Top GM Automotive Division Executives Pose at Motorama

AT NEWS CONFERENCE — Attending a news conference in connection with the GM Motorama in New York were general managers of the automotive divisions of the corporation, and corporation president, Harlow H. Curtice.

Shown above, left to right, are Philip J. Monaghan, GMC Truck & Coach Division; Robert M. Critchfield, Pontiac Motor Division; Ivan L. Wiles, Buick Motor Division; Curtice; Thomas H. Keating, Chevrolet Motor Division; Don E. Ahrens, Cadillac Motor Car Division, and J. F. Wolfram, Oldsmobile Division.

More than 34,000 persons visited the Motorama yesterday and last night as the exhibit was opened to the public. GM officials have estimated 335,000 will see the six-day event — the attendance figure last year.

Snow Covers Half of Nation

Police Quiz Two Men in Brutal Hotel Slaying

By BUD MARTZ

Pontiac Police are holding two men today for investigation in the death last night in the Chapman Hotel of 58-year-old Frank L. Beheydt, an ex-bookkeeper for the O'Brien Heating Co.

The men, who gave oral statements last night to Assistant Oakland County Prosecutor Robert D. Long, are John A. Curry, 27, and Louis Hayes, 21, roommates in a local hotel.

Beheydt's savagely beaten body was found by police at 10:30 p.m. Detective Thomas Mitchell, in charge of the case, said Hayes had phoned police asking them to send an ambulance to the downtown hotel.

Curry and Hayes were arrested shortly before midnight, and questioned about their knowledge of the crime. They had been seen leaving the hotel shortly before the body was discovered.

Long said Curry admitted hitting Beheydt "at least twice" with his fist, but said, "After that I don't remember anything until we were calling a cab."

WITNESSED BEATING

Hayes, Long said, stated that Curry had repeatedly beaten and kicked Beheydt, after Beheydt had refused to give him money. Pontiac Police have a record of arresting Beheydt on a morals charge in December.

Hayes charged that Curry had threatened to kill Beheydt before the two went to his second-story room. Pontiac Police say they have a witness to corroborate this charge, but decline to divulge his name.

FRANK L. BEHEYDT

Hayes, who offered to submit to lie-detector tests of his story, said he had tried repeatedly to stop the beating, Long said. "But he just kept hitting him and kicking him and yelling at him," Long quoted Hayes.

Both men agreed that Hayes had not participated in the beating, Long said.

Curry told officials that he had been in Beheydt's room earlier in the evening, and saw two men beat the ex-bookkeeper. Curry said the pair, whom he didn't know, took him to the room.

BOTH UNEMPLOYED

Both suspects told police they are currently unemployed. Hayes said he recently worked for a railroad, and Curry stated his last

Ike to Address State and U.S. GOP Rallies

Michigan Leaders Hope to Gain $576,000 Profit for Political Coffer

By THE ASSOCIATED PRESS

President Eisenhower will address "Salute to Eisenhower" Republican rallies throughout the nation tonight.

Michigan Republicans will toss a "Salute to Eisenhower" from banquet tables in eight cities tonight, and when the saluting is done they hope they will have raised around $600,000 at $100-a-plate.

Michigan will have more such dinners than any other state.

And to back up their salute to the President, Michigan Republicans are importing an all-star array of speakers to get the campaign ball rolling in this election year.

GOP leaders hope the Michigan banquets will attract an average of 800 each. That would insure a gross of $640,000.

At an average over head cost of $10 a plate, that would leave a profit of $576,000 to be split with the Republican National Committee.

This is the third anniversary of President Eisenhower's inauguration, and he is scheduled to address the "salute" dinners in a 15-minute closed circuit telecast.

The Michigan banquets are scheduled at Detroit, Grand Rapids, Flint, Marquette, Muskegon, Saginaw, Lansing and St. Joseph.

Leland I. Doan, president of the Dow Chemical Co. of Midland, is chairman of the Michigan salute arrangements.

Eisenhower's second-term decision, he promised yesterday, will be announced "as soon as it is firmly fixed in my mind."

Woman on Plane Has Baby Girl; Clipper Returns

SAN FRANCISCO (AP)— A Pan American World Airways Clipper turned back from a flight to Honolulu today after a passenger gave birth to a daughter, two months premature.

The Clipper, with 55 passengers, was about 200 miles out when purser Sue M. Sargent rapped on Capt. Henry C. Kristofferson's cabin door and announced:

"One of the passengers is going to have a baby."

With the aid of another passenger, Mrs. Frances Norton of Honolulu, Mrs. Robert Henderson of 216 Patton Ave., Nashville, N.C. gave birth.

Kristofferson returned to San Francisco, where the plane was met by a Pan American physician, Dr. Frederick Leeds. He said both mother and baby appeared to be in fine condition. He estimated the baby's weight at four pounds.

Her husband, a sergeant in the 4th Marine Division, said he was "of no help at all."

Traffic Snarled by Icy Streets; 2 Die in State

Eight Pontiac Accidents Reported as Two Inches Fall on Area

The season's heaviest snowstorm in the eastern half of the nation was a welcome relief for many farmers in the Southern Plains and the Midwest, but was a headache for millions of others in the areas blanketed by the snow.

The headache will subside somewhat today as the Weather Bureau predicts occasional light snow continuing tomorrow for Pontiac and vicinity.

After being draped with two inches of snow yesterday, Pontiac can look for little change in temperature, with a low tonight from 18 to 22. The high tomorrow is predicted to be from 26 to 30 with light north to northeast winds.

The Pontiac Police reported eight accidents caused by the snow - covered roads from midnight Wednesday to midnight Thursday resulting in injuries to four persons.

The Automobile Club of Michigan today said that many roads in the state are generally slippery and snow-covered.

TWO DIE

Two deaths were reported in the state during the day while four persons were dead in Missouri as the result of the storm termed the most severe in recent years to engulf the nation's midsection.

Alex Grimshaw, 69, of Detroit, died of a heart attack after shoveling snow. Leo J. Bostwick, 55, of Columbus, Ohio, was killed when his car skidded on Telegraph Rd. near Monroe and collided with two trucks.

Snow fell during the night and morning from the lower Great Lakes region eastward to the Mid-Atlantic states southward as far as West Virginia and Maryland.

But to farmers in areas such as Texas where there has been little precipitation this winter, the snow was hailed as welcome relief to dry parched farm lands.

OHIO DIGS OUT

The heaviest snowfall in several years, around 10 inches, hit Cincinnati yesterday. Some schools closed, the city airport was shut down and traffic snarled.

Snow diminished over most of the mid-continent during the night with only flurries reported this morning across the upper Great Lakes, parts of the Ohio Valley and the Northern Plains.

The temperature in Pontiac preceding 8 a.m. was 23. The mercury registered 29 degrees at 2 p.m.

Michigan 5th Largest

WASHINGTON (INS)—The U. S. Census Bureau said today that Michigan's population has jumped to 7,236,000 in five years, a 13.6 per cent increase since the 1950 census. The bureau listed Michigan as the fifth largest state in the nation in population. It had the seveth largest per cent of population gain.

Hospital to Seek Bids on Building

Architect Readies Plans for $3 Million Program at Pontiac General

Bids are expected to be taken around Feb. 10 for the construction of the $3,000,000 expansion program at Pontiac General Hospital, according to Willis M. Brewer, chairman of the property committee of the Board of Trustees.

The board learned last night at their monthly meeting that Leo J. Heenan, architect for the addition, was preparing final plans based upon changes recommended by departmental heads and members of the property committee.

After the sketches are returned to the board, a resolution to accept them will be presented to the City Commission.

"I look for the actual construction of the addition to begin around April 1 or April 15 provided our bids are okay," Brewer stated today.

City Manager Walter K. Willman said "as soon as we know what the bids are we would begin to advertise the sale of the bonds."

Ye Fowl Flocks Aggravate Mate of Egg Fancier

Another "Egg and I" story unfolded this week in Oakland County Circuit Court.

Judge George B. Hartrick granted a divorce to a Troy Township woman who said her husband insisted on keeping too many chicks —of the fowl variety that is.

Leatha Friend, 46, complained that among other things, her husband, Leslie, 39, found fault with her "because she does not care for his 1,000 chickens."

Friend contended he only had 900 of the barnyard animals.

Bombay Rioting Now in 5th Day

Maratha Race Furious Over Nehru's Plan for Federal Control

BOMBAY, India (AP)—Looting and shooting continued unabated in riot-torn Bombay today for the fifth successive day. Left-wing leaders of the demonstrators appealed in vain for an end to the violence.

The rioters, mostly of the Maratha race, increasingly vented their ire on Gujarati families. Many of the Gujaratis were trying to flee the city.

Bombay State Gov. Harekrushna Mahtab told a meeting of leading citizens the wave of violence is "unparalleled in the history" of Bombay, India's second largest city.

The Marathas, about half of Bombay's nearly three million population, are fighting Prime Minister Nehru's plan to put the city under the federal government.

The rest of the state would be split in two, forming one state where the Maratha language is predominant and the other where Gujarati is generally spoken.

Official figures, obviously lagging behind the actual casualties, put the death toll at more than 40 since the riots erupted Monday.

Property damage from wrecking, looting and burning was widespread.

Woman Bandit Robs Detroit Liquor Store

DETROIT (AP)—A blonde gunmoll calmly robbed a liquor store and then forced two men to take her for an hour's automobile ride about town last night.

* * *

Dressed in a Navy peacoat and blue skirt, the blonde stuck up Andy's Liquor Store, looting the cash register of $100 and pinching a pint of booze.

Customers Paul Crowe, 22, and Thomas White, 18, ran after her. When they caught up, they were looking into the barrel of her pistol. She forced them into White's car and then directed their hour-long cruise.

* * *

Finally she peeled off 13 one-dollar bills and handed them and the pint over, directing the men to "take them back to the liquor store." Then she fled.

Keeper of the Books

SALT LAKE CITY (AP)—William Dobbie Kuhre will be 93 tomorrow. He plans to take the day off from his job to celebrate. Kuhre has been bookkeeper for a local lumber company for the past 55 years.

Romney of AM Criticizes Car Marketing Practices

WASHINGTON (AP)—A retail car business appraisal came today from George Romney, president of American Motors Corp., which makes Hudson and Nash cars.

He was the first witness called at a Senate commerce subcommittee investigation of automobile marketing.

He agreed with Sen. Potter (R-Mich) that the business may be heading in the direction of "auto supermarkets," but he said he did not believe automobiles could be marketed properly that way.

"Blitz selling" is a heavily promoted sale in which a dealer announces he is disposing of a large number of cars at cut-rate prices.

Romney said he believes many buyers are developing a "customer beware" attitude as a result of "horse trading practices that have characterized new car selling in the post-war period."

"I believe the automobile industry as a whole has suffered in public esteem as a result," he said. "I believe many dealers are disgusted at the methods and ethics of current automobile marketing practices."

Romney said dealers had complained to him that "bootlegging" has turned automobile selling into "a cut-throat business."

The subcommittee defined "bootlegging" as the discount selling of cars by regular dealers to non-franchised dealers for resale.

When Potter asked if Romney would favor legislation that would permit his company to cancel franchise of dealers who sell to "bootleggers," the witness shied away.

He said this is a matter that should be worked out by the manufacturers and dealers themselves through "a changed policy and a changed viewpoint."

Sen. Monroney (D-Okla) said

(Continued on Page 2, Col. 3)

Potter Asks Senate to Defeat Bill on Gas

WASHINGTON (AP) — Sen. Potter (R-Mich) asked the Senate Thursday to defeat legislation he said would benefit some 8,000 natural gas producers at the expense of 29 million consumers.

The Senate is in its fifth day of debate on the controversial gas bill, a measure to remove from tight federal regulation the prices producers charge for natural gas. The House approved the legislation by a narrow margin last year.

If the Senate follows suit, Potter said, millions of dollars will be added to the price paid by household and industrial gas users, and this would "inflict real financial injury" on them.

President Eisenhower said Thursday his views on the question had not changed from those he expressed last year.

At that time, without actually endorsing the proposal, Eisenhower said "Congress is actually making progress because they are trying to devise a bill which, at one and the same time, protects the consumer . . . but will encourage exploration (for new gas supplies)."

To Inoculate Britons

LONDON (INS)—Britain will inoculate between a quarter and a half million children this spring with its own version of the Salk-type anti-polio vaccine.

Reds Announce Watt 2nd on Steam Engine

LONDON (AP)—Moscow radio conceded today that James Watt nearly beat the Russians to the invention of the steam engine.

In a broadcast marking the 220th anniversary of Watt's birth, it stated that the Scotsman's "invention of the steam engine coincided with a similar achievement by the Russian Polzunov, arrived at independently."

Senator Barry Goldwater to Be GOP Club Speaker

Principal speaker at the Oakland County Lincoln Republican Club's 66th annual banquet Feb. 16 will be U. S. Sen. Barry M. Goldwater (R-Arizona), Robert A. Sutton, club president, said today. The event is slated for 6:30 p.m. in the Pontiac Elks' Temple.

SEN. BARRY GOLDWATER

Elected in traditionally Democratic Arizona in 1952, Goldwater, 47, is chairman of the GOP Senatorial Campaign Committee.

The lawmaker held only one other elective office, Phoenix city councilman, before his Senate job.

He is a member of the Senate Banking and Currency Committee, Labor and Public Welfare Committee and Committee on Interior and Insular Affairs.

A fighter pilot in World War II, Goldwater is a family man with four children. His wife, Margaret, will also attend the dinner.

Tickets are available from Robert C. Miller, of Pontiac, and Mrs. John Schock, of Berkley.

Radio Announcer Relays Ike Joke as Serious News

SAN FRANCISCO (AP)—A flurry of excitement was caused last night by a local radio newscast reporting President Eisenhower had said he would not seek another term.

What happened was that the announcer heard a joke on the Lowell Thomas show on KSBS, didn't recognize it as a joke and broadcast a bulletin as serious news.

* * *

Thomas, on his show, related that a prominent attorney had stopped him on the street today and said:

"Say, have you seen the wires lately. Ike isn't going to run again. He's decided on a ticket of Nixon and Ferris."

"Who's Ferris?" exclaimed Thomas.

"Oh," replied the lawyer, "he's a big wheel on Coney Island."

May Get Advice on Annexation

Seek Planning Expert for Pontiac - Waterford Consultation

Efforts are being made by the Pontiac Chamber of Commerce to have an urban planning specialist from the University of Michigan speak to the chamber's advisory committee considering the question of the Pontiac-Waterford Township proposed annexation.

Basil G. Zimmer, resident director of the social science research project at the University, has been studying the problems of annexation of fringe areas at Flint as a consultant for the last three years.

Robert J. St. Clair, manager of the Chamber of Commerce, will contact Zimmer to arrange a conference.

James F. Spence, chairman of the annexation committee, said a second meeting with Zimmer is being considered in which residents of both areas would be invited.

This move is the latest development on the topic of annexation of the two communities which now has branched into a three-fold question; will it be annexation of the township to Pontiac or should Waterford incorporate into a city, or neither?

The latter question, which has been under study by the township Junior Chamber of Commerce for more than a year, attracted 1,000 area residents to a town meeting Jan. 10 to hear the pros and cons of incorporation.

OCSC Wildlife Adventure Tickets for Mon. eve. Jan. 23, available. Season $3.00. Single adm. $1.50. Call OR 3-7441.

Swiss Police Baffled by $280,000 Gold Theft

GENEVA, Switzerland (AP)—Swiss police admitted today they have lost all trace of $280,000 worth of gold bars stolen from a truck here yesterday in a well-planned daylight coup.

Police said it appeared possible the gang which organized the coup — one of the biggest robberies in Swiss criminal history — had succeeded in getting the bars into France.

Admits 150 Red Experts

WASHINGTON (AP) — Premier Gamal Abdel Nasser is said to have admitted into Egypt possibly 150 Soviet bloc technicians to help assemble arms from Czechoslovakia.

Babson Predicts Prohibition Will Return—In Some Form

By ROGER W. BABSON

BABSON PARK, Mass.—My father used to say to me: "Roger, avoid the words never and always; also do not put dates on your forecasts." In discussing this unpopular subject of prohibition, I will now observe his advice.

First, let me say I am not forecasting the success of the prohibition party as a political factor. Rather, I am forecasting that one, or both, of the major parties will put some form of prohibition in their platforms.

The curse of the liquor traffic may be no different now than 25 years ago; but there is one great difference.

In 1933 when prohibition was overwhelmingly defeated, there were no great industries to put up the funds to continue prohibition, while the great brewers, distillers, and other liquor interests supplied the funds to kill it.

Then, however, there were only 20½ million automobiles.

Today—with 50 million automobiles—the situation is very different. In the next fight over prohibition, the automobile industry (now the second largest) which includes manufacturers, sales agencies, the great gasoline industry, as well as the owners of property rented by these interests, should heavily support the prohibition cause.

And this group is increasing every year as more cars go on the roads. There are now over 225,000 filling stations earning nearly a billion dollars annually.

ACCIDENT PREVENTION

Safety belts, compulsory car inspections, canceling of licenses, and even jailing offenders should help prevent accidents or make them less serious. However, none of these things seem to be effective.

The main cause of accidents is with the brain of the driver. Hence, the great importance of insisting upon drivers keeping in line and not passing except where specifically permitted.

The basic reason why drivers disobey traffic rules, crossing lines, driving fast, ignoring intersections and signs, is lack of mental control.

People are all too willing to take chances. But civilization has progressed by a constant tempering of this instinct to risk, by education, religion, and laws working toward the development of self-control. This is a very important fact which parents and teachers should recognize.

LIQUOR AND SELF-CONTROL

There are three biological effects of drinking.

1.—Drinks "pep" one up. Liquor, even in very small amounts, gives people temporary courage to do and say things they otherwise would not.

2.—Drinks enable people to forget — but this means forgetting driving rules as well as troubles.

3.—Drinks are habit-forming. No one ever expected to become a slave to drink when he started simple social drinking.

Not only are automobiles increasing every year by several million and the population by about 3 million, but the age when young people start to drink has lowered. The cocktail party, along with the above-mentioned factors, has made liquor a national problem which must be conquered.

It may get worse before prohibition, in some form, returns but it is a sure forecast that it will return.

Perhaps one plan would be to prohibit sales to those holding drivers' licenses. Even the new four-lane turnpikes do not solve the difficulty, as they develop a "sleepitis."

MUST HAVE CHANGE

How the liquor curse will be handled, I do not know. As my friend, Delcevare King says, it is a problem of the three E's:—Education, Engineering, and Enforcement.

The most common suggestion is that we all have a license either to buy liquor or to drive a car. This, however, will not alone solve the cocktail-party danger and the fact that the self-control and judgment of many individuals are not affected by a little liquor—while others are affected almost by the smell of it!

I hope readers will not take this column as propaganda for prohibition, as I believe the person who does not drive a car has a right to drink.

However, with 99 being killed each day and one seriously injured every 25 seconds, and these figures constantly increasing, something radical must be done. Also, unless the brewers and distillers themselves "see the handwriting on the wall" and help solve the problem, the securities of such companies face a terrific decline, as happened when Prohibition went into effect in 1919.

Hospital Head Gets Pay Hike

Pontiac General's Board Grants Director Boost of $1,000 a Year

A $1,000 salary increase was approved for Miss Lauretta Paul, director of Pontiac General Hospital, by five of the seven members of the Board of Trustees at their monthly meeting held last night.

* * *

The board stipulated that the hike be retroactive to Jan. 1 and that the group review Miss Paul's salary upon completion of a survey presently being conducted at the hospital.

The survey is being conducted by a Minneapolis firm of hospital consultants on the organization and audit of operations in departmental service at the hospital.

Voting against the increase last night were Willis M. Brewer and Mrs. B. B. Roush who wanted the motion to be considered after the survey was completed.

* * *

Prior to the acceptance of the increase, Miss Paul's salary was $10,000 a year. The members in favor of the increase said it was predicated upon the five per cent increase given hospital and city employes last year.

Police Question Pair in Hotel Room Death

(Continued From Page One)

job was as stockboy in a local supermarket.

The two are being held in Oakland County Jail for investigation in the murder. A coroner's autopsy and further questioning, with possible filing of charges, are slated for today.

Officials at O'Brien Heating Co., 371 Voorheis, said today Beheydt worked as bookkeeper for the company for a week, "about four weeks ago."

Truck Driver Held in Toronto Murder

TORONTO (AP) — A 23-year-old truck driver, father of two small boys, was charged last night with the rape-murder of Linda Lampkin, 13-year-old schoolgirl.

Police said Robert Fitton Jr. gave them a statement during 11 hours of continuous questioning. He was charged at 6 p.m. EST, less than 19 hours after the girl's ravished body was found on a waterfront street.

After being fingerprinted and photographed, Fitton was taken to the waterfront, where police said they found Linda's missing right shoe and compact.

Fitton was picked up at his home early yesterday. Linda, throttled with her own silk scarf and raped, was found eight hours earlier on the corner of Saulter and Commissioners Streets. She had disappeared while returning home from a dancing school.

Congressman Is Guest of Real Estate Officials

George A. Dondero, U.S. representative from the 18th district, was the guest of Pontiac Real Estate Board officials this week at the annual convention of National Association of Real Estate Boards in Washington, D. C.

Local delegates to the conference include Vern K. Archer, newly-installed president of the board, Secretary E. A. Maier and Bruce J. Annett, past president of the Michigan Real Estate Association.

Skating Conditions Good on Pontiac's Ice Rinks

Pontiac ice skating enthusiasts can look forward to a good weekend of skating, Bill Aho, city parks supervisor announced.

Aho said all rinks operated by the city have been cleared of snow and pronounced fit for a weekend of skating.

The Weather

LOW AND POWERFUL — Pontiac Motor Division's experimental sports car, "Club de Mer," is only 38.4 inches high. The aluminum body is finished in transparent, Cerulean blue lacquer. The car, on display at the GM Motorama, is powered by a 300 h. p. strato-streak V-8 engine. Revolving headlamps disappear into the body when not in use.

Plan Ice Jam Study From Air

Coast Guard to Survey Frozen St. Clair River From Helicopter

PORT HURON (AP)—Capt. Dwight H. Dexter, operations chief of the Ninth Coast Guard District, planned a survey of the St. Clair River by helicopter today to map strategy for smashing an ice jam that has dammed the flow of water from Lake Huron into Lake St. Clair.

Then he arranged conferences with the skippers of two icebreaking cutters, the Tupelo and the Acacia, that have been hacking away at the ice-locked river.

A third Coast Guard ship, the 110-foot tug Kaw, set out from Cleveland yesterday to join the attack but was turned back by ice in Lake Erie.

The Tupelo attempted yesterday to clear a channel in the lower river but ran into heavy ice. The Tupelo anchored for the night off Tashmoo Park in the south channel and the Acacia returned to its berth in Detroit.

HALTED BY ICE JAM

The Acacia's skipper, Lt. Cmdr. Edward Sawyer, said his ship made the return trip to keep a channel cut through Lake St. Clair.

Lt. E. D. Fulcher, skipper of the Tupelo, said his ship yesterday ran into what appeared to be a major ice jam at the head of Russell Island opposite Algonac. He described the ice as jagged and windrowed.

The Tupelo worked its way three quarters of a mile through heavy ice off Algonac before anchoring for the night. Lt. Fulcher estimated the thickness of the ice at eight feet, half of it above the surface.

The ice jam at the head of the river has slowed the four-mile-an-hour current almost to a standstill, raising the water level in Lake Huron about eight inches and dropping the level in Lake St. Clair by as much as five feet.

Meanwhile, the weather bureau said there was no immediate prospect of higher temperatures to help thaw the ice.

W. W. Oak, chief of the weather bureau in Detroit, predicted "colder weather" in the next few days.

Police Hold Youth for Stickup Attempt

A 16-year-old Pontiac youth is being held in Oakland County Children's Home after confessing to Pontiac police last night that he tried to rob a city cab driver at gunpoint Monday night.

Detective Sgt. Albert Foster and Detective Charles Hewitt said the youth was arrested after a three-day investigation.

They said a pistol taken from the boy was reported stolen here in 1944. The boy will be held pending an investigation by Juvenile Court officials.

Police said the robbery was frustrated when the youth learned the cab driver had his short-wave radio turned on.

Walter Y. Stanley Dies in Hastings

Walter Y. Stanley, 65, of Hastings, owner of the Stanley advertising agency, died at Pennock Hospital there at 3:30 a.m. today after extended illness.

Mr. Stanley was one time general manager of the Pontiac-Oakland Legal News and formerly was associated with the Hastings Banner Press.

He was a member of the Michigan Press Assn., University Press Club and Pontiac Elks, 810.

He is survived by his wife, Elsie; four daughters, Mrs. William Mustard, Drexel Hills, Pa.; Mrs. Neil Adair, Hastings; Mrs. Philip Beebe, Charlotte, N.C., and Mrs. Melvil Lill, Lansing; eight grandchildren, his father, Wilburn Stanley, of Chilhowie, Va., and three brothers.

City Democratic Club to Hear Hart at Sunday Meet

Lt. Gov. Philip A. Hart will speak during the Pontiac City Democratic Club's meeting Sunday at 2 p.m. in the Fisher Body Union Hall, 821 Baldwin Ave., President George D. Hicks said today.

Other speakers will be Pontiac Mayor William W. Donaldson and Hazel Park Mayor Zigmund Niparko. Refreshments will be served.

Romney Criticizes Marketing of Cars

(Continued From Page One)

today the "white-hot race" for auto sales supremacy between Chevrolet and Ford caused "many of the troubles now plaguing the auto industry and its dealers."

* * *

The senator made this comment in an interview as the Commerce subcommittee on automobile marketing he heads scheduled its second hearing on charges of abuses in car selling practices.

* * *

Monroney said that in talking to car dealers privately in preparation for his hearings, he had found many who blamed the Chevrolet-Ford contest for abuses and for car "bootlegging."

Salable Potato Stocks Reported

Farm Officials Reveal 127,100,000 Bushels in Storage on Jan. 1

WASHINGTON (AP)—The Agriculture Department reports that stocks of merchantable potatoes in storage on Jan. 1 totaled 127,100,000 bushels.

* * *

These stocks—in the hands of growers and dealers in or near the producing areas — were described as "only moderately higher" than stocks on hand a year earlier after a bigger producing season.

Michigan is a potato-producing state.

* * *

Farm officials generally had expected stocks to be somewhat larger than reported. They said the supply situation should provide a basis for probably more stable prices to growers.

* * *

The department said that up to Jan. 1, 1956, late crop potatoes had moved to market at a faster rate than in the fall of 1954. It added that potatoes from last year's crop to be marketed after Jan. 1 this year appeared to be only 4,300,000 bushels in excess of marketings after Jan. 1 last year.

BETTY KEHL

WILLIAM THOMAS

Police Say Flint Woman Pulls Hoodlum Into Case

FLINT (AP) — Mrs. Betty Kehl, 32, held with the boy friend in the slaying of her husband, talked to a Flint hoodlum two weeks ago about getting her husband beaten up, police said today.

However, Det. Capt. Loren Herfurth said, the scheme fell through when the hoodlum, an ex-convict, told the woman his own police record made him "too hot" to get involved.

Herfurth said police learned of the incident when they first started investigating the fatal shooting Monday night of Robert Kehl, 34-year-old tobacco salesman.

The officer said Mrs. Kehl under questioning admitted the incident, then later denied it. However, police last night picked up the hoodlum whom they did not name, and said he verified that Mrs. Kehl had contacted him. The hoodlum was not held.

Herfurth said police are not inclined to give much weight to the theory that a hired gunman was involved in the slaying, but are not ruling out the possibility.

Earlier a "woman in black" was questioned at police headquarters. She was not identified by police.

Herfurth said there may be a conference of police and the prosecutor's office late today or Monday to determine what charges will be brought in the case.

Still held for investigation of murder are Kehl's wife, Betty, 32, and her bachelor boy friend.

Police said a lie detector test showed "serious discrepancies" in the story of Mrs. Kehl who accuses William Thomas, a handsome, 25-year-old pipefitter of slaying her husband "because he wanted me for himself."

Kehl was found mortally wounded Monday night at a dumping grounds on the outskirts of Flint.

Capt. Loren Herfurth, chief of detectives, said the lie detector showed "serious discrepancies" in tests that followed Mrs. Kehl's face-to-face accusation of Thomas yesterday.

Thomas denied her accusations from the start, although police said he admitted he had been "dating" Mrs. Kehl.

Yesterday's test was the third given Mrs. Kehl since she reported Monday "a tall stranger" had abducted her and her husband at gunpoint and shot the latter. Herfurth said the latest test showed discrepancies in many of the same places as the previous two.

Thomas, formerly of Maryville, Tenn., told police he had not seen Mrs. Kehl since Saturday night. His landlady supported his alibi that he was in his room the night of the slaying.

After a 90-minute conference with her father, John Kadletz of Iron Mountain, Mrs. Kehl last night altered her story of what happened at the scene of the killing.

She said Thomas shut off the motor of the car and took the keys with him when he marched her husband to where he was shot.

Originally she had told them, police said, that she waited in the car with the motor running while the shooting took place.

Mrs. Kehl was permitted to attend her husband's funeral yesterday under police escort.

At the funeral service, Mrs. Kehl sobbed loudly threw herself across the casket and kissed her dead husband.

Police said she was the beneficiary of two life insurance policies totaling $12,000 which her husband carried.

Living Costs Fall in November; Medical Higher

WASHINGTON (AP)—The government reported today that living costs fell three-tenths of one per cent from November to December, the first decline since August.

Prices for food, transportation and housing dropped, while medical and personal care costs edged upward.

The December index of the Bureau of Labor Statistics was 114.7 per cent of the figure for the 1947-49 base period. This is a fraction higher than in December, 1954.

The bureau reported that average gross weekly earnings, spendable pay and wage purchasing value of factory workers all rose to a new record level in December.

MSU Teaches Classes by TV

500 Students Attending Credit Courses Near 8 Screens in Big Hall

EAST LANSING (AP)—Nearly 500 Michigan State University students are attending classes by television on the MSU campus during the current winter term.

The students are enrolled in credit classes of educational psychology, introductory chemistry and communication skills.

The instructor and two cameras—one for closeups and the other for distant shots—are located in the Giltner Hall Auditorium. The students are grouped in the auditorium and in four classrooms around eight 24-inch screen sets.

The circuits also provide for questions from the classrooms.

The project is the first experiment at the university with closed-circuit television for classroom use.

"I would like to emphasize," said MSU President John A. Hannah, "that no one concerned with the project has any firm conviction as to how well this medium may lend itself to various kinds of instruction.

"The purpose of the experiment is to learn as much as we can about the medium as an instruction device, with reference to both its potential and its limitations."

Five Detroiters Hurt in Rochester Crash

Five persons from Detroit were injured yesterday returning from work in Rochester when the car in which they were riding went out of control on Rochester road north of Long Lake road and went off the shoulder.

Admitted to St. Joseph Mercy Hospital were Angeline Ruszala, 43, with lacerations of the chin and scalp and Gertrude Collins, 45, lacerations of the cheek and shock. Both are in fair condition this morning.

Troy Police reported that the driver of the car, Bernadine Sawinski, 31, lost control of her car due to snow on the road and struck a sign. She was treated and released for lacerations of the chin and forehead.

Also injured in the accident were Paul Henrichs, 37, and Bernice Berbari, 26. Both were treated and released from the hospital.

Says Seaway Traffic to Be Slow at First

MONROE (AP)—The president of TransWorld Shipping Service, Inc., says opening of the St. Lawrence Seaway will not bring an immediate great flood of traffic on the Great Lakes.

He is Robert Cary, a retired rear admiral of Toledo, and he told a luncheon group yesterday that the Welland Canal can handle only one-way traffic and would serve as a brake on shipping.

"Canada has agreed to enlarge the locks as soon as traffic demands," Cary said, "but that will take time."

He added:

"Some people think that as soon as the seaway is completed navigation restrictions will be needed on the Lakes to keep boats from bumping into each other.

"Actually, 50 to 60 million tons of shipping is the maximum for one season right off."

Jewelers to Discontinue Late Hours on Mondays

Managers of 11 Pontiac jewelry stores decided this week to discontinue late store hours on Monday evenings.

Jack Prady, manager of Mark Jewelry Company, said the stores have agreed to continue Friday evening hours, and remain open until 9 p.m.

