under Mexican control since 1846.

When the New Mexico Legislature this year decided to name a park for Mexican bandit Pancho Villa, the states' U.S. senator of Spanish stock, Dennis Chaves, protested so vigorously nobody dared carry out the legislative decree.

New Mexico, a tourist state, is happy to remind visitors it is a blend of American, Spanish and Indian cultures and wants to keep alive the Indian and Spanish traditions.

In some mountain villages of northern New Mexico only Spanish is spoken, and until the 1930's legislators heard their speeches translated into both Spanish and English so that all the lawmakers could understand.

A lot of tourist-oriented New Mexico folk are happy that visitors find the state interesting and different, but they're just a wee bit edgy about being confused with people of a foreign land.

Safety Efforts Paying Off on Michigan Highways

(This article deals with the four-point legislative program of the Traffic Safety Committee of the Michigan Press Assn. and what various state agencies are doing to reduce the toll of accidents and fatalities on Michigan highways and streets.)

By AL HAUGNER
Editorial Writer,
Port Huron Times Herald

During 1955, drivers on Michigan highways attained an ignominous record—2,106 persons were killed.

That amounted to a death rate of 7.1 per 100 million miles of travel and was the highest in the eight largest states of the union.

By contrast, in 1958, the death rate was 4.6 and is expected, when final figures are in, to rank Michigan next to the lowest among the largest states populationwise.

In 1958, the state's provisional death record of 1,375 was the lowest in 25 years, with the exception of the wartime years.

★ ★ ★

It was inevitable that the grisly record attained in 1955 spurred the state to action. Gov. G. Mennen Williams called a special session of the Legislature in November. A safety program was enacted, and it has been strengthened in succeeding sessions.

Secretary of State James M. Hare, accordingly, is seeking changes now to strengthen the enforcement code. He would make driving without a license a "moving violation."

Secretary Hare also would amend the law to permit his office to reject applications for renewal of drivers licenses "when they are presented by motorists with dangerous driving records." Incredible as it seems, he cannot do that now.

During the black year 1955, the economic loss that accompanied the 2,016 deaths, based on the National Safety Council formula of $120,000 per traffic death, was $240,000,000.

Because of the reduced death toll in 1958, despite an increase in the loss factor, the cost was $185,000,000. This exceeds by many, many times the cost of increased accident prevention work instituted since 1955 in Michigan.

The State Police review of Michigan's traffic record credits legislation, enforcement engineering and education with the improvement made since 1955.

MORE OFFICERS

The enlisted personnel of the State Police was 730 on July 1, 1955. Fifty-seven officers were added in November, 1955 and January, 1956. The Legislature approved training 200 more officers at the special session in 1955. In 1956, an additional 168 officers were provided.

Today there are 1,127 officers in the State Police force of which 700 are on the highways.

Thus, the increase in personnel was 58 per cent between 1955 and 1958. State Police work six days a week and, during 1958, averaged 9.3 hours a day.

Evidence that the increased State Police staff paid off: there were 148,627 traffic offense arrests in 1955; there were 250,382 in 1958. That represents an increase of 69 per cent. There was an increase of 131 per cent during that period in oral warnings.

But State Police do not work on traffic alone; complaints other than traffic increased in the same period by 52 per cent. And, because the State Police have general police jurisdiction, the increased force has enabled the department to give more comprehensive police service and a greater protection to the public.

The manpower time spent on traffic, however, is about 60 per cent of the total. Other State Police personnel must chart all safety activity for many agencies.

★ ★ ★

The vast amount of data collected by State Police indicates characteristics and trends that point up areas needing special attention. The data thus charted serves many state agencies to guide them in what direction their activities should be directed.

1958 RECORDS

The wealth of data and records collected by the State Police reveals some pertinent observations on the 1958 traffic record:

1. Although the number of registered vehicles was down, the estimated vehicle mileage and number of licensed drivers were up.
2. The death rate due to highway accidents was 4.6 per 100 million miles—the lowest ever recorded in Michigan.
3. The greatest reduction in deaths in 1958 was in urban areas—down by 89, or 20 per cent.

4. One or more drivers were reported to be violating the law in eight of 10, or 79 per cent, of 1958 fatal accidents.

5. The ratio of pedestrian deaths to total pedestrian casualties is much less for children under 15 years than for adults 55 years and over; 1 out of 35 as compared to 1 of 8.

For the coming fiscal year, Commissioner Joseph A. Childs is asking $12,874,207, an increase of $1.2 millions over last year. That budget does not represent what is desirable but what is feasible in view of the state's financial plight.

There presently are 31 trooper vacancies in the department. No trooper vacancies are being filled during the present fiscal year for the same economic reasons.

The budget now being considered provides for restoring unfilled trooper positions and adding 45 new troopers to bring the authorized strength to 1,200.

The approval of this budget is one of four points which has the endorsement of the Traffic Safety Committee of the Michigan Press Assn.

The 1955 statewide conference showed that the State Police needed a force of 1,250 to cope then with an estimated population of seven million persons. Today, the population is estimated at between 7.8 and 8 million persons.

Commissioner Childs credits the support of the state press with being of prime importance in the improvement of traffic. He says the leadership and support of the press have been factors in bringing about the new safety package.

It took archaeologists eight years to extract all the fabulously rich contents from the tomb of King Tutankhamen after it was discovered in Egypt in 1922.

Hamilton Believed in a Little Debt—but Look at It Now!

Alexander Hamilton, first secretary of the treasury, believed a little debt was a good thing.

A perpetual debt, theorized Hamilton, would assure the nation a good credit rating and a permanent group of bond holders.

He borrowed money to get the new government on a firm financial footing, thereby giving birth to the national debt.

From Hamilton's time until the present administration of Secretary Robert B. Anderson, the debt has grown prodigiously, though there have been short periods of debt reduction.

SET TWIN GOAL

In fact, there was a time when the nation was young that it managed to shed all indebtedness.

Albert Gallatin, who succeeded Hamilton, looked at the 1801 national debt of 83 million dollars and set a twin goal of debt and tax reducton. By 1811, he had cut the debt to 48 million dollars.

With income flowing in from the sale of public lands, the national debt was completely wiped out by 1835.

★ ★ ★

But absence of debt proved not to be a guarantee of financial stability. A period of prosperity was climaxed by the panic of 1839, and then depression settled over the land.

During the Civil War the debt went up, but was coming back down again by 1870. World War I sent it upward from $1,146,939,000 in 1910 to $24,299,321,000 in 1920. During the prosperous '20s, the debt declined, only to rise again during the depressed '30s.

World War II was the skyrocket that carried the debt to the heights where it is today. The 1940 debt was only $42,967,531,000 On Feb. 28, 1946, it reached its wartime high of $279,214,000,000.

SAGGED IN 1949

The lowest it has gotten since the war ended was on April 30, 1949: $251,530,000,000.

Now totaling almost 286 billion dollars, the debt is sure to go higher. The government had a deficit of more than 12 billion dollars during fiscal 1959, largest in peacetime history.

Congress has raised the debt limit to 295 billion dollars for next year. There is little or no chance of reducing indebtedness in the next year or so, says Robert B. Meriam, the President's deputy assistant.

"We will be fortunate to hold the line," he says.

Police Doubt Heir Actually Killed 13

PARIS (AP)—A rich man's son accused of two murders has claimed 11 other slayings. But the police are openly skeptical.

They said today that George Rapin, 23, might be trying to build up a plea of insanity for his trial on charges of murdering a Pigalle girl and a garage attendant.

Rapin confessed to shooting the girl, Dominique Thirel, and burning her body when she refused to pay him protection money for her extra-curricular nightlife activities.

He also confessed to killing garage attendant Roger Adam, whose body was found.

Rapin's boasts of 11 other slayings were made in conversations with Prison Warden Rene Malaure.

Buys Voting Machines

GRAND RAPIDS (AP) — Grand Rapids bought 30 new voting machines Tuesday on a three-year payment plan. They will cost $1,575 each less $50 trade-in on 30 old machines. The time payment period permits the city to take advantage of any future price increase with no interest charges.

Language Lab Electronic

Providence, R.I. (AP)—A $21,500 electronic lanaguage laboratory will open this fall at Brown University. With a capacity of 1,000 students, the project features a workroom with 30 booths in which students can listen to recordings made by natives of the tongue they are studying and record their own efforts for comparison.

Saves 34 From Ship

SINGAPORE (AP)—The British transport Empire Kittiwake today rescued all 34 crew members of a Japanese ship grounded on a reef in the South China Sea. The 4,500-ton Kittiwake was en route to Hong Kong with British military personnel and stores. Her agents here said she went to the aid of the Daikatsu Maru, which was stranded on Bombay Shoal off Palawan, Borneo.

Road Death Precedes Traffic Safety Award

EAST LANSING (AP) — An honor award for no pedestrian fatalities in 1958 has been presented to the East Lansing City Council by the American Automobile Assn.

Ironically, the award was accepted just three hours after a three-year-old girl was struck and killed by a taxi cab on a city street.

ONE OF THE 7 BIG BESTS CHEVROLET GIVES YOU OVER ANY CAR IN ITS FIELD

Take it, not from us, but from official results of this year's Mobilgas Economy Run: Chevy's pennypinching 6 delivers the most miles per gallon in its field. For a pair of these Chevrolet sixes with Powerglide walked away with the first two places in their class, getting the best mpg figure—a whopping 22.38—of any full-size car. And here are more expert, impartial opinions and on-the-record facts backing us up on Chevy's other six bests:

BEST TRADE-IN

Check the figures in any N.A.D.A.* Guide Book. Chevrolet used car prices last year averaged up to $128 higher than comparable models of the "other two."

BEST STYLE

It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

BEST BRAKES

In direct competitive tests of repeated stops from highway speeds, conducted by NASCAR†, Chevrolet out-stopped both of the other leading low-priced cars—and why not: Chevy brakes are far larger, built with bonded linings, to help lengthen brake life by as much as 66%.

BEST ROOM

Official dimensions reported to A.M.A.‡ make this clear. For example, Chevy front seat hip room is up to 5.9 inches wider than comparable cars.

BEST ENGINE

Every motor magazine has given Chevrolet's standard and Corvette V8's unstinted praise. As SPORTS CARS ILLUSTRATED puts it: "Indeed this device is surely the most wonderfully responsive engine available today at any price."

BEST RIDE

MOTOR TREND magazine calls Chevy ". . . the smoothest, most quiet, softest riding car in its price class." You'll be able to tell this yourself, instantly. And your Chevrolet dealer can tell you about a long list of other advantages besides these 7 big ones!

More for Driver's License? Liquor Rebate Change OK

LANSING (AP) — It was up to the House today whether to tack an extra 50 cents on state driver license fees and clamp new restrictions on motor scooter operators.

The Senate yesterday passed 29 to 3 a House-approved bill to do both things after a sharp wrangle and an extensive rewrite job that left some lawmakers confused. The bill was returned to the House.

"This one of the most mixed up bills I have ever seen," remarked Sen. Carlton H. Morris (R-Kalamazoo).

The boost in driver license fees was expected to yield $750,000 a year to supplement existing state subsidies for driver education courses in high schools. About 105,000 boys and girls took them in 1958-59.

Barring further changes, the new rates would go to $4 for an original license, $2.50 for a renewal and $2.75 for a chauffeur's license.

Another significant feature of the bill as it left the Senate, one vigorously sought by traffic safety promoters, would raise the minimum age for a scooter operator's permit from the present 14 to 15 years.

The bill also provided:

A prohibition against nighttime operation unless a scooter was equipped with lights, the operator had written consent of local police authorities and a speed of under 35 miles an hour was maintained.

★ ★ ★

A permit may be issued only if local authorities were satisfied with an applicant's competency to operate a scooter safely or if the applicant had passed a driver education course.

A limit of one rider on a scooter.

A $30,000 appropriation to the Departmen of Public Instruction for driver education program administration.

★ ★ ★

The Senate earlier rejected a proposal for a $10-a-pupil charge for driver education courses, now free.

LANSING (AP)—A drastic revision in the formula for rebating state-collected liquor license fees to local governments headed for Gov. Williams' desk today with Senate approval.

★ ★ ★

Nobody seemed to know its exact effect, but it was clear large additional sums would be diverted from townships and villages without full time police or ordinance enforcement departments to county sheriff departments.

The bill cleared the Legislature by a Senate vote of 28 to 4.

The Senate also passed and routed to the governor the so-called continuity of government bills and a measure to allow counties to finance new courthouses over 30 years. The present limit is 15.

★ ★ ★

The continuity bills provide for emergency filling of public offices vacated by casualty effects of hostile atomic attack by an enemy nation.

For example, the governor would be required to pick three potential successors, giving due account to considerations of geographic dispersal, and file the names with the secretary of state, specifying an order of succession.

Constitutional provision for succession would apply in cases of incapacity resulting from reasons other than enemy attack, with the lieutenant governor first in line, followed by the secretary of state, attorney general, state treasurer and auditor general.

School Contract State Headache

Cancellation Could Cost Nearly Half a Million, Finance Leaders Warn

LANSING (AP) — Cancellation of the main contract for a new boys vocational school could cost the state $400,000, legislative finance leaders have been told.

The Henry de Koning Construction Co. of Ann Arbor has filed a cancellation notice effective July 14.

De Koning holds a contract for $820,000 for general construction on the $1,900,000 first phase project at Whitmore Lake near Ann Arbor.

He said he was quitting because he was getting "only promises" after an initial payment of $410,000 for work through March. He is now owed $194,000 by the state.

James W. Miller, state controller, supplied the loss estimate in a memo to Sen. Elmer R. Porter (R-Blissifeld) and Rep. Arnell Engstrom (R-Traverse City), chairmen of the Senate and House finance committees.

De Koning indicated he intended to go to court to recover payment for all work completed and any losses sustained, and reasonable profit and damages.

★ ★ ★

Miller said the state would have to rebid the remaining construction. He said it would be fair to estimate the state would lose between $100,000 and $400,000.

Miller said he would meet with de Koning at the construction site today.

He asked the legislators to let him know if there was any "intention, possibility or probability" the general fund would be replenished prior to July 14. Miller said he could use such knowledge as an argument "to hold together what is perhaps the best contract the state has had for a building project in the last 10 years."

House Approves Plan for 12-Year Districts

LANSING (AP)—The controversial K-12 school bill headed toward an uncertain fate in the Senate today after squeezing through the House for the second time this year.

Needing 56 votes for passage, the measure picked up a 56-40 vote yesterday.

★ ★ ★

It would abolish the nearly 1,400 primary school districts that don't offer education beyond the eighth grade. All would have to form their own high school district or join existing ones in the next three years.

Laggard districts could be forced into consolidation by county school boards or, in the event of dispute, by the Superintendent of Public Instruction.

Police Woman Hired

ANN ARBOR (AP) — Janice Hileman, 22, a graduate of Michigan State University's police school, has joined the force of the Ann Arbor Police Department. She has been assigned to work in the Youth Bureau. Miss Hileman is the first policewoman here since last February. She is a native of Lincoln Park.

Ex-Cuban Air Boss Receives U.S. Asylum

MIAMI, Fla. (AP)—Maj. Pedro Luis Diaz Lanz, sought as a traitor by his government after his sudden resignation as head of the Cuban air force, is in the United States as a resident alien.

Diaz, whose whereabouts had been unreported since his June 30 letter of resignation, came to Miami from Cuba with his wife July 1 on a small private boat.

Edward P. Aherns, district director of immigration and naturalization, today announced Diaz' admission. His wife has been paroled.

Ahrens would not go beyond his brief announcement of the arrival and admission.

"He has requested that his whereabouts not be revealed at this time," Ahrens said.

Miriani Now in Hospital for Biennial Checkup

DETROIT (AP)— Mayor Louis Miriani of Detroit is in Mount Carmel Mercy Hospital for a checkup. The 59-year-old mayor said he entered on the insistence of his doctor, Ernest L. Stefani.

Ray W. Pearson, the mayor's executive secretary, said Stefani "has been insisting for some time that Miriani enter the hospital for a biennial check." Miriani is expected to leave the hospital Saturday. He canceled plans to attend the U.S. Conference of Mayors in Los Angeles next week.

ONLY DAILY NEWSPAPERS SELL GASOLINE FROM REFINERY TO CAR OWNER

PETROLEUM COMPANIES use daily newspapers as a rich source of prospects for their products. With daily newspapers they can and do dig deep and profitably in any market or all markets, reaching over 100,000,000 people at any one time.

All down the line, through jobbers, distributors and local service stations, the daily newspaper keeps selling motorists on your brand of petroleum products. The newspaper's unmatched local selling power has made it the overwhelming favorite of local advertisers. Last year local advertisers, including oil distributors and service stations, spent $2⅓ billion in this Total Selling medium – six times more than in radio; nine times more than in television!

If you want to sell more people all the way to the sale–sell them nationally and sell them locally at the same time in the same medium–the Total Selling daily newspaper.

THE TOTAL SELLING MEDIUM IS THE DAILY NEWSPAPER

County Club to Welcome 18 Monday

Kentucky 4-Hers to Visit Here

Oakland County 4-H Club members have planned a spectacular week for 18 Hopkinsville, Ky., boys and girls who will arrive here Monday, completing the exchange program between the two 4-H groups.

The Kentucky contingent which hosted 16 Oakland County youths two weeks ago in "perfect southern hospitality" will be met at the county line by a police escort.

Their itinerary includes tours of the Pontiac Motor Division Plants, Ford Rouge and Tractor Plants and Greenfield Village.

An excursion to Bob-Lo and a night at Cinerama in Detroit head the list of fun for the Hopkinsville 4-H members who, according to County Extension Agent Jack Worthington, showed the Oakland County travelers a wonderful time in Kentucky.

★ ★ ★

The exchange program was designed to acquaint each 4-H Club with the ideas, customs and "folkways" of another part of the country.

The day-to-day events in the respective communities are stressed in this educational program which also includes the exchange of 4-H Club information.

Five adults will accompany the Kentucky youths who will stay in the homes of county 4-H club members.

★ ★ ★

A list of the hosts includes:

Robert Hollis, 1066 Doris Rd.; Virginia Guthrie, 173 Hillfield Rd.; Lucille Seibert, 1123 Doris Rd.; Sally Taylor, 8781 Pine Knob Rd., Clarkston; Caroline Smith, 21868 Pontiac Trail, South Lyon; Janet Long, Sleeph road, Milford; Gary Tennent, Sashabaw road, Ortonville; Lyle McLachlan, Lapeer road, Lake Orion; Larry Scramlin, 3614 Jassman Rd., Holly; Robert Metzger, 880 Granger Rd., Ortonville.

Larry Middleton, 2610 Stoney Creek Rd., Lake Orion; Ted Young, 2810 Indian Lake Rd., Oxford; Gary Hunter, 2623 Orion Rd., Lake Orion; Sidney Miller, 3410 Dartmouth Rd., Oxford; Sue Simonson, 1957 Cragen Dr., Bloomfield Hills; Caroline Canfield, 57241 Grand River Ave., New Hudson; Caroline Bowers, 4105 South Hill Rd., Milford; Jean Mott, 5487 Sunnycrest Dr., Birmingham.

★ ★ ★

The five adults will stay at the homes of Mr. and Mrs. John Schafer, 365 W. Sunnybrook Rd., Royal Oak; Mr. and Mrs. John Lessiter, 501 Baldwin St., Lake Orion, and Mr. and Mrs. Dan Abbey, 1111 Orion Rd., Lake Orion.

Margaret Truman Invited to Make Broadway Debut

NEW YORK (AP) — Margaret Truman has been invited to make her Broadway debut next fall in a Rodgers and Hammerstein musical.

Richard Halliday, one of four producers of the show, said Wednesday Miss Truman had been asked to appear in "The Sound of Music." Miss Truman said she had not yet made up her mind.

★ ★ ★

Miss Truman, a concert singer who also has appeared on television and in summer stock, would appear in the show with Mary Martin, the star, Halliday said Miss Truman was asked to play the singing-acting part of a nun.

★ ★ ★

Daughter of former President Harry S. Truman, she is married to Clifton Daniel, an assistant to the managing editor of The New York Times. They have two children.

Halliday, Leland Hayward, Richard Rodgers and Oscar Hammerstein II are producing the musical. Howard Lindsay and Russel Crouse are authors of the story.

Rangers Set Reunion

CHICAGO (UPI) —The Ranger Battalions Assn., an organization of World War II members of the U. S. Army's First, Second, Third, Fourth, Fifth and Sixth ranger battalions, will hold its biennial reunion Aug. 14-16 in Des Moines, Iowa.

Hudson Bay in north Canada has a total area of about 472,000 square miles, one of the continent's largest.

Rocket Test Workers Getting Raw Deal?

SAN DIEGO, Calif. (AP)—Federal government "interference in labor union contracts" could results in a shutdown of U. S. missile test stations this year, a union official says.

Roy M. Brown, general vice president of the International Assn. of Machinists, told a Personnel Management Assn. meeting Wednesday night that labor contracts often "cease to exist" when employes of private industry are "loaned" to the government at these bases.

Brown said the federal government has created a "dictatorship worse than any behind the iron curtain" in setting labor policies at missile test bases where non-governmental industrial employes are concerned.

Brown stressed that he had no argument with management of the companies concerned. "This is a joint fight by labor and management against the government."

Embarrassed About Dinner

Road Boss Will Refuse $1,000 'Betterment' Kitty

LANSING — Highway Commissioner John C. Mackie said last night he will turn down a "highway betterment" kitty of $1,000 collected by contractors, road equipment men and suppliers.

★ ★ ★

"Under the circumstances, I could not accept it," Mackie told a reporter after being advised Signor Peterson, Detroit contractor, confirmed the funds were to be tendered in a few days.

