Build 5 Millionth Pontiac Car

Pontiac has produced its five millionth car, Robert M. Critchfield, GM vice president and general manager of the Pontiac Motor Division announced today.

The first Pontiac came off the line in 1926. The five millionth is a Star Chief Custom Catalina. Of the 5,000,000 cars between these two, 70 per cent are still in operation, Pontiac executives report.

The production rate of Pontiac has increased steadily over its 28-year history. The first production year of 1926 saw 134,257 Pontiacs

built and in April, 1953 the one millionth car was produced with the two millionth car following in November of 1940 — five years later.

Due to the interruption of commercial production during World War II and the controls that followed, the three millionth Pontiac was not completed until March of 1949.

The upswing in production after the war, however, resulted in the four millionth Pontiac rolling off

the line in August of 1951, just two and a half years after the third million.

Commenting on the improvement in the rate of production over the past 28 years, Mr. Critchfield said: "We have gradually increased our production facilities as the popularity of the Pontiac has grown. Traditionally, among the high volume producers in the industry, Pontiacs are now assembled in seven GM plants throughout the country in addition to our main plant here in Pontiac."

"Our employment currently is slightly over 17,000 and last year Pontiac Motor payroll was \$85,704,000. We now have several plant additions under construction as part of the General Motors billion dollar expansion program."

"It took 28 years to build our first 5,000,000 cars. Pontiac's increasing popularity and the ever expanding automobile market should roll the next 5,000,000 Pontiacs off the assembly line in considerably less than half that time."

NO. 5,000,000 OFF THE LINE — Five million Pontiac automobiles in 28 years is the production record at Pontiac Motor Division. Robert M. Critchfield, left, general manager of the division congratulates Buel E. Starr, general manufacturing manager, as the five millionth unit leaves the assembly line today.

325 Get Pontiac High Diplomas

Speaker Expresses Faith in Present-Day Graduates

By GOLDIE STAMAS

Dr. Gail E. Densmore, speaking last night at Pontiac High School Commencement exercises, expressed great faith in the courage and integrity of today's youth.

More than two thousand friends and relatives and approximately 325 June graduates heard the address entitled "Ceiling Unlimited."

"The present generation," Dr. Densmore said, "is better than the preceding one, contrary to popular opinion."

Seeley Receives Term in Prison

Mrs. Ley Sentenced at Same Time for Role in Road Frauds

MUSKEGON (U) — G. Palmer Seeley and Mrs. Lois Porter Moon were sentenced to prison today by Circuit Judge Noel P. Fox for conspiracy to defraud the state in highway land deals.

Seeley, 53, who was fired as head of the Highway Department's Grand Rapids right-of-way division, was given a 2½ to 5 year term.

Mrs. Ley, 47-year-old Muskegon real estate dealer, was given a 1½ to 5 year term. The judge also recommended revocation of her real estate licenses.

Both had pleaded guilty of the charges which developed from an investigation of alleged irregularities in right-of-way deals.

Judge Fox called the activities of Seeley and Mrs. Ley "raw naked greed on a rampage."

He said they were blinded by the attraction of apparently easy money and carried out a "coolly calculated, carefully executed plan to defraud individual home and property owners as well as the state."

In explaining the heavier term imposed on Seeley, Judge Fox said:

"Mr. Seeley occupied a fiduciary (trustworthy) position to the State of Michigan which he breached."

The judge noted that Seeley was paid \$16,217.56 for handling for the state expenditures as high as a quarter to half million dollars a year.

"Prudence dictates a re-examination of the salary schedules and job content, from a responsibility standpoint, of the state land buyer position classification," he said.

Space Needed for Mentally Ill

Dr. Ivan LaCore Tells Local Club of Crowded State Hospitals

Dr. Ivan A. LaCore, superintendent of Pontiac State Hospital, told Pontiac Rotarians yesterday that Michigan's mental hospitals are 22 per cent overcrowded.

He said there are 31,000 patients in the hospitals now and 1,200 awaiting admittance.

In his talk at Hotel Waldron, Dr. LaCore also cited national figures to show the need for more facilities to care for the mentally ill.

About 1,500,000 persons are suffering from mental illnesses today, Dr. LaCore said, and there are about 700,000 in hospitals.

He said some 250,000 new patients are admitted annually. About 97 per cent are placed in public institutions, with state hospitals alone supplying 82 per cent of the bed space.

"We need another 300,000 beds in the nation immediately to relieve the aggravated overcrowding," Dr. LaCore said.

As for Pontiac State Hospital, the superintendent said the fine reputation of the hospital attracts a great number of graduate students seeking to advance their education.

"It is one of the few hospitals in the country with a resident (Continued on Page 11 Col. 5)

Firings Hinted Following End of Senate Fight

But Definite Report or Action Will Be Delayed One Month or More

WASHINGTON (U P) — Several Army-McCarthy investigators lined up today behind a move to fire Roy M. Cohn as their chief counsel and possibly recommend the dismissal of Army counselor John G. Adams.

The double-firing proposal was discussed publicly and privately by members of the Senate investigating subcommittee who heard 36 days of often-conflicting testimony in the roaring fight between Sen. Joseph R. McCarthy (R-Wis) and the Army.

As the hearings finally ended late Thursday, Sen. Charles E. Potter (R-Mich) announced dramatically that he would propose removal of "employees" on both sides who played "top roles" in the swirling dispute.

This would almost certainly take in Adams, Cohn and possibly others.

Subcommittee Democrats indicated privately they would probably join at least in the move for Cohn's scalp. That could produce a 4-to-3 majority.

Acting Chairman Karl E. Mundt called a closed meeting of the subcommittee today to tie up loose ends of the televised hearings which ended in a sunburst of farewell oratory at 5:33 p.m. Thursday. The firing issue was not expected to come up at this session.

Mundt hoped to learn at today's meeting if the group's four Republicans and three Democrats could agree on a single report on the hearings. The ranking democrat, Sen. John L. McClellan (Ark) said such a unanimous report was unlikely.

McClellan said the Democrats would wait until the Republicans draft their own report.

(Continued on Page 2, Col. 3)

Chicago Stockyards' 5-Story Plant Burns

CHICAGO (U) — A roaring fire attacked a two-section, five-story brick plant in Chicago's vast stockyards today.

The flames flared up in an Armour & Co. animal food plant in an area bounded by Bishop, Laflin, 43rd and 44th streets on the west side of the yards area.

An Armour spokesman reported shortly before 9 a.m. (EST) that the fire "seems pretty well under control."

Anthony J. Mullaney, assistant fire commissioner, estimated the damage at "more than half a million dollars."

He said the cause of the fire had not been determined.

Three large hydrogen tanks near the animal food plant were emptied. So was a pipeline linked to them.

No deaths or injuries were reported.

Marciano Landing a Right

IN TWELFTH ROUND — Blood streaming from his left eye, heavyweight champion Rocky Marciano reaches through the guard of Ezzard Charles to land with a right in the 12th round of the title bout in Yankee Stadium in New York last night. Rocky retained his title in 15 free-swinging rounds. (See details, page 31).

AF Technicians Seen in Custody of Red Rebels

Gen. O'Daniel Flies to Scene to Probe Men's Disappearance

HANOI, Indochina (UP) — The United States announced officially today that Communist Indochinese rebels had captured five Americans and sent Maj. Gen. John W. (Iron Mike) O'Daniel flying to the scene to investigate their seizure.

The Americans were Air Force technicians engaged in servicing French planes in Indochina. Their capture first was reported without official confirmation Thursday from Hong Kong.

An American Embassy spokesman in Saigon said the men left their camp at Tourane in central Viet Nam without permission and went to a nearby beach where they were seen clad in shorts and shooting firearms into the sea.

O'Daniel, chief of the U. S. military mission in Indochina, took off from Saigon for Tourane Air Base, where the captured men were stationed, in an effort to find out how the Reds seized the men.

The Americans were reported by authorities in Saigon to have been seized by the Communists near the Tourane base.

Later an Indochinese farmer loyal to the government said he saw the Americans marching south in a column of French Senegalese Communist soldiers.

The farmer said he watched the men get out of an automobile on the beach and shoot their carbines into the waves before taking a dip.

Another Indochinese farmer told authorities at Tourane he saw five white men whose clothing corresponded with those of the five vanished Americans marching with the Senegalese prisoners south of the air base.

