Astronauts Receive Heroes' Welcome in New York

NEW YORK (AP) — America's moon voyagers came to a tumultuous heroes' welcome in New York today, riding through a torrent of ticker tape and confetti in a triumphant and historic motorcade along streets thronged with thousands upon thousands of cheering people.

★ ★ ★

Paper piled up ankle deep at spots along the way as New Yorkers poured out their hearts at the start of a massive, cross-country day of celebration that would take the astronauts westward later to Chicago and Los Angeles.

This was no Sea of Tranquility they came to on this beautiful, warm and sunny day — it was New York at its fullest, its throngs hailing the moon men whom earthbound Americans soared with in spirit on one of the epic adventures of the ages.

Cheering, shouting, happy New Yorkers lined the streets five, six, seven, eight, deep on both sides of the streets to see the men who went to the moon.

Rice and small dots of paper punched out of computer cards floated down. So did the computer cards.

Astronauts Neil A. Armstrong, 39; Edwin E. Aldrin Jr., 39, and Michael Collins, 38, were joined in their journey through the city and across the nation by their wives and children.

★ ★ ★

"It sure is a lot of paper," said Joan Aldrin.

Twice the motorcade stopped for ceremonies honoring the three men, at New York's City Hall and at the United Nations. Later there would be more ticker tape parade in Chicago and a state dinner in Los Angeles with President Nixon.

'GREAT MOMENT'

"This is one of New York City's great moments," Mayor John V. Lindsay said of the city that also welcomed Charles A. Lindbergh after his New York to Paris flight of 1927.

"We have honored many voyagers before—men who sailed around the world, men who flew alone across the ocean.

★ ★ ★

"But today we honor three men who forged the first link between earth and the stars. Today we honor three men who have affirmed the best we have within us.

"All that New York has given today — its cheers, its praise, its medals, its glory—is dwarfed by what you three men have done."

At the United Nations, Secretary General U Thant cited the words on the plaque the astronauts left on the moon, "We came in peace for all mankind."

"The words are few," he said, "but they spell out the common identity of all the inhabitants of this planet and our never ending search for peace."

And City Council President Francis X. Smith told Armstrong, Aldrin and Collins:

"Your presence here this morning makes this old, sophisticated city feel young and fresh and innocent again."

Jury Finds Barbara Guilty of Extortion

By THOMAS TERP

An Oakland County Circuit Court jury this morning found reputed Mafia chieftain Joseph Barbara Jr. guilty of extorting $4,000 from the wife of Peter Lazaros, former Mafia money man.

The six-man, six-woman jury deliberated 2½ hours yesterday and one hour this morning before returning the guilty verdict.

★ ★ ★

Barbara, who was emotionless when the jury foreman told Circuit Court Judge Frederick C. Ziem the verdict, was released on $50,000 bond, pending an appeal of his conviction.

When the verdict was announced, Lazaros broke into tears in the courtroom. Lazaros and his wife, Delores, filed the extortion charges against Barbara.

FEARFUL FOR LIFE

He told newsmen outside the courtroom that he was happy with the guilty verdict, but was once again fearful for his life.

He claimed Barbara's mother, Mrs. Joseph Barbara Sr., threatened him while he sat in the courtroom:

★ ★ ★

"She made a motion to me that is known only by members of the Mafia," he sobbed. Lazaros was seated in the back row of the courtroom while the elder Mrs. Barbara sat in the front row.

"The motion she made at me was the Mafia's sign of death," he said. He did not describe the motion.

Lazaros also said he broke down because the verdict was the climax of a long ordeal for him and other members of his family.

ALL SCARED

"I have been awakened many times in the middle of the night to hear my wife and child crying. We are all scared, but I will continue to testify to the grand jury," he said.

Information from Lazaros has been instrumental in the calling of a one-man grand jury investigation into allegegd crime in Oakland County. Lazaros claims high public officials throughout the Detroit area have accepted Mafia bribes "for favors."

★ ★ ★

"I will continue to testify and to prove to people that this terrible organization (the Mafia) does exist in this state and in Oakland County," Lazaros told newsmen after he regained his composure.

"And when we prove these things, life will be better for everyone. Other families will not have to suffer the way my family has," he predicted.

TRIAL 'UNFAIR'

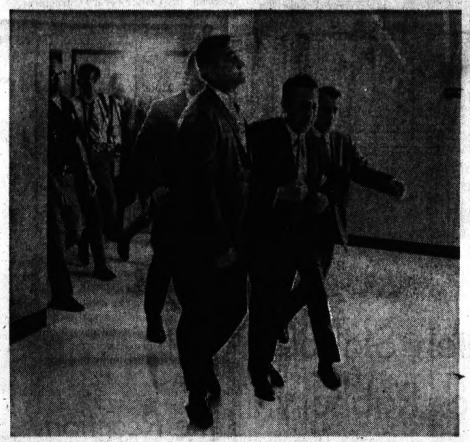

While Lazaros was talking with newsmen, Barbara's defense attorney Ivan Barris told observers the trial was "unfair." He did not elaborate, however. It is thought that he will appeal the conviction.

Lazaros said he "feels sorry" for Barris and charged that Barris is being "forced" to represent Mafia figures in the courtroom.

★ ★ ★

"Mr. Barris and Joseph Louisell have been intimidated by these people. I have seen it happen, and I am sure Mr. Barris was forced to defend Barbara," Lazaros charged.

President Presents Tax-Sharing Plan

SAN CLEMENTE, Calif. (AP) — President Nixon asked Congress today to start sharing income tax revenues with the states at a set amount each year with no strings attached.

The states could use the money as they see fit after passing on a fixed portion to city governments.

"Because of budget stringencies," Nixon said, the program would start out modestly with $500 million. But it would get up to $5 billion annually by mid-1975.

Nixon said he was keeping a campaign pledge with these proposals and also was expressing the feelings of the majority of Americans who, he declared, "no longer support the continued expansion of federal services."

★ ★ ★

The President said the revenue-sharing proposal also would "provide encouragement and the necessary resources for local and state officials to exercise leadership in solving their own problems." He predicted it would "restore strength and vigor to local and state governments."

★ ★ ★

In the past three decades, Nixon said, there has been "enormous federal commitment in new men, new ideas and new dollars from Washington but the problems of the cities deepened rapidly into crisis."

He explained his revenue sharing plan as follows:

● The size of the total fund to be shared should be a stated percentage of personal taxable income each year. For fiscal 1971 it would be a one third of one per cent. And it would rise in future years to a regular constant figure.

● The allocations of the total annual fund among the 50 states would be on the basis of each state's share of national population. As an incentive to expand its own tax resources, a state whose revenue effort is above the national average would get a bonus above its basic per capita portion of revenue sharing.

● The amount the states must share with local government units would be established by a set formula. A local government's share would be based on its proportion of total local government revenue raised in the state.

Russia, China Claim Border Penetrations

TOKYO (AP) — Fighting broke out between Soviet and Chinese troops today on the frontier of Sinkiang Province, home of Peking's nuclear arsenal and missile-testing grounds.

Red China charged that several hundred Soviet troops under cover of two helicopters invaded Sinkiang, and there were many Chinese casualties.

The Soviet government a little later charged that Chinese troops penetrated Russian territory and there were casualties. The nationality of these was not stated.

The official Soviet news agency Tass reported that the Chinese were thrown back into their own territory and two of their officers were detained. It said the clash occurred near Semiplatinsk in Kazakhstan across from Sinkiang.

★

A Chinese-language broadcast by Radio Peking said more than 10 tanks and armored cars were among the forces that penetrated more than a mile into Sinkiang, site of Red China's nuclear testing grounds.

Chinese border troops went into action and in the subsequent skirmish several Chinese border patrolmen were killed or injured and several Chinese troops were encircled, the broadcast claimed.

Then the Russians sent in more troops, the broadcast continued, and further clashes were expected.

The fighting centered in the Tielieketi area of Yumin County on Sinkiang's northwestern border with the Soviet Union, Radio Peking said.

★ ★ ★

The Foreign Ministry in Peking lodged a protest with the Soviet Embassy, denouncing the "intrusion" and demanding the immediate withdrawal of the Russian troops. Otherwise the Soviet union must face the consequences of the action, the note said.

The Foreign Ministry claimed the Soviet Union was trying "to create a new bloody incident."

Peking's official New China Hsinhua News Agency accused the Russians of "continuing to mass large numbers of troops and tanks in an attempt to provoke still larger conflicts."

Lennons' Father Killed

LOS ANGELES (AP) — William H. Lennon has been killed by a mysterious gunman only weeks from achieving his greatest ambition—to see his four singing daughters in their own television show.

The 54-year-old father of 11 was shot down yesterday at the Marina Del Rey golf range, where he was an instructor.

★ ★ ★

Police investigators, who said they had no clues to the killer's motive or identity, received this account from witnesses:

Lennon was standing by his car when a man carrying a rifle approached. An argument took place, followed by a struggle for the gun.

A shot went wild. Lennon, shouting "Help!," started running across the parking lot. The killer, a tall, bearded white man about 35, fired twice and Lennon fell. The gunman walked closer and fired a third time.

The killer, wearing blue trousers and a green sweater, fled in a small blue and white car.

The Lennons lived in a 40-year-old house in Venice, a seaside suburb of Los Angeles. Once of modest size, it grew room by room as the brood of children increased.

In a recent interview, Lennon told how the first addition was paid for with the help of his singing daughters.

He had run out of money for lumber, so he began getting the girls singing jobs at small parties. Their first paycheck: $10.

"Eventually they were hired to sing at an Elks Club affair and it just happened that Lawrence Welk Jr. was there," Lennon said. "An audition with Welk Sr. was arranged, and the rest is history."

The new Lennon Sisters series, to be aired over ABC-TV Friday evenings starting Sept. 26, will be called "The Lennon Sisters' Hour."

'Law, Order' Asked for Lakeside

By ED BLUNDEN

A group of residents of Pontiac's public housing development came to the City Commission last night to plead for "law and order."

Led by James Perry, president of the Lakeside Homes Tenants' Council, the group of about 15 persons called for an end to "vandalism, gambling, threats, disrespect and profanity" in the 400-home project.

★ ★ ★

Perry said, "Women are afraid to walk down the streets." He said mail carriers have been harrassed. He said not all of the problems were caused by the residents, but also by people who drive through or visit.

Some of the delegation said white men drive through the area and solicit black women. Gangs of white youths drive through swearing and tossing rocks, they also complained.

MEETING TO COME

Mayor William H. Taylor Jr. ordered a meeting among city officials, the Public Housing Commission, the Human Relations Commission and the area's residents to draw up a program to curtail the problems.

Taylor also brought up the case of a white family which had been moved into the project, but which had been so severely harassed it was necessary to move the members out for their own safety.

The family was relocated because of the expansion of East Huron, west of East Wide Track.

On welfare, the family was moved into the project because no other rental units were available on short notice, the mayor explained.

However, the family had to be moved about 10 days ago. Black families who tried to help also were threatened, Taylor said.

VANDALISM, HARASSMENT

Perry said vandalism of property and harassment in the project are common, but "We all can't move out."

The delegation also complained of poor management, bad rubbish pickup, open drain covers, thick weeds and poor police and fire protection.

Perry said he felt police were afraid to go into the project. He said it was practically impossible to get an ambulance or a taxi to enter the area.

Lakeside Homes, a 400-unit development built in the early 1950s by the federal government, is administrated with government funds, through the city's Housing Commission.

Built under specifications long obsolete, there is little space for parking and no provision for parks or playgrounds, city officials have long complained. The most densely populated section of the city by far, it is entirely Negro-occupied.

Residents must meet government standards for poverty and rent is paid according to an income scale. There always has been a waiting list to get in, officials point out.

Pontiac Press Photo

LAKESIDE HOMES LEADER — Asking the City Commission for better law enforcement in the Lakeside Homes project is James Perry, president of the project's tenant council. He and a delegation from the 400-unit public housing facility complained last night that crime and fear are commonplace in the neighborhood.

Sale! Greatly reduced, all summer dresses, slacks, purses, etc. Open Friday 'til 9. Flora Mae Shop —Adv.

Showers May Wet a Warm Tomorrow

The mercury will head for the high 80s tomorrow, and the weatherman says there is a chance of occasional thundershowers.

Cloudy and warmer, with a low of 66 to 72 is tonight's forecast.

★ ★ ★

Fair to partly cloudy and a little cooler is the prediction for Friday.

Today's winds southerly at 10 to 18 miles per hour will become southwesterly at five to 15 miles tonight, increasing to 10 to 20 miles and gusty tomorrow.

★ ★ ★

The probability of precipitation in per cent is 5 today, 20 tonight and 40 tomorrow.

A sunny 66 was the low recording in downtown Pontiac prior to 8 a.m. The mercury registered 86 at 2 p.m.

8 Pct.-Plus State Home Loan Interest Rate Is Emerging

LANSING (AP) — An interest rate ranging from 8 to 8¼ per cent for home loan mortgages appeared to be emerging today as Michigan bankers expressed cautious optimism over a temporary withdrawal of the state's 114-year-old 7 per cent interest ceiling.

Gov. William Milliken's signature yesterday on the interest rate measure sent bank officials across the state into strategy sessions where they began close scrutiny of legal implications of the measure and market prospects.

* * *

While the measure's constitutionality was questioned in some quarters, most bankers indicated an intention to raise rates promptly, if cautiously.

* * *

"If I should commit a mortgage tomorrow, we would tell a fellow the interest would be 8½," said Dean Richardson, executive vice president of Manufacturer's National Bank of Detroit.

* * *

State AFL-CIO President August Scholle, who has opposed the rate hike as inflationary and usurious, said he would ask his labor alliance to initiate a petition calling for a referendum to overturn the new law.

* * *

Unless the Legislature acts further, the new law specifies the state's lending rate must revert to the previous 7 per cent on Jan. 1, 1971. In the interval, Michigan money lenders have an open market with no maximum rate.

"I have the best possible information from our outstanding economists that this is the most inflationary kind of thing that could occur," Scholle said.

* * *

Milliken vetoed a similar financial bill, however, that would have allowed small loan companies to charge 30 per cent annual interest rates for loans of less than $300 and 18 per cent for loans from $300 to $1,000.

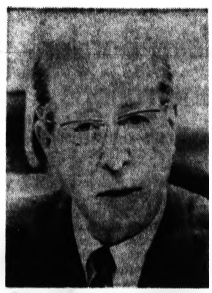

LATE-SESSION PRESSURE

Milliken cited several "substantial objections" beside "numerous technical deficiencies" which he called "contrary to consumer interests" and a result from late session pressure and carelessness. The measure would not have become law until sometime next March.

Bank officials, in viewing the home loan market, seemed to place greater confidence in Milliken's support for the interest increase than in Atty. Gen. Frank Kelley's concern for possible constitutional challenges.

* * *

"I think he's been convinced it is constitutional or the governor wouldn't have signed it," said Manufacturer's Richardson.

CLEMENT F. HAYNSWORTH JR.

'Southerner Set for Fortas Post'

WASHINGTON (AP) — Federal Circuit Judge Clement F. Haynsworth Jr., will be nominated tomorrow for the Supreme Court "unless there is a radical change in signals," Senate Republican leader Everett M. Dirksen of Illinois said today.

"I think he is it," Dirksen told newsmen in response to questions about reports that Haynsworth is President Nixon's choice for the post. He would fill the vacancy created by the resignation of Abe Fortas.

* * *

Sources say Atty. Gen. John N. Mitchell researched the rulings of Circuit Court judges before recommending the elevation of Haynsworth from chief judge of the 4th U.S. Circuit Court of Appeals at Richmond, Va., to a seat on the nation's highest tribunal.

Haynsworth, 56, a graduate of Furman University and Harvard Law School, was named to the Circuit Court in 1957 by then-President Dwight D. Eisenhower and has been chief judge since 1964.

Sen. Ernest F. Hollings, D-S.C., recommended Haynsworth to the President last May.

Haynsworth has taken what most observers consider a middle-of-the-road course on the appeals court that has jurisdiction over North Carolina, South Carolina, Maryland, Virginia and West Virginia.

Harambee Head Hails 'Miracle' After GM Loan Announcement

By DIANNE DUROCHER

"We in Harambee deeply believe that a miracle is unfolding in this city," Charles M. Tucker Jr., president of the black development corporation, said yesterday.

His statement followed an unprecedented announcement that Pontiac-based operations of General Motors Corp. will provide $1.1 million in interest-free loans to Harambee Inc. for land acquisition.

State and local government officials and community leaders attended yesterday's press conference at Bethune Elementary school announcing the GM pledge of funds to Harambee.

Gov. William Milliken called Harambee's announcement a milestone in the history of cooperation between the various segments of society, saying "Pontiac is a leader in this nationwide campaign to assure decent housing for all the thousands of ghetto residents in the nation."

STATE ROLE

He said he hopes the state can plan a role in financing the new homes planned by the nonprofit housing development firm.

The action by General Motors in Pontiac is an example of the role private industry can play in the solution of housing problems in the nation, he added.

GM Vice President F. James McDonald, general manager of Pontiac Motor Division and chairman of the corporation's plant-city committee said, "This is truly an exciting day for GM in Pontiac and Harambee, but also a serious one."

"A lot of blood, sweat and tears have been shed by its members for Harambee to have gotten this far and there will be a lot more shed before they reach their over-all goal," he said.

'NEED TO WORK TOGETHER'

McDonald added, "Business and communities need to work together, because neither can accomplish their goals separately."

"Our first duty as the major industry in this city is to provide jobs," McDonald said. "On the other hand, we must join in and give support to worthy community efforts such as Harambee, and we wish it great success."

Mayor William H. Taylor Jr. also praised Harambee and pledged his support in efforts to work together for the betterment of this city.

Harambee is a Swahili word meaning, "Let us work together." This is the doctrine as well as the name of the black corporation began 15 months ago.

FULFILLMENT OF DREAM

Tucker said, "When you combine the initial assistance of local business leaders with a grant from the Archdiocese of Detroit and assistance from the Metropolitan Detroit Citizens Development Authority and top it with a provision for GM funds it adds up to fulfillment of a dream.

With the GM loans Harambee has already purchased several sites in Pontiac's southwest section and development is scheduled to begin in about three months," Tucker explained.

Development of the various sites is expected to provide some 500 housing units.

Harambee represents the cooperative effort of black and Latin-American people of diverse leadership roles coming together and working together to prove that progress can be made through mutual trust and respect, Tucker said.

* * *

He added that all of the organization's contracts contain nondiscrimination clauses and the developments will be open to all people regardless of race, creed or color.

* * *

William E. Jackson, Harambee's executive director, said that the work of the organization has only begun and it will continue to work with government at all levels to insure the success of its projects, including the development of new and better housing for this city.

Congress Leaves Today on Summer Vacation

WASHINGTON (AP) — Congress takes off today on its first planned summer vacation in modern history, a concession to its younger members and an admission that it will be in session the rest of the year after it returns Sept. 3.

* * *

Only a corporal's guard was available for formal adjournment after today's no-business meetings of the House and the Senate. Many got an early start on foreign junkets and others were headed for Los Angeles and a testimonial banquet for the Apollo 11 astronauts.

Erie—Southerly winds 6 to 12 knots today, increasing to 10 to 15 knots tonight. Clear.

NATIONAL WEATHER — Showers are forecast tonight along the northern Pacific coast, in a band from Arizona to the upper Great Lakes and in the southern part of the nation. It will be warm in the eastern third of the nation and colder in midcontinent.

Jury Finds Barbara Guilty of Extortion

(Continued From Page One)

Several courtroom observers said the Barbara conviction is significant also in the future of the grand jury investigation, to be held by Detroit Recorder's Court Judge Robert C. Colombo.

LAZAROS' CREDIBILITY

Special prosecutor Jack Bain has said the Barbara trial, which lasted seven days, was mostly a matter of Lazaros' credibility.