The commissioner apparently was embarrassed by calls from newsmen about a $24-a-ticket golf outing and dinner staged in his honor at the Lansing Country Club on Tuesday in advance of yesterday's letting.

Peterson, a former president of the Michigan Road Builders Assn., said between 300 and 400 tickets were sold. He said the idea was to honor Mackie on his second anniversary in office and that the intent was non-political.

"None of us would have anything to do with that," he said.

★ ★ ★

Peterson is vice president of the Cooke Contracting Co. which now is doing work on the Edsel Ford Expressway extension in Wayne County.

Before he changed his mind, Mackie said whatever funds came to him would be used for supplementing state-allowed expenses for meetings with local government officials and for out-of-state industry gatherings.

Peterson said this was in line with the aims of supporters of the affair.

"I hope it will develop into an annual affair for the promotion of better highways," he said.

The golfers and diners included contractors, highway insurance men, representatives of steel, cement, pipe and equipment firms, and members of the Wayne County Highway Commission and Public Works Department.

Philadelphia Schools Pledge Racial Rights

PHILADELPHIA (AP)—An official policy barring racial discrimination has been adopted unanimously by the Philadelphia Board of Education.

The policy statement was drafted by E. Washington Rhodes, the only Negro member of the 15-man board, and presented for action Wednesday.

★ ★ ★

Negro groups long have sought a written statement on the board's racial policy. They have charged that 55 city schools are all white, while 19 have entirely Negro student bodies. There are 245 public schools in the city.

★ ★ ★

The statement pledges that the board will not discriminate in the instruction and placement of students, or in the assignment and promotion of teachers.

Kennedy to Leave Senate Counsel Job

WASHINGTON (UPI) — Robert F. Kennedy, chief counsel of the Senate Rackets Committee, indicated yesterday he would abandon his role as a Senate investigator after the committee expires later this year.

He is expected for the time being to help in efforts to win the Democratic presidential nomination for his older brother, Sen. John F. Kennedy (D-Mass). The senator is regarded as a certain candidate for the nomination even though he is as yet undeclared.

★ ★ ★

The younger Kennedy, who has been connected with Senate investigations for the past five years, has helped his brother in previous campaigns.

Young Kennedy told newsmen he planned to remain as the chief counsel for the rackets group "at least through this session of Congress." But he said he does not plan to make a career out of congressional inquiries.

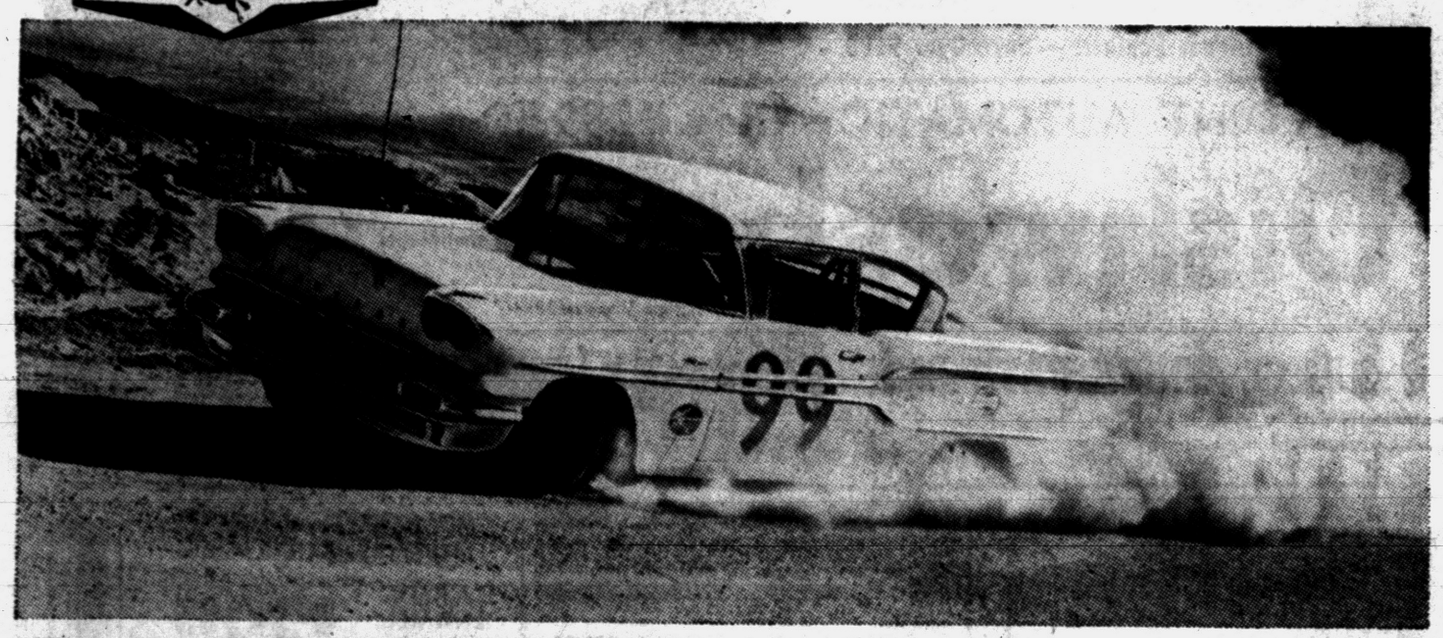

58 Girls Will Attend

LANSING (AP)—Michigan will send 58 teenage girls, members of rural chapters of the Future Homemakers of America, to a national convention in Chicago July 13-17.

Will Fight Pinball Ban

ROME (AP)—Owners of Italy's 20,000 pinball machines have formed an association to fight for repeal of the new government ban on their machines. The association says the ban has thrown 10,000 Italians out of work.

SHRIMP MOLD ALFRESCO — This cool looking salad is a natural for hot days. It can be made in the morning and kept chilled all day. Macaroni and vegetables make it almost a whole meal. Add one hot dish and a dessert for a delightful meal.

Open Air Meals Cool the Cook on Hot Days

When appetites begin to fade and the sizzling sun drives you out of the kitchen, it's time to "dine alfresco" . . . which is simply a fancy way of saying "in the open air." Anyone with a porch or patio, some imagination with food (so that long hours aren't spent doing culinary gymnastics over the hot stove) and good friends to enjoy it, can have this leisurely type of dinner.

Food should be plentiful, maybe just a little bit different from everyday fare, but easy to prepare and serve. Your menu might sound like this: Shrimp Mold Alfresco . . . a zesty combination of shrimp, macaroni and seasonings brought to flavor perfection with fresh California lemon juice; Asparagus Egg Casserole . . . frozen or canned asparagus cooked, seasoned with butter, salt, pepper and fresh lemon juice then combined with hard cooked eggs and white sauce, topped with bread crumbs and baked until golden brown; Fantan Rolls, Iced Tea 'n Lemon and Strawberry Tarts.

Shrimp Mold Alfresco

2 envelopes unflavored gelatine
2 tablespoons sugar
½ teaspoon salt
Dash of cayenne pepper
¼ teaspoon dried dill
1 teaspoon grated lemon peel
½ cup fresh lemon juice
2½ cups boiling water
1 pound fresh or frozen shrimp, cooked and cleaned
1 cup cooked elbow macaroni
¼ cup sliced green onions
¼ cup diced celery
1 small cucumber, washed and sliced
Tartar sauce or sour cream

Combine gelatine, sugar, salt, pepper, dill and lemon peel. Add lemon juice to soften. Dissolve in boiling water. Chill in refrigerator until partially set. Fold in shrimp, macaroni, onions and celery. Lightly oil a 1-quart mold. Arrange cucumber slices on bottom and sides of mold. Spoon in gelatine mixture.

Chill in refrigerator until firm. Unmold onto bed of lettuce leaves. Garnish with paprika topped lemon quarters. Serve with tartar sauce Makes 4 to 6 servings.

Cheese Joins Pineapple as Spread for Snack

Here's a new idea for a snack to serve after an evening of bridge or TV: Grate 2 cups of Cheddar cheese, dice 4 slices of uncooked bacon and chop 4 green onions, tops and all. Mix together thoroughly with 1 cup of well-drained crushed pineapple.

Arrange a thick layer over hamburger buns that have been cut in half, but not toasted. Broil until lightly browned and bubbly. This topping is enough for six buns, cut in half.

Salute Seaway With a Cooler

In the middle of Kansas, or on the shore by Cape Cod, Americans everywhere are enjoying water sports this summer. Man-made reservoirs and natural lakes are filled with people swimming, sailing and fishing.

These thirst-quenching floats are a breeze to make. Vanilla ice cream is layered with chocolate syrup and raspberry sauce, and carbonated beverage is slowly poured down the inside of the glass. The lemon-lime carbonated beverage flavored with the natural oils of lemons and limes is a tangy accent to the sweet sauces in this soda. One 7-ounce bottle makes one soda. Used canned chocolate syrup and sweeten crushed fresh raspberries for the fruit sauce.

Lemon-lime carbonated beverage and vanilla ice cream are a delicious combination for all sorts of summer floats. Try topping floats with chopped fresh fruits, prepared sundae sauces, and jams or preserves. Or just serve the two "plain" for quick frosty refreshment.

SEAWAY FLOAT — American and Canadian representatives opened the St. Lawrence Seaway this summer with official ceremonies. You can celebrate, and have a frosty refreshment, too, when you serve a Seaway Float. Chocolate syrup and raspberry sauce are layered with vanilla ice cream and a 7-ounce bottle of lemon-lime carbonated beverage is poured into the mug for this easy soda.

Red Raspberries Make Early Appearance

This is the season when more fresh fruits and vegetables arrive in our markets each week. Michigan grown produce gains in volume along with shipments from other states, reports the Michigan State University Marketing Agent.

The meat situation is slightly different from that of a week ago. A drop in wholesale prices is giving retailers a chance to feature lamb. The loin roasts and bacon are receiving emphasis in the pork line. Good supplies of poultry and eggs rate favorably when you compare price per serving with red meats. Even though beef prices remain at a steady level, some cuts are specially priced.

FRUITS FOR YOU—Take a look at the produce department today and try to remember the fruits displayed a month ago. There's a big difference.

The raspberry season is here several days earlier than a year ago. Sizzling weather decreased the Michigan strawberry crop in the large southwestern growing area and hurried the ripening of raspberries. True, the harvest on the east side of the state runs a few days later, but the bulk of the raspberry crop will be finished by July 25.

Plenty of peaches, plums, cantaloupe and watermelon vie for a share of your food dollars.

Harvesting of an expected 12,000 ton Washington state apricot crop is under way. Since most of it is sold fresh, you'll find supplies increasing and prices on the decline in your stores.

A few sweet cherries dress up a fruit plate and cost less as Michigan's harvest increases. There are also light supplies of tart cherries for fresh pie or some other favorite cherry dish.

THE VEGETABLE PLATE—can be more colorful and more moderately priced than a month ago. Lots of homegrown lettuce is available. Head, leaf, romaine, and Bibb spell variety in texture and flavor. Escarole, spinach and parsley are other salad greens to check each week.

Have you seen the tender yellow squash or the green striped zucchini? Homegrown supplies are increasing. For best flavor choose those of small size. Summer squash is at its best when the skin looks fresh and is tender, it is free from blemishes, and it is firm and fairly heavy for its size. Keep summer squash in the refrigerator in a moisture-proof bag or container.

Michigan's celery harvest has started, but heavy movement is not expected until about July 25.

Homegrown green beans, peas and cucumbers are in the farmers' markets and may be found in some grocery stores.

PROTEIN CHOICES — If lamb's your meat, this is a good week to use it. A shoulder at 55 to 59 cents a pound may be your choice for an elegant roast for the rotisserie. Have it boned and tied at the market. The roast is medium-done when the meat thermometer reads 170 degrees.

Lamb shoulder is perfect for shish kabobs. Cut the meat into 1 or 1½ inch cubes. Marinate for several hours or overnight in oil, lemon juice and seasonings. Place in refrigerator while marinating. Thread cubes on a skewer and alternate with slices of green pepper and pieces of onion. Broil 3 inches from the heat for 15 to 20 minutes.

Lamb breast for barbecue? It's easy when you partially cook the meat with the sauce in the oven for 1½ hours. Then if you like, finish on the outdoor grill.

Fryers, roasters and turkeys wear similar price tags. Take your pick, remembering that fryers serve about 1⅓ portions per pound. Roasters and turkeys serve approximately two people from each pound.

Popeye Must Have Had His the Right Way

Allergic to cabbage? Hate turnip greens? According to the experts this could all have started when you were a baby . . . and were served your food **AT THE WRONG TEMPERATURE.** Babies reject food that is served too hot or too cold. Sometimes this dislike is transferred to the flavor itself and rejected right up through adulthood.

So check the temperature of the spinach, Mom. If Junior doesn't like it when he gets old enough to let you know, it may be your fault.

Vanilla Sauce Tops Any Fresh Fruit

Serve this good sauce with cut up fresh fruit.

Vanilla Sauce

¼ cup sugar
1 tablespoon corn starch
¼ teaspoon salt
1 egg (slightly beaten)
2 cups milk
1 teaspoon vanilla extract

Mix sugar, corn starch and salt together thoroughly in top of double boiler. Mix in egg yolks well. Gradually stir in milk. Cook and stir constantly over boiling water until slightly thickened. Remove from heat; cool; stir in vanilla. Chill. Makes 2 cups sauce. Delicious over sliced oranges and pears.

Q. What is the name of these cuts of meat?

A. Pork Hocks.

Q. Where do they come from and how are they identified?

A: They come from the lower part of the front shanks and are thick and oval in shape. They contain the two front shank bones.

Q. How are they prepared?

A. They may be prepared by either braising or cooking in liquid. The meat surrounding the shank bone has a fat and skin covering. Frequently the pork hocks are served with sauerkraut and turnips.

Slimming Foods Fit for Summer

By JANET ODELL
Pontiac Press Home Editor

Dieting seems easier in the summer. That is, it's easier if you keep away from ice cream treats, corn on the cob and shortcakes. Seriously, though, during the hot weather we aren't so hungry. Sometimes a glass of iced tea can take care of the between-meal hunger pangs; no calories in that.

We're going to give you a few recipes for dishes that do have calories. You can fit them into your daily allotment of food. Remember that the only good diet is one that includes all types of food and calls for three meals a day. Don't risk your health.

★ ★ ★

Who would think you could have potato salad on a diet? Of course you can. This recipe calls for only 2 tablespoons of mayonnaise in the whole salad recipe which will feed 8 people.

New Potato Salad

1 pound new potatoes, peeled and cooked
1 tablespoon fresh lemon juice
1 tablespoon cider vinegar
1 tablespoon salad oil
1½ teaspoons salt
¼ teaspoon ground black pepper
½ head lettuce
½ head Romaine
3 small green onions (scallions) with tops, chopped
1 cup chopped celery
½ cucumber, sliced
1 tablespoon fresh lemon juice
2 tablespoons mayonnaise
2 medium fresh tomatoes

Dice potatoes and combine with next 5 ingredients. Marinate in refrigerator at least 1 hour. Tear lettuce and Romaine into bite-size pieces in a salad bowl along with onions, celery, cucumbers and potatoes.

Mix lemon juice with mayonnaise, add and toss lightly. Garnish with tomato slices or wedges. Yield: 8 servings. Total calories: 754. Calories per serving: 95.

Summer squash is a wonderful friend of the person who is counting calories. You can choose among a number of varieties for interesting eating.

Squash and Peas

Wash and cut 2 yellow summer squash in half lengthwise. Cook in boiling salted water until tender, about 10 minutes. Drain and serve cut side up. Top with about one cup of peas. Season vegetables with one teaspoon butter, salt and pepper to taste. Serves four.

★ ★ ★

If you prefer to make your own low calories salad dressing, here is a simple recipe. This will go well with any vegetable salad.

NEW POTATO SALAD — Calling all dieters — here's a flavorful main dish salad as high in satisfying fillingness as it is low in calories. New potatoes, fresh tomatoes, celery, green scallions and Romaine lettuce are blended into a delicious, stick-to-the-ribs dish that counts only 95 calories per serving.

Low-Calorie Salad Dressing

2 teaspoons cornstarch
1½ teaspoons sugar
¾ teaspoon salt
½ teaspoon paprika
¾ cup water
1 tablespoon salad oil
¼ cup vinegar
½ teaspoon Worcestershire sauce
2 tablespoons catsup

Mix cornstarch, sugar, salt and paprika together in 1-quart sauce pan. Add ¼ cup of the water, stirring slowly until smooth. Add remaining water. Stir and cook over low heat 5 minutes. Cool.

Stir in salad oil, vinegar, Worcestershire sauce and catsup. Store, covered, in refrigerator and use as needed, shaking well before each use. Makes one cup.

Jellied soups are enticing, are cooling and have very few calories. This recipe calls for a garnish of sour cream. You may use yogurt if you can't afford the calories in sour cream.

Jellied Soup

1 envelope unflavored gelatine
1½ cups cold water, divided
1 beef bouillon cube
1 chicken bouillon cube
1 can (8 ounces) tomato sauce
1 tablespoon lemon juice

Sprinkle gelatine on ½ cup of the water in saucepan to soften. Add bouillon cubes. Place over medium heat and stir until gelatine and bouillon cubes are dissolved. Remove from heat; stir in remaining 1 cup water, tomato sauce and lemon juice. Pour into shallow pan; chill until firm.

To serve, cut into cubes, or spoon into soup cups. If desired, top each serving with a spoonful sour cream and sprinkle with diced cucumber, or lemon slice. Yield: 4 servings.

For a luscious tasting, eye filling summer dessert try Daffodil Cake. You surround a pale yellow angel food cake with a fluffy lime coating. This coating is made with whipped nonfat dry milk and lime gelatin and contains only two-thirds the calories of whipped cream. You can vary the cake by changing the gelatin topping.

Daffodil Cake

1 package (1-pound 1-ounce) lemon custard angel food mix
2 packages (3 ounces each) lime-flavored gelatin
2 cups hot water
½ cup instant nonfat dry milk crystals
½ cup ice water
2 tablespoons lemon juice
¼ cup sugar
2½ cups coconut whipped instant nonfat dry milk crystals*

Prepare cake mix according to package directions for mixing. Turn into 3-quart fluted mold (or angel food cake pan). Bake according to package directions. Invert and cool thoroughly. Remove cake from mold. Wash mold.

Meanwhile, dissolve gelatin in hot water. Chill until slightly thickened; then beat until foamy. Mix instant crystals with ice water. Whip until soft peaks form (about 3-4 minutes). Add lemon juice and continue whipping, while gradually adding sugar, until stiff peaks form (3-4 minutes longer). Beat into gelatin.

Pour small amount of gelatin mixture in bottom of 3-quart mold. Place cake in mold. Pour remaining gelatin mixture between cake and sides of mold. Chill until gelatin is set. Unmold. Serve with coconut whipped instant crystals.

To whip coconut instant nonfat dry milk crystals (makes about 2½ cups):

1. Mix ½ cup instant nonfat dry milk crystals with ½ cup ice water.

2. Whip until stiff peaks form (about 3-4 minutes). Add 2 tablespoons lemon juice.

3. Continue whipping, while gradually adding ¼ cup sugar, until stiff peaks form (3-4 minutes longer). Fold in ½ cup flaked coconut.

Chipped Beef Roll

For a pre-meal snack, use chipped beef . . . it's so easy. Shape about 1 tablespoon of cream cheese in hands to form roll about 1¼ inches long. Then wrap with 1 strip of chipped beef.

Lettuce Variety Betters Salads

When the weather is hot, we seem to think in terms of cool things to eat and drink, and our thoughts usually get around to lettuce. It's this natural association of lettuce with coolness that led someone in the vegetable business to pin the name "Iceberg" on the most common variety of head lettuce, which is flowing to market by thousands of truckloads every day.

Iceberg is only one of many kinds of lettuce you'll find at your favorite vegetable counter, the Department of Agriculture says. Other varieties of head lettuce, several kinds of **leaf lettuce**, including the most delicate of all, **Bibb lettuce**, are being harvested now in many different parts of the country, including vegetable growing areas in the Midwest.

STILL MORE KINDS

Bibb, or Limestone lettuce, is small, and forms a small head. Alongside it, you may find a much larger kind of lettuce which forms loose heads, a type called **Romaine.** In the same general area of the vegetable counter you may find **endive,** which you'll recognize by its very curly ragged leaves.

This is not actually a member of the lettuce family, and it has a much sharper flavor than any kind of lettuce. Something like endive is **escarole,** which is more mild in flavor than endive, and usually more tender.

Even though they don't belong in the lettuce tribe, you may find a place for them in your salad bowl, for they are just as crisp and crunchy as lettuce, and they have a more pronounced flavor.

Corn Oil Makes Ideal Dressing

Nothing adds a more satisfying contrast in texture and color to many meals than a simple green salad made with a lightly seasoned vinegar and corn oil dressing. The dressing gives the fillip which makes the entire meal taste richer and more satisfying.

Corn oil, a highly refined vegetable oil is of particular nutritional importance, because it supplies nutrients, such as linoleates, which our bodies are unable to make in adequate amounts. These linoleates are needed for growth, health, and general well being. The linoleates from corn oil also help to keep blood cholesterol levels within the normal range.

For brevity, Corn Products Company refers to this combination of substances as the L-plus factor. Every day new evidence of the unique food value of corn oil comes to light. Mazola corn oil contains no cholesterol and, of all popular food oils, is the richest source of the L-plus factor.

Experts on nutrition commonly recommend that vegetable oils, such as corn oil, should make up from one-third to one-half of the fat eaten each day. One easy way to get a portion of this vegetable oil is from just such a tempting salad as our Simple Green Salad with a piquant oil and vinegar dressing.

