Tax Opposition Called 'Political'

Pontiac Press Photo

WIND CASUALTY—Gusty winds swept into Pontiac this morning prior to the snowstorm, causing some damage in the area. William Bolan of Clawson, display manager at Federal Department Store, 91 N. Saginaw, looks over wind damage on the store front. A broken display window was the major casualty.

Viet Soldiers Halt Pro-Cong Demonstration

Troops Fatally Shoot One Agitator, 100 Reportedly Arrested

SAIGON (UPI)—Seventeen hundred persons demonstrated in favor of the Communist Viet Cong yesterday in Binh Minh Province 300 miles north of Saigon, it was disclosed today.

Government troops broke it up by shooting and killing one agitator and arresting 100.

In Saigon today, police broke up a news conference called by the Cao Dai religious sect to announce still another plan to make peace with the Viet Cong.

The Binh Minh demonstration occurred in the village of Phu My 25 miles northwest of the provincial capital of Qui Nhon.

★ ★ ★

It was here a military spokesman said B57 jet bomber strikes had broken the back of a Viet Cong offensive.

OPEN FIRE

The official Viet Nam press news agency said the demonstrators from several villages in the area were marching in four columns on Phu My when government troops met them at the edge of town and opened fire on the leaders.

No major action was reported today on the military front but the commander of the U.S. 7th Fleet told newsmen American planes were poised to bomb the north on a once-a-day basis.

The Communist capital of Hanoi was reported bracing for air raids.

★ ★ ★

Of more concern to authorities was the spread of peace movements in the south and the fear this could lead to a slackening of the military effort.

RELIGIOUS SECT

The Cao Dai is a 40-year-old religious sect which claims three million members but probably has one million.

It has a history of armed rebellion against previous Vietnamese government but at present it supplies many anti-Communist fighting men to the army.

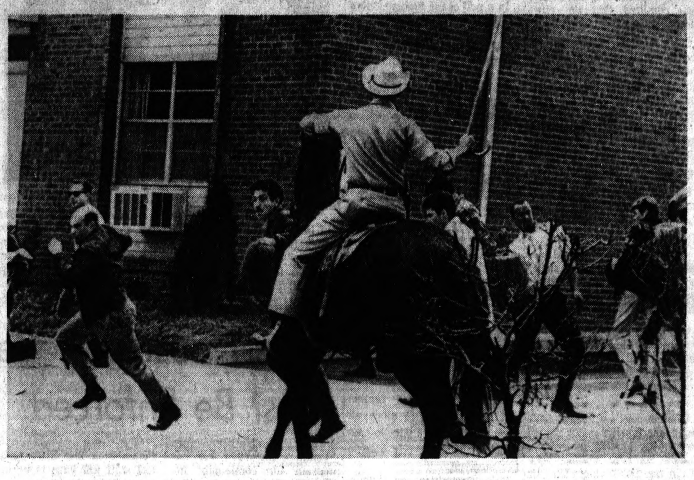
Earlier peace plans got a chilly reception from the government.

★ ★ ★

One plan launched by Saigon professional men called for an immediate cease-fire.

Three of its leaders have been condemned to exile in North Viet Nam as soon as the government decides how to send them there.

In Australia the Sydney Mirror quoted former South Vietnamese Premier Nguyen Xuan Oanh as saying three Vietnamese intellectuals who organized a previous peace campaign had been pushed out of a plane without parachutes over North Viet Nam last Monday.



AP Photofax

DEMONSTRATORS ROUTED — A cane-wielding sheriff's deputy is shown routing a group of demonstrators in Montgomery yesterday. Eight were injured in the bloody melee which saw deputies use canes, clubs and whiplike ropes on both Negroes and whites.

Irwin's Charge Sparks Debate; Vote Tomorrow

Citizens Unit Member Denies Accusation of City Commissioner

By L. GARY THORNE

A charge that opposition to Pontiac's income tax was merely a "political tool" for a graduated state income levy sparked final debate last night on the city's ballot proposition.

Pontiac residents go to the polls tomorrow to vote on the controversial income tax ordinance, which provides for a 1 per cent tax on the income of Pontiac residents, corporations and businesses, and a ½ of 1 per cent levy on nonresidents' income earned in Pontiac.

City Commissioner Robert C. Irwin made the "political tool" charge, directing it at Charles Nasstrom, chairman of the Citizens Committee on Taxation.

"You're wrong," was the sharp reply of Nasstrom's wife.

★ ★ ★

A second commissioner, James H. Marshall, agreed with Irwin. He said that he also believed there was an effort to create a situation for a state graduated income levy.

Mrs. Nasstrom labeled "utterly ridiculous" a charge that her husband had passed out leaflets opposing the last effort to raise the property tax.

Mayor William H. Taylot Jr. maintained a tight rein on the discussion at the commission meeting, limiting each speaker to three minutes.

Nasstrom repeated his group's three reasons for opposing the tax measure. These were:

- Home owners would pay more than their fair share;
- Future commissions can not be held to the 3-mill property tax cut;
- The city doesn't need a new city department, which would be necessary to collect the tax.

Other voices were also raised

Snow Belts Midwest; Tornadoes Hit South

MINNEAPOLIS, Minn. (AP)—A massive late winter storm clobbered the midwest and the North Central states today, blocking highways, closing schools and crippling transportation. Tornadoes battered parts of the South.

From two to seven inches of new dry snow fell overnight in the southern two-thirds of Minnesota south of a line from Fargo, N.D. and west of a line to Duluth in the northeastern edge of the state.

Winds of 25 to 35 miles an hour drifted huge white piles on highways and streets and the highway department said that although all removal equipment was in use, the snow blew back as fast as it was cleared.

The Minnesota Highway Department said that visability was poor to zero and all highways in the snow area, if not actually impassable, were heavy with snow.

Michigan was reported hard hit by a violent and surprising storm which was expected to drop a foot of snow on northern areas of the state.

Tornadoes slammed into north Alabama and Mississippi today, injuring more than 30 persons and causing heavy damage to property.

★ ★ ★

One of the twisters spawned by a sudden drop in temperatures struck near Booneville in northeast Mississippi and another lashed the Tennessee Valley tri-cities of Tuscumbia, Sheffield and Muscle Shoals, Ala.

★ ★ ★

Winds east to southeast will become north to northwest late tonight and tomorrow. The outlook for Friday is snow flurries and cold.

★ ★ ★

The thermometer registered a low of 30 prior to 8 a.m. The mercury reading dropped to 28 at 2 p.m.

Snow to Cause Road Hazard

2-4 Inches Expected to Cover Area Tonight

Earlier Story, Page D-5

Hazardous driving is forecast for the Pontiac area as fresh new snow blows in from the east on 20- to 40-mile-per hour winds today.

★ ★ ★

Snow accumulations of 2 to 4 inches may be expected through the night.

The U. S. Weather Bureau predicts snow diminishing to flurries and cold tomorrow. Temperatures are expected to fall to 27 to 33 tonight and climb to the low 30s tomorrow.

City and county salt trucks were out in force by 2 p.m. today on major thoroughfares as the wind driven snow created treacherous conditions on area highways.

★ ★ ★

Montgomery Requests Troopers

MONTGOMERY, Ala. (AP) — City officials called today for state trooper assistance in handling a courthouse march planned by Dr. Martin Luther King Jr. to protest a club-swinging rout of demonstrators.

The state placed 150 helmeted troopers on duty within the city. Negroes and white demonstrators gathered at several locations to organize the march.

About 750 Negro students from Alabama State College massed several blocks from the state capitol.

City officials said no application for a parade permit had been made. Police have allowed marches here only under a permit.

The march was called by King after yesterday's rout of demonstrators by mounted sheriff's officers. Eight persons were hospitalized as a result of the melee.

The horsemen swung clubs, canes and ropes to break up a sit-down by about 600 persons, many of them white college students from other states.

WHITE TEACHER

Among the injured was a white college teacher from Pennsylvania.

A state official said a mix-up in police orders caused the deputies to nudge their horses into the demonstrators.

FBI agents on the scene of the Montgomery violence began an immediate investigation and others were called to Montgomery to help.

★ ★ ★

Police had blocked the march because no permit had been given. The horsemen then moved in.

WITH PETITION

Later 1,000 Negroes, with a permit from the City Commission, marched on the state Capitol with a petition for Wallace. They failed to see him and left after half an hour.

A Wallace aide said the governor had set up appointments with Negro college groups but the appointments were canceled after the march on the Capitol began to develop.

The governor had no comment on the horsemen's actions.

★ ★ ★

The possemen were led by Sheriff Mac Sim Butler, riding a horse and wearing a Western-style hat, after the white and Negro college students refused to disperse.

SMALL GROUP

The horsemen first routed a small group of demonstrators led by James Forman of Atlanta, executive secretary of the Student Nonviolent Coordinating Committee.

Forman wrapped his arms around a telephone pole. A posseman swung his club into the pole. Forman fled.

A college student of Japanese descent, Steven Kiyoshi Kuromiya, 21, backed against a brick wall. A mounted deputy clubbed him and he fell, bleeding from the head.

RODE INTO CROWD

The horsemen rode slowly into the standing crowd of about 500 white and Negro demonstrators across the street.

"Get out of here," the possemen shouted. The crowd stayed.

The horsemen started swinging clubs, canes and doubled lengths of rope.

★ ★ ★

Some demonstrators ran. Others fell. A white coed was knocked down.

'WATCH OUT!'

"Watch that whip!" shouted a demonstrator.

Another youth fell, blood pouring from a wound. Two men picked him up.

Two persons were taken away in ambulances.

Why a City Saint Comes to Church

(Editor's Note—This is the third of seven excerpts taken from Methodist minister David Head's book "Seek a City Saint." The excerpts are appearing weekly in the Press during Lent.)

By DAVID HEAD
Distributed by NEA

Why does the city saint go to church? To acknowledge the holy God on behalf of himself and others who do no such thing; and to offer himself with his fellow-Christians for those others.

To put it another way: In worship the church speaks as the priestly representative of the world before God; and at the same time accepts God's call to priestly activity in the world.

The church is called into existence for the sake of an estranged world. It is to be articulate on behalf of a stuttering race; to shout aloud in the name of a silent planet; to worship the true God representing an idolatrous generation.

On his way to church, the city saint passes cars with learning-plates front and back, driven by men not learners of Christ.

★ ★ ★

On the pavement waiting for buses are fishermen who have not heard the call to be fishers of men "come wind, come weather." What goes on in church while they change gears or bait, is for them. Karl Barth writes:

"While we are in communion with the saints, the ecclesia of those who are gathered together by Jesus Christ,

(Continued on Page 2, Col. 2)

May Avoid Full Filibuster on Voting Bill

WASHINGTON (AP) — Shrinking Southern opposition indicated today that Senate leaders may be able to win passage of a voting rights bill without encountering a full-blast filibuster.

★ ★ ★

If lengthy talk should develop to threaten relatively speedy action, an Associated Press cross-section survey indicated that leaders could cut it off by mustering more than the necessary two-thirds majority of those voting.

The White house said today the bill definitely would go to Congress this afternoon.

The means by which the bill reaches down into the southern states to enforce the right of Negroes to register, vote and get their votes counted in local as well as national elections obviously will influence the length and vigor of Senate debate.

★ ★ ★

Comment indicated senators expect no full dress filibuster which would run for weeks, as one did against the 1964 civil rights bill.

2 Cities Reject Income Tax

Proposal Loses in Muskegon, Jackson

Voters in Jackson and Muskegon yesterday overwhelmingly rejected city income tax propositions.

Pontiac voters will decide a similar city income tax proposal tomorrow.

In Jackson, the plan which was coupled with a 25 per cent property tax reduction promise, was turned down by a vote of 7,511 to 2,355.

Pontiac's City Manager Joseph A. Warren, a strong advocate of the city income tax, was Jackson city manager for 13 years before coming here last summer.

At Muskegon, the vote was 6,183 to 2,188, despite a pledge by the City Commission that one half of the estimated $800,000 in new revenue would be used to reduce real and personal property taxes.

★ ★ ★

Both plans called for a one per cent income tax on residents and a one-half per cent tax on nonresidents who work in the city, as prescribed by state law.

TO BE CUTBACKS

Jackson Mayor Bernie L. Magiera indicated there would be cutbacks in city services and said that planned pay raises for city employes would not now be possible.

City Police Help Smash Check Ring

Arrests in Pontiac over the weekend provided an important break which yesterday helped Detroit police smash what they called the biggest bogus check ring to ever hit Detroit.

Members of the ring had passed nearly $75,000 worth of phony payroll checks in Detroit and suburbs in the last five months, police said.

On Friday the gang hit Pontiac with nearly $1,500 in forged Pontiac Motor Division payroll checks.

Detroit police detective Ralph Smith said that this gang was also responsible for counterfeit Ford Motor Co. payroll checks which flooded the area about a month ago.

Arrested yesterday in Detroit were Paul Reed, who police said was the printer in the operation, Reed Burrell and William Cook, all of Detroit.

Reed is the owner of the Reed

(Continued on Page 2, Col. 8)

Biochemical Smoking-Cancer Link Told

TORONTO (UPI)—The first evidence of a biochemical link between smoking and cancer was reported here last night by Dr. William K. Kerr, of the University of Toronto's Department of Surgery.

Dr. Kerr said all previous links between cancer and smoking have been based purely on statistical data.

Kerr was one of a group of scientists studying the suspected cancer-smoking relationship at Bunting Institute here.

He reported on their investigations last night to the urological section of the Toronto Academy of Medicine.

The research team discovered cigarette smoking produced abnormal amounts of a group of carciniogenic (cancer-causing) substances, known as orthoaminophenols, in the urine of all subjects tested, Kerr reported.

DROP IN CONCENTRATION

When smoking stopped, there was a drop in the concentration of potentially dangerous ortho-aminophenols. When they resumed smoking, the concentration went up again, he said.

Kerr said the assumption was that smoking causes an "enzyme block" in the breakdown of certain harmless food chemicals that can cause cancer under certain conditions.

Explaining his work, Kerr said: "It has been proven statistically that smoking is associated with cancer of the bronchus, cancer of the lip and cancer of the buccalcavity."

★ ★ ★

He said also it has been proven statistically smoking has a "relationship" with cancer of the urinary bladder and that heavy smokers are more prone to cancer of this organ.

CAN BE INDUCED

"It has been well established that cancer of the urinary bladder can be induced by contact with chemicals in the urine in man and produced experimentally in animals," Kerr said.

The team made 30 metabolic studies of six subjects, some smokers and some nonsmokers, Kerr said.

"The smokers were tested while still smoking and also later, when they had stopped

(Continued on Page 2, Col. 7)

Beer Exec Innocent of Murder

A Farmington father of five was acquitted of murder by an Oakland County Circuit Court jury yesterday in the fatal shooting of a Birmingham dentist last September.

Wells S. Herrington, 45-year-old Stroh's Brewery executive, had been charged with first degree murder in the death of Dr. John R. Foster, 41.

Foster, who had been dating Herrington's estranged wife, Betty, 41, was killed Sept. 16 when he forced his way into the Herrington's apartment, 32777 Grand River, while they were attempting a reconciliation.

He was shot twice with a 38-caliber revolver.

The jury of seven men and five women deliberated two hours and 20 minutes before returning its innocent verdict to Judge Stanton G. Dondero.

5-DAY TRIAL

The trial lasted five days.

Herrington's attorney, James Lawson of Farmington, claimed self-defense for his client, saying that the shooting was justified because Foster lunged at him with his fist raised when he entered the apartment.

Herrington told police at the time that he warned Foster that he had a gun and not to come into the apartment.

★ ★ ★

Assistant Prosecutor James Robert argued that Foster was shot at the doorway and did not have time to advance toward Herrington.

THREAT TESTIMONY

Farmington Police Chief Maurice Foltz testified early in the trial that Herrington threatened Foster five months before the shooting.

Foltz said the threat was made in his presence last April at St. Mary's Hospital in Livonia, where he had gone to investigate an attempted suicide by Mrs. Herrington.

According to Foltz, Herrington blamed the attempt on Foster and said if his wife died "or he comes to the house, I'll kill him."

Herrington started divorce proceedings against his wife last March but since has filed a notice of reconciliation. The couple has five daughters.

★ ★ ★

Foster, a widower, lived at 3130 W. Long Lake, Bloomfield Township and had his office at 200 E. Brown in Birmingham. He had three children by his first wife. He was married three times.

Claim Politics in Tax Fight

(Continued From Page One)

against the income tax last night.

WORKING PEOPLE

Donald Johnson, head of Local 596, Fisher Body Division, said he could not find too many "working people" favoring the income levy.

Although he said his local was against the new tax, Johnson admitted that the city needed money.

Cecil Mullinix, former president of Pontiac Motor UAW Local 653 and a member of the citizens group, supported Johnson's contention.

★ ★ ★

"People in my plant are 90 per cent opposed to the income tax," said Mullinix.

PROPERTY TAX

Earl St. Aubin, another anti-income tax advocate, said he was in favor of a hike in the property tax rate.

St. Aubin, who also said he would work in behalf of such a hike, replied to a question by Louis Schimmel, 509 W. Iroquois.

Schimmel attempted to pin down those opposed to the income tax and get them to take a stand on the only alternative — a property tax hike.

★ ★ ★

Commenting on Nasstrom's statement that he could not go beyond his group's recommendations, Schimmel claimed Nastrom was not saying where he stood.

DEFENDED STAND

Schimmel added that such commitments would be necessary should the tax question fail.

City commissioners defended their stand on the income levy, citing the city's need for added revenues.

Mayor Taylor read a prepared statement in which he urged a yes vote at the polls Thursday. He described events leading up to the adoption of the income tax ordinance.

★ ★ ★

"Our finances were strained to the limit, but we have done what we can with what we have available."

LACK OF FUNDS

Taylor said the lack of funds clearly became the city's most pressing problem.

He said the income tax was "the most logical" way to change the city's tax structure and reduce reliance on the property tax by cutting it three mills.

"It (the income tax) not only provided the additional revenue which your city so sorely needed," added Taylor, "but the very operation of the tax law eases the burden on retired people who benefit not only from the income tax adoption but from the reduction in the property tax."

★ ★ ★

The mayor also pointed out that people who live outside of Pontiac but make their livelihood here will give at least token support to city government.

STRONGLY OPPOSED

In a poll of the Pontiac Board of Realtors membership announced yesterday, sentiments were strongly in opposition to the income tax proposal.

★ ★ ★

Approximately half of the 115 members voted and the tally was 49 against the tax and 14 favoring it. The majority of the members live outside the city.

Polling Places in City Listed

Precincts to Be Open From 7 A.M.-8 P.M.

Polling places in Pontiac's 43 voting precincts will be open from 7 a.m. to 8 p.m.

However, polls will remain open long enough to allow all persons in line at 8 p.m. to cast their votes on the city income tax proposal.

The proposition on tomorrow's ballot reads:

"Shall ordinance No. 1526 to provide a city income tax as authorized by Act 284 of Public Acts of 1964, be adopted for the City of Pontiac? This ordinance provides for a tax of 1 per cent on the annual income of residents of the City of Pontiac and a tax of ½ of 1 per cent on the annual income of nonresidents employed in the City."

The following is a list of precincts and locations of polling places:

Precinct 1—Jefferson Jr. High School
Precinct 2—Fire Station No. 2
Precinct 3—Bagley School
Precinct 4—Washington Jr. High School
Precinct 5—Washington Jr. High School
Precinct 6—Central High School

ATTACKED BY DOGS — Mrs. Lloyd M. Williamson Jr. of Dallas, Tex., shown with her son, Paul Ray, 4, who shows lacerations after he was attacked by three large dogs. Two women, armed with a brick and a garbage can lid, rescued the boy from the dogs and saved him from being severely injured.

Says Housing Code Must Be Enforced

Pontiac's important workable program for community improvement has been recertified by federal officials, but the city will have to continue to push systematic housing code enforcement to keep it certified.

This was the report last night of City Manager Joseph A. Warren.

Warren, who has hung the framed certificate on the wall of his office, told the City Commission that more funds and staff will have to be appropriated in the future.

He read last night the comments of Housing and Home Finance Agency (HHFA) technicians on the city's workable program.

★ ★ ★

Annual recertification is vital because it permits continued federal financial aid to local housing projects.

HELD UP

The workable program had been held up this year because of a lack of systematic housing code enforcement.

Th city has begun a part-time program on a door-to-door basis using two inspectors for initial inspections.

HHFA technicians said that steps must be taken this year to assign full-time personnel to the systematic program in order to obtain recertification next year.

★ ★ ★

However, the size of the full-time staff can be built up over a period of years.

MORE MONEY

Warren said this would mean more money in the future.

He added that recertification requirements get stiffer and more costly each year.

Other HHFA comments included isolated deficiencies in the city's zoning ordinance, although the over-all ordinance was found satisfactory.

The deficiencies included no provisions for defining and regulating so-called "home occupations" and no listing of uses permitted in commercial and industrial districts.

Also, the ordinance does not contain provisions for buffer strips between residential properties and commercial and industrial uses.

DISPLACED FAMILIES

The HHFA also asked the city to report on what is being done for the housing of displaced families, including those displaced by governmental action other than urban renewal.

Summing up the HHFA report, Warren said that the city "had a lot of work to do in the next 10 to 11 months" when recertification comes up again.

Detroiter Burns Self in Protest

DETROIT (AP) — A 79-year-old woman wanting "to call attention to the problems of South Viet Nam" by "the illuminating death of a Buddhist" turned herself into a blazing torch on a busy Detroit street corner last night.

Mrs. Helga Alice Herz was in critical condition today. Passersby beat out the flames. The scene was a shopping district on the near northwest side.

Police said they found a note in her purse and two empty cans of flammable cleaning fluid beside her. They said the note told of her desire to die in Buddhist self-sacrifice manner.

Several Buddhists in South Viet Nam have burned themselves to death as a means of political protest.

Police said Mrs. Herz's note also protested what was termed "the use of his high office by our President, L.B.J., in trying to wipe out smaller nations."

★ ★ ★

A passing motorist, Steve Burke of suburban Dearborn, was quoted by police as saying he saw the woman standing "like a flaming torch." Burke said he and others smothered the flames and called firemen and police.

A close friend said Mrs. Herz was a German immigrant who left her country "when they began burning the books." The friend said Mrs. Herz was a devout pacifist and had spent several years in refugee detention camps.

Why City Saint Goes to Church

(Continued From Page One)

we are also in communion with those who, perhaps, do not pray as yet but for whom Christ prays, since He prays for all mankind.

WHEN PRAYING

When Christians pray they are, so to speak, substitutes for all those who do not pray; and, in this sense, they are in communion with them, in the same way as Jesus Christ has made Himself one with sinful man and lost humanity."

There may sometimes be little in worship to remind the Christian of this: that may be one reason why it may seem a burden to be endured rather than the chance to bear another's burden. A recent statement on worship describes it as "an affair between the world and God, via us."

When we realize how easily worship can be a beautifully paved cul-de-sac, or even a road closed at both ends, the privilege of that "via" is immense.

The second motive for worship is the corporate offering of the life of the "saints." What we offer primarily is our life in the secular world.

HOLY DAYS

As the sabbath for the Jew, so every Sunday is meant to be not just a holy day different from the others, when the Christian "takes a holiday," but a day representative of "seven whole days."

I once heard a farmer speak of life in the country, and of the sense he had of contributing to the world's inter-dependent life.

He said that the finest experience this side of life (as he put it) was standing on the back of a tractor, supervising the seed-drill, and reveling in a dry autumn day.

★ ★ ★

Good luck to him. Industrial society provides the tractor but the thousand trades of the city can obscure the fact of "contributing."

SEED-DRILL

That seed-drill, it appears, was invented by a city lawyer driven to country exile by ill health. He took up agriculture and organ playing.

In church one Sunday his eyes lingered on the organ pipes. He suddenly saw them doing another job — sowing seeds—and the sound-box of the organ became the seed-box. The seed-drill had arrived.

Should he have been concentrating more on the business in hand? There is a sense in which it is impossible to have wandering thoughts in prayer, for every thought has significance and can be interpreted "on the God-ward side."

★ ★ ★

Perhaps certain church meetings suffer because in the sharing of experience "religious" thoughts seem appropriate, and one seldom hears, "I have just had a good idea about what to buy my husband for Christmas," or "Now I know what to say to my employe whose home is breaking up."

I am not suggesting that worship is a means to making business more efficient or home life more livable; but rather that when we meet the living God He talks to us about field and factory, home and school, His holy word being grounded in our daily circumstances and needs. Our response is about those things too.

Birmingham Area News

3 Counselors to Work in Elementary Schools

BIRMINGHAM — Educators here next year will find out how useful guidance counselors can be in elementary schools.

The school system will employ three full-time counselors on an experimental basis as part of the five-year Birmingham Plan, according to Schools Supt. Dr. John B. Smith.

In explaining the proposal to board of education members last night, Smith said the project would be evaluated next year with the idea of presenting a full-scale program for the 1966-67 school year.

Two counselors next year will work at two of the district's elementary schools and one will divide his time between two units.

★ ★ ★

Smith said counseling in the elementary grades is aimed at early identification of the pupil's intellectual, emotional, social and physical characteristics.

AID DEVELOPMENT

Educators then can better aid in the development of each child's ability and talents and diagnose his learning difficulties.

The program should not be used just for one group, such as gifted, retarded or "problem" children, Smith said.

He noted that classroom teachers would be the key person in the program and that their understanding of child behavior should be strenghtened.

★ ★ ★

Another part of the program would be aimed at helping parents to better understand their children, he said.

PILOT PROGRAM

The pilot program is one of several now being developed under the Birmingham Plan to improve the district's educational offerings for each child.

BLOOMFIELD HILLS — The school board last night granted a sabbatical leave to a Bloomfield Hills teacher for the first time.

Don Gregory, English and journalism teacher at Bloomfield Hills High School, will be the first to take advantage of the board's policy which allows teachers who have been in the system more than seven years to take professional growth leaves.

Gregory will receive half of his normal pay during 1965-66 while completing requirements for a master's degree at Colorado University.

Biochemical Link Found in Cancer Study

(Continued From Page One)

smoking for three weeks to three months. Finally in all instances, they were tested again upon resumption of smoking."

★ ★ ★

Nonsmokers were tested while still not smoking and then after smoking for three weeks. Later they were tested after they had stopped smoking again, the researcher said.

INCREASED EXCRETION

"Cigarette smoking increased the excretion of carcinogenic orthoaminophenols in the urine of all subjects, without exception. The increase ranged for 12 per cent to 64 per cent, averaging 37 per cent. There was at the same time a reduction in the amount of nicotinaminde, the end-product of tryptophan metabolism, by from 14 to 40 per cent," Kerr said.

★ ★ ★

Nicotinaminde is a member of the Vitamin B Complex and patients with bladder cancer appear to have an inability to produce this substance.

★ ★ ★

Dr. Clifford L. Ash, director of the Ontario Cancer Institute said of Kerr's work: "It is very significant. It opens the way to a new field of cancer research."

Police Help Smash Ring

(Continued From Page One)

Printing Co., Detroit, police said and a search of the facilities turned up the plates from which the bogus checks were printed, they added.

★ ★ ★

The three men stood mute on charges of uttering and publishing and are being held in lieu of $3,000 bond pending examination on the charges March 23.

Detective Smith said he and his partner, Detective Arthur Krol, had been working on the case for five months.

Pontiac police came into the picture when James Bennett, 40, and Ernest Phillips, 44, both of Detroit were arrested Friday night in the Pontiac Sears Roebuck store, 154 N. Saginaw, for allegedly trying to cash the phony Pontiac Motor Division checks.

The two were captured by Patrolman Bruce Jarvis, after a clerk began questioning the identification used by the pair.

★ ★ ★

A third suspect escaped, police said.

Pontiac police Detective Thomas Mitchell and Detective Orville Johnson first discovered the possible link with the Detroit bad check ring.

PROBABLE RINGLEADER

Detroit police said yesterday that Bennett was probably a ringleader in the operation.

Saturday, Bennett's wife, Delphina, was arrested by Pontiac police while she was at the Oakland County jail.

Detroit police said the pair were "floaters" with a record of bogus check convictions.

★ ★ ★

On Monday William Alderson of Detroit was arrested by Pontiac police in connection with the check forgeries.

SEEK WRIT

Detective Smith said Detroit police would attempt to get a writ to bring the four suspects arrested in Pontiac back to Detroit to stand charges.

All police officials involved in the case said the bogus checks and fake identification cards used by the gang were of exceptionally good quality.

Police said the checks and ID cards had been photoengraved.

★ ★ ★

They added that there would likely be more arrests in the case soon.

The Weather

NATIONAL WEATHER — Snow is predicted tonight in New England, from Great Basin across Rockies to mid-Mississippi Valley and over western Lakes area with rain forecast from Gulf Coast across Ohio Valley and eastern Lakes area and along Atlantic seaboard from central Florida to Rhode Island. The western two-thirds of nation will be colder.

Friday Is Deadline for Widow's Fund

Contributions to the widow of Rev. James Reeb who died following a beating in Selma, Ala., will be accepted until Friday noon, by the Pontiac Area Council of Churches, according to Rev. Jack H. C. Clark, executive director.

★ ★ ★

All checks should be sent to 858 W. Huron, and be made payable to the "Pontiac Area Council of Churches Mrs. Reeb Fund."

★ ★ ★

Following receipt of the Friday noon mail, a check will be sent to the National Council of Churches for the amount collected.

'Sons of Erin' Out for Airing

It's a Great Day for the Irish---of All Nationalities

NEW YORK (AP) — A great green tide surges up Fifth Avenue today as sons and daughters of Erin and hordes of Irishmen-for-a-day parade in honor of St. Patrick.

Estimates of the number of marchers ranged from 80,000 to 120,000, and the spectators up to 900,000.

The lineup included 225 marching units and 215 brass bands, pipe bands and fife and drum outfits assembled from far and wide.

The parade route was from 44th Street to 86th Street — a little more than two miles — and then east to disbanding points.

VANTAGE POINT

The steps of St. Patrick's Cathedral, between 50th and 51st streets, were the vantage point for Francis Cardinal Spellman and other Roman Catholic prelates to view the parade.

Seats in the center of the official reviewing stand at 64th Street were reserved for Gov. Nelson A. Rockefeller, Mayor Robert F. Wagner, Gov. Richard J. Hughes of New Jersey, other public officials and leaders of the Ancient Order of Hibernians, sponsor of the parade.

GREEN SPROUTS

Proof of the international and interreligious participation in the ovation to Ireland's patron saint was the sprouting of green neckties, green derbies and artificial shamrocks in pizza palaces, in kosher dairy restaurants and in the narrow streets of Chinatown.

The Clan-Na-Gael and the United Ireland publicity committee announced they would picket the British consulate on Third Avenue to draw attention to what they called "the injustices of British partition of Ireland." A spokesman for the committee, Tom Duffy, said an Irish piper would lead the pickets.

★ ★ ★

In Boston — a traditional stronghold of Irish-Americans — today's parade had double significance: Evacuation Day as well as St. Patrick's Day. Evacuation Day commemorates the departure of the British from Dorchester Heights in 1776.

The Baton Rouge, La., Irish club invited New York City's Irish to join the Baton Rouge parade today because a green line has been painted along the parade route, and New Yorkers don't have one. The traditional green traffic line in the middle of Fifth Avenue — painted by city employes — was banned last year. The official reason: too many nationalist groups had begun clamoring for lines of different colors for parades on their old-country holidays.

CHICAGO PARADE

In Chicago, Mayor Richard J. Daley, headed today's parade. Brian O'Kelly, Irish consul-general there and one of the marchers, said: "St. Patrick's Day parades are not an Irish custom. Their origin was in Boston and New York and they were held as a show of Irish strength there. This is strictly an American development. St. Patrick's Day is a day of rest in Ireland."

Several American cities held their St. Patrick's Day parades last Saturday or Sunday.

★ ★ ★

At Albuquerque, the "knights" of St. Patrick, composed of engineering students at the University of New Mexico, will observe the holiday by cutting classes Friday, playing a ball game in the morning and holding an assembly in the afternoon. Coeds were warned against being caught not wearing some green.

One-Tenth of N. Viet Arms Said Destroyed in 2 Raids

WASHINGTON (AP)—An estimated 10 per cent of North Viet Nam's ammunition stockpile, a supply source for Viet Cong guerrillas in the south, was destroyed in two of the eight air strikes U.S. and South Vietnamese bombers made against North Viet Nam since Feb. 7.

This estimate, it was learned today, is based on the March 14 blasting of Xom Bang and the March 14 strike at Phu Qui. It does not take into account the attack last weekend on Tiger Island, a transshipping point for the movement of ammunition and other supplies by sea to the insurgents.

* * *

At least one of the recommendations brought back from Saigon by Gen. Harold K. Johnson, Army chief of staff, has received swift approval by Secretary of Defense Robert S. McNamara and other top administration officials: More helicopter companies will be sent to South Viet Nam.

There are 400 helicopters there now. A helicopter company has about 25 machines.

STRONG POSSIBILITY

There is a strong possibility 200 or 300 adviser-type U.S. military personnel will go to Viet Nam soon to increase the training programs for South Viet Nam's forces.

* * *

The persistent report, originating in Saigon, that the deployment of a whole U.S. Army division to Viet Nam was being recommended met with a flat "I deny it" from Johnson.

Within the past month, the U.S. 7th Fleet has stepped up its search for gunrunning junks and small ships that slip in munitions to contact points along the coast. Aircraft from the three carriers of the 7th Fleet, standing out at sea, are helping South Vietnamese patrol junks run down the Red boats.

* * *

Recently, three junks were discovered en route from North Viet Nam to Tiger Island. One was captured.

AT NEW 'Y' HEADQUARTERS — Three women involved in the year-old YWCA program in Milford pause during their cleanup activities to admire toys available for youngsters in the nursery. They are (from left) Mrs. Thomas Hollis, bridge instructor; Mrs. Otis Fletcher of 57721 Grand River, New. Hudson; and Mrs. Leonard L. Bishop Jr., staff member from the Northwest YWCA Branch. The women are renovating their new headquarters on Main Street, made available by Mrs. Robert G. Rowe, 630 N. Union.

Teachers Nix Salary Plan

ROMEO — Trouble may be on the horizon for the Romeo School Board, and could come to a head at its regular meeting Monday night.

A salary schedule approved last week by the board has been rejected by the Romeo Education Association (REA), which has requested that negotiations on its own proposal be reopened.

The new wage structure for 1965-66 raises the starting salaries for degree-holding teachers by $100 and added a new top step to the schedule carrying a $250 increase.

The new starting salaries of $5,100 for teachers with bachelor's degrees and $5,500 for those with master's degrees match exactly the proposal made by the REA more than a month ago.

★ ★ ★

But REA president Charles O. Lindberg said that the addition of the top step will affect only 41 of the 113 teachers in the district, while the remainder will receive $100 raises.

WELFARE COMMITTEE

Lindberg said the REA was represented at last week's board meeting by its welfare committee, which "could not accept the board schedule for the entire organization."

At a special meeting of the teachers' organization called after the board acted, 50 members voted unanimously to reject the board's salary schedule and request reopening of negotiations.

