Clear Skies Greet Voters in Pontiac

Clear skies greeted voters at the polls in today's biennial spring election of seven City Commissioners to represent Pontiac's seven voting districts.

Polls opened at 7 a.m. in the city's 44 precincts.

Balloting was "picking up

steadily" by noon, with indications the total vote might exceed that of two years ago, the City Clerk's office said.

Voting was considerably heavier today than during the early hours of last month's light primary bal-

loting, City Clerk Ada R. Evans said.

Polls will remain open until 8 p.m. Voters standing in line at that time will be allowed to vote.

In the 1956 election, about 8,600 out of approximately 37,000 registered voters cast ballots. There are about the same number of registered voters in Pontiac this year, Mrs. Evans said.

Today's candidates:

District 1—Milton R. Henry and Samuel J. Whittier.

District 2—H. Malcolm Kahn and Philip E. Rowston.

District 3—William W. Donaldson and Earl J. Smith Jr.

District 4—Gerald W. Kehoe and Floyd F. Miles.

District 5—John A. Dugan and Ronald C. Halbenbeck.

District 6—John E. Carry and Wesley J. Wood.

District 7—Robert A. Landry and Gilbert W. Long.

The seven winners will serve two-year terms, beginning at an organizational meeting Monday night, at

Expected Floor Fight Over Child Clinic Fund Fails to Develop

An expected floor fight over an extra \$15,000 appropriation for the Oakland Child Guidance Clinic failed to materialize at the Board of Supervisors meeting this morning and a record 1959 budget was passed unanimously.

The clinic's request for additional funds was the only item debated on the floor. The supervisors voted 71-0 to present a \$12,762,280 tentative budget to the County Tax Allocation Board.

Opposition to the clinic's extra \$15,000 and a move to boost it higher collapsed when it was pointed out that the Supervisors' Ways and Means Committee would have plenty of time to study the boost before final action was taken on the budget next fall.

Supporting the clinic's request was Royal Oak Supervisor Howard K. Kelley who passed out information showing that some 200 organizations were behind the extra appropriation.

The clinic originally had asked for \$72,467 but this was trimmed to \$32,500 by the Ways and Means Committee and the Board of Auditors, or \$15,000 more than the current budget provides.

Kelley charged that the county's expanding "welfare" load is furnishing a very good excuse for not giving this extra help to these kids.

The tentative budget approved today runs \$2 million more than the current one, a reflection mainly of the highest welfare load since the late 1930's.

Kelley proposed that the budget be amended to increase the clinic's appropriation but withdrew the motion when Birmingham Supervisor David Levenson emphasized that there would be plenty of time to change the figure before final adoption.

Killed Returning From Trip

CRASH VICTIMS — Mr. and Mrs. Duane Barkeley were killed Sunday when their rented plane crashed in a storm near Ithaca, Mrs.

Barkeley was the daughter of Oakland County Circuit Judge Clark J. Adams.

Judge Adams' Daughter and Husband Perish

Duane Barkeley Pilots Craft Into Rainstorm on Weekend Visit

By PETE LOCHBILER

Circuit Judge and Mrs. Clark J. Adams' younger daughter and her husband were killed yesterday when their small plane crashed in a violent rainstorm 100 miles northwest of Pontiac.

Killed when their rented craft smashed to pieces on a gravel road two miles south of Alma were Duane D. Barkeley, 26, a "week-end" pilot, and his wife, Janet, 23.

The couple was returning to the Pontiac area after an overnight visit with friends in Mt. Pleasant. Barkeley was the son of Mrs. Olga Barkeley, of 554 Lennox St., a clerk in the Pontiac City Clerk's office the past nine years.

The accident occurred at approximately 10:15 a.m., only a few minutes after the young couple had taken off from a small field at Mt. Pleasant.

Their plane, striking the ground at a steeply inclined angle, burst into flames and crashed into a relatively unpopulated farming area. The engine was buried two feet deep.

State troopers, who removed the bodies with the help of sheriff's deputies and a Civil Defense crew, said the plane had "crumpled up like an accordion." It did not burn.

They believed that Barkeley, an experienced amateur pilot, was trying to avoid the sudden furious rain and fog into which the plane was headed.

A farmer told them he saw the plane turn around when it reached the squall area and try to head back north. It crashed seconds later, he said.

Civil Aeronautics authorities blamed the storm as the cause of the crash.

The young couple, married less than 15 months, lived at 28490 Mound Rd. in Warren. They were (Continued on Page 2, Col. 5)

Economy Hits Auto Plates

1959 Licenses Will Be Renewed With Corner Tabs to Cut Prices

LANSING (U) — Auto license plates will reflect the economy course charted by the Michigan legislature.