He said the agreement has been reached by the following stores, in addition to Mark's:

Connolly's Jewelers, Enggass Jewelry Company, Lou-Mor Jewelers Inc., Lynn Jewelers, Park Jewelers Inc., Fred N. Pauli Company Jewelers, Redmond's Jewelry Store, Sallan Jewelry Company, and Shaws Jewelers.

A voting machine was set up at Haile Selassie's Silver Jubilee Fair in Addis Ababa, Ethiopia, to enable visitors to select their favorite exhibit.

Widow in Early Family Is Dead

Service for Mrs. Quarton to Be Monday Afternoon at Bell Chapel

BIRMINGHAM—Mrs. Mary Florence Quarton, widow of Albert E. Quarton whose family lived in one of the original homes on Quarton road, died today in Beaumont Hospital after a prolonged illness.

She had been living at 430 Lincoln road, Grosse Pointe, but formerly lived in the old homestead on Quarton road, in Ann Arbor, Pontiac, and Oxford. She was born in 1875 in Keeswater, Ont., and attended Galt Collegiate University in Galt, Ont.

She was a member of First Methodist church here. Her husband, a farmer, died in July, 1950.

Burial will be in Greenwood, old cemetery where many of the Quarton family have been buried. Service will be at 1 p.m. Monday, at Bell Chapel of the William R. Hamilton Co.

Surviving are two sons, Dr. Albert E. Quarton Jr., of Birmingham, and Col. Reginald R. of Falls Church, Va.; a daughter, Mrs. Thornton E. Waterfall, of Grosse Pointe; eight grandchildren; five sisters and four brothers.

Council Warns Israeli on Rows

U.N. Resolution States Nations May Punish if Arab Attacks Continue

UNITED NATIONS, N. Y. (AP)—Israel was under stern notice today that the U. N. Security Council may use its powers of punishment against her if the Israelis continue attacks across their Arab neighbors' frontiers.

The warning came in a Western-sponsored resolution the 11-nation council adopted unanimously yesterday.

The resolution condemned the Israeli attack Dec. 11 on Syrian outposts northeast of the Sea of Galilee as a "flagrant violation" of the Palestine armistice and Israel's U. N. Charter obligations. It said if Israel ignored its obligations in the future, the council will have to consider "further measures under the charter."

The charter empowers the council to punish an aggressor with a diplomatic boycott, economic blockade or even military action, and to call for expulsion from the U. N. of any country that consistently violates the charter.

Washington will soon be faced with a delicate decision stemming from Israel's request late last year for arms to strengthen its own defenses against Egypt's increased arms.

Active consideration of this request was suspended here after Israeli forces conducted a raid on Syrian territory and Syria appealed to the United Nations Security Council.

Consumers to Build Plant Near Bay City

BAY CITY (AP)—Purchase of 1,000 acres of Saginaw Bay shore property eight miles east of Bay City as the site of a future electric generating plant is announced by Consumers Power Co.

The announcement ended more than a year of speculation and rumors over "mysterious" real estate transactions in the area.

* * *

Dan E. Karn, Consumers president, said "Eastern Michigan's growing use of electricity if it continues at the present rate will necessitate our building a new plant at the Quanicassee site within the next few years. The construction date is still a matter for future determination."

* * *

The announcement followed Karn's statement that Consumers had purchased a similar tract of land for the same purpose on Lake Michigan at the mouth of the Big Pigeon River.

The Day in Birmingham

New Building Inspector Former Lathrup Official

BIRMINGHAM — Andrew F. Butt, Lathrup Village building inspector for the past year and a half, has been employed for Birmingham's city building inspector, according to the city manager.

Butt will take the place of Thomas C. Brien, who on Jan. 30 will go into the engineering department, with the classification of senior civil engineer.

Butt has been supervising the water department and working in juvenile law enforcement work as well as building inspection in Lathrup.

A 1950 graduate of Michigan State University, he served three years in World War II as pharmacist's mate first-class in the navy. He spent a year inspecting buildings for an adjustment company, and as a sales representative for Murray Corp. of Detroit and the John Bean Co. of Lansing before going to Lathrup.

He and his wife live at 32555 Bingham road, where they plan to remain for some time after he assumes the new post.

* * *

The Library's story hour Saturday morning will feature two European fairy tales, "The Fruits of Hell" and "The Little Rooster and the Turkish Sultan."

* * *

Snow caused few accidents in the Birmingham area yesterday and early today. Four were reported in Birmingham, one in Bloomfield Hills, and three in Bloomfield Township.

* * *

Town Hall, which at its last program had over 1,000 at both Thursday and Friday film-talks, will continue Jan. 26 with Richard Gump as speaker, according to Mrs. Edward E. Codner.

* * *

New officers of Newcomers, elected yesterday at the Community House, are Mrs. Harold Bickner, president; Mrs. Walter Riley, vice president; Mrs. John F. Green, secretary, and Mrs. Donald Kogge, treasurer.

Present for the birthday celebration were six past presidents, Mrs. A. B. DeWolfe, Mrs. Dalton Lamb, Mrs. Carl Metz, Mrs. Grace Harold, Mrs. Bruce Emmert and Mrs. Allen T. Otis, and 186 members.

* * *

Mrs. Edith Wesley Botsford

Service for Mrs. Edith Wesley Botsford, 26081 Carol, Franklin Village, will be at 10 a.m. tomorrow at Manley Bailey Funeral Home, with burial in Franklin cemetery. Mrs. Botsford died suddenly Thursday at William Beaumont Hospital of a cerebral hemorrhage.

Born in Detroit in 1890, she and her husband Clarence E., married in 1915 and lived in this area for 30 years. Besides her husband she leaves two daughters, Mrs. John L. Scolaro, of Franklin Village, and Mrs. Harlee Miller of Mountain Lake, N. J., a son, John E. of Ferndale; three sisters, Mrs. Helen Bartley of Detroit, Mrs. Alice Boughton of Walnut Lake and Mrs. Herbert Hansen of Westwood Village, Calif., and two brothers, Harold of Texas and Robert of Plymouth.

Pontiac Deaths

Peter Gilligan

Peter Gilligan, 60, of 461 First St. died at 10:45 last night in Pontiac General Hospital. He had been ill 13 months.

Born in Hungary Feb. 8, 1895, he was the son of John and Eva Gilligan. He was married in Toledo, Ohio to the former Terezia Campion.

Mr. Gilligan came here from Detroit and had been a resident of Pontiac 30 years.

He was a member of St. George Greek Orthodox Church and for 28 years had been an employe of Pontiac Motor Division.

Besides his wife, he is survived by two children, Stephen G. Toth and Dimitrie Toth, both of Pontiac and four grandchildren. A brother, Paul Gilson, is living in Coral Gables, Fla.

Arrangements will be announced later by the Voorhees-Siple Funeral Home.

Herman J. Olson

Herman J. Olson, 49, died yesterday morning at his home, 1135 Myrtle Ave. He had been in ill health several years.

He was born in Wexford County July 21, 1908, the son of Joseph and Sophia Berquist Olson. On May 9, 1929, he was married to the former Dorothy Johnson in Cadillac.

Mr. Olson had been a Pontiac resident 18 years. He was a member of the Christian & Missionary Alliance Church and the Moose Lodge of Pontiac. He was last employed as an automobile machinist.

He leaves his wife; a daughter, Mrs. Carl Smith and one grandchild of Pontiac; a brother, Carl of Cadillac; five sisters, Mrs. Rubin Norman of Manton, Mrs. Clarence Way of Charlevoix, Mrs. Earl Barber of Cadillac, Mrs. James Fields and Mrs. Alfred Lupion, both of Detroit.

Service will be held at 2 p.m. Saturday in the Donelson-Johns Funeral Home with his pastor, the Rev. C. J. Bersche, officiating. Burial will follow in Oakland Hills Cemetery.

Harriman Hits GOP for Seeking Complacent Peace

SAN FRANCISCO (AP) — Gov. Averell Harriman of New York, in a sharp attack on President Eisenhower, said today it was "a dangerous thing for our leaders to gloss over the truth and encourage complacency" about peaceful relations with Russia.

"We should not be taken in" by Moscow, he said in a prepared speech at a luncheon meeting of the Commonwealth Club.

* * *

"We all have a responsibility," Harriman declared, "to demand a realistic appraisal of the situation and measures for dealing with it."

Harriman said that Secretary of State Dulles' "recent statement that he and the President have three times led us to the brink of war" showed "why our friends and allies have been concerned that we were becoming militaristic and reckless and why they have been drawing away from us."

INACTIVE CANDIDATE

Harriman is a self-declared "inactive" candidate for the Democratic presidential nomination. His appearances in California are regarded as moves in furtherance of his candidacy.

* * *

He said the free world was "psychologically disarmed" by administration statements on the results of the Geneva conference last year.

"I was in favor of holding the summit conference," he recalled, "and I think we should be willing to negotiate with the Russians at any time and at any level. But I certainly think we should be careful not to be taken in."

* * *

"No agreement was reached at Geneva on any of the issues at stake," he said. "Yet during a single momentous week, the impression was conveyed to the people of this country and to the world that the cold war was over and that a new era of peace was at hand.

BLAMESS ATTITUDE

"How did this happen? It happened because of the attitude of the President of the United States toward the Kremlin leaders.

"In fact, Mr. Eisenhower specifically credited the Russians with a desire for peace no less earnest than that of the West. More, upon his return home, he spoke, even though with some reservations, about 'the spark ignited at Geneva' and 'the most shining opportunity' that lay ahead."

The Russians went to Geneva "openly saying what they sought was a 'relaxation of tensions,'" Harriman went on. "Well, tensions did relax—all over the world—but so did efforts to build strength against the Communist threat, which is what the Russians were after. The so - called 'spirit of Geneva' reigned."

The Red Chinese "have been bombarding Quemoy and Matsu," Harriman said. "An article in a national magazine asserts that Mr. Dulles does not doubt that the president a year ago would have regarded an attack on these islands as an attack on Formosa, which we are pledged to defend. Mr. Dulles says he took us to the brink of war at that time. Are we then again on the brink of war?"

Dulles said in Washington Tuesday that the Life magazine article "tends to emphasize over-simplification and special emphasis." He stood by his statement that "of course we were brought to the verge of war." But he said the word "brought" should be emphasized to indicate that the United States was forced to the verge of conflict by outside action.

In New York City yesterday, Harriman told reporters:

"I don't think it was proper for the secretary of state to encourage that type of article, which was written for his self-aggrandizement and was boastful. I was shocked by it."

What Does He Do?—'Pray'

Semi-Disabled Dad of 5 Sees 3 Homes Leveled

DENVER (AP)—You're a truck driver by profession, married and the father of five children—three girls and two boys.

* * *

Fires have burned you out of your home three times in a 17-month period, and not one was covered by insurance.

You've spent 31 months of the past five years in hospitals. You've had 13 operations—the most recent, ironically, on Friday, Jan. 13. Your left foot is paralyzed: a nerve was pinched in one of three auto accidents in which you've been battered.

You have no job. You walk painfully, and with crutches. Money is running low. What do you do?

"You pray," says George C. Thomas. He knows. All this happened to him. And the ordeal still is not over.

Thomas' first hint of what was to come was in 1950, when he awakened in the night, ill, and called his wife. He was bleeding from stomach ulcers. After recovering from emergency surgery, in the following years he has:

Again had a ruptured ulcer, slipped six discs in his spine when a stairway collapsed, had a bone graft operation to repair the spine damage, suffered severe burns on his left arm when he ignited fuel-soaked papers in an incinerator, dislocated his neck twice in auto accidents, broken a bone in his knee in a fall and, in still a third auto mishap, suffered a fractured hip, two fractures of the knee, broken ribs and a splintered shin bone.

* * *

Thomas, a Navy veteran, complains only of the pinched nerve in his left foot.

The doctors say it will be three or four months at the earliest before he can return to work.

Mexico is continuing improvements in the railway facilities serving the port of Mazatlan.

Humans' Time: 269,000 Years

Electronic 'Author' Writes Dictionary in Two Hours

NEW YORK (INS)—An electronic "author" has written in two hours a dictionary of new words which would take a human 269,000 years to write.

* * *

The output of the unknown "writer," an electronic brain, is destined to become a part of the American language although only three copies were printed by the "publishers," the International Business Machine Corp.

The giant brain, which rents for up to $40,000 a month, gobbled up 212 trillion different possible word combinations to produce a 42,000 word dictionary of potential names for drug trademarks.

The 198-page volume was written for Charles Pfizer & Co., Inc., of Brooklyn, one of the nation's largest pharmaceutical and chemical manufacturers, whose researchers have been having trouble finding new names for their products.

FED OUTLINE

IBM's "electronic date processing machine" was fed an outline of the problem on a magnetic tape: Combine 30 groups of word endings like "il," "in," "ite," "ide," and "ane" with various combinations of one and two syllable words. Then, come up with easy to spell, remember and translate into medical sounding words.

Quick as a flash the brain, known as IBM 702, reported it could turn out 425,000 volumes. Flabbergasted, the Pfizer officials huddled with IBM technicians for over a month to decide what to do.

Finally, they began throwing out letters like Q, J, X, and Z. Double and triple consonant words were dropped. And, to get a reasonable amount of machine-made words, they eliminated 20 of the 30 group endings originally selected.

The machine, whose tubes hardly got warmed up in creating the 198 page book, began the dictionary with abechamycin and less than two hours later printed out the last one—ywuvite.

Some day, the company expects such words like platuphyl, cilohacyn and starycide to take their place next to such well-known drug trade marks as terramycin, aureomycin aspirin, penicillin and sulfathiazole.

Human editing was found to be necessary before the machine ran off the final, approved copy.

The brain, innocently enough, had dreamed up some words that can't be used in refined company.

Dislike Taking Baths? Here's Place for You

MOSCOW (AP)—You can have a bath once a month if you live in Barnaul in the Altai territory near the Outer Mongolian border. There aren't enough public bath houses to go round.

That, says the official Soviet government newspaper Izvestia, is typical of the poor state of public services in scattered parts of the Soviet Union.

8 Die in Truck Wreck

LIMA, Peru (AP)—The newspaper El Comercio of Cuzco reported today eight persons were killed when a truck in which 17 persons were riding overturned into a canyon.

Robin Roberts had 23 wins for the Phillies in 1955.

Bob Considine Says:

Palm Springs Dims Troubles of the World

PALM SPRINGS, Calif. (INS)—The jet too high to see or hear dug a long, thin and creamy furrow in the immense blue field of heaven. The faultless furrow divided the cloudless dome of the sky exactly in half.

The fighter passed out of view behind snow-topped Mt. San Jacinto, and from 15 miles away it was as if the plane had planted a mammoth plume in the exact center of the peak or returned a huge quill to an enormous inkpot.

* * *

Pardon the gush, but this is quite a spot.

You sit in the dazzling sunlight at the pool of the El Mirador, listening to the carillon in its pink tower, sounding off sweetly with "Oh, Believe Me if All Those Endearing Young Charms" — the selections are those of a couple of blokes named Ryan and Fitzgerald who own the place—and you look across the blooming orange trees and the desert to white-topped mountains.

The stunning vista moves you to saying something noble, like "Gosh!"

* * *

The world and its troubles seem remote at a place like this, especially during the enormous conflagration of a desert sunset. There was a special one the other day, just as V. J. Skutt of Omaha, Ted Hall and Bill Worthing of Los Angeles, and I finished 18 holes at the Thunderbird course.

Big, aggressive-sounding events in the news suddenly seemed in the silence of the sunset as little more than grains of sand in the desert that pressed in from all sides.

TRAILER GLAMOR

Bing Crosby, an easy-going man of limitless business endeavors, is an owner of a trailer camp next to the Thunderbird golf course.

* * *

Trailer camps never seemed an especially entrancing form of institution to this casual observer. But Bing's magic name, sure-footedness on the sliding slopes of finance, and Midas touch, have turned this particular camp into a great success.

Suddenly, it is smart for Hollywood people to own a trailer, drive down to Bing's place for a weekend, and live it up with other people who have learned, suddenly, that it is smart to own a trailer, drive down to Bing's place for a weekend, and live it up.

Most of the trailers are mobile, air-conditioned apartments.

* * *

Corinne Griffith, the former "Orchid of the Screen" who became the "Orchid of the screen pass," when she married football baron George Preston Marshall, is spending a little time here at Charlie Farrell's Racquet Club, a well-known author's retreat.

The best seller at the club's book store is Corinne's newest, "Eggs I Have Known," published recently by Farrar, Straus and Cudahy.

FABULOUS BOOK

It is a fabulous book of recipes and reminiscences. Mrs. Griffith earned $10,000 a week at the end of the silent pictures era and owned a 99½-foot yacht, but naturally does a lot better today.

* * *

She apparently paid rapt attention to what a renowned group of people like to eat. The book stands up like a durable souffle. There would be millions more happy men in America if the wives and cooks of the land latched onto Corinne's book.

The former film star, who now owns large and profitable slabs of Beverly Hills Real estate, and is still a strikingly beautiful woman, will deal with antiques in her next book.

* * *

She would like to dedicate it to her husband, but fears that might be indelicate. She has this to say about George, however:

"George and I have one great thing in common—we love him."

There was a partly finished and unsent telegram in the desk of my hotel room dated Dec. 27. It would have cheered the holidays of one John Philbin of Benedict Canyon, Beverly Hills, Calif., if sent.

It is unsigned, but if John's days still need cheering his admirer wrote, "Dear John, I am having a ownderful time, but miss your jokes."

So do I, suddenly.

Only about eight per cent of all printing firms employ more than fifty people and less than one per cent of all printing plants in the United States employ more than 500 printers.

Congregation Chooses Men, Women Officers

The congregation of the Kirk in the Hills elected the following officers for the coming year at the recent annual meeting: Elders, J. J. Cruikshank, E. S. Hoglund, C. L. McCuen, F. J. Robotti, W. E. Saylor, R. L. Tweedale, C. J. Seyffer and Dr. Kenneth A. Wood.

Chosen for the office of trustee were Wilbur E. Awrey, George Goodwin, Read Jenkins, Roger M. Kyes, Gordon H. Robertson.

Accepting the office of deaconess were Mrs. William Cooper, Mrs. Fred G. Jeymes, Mrs. Herbert W. Mason, Mrs. Lloyd C. Sherwood and Mrs. Henry Van Vurst.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

FRIDAY, JANUARY 20, 1956

Drug Addiction Spread in Nation Frightening

A preliminary report by a Senate subcommittee which investigated spread of narcotics addiction, should arouse every right thinking citizen.

The subcommittee, under the chairmanship of Sen. PRICE DANIEL of Texas, found that there are at least 60,000 addicts in the United States. Most of these, the report shows, are concentrated in 42 cities. These cities account for nearly half of all our crime.

★ ★ ★

Far more alarming are two other statements in the report. One is that addiction has increased steadily since the end of World War I. The other shows that school children and other adolescents account for a startling proportion of new users.

It seems clear that there is a direct relationship between increased use of drugs and increased incidence of crime since the war. Some addicts spend as much as $100 a day and are driven to crime to satisfy their habit.

★ ★ ★

Still another disturbing facet of this life destroying evil is the lack of progress toward international narcotics control. So far only the United States and 14 other nations have ratified the U. N. protocol aimed at attacking the evil at its source — the narcotics producing countries.

Nations which have been most reluctant to ratify are Turkey, Iran and Mexico. The subcommittee says that these with Red China and Lebanon are the chief sources of supply for our dope smugglers and racketeers.

★ ★ ★

Understandably aroused, the subcommittee has proposed some sane remedial measures. Among other things it asks speedier trials and increased penalties, wider powers for Federal narcotics agents and compulsory registration of all addicts. Congress should act quickly to step up the war on this terrible scourge.

Slowup on Hoover Bills

From the Citizens Committee for the HOOVER Report has come news indicating that progress has been slow in implementing recommendations for Executive Branch reorganization.

So far 241 bills dealing with these proposals have been introduced by members of both parties, 109 in the Senate and 132 in the House. During the first session of the 84th Congress public laws were enacted to carry out 14 minor improvements in whole or in part. This marked the beginning of the implementation of those recommendations which require legislation.

★ ★ ★

In all, the second HOOVER Commission suggested 314 administrative reforms. On these 142 will require legislative action and another 143 can be carried out by executive order of the President or agency heads. In addition the Committee says there are 52 which will require legislation and for which no bills have been introduced.

★ ★ ★

The situation is described by one of our Washington correspondents as "slow motion." He also pointed out that Congress dealt a severe blow to the recommendations for reduction of the 2,500 Government activities competing with private business. Fortunately, however, this may be corrected in part later on.

These proposals are designed to save $5.5 billion in operating expenses. It is hoped, therefore, that Congress soon will get on with the job of adopting them.

Air Travel Up in 1955

One of the significant developments of 1955 was the continued upward climb of passenger traffic on domestic and overseas airlines.

According to the Civil Aeronautics Administration, domestic traffic showed an increase of 22 per cent over 1954. At the same time our foreign air travel increased 12 per cent.

★ ★ ★

Altogether last year United States scheduled airlines carried almost 42,000,000 passengers. This is an increase of 19 per cent for domestic and foreign air travel.

Unfortunately, fatalities increased on both domestic and international flights. Deaths rose from .09 to .75 per 100,000,000 passenger miles in the United States and from zero to .04 on overseas lines.

★ ★ ★

Nonetheless, the CAA looks ahead confidently to much improved safety records. Its opinion is based on the rapid adoption by air lines of many new electronic safety devices. Much also is expected from the improvement of air traffic control.

"THERE is no law, moral or otherwise, that justifies a man in lying to a woman," says a preacher. Oh, no? What about Nature's No. 1 law—that of self-preservation?

The Man About Town

Now Near the Top

Local Boy Scout Council Among Region 7's Leaders

Women's clothes: To make them look slimmer—and men to look 'round.

An advance peek at an article soon to appear in

The Oakomb Scouter,

official publication of the Clinton Valley Council of the Boy Scouts, reveals the fact that the Pontiac area is among the nation's leaders in the progress of Scouting. In it

Les C. Churchill,

President of Clinton Valley Council, which comprises most of the area of Oakland and Macomb Counties, shows that the local council gained almost 25 per cent in membership during 1955. This gain was the sixth greatest in 83 councils in Region 7 which comprises the states of Illinois, Indiana, Wisconsin and Michigan.

At the end of the year Clinton Valley Council had 7,300 boys registered, including Cubs, Scouts and Explorers, and had 2,100 registered Scouters. The 10,000 mark should be reached this year. A big boost toward that goal will be the local participation in a nationwide Scouting week, commencing Feb. 6.

The fox population of Oakland County is on the gain, in spite of efforts to eliminate the predators. Conservation Officer

Harold Stoll

is organizing a united hunt for Jan. 29. All who wish to take part are asked to meet at the Oakland County Sportsmen's Club that morning at 9:30 o'clock. It is proposed to go from there to the Holly area where the animal is quite numerous.

Butterflies also hatch out in Oakland County in January. When

Mrs. Lois Perlberg

of Walled Lake saw in Wednesday's Press the picture of a Milwaukee resident in whose kitchen a butterfly came from a winter cocoon, she phoned that for several years she has been gathering cocoons in the autumn, and has live butterflies all winter.

A letter from an old Pontiac resident,

Albert Winthrop,

now living in Los Angeles, says that city's papers are publishing the Florida temperatures in black face type.

Mess Call

David Lawrence Says:

Dulles' Warning of Nuclear Arms Use Against Aggressors Seconded by Eden

WASHINGTON — Big news is breaking on all fronts.

First, it has been made clear by President Eisenhower that, if he feels up to it physically and can serve the country, he will in due time announce his candidacy for a second term. This means, if he is re-elected, that a continuity of America's present leadership in world affairs is assured.

Second, Prime Minister Anthony Eden of Great Britain, in a public speech, has seconded the warning of Secretary of State Dulles that no aggressive-minded nation must have any doubts that nuclear weapons will be used in retaliation if an attack comes.

Third, official information comes from the Atomic Energy Commission that the so-called "fallout" from testing atomic and hydrogen bombs does not have harmful effects at points beyond the immediate area where the testing is done and that there is no indication whatsoever of any harmful effects, now or to posterity, from any of the tests.

For several days the unthinking partisans here in the capital have been trying to give the impression that America's allies have been "frightened" by the comments attributed to secretary Dulles in a magazine article and that an episode of earth-shaking proportions had occurred to alienate our allies.

EDEN STRESSES WARNING

But the British prime minister, in a speech just made, says even more forthrightly than Dulles that the aggressors must not misunderstand the allied position and assume that nuclear weapons will not be used. Eden declares:

"If there is less fear of world conflict today, this is due to the deterrent of nuclear weapons. Remove the deterrent, or take risks in pretending that it is not there, and the world outlook would be terrifying indeed.

"The justification of both the atomic and hydrogen bombs is that they are deterrents, so awful that no country will risk their use against itself. It is, therefore, true that the danger of world war should decrease unless an aggressive-minded nation gets it into its head that the bomb will not be used against it, whatever it does."

Now, fortunately, the official facts are coming out after the completion of "project sunshine" by the Atomic Energy Commission. Dr. Willard F. Libby, a member of the commission and noted scientist, in an address prepared for delivery at Northwestern University this week says:

NO GENETIC HAZARD

"On the basis of the information so obtained, it is possible to say unequivocally that nuclear weapons tests as carried out at the present time do not constitute a health hazard to the human population—insofar as radiostrontium is concerned and it is believed with good reason that radiostrontium is likely to be the most important of the radioactivities produced. It is well to note that since radiostrontium is assimilated in the bones it constitutes essentially no genetic hazard, because its radiations do not reach the reproductive organs."

Dr. Libby says that, while the main part of the radioactivity from high yield weapons is dissipated in the stratosphere, "the small but very significant part which falls out within a few hundred miles of the site of the explosion for weapons fired on the surface constitutes a very real hazard."

But he adds that all weapons tests "are conducted with great attention to this and the other dangers" and that the local precautions taken "should be entirely adequate and the world-wide health hazards from the present rate of testing are insignificant."

Thus one of the biggest propaganda offensives of the Communists—to ban these tests—has been squelched by official information based on exhaustive investigation. For the Communists, knowing America is far ahead of them, want the nuclear tests abandoned and a moratorium declared while they catch up. This happened before under the Truman regime when certain American scientists discouraged continuous experimentation on the hydrogen bomb—but it will not happen again.

Smiles

About the only thing men can't get on time these days is that evening meal after the wife has been out to play cards.

THOUGHTS FOR TODAY

The Lord said moreover unto me: Son of man, wilt thou judge Aholah and Aholibah? yea, declare unto them their abominations.—Ezekiel 23:36.

* * *

When we love, it is the heart that judges. — Joubert.

Osteopaths Not Given Enough Credit, Brady Says

By WILLIAM BRADY, M. D.

A woman writes:

"I was shocked when I read your article about sacro-iliac."

In the article I said:

To the best of my knowledge there's nothing a licensed M. D. can do or should do (for sacro-iliac strain) that a licensed D. O. (Doctor of Osteopathy) can't do or shouldn't do.

The lady continues:

"For seven years I was a patient of Dr. —. When I first went there I was in bitter pain. My mother asked him if I could have another osteopathic treatment while the brace was being made, because the treatments did relieve the pain. The good doctor who never says anything critical, said 'No, osteopathic treatment loosens the muscles that must be strengthened to hold the sacro-iliac in place. Even one more treatment will retard recovery.'

"He is still alive and practicing. Check with him on this point before you send people to osteopaths."

Now, Madam, much as I respect and admire the physician you name, when I feel it is my duty to tell what I believe to be the truth, I don't "check" with anybody.

I have cited here Dr. Joel Goldthwait who published in JAMA his classical description of sacro-iliac strain and its treatment.

For some reason other doctors who purport to speak with authority on the subject have seemed to begrudge Goldthwait the credit his great contribution merits.

For example, in a chapter on the subject in Cyclopedia of Medicine, Surgery and the Specialties (1943) by two gentlemen of Chicago, there's no mention of the name of Goldthwait — which is like describing trans-atlantic flying without mentioning Lindberg.

The gentlemen do quote themselves (1929) as authors of this backhanded crack at osteopathy:

". . . We are doing our patients grave injustice, neglecting our duties as physicians and are allowing those who are little better prepared to practice medicine than mechanics, to make cures where we have failed, not because they are acquainted with pathology but because." !!

The gentlemen then describe various manipulations used in the treatment of sacro-iliac strain — manipulations which, for my sacro-iliac I'd prefer a good osteopathic physician.

Signed letters, not more than one page of 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to the Pontiac Press, Pontiac, Michigan.

Voice of the People

James B. McLean Wants Explanation for Obeservers

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

I believe many persons feel the same way I do about standing watch in this area for the Ground Observer Corps.

I may be entirely wrong, but I cannot imagine what good it would do to discover an enemy plane flying over our area. Wouldn't it be much too late to do anything about it by that time?

I should like to have some Corps official explain his ideas on this.

James B. McLean
2387 Recreation.

'Not Everyone Condemns Teens for Few Rowdies'

When Little Old Lady wrote her first letter, I was in sympathy with her, but after reading her second tirade against teenagers, I've decided she's just a crotchety old woman with nothing better to do than sit around complaining.

Certainly no one approves of teenage misconduct and it gripes everyone just as much as it does Little Old Lady. But thank goodness not everyone condemns the whole younger generation because of a few rowdies. And it's lucky everyone doesn't judge older people by persons such as Little Old Lady.

A group of fine teenagers took the time to answer in a very civil and straight forward manner. Yet Little Old Lady practically calls them liars and accuses them of misconduct, too. ("It is difficult to see the mote in one's own eye.")

As for the three per cent they refer to, whether you care to admit it or not, it is based on accurate statistics and cannot be disputed merely on the basis of what "it seems like."

Little Old Lady's true nature is shown in the last paragraph of her letter. She says that "none of us are so perfect we can criticize others." Yet her entire letter was nothing but one big criticism of teenagers she knows nothing about. She has seen a few examples of misconduct and criticizes all others for it.

It's people like Little Old Lady who make it hard for teenagers. It's a lot harder to be good when people are expecting you to be bad all the time. Why not start looking for a little goodness in teenagers, instead of being like the blind man who felt the tail of an elephant and insisted the animal was like a snake?

An Adult Who Likes Most Teenagers

Editor's note: A recent letter criticized high school students in a learn-to-drive car. We have since learned that report had no substantial basis and should be disregarded.

STORMS, TRAFFIC kill 139 in U.S. over weekend.

Red-Inspired Arms Race Chokes World Economy

By MERRYLE S. RUKEYSER
INS Economic Commentator

The disposition of the Eisenhower administration to increase expenditures in the coming fiscal year for national defense and foreign aid re-emphasizes the degree to which our national budget is subject to the influence of the Kremlin.

* * *

The destruction of the "spirit of Geneva" in the recent crusading of Comrades Bulganin and Khruschev has had a distinct bearing on the size of coming U.S. appropriations.

It would be constructive if people everywhere would undertake to measure the cost of militant communism behind the Iron Curtain in fresh terms of double entry bookkeeping.

Militant communism is the immediate cause of the tremendous global diversion of the talents and resources of men into non-productive armament channels. (Until the power of the Bolsheviks ebbs, it would, of course, be unsafe for free nations to drop their guard.)

* * *

The cost behind the Iron Curtain is extremely high. It led to the demotion of Malenkov as head of state. He was purportedly trying to lift average family living standards. But he was ousted by the group that wanted to put the emphasis on heavy industries, which are the foundation of military supplies.

* * *

The Soviet regimen calls for poorer apparel, housing, comfort goods, and food than would be available if "peace on earth" prevailed and the armament race were abated.

DISTORTED BUDGETS

By the same token, the NATO and SEATO free nations have their national budgets distorted by the current emphasis on armament projects not directly related to the living standards of the people.

A little global bookkeeping would clarify the facts, and deprive the commissars of the propaganda value of their own loose talk and inaccurate use of intellectual labels.

Marie Antoinette said, "Let them eat cake." The Marxians, denying ordinary people of the fruits of science, invention and contemporary technology, are, in effect, cynically saying: "Let them eat ideological theories."

While the United States with its advanced national economy can best take the current troubles in its stride and provide the domestic population with "guns and butter," we too are paying a price in budgetary dislocation, with the resultant potential inflation, and the perpetuation of tax equities.

BREAK RED HOLD

If ordinary folk everywhere were continuously reminded of the record of political blue sky, bad judgment and incompetency of the Marxians, their strange hold on the emotions of the uninformed would be undermined.