Simple Green Salad

Select greens for choice flavor, color, crispness and variety. Break about 4 leaves into individual bowl. Season to taste with salt and black pepper. Sprinkle 1 tablespoon corn oil and 1 tablespoon vinegar over the greens. Toss until all greens glisten and are coated Makes 1 serving.

Vary the salad with the type of vinegar used—wine, cider, tarragon or spiced. There is an almost unlimited number of greens, fresh garden lettuce, Chinese cabbage, romaine, watercress, plain or curly endive. The dark green of small tender spinach leaves add contrast to bleached or pale greens.

Plentiful Eggs Star in Omelet

Here's an Omelet that even June Brides can make perfectly the very first try—it puffs up with pride, and bread crumbs help it stay that way. Crown this Bread Crumb Omelet with a wreath of fresh fruits—your favorite, in season. Dribble generously with Vermont-fresh maple syrup. Or let your imagination take over for almost any "crowning glory" you can dream up!

Another toothsome idea—gently spoon cottage cheese into the lower half of this Bread Crumb Omelet before folding, then fold, and serve with maple syrup for a sweet treat. Whatever you do, you're sure to eat and enjoy this Bread Crumb Omelet that's so failure-proof even June Brides can be Omelet "experts."

Here's all you do:

Bread Crumb Omelet

1 tablespoon butter
½ teaspoon salt
4 eggs, separated
⅛ teaspoon ground pepper
½ cup soft bread crumbs, (without crust) firmly packed
½ cup milk

While mixing omelet ingredients, heat butter in 10-inch skillet (with cover on) over moderate heat. Add salt to whites and beat until stiff but not dry (whites will not slide out of bowl when it is tipped). Add pepper to yolks and beat until thick and lemon-colored. Add crumbs to milk and combine with yolk mixture. Fold into whites gently but thoroughly.

Tip skillet to spread butter evenly over bottom, pour in omelet mixture, level surface gently and cover. Reduce heat to low and cook on top of range until surface is dry (touch lightly with finger tip) and knife inserted in center comes out clean, about 20 minutes.

Fold and serve on warm platter with choice of maple syrup, cottage cheese, cranberry sauce and fresh fruit. Makes 2 to 3 servings.

To Fold an Omelet: Hold skillet by handle with thumb and fingers on top. With spatula make cut halfway through omelet at right angles to handle slightly above center (toward handle). Place spatula under part of omelet nearest handle, tip skillet to nearly vertical position, and carefully fold upper half over lower half. Continue bringing skillet handle over until omelet tips over onto warm serving plate held to edge of pan.

Mix cream cheese and guava jelly to a paste for filling miniature cream puffs.

SIMPLE GREEN SALAD — Greens should be crisp, cold, and dry when mixing salads. Corn oil for dressing should be stored in the refrigerator. Seasonings and condiments are at their best when fresh or freshly ground.

New, More Delicious Margarine May be Important to Your Family's Well-Being

Because only New Fleischmann's is made from

100% CORN OIL

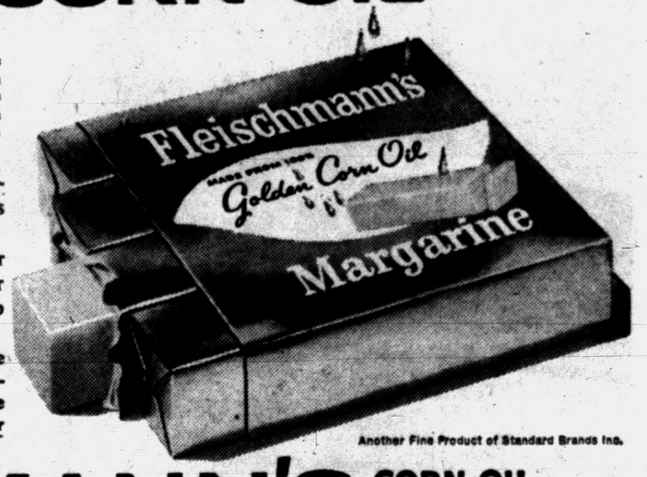

NEW TASTE TRIUMPH
Only Fleischmann's Margarine is made from 100% golden corn oil. It has a golden, delicate flavor never before achieved in margarine—the genuine golden taste of the high-price spread!

LATEST SCIENTIFIC REPORTS give evidence of new nutrition factors in golden corn oil. And it is corn oil that makes amazing new Fleischmann's Margarine so delicious.

Research indicates golden corn oil, in liquid form or partially hydrogenated as in margarine, may under proper conditions control excess *cholesterol*, believed by many to be an important factor associated with atherosclerosis.

ASK YOUR DOCTOR! Fleischmann's is the only margarine made from 100% golden corn oil. That is why many doctors now recommend Fleischmann's where the nutritional benefits of corn oil are important. Check with your doctor on how this applies to your family's well-being.

Susan Has Intelligence, Innate Modesty

Susan Westergaard, Oakland County's entrant in the Miss Universe contest, displays some of the charm and sparkle that won her the title of Miss Michigan last Sunday.

Pontiac Press Photos by Eddie Vanderworp

Music is one of Susan's hobbies. "I like rock and roll if it isn't too wild," she said. "But I think classical piano solos are my favorites."

Miss Michigan stands on the diving board at the pool of the William L. Kahn home in Franklin. Vital statistics are 5 feet 6 and a half inches, 120 pounds and measurements of 35-23½-35.

Beauty Is Girl of Many Talents

By RHEA E. VIETOR
Women's Editor
The Pontiac Press

Oakland County's prize beauty, Susan Westergaard, is quite a girl. The young Southfield blonde who was chosen Miss Michigan to represent Michigan in the Miss Universe contest starting next week, not only looks good in a bathing suit, but she can swim, too.

Susan honestly feels that the rest of her family, including three older sisters, has far more talent than she has. She says "I do a little of everything, but I really can't do anything very well." She includes painting, playing the piano, cooking and athletics.

MOTHER AN ARTIST

Her mother, Mrs. Bjarne Westergaard, is a talented amateur artist whose work has been shown in many exhibits in the Detroit area.

★ ★ ★

Right now Susan is trying to work at the John Robert Powers Finishing School in Detroit where she is office manager, grant press interviews pose for pictures and train for the big event next week.

"I'm so tired of eating eggs and tomato juice, I could die," she said wistfully.

★ ★ ★

The 20-year-old miss who won the Miss Michigan title at Walled Lake Park Sunday in a field of 16 finalists, has remained remarkably calm and poised through all the excitement.

"I was never really terribly excited about anything before this in my life," she said, "and I still feel rather numb. It's hard to realize what has happened."

Her family is very happy but not carried away by all the excitement. Susan is engaged to James O'Dea, a WXYZ-TV technician, who also seems to be taking it in his stride.

Incidently, whereas most girls enter small contests first, Susan aimed right for the top in her first try.

She is looking forward to her first plane trip, when she goes to Long Beach, Calif., with all expenses paid and a complete new wardrobe.

★ ★ ★

Susan's mother is not going along, because, as she explained, "I feel that Susan will be worrying about me and I don't want that. This is her day, and I don't want her to have to wonder if I am having a good time or being looked after. She'll have enough to do."

"I hope I can win," said Susan, "for the people of Michigan."

★ ★ ★

Certainly the people who have been fortunate enough to get to know her are enthusiastic supporters, for she is as gentle, unassuming and intelligent as she is beautiful.

This girl is not only beautiful—she can cook, too! Susan's mother vouched for that, and also stated that her daughter was an excellent housekeeper.

Wearing her red-checked blouse and white cotton shorts, Susan relaxes for a moment on the edge of the fountain at the Kahn's home.

Women's Section

Susan likes to read when she has a chance. Historical novels are her favorites, but she probably won't be reading one for the next few weeks at least — not with the Miss Universe contest in the offing.

Here is Susan at home, putting a few touches on an unfinished oil painting. She has no ambitions toward being an artist like her mother, but she tries her hand at painting occasionally.

When Susan has time to relax, she likes to play the organ at the Westergaard home on West Nine Mile road. She studied the piano for six years, but insists she didn't learn much. The rest of the family disagrees with her on that.

CAROL K. EVANS

Mr. and Mrs. John M. Evans of Bloomingdale, Ind., announce the engagement of their daughter, Carol Kay, to Glendel Ray Hull, son of Mr. and Mrs. Granvel R. Hull of West Columbia avenue. Miss Evans attended Indiana State Teachers College, and her fiance is serving with the U.S. Air Force at Truax Field, Madison, Wis. No wedding date has been set.

Princess and Lady Make Royal Booboo

LONDON (UPI) — It shouldn't happen to any woman but it did yesterday to Princess Margaret and Lady Iris Peake, her lady-in-waiting.

Both showed up at a Mayfair fashion house wearing almost identical turquoise blue dresses.

"We always guard against this sort of thing so carefully," said the embarrassed Lady Peake. "I think this is the first time we've slipped up.

Royal protocol did not allow Princess Margaret to comment.

Girls Can't Expect to Work Short Time

By RUTH MILLETT

Memo to the sweet girl graduates who plan to enter college this fall:

Many of you, perhaps the majority, are going to college to major in husband hunting. You're pretty vague about what you want to take in college, because, after all, you plan to get married. If you ever work at all, you figure it will be for a year or two.

While marriage is a fine goal for a girl and a college campus is hard to beat as a place to look for a husband, maybe you'd better just minor in husband hunting and major in something else.

Why? Because that rosy dream of yours about getting a husband and letting him support you for the rest of your life isn't very realistic.

Chances are that instead of working for just a year or two, you'll be working for years. First you'll have to help your husband while he gets a start.

But for most of you, your working days won't end there. Some of you will work for years trying to keep up with the standard set by two-income families.

Others of you will stay home while your children are small, but go back to work when the last one enters school so that you can give them the "advantages" you want them to have.

Some of you will marry men who will expect you to help earn the living. Lots of men do these days.

And some of you will one day be job-hunting widows—since women today are outliving their husbands. It is hard for a man to leave his widow with enough income so that she doesn't have to worry about money.

Then there will be those of you who want to go to work when you have reared your families because you feel useless sitting around an empty house.

Since the chances are that you'll spend a good many of your adult years holding down a job, you'd better prepare yourselves for a good one while you have the chance.

Plan vegetable cooking time so that the vegetable is served soon after it reaches the "just-tender" stage.

Save good flavor — keep whole corn in the husks and fresh peas in the pod and refrigerate until ready to use.

Dear Abby . . .

Let Her Have Her Truck Driver

By ABIGAIL VAN BUREN

DEAR ABBY: Would you let a daughter of yours marry a truck driver? My daughter has a weakness for truck drivers but I want her to find a nice local boy. This is the third truck driver she has gone with and this time she wants to get married. This coming and going and sleeping days and driving nights doesn't strike me as much of a life. Will you please help me decide if I should let her marry this guy? As long as she is living under my roof she has to do as I say. She is 27 years old.

ABBY

MRS. D.

DEAR MRS. D.: Truck drivers as a rule are a responsible, sober, hard working lot. If your daughter knows him and his background well enough there's no reason why they can't be very happy.

★ ★ ★

DEAR ABBY: I am in a terrible mess. When I was six months pregnant (unmarried) I went to my sister's house and stayed with her and my brother-in-law as I was desperate. No one knew of my condition but them. I went to the hospital and used her name and had my baby. I told my sister she could have my baby (she can't have any of her own) but now the baby's father has come around and he wants to marry me and we want our baby. My sister and brother-in-law say they will fight me in court. Since I used her name in the hospital can she keep my baby?

DESPERATE

DEAR DESPERATE: If you cannot afford to hire a lawyer, go to your Legal Aid Society. They will help you.

★ ★ ★

DEAR ABBY: I am a 28-year-old man who is married to a girl who is "married" to her mother. We've been married three years, but I am afraid unless she quits running to her mother we won't stay married much longer. She was born with a silver spoon in her mouth and her mother gives her everything she wants. Her mother is a widow and my wife is the only child. She tells her mother everything (and I do mean everything). When my wife gets the blues she'll go spend the night with her mother. Please tell me what to do.

ANDY

DEAR ANDY: It's not the "silver spoon" you have to worry about—it's the "silver cord." Your wife is immature, and her mother hasn't encouraged her to grow up. She should leave her mother long enough to visit a marriage counselor with you.

★ ★ ★

DEAR ABBY: My husband is a great one for noticing the good points of all the other girls he sees. He notices in one minute if she has good legs, or if her mouth is sensuous, but I could step out of a beauty parlor with my hair dyed green and he wouldn't notice a thing. How come?

NOT NOTICED

DEAR NOT: The "one in the window" always looks better. You're bought and paid for.

DEAR ABBY: We have a 12-year-old child who will be the death of me yet. He absolutely refuses to eat any food that is "mixed" with other food. Like if I have meat and potatoes and I get a little gravy from the potatoes on the meat, he won't eat it. If I have creamed corn and potato salad, if the corn runs into the potato salad he won't eat the corn or the potato salad. I have to tell him the food all gets mixed up in his stomach anyway but he says, "Please, Ma, you are turning my stomach to talk about it." Do you think he will outgrow it or can this last a lifetime?

WORN-OUT MOTHER

DEAR MOTHER: Don't worry about it. Serve his food on separate dishes and don't make an issue of it. He'll probably outgrow it. If he doesn't, you can give his wife your condolences right along with your congratulations.

★ ★ ★

CONFIDENTIAL TO "SORRY NOW": Next time swallow those angry words. It's much better than having to eat them.

What Young People Think:

8 Pct. Teenage Boys Are Horror 'Addicts'

By EUGENE GILBERT

"The Blob." "It." "The Fly." "The Thing." "It Came From Outer Space." "It Came From Under the Sea."

Whatever it is and wherever it came from, teenagers by the thousands will be sure to see it in all its grisly details.

Horror movies, with their frightening stranglehold on the teenaged boxoffice, have become Hollywood's biggest bread and butter item since the heyday of the Grade B horse opera.

Hardly a Saturday night goes by in any American town without Frankenstein, Dracula, their brides, sons, daughters and other members of the clammy clan playing to packed houses of screaming youngsters.

This weekly ghoul session, replete with screaming skulls, graveyard ghosts and thirsty vampires, has been the salvation of many neighborhood movie house.

RAISING GHOUL LOVERS?

Why are teenagers so fascinated with things ghastly and ghouly? What makes them flock to horror movies in such great and devoted numbers? Are we raising a generation of vampire-lovers?

When the answers came in from our interviewers across the country we found that most youngsters are not what you might call horror addicts.

Eight per cent of the boys and one per cent of the girls felt a compulsion to see horror films as often as the opportunity presented itself.

But a whopping 71 per cent of the boys and 64 per cent of the girls went "every now and then."

Why?

"Because they make me laugh," answered 16-year-old Paul Fink of Hoosick Falls N. Y.

"Because I get frightened when I see them," answered 16-year-old Pete Polo of Valley Stream, N.Y.

★ ★ ★

Both schools of ghoul patrons, those who came to laugh and those who came to shudder, had plenty of support throughout the country.

The survey showed that 53 per cent of the boys and 31 per cent of the girls attended horror movies primarily for laughs.

And an almost opposite percentage, 43 per cent of the girls and 35 per cent of the boys, went to be scared.

Despite movie makers claims to the contrary, less than one per cent of the teenagers interviewed said they went to horror films to increase their interest in science.

DRACULA THE FAVORITE

Who is their favorite horror pinup?

Dracula, by a wide margin, with 54 per cent of the girls and 48 per cent of the boys, naming him their dream spook.

Next on the horror horizon came Wolf Man (36 per cent) and Frankenstein (34 per cent), followed very distantly by "The Thing" (3 per cent) and actor Boris Karloff (1 per cent), apparently regardless of role.

Count Dracula's appeal to the fair sex, with girls again outvoting the boys 43 per cent to 39 per cent, installed "Return of Dracula" in top place as the teenagers' choice for the scariest story ever presented in a horror film.

"Return of Frankenstein" trailed with a 27 per cent total vote, followed by "House of Wax" (11 per cent), "The Thing" (5 per cent) and "House on Haunted Hill" (2 per cent).

Girls overwhelmingly (63 per cent) preferred to see a horror movie with a boy rather than someone of their own sex, while boys by a 59 per cent vote preferred to attend with other boys.

"I prefer to go with a date," said 16-year-old Jacqueline Smith of Hartford, Conn., "because then I won't be so scared."

"I always go alone or with a buddy," commented 15-year-old Rand Kinnick of Coffeyville, Kan. "It doesn't seem right somehow to take a girl to a horror movie."

Elizabeth Parent of St. Louis said she never had a nightmare after a horror film, "but sometimes I get a feeling someone is watching me on the way home. I never go alone."

★ ★ ★

Vampires, ghouls, man-eating bats and graveyard apparitions hold no fear for 17-year-old Linda Whycoff of Boston. "Afterwards," she confessed, "I'm always terribly hungry."

★ ★ ★

Only three per cent of the teenagers who regularly attended horror films also professed to be regular readers of horror magazines, but a whopping 86 per cent said they enjoyed ghost stories in summer camp.

Soviet Flat Out of Date

By VIVIAN ROWN

NEW YORK (AP)—The three-room apartment displayed at the Soviet Exhibition of Science, Technology and Culture at the Coliseum here is furnished in a manner reminiscent of rural American 25 years ago.

There is shower equipment imposed almost as an after-thought on a high bathtub.

In the bedroom, a homemade coverlet of printed cotton gauze covers the bed and matching fabric is used on a lampshade.

★ ★ ★

The kitchen looks as if it had been built to suit the needs of newlyweds. The refrigerator is at one end of the tiny pullman-style kitchen, the stove at the other.

The apartment and furniture is small-scale because, says Miss Olga Bayar, the Soviets are building apartments at such a fast pace.

LOTS OF STORAGE

"Our furniture is not as sophisticated as American furnishings," she admits, "but it is much like some of the modest furniture displayed here."

Storage space predominates in the tiny rooms of the model apartment; furniture and cabinet designs are old-fashioned by our standards of sophisticated decoration.

★ ★ ★

Color schemes would not appeal to our decorators. Strawberry and gray vinyl squares on the bathroom floor establish the color mood for the area with pink plastic tiles on the walls and a strawberry shower sheet.

COST $350

Bedroom colors are pink, yellow and gray. The bed has a headboard with compartments on either side. A built-in vanity table is in the storage and closet unit along one wall. Two paintings, a chair and a desk-like piece complete the room which Miss Bayar estimated would cost 3,500 rubles ($350) to furnish, without either the machine-made or the handmade oriental rugs used on the floor.

★ ★ ★

The boys' bedroom consists of two beds, two work tables, and a storage unit with laminated plastic sliding doors. The furniture is varnished pine.

A large built-in storage unit dominates the wall of the living-dining area.

"This storage unit is a brand new idea in Russian living," Miss Bayar explains.

PAINTING FOCUS

"I decorated this room around this painting of birch trees by Gritziay," she points out, referring to the color scheme of black and beige, relieved by a chair upholstered in a red print fabric.

Walls are painted driftwood beige, drapery fabric stretches across one window in a design to give the effect of birch trees.

The living-dining room, she says, would cost about 5,500 rubles ($550) to match in the Soviet Union exclusive of the very expensive large oriental rugs, "not typical of a floor covering in a modest Russian home."

The walnut furniture is on simple lines. It consists of a dining room table, four chairs, a red upholstered chair, a studio lounge "for one guest," and a coffee table with a handle across its top for easy moving.

Miss Bayar, a member of the academy of architecture and construction in Moscow says she is a specialist in interior decoration. That and her knowledge of English got her the job of explaining the Soviet apartment in America.

Woodwind Ensemble to Play at Cranbrook

Detroit Symphony Woodwind Ensemble with Karl Haas, pianist, will be featured at the third concert of Cranbrook Gardens Summer Festival.

The program will be presented at 4:30 p.m. Sunday at Cranbrook House Gardens. Works by Haydn, Beethoven and Poulenc will be included in the program.

This will be the first appearance of the ensemble at Cranbrook.

Members of the group are Irvin Gilman, flutist; Paul Schaller, clarinet; Ronald Odmark, oboe; Charles Sirard, bassoon; and William Sabatini, French horn. All are soloists with the Detroit Symphony Orchestra.

★ ★ ★

Mr. Haas is the newly appointed director of fine arts for a Detroit radio station. He was born and educated in Germany. After coming to this country in 1936, he studied with Benderson Netzorg and Artur Schnabel.

He is the founder and president of Chamber Music Society of Detroit.

On Sunday, he will join with the ensemble in Beethoven's Quintet for Piano and Winds, Opus 16, and Poulenc's Sextet for Piano and Woodwind Quintet.

July 26, the Cranbrook Summer Festival will feature Ruth Meckler, pianist, with Paul Olefsky, cello; Gordon Staples, violin; and Paul Schaller, clarinet.

The final concert on Aug. 2 will have Mischa Kottler, pianist, with Mr. Olefsky and Mr. Staples as guest artists.

Tickets for all concerts are on sale at Grinnell's and at Cranbrook Gardens', gate on Lone Pine road at concert time.

This exercise will give your waist a twist and your thighs and hips a workout, too. It is detailed in today's column.

Knee Bending

Exercise for Convalescent

By JOSEPHINE LOWMAN

Women who lead a sedentary life, those who work in an office or spend hours at a bridge table or a sewing machine each day are apt to gain in both pounds and measurements.

This also often happens after an illness. Women may gain weight, or they may gain none or only a few pounds and find that they have spread through the waist or the hips or that their abdomens protrude. This is due to lack of exercise. Our weight has a habit of settling unattractively when we do not exercise even when we are the right weight.