Lazaros is expected to be a key witness in the grand jury probe, and his credibility presumably will be tested again if indictments are issued by the grand juror.

"This case could be viewed as a testing ground of Peter Lazaros' credibility," Bain said.

Barbara, 33, will be sentenced at 9 a.m. Sept. 16 in Judge Ziem's court. Prosecution of Barbara on a rape charge also is upcoming.

* * *

Mrs. Lazaros has told state police Barbara raped her after he extorted $4,000 and a diamond ring from her while her husband was in jail in 1968.

24 Lost on Mountain

ADAMS, Mass. (AP) — Twenty-one girls, all about 12 years old, and three camp counselors were reported lost on rugged Mount Greylock today.

State police, officers from nearby towns and volunteers were looking for the campers.

New County Jail Still an 'If' Away

Only one "if" stands between the shovel and the ground for the new Oakland County Jail.

A $8-million bond issue for construction of the jail complex was approved by the state Municipal Finance Commission yesterday, clearing the way for awarding of the contracts.

* * *

However, the bonds cannot be sold over the 6 per cent maximum interest rate set by state law.

County Auditor Chairman Daniel T. Murphy said today bonding companies will be solicited for bids and replies could be ready in two weeks.

MUST BE BELOW

Providing any of the bids are below 6 per cent, contracts could then be awarded and work started. But the money market has been increasingly tight.

* * *

Construction bids were opened in May. Due to the delay in approval of the bonds by the finance commission the county had to ask the bidders to extend their offers an extra 90 days.

* * *

Murphy said he feels all the contractors will still accept the job.

Low bidder on the prime contract, $7,181,000, is the Sorenson-Gross Co. of Flint. Other bids cover construction of steel security equipment, roads and a tunnel connecting the jail with the nearby courthouse.

Woman Is Beaten, Stabbed in Independence Robbery

A woman was found lying in a pool of blood in an Independence Township party store last night, moments after the store was robbed by two bandits. She is hospitalized in serious condition today with multiple stab wounds.

The woman was a clerk at Boucard's Party Store, 6450 Dixie. Four years ago, the owner of the same store was murdered in an apparent holdup.

Mrs. Dorothy Bliss, 50, of 7405 Pontiac Lake, Waterford Township, told Oakland County sheriff's deputies two youths rifled the cash register of $150 and beat her about 8:30 last night.

Doctors at Pontiac General Hospital, where Mrs. Bliss is under intensive care, said she suffered more than 15 stab wounds and slashes. They said the wounds were inflicted with a small knife.

Deputies said the youths were described as white, tall and slender. One had brown hair and a small goatee, and the other had brown hair combed straight back, they said.

They described the auto driven by the pair as a 1962 to 1964 dark-colored Pontiac with flower decals on the body. They also said the front bumper might be missing.

* * *

Mrs. Bliss was found by an off-duty deputy, Sgt. Medward Tessier. Tessier said he entered the store to make a purchase and heard a soft voice from the back room saying "Help me, please help me."

* * *

In February of 1965, Maurice Boucard, then owner of the store, was found shot to death in the store and the cash register was emptied.

U.N. to Air Fighting

UNITED NATIONS, N.Y. (AP) — The U.N. Security Council meets today at 4 p.m. (Pontiac time) to discuss the fighting along the Israeli-Lebanese border.

Birmingham Area

Pact Awarded for Henrietta Pilot Project

BIRMINGHAM — The City Commission has granted the construction contract for the city's Urban Design Plan pilot-block project on Henrietta Street to the W. E. Schulz Co. of Northville.

The bid of $116,900 was 25 per cent higher than the original estimate of $99,000. Under the terms of the contract the city will delete selected items of the project to reduce cost to the original estimate.

* * *

Construction is expected to begin shortly with completion scheduled by mid-November.

The Schulz firm was the only bidder.

NEW ZONE DISTRICT

In other business, the Commission agreed to meet with the City Planning Board in September to discuss a new zone district, office-residential, and the height of commercial buildings.

The planning board recently met to review the final draft of the new ordinance. The board's recommendations on height of commercial buildings will be presented at the September joint session.

Stanley Kapel of 30250 Woodhaven, president of Contemporary Structures, Inc., Ypsilanti, recently received awards for outstanding design, engineering and construction on five buildings in the metropolitan Detroit area.

Edwin C. Maddex was appointed vice president and auditor of the Birmingham-Bloomfield Bank.

* * *

He was previously associated with the Bank of the Commonwealth in Detroit where he most recently served as assistant vice president in the Operations Processing Control Department.

BLOOMFIELD TOWNSHIP — J. King Ward of 5063 N. Adams, governor of District 638 of the Rotary International, will address the Pontiac Rotary Club at noon Thursday at the Pontiac YMCA.

Ward's speech is in conjunction with the district governor's annual visit to the Pontiac Club to review accomplishments of the group's projects during the past year and discuss upcoming objectives.

Little Reaction to Games Curbs

NEW YORK (AP) — The president of the National Association of Food Chains says he sees "no great problems" with the new Federal Trade Commission regulations governing give-away games at grocery stores and gasoline stations.

"Remember," said Clarence Adamy, association president, "we testified during the FTC hearings that we were for full and open disclosure."

* * *

While major oil firms, such as Mobil and Shell, said Tuesday they wanted to study the regulations before commenting, one trade source remarked: "They're a bit stricter than we proposed, but we can live with them."

The FTC regulations, adopted by a 4-1 vote yesterday, are aimed at assuring each consumer a fair chance of winning in give-away games.

New Ethics Code for Lawyers Adopted

DALLAS, Tex. (AP) — The American Bar Association has adopted a new code of ethics for lawyers and proposed a coast-to-coast overhaul of the way automobile accident claims are settled in court.

* * *

The ethics code, the first major change in the canons in 60 years, bars contingent fees in criminal cases, restricts what lawyers can say to the press about pending cases and encourages participating in legal-aid programs for the poor.

The auto accident plan, which depends on state legislatures for implementation, would cut down delays in settlement by setting up uniform court systems and by making it easier for juries to reach verdicts.

Both actions were taken yesterday by the ABA's House of Delegates, a 297-member policy-making body.

JUDGE OUSTER BILL

The same group rejected a committee proposal that it endorse a bill by Sen. Joseph D. Tydings, D-Md., to establish a new commission for ousting unfit federal judges.

The ethics code was put together over the last five years by a committee headed by Edward L. Wright, a Little Rock, Ark., lawyer who will become president of the ABA next summer.

If state and local bar associations go along, lawyers will be forbidden to charge clients accused of crime a fee that depends on the way the case turns out. Such a charge is called a contingent fee.

Additionally, the code says contingent fees would be "rarely justified" in divorce, child support and other domestic relations cases.

PRESS STATEMENTS

The restriction on extrajudicial public statements about a pending criminal case prohibits the lawyer from telling newsmen much beyond the general scope of the investigation and a description of the offense.

The auto reparations proposal would scrap the "contributory negligence" approach to settlements. These prevent an accident victim from recovering if the defense can prove the victim contributed to the accident in the slightest way.

Instead, the Wisconsin system of "comparative negligence" would be used. A victim would recover if the jury decided the defendant was more negligent than the victim. The jury would cut down the settlement proportionately to the victim's negligence.

1st Court Test of Miranda Decision Begun

PHILADELPHIA (UPI) — The first court step was taken here yesterday in an attempt to overrule the controversial U.S. Supreme Court Miranda decision.

District Attorney Arlen Specter filed a petition in Common Pleas Court here which seeks to reopen the case of Paul Ware, who confessed to the bludgeon slayings of four persons during 1963 robberies. Following the Miranda ruling, the confessions were thrown out of court.

In filing the petition, Specter said he thinks the "time is right" to challenge the Miranda ruling.

★ ★ ★

He cited several recent developments, including a directive issued by U.S. Atty. Gen. John Mitchell and the new composition of the high court.

MORE LENIENT

The Mitchell directive, Specter said, advises federal prosecutors to use the more lenient 1968 Omnibus Crime Control Act when dealing with prisoners instead of the Miranda ruling.

Specter said the 1968 act overruled the Miranda decision by permitting voluntary confessions.

★ ★ ★

If all goes well, Specter said, the challenge to the Miranda decision could be before the U.S. Supreme Court by the end of the term which begins in October. The term ends in June.

"If we get it into state court in September it could go before the Supreme Court of Pennsylvania in November and it would be possible to get it to the Supreme Court of the United States by the end of their current term," Specter said.

In West Bloomfield Township

Vote on Rezoning Is Sought

By LOIS FRIEDLAND

WEST BLOOMFIELD TOWNSHIP — A petition has been filed with the township calling for a referendum on the question of rezoning several land parcels on Orchard Lake near Maple to allow for development of a 25-acre shopping center.

The T-shaped parcel was rezoned from residential to business at a township meeting in early July. The move was fought at the time by a group of residents owning high-priced homes abutting land parcels bordering Orchard Lake.

Since then petitions calling for a referendum have been passed through the township and reportedly signed by 1,188 persons.

The dissident group's attorney, Robert E. Childs, submitted a letter with the petitions telling the township clerk that there are enough signatures — in his legal opinion — to call for a referendum.

15 PER CENT

Legally, a petition signed by 15 per cent of the resident property owners is needed to put a referendum on the ballot.

The township attorney is currently checking the legality of the signatures and hopes to have a formal opinion at Monday night's regular board of trustees meeting.

★ ★ ★

Township Supervisor John Doherty said, "If the signatures comply with the law, there will be a referendum. If not, there won't be one. We'll follow the law right down the line."

If there should be any disagreement over the validity of the signatures, the residents claim that they will ask Circuit Court to order a referendum.

PROPERTY AVAILABLE

J. F. Ansel of North Doherty Estates claimed, "People are protesting rezoning of residential property when it abuts residential homes. We are in favor of shopping centers when they are proposed under the master plan.

"There is almost a mile of property south of Maple on Orchard Lake which is suitable and zoned for commercial development. We can not understand why the township insists on going north of Maple into residential areas to rezone for a shopping center."

The T-shaped parcel includes three lots which were zoned residential and considered transitional areas on the master plan. The other two were zoned for local business and already occupied by banks when rezoned to another business classification allowing a shopping center.

★ ★ ★

The parcel surrounds the gas station already on the northeast corner of Maple and Orchard Lake. This entire area is listed for business and transitional land on the master plan.

ONLY A GUIDE

Doherty noted that the master plan is used as a guide, not as a zoning instrument itself.

A line on a copy of the master plan reads, "This plan is intended to show generalized land-use areas and is not intended to indicate precise size, shape or dimension. These proposals reflect future land-use recommendations . . ."

★ ★ ★

The township board can approve only that rezoning which allows the incorporation of ideal community values into a total design for long-range physical community developments, according to Doherty.

"If we refuse a 'reasonable' request, then the owner can go and get it changed in court," Doherty reminded residents.

EXAMPLE CITED

Doherty cited the land south of the proposed Borman shopping center on the southeast corner of Orchard Lake and Maple, as an example. The landowner requested that the plot stretching along the east side of Orchard Lake, ending at the Borman property, be zoned B-3, a liberal business classification allowing more kinds of business than B-2 (shopping center).

★ ★ ★

The township refused to rezone the land. The landowners went to court, and the courts ordered the rezoning. Currently there is a doctor's office on the site surrounded by vacant land.

★ ★ ★

The citizens asking for the referendum also are circulating petitions to homeowner associations requesting Borman not to build a Yankee store on their site.

The Association of Subdivision Associations currently has representatives working with the planning commission on a site plan for the Borman land which hopefully will make everyone happy.

More Controversy Looms

No Sewer Peace

By ED BLUNDEN

More controversy looms in the stormy effort to provide northern Oakland County with sewer services.

Plagued with organization problems and the appalling cost increases, the latest conflict involves the question of which arm of government will have authority over the completion of sewer projects.

★ ★ ★

Independence and Pontiac Townships have formed the North Oakland Utilities Authority with power to provide sewer service to individual homes from the main lines of the Clinton-Oakland interceptor sewer now under construction.

The massive $28.2-million interceptor is due for completion next summer. (Costs doubled from original estimates).

AUTHORITY APPROVED

The two-township authority has been approved by both township boards and is designed to construct the internal sewer system.

R. J. Alexander, director of the County Public Works Department, said yesterday he doubted the value of forming the authority. "After all, that's what we (county DPW) are here for."

★ ★ ★

Howard Altman, Independence Township clerk, said the new authority would give the communities more control over local construction, funding and operation of the system.

He said other townships have been invited to join and that Orion and Oxford townships were possible members of the new authority.

However, Alexander said he didn't think the townships could do the job any better than the county DPW. "The authority could cause late and more expensive service," he said.

Plans are to connect the Clinton-Oakland with a line coming north from the Detroit sewer system through western Macomb County, crossing east of Rochester.

★ ★ ★

In some townships, Avon and Waterford in particular, some areas already have internal sewage systems ready to connect with the main sewer.

Alexander said it was hoped that the system would be flowing when Detroit completes its line in October 1970. The sooner laterals and extension systems are completed the better, he said.

SEVERAL PROCEDURES

Alexander pointed out that the communities involved could follow several procedures in constructing internal systems. The forming of an authority would be least efficient in his view. He said he didn't see any reason why the county DPW couldn't complete the job, doing the funding and construction for the benefit of all.

Paul M. Mandel, attorney for both Pontiac and Independence Townships, explained the purpose of the authority was to offer an alternative to methods of construction and operation.

★ ★ ★

"This offers a choice of whom to contract with . . . as opposed to being a captive buyer of county services," Mandel said.

No Tax Boost Seen if School Program OK'd

By NED ADAMSON

BRANDON TOWNSHIP — School district voters may have the encouraging possibility of voting in December for a $3.7 million bond issue that wouldn't cost them any additional tax money.

★ ★ ★

David Blomquist, assistant superintendent of schools for business affairs, said the district's 8.27 mills allocated for debt reduction would furnish the revenue necessary to finance the projected new high school building and additions and renovations to several elementary buildings.

★ ★ ★

Blomquist said recent state legislation authorizing school districts to borrow more money from the state's building and loan program, plus the district's recently voted 6.8-mill increase has created the feasibility of financing the bond issue proposal at no extra cost to the taxpayer.

★ ★ ★

The bond issue was defeated in a 410-410 vote at the June 9 election. Under state statute it cannot be placed on the ballot again until December.

POSSIBILITY DETAILED

Blomquist added that the possibility of a new school without extra tax money depends on the continuation of existing operating levies for three years and no changes in state legislation.

★ ★ ★

The district's total operational millage of 23.41 (14.8 voted and 8.63 county-allocated) will enable the school board to borrow 30 percent more funds from the state.

★ ★ ★

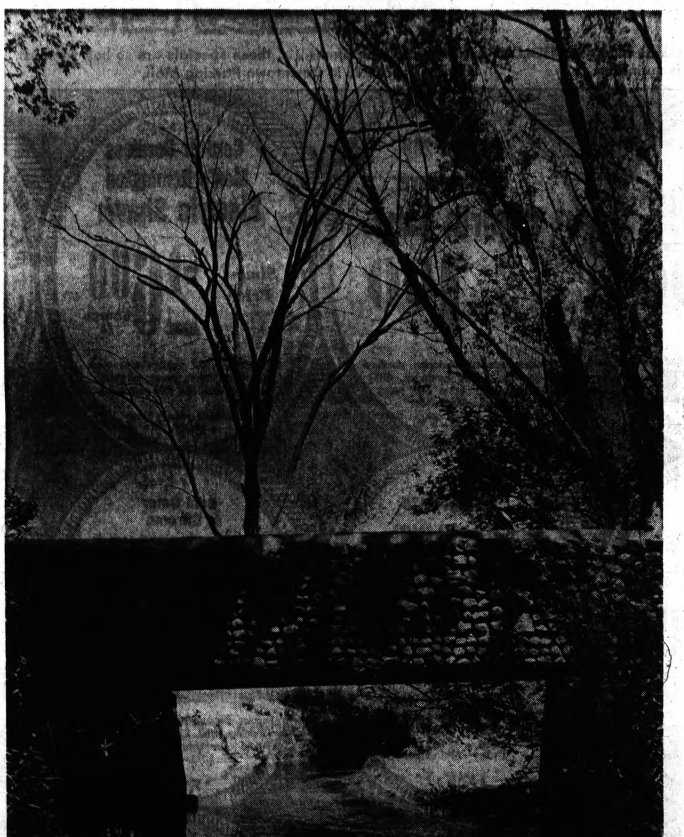

The total rate of 31.70 mills will furnish the district with $21.4 million, an increase of $5.8 million resulting from the 6.8 mill increase. Tax for the owner of a house assessed at $20,000 will be $317.

★ ★ ★

The school board also officially adopted contract terms negotiated with the Brandon Teachers Association (BTA). The teachers ratified the contract last Saturday. Representatives from the BTA and the board of education are expected to sign the contract in the near future.

★ ★ ★

The one-year pact calls for a minimum scale of $7250 and a maximum of $12,625.

Pontiac Press Photo

READY FOR FALL?—These trees lining the picturesque cobblestone bridge on Manor Road in Birmingham have already begun their fall leaf shedding. With ladies' wool clothes on sale in August, the early leaf shedding seems to be right in style.

'Kangaroo Court' to Open Friday Night in Rochester

ROCHESTER — The first of the centennial promenades and caravans, featuring old-fashioned costumes and antique cars, is scheduled this Friday night and will signal the opening session of the "kangaroo court."

The promenade begins at 7:30 p.m. from the City Hall, proceeding to Rochester Junction, on Main Street north of University Drive.

★ ★ ★

"Kangaroo cops" will make arrests and hold court at the Junction. A jail has been especially provided for their use.

The ladies are expected to take their turn at enforcing centennial law after the kangaroo cops get things rolling. Anyone not wearing a centennial button, dressed in appropriate centennial garb or sporting a beard is subject to arrest.

FIRST COMMUNITIES

Lake Orion and Oxford are the first communities scheduled for visits by the centennial caravans beginning Saturday. Families in costume will form an automobile caravan at city hall to begin the tour of neighboring communities at 1:30 p.m.

★ ★ ★

Auburn Heights, Romeo and Utica are also to be visited in future caravans.

★ ★ ★

Some of the literature to be passed out by the caravan families will include a schedule of events for the centennial's eight-day celebration Sept. 7-14.

Special events planned include the historical spectacle to be staged on four successive nights beginning Sept. 9 and featuring a heritage parade, Civil War shoot, fashion and flower shows.

★ ★ ★

Fireworks displays are planned every night during centennial week.

Activities planned on each of the eight days of centennial week will center around a general theme:

★ ★ ★

- Sept. 7—Freedom of religion day
- Sept. 8—Government and pioneer day
- Sept. 9—Neighbors and educational day
- Sept. 10—Commerce and industry day
- Sept. 11—Ladies day
- Sept. 12—Veterans, armed forces and fraternal day
- Sept. 13—Youth day
- Sept. 14—American heritage day

His Is a 'Wife' Sentence

WELLSVILLE, N.Y. (AP) — Floyd Wilson, 21, figures to see a lot of his wife in the next year.

★ ★ ★

As part of a sentence for three traffic violations, Village Justice Philip O. Engelder ordered Wilson not to be on Wellsville streets for the next 12 months unless accompanied by Mrs. Wilson. He also imposed a $50 fine.

★ ★ ★

Police said residents complained that Wilson was driving his car over their lawns.

New Supervisor 22

Milford Twp. Picks Young

MILFORD TOWNSHIP — The youngest township supervisor in the county, 22-year-old Robert Gorsline, begins his $8,000 job Aug. 25.

Gorsline, a young man with an impressive list of credentials, was elected township supervisor by the board of trustees last night.

One of several applicants, he will receive a bachelor's degree in political science from the University of Michigan next week. He turns 23 in October.