Also rejected was the board's promise, stated in a resolution, that it would meet with REA representatives in July to review the wage schedule in the light of the latest revenue and expenditure information.

★ ★ ★

Lindberg said that the board's terming of the new schedule as a 12-step program was misleading.

TAKES 13 YEARS

"It takes 13 full years to get to the top of the schedule," he said, "not 12, as some people think.

"We say they have a 13-step program, since a teacher starts off on a 'zero step' and must stay there for one year before he goes to the first step."

Although the board has officially approved the new schedule for 1965-66, Lindberg said the REA views it as a "counter-proposal."

★ ★ ★

"We just expected this to be a much better year than they (the administration) are anticipating," he said.

ENTITLED TO SHARE

"We think the state programs will produce more monies and that we are entitled to our share," he added.

Schools Supt. T. C. Filppula said he had received notification that the REA wants to reopen negotiations, and that the board will take up the matter Monday night.

Also likely to be discussed is the REA's request for consideration of some kind of hospitalization program for the teachers.

★ ★ ★

The board did not include such a feature in its schedule. Lindberg said "hospitalization is in our proposal, so this is part of the package" if negotiations are reopened.

Orion Township's New Library Schedules Open House Sunday

ORION TOWNSHIP — After nine years of planning, saving and working, the Orion Township Public Library will officially open the doors of its new $101,000 building to the public Sunday.

A 2 p.m.-5 p.m. open house will be held in the library, located on M24 opposite Buckhorn Lake.

The open house celebrates completion of the equipping of the facility.

Moving of books and some equipment was accomplished in January.

The library is staffed by Mrs. James Basigkow, librarian, assisted by Mrs. Stanley Picarski and Mrs. L. Shields.

NEW QUARTERS

The new quarters are the third for the library, which began in 1926 under the sponsorship of the Lake Orion Woman's Club.

Members of the club acted as librarians in the upper rear room of the village hall.

A donation of 500 books got the enterprise under way, and the total now is somewhere between 14,000 and 15,000 volumes.

★ ★ ★

Three years after the woman's club's initial efforts, Orion Township's voters took over, agreeing to maintain the library and support it with tax monies.

BOARD APPOINTED

A library board was appointed and a librarian hired — for $50 a month.

In 1940, a large house at the corner of West Flint and Lapeer streets was purchased to house the growing library.

Eight years later, expansion made it necessary for the library to take over part of the building which had been reserved as a club room for the woman's club. The local Lions Club furnished and decorated a children's room.

★ ★ ★

The age of the structure on Lapeer, built in 1843, began to show. Steel posts were put in to support sagging floors, and some curtailment of book purchasing was put into effect to avoid adding more weight on the floors.

STRUCTURE SOLD

The township board approved the hiring of library consultants to advise on the location and designing of a new library building in 1962, and one year later, the Lapeer Street structure was sold and the M24 site purchased.

★ ★ ★

The library board had been accumulating a building fund since 1956, and in 1963 obtained approval of a federal grant under the Accelerated Public Works program, matching its $50,000 share.

Ground was broken just over a year ago for the new building, which was built without a need for additional tax millage from township residents.

State Okays Troy Bonds

TROY — Issuance of $630,000 in revenue bonds by the City of Troy for the financing of its new municipal building has been approved by the State Municipal Finance Commission.

★ ★ ★

The city building authority meets tomorrow night to discuss recommendations to the City Commission on the bids received for construction of the building at I-75 and Big Beaver Road.

AREA NEWS

Bids received were all over the original estimated cost of the structure, and the commissioners will decide what course to take at their Monday night meeting.

Water Plans Aired Tonight

To Hear Outline for Area Development

Plans of the Genesee Valley Utilities Authority to develop water sources in north Oakland County will be aired at the Independence Township Hall tonight.

The 7:30 p.m. session was called to explore the group's proposals, which have been clouded by controversy.

Independence Township officials have invited those of neighboring municipalities to hear what representatives of the authority have to say.

The authority, formed by 11 townships to seek new water sources, last summer indicated it was interested in the ground water supply in north Oakland County.

★ ★ ★

It applied for a $321,000 federal loan to investigate the feasibility of drilling wells on either side of the Genesee - Oakland boundary.

JOINT EFFORT

Prior to making the move, the Genesee group had asked Oakland units to participate in a joint effort to develop the sources and had received no response.

However, some officials and residents of the area in December formed the North Oakland Water Authority to oppose the plans of the Genesee authority.

The Oakland group, which has drawn its membership generally from Holly, Springfield, Groveland, Rose and Brandon townships, has filed a protest with the federal Housing and Home Finance Agency in an attempt to halt the loan.

★ ★ ★

Independence Township officials, along with those of other municipalities which could be involved, have thus far maintained neutrality.

PRESENTATION HEARD

They listened to a presentation of the North Oakland Water Authority during a recent meeting. They will hear the plans of the Genesee group tonight.

Members of the authority will speak, along with Philip Hampton of Johnson and Anderson, Inc., Waterford Township engineering firm working for the group.

★ ★ ★

Also scheduled to appear are the authority's two financial consultants, who will explain methods of financing a joint endeavor.

Avon Players' Production

Comedy to Open in Rochester

ROCHESTER — The Avon Players will present "State of Mind" at West Junior High School, Old Perch Road, Friday and Saturday evening.

Curtain time for both performances of the three-act comedy will be 8:30.

Featuring Jim McCarthy in the leading role, the play concerns a land-grant holder, Roger Courtland, who decides to secede from the Union rather than pay his taxes.

He gets into trouble when he blocks off a state highway to set up his "Free State of Courtland."

★ ★ ★

Directed by Jarvis Lamb and Mrs. Dennis Carraher, the cast includes Mrs. James Reynolds, Mrs. Norman DuPuie, David Holderness, Ahti Petaja, Mrs. Gus Konopnicki, Judy Smith, James Steveson and Daryl Zink.

In supporting roles are Mrs. Richard Bourez, Ray Greenman, Ed Howe, William Morgan, Natalie Stevenson and Mrs. William Morgan.

Pontiac Press Photo

'STOP OR I'LL SHOOT'— Members of the Avon Players are shown in a scene from "State of Mind," a three-act comedy to be presented at West Junior High School, Rochester, Friday and Saturday evening. Alarmed at the "threat" of Ahti Petaja's shotgun are (from the left) Mrs. William Morgan, Natalie Stevenson and Mrs. Norman DuPuie.

Bosses' Night Slated in Troy

TROY — Lee McNew, area television newscaster and commentator, will be guest speaker this evening at a special "Bosses Night" dinner of the Troy Business and Professional Women's Club.

★ ★ ★

The 7 p.m. affair will be held at the Colonial Post House, 4924 Rochester, south of Long Lake Road.

BPW members are celebrating "Springtime Salute to the Working Women" by inviting their bosses at work or at home for dinner.

Chairman for the event is Mrs. Dorothy Reed of 3126 Talbot.

PTA Meeting to Have 'Teacher Night' Theme

CLARKSTON — "Teacher's Night" is the theme of Thursday's Sashabaw School PTA meeting. Fifth-grade teacher Richard Latta is guest speaker.

Guests at the 8 p.m. affair to be held at the school, will be the Waterford - Kettering Choral Group from Waterford-Kettering High School, Waterford Township.

THE PONTIAC MALL

Car Keys Are Stolen

GRAND RAPIDS (AP) —Juvenile authorities here were seeking 17 sets of keys to the board of education's driver training cars. The board has duplicate keys for the 1965 model cars but was concerned lest the thieves decide to take joy rides by using the keys stolen over the weekend.

Quick Passage Seen for Tax Relief Bill

LANSING (AP) — With the legislative roadblocks down, an estimated $18 million senior citizen property tax relief bill was set today to race through both houses to Gov. George Romney's desk.

The liberalized Democratic measure most likely would reach the governor's desk before the recommendations of his own advisory committee on senior citizens tax relief.

★ ★ ★

Romney has been waiting for the report, due April 15, before making his recommendations.

Senate Majority Leader Raymond Dzendzel, D-Detroit, said Senate passage of the bill could come by next week. He said the House had acted somewhat faster than he expected and he would have to consult with Senate Taxation Committee Chairman George Fitzgerald, D-Grosse Pointe, before specific dates could be set.

The Democratic program was reported by the House General Taxation Committee Tuesday, reportedly after Democratic committee members were called into House Speaker Joseph Kowalski's office to discuss the bill.

TAX EXEMPTIONS

It allows property tax exemptions for over-65 home owners and an outright grant for renters who qualify.

Kowalski said the bill would pass in the House and be on its way to the Senate by the end of the week.

★ ★ ★

Democrats made sure of that date when they killed Romney's budget bills, allowing them to consider other appropriations measures, and when they amended House rules to allow three-fifths of the membership to suspend the rules. This enables majority Democrats to bypass Republicans any time they want to suspend the rules and act quickly on a piece of legislation.

★ ★ ★

Republicans will try to set up a detour, however. Since the bill was so drastically amended, said Minority Leader Robert Waldron, R-Grosse Pointe, it will have to be referred back to the ways and means committee.

Penneys
ALWAYS FIRST QUALITY

ROARING 63rd ANNIVERSARY

these Penney slacks were washed 20 times ... never ironed! look ... the crease stayed in!

NEWS FOR MEN! HOLD-A-CREASE SLACKS THAT NEVER, NEVER, NEVER NEED IRONING!

only 5.95

because they're Penney's own

HERE'S THE STORY:

THE FABRIC: FORTREL® POLYESTER AND COTTON ... a wonder-blend in rugged fineline twill — made with our exclusive process that gives them a permanent stay-smooth finish and a crease that's in for the life of the slacks!

THE PROOF: Penney's laboratory put these slacks through torturous abrasion and color-retention tests. After many of the toughest washings, and with absolutely no ironing, the slacks held their crisp crease, their smoothness, their rich color ... and shrinkage was practically zero!

THE VALUE: unbeatable — especially at only 5.95 a pair! So head for Penney's and prove to yourself that everything stated here is a fact!

COLORS AND SIZES: tan, black or olive. Waist sizes 28 to 38 — they're all cuffed, 29 to 32 inseams.

America Pays Homage to Idol of Ireland

Today, the Shamrock is America's national flower.

The annual recognition of St. PATRICK is unique in that it reaches further back into history than for any other figure honored in America.

It is also unique that, unlike the significant milestones of most legendary figures, it is not the birth but the death, 15 centuries ago, of Ireland's immortal son that we memorialize.

★ ★ ★

Ireland's patron saint exerted profound influence on the land of his adoption, where he is enshrined as a national and symbolic being. He is credited with having founded over 300 churches and baptized more than 120,000 persons during 30 years of spiritual service there.

But it is most fitting that time and the steady migration to America of a legion of Ireland's fine sons and daughters should have extended the revered image of St. PATRICK across the Atlantic.

★ ★ ★

We proudly salute the memory of one of history's immortals with full faith that it will forever remain green.

Higher Minimum Pay Likely to Cost Jobs

A poll recently conducted by the National Federation of Independent Business, Inc., shows that 90 per cent of the Nation's independent business proprietors are opposed to the $2 Federal minimum wage proposal introduced in the House by Rep. JACOB GILBERT, D-N.Y.

The opposition is rooted in the feeling among the independents that such a law would restrict employment opportunities for juveniles and wholly untrained workers.

★ ★ ★

They point out that their enterprises furnish employment to the young, the inexperienced and also those whose capacity for fulfilling any but the simplest tasks is limited.

To put a price tag of $2 an hour on work of such character rather than a wage commensurate with its worth, would inevitably separate a multitude of such undeveloped workers from their jobs.

As a result, the serious rate of unemployment prevalent among the Country's teen-age and untrained element of the labor force would not only be greatly aggravated, but deprive its makeup of on-job training and advancement opportunities.

March of Dimes Head Dims 'Amateur' Rank

Two thousand and ninety-six American communities have found the "United Fund" the most effective and equitable plan for meeting social and humanitarian responsibilities.

★ ★ ★

One national organization that has steadfastly refused to join other agencies under the banner of combined giving is the March of Dimes.

That the head of this foundation reportedly receives $50,000 a year for his services will likely surprise the army of workers who thought that he, like themselves, was a volunteer worker in a good cause.

★ ★ ★

When questioned about it, the administrator replied that he only talked to "legally constituted authorities" to whom he had to talk.

There is no certainty that this obscurity regarding his imputed remuneration is related to the opposition of the "Dimes" director to the consolidation principle of meeting community needs. But you couldn't say either that his disclosure shone like a new dime.

Selma Recalls Early Christians

By RUTH MONTGOMERY

WASHINGTON — The shame of Christ's crucifixion has hung like a leaden weight on human hearts for nearly two millenniums, and in this Lenten season Christians are once again asking themselves the imponderable question: How could man practice such inhumanity to man, and to the son of man?

RUTH MONTGOMERY

Together with Vice President Humphrey and a black-tie gathering of top officialdom we recently attended the premiere of George Stevens' motion picture production, "The Greatest Story Ever Told."

There it all was again: the glory and the anguish, the littleness of human nature and the divine compassion.

In those closing hours of the world's first Maundy Thursday, armored Roman soldiers charged toward an assemblage of ragged Palestinians who knelt at prayer in the streets outside their place of worship.

"But we are only praying," an aged Judean reproachfully told the head Centurian. A heavy bullwhip struck him to the ground.

And the horses' hooves trod mercilessly above the kneeling figures, grinding them into the cobblestones. Lashed and bleeding, the believers in eternal salvation were left to disperse or die.

BRUTALITY OF SCENE

The brutality of the scene from out of a shameful past prompted a vaguely troubling comparison: Selma, Ala.

Here in the land of the free, which proudly flies the Christian banner, are we again repeating the sordid folly of first century Roman Centurians?

Can Selma ever erase its stain, unless that community's men and women of good will find their muted tongues and step forth to defend the Negroes who live among them?

MIGHT INSTILL UNREST

The Romans vowed to prohibit peaceful assemblage for fear that it might instill unrest among the submerged element.

What if those people demanded to live like free men? Next they might be seeking a voice in Pilate's government—the right to vote!

Let them go about their business of paying taxes, and laboring to make life easy for the upper classes.

The voice of law-and-order wanted no part of a northern preacher who had come down from the hills of Galilee to stir up the people of Jerusalem. Death to Jesus of Nazareth!

Last week a similar reception awaited the Rev. James J. Reeb, a Unitarian minister educated at St. Olaf's college and the Princeton Theological Seminary, who although white-skinned had come down from Boston to demonstrate his love for the Negro citizens of Selma.

He joined the marchers who sought to walk from Selma to Birmingham, but with the others peacefully turned back when halted by Alabama law enforcement authorities.

This time the police did not use horses' hooves and bullwhips to lash an unresisting crowd, as they had two days earlier in Selma, but that evening the Rev. Mr. Reeb and two other ministers of Christ's Gospel were savagely beaten by four white men who considered themselves above the law — both God's and Caesar's.

The 38-year-old pastor is dead now.

Surely it is time, however, that the white citizens of Selma posed to themselves the soul-searching question which so sorely troubled Pontius Pilate: "What is truth?"

Reviewing Other Editorial Pages

Word Application

The Memphis Commercial Appeal

"Vivacious" is a word applied to a lady of some social standing who talks a lot. For those who rate less the word is "gabby."

Negro Employment

The Washington Star

"Don't let the Constitution apply only to property," President Johnson urged a group of business executives last April. "Let it apply to people."

What the President was talking about was hiring Negroes. And on the theory that one example is worth more than a dozen Sundays of preaching, the administration has been making sure the federal government keeps its employment ranks open to all races.

★ ★ ★

The result, according to the annual minority census released recently by the President's Committee on Equal Employment Opportunity, is another encouraging gain. The number of Negroes holding government jobs in the higher-pay categories has increased for the third year in a row.

In Civil Service grades five to eight, Negroes gained 1,806 jobs in the past fiscal year, an increase of 6.8 per cent at a time when the total work force for these grades declined nearly 2 per cent.

★ ★ ★

More significant are the figures for higher-salaried positions. In Civil Service grades 9 through 11 ($7,220 to $11,305) Negroes showed nearly a 16 per cent increase. In Civil Service grades 12 through 18 ($10,250 to $24,500) the gain was 19.5 per cent.

Admittedly, the statistics carry a built-in distortion. There were so few Negroes on the Federal payroll in the top range that a "19.5 per cent gain" turned out to be only 32 persons.

★ ★ ★

Yet any increase in this bracket is particularly significant, for it helps break an old stereotype of a caste associated with custodial-level work. Surveying the past three years, the committee found that total Negro employment in all pay categories in government declined slightly.

What this means is that the Negro's numbers are shrinking in low-paid jobs but increasing further up the scale. No more graphic argument should be needed for the Negro high school youngster, tempted to drop out, to stay at his books. Opportunities are increasing, but he must be prepared.

Prefer by Male

The Waterloo (Ia.) Courier

Love letters are fine, but any gal would prefer to do her lovemaking by male.

Our World Today

The Holland Evening Sentinel

We sometimes wonder about the amounts of land owned by our governments at all levels. Think of the land that is required to build one of the modern interstate highways.

★ ★ ★

Other projects also require that the government owns a larger percentage of the available land than ever before. Land is a limited resource, one which can hardly be built up by conservation measures.

Recently in the U.S. News and World Report, this problem of land ownership was discussed. At the present time, the federal government owns one-third of the available land, and in the western states, the percentages are even higher. For instance, the government owns 52.1 per cent of all land in Oregon, 63.8 per cent in Idaho, 66.2 per cent in Utah and virtually 100 per cent in Alaska.

★ ★ ★

There are many ways that land becomes government property—highways, airports, parks, reservoirs, recreation areas — but all this land owned by governments is no longer taxable in the form of property taxes by local government units.

★ ★ ★

This means, then, that the more property the government owns, the more other taxes must be raised to pay for government on all levels of society. Those who use government-owned facilities, we feel, should help pay the expenses involved. There are also many areas that do not warrant continued government ownership.

Our government is fast becoming the most expensive part of our lives today, and this trend will continue until elected officials find that those they represent want less government interference in their lives.

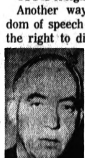
Urge to Dissent Is Strong, Even in Totalitarian State

By PHIL NEWSOM
UPI Foreign News Analyst

Another way to define freedom of speech is to say it gives the right to disagree.



NEWSOM

In a democracy it is one of the most guarded of the human freedoms. In a totalitarian state it is one of the most quickly abolished, and it applies to all forms of communication, even to abstract art.

Yet even in the totalitarian states, the urge to disagree is strong.

The most recent example is Yugoslavia which boasts that its press is the most free of any Communist country.

★ ★ ★

In Yugoslavia a young scholar named Mihajlo Minajlov has been jailed for an essay called "Moscow Summer, 1964."

SYSTEMATIC ATTEMPT

The essay accused the late Josef Stalin of preceding the Nazis in genocide, the systematic attempt to wipe out a race or culture.

It stirred the sensitivities of the Soviets, who in turn protested to President Tito.

Minajlov thus joined another noted Yugoslav author in jail. The other is former Vice Premier Milovan Djilas who is serving nine years for writings deemed to have hurt the "interests" of Yugoslavia.

Djilas attempted to show the shortcomings of communism. Minajlov's mistake was one of timing. Much worse had appeared in the Yugoslav press during the period of estrangement between Moscow and Belgrade. But this is a new era of friendship.

MOST NOTED CASE

The most noted case of an author who overstepped the bounds in recent years is that of the late Boris Pasternak.

Pasternak's book, "Dr. Zhivago," won for him a Nobel Prize in 1958. But the book was critical of the Soviet regime.

Pasternak escaped banishment only by a personal appeal to Khrushchev that "leaving the motherland will for me equal death."

★ ★ ★

In Poland, where the intellectuals are fighting a desperate rear-guard action against total suppression, another noted author recently received a jail sentence for "transmitting" outside Poland a speech critical of the Communist regime which actually was never delivered.

The author is Melchoir Wankowicz, who elected to return to his native land after receiving U. S. citizenship in 1956. The Polish press hailed his return as proof of Poland's intellectual freedom.

The Associated Press is entitled exclusively to the use for republication of all local news printed in this newspaper as well as all AP news dispatches.

The Pontiac Press is delivered by carrier for 50 cents a week; where mailed in Oakland, Genesee, Livingston, Macomb, Lapeer and Washtenaw Counties it is $18.00 a year; elsewhere in Michigan and all other places in the United States $26.00 a year. All mail subscriptions payable in advance. Postage has been paid at the 2nd class rate at Pontiac, Michigan. Member of ABC.

Voice of the People:

'Let's Get Interested in Political Expense'

In speaking out on Democratic bills, State Chairman Zolton Ferency said he favored stricter controls and reporting on expenses strictly related to continuing activities. He said, "If you get involved in this you should go all the way and check political expenses of groups like League of Women Voters, AFL-CIO, temperance groups and council of churches."

★ ★ ★

Many people would be surprised at the amount of money spent to gain a seat in our government. To expose this properly would encourage people to find a better way to make others aware of good, honest men and women running for office.

LET'S GET INVOLVED

Offers Correction to Recent Editorial

A recent editorial was critical of Representative Lindsay of New York for casting the lone Republican vote against the budget approval for the House Un-American Activities Committee. Inasmuch as the official tally lists Representative Lindsay's name among those supporting the measure, we take issue with your statements.

★ ★ ★

Mr. Farnum of our 19th district is to be commended for not joining with other Michigan Democrats who oppose the valuable anti-American subversion-exposing work of this dedicated committee.

AMOS ANON

Killing Suspect Turns Self In

Sought in 'Senseless' NY Subway Slaying

NEW YORK (AP) —Christopher Lynch, sought by police in the subway slaying of a Brooklyn youth last Friday, turned himself in at a Harlem police station today.

Lynch, the subject of a 15-state alarm, was accompanied by his brother, Roger R. Lynch.

★ ★ ★

Police sought Lynch in the slaying of Andrew A. Mormile, 17, a youth from Brooklyn.

Police said the brother told a desk sergeant:

"I'm Mr. Roger E. Lynch. I want to surrender my brother, Christopher. You're looking for him."

'WITHOUT REASON'

The stab slaying of Mormile in a subway car traveling to Brooklyn was termed by police as "without reason or cause."

Lynch, also 17, is 6-foot-4 and weighs 210 pounds.

★ ★ ★

A campaign to make the subways safer for passengers apparently provided a break in the case.

An anonymous caller used a special police telephone line to transmit the information that led homicide detectives to Terry Toomer, 18.

TOLD OF ATTACK

Police said Toomer accompanied Lynch on the subway train and told of witnessing the fatal attack on Mormile.

"He is an indispensable witness," Brooklyn's district attorney, Aaron Koota, told newsmen Tuesday.

★ ★ ★

Ten persons were believed to have been in the car where Mormile was stabbed in the head. They did not aid Mormile and police say none had volunteered information about the circumstances of the slaying.

The passengers fled the train before the arrival of police, who found the victim lying face down.

WITH GIRLFRIEND

Mormile, a senior at Brooklyn High School of Auto Trades, had spent his last evening with his girlfriend, Marialiane Feis, 15, at her home in Queens. He had given her a $25 friendship ring.

Then he took the subway back to the four-room, $45-a-month tenement flat he shared with his parents, two younger sisters and a brother.

★ ★ ★

Police believe Mormile was stabbed when he resisted a demand for cigarettes.

Survivor of Cave-In Is Back Mining

HAZLETON, Pa. (AP) — "My wife didn't like the idea of returning down into the mines," said David Fellin, who was trapped two weeks by a coal mine cave-in in August, 1963.

"But I needed to get back to work," said Fellin yesterday. "You return to what you know. The only thing I know is the mines."

Fellin, 50, and a fellow worker, Henry Throne, 28, were rescued in a dramatic operation that captured national headlines. A third miner, Louis Bova, died in the cave-in that trapped the men 300 feet below the surface near here.

Fellin has been working as a jackhammer operator on a strip mine operation, but he was laid off for the past four months.

★ ★ ★

Throne has been a highway construction employe since the rescue, but was laid off about a month ago.

★ ★ ★

"I'd like to go back to work with a large mining operation," Throne said.

Russia today is only one of 16 republics which make up the Soviet Union.

Tragic St. Patrick's Day Flood of 1936 Is Recalled

By BRUNO L. KEARNS

St. Patricks Day, festive and colorful for the sons of Erin, and the wearin' of the green, stands in black memory for thousands of people who remember the day 30 years ago when the treacherous floods nearly wiped the life out of the valleys of western Pennsylvania.

Only the Johnstown Flood of 1889 held a greater place in history than the flood disaster which hit generally the same area on March 17, 1936.

Possibly the December 1964 floods in California and Oregon may be put on equal par to the watery grave of 1936 in the Ohio-Allegheny valleys of Ohio and Pennsylvania.

No one really knows how enraged a normally peaceful stream in July can become in March unless he has lived through such a flood.

SO VICIOUS

The 1889 Johnstown Flood was so vicious it took 2,000 lives and destroyed property amounting to $10 million.

In 1936, Johnstown alone lost 25 lives, and damage exceeded $40 million. Altogether in Western Pennsylvania there were 60 lives lost, and damage exceeded $100 million.

Melting snow in the high mountain areas and tons of broken ice heading down streams to jam low river beds were the primary causes of the overflowing waters.

* * *

It's almost like invading waters waging a war and trying to drown out the native waters.

STOOD VIGIL

It was the eve of St. Patrick's Day 1936. The steel and coal mining folks of Allegheny Valley, which embeds the golden triangle of three rivers, stood vigil for the third straight day along the watery banks.

The government dams along the Allegheny, Monongahela and Ohio rivers had been evacuated of all loose and destructable properties.

The disaster spotlights had been shining for three nights.

Churches held all-night services and vigils in prayer to keep the wrath of the swirling muddy waters from their homes and families.

SPRAYED ONTO BANKS

None of the concrete portions of the dams, which were built to prevent the disasters as of 1889, was visible. The waters of the rivers sprayed onto and over the banks keeping lines of people 25 feet from the rivers' edge.

At 2 a.m. March 17, whistles down the 150 mile long valley north and south of Pittsburgh began sounding the call to evacuate.

Many had already left their possessions behind. The stubborn, or as it may have been, the hopeful, moved as much as they could to the highest portions of their homes and stayed on, praying that a miracle would force the waters to recede.

WITHIN HOUR

The miracle never came.

* * *

Police, firemen and all citizens with any kind of water transportation, boats and rafts, rowed down streets, which within an hour (by 3:00 a.m.) were covered with two feet of water.

People waited in the dark of the night on porches to be rowed to safety.

Debris tossed about by swirling waters pummeled homes, cars and humans, smashing and destroying.

HIGH LEVELS

The water reached heights of six to eight feet in the streets of the stricken towns and villages.

The evacuated were taken to nearby hills, where disaster centers were set up in schools and churches, and where residents living atop the heights of the valleys generously offered food, clothing and lodging.

Thousands sat on the edge of the hills along the entire valley watching in the freezing cold, waiting to see if their home would be next to be pulled from its foundation and swallowed up by the muddy water.

* * *

"Oh, God there goes my home everything I own," was the cry of a young father who sweated daily in the open-hearth steel furnaces to provide a modest home for his small family.

POSSESSIONS LOST

Aged immigrants also sat along the hillside, praying in Italian, Polish, Slovak and German, tears streaming down their faces as all the possessions of this new world to which they had come, disappeared into the darkness.

Two days later when the waters moved back into their beds, vacant lots which once held homes, garages, stores were found on every block in every little town.

People trekked through ankle-deep mud in the streets and in the homes that were spared.

* * *

Much of what was left was ruined or without salvage.

The cleanup began.

Life began again.

Now the way of living has changed much in the past 30 years, but St. Patrick's Day of 1936 will never be forgotten in the little steel towns of Western Pennsylvania.

How To Hold FALSE TEETH More Firmly in Place
Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at drug counters everywhere.

Registration Will Open for Adult Classes

Registration for the spring term of adult education classes at Pontiac Central High School will start Monday and end March 25.

The adult education office at 250 W. Huron will be open from 1 to 4 p.m. and from 7 to 9 p.m. for registration.

Classes for the spring term will start March 29.

Classes which are organized depend on registration. Twelve or more students are needed to hold a class.

* * *

In addition to high school credit classes, courses will be taught in home economics and business education.

LANGUAGE CLASSES

Classes in French, German, and Spanish will also be offered, in addition to several trade extension courses.

There will be special courses in steam engineering, beginning reading, driver education, citizenship and Americanization.

A class in sculpturing and one in commercial art also will be taught.

* * *

There are registration fees for most classes and these fees must be paid in full at the time of registration.

All persons who enroll must be over 16 years old. Most classes will be scheduled one night each week, Monday through Thursday.

NOTICE OF SALE OF DWELLING AND REQUEST FOR BIDS

The City of Pontiac will receive sealed invitational bids for the sale and removal of a dwelling located at 165 Cedardale Avenue until 2:00 P. M. (Eastern Standard Time) on Monday, the 22nd day of March, 1965 at the office of the City Clerk, 450 Wide Track Drive East, Pontiac, Michigan at which time and place all bids will be publicly opened and read aloud.

Conditions:

1. Bidder shall acquaint himself with City Ordinance No. 1349 which governs the moving of buildings within the City of Pontiac. Attention is directed to required deposits, permits, fees, insurance, and the method of severing utility connections.

2. The building shall be removed within fifteen (15) days after Notice to Proceed. It is anticipated that the Notice to Proceed will be issued on/about March 31, 1965. Since time is of the essence, failure of the contractor to have the structure removed from the property at the time specified in the Notice to Proceed will cause the forfeiture of his deposits.

3. The basement shall be free of debris and not backfilled.

A certified check or bank draft, payable to the order of the City of Pontiac, negotiable U. S. Government Bonds, or a satisfactory Bid Bond executed by the Bidder and an acceptable surety, in the amount equal to 10% of the bid price, shall be submitted with each bid.

The City of Pontiac reserves the right to reject any and all bids, or to waive any informalities in the bidding.

Bids may be held by the City of Pontiac for a period of twenty (20) days from date of opening of bids for the purpose of reviewing the Bids and investigating the qualifications of the Bidder, prior to awarding the contract. Arrangements for inspection of the dwelling may be made by contacting the office of the City Engineer.

Joseph E. Neipling
City Engineer

'64 Refuse Collection, Disposal Cost City $405,038

It cost $3.40 per cubic yard for refuse collection and disposal in the city in 1964, according to an annual report by the Pontiac Department of Public Works.

Refuse collection and disposal last year cost the city $405,038. Most of the funds went for collection.

Clyde Christian, DPW superintendent, reported that city forces collected 104,209 cubic yards of refuse, or more than a half ton of refuse per citizen.

The actual collection cost $3.12 per cubic yard, while refuse disposal cost another 28 cents per cubic yard.

* * *

Total cost of collection was put at $324,672 for 1964, while disposal cost a total of $80,466.

OWNER'S COST

Christian said that a property owner whose home was assessed at $5,000 paid $6.45 in 1964 to have his refuse collected and disposed of.

The city operates nine refuse collection crews. Also, a special collection program is maintained on a twice monthly basis to collect large, bulky items not handled by regular crews.

Other DPW activity in 1964 saw 1,638 feet of storm drains, 3,466 feet of combined storm and sanitary sewers and 1,586 of sanitary sewers installed.

* * *

There was 55,918 square feet of sidewalk construction also last year by DPW forces.

BUILT 29 BASINS

The department constructed 29 catch basins, 56 manholes and repaired and rebuilt a total of 242 manholes, and catch basins.

The DPW expended $30,457 worth of man hours and $28,729 worth of equipment hours in street cleaning operations in 1964.

Christian said greater emphasis was placed on street cleaning and the general appearance of downtown Pontiac.

* * *

A limited number of downtown streets were placed on a regular schedule for flushing. Old curbside trash cans were replaced with modern waste receptacles and several receptacles were added to the streets.

DUST CONTROL

The DPW used 268,000 gallons of liquid calcium chloride in 1964 for dust control on gravel streets, providing two complete applications on gravel streets and alleys.

City crews maintained over 10,000 street signs last year, installing 1,075 new signs, replacing 2,082 signs, repairing another 2,559 signs and removing 748 signs.

Snow and ice control in 1964 took 4,739 man hours, 3,957 equipment hours and 4,396 tons of salt.

* * *

Total cost of snow and ice control was reported at $75,540 by Christian.

The Heat Will Be On for Windsor Criminal

WINDSOR, Ont. (UPI)—Windsor police today sought an ambitious thief with an apparent heating problem.

The manager of a local auto wrecking yard complained that someone stole a heating boiler and several radiators that weighed a combined total of two tons and had a value of more than $2,000.

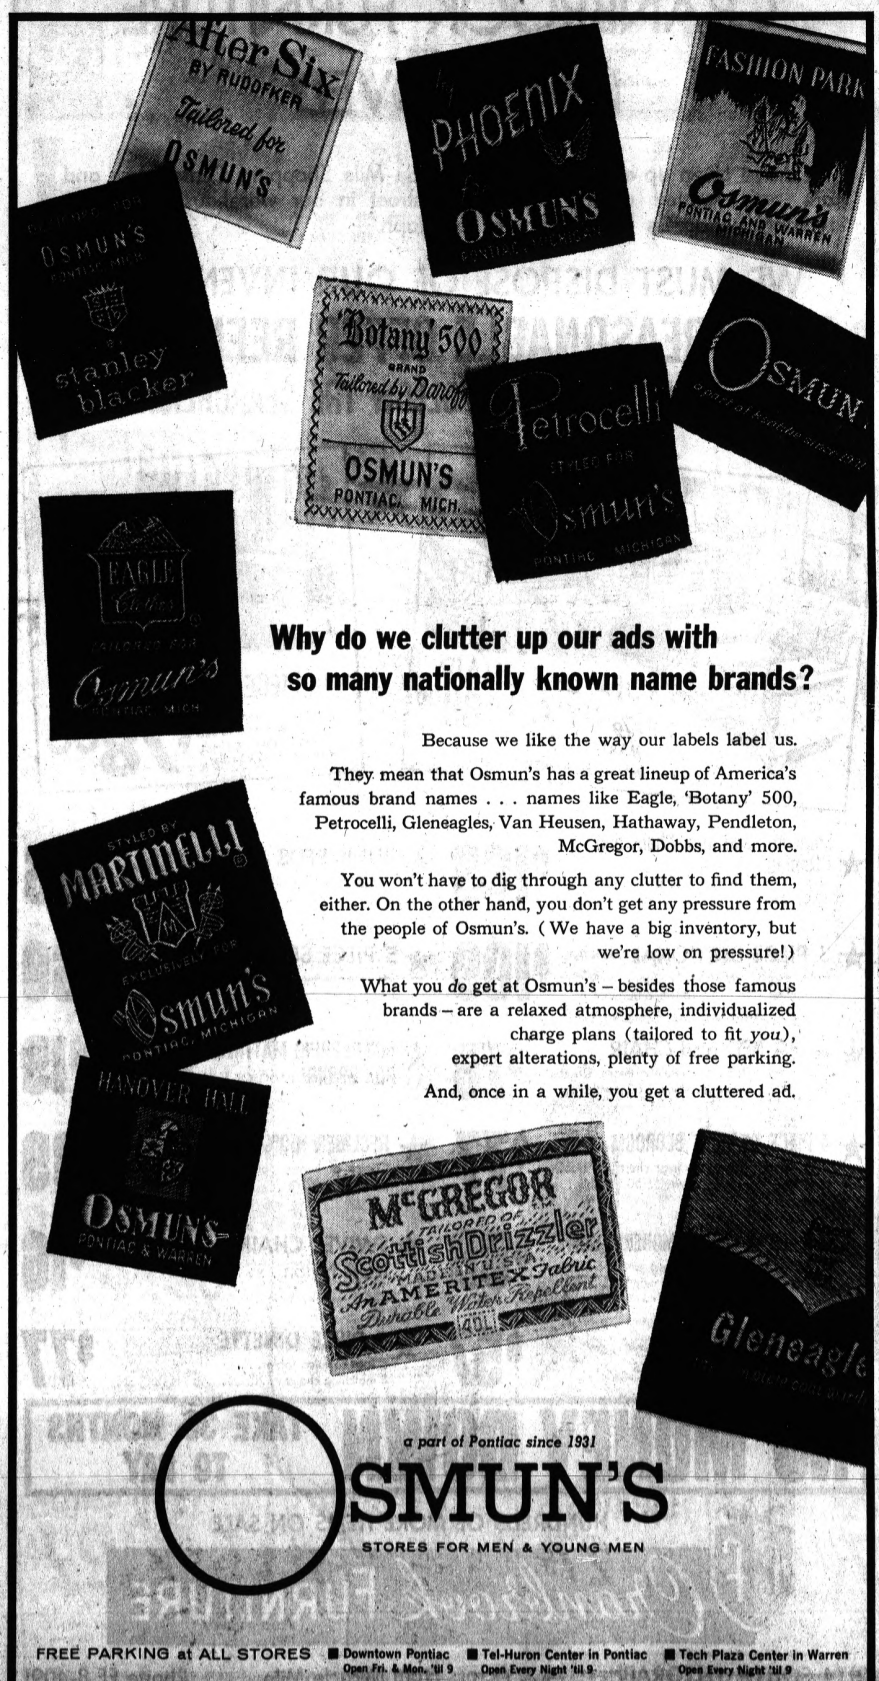
Use A Lion Charge Plan with option terms



Why do we clutter up our ads with so many nationally known name brands?

