

## Walkout Is Averted

# UAW, Chrysler Reach Last-Minute Accord

THIS WAY — Pontiac Public school elementary pupils trooped back to classrooms this morning. These first graders at the Robert Frost Elementary School discovered a sign to lead them to their new classrooms. Half-day

sessions will continue tomorrow for grade school students, except kindergartners, who report Monday, with full class sessions on Friday.

Pontiac Press Photo

## Reuther Says Pact 'Historic'

DETROIT (AP)—Chrysler Corp. and the United Auto Workers Union reached a last-minute agreement today on a precedent-setting contract which includes pensions of up to \$400 a month and improved health benefits.

The three-year contract, reached a scant 55 minutes before a scheduled nationwide strike by Chrysler's 74,000 UAW members, was termed by the union president, Walter P. Reuther as "the most historic agreement in the history of the American labor movement with respect to pensions and security for workers."

The contract agreement, announced jointly by Reuther and Chrysler Corp. Vice President John Leary, is expected to set the pattern for the union's negotiations with General Motors, Ford and American Motors.

Spokesmen for Ford, GM and AMC had no immediate comment on the pact which calls for an over-all economic package averaging 54 cents an hour for each worker during the three-year life of the agreement.

Reuther was not specific on how the new contract would affect straight wages. He indicated the annual improvement factor would remain the same—an increase of two and one-half per cent or six cents hourly, whichever is greater—with a possible increase in the third year of the contract.

Other provisions include an increase in retirement pension benefits, two additional holidays, increased vacations, and improved hospital and medical benefits for workers and their families.

On the issue of improved working conditions—which the UAW had described as one of its priority demands—the contract increases the daily relief time for each worker to 36 minutes from 24.

**STOPS WALKOUTS**  
The agreement ended the possibility of major walkouts at Chrysler's 40 plants in 12 states, which would have crippled production on new 1965 models.

Several walkouts were reported at Chrysler plants today. Union spokesmen termed them "expressions of exuberance" (Continued on Page 2, Col. 2)

ANNOUNCES SETTLEMENT — United Auto Workers President Walter Reuther (right) announces settlement of contract negotiations with Chrysler Corp. today in Detroit.

At Reuther's right is John Leary, vice president in charge of labor relations for Chrysler. Others in the jam-packed room are negotiators and newsmen.

## OK Reopening of Baker Probe

WASHINGTON (AP)—The Senate Democratic leadership voted unanimously today for reopening the Bobby Baker investigation, with specific attention to a charge of a \$35,000 political payoff by former Ambassador Matthew H. McCloskey.

Sen. Mike Mansfield of Montana, the Democratic leader, told newsmen that late in the day he will introduce a resolution renewing the authority of the Senate Rules Committee to probe the Baker case.

He said the resolution will direct the committee specifically to look into the charge made by Sen. John J. Williams, R-DeL., last week that McCloskey, a Philadelphia contractor, made a \$35,000 payoff to the District of Columbia Stadium contract.

Williams charged in a Senate speech that \$25,000 of the \$35,000 was channeled through Baker, resigned secretary to the Senate's Democratic majority, to the 1960 Kennedy-Johnson campaign fund.

After a closed meeting of the Senate Democratic policy committee, Mansfield said the members had agreed unanimously that he should immediately introduce a resolution instructing the rules committee to investigate the matter.

## New Pension Plan Terms Outlined for Auto Union

DETROIT (AP)—Here is how the new pension plan between the United Auto Workers union and Chrysler Corp. will work:

The basic pension scale has been increased from \$2.80 per month to \$4.25 a month for each year up to 30 years service.

Thus a worker who retires at 65 will get \$127.50 a month from the company plus normal Social Security benefits.

**Finnish U. N. Mediator Is Reported 'Grave'**

HELSINKI, Finland (AP)—The condition of Sakari Tuomioja, U.N. mediator for Cyprus, has worsened, a medical bulletin said today.

Private sources said the Finnish diplomat's condition is considered grave.

Tuomioja suffered a stroke in Geneva on Aug. 16. He was flown to Helsinki on Sept. 3.

However, a worker can retire under an incentive program at 60 or even at age of 55.

The company would supplement the basic \$4.25 pension scale so that a worker, for example, who retires at 60 would draw almost \$400 per month.

When he reached 65, the supplement would be eliminated because he then would be eligible for Social Security.

**SCALE REDUCED**  
If a worker retires between 55 and 60 the supplement and the basic pension scale are actually reduced.

A worker who retired at 55 with 30 years service could get up to 70 per cent of his base pay in retirement benefits.

The UAW said the average retirement benefits for a worker at 60 with 30 years service would be \$381 a month in 1965 and \$391 if the employee retired in 1966, the difference being the higher wage the worker would be earning in 1966 than in 1965.

The 14,000 former Chrysler workers now on pension will have higher retirement benefits, too.

**EARLIER PLANS**  
Workers who retired under earlier plans were getting \$2.25 a month for each year of service will now get \$3.70 per month, an increase of \$1.45 per month.

In addition, the company agreed to pay all the hospital and medical insurance premiums for workers now on retirement.

The new benefits were expected to be worth \$620 a year for retired workers who had put in 30 years at Chrysler.

## Chance of Showers Today or Tonight

There's a chance that scattered thundershowers headed this way will arrive late today or tonight.

Temperatures dropping to a low of 65 to 70 will climb into the high 80s tomorrow. Partly cloudy and warm with scattered thundershowers likely is the forecast for tomorrow.

**Partly cloudy and cooler is Friday's prediction.**

Winds variable at 5 to 15 miles per hour today and tonight will become south to southwest at 8 to 18 m.p.h. tomorrow.

A warm 69 was the low in downtown Pontiac preceding 8 a.m. The 2 p.m. reading was 87.

## Will Study Congress Chiefs Called In Pollution of Crystal Lake

City officials intend to study sources of pollution of Pontiac's Crystal Lake, including sewage from storm drains in Waterford Township.

Joseph E. Neippling, city engineer, told the City Commission last night that a testing program would be initiated to determine the amount of pollution and its sources.

After hearing Neippling report on the pollution problem, commissioners indicated they would formally accept a request from Waterford Township for sewage service as an initial step next week.

"We need to know the magnitude and density of the pollution," said Neippling, "and in order to do this we must test over a period of time."

Neippling said one major source of pollution was from storm drains.

Back in the 1930's, Waterford Township residents in the area were permitted to connect sewage lines to the storm drains, which feed into the lake, he said.

A request made in 1963 by the township for sanitary sewers in the remaining unsewered areas of the west end drain was revived last night.

Neippling presented the commission with the township's request.

The area covered, he said, is south of Elizabeth Lake Road to two blocks south of Huron, extending west of Telegraph about three blocks.

However, Neippling said this might not be total solution to the pollution of Crystal Lake. An engineer has been assigned to study the lake conditions on a full-time basis.

Several residents complained to the commission last night that the pollution is a health hazard to children playing in the area.

City Manager Joseph A. Warren outlined the steps to be taken to clean up the lake, starting with the study to determine sources of pollution.

Then the area to be served (Continued on Page 2, Col. 4)

WASHINGTON (AP)—President Johnson called Democratic and Republican congressional leaders to the White House today for a meeting with him and Gen. Maxwell D. Taylor, the American ambassador to South Vietnam.

After holding the second of a series of meetings with Taylor, Johnson summoned newsmen and told them he was inviting the Congress members to the White House because he thought Taylor's statements had "sufficient interest and importance."

The President, Taylor, and top diplomatic, military and intelligence officials, had conferred for more than an hour this morning.

There was a 45-minute session yesterday between Taylor and Johnson.

The congressional leaders were asked to come to the White House at 2 p.m. (Pontiac time).

Johnson said Taylor had returned from troubled South Viet Nam on what the President described as a first of a series of regular home visits to bring top officials up to date.

Johnson said Taylor had reviewed events in South Viet Nam "thoroughly."

In addition to the White House conference with congressional leaders, Johnson said Taylor would appear before a number of congressional committees.

Among those sitting in on this morning's conference were Secretary of State Dean Rusk, Secretary of Defense Robert S. McNamara, Director John A. McCone of the Central Intelligence Agency, and Gen. Earle G. Wheeler, chairman of the Joint Chiefs of Staff.

Johnson told reporters a statement would be issued after the meeting with congressional leaders. Meanwhile, he said, Taylor would give the newsmen an account of "what we have been discussing."

## Dora Starts to Lash Florida Coast Cities

ST. AUGUSTINE, Fla. (AP)—Hurricane Dora, still a bashing at the "charmed city" of Jacksonville, sent 76-mile-an-hour winds thundering through the ancient streets of

giant storm, which has indirectly taken three lives, thrashed slowly toward the northeast Florida coast at eight miles an hour.

First advance gusts of hurricane force to reach shore knocked out telephone service to Marineland, a tourist spot 20 miles south of here noted

for its collection of living sea creatures.

Waves were beginning to break over St. Augustine's seawall into bayfront parkway, a main tourist thoroughfare in the nation's oldest city.

At the same time, Jacksonville was feeling the first blows.

AP Photos

STORM VICTIM — A sand dredge lies on its side on the bottom of the Halifax River at Daytona Beach, Fla., today, sent down by strong winds and high waves from Hurricane

Dora. Winds were measured at more than 70 m.p.h. early today with the strength expected to increase as the storm heads inland.

WASHINGTON (AP)—President Johnson declared nine east coast counties of Florida a major disaster area today because of damage from Hurricane Cleo. The state is now facing an even bigger hurricane, Dora.

Sixty excited East German police appeared on the Eastern bank of the canal and shouted, "Come back, Harro. Here, Harro. Here, Harro."

But Harro never even looked their way.

## Police Dog in E. Berlin Flees Reds

BERLIN (UPI)—Harro, an East German police dog, yesterday deserted his post as many Communist border guards have done and fled to the West.

Suddenly he jumped into the 50-yard wide canal and swam furiously to the Western side. With tail wagging happily, he was pulled up the bank by a West Berlin policeman.

Five excited East German police appeared on the Eastern bank of the canal and shouted, "Come back, Harro. Here, Harro. Here, Harro."

But Harro never even looked their way.

## LB Plane Didn't Have MD, Aide

## It's Humphrey vs. Barry in Key Farm Policy Clash

WASHINGTON (AP) — President Johnson, who sometimes likes to depart from tradition, flew to Detroit Monday without having a physician or code-carrying military officer aboard his small jet transport.

The doctor and the officer went to Detroit aboard a second plane that flew an identical route. All available space on Johnson's aircraft was occupied by the President and his wife, five Democratic members of Congress from Michigan, two labor union officials, a White House speechwriter and two Secret Service agents.

During the Kennedy administration, and on earlier flights by Johnson, both the physician and the code officer had flown regularly aboard the presidential plane: one, available to treat any emergency health problem and the other to hand over top secret codes that the chief executive might urgently need in a national security crisis.

On the Detroit trip, it was learned Tuesday night, the plane that carried the doctor, the military man and other White House aides had a pressurization breakdown and descended from 24,000 feet to 8,000 feet. The White House said this "presented no hazards whatsoever."

**IDENTICAL PLANE**  
The plane was identical in mechanical features to the Air Force Jetstar transport used by Johnson on that day.

Johnson has occasionally used a Jetstar as presidential transport, starting with a June 26 flight to a Democratic fund-raising dinner in Detroit. He often used one as vice president.

The Jetstar was cleared for presidential travel by the Federal Aviation Agency earlier this year, after some modifications were made in the craft.

John F. Kennedy used one only once, when no larger jet was available, to fly to Cape Cod last year for the premature birth of a son who died within 48 hours.

Some White House and Pentagon officials have expressed unhappiness privately about Johnson's use of a Jetstar, arguing that it lacks the size, crew, capacity or full range of communications gear available on the regular presidential transport, a Boeing 707.

**Suttons Bay Man Killed**  
SUTTONS BAY (AP) — Alex P. Agosta, 21, of Suttons Bay was killed today when his car left U.S. 31 and crashed near the southwestern Michigan community.

**WASHINGTON (AP)** — President Johnson has decided to pit vice presidential nominee Hubert H. Humphrey against GOP presidential candidate Barry Goldwater in a traditional two-party clash on farm policy.

Johnson has assigned the Minnesota senator to present the Democratic viewpoint on farm problems at the annual National Plowing Contest near Fargo, N.D., Sept. 19.

**Settlement in Chrysler, UAW Talks**  
(Continued From Page One) and said normal production would resume later today.

Reuther said he had notified all units of the settlement and had instructed them to continue negotiations on all-the-plant grievances. This was expected to prevent any local wildcat walkouts.

More than half of the 106 UAW bargaining units already have reported settlement of their problems.

Reuther said the early retirement benefits call for a monthly payment of \$400 for each worker at the age of 60 with 30 years of service. The pension, however, is not to exceed 70 per cent of the worker's pay at the time he retires.

**NEW HOLIDAYS**  
The two new holidays added to the present six full and two half-day holidays were Good Friday and the birthday of each worker.

For those already retired, Reuther said the new contract calls for fully paid hospital and medical insurance, plus an increase in pension payments averaging \$629 a year for those with 30 years' service.

In addition, survivors' benefits for widows were included in the contract for the first time.

Both Reuther and Leary expressed pleasure over the agreement.

**BARGAINING WORKS**  
"This demonstrates beyond question that free labor and free management can make collective bargaining work," Reuther said.

"I am pleased that we were able to arrive at a settlement good for our employees, our dealers, and our shareholders," Leary said.

**Waterford Township Board**  
Waterford Township Board members last night appointed two trustees to fill the two vacancies on the seven-member board.

Named to the board were Allen Olson, a pharmacist and druggstore owner, and Rudy Mansfield, a used car lot operator.

The two will begin their duties on the board next Monday. Neither has announced a party affiliation.

Olson, 41, is married and has five children. He has lived in the township five years.

Married and the father of two, Mansfield, 34, has been a Waterford Township resident eight years.

**Township Supervisor James E. Seeterlin** recommended Olson's appointment and Mansfield was recommended by Treasurer Mrs. Dorothy Olson. Both were approved unanimously by the board.

The new board members both will serve until April, 1967.

They replace John Coleman and Kenneth Preston who recently moved from the area and resigned from the board.

In other business at last night's relatively brief meeting, the board established a per diem salary of \$15 for members of the board of canvassers.

**LIBRARY SHELVING**  
Board members also accepted the low bid for shelving in the new library building, and tabled action of awarding contracts for other equipment pending further study of bids.

Seeterlin announced that the Waterford Friends of the Library would donate carpeting for the library building and attempt to raise additional funds for library equipment.

Warren indicated that all of these steps would take time, but that the process would get started next week with a formal resolution.

**Waves washed over highway AIA between St. Augustine Beach and the mainland.**

**ALMOST DESERTED**  
The Mayport Navy Base at Jacksonville, which usually hums with activity, was virtually deserted except for four destroyers on repair status in the basin. Other vessels put to sea to ride out the storm. Lighter craft were moved upriver.

**A 5-foot tide topped by crashing waves rolled into the beach along the ocean side of a narrow peninsula just across Matanzas Bay from St. Augustine.**

Another hurricane, Ethel, was "stacked up" in the Atlantic like an airliner over a crowded airport, apparently waiting for Dora to land before making her own move.

Ethel, with winds of 80 miles an hour, has remained stationary for several hours 350 miles south-southeast of Bermuda and almost due east of Dora.

The St. Augustine peninsula almost completely evacuated by its some 3,000 residents late yesterday and early this morning, many leaving via National Guard trucks and public school buses.

"There will always be some people who will refuse to move," said Civil Defense Director Fred Lillis. "All we can do is let them stay."

The Weather Bureau said tides up to 10 feet were running ahead of the massive hurricane in a small area north of its eye.

**Hurricane and gale winds raged over 200,000 square miles of the Atlantic.**

**OUT OF DANGER**  
Apparently out of danger were 5,000 persons who ignored the warnings of Civil Defense workers and chose to ride out the storm in oceanfront homes at Daytona Beach, about 50 miles south of St. Augustine.

**Study Crystal Lake for Pollution Cause**  
(Continued From Page One) by the proposed sanitary sewers must be added to the city's contract with Waterford Township, Warren noted.

He said this would enable the city to process the township's sewage through Pontiac's treatment facilities.

Finally, the township must build the sewers. In order to do this, he added, lengthy public hearings must be conducted to see if residents of the area want sewers.

Warren indicated that all of these steps would take time, but that the process would get started next week with a formal resolution.

## Pontiac City Affairs

## Bids Opened on R20 Work

Bids were received last night by the City Commission for site improvements in a portion of the R20 urban renewal project. Bids of \$68,228 and \$70,764 were submitted for the site improvement contract.

The apparent low bid was entered by Stanley B. Jones of Pontiac. The higher bidder was A & A Asphalt of Pontiac Township.

The site improvements include tree removal, sidewalk construction, street, modernization and site grading.

The city engineer will make a recommendation for awarding of the contract next week.

## ADVERTISING FOR BIDS

In related action, the commission authorized advertising for bids for demolition of the remaining buildings in the R20 project.

The bids will be received Sept. 23, at 2 p.m.

The final contract should include all remaining buildings in the project unless provisions develop in the acquisition of properties, city officials said.

Legal action against Sam Allen & Son, Inc., operators of a scrap yard at 22 Congress, was again deferred one week.

## OK EXTENSION

City Commissioners agreed to the extension because of prog-

ress made in eliminating noise made by a metal crushing machine.

In other business at last

## Africans Rebuff China

LONDON (AP) — Authoritative British circles believe that Red China's ambitions in Africa have suffered an important check from the rebuff of Peking's offer of a \$50-million loan in exchange for recognition by the fledgling state of Malawi.

Malawi Prime Minister Hastings Banda said Tuesday the loan offer was made by the Chinese Embassy in neighboring Tanganyika. Banda said he rejected the bid and fired three government ministers who wanted him to accept.

British officials expressed belief that if Banda survives the political crisis, this could amount to a considerable success for Western attempts to thwart the spread of Red Chinese influence in Africa.

There was general belief that Banda is likely to win the support of his Parliament.

## RED TARGET

Malawi was a British protectorate until it won independence within the Commonwealth two

months ago. Since then, it has become a major target of Red Chinese subversion.

Peking's penetration of the new African countries is a major concern of both the United States and Britain.

Ten years ago, there was not one Red Chinese embassy in Africa. Now there are 14. The activity of the staffs has doubled since Premier Chou En-lai made a tour of the continent last March and said as he left for home, "Revolutionary prospects are excellent throughout Africa."

A prime target of the Communists — and the one that causes most Western headaches — is the former Belgian Congo.

The former French Congo and its capital, Brazzaville, have been heavily infiltrated by Red Chinese diplomats and agents.

Burundi, a former Belgian trust territory, also is subject to heavy Peking pressure.

The assessor was slated to retire at age 65, the city's legal retirement age. Employees may apply for a maximum of two, six-month extensions.

Approval was also granted the AFL-CIO to conduct a voter registration drive door-to-door prior to the Nov. 3 general election.

The city clerk will deputize members of the labor group to register voters.

## Contract Dispute Ended, Says Star

HOLLYWOOD — Actor-producer Jack Webb says he has settled his contract dispute with Warner Bros., the studio that fired him last December, and is back at work.

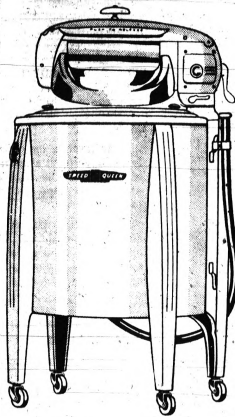

Since Webb sued the studio last Dec. 30, he has been receiving \$3,000 a week without having to work. He claimed in his suit that under a three-year contract he had with the studio, he would be due \$36,000 by the time it expired Feb. 20, 1966. The matter was settled out of court.

Webb said he will continue to draw \$3,000 per week, extra pay and a share of the profits for producing a new movie. He'll also have the right to work on outside television shows.

Mississippi's cigarette tax highest in the nation, Tax Foundation reports.

Inter-city transportation by more than 21 per cent of the motor truck, now accounts for value of all shipments

# Orchard Lake Meeting Set to Air Proposed Charter

ORCHARD LAKE—Residents here are going to hold another meeting to discuss the shape of their community.

A session has been scheduled for 8 tonight for review of the proposed city charter.

The last time residents of the village held a mass meeting, they decided that the city form of government was best for Orchard Lake.

About 100 persons attended the session last October, at which a citizens committee reported on the results of its in-

## AREA NEWS

Investigation. The study group backed a move toward cityhood and the question was put on the ballot.

In March, electors supported the switch from village to city

204-124 and elected a nine-member commission to draw up a charter for the new municipality.

### CONSIDER CHARTER

Now they must consider the charter which was printed and distributed to all residents early in August.

Election on the charter will be held early in December, but first those who wrote it want the opinions of those who will live under it if it passes.

They have emphasized that

it's not too late to make changes.

"We want to get comments from the residents to see if we want to make any changes before submitting it to the governor," commission chairman S. F. Leahy said.

### REQUIRES APPROVAL

The proposed charter must be approved by the governor 70 days before an election can be held on it.

Those favoring the cityhood move supported it as a means of maintaining informal government in the residential community.

They said that charter commissioners would have little time to write the document and would have to rely on the existing village charter to a great extent.

But commissioners have not compared the new charter to the old one, Leahy said.

### NEW CHARTER

Instead, they have written an entirely new charter geared to the needs of the residents as they see them, he noted.

Others who serve on the commission with Leahy are Kenneth Treacy, Frederick S. Strong Jr., John C. Hall, Mrs. Katherine M. Baker, Edwin M. Douglas, Harold Knisley, Everett R. Casey and Theodore Bloom.

The Michigan Municipal League has reviewed the charter and commented favorably on it, suggesting only a few changes which have been incorporated in the text.

One of the aims of the charter drafters was to make the document readable and less cumbersome than the present one.

Residents have been given a month to read and digest it. They now can express their views informally before casting a formal vote in December.

### PUBLIC MEETING

The public meeting will be held in the West Bloomfield High School auditorium.

## Add Voting Machines in Orion Twp.

ORION TOWNSHIP—Electioneers here may never again face the time-consuming, frustrating task of casting their votes on paper ballots and voting machines in the same election.

The township board last night voted unanimously to purchase two more automatic voting machines at a cost of \$1,640 each from Doubleday Bros., Kalamazoo.

The new machines, slated for delivery by Oct. 1, should eliminate the dual voting method which slowed vote tabulating and the voting process itself in the recent primary election.

Supervisor John Lessner said today that "unless they pull some freak election, we'll be on machines from now on."

There will be three automatic machines in each township precinct once the new machines are delivered.

### OTHER ACTION

In other action, election workers were voted a raise in pay from \$15 per vote to \$20 per day. There are five or six such workers in each precinct.

The board awarded a contract for the paving of the parking lot behind the township hall to A & A Asphalt Paving Co. of Birmingham in the amount of \$1,168.

Appointments to a new township planning commission were tabulated to give the board time to interview prospective appointees.

## Talks Halted in Paper Strike

DETROIT (UPI)—Negotiations in the Detroit newspaper strike were suspended last night and scheduled to resume at 10 a.m. Friday.

No progress was reported in the dispute which began July 13 by a walkout of two craft unions at the Detroit News and the Detroit Free Press.

The strike is the longest in Detroit newspaper history.

## Public Hearing Is Canceled

Planners in Oxford Must Meet First

OXFORD—A public hearing on the master plan submitted by planning consultants Villanueva & Associates, originally slated for Sept. 29, has been canceled.

At its regular meeting last night, the village council canceled the Sept. 29 meeting, having been informed by the village attorney that the planning commission must meet before a hearing date can be set.

The planning commission is scheduled to meet Sept. 30.

A proposed village ordinance prohibiting "certain acts of disorderly conduct and providing penalties for violations" received its first reading last night.

A second reading at the Sept. 29 meeting will be followed by the council's vote to approve or disapprove the ordinance with or without changes.

The council accepted a bid from the Kelly Creswell Co. of Xenia, Ohio, for a road paint strip machine in the amount of \$193, and was informed that the paving of 2½ miles of village roads will be completed within a week.

To make a ton of hay at 10 per cent moisture, reports the American Grassland Council, 7,000 pounds of water must be removed from 9,000 pounds of fresh cut forage.

## At Washington Church

## Gospel Singer to Appear

WASHINGTON—Internationally known singing evangelist F. H. Lacy, who carries the name "The Gospel Singer," will be featured Friday at a special service at the First Baptist Church.

Lacy founded the Cleveland Colored Quintette and traveled with the group for 27 years across two continents.

Robert Tabin of Pasadena College, Calif., will accompany Lacy in a program of numbers most loved by his audience and recorded by several companies.

The special service, to which the public is invited, will begin at 7:30 p.m.

H. LACY

## Baked Ham Dinner at Lake Orion Church

LAKE ORION—A baked ham dinner will be served, family style, at the Reorganized Church of Jesus Christ, 531 Flint, tomorrow night.

Proceeds from the dinner, to be held from 5 to 7 p.m., will go into the church building fund.

## Ingham Official Sues to Curb Miller Books

LANSING (AP)—Ingham County Prosecutor Leo Farhat filed suit Tuesday to remove Henry Miller's controversial books, "Tropic of Cancer" and "Tropic of Capricorn" from public circulation.

In a suit filed in Ingham County Circuit Court, Farhat charged that both books violate the state's obscenity statutes.

## Townships Set Joint Confab

Officials to Discuss Enforcement of Laws

Township officials from Oakland, Wayne and Livingston Counties will meet Sept. 23 to discuss the enforcement of laws with those who make them on the state and national levels.

Members of the Michigan Townships Association in these counties will convene at 7 p.m. at Pine Knob Ski Lodge on Sashabaw Road in Independence Township.

The counties involved comprise the 16th, 16th, 17th, 18th and 19th Congressional districts.

The annual meeting, for which Oakland County is host this year, will feature a "face-to-face" discussion among Congressmen, state senators, state representatives, state officers, county officers and township officials.

Several hundred township officials are expected to attend.

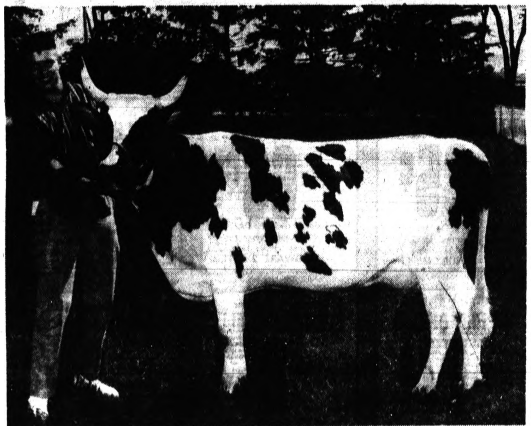

Others invited include Congressmen, state senators and state representatives for the three counties, as well as Oakland County officers.

Although the meeting has been called primarily for Michigan Townships Association members, the group's directors noted anyone interested in local government is invited to attend.

LEADERS FOR 3,165 YEARS—Volunteer 4-H Club leaders, who have a combined total of 3,165 years of leadership behind them, were honored during the annual State 4-H Show last week. Among them were four area leaders. Presenting them with 4-H Clover Awards on the Michigan State University

campus was E. J. Clabuesch (right), president of the Michigan 4-H Club Foundation. Recipients were (from left) Keith Middleton, Oakland Township; Mrs. Isabel Kipp, Pontiac Township; and Mrs. Glenda Lawrence and Mrs. Laura Smithling, both of the Holly area.

TOP DAIRY SHOWMAN—Norman Mills, 15, was the winner of the Ayrshire senior dairy showmanship contest at the annual State 4-H Show held recently at Michigan State University.

A member of the Oakland 4-H Club, Norman is the son of Mr. and Mrs. Osburn Mills, 5200 Oakhill, Grosse Pointe Township.

## Troy Schools to Bus Some Young Pupils

TROY—Early elementary school students attending the Big Beaver School and living on Colebrook or Trombley will be bused to school temporarily.

The Troy School Board last night approved temporary shut the bus service for kindergarten and first through third grade students at Big Beaver who live on the two streets, due to a necessary delay in the establishment of gravel paths along their route to school.

Parents of students in that area had complained to the board earlier that the route was dangerous for walking students.

Although the board has planned gravel paths in such cases, such a remedy is presently impractical along Rochester Road.

### NOT YET

Schools Supt. Dr. Rex B. Smith said that the Troy sewer system includes a planned trunk line along Rochester, and that "there is no sense in putting gravel paths (along Rochester from Colebrook and Trombley to the school) and then having them torn up by machinery used to put the sewer line in."

Dr. Smith informed a delega-

tion of parents of Big Beaver students using that route that they would recommend temporary shuttle service for the early elementary students in the morning and afternoon.

The board later approved the plan.

Dr. Smith said today that the first bus to arrive at the Big Beaver school in the morning will then make a run up Rochester to Colebrook and Trombley to pick up the early elementary students living on those two streets.