★ ★ ★

Former Township Supervisor William L. Mainland, now chairman of the Southeast Michigan Council of Governments (SEMCOG) and a county supervisor, endorsed the appointment wholeheartedly. "He is not of the same party persuasion as I but, believe me, I react most affirmatively to this.

"Over the years that I spent at the township office (1964-68) Gorsline showed more intelligent, consistent and sustained interest in township affairs than any other member of our community of any age.

"As to government, he is wise beyond his years," Mainland said.

Gorsline has worked in the district office of Congressman Marvin Esch, R-2nd District, for the past year and was asked to spend next year in Washington, D.C., as one of Esch's congressional aides.

A lifelong Milford resident, the new supervisor was Republican party director of the 60th Legislative District, including Milford, in 1967-68.

He also was executive director of the Michigan Federation of College Republicans and was active in the 19th Congressional District Republican Committee.

He was a founding member and first president of the Huron Valley Youth Center.

The son of Mr. and Mrs. Robert Gorsline Sr. of 900 E. Buno, he was a high school correspondent for The Pontiac Press from 1961-65.

Troy to Review Land Use Study for Two-Mile Strip of Big Beaver

TROY — The City Commission will meet at 7:30 tonight with the City Planning Commission and Commercial and Industrial Development Committee to review a land use study on a two-mile stretch of Big Beaver Road.

★ ★ ★

The right-of-way has been the subject of a special study by Troy's firm of consulting engineers, Vilican-Leman of Southfield.

★ ★ ★

City Planning Director Lawrence Keisling says the Vilican-Leman study could be used by the city as the basis for rezoning much of the strip between Coolidge and Livernois.

★ ★ ★

Included in the study were residential, commercial and business uses existing along the frontage.

★ ★ ★

The parcels vary in depth on either side of Big Beaver from 250 to 550 feet.

Lake Orion Is Getting Adult Education Setup

LAKE ORION — Credit and noncredit courses for high school and college will be offered this fall for the first time in this school district through the adult education program.

★ ★ ★

M. A. LaMagna, director of adult education for the school district, said the courses will be offered with the cooperation of Oakland County Community College and Oxford Community School District.

AMC Unveils Entry in Small-Car Market

American Motors Corp. will jump into the rapidly expanding small-car market this fall with the introduction of its all-new compact, the Hornet. The Hornet and four other lines of AMC cars go on sale in dealer showrooms Sept. 25.

The 108-inch-wheelbase Hornet will be offered in both two- and four-door models. Seven Ambassador models, six Rebels, two Javelins, and the AMX sports car round out American Motors' fall lineup.

Related Story, Page E-7

"In the Hornet, we have created a car which we believe will meet the demands of the compact market of the 1970s," AMC President William V. Luneburg said.

All American Motors cars for 1970 incorporate engineering advances, including a new twin-ball-joint front suspension and a new antitheft-lock steering column.

MORE POWER

Horsepower on all V8 engines has been increased, with displacement boosted on the base and middle-size V8s. Atop the engine line is AMC's 390-cubic-inch four-barrel V8 stepped up this year from 315 to 325 horsepower.

Marked by a sharply angled windshield, long hood and short rear deck, the Hornet will be available in two series — the Hornet and Hornet SST.

The new compact stands 52½ inches high, and measures 179.2 inches overall. Front head room is listed as 38 inches, with front leg room stretching to almost 42 inches. Rear head and leg room are 37 and 36¾ inches, respectively.

Four engines and two transmissions provide a selection of six-power combinations in the Hornet line. The 128-horse-power six-cylinder engine is standard on base-line models. A more powerful, 145-horsepower, 232-cubic-inch six is standard on SST models.

OPTIONAL ENGINES

A 155-horsepower, 232 cubic-inch six is optional, as is a 304-cubic-inch V-8.

Area dealers are: Village Rambler, 666 S. Woodward, Birmingham; Hahn Chrysler Plymouth, 6679 Dixie, Clarkston; Rose Rambler Jeep Sales, 8145 Commerce, Union Lake; and Peterson & Sons, Lapeer.

The Hornet Leads New AMC Models

For Governor's Guard

Area Scout Units Picked

Three Boy Scout troops in the Clinton Valley Council Boy Scouts of America, have been taking part in the summerlong governor's honor guard at Mackinac Island.

* * *

Each of the 14 troops chosen from throughout the state spends one week on the island. Duties include service as guides at historical landmarks, raising and lowering the flags and other tasks.

* * *

This week Troop 116, sponsored by the Eagle Elementary School PTA of Farmington, is on island duty. This is the eighth consecutive year the troop has gone to Mackinac.

* * *

Troop 389, sponsored by the Nardin Park United Methodist Church of Farmington, and Troop 125, sponsored by the Knights of Columbus of Rochester, each have spent a week at Mackinac this summer on Scout guard duty.

Dean Named at Ferris State

BIG RAPIDS (AP) — Dr. Donald G. Butcher has been named dean of the school of general education at Ferris State College.

* * *

Dr. Merrill R. Murray, the acting dean, was appointed associate dean in the school of general education.

* * *

Butcher is coordinator of adult education and community service programs for the Michigan Department of Education. He will move to Ferris State Sept. 1.

Aid Pleas Set for Sewer Plant

The city will seek a $600,000 grant from federal and state agencies for improvement to the city's sewage facilities, last night's commission meeting decided.

The funds will go for a $1.1-million project aimed at upgrading the water released into the Clinton River from the sewage plant.

* * *

The project will add filtering and chemical treatment to the existing operation, Joseph E. Neipling, director of the department of public works, reported.

If the equipment is installed the discharge would be near the level of sanitary water, he said. With a little more refinement the sewer plant would be discharging "drinking water," he said.

ONE PROBLEM

The only problem is knowing *what grade of water will be* demanded by the Water Resources Commission, Neipling said.

The state authority has been studying the matter for over two years, but has yet to announces its requirements. Pontiac and several other state cities with sewage treatment plants are being kept waiting, Neipling said.

In a related matter, the commission received a report on the possible reclamation of Crystal Lake. Prepared by Jones and Henry Engineering of Toledo, Ohio, the report contains a master plan to restore the southwest side lake to full use with swimming and boating and fishing.

Its water now is rated unsafe for swimming. The lake is cluttered with debris and weeds.

STORM RUNOFF

Primary source of pollution is storm drain runoff and the main financial problem would be building new storm drains in the area which do not flow into the lake, the report says.

Entire cost of the project was placed at $13 million. Most of this would be returnable to the city in the form of state and federal aid, however, the report said.

* * *

In other business the commission:

- Held three public hearings on assessment rolls, but delayed confirmation for one week. The projects are: Sidewalk on the west side of Bay from University to Herrington School; sidewalk on Ditmar from Franklin to Highland; and curb, gutter and driveways on West Iroquois from Manitou to Menominee. In the last project a petition with objections of 18 of the 33 property owners was presented.
- Denied rezoning of eight lots on the west side of Telegraph south of Hazel from light to heavy commercial for a proposed gas station. The Planning Commission had recommended denial.
- Set a public hearing for Sept. 2 on rezoning to provide for a muffler shop at 467 N. Perry. The lot is variously zoned and the issue has Planning Commission approval.
- Accepted two easements for sewers, at the west side of Opdyke from South Boulevard to the water works and at Eastway north of Auburn.
- Agreed to expand a contract on a storm drain under construction in Chippewa between Manitou and Menominee to include installation of new sanitary sewer.

The old pipe was found faulty during storm drain installation. Added cost of $24,000 is covered by the bonds issued originally, it was reported.

- Set the following public hearings: Sept. 16, for vacating Howard McNeill from Gillespie to Warner; Aug 26 on assessment roll for a water main in Northfield from Joslyn to west end; Aug. 26 on a water main on Lehigh, from Highwood east one block; Aug. 26 on a sidewalk on east side of Joslyn north of Walton for two blocks.

William F. Kalwitz

Seldom has an individual served his community more devotedly and selflessly than did WILLIAM F. KALWITZ, whose death at 76 saddened a wide circle of friends and associates.

KALWITZ

A native of Illinois, Mr. KALWITZ became a Pontiac resident in 1928 as an executive of Yellow Truck & Coach Manufacturing Co. (now GMC Truck & Coach Division) which General Motors had then acquired. He continued his connection with the Division until his retirement in 1958.

★ ★ ★

His subsequent years in the City, spanning four decades, were marked by a zealous interest and participation in various phases of government on all levels while serving as a member of local civil and civic organizations and committees. A quiet and studious demeanor through which shone a delightful sense of humor and a warm personality attracted a following from all walks of life.

★ ★ ★

Prior to the start of his industrial career, Mr. KALWITZ saw active service in the United States Navy during World War I followed by a five-year stint in a civilian capacity at a naval training station. During World War II, he held a key post in the military production division of Truck & Coach.

In death, WILLIAM KALWITZ leaves an enviable record of personal achievement and service to his fellows.

'Hello? Hello!'

Voice of the People:

'Cleaning Up City Park a Thoughtful Gesture'

Recently while passing through Beaudette Park, an old man with a cane, a middle-aged woman, and three youths were picking up litter on the park grounds.

★ ★ ★

Though I did not speak with these people, I assumed they were doing this through their own initiative. In my estimation this was a fine gesture by people who are concerned about the appearance of this park. It should serve as a reminder and an example to all of us who use this park.

★ ★ ★

To the people who use trash receptacles and to those who were cleaning the park, I give a hearty salute for your mindfulness.

IRA McCULLOUGH

'Jaycees Respect Opinion of Parade Judges'

The Union Lake Jaycees would like to clear up a few points regarding the prize winners in the Paul Bunyan Parade. Robert Long, Commerce Township Supervisor; James Reid, White Lake Township Supervisor; and Dan Young, president Multi-Lakes Conservation Association, were the judges for the parade. They picked the winners according to their best judgment and we respect their opinions. Possibly other judges would have picked different winners and, as always, someone would be unhappy with the decision. The car in question was a Bonnie & Clyde representation. It won a second prize, not a first, and it was for "most original entry," not best float.

GARY R. GRAMS
PAUL BUNYAN PARADE CHAIRMAN
UNION LAKE JAYCEES

'Turn Right' Sign Ignored by Most Drivers

Since this is supposed to be an educated nation, we are constantly amazed at the number of people in Pontiac who apparently cannot read. A sign on the corner of Baldwin and Oakland plainly states "Right Lane Must Turn Right." About one out of ten cars actually turns. Yet, the nine "illiterate" drivers suffer no inconvenience for it is the driver in the third lane who is left sitting at the light with no place to go. Maybe a grade school reading course would help the situation.

REGINA HUNT
DEB HARGRAVES

Interest Hike Baits Bonds

Having failed to lick its competitors for the public's dollars, the U.S. Treasury has apparently decided to join them. Taking a tip from the advertising-attuned producers of consumers goods, the Treasury has been turning to soft-sell television spots to induce Americans to buy savings bonds. Judging from the Treasury's own figures, however, it is going to take a lot more to sell the bonds.

July marked the eighth straight month that more bonds were cashed in than were sold. Sales came to $419 million while redemptions zoomed to $529—a $110 million deficit for the month. Since November 1968, the last month bond sales showed a surplus, redemptions have left the Treasury $435 million out of pocket.

★ ★ ★

At first glance, the trend might appear to at least have the offsetting result of nicking the national debt. But this is not the way anyone wants to go about it. A real run on bonds (the public held $52.2 billion worth as of July 31) would mean real trouble.

★ ★ ★

Seeking to stem the outflow, the Treasury has asked Congress to raise the interest rate from 4.25 per cent to 5 per cent to make the bonds competitive with banks and savings and loan associations.

This, however, is only a stopgap. The real problem in bond sales, as throughout the economy, is the national urge to spend now because who knows how much less a dollar is likely to buy a month or a year hence. In short, inflation.

★ ★ ★

Until the deterioration in the dollar's value is halted—and that will take more than an advertising campaign—public confidence in savings bonds as a worthwhile investment is not likely to be restored.

David Lawrence Says:

Proposed Curbs on Press Illegal

WASHINGTON — Lots of surprising proposals are being made from time to time urging that the government should exercise more and more authority over the life of the citizen.

LAWRENCE

To censor the press, for instance, and tell newspapers what they may or may not print may seem to be a far-fetched suggestion in America.

But when it is made by a member of the Federal Communications Commission, it cannot be brushed aside as insignificant.

★ ★ ★

For the truth is the Federal Communications Commission has gotten itself into deep water by asserting the right to tell radio and TV stations what they may say in their programs.

This is a short step from authorizing the FCC to tell broadcasters what political doctrines they should espouse and what candidates they should support.

APPEARED IN SPEECH

The latest recommendation for a government-controlled press — not only radio and TV but also newspapers and other publications — has just appeared in a speech by Kenneth A. Cox of the Federal Communications Commission, delivered on Monday before a meeting of the American Bar Association in Dallas, Tex.

He declared that, since the Supreme Court of the United States last spring ruled that the FCC's "fairness doctrine" is not unconstitutional, Congress could "constitutionally apply counterparts of our equal time and right of reply obligations to most newspapers."

What this means is that, just as the FCC requires broadcast stations to give equal time to various points of view, newspapers would have to give dissident elements access to their pages.

Presumably a federal commission would be designated to supervise the press and see to it that anyone who had any dissent to express would be given space and that, no matter how controversial the subject, newspapers would be obliged to print all viewpoints.

★ ★ ★

The basic concept — namely, that freedom of the press means the right of an individual or a business to determine what the content of a publication shall be — has been upheld in many Supreme Court decisions through the years.

There is no authority, therefore, for the federal government to enact a statute empowering any commission to determine the content of radio or TV programs or of newspapers or other publications.

(Copyright, 1969, Publishers-Hall Syndicate)

Question and Answer

Could you please find the address where I can get a booklet on drugs and narcotics? It was in The Press when they ran the series on drugs, and I mailed a dollar at the time, but never received it. Now I've lost the address. I'd be glad to send another dollar, because I would like very much to have the booklet.

MRS. E. G.
WATERFORD

REPLY

We're sorry your correspondence went astray. The address is Pontiac Press, Box 5, Teaneck, New Jersey, 07666. Include stamped, self-addressed envelope. Others you might be interested in are available at the U.S. Government Printing Office, Washington, D.C. 20402. They are "Marijuana; Some Questions and Answers"; "Narcotics: Some Questions and Answers"; and "LSD: Some Questions and Answers." They are five cents each copy.

Question and Answer

How can I join the 4-H Club?

KRISTI HELMS

REPLY

The club year for most 4-H clubs starts in September or October. If you will call Cooperative Extension Office, 334-2564 at that time and ask for the 4-H agent, he will try to find an existing club in your area which would be of interest to you. If none exists near you, he will see what can be done about starting one.

Candle Lack Dims Event

It is somehow comforting to learn that with all the precision with which they go about their business, space men can still slip on minor—and, fortunately, harmless—matters, such as candles.

★ ★ ★

Moon walker NEIL ARMSTRONG, we have all been informed celebrated his 39th birthday while in quarantine. But since candles were one item someone had forgotten to stock for the astronauts' Houston quarantine, he had to make out with 26, all the chef could scrape together.

The incident certainly didn't upset Armstrong or shake the space program, but it just might have considerable impact in other quarters. If a little oversight like this isn't enough to give American women serious thoughts about cracking one of the last and at the same time newest male-only preserves, space flight, we don't know what is.

Student Unrest Looms if Viet Impasse Lingers

By BRUCE BIOSSAT
NEA Washington Correspondent

WASHINGTON—The warnings that drifted to this capital weeks ago still stand: If there is no quick end in sight to the Vietnam war, the student uprisings on U.S. college campuses this fall will far outdo the unparalleled turbulence of 1968-69.

BIOSSAT

The Paris peace talks have been totally unproductive. And if Ho Chi Minh is, as believed here, convinced that time and U.S. withdrawals are on his side, the negotiations are not likely to turn fruitful in the months just ahead.

★ ★ ★

The campuses from September or October on could prove to be a very grave matter. For if student reaction is, in fact, sure to intensify, so, too, is the counterreaction.

The dam of hostile antistudent response is just barely being held in Congress and the state legislatures. College administrators in many instances have stiffened their backbones and their rules governing campus disturbances. By every perceivable public opinion guage, millions of Americans are fed up with student trouble.

NO PREPARATION

There is no clear sign from the White House, however, that the administration is preparing, in any way of its own, to deal with an unprecedented flare-up in the colleges this fall.

If the dire predictions are fulfilled, the question that will arise inevitably is just how wide-sweeping the student involvement will be on the campuses which boil up.

★ ★ ★

This troubled society, plainly doubting itself and adrift in a sea of irrationality, tends often to purchase, unthinkingly, the steadily drummed-out themes of the radicals who do most to agitate the campus atmosphere.

One of these themes is that any student rebellion carries with it the prospect (of hope or fear, depending on where you sit) that the "center mass" of students will be "radicalized" if the college and community response is in any way severe — especially if police are brought on campus to quell a disturbance and arrest participants.

HARVARD EPISODE

The experience of the 1968-69 year at Harvard and some other schools indicates that this certainly may be true in the short run. Entry of police on campus drew many moderates to the side of radical rebels in sympathetic action.

The question is whether this permanently "radicalizes" the moderate sympathizers. If it does not, then the radicals' use of the term is transparent nonsense. If it does, if a moderate can be thus quickly and lastingly converted to radicalism, then being a moderate — at least at college age — must really mean very little.

Regular columnist Bob Considine is on vacation. Different columnists will fill this space until he returns.

Ho Sniffs Viet Concessions in Wind

By RAY CROMLEY
NEA Washington Correspondent

WASHINGTON — A decade and a half ago the premier of France publicly promised to resign if he did not achieve a treaty with Ho Chi Minh on Indochina by a fixed date.

CROMLEY

Once Ho learned of this promise, he knew that all he had to do was fold his arms and wait patiently. Mendes France was bound to accept his demands in order to meet his self-imposed deadline, made necessary by antiwar feelings within France.

★ ★ ★

Ho and the French, in fact, reached agreement several hours after midnight of the date fixed.

If the material in recently captured documents and in reports filtering through Hong Kong are correct, Ho's officials today, in 1969, think that President Nixon also has a deadline he must meet—the congressional elections of November 1970.

CONCESSIONS SEEN

These documents and reports indicate Ho's men believe if they wait, and keep the pressure up however haphazardly until next summer, Nixon will be forced to make the concessions they want.

★ ★ ★

As the Hanoi men seem to see it, Nixon must have most Americans out of Vietnam, and some very good prospects for a settlement before the elections if the Republican party is to make appreciable gains in the next Congress.

★ ★ ★

They believe Nixon is determined, especially in view of the difficulties he is having with the present Democratic leadership, to move as far toward a majority in Congress as he can.

The frightening background to Ho's reason is his uncanny ability in the past to predict successfully what Presidents Johnson and Nixon would do, even, so far as can be determined, before they knew themselves:

● Months before Johnson stopped bombing North Vietnam, Ho confidently told visitors the bombing would halt and predicted the date. Johnson met Ho's predicted date almost on the nose.

● Last fall, Ho predicted Nixon would be elected, and that despite his tough campaign speeches would not resume the bombing of North Vietnam, even if Ho's troops challenged him with strong action in the south. Ho broke Johnson's terms for the bombing halt when he shelled South Vietnam's major cities. As Ho predicted, Nixon did not respond.

● Ho has been confident for some time the United State would begin unilaterally to withdraw troops from Vietnam, without any Hanoi concessions. Again, Ho had correctly analyzed the situation.

★ ★ ★

Now Ho is predicting the United States will force South Vietnam to accept by decree—not by democratic vote—a government that includes Communists in posts so strategic that Ho's men will be able to manage a silent take-over. Because, they think, Nixon is in a hurry.

THE BETTER HALF

"I'm calling my book 'Loafing from A to Z' "

Reviewing Other Editorial Pages

Emotional Action

The Daily Oklahoman

A bill introduced by both Florida senators, one representing each major political party, would restore the 400-year-old name of Cape Canaveral but retain the label of John F. Kennedy Space Center for the actual manned space facilities there.

