

Parmenter Arrested in Oklahoma City

Happy Ike Hears Report

AT CABINET MEETING—President Eisenhower enjoys a hearty laugh as he listens to a report on the recent Paris agreement given by Secy. of State John Foster Dulles at a Cabinet meeting in Washington last night.

Washington, Lincoln Stare in Disbelief TV Public Joins Cabinet as Dulles Explains Pacts

By MERRIMAN SMITH
WASHINGTON (UP)—Secretary of State John Foster Dulles made it clear to the world today that the United States may agree to new cold war talks with Russia after the new agreements on German rearmament have been ratified.

In an unprecedented televised meeting of the President's Cabinet, Dulles said "there may be a new basis for discussion" with the Communists "when we create, as we hope we will, a position of solidarity and strength for Western Europe."

2 Areas to Vote on Incorporation

Keego Harbor, Madison Heights May Become Home Rule Cities

The Oakland County Board of Supervisors today set election dates for incorporation of two county areas.

Keego Harbor residents will vote Dec. 14 on incorporating as a home rule city and voters in Madison Heights Subdivision in Royal Oak Township will ballot on the same proposal Jan. 17 next year.

A simple majority of registered voters is required for the passage of incorporation.

Under the state law, a home rule city sets up its own governing body and regulates such things as sewage disposal, drainage, fire protection and law enforcement.

Keego Harbor will be bounded on the south by the Grand Trunk Railroad, on the West by Orchard Lake Road and the east shore of Cass Lake, on the north by the West Bloomfield Township line and on the east by the city of Sylvan Lake.

Madison Heights will take up about 5½ square miles in the northeast corner of Royal Oak Township.

'55 Auto Tag Sales to Begin on Nov. 15

LANSING (UP)—Michigan's 1955 auto license plates—green and white in commemoration of Michigan State College's 100th anniversary—will go on sale Nov. 15, two weeks ahead of normal.

Sec. of State Owen J. Cleary said he had ordered the early sale not only to encourage early purchases of plates but to coincide with the earlier car model change-over this year.

The Nov. 15 date will accommodate buyers who might otherwise wait until December to buy a new car, Cleary said.

Cleary said also that operators of several large fleets of trucks desire to convert from half-year plates to full-year plates and that the half-year plates expire Nov. 14.

Ike Announces New 1954 Low in Joblessness

President Notes U. S. Prosperity as He Ups Campaign Tempo

WASHINGTON (UP)—President Eisenhower passed out new pre-election ammunition to fellow Republicans last night in saying unemployment has dropped 400,000 to a new total of 2,700,000, below three million the first time this year.

The chief executive, increasingly active in the home stretch for continued GOP control of Congress, also focused nationwide attention on the administration in the foreign affairs field a few hours earlier through the first telecast and broadcast of a Cabinet meeting.

And reports persisted the President may take to the road again late this week to lend a personal hand once more in the campaign.

Presidential aides were elated over Eisenhower's two nationwide appearances on radio and television in a single evening with the elections just a week off. And, also privately, they voiced hope the appearances will benefit the GOP cause at the polls Nov. 2.

The President's discussion of the unemployment situation, theme of Democratic criticism of the administration in several congressional races, came in an address to members of the National Security Industrial Assn. here.

He called 1954 "our most prosperous peacetime year in history," but added that "in certain industries and localities some unemployment still exists as the aftermath of war and inflation."

He said "good progress is being made" toward reducing joblessness. Then, departing from his prepared text, he said he had just received this "latest report" on unemployment:

"In this month, its unemployment has been reduced by 400,000 jobs."

"In that period unemployment has fallen from 3,100,000 to 2,700,000."

Unemployment dropped last year from September to October, but by a smaller percentage. The figures quoted by Eisenhower indicated a fall of nearly 13 per cent this year. The comparable figure for last year was under 7 per cent or a drop from 1,246,000 to 1,162,000.

Eisenhower's speech was mainly a rosy account of the nation's economic health, coupled with this forecast:

"Drawing on the richly varied abilities of our entire citizenry, we can foresee that in less than a decade the national output will increase from today's 356 billion dollars to 500 billion. This would equal an average increase of more than \$3,000 for every American family of today."

He called for an end to "the rash of fears that for so long have haunted some of us—fear of war, fear of unemployment, fear of ourselves, fear of the future," and added:

"Certainly, we know now that one such fear—fear of a paralyzing depression—can be safely laid away."

As for the picture today, Eisenhower said (Continued on Page 2, Col. 3)

Back to Italy and Ease

Bride-to-Be Backs Away From Housewife Chores

LOS ANGELES (AP)—Saying she was "rather shocked" to find the average American wife does her own housework, an Italian woman who came here to wed has decided to go home instead.

Vanna Scussel, 26, came here from Milan a month ago after an 18-month letter correspondence with contractor Elmer W. Brass, 58. They planned to marry.

But yesterday Vanna declared: "There'll be no marriage. I'm going back home early next year. We don't agree about things."

She said she has been accustomed to servants in her home. "And it was rather shocking to me to find out the average American housewife has to keep up her own house, even does the cooking."

Vanna said she hadn't found things as rosy for the American wife as she'd been led to believe.

Brass showed no deep regret because their months-long friendship didn't lead to the altar. "I've had a lot of fun seeing her reaction to this country," he said.

Oppose Conlin Proposal

Citizens Propose New Plan for State Tax Distribution

Countering the Conlin Proposal on state school aid (proposition number two on the Nov. 2 ballot) four of Oakland County's leading tax and finance authorities have formed the Committee for Better State Finance.

Chairman by Mrs. James T. Dunne, Westacres, others who have volunteered to draft an equitable tax plan for the state are Louis H. Schimmel, Pontiac; Mrs. Harry E. King, Pontiac and Clifford Smart, Walled Lake. Dr. Carl O. Smith of Wayne University is also serving with the group.

Plane Hunters Sight Wreckage

Michigan Man Among
21 Aboard C47 Missing
in French Alps

NICE, France (UP)—Wreckage believed to be that of a missing U.S. Air Force C47 was sighted today in the French Alps about 40 miles from the Mediterranean coast. A rescue plane left for the area to drop parachutes.

The C47, missing since Sunday, carried 21 American airmen.

The Air Force Monday night released the names of 21 Air Force personnel, including one Michigan man, aboard the C47 en route from Rome, Italy, to Manton, France.

The Michigan man was identified as S. Sgt. Eldon L. Shaffer, son of Mr. and Mrs. William R. Shaffer of Muskegon. Sgt. Shaffer's wife is overseas.

A search plane reported sighting the wreckage in the 9,000-foot, snow clad mountains in the area where a French railway employee reported seeing a big flash of light Sunday afternoon.

Searchers were unable to confirm a report by a workman near Bastia, Corsica, that he saw a second twin-engine plane crash into the rough sea yesterday afternoon. Neither planes nor ships sent to investigate the report found any trace of wreckage.

Trucker Gathers Falsies
—as Thousands Jeer

LOS ANGELES (UP)—Harbor Freeway motorists saw a strange sight yesterday—a man stooped over, picking up falsies.

The intimate, sponge-rubber appliances had toppled off a truck and bounced onto the busy freeway. One motorist who slowed down to give the unidentified truck driver a chance to retrieve the scores of falsies observed: "That's worse than having a flat."

As for the picture today, Eisenhower said (Continued on Page 2, Col. 3)

Over 100 Italians Killed in Floods and Landslides

Mediterranean Coast
Lashed by Cloudbursts;
500 Homeless

SALERNO, Italy (AP)—Raging cloudbursts crumbled scores of homes and took up to 100 Italian lives today in this summer playground for thousands of American and European tourists.

The death belt runs down the beautiful Mediterranean coastline from here to terraced Amalfi.

The Italian army rushed in troops as leaden skies still poured rain down on the ravaged villages and cities. Landslides compounded the terror.

Officials said it is impossible yet to estimate the total death toll. Many persons may still be buried beneath the wreckage of collapsed homes.