More than 200 American Air Force mechanics have been in Indochina for several months, servicing and repairing U. S.-supplied fighter bombers and transports, lifting supplies and men to distant battlefronts.

French authorities feared the five would be used for propaganda purposes to "prove" the United States had intervened in the Indochina War.

The U. S. Embassy in Saigon refused to release any of the captured men's names or home addresses until relatives have been notified.

Cooler Weather Will End Today

Temperatures Near 90, High Humidity Forecast for Weekend

After a two-day respite from sweltering temperatures, the U. S. Weather Bureau predicts more hot and muggy weather Saturday and Sunday.

Cooler air streaming into Michigan from northern New England kept the temperature down to 82 degrees yesterday and dropped it into the 60s this morning.

But a sticky high of from 86 to 90 degrees is forecast for Saturday. Afternoon thunderstorms and similar temperatures are due Sunday.

Falling to 66 degrees at 8 a.m. today, the mercury rose slowly throughout the morning and reached 70 at 1 p.m. in downtown Pontiac.

Before bowing out, the cooler weather is expected to sink the mercury to a 64 to 68 degree low tonight.

A freak high pressure center, traveling southwest instead of eastward, pulled the cooler air into the Pontiac area. Another cold front, moving toward Michigan from the Northern Plains is being warmed up by hot air from the Gulf of Mexico and is not likely to cool off the weekend.

The cooler weather yesterday checked a 10-day heat wave that pushed the mercury past 90 on four days. One daily record high was established and the temperature rose to 88 degrees or higher on each day.

Showers Sunday afternoon and again in midweek are predicted by the weather bureau. About .02 of an inch of rain fell in the Pontiac area yesterday.

Blood Program to Be Retained

County Red Cross to Continue This Service Despite Deficit

The executive committee of Oakland County Chapter of the American Red Cross has decided to keep the blood program even though next year's budget now shows a \$10,000 deficit.

The committee made its decision Wednesday at its final meeting of the current fiscal year.

A pared-down \$78,922-budget was adopted by the executive committee. Budget committee members, headed by Harry Rendell of Royal Oak, have cut \$3,000 from next year's home service program, \$500 from motor service and \$250 from service to veterans to lower the budget deficit from \$14,000 to \$10,000.

The Red Cross hopes that the three United Funds—Pontiac area, Detroit, and Oakland County—may help balance the budget.

Dr. E. W. Bauer of Hazel Park, chairman of the county Red Cross blood program, sent the committee a statement saying he felt the executive committee had been wise in telling the public about the budget problem.

"I think," he said, "the public realizes now that donated blood is free only to the person who gets it — that it costs real hard money for the Red Cross to receive, store and distribute it."

Dr. Bauer admitted that announcing the budget problem about a month ago seemed to cause a few setbacks in volunteer and donor recruitment, but he thought the committee's decision to continue the program would bring the situation back to normal.

The Red Cross blood problem arose when the U. S. Defense Department said it needed no more blood and inferred it would stop putting money into the program.

The National Red Cross, since the program is no longer nationwide, feels it is no longer justified in spending national funds on it, and has told local communities it will gradually withdraw all money support over the next five years. Thus the blood program that cost the county Red Cross \$18,000 this year, will cost it \$26,000 next year.

Jap Politician Honored

TOKYO (U) — Ninety-four-year-old Yukio Ozaki, dean of Japan's politicians and who gave the famous cherry trees to Washington, got a million-yen award today in recognition of more than 50 years of service in Japan's Parliament.

The award is worth about \$2,500.

Hindu Held in Kenya for Aiding Mau Mau

NAIROBI, Kenya (U)—Kenya's British government charged an Asian for the first time today with violating the colony's anti-Mau Mau emergency law. Conviction under the act could carry a death sentence.

The prisoner is a hindu photographer, Thakorbhai Mangaldas Patel of Nairobi. He was alleged to have supplied 129 Africans, including known terrorists, with photographs faked to appear as if the Labor Department had issued them for employment cards.

Patel was charged with intending to "further the objects of terrorism."

Recreation Board Decides to Re-examine Program for Birmingham Children

From Our Birmingham Bureau
BIRMINGHAM—Looking ahead, the Recreation Board decided last night to completely re-examine its program and asked City Recreation Director Frank Whitney to offer recommendations over a long-term study of the current program.

The development of capital improvements will be included in the study of Birmingham's recreational needs, which will be carried on through special meetings.

Child population has doubled here since the present board's organization seven years ago. Mrs. William Jackson, chairman, said. The board hopes to complete its study before budget talks come up next spring.

As was decided last year, a committee to determine the best use of the city-owned Springdale Park for the next year was set up, with William Spence, board member, as chairman.

Spence will work with members of the Lions Club youth committee, which helped supervise children's activities at the cabin last year. Assistant City Manager Jack Walker told the board that bids last week for construction of four tennis courts at Elton Park will be awarded at Monday's City Commission meeting.

Other organizations may dissolve during the summer months but the American Assn. of University Women is still plunging into the work involved for its 27th annual book sale.

Plans were formulated for the sale to be held Oct. 17-23 at the local Detroit Edison office, at a recent luncheon held at the home of Mrs. M. W. Milligan, general chairman of the affair.

As in the past, proceeds will be used for scholarship funds and educational grants for the community, with unsold books given to state hospitals and children's homes.

Storage depots have already been set up for the summer months and pick-up service will be provided for books, games, records, magazines and patterns. Anyone wishing to donate items may call Mrs. A. H. Copeland or Mrs. A. M. Browne.

A Strawberry Festival will be sponsored by the Covenanters Club of the First Presbyterian Church from 4 to 8 p.m. tomorrow on the church grounds at West Maple and Chesterfield.

Proceeds from the sale of strawberries and ice cream, strawberries and milk or strawberries to take home, will go into the church building fund.

An overnight trip to Camp Ohlivesa is being enjoyed by 50 boys and girls of the Birmingham school system, who boarded the new YMCA bus today for the excursion.

The annual treasure hunt of the Y will be a feature attraction, along with skating and canoeing. In charge of the program are Mrs. Doris Harris, Paul Heins and Edwin F. Kirbert.

Fred Lambert, 83, who for the past 13 years has lived on the corner of Woodward at 1705 E. 14-Mile Rd., is reported "doing nicely" at Mount Carmel Mercy Hospital, where he was rushed for an emergency operation last Sunday.

Closing the season, final performances of "The Philadelphia Story" will be presented by St. Dunstan's Guild at 9 p.m. tonight and tomorrow, at the Greek theater on Lone Pine road. A Sunday rain date is also scheduled.

Nat Doughty, a former Philadelphian, is directing the play, with Mrs. William Crawford as production manager.

Following a discussion on the art of fencing at 5:45 p.m. tomorrow over a Detroit TV station, Linda Landis, of 1898 Birmingham Blvd., will be one of two young women participating in a fencing demonstration.

The 15-minute program is part of a tour of University of Michigan campus activities being presented by U-M television.

The annual Dad-Dad weekend of the local YMCA will take place tomorrow and Sunday at Camp

The question of whether three city-owned lots facing on E. Maple, backed by three city-owned lots fronting on Yorkshire, in the block bounded by Coolidge, Maple, St. Andrews and Yorkshire, will be placed on the Aug. 3 election ballot.

City commissioners approved the move after City Manager Donald C. Egbert said several builders had expressed an interest in building single-family residences, which would help to preserve the residential character of the area.

Mrs. Herbert S. Soule
Funeral service for Mrs. Herbert S. (Marjorie Gertrude) Soule, 61, of 166 W. Lincoln, will be held at the Manley Bailey Funeral Home at 2 p.m. Saturday, with burial in White Chapel Memorial Cemetery. She died at her home Thursday after a long illness.

Besides her husband, Mrs. Soule is survived by four daughters, Mrs. Fred Hamilton of Walnut Lake, Mrs. Leland Wood of Pontiac, Mrs. William McCordie of Birmingham, and Mrs. John Green of Westbrook, Conn., and three sons, Harrison of Birmingham, George of Norwalk, Calif., and John of Marlboro, N. Y.

BLOOMFIELD HILLS — Five new names appear on the roster of the operating boards of Brookside School Cranbrook, Cranbrook Academy of Art and Cranbrook Institute of Science, since recent annual meetings.

Robert Wardrop, Dr. W. Lloyd Kemp and Mrs. Maxwell E. Fead were elected to the board of trustees of Brookside, succeeding Edward E. Wilson, Dr. Fritz Redl and Frederick G. Weed, under the institution's automatic retirement plan.

