West Germany Is Rich Nation

Country Now Is Most Prosperous in All of Europe

BONN, Germany (UP) — West Germany, five years ago the poorest of the world existing solely on American handouts, is now the most prosperous nation in Europe.

All over the globe, governments send their representatives here to ask Germany to help finance their own economic revival programs, a startling change for a nation which five years ago, doled out food to its own 48,000,000 people at the rate of 1,325 carefully calculated calories a day.

West Germany's gold and dollar reserves have increased six-fold in three years and now total \$1,000,000,000. She was the largest European Payments Union debtor in 1950. Today, the EPU owes West Germany more than \$700,000,000—so much it will probably force a reorganization of the EPU by spring.

Employment has reached a record 16,000,000, with 2,000,000 new jobs created in three years. Unemployment, at just under 1,000,000, is the lowest since the war, despite a regular influx of refugees from the East.

The industrial production index is 141 of 1936. Wages continue to rise slowly while prices of consumer goods have recently shown a slight decline. There hasn't been a wage strike in three years. The federal (statistical) office estimates that real weekly earnings of industrial workers have increased 86 per cent since 1948, that their food consumption has jumped 26 per cent and their purchases of goods and services have gone up 34 per cent during the same period.

The great unsettled problem remains housing. The government has said that the nation is short 4,000,000 dwelling units as a result of war damage plus the dumping of 10,000,000 refugees into the country since the war. It built 400,000 houses last year, and probably will build that many again this year. But with refugees continuing to flow in, the average number of persons per room has dropped only from 1.17 in 1950 to 1.15 now.

The index of foreign orders placed with German industry in September was 127, compared with 106 the year before. The country probably will have an over-all foreign trade surplus of \$500,000,000 for this year, and is the only major state in western Europe no longer requiring or receiving direct American dollar aid.

But the increases are slowing. Almost all of Germany's trade agreements are bilateral, when three or even four-way trade deals are what is required.

Under the bi-lateral arrangements, West Germany finds that she has difficulty keeping trade going without financing it herself. Twenty-one Latin American countries, for instance, are constantly in trade debt to West Germany, a situation which obviously cannot go on forever.

Economics Minister Ludwig Erhard believes the solution is free convertibility of all currencies, letting each find its own real level, rather than continuing to be bolstered trade practices. Already, Erhard has dropped all quantitative restrictions on 91 per cent of Germany's exports. But he feels he can go no further unless Germany's trade partners follow suit quickly.

Patter of Little Feet

VALDESE, N. C. (UP)—Mr. and Mrs. John Mosteller had a modern brick home but lacked one thing necessary to a happy wedded life. So they went to nearby Morganton welfare office and adopted six children, including an eight-day-old boy. "We got sick and tired of working all day and coming home at night to nothing but quietness," said Mosteller.

DEAD ON YOUR FEET?

These symptoms if due to a vitamin deficiency occur only when daily intake of vitamins B₁, B₂, and niacin is less than minimum daily requirements over a prolonged period. In themselves, they do not prove a dietary deficiency as they may have other causes or be due to functional conditions.

Special Formula supplies iron you may need for Rich Red Blood

Do you feel run-down, nervous or depressed? Lost your appetite—constipated—bothered by digestive upset? You may be suffering from iron-and-vitamin starvation over a prolonged period. BEXEL, the Special high-potency Formula supplies supplementary quantities of iron for rich red blood and quick vitalizing energy. Each BEXEL capsule gives you 5 times the daily minimum requirements of blood-building iron; more than the daily minimum of all essential B-vitamins; plus Vitamin B₁₂ and trace minerals. Get wonderful new pep and energy with BEXEL—now available at all drug stores.

Automobile Club Reveals Plans to Construct Office at Birmingham Location

From Our Birmingham Bureau
BIRMINGHAM—Construction of a Birmingham office of the Automobile Club of Michigan will begin sometime this spring, club president Clarence E. Otter of Bloomfield Hills has announced.

"The plans have been completed for a one-story colonial style building at the northeast corner of Hunter Blvd. and Forest," Otter stated.

Under consideration for some time, the new building will relieve the overloaded facilities of the Pontiac office, according to the president.

At present the numerous club members in Birmingham have to go to offices either in Pontiac or Royal Oak. No cost estimate of the new structure was revealed.

Regular business meeting of the Soroptimist Club will be held tonight, starting with dinner at 7 in Devon Gables.

"The Similarity of Jeremiah, Jesus and the Last Supper" will be the topic of discussion at the midweek service of the First Methodist Church tonight. The 7:30 meeting will be in the chapel.

Congregational Church has recently won its initial game in the YMCA Church Basketball League, with a 63 to 41 score over Redeemer Lutheran Church.

First Presbyterian Church rolled to a 67-25 win over St. James Episcopal, with a 40 to 5 lead at half-time.

Time for use of the gym ran out when Christ Church Cranbrook was leading by a 30-22 score over Kirk in the Hills. The game will be finished at a later date.

Tonight's games find St. James opposing the First Baptist Church at 7. Kirk in the Hills plays the Congregational Church at 8. Both games will be in the Baptist Church gym. At 9, Christ Church will oppose First Presbyterian at Barnum Junior High for leadership of the league.

The newly formed individual liberties committee of the League of Women Voters will hold its first meeting tomorrow at 1 p.m. in the Oak street home of Mrs. F. C. Smith, committee chairman. The group plans to map out a field of study.

With the thought in mind that happy children plus happy parents add up to happy homes, Poppleton PTA has planned a family evening of fun and relaxation for its January meeting.

A square dance has been planned, and so that a few hours can be added, the meeting has been changed from tonight to tomorrow at 8 p.m. Mrs. Frank Willcock and Mrs. Gerald Elmore will do the calling.

Telling the other lawmakers that "over 1,000 persons were skating on Quanton Lake Sunday," City Commissioner Lance Minor inquired this week whether the City Recreation Board had any program there, and declared the skating is a "dangerous nuisance."

Fire Chief V. W. Griffith said his department had pulled half a

Two Drivers, Woman Fined in Justice Court

BIRMINGHAM — John Ben Moulton, 31, of 695 Graefield was fined \$50 and had his driver's license revoked yesterday when he pleaded guilty to driving under the influence of liquor charges before Justice of the Peace John J. Gaffill.

Moulton was arrested Dec. 17, 1953.

Roger Hood, 18, of 4805 Charing Cross Road pleaded guilty to reckless driving, and was fined \$50, put on probation for one year, and had his license suspended for one year by Judge Gaffill.

Judge Gaffill fined Mrs. Kariton W. Pierce, 540 S. Glenhurst \$6.50 plus \$3 costs for allowing her dog to wander. She was placed under 60 day probation in the matter, since she received a ticket for a similar offense Jan. 11.

The Weather

County Suspect Kills Self in Ohio

Mrs. Hazel Bryant, 22, Charged With Issuing Bad Checks Here

A 22-year-old woman hanged herself last night in the Ashtabula (Ohio) City Jail shortly after being arrested on a charge of issuing checks without an account during the 10 days she worked as a sales clerk in a Pontiac store during the holiday season.

She is Mrs. Hazel J. Bryant, who lived in a motel at 9474 Pontiac Lake Rd., Waterford Township, while employed here.

She was arrested yesterday afternoon by Ashtabula Police on request of Oakland County authorities who had issued a warrant charging her with writing at least 12 bad checks totalling approximately \$300 when she worked in Pontiac.