Real peace, as signalized by the rise of democratic self-government behind the Iron Curtain, would unleash forces of hitherto unattained magnitude in the direction of global prosperity.

Case Records of a Psychologist

Don't Think Costly Clothes Win Men; Most Won't Even Remember Color

Girls, get hep to male psychology. Boys don't get palpitation of the heart over costly gowns and fur coats! A girl in a $15 dress who has good taste and charm, can run circles around the most expensively gowned heiress. Men usually can't describe what you wear, anyway.

By DR. GEORGE W. CRANE

Case Q-353: Daniel and David, aged 20 and 19 respectively, were at home this week, so I let them proofread yesterday's Case Record about Annette.

"That's certainly true," David announced, after he had read my typewritten copy aloud to Daniel and Mrs. Crane.

"What you said about a girl's not needing wealth and expensive clothes is also correct," Daniel added.

"Yeah," David broke in. "One of the best dressed girls at college makes her own clothes and they aren't costly.

* * *

"But she knows how to pick them to fit her personality. She is really the snappiest dresser on the campus.

"It isn't the price tag on a girl's costume that counts as much as the good taste she has shown in selecting her clothes."

MONEY WORSHIPERS

Girls, never make the mistake of thinking expensive clothes win men. That is not true, at least in most cases.

Oh, there are some European counts who come to America to land a wealthy heiress, and such gigolos naturally are looking for American checkbooks to bail them out of bankruptcy.

But the typical American male is impressed by your personality; not the price tag of your ensemble.

Indeed, the average American young man knows very little about fabrics and often can't remember even the color of your dress when he gets home and his mother quizzes him about it.

If boys thus ignore even its color, you girls should certainly realize that they can't judge its cost.

So quit being so envious of wealthy girls who wear mink coats and imported Parisian frocks.

Men don't kiss your coat or latest fashion creation!

And they don't get palpitation of the heart over them either, or

they'd simply stand in front of show windows and get their thrills without the added expense of a dinner and theater engagement.

* * *

"Dr. Crane, I come from a poor home," many a girl has protested to me, "so how can I attract cultured, college boy friends?"

Actually, a girl in a $15 frock who selects her apparel artistically, will run circles around the millionairess.

Indeed, if you girls can't win boy friends in $15 frocks, then there is always the suspicion that you are getting "squaw men" for husbands instead of self-reliant American males.

$$$ DON'T MAKE HEARTTHROBS

"In general, I'd much rather date a girl of modest financial background or even a poor girl," one of my sons commented when we were discussing this point.

"For a lot of rich girls lack personality. They seem to think they can get by on papa's pocketbook."

And that is often true, for the poor girl must learn how to get along harmoniously with people. She must make up in vivacity and charm for her failure to belong to the country club set.

In the long run, she far exceeds the colorless heiress who tries to coast throughout life on her father's checkbook.

Dollars don't create true love. Instead, they usually generate greed, which is the very opposite of true love.

Many shallow girls, however, envy the costly gowns and fur coats of the wealthy women of their city, for these shallow females are motivated by greed.

* * *

They want to capture a rich husband, too, so he can further indulge their selfish desires. They love themselves, but not their husbands, for true love is unselfish.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 25c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Reuther Owes an 'Explanation'

Solon Claims Rejection of Ford Stock for Union Needs Clarifying

WASHINGTON (AP)—Walter Reuther, president of the United Auto Workers, "owes an explanation" to union members and the public on his reasons for rejecting Ford Motor Co.'s offer to sell stock to its workers, Rep. Curtis (R-Mo) contends.

Curtis, noting that Ford stock now is on the market, told the House Wednesday that company workers last May were offered "one of the most amazing bargains in history." This, he said, was the opportunity to buy Ford stock at half the market price when it was offered to the public.

He said the offer, "just as revolutionary as Henry Ford's dynamic wage scale set in the early decades of the 20th century," was "turned down by CIO President Walter Reuther as an inadequate 'wheel of fortune.'"

In Detroit, a UAW spokesman said the offer was turned down "because under the terms of the offer only a tiny minority of Ford workers would have been able to take advantage of it."

AND RIBBONS AIN'T HAY! — This prize heifer moos loud and long to let everyone know that winning two blue ribbons isn't enough to keep her happy. She's hungry, and it's long past chow time at the Pennsylvania Farm Show in Harrisburg.

CAA Probes Near-Hit of 2 Airline Planes

CLEVELAND (AP)—Reports of a near collision between two airliners over Cleveland Hopkins Airport were under investigation today by airline and Civil Aeronautics Administration officials.

* * *

Said to be involved last night were a United Air Lines DC8 coming in from New York and bound for Los Angeles and a Capital Airlines Viscount bound here from Washington.

The DC8, carrying 54 passengers was piloted by Capt. A. R. Kidder of Chicago. Capt. C. S. Babylon was pilot of the Viscount, which had 18 passengers.

* * *

A CAA spokesman who declined to be quoted by name said both planes were waiting to land when the pilot of one of the planes apparently thought he was too close to the other and made a sudden drop to avoid a collision. In so doing his plane came close to the other plane, it was reported. Both planes later landed safely.

Michigan Driver Killed in Indiana Road Wreck

LAFAYETTE, Ind. (AP)—A Michigan man was killed and his wife critically injured in a head-on, car truck collision 10 miles northeast of Lafayette on snow-covered Indiana highway 25 yesterday.

Grover C. Anderson, 69, of Allegan was killed. His wife, Clare, was brought to a Lafayette hospital, as were Norma Stone, 21, and Raymond Stone, 1, also of Allegan and passengers in Anderson's car.

Senator Bares Trip Expenses

Green of Rhode Island Makes Rare Move in Opening His Books

WASHINGTON (AP) — Sen. Green (D-RI) did something rare, if not unprecedented in Congress yesterday. He made public his expense account for a Sept. 15-Nov. 5 trip to the Far East, South Asia and the Middle East.

* * *

The cost: $489.07 in U. S. dollars plus $1,132.86 in counterpart funds for him and Pat M. Holt, a staff member of the Senate Foreign Relations Committee. This is exclusive of commercial airline tickets.

The 38-year-old Green itemized such things as $5.30 for passport and visa photographs; $1 passport fee; $16 cab fares; $6.30 for postage, telephone and telegraph; $4.38 for maps, books and papers.

The two men started out from Seattle, Sept. 16 and visited such places as Tokyo, Taipei, Hongkong, Vietnam, Cambodia, Thailand, Burma, Pakistan, India, Egypt and Israel.

The "counterpart funds" spent by Green and Holt are native currencies accrued to U. S. accounts because of dollar aid to various of the countries visited.

Green's trip was a study mission as a member of the foreign relations committee.

Detroit to Continue 'Speed Watch' Use

DETROIT (AP) — Detroit Police officials says they will continue use of a "speed watch" timing divice to catch speeding motorists.

Department officials announced the decision after a conference with Traffic Judge John D. Watts, who in turn said future speeding tickets issued on the basis of speed watch calculations would be held valid in Traffic Court.

Police Commissioner Edward S. Piggins called the electronic device a progressive step in traffic enforcement and said "we will continue to use it as long as it is accurate and the rights of citizens are fully protected."

The conference was the outcome of a controversy over the accuracy of the watch. Judge Watts last Friday dismissed a contested case concerning the speed watch when testimony showed it was inaccurate.

Some 3,400 motorists have speed watch tickets pending against them.

Egypt is planning to introduce "a uniform national dress," Cairo reports.

Benton Harbor Man Gets Bang Out of Life

BENTON HARBOR (AP) — Boyd Crumley, 27, gets pretty much of a bang out of life. He makes a business of blowing himself up in a box with two sticks of dynamite.

A carnival performer who makes his home here, Crumley draws about $600 a week for a twice-daily show. He cuddles up with the dynamite in a thin wood box while wearing a crash helmet, ear plugs and goggles.

The act backfired on him 18 months ago and he went to the hospital with a concussion. He tried it again here for the first time since the accident at a special demonstration for some friends, preparatory to 10 months of bookings in Canada.

Crumley bought the secret from another performer, who, he said lost an arm, a leg and both ear drums.

Yugoslavia has a new stamp set picturing medical plants, Belgrade reports.

School Building Deadlock Ends

Debate on Federal Aid to Education Expected to Rock House Floor

WASHINGTON (AP)—The House Rules Committee's deadlock over the school construction bill was reported broken today, and the big debate on federal aid to schools is expected to hit the House floor next week.

"And it will be a hot one," said Rep. McConnell of Pennsylvania, senior Republican on the House Education Committee.

McConnell said "there's no question" about the bill coming out of the Rules Committee next Tuesday or Wednesday, though he said floor debate may not begin until the following week.

Other sources said the bill was coming out and debate would start Wednesday.

Pending formal action by the Rules Committee next week, there was no indication how much time would be allowed for debate or what attempts, if any, might be made to restrict amendments.

Debate is expected to center largely on an expected proposal to bar federal funds to areas which segregate white and Negro pupils. There had been some speculation that the Rules Committee, which includes several veteran Southern House members, might block House action.

Leukemia Victim Lives, Awaits Real Birthday

WICHITA, Kan. (AP)—Four months ago a birthday party was held for 10-year-old Doyel E. Scribner, a leukemia victim, because he wasn't expected to live until his real birthday Feb. 2. Yesterday he was released from the hospital and expects to return to school Monday. Doctors say only time will tell whether recovery is permanent. An attending physician said, "I believe prayer and faith had a great deal to do with it."

H-Bomb Firings Can Start Cancer Plague

EVANSTON, Ill. (INS) — The Atomic Energy Commission reports on the basis of a worldwide study that H-bombs exploded in the hundreds or thousands could saturate the earth with dangerous, cancer-causing radioactivity.

• • •

But the AEC said that with proper precautions for several hundred miles around the proving area, the evidence shows that "the health hazards from the present rate of testing nuclear weapons is insignificant."

Results of the study, conducted under the nansb "Project sunshine," were given by AEC member Willard F. Libby in a technical speech prepared for delivery at Northwestern University.

Paving the way for large-scale nuclear tests that the government has announced will be conducted in the Pacific this spring, Libby singled out the bone-seeking radioactivity known as "radiostrontium" as the most likely to cause world health hazard.

ONLY 5 PER CENT

The "Radiostrontium" constitutes only about five per cent of the total radioctivity, he explained, but it persists for 40 or 50 years and will cause cancer in sufficient concentrations.

Libby said that:

1. 1,000 H-bombs equal to a total of 11,000 megatons of TNT would "yield a radiostrontium content in humans just equal to the maximum permissible concentrations for atomic workers."

2. If ten times this number were exploded a "statistically observable incidence of resulting bone tumor" might be expected to appear.

3. If 30 times the original number were exploded, "the likelihood of untoward effects would be appreciable." Libby said "the chance for bone tumors occurring increases rapidly" at levels above 110,000 megatons.

IN EXCESS OF TOTAL

Libby pointed out that the lowest of his figures is in excess of the total for all nuclear weapons detonated so far.

He declared: "On the basis of the information obtained, it is possible to say unequivocally that nuclear weapons tests as carried out at the present time do not constitute a health hazard to the human population.

"This is insofar as radiostrontium is concerned, but it is believed with good reason that radiostrontium is likely to be the most important of the radioactivities."

Libby mentioned hereditary effects only to imply that the radiostrontium danger is greater and to note that radiostrontium, because of its chemical affinity for bone structure, does not affect the genes of heredity.

He said that radiostrontium in soil tested abroad was only about one-third of that in the United States, presumably because the foreign areas were farther than the Pacific testing grounds.

Measurements in humans, he said showed that they were carrying radiostrontium concentrations of about 1/100th of the maximum permitted.

Libby revealed that about half of an H-bomb's radioactivity is lifted so high into the stratosphere that it is above wind and weather and takes about ten years to return to earth.

• • •

He said measurements taken even in the Antarctic show that this portion of the radioactivity falls to earth at a regular rate of about ten per cent per year.

Historic West Coast Fort Given to Highest Bidder

SEATTLE (AP)—The auctioneer's hammer has wiped from military history an historic fort which never fired an angry shot and couldn't be saved by a letter to the president.

And with it went a throttled Voice of America station once destined to carry democracy's word to the Orient.

Both went to private bidders.

Sold to Reuel W. Little of Madill, Okla., for $106,000 was 122-acre Ft. Worden. Its long-since-removed big guns were designed to guard the Seattle-Tacoma-Puget Sound naval shipyard area from an enemy who never came.

PROVIDES INCOME

Its garrisons provided the little town of Port Townsend with much of its annual income. Closed in 1953 in an economy move, the scenic military post attracted national attention when a housewife and resident of the hard-hit town, Mrs. Carl Hoffman, wrote President Eisenhower asking if something couldn't be done to save it or put it to use.

• • •

The President replied. Government officials visited the post. There was some talk of use. Then, no more talk.

Almost four years ago the government took over a big chunk of land at Sequim, about 20 miles west of the fort, for a projected seven-million-dollar Voice of America transmission site.

• • •

A rising voice of protest in Congress halted the work. Critics said the transmission site was wrong. Finally, after an estimated million dollars had been spent in buying the land and in preliminary work, the station was abandoned.

Most of the successful bidders, who paid a total of $114,900 for the property, were the former owners.

Polish Wolves Abound

LONDON—Wolves now are so numerous in Poland that the bounty has been raised from 200 to 1,000 zlotys—from about $47 to $240. Wolves are reported to be entering villages at night and causing havoc. An added danger is that no one but soldiers may carry weapons.

Eva Peron Foundation Turned Into Classrooms

BUENOS AIRES (AP)—The building which housed Eva Peron's social aid foundation is to be used for college classrooms.

Education Minister Arturo Dell'-Oro Maini announced the former Eva Peron Foundation headquarters in downtown Buenos Aires will be turned over to the science and architecture schools of Argentine's university system. He said present facilities for those schools are crowded.

Eva Peron, wife of Dictator Juan Peron, created the foundation to help the needy. This in turn had political advantages for her and her husband. Forced contributions fed the foundation. Eva Peron died July 26, 1952. Juan Peron was overthrown last September. The revolutionary government has taken over the foundation.

So, Put in Meters

OTTAWA, Ill. (AP) — Water "pirates" are operating hereabouts. A survey by a Citizens Advisory Committee disclosed 127 homes without water meters, over 90 of which never have been registered on water bill books.

Smoothest thing in the whole ride world

If you think most of today's new cars ride pretty well—you're right. They do.

But we think the 1956 Buick ride has them all beat. And we'll tell you why.

In the whole wide world, no other car combines the wealth of features that bring you Buick's solid and level buoyancy of ride.

Some of these great features you may know about—like the coil springing at all *four* wheels to soften and gentle your going—

And the rigid, full-length *torque-tube* drive that puts solid checkrein on rear-end sway and slew—

And the massive *X-braced* frame with the solidity of steel girders for weave-proof firmness.

But Buick engineers *added* to these basics to bring you an even greater Buick ride for 1956.

They designed a whole new chassis of extra brawn and heft and solidity.

They devised big new direct-action shock absorbers that snub out jars and jolts with *triple* the oil volume of former ones.

They came up with new center-groove brakes—put a sharp new precision response into the steering—gifted this beauty with a new cornering stability and a phenomenal "sense of direction."

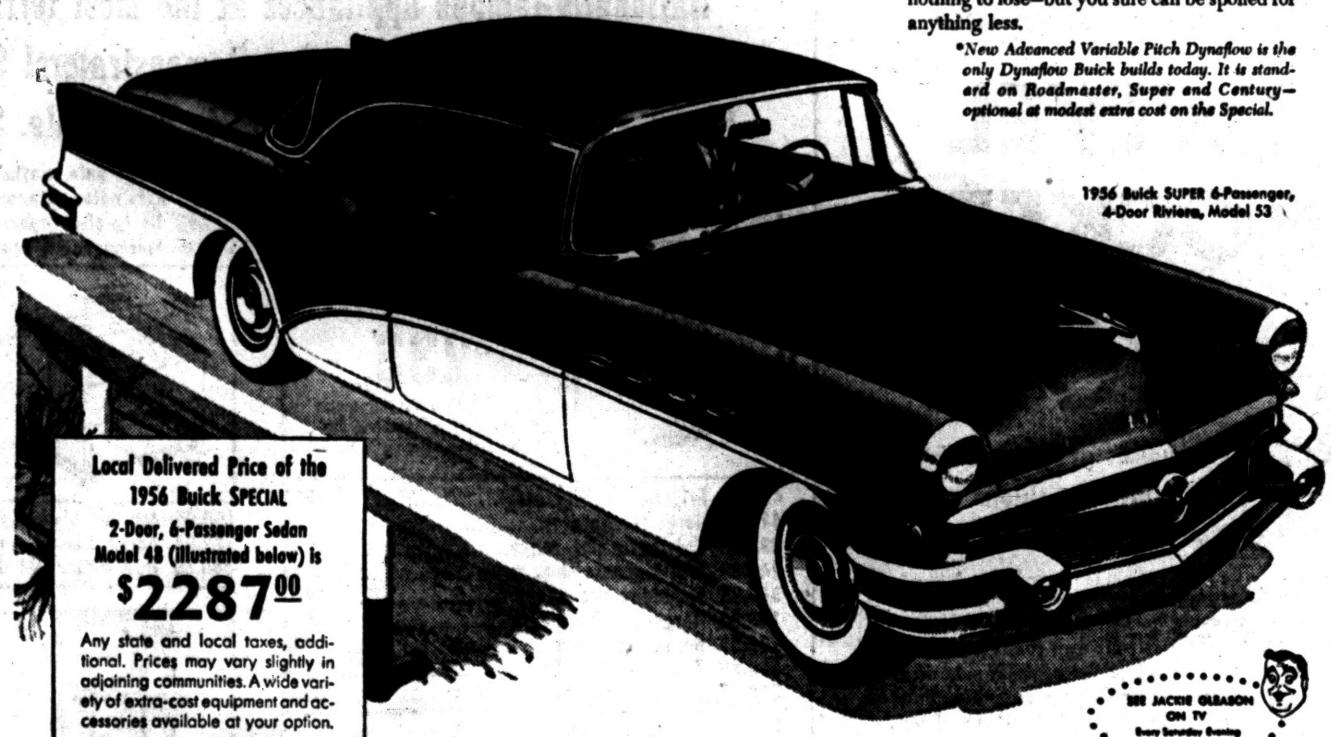

They worked out a new power train, too, for this ride.

Now, transmitting the purring might of big new 322-cubic-inch V8 engines, lofted to new highs in power and compression, there's the smoothness of an advanced new Variable-Pitch Dynaflow* that silks your whole ride like no other transmission yet developed.

What it all adds up to is the sweetest, the smoothest, the steadiest, the *greatest* ride yet. And the proof is waiting for you at the wheel of a '56 Buick—right now.

Come in this week and take your seat. You have nothing to lose—but you sure can be spoiled for anything less.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

1956 Buick SUPER 6-Passenger, 4-Door Riviera, Model 53

Local Delivered Price of the 1956 Buick SPECIAL 2-Door, 6-Passenger Sedan Model 48 (illustrated below) is $2287.00

Truman Says President Once Refused to See Him

WASHINGTON (AP)—The Washington Star says former President Truman has confirmed that he was once turned down when he tried to call on President Eisenhower.

The story by columnist Betty Beale says the affair will come out in the second volume of Truman's memoirs.

* * *

Truman is quoted as giving this account by telephone from Independence, Mo.:

"It was in the fall of 1953 at the time of the American Royal Livestock meeting. President Eisenhower was in Kansas City for three or four days. He was stopping at the Muehlebach Hotel in the same suite I used to stay in.

TOO BUSY

"I called him up and said I would like to call on him and pay my respects. That was what I ought to do because he was in my town. His secretary said he was too busy to see me."

The story says Truman commented:

"That's something I never did to Mr. Hoover."

Truman, a Democrat succeeded by Republican Eisenhower in the presidency, was referring to former President Herbert Hoover, a Republican.

Asked about what Eisenhower was doing in Kansas City, Truman is quoted as saying the President was "there to dedicate a bull on a post."

He gave assurance he had been heard correctly, the account goes on, and explained:

"The Hereford Assn. put up a tower with a bull on top."

* * *

Truman also got in a direct political lick, saying he has no candidate in the coming election, will support the Democratic nominee whoever he is, and doesn't know who that will be.

"But a bad Democrat is better than the best Republican," he said.

UM Professor to Visit

ANN ARBOR (AP)—Dr. Frederick A. Coller, professor of surgery and chairman of the University of Michigan Department of Surgery, will be visiting professor at the University of Washington Jan. 20-27. He will deliver the Strauss lecture on "The Relation of Science to Surgery."

Diapers Stolen

CANTON, Ohio (AP) — Now they're stealing diapers from babies. Somebody took 40 diapers from the doorstep of a house where they had been left by a driver for a diaper service.

SALK WORKING FOR BETTER VACCINE — Dr. Jonas Salk, discoverer of the anti-paralytic polio vaccine bearing his name, is conducting a study program in the search of an even better vaccine. He is shown in Pittsburgh as he inoculates Deborah Jacobson, 6, as nurse Mary May assists. Children in 13 Pittsburgh schools are receiving shots with Dr. Salk supervising personally.

Middle East Tension Acute, Says Radford

WASHINGTON (AP)—Adm. Arthur Radford, back from a worldwide inspection trip, has stated he thinks tension is a "little more acute" in the Middle East than in the Far East at this time.

* * *

But the chairman of the Joint Chiefs of Staff also told newsmen the picture could change "quickly."

He was asked what he believed is the most critical danger point in the world. He first replied that he couldn't pick a particular point because there are tensions all around the world, then made his comment about the Middle East.

* * *

Radford was asked about the statement by Gen. Matthew B. Ridgway, retired Army chief of staff, that he was put under pressure to fit his views on Army needs to a "politico-Military 'party line'" based on budget considerations.

Radford said he believes anybody who wants to write a "critical" article has the right to do so.

Radford said he had not read the article himself, but it was reviewed in his office prior to publication and he recommended it be published.

Missing Tombstones Found at Frat Party

DENVER (AP)—The mystery of the missing tombstones was solved yesterday. They were needed for a party. Explaining their theft of two tombstones from a local firm, four Denver University students told police the 100-pound items were needed as appropriate decorations for Kappa Sigma fraternity's annual Morticians Ball. The students were lectured and released.

A new ordinance will control "haphazard" construction in New Delhi, India.

OKs $35 Million in Relief Bills

Senate Banking Group Passes Measures for Flood, Disaster Funds

WASHINGTON (AP)—The Senate Banking Committee has approved bills providing 35 million dollars more for flood and other disaster relief loans, and additional loan aid for disaster stricken home owners.

* * *

The bills now go to the Senate for consideration.

One of the measures, intended as a substitute for a House-passed bill, would merge the Small Business Administration disaster loan and business loan operations, and provide the extra 35 millions. It would boost the total lending authority for the combined operation to 210 million dollars.

It would fix a maximum interest rate of three per cent on SBA's disaster home loans, direct disaster business loans, and SBA's share of disaster business loans made in participation with private lenders.

The other measure would authorize the Federal Housing Administration to make repair loans to owners of flood-stricken new residential properties, without regard to the general requirement that the house must be at least six months old before it can get an FHA repair loan.

2 Teenagers Admit Slugging of Teacher

CHICAGO (AP)—Two 17-year-old youths have admitted, police said, slugging a teacher unconscious when he sought to eject them from a near North Side grade school.

Winford G. Mines, a former pupil at the school, and Obie Randall were held without charge for further questioning.

Detective John Coughlin said the boys admitted beating Anthony Grott, 32, when he tried to eject the boys because they were bothering girl pupils.

Prisoners' Pay Boost Sought by Police Chief

SAN ANTONIO, Tex. (AP)—Inflation may enable prisoners in the city jail to get a boost in "salary." Police Chief George Bichsel yesterday endorsed a recommendation that the $3 a day credit allowed prisoners serving out fines be increased to $5 a day. The $3 allowance has been in effect 50 years. Bichsel remarked, "Everything else has gone up, why shouldn't this?"

A Window Pain

LA MESA, Calif. (AP) — A homeowner got a low bid from an unemployed glazier to replace a picture window. Paid him the money and told him to buy the glass and install it. The owner came home to find the glazier gone and the window installed. There was one glaring error—the glass came a foot short of reaching the window.

New Hall, Lots Top City's '55 Program

The completion of the new City Hall and two off-street municipal parking lots highlighted the 1955 public improvement program undertaken by the city's engineering department.

An estimated $2,135,447 was spent during the year to carry out the projects, which compared to $2,421,739 expended during the previous year.

Acute shortages of cement and steel, plus a shortage of personnel in the department prevented completion of many jobs during the year, according to City Engineer Lewis M. Wrenn.

The completion of the new hall including landscaping, construction of the parking lot, sidewalks and installation of street lighting, amounted to $316,997 of the total cost of $1,257,706 to date.

Repairing city sidewalks cost $15,949 during 1955. In other improvements, the city paid a share of $12,050 of a total expenditure of $42,000 for work on grading and draining of 80 acres at the city airport.

Tearing down the old city hall cost $6,655 while the completion of the two lots accounted for $12,950. The relocation of the Market Building to make way for one of the lots, cost $37,100.

Twelve miles of sewers were installed by the department, while more than eight miles of sidewalks were laid during the past year.

Concrete paving and bituminous recapping on eight city streets and one alley including the four major streets of Paddock, E. Wilson, East Blvd. and Mt. Clemens cost the city $336,120.

Wrenn said only the work on East Blvd. was completed during the year.

Eleven miles of asphaltic concrete paving over a gravel base was accomplished after eight miles of curb, gutter and drainage projects were finished in the city.

Says Automation OK, Under Watchful Eye

DETROIT (AP)—Gov. G. Mennen Williams says the impact of industrial automation is "bound to be good" if labor, management and the public all keep a watchful eye on it.

The governor got a close-up view of many of the latest so-called "miracle" machines yesterday in a personal tour of Plymouth Motors' new V-8 engine plant in Detroit.

As he walked through the huge plant, he stopped to ask machine operators about their jobs and the output compared with a few years ago. He jotted down figures showing that many workers, with new machines, were turning out several times as many engine parts as they were a few years ago.

This increased productivity, he said, means a higher standard of living. He also noted that the machinery also has virtually eliminated heavy lifting, and that is good for the workers, he said.

William Ford Named as JBC Outstanding Man

DETROIT (AP)—The Junior Board of Commerce last night named William Clay Ford Detroit's outstanding young man of 1955.

Ford is the third member of his family to be so honored in the last decade. Henry II was the 1946 winner and Benson was the 1951 winner.

Chest X-Ray Interest Booming With Public

LANSING (AP)—Public interest in chest X rays is booming the State Health Department reported today.

It said 315,153 chests were X-rayed in 1955, about 20 times more than when the state's mobile X-ray program started 15 years ago.

In the 1954-55 fiscal year, the department said, the X-ray program turned up 10,685 cases of chest abnormality, including 3,292 cases of suspected tuberculosis, 5,163 cases of suspected heart disease and 408 possible lung cancers.

Mexico's Tourism Director now fines hotels that don't honor tourists' reservations.

Tiny High-Frequency Transistor Invented

NEW YORK (AP) — A new high-frequency transistor, with many potential applications in weapons, television, radar and telephone, has been announced by the Bell Telephone Laboratories.

Transistors are the tiny wafers of rare germanium or silicon, encased in plastic, which can do most of the things a bulky vacuum tube does not—and do them better.

Bell said the new device, called a diffusion transistor, could amplify 2,500 telephone conversations at once on a telephone line.

OK Sick Check on Presidents

Solons Agree With Ike That Congress Decide on Fitness of Executives

WASHINGTON (AP)—Several senators agreed with President Eisenhower today that Congress should look into the question of who is to decide whether a President is unable to perform his duties.

Sen. Mundt (R-SD) said the Constitution and the laws contain a gap which "might sometime rise up to cause confusion and uncertainty," and he added:

"The best time to act is when we do not have that kind of situation before us, and I favor Congress working out some kind of satisfactory solution."

* * *

Sen. Watkins (R-Utah) said in a separate interview he considers it "desirable to see if we can't find a satisfactory solution," and Sen. Eastland (D-Miss) agreed "it's a question that ought to be studied."

At his news conference yesterday, Eisenhower was asked if he had given any thought to the Constitution's silence on the question of who should declare a President unable to perform his duties.

CAREFUL STUDY ASKED

He said the subject should be carefully studied by Congress and the attorney general, adding it would be good for the country to work out the matter so that doubts would be resolved.

Legislation to this end has been introduced in the Senate and the House, but no hearings have been held.

Sen. Payne (R-Maine) has offered a bill under which a President if he felt physically unable to discharge his duties properly, would notify Congress.

The vice president then would assume the presidency's powers and duties — but not the title—until the President notified Congress he was able to assume them again.

* * *

If a President were unconscious or paralyzed and therefore unable to notify Congress of his disability, Payne's bill provides that the vice president shall advise the chief justice.

Then the chief justice would be required to appoint a panel of three to five doctors, each of whom would examine the President and submit a report. If they all concluded the President was unable to perform his duties, the chief justice would notify Congress and the vice president would take over.

In the House Rep. Frelinghuysen (R-NJ) has proposed a constitutional amendment setting up procedures for the vice president to take over the President's duties.

Sanitation Foundation Offers Regional Study

DETROIT (AP)—The National Sanitation Foundation has offered to finance and conduct a six-county survey of water, sewer and drainage problems of the metropolitan Detroit area.

The foundation made the offer to the inter-county supervisors committee. The committee is made up of top officials of Wayne, Oakland, Macomb, St. Clair, Washtenaw and Monroe counties.

The survey would cost an estimated $100,000.

Pontiac Press Photo

A USO TREAT — Members of Battery D of the 516th AAA Missile Battalion at Auburn Heights got away from the routine of army life last night as they were entertained by a one-hour show sponsored by the Greater Pontiac USO Committee, whose chairman, Irving Steinman of 116 Chippewa, is shown with Battery Commander Capt. Harold E. Strong of Pontiac. Two members of the Federation of Womens Clubs, Mrs. Harry Ackerman of 1021 Voorheis, (left) and Mrs. Herman Dickstein of 240 Chippewa, sample the refreshments which the federation prepares.

Guy Nunn, UAW Face Half-Million Law Suit

DETROIT (AP) — A half million dollar libel suit was filed in circuit court yesterday against the United Auto Workers Union and its radio-television commentator, Guy Nunn.

The suit was filed by Carl Renda. A bill of complaint was not filed immediately but Joseph Louisell, Renda's attorney, said it would allege that Nunn called Renda uncomplimentary names in a broadcast last Monday night.

* * *

Nunn's comments came while he was discussing a federal court suit brought by stockholders of the Briggs Manufacturing Co. Renda formerly held a scrap metal contract with Briggs.

Renda is a son-in-law of Santo (Sam) Perrone. He also has sued the UAW for 4½ million dollars in connection with his arrest on a conspiracy charge in the still unsolved shooting in 1948 of UAW President Walter P. Reuther. The Reuther charge against Renda later was dropped.

GM of Canada Strike Hits Record 124 Days

TORONTO (AP)—The strike of 17,000 General Motors of Canada workers today became the longest walkout in the history of the Canadian automobile industry.

The United Auto Workers' walkout for higher wages and other benefits went into its 124th day with no sign of a settlement soon. It has closed plants in Ottawa, Toronto, St. Catharines, London and Windsor.

The previous record auto strike was a 123-day stoppage against Chrysler of Canada in 1946.

French, Swiss Hunt $280,000 Gold Bars

GENEVA, Switzerland (AP) — Police searched through Switzerland and France today for daring thieves who made off with a truck carrying $280,000 worth of gold bars. The truck was found empty in a lane outside Geneva, a mile from the French border.

The bullion, owned by a private Swiss firm, was stolen last night after it had arrived by plane from Paris.

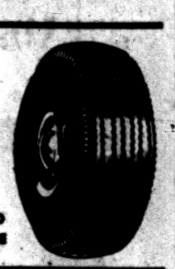

Authorities said the 551-pound shipment was loaded on a truck at the Geneva airport and the driver went to his company's headquarters. He left the truck for a few minutes and when he returned it had disappeared.

No guards had been provided for the consignment since it was regarded as a routine shipment in this international gold center.

Irish Catholics Receive IRA Ban

Hierarchy Outlaws All Illegal Groups Bearing Unauthorized Arms

DUBLIN (INS) — The Catholic hierarchy of Ireland has solemnly warned that it is a "mortal sin" for Catholics to hold membership in such outlawed private organizations as the Irish Republican Army.