Raymond T. Perring and Theodore O. Yntema are new members of the board of trustees of the art academy. Re-elected officers are Henry S. Booth, chairman; Marc T. Patten, vice chairman; Michael Gorman, treasurer; and Arthur B. Wittliff, secretary and assistant treasurer.

A trustee of Cranbrook Institute of Science since 1945, Robert H. Merrill submitted his resignation at the meeting which re-elected its present board: L. James Bulkeley, chairman; Dr. Lee R. Dier, vice chairman; Dr. Harvey M. Merker, secretary and Fred L. Black, treasurer. Wittliff was appointed assistant secretary and assistant treasurer.

Stevenson Quips in Birmingham

"St. Adlai" Talks to 75 'Volunteer Democrats' at Lawn Party

BIRMINGHAM — Introduced as "St. Adlai" at a lawn party at the Birmingham home of Mr. and Mrs. Ben Goldstein yesterday, former presidential candidate Adlai E. Stevenson quipped, "Filled with champagne and shrimp, I hardly feel like a saint."

Speaking briefly to the 75 Volunteer Democrats who were guests, (See related picture on page 21 and another story, page 29.)

Stevenson urged the group to work for the party, saying, "It is only through party organization that you will get the results that you want."

"Election of a Democratic Congress is imperative for enlarging the Democratic administration," he continued.

Answering his own question of why this was so imperative, he said, "The Republican party, as it is presently constituted, is incapable of governing the country."

With a Democratic House and Senate he concluded, "The executive will fare infinitely better."

Gov. G. Mennen Williams and Central Committee chairman, Arthur H. Stevenson on his hour's visit to Birmingham.

The visit was part of a one-day tour of Michigan.

A spokesman for the Volunteer Democrats said the group known as Volunteers for Stevenson during the 1952 presidential campaign has about 400 members, mostly in Wayne County.

Michigan Democrats, faced with contests for two key posts in the Aug. 3 primary, were careful to avoid incidents among rival candidates in their party.

Patrick McNamara, rival of former Sen. Blair Moody for the Democratic nomination to oppose U. S. Sen. Homer Ferguson (R-Mich.), refused an invitation to accompany Stevenson on his tour.

"I'm no gate-crasher," McNamara said.

McNamara, a Detroit school board member and former city councilman, has contended Gov. Williams and party machinery are against his candidacy and favor Moody.

Moody jumped into the junketing Stevenson party, accompanied him in Lansing, Davison and Detroit. He skipped only the garden party here.

Moody also took the opportunity to stand with Stevenson in a reception line for 3,000 Wayne, Oakland, Macomb and Monroe Democrats in Detroit's sweltering Masonic Temple. McNamara only attended the Detroit function, refused the reception line chance.

FORGOT TO DUCK — The viaduct at Orchard Lake road and Cass avenue claimed another victim yesterday, a truck driver unfamiliar with the low clearance. Wringley's driver Bob Lahmon of Detroit crushed the top of his semi when he tried to pass through it. "They told me to take this route when I left," he said, "but I guess someone was wrong." A warning sign on the approach to the underpass had not been seen by the driver.

Patrolman James L. Ockerman quoted Quine as saying his vision was obscured by a parked car when McConnell was struck. Stanley J. Tillson, 49, of 230 N. Saginaw St., crossing the street with McConnell, told police the incident occurred in mid-block.

McConnell, employed as a press operator with the Dixie Tool and Machine Co., Waterford Township, came here from Franklin, N. C., seven weeks ago. He is survived by an 18-month-old son and his wife.

Army Hearing Ends, Firings Are Hinted

(Continued From Page One)

may take most of a month, before deciding whether to go along or file a minority report.

The Justice Department has been studying the hearing transcripts for possible perjury. But a spokesman indicated it will be some time before there is action, if any.

If there is doubt about legal action or the future of the principals, however, there seems to be little about the political impact of the case. The experts are generally agreed it has hurt the Republicans and helped the Democrats.

McCarthy, the last of 30 witnesses, concluded his testimony last night with a declaration that the Army charges against him and his aides had collapsed and that his own countercharges were true.

Army Secretary Robert T. Stevens said at Quantico Va. that the hearings vindicated the Army, proving its "integrity" and its determination to "rid itself of subversives."

The Army charged that McCarthy, regular subcommittee chairman, Cohn and subcommittee staff director Francis P. Carr used pressure and threats to get favors for Pvt. G. David Schine, former unpaid subcommittee consultant.

McCarthy counter-charged that the Army used Schine as a "hostage" to try to "blackmail" him out of investigating alleged Army Reds.

No vote on the firing issue is expected until sometime next week, at the earliest, when McCarthy will resume chairmanship of the subcommittee.

At that point, Democrats said one of the first jobs will be to vote on approving Cohn as counsel and other appointments McCarthy made when he had one-man control of the staff.

Potter, World War II disabled veteran, launched the firing move in a formal statement. He also said the entire subcommittee staff "will have to be overhauled."

Informed sources said some senators are drawing a bead on Donald A. Surine, a subcommittee aide, and possibly investigator James Juliana or Carr.

McCarthy made it clear he was still sticking by Cohn and other members of his staff.

"As far as I am concerned," he told newsmen, "Roy is the most valuable man I have ever had working with me. All my staff members are able and efficient. I hope they will continue to work with me even though this isn't the last time we meet."

Potter also said the 7,121 pages of testimony were "saturated" with lies which might result in perjury indictments if the Justice Department had the witnesses repeat their stories separately before a grand jury.

Potter also suggested that there may have been subordination of perjury—the crime of advising another person to lie under oath.

Potter said he is convinced the testimony bore out the "principal" accusation of each side.

Potter said no one on the subcommittee staff except Schine himself should have talked with the Army about a commission or his military status while the Army was under investigation.

And he said the Army's top officials "should never have encouraged this sort of thing."

The main actors in the 36-day drama began scattering as soon as Mundt began the final gavel. Special counsel Ray H. Jenkins boarded a plane for his Knoxville, Tenn. home to await the birth of a grandchild.

Schine was told to report back to the Army today.

McCarthy planned to leave today for a three-day vacation in Wisconsin.

Army counsel Joseph N. Welch

THE PONTIAC PRESS, FRIDAY, JUNE 18, 1954

Man, 29, Dies; Order Autopsy

Louis McConnell Hit by Car on Wednesday, Left Hospital

Louis M. McConnell, 29, of 273 U. Saginaw St., who was treated at Pontiac General Hospital for injuries suffered Wednesday when struck by an auto, died Thursday afternoon after returning to the hospital.

Driver of the auto, Elmer A. Quine, 67, of 88 Osceola Dr., who told Pontiac Police he struck the pedestrian while rounding a curve in front of 75 Clark St., is scheduled to make a statement to Oakland County prosecutor's office today.

McConnell, according to hospital authorities, refused to remain in the hospital for further treatment Wednesday. He returned Thursday suffering from a "severe headache" after which he died. An autopsy has been ordered.

Patrolman James L. Ockerman quoted Quine as saying his vision was obscured by a parked car when McConnell was struck. Stanley J. Tillson, 49, of 230 N. Saginaw St., crossing the street with McConnell, told police the incident occurred in mid-block.

McConnell, employed as a press operator with the Dixie Tool and Machine Co., Waterford Township, came here from Franklin, N. C., seven weeks ago. He is survived by an 18-month-old son and his wife.

Fall Off Slide Hurts Head

Three-year-old William Betzing is reported in fair condition today at Pontiac General Hospital where he is being treated for possible head injuries suffered during a fall from a children's slide in the Webster School playground Wednesday evening.

Today's cockroaches differ little from those which lived 250 million years ago.

Woman's Tales Help Children

Story Technique Uses Symbols of Good, Bad, Curbs Delinquency

CHICAGO (INS) — Sociologists and movie producers are studying the story-telling technique of an Evanston, Ill., woman as a possible way of combatting juvenile delinquency.

Mrs. Marjorie M. Maddock has been spinning her tales of adventure since 1949 to child wards of the Cook County (Chicago) Juvenile Court — and with surprising effectiveness.

She does not preach. But her stories bring the same results with children that a well-presented sermon does with adults.

She uses the idea of the old medieval morality plays, bring it up to date so it will appeal to modern boys and girls.