READER'S LETTER

I received a letter not long ago which said, "I have just recovered from a long illness. I have gained only six pounds but the difference in my figure would indicate that I have gained nearer 20. I cannot diet but I can exercise.

"I want to get rid of the pads on the hips and thighs. Also my waist has thickened some. Please help me by giving me one exercise I can take lying down."

This is rather unusual since more women are prohibited exercise than calorie counting. However, in some illnesses, such as tuberculosis, dieting is prohibited.

The following exercise will give this reader's waist a twist and her thighs and hips a workout, and yours too, if you use it.

Lie on the floor on your back with your arms resting on the floor, extending out from your shoulders. Keep your finger tips on the floor as you bend your left knee up and cross it over the right leg, touching the floor on the outside of the right leg. Return left leg to place. This time bend the right knee, cross it over the left leg and touch the floor on the outside of the left leg with the right knee. Continue, alternating.

Do this exercise rather briskly reaching as far across to the other side with your knees as you can.

If you would like to have my tested hip-slimming exercises, send a stamped, self-addressed envelope with your request for leaflet No. 3. Address Josephine Lowman in care of The Pontiac Press.

Dark Colors Seen in Paris Fashions

PARIS (AP) — Fashion may reflect the gloomy world political picture with sober browns and blacks when Paris dressmakers begin displaying their new fall and winter collections July 27.

★ ★ ★

It is predicted that hemlines will go down, but only slightly.

Two new houses will make their debut. One of them is run by actress Brigitte Bardot's dressmaker, Louis Feraud, an ex-baker, he has already influenced France's younger set with his sweet-and-inpocent-but-somehow-sexy styles for Bardot. Michel Therouanne, the second newcomer is 30, and architect's son with five years experience in London dressmaking.

Never Put Bread Back on Tray

By EMILY POST

"Dear Mrs. Post: Will you please settle a point of table manners that has been causing some argument in our house. We have no one waiting on table and all the serving dishes, including the bread tray, are put on the table and passed around. My sister takes a slice of bread from the tray, breaks it in half and puts the other half back. (She is watching her calories.)

"I have told her time and again that it is very bad table manners to put the bread back for others to eat after she has touched it. She sees nothing wrong in this and says it would be wasteful to leave it on her plate to be thrown away. Will you please give your opinion of this?"

Answer: You are right. It is not good manners to put the piece of bread she has handled back on the tray.

"Dear Mrs. Post: I am a real estate saleswoman in my forties and am not married. I avoid using my first name as much as possible because I prefer the formality of 'Miss Jones' in business. All too frequently I will be asked by clients, 'What is your first name?' I reply, I never use it, I prefer 'Miss Jones.'

"I feel justified in making this squelch, but have been told that this is very rude. I would appreciate your opinion."

Answer: You have every right to ask to be called "Miss Jones" in business and to reserve your first name for your family and close personal friends.

"Dear Mrs. Post: Is it always necessary for the best man to propose the toast to the bride and groom at the reception? I'm terrible at such things and am the best man; one of the ushers is a 'natural' at making pretty speeches and yet he insists he can't do it as it's supposed to be my privilege—or duty—whichever way you look at it."

Answer: Tell him that you really want him to propose the toast and that as you don't mind having your place usurped, there is nobody else who can possibly object.

Pantryshelf dessert for a rainy day: Turn canned applesauce into a pie plate and sprinkle with a mixture of cinnamon and sugar; heat in the oven.

Belafonte Highly Critical of His First Film Roles

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP) — A series of disappointing films almost caused Harry Belafonte to give up his movie career, the singer-actor disclosed today.

The Negro star is a perfectionist. He is also a young man who thinks seriously about his race. For these reasons, he has been unhappy with his films thus far.

He publicly lambasted "Island in the Sun" as a bad picture, much to the dismay of 20th Century-Fox. Now it's time for MGM to cringe. He has sharp words about his current release, "The World, the Flesh and the Devil."

"It's not a bad picture," he allowed, "but the tragedy is that it could have been a great picture. Everyone who sees it agrees that the first part, showing the holocaust caused by an atomic explosion, had terrific quality."

Then, as many critics pointed out, the movie fell apart. Belafonte believes it was because the script failed to resolve the issue of a romance between himself and Inger Stevens.

"I said from the first that I didn't care whether I got the girl in the picture," he remarked. "The only thing I wanted was to have the issue resolved, and resolved honestly."

So great was his disappointment that he contemplated giving up films.

Instead, he went into production with his own company. He recently filmed "Odds Against Tomorrow" with himself, Robert Ryan, Shelley Winters, Gloria Grahame and Ed Begley. He feels that in the crime story he achieves what he had hoped for on the screen for the first time.

Belafonte admitted that it isn't easy to find good stories for Negro stars. But there should be a vast field of dramatic stories for Negroes, he added. His own ambition is to do a sophisticated comedy, and he has one by S.J. Perleman under consideration.

★ ★ ★

Also a possibility is "West Side Story" with himself and Marlon Brando as leaders of rival New York gangs. "It would be exciting to act with Marlon," said Belafonte. "But the question is whether we could convincingly play teenagers."

Junked Autos Will Aid Saltan Sea Fishermen

SAN FRANCISCO (UPI)—California hopes to improve sport fishing in the Salton Sea by creating artificial reefs out of old automobile bodies.

Staff members of the Wildlife Conservation Board said corvina abound in the 345-square-mile inland sea but that they are difficult to catch, except near the wreckage of an old Navy piling. So old auto bodies will be used to create other such artificial reefs.

About 30 per cent of life insurance policy holders in the U.S. today are children under the age of 18.

Boys Loot Grave of Skull to Hold Scare Session

JERSE YCITY, N.J. (AP)—Police nabbed seven boys—ranging in age from 6 to 12—and said they had looted a graveyard of a human skull to hold their own version of a television horror session.

They were released in custody of their parents pending juvenile action.

Herter to Travel in Special Jet

Plus AF Equivalent of Boeing 707 Will Carry Secretary to Geneva

WASHINGTON (AP)—Secretary of State Christian A. Herter will fly to Geneva Saturday in one of the three plush jet airliners built for use by the White House and Cabinet officers.

★ ★ ★

It will mark the first time the plane, the Air Force equivalent of the commercial Boeing 707, has been used by a top administration official on an overseas mission.

The Air Force version—called the VC137A—has been especially equipped with added electronic gear, conference tables and modern couches to provide a relaxed atmosphere during travel.

Herter, accompanied by his wife and 11 top aides, is to take off from Andrews Air Force Base, Md., outside the capital, at 9 a.m. Saturday. He plans to fly first to Ottawa for a five-hour stop for talks with Canada's Prime Minister John Diefenbaker and Foreign Minister Howard C. Green.

★ ★ ★

The Ottawa flight is scheduled to take 75 minutes. Afterward, Herter is to leave the Canadian capital about 6 p.m. for a non-stop flight to Geneva.

The jet has been given intensive tests by the Military Air Transport Service. The plane can fly nearly 600 miles an hour at an altitude of about 40,000 feet. The cruising speed is considered to be 625 to 572 miles per hour.

Slays Little Girl, Says Was Error

Restaurant Worker Sobs He Mistook 6-Year-Old for His Wife

LAS VEGAS, Nev. (AP) — "I thought she was my wife." A sobbing, slightly built restaurant worker gave that explanation to police today for his slaying of a 6-year-old neighbor girl.

But, Robert Ervin insisted, he did not sexually molest the youngster, Dolores Stafford.

Ervin, 20, signed a statement admitting he chokd and stabbed the little girl when she wandered into his apartment as she had done many times before to see his wife.

★ ★ ★

Her nude body was found in the attic above the apartment Tuesday. Authorities said she had been raped.

Ervin's wife, Kathy, 18, left him last weekend after he tried to strangle her, then urged her to leave lest he harm her.

★ ★ ★

Officers were waiting for Ervin when his train pulled into Las Vegas from Los Angeles Wednesday. They discovered he was on the Union Pacific's City of Las Vegas when a ticket seller recognized his picture in a newspaper. Ervin said he was returning to Las Vegas to give himself up. He was booked for investigation of homicide.

FBI Man's Boy, 3, Victim of Dad's Gun

MIAMI, Fla. (AP)—A 3-year-old boy apparently killed himself Wednesday night with a .38 caliber pistol belonging to his father, an FBI agent.

Stuart Godwin Jr., away at the time umpiring a Little League baseball game, told police it was the first time he had left a loaded gun at home.

A 14-year-old baby-sitter, Vincent Manieri, said the child, Gregory, was restless and refused to sleep in his own room but agreed to go to sleep if he could stay in his parents' room.

He told police that a short time later he heard a cracking sound, went into the bedroom and found the child lying on the floor by his father's bed, shot in the chest.

Body Found Year After Boy Vanished

ALLENSPARK, Colo. (AP) — Authorities say the remains of 10-year-old Bobby Bizup, who last August wandered away from a Catholic boys camp, have been found in a mountain ravine.

The Rev. Richard Heister, director of the camp, said Wednesday three counselors found the remains last Friday in a ravine just below timberline.

The boy wandered away from Camp St. Malo, south of Estes Park. Father Heister said Bobby apparently died in the ravine's heavy underbrush three miles from the camp.

Bobby, partially deaf, was the son of M. Sgt. and Mrs. Joseph Bizup of Denver.

Time: World's Most Necessary Evil Today

By PHYLLIS BATTELLE

NEW YORK — Time, even more than money, is a commodity that every normal American yearns to have more of. Twenty-four hours is simply not enough for a day, particularly in spring; 365 is not enough days for a year, particularly after age 40; 63 years is not enough for the average man to live, especially when his wife gets 69. . . .

Once you start brooding about time, and the shortness of it, you never want to go to bed. You want to throw away your watches and your clocks and keep your motor running until it collapses. You want to forget that dinner is to be served at 6 or at 8, and that the 7:13 is the train you must take to the office.

You begin to dream about Tahiti or lands of midnight suns or any of dozens of remote lands where time exists, but who's counting? There are places like that, you know, where you sleep when you're sleepy and eat when you're hungry and work only when your leashed energy gets out of hand.

Since one cannot abandon clocks, at today's prices, nor forget the 7:13, under today's rules of responsibility, you can only seek vicarious escape. Talk to Harrison Cowan, the man responsible for timing this year's Winter Olympics and author of a book titled "Time and Its Measurement."

★ ★ ★

Cowan is, actually, a clock-watcher, having been technical director for Longines-Wittnauer in his conventional salaried time; but at heart he cherishes the frivolous period when it was written "And God called the light day, and the darkness he called night. And the evening and the morning were the first day . . ."

UNCLUTTERED BY TIME

Those were the days. And nights. All a man needed was a finger, which he would point upward and say, "I'll meet you when the sun is THERE." Life was uncluttered by time, and the statistics and social obligations that came with it.

If it rained, all business appointments were off.

Cowan reveals that the Empress Josephine was the first person in history to order a wrist-watch, the greatest single threat to peace of mind before Alexander Graham Bell.

★ ★ ★

She gave a jeweled bracelet time-piece as a wedding gift to her son's bride in 1809, almost a century before the United States had its first shipment of wrist-watches —which, incidentally, it returned to the Swiss with scorn.

★ ★ ★

Not until the first world war, 1914, did Americans accept the inevitable and buy a load of watches for artillery officers and aviators. We won the war, and suddenly it was a good omen for everybody to know what time it was.

300 TIME 'ZONES'

In 19th Century America, however, knowing the time was as confusing as it now is harassing. In 1860, there were 300 local times observed throughout the United States. New York, which is further east than Philadelphia, was five minutes ahead of Pennsylvania; Baltimore was five minutes behind Philadelphia, etc.

This is why traveling salesmen began staying with farmers. It was so much easier to point up, as of old, and say "I'll meet you when the moon is there."

Cowan is loaded with timeless information from the loose old days. (Till 1752 America celebrated New Year's Eve March 24; George Washington was born on February 11, 1732, but when they changed the calendar it was too close to Lincoln's Birthday). But the most idyllic calendar was that of the French, for 13 years after the revolution.

They had 12 months to the year, three weeks to the month, 10 days of 10 hours each to the week. Each hour had 100 minutes. Adding up to only 360 days, this left the unbalanced year with five days for a gigantic national brawl.

Inefficient all right. But what a ball!

Faubus Will Appeal Court School Ruling

LITTLE ROCK, Ark. (AP) — Gov. Orval E. Faubus said today he would appeal to the U. S. Supreme Court a ruling which nullified the law he used to close Little Rock public high schools last fall against intergration.

★ ★ ★

Faubus previously had not committed himself on a possible appeal from the June 18 decision of a three-judge federal court holding that the law was unconstitutional.

★ ★ ★

The appeal also will cover a companion law which the three judges held unconstitutional. Under this second law money which normally would have gone to Little Rock Schools was diverted to other schools to which displaced Little Rock pupils transferred.

Detroit Harvester Set to Move Danville Plant

TOLEDO, Ohio (AP)—Detroit Harvester Co. is closing its Danville, Ill., plant and will move those operations to its Dura Division plant in Toledo this summer.

This was announced yesterday by John R. Reading, manager of the Dura plant.

Reading said the move will add more than 100 jobs to the 600 now on the Dura payroll. The Illinois plant, known as Danville Products Co., makes actuating power equipment for retractable automobile hardtops, doors, seats and windows. Top employment there over the last two years has been between 400 and 450.

75 Teenagers Volunteer

CHICAGO (AP)—Parting is sweet, not sorrowful, when teenager volunteers are in the Mount Sinai Hospital children's ward for the end of visiting hours.

The hospital has 75 high school students who do volunteer work in their spare time. One helpful activity is reading to child patients so they won't feel lonely immediately after their parents depart for home.

Bob Considine Says:

Newsman Takes Nostalgic Look at 1880s

NEW YORK—When a man is proud of the business he's in, he's likely to wax sentimental over its major anniversaries and milestones.

Thus, I found the 75th anniversary edition of "Editor and Publisher" a pure delight—especially Ray Erwin's Backward-Turn-Backward article.

"A reporter," counseled a predecessor of E. and P., "has to have the manners of a gentleman, the acuteness of a diplomat, the patience of a Job, and the stomach of an ostrich." He was also expected to work for $25 a week, if he was a real hot fellow.

It was a blunter age, journalistically. From an issue of the late 1880s, as an epilogue to a story about the suicide of an old printer:

"Whisky did it."

From the issue of Nov. 1, 1884:

"It would be a credit of the New York Press Club if Henry Ward Beecher's name was erased from the roll of membership."

★ ★ ★

Gen. Frank L. Howley, U. S. commandant in Berlin in the tough postwar dealings with the Russians in that city, speaks with customary vigor in his new book, "Peoples and Policies," the most different kind of travel book you'll read this year. It is published by Regnery.

It might be said that with this book the era of the U. S. "innocent abroad" reaches its end. Howley takes us through Ghana, Belgian Congo, Kenya, Sudan, Egypt, Israel, the Middle East, North Africa, Spain, France, England, West Germany, West Berlin, East Berlin, Budapest and Formosa, and draws his own hard-hitting conclusion:

"Since the end of World War II, we have proclaimed a policy of containment, which did not contain the Soviets, and we have proclaimed a policy of liberation, which did not liberate anyone. We were prepared only and always to 'peacefully co-exist' with the Soviets and for this they were not prepared.

". . . From our premature demobilization in the postwar years to our failure to use our atomic monopoly to end the Korean War and our failure to support the uprisings behind the Iron Curtain, we have given in to the Soviets. But where we resisted them—economically in Greece and Turkey, politically in Iraq, Berlin; and in Quemoy and Matsu—they were forced to retreat without much counter-resistance.

". . . We can preserve the peace only if we are so strong or, which is the same thing, if the enemy is comparatively so weak that even the last Kremlin commissar knows for sure that aggression would mean an end to his rule. Yet he must also know that we are willing to use our strength if need be. We have not always shown this in past years, and we still seem uncertain about it.

"Yet neither the enemy nor our allies nor those uncommitted nations which might come to our side will respect our strength unless they can be sure that we will not hesitate to apply it for all it's worth.

"This may seem paradoxical (and it was unknown to old-time pacifists) but war can be avoided in the struggle against totalitarian dictators and would-be aggressors only if we do not fear to take the risks of war.

"Silly cracks to the contrary notwithstanding, 'brinkmanship' is indeed the safest way of defending freedom and peace."

We've seen some of the U. S. art collection which will be displayed to the Russians in Moscow beginning July 25, and if it doesn't encourage them to hit us with their Z-bomb, nothing will. A lot of them will believe that we are, indeed, a decadent species. You'd beat your kid if he painted some of those things on a wall.

★ ★ ★

We'll have some fine stuff there, too, of course. I'm not in favor of Congressman Walter's demand that we crate the whole lot and ship it back here. Leave both the good and the bad, and, when the fair ends next month, give the Russians the beatnik stuff. Who knows, it might prove epidemic.

Show to Net Actress Mere $50,000-Plus

HOLLYWOOD (UPI) — Dancer-actress Cyd Charisse will get only $50,000 to $100,000 of the quarter of a million dollars she is being paid to put on her "Evening With Cyd Charisse" show this fall, it was disclosed today.

The Ford Motor Company will write the brunette star a check for $250,000 for the one-hour TV spectacular Nov. 17. But it wasn't originally disclosed that out of that she will have to pay for all the talent and operating equipment.

A big bite will be the amount necessary to attract guest stars as well as producer and choreography.

"I don't care about the profits," Miss Charisse said graciously today. "It's just a matter of really entertaining people. It's flattering to be paid this much money to put on the show."

Old Guard Unit Fights Boredom With Air Tours

POINT PLEASANT, N.J. (AP)—Air tours of the New Jersey coast and New York harbor are among the activities of the Old Guard Chapter here, one of 14 in the state.

Repatriation Hits Impasse

Japan and North Korea Are Unable to Agree on Procedure

GENEVA (AP) — Japan and North Korea have reached a new impasse in negotiations for the repatriation of thousands of Koreans.

The Japanese government refused to sanction any agreement sending Koreans to Communist territory until the International Red Cross approved the pact.

President Leopold Brossier of the International Red Cross insisted his organization could not rule on any pact until it was signed.

★ ★ ★

The Japanese and North Korean Red Cross units have been working on plans for the repatriation for months but have not disclosed details of the agreement they reached among themselves.

In Tokyo, Foreign Minister Aiichiro Fujiyama refused to let the Japanese Red Cross sign the agreement saying that it might be taken as an attempt to put pressure on the International Red Cross to approve it.

★ ★ ★

Fujiyama rejected a proposal by the president of the Japanese Red Cross that the agreement be signed with the proviso that it would become effective only when the International Red Cross approved it.

Li Il Kyung, head of the North Korean Red Cross negotiators, left Geneva for home but said he would return immediately if the Japanese change their minds.

There are about 600,000 Koreans in Japan. Most of them were brought there before and during World War II as unskilled laborers. Many are destitute.

★ ★ ★

The Communists offered them jobs in North Korea. Estimates of the number who want to return range from 43,000 to 117,000.

The republic of South Korea, which claims to be the only legal government of all Korea, bitterly protested the repatriation scheme. President Syngman Rhee's government charged the Koreans were being lured into Communist slavery and warned Japan that it would take "every means including force" to prevent their delivery to the north.

Pickle Plant Will Be Built in Three Rivers

THREE RIVERS (UPI) — This southern Michigan community has a new industry.

★ ★ ★

Squire Dingee Co., a leading packer of pickles, preserves and jellies distributed under the "Ma Brown" brand name, announced it will build a large pickle receiving and salting station on a 10-acre site.

Ground leveling and erection of tanks has started. The firm, a division of Beatrice Foods Co. of Chicago, said it would employ 8 to 10 men on a seasonal basis.

Once operations start, the company will buy 50,000 to 60,000 bushels of pickling cucumbers grown on 200 acres the firm has under contract in the area.

★ ★ ★

The company has set up a temporary receiving station until the new station is completed and will send cucumbers to salt vats in Berrien, St. Joseph and Hillsdale counties until the local salting vats are built.

Three Rivers officials said the firm may eventually add a canning plant here. In addition to its Chicago plant, the company has a pickle plant in Deckerville.

$3 Million in Offshore Oil

NEW ORLEANS (UPI)—Oil companies have invested some $3 million in off-shore leases and operations in the Gulf of Mexico and have produced some 200 million barrels of oil and 570 billion cubic feet of gas, according to the American Petroleum Institute.

Patched-Up Tigers Invade Kansas City

Replaces Fired Mayo Smith Tonight

Hutchinson Takes Red Helm

CINCINNATI (AP)—Burly Fred Hutchinson takes over tonight in one of baseball's managerial hot seats—manager of the Cincinnati Reds.

Cincinnati General Manager Gabe Paul announced yesterday that Mayo Smith had been fired after directing the team through only 80 league games and that Hutchinson had been named to replace him.

Hutchinson, former pilot of the Detroit Tigers and the St. Louis Cardinals, has been managing Seattle of the Pacific Coast League, a Cincinnati farm club.

In coming here, Hutchinson will be the 10th manager of the Reds since 1947. He will be the fourth in less than a year although one of them—Jimmy Dykes—had only a "interim" tenure last year after Birdie Tebbetts quit.

Hutch will be taking over a club mired in seventh place, 10½ games out of first. It is a club so admittedly weak in pitching that Smith singled out that phase last night as a major reason for the team's plight.

Paul said Hutchinson would be signed to a contract running through the 1960 season when he arrives here today from Seattle. The terms were not disclosed.

Paul's terse announcement of the managerial change said Smith had been his "personal" choice when he was hired.

★ ★ ★

"I deeply regret that things have worked out as they have," Paul said.

★ ★ ★

He added that Smith had been offered a job in the Cincinnati organization but Smith asserted he had not yet decided whether to accept it although he declared "I want to stay in baseball."