In a pastoral letter to be read from all pulpits on Jan. 29, the archbishops and bishops said that "no private citizen group or organization of citizens has the right to bear arms or use them against another state, its soldiers or its citizens . . . of all wars, a civil war between the people of one nation causes the greatest injury and is most to be avoided."

The prelates added:

"We declare it is a mortal sin for a Catholic to become or remain a member of an organization or society which arrogates to itself the right to bear arms and use them against its own or another state . . . We want young men to be on guard against any such organization or society and not to be induced by false notions of patriotism to become members of it."

The IRA was not specifically mentioned in the pastoral letter but it was obvious that the hierarchy was condemning the recent series of IRA armed raids into Northern Ireland and the armed attacks on military posts in England in 1955.

The IRA which was outlawed after the 26 southern counties won their independence from Britain, has insisted it has the right to use force to unite the six counties of Northern Ireland with the Irish Republic.

10 Youths Miss Death

CADIZ, Ohio (AP)—A demonstration of the world's largest power shovel ended abruptly yesterday when its bucket, holding 90 tons of dirt, suddenly dropped to earth, narrowly missing ten youngsters. The shovel, being taken to a Hanna Coal Co. strip mine near here, had lifted its load 30 feet in the air when a gear slipped and the bucket fell.

3-Inch Pin Removed From Chest of Boy, 12

KALAMAZOO (AP)—Twelve-year-old Barry Hutchinson of Plainwell was recovering at a Kalamazoo hospital today from an operation in which surgeons removed a 3-inch corsage pin he swallowed.

Young Hutchinson accidentally swallowed the pin while rubbing the ballpoint head against his teeth. It was removed through chest surgery.

Barry was sitting on a davenport with his father, Jack, and his sister, Carol Sue, when the accident happened.

Diamond Mine Tycoon Dies in England at 85

GERARD'S CROSS, England (AP)—Louis Oppenheimer, member of the wealthy South African diamond mining family, died last night after a long illness. He was 85.

Oppenheimer, his brother Ernest and three other brothers established a far-flung diamond-mining empire in South Africa shortly after the turn of the century. The Complex, with an estimated 2½ billion dollars in assets, operates in diamonds, gold, coal, uranium and other enterprises throughout the African continent.

Southern States Fight Race Rule

Alabama, Mississippi, Virginia, Georgia Pass Segregation Laws

By THE ASSOCIATED PRESS

On a long - embattled front, Southern legislators strengthened their picket lines today in their fight to maintain segregation.

* * *

The loudest Rebel cry from Virginia to Mississippi came in a defiant resolution from Alabama. The Legislature there declared yesterday that Alabama is not bound by the racial rulings of the U. S. Supreme Court, and it pressed hard upon other Southern states to subscribe to the doctrine of interposition.

The Alabama Senate approved the resolution in a resounding vote by voice. In the House, only four members dissented when the measure passed Tuesday.

TO BAN FEDERAL PROBES

In Mississippi, the House Judiciary Committee approved a bill which would create a new anti-integration weapon for use against federal officials. The purpose of the bill is to keep federal officials from interfering with the rights of Mississippians as guaranteed by their constitution—particularly by investigating their voting habits.

The Virginia Senate continued its combative disapproval of the Supreme Court's authority on school segregation.

In Georgia, the first organized legislative opposition to Gov. Marvin Griffin's segregation bills was voiced yesterday when eight House members signed a declaration of policy which lashed at proposals to close any public school forced to integrate and authorizing a system of private schools. The governor's bills won unanimous approval in the Senate earlier this week.

Moses Painting Given to Ike Worth $2,300

NEW YORK (AP)—That Grandma Moses painting given President Eisenhower by his Cabinet ought to be worth at least $2,300.

The painting, depicting Eisenhower's farm at Gettysburg, Pa., was given the President this week to mark the third anniversary of his inauguration. He was highly pleased.

As to the painting's value, Grandma Moses' representative here, Otto Kallir, head of the St. Etienne Gallery, declined to offer any figure.

He pointed out, however, that a similar landscape by the 95-year-old "primitive" artist recently sold for $2,300 at a public auction of another gallery here.

See Heah, Now! Yew Cahn't Be Spoofing Me?

LONDON (AP) — Ever had somebody try to mail a letter in your left ear?

* * *

Such things happened recently in the choking yellow London smog—an evil-smelling mixture of fog, sulphur fumes and smoke which blacks out the city for days on end in the winter.

Medical men are worried about its effect on health, but the average Londoner knows how to make the best of it. A new cult—the smog story—has found favor. And the more embarrassing the incident, the bigger the laugh.

SHARE THE STORY

The tabloid Daily Mirror invited readers to share their smog stories. These are some of the letters that flooded in. The paper didn't vouch for their truth:

There was the coalman from Harrow who asked a local man to show him where the coal bunkers were. Next morning he found he'd carefully emptied a sackful into four separate telephone booths.

* * *

Truck driver Jim Hagerty reported a colleague halted his big truck and climbed down — into water up to his knees. Terrified that he might have driven into a river, he stayed shivering in the cab all night—until the fog lifted and he found the truck parked beside a horse trough.

OOPS—WRONG GAL

There was the man from Kent who wrote: "My wife stopped in the fog to look at a fur coat in the window. After a while I joined her, gave her an affectionate pat where she sits and asked, 'What would you give me for that, my pet?'"

"A slap on the face with the answer, with a shout of, 'This, you old wolf.' It was a woman I'd never seen before."

* * *

Mrs. Dallywater of West Wickham was the unfortunate who said she was mistaken for a post box in the fog, and Miss "S. J." confessed she walked out of a party one night, hailed a waitng taxi and was driven home—only to find she had stepped into a police squad car.

Wrote E. R. L. of Ilford:

"I asked my wife to wait on the corner while I fetched an evening paper. When I came back, I said to her, 'Come on, dear, the best place on a night like this is in bed.'

"Unfortunately, it wasn't my wife."

Against Pay Hike

PASCOAG, R. I. (AP)—Volunteer firefighters in Northern Rhode Island are against a proposal to raise the pay of volunteers at forest fires from 65 cents to $1.50 an hour. They expressed fears at a meeting last night that some firemen would turn fire fighting into a "racket."

Members of Zonta Entertain Bosses at Luncheon

Speaker for the Bosses' Day luncheon held by the Zonta Club of Pontiac Thursday was Elmer C. Rosenberg of Birmingham. He was photographed at Elks Temple, where the luncheon program was held, with Mrs. Fotis Takis, president of the Zonta Club.

Pontiac Press Photos

Bosses' Day was observed Thursday by members of the Zonta Club of Pontiac. All members of the club brought their bosses or borrowed someone's boss for the gathering held at Elks Temple. Among members and bosses attending were Mr. and Mrs. Harold J. Owen (left couple) of Lakewood drive and Sheriff Frank Irons and Mrs. Irons of Wayne street.

Bride-Elect Returning From West

Nancy Ann Jacobi to Be Married on February 18

BIRMINGHAM — Bride - elect Nancy Ann Jacobi is expected home by her parents, Mr. and Mrs. Edward A. Jacobi of Larchlea drive, about Feb. 1.

Nancy has been teaching in San Diego, Calif., and is timing her arrival with that of her fiance, Lt. Robert G. Littleson, who will have a leave about that time.

The couple will be married Feb. 18 in the First Presbyterian Church and a reception will be given at Birmingham Country Club.

Lt. Littleson's parents are Mr. and Mrs. Ray B. Littleson of Birmingham.

Nancy has asked Mrs. James Gardner to be her matron of honor, and bridesmaids will include JoAnn Wellman, Mrs. William Busch of Grand Rapids and Ann Bolton of Detroit. Howard Littleson will be his brother's best man.

Mrs. Harvey Bushnell will give the first party for Nancy Feb. 7. It will be a luncheon and linen shower in the Bushnell home. Mrs. Wallace Dodds will give a luncheon the following ing day.

* * *

Mrs. Paul D. Hammett will entertain a group of friends at cocktails and a buffet supper Sunday evening in her home on Brown street.

* * *

On Feb. 1, Mr. and Mrs. Wallace Dodds will be hosts at a cocktail party in their Willow lane home.

TO VISIT PARENTS

Mrs. Holt Ackerman of Webster Groves, Mo., will arrive next week for a visit with her parents, Mr. and Mrs. Percy K. Loud of Puritan road. Mrs. Loud has invited guests to a luncheon for her daughter Feb. 1.

* * *

Mr. and Mrs. Warren Pease are in Florida for a fortnight at their new home at Colonnades. They will go back in April for an extended stay there.

Jan. 27 and 28 are the dates of an invitational show the Village Players will give. The play selected is "Lo and Behold" and Mrs. Chester Hard is the director.

She is being assisted by Mrs. Charles E. Greiner Jr., with G. Thorndyke Dwelley heading the technical staff as stage manager.

Mr. and Mrs. Roy D. B. Maynahan left this week for their winter home in Fort Lauderdale, Fla., and Mrs. Charles D. McCall has also gone there for several months.

ALSO IN FLORIDA

Mr. and Mrs. T. W. F. Meyer are at their home in Delray Beach, Fla., for several weeks.

Mr. and Mrs. Morgan D. Douglas are spending this weekend skiing at Otsego Ski Club.

For Short Necks

If you have a short neck, avoid severely tailored revers, up-standing Chinese colors, and wide rolled collars. Bateau necks are good, so are plunging V's with narrow rolled shawl collar. The new-standaway suit and coat necklines are excellent. So are the neat little boy collars.

Photographed at the luncheon meeting held Thursday at Elks Temple were (left to right) Thomas Horwitz of James K boulevard, Mrs. Beecher Connell of Columbiaville and Mr. Connell. Mr. Horwitz and Mr. Connell were doubly honored as bosses and husbands.

Elmer Rosenberg Speaks to Group

Thursday was a very special day on the calendars of Zonta Club members. For guests of the business and professional women on that day were their bosses. To accommodate the twice-normal sized attendance, the weekly luncheon was moved to the Elks Temple.

* * *

Speaker for the occasion was Elmer C. Rosenberg, director of education and training at GMC Truck and Coach Division. His topic was especially appropriate for a gathering of bosses. He told how industry undertakes to develop management personnel.

Mrs. Fotis Takis, president of Zonta, presided at the luncheon and the speaker was introduced by Mrs. Ruth Walt.

The speaker stressed the complexity of modern industry, and said success depends upon the growth of individuals in responsibilities of management.

He said new talent in management usually must come from within an organization and that a management training program must include eight major principles.

* * *

These will include organizing of objectives and plans for their accomplishment; coordination of activities; selection of proper personnel, which means the right person for the right job.

PROPER DECISIONS

Important also, the speaker stressed, is the ability to make proper decisions to avert or minimize crises, coupled with well-defined authority and responsibility.

* * *

Training in policies of the employer also is important, and training of personnel for future additional responsibilities must not be neglected. This may include personal guidance, rotation of jobs and off-the-job study. Finally, a continued evaluation of performance must be maintained.

"No two members of management are alike," the speaker cautioned, "and no two operate under exactly the same conditions."

He said the needs of the customer, the worker and the shareholder must be considered in a program of continued development to move toward the goal of "making more and better things for more people."

* * *

During the meeting the Zonta Club gave special recognition to one of its members, Mrs. Florence L. Doty, who has just been selected as Outstanding Woman of the Year in Oakland County, for her many public services and accomplishments.

Harold E. Howlett (right) member of the Rotary Club of Pontiac, is presented with the traditional Hawaiian lei of friendship by Capt. Gill M. Richardson, USN. Mr. Howlett, one of 450 Rotarians from 46 states and 12 foreign countries entertained in recent months by the Honolulu club, met well-known businessmen of that city of a quarter million people at the weekly luncheon of Honolulu Rotary.

PTA Program Examines Prejudice

Parents, teachers and students were challenged to "look within," to examine their prejudices and to practice democracy Thursday night when they saw the film, "The High Wall."

* * *

The program, sponsored by the Pontiac Council of PTA, included a panel composed of Dr. James M. McHugh, psychiatrist at Pontiac State Hospital; Frederick C. Ziem, Oakland County prosecutor; the Rev. J. Allen Parker, pastor of Newman AME Church; Janet Carlisle, high school student, and Mrs. Ann Morrow, high school instructor.

* * *

Moderator of the panel was Dr. Morton J. Sobel, director of the Michigan Region, Anti-Defamation League of B'nai B'rith, which sponsored the film.

Prejudices growing out of differences in races, nationalities, religions, education and income were dealt with in the film.

* * *

Effects of these prejudices on children were pointed out, and it was evident that no two children in the same family will react in an identical way to situations.

CAUSES OF HATES

Parental prejudices and hates were caused by fears, frustrations and insecurity it was pointed out.

* * *

Dr. McHugh explained that a child is not born with prejudices—that parental attitudes are "catching." Love, approval and acceptance are the real needs of children, he said, and this does not mean just during infancy.

All of the panel members agreed that prejudice is a crippling thing, that it feeds on fear and insecurity.

The teacher's role in combatting prejudice was outlined by Mrs. Morrow, who believes that through understanding and patience, the youngsters can be taught tolerance in schools. It is important that the teacher be happy in her work, she pointed out.

* * *

Janet Carlisle, high school student, said she felt her fellow classmates could be taught to be more broad-minded, and she said that parents first must set the proper example.

The Rev. Mr. Parker pointed to racial prejudice in religion and said that religion when unbiased can furnish the blueprint on which a good, wholesome community can be built.

* * *

"We see the results of prejudice in the prosecutor's office," Mr. Ziem related. He upheld teenagers, saying that in Oakland County at least, the young people cannot be classified as delinquent. A whole group cannot be punished for the wrongs of a few, he said. Education, he believes, is the proper cure for prejudice.

* * *

In summary, Dr. Sobel said that people must not push off this problem on the minister, social worker, psychiatrist or the court. It is everyone's problem—it must be democracy practiced every day.

"As communities and decent Americans, we have to face the fact that every individual has the right to be recognized as an individual with rights." We cannot give lip service about democracy and not live it, Dr. Sobel said.

It is the parents who must first rid themselves of prejudices, the panel agreed, and as it was pointed out, children are not afraid when adults are not afraid, and secure children are never prejudiced.

* * *

Dr. Maurice Thome introduced the speakers.

Among General Motors executives and wives attending the Motorama now showing in New York are Mr. and Mrs. Ralph W. Moore, of Birmingham. Mr. Moore is director of field public relations for General Motors.

Civil Defense Movies Shown

Baldwin PTA Marks Fathers' Night

Fathers' Night was observed Thursday by the Baldwin School PTA. William Travis, father vice president, presided at the meeting.

Arthur Heaton, supervisor of the Ground Observers Corps, spoke. He stressed the need for more volunteers in the program.

Nicholas Chizewsky showed two movies on civil defense, "Evacuation of Civilians" and "The Sky Is Your Target," and explained the forming of the Ground Observer Corps, and the help ground observers give to the Air Force.

Reports were heard from fathers Sidney Buff and Frank Phelps. Mr. Buff reported on juvenile protection and the increase in Cub Scouting. Mr. Phelps reported on the PTA membership.

* * *

An invitation was extended the PTA to attend the Pontiac PTA Council's Founders' Day Dinner at Lincoln Junior High School Feb. 7. Chairmen of the dinner are Mrs. Steven Dodge, Mrs. Clarence Bulia, Mrs. Silas Solder and Mrs. Donald Williams.

A report was given on the Border City Conference to be held Feb. 18 at the Rackham Building, Detroit. The topic will be "Rearing Children of Goodwill."

* * *

Refreshments were served by George Gaches, Herbert Slaght and Mr. Burleigh. Vernell Kaul was chairman of hospitality.

23 Attend Meeting of Plymouth Group

Mrs. George Gaches entertained 23 members of the Plymouth Group of First Congregational Church in her home on Moreland avenue Wednesday evening.

Devotions were given by Mrs. Gerald Hunt. Excerpts from the history of the Women's Fellowship of the church were presented by Margaret Steward. Miss Steward also assisted the hostess with refreshments.

Coming Events

Emer L. Calkins WCTU will meet Tuesday with Mrs. Elcah Pattee, 41 Augusta Ave., for a schoolgirl luncheon. Mrs. Joseph Green, district president, will speak.

Mary Lyons Group Hears Book Review

"Beyond the Hungry Country" was the book reviewed by Mrs. Arthur W. Selden at the Wednesday evening meeting of the Mary Lyons Group of the First Congregational Church.

* * *

Mrs. Devere Games was hostess to the group in her home in Bloomfield terrace. Devotions were given by Mrs. Norman Cheal.

Mrs. Chester Olson invited the group to her home on Otsego drive for its Feb. 15 meeting.

Longfellow Forms Cub Scout Pack 25

At a ceremony in Longfellow School on Thursday evening 28 boys were inducted into the new Cub Scout Pack 25. At present there are four cub dens meeting.

* * *

Cloyd I. Houts is serving as PTA representative for the group and Harry C. Collier is the cubmaster, assisted by Clayton Montroy. The Bobcat pinning ceremony was conducted by Mr. Collier and Mr. Montroy and each boy was presented with his pin and membership card.

VETERAN APPROVED

County Women's Service Clubs Honor Mrs. Doty

Pontiac Press Photos

W. J. Blaskovich, master of ceremonies of the first annual joint dinner of the women's service clubs of Oakland County, was caught by the photographer while chatting with the speaker, Dr. Margaret Sterne (left), associate professor in the History Department of Wayne University, and Mrs. Louis J. Flint, committee chairman for the Thursday evening dinner held at Devon Gables.

Wayne Professor Speaks

Clubs Honor Mrs. Doty

Dr. Margaret Sterne, assistant professor in the History Department of Wayne University, addressed members and guests of the women's service clubs of Oakland County at their first annual joint dinner meeting Thursday evening in Devon Gables.

Two-hundred and twenty-eight women representing 14 clubs attended the affair at which special recognition was given Mrs. Florence Doty, selected Oakland County's Outstanding Woman of the Year.

Dr. Sterne told of her experiences in Europe where she spent a year on a Fulbright Scholarship. As a representative of the United States government, she addressed men's and women's groups there, telling how the do-it-yourself program in America is the result of more leisure time and of women's work and accomplishments in this country.

Having been born in Frankfurt am Main, Germany, the speaker found many changes in the country upon her return. Class distinction and prestige are still very evident and each person travels in his own class or he loses face with the Germans, the speaker stated.

Political refugees are cared for in the refugee camps and on the day of her visit to a camp, 150 children arrived from the Eastern Zone.

LEARN, EDUCATE

In speaking on "of cabbages and queens", Dr. Sterne charged women to use their leisure time to learn and educate. American women are queens of their households and in the hearts of their men, she remarked.

* * *

The Rev. Charles Jatho, rector of St. John Episcopal Church of Royal Oak, delivered the invocation.

W. J. Blaskovich, supervisor of sales promotion and training of Ford Motor Co., was master of ceremonies. Dinner music was provided by Royal Oak teachers.

Mrs. Fotis Takis introduced Mrs. Doty and presented her with tokens of appreciation from friends and organizations.

She also read a poem "A Laurel Wreath," written especially for the honored guest by Harry J. Merritt, corporation counsel of Oakland County and poet laureate of Zonta Club of Pontiac.

Book Review Heard by Club

Thirty-five members of the Sylvan Shores Women's Club met Wednesday evening at the home of Mrs. Ben Bowman on Woodbine drive.

Mrs. Donald A. Bradford, Mrs. Robert J. Evans, Mrs. Floyd A. Oswald and Mrs. Herbert H. Wendland served as cohostesses.

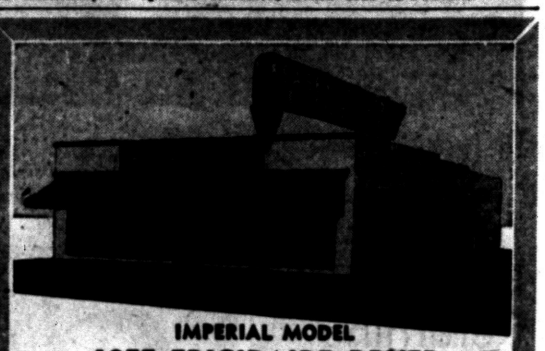

Mrs. Edward F. Collins presided at the meeting. Mrs. Claire Hinckley introduced Mary Gibbs, Washington Junior High School teacher.

Mrs. Gibbs gave a review of a book, "The Man in the Gray Flannel Suit" by Sloan Wilson.

The centerpiece of the refreshment table was a modernistic design filled with mixed fruit. The telephone committee will notify members of the next meeting.

Congratulatory messages from all over the United States were received by Mrs. Florence Doty upon her selection as the Outstanding Woman of the Year of Oakland County. At the Thursday evening dinner given in her honor by women's service clubs of Oakland County at Devon Gables, Mrs. Doty shows one of her telegrams to J. Katherine Shields, organizer and first president of Quota Club of Oakland County.

Harpist, Flutist to Appear With Pontiac Symphony

Pontiac Symphony-goers will be interested to learn of the two fine artists to be presented on the Jan. 25 program.

* * *

Edward Druzinsky, harpist, who has delighted his previous audiences in appearances with the Pontiac organization, will be featured with James Pellerite, flutist, on the program.

They will play "Concerto for Flute and Harp" by Mozart and "Sicilienne" from Faure's "Pelleas et Melisande," Suite No. 1.

Mr. Druzinsky, solo harpist of the Detroit Symphony, was previously solo harpist with the Pittsburgh Symphony Orchestra. He was a member of the famed NBC Orchestra under Arturo Toscanini on its transcontinental tour in 1950.

At present he is a member of the faculty at the University of Michigan.

* * *

A graduate of the Juilliard School of Music, Mr. Pellerite played with the Radio City Music Hall Orchestra and was first flutist with the Indianapolis Symphony.

For the past five years, Mr. Pellerite has been solo flutist with the Detroit Symphony. He is a musician of outstanding ability.

The Pontiac Symphony under the baton of Francesco DiBlasi, musical director and conductor, will present for its share of the program, "Water Music Suite" by Handel-Hardy, "Prelude From La Traviata" by Verdi, "Prelude No. 14, Opus 34" by Shostakovitch, and "Night on Bald Mountain" by Moussourgsky.

* * *

The concert will be presented at Lincoln Junior High School at 8:30 p.m.

JAMES PELLERITE

EDWARD DRUZINSKY

Graduation Set Jan. 31 at Wayne

At Wayne University's mid-year commencement, to be held on Jan. 31, degrees will be awarded in ceremonies in the Masonic Temple auditorium, Detroit, at 8:30 p.m.

* * *

Dr. Clarence B. Hilberry, president of the university, will confer degrees on the candidates.

* * *

Receiving master of education degrees will be Arthur Bell of Spokane drive, Marvin W. Hastings of Middlebelt road, Mrs. Florence Pappert of West Huron street, John C. Prange of Kohler road, Mrs. David Reese of North Perry street, Donald Schultz of Berwick boulevard, Paul Stahlman of Sylvan street and Stephen Velkoff of Glenwood avenue.

Mrs. Leonard Kolin of Silverbell road will receive her bachelor of arts degree in the ceremonies.

* * *

Bachelor of science degrees will be awarded to Mrs. Ernest Brown, Mrs. Homer Cowger, Mrs. James E. Crawford, Mrs. Lucy Edwards, Mrs. William Hadsell, David Hoover, Mrs. H. C. Hope and Robert Laity.

* * *

Naunitta Long, Patricia Killian, Mrs. George Panks, Lillian K. Paull, Anna Polk, Mrs. Edwin J. Reed, Mrs. Esther Sherrod, Idamae A. Tompkins and Mrs. Martha Wiers will also receive B.S. degrees.

If a would-be French roll makes your head look flatter than you like, try another kind of rear-view hair-do. Bring hair back as far as it will go, gather ends in little tufts with rubber bands, and conceal these with a pin-on chignon.

New Chairmen of Figure Club Are Announced

Mrs. Lawrence Nichols, president of the Fashion Your Figure Club, announced her committee chairmen at the Adah Shelly Library.

* * *

Appointed chairmen at the Thursday evening meeting were Mrs. George Stafford, program; Mrs. Richard H. Frye, publicity; Mrs. Joseph L. Jenkins, cards and flowers; Mrs. Thomas E. Folsom, hospitality, and Mrs. William L. Collins, historian. Mrs. Thomas Bartle is chairman of the trophy and cards committee.

A new contest was announced to run for two months between two teams. The team losing the most weight will be treated to a special program by the losing team.

The program consisted of the showing of hobby work by members. Participating in the program were Mrs. Collins, Mrs. Bunce, Mrs. Folsom, Mrs. Charles Ruggles, Mrs. Kerchoff and Mrs. Thomas Lewis.

The next meeting will be held Jan. 26 at Adah Shelly Library.

Speaker Heard by Central PTA

Dr. Marie Racey of Wayne University spoke at the Central School PTA meeting Wednesday evening.

Dr. Racey gave a resume of education from early times to the present. She stated that our means of communication and transportation have brought America closer to other countries, and she showed the influence of other countries on our American children.

A group of first grade children presented a square dance. Sixth grade students also square danced. Members of the fourth and fifth grades presented several vocal selections for the meeting.

Refreshments were served by mothers of first graders.

Meeting Conducted by Esther Circle

Esther Circle of Oakland Park Methodist Church met at the home of Mrs. Kenneth Skelton on Oliver street Thursday. Opening prayer was given by Carrie Waldron, followed by an announcement that the group will be hosts for the WSCS meeting in February.

Those assisting will be Mrs. Paul Krugman, Mrs. Joe Ostrander, Mrs. James George, Mrs. Skelton, Mrs. Lee Murphy, Mrs. William Hotham and Mrs. John Wright.

A penny supper will be held Jan. 31 for the benefit of Sunday School rooms. The next meeting will be held at the home of Mrs. George on Lowell street.

Richard Arthaud Speaks to Club

Richard Arthaud, Social Service Department worker of the Pontiac State Hospital, was the speaker at the Tuesday afternoon meeting of Junior Child Study Club.

Mrs. Ralph Norvell opened her home on Wenonah drive for the meeting and was assisted by Mrs. Julius Koprince, Mrs. Victor Schramm, Mrs. Corliss Armstrong, Mrs. George Ross and Mrs. Harlan Boyce.

Welcomed into membership in the group were Mrs. George H. Wetterhahn, Mrs. Forest Wood and Mrs. James Youngblood. The group will gather in the home of Mrs. Don Newman at Watkins Lake for its Feb. 21 meeting.

Gingerbread Glamorized With Dates

Mrs. Nicholson Tops Unbaked Cake With Sweet Mix

By JANET GDELL
Pontiac Press Home Editor

Gingerbread is an anytime dessert, but it seems to go especially well with winter meals. There are dozens of ways you can serve it. We think you'll welcome Mrs. Harold Nicholsen's way, one she uses often for company.

* * *

As a young homemaker and mother, Mrs. Nicholson keeps busy with her dual job. She likes to read and embroider. She belongs to a social sorority. The Nicholsons have a seven-months old son.

GINGERBREAD TOPPING
By Mrs. Harold Nicholson

¼ cup brown sugar
2 tablespoons flour
2 teaspoons cinnamon
2 tablespoons melted butter or margarine
1 cup chopped dates

Blend sugar, flour, cinnamon and melted butter together. Stir in chopped dates. Spread over gingerbread batter before baking. Bake in the usual manner. Serve warm.

Groenbergs Host to Fireside Club

Members of the Fireside Forum of the First Congregational Church met recently for a cooperative dinner in the Ward road home of Mr. and Mrs. Engel Groenberg.

Officers elected were D. C. Inman, president; Mrs. Donald McIntosh, vice president and Mrs. Eugene Carey, secretary-treasurer.

A report on the project of furnishing the nursery cry room was presented by Mrs. Ivan Knight. Members enjoyed an evening of games following the business meeting.

Navy Gets Okay for Big Program

House Group Passes on Billion Dollar Plan for 41 Warships

WASHINGTON (INS) — A $1,429,000,000 Navy program calling for construction and modernization of 41 warships, including the first atomic-powered surface vessel, was authorized yesterday by the House Armed Services Committee.

The committee approved the authorization bill, 21 to 0, after receiving a report on the need for the new program from Navy Secretary Charles Thomas and Admiral Arleigh Burke,; chief of naval operations.

The request for the funds authorized in the bill already has been submitted to Congress in President Eisenhower's new budget. The money is for the 1957 fiscal year which begins July 1.

Committee Chairman Carl Vinson (D-Ga.), termed the bill historic. He said it represents the transition from the conventional type of Navy construction to nuclear power.

The bill provides for construction of an 68-million dollar guided missile light cruiser and for the design and preparation for construction of a nuclear-powered aircraft carrier.

It also calls for the construction of six new atomic-powered submarines. These will supplement the Nautilus, already in operation; the Seawolf, scheduled for completion later this year; and six nuclear submarines previously authorized.

Conductor Says Gadgets Spoiling Musical Pleasure

NEW YORK, N. Y.—Music appreciation has become a science rather than an art.

• • •

Dr. Igor Buketoff, guest conductor of the Chicago Symphony, and director of the Fort Wayne Symphony says there is entirely too much emphasis on knobs, dials, "60 cycle powerline hums, wave-front transients," and other technical marvels which have little to do with the enjoyment of the music itself.

"Too many experimenters regard sound as an end unto itself rather than as a pathway which must be traveled to obtain good reproduction of beautiful music," he adds.

Even music commentators and critics have fallen into this trap, says Dr. Buketoff. He refers to a recent recording of Strauss' "Till Eulenspiegel," beautifully packaged, beautifully performed. But the program notes practically say nothing about Strauss or his music. Rather there is an extensive analysis of the recording techniques, including the exact distance above the conductor's head of the microphone used.

Let's have less knob-twisting and dial-watching, says Dr. Buketoff, and listen to the music.

To Bury Dead GIs

YOKOSUKA, Japan (AP) — Under leaden skies, the light cruiser Manchester sailed for Hawaii today with the first of 50 of 852 unknown American servicemen killed in the Korean War. The bodies will be buried in Punchbowl Cemetery overlooking Honolulu. The rest of the unknown dead will follow in other ships within the next few weeks.

The 1957 program will supplement a shipbuilding and conversion program in which the Navy is already engaged. Under the existing program, 73 ships and 1,069 craft, including 42 major combat vessels, are being built at a cost of more than three billion dollars.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

ANCIENT EGYPT — 5
A Boy Gathering Papyrus

In pools and marshes along the Nile grow the tall reeds called papyrus. From them the ancient Egyptians made paper. They dried the leaves, flattened them carefully and pasted them together in layers with each layer crossing the next at right angles. When this was dry they polished it with smooth stones and had a fine surface on which to keep their records.

Papyrus reeds also were made into baskets and even into boats. The Bible story of Moses tells how he was found among the reeds in a small reed basket by an Egyptian princess.

Here is a boy cutting the papyrus. He will gather the long stalks into big bundles and carry them to sheds where men will make them into paper.

Paste this picture on cardboard and color with crayons or paints. The payrus is bright green.

Cut out the parts carefully. Attach the separate arm on top of the boy's right shoulder with a fastener or pin. Then he can swing his sickle to cut the papyrus.

Massachusetts Man Sentenced to Death

PLYMOUTH, Mass. (AP)—Dapper Domenic Bonomi, 54-year-old contractor, today was under sentence to die in the Massachusetts electric chair as a wife slayer.

A Superior Court jury deliberated only an hour and 20 minutes yesterday before returning a verdict of guilty in the bludgeon-strangulation slaying of Mildred Bonomi, 31, mother of two.

Because the jury failed to recommend mercy, Judge Frank E. Smith had no legal choice but to sentence Bonomi to death.

He did not set a date for the execution, however, pending action on an appeal by Defense Counsel Dwight Allison, who took numerous exceptions to judicial decisions during the 15-day trial.

Strange Obstacle

SYDNEY — Australian men and women mix so seldom that it's a wonder they ever get married, said psychologist Mrs. Graham Bell in Perth. She said the practice of segregating youngsters through most of their schooldays creates shyness between the sexes.

Famed Pastor to Speak at Church Observances

Dr. Edward L. R. Elson, pastor of National Presbyterian Church, Washington, D. C. and minister to President Dwight D. Eisenhower, will speak Wednesday at 8 p. m. in the sanctuary of the First Presbyterian Church.