From there, she weaves a story of action and suspense around characters who stand for good and bad qualities, and throws in a hero with whom the listeners can identify themselves.

The result is that the children talk about her stories and forget their troubles.

Mrs. Maddock's technique won the praise of Dr. William F. Byron, professor of sociology at Northwestern University. Dr. Byron said her presentation "is charming" and added:

"I believe her formula should be used on a larger scale. The late Arthur J. Andy, superintendent of the juvenile home, thought her stories were highly effective."

Other sociologists are studying her plan, and film producers are known to be weighing the possibilities of developing a movie on the subject.

Mrs. Maddock said she has been giving serious thought to the juvenile delinquency problem since 1940, when she became aroused at (1) figures indicating that the ratio of crimes by minors had reached a new high; (2) the prominence of crime stories in comic books that most children who become delinquent remain delinquent even after being sent to "reform schools."

Shortly before Christmas of 1949, she discussed the matter with Circuit Judge Robert J. Dunne, who then presided over the juvenile court, and he asked her to tell stories at the home.

Mrs. Maddock said she knew she was heading in the right direction when the juvenile home superintendent told her the children were talking about her stories and the characters in them.

Her only reward has been the happiness she has brought to the lost children. She recalled a recent incident when a small Negro girl interrupted one of her stories and said:

"Story-teller Miss, I'm not afraid now to see the judge. This morning Faith shined the lamp of Trust in my eyes."

That, Mrs. Maddock said, is ample compensation for her work.

Snatch Batteries, Gas, Race Off From Speedway

Thieves raced away recently with the batteries and gas of 11 race cars at the Lake Angelus Speedway.

Mrs. Grace Zanolli, owner of the speedway at 386 N. Lake Angelus Rd., reported to Oakland County sheriff's deputies today that the thefts occurred Tuesday. The stock cars were parked in the speedway's pits.

Cups Awarded to Two Students

Richard Murphy and Beverly Watts Honored at Roosevelt High

KEEGO HARBOR — Most Representative Student cups were presented to Beverly Watts and Richard Murphy during the commencement program at Roosevelt High School Wednesday night.

The annual awards are made on the basis of the students' social, moral and physical qualifications.

Beverly delivered the valedictory address in the commencement program. The daughter of Mr. and Mrs. Clyde L. Watts of 1924 Cass Lake Rd., she was this year's DAR Good Citizen Pilgrim. She also won the Student Council High School Citizenship Award.

Beverly will enroll at Michigan State Normal College in Ypsilanti next fall on a scholarship.

Richard is an all A junior at Roosevelt and recipient of the Scholarship Award this year. His parents are Mr. and Mrs. Kern Murphy of 3054 Summers Rd.

Pastor From Dryden Is Ordained Elder

DRYDEN — The Rev. Merle Nichols was ordained an elder at the Methodist Conference in Detroit Sunday.

Rev. Mr. Nichols has completed six years of service here and has been transferred to Brown City. During his stay here, he officiated at 105 funerals, 30 weddings and 131 baptismal services.

Incumbents File at Imlay

IMLAY CITY — Incumbents Carlton Van Wagoner and William Knight were the only petitioners to file for school trustee seats in the July 12 school election, according to James D. Morrice, secretary of School District No. 6, fractional.

CAROL JEAN RUPLE

Mrs. Ruth Ruple of 157 Cedar St., Ortonville, has announced the engagement of her daughter, Carol Jean, to Robert Lindahl. Robert is the son of Mr. and Mrs. Carl Lindahl of Clarkston. No date has been set for the wedding.

LORETTA PORRITT

The Rev. and Mrs. Marvin Porritt of 3060 Seymour Lake Rd., Ortonville, announce the engagement of their daughter, Loretta, to Donald F. McCool. Donald is the son of Earl McCool of Drayton Plains, and Mrs. Geraldine Cankright of California. An August wedding is being planned.

Board Wants Suggestions

Lathrup Residents Protest 8th Grade 3-Hour Days

SOUTHFIELD TOWNSHIP — Residents of Lathrup gathered at the annual meeting of the Board of Education here this week and protested a three-hour day for eighth grade children, which is expected next term.

Dan Hoogstra of Lathrup expressed the feeling of the group of residents in his statement, "We feel it is of the utmost importance that the eighth graders attend school a full day session."

"Let's get eighth graders in school full days even if in basements, churches or any available quarters," said C. J. Peterson.

Consensus of opinion expressed by Lathrup residents at the meeting favored giving eighth graders full-day sessions in preference to housing kindergarten, if no available space could be found for both grades.

Trying to give fair consideration to all children of the township in grades kindergarten through eight, the board had appointed Marinus VanAmeyde, Robert Hall and Ralph Holmsted to seek a solution to the problem, according to Glenn Schoenhals, superintendent of schools.

Fred Leonhard, president of the school board, asked residents interested in the eighth grade problem to contact the board during

the regular meeting of July 12 for a report on progress.

Nine classrooms at Lathrup School, seven at East Southfield School and eight classrooms and a cafeteria auditorium at Southfield 10 School are expected to be ready for occupancy by the opening of the fall term.

This additional space, according to board members, plus a newly completed two-classroom addition at John Grace School and two large classrooms made from a section of the bus garage at the high school, won't provide necessary room for expected enrollment in the fall.

Negotiations are now under way by the board for securing a site on which to build a new elementary school. The architectural firm of O'Dell, Hewlett and Luckenbach has been engaged to design the structure.

Announce Engagement of Frances Grassel

IMLAY CITY — Mr. and Mrs. Frank Grassel announce the engagement of their daughter, Frances, to Max Seidell.

Max is the son of Mr. and Mrs. Floyd Seidell. No wedding date has been set.

Permits Include School Additions

Construction Is Started at 4 Sites in Waterford Township

WATERFORD TOWNSHIP — Building permits issued here for the first half of June included four for new additions to four Waterford Township schools at a valuation of \$230,585.

Construction at Jayno Adams Waterford Center, Williams Lake and Four Towns schools got underway early this month.

Other permits issued for the first week of June brought the total valuation of permits for the week up to \$511,024.

They included permits for 25 homes, estimated at \$211,000; 13 for remodeling and repairs at \$14,172; seven for garages at \$5,300; six for garage and breezeway combinations at \$5,967; two for commercial buildings, a store and a gas station at \$39,000; one for moving a house at \$2,500; and one for remodeling a commercial building at \$2,500.

The number of permits issued for the week of June 7-12 showed a drop. Thirty-four were written up compared to 59 for the previous week.

Heading the list were 16 permits for homes valued at \$109,500. Others included nine for additions and repairs at \$9,400; six for garages at \$4,700; and three for garage and breezeway combinations at \$3,700.

140 Volunteer to Aid St. William's Fund

WALLED LAKE — More than 140 volunteers have signed up to work on St. William Parish's expansion fund campaign, it was announced today by the Rev. Lawrence F. Graven, pastor.

The parish plans to build a new convent and enlarge the present church, with a minimum goal of \$75,000 set. A Detroit organization is conducting the campaign.

The Memorial Gifts Committee has already launched its solicitation of assigned prospects.

Raymond Boyle is general drive chairman, with Thomas W. Walsh assisting.

Files for Nomination

NORTH BRANCH — Christopher Margrit of Deerfield Township has filed for nomination to the North Branch Board of Education. He is seeking the seat vacated by the resignation of Warren Crawford.

YVONNE BURGARD

Mr. and Mrs. E. R. Burgard of Thomas, announce the engagement of their daughter, Yvonne, to Joseph L. Terry, son of Mr. and Mrs. J. L. Terry of Leonard. No date has been set for the wedding.

County Deaths

Mrs. Sadie M. Carl
ROME — Service for Mrs. Sadie M. Carl, 68, of 132 Church St., will be held at 2 p.m. Saturday at Roth's Home for Funerals, with burial in New Haven Cemetery. Mrs. Carl died Wednesday night at her home.

Survivors include a daughter, Mrs. Helen Fader of Detroit; two sons, Joseph of Bay City and Robert of Romeo, six grandchildren and three great-grandchildren.

Isaac Hall
BROWN CITY — Service for Isaac Hall, 77, who died Tuesday, was held this afternoon at the United Missionary Church, with burial in Evergreen Cemetery.