The cost of the temporary extra route will be met through regular school bus funds. There will be no reimbursement from the state, inasmuch as the students concerned are all within ½ miles of the school.

### PAPER BALLOTS

The board reluctantly agreed last night to use paper ballots in the Oct. 2 bond issue election, after learning that the voting machines may not be ready in time.

A good stand of grasses and legumes is over 300 times as effective in saving soil, and 6 times as effective in reducing run-off, as a clean-tilled crop on the same kind of land.

## Oakland Twp. Okays Raises

OAKLAND TOWNSHIP—Raises for township officers, and an increase in the pay trustees receive for each meeting, have been approved by unanimous vote of the township board.

Raises in the amount of \$500 per year were approved for the supervisor, clerk and treasurer.

The supervisor's and clerk's salaries will be \$2,500 with the raise, while the treasurer's salary was increased to \$2,500.

Trustees, who have been receiving \$12.50 per meeting, will get \$20 per meeting with the approved raises.

Board members said the cost of the raises will be met through increased revenue as the township experiences natural growth, without resort to millage increases.

### 12,000 Lose Power

in South County Cities

OAK PARK—Some 12,000 residents of Oak Park and Huntington Woods lost their electric power for more than three hours last night when a 24,000-volt line to Oak Park fell.

Crews repaired both the fallen wire and an alternate underground cable, which had failed Monday night.

## 'VISTA' Starts Recruiting

## Domestic Peace Corps Begins

WASHINGTON (UPI)—Wanted: Men and women over 18 for difficult work in grim surroundings. Must be willing to live in slums. Long hours guaranteed. Pay \$50 a month and living allowance.

Would you respond to that kind of "help wanted" ad? If so, VISTA is looking for you.

VISTA is a domestic version of the Peace Corps, which is being established as part of the war on poverty. It stands for "Volunteers In Service to America."

The anti-poverty legislation which Congress enacted last month authorizes Sargent Shriver's new office of economic opportunity to recruit 5,000 VISTA volunteers. Applications by mail are now being accepted. The address is: VISTA, Box 100, Washington 25, D. C.

Glen Ferguson, a former Peace Corps official who is directing recruitment for VISTA, told UPI in an interview he is confident there'll be plenty of applicants.

## BIGGER CHALLENGE

"This is in many ways a bigger challenge than the Peace Corps," he said. "VISTA volunteers will live among the poor people they're trying to help—whether in urban slums or rural pockets of poverty."

They won't have the glamour of serving in a far-off country. They'll be doing the same sort of thing that Peace Corpsmen do—but in Appalachia instead of Afghanistan, in Harlem instead of Kenya.

It is precisely the ruggedness of the challenge that makes Ferguson confident of the response. The Peace Corps, which was swamped with applicants from the start, proved there are many Americans, young and

old, who are willing to accept hardship as the price of being genuinely useful to the most deprived members of the human family.

VISTA volunteers will sign up for one year. After four to six weeks of training, they will be assigned to a wide variety of rural and urban projects.

## SANITATION WORK

Some will go to Indian reservations to help build desperately-needed sanitation facilities for people who have the highest

disease and death rate in America. Some will live among migrant farm workers, providing education and health care for children who are often put to work in the fields at the age of 6 or 7.

There will be VISTA volunteers in city slums, operating day-care centers for the children of working mothers; conducting literacy classes for

unemployed adults who cannot read or write; helping poor and ignorant people to fight their way through the morass of bureaucratic red tape which often prevents them from receiving public health and welfare services.

Community services which suffer from a chronic shortage of manpower can apply to VISTA for help. Special priority will be given to community agencies serving the

mentally ill and mentally retarded.

What kind of people is VISTA seeking?

"The only absolute requirement is that they be more than 18 years of age," said Ferguson. "There is no upper age limit. We'll welcome retired people. We also will welcome married couples—including those with children under 18, if they're willing to have their families live for a year in the environment of poverty."

"We can use a great variety of skills—nurses, teachers, social workers, farmers, carpenters—in all, more than 100 occupations."

## ALL KINDS

And we also can use young people, housewives, retired businessmen and people who know how to do something—from teaching a youngster to swim to helping a mountain family start a vegetable garden. The one basic requirement is that they care about poor people, enough to share their life and try to help them."

Is it really necessary that VISTA volunteers live among the slum people they're trying to help?

"Yes, we don't want any 9 to 5 volunteers who return to middle class America every evening. One lesson we learned in the Peace Corps is that you can't impart skills and insights to people until you have established a basis of friendship with them."

To make a real contribution to the poor, a volunteer must learn to know them as human beings—and be accepted by them as a fellow human being rather than a condescending outsider."

## Pupils Smaller as Story Gets Taller

LOS ANGELES (AP)—The size of your eyes can give away your lies.

Because the pupils grow smaller as your story grows taller.

That is one of the findings in a report delivered to the American Psychological Association by Dr. Eckhard H. Hess of Chicago.

Experiments have shown, he says, that eye pupils contract when a person lies.

Dr. Hess, head of the University of Chicago's Department of Psychology, also said eye pupils indicate a person's true feelings about things even when the person does not speak.

## GET LARGER

If the person sees something he likes, Hess said, the pupils get larger. If he sees something he doesn't like, they get smaller.

"It is as if we were looking into the subject's brain and measuring his subjective feelings without the need of a verbal report," Hess said.

He said the technique has

been used to uncover real feelings about such things as politics, food and sex. And when it comes to strong feelings, he said, politics will never reveal sex, even in an election year.

In a current experiment, Hess reported, 34 university students who expressed support for President Johnson were shown photographs of a number of political figures, including the President and his Republican opponent, Sen. Barry Goldwater.

## FAVORABLE RESPONSE

Motion pictures taken of the students' eye pupils showed Johnson evoked the most favorable response. But Hess said about one-third responded favorably to Goldwater, indicating — to Hess — the technique may be able to draw out subjective feelings that a person would not be willing to put into words.

Hess said political pictures produced changes of 4 to 5 per cent in eye pupil sizes. Food triggered higher responses.

And sex? Hess said a photograph of a girl might expand a

man's pupils 41 per cent — or about 10 times more than a picture of a politician.

## Dallas Man, Jailed in JFK Death, Sues

DALLAS, Tex. (AP) — A picket jailed after the Nov. 22 assassination of President John F. Kennedy filed a false arrest suit against three policemen Tuesday.

Gene A. Quinn, asked \$150 damages in the suit against Capt. Pat Gannaway, head of the police department's special service bureau, and detectives T. T. Wardlaw and M. H. Brumley.

Quinn was one of six persons arrested near the Trade Mart shortly after the assassination. Police said they were waving anti-Kennedy signs. They were held four days for investigation.

The United States does not recognize Mongolia, Byelorussia and the Ukraine as independent states.

## State Dept. Jubilant Over Chile Election

That deep sigh of relief you hear comes from the U. S. Department of State over the outcome of the presidential election recently held in Chile.

Joining in the sigh are American corporations whose investments of nearly \$2 billion, principally in the Latin American country's vast copper resources, were threatened by a Communist regime take-over.

Red-supported candidate Salvador Allende, who had keyed his candidacy to concord with Cuba's Fidel Castro administration, socialization of the Chilean economy and outright seizure of foreign-owned industry, was a landslide loser to Christian Democrat candidate Eduardo Frei.

Though himself a left-of-center liberal, Frei is pro-Western and promises urgently needed reforms to correct Chile's unbalanced, inflation-hit economy and ameliorate the widespread poverty of the populace. He advocates a program favoring private enterprise and individual rights.

A significant factor in the election triumph of moderation was the leading part played by Chile's women voters. Traditionally more realistic and less susceptible to radical dogma than their menfolk, they are credited with casting a record high proportion of the vote that turned back Communist Allende's fourth bid for the presidency.

With the over-all Latin American scene made somber by governmental instability, economic distress and ideological extremism, Chile's relatively orderly election and repudiation of radicalism cannot be too highly acclaimed.

## Where Are Surpluses Promised by Deficits?

"We owe it to ourselves." This was the way President Roosevelt dismissed the fears roused by the staggering burden of our mounting debt.

In interpreting his theory of deficit spending in his Budget Message on Jan. 3, 1936, he said: "Our policy is succeeding. The figures prove it. Secure in the knowledge that steadily increasing deficits will turn in time into steadily increasing surpluses, and that it is the deficit of today which is making possible the surpluses of tomorrow, let us pursue the course we have mapped."

Well, seven administrations later, we are still pursuing it—and looking for the utopian surpluses. The Federal debt that stood at \$34 billion when FDR did his crystal-balling has now passed \$310 billion.

The entire Federal establishment was operated with 563,000 civilian employees when the Squire of Hyde Park took over in 1932. The comparable work force stood at 2.5 million in 1962.

In 1932, Federal aid to the States was \$222 million; in 1962 it was \$6.6 billion—or roughly 30 times larger.

Federal aid is the deceptive device of socialism which, as WILL ROGERS once observed, permits us "to spend money we haven't got for things we can't afford."

The current Administration is following Roosevelt's unrealistic economic precept to the letter. Our fiscal year is rolling up another Federal deficit, and during a period of unprecedented busi-

ness boom—but this one is a "planned deficit," presumably much less to be decert than an accidental one—which will lead inexplicably to the surpluses of tomorrow.

Well, we don't think it will. We do think it is time our affairs were taken out of the hands of reactionary liberals, thinking in terms of a totalitarian government. We stand at the crossroads today, and the step we take now will dictate our future.

OVERHEARD at a beach resort: She: "What are you staring at?" He: "Nearly all of you."

ANOTHER advantage of traveling by plane instead of by car is that the flyways aren't cluttered up with billboards.

## KICK-OFF Riches to Reward Contest Winner

Press Football Puzzle Challenges Game Seers

In case you haven't noticed, football is back. And providing an autumnal kick, is The Press' Annual Football Contest.

It poses a real challenge to pickin' clairvoyants, and now's the time to retrieve the family crystal ball from the attic and make with trance-like exercises to coax winning secrets from it.

Or if you're an electronic devotee and have already acquired a handy, home-size computer, you can start feeding into it the pertinent gridiron data that will pass you the right answers and make you sole owner and proprietor of a \$500 U.S. Savings bond as an award for your enterprise.

The contest is as simple as making a wrong turn on a freeway. Every member of the family may enter, regardless of age, sex, political affiliation or marital status. We only blow the whistle on Press employees and members of their immediate families.

Check the winner you predict of each of the 15 games listed below. If you foresee a tie, leave both boxes blank.

Entries, submitted on contest form or duplicate, should be addressed to the newspaper's FOOTBALL CONTEST. They may be pasted on cards or enclosed in envelopes and mailed or deposited in The Press News Street drop box. We don't recommend delivery by Indian runner, carrier pigeon or bottle cast into the sea.

Deadline for entries is Saturday noon, Sept. 19. This means that they must be in our hands by that time—not just POST-MARKED.

Should any questions arise about the contest, decisions of the contest judges will be final.

Good picking.

David Lawrence Says:

## Religion Issue Now in Campaign

WASHINGTON — A religious issue has suddenly been catapulted into the presidential campaign. This is not novel, because the late President Kennedy faced it also in the 1960 campaign.

The "Baptist Standard"—through its editor, Dr. E. S. James of Dallas, Tex.—asked President Johnson and Sen. Goldwater just what position each takes on the subject of LAWRENCE federal aid to parochial schools.

Mr. Johnson responded that he "would oppose any federal program, including assistance to schools, which does not strictly conform" to the "American tradition of separation of church and state... as expressed in the First Amendment" to the Constitution.

Sen. Goldwater, on the other hand, said that he is opposed to federal aid to education as a general thing because he feels it is an "improper intervention by the central government" into a public sphere "which both traditionally and constitutionally falls within the exclusive jurisdiction" of the states.

The position of many of the Catholic authorities who feel that federal aid to parochial schools is constitutional was set forth by the Rev. Virgil Blum, S.J., chairman of the Department of Political Science at Marquette University, in an article in "Our Sunday Visitor," published in June 1962.

He had made an extensive analysis of then-pending legislation, and he cited authorities to support his contention that federal aid to all schools for the teaching of nonreligious subjects is constitutional.

### SIMPLE REASONING

"Why then," asked Father Blum, "does the Kennedy administration insist on discriminating against the nation's independent school children?"

"The answer," it seems to me, is simple. President Kennedy, like the congressmen, is a politician. Politics is his basis of action. He is a political realist. Hence, political considerations, not constitutional, are the decisive factors in his education policy.

"Politics is the art of the possible. Mr. Kennedy fully realizes this. He could not have been elected on a platform

which promised freedom of religion in education, so he ran on a platform which promised to discriminate against church-related school children.

"Assuming Mr. Kennedy believes in equality and freedom of religion in education, an unequivocal statement in support of these civil rights would have been political suicide."

### BURNING ISSUE

There is no doubt that the issue is a burning one among Catholics in the United States.

In recent years, with the

Bob Considine Asks:

## Can Noodle Win Viet War as 'Pasta Padre' Claims?

NEW YORK—"Win the war in Viet Nam with noodles!" The man in the Roman collar said. "Get me a couple of noodle machines to put out there and hungry people will be fed and stop fighting."

The homely noodle, made with surplus U.S. wheat, corn and powdered milk, is a weapon beyond compare in the mind of the speaker, Msgr. John Ramanelli, born in New Rochelle, N.Y., prisoner of the Reds in China, and top noodle man in Hong Kong when he isn't on the road, talking up noodles.

"How's a noodle going to help things in Viet Nam?" he was asked. "Glad you asked that," said the man who was nicknamed the Pasta Padre. "What do we give them now? A five-pound sack of flour. Generous, yes. But lots of times those poor people in the villages have to pick up everything they can lift and run for their lives. Who wants to run for his life carrying a five-pound sack of flour?"

"Give them noodles, I say. They're easier to run with, and when you stop running you can sit down and cook them. Noodles never give anybody trouble, like bread, say. You don't need a stove. All you need is a little water, a pot, and any kind of fire."

"Politics is the art of the possible. Mr. Kennedy fully realizes this. He could not have been elected on a platform

"We explore space and work all kinds of wonders here on earth. But millions — I really mean millions — of human beings die of starvation each year."

"We've got surpluses so huge that they cost nearly \$2 million a day just to store. Most of the starving people of the world don't have a stove. Most of them wouldn't know how to

growth of population, the Catholic churches have been faced with a problem of expansion requiring a bigger drain on the financial resources of church members than ever before in history.

The feeling among many of the church leaders is that certain federal loans and grants, for the construction of facilities and classrooms in which non-religious subjects would be taught are in line with grants and loans made to nondenominational schools and colleges.

(Copyright, 1964, New York Herald Tribune Syndicate, Inc.)

CONSIDINE

make use of what we've stored, such as make of loaf of bread. "The noodle is the answer. If I could only get more noodle machines..."

He sighed. "You have no idea of what one machine can do. It can turn out between three thousand and four thousand pounds of noodles every day. We package them in three-pound bags which make a meal for five persons."

"The cost of operating a machine is about two bucks a day. But what comes out of it feeds 5,000 people that day. We're feeding five people for three cents!"

## Demonstrations

The Sayville (N.Y.) Suffolk County News

We remember away back when a demonstration was what a lady did who knocked on your door and asked to show her pots and pans.

## Taxpayers Balk

The San Diego Union

Some of the strength of Sen. Barry Goldwater's presidential campaign obviously springs from a taxpayers' revolt on foreign aid.

This has been building up for some time and found its response in the Republican platform, which pledged to recast the foreign-aid program to see that no aid goes to support socialism or anti-American regimes; to encourage the use of more private capital in investments; to oppose expropriation of American-owned property without compensation, and to condition aid upon self-help and development of free institutions.

In other words, let's stop pouring money down the drain, with nothing to show for it.

Some of the countries receiving large handouts from American taxpayers are consistently voting with the Communists in the United Nations.

Voice of the People:

## Says States Have Right to Apportion Legislature

Section four of Article IV of the Constitution of the United States reads in part, "The United States shall guarantee to every State of this Union a Republican Form of Government." This was written by the Constitutional Convention and adopted in 1787.

Form of representative government set forth provided for a House of Representatives and a Senate. Representatives were apportioned according to population and two senators were allotted to each state regardless of population. A Congress was thereby created based on population and geographical area and interest. As stated by Benjamin Franklin, convention members regarded this a republican form of government and thus gave each state the authority to apportion its legislative representation.

These premises clearly impose, upon Congress and the Supreme Court an obligation to protect such form of government to the states. This was the concept for 177 years until Chief Justice Warren and his five followers destroyed it in the guise of equal rights under Amendment 14 of 1868. This amendment does not nullify Section Four, Article IV, and does not give the justices license to disregard the clear language of the Constitution.

WILLIAM F. KALWITZ  
112 OSCEOLA

## Disagrees With Driver Training Teaching

It is time to stop some of the so-called driver training instructors from teaching improper procedure. Some of their teachings are foolish and dangerous for anyone who must rely on them for the knowledge needed to be a good auto operator or bicycle rider. When any man states that nonpowered bicycles have the right of way on streets or roads, it is a foolish statement and deadly for bike riders.

If I struck one of these misinformed bicycle riders, I, as well as the person who taught him not to yield the right of way and not to get off the pavement, would be guilty of causing an accident. The rider would succeed in committing suicide by doing what he was taught.

This foolishness must be stopped before more children are killed and crippled.

CHARLES E. HAGLUND  
UNION LAKE

## 'Administration Doesn't Lack Foresight'

There is some evidence that LBJ and the Democratic-controlled House and Senate do not lack foresight in their forward planning.

After reducing corporate income taxes and giving an additional seven per cent in depreciation charges to encourage investment in new and better automated equipment, they have provided for the demise of the displaced workers with the antipower program.

## Reviewing Other Editorial Pages

### Demonstrations

The Sayville (N.Y.) Suffolk County News

We remember away back when a demonstration was what a lady did who knocked on your door and asked to show her pots and pans.

### Taxpayers Balk

The San Diego Union

Some of the strength of Sen. Barry Goldwater's presidential campaign obviously springs from a taxpayers' revolt on foreign aid.

This has been building up for some time and found its response in the Republican platform, which pledged to recast the foreign-aid program to see that no aid goes to support socialism or anti-American regimes; to encourage the use of more private capital in investments; to oppose expropriation of American-owned property without compensation, and to condition aid upon self-help and development of free institutions.

In other words, let's stop pouring money down the drain, with nothing to show for it.

Some of the countries receiving large handouts from American taxpayers are consistently voting with the Communists in the United Nations.

Algeria, for example, has received \$94 million from the United States but in nine out of 12 key votes has opposed the position of this country and voted with the Soviet Union. Ghana has received \$150 million and has voted with the Soviet Union and against the position of the United States eight out of 14 times.

Then there's India. This country, staggering down the road to socialism, has received \$4.5 billion — and its votes on the same key issues have been half with the United States and half with the Communists.

Little Yemen has benefitted by generous assistance from American taxpayers, to a total amount of \$28 million, but has voted on our side only once in eight times. The United Arab Republic, with \$800 million in aid, has lined up with this country only three votes out of 12.

Perhaps we should be grateful for that much, and if our financial assistance had not been forthcoming, all of them might now be found behind the Iron Curtain. No one can give that answer for sure. But the half-world in which so many of these countries seek to exist, accepting aid from whoever wants to give it, and going their

own way, seems strangely incongruous in a world which is ever more divided between the free and the slave.

Loans to weak countries, which are poor financial risks at best, also are being advanced with negligible interest charges.

The foreign aid bill provides for "soft loans" to needy countries for periods of 40 years at 4% of one per cent interest. But the money that is so lent also must be borrowed by the federal government at around 4 per cent. Thus the taxpayers are again asked to pick up a tab for "loans" as well as for grants.

This has disturbed some senators and congressmen. The people of Alaska, trying to rebuild their economy shattered by an earthquake, are being offered government loans at 3 per cent.

It is time to measure on more practical terms what foreign aid has bought the United States, in the extension of freedom and in the security of the United States.

He said he would do so, and every time I see him now he gives me a report.  
**CAULIFLOWER DAY**  
"This is one of those cauliflower days," he will say. Or "everything's coming up brussels sprouts."  
In the course of a few weeks he ran almost the entire garden gamut, although curiously never once felt like a spring onion.  
I asked my friend if he detected any connection between the vegetables he likes to eat and the vegetables he likes to eat. He replied that insofar as he could determine there was no relation between the two.  
\* \* \*  
He said his favorite vegetable is the artichoke, but day in day out the vegetable he feels like the most is a turnip.  
**MORE VIVID**  
This may be an extreme case, but I think my friend has come up with a wonderfully expressive way of describing our health. Listing our symptoms in terms of vegetables is far more vivid than simply saying that we feel "all pooped out."  
Who among us has not had days of feeling all lumpy, like English peas? And who has never felt sort of scalloped around the edges, like squash? Or bland and stringy, like celery?  
You hear a lot of people say they feel "cool as a cucumber" but I think that is more of a figure of speech than a true vegetable feeling. Anyone who actually felt like a cucumber would feel prickly on the outside and soapy within.  
\* \* \*  
I myself have a lot of bean days. I feel brown and dry. Which is better than feeling like okra, I imagine. On other days I feel more like a radish — plitty, that is.  
The most universal vegetable feeling very likely is spinach-wilted and all in a blob. Which is nothing to complain about. You should just be thankful you don't feel like broccoli.

**WAVE TO CROWD**—King Constantine of Greece joins his bride-to-be Princess Anne-Marie of Denmark on the balcony of Copenhagen's royal residence. The princess, 18, will wed King Constantine, 24, in Athens Sept. 18. The future groom is in Denmark to attend the country's farewell to the "baby" of the royal family.

### Prepares for Life as Greek Queen

## Princess Bids Farewell to Denmark

**COPENHAGEN, Denmark (AP)**—Princess Anne-Marie says farewell to her Danish countrymen today in preparation for a new life as queen of Greece.

The pretty 18-year-old princess and her handsome fiancé, King Constantine, were to drive in an open carriage today in a farewell procession through Copenhagen.

Anne-Marie, still inclined to giggle like the schoolgirl she was a few months ago, will become the world's youngest queen—married to the world's youngest king.

Constantine, an athlete with the reputation of a daredevil, is 24.

#### DANES WORRY

Danes were a little worried that Anne-Marie might soon be

embroiled in such political issues as the Greek-Turkish dispute over Cyprus.

Denmark has troops under the United Nations flag there and has been careful to avoid partisan statements about the future of the disputed island.

The young couple spent much of Tuesday looking over hundreds of their wedding gifts spread out in the banqueting hall of Amalienborg Palace.

Crowds waiting in the courtyard set up a storm of cheering that forced the couple onto the royal balcony, waving and smiling. Tuesday night Constantine and Anne-Marie appeared again before a cheering crowd, this time from the outside balcony of the Royal Theater. Inside the theater 1,000 guests and 100,000 roses were on display.

#### STUNNING GOWN

Anne-Marie, stunning in a blue satin gown, had chosen the romantic program—two ballets and a one-act comedy, all having to do with problems of young love.

Constantine and Anne-Marie's oldest sister, Princess Margrethe, the heiress to the Danish throne, leave by plane for Athens Thursday.

The bride-to-be, her parents, King Frederick IX and Queen Ingrid, and her other sister, Princess Benedikte, arrive in the Greek capital Sept. 11 aboard the royal yacht Dannebrog.

The wedding will take place

Sept. 18 in Athens' Greek Orthodox Cathedral, with Archbishop Chrysostomos, 85-year-old primate of the Greek Orthodox Church, officiating.

### Judge Nixes Opening of Baker Files

**WASHINGTON (UPI)**—The lawyer suing former Senate Democratic Secretary Robert G. (Bobby) Baker was refused access yesterday to Justice Department files on Baker's extensive business dealings.

U.S. District Court Judge Alexander Holtzoff agreed with Justice Department attorneys that files must remain closed as long as there is "an investigation under way into possible criminal action."

Holtzoff told David Carliner, lawyer for Capitol Vending Co., that it seemed unlikely his suit against Baker, Fred B. Black Jr. and Serv-U Corp. would benefit by examination of records of investigations of all Baker's affairs.

He said he refused to permit Carliner to turn his suit into a "Roman holiday" or a "congressional investigation."

Sales of luggage, leather goods and accessories will reach a new high of \$325 million this year, the Luggage and Leather Goods Manufacturers of America predict.

## Uruguay Is Closing Cuba Embassy

**MONTEVIDEO, Uruguay**—The last Cuban embassy in South America gets closing orders today.

Uruguay's nine-man governing council voted Tuesday night to break relations with Fidel Castro's government in accordance with the resolution of the Organization of American States.

The council's vote was six in favor and three abstentions.

Mexico and Canada will be the only countries in the Western Hemisphere maintaining relations with Cuba. Canada is not a member of the OAS.

#### TIES ENDED

The Uruguayan announcement said diplomatic relations

were ended "as of this date." It said direct or indirect commercial exchanges also were ended, "with the exception of foodstuffs, medicine and medical equipment which might be sent to Cuba for humanitarian reasons."

Police reinforcements were sent to foreign embassies and key public service areas to prevent damage by demonstrators. Rain ended a pro-Cuban demonstration in downtown Montevideo.

Aldo Rodriguez, charge d'affaires at the Cuban Embassy, declined comment on the government's decision.

The OAS resolution to isolate Cuba was requested by Venezuela, which accused Castro's regime of using terrorism and sabotage in an attempt to overthrow the Venezuelan government. The resolution was adopted July 26 in Washington.

Uruguay opposed the resolution at the Washington meeting but went along with the majority.

#### Flight Service Okayed

**WASHINGTON (AP)**—President Johnson gave final approval Tuesday to a permit for Waterloo - Wellington Flying Club of Breslau, Ont., to provide occasional service in light planes to most of Michigan. The Civil Aeronautics Board will grant the club a foreign airline permit.

#### Begin 3 Overpasses

**LANSING (AP)**—Work has started on a \$630,846 contract for three overpasses, including

one interchange, on U. S. 127 north of Jackson. The State Highway Department reports. Completion date on the project is Dec. 1, 1965.

Get Your Years Pinned Down

## Don't Be Left in the Dark About the 'Middle Ages'

By HAL BOYLE

NEW YORK (AP) — Signs of middle age:

You're busier fighting old bad habits than acquiring new ones.

If anyone asks is it hot enough for you, you have to almost

irresistible urge to grab him by the lapels and

tell him about the heat wave back in 1935.

Teen-agers look a lot bigger than they did when you were one.

Every year you admire your own parents

more as you realize how much smarter they were about raising children than you are.

You wouldn't buy a ticket to the moon if they were selling at three for a quarter.

Getting to work on time isn't much trouble anymore because

you rather like to get up earlier in the morning.

DON'T UNDERSTAND

The bright new young comed-

ians on television don't seem

very funny—half the time you

don't understand what they are

joking about.

Instead of thinking of old age

as beginning around 60, you

push its onset up to 70 (or 75).

There don't seem to be as

many bluebirds around as there

were years ago.

The only government aid pro-

gram you're wholeheartedly in

favor of is one that will benefit

anybody over 40.

At a baseball game you have

only one hot dog—if any—be-

cause you know two might upset

you.

Most of your daydreams are

spent in reminiscing, not build-

ing castles in Spain.

Next year, you decide, you'll

set out fewer tomato plants in

the garden—and plant a shorter

row of string beans.

At cocktail parties you ration

yourself to two martinis, and

give up betting strangers that

you can beat them at Indian

hand wrestling.

RUINS THE DAY

Being caught in a sudden rain

makes you grumpy the rest of

the day.

You can think of many more

reasons for staying home than

going on a picnic.

Everybody on the highway

drives like an idiot except you.

When you see two young

people in love you thank heaven

you didn't act that silly when

you were that age.

A letter from an old friend

makes you feel sentimental—

after you have opened it and

found he isn't trying to borrow

money—and you save it for

days and read it over and over.

It's hard to find a book worth

reading. Why don't they publish

decent adventure novels any

more?

At work you make fewer

round trips to the water cooler.

The gang that hangs around

there dispenses nothing but

tired office gossip—and you've

heard it all before.

You got along fine with your

old neighbors, but when they

move away you make up your

mind to put up a picket fence.

Never can tell what the new

neighbors will be like.

The infraction occurred last

May 30. The fine is payable by

Sept. 28.

Everybody seems so neurotic

and full of strange prejudices

nowadays. You're glad you're

not that way at all.

That's middle age. At least

these are ways to tell it—in the

other fellow.

Store Owner Is Fined  
for Selling to Minor

Andrew G. Carter of Carter's

Party Store, 550 N. Perry, was

fined \$150 by the Liquor Control

Commission following a recent

hearing on a charge of selling

to a minor.

The infraction occurred last

May 30. The fine is payable by

Sept. 28.

# British Guiana Leader Running Scared to Avert Election Loss

GEORGETOWN, British Guiana (AP)—Dr. Cheddi Jagan has turned in his prophetic robes for the trappings of a practical politician to avert election defeat this fall.