Dr. Elson's address will be a part of the program to celebrate the 25th anniversary of the ministry of Dr. and Mrs. William H. Marbach in Pontiac. It will be preceded by a banquet at 6:30 p. m., served in honor of the Marbachs by the Women's Association.

Brief expressions of appreciation will be given on behalf of the congregation by Judge Clark Adams and of the other churches by Pastor Carl Nelson, president of the Pontiac Pastors' Association.

Harold A. Fitzgerald, publisher of The Pontiac Press, will speak of Dr. Marbach's influence and activity in the community and Dr. Warren Hall, of Wyandotte, a theological seminary friend, will tell of his work in the denomination.

A long time friend of Dr. Marbach, and a native of Pennsylvania, Dr. Elson was educated at Asbury College and the University of Southern California's School of Religion.

Ordained in Los Angeles Presbytery, he served as pastor of the Presbyterian Church, La Jolla, Calif. from 1931 to 1941. Commissioned a chaplain in the U. S. Army Reserve in 1930, was on active duty from 1941 to 1946 attaining the rank of colonel while in the European theater.

Among decorations he received were the Legion of Merit, Bronze Star Medal, Army Commemoration Medal and the French Croix de Guerre avec Palme.

Dr. Elson is the author of two books, "One Moment With God," and "America's Spiritual Recovery." In 1954, he was designated "Clergy Churchman of the Year" and awarded a citation by the Church Management Magazine.

The American Friends of the Near East awarded him the first annual lectureship to colleges and universities in the Middle East, Egypt, Lebanon, Syria, Jordan, Israel, Iraq and Turkey in 1952.

DR. EDWARD L. R. ELSON

Bulganin on 'Vacation'

MOSCOW (INS)—A spokesman at Soviet Primier Nikolai Bulganin's office said today "The premier is now resting on a vacation out of town."

Crash Kills 22, Hurts 4 Aboard Czech Airliner

VIENNA, Austria (AP)—The official Czechoslovak news agency announced today that a Czech Airlines plane had crashed in the Tatra Mountains near the Czech-Polish border, killing 22 persons and injuring four others.

Ike and Radford Knock Ridgway

Both Say 1954 Military Program Was Planned by All Chiefs of Staff

WASHINGTON (INS) — Former Army Chief of Staff Gen. Matthew B. Ridgway was under fire today from both President Eisenhower and Joint Chiefs of Staff Chairman Adm. Arthur W. Radford.

The commander-in-chief and his principal military aide said yesterday they believed the administration's "new look" military program had been "unanimously recommended" by the joint chiefs of staff in 1954.

Ridgway has accused Eisenhower of misleading the public by telling Congress in his 1954 State of the Union Message that the shift from massive ground troops to a fast-striking, more compact force—and the resulting cut in army manpower—had the approval of all three service chiefs.

Radford told newsmen yesterday, as he returned from an around-the-world trip, that he believes the record will show that the chiefs —including Ridgway—were in complete accord on this program when it was drafted in 1953.

However, there are indications that the program was changed in some respects after the JCS approval was given and before President Eisenhower made his address to Congress.

• • •

This may explain the statement by Defense Secretary Charles E. Wilson in a news conference Tuesday that he thought Ridgway was correct.

Steals Polio Dimes

MILWAUKEE (AP) — Raymond Paulus, 51, was sentenced to serve one day in the House of Correction for each of the nine dimes he admitted stealing from a March of Dimes display at a depot here.

Paulus, charged with disorderly conduct, said in District Court he took the 90 cents because "I needed a pair of socks."

Wever Pupils Name New 'Madison Junior High School'

The city's newest school officially was named James Madison Junior High School today in an impressive ceremony at Wever Junior High auditorium. Wever was relegated the title of Wever elementary.

Teachers in full Indian dress symbolized "Tribesmen," nickname for James Madison students and athletic teams, at the 9 a.m. assembly, which also included unveiling of the school's new green-and-gold banner.

The move to the new Madison building will begin Feb. 1. Class sessions will open in the new building early in February as soon as equipment and books have been transferred, according to Principal George Yanson. Dedication ceremonies are not planned until this spring.

Honors and awards assemblies and preparations for graduation exercises for 9A students who will move on to senior high occupied all the city's junior high schools this week as the semester's end approached. Basketball games and a few farewell parties for graduates completed the activities picture.

AT WEVER

Wever's students voted overwhelmingly to name the new school for former U.S. President James Madison, but results of the Jan. 11 vote were kept as a surprise for today's assembly ceremony. A committee of parents, teachers and students had narrowed the choice to three names—Presidents Madison, Adams and Monroe — before the student ballot was cast.

Appearing as "Tribesmen" were instructors Norman Felt and Jack Cole, painted from the waist up with war paint and regalia, and speech and home ec teachers Patricia Stites and Patricia Hines in full Indian squaw costume. Cutting of the tape unveiled the 3 x 5 foot green felt banner with its big yellow "James Madison Junior High School" in the center.

The Tribesmen then instructed the students in the new James Madison cheers and a teachers' cheering section presented the new school song, "Stand Up and Cheer for Madison," written by music teachers William Coffing and Jean MacFarlane.

Two types of sweaters the well-dressed Madison student will wear were modeled, and students were shown how the new yellow "M" looks on the green or gold sweaters. After the assembly, the Student Council had sweaters and Madison pennants ready for sale.

Although today's assembly overshadowed other activities, students are still elated over results of Tuesday's Faculty-Student Basketball Game. The Girls Athletic Club team won 39 to 32. Students say teachers put up a good fight but "appeared a little winded" toward the end of the game. The GAC made over $75, part of which will be used to buy ping pong tables.

As their last fling in junior high, Wever's 9A students had a big time Wednesday, with swimming at the "Y", lunch served by the PTSA in the school and then a trip to Detroit to see "Cinerama Holiday." Also attending the Cinerama as a reward for winning the recent magazine drive were 9B students of Homerooms 208.

AT WASHINGTON

Five Washington Junior High students received special awards in an Honors and Awards Assembly today. Top award, the gold "W" with guard, went to Adana McCluskey; Richard Gustavson and Corinne Montgomery received gold "W"s; and Edna Davis and Karen Hickson were presented with the silver "W".

The final assembly honoring graduating 9As will be given next Thursday, with the Rev. William Varian, pastor of Zion Church of the Nazarene, as guest speaker.

New Student Council officers who will be installed Monday are Harrison Munson, president; Nancy Donaldson, vice president; and Pat Kline, secretary-treasurer.

With two teachers acting as referees, teachers beat the Junior Girls Athletic Association team 42-37 in Tuesday's basketball tilt. Whispers from the faculty claim students had the better team, but teachers were smarter in naming the referees.

AT EASTERN

Some 112 Eastern Junior High students received awards at assembly programs Wednesday and yesterday. Four gold "E" pins with guards, 17 gold "E"s, 37 silver pins and 54 bronze awards were presented for scholarship, citizenship and service.

Louise Shaw, 9A, was program chairman with the highest number of honor points. Linda Stoner, Patsy Bradsher, Ellen Taylor and Dolores Shea presented the awards.

Bob Eason will head Eastern's new Student Council, with Kay Hamilton as vice president. They'll take over Jan. 30 when the new semester begins.

AT AVONDALE

With midterm exams completed Wednesday, Avondale Junior High students had a two-day vacation yesterday and today.

Principal Lawrence Scharer, who officially received the keys to the new school this week, has been going from room to room explaining the new system to students and teachers, all of whom had not moved in until last week.

Students return Monday, with eighth graders due to report in the morning and seventh graders in the afternoon. Schedules will be issued and there will be classroom assignations and explanations of the new setup. Tuesday all students report for full-day sessions.

NEW SCHOOL IS NAMED—Although dressed as warlike Indians, these four teachers aren't out to scalp Wever Junior High students. Instead, left to right, Norman Felt, Pat Hines, Pat Stites and Jack Cole displayed the green and gold "James Madison Junior High School" banner in a ceremony today at which the new Madison school was named. The teachers dressed up as "Tribesmen" to symbolize the new nickname for the Wever students who will move to Madison school early in February.

Play Producers Pass Milestone

St. Michael's Seniors Complete Sale of Ads for Playbook

By JANET ENGLISH

With all ads for the playbook in, St. Michael High School seniors breathed a sigh of relief at having passed the first milestone toward the production of their play, "Cradle Troubadour."

Top three of the 14 teams that competed to sell ads will get space in the playbook in recognition for their good work.

Team No. 1 — Jerry Steinhelper, Dick Soucy, Dan Stark and John Adams — won first place and a half page for personal recognition. Second place and a quarter page went to Ray LaLone, Jim Brucker, Bob Bender and Larry Moran. Third place team included Jeanette Ganje, Margo Bateman, Gloria Vizza and Frances Hayes.

Michaelites with artistic ability are working on posters to be submitted to the Sodality by Wednesday. The winning poster will convey some aspect of Catholic action, spiritual life or the Sodality. It will reap for its designer a two-fold reward — the honor of holding first place in the school, and the chance to gain one of five cash prizes offered by the Sodality at the University of Detroit's Training School of Sodality Action, Feb. 4 and 5.

The TSSA will include conferences on ways of life, the world of today, the apostolate and other topics. Michaelites wishing to attend are registering now through our Sodality.

The CSMC - Sodality bulletin board is displaying a ribbon acknowledging the efforts of Elaine Neussendorfer, Frances Hayes, Shirley Fox, Jane Neussendorfer, Colleen McEnery, Pat Hayden, Virginia Elmy, Gloria Barnowsky, Peggy Hoffman, and Donald Austreng as catechists for grade school instruction classes.

St. Fred's Students Bone Up on Studies but Find Time to Plan Dance and Sports

By ANN SCHACHERN

Hard work crowded out the lighter activities at St. Frederick High School this week, but there were a few diversions.

A successful drive for yearbook patrons ended today. Enough patrons bought name space in the yearbook to cover the budget deficit and assure the editor that she won't have to spend the rest of her senior year in jail for "breach of contract."

No sooner had chairman Aaron Koenig shut homeroom doors ending his drive when in walked Dave Rabaut to start his yearbook sale. The Ramrod is being offered at a bargain rate for the next two weeks—after that, it's full price.

St. Fred's basketball cagers led by Captain Dick Doyon will be trying for a league victory over St. James, Ferndale, in a home game tonight. The JV game starts at 7:15 p.m.

JUNIORS SLATE DANCE

Juniors are planning a dance, "Cupid's Capers," from 8:30 to 11:30 p.m. Feb. 11. Committee members include Betty Jo Fitzpatrick, tickets; Wally Quarles and John Bradley, refreshments; Jim Mayworm, checking; Karen Kergan, Ardith Green, Pat and Margaret Smith, decorations; Dave Bender, entertainment.

Looks like the faculty will continue the hot lunch program, started this semester. It has made a big hit with students.

Cheerleaders, sodalists, student council officers and lay teachers all spent time saying "cheese" this week, as camera shutters continued to click off yearbook pictures.

Co-captains Sharon Neville and Margie McHugh say the girls basketball team will be satisfied with nothing less than a victory when they play St. Michael's Sunday at St. Michael's Hall.

Seniors have challenged the juniors to the annual Junior-Senior Hockey Game, to be held this Sunday.

Chemistry students viewed an instructive movie on the atom Monday.

Senior English classes, studying "MacBeth," took turns reading the parts aloud and thought they had done quite well until they listened to a record last Tuesday of MacBeth done by John Barrymore Jr.

LAWRENCE SCHARER

Principal of the new Avondale Junior High school is Lawrence Scharer who lives with his wife and three children at 2146 Knollwood Dr. Before taking his present post, Scharer was athletic director for Avondale schools for five years, principal of Elmwood School for seven years, and a teacher and athletic coach at Mt. Clemens. He comes from a family of teachers. Of his five brothers, one is dean of adult education at Michigan State University, one is superintendent of schools at Mt. Morris, and two others are teachers in New Jersey and North Carolina.

Students 'Beef' About Food— Moms Approve

Beefing about the food is one thing that is encouraged at Washington Junior High School, and mothers approve.

Home economics instructor Kay Justin has divided her class into units. Each unit takes its turn at preparing a demonstration luncheon. Other units just sit back, eat the food—and criticize!

Grapevine talk has it that mothers of students are all for the system—claim the girls might as well learn young what they'll be in for when they're married and have families!

Tries for Merit Award

Pontiac High School senior Bob Everson took tests last weekend in a national competition for the National Merit Scholarships.

Eastern to Continue New Guidance Class

Eastern Junior High School will continue a new guidance class in the new semester, designed to acquaint new students with school life in a junior high school.

Included in the course is an exploration of the seventh grade schedule of classes, a tour of the building, discussion of different regulations, and an explanation of the marking system and honors and awards program.

Manners in classroom, cafeteria and auditorium come in for their fair share of study. Study is also made of the various student activities, and the library receives a visit.

This guidance program for the seventh grade will continue with the following topics forming the core of the class: Sportsmanship, history and traditions of Eastern, the Pontiac School system and cost of education, school property, the student council, how to conduct a meeting, finding new friends, study habits, budgeting time, personal appearance, manners downtown, and the student's future in the eighth grade.

Contest to End Thursday

West Bloomfield High School writers have until Thursday to turn in compositions in the Creative and Journalistic Writers Club contest. A creative writing pin will go to the winner.

It's Show Time at Waterford

By JEAN LEMATTA

Today brought the close of the third card marking period at Waterford Township High School. Students will breathe a sigh of relief next Wednesday when semester exams are finished and classes are adjourned for the first half of the term.

Last night juniors gave the first performance of "Showboat TV." The 110-student cast will stage the second showing at 8 p.m. tomorrow night in the high school auditorium.

Hollywood, Story Book Land, and the 1880 Mississippi Showboat set the scenes for the show. Patty Loomis, dramatics instructor, originated this annual junior class variety show nine years ago.

Waterford's varsity and junior varsity cheerleaders inspired real spirit for tonight's game with Berkley in this afternoon's pep assembly. Nancy Winslow, varsity captain, led the pep gathering and John Bagsche, Waterford guard, presented the team's feelings to the student body.

Students will celebrate the end of the semester next Wednesday at the Student Council's annual March of Dimes Dance here.

Planning a weekend of winter sports, Waterford High's GAA board will spend Jan. 27, 28 and 29 at the Au Sable Ski Club near Grayling. Along with 48 other Inter-Lakes GAA board members, the 14 girls and their five sponsors will ski, tobaggon, ice skate, and enjoy other winter sports.

Seniors will be seen skating on Scott Lake Feb. 4, when they hold their second class party. At the home of Barrett Harrison, plans have been made for skating, dancing, and refreshments.

Student Council members are anxiously awaiting delivery of 1,000 copies of the school's first student directory. Under the supervision of the Student Council and Paul Ripley, journalism instructor, the directory was compiled over Christmas and released to the printer early in January.

IT'S SHOWBOAT TIME — Sharon Walters strikes a pretty pose and Dick Starkweather executes a fast step in approbation (no clowning) in this scene from "Showboat TV" at Waterford Township High School last night. A second performance will be given at 8 p. m. tomorrow. The play made a big hit with audiences last night. Staged by juniors, it has a cast of 110 students.

Rochester Carnival Brings In Over $500

Sophomores of Rochester High School took in more than $500 at their carnival last Saturday. The successful affair followed weeks of planning and hard work on the part of students.

Rochester will play Keego Harbor in a home game tonight. A pep assembly this afternoon has the team primed for a victory.

Thursday, "Destination Desert," second of a series of wildlife films was shown, with Hal Harrison as speaker.

PHS Set for Graduation

By VICKY MICU

The end of the school term for underclassmen, and the end of high school days for some 130 graduating seniors dominates news from Pontiac High School this week.

The January graduating class will have Baccaulaureate services at 7:30 p.m. Sunday in Central Methodist Church, with the Rev. George C. Widdifield of All Saints Episcopal Church as speaker.

Commencement exercises at 8 p.m. Thursday in PHS gymnasium will end high school days for the graduates. Professor Paul D. Bagwell, head of Michigan State University's Department of Communication Skills, will give the Commencement address. Seniors donned their traditional grey gowns and caps with black and orange tassels late this week.

Underclassmen will take final exams next Tuesday and Wednesday. Students will return to school Friday afternoon to get report cards marked. The new semester will begin on the following Monday.

GAME AT SAGINAW

After decidedly winning over Royal Oak Tuesday, the PHS basketball team will go against Saginaw at Saginaw, tonight. The swimming team will seek to extend its winning ways against Bay City here tonight.

PHS senior Kay Vallance was elected vice president of the office division of the State Office and Retailing Club at the recent Delegates Congress. Kay is the second PHS Retailer to be elected to a state office, as Joan McLean last year was elected state treasurer.

Latin students hoped to begin a traditional affair as they presented a "Roman Banquet" recently in the PHS cafeteria. Besides the banquet, the program included an archery contest and wrestling match. Garb for the affair was, naturally, Roman togas.

CLASS DAY SET

Senior committees were busy this week distributing senior announcement and name cards, caps and gowns and planning Class Day. Class Day will be held Tuesday, at Rotunda Inn, where the seniors will have a luncheon.

Elections were also in the news. Margaret Selvala has been chosen captain for the cheerleading squad, and Barbara Berg was made secretary for a second term.

Hi-Y members elected Jim Jones president of the club for the forthcoming semester, with Dick Bashore vice president. Secretary is Bob Baynes, sergeant-at-arms is Ed Kantzer, and chaplain is Bob Baxter.

Appointment of two new driver's training instructors has been announced, making four teachers for this course in the coming semester.

Exams Casting Black Cloud Over Some Area Schools

Some area high school students prepared to grapple with mid-term final exams. Others, with tests over, enjoyed short vacations before starting the new semester.

Semester exams loom dark on the horizon for Walled Lake students. In other years, only those with poor attendance records were required to take tests. This Tuesday and Wednesday all students must write the examination papers, under a new ruling.

Tuesday, 11 senior government students attended a Walled Lake City Council meeting, where they presented questions on city government to the council. Later the 11, students of Murray Adams and Robert Shafer, reported back to their classes.

Farmington emerged as victor in the final Inter-Lakes Debate League tournament Monday. Farmington, Southfield and Walled Lake were tied for first place until the last round. Final standings place Walled Lake and Southfield tied for second place, Waterford, fourth; and Van Dyke, fifth.

ON VACATION

Avondale High students are enjoying a two-day rest, since school was adjourned after completion of final exams Wednesday. Classes resume Monday for the second semester.

Meanwhile, Avondale's J-Hop has been postponed to Feb. 4. Theme of the dance will be "Welcome Alumni." Special invitations were mailed this week to all alumni of the last four graduating classes.

Many students will be off to Van Dyke's Fitzgerald High tonight as the Yellow Jacket cagers take on the Oakland-B League leaders.

TEACHERS WIN

Bloomfield Hills High teachers are lording it over students this week, after winning the Faculty-Student basketball game 18-4.

Bloomfield debaters are out for a win as they take on Roseville this afternoon. A victory will give them the six wins needed to permit them to go to the regional tournament.

Tryouts for parts in the junior-senior play, "Rest Assured," will be held Monday. The play is scheduled for presentation in late March.

Several students are hoping for good results from entries turned in to the Scholastic Writing Award Contest.

TOP PONTIAC HIGH DEBATERS — Waiting to learn the percentage standings of debating teams in the Saginaw Valley Conference are PHS debaters. The results, due Feb. 1, will decide if the Pontiac teams can try out in the state quarter finals at the University of Michigan this winter. Representatives of top teams are, left to right, Garth Johnston, Roger Anderson, Willie Edwards, Sharon Wall, Richard Clark and Bob Everson. Pontiac teams placed third in the recent SVC tournament.

Dairymen to Attend Progress Report Meeting in Romeo

RINK PLANNERS CONFER—Study Guild members from Ortonville, Mrs. Paul F. Schoen Jr. and Mrs. Thomas Krueger, prepare to test the new ice rink for Ortonville youth. They are shown on the Brandon School site with William Buckingham who prepared the ground for the rink. The Guild financed the venture with the Village Council supervising labor and flooding the rink. Opening is slated for Saturday afternoon.

To Give Court Developments

Local 'Satisfied With Quiz Scheduling' in Detroit

ROMEO—A report on the progress of the investigation of "monopolistic tendencies" in the milk industry will be aired at a meeting of area dairymen on Tuesday, Jan. 31.

* * *

The scheduling of the session to be held in the Romeo High School auditorium follows closely the impaneling of a federal grand jury in Detroit this week. This group is investigating charges that milk producers and major dairies have conspired to fix prices of milk and dairy products.

A resolution asking a grand jury investigation of the "evidence of a monopoly" was passed in December, 1954, by dairymen of 12 counties meeting in Romeo. The probe of five Detroit dairies and the Michigan Milk Producers Assn. results from the action taken at this local mass meeting.

The grand jury began issuing subpoenas last October to the MMPA and the dairies, ordering them to surrender their books and records.

Members of the companies have been subpoened to testify and the records are now under study.

REPORT DEVELOPMENTS

Harold H. Fritz, president of the Romeo local of the MMPA, in announcing the forthcoming meeting stated, "Latest developments in the dairymen's court case will also be reported at this time."

He added that speakers from the "fair share" committee had been invited to describe their program. The sales committee of the MMPA currently has this program under advisement.

Officials of the Romeo local expressed their "satisfaction with the scheduling of the quiz" in Detroit. Edward A. Jacob, attorney for the local, said, "Members of the MMPA who instituted this investigation in Romeo are pleased with its progress to date."

STUDENTS TAKE OVER MILFORD GOVERNMENT—Bart Smith, village president, hands over the gavel to "President" Ronald Glynn, as "Tax Assessor" Tom Motley looks on. Havrilla Wiseman, "clerk," and "Police Chief" Jerry Donaldson examine a new real estate development plat.

Business Proceeds 'Without a Hitch'

Milford Students Rule Village for Day

MILFORD — Winners of the mock election held at Milford High took over the reins of the government yesterday and a special meeting of the Village Council was called last night.

The general election for positions in the village government was the first one held in Milford and regular officials said that business proceeded "without a hitch."

Ronald Glynn who was elected president, accepted the gavel from regular village president, Bart Smith. "Clerk" Havrilla Wiseman took notes on business proceedings.

Main topic of conversation was "shall the village become a city and hire a regular city manager?" The students voted to write essays for their final mid-semester examination on the subject.

This problem is presently being studied by regular council members.

Some of the student council members procured for study new city charters from Brighton and surrounding towns, which have adopted the plan recently.

Elected for the day were Ronald Sheehy, fire chief and Jerry Donaldson, police chief. Six students who made up the council were: Allen McFarlane, David Lodge, Sharon Hark, Marion Bannerman, Marilyn McMachan and Mike Trocke. Tom Motley was tax assessor.

Study Guild Looks With Pride at Latest Project

Ortonville Club Schedules Rink Opening for Saturday

By MARTHA LEWIS
Ortonville Correspondent

ORTONVILLE—If members of the Study Guild here could control the weather on Saturday, they would have it "sunny but cold, with just the right bite in the air for skating."

That is the day, at 2 p.m., set for the opening of the ice skating rink which is their latest project.

Earlier, a guild committee, composed of Mrs. Paul F. Schoen Jr., and Mrs. Thomas Krueger approached the Village Council with the plan of financing bulldozing necessary for the 80 by 180 foot rink which is a part of the Brandon School site. The Council agreed to supervise the labor and cooperate further by flooding the rink when ready.

The work, done by William Buckingham, is now completed, and the rink ready for Saturday.

Both mothers of small fry and grandmothers are eagerly looking forward to the day and are busy preparing refreshments for all who attend the "grand" opening.

The Study Guild had its beginning about eight years ago, when members started meeting while they did the family mending and to visit. They felt the need for something more, however, and so formed the present group.

Some worthy projects in which they participate, or sponsor, include Red Cross Blood Bank; contributions to CARE; support of "adopted" children; visit the sick and infirm; contribute to national groups and help sponsor annual party events for local children. Last winter they produced and directed the play "January Thaw," with a little outside help, and half the proceeds above expenses went into a lighting fund for the athletic field at Brandon School.

They often serve dinners and hold bake sales to raise funds for their many worthy projects. Thus, though membership is small (15) the little group manages to be mighty effective.

Six Considered for Board Post

Take Applications for Vacancy at Southfield at Meeting

SOUTHFIELD TOWNSHIP — Board members this week considered portions of the "Ordinance to Protect the Health of the Community" and agreed the fees should be sufficient to cover cost of inspections but not aimed at making a profit.

Eugene Swem, supervisor, was authorized to check into the fees charged by surrounding areas and to report back at the next regular meeting of the board.

The applications of the following were considered for filling the vacancy on the township board: Marvin E. Marsh; Thomas M. Costello; Charles Lederer; Neil T. McGregor; Roy F. Andes, member of the charter commission; and Don L. Swanson, member of the charter commission.

Considered for Zoning Board were: Roy E. Grunwell, reappointment; William A. Ward; Edward R. Arbiter; Hurn J. Burnett; Elizabeth Molner, only person listing experience in survey, drafting and plating; Ray C. McLeod; Leonard Spicer; and Sylvester Taselsky.

No action was taken but board members took notes on each applicant for further study. Appointments will be announced at the next regular meeting.

100 Teenagers Attend Opening of Youth Center

HOLLY — About 100 teenagers were present at the opening of Holly's new Youth Center at the VFW Memorial Building. A still larger attendance is expected at the second meeting this evening.

James Parker, Holly Police Chief, who conceived the idea, and has charge of the project says sessions will be held on Tuesday and Friday evenings of each week. Admission is through membership cards which are issued free to local young people.

Another dance to raise funds for furthering the project will be held at the multipurpose room of the Holly Area Schools Saturday evening from 8:30 to 12 o'clock.

Residents Hold Road Meeting

Group Makes Canvass to Determine Ladd Road Usage

WOLVERINE LAKE — A meeting was held by the people on the south side of Wolverine Lake regarding the improvement of Ladd Road.

This meeting was a result of efforts of the Wolverine Lake Improvement Assn. to make an extensive investigation into the feasibility of blacktopping the entire length of Ladd Road.

A committee of eight persons is at the present time making a house-to-house canvas in an effort to arrive at figures to determine the usage of this road. Other committees are being formed to make an investigation with the various governmental bodies into whose jurisdiction the responsibility for maintaining them falls.

Another meeting is scheduled on Feb. 7 at 8 p.m. at 960 Adelaide Dr. At this meeting the committees will have completed the majority of their primary operations and will make reports.

Board Appoints Township Clerk

Choose Life Resident of Farmington to Take Over Post

FARMINGTON TOWNSHIP — The Farmington Township Board at a special meeting last night voted five to one to appoint Floyd Cairns to the office of Township Clerk to fill the post vacated by the retirement of Harry McCracken.

Cairns is 41 years old and a life time resident of Farmington Township. He is married, has two children and for the past 20 years has been operating his own trucking business.

He is past master of Farmington lodge F&AM No. 181; secretary-treasurer of the Temple Board Assn.; treasurer of the Oakland County Service Assn.; and has served the township as secretary of the road committee since its inception last spring.

Cairns ran for the office of township clerk in the last election, receiving 525 votes to McCracken's 585.

The board also passed a resolution making Albert Gain building inspector, responsible for the enforcement of the new heating and plumbing code.

The new Federation of Rhodesia and Nyasaland has issued its first coins.

Holy Name Society to Hear Austin Grant

WALLED LAKE — Austin Grant, radio commentator for many years, will be the guest speaker at a stag dinner sponsored by the Holy Name Society of St. Williams' Catholic Church Saturday. The affair will begin at 8 o'clock in the parish hall.

Tom Olson of Wolverine Lake is making reservations.

White Lake Church Starts Building Fund

WHITE LAKE TOWNSHIP —At the annual congregation meeting of the White Lake Presbyterian Church, Robert Compton, Kenneth Coe, John Carter and Paul Moote were elected elders; Thomas Wagner, Paul Biller, Nelson Anderson, Chester Case and Austin Palmer Jr., trustees.

A building committee consisting of Melvin Miller, chairman, Sidney Hawley, Paul Moote, and Ronald Voorheis was elected, with the chairman authorized to appoint additional members.

The committee will proceed with a financial campaign to raise $20,000 and to secure a suitable building design for the educational unit the church is planning to build on land adjoining the present church property.

Baptist Youth Schedules Rally for Teenagers

DRAYTON PLAINS — The First Baptist Youth League will be going to a teenage designed youth rally Saturday.

This rally will feature the "gospelaire Quartet" a local group composed of young men from the various local churches.

Refreshments will be served at the conclusion of the youth service.

The rally starts at 7:30 p.m. at the First Baptist Church of Rochster. All young people are invited to attend.

Club President Gives 'Eating Habits' Speech

MARLETTE — Mrs. Leon Keys, president of the Mothers Child Study Club, gave a paper "On Eating Habits," Wednesday, when the club met with Mrs. Harold Muxlow.

Roll call and minutes were read. The hostess, assisted by Mrs. Donald Muxlow, served refreshments. The February meeting will be with Mrs. Leon Keys.

Lapeer Pair Announces Marriage on Jan. 14

LAPEER—Beatrice I. Crookedacre and Clement D. Gerhard, both of Lapeer, announce their marriage on Jan. 14 at Angola, Ind. They were attended by Mr. and Mrs. Don Henley.

They will be at home to their friends at 255 W. Genesee St., Lapeer.

Issues Message to Vets

KEEGO HARBOR — Shirley Currie, Commander of VFW Post 2706 here, has issued a special announcement, inviting all overseas veterans to attend the world premiere of "The Magic Bond," via television channel 9, at 8:30 p.m. Sunday. "This show will mean much to veterans personally," Currie said.

Milford Masonic Plans Boys DeMolay Chapter

MILFORD — At a recent meeting of the Milford Masonic Lodge No. 165, members elected to sponsor a DeMolay chapter.

The renewal of the charter is being transferred from Commerce and the initiation of the charter class is being planned for the first part of March.

An advisory board for the new charter was chosen: Russell Haglund, Dad; Richard Oldenburg, chairman; Carr Anderson, co-chairman; Henry Bush, scribe advisor; William Guthrie, membership advisor; Dr. E. H. Campbell, social advisor and Sheldon Covert, ritual advisor.

Milford Masons are now soliciting for membership for the new charter and all boys between the ages of 14 and 21 are eligible to join. Further information about the DeMolay chapter may be obtained from any of the above members.

Wayne Graduates 6 County Students

Six county students will be among 1,132 graduates at midyear commencement exercises from Wayne University Tuesday, Jan. 31.

From Walled Lake come Starr Eric Booth, 3230 Grindley, B.S. and David Lawson Vivian, Hadley Rd., B.S, Davisburg, ston, Grace Squire Burley, 9848 Hadley Rd., B.S., Davisburg, Mary Maynard Watson, 7625 Bridge Lake Rd., B.S. and Amy Horton Mills, 7360 Ormond Rd., B.S.; and Lake Orion, Donald Arthur Baldwin, 573 E. Flint, M. Ed.

Dr. Clarence B. Hillberry, president of the university, will confer degrees.

Cemetery Group Names Officers in Metamora

METAMORA — Election of officers was held at the annual meeting of the Metamora Cemetery Auxiliary at the ome of Mrs. R. J. Gardner Tuesday.

The new president is Mrs. Lewis Fishell; first vice president, Mrs. Clarence Rose; re-elected as second vice president, Mrs. Lee Walker; re-elected as secretary-treasurer, Mrs. Donald Travis, and re-elected as directors, Mrs. Clarence Morse and Mrs. George Price.

The auxiliary meets quarterly, with the April meeting to be held at the home of Mrs. A. D. Buell.

Medical Group Names Lapeer County Officers

LAPEER — Newly elected officers of the Lapeer County Medical Society are: President, Dr. H. B. Zemmer, (re-elected) vice-president, Dr. Glenn Smith, Imlay City; secretary - treasurer, Dr. James R. Doty, Lapeer.

Dr. D. J. O'Brien was elected a delegate to the House of Delegates of Michigan State Medical Society, with Dr. Smith as alternate.

Village Pastor Installs Church Assn. Officers

MARLETTE — The Rev. Robert Kyser, pastor of the First Presbyterian Church recently installed the new officers of the Women's Association, in the church parlors.

The officers for the year are; president, Mrs. Olive Fellows; first vice president, Mrs. Baron Benoit; second vice president, Mrs. Morris Chase; third vice president, Mrs. Robert Thornton; recording secretary, Gertrude Fischer; financial secretary, Mrs. Mattie Roberts and treasurer, Mrs. Elmer Mater.