In the Salerno area, 58 bodies have been counted. Another 39 persons are hospitalized in serious condition. Up to 100 are missing but most of these are believed safe.

On the Amalfi coast, 15 bodies have been recovered at Maiori and 3 at Minori. Many were reported buried under debris at Maiori and Cava del Tirreno.

Reports from Nocera Inferiore said there were 20 victims in the hamlets of Zepe, Paccara and Novella.

Hardest hit was Salerno, known to tens of thousands of former American soldiers because it was here the Allies stormed the Italian mainland in a bloody World War II battle.

In Rome, the Ministry of Interior said first reports indicate the toll may be the highest of any Italian floods in recent history.

Also hard hit were the hamlets of Marina di Vietri and Molina, where first reports to police said as many as 50 persons may have been buried as buildings crumbled. Communications with the stricken (Continued on Page 2, Col. 4)

UF Volunteers to Hear Report

Progress of Drive to Be
Noted at Luncheon in
Elks Temple

Over 200 Pontiac Area United Fund campaign workers will discover how they're doing at a noon report luncheon tomorrow in the Elks Temple, 114 Orchard Lake Ave.

Mrs. A. W. Gault will report on progress in the residential solicitation, Hazen Atkins on industry and Ralph T. Norvell for the commercial division.

Fred Green will report for the Waterford Township commercial division. Stuart Whitfield will be master of ceremonies with the invocation by Father John Tress.

The drive is in its eighth day with a goal of \$525,823 to be reached by Nov. 5.

Meanwhile, a gift of \$4,149 has been reported from the firm, offices and employees of the Community National Bank.

Other gifts of \$50 and over in (Continued on Page 2, Col. 5)

Faces Accounting

EUGENE A. PARMENTER

Court Reshuffles Sheppard Jury

Women in Osteopath's
Life Cast Shadow on
Murder Trial

CLEVELAND (UP)—Shadows of two women in the life of Dr. Samuel H. Sheppard kept an overcast of romance and intrigue today over the tedious job of reshuffling the jury which is to try him on a first degree murder charge.

As the second week of the trial got under way yesterday, two tentative jurors were excused and two new ones picked to replace them.

That job, the seemingly endless questioning of the people who are to decide on the guilt or innocence of the 30-year-old Bay Village osteopath, was punctuated by defense references to his wife and his reputed paramour.

His wife was blonde and pregnant Marilyn Sheppard, 31, who was clubbed to death in her bed early on the morning of July 4. It is because of her death that Sheppard is on trial for his life.

The other woman is pretty, auburn-haired Susan Hayes, a 24-year-old hospital technician who, police said, admitted she was intimate with Sheppard "more than once" before his wife was slain.

Yesterday's changes left the tentative jury with a balance of six women and six men.

The defendant kept his usual poise as he weathered stares of the curious from his seat in the center of the courtroom.

His composure seemed to falter only once. That was when Defense Attorney Corrigan asked a prospective juror if he knew that a first degree murder charge required that Sheppard "with deliberation and premeditated malice aforethought killed his young wife?"

Sheppard gripped his hands together, closed his eyes for several seconds, and then reached out for a glass on the table beside him and took a drink of water.

Cloudy and Cooler,
Showers Tomorrow

The U. S. Weather Bureau predicts a low of 50 to 54 tonight, with a high tomorrow of 64 to 68.

Downtown temperatures yesterday in Pontiac ranged from 45 to 69. This morning at 8 a.m. the mercury stood at 54 rising to 61 at 1 p.m.

Bulletin NEW YORK (UP) — Thirteen members of the Puerto Rican Nationalist Party were sentenced to six years in prison today for conspiracy to over- throw the United States government by violence.

Asked whether embassy officials had seen Field, the spokesman said, "Yes, we have established contact with him."

In Washington, a State Department press officer said he had not seen the report and it probably would not be available until his office opened later today.

The Polish government announced yesterday it had freed the Cleveland architect.

A broadcast from Warsaw said an official investigation had shown that Field was the victim of a "frameup by an American agent" in the Polish security service.

It said he has been released and full satisfaction has been given him.

Field went to Warsaw in 1949 to seek news of his brother Noel and sister-in-law Herta, who had disappeared behind the Iron Curtain. He boarded a plane in Warsaw bound for Prague, and vanished.

The following year, Noel's adopted daughter set out to search for her relatives. She disappeared in Berlin.

Missing Broker Faces \$175,000 Theft Charge

Attempt to Contact His
Wife Leads to Arrest
on Michigan Warrant

Eugene A. Parmenter, 54-year-old Pontiac broker who fled more than a year ago after he reportedly embezzled \$175,000, was arrested Monday in Oklahoma City.

The suspect, who dropped from sight after auditors opened a check of his books while he was employed at the W. H. Protiva Co. here, was working as a bookkeeper in Oklahoma City under the name of Edward A. Parker.

Parmenter told the auditors he was going out "for a cup of coffee" and disappeared.

Pontiac Police Chief Herbert W. Straley is scheduled to bring Parmenter, who waived extradition, here to face an embezzlement charge later today.

Straley and Capt. Clark M. Wheaton, chief of detectives, have been working on the case since the suspect's disappearance in August 1953, and uncovered new leads late last month that led to his arrest.

Straley stopped in Austin, Texas, Mrs. Parmenter's home town, after attending a police chiefs' convention in New Orleans, La., to follow up two leads.

He discovered that Mrs. Parmenter, since divorced from her husband, had been contacted by an Edward A. Parker. Mrs. Parmenter has been living in Austin since shortly after her husband's disappearance.

After returning to Pontiac, Straley and Wheaton noted that Parker's initials matched those of Parmenter.

Straley, enlisted the aid of a private detective friend, Ray Fincomb, who sent a picture of Parmenter to another private investigator, Harold Hooper, in Oklahoma City.

Armed with a picture of Parmenter, Hooper approached "Ed" (Continued on Page 2, Col. 6)

Field Contacted by U.S. Officials

Vienna Embassy Now
in Touch With Ohioan
Freed by Communists

VIENNA, Austria (UP)—A spokesman for the U.S. Embassy here said today the embassy has established contact with Cleveland architect Hermann Field, reported freed recently from a prison in Communist-ruled Poland.

The spokesman refused further information but said: "In view of the circumstances, we refer you to the State Department in Washington, which already is in possession of our report."

Asked whether embassy officials had seen Field, the spokesman said, "Yes, we have established contact with him."

In Washington, a State Department press officer said he had not seen the report and it probably would not be available until his office opened later today.

The Polish government announced yesterday it had freed the Cleveland architect.

A broadcast from Warsaw said an official investigation had shown that Field was the victim of a "frameup by an American agent" in the Polish security service.

It said he has been released and full satisfaction has been given him.

Field went to Warsaw in 1949 to seek news of his brother Noel and sister-in-law Herta, who had disappeared behind the Iron Curtain. He boarded a plane in Warsaw bound for Prague, and vanished.

The following year, Noel's adopted daughter set out to search for her relatives. She disappeared in Berlin.

12th Polio Victim

BIRMINGHAM (UP)—Birmingham's polio cases for the year now number an even dozen. City Health Nurse Anyce Gillette reported the latest victim yesterday, a 25-year-old nurse who suffered a mild attack.

Gen. Lucius B. Clay Advocates \$40 Billion National Road Building Program

By BURDETT C. STODDARD

A 40-billion-dollar road building program on federal highways in the next ten years was proposed yesterday by Gen. Lucius B. Clay, chairman of the president's advisory panel on national highways.

Gen. Clay held a press conference at the Sheraton-Cadillac Hotel in Detroit while here to inspect the blossoming Detroit expressway system and consult with state highway engineers.

Gen. Clay said he preferred a revenue bond type of financing similar to that used by Detroit in expressway construction.

He estimated that 100 billion dollars is needed to put all American roads on an adequate basis.