Robert Miller, chief investigator for the Oakland County Prosecutor's Office, was to leave for Ashtabula this morning to pick her up, but he was notified by Ohio police that she had hanged herself with a bandana in her jail cell.

Miller, who traced Mrs. Bryant to Ashtabula, said the worthless checks didn't turn up until after she had left the city.

He added that the maximum penalty for the felony is two years in prison.

Mrs. Bryant had no known relatives living in the Pontiac area.

Voting Machines to Be Used for Primary Jan. 21

Voting machines will be used in 32 of the 37 precincts in Oakland County's third legislative district during the special primary election slated for Jan. 21.

The primary will be held to choose a Democratic and Republican nominee from among seven candidates seeking the vacant state representative's post vacated by Howard R. Estes (R-Birmingham) last November.

Results of a special election Feb. 11 will determine Estes' successor for the term ending Dec. 31, 1954.

Voting machines will be used in Birmingham's 11 precincts and in 21 precincts in seven townships.

Lyons Township alone uses paper ballots as do the cities of Bloomfield Hills, Farmington, South Lyon and Sylvan Lake.

Says Big Issue Is Economic Future

(Continued From Page One)

"These fears must be checked and these trends reversed," He then proposed:

—A \$500,000 program to improve the marketing of farm crops.

—Increasing unemployment compensation from a \$35 weekly maximum to 50 per cent of the average industrial wage in Michigan, currently, he said, \$63.30.

—Extending unemployment compensation coverage from 20 to 26 weeks.

—Covering all employees of business and industry with unemployment compensation (now limited to establishments with eight employees) and a study of doing the same for state employees.

—Removal of the "needlessly severe disqualification and eligibility provisions" of the unemployment compensation law — long a target of organized labor.

—Increasing workmen's compensation benefits to two-thirds of the average weekly wage, plus improvements in coverage.

—A disability insurance law, now operating in New York, New Jersey, Rhode Island and California.

—A state minimum wage law of one dollar an hour.

—A state "Little Wagner" act to establish a state labor relations board.

—Authority for the State Mediation Board to intervene automatically in disputes involving public employees, now forbidden to strike.

—Legislation authorizing creation of a privately financed "development credit corporation" to aid new enterprises and small businesses.

Williams said he would submit two other messages soon dealing with public health and public security.

Birmingham Building \$1,122,950 Less in '53

BIRMINGHAM — With only a \$318,050 valuation of building permits issued in December, Building Inspector T. C. Brien's December report shows a \$1,122,950 drop over 1952 construction figures.

Pontiac Deaths

Claude Hutchins

Word has been received here of the death of Claude Hutchins, 79, formerly of 48 Chamberlain St.

Mr. Hutchins, a resident in Pontiac for 40 years and former Pontiac city employee, died Wednesday evening.

He moved to Saginaw three years ago to live with Mr. and Mrs. Edward Rivers and Mr. and Mrs. Orin Munson. He was a life member of IOOF.

Surviving are a sister, Mrs. Ina Bohn of Saginaw, and several nieces and nephews.

Funeral will be Saturday at 1:30 p.m. from the Huntton Funeral Home.

Mrs. Henry Jones

After an illness of two months, Mrs. Henry (Olivia) Jones, 63, of 129 Hagley St. died at her residence Wednesday morning.

Born in Meridian, Miss., March 13, 1890, she married the late Mr. Jones there in 1910 and came to Pontiac to live 34 years ago.

Surviving are three daughters and five sons, Malinda, Mrs. Anna Mae Murray, Mrs. Edith Gamble and Thomas Peter and Paul S. of Pontiac, Thaddeus J. and Elvin R. of Detroit and Henry W. of New York City.

Also surviving is a sister, Mrs. Mary Lue Smith of Chicago.

The body will be taken from the Frank Carruthers Funeral Home to Trinity Baptist Church, of which she was a member, for funeral Monday at 2 p.m. The Rev. Richard H. Dixon Jr. will officiate and burial will be in Oak Hill Cemetery.

Mrs. Virgie Strickland

After a prolonged illness, Mrs. Virgie (Nannie D.) Strickland, 58, of 133 Bagley St. died at her residence Wednesday morning.

Born in Franklin, Tenn., April 4, 1895, she was the daughter of Mr. and Mrs. Alex Goodman. She came to Pontiac 33 years ago and married Mr. Strickland here in 1942.

Besides her husband she is survived by a son, Albert Murray of Pontiac, and a brother, Johnnie Goodman of Franklin.

The body will be taken from the Frank Carruthers Funeral Home to the U. H. Spiritual Church on Wessen St., of which she was a member, for funeral at 2 p. m. Tuesday. Burial will be in Oak Hill Cemetery.

William Lawson

Word has been received here of the sudden death of William Lawson in Deland, Fla., on Tuesday.

Mr. Lawson, who formerly lived here on Elizabeth Lake road, went to Florida three months ago. He was known in and around Pontiac as a musician, having played in various orchestras and dance bands.

The funeral was held in Deland today and his body will be brought to Pontiac in April for burial in Perry Mount Park Cemetery.

He is survived by his widow, Maude.

John Roise

John Roise, 84, of 47 n. Johnson Ave. died in Pontiac General Hospital at 8:55 p.m. Wednesday.

Born in Independence Township March 3, 1869, he was the son of John and Hannah Peters Roise. He married Lucelia Cronover here in 1903.

Mr. Roise was a member of the Clarkston Baptist Church and was a life member of Pontiac Lodge 21, F. & A.M.

He was last employed by the city.

Besides his widow, he is survived

India Is Returning POWs to Captors

(Continued From Page One)

His letter asked the Allies and Reds to accept returned prisoners at 9 a.m. Wednesday at the northern and southern boundaries of the demilitarized zone. Both sides were asked to reply by Saturday.

An Indian spokesman said the two commands were asked whether they are prepared to receive the POWs, no whether they agree with the Indian move to pull out of the dispute over whether the captives should be freed by midnight Jan. 22.

Referring to the fact that some explanations to the balking POWs broke down and most captives never were interviewed, Thimayya said the Indian decision was reached because the terms of the armistice for reluctant POWs had not been carried out.

Reconstruction Funds

PUSAN, Korea (U)—Eighth Army Commander Gen. Maxwell D. Taylor today presented a check for \$50,000 to Brig. Gen. Richard S. Whitcomb, commander of the Pusan military post, for reconstruction work in this fire-damaged port city.

CHICAGO (U)—More than one million dollars worth of narcotics were seized by police in 1953, Lt. Joseph Healy, head of the narcotics detail, said today.

Lists Garbage Plan

MILFORD—The village council here this week announced that Milford will ballot in the March 8 election on whether liquor will be sold by the glass.

The announcement came after the council received a 113-name petition asking for the action.

Voters will also decide whether the village will pay for garbage collection within village limits. At present, private individuals are responsible for the service.

The lawmakers mapped plans for a special election to amend the village charter as a first step in providing sewers on Crystal, East Commerce and Elizabeth Streets.

The amendment is necessary because the present law allows taxation of vacant lots in the area at only 25 per cent of assessed evaluation. The council aim is to impose a special assessment not to exceed actual benefit accrued by the improvement.

Date of the special election will be announced later, councilmen said.