Secretary of State James M. Hare said today that the state will go on a three-year system with issuance of 1959 plates, renewable by corner tabs in 1960 and 1961. A three-year saving of \$150,000 is expected.

However, next year's forest green plates with gold-yellow lettering and numerals will cost an extra \$60,000 because of need of a primer coat of paint, a more durable finish coat and extra handling expense.

Savings in 1960 and 1961 will come about mainly through reduced steel cost in furnishing the tabs, of as yet undetermined contrasting color and measuring about 2 1/2 by 1 1/2 inches.

Hare said the tabs can be produced for five or six cents a pair.

Annual plates will continue for trucks, which give them harder use.

The tabs will be punched with a single hole so placed as to permit attachment with one of the bolts required to hold the full sized plate.

Election Results

Election results can be obtained by calling The Pontiac Press, FE-2-8181, after 3 p.m. tonight. Complete results will be published in tomorrow's Press.

which time they are expected to select a mayor from among their membership.

The 1956-1958 commission will hold its last regular meeting tomorrow night and convene for a final time Thursday night to canvass the ballots.

Complains About Food; Husband Killed by Wife

DETROIT (U) — A 23-year-old mother of three children was held by police today in the fatal shooting of her husband after a quarrel at the dinner table yesterday.

Mrs. Dorothy Syme was quoted by police as saying she shot her husband James, 28, because he called her "a lousy cook" and threw his plate of food on the floor of their apartment.

Mrs. Syme said she became frightened at her husband's action, went into a bedroom and got a .22 caliber revolver and fired twice at him.

She said she continued to shoot as he fled outside. He was dead beside the driveway when police reached the scene.

The couple's oldest children — Leigh, 4, and James Jr., 3 — were at the table when the shooting took place. The youngest, Garth, one, was asleep.

Mrs. Syme told police she and her husband, a gasoline station attendant, had quarreled frequently since moving here from Kalamazoo last July.

A neighbor said the couple had quarreled Saturday when Mrs. Syme left home at 10:30 a.m. and did not return until 7 p.m. The neighbor said Syme asked a relative to stay with the children when he had to go to work on the afternoon shift.

Mrs. Syme collapsed when she learned her husband died of a bullet wound in the chest. She told police:

"He hit me twice yesterday afternoon when I refused to give him money. I had the money, but it was for bills. He left and returned in 15 minutes demanding dinner. All the time he kept calling me horrible names."

A statement taken by police revealed the woman fired the first shot over Syme's head, a second one through his arm and another through his heart. The final shot was fired outside the house.

Watch in Terror as Divers Fail to Free Doors

5 Aged Women Die in Sunken Car

NEWTON, Mass. (U) — Five women residents of a nursing home — the youngest 80, the oldest 96 — were trapped and drowned in a driverless automobile yesterday when the car slipped its brakes, rolled down a grade and into a lake.

William L. Bruce, 34, an assistant dean at Harvard Law School, dived after the car but could not open its doors because of water

pressure. He said the women inside "looked terrified — numb with fear."

He said that for five minutes, as the air-filled car slowly settled into the water, the women fought desperately to escape and stared through the closed windows in horror as four men tried to free them.

One of the victims was Mrs. Ina Dowling, 85, who precipitated a Miami court scandal in 1954. Her

accusations that a Florida court had mishandled her husband's two-million-dollar estate led to grand jury inquiries into court officers' conduct and to the impeachment of a judge, later acquitted.

The others were identified as Mrs. Gertrude Cummings, 85; Mrs. Hattie Gordon, 96; Mrs. Esther Ross, 92; and Mrs. Dorthilda Hinrichs, 80.

"The women were frozen with fear," Bruce said. "One woman had her face pressed against the back seat of the car — blocking out the sight of the rising water."

Mrs. Kenneth Watson, 58, owner of the nursing home, said she was about to drive the five women on a ride into the country when the accident occurred at 3:40 p.m. The car belonged to Mrs. Dowling.

Police quoted Mrs. Watson as saying: "I had just helped the women into the car and was going back into the house after a coat. I shut the door on the driver's side and left the motor running and the brakes on."

Mrs. Watson said that as she walked away the car lurched forward and moved down the driveway. She ran after it but couldn't get near it.

Police guessed that one of the women may accidentally have shifted the automatic transmission lever into drive position.

The car knocked down a 3-inch flagpole, plunged 30 feet down an embankment, rolled further and took another 30-foot dip into Crystal Lake. It settled in 12 feet of water, three car lengths from shore.

Mrs. Watson ran back into the house and fainted.