The general's committee is slated to report to President Eisenhower about Dec. 31 proposing legislation to implement a large-scale government road building program.

Current studies indicate that the 40 billion would build a federal system adequate for 25 years, Clay stated.

The project's completion would see four to six lane highways over nearly all the nation's 48,000 miles of inter-state roads. The money would be split be-

tween federal and state allocations—\$20 billion from each with states matching federal funds.

Sen. Homer Ferguson (R-Mich.), who accompanied Gen. Clay, said Michigan's part of the program would amount to about a minimum of six-and-a-half billion.

Part of the annual appropriation from federal gas and weight taxes could be used to retire the bonds without increasing taxes, he explained.

Currently \$875,000,000 is appropriated to highway construction. "As the number of vehicles on the highways increases, gas and weight revenues will increase and more could be appropriated," the general stated. At the end of ten years the annual appropriation will nearly double, he said.

Two other possible financing plans were dismissed by Clay. 1. Pay-as-you-go without a bond issue. "This is not realistic, ap-

propriations would have to be quadrupled even to begin a program and Congress is attempting to balance the budget."

2. Issuance of government bonds to be retired by a special tax.

With Congress seeking to reduce the national debt, this probably could not win support, he explained.

"The idea," Gen. Clay stated, "is to make money which would be spent over the next 25 years available now."

If Congress could include the plan in next year's budget, work might start in late 1955 in states that engineering plans developed far enough, he said.

Two things might limit the speed with which any state could complete the program, said Clay. 1. Construction firms available to do the work.

2. The ability of state highway departments to prepare needed plans and complete studies.

Ferguson said Michigan would be in a position to embark on the project.

"In my thinking," said Gen.

Clay, "the federal inter-state system is a very important part of our defense effort."

The threat of atomic weapons have increased necessity for adequate highways, he added.

The project must be a carefully engineered program, the general warned, done in cooperation with state highway departments, toll road authorities and other road-planning agencies.

"We aren't considering the elimination of the gas and weight tax, or its increase," said Gen. Clay.

The general was met at Detroit City Airport by Glenn C. Richards, president of the Michigan Good Roads Federation which sponsored the meeting.

Richards and other highway leaders, 150 and 200. George's Newport, 70 N. Saginaw.

City OKs Condemnation on Pierce-Merrill Parking

From Our Birmingham Bureau
BIRMINGHAM — Steaming ahead in its determination to operate a municipal parking lot, the City Commission last night passed a resolution authorizing condemnation proceedings on all parcels of land where the city proposes to locate a \$250,000 lot to accommodate about 250 cars.

While the entire area at the southeast corner of Pierce and Merrill streets is involved in the condemnation, the city expects to acquire several lots without taking such measures.

In fact, the lawmakers will meet behind closed doors Thursday night to discuss the property acquisitions, since several transactions are now pending.

"Every effort is being made to secure options for the purchase of each of the individual parcels at a price which is equal to or slightly in excess of the full market value of the property in each instance," City Manager Donald C. Egbert stated.

"It appears that the procedures involved in the various phases of this project will require that our schedule contemplate acquisition of the property and sale of revenue bonds on or about Jan. 17, 1955," he said.

Under the impression that it was to be included in the special assessment district to defray expenses for constructing the off-street parking area, St. James Episcopal Church will be notified that it is outside the district due to changes made by the commission last week.

In a discussion of parking meters for the lot, the lawmakers favored an all-meter operation of the lot, eliminating any added maintenance and expense on rental stalls for all-day parkers. Probably a 25-cent a day charge would be made.

Residents will also note a change in the on-street meters west of Woodward avenue as of Dec. 1 when a test is made, eliminating penny meters and substituting 30-minute parking meters.

A redraft ordinance showing a deletion of the one-cent fee will be submitted at next Monday's meeting.

Adventures in the search for the secrets of life will be discussed by Dr. Barry Commoner, nationally known biologist, in a free public lecture at 8:15 p.m. tomorrow at the Cranbrook School auditorium.

The relation of Commoner's research to possible cures for cancer and infantile paralysis has earned him grants from the American Cancer Society and the National Foundation for Infantile Paralysis. In 1953 the American Assn. for the Advancement of Science awarded him its annual research prize.

Through the study of viruses, which are living organisms closest in structure to non-living matter, he is making basic contributions to understanding such living processes as breeding, feeding and the avoidance of death.

Sponsored by Cranbrook Institute of Science, the lecture will be a progress report on Commoner's research with the Tobacco Mosaic Virus in determining its effect on living cells.

When the Men's Club of the First Methodist Church meets for a dinner meeting at 6:30 tonight, George Gullen will be the guest speaker. He is industrial relations manager of Detroit Controls Corp., and a leading Congregational layman.

Guest soloist will be Robert Choate, soloist of the Grosjean Pointe Congregational Church.

Groups within the Woman's Society of Christian Service of the church have scheduled 12:45 p.m. luncheon meetings for tomorrow, preceded by an executive board meeting at 9:45 a.m.

At last night's meeting, the Y's Men's Club heard Rodney Smith speak on his recent trip to Europe and show colored

slides on parts of France and Belgium. Reports were made by Eldon Wright and Walter Allison on the recent regional conference held at East Lansing.

Henry Zydena, executive vice president of the Michigan Council, American Assn. for the United Nations, will be the speaker at a noon luncheon meeting of the Lions Club at noon tomorrow at the Community House.

Opening its 35th year of continuous operation today was the Ruth Shain Class in International Affairs. Serving as class leader during this time has been Mrs. Charles Shain, who as usual opened the first meeting with a report on the Herald Tribune Forum, which she has just attended for the 19th time.

The class meets at 10 a.m. each Tuesday at the Community House and is open to the public.

"There are no qualifications necessary," Mrs. Shain said, "and no credits given. Only those take part who volunteer to do so."

Volunteer members of the Birmingham Democratic Club will meet for a "work night" at 8 tomorrow at the Southfield road home of Mr. and Mrs. Donald J. McGee.

Arvid A. Wadson Funeral service was held this afternoon at the Schmalzriedt Sons Funeral Home, Detroit, for Arvid A. Wadson, 58, of 2274 Northlawn Blvd., with burial in Acacia Park Cemetery.

Mr. Wadson, who was vice president of the Park Chemical Co. of Detroit, died Saturday after a long illness.

BIRMINGHAM — Effective tomorrow is the resignation of Police Sgt. Leo A. Stiers, who leaves after over 25 years with the force.

The former Detroit United Railways worker has been with the department since Aug. 2, 1929 and lives with his wife at 1053 Hazel street.

Sgt. Leo Stiers BIRMINGHAM — Effective tomorrow is the resignation of Police Sgt. Leo A. Stiers, who leaves after over 25 years with the force.

The former Detroit United Railways worker has been with the department since Aug. 2, 1929 and lives with his wife at 1053 Hazel street.

Cole acted last night to take over five projects which he said netted nearly seven million dollars in windfalls. One development was the six million dollar Clifton Park Manor Project, Wilmington, Del., in which members of the DuPont industrial family have an interest.

Cole gave operators of the five projects 10 days to call a meeting of the preferred stockholders in the corporations to vote out the present board of directors and elect new officials.

Since the Federal Housing Administration owns all the preferred stock, the new boards, if elected, will be under government control and would be in a position to recover any excessive profits made on the projects.

In taking the action, Cole also held out the hope that if the windfalls are recovered, rents in the projects may be reduced. He said: "It is quite apparent that the valuation attributed to these properties were at a much higher level than the actual cost of the projects."

Whether Cole will succeed in his efforts to recover the windfalls, however, is a matter of question. In the only single previous case on which Cole acted, operators of the Linwood Park project, Fort Lee, N. J., obtained a temporary injunction to block Cole's move to recover a \$2.5 million windfall.

He will start the day in Birmingham with a coffee and donuts affair at the Community House from 9 to 10:30 a. m.

At 11 a. m., he will participate in a brief rally at Wesson and Bagley Sts. here.