"It's just one of those things," he declared of his firing. "That's baseball."

Hutchinson spent his playing days as a pitcher with Detroit. He then managed the Tigers from July 5, 1952 through 1954. After that he had a year as manager in Seattle and then took over the St. Louis Cardinals for three seasons, being let out last Fall. Then he went back to Seattle.

★ ★ ★

The firing of Smith was not unexpected. He never had been popular with the always rabid Cincinnati fans. But that was none of his doing—at least until the Reds went into their recent tailspin.

Kaline Expected to Play Against A's in Twin Bill

Condition of Bolling, Groth Still Uncertain for Twi-Night Battle

KANSAS CITY (AP) — Detroit's patched-up Tigers went back into action in the American League today, facing another long haul in their battle for title contention.

A twi-night doubleheader was on tap with the Kansas City Athletics in the Tigers' resumption of play following the three-day holiday for the All-Star game.

Healthier but still handicapped, manager Jimmie Dykes' team needed a comeback after its losing streak of four games which left it six games off the pace.

Most of the Tigers' recent cripples, including homer-hitting Al Kaline of the All-Stars, were returning to shape—but not all.

★ ★ ★

The condition of second baseman Frank Bolling, out for two weeks with a chipped ankle, was uncertain. So was that of outfielder Johnny Groth, relief man for Kaline.

Dykes ran the team through a workout at Detroit yesterday before the departure for Kansas City.

Kaline didn't have his full wind back. Bolling was cautious over his ankle. However, Ted Lepcio, who also had a bad ankle, looked in top shape. He'll probably handle second base for the KC series with Rocky Bridges returning to shortstop in place of Coot Veal.

★ ★ ★

Slugging Gus Zernial, recently afflicted with a pulled leg muscle, was expected to return to first base.

Today's doubleheader was the result of dating a postponed Kansas City game for this Tiger visit. The series concludes tomorrow night and the Tigers then go on to Cleveland for a three-game set with the league leaders.

Frank Lary (9-5) and Ray Narleski (4-7) were today's Tiger pitching choices. Their rivals were expected to be Ray Herbert (5-7) and Johnny Kucks (2-4).

★ ★ ★

Now on a regular diet, Kaline is getting his strength back after having been kept on liquids since his cheek was broken when he was hit by a thrown ball at Baltimore June 18.

Al's five innings in the All-Star game was his first action since his injury. He missed 13 games for the Tigers.

With the start of the road trip Detroit faced a rough road in getting back into the thick of the pennant fight.

★ ★ ★

For the first time since June 6, the Tigers also faced the danger of falling below .500. They are now 40-40 in the won and lost columns.

Dykes plans on Jim Bunning for tomorrow night's game with Don Mossi due for the opener at Cleveland.

Mrs. Koss Repeats in WMGA Tourney

Mrs. Joseph Koss shot a two-over-par 75 yesterday at Bob O'Link to win her 2nd straight Women's Metropolitan Golf Association tournament. She was three strokes better than Mrs. C. L. Zahm, who finished 2nd. Mrs. C. F. Fox was 3rd with 79.

While Mrs. Koss was winning her 2nd weekly tourney in a row, Mrs. William Rodgers was also getting her share of the glory by makeing a hole-in-one on Bob O'Link's 120-yard 3rd hole with an 8-iron.

Mrs. Rodgers' ace scored three firsts. It was the first hole-in-one of her career, the first in the WMGA this year and the first ever made at Bob O'Link by a woman golfer.

Jurges' Bosox Blow Lead, Lose to Yankees

By The Associated Press

That's quite a chore Freddie Hutchinson has undertaken as new manager of the Cincinnati Reds, but it's a toss-up for toughness compared to the job facing Billy Jurges with the Boston Red Sox.

Hutch, fired last September in his third season with the St. Louis Cardinals, agreed to a third shot as a major league pilot last night. He replaced Mayo Smith with the seventh place Reds, who are 10½ games back in the National League race.

★ ★ ★

But Jurges, who succeeded Mike Higgins as Boston boss last weekend, now not only is last in the American League, but is a full dozen games behind first place Cleveland—and he has five games to play against the New York Yankees in five days.

The Red Sox blew a chance to quit the cellar last night, letting a 5-3 lead slip away and taking an 11-5 walloping from the Yankees, who tied for third place, in the only game scheduled in the majors.

★ ★ ★

That game, making up an April rainout, was at New York. The next five are at Boston as the result of a weird schedule and a rainout.

The Yankees, now sharing third with Baltimore, 4½ games shy of first, did some blowing themselves before rolling back with a 15-hit attack. Yogi Berra, who homered, and Bill Skowron, who tripled, doubled and singled, drove in five runs between them. Hector Lopez also drove in three runs, two on a bad-hop single that struck Boston second baseman Pete Runnels in the face.

★ ★ ★

A five-run fourth inning, triggered by Skowron's two-run triple and Berra's two-run, ninth homer, gave it to the Yankees and reliever Bobby Shantz (3-2), who has won three straight.

Shantz, perhaps ready to regain starting status on the Yankees' stumbling staff, gave up a two-run double by Don Buddin and an RBI single by Runnels in the second inning after relieving starter Don Larsen. But the little lefty then held the Red Sox to one run on four hits and struck out eight in a 7 2-3-inning job, his longest of the year.

★ ★ ★

Jack Harshman (2-9) was the loser in relief of Ike Delock.

Bunning's Home Becomes Jinx for Managers

CINCINNATI (AP) — There is one bit of advice that might be given to Fred Hutchinson when he succeeds Mayo Smith as manager of the Cincinnati Reds.

It would be;

"Stay away from Jim Bunning's home."

Bunning, the Detroit Tigers' right-hander, lives in nearby Ft. Thomas, Ky. last year he rented his home during the season to Birdie Tebbetts, then manager of the Reds.

Late in the season Tebbetts quit under fire after the team had fallen deep into the second division.

This year, Bunning rented his home to Smith, the then new Cincinnati manager.

Yesterday Smith was fired. He too had become the target of boos from the fans and the team again is deep in the second division.

Counting on Pitching

Los Angeles Confident About Pennant Race

MILWAUKEE (AP) — The Los Angeles Dodgers are confident they can take the National League title away from the Milwaukee Braves and numerous spokesmen say pitching will make it so.

Leading the optimistic chorus for the West Coast brigade were coaches Pee Wee Reese and Chuck Dressen, a Dodger manager when the club was in Brooklyn.

"Sure we can win," declared Reese. "Why? Because we have the best pitching in either league."

★ ★ ★

Said Dressen, "If I had had pitching like this back in Brooklyn, I'd have walked in."

A somewhat more conservative Duke Snider joined the refrain with: "If our pitchers keep going, we'll win it."

Shortstop Don Zimmer, who said earlier in the season he wouldn't mind being traded to the Braves, added this stanza:

"Sure we're confident we can go the whole way because we've got the best pitching—yes, better than the Braves."

★ ★ ★

The pennant itch began to bother the Dodgers when they rolled up a seven-game winning streak. Reese explained:

"Our young pitchers like Sandy Koufax and Danny McDevitt began to jell. We were getting good hitting at that time and the club began to move. Snider went on a hot streak. So did Wally Moon. Gil Hodges had a good spell and Jim Gilliam is hitting .330. That's why we're all talking pennant."

★ ★ ★

Zimmer added:

"Show me five starters on the Braves who can match McDevitt, Koufax, Don Drysdale, Stan Williams and Roger Craig."

Dressen added the names of Johnny Podres and Larry Sherry to the list.

The Dodgers are third, a half game behind the Braves who hold first place by three percentage points over the San Francisco Giants.

★ ★ ★

"The Braves are the team to beat," said Reese. "But I feel that the club that can get a real hot streak going is the one that'll win. Even then it's going to be hard to pull away, because one of the other clubs will stay close behind."

The Dodgers and Braves open a critical three-game series tonight, McDevitt, 8-6, starting for Los Angeles and Joey Jay, 3-5, for the Braves.

HOW A TITLE CHANGES HANDS — This sequence shows how Mexico's Jose Becerra won the world's bantamweight title at Los Angeles last night by knocking out France's Alphonse Halimi in the 8th round. Upper left, Becerra knocked Hailimi into ropes with right. Upper right, Becerra follows with left to body as Halimi goes down. Lower left, Halimi sags to floor. Lower right, referee Tommy Hart shoves Becerra to a neutral corner before counting Halimi out.

Beccera Bantam King on KO

LOS ANGELES (AP)—"I went out there to knock him out in the first round," said smiling Jose Becerra after punching the world bantamweight crown from the handsome head of France's Alphonse Halimi.

It actually took the little buzz saw from Guadalajara, Mexico, eight savage rounds to cut down Halimi, who hadn't been off his feet in 28 professional fights.

★ ★ ★

A crowd of 15,110 sat and shouted in air conditioned comfort in Los Angeles' spanking new six-million-dollar sports arena as the ferret-sized fighters set a pace that couldn't continue 15 rounds.

Somebody had to give—and it was the champion from French North Africa who hit the deck twice in the eighth round and was counted out while bedlam and shouts of "viva Mexico" erupted from Mexico's first undisputed 118 pound champion.

★ ★ ★

The Halimi camp put the blame for the defeat squarely on the bowed shoulders of the ex-champion.

"We told him million times to stay off the ropes," said Halimi's American trainer, Joe Rizzo, in a thick French accent.

And Halimi, at 117, accepted the blame with a grin and a Gallic shrug.

"I started too fast with heem," Halimi said. "I thought I could knock heem out—but poof."

★ ★ ★

Halimi began peppering away at the pressing challenger with a long jab. But he soon switched and bombed away at Becerra in savage infighting.

Although Becerra, 117½, said later he was jarred only once—in the seventh, Halimi shook the 23-year old Mexican repeatedly with explosive right and left hooks to the head.

Undaunted, Becerra followed Halimi like a gathering storm. And the storm broke in the eighth with savage suddenness.

Becerra backed Halimi into a corner and the little gamecocks slammed away. Halimi landed some dandy punches but then wilted before Becerra's hammering hooks.

Becerra hooked a left to the stomach and followed with a right uppercut. Halimi pitched forward on his face. He got up at four and Becerra was on him again.

Halimi made his last stand in Becerra's corner. He tried gamely to punch away the swarming challenger, but Becerra was on him like a swarm of wasps.

A right smash to the jaw started Halimi tumbling. Becerra dug in a vicious left hook to the ribs as Halimi slipped between the ropes and landed flat on his back.

Referee Tommy Hart counted 10 but it was a good minute before Halimi's handlers got him on his feet.

Becerra, who has knocked out 21 of his 36 fight opponents, said he's ready and willing to meet Halimi in a rematch.

The gate was $151,151.

Church All-Star Game Tomorrow

The Pontiac Church Softball League will hold a mid-season All-Star game tomorrow night at 8 at North Side Park with the top stars of the American and National divisions crossing bats.

Floyd Hicks, Walt Saddler, Don Pennell, Russ Poole, John Stewart, Mel Taylor and Lee Tate will be some of the boys taking part.

Reggie Shaw will manage the American stars while Al Carline will boss the Nationals.

First Baptist and Trinity Baptist currently head the pack in the first year the league has been divided into divisions.

The First Baptist nine has won 12 straight while Trinity is 10-2 in the close National race.

WEDNESDAY'S FIGHTS
LOS ANGELES—Jose Becerra, 117½, Guadalajara, Mexico, knocked out Alphonse Halimi, 117, France, 8, (for world bantamweight championship).
NORWICH, Conn.—Bobby Young, 172, Providence, stopped Willie Eaton, 166, New Haven, 5.

Sets World Turf Mark

CHESTER, W. Va. (AP)—Equated set a new world record for the one-mile and 70-yard race over turf Wednesday at Waterford Park. The time was 1:41 4-5.

Equated's time shaved 2-5 of a second off the old record of 1:2 1-5 set by Ruban Roude at Detroit in 1949.

Doctoring Your Golf

By DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: "Horrible sand shots!"
DIAGNOSIS: Horrible footing!

TREATMENT: A number of things can cause bad sandtrap shots—looking up, dropping the right shoulder, and swaying the body.

But one frequent cause of the very worst trap shots — those that either don't even escape the trap, or those that go sailing over the green—is shifting around in the loose sand because of insecure footing. This is certainly the most easily cured of all sand faults.

The first step in playing a trap shot is surveying the situation and deciding how far back of the ball you mean to have your wedge enter the sand (we're assuming an explosion shot and not a putt-out or chip-out).

The next step is taking the stance. When you reach this step, make sure you settle your feet down in the sand until you have firm and sure footing, as the picture shows.

Sort of grind the feet down in the sand until you are sure there is no chance of slipping. This will not insure a good shot. But it'll sure help a lot.

Incidentally, always smooth out your footprints and your divot mark before leaving the trap.

Marciano Believes Floyd Can Regain Lost Title

DAYTONA BEACH, Fla. (AP) — Rocky Marciano, who retired undefeated in 1956 as heavyweight champion of the world, believes Floyd Patterson has a "fair chance" to beat Ingemar Johansson in their return fight.

Johansson knocked out Patterson in the third round June 25 and wrested the heavyweight title from him.

"If Patterson has anything, he has a fair chance to regain his title when he fights Johansson again," said Marciano who watched the bout from ringside in Yankee Stadium.

Marciano, 34, also told News-Journal Sports Editor Bernard Kahn that he has no plans for a comeback of his own.

★ ★ ★

"Rumors started after my appearance at the title fight that I was thinking of coming back," said Rocky. "But my plans haven't changed. Everything is going good and, God willing, I'll do pretty good as I am. I'm retired and I plan to stay that way."

Marciano, who picked Patterson to whip Johansson, before the upset, said: "I don't know how much that beating took out of Floyd. I hope he's not gunshy. He's a hard trainer and in the next couple months they'll be able to tell about him from his workout performances. I think he's got an even chance."

Rocky warned Patterson about the return bout. "He's just got to watch Johansson's right," said Marciano. "Johansson doesn't have much else. But he's hard to hit. He has that funny European style and stands straight up. He dances backwards. Johansson showed he is alert, a thinking fighter and has good reflexes. And he's stronger and bigger than Patterson.

★ ★ ★

"But everyone knows Patterson is a better fighter. Patterson has the works to the body and fast combinations, while Johansson doesn't give out any inside punishment and he needs plenty room for that long overhand right. That's why he keeps that left out even though he doesn't do much damage with it."

Marciano, who now lives in Fort Lauderdale, is here for a few days of golfing.

Expect Boost in 'Any Deer' Kill

HIGGINS LAKE, Mich. (AP)—Two more special shooting areas and a 100 per cent increase in the "any deer" kill this fall probably will be proposed to the State Conservation Commission next month.

State game experts indicated yesterday they will ask for the increases in outlining preliminary recommendations on the 1959 deer season to the commission at its monthly meeting here.

★ ★ ★

Last year, hunters took about 22,500 does and fawns, shooting on special permit. The tentative goal for this year is 45,000.

Shooting areas would increase from 37 to 39 and cover a larger area, with most of the increase pegged for the Upper Peninsula.

★ ★ ★

Target kill for all deer would be 116,000, a 14 per cent increase over the 101,000 taken last fall in the best season since 1952.

Harry D. Ruhl, the Conservation Department's game chief, told the commission hunters could take 150,000 of Michigan's 600,000 deer this year without damaging the herd. A severe winter damaged the deer range this year, he said, indicating a need for a higher kill to forestall widespread starvation next winter.

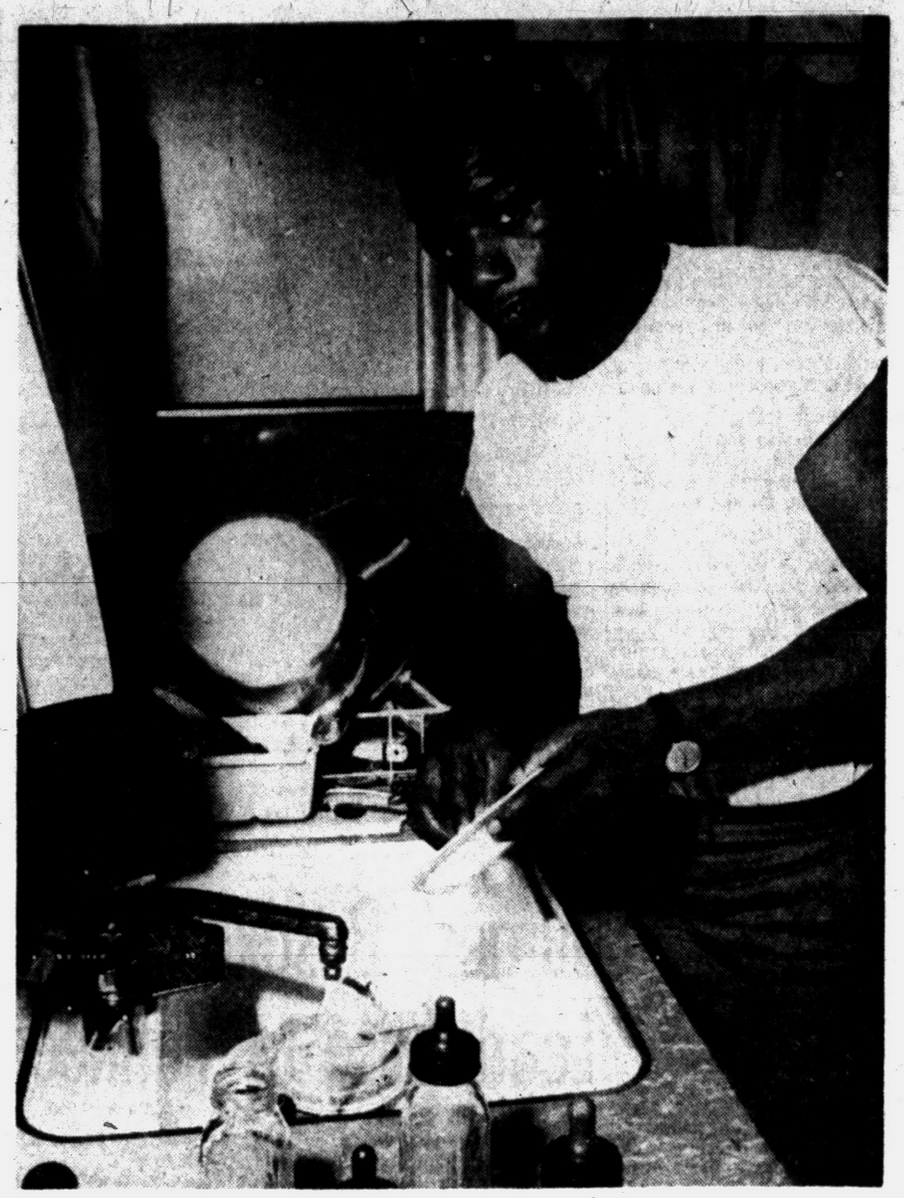

Arthur E. Summerfield Jr., son of the Postmaster General, appeared before the commission to support a proposed land exchange on the Black River in Montmorency County. The exchange, under negotiation for some 20 years, would involve state-owned property and land owned by the Blue Lakes Ranch, a private club headed by Summerfield. The club's 4,400-acre property is owned by four families, including Summerfield and his father.

★ ★ ★

The state would gain access along the Black River to the club portions of land now cut off to public access although they are state-owned.

Rein Mooey, Gaylord sporting goods dealer, asked the commission to postpone a decision on the deal until a group he represents could register a protest.

In other business, Howard Zenser of St. Charles, representing the Michigan Trappers Assn., asked the commission to approve an earlier opening of the muskrat season on Saginaw Bay. Game experts recommended a Nov. 25 opening on southern areas of the bay and Nov. 10 on north sections, five days earlier than last year. Zenser asked the season be moved ahead 15 days to give trappers more opportunities for a good take before the bay freezes over.

DISHING IT OUT — Pitching in to do the dishes at his home in Rockville Centre, N.Y., former heavyweight champion Floyd Patterson wears a solemn expression, indicating he hasn't forgotten his defeat at the hands of Ingemar Johansson. Patterson, who lost his crown to the Swedish slugger in June, will soon begin training for the scheduled rematch in September.

When U. S. vs Russia

Decathlon Duel Set Again

MOSCOW (AP)—Another great decathlon duel between Russia's Vasily Kuznetsov and America's Rafer Johnson is shaping up for the second Russia-United States dual track and field meet at Philadelphia July 18-19.

Their clash last year was one of the highspots of the first meet in Moscow, which the Russians won by a bare two points by combining the women's scoring with the men's.

Johnson won the decathlon then, setting a new world record of 8,302 points to surpass a pending record of Kuznetsov. This year the Russian has broken that mark with an 8,357-point total.

Kuznetsov heads the Sovet team named yesterday. The athletes were picked after an eight-nation meet last weekend, but overall season performances were considered more than the results of that meet, run on a slow track and with little competition for the Russians.

Johnson did not compete in the U.S. national decathlon championships because he had been in an automobile accident a short time before, but he was assured a place on the U.S. team.

Russia won eight men's events in last year's dual meet but only four of the winners made the team this year. They were Hubert Pjarnakivi, the 5,000 meters winner who is stepping up to 10,000 because Vladimir Kuts is unable to compete; steeplechase runner Semyon Rzhischev; pole vaulter Vladimir Bulativ, who has been up around 15 feet this year after winning at 14-9 a year ago, and Vladimir Kuznetsov, javelin thrower.

Americans won only the two sprints, the sprint relay and the shot put in last year's meet.

Sugar Ray High on Europeans

Hopes to Defend His Version of Crown Against German

NEW YORK (AP)—Sugar Ray Robinson, who still holds a part interest in the world middleweight championship, thinks boxing commissions should reconsider their opinions of European boxers in view of what Ingemar Johansson did to Floyd Patterson.