The consensus is that the darkly handsome Marxist prime minister will fail.

But to British Guianese who consider Jagan's ouster a certainty, the forthcoming elections

will amount to no more than changing the driver of the same old bus route. This is because of a spreading belief that the wave of racial violence between Guianese of East Indian and of African descent has gone beyond political control.

Without internal peace and a common objective, little hope is held for the development of this troubled colony, whether the leader be Jagan or his arch-

rival, Negro leader L. Forbes Burnham.

## BEYOND POLITICS

Reflecting the opinion of some prominent Guianese, Police Commissioner Peter Owen said recently: "Neither Jagan nor Burnham can govern without the consent of the other. I'm afraid violence has now gone beyond the realm of politics."

Owen, a ruddy-faced Briton, commands a force of 1,000 men

and 600 volunteers, often badly overmatched in 24 months of almost continuous civil strife. Terrorist violence since February has claimed 161 lives, 24 persons are missing, more than 800 wounded and damage to property and crops is estimated at over \$2.5 million.

The violence has evolved around the controversial personalities of Jagan and big, erudite

Burnham, 41, a lawyer-Shakespearean scholar with a large following among the Negro middle and poor classes, but viewed warily by some intellectuals who say they see in his a thirst for power.

A Socialist and political colleague of Jagan, Burnham bosses the People's National Congress from a small office marked simply "leader." Party members refer to each other as "comrade."

## LITTLE DOUBT

There is little doubt that Burnham enjoys the full support of the U.S. and British governments. Jagan, the first Marxist with a clear-cut mandate in Western hemisphere history and winner of three elections in the last decade, has been unable to govern successfully because of strong resistance at home, in London and in Washington to his policies. They are regarded as too far left.

His waning popularity was visible in the 1960 elections that gave him only 42.7 per cent of the electorate. He held on to the prime ministry, however, under then existing election regulations.

## NEW TEST

Jagan apparently has decided the image cast by his left-wing extremist posture has cut too deeply into the ranks of his Peoples' Progressive party following to survive the new election test.

The Jagan party's all-Indian base has been shaken by defections of small Hindu and Mos-

lem groups. A larger segment pulled out recently behind one of Jagan's former top lieutenants.

Persons close to the party hierarchy report Jagan and his strategists are considering a public denunciation of communism.

The strategy is to overcome the election maneuver through which the British hope to oust Jagan and eventually grant independence to this long-unwanted colony. Under pressure from Washington, Britain has refused to let British Guiana go while Jagan remains leader.

## PROPORTIONAL FORMULA

The British Colonial Office has devised a proportional representation formula — bitterly opposed by Jagan and his party — for elections expected sometime in November.

Theoretically, in the absence of a clear majority for any of the three major parties, the

prime ministry would go to a coalition — in this case the Burnham party and the Force conservative United Front party. They got 41.3 and 16 per cent, respectively, of the 1960 vote.

Although their programs have key basic issues — independence and social reform — in common, Jagan and Burnham differ vigorously on points that have proven irreconcilable and would rule out a coalition at this time.

Confronted with formidable obstacles, Jagan seems bent on recovering lost ground in the urban areas he had neglected in favor of the rice paddies and sugar plantations, where his following borders on the mystical.

## HOLLOW TALK

Measured against the tempo of racial violence, most of the campaign talk sounds hollow. There are only thin hopes that

election results will restore peace.

Terrorism has torn this country of sugar cane fields, great rivers and dense forests into warring camps of Indians and Negroes. The economic, social and vocational differences that distinguish them become, subsequently, new causes for strife.

Some peace efforts are being made in urban areas where groups of Indians and Negroes have banded into volunteer vigilante units engaged in 24-hour patrols around their homes.

The idea of a form of partition, which Negro and Indian leaders decry, is gaining ground. Indians are abandoning their old villages to set up new communities on privately owned sugar estate lands. This has created a new problem. Landowners are protesting vigorously that the Jagan government is doing nothing to discourage the squatters.

Dr. Wayne G. Brandstadt Says:

## Bust Developers Won't Help You Out

A reader, who writes on stationery adorned by blue elephants, being watched from under a toadstool by a blue mouse, inquires about a "wonderful bust developer." I would advise this reader that if she has the development of a mouse and aspires to something larger, she should forget it. The commercial preparation she mentions is a hoax. The

BRANDSTADT

only thing it will develop is the bank account of the promoter.

Q — What could cause chronic inflammation of the tongue? What can be done for it?

A — Inflammation of the tongue may be caused by a deficiency of vitamin B-2 or niacin in your diet. Both vitamins are supplied by leafy green vegetables and vitamin-enriched bread.

Other possible causes are sprue and pernicious anemia. Treatment would consist in removing the cause, rather than applying any mouthwash or local medication to your tongue.

Q — I had a spiral fracture of my upper arm in 1959. Two screws were used to hold the bone fragments in place. These screws do not bother me in any way. Will they have to come out later?

A — This is an approved method of treating spiral fractures of long bones. The metal used is one that usually causes no foreign body reaction in the tissues.

If you have carried these screws around with you for five years and they do not bother you, there is no reason to remove them.

Q — I am a woman 70 years old. My doctor has prescribed Halotestin and Crystodigin. I have taken both drugs daily for 3½ years. Are they habit-forming? Would I run a risk if I discontinued these expensive drugs? Would they cause dark moles all over my body or cause hair to grow on my face?

A — Halotestin is a brand of fluoxymesterone, a male hormone. It is sometimes given to women who have uterine bleeding not connected with their menstrual periods and for various other purposes.

Crystodigin is a derivative of digitalis and is given to strength-

en the heart beat. Neither drug is habit-forming.

The hormone might cause the growth of hair on your face, but neither drug would cause the moles. You should not discontinue these drugs without consulting your doctor.

Q — Are there aftereffects from epidemic hemorrhagic fever? I had it when I was in service in Korea.

A — Hemorrhagic fever is an acute disease that affected many of our troops during the Korean encounter.

Although the severity of the attack varied widely in different individuals, I know of no after-effects in survivors that could be directly attributed to this disease.

## AFL-CIO Urges LBJ Aid in House Medicare Fight

WASHINGTON (UPI).—The AFL-CIO is urging President Johnson to make an all-out drive to win House passage of the Senate-approved bill to provide health care for the aged.

Officials of the labor federation were reported to feel that emphatic support from the White House could clinch victory in the long fight to obtain the so-called Medicare legislation.

They were disappointed when Johnson turned down an AFL-CIO request to give the health care program a strong endorsement in his Labor Day speech in Detroit. The President did not mention the issue.

Administration officials obviously are more pessimistic about the prospects of getting the legislation through the House over the opposition of Rep. Wilbur Mills, D-Ark., and GOP leader Charles E. Halleck, Ind.

Mills, influential chairman of the House Ways & Means Committee, is adamantly opposed to the Medicare plan. He is expected to lead the House delegation to a Senate-House conference on the measure.

A conference is necessary because the Senate tacked the health care plan on a House-passed bill to increase Social Security benefits. The Senate also raised the benefits even higher.

The House is said to be closely divided on the health care issue.

An AFL-CIO delegation led by Andrew J. Biemiller, legislative director, and Nelson H. Cruikshank, director of the federation's Social Security department, spent 2½ hours at the White House yesterday.

Biemiller said they discussed the outlook for passage of the health care measure with Lawrence O'Brien, Johnson's chief legislative aide. He declined to elaborate.

NEVER SO CLOSE  
Other labor sources, however, said the Medicare package never was so close to adoption and the AFL-CIO was eager for a showdown in the House if the complex parliamentary situation permits such a test.

Speaker John W. McCormack told newsmen yesterday after the Democratic leader's weekly

Not a 'Sweetheart' in the Whole Class

WINCHESTER, Ky. (AP) — The senior class at St. Agatha Academy faces a crisis today as classes begin.

The seniors customarily elect a sweetheart to preside over homecoming festivities. This year there are only eight seniors — all boys.

GLENWOOD PLAZA CORNER NORTH PERRY AT GLENWOOD

# School Integration at Turning Point?

By The Associated Press  
Public school desegregation spread quietly into some of the smaller cities of the Deep South this week in what one civil rights leader called a turning point for the area.

Union Springs, Ala., a rural-oriented town southeast of Montgomery, faced the test today, when Negroes began their studies with white classmates.

The community was expected to take the court-ordered integration in stride just as did Montgomery and Gadsden, Ala., Prince Edward County, Va., and Albany, Ga.

schools in Albany, a south Georgia city where hundreds of Negroes were jailed for street demonstrations in 1961-63.

**COURT ORDER**  
Columbus, Ga., also began desegregation Tuesday, admitting two Negroes to a white school under court order. Every major Georgia city now has begun desegregation.

The pattern of nonviolence was described as "the turning point for the Deep South" by Constable Baker Motley of New York, the NAACP legal defense fund attorney who fought dozens of courtroom battles over desegregation.

"I don't recall any similar year of widespread peaceful compliance since the 1954 Supreme Court decision," she said in New York.

At Montgomery, eight Negroes entered two white high schools and an elementary school. Four white men picketed Robert E. Lee High for a time but there were no incidents.

**WITHOUT INCIDENT**  
In Gadsden, a tense scene of demonstrations last year, three schools accepted 15 Negroes without incident. Only a few spectators were on hand and School Supt. T. J. Browder said the citizens "want to abide by the law."

Prince Edward County, Va., reopened its public schools but only seven white children were among the 1,400 Negroes. The schools were shut five years ago to avoid integration.

The remainder of the county's white school-age children, 1,200 of them, remained in the private segregated system set up after the public schools were closed in mid-1959.

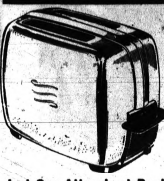

At Houston, Tex., 1,005 Negro pupils enrolled in 18 desegregated elementary schools.

white Canton Junior-Senior High School. The city schools are not under any federal court order to desegregate.

Elsewhere: James B. Donovan, president of the New York City Board of Education, condemned a threatened school boycott by white parents as a pressure move that "should be repugnant to everyone." The boycott has been called for the first two days of next week.

— Virginia's attorney general, Robert Y. Button, said at Richmond that Sweet Briar College, a girls' school, is forbidden by the will of its founder to admit Negro students.

## World News Roundup

### Stones Roll Over Beatles in British Poll

LONDON (AP) — The Beatles are no longer top mops with the British public.

The Rolling Stones, five young men who also sport long, unruly hair, replaced the Beatles at the top of the 1964 poll held by Melody Maker, a weekly for addicts of pop music.

Although the Beatles came

### Lift Blockade on Turks in Cyprus Cities

NICOSIA, Cyprus (AP) — The Greek Cypriot government has lifted its economic blockade against 15,000 Turkish Cypriots living in the cities of Famagusta and Larnaca in response to an appeal by the U. N. Peace force, the United Nations announced today.

Galo Plaza, Secretary General of U. N. Secretary General U. Thant's personal representative, said the peace force hoped the government's action would lead to easing of economic restrictions against other Turkish Cypriot areas.

The blockade, which cut food supplies for the Turks, was imposed last Saturday. It was removed last night three hours after U. N. Secretary General U. Thant's personal representative said the peace force hoped the government's action would lead to easing of economic restrictions against other Turkish Cypriot areas.

A U. N. spokesman said President Makarios agreed to lift the blockade after personal representations by Plaza and Gen. K.S. Thimayya, commander of the U. N. peace force.

Still under blockade are the Turkish Cypriot districts of Lefka and Kokkina and the Turkish quarter of Nicosia, where more than 30,000 Turks are crowded.

out No. 2 in the British section of the poll, they were No. 1 in the international section.

The Beatles also lagged on the hit parade of 10 best-selling records. Their "Hard Day's Night" was seventh. "You Really Got Me," by the Kinks, was No. 1.

**BUENOS AIRES, Argentina (AP) —** An Argentine stunt pilot who reportedly flew to the Falkland Islands and unfurled an Argentine flag in the disputed British colony must explain why he didn't let the Air Ministry in on his plans.

A spokesman for Miguel Fitzgerald, 38, a civilian pilot of Irish descent, said he landed Tuesday in Port Stanley, capital of the Falklands, planted the flag at the airfield and presented the local commander with a declaration "reaffirming Argentina's rights to the islands."

Air Secretary Mario Romanello said Fitzgerald had erred in telling Rio Gallegos flight control he was going "on a short local flight."

**MELBOURNE, Sweden (AP) —** The U. S. nuclear ship Savannah is en route home after being delayed by technical trouble.

It had been scheduled to sail Monday. A statement from the ship said its nuclear reactor was shut down to check for a possible malfunction. It was later discovered that the fault lay with instruments used to sample air near the reactor, the statement said, and "the nuclear aspects of the ship were not involved in any way."

**LIMBURG, Germany (AP) —** A West German court has ruled that Dr. Hans Heftelmann is no longer physically and mentally able to stand trial for the deaths of 73,000 persons under the Nazi euthanasia program.

Court doctors ruled that Heftelmann, 57, is suffering from

rapidly advancing senility and would live only two more years in his trial continued. The trial began Feb. 18.

**TOKYO (AP) —** British Chancellor of the Exchequer Reginald Maudling today defended his government's approval of a 15-year bank loan of \$67 million to the Soviet Union.

"We wish to trade with the Soviet Union as we trade with other countries," Maudling told a luncheon of the Foreign Correspondents Club of Japan.

He said five-year credits, the limit urged by the United States and some other members of the North Atlantic alliance for dealings with Communist countries, "are not sensible" for certain multimillion-dollar projects.

### Free on Bond in Negro Death

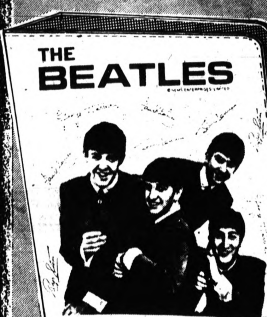

**ATHENS, Ga. (AP) —** Bonds of \$25,000 have been posted by two white men held in the slaying of a Washington, D.C., Negro educator.

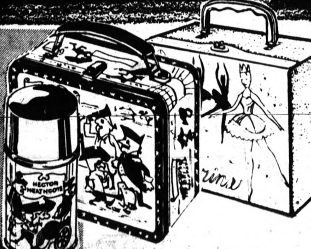

The men, Joseph Howard Sims, 41, and Cecil William Myers, 25, were freed from the Clarke County jail Tuesday. They and two other Athens men face federal charges that they violated the civil rights of the educator, Lemuel Penn, who was killed July 11 by a shotgun blast from a passing car.

Sims and Myers were acquitted at a trial in nearby Danielsville last week of state charges that they murdered Penn. A federal grand jury is expected to consider the civil rights charges in February. The charge carries a maximum penalty of 10 years in jail and a \$5,000 fine.

# Goldwater Aide's Arizona Victory Highlights Primaries

WASHINGTON (AP) — Richard Kleindienst, field director of Sen. Barry Goldwater's successful bid for the GOP presidential nomination, won Arizona's Republican gubernatorial race as six states held primary elections Tuesday.

Kleindienst trounced Even Mecham, Phoenix publisher and

auto dealer, in his bid to succeed Gov. Paul Fannin. Fannin was unopposed for the GOP nomination to the Senate seat Goldwater has held for 12 years.

Across the nation, in New Hampshire, Republicans apparently ended the political career of former Gov. Wesley Powell.

## PRIMARY RUNDOWN

Here is a rundown on key contests:

**ARIZONA**  
Kleindienst was 15,000 votes ahead of Mecham on returns

**NEW HAMPSHIRE**  
Powell conceded to Pillsbury as counting passed the halfway mark. The former governor said

from about half of the state's precincts. His Democratic opponent in November will be Sam Giddard, who lost to Fannin in 1962. Fannin's senatorial foe will be Roy Elson, for 10 years administrative assistant to Sen. Carl Hayden, D-Ariz. Elson defeated former State Supreme Court Justice Renz Jennings and four others.

**VERMONT**  
Lt. Gov. Ralph A. Foote edged former Lt. Gov. Robert S. Babcock for the GOP gubernatorial nomination against Gov. Hoff. Sen. Prouty will be opposed by State Sen. Frederick J. Payette who defeated former Rep. William H. Meyer in the Democratic primary.

**MINNESOTA**  
McCarthy swamped two foes

and also outpolled Republican Wheelock Whitney, his November opponent.

**WISCONSIN**  
Reynolds swamped Milwaukee attorney Dominic Frinzi in the Democratic gubernatorial race, while Warren P. Knowles held a 2-1 lead on the GOP side over Milo Knutson, five-term mayor of La Crosse and a staunch supporter of Goldwater who had said he would accept votes and funds from the John Birch Society. Proxmire easily

outpolled two opponents, but his vote total was below that of unopposed GOP nominee Wilbur Renk.

**COLORADO**  
There were no senatorial or gubernatorial races. All four House members were renominated.

Corduroy, long popular in boys' wear material because of its durability, is now being used extensively in vivid colors in women's cocktail and theater suits.

## Humphrey's ADA Ties Campaign Issue—Miller

BANGOR, Maine (AP) — Rep. William E. Miller of New York, the Republican vice presidential candidate, says Minnesota Sen. Hubert H. Humphrey's connection with Americans for Democratic Action is "an area of legitimate discussion as far as the American people are concerned."

"I shall continue to discuss it," said Miller Tuesday night in a television interview.

**'FOUL-MOUTHED'**  
He fired back at Sen. J. W. Fulbright, D-Ark., who accused Miller Tuesday of "foul-mouthed vituperation and unrestrained misrepresentation" in Miller's continuing attacks on Humphrey, the Democratic vice presidential nominee, and the ADA.

Miller, describing the ADA as a "radical leftist organization," has cited for the past four days Humphrey's role as a founder, former chairman and vice chairman, and present member of ADA.

Miller said the ADA policies include recognition of Red China and repeal of internal security legislation.

## Says Police Warned on Fair Trouble

DETROIT (AP) — Following the beatings of four white youths by Negroes near the Michigan State Fair, a local civil rights leader said Tuesday he had tried to warn Detroit police there would be trouble.

The Rev. James E. Wadsworth Jr., president of the Detroit chapter of the National Association for the Advancement of Colored People, said the NAACP had been informed trouble was planned near the fair Monday night.

But he said when he phoned police, an officer who answered refused to put him in touch with Detroit Police Commissioner Ray Girardin.

The Rev. Mr. Wadsworth made the remarks at a news conference at which he and several other Detroit NAACP officials accused police of brutality against Negroes.

**THREE CASES**  
They outlined three specific cases, which they said showed a pattern of police brutality. In addition, the Rev. Mr. Wadsworth charged that the line of communication between Negro leaders and Detroit Mayor Jerome P. Cavanagh has been cut off. He said he has not been able to contact the mayor personally for more than a month.

Commenting on the beatings near the fairgrounds, a Detroit police official said the department acted on the NAACP leader's call.

He said the Rev. Mr. Wadsworth's informant was a 17-year-old boy who had heard only rumors there would be trouble and had no specific information we could work on. Girardin said the three cases of alleged police brutality are under investigation by both the police and Community Relations Bureau and the State Civil Rights Commission.

"If he (Humphrey) is not in accord with these positions," Miller said, "he can say so."

## CAMPAIGN SWING

Miller flew into Maine Tuesday night to begin a three-day campaign swing that will take him to five New England states and the Westchester County area of New York by Friday night.

He was accompanied by his wife and two daughters, Elizabeth, 20, and Mary Karen, 17.

Just before departing from Washington on his campaign plane, Miller issued a statement in which he said that Fulbright's comments were "only new proof that Sen. Fulbright continues to live in his own little world of old myths and unrealities."

Miller said his statements about Humphrey "dealt exclusively with his record of virtually 100 per cent agreement with the radically liberal Americans for Democratic Action. I did not deal in name-calling tactics, as did Sen. Fulbright."

**THEIR RECORD**  
The GOP nominee said that "if Sen. Fulbright and the other liberal Democrats now find their record distasteful, I would remind them that it is their record, no one else's."

"As you voted, so shall you be judged by the American people," Miller declared.

Fulbright also had charged that the GOP presidential candidate, Sen. Barry Goldwater, was advocating foreign policies that could lead to "nuclear conflict that would destroy the world."

Fulbright said that Goldwater's call "for an aggressive new American foreign policy was built on the assumption that communism and freedom cannot continue to exist in the same world."

**CRY OF RETREAT**  
Miller said of Fulbright, chairman of the Senate Foreign Relations Committee, that "retreat, retreat, retreat has been his cry, and sure enough, the frontiers of freedom have been pushed back."

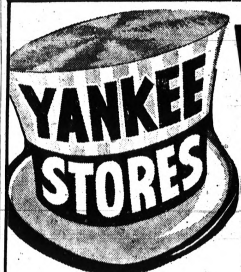

In response to a question on civil rights at the news conference, Miller said it is an open question whether President Johnson really believes that the civil rights cause should be advanced or whether he only believes it for purposes of this election.

Asked whether he believes that the White House had encouraged Fulbright to comment, Miller replied, "I have no idea," then added: "I do seem to have excited a lot of people lately. I do admit that."

## Bedspreads— New Trends

Shopping for a bedspread? Note these two new trends: quilted tailored types showing up in more moderate price brackets, and humble woven throw spreads moving up into higher-style fabrics.

Royal dimensions abound, with King and Queen sized spreads increasing in variety. But the most important word on the label is still the same: "Washable."

## New Socks Are Executive-Length

Neatness is easier for men who wear new executive-length socks equipped with adjustable "belts" to hold them in place.

These textured nylon socks, in a variety of colors, are both machine-washable and machine-dryable.

## Area Couple Is Married in Troy

Rebecca E. Runser and David Alan Roush pledged vows in a recent ceremony at the Troy Methodist Church.

The daughter of the Robert E. Runser of Nawakwa Drive, Avon Township, carried a bouquet of mums and Stephanotis. Her floor-length gown was of white taffeta and Belgian lace. A veil of netting fell from her circular flowered headpiece.

Judith A. Runser was maid of honor for the afternoon rites. Bridesmaids were Roberta L. Runser and Barbara A. LeGrand.

Acting as best man for his brother was Paul Roush. They are the sons of Mr. and Mrs. Donald J. Roush of Charlotte. David Stokes and Tim McLaughlin were ushers.

The newlyweds are graduates of Michigan State University.

## Use Contrast on Slipcovers

If the new over-size floral fabrics dwarf your living room, provide color and interest with contrasting piping or wetting on solid color slipcovers.

Smart combinations are mustard piping on white; white on navy, olive, or coral; and black on white.

For convenience, make sure to select both cover and trimming fabrics which are washing machine and dryer safe.

## Shortall-Pocs

## Noon Vows for Couple

A recent noon ceremony in St. Vincent de Paul Church marked the vows of Julia Marie Pocs and Joseph Michael Shortall of Washington, D.C.

Their parents are Mr. and Mrs. Andrew Pocs of Dick Avenue and the senior John A. Shortalls of Philadelphia.

Pearl-encrusted braid embroidery accented the bride's A-line gown of white peau satin styled with chapel train, worn with matching crown and silk illusion veil.

MRS. JOSEPH M. SHORTALL

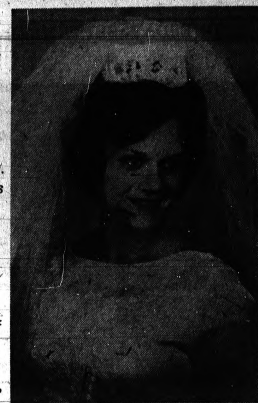

With Mrs. Daniel G. Moulton, her sister's honor attendant, were bridesmaids Mary Jane Hamilton, Rockford, Ill.; Margaret and Patricia Barry of Lapeer and Detroit; Carolyn Cannon, Dunbar, W. Va.; and Dana Feeney, Mexico, N. Y.

John A. Shortall Jr. of South River, N. J., was his brother's best man. Ushers were Anthony Donofrio, Toughkenamon, Pa.; Paul Spadaro, and John Boppell Jr., both of Philadelphia; Stephen Pocs and Daniel G. Moulton. James Shortall carried the rings.

**NORTHERN HONEYMOON**  
The couple left for Upper Michigan and Canada after the vows repeated to Rev. Thomas McGrath and the reception at Maurice's.

The bride is an alumna of Siena Heights College, and attended graduate school at the Catholic University of America, Washington, where her husband received his law degree.

Wed recently in St. Vincent de Paul Church were Julia Marie Pocs, daughter of Mr. and Mrs. Andrew Pocs of Dick Avenue and Joseph Michael Shortall of Washington, D.C., son of the senior Shortalls of Philadelphia, Pa.

MRS. JOSEPH M. SHORTALL

## Polly's Pointers

## Tape Recorder Helps

By POLLY CRAMER

Newspeak Enterprise Assn.

**DEAR POLLY**—While I am busy taking care of my house and family, I must also find time to study American history and government as I want to pass the examination for American citizenship. I found that I could not sit down and read as often as I would like, so I recorded all the main points to be remembered.

Now I turn on the tape recorder instead of the radio when I work. This might help other women (or men, too) who make speeches, give book reviews and so on. Incidentally, along with the traditional birthday pictures we make of our children, we also make a tape recording of the child talking. This was started when they first began to talk and it is fun to compare the changes from year to year.

**DEAR POLLY**—My husband and I write letters on tablet paper, I start from the back of the tablet. This way no markings appear on the next sheet of paper. Also it is easier to write without the thickness of the tablet beneath the page. If the paper is unlined, I glue the lined sheet that comes with the tablet to the cardboard back to keep it from moving around and my letter writing is greatly simplified.—MRS. R. H.

from moving around and my letter writing is greatly simplified.—MRS. R. H.

**DEAR POLLY**—The door to our new refrigerator kept banging into the wall unless it was held and with food containers in my hands it was hard to hold. It also has a separate door on the bottom freezer which opens with a tap of the foot. I bought a five cent gum eraser, cut it in half and glued each half on the wall where each door would hit. This has really spared any bumps in the refrigerator doors, to say nothing of holes in the wall.—MRS. R. A.

**DEA RPOLLY**—Often the ties tear off those folding plastic rain bonnets. I then put little metal eyelets (like in a belt) about one half inch from each side and fasten appropriate ribbon through them.—MARJEAN NA.

**DEAR POLLY**—When the department stores are selling their old rug samples, several of very little cost to place in strategic spots in the house to save good rugs. I keep one by each outside door for foot-wiping, one at the top of the basement steps, one in front of my husband's lounge chair and one to stand on when doing the dishes. They are invaluable to me. These samples do not roll up as throw rugs do and have remarkable wearing qualities due to their good quality.—MRS. L. W. C.

**DEAR POLLY**—It is no fun to wrestle with a clumsy, heavy mattress in order to dust it. Spread a heavy damp sheet over it and whack at the mattress with a carpet beater. The damp cloth absorbs the dust and there is no mess to clean up.—MRS. C. M.

Share your favorite home-making ideas . . . send them to Polly in care of The Pontiac Press. You'll receive a bright, new silver dollar if Polly uses your idea in Polly's Pointers.

## Shampoo First

A west coast barber college reports that results are best when the male customer's hair is first shampooed, and then "shaped" with a razor.

## SEW SIMPLE

By Eunice Farmer

Dear Eunice Farmer: I am in junior high school and want to make some plaid pleated skirts for school. I want to use the material in one big piece, but my mother told me I couldn't do this way. Which one of us is right?

\*\*\*

Dear Fran: Sorry, your mother is right this time. Any wool fabric will hang better if it is cut with the lengthwise grain of the fabric. This will mean that you will have to piece the fabric together in a seam.

Try to place the zipper closing deep under a pleat and it won't even show. Many pleated skirts eliminate the zipper and just have a generous lap at the side seam.

### TAILOR TRIX WINNER

Whether you have a little girl or a big girl, it's a sure thing that she wears nylon stretch pants, and with them goes the troublesome problem of pulling after the pants have been worn and washed several times. This simple solution works like a charm. Simply shave the pants with an ordinary razor. It really works and the pants will look like brand new again.

The first time I read this hint, I put it aside thinking it was just for laughs. Then I decided to try it myself and was amazed to find that it really did work. Always be cautious when using a sharp edge of any kind!

Mrs. Daniel J. Moore, South Grafton, Mass., is this week's winner of a Tailor Trix Pressing Board for this winning suggestion.

All of us at one time or another have caught our hems with our heels when putting a skirt on and it's a real emergency. This tip came to us from a clever office girl who found that a strip of masking tape worked beautifully to hold the hem in place. Don't use scotch tape, it will show.

(Please don't cheat girls, this is for emergencies only, I wouldn't advise it as a new method of hemming skirts.)

\*\*\*

Dear Eunice: I read that you don't approve of using marking wheels for marking your material because of the holes it makes. Is there any time we can use this neat gadget without ruining our material?

Mrs. F. B.