Following the luncheon at the Elks Temple, he will attend a tea at Berkeley's Northwood Inn for the wives of GOP notables.

To be honored are Mrs. C. E. Wilson, Mrs. Arthur Summerfield and Mrs. Leonard. Mrs. Richard Nixon, wife of the vice president, may also attend, Republican headquarters said.

From 3:30 to 5 p. m., Leonard will tour Ferndale industrial plants, and at 5:30 he will attend a dinner at Kingsley Inn in Bloomfield Hills.

Winding up the day's tour, the gubernatorial aspirant will take part in a rally at Lincoln High School in Ferndale from 7:30 to 9 p. m.

Tickets for the noon luncheon are available at Roy Amett, Inc., 28 E. Huron; Jerome Motor Sales, 280 S. Saginaw; Republican Headquarters, 55 W. Huron, and at the door.

Dulles smiled wryly when Attorney General Herbert Brownell Jr. asked about the necessity for the agreements to be ratified. He obviously recalled the smashup of the European army plan in the French Assembly.

Dulles also assured Treasury Secretary George M. Humphrey the new plan on Germany will not cost the United States a "nickel extra." He also praised Britain for paving the way for the accord by making an "historical" pledge to maintain troops on the continent.

As the leaders of the government entered the Cabinet Room, it looked like an electrician's nightmare. One side of the room was crawling with cameramen and reporters.

The floor was a litter of heavy cable carrying power to the three "live" TV cameras, the newsreels and the floodlights that bathed every corner of the room with their strong, white beams.

Sound engineers crouched before their sensitive control panels in the corners behind the camera stands.

The Gilbert Stuart portrait of George Washington and the Thomas E. Stephens painting of Abraham Lincoln stared down from the walls in what could have been disbelief at the spectacle before them—the first public Cabinet meeting in history.

When most of the Cabinet was seated, a hush fell over the room and the President walked in with Dulles.

Dulles took a seat on the President's right, Charles E. Wilson, the defense secretary, sat on Eisenhower's left.

Once the assembly was seated again, the President went about his work briskly, explaining to the cabinet and the public that he thought Dulles' report on the Paris agreements was of such paramount importance that the public ought to hear it simultaneously with the government leaders.

Technicians discovered that when they switched to the TV camera in the middle of the room, all the camera got was a shot of the back of Attorney General Herbert Brownell's head. A TV man slid across the floor on all fours and quietly tugged Brownell and chair out of camera range.

Dulles talked rapidly and easily, seemingly unaware of the TV cameras, the still cameras that kept clicking away and the small gallery of reporters perched on camera cases on one side of the room.

SGT. LEO STIERS

BIRMINGHAM — Effective tomorrow is the resignation of Police Sgt. Leo A. Stiers, who leaves after over 25 years with the force.

The former Detroit United Railways worker has been with the department since Aug. 2, 1929 and lives with his wife at 1053 Hazel street.

Cole acted last night to take over five projects which he said netted nearly seven million dollars in windfalls. One development was the six million dollar Clifton Park Manor Project, Wilmington, Del., in which members of the DuPont industrial family have an interest.

Cole gave operators of the five projects 10 days to call a meeting of the preferred stockholders in the corporations to vote out the present board of directors and elect new officials.

Since the Federal Housing Administration owns all the preferred stock, the new boards, if elected, will be under government control and would be in a position to recover any excessive profits made on the projects.

In taking the action, Cole also held out the hope that if the windfalls are recovered, rents in the projects may be reduced. He said: "It is quite apparent that the valuation attributed to these properties were at a much higher level than the actual cost of the projects."

Whether Cole will succeed in his efforts to recover the windfalls, however, is a matter of question. In the only single previous case on which Cole acted, operators of the Linwood Park project, Fort Lee, N. Once the assembly was seated again, the President went about his work briskly, explaining to the cabinet and the public that he thought Dulles' report on the Paris agreements was of such paramount importance that the public ought to hear it simultaneously with the government leaders.

Technicians discovered that when they switched to the TV camera in the middle of the room, all the camera got was a shot of the back of Attorney General Herbert Brownell's head. A TV man slid across the floor on all fours and quietly tugged Brownell and chair out of camera range.

Dulles talked rapidly and easily, seemingly unaware of the TV cameras, the still cameras that kept clicking away and the small gallery of reporters perched on camera cases on one side of the room.

FHA Launching Profit Recovery

New Administrator Off on Program to Assume Control of Projects

WASHINGTON (INS)—The government planned a broad crack-down today on apartment operators who raked in multi-million dollar windfall profits on Federal Housing Administration insured loans.

Official sources said that Housing Administrator Albert M. Cole will move to assume control of at least one more project this week and that there "probably will be more actions" to recover the windfalls.

Cole acted last night to take over five projects which he said netted nearly seven million dollars in windfalls. One development was the six million dollar Clifton Park Manor Project, Wilmington, Del., in which members of the DuPont industrial family have an interest.

Cole gave operators of the five projects 10 days to call a meeting of the preferred stockholders in the corporations to vote out the present board of directors and elect new officials.

Since the Federal Housing Administration owns all the preferred stock, the new boards, if elected, will be under government control and would be in a position to recover any excessive profits made on the projects.

In taking the action, Cole also held out the hope that if the windfalls are recovered, rents in the projects may be reduced. He said: "It is quite apparent that the valuation attributed to these properties were at a much higher level than the actual cost of the projects."

Whether Cole will succeed in his efforts to recover the windfalls, however, is a matter of question. In the only single previous case on which Cole acted, operators of the Linwood Park project, Fort Lee, N. J., obtained a temporary injunction to block Cole's move to recover a \$2.5 million windfall.

He will start the day in Birmingham with a coffee and donuts affair at the Community House from 9 to 10:30 a. m.

At 11 a. m., he will participate in a brief rally at Wesson and Bagley Sts. here.

Following the luncheon at the Elks Temple, he will attend a tea at Berkeley's Northwood Inn for the wives of GOP notables.

To be honored are Mrs. C. E. Wilson, Mrs. Arthur Summerfield and Mrs. Leonard. Mrs. Richard Nixon, wife of the vice president, may also attend, Republican headquarters said.

From 3:30 to 5 p. m., Leonard will tour Ferndale industrial plants, and at 5:30 he will attend a dinner at Kingsley Inn in Bloomfield Hills.

Winding up the day's tour, the gubernatorial aspirant will take part in a rally at Lincoln High School in Ferndale from 7:30 to 9 p. m.

Tickets for the noon luncheon are available at Roy Amett, Inc., 28 E. Huron; Jerome Motor Sales, 280 S. Saginaw; Republican Headquarters, 55 W. Huron, and at the door.

Dulles smiled wryly when Attorney General Herbert Brownell Jr. asked about the necessity for the agreements to be ratified. He obviously recalled the smashup of the European army plan in the French Assembly.

Dulles also assured Treasury Secretary George M. Humphrey the new plan on Germany will not cost the United States a "nickel extra." He also praised Britain for paving the way for the accord by making an "historical" pledge to maintain troops on the continent.

As the leaders of the government entered the Cabinet Room, it looked like an electrician's nightmare. One side of the room was crawling with cameramen and reporters.

The floor was a litter of heavy cable carrying power to the three "live" TV cameras, the newsreels and the floodlights that bathed every corner of the room with their strong, white beams.

Sound engineers crouched before their sensitive control panels in the corners behind the camera stands.

The Gilbert Stuart portrait of George Washington and the Thomas E. Stephens painting of Abraham Lincoln stared down from the walls in what could have been disbelief at the spectacle before them—the first public Cabinet meeting in history.

When most of the Cabinet was seated, a hush fell over the room and the President walked in with Dulles.

Dulles took a seat on the President's right, Charles E. Wilson, the defense secretary, sat on Eisenhower's left.

Once the assembly was seated again, the President went about his work briskly, explaining to the cabinet and the public that he thought Dulles' report on the Paris agreements was of such paramount importance that the public ought to hear it simultaneously with the government leaders.