Robinson wanted to defend his title against Germany's Gustav Scholz and he still may do it in September. But the New York commission wouldn't approve that bout and the National Boxing Assn. withdrew its recognition of Robinson as champion when he failed to sign for a title defense against Carmen Basilio.

"I was all set to defend the title against Scholz but the New York commission said Scholz wasn't a fit opponent," Sugar Ray protested. "The guy was rated fourth at the time. He had lost only one fight and that was to Charlie Humez of France, a top contender. Then Scholz knocked out Humez in a return bout for the European title.

★ ★ ★

"Now maybe these commissions will do a little changing of their opinions about European fighters. They should after what Johansson did to Patterson."

Ex-Drake Coach Back at School as Sports Boss

DES MOINES (AP)—After three years absence in private employment Jack McClelland is returning to Drake University as athletic director, President Henry G. Harmon announced Wednesday.

McClelland, 39, will take over the duties July 27. He played basketball and baseball as a Drake student, was named a freshman coach in 1947 and was appointed head basketball coach at the end of the 1947-48 season when Forrest (Forrdy) Anderson retired. In 1951 he combined the athletic directorship with his cage duties.

Dolph Stanley, who replaced him as director in 1956, resigned in April.

Figure Skaters Turn Pro

SAN FRANCISCO (AP)—Five outstanding figure skaters, including three from Canada, turned pro Tuesday to appear in the 1960 Ice Follies.

Twins Margaret and Marlene Meldrum, 17, of Saskatoon, Sask.; Eddie Collins, 19, the Canadian junior men's champion from Woodstock, Ontario; and Mr. and Mrs. Don Jacoby, U.S. national gold dance champions from Buffalo, N.Y., all joined the show.

Promising Horse Gets Destroyed

INGLEWOOD, Calif. (AP) — A leg fracture during a workout has ended the promising career of the 2-year-old thoroughbred Psyche's First.

★ ★ ★

The Alberta Ranch's speedster, who loomed as probable favorite in the $100,000 Hollywood Park juvenile championship, had to be destroyed yesterday.

★ ★ ★

The horse was beaten but once in four starts, and had earned $22,750. He turned in the fastest five furlongs of the Hollywood Park meeting, 57 seconds flat.

Two Easy Victories

The Boys Club 'C' team tripped Russ' Country Store 10-4 and Kruchkos Plumbing whipped Lakeland Optimists 11-3 in Waterford Junior League baseball yesterday.

'Puncher' Jordan Defends Title Friday

PORTLAND, Ore. (AP)—Welterweight champion Don Jordan intends to show his detractors tomorrow night that he can punch.

Jordan, who won the title by a decision over Virgil Akins last December and successfully defended it against Akins—again by decision—in April, will take on fast, young Denny Moyer of Portland in a 15-round title bout.

★ ★ ★

"Most people don't think he can punch. But he can punch real good," said Don Nesseth, one of Jordan's managers. "Now in Moyer he is facing a real tough fighter. Moyer's strong. He's not going out the first time he gets hit. But we think Don will stop him somewhere between 10 and 15 rounds."

"He's punching hard," said the other manager, Jack McCoy. "He almost paralyzed one of his sparring partners with a body blow the other day."

★ ★ ★

Jordan, who is working on a string of 10 straight victories, planned one final light workout today in preparation for the title bout, which will be on NBC television, starting at 9 p.m. EST. A 200-mile area around Portland will be blacked out.

In Moyer, Jordan will be facing a hometown favorite who at 19 can become the youngest champion in welterweight history, if he can upset Jordan.

★ ★ ★

Moyer has 20 straight victories since turning professional. He has not impressed many with his punching ability, but he won decisions over Gaspar Ortega and Vince Martinez. Ring Magazine rates him the No. 2 contender and the National Boxing Assn. as No. 5.

Look for a wealth of left hooks to the body, one of Jordan's best blows, as he tries to slow down Moyer. Jordan is a natural left-hander, although he fights from a right-handed stance.

★ ★ ★

Nesseth became his manager three years ago, and his fortunes began rising.

"Actually he was good all the time, but we kept learning little things that boosted him along," said Nesseth. "One of the latest is the training camp. He used to just train in a gym, but we've learned he does much better if we set up a training camp. He hasn't lost a fight since we began the training camps."

Army Starting Its 'Beat Navy' Campaign Early

CAPE CANAVERAL, Fla. (AP)—The next Army-Navy football game is several months away, but the Army hurled an early challenge at the Middies Wednesday.

★ ★ ★

A group of 253 midshipmen from the U.S. Naval Academy toured the missile test area. When they reached the Army's Jupiter launching tower, one of the Navy men asked: "How do you fire this missile?"

Their escort, Army Capt. H. C. Paul, replied: "You just pull this rope like a lanyard."

With a little urging, one of the Middies tugged on the rope.

A banner unfurled down the side of the Jupiter tower, proclaiming:

"Beat Navy!"

Teeing Off

By BILL CORNWELL

Ken Venturi, the likeable 28-year-old professional who once came within a whisker of winning the Masters as an amateur, is convinced that at least one field marshal in the Buick Open tournament was not "hep" to the ways of golf.

Venturi, who compiled a three-under-par 285 to finish 5th in the 72-hole tourney at Warwick Hills Golf and Country Club, smilingly told newsmen of his episode with the fairway marshal during last Saturday's round when he shot a 69.

It happened on the 468-yard par four 4th hole. Venturi hooked his drive and the ball disappeared into the trees and rough. As Venturi and his caddy approached the hunting area, Ken asked the marshal "did you see a ball in here?" "No" he answered.

After a short search the ball was found nestled snugly against the trunk of a tree, making it impossible for Venturi to take a normal swing or hitting position.

The marshal innocently exclaimed "boy, you're lucky to find it!" As if that wasn't enough, he added "it's too bad you're not a switch hitter like Mickey Mantle, then you could hit it left handed."

By this time, of course, Venturi was just about ready to haul his driver out of the bag and chase the offending marshal off the course. "I'm only 28," Ken said, "but things like this are aging me fast."

MORE BUICK NOTES

Pontiac's Chuck Brown, former football and basketball star at St. Michael, was Dow Finsterwald's caddy.

★ ★ ★

Don January sent his approach shot towards the 18th green last Sunday and the ball rolled under the tresses of a woman sitting on the bank at the right edge of the carpet.

She jumped up, grabbed the ball and unwittingly tossed it on the green. Officials ruled that January had to drop the ball over his shoulder at the point of interference.

Finsterwald's 73 in the 18-hole title playoff with Art Wall was his only above-par round on the par 72 course. In the tourney proper, he fired rounds of 71-68-71-72. Wall was never over regulation, shooting 71-67-72-72 and winning the playoff with a 71.

Dow's 2nd place swag in the Buick Open puts him 8th on the PGA money list with earnings exceeding $16,000.

An astonding total of 89,200 spectators attended the four-day show at Warwick. Another 3,000 persons viewed the Monday playoff.

SHORT PUTTS

Mrs. Albert Bornak captured low net honors in the Women's Silver Lake Golf League with 32, followed by Mrs. Harry Freeman at 34. Mrs. Bornak also won the low putt competition with 13. Mrs. Paul Castleberry, Mrs. Roland Gegoux and Mrs. Elbert Looney shared 1st place in the blind hole event with sixes on No. 1.

Glenn Harding has replaced Glenn Vallance on the Bald Mountain team of the Michigan Publinx League. . .Bill Hallock, 17, won this week's Junior District golf tournament at Washtenaw CC with a two-over-par 74.

Ben Smith Paces Amateur Qualifying

1950 Michigan Champ Hits 70 at Black River

Lloyd Syron Shoots 71 in First Round; Match Play Starts Friday

PORT HURON (UPI)—Former champion Ben Smith of Birmingham, playing in the tournament for the first time in eight years, fired a one-under-par 70 at Black River Country Club yesterday to lead the first round qualifying in the Michigan Amateur golf tournament.

The second round of qualifying at Black River and Port Huron Golf Club today will reduce the field from 266 to 63. The survivors will join defending champion Glenn Johnson of Grosse Ile in the start of match play tomorrow.

Smith, 38, who won the Amateur crown in 1950 and ceased competing in the event when he failed to successfully defend the title the following year, was the only golfer to better par at the two courses.

Six other former champions are competing in the qualifying and two of them trailed Smith by a single stroke — Tom Draper who had a 71 at Black River and Lloyd Syron who had the same score at Port Huron Golf Club.

Draper, of Birmingham, won his title at Black River 10 years ago. Syron, of Pontiac, former Notre Dame golf captain, snapped a title run by Johnson at three straight in 1957. But Johnson came right back last year to regain the championship.

Three others also matched par of 71 in the first round qualifying. They were Mike Hill, Jackson, last year's medalist; Harold Brink of Grand Rapids, and Bob McMasters of Royal Oak, former University of Michigan golf captain.

A total of 70 golfers scored 77 or better, indicating that a score of slightly below 154 will be necessary to remain in contention for the title.

Two other former champions, Sam Kocsis of Detroit at 75 and Fred Turner of Flint at 74, were in good position to survive the qualifying.

But two other ex-champs, Lou Wendrow of Lansing at 79 and Ed Flowers of Dearborn at 81, must improve today to stay in the running.

Chuck Kocsis, six-time Amateur king, was expected to compete. But the Royal Oak amateur decided to pass up the tournament this time.

1-Hitter, Big Homer Waterford Highlights

A one-hit shutout by Jack Nelson of Spencer Floor Covering and Al Servoss' three-run homer for the Arrows featured a Waterford softball doubleheader last night.

Nelson blanked Drayton Drug 10-0 in six innings with Bill Goulet's triple the only hit while Spencer piled up 12.

The belt by Servoss highlighted a 4-run 6th as the Walls bowed 7-2. Norm Tick was the Arrow winner.

In Little League play, Lakeland Optimists blasted the Schoolcraft Lakers, 12-2.

2 Teenagers in Women's Quarter-Finals

Youth in Spotlight

CHICAGO (AP) — Youngsters are having their day in the 59th annual Women's Western Amateur Golf Tournament.

★ ★ ★

One of the youngest quarter-final fields in the meet's history tees off this afternoon over the back-breaking 6,567-yard par 37-38—75 Exmoor Country Club course.

The group includes two teenagers, Andy Cohn of Waterloo, Iowa, 19-year-old Northwestern University sophomore, and 18-year-old Sherry Wheeler, long-hitting star from Glasgow, Ky., last year's runner-up in the USGA junior.

Then come Nancy Roth, 20, the tourney's Cinderella who waits tables during the winter in a Hollywood, Fla., cafe and spends her summers working out of Elkhart, Ind.; Jo Anne Gunderson, 20, of Seattle; Barbara Williams, 20, the California State champion from Richmond; Anne Quast, 21, Everett, Wash.; Judy Bell, 22, Wichita University psychology major, and elder stateswoman, Marge Lindsay, 34-year-old former Curtis Cup player from Decatur, Ill.

★ ★ ★

In yesterday's second round, Miss Lindsay ousted Mary Mills of Ocean Springs, Miss., 3 and 2; Miss Bell scored 3 and 2 over Lois Drafke, Chicago; Miss Wheeler by 3 and 2 over veteran Mrs. Ann Casey Johnstone, Mason City, Iowa; Miss Williams 1-up over Mrs. John Clauder, Milwaukee; Miss Quast 3 and 2 over defending champion Barbara McIntire, Jupiter, Fla.; Miss Gunderson 4 and 2 over Mrs. Frank Sranahan, Toledo; Miss Cohn by 3 and 1 over Polly Riley, Fort Worth; and Miss Roth by 1-up over National Intercollegiate champion Judy Eller, Old Hickory, Tenn.

The quarter-finals featured match sends Miss Quast, the 1958 USGA champion, against state rival Miss Gunderson, 1957 USGA titlist.

It will be their fifth meeting.

★ ★ ★

In the Washington State finals of 1955, Miss Quast won 2 and 1. In the 1955 USGA Junior semi-finals Miss Gunderson won 4 and 3. In the 1958 USGA senior semi-finals, Miss Quast won 1-up.

Other quarter-finals pairings send Lindsay against Bell, who is even par through 31 holes of her two matches for the best shooting in the tourney; Wheeler against Williams, and Cohn against Roth.

Western Open Starts Today

Top Pros Will Clash in 91-Degree Heat at Pittsburgh

PITTSBURGH (AP) — Hot, humid weather was in store for a star-studded field of the nation's top golfers today as first round play in the Western Open Championship got under way at the Pittsburgh Field Club.

A high of 91 was predicted for mid-afternoon with a possibility of thundershowers this evening.

★ ★ ★

A total of 124 professionals are going after $25,000 in prize money during the four-day, 72-hole tourney over the field club's hilly and well-trapped 6,617-yard course, which has a par of 35-35—79. Top prize is $5,000. Seven amateurs also are entered.

★ ★ ★

Favored locally is Arnold Palmer, the Ligonier, Pa., pro who won the coveted Masters tournament in 1958 and went on to become top money winner that year.

★ ★ ★

In addition to defending champion Doug Sanders of Miami Beach, other top-notch entrants include Dow Finsterwald, of Tequesta, Fla., the PGA champ; Doug Ford, of Paradise, Fla., winner of the Canadian Open; Ken Venturi, of San Francisco, winner of the Chicago Open; Cary Middlecoff, of Hollywood, Fla.; and Gary Player, British Open champ from South Africa.

Missing are Masters champion Art Wall Jr. of Pocono Manor, Pa.; National Open champion Billy Casper of Chula Vista, Calif.; and perrenial favorites Sam Snead and Ben Hogan. Billy Maxwell of Odessa, Tex., withdrew.

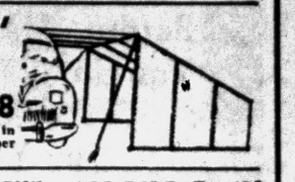

An Ace at Sylvan Glen

A. E. Murphy, 2085 Gardner, Berkley, fired a hole-in-one yesterday at Sylvan Glen Golf Club. Murphy aced the 230-yard 8th hole with his No. 1 wood and shot 89 for 18 holes. Witnesses to the ace were A. W. Moore, Jack Betoche, Ed Malike and Al Twardovki, all putting on the 8th green when the ball rolled into the cup.

Preparations are now in motion at Birmingham for the staging of Michigan State Little League baseball tournament next month.

Eton Park will be the scene of event Aug. 12, 13 and 14 with the winner to represent Michigan in the national tourney.

Seven district champions will vie for that honor. They will represent the entire Lower Peninsula. District titlists will be determined about Aug. 6.

Arrangements are now being made to house and care for the visiting teams during the games.

★ ★ ★

Co-chairmen J. C. Lindley and Dr. F. M. Adams are expecting capacity crowds for all the contests.

A future pro star could come out of such an event. Bonuses totaling more than $250,000 have been paid seven LL graduates by Major League clubs this year. Ray Culp of Texas topped the list with a $100,000 pact from the Phillies.

The Michigan National Baseball Congress meet begins Friday at Grand Rapids for the adult teams with the champion there eligible to enter the nationals at Wichita, Kan. A new bright orange Glo-Bal will be introduced in each state event in a move to improve visibility for the fans and players.

EXTRA INNINGS

Wes Harden of the B & B Class F city team learned the hard way Tuesday that you must touch all the bases on a home run. He missed second and was called out. . . Lapeer won the 7th District Junior Legion crown for the 3rd straight year and will enter some division playoffs July 14.

★ ★ ★

The Southfield-Royal Oak contest Sunday is expected to decide the 1st round local Legion champ which will go to a zone tournament. . . Terry Heydon, Farmington LL ace, has four no-hitters already . . . A Widget with power is Del Hurlbrest of the Little Senators. He belted two homers and a double in a game the other day and hit another circuit blast yesterday.

Ten-year-old Bloomfield Township baseball hopeful Tom Lindamood is hoping to recover from some severe cuts in time to play ball this summer. He was hurt while righting a lawnmower when it turned over in a ditch.

Tom Ridley pitching well and hitting .467 for Southfield Legion. . . Our Lady of Refuge had 16 and 17-run innings in Class E affair yesterday. . . What a day Mike Remley for "F" Falcons Wednesday. He socked three home runs and a triple batting in five runs. . . Four city junior teams unbeaten.

Lions, Alumni Play Softball

Former Stars Listed in Tonight's Game at Briggs Stadium

Coach George Wilson and his entire coaching staff will be on hand "for morale support only" when Detroit Lion players face a team of former stars in a softball preliminary game to the fabulous Eddie Feigner "King and His Court" show in Briggs Stadium, tonight at 8:15.

Feigner and Company will meet the Dizzy Trout All-Stars in a seven inning exhibition after the Lions-Alumni clash.

Feigner has compiled an almost unbelievable record of pitching accomplishments during 14 years of touring the country with his four-man softball team that takes on all-comers from coast to coast.

Playing up to 150 games each year, Feigner pitches every game and tosses in a few new twists to boot, such as pitching blind-folded, behind his back and from both second base and center field.

The Dizzy Trout team is composed of several former Tiger players and will be strengthened by Red Wings Gordie Howe and Terry Sawchuk.

Lion players who will be on hand for action in the preliminary game include Charlie Ane, Hopalong Cassady, Stan Campbell, Gene Cronin, Joe Schmidt, Darris McCord, Bob Miller, Perry Richards, Ken Russell, and Gary Lowe. Former Lions, slated to appear include Bob Hoernschemeyer, Sonny Gandee, Les Bingaman, Johnny Greene, Chuck Hanneman, Dutch Clark, Bob Smith, Leon Hart, Bill O'Brien and others.

Nalu II Leading 2,215-Mile Race

LOS ANGELES (AP)—Nalu II, a 46-foot sloop out of Newport Beach, is leading the 2,225-mile transpacific yacht race from Los Angeles to Honolulu, although far back in the pack.

★ ★ ★

The sloop is in the lead on the basis of handicap points. Physically, the big schooner Goodwill, owned by Ralph Larrabee of the Newport Harbor Yacht Club, was well in front as the boats closed to within 1,389 miles of Honolulu. The Goodwill is a 161-footer, the biggest boat in the race.

★ ★ ★

Behind her in fleet position came Chubasco, Constellation, Criterion, Escapade, Maruffa, Novia Del Mar, Nam Sang and Jada.

4 Harness Horses Collide, Men Hurt

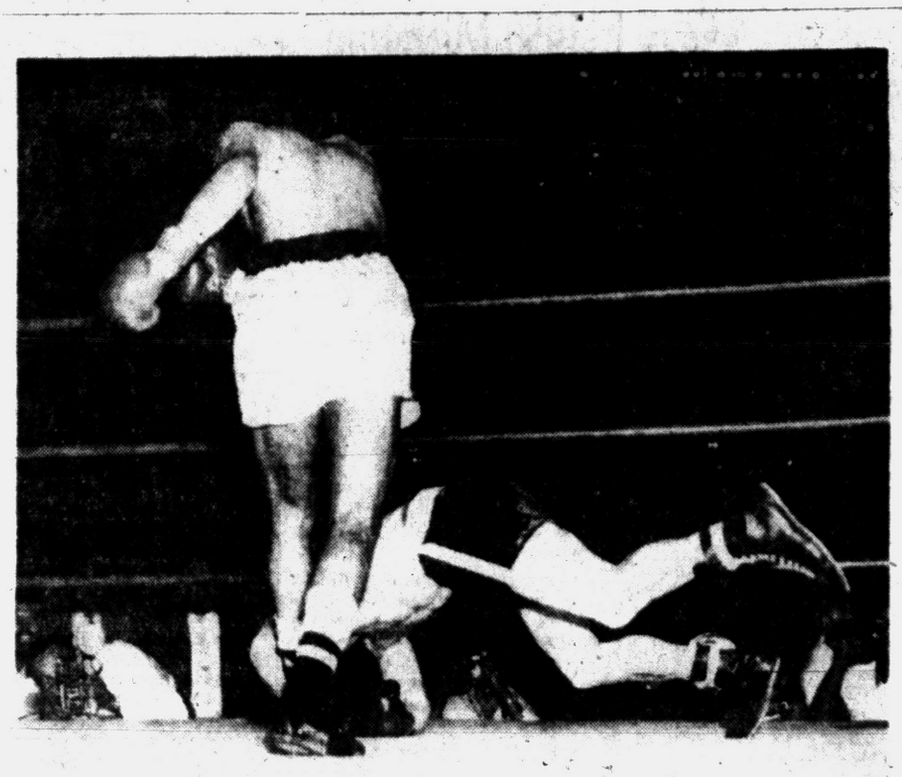

FOXBORO, Mass. (AP)—Two drivers were hospitalized Wednesday night after four harness horses piled up in a spectacular far turn collision during the featured Sharon Mile at Bay State Raceway.

An ambulance and two state police cars were rushed onto the track to help remove drivers Johnny Baker of Croton, Ohio and Bill Bailey of Quanah, Texas. Both were taken to Norwood, Mass., hospital.

★ ★ ★

Harry Craig of Lexington drove a horse who finished but was treated in the paddock for injuries.

European Zone Semis to Start

AP Wirephoto

THE END IS NEAR — France's bantamweight champion Alphonse Halimi falls face down to the canvas for a count of four a moment before Jose Becerra of Mexico knocked him out for good in the 8th round of their title bout last night at Los Angeles. Halimi appeared hurt when he rose from the first knockdown. A sequence of punches then put him out cold.

Spain Surprise Favorite Over Great Britain

Italy and France Vie in Other Tennis Semi of Davis Cup Play

By The Associated Press

Spain and Britain opened the semifinal round of European Zone Davis Cup tennis competition today with the Spanish team rather surprisingly tabbed as favorite. Italy and France clash in the other Friday.