Sen. Spessard Holland, the Democrat, said in presenting the bill that "understandably, during our period of mourning some things were done without properly thinking through the actions taken," in the period of grief following the president's assassination.

★ ★ ★

He is correct in that analysis. It is fitting that the late president be honored, but this comic have been done without altering venerable place names.

It would be a good rule not to name any nationally owned terrain for any political or military leader until at least a quarter century after his death.

Local and state institutions are in a different context, such as schools, bridges or shrines. Changing the name of Cape Canaveral was an administrative action by the Interior Department, not the Congress.

Comic Tragedy

Keene (N. H.) Sentinel

Riot against the college administration, and you have found the best way to become a college trustee.

If you think that sounds crazy, it is. However, it is also true.

Recently 21-year-old Brent L. Henry was elected the first Negro and the youngest man ever to serve on the board of trustees of Princeton University.

The particular student in question recently participated in the take-over of a campus building. Apparently this qualified him for a position on the board of trustees.

This type of appeasement, of course, will only lead to more riots. After all, if this is the way to become a trustee, everyone with such ambitions will be trying it.

Outside of a musical comedy, or a comic sheet in a newspaper, it is hard to think of anything more ridiculous.

Craft Tumbles Around Earth

Satellite's Survival in Balance

CAPE KENNEDY, Fla. (AP) — With its chances of survival rated "a real cliff-hanger" for the next two weeks, a $12-million experimental satellite tumbled around earth today while engineers planned ways to bring it under control.

Launched Tuesday, the 1,980-pound craft — called ATS5 for fifth Applications Technology Satellite—ended up in the right orbit but on the wrong side of earth and began spinning end-over-end.

* * *

Despite the problems, Robert J. Darcey, chief of the ATS office at the National Aeronautics and Space Administration's Goddard Space Flight Center, rated chances as "pretty damn good" that the spacecraft can be straightened out and shifted to its desired station over the Pacific 600 miles west of South America.

An attempt to regain control probably will not take place for two weeks, however, and another official predicted "it'll be a real cliff-hanger" until then.

PACKED WITH APPARATUS

Packed with apparatus for three experiments including extendable booms nearly as long as a football field, the satellite was designed to test ideas for spacecraft of the future.

If successful, one of three communications experiments aboard the payload could pave the way for satellites to relay high-frequency radio signals between air traffic controllers and transocean jets and pinpoint the aircraft's location over areas out of range of ground-based radars.

* * *

Another, called a millimeter wave experiment, was to test radio frequencies higher than any yet used in space communications to see whether they could be put to work in future television relay or military satellites.

The booms, which would make the spacecraft measure 253 feet long if fully extended, were to experiment with a theory that gravity can act on an appropriately shaped satellite to keep one side always toward earth, much as the same face of the moon always looks at this planet.

The flight plan called for the satellite to settle in a stationary circular orbit 22,300 miles high. At that altitude, a spacecraft's orbital speed matches earth's rotation, keeping the satellite over the same ground area.

Spacecraft problems forced flight controllers to trigger the satellite's motor 11 hours sooner than planned, however, positioning the craft in the right orbit but over the Indian Ocean rather than the eastern Pacific.

'Narcotics Aspect' Is Probed in Los Angeles Mass Murder

LOS ANGELES (UPI) — Homicide detectives today concentrated on the "narcotic aspects" of the grisly stabbing and shooting deaths of actress Sharon Tate and four guests at her estate.

Police would neither confirm nor deny a report drugs were found in the 1968 black Porsche owned by men's hair stylist Jay Sebring, one of the five victims.

* * *

The Los Angeles Times said today narcotics were found in his expensive sports car, parked outside the Benedict Canyon home leased by Miss Tate and her husband, film director Roman Polanski.

"Narcotics aspects are under investigation," was all a police spokesman would say. The head of the 19-detective force on the case said Sunday no narcotics had been found "in the house."

Chief Coroner-Medical Examiner Thomas T. Noguchi said his office was conducting tests on the victims to determine if any had been using drugs.

The theory that the macabre murders might have been carried out by someone "freaked out" on narcotics, however, seemed untenable because police said the three telephone lines into the estate, 18 feet above the ground, had been severed.

* * *

Killed with Miss Tate, 26, and Sebring, 35, were coffee heiress Abigail Folger, 26, Polish film producer Voityck Frokowsky, 37, and Steven Parent, 18.

Parent, found shot to death in his car, was a casual friend of the caretaker, William Garretson, 19, arrested by police and then released for lack of evidence after undergoing a lie detector test.

Detectives also were not ruling out a possible link between the Tate case and the double murder two days later of a middle-aged couple a dozen miles across town.

The feeling, however, was that the second murder was done by a "copycat."

Marches, Outdoor Meetings Banned

300 Hurt in N. Ireland Strife

LONDONDERRY, Northern Ireland (AP) — Northern Ireland's Protestant government today banned all marches and outdoor meetings after a Protestant parade touched off the worst violence in the nation in more than 30 years.

There was no immediate reaction from the Roman Catholics, whose Ancient Order of Hibernians planned a march in the small town of Dungiven Friday. Protestant militants led by the Rev. Ian Paisley had planned another parade Saturday in Newry, a predominantly Catholic town.

* * *

Home Minister Robert Porter issued the ban after Catholics, Protestants and the police battled through the night in Londonderry. More than 300 persons were injured.

The mobs set fire to houses and shops and bombarded police with rocks and gasoline bombs. The police battled back with tear smoke grenades thrown from armored cars as they smashed through street barricades. Police said the gas was a mild variety, and it had little effect on the rioters.

FIGHTING DIES DOWN

Tear gas was used again in Londonderry this morning to push back stone-throwing rioters near the Roman Catholic Bogside District. The fighting had died down at dawn, but crowds poured into the streets again just after breakfast.

The latest bout of religious violence was set off by Roman Catholics stoning a parade of 15,000 Protestants. The parade, which Northern Ireland's Protestant government refused to ban despite the threat of violence, commemorated the siege of Derry in 1689, when the Protestants held off the Catholic forces of King James II.

AP Wirephoto

SCENE AFTER RIOTING—Debris litters the street in a predominantly Catholic section of Londonderry after a Protestant parade yesterday touched off the worst violence in the nation in more than 30 years. Catholics stoned the marchers, and that led to a confrontation with police.

Casualty figures indicated that most of the fighting was between the Catholics and the Protestant police. Of the more than 300 injured reported, 90 were police, and almost 200 civilians were treated at emergency stations set up in Bogside, the city's Roman Catholic area.

The fighting also spilled over into surrounding towns and villages, but Belfast, the capital of Northern Ireland, was quiet. Clashes were reported in Strabane, Dungannon, Coalisland and Newry.

BLACK SMOKE

At dawn a pillar of black smoke hung over Londonderry. Police said one mob ransacked a tire depot, built barricades of auto tires, then set both tires and depot afire.

As dawn approached, about 150 police took over an intersection near Bogside and challenged the Catholics barricaded in the section to come out and fight. The police rattled their clubs on their riot shields in imitation of the staccato drums which are a traditional Protestant rallying device.

Catholics and Protestants alike hurled stones at fire trucks roaring to the blazes in at least 10 buildings.

British troops stood by at two bases on the city's outskirts and at Omagh, 30 miles south. But the state government did not ask them to help, and the British government in London did not intervene.

Union Group Backs Host of Candidates

DETROIT (AP)—The United Labor Committee, representing several major unions, Tuesday gave approval to both Wayne County Sheriff Roman S. Gribbs and Wayne County Auditor Richard Austin in the race for mayor of Detroit.

* * *

Both were called "qualified," though neither was given a preferential nod.

* * *

The union group, representing the Wayne County AFL-CIO, the Teamsters and the Detroit Building Trades Council, also gave dual endorsements for city clerk and treasurer.

* * *

Incumbent Robert Temple and State Rep. James Del Rio, D-Detroit, were given approval for city treasurer, while attorney George C. Edwards and former state Sen. Charles Youngblood got the nods for city clerk.

* * *

The union leaders also picked 15 candidates for the nine common council seats.

* * *

County AFL-CIO head Tom Turner said union members wanted the flexibility of the multiple endorsements.

Craig to Decide in '70 on Race

DETROIT (AP) — State Sen. Roger Craig, D-Dearborn, says he will decide next January or February whether to seek the governorship of Michigan.

* * *

The liberal, two-term state senator said Tuesday night that a major factor in his decision would be who else sought the position. He said he would not run against either of Michigan's two previous Democratic governors, G. Mennen Williams and John B. Swainson.

* * *

He also said he thought a contest between himself and State Sen. Sander Levin, D-Berkeley, Senate minority leader, would be "silly" because their political views are so close.

* * *

Craig chided published reports that he already has decided to run for governor, although he did say he was taking a "hard look" at what he would do next year.

FLOATING AROUND

However, "Craig in '70" bumper stickers are now floating around Lansing and he already has an office and a campaign manager for next year.

He said the bumper stickers went out merely as a trial balloon to determine if he would have much support if he sought statewide office.

Benjamin Franklin invented the bifocal lens in 1780.

More Security With FALSE TEETH At Any Time

Don't be so afraid that your false teeth will come loose or drop just at the wrong time. For more security and more comfort, just sprinkle a little FASTEETH on your plates. FASTEETH holds both uppers and lowers firmer longer. Makes eating easier. FASTEETH is alkaline. No gummy, pasty taste! Dentures that fit are essential to health. See your dentist regularly. Get FASTEETH.

Japanese Peak Comes Up Short

TOKYO (AP) — One of Japan's dozen elite mountain peaks—all towering more than 9,840 feet—has been demoted.

The Geopgraphical Survey Institute measured Mt. Tsurugi again and found it 8.6 feet short of the mark.

No Congress Rush on Manpower Plan

WASHINGTON (AP) — President Nixon's overhaul of the nation's manpower programs apparently is going to wind up beside administration welfare proposals on the back burner in Congress this year.

The manpower plan, unveiled Tuesday, will have to be considered by committees already clogged with work and run by Democrats who have their own ideas about how training should be accomplished.

* * *

Rep. James G. O'Hara, D-Mich., a key member of the labor subcommittee that will consider the manpower legislation, said "August is rather late for Congress to be getting the President's 1969 legislative program."

Hearings probably will start in both House and Senate sometime in October on the administration play to pull together a variety of training programs and give the states and cities expanded authority over them.

Sen. Gaylord Nelson, D-Wis., chairman of the subcommittee that will conduct Senate hearings, said he expects to receive extensive testimony that will push the job of writing a manpower bill over into 1970. Rep. Dominick Daniels, D-N.J., who will run the House hearings, said he anticipates these sessions also will continue until late in the year.

MORE BEDS—Construction is well under way on a $15-million addition to Pontiac's St. Joseph Mercy Hospital. The new unit will contain 150 beds, making a hospital total of about 500 beds. Besides patient rooms, the addition will include clinical labs, radiology, surgery, obstetrics and intensive-care facilities and business offices. It is expected to be completed in October 1970.

Serious Crimes Up 17 Pct. in 1968, FBI Chief Reports

WASHINGTON (AP) — Each American's risk of becoming a victim of serious crime has nearly doubled since 1960, FBI Director J. Edgar Hoover reported today.

Hoover listed the statistic, showing more than one out of every 50 Americans was victimized by crime last year, in his 1968 Uniform Crime Reports compiled from records of the nation's law enforcement agencies.

* * *

Declaring "there is no comfort in the cold statistics," Hoover said almost 4.5 million serious crimes were reported in 1968—a 17 per cent increase over 1967.

All categories of crime shared in the rise, he said, and population growth alone cannot account for the 122 per cent volume increase in the last eight years.

11-TO-1 MARGIN

"Crime continues to outstrip population growth 11 to 1," he said.

Broken down by categories, the figures showed robberies increased 30 per cent from 1967 to 1968; forcible rapes, 15 per cent; murder, 13 per cent; aggravated assault, 11 per cent; serious larceny, 21 per cent; auto theft, 19 per cent; and burglary, 14 per cent.

* * *

Hoover said the increase in murders—from 12,090 in 1967 to 13,650 in 1968—reflected the "largest absolute rise over any prior year" in this decade.

Number of Homicides Soared in State Last Year

WASHINGTON (UPI) — The number of homicides in Michigan rose 20 per cent last year, while the state's population was rising less than 2 per cent, the FBI statistics showed today.

The federal agency's annual report on crime showed 634 murders and nonnegligent homicides were reported in Michigan in 1968, compared to 530 the year before.

* * *

At the same time, the state's population rose from 8,584,000, to 8,740,000, a rise of only 1.9 cent.

The report also said the total number of homicides reported in the Detroit area alone — 477 — was 84 more than the total number of homicides reported in the entire state in 1966.

RISE OF 9 PCT.

The statistics showed 235,792, serious crimes were reported in Michigan in 1968, a rise of 9 per cent from the 1967 total and a 30 per cent rise from the 1966 total.

Michigan's total number of crimes placed it third in the nation in reported crimes, behind California and New York, though it ranks seventh in the nation in population. However, the frequency of crimes, 2,697.8 per 100,000 population, ranked eighth in the nation.

* * *

And while Michigan's total of 634 homicides ranked seventh in the nation, it was down to 20th in the frequency of homicides with a rate of 7.3 per 100,000.

All seven categories of crime showed increases over the peevious year in the statewide totals. The largest number of reported crimes was in the field of burglaries, where 96,667 was reported a figure which equals 1.1 burglary for every 100 residents of the state.

OTHER STATISTICS

There were 65,812 larcenies involving $50 or more, or one for every 134 residents of Michigan, and 7,191 car thefts, or one for every 296 residents. The FBI also reported 18,412 robberies, or one for every 500 residents, 14,781 aggravated assaults, or nearly one for every 600 residents and 2,315 forcible rapes, or one for every 3,846 residents.

* * *

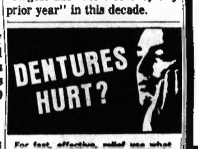

While the Detroit metropolitan area, with an estimated 4,225,000 residents, has slightly less than half of the state's population, it was the scene of more than half of every category of crime committed in the state.

Flint was second to Detroit in the state in total crimes reported, with a total of 12,594, while Grand Rapids had 9,948 and Lansing had 9,259.

* * *

Other cities included in the report were Ann Arbor, with 5,470 crimes, Kalamazoo with 4,342, Saginaw with 3,405, Jackson with 2,459 and Bay City with 1,498.

The Black Sea is black because of a high concentration of hydrogen sulphide.

OLD RED'S LOOKING FOR THIRSTY PEOPLE IN PONTIAC

FOR THAT BIG THIRST LOOK FOR OLD RED AT YOUR FAVORITE STORE

THE SEVEN-UP BOTTLING CO. OF DETROIT

Former Head of Troy Schools Appointed Wisner Principal

Former Troy Schools Supt. Dr. Rex B. Smith was appointed principal of Wisner Elementary School by the Pontiac Board of Education at a special meeting last night.

Smith, 51, of 6056 Walker, Troy, retired May 21 from his $22,861 a year post of 10 years. His salary as principal of Wisner School will be "about $18,000," according to Asst. Supt. Richard Fell.

Fell said he would not release the exact salary, but that Smith will be placed on step three of the administrative salary schedule for elementary principals.

Smith replaces Mrs. James Morse, who retired this spring. He will assume his post on Monday. Smith received his doctorate in 1960 from Michigan State University.

When Smith was named last night, it was not revealed to the audience of about 30 persons that he was the former Troy superintendent of schools.

The audience did not ask, but one member of the audience did ask for an enumeration of his (Smith's) qualifications.

An answer was not given, although Fell said today he would have enumerated Smith's qualifications had he had the opportunity.

The query was lost, however, in other questions concerning the screening committee which reviewed the candidates for this position.

Fell said he would not release the names of the screening committee, but added that it was made up of three elementary principals, two of the directors of personnel services, the director of elementary education and himself.

* * *

Schools Supt. Dr. Dana P. Whitmer said that the purpose of a screening committee is to have trained people look at candidates for a position and make recommendations to the administration, which in turn makes recommendations to the board of education.

'MORE BENEFICIAL'

He said that persons not selected for the position might be disappointed, and then might turn their disappointment on screening committee members.

He said he felt it was more beneficial that members of the screening committee remain anonymous so they can feel free from any quizzing from the public after the selection has been made.

* * *

One woman in the audience pointed out that the names of those on the screening committee reviewing candidates for the principalship of Eastern Junior High School has been released.

Another woman said that if the candidates were reviewed by a screening committee, they would know anyway who is on the committee.

MEETS PERSONALLY

The screening committee does meet personally with job candidates.

Whitmer was also asked to reveal the names of the other candidates for the position, and he said he would not since it is a personal matter with the candidates who were not selected, and would not be fair to them.

Another recommendation for principal of Whittier School was to be presented to the board for action last night, but administrators said they wish to further study candidates.

In other business last night, the board approved an application to the Michigan Department of Education bureau of Educational Services for Compensatory Education, for funds under the Elementary and Secondary Education Act (ESEA) Title I, in the amount of $428,486.

SOUGHT FOR PROJECTS

The funds are being requested to expand school projects for educationally deprived students in the school district, according to Heuvon Peery, assistant director of the school district's Community Action Programs for ESEA Title I

Title I programs are those designed to meet the needs of children in attendance areas with high concentrations of low-income families such as Project 100 (community schools programs).

* * *

Included in this expansion of Title I programs, should the application be approved, would be five general instruction leaders (GIL) in five of the seven Project 100 schools and two home-school liason workers.

Peery said that Title I funds in the school district directly involve 2,874 students, and indirectly involve about 3,000 additional students.

High Bids May Cut Capacity of Human Resource Center

If bids for construction of the Pontiac School District's planned Human Resource Center are higher than expected, capacity of the complex may be cut from 1,800 pupils to 1,450-1,500 pupils.

This information came out of a discussion session following the special meeting of the school board last night.

* * *

Representatives of Urban Design Associates (UDA) of Pittsburg, Pa., appeared before the board and audience with finalized architectural plans for the structure.

Ray Gindroz, an associate of UDA, said that the firm's financial advisers have set the construction cost estimate at $5.2 million, an average cost per square foot 15 per cent higher than original estimate.

RISING COSTS

Gindroz said that the variation in cost estimates can be attributed to rising construction costs (about one per cent per month) and to foundation problems recently discovered. He said that water had been found under the site and that greater cost would have to go into foundations for the structure.

Pontiac Schools Supt. Dr. Dana P. Whitmer said that bid documents will include parts of two wings (those for lower and upper elementary) as alternates, in the event that the school board must cut costs if bid prices are higher than expected.

* * *

He said that because of this factor, final boundary lines of the attendance area for the bidding for construction of the project is completed.

The U.S. Department of Housing and Urban Development (HUD) will assist in the financing of construction in the amount of $1.1 million, for those areas which will be used both by school pupils and the community. These funds are part of HUD's Neighborhood Development Program (NDP).

POINTS OUT CHANGE

Jerry Lindsay of UDA also pointed out a change in plans to have city ownership of the play areas of the school, freeing more school district dollars for actual construction.

He said that the City of Pontiac is eligible for some $15 million of NDP funds, some of which could be used for play areas.

Dr. David Lewis of UDA told the board and audience after last night's meeting that final construction drawing, architectural drawings and models of the center have been completed.

He and his associates briefly explained the design of the building, its functions and its relationship to surrounding neighborhoods.

Whitmer said that he expects bid documents to go out in about two weeks.

Deaths in Pontiac, Nearby Areas

Mrs. Jacob Anderson

Mrs. Jacob (Gertrude W.) Anderson, 71, of 233 W. Ann Arbor died today. Her body is at the Huntoon Funeral Home.

She was member of the Lutheran Church.