Technicians discovered that when they switched to the TV camera in the middle of the room, all the camera got was a shot of the back of Attorney General Herbert Brownell's head. A TV man slid across the floor on all fours and quietly tugged Brownell and chair out of camera range.

IT WASN'T ALL SERIOUS—President Eisenhower is joined by three cabinet members in a laugh near the window of last night's special White House session at which Secretary of State John Foster Dulles reported on the West European defense alliance. For the first time in history, a cabinet

meeting was televised. Left to right are: Dulles, the President, Defense Secretary Charles Wilson and Agriculture Secretary Ezra Benson. In foreground are Attorney General Herbert Brownell Jr., right, and Commerce Secretary Sinclair Weeks.

Blaze Causes \$20,000 Damage

Defective Wires Listed as Probable Cause of Fire at Local Firm

A flash fire at the Seaman Manufacturing Co. at 29 W. Rundell St., which broke out in the door panel department yesterday afternoon caused an estimated \$20,000 damage, according to Pontiac firemen who fought the blaze for two hours.

Firemen, who contained the fire in the one department, said the fire was probably caused by defective wiring in an oven dryer which ignited cotton dust.

One of the owners, Duncan Seaman said today that no one was injured in the 12-man department, and that early action probably saved the rest of the building.

Loss to contents was estimated at \$5,000 by firemen who said damage to the building was about \$15,000.

Seaman, who said any estimate was speculation, also added that the cause was not definitely established. "There was just a flash and then the building was on fire," Seaman said.

Parmenter told arresting officers he was "broke" and was living alone in a small apartment.

"He was very curious about how we managed to find him," Hooper said.

Parmenter was the object of a statewide manhunt after he wrote his wife a letter admitting misuse of funds and stating he planned suicide. The letter, mailed from the couple's Crystal Lake cottage near Frankfort, said that his body "would be found in the lake."

Hooper said Parmenter admitted leaving his clothes and watch in the cottage after he fled in his private plane.

He said he boarded a bus in Frankfort wearing work clothing and went to New York. He drifted to Oklahoma later and obtained the bookkeeping job with the hardware firm.

The accused man, who had lived at 6306 Thurber Rd., Birmingham, was a long-time friend of C. J. Nephler Jr., owner of the Protiva Co. The firm was dissolved after Nephler reimbursed all his customers.

While working for Nephler, Parmenter successfully concealed a prison record dating back to 1931 when he was convicted of embezzling \$25,000 from the First State Savings Bank in Birmingham. He was paroled in 1933 after serving 2 years of the 4½ to 15-year sentence.

Nephler, who since has opened a new brokerage firm here, said today he was "kicked to death" to hear Parmenter had been arrested.

"Pontiac Police and especially Chief Straley and Capt. Wheaton deserve a lot of credit," he said.

Democrat Leaders Predict Michigan Landslide Coup

BY UNITED PRESS

Democratic National Chairman Stephen A. Mitchell led a Democratic attack in the battle for votes in next week's election Monday night with the prediction that Democrats would score the "biggest sweep since 1936."

Mitchell predicted that Michigan would elect three Democrats to congressional seats now held by Republicans and that Sen. Homer Ferguson (R-Mich.) would be unseated by Patrick V. McNamara.

"Senator Ferguson's voting record is against him and he's not very popular in the Senate," Mitchell said. "And all reports on McNamara are encouraging."

The Democratic National Chairman declined to name what seats his party would capture in Michigan, but state Democratic leaders indicated they believe their best chances are in the sixth, 12th, 17th and 18th congressional districts.

Democrats now hold seats in only five of the state's 18 congressional districts.

Ferguson contradicted Mitchell's prediction.

"I believe our people want to go forward in peace and prosperity with President Eisenhower — with teamwork not conflict. The way to do that is to give him a Republican Congress," Ferguson said.

Ferguson's opponent, McNamara, lashed out against the Republican Senator for voting against federal assistance to schools.

"My Republican opponent blocked passage on the Cooper school construction bill and he voted against the Hill amendment which would have meant hundreds of millions of dollars for school construction from tideland oil," he said in a speech at Kalamazoo.

At Grand Rapids, Gov. G. Mennen Williams made a bid to win support from Republicans who are discontented with their party. Williams accused Leonard of supplying the "traitor" label to Republicans who split their tickets and voted for Williams in the past.

He said the Democratic party welcomes these so-called "traitors" from the Republican party which has been "hijacked by special interests and made into an instrument for privilege."

At Cass City, Leonard said Williams was slipping.

He said the Democrats were trying to make an issue of unemployment when employment is picking up rapidly.

Leonard also adopted a Williams technique as he wandered from house to house in Cass City, and earlier in Midland, shaking hands and getting acquainted.

The accused man, who had lived at 6306 Thurber Rd., Birmingham, was a long-time friend of C. J. Nephler Jr., owner of the Protiva Co. The firm was dissolved after Nephler reimbursed all his customers.

CAUSE FOR CELEBRATION—This night photograph of Pennsylvania Railroad's famous Horse Shoe Curve at Altoona, Pa., was made with the aid of 6,000 photo flash bulbs having greater power

than 15 million household electric lamps. The occasion? The 100th anniversary of the curve being opened to traffic, and the 75th anniversary of the modern incandescent lamp.

Bob Considine Says:

Ghostly Copy Paper Tells Tale That Wouldn't Sell

CLEVELAND (INS) — Ghostly thing happened here yesterday. Picked up a sheet of Western Union press-message paper, rolled it in the portable, and was waiting for the Dr. Sheppard murder trial story to start writing itself when, gadzooks, I noticed that somebody had beaten me to the paper.

There, big as life, were typed these words:

"CLEVELAND, July 13—Three Dodgers—Duke Snider, Roy Campanella and Jackie Robinson—were in the National League's starting lineup today as Dodger manager Walt Alton sought a fifth straight victory for the National League over the American League before an expected record all-star game crowd of 75,000 fans at Municipal Stadium."

There was no by-line attached, but any practitioner of this writing dodge can guess why, and also why it wasn't sent. Buster was simply trying this one for size.

Too, he must have known it wasn't going to sell, so there wasn't much use taking the time to type out his name when he sensed he'd have to do it again.

So he just tried, and it got flabbier and flabbier. A little black devil with a pitchfork poked him in the ear as he staggered past in the 30th word and he heard in his mind the baleful roar of his boss—a fierce man known for his ability to squirt fire from his nostrils and his hatred for sentences beyond eight words.

Upward and onward with the crafts item: A Cleveland auto salvage firm's trucks bear this legend—"We specialize in late model wrecks."

The grim comical determination of certain members of the Sheppard trial panel to get on the jury would give the casual passer-by the impression that such service is to be coveted even beyond a patriotic call to "this is your life," possession of a winning ticket in the Shaker Heights pigeon races, and a splinter from each of the bats of Larry Doby, Bobby Avila and Al Rosen—the selfsame bats that established the unique record of not driving in a run during the late lamentable series.

One lady, who like others swore she had never read anything about

the case (she appeared to want to tell the court that she couldn't read) was dismissed for rushing home and talking to friends about the case over the phone. All about her big day.

The poor dear's dismissal was not without reward. When reporters asked her for a statement, following her being peremptorily turned out, she said wistfully that if she could just get Dorothy Kilgallen's autograph the experience wouldn't be so painful.

Dorothy, as much of a star in Judge Edward Blythin's courtroom as on "What's My Line?" sent the lady a nice note saying that the reporters felt she would have made a good juror.

The reporters heartily agreed. Especially those who have been waiting for what seems an eternity for the jury box to be filled.

Sure enjoyed CBS's "Omnibus" Sunday evening. The trip through Native Dancer's barn at Sagamore Farm, Md., was a thing of great beauty and intelligence.