Surviving are two daughters, Mrs. Henry McLeod of Silverwood and Mrs. Ivan Payne of Brown City; four brothers, William of Rochester, Delbert of Berville, Warren of Flint and Titus of Flushing; a sister, Mrs. Idas Fancher of Pontiac, nine grandchildren and 12 great-grandchildren.

Delegate Appointed

AVON TOWNSHIP — Mrs. Lance Nutter, a teacher in the Avondale School District, will be the Stiles Branch, Woman's National Farm and Garden Assn. delegate to the organization's conservation training school at Higgins Lake this summer.

County Calendar

Clarkston
A rummage sale will be held by the Joseph C. Bird O.E.S. Chapter on Pine street in Pontiac tomorrow.

Jaycee Chief Names Committee Chairmen

WATERFORD TOWNSHIP — Chairmen for seven standing committees were named by Waterford Township Junior Chamber of Commerce President Charles Pappas today.

Heading the ways and means committee will be Vern Burris, while Philip Nelson will be in

charge of the membership group. Other chairmen and their committees are: Gene Shaw, house; Gerald Lewis, program; Robert Wheeler, recreation; Jack McCaffrey, awards, and John Chase, youth activities.

Lewis is already drawing up plans for a family picnic and general meeting July 18.

The Jaycees are also planning to sponsor a golf tournament, it was announced.

Roundup Nabs 2,000 Wetbacks

**Illegal Immigrants Sent
Back Across Border to
Mexico**

EL CENTRO, Calif. (AP)—The roundup of wetbacks swung into its second day today with the first day's catch of more than 2,000 illegal immigrants termed "very successful."

Heralded for a week, "Operation Wetback" had 740 men checking farms and ranches, industrial areas, rail yards and bus stations for the job-seeking Mexican laborers who entered the United States unlawfully.

Seven planes scouted Southern California mountain and desert trails, spotting men on the move and radioing jeep and car crews. The drive extended as far north as Sacramento, where State Employment Director William A. Burgett said:

"Our participation with the federal authorities in this drive against illegal aliens will have beneficial results in securing employment for persons who are now jobless and drawing unemployment insurance."

Herman R. Jandson, Los Angeles district immigration director, said the operation was "much more successful than anticipated."

He said in any wetbacks, advised of the impending drive by advance publicity, had hurried back across the border.

"That made our job easier. If there had not been this publicity we'd have taken between 4,000 and 5,000 without question."

Ten days ago it was estimated there were about 70,000 illegal aliens in California.

Hospital Goal Exceeded

LANSING (AP)—Lansing's United Hospital Expansion Campaign went over the top of its \$4 million goal. Campaign officials reported Thursday that \$4,236,609 had been contributed to increase facilities at the city's three hospitals.

Bread Prices Increased

DETROIT (AP)—A penny-a-loaf bread price increase will be put into effect Monday by 23 Jewish bakeries in the Detroit area. The raise was attributed to flour price increases. Other bakeries said they planned no bread price hike.

Little Russians Rubles Ignored; Big Stir Results

MOSCOW (AP)—For want of a ruble, the Soviet state savings banks have had their knuckles rapped by Izvestia.

The Soviet government's official newspaper told the story of a schoolboy who had four rubles—a dollar at the official exchange rate. He wanted to open a savings account so some day he could buy a home aquarium.

No thanks, said the bank. Minimum deposit, five rubles. The kid blew his four rubles on ice cream.

Bank workers, Izvestia grumbled, "are too used to dealing with big depositors." The paper added:

"The state savings banks must attract small deposits and learn themselves to count not only in tens of rubles but also in kopech (1/4 cent) coins. It is necessary to raise up children in the spirit of thrift."

Thai Security Up Before U. N.

**Russia Expected to Veto
Plan to Probe Threats
to Siam's Safety**

UNITED NATIONS, N. Y. (AP)—The 10 Western Security Council members will vote today, in full anticipation of a Soviet veto, for an impartial probe of the Communist Vietnam threat to Thailand's security.

The Thai government has indicated that the expected Russian veto will be countered in the near future with a formal request to have the U.N. Assembly called into session.

The 60 delegations of the Assembly can override a veto by a two-thirds majority vote.

Russia, the 11th member of the Security Council, strongly opposes sending any U.N. military group to Indochina or adjoining countries. Only a startling reversal of policy by the Kremlin could give council clearance to the "peace patrol" resolution.

The council session is the third to consider Thailand's proposal that a three-to-five nation team investigate her fears that Communist attacks on neighboring Cambodia, Laos and Viet Nam menace Thai security.

U. S. Ambassador Henry Cabot Lodge Jr., has outlined briefly U. S. support for Thailand's resolution, as have five other council members. French Ambassador Henri Hoppenot has yet to speak.

Soviet Delegate S. I. Tasarapkin may precede the vote with a final statement of Russia's position and renew his previous charge that the United States is seeking through council action to wreck the Geneva Conference.

Brass Confers on Tanks

DETROIT (AP)—Five U. S. Army Generals and one from Canada met at the Detroit Tank Arsenal in Center Line Thursday to consider military vehicle design. Also at the secret conference were 30 colonels and lieutenant colonels.

AWOL BIRD—Vincent Odlerna, of Stamford, Conn., recovers racing pigeon at New York pier at sea and was carried to Italy and back.

Marciano, Charles Re-Match in Fall Possibility

By MURRAY ROSE
NEW YORK (U.P.)—He gave me a helluva fight. He deserves a return if he wants it.

Thus spoke heavyweight champion Rocky Marciano today following his thrilling, come-from-behind 15-round decision over game, undefeated Ezzard Charles in a savage scrap in Yankee Stadium last night.

"I want him again," snarled the

battered, unfazed 32-year-old Charles. "I thought I won. I think I came closer to knocking him out than he did me. The next time it will be different."

The lean Cincinnati Cobra, who failed for the second time in an attempt to become the first ex-champion to regain the prized heavyweight crown, may get his chance in September.

"Charles is entitled to the re-

turn," said Al Weill, manager of the all-conquering Brockton Bruiser. "It was a great show and a great fight. If Rocky's cut comes out okay, I'd say a September fight with Charles in New York is a great possibility."

"If not Charles," continued Weill, "maybe that Englishman—Don Cockell—or maybe the winner of the Hurricane Jackson-Nino Valdes fight (they meet in Madison Square

Garden July 14) if they put on an exciting fight. Say, wasn't that a great scrap?"

It was that, and more. Practically every one of the 47,585 paying customers who contributed to a gross gate of \$543,082 left the ball park raving about the slam-bang brawl, one of the outstanding heavyweight tussles in years.

"It was as tough as my first

fight with (Jersey Joe) Walcott, maybe tougher," said the 29-year-old unbeaten Marciano who went 15 rounds for the first time in his career. It was only the sixth time Rocky had to win by votes of the officials and one of the very few in which he failed to floor his opponent. He swept his other 40 by knockouts.

For four rounds it was all Charles as the 185 pound ex-champion boxed beautifully. Then the 187½ pound, Rocky, bleeding profusely from a wide, inch and a quarter gash over his left eye, came on.

The muscular, bull-doing champion almost put Ezzard away in the

sixth, kept driving to go ahead slightly by the tenth, and then almost stowed away Charles several times in the later rounds, especially the last when he battered the swollen-faced, hands-down challenger all over the ring.

The officials' votes brought no protests except from the Charles camp. Referee Ruby Goldstein had it 8-5-2; Judge Harold Barnes 8-6-1 and Judge Arthur Aidaia 9-5-1. The Associated Press score-card had Rocky far in front, 10-4-1, giving the champion every round from the fifth on with the exception of the seventh. That round was called even.

The muscular, bull-doing champion almost put Ezzard away in the

Navy Heavy Favorite in Collegiate Regatta

SYRACUSE, N. Y. (U.P.)—Eleven crews put the finishing touches on their training today for the 52nd annual regatta of the Intercollegiate Rowing Assn. and 10 of them wondered if any boat could end Navy's string of 28 straight victories.

Coach Rusty Callow's Midshipmen, 1932 Olympic champions and winners of the last two IRA regattas on nearby Lake Onondaga, are heavy favorites to make it three in a row in the country's greatest rowing event.

If anyone is to stop Navy's eight, it appeared as if the University of Washington Huskies might halt the Middies' long string.

"We won't give up until we pass the finish line," said Al Ulbrickson, Washington coach who once was tutored by Callow.