King, Queen Votes Piling Up at Roosevelt

KEEGO HARBOR—Penny votes are rapidly piling up as candidates for Roosevelt School PTA Fair king and queen, along with their managers, campaign in preparation for the crowning of winners at the Fair, Feb. 6.

Queen candidates selected by their roomers are Peggy Lowe, Carolyn Rabel and Jean Randall, 9th grade; Carol Kriehack and Jo Ann Harbaugh, 10th; Shirley Sias, 11th, and Shirley Hawley, 12th. Charles Smith, Fred Hehl and Hillary Van Coevering are king candidates from the 9th grade; Dennis Singleton and George Deacon, 10th; Orland West, 11th, and Karl Weber, 12th.

The king phase of the contest is now this year and is being sponsored by the senior class and its room mothers. The juniors are in charge of the queen competition. Homeroom 10X is sponsoring a dance from 8 to 11:30 p.m. Saturday in the gymnasium for its candidates.

Service Club Headed by Edwin R. Dreyer

WEST BLOOMFIELD TOWNSHIP — Edwin R. Dreyer was installed as president of the local Kiwanis Club following a luncheon in Rotunda Inn Wednesday noon.

Also installed by Kiwanis Lt. Gov. Mason Case of Rochester were Byron Arklies and Webster Francis as vice presidents and Carl A. Thorsberg as treasurer.

Lawrence Brown, Dr. Lief A. Hougren, Clifford Pultzer and Jack Uhrick were named new board members.

Robert Compton was appointed secretary and Charles Grannis, sheriff, Fred Riddell was made a member of the organization.

Davisburg PTA Plans Saturday Night Supper

DAVISBURG — A potluck community supper sponsored by the PTA will be held at 7:30 p.m. Saturday in the Davisburg School. Square dancing and movies will be featured in the social evening to follow. The affair is open to all Davisburg area residents whether or not they have children in school.

Committee chairmen are Mrs. Vernon Miner, Mrs. Gene McNeive, Mrs. Ferris Walker, Mrs. Floyd Young and Mrs. Earl Van Leuven.

Citizens League Elects New Officers Tonight

SOUTHFIELD TOWNSHIP — The first annual election of officers and board members for Southfield Citizens League will be tonight at 8 at a meeting at the Colony Club, located on Evergreen Road, between Eight and Nine Mile Roads.

The meeting is of particular importance to residents of Southfield Township living between the Eight and Nine Mile Roads.

**LT. K. C. ASPINALL
DIES IN CRASH** — Lt. (jg) Kenneth C. Aspinall, 27, of White Lake, was killed Tuesday when his Navy jet fighter crashed near Pensacola Naval Air Station, Fla. Lt. Aspinall, who attended Milford High School, was the son of Mr. and Mrs. J. William Aspinall of 2910 Giddings Blvd., White Lake. A veteran of 58 missions in Korea, he entered service first in 1944 and was recalled in 1951.

Meet to Discuss Building Plans

Romeo School Board
to Select Architect for
Future Needs

ROMO — A meeting of the Romeo School Board is slated for 8 p.m. today at which several architects will talk over the proposed building program with the body.

The school group will select one architectural firm from the group to handle the future building needs of the district.

With promised support from enthusiastic groups and civic organizations, the board launched the school district expansion program at their regular meeting Tuesday night by outlining specific recommendations to be presented to the voters of the district.

The board adopted a resolution to go on record as supporting the survey of Dr. Gerald Boicourt, Wayne University survey specialist, with several exceptions.

At an estimated cost of \$395,000, a four-room addition to the Washington School, 12 additional classrooms at the South grade school site, four additional classrooms to the South School and a two classroom and agricultural shop building on a lot north of the high school were advocated by the board.

Milford Literary Club Honors Two Members

MILFORD — Two of the oldest members of the Milford Monday Literary Club were honored at the monthly meeting Monday in the Presbyterian Church parlors.

Gold pins were presented to Mrs. Mary Ladd and Mrs. Joseph Fittenger. Both have life memberships and Mrs. Ladd has been a member for 44 years.

A free-for-all discussion, "What's On Your Mind," followed the gift ceremony.

It was announced that a Gentleman's Night will be held Jan. 23 at Hi-Land Manor, when the men will be guests of the club. Dr. H. A. Miller is in charge of the program.

Tide of the Revolutionary War was Turned Toward the American Cause when Colonial Troops Stopped British General Burgoyne at the Saratoga Battlefield, now a historical park.

For Schriber and Gilliland

Motions for New Trials Denied by Judge in Lapeer

LAPEER — Circuit Judge Timothy C. Quinn late yesterday rejected two motions for new trials by Floyd Schriber, 60, and Clayton C. Gilliland, 57.

Schriber, an Almont farmer, had stated in his motion that a juror at his September trial for obstructing justice, George Albert O'Neil, was at the Elizabeth Stevens farm when Schriber and others prevented the sheriff from serving a writ of eviction.

Gilliland claimed that there was a relationship between a juror, Mrs. Annabelle Abbott, and one of his co-defendants, Howard Abbott.

After denying the latter as a basis for a new trial motion, Judge Quinn set Jan. 25 for sentencing Gilliland.

Schriber is expected to file an appeal with the State Supreme Court. Gilliland will have 30 days after his sentencing to file another motion for a new trial with the Circuit Court.

Council to Meet to Weigh Costs

Village's Share of Bill
for Subdivision Project
Higher Than Agreed

ROCHESTER — Whether Rochester will foot part of the bill for sanitary and storm sewer installation in the Brentwood Heights Subdivision will be decided at a special Village Council meeting this afternoon.

Originally councilmen agreed to pay part of the installation costs but when the H. M. Sheldon Co., subdividers, presented an estimated installation cost almost double to the original estimate, councilmen withdrew their agreement.

At a Dec. 28 meeting, lawmakers agreed to pay costs not to exceed \$2,100 for installation of a storm sewer on First Street from Helen to Alice.

Also agreed was payment of one half of the costs for a sanitary sewer not to exceed \$1,000, provided the village would get easement for a sanitary sewer across the property between the proposed subdivision and Quarter Street.

Decision to give the matter further study was made at the regular meeting Monday. The special meeting is scheduled for 4 p.m. today.

In other business Monday, Village president Frank Rewold was given the go-ahead on preliminary engineering work, and to prepare specifications for a deep-well turbine pump to be installed at the village water works.

General government bills, amounting to \$6,160.82 were ordered paid and additional bills of \$7,285.94 were allowed. The latter included, besides salaries, \$3,000 for construction work on the new civic center site, employee retirement fund and withholding taxes.

Citizens' Group to Study Schools

Lakeville Residents to
Determine Opinions on
Future Expansion

LAKEVILLE — A resolution to form a citizens' committee to study school problems was made this week when 38 Lakeville residents met with the school board.

Principal objective of the proposed group will be to make a study of taxpayers' wants concerning the future of local school expansion.

The group also discussed future overcrowding when the new beginners class starts next fall.