Ralph Kercheval, the one-time Kentucky U. grid star who runs Al Vanderbilt's barn, turned out to be an accomplished master of ceremonies, and trainer Bill Winfrey was equally adept. Eric Guerin, who steered the wonderful gray colt in all his races, was almost as articulate as Sammy Renick.

There was a memorable scene in which Guerin mounted the retired champion and urged him up and down the exercise and cool-out strip at Sagamore, while the great horse strained at his leather and the little man on his back kept saying, soothingly, "Whoa, boy... behave now."

The whole "Omnibus" show was fine, though I didn't catch the name of the egg-head with the sun-rays coming out of his nude scalp—which preceded the commercials. And I winced a bit, for the sponsor, when the repertory company did Anatole France's "Man with a Dumb Wife"—the story of a fellow who submits to a potion that deadens him, so he will no longer hear his wife, whose once-tied tongue has been cut with disastrously chatty results. The sponsor turned out to be a well-known hearing aid concern.

Detroit Marine Shot While Patrolling Pier

SEATTLE — Naval authorities today are investigating the wounding of a Detroit Marine private shot Monday while walking a guard patrol at the Pier 91 Naval Station.

Navy officers said PFC Charles J. Frantjeskos was shot through the skull while on guard duty with PFC James C. Folk of Reno, Nev. shooting appeared to be accidental. Frantjeskos, hit between the eyes by a bullet from an auto-

matic pistol, was transferred to the Bremerton Naval Hospital.

The circumstances of the shooting were not immediately learned. Folk was held pending further investigation.

Stricken While Driving

TRAVERSE CITY — Norris E. Hunt of Traverse City collapsed and died while driving his car in Traverse City Monday. Police said Hunt, apparently feeling ill, pulled his car to the roadside. He was declared dead on arrival at Munson Hospital.

Fire Hits Home of Aged Woman

Milford Blaze Causes Wide Damage to House of Mrs. Ella Moore

MILFORD—An aged woman's house was struck by fire as she shopped with her son in Pontiac yesterday.

Mrs. Ella D. Moore, who is over 80 and lives alone at 6721 Martindale, returned to find her home a shambles, from a fire originating in the attic.

Milford volunteer firemen who answered the call, said the blaze in the \$12,000 home was due to spontaneous combustion.

A granddaughter, Mrs. William J. Moore, who was in her yard nearby, noticed smoke seeping from under the eaves, and turned in the alarm. The volunteer department arrived with five minutes.

Extent of damage was unknown, and the building and contents were uninsured. Heat had smashed every window in the cement block ranch type two bedroom home.

Mrs. Moore had gone to Pontiac in the morning, intending to return shortly after lunch. The fire was discovered at 2:15 p. m.

READY FOR CONFERENCE—A rhesus monkey that escaped the day after arriving in New York and gave police and would-be captors a rough time bides his time as a pet in a room in New York. He evaded capture here and finally was nabbed in the conference room of the New York County Lawyers Association.

Sisters Become Moms Together Over Weekend

WALLED LAKE—Two Wallied Lake sisters became mothers last week—within only a little more than a day.

Mrs. Robert Kidder of 3265 Chambrone, gave birth to a son at 1:20 a. m. Friday in Pontiac General Hospital.

Her sister, Mrs. Robert Mills, 3280 Chambrone, became the mother of a baby boy at 10:16 a. m. Saturday, also in Pontiac General.

They are staying in the same room.

Weather Zero-Zero at Chicago Airports

CHICAGO — Heavy fog blanketed Chicago this morning, halting air travel at two big airports.

Visibility for the planes was zero at the Midway Municipal Airport and at O'Hare Field. The incoming planes were diverted to Milwaukee, Detroit and Kansas City. There was considerable fog in the mid air over many sections of the Midwest early today. Scattered fog was reported eastward to the Atlantic Coast.

The Weather Bureau said it expected the fog to thin out later in the morning.

Stomp Killer Given 10-20 Year Sentence

NEW YORK — Thomas Wykowski, 17, found guilty of manslaughter in stomping a man to death last July 10, has been sentenced to prison for 10 to 20 years.

It was the toughest sentence allowed under his first-degree manslaughter conviction for killing Thomas A. Condon, 40-year-old war veteran and father of four children.

Blaze Destroys \$20,000 Barn

5 Departments Battle Fire of Hubert Farm Near Oxford

OXFORD—Five fire departments fought for more than five hours to control a blaze that destroyed the \$20,000 hay-filled barn of C. H. Hubert on his farm at 224 Oxford Rd. three miles northeast of Oxford.

Oxford, Metamora, Addison, Lake Orion and Leonard departments fought the fire which broke out at 4:30 p. m. Oxford firemen were still at the scene this morning keeping under control the smoldering remains of the 2,000 bales of hay that had been stored in the barn.

Faulty electric wiring was given as the probable cause of the blaze which totally destroyed the big barn.

Damage could not be estimated immediately, but Hubert said the large dairy barn cost him \$20,000 to build, and was almost new. Calves and milking machinery were removed from the barn, but the hay was a total loss.

Nancy Holcomb, Bryon De Long Exchange Vows

OXFORD — Nancy Lee Holcomb became the bride of Bryon E. De Long recently in Rochester.

The bride is the daughter of Mrs. Otis Holcomb, Mr. and Mrs. L. De Long of Findlay, O., are the parents of the bridegroom.

Mrs. Milver Haynes was matron of honor, with Judy De Long as bridesmaid. Brother of the bride, Larry J. Holcomb, was the best man, with Donald De Long seating the guests.

After a trip through Northern Michigan, the couple will live in Oxford.

State Vote Estimate Revised Downward

LANSING — Robert M. Montgomery, state elections director, today revised downward his estimate of the total vote expected at the Nov. 2 general election.

The new estimate, he said, was based on spot checks of registrations in 14 communities of varying sizes.

They indicated a 4 per cent drop in registrations from 1952. That year Michigan cast a record 2,800,000 votes in the presidential contest.

Naples Police Officials Quizzing Lucky Luciano

NAPLES, Italy — Charles (Lucky) Luciano, onetime New York vice kingpin, was ordered today to appear before a Naples police commission to reply to questions upon his activities.

The exact reason for the order was not known, but its intent evidently was to tighten restrictions on Luciano, whose name frequently has been connected with narcotics smuggling in Italy.

Holly Annexation Problem to Be Aired Again Tonight

Press Holly Correspondent

HOLLY—A resolution to annex additional property to Holly will be aired for the second time this year by village and surrounding area residents this evening at the regular meeting of the village council, to be held in the multipurpose room of the Holly elementary school at 8 p. m.

The council's proposal to annex surrounding territory earlier this year was rescinded when 35 village and township taxpayers expressed their disapproval of the move.

"Tonight's meeting is being called to order in the multipurpose room, instead of the village hall so as to have room for the attending factions—both pro-annexation and con-annexation," village President Worth Hitchcock stated.

Hitchcock added, "both sides of the annexation situation will be heard and weighed before the council reaches a decision."

Annexation was brought in to the village political light again two weeks ago when Ted Crique, township president and businessman, addressed the council objecting to a move he claimed was underway, to incorporate another village at the present north boundary of Holly.

Those taking a stand against annexation have pointed out that Holly serves only 25 per cent of the residents with sewer service, and no further progress can be made until a new disposal unit is constructed, according to the State Water Resources Commission.

Village residents have voted down bond proposals to construct a new sewage disposal plant. Surrounding residents claim that if they are annexed into the village

Marian Jean Sabisch Wed to Pvt. Walter T. Spencer

MRS. WALTER SPENCER

DRAYTON PLAINS — Marian Jean Sabisch of Drayton Plains and Pvt. Walter T. Spencer of Fort Hood, Texas, spoke their wedding vows Saturday in a double-ring candlelight ceremony at Community Bible Church, Lake Orion.

The bride is the daughter of James and Erma Sabisch of Drayton Plains and Lake Orion. The bridegroom is the son of Mr. and Mrs. Alvah A. Spencer of Auburn Heights.