However, because of the loss of Harlan Thomas, his No. 7 oar, Ulbrickson said "we're not as strong as when we left Seattle." Thomas suffered a muscle spasm on the trip east, and will be replaced by Keith Riely from the jayvee shell.

All 11 coaches were polled by newsmen, and nine including Callow picked Navy. Ulbrickson chose his Huskies, while another coach said it was a tossup between Navy and Washington.

Three Former Champs Gain in Western

Berg, Jameson, Suggs
Joined by Betty Hicks
in Waukegan Test

WAUKEGAN, Ill. (U.P.)—Three former champions and another veteran pro seeking her first triumph in the tournament teed off today in the semifinals of the Women's Western Golf Open.

Patty Berg, winner in 1951, 1948, 1943 and 1941, faced Betty Jameson, who captured the crown in 1942 and was runner-up in 1952. Betty Hicks, chasing her first Western Open crown, squared off against Louise Suggs, leading money-winner on the distaff circuit this season.

Miss Suggs trounced Patty 6 and 5 in the 1953 finals at her hometown, Atlanta, and also won the

5 Sports Pages
in Today's Press

title in 1949, 1947 and 1946. She and Patty are trying to become the first five-time winner of the meet in a 25-year history.

The 18-hole semifinals will begin at 1:30 p.m. EST.

Miss Berg, who won the qualifying medal with a 5-under-par 70 to smash the Glen Flora Country Club women's record, continued her par-busting yesterday in defeating Mrs. Paul Dye Jr., Indianapolis amateur, 6 and 5 in the quarterfinals.

Miss Jameson, the veteran Texan, was deadlocked with her wedge shots and one-putted the last five greens of her match for a 6 and 5 decision over Betsy Rawls.

Miss Suggs was extended to the 18th green before eliminating Beverly Hanson 1-up with a winning par 3.

Elks' Western Rodeo Opens

First Performance Set
Tonight; Other Shows
Saturday, Sunday

A touch of the old west will come to the city tonight, when Pontiac Elks Lodge No. 810 presents the 1st of five rodeo performances at Wisner Stadium.

Tonight's show is scheduled to start at 8:15 p.m., weather permitting. Other performances are set for 2:30 p.m. and 8:15 p.m. Saturday and 2:30 and 8:15 Sunday afternoon and evening.

Tickets have been on sale at Griffith's Grill and also may be obtained at the box office tonight.

Rodeo program will include wild bull and bronco riding, calf roping, bull-dogging, trick rope and shooting acts, a mock "stage coach holdup" and an aerialist act. Feature performer will be Lash LaRue, TV western star.

BATTLE OF THE BRUISE — A solid right by Rocky Marciano turns the face of Ezzard Charles into a mass of quivering jelly in the 11th round of the heavyweight title bout in Yankee Stadium last night. Rocky retained his crown in a bruising 15-round encounter.

Stout-Hearted Display

Courageous Ezzard Charles Probably Realized His Greatest Hour in Defeat

NEW YORK (U.P.)—Ezzard Charles has joined the impressive list of those former heavyweight champions who tried to win back the title and found the burden too great, but none who watched the Cincinnati Negro take the terrible beating he did from Rocky Marciano last night will forget the stout-hearted display he gave.

In defeat, Charles probably knew his greatest hour. Never again will anyone in his right mind suggest that the man who plays the bass fiddle has no stomach for fighting.

Marciano, who has a burning ambition to be accepted as a great champion, probably made some progress toward that goal. He didn't win by a knockout, as it would have been expected that he would, but he might have done something even more impressive in demonstrating that he could give a beating to a man of Charles' skill over the full 15 rounds.

If Rocky isn't great, he is a wonderful competitor. For the last 11 rounds he fought under the handicap of a cut over his left eye that streamed blood off and on and soaked both fighters. There

Roy Campanella Regains Catcher's Lead in NL

CHICAGO (U.P.)—Roy Campanella of the Brooklyn Dodgers was back in first place today in the National League's balloting for starting catcher in the All Star baseball game in Cleveland July 13.

In the All Star baseball poll, which opened a week ago, Campanella regained the lead from Forrest (Smoney) Burgess of the Philadelphia Phillies in the balloting race to name 16 starting players in the Interleague classic.

Ben Hogan's Secret of Success Lies in Combining Physical, Mental Phases With Terrific Ambition

By GRANTLAND RICE
NEW YORK—Ben Hogan's "Secret of Success" in the golf swing that produces so steadily really isn't any secret. In my opinion it is a terrific amount of long hard work intelligently done.

Years ago Hogan searched for the right way of swinging. He discovered that if he swung the club a certain way he got what he wanted. So he practiced along those lines, hour after hour, week after week, year after year, until it became almost a mechanical thing.

I have never seen a golfer that had Ben Hogan's unlimited ambition, his keen desire and capacity for work nor more intelligence back of his work and practice.

This has led to control of direction that has never been equaled before. This is why, after looking at Baltusrol's narrow fairway, guarded by rough, most of the experts picked Hogan to win.

When many of the Open competitors glimpsed those narrow lanes leading from almost every tee on the course, they felt a tendency to steer the ball. You can't steer a golf ball accurately.

is no man in sight now to stand against him.

There can be little question of which man took the greater punishment. Charles did, by far. Though Marciano shed the more blood, he never once gave any evidence of being hurt.

Waterford, Huron Valley Legion 9s Battle to Tie

Waterford and Huron Valley Boys Club entries in the American Legion 18th District baseball league battled 7 innings to a 4-4 tie on the Waterford High School diamond Thursday.

The host team erased a 4-0 lead by scoring once in the 4th frame and coming back with a 3-run cluster in the 5th.

Jerry Kruskie tossed a 3-hitter for Waterford, with Huron Valley's Vorheis getting all three safeties. Two walks, an error, a passed ball and Vorheis single brought in two Boys Club runs in the 2nd.

Another error, a walk and Vorheis' double sent in two more in the 4th, thereafter Kruskie, who fanned 12, shut the door.

Waterford got one back in the 4th on a 2-base error and Jerry Harnack's single and drove out starter Dave Huber in the 5th on an error. Dave Latta's bunt single, a passed ball and singles by Bob O'Neill and Leroy Nicholas.

Jim Huber, who relieved his brother for Huron Valley, struck out six in the 3 frames he worked. Harnack and Latta each had two hits for Waterford. Play resumes

Charles, on the other hand, appeared very lucky to finish three or four rounds after Rocky first tagged him in the sixth with a left hook to the button and changed the entire aspect of the battle. Up to that time, it should be remarked the duel had been practically a one-way street for Ezzard.

Sickle's Image is a Michigan bred horse, owned by Clarence Hartwick of Oxford.

The feature event will be televised by Channel 4 (WWJ-TV) in the Detroit area. Sen. Ferguson will present the winning award.

Chisox Lead Majors for Base Stealing

CHICAGO (U.P.)—The Chicago White Sox are dominating the major leagues in the stolen base department today. The hustling White Sox have produced 40 thefts to lead both circuits, with the St. Louis Cardinals the National League pace-setters with 28 steals. Chicago stole three bases—by Jim Rivera, Nellie Fox and Cass Michaels—in yesterday's victory over the Athletics.

Remember?

He's been around baseball for a long time. Though his career began in 1919, young and old alike should be familiar with him. Identification of this, the 2nd in the "Do You Remember?" series will be found on the final sport page.

Many AAU Records in Peril

ST. LOUIS (U.P.)—About half a dozen meet records stand in danger tonight as more than 400 of the nation's best—including seven Olympic champions—move into action in the 66th annual national AAU track and field championships.

The 21-event meet, which runs tonight and tomorrow night at the St. Louis Public School Stadium, climaxes the outdoor track season.

Only three defending champions, including Kansas' Wes Santee, will be missing from the field.

With Santee out because of Marine summer camp training, Luxembourg's Josy Barthel who won the 1,500 meter event at the Olympics, figures to be the favorite in the 25-man mile field. Santee holds the AAU mile standard of 4:07.6 set at Dayton, Ohio, last year.

The New York Athletic Club is the defending champion of the meet.

Southern California's Ernie Shelton, who has cleared the bar at 6 foot 10 inches within the past week, expects to try for the elusive seven-foot high jump mark.

Mal Whitfield's 1:51.5 half-mile AAU record may be topped tonight along with Parry O'Brien's 57 foot 11½ inch shot put mark. Other records that may fall include Walt Davis' 6 foot 11½ inch high jump mark; Steve Seymour's 248 foot 10 inch javelin throw; J. W. Mashburn's 440-yard mark of :47.1, and Fortune Gordien's 183 foot 9¼ inch discus heave.