Women's Section

THE PONTIAC PRESS, WEDNESDAY, AUGUST 13, 1969 B—1

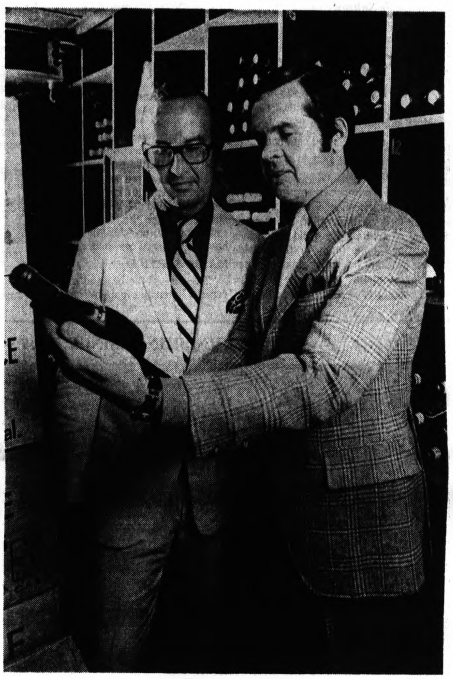

Pontiac Press Photos by Edward R. Noble

The rich dark shades of liqueurs from Denmark dot this trio of Hathaway shirts from the company's Copenhagen collection designed by Henry Grethel. They include Cherry Herring, Copenhagen blue and Whiskey brown. All are in the Scandia stripe.

Hathaway vice president, Alvin Yeager, (left) checks out the cut of a fastback cuff on model. This shirt comes in a corded fabric in the Porsche gold.

The vintage years inspired designer, Henry Grethel, right, to name his several Hathaway collections. Shown with him in the dark, dank, wine basement room of the Pontchartrain Wine Cellars in Detroit, is Hudson's men's fashion director, Glenn Kraske. Both wear the bold tone shirts found in the noted designer's Porsche collection.

Just Keep Your Shirt On While Fashion Collars You

By JEANNE NELSON

Got a friend who'll give you the shirt off his back?—Take it!

That is to say, take it if it's one of the new, groovy shirt models that head the fashion parade today. Hudson's, along with Hathaway Shirt Manufacturers, gave the press corps a mini preview of its new fall and spring '70 shirt fashions Tuesday at a luncheon in the Pontchartrain Wine Cellars.

* * *

Stripes are the real headliners and run the gamut from the narrowest to the wide, wide, double pajama stripe geared to attract the younger set. Henry Grethel, Hathaway's designer, approaches fashion shirt dialog with tongue-in-cheek wit but socks it to 'em with genuine creativity in the finished product.

His designs, incidentally, are responsible for the big image switch at Hathaway's where for 130 years the stock phrase was "cut them full." In tune with today's skinny look, gone are the billowing backs and ample sleeves. In their place come the slim, close body styles that spell out the best in fashion.

* * *

One of the designer's most outstanding trademarks is the reversal of those close body seams to the back, leaving a clean, unbroken line in front. The higher collars quite naturally were strong, but there was also a definite swing toward the French polo collar and some show of a considerably narrower type with semi-elongated points.

Cuffs vary from two-button, cowboy styles to an elegant French treatment that almost takes on a flared appearance.

* * *

The color message is a story in itself. If you remember back when the men's fashion revolution first began, it started with pastels. Now that color has all but replaced the outdated uniform white, bold, vivid tones are moving into the takeover spot in a swift, no-nonsense manner.

Taking their cues from sports cars and liqueurs, colors are labeled "Cherry Herring" (a rich burgundy tone on tone stripe) and Porsche gold (as racy as its namesake). The whole Copenhagen color-pattern collection shown takes its shades and names from liqueurs and after the last model had vanished it was hard to believe teetotaling exists at all.

* * *

The Porsche colors are, for the most part, bold, sans pattern or stripes and it is here you become more aware of shape detailing and fabric.

The image-maker Grethel smiles a lot when he talks about his success at Hathaway where a century ago, deliveries to Boston from the Waterville, Me., plant were made by stagecoach. "We've come a long way, too, baby," he proclaims.

Dinner Invite Also Includes Later Evening

By ELIZABETH L. POST
of the Emily Post Institute

Dear Mrs. Post: We are both extremely busy, but would like to get acquainted with some new friends. Is there any way to invite guests at say six-thirty or seven o'clock, until eight-thirty or nine? In other words, we value our reading, our church work, our quiet time together, but would like our friends also — but not for three or four hours. — Louise Davis

* * *

Dear Mrs. Davis: You simply cannot invite people to your home at six-thirty or seven and not offer them dinner. And you cannot, with grace or charm, serve drinks, dinner, and enjoy after-dinner coffee and conversation, in an hour or two. An invitation to dinner automatically includes the rest of the evening.

Your best solution is to either invite friends for a cocktail from five-thirty to seven-thirty — if you serve liquor in your home — or if you do not, ask them at a later hour for dessert and coffee. Both of these invitations imply a short visit and people know that they are expected to remain for only an hour or two.

Advance Notice Makes Dating Fair, Says Hubby

By ABIGAIL VAN BUREN

DEAR ABBY: Last winter when my husband attended a convention out of town he got involved with a lady delegate in her hotel room. When Alfred came home he told me about it, which I appreciated, but instead of saying he was sorry and would never do it again, he said he'd do it again if he got the chance.

* * *

Fortunately Alfred doesn't get many opportunities to travel. He has always said that he would never have an affair with a local woman because this is a small town and he's afraid of gossip, and I believe him, but I know I'll worry the next time he leaves town.

I asked him what he would do if I got involved with another man and he said he'd break my neck. Is this fair? He thinks he is being fair with me because he's telling me in advance. What should I do?

ALFRED'S WIFE

* * *

DEAR WIFE: Tell him you are being "fair" with him, because you are telling him in advance that if he repeats his convention capers you will break his neck.

* * *

DEAR ABBY: Whoever said that hypnosis for the purpose of getting heavy smokers to quit doesn't work is all wrong!

My brother was a three-pack-a-day man, and after a series of sessions with a hypnotherapist he gave up cigarets and hasn't touched one in over a year. In fact, he's the one who complains the loudest when his friends smoke during a poker game.

MY BROTHER'S KEEPER

DEAR KEEPER: Thank you for your letter, which was only one among hundreds in defense of hypnotherapy in this connection. However, I have been advised by several top-notch psychiatrists that most compulsive smokers (as well as compulsive eaters and drinkers) who have relied on hypnosis for a permanent cure are usually disappointed. Not all . . . but most!

* * *

DEAR ABBY: Today when I drove into a local shopping plaza I parked next to a car with two small children in it. They looked to be about two and four years old.

When I came back about an hour and a half later, they were still in there, crying their hearts out.

* * *

Just then the mother came along, and I said "Your children have been crying for some time!"

With no concern, she said, "Yeah, I know."

How can people be so cruel to small children? Don't they know the dangers?

"MAD" IN BANGOR, ME.

* * *

DEAR "MAD": They know, but they think all the horrible things that happen to children unattended in parked cars can never happen to their children. Only to somebody else's.

* * *

CONFIDENTIAL TO "HONEST ABE FROM TEXAS" (and no less than a hundred other sharp-eyed, right-thinking readers): Mea culpa! The insurance agent's wife should not be asked to lie for him and say that he is "out" when he is actually in. She should instead say that he is not available, take the caller's number, and have her husband return the call.

* * *

DEAR ABBY: My mother says it is not right for my boyfriend to see me in my sleeping pajamas, but she has no objections to him seeing me in my bathing suit, which covers a lot less.

I asked her what the difference was and she said to ask you.

DEBBIE

DEAR DEBBIE: It is not a matter of how much is covered. Sleeping pajamas are appropriate attire for the bedroom, and therefore are inappropriate for entertaining your boyfriend. (That should cover everything.)

Welfare Mothers Ask Community to Dine on Allotted Budget Dishes

Could you live on a welfare budget? A number of Pontiac's welfare mothers will prepare and serve a cafeteria-style meal of typical welfare menu items at Hayes Jones Community Center Friday at 6 p.m.

Included will be barbecued neck bones, pigs feet, green beans with salt pork, greens cooked with skins, cornbread and bread pudding.

The mothers will be on hand to meet their customers and answer questions.

SPECIAL EVENT

This will be the kick-off dinner for those who may want to participate in "Live on a Welfare Budget Week." It is cosponsored by the National Welfare Rights Organization and Friends of the NWRO which is actively supporting legislation to improve the present welfare system.

* * *

Tickets are $5 per person. Checks should be made payable to Friends of the Pontiac Welfare Rights Organization. Reservations are being taken by Mrs. James Gibson of Riverside Drive, Birmingham and Mrs. Wilford Payne of Ann Street, Birmingham.

Jackie Onassis Expecting a Baby

PARIS (UPI) — Mrs. Aristotle Onassis is expecting a baby early next year, according to the weekly newspaper France Dimanche.

In a front page story in its current issue, the weekly said the former U.S. First Lady had made three visits recently to Greece's leading gynecologist, Dr. Thomas Doxiadis, whom it said had also attended Queen Anne-Marie of Greece.

The newspaper quoted an unidentified friend of the couple as saying "the birth is for the beginning of next year."

France Dimanche also said Mrs. Onassis had felt slightly faint during a recent visit to an Athens antique shop and was told by her sister-in-law: "With the heat, it's normal in your condition."

Mrs. Onassis has completely changed her daily routine by going to bed early and has given up water skiing, skin diving, smoking and alcoholic beverages, the newspaper said.

Mrs. Onassis, 40, has two surviving children, John and Caroline, born during her marriage to the late President John F. Kennedy. A third child died shortly after birth.

Poet, Editor Among Conference Lecturers

Poet Robert Francis, of Massachusetts, and Curt Johnson, Illinois editor of "December" magazine, will teach at the Cranbrook Writers' Conference at Cranbrook Academy of Art, Thursday through Sunday.

Carl G. Wonnberger, associate professor at Eastern Michigan University and former head of English at Cranbrook, is conference director.

Other special lecturers are Professor Fred Walcott and anthologist Stephen Dunning, editor of Scholastic Bookshelf; and Harriet Arnow, author of "The Dollmaker."

Pontiac Press Photo

Mrs. James P. Head of Walled Lake (left) is learning how to prepare barbecued neck bones. Her instructor is Mrs. Gladys Harris of Rapid Street. Mrs. Head is a member of Friends of the Pontiac Welfare Rights Organization which is cosponsoring the cafeteria-style "dinner on a welfare budget" to be served Friday at 6 p.m. in the Hayes Jones Community Center. Mrs. Harris will help prepare food for the affair which is open to the public.

Players Stage 'Guys, Dolls'

Sponsored by Pontiac Parks and Recreation Department, the revived Pontiac Players, under direction of Peter Ugolini, have been rehearsing nightly for seven weeks, for the upcoming production of "Guys and Dolls" in Pontiac Northern High School's auditorium.

GRADES, STUDENTS

Most of the cast and crew are graduates of or presently students at Pontiac Central High School, whose band director, Thomas Course, is conducting the orchestra.

* * *

Dr. Garth Errington and Don McMillen, principal and assistant principal of Pontiac Central are in the cast. Peter Geiger, former musical director of Broadway's "Man of La Mancha" is an orchestra member.

* * *

Tickets are available from cast members, from PCHS or at the door. Curtain time for the Thursday, Friday and Saturday shows is 8 p.m.

Pontiac Press Photos by Ron Unternahrer

The principal "Guys and Dolls" of Pontiac Parks and Recreation Department's production of Frank Loesser's musical are, (from left) Alana Cargle as Sgt. Sara Brown of the "Save-a-Soul Mission"; Mike Stowe who plays Sky Masterson; Lynn Walker as Nathan Detroit, operator of the "oldest established permanent floating crap game in New York"; and Pam Harrington as Miss Adelaide, whose ambition is to become Mrs. Detroit. Performances are set for 8 p.m. Thursday, Friday and Saturday at Pontiac Northern High School.

More Out-Patient Care in New Hospital Image

By PATRICIA McCORMACK

NEW YORK (UPI) — You have this pain and can't locate a doctor.

Post haste, you get yourself to the emergency room of the nearest hospital.

Or — say you locate a doctor. He takes a look and sends you to the hospital for an X-ray or special diagnostic work which he cannot perform in the office.

* * *

Whatever the reason, hospital outpatient departments more and more are the "in" places to go. Last year, more than 111 million visits were made to hospital outpatient departments. The American Hospital Association (AHA) estimates that by 1972 the total will hit 155 million.

NEW HOSPITAL

What it's all leading to is a new kind of hospital — with perhaps more traffic in outpatients than inpatients, those in beds.

Some hospitals already are changing in response to these patterns. In the last 15 years, one index of change is noted in the 66 per cent increase in the average number of outpatient visits per community hospital.

An AHA report, Outpatient Health Care, notes many inadequacies in the present system of outpatient care and asserts that hospitals must do more to meet the growing demand for such services.

"Hospitals," according to the report, "should be prepared and organized to serve as a source of primary health care for individuals and families who choose to use the hospital in this capacity, or who otherwise have no primary care source.

MAJOR SERVICE

"The core of the hospital may remain intensive patient care. But its major service to the community should be ambulatory care — including multiphasic screening, preventive services, diagnostic and treatment services, home care programs, health-related social services, and a network of relationships with other health care programs."

Increasing numbers of people, particularly the urban poor, already are using hospitals as primary sources of medical care.

* * *

"Because the problems of the poor are so complex, they cannot be solved simply by providing more money to buy care," the AHA reports.

"A delivery system must be devised to meet as many of the health needs as possible, recognizing that the medical program must go hand in hand with other social, environmental, and economic programs in a total effort."

Lady Continues Learning at 68

CINCINNATI, Ohio (AP) — It has been 46 years since Mrs. Alberta graduated from high school, but she is still pursuing a higher education. The grandmother of nine recently received her BS in English literature from the University of Cincinnati Evening College.

* * *

Mrs. Fisher, now 68, was married after getting her high school diploma in 1923 and didn't resume her formal education until 1959, when she enrolled at Chase Law School. She received a BS degree in commerce in 1963, and began attending evening classes at UC the same year.

WHY IS THIS WATCH CALLED A CERTIFIED CHRONOMETER*?

Self-winding, calendar-dial Constellation chronometer, $185. Other Constellations, $175 to $1000

The rating of "chronometer" is reserved for timepieces of exceptional accuracy which have undergon 360 hours of rigid testing . . . in extremes of heat and cold. The peerless accuracy of every Omega Constellation is *certified* by an official Swiss Testing Bureau. So exacting are these tests, less than one out of every 50,000 watches qualifies for this coveted rating. In addition to official chronometer tests, Constellation's 24-jewel automatic movement receives 1497 quality-control inspections during manufacture . . . assuring longer life.

Powered by gravity, the Omega Constellation winds itself as you wear it. Without hand-winding, or power-cells which frequently need replacing, it will run for years and years, as long as you wear it. Calendar-dial models tell the exact date as well as the precise time . . . automatically. The Constellation is one of the world's finest watches. Ask for free Omega style brochure.

Some Consider Mobile Homes

By ANNE TAYLOR

For potential home owners who are frustrated by tight money, high prices and the unavailability of conventional homes, the news about mobile homes is almost all good.

Prices are only a fraction of those for conventional homes. The quality is high. And it usually is as easy to obtain financing for a mobile home as it is for an automobile.

Sales of mobile homes this year are running as much as 40 per cent above 1968, when 316,890 units were sold — and that means mobile homes, not the 154,880 other units that qualify as travel trailers.

* * *

These are the essentials you should be aware of:

Mobile homes are real homes, the average one consisting of a kitchen, dinette, living room, two bedrooms and a bath.

They cost about what you would be required to spend as a downpayment on a conventional home. Some can be purchased for as little as $4,0000, but the recent average is more than $5,700.

* * *

A purchaser typically makes a down payment on the order of 10 per cent. In 1967, one-third of mobile home buyers financed their purchase with a down payment of $500 to $1,000, and paid the balance in seven to ten years.

The true interest rates generally are between 9.5 per cent and 12.5 per cent a year on the amount borrowed. This might seem high — and it is — but the monthly repayment costs was only $80 on the average mobile home in 1967.

* * *

In most instances the purchase price includes delivery to the site and in some instances hookup to utilities. But there are many more expenses to contend with.

First, there is rental space. In a new, modern park with streets, curbs, fireplugs, sidewalks, water lines and sewers, the monthly site rental might be about $50 a month.

The initial attachment to utilities, and the addition of a car port and a patio, might add $800 or $900 to the purchase price. A permanent foundation and landscaping, if desired, would add to the cost.

OTHER COSTS

Individual living styles will determine the remaining costs of living. Fuel in a Northern climate might cost about $90 a year. Telephone service will be the same as in a conventional home. Electricity might cost a bit less.

In a suburban New York mobile home community — this one designed primarily for retirees — a monthly bill of $80 to $85 pays for land rental, use of a recreation hall, and for utilities, water, sewage, taxes and fuel oil.

* * *

Any way you look at it, that's relatively inexpensive living. One problem with the mobile home, however, is that it simply isn't fully mobile. Now averaging 57 feet in length, the homes are too big to haul with an ordinary car.

If you do choose to move your home, be prepared to pay about $1 a mile moving costs. Most people aren't so prepared, at least for long trips, and so sell their homes and buy again in the new location.

(For helpful leaflet, send long, self-addressed, stamped envelope to Live Within Your Income in care of The Pontiac Press, Dept. E-600, P. O. Box 9, Pontiac, Mich. 48056.

Cup Essential

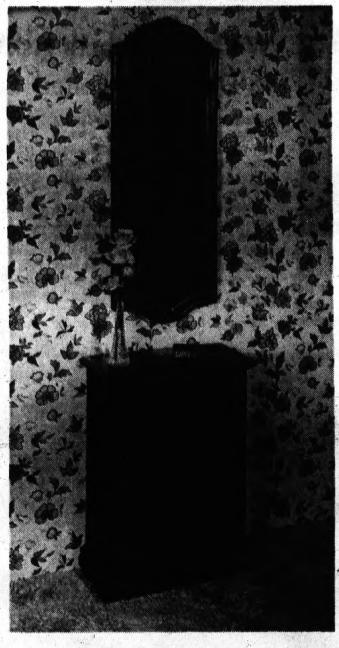

If you use cake eye makeup that requires water, a tiny aluminum cup is indispensable. It can be used at home, or thrown in a bag to travel with you.

To encourage small children to drink their milk, cut pictures of animals from old magazines and tape them to the outside bottom of their glass. Change the picture each time you give him milk.

Cotton looks fresh.

SEW SIMPLE
By Eunice Farmer

Dear Mrs. Farmer,

I just love the sheer pleated fabrics that are being used for dressy clothes and am fascinated with the way the hem sort of ruffles out. The dress I tried to copy was very expensive, so I decided to make one.

I had my fabric permanent pleated but was so disappointed when the hem didn't curl out but was pressed in very sharp and tight. Will pressing change the appearance or did I do something wrong when I had it pleated? Mary C.

Dear Mary:

My guess is that you hemmed the sheer fabric before you took it to be permanent pleated. If you did this, you would naturally have a sharp look at the hem because it would have all been pleated together. What you should have done in order to get the soft ruffled look at the hem is to actually roll the hem after the fabric was pleated.

* * *

I think you can still change your dress since you would only have to make it about one-half inch shorter than it is now. Cut off the original rolled hem and redo it. I can see your painful expression about having to do it twice, but I think the end result will be worth the extra work.

TAILOR TRIX WINNER

Miss Evelyn Spooner, Worcester, Mass., is this week's Tailor Trix pressing board winner for her following suggestion.

"I find it helpful to use white thread in the bobbin when using colored thread in the needle when I do my stay stitching. In this way I can quickly tell which is the wrong side of the material, the white thread being on that side and the color on the right side. This, in most every case is a real gem, saves lots of time and trouble since so many fabrics look almost the same on both sides."