Some 200 guests attended the 8 p. m. ceremony. The bride was dressed in a gown of Chantilly lace, with a floor-length skirt of net over satin. She wore a fingertip veil and carried a white Bible centered with a white orchid.

Delores Kline of Drayton Plains was Marian's maid of honor, and Evelyn Spencer, sister of the bridegroom, was bridesmaid.

Best man was the bride's brother, James E. Sabisch Jr., of Drayton Plains. Raymond Lemmon of Lake Orion and Fred Spencer of Auburn Heights served as ushers.

A reception at the Lake Orion Methodist church house followed the ceremony.

The newlyweds are now honeymooning in Northern Michigan. On their return, they will make their home at Fort Hood, where the bridegroom is stationed.

New Teenage Club Holds Officer Election

WATERFORD CENTER—President of the newly formed Neighborhood Girls Teen-Ager Club is Margie Sandusky.

Darlene Coffey is vice president, Barbara Rickman, secretary, and Carol Sandusky, treasurer. Mrs. Harold Armstrong is adviser.

South Lyon Couple United in Marriage

SOUTH LYON — Lewis Underhill claimed Alice Butterfield as his bride in rites at the Methodist Church Saturday evening.

The bride is the daughter of Mr. and Mrs. Louis M. Butterfield. Mr. and Mrs. Lewis Underhill are the parents of the bridegroom.

The bride chose a lace over white satin gown, with long pointed sleeves, a fitted bodice, a full skirt, and a fingertip veil.

The bride's sister, Lenore Butterfield, was her maid of honor. Bridesmaids were Mrs. Robert Smith, Mrs. Otis Fletcher and Joan Underhill.

Otis Fletcher was best man, with Charles Underhill and John Corbett attendants. Following a trip to Niagara Falls, the couple will live near South Lyon.

Plan Pack Meeting

WATERFORD CENTER — The monthly meeting of Waterford Center Cub Pack 51 will be at 8 p. m. Thursday at the old Waterford township high school. Scoutmaster A. W. Nevada said parents are expected to accompany their boys.

Crushed Under Auto

HOWARD CITY — Joseph B. Lucas, 74, was fatally injured Monday when a car he was repairing fell and crushed him. Police said the car slipped off blocks used to raise it off the ground.

Foreign Students Slated to Speak at Imlay Club

IMLAY CITY — A program on the theme "Ambassadors of Peace" will spark the meeting of the New Era Club tomorrow night in the Community Room.

Guest speakers will include four foreign students from Wayne University: Miss Saeeda Kahn of Pakistan, Miss Theresa Rudolph of Germany, Tapan Mukherjee of India and Fred Ghanam of Jordan. Jim Reilly of Burnside will be moderator for a panel discussion.

For roughened heels, use this same treatment. When both your elbows and heels show signs of improvement, omit the abrasive powder from your routine.

Better Roads on the Way, Rep. Dondero Predicts

WATERFORD TOWNSHIP — "Better roads are on the way for Michigan as a result of a Republican Congress and Administration," Congressman George Dondero told the Waterford Women's Club Monday afternoon.

Oakland County's representative told the gathering at the Community Activities Building that federal aid for highway construction in Michigan will be increased from \$19,000,000 a year to \$30,000,000 a year under his chairmanship of the Public Works Committee.

The roads bill which Congressman Dondero sponsored and fathered through the legislative chambers raises the federal highway appropriation to the point where it actually returns to the states the two cents federal tax on gasoline.

"I believe that most of you always believed that all of the federal tax you paid on gasoline went for highway construction. Such was not the case until this Congress approved my legislation," the Congressman said. "In previous administrations the states received little more than half of what their citizens paid in gas taxes."

"Although we are not earmark-

Medical Science Now Stops Bleeding Piles Without Surgery

New York, N. Y. — (Special) — Medical research has developed a harmless, pleasant, non-acting wonder drug called RECTORAL, that is taken internally and goes right to the seat of the trouble. It does away with the old-fashioned messy, disagreeable-to-use ointments, suppositories, etc., that give little or no relief. Usually in just a few days, bleeding with any accompanying irritation and soreness begins to disappear and in a few days more is completely gone. It has been tested in thousands of cases without any return of bleeding, even years after treatment.

RECTORAL can now be obtained without prescription at Simms: J.V. Hallman Drug; Luttrell Pharmacy; Walgreen's; Thrift; Blankner and Jones; Dunsmuir; Coles; Furter's; Rule Quality; Keego Drug; Keego Harbor; Drayton Plains; Auburn Heights

Strong Buying Raises Grains

CHICAGO (AP)—Grains surged upward under a strong buying move on the Board of Trade today. Soybeans set the pace, gaining more than five cents at one time.

The advance ran into considerable selling after the first few minutes of trading. Grains backed down a bit from their best levels but nevertheless hung on to fair-sized gains. Dealings were more active than in any recent session.

Wheat near the end of the first hour was 1/4 to 1/2 higher. December \$2.21 1/2; corn 1 1/4 to 1 1/2 higher. December \$1.55 1/2; oats 1/4 to 1/2 higher. December \$1.36 1/2; soybeans 2 1/4 to 3 1/4 higher. November \$2.79 1/2, and lard 5 to 37 cents a hundred pounds higher. November \$15.07.

Debate on Arms Nearing Close

India's U.N. Delegate Seeks Floor to Press for 'Truce' Agreement

UNITED NATIONS, N.Y. (AP) — The long U.N. arms debate neared a close today with a call by India for a halt on weapons production until a worldwide disarmament pact can be reached.

India's V. K. Krishna Menon, last speaker listed in the debate, sought the floor in the 60-nation Political Committee to present his appeal for a standstill agreement.

The Indian resolution called on the U.N. Disarmament Commission to study ways of setting up an "armament truce" pending agreement on a disarmament convention. Menon previously urged a halt in the production of atomic bombs until measures could be set up to eliminate them, but nothing ever came of it.

The resolution circulated among delegates last night also called on the General Assembly to recess in December—instead of adjourning—so it could reconvene quickly if the Disarmament Commission issued a report requiring immediate action.

After Menon's speech, the committee is expected to press for a quick vote on a resolution to set up secret five-power disarmament talks again. The resolution—co-sponsored by Russia, France, Britain, the United States and Canada—appeared certain to win approval. The five nations held a series of fruitless meetings on the issue in London earlier this year.

Russia's Andrei Vishinsky held the floor for two hours and 40 minutes yesterday while he blasted the London and Paris agreements on West German rearmament and challenged the Western Powers to match Soviet efforts toward disarmament agreement.

Igloo Windows Startle Novice at Hudson Bay

FORT WILLIAM, Ont. (AP) — O. J. Weiben, Fort William airlines manager, said it gave him "quite a start" his first night on the Belcher Islands in Hudson Bay to see lighted windows like a small town. In daylight he had seen nothing but a desolate waste of ice and snow.

The lighted windows were in Eskimo igloos.

"They make their windows with a clear sheet of ice," said Weiben. "With little use for white man's goods, except guns and ammunition, some 200 Eskimo families are spread through the 3,000-square-mile area of the islands in mid-Hudson Bay. Housing presents no problem. Within two or three hours they can "whip up an igloo."

Smog Also Hard on School Kids in Los Angeles

LOS ANGELES (AP)—If junior gets a bum report card here he now has a new excuse—smog.

Claude L. Reeves, acting superintendent of schools, told the Board of Education yesterday the recent 18-day siege of air pollution "has reacted adversely upon children."

"There has been a substantial increase of absences," he noted. All schools within the heavy smog area report a substantially increased incidence of headaches, coughs, eye strain, excessive nasal discharge and similar troubles.

"Schools report increased restlessness with more playground fights and other turmoil. Children are irritable and teachers are discontented and frustrated at having to work in an atmosphere of smog."

3 Juveniles Involved in Destructive Spree

Three Pontiac Township juveniles have been implicated in a malicious spree during which they slashed 11 auto tires and tore flags from mail boxes in the north end of the Township Sunday evening.