O'Brien, 1932 Olympic champ of the Los Angeles Athletic Club, holds the world shot put mark with a toss of 60 feet 10 inches.

Image Shoots for New Mark

Oxford Horse Seeks to Become Winningest Mare in Racing

Sickle's Image makes her 1st bid of the season tomorrow to become the racing world's richest money-winning mare.

Last year's "mare of the year," Sickle's Image is the favorite in 11 starters of the \$10,000 Rose Leaves feature, at the Michigan Racing Assn. track.

The Rose Leaves is the richest local stakes for fillies and mares. Sickle's Image needs barely \$70,000 to pass Bewitch for the money record for mares. Bewitch earned \$462,605 in her lifetime of racing. Sickle's Image has earned \$394,460.

2 Holes-in-One Scored by Area Golfers Thursday

A Birmingham golfer scored a hole-in-one Thursday and another was fired at an Oakland County private club.

Nick Stock, 19610 Middlesex, Birmingham, got his ace on the 170-yard 9th hole at Rammiller Golf Club and scored an 88 for the round. Phil Johnson, a Detroit, used a 4-wood to sink his tee shot on the 202-yard 16th hole at Franklin Hills. His score was 81.

A 'First' for Brown

Mordacia (Three - Fingered) Brown was the first pitcher in the major leagues to hurl four consecutive shutouts. He got them in 1908.

League Leaders

Davis and Charlie Capozzoli, three-mile winner, are the other two defending champions who will be missing from the meet with Santee.

Other gold medal Olympic champions entered include Horace Ash-

enfelter, defending two-mile steeplechase champion; former Illinois U. star Bob Richards in the pole vault; Andy Stanfield in the 100-meter dash; and Whitfield, the 800-meter titlist.

CHIPS IN WINNING ROUND — Billy Joe Patton chips onto 7th green on the Baltusrol course during the 1st round of the National Open golf championship yesterday. The amateur from Morganton, N. C., shot an amazing 69, 1-under-par, to take the lead. He is the 1st amateur to lead the 1st round in the Open since Bobby Jones accomplished the same feat a quarter of a century ago at Winged Foot at Mamaroneck, N. Y.

Lightweights in Boxing Spotlight

Ring Scene Shifts From Heavies as Zulueta, Gonzales Meet

NEW YORK (U.P.)—Lightweight contenders Orlando Zulueta of Cuba and Johnny Gonzales of Oakland, Calif., are rated even for their 10-round television bout at Madison Square Garden tonight.

In the fuss over last night's heavyweight title bout between Charles, the lightweights have been completely neglected. Nevertheless more people probably will see them mix than the heavies. Tonight's 10 p.m., EDT (9 p.m., EST) scrap will be a telecast coast to coast (NBC).

The 25-year-old Zulueta is the second ranking contender and Gonzales is ranked third. The winner may get a shot at the victor of the lightweight title fight between champion Paddy DeMarco and Jimmy Carter.

Wins Horse Show Events

Lou Evans of Birmingham won two events yesterday in the junior competition opening the Grosbe Pointe Hunt Club's 43rd annual horse show, Wilson, riding Tinka, placed 1st in the working hunters and hunting seat.

Berkley's championship placed only two players, while runner-up Waterford landed three. Southfield and Walled Lake also placed two men each, while Farmington and Van Dyke placed one.

Tom McCormick, Southfield's pitching star, concluded a brilliant record in the Inter-Lakes by making the baseball honor team for

Toronto Says Lions 'Tampered' With McCants

DETROIT (U.P.)—The Detroit front office pooch-pooched claims by the Toronto Argonauts today that the Lions "stole" defensive end Howard McCants from the Canadian professional football fold.

McCants, of River Rouge, Mich., signed a 1954 Detroit contract two days ago. He was the Lions' No. 4 draft choice on the National Football League lists earlier this year.

"McCants is a Lion and has been since Wednesday by contract, or last January by verbal agreement said Detroit general manager Nick Kerby.

However, coach Frank Clark of the Argonauts said the 6-8 McCants had signed to play in the Canadian League before the Lions got to him. Clark said it was "a definite case of tampering" on the part of the Lions.

Kuenn Passes Chico Carrasquel in AL Poll

CHICAGO (U.P.)—Detroit's Harvey Kuenn edged ahead of Chicago's Chico Carrasquel today in the annual poll of fans to select starting lineups for the July 13 all-star baseball game.

Kuenn now has 9,616 votes for the American League shortstop post compared with Carrasquel's 8,449. The poll ends July 3.

All-Senior Team Named for Inter-Lakes League

Eleven players, all seniors, were named to the Inter-Lakes Conference all-star baseball team recently by coaches of the league's six schools.

Berkley's championship placed only two players, while runner-up Waterford landed three. Southfield and Walled Lake also placed two men each, while Farmington and Van Dyke placed one.

The team: C—Bill Burmeister (W.L.), P—Tom McCormick (S.L.), Dick Radatz (S.L.) and Barry Peil (W.L.), 1B—Don Williams (W.L.), 2B—Bill Wood (W.L.), 3B—Steve Ryerson (W.L.), SS—Bob Markham (P.L.), OF—Art Schirmer (W.L.), Jim Johnson (S.L.) and Shervin (S.L.).

Walter Emcees Summer Show

Is Author of Perennial The Man on the Flying Trapeze and Others

NEW YORK — Walter O'Keefe, veteran songwriter, vaudeville star and television and radio comedian, takes over as host of television's Two for the Money for the summer months, starting July 3.

O'Keefe was born in Hartford, Conn., and attended school there until he was 12, when he went to England to complete his education.

World War I interrupted his education, however, and he returned to America, enrolled at a preparatory school, then Notre Dame.

He worked his way through college. One of several jobs was in the office of a South Bend newspaper.

Walter took part in several of the college musical shows and became a major attraction of the glee club. After graduation he decided against a stage career and became advertising manager of the Fort Wayne News-Sentinel.

Later he formed his own ad agency, was quite successful until he was temporarily bedridden with infantile paralysis.

Hollywood soon beckoned. He collaborated with Bobby Dolan on the lyrics for Ina Claire's picture, "The Awful Truth."

In 1930, O'Keefe had his first real radio experience, broadcasting with Paul Whiteman from Los Angeles. One of the boys in the singing group — Whiteman's Rhythm Boys — was Bing Crosby.

After a season on the coast Walter returned to Gallant's in New York and introduced a song he wrote which has become a perennial favorite — "The Man on the Flying Trapeze."

A short while later he co-starred with Bea Lillie and Ernest Truex in The Third Little Show. During the run of this show he guest-starred on top network variety shows, was so successful he was signed as emcee of a coast-to-coast program.

O'Keefe then entered another phase of show business, vaudeville. He toured the nation's leading theaters from coast to coast. He later returned to radio, headed several top shows.

On television, he's appeared on a number of programs, including a host stint on television's Two for the Money last summer.

O'Keefe has more than a score of songs to his credit, among them "Ever Since the Movies Learned to Talk," written for Eddie Cantor in "Whoopie"; "I Love Love," and "Always a Bridesmaid."

Refugee Says Reds Will Punish His Wife

TAIPEI, Formosa (AP)—A Polish tanker captain granted political asylum by Nationalist China said today his wife and two daughters in Poland will be punished cruelly for his defection.

"They will be thrown out of our flat; my wife won't be able to get a job and maybe will be imprisoned; my two daughters will be expelled from school," Capt. Leonard Masowski told a news conference.

Masowski and 11 other officers and crewmen aboard the 8,207-ton tanker Praca, seized last October by a Nationalist gunboat east of Formosa, were granted political asylum yesterday.

The skipper said a dispute with the political officer aboard the Praca would have meant 10 years in prison for him had he returned to Poland. And the other 11 refugees would have been jailed because they are his friends.

The political officer and 17 other crewmen are to be repatriated to Poland by the International Red Cross.

Superstitious? Beware Eclipse of June 30th

ANN ARBOR — If you are the superstitious type, here is a checklist you should be prepared to observe during the forthcoming solar eclipse of June 30th.