Building Booms in Romeo, 'Ruhr Valley of America'

By LEE WINBORN
Romeo Correspondent

ROMEO—Present and anticipated growth in this area is evidenced by the proposed construction of a new high school here by fall of 1957. The new Community Hospital is another facility to be added soon, on a site four miles north of Romeo.

One main reason for the anticipated influx of population will be the completion of the Michigan Proving Ground northwest of town. The Ford Motor Co. project is expected to bring 100 to 200 families to Romeo.

The Board of Education has selected a site for the high school, prior to presenting a bond issue to voters this spring. Primary reason for the proposed expansion program for the upper grades is the increase in student population in recent years. Since 1953 educators have provided 18 elementary classrooms, a bus garage and vocational-agricultural building as the first step in meeting current and future needs.

Area residents contributed sufficient funds in a recent public drive for the construction of the new $350,000 Community Hospital on M53. The 30 bed medical center will serve communities within a 15-mile radius.

Builders have begun construction of new homes in subdivisions within and outside the village limits. Two major orchards, Mountain View, and Romeo Orchards have been subdivided, where new houses are either occupied, under construction or being planned.

Indian Hills, a subdivision three miles north of here, formerly a farm, has been laid out in 52 lots, with two houses completed and others under construction. Over 600 homes on 320 acres, known as Romeo Hills Estates, one mile north of Romeo are in the planning stage.

Consensus of opinion among housing and school officials and others concerned with Romeo's progress is that building here is on the upgrade.

Communities to the south have already had a great influx of population. Romeo, located on Van Dyke, in what is known as the "Ruhr Valley of America," expects a steady, if not sharp increase within the next three years.

County Deaths

Phillip Rodgers

LAPEER — Service for Phillip Rogers, 80, was held today from the Baird Funeral Home. Burial was made in Stiles Cemetery. Mr. Rogers died Wednesday.

There are no known survivors.

Fred J. Thom

LAPEER—Service for Fred J. Thom, 80, 1503 Daley Rd., will be held at 2 p.m. Saturday at the Oregon Evangelical United Brethren Church. Burial will be made in Oregon Township Cemetery. Mr. Thom died Thursday morning at Lapeer County General Hospital.

Surviving are his wife, Ida Belle; a stepson, Alex Wynn of North Branch; a stepdaughter, Ida May Wynn of Miami, Fla.; and one brother, Herman of Alpena. The Baird Funeral Home is in charge of arrangements.

CLAIMS RECORD DIVE — Mrs. Barbara Jacobs, Indianapolis, mother of two children, claims to have descended to a depth of 270 feet in the Atlantic Ocean near Hollywood, Fla. The unofficial record for men divers is 230 feet. Women's official world's record is 209 feet. Mrs. Jacobs was equipped with conventional skin-diving gear and a one-tank aqua lung.

Deaths Bringing Many Converts

Friends Say Slayings of Five Missionaries Filling Ecuadorean Churches

TORONTO (AP) — Two young Toronto men who spent last summer in Ecuador said today reports they have received from friends during the last week indicate that churches there have been flooded with converts since five missionaries were slain.

Don Marshall, 24, a medical student at the University of Toronto, and Don Cullen, a radio and television technician, visited the South American country where Mr. Cullen's uncle, Dr. Paul Roberts, is in charge of a mental hospital at Quito.

Both commented on the deaths of five missionaries whose mutilated bodies were found last week in Ecuador beside the wreckage of their stripped plane.

The missionaries had gone into the jungle on the eastern slopes of the Ecuadorean Andes in an attempt to convert the savage Auca Indians.

"I think their deaths may have done more good than a whole lifetime of missionary work," said Marshall. "There will be other missionaries in there in a year or so."

During their three-month visit to Ecuador Marshall did medical work at the hospital and Cullen worked at the missionary-operated radio station.

They said they knew well three of the missionaries — Nathaniel Saint, Peter Fleming and Roger Youderian — and the other two — James Elliott and Edward McCulley — to speak to.

McCulley's widow has parents living in Pontiac, Michigan.

5 Cases Face FEPC

DETROIT (AP) — The Michigan Fair Employment Practices Commission (FEPC) says it is preparing to hear five complaints in its newly established Detroit office. John Feild, executive director, said the number of complaints involving racial or religious discrimination will determine the future size of the Detroit staff. The FEPC, created by the Legislature last year, eventually plans to open an office in all the state's major cities.

Germany's Krupp Works will build a steel mill for Thailand, Bangkok reports.

Teachers Are Sought

ANN ARBOR (AP)—The Air Force and Army are looking for experienced school teachers for their dependent schools overseas and will interview prospects at the University of Michigan in February and March. Applicants must have at least two years teaching experience in public schools. Salary is $4,525 for 12 months with transportation provided.

In the service industries for the printing trade, such as typesetters, engravers, etc. there are 2,300 establishments, 44,000 employes, and an annual sales volume of about $350 million.

Hal Boyle Says:

Alec Guinness Recalls Hard Climb to Top

NEW YORK (AP)—Alec Guinness, regarded by many as one of the finest actors alive, regards his success with restrained enthusiasm.

"It's practically all due to lack of food and plenty of disappointments," he said wryly. "Believe me, they can be real incentives."

LIKE CHAMELEON

Critics praise Guinness for his chameleon-like ability to play any role. Perhaps no actor since the late Lon Chaney has used so many disguises.

• • •

Alec's roles have ranged from the third murderer in "Macbeth" to Hamlet. In "Kind Hearts and Coronets" he played eight different characters. In his latest film, "The Prisoner," he portrays a cardinal, who fights the brain-washing of a totalitarian government.

"I like variety in life as well as in the theater," he said. "I hate to be typed. If I see any danger of that, I make a dash in the opposite direction.

SHUNS FORMULA

"Some people like to find a success formula and stick to it. I don't have a formula. I live from had to mouth, from instinct to instinct."

Guinness also dislikes formulas in plays or films.

"Why should they always have to deliver a message, or try to make some final comment on life?" he asked. "Isn't it enough if an evening in the theater merely provides one with entertainment and something to talk about?

"I don't know of any major problem in living that can be settled in two hours. Do you?"

LOVES PROFESSION

Alec has a deep and sustained love of the profession he still feels he hasn't mastered after 22 years of study.

"There is an old saying that it takes 20 years to make an actor," he said. "I'm stepping it up a bit. It takes longer."

Few actors have had a harder struggle reaching the top.

At 11 he decided on a career in acting but was told by his teacher he lacked ability. The first time he tried out for a film role the producer told him he would never make the grade.

ONE MEAL A DAY

For years he subsisted in London in an apartment the size of a piano box on one meal a day and sandwiches brought him by friends.

"For a time I even went barefoot," he recalled. "I only had six pence a week (a dime) for pocket money, just enough to buy me a gallery seat at the old Vic Theater.

"I wouldn't go through that again. I'd do a bit of thieving first.

"But I suppose, actually, that I followed the right pattern. There was something about those days I still miss — a feeling that at any moment something wonderful and unexpected would happen to me."

REACHES TOP

Bit by bit, role by role, he worked his way to the top in both the theater and films. Now Alec, who leads a simple, placid life off stage, modestly wonders how long his present fame will endure.

"After all, one has to face the fact that the average film star only lasts about seven years," he said, grimacing. He thought a bit, then added cheerfully:

• • •

"On the other hand, if you've got great big outstanding ears, you've got one advantage over a handsome leading man. There are still a lot of character roles you can play."

Granted $28,000, tax-free, by England, for his bouncing bombs that helped shorten the war, Dr. Barnes Wallis turned the fund over to

BY THE SPORTS STAFF

Utica and Romeo reserve basketball teams played an odd game this week. The Utica reserves had a 31-10 halftime lead and when the game ended the final score read 33-28. Only two points were scored by the Utica reserves in the second half and still they won by five.

* * *

The reserve team of the Harlem Globetrotters will face a basketball squad made up of Detroit Lions here in Pontiac February 28th, and an attempt is being made to have members of radio stations WPON and WCAR meet staff writers from the Pontiac Press in the preliminary game. On guard you linament sellers!

* * *

The championship bowling match between Detroit Stroh's and Budweiser of St. Louis will be carried over channel 7 this weekend. Television time is 10:30 p.m. Saturday and Sunday nights.

* * *

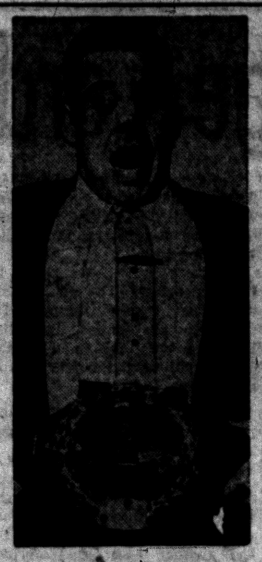

Two young coeds from Detroit attended the Rose Bowl game in style anyway if not in interest. The pair, Marie Sauve and Rosemary Boehlein, ages 20 and 19 respectively, are in jail today for passing 875 dollars in bad checks all along the way to Los Angeles. They passed the checks in fashionable women's stores.

* * *

Only three Class A basketball teams are unbeaten in the state of Michigan. They are Muskegon Height (6-0), Highland Park (5-0) and Detroit Austin Catholic (6-0).

* * *

The second annual Ice Fishing Derby of Waterford township will be held Sunday afternoon February 12th at Pontiac Lake. Prizes will go to fishermen catching the largest and smallest fish and to the fisherman making the largest total catch. The Derby is being sponsored by the Township Jaycees in cooperation.

OTTO GETS BELTED — Otto Graham sucks in his breath with a mighty effort as he tries on the S. Rae Hickok $10,000 diamond-studded, gold-buckled belt awarded to him as the Professional Athlete of the Year. The 34-year-old quarterback, who came out of retirement to lead the Cleveland Browns to the National Football League championship, received the award at a Press and Radio Dinner for the Polio Fund.

UM Quint in TV Highlight

Game With Iowa From Yost Fieldhouse Will Be Televised

ANN ARBOR — Michigan's basketball team will seek to get back on the winning trail at home by battling it out with Iowa in a nationally-televised game in Yost Field House Saturday afternoon.

The Wolverines, currently in three-way fourth place tie with Indiana and Purdue, will be facing a team which is defending conference champion and which also now is tied with Ohio State for second place behind Illinois.

After winning three straight the Wolverines dropped a 69-58 defision to Wisconsin at Madison Monday night.

* * *

Coach Bill Perig ostill is seeking to develop consistent offensive strength from the guard positions in order to help balance Ron Kramer's scoring. The Wolverines have shown good strength up front rebounding but scoring from the guard positions has been spotty.

Starting time of the televised game is 3:00 p.m.

Union Lake, D&W Meet in Semi-Final

Dick & Wes and Union Lake hockey teams, both once-beaten, collide Saturday morning at the North Side Ice Rink in the semi-final game of the Junior Hockey Tournament.

The two clubs will battle for the right to face Nestor's All-Stars in the championship final of the double-elimination tournament, sponsored by the Pontiac Parks and Recreation Department. Starting time is 8:30 a.m.

Undefeated Nestor's, waiting for the title go against the semi-final winner, will keep busy by meeting already-eliminated Lake Orion tomorrow in an exhibition game at 9:30 a.m.

Shepherds Become Show's Top Breed

German shepherds comprise the most popular breed for the first winter dog show by Oakland County Kennel Club. An earlier count had indicated boxers were the most numerous, with 47. Today's check revealed there were now 57 shepherds. There are 623 entries.

Show takes place Sunday at Northville's fine new community center. Judging starts at 9 a.m. and concludes at 8 p.m.

According to J. P. Moses, of the OCKC, "dogs are coming in from all over the Midwest."

Ex-Dodger Kellert Signs Cub Contract

CHICAGO (AP)—Former Brooklyn Dodger first sacker-outfielder Frank Kellert, today signed for 1956 with the Chicago Cubs.

Kellert, who was acquired by the Cubs shortly after the Dodgers won the 1955 World Series, batted .325 in 39 Brooklyn games last season. He filled in occasionally for Gil Hodges at first base and was the Dodgers' No. 1 right-handed pinch hitter.

NBA Resolution Rouses Ire of Gotham's Helfand

NEW YORK (AP)—Julius Helfand has thrown down the gauntlet to the National Boxing Assn.

The chairman of the New York State Athletic Commission blasted the NBA last night for a resolution by its Executive Committee that would permit a boxer to sign for a fight himself when his manager is under suspension.

Speaking at the annual dinner of the Boxing Writers Assn., Helfand termed the resolution "sheer hypocrisy."

"You know," he said turning toward Lou Radzienda, president of the NBA, "that after a fight the fighter will go back to his hotel and whack up the purse with his suspended manager."

Radzienda, a member of the Illinois State Athletic Commission who had praised Helfand's campaign against the undesirables in the sport just before Helfand rose to speak, said later:

"We believe the fighter comes before the manager. Just because his manager is under suspension or dosn't have a license is no reason to penalize a fighter. He has to make a living and should be granted that right.

"What he does with the money is no concern of ours. Under our resolution a suspended manager or one without a license can't come running to a commission for help if the fighter refuses to live up to their personal contract.

"Why should we deprive a top-ranking contender from a title shot because of his manager? That's what a fighter dreams about."

SCL Cage Race Close

If St. Benedict defeats league-leading Royal Oak St. Mary tonight at Highland Park and Orchard Lake St. Mary downs St. Rita at Hazel Park, combined with St. Michael's victory last night over St Clement, a four-way tie for first place in the SCL will exist.

Hot Rod 'Autorama' Opens Detroit Show

DETROIT (INS)—The Michigan Hot Rod Association's "Autorama" show opens tonight in the coliseum of the state fair grounds.

The show features about 70 cars, the best from the midwest of hot rods, custom and sports cars.

The show will remain open until midnight tonight. It will be open to midnight tomorrow and to 10 p.m. on Sunday.

One Horse Stable

Detroiter Stays on Job to Keep Racer in Florida

MIAMI, Fla. (AP)—John Serkin, 25-year-old tool and die maker, is having to stick to his job in Detroit, so he can keep his thoroughbred race horse in Florida.

Last September Serkin won over 27,813 others in a "name the horse" contest at Hazel Park Racetrack in suburban Detroit.

He chose the name "Hititlucky," and his prize was the Bay Filly by Windy City 2nd out of Gone Again.

Hazel Park officials offered Serkin $8,000 for the prize but he turned it down, saying all his life he'd wanted to own a race horse.

Hititlucky was shipped to Florida to get ready for a winter racing campaign. Serkin called his one-horse operation the Windy City Stable.

The filly became two years old on Jan. 1—universal birthday for all thoroughbreds—and was eligible to compete against others her age.

Trainer P. E. Simmons entered Hititlucky in a quarter-mile sprint for 2-year-old fillies at Tropical Park on Jan. 3 and the filly ran 9th in a field of a dozen. Incidentally, the race was run in the track record time of :21 3-5.

Hititlucky tried again yesterday, in a 3-furlong spring for maiden 2-year-olds at Hialeah Park. There were 14 entered and Hititlucky was last all the way.

Racing officials estimate it costs about $10 a day to keep a thoroughbred in Florida during a winter season, including hay, grain, vet's services, groom, entry fees and incidentals.

* * *

Serkin had one ray of sunshine in yesterday's race. It was a claiming affair and someone might have bought Hititlucky for $16,000. But nobody did.

Pro Grid Bid Rejected for Gospel Career

Wheaton's Burnham, Little All-America, Redskin Draftee

WHEATON, Ill. (AP)—Dave Burnham, an ordained Baptist minister and a back on the little All-America football team last season, has turned down an offer to play for the Washington Redskins.

* * *

Burnham, 6-2, 180 pounder who gained 3,498 yards in 30 games he played in his collegiate career at Wheaton College, said he would like to give pro football a try but "I am called to the ministry of the Gospel."

* * *

He plans to become associate pastor of a church in his home town of Akron, Ohio, when he graduates in June. He was the Redskins' 26th draft choice.

In three straight football games Iowa has led Michigan by two touchdowns and has lost the final decision.

Chiefs Primed for Hard Scrap With Trojans

First Round Finale for SVC Rivals Set at Saginaw, Tonight

Despite the lowly position Saginaw High holds in the current Saginaw Valley Conference basketball race, Pontiac's coach, Art Van Ryzin, doesn't underestimate the Trojans.

Chiefs and Trojans collide tonight on the Saginaw court in a last round loop finale. Pontiac shoots for its 3rd Valley win, but Van Ryzin figures it will take some hard work to bring it about. "On past experience with the Trojans, we know we can't rate them easy." Art explains.

"Saginaw gave Flint Central a real battle before losing," Van Ryzin said. "They trailed by only a few points, up to the time a Saginaw sub took a rebound off the Indian's board and tipped it for a Central basket. After that Saginaw slipped back and wound up a loser, 78-59."

The Chiefs' coach figures his club will be much better during the final round of league play.

"We'll be tougher in the 2nd round. With the experience gained in our seven games so far, we should be a really dangerous outfit rest of the way. I'm gratified with the improvement the squad has shown."

GOAL ATTEMPT BLOCKED — Boston right wing Jerry Toppazzini (21), who was traded by the Red Wings to the Bruins this week, fires the puck toward the net against ex-teammate, Detroit goalie Glen Hall. Hall made an easy save in the 2nd period. (Puck is circled in photo). Detroit won its 6th straight, 4-2.

AP Wirephoto

LA Ram Franchise in Stir Over Control

LOS ANGELES (AP)—The embattled owners of the Los Angeles Rams have named a trustee manager, Tex Schramm, to handle the club's affairs, until a settlement is reached over ownership and management.

* * *

Dan Reeves, owner of a third of the club's stock and manager of the organization for 15 years, has been asked by his partners, J. H. Seley, Fred Levy and Ed Pauley, to relinquish control, and Reeves says he will get out of football altogether before he turns over the reins to someone else.

"Reeves told me he will settle for nothing less than a dictatorship—and that's the exact word he used," said Levy, "as businessmen and majority stockholders we feel that we should have something to say about club policy on major matters."

* * *

Under the ownership pact of 1953, if no agreement on stock ownership and management is reached, the partnership is automatically dissolved, and a receiver appointed by the courts and the stock sold to the highest bidder. The Rams would bring on some fancy bids, unquestionably. They played before nearly one million fans last season and have netted more than $200,000 profit in some seasons.

The high bidder would not necessarily obtain control, for the National Football League's regulation provide that any transfer or sale of stock must be approved by at least a 10-2 vote of the league members.

"I'm not saying that approval would not be given if one or the other of the two factions sold out," said NFL Commissioner Bert Bell, "but the rule is there and must be complied with."

* * *

Reeves says he would take the issue to court as a last resort. He did not specify a date.

* * *

Reeves has made two offers to his partners, the first guaranteeing him permanent control in football matters with them to share financially; the second, an offer to buy them out, Levy said the two proposals were rejected. Pauley, Levy and Seley said they had made two counter proposals, one to buy him out, the other to give him a 50 per cent control in policy matters. Reeves rejected both proposals.

Harbert Takes Lead

CALI, Colombia (AP) — Chick Harbert of Northville, Mich. held undisputed lead today in the Colombian Open Golf Tournament after shooting a two under-par 69 for a 36-hole total of 139.

His nearest rival was Bob Toski of Livingston, N. J. with a 141 total.

Howe Tallies 3 Times to Pace Victory

Detroit Winger Also Takes Over Scoring Lead in NHL

DETROIT (AP)—As Howe goes, so go the Detroit Red Wings. That seems to be the case lately around the National Hockey League.

The big right winger was never better this season than last night when he scored three goals and set up the other in Wings' 6th straight win, a 4-2 contest over the Boston Bruins.

The four points lifted Howe, who has produced 12 goals in Detroit's last eight games, to the top of the league's individual scoring race.

Howe has 25 goals and 25 assists for 30 points.

The 3rd place Wings moved to within two points of the second place New York Rangers, who have 31 points — five games behind the league leading Montreal Canadiens.

Howe's three-goal outburst was the first turned in by a Detroit player this season. He now is only four goals away from the select 300-goal circle. Only Maurice (Rocket) Richard of Montreal, hockey's greatest scorer, and Nels Stewart, a former great with the Canadiens, exceed Howe. Richard has 445 goals in regular season play and Stewart scored 324 during his career.

* * *

Howe scored his first two goals in the first period and fired the winning marker in the third. He assisted on Ted Lindsay's insurance counter with a little more than five minutes remaining. That was Lindsay's first goal in 18 games.

Vic Stasiuk and Marcel Bonin scored 32 seconds apart for Boston midway through the opening frame.

Howe opened the scoring before the 9,701 customers had much of a chance to get seated. At the 24-second mark he fired a 55-foot screened shot that beat goaltender Terry Sawchuk, back in the Bruins net after missing two games because of an injured hand.

St. Mikes Win, 65-21

St. Michael's basketball team, scoring with reckless abandon, rebounded impressively from Tuesday's upset by Orchard Lake St. Mary.

The Shamrocks dumped in baskets almost at will and cleared the bench Thursday night at the Center Line High School gymnasium as they shellacked hapless St. Clement, 65-21.

Last place St. Clement was no match whatsoever for the rampaging Mikes, who chalked up their 4th Suburban Catholic League victory in five games to keep right in the thick of the championship race.

Bob Mineweaser's cagers got off to a slow start, six minutes elapsing before they connected for a field goal. But once they found the range the buckets were tallied with monotonous regularity.

The Mikes kept improving and reached their peak in the 3rd quarter with a 22-point effort. Then the 2nd stringers took over and played the entire 4th period.

So inept was the Clements' attack that they failed to hit double figures in any quarter and only two players, Dick Daldine and Ignash, netted more than one field goal. Each boy picked up two. It was the 5th straight league setback for the winless Clements.

John Keller sparked the Shamrocks' attack with 18 points. Center Bill Hall scored 16 points, his best performance of the season, and Chuck Brown netted a dozen.

The St. Michael Junior Varsity also won with ease, trimming the St. Clement reserves in the preliminary contest, 50-34. Bob Mineweaser led the Little Shamrocks with 14 points.

ST. MICHAEL	G	P	P
Keller	5	8	18
Brown	5	2	12
Hall	6	4	16
Droppa	1	0	2
Halpin	2	0	4
Priebe	2	0	4

Tie Continues in Waterford League

Drayton Drugs stayed on the heels of Clarkston in the Waterford Recreation basketball league by trimming Beattie Motor 62-40 last night. Bob Pickett of Drayton and Bill Buck of Beattie each got 14 points.

* * *

In the second game Poole Lumber defeated Johnson and Anderson 77-44 with Jerry Bradley hitting for 32 points for the winners. Joe Umphrey got 19 for the losers.

* * *

Next week the schedule for the league will go back to the regular Monday and Tuesday playing night.

WATERFORD REC. STANDINGS

	W	L		W	L
Clarkston	5	1	Manny's	3	3
Drayton	5	1	John.-And'son	2	4
Poole	4	2	Beattie	1	5
Philgas	3	3	Waterford	1	5

Fisher Local 596 Team Wins Easily

Fisher Body Local 596 chalked up its 5th victory in six games in the UAW-CIO Basketball League, easily defeating Pontiac Motors Local 653 Thursday night at Lincoln Junior High, 72-44.

Ken Tithrage dumped in a whopping 33 points to spark Fisher Body's cagers to their one-sided triumph. Don Smith and Max Jarrett each notched 12 points to top the quintet, which dropped its 6th decision in seven contests.

Local 594 defeated the Clarkston Merchants, 42-38, in an exhibition game last night. Mel Taylor paced the winners with 16 points. Bob Devine and Howard Liverance were high for the Waterford League leaders with 12 apiece.

Dates, Events Listed for Citywide Ice Carnival

The 1956 Pontiac Ice Carnival, co-sponsored by the Pontiac Parks and Recreation Department and the North Side Community Club, will be held Saturday and Sunday, Jan. 28-29, at the North Side Ice Rink, Montcalm and Edison streets.

The city-wide two-day event will be climaxed Sunday evening with an ice show presented by the Pontiac Ice Skating Club and the crowning of the ice queen.

* * *

All preliminary events are scheduled Saturday afternoon, starting at 1:30 with numerous races for boys and girls of all ages. These will be followed at 3 o'clock by the championship game of the Junior Hockey Tourney, which wipds up the afternoon program.

Saturday night, beginning at 7, boys over 15 years of age will qualify for the Silver Skates Derby finals. At 7:30 p.m. girls of all ages will qualify for the figure skating contest. Public skating follows.

Finals in all events will be run Sunday afternoon, starting at 1:30. Figure skating finals are scheduled at 3:30, followed by the selection of the Pontiac Ice Queen.

* * *

Awards, furnished by the North Side Community Club, will be given for all events.

Further information and entry blanks for all events can be obtained by calling the Parks and Recreation Department, FEderal 3-7131. Entry blanks should be sent to either the recreation department or the North Side skating rink.

TOPS WITH WRITERS — World welterweight champion Carmen Basilio, left, of Canastota, N. Y., receives the Edward J. Neil memorial plaque awarded him as "fighter of the year" by the Boxing Writers Association of New York. The annual award is named in honor of the Associated Press boxing writer, Eddie Neil, who was killed while covering the civil war in Spain. Making the presentation is Murray Rose, Associated Press boxing writer and chairman of the board of the writers association.

AP Wirephoto

Souchak Shoots 7-Under to Lead Caliente Field

TIJUANA, Mex. (AP) — Memories of two decades ago in the fabulous Caliente golf years are one thing, but immediate results are something else.

Thus it was today as big Mike Souchak, 28, led a band of hard-shelled golfers into the second round of the $12,500 Caliente Open.

* * *

The 212-pound one-time end for Duke University had a seven-under par 65 behind him and a two-stroke lead over the field to rely on as he teed off over the par 36-36—72 Tijuana Country Club Course.

Nearest to Souchak were Frank Stranahan, Toledo, Ralph Blomquist of Glendale, Calif., and an amateur from Spokane, Wash., Rod Funseth—all tied at 67.

The trio, plus Souchak, were among the 36 players who broke par the first day. Yet Souchak and most everyone else described the 7,207-yard layout, playing today at a shortened 7,000 yards, was tough.

* * *

Mike unhesitantly said this course was harder than the San Antonio course where a year ago he shot a 60 and went on to win the Texas Open.

He missed one putt for his only over-par hole.

The same, to a lesser degree, was true of such other tournament players as Tony Holguin (68), Tommy Bolt, Bo Wininger and Fred Haas (69) and Gene Littler and Jim Turnesa (70).

At one-under-par 71 were Doug Ford, Fred Wampler, Marty Furgol and others.

In 1934 a fine golfer named Wiffy Cox won the Caliente Open with a 72-hole score of 282, two strokes under par, still the tournament record.

The record for cash value was 1930 when the purse was $25,000 and he first prize of $10,000 was in silver dollars.

It was trundled out in a wheelbarrow to the winner, Gene Sarazen.

Chief, Wolves Set for Close Contest

Shooting to break a 1-1 knot in its current Saginaw Valley Conference swimming mark, Pontiac's Chief tankers this afternoon engage a good Bay City Central team in the West Huron pool.

Coach Robert (Des) Boyce figures the dual test will be close and interesting, particularly in the back and breaststroke events, and diving.

Wolves' mentor, Tom Cody, also looked for a tough battle. His club has held one more dual meet than the Chiefs and has a SVC mark of 2-1. Cody will bring a 40-man squad here, headed by Tom Patterson, his unbeaten freestyler, who swims both individual and relay events. Terry Baker, diver, and Tom Meisel in individual medley are other strong contenders.

Washington Back in 1st Place as Lincoln Loses

PONTIAC JUNIOR HIGH LEAGUE

	W	L
Washington	3	0
Eastern	3	1
Lincoln	2	1
Wever	0	3
Jefferson	0	3

Washington's Junior High Braves were back in their old familiar spot in Pontiac's Junior High League basketball standings today, thanks to a helping hand from Eastern.

Em Ghianni's defending champion cagers overwhelmed Wever's outclassed team Thursday afternoon at Wever, 63-12, for their 3rd consecutive victory without defeat.

Meanwhile, over at Lincoln's gym, Eastern's Indians edged previously unbeaten Lincoln, 30-29, to move into 2nd place and shove their victim down to 3rd spot. Both squads are now once-beaten.

Two free throws by Mike Walker with only three seconds of play remaining netted Eastern its win. Walker's charity tosses followed a single foul shot by Lincoln's John Bandy with 13 seconds left, giving the Railsplitters a 29-28 lead.

Walker scored 10 points to pace the Indians to their exciting victory. Bandy tallied the same figure to top Lincoln.

Bob Rabaja netted 14 points to lead Eastern's reserves to a 23-20 decision over Lincoln.

Harrison Munson scored 16 points, Henry Dewalt 12 and Wade Jones 10 as Washington extended its all-winning string to 13 games. The Braves' entire 10-man squad saw action.

Washington's Junior Varsity racked up an easy 50-26 verdict over Wever's reserves. Adolphus Houston topped the Braves with 14 points.

'Make or Break' Games on Cage Card Tonight

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

A full schedule of prep games, including a crucial list of league contests, highlights tonight's activity on basketball fronts.

Most leagues are reaching a mid-point in the title chase with all of the leaders getting stiff tests from the strongest challengers.

EASTERN MICHIGAN LEAGUE

At Birmingham, the two unbeaten leaders of the Eastern Michigan League battle it out with the Maples playing host to a rangy Port Huron quintet.

* * *

The Big Red, led by Dick Robins, a 6-2 junior forward, will be the tallest team to face the Maples thus far. Center spot of the Hurons is held down by low scoring but top-rebounding Carl Chandler who stands 6-4.

Robins, who leads the team's scoring with 106 points in six games for a 17.6 average, teams with either Ken Martin or Gaylord Forbes, both 6-2 who alternate at forwards.

Bob Isbell and John Flesser with 87 and 80 points respectively will be Birmingham's first line of attack.

Other EML games have injury-riddled Ferndale hosting Mt. Clemens and East Detroit going out of league to Hamtramck. Hazel Park has an open date.

INTER-LAKES CONFERENCE

Walled Lake's ambitious Vikings will have to play their best at Southfield to protect a 4-0 league mark. The defending champion Jays have only an overtime loss to Farmington to mar their loop record and a win tonight would throw the race back into the hat for grabs.

Farmington has an easy engagement with Van Dyke and coach Bob Burtch's team will be after its 3rd straight. Tuesday Farmington handed Livonia Bently its 1st loss of the season.

Milford may have too much height and scoring guns for the Trojans of Art Orloske, who have now won three straight Wayne-Oakland games.

* * *

Clarenceville's Darrell Ridling who has pushed through 143 points in six games, and Jim Davidson with 156 in as many games will take the spotlight in the battle.

A win for Milford would practically clinch the 2nd straight title for the Redskins.

Waterford's unpredictable Skippers play host to Berkley in the battle of in-betweens. The Bears are 2-2 and Skippers 1-3 in the IL, and another loss for Waterford would mathematically eliminate the township school from the title chase.

WAYNE-OAKLAND

Another battle in the area between the champion and the challenger takes place on the Milford court where the league-leading Redskins face once-beaten Clarenceville.

Clarkston and Northville provide an interesting show on the Mustang court. Both teams have identical 3-2 records, each having been beaten by Milford and Clarenceville.

* * *

Brighton travels to Holly in what may decide the cellar team of the league, and West Bloomfield goes to Rochester in hopes of snapping a three-game losing streak.

OAKLAND B LEAGUE

Top meeting in Oakland B action takes Avondale's still hopeful quintet to the court of the unbeaten Spartans of Fitzgerald.

* * *

The Yellow Jackets were handed a serious setback at Clawson and could have moved into a 1st place tie with a win tonight.

Fitzgerald still has to go on the road to meet the league's better teams, but for Avondale this is a "must" game, as three losses would practically chase all title hopes.

Lake Orion could crash the win column at home against Roseville, and Madison will aim to stay on Fitzgerald's trail by hosting Troy. Clawson has an open date.

Left-Hander Rated Highly

Dodgers Seek Podres Replacement Among Rookies

(This is the 4th of a series of articles by Associated Press baseball expert Joe Reichler on the rookie prospects of Major League baseball teams. Today he gives the Brooklyn Dodger outlook. Next will be the Detroit Tigers.)

NEW YORK (AP)—The world champion Brooklyn Dodgers, faced with the probable loss of World Series hero Johnny Podres to the Army, are pinning their hopes on Ken Lehman as a replacement for the left-handed star.