One of the youths, 14, under questioning by Oakland County Sheriff's deputies Fred Pender and Harry Jones, admitted his part in the destruction and implicated one other boy and a girl who he said went along to watch.

No apparent reason was given by the youths other than they wanted some excitement. Deputies are still investigating the case.

Man Changes Guilty Plea in Uttering, Publishing

Thomas Stone, 40, of 71 South Roselawn St., Monday withdrew an earlier plea of guilty to a charge of uttering and publishing a worthless check and requested a trial by jury in Oakland County Circuit Court.

Judge H. Russell Holland accepted the motion and suggested that the prosecutor's office get in touch with Ohio authorities, who he said also want to try Stone.

At the request of Chief Assistant Prosecutor George Taylor, bond was fixed at \$2,500. Stone is charged with issuing a check for \$30.04 on the Clarkston State Bank June 14.

Larceny Charge Brings Prison Term of 18 Months

Raymond Stearle, 22, of 2052 Garden Ct., was sentenced to from 18 months to five years in Southern Michigan State Prison at Jackson on Monday in Oakland County Circuit Court by Judge H. Russell Holland. He was charged with larceny.

Stearle pleaded guilty to stealing a large-caliber rifle from H. E. Hitchcock of 269 North Perry St. on Sept. 14.

WHIRLING WORLD—A highspeed Maypole in a Frankfurt, Germany park gives the youngsters a big thrill. Depending on how fast they can run and hang on at the same time—that's how much fun the kids can have on their own momentum.

Boat Operator Loses Appeal; Fine Now \$200

Donald Fletcher, 18, of 2064 Jolin Rd., Lake Orion, Monday was ordered to pay \$200 costs or serve 30 days in Oakland County Jail after his appeal on a conviction for reckless operation of a motor boat was denied.

Judge H. Russell Holland heard the case without a jury Oct. 15 in Oakland County Circuit Court. Fletcher was arrested July 15, 1953, for reckless operation of an outboard motor boat on Oakland Lake. Justice of the Peace Emmet Lieb found him guilty July 18, 1953 and ordered payment of \$180 costs.

Bentley Declares Dems Helped Sell Out Poland

DETROIT (AP) — Rep. Alvin M. Bentley (R-Ohio) said yesterday the treatment of Poland after World War II was a "tragic betrayal" by the Democratic administration.

Bentley, speaking before a group of Polish-Americans, said the Poles are "enslaved more thoroughly than they ever were under the Nazi domination."

As the first participant in the war against Germany, he said, the country "should be expected to reap the rewards of victory."

Bentley said President Roosevelt laid the groundwork for the "sell-out" of Poland at the Yalta, Potsdam and Teheran conferences.

Cripple, 54, Charged With Blasting Wife

CHEBOYGAN (AP) — State Police have requested that a warrant be issued charging a 54-year-old cripple with assault with intent to murder in the shooting of his wife last Saturday night.

Police asked a warrant against Bernard J. Spanka, a victim of arthritis. Mrs. Spanka is in a Gaylord hospital with head wounds from a shotgun blast.

State Police said Mrs. Spanka and Frank Grimm, 56, a neighbor, were returning from a trip to town when two shotgun blasts were fired at Grimm's car. Police quoted Spanka as saying he didn't know his wife was in the car.

Canada Ford Workers Ask Support in Strike

WINDSOR (AP) — Local 200 CIO United Auto Workers, in the third week of a strike at Ford of Canada plants, has initiated a method of paying strikers who have spent at least seven days on the picket lines.

Officials of the local said they are issuing vouchers instead of paying the men in cash. They are canvassing the city's merchants and asking them to give financial support to the striking workers.

Union officials are extending the local campaign for support to the national level. The national Ford council is planning a nationwide appeal to all union labor to support the strike.

Burglars Take \$721 in Goods From Grocery

Thieves broke into the Felice Grocery Store at 220 S. Telegraph Rd. and took food and equipment valued at \$721.06, according to a report made to Pontiac Police yesterday by the owner, Paul Felice of 181 Delwood St.

The burglars took \$25.54 worth of liquor, a 32 caliber pistol worth \$50, a typewriter worth \$102, a movie camera valued at \$180, and other equipment and foods, police said.

Brothers Get Identical Sentences for Breakin

Two teenage brothers charged with breaking and entering Monday received identical sentences from Judge H. Russell Holland in Oakland County Circuit Court.

Lionel G. Ingram, 16, and his brother Joseph, 17, of Davison, both pleaded guilty Oct. 18. They had been arrested for breaking into a gas station in Groveland Township the night of Oct. 11.

Each youth was ordered to pay \$200 costs, serve 30 days in Oakland County Jail, and placed on probation for three years.

Schoolrooms for training the staffs of station restaurants are maintained by British railways with special equipment including self-service counters, soft drink dispensers, bar pumps, ice cube machines and other apparatus with special courses in staff welfare, salesmanship and courtesy.

Burglar Ransacks Branch Post Office

DETROIT (AP) — A burglar broke into the Brighton Branch Post Office in northwest Detroit early today and left a trail of clues while ripping open mail in search of money.

Police and postal inspectors said the burglar left behind a crowbar used to pry open a rear door. He also left a blood-stained knife, on which he apparently cut himself while opening letters, and a pair of gloves.

It was not known whether the burglar found any cash in the envelopes. He made off with a .45 caliber automatic with post office markings but failed to break open the post office safe.

The break-in was discovered when a clerk, John Stock, 53, of Farmington, opened up the post office this morning. Inspectors said the entire sorting room was ransacked.

Postal Savings Check Reported Stolen at Office

A postal savings check worth \$150 was taken from the office of Carl Hough of 170 State St., sometime between Oct. 9 and Oct. 19, according to a report made to Pontiac Police yesterday.

Hough said the check was made out to him from the United States Treasury Department. Police have requested postal authorities to hold payment of the check. Hough said that six silver dollars were also missing from his office.

Korean Bonus Seen as Costly

Research Council Says Bond Issue Might Be Most Expensive

LANSING (AP)—The Citizens Research Council of Michigan said today the 80 million dollar Korean veterans bonus on the Nov. 2 ballot (proposal No. 3) "may easily be" the most expensive for its size ever submitted to the people.

In an analysis, the council said the proposed bond issue stipulates that not more than one million dollars of the bonds may fall due for the first 10 years, or until 1965.

Obviously, the council said, this is intended to delay the impact of the bond issue repayment on the state treasury until the \$270 million World War II bonus bonds have been paid.

"Assuming a 2 per cent interest rate," the council said, "the proposed maturity schedule will mean a total cost of about \$100 million. This is some six million dollars more than the issue would cost at the same rate of interest if paid off over the same period of time in equal five million dollar installments."

"The added interest cost resulting from postponing any substantial principal repayment for 10 full years may easily make the Korean War bonus bond issue the most expensive in proportion to its size that the electorate has ever been asked to approve."

The Korean bonus, the council said, will cost the state two million dollars a year until 1965 and then \$13 to \$14 million annually until 1970.

"In assessing the bonus bond proposal," the council said, "its merits need to be contrasted with other needs of the state that are known to exist."

"Among these which come immediately to mind are the imminent demands for additional building facilities at the state's institutions of higher learning, the requirements of the correctional system for prison space and the ever-present mental health problem."

The council made no recommendation.

Woman Suffers Bruises in Car-Truck Collision

Mrs. Emma Forsgren, 62, of 710 Scott Lake Rd., Waterford Township, was treated at Pontiac General Hospital for bruises which she sustained during an auto-truck collision at Huron street and Telegraph road yesterday.

According to Waterford Township Police, Mrs. Forsgren, traveling north on Telegraph road, attempted to turn left onto Huron street and collided with a south-bound truck driven by Mathias Knopke, 47, of 17159 Smith, Wyandotte. Knopke was not injured.