Spain's position as favorite was due largely to the fine performances Andres Gimeno has turned in this summer. The Spanish team wasn't picked as one of the four "exempted" nations which drew byes through the first round. Britain was rated as one of the favorites early in the campaign.

But young Gimeno, whose play in Australia last winter showed him to be a real world class player, has continued to live up to that billing this summer and lifted his team to the favorite's role.

★ ★ ★

Gimeno met Britain's Michael Davies and Manuel Santana, the Spanish champion, played Billy Knight in today's opening singles at Barcelona.

Italy's Nicola Pietrangeli and big Orlando Sirola are expected to have the edge over France in the other semifinal at San Remo, Italy.

The European Zone winner will meet the American Zone winner, probably Australia, in the first round of interzone competition. India, already champion of the Eastern Zone, then will take on the winner of that round.

The Australians already are in Mexico City getting used to the altitude and preparing to play Mexico July 18-20. They had a brief workout on the clay courts Tuesday and most of them played golf yesterday.

★ ★ ★

If they win over Mexico, the Aussies will play Canada at Montreal July 24-26 and will stay there to play Cuba a week later. The U.S. Lawn Tennis Assn., received word yesterday that Argentina would default to Cuba in their series, scheduled for July 16-18.

The first interzone match is scheduled for Aug. 7-9 at Germantown, Pa., and the winner will meet India at Brookline, Mass., Aug. 14-16. The survivor will face the United States in the challenge round at Forest Hills, N.Y., Aug. 28-30.

Our Lady Class E Victor by 39-2

City junior baseball scorekeeper Tom Nichols ran into a scoring nightmare last night when Our Lady of Refuge rolled up a 39-2 victory over West Bloomfield Boys Club in a Class E game.

It all happened in five innings with the winner smashing 17 hits—including homers by Dick Kowalski, Gary Hintz and Joe Myers. Don Albertson accounted for the WB runs with a home run.

Clarkston walloped Lake Orion 15-5, the Junior Jets romped over Arnold Drugs 13-4 sparked by two homers, and Welden's Sporting Goods bombed Rip's Bar & Grill 23-1 in other "E" action.

Jack Johnson got three singles and Rog Smith homered for Clarkston. Doug Cole had a circuit clout for Orion. Arnold went hitless and made 10 errors.

★ ★ ★

In Class D, two home runs by rugged Dean Callison and one apiece by Bob Porritt and Jeff Snarey powered Lake Orion past St. Michael's 13-3 while Union Lake was beating Ritter's Market 6-3. Union Lake came from behind with four in the 6th.

St. Mike tallied nine runs on only two safeties but gave away too many on nine errors in a 12-2 Class F loss to the Moose. Auburn Heights Boys Club had to halt a rally in the 7th to nip Northside Kiwanis 4-3. Dennis Acker was the winner.

Trailing by four, the Metro-Chiefs got even in the 6th and iced a 5-4 verdict in the 8th. The Orioles were extended nine frames to down stubborn Malkim 5-2. Mike Remley's big bat led the Falcons to a 17-6 breeze over the Warriors and the Wild Cats tripped Don Nicholie 13-10.

★ ★ ★

The Widgets had another interesting day, marred only by a forfeit which the Blue Racers were awarded over the Web Mets.

Dave Popa and Andy Stowe homered as the Webfeet Mets drubbed the Fighting 69ers by a 14-4 count. Bob Ross flipped a three-hit shutout for Auburn Heights Boys Club beating the Moose 9-0. Bob Burt had a two-run three bagger. The Little Senators subdued Atlas 8-2 featuring another home for slugger Delbert Hulbrest.

Birmingham 8-3 Victor

Southfield, Royal Oak Legions Keep Winning

Southfield and Royal Oak continued neck-and-neck in the Junior Legion baseball race which closes for the first round Sunday by posting triumphs last night. Birmingham was an 8-3 winner over Troy.

A big early lead, featured by little George Kopek's two-run homer, stood up for Southfield in an 11-8 win over Clawson. Tom Ridley got the victory in relief with Kopek and Ned Simmons stroking three hits each.

Royal Oak remains a half-game back with a makeup game set for Saturday following 4-3 squeaker over Berkley. The Oaks now must play Milford and then meet Southfield Sunday in the expected title clash to the league's representative to the zone tourney.

John Wischman pitched and batted his way to another RO win. He fanned nine and walked none and had two big hits. Berkley led 2-0 before Royal Oak put together three bingles, three errors and a wild pitch for all its runs in the 4th. Ross Gillespie also had two hits.

Birmingham belted two pitchers for 16 hits paced by Dave MacManus with a homer, double and single for three rbi's. Tom Bardsley and winner Gary Van Geison also had three bingles as did Tom Bronson of the losers.

Tackle at Rice Anxious Pro

BALTIMORE (AP) — Thurman Terry, a 235-pound tackle, was so anxious to join the Baltimore Colts he stepped up his studies to graduate from Rice Institute.

★ ★ ★

The Colts drafted Terry 27th in January as a future prospect since he wasn't due to receive his diploma until next year. But he took an accelerated program and was graduated last month.

★ ★ ★

Terry was plagued by injuries at Rice. With the Colts, he'll be given a full try out on both offense and defense.

Saginaw Shooter Wins

ATLANTIC CITY, N.J. — (AP) —Boyd Williams of El Khurafeh Temple, Saginaw, Mich., won the National Shrine Trapshooting Championship at Bader Field yesterday. He broke 95 of 100 targets.

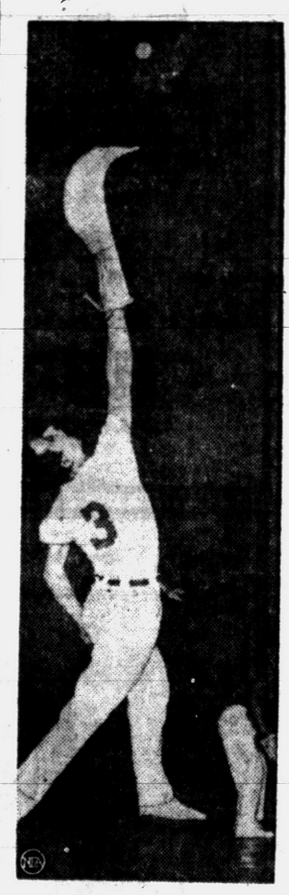

His Temple won the team championship with 448 points.

Steeler-Giant Swap

NEW YORK (AP)—Rookie fullback C. R. Roberts has been traded to the Pittsburgh Steelers for guard Darrell Dess, the New York Giants announced Wednesday. No cash was involved.

Jockey Suspended

OCEANPORT, N.J. (AP) — The Monmouth Park stewards Wednesday dealt jockey Karl Korte a 10-day suspension, effective Friday, "for careless riding away from the gate" in Tuesday's fourth race. Korte's mount, Fixit, bumped Capitol K. and was disqualified to third after finishing second.

Olmedo, MacKay Hit Doubles Semifinals

BASTAD, Sweden (AP) — Alex Olmedo of Peru and Barry MacKay of Dayton, Ohio, American Davis Cup tennis players, reached the doubles semifinals of the Bastad International Tennis Tournament Wednesday. They defeated Norway's Thorvald Moe, the 19-year-old player who upset MacKay in singles Tuesday, and Jan Bibow, 6-4, 6-4, 7-5.

★ ★ ★

In another men's doubles quarter-final Sven Davidson and Torsten Johansson of Sweden defeated S. Salo of Finland and S. Syal of India, 7-5, 6-3, 4-6, 6-4.

Joan Johnson of Wyandotte, Mich., a women's singles quarter-finalist, teamed with J. Shephard to win a women's doubles match from A. Almgren and S. Ljunkvist of Sweden, 6-1, 6-4.

Hamtramck Ace in Major Upset of Western Meet

MILWAUKEE (AP) — The biggest upset of the Western Open tennis tournament was recorded Wednesday when Ray Senkowski of Hamtramck, Mich., ousted South Africa's Ian Vermaak, seeded first among overseas players.

Senkowski, ranked eighth, dropped the first set 6-0, but came back to score 6-3, 6-1 triumphs and move into the quarter-finals.

Also moving ahead were Abe Segal, also of South Africa, and Warren Woodcock of Australia. Segal eliminated Bob Bowditsch, Worcester, Mass., 6-2, 6-0, while Woodocok won 9-7, 6-3 from Dave Schneider of Tucson.

Top seeded Bernard (Tut) Bartsen of Dallas beat John Powless of Flora, Ill., 6-1, 6-3.

In the leading women's match, Koral Fageros, Miami, Gla., eliminated Carol Loop, San Bernardino, Calif., 6-2, 3-6, 6-2.

Majors Study Aid to Minors Today

Million Dollar Program Main Issue on Tap

1960 Starting Date; Inter-Loop Trading to Be Discussed

CHICAGO (AP)—A one million dollar financial aid program to bolster struggling minor leagues held top attention today of major league baseball officials.

Other main issues before the majors' annual summer meetings are the question of the starting date of the 1960 race and controversy over a rule permitting interleague player trades.

Commissioner Ford Frick said the question of a third major league is not on the agenda and that he does not believe it will be discussed.

However, the third major league proposal could be brought before the meeting with the unanimous consent of the club owners.

The drive for a third league has been spearheaded by William Shea of New York. He has proposed that his group meet with the majors between July 15 and Aug. 3.

The executive committees of the majors and minors huddled yesterday with Frick in an effort to work out a formula for shoring up the sagging minor leagues.

Charles Segar, assistant to Frick, said recommendations will be submitted tomorrow at a joint meeting of American and National League club officials.

The majors' executive group includes Frick; Warren Giles, president of the National League; Joe Cronin, president of the American League; George Weiss, general manager of the New York Yankees, and Walter O'Malley, president of the Los Angeles Dodgers.

The minor league committee is headed by George Trautman, president of the National Assn. of Professional Leagues. Others attending the meeting included Frank Shaughnessy, president of the International League; Ed Doherty, president of the American Assn.; Charles Hurth, president of Southern Assn.; Bob Howsam, president of the Denver Bears, and Frank Horton, head of the Rochester, N.Y., club.

★ ★ ★

The two major leagues are in disagreement on a starting date for the 1960 campaign. The National has tentatively set Tuesday, April 12 while the American prefers April 17.

Debate also is in prospect on the interleague trading rule setting aside a period in November when players may be traded to the other league without waivers. The rule was adopted at last winter's meeting, to become effective this November.

★ ★ ★

If the rule is upheld, players no longer will need waivers from all other teams in the same league to go into the other league.

Frick reportedly opposes the rule.

Sooner Mat Coach Will Be Replaced

NORMAN, Okla. (AP) — University of Oklahoma Board of Regents approved wrestling Coach Port Robertson's request to be replaced.

Robertson, Sooner grappling coach for 13 years, will remain on the university staff as associate wrestling coach, freshman football coach and academic guidance counsellor to Oklahoma athletes.

Tommy Evans, Robertson's assistant for the past two years and a former Sooner mat star, will take over as head wrestling coach.

ARMLESS BOWLER—Fred Gilbert, 15, who lost both his arms when he reached into a bear's cage seven years ago, demonstrates the form he uses in his newest interest—bowling. After only two months he had already rolled a respectable 175. The San Diego boy uses a special 16-pound ball and has a release attachment at the end of his artificial arm.

Marlene Hagge Hoosier Champ

70 Beats Men's Par at Ft. Wayne; Two Tie for 2nd

FORT WAYNE, Ind. (AP) — Marlene Bauer Hagge of Delray Beach, Fla., clipped a stroke from men's par to win the $4,000 Hoosier Celebrities golf tournament by four strokes yesterday.

Marlene posted 34-36—70 at the Fort Wayne Country Club to go with her par 71 in the first round. Her 141 total was worth $700. She had four birdies and needed only 28 putts for the last 18 holes.

★ ★ ★

Patty Berg of West Chicago, Ill., who matched Marlene's 71 Tuesday, slipped to 74 and tied Bonnie Randolph of Columbus, Ohio, for second place at 145. They picked up $530 aech.

Mickey Wright of San Diego, Calif., took the $400 fourth place money with 147. Fay Crocker of Wichita, Kan., posted 148 and Murle MacKenzie of Pinellas Park Fla., was next at 158. Miss MacKenzie also joined three Fort Wayne men amateurs to win the best ball handicap tournament with 55.

Cards Sign Lineman

CHICAGO (AP)—Dale Meinert, 215-pound guard obtained from the Baltimore Colts last year, has signed a 1959 contract with the Chicago Cardinals.

Meinert, a lineman at Oklahoma State for four seasons, played starting left guard on offense for the Cardinals last year after he was obtained from Baltimore in an exchange for linebacker Leo Sanford.

The front-running Knights of Columbus took it on the chin last night in the Class A City Baseball League in a sparkling mound duel at Wisner Field.

Marshall McGuire hurled a dazzling three-hit shutout and received some brilliant fielding support from shortstop Bud Hayward as the Jets defeated the K.C. club, 1-0.

Pitcher Don Picmann of the Knights probably deserved a better fate in view of the nifty four-hitter he threw at the Jets, but the defending city champs got a run in the 3rd inning and that was plenty for McGuire.

The game's lone run came as Dave Simmons led off the 3rd with a booming triple and raced home on an infield out.

Hayward made four spectacular catches from his shortstop position and the defensive bulwark carried McGuire over the rough spots.

Picmann struck out nine Jets while walking one. McGuire fanned four and also issued one base on balls. Picmann himself made two of the Knight's three hits off McGuire.

Shortstop Ray Bosquez of Pontiac Business Institute slammed two home runs as PBI defeated Don Nicholie, 10-7, in a free-hitting Class B game at Jaycee Park.

The winners collected 10 safeties of Nicholie hurler Greg Meadows who went the distance. Larry Cates pitched the route for PBI and fanned nine while giving up nine hits, three by John Orr. Bosquez had four RBI's to his credit and Gil Trevino aided the winner's cause with two safe blows.

Good Tennis 'Mudder'

NEW YORK (UPI) — Herbie Flam of Beverly Hills, Colif., generally is regarded as the world's top tennis player on rain-socked clay. He is especially sharp at the net on "off" courts and his volleys are worked up by careful approach shots.

U. A. W., Sport Shop Romp

Keith Blanks Casa Mia

A red-hot pitcher's duel stole the show as four games were played on the city softball front last night.

Harland Keith of Sno-Bol won out on two-hitter 3-0 over Casa Mia. Cal Atwood and Roger Reynolds gave up just two more than that for the losers in an interesting American League battle. Doubles by Marsh Rose and Doug Hall paced the victory.

U.A.U. 594 scored seven times in the first two frames and then coasted to a 12-2 romp over Deni's & Herks in a five-inning contest. The winners combined six hits with 11 walks in another AL tilt.

Pontiac Retailers and Sport Shop were successful in the International League.

The Retailers edged Rogers Electric 6-5 with each team getting 10 hits. Rogers tallied three runs in the 7th falling just short of a tie. Jim Flanagan of Pontiac and Electric infielder Bill Cox smashed three bingles each.

Sport Shop blasted 14 hits in a 16-6 romp over State Hospital. Marv Fuller and Dave Diehm had a trio apiece and sparked a 6-run 1st. The Hospital boys had it down to 7-5 at one point before the roof fell in on pitcher Gerry Layton.

John Green Signs Pro Contract With Knicks

NEW YORK (AP)—Johnny Green of Michigan State, the club's 1959 No. 1 draft choice, has signed with the New York Knickerbockers of the National Basketball Assn. it was announced Wednesday.

Green, 6-foot-5, scored 427 points in 23 games for an 18.6-point average as a senior. His career total of 1,062 was the third highest in Michigan State history.

Do You Remember?

BROOKLYN (UPI) — Cookie Lavagetto, who achieved basketball fame when his ninth-inning pinch-hit double for the Dodgers spoiled a non-hitter by Bill Bevens of the Yankees in the fifth game of the 1947 World Series, struck out the next day when he pinch-hit in the ninth inning of the sixth game.

Strong Market Is Danger Sign

Gauge Strikes by Price of Metals

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—Metal price ups and downs — long considered a good business barometer — are being watched as a strike barometer.

Recent weakness in copper prices is taken to mean that consumers consider a strike in this industry unlikely this summer.

Firmness in steel scrap prices, on the other hand, has been interpreted as meaning that scrap is being stockpiled in expectation of a strike. The idea is that scrap would be needed quickly and in volume when furnaces were started up again after a strike.

Aluminum price firmness is attributed largely to increasing demand. But underneath is the possibility that upcoming wage negotiations might break down and a strike would mean shortages.

★ ★ ★

Rarely has the annual labor-management tug-of-war received more public attention than today.

This is because of the unusual concentration on the fear of further inflation — that is, dollar erosion.

Headlines go to the approaching climax in the steel talks. But business has been keeping an eye all along on what is happening in copper.

★ ★ ★

While labor and management have been discussing a new copper contract — now overdue, as in steel — copper stocks have been piling up in the world market. Often the threat of strikes offsets this. But this time the price of copper has been falling.

★ ★ ★

A sharp break this week in the London market has been explained this way: Earlier this year fears of an American copper mine strike led consumers to build up stocks, and producers to increase output. When the contract deadline ran out without a break in wage negotiations, consumers started living off their stocks. And the supply of unsold new copper began to grow.

★ ★ ★

In this country price weakness has been spreading. In less than a month domestic custom smelters have cut prices five times. On Tuesday it dropped to 29½ cents a pound. The custom smelters buy scrap and ore to refine copper. The major producers of new copper still were maintaining their old price — 31½ cents. But that price was the highest in the world, and U.S. consumers could import it for less, even with the transportation charges.

Copper producers think that increasing business activity will mean gains in copper demand so that the present lull may be just temporary. They stress that in addition to the natural consumer caution while awaiting outcome of the wage talks, there is the upcoming season of vacations by many copper fabricators. This always tends to slacken demand for the metal.

But in the copper futures market the thinking is different. Belief is widespread that consumers have built up stocks to take care of a strike threat, and that they now feel that they've overdone it.

London observers say that world stocks of copper are such that consumers can hold off the market for some time, even if an American strike develops.

And because demand for copper usually goes up and down with the demand for steel, a strike in the latter industry could cut off much of the activity in the entire metalworking field.

26 Airlines Cited for Safety

U.S. Commercial Runs Scored Only 4 Fatal Accidents in 1958

CHICAGO (UPI) — The National Safety Council today honored 26 U. S. air lines for outstanding safety records.

The lines were granted the council's Aviation Safety Award, which goes to domestic, territorial and overseas air carriers that fly passenger runs.

The award is made to air lines that do not have a fatal accident during the calendar year and which have a major accident rate lower than the average rate for their group during the preceding three years.

The safety council said the 1958 passenger death rate was .43 deaths per 100 million passenger miles for domestic operations. The figure marked the seventh consecutive year that the rate was less than one. The lowest rate on record was .09 in 1954.

The council said four fatal accidents occurred in domestic operations in 1958, costing the lives of 134 persons, including 114 passengers, 15 crew members and five others not in aircraft.

★ ★ ★

Air lines presented the award of honor were: Allegheny, American, Bonanza, Continental, Delta, Eastern, Hawaiian, Lake Central, Mohawk, Pacific Northern, Pan American-Grace, Trans World and Trans-Texas.

Awards of merit went to Aloha, Caribbean, Central, Chicago Helicopter, Mackey, Piedmont, Reeve, Trans Caribbean and Wien Alaska.

Airlines presented with certificate of commendation were Cordova, Ellis, New York and Uraba, Medellin & Central.

U.S. Art Exhibit Gets Additions to Please Ike

WASHINGTON (UPI)—The U. S. Information Agency is attempting to assemble 25 or 30 paintings of the 19th Century to add to the controversial contemporary U. S. Art Exhibit in Moscow.

★ ★ ★

The idea, said the agency, was President Eisenhower's. The plan, announced yesterday, was regarded as an effort to take some of the heat off the exhibition, which has been criticized both in and out of Congress.

The USIA spokesman said that "in order to lend depth and historical perspective to the collection at Moscow" the American National Exhibition office "hopes to obtain a total of 25 to 30 paintings by outstanding 19th Century American artists to expand the range of art on view in Moscow."

He said this was being done "in keeping with the view of President Eisenhower that more attention be given to paintings by American artists of the pre-World War I period."

★ ★ ★

The President said at his press conference last week that he didn't think much of some of the 49 paintings on view at the American exhibit. Other critics have been even harsher.

Chairman Francis E. Walter (D-Pa) of the House Committee on Un-American Activities, and Wheeler Williams, president of the American Artists Professional League, have been particularly critical.

Walter has charged that 22 of the 67 artists whose paintings and sculptures are in the American exhibit had "a minimum of a total of 465 connections with Communist fronts and causes."

Yellowstone Park is the largest national park in the United States. It covers more than two million acres in Montana, Idaho and Wyoming.

Find Two Dead on Rubber Raft

3rd Youth Hospitalized as Plane Spots Craft on Lake Michigan

MILWAUKEE, Wis. (UPI)—Two of three youths who were swept out on storm-tossed Lake Michigan in a rubber raft were found dead this morning.

A third youth survived, but was described as in poor condition.

The dead youths were Daniel Casper, 16, of Bayside, a Milwaukee suburb, and Tony Phipps, 21, of Dallas, Tex. The survivor was Paul Polanski, 17, of Mason City, Iowa.

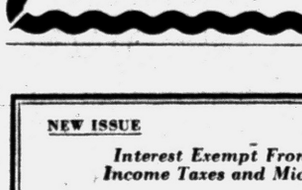

The Milwaukee county medical examiner's office said it believed Casper and Phipps died of exposure.