Dear Mrs. Farmer,

I have noticed that on so many patterns, whether there are facings or sleves, the seam allowance is larger under the arm. I find this very confusing when you try to get the facing to fit the armhole after stitching it on this deeper seamline. What is the reason for the large underarm seam allowance? Mrs. J.L.O.

Dear Mrs. J.L.O.:

The reason you have two seamlines under the arm is because you usd one for the sleeveless version and the other when you apply sleeves. I have found this to be a very confusing detail for beginners to understand. A sleeveless dress must have a higher armhole than the one used for sleeves.

Carfully mark your fabric on the correct stitching line for whichever version you are going to use. Be very careful if you cut the pattern itself, I have seen some women cut the pattern on the stitching line instead of cutting it five-eighths inch above the stitching line. If you have stitched the armhole on the correct stitching line, the facing should fit perfectly.

* * *

Eunice Farmer tells you how to set-in sleeves in her helpful booklet "All About Sleeves." To obtain your illustrated copy send 10 cents and a long, self-addressed, stamped envelope with your request to Eunice Farmer in care of The Pontiac Press, Dept. E-600, P.O. Box 9, Pontiac, Mich. 48056.

Pontiac Press Photo

"Good ol' Helen Pearce Day" was celebrated Tuesday at Pine Lake Country Club with golfing in the morning and a luncheon in the afternoon. Guest of honor, Mrs. Harry S. Pearce of Sylvan Lake (center) talks golf, her favorite sport, with Mrs. Jack Witzig of Birmingham and Mrs. Harold Heffernan of Dearborn Heights. If you are 80, out on the golf course every chance you get, have a ready smile, witty quip and lots of vigor, you, too, can have your own day.

ABCs of Living Through Summer

By BETTY CANARY

A is for Antagonizing your children with stories of how you plowed, not swam, all summer. (ALL summer?)

B is for Birds and Butterflies. Whatever happened to them?

C is for Coping and, of course, you can!

D is for DDT, which just might explain the disappearance of all those birds and butterflies.

E (and I'm sorry) is for Exercise. If you like potato puff hips, just forget about it.

F is for Fairy tales, especially those about the fantastic fun found on family picnics.

G is for Grapes, Gnats, Gelatine, Gritty floors and Gum. Gum is for sticking onto hair, chairs, T-shirts and your best rug.

H is for Hoping and you may as well keep doing it.

* * *

I is for Ideas—the things children never seem to run out of for irritating parents.

J is for Jolly, as in, "Once our kids are grown, I'll do as I jolly well please!"

K is for Kindness, which is more easily bestowed during cool weather when the kids are in school all day.

L is, in all seasons, for Love. Love bears all things, believes all things, hopes all things, endures all things. (See Cor. 13:4-7.)

M is for Mind, which you're going to lose if those kids don't learn to close the freezer door.

N is for Nowhere—the place you're going to get to with your screaming about slamming doors and cake crumbs on floors.

O is for Organization and I KNOW you're going to have some around the house if you ever get the ironing done.

P is for Privacy. Everybody needs more, especially parents.

Q is for Quiet, something you'd have if you ever got some privacy.

R is for Rapping. That's what we do this summer instead of conversing. (There goes "dialogue!")

S is for Sandbox. It should be for Sand but that's been shoveled out onto the lawn, hasn't it?

T is for Television reruns.

U is for Utter stranger. (What you wish you were to those friends who drop in unexpectedly.)

V is for Vitamins. (If you also try brewer's yeast, liver and wheat germ, something's GOT to happen.)

* * *

W is for Wall-to-Wall wet towels and bathing suits.

X is for R Xylophone because you know X is ALWAYS for xylophone.

Y is for Yelling and you don't have to feel the least bit guilty about it.

Z is for Zippy — how you'll feel, once again, when summer at last, is ended.

A N.Y. Woman Becomes 102

BROOKLYN, N.Y. AP) — Her 81-year-old daughter and 79-year-old son helped Mrs. Jane Marshall celebrate her 102nd birthday here recently. Another daughter, Mrs. Lucy Laudidsen, 77, of Phoenix, Ariz., was unable to be present for the occasion.

Mrs. Marshall lives with her son, Edward, a retired singer and actor and her daughter, Mrs. Edith West, came from her home in Long Branch, N.J., for the party.

* * *

Born in London, England, she came to Brooklyn in 1890, where she has lived most of the time since. She has five grandchildren, six great-grandchildren and five great-great- grandchildren.

The Maid of Cotton program is now in its 31st year.

Plan Reunion of Principal, Students

A surprise reunion in honor of former principal, Glen Husted, 1928-1948, is planned Aug. 23 from 3 to 7 p.m. at Daniel Whitfield School. Persons who attended the school during those years are requested to bring a box lunch or to visit for a few minutes and greet Mr. Husted.

Camping Gains Fans

NEW YORK (UPI)—Forty million Americans will answer the call of the wild this year.

Summertime is peak time for this return to nature, drawing 20 per cent of the U.S. population into the growing recreation of camping.

The camping population has increased at least 15 per cent per year for the last several years. It no longer is something Dad and the boys do. It now is a family affair with an average of 4.3 to 4.7 persons per camping family participating, the figure depending on whose statistics you use.

* * *

Mom has become one of the major reasons for the increase, because camping these days is not "roughing it." It means enjoying creature comforts while at the same time giving the family a chance for off-beat recreation, making new friends, seeing new places, and not breaking the family bank.

We talked with J. Richard Williams, a longtime camping devotee and executive director of the north American Family Campers Association.

"Camping is booming not only because we want to change the pattern of urban living and get out of our rut," said Williams. "But we have the transportation . . . the wheels and we're using them. And there's more spendable income."

* * *

The "wheels" can be anything from the family car with tent and other camping equipment tied on top to more luxurious vehicles like the motorized campers.

Junior Editors Quiz on APOLLO PROJECT

QUESTION: How did the Apollo Project get its name?

★ ★ ★

ANSWER: The Greeks with their tremendous interest in thinking, were the first to really study the stars scientifically. Aristarchus actually developed the idea that the earth moved around the sun. Hundreds of years later, Copernicus proved that he was right.

Besides their scientific interest, the Greeks liked to imagine people and animals in the constellations of stars. We use the names they gave to the constellations today, such as Ursa Major, the Big Bear, Leo, the Lion, and all the rest.

Between them, the Greeks and Romans just about named all the stars and planets.

So, when in 1961 President Kennedy announced the mighty U.S. plan of landing men on the moon before 1970, it was natural to honor the pioneering Greeks by naming the plan Project Apollo — for Apollo was the important god of light, whose ability to foresee the future linked him to modern developments.

Apollo is a three-man project; others leading toward it were Project Mercury, whose spacecraft contained single astronauts, and Project Gemini, featuring two astronauts. Gemini means the twins, the name of a constellation containing the stars Castor and Pollux.

(You can win $10 cash plus AP's handsome World Yearbook if your question, mailed on a postcard to Junior Editors in care of this newspaper, is selected for a prize.)

Texan Says 'Pirates' Looted Sunken Fleet

AUSTIN, Tex. (AP) — State Land Commissioner Jerry Sadler says "pilfering, plundering and pillaging" pirates have looted the treasures from a fleet of sunken Spanish galleons off storied Padre Island.

★ ★ ★

"But we will catch them," the salty, snuff-dipping Sadler, 61, vowed at a news conference Monday.

★ ★ ★

"We will find these pirates and bring them and their booty into a court of justice if we have to trail them around the world."

Controversy has surrounded the treasure-laden vessels since an Indiana firm recovered a fortune in precious objects from one galleon earlier this year.

HIT BY HURRICANE

The ships went down in the Gulf of Mexico during a hurricane off the lower Texas coast in 1553. Their hulls reportedly contained millions of dollars in silver, gold and archeological treasures from Mexico.

All the objects recovered by the salvage firm, Platoro Ltd. of Gary, Ind., are believed to be in the possession of the Texas Land Office. But Platoro has filed suit seeking title.

★ ★ ★

A district judge has granted a temporary restraining order against Platoro, prohibiting further salvage work.

Sadler said he had just returned from the spot where the remains of the ships have lain since their discovery several years ago near the island which once was a hangout of pirate Jean Lafitte and other sea wolves.

ONLY CRATERS

"Nothing but craters are left at the site," he reported. The small amounts of silt in the scooped-out craters indicate the piracy was recent, he added.

"There's a whole lot of bound dogs mixed up in this," Sadler asserted. "There has been a smoke screen put up so others could plunder."

★ ★ ★

He said "some Texas people, some from out of state," apparently used small submarines to retrieve the treasures.

"I have tips, leads and information," Sadler declared. "When you get that many thieves somebody's going to squeal."

★ ★ ★

He said it was impossible to estimate the loss "because we don't know how much is missing."

GREAT LAKES LOG
THE *FLOYD H. BLASKE* IS ONE OF SEVEN MODERN 5000 HORSEPOWER TOWBOATS OWNED AND OPERATED BY THE AMERICAN COMMERCIAL BARGE LINE COMPANY. THE TERM "TOWBOAT" IS A MISNOMER, THEY PUSH, NOT PULL THEIR BARGES. STICKING ABOVE *BLASKE'S* SQUARE BOW ARE STEEL BEAMS CALLED "TOWING KNEES." THE BARGES ARE LASHED TOGETHER AND BRACED AGAINST THE TOWING KNEES, SO THAT BOAT & BARGES FUNCTION AS ONE SHIP. A "TOW" OF 40 BARGES IS OFTEN OVER 1,300 FT. LONG.
SUCH LONG TOWS ARE EASILY HANDLED. TRAVELING 10 MPH, TOW PILOTS ARE AIDED BY HYDRAULIC STEERING, COMPLETE ENGINE ROOM AUTOMATION, SWING RADICATOR, FATHOMETER, RADAR, RADIO AND INTERCOM TO ALL PARTS OF BOAT & BARGES.
MODERN TOWBOAT
FLOYD H. BLASKE
A TYPICAL RUN FOR THE *BLASKE* IS FROM ST. LOUIS OR CINCINNATI DOWN THE OHIO AND MISSISSIPPI WATERWAYS TO NEW ORLEANS AND BACK. THE *BLASKE* AND CREW OPERATE 24 HOURS PER DAY. THEY RECEIVE AND DELIVER BARGES, TAKE ON FUEL AND SUPPLIES, AND EVEN CHANGE CREWS WHILE ON THE MOVE, AIDED BY TUGS AND SUPPLY BOATS IN MID-STREAM. CREWS ENJOY AIR-CONDITIONED ROOMS, TV AND EXCELLENT FOOD.
BUILT RUGGEDLY TO OPERATE OVER 22,000 HOURS WITHOUT MAJOR OVERHAUL, *BLASKE* COULD MOVE UP & DOWN STREAM FOR THREE YEARS WITHOUT STOPPING OR DOCKING.

Wife's Determination Aids His Fight for Life

McALLEN, Tex. (UPI)—A year ago doctors said Gene Reynolds of McAllen was going to die. He is alive today, a tribute to the love of his wife and the stubbornness of the human spirit.

Reynolds, 39, fell from the roof of his home while painting Aug. 4, 1968, crushing his skull on cement steps. Doctors performed brain surgery but told Mrs. Reynolds her husband would not live much longer.

* * *

But Mrs. Reynolds, pregnant with the couple's 10th child, refused to accept the doctors' verdict. She traveled daily from McAllen to the hospital in Harlingen, staying at her husband's bedside for as long as 16 hours a day.

When he developed pneumonia, doctors again predicted his death, but he clung stubbornly to life. Another operation became necessary when a blood clot formed in Reynolds' throat, blocking the tube through which he breathed.

DIDN'T GIVE UP

"Everybody gave up on him but me," Mrs. Reynolds said. "I knew he would have died if I had done what they said. They wanted me to put him in a rest home and forget about him—just let him die and that was it. But I couldn't do that.

After almost a year in the hospital, Reynolds is now back home. He still can only barely move his arms and legs, and cannot talk. But he is slowly, painfully beginning to recover at least some of his faculties. Mrs. Reynolds noted he now can make sounds.

* * *

"We've been working with him and he can move both arms and both legs a little now," she said. "It's a real chore for him to do it and it leaves him completely exhausted, but he can do it.

She said her husband "never quit through it all, and I never let him."

Lake Michigan Mud Is Sifted for Minerals

HOUGHTON (AP)— Scientists at Michigan Technological University are sifting through five tons of sand and mud scraped from the bottom of Lake Michigan. Object of the chore is to see if potentially valuable minerals can be extracted economically from the dredgings.

* * *

Traces of nickel and copper have been found in the sand and mud, Michigan Tech officials said, but the most potentially valuable by-product could be manganese.

* * *

"If preliminary laboratory tests are encouraging, a pilot plant study would be initiated to demonstrate processing economics," said a Tech spokesman. "The United States currently uses 2.4 million tons of manganese per year of which 2 million tons must be imported."

Prof. M. E. Volin, director of Michigan Tech's Institute of Mineral Research, said mining of the manganese nodules found on the lake bottom "might pose pollution problems and might disturb the shoreline."

* * *

A report on the research will be given to the Geological Survey Division of the Michigan Department of Natural Resources.

The mineral-rich sand and mud was dredged from Michigan waters. Earlier geologists reported finding the manganese nodules in sands of Green Bay which lies to the south of Menominee.

Judges Suing for Pay Boosts

PHILADELPHIA (AP) — Twenty-two municipal court judges here have taken legal action to force the state to grant them pay hikes promised last January but still pending in the legislature.

Their suit filed in Harrisburg this week said failure to pay the higher salaries was working to the prejudice of the judges and to the administration of justice.

* * *

They have charged state Treasurer Grace M. Sloan and Auditor General Robert P. Casey with "arbitrarily withholding" their pay boosts.

They are being paid $12,500 a year at present. The state house has approved a bill granting the president judge a salary of $21,000 a year, judges with law degrees $20,000 annually, and lay members of the court $16,500 a year.

* * *

But the Senate Judiciary Committee amended the measure to give all of them $17,500 a year Only 7 of the 22 are lawyers.

Retirement Likened to Mail Order Bride

By JOE WING

NEW YORK (AP) — Approaching retirement must be something like approaching a mail order bride. You hope she lives up to her advance billing, but you have mental reservations.

As soon as I announced that I would retire this summer, friends and acquaintances told me: "You lucky dog. No more commuting, or office hours, or back-breaking projects. You can just loaf and enjoy yourself."

* * *

I guess so. That's what I have had in mind for quite a while. But I notice that my most enthusiastic well wishers are middle-aged men caught up in the tensions of their drives for success or for providing family funds. The ones nearing my age just say, "Good luck."

Retirement is going to be as much a change in life, I doubt not, as is marriage itself. After 50 years on the treadmill, what does an old hoss like me do when turned out to pasture?

OLD-TIMERS QUERIED

I've been putting that question recently to a lot of old-timers who have managed to survive retirement traumas.

One in particular was so discouraged at the outset that he was talking about trying to enter an old folks' home. Since then he has gotten into local politics and volunteer work and can't find time to do all the things he wants to do.

* * *

That seems to be a common refrain—"There never are enough hours in the day."

Some add there never is enough money. After all, neither your boss nor Uncle Sam ever contracted to support you in the style to which you have become accustomed.

LIVE ON PENNIES

But I used to live on hardly more than pennies, and in a pinch can do so again. And I get to thinking of all the places I've dreamed of and never visited . . . all the books I've meant to read and never read . . . the stories I've never written, the gardens I have left unmade, the friends I've never really talked to, the strange foods uneaten, the strange seas unsailed . . .

* * *

As a starter I've acquired a car with a trailer hitch. Now all I need to find out what it's all about, this lure of the open road, is a second-hand trailer.

* * *

Surely some of the projects in such an assortment will work into the pattern of this marriage-to-be. And perhaps I won't do too badly as a mail order husband.

Western 'White House' Put Up in a Hurry

California Facilities Prefab and Movable

AP Wirephoto

SUMMER QUARTERS — A portion of the three-building complex that will serve as President Nixon's summer White House is shown here. The building at the right is being used by Nixon and his staff. Prefabricated and leased from a Los Angeles company for $54,000, the facilities are on a Coast Guard base.

SAN CLEMENTE, Calif. (AP) — It took only 28 days to put up what President Nixon has chosen to call the Western White House. But you'd never guess the three-building compound near his home is both prefabricated and movable.

Nixon expects to use the facility from six weeks to two months a year. Outside it's painted mustard-colored with umber trim.

★ ★ ★

Like the Nixons' new summer home, it commands a view of the blue Pacific. And like the white stucco, red-tiled mansion that Pat Nixon has been busy refurnishing, it's tastefully decorated. Even the rest rooms are carpeted wall-to-wall.

Nixon's personal office—accented in beige—is 30 by 40 feet. A window occupies one entire wall and overlooks the ocean. But possibly to avoid distraction, the President's back will be toward the window when he's working at his desk. One wall is walnut-paneled. Two sofas face each other around an oval coffee table.

ARRAY OF FLAGS

As in Washington, an array of flags lines the north wall. They include the American, presidential and armed services.

Mementos on the walnut desk include a small green elephant and a model of the Apollo 11 lunar landing module.

★ ★ ★

One convenient feature is that the President's working quarters, built on the grounds of a Coast Guard station, are only a three-minute ride from his home. Travel is by a fleet of six golf carts—all light green.

The three buildings cost more than $129,000, with $54,000 of this for leasing privileges. Aside from Nixon's office, one of the other buildings is for staff officers and the third—some distance from the other two—is for the Secret Service, the military and the General Services Administration.

SOME WORK

Nixon plans to do some work at home, the Spanish-style residence built in 1925 which he bought for $340,000.

Some of the windows have been enlarged. Some wall papering has been done, a 25-by-40 foot swimming pool constructed, wall-to-wall carpeting has been laid and the mansion is newly furnished largely in French or Spanish motif.

★ ★ ★

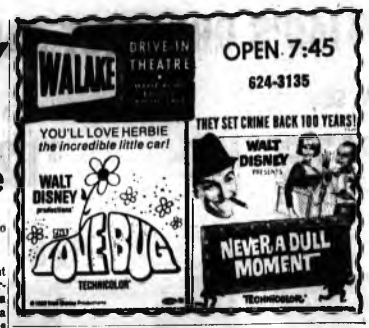

Included in main house are five bedrooms, each with a bath, a living room, sitting room, study, formal dining room, kitchen, pantry, service porch and two storage rooms.

WANT TO SELL LAWNMOWERS, POWER MOWERS, ROLLER SKATES, WAGONS, BICYCLES? USE A LOW COST PONTIAC PRESS CLASSIFIED AD. TO PLACE YOURS, CALL 332-8181.

The Jiggle Is Up

Braless Girls Need Restraints

By DICK WEST

WASHINGTON (UPI) — There are no indications the Nixon administration is alarmed over the antibra movement in this country. At least not yet.

WEST

One official with whom I discussed the matter dismissed "ban the bra" demonstrations, such as the one staged in San Francisco recently, as the work of a few extremists.

★ ★ ★

"The vast majority of women in this country are decent, law-abiding, brassiere-wearing citizens," he said.

This view, in my judgment, is shortsighted to the point of myopia. While it may be true that millions of American women have no intention of discarding their bras, it is apparent that thousands of others already have done so.

THAT'S OBVIOUS

That would be obvious even without the antibra protests in San Francisco and earlier in Atlantic City.

To ignore the braless minority is to ignore another one of the currents of unrest and discontent that are running through our society.

★ ★ ★

The Nixon administration appears to be adopting the same hands-off policy toward bras that the Johnson Administration assumed when miniskirts first made their appearance.

Johnson's advisers were convinced that the mainstream of hemlines would remain at or near the knee level. It was this miscalculation, along with certain other factors, that eventually forced his retirement.

Nixon could be painting himself into a similar corner in regard to brassieres.