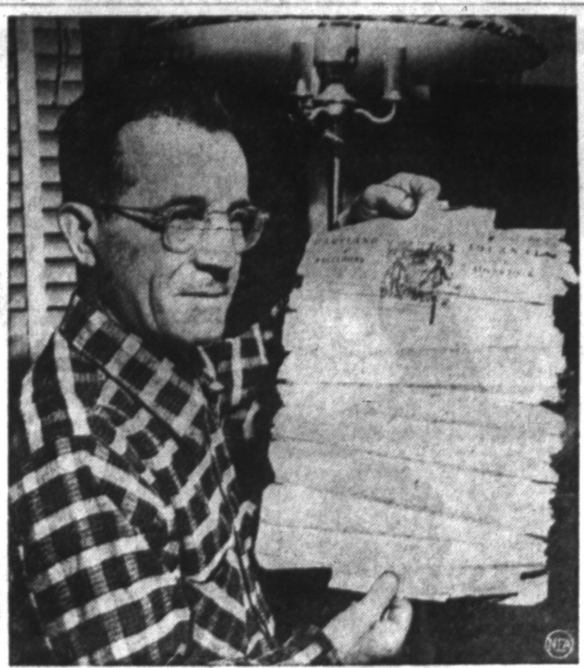

On hand to answer questions from interested citizens was Kenneth Brown, assistant superintendent of Oakland County Schools.

Imlay City Mailing Registration Notices

IMLAY CITY — Cards are in the mails to persons who registered four years ago but have not voted in the village election since. Clerk Walter E. Richards has announced. Card recipients must re-register.

The Village Council has set Feb. 15 as the caucus date and voters have until Feb. 8 to register.

Trustees whose terms expire are Ed Bloesma, Russell McNally and Albert Dorow. Others to be nominated are president, clerk, treasurer and assessor.

SHADES OF GEORGE WASHINGTON—News from 1773 is what John Gambiere, of Cleveland, Ohio, is looking at, and this copy of the Maryland Journal and Baltimore Advertiser is an extraordinary "find." The issue, dated July 15, 1773, carries an ad written by George Washington. It stated that he had 20,000 acres of land on the Ohio and Grand Kanawha rivers and that he would listen to any proposal for leasing them "upon moderate terms, allowing a certain number of years rent free." The paper, yellow and brittle, was found along with other old papers in a trash barrel. It has four pages, still very readable, except for the frayed edges.

Avondale Asks Township to Provide Fire Protection

AVON TOWNSHIP—A petition asking fire protection for the Avondale section of Avon Township was presented to the Township Board last night. The petition was tabled for further study.

Signed by 980 residents, the document requested a fire station, "together with fire fighting equipment and an alarm system," to service the district.

Submitting the request was Monroe Fredericks, president of the Southwest Avon Community Forum.

Supervisor C. E. Miller assured Fredericks that the board is in accord with the project and that he was considering several sites.

Miller also said that he favored getting the project on the April ballot.

Fredericks stated that all signers of the petition had been informed that the tax increase for the fire district would be \$3 per thousand.

Walled Lake Debaters Lead With Four Wins

WALLED LAKE — With the season half over, Walled Lake High School debaters are leading the Inter-Lakes League with a perfect record of four wins.

Farmington and Plymouth are tied for second with three wins and one loss each.

Southfield and Waterford each have one win, while Lincoln of Van Dyke trails with no wins to date.

Plymouth will be host to the league Monday and will be matched against Walled Lake. Southfield and Waterford will tangle, as will Farmington and Van Dyke.

Congregational Church Hears Group Reports

METAMORA — Church, Sunday School and Ladies Aid reports were read at the annual meeting of the Pilgrim Congregational Church Monday.

In the election of officers Mrs. Harold Brower was re-elected clerk; Miss Maude Martin, treasurer, and Clarence Rose, deacon.

Newly elected for first terms were Lee Whiteman and James Masson.

MSC Sponsors School for Area Bus Drivers

HOWELL — Michigan State College is sponsoring a bus driver's training school here today, Jan. 21 and 28. George W. Hosler, consultant for safety education at the college, is instructor.

Each driver completing the course will be awarded a certificate of achievement.

Alter Township's Nominating System

WHITE LAKE TOWNSHIP—Acting in accordance with a provision of the Public Acts of 1952, the township board has changed the nominating system for township office candidates.

Under the new setup, candidates will be nominated through a primary election system. The new method replaces the old caucus plan.

No referendum is necessary to make the change.

To Preach at Ortonville

ORTONVILLE — During the absence of the Rev. Perry Dermond of the Baptist Church the Rev. William Richards of Lapeer will speak at 10:30 a.m. and 7:45 p.m. SUNDAY.

Chicken, Pork on Bargain List

Beef, Lamb Also Among
Best Weekend Buys;
Fruit Prices Drop

By The ASSOCIATED PRESS

The men who run the nation's food stores will mark down prices on a wide variety of meats for weekend shoppers. In some areas, even the costly pork chop will come down from its lofty heights.

Prominently mentioned specials include prime ribs of beef, boneless chuck pot roast, legs of lamb, breasts and shanks of lamb, pork chops, pork loins, and roasting and frying chickens.

For the most part, reductions on beef and lamb cuts will be about two cents a pound. Pork chops won't be lowered everywhere, but some stores plan cuts of from 10¢ to as much as 16 cents a pound.

Stores, featuring chickens will trim prices by from two to eight cents a pound.

Egg and butter prices will remain much the same as a week ago.

There are strong indications that meat prices will be higher next week. Wholesale prices are up on most meats with some of the blame being placed on the cold weather, which has held up shipments.

As every housewife knows, coffee prices are continuing their climb, the result of record high prices for green coffee. A leading roaster said that its coffee is now selling at 96 cents a pound wholesale and that if retailers keep their present markup—profit margin—the retail price will be \$1.05-\$1.06.

The U. S. Department of Agriculture nominated broilers and fryers and winter pears as food headliners for this week. It noted there are plentiful supplies of these items at reasonable prices.

Most fruits moved lower in the wholesale markets, among them California oranges, grapefruit, tangerines, and grapes. Apples are about the same as they were a week ago.

The outstanding vegetable buys, produce men said, include cabbage, onions, potatoes and greens such as kale and collards. Good buys are carrots, escarole, endive, sweet potatoes and tomatoes. Among vegetables going higher this week were lettuce, peppers, celery and cucumbers. Strawberry berries also went up.

Florida Town Pulls Joke on Tourists

NAPLES, Fla. (UP)—Many towns have been accused of operating "speed traps" to glean dollars from out-of-state motorists, but this city, where officials tend toward practical jokes is operating a speed trap in reverse.

Once a week Chief of Police Cale Jones "arrests" an out-of-state motorist—not for any offense but simply because he is from out-of-state. Jones hauls the innocent driver before Mayor W. Roy Smith for "questioning."

At this point the bewildered, and probably sputtering, motorist is let in on the joke. Mayor Smith hands him a key to the city and a "summons" to the city of Naples—including one night's free lodging for the driver and his party, free meals for a day, free theater tickets, and a tour of the city. It's Naples' way of selecting a tourist of the week to help publicize its charms.

Wild Animals Rather Be Inside Looking Out

SAN ANTONIO, Tex. (UP)—Animals in the San Antonio Zoo never had it so good. That must be the reasoning of wildlife outside the zoo, Director Fred Stark says.

Stark revealed yesterday in a report to the San Antonio Zoological Society that during 1953 he trapped a total of 85 wild animals trying to break into the zoo. Included were 44 skunks, 37 opossums, 3 raccoons and 1 ring-tail cat.

Utah Miner Trapped Beneath Tons of Rock

DRAGERTON, Utah (UP)—Rescue workers worked late last night attempting to reach a miner trapped beneath tons of rock by a mine cave-in.