\*\*\*

Dear Mrs. F. B.: It is true that marking wheels will make marks on satins, smooth silks and materials that are extremely hard to remove, especially when darts have to be changed. There is an excellent use for them however. When you are completely underlining a dress, you may use the tracing wheel to mark the lining fabric. Since the two pieces of fabric would be basted together and treated as one, you will have all the marks where you can see and use them.

Dear Eunice: Most skirt patterns now call for a 9-inch zipper. Is this something new? When I learned how to sew, everyone used a 7-inch zipper.

Mrs. E. S. M.

\*\*\*

Dear Mrs. E. S. M.: I think the 9-inch zipper is excellent for school girls who carelessly jump in and out of their clothes. The extra room will keep you from repairing many zippers because the ends will not be pulled out. This length is also good for shorts, slacks and most any kind of active sports clothes. For your dress clothes I would still advise a 7-inch zipper.

Please send us your newest sewing problems and also enter your sewing tips in our Tailor Trix Pressing Board contest each week. Send all your questions and suggestions to Eunice Farmer in care of this newspaper.

## Cotton Jersey in Fall Fashion

A new version of the petticoat makes its debut for back-to-school wear.

Called the "beatknit," it is made of cotton knit jersey and elasticized at the waist. It comes in bright, horizontal stripes reminiscent of the striped bathing suits of the Mack Sennett comedies.

The pants are designed primarily to be worn as an undergarment in cool weather, but can go also as briefs with sportswear in warmer weather.

## You Can't Be With a Child All the Time

By MRS. MURIEL LAWRENCE

DEAR MRS. LAWRENCE: Our 5-year-old boy's bedtime is 30 minutes later than his little sister's.

\*\*\*

We let him stay up after she goes to bed because we thought that he would go more willingly if we did this.

But he fights this later bedtime almost as stubbornly as he used to fight the old one....

There is no excuse he won't use to keep me running up and downstairs to him after he goes to bed....

\*\*\*

ANSWER: Can't you tell him you don't want to be with him

every single minute? You don't, you know. We are only required to be with a child every single minute before he is born.

After he's born, he begins to spend some time by himself, sleeping, napping, enjoying the sight of his toes and the feeling of a full stomach.

Gradually, he is able to enjoy more solitary time, getting acquainted with the use of his arm and leg muscles; with his toys. So he has some experience of satisfying solitude behind him by the time he reaches the age of 5.

The truth that we also want some satisfying solitude for ourselves should not unduly shock

him if we also enjoy the time that we spend with him.

When he does not enjoy the time we spend with him, then, of course we can't tell him we don't want to spend any more time with him at his bedtime.

We know that he senses our resistance to his often demanding presence around us all day and that he will fight bedtime dismissal as more evidence of it.

As we're terribly ashamed of our resistance, we have to pretend it doesn't exist by rushing up and downstairs in obedience to his every command for glasses of water, escort to the bathroom, etc.

\*\*\*

By this obedience we can reassure ourselves that we "love"

him as much as the experts tell us we should — and that our actual resentment of him won't produce any psychological problems that will disgrace us as a "bad" parent.

ADMIT IT

If you feel some resentment at this little boy of yours, try to admit it.

Admitting it is the beginning of learning to enjoy him. But if we're stuck with the experts' notions that we must deliver their glorious "love" to him every minute, we may never be able to enjoy him.

\*\*\*

Our resentments at him will keep us too anxious, too secretly doubtful of ourselves to be able to feel joy in ourselves, let alone him.

MRS. PATRICK JOHN BURNS

## Rita Diane Olson Weds Patrick John Burns

A buffet dinner in the Waldron Hotel followed the recent vows of Rita Diane Olson and Patrick John Burns in St. Barnabas Church, East Detroit. The noon ceremony was performed by Rev. J. P. Gattari.

Parents of the couple are the John E. Olsons of Raskob Avenue and the Joseph F. Burns of East Detroit.

### MANTILLA VEIL

A white mantilla veil was worn with the bride's floor-length gown and chapel train of white bridal satin. She carried a bouquet of gardenias, white roses and stephanotis on a Bible.

Phyllis Burns, attended as honor maid with bridesmaids Doris Pauli and Anita Olson. Alice Olson was her aunt's flower girl.

Performing the duties of

best man for his brother was Joseph F. Burns Jr., Curtis Olson and Keith Burns ushered guests at the ceremony. Christopher J. Olson carried the rings.

Returning from their northern Michigan honeymoon, the couple will reside in Warren.

## All Blouses Meet in the Hamper

Blouses may go their different fashion ways for the season, but they all get together in the laundry hamper.

Suds appeal is shared alike by the pongee party blouse, the rural hopsacking skirt, the knife-pleated crepe, the floral sweat shirt, and the riotously colorful Hawaiian silk. After rinsing and rinsing, most are quick-drying and need little or no ironing.

HOW TO BE IN VELVET FROM THIS MOMENT ON for only \$7

To be in velvet is to be in fashion from August on... here and now Arthur's brings you a whole collection of luxurious, plushy little beauties to give you a head start on fall. At such a little price, you can choose a whole wardrobe of colors.

# Crowded Now—Just Wait!!

By GAY PAULEY  
NEW YORK (AP)—Another baby boom may be on the way in the United States.

"The current dip in the number of births appears to be just a pause, before the number starts rising again."

reports The Health Insurance Institute.  
The number of registered births in the nation has fallen for the past two years, reaching an eight-year low of 4.1 million in 1963, reports the Institute.

But, it says, analysis of census bureau figures indicates this trend will reverse shortly. And by 1970, the number of births annually may be up to 5 million or more.

REASONS  
Reason for the expected increase, the babies of the last boom, after World War II, now are becoming adults.  
For the last 30 years, the number of women in the nation aged 20 to 29, the prime

child-bearing years, has remained almost constant, between 11 and 12 million, the Institute said. By 1970, this group will number 15 million.  
This expansion means that "even if the new young couples have slightly smaller families than the young couples of the past — and there is no certainty yet that they will—there should be a net increase in the number of births," the Institute reported.  
The Institute is underwritten by insurance companies and its job is to serve as a central source of health insurance information for the public.

FORECAST BOOM  
In forecasting another baby boom, the Institute pointed out that the birth rate—the number of births compared with the total population—has been falling for six years.

"The main reason for this is that the population of the United States currently contains an unusually large proportion of young and old persons," it said.  
The very low birth rate of the depression years of the 1930s has resulted in a relatively small number of persons now in their middle years.

For example, the Institute said, since 1930 the number of women aged 15 to 44 has increased about 30 per cent. But the rest of the population has increased more than 60 per cent.

## OTHER FACTS

The report said that "of even greater significance," there has been no appreciable change in the number of women aged 20 to 29, who account for three out of five births.

"Now, as a result of the soaring birth rate immediately after the war, the number of women aged 15 to 44 should increase from 38 million to 42 million in 1970, most of this accounted for by a rise from 12 to 15 million in the 20 to 29 age bracket."

The Institute cited another factor in its forecast—the marriage rate is up. In April, 1964, for example, 130,000 marriages were recorded in the United States, up from 119,000 for April, 1963.

MR. AND MRS. GLENN GHAFY

Fifty years ago today Mr. and Mrs. Glenn Ghafy of West Maple Road in West Bloomfield Township were married in Pontiac. They will celebrate the occasion with an open house from 4 to 8 p.m. Sunday in their home. They have one daughter, Mrs. Harold E. Millsbaugh, and one granddaughter.

## Why Grow Old?

by JOSEPHINE LOWMAN

What has happened to you readers who lost successfully by following my 9-Day Diet not long ago? The pounds just rolled off during those nine days. I hope they haven't rolled back on again!

In case you are beginning to gain weight, stop, weigh and diet! After disciplining yourself so successfully, and with such happy results, it would be too bad to slip back into those old habits of overeating and those uncomfortable rolls over the girdle. That slim sleek feeling should be habit forming.

My 9-Day Diet should accustom you to better habits in eating than you had in the past. Fresh fruit is certainly better for you than rich desserts. Less fat in the diet is a step in the right direction,

from the standpoint of health, too.

A baked potato gives you more in health value than mashed or creamed potatoes because some of the vitamin and mineral content is lost when you boil vegetables.

Why not continue to build your regular diet around lean meats, eggs, seafoods, skim milk, baked potatoes, fruit juices, whole grains, lots of green salads and fresh fruits and vegetables?

If you missed my 9-Day Reducing Diet which gives you a loss of from five to 10 pounds in nine days' time, and would like to have it, send 10 cents and a stamped, self-addressed envelope with your request for it to Josephine Lowman in care of The Pontiac Press.

## Give Bride What You Can Afford

By The Emily Post Institute

Q: When giving a monetary gift to the bride and groom for a wedding present, is there a set amount to give?

My friends claim that one must give at least enough to cover the cost of the dinner. I always thought that guests gave what they could afford or felt they should give.

A: You are entirely right. The amount one spends, or gives, for a wedding present is determined by what the giver can afford of upon the closeness of the relationship to the bride or groom and not upon the cost of the dinner.

Q: When I have a date with a boy and he looks especially nice, I like to tell him so.

Some of my friends are of the opinion that it is in bad taste for a girl to compliment a boy on his appearance. Will you please tell me if this is true?

A: To make a practice of this would be in bad taste but to say something complimentary on occasion about a boy's appearance is quite all right and will encourage him to be more meticulous about his clothes.

Q: Is it correct, or customary, to tip the headwaiter? Last evening my husband and I had dinner at a hotel and when we left he insisted on giving the headwaiter a tip.

I don't think this was at all necessary and that the tip he left for the waiter was sufficient.

A: Unless the headwaiter gave you extra service or got you a special table, no tip was necessary.

The clothes of the bride and groom as well as those of their attendants, are described in the Emily Post Institute booklet entitled, "Clothes of the Bridal Party."

To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to Emily Post Institute, in care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Mr. and Mrs. Edward Evans of Birmingham announce the engagement of their daughter Margaret, to Ronald M. Hunter, son of the Melvin Hunters, also of Birmingham. No date has been set for the wedding.

## Local Man Will Head Conference

Mr. and Mrs. Harry J. Woodman of Gateway Drive will be attending the Great Lakes Consumers Conference in Cobo Hall Sept. 21. Mr. Woodman has been named general chairman of the conference.

Representatives of the food industry and homemakers will have a chance to exchange ideas about today's products and services.

Cosponsored by President Johnson's Committee on Consumer Interest and the Michigan Credit Union League, the meeting is expected to draw more than 2,000 representatives from business, social services, credit unions and consumer and women's groups.

### SIX STATE AREA

The conference area is a six state region including Michigan, Ohio, Indiana, northern Illinois, Minnesota and Wisconsin.

Orville Freeman, U.S. Secretary of Agriculture, is scheduled to speak at a luncheon session and Mrs. Esther Peterson, special assistant to the President for consumer affairs will make the keynote address.

### Check Body Line Before Sewing

When you want to copy a dress, examine it carefully to decide whether it is a basic body line with trimming or a specially designed and cut dress.

The basic body line with trimming is not difficult; the other type is not quite so easy to duplicate.

With best man, Harley Hopp, were ushers Joseph Humbaugh, Raymond Grundy, Emmett Morse, Walter Forbes and Gordon Elliott.

A reception in the CAI Building followed the ceremony performed by Dr. Milton H. Bank.

MRS. E. RIABUCHA

## Honeymoon Trip Follows Church Rite

Off on a southeastern honeymoon are Mr. and Mrs. Eugene Riabucha (Donna Lee Humbaugh) who were married recently in the Central Methodist Church.

The Irvin W. Humbaugh of Elizabeth Lake Road and Mr. and Mrs. Andrew Riabucha of Saline Drive are parents of the couple.

Re-embroidered French lace motifs highlighted the bride's gown and train of white silk organza over tulle. An illusion veil and cascade of white roses, carnations, and pink sweetheart roses, completed her ensemble.

### ATTENDANTS

Honor attendant was Betty Bantien with bridesmaids Shelley Humbaugh, Betty Lynn Elliott, Mrs. Emmett Morse, Mrs. Harley Hopp and Sandra Scarobet.

Nancy and Bradley Fairse were flower-girl and ring-bearer. Mylinda Conway and Dale Elliott lit the chancel candles.

With best man, Harley Hopp, were ushers Joseph Humbaugh, Raymond Grundy, Emmett Morse, Walter Forbes and Gordon Elliott.

A reception in the CAI Building followed the ceremony performed by Dr. Milton H. Bank.

## Play House Educationally

EASTLAKE, Ohio (AP)—First graders here live in a shoe; they have a teacher who knows what to do.

The students duck in and out of a five-foot-tall house shaped like a shoe in the corner of a classroom at Longfellow School.

The shoe is the main prop in an educationally-gauged version of playing house promoted by Mrs. Winnifred Burke, the teacher.

The children are permitted to play there after they finish classwork. The house gives them a common ground for learning to cooperate, Mrs. Burke says.

## Ceramic Tile Easy to Clean

Dirt in the laundry area often becomes a problem. This can be solved by surfacing the walls and floors with ceramic tile.

Unlike many other surfacing materials, tile will not stain, gather dust or soak up water.

Its smooth, hard surface is so easy to keep clean that many housewives merely stack their dirty clothes on the floor before running them through the machine.

**STRIKE VIOLENCE** — Mounted police move in on two men scuffling yesterday outside the strike-bound Auer Register Co. in Cleveland, Ohio. Battles broke out when 300 men gathered outside the plant as nonunion employees were leaving. The plant has been on strike since July 29 over a new contract.

## State Dem Charges Meat Prices Rigged

LANSING (AP)—The chairman of the Michigan Democratic Committee on Agriculture, Richard Stout of Marshall, has charged chain stores with manipulating the retail price of meat and pinning the blame on the National Farmers Organization.

The NFO is engaged in a nationwide holding action—attempting to keep livestock off the market until farmers are paid what it considers fair prices.

"The chain stores are using the NFO as a scapegoat for an unjustified manipulation of meat prices," said Stout, a dairy farmer and member of

the Michigan Agriculture Commission.

A spokesman for the Michigan Food Dealers Association said he was not aware of any general increase in retail meat prices.

### TAPERED OFF

Dr. John Ferris, a Michigan State University agricultural economist, said wholesale meat prices rose in August and tapered off last week. The causes of the hike cannot be immediately pinpointed—although it is partly seasonal, he said.

Beef prices rose as much as 10 per cent, and hog prices showed a sharp reaction last month, he said. Some of the increases, however, seem too great to be explained by normal developments, he added.

### SOME EFFECT

NFO holding action probably had some effect in the hog market, but only on a short-term basis, he said.

"The fact is that the chain stores have seized upon the NFO campaign and the publicity given it," Stout said, "as an excuse for raising retail prices—and boosting their own profits."

Stout also criticized action of the State Police, who have been called out when violence threatened at picketed stock yards. Gov. George Romney last week ordered State Police to respond to calls for help in averting violence.

"The possibility of the Michigan State Police being used as strikebreakers can be classed only as harassment," he said. "At no time during the NFO strike has local law enforcement failed."

## Police Clear Path Through Pickets

CASS CITY (AP)—About 25 police officers cleared a path through some 100 National Farmers Organization pickets Tuesday to let a cattle truck in to the Michigan Livestock Exchange yard.

Police said the pickets had lined up across the entrance, but once officers cleared a path the truck entered the yard without incident.

The organization has been picketing various livestock yards in an attempt to raise meat prices by keeping livestock off the market.

## Report on State Funds

LANSING (AP)—State Treasurer Sanford Brown reports that income into the state treasury last week totaled \$34 million. Expenditures for the same period came to \$41.3 million. The treasury has a balance in all funds of \$178.51 million, he said.

# UAW Seeking to Improve Present Provisions

DETROIT (AP)—The United Auto Workers, a union which has pioneered many contract innovations which have now become commonplace in American industry, proposed no new breakthroughs in setting 1964 goals.

The UAW sought, instead, to improve on gains won in the past—some in peace, some in strikes.

The only really new thing proposed was something approximating two 10-minute coffee breaks daily for workers "chained to the grinding monotony of machines and assembly lines."

Workers now generally get two 12-minute breaks per shift to attend to personal physical needs.

### RELIEVERS

While workers are away they usually are spelled at their jobs

by men specifically hired as relievers.

It was in the auto industry in 1940 at General Motors—that the so-called annual improvement factor and cost-of-living escalator made their appearances on the U.S. industrial scene.

Ford and Chrysler agreed to similar contract inclusions in 1950.

The annual improvement factor guarantees a worker a yearly wage increase of 2 1/2 per cent or six cent hourly, whichever is greater. It was designed to provide workers a share in cost-saving technological advances—now known as automation.

### FOLLOWS PATTERN

Wages ride up or down on the cost-of-living escalator. There is a penny gain or a

penny loss per hour for each half-point rise or fall in the index of the U. S. Bureau of Labor Statistics. Adjustments are made quarterly and all have been upward in recent years.

Pensions first were written into UAW contracts in 1949 at Ford. The union insisted on the companies paying into a separate fund to guarantee pensions for workers at age 65, regardless of what happened to an individual company. It took the industry's second longest strike—104 days at Chrysler—to win a so-called funded pension there.

As a shining example of what funded pensions can mean, the UAW points to the fact that Kaiser-Fraser employees are being placed on pensions as they reach 65, and that through investment earnings the K-F

fund actually contains more money now than when this auto maker folded.

The union stroke mightily for a guaranteed annual wage in 1958. It didn't get it, but it took a giant stride toward that goal. It won supplemental unemployment benefits.

### GUARANTEED

Under so-called SUB unemployed workers are guaranteed from a company-supported fund sufficient benefits, which when coupled with regular unemployment compensation, equal 82 per cent of their straight-time pay.

The average hourly wage for the industry as a whole now is \$9.01. SUB is payable for a whole year if layoff lasts that long.

In 1961 bargaining, the companies agreed to compensate

workers for short work weeks and to pay up to \$580 toward the moving expenses of an employee following his job from one plant to another.

Profit sharing was the major breakthrough in 1961. It was won at American Motors Corp.

### WORKERS SHARE

After 10 per cent of the company's net worth is taken for stockholder equity from before taxes profits, the next 15 per cent is distributed among workers.

A third of the workers' share goes into American Motors stock distributed to them individually and two-thirds of it goes into a fund to expand and improve fringe benefits.

After three years of experience UAW President Walter Reuther describes profit sharing as "one of the techniques, not

the final answer" in winning what he terms worker-equity in company earnings.

The UAW has said it has no plans to junk profit sharing at American Motors, but expects to "improve and build on it" in this year's bargaining, now delayed at AMC until next Tuesday.

## U. of M. Writer Gets Awards for TV Work

ANN ARBOR (AP)—The American Psychological Foundation has presented its \$500 science writer's award to Lee M. Woodruff of the University of Michigan for a series of 15 television shows he wrote on experimental psychology. Woodruff is producer-supervisor for the university's television studios.

## Nation's Stability at Stake

By CONRAD FINK

NEW DELHI India (AP) — Deserter by some members of his own party, Prime Minister Lal Bahadur Shastri is in deep political trouble just three months after assuming the leadership of India.

The nation's stability will depend on how well this shy, unassuming man fights back

front of Communists, Socialists and right-wing Hindus stepped up their attack on Shastri's food policies. Parliament will vote next week on a motion of no-

confidence against the prime minister. The Congress party's big majority assures the defeat of the motion, but Congress mem-

bers themselves were voicing some of the harshest criticism hurled at Shastri.

Congress member A.C. Guha

of West Bengal declared the nation's reserves of food grains are gone and the food situation is the worst since the great

Bengal famine killed millions in 1943.

The prime minister's opponents in the party hierarchy are grumbling that he is not tough enough to control the situation. This was the main argument of right-winger Morarji Desai when he contested the selection of Shastri as Nehru's successor.

## BEING MENTIONED

Desai, known for his toughness, is again being mentioned as the man to take over.

There is other turmoil. Communists stalked out of the Uttar Pradesh legislature during an argument over charges

of election irregularities that have thrown the Congress machine into an uproar.

The governor of Orissa State tendered his resignation to take responsibility for invasion of the legislature by students throwing rocks.

Food demonstrations continue throughout India. Rival groups of Kashmiri nationalists brawled in the streets of Srinagar.

Much of northern India is covered by the worst floods in 40 years.

Sources close to Shastri say he is planning stern action.

By the end of the week he is expected to dissolve the Kerala legislature and set up a state government controlled by New Delhi. The Communists are expected to retaliate with demonstrations.

## Romney, Solon on Unit

WASHINGTON (AP) — Michigan Gov. George Romney and Rep. Elford A. Cederberg, R-Mich., have been selected to serve on a six-man coordinating committee to seek more government contracts for Midwestern states. The committee has two governors, two senators and two House members.

## State Record on Road Deaths Improves

LANSING (AP) — State police he found some hopeful signs toward eventual cutdown in Michigan's highway traffic toll despite the grim report of 21 killed over the Labor Day weekend.

Last year there were 38 persons killed in the same number of hours.

"Our toll over Labor Day

was less than the average summer weekend—25 deaths—and we are encouraged by this," said Capt. Donald Oates, commanding officer of the Traffic and Safety Division.

Oates said the cut in the number of Labor Day fatalities came about for various reasons.

CAREFUL DRIVING

"I think drivers are becoming more responsible," he said.

"Our stricter enforcement helped. I'm sure the newspaper radio and television messages helped."

Helping to keep the Michigan Labor Day traffic toll down was a lack of multiple-death accidents, Oates observed.

"There were only two fatal accidents taking two lives each over the weekend compared to some weekends where there

have been multiple deaths, with five, six or seven in a car or truck. These tragedies have mounted our death toll. We have had nothing like those this weekend," he said.

## LIGHTS IDEA

Oates and Secretary of State James Hare didn't seem too impressed by the plea by Gov. George Romney for motorists to keep their car lights on over Labor Day "to light the way to safety."

Oates said the traffic Safety Division of the National Safety Council has not yet endorsed such driving with lights on.

"Motorists might blind others with their long lights and the fact that the rear ones were on might be confusing," he said.

Hare said he thought the idea needed thorough analysis before being adopted.

## Shaw Letters Left to Sons of Sir Cedric

LOS ANGELES (AP) — British actor Sir Cedric Hardwicke left his two sons his most treasured possessions, letters from playwright George Bernard Shaw.

His will, filed Tuesday in Superior Court, left his entire estate to his sons, Edward Hardwicke, 32, of Hingham, London, and Michael Hard-

wicke, 17, who lives with his mother, Lady Mary Scott Hardwicke, in Beverly Hills, Calif.

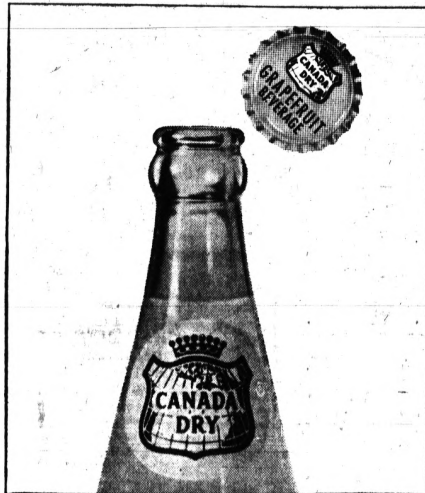

Sir Cedric and Lady Mary were divorced in 1961.

Edward was bequeathed letters received from Shaw before Hardwicke came to the United States in 1934. Michael received all letters received thereafter.

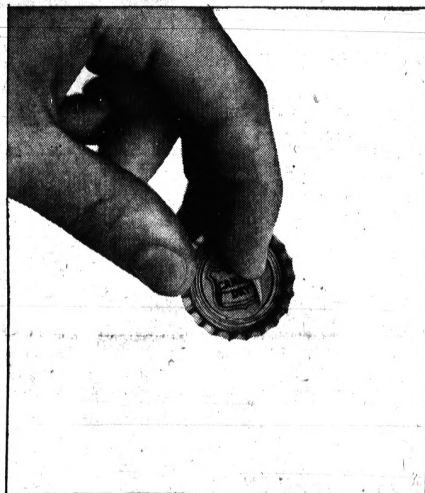

The entire estate was listed only as in excess of \$10,000.

Hardwicke died in New York City last Aug. 6 at the age of 72.

Hawaii, with an average of \$18,400 per family in life insurance, tops all the states in per family holdings, a study by the Institute of Life Insurance shows.

1. Pop a gold cap

2. Remove the liner

3. Send 12 liners

4. Get a buck

Look for the Gold Caps on these Canada Dry Beverages  
(Offer applies only to product shown)

You'll flip over this offer. We pay you to enjoy Canada Dry! Just look for these gold caps. Remove the plastic liners from inside the caps. When you've collected 12, send them, with your name and address, to: Canada Dry Corp., P.O. Box 9044, St. Paul, Minn. We'll send you one dollar.

What a wonderful idea! You get extra money—and enjoy Canada Dry

at the same time. You'll go for Special Sparkle—the blending of costlier ingredients plus pinpoint carbonation that makes Canada Dry beverages more refreshing, livelier right to the very last sip. Important: send liners; do not mail caps! Offer limited; one refund per family; expires midnight October 5, 1964.

## Pupils Go Back Today

# Bell Rang Early for City Teachers

School bells clang this week throughout Oakland County, summoning teachers and their pupils back to classrooms.

The proverbial clanging reaches the ears of Pontiac schoolchildren today. However, for a large majority of local teachers, the bell rang as early as last week.

Teachers literally have gone back to school in a series of preschool classes and workshops. Pontiac offers a variety of "instruction" for teachers annually.

Teachers new to the district meet according to the areas they will teach, learning what materials are at their disposal, what textbooks to use, what research and reference facilities exist.

Teachers switching to new areas of instruction meet in other preschool sessions to review the courses they are to teach.

For example, a science teacher reassigned to teach mathematics must go over the course content of his new subject.

Still other teachers gather before the opening bell to review new materials — like a new textbook to be introduced in the new school term.

Last Friday, new Pontiac teachers gathered at Pontiac Central High School for the school district's annual "Welcome to Pontiac" program.

The half-day program featured Mayor William H. Taylor Jr., School Board President William H. Anderson, and Supt. Dana P. Whitmer.

140 NEW TEACHERS

Pontiac has added 140 new teachers for the 1964-65 school year, although 25 instructors are returning from various leaves of absence.

A picnic luncheon climaxed

the "Welcome to Pontiac." In the afternoon, new teachers met with the principal at the school to which they are assigned.

Yesterday, a general meeting for all instructional personnel topped the preschool activities.

Teachers reported to their buildings in the afternoon, preparing for the first wave of students this morning.

Pontiac Press Photos

"AW, SHUCKS" — School Supt. Dana P. Whitmer (left), passed out peanuts yesterday at the general meeting for teachers at Pontiac Northern High School. Sampling the tidbits were board member Mrs. Elsie Mihalek and Board President William H. Anderson.

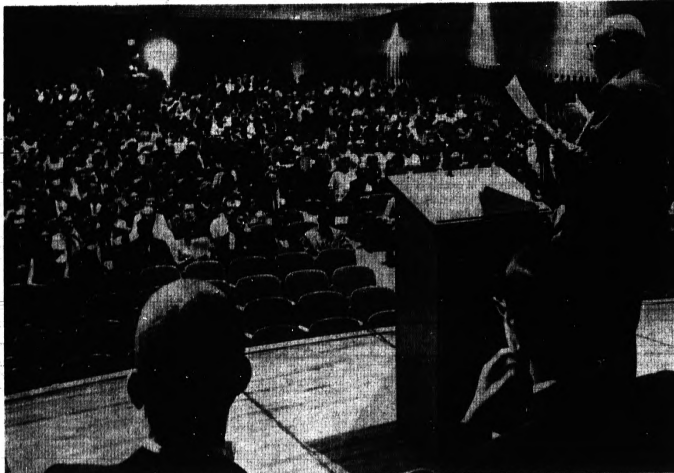

NEW TEACHERS — An outing last week finished up a week of activities for some 115 new teachers. The "Welcome to Pontiac" program ended at Hawthorne Park with a picnic lunch. Disembarking from a bus at the picnic grounds are (from left) Mrs. Mary Morse, Winner School principal; Phillip Carey of Jefferson Junior High; David Dickens of Baldwin Junior High, and Miss Linda Woodruff of Lincoln Junior High.

INSTRUCTING — A highlight of preschool activities in the Pontiac school system each year is the series of preschool workshops. The workshops offer teachers the opportunity

to learn of new materials they will use this year in their classrooms. Science specialist Edwin Rydell presided over this workshop at Bagley School for teachers from grades 1-3.

SONGFEST — Nearly 900 teachers met yesterday morning in the auditorium of Pontiac Northern High School. Prior to getting down to serious business, the teachers were led in

song by George Putnam, supervisor of instrumental and secondary vocal music.

COFFEE AND DOUGHNUTS — The wrap-up of preschool activities is a general meeting for all instructional personnel. Held yesterday at Pontiac Northern High School, the meeting

began with coffee and doughnuts. Pontiac Central High School Principal Francis W. Staley (left) gets coffee from Maurice Levine, science instructor at Pontiac Central.