Because we like the way our labels label us.

They mean that Osmun's has a great lineup of America's famous brand names . . . names like Eagle, 'Botany' 500, Petrocelli, Gleneagles, Van Heusen, Hathaway, Pendleton, McGregor, Dobbs, and more.

You won't have to dig through any clutter to find them, either. On the other hand, you don't get any pressure from the people of Osmun's. (We have a big inventory, but we're low on pressure!)

What you *do* get at Osmun's – besides those famous brands – are a relaxed atmosphere, individualized charge plans (tailored to fit *you*), expert alterations, plenty of free parking.

And, once in a while, you get a cluttered ad.

a part of Pontiac since 1931

Pontiac City Affairs

Copy of CAB Ruling Appeal Presented

City commissioners were presented last night a copy of the city's appeal on a recent Civil Aeronautics Board (CAB) order permitting the discontinuance of North Central Airlines (NCA) service here.

★ ★ ★

Earlier the commission had agreed to appeal the CAB decision.

According to City Manager Joseph A. Warren, the petition asks for a rehearing on the suspension order.

In addition, the city asks the order be held up until a decision can be made on a second request by the city for airline service from Pontiac to Cleveland and Chicago.

★ ★ ★

Pontiac is joining with several other Michigan communities in their appeal of a recent CAB ruling that would eliminate certain NCA routes as of April 19 under the CAB's "use it or lose it" policy.

OFFER RECEIVED

In other business, an offer was received from Community National Bank to purchase land in the R44 urban renewal project.

The bank will erect a drive-in facility on land along West Wide Track between West Pike and West Lawrence.

The commission accepted the bank's offer of $65,606 for the land. The sale is subject to the approval of federal urban renewal officials.

★ ★ ★

Commissioners also took final action last night on an ordinance amendment, which eliminates the $10 fee charged dog owners when their dog is impounded.

ACCEPT RESIGNATION

The resignation of Fred H. Burmeister, 44 N. Shirley, from the Civic Improvement Advisory Committee was accepted by the commission.

In still other business last night, City Manager Warren reported that he held a meeting with seven merchants last Friday on downtown parking problems.

Warren said merchants definitely want metered parking as soon as possible on Saginaw.

Some merchants favor angle parking in areas where traffic is light. Such parking would be confined to one side of the street only.

SMALL REPRESENTATION

Warren said it was difficult to obtain a consensus of the merchants because of the small representation at the meeting.

★ ★ ★

However, he said Clifford Grovogel, president of the Downtown Pontiac Business Association, was going to sound out other merchants on the parking arrangements for the downtown area.

★ ★ ★

Also last night, the commission passed a resolution commending the late Harry W. Lutz for his service on the City Commission in 1934 and the mid-1950's.

Exam Reset 2nd Time in Area Killing

An examination in Waterford Township Justice Court for a woman charged with killing her husband Feb. 27 was postponed yesterday for the second time.

★ ★ ★

Waterford Justice John E. McGrath rescheduled the examination for March 23 at 9 a.m.

It was postponed March 9 and again yesterday because the defendant's attorney is involved in a jury trial in Circuit Court.

Charged with first-degree murder in the stabbing of her husband, Norbert, 47, is Valorie Tyrer, 44, of 6805 Desmond, Waterford Township.

★ ★ ★

Mrs. Tyrer is held in the Oakland County jail without bond.

Four From County Given GOP Posts

Four Republican State Central Committee members from Oakland County have been appointed to committees within the organization by GOP State Chairman Elly M. Peterson.

★ ★ ★

Named to the Executive Committee were Robert Flint, 1577 Island, Bloomfield Hills, representing the 18th Congressional District; and Mrs. Charles E. Haynes, 33475 Leisure, Farmington, of the 19th district.

★ ★ ★

Mrs. James Carey, 2691 Binbrooke, Troy, 18th District, and John Cartwright, 7119 N. Trathan, West Bloomfield Township, 19th district, will serve on the Budget and Finance Committee. They will attend the GOP State Central meeting in Detroit Friday and Saturday.

Febuary Fire Alarms Total 193 in Pontiac

The Pontiac Fire Department answered 193 alarms during February, 13 more than the same month a year ago.

Total alarms for the first two months of this year amount to 399. This compares to 350 for the same period last year.

End to Rift Urged on St. Patrick's Day

Celebrating Irish Hope National Unity Is Near

DUBLIN, Ireland (AP) — Ireland celebrated St. Patrick's Day today amid real hope that old enmities are dying and that national unity is coming closer.

At this traditional time of national stocktaking, the emphasis everywhere was on moves to end the cold war that for more than 40 years has raged between the rival governments of the Roman Catholic south and Protestant Northern Ireland.

Sean Lemass, prime minister of the southern republic, set the keynote in his St. Patrick's Day message to Irishmen at home and abroad.

Outstanding among developments of the past year, he said, were the talks which have opened between his government and that of the northern six counties, which still are part of the United Kingdom.

"It is my hope that, pending the reintegration of the national territory, action taken following these discussions will nullify many of the material disadvantages of the partition of Ireland as well as helping to bring nearer the day of reunification," Lemass said.

"The initiatives taken correspond to the need, clearly recognized by our people north and south, and to plan and work today for a better Ireland tomorrow."

Lemass appealed to Irishmen overseas to take a hand in the old country's development.

"Material progress continues at an encouraging pace," he said. "The rate of growth is now among the highest in the world.

"At this stage in our development, the interest of our people and our friends abroad is as important as ever.

"You can all have a hand in building up Ireland. There is merchandise to buy. There are products in which you can invest. There is our country, which offers relaxation and contentment to the visitor and the tourist."

* * *

He recalled that next year will mark the 50th anniversary of the Easter Week rising against the British.

"We are now planning ceremonies and celebrations to ensure that this great event in our history is commemorated in a worthy manner," Lemass said.

Dublin celebrated the patron saint's day in traditional style, with church services both Catholic and Protestant, a big industrial parade through the capital and a full sports program.

A batch of green bagels arrived from America for Robert Briscoe, Dublin's first Jewish lord mayor.

Briscoe wasn't here to sample them — he is celebrating in Indianapolis — but his secretary tried one and said it was excellent. They came from a bakery in West Haven, Conn.

The package said: "St. Patrick's bagel bread served at the Loyal League of Yiddish Sons of Erin banquet. Erin go brath. Shalom."

"All I said was:
Show me a filter that delivers the taste and I'll eat my hat."

SPECTACULAR SALE OF SHIRTS BY AMERICA'S 3 LEADING MAKERS

REDUCED WAY BELOW THEIR NATIONALLY-ADVERTISED PRICE FOR THIS GREAT EVENT

Think of three top shirtmakers — and you've probably guessed the labels that are on these shirts. A superb collection of manufacturer's close-outs — and you'll find them in regular finish white broadcloths, wash 'n' wear white broadcloths, all-cottons in white and solid shades, and fine oxfords in white and fancies. And you'll find them in all your favorite styles — regular spread, button-down, and snap-tab models with regular or convertible cuffs. Because the price is so low, we can't mention the makers' names, but you'll recognize them on the shirts. Better hurry, though — the supply is limited, and they'll go like lightning at this price.

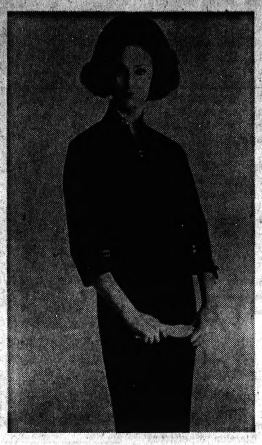
Two Ways to Look in Spring

Check in at the height of fashion wherever it goes. For perfect departure and arrival (we favor the nonwilt look), it's of Dacron polyester and cotton. White checked pink, blue, mint green. Sizes 8 to 18. About $25. By David Crystal. Available locally.



On the way to springtime . . . navy and white wool knit dress and jacket ensemble by Aled of Israel, attaining graceful casualness for all your important occasions. The slightly abbreviated jacket is streaked with white at the pockets and tiny collar (which is just as dashing worn up or down). The dress, that is just as important on its own, is shaped slightly, with or without the belt, seam welted, etched with the white striping at the square neck. Available locally.

It's Comedy Stageplay for Players

The Village Players will present "A Shot In the Dark" adapted by Harry Kurnitz from the play "L'Idiote" by Marcel Achard.

Performances will be held on April 1, 2, 3, 9 and 10. Curtain time is 9 p.m.

The Republican Club of Redford has secured the seats for a benefit on opening night. Delta Zeta has purchased half the seats for April 2, and the Unitarian Church of Birmingham has bought out the April 9 performance.

★ ★ ★

The cast includes O. N. Benson, Robert J. Oleski, William A. McCall, Mrs. John Street, Mrs. Donald Worsley, Mrs. Arthur N. Hill, George Ryder, and Morris C. Purdy.

Mrs. John Hall will direct the production, assisted by Mrs. Robert Gilray.

Others behind the scenes are James G. Balmer, Mrs. Arthur T. Iverson, Eric Holmgren, John Hall, Mrs. Gerald Haynes, Dr. Edwin Deer, Mr. and Mrs. Russell Dunbar, Mrs. Ward Ouradnick, and Granville Ryan.

Better Let Her Be One to Write

By The Emily Post Institute

Q: Every year as far as I can remember, I have received a birthday present from my godmother. This year I received nothing. It seems strange that after all these years she would suddenly stop without some explanation.

I'm not looking for anything, but I fear she may have sent something and it was lost in the mail. If I write to ask her about it, it may prove embarrassing to both if she has decided to discontinue this practice.

Can you offer a tactful solution?

★ ★ ★

A: It will be better not to write. If she sent you a present and does not receive your thanks for it, she will probably write to you and ask if you received it.

★ ★ ★

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Medical Women Slate Newest Spring Styles

Everything will be in the pink for "Shades of Spring" fashion show sponsored by the Woman's Auxiliary to the Oakland County Medical Society. That is to say, that tickets, table decorations, flowers, programs and prizes will all emphasize the pink feeling.

Oakland Hills Country Club will be the setting for the March 31 gala at 12 noon.

★ ★ ★

Mrs. Thomas G. Varbedian is chairman of the event, assisted by Mrs. Gilbert Hague.

Mary Morgan of TV fame will be the commentator for the fashions from B. Siegel Stores.

Committee members include Mrs. J. Donald Green, Mrs. Jaap B. Delevie, Mrs. John R. Lichtwardt, and Mrs. J. Paul McConkie.

HOSTESSES

Hostesses will include Mrs. Murray B. Levin, Mrs. John T. Beuker, and Mrs. Joseph S. Pensavecchia, and Mrs. John Silvani.

Three auxiliary members with hair styled by Bernard's will model. They are Mrs. Glenn A. Sanford, Mrs. B. J. Szappanyos, and Mrs. Ernest W. Bauer Jr.

Proceeds will provide nursing scholarships to worthy young women.

★ ★ ★

Students receiving scholarships now are Patricia Small and Linda Smith who will both graduate this year from Highland Park General Hospital.

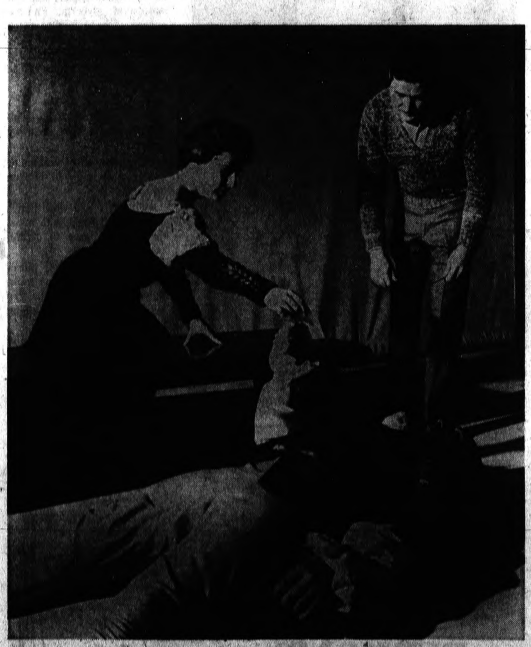
Kathleen Rossiter and Nancy Brown both attend Providence Hospital.

Christine Kurtz attends Mercy Hospital, and Karen Mitchel the Grace Hospital.

★ ★ ★

Carol Jean Krauskoff attends Harper Hospital. Mrs. Margaret Minning R.N. is doing post-graduate work at Wayne State University.

Many of these girls have received only partial scholarships. However, the auxiliary has spent $1,000 on nursing education this year.



Pontiac area residents will see and hear Roma Ridell in the title role of Tosca and Russell Smith (on floor) in Thursday night's performance of "Overture to Opera." David DiChiera, of Oakland University (right) is chairman, producer and musical director of the program at Pontiac Northern High School, 8:15 p.m.

Altrusa Club Welcomes New Membership

Seven Oakland County women were installed as new members of the Altrusa Club of Greater Birmingham at the annual meeting in the Birmingham Community House.

★ ★ ★

They are Mrs. Charles Stark, Mrs. Stanley Saunders, Rose Vainstein of Troy and Mrs. Estelle Martyn, Royal Oak.

From the Birmingham area are Dr. Hanna-Lisa Woodward, Mrs. Howard McLennan and Mrs. Axel Magnuson Jr., Beverly Hills.

Officers elected for the ensuing year are Valerie Harvey, president; Marjorie W. Sallie, vice president; Mrs. Walter Reason, recording secretary; Mrs. Glen Davis, corresponding secretary and Ruth Ruby, treasurer.

★ ★ ★

Mary Helen Holmes was elected a new member of the board of directors.

Many Gather at Club for Fashions

BY SIGNE KARLSTROM

The Birmingham Country Club is festive today in its St. Patrick's Day colorful decorations for the large luncheon and style show members and friends enjoyed.

★ ★ ★

Mrs. Drew Haneline co-chairman with Mesdames Charles M. Bauervic and Mrs. Joseph R. Farnham, is just back from a weekend with Mr. Haneline at their home on Burt Lake.

★ ★ ★

It seems as if the Hanelines have become commuters between their home north and their new home in the Burlington Arms Apartments since their home on Bradway Boulevard was acquired by new owners. Mrs. Haneline had as her guests at the luncheon Mesdames: Robert Ryan, William Bibbers and Robert Cosner.

HOSTESSES

Others who are entertaining are Mesdames: James Cotter, S. Elting DuBois, Henry Fett, Vern Proctor, John Slavsky and Arthur Zebedee.

★ ★

Carol Haneline who is attending William Woods College will travel with several friends to Nassau for spring vacation. However, she will spend a couple of days with her parents.

Excitng news about Susan Wild, daughter of Mr. and Mrs. Robert Wild, who has been invited to the diplomatic reception honoring Norfolk 12th International Azaleas Festival's Queen, Luci Johnson, on March 20.

★ ★ ★

Susan will fly to Washington on the 19th where she will be the houseguest of Camile Hart, daughter of Senator and Mrs. Philip Hart.

MOVING

Mr. and Mrs. Carson E. Dalton are preparing to leave their home on Williamsbury Road and move into the former Hugh Backus home on Latham Road. The Irving J. Minetts have purchased the Dalton's residence.

WOMEN'S SECTION

Husband's Ideas Sick

Use Professional Advice

By ABIGAIL VAN BUREN

DEAR ABBY: I've been married for five years and have two children.

My husband does not permit me to charge anything. He counts out money to me, by the penny, for things I have to buy.

ABBY

I am usually short because I never know to the penny how much I will spend in the grocery store, for instance.

My children wear hand-me-downs from the relatives, but if my husband wants something, nothing is too good.

He takes me to the local movie theater three times a year. That is my entertainment.

He never looks at the children. When he gets mad, he kicks anything in sight. He won't leave the house unless he has suntan lotion on his face, and sunglasses. (In the winter!).

He goes out with single friends and leaves me home almost every night. Do you think he needs medical attention?

SICK OF IT ALL

DEAR SICK: Your husband is much sicker than you are. Yes, I think he needs medical attention desperately.

Talk to your doctor about your husband's behavior, and follow his advice.

★ ★ ★

DEAR ABBY: Maybe this sounds silly to you, but I know lots of girls with the same problem.

My mother leaves the porch light on when I go out on a date, and I can't decide whether to let my date kiss me goodnight or not.

I can't kiss him goodnight in the car because if I sit in the car half a minute after I get home my father has a fit. If we come inside the house I am afraid I will wake my Mom and Dad as they are very light sleepers.

And if I kiss him on the porch, the whole neighborhood will get a show. So what should I do?

TOO MUCH LIGHTING

DEAR TOO MUCH: Bring the young man inside and say goodnight to him there.

And don't worry about waking up your parents. If they are like most parents, they'll still be up.

Ruth Poppy was a guest and Mrs. Sol D. Lomerson hostess, at the Tuesday meeting in the PBI Library.

Hot Water Method Makes Good Pastry

By JANET ODELL
Pontiac Press Food Editor

Even though it is possible to buy pie crust mix and even prepared crust, we know many cooks prefer to make their own pastry.

Mrs. Floyd Young of Holly has the most success with hot water pie crust. She shares her recipe with Press readers.

HOT WATER PIE CRUST
By Mrs. Floyd Young

1 cup lard
1 teaspoon salt
½ cup boiling water
3 cups flour
½ teaspoon baking powder

Mix lard, salt and boiling water until smooth and creamy. Add flour and baking powder. Stir well. Chill until firm, then roll out.

Incidentally, lard makes the flakiest pie crust, as many cooks will tell you.

Fringe Benefits

Creams Heal and Protect Hands

By MADELEINE DOEREN

Easter will be a hand-in-glove parade, but what about hands across the table' which are always on display when gloves are removed?

Recent surveys by hand cream experts reveal that how a woman cares for her hands is typical of how she feels about herself generally.

Women who apply facial cream infrequently, apply hand care products only on impulse or when hands are chapped and hurt from seasonal neglect.

★ ★ ★

The sebaceous glands that supply oil are very scarce on palms and back of hands, hence there is little lubrication.

Creams or lotion are a must to provide oil and guard skin against dryness and aging.

Besides the ravages of winter on the skin, there's the dehydrating effect of indoor heating and the use of detergents.

Our sources tell us that modern skin care products contain moisturizers that actually put moisture back into dehydrated skin, making it soft and pliant again.

The reason for re-application is because moisture evaporates and must be restored frequently for natural balance.

★ ★ ★

One of the new hand creams due to its exclusive formula, actually silkens, whitens, and helps heal chapped areas overnight. It will make them look years younger, too.

It does even more for your hands than its companions do for your face because it contains medicated ingredients.

If medicated creams and lotions are new to you, you've been missing the benefits of modern science for skin.

HEALING AGENTS

These often include ingredients like hexachlorophene that combats bacteria, and allantoin which helps flake away dry skin and is an effective healing agent.

Other new hand creams are available for extra-dry skin as well as in medicated and anti-detergent types. They range from a one-ounce purse-size tube at 39 cents to an economy size jar at $1.69. These work as well on elbows, legs and feet.

MAKE YOUR OWN

Here is a household remedy for household hands. Mix two ounces of glycerin, three ounces of good quality witch hazel and two ounces of rosewater. Rub on the hands before and after exposure to harsh detergents.

★ ★ ★

Try these five habit-forming hints as a start to lovely hands:

- Keep handsaver creams or lotions near soap in kitchen and bath.
- Whenever you wash hands dry them thoroughly to avoid the shortest route to painful chapping.
- Apply hand cream mornings and at bedtime as faithfully as brushing teeth. Try to use it also after washing lingerie or dishes.
- Manicure regularly and you'll take your hand care more seriously.
- While using creams and lotions, rub a little extra on wrists, elbows and backs of upper arms, also on "heel bumps."

Common Preparations Found in Homes Could Be Killers if Children Take Them

The old adage that "an ounce of prevention is worth a pound of cure" is particularly true when it comes to poison.

Each year, some half a million people take poison, some intentionally and some by accident. Approximately 1,700 persons a year die of poisoning, about 400 of them children too young to know what poison is.

★ ★ ★

The most tragic aspect of these children's deaths is that they could have been prevented.

The best way to prevent accidental poisoning is to make sure that possible hazards do not exist in the home.

The ordinary cleaning compounds used in homes can be lethal in the hands of a child. Most parents recognize the potential dangers of such things as lye, ammonia, and rat poison.

Many fail to realize, however, that soaps and detergents, polishes for metals, room deodorants, toilet bowl cleaners, and furniture polishes can be just as deadly.

A child's curiosity is one of the most enchanting traits. Encouraging and channeling this curiosity is one of the most important parental responsibilities.

★ ★ ★

When parents do not anticipate this curiosity and protect children from possible danger, this trait can lead to disaster.

Parents should accept children's natural curiosity and the fact that they will eat or drink anything, regardless of its taste.

The only way to keep children away from poisonous chemicals is to keep those chemicals out of the reach of children.

A cupboard under the kitchen sink should not be used to store potentially dangerous compounds when there are young children in the family.

ASKING FOR TROUBLE

Poisonous substances should never be stored near food. A mother rushing to prepare a meal, or a baby sitter unfamiliar with the household, could easily mistake boric acid for sugar or roach powder for baking soda.

Poison or any toxic substance should never be put in a container designed for food — milk bottle, soft drink bottle, or cereal box. All household substances should be labeled.

★ ★ ★

Medicines are responsible for half of all accidental poisonings of children under five years of age.

Children are particularly sensitive to overdoses of aspirin, which is usually labeled and is not considered a poison. It is the leading cause of poisoning in children and is responsible for one-fifth of all reported poisonings.

NOT CANDY

Doctors urge parents not to refer to flavored children's aspirin as candy, because children will then eat it as candy when it is available.

Another step in poison control is to know what to do should poisoning occur.

★ ★ ★

Poisoning has become so common that poison control centers have been established in some 500 cities. Pontiac's is at St. Joseph Mercy Hospital.

Lists of common poisons and their antidotes are available from many drug stores and should be available in all homes.

If poisoning should occur, it is essential to administer first aid, save the container and any of the poisonous substance to help in identifying the poison, and get medical help.

Look at Cotton Fabrics for Redecorating

With spring only a promise, homemakers get the urge to brighten up the house some way!

Great grandmother had an orgy of spring cleaning, during which time the family was displaced and meals might be scanty.

With modern cleaning methods, this sort of housecleaning is unnecessary.

Redecorating seems the answer, even when the budget is limited.

★ ★ ★

Here's where cotton fabrics come to your aid. But you must start thinking in different ways about the fabrics.

Dress materials make fine table-cloths, curtains or window shades, slipcovers or dressing table skirts.

SHEETS ARE ANSWER

Sheets in their varied patterns and colors are a girl's best friend.

They can be made into draperies, slipcovers and in one instance (see accompanying picture) a slipcover for the fireplace. They come in many widths and lengths.

★ ★ ★

If your room is plain and the view from the windows uninspired, make your own view.

Find the gayest cotton print you can and make it into panels that fit the windows or apply it to readymade shades.

AWNING FABRIC

One fabric that hasn't been used much in the house is awning material.

Now, one enterprising manufacturer of same (Glen Raven Mills) suggests using this fabric in children's rooms.

Think of the advantages.

The colors are bright.

- The material is sturdy, water repellent and soil resistant.
- It has no right and wrong side.
- The fabric may be washed or dry cleaned, if it does get dirty.

Here are directions for making the window shades shown in the picture.

Use a spring roller from an old shade. Cut awning fabric to width of the roller, less one-eighth inch on each side.

Hem or bind sides if roller is less than width of fabric. If roller uses full width, it is not necessary to hem because the selvage edge prevents raveling.

★ ★ ★

To achieve the Camelot look across the bottom of the blind, square off top and bottom of the diamond instead of coming to a point.

Fold where diamond is widest and stitch fabric to fabric at top of diamond. This makes a series of large loops across the bottom of your blind.

BROOM STICK

Now saw a stick of wood the width of the blind. The stick should be round and at least as large as a broom handle. In fact, a broom handle works fine. Cover this stick with the fabric also.

Tack top of fabric evenly cross the roller. Insert the stick of wood in the loops. Hang blind.

Other lower edge of blind designs can be as varied as your imagination.

Scalloped edges with ball fringe are especially nice.

June vows are planned by Marsha Kay Hoskins of Davisburg Road and Daniel Lee Jenks, son of Mr. and Mrs. Lloyd Jenks also of Davisburg Road, Independence Township. She is the daughter of Mrs. George Pethers of East Washington Road, Independence Township, and Frank C. Hoskins of North Paddock Street.

June vows are being planned by Betty Lou MacNeil, daughter of the Grant J. MacNeils of Lake Orion and Oliver E. Owens, son of Mr. and Mrs. Harlan B. Owens of North Lapeer Road, Oxford Township. The bride-elect attended Graceland College, LaMoni, Iowa, and her fiance was graduated from Central Michigan University.

SEW SIMPLE
By Eunice Farmer

Dear Eunice:

Recently I purchased a length of ribbon knit from the yard goods department of one of our large stores.

I bought a very simple pattern to use for this material but I am wondering if I can make darts without too much bulk? Will I have to bind the raw edges?

Mrs. A.F.

Dear Mrs. A.F.:

It is better to choose a pattern without darts. A soft eased look will be more satisfactory.

Usually a blouson bodice and slightly eased skirt, or a one piece dress with a casing on the inside which can be fitted with a cord or tie belt in the casing will be better.

It often is better not to line this type of fabric. Instead you can wear a taffeta type slip.

If you do want to make a lining, make it separate and attach at the shoulders and waistline only, allow it to hang freely in the skirt like a "tube" type lining.

★ ★ ★

Dear Eunice Farmer:

I am only 14 years old and wish to convert my Daddy's V-neck sweater to a cardigan because the neck is stretched. Can this be done?

Bonnie T.

Dear Bonnie T.:

I'm proud of you for trying. If the sweater already is stretched too large, you can't lose and I bet you'll do a great job and the sweater will look like new.

Baste a 3-inch strip of firm woven interfacing on the wrong side of the sweater under the center front. Machine stitch several rows of stitching on each side of the center.

The interfacing will keep the front from stretching and will keep both sides even in length.

Carefully cut between the stitching. If you want the grosgrain ribbon to show, fold ⅛ inch of the cut edge of sweater over to the front, baste the grosgrain ribbon over the edge and machine stitch both edges (some hand knits are done by hand instead of machine).

Buttonholes can be made by machine and presto, the sweater is again wearable.

★ ★ ★

Many of you will be making suits and coats for spring. One of the telltale homemade looks is sleeves. Set in a perfect sleeve every time with the help of my leaflet, "All about Sleeves."

You may have your copy by sending a self-adressed, stamped envelope with 10 cents to Sew Simple, in care of The Pontiac Press.

Two very proper toppers from our bewitching hat collection for spring and Easter.
Flora Mae 700 W. Huron St.

Cotton sheets come out of the bedroom entirely in this decorating treatment. A "fleur-de-lis" pattern by Lady Pepperell provides the right touch for valance and drapes, arm chair slipcover, and for the fireplace slipcover, an idea imported from France.

Smoking During Pregnancy

Women who smoke during pregnancy can expect smaller, shorter babies, and can also expect to have babies classified as premature, that is, weighing less than five pounds.

Large-scale studies in the United States and Great Britain have established that a pregnant woman's cigarette smoking will adversely affect her baby.

One of the largest smoking-in-pregnancy studies, reported by Drs. Lewis E. Savel and Edward Roth of Beth Israel Hospital, Newark, N.J., shows that women smoking more than a pack of cigarettes a day will deliver babies weighing an average of 13 ounces less than the average babies of non-smokers.

Where the pregnant woman smoked less than a pack a day, the difference was almost halved.

This effect manifested itself in the same woman who smoked in one pregnancy and did not in another.

WEIGHTS

The average baby weight from non-smokers was seven pounds seven ounces; for moderate smokers it was seven pounds one ounce; and heavy smokers had babies with an average of six pounds ten ounces.

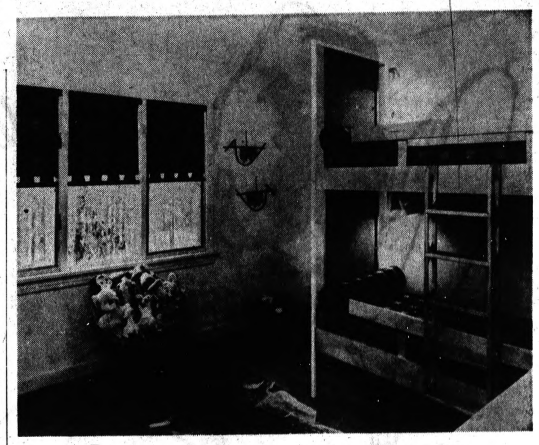
★ ★ ★

The Newark studies are supported by tests conducted on 2,745 mothers and infants at Aberdeen (Scotland) Maternity Hospital.

There, the children born to mothers who smoked were, on the average, 160 grams (almost 6 ounces) lighter than those of non-smokers.

Another study reported by Dr. John M. O'Lane of the U.S. Naval Hospital at San Diego links smoking to height as well as to weight.

This study shows that babies of women who smoked in pregnancy averaged one-half inch shorter than the infants of non-smokers.



Awning fabrics have invaded the bedroom. Here, in a child's room you see bedspreads and window shades made of plaid awning fabric. The material is easy to handle, takes a lot of hard wear and may be water repellent, and soil resistant.

Colorful cotton prints used as broad window shading panels and a complementary cotton suede used as upholstery for the couch provide the professional touches for this living room setting at Bloomingdale's in New York. The result is an inviting room, modern in every way.

Exercise Benefits Entire Family

There is no double standard when it comes to defects in figure! The bay window is the most prevalent masculine figure fault and the protruding abdomen is the most usual feminine figure defect.

I have just been looking over the many leaflets I have written in order to help my readers with their problems and happened to see the leaflet "Family Exercise Plan."

This was written with the idea that if a family could form the habit of exercising together, everyone, including mother and father, would be more likely to make it a way of life, a daily habit.

Also it would be fun. It could be not only fun, but hilarious!

* * *

The children will find it amusing if mother can only touch her knees instead of her ankles at first when doing a front-bend, waist slimming exercise and father cannot raise his legs from the floor with stiff knees when trying to execute an abdominal reducing exercise.

As revenge the parents could put the children through their exercise paces. Everyone would be interested in everyone else's progress.

FIND THE TIME

I realize that the real problem would be to find a time when the entire family could be together even for half an hour except for mealtime.

However, it might be easier to get the family together for exercise than for philosophic conversation. I think it would be jolly as well as beneficial if you can swing it.

* * *

The family exercise plan was designed for a family of four with special directions for mother, father, son and daughter.

If you have more than one daughter all the daughters can take the same exercises.

If you have more than one son they can all take the same exercises. If you have more than one husband you are a bigamist and had best keep it quiet.

Today I will give you two exercises which are effective for both father and mother.

Stand tall with the feet pointing straight ahead. Make large circles with the arms. Circle forward, crossing the arms and then continue on up, reaching high over the head.

* * *

Then bring the arms sideward-downward to your sides. Tilt the head back a little and pull back with the arms as they return to your sides.

This is a splendid postural exercise and is corrective to round shoulders.

* * *

For the bay window and the protruding abdomen. Lie on the floor on your back. Arms rest out at the sides, palms toward the floor.

Bend the left knee up close to the abdomen. Straighten left leg so that toe points toward the ceiling. Lower leg with a stiff knee.

Do the same thing with the right leg and continue, alternating. Do this exercise briskly.

If you would like to have my Family Exercise Plan send a stamped, self-addressed envelope with your request for it to Josephine Lowman in care of The Pontiac Press.

Trudi Arrives

Trudi Lynn was born March 4 to Airman 2.C. and Mrs. Elton M. Carlson (Terry Powell) of Wurtsmith AFB, Oscoda. Grandparents are Mrs. Norman Edwards, Andersonville Road; J. D. Powell, Clarkston and the William Carlsons, Fenton.

Pontiac Press Photo

Mrs. George S. West, Keego Harbor (standing), passes on her crown as queen of the Fashionette Club weight-losers to Mrs. Edwin Bennett, Stirling Avenue. Mrs. West was last year's queen. Mrs. Bennett was recently announced as area weight-losing queen in a contest conducted by all the slimming groups.

Kroger

People in the News

By The Associated Press

Touring British Princess Margaret and her husband, Lord Snowdon, mixed with leper children yesterday at a settlement at Kumi, Uganda.

The couple ignored warnings by doctors to keep clear of the patients because measles had just hit the settlement.

The British royal family has adopted three of the children in the settlement through the British Empire Leprosy Relief Association, which sends the family photographs and reports on the children's progress.

Astronaut Breaks Neck in Landing

Astronaut Walter Cunningham, who landed on his neck while trying a body flip on a trampoline Monday, suffered a simple compression fracture of a vertebra in his neck, officials of the manned spacecraft center said yesterday.