Trapped is Willie Trupillo, about 45, who was caught in the cave-in yesterday afternoon at the Geneva Horse Canyon coal mine near this central Utah town.

It was not learned what caused the cave-in.

GRAIN GOES TO THE HEAD—This attractive model wears one of the latest in chapeaux dreamed up by Ciottoli, hat designer of Rome. Ciottoli, employing a very fertile imagination, went "down on the farm" for his material. The sophisticated headgear is made entirely of grain stalks.

Tiny UP Town Rebuilt on Ruins of Ravaging Fire

LAKE LINDEN (UP)—Population wise, Lake Linden has increased only some 500 since 1887. But this small Upper Peninsula village, about 15 miles north of Houghton, has undergone an awesome recovery from the way it looked 67 years ago.

Few of the 2,000 residents, who now make their living principally from an old copper stamp mill and a saw mill, can forget what prompted the community to purchase the best fire fighting equipment known today.

It was noon, May 20, 1887, when a flicker of fire was first seen in a general store in the center of town. Minutes after the flames were discovered an explosion rocked the village, setting fire to several surrounding buildings.

Panic and tragedy followed. Not 24 hours later 300 families were homeless and of what was once a lively town nothing remained but cinders.

Lake Linden was destroyed. Flames left 40 acres of destruction.

The townspeople were fortunate in one respect—only one death was recorded and no one was injured. The Houghton Mining Gazette explained the death in this manner: "Dead is John Casey, who got drunk and went to sleep in William Hoskin's barn. A little boy of Hoskin's tried to wake Casey up but his stupor was such that he would not stir. A portion of his remains was found after the fire."

Hot Rodders Aiding Drivers in Distress

NEWTON, Mass. (UP)—Hot rod drivers to Mrs. James Farry of Needham were always a group given to whizzing about the countryside in old autos.

That's what she thought of them—until yesterday.

Stalled when the chains on her car snapped and tangled around the axle, Mrs. Farry was helped by a motorist who stopped and volunteered his aid.

Despite the near-zero temperature, the young man worked quickly and efficiently until the chain was cleared. She offered to pay him but the youth refused, instead handing her a card which read: "You have just been assisted by the Nomads of Newton, a hot rod club devoted to the better understanding between the rodder and the public."

Rivers of Nova Scotia, because they are narrow and short (seldom more than 50 miles in length), are little traveled.

This Russell Sage Didn't Die in 1906

TROY, N. Y. (UP)—Russell Sage College students raised puzzled eyebrows when a tall gentleman was introduced as "Mr. Russell Sage."

Even the greenest freshman knew that THE Russell Sage, famed industrialist whose wife endowed the college in 1916, died in 1906.

It turned out the visitor was a retired 68-year-old General Electric Co. mining engineer. He said he was just a "poor and distant relative" of the industrialist's family.

It wasn't the first time he had been mistaken for the industrialist. The first time, he said, was at the 1903 World's Fair in St. Louis.

"I signed my name to the register," he said, "and a fair official commented 'Russell Sage.' I always thought you were too busy to take a weekend."

Railroad Layoff

PHILADELPHIA (UP)—The Pennsylvania Railroad has announced that 600 to 700 heavy repair workers will be furloughed at the end of this week because of "a continuing drop in business, which leaves the railroad no alternative."

First radio license issued to a citizen was at Cincinnati, Ohio.

Seat Heat Fails to Deter Driver in 22-Mile Trip

BENTON HARBOR (UP)—The heat was on Walter Marhieu of Bridgeport the other evening but he didn't realize it until a few miles out of South Haven. Then he discovered that the driver's seat of his car was smoldering. He got some water at a gas station and thought he had the fire out.

A few miles further and it began to heat up again. He put a blanket over the seat, but that caught fire and he had to discard it. Finally he ended up driving the remainder of the 22-mile trip into Benton Harbor from the middle of the front seat.

Benton Harbor fireman James Woodley, who reported Marhieu's troubles, put out the fire once and for all.

'Alber-Quichie Kart' Has Michigan Woes

ALBER-QUICHE, N. M. (UP)—At least that's the way a Michigan man spelled it when he wrote Albuquerque police asking help in finding his mother.

The letter, addressed to the "Alber-Quichie Kart House," presented officers a worse difficulty than spelling: though he wants to find his mother, he doesn't know her first name.

Case of Stuffed Deer Really Tough Stuff

SPRINGFIELD, Mo. (UP)—The Springfield Court of Appeals has weighed some tough decisions in its time, but it became involved in a real mess when faced by the question of whether a person is breaking the law if he shoots a deer out of season—a stuffed deer, that is.

The whole thing started the night of Sept. 12, 1952, when four Conservation Commission agents "planted" a stuffed deer—with car reflector type eyes—on a road in Phelps County.

Two men, said the agents, in a car containing spotlights, shotguns and rifle slug ammunition, came

down the road and "shot" the stuffed animal.

A Circuit Court in Phelps County fined each defendant \$250 for pursuing deer out of season, and the men appealed the case. Their attorney put it this way:

"It was the same as if I went out here and shot a dead thing and was held for murder. It just would not be murder."

To which the judge replied: "But would it be an attempt?"

The case is still undecided.

Sale Too Successful

STAMFORD, Conn. (UP)—The Ladies Guild of St. John's church pronounced its rummage sale a big success. In fact, it was too successful. One of the members inadvertently sold 18 altar candlesticks used for children's services.

ACTRESS LOSES LEG—Susan Ball, above, a movie actress, underwent surgery at Temple Hospital in Hollywood, Calif., for amputation of her right leg to correct a cancerous condition. The 21-year-old beauty is shown in her hospital bed from which she recently announced her engagement to actor Richard Long. They plan to wed as soon as Miss Ball has recovered.

Radish Record 19 Inches

BRAZIL, Ind. (UP)—Harry M. Buck of Brazil claims some kind of

a radish record after uprooting a 19-inch long oriental radish from his garden. It tipped the scales at four and one-half pounds.

Aching Molars May Result From High Airplane Trip

ANN ARBOR (INS)—Your teeth may decay faster when you are in a high altitude plane, a professor of dentistry reported today.

A quick airline trip won't give you a mouthful of cavities, he added reassuringly, but it may cause an extremely painful toothache that won't affect you if you're down on the ground.

What's more if the trip scares you and you grind your teeth you'll be in for more trouble, he said. And new research indicates that at 30,000 feet your dental plates are likely to drop into your lap.

Dr. Floyd A. Peyton of the University of Michigan school of dentistry announced these prospects as the results of Air Force research studies and said dentists must learn to cope with a new problem: "Aerodontalgia."

This is a high-altitude toothache, and Dr. Peyton said the expansion of air travel will make it more common.

The pain is caused most frequently by hidden, normally painless air pockets in teeth that act up with the change in atmospheric pressure at higher altitudes.

The dentist said the problem is likely to be severe only for pilots and crewmen who are ex-

posed repeatedly to high-altitude conditions.

He added: "Also, the very condition of anxiety which some suffer while flying causes grinding of the teeth. This in itself suggests the need for dental work which will withstand 'air jitters.'"

"Dentures have been known to drop into the lap of airman. Studies indicate that at 30,000 feet there is as much as a 50 per cent loss in retention of dental plates."

Lapidary Instruction Halted at Cranbrook

Cranbrook Institute of Science is reorganizing its lapidary shop and is replacing all worn and obsolete equipment. During the reorganization period no lapidary instruction will be given.