* * *

Lehman, one of the 17 rookies who will report to the Dodgers' training camp at Vero Beach, Fla., next month, comes well recommended. His work last year in the International League was so outstanding that several clubs have made attractive offers for the 27-year-old southpaw. To all bids the Dodgers have turned a deaf ear.

Manager Walter Alston is determined to have a good look at the 6-foot, 175-pound Seattle, Wash., native who posted 22 victories, hurled six shutouts including a perfect seven-inning game, completed 21 of 32 starts and turned in a 2.76 earned run average with the Royals.

* * *

Lehman, who was up twice before, owns a three-year Montreal record of 53 victories and 28 defeats. He apparently has curbed the big weakness which held him back—wildness. Last year he walked only 75 while striking out 120 in 241 innings.

As usual, the Dodgers will have an imposing list of newcomers in camp. Back for another trial are shortstop Chico Fernandez, second baseman Charley Neal, pitchers Bob Darnell and Chuck Templeton, catchers Charley Thompson and Herb Olson and outfielders Gino Cimoli, Dick Williams and Bert Hamric. Youngsters up for the first time include pitchers Don Elston, Bill Harris and Bob Walz, catcher Mike Napoli, infielders Jim Gentile, Dick Gray and Jackie Spears and outfielder Bob Wilson.

* * *

Gentile, a 21-year-old, 6-3, 205-pound first baseman, has shown lots of promise, especially at the plate, but it is believed he might be a year or two away. Another product of San Francisco, Gentile batted .290 at Mobile but his 28 home runs and 109 RBI's look impressive. Dick Williams, who once spent a full year with the Dodgers, enjoyed a successful season in the Texas League, batting .317 with 24 homers and 91 runs batted in and may stay up as a pinch hitter and part-time leftfielder.

The Dodgers believe they may come up with a surprise in Wilson, a 28-year-old Negro outfielder who batted .317 at Montreal. Hamric, another flychaser who had a previous trial, is back after hitting .290 at St. Paul.

Aside from Lehman, the best of the new pitchers appears to be Elston, the 26-year-old righthander who came from the Chicago Cubs in the Russ Meyer deal. Elston was 17-6 at Los Angeles. Harris was 13-9 at Fort Worth, Templeton was 4-9 at St. Paul, Walz was 8-7 at Mobile and Darnell was 9-9 at St. Paul. The boy to watch, according to Dodger Vice President Fresco Thompson, one of the keenest minds in baseball, is Mariello. The 6-3 righthander, recently turned 21, won 19 games at Mobile in only his third season in organized baseball, and was third in the Most Valuable Player voting in the Southern Assn. The Dodgers believe he is the best pitching prospect in their entire organization. They don't expect him to make it this year but they believe he can't miss in 1957.

Cage Menu

Pontiac at Saginaw
Port Huron at Birmingham
Mt. Clemens at Ferndale
Berkley at Waterford
Walled Lake at Southfield
Van Dyke at Farmington
Avondale at Fitzgerald
Roseville at Lake Orion
Troy at Madison
Clarenceville at Milford
Brighton at Holly
West Bloomfield at Rochester
Clarkston at Northville
Lapeer at Romeo
Almont at Capac
Millington at North Branch
Cranbrook at Flint Tech
Imlay City at Ortonville
New Haven at Memphis
Brown City at Armada
Ubly at Cedar Line
East Detroit at Hamtramck
South Lake at Warren
St. James at St. Fred's
OL St. Mary at St. Rita

Firemen Hold 1956 Fox Hunt Near Rochester

Annual fox hunt, sponsored by the Rochester Fire Department, has been set for Sunday, Jan. 22. This colorful annual outdoors event provides funds for the department's charitable work.

Last year more than 100 took part, and more than a half dozen of the "red raiders" were taken. Hunt is open to any one interested, but hunters should be at the Rochester American Legion Hall not later than 9 a.m. Buses will transport the nimrods to the site of the chase. Only shotguns may be used, and no dogs will be permitted.

An area of one of the big properties near Rochester will be the scene, but exact location will not be divulged until arrival.

After close of the field work at 1 p.m., dinner will be served in the legion hall.

NHL STANDINGS

	W.	L.	T.	Pts.
Montreal	27	11	7	61
New York	22	13	7	51
DETROIT	18	12	13	49
Toronto	15	22	7	37
Chicago	14	22	9	37
Boston	9	25	9	27

THURSDAY'S RESULTS
Montreal 3, Toronto 1.
Detroit 4, Boston 2.
TODAY'S SCHEDULE
Boston at Chicago.

VIKING COACH — Niles Freeland, basketball coach of the Walled Lake Vikings, sends his team against Inter-Lakes defending champion Southfield in a big game on the Jay court tonight. The Vikings currently lead the league with a 4-0 mark.

3-Day Festival at 'Tipuptown' Starts Today

Ice fishermen from over the Midwest will hold their annual convention at Houghton Lake's "Tipuptown" festival starting today. This is the 6th yearly event and will run three days.

An all-day fishing contest marks today's opening festivities. A sports show tonight, offers many features. Saturday's colorful parade on the shore highway, will be followed by other features, including selection of the Tipuptown queen, a dinner and a ball.

Outdoors writers will name the queen.

Thumb, South Central Leaders Face Stiff Tests

Armada and Capac, running neck and neck in the Southern Thumb League with 5-1 records, face serious tasks in keeping their positions against a pair of upset-minded teams tonight.

Almont's dangerous quintet is Capac's visitor, and the Raiders will be aiming for their 2nd win of the season against the host team. Capac lost its season opener at Almont 44-33, but since then coach Harry Moore's team has taken five straight.

It will be easier sailing for Armada, which travels to Brown City to meet the Green Devils who have won only one game in 9 starts this season.

Memphis and New Haven clash in another Thumb tilt, while Dryden rests for a week.

South Central league action will have unbeaten North Branch host to Millington and Imlay City visiting Ortonville. Imlay and North Branch head the loop with 1-0 marks.

In the Bi-County circuit, Utica and Center Line highlight tonight's activity.

Turner Favored to Beat LaBua

Philadelphian and New Yorker Meet Tonight for 2nd Time

SYRACUSE, N.Y. (AP) — Free-swinging Gil Turner of Philadelphia is a 3-1 choice to make it two straight over Jackie LaBua of East Meadow, N.Y., in their return 10-rounder at War Memorial Auditorium tonight.

The bout will be broadcast and telecast coast to coast (NBC radio-TV, 10 p.m., EST).

* * *

LaBua, 23, is subbing for virus-stricken Gene Fullmer. Jackie accepted the role in hopes of evening his score with the 25-year-old veteran middleweight.

Turner gained a split decision over LaBua in their first meeting here Dec. 14. The judges voted for Gil, 5-4-1 and 6-3-1 while the referee called it a draw.

"I'll do better this time," said LaBua. "I only had two other fights in 1955 before I met Turner and I needed the work."

* * *

The strongly-built ex-sailor has a 25-7 won-lost record with 3 knockouts to his credit. Turner, who has faced the best of the welterweight and middleweight division, has a 49-10-1 record with 33 kayos.

Northey, Sawatski Sign

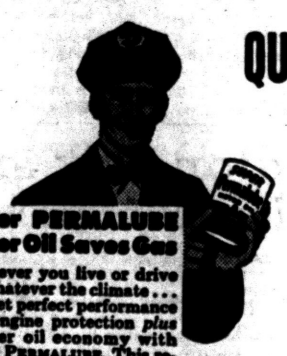

CHICAGO (AP)— Utility outfielder Ron Northey and catcher Carl Sawatski today signed 1956 contracts with the Chicago White Sox.

Gives You Summer Driving in Every Drop
STANDARD
(WINTER GRADE)
PREMIUM GASOLINE
WITH DE-ICER
NO GAS-LINE FREEZE
NO KNOCK
FAST STARTS
QUICK WARM-UPS
Yes, even in the dead of winter, you can get lively, summer performance from your engine! You see, we build summer driving into every drop of STANDARD WHITE CROWN Premium Gasoline. Light, volatile molecules that start cold engines in a flash. Other elements for quick warm-ups. An amazing De-Icer additive that ends gas-line freeze. And the highest octane rating in our history to give you smooth, knock-free performance, mile after mile.
Try a tankful of STANDARD Premium Gasoline, today! Know what it is to have everything it takes to be "TOPS" in carefree summer driving all winter long.

Super PERMALUBE Motor Oil Saves Gas
Wherever you live or drive . . . whatever the climate . . . you get perfect performance and engine protection *plus* greater oil economy with Super PERMALUBE. This remarkable multi-grade oil helps cold engines start quickly and resists thinning when engines are hot. Reduces friction drag to save up to 2 gallons of gas in a tankful. Drive in for a change to Super PERMALUBE today.

You expect more from STANDARD and get it!

Michigan Ski Report Luring for Weekend

Excellent skiing is reported in most of Michigan's northlands. Temperatures generally are ranging between 20 and 28.

In Detroit, the gold and silver skates and Midwest Open Speed Skating Championships will be held Sunday, Jan. 22.

* * *

SHERIDAN VALLEY and Woodridge Ski area (near Lewiston)—temperature 20, 6-8 inch base with 2 inches fresh snow. Snowing at time of report. Skiing excellent.

SKYLINE (near Roscommon)—Temperature 20, 4-inch packed base with ½ inch new snow. Snowing at time of report. Skiing excellent.

GRAYLING winter sports park—Temperature 20, 4-inch packed base with 2 inches fresh, loose snow. Skiing excellent.

SNOW VALLEY, Ski Village, Sylvan Knob, Au Sable Range Ski Club and Otsego Ski Club (near Gaylord)—Temperature 20, 6-10 inch hard packed base with 3 inches new powder snow. Snowing at time of report. Skiing excellent.

MIO MOUNTAIN (near Mio)—Temperature 24, 8-inch packed base with 3-inch new snow. Snowing at time of report. Skiing excellent.

GRISWOLD MOUNTAIN (near Indian River)—Temperature 25, 7-10 inch packed base with one inch new snow. Snowing at time of report. Skiing excellent.

OGEMAW HILLS (near West Branch)—Temperature 24, 2-4 inch base. Beginner's hill good, balance of park poor to fair. Snowing at time of report.

SILVER VALLEY (near the Tawases)—Temperature 20, 4-inch packed base, snowing at time of report. Skiing fair.

SNOW SNAKE MOUNTAIN (between Clare and Harrison)—Temperature 20, 7-inch base, ½ inch new snow. Snowing at time of report. Skiing excellent.

HOUGHTON LAKE, Tip-up-Town fishing festival this weekend, Jan. 20-21-22; Detroit—Gold and Silver skates and Midwest Open Speed skating championships at Belle Isle Sun. Jan. 22.

HOUGHTON-HANCOCK—Skiing excellent, one inch new powder snow over two feet packed base. All tows operating.

WESTERN MICHIGAN

The west Michigan Tourist and Resort Assn. reported for the following winter sports areas.

AVALANCHE (Boyne City) — Ten inches hard packed base, two inches new wet snow. Skiing very good.

BOYNE MOUNTAIN (Boyne Falls)—Eight to 10 inches packed base, two inches new powder. Skiing excellent.

BRIAR HILL (Mesick)—Four inches hard base, 1½-inch loose powder. Skiing fair.

CABERFAE (Cadillac)—Eight inches packed base, skiing fair to good. Caberfae junior meet this weekend.

ECHO VALLEY (Kalamazoo)—will be open for tobogganing and skating.

GLACIER HILLS (Belllaire)—Four to six inches hard packed base, two inches new snow. Snowing at time of report. Skiing excellent.

HICKORY HILLS (Traverse City)—Four inches hard base, light covering of fresh snow. Skiing fair to good. Ice rinks good at Traverse City.

HOLIDAY HILLS (Traverse City)—Four to six inches hard base, light covering of fresh snow. Skiing good. Holiday Hills ice rink good. Sleigh rides also available.

LAKE VALLEY resort (Kalkaska)—Light covering of fine powder, over 14 inches packed base. Skiing excellent. Temperature 25. Snow falling at time of report.

MANISTEE SKI area in Udell Hills—Eight inches base, skiing good.

MISSAUKEE Mountain (Lake City)—Thirteen inches base, ½-inch powder. Snowing at time of report. Skiing excellent.

NEWAYGO winter sports park (Newaygo)—Skiing in good condition.

PETOSKEY winter sports park—Five to eight inches frozen base. Two inches new snow, skiing good and improving. Skating excellent.

Jess Hill to Quit Coaching Post at USC

Trojan Pilot to Move Up as Athletic Chief After '56 Season

LOS ANGELES (AP)—This will be Jess Hill's last year as football coach at the University of Southern California. He will succeed Willis O. Hunter as director of athletics in August, 1957, when Hunter reaches the Mandatory retirement age of 65.

President Fred D. Fagg Jr. announced the future athletic setup at a news conference late yesterday. He said Hunter will be retained after the retirement date for several years on a part-time basis, and he paid tribute to him as having done "the finest job of any athletic director in America for any university."

* * *

Hill obviously will have a hand in the naming of his successor as head coach but Dr. Fagg said: "We have talked to no one about a coaching job at the university. We will organize a committee of people who know the requirements and I assure you we will have a selection in time for the 1957 season."

* * *

The committee, he said, will make its recommendations to the athletic director and the faculty athletic committee headed by Dean Tracey E. Strey of the College of Letters, Arts and Sciences. Their decision then will come to Dr. Fagg for final action.

During Hunter's tenure, the University of Southern California has won national championships in football, track and field, baseball, swimming and tennis, and twice the basketball teams reached the NCAA playoffs. He was appointed to the NCAA Football Rules Committee in 1928 and spent the next 22 years as a member of the committee.

Field of 88 Listed for Senior Golf Test

BRUNSWICK, Ga. (AP)—The second annual Sea Island Senior's Invitational Golf Tournament opened here today with 88 players 55 years old and over entered.

The two-day, 36-hole tournament is match play. Players 65 and over are participating in one class; those 60 through 64 are in a second class; and entries from 55 to 60 are in a third group.

Tribe Signs 2 More

CLEVELAND (AP) — Pitcher Jose Santiago and infielder Bobby Young have returned their signed contracts to the Cleveland Indians, bringing to 14 the number of Tribesmen in the fold for 1956.

Soviet Top Threat at Cortina

CORTINA D'AMPEZZO, Italy (AP)—The Russians have a reputation for not entering international sports competition unless they think they can win. And next week's Winter Olympics, Russia's first, apparently are no exception.

* * *

With six days remaining before the 1956 games get under way in this Alpine village, even conservative appraisals of Russian strength concede the Soviets six gold medals.

* * *

That's more than some nations have been able to collect since the winter games were inaugurated in 1924.

From what they've seen of the Russians in warmup competition, particularly speed skating and ski jumping, experienced observers figure the Big Four among the Olympic nations — Norway, the United States, Sweden and Finland—will have to make room for one more.

* * *

Since 1924, Norway has dominated the winter games, winning 30½ gold medals. The United States follows with 17. Then come Sweden, with 13, and Finland with 12½.

Skating and skiing are the toughest of the Olympic events to predict. And picking winners from among Russia's team members is just as tricky since the Soviets seem capable of producing champions out of nowhere.

Still, Russia probably can expect two gold medals — team and individual—in the men's cross country and two more in the women's cross country.

Another one or two — probably two—gold medals seem headed for Russia in the speed skating.

* * *

Ken Henry of Chicago, who won one of the United States' four gold medals in the 1952 games at Oslo by taking the 500 meters, has only a fair chance of repeating.

* * *

In practice jumps on Italia, the graceful hill which will be the site of the Olympic event, Russia's Kobe Tsakadze has been surprisingly good. He has experience in international competition, and at the very least should push the ace Finns and Norwegians to their best.

* * *

Russia's Alpine skiers form a "mystery" team. Little is known about their potentials, except that they've looked better than expected in several pre-Olympic meets in Switzerland and Austria.

* * *

The Russian girls are expected to pick up at least one Alpine title, probably in the downhill event. And the Russian men wouldn't really surprise anyone if they scored a first.

High Point Tilts Continue in City Loop Cage Play

Stone Front's basketball team, taking its cue from Sun Life's 104-point performance Wednesday, tried to equal or better the feat in a city adult American League game last night at Pontiac High.

The Stone Fronters didn't quite make the grade, but they handed the Keego Merchants a 95-57 drubbing. It was Stone Front's 4th win in seven games and the 6th loss in seven starts for the Merchants.

The winners were off and running and the outcome was never in doubt. Four Stone Fronters tallied double figures, headed by J. Long with 24 points. Dan Williams made 18 points, J. Meaney 14, and J. Taylor 11. Bob Hobson and M. Hance each scored 17 for Keego.

Phil's Inn continued last night's zooming point-production by trouncing Louie's Tavern in an adult National League contest, 81-65. Phil's cagers took a commanding halftime lead and were never threatened.

Al King headed the winners' attack with a lusty 29 points. Sandage scored 25 points to top the tavern quintet.

Stone Keego	22	21	28	24	95
	12	13	13	20	57
Phil's Louie's	18	22	18	23	81
	9	15	20	13	69

Twenty - four National League pitchers walked more batters than they struck out in 1955.

15 Starters Expected for Southern Race

FORT LAUDERDALE, Fla. (AP)—Fifteen yachts were expected to cross the starting line this afternoon on the 48-mile race to Bimini, first event of the 1956 Southern Ocean Racing Conference schedule.

They range in size from the 36-foot yawl, Spray, to the 72-foot yawl, Golf Stream and the favorite probably will be Carleton Mitchell's 38-foot yawl, Finisterre, winner of this event last year.

Public Hearing Jan. 24 on Deer Control Bill

LANSING (AP) — A public hearing on proposed conservation legislation will be held at 7 p.m. Jan. 24 in the house chamber.

Rep. Kenneth O. Truck (R-Baldwin), chairman of the House Conservation Committee, said he called the hearing to air views on bills to outlaw road hunting and give the conservation commission broader powers in controlling the deer herd.

Bowling Clinic

By BILLY SIXTY

SNEAK-UP, OLD FAULT—Generally, it's some little flaw that suddenly causes trouble. The very smallest thing, hard to find. Such as, for instance, the old bugaboo of sneaking up just a bit toward the foul line when you take your stance.

If you are dumping the ball either on or behind the foul line,

THUMB TURNED TO RIGHT—ARM REACHES OUT

not getting it out smoothly onto the alley, chances are your stride is too short. You push the ball away as usual to get it into swing, but you're at the line too soon, straight up, with the left knee stiff, as the sketch shows, instead of being bent.

Unless you flex the left knee in your final step, you don't have a slide finish. And without a slide, the knee being stiff, you're up too straight with the body. Then the ball is driven down into the alley.

Only with the flexing of the left knee will the arc of the swing be low as it passes the left leg into its forward swing to the follow-through, and only then can the arm be lifted easily and smoothly to get the ball over the foul line. That's when the thumb releases

Lapeer Tries for 8th Against Romeo

Lapeer takes the spotlight with a seven game streak at Romeo. Burt Jackson will send his balanced scoring unit against an upset-minded Romeo team which can produce a scoring punch of its own with the Schmidt-Craig-Markham threesome.

Bill Schmidt with 20.2 average and Tom Wilson of Lapeer with a 22.0 per game mark will lead the offensive attacks.

Cranbrook hopes to go over the .500 mark at Flint Tech, Royal Oak is at Fordson and Shrine faces Holy Redeemer in other games of Oakland schools.

Purdue's 6-7 football end last season, Lamar Lundy, wore a size 17 shoe.

Bell Uses Mobile Unit

DETROIT (AP) — Michigan Bell Telephone Co. said Wednesday is using for the first time a mobile dial telephone exchange in areas where permanent facilities are being constructed. The dial switching equipment is housed in a 40-foot trailer and is moved wherever facilities shortages developed. Up to 400 two-party customers have been served from the exchange. Portable exchanges also may be used for civil defense created by fires, tornadoes or other disasters.

Phoenix Becomes Home for Blase Easterners

By EARL WILSON

PHOENIX—Out here in the wild and woolly West, I found Georgie Jessel working in a cafe and George Gobel building a hotel.

Once upon a time visitors asked which side you milked a cow on, and an Arizonan answered, "the outside." This is a sophisticated West—creamy skinned gals who don't need cream, foreign cars, streamlined churches, vodka as well as bourbon drinkers, horse and dog races even on Sunday, handsome jet pilots—oh, yes, and climate.

★ ★ ★ ★

"Climate is what Arizona advertises and weather is what it has," says Phoenix author Oren Arnold. On one of those 115-degree summer days a dog burned a hole in a screen door sticking his cold nose against it. It seldom rains here; houses only need roofs for TV aerials.

We wore sombreros when we got off a TWA quickie vacation plane—but I ditched mine when I saw a sign saying "124th Street."

George Gobel's just one of the sagacious Easterners who invest in the West.

Christine Jorgensen's been here just ahead and the Koko boss, Sol Tropp, an ex-New Yorker, said: "Phoenix is ready for Broadway-Hollywood entertainment."

Georgie told in one story of somebody "employing language Milton Berle wouldn't use in front of Sophie Tucker." It got a big laugh, proving everybody knows celebrities' habits. Georgie did real well.

Out at nearby Scottsdale we saw a man shoot down two other men right on a corner. A wagon pulled the two bodies away, their feet sticking out. The cartridges were blank—it was a picture-taking to promote the next rodeo.

★ ★ ★ ★

Many young men going West will come to this land of Horace Stoneham and his New York Giants, and Frank Lloyd Wright and his architecture students. I couldn't find one soul who'd admit he'd like to go back where he came from. The only pessimistic note was from a woman who solemnly said, "You know the Indians can now buy whisky, and the Indians aren't ready for whisky yet." Gosh durn, I wonder who is.

★ ★ ★ ★

THE MIDNIGHT EARL . . .

Rita Hayworth, escorted by Raymond Hakim, arrived in town quietly en route to France . . . Att'y Jerry Giesler's due here to push $9,000,000 worth of lawsuits for Sammy Davis Jr. and two other clients against scandal mags.

LYNNE

Virginia Warren is coming back to New York to live, and to get a job . . . Lillian Roth entertains at parties with an imitation of Susan Hayward's imitation of her . . . Piper Laurie and Gene Nelson are acting like soon-to-be newlyweds . . . Lynne (64G Quiz) Dollar has a roommate named Nerissa Nickel and a dog named Penny.

A famed young actor is resting in a midwest sanatorium after a breakdown . . . Tyronne Power flew in from L.A. for the Russian New Year party . . . Audie Murphy bought a 65-foot yacht . . . Sloan Simpson bought a home in New Hope, Pa. . . . Rita Gam's new romance is a publishing exec.

EARL'S PEARLS . . .

There's so much good in the worst of us, and so much bad in the best of us, that it's hard to tell which of us ought to reform the rest of us.

WISH I'D SAID THAT: "The honeymoon is over, kid, when your wife starts to complain about the noise you make getting breakfast."

TODAY'S BEST LAUGH: Mrs. Red Skelton opened a Chinese fortune cookie, and as she read the slip, Red said, "Oh dear, I hope it's not bad news." That's earl, brother.

(Copyright 1956, the Hall Syndicate)

Bentley Urges House to Back Ike's Policy

WASHINGTON (AP)—Rep. Bentley (R-Mich) has proposed the House go on record as supporting Eisenhower administration policies in certain trouble areas of the world.

* * *

However, the congressman put some language in his resolution that was not included in President Eisenhower's State of the Union Message.

Bentley's resolution would make it "the sense of the House that the policy of the U. S. government should be to continue to exercise our leadership and moral strength to bring about the reunification of the people of Germany, the entrance of Japan into the United Nations and the peaceful achievement of freedom and independence by the peoples now under Communist bondage."

Bentley, in a statement, noted the President's message listed these aims but spoke only of "peoples now under bondage," omitting the word "communist."

The resolution also urged that the United States work for reunification of Korea and Vietnam as well as Germany "under conditions which guarante self-determination and independence."

The printing industry ranks ninth among the nations top twenty manufacturing industries in total number of employes with more than 780,000 workers employed.

Chinese Status of Living Better Than Pre-Red Days

HONG KONG (AP)—A British professor says the mainland Chinese lead drab lives but seem to have a higher standard of living than in pre-Communist days.

* * *

After a three-week tour of the mainland, Prof. E. Stuart Kirby of Hong Kong University says his observations make him agree with Sir Winston Churchill that communism is "an equal sharing of squalor."

He said that although the Chinese Communists tried to impress upon foreign visitors their desire for peace, he had never seen so many soldiers as in Red China.

Kirby, a specialist on Asian affairs, made his expenses-paid visit with a group of Hong Kong University professors as guests of the Communist — controlled People's Assn. for Cultural Relations with Foreign Countries.

MAJOR REASON

Apparently a major reason for arranging the tour, Kirby said in a lecture, was to open up tourist trade and show that Communist China is safe, interesting and reasonably comfortable.

He said considerable new building has been completed in a nondescript, characterless "barracks-like" architecture. Earlier attempts at making buildings more comfortable were abandoned in the name of economy, he reported.

Other Kirby findings:

Despite rationing, there appeared to be no food shortages and no signs of malnutrition. Clothing, though rationed and drab, seems sufficient.

There is solid progress in industrialization. New big projects, such as the giant Anshan steel works and the No. 1 machine tool plant at Mukden, were donated by the Russians.

Russian technicians in industry have been withdrawn generally and replaced by Russian-trained Chinese personnel.

Predicts 'Much Work' in Westinghouse Talks

PITTSBURGH (AP)—A federal mediator says there is "much work to be done" now that full-scale negotiations have resumed in the Westinghouse Electric Corp. strike.

The talks between the company and the striking AFL-CIO International Union of Electrical Workers got under way again Wednesday after a two-week lull.

Hollywood Headlines:

David Nivens Will Spend Several Months Abroad

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—We're losing another one of our popular Hollywood couples for three or four months and perhaps longer. On Feb. 25, David Niven and his beautiful Hjordis sail for Europe, both on business and pleasure.

They go straight to London where David will star in "The Silken Affair." After the London film is finished, the Nivens go to the Scandinavian countries to visit Hjordis' family.

They then go to Greece and Italy where David will film two television shows for the Four - Star Playhouse.

I hear tell there's a big effort on the part of Columbia to get James Cagney for "The Last Hurrah," Edwon O'Conner's novel, and I'm told that Jimmy is not indifferent to the offer.

"The Last Hurrah" won the Atlantic Monthly award for the year.

There are two top roles in "The last Hurrah" — a 72-year-old New England politician and his son. The role of the old man would be a challenge any good actor would enjoy.

CLOWN TO STAR

The circus fans who adore the great clown Emmet Kelly, and have never seen his real face, will get that opportunity in "The Captain From Kopenick," the TV film Kelly will make for Hal Roach Jr.

In fact, the world's most famous clown is already on his way here for this unusual story which will be one of the series of "The Stories of John Nesbitt."

Hal Jr. tells me, "Emmett is the perfect actor to play the true life incident based on the German vagrant, Willie Voight, who in 1906 almost upset the military might of Germany by a gag.

"He bought an authentic naval captain's uniform complete with medals and correct papers in a pawnbroker shop. Operating under this fraudulent identity Voight perpetrated mischief that had international complications."

Jimmy Dean's father, Winton Dean, who has been a dental technician at Sawtelle Veterans Hospital for the past 27 years, says it will be a year before the $100,000 estate left by Jimmy will be probated.

I know Mr. Dean was speaking the truth when he said he gets a lot of mail. I've received literally hundreds of letters about Jimmy since his death, and letters continue to pour in.

Dean Sr. also says he has been approached by several independent producers about making a motion picture based on Jimmy's life. I believe Warners should do this. It would make a great story.

AIR-MINDED

Our own Jimmy Stewart, who was a colonel in the Air Force during World War II, has aviation in his bones again. He'll report to the Strategic Air Command in Omaha March 1 for two weeks of active duty.

I'm wondering if "The Spirit of St. Louis" didn't put the spirit to fly again in Jimmy's mind.

I haven't had a chance to congratulate him on winning the popularity vote of the Motion Picture Herald. Last year was a good year for Jimmy with so many successful pictures.

Snapshots of Hollywood collected at random: Clark Gable was on the Paramount lot with his agent, Herman Citron, to talk with Jerry Lewis about a picture.

Diners at the Bantam Cock were plumb fascinated when Noel Coward came in stag to listen to the Hal Dean Trio play Coward's song hits.

Linda Darnell, who started at 20th Century - Fox 15 years ago, plays a return engagement on a TV film there called "Courageous Coward."

Bob Howard, of Palm Springs Howard Manor, has concocted a new drink called the Tin Lizzie Cocktail, which he serves in tincups—in honor of the sale of Ford Motor stock.

Chairman of JCS May Get Housing

WASHINGTON (AP)—The government wants to spend $300,000 to house the chairman of the Joint Chiefs of Staff in an official compound equipped with a private communications network.

* * *

The Defense Department's new military construction program just announced includes this amount to build a house for the chief and suitable dwellings for four of his close assistants on the Naval Observatory grounds in Washington.

* * *

The present chief, Adm. Arthur W. Radford, drew up the proposal with the President's approval.

Radford is in his second two-year term as chairman of the chiefs and probably wouldn't get to live in the compound — which would take more than one year to complete — even if Congress votes the money.

Wheat, Beans Move Lower

CHICAGO (AP) — Wheat and soybeans inched lower, feed grains held steady and lard firmed on the Board of Trade today.

At the outset soybeans were ahead, reflecting strength in soybean oil futures, but the gains could not be maintained. Mild selling pressure entered wheat from the opening gong.

Lard firmed on news of a big export transaction with Yugoslavia but even in this commodity there was no buying rush. Loose lard also moved up, being quoted at in nine cents a pound.

Wheat near the end of the first hour was unchanged to ⅞ lower, March $2.10; corn unchanged to ¼ higher, March $1.29½; oats ¼ to ⅜ higher, March 64⅝; rye unchanged to ½ lower, March $1.21¾; soybeans unchanged to ⅝ lower, January $2.43½, and lard 5 to 7 cents a hundred pounds higher, January $11.07.

Longer Term Law Subject at Meeting

Possibility of backing legislation increasing the terms of state and county officers from two to four years will be discussed at the Mid-winter Conference of the Michigan County Clerks Assn. Sunday through Tuesday.

The clerks will assemble at the Hotel Statler in Detroit, said Oakland County Clerk Lynn D. Allen, co-chairman for the event. County Register of Deeds Orrin McQuaid and Deputy Treasurer Lloyd Sibley also will attend.

Committee meetings will begin Sunday afternoon, said Allen with full assemblies on the following two days. The clerks meet prior to the annual meeting of the State Assn. of Supervisors. Their recommendation for new laws then can be taken before the supervisors' group for possibly joint presentation to the Legislature.

Insurance Man Speaks at National Convention

Harry Curtis, local agent for the Michigan Life Insurance Co., was among the main speakers yesterday at the firm's annual convention at its new Royal Oak headquarters.

Title of Curtis' speech was "Methods of Mortgage Prospecting."

The convention delegates were later addressed by William J. DeGrace, of West Blomfield Township, public relations account executive for Clark & Bobertz Inc., of Detroit.

Ford Motor Stock Dips 12 Cents, Is Still Active

NEW YORK (AP) — Ford Motor stock was quoted at $66.75 bid, $67 asked in early dealings in the over-the-counter market today. It was down 12 cents a share from yesterday's closing figure.

Trading was fairly active.

The 10,200,000 shares of Ford were offered this week at $64.50 each and in initial trading reached a high of around $70. Brokers attributed the decline since then to profit-taking by traders and to the decline in prices on the New York Stock Exchange.

Gotham Fuel Strike Ends After Fifth Day

NEW YORK (INS) — Chairman hugh Sheridan of Mayor Robert F. Wagner's citizens' committee announced today settlement of the five-day fuel strike in New York City.

Official end of the strike, however, must await ratification meetings of both sides at 2 p.m. (EST) when the 300 employers in one group and representatives of 3,000 striking truck drivers in another session will decide on acceptance.

UM Accepts $5 Million Military Study Grant

ANN ARBOR (INS)—The University of Michigan yesterday announced acceptance of a $5 million grant from the Defense Department for battlefield surveillance research in 1956.

The project is described as investigation for improvement of means for detecting targets and obtaining information of the military situation on the battlefield.

The project is the largest in the University's $16 million budget research in the coming year.