'We Are In The Center Of A Revolution ...'

## Avoid Bias, Teachers Told

By L. GARY THORNE

Schools are not troubled by the crude bigot, but with teachers who carry unconscious assumptions about the Negro, Dr. Harvey Burdick of Oakland University told local educators yesterday.

\*\*\*

Dr. Burdick, chairman of the department of psychology, spoke at a general meeting of Pontiac teachers at Pontiac Northern High School.

Describing the "peculiar plight" of teachers, the OU visitor said that classroom instructors must have respect for the learning ability of their students.

A child will not learn if his teacher assumes he can not learn or is not motivated to learn, Dr. Burdick emphasized.

\*\*\*

According to the OU psychologist, teachers must assume, if a lesson doesn't get across, that they are incompetent, not their students.

IMPORTANT ATTITUDE  
"This attitude is important for all students," he added, "but particularly for the Negro child."

Continued Dr. Burdick, "Respect for the child — this is the plight of white, middle class teachers trying to teach the lower class Negro child."

Knowing something is right on

an intellectual level and knowing something is unquestionably true are the two concepts of the Negro revolt, he noted.

"We are in the center of a (Negro) revolution and it has caught us unprepared," declared Dr. Burdick.

\*\*\*

ADVISES INTROSPECTION  
He said teachers should look at unconscious assumptions they might hold about the Negro and what he is.

For example, he cited intelligence and aggressiveness as areas where people hold unsupported prejudices about the Negro.

"It is fashionable to feel prejudice," said Dr. Burdick.

He reminded the teachers of the power of a group. The majority will bend with the wind, depending on the situation or norms.

CHANGE NORMS  
However, change the norms and attitudes change, he added.

Claimed the OU speaker, "Attitudes can be changed by making it difficult to act in a prejudiced manner."

He called on the teachers to change social norms. He urged them to remember the self-respect of their students.

Dr. Burdick concluded that self-respect and dignity are the things sought by the Negro revolution.

## Follow Viet, Korean Pattern

## Indonesia Operating Out of Sanctuary

By PHIL NEWSOM  
UPI Foreign News Analyst

Another of those privileged sanctuaries which somehow protect an aggressor from a taste of his own medicine has emerged in Southeast Asia.

It is President Sukarno's Indonesia which regularly and openly sends guerrilla fighters against Malaysia's territory in Borneo and twice in the last two weeks has landed small groups of heavily armed fighters on the Malaysian mainland.

U.S. troops encountered the privileged sanctuary during the Korean police action.

Although opposed by Gen. Douglas MacArthur, the United States adopted as its deliberate policy a hands-off attitude toward Red China despite the fact that so-called Red Chinese "volunteers" were pouring into the Korean peninsula, indefinitely prolonging the struggle and preventing a clear-cut decision.

The privilege sanctuary also

has protected Communist North Viet Nam and continues to protect frankly aggressive Red China in Southeast Asia.

In Korea, the policy was designed to prevent a small war from escalating into a big one.

**STOPPING POINT**  
The same thinking prevails today, although in each case the powers involved — the United States in Korea and in Laos and South Viet Nam, and the British, Australians and New Zealanders in Malaysia — must have in mind a stopping point at which the policy is junked and aggression answered in kind no matter what the risks.

In Laos and South Viet Nam, the United States has attempted to make it clear to the Communists that it will reply to direct attack, taking on a war with China if necessary.

Similar British warnings have been issued to Sukarno.

As a deterrent, the U.S. position seems to have had some effect on the Chinese.

**NO EFFECT**  
But British warnings have had no effect on Sukarno.

As usual in today's jumbled world where clear-cut decisions are difficult to come by, the Malaysia problem poses more questions than answers.

The first of these, of course, is what to do about it.

The second is, just how far do Sukarno's ambitions go and what is his real objective.

**THE MAN**  
And a third deals with Sukarno, the man.

The question of what to do about it now has been tossed to the United Nations, with the chances of preventive action remote.

So far as ambitions go, Sukarno is not believed to want more land than the island of Borneo of which he now has considerably more than half.

Even this, Sukarno has denied, charging instead that the whole Federation of Malaysia is a British plot to strangle Indonesia.

**CHINA AT DOORSTEP**  
Further, Sukarno is not believed anxious to have Red China at his doorstep such as would happen if Red China took over Singapore and Malaysia.

Sukarno himself probably presents the greatest problem of all.

For Indonesia with Sukarno at the helm seems certain to be a troublemaker for the indefinite future.

But Indonesia without Sukarno and with one of the world's largest Communist parties could automatically go to communism and present an even greater problem than now.

## Junior Editors Quiz on FUNGUS

QUESTION: Does the bracket fungus live on dead or living trees?

ANSWER: Both Mike (right) and Mark (left) have their own theories on this. Each seems to have found proof to contradict the other.

The large group of fungi are simple plants, without the green chlorophyll by which higher plants make their own food. Fungi must live by material supplied by other plants or animal matter.

Some fungi are parasites, living on other things, such as the rusts and moulds which damage wheat plants. But other fungi, like mushrooms and bracket fungi, live on different kinds of dead matter such as rotten wood.

It's true Mike has found this fungi on a living tree, but the fungus is not attacking the living wood; the main part of the fungus, the "mycelium," is inside the trunk and has penetrated to the heartwood of the tree, which is dead; the fungus is breaking this down and digesting it.

The outside "bracket" has, underneath, many tiny holes and from these drop "spores" or primitive seeds.

These, blown through the air, find some dead trees or gain entrance to a living one by a wound or cut in the surface, when a new mycelium will be formed, which will work its way in until it finds dead wood on which to feed.

FOR YOU TO DO: Go for a walk in the woods and see how many kinds of fungus you can find. Warning: don't try eating wild mushrooms; some are poisonous.

## 2 First Ladies of '64 Race Study in Contrast, Parallels

By RUTH MONTGOMERY  
WASHINGTON—In an eye-ball-to-eye-ball confrontation between Lady Bird Johnson and Peggy Goldwater, who would blink first?

Underably one of them will blink away some tears next Nov. 3, when her husband concedes to his victorious rival.

The two first ladies of this year's campaign trail are an interesting contrast.

study in contrasts and parallels. Peggy Goldwater was born a Johnson; Lady Bird became one by marriage. Each is known by her nickname. The wife of Barry Goldwater was christened Margaret Johnson. Lady Bird's real name was Claudia Taylor.

Both knew comfortable affluence throughout their childhood. Thomas Jefferson Taylor, "dealer in everything," owned East Texas cotton plantations and the general store at Karnack, Texas.

Ray Prescott Johnson, Peggy's father, was one of the founders of Borg-Warner Co.

and president of Warner Gear Co. in Muncie, Ind.

Peggy is a life-long Episcopalian. Lady Bird became one after attending an Episcopal Junior College in Dallas. Both were married by Episcopal ministers in the fall of 1934, Peggy in September and Lady Bird in November.

### BOTH MILLIONAIRES

Both women are millionaires in their own right, and wealthier than their husbands. Both are innately shy and retiring, but were plunged headlong into politics by their gregarious spouses.

Lady Bird joined the Senate ladies' club in 1949. Peggy joined in 1953. As fellow members they met often at the Tuesday luncheon sessions, wearing white uniforms to food hand-ages for the Red Cross.

Peggy, who has a natural flair for style, studied fashion design and painting at Grand Central art school in New York after graduation from Mount Vernon finishing school.

Lady Bird ruefully admits that it was Lyndon who took her out of golf-stylish dresses and comfortable heels, and put her into bright-colored, figure-bugging dresses and high-heeled pumps.

### LOVES TO COOK

Peggy is domestically inclined, loves to cook, and serves as the family chef even for dinner parties of twelve.

Lady Bird had never dusted a table or cooked a meal until her marriage, and except for a brief period as a bride she has left such housewifely chores to servants. She does not like to cook or sew.

During countless camping trips with Barry, Peggy has shot the rapids of the Salmon River in a rubber boat; slept in tents while blizzards raged around them; roughed it on a 2,000-mile jeep trip through uncharted Indian country; and deep-sea fished from Canadian and Peruvian waters.

Lady Bird had her first taste of the Western wilds last month when she visited an Indian reservation, and floated down Snake River on a rubber raft shared by Secret Service agents, with reporters in tow. She is no fisherman, although one of her greatest joys is motorboating on the lakes and rivers near the LBJ ranch.

### CHILDREN ON STUMP

Peggy has two married daughters and two sons who are enthusiastically campaigning for their father.

Lady Bird has two daughters who have been whooping it up for LBJ with the teen-Dems and Young Citizens for Johnson.

Lady Bird, a seasoned campaigner since 1960, will not only travel with her husband to Democratic rallies, but strike out on her own to speak in his behalf.

Peggy, still as retiring as Lady Bird used to be, will stay close to her husband's side and leave the speech-making to him.

### MOVE FAMILIES

Both women have borne the frustrations of moving families back and forth between Washington and the home district; overseeing two households; and sharing their husbands with the public spotlight.

If they had their way, each would prefer to live a more normal, quiet life in the Southwest.

Perhaps Peggy expressed it best when, a month before President Kennedy's assassination last fall, I asked her how she would like to live in the White House.

With a pixie grin she replied: "If you want to know the truth, I told Barry that if he won the nomination and election, he should make a contract with Jackie to stay on at the White House. She's doing a fine job."

(distributed by King Features Syndicate)

### Traffic Study Starts for Muskegon Area

LANSING (AP)—A comprehensive traffic study of the Muskegon area starts today, the State Highway Department says. The study covers a 108-square mile area with a population of 117,500. The Department will interview motorists driving into and out of the area and make 4,000 home interviews to give state and local planners complete information about transportation needs and habits in the area.

AP Photo

**BEAR STAKE**—Having bears for lunch isn't common practice even in the back woods of eastern Washington, but Penny Ellis, a cook at Coles Corner, 16 miles north of Leavenworth, shares a sandwich with "Big George," one of many so-called tame bears in the area. This practice is not recommended generally.

## Continuing Reshuffle

# Khanh in Added Post

SAIGON, South Viet. Nam (AP)—Premier Nguyen Khanh took on the added title of defense minister today, government sources said.

In a continuing reshuffle of top posts, Maj. Gen. Duong Van Minh has reportedly been named chairman of the ruling triumvirate on which Khanh and Lt. Gen. Tran Thien Khlem also serve. But Khanh is still considered the most powerful man in the government.

Khem resigned as defense minister last week but reportedly remained military commander of the armed forces under Khanh.

### VISITED MINISTRY

Khanh visited the Defense Ministry in civilian clothes today, presumably to tell the staff he was the new boss. With him was Gen. Khlem and another general who has been under heavy attack by Buddhists—Maj. Gen. Do Cao Tri.

Tri is expected to be transferred from the post he has held since early this year, commander of the army's 2nd Corps.

The shuffling of generals in the past two weeks is seen as more for show than reality. Khanh has apparently been pulling all the strings. His apparent motive is to confuse opposition groups so they cannot concentrate on any single target.

Two civilian Cabinet ministers, Education Minister Bui Tuong Huan and Social Welfare Secretary Tran Quang Thuan, resigned. Both have been strongly critical of Khanh's regime in recent weeks.

### REPEATED FLIGHTS

The North Vietnamese News Agency claimed that U.S. military planes made repeated scouting flights over Communist North Viet Nam in the 12 days ending Aug. 30. It said North Viet Nam protested to the three-nation control commission for Viet Nam.

Red China warned again today it "will not stand idly by" if the war is extended to North Viet Nam. The official Peking People's Daily charged that the U.S. government "has long been plotting to extend its aggressive war in South Viet Nam."

The Soviet Union accused Japan of aiding the United States in "acts of aggression" during the Gulf of Tonkin crisis and said this endangered world peace. Soviet Ambassador Vladimir M. Vinogradov handed a note from his government to Deputy Foreign Minister Takiko Ohda in Tokyo.

Ohda replied that the United States acted in self-defense and denied that U.S. naval vessels in the Gulf of Tonkin went directly from U.S. bases in Japan.

### Hearing Set Sept. 21 for Detroit Area Road

LANSING (AP)—The State Highway Department has announced that a public hearing will be held at Wayne on Sept. 21 to discuss details of proposed I-75 in Wayne County. The highway is proposed to serve as the west belt superhighway for the Detroit area and will extend from I-75, near Monroe, north to I-96, northwest of Detroit. The hearing will be held at 8 p.m. in the Wayne Memorial High School auditorium.

## Grower Reneges on Contract

# Farm Workers Fly Home

DETROIT (AP)—Some 260 Puerto Rican migrant workers, left penniless when their employer vanished without paying them their wages, fly home today.

day at their government's expense.

Most of the workers, none of whom speak English, left Detroit Metropolitan Airport last night and the rest were to board a flight home at 4 a.m.

Buses brought the workers from Edmore in western Michigan, where they had been living in barracks maintained by the Miller Pickle Co., which hired them to pick cucumbers.

Charles Simon, Montcalm County assistant prosecutor, said the 260 had been working under a 13-week contract, for which they had received just four weeks' pay.

### RETURN TRANSPORTATION

Spokesmen for the workers said the contract had promised return transportation.

The workers were to have received the remainder of their wages Saturday, and when the pay checks did not appear, some shouted threats of violence. A Spanish-speaking Catholic priest helped calm the group while police stood by.

Neither Isaac Miller of Buffalo, N.Y., president of the firm, nor any other company representative had been seen since Friday, Simon said, until attorney Cy Stadfield of Boston arrived at Edmore Tuesday.

Meanwhile, county and state welfare authorities assisted the community and individual citizens in feeding the stranded workers.

### FILE FOR BANKRUPTCY

The company last Feb. 28 filed a petition in bankruptcy at U. S. District Court in Grand Rapids, listing liabilities of \$2,485,300 and assets of \$1,404,350. The petition was signed by Miller as company president.

Company spokesmen later said arrangements had been completed for continued operations through the harvest season.

With Stadfield and Steve Bransdorfer of Grand Rapids as attorneys, another petition in bankruptcy was filed Tuesday, but details were not immediately available.

The two attorneys told Simon they had been unable to contact Miller, but understood that his daughter was very ill somewhere in New York.

Meanwhile, the assistant prosecutor said investigators have found the company also owes an undisclosed sum of money to 200 Mexican nationals. These workers will be transported back to Mexico today with the U.S. Department of Labor paying expenses.

## Pittsburgh Police Study Big Task: Beatles Coming

PITTSBURGH, Pa. (AP)—Police officials huddled in a dark room studying an assignment book to test their mettle.

A big Jewel heist? A murder? A visit by the President?

No. The Beatles are coming to town.

A television station showed Tuesday a film of the arrival of the mop-topped British entertainers in San Francisco to help police map their strategy.

The Beatles are due in Pittsburgh Monday night for a half-hour appearance at the Civic Arena.

The promoter has hired 100 off-duty Pittsburgh city policemen at \$20 a head to patrol the arena.

THOMAS M. NOVAK

## Phony Doctor Faces Exam

# 29-Year-Old Man Is Out on \$2,500 Bond

DETROIT (AP)—A 29-year-old Michigan man charged with practicing medicine four years without a license—and earning \$150,000 at his phony practice—faces court examination Sept. 16.

Thomas M. Novak, father of two children, was arraigned Tuesday on the charges and released under \$2,500 bond.

Novak "picked up a lot of knowledge by simply putting on a white coat to walk into a hospital," said Michigan Atty. Gen. Frank Kelley.

Kelley described Novak's case as "one of the most fantastic stories of deception in the state's medical history."

### NONE HARMED

He said there was no immediate indication that any of Novak's patients had been harmed or that he had performed any surgery.

Novak wrote about 20 prescriptions a day in his practice, in which he specialized in internal medicine, treating such ailments as heart and lung diseases and diabetes, Kelley said.

Novak appeared in court with his wife, Patricia, Tuesday. He declined comment except to say to newsmen, "My wife and children are not accused of practicing medicine, and I hope they can be left out of this."

### FAKED ATTENDANCE

Kelley said Novak had faked attendance at schools of medicine at the University of Michigan, Wayne State University and Johns Hopkins Medical School in Baltimore.

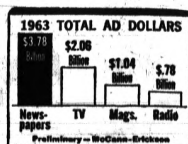

"He would buy a lot of books but would not actually attend most of the classes," Kelley said.

The case prompted the attorney general to call for "a sweeping review" of registration and licensing procedures in both Michigan's medical and nursing professions.

"I saw it in the paper..."

...means she has faith in what she reads there. You've said it yourself many a time. You have confidence that it's true, if you read it in the paper. And that's a good place for an advertiser to be, surrounded by news and editorial features that people feel are authoritative. According to an actual survey, 8 out of 10 people felt that newspapers are "reliable" and "dependable," more than 7 out of 10 felt them to be "believable." This receptive frame of mind extends to the advertising messages. In the same survey, newspaper advertising is rated high in positive, and low in negative feelings. So whatever you want to sell them, tell them about it in the newspaper.

MORE MONEY IS INVESTED IN NEWSPAPERS THAN IN ALL OTHER MAJOR MEDIA COMBINED!

## Elephants Flip Wigs When Jets Go By

WINDSOR, England (UPI)—Pilots from the Farnborough Air Show promised today to stop flying over a circus here after circus officials complained that their elephants stopped perform-

ing every time a jet buzzed overhead.

"The elephants get out in the ring dressed up in Beetle wigs," circus director Ronnie Smart said, "and as soon as they hear the planes they stand still with their ears pointed up to the sky."

## COMMERCE FIRST RUN!

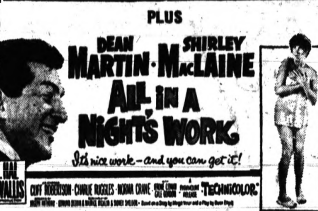

EM 3-0661

For the first time, the motion picture screen reveals to the world a secret hidden for a century behind the frightened eyes of a troubled people. From the actual legends of a village right here in our own United States comes a story so incredible that it defies the most bizarre imagination... the story of the witch, who became restless in her grave.

THE STRANGEST STORY EVER TOLD!

She had the body of a goddess. But the soul of a witch. Out of the mists of time... From the darkness beyond the grave. She came in the night On her mission of death.

trees, the din of the city seems far away. And as you enter the well-kept, church, you are transported to another, simpler era.

At services on Sunday morning and evening and at prayer meetings Wednesday night, the rafters ring with the sounds of gospel singing and the word of the Lord as spoken by the Rev. Rudy Alwood. Thus, the vision of the "Goose Creek parson" is carried on many years after his death.

Martha Hogg, daughter of the founder and member of the board of trustees, talks proudly of the building, modeled after a small church in Ashland City, Tenn., that her father had visited as a circuit rider.

He was William Bennett Hogg, a high school principal in Mississippi until he received the call to enter the service of God. He became a Methodist minister, served as chaplain in World War I and was on General Pershing's staff in Germany during the occupation.

HAD BREAKDOWN  
The Rev. Mr. Hogg returned to the ministry, but in 1928 he suffered a nervous breakdown.

"Doctors said it was the strain of having to bury 3,000 young men during the war," his daughter explained.

After his recovery, he prayed to determine whether he should return to preaching. The answer seemed to be yes, and he turned to evangelism. He appeared at large tabernacles in Chicago and Los Angeles.

It was here that he found himself without a job, and he suggested to radio station KFAC a program about a country parson.

became known as Josiah and Sarah Hopkins, and their program was a local favorite. Through it he saw the fulfillment of a dream.

"Hollywood is the most preposterous place to build a country church," he said. "That's why I want to build it here. I want a church with none of the high pressure of today's religion. A little church we don't have to fill, one which people don't feel they have to come to or contribute to."

And so the country church rose on Argyle Street.

"It was a miracle church," said Miss Hogg. "Everyone contributed to building it; the architect was the only person paid."

But the church didn't remain as simple as her father had hoped. Prayer meetings were held five times a week next door in a tent seating 3,000. He became a national celebrity with his sponsored radio show, "Goose Creek Parson." The Rev. Mr. Hogg died in 1937.

Peruvian Bus Plunges Into River; 6 Killed  
HUANCAYO, Peru (UPI)—A crowded bus plunged off an unrailed bridge into the Cunas River near here yesterday, killing six persons and injuring 10. The driver fled from the scene to escape possible violence at the hands of other survivors.

## Treats to Serve With Meat

By JANEY ODELL  
Pontiac Press Food Editor

Commercially prepared jams, jellies and relishes are excellent nowadays and no one need apologize for serving them. But there are special treats that can only be homemade.

No need to use a bushel of this and a peck of that. Make your relishes in small batches. Serve them right away or store them in the refrigerator or freezer. Repeat if you happen on a favorite.

A Relish made with Bartlett

### Olives for Zest in This Filling

Chop leftover chicken and combine it with small pieces of ripe olives and other favorite ingredients for delightful "Chicken-Olive Sandwich Filling."

Meaty ripe olives, whether cut into small pieces or husky wedges or finely chopped, give unique nut-like flavor to a host of sandwich fillings.

**Chicken-Olive Sandwich Filling**  
 1/2 cup ripe olives  
 1/2 cup chopped cooked chicken  
 1/2 cup finely chopped celery  
 1/2 cup mayonnaise  
 1/2 teaspoon salt

Cut ingredients into small pieces. Mix with remaining ingredients. Serve as sandwich filling. Makes about 1 1/2 cups.

### Nut Meringue Makes Topping for Cookie

Good keepers: crisp cookie squares.

**Praline Squares**  
 1 cup butter or margarine  
 1 cup firmly packed light brown sugar  
 1 teaspoon vanilla  
 1 large egg, separated  
 2 cups sifted flour  
 1/2 cup finely chopped pecans

Beat together butter, sugar, vanilla and egg yolk until combined and fluffy. Stir in flour until combined.

With a spatula spread over lightly greased jelly roll pan (about 15 by 10 inches). Beat egg white until frothy; mix in pecans. Spread over mixture.

Bake in a moderate (350 degrees) oven until golden brown—20 to 25 minutes. Cool slightly. Cut into 32 (about 2-inch) squares. Remove with a spatula to wire racks to cool. Store in tightly covered container.

### Bacon Fat

Ever use bacon fat instead of butter for brushing over corn on the cob? Before you try this, be sure that your family really enjoys bacon flavor when added in such a way. Make sure, too, that the bacon fat you use is white and drained from bacon that has been cooked over very low heat.

pears and fresh tomatoes is unusual. Both fruits will keep their color and shape if you are careful to follow directions. Good to serve with meat.

**Fragrant Pear Relish**  
 2 pounds fresh firm-ripe Bartlett pears  
 1 pound tomatoes  
 1 cup chopped (medium coarse) green pepper  
 1/2 cup chopped (medium coarse) onion  
 1 cup sugar  
 1 teaspoon salt  
 1/2 teaspoon cayenne pepper  
 1 teaspoon dry mustard  
 1 teaspoon ground ginger  
 1/2 cup cider vinegar

Pare, core and coarsely dice pears—there should be about 4 1/2 cups cut in 1/2- to 3/4-inch pieces. Dip tomatoes into boiling water for a minute or two and remove skins; cut into medium-thick wedges to make 2 cups.

In a kettle, mix together the pears, tomatoes, green pepper, onion, sugar, salt, pepper, mustard, ginger and vinegar. Bring to a boil, stirring often. Simmer until pears are soft and transparent and liquid is thickened. Makes about 1 quart. Serve warm or cold.

Store any relish not used in tightly covered jar in refrigerator.

Another go-with for meat is parsley jelly. This is pale green with just a touch of lemon in it. Sound good to you?

**Parsley Jelly**  
 2 large bunches parsley  
 3 cups boiling water  
 4 1/2 cups sugar  
 2 tablespoons lemon juice  
 1 box powdered fruit-pectin—few drops green food coloring

Wash and chop parsley. Measure 4 cups into bowl. Add boiling water, cover and let stand 15 minutes. Place in jelly cloth or bag and squeeze out infusion. Measure 3 cups infusion into large saucepan.

Add lemon juice and pectin and mix well. Place over high heat and stir until mixture comes to hard boil. At once stir in sugar. Add food coloring to tint mixture lightly.

Bring to full rolling boil and boil hard 1 minute, stirring constantly. Remove from heat, skim off foam with metal spoon and pour into hot glasses.

Cover at once with 1/2 inch hot paraffin. Makes about 7 medium glasses.

And now a recipe for cucumber marmalade. It's truly different.

**Cucumber Marmalade**  
 2 cups (about 1 1/2 pounds) prepared cucumbers  
 4 cups sugar  
 1/2 cup lemon juice  
 2 tablespoons grated lemon rind  
 Few drops green food coloring  
 1/2 bottle liquid fruit pectin

Peel cucumbers; chop very fine. Measure 2 cups into large saucepan. Add sugar, lemon juice and rind; mix well.

Place over high heat, add food coloring, bring to a full rolling boil and boil hard 1

minute, stirring constantly.

Remove from heat; at once stir in pectin. Skim off foam; then stir and skim 5 minutes to cool slightly and prevent floating particles.

Ladle quickly into glasses. Cover at once with 1/2 inch hot paraffin. Makes about 6 medium glasses.

### Precooked Rolls Turn Into Treat

Hot stuff! . . . Something hot and appetizing can taste awfully good on a cool morning in early fall, and fancy sweet sticky buns needn't be a "Sunday only" breakfast item. Using brown-and-serve rolls and this quick orange glaze, you make them in minutes—while the cereal or

eggs are cooking and the coffee's perking.

To glaze 12 rolls, combine 1 tablespoon butter, 2 tablespoons undiluted frozen orange juice concentrate and 3 tablespoons sugar in a small saucepan. Place over low heat and stir until butter is melted and sugar is dissolved.

Dip rolls into glaze, place on ungreased baking sheet, and bake in a hot oven (400 degrees) 10 minutes.

### Bacon for Flavor

Cook several extra pieces of bacon at breakfast time; wrap and refrigerate. Crumble the bacon next day and let it give extra flavor to a vegetable—creamed spinach, buttered snap beans or green peas.

Wet your hands before shaping meat patties and the ground meat won't stick to your hands.

**DOUGHNUT BOARD**—When Pontiac teachers met Tuesday morning for their annual coffee hour, they found their doughnuts hanging on pegs. The pegs were placed in perforated cardboard letters spelling out PEA for Pontiac Educational Association, the hostess group. Here Mrs. I. Joseph Davis, a teacher at Madison Jr. High, holds a tray of doughnuts for Mrs. George Morrow, a teacher at Northern, to fill up the A. Any group could copy this idea with similar letters or even smaller ones.

## Serve Shrimp in a Sweet Sour Sauce

One of the distinguishing features of Chinese and other Oriental cuisines is the clear sauce that accompanies many of the dishes.

This is accomplished by thickening the sauce in the pan with a mixture of corn starch and water. As the corn starch cooks, the sauce takes on the characteristically clear look.

It is the same clear sauce we associate with chow mein, a dish that is considered Chinese and well liked by the Chinese, but in reality is an American invention.

The recipe here for Sweet and Pungent Shrimp is a typical example of this Oriental technique.

It is one of the many foreign recipes included in a new cook booklet, *Soup to Souffle*, a collector of recipes which tastefully demonstrate how good cooks around the world use corn starch.

The booklet is available for

### Won't Harm Cheese

If cheddar cheese is to be added to a "made" dish or to a casserole topping, it's perfectly all right to freezer - store the cheese. Freezing may make the cheddar crumbly, but for use in cooking this texture change won't matter.

15 cents plus one Argo corn starch box top or label. Send to Argo Cookbook offer, P. O. Box 28, Brooklyn, New York 11202.

### Sweet and Pungent Shrimp

1 pound shrimp  
1 teaspoon sugar  
1 teaspoon salt  
1 teaspoon soy sauce  
2 eggs, well beaten  
1 tablespoon water  
1/2 cup corn starch  
1/2 cup corn oil  
1/2 cup finely chopped onion  
1/4 cup finely chopped green pepper

1/4 cup chopped preserved ginger  
3 cloves garlic, finely minced  
4 teaspoons corn starch  
2 teaspoons salt  
1/2 cup water  
1/2 cup elder vinegar  
1/4 cup light corn syrup

Shell and devein shrimp. Mix shrimp and teaspoon salt and soy sauce. Toss, then let marinate 1/2 hour. Blend eggs and 1 tablespoon water.

Dip each shrimp into egg and water, then into 1/2 cup corn starch, then into egg and water again.

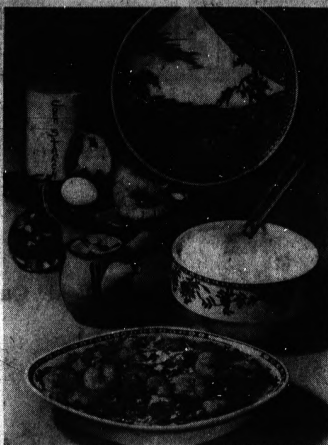

Heat 1/2 cup corn oil in large skillet; saute shrimp turning frequently, until evenly browned, about 5 minutes. Remove shrimp from skillet; set aside.