X rays showed the fracture.

Cunningham, 33, will have to wear a neck brace for about three months. He will be grounded during that period, but will keep up with other phases of astronaut training.

Officials said the trampoline accident occurred during Cunningham's personal exercise program to keep fit, and was not related to astronaut training.

Princess Anne Sets Sights on Heights

Britain's 14-year-old Princess Anne is taking a course in mountain climbing at Benenden, the girls school at Kent which she attends.

Her mother, Queen Elizabeth II, let the information drop yesterday during a chat with pupils at Manchester Grammar School, which she visited in honor of its 450th anniversary.

Israel Okays German Ties

JERUSALEM, Israeli Sector (AP)—Israel and West Germany are expected to start negotiations immediately following the Israeli Parliament's authorization for the opening of diplomatic relations.

West German Chancellor Ludwig Erhard's special envoy, Kurt Birrenbach, was due back from Bonn today for the talks.

* * *

Parliament voted 66-29 Tuesday night to establish full relations with West Germany. There were 10 abstentions.

Premier Levi Eshkol, suffering with the flu, left his sickbed to open the debate, retired while debate continued and returned to cast his vote.

He said the West German offer of diplomatic ties "constitutes a highly significant example of resistance to the extortionate pressure of our (Arab) neighbors, who claim the right to infect other states with an attitude of hostility and ostracism toward Israel."

Eshkol said "the need to strengthen and consolidate the state of Israel must weigh down the scale" against the considerable anti- German sentiment in Israel, a legacy from the Nazi extermination of the Jews.

* * *

Deputy Premier Abba Eban conceded that "it is not only the opposition that has deep-seated emotions regarding Germany — the entire House and the entire Jewish people are united in these feelings."

District Formula OK'd

WASHINGTON (AP) — The House has dealt what it hopes is a lethal blow at the gerrymander — that odd-shaped congressional district drawn to favor one party over another.

It did it by passing a bill setting federal standards for congressional districts, which would require districts to be "as compact as practical."

* * *

Although the definition is far from precise, the bill's backers made it clear they mean the courts to outlaw the weirdly shaped districts that take their name from an early Massachusetts governor, Elbridge Gerry.

Another provision of the bill would permit the population of a congressional district to be within 15 per cent of the average district in that state.

The bill, which passed by a voice vote, now goes to the Senate. Since it doesn't apply to the Senate, the House hopes the Senate will pass it speedily, without change. The provisions would go into effect in time for the 1966 congressional elections.

RESISTANCE TO PRESSURE

Many states have been under pressure to redistrict since the Supreme Court held last year that one person's vote in a congressional election should be worth as much as another's.

* * *

Although the 15 per cent population variation actually permits a difference of 30 per cent between the largest and smallest districts, the House hopes the court will heed its proposed standards as an expression of congressional policy.

* * *

The courts have been calling for such an expression to guide state legislatures in redistricting.

* * *

During the debate, which showed a great deal of confusion on the subject in the minds of many members, the argument most often used to win support for the bill was that if Congress didn't act, the courts would. And instead of a 15 per cent variation from the average, the courts might permit only 1 per cent, the House was told.

Dates Add Richness to Dishes

By JANET ODELL
Pontiac Press Food Editor

For a long time we've wanted to write an article about a food that gets less attention than it deserves — dates.

Dates are relatively inexpensive; they're easy to store; and they contribute good flavor to a number of dishes.

As a youngster, we delighted in stuffing dates with nuts and rolling them in sugar. Prepared this way, they are nice to serve with cookies or candy.

Experts tell us that because dates are a naturally dried fruit, they will keep up to two years without any special type of storage.

When you're making fruit salad, add a few dates. We like them in Waldorf or grapefruit salads.

Here's a salad to make ahead of time.

Desert Palms Salad

¾ cup dates
1½ cups fresh or frozen pineapple chunks
1 banana, sliced
1 tablespoon chopped maraschino cherries
1½ tablespoons chopped candied ginger
¾ cup dairy sour cream
Lettuce cups

Cut dates into slivers. Gently combine all ingredients except lettuce. Refrigerate at least an hour to allow flavors to blend. Spoon into lettuce cups to serve. Makes 6 servings.

How about dates in a main dish? Their rich flavor makes them ideal to use with bland meat like veal.

International Date Veal

6 very thin veal cutlets (about ⅛-inch thick)
½ cup flour
¾ teaspoon salt
¼ teaspoon paprika
1 cup milk
6 tablespoons butter or margarine
4 ounces Canadian bacon, chopped (approx. 1 cup)
2 tablespoons split blanched almonds
1 cup pitted dates, cut lengthwise
2 tablespoons chopped parsley
2 teaspoons lemon juice

Combine flour, salt, and paprika. Measure ¼ cup milk; dip each piece of veal into it and then into flour mixture.

Saute veal in ½ cup hot butter until nicely browned turning once and adding butter as needed. Remove to heated platter.

Heat remainder of butter; saute bacon, almonds and dates about 5 minutes. Sprinkle over cutlets. Add leftover flour to pan drippings; stir well. Slowly add remainder of milk; cook until mixture thickens and comes to a boil.

Add parsley and lemon juice and pour immediately over meat. Makes 6 servings.

An interesting dessert is a graham cracker date pudding. If any is left over, it may be reheated. In fact, we think you could freeze this pudding if you like and have it any time.

The sauce may be refrigerated for later use.

Graham Cracker Date Puddings

¾ cup dates
3 tablespoons shortening
½ cup granulated sugar
1 teaspoon vanilla
1 egg
¼ cup chopped almonds
2 cups fine graham cracker crumbs
1 teaspoon baking powder
½ teaspoon salt
½ cup milk
Lemon Cream Sauce

Lemon Cream Sauce

1 cup whipping cream
1 egg
⅓ cup melted butter or margarine
1 teaspoon vanilla
1½ cups sifted powdered sugar
1 teaspoon grated lemon rind
1 tablespoon fresh lemon juice

Cut dates into small pieces. Beat shortening, granulated sugar, vanilla and egg until blended. Add dates, almonds, crumbs, baking powder, salt and milk; mix to moderately stiff batter.

Spoon into 6 buttered custard cups. Place on cooky sheet and bake in 350-degree (moderate) oven 25 to 30 minutes. Serve warm with Lemon Cream Sauce.

Lemon Cream Sauce: Whip cream until stiff. Beat egg until thick; beat in butter, vanilla, powdered sugar, lemon rind and juice. Fold into cream. Makes 6 servings.

French Bread Made Centuries Ago

What we Americans call French toast was undoubtedly the result of a need to make the most of stale or lost bread.

A recipe for using lost bread by whisking it through a batter of eggs and milk appeared as early as the fifteenth century in a Harleian manuscript.

This centuries - old innovation has been popular from that day to this.

The Belgians call it pain trouve, or "found bread." Germans call it Arme Ritter in honor of the knights, later the messengers or reuters, who rode horseback from village to village on missions.

A weary knight knocking at a door along the way in search of food and water was greeted by the hospitable housewife with the exclamation, "Oder arme ritter ist so hungrig" — the poor knight is so hungry.

This situation was taken care of with dispatch by serving a platter of bread which had been dipped in an egg-milk mixture and grilled to golden perfection.

Asparagus Puts Color in Dish of Macaroni

Prepare an attractive, tasty and filling meal in less than 15 minutes.

Asparagus Cheese Easy

1 pkg. (8 oz.) elbow macaroni
½ cup butter
1½ cups cooked asparagus cuts and tips
1 cup large curd cottage cheese
½ cup sour cream
Salt, pepper to taste
1 teaspoon paprika

Cook macaroni according to directions on package. Drain. Add butter and asparagus and mix.

Stir in cottage cheese and sour cream. Salt and pepper to taste. Heat quickly and thoroughly.

Remove to warm casserole and sprinkle with paprika. Serves 6.

Custard Mix Gets Flavor of Pumpkin

Small portions of a robust pumpkin pudding make a tangy underpinning for ice cream.

Pumpkin Pudding

1½ cups canned pumpkin
¼ cup firmly - packed light brown sugar
¾ teaspoon pumpkin pie spice
1 cup cold milk
1 package (2¼ ounces) custard-flavor dessert mix

Cook and stir constantly over moderate heat the pumpkin, brown sugar and pie spice until very hot — about 10 minutes.

Off heat, gradually stir in the milk, keeping smooth. Add the dessert mix and stir in well. Bring to a boil over moderate heat; boil for 3 minutes.

Spoon into six 5-ounce custard cups; chill until firm. Top with vanilla ice cream. Makes six servings.

Celery seeds do wonders for cole slaw! Add a couple of teaspoons to enough slaw for six portions.

Ever add a tablespoon of chocolate syrup to a glass of iced coffee? Good in all weather!

Ever add grated cheese — Cheddar or Parmesan — to egg salad sandwiches? Nice for a change!

Cairn terriers derived their name from their ability to squeeze into rock piles for foxes and wildcats.

Cambodia is among the smallest countries of Southeast Asia — about the size of Washington state.

Spring Garden Salad Cottage Cheese

with a hint of **OIL** and **VINEGAR** added!

NOW! DIFFERENT! SENSATIONAL!

A tangy oil-and-vinegar dressing adds new zest to young garden vegetables. Imagine crisp celery, tender carrots, green peppers, young spring onions... all kissed subtly with a hint of oil and vinegar... all blended deliciously into fresh, creamy cottage cheese. You've never tasted anything like this Sealtest creation. Get some soon. You'll love it!

Outer Space Maneuvering Will Make Astronaut Grissom First Real-Life Buck Rogers

CAPE KENNEDY, Fla. (AP) —Astronaut Virgil I. Grissom is about to become the first Buck Rogers of the space age.

If no hitches develop in his Gemini launch, scheduled for next Tuesday, the short, graying Grissom, an Air Force major, will be the first space traveler, American or Russian, to control the flight of his spaceship.

* * *

The National Aeronautics and Space Administration today outlined details of the mission, the first manned flight of the Gemini program.

* * *

Grissom's copilot on the three-orbit trip will be a likable, dark-complexioned Navy lieutenant commander, John W. Young, 34.

IN PREPARATION

The 4-hour, 52-minute flight is to grind out the bugs in the two-seated spacecraft in preparation for the long duration and rendezvous missions planned for Gemini in months to come.

Grissom, who will be 39 April 3, will have the distinction of being the first person to have two space trips under his belt.

* * *

None of the other 14 persons shot into the heavens have made an encore flight. Grissom was the second American in space, flying a suborbital shot on July 21, 1961.

* * *

None of the 15 had much to say where he was going, or where he would land.

'ALONG FOR RIDE'

The nine Russians and six Americans in a sense were "just along for the ride." Ground crews controlled the flights from lift-off to landing.

* * *

Grissom will make tricky maneuvers in space that will change his orbital path four times and will control the 7,000-pound spacecraft for all but 20 minutes of the flight. He will be able to pick his own landing spot and then with the help of a small, on-board computer, guide the capsule to a landing about 70 miles northeast of Grand Turk Island.

* * *

The flight primarily is to gather engineering data, and the three scientific experiments planned will require less than 7 minutes of the astronaut's time.

DOSE OF RADIATION

A canister of human blood will be exposed to a dose of radiation to measure the effect weightlessness has on it. Sea urchin eggs will be exposed in the same manner.

The other experiment will be an attempt to break the communications blackout during reentry by spraying water into the electrified plasma sheath which surrounds the craft.

* * *

Grissom will fly the spacecraft by using tiny rocket engines called thrusters. During the first orbit he will fire the thrusters to bring the spacecraft from an orbit of 100 to 150 miles high to 100 and 107 miles.

* * *

During the third orbit, Grissom will fire the thrusters again to change the path to 52 and 97 miles.

* * *

This maneuver guarantees a reentry even if the breaking rockets fail. The heavy atmosphere at the low orbital path will slow the ship to a landing 3,450 miles beyond the intended recovery site.

* * *

Back-up crew for the flight is Navy Cmdr. Walter M. Schirra Jr. and Air Force Maj. Thomas P. Stafford.

Study of Nation's Salaries Shows Value of Higher Education

By NEIL GILBRIDE
AP Labor Writer

WASHINGTON — If you want to earn top money, be a doctor, lawyer or merchant chief.

That's the essence of a Labor Department study on how the nation's approximately 46 million male workers make their living.

* * *

The study of 321 occupations showed a median salary range — at the midway point in the high to low listing — of $14,561 a year for physicians at the top of the list to $550 for newsboys at the bottom.

Business managers in banking and finance were second highest at $12,757 and lawyers were high up on the list at $10,587.

HIGHER EDUCATION

In general, the study shows the higher the educational attainment, the higher the salary. But there were some notable exceptions.

Locomotive engineers, for instance, were 38th on the list of highest paid occupations with a median education level of 9.8 years and median pay of $7,586. The locomotive engineers, the highest paid craftsmen listed, compared favorably in salary with many professional and managerial workers with college educations.

Millwrights were the next occupational group with less than 10 years of schooling, far down the list in 107th place at a salary of $5,933.

Although the study is based on 1960 census figures, the author of the report, Max Rutzick of the Bureau of Labor Statistics, said the job rankings today are virtually unchanged, although every occupation would show higher salaries now.

LITTLE CHANGE

The dominance of professional and managerial jobs in the higher salary scales seems to be "a natural structure" that doesn't change much, Rutzick said.

However, he wrote, some professional jobs are comparatively low-paid, apparently because of a large number of women in the field who are frequently paid less, "thus lowering the pay scales for the entire occupation."

* * *

These include religious workers, with a median education of 16.3 years but a median salary of only $3,033 for 285th place on the list.

Clergymen are also comparatively low on the list, 245th, with a median salary of $4,008 despite educational attainment of 17.1 years, almost as much as physicians.

TRUCK DRIVERS

Truck drivers earned about $180 more than clergymen.

* * *

Craftsmen, who mostly learn their skill on the job, are not so closely tied to the relationship between formal education and earnings as are professional and managerial workers.

The next highest craftsmen after locomotive engineers were foremen in the communications and utilities industries at $7,147 a year with a median high school level of education.

* * *

The only other groups above $10,000 in addition to doctors and dentists, lawyers and judges and bank managers were osteopaths and airplane pilots and navigators.

Deaths in Pontiac Area

MRS. WILLIAM E. HARTMAN

A private service was to be held this afternoon for Mrs. William E. (Mebel M.) Hartman, 66, of 3970 Pitt, Waterford Township, at Sparks-Griffin Chapel with burial in White Chapel Memorial Cemetery, Troy.

Mrs. Hartman, a member of Christian Science Church of Boston, died yesterday after an illness of several years.

A graduate of the University of Michigan with the class of 1899, Mrs. Hartman had taught school in Port Huron.

When her husband was serving as consultant engineer for Coke Oven Plants in Berlin, Germany, she was chosen president of the American Woman's Club of Berlin.

Mrs. Hatrman also had been active in the Tuesday Musicale of Port Huron.

Surviving are a son, William B. of Waterford Township a daughter, Mrs. Winifred Lee of Pontiac; and two grandchildren.

LeROY T. HIMEBAUGH

Service for LeRoy T. Himebaugh, 77, of Lakeland, Fla., a former Pontiac resident, will be at 2 p.m. Friday in Sparks-Griffin Chapel with burial in White Chapel Memorial Cemetery, Troy. His body will be at the funeral home after 3 p.m. tomorrow.

Mr. Himebaugh, a member of the First United Missionary Church, died Monday after a long illness.

Surviving are his wife, Mary; two daughters, Mrs. David Gee of Birmingham and Mrs. William Mahay of Ann Arbor; six grandchildren; a sister; and a brother.

MRS. CHARLES L. MARKHAM

Word has been recived of the death of Mrs. Charles L. (Cosie G.) Markham, 73, of 989 Northfield. She died yesterday at her winter home in Bradenton, Fla., after a three-day illness.

Her body will be brought to Ithaca for service and burial.

Mrs. Markham attended the Joslyn Avenue United Presbyterian Church.

Surviving besides her husband are a son, Loyal of Dearborn, and four daughters, Mrs. Muriel Brinkman of Lighthouse Pointe, Fla., Mrs. Doris Palmer of Dearborn, Mrs. Evelyn Hoisington of Pontiac and Mrs. Maxine Reardon of Long Beach, Calif.

Also surviving are 17 grandchildren, 20 great-grandchildren, a brother and a sister.

DELBERT S. McLAUGHLIN

Service for Delbert McLaughlin, 77, of 28 Rosshire will be at 11 a.m. Friday in Sparks-Griffin Chapel with burial in White Chapel Memorial Cemetery.

Mr. McLaughlin, a retired fireman at Washington Junior High School, died yesterday after a brief illness.

Surviving are his wife, Violet; two sons, Donald L. of Auburn Heights and Richard H. of Wayne; and two daughters, Mrs. Edna Van Slambrook of Omaha, Neb., and Mrs. Elizabeth Gunnarson of Pontiac.

Also surviving are 12 grandchildren and a sister.

MRS. LAWRENCE THOMPSON

Service and burial for Mrs. Lawrence (Emma) Thompson, 57, of 125 N. Perry will be from the Tucker Funeral Home, Central City, Ky., Friday. Her body was taken there today by the Harold R. Davis Funeral Home, Auburn Heights.

Mrs. Thompson died Monday after an illness of several weeks.

Surviving are her husband; a son, Roy Williams; a stepdaughter, Mrs. Helen Vargo of Clarkston; a stepson, Robert Williams in Kentucky; and a sister, Mrs. Thelma Anderson of Pontiac.

MRS. LESTER YOUNG

Service for Mrs. Lester (Daisy B.) Young, 57, of 19 Hazel will be at 1:30 p.m. tomorrow at the Huntoon Funeral Home with burial in Perry Park Cemetery.

Mrs. Young died Monday after a long illness.

MRS. GEORGE CARL

HIGHLAND TOWNSHIP — Service for Mrs. George (Daisy B.) Carl, 77, of 3138 Oak Ridge will be 11 a.m. Friday at Richardson-Bird Funeral Home, Milford. Burial will follow in Highland Cemetery.

Mrs. Carl died yesterday after a long illness. She was a member of the Hi-White Auxiliary, V.F.W. Post No. 9914.

Surviving are a sister, a niece and a nephew.

WILLIAM H. HOWES

BIRMINGHAM — Service for William H. Howes, 86, will be at 1 p.m. tomorrow at the Bell Chapel of the William R. Hamilton Co. Burial will be in White Chapel Memorial Cemetery, Troy.

Mr. Howes died Monday after a long illness. He was a retired comptroller of the former Detroit Life Insurance Co.

Surviving are one daughter, Mrs. Lucille Hassett, and one son, Robert W., both of Birmingham.

PAUL E. NOLL

BIRMINGHAM — Requiem Mass for Paul E. Noll, 46, of 1244 S. Eaton will be Saturday in Somerset, Ohio. Burial will follow there, arranged by Thomas Funeral Home, Somerset.

A pipefitter with the Detroit Industrial Sprinkling Co., Detroit, Mr. Noll died yesterday of injuries suffered when he fell while working in a Warren auto plant.

He was a member of the Holy Name Society, St. Columban Church.

His body will be at Vasu-Lynch Funeral Home, Royal Oak, until 9:30 p.m. today.

Surviving are his wife, Helen; two sons, Joseph and Patrick, and a daughter, Jane, all at home; his mother, Mrs. Ed Noll of Somerset, Ohio; five brothers; and four sisters.

Shooting Leaves Pontiac Man in Critical Condition

A Pontiac man is in critical condition at Pontiac General Hospital after being shot three times yesterday afternoon.

Robert Fielder, 32, of 399 Branch, was taken to the hospital at 1:45 p.m.

Police are holding Maxine Bowie, 32, of the same address, for investigation of felonious assault in connection with the shooting.

Police said the woman told them that Fielder came into her house and started beating her.

* * *

She told police she pulled out a .22 caliber pistol and fired it four times at Fielder.

Add Speed Limit to Lake Resolution

The Oakland County Board of Supervisors' Legislative Committee yesterday concurred with a recommendation offered Monday by the miscellaneous committee for a 10-mile-per-hour night speed limit on county lakes.

According to the recommendation, the limit would be effective one hour after sunset until an hour before sunrise.

* * *

This provision was added to an earlier recommendation by the legislative committee banning alcoholic beverages on lake crafts.

The resolution recommending banning liquor and setting a speed limit requests that the Michigan Boating Control Committee hold the necessary hearings and adopt these provisions.

St. Lawrence Dam Water Level Answer?

OTTAWA (AP)—An authority on Great Lakes waters told a House of Commons committee Tuesday that effective control of water levels probably will have to include a dam across the St. Lawrence River east of Montreal.

Dr. G. B. Langford, director of the Great Lakes Institute of the University of Toronto, said howls of protest have always greeted such a proposal but "I think it will have to come to having dikes to get into Montreal Harbor."

Alabama Town Hit by Tornado; 20 Hurt

TUSCUMBIA, Ala. (UPI) — A small tornado tore into Tuscumbia today, causing heavy property damage and injuring about 20 persons.

The Colbert County hospital in Florence reported it was treating approximately 20 patients in the emergency room. The Tuscumbia tornado struck in the northern section of town, damaging at least 10 houses, power lines and roofs.

Africa, Asia and Latin America have birth rates ranging from 40 to 50 births per 1,000 population per year, compared to 20 to 25 per 1,000 in North America.

Bill Would Require Driver's Print on Permit

LANSING (UPI) —A bill requiring thumb prints on all applications for driver's licenses was introduced Tuesday by Rep. Donald Holbrook Jr., R-Clare. The provision, which now applies only to applicants for chauffeur's licenses, would be extended to all drivers.

Birmingham Man Dies in Plant Fall

A 46-year-old Birmingham man died yesterday afternoon of injuries suffered when he fell while working in a Warren Chevrolet Motor Division plant.

Paul E. Noll of 1244 S. Eaton was pronounced dead at Holy Cross Hospital, Detroit, five hours after he fell 18 feet from steel roof framework while preparing to work on the plant's sprinkler system.

A pipefitter, he was employed by Detroit Industrial Sprinkling Co., Detroit.

The rubber industry has developed a uniform series of tire tests that is to be used by all manufacturers.

Ex-Jewish Leader Dies

LOWELL, Mass. (AP) — Frank Goldman, 74, former international president of B'nai B'rith, died Tuesday of a heart attack. Goldman, who practiced law in Lowell for 52 years, was head of the international Jewish organization from 1947 to 1953.

The population of the world in mid-1964 was an estimated 3,283,000,000 people.

The Privacy Invaders—1

If Bugs in the Wall Don't Get You, 'Snooper' Will

(Editor's Note — Sensitive listening devices including a martini olive containing a transmitter are used to violate the right of privacy guaranteed by the Constitution. "Snoopers" are busy gathering information on millions of Americans. The growing trend to invade America's private life is discussed in this dispatch, first of three.)

★ ★ ★

By HARRY FERGUSON
United Press International

WASHINGTON — Well, let's suppose your phone is tapped, a microphone has been placed under your bed and somebody is watching every room of your house through tiny, one-way mirrors.

You might reasonably suppose you still could have a private conversation with your wife by going out on the street.

That's what you think. One of your neighbors may have ordered for $18.95 a widely advertised device called "The Snooper."

The advertising leaves no doubt as to the purpose of this instrument: "Aim it at a group of friends a block away and hear every word."

★ ★ ★

Americans are like goldfish swimming through life in a transparent bowl. There probably are 2.5 million persons working full-time collecting information about people.

SALES ARE GOOD

Nobody can estimate the number of amateurs working part-time, but there is a steady and substantial sale of such devices as "The Snooper" and something called "The International Police Room Probe" ($8.95 including postage). Advertising slogan: "Sets Into Wall — Sees All."

The right of privacy, guaranteed to us by the Fourth Amendment to the Constitution, is being violated thousands of times every day.

Your telephone can be tapped and your living room bugged by private detectives seeking evidence in a lawsuit. Or by people who are just curious as to what goes on when you close your front door against the world.

★ ★ ★

Not all of it takes place in your home. If you have applied for a charge account, sought to buy an insurance policy or an automobile on time, somewhere there is a file tellings things about you in such detail that you would be surprised.

JOB SCREENING

If you apply for a job, you are likely to be put through a "personality test" designed to probe all the secrets of your existence.

If you already have a job, you may be asked to take the same test to see whether you are working up to your potential.

Your neighbors will be interviewed about you, sometimes with melancholy results as Myron Brenton explains in his book "The Privacy Invaders":

"In one instance a San Francisco woman casually told a credit investigator about her neighbor's short period of mental illness. The neighbor was a married man with several children, trying to swing a loan to establish himself in a small business. He failed to get the money."

The intense competitive pace of American business has made credit investigation a big business. Brenton estimated the names of 120 million Americans are in credit files.

★ ★ ★

Some of the information goes beyond the character and financial capacity of the person being investigated and dips into the matter of his wife's general conduct.

TELLS HABITS

Does she drink too much? Does she talk loud at parties and tell risque jokes? Does she get dressed up and go downtown too often?

The neighborhood ladies almost always are surprisingly cooperative when an investigator starts questioning them about the woman across the street or around the corner.

The threats to our privacy have become so great that Congress — by no means the world's most alert and sure-footed organization — has become concerned.

★ ★ ★

The other day chairman Edward V. Long, D-Mo., of the Senate subcommittee on administrative practices and procedure opened an investigation.

Odd bits and pieces of information came forth immediately. It developed that the Post Office Department spied on the letter carriers through one - way mirrors to be sure they didn't open letters before beginning their rounds.

There was an elaborate explanation of something called "the mail cover." This is a procedure by which the Post Office keeps a record of who is writing to you by simply recording the return addresses on the letters and wrappers.

This makes it unwise for you to correspond with somebody living beyond the Iron Curtain or maybe even to subscribe to the Moscow newspaper, Pravda.

★ ★ ★

The committee's show really got on the road when manufacturers began demonstrating and explaining their devices for snooping.

TINY MICROPHONE

There was a tiny microphone coated with cotton so it could be tinted the same color as the wall.

There was a demonstration of how to bug a rose. But the real star of the day was Harold K. Lipset of San Francisco who told about developing a martini that hears all and records same.

"The olive is the transmitting unit," he explained, "and the toothpick is the antenna."

★ ★ ★

The principle is that you give a cocktail party and serve martinis. But you bug your own martini with Lipset's device and then pass among the guests, tuning in on their conversation at will with your special olive and toothpick.

★ ★ ★

To some this may seem to be superfluous because of the tendency of martini drinkers to tell all their secrets in a loud voice after taking the third one, but Long was impressed: "In the hands of a competent operator these insiduous devices spell an end to the personal and business privacy of anyone brought into their range."

(Next: Take a test—or else.)

To Air Progress of School Plan

Robert Lawyer, coordinator of the community school program in Waterford Township, will outline progress of the program at tomorrow night's school board meeting.

The community school concept was activated in Waterford Township last fall with a stepped-up use of school facilities for all members of the community.

Waterford's community school program was launched with the aid of a grant from the Mott Foundation.

In other business, board members will review bids opened earlier this month for a bus maintenance garage. The bids were referred to the school system's architect for review and a report.

The board also will review cost quotations for construction of a press box and concession stand at Waterford Township High School.

Also slated for board attention are recommendations from Supt. of Schools Dr. Don O. Tatroe relative to staff appointments, resignations and leaves of absence.

Truck Flips; Man Dies

TOLEDO (AP)—A truck overturned on I-23 in suburban Sylvania Township Tuesday, killing a passenger, William H. Campbell Jr., 22, of Detroit. The driver, James Parks, 31, of Homeworth, Ohio, was listed in satisfactory condition at Toledo Hospital.

Legion Posts Plan Dinners

Celebrating the 46th anniversary of the founding of the American Legion, Pontiac's two legion posts will hold dinners next week.

American Legion Chief Pontiac Post No. 377 will hold a dinner March 28 at the post home, according to Billie L. Coyle, commander.

★ ★ ★

Cook-Nelson Post No. 20 has announced a dinner for March 27 also at the post home, according to William Mayne, commander.

The American Legion was founded in March 1919, as a organization of wartime veterans dedicated to continuing service to God and country.

There was 1 milk cow for every 11 persons in the United States in 1959. In 1850, there was 1 cow to every 4 persons.

Pictures on Egyptian tombs portray laborers eating onions more than 5,000 years ago. Onions were among the offerings to the gods of ancient Egypt, and mummies frequently have been found with onions affixed to their bodies.

Production of cotton fabrics in the U.S. was off last year, 5 per cent less than the preceding year.

Beef Turnovers Can Be Frozen for Quick Baking Later

By CECILY BROWNSTONE
Associated Press Food Editor

Cooks tell us they dote on recipes for main dishes that may be prepared ahead and heated just before serving. "Got a new one?" they ask us.

Yes, we have — this recipe for beef turnovers that may be freezer-stored in foil for a couple of weeks before heating (right in the foil) and eating.

One of our tasters decided that this excellent meat-and-pastry dish has the flavor associated with Mexican dishes.

There's cornmeal in the pastry and south-of-the-border seasonings in the filling.

So if you want to give a Mexican slant to the menu on which you feature these turnovers, you might start off with Guacamole — an avocado dip, served with small crisp crackers.

We suggest serving the turnovers with a mushroom sauce; a tossed salad will be another good accompaniment.

For dessert, a Mexican Flan — caramel coated custard.

These turnovers are fine fork food so they are excellent for a buffet company lunch or supper.

They're fine for the family, too, because on a busy day you can take them from the freezer.

Fiesta Turnovers

1 tablespoon shortening
1 pound ground beef
½ cup finely chopped onion
½ cup finely chopped green pepper
1 clove garlic, peeled and minced
1 can (6 ounces) tomato paste
1 teaspoon salt
1 teaspoon oregano
1 teaspoon chili powder
Turnover Pastry
Mushroom Sauce

In a 10-inch skillet, heat the shortening. Add the beef, onion, green pepper and garlic; mash with a fork until the beef loses its red color.

* * *

Stir in the tomato paste, salt, oregano and chili powder; simmer for 15 minutes; cool.

With a prepared pastry cloth and stockinet-covered rolling pin, roll out the Turnover Pastry into a 15-inch square. Cut into 6 rectangles, each 7½ by 5 inches.

Put an equal amount of filling (⅓ to ½ cup) over half of each rectangle, but not to the edges. Brush edges with water; fold over and seal with the tines of a fork held flat and pressed down.

Prick top of each turnover with a fork to allow steam to escape. Wrap each turnover, using a drugstore fold, in aluminum foil; freeze.

* * *

At serving time, bake the turnovers wrapped in the foil in a hot (400 degrees) oven for about 30 minutes; if you want the pastry brown, turn back the foil halfway through the baking period.

Serve hot with Mushroom Sauce.

Note: If you want to make and bake the turnovers without freezing, do not wrap them. Place them on a cookie sheet and bake in a hot (400 degrees) oven for 15 to 20 minutes.

If the pastry is not brown enough for your taste, put the turnovers under the broiler for a moment or two.

Turnover Pastry

2 cups sifted flour
⅔ cup enriched white corn meal
2 teaspoons baking powder
1½ teaspoon salt
⅔ cup shortening
¾ cup milk

Sift together the flour, baking powder, salt and corn meal. With a pastry blender, cut in the shortening until the particles are fine. Add the milk; mix lightly with a fork only until the dry ingredients are dampened.

Roll out and use as directed in above recipe for Fiesta Turnovers.

To have choice meat for chicken salad, simmer whole chicken breasts in seasoned water until tender.

Sardines Top Eggs in Baked Dish

Pour a tablespoon of melted butter into each of four little ramekins. Break two eggs into each. Drizzle a little additional butter over the eggs, liberally shake on salt and pepper.

★ ★ ★

Place three drained Maine sardines in each dish and pop into a moderate oven until the eggs are set and the sardines are heated through. Garnish with a sprig of parsley and serve hot, hot, hot with buttered toast points. Great!

Prize-Winning Chip Dip Recipes Come From Cooks All Over the Nation

The most delicious chip dip in the U.S. has been found.

After carefully screening over 94,000 recipes submitted from every state in the Union, the annual Chip Dip Search sponsored by the Potato Chip Institute International has awarded first prize to Mrs. Sylvia Fradkin of Montebello, Calif. for her "Chestnut Chip Dip".

'Chestnut Chip Dip'

1 lb. fresh chestnuts, peeled
2 cups chicken broth
1 small onion, grated

Cook chestnuts in chicken broth until soft. Mash well with 1½ cups chicken broth or put into blender and very slowly add more chicken broth until mixture reaches dipping consistency.

★ ★ ★

(Have one chicken broth cube on hand to be dissolved and used in case chestnuts take up too much liquid.)

Add one very small onion grated. If canned chestnuts are used, use only 1 cup of chicken broth.

Second award went to Mrs Lucile Boyce of Columbus, Ohio for her scrumptious 'Grapefruit Zip Chip Dip.'

'Grapefruit Zip Chip Dip'

6 oz. cream cheese
8 drops tabasco
½ teaspoon Worcestershire Sauce
1½ teaspoons lemon juice
½ grapefruit

Combine cream cheese, tabasco, Worcestershire sauce and lemon juice. Whip together well.

Remove segments from grapefruit and cut into tiny bits. Fold into mixture.

★ ★ ★

Place dip mixture into grapefruit shell, put in small dish. Chill until ready to serve.

Garnish with paprika and parsley. Serve with potato chips.

There was a tie for third prize.

'Hot Frijole Chip Dip'

2 11 oz. cans chili beef soup
2 tablespoons dry red wine
½ cup onion, minced
½ cup green pepper, diced
1 2 oz. bottle stuffed olives, sliced
1 teaspoon chili powder
½ teaspoon ground cumin
1¼ cups aged cheddar cheese, shredded

Heat soup and wine in heavy saucepan over low heat. Blend in onion, pepper, olives and seasonings. Stir until mixture bubbles.

Add 1 cup of cheese, a handful at a time, waiting until each addition melts completely. Pour into warm chafing dish.

Sprinkle remaining cheese over top, melting slightly. Keep hot while serving. Yield 2½ cups.

'Pink Chip Dip'

1 2¼-oz. envelope tomato soup mix
1 pint sour cream
1 4½-oz. cans deviled ham

Blend well, chill, serve with potato chips.

Chocolate Shells Hold Ice Cream

Chocolate cereal shells for ice cream make a tasty party dessert for youngsters.

Heat 5 cups of puffed rice 10 minutes in preheated 350-degree oven. Pour into greased bowl.

Top with sauce made by melting and blending following ingredients in top of double boiler: ⅓ cup of butter, ½ cup of peanut butter, 2 (1-ounce) squares of unsweetened chocolate and 32 large marshmallows. Stir sauce and cereal until all kernels are coated.

Pack on bottom and sides of 12 greased custard cups, leaving centers hollow to hold ice cream. Cool before filling.

Markets, Business and Finance

Generally Dull

Some Issues Enliven Market

NEW YORK (AP) — A few speculative favorites enlivened an otherwise dull stock market early this afternoon. Trading was fairly active.

The list as a whole was virtually unchanged on balance, with averages telling mildly contradictory stories.