County Deaths

Larry J. McGrath

WEST BLOOMFIELD TOWNSHIP—Prayer service for Larry J. McGrath, 8-month-old son of Mr. and Mrs. Jack McGrath, will be held at 1:30 p.m. Saturday from the C. J. Godhardt Funeral Home, with burial in Holy Sepulchre Cemetery. The child died yesterday at his home.

He is survived by his parents; a sister, Elizabeth, and a brother, David Lee, both at home.

Livestock

DETROIT LIVESTOCK

DETROIT, Jan. 19 (AP)—Hogs salable 100. Not enough hogs early to make a market. Undertone strong.

Cattle salable 300. Market mostly steady. Compared last Thursday movement: most classes rather sluggish; slaughter steers and heifers fully 50 cents lower, demand broadest for choice and prime under 1050 lb steers; utility cows very slow, weak to 50 cents lower; canners and cutters active, firm; bulls dull, fully 1.00 lower; stockers and feeders steady; 13 head prime 920-1040 lb steers 23.00; few small lots prime 1071-1101 lb steers 22.50-22.75; around three loads mostly prime 1062-1210 lb steers 22.00; bulk good to low choice steers 18.00-21.50; small lot prime 1300 lb steers 21.50; some commercial to low good steers 18.50-19.00; few lots good and choice 602-891 lb heifers 18.50-19.00; bulk utility and commercial steers and heifers 13.00-16.00; bulk utility cows 8.50-11.00; canners and cutters unevenly 8.50-10.50; bulk utility and commercial bulls 12.00-13.00; 20 head high choice 838 lb short yearling feeders 22.25; bulk good and choice stockers and feeders 18.00-21.00.

Calves salable 50. Vealers about steady today. Compared last Thursday outlet narrower for choice and prime vealers; market mostly steady; bulk good and prime choice vealers 21.00-23.00; few high choice and prime individuals early in week 20.00-35.00; bulk utility and commercial grades 15.00-21.00; cull and low utility very active 10.00-13.00, not much below 13.00 late.

Sheep salable 25. Nominal. Compared last Thursday, broad and aggressive demand slaughter lambs unevenly 50c to 1.00 higher; sheep rather scarce, strong to 50c higher; around 180 head choice and prime 83-98 lb wooled slaughter lambs 21.00; bulk good to prime, mostly choice wooled lambs 17.00-19.00; 165 head choice and prime 92 lb shorn lambs No 1 pelts 19.50; most good and choice shorn lambs No 1 pelts 18.50-19.00; few good and choice crash shorn lambs 17.50; cull to choice slaughter sheep mostly 6.00-8.00.

CHICAGO LIVESTOCK

CHICAGO, Jan. 19 (AP)—Salable hogs 14,000; generally active, steady to 25 higher on butchers, advance on weights over 230 lb.; sows steady to strong, instances 25 higher early clearance; most No. 1 to 3s 190-230 lb. butchers 11.50-12.25; kinds 4s 12.00 and above with No. 1 and 2 end; a 35 head lot 12.50; most 230-260 lb. 10.75-11.50; a few 220 lb. 11.75, and bulk 270-320 lb. 10.00-10.75; most 330-600 lb. cows 8.50-9.75; a few around 300 lb. to 10.00.

Salable cattle 2,000; salable calves 200; general trade about steady; good and choice steers 1,050 lb. down and choice heifers fairly active; others slow; cows fully steady; a few high choice under 1,100 lb. steers up to 22.00; most good and choice steers 1,350 lb. down 17.00-21.25; low choice 900 lb. 20.00; low choice around 1,350 lb. steers 17.00; a load of choice and prime 1,400 lb. steers 19.50; some good grade 1,050-1,350 lb. steers down to 16.00; a few commercial 850 lb. 14.00; a few 1,100 lb. utility Holstein steers 13.50; load of high choice 1,020 lb. mixed steers and heifers 21.50; a load of good 880 lb. mixed yearlings 18.00; good and choice heifers 15.00-20.25; utility and commercial cows 10.00-12.00; canners and cutters 8.25-10.50; utility and commercial bulls 13.50-16.00; vealers 29.00 down; two loads mostly choice 300 lb. stock steer calves 21.00; 100 head good and choice 400-440 lb. stock heifer calves 17.25-18.25; a load of choice 733 lb. feeding steers 18.75.

Salable sheep 3,500; active salughter lambs fully steady; sheep about steady; most sales good to prime wooled lambs around 110 lb. down 18.50-19.50; one small lot choice and prime 19.75; a few heavier lambs up to 125 lb. down to 17.00; cull to low good lambs 12.00-17.50; mostly choice around 100 lb. shorn lambs No. 1 pelts 18.25-18.50; cull to choice slaughter ewes 4.50-7.00.

Thrifty Drugs Gets Walgreen Franchise

Appointment of Thrifty Drug Stores as Walgreen agency for the Pontiac area was announced this week by Manager David Dunsky. The chain operates stores in Pontiac and Drayton Plains.

The stores will stock Walgreen brands of merchandise and will assume prescription services presently provided by the Walgreen store in downtown Pontiac, Dundky said.

Elect Author Cowley

NEW YORK (AP)—Malcolm Cowley author and critic, yesterday was elected president of the National Institute of Arts and Letters.

The company's lease on the latter store's building will expire Feb. 1.

Market Makes Quiet Advance

NEW YORK (AP)—The stock market today made a quiet advance in the early afternoon to reverse a two-day downtrend.

The rise was largely limited to smaller fractions. Very few gains or losses were larger than a point.

Business was at a moderate pace of around 2,000,000 shares for the day in contrast to the 2,500,000 shares traded yesterday when the market was sharply lower.

Most major divisions were higher, and at the worst they were narrowly mixed.

Ford Motor backed down quietly to 66? bid and 66⅝ asked after hitting a high of 67-67¼. It closed yesterday at 66⅝-67¼.

Texas Co. made some wide swings while directors were proposing a two-for-one split. The stock closed yesterday at 123⅝ and it hit a high of 126⅛ before the split announcement and a low of 120 afterward. Most of the trading later was done at a net loss of between 2 and 3 points. One block of 1,600 shares went at 121.

Panhandle Oil had a flurry of early activity following news that directors plan to sell a large block of the company stock to Belgium's Petrofina.

Foremost Dairies lost around a point without much selling pressure following a Federal Trade Commission charge that it had violated the anti-merger law.

At noon the Associated Press average of 60 stocks was ahead 60 cents at $174.00. The average was off $1.70 yesterday and $1.80 the previous day.

City's Voters Reminded of Registration Deadline

City Clerk Ada R. Evans yesterday urged Pontiac voters not to forget Feb. 6.

That is the last possible day in which voters can register for the March 5 city primary and municipal general election April 2.

"I think, for a city, primary registrations have been quite good," the clerk said.

Under a state law, which prohibits the city clerk from taking registrations after the 30th day preceding an election, Feb. 6 is established as the deadline for registration for both elections.

In addition to the city clerk's office in the City Hall, citizens can now register at the Local 594 hall at General Motors Truck and Coach Division, Local 653 of Pontiac Motor Division and the Oakland County CIO office at 21½ E. Lawrence.

On Feb. 2, 3 and 6 the city clerk's office will be open from 8 a.m. to 8 p.m. to take registrations, Mrs. Evans said.

DeSoto Sales Jump 70 Per Cent in '55

With a 70 per cent increase in sales setting the pace, the DeSoto Division of the Chrysler Corp. broke all previous records in sales, production and shipments during 1955, according to Vice President J. B. Wagstaff, sales head.

The company closed the year with 128,094 sales, Wagstaff said, a figure which was 3.6 per cent higher than the previous all-time high set in 1953.

Citing the "combination of the top product in our history" and reorganized field and dealer organization, Wagstaff commented:

"We expect to set new records in 1956 with our proved formula. Our minimum goal is an approximate 20 per cent sales improvement over our 1955 record with a production target of 15,000 cars. Having moved from 13th to 11th place in 1955, we now mean to crack the top 10."

Chrysler Counsel Named to National Car Group

DETROIT (INS)—J. King Harness patent counsel of Chrysler Corp., has been elected chairman of the Patent Committee of the Automobile Manufacturers Association.

George H. Willits, director of the patent section, General Motors Corp., has been named vice chairman.

The election of Harness fills a vacancy left by the resignation of Harold S. Vance, former chairman of the Executive Committee, Studebaker-Packard Corp.

Packard-Clipper Dealers Boost Net Profits in '55

A $13 million increase in 1955 net profits, before income taxes, for the Packard-Clipper Division dealer organization was reported today by General Sales Manager Donald R. Stuart.

Among reasons for the boost cited by Stuart were more aggressive merchandising activity, the "dualing" of Packard, Clipper and Studebaked dealerships, improvements in dealer franchise agreements and a high degree of product quality.

Trio Confesses to 2 Breakins

Admit Looting Machines in Area Service Stations Early This Month

Three men, whose dubious "talents" lean toward breaking into cigarette machines, admitted two similar crimes here last week, Pontiac Police said yesterday.

The trio confessed robbing machines during breakins Jan. 11 of a gas station at 842 N. Perry St., and Jan. 9 of a gas station at 34 N. Perry St.

They are William McCarther, 24, of 207 E. Huron St.; Donald Ritter, 27, of 4 S. Saginaw St., and Joseph Brower, 19, of 91 Tebeau Ct.

All face examination in Circuit Court Monday on charges they broke into a cigarette machine and stole $110 from the till of a bar at 1650 N. Perry St. Jan. 11.

Three others, arrested during the investigation, face charges of breaking and entering elsewhere.

Melvin Faust, 18, of 46 E. Cornell St., was turned over to Oakland County Sheriff Department, which wanted him for breaking into an Auburn Heights bowling alley.

James M. Atchison, 21, of 99 Virginia St., and Wilbur J. McCaulley Jr., 19, of 99 Orchard Lake Ave., both were turned over to Genesee County Sheriff Department for investigation of Flint breakins.

Await Examination on Robbery Charges

For the sake of $27, gained in a three-crime spree last week, two Pontiac men face possible terms in Jackson State Prison.

The pair, Victor L. Hood, 21, of 23 Midland Dr., and William M. Dennison, 23, of 92 Judson St., are in jail awaiting examination in Circuit Court on charges of holding up a housewife Jan. 13 and stealing $3.

Today police announced the two confessed that Jan. 10 they gained $2 in a home burglary at 986 Berwick Blvd. and $32 in the stick-up of a grocery store at 330 W. Huron St.

Det. Sgt. Raymond E. Meggitt and Det. Olin E. Hoffman said the pair also admitted netting nothing in an attempt to break into a Pontiac home in October.

Both parolees from Ionia State Reformatory, they also were wanted by Oakland County Sheriff's Department for a home burglary on Holly Rd., the detectives said.

News in Brief

Charged with reckless driving, Johnnie Wright, 25, of 240 E. Wilson Ave., pleaded guilty before Municipal Judge Cecil McCallum yesterday. He was fined $25.

Someone stripped a pair of fender skirts from his car parked in a lot at Joslyn Ave. and Kennett Rd. yesterday, Edwin Stevens, of Clarkston, told Pontiac police.

Police Tracking 'Mad Dog' Killer

Two States Join Indiana in Hunt for Murderer Indicted in 5 Deaths

EVANSVILLE, Ind. (AP) — Police in three states searched grimly today for Leslie Irvin, described as a "mad dog" killer who escaped from jail while under sentence of death for one murder and indictment for five others.

The hunt was concentrated in the Evansville area and in nearby sections of Kentucky and Illinois.

Illinois state police put out a statewide alert for Irvin last night after authorities at Watseka, Ill., said they had reports he had been seen in a Watseka tavern.

Meanwhile, law officers and witnesses in Irvin's murder trial were given police guards as they hunted the 31-year-old former Evansville pipefitter.

Irvin, convicted of killing an Evansville man and also charged with killing two Indian women and three members of a Kentucky family, had been scheduled for transfer Monday to the Indiana State Prison at Michigan City to await execution in the electric chair June 12.

Irvin, held in jail at nearby Princeton during the appeal period which followed his conviction and sentencing in Gibson Circuit Court, was missing at breakfast time yesterday.

Four jail doors had been either unlocked or locks picked. Sheriff Earl Hollen said, "There had to be some outside help," adding one man could not have opened the doors himself from the inside. The heaviest snowfall of the winter quickly covered his tracks.

Business Notes

Oliver E. Owens, 20, of 3674 Oakshire St., recently graduated from a home training course in radio maintenance and television conducted by the Devry Technical Institute of Chicago, school authorities said today. Owens is employed by Johnson Radio & Television Service, 5 Walton Blvd.

The advancement o fJohn M. Foss to personnel director of General Motors' United Motros Service Division was announced today by General Manager Roland S. Withers.

Formerly assistant personnel director, Foss succeeds Herbert M. Zerbe who was recently placed on special assignment within the division.

Foss attended Albion College before joining the division's staff in 1923. He later was associated with GM's Overseas Division, and during World War II served at the division's tank depot in Lima, O.

Tech Meets Minnesota in Important Series

MINNEAPOLIS (AP) — Michigan Tech's surprising hockey team, currently in 2nd place in the Western Intercollegiate League, meets Minnesota tonight and tomorrow in an important two-game series.

Michigan Tech, aiming for a spot in the NCAA tournament, has won five of six games this season and has an overall of 12-1. The Huskies have won their last five games in a dow.

Pontiac to Offer New V-8 Engine

Strato-Streak Available as Optional Equipment on 1956 Models

Introduction of a new 285 h.p. Strato-Streak V-8 engine as optional equipment for 1956 model Pontiacs was announced yesterday by R. M. Critchfield, Pontiac general manager.

The special engine, with a compression ratio of 10:1, exerts maximum torque of 330 foot pounds. It has twin four-barrel carburetors and special intake manifold, special camshaft, special valve-lifters and inner valve springs, special ignition coil and special distributor.

Either the Pontiac Strato-Flight Hydra-Matic or Synchro-mesh transmission can be used with the more powerful V-8.

The limited production of the new power plant is intended primarily for sports car and stock car racing enthusiasts. The engine is available on all Pontiac models and will be installed in cars built in Pontiac, Critchfield said.

In addition to the optional 285 h.p. engine, Pontiac will continue to offer in 1956 its 227 h.p. V-8 as standard equipment in the Star Chief series, and a 205 h.p. V-8, standard on the 870 and 880 series. The addition of Pontiac's optional dual exhaust system boosts the horsepower on these two engines 12.6 and 10 h.p. respectively.

Supervisors Weigh Decision on Group

The Oakland County Board of Supervisors is expected to decide Jan. 30 on whether to join a six-county highway commission being sponsored by the Supervisors Inter-County Committee.

Oakland would contribute $2,000 toward the commission's work in developing a coordinated highway plan. The Inter-County Committee gave its final approval to the project yesterday.

Other counties which will participate if their supervisors approve are Wayne, Macomb, Washtenaw, St. Clair and Monroe.

Earnings

NEW YORK (INS) — American Airlines, Inc. has reported net income for the year ended Dec. 31 of $18,609,281, equal to $2.42 a common share. This compared with $11,431,287, or $1.54 a common share, in the preceding year. Revenues increased to $260,736,657 from $214,786,204 in 1954. The company noted that total passenger miles increased 26 per cent; air freight was up 24 per cent; and air express rose 22 per cent in total volume.

NEW YORK (INS)—P. C. Spencer, president of Sinclair Oil Corp., estimates 1955 net income in excess of $80 million, or $5.97 a share on 13,428,739 common shares outstanding. This compared with $74,623,256, or $5.05 a share, on 12,321,450 shares outstanding during 1954. Spencer pointed out that heavy conversions of the company's convertible debenture issue was largely responsible for the increase in number of outstanding common shares last year.

Ike's Reply Clouds California GOP Status

SACRAMENTO, Calif. (AP)—President Eisenhower's statement on his political plans left the Republican picture in California just as uncertain as ever today.

Gov. Goodwin Knight was "delighted "to hear Eisenhower won't object to the entry of his name in presidential primaries.

Knight quickly announced he would form a California delegation to the GOP National Convention pledged to Eisenhower.

Whether Eisenhower will consent to file for the June 5 California primary is the big question. His written approval would be required.

Port for Solomons

SYDNEY—Since the last American wartime wharf at Kokum, near Honiara, collapsed in 1952, the capital of the British Solomons has had no adequate port facilities. Now materials and staffs are being assembled to build a usable port at Honiara.

NOTICE

To: Property owners, qualified school electors and all other interested parties of the Bloomfield Hills School, Oakland County, Michigan, and of the Avondale School District, Oakland County, Michigan.

NOTICE

of proposed alteration of boundaries of Avondale School District, Oakland County, Michigan, by detaching the following described land, to-wit:

The South 20 acres of the East 1,662.52 feet of the Northwest fractional quarter of Section 6, T2N, R11E, being lots Nos. 70 through 78 and lot No. 107 and part of lots 57, 69, 69, 79, 89, 90 and 105 of Charnwood Hills Sub-Division No. 2, from Avondale School District, Oakland County, Michigan, and adding the same to the Bloomfield Hills School, Oakland County, Michigan.

You are hereby notified that a public hearing will be held at the Oakland County School Office Building, 1025 North Telegraph Road, Pontiac, Michigan, the 2nd day of February, 1956, at 4:00 o'clock p.m. to consider the advisability of detaching the above described territory from the Avondale School District, Oakland County, Michigan, and adding the same to the Bloomfield Hills School, Oakland County, Michigan.

THE OAKLAND COUNTY BOARD OF EDUCATION WILL DETERMINE

1. Whether the proposed alteration of boundaries shall be made;
2. The effective date of the transfer, if ordered;
3. Whether or not any personal or real property is to be transferred and, if so, the equitable consideration therefor.

Any interested parties will be given an opportunity to be heard at the time and place above quoted.

Dated at Pontiac, Michigan, this 16th day of January, A.D. 1956.

OAKLAND COUNTY BOARD OF EDUCATION
By: W. J. Emerson, Secretary.
Jan. 20, 27, 1956

NOTICE

The Zoning Board of Independence Township, Oakland County, Michigan, will hold a public hearing on February 13, 1956 at 7:30 p.m. at the Township Hall, Clarkston, Michigan, to consider a request for the following change in Township Zoning Districts: to rezone a part of the west half of the northeast quarter of Section 1, Independence Township, Oakland County, Michigan, described as: beginning at a point in the west line of the northwest quarter located north 2 degrees 00 minutes east 1697.90 feet from the southwest quarter corner of Section 1, thence north 2 degrees 00 minutes east along the section line 611.97 feet, thence south 87 degrees 54 minutes east 1316.97 feet, thence south 2 degrees 27 minutes west 193.67 feet, thence north 88 degrees 25 minutes 08 seconds west 1310 feet to the point of beginning, from Agricultural to Gravel-Sand.

RICHARD MORGAN, Chairman
Independence Township Zoning Board
Jan. 20, Feb. 10, 1956

Owners Seeking District Change

Petition School Board for Property Transfers to Bloomfield Area

Petitions from property owners in Charnwood Subdivision No. 2 Adams and Square Lake Rds., for property transfers from the Avondale School District to Bloomfield Hills School District were received by the Oakland County Board of Education at its regular meeting last night.

* * *

Date for a public hearing was set for 4 p.m. Feb. 2 in the county offices, 1025 N. Telegraph.

The board also received a comprehensive report of the two-year Oxford Area Study, which carries recommendations for dealing with school problems in 14 Oakland and Lapeer County school districts; heard a report on county services to local school districts from Claude Elmore, assistant county superintendent of schools in charge of administration; and authorized the hiring of an additional homebound teacher.

* * *

Among reasons for the petition for property transfers, signed by some 30 Charnwood residents, principal complaint was that many had bought property believing it to be in the Bloomfield district, later to learn it was in Avondale. The district line bisects this subdivision, and several lots are divided with half in one district and half in the other, residents claim.

In setting the Feb. 2 hearing, the board urged those in favor of the transfer as well as those opposed to be present. After hearing testimony, the board will adjourn for an executive session and then make its decision, said Kenneth Brown, deputy country superintendent of schools.

Auto Club Fetes Educators, Police at Safety Dinner

Principals, administrators and teachers, who sponsor safety patrol and service squads in Pontiac schools, were honored at a dinner in the Rotunda Inn at Pine Lake last night by the Automobile Club of Michigan.

In citing the outstanding work of safety squads, Vernon R. Martin, Auto Club safety patrol supervisor, credited much of the success of the program to the Principals' Safety Committee, which coordinates both traffic and personal safety in the schools.

Police Chief Herbert W. Straley and police officers working in school safety were among the 80 guests at the dinner. Auto Club representatives included Emerson Alston, Pontiac division manager, and Robert E. Lewis and Joseph Zabelski, safety education consultants.

Seeks Court Order Against New Road

Sherwood R. Walper is attempting to get an Oakland County Circuit Court order stopping the State Highway Department from grading or removing buildings from 15 acres of land he owns in Farmington Township.

The Department wants the land as right-of-way for the U.S. 16 relocation.

Walper alleges the property is worth more than the $16,750 offered him. He wants proceedings halted until a commission can review property-damage costs. No hearing date has been set.

TOWNSHIP OF INDEPENDENCE
COUNTY OF OAKLAND,
STATE OF MICHIGAN
ORDINANCE NO. 17
Adopted January 17, 1956
Effective February 20, 1956
Title: An Ordinance, to require that the proprietor of a proposed plat of ce.tain size provide proof of availability of water and enter into an agreement providing for the construction of a central water supply system.

The Township Board of Independence Township of the County of Oakland, State of Michigan, ordains:

Section 1. From and after the effective date of this ordinance as a condition precedent to the approval of a plat by the Township Board, the platter or proprietor of a proposed plat may be required to enter into an agreement with the Township providing for the construction of a central water supply system within a reasonable time. The Township Board may require a surety bond, in an amount to be set by the Board, to be given for the faithful performance of such agreement.

Section 2. As an additional condition precedent to the approval of such plat the Township Board, in order to determine the suitability of the area for platting, may require that a well be drilled and a supply of potable water therefrom assured sufficient to satisfy the normal requirements of structures which may be constructed in the area proposed to be platted and to satisfy the requirements of the State Health Department.

Section 3. The Township may withhold a certificate of occupancy as to any structure constructed in such platted area until the terms of such agreements are carried out.

Section 4. This ordinance shall apply only to proposed expandible plats containing more than twenty lots, and to any proposed plat containing more than forty lots. The word "expandible" in this connection shall mean contiguous to unplatted land which if added to the proposed plat would provide an area sufficient in size to accommodate more than forty lots of minimum size.

Passed this 17th day of January A.D. 1956 by the Independence Township Board.

Yeas: Doebler, Tucker, Snader, Smith.
Nays: Andrews.

HAROLD J. DOEBLER,
Independence Township Clerk.

Dated: January 17, A.D. 1956.

I, Harold J. Doebler, hereby certify that the above ordinance was published in the Pontiac Press on Jan. 20, 1956.

HAROLD J. DOEBLER,
Independence Township Clerk.
Jan. 20, 1956

Death Notices

GILLIGAN, JAN. 18, 1956, PETER, 461 First St., age 69; beloved husband of Mrs. Teresia C. Gilligan; dear father of Stephen G. and Dimitrie Troth; dear brother of Paul Gilson. Completed funeral arrangements will be announced later by Voorhees-Siple Funeral Home. Mr Gilligan will lie in state at the funeral home.

McGRATH, JAN. 19, 1956, LARRY L., 2543 Littletell, beloved infant son of Jack and Alberta R. McGrath; dear brother of Elizabeth A. and David Lee McGrath. Prayer service will be held Saturday, Jan. 21 at 1:30 p.m. from the C. J. Godhardt Funeral Home with interment in Holy Sepulchre Cemetery. Funeral arrangements by the C. J. Godhardt Funeral Home, Keego Harbor, Mich.

OLSON, JAN. 19, 1956, HERMAN J., age 46; 1135 Myrtle St., age 49; beloved husband of Mrs. Dorothy J. Olson; dear father of Mrs. Carl Smith; dear brother of Carl Peterson, Mrs. James Fields, Mrs. Earl Barber, Mrs. Clarence Way, Mrs. Rubin Norman and Mrs. Alfred Lupion. Funeral service will be held Saturday, Jan. 21, at 2 p.m. from the Donelson-Johns Funeral Home with Rev. G. J. Berecke officiating. Interment in Oakland Hills Memorial Gardens. Mr. Olson is at the Donelson-Johns Funeral Home.

Card of Thanks 1

WE WISH TO THANK OUR friends, neighbors, and relatives for their acts of kindness and floral offerings during the illness and recent death of our beloved husband and brother. Special thanks to Rev. Robert Van Ceyen for his comforting words to the nurses and personnel of St. Joseph Hospital, Fisher Body personnel and employes, and Donelson-Johns Funeral Home. The family of Joseph F. Boudroy.

In Memoriam 2

IN LOVING MEMORY OF BENJamin H. Blackburn who passed away 5 years ago today, Jan. 20, 1951.
Five years have passed since that sad day,
The one we loved was called away
God took him home, it was his will.
But in our hearts he liveth still.
Deep in our hearts lies a picture.
Of a loved one at rest.
In memories frame we shall always keep it
Because he was one of the best.
Sadly missed by wife Lena V. Blackburn, daughters Mrs. Betty Olmstead, Mrs. Vera Costello, 4 sons, Howard, Sam, Bob and Wayne.

IN LOVING MEMORY OF OUR Father and Grandfather, Edward J. Hamm who died Jan. 20, 1952.
His memory is as dear today.
As in the hour he passed away
Sadly missed by Children and Grandchildren.

The Pontiac Press
FOR WANT ADS
DIAL FE 2-8181
From 8 a.m. to 5 p.m.

All errors should be reported immediately. The Press assumes no responsibility for errors other than to cancel the charges for that portion of the first insertion of the advertisement which has been rendered valueless through the error. When cancellations are made be sure to get your "kill number." No adjustments will be given without it.

Closing time for advertisements containing type sizes larger than regular agate type is 12 o'clock noon the day previous to publication.

Transient Want Ads may be cancelled up to 9:30 a.m. the day of publication after the first insertion.

Sandra Wirth Succeeds at 19

Photos Lead Network to Sign Majorette for 'Super Circus'

By CHARLES MERCER

NEW YORK (AP) — Every day trains, planes and busses bring many youthful hopes to this city.

• • •

As the young were drawn to Hollywood in the youth of the movie industry, so the young today are drawn to television in its youth. They feed on the legendary successes of many who preceded them. The fact that the failures far exceed the successes makes no difference.

• • •

For there is no more irresistible force than the dreams of the young. Unless it is the irresistible magnet of New York . . .

PHOTO INVESTMENT

Sandra Wirth didn't come here from her home in Miami, Fla., blindly seeking employment. She was spoken for—by ABC-TV. A network photographer who saw her in the Miss America Contest at Atlantic City, where she was among the 10 finalists as Miss Florida, expended about 100 bucks worth of film taking pictures of her.

• • •

Investigation of this extraordinary investment in photographic film convinced the brass at ABC that here was a girl to twirl her baton and otherwise grace the weekly festivities on "Super Circus," the Sunday ABC-TV show that attracts the young of all ages. And so she is.

• • •

Sandra Wirth has certain advantages. She is blonde, brown-eyed and handsomely sculpted, qualifying under the Atlantic City standards to be called one of the most beautiful girls in America. She also is 19 years old. If that fact is ever an annoyance to her, she can console herself that time will take care of the annoyance all too soon.

CULTIVATES TALENT

With youth and beauty on her side, Sandra is energetically cultivating talent. Besides working on the show she's studying singing, drama and dancing.

• • •

"You don't like to say you want to be a star," Sandra remarked the other day. "But you certainly want to be prepared for the best career you can achieve."

• • •

So she's working very hard. Her parents, Mr. and Mrs. Dick Wirth of Miami, might be interested in knowing that Sandra doesn't have dates in New York. She believes that a career is compatible with marriage—if the guy is willing. But then this fellow knows about that too.

Sandra presently is living in a residential hotel for women. But before long she and two other American beauties plan to take an apartment to themselves. Her roommates will be the most recent Miss Utah, Suzanne Poulton, and Miss Montana, Berta Hubel. They, like Sandra, are studying and working in New York.

Rabbit Heart Differs From Scared Man's

HANOVER, N. H. (AP)—Two researchers report that when man is frightened his heart beats faster while a frightened rabbit's heart beats at only a fourth of its normal rate.

Dr. Roy P. Forster, Dartmouth College zoologist, and Dr. Jan Nyboer of the research department of Harper Hospital, Detroit, report in the American Journal of Physiology the differing manner in which man's body and the rabbit's body meet danger.

They said that when man is frightened, the blood vessels of his skin contract and his hair stands up (goose pimples); the blood vessels of his hands also contract; and the blood vessels of his body muscles and heart expand greatly. "He also sweats and his heart beats faster."

They said "this mechanism prepares man to run or to fight . . . but the rabbit has an alternate method of facing danger—a mechanism that . . . tells the rabbit to 'lie low.'"

State J. C. of C. to Pick 5 'Most Outstanding' Men

LANSING (AP) — The Michigan Junior Chamber of Commerce will name its selections for the state's five "most outstanding" young men Saturday night.

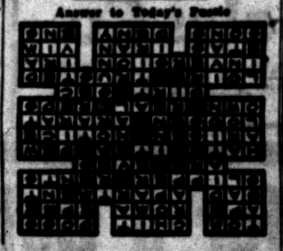

Representatives of local chapters will attend a banquet meeting at the Lansing Civic Auditorium.

Men 21 to 35 years of age are eligible for the annual award for civic improvement and community betterment.

Donald Phillips, Hilladale College president, will be the speaker.

Russia now is drilling for oil 70 miles from shore in the Caspian Sea.

Answer to Today's Puzzle

The Japanese beetle, first detected in this country in 1916, has now been found as far west as the Mississippi Valley.

'Name Names!' Chief Demands

Denies Jet Base Bribe; Rep. Thompson Quoted From Reply Letters

CADILLAC (AP)—Floyd McCarthy, chairman of the Wexford County jet base committee, today issued the following statement in comment on Congresswoman Thompson's assertions in Washington:

"On hearing the report, the committee conferred and there is not any member of the committee that has any knowledge of anything even approaching such a bribe offer. There was absolutely nothing of the sort sponsored by the committee as a group or any of its members. Further, we do not believe that there was any individual seeking to assist the community without knowledge of the committee.

"If Miss Thompson has knowledge of such an individual and if she has any justification for not naming that individual, she most certainly should clear the name of the committee by making a statement to the effect that the party she has in mind was not the chairman of the local committee or any individual member of the committee.

"Miss Thompson's letter is in direct contradiction of letters and statement to me On Friday July 29, 1955, I asked Miss Thompson point-blank if reports and rumors I had heard to the effect that Miss Thompson had stated someone from Cadillac had directly or indirectly attempted to buy her assistance were true.

SENT A REPLY

Miss Thompson replied that it was an absolute lie and that she had made no such statement. Letters from Miss Thompson refute she had any information that woul imply any wrongdoing on the part of Cadillac citizens as a whole or its representatives.

"On Jan. 11, 1955, Miss Thompson wrote 'I reiterate I remain neutral in this controversy and have no differences with my constituents in Cadillac and Wexford counties. My quarrel is with Secretary Talbott who was not honest with me nor did he keep me informed on his decision to change the site of the base from Bonzie County.'

"In another letter, March 8, 1955, Miss Thompson wrote "I have received your letter of the 7th and in reply repeat that it makes no difference to me where the jet air base is located in the 9th district so long as its location best serves national defense. The site should not be selected on the basis of politics."

* * *

"As far as I'm concerned, I have had no answer to my inquiry of Jan. 11 asking Miss Thompson to deny the bribery charge or divulge the name of the person who she claims had offered her a bribe."

Red Division Moves

TAIPEI, Formosa (AP)—An official Nationalist news agency said today a division of Chinese Communist paratroopers has been transferred to the Foochow area of Fukien, opposite Formosa.

AP Wirephoto

GIFT FOR THE PRESIDENT — President Eisenhower has received as a gift from his cabinet this Grandma Moses oil painting of his farm home at Gettysburg, Pa. Grandma Moses was commissioned sometime ago to do the painting. She worked from several photographs and did not visit the farm. The gift marks the third anniversary, today, of the President's inauguration.

To Continue 4-Year Plan

TAIPEI, Formosa (AP)—Finance Minister P. Y. Hsu said today Nationalist China would embark on a second four-year plan when the first one runs out at the end of 1956. The object of the second, like the first, would be to make Formosa's economy more self-sufficient.