SHOULD MAKE STUDY

The President should instruct Daniel Patrick Moynihan, his urban affairs assistant, to undertake an immediate study to determine whether sizable numbers of city girls are leaving off their bras.

If the reasons for the antibra movement are detected early enough, steps possibly can be taken to keep it under control.

I hardly need point out what the economic impact would be if the entire female population were suddenly to abandon brassieres. For one thing, the foam rubber industry would collapse over night.

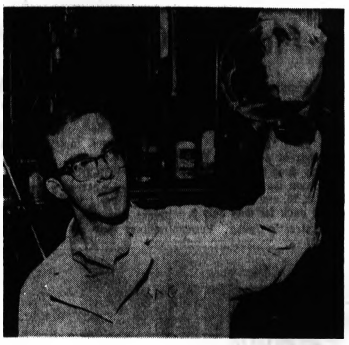

★ ★ ★

Leaving off brassieres obviously is a too drastic way to go about cooling off the economy.

LIMITED ALTERNATIVES

Under our system of government, there are only a limited number of things that the President and Congress can do to combat the trend toward bralessness.

But if bra and order is to be preserved, some sort of action is essential. The administration cannot afford to stand idly by and wait for the antibra movement to fall of its own weight.

AP Wirephoto

12-HOUR-A-DAY TASK — Fifteen-year-old Tony Zawadski of Detroit shows how he's spending the summer. Under a National Science Foundation fellowship, he's doing original research in organic chemistry with Prof. Norman Lebel at Wayne State University. He was accepted as a student there on July 16.

WSU Frosh, 15, Keeps Busy

DETROIT (AP) — Fifteen-year-old Tony Zawadzki, a third-quarter freshman at Wayne State University, says he devotes 12 hours a day to original research in organic chemistry.

"I work those hours because I enjoy it and organic reactions take a long time," said Tony, who may graduate from college before most youths his age finish high school.

★ ★ ★

Tony was admitted to the university's liberal arts honors program one day after his 15th birthday, July 16. He has already taken enough college chemistry courses and qualified high enough on the advanced placement tests to start classes in September as a third-quarter freshman.

During his three years at University of Detroit High School, he got straight A's in everything except German.

He got off to an early start in the field of science. Tony constructed his own microscope when he was 5.

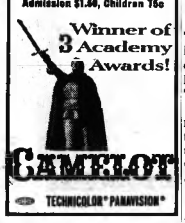

As a freshman, he is working this summer under a National Science Foundation summer research fellowship with Prof. Norman Lebel of the Wayne chemistry department. He has a Dow Chemical Co. scholarship which pays his tuition for the coming year.

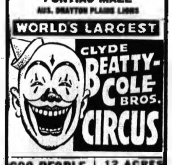

Tony's eventual plans include a career in theoretical chemistry as a university professor.

State Default Evicts 23— Temporarily

MOUNT CLEMENS (AP) — The state's failure to keep up its rent payments got a group of employes evicted from a Mount Clemens office last Thursday.

The employes of the Department of Vocational Rehabilitation (DVR) were back to work this week, but possibly only until a hearing is held next Monday.

★ ★ ★

The owner, R.C. Schmidt, had the 23 state employes evicted for nonpayment of two months rent.

An official of the state's property management division said Schmidt was "presumptive and illegal" in locking the employes out. He noted that DVR was planning to move to new offices next month anyway.

★ ★

Assistant Atty. Gen. Wallace Sagendorph personally delivered a $1,100 check to Schmidt's lawyer and then got a temporary restraining order barring Schmidt from locking th employes out again.

U. P. Merchant Dies at Age 90

LAURIUM (AP) — Funeral service will be held Thursday in Laurium for Anton W. Sibilsky who operated the Superior Pharmacy in this Upper Peninsula town for 68 years. Sibilsky died Monday at age 90. He operated the pharmacy until he was hospitalized last Friday. He was an 1899 graduate of Ferris Institute, now Ferris State College.

WATCHTOWER IN E. GERMANY — The East German people's army is erecting new concrete watchtowers along the border with West Germany. This tower is near Helmstedt, West Germany. Here a boy watches as a soldier is lifted to the top of the tower.

State GI, in Hawaii Church, Resists Return to Viet

DETROIT (AP) — A 21-year-old Michigan soldier with 40 more combat days left in Vietnam, has taken sanctuary in a Honolulu church rather than return to what he terms "legalized murder."

Spec. 4C Daniel Overstreet of the Detroit suburb of Garden City says he is willing to take the consequences for his actions from Army superiors and will remain in the church with 10 others resisting return to Vietnam.

* * *

Overstreet arrived in Hawaii in early June for a rest and recuperation leave with his wife, Bridget, 20, and was to have reported back for duty July 3.

Overstreet's father, Vernon, and his mother-in-law, Mrs. Rodney Wing, who both live in Garden City, say young Overstreet has been plagued by a predraft back injury, malaria and battle fatigue.

UNFIT FOR DUTY

His father-in-law, a Navy veteran of World War II, said he thinks Overstreet is "unfit for military duty or any kind of duty until he gets psychiatric treatment. He's mentally fatigued and battle fatigued."

"He put 10 months in over there and I think he did his part," said Overstreet's father, a World War II Army veteran.

* * *

Military authorities said they would give the servicemen inside the church 30 days to return to their posts or be charged with going AWOL (absent without leave).

If charges are filed, the military said FBI agents will be sent into the church to remove the servicemen.

The church is the nondenominational Church of the Crossroads near the University of Hawaii campus.

Church to Buy 3 Buses for Poor

COLUMBIA, S.C. (AP) — The United Methodist Church is donating $9,000 to buy three buses for transporting the rural poor to health centers.

It announced the gift Tuesday after the board of health said no state funds were available for the purpose, although lack of transportation deprived many poor South Carolinians of health services.

Sale Price of $200,000 Put on Raised Schooner

MENOMINEE (UPI) — The century-old schooner rescued from the muddy bottom of Green Bay is for sale.

But owner Frank Hoffman says the 105-foot lake relic is going to cost someone more than $200,000.

* * *

Hoffmann and Bernie Bloom, the two who refloated the old boat, met with the Menominee City Council and the Great Lakes Memorial Park Authority late last week to decide the future of the old two-masted schooner.

Hoffmann said he and his associates have had inquiries, but nothing has been offered to date. He said it will probably take several months before the ship is restored.

According to Hoffmann and Bloom, the group has about $50,000 to $55,000 invested in expenses alone in surfacing the ship. He told the council and local civic leaders he expects to get a return on the money invested, plus a profit for the time and labor on the project which started in 1967.

The vessel is expected to become a top tourist attraction.

* * *

The park authority is a community group organized to develop the Menominee Bay waterfront into a marine type museum park.

Hoffmann and Bloom indicated they have not determined when their group will sell the ship outright or lease it on a percentage basis.

CBS Provides Posh Studio for Merv's Tussle With NBC

By EARL WILSON

NEW YORK—Merv Griffin whirled me through his new playpen at the Cort Theater which cost CBS $2,500,000, and with every step he exploded with enthusiasm about the coming "Battle of the Desks and Sofas" which he enters Aug. 18 against Johnny Carson and Joey Bishop.

WILSON

"We don't know who the guest stars will be," he said. "We hear, for my opening night, for Carson, Bill Cosby. For Bishop, the Smothers Brothers. Carson's going to Hollywood and NBC says every night of Carson will be a special. I hope it is."

"Why do you hope it is?"

"I've seen a lot of lousy specials."

Merv was complimentary about his opponents. He was ecstatic about his theater . . .

* * *

"The cameras are back there," he said, pointing. "They shoot over the audiences' heads. Look at the air conditioning . . . Let's go to the control room. That's where the loot is . . ."

* * *

The Shuberts never built over a theater for a TV star before. Standing in front of it, Merv said, "We've got it locked in for 6 years."

He wasn't forecasting any ratings.

"I think there's going to be a lot of dial-clicking," he said. He will continue introducing new talent, as he feels proud of bringing Jose Feliciano, Tiny Tim, Lainie Kazan, Gloria Loring, Woody Allen, Dick Cavett and Aliza Kashi to TV audiences.

"Aliza was at the Sahbra, W. 72nd St., $200 a week," he remembered. "Now you can't buy her for $10,000."

* * *

Arthur Treacher, recovered from two illnesses, will be on the show regularly. He celebrated his 75th birthday and 50th year in show business July 21.

"But Arthur's very, very angry," Merv said. "What about?"

"His doctor says he can't drink for a year. He can't drink until he's 76!"

* * *

THE MIDNIGHT EARL . . .

Patti Page and **Charlie O'Curran** deny Hollywood rumors of their coming to a finale . . . **Bob Hope** told **Toots Shor** he's already planning his Christmas Vietnam show—but with something spectacularly different.

New in Town: **Hines, Hines & Dad**, and **Thelma Houston** at the Americana Royal Box, and comic **Jerry Shane** and singer **Michael Allen** at the Copacabana. **Allen** was a former bus boy at the Copa who a decade ago couldn't get hired as a production singer.

* * *

REMEMBERED QUOTE: "I never touch strong drink. I like it too much to fool with it."—Stonewall Jackson.

* * *

EARL'S PEARLS: Some of those stones the astronauts brought back are so valuable that even Zsa Zsa's jealous.

Veteran actor Hans Conried spends about ten months a year touring: "I get home so seldom that when I'm seen around the house, the neighbors gossip." . . . That's earl, brother.

STACKED UP — Library chairs are not the only things getting stacked up, awaiting the move into the nearly completed $3.5-million Oakland Schools administration building at North Telegraph and Pontiac Lake Road. Although the top three floors of the five-level building are pretty well settled, the mathematics projects and vocational education personnel are operaitng out of a motel until their areas in the new building are readied. Oakland Schools officials expect to complete the move by Sept. 1.

U.S. Grape Vineyard Output to Be 8 Pct. Over '68

WASHINGTON (UPI) — The U. S. Department of Agriculture reports that the nation's grape vineyards are expected to produce a crop of 3.8 million tons this year, 8 per cent more than in 1968.

California's vineyards account for 3.5 million or 95 per cent of the total. California's production of raisin grapes is up 3 per cent over last year, wine varieties are up 18 per cent and table varieties are up 17 per cent.

The other two grape-producing states in the West — Washington and Arizona — account for 2 per cent of the national tonnage.

* * *

Arizona's crop is already harvested at about the same peak as last year and is used only for fresh market. Washington State growers expect to harvest fewer grapes than in 1968, mostly because of a lighter crop of Concord.

* * *

In the East, New York, Pennsylvania, Ohio and Michigan are leading states, accounting for almost 6 per cent of the nation's expected tonnage.

Conditions on Aug. 1 indicated production in the East will be up 18 per cent from last year with much of the increase in Michigan.

Here is indicated grape production tonnage in leading states in 1969 compared with 1968:

New York, 120,000 compared to 116,000 in 1968; Pennsylvania, 35,000 compared to 37,400 in 1968; Ohio 15,000 compared to 10,000 in 1968; Michigan, 50,000 compared with 23,000 in 1968; and California, all varieties, 3.52 million compared to 3,255,000 in 1968.

Seat Belts in School Buses Unneeded, State Aide Says

LANSING (UPI) — With the public campaign demanding that Americans "buckle up for safety," many have asked why the familiar yellow buses that carry the nation's millions of schoolchildren don't have seat belts.

"If we had those seat belts we would be killing kids . . . and we haven't had a kid killed in a regular bus in 20 years," replies the state's chief education officer, Harold Wagner.

* * *

"Actually, the children are safer in the school bus as it exists now than in their own home," Wagner said.

The seats in the state's 10,000 buses have looked almost the same since such vehicles were first used to transport children years ago. And it is this design that makes the use of a seat belt dangerous, Wagner said.

A THICK RAIL

The seat normally holds two children, and has a thick metal rail running across the top.

Wagner has pictures of an experiment run by the Society of Automotive Engineers in 1967 which shows what could happen to a child wearing a regular seat belt and sitting in a school bus seat.

* * *

A sudden impact would cause the youngster to jackknife forward, striking his neck against the seat back in front of him in a "probable" fatal blow.

The child not wearing a seat belt would strike the railing with his chest, and probably pitch head-first over the seat. While his injuries would be "moderate to severe" he would have a better chance of living than the restrained child, Wagner said.

ANOTHER PROBLEM

The cross-chest belt also presents problems, Wagner said.

"You would almost have to have a supervisor on the bus to see the children didn't cut them up with a jackknife," he said. Also, the metal in the present bus floors and ceilings isn't durable enough to retain the belt mounting, he added.

* * *

"In states where seat belts are required, the transportation officers are unhappy with them," Wagner said. "The kids use the buckles as weapons and beat the other children with them, and the belts get so dirty no one will wear them."

Some parents also fear the young children will not be able to quickly remove their belts in an emergency, Wagner said.

LOWER, PADDED

To make a conventional seat belt feasible, the seats would have to be lower and fully padded, Wagner said.

"The padded seat would be best, but it would be expensive," Wagner said. "The kids would cut them to pieces."

* * *

Wagner quotes Virginia orthopedic surgeon Dr. Rolf Noer, who maintains children under the age of 10 or 11 are not well enough developed internally to wear a seat belt safely.

The immature skeletal frame does not adequately protect the internal organs, and pressures from the belt could produce injuries, Wagner said.

STATISTICS CITED

"I am firmly convinced from all the statistics we have that there is no serious injury we could have avoided by using seat belts in the buses," Wagner said.

In the 1968-69 school year, six children were killed in Michigan — all were outside the bus when the accident occurred, Wagner said.

* * *

"The children are safe inside the buses," Wagner said. "They're as heavy as a Sherman tank.

"You're 100 times as safe as in a passenger car."

St. Boniface in Detroit

Church Diversifies to Aid Poor

DETROIT (AP)—St. Boniface Catholic Church has diversified.

The century-old church sits in the middle of a community where two-thirds of the people earn less than poverty wages and the infant mortality rate is twice the city's average.

* * *

And although most of the people aren't Catholic—the community is a conglomeration of blacks, Puerto Ricans, Mexicans, Maltese and Appalachian whites — the church operates a $70,000 community service program serving the interests of the area.

The program includes:

● A 27-foot mobile community center that serves as a combination meeting hall, recreation facility, vaccination center and movie house.

● A full-time welfare worker who finds and helps people who should be on welfare but aren't.

● A youth center and dance hall.

● Weekly instruction on how to form, finance and manage cooperative housing units and, earlier, classes on rental corporations.

HELP FORM CO-OP

The program also helped the Spanish-speaking Mexicans and Puerto Ricans form a cooperative housing corporation to build low-cost housing eventually. The co-op has already applied to the Archdiocese of Detroit for a $100,000 grant to get going.

And because many welfare families could not afford the down payments for co-ops, the black community formed a rental organization.

* * *

"We asked the community what it wanted, then we tried to help people get those things," explained the Rev. Father Norman LeZotte, the assistant parish priest who heads the program's seven-man staff. "We try to phase ourselves out as soon as possible and let community leaders take over."

* * *

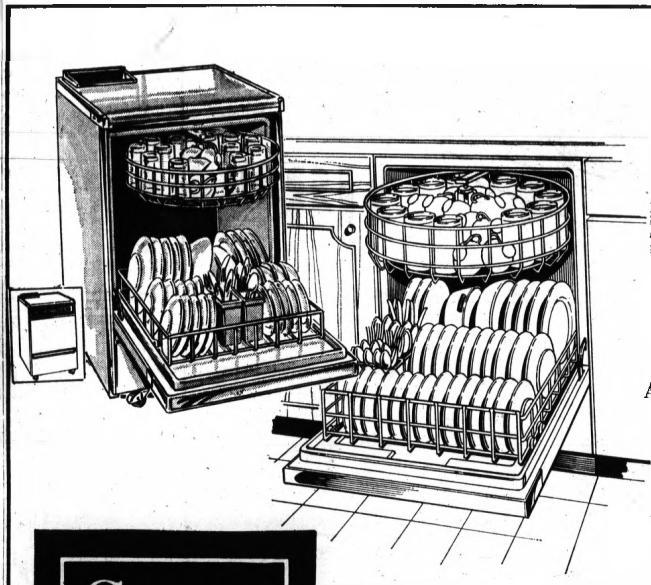

The church may get phased out sooner than they expected. The Archdiocese has not renewed the $70,000 annual budget of the program, and it may grind to a halt Sept. 1 for lack of funds.

* * *

Father LeZotte thinks the church failed to act because the program was too radical.

* * *

"The church is hung up on preserving the Catholic parish system," he said. "We spend $90,000 to keep open the school which serves 300 kids and can't fund the center which tried to serve the 10,541 people in the parish."

4-Cycle Front-Load Portable Dishwasher

Drug Influx Stirs Stiffer Curbs on Air Traffic From Mexico

WASHINGTON (AP) — Hedge-hopping pilots running in narcotics from south of the border are prompting the United States to tighten its traditionally lax boundaries with Mexico.

The Federal Aviation Administration has announced it plans firmer restrictions on flights between the two countries because of increasing use of aircraft to escape detection at the Mexican border.

* * *

The main concern, the FAA said in a notice of proposed rules in the Federal Register, is that illegal air traffic involving narcotics can create flight hazards.

Low-altitude radar and pursuit aircraft currently are used against violators, the FAA said, concluding that "any pilot committed to escaping these devices may be expected to engage in extremely dangerous flight techniques."

In order to escape detection at the border, narcotics smugglers operate from unprepared landing areas and in weather conditions beyond their flying capabilities, the FAA said.

Under the proposed regulations all pilots flying civil aircraft between Mexico and the United States would have to file flight plans and radio position reports. Pilots lacking a two-way radio would have to land at the nearest designated airport of entry and file an arrival notice.

* * *

Currently, there are no flight plan or radio position reporting requirements.

The new rule would provide identification for the aircraft and pilot, name the takeoff and destination airports, routes and altitudes to be flown and give departure and arrival times.

* * *

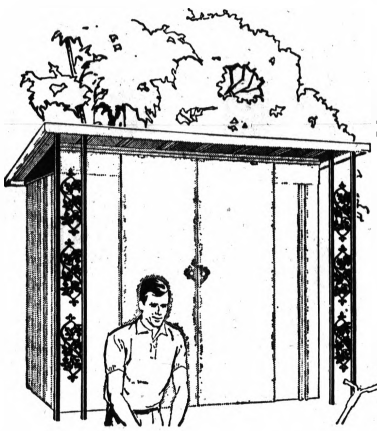

The FAA could suspend or revoke the pilot certificate of any violator. Or it could suspend the operating certificate of the owner or lessee when the airplane is owned or leased by an airline, commercial operator, air travel club or air taxi operator.

* * *

The Bureau of Customs reported that 8 per cent of the marijuana seized along the border during the first three quarters of the last fiscal year was involved in airplane cases.

LIGHT UP—Boston Celtics' general manager Red Auerbach (left) has his cigar lit by E. E. Erdman, president of Trans-National, following the announcement in Boston of the sale of the NBA Celtics for $6 million. In on the sale celebration are Stephen Haymes, president of Ballantine Corporation, in on the purchase, and Jack Waldron (right) president of the Boston Celtics. The company is in Seattle, however the team will stay in Boston.

O. J.'s Debut May Emphasize Passing

O. J. Simpson may be the country's most heralded runner at this time, but Friday night's game between the Detroit Lions and Buffalo Bills could be a passing circus.

Simpson, who finally signed his contract with the Bills last Saturday, entered training camp for the first time yesterday and took part in light drills.

He is expected to see some action Friday against the Lions, but it is doubtful he will do much running.

Buffalo coach Johnny Rauch, pro football's winningest coach by percentages, had indicated he will pass far more this year than Buffalo has done in the past.

The Bills were the poorest passing team in the AFL last season primarily because all four quarterbacks, Jack Kemp, Tom Flores, Kay Stephenson and Dan Darragh were hospital cases.

OUT FOR SEASON

Kemp, who guided the Bills to two AFL championships, was injured in a freak training camp drill and did not play at all last season.