Equipment being replaced will be put up for sale to hobbyists. Lapidary work includes stone cutting and polishing.

Saucer Will Boomerang

NEW BRITAIN, Conn. (UP)—Archibute Hovanesian, Jr., 12, built a "flying saucer" that measures 18 inches in diameter and doesn't need a string to return it to the "pilot's" feet. Its engine causes it to circle like a boomerang.

New Ball-Joint Front Suspension

This revolutionary new suspension is the greatest chassis advance in 20 years . . . and it's exclusive to Ford in its field. It gives front wheels greater up and down travel to smooth out the going on rough roads. And it helps keep the wheels in true alignment for consistently easy handling. Movement of the wheels is on ball joints whether in up and down motion, as wheels travel over rough spots, or in steering motion as wheels turn right or left. Ball joints are sealed against dirt and water. Lubrication points are cut from sixteen to four.

New 130-h.p. Y-BLOCK V-8

The Y-block V-8 has an extra-deep skirt extending below the crankshaft to give greater rigidity for smoother, quieter operation, longer engine life.

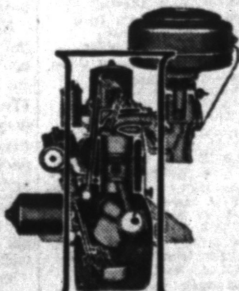

Free-turning overhead valves, Double-Deck Intake Manifold and high-turbulence combustion chambers give brilliant new responsiveness. These, plus low-friction design and Automatic Power Pilot give you 18% more power, greater economy.

New 115-h.p. I-BLOCK SIX

Like the new V-8, this new Six has an extra-deep block for greater rigidity . . . smoother, quieter performance . . . and longer engine life. It's the industry's most modern Six.

Free-turning overhead valves, high-turbulence combustion chambers, low-friction design and Ford's Automatic Power Pilot help produce 14% more power—with finer performance on even less gas.

PERFORMANCE DIVIDEND

No car in the low-price field has ever offered so many "Worth More" features as the '54 Ford. In addition to all the features that have already established Ford as the "Worth More" car, you now get a host of brand new dividends. These include a choice of two new deep-block engines . . . the most modern engines in the industry. You also get Ford's new Ball-Joint Front Suspension . . . beautiful new interiors . . . and styling that will make your heart beat faster.

And, remember, Ford also makes available to you all the optional power assists . . . features you might expect to find only in the costliest cars.

If you have not yet seen the new Ford models for 1954, come in and inspect them today. Then Test Drive a '54 Ford . . . and once you do, you'll want to drive it home!

More than ever . . . THE STANDARD for THE AMERICAN ROAD

'54 FORD Come in . . .

Test Drive it today!

*At extra cost.

YOUR FORD DEALER

DIVIDEND IN DRIVING EASE

Ford offers five optional power assists* you might expect to find only in America's costliest cars

Master-Guide power steering does up to 75% of your steering work, yet leaves you with natural steering "feel" on the straightaways. Swift Sure Power Brakes do up to one-third of the work in stopping. Fordomatic Drive gives torque converter smoothness and the "Go" of automatic mechanical gears. And only Ford in its field offers Power-Lift Windows, both front and rear, that open or close at a button's touch . . . and a 4-Way Power Seat that adjusts up and down, as well as front and back, at a touch of the controls. They're all worthwhile optional extras available in the 1954 Ford!

Air Academy Need Stressed

Air Force Secretary
Cites High Loss Rate
in Officer Corps

WASHINGTON (AP)—Harold E. Talbott, Air Force secretary, told Congress today there is an "immediate and, in my opinion, urgent" need for a separate air academy to help overcome a shortage of young officers.

He testified the United States is the only major power without a separate educational institution for military airmen and engineers.

"This deficiency is of serious import to our national security," he said.

Talbott appeared before the House Armed Services Committee at the start of hearings on a bill to authorize an Air Force West Point and permit initial planning. The cost is estimated at 100 million dollars.

President Eisenhower has personally endorsed the measure, Talbott testified.

The proposed academy also was supported strongly by Roger M. Kyes, deputy secretary of defense; Dr. John A. Hannah, assistant defense secretary for manpower; Army Gen. Charles L. Bolte, and Vice Adm. Murr E. Arnold, among other top-ranking witnesses.

"I feel strongly that the quality of our airpower is largely dependent upon the quality of the regular officer corps," Talbott said.

But, he added, the Air Force is losing officers at such a rate that it needs approximately 1,200 new candidates each year to maintain authorized strength.

Of these, manpower studies indicate half should come from military academies and the remainder from civilian colleges, he said.

"To date, we have found it impossible to fulfill either of these quotas," Talbott added.

The main debate on the bill is expected over location of the academy. The measure provides for creating a new civilian board to survey possible sites, with the air secretary making the final decision.

Talbott said the site is still "wide open."

Develop Cheap Atom Radiation Detector

CHICAGO (UP)—A new mechanism being developed to detect the degree of a person's exposure to atomic radiation might sell for about a dollar, if mass-produced.

Being made to U. S. Navy specifications, the system consists of a phosphate glass detector, sensitive to radiation. A radiac computer-indicator measures the amount of radiation absorbed by the glass.

Ray DeCola, director of engineering for Admiral Corporation, says the new system is more economical, simpler and faster to operate than any now in use.

The detector, encased in a plastic locket one-inch in diameter, is worn around the neck on a chain with dog-tags. The locket becomes luminescent in proportion to the time of exposure and the intensity of the source.

A photosensitive tube in the computer-indicator translates the luminescence of the dosimeter into electric current so it can be read on a meter.

Calls Wynn's Latest Marriage Bigamous

HOLLYWOOD (AP)—Betty Jane (Beetsy) Wynn, former wife of Keenan Wynn, says she has no objections to the actor's marriage last Friday to Sharley Jean Hudson in Puerto Rico, but Beetsy's lawyer says the marriage is bigamous.

Beetsy got an interlocutory decree last May, on cruelty grounds.

"It won't be final until next May," said S. S. Hahn, her attorney. "His latest marriage is bigamous and can be annulled in a minute."

But Beetsy, Wynn's second wife, said yesterday, "I don't want to disturb Keenan and his new wife at all. I wish them all the happiness in the world."

Wright Brothers' Helper Tells of Early Projects

BOSTON (UP)—George Augenstein, 83, recalls helping Wilbur and Orville Wright work on an early model of their flying machine.

Augenstein was employed as a stationary fireman for a Columbus, Ohio, street railway at the turn of the century. On his days off he would help the Wright brothers in their nearby experimental workshop, receiving \$1.60 per day for his efforts.

"They never got the plane so it would get off the ground in those days," said Augenstein, but in less than three years the Wrights made history with their flying machine at Kitty Hawk.

Errol Flynn Faces Non-Support Charge

LOS ANGELES (AP)—Errol Flynn has been summoned to a court hearing Jan. 22 on the charge of non-support. A former wife, Norma Eddington, a former wife, that he is 12 months delinquent in payments of \$350 monthly for support of their two children. Flynn is now in Rome.

Secretaries Make Plans for Future

Pontioak Group to Observe National Week in May

Mrs. Dee Dieterle was appointed chairman of National Secretaries Week to be held in May, it was announced Wednesday when Pontioak Chapter of National Secretaries Association met for dinner at Hotel Waldron.