* * *

The economic background still remained good, including the report of another record for industrial production in February, but the state of the market was uncertain. Prices seemed to have run up against the same resistance barrier they have on past occasions when the Dow Jones industrial average has risen above 900.

Many key stocks showed no change. Most gains or losses were fractional. A few went to a point or more.

AP AVERAGE

The Associated Press average of 60 stocks at noon was off .2 at 335.1 with industrials off .3, rails up .1 and utilities off .3.

The Dow Jones industrial average at noon was up .66 at 899.56.

* * *

Among the livelier items, Reliable Stores jumped nearly 2 points to a new high following news that directors have proposed a 2-for-1 stock split and plan to raise the dividend.

* * *

Prices were generally higher in moderate trading on the American Stock Exchange. George A. Fuller was up about 2 while gains of a point or so were made by Xtra Inc., Technical Measurement, Fishman, American Book, Carnation and Computer Sciences. Lamson advanced more than 2. NRM Corp. lost more than a point.

Corporate bonds were mixed. U.S. Government bonds were mostly unchanged.

Senate Raps Profs' Protest

Discipline Demanded Against U-M Group

LANSING (AP)—Michigan's Senate has asked for disciplinary action against a group of University of Michigan professors who, critical of American policies in Viet Nam, plan to cancel classes March 24.

At the same time, at least two senators expressed doubt yesterday whether it is the Senate's business to interfere in university affairs.

Individual members of the U. of M. Board of Regents registered disapproval prior to a meeting of the board Friday.

The head of the informal faculty group — grown from an initial 24 to 32 members — said the protesting professors respect the sentiments of their critics — especially Gov. Romney and the legislature.

* * *

But sociology Prof. William Gamson said last night "in the end we have to answer to our consciences and act to meet our responsibilities to students of the university and country."

POSSIBLE IMPACT

Noting the possible impact on university appropriations, Gamson said "we weigh such considerations against the possible loss of thousands of lives in Viet Nam or in a nuclear war."

Gamson said earlier the group plans to hold a one-day conference discussing the Vietnamese conflict instead of holding classes. He said the classes would be made up by professors on an individual basis.

He had emphasized the so-called "work moratorium" was not directed against the U. of M. but only against U.S. policies in the Southeast Asian country.

* * *

The group has called these policies "dangerous and immoral" and said it was "in the best interest of Viet Nam, the United States and the rest of the world to end the war."

He called the protest an internal university matter, for handling by the regents and the administration.

The resolution, introduced yesterday by Sen. Terry Troutt, D-Romulus, passed on a voice vote.

* * *

Sen. Basil Brown, D-Highland Park, said the declaration was too strong. But Sen. Garland Lane, D-Flint, said he had hoped for a stronger version that would have asked Hatcher to fire the professors.

Prices Hold Steady in Futures Market

CHICAGO (AP)—Transactions were light and mixed in the grain futures market today in the first several minutes of activity on the Board of Trade and prices barely stirred.

The grains held within minor fractions of previous closes while a few soybean contracts worked major fractions or a cent either way.

* * *

Shortly before the end of the first hour soybeans were 1/8 to 7/8 cent a bushel lower, March $2.95 1/8; wheat 1/8 higher to 1/4 lower, March $1.49 1/4; corn 1/4 higher to 3/8 lower. March $1.29 7/8; oats 1/4 to 1/2 higher, March 70 1/2 cents; rye 1/8 higher to 1/8 lower, March $1.21 7/8.

Pupil Must Think to Retain Knowledge

By LESLIE J. NASON, ED. D.

"Everything I say to Jack goes in one ear and out the other."

How often have you heard that or perhaps said it. While ideas don't pass through ears, very often to all intents and purposes the result is the same.

I have known students to sit in class with a vacant look in their eyes who could repeat back the last sentence the teacher had made whenever they were challenged as to listening.

Yet, they failed to retain the ideas even by the end of the class period. The words had entered their minds but did not stay there for long.

Many students read in the same fashion. They may read a page several times and still not know what was actually said. These are the ones who must cram for examinations. These are the students who may make high grades on the first test of any semester only to fail the final examinations.

* * *

There must be thought on the part of a student in order to make knowledge permanent rather than fleeting. This can take place in several ways.

Mary was a girl who liked to talk. Given a chance in class, she was always ready and anxious to express the ideas under consideration.

In her eighth-grade class, the signal that one wanted to speak was to raise a hand. Mary's hand was in the air most of the time. And her explanations were usually satisfactory.

John, on the other hand, was intrigued with what some might call "perversity." He managed to figure out a different way to solve each problem in arithmetic, and to find a way of solving each problem that differed from that given in the textbook or presented by the teacher. Actually this could better be called creative thinking.

His test papers in arithmetic were a joy to read. No one ever suspected HIM of copying. His paper was always different from all the others in the class.

HELPFUL LAD

Henry was a thoughtful, helpful lad. He seemed to suffer along with the teacher in devising explanations that would make ideas clear to the less able students.

Sensing that his teacher had exhausted his supply of illustrations, Henry would proffer his ideas with "Maybe this will make it clear."

Each of these students was an "A" student. In each case, the secret of success was the thinking which took place. Each student in his own way translated the ideas into his own words. The knowledge was then his.

* * *

An idea thoroughly understood can be expressed. Inability to express an idea usually indicates lack of understanding.

The student who has formed the habit of letting what he hears and reads go in one ear and out the other will probably not break the habit unless someone helps him devise new listening and reading techniques that will interrupt the fleeting thoughts.

(You can get Prof. Nason's helpful booklet by sending $1 to You Can Get Better Grades, Box 2160, General Post Office, New York, N.Y.)

Over 56 per cent of the world's people — 1.8 billion — live in Asia.

JACOBY

Here we are back again with another father and son discussion. Jim starts.

Jim: "You've always stressed the importance of stopping to think before you play the first card from dummy. If South had done this he would have played dummy's ace of clubs. Then he would have cashed the ace and king of diamonds and cleared the spades. This would leave the club king as an entry to his own hand in order to discard his two losing hearts."

Ozzie: "Did he make the hand in spite of his initial error?"

Jim: "No, he didn't. He groaned, muttered to himself and finally came up with what might have been the winning play. He cashed his ace and king of spades, ace of clubs and ace-king of diamonds with every intention of throwing one of his opponents in with the third spade."

Ozzie: "It should have worked because West held the third spade and the king of hearts. Do you mean to say that West was smart enough to drop the eight and queen of spades on the ace and king?"

Jim: "Yes, he was. Furthermore, when South played the four of hearts from dummy East was ready with the nine spot so that South could not play low and pass the lead to West."

Ozzie: "East and West, and particularly West, deserve a lot of credit for their excellent defense, but if only South had been willing to pause for just a second before playing that deuce of clubs from dummy he would have made the hand without any trouble at all and look at the time he would have saved."

♣♦ CARD Sense ♠♥

Q—The bidding has been:

East	South	West	North
1 ♣	Dble	Pass	1 N.T.
Pass	?		

You, South, hold:
♠ K 9 7 6 ♥ A 10 8 4 ♦ K J 6 5 ♣ 2

What do you do now?

A—Pass. Your hand is unsuitable for no-trump but it is also unsuitable for any further bid since you don't have a five card suit anywhere.

TODAY'S QUESTION

Instead of bidding one no-trump your partner jumps to two no-trump. What do you do now?

Answer Tomorrow

For Thursday

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 to Apr. 19): Check ideas with legal expert. Tendency to jump to conclusions is evident. Help mate, partner to overcome obstacle. Avoid self-deception. Face the facts!

TAURUS (Apr. 20 to May 20): Don't hold back. Now, you can go to the top. Be THOROUGH. Frank attitude would disarm higher-ups. Admit shortcomings and let virtues, abilities be known.

GEMINI (May 21 to June 20): Your influence expands. Good lunar aspect highlights love, speculation, stimulating conversations. Many "notice" you. Fine for putting DRAMATIC TOUCHES to efforts.

CANCER (June 21 to July 22): Be aware of property requirements. Protect assets. Take initiative. Be original. Insistent. Fight for rights. Then you gain respect, make progress. Welcome new contact.

LEO (July 23 to Aug. 22): Check directions, instructions. If not sure, have someone else do the driving. Take special care in traffic. Possibility that correspondence is misplaced. Be fussy about details!

VIRGO (Aug. 23 to Sept. 22): Stick to your own convictions. Far-fetched ideas by others about YOUR money . . . must be discarded. Could be of "long-range" nature. Be amiable, charming. Remember humor is great asset.

LIBRA (Sept. 23 to Oct. 22): Cycle high. But there could be argument with one close to you. Your greatest asset will be the facts. Have them at hand. Be calm, matter-of-fact.

SCORPIO (Oct. 23 to Nov. 21): Person who serves you has valid suggestion. Please listen — and evaluate. Some changes are required. Member of opposite sex plays significant role.

SAGITTARIUS (Nov. 22 to Dec. 21): If you procrastinate . . . there would be unnecessary delay. You're able to make advances. But friend attempts to point out "pitfalls." Best to heed your own counsel. Step forward!

CAPRICORN (Dec. 22 to Jan. 19): Analyze business opportunity. There may be "leak." Individual connected with plan proves talkative. Listen — be perceptive. Don't throw good money after bad.

AQUARIUS (Jan. 20 to Feb. 18): Be sure. Take time to be right. Impatience causes great loss today. Attach in your favor. But mature judgment required. Applies to records, promises, assignments.

PISCES (Feb. 19 to Mar. 20): Double check costs. Be sure you get what you pay for — not a substitute. Best for completing rather than starting project. Help one who aided you in past. Display loyalty.

* * *

IF THURSDAY IS YOUR BIRTHDAY you would make wonderful administrator, doctor, nurse — one who works on humanitarian projects.

* * *

GENERAL TENDENCIES: Cycle high for LIBRA, SCORPIO. Special word to ARIES: Don't force issues. Wait and observe!

U.N. Council to Air Cyprus Force Extension

UNITED NATIONS, N.Y. (AP) —Amid increasing Greek Turkish tension, the U.N Security Council was called into session today to consider extending the life of the U.N. peacekeeping force on Cyprus for another three months.

* * *

No opposition was expected to the recommendation from Secretary General U Thant that the council authorize the 6,100-man force to remain on the eastern Mediterranean island republic until June 26.

* * *

Fresh violence and threats from Athens, Ankara and the Greek Cypriots in Nicosia underscored Thant's warning that only a tenuous peace was being maintained on Cyprus.

* * *

Fighting has occurred daily since Friday between Greek and Turkish Cypriots in the Lefka area, on the northwest coast of Cyprus. A Greek Cypriot soldier has been killed and two Greek Cypriots and a Turkish Cypriot wounded.

ON ALERT

Turkey put its armed forces on the alert and threatened to send its air force against Cyprus unless the Greek Cypriots withdrew from the Lefka area.

Gen. George Grivas, the Greek Cypriot commander-in-chief, replied: "If Turkey bombs Cyprus, it will receive an immediate and smashing answer."

Thant told the council both Greek and Turkish Cypriots have been building up their military strength during the recent period of relative quiet. He said any renewed fighting would be more severe than in the past.

The U.N. force was established after the outbreak of fighting between Greek and Turkish Cypriots in December 1963, stemming from disagreement over constitutional proposals by President Makarios, the Greek Cypriot leader.

At one time the situation threatened to bring war between Greece and Turkey, both members of the North Atlantic alliance.

AP Photofax

FINE FEATHERED FREELOADER — Mr. Hoo Hoo, the freeloading owl of Bluebird Canyon, Laguna Beach, Calif., takes a bit of beef heart, his favorite snack, from a resident. The bird is the center of controversy in the town with some people wanting him caged and others desiring that he keep his freedom.

Big Bumming Bird in Peck of Trouble

LAGUNA BEACH, Calif. (AP) — Here's what happened when the owl came to the barbecue:

"Get the cat!" cried the hostess. "Get the cat!"

* * *

"But dear," said the host, one hand protectively over his martini olive, "the cat can't catch a bird that size!"

"No, no," said the hostess, shaking a spatula at the sky, "I mean the owl might catch the cat!"

ON THE BUM

The Bluebird Canyon Owl was out freeloading again.

The bird is a great horned owl someone apparently caught young, raised as a pet, and then freed. But this is one owl which doesn't give a hoot for the call of the wild.

* * *

It likes handouts — and young girls.

Six girls have been scratched by the owl's talons, and mothers around Bluebird Canyon playground are now passing a petition demanding that the Humane Society remove the owl.

CRY GOES OUT

"Remove him!" said the Humane Society's Fred Garcelon, "we've been trying to catch him for two years, and we haven't been able to get closer than six feet. I guess it's a case for the game warden."

"If we can't catch him," said District Game Warden Richard B. Kramer, "I'm afraid we'd be forced to destroy him."

* * *

"They can't kill Mr. Hoo Hoo," said June Budd, one of the many home owners who feed the owl and claim a proprietary interest in it. "He loves children. He just wants to sit on their shoulders and be fed.

"When he gets hungry he flies into the kitchen — you should see him look into the refrigerator when I open the door! Mostly he prefers beef hearts.

STEALS SOMETIMES

"But the other day he did steal some spareribs from a neighbor's barbecue. And then there was that turtle he took from another neighbor's fish pond."

A Lagunan who fought the owl away from the cheese dip at a patio party swore the owl's wings spanned five feet. But Mrs. Budd's husband, Otho, once caught the bird and measured it: the span is just under four feet.

* * *

Budd took the owl 20 miles into the mountains and released it. The next morning it was back at the kitchen window, hooting for beef heart.

Next time Budd catches the owl he plans to cage it for its protection.

FREEDOM LOVER

"I hate to see him lose his freedom," said Mrs. Budd.

Other residents of the canyon — a wooded vale a mile from this resort city's bustling beach district — care less for Mr. Hoo Hoo.

* * *

One housewife, en route home from market, nearly wrecked her convertible when the bird flew into the car and peered owlishly into the grocery sacks. "The worst of it all," she said, "was that my husband wouldn't believe me."

Darkhaired Laurie Hano, 11, is nursing a grudge — and a scratched scalp.

* * *

"He tried to sit on my head," said Laurie, "and I ran. Guy! You ever try to outrun an owl? He caught me. Mostly he chases blondes. He's just keen on blondes."

'James Bond,' Wife Separate

LONDON (UPI)—Actor Sean Connery and his wife, Diane Cilento, have separated, it was reported yesterday. He plays James Bond in the spy movies based on Ian Fleming's novels.

"It is a great shame," a close friend of the couple said. "They've tried so hard to work out their problems. The separation was a last resort."

* * *

Connery was said to have left the couple's home in suburban Acton last Friday. They have a two-year-old son, Jason. Miss Cilento has a seven-year-old daughter by a previous marriage.

Connery 34, and Miss Cilento, 30, were married in November 1962, a month after she was divorced from Andre Volpe.

Anatomy of an Enemy—3

Well-Trained Viet Cong Proving Susceptible

(Editor's Note—The following is the third and last in a series of articles by Col. Ray Cromley on the weakness in the Asian Red military machine.)

★ ★ ★

By COL. RAY CROMLEY

WASHINGTON (NEA) — Ho Chi Minh's southern expeditionary army — the 35,000-man Viet Cong main line force —has not one, but three Achilles' heels.

Yet even with their problems, the northern troops are well-officered, well-trained and heavily indoctrinated — and not likely to be bombed out by U.S. air power. Significant weaknesses, however, are nevertheless present:

1. This Red army relies on North Vietnamese troops. These men have had guerrilla training, but are not true guerrillas.

They are a far cry from the guerrilla-bred veterans Hanoi was once sending south. Unlike their predecessors of 1961, '62 and '63, they are strangers in South Viet Nam. They don't know the terrain or the people. they cannot, like guerrillas, fade so easily into the countryside.

★ ★ ★

These troops are suckers for ambushes. Their escape routes can be cut off more easily than can the retreat of guerrilla forces. Villagers can more readily be induced to spy on these strangers.

RELATIVES

(In many places in South Viet Nam, the difficulty has been that many villagers have sons, husbands, uncles, cousins and neighbors in the VC. They don't want to spy on kin or friends.)

2. This army's weapons are being standardized. Its troops, therefore, depend on heavy shipments of ammunition, repair parts and supplies from the North. These must come in by sea or over a long, tortuous land route. Such supply lines are vulnerable.

A World War II system of local coast watchers could be effective in pinpointing where seaborne shipments are landed. These watchers spot the small ships and junks and make notes of what they see. Their simple reports would make it possible to see Communist shipping patterns.

★ ★ ★

As patterns were developed, selective reconnaissance by small patrols could catch these boats in their unloading.

WAREHOUSES

Once these supplies are shipped in, they'll take considerable warehousing. (This is not ordinary guerrilla arms, ammunition and supplies, but logistical support for the equivalent of more than two regular army field divisions — though these troops are broken up into regiments, battalions and smaller independent units.)

Such quantitites of supplies, however well divided, are not easily hidden from good intelligence men.

3. This main line army's men are heavily susceptible to propaganda and psychological warfare.

These troops are fighting away from their families and tend to get strongly homesick. (One of the successful Viet Cong recruiting arguments in the past has been that government forces take the boy away from home to fight, while the VC let him fight in his own neighborhood. VC desertions mount in units that are moved away from their own communities.)

★ ★ ★

The northerners have been indoctrinated to believe they are going to fight white foreigners. Numbers of them have been sickened when they found themselves fighting fellow Vietnamese.

FIRED UP

These men have been fired up with stories about "downtrodden" South Vietnamese. Deserters from Ho's expeditionary army say they were shocked to find the South Vietnamese they'd been sent to "rescue" living better than their own families in the North.

Carefully developed propaganda campaigns could step up the rate of desertions and make the expeditionary troops more passive in their fighting. This psychological push would center around:

- Home, family and loneliness.
- The evils of coming down to fight their brothers in the South.
- How well the southern farmers are living compared with villagers in the North and how the troops from the North should join with the South in ousting the Red regime at Hanoi so their friends and families could have a higher standard of living and more freedom.

WAR'S REWARD — This sad little boy is one of the tragic products of the Viet Nam war. Numbers of Vietnamese have reportedly been "sickened" when they found themselves fighting fellow Vietnamese instead of white foreigners."

To Debate School Aid

GRAND RAPIDS (AP) —Federal and state aid to parochical schools will be among subjects for debate at the Spring Leadership Training Institute of United Auto Workers, Region 1-D at Houghton Lake.

Car Didn't Purr; It Just Meowed

WICHITA, Kan. (AP) — Mrs. H. W. Shelton thought she heard a cat's meow coming from her car but after stopping to look for a kitty several times she couldn't find the source of the noise.

★ ★ ★

She drove some 25 miles to a friend's house and as she got out of the car there stood her family cat, Rhubarb, wet and dirty.

★ ★ ★

Rhubarb rode home inside the car and never revealed his hiding place on the car.

Yankees Are Still the Same

Bad News Flowing From New York's Training Camp

By The Associated Press

Nine American League clubs have been keeping an anxious watch on baseball developments in the Fort Lauderdale, Fla., area this spring. The news, so far, is all bad.

Item: CBS tops the Grapefruit Circuit with a perfect rating.

Item: Whitey Ford's new left arm may be an improvement on the original.

★ ★ ★

Item: Mickey Mantle has the tape-measure gang on the run.

Item: Young Yankees carry big bats, too.

The New York Yankees, getting set to open their bid for an unprecedented sixth straight pennant, scored five runs in the bottom of the ninth inning and edged Pittsburgh 6-5 Tuesday at Fort Lauderdale for their fifth exhibition victory without a loss.

STILL UNBEATEN

The triumph over the previously unbeaten Pirates left the CBS-owned Yankees — and manager Johnny Keane — with the only perfect spring mark in the majors.

Ford and Mantle, physical question marks two weeks ago, continued to make healthy contributions while four rookies came up with key hits in the ninth inning uprising.

★ ★ ★

Ford, making his second exhibition appearance after undergoing surgery on his pitching shoulder, blanked the Pirates on two hits over the first four innings. The 36-year-old southpaw has not been scored on and has allowed only four hits in seven innings.

★ ★ ★

Mantle hit his second spring homer, a 440-foot drive over the left field fence, and patrolled his old center field post with no apparent strain on his injury-prone knees.

WINNING HIT

Training 5-1 in the ninth, the Yankees knotted the score on run-scoring singles by Arturo Lopez and Roger Repoz and Billy Madden's two-run triple. Mike Hegan then delivered the winning run with his third hit of the game.

★ ★ ★

Ralph Terry, an ex-Yankee, turned in a masterful pitching performance for the Cleveland Indians. The veteran right-hander worked six scoreless innings, allowing two hits, as the Indians stymied the Los Angeles Angles 7-0. Rocky Colavito, obtained from Kansas City during the winter, led the Cleveland attack with two homers.

Frank Howard and John Kennedy, principals in a trade between Washington and the Los Angeles Dodgers, also sparkled for their new clubs. Howard's two-run homer helped the Senators down the Chicago White Sox 7-5 and Kennedy had three hits in the Dodgers' 5-1 victory over St. Louis.

Ninth-inning bursts won for Detroit, San Francisco, Baltimore and the New York Mets.

★ ★ ★

The Tigers overcame Houston 5-4 on Gates Brown's two-run double; the Giants nipped the Chicago Cubs 6-5 on Jose Pagan's RBI single and the Orioles snapped a three-game losing string when rookie Paul Blair, who had hit a two-run homer earlier, stroked a run-scoring single for a 4-3 victory over Milwaukee.

The Mets, beaten three times by one run, turned the tables on Cincinnati's B squad when Ron Hunt stole home for a 5-4 decision.

★ ★ ★

The Reds' first-stringers whipped Kansas City 6-3, with catcher John Edwards collecting a homer, double and two singles. Outfielder Alex Johnson clubbed two homers and two singles in Philadelphia's 8-4 victory over Minnesota.

Cazzie-Bradley Duel Unlikely in NCAA Tilt

Michigan Five Meets Princeton in Semifinal Game Friday

PORTLAND, Ore. (AP) — No, there's little or no chance of a head-to-head clash between Princeton's Bill Bradley and Michigan's Cazzie Russell when the two teams meet Friday in the semifinals of the NCAA basketball championships.

"I'd say it's very doubtful that Russell will be guarding Bradley," said Michigan Coach Dave Strack by a four-way telephone hook-up with the four coaches whose teams are in the tourney.

★ ★ ★

"I'm not sure who will be guarding him.

"Probably everybody."

Strack was apparently reluctant to talk about Bradley, Princeton's two-time All-American and Player of the Year.

He's still haunted by the memory of Bradley's performance in the only previous meeting this season, in the semifinals of the Holiday Festival in New York.

FOULED OUT

Bradley scored 41 points in that game and propelled Princeton to a 12-point lead over the nation's No. 1 college basketball team before he fouled out with 3¼ minutes left. Michigan won it on a 20-foot jump shot by Russell, also an All-America, in the last few seconds.

"The most ridiculous question I've ever been asked came after that game," Strack recalled. "Someone asked me if we would have won it if Bradley hadn't fouled out.

★ ★ ★

"We were very impressed with Bradley."

Michigan, still ranked No. 1 with a 23-3 record, plays Princeton, 22-5, in the first game of the Friday night semifinal doubleheader. Second-ranked UCLA, the defending champion with a 26-2 record, plays Wichita, 21-7 and unranked in the nightcap.

The winners meet Saturday in the nationally televised final for the national championship. Game time is 10 p.m., EST.

NO RESENTMENT

Princeton Coach Butch van Breda Kolff said, there is no resentment among the other Princeton players about Bradley's publicity.

"They're delighted," van Breda Kolff said. "They just wish he had done more."

★ ★ ★

Princeton was scheduled to arrive in Portland tonight, the Thursday afternoon. All were reported in peak physical condition with no important injuries or ailments.

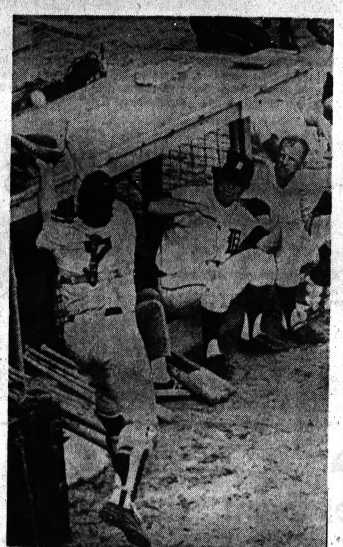
Keg Tourney Opens Today

DETROIT (AP) — A field of 160 bowlers starts competition today at Detroit's Continental Lanes for the $35,000 Professional Bowlers Association Open Tournament.

The four-day event is the tenth of a 13-city tour on the PBA circuit. Finals Saturday will be nationally televised on ABC-TV (locally on WXYZ-TV).

★ ★ ★

Among the competitors is this year's top money maker on the circuit, Dick Weber of Florissant, Mo., who has earned $25,620 up to now. Also present will be Detroit pros Bill Golembiewski, Dave Soutar, Bob Strampe and Buzz Fazio.



AP Photofax

HE CAUGHT IT — Houston Astros' catcher John Bateman snares this pop up off the bat of Detroit Tiger outfielder Willie Horton in second inning of game at Lakeland, Fla., yesterday. Detroit players watching the play are Norm Cash (left) and Jerry Lumpe. Tigers won, 5-4.

Brown's Ninth-Inning Hit Brings Tigers First Win

LAKELAND, Fla. (AP) — It wasn't according to the book but it was the Detroit Tigers' first grapefruit league victory.

Left-handed batter Gates Brown pounded a two-run double in the ninth-inning off southpaw Joe Hoerner to score two runs. It gave the Tigers a 5-4 victory over the Houston Astros Tuesday.

★ ★ ★

Houston manager Lum Harris had called in Hoerner to pitch after interim Tiger manager Bob Swift sent Brown to bat for Terry Fox. Swift looked around for a right-handed batter to take Brown's place but there wasn't one. So he motioned Brown to go ahead and hit.

It was Brown's only swing of the day. A pulled muscle had kept him out of batting practice. The Tigers had loaded the bases on Willie Horton's single, a hit batsman and Jake Wood's safe bunt.

BIG INNING

After seven scoreless innings, Houston took a 4-0 lead on Walt Bond's run-scoring single and RBI's off the bats of Mike White and Russ Staub. The fourth run came in on Wood's throwing error.

Detroit got three runs back in the last of the eighth on George Smith's homer. Claude Raymond was the mound victim.

★ ★ ★

Former Tiger bonus baby Bob Bruce and Dick Farrell held Detroit scoreless over the first six innings. Hank Aguirre and Phil Regan held the Astros in check over the same span.

The victory, Detroit's first in three exhibition games, was credited to Fox who pitched the final inning.

NYU's Scoring Burst Downs Titans, 87-76

NEW YORK (UPI) — New York University, paced by Stan McKenzie and Mal Graham, hit seven straight field goals late in the first half to break open a tight game Tuesday night and lead the Violets to an 87-86 victory over Detroit and a berth in the semifinals of the National Invitation Basketball Tournament.

Army, which nipped Western Kentucky 58-54 in the first game of the doubleheader to set a school record of 20 victories in one season, faces St. John's in the first game of the semifinals Thursday night while NYU takes on top-seeded Villanova in the nightcap.

★ ★ ★

McKenzie scored 26 points, 13 in the first half, and Graham hit 21 as the hot-shooting Violets hit nearly 60 per cent of their shots in the first 20 minutes.

Ray Bennett put the Violets ahead to stay at 25-23 with 7:24 remaining in the first half but NYU could never build up a lead of more than four points until its spurt in the final three minutes of the half.

Graham hit three in a row and McKenzie, Bruce Kaplan and Richie Dyer also connected to give the Violets a 46-33 lead at halftime.

Dorrie Murrey, top rebounder and second leading scorer for Detroit, fouled out with 17:35 remaining in the game with 11 points and 10 rebounds.

The Titans were led in scoring by Terry Page with 17, Jim Boyce with 14 and substitute John Schramm with 13.

Army, led by 6-foot-6, 230-pound Mike Silliman of Louisville, Ky., and John Ritch, a 6-foot-7 Rhodes scholar from Arlington, Va., was never behind after the first seven minutes of the game.

ALWAYS CLOSE

However, Western Kentucky was always close and once cut the Cadets, margin to 44-43 with 10:55 remaining before Fitch and Silliman, who scored 17 points apiece, went to work again.

Clem Haskins led Western Kentucky with 14 points followed by Steve Cunningham with 12.

WILL IT EVER FALL?—Dorrie Murrey (40) of the University of Detroit stretches his arms in anticipation of grabbing the downward-bound basketball in last night's National Invitational Tournament game at New York. Waiting with him are (from the left) Detroit's Lou Hyatt, and NYU's Ray Bennett and Clem Galliard. NYU won, 87-76.

Giants, Japan Settle Dispute Over Hurler

TOKYO (AP) — Masanori Murakami, the perplexed pitcher from Tokyo, probably will do his pitching this year for the San Francisco Giants instead of the Nankai Hawks.

The Japanese baseball commissioner, the Hawks and the Giants were in agreement today that the 20-year-old left-hander should work for the Giants in 1965. After that there's still a dispute. The Hawks want him back in 1966. The Giants want to keep him.

★ ★ ★

As for Murakami, the man in the middle who would rather play in Japan, he said today:

"I want to play ball. But if I say I don't want to go to the United States and then be unable to play in Japan, then I guess I must go.

"But I want to talk it over with my manager and my parents. It is regrettable but I'll have to go along with the decision of the commissioner and the team."

There's a 'Rift' in Angels' Camp

MEXICO CITY (AP) — When you say Los Angeles Angels to Manager Bill Rigney, you have to tell him which club you are talking about.

Tonight one band of Angels plays a Mexican team here while another meets the Chicago Cubs in Mesa, Ariz.

★ ★ ★

And both squads, as far as Rigney and General Manager Fred Haney can judge this early in the season, are of equal strength.

Angel management likes the split system, and except for a little wear on his 47-year-old frame, Rigney says he likes it too, as the fastest conditioner available for his team.

"We have 50 players in camp and it's pretty tough to use them all when you are only playing one team," Rigney explains.

"All the running and calisthenics in the world won't get a baseball player in shape. They don't arrive from a lazy winter in shape. So you've got to send them out to pitch innings and hit and field baseballs under pressure.

"That's why we run two teams, and we try to make them equal because we feel an obligation to the fans."

The Angels' traveling "Blue" squad, under coach Salty Parker, has been playing to crowds of 15,000 and better in Mexico since it opened against a farm team in Reynosa, Mex., last Friday.

Featured on the Blues are second baseman Bobby Knoop, outfielders Willie Smith, Lou Clinton and Ed Kirkpatrick and catcher Bob Rodgers.

Left with the "Red" squad were pitcher Dean Chance, infielders Jim Fregosi and Joe Adcock and outfielder Jim Piersall.

Rigney watched the Reds lose to Cleveland Sunday, 5-3, in Palm Springs, Calif., then hopped a plane for Mexico City.

He will stay with the Blues through Thursday. But by the time they are facing a Mexican All-Star team in Guadalajara Friday night, the agile manager will be back in Palm Springs preparing for his Red team's game against Chicago Saturday.

Umpire Class on Schedule

The Detroit Federation of Umpires, Inc., will conduct a four-session baseball school Thursday nights beginning this week in room 122 at Bloomfield Hills High School.

★ ★ ★

The school is free. Class will begin at 7:30 p.m. and is open to all men 18-or-older. Graduates of the school are used in the Bloomfield Hills summer baseball program.

Additional information is available from Russ Logsdon, treasurer of the federation at VE 8-6482 in Detroit.

SPORTS

Blue Jays Play Walled Lake 5 at Ypsi Gym

Quarter-Final Games Tonight; Troy Favored in Clarkston Contest

Reaching the quarter-finals of the state basketball tournament is nothing new for Troy and Walled Lake, but it's a milestone for Southfield.

The Blue Jays are one of six teams that are playing tonight in the quarter-finals for the first time. Walled Lake and Troy have been among the elite in past years.

★ ★ ★

Southfield is favored to slip past Walled Lake in Class A at Eastern Michigan's Bowen Fieldhouse in Ypsilanti and make the trip to East Lansing for Friday's semifinals.

Troy, likewise, is given the edge over Clio at Clarkston in Class B. Dryden, the area's fourth representative, is an underdog to Covert in a Lansing encounter.

Others still beaming over their first regional championships are Clio and Kingsford in Class B, Concord and Flint St. Agnes in Class C and Chesaning Our Lady in Class D.

Dearborn Fordson, scheduled to play defending Class A champion and top-rated Benton Harbor at Jackson, emerged as the all-time winner of regional titles with 17.

TOP GAME

Ann Arbor High will be the scene of what is expected to be the best game of the night when defending Class B River Rouge tangles with unbeaten Fenton.

River Rouge, seeking its fifth straight state title, is in sixth place among all-time regional winners with 13 crowns.

No team has ever approached the Panthers' record of the last dozen years.

During that span River Rouge failed to win its regional title only two times — in 1957 and 1960.

Among the many surprise teams still in action is defending Class C champion Grosse Pointe St. Paul. Despite a good regular season record, the Lakers faced an unusually tough field in district play.

St. Paul will take its 17-4 record against Flint St. Agnes 18-3 at Rochester.

Hutch's Son Shows Fire in Traveling Baseball Trail

TAMPA, Fla. (UPI) — The last thing in the world 19-year-old Jack Hutchinson would want is any pity or special favors because he's the son of the late Fred Hutchinson.

Young Hutch, who has the same quiet, dignified, look-you-straight-in-the eye mannerisms of his father, is a first baseman - outfielder with San Diego of the Pacific Coast League.

* * *

Since San Diego is a farm of the Cincinnati club his father last managed and since practically everyone in baseball sympathy and concern for his son.

Jack, a rugged individualist, didn't want any preferential treatment while his father was alive and doesn't want any now, either.

"If I make it, I want to make it strictly on my own," he said quietly but forcefully.

"My father never insisted that I become a ballplayer. It was entirely my own idea. He didn't care what I did as long as I was happy.

EXTRA NICE

"I realize people are extra nice to me because I'm Fred Hutchinson's son. I appreciate that but honestly, I don't want it. I have to make a living on my own. I hope I can do it in baseball, but if I can't it won't be the end of the world for me."

The reddish-haired, six-foot, 180 - pound youngster sat in the stands as he talked, watching Cincinnati's B team playing the New York Mets Tuesday at Al Lopez Field here.

It is the same field where his father spent the last five springs leading the Reds, and Jack does his training chores with San Diego on an adjacent field only a fungo drive away every day.

"Naturally, it brings back memories," he said, lowering his eyes.

* * *

"It's hard to explain my feelings." He said finally.

Jack spent his first year in pro ball last season with Cedar Rapids of the Midwest League. He batted .256 in 108 games, driving in 48 runs and hitting four homers.

GM CHAMPIONS — Modern Engineering of the General Motors Hockey League, comprised primarily of Pontiac area skaters, posted a 14-1-1 record for season to win the league championship. Back row left to right are Don McColl, Frank Asadoorian, Al Ryden, Gary Petty, Dave Rosteck, Doug Price, Glen Nichols, Walt Kramer and Gene Luppino. Front row left to right are Jim Cote, Larry Brown, Wendell Olk, Jerry Taube, Ken Chaffin and Bob Farger.