Pour remaining 1/4 cup corn

oil into skillet; add onion, green pepper, ginger and garlic; cook, stirring frequently, until onion has browned lightly.

Combine 4 teaspoons corn starch, 2 teaspoons salt, and 1/2

cup water; add with vinegar and corn syrup to mixture in skillet. Cook, stirring constantly, until sauce thickens. Add shrimp. Simmer until mixture is heated. Makes 4 servings.

**SWEET AND PUNGENT**—You don't have to be an accomplished cook to learn to make this Sweet and Pungent Shrimp dish. If you are giving an Oriental party, consider this dish for part of your main course.

## Mold of Pears Uses Yogurt

Tart enough to be served as a meat accompaniment, "Ginger Pear Salad Mold" is particularly good with lamb or pork. It also is recommended for bridge luncheons and bridal showers, served with cold chicken or turkey and hot rolls.

**Ginger Pear Salad Mold**  
1 package (3 oz.) lime gelatin  
1/2 cup boiling water  
1 bottle (7 oz.) ginger ale  
1/2 cup plain yogurt or dairy sour cream  
2 or 3 fresh Bartlett pears  
3 tablespoons toasted slivered almonds  
2 tablespoons slivered candied ginger  
Iceberg lettuce

Dissolve gelatin in boiling water; cool slightly. Mix in ginger ale and yogurt; chill until gelatin mounds on spoon.

Pare, halve, core and dice pears. Mix into gelatin along with almonds and candied ginger. Spoon into 6 or 8 individual molds or a 3- or 4-cup mold.

Chill several hours or overnight until firm. Unmold onto lettuce. (If desired, garnish with dressing made by combining equal parts of mayonnaise and yogurt or dairy sour cream.) Makes 6 to 8 servings.

★ 100% NYLON

★ GUARANTEED

• These lovely nylons are made by one of the world's largest hosiery companies. Run-resistant! Sizes 9-11 Regular Length.

**Colorful Rice**

Add lots of minced parsley to hot buttered rice when you are serving the rice with a pale-colored dish such as chicken or veal fricassee. And a sprinkle of paprika over the fricassee just before serving won't hurt either!

**Tomatoes Are Marinated**

There is still time to enjoy the wonderful ripe, juicy tomatoes from local gardens. One of nature's most plentiful and nourishing fruits (though it's generally thought of as a vegetable) the tomato is especially delicious marinated and served chilled as a salad side dish. Using one tomato per serving.

peel and halve. Marinate in ¼ cup vinegar, ¼ cup oil, ¼ teaspoon Tabasco liquid red pepper seasoning, ½ teaspoon salt, pinch of sugar. Place in refrigerator for several hours, and when ready to serve top each half with fresh chopped parsley.

**Oranges in a Compote**

Fresh, membrane-free orange sections make a delightful partner to honeydew or cantaloupe balls to serve as a dessert or a first course. If there's fruit sherbet in the freezer, you may want to add a small ball of this refreshing ice to the orange and melon serving.

Place a can of frozen meat in hot water for a few minutes before opening and the meat will slide out more easily.

**Cheese Spread Mixed Into Hamburgers**

For a hamburger treat, try this. Combine 1½ pounds of ground beef, ¼ cup of rolled oats (quick or old fashioned, uncooked), 1 tablespoon of instant minced onion, ½ teaspoon of salt, and one jar (5 ounces) processed blue cheese spread which has been mixed with 2 tablespoons of milk. Shape into 6 patties. Broil or pan-fry to desired doneness. Serve on buns.

## Two Favorite Meats Combined and Grilled

Probably there are no more popular foods for informal dining than hamburgers and frankfurters, so why not combine them in a Frankfurter-Filled Hamburger. Serve these on toasted picnic buns with sweet relish or serve as a main course with potato chips, sliced tomato, sweet gherkins, and hot rolls.

Serve hot coffee, iced-tea or both.

**Frankfurter-Filled Hamburgers**  
2 pounds ground beef  
1/4 cup catsup  
4 frankfurters  
1 tablespoon kitchen bouquet

Mix ground beef with 1/4 cup catsup. Divide into 16 parts and, on foil or waxed paper,

press gently to make 16 patties, each about 4 inches in diameter.

Cut frankfurters into 1/4-inch slices. Place a layer of frankfurter slices on each of 8 patties.

Blend together 1/4 cup catsup and the kitchen bouquet to make a sauce. Spread frankfurters on each patty with 1 teaspoon

fill sauce. Top with another patty and press edges gently together.

**TO BROIL.**  
On gas or electric range or in an electric portable grill, brush top side of burger with sauce and broil under moderate heat for 5 minutes; then turn and brush top surface with the sauce

and broil for about 3 minutes longer for medium well-done, slightly longer for well-done.

### To Pan-Broil Top Side

Brush patties on both sides with the sauce and place them on a large, well-greased, pre-heated griddle or skillet over moderate heat on kitchen range. Cook until brown on one side, about 5 minutes, then turn and brown on other side, about 3 minutes longer for medium well-done.

## Spoon Beans on Cornbread

Try this hot sandwich come cooler days. Prepare corn bread mix as directed on the package. Bake in a pre-heated oven (425 degrees) about 20 minutes. Cut into 4 pieces and split horizontally.

Spoon 2 cans (1 pound each)

of pork and beans over the corn bread on a broiler tray. Top with 8 bacon slices. Broil 3 to 5 minutes or until the bacon is crisp.

Put a tomato slice on top of each sandwich and broil 2 additional minutes. Yield: 8 servings.

Devil's Food Cake first made its appearance in Chicago in the mid-eighties.

## Vegetable Kabobs Offer Tasty Eating

Vegetable kabobs are good cooked in the oven broiler or over glowing coals. Some cooks like to marinate the vegetables—mushrooms and chunks of zucchini and onion in French dressing before cooking.

Wide strips of green pepper also make good additions to skewers, but these should not be marinated.

# Rice and Soy Sauce Spell Out Orient

Cantonese food has long had many devoted fans, and no wonder! It's delicious, wholesome and most often economical, too. This Cantonese-Style Casserole is no exception.

Tender, pink shrimp are combined and extended in a tasty sauce that is laced with crisp celery and mellow-sweet, tiny

green peas.

Cantonese-Style Casserole  
2 cups cooked rice  
1½ cups diagonally-sliced celery  
3 tablespoons butter or margarine, melted  
2 tablespoons flour  
¾ teaspoon salt  
¼ teaspoon pepper

One 17-oz. can sweet peas, drained  
Drained pea liquid  
Milk  
2 egg yolks, slightly beaten  
1 tablespoon soy sauce  
2 cups sliced cooked shrimp  
¼ cup Chinese noodles  
Chopped parsley  
Pat rice onto bottom of a

greased 2-quart casserole. Saute celery in melted butter or margarine in large frying pan until tender, but still crisp. Drain butter or margarine to one side; blend in flour, salt and pepper. Add enough milk to drained pea liquid to make 2½ cups. Gradually add to flour mixture.

Cook over low heat, stirring frequently until slightly thickened, about 10 minutes. Stir a small amount of hot sauce into egg yolks; combine with remaining sauce. Add soy sauce, canned peas and shrimp.

Pour over rice layer in casserole. Top with Chinese noodles and parsley, if desired. Bake in preheated moderate oven (350 degrees) 25 to 30 minutes. Serve with additional soy sauce. Yield: 6 to 8 servings.

## Salad Is Similar to Waldorf Type

A great salad to serve with a cheese dish.

Apple-Celery Salad  
2 tablespoons olive oil  
1 tablespoon tarragon vinegar  
¼ teaspoon sugar  
¼ teaspoon prepared mustard

¼ teaspoon salt  
2 tablespoons mayonnaise  
2½ cups diced unpared red apple  
¼ cup diced celery  
Lettuce and paprika

With a fork beat together thoroughly the oil, vinegar, sugar, mustard and salt; beat in mayonnaise. Mix with apple and celery. Arrange on salad greens; sprinkle with paprika.

## Egg White Dessert Is Delicate, Not Filling

An extra egg white in the refrigerator? Beat it until stiff, then beat in a couple of tablespoons of sugar. Fold in a teaspoon of lemon juice, a suspension of grated lemon rind and a cup of drained crushed pineapple. Serve with lady fingers.

**WESTERN BEAUTIES** — A contingent of beauties from the western part of the U.S. are seeking the Miss America title at Atlantic City. They are (from left) Sherri Reap, California; Carol Pedersen, Oregon; Karol Hom-

mon, Alaska; Lauren Waddleton, Washington; Jane Nelson, New Mexico; Ellen Roseman, Nevada; Leinaala Teruya, Hawaii; Vanda Van Dyke, Arizona.

## Malaysia Asks U. N. Support

**Expect Soviet Veto of Aggression Charge**

## Ex-Miss Americas Often Public Figures

ATLANTIC CITY, N.J. (AP) — What can Miss America expect when she gives up her tiara and a new queen is crowned.

If past performance is any gauge, she can settle back to the life of a normal girl — continuing her education and finding a husband.

However, a review of the 10 Miss Americas prior to the reigning queen, Donna Axum of El Dorado, Ark., also indicates that a former Miss America might remain in the public eye.

Six of the past 10 Miss Americas are married, one is a divorcee and three are still single. Seven continued their education. Eight of the girls still make public appearances.

**DENVER GIRL**  
Marlyn Van Derber of Denver, Colo., Miss America of 1958, was graduated from the University of Colorado after her reign and now is married to Larry Adler, a Denver attorney.

The blonde beauty does television commercials, and she will be a judge in the contest which begins the preliminary competition tonight.

Another former Miss America who has combined a marriage with a career is Marian Ann McKnight who was from Manning, S.C. when she took the title for 1957.

After giving up the throne, she completed her college education at U.C.L.A. Now living in Hollywood, she is married to television actor Garth Carrodin and is the mother of a daughter. She also does television commercials.

**IN PUBLIC EYE**  
Two others who still make public appearances are Lee Meriwether, 1955, who is Mrs. Frank Atteret of Granada Hills, Calif., and mother of two, and Jacqueline Meyer, 1953, now Mrs. John Townsend of Meadow Lands, Pa.

Mary Ann Mobley of Brandon, Miss., 1959; Lynda Lee Meade, Natchez, Miss., 1960, and Maria Beale Fletcher, 1962, Asheville, N.C., are still in college.

The divorcee is Sharon Kay Ritchie, 1956, who lives in New

York City and does television commercials. Out of the limelight except in the eyes of her husband and two children is Evelyn Ay, 1964, who married her long-time sweetheart, Carl Semper, after her year's reign. She lives in Berwyn, Pa.

Nancy Anne Fleming, 1961, now Mrs. William F. Johnson, a student at the University of California at Berkeley. She hasn't made public appearances since giving up her title.

## Will Visit Truman Next Chance—LBJ

WASHINGTON (AP) — President Johnson says the first time he gets a free afternoon he's going to fly to Independence, Mo., to visit ex-President Harry S. Truman.

"I miss him," Johnson told reporters during a short walk around the White House lawn yesterday. "The first time I get a free afternoon, I'm going to call and see if I can go out and see him." Johnson said he never fails to learn something when visiting with Truman.

## Sign of Willing to Cooperate?

# Soviet Space Data Release Lifts Hope

WARSAW, Poland (AP) — A new crack appeared in the Iron Curtain this week. Through it is flowing an unprecedented wealth of Soviet scientific information.

The information is in technical reports being presented by Soviet scientists to the 15th International Astronautical Congress. Representatives of other nations see it as a sign of Soviet willingness to cooperate more fully with the rest of the scientific world.

Dr. Eugene B. Konecny of the United States, cochairman with a Russian of the space medicine sessions, said: "For the first time, the Russians are giving us technical laboratory data on their space research. We are quite encouraged by this exchange on a scientist-to-scientist basis."

"We are very happy to cooperate more broadly," said Dr. L. I. Sedov, head of the Soviet delegation. "We plan to expand this policy."

**MEDICAL DATA**  
Two Soviet medical announce-

ments were of major importance to space planners:

1. That the Russians consider it essential to develop a manned spacecraft with artificial gravity to overcome effects of weightlessness. Some delegates said this confirmed reports that flights by Soviet cosmonauts revealed some potentially serious medical problems.

2. A report that the Russians are experimenting with a space cabin atmosphere of helium and oxygen. This indicated they are not pleased with the nitrogen-oxygen blend used on their manned Vostok capsules.

Prof. A. G. Kuznetsov said that in ground tests men have been subjected to a helium-oxygen atmosphere for periods up to 25 days with no major ill effects. He outlined the procedure for the experiments and detailed some problems involved and results obtained.

The possible substitution of

helium for nitrogen caused a small stir in the American contingent. The United States is planning to use nitrogen-oxygen for extended space journeys.

Helium testing has been a low-key U.S. project.

**WEATHER SATELLITES**  
The Russians have also presented papers on weather satellites which they hope to start launching within a few months, reentry problems and celestial mechanics.

The United States has 250 delegates here. The Russians have 58, but it is the largest Soviet group ever to attend an international space gathering.

There are some things the Russians won't reveal. Asked when the next Soviet manned space flight could be expected, Dr. O. G. Gazenko of the Moscow Academy of Sciences, replied with a smile: "Plans are broad and prospects are very hopeful."

There are some things the Russians won't reveal. Asked when the next Soviet manned space flight could be expected, Dr. O. G. Gazenko of the Moscow Academy of Sciences, replied with a smile: "Plans are broad and prospects are very hopeful."

## Group Formed to Help Economic Expansion

LANSING (AP) — The Michigan Department of Economic Expansion has formed a council of financial advisors to help the state take advantage of available financing in promoting economic growth.

Bernard Conboy, executive director of the department, said the council will include bankers, educators, representatives of investment firms, insurance companies, small business investment corporations and mortgage firms.

## 'Want Husband? Go Out Hunting'

LOS ANGELES (UPI) — A top New York psychologist and author urges the nation's Amies to get their guns if they want to bag a man.

In a news conference in connection with the 72nd annual convention of the American Psychological Association yesterday, Dr. Albert Ellis, author of "The Intelligent Woman's Guide to Man-Hunting," said the trouble with most women is they "don't have the guts to go after what they want."

"Women today are still sitting tearfully at home, anxiously waiting for a friend to dig up a male," he said.

"Go out and look! By no means listen to mama. Be yourself and forget about marriage as a status symbol," Ellis advised.

Ellis said mother doesn't necessarily know best about landing a husband.

"She orients daughter's efforts toward the average male. Consequently, the intelligent, or above-average male is missed."

## Felon Nabbed; on FBI's List

SILVER SPRING, Md. (UPI) — Kenneth M. Christiansen, one of the FBI's 10 most wanted criminals, was captured in this suburban Washington community yesterday when the screams of a holdup victim brought police to the scene.

Christiansen, 33, a lanky 6-foot-5 California State Prison escapee, was sought by the FBI for a series of holdups in California.

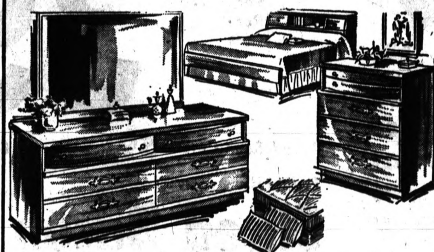

He was caught a few minutes after he tried to force the wife of a Silver Spring restaurant-owner to open a safe containing \$6,000.

The woman, Mrs. Tina Kallias, 37, ran into the street screaming: "Holdup! Holdup! He's a killer!"

Christiansen, who had two guns in his possession when captured, bolted but was arrested by police shortly afterward.

## Banana Chips Are Different

Every woman in the world likes a secret. When the secret is a recipe it just can't wait. Monte, popular chef at the French Harbour Hotel at Governor's Island of the Bahamas, has just shared his famous Banana Chips secret recipe.

**Banana Chips**  
34 very hard, very green bananas  
Hot water  
Salt to taste

With ingredients like those it seems almost too simple. The key to making banana chips, however, is the kind of bananas used. They must be very hard and very green.

The bananas are dipped into hot water to remove the skin. They are then cut very fine, lengthwise, at an angle for a firmer chip. Then deep fry them and salt to taste.

If however, you don't want to salt them—don't want them as a snack—you might prefer to serve them as a dessert with a large bowl of whipped cream, scooping the cream onto the banana chip for a mouth-watering finish to any meal.

You'll win every cooking ribbon in the neighborhood when you trot out Banana Chips, the newest nibble. If you can't make a trip to the Bahamas these delicious chips will bring some of its flavor to you!

## Mushrooms Give Flavor to Loaf

This meat loaf tastes wonderful with a fruit relish.

**Mushroom Meat Loaf**

1/2 pound mushrooms  
3 slices bacon, diced  
1/2 cup each chopped onion and celery

1 1/2 pounds ground chuck beef  
1 cup soft bread crumbs  
1 1/2 teaspoons salt  
1/2 teaspoon pepper  
1/2 cup milk  
2 eggs, slightly beaten  
1 tablespoon butter

Slice 2 or 3 large mushrooms and reserve; chop remaining mushrooms. Cook bacon in skillet until almost crisp; add chopped mushrooms, onion and celery; cook until wilted. Mix with the remaining ingredients except the reserved sliced mushrooms and butter.

Pack into 9 by 5 by 3-inch loaf pan. Bake in a 350-degree oven 1 hour. Let stand in pan about 20 minutes; pour off any liquid; turn out.

Meanwhile cook the reserved sliced mushrooms in the butter and garnish meat loaf with them. Serve with Fragrant Pear Relish. Makes 6 servings.

## For Green Beans

## Wine Flavors Sauce

This wine-flavored green bean casserole follows the trend toward more exotic vegetable dishes. The major preparation can be done well ahead of serving time also.

The California Sauterne which lends a delicate flavor to this gourmet vegetable treatment is also a delightful luncheon or dinner-time beverage. It is especially complementary with fish or poultry entrees. Serve the wine chilled for greatest enjoyment.

**Savory Green Bean Casserole**  
2 cups green beans, cooked or canned  
2 tablespoons butter or margarine  
5/8 tablespoons sifted flour  
1 cup milk  
1/2 teaspoon salt  
1 tablespoon instant minced onion or 1/4 cup finely chopped raw onion  
1/4 teaspoon celery seed

1/4 cup California Sauterne or other white dinner wine

Melt butter and blend in flour. Stir in milk. Add salt, onion and celery seed; cook and stir until mixture boils and is thickened. Stir in wine. Drain beans thoroughly, add sauce and turn into shallow baking dish. Cover with Topping (below).

Bake in moderate oven (350 degrees F.) about 20 minutes, or until topping is browned and crisp. Serves 5-6.

**Topping:** Melt 1/4 cup butter or margarine and stir in a teaspoon thyme. Add 2 cups soft bread crumbs and toss until evenly coated.

## Nippy Sauce Fine for Tuna Dish

This sauce may seem thick but you'll find it's just right when this nippy tuna dish is served.

**Deviled Tuna**  
2 cans (6 1/2 or 7 ounces each) tuna in vegetable oil  
1/2 cup flour  
1 cup milk  
1 teaspoon minced chives  
1/2 teaspoon each salt and dry 1 teaspoon Worcestershire sauce  
mustard  
1/4 teaspoon tabasco sauce

2 slices bread, crumbed fine and mixed with melted butter

**Papprika**  
Drain tuna; measure 4 tablespoons of oil into a saucepan; stir in flour, then milk. Stir in chives, salt, mustard, Worcestershire and tabasco. Cook and stir constantly until thickened and boiling. Stir in drained tuna.  
Spoon into four scallop shells. Sprinkle with buttered crumbs and papprika. Bake in a hot (400 degrees) oven 15 minutes. Makes 4 hearty servings.

A sharp knife dipped in warm water will slice hard boiled eggs without breaking the yolk.

## Pineapple Is Used for Sauce With Pork

Vary that roast with a happy combination of flavors.

**Roast Pork with Pineapple**  
4-pound pork loin  
1 teaspoon seasoned salt  
1 can (1 pound, 4 ounces) sliced pineapple  
1/4 teaspoon each celery salt and nutmeg  
Watercress or parsley  
Rub top of loin with seasoned salt. Roast, fat side up, in a

small shallow pan in a moderate (350 degrees) oven about 2 1/2 hours or to 185 degrees on a meat thermometer.

Remove pork and pour off fat from pan. Carve pork; return juices to drippings in pan; add syrup drained from pineapple; cook and stir over low heat to get up browned drippings. Add pineapple slices and boil gently to reduce sauce and heat pineapple; turn pineapple slices over a few times.

Arrange pineapple on pork chops, pour the sauce over and garnish with watercress or parsley.

GET FINER GIFTS FASTER WITH GOLD BELL GIFT STAMPS

Q. What is the name of this cut of meat?

A. English cut.

Q. Where does it come from? How is it identified?

A. It comes from the chuck or shoulder section of beef. Backbones and blade bones are removed from the roast pictured above. In some markets, the rib bones, pictured above, are also removed. In either case, the meat is then tied to form a compact, easily-carved meat cut.

Q. How is it prepared?

A. Braising is recommended for preparing this cut since it is considered less tender. This involves cooking slowly by moist heat. Occasionally, when the cut is of high quality it may be roasted, especially on the rotisserie, if slow to moderate temperature is used, and cooking is done to the rare to medium stage. Tenderness is enhanced if the meat is carved into very thin slices.

**POPPY SEED SALAD DRESSING** — Use this delectably sweet, yet calorie-shy, Poppy Seed Fruit Salad Dressing to dress up fresh fruit salads. You'll want to keep it on hand for year-round use.

## Try Low-Calorie Dressings

It's a wonderful season of the year for dieters! Now's the time to enjoy fresh - from the garden vegetable salads and luscious fresh fruit salads. Both can be fine sources of precious nutrients, and generally carry a modest calorie tab as well. Salads add variety and zest to low-calorie meals. Try serving your salad before the main course, and see how it takes the edge off your appetite.

As any weight watcher knows, it's the dressing on the salad that can play havoc with figure-trimming plans. Fat, oil and sugar run the calorie count up. On the other hand, lemon juice, vinegar, salt and spices can be used without adding any calories worth counting.

Keep fat or oil to a minimum (or omit entirely), and use a calorie-free sweetener to replace sugar. Just by using sucaryl in place of sugar in many homemade salad dressings, you can cut the total calorie count to half or less.

If you have to watch calories, do try the low-calorie salad dressings of every variety now available in your food market.

**Low-Calorie Cooked Dressing**  
2 eggs, beaten  
4 teaspoons sucaryl solution  
½ cup skim milk

½ cup vinegar  
1 teaspoon prepared mustard  
¼ teaspoon salt  
¼ teaspoon pepper  
¼ teaspoon butter

Combine all ingredients in top of double boiler. Cook over hot, not boiling, water; stir until thick and smooth. Use to dress cole slaw, aspic salad or tomatoes.

Makes 1½ cups. Each tablespoon contains 12 calories; 1 gram protein; 0.5 gram fat; 0.5 gram carbohydrate. If made with sugar, each tablespoon would contain 38 calories.

**Poppy Seed Fruit Dressing**  
4½ teaspoons sucaryl solution  
1 teaspoon dry mustard  
1 teaspoon salt  
½ cup orange juice  
½ cup unsweetened pineapple juice

1½ cup lemon juice  
¼ cup salad oil  
1½ tablespoons poppy seeds

In medium bowl of mixer, combine sucaryl, mustard, salt, orange juice, pineapple juice and lemon juice. At medium speed of mixer, gradually add oil until dressing is thick and smooth. Stir in poppy seeds. Store covered in refrigerator. Shake before using.

Makes 1½ cups. Each tablespoon contains 25 calories; 0 protein; 2.5 grams fat; 1.5 grams carbohydrate. If made

with sugar, each tablespoon would contain 49 calories.

## Pecans Add Good Flavor

There is no need to turn your back on pecans as the flavorful addition to your menu plans, for they take to warm weather fare with equal ease, as tasty in summer salads as in winter's rich baked goods.

This year's crop of pecans was excellent and you will find plenty of them available, priced to suit your budget. Keep some pecan halves and some chopped on hand by storing them in the refrigerator in closed containers to keep them fresh and full-flavored.

Try these quick and easy ways with pecans and use the nuts in some of your own favorite dishes.

- To dress up your summer salad plates, dip large pieces of bananas in mayonnaise or salad dressing, then roll in chopped pecans.

- Sprinkle chopped pecans over freshly-cut fruit topped with a dollop of whipped cream or marshmallow fluff.

- Add chopped pecans and crushed pineapple to softened cream cheese. Makes an elegant spread for crackers or bread.

- If you like coleslaw, try this one. Add coarsely chopped pecans, apples and raisins and carrot coins to shredded cabbage; fold in just enough salad dressing to moisten. It's terrific!

- The youngsters will like this as they come in from play. Spread buttered toast with apple sauce and sprinkle with chopped pecans. Place under broiler for just a minute and serve hot. Good with tall glasses of cold milk.

## New Pastry Method Uses Electric Mixer

Make pie crust with your mixer? It's true! An exciting new method of pastry-making that let you beat the dough with your electric mixer has been developed by a famous test kitchen.

Using instantized flour and an electric mixer, you'll quickly get better results than with any crust you ever worked and worried over. This new method cuts pastry-making time in half, yet consistently gives you tender, flaky pie crusts.

It's terrific! No more tedious cutting-in of shortening by hand — your mixer does all the work for you and eliminates guesswork!

Homemakers who have tried the new mixer method of pastry — making say it produces the easiest and best pie crusts they've ever made — "even better than mother's." Several who never had good luck with pastry say they now can make wonderful tender pie crusts with the new mixer method and instantized flour.

Here is the recipe for Caraway Pastry — perfect topping for a hearty beef pot pie or stew. The flavorful caraway seeds add a touch of the unusual to the tender crust.

**Caraway Pastry**  
1 cup instantized all-purpose flour  
½ teaspoon salt  
2 teaspoons caraway seeds  
½ cup plus 1 tablespoon hydrogenated shortening  
2 tablespoons water

Heat oven to 425 degrees (hot). In large bowl, stir together flour, salt, and caraway seeds. Add shortening and mix at low speed on electric mixer, about 1 minute, or until short-

ening is evenly cut in. Scrape bottom and sides of bowl constantly.

Gradually add water and continue mixing on low speed until all flour is moistened, about 1 minute. Gather dough together with fingers so it cleans the bowl.

If needed, 1 or 2 teaspoons water may be added. Press firmly into a flattened round.

Roll out pastry to fit top of 1½- to 2-quart baking dish. Fill dish with your favorite beef stew and cover with pastry. Trim pastry. Seal by pressing gently with fork or by fluting edge. Make 3 to 4 slits in pastry to let steam escape. Bake 30 to 35 minutes, until golden brown, 6 servings.

## Rump of Veal Good Choice

Veal rump is the meat for an imaginative cook. The delicate flavor of the meat responds well to a pinch of herbs, a savory sauce and long, slow cooking.

A chunky cut from the rump of veal may be oven roasted or cooked by moist heat as a pot roast. The American Meat Institute. Because veal is young beef, it has very little fat and has less moisture than most meats, reports the American Meat Institute.

Place strips of bacon or salt pork over the top of an oven roast to prevent the meat from drying during cooking. If the roast is braised or pot roasted, fat can be added in the browning process, and flavorful seasonings added along with the braising liquid.

## Bill Farrah Says,

**"Better Service  
Has Done a Lot  
to Put Us In  
First Place  
In Oakland County**

Yes, in just 10 months since I took over this Rambler dealership, we have moved steadily up into first place in Rambler sales in the County.

One thing that has helped do that, against some real strong competition, has been my insistence on giving the very finest service work, materials and prices possible.

Of course, the Rambler cars deserve a lot of the credit too. Exclusive Rambler features like Deep-Dip Rust-proofing right up to the roofline, the greater safety of rate-free Single Unit Construction, the best official economy records and low first costs all add up to a lot more usefulness to the user... a lot of extra value it will pay you to look into.

# No Champagne Yet in American League

By the Associated Press

The American League pennant contenders have gone through four fifths, but each day makes it more difficult for one of them to break out the champagne.

With less than one-fifth of the season remaining, Baltimore leads the see-saw battle, but Chicago is only one-half game behind and New York is just one game back. Only six percentage points separate the Orioles from the Yankees.

The race became the tightest it's been since Aug. 5 when the Yankees edged Minnesota 2-1 Tuesday night.

Only 18 days ago, even many of the most astute baseball observers were counting out the Yankees. They were in third place then, too, but they were 5½ games from the top.

Since that time, they have won 12, the last five in a row,

and lost just four. In the same period, the Orioles won eight of 17 while the White Sox were 9-10.

### NEARLY EQUAL

The Yankees now have two more games remaining than the Orioles—25 to 23—and are even in losses. In other words, if the Yankees win their two extra games, they would have the same record as Baltimore.