Assisting her will be Mrs. Charles Renwick and Mrs. Lois Ellis.

Mrs. Mary Mazurek announced plans for the membership tea to be held Jan. 30 at 2:30 o'clock in Hotel Waldron.

On her committee are Mary Eleanor Lockman, Mrs. George Korn and Mrs. Renwick. Guest speakers will include Margaret Treanor, state president from Lansing, Mrs. Edna Brown, president of the Detroit Transcript Chapter, and Agnes Carlson, corresponding secretary of the Detroit chapter.

The national convention is scheduled for July 21 to 24 at the Waldorf-Astoria Hotel in New York City. The state convention will be held in Muskegon in May.

Voters Schedule Unit Gatherings

Elizabeth Halsey of Lorraine Court was hostess Wednesday to members of the executive committee of the League of Woman Voters, who gathered to plan unit meetings on federal budget procedures.

These meetings will be held on Monday in the James K boulevard home of Mrs. William Dawe and on Jan. 21 at the Halsey home.

Both meetings will be held at 8 p.m. with Mrs. Floyd Smith leading the discussion.

Mrs. McCoy Home

Mrs. Bradley C. McCoy has returned to her home on Shore View drive after being called to Miami, Fla., because of the death of her son, Maynard D. Casey, a former Pontiac resident.

A sheer wool navy daytime costume (left photo) created by Jo Copeland features a cape jacket covering a guimpe dress which is beltless and molded by seaming. Ceil Chapman uses waves of tiny ripples which deepen toward the hemline to create fullness (center). Smooth taffeta shapes the wide midriff, and the bodice is completed with shoestring straps. English sharkskin is fashioned by Ben Reig into an ascot-neckline afternoon suit highlighted with a flat band collar of black silk velvet (right).

Gently Draped Turban Skirt Is the Rentner Favorite

Judith L. Clemence, Pontiac Press women's editor, is attending the New York Dress Institute showings in New York. Watch for her daily fashion previews for spring continuing through Monday.

By JUDITH L. CLEMENCE
Pontiac Press Women's Editor
NEW YORK — Fashions previewed Wednesday in the showrooms of top designers brought gasps of delight from fashion editors who, after sitting through dozens of shows, felt that nothing new could be added.

Ceil Chapman's ice cream evening sheath dress was acclaimed by members of the foreign press who also are here through the courtesy of the Mrs. Clemence Couture Group of the New York Dress Institute.

The gown is a creamy creation of pink satin with a delicate topping of lace applique and jewels.

Miss Chapman's daytime version of the same silhouette she calls the Arrow Sheath. This is straight as an arrow with the up-lifted bosom and straight shoulder line.

The new version of the Chapman Skylark silhouette, used in many of her cocktail and short evening dresses of peau de soie or silk faille, is cut-in-one into a full skirt. The front is straight, but there is definite width at each side with an inverted pleat flaring at the center back.

For gay evenings Ceil Chapman

has created the canape jacket to be worn over bare-topped dresses. These boleros, age elaborately decorated with beads and jewels to add to the festive mood.

The turban skirt, gently draped was a favorite of the Maurice Rentner collection. Soft drapes (used either at the waist or about the hip) end in free-flowing sashes or crushed bows.

The unbroken tailored lines of the Rentner collection of suits are emphasized by softly draped material, cummerbunds, kerchiefs and flowers, all which point up their femininity.

The beautiful lady look is the focal point of Jo Copeland's collection. Focussing attention on the face, Miss Copeland uses white starched linen collars and pique bows as well as filmy white chiffon blouses to emphasize this important look.

To take a jumper dress out of the sports class, this designer uses a white chiffon blouse to make it an elegant afternoon dress.

Miss Copeland does not believe in any set rule on the length of her clothes, but she does say that they are about one inch higher than last year's. Some of her models were wearing dresses 16 inches from the floor while others wore theirs only 14 inches above the floor.

A new note in sleeves highlighted Ben Reig's showing 'Hell' at the salon on Seventh avenue. The diminished sleeves used on both suits and dresses are something new for spring. These sleeves, which barely cover the shoulder, are appealing on a fitted navy corded worsted suit.

Smooth, molded lines are outstanding in the spring designs of Joseph Halpert and Jacques Fath. The manifold silhouette and the crown-darted waistline are their contributions to spring of 1954.

Fath's magic scissors and sculptor's touch with drapery,

combined with the fit that has made Joseph Halpert famous, now bring the two new expressions to the lithe, yet curved figure.

The manifold silhouette folds the fabric diagonally forming a bodice, shaping a neckline or giving skirt fullness without being obvious.

Crown darts, cut in a neat parallel row to circle the waist, give the Halpert suit jackets unique new shape, and the dresses a long, slim slenderness, usually flaring out below the hips.

Adele Simpson has dedicated

many of her new colors in the spring collection to the world traveler and the vacationist. You will be hearing of "Hialeah," inspired by the pink flamingos; "Vegas" for Nevada's playtown; "Bahamas" for the island of scenic beauty, and many others.

The miracle shape in the suits, coats, dresses and sheaths needs practically no assistance from nature. Their superb lines heighten the waist and smooth down the hips. The cut is in both slim skirts and the new "freedom" skirts.

C. of C. Official Tells City Needs at Pillar Meeting

John Hurlinger, assistant manager of the Chamber of Commerce spoke on the needs of Pontiac Tuesday before members of the Pillar Club, which met with Mrs. F. A. Voelker in her home on Voorheis road for a cooperative dinner. Mrs. E. K. Vanderlind presided at the meeting.

Mr. Hurlinger urged support for the Pontiac Foundation and the civic improvement millage proposal to come before voters in the spring.

He also cited hospital expansion, a civic auditorium and new library facilities as urgent needs for the city.

The group appropriated a sum for the building fund of First Congregational Church as a token gift in recognition of the 30th year of the Pillar Club organization.

Assisting Mrs. Voelker were Mrs. William Knudsen, chairman; Mrs. Robert B. Tarr, Mrs. George Waserberger and Mrs. D. H. Craig.

Hairdressers Elect Officers

New officers were announced Tuesday evening when Pontiac National Hairdressers Association, Unit 168, met in Pontiac State Bank Building.

June Springgett is president; Mrs. Olga Wilkinson, first vice president, and Kathryn Lichow, recording secretary. Mrs. Rowena Wilson is treasurer and Mrs. Rose Mary Murray is reporter.

Final plans for National Beauty Salon week were made. A money-making project is planned. Delegates to the North American Beauty Show in Detroit include Mrs. Harry Randall, Mrs. Louella Murray, Miss Springgett and Mrs. Wilkinson.

Alternates are Mrs. Nellie Thayer and Mrs. Agnes Valance.

Fireside to Gather

Fireside Club will meet Friday at Mrs. Edward L. Kurkau's home on Oneida road. Mrs. John Thors Jr. will give a book review.

Coming Events

Child Culture Club will meet Thursday at 8 p.m. with Mrs. Maurice J. O'Connell, 23 James St.

Pontiac Rebekah Lodge 455 will meet Friday at 8 p.m. in the Malta Temple, 53 Perkins St.

Townsend Club will meet Friday at 1 p.m. with Mrs. George Thrasher, 153 N. Jessie St.