Will Jerry West and Elgin Baylor be physically sound for the National Basketball Association playoffs?

That was a major question facing the Los Angeles Lakers today as the regular season neared its close. The Western Division champions played without their stars Tuesday night and edged Detroit 100-99.

West is recovering from back and knee injuries suffered last weekend while Baylor is being treated for calcium deposits in his knees.

Hockey League of GM Ready for Playoffs

Playoffs of four teams in the General Motors hockey league will begin Saturday with season champions Modern Engineering sitting them out to await the league's all-star team which it will meet April 3.

* * *

Modern Engineering with a 14-1-1 season record is comprised primarily of Pontiac area skaters led by scoring champion Fran Asadoorian and GM Vezina trophy winner as top goalie Wendell Olk.

While the four GM dealership teams engage in playoffs, the champs will play the champions from GM Tech Center, March 27th. All games are held at Gordie Howe's Hockeyland in St. Clair.

Local Cagers on Point List

Midwestern Baptist Seminary and Michigan Christian Junior College both have a representative among the top three individual scoring leaders of the Michigan Christian College Athletic Association.

Terry Ericson of Grace Bible College in Grand Rapids led the point producers with 417 points and a 37.9 average. His top mark was 70 points in one game.

* * *

Midwestern's freshman hotshot, Ralph Wingate equalled Ericson's field goal total with 149 but tallied 62 less free throws (hitting only 53 per cent of his charity tosses) to finish with 355 points and a 32.2 mark.

Bud Pressley of Michigan Christian was third in the scoring, averaging 24 ppg. Larry Thompson, a junior teammate of Wingate's, posted a 21.5 average for seventh place.

All five of the Michigan Christian regulars finished among the top 15. Dan Davis (15.7), Lynn Oglesby (14.9), Bob Kellogg (14.2) and Art Williams (13.5) commanded 11th, 12th, 14th and 15th places.

Runner's Goal Is Near

Aided by a $100 donation by the Pontiac Jaycees, the fund that will send Pontiac trackster Abram Powell to the 10th annual International Games for the Deaf at Washington, D.C. June 27-July 3, has now reached $381.

Powell, who attended the Michigan School for the Deaf, was named to compete in the "Deaf Olympics" after qualifying in the 400 meter run at Indianapolis last summer.

The United States is expected to have 150-175 competitors in the Deaf Olympics which are being held in the U.S. for the first time. In 1961 they were held in Finland.

More than 1,000 athletes from 36 nations will compete in the games this year, and the U.S. committee has set a goal of $500 to pay the way for each American athlete competing.

The New Bethel Baptist Church, 175 Branch Street, has been conducting the fund to raise the necessary $500 to send Powell to Washington.

Deadline is Monday March 27th to raise the amount. All funds must be in to the International Games headquarters by April 1st.

Happy Chandler Back?

CLEVELAND (AP) — Former baseball commissioner A. B. (Happy) Chandler is expected to be named commissioner of the new Continental Football League, the Cleveland Plain Dealer said in its Wednesday edition.

For Female Cagers

My, How Times Change!

OMAHA (AP) — "When I played basketball," Pat Landis recalls, "we used to stuff our uniforms in a bag and take a street car. About all we asked were suits that looked alike.

"Now the girls expect the coach to drive around and pick them up. Ane when they take a trip they have skirt-and-jacket traveling uniforms."

★ ★ ★

There's even a Texas team whose first stop, after flying into town for a tournament, is the beauty shop. Their sponsor picks up the tab.

But despite the change, says Pat, ther's no rush for the courts. There isn't even agreement on how to play when the gals get there.

Pat's is one of the voices calling for a change. She's concerned partly as an enthusiast of team sports for girls and partly because she has watched helplessly from the sidelines while American girls slipped from their lead in international competition.

"You Americans are always holding back," she was told by Peruvians, who couldn't believe the U.S. girls wern't able to do better.

ON COMMITTEE

Pat, a 39-year-old secretary, is chairman of the Midwest AAU Women's Basketball Committee and has served as secretary of the Olympic Committee on Women's Basketball.

She was chaperone and manager of the U.S. teams which played in Russia and Sweden in 1961 and the American team which took part in the Women's World Basketball Championships in Lima, Peru, last spring.

"I think Americans are lazy about training," says Pat, who watched foreign teams carefully warm up with calithentics, something she says Americans just don't do.

Russian girls play 11 months a year, but their American counterparts, says Pat, have limited time to play, often have only volunteer coaches and sometimes can't even find gyms to practice in.

But the big thing is the rules.

Girls' teams have six players, only two of whom are permitted to roam the full court. Dribbling customarily is limited to three bounces. But even these rules are not uniform throughout the country, limiting competition between teams from different areas.

For instance, the rules of the flourishing Iowa high school girls basketball tournaments differ from AAU rules governing play in neighboring Nebraska.

International tournaments are played by men's rules. The question has been raised as to whether a switch to the men's game wouldn't improve the caliber of U.S. play in international competition, and solve the dilemna at home.

No, says Pat Landis.

"Few women I've seen can handle the unlimited dribble effectively," she asserts. "And a lot of our girls can't run the full floor for the whole game."

Besides, even the successful Russian teams who can dribble all they want prefer to pass instead, Pat adds, because it is a faster way to move the ball.

Stamina is the key and "think how many girls would pass up basketball entirely if we went to men's rules."

Her recipe for better girls basketball is uniform rules — but not men's — better training and a little more support from the sidelines.

Walled Lake Girls Post Perfect Mark

St. William's School of Walled Lake completed an unbeaten season Sunday in the Suburban Catholic Youth Organization girls' basketball league by beating Bloomfield Hills St. Hugo, 20-13.

During the two-month season, the 18 girls coached by Mrs. Walter Lorang beat St. Frederick and St. Benedict of Pontiac, Birmingham St. Regis, Hazel Park St. Mary Magdelene and St. Hugo twice each.

The girls will be presented trophies at an athletic banquet in the spring. Mrs. Lorang cited guard-forward Denise Birchard and forward Brenda George as the team's outstanding performers.

Trappers' Luck Tied to Weather

LANSING (AP) —The whims of the weather during the next week will have a telling effect on the success of the beaver and other trappinng seasons in Michigan this year.

The season opens March 20 in the Lower Peninsula and April 3 above the straits.

★ ★ ★

A fast breakup of the fairly severe winter would enable trappers to go out after pelts.

Fur prices are expected to be slightly higher than last year. A good beaver pelt now is going for about $18 to $20. This is far from the price of up to $60 for a prime pelt 12 to 15 years ago.

Prime otter pelts now are worth more than beavers, fetching as much as $25 or $26.

Trappers are expected to take a slightly better harvest this spring in the Upper Peninsula and a more modest take than last year in the Lower Peninsula.

Above the straits, regulations are slightly more liberal than last year because of increased beaver numbers. Several large areas in Menominee, Marquette and Mackinac Counties have been reopened to trapping.

SIDE BENEFITS

Trapping regulations in the Lower Peninsula are slightly more restrictive this year, not only to conserve the beavers but in recognition of their value as creaters of habitat for waterfowl and the side benefit of water conservation from beaver dams.

Beaver trapping has been closed in Presque Isle County and in parts of Montmorency, Alpena, Wexford, Missaukee and Roscommon Counties for these reasons.

★ ★ ★

A liberal bag limit of eight beavers will be allowed, however, in the southern counties of Barry, Kalamazoo, St. Joseph, Huron, Tuscola, Sanilac and Lapeer to keep the animals from overrunning farm lands, where they would be a nuisance.

On the southwest side of the northern Lower Peninsula a recent restriction against taking otter will be lifted but a bag limit of one will be in effect.

Otter again will be off limits in Southern Michigan.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

Day	A.M. Minor	A.M. Major	P.M. Minor	P.M. Major
Today	6:40	11:20	6:25	11:45
Thursday	7:10	—	7:40	12:05
Friday	7:40	12:40	8:50	12:55
Saturday	8:10	1:30	9:50	1:50
Sunday	8:40	2:20	10:40	2:40
Monday	9:15	3:10	11:00	3:35
Tuesday	9:55	4:00	11:30	4:25
Wednesday	10:35	4:55	11:55	5:20

Pontiac Press Photos

'BE CAREFUL'—Fluff, an American Eskimo dog, looks around to make sure two of her pups are in good hands. Billy McCoy, 2, (right photo), the son of Mr. and Mrs. James R. McCoy, 5550 Park, West Bloomfield Township, appears to have the situation under control.

Warm Reception for 'Eskimo'

A closet door was opened and a white bundle of fluff bounded out.

Another squirming bundle was discovered sleeping behind a footstool. The third was carried to the living room from another part of the house.

★ ★ ★

While all this was going on a dog about the size of a springer spaniel was shuttled from one bundle of white to the other, occasionally barking, acting worried like any good mother.

Only she isn't a spaniel — there's no other resemblance except in size. This snow white dog carries the name American Eskimo.

Fluff, as she is called, and her trio of three-week-old youngsters are owned by Mr. and Mrs. James R. McCoy, 5550 Park, West Bloomfield Township.

"As far as we know," said McCoy, a school teacher who is currently on leave from the Pontiac system while taking graduate courses at the University of Michigan, "we have the only American Eskimo dogs in this part of Michigan.

While two-year-old son Billy played with the pups, McCoy explained:

"The others are at Mount Pleasant where we obtained Fluff and at Alvordton, Ohio, just across the state line south of Jackson."

SMALLER BREED

The American Eskimo is a smaller, more whiter version of the Eskimo breed recognized by the American Kennel Club. The American stands 15 inches at the shoulder, about seven inches smaller than the Eskimo breed of dogsled fame and is not as heavy.

★ ★ ★

Although its pedigree is questioned by the staid AKC, the dog is "highly intelligent, a good family pet and is becoming more popular," according to McCoy.

"The size and color have been bred into the dog," said McCoy. "They are easily trained. Fluff's grandfather was with Ringling Bros. circus."

The McCoys came across Fluff at the farm of some friends near Mount Pleasant where they both taught school after coming to Michigan. Mrs. McCoy, a native of Illinois, teaches at Alcott school.

"Fluff joined the family in 1960 and we came to Pontiac in 1961," said McCoy.

Mrs. V.T. Stout of Avordton, Ohio, is mainly responsible for the increasing popularity of the American Eskimo in the midwest, McCoy pointed out.

"She started with one litter of pups and the demand became so great that she now operates Mello-O-Bark Kennels."

Fluff does have a registered name. It's Princess Snow Fluff. The registration is with the United Kennel Club of Kalamazoo.

"I placed an ad in the classified section of The Pontiac Press and the first day we sold two of the pups," said McCou.

"We plan to keep the remaining one."

CHARLES E. MOHR

Audubon Program April 1

The Pontiac Audubon Club's annual Screen Tour April 1 will feature "The Living Wilderness."

Charles E. Mohr, director of the Kalamazoo Nature Center, will present the film at Lincoln Junior High School at 8 p. m.

He is a former director of the National Audubon Society's educational center in Greenwich, Conn.

Mohr is active in the movement to save natural areas in this country and his film will depict these areas.

Tickets are available from PAC members and also will be sold at the door.

Fun Match for Dogs

The Jackson Canine Training Club has scheduled an indoor fun match for obedience and conformation dogs March 28, at 1122 E. Michigan, Jackson. Registration opens at 9 a. m. the day of the match.

Ice on Lakes Not Too Safe

Removal of Shanties Urged by Officials

Ice on area lakes is beginning to deteriorate and Conservation Department officials warn that shanties should be removed.

Most of the shanties were pulled when pike spearing ended Feb. 28. But a few remain. Shanties that break through must be removed or the owners could face prosecution.

Fishing pressure has been very light.

Some perch and bluegills are being taken on Elizabeth, Oxbow and Square lakes. Bluegills continue to hit on Stringy and Lake Louise.

Perch are running small on Anchor Bay, but good catches of crappies are reported. The ice on Anchor Bay is all right during the morning. In the afternoon it becomes treacherous.

State Seeking Outdoor Fund

LANSING (AP)—Sens. Thomas Schweigert and Garland Lane sought to put Michigan on the track of $2.5 million in federal outdoor funds today.

The Petoskey Republican and Flint Democrat were to introduce legislation which would qualify Michigan for programs of federal aid relating to the planning and development of outdoor recreation resources and facilities.

A state must have an approved comprehensive outdoor recreation program to qualify for the matching fund program.

3 Quality Trout Fishing Areas on State Schedule

Three new quality trout fishing areas, covering about 21 miles on the Escanaba and Little Manistee rivers of northern Michigan, are to be established under special regulations by Conservation Director Ralph A. MacMullan.

The areas will be designated to provide a premium brand of fishing through more protective controls which go into effect with the start of the 1965 trout season, April 24.

Putting emphasis on quality instead of quantity, the regulations limit fishing to artificial lures.

Special areas of the two rivers will have a minimum 10-inch size limit, three inches above the statewide restriction, and a creel limit of 10 trout per day.

Established as a special trout area in Delta County will be a 6.8-mile section of the Escanaba River downstream from the Boney Falls Dam to the County Highway 519 bridge.

Coming under quality controls on the Little Manistee River will be a 7-mile stretch from Spencer Bridge to Johnson's Bridge in Lake County, and a 6.9-mile stretch from the west boundary of the U.S. Forest Service Bear Track Campground, Lake County, to Nine Mile Bridge, Manistee County.

Paces Wolf Hunters

KENORA, Ont. (AP) — Oral Desrud of Rolla, N.D., bagged four wolves in three days and won a $100 prize Saturday in airborne wolf hunting competition at the Lake of the Woods Snow Carnival.

Winter Storm Batters Plains

Strong Winds Lash Into Southern States

By The Associated Press

A severe late winter snowstorm hammered from the Rockies into Minnesota today with blizzards in some parts of the northern Plains.

South of the winter-weather belt, tornadoes and tornadic winds lashed areas in Texas, Oklahoma and Kansas, causing heavy property damage. One person was injured in Oklahoma. Heavy rain and hail pelted sections of Missouri, Arkansas and eastern Texas.

★ ★ ★

Temperatures dropped below zero in Montana, Wyoming and North Dakota and the cold air headed southward and southeastward. It was 15 below zero in Cut Bank, in northwestern Montana.

Strong winds — up to 35 to 50 m.p.h. in some areas — caused drifting of snow in Montana, the Dakotas, parts of Wyoming and Nebraska. Snows of four to six inches were indicated from northern Iowa and southern Minnesota to upper Michigan.

VIOLENT WIND

A violent windstorm struck a 10-block area in Tyler, Tex., Tuesday night, damaging four business establishments and unroofing several homes.

Severe windstorms also battered wide sections of Oklahoma. Twisters ripped a path 10 miles long in rural areas of Grant and Kay counties, destroying 10 house trailers at Blackwell's city lake. Hundreds of cattle were reported killed and several farm homes were damaged.

Winds of 50 m.p.h. stirred dust storms in parts of New Mexico and Texas, with gusts of 67 m.p.h. reported at Lubbock, Tex.

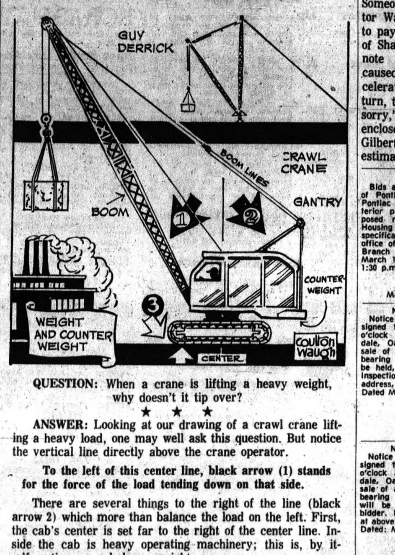
The storms in the south central region were set off by the clash of warm moist air from the Gulf with cold air from the north and west.

COLD SPREADS

Some of the cold air in the Rockies spread to the Pacific Northwest, ending the long spell of mild weather.

The winter season ends officially at 3:05 p.m. EST Saturday.

Junior Editors Quiz on INDUSTRIAL CRANE



QUESTION: When a crane is lifting a heavy weight, why doesn't it tip over?

★ ★ ★

ANSWER: Looking at our drawing of a crawl crane lifting a heavy load, one may well ask this question. But notice the vertical line directly above the crane operator.

To the left of this center line, black arrow (1) stands for the force of the load tending down on that side.

There are several things to the right of the line (black arrow 2) which more than balance the load on the left. First, the cab's center is set far to the right of the center line. Inside the cab is heavy operating machinery; this is, by itself, acting as a balance weight.

In addition, there is a heavy counterweight far to the right under the cab. Notice that the arm called a gantry takes some of the strain to the right directly above the counterweight, to which it is conducted.

Another balancing force is the important one of the broad base of the caterpillar tread.

The front of this base in (3) pushes down on the ground, also tending to prevent the crane from tipping to the left.

Notice, above, a different kind of crane, called a derrick. Here the pull to the left is balanced by a guy line fastened to some object on the right. Derricks on large barges are often balanced in this way.

FOR YOU TO DO: Watch for a crane being used in connection with road work and look at the manner in which it is balanced. See if you can identify the gantry and counterweight.

Public Defender Bill

County Unit Alters Stand

The Oakland County Board of Supervisors' Legislative Committee yesterday altered a previous recommendation opposing a proposed public defender bill by calling for permissive legislation.

Rather than recommending total opposition to House Bill 2100, the committee recommended that the bill's provision for establishment of an office of public defender in Oakland County be optional rather than mandatory.

The committee's action followed a lengthy discussion of the Feb. 16 hearing on the need for a public defense system and the Feb. 23 action by the board of supervisors opposing Bill 2100 as it stands.

Legislative committee members further recommended that if permissive legislation were adopted the cost be shared by the county and state on a 50-50 basis.

★ ★ ★

An additional recommendation was that responsible relatives of indigents requiring defense contribute to the cost if possible.

AGAINST SYSTEM

In the Feb. 16 public hearing, the majority of county officials and attorneys presented arguments against a public defense system, at least at this time.

Legal counsel presently is appointed for indigent defendants at the discretion of the circuit courts, which also determine the amounts the defense attorneys are to be paid.

Principal objection to the public defense system brought out at the hearing was its cost.

★ ★ ★

Daniel T. Murphy, chairman of the board of auditors, said that the county courts last year appointed counsel in 135 cases at a cost of $21,500.

SEES INCREASE

Murphy predicted an increase of from 500 to 600 per cent in court-appointed attorney fees in the next year.

★ ★ ★

Despite this expected increase, the cost of a public defender system would be greater according to Murphy, who said he doesn't believe it is necessary at this time.

★ ★ ★

A principal advocate of the public defense system is Pontiac Attorney Wallace D. McClay who claims that many convictions are reversed in higher courts due to incompetent defense.

Acts to Deed Half of Span to Canada

LANSING (AP)—Sen. Frank Beadle, R-St. Clair, moved Tuesday to deed the Canadian half of the Blue Water Bridge to Canada — per the agreement made when the bridge was built in the 1930s.

The bridge has been under Michigan control but the agreement said when the bridge bonds were paid off, Canada would get its half of the span. Beadle said the bonds were paid off about two years ago.

★ ★ ★

The Canadian government did not participate in the original bridge financing, said Beadle.

Nephew of Giacalone Is Indicted in Assault

DETROIT (AP) — Jack W. Giacalone, 21, of suburban Grosse Pointe Park Tuesday was indicted by a federal grand jury on a charge of assaulting Internal Revenue Service agent Albert DeBiasi.

The indictment said Giacalone struck the agent in the face with his fist last March 9 when they met in the home of Vita Giacalone, Jack's uncle. The Grosse Pointe Shores home was being searched in connection with a series of gambling raids.

An 'Extinguished' Actor

Performance Mis-Fires

DUDLEY, England (UPI) — Barry Smith, a drummer in a pop music group, set himself and part of his audience on fire last night. A flame-eating gimmick misfired.

Just as Smith, 18, was preparing to work the trick, he tripped over a microphone cord and spewed flaming gasoline over the front row. The incident happened at the local Liberal Club.

Flames enveloped Smith's head. A boy and a girl in the audience were slightly burned. Women screamed. One passed out with fright.

No one was seriously hurt, but Smith decided to delete the trick from future performances of his group — the Birmingham Chucks.

★ ★ ★

"I could blow flames 10 feet long, but I shall never do it again," he said.

"We must think up something safer—like sword-swallowing."

Unknown Driver Gives $50 for Lawn Damage

GRAND RAPIDS (AP) — Someone sent Detective Inspector Walter Gilbert $50 Tuesday to pay for damage to the lawn of Shawnee Park School. The note said the damage was caused by an auto when the accelerator became stuck during a turn, the note said. "I am very sorry," it added. "Hope the enclosed covers damage done." Gilbert said the lawn damage estimate was exactly $50.

NOTICE OF BIDS

Bids are being entertained by the City of Pontiac and through the Pontiac Housing Commission for the exterior painting of siding, trim and exposed metal in the Lakeside Homes Housing Development. Travel Trailer Show

MARCH 16-21, 1965

See Crees' Model 17, sleeps 8 people without overhang. KENDALL... a great name in quality travel trailers. Being introduced for the first time in Michigan, 23' Corsair equipped with double bed. We're sure you'll agree this is one that has been worth waiting for. Also presenting the Gold Seal truck camper, 10½x7½', side dinette, by Kendall. Still, we're sure is the new 20'6" luxury liner from Fan Coach. It is the wonderful world of travel. Featuring all new radius corners, shock absorbers and anodized aluminum trim. Many other sparkling attractions in new 1965 camper line. Skamper and a brand new wheel camper which sleeps 6 to 8. You owe it to yourself to see how much better you can deal in Holly where quality and service is our motto.

Kanin Ready to Direct Again

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD—Garson Kanin has long posed an enigma for the movie crowd: why would a man start a brilliant career as a film director, then abandon it?

THOMAS

Broadway-trained Kanin came to Hollywood in the late 1930s and dazzled the town by turning B pictures into minor classics, notably "A Man to Remember" and "The Great Man Votes." RKO graduated him to top productions and he directed such hit comedies as "Bachelor Mother" and "Tom, Dick and Harry," both starring Ginger Rogers.

Kanin was one of the first film figures to be drafted, and he spent five years in the Army. His most notable work during that period was the great documentary "The True Glory," which he and Carol Reed assembled from the footage of more than a thousand combat cameramen, 32 of whom were killed in action.

That was Kanin's last filmmaking. After the war he became enamored with writing, creating "Born Yesterday" and other plays, scores of short stories, a novel, and movie scripts "A Double Life," "Adam's Rib," etc., which he wrote with his wife, actress Ruth Gordon.

READY TO RETURN

Back in town while his wife appears with Natalie Wood in "Inside Daisy Clover," Kanin disclosed he is ready to return to film directing.

"I'm actually prepared to start right away," he said. "MGM has bought my script, 'Roses Are Blue,' and I hope we will be able to start this spring. But we are running into the same problem that faces all producers nowadays: casting.

★ ★ ★

"The script calls for a girl who is clever, beautiful, sexy, emotional and young. Not many are around to fill these requirements, and those that do are all booked up."

Kanin said he couldn't explain his absence from screen direction, beyond the fact that he has been doing the things he likes to do. He admitted he may have been impelled toward a return by directing the initial segment of "Mr. Broadway," the short-lived television series based on some of his short stories.

ORIGINAL IDEAS

He found the series "beneath contempt," CBS having junked his original ideas for the slambang type of television melodrama. But at least it put him behind a camera for the first time since "The True Glory."

"I suppose it was a case of smoke in the firehorse's nostrils," said Kanin, an electric individual whose conversation has the ease of play dialogue. "I hope now to maintain a schedule of one film a year, perhaps two. If I can ever cast them."

★ ★ ★

His casting will have to develop soon, because Kanin has a full Broadway schedule lined up. In August he begins direction of "A Very Rich Woman," starring Miss Gordon in the play she wrote and sold to Ross Hunter for films. In October he will direct a new Norman Krasna play, "Naked Mary, Will You Come Out?" and in December his own play, "The Spitting Image."

State Aid Available

New Birth Control Policy

LANSING (AP)—Public Welfare recipients — including unwed mothers—can now receive state family planning help under a new policy of the State Social Welfare Commission.

The commission Tuesday unanimously approved the carefully worded policy which also allows social workers to initiate discussion of birth control.

★ ★ ★

Both provisions are couched in terms designed to prevent coercion of welfare recipients and indiscriminate dissemination of birth control information to the unwed.

Both provisions were included in a recently adopted Detroit policy. But they would be prohibited by two bills pending in the House of Representatives and were condemned by the Michigan Catholic Conference earlier this month.

IN EFFECT

The policy, which took effect immediately, will not involve any state expenditures in the foreseeable future, said Welfare Director Bernard Houston.

★ ★ ★

Recipients will be referred to appropriate agencies of their choice, he said, "but any costs will have to be paid by the recipients out of their grants."

★ ★ ★

It is hard to say, Houston added, how many persons would be affected by the new policy. There are some 41,000 aid to dependent children cases in Michigan.

The policy, as far as the unwed are concerned, is aimed at their general improvement and includes possible referral to their family physicians or clergymen, it was said.

★ ★ ★

The commission meeting Tuesday was basically a working out of terms between the Rev. Chester Pilarski, a Roman Catholic priest from Bay City, and Mrs. Charles Whitten of Detroit a proponent of the assistance to the unwed.

★ ★ ★

"Basically we both agree," Mrs. Whitten said.

February Fire Alarms Total 55 in Waterford

Waterford Township's Fire Department answered 55 alarms during February, seven more than in the same month a year ago.

Total alarms for the first two months of this year amount to 106. This compares to 81 for the same period of 1964.

AP Photofax

GOES OUT ON TOWN — Paul Abrams, 2, was found yesterday asleep on a sidewalk in a Dallas, Tex., residential area. The boy had toddled about five blocks in early morning darkness before deciding to take a nap. He was claimed by his father, Jimmy Abrams, at Dallas police headquarters.

Trading boats is easy with a Pontiac Press Classified Ad. Just phone 332-8181.

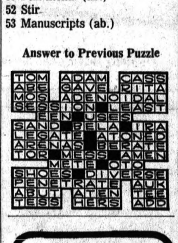
Answer to Previous Puzzle



Jones Duo in 50-50 Split---Pair Staging Twin Divorce

By EARL WILSON

NEW YORK — Handsome, 27-year-old All-American Boy singer Jack Jones tells me there's greater understanding now between him and his father, Allan Jones, the "coal miner singing sensation" of 25 years ago, than ever—due to a typical Hollywood situation.

"We can counsel each other now—as we're both getting divorces," Jack told me.

Jack, who'd just taped NBC's "Hullabaloo," while making plans to sing at the Academy Awards show, explained that he's being divorced from Lee Larance of Hollywood, while his father and Mary Florsheim of Chicago are working out a settlement.

"In fact," said Jack, "last week Dad and I went to the Playboy Club in Hollwood together." "Father and Son Night at the Playboy Club!" I said. "Yeah, yeah! What happened, man?"

"What do you mean, what happened? Nothing! We're neither divorced yet!"

★ ★ ★

SECRET STUFF: If the Federal Communications Commission goes into TV "kickbacks" in its inquiry, there could be a scandal bigger than the payola headlines, and some guys may leave the country to protect their foreign bank accounts . . . New York's due for a very glamorous wedding that'll make the fashion writers drool. Hint: the bride'll wear white, and become instantly famous.

Sammy Davis now wears occasionally a flowing cape with a red lining, a homburg, and carries a gold-tipped cane. Seeing him thus dressed, Jack Carter shouted, "Does Leonard Bernstein know about this?"

★ ★ ★

THE MIDNIGHT EARL . . .

Sammy Davis and the "Golden Boy" cast and crew raised $750 for the family of the minster killed in Alabama; **Sammy's** hoping other Broadway shows will do the same . . . **Peggy Lee** did a show at Basin St. with her ankle taped, she fell showing off a ballet step in her dressing room . . . Is **Dinah Shore** dating her estranged husband, **Maurice Smith?**

Margaret Whiting — 36 lbs. lighter—is due here to sign a recording contract . . . **Buddy Hackett** bared his chest to **Rosetta LeNoir** in a scene in "I Had a Ball" — and on it was written "Hello, Dolly" . . . A local hotel offered rooms to the **Beatles,** gratis, but withdrew the idea when it learned there was an entourage of 17.

★ ★ ★

WISH I'D SAID THAT: It's strange — motorists wear safety belts, but it's pedestrians who are in danger.

EARL'S PEARLS: There's a new electric blanket with three controls (reports Arnold Glasow); it's for married couples with a cocker spaniel.

Why a City Saint Comes to Church

(Editor's Note—This is the third of seven excerpts taken from Methodist minister David Head's book "Seek a City Saint." The excerpts are appearing weekly in the Press during Lent.)

By DAVID HEAD
Distributed by NEA

Why does the city saint go to church? To acknowledge the holy God on behalf of himself and others who do no such thing; and to offer himself with his fellow-Christians for those others.

To put it another way: In worship the church speaks as the priestly representative of the world before God; and at the same time accepts God's call to priestly activity in the world.

The church is called into existence for the sake of an estranged world. It is to be articulate on behalf of a stuttering race; to shout aloud in the name of a silent planet; to worship the true God representing an idolatrous generation.

On his way to church, the city saint passes cars with learning-plates front and back, driven by men not learners of Christ.

★ ★ ★

On the pavement waiting for buses are fishermen who have not heard the call to be fishers of men "come wind, come weather." What goes on in church while they change gears or bait, is for them. Karl Barth writes:

"While we are in communion with the saints, the ecclesia of those who are gathered together by Jesus Christ,

(Continued on Page 2, Col. 2)

'U.S. Planes Ready to Bomb N. Viet Daily'

Admiral Views Raid Policy; Hanoi Said Bracing for Attacks

SAIGON (UPI) — The commander of the U.S. 7th Fleet said today American warplanes are poised to bomb North Viet Nam on a once-a-day basis. The Communist capital of Hanoi was reported bracing for air raids.

A traveler just back from a trip to Hanoi said today children have been taken out of the city. He said workers were digging a citywide network of bomb shelters and slit trenches. Some citizens were digging foxholes in the yards of their homes.

The fleet commander, Vice Adm. Paul P. Blackburn, briefed newsmen on the air strike policy at a news conference aboard the aircraft carrier Ranger in the South China Sea.

"Some of my more eager friends say we ought to hit twice a day," Blackburn said. "But I'm an old man, so I'd say once a day."

★ ★ ★

At his shipboard news conference today, Blackburn was flanked by Rear Adms. Henry L. Miller and E. C. Outlaw, who command the fleet's two task forces of carrier-based planes.

MASSIVE RAID

Navy jets from the Ranger took part in Monday's massive raid against North Viet Nam.

Adm. Outlaw proposed the two-a-day attacks and Adm. Miller agreed. But Blackburn offered the more conservative daily policy.

Discussing Monday's attack against the Phu Qui ammunition dump only 100 miles south of Hanoi, Blackburn said it "had been on the books for some time."

★ ★ ★

"We were precluded from carrying it out because of weather over the target," he added. "As you know, there's no sense going unless you can do a proper job of it."

Blackburn said ships of the 7th Fleet maintain surveillance along the South Vietnamese coast and "keep a watchful eye on shipping to the north, but there is no blockade."

The traveler reporting on the situation in Hanoi said parks and vacant lots in the Communist capital have been zigzagged with slit trenches, each capable of accommodating 200 persons.

Every factory, public building and even some diplomatic missions has its own air raid shelter in case American planes should strike during working hours.

Elementary school children between the ages of 6 and 12 were said to have been trucked out of the city by the thousands to sanctuaries in the countryside.

AP Photofax

DEMONSTRATORS ROUTED — A cane-wielding sheriff's deputy is shown routing a group of demonstrators in Montgomery yesterday. Eight were injured in the bloody melee which saw deputies use canes, clubs and whiplike ropes on both Negroes and whites.

Bloody Melee in Montgomery

MONTGOMERY, Ala. (AP) — Club-swinging sheriff's deputies, astride horses, beat white and Negro civil rights demonstrators in a bloody melee yesterday that sent eight persons to hospitals.

The incident brought a pledge from Dr. Martin Luther King Jr. to lead a protest march on the courthouse today. King charged police brutality.

"We cannot stand idly by and allow this to happen," King told his followers at a rally several hours after the incident.

"We must get together a peaceful and orderly march on the courthouse in Montgomery."

The horsemen swung clubs, canes and ropes to break up a sit-down by about 600 persons, many of them white college students from other states.

WHITE TEACHER

Among the injured was a white college teacher from Pennsylvania.

A state official said a mix-up in police orders caused the deputies to nudge their horses into the demonstrators.

FBI agents on the scene of the Montgomery violence began an immediate investigation and others were called to Montgomery to help.

★ ★ ★

Police had blocked the march because no permit had been given. The horsemen then moved in.

WITH PETITION

Later 1,000 Negroes, with a permit from the City Commission, marched on the state Capitol with a petition for Wallace. They failed to see him and left after half an hour.

A Wallace aide said the governor had set up appointments with Negro college groups but the appointments were canceled after the march on the Capitol began to develop.

The governor had no comment on the horsemen's actions.

★ ★ ★

The possemen were led by Sheriff Mac Sim Butler, riding a horse and wearing a Western-style hat, after the white and Negro college students refused to disperse.

SMALL GROUP

The horsemen first routed a small group of demonstrators led by James Forman of Atlanta, executive secretary of the Student Nonviolent Coordinating Committee.

Forman wrapped his arms around a telephone pole. A possеman swung his club into the pole. Forman fled.

The sheriff was swinging a cane by the tip end.

Sparks Final Debate on City Income Levy

Citizen Unit Member Denies Accusation; Vote Is Tomorrow

A charge that opposition to Pontiac's income tax was merely a "political tool" for a graduated state income levy sparked final debate last night on the city's ballot proposition.

Pontiac residents go to the polls tomorrow to vote on the controversial income tax ordinance, which provides for a 1 per cent tax on the income of Pontiac residents, corporations and businesses, and a ½ of 1 per cent levy on nonresidents' income earned in Pontiac.

City Commissioner Robert C. Irwin made the "political tool" charge, directing it at Charles Nasstrom, chairman of the Citizens Committee on Taxation.

"You're wrong," was the sharp reply of Nasstrom's wife.

★ ★ ★

A second commissioner, James H. Marshall, agreed with Irwin. He said that he also believed there was an effort to create a situation for a state graduated income levy.

LABELED 'RIDICULOUS'

Mrs. Nasstrom labeled "utterly ridiculous" a charge that her husband had passed out leaflets opposing the last effort to raise the property tax.

Mayor William H. Taylor Jr. maintained a tight rein on the discussion at the commission meeting, limiting each speaker to three minutes.

Nasstrom repeated his group's three reasons for opposing the tax measure. These were:

- Home owners would pay more than their fair share;
- Future commissions can not be held to the 3-mill property tax cut;
- The city doesn't need a new city department, which would be necessary to collect the tax.