The White Sox, on the other hand, have 20 games left and have lost two more games than the other contenders, putting them at a statistical disadvantage.

None of the teams plays each other the rest of the season. That is, unless they meet in a playoff.

The Yankees nosed out Minnesota on Elston Howard's run-scoring single in the seventh inning. Roger Maris started the rally with a double and eventually reached third on a sacrifice bunt by Joe Pepitone. Howard brought him home with a single to center field.

Maris also figured in the Yankees' first-inning run. He singled Tony Kubek to third from where he scored on Mickey Mantle's sacrifice fly. The Twins tied it in their half of the first on singles by Rich Rollins and Zoilo Versalles and a pair of force plays.

Rookie right-hander Mel Stottlemyre scattered nine hits for his fifth victory against two defeats. Camilo Pascual suffered his 11th setback in 24 decisions.

### PHILLIES SACKED

In the National League's only game, Los Angeles ripped first place Philadelphia 3-2 on run-scoring doubles by Jim Gilliam and John Roseboro in the first inning.

Mauri Willis started the first with a single and stole second.

Gilliam doubled in Willis and went to third as Willie Davis singled. Both runners then came home on Roseboro's double.

The Phillies scored a run in the second on a sacrifice fly by Gus Triandos and one in the seventh on Ruben Amaro's single following a double by Triandos.

CUT DOWN — Gus Triandos, Phillies catcher, cuts down Jim Gilliam of the Dodgers at home plate in the first inning of their game yesterday at Philadelphia. The Dodgers

defeated the Phillies, 3-2 to cut the Philadelphia lead a half game to six games in the National League.

## Replaces Sawchuk in Nets

## Red Wings' Crozier on Spot

DETROIT (AP) — Detroit Red Wings goalie Roger Crozier is on the spot, and no one knows it better than Crozier himself.

With only 15 National Hockey League games under his belt, Crozier suddenly finds himself the No. 1 goalie on a team which just missed winning the Stanley Cup last season.

"Yes, I know the pressure is on me," the 22-year-old Crozier said Tuesday as the Red Wings opened pre-season practice. "I was a little surprised when I heard that Toronto had drafted Terry Sawchuk. I guess everyone was surprised."

"Then I realized that the move put me in the nets and that the team would be depending on me for 70 games. I've been thinking about that every day since," he added.

### BEST GAME

Crozier appeared in 15 games for Detroit last season as Sawchuk was sidelined a number of times because of injuries.

Crozier was injured in one of his early games with the Red Wings but came back and performed brilliantly. Probably his

best game came in a 1-1 tie at Toronto.

He was not only voted the Player of the Game but also drew a round of applause from

## Time Draws Near for Keg Nationals

AKRON, Ohio — Invitations to 192 of the nation's top professional bowlers went into the mail this week for the pro's top prestige event of the year... The \$60,000 Fifth Annual National Championship of the Professional Bowlers Association (PBA).

The event will be held from November 3-8 at Garden City Bowl in Garden City, Long Island, New York, sponsored by the Nassau Bowling Proprietors Association.

PBA Operations Director, Dan Missett in Akron, said that the invitation list is compiled on point system devised to reward players for tournament participation and that the top 192 players on the list, receive first chance at the coveted spots.

the usually partisan Maple Leafs fans.

Crozier came to the Red Wings, along with defenseman Ron Ingram, from Chicago in a trade for defenseman Howie Young.

"I was told then that we had made a good deal in getting Roger," said Manager-Coach Sid Abel. "A number of the other clubs had scouted him and said he was one of the best prospects in the minors."

Abel has never declined comment on Crozier's play. The fact that he was undrafted when Sawchuk was disturbed by Toronto has given Crozier a little more confidence.

The Red Wings have three other goalies in camp among the 38 players who reported Tuesday. Another 38 players, mostly members of the various farm clubs, will report next Monday.

## 67 Settles Golf Crown

MONCTON, N. H. (AP) — A spectacular final round of three-under-par 67 has given Jay Dolan of Worcester, Mass., the annual Moncton Open Golf Championship.

## Jacksonville Loop Champ

Suns Clinch Pennant  
in International Play

By The Associated Press  
The Jacksonville Suns are the 1964 International League champions.

A 3-0 victory over Richmond, combined with a double loss by Syracuse to Rochester Tuesday night, clinched the pennant for the Suns, who now lead by three games.

A six-hit shutout by Dick Dowling, backed up by home runs by Jack Damaska and Hector Espino, was the story in Jacksonville's victory.

The loss was a tough one for Virginian right-hander Ed Merritt, who allowed only three hits but two were homers. The loss was his ninth straight.

Rochester moved into fourth place with its 4-1 and 3-2 victories over Syracuse.

### SPLIT TWO

In other games Tuesday night, Buffalo and Toronto split a twin-bill with the Maple Leafs winning the opener 3-2 while Buffalo took the nightcap 5-3. Atlanta downed Columbus 4-1 in their first game and the Jets grabbed the second, 4-1.

A 400-foot two-run homer by Steve Demeter, his 16th, with two out in the last of the ninth gave Rochester its second game win. Reliever Bob Dustal took the loss.

Home runs by Dave Johnson and Kim Jaggert provided the Wings with enough runs to win the opener behind Nels Chiltum, who needed help from Paul Knechges and Herm Starrette.

## Managers Set Final Meeting

A final managers' meeting for adult touch football has been scheduled by the Parks and Recreation Department for 7 p.m. Thursday in the Health Department conference room at City Hall.

All teams interested in playing this season are requested to have a representative present. Fees will be due, rules will be finalized and a schedule arranged.

Game competition is expected to start next week.

## Mexican Cagers Win 2

MEXICO CITY (AP) — Mexico's Olympic basketball team has won its first two games with Temple of Philadelphia. The Mexicans, trailing 37-29 at the half, rallied for a 68-48 victory Tuesday night. Mexico won the first game Monday, 94-60.

# U.S. Curtis Cup Team Has 'Little Mo'

PORTHCAWL, Wales (AP)—The British have christened Peggy Conley "The Little Mo of golf."

Seventeen-year-old Peggy is a member of the United States Curtis Cup team which plays the British Girls in Curtis Cup matches over the Royal Porthcawl links Friday and Saturday.

British observers who have watched the Spokane, Wash., girl in action say she has as big a future in golf as Maureen Connolly, the original Little Mo, had in tennis.

"We think there's a great

future for Peggy in the game," said Mrs. Theodore Hawes, non-playing captain of the American team.

Players on the British team agreed.

## 14 RECORD

Peggy is the youngest member of the United States squad and the youngest to represent the United States in Curtis Cup matches, first played in 1932. The United States has won eight and Britain two.

Mrs. Hawes explained the philosophy of sending such a young team, average age 23, this way:

"We are here to win. And I think we've got a good chance, but even if we don't win the experience of playing in international competition for many of the girls will prove invaluable."

Mrs. Hawes discounted talk that strong winds would favor the British.

"We have wind and rain too," she said. "But there's one thing I'm hoping—that the weather does not get too cold. That could mean that they may have to

wear too much warm clothing, and that could restrict their swings."

Miss Joanne Gunderson, 25, is a member of the U.S. team. Being men make the Americans 2-1 favorites to keep the trophy.

Nine 18 hole singles and nine 18 hole Scotch foursomes will be played, making a total of 18 in all. Previously the cup was decided on the results of nine 36-hole single matches and three 36-hole foursome matches.

## Olympic Wrestling Berth Determined in Two Falls

ANNAPOLIS, Md. (AP)—Larry Kristoff, a senior at Southern Illinois University, won a place Tuesday on the U.S. Olympic freestyle wrestling team by pinning Bob Pickens of Evanston, Ill., in two heavy-weight matches.

Kristoff took advantage of a slight opening to slam Pickens to the mat with just a little over eight minutes gone in both bouts.

Kristoff won the Japanese national championship in a pre-Olympic meet last year, was champion in the National Collegiate Athletic Association college division twice, and won the Amateur Athletic Union title in 1963.

In final round action Tuesday in the Olympic Trials at the Naval Academy, Dean LaRue of Boulder, Colo., and Charles Tribble of San Bernardino, Calif., split two matches and will compete Wednesday in a third bout for the Olympic berth in the 175-pound class.

Greg Ruth of Bethlehem, Pa., advanced to the finals of the 154-pound class defeating Gordon Hassman of New Hampton, Iowa, 2-1. They had split two matches Monday.

Five members of the Olympic team have been chosen in the freestyle division. Competition will continue through most of this week to select eight-man teams in both the freestyle and Greco-Roman divisions.

## Sunny Jim Reported Okay After Operation

NEW YORK (AP)—Sunny Jim Fitzsimmons, the hardy, old retired trainer, was reported in good condition early today after undergoing an emergency appendectomy Tuesday night.

The 90-year-old dean of thoroughbred race horse trainers, who retired last year, was expected to remain in a Jackson Heights hospital for a week or more.

A hospital spokesman said there were no complications. In 63 years of training, the popular, smiling Irishman saddled the winners of 2,375 races. His horses earned \$13,002,911 in purses.

He developed two winners of racing's Triple Crown—Gallant Fox in 1930 and Omaha in 1935—and in others that won one or more of the three 3-year-old classics, the Kentucky Derby, Preakness and Belmont.

Mr. Fitz was honored at Monmouth Park two months ago when he celebrated his 90th birthday.

## Dr. Sigler Retains Birmingham CC Title

The Birmingham Country Club men's championship was decided this week and defending champion Dr. John Sigler kept his crown for another year by winning 1-up over Dan Mathews Jr., on the 19th hole.

In the semi-final matches, Dr. Sigler defeated John Duncan, 1-up on 18 and Mathews won a 1-up match over John Panelli on the 20th hole.

## Unite in Mourning Boston Sportsman

BOSTON (AP)—Civic leaders and men from the world of sports paid tribute Tuesday to Walter A. Brown, whose name was synonymous with the promotion and sponsorship of sports in Boston.

Brown, president of the Boston Celtics, the Boston Bruins and the Boston Garden, died Monday night at Cape Cod Hospital in Hyannis after suffering a massive coronary early Sunday. He was 59.

Former members of the Bruins hockey team and the Celtics basketball team, U.S. Olympic officials, and representatives of virtually every field of sports made plans to attend services Friday at St. Ignatius Church in Brookline.

**BIG PIKE** — Douglas Stapleton, 3296 Lexington, Waterford Township, won a \$50 savings bond in The Pontiac Press Big Fish Derby by entering the heaviest pike. He caught the 8 1/2-pound northern at Scott Lake. The Derby ended at noon yesterday.

Pontiac Press Photo

**TOP BLUEGILL** — Upper Silver Lake is small, but it is noted for large fish. This year James Carnahan, 144 State, caught a one pound bluegill that topped its division in the Derby. Carnahan will be awarded a \$25 bond.

**HEAVIEST RAINBOW** — Frank Kimmel, 759 Crescent Lake, Waterford Township, earned a \$25 bond with this 4-pound rainbow. The Derby division winner was caught at Deer Lake.

## Labor Day Black Bass Tops Derby

A Labor Day fishing trip paid off for Rudolph Peabody of Holly.

He didn't travel far from his home at 724 Hartner Dr. Peabody boated a 6-pound, 3-ounce largemouth bass at 9 a.m. Monday while working Fish Lake near Clyde.

He brought the fish to The Press at noon. It was still wiggling. Sports Editor Bruno Kearns weighed the bass, but all photographers were gone for the holiday.

Before arrangements could be made for a Tuesday picture, Peabody prepared the fish for the table.

The bass was the heaviest entered in this year's Pontiac Press Big Fish Derby. The deadline passed at noon Tuesday without another challenger.

Peabody will receive the \$50 Savings Bond.

Other winners: Douglas Stapleton, 3296 Lexington, Waterford Township; \$50 bond for a 8 1/2-pound pike caught July 11, at Scott Lake on a flat-fish.

James Carnahan, 144 State; a \$25 bond for a one pound bluegill taken with a night-crawler between July 5, at Upper Silver.

Frank Kimmel, 759 Crescent Lake, Waterford Township; a 4-pound rainbow taken May 23, at Deer Lake on a nightcrawler; \$25 bond.

The winning weights in the pike and black divisions were below the average for the 29 years of The Derby.

The top blue gill in recent years has been around a pound. Kimmel's rainbow was a good size. The record is 6 1/2 pounds.

### Boat Class Thursday

U.S. Coast Guard Auxiliary's safe boating class will begin Thursday Sept. 10th and not Sept. 3rd as reported in The Press. Registration will at 7 p.m. Thursday at the Naval Training Center on East Boulevard.

## Lures Proposal Up for Action by Commission

Opposition Expected From Some Anglers; Muskies on Agenda

A debate over opening the South Branch of the Au Sable River to fishing with artificial lures is expected to highlight the monthly Conservation Commission meeting Thursday and Friday at the Sheraton-Cadillac Hotel in Detroit.

In the last few years, the South Branch has been an artificial lure fishery.

Trout Unlimited is expected to protest the proposed shift to artificial lures as are a number of sportsmen.

The fish division has recommended that the season on the South Branch be extended to Oct. 11, with the use of artificial lures legal. Bag limits and size would remain the same. The use of lures would carry over to 1965.

Other 1965 fishing regulations also will be established. The meeting Thursday, at which no decisions will be made, is scheduled for 1:30 p.m. Friday's meeting will start at 9 a.m. The sessions are open to the public.

### CHANGES SOUGHT

Conservation Director Ralph A. MacMullan will offer several changes for consideration.

Among these will be establishment of three new special trout regulation areas:

14.2 miles on the Au Sable for artificial lures only; and 4.2 miles of Salmon Trout River, Marquette County, and 8.2 miles on the Middle Branch of the Ontonagon for artificial lures only; and removal of a flies-only restriction on the Boardman River, Grand Traverse County.

The 14.2 miles on the main stream of the Au Sable will cover water from the power lines below Mio downstream to McKinley.

The proposed regulations for 1965 call for a limit of two trout daily, not less than 15 inches in length, taken by artificial lures.

Other recommendations will include a longer closed season on muskies with a two fish per day creek limit and 24-inch size limit; a longer closed season on northern pike; and an increase in the size limit from seven to twelve inches at special trout ponds in southern Michigan.

Commissioners will also consider land acquisitions, mineral leases and matters of routine business. The Sept. 10 session will begin at 1:30 p.m. and on Friday at 9:00 a.m.

### Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times.

|           | A.M.        | P.M.        |

## Deaths in Pontiac, Neighboring Areas

**MRS. BERTHA CURTIS** — Service for Mrs. Bertha Curtis, 87, of 180 State will be at 10 a.m. tomorrow in the Hunt-ton Funeral Home with burial in Perry Mount Park Cemetery. Mrs. Curtis died Sunday after a long illness.

Surviving is a brother.

**MRS. ALMOND ROWLEY** — Prayer service for Mrs. Almond (Mary Ann) Rowley, 52, of 25 N. Edith will be at 9:30 a.m. Friday in the Milliken Funeral Home, 9459 Hall, Utica.

Regimen Mass will follow at 10 a.m. in the St. Mark Catholic Church, with burial there in the Utica Cemetery. The Rosary will be recited at 8:30 p.m. tomorrow in the funeral home.

Mrs. Rowley died yesterday after a long illness.

Surviving are her mother, Mrs. Pearl D. Dunn of Utica; a son, David of Pontiac; a sister, Mrs. Elaine Roberts of Pontiac; and four brothers, Kenneth, Gerald, Glenn and Lawrence, all of Utica.

**ROY J. WEATHERSPOON** — Service for Roy J. Weatherspoon, 66, of 273 Branch will be at 1 p.m. tomorrow in New Bethel Baptist Church with burial in Oak Hill Cemetery. His body is at the Frank Carruthers Funeral Home.

Mr. Weatherspoon, a member of New Bethel Church, died yesterday after a three-year illness. He had been employed at Kelly Foundry Co., Inc.

Surviving are his wife, Estelle, a son, John Harold of Pontiac; a daughter, Mrs. Sarah Burroughs of Pontiac; a sister; and a brother.

**MRS. ALBERT BARBER** — PONTIAC TOWNSHIP — Prayer service for Mrs. Albert (Ida) Barber, 78, of 559 Grey will be 7 p.m. today at the Moore Chapel of the Sparks-Griffin Funeral Home.

Funeral services and burial will follow at Golconda, Ill. Mrs. Barber died yesterday after an illness of several months.

She was a member of the First Baptist Church, Golconda, Ill.

**MRS. JOHN CLARK** — Service for Mrs. John (Fannie) Clark, 83, of 9000 Millford will be at 1:30 p.m. tomorrow at the Dryer Funeral Home, Holly. Burial will follow at Rose Center Cemetery.

Mrs. Clark died Monday after a long illness.

Surviving are a daughter, Mrs. May Tessens and a son, Nelson Sulphur, both of Holly; two sisters, Mrs. Claude Curtis of Holly and Mrs. Peter Jensen of Highland; two brothers, Leonard Sutton of Holly and John Sutton of Pontiac; a grandchild; and three great-grandchildren.

**MRS. ROBERT J. CREBASSA** — LAKE ORION — Service for Mrs. Robert J. Crebassa, 53, of 1532 Bauman, Royal Oak, a former resident of Lake Orion and Troy, will be at 1:30 p.m. Friday at the Price Funeral Home, Troy.

Mrs. Crebassa died yesterday after a long illness.

Surviving besides her husband are a daughter, Mrs. Karen Green, and a son, John A., both of Royal Oak; two brothers; two sisters; and one grandchild.

**J. B. HADDEN** — LAKE ORION — Service for J. B. Hadden, 65, of 229 W. Flint will be at 2 p.m. tomorrow at the Flumerfelt Funeral Home, Oxford. Burial will follow in Mount Vernon Cemetery, Washington Township.

Mr. Hadden, a retired employee of Ford Motor Co. and a retired farmer, died yesterday after a short illness.

He was a member of the Senior Citizens' Club of Lake Orion.

Surviving are a daughter, Mrs. Vergie Nolan of Rochester; a son, Ellery J. of Lake Orion; five grandchildren; and seven great-grandchildren.

**MRS. MAMGON TASHJIAN** — Services for Mrs. Mamgon (Margaret) Tashjian, 77, of 42 Mark will be at 1 p.m. Friday in Voorhees-Siple Chapel with burial in Oak Hill Cemetery.

Mrs. Tashjian died yesterday. She attended St. John Armenian Church, Detroit.

Surviving are a daughter, Mrs. Victoria Papazian of Pontiac; a son, Kavork Hoogasian of St. Catherine, Ont.; and two grandchildren.

**RAY L. MAIN** — WEST BLOOMFIELD TOWNSHIP — Graveside service for Ray L. Main, infant son of Mr. and Mrs. Marvin Main of 4375 Muirhead was 1 p.m. today at Commerce Cemetery, Commerce Township. Burial followed there.

The infant was born dead yesterday.

Surviving besides his parents are a sister, Cheryl, and a brother, Rocky, both at home; grandparents, Mr. and Mrs. Fred Anderson of Mount Iron, Minn., and Mr. and Mrs. Ivan Main of Union Lake; and a great-grandfather, Ray, Main of Lansing.

**MRS. ROBERT R. SNOW** — WEST BLOOMFIELD — Service for Mrs. Robert (Margaret A.) Snow, 43, of 7688 Detroit will be at 3 p.m. Friday at the Richardson-Bird Funeral Home, Walled Lake, with burial in Richardson Cemetery, Commerce Township.

Mrs. Snow died today after a brief illness. She was a member of the Crystal Echo Beach Association and the Oakland Social Club.

Surviving besides her husband are four daughters, Mrs. Bonnie

Houldsworth of Maryland, Norene, Mary Frances and Darlene, all at home; a sister, and two grandchildren.

Memorial contributions can be made to the University of Detroit School of Dentistry student loan fund.

**SHERMAN WAGGONER** — COMMERCE TOWNSHIP — Service for Sherman Waggoner, 47, of 5723 Garfield will be Saturday at the Byrn Funeral Home, Mayfield, Ky. Burial will follow at Maplewood Cemetery there.

Mr. Waggoner, a contractor, died Monday after an illness of two weeks.

He was a member of the Mayfield, Ky. lodge of F&AM. His body will be at the Donelson-Johns Funeral Home, Pontiac, until 8:30 tonight.

Surviving are two daughters, Cynthia and Sharon, both of Union Lake; a brother; and a sister.

**MRS. BILLIE WATSON** — WOLVERINE LAKE — Service for Mrs. Billie (Corla L.) Watson, 69, of 1612 Chastain will be 1 p.m. tomorrow at the Richardson-Bird Funeral Home, Walled Lake. Burial will follow at Oakland Hills Memorial Cemetery, Novi.

Mrs. Watson died yesterday after an illness of one month.

She was a member of the Emanuel Baptist Missionary Church, Oakley Park.

Surviving beside her husband are two sons, Raymond Pierce and Louis Pierce of Walled Lake; a daughter, Mrs. Ruth Julian of Berkeley, two brothers; a sister; five grandchildren; and six great-grandchildren.

**MRS. ROBERT R. SNOW** — WEST BLOOMFIELD — Service for Mrs. Robert (Margaret A.) Snow, 43, of 7688 Detroit will be at 3 p.m. Friday at the Richardson-Bird Funeral Home, Walled Lake, with burial in Richardson Cemetery, Commerce Township.

Mrs. Snow died today after a brief illness. She was a member of the Crystal Echo Beach Association and the Oakland Social Club.

Surviving besides her husband are four daughters, Mrs. Bonnie

## Dems Seeking GOP Victory

Mississippi Confab Eyes Electors Slate

JACKSON, Miss. (AP) — The state Democratic convention steps up today to try to insure a Republican presidential victory in Mississippi.

Oddly enough, Democratic leaders hope this will be accomplished by having the convention confirm one slate of presidential electors pledged to the Johnson-Humphrey ticket.

Gov. Paul Johnson endorsed the strategy of one slate of Democratic presidential electors yesterday — as recommended by Goldwater backers.

Earlier plans to also submit a "Democrats for Goldwater" slate of electors was opposed as being likely to split the conservative vote and give "loyalist" Democrats the victory.

A move to have the Democrats adopt the same slate of electors as the Republicans put up by the GOP was stalled when the Republicans said they would resign from such a slate.

**RESENTMENT** — Resentment over the civil rights issue has strained the state's traditional Democratic bonds.

Gov. Johnson, as titular head of the state party, calls the convention shots. It was the second session. The first was recessed until after the National Democratic Convention.

The convention reconvenes at Jackson's municipal auditorium. The strong Goldwater support in Mississippi received a powerful boost when the Mississippi regular delegation walked out of the Democratic National Convention at Atlantic City.

The regular delegates, challenged for Mississippi's seats by the predominantly Negro Freedom Democratic Party, refused to sign oaths of loyalty to the National Democratic ticket.

**SUPPORT BARRY** — Some state Democratic leaders had supported Goldwater openly, but wanted to avoid giving Republicans credit for his victory in the state.

However, most top political leaders endorsed the loyalist strategy yesterday. Among the strongest supporters were former Gov. Hugh White and Lt. Gov. Carroll Gartin, who forecast Goldwater will carry the state by "70 to 80 per cent."

**LONE PUPIL** — Miss Marie McDonnell found only one pupil in her class at Webster School in East St. Louis, Ill., yesterday morning because of a teachers' strike. The teachers are striking for higher pay.

AP Photo

## Striking Illinois Teachers Ask Board's Resignation

EAST ST. LOUIS, Ill. (AP) — Clyde Reynolds, president of striking Teachers Local 1220, asked the East St. Louis seven-member school board to resign today.

Yesterday, about 450 of this industrial city's 728 teachers

struck on the opening day of school in a wage dispute.

"Complete lack of interest in settlement of the strike by the board is apparent," Reynolds said.

He said the union's attorney attempted to set up a negotiation session with the board last night. Reynolds said School Supt. John T. Gunning told the attorney, Rex Carr, that a quorum of board members could not be mustered.

"That means," Reynolds said, "that the superintendent could not persuade four board members to give a few hours of their time so the pupils could attend a normally staffed school."

**PRESUMPTUOUS CHARGES** — "The charges are rather presumptuous," the Rev. William L. Lahey, school board president, said.

"Of course, we're not going to resign," he continued. "We were elected to represent the citizens, and we cannot do this by resigning."

"And, until further developments the schools will stay open," Lahey said.

Both sides go to court today over the strike.

## Board to Hear School Report

A series of reports on summer activities in the school district will confront the Pontiac Board of Education tomorrow night.

The school board will hold its regular meeting at 7:30 p.m. tomorrow in the board offices at 40 Patterson.

Topping the agenda will be a report on millage campaign plans, instructional personnel staffing for 1964-65 and building program progress.

Reports on the 1964 summer school will also be presented.

A code of conduct for athletes will be reviewed in other action tomorrow night.

## Mishap Hurts Ohio Woman

Mrs. Lloyd Johnston, 55, of Marion, Ohio, is in satisfactory condition in Pontiac General Hospital after being thrown from a motor scooter on which she was riding yesterday.

The scooter, which was driven by her husband, skidded on loose gravel as it turned west onto Walden Road from Baldwin Road, according to sheriff's deputies.

Hospital officials report Mrs. Johnston suffered a broken ankle.

## 5 Navy Airmen Killed in Crash

MANILA (AP) — A U.S. Navy patrol plane with 13 crewmen on board crashed Tuesday in the South China Sea, the Navy announced tonight. A spokesman said five men were killed and the others rescued.

The plane was on an operational patrol flight, the Navy said.

The destroyer Maddox, operating in the vicinity, picked up the survivors, a spokesman at Sangley Point Naval Air Station said.

**INVOLVED IN CRISIS** — The Maddox was the Navy ship engaged in the Gulf of Tonkin crisis last month.

The spokesman said the plane was en route to Sangley. He said he did not know where it came from. He said 13 is the normal crew for the aircraft.

Names of the victims were withheld pending notification of next of kin.

In Saigon, naval sources said the plane was believed to be flying from South Viet Nam.

They reported it crashed about 100 miles off the South Vietnamese coast east of the port of Qui Nhon. Qui Nhon is 260 miles northeast of Saigon.

## Negro: Lawlessness Causing Backlash

DETROIT (AP) — A national Negro religious leader said Tuesday any existing "white backlash" against Negroes is not the result of lawfully won victories in the Negro rights struggle.

"Any so-called backlash that now exists would, I think, come from those people who are unwilling to accept efforts for Negro civil rights which ignore lawful procedures," said Dr. Joseph H. Jackson, president of the five million-member National Baptist Convention, U. S. A., Inc.

"Both in the North and the South," Jackson said, "I have found white people responding in a positive fashion to the new civil rights law."

Some 10,000 delegates registered Tuesday for the convention's six-day meeting in Detroit.

**MUSICAL PROGRAM** — After a musical program in Cobo Arena Tuesday night, business sessions were to start today.

A major item during the meeting is expected to be action on the convention's 10-year drive for a \$10 million education foundation, which Jackson said would be the first such efforts by Negroes in the nation's history.

He said the foundation's assets would be used for first mortgages for local churches, investment in income-producing securities, capital improvements on seminaries and colleges, scholarships, missionary education and retirement.

Jackson said his organization has been criticized for its rejection of civil disobedience as a weapon in the struggle for civil rights.

"Our denomination has been one of the most vocal and forthright spokesmen for civil rights since the beginning," he said, "but we have not gone overboard in the adoption of any method for its achievement."

The denomination also has refused to "turn our Sunday worship services over to civil rights protests," Jackson said. "Civil rights are important," he said, "but they are not the only issue in which Negro churches must involve themselves."

**PLAYING IT SAFE** — Sitting out Hurricane Dora in a Red Cross shelter at Daytona Beach, Fla., Mr. and Mrs. A. B. McGraith of Hollyhill read of the approaching storm in an area newspaper.

AP Photo

## County Representative Reports

### 'Cali Program Making Good Progress'

Oakland County's Partners of the Alliance Program is making favorable progress, according to John E. Madole, who recently spent six weeks in Cali, Colombia, as the county's representative in the economic development project.

Madole, of 2970 Lacoita, Waterford Township, presented a status report on the program to the Oakland County Alliance Committee this morning in a breakfast meeting at Oakland University.

He was assisted by James H. Boren, director, Partners of the Alliance Programs, of the Federal Agency for International Development, who accompanied Madole to Cali.

While in Colombia, Madole met with community and government leaders, visited schools, government offices, industrial plants, housing and public works projects and medical facilities.

Madole said the "free labor" movement in Cali was given a big boost recently by Arthur Vega, regional officer of the UAW, who went to Cali July 13 to attend the Congress of the Federation of Free Workers of Valle.

**AUTO TRAINING** — Pontiac schools, the Ford Mo-

tor Co. and the Michigan Employment Service have sent instructional materials and money to Colombian Peace Corps volunteers, who are setting up an auto mechanics school in Cali, according to Madole's report.