These and many other "facts" will be broadcast on a special documentary radio program prepared by the University of Michigan Broadcasting Service for statewide airing:

1. The American Indian thought that if a woman looked at the eclipse, she would give birth to a child with a deformity.

2. An Eskimo idea is that household utensils should be turned upside down so they will not catch the unclean essence which falls during an eclipse.

3. One from England is that a person should never undertake any business of importance during an eclipse.

4. Any food in the house during an eclipse must be thrown away, and all earthen vessels must be broken if it has been believed in India.

5. In China it has been thought that one should make all the noise possible to frighten away the celestial dragon that is eating the sun.

6. Make doubly sure of all the above, because June 30th is a Wednesday and, according to the ancient Thuringians, an eclipse on Wednesday is especially dreadful. These are a few of the folk-lore legends which will be dramatized on the U-M broadcast. The history and the science of solar eclipses will be treated on the half-hour program which will be heard throughout the state.

Coast Guard Continues Search for 2 at Straits

ST. IGNACE (INS)—The Coast Guard was to resume dragging operations today for two brothers feared drowned last night in the Straits of Mackinac.

The boat of Charles Gamble, 30, and his brother, George, 28, both of St. Ignace, was found overturned three miles east of Mackinac Island.

The United States produced 14,700,000 tons of steel for its auto industry in 1933.

Witness Unable to Pick Kidnaper

Man Who Paid Ransom Says He Can't Identify Wife's Abductor

PHOENIX, Ariz. (AP)—A wealthy Phoenix industrialist, who earlier pointed out a man he said he saw when he paid \$75,000 ransom, yesterday testified "I don't know" when asked to identify him as his wife's kidnaper.

Herbert Smith gave the testimony at the preliminary hearing for Daniel J. Marsin, 41, when asked by defense attorneys to say if Marsin was the kidnaper.

On Wednesday, under grilling by prosecuting attorneys, Smith testified "that is the man," in pointing out Marsin as the one he saw when he paid the ransom last week.

Smith's wife, Evelyn Ann, both before and during the hearing, said Marsin was her abductor. Marsin, unemployed Phoenix welder, has denied a kidnapping charge.

Judge Al J. Flood will decide perhaps today if Marsin will be held over for trial in superior court. The state rested its case yesterday.

Meanwhile, bond on the defendant was reduced from \$50,000 to \$10,000.

Gleason's Alimony to Be 14.5 Per Cent

NEW YORK (AP)—Television star Jackie Gleason has signed an agreement giving his wife a separation, custody of their two children and 14 1/2 per cent of his gross salary in alimony.

Terms of the agreement between

Jackie and his wife Genevieve were announced yesterday in a written statement which corrected a previous report that the alimony figure would be 15 per cent.

Gleason earned \$336,000 last year. If his earnings continue on that scale, the payments will amount to nearly \$50,000 a year.

Gleason claims he retained only \$63,000 after taxes in 1933. The Gleasons were married in 1936.

Five Little Ducklings Worth \$6,000 to Him

SEAFORD, N. Y. (AP)—Homebuilder Louis Hirsch passed out cigars yesterday in celebration of the hatchling of five little ducklings—an event which meant he could now get back to work.

He said he plans to have a bulldozer and crew back on the job Monday, resuming a ground-clearing job that for 25 days has been held up to permit a nesting wild Mallard duck to hatch her brood. Hirsch said he figures the delay in the construction job, involving the erection of 49 new homes, has cost him about \$6,000. "It was worth it, though," he said.

Police Power Goes Off

EAST LANSING (UP)—Emergency power had to be provided for State Police Headquarters for an hour Thursday when a severe thunderstorm interrupted communication facilities.

A complete faster, efficient optical lab with his office. Have a 7-point adjustment for perfect fit! No obligation.

Hal Boyle Says:

Frenchmen Unconcerned Over Fate of Government

PARIS (U)—A man stepped into the hotel lounge and said quietly: "The government has just fallen."

Perhaps there was frenzied excitement in French political circles over Premier Laniel's downfall, but the collapse of France's 19th postwar government created less stir in the hotel lounge than if a patron had risen and accidentally upset an ashtray.

The barman looked up impassively at the news, then bent down and finished mixing his drink without the slightest exchange of expression. It was as if he were an American League fan, and someone had just remarked a game in the National League had been rained out.

The American tourists in the lounge, including a number of former war correspondents, began talking animatedly about what the new government crisis meant. A few Frenchmen present listened curiously to the conversation. None volunteered a comment.

None said Laniel was a bum and deserved to topple. None protested he was a hero. None said he was a good man trying to carry out a bad program or a bad man stuck with a good program.

They had—or so it seemed to me—the half-bored, half-amused indifference of a group of Broadway characters at a night club casually eavesdropping on a table of Texans talking about how much Dallas needed a good hard rain.

A waiter came by. I ordered a drink and asked, "have you heard the government has just fallen?"

"Yes."

"You don't seem at all surprised."

"No."

"You don't seem very concerned either. Doesn't it worry you that another French government has fallen?"

"Why should it?" he shrugged.

"I worry about what concerns me. I take care of myself first—then the other fellow."

"Is that the way most Frenchmen feel?"

"I would say yes."

"Have most Frenchmen always felt that way?"

"Perhaps not," he said, after a moment of reflection. "But it

is the way they have felt since the last war."

"Who would you like to see run the government of France—General De Gaulle?"

"No, not De Gaulle," he said.

"But it is a matter of little moment to me. They are all out for the money. Me, I take care of myself first, too."

Later I asked an assistant manager of the hotel the same questions. He had much the same attitude as the waiter—that the government of France was hardly his personal problem, and he had his own life to worry about.

When I asked him what he thought of present French political leaders, he said—very seriously: "They are all too small. France needs a stronger man."

"How about De Gaulle?"

"De Gaulle?" He looked pained.

"No, not De Gaulle. It is not necessary to be a general to be strong. France needs a strong man like Clemenceau—yes, another Clemenceau. But one does not meet many Clemenceaus in a lifetime, isn't it so?"

Out in the streets the normal traffic of Paris pulsed. The flower girls were peddling blooms as usual. The fruit stalls were busy. The only knots of people I saw were waiting for the bus to take them on the long voyage home, and they studied their newspapers in silence.

Along the Seine the season's first fishermen were patiently tossing lines into the stream, philosophically hoping to snare one of those overgrown minnows which is about all you ordinarily ever see anyone catch in the Seine.

The dropping lines made small ripples in the water. And, for all a guy from out of town could tell, that is about all the fall of France's 19th postwar government did. It made a ripple on the commonplace. No more.

In the tidal times we live in, it would have been more encouraging to have seen something bigger than a ripple. There have been times in France's past when the fall of a government stirred waves of purpose throughout the world.

SEARS it's DRESS MONTH at sears

styled for sun and shade...

our collection
of cotton dresses with a

**summer
accent
\$8.75**

Season-crisp cottons in rich-dyed solid hues and exotic prints. Summer-minded dresses with low-down necklines and wide-and-flirty skirts. Many have their own brief boleros. Misses' juniors' and half sizes.

Four Popular Tasty Flavors

Reg. 49c **44¢ Lb.**

Fresh sweet coconut centers with smooth triple whipped cream coatings! Lemon, chocolate, vanilla, strawberry.

Cadillac

He's Ten Years Younger Today!

Here's a man who has just taken ten years off his age—insofar as his spirits and mental outlook are concerned.

He's going for his first ride in his first Cadillac—and he's a happy, happy man—with his hopes in the sky and his heart singing a song he's recalled for a decade.

He's having an experience which we can't tell you about. You have to live it yourself—at the wheel of that first Cadillac—in order to evaluate it.

You know how it goes. You work and you worry and plan and hope. The years go by—and, bit by bit, you get things done. The insurance creeps up where you want it—the mortgage on the home goes into the fire—there's that nest-egg against the future and the college fund is in the bank.

And then, one day, you feel there's no further need

for resisting—so you order the Cadillac—and wait for the happy news—"It's here!"

Your ride home will live in your memory forever. You've put the cap sheaf on your world of dreams.

Of course, this great sense of personal well-being is only the first thrill that comes with your Cadillac.

There's its magnificent performance—its marvelous balance and roadability—and its rare comfort and safety and handling ease. Every hour at the wheel is a privilege—and every journey is a wonderful memory.

Is the time about right for you to step up to a Cadillac?

If so—please come in and see us. The longer we're in business, the happier we are when we deliver a man his first Cadillac.

We'll be waiting to welcome you—anytime.