Other voices were also raised

(Continued on Page 2, Col. 2)

★ ★ ★

2 Cities Reject Income Tax

Proposal Loses in Muskegon, Jackson

Voters in Jackson and Muskegon yesterday overwhelmingly rejected city income tax propositions.

Pontiac voters will decide a similar city income tax proposal tomorrow.

In Jackson, the play which was coupled with a 25 per cent property tax reduction promise, was turned down by a vote of 7,511 to 2,355.

Pontiac's City Manager Joseph A. Warren, a strong advocate of the city income tax, was Jackson city manager for 13 years before coming here last summer.

At Muskegon, the vote was 6,183 to 2,188, despite a pledge by the City Commission that one half of the estimated $900,000 in new revenue would be used to reduce real and personal property taxes.

★ ★ ★

Both plans called for a one per cent income tax on residents and a one-half per cent tax on nonresidents who work in the city, as prescribed by state law.

TO BE CUTBACKS

Jackson Mayor Bernie L. Maglera indicated there would be cutbacks in city services and said that planned pay raises for city employes would not now be possible.

City Police Help Smash a Big Check-Forging Ring

Arrests in Pontiac over the weekend provided an important break which yesterday helped Detroit police smash what they called the biggest bogus check ring to ever hit Detroit.

Members of the ring had passed nearly $75,000 worth of phony payroll checks in Detroit and suburbs in the last five months, police said.

On Friday the gang hit Pontiac with nearly $1,500 in forged Pontiac Motor Division payroll checks.

Detroit police detective Ralph Smith said that this gang was also responsible for counterfeit Ford Motor Co. payroll checks which flooded the area about a month ago.

Arrested yesterday in Detroit were Paul Reed, who police said was the printer in the operation, Reed Burrell and William Cook, all of Detroit.

Reed is the owner of the Reed Printing Co., Detroit, police said and a search of the facilities turned up the plates from which the bogus checks were printed, they added.

The three men stood mute on charges of uttering and publishing and are being held in lieu of $3,000 bond pending examination on the charges March 23.

FIVE MONTHS

Detective Smith said he and his partner, Detective Arthur Krol, had been working on the case for five months.

Pontiac police came into the picture when James Bennett, 40, and Ernest Phillips, 44, both of Detroit were arrested Friday night in the Pontiac Sears Roebuck store, 154 N. Saginaw, for allegedly trying to cash the phony Pontiac Motor Division checks.

The two were captured by Pa-

(Continued on Page 2, Col. 8)

Senate Hits U-M Profs' Strike Plan

LANSING (AP)—Michigan's Senate has asked for disciplinary action against a group of University of Michigan professors who, critical of American policies in Viet Nam, plan to cancel classes March 24.

At the same time, at least two senators expressed doubt yesterday whether it is the Senate's business to interfere in university affairs.

Individual members of the U. of M. Board of Regents registered disapproval prior to a meeting of the board Friday.

The head of the informal faculty group — grown from an initial 24 to 32 members — said the protesting professors respect the sentiments of their critics — especially Gov. Romney and the legislature.

★ ★ ★

But sociology Prof. William Gamson said last night "in the end we have to answer to our consciences and act to meet our responsibilities to students of the university and country."

POSSIBLE IMPACT

Noting the possible impact on university appropriations, Gamson said "we weigh such considerations against the possible loss of thousands of lives in Viet Nam or in a nuclear war."

Gamson said earlier the group plans to hold a one-day conference discussing the Vietnamese conflict instead of holding classes. He said the classes would be made up by professors on an individual basis.

He had emphasized the so-called "work moratorium" was not directed against the U. of M. but only against U.S. policies in the Southeast Asian country.

★ ★ ★

The group has called these policies "dangerous and immoral" and said it was "in the best interest of Viet Nam, the United States and the rest of the world to end the war."

SENATOR DISAPPROVES

State Sen. Gilbert Bursley, R-Ann Arbor, disapproved of the censure resolution passed by his colleagues yesterday.

It asked U. of M. President Harlan Hatcher to "pursue the matter with disciplinary action whatever the outcome."

In Detroit Protest

Turns Self Into Torch

DETROIT (AP)—A 79-year-old woman wanting "to call attention to the problems of South Viet Nam" by "the illuminating death of a Buddhist" turned herself into a blazing torch on a busy Detroit street corner last night.

Mrs. Helga Alice Herz was in critical condition today. Passersby beat out the flames. The scene was a shopping district on the near northwest side.

Police said they found a note in her purse and two empty cans of flammable cleaning fluid beside her. They said the note told of her desire to die in Buddhist self-sacrifice manner.

Several Buddhists in South Viet Nam have burned themselves to death as a means of political protest.

Police said Mrs. Herz's note also protested what was termed "the use of his high office by our President, L.B.J., in trying to wipe out smaller nations."

★ ★ ★

A passing motorist, Steve Burke of suburban Dearborn, was quoted by police as saying he saw the woman standing "like a flaming torch." Burke said he and others smothered the flames and called firemen and police.

A close friend said Mrs. Herz was a German immigrant who left her country "when they began burning the books." The friend said Mrs. Herz was a devout pacifist and had spent several years in refugee detention camps.

Winds Will Blow, Rain and Snow to Fall on Area

Windy, rain and intermittent heavy showers are predicted for the Pontiac area tonight. Low temperatures are expected to range in the low 40s.

★ ★ ★

Snow flurries with falling temperatures the high in the 30s is tomorrow's forecast with not much change in temperature over the weekend.

Frequent snow flurries Saturday and Sunday will be light with little accumulation.

Today's 25 to 45 mile per hour winds southeasterly will shift to north to northwest early tomorrow.

★ ★ ★

The thermometer registered a low of 30 prior to 8 a.m. The mercury reading at 1 p.m. was 28.

May Avoid Full Filibuster on Voting Bill

WASHINGTON (AP) — Shrinking Southern opposition indicated today that Senate leaders may be able to win passage of a voting rights bill without encountering a full-blast filibuster.

If lengthy talk should develop to threaten relatively speedy action, an Associated Press cross-section survey indicated that leaders could cut it off by mustering more than the necessary two-thirds majority of those voting.

President Johnson is expected to send the administration's formal version of legislation to Congress during the day.

The means by which the bill reaches down into the southern states to enforce the right of Negroes to register, vote and get their votes counted in local as well as national elections obviously will influence the length and vigor of Senate debate.

★ ★ ★

Comment indicated senators expect no full dress filibuster which would run for weeks, as one did against the 1964 civil rights bill.

TOKEN FILIBUSTER

Sen. George D. Aiken, R-Vt., said he supposed Southerners whose states were affected by the measure would "put on a token filibuster." But Sen. J. W. Fulbright, D-Ark., said he doubts one will develop.

Biochemical Smoking-Cancer Link Told

TORONTO (UPI)—The first evidence of a biochemical link between smoking and cancer was reported here last night by Dr. William K. Kerr, of the University of Toronto's Department of Surgery.

Dr. Kerr said all previous links between cancer and smoking have been based purely on statistical data.

Kerr was one of a group of scientists studying the suspected cancer-smoking relationship at Banting Institute here.

He reported on their investigations last night to the urological section of the Toronto Academy of Medicine.

The research team discovered cigarette smoking produced abnormal amounts of a group of carcinogenic (cancer-causing) substances, known as ortho-aminophenols, in the urine of all subjects tested, Kerr reported.

DROP IN CONCENTRATION

When smoking stopped, there was a drop in the concentration of potentially dangerous ortho-aminophenols. When they resumed smoking, the concentration went up again, he said.

Kerr said the assumption was that smoking causes an "enzyme block" in the breakdown of certain harmless food chemicals that can cause cancer under certain conditions.

Explaining his work, Kerr said: "It has been proven statistically that smoking is associated with cancer of the bronchus, cancer of the lip and cancer of the buccalcavity."

★ ★ ★

He said also it has been proven statistically smoking has a "relationship" with cancer of the urinary bladder and that heavy smokers are more prone to cancer of this organ.

CAN BE INDUCED

"It has been well established that cancer of the urinary bladder can be induced by contact with chemicals in the urine in man and produced experimentally in animals," Kerr said.

The team made 30 metabolic studies of six subjects, some smokers and some nonsmokers, Kerr said.

"The smokers were tested while still smoking and also later, when they had stopped

(Continued on Page 2, Col. 7)

Beer Exec Innocent of Murder

A Farmington father of five was acquitted of murder by an Oakland County Circuit Court jury yesterday in the fatal shooting of a Birmingham dentist last September.

Wells S. Herrington, 45-year-old Stroh's Brewery executive, had been charged with first degree murder in the death of Dr. John R. Foster, 41.

Foster, who had been dating Herrington's estranged wife, Betty, 41, was killed Sept. 16 when he forced his way into the Herrington's apartment, 32777 Grand River, while they were attempting a reconciliation.

He was shot twice with a 38-caliber revolver.

The jury of seven men and five women deliberated two hours and 20 minutes before returning its innocent verdict to Judge Stanton G. Dondero.

5-DAY TRIAL

The trial lasted five days.

Herrington's attorney, James Lawson of Farmington, claimed self-defense for his client, saying that the shooting was justified because Foster lunged at him with his fist raised when he entered the apartment.

Herrington told police at the time that he warned Foster that he had a gun and not to come into the apartment.

★ ★ ★

Assistant Prosecutor James Robert argued that Foster was shot at the doorway and did not have time to advance toward Herrington.

THREAT TESTIMONY

Farmington Police Chief Maurice Foltz testified early in the trial that Herrington threatened Foster five months before the shooting.

Foltz said the threat was made in his presence last April at St. Mary's Hospital in Livonia, where he had gone to investigate an attempted suicide by Mrs. Herrington.

According to Foltz, Herrington blamed the attempt on Foster and said if his wife died "or he comes to the house, I'll kill him."

Herrington started divorce proceedings against his wife last March but since has filed a notice of reconciliation. The couple has five daughters.

★ ★ ★

Foster, a widower, lived at 3130 W. Long Lake, Bloomfield Township and had his office at 200 E. Brown in Birmingham. He had three children by his first wife. He was married three times.

against the income tax last night.

WORKING PEOPLE

Donald Johnson, head of Local 596, Fisher Body Division, said he could not find too many "working people" favoring the income levy.

Although he said his local was against the new tax, Johnson admitted that the city needed money.

Cecil Mullinix, former president of Pontiac Motor UAW Local 653 and a member of the citizens group, supported Johnson's contention.

★ ★ ★

"People in my plant are 90 per cent opposed to the income tax," said Mullinix.

PROPERTY TAX

Earl St. Aubin, another anti-income tax advocate, said he was in favor of a hike in the property tax rate.

St. Aubin, who also said he would work in behalf of such a hike, replied to a question by Louis Schimmel, 509 W. Iroquois.

Schimmel attempted to pin down those opposed to the income tax and get them to take a stand on the only alternative — a property tax hike.

★ ★ ★

Commenting on Nasstrom's statement that he could not go beyond his group's recommendations, Schimmel claimed Nastrom was not saying where he stood.

DEFENDED STAND

Schimmel added that such commitments would be necessary should the tax question fail.

City commissioners defended their stand on the income levy, citing the city's need for added revenues.

Mayor Taylor read a prepared statement in which he urged a yes vote at the polls Thursday. He described events leading up to the adoption of the income tax ordinance.

★ ★ ★

"Our finances were strained to the limit, but we have done what we can with what we have available."

LACK OF FUNDS

Taylor said the lack of funds clearly became the city's most pressing problem.

He said the income tax was "the most logical" way to change the city's tax structure and reduce reliance on the property tax by cutting it three mills.

"It (the income tax) not only provided the additional revenue which your city so sorely needed," added Taylor, "but the very operation of the tax law eases the burden on retired people who benefit not only from the income tax adoption but from the reduction in the property tax."

★ ★ ★

The mayor also pointed out that people who live outside of Pontiac but make their livelihood here will give at least token support to city government.

STRONGLY OPPOSED

In a poll of the Pontiac Board of Realtors membership announced yesterday, sentiments were strongly in opposition to the income tax proposal.

★ ★ ★

Approximately half of the 115 members voted and the tally was 49 against the tax and 14 favoring it. The majority of the members live outside the city.

Polling Places in City Listed

Precincts to Be Open From 7 A.M.-8 P.M.

Polling places in Pontiac's 43 voting precincts will be open from 7 a.m. to 8 p.m.

However, polls will remain open long enough to allow all persons in line at 8 p.m. to cast their votes on the city income tax proposal.

The proposition on tomorrow's ballot reads:

"Shall ordinance No. 1526 to provide a city income tax as authorized by Act 284 of Public Acts of 1964, be adopted for the City of Pontiac? This ordinance provides for a tax of 1 per cent on the annual income of residents of the City of Pontiac and a tax of ½ of 1 per cent on the annual income of nonresidents employed in the City."

The following is a list of precincts and locations of polling places:

Precinct 1—Jefferson Jr. High School
Precinct 2—Fire Station No. 2
Precinct 3—Bagley School
Precinct 4—Washington Jr. High School
Precinct 5—Washington Jr. High School
Precinct 6—Central High School
Precinct 7—Herrington School
Precinct 8—Webster School
Precinct 9—Central High School
Precinct 10—Crofoot School
Precinct 11—Fire Station No. 3
Precinct 12—Wisner School
Precinct 13—Lincoln School
Precinct 14—Lincoln School
Precinct 15—Owen School
Precinct 16—LeBaron School
Precinct 17—Emerson School
Precinct 18—McCarroll School
Precinct 19—St. Michael's Hall
Precinct 20—Y.M.C.A.
Precinct 21—Central School

ATTACKED BY DOGS — Mrs. Lloyd M. Williamson Jr. of Dallas, Tex., shown with her son, Paul Ray, 4, who shows lacerations after he was attacked by three large dogs. Two women, armed with a brick and a garbage can lid, rescued the boy from the dogs and saved him from being severely injured.

Says Housing Code Must Be Enforced

Pontiac's important workable program for community improvement has been recertified by federal officials, but the city will have to continue to push systematic housing code enforcement to keep it certified.

This was the report last night of City Manager Joseph A. Warren.

Warren, who has hung the framed certificate on the wall of his office, told the City Commission that more funds and staff will have to be appropriated in the future.

He read last night the comments of Housing and Home Finance Agency (HHFA) technicians on the city's workable program.

★ ★ ★

Annual recertification is vital because it permits continued federal financial aid to local housing projects.

HELD UP

The workable program had been held up this year because of a lack of systematic housing code enforcement.

Th city has begun a part-time program on a door-to-door basis using two inspectors for initial inspections.

HHFA technicians said that steps must be taken this year to assign full-time personnel to the systematic program in order to obtain recertification next year.

★ ★ ★

However, the size of the full-time staff can be built up over a period of years.

MORE MONEY

Warren said this would mean more money in the future.

He added that recertification requirements get stiffer and more costly each year.

Other HHFA comments included isolated deficiencies in the city's zoning ordinance, although the over-all ordinance was found satisfactory.

The deficiencies included no provisions for defining and regulating so-called "home occupations" and no listing of uses permitted in commercial and industrial districts.

Also, the ordinance does not contain provisions for buffer strips between residential properties and commercial and industrial uses.

DISPLACED FAMILIES

The HHFA also asked the city to report on what is being done for the housing of displaced families, including those displaced by governmental action other than urban renewal.

Summing up the HHFA report, Warren said that the city "had a lot of work to do in the next 10 to 11 months" when recertification comes up again.

Potentially Explosive Situation

LEWES, England (AP) — "I want you to bring something unusual to school tomorrow," the teacher told her class.

Andrew Beirne asked: "Please, Miss, can I bring a shell?"

★ ★ ★

"Yes," said the teacher.

Andrew walked into class Tuesday cradling an 18-inch long antiaircraft shell in his arms.

The school's 245 pupils were evacuated while teacher sent for the police and an army bomb disposal unit.

BOMB EXPERTS

The bomb experts said it was a dud.

"That's all right," said Andrew, "I've got another one at home. I found them buried in the garden."

★ ★ ★

The bomb experts collected the other shell, too.

Sit-In Attempt Halted by Marshals in Detroit

DETROIT (AP)—U. S. deputy marshals Tuesday forcibly evicted 27 civil rights demonstrators in an attempted sit-in at an eighth-floor corridor of the Federal Building.

The group said it would not leave until the civil rights crisis in Selma was cleared up. The statement followed a brief discussion with U. S. attorney Lawrence Gubow.

Why City Saint Goes to Church

(Continued From Page One)

we are also in communion with those who, perhaps, do not pray as yet but for whom Christ prays, since He prays for all mankind.

WHEN PRAYING

When Christians pray they are, so to speak, substitutes for all those who do not pray; and, in this sense, they are in communion with them, in the same way as Jesus Christ has made Himself one with sinful man and lost humanity."

There may sometimes be little in worship to remind the Christian of this: that may be one reason why it may seem a burden to be endured rather than the chance to bear another's burden. A recent statement on worship describes it as "an affair between the world and God, via us."

When we realize how easily worship can be a beautifully paved cul-de-sac, or even a road closed at both ends, the privilege of that "via" is immense.

Th second motive for worship is the corporate offering of the life of the "saints." What we offer primarily is our life in the secular world.

HOLY DAYS

As the sabbath for the Jew, so every Sunday is meant to be not just a holy day different from the others, when the Christian "takes a holiday," but a day representative of "seven whole days."

I once heard a farmer speak of life in the country, and of the sense he had of contributing to the world's inter-dependent life.

He said that the finest experience this side of life (as he put it) was standing on the back of a tractor, supervising the seed-drill, and reveling in a dry autumn day.

★ ★ ★

Good luck to him. Industrial society provides the tractor but the thousand trades of the city can obscure the fact of "contributing."

SEED-DRILL

That seed-drill, it appears, was invented by a city lawyer driven to country exile by ill health. He took up agriculture and organ playing.

In church one Sunday his eyes lingered on the organ pipes. He suddenly saw them doing another job — sowing seeds—and the sound-box of the organ became the seed-box. The seed-drill had arrived.

Should he have been concentrating more on the business in hand? There is a sense in which it is impossible to have wandering thoughts in prayer, for every thought has significance and can be interpreted "on the God-ward side."

★ ★ ★

Perhaps certain church meetings suffer because in the sharing of experience "religious" thoughts seem appropriate, and one seldom hears, "I have just had a good idea about what to buy my husband for Christmas," or "Now I know what to say to my employe whose home is breaking up."

I am not suggesting that worship is a means to making business more efficient or home life more livable; but rather that when we meet the living God He talks to us about field and factory, home and school, His holy word being grounded in our daily circumstances and needs. Our response is about those things too.

Birmingham Area News

3 Counselors to Work in Elementary Schools

BIRMINGHAM — Educators here next year will find out how useful guidance counselors can be in elementary schools.

The school system will employ three full-time counselors on an experimental basis as part of the five-year Birmingham Plan, according to Schools Supt. Dr. John B. Smith.

In explaining the proposal to board of education members last night, Smith said the project would be evaluated next year with the idea of presenting a full-scale program for the 1966-67 school year.

Two counselors next year will work at two of the district's elementary schools and one will divide his time between two units.

★ ★ ★

Smith said counseling in the elementary grades is aimed at early identification of the pupil's intellectual, emotional, social and physical characteristics.

AID DEVELOPMENT

Educators then can better aid in the development of each child's ability and talents and diagnose his learning difficulties.

The program should not be used just for one group, such as gifted, retarded or "problem" children, Smith said.

He noted that classroom teachers would be the key person in the program and that their understanding of child behavior should be strenghtened.

★ ★ ★

Another part of the program would be aimed at helping parents to better understand their children, he said.

PILOT PROGRAM

The pilot program is one of several now being developed under the Birmingham Plan to improve the district's educational offerings for each child.

BLOOMFIELD HILLS — The school board last night granted a sabbatical leave to a Bloomfield Hills teacher for the first time.

Don Gregory, English and journalism teacher at Bloomfield Hills High School, will be the first to take advantage of the board's policy, which allows teachers who have been in the system more than seven years to take professional growth leaves.

Gregory will receive half of his normal pay during 1965-66 while completing requirements for a master's degree at Colorado University.

Police Help Smash Ring

(Continued From Page One)

trolman Bruce Jarvis, after a clerk began questioning the identification used by the pair.

★ ★ ★

A third suspect escaped, police said.

Pontiac police Detective Thomas Mitchell and Detective Orville Johnson first discovered the possible link with the Detroit bad check ring.

PROBABLE RINGLEADER

Detroit police said yesterday that Bennett was probably a ringleader in the operation.

Saturday, Bennett's wife, Delphina, was arrested by Pontiac police while she was at the Oakland County jail.

Detroit police said the pair were "floaters" with a record of bogus check convictions.

★ ★ ★

On Monday William Alderson of Detroit was arrested by Pontiac police in connection with the check forgeries.

SEEK WRIT

Detective Smith said Detroit police would attempt to get a writ to bring the four suspects arrested in Pontiac back to Detroit to stand charges.

All police officials involved in the case said the bogus checks and fake identification cards used by the gang were of exceptionally good quality.

Police said the checks and ID cards had been photoengraved.

★ ★ ★

They added that there would likely be more arrests in the case soon.

Biochemical Link Found in Cancer Study

(Continued From Page One)

smoking for three weeks to three months. Finally in all instances, they were tested again upon resumption of smoking."

★ ★ ★

Nonsmokers were tested while still not smoking and then after smoking for three weeks. Later they were tested after they had stopped smoking again, the researcher said.

INCREASED EXCRETION

"Cigarette smoking increased the excretion of carcinogenic orthoaminophenols in the urine of all subjects, without exception. The increase ranged for 12 per cent to 64 per cent, averaging 37 per cent. There was at the same time a reduction in the amount of nicotinamide, the end-product of tryptophan metabolism, by from 14 to 40 per cent," Kerr said.

★ ★ ★

Nicotinamide is a member of the Vitamin B Complex and patients with bladder cancer appear to have an inability to produce this substance.

★ ★ ★

Dr. Clifford L. Ash, director of the Ontario Cancer Institute said of Kerr's work: "It is very significant. It opens the way to a new field of cancer research."

Can Contribute to Fund for Wife of Slain Minister

Contributions to the widow of Rev. James Reeb who died following a beating in Selma, Ala., will be accepted until Friday noon, by the Pontiac Area Council of Churches, according to Rev. Jack H. C. Clark, executive director.

All checks should be sent to 858 W. Huron, and be made payable to the "Pontiac Area Council of Churches Mrs. Reeb Fund."

Following receipt of the Friday noon mail, a check will be sent to the National Council of Churches for the amount collected.

NATIONAL WEATHER — Snow is predicted tonight in New England, from Great Basin across Rockies to mid-Mississippi Valley and over western Lakes area with rain forecast from Gulf Coast across Ohio Valley and eastern Lakes area and along Atlantic seaboard from central Florida to Rhode Island. The western two-thirds of nation will be colder.

Say 3 Viet Pacifists Pushed From Plane

SYDNEY (UPI)—The Sydney Mirror quoted a South Vietnamese official today as saying three Vietnamese intellectuals were pushed out of a plane without parachutes over North Viet Nam last Monday for backing a peace movement.

The newspaper quoted Nguyen Xuan Oanh, who served as South Viet Nam's acting premier on two occasions last year.

Oanh said the plane took off from the American air base at Da Nang after a "farewell ceremony" attended by three government ministers.

"They were thrown out of the plane all right, but they didn't have parachutes," Oanh was quoted. "These things happen in wartime."

'Sons of Erin' Out for Airing

It's a Great Day for the Irish---of All Nationalities

NEW YORK (AP) — A great green tide surges up Fifth Avenue today as sons and daughters of Erin and hordes of Irishmen-for-a-day parade in honor of St. Patrick.

Estimates of the number of marchers ranged from 80,000 to 120,000, and the spectators up to 900,000.

The lineup included 225 marching units and 215 brass bands, pipe bands and fife and drum outfits assembled from far and wide.

The parade route was from 44th Street to 86th Street — a little more than two miles — and then east to disbanding points.

VANTAGE POINT

The steps of St. Patrick's Cathedral, between 50th and 51st streets, were the vantage point for Francis Cardinal Spellman and other Roman Catholic prelates to view the parade.

Seats in the center of the official reviewing stand at 64th Street were reserved for Gov. Nelson A. Rockefeller, Mayor Robert F. Wagner, Gov. Richard J. Hughes of New Jersey, other public officials and leaders of the Ancient Order of Hibernians, sponsor of the parade.

GREEN SPROUTS

Proof of the international and interreligious participation in the ovation to Ireland's patron saint was the sprouting of green neckties, green derbies and artificial shamrocks in pizza palaces, in kosher dairy restaurants and in the narrow streets of Chinatown.

The Clan-Na-Gael and the United Ireland publicity committee announced they would picket the British consulate on Third Avenue to draw attention to what they called "the injustices of British partition of Ireland." A spokesman for the committee, Tom Duffy, said an Irish piper would lead the pickets.

★ ★ ★

In Boston — a traditional stronghold of Irish-Americans — today's parade had double significance: Evacuation Day as well as St. Patrick's Day. Evacuation Day commemorates the departure of the British from Dorchester Heights in 1776.

The Baton Rouge, La., Irish club invited New York City's Irish to join the Baton Rouge parade today because a green line has been painted along the parade route, and New Yorkers don't have one. The traditional green traffic line in the middle of Fifth Avenue — painted by city employes — was banned last year. The official reason: too many nationalist groups had begun clamoring for lines of different colors for parades on their old-country holidays.

CHICAGO PARADE

In Chicago, Mayor Richard J. Daley, headed today's parade. Brian O'Kelly, Irish consul-general there and one of the marchers, said: "St. Patrick's Day parades are not an Irish custom. Their origin was in Boston and New York and they were held as a show of Irish strength there. This is strictly an American development. St. Patrick's Day is a day of rest in Ireland."

Several American cities held their St. Patrick's Day parades last Saturday or Sunday.

★ ★ ★

At Albuquerque, the "knights" of St. Patrick, composed of engineering students at the University of New Mexico, will observe the holiday by cutting classes Friday, playing a ball game in the morning and holding an assembly in the afternoon. Coeds were warned against being caught not wearing some green.

America Pays Homage to Idol of Ireland

Today, the Shamrock is America's national flower.

The annual recognition of St. PATRICK is unique in that it reaches further back into history than for any other figure honored in America.

It is also unique that, unlike the significant milestones of most legendary figures, it is not the birth but the death, 15 centuries ago, of Ireland's immortal son that we memorialize.

★ ★ ★

Ireland's patron saint exerted profound influence on the land of his adoption, where he is enshrined as a national and symbolic being. He is credited with having founded over 300 churches and baptized more than 120,000 persons during 30 years of spiritual service there.

But it is most fitting that time and the steady migration to America of a legion of Ireland's fine sons and daughters should have extended the revered image of St. PATRICK across the Atlantic.

★ ★ ★

We proudly salute the memory of one of history's immortals with full faith that it will forever remain green.

Higher Minimum Pay Likely to Cost Jobs

A poll recently conducted by the National Federation of Independent Business, Inc., shows that 90 per cent of the Nation's independent business proprietors are opposed to the $2 Federal minimum wage proposal introduced in the House by Rep. JACOB GILBERT, D-N.Y.

The opposition is rooted in the feeling among the independents that such a law would restrict employment opportunities for juveniles and wholly untrained workers.

★ ★ ★

They point out that their enterprises furnish employment to the young, the inexperienced and also those whose capacity for fulfilling any but the simplest tasks is limited.

To put a price tag of $2 an hour on work of such character rather than a wage commensurate with its worth, would inevitably separate a multitude of such undeveloped workers from their jobs.

As a result, the serious rate of unemployment prevalent among the Country's teen-age and untrained element of the labor force would not only be greatly aggravated, but deprive its makeup of on-job training and advancement opportunities.

March of Dimes Head Dims 'Amateur' Rank

Two thousand and ninety-six American communities have found the "United Fund" the most effective and equitable plan for meeting social and humanitarian responsibilities.

★ ★ ★

One national organization that has steadfastly refused to join other agencies under the banner of combined giving is the March of Dimes.

That the head of this foundation reportedly receives $50,000 a year for his services will likely surprise the army of workers who thought that he, like themselves, was a volunteer worker in a good cause.

★ ★ ★

When questioned about it, the administrator replied that he only talked to "legally constituted authorities" to whom he had to talk.

There is no certainty that this obscurity regarding his imputed remuneration is related to the opposition of the "Dimes" director to the consolidation principle of meeting community needs. But you couldn't say either that his disclosure shone like a new dime.

Selma Recalls Early Christians

By RUTH MONTGOMERY

WASHINGTON — The shame of Christ's crucifixion has hung like a leaden weight on human hearts for nearly two millenniums, and in this Lenten season Christians are once again asking themselves the imponderable question: How could man practice such inhumanity to man, and to the son of man?

RUTH MONTGOMERY

Together with Vice President Humphrey and a black-tie gathering of top officialdom we recently attended the premiere of George Stevens' motion picture production, "The Greatest Story Ever Told."

There it all was again: the glory and the anguish, the littleness of human nature and the divine compassion.

In those closing hours of the world's first Maundy Thursday, armored Roman soldiers charged toward an assemblage of ragged Palestinians who knelt at prayer in the streets outside their place of worship.

"But we are only praying," an aged Judean reproachfully told the head Centurian. A heavy bullwhip struck him to the ground.

And the horses' hooves trod mercilessly above the kneeling figures, grinding them into the cobblestones. Lashed and bleeding, the believers in eternal salvation were left to disperse or die.

BRUTALITY OF SCENE

The brutality of the scene from out of a shameful past prompted a vaguely troubling comparison: Selma, Ala.

Here in the land of the free, which proudly flies the Christian banner, are we again repeating the sordid folly of first century Roman Centurians?

Can Selma ever erase its stain, unless that community's men and women of good will find their muted tongues and step forth to defend the Negroes who live among them?

MIGHT INSTILL UNREST

The Romans vowed to prohibit peaceful assemblage for fear that it might instill unrest among the submerged element.

What if those people demanded to live like free men? Next they might be seeking a voice in Pilate's government—the right to vote!

Let them go about their business of paying taxes, and laboring to make life easy for the upper classes.

The voice of law-and-order wanted no part of a northern preacher who had come down from the hills of Galilee to stir up the people of Jerusalem. Death to Jesus of Nazareth!

Last week a similar reception awaited the Rev. James J. Reeb, a Unitarian minister educated at St. Olaf's college and the Princeton Theological Seminary, who although white-skinned had come down from Boston to demonstrate his love for the Negro citizens of Selma.

He joined the marchers who sought to walk from Selma to Birmingham, but with the others peacefully turned back when halted by Alabama law enforcement authorities.

This time the police did not use horses' hooves and bullwhips to lash an unresisting crowd, as they had two days earlier in Selma, but that evening the Rev. Mr. Reeb and two other ministers of Christ's Gospel were savagely beaten by four white men who considered themselves above the law — both God's and Caesar's.

(Distributed by King Features Syndicate)

The 38-year-old pastor is dead now.

Surely it is time, however, that the white citizens of Selma posed to themselves the soul-searching question which so sorely troubled Pontius Pilate: "What is truth?"

The Driver's Seat

Reviewing Other Editorial Pages

Word Application

The Memphis Commercial Appeal

"Vivaciotis" is a word applied to a lady of some social standing who talks a lot. For those who rate less the word is "gabby."

Negro Employment

The Washington Star

"Don't let the Constitution apply only to property," President Johnson urged a group of business executives last April. "Let it apply to people."

What the President was talking about was hiring Negroes. And on the theory that one example is worth more than a dozen Sundays of preaching, the administration has been making sure the federal government keeps its employment ranks open to all races.

★ ★ ★

The result, according to the annual minority census released recently by the President's Committee on Equal Employment Opportunity, is another encouraging gain. The number of Negroes holding government jobs in the higher-pay categories has increased for the third year in a row.

In Civil Service grades five to eight, Negroes gained 1,806 jobs in the past fiscal year, an increase of 6.8 per cent at a time when the total work force for these grades declined nearly 2 per cent.

★ ★ ★

More significant are the figures for higher-salaried positions. In Civil Service grades 9 through 11 ($7,220 to $11,305) Negroes showed nearly a 16 per cent increase. In Civil Service grades 12 through 18 ($10,250 to $24,500) the gain was 19.5 per cent.

Admittedly, the statistics carry a built-in distortion. There were so few Negroes on the Federal payroll in the top range that a "19.5 per cent gain" turned out to be only 32 persons.

★ ★ ★

Yet any increase in this bracket is particularly significant, for it helps break an old stereotype of a caste associated with custodial-level work. Surveying the past three years, the committee found that total Negro employment in all pay categories in government declined slightly.

What this means is that the Negro's numbers are shrinking in low-paid jobs but increasing further up the scale. No more graphic argument should be needed for the Negro high school youngster, tempted to drop out, to stay at his books. Opportunities are increasing, but he must be prepared.

Prefer by Male

The Waterloo (Ia.) Courier

Love letters are fine, but any gal would prefer to do her lovemaking by male.

Our World Today

The Holland Evening Sentinel

We sometimes wonder about the amounts of land owned by our governments at all levels. Think of the land that is required to build one of the modern interstate highways.

★ ★ ★

Other projects also require that the government owns a larger percentage of the available land than ever before. Land is a limited resource, one which can hardly be built up by conservation measures.

Recently in the U.S. News and World Report, this problem of land ownership was discussed. At the present time, the federal government owns one-third of the available land, and in the western states, the percentages are even higher. For instance, the government owns 52.1 per cent of all land in Oregon, 63.8 per cent in Idaho, 66.2 per cent in Utah and virtually 100 per cent in Alaska.

★ ★ ★

There are many ways that land becomes government property—highways, airports, parks, reservoirs, recreation areas — but all this land owned by governments is no longer taxable in the form of property taxes by local government units.

★ ★ ★

This means, then, that the more property the government owns, the more other taxes must be raised to pay for government on all levels of society. Those who use government-owned facilities, we feel, should help pay the expenses involved. There are also many areas that do not warrant continued government ownership.

Our government is fast becoming the most expensive part of our lives today, and this trend will continue until elected officials find that those they represent want less government interference in their lives.

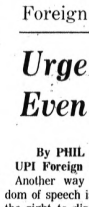
Urge to Dissent Is Strong, Even in Totalitarian State

By PHIL NEWSOM
UPI Foreign News Analyst

Another way to define freedom of speech is to say it gives the right to disagree.



NEWSOM

In a democracy it is one of the most guarded of the human freedoms. In a totalitarian state it is one of the most quickly abolished, and it applies to all forms of communication, even to abstract art.

Yet even in the totalitarian states, the urge to disagree is strong.

The most recent example is Yugoslavia which boasts that its press is the most free of any Communist country.

★ ★ ★

In Yugoslavia a young scholar named Mihajlo Minajlov has been jailed for an essay called "Moscow Summer, 1964."

SYSTEMATIC ATTEMPT

The essay accused the late Josef Stalin of preceding the Nazis in genocide, the systematic attempt to wipe out a race or culture.

It stirred the sensitivities of the Soviets, who in turn protested to President Tito.

Minajlov, thus joined another noted Yugoslav author in jail. The other is former Vice Premier Milovan Djilas who is serving nine years for writings deemed to have hurt the "interests" of Yugoslavia.