A student exchange program was in progress last week when two Colombian students arrived here to attend Oakland University.

Negotiations are presently under way, Madole said, between Colombian and Michigan industries to promote joint business ventures.

Work in the field of joint industrial development holds great promise for business firms in both regions, according to Madole.

**WILLING TO JOIN** — Many individuals and groups on both ends of the alliance are anxious to participate in the program, Madole said. As examples he cited:

• Appointment of a Cauca Valley Committee by the Pontiac Area Junior Chamber of Commerce, which will work with the Cali Junior Chamber of Commerce.

• Plans for an exchange of children's art under the sponsorship of the Oakland County

Branch of the Women's International League for Peace and Freedom.

• A suggestion by Mrs. Alfred G. Wilson, OU patron, that a branch of the National Farm and Garden Association be established in Valle del Cauca.

• The offer by a school district of several hundred textbooks to the schools in Valle del Cauca.

• Consideration being given by a private engineering firm to hire Colombian architects for in-service training on public works projects.

The most serious flaw in the program thus far has been the failure of the Cali government to send a representative to Oakland County, Madole said.

The co-director of the program in Cali, who was scheduled to come here, was a drowning victim, Madole said, and so replacement for him has been appointed.

Boren congratulated the Oakland County committee for the fine progress that has been made in the program, pointing out that it is being used as a prototype for similar programs in 14 states.

The preliminary work for other Latin American alliances has been done in 10 other states, Boren said.

**GETS DOUSED** — Donald Gumble is hit with a giant wave as it smashes against a sea wall at St. Augustine, Fla. Winds and tides were gradually picking up, with the full impact expected later today.

# Arabs Eye Palestine at Summit

ALEXANDRIA, U.A.R. (UPI) — Arab summit leaders compromised on military measures against any Israeli attack and moved on today to the perennial issue of Palestine.

Since the Palestine War ended in 1948 with the state of Israel controlling most of the former British mandate, opposition to Israel has been the main unifying force in the Arab world.

Some disunity was manifested yesterday among the 12 presidents, princes and plenipotentiaries at the Arab summit over moving a unified Arab army from one country to another.

The United Arab Republic was understood to have insisted that this force, under U.A.R. Gen. Aly Amer, could move across Arab borders at any time.

But the semiofficial Middle East News Agency said the final decision was for movement only in case of war.

## ISRAELI NEIGHBORS

This compromise apparently was made to quiet objections from Lebanon and Jordan, Israel's smallest two neighbors.

A unified Arab army would include a large percentage of U.A.R. troops. Both Lebanon and Jordan are troubled by factions supporting U.A.R. President Gamal Abdel Nasser.

Conference sources said Lebanon and Jordan are both armed with Western weapons and are unwilling to switch to the Soviet-supplied arms used by the U.A.R., Iraq and Syria.

The unified command was set up at the first Arab summit in January along with agreement to counter Israel's Jordan River diversion plan with a diversion plan of the Arabs' own.

## Rival Group Says Beatles Scored Beat With U.S. Beat

By EARL WILSON  
NEW YORK — "The Animals," that fab rhythm-and-blues group from Newcastle, England, here to play the Paramount, says those fab Beatles are even fabber than they are, which is really, really fab.

The Beatles got their sound, their beat, from away down south in the U.S.A., from Dixie, and sold it back to the U.S.A., which thinks it got something new and is now copying the Beatles.

"The American public!" — that's the Newcastle dialect—"didn't care mooch for 'race music.' The Beatles took the sound once some American records."

"Soch artists" were mentioned as "Chuck" Barry, Louisiana Red, Tampa Red, John Lee Hooker, the Howling Wolf, the Miracles, and Martha and Vandellas, whom America didn't appreciate, "maybe 'cos they were singin' 'race music.'"

So America's quite a fab place to the Animals who consider themselves intellectuals and quiet, and are amazed at having police protection at the Manhattan Hotel.

"We don't get teered apart even in London. We don't even get recognized," admitted one. "But then your little girls race faster."

"Groups" are now about England's major industry. "There are mooch more groups than people," claimed one Animal. "Travelin' on the road, you see mooch more singin' groups' 'booses than ordinary peoples' lories. Every other boos is a group's boos."

Fab, and getting fabber and fabber.

THE MIDNIGHT EARL . . .  
Barbra Streisand's husband, Elliott Gould may get a featured role in the musical "When In Rome" . . . It was only two years ago that a movie magazine wrote: "Carroll Baker is too staid and girl-next-doorish" . . . "Prince" Mike Romanoff, who always claimed to be Russian royalty, is in "Von Ryan's Express" . . . playing an Italian peasant.

REMEMBERED QUOTE: "Gambling is a sure way of getting nothing for something."—Wilson Mizner.  
EARL'S PEARLS: Isn't there anything left that lasts a lifetime, except people?—Pie Larmour.

Paul Anka, opening at the Las Vegas Sands, said, "It's a great honor to be on the stage where Frank Sinatra stood, where Sammy Davis stood, where Dean Martin staggered. . . . That's earl brother."

## 5 Motorists Die in Crash

ANAHUAC, Tex. (AP) — Five motorists died as two cars collided and burned Tuesday night. Two others suffered injuries.

The crash killed Annie Hollister, 66, of Houston, driver of one vehicle, and four teenagers homeward bound from a beach party — Wilma Teague, 16; Brenda Teague, 14; Mary West, 13, and Albert F. Sanford, 14, all from the Gilchrist vicinity.

State police said the automobile driven by Wilma Teague edged off state Highway 87 east of Gilchrist, swung back onto the paving and skidded across the road in front of the Hollister car.

The injured are Mrs. T. V. Paige, 46, daughter of Mrs. Hollister and also from Houston, and Terry Lynn Teague, 2, sister of two of the dead girls.

# UAW, Chrysler Reach Agreement

In Rousing LA Welcome

## Will Halt 'Spree'—Barry

LOS ANGELES (AP)—Sen. Barry Goldwater, in a determined drive to pick up the Western states he sees as his presidential base, promises that if elected he will halt what he calls the "wild spending spree" by the Democrats.

"What will your choice be?" Goldwater asked a roaring crowd in Los Angeles' three-tiered baseball stadium. "More power for Washington? Less power for your home state and your town? More money for wasteful government? Less money for productive, individual uses?"

"No. Our choice is progress through freedom!"

Goldwater had his largest crowd last night—the scoreboard said 53,120 were in the ball

park that can seat 56,000—and he got a rousing welcome, so rousing he couldn't speak until the message was flashed in big lights in leftfield: "Let's hear Barry."

His schedule today takes in all three states, with stops in Sacramento, Calif., and Klamath Falls, Ore., before spending the night in Seattle, Wash.

### BIG PRIZE

California is the big prize. It has 40 big electoral votes, and it has special appeal for Goldwater.

It was here, in the presidential primaries, that he knocked off Gov. Nelson A. Rockefeller. (Continued on Page 2, Col. 2)

## Johnson Calls Conference on Viet Strategy

Military, Diplomatic Advisers Summoned to Consider Moves

WASHINGTON (AP)—President Johnson summoned his top military and diplomatic advisers to a White House conference today to consider new moves the United States might make to strengthen the anti-Communist war effort in strife-torn South Viet Nam.

Ambassador Maxwell D. Taylor, who returned from Saigon Monday, has already held two days of discussions with State and Defense department leaders on the South Vietnamese crisis.

The White House meeting was called for midmorning with Taylor, Secretary of State Dean Rusk and Defense Secretary Robert S. McNamara as principal participants.

Taylor held a private discussion with Johnson last night, presumably to lay the groundwork for today's session.

### CONSENSUS SO FAR

Informants said the consensus developed so far in the policy reexamination occasioned by Taylor's return to Washington is

See Story, Page B-12

that the situation in South Viet Nam continues to be precarious due to the prolonged government crisis.

The crisis began in August and has brought several changes in top South Vietnamese government personnel.

In the U.S. view, Premier Nguyen Khanh continues to provide the best hope for bringing order out of the political chaos in the country.

Taylor and top Washington officials are reported to feel that the highest priority in U.S. policy must still be assigned to the task of encouraging South Vietnamese leaders to create political stability and to concentrate their major military efforts in South Viet Nam itself.

It is also reported on excellent authority that Taylor is deeply concerned about the problem of the low of supplies and reinforcements of trained Communist Viet Cong personnel from Red North Viet Nam into the south through the jungles of southeastern Laos.

The jungle trails lead through the staging area in the vicinity of the Lao town of Tchepone, which is about 25 miles from the Lao-Vietnamese border.

AP Photos

ANNOUNCES SETTLEMENT — United Auto Workers President Walter Reuther (right) announces settlement of contract negotiations with Chrysler Corp. today in Detroit.

At Reuther's right is John Leary, vice president in charge of labor relations for Chrysler. Others in the jam-packed room are negotiators and newsmen.

## Strike Averted by Last-Minute Announcement

Reuther Cites Gains in Pension, Holidays, Worker Relief Time

DETROIT (AP)—Chrysler Corp. and the United Auto Workers Union announced agreement today on a national contract, avoiding the threat of a nationwide strike by some 74,000 workers.

The announcement came less than one hour before the strike deadline.

Walter P. Reuther, union president, termed the contract agreement "the most historic agreement in the history of the American labor movement."

Ford Motor Co. and General Motors Corp. declined immediate comment on the new three-year pact at Chrysler.

Reuther told newsmen the settlement included a pension plan calling for up to \$400 a month payment in benefits at the age of 60 years for workers with 30 years service.

### STILL AT WORK

Reuther said negotiators were still working on language technicalities but that a three-year agreement had been reached on all major issues.

Without a contract, a crippling walkout would have hit Chrysler's 40 plants in 12 states and shut down production just as the new 1965 models have started rolling off the assembly lines.

Reuther said he had notified all local units across the nation of the settlement.

There was still a remote possibility of scattered walkouts on local plant agreements—but more than half of the 106 UAW bargaining units already have reported settlement of their problems.

### NEW HOLIDAY

Reuther said the agreement added two new paid holidays for each worker—Good Friday and the birthday of each employee. The auto company previously granted six full holidays and two half-days.

Reuther said the UAW had achieved an historic pension agreement which under certain conditions would give a worker 60 years of service a \$400 a month pension.

The agreement also included an increase in pension payments for those already retired.

Reuther estimated the overall economic package at 15 (Continued on Page 2, Col. 5)

Pontiac Press Photo

THIS WAY — Pontiac Public school elementary pupils trooped back to classrooms this morning. These first graders at the Robert Frost Elementary School discovered a sign to lead them to their new classrooms. Half-day

sessions will continue tomorrow for grade school students, except kindergartners who report Monday, with full class sessions on Friday.

## Rain May Come Today, Tonight; Continued Warm

There's a chance that scattered thunder showers held this way will arrive late today or tonight.

Temperatures dropping to a low of 65 to 70 will climb into the high 80s tomorrow. Partly cloudy and warm with scattered thunder showers likely is the forecast for tomorrow.

Partly cloudy and cooler is Friday's prediction.

Winds variable at 5 to 15 miles per hour today and tonight will become south to southwest at 8 to 18 m.p.h. tomorrow.

A warm 69 was the low in downtown Pontiac preceding 8 a.m. The 1 p.m. reading was 89.

## City to Study Pollution of Pontiac's Crystal Lake

City officials intend to study sources of pollution of Pontiac's Crystal Lake, including sewage from storm drains in Waterford Township.

Joseph E. Neippling, city engineer, told the City Commission last night that a testing program would be initiated to determine the amount of pollution and its sources.

After hearing Neippling report on the pollution problem, commissioners indicated they would formally accept a request from Waterford Township for sewage service as an initial step next week.

"We need to know the magnitude and density of the pollution," said Neippling, "and in order to do this we must test over a period of time."

Neippling said one major source of pollution was from storm drains.

Back in the 1930's, Waterford Township residents in the area were permitted to connect sewage lines to the storm drains, which feed into the lake, he said.

A request made in 1963 by the township for sanitary sewers in the remaining unserved areas of the west end drains was revived last night.

Neippling presented the commission with the township's request.

The area covered, he said, is south of Elizabeth Lake Road to two blocks south of Huron, extending west of Telegraph about three blocks.

However, Neippling said this might not be total solution to the pollution of Crystal Lake. An engineer has been assigned to study the lake conditions on a full-time basis.

Several residents complained to the commission last night that the pollution is a health hazard to children playing in the area.

PIER SMASHED — A workman at St. Augustine, Fla., tries to lash down what's left of a waterfront motel pier early today. Early effects of Hurricane Dora smashed into the

## Dora Hits St. Augustine, Starts Lashing Jacksonville

ST. AUGUSTINE, Fla. (AP)—Hurricane Dora, still a hundred miles offshore, sent 76-mile-an-hour winds thundering through the ancient streets of St. Augustine today and began lashing at the "charmed city" of Jacksonville.

Whipping the Atlantic ocean with 115-mile-an-hour fury, the giant storm, which had indirectly taken three lives, thrashed slowly toward the northeast Florida coast at eight miles an hour.

First advance gusts of hurricane force to reach shore knocked out telephone service to Marineland, a tourist spot 20 miles south of here noted for its collection of living sea creatures.

Waves were beginning to break over St. Augustine's seawall into bayfront parkway, a main tourist thoroughfare in the nation's oldest city.

At the same time, Jacksonville was feeling the first blows of wind and sea. The city of 200,000 never has taken the full impact of a big hurricane.

### SAME TIME

Tide and wind arrived at Jacksonville at the same time. Gusts of 63 miles an hour snapped a few power lines. Waves began to crash over the seawall at Jacksonville Beach.

Hurricane warnings were displayed from Vero Beach, Fla., to Brunswick, Ga., and gale warnings with a hurricane watch were extended northward to Myrtle Beach, S. C.

Eastern Air Lines canceled its

flight today from Philadelphia to Jacksonville, Daytona Beach and Melbourne, Fla. The flight was terminated at Washington.

Waves washed over highway A1A between St. Augustine Beach and the mainland.

### ALMOST DESERTED

The Mayport Navy Base at Jacksonville, which usually

beach along the ocean side of a narrow peninsula just across Matanzas Bay from St. Augustine.

Another hurricane, Ethel, was "stacked up" in the Atlantic, like an airliner over a crowded airport, apparently waiting for Dora to land before making her own move.

Ethel, with winds of 80 miles an hour, has remained almost stationary for several hours 350 miles south-southeast of Bermuda and almost due east of Dora.

The St. Augustine peninsula was almost completely evacuated by its some 3,000 residents late yesterday and early this morning, many leaving via National Guard trucks and public school buses.

"There will always be some people who will refuse to move," said Civil Defense Director Fred Lillis. "All we can do is let them stay."

The Weather Bureau said (Continued on Page 2, Col. 4)

## Weather Pattern Hinders

## U.S. Rocket Tests Stalled

WASHINGTON (UPI)—A grand-scale weather pattern which developed in the east central Pacific up around Kodiak has brought down a number of rockets at Cape Kennedy, Fla., and delayed the next U.S. manned space flight.

It also is being blamed for the devastation wrought in Florida by Hurricane Cleo and whatever damage is done by Cleo's gigantic successor Dora.

Weathermen say Cleo and Dora were permitted to approach the U.S. east coast by an atmospheric circulation pattern of continental proportions which displaced normal air flows far to the north.

High-altitude jet streams, which might have steered Cleo and Dora away from land if they had been more southerly, have been crossing the country over the Great Lakes and northeastern states.

This pattern first manifested itself in the Pacific and was repeated over the continent.

The National Aeronautics and Space Administration (NASA) had five rocket-spacecraft combinations in place on their Cape Kennedy launch pads when Hurricane Dora threatened.

Only a huge Saturn Rocket which had been erected with a boiler plate Apollo Spacecraft on top for a test launch next week was left in place.

## Police Dog in E. Berlin Flees Reds

BERLIN (UPI)—Harro, an East German police dog, yesterday deserted his post as many Communist border guards have done and fled to the West.

Harro was on border patrol on the Landwehr Canal. His job was to hunt down refugees. His masters were East German guards.

Suddenly he jumped into the 50-yard wide canal and swam furiously to the Western side. With tail wagging happily, he was pulled up the bank by a West Berlin policeman.

Five excited East German police appeared on the Eastern bank of the canal and shouted, "Come back, Harro. Here, Harro. Here, Harro."

But Harro never even looked their way.

Get Your Years Pinned Down

## Don't Be Left in the Dark About the 'Middle Ages'

By HAL BOYLE

NEW YORK (U) — Signs of middle age:

You're busier fighting old bad habits than acquiring new ones.

If anyone asks is it hot enough for you, you have an almost irresistible urge to grab him by the lapels and tell him about the heat wave back in 1935.

Teen-agers look a lot bigger than they did when you were one.

Every year you admire your own parents more as you realize how much smarter they were about raising children than you are.

You wouldn't buy a ticket to the moon if they were selling at three for a quarter.

Getting to work on time isn't much trouble anymore because you rather like to get up earlier in the morning.

DON'T UNDERSTAND

The bright new young comedians on television don't seem very funny—half the time you don't understand what they are joking about.

Instead of thinking of old age as beginning around 60, you push its onset up to 70 or 75.

There don't seem to be as many bluebirds around as there were years ago.

The only government aid program you're wholeheartedly in favor of is one that will benefit anybody over 40.

At a baseball game you have only one hot dog—if any—because you know two might upset you.

Most of your daydreams are spent in reminiscing, not building castles in Spain.

Next year, you decide, you'll set out fewer tomato plants in the garden—and plant a shorter row of string beans.

At cocktail parties you ration yourself to two martinis, and give up betting strangers that you can beat them at Indian hand wrestling.

RUINS THE DAY

Being caught in a sudden rain makes you grumpy the rest of the day.

You can think of many more reasons for staying home than going on a picnic.

Everybody on the highway drives like an idiot except you.

When you see two young people in love you thank heaven you didn't act that silly when you were that age.

A letter from an old friend makes you feel sentimental—after you have opened it and found he isn't trying to borrow money—and you save it for

cause you know two might upset you.

Most of your daydreams are spent in reminiscing, not building castles in Spain.

## Elephants Flip Wigs When Jets Go By

WINDSOR, England (UPI)—Pilots from the Farnborough Air Show promised today to stop flying over a circus here after circus officials complained that their elephants stopped perform-

ing every time a jet buzzed overhead.

"The elephants get out in the ring dressed up in Beale wigs," circus director Ronnie Smart said, "and as soon as they hear the planes they stand still with their ears pointed up to the sky."

## Serenity of Another Era

# Hollywood County Church Continuing

By BOB THOMAS  
AP Movie-TV Writer

HOLLYWOOD—For 30 years the Country Church of Hollywood has dispensed its old-time religion, and it's still going strong.

You'll find it not many steps from Hollywood and Vine, yet when you enter its grounds, shaded by tall sycamoras, camphor and pine trees, the din of the city seems far away. And as you enter the white-steeped church, you are transported to another, simpler era.

At services on Sunday morning and evening and at prayer meetings Wednesday night, the rafters ring with the sounds of gospel singing and the word of the Lord as spoken by the Rev. Rudy Atwood. Thus, the vision of the "Goose Creek parson" is carried on many years after his death.

Martha Hogg, daughter of the founder and member of the board of trustees, talks proudly of the building, modeled after a small church in Ashland City, Tenn., that her father had visited as a circuit rider.

He was William Bennett Hogg, a high school principal in Mississippi until he received the call to enter the service of God. He became a Methodist minister, served as chaplain in World War I and was on General Pershing's staff in Germany during the occupation.

**HAD BREAKDOWN**  
The Rev. Mr. Hogg returned to the ministry, but in 1928 he suffered a nervous breakdown. "Doctors" said it was the strain of having to bury 3,000 young men during the war," his daughter explained.

After his recovery, he prayed to determine whether he should return to preaching. The answer seemed to be yes, and he turned to evangelism. He appeared at large tabernacles in Chicago and Los Angeles.

It was here that he found himself without a job, and he suggested to radio station KFAC a program about a country parson.

TUESDAY'S FIGHTS Honolulu, outpointed Gaspar Ortega. HONOLULU — Stan Harrington, 133, 137½, India, Mexico, 12.

**Bill Farrah Says,**  
"Better Service  
Has Done a Lot  
to Put Us In  
First Place  
In Oakland County

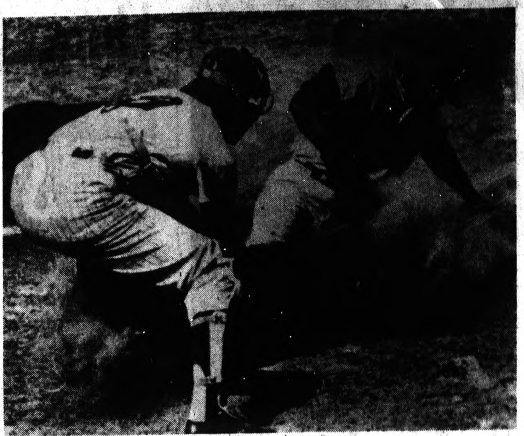

Yes, in just 10 months since I took over this Rambler dealership, we have moved steadily up into first place in Rambler sales in the County. One thing that has helped do that, against some real strong competition, has been my insistence on giving the very finest service work, materials and prices possible. Of course, the Rambler cars deserve a lot of the credit too. Exclusive Rambler features like Deep-Dip Rust-proofing right up to the roofline, the greater safety of rattle-free Single Unit Construction, the best official economy records and low first costs all add up to a lot more usefulness to the user... a lot of extra value it will pay you to look into.

**Bill Farrah's  
VILLAGE RAMBLER**  
666 S. Woodward Ave., Birmingham MI 6-3900  
Where Better Service Keeps You Sold

**NEED MONEY?**

# No Champagne Yet in American League

By the Associated Press  
The American League pennant contenders have gone through four fifths, but each makes it more difficult for one of them to break out the champagne.  
With less than one-fifth of the season remaining, Baltimore leads the see-saw battle, but Chicago is only one-half game behind and New York is just one game back. Only six percentage points separate the Orioles from the Yankees.  
The race became the tightest it's been since Aug. 5 when the Yankees edged Minnesota 2-1 Tuesday night.  
Only 18 days ago, even many of the most astute baseball observers were counting out the Yankees. They were in third place then, too, but they were 5½ games from the top.  
Since that time, they have won 12, the last five in a row, and lost just four. In the same period, the Orioles won eight of 17 while the White Sox were 9-10.  
**NEARLY EQUAL**  
The Yankees now have two more games remaining than the Orioles — 25 to 23 — and are even in losses. In other words, if the Yankees win their two extra games, they would have the same record as Baltimore.  
The White Sox, on the other hand, have 20 games left and have lost two more games than the other contenders, putting them at a statistical disadvantage.  
None of the teams plays each other the rest of the season. That is, unless they meet in a playoff.  
The Yankees nosed out Minnesota on Elston Howard's run-scoring single in the seventh inning. Roger Maris started the rally with a double and eventually reached third on a sacrifice bunt by Joe Pepitone. Howard brought him home with a single to center field.  
Maris also figured in the Yankees' first-inning run. He singled Tony Kubek to third from where he scored on Mickey Mantle's sacrifice fly. The Twins tied it in their half of the first on singles by Rich Rollins and Zolo Versalles and a pair of force plays.  
Rookie right-hander Mel Stottlemyre scattered nine hits for his fifth victory against two defeats. Camilo Pascual suffered his 11th setback in 24 decisions.  
**PHILLIES SACKED**  
In the National League's only game, Los Angeles nipped Philadelphia 3-2 on run-scoring doubles by Jim Gilliam and John Roseboro in the first inning.  
Maury Wills started first with a single and stole second.

**CUT DOWN** — Gus Triandos, Phillies catcher, cuts down Jim Gilliam of the Dodgers at home plate in the first inning of their game yesterday at Philadelphia. The Dodgers defeated the Phillies, 3-2 to cut the Philadelphia lead a half game to six games in the National League.

**Arnie Stays Ahead in Money Scramble**  
DUNEDIN, Fla. (AP) — The \$110,743 winnings of Arnold Palmer kept him ahead in the Professional Golfers' Association dollar standings today.  
Palmer's total came from 22 tournaments. Jack Nicklaus, who played in 21 tournaments, was second with \$101,917, followed by Tony Lema with \$72,555.  
Young Bob Nichols won \$72,087 in 25 tournaments for fourth and Bill Casper Jr. is fifth with \$71,419.  
Gary Player \$61,449; Ken Venturi \$54,965; Juan Rodriguez \$48,338; Mason Rudolph \$46,054 and Mike Souchak \$38,659.

## Replaces Sawchuk in Nets Red Wings' Crozier on Spot

**DETROIT (AP)** — Detroit Red Wings' goalie Roger Crozier is on the spot, and no one knows it better than Crozier himself.  
With only 15 National Hockey League games under his belt, Crozier suddenly finds himself the No. 1 goalie on a team which just missed winning the Stanley Cup last season.  
"Yes, I know the pressure is on me," the 22-year-old Crozier said Tuesday as the Red Wings opened pre-season practice. "I was a little surprised when I heard that Toronto had drafted Terry Sawchuk. I guess everyone was surprised."  
"Then I realized that the move put me in the nets and that the team would be depending on me for 70 games. I've been thinking about that every day since," he added.  
**BEST GAME**  
Crozier appeared in 15 games for Detroit last season as Sawchuk was sidelined a number of times because of injuries.  
Crozier was injured in one of his early games with the Red Wings but came back and performed brilliantly. Probably his best game came in a 1-1 tie at Toronto.  
He was not only voted the Player of the Game but also drew a round of applause from the usually partisan Maple Leafs fans.  
Crozier came to the Red Wings, along with defenseman Ron Ingram, from Chicago in a trade for defenseman Howie Young.  
"I was told then that we had made a good deal in getting Roger," said Manager-Coach Sid Abel. "A number of the other clubs had scouted him and said he was one of the best prospects in the minors."  
Abel has never declined comment on Crozier's play. The fact that he was undisturbed when Sawchuk was drafted by Toronto has given Crozier a little more confidence.  
The Red Wings have three other goalies in camp among the 38 players who reported Tuesday. Another 38 players, mostly members of the various farm clubs, will report next Monday.

## Jacksonville Loop Champ Suns Clinch Pennant in International Play

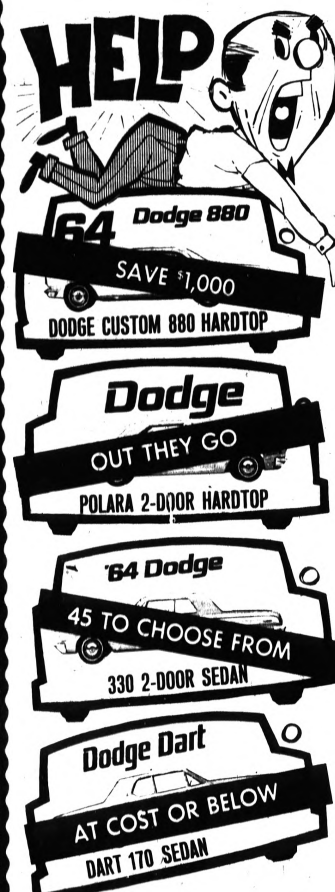

By The Associated Press  
The Jacksonville Suns are the 1964 International League champions.  
A 2-0 victory over Richmond, combined with a double loss by Syracuse to Rochester Tuesday night, clinched the pennant for the Suns, who now lead by three games.  
A six-hit shutout by Dick Dowling, backed up by home runs by Jack Damaska and Hector Espino, was the story in Jacksonville's victory.  
The loss was a tough one for Virginian right-hander Ed Merritt, who allowed only three hits but two were homers. The loss was his ninth straight.  
Rochester moved into fourth place with its 4-1 and 3-2 victories over Syracuse.  
**SPLIT TWO**  
In other games Tuesday night, Buffalo and Toronto split a twin-bill with the Maple Leafs winning the opener 3-2 while Buffalo took the nightcap 5-3. Atlanta downed Columbus 4-1 in their first game and the Jets grabbed the second, 4-1.  
A 400-foot two-run homer by Steve Demeter, his 16th, with two out in the last of the ninth gave Rochester its second game win. Reliever Bob Dostal took the loss.  
Home runs by Dave Johnson and Kim Liggett provided the Wings with enough runs to win the opener behind Nels Chittum, who needed help from Paul Knechges and Herm Starrette.

## Managers Set Final Meeting

A final managers' meeting for adult touch football has been scheduled by the Parks and Recreation Department for 7 p.m. Thursday in the Health Department conference room at City Hall.  
All teams interested in playing this season are requested to have a representative present. Fees will be due, rules will be finalized and a schedule arranged.  
Game competition is expected to start next week.

**Mexican Cagers Win 2**  
MEXICO CITY (AP) — Mexico's Olympic basketball team has won its first two games with Temple of Philadelphia. The Mexicans, trailing 27-29 at the half, rallied for a 66-65 victory Tuesday night. Mexico won the first game Monday, 94-60.