The three boys had gone out on the raft yesterday afternoon, wearing swimming suits. Authorities said they believed the stormy lake made it impossible for them to get their flimsy craft back to shore.

A marine helicopter spotted the raft this morning and brought Polanski to shore. He was taken to Milwaukee County Emergency Hospital. A Coast Guard cutter brought back the bodies of the two other boys. The raft was discovered drifting north of Milwaukee, about eight miles off shore.

Thuderstorms, high winds and rain curbed attempts to search for the boys last night after they were reported missing.

Phipps was in Milwaukee to take part in the western open tennis tournament. Casper was the son of a prominent Bayside doctor. Polanski was the house guest of Fred Schneller of suburban Milwaukee.

Rochester, Romeo Traffic Studied

Check Travel in 2 Towns

ROMEO — Troopers from the State Police Post here are assisting the State Highway Department in making an "Origin and Destination Survey" today in Romeo and tomorrow in Rochester to determine the need for improvement on roads leading into and out of both towns.

Check points were established today at the north and south ends of Van Dyke on the outskirts of Romeo and on East and West 32-Mile road.

Tomorrow the check points in the Rochester area will be on Rochester road by National Twist Drill and Tube Co. on the north and the new South Hill bridge at the south.

They also will be set up on Orion road just west of Rochester road, on Tienken road on both the east and west sides of M150, on Parkdale road near Parke-Davis & Co. and on University drive west of town.

★ ★ ★

Motorists will be given a particular colored card as they enter town at one check point which they will return to the checker at the other end of town when they leave. The study will determine the traffic flow and show what roads merit attention first.

News in Brief

Someone broke into a summer cottage at 1194 Clearwater St., White Lake Township, and stole a hi-fi radio and record player. The break-in was reported yesterday to the Oakland County Sheriff's Dept. by Alpheaus King, of Detroit, owner of the cottage.

Ernest Alvrez, 644 Northview Ct., reported to Pontiac Police yesterday that someone entered his home and stole $240 from an unlocked strong box in the kitchen. The thief entered through an unlocked side door.

Notice—Coal Users. Coal prices are lowest at this time of the year, so retail prices are lower also. Mine prices increase when lake shipments start to the north in June and July, and retail prices will probably increase some about August 1. SYDNEY, Australia (UPI)—John Thomas Lund was fined $9 yesterday for riding a motorcycle while not in a position to control it. Police said Lund was drinking from a bottle of milk in one hand, combing his hair with the other hand, and steering the motorcycle with his body.

More Summer Homes Built

Summer 1959 is going to open a new way of life for 75,000 U.S. families whether they vacation on a lake in Wisconsin, from a skiff off the rocky coast o Maine or at a tennis club on the Jersey Shore.

★ ★ ★

No longer "status seekers," they are the people who have realized the dream of buying a home away from home.

Clarence Hausmann, housing authority of Allied Chemicals Barrett Building Materials Division, says the number of summer homes to be built this year is as much as 50 per cent more than the number built in 1956.

"What's more, they're better homes," adds Hausmann. "The day of the camp site or fishing shack is going. These homes, in the main, are built for year-round use in later years of retirement."

Hausmann attributes this trend

1. Rising incomes, longer vacations and more holiday weekends

★ ★ ★

2. Greater availability of durable building materials such as weatherproof asphalt shingles, fireproof gypsum wallboard and insulation board products.

3. Development of electrical appliances, television and laundry facilities that make "rustic" living attractive to the housewife.

4. A place to go when the youngsters have gone out on their own.

5. Better connecting highways, and more than one automobile to a family.

"We used to think 40,000 summer homes was a lot," concluded Hausmann. "It will be double that next year, and the trend is just beginning."

Dr. James W. Reese Leaving for California

UNION LAKE — Dr. and Mrs. R. W. Reese of 1411 Union Lake Rd. announced yesterday that their son, Dr. James W. Reese is leaving this week for San Francisco, Calif. where he will be associated with Dr. Raymond Curtner in the practice of orthodontics.

The younger Dr. Reese received his master's degree in orthodontics at the University of Michigan on June 13. He was a graduate of the U. of M. School of Dentistry in 1953.

Following graduation in 1953, he served for two years with the U.S. Navy in Korea and Japan. He then returned to U. of M. where he taught in the school of dentistry while working on his master's degree.

It's Theirs for Good

MADISON, Wis. (UPI) — "On Wisconsin," a tune originally written for Minnesota yesterday was made the official state song of Wisconsin.

One difference between Russia and the U.S. is that in Russia the State owns everything; over here the finance companies do . . . Its getting to the point where if a man hasn't had an ulcer, a nervous breakdown or the shingles, you begin to wonder whether he's really a success after all. — Earl Wilson.

Grains Mixed in Slow Trade

CHICAGO (AP)—The grain futures market was a narrowly mixed and slow-dealing affair today during the first half hour of activity on the Board of Trade.

There were some weak and some firm spots with most contracts holding near previous closes.

Brokers said there appeared to be no new significant factors to influence prices either way and that apparently dealers were reluctant to trade more than small quantities until more decisive trade news develops.

All contracts were within minor fractions of yesterday's finishes.

No Totem Poles in Alaskan City

Seward Modern Rail and Seaport Center on Kenai Peninsula

WASHINGTON — The children of Seward, Alaska, may never have seen a streetcar or an elevator. But their hometown pride is on the scale of a very big land, the 49th state.

A seaport and rail terminus of 3,000 people, Seward stands in the shelter of mountains at the head of a long, deep bay in the Kenai Peninsula, the National Geographic Society says. The bay is warmed by the Alaska current and open to shipping all year round.

Seward was colonized in the early 1900s. It bears the name of Secretary of State William H. Seward, who purchased the former Territory from Russia in 1867.

Vignettes of small-town life in the north are contained in a booklet about Seward written and illustrated in the grade school.

"We live in homes just like you people in the States," the youngsters declare. One little girl is explicit: "My home is modern. We have indoor plumbing, running water, electricity, and 'Hollywood beds.' "

Another fact-straightener: "Some people have an idea that the place is all cluttered up with Totem Poles. This is not true."

The main industries are shipping, railroading, trucking and lumbering. Potatoes and green vegetables grow well in Seward gardens, but small boys can find few fruit trees to climb. Said one voice of experience: "There is a big crab apple tree in Seward that bears fruit almost every year, but it is in somebody's yard."

Seward's playground is the Kenai Peninsula with its mountains, forests and rich farmlands. In the town, which is protected by a rampart of peaks, winters are mild by Alaska's standards.

Everyone takes part in outdoor sports—skiing, hunting, salt-and fresh-water fishing, mountain climbing, swimming, and boating.

"About 12 miles out of town there is a ski slope for beginners and more advanced skiing," a schoolgirl said. "There is a cabin in which you could stay overnight and then go skiing in the early morning when it is just beautiful with the snow sparkling, and you get a feeling to jump up and down and yell.' "

Not suprisingly, Seward's two main festivals of the year are sports events. On the Fourth of July a race is run up Mount Marathon, 3,022 feet high. In August fishermen compete in the Silver Salmon Derby.

Girl Riding Bike on Sidewalk Hurt as Car Rams Her

A 10-year-old girl was injured yesterday afternoon when struck by a car while riding her bicycle westward on the sidewalk on Huron street, east of Telegraph road.

★ ★ ★

Katherine June Warren, 813 Glendale Ave., was in satisfactory condition at Pontiac General Hospital. She was being examined for possible head injuries.

★ ★ ★

Donald F. Wiscombe, 22, of 609 Peacock Ave., told Pontiac Police he was coming out of an alley on to Huron street, but did not see the child because his vision was obscured by buildings.

He was not held.

Human on Not, Most Females Like Mirrors

SAN DIEGO, Calif. (UPI)— Susie, the San Diego Zoo's trained sea lion, caught sight of herself in a six-sided mirrored pillar during a performance in a hotel.

★ ★ ★

That stopped her scheduled act, but Susie had the patrons in the aisles as she flippered her way around the pillar, nuzzling each new Susie.

Her trainer, Benny Kirkbride, got the show going again only by draping a tablecloth around the pillar.

Market Stiffens After Records

NEW YORK (AP)—The stock market moved irregularly early today as the going got tougher after four straight record highs. Trading was lively.

★ ★ ★

Gains and losses of key stocks went from fractions to more than a point.

Some of the stocks which paced the latest advance to historic peaks were subjected to increasing profit taking. At the same time, some relatively neglected issues met heavy demand.

An unusual array of big blocks reflected switches by large portfolios.

Steels and motors were down. Rails, chemicals, oils and tobaccos were mixed. Drugs, farm implements and a wide range of selected issues made progress.

★ ★ ★

The ticker tape was late for a six-minute spell at the opening.

Youngstown Sheet dropped more than 2. U.S. Steel around a point. New York Central, the favored rail in the past two sessions, was down a fraction. Pennsylvania Railroad gained a bit.

★ ★ ★

Fractional losses were taken by General Motors, American Motors and Chrysler. Du Pont lost a point.

Schering was up a point, Pfizer a good fraction.

General Electric dropped more than a point while Westinghouse Electric was firm.

DISALLE SIGNS POLIO LAW — Gov. Michael DiSalle signs into law in Columbus, Ohio, a bill requiring immunization of Ohio school children against polio and four other diseases. Seated to DiSalle's right is former Rep. William P. Day of Cleveland. Standing are Rep. Hugh A. Corrigan, left, and Sen. Ray T. Miller Jr., both of Cleveland. The men, all Democrats, sponsored the bill.

Girls Skip Class and Both Drown

Parents Thought They Were at a Red Cross Swimming Session

By United Press International

Two young girls drowned in a Cass County lake while their parents thought they were attending a Red Cross swimming class.

The girls, seven-year-old Sharon Van Tuile and six-year-old Jill Fitzsimmons, told their parents they were going to take swimming lessons at Twin Lake, six miles north of Dowagiac.

But swimming instructors at the lake said Sharon and Jill hadn't enrolled for the swimming course.

Sheriff's officers said the girls apparently decided to swim by themselves and drowned when they strayed into deep water.

Sharon's body was discovered when a passerby noticed a piece of red cloth about 50 feet from shore. A life guard swam to the cloth and found the girl.

Minutes later, Jill's parents told officers their daughter had been with Sharon and was missing.

Her body was found floating face down in 15 feet of water.

Royal Oak Gets Renewal Funds

U.S. Agency Approves $3,280,187 for Slum Cleanup in Township

ROYAL OAK TOWNSHIP — A federal loan and capital grant totaling $3,280,187 for slum clearance in Royal Oak Township was approved today by the Urban Renewal Administration in Washington, D.C.

Elwood Dickens, township supervisor, said today work on the community's 7 million dollar redevelopment program probably will get under way in two months.

Dickens said initial work will include installing new sidewalks and streets. He added that clearance of substandard housing could get under way by next summer.

Earmarked for immediate redevelopment are 220 acres in a section at Eight-Mile road east of Wyoming.

The loan is for $1,919,100 and the capital grant for $1,361,078.

The URA also approved a loan of more than $10 million and a $4,868,824 capital grant to Detroit for its 59-acre "Central Business District No. 1" project.

$2,750,000 View
Highest Highway Opens

ESTES PARK, Colo. (UPI)—The nation's highest continuous highway — cloud-scraping Trail Ridge Road in northern Colorado—is open for the summer, offering tourists a first-hand view of some of the most spectacular mountain country in the world.

The 42-mile road cuts a winding swath over the Continental Divide through Rocky Mountain National Park and connects two of Colorado's top resort areas — Estes Park and Grand Lake.

The highest point on Trail Ridge is 12,183 feet above sea level and the road runs more than 11 miles at altitudes in excess of 11,000 feet.

Built by the U.S. government at a cost of $2,750,000, the two-lane highway is maintained jointly by the U.S. Bureau of Public Roads and the state of Colorado. Construction was started in 1926 and finally completed in 1950.

Official opening of Trail Ridge on Memorial Day signalled the start of Colorado's tourist season. Crews manning rotary plows usually begin clearing the highway of heavy winter snows about May 1 but drifts as high as 30 feet have frequently delayed the scheduled May 30 opening.

Colorful ribbon-cutting ceremonies—pegged to a "hands across the mountains" theme — are held every year as hundreds of motorists line up to make the mountain drive.

Trail Ridge usually remains open until about Oct. 1. But weather often steps in to close it down for short periods during the summer.

In June 1954, 14 cars and 36 persons were marooned for 12 hours when a sudden storm piled three-foot snow drifts at the 12,000-foot level. Once, the road was closed by a July hail storm.

Snow can be found along Trail Ridge above timberline throughout the summer, giving tourists a chance to tell the folks back home about making snowballs in the middle of July.

Two words of caution if you're planning to travel on Trail Ridge Road: Make sure the carburetor on your car has been adjusted for high-altitude driving to prevent vapor-lock. And make sure your brakes and tires are in top condition.

St. John's Eve Pagan, Christian

Brazilian Maidens Seek Signs of Future Mates in Divine Rites

WASHINGTON — Bonfires flare, firecrackers pop, and young women look for signs of future husbands on St. John's Eve in Brazil.

Next to Carnival, the Eve is the gayest celebration in Brazil, though it is seldom as boisterous as the pre-Lenten street festival.

The observance, always held in June, commemorate the birth of St. John the Baptist but carries over pre-christian traditions of the great European Midsummer festivals celebrated on the same day, the National Georgraphic Society says.

★ ★ ★

The midsummer festival once was one of the most important and widespread of annual European celebrations. The bonfires began as part of pagan rites worshipping the sun and welcoming the warmth and light of summer. They became assimilated into Christian observances, and today St. John's fires burn from the fjords of Norway to the slopes of the Pyrenees.

The Brazilian festival originated on the country's northern beaches, where bonfires flickered homage to St. John over vast stretches of sand. Not as widespread as they once were, the bonfires still blaze on many beaches and hills in Brazil. Some young couples join hands and leap over the fires to insure good luck and to symbolize their love.

An unmarried girl used to look into the flickering flames of the fires to discern the face of her future husband, but other forms of love divination now are more popular on St. John's Eve.

Some maidens tilt a brightly burning candle over a glass of water and allow a few drops of wax to fall into the liquid. The outline the wax forms may suggest the face of a husband-to-be or at least the initials of his name. If the indication is not clear, one Brazilian sage suggests, dim the lights and "sharpen the imagination."

Other girls prefer to drop the white of an egg into the water. It forms more images and gives a greater choice. In some parts of Brazil, melted lead is used.

The financial status of a future husband can be predicted from three beans. The skin is removed entirely from one and partially from another. The third is left intact. The girl puts all three under her pillow on St. John's Eve and draws one the following morning. A skinless bean indicates a poor husband; half-skinned, one in moderate circumstances; intact, great wealth.

A maiden who wants to know how long she will wait for marriage ties her mother's wedding ring to a string and holds it over a glass of mineral water. Each swing of the ring counts for a year of waiting. Some girls have been known to practice to develop a steady hand.

Andrews Sisters Are Back Without Quarrels

By EARL WILSON

NEW YORK — Being pretty impressed by the Andrews Sisters' big comeback, I meandered into their dressing room. Two were watching TV between shows, the other was playing cards.

WILSON

I asked the bediamonded sisters who've been harmonious for three years how they avoid quarreling. "I remember to shut up! La Verne said. Patti remarked, "We leave the fighting now to the other sister acts." Maxine laughed about the charge they made years ago that they didn't do well in movies "because Hollywood producers didn't want to make pictures—they only wanted to make passes."

Declared Patti (whom the producers always wanted to play Patti-cake with): "It's still happening out there—but now to actresses in television."

Monique Van Vooren phoned ecstatically. She's going to France to do a movie with Brigitte Bardot ("Come Dance With Me"), but'll fly back weekly to sub for Kitty Carlisle on "To Tell the Truth" because she considers TV "exposure" important. Since BB'll be considerably exposed in the film, wouldn't that be "double exposure"?

LORRI

"Carol Lawrence is going to be a great big star," Eddie Albert prophesied to me at the Warwick. "First time I felt this way since I worked with Audrey Hepburn in her first movie. She's going to be a skyrocket."

Wilson Girl Lorri Scott, the young actress from St. Louis, is curving out quite a name for herself here.

EARL'S PEARLS: A grandparent is either lonesome or exhausted.—Mrs. Denman Moody.

WISH I'D SAID THAT: The modern office is where the ten-minute coffee break now lasts 45 minutes instead of the usual half hour.

TODAY'S BEST LAUGH: There's an old saying, "You can't please everybody"—but some of those five-times-wed Hollywood stars keep right on trying... **That's earl, brother.**

Music for Summer Night Toots over Kids' Heads

By FRED DANZIG

NEW YORK (UPI) — Music for a Summer Night on ABC-TV last night offered grownups attempting to portray "A Child's World" through song and dance.

★ ★ ★

Included were sophisticated, lovely tunes such as "Scarlet Ribbons," "I Feel Pretty" and "This Is My Beloved" (all awkwardly staged); a ballet sequence to an excerpt from "The Nutcracker Suite," plus some of the usual slush that adults believe kids love to hear: "Some Day My Prince Will Come" and "When You Wish Upon a Star."

Because the show aimed high—perhaps too high, judging by some of the selections—I find myself wondering if Producer Fred Heider was saying, in effect: wouldn't it be nice if kids could learn to dig this music, or reasonable facsimiles, again? Wouldn't that be a step in the right direction?

And I find myself thinking it would be just as nice if more TV shows approached adult audiences with the aim of elevating grownup tastes, too.

★ ★ ★

We can use it as much as the kids.

SHORT SHOTS: Jack Paar reported that Genevieve is ill and cannot appear on his NBC-TV show tonight. . .Robert Culp gave a believable performance as a no-goodnik actor on ABC-TV's Accused, although on one or two occasions he hammed it up. His wife, Nancy Asch, was on the same show but was overmatched.

THE CHANNEL SWIM: The Modernaires replace The Four Lads on NBC-TV's Saturday night variety hour, Perry Presents, starting Aug. 1. That gives the show the following lineup for the rest of the summer: Tony Bennett, Jaye P. Morgan and The Modernaires. The Perry Como replacement began life on June 13 with Tony, The Lads and Teresa Brewer.

Red Skelton will serve as host when CBS-TV reruns the two-hour film classic, "The Wizard of Oz" on Sunday, Dec. 13. . . Man With a Camera, the Charles Bronson series that faded from ABC-TV last March, returns to the same network in a Monday night slot next fall.

Garry Moore assures us that the taping of his Tuesday night CBS-TV show next season will not include censorship. "The tape will be unedited," he says, "so if any mishap occurs, it'll still be there for all to see."

Find Boys Safe This Morning

Left Yesterday to Row Down Stream Near Houghton Lake

HOUGHTON LAKE (UPI)—Four teenage boys missing since yesterday and believed drowned were found safe early today between Houghton Lake and Higgins Lake.

They had started out on a 26-mile boat trip on the narrow waterways between the lakes in north-central lower Michigan.

The four—tired, but otherwise uninjured—walked out of the thickly-wooded area between the two lakes early this morning.

Hunted by state police and conservation officers were two Detroit brothers, Dale and Richie Luke, age 17 and 14, and David Decker, 15, and Roy Durus, 19, both of Houghton Lake.

They set out about 2 p.m. yesterday afternoon in a 12-foot aluminum rowboat to travel the 26-mile-long narrow streams which connect the two lakes.

★ ★ ★

When they failed to show up at midnight, their parents called the state police post here.

A state conservation officer tried to search for the boys during the night, but was forced to give up because of darkness.

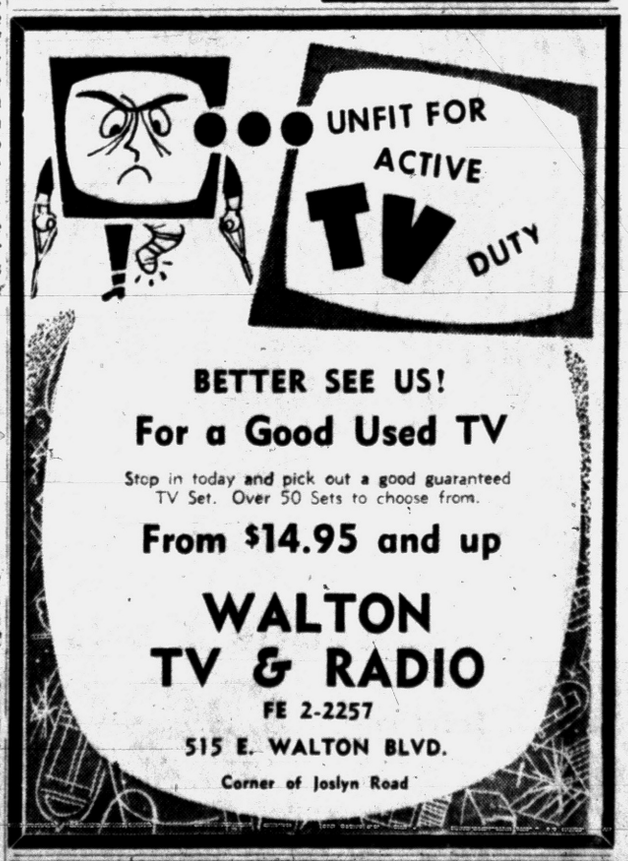

The four were picked up by a state police car at 6 a.m. on a road about a half-mile from the stream. They explained they were unable to travel the narrow waterway in the dark and beached the boat, staying with it until dawn.

Found Dead in River

MANVILLE, N. Y. (AP) — Phillip Kindler, 49, was about to start fishing in the Millstone River Wednesday when his car rolled down the embankment, knocked him into the water and pinned him on the river bottom. He was dead when the car was lifted.