Djilas attempted to show the shortcomings of communism. Minajlov's mistake was one of timing. Much worse had appeared in the Yugoslav press during the period of estrangement between Moscow and Belgrade. But this is a new era of friendship.

MOST NOTED CASE

The most noted case of an author who overstepped the bounds in recent years is that of the late Boris Pasternak.

Pasternak's book, "Dr. Zhivago," won for him a Nobel Prize in 1958. But the book was critical of the Soviet regime.

Pasternak escaped banishment only by a personal appeal to Khrushchev that "leaving the motherland will for me equal death."

★ ★ ★

In Poland, where the intellectuals are fighting a desperate rear-guard action against total suppression, another noted author recently received a jail sentence for "transmitting" outside Poland a speech critical of the Communist regime which actually was never delivered.

The author is Melchoir Wankowicz, who elected to return to his native land after receiving U.S. citizenship in 1956. The Polish press hailed his return as proof of Poland's intellectual freedom.

The Associated Press is entitled exclusively to the use for republication of all local news printed in this newspaper as well as all AP news dispatches.

The Pontiac Press is delivered by carrier for 50 cents a week, where mailed in Oakland, Genesee, Livingston, Macomb, Lapeer and Washtenaw Counties it is $18.00 a year; elsewhere in Michigan and all other places in the United States $26.00 a year. All mail subscriptions payable in advance. Postage has been paid at the 2nd class rate at Pontiac, Michigan. Member of ABC.

Voice of the People:

'Let's Get Interested in Political Expense'

In speaking out on Democratic bills, State Chairman Zolton Ferency said he favored stricter controls and reporting on expenses strictly related to continuing activities. He said, "If you get involved in this you should go all the way and check political expenses of groups like League of Women Voters, AFL-CIO, temperance groups and council of churches."

★ ★ ★

Many people would be surprised at the amount of money spent to gain a seat in our government. To expose this properly would encourage people to find a better way to make others aware of good, honest men and women running for office.

LET'S GET INVOLVED

Offers Correction to Recent Editorial

A recent editorial was critical of Representative Lindsay of New York for casting the lone Republican vote against the budget approval for the House Un-American Activities Committee. Inasmuch as the official tally lists Representative Lindsay's name among those supporting the measure, we take issue with your statements.

★ ★ ★

Mr. Farnum of our 19th district is to be commended for not joining with other Michigan Democrats who oppose the valuable anti-American subversion-exposing work of this dedicated committee.

AMOS ANON

(Editor's Note: We stand corrected and beg apology for our error.)

'Our Allies Promise to Give Little Help'

I have heard that France said it will not give aid to the U.S. if we get in a war. France also said she believes the other allies will also stand aside or give only token aid. How would these European countries have fared if we had refused help to them not so many years ago?

STILL REMEMBERS

'Can't Afford Projects to Save Money'

About 25 years ago Huron Gardens subdivision bought and paid for a water system under the same circumstances our new one is being installed. Waterford Township officials stated the new system was to be paid for by the people that were going to use it. Now I find my minimum consumption has been cut and instead of $18, my bill will be $22 a year plus $12 for debt service charge.

★ ★ ★

Please don't take over the garbage removal for the township. I can't afford these services which are going to save us money.

BILL WALTERS
WATERFORD TOWNSHIP

'Grateful for Opposition to Strippers'

As a resident and taxpayer in Waterford Township, I wish to express gratitude to our Township Supervisor James Seeterlin for his stand opposing strippers in a place of business used by the general public, including school children.

Tragic St. Patrick's Day Flood of 1936 Is Recalled

By BRUNO L. KEARNS

St. Patricks Day, festive and colorful for the sons of Erin, and the wearin' of the green, stands in black memory for thousands of people who remember the day 30 years ago when the treacherous floods nearly wiped the life out of the valleys of western Pennsylvania.

Only the Johnstown Flood of 1889 held a greater place in history than the flood disaster which hit generally the same area on March 17, 1936.

Possibly the December 1964 floods in California and Oregon may be put on equal par to the watery grave of 1936 in the Ohio-Allegheny valleys of Ohio and Pennsylvania.

No one really knows how enraged a normally peaceful stream in July can become in March unless he has lived through such a flood.

SO VICIOUS

The 1889 Johnstown Flood was so vicious it took 2,000 lives and destroyed property amounting to $10 million.

In 1936, Johnstown alone lost 25 lives, and damage exceeded $40 million. Altogether in Western Pennsylvania there were 60 lives lost, and damage exceeded $100 million.

Melting snow in the high mountain areas and tons of broken ice heading down streams to jam low river beds were the primary causes of the overflowing waters.

★ ★ ★

It's almost like invading waters waging a war and trying to drown out the native waters.

STOOD VIGIL

It was the eve of St. Patrick's Day 1936. The steel and coal mining folks of Allegheny Valley, which embeds the golden triangle of three rivers, stood vigil for the third straight day along the watery banks.

The government dams along the Allegheny, Monongahela and Ohio rivers had been evacuated of all loose and destructable properties.

The disaster spotlights had been shining for three nights.

Churches held all-night services and vigils in prayer to keep the wrath of the swirling muddy waters from their homes and families.

SPRAYED ONTO BANKS

None of the concrete portions of the dams, which were built to prevent the disasters as of 1889, was visible. The waters of the rivers sprayed onto and over the banks keeping lines of people 25 feet from the rivers' edge.

At 2 a.m. March 17, whistles down the 150 mile long valley north and south of Pittsburgh began sounding the call to evacuate.

Many had already left their possessions behind. The stubborn, or as it may have been, the hopeful, moved as much as they could to the highest portions of their homes and stayed on, praying that a miracle would force the waters to recede.

WITHIN HOUR

The miracle never came.

★ ★ ★

Police, firemen and all citizens with any kind of water transportation, boats and rafts, rowed down streets, which within an hour (by 3:00 a.m.) were covered with two feet of water.

People waited in the dark of the night on porches to be rowed to safety.

Debris tossed about by swirling waters pummeled homes, cars and humans, smashing and destroying.

HIGH LEVELS

The water reached heights of six to eight feet in the streets of the stricken towns and villages.

The evacuated were taken to nearby hills, where disaster centers were set up in schools and churches, and where residents living atop the heights of the valleys generously offered food, clothing and lodging.

Thousands sat on the edge of the hills along the entire valley watching in the freezing cold, waiting to see if their home would be next to be pulled from its foundation and swallowed up by the muddy water.

★ ★ ★

"Oh, God there goes my home everything I own," was the cry of a young father who sweated daily in the open-hearth steel furnaces to provide a modest home for his small family.

POSSESSIONS LOST

Aged immigrants also sat along the hillside, praying in Italian, Polish, Slovak and German, tears streaming down their faces as all the possessions of this new world to which they had come, disappeared into the darkness.

Two days later when the waters moved back into their beds, vacant lots which once held homes, garages, stores were found on every block in every little town.

People trekked through ankle-deep mud in the streets and in the homes that were spared.

★ ★ ★

Much of what was left was ruined or without salvage.

The cleanup began.

Life began again.

Now the way of living has changed much in the past 30 years, but St. Patrick's Day of 1936 will never be forgotten in the little steel towns of Western Pennsylvania.

How To Hold FALSE TEETH More Firmly in Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just sprinkle a little FASTEETH on your plates. This alkaline (non-acid) powder holds false teeth more firmly and more comfortably. No gummy, gooey, pasty taste or feeling. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at drug counters everywhere.

Registration Will Open for Adult Classes

Registration for the spring erm of adult education classes at Pontiac Central High School. will start Monday and end March 25.

The adult education office at 250 W. Huron will be open from 1 to 4 p.m. and from 7 to 9 p.m. for registration.

Classes for the spring term will start March 29.

Classes which are organized depend on registration. Twelve or more students are needed to hold a class.

★ ★ ★

In addition to high school credit classes, courses will be taught in home economics and business education.

LANGUAGE CLASSES

Classes in French, German, and Spanish will also be offered, in addition to several trade extension courses.

There will be special courses in steam engineering, beginning reading, driver education, citizenship and Americanization.

A class in sculpturing and one in commercial art also will be taught.

★ ★ ★

There are registration fees for most classes and these fees must be paid in full at the time of registration.

All persons who enroll must be over 16 years old. Most classes will be scheduled one night each week, Monday through Thursday.

NOTICE OF SALE OF DWELLING AND REQUEST FOR BIDS

The City of Pontiac will receive sealed invitational bids for the sale and removal of a dwelling located at 165 Cedardale Avenue until 2:00 P. M. (Eastern Standard Time) on Monday, the 22nd day of March, 1965 at the office of the City Clerk, 450 Wide Track Drive East, Pontiac, Michigan at which time and place all bids will be publicly opened and read aloud.

Conditions:

1. Bidder shall acquaint himself with City Ordinance No. 1349 which governs the moving of buildings within the City of Pontiac. Attention is directed to required deposits, permits, fees, insurance, and the method of severing utility connections.

2. The building shall be removed within fifteen (15) days after Notice to Proceed. It is anticipated that the Notice to Proceed will be issued on/about March 31, 1965. Since time is of the essence, failure of the contractor to have the structure removed from the property at the time specified in the Notice to Proceed will cause the forfeiture of his deposits.

3. The basement shall be free of debris and not backfilled.

A certified check or bank draft, payable to the order of the City of Pontiac, negotiable U. S. Government Bonds, or a satisfactory Bid Bond executed by the Bidder and an acceptable surety, in the amount equal to 10% of the bid price, shall be submitted with each bid.

The City of Pontiac reserves the right to reject any and all bids, or to waive any informalities in the bidding.

Bids may be held by the City of Pontiac for a period of twenty (20) days from date of opening of bids for the purpose of reviewing the Bids and investigating the qualifications of the Bidder, prior to awarding the contract. Arrangements for inspection of the dwelling may be made by contacting the office of the City Engineer.

Ruth Poppy was a guest and Mrs. Sol D. Lomerson hostess, at the Tuesday meeting in the PBI Library.

Hot Water Method Makes Good Pastry

By JANET ODELL
Pontiac Press Food Editor

Even though it is possible to buy pie crust mix and even prepared crust, we know many cooks prefer to make their own pastry.

Mrs. Floyd Young of Holly has the most success with hot water pie crust. She shares her recipe with Press readers.

HOT WATER PIE CRUST
By Mrs. Floyd Young

1 cup lard
1 teaspoon salt
½ cup boiling water
3 cups flour
½ teaspoon baking powder

Mix lard, salt and boiling water until smooth and creamy. Add flour and baking powder. Stir well. Chill until firm, then roll out.

Incidentally, lard makes the flakiest pie crust, as many cooks will tell you.

Fringe Benefits

Creams Heal and Protect Hands

By MADELEINE DOEREN

Easter will be a hand-in-glove parade, but what about 'hands across the table' which are always on display when gloves are removed?

Recent surveys by hand cream experts reveal that how a woman cares for her hands is typical of how she feels about herself generally.

Women who apply facial cream infrequently, apply hand care products only on impulse or when hands are chapped and hurt from seasonal neglect.

★ ★

The sebaceous glands that supply oil are very scarce on palms and back of hands, hence there is little lubrication.

Creams or lotion are a must to provide oil and guard skin against dryness and aging.

Besides the ravages of winter on the skin, there's the dehydrating effect of indoor heating and the use of detergents.

Our sources tell us that modern skin care products contain moisturizers that actually put moisture back into dehydrated skin, making it soft and pliant again.

The reason for re-application is because moisture evaporates and must be restored frequently for natural balance.

★ ★ ★

One of the new hand creams due to its exclusive formula, actually silkens, whitens, and helps heal chapped areas overnight. It will make them look years younger, too.

It does even more for your hands than its companions do for your face because it contains medicated ingredients.

If medicated creams and lotions are new to you, you've been missing the benefits of modern science for skin.

HEALING AGENTS

These often include ingredients like hexachlorophene that combats bacteria, and allantoin which helps flake away dry skin and is an effective healing agent.

Other new hand creams are available for extra-dry skin as well as in medicated and anti-detergent types. They range from a one-ounce purse-size tube at 39 cents to an economy size jar at $1.69. These work as well on elbows, legs and feet.

MAKE YOUR OWN

Here is a household remedy for household hands. Mix two ounces of glycerin, three ounces of good quality witch hazel and two ounces of rosewater. Rub on the hands before and after exposure to harsh detergents.

★ ★ ★

Try these five habit-forming hints as a start to lovely hands:

- Keep handsaver creams or lotions near soap in kitchen and bath.
- Whenever you wash hands dry them thoroughly to avoid the shortest route to painful chapping.
- Apply hand cream mornings and at bedtime as faithfully as brushing teeth. Try to use it also after washing lingerie or dishes.
- Manicure regularly and you'll take your hand care more seriously.
- While using creams and lotions, rub a little extra on wrists, elbows and backs of upper arms, also on "heel bumps."

Look at Cotton Fabrics for Redecorating

Mr. and Mrs. Thomas Anderson of Harper Woods announce the engagement of her daughter, Patricia Catherine Kardos to Thomas Gene Taylor, son of the Wilbur Taylors of Orchid Street. She attended Highland Park Community College and has reserved Our Lady Queen of Peace Church, Harper Woods, for the May 7 ceremony.

With spring only a promise, homemakers get the urge to brighten up the house some way!

Great grandmother had an orgy of spring cleaning, during which time the family was displaced and meals might be scanty.

With modern cleaning methods, this sort of housecleaning is unnecessary.

Redecorating seems the answer, even when the budget is limited.

★ ★ ★

Here's where cotton fabrics come to your aid. But you must start thinking in different ways about the fabrics.

Dress materials make fine table-cloths, curtains or window shades, slipcovers or dressing table skirts.

SHEETS ARE ANSWER

Sheets in their varied patterns and colors are a girl's best friend.

They can be made into draperies, slipcovers and in one instance (see accompanying picture) a slipcover for the fireplace. They come in many widths and lengths.

★ ★ ★

If your room is plain and the view from the windows uninspired, make your own view.

Find the gayest cotton print you can and make it into panels that fit the windows or apply it to readymade shades.

AWNING FABRIC

One fabric that hasn't been used much in the house is awning material.

Now, one enterprising manufacturer of same (Glen Raven Mills) suggests using this fabric in children's rooms.

Think of the advantages.

The colors are bright.

- The material is sturdy, water repellent and soil resistant.
- It has no right and wrong side.
- The fabric may be washed or dry cleaned, if it does get dirty.

Here are directions for making the window shades shown in the picture.

June vows are planned by Marsha Kay Hoskins of Davisburg Road and Daniel Lee Jenks, son of Mr. and Mrs. Lloyd Jenks also of Davisburg Road, Independence Township. She is the daughter of Mrs. George Pethers of East Washington Road, Independence Township, and Frank C. Hoskins of North Paddock Street.

June vows are being planned by Betty Lou MacNeil, daughter of the Grant J. MacNeils of Lake Orion and Oliver E. Owens, son of Mr. and Mrs. Harlan B. Owens of North Lapeer Road, Oxford Township. The bride-elect attended Graceland College, LaMoni, Iowa, and her fiance was graduated from Central Michigan University.

Use a spring roller from an old shade. Cut awning fabric to width of the roller, less one-eighth inch on each side.

Hem or bind sides if roller is less than width of fabric. If roller uses full width, it is not necessary to hem because the selvage edge prevents raveling.

★ ★ ★

To achieve the Camelot look across the bottom of the blind, square off top and bottom of the diamond instead of coming to a point.

Fold where diamond is widest and stitch fabric to fabric at top of diamond. This makes a series of large loops across the bottom of your blind.

BROOM STICK

Now saw a stick of wood the width of the blind. The stick should be round and at least as large as a broom handle. In fact, a broom handle works fine. Cover this stick with the fabric also.

Tack top of fabric evenly cross the roller. Insert the stick of wood in the loops. Hang blind.

Other lower edge of blind designs can be as varied as your imagination.

Scalloped edges with ball fringe are especially nice.

Cotton sheets come out of the bedroom entirely in this decorating treatment. A "fleur-de-lis" pattern by Lady Pepperell provides the right touch for valance and drapes, arm chair slipcover, and for the fireplace slipcover, an idea imported from France.

Awning fabrics have invaded the bedroom. Here, in a child's room you see bedspreads and window shades made of plaid awning fabric. The material is easy to handle, takes a lot of hard wear and may be water repellent, and soil resistant.

Colorful cotton prints used as broad window shading panels and a complementary cotton suede used as upholstery for the couch provide the professional touches for this living room setting at Bloomingdale's in New York. The result is an inviting room, modern in every way.

SEW SIMPLE
By Eunice Farmer

Dear Eunice:

Recently I purchased a length of ribbon knit from the yard goods department of one of our large stores.

I bought a very simple pattern to use for this material but I am wondering if I can make darts without too much bulk? Will I have to bind the raw edges?

Mrs. A.F.

Dear Mrs. A.F.:

It is better to choose a pattern without darts. A soft eased look will be more satisfactory.

Usually a blouson bodice and slightly eased skirt, or a one piece dress with a casing on the inside which can be fitted with a cord or tie belt in the casing will be better.

It often is better not to line this type of fabric. Instead you can wear a taffeta type slip.

If you do want to make a lining, make it separate and attach at the shoulders and waistline only, allow it to hang freely in the skirt like a "tube" type lining.

★ ★ ★

Dear Eunice Farmer:

I am only 14 years old and wish to convert my Daddy's V-neck sweater to a cardigan because the neck is stretched. Can this be done?

Bonnie T.

Dear Bonnie T.:

I'm proud of you for trying. If the sweater already is stretched too large, you can't lose and I bet you'll do a great job and the sweater will look like new.

Baste a 3-inch strip of firm woven interfacing on the wrong side of the sweater under the center front. Machine stitch several rows of stitching on each side of the center.

The interfacing will keep the front from stretching and will keep both sides even in length.

Carefully cut between the stitching. If you want the grosgrain ribbon to show, fold ½ inch of the cut edge of sweater over to the front, baste the grosgrain ribbon over the edge and machine stitch both edges (some hand knits are done by hand instead of machine).

Buttonholes can be made by machine and presto, the sweater is again wearable.

★ ★ ★

Many of you will be making suits and coats for spring. One of the telltale homemade looks is sleeves. Set in a perfect sleeve every time with the help of my leaflet, "All about Sleeves."

You may have your copy by sending a self-adressed, stamped envelope with 10 cents to Sew Simple, in care of The Pontiac Press.

Smoking During Pregnancy

Women who smoke during pregnancy can expect smaller, shorter babies, and can also expect to have babies classified as premature, that is, weighing less than five pounds.

Large-scale studies in the United States and Great Britain have established that a pregnant woman's cigarette smoking will adversely affect her baby.

One of the largest smoking-in-pregnancy studies, reported by Drs. Lewis E. Savel and Edward Roth of Beth Israel Hospital, Newark, N.J., shows that women smoking more than a pack of cigarettes a day will deliver babies weighing an average of 13 ounces less than the average babies of non-smokers.

Where the pregnant woman smoked less than a pack a day, the difference was almost halved.

This effect manifested itself in the same woman who smoked in one pregnancy and did not in another.

WEIGHTS

The average baby weight from non-smokers was seven pounds seven ounces; for moderate smokers it was seven pounds one ounce; and heavy smokers had babies with an average of six pounds ten ounces.

★ ★ ★

The Newark studies are supported by tests conducted on 2,745 mothers and infants at Aberdeen (Scotland) Maternity Hospital.

There, the children born to mothers who smoked were, on the average, 160 grams (almost 6 ounces) lighter than those of non-smokers.

Another study reported by Dr. John M. O'Lane of the U.S. Naval Hospital at San Diego links smoking to height as well as to weight.

This study shows that babies of women who smoked in pregnancy averaged one-half inch shorter than the infants of non-smokers.

People in the News

By The Associated Press

Touring British Princess Margaret and her husband, Lord Snowdon, mixed with leper children yesterday at a settlement at Kumi, Uganda.

The couple ignored warnings by doctors to keep clear of the patients because measles had just hit the settlement.

The British royal family has adopted three of the children in the settlement through the British Empire Leprosy Relief Association, which sends the family photographs and reports on the children's progress.

Astronaut Breaks Neck in Landing

Astronaut Walter Cunningham, who landed on his neck while trying a body flip on a trampoline Monday, suffered a simple compression fracture of a vertebra in his neck, officials of the manned spacecraft center said yesterday.

X rays showed the fracture.

Cunningham, 33, will have to wear a neck brace for about three months. He will be grounded during that period, but will keep up with other phases of astronaut training.

Officials said the trampoline accident occurred during Cunningham's personal exercise program to keep fit, and was not related to astronaut training.

Princess Anne Sets Sights on Heights

Britain's 14-year-old Princess Anne is taking a course in mountain climbing at Benenden, the girls school at Kent which she attends.

Her mother, Queen Elizabeth II, let the information drop yesterday during a chat with pupils at Manchester Grammar School, which she visited in honor of its 450th anniversary.

Israel Okays German Ties

JERUSALEM, Israeli Sector (AP)—Israel and West Germany are expected to start negotiations immediately following the Israeli Parliament's authorization for the opening of diplomatic relations.

West German Chancellor Ludwig Erhard's special envoy, Kurt Birrenbach, was due back from Bonn today for the talks.

* * *

Parliament voted 66-29 Tuesday night to establish full relations with West Germany. There were 10 abstentions.

Premier Levi Eshkol, suffering with the flu, left his sickbed to open the debate, retired while debate continued and returned to cast his vote.

He said the West German offer of diplomatic ties "constitutes a highly significant example of resistance to the extortionate pressure of our (Arab) neighbors, who claim the right to infect other states with an attitude of hostility and ostracism toward Israel."

Eshkol said "the need to strengthen and consolidate the state of Israel must weigh down the scale" against the considerable anti- German sentiment in Israel, a legacy from the Nazi extermination of the Jews.

* * *

Deputy Premier Abba Eban conceded that "it is not only the opposition that has deep-seated emotions regarding Germany — the entire House and the entire Jewish people are united in these feelings."

District Formula OK'd

WASHINGTON (AP) — The House has dealt what it hopes is a lethal blow at the gerrymander — that odd-shaped congressional district drawn to favor one party over another.

It did it by passing a bill setting federal standards for congressional districts, which would require districts to be "as compact as practical."

* * *

Although the definition is far from precise, the bill's backers made it clear they mean the courts to outlaw the weirdly shaped districts that take their name from an early Massachusetts governor, Elbridge Gerry.

Another provision of the bill would permit the population of a congressional district to be within 15 per cent of the average district in that state.

The bill, which passed by a voice vote, now goes to the Senate. Since it doesn't apply to the Senate, the House hopes the Senate will pass it speedily, without change. The provisions would go into effect in time for the 1966 congressional elections.

RESISTANCE TO PRESSURE

Many states have been under pressure to redistrict since the Supreme Court held last year that one person's vote in a congressional election should be worth as much as another's.

* * *

Although the 15 per cent population variation actually permits a difference of 30 per cent between the largest and smallest districts, the House hopes the court will heed its proposed standards as an expression of congressional policy.

* * *

The courts have been calling for such an expression to guide state legislatures in redistricting.

* * *

During the debate, which showed a great deal of confusion on the subject in the minds of many members, the argument most often used to win support for the bill was that if Congress didn't act, the courts would. And instead of a 15 per cent variation from the average, the courts might permit only 1 per cent, the House was told.

Pontiac Press Photo

OLYMPIC CHOICE — Abram Powell of Pontiac, who will be one of 150 U.S. athletes entered in the "Deaf Olympics" in Washington, D.C., in June, accepts a $100 check toward his fund from William White, member of the Pontiac Jaycees. The fund to raise $500 is being conducted by the New Bethel Baptist Church.

Runner's Goal Is Near

Aided by a $100 donation by the Pontiac Jaycees, the fund that will send Pontiac trackster Abram Powell to the 10th annual International Games for the Deaf at Washington, D.C. June 27-July 3, has now reached $381.

* * *

Powell, who attended the Michigan School for the Deaf, was named to compete in the "Deaf Olympics" after qualifying in the 400 meter run at Indianapolis last summer.

The United States is expected to have 150-175 competitors in the Deaf Olympics which are being held in the U.S. for the first time. In 1961 they were held in Finland.

More than 1,000 athletes from 38 nations will compete in the games this year, and the U.S. committee has set a goal of $500 to pay the way for each American athlete competing.

* * *

The New Bethel Baptist Church, 175 Branch Street, has been conducting the fund to raise the necessary $500 to send Powell to Washington.

Deadline is Monday March 27th to raise the amount. All funds must be in to the International Games headquarters by April 1st.

For Female Cagers

My, How Times Change!

OMAHA (AP) — "When I played basketball," Pat Landis recalls, "we used to stuff our uniforms in a bag and take a street car. About all we asked were suits that looked alike.

"Now the girls expect the coach to drive around and pick them up. Ane when they take a trip they have skirt-and-jacket traveling uniforms."

* * *

There's even a Texas team whose first stop, after flying into town for a tournament, is the beauty shop. Their sponsor picks up the tab.

But despite the change, says Pat, ther's no rush for the courts. There isn't even agreement on how to play when the gals get there.

Pat's is one of the voices calling for a change. She's concerned partly as an enthusiast of team sports for girls and partly because she has watched helplessly from the sidelines while American girls slipped from their lead in international competition.

"You Americans are always holding back," she was told by Peruvians, who couldn't believe the U.S. girls wern't able to do better.

ON COMMITTEE

Pat, a 39-year-old secretary, is chairman of the Midwest AAU Women's Basketball Committee and has served as secretary of the Olympic Committee on Women's Basketball.

She was chaperone and manager of the U.S. teams which played in Russia and Sweden in 1961 and the American team which took part in the Women's World Basketball Championships in Lima, Peru, last spring.

"I think Americans are lazy about training," says Pat, who watched foreign teams carefully warm up with calithentics, something she says Americans just don't do.

Russian girls play 11 months a year, but their American counterparts, says Pat, have limited time to play, often have only volunteer coaches and sometimes can't even find gyms to practice in.

But the big thing is the rules.

Girls' teams have six players, only two of whom are permitted to roam the full court. Dribbling customarily is limited to three bounces. But even these rules are not uniform throughout the country, limiting competition between teams from different areas.

For instance, the rules of the flourishing Iowa high school girls basketball tournaments differ from AAU rules governing play in neighboring Nebraska.

International tournaments are played by men's rules. The question has been raised as to whether a switch to the men's game wouldn't improve the caliber of U.S. play in international competition and solve the dilemna at home.

No, says Pat Landis.

"Few women I've seen can handle the unlimited dribble effectively," she asserts. "And a lot of our girls can't run the full floor for the whole game."

Besides, even the successful Russian teams who can dribble all they want prefer to pass instead, Pat adds, because it is a faster way to move the ball.

Stamina is the key and "think how many girls would pass up basketball entirely if we went to men's rules."

Her recipe for better girls basketball is uniform rules — but not men's — better training and a little more support from the sidelines.

Walled Lake Girls Post Perfect Mark

St. William's School of Walled Lake completed an unbeaten season Sunday in the Suburban Catholic Youth Organization girls' basketball league by beating Bloomfield Hills St. Hugo, 20-13.

During the two-month season, the 18 girls coached by Mrs. Walter Lorang beat St. Frederick and St. Benedict of Pontiac, Birmingham St. Regis, Hazel Park St. Mary Magdelene and St. Hugo twice each.

The girls will be presented trophies at an athletic banquet in the spring. Mrs. Lorang cited guard-forward Denise Birchard and forward Brenda George as the team's outstanding performers.

"All I said was:
Show me a filter that delivers the taste and I'll eat my hat."

Trappers' Luck Tied to Weather

LANSING (AP) —The whims of the weather during the next week will have a telling effect on the success of the beaver and other trapping seasons in Michigan this year.

The season opens March 20 in the Lower Peninsula and April 3 above the straits.

* * *

A fast breakup of the fairly severe winter would enable trappers to go out after pelts.

Fur prices are expected to be slightly higher than last year. A good beaver pelt now is going for about $18 to $20. This is far from the price of up to $60 for a prime pelt 12 to 15 years ago.

Prime otter pelts now are worth more than beavers, fetching as much as $25 or $26.

Trappers are expected to take a slightly better harvest this spring in the Upper Peninsula and a more modest take than last year in the Lower Peninsula.

Above the straits, regulations are slightly more liberal than last year because of increased beaver numbers. Several large areas in Menominee, Marquette and Mackinac Counties have been reopened to trapping.

SIDE BENEFITS

Trapping reguations in the Lower Peninsula are slightly more restrictive this year, not only to conserve the beavers but in recognition of their value as creaters of habitat for waterfowl and the side benefit of water conservation from beaver dams.

Beaver trapping has been closed in Presque Isle County and in parts of Montmorency, Alpena, Wexford, Missaukee and Roscommon Counties for these reasons.

* * *

A liberal bag limit of eight beavers will be allowed, however, in the southern counties of Barry, Kalamazoo, St. Joseph, Huron, Tuscola, Sanilac and Lapeer to keep the animals from overrunning farm lands, where they would be a nuisance.

On the southwest side of the northern Lower Peninsula a recent restriction against taking otter will be lifted but a bag limit of one will be in effect.

Otter again will be off limits in Southern Michigan.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

Day	A.M. Minor	A.M. Major	P.M. Minor	P.M. Major
Today	6:40	11:20	6:25	11:45
Thursday	7:10	—	7:40	12:05
Friday	7:40	12:40	8:50	12:55
Saturday	8:10	1:30	9:50	1:50
Sunday	8:40	2:20	10:40	2:40
Monday	9:15	3:10	11:00	3:35
Tuesday	9:55	4:00	11:30	4:25
Wednesday	10:35	4:55	11:55	5:20

Pontiac Press Photos

'BE CAREFUL'—Fluff, an American Eskimo dog, looks around to make sure two of her pups are in good hands. Billy McCoy, 2, (right photo), the son of Mr. and Mrs. James R. McCoy, 5550 Park, West Bloomfield Township, appears to have the situation under control.

Warm Reception for 'Eskimo'

A closet door was opened and a white bundle of fluff bounded out.

Another squirming bundle was discovered sleeping behind a footstool. The third was carried to the living room from another part of the house.

* * *

While all this was going on a dog about the size of a springer spaniel was shuttled from one bundle of white to the other, occasionally barking, acting worried like any good mother.

Only she isn't a spaniel — there's no other resemblance except in size. This snow white dog carries the name American Eskimo.

Fluff, as she is called, and her trio of three-week-old youngsters are owned by Mr. and Mrs. James R. McCoy, 5550 Park, West Bloomfield Township.

"As far as we know," said McCoy, a school teacher who is currently on leave from the Pontiac system while taking graduate courses at the University of Michigan, "we have the only American Eskimo dogs in this part of Michigan.

While two-year-old son Billy played with the pups, McCoy explained:

"The others are at Mount Pleasant where we obtained Fluff and at Alvordton, Ohio, just across the state line south of Jackson."

SMALLER BREED

The American Eskimo is a smaller, more whiter version of the Eskimo breed recognized by the American Kennel Club. The American stands 15 inches at the shoulder, about seven inches smaller than the Eskimo breed of dogsled fame and is not as heavy.

* * *

Although its pedigree is questioned by the staid AKC, the dog is "highly intelligent, a good family pet and is becoming more popular," according to McCoy.

"The size and color have been bred into the dog," said McCoy. "They are easily trained. Fluff's grandfather was with Ringling Bros. circus."

The McCoys came across Fluff at the farm of some friends near Mount Pleasant where they both taught school after coming to Michigan. Mrs. McCoy, a native of Illinois, teaches at Alcott school.

"Fluff joined the family in 1960 and we came to Pontiac in 1961," said McCoy.

Mrs. V.T. Stout of Avordton, Ohio, is mainly responsible for the increasing popularity of the American Eskimo in the midwest, McCoy pointed out.

"She started with one litter of pups and the demand became so great that she now operates Mello-O-Bark Kennels."

Fluff does have a registered name. It's Princess Snow Fluff. The registration is with the United Kennel Club of Kalamazoo.

"I placed an ad in the classified section of The Pontiac Press and the first day we sold two of the pups," said McCou.

"We plan to keep the remaining one."

CHARLES E. MOHR

Audubon Program April 1

The Pontiac Audubon Club's annual Screen Tour April 1 will feature "The Living Wilderness."

Charles E. Mohr, director of the Kalamazoo Nature Center, will present the film at Lincoln Junior High School at 8 p. m.

He is a former director of the National Audubon Society's educational center in Greenwich, Conn.

Mohr is active in the movement to save natural areas in this country and his film will depict these areas.

Tickets are available from PAC members and also will be sold at the door.

Fun Match for Dogs

The Jackson Canine Training Club has scheduled an indoor fun match for obedience and conformation dogs March 28, at 1122 E. Michigan, Jackson. Registration opens at 9 a. m. the day of the match.

Ice on Lakes Not Too Safe

Removal of Shanties Urged by Officials

Ice on area lakes is beginning to deteriorate and Conservation Department officials warn that shanties should be removed.

Most of the shanties were pulled when pike spearing ended Feb. 28. But a few remain. Shanties that break through must be removed or the owners could face prosecution.

Fishing pressure has been very light.

Some perch and bluegills are being taken on Elizabeth, Oxbow and Square lakes. Bluegills continue to hit on Stringy and Lake Louise.

Perch are running small on Anchor Bay, but good catches of crappies are reported. The ice on Anchor Bay is all right during the morning. In the afternoon it becomes treacherous.

State Seeking Outdoor Fund

LANSING (AP)—Sens. Thomas Schweigert and Garland Lane sought to put Michigan on the track of $2.5 million in federal outdoor funds today.

The Petoskey Republican and Flint Democrat were to introduce legislation which would qualify Michigan for programs of federal aid relating to the planning and development of outdoor recreation resources and facilities.

A state must have an approved comprehensive outdoor recreation program to qualify for the matching fund program.

3 Quality Trout Fishing Areas on State Schedule

Three new quality trout fishing areas, covering about 21 miles on the Escanaba and Little Manistee rivers of northern Michigan, are to be established under special regulations by Conservation Director Ralph A. MacMullan.

The areas will be designated to provide a premium brand of fishing through more protective controls which go into effect with the start of the 1965 trout season, April 24.

Putting emphasis on quality instead of quantity, the regulations limit fishing to artificial lures.

Special areas of the two rivers will have a minimum 10-inch size limit, three inches above the statewide restriction, and a creel limit of 10 trout per day.

Established as a special trout area in Delta County will be a 6.8-mile section of the Escanaba River downstream from the Boney Falls Dam to the County Highway 519 bridge.

Coming under quality controls on the Little Manistee River will be a 7-mile stretch from Spencer Bridge to Johnson's Bridge in Lake County, and a 6-9-mile stretch from the west boundary of the U.S. Forest Service Bear Track Campground, Lake County, to Nine Mile Bridge, Manistee County.

Paces Wolf Hunters

KENORA, Ont. (AP) — Oral Desrud of Rolla, N.D., bagged four wolves in three days and won a $100 prize Saturday in airborne wolf hunting competition at the Lake of the Woods Snow Carnival.