MALING SHOES

The Unvarnished, Unpolished, Undiluted Truth—

Could there be a reason for such ludicrously low sale prices? YES!—A good one! And here it is: Maling's always carry an exceptionally wide variety of styles. But, we never, never hold any style over to the next season. That's against our policy! So, who's the winner? YOU! Now run to Maling's, and make spectacular savings on new and beautiful shoes!

Puts Emphasis on Youth Work

"Better to build boys than to mend men," said Gene Green of Royal Oak Tuesday before Dora B. Whitney Group, WCTU, at the home of Mrs. John Cowe on Illinois avenue.

Mr. Green, who attended the Youth Temperance Camp near Petoskey during August, has film and material to use in church programs.

He urged all churches to form Youth Temperance Councils for young people 12 to 27 and Loyal Temperance Leagues for children 5 to 12.

Mrs. Eleah Patten reported on Christian citizenship and Mrs. John Veneman gave devotions based on "Be Still and Know That I Am God." Mrs. John Little offered the closing prayer. The 12 members and five guests present were served refreshments by the hostess.

Lesson Given on Oven Meals

A lesson on oven and broiler meals was given by Mrs. Kenneth Anderson and Mrs. Thomas McGuire Tuesday evening for members of Modern Homemakers Club.

Mrs. Daniel Peterson was hostess to the group at her home on McCormick road. Mrs. Peterson reported on the lecture by Mrs. Lucille Ketcham, home management specialist, who's topic was "What to expect of food prices, furniture prices and clothing prices in 1954."

Mrs. Calvin Moriarity and Mrs. Sam Alkire were guests of the club.

Wilmot-Zuehlke Rite Read in Parsonage

Announcement has been made of the Saturday marriage of Norma Zuehlke and Lyn Wilmot. The Rev. E. C. Swanson of Pilgrim Holiness Church performed the ceremony in the church parsonage.

Mr. and Mrs. Richard Wilmot, brother and sister-in-law of the bridegroom, attended the couple, and a reception followed the ceremony at the home of Mr. and Mrs. Delmar Wilmot on West Fairmount avenue.

Layne, Walker to Start in Pro Bowl Game

Lion Backfield Stars Join Joe Perry, Younger

Chandnois Paired With 3 Clevelanders, Renfro, Graham, Jagade

LOS ANGELES (AP) — Leading lights of the champion Detroit Lions and the runnerup Cleveland Browns will resume rivalries when professional football's finest all-star attraction, the annual Pro Bowl game, gets underway Sunday.

Bobby Layne, the quarterback who guided the Lions to a 17-16 title triumph over the Browns, today was named to start the game.

With him in the backfield will be his teammate, Donk Walker; Tank Younger of the Los Angeles Rams, and Joe Perry of the San Francisco 49ers, for the Western Conference squad.

Otto Graham, Cleveland's quarterback, will have in the Eastern Division team his teammate, halfback Ray Renfro and fullback Harry Jagade, and halfback Lynn Chandnois of the Pittsburgh Steelers.

Game means prestige and money for the participants.

The fourth annual edition comes off Sunday in Memorial Coliseum and over a national television network, with the Western Division all star team favored for the 3rd straight time.

Players on the winning squad receive \$700 for less than an hour's work, and the losing squadmen get \$500.

Selection to appear on the two 31-man squads means much more, however, to the individual players. To be picked, for instance, makes an excellent bargaining point when contract time comes around.

Another laurel is the George Halas Trophy, named for the famed Chicago Bear coach and awarded to the player voted the game's outstanding player.

Three past winners were Otto Graham, fullback Dan Towler of the Los Angeles Rams, and defensive halfback Don Doll of the Washington Redskins, who won the award while performing last year for Detroit.

The 1954 renewal continues the

coaching rivalry between Buddy Parker of the NFL champion Lions and Paul Brown of the Cleveland Browns. The Cleveland master has lost six games and tied one with Parker, the most recent loss being in the title game at Detroit.

Exhibition Set for Ortonville

Shaw's Jewelers Will Meet Windsor Quintet Friday Night

Shaw's Jewelers of Pontiac will play the Windsor, Ont., AKO's in an exhibition game at Ortonville High School Friday night for the

benefit of the Ortonville Athletic association.

The Windsor quintet is primarily the same group of cagers that represented Canada in the 1952 Olympics. Ex-Assumption College players provide the bulk of the team.

Game will be a "homecoming" for Shaw's Pete Palshan, Palshan formerly was a standout with the Ortonville High School team.

Jewelers also will present ex-Kentucky cager Garland Townes; ex-St. Fred ace Bob McManus; Cecil and Mike Hanes, Skeeter Laidlaw and Lee Collins, all former Keego Harbor stars; and veteran city league performers Hubert Price and Bob Seay.

A preliminary game at 7:15 p.m. will match Drayton Drug and Davis Machinery of the Waterford Township Recreation League. Davis team is composed of Ortonville players.

Glassford Still Retaining Shaky Post at Nebraska

LINCOLN, Neb. (AP)—J. William Glassford has made it plain, "I'm still football coach at the University of Nebraska."

But even Bill Glassford was not saying how long he expects to keep his \$12,500 a year job.

Having been asked to step out in a wholesale reshaping of the Nebraska athletic program, Glassford met yesterday with acting chancellor John Selleck and athletic board chairman Walter Beggs.

That meeting ended without agreement, and Selleck called for a joint meeting of the University board of regents and the athletic board either tonight or tomorrow night.

Last night, Glassford kept a previously scheduled speaking engagement at American Legion Post No. 1 in Omaha.

After a standing ovation from 300 persons present, Glassford said: "I know you have all read a lot of things about what is going

on, but as far as I am concerned, I'm still head football coach at the university."

Glassford's contract at Nebraska has two years to go with a five year option. It has been described as "iron clad."

Glassford admitted to the Omaha audience, "football coaching is a very precarious profession."

Preakness Is Slated at Pimlico, May 22

BALTIMORE (INS)—The 78th running of the \$100,000 Preakness stakes will be staged at Baltimore's Pimlico race track May 22.

Louis Pondfield, executive director of the Maryland Jockey Club, who announced this today, said that a greater number than last year's 135 nominations is expected.

The mile and 3/16th race for 3 year olds is the 2nd leg of the "Triple Crown"—the Kentucky Derby being 1st and Belmont Stakes 3rd.

Willie Mosconi has won 11 world's pocket billiard titles since winning his first in 1941.

PHS Tank Team Aiming for Win

Chiefs Hope to Snap Losing Streak Friday Against Indians

Pontiac High's swimming team will seek to regain its winning ways Friday afternoon, when Flint Central's varsity and junior varsity come here for a double meet.

Chiefs have dropped their last two meets, to Birmingham and Arthur Hill, after beating Mt. Clemens and Ferndale in their opening meets.

Leading Pontiac will be junior

MAKE OVER PAGES

standout Bob Lamson, who still is undefeated in the individual medley. Jerry Calkins, Central's fine medley performer, is expected to push Lamson in the specialty.

Flint has bowed to Lansing Eastern and Bay City Central in its only two starts to date.

Meet is set for 4 p.m. in the PHS pool.

Ed Cereghino, pitcher for the Kansas City Blues in 1953 was Joe Frazier who batted .332 with Oklahoma City. He will get a trial in spring training with the St. Louis Cardinals.

The National Sportsman's Show will be held in Madison Square Garden, Feb. 20 through Feb. 28.