TOOK FIVE TO DEATH — Rescue workers in Newton, Mass. hauled lines as the car which carried five elderly women to their deaths Sunday is raised from Crystal Lake. The women, occupants of a nursing home, were all over 80 years old. They drowned as the car rolled into this 30-foot deep spot in the lake.

Former Co-Op Owner Pays

Ex - Romeo Resident Makes Full Restitution to Farm Owners

ROME—The former owner of a defunct farmers' cooperative presented a check in Macomb County Justice Court, Mount Clemens, to cover the entire amount still owed his stockholders.

Leonard E. Freeman, a former Romeo resident now living in Flint, made full restitution in the amount of \$2,374.

Freeman pleaded guilty to a second count Friday, that of being a disorderly person, or being engaged in an illegal occupation. He was placed on a year's probation and paid court costs of \$20.50.

The investigation of Freeman's activities as head of Freeman's Farmers Co-op was begun by a Romeo State Police on the complaint of a former stockholder, Jack Silphla of Lake Orion.

Freeman, investigating officers said, issued stock in his cooperative to farmers living mainly in the Romeo-Armada area. He failed, however, to register the stock and had no license to sell it.

The company folded more than a year ago, and Freeman began reimbursing his stockholders. Silphla, holder of 100 shares failed to collect and asked a police investigation.

Other stockholders, it developed, also were owed money, some amounting to several hundred dollars.

To Build Canoe From Orange Crates

Prepare Scout-O-Rama at Walled Lake

WALLED LAKE — Examples of Boy Scout ingenuity, such as building a usable canoe out of orange crates, will be demonstrated this weekend at the fifth annual Ottawa District Scout-O-Rama at Walled Lake High School.

As an indication of its growth and popularity, the event this year will be held for two days, instead of one. The show will run continuously from 2 to 9:30 p.m. Saturday and from 2 to 6 p.m. Sunday.

Produced by more than 2,400 Cubs, Scouts and Explorers of the Ottawa District of the Clinton Valley Council with the help of 700 adult leaders, the 1958 Scout-O-Rama will offer an interesting "midway" of 40 exhibits. It will carry out the theme of "Scouting in Action."

The orange crate canoe will be built on the spot by Explorers of Troop 109 of Farmington. Outdoor sportsmen will be interested in this demonstration.

Another outstanding feature will be the zoology exhibit of the Boys Republic Post 11 of Farmington.

This exhibit could be classified as a zoo in miniature since it will display live muskrats, fox, racoon, skunks, wild rabbits, porcupine, many types of Michigan snakes, including the rattler, along with boa constrictors from Louisiana and a prairie rattler from Camp Philmont Scout Ranch in New Mexico.

There also will be other types of animals such as bear cubs.

He shouted this promise yesterday over the welcoming roar of 2,500 teamsters of Local 107 in a Philadelphia hall. Cohen is secretary-treasurer of the local.

Union members and their wives carried Cohen on their shoulders from his automobile into the meeting hall. Over the doorway to the hall hung a dummy. It wore a sign reading: "John J. McClellan. We vote for who we want. This is not Little Rock."

Market Inches to New Highs

NEW YORK — The stock market inched forward into new high ground for 1958 early today. Trading was fairly active.

Gains of most key stocks were fractional. A number were unchanged and there were a few minus signs.

Oils, aircrafts, steels and some leading rails moved ahead, but there was no outstanding group activity. The market was a bit higher at the opening as a succession of good-sized blocks was traded. Some issues improved their gains in later dealings.

Over-all the weekend news was encouraging. The statement by Commerce Secretary Weeks that the economic recession had reached its lowest point was one factor. Debate over a possible tax cut was heightened by the report of the Rockefeller Bros. Fund advocating a major reduction.

Gulf Oil's rise of around a point was about the widest in early dealings of leading stocks. Royal Dutch, Standard Oil (New Jersey) and Texas Co. rose fractionally.

Santa Fe, New York Central and Pennsylvania Railroad were among carriers showing plus signs.

Princess Meg Again Tours 'Calypso Isle'

PORT OF SPAIN, Trinidad — Britain's Princess Margaret set out today to renew her acquaintance with this island of calypso which first captured her fancy two years ago.

The pretty, 27-year-old princess was greeted by cheering thousands who braved a drizzling rain to see her arrive yesterday. She is here on a state visit to open the new West Indies Federation Legislature tomorrow.

Later she will leave on an 11,000-mile tour of British Guiana, Jamaica, British Honduras and Nassau. She returns home May 7.

Orange, blue and white flags of the new federation festooned the airport as Margaret stepped from her plane wearing a summery knee-length dress, a perky hat tilted to one side and a new head-hugging hairdo.

Although she had flown off from London to the strains of calypso music, Margaret was greeted on arrival by a band from the Jamaica military regiment playing the national anthem.