Not only the passers, but the Bills' receivers were hurtling with injuries and inexperience.

* * *

Haven Moses, the speedster from San Diego State and whom the Lions were ready to pick in the draft behind Buffalo in 1967, Richard Trapp and Monte Ledbetter are now healthy and experienced. They are the key targets for Kemp and Flores who will probably share the duties Friday.

The Lions' were satisfied with their passing attack in the loss to the Kansas City Chiefs, having produced 330 yards through the air with Bill Munson and Greg Landry quarterbacking.

EASY TARGETS

The big lapse for the Lions was on defense as Kansas City found a couple easy targets with their long aerials.

Buffalo has a 1-1 exhibition record, having knocked Vince Lombardi and Washington Redskins off their perch last weekend, 21-17.

* * *

Game time Friday is 8 p.m. and the addition of Simpson to the Buffalo squad has added another 10,000 to crowd estimate. A crowd of 35,000 is expected. Tickets can be obtained locally at the Hudson store in the Pontiac Mall.

Wings Schedule 12 Exhibitions

DETROIT (AP) — The Detroit Red Wings announced their 1969 exhibition schedule this morning. The 12-game schedule is the longest in five years since the team played 13 in 1964.

The Wings open Sept. 21 against Los Angeles in Port Huron, followed on the next two nights by games against Montreal in Halifax, Nova Scotia.

After a two-day respite they will resume action against Boston in London, Ont., followed by Boston the next night at Port Huron and Minnesota the following night at Bloomington.

The Wings then play a lone game against Los Angeles Sept. 30 in Barrie, Ont. before an Oct. 2 meeting with New York in Detroit's Olympia Stadium and a game against the American Hockey League's Cleveland team in Cleveland Oct. 3.

AWAY GAMES

On the next two nights the Wings play Fort Worth and New York, both at their homes. The Wings close up their schedule Oct. 8 against Boston in Boston.

The Wings managed an 8-2-1 record in their 11 preseason games last year.

Open training camp begins Sept. 12 with about 60 players expected.

Bowie Kuhn Expected to Gain Owners' OK

SEATTLE (AP) — Bowie Kuhn, protem commissioner of baseball since last February, was expected to become the game's full fledged boss today at the formal session of the annual summer meeting of the major leagues.

Owners of the National and American League teams met behind closed doors Tuesday, but it was learned both groups have given Kuhn unanimous approval.

The New York attorney, who was the National League's legal representative for 10 years, received the temporary appointment last February as successor to William Eckert under a $150,000 one-year contract. The terms and length of his new contract were not learned.

Price Tops $5 Million

Celtics Sold to NY Firm

BOSTON (AP) — "The Celtics are synonomous with championships. Red Auerbach is snyonymous with championships. We think it's a privelege to pay $6 million for the team."

Thus the president of a New York holding company explains his group's thinking in paying what he believes to be the highest price ever for a basketball franchise—topping the $5 million spent by Jack Kent Cooke to bring the Lakers to Los Angeles several years ago.

"Our confidence is based on the market location, the historical support of the franchise and the management team," E. E. "Woody" Erdman, board chairman and president of Trans National Communications Inc. added at a news conference announcing the transaction Tuesday.

Erdman and his associates said they couldn't understand anyone even thinking in terms of moving the team from the city where it has flourished over the past dozen years or so as probably the greatest dynasty in pro sports history.

"We'll keep them here, of course," said George Kokines, another official of the company. "Where else would we put them? The tradition is here."

Kokines also expressed the hope that the change in ownership might be a factor in influencing Bill Russell to reconsider his recently announced retirement as player-coach.

"I like to think that there's a greater chance of his coming back now," he said. "Our company has a lot of things to offer to a man in his position."

* * *

Auerbach was described by Erdman as a key to the firm's interest.

"Players come and go, but Red is always there and he's always been successful," Erdman said.

He added that his firm wants to lengthen the current contracts of both Auerbach, who holds the title of general manager and executive vice president of the Celtics, and Jack Waldron, president of the team, and to make both men vice presidents of the parent company.

U.S. Amateur Another Stop for Pete Green

JACKSON — Pete Green of Orchard Lake Country Club, having one of his best years in Michigan golf, is going for another big one — the U.S. Amateur Championship at Oakmont, Pa., Aug. 27-30.

The Michigan Amateur champion shot 70-70—140, four under par, Tuesday at Arbor Hills Country Club to lead four qualifiers in the Michigan trials. It will be his ninth shot at the national crown.

* * *

Green was the only player in the field of 75 to break par. The other three spots went to Fred Becker, 36-year-old Richland salesman; Mark Krause, 20, a student at Trinity Texas University from Ann Arbor, and 19-year-old Bob Schumacker of Fort Wayne, Ind., who plays for Miami (Ohio) University.

All are first time qualifiers.

Becker shot 73-71—144, Krause 71-73—144 and Schumacker 74-70—144.

ALTERNATE SPOT

The first alternate spot went to Hunter McDonald of Birmingham who defeated John Grace, 72-73—145 of Grosse Pointe in a one-hold playoff.

Gene Eyler of Oakland Hills, 71-75—146, is the third alternate.

'Just Like Office Job'

'Laughing Boy' Beard Favorite in PGA

DAYTON, Ohio (AP) — Frank Beard insists it's tough to be a "laughing boy" and at the same time a success on the PGA golf tour.

"When you talk about a $7 million business you have to be serious," the year's leading money winner, a 6-1 favorite in the 51st PGA Championship starting Thursday, said today.

* * *

"For me, it's like getting up and going to the office every day. It's a job. Like most jobs, it's not fun. It's not drudgery, but it's not fun.

"I think most of the other guys on the tour feel the same way. They are afraid to let it be fun. If they do, they know there are 50 or 60 fellows behind them to whom it is a cold, methodical business.

CAN'T RELAX

"Relax a little bit and they'll smother you like a swarm of locusts."

Beard, 30, a product of Louisville whose $50,000 victory two weeks ago boosted his season's winning to $155,187.49, is a man whose demeanor and deportment match his philosophy.

He is a most implausible looking golf hero. He wears horn-rimmed spectacles. He is bulging at the waist. In an age of flashy attire, he dresses conservatively. He is completely lacking in so-called color.

* * *

Frank knows this and acknowledges it.

"When I sink a long putt, I am not inclined to break into a war dance or a broad smile," he said. "It isn't my nature. I think I am as outgoing and enjoy life as much as the next guy.

"I'll drink a beer. I'll play cards. I'll go for the razzmatazz, but not on the golf course. That's my office. For me, the sign is always out, 'Man at Work.'"

Beard said he felt that Lee Trevino's effort to develop a loquatious Yogi Berra personality after winning the 1968 U. S. Open had really worked to the detriment of the wise-cracking Mexican-American from El Paso, Tex.

* * *

"Here is a tremendous golfer," Beard said. "But nobody can tell me that a player can keep up a constant conversation with the gallery and talk to himself on the back-swing and still produce his best golf.

"Maybe Trevino can show me that it has fattened his bank account from endorsements and so forth, but he'd have to prove it to me."

* * *

The young Kentuckian admitted that security for himself, his wife and two children was the driving force behind his pro golf career.

Ex-Curtis Cup Golfer U.S. Amateur Medalist

IRVING, Tex. (AP) — Mrs. Teddy Boddie of Shreveport, La., a slender, accurate-shooting, former member of the Curtis Cup team, captured medalist honors in the 69th U.S. Women's Amateur Golf tournament Tuesday by one shot with a 147 total-three over par.

Mrs. Boddie three-putted five times but still managed a six-over-par 78 to go with her 69 over the heat-seared, par 72 Las Colinas Country Club course.

Mrs. David Welts of Mount Vernon, Wash., 74-74; Martha Wilkinson, Anaheim, Calif., 73-75; and former U.S. Women's Open champion Catherine LaCoste of St. Jern-De-Luz, France, 74-74 each finished a stroke behind.

Rookie Bengal Allows Angels Only 3 Hits

DETROIT (AP) — Mike Kilkenny completed his first major league game as a Detroit pitcher and then rushed to the hospital to tell wife Carolyn about his first major league hit.

* * *

While he was there he took another look at his first born, son Rory Erin, a five-poundered who arrived six weeks early and left Tiger Manager Mayo Smith a good bit more nervous than the new father. It all happened within 10 hours.

* * *

"It happened too quick," said Kilkenny after holding the California Angels to three hits and posting a 7-1 victory for the Tigers. "There wasn't time to get nervous. The baby arrived nine minutes after we got to the hospital."

Manager Smith said he let Kilkenny take the mound after the 23-year-old new father showed up at Tiger Stadium "very cool and confident."

"He's got possibilities," said Smith. "But one night, one game doesn't make the difference."

MATTER OF VALUES

The native of Bradford, Ont., said immediately after the game that he couldn't decide whether he valued most the complete game, the fourth inning single which drove in a run or the new baby.

"In half an hour," he conceded, "it'll be that boy."

He gave batting coach Wally Moses credit for the unusual style which turned the tight pitch into a sharp hit past the third baseman.

* * *

"I was going away and when I hit it I was almost down on all fours," Kilkenny said. Moses joked that he wouldn't advocate that style for most players.

The Tigers gave Kilkenny an important three-run lead in the first inning when Mickey Stanley, who walked and advanced on Tom Tresh's single, scored on Jim Northrup's single to right center. Tresh then scored on a Norm Cash single and Northrup crossed the plate on a sacrifice fly lofted by Tom Matchick.

HOME RUN

Kilkenny, now 2-2, gave up the only California run in the fourth inning when Bubba Morton slapped his fifth home run of the season into the lower left field stands.

* * *

The Tigers responded in the bottom of the fourth with two runs on singles by Matchick, Freehan, Kilkenny and Tresh. Kilkenny's single scored Matchick and Freehan scored on Tresh's single. Matchick finished the night with three hits in three times at bat while Tresh went three for four including a home run. In all the Tigers rapped four Angel pitchers for 11 hits including seven off loser Andy Messersmith, now 10-8.

Simpson Starts Drills

No Helmet, to Fit O.J.

By the Associated Press

The Buffalo Bills shelled out a reported $350,000 to nail O. J. Simpson's signature to an American Football League contract but forgot one minor detail —a helmet.

Even before the heralded Heisman Trophy winning halfback from Southern California trotted out to make his pro debut in a scrimmage Tuesday at the Bills' training camp in Niagara Falls, N.Y., it was revealed that Buffalo didn't have a helmet which would fit the elongated face of Simpson.

★ ★ ★

So until a specially-made helmet is airlifted in from California, the highest paid rookie since the merger of the AFL-National League in 1966, who signed a four-year pact Saturday after holding out four weeks, will not be able to join in any contact drills.

However, the 22-year-old Simpson did work out in a two-hour drill wearing uniform No. 36. Simpson wore No. 32 in college but that number is worn by veteran running back Gary McDermott.

The Bills, 1-1 in exhibition play, will face the NFL Detroit Lions Friday in an exhibition game.

DIFFICULT SYSTEM

"I'll be ready to play Friday. Mentally though it may be difficult because this is a difficult system to learn here," Simpson said.

Elsewhere in the AFL, the champion New York Jets, 1-1, worked out in preparation for their Sunday game with their arch-rivals of the NFL, the New York Giants, 0-1.

And Coach Weeb Ewbank of the Jets said Joe Namath will play at least half of the game in the Yale Bowl at New Haven, Conn.

★ ★ ★

"He wants to play and he needs to play," Ewbank said. "But we also have to find a No. 2 quarterback. So Babe Parilli and Al Woodall also will play."

Meanwhile, Allie Sherman, coach of the Giants, said that Fran Tarkenton will play as long as the Giants have a chance of winning this first ever battle between the two New York teams.

"We're going to play our best football players. We want to get an idea of just how good we are. We're going to play to win," Sherman said.

WALKING PAPERS

Elsewhere, Marlin "The Magician" Briscoe, first Negro quarterback to pilot a major pro football team for an extended time, was made a free agent by the AFL Denver Broncos.

Lou Saban, coach and general manager of the Broncos, said that none of the other nine AFL clubs claimed Briscoe for the $100 waiver price.

The Broncos had placed Briscoe on the injured list last week but Briscoe told reporters he was not injured. He claimed the Broncos just wanted to get rid of him.

★ ★ ★

A statement from the Denver club said that Briscoe left camp voluntarily and would have had an opportunity to show what he could do had he stayed.

The AFL Boston Patriots cut four players, including the team's No. 1 draft choice of four years ago, offensive lineman Karl Singer.

Others released were tight end Barry Gallup from Boston College and receivers Bill Murphy Jr., and Tom Whittier.

Over in the Chicago Bears' NFL camp offensive guard George Seals walked out, and owner George Halas said Seals would be fined $200 for every practice day he misses.

Seals left camp Monday night but would not discuss the reason. Reportedly, it was a contract dispute.

★ ★ ★

Halas added that Seals will be fined an additional $1,000 for each pre-season game he misses. The Bears face Green Bay in Milwaukee Saturday night.

AP Wirephoto

BIG BILL FOR BILLS—O. J. Simpson, the costly possession of the Buffalo Bills, had his first day of training with the team in Niagara Falls, N.Y., yesterday. Simpson agreed to a contract estimated at $300,000 last Saturday, however, when drills began yesterday and he was issued equipment, it was learned there wasn't a helmet around to fit him. He will make his first appearance Friday night against the Detroit Lions in Tiger Stadium.

Tresh Homers; Matchick Hot

(Continued from Page D-1)

The Tigers completed the scoring in the seventh on Tresh's homer which banged off the upper deck rails in right center field and hits by Willie Horton and Matchick. Horton singled and scored from first on Matchick's double with the hit-and-run in effect.

★ ★ ★

Kilkenny, who said the early three-run cushion helped a great deal, struck out 10 in the victory.

★ ★ ★

"The cushion makes it easier," he said, "but I've been known to blow those cushions. They gave me two runs in Chicago the other night and I came right back and gave them four."

Roseville in Finals

Local Junior Hopes Tumbled

There'll be no local representative in the state junior baseball Class F or E finals.

Pontiac and Waterford's hopes both tumbled yesterday in the regionals, though the township's McDonald's Drive-In entry in Class E reached the finals only to lose to Roseville, 3-0.

★ ★ ★

Waterford managed only two hits off Craig Stout of Roseville who received his three-run cushion in the third inning when he doubled home two mates and circled the bases as the ball was misplayed in leftfield.

Earlier McDonald's eliminated Saginaw, 8-5, as triples by George Persinger and Ken Peters in the first inning and second-inning doubles by Jim Trzos and Gordon Sheldon plus Mike Woodhull's homer highlighted two four-run eruptions.

TOO MUCH EDGE

Roseville had bounced Pontiac's jittery Eriksen's Tigers, 7-5, scoring six times in the opening inning to offset the losers' 12-10 edge in hits.

★ ★ ★

The Class F competition found Roseville ousting the Police team of Waterford, 6-3, in 10 innings on home runs by Dave Bucholtz and Bob Osmalski and the combined four-hit, 11-strikeout hurling of Len Laster and Jim Moore who blanked the losers over the final nine innings.

Roseville then advanced to the state finals with a 6-3 trimming of East Detroit who earlier had eliminated Saginaw, 8-5.

Angels' Catcher Has 2 Fractures

DETROIT (AP) — California Angel catcher Tom Egan, beaned in the seventh inning of Monday night's 3-1 Angel win over the Detroit Tigers, has two small skull fractures, X-rays showed Tuesday.

Preliminary X-rays taken Monday night had indicated Egan had not suffered a fracture when beaned by pitcher Earl Wilson, but a second set indicated he had.

Kamin Fires Qualifying 71

Tam Champ Tops State Open Field

Blair Kamin, the club champion at Tam O'Shanter, led the qualifying field for the Michigan Open Golf Championship, by firing a one-under-par 36-35 — 71 at Gowanie Country Club yesterday.

A record number of 302 players entered the competition and there were 125 in the qualifying field at Gowanie.

Kamin, an amateur, was followed by three pros, all of whom fired a 72.

Doug Main of Flint had 36-36 —72, Dick Delano Jr. of Pontiac had 38-34 — 72 and Harry Barrett of Birch Run had 37-35 — 72.

HOT PUTTER

Kamin, who had a red hot putter in the qualifying, said, "I think that must have been someone else putting. I'm not normally that good of a putter."

Seventeen pros and 36 amateurs qualified, and at the bottom of the 53 qualifiers was Vern LaVasseur of Northville, who tied at 79 and had to play off with eight other players for the last eight spots.

He defeated Jerry Holmquist of Caro after four extra holes to gain that spot.

The youngest qualifier was 17 years old John Fox a student at Mount Clemens High who shot a 37-40 — 77.

The $8,500 Michigan Open is slated for Bedford Valley CC near Battle Creek, Aug. 22-24, with a field of 180 shooting for the largest purse in history of the tournament and $1,100 going to the winner.

Lead Extends in WMGA for Mrs. Panasiuk

The second round of the Women's Metro Golf Association 54 hole medal play tournament continued yesterday at Bob O-Link Golf Club and Mrs. Nick Panasiuk moves far ahead of the field with a 77 for a 159 total.

★ ★ ★

Mrs. Panasiuk of Windsor, Canada, twice a winner in the WMGA weekly play, fired a 42-35 yesterday with a 50 yard approach shot on the 11th hole for an eagle two.

Mrs. Henry Pramick and Mrs. Midge Cova are six strokes behind the leader with 165 totals.

The tourney ends today.

CHAMPIONSHIP FLIGHT

Mrs. Nick Panasiuk	82- 77	—159
Mrs. Henry Pramick	83- 82	—165
Mrs. Midge Cova	80- 85	—165
Mrs. Max Evans	79- 87	—166
Mrs. Frank Langford	81- 88	—169
Mrs. Harold Weir	85- 90	—175
Mrs. George Todd	87- 90	—177
Mrs. Leonard Kruskie	86- 91	—177
Mrs. George Schade	91- 88	—179
Miss Isobel Burrell	90- 88	—178
Mrs. Don Sheppard	89- 90	—179
Mrs. George Sullivan	88- 99	—188

FIRST FLIGHT

Mrs. Floyd Vernier	89- 86	—175
Miss Phyllis Chandler	86- 90	—176
Mrs. Joseph Reed	94- 95	—189

SECOND FLIGHT

Mrs. Dale Freed	88-100	—188
Mrs. John Kary	95- 94	—189
Mrs. William Pate	97- 96	—193

THIRD FLIGHT

Mrs. George Kendrick	98-101	—199
Mrs. Ray Gilcock	102-100	—202
Mrs. King Symington	100-103	—203

State 'Am' Champ Paces Qualifying

(Continued from Page D-1)

The fourth spot went to Joe Grace Jr., 72-75—147 of Grosse Pointe, who cut cards with Sam Kocsis, 72-75—147 of Grand Blanc and Fred Behymer Jr., 76-71—147 of Lansing.

Bill Zylstra, 17-year-old Grand Rapids player, scored a hole in one on the 161-yard 10th hole in the morning while shooting a 70, but soared to an 83 in the afternoon.

QUALIFIERS

Pete Green, Franklin	70-70—140
Fred Becker, Richland	73-71—144
Bill Schumaker, Ft. Wyne, Ind.	74-70—144
Mark Krause, Ann Arbor	71-73—144

ALTERNATES

1—Hunter McDaniel, Birm.	73-73—145
2—John Grace, Grosse Pte.	72-73—145
3—Steve Eyler, Birmingham	74-72—146
4—Joe Grace Jr., Detroit	75-72—147
5—Fred Behymer Jr., Lansing	76-71—147

M.G.'s Miller Blanks Talbott in Playoffs

Veteran southpaw Walt Miller shook off a nagging arm ailment to keep the city men's baseball regular season leader M.G. Collision in the 1969 Class A playoffs with a sparkling 7-0 conquest of Talbott Lumber last night at Jaycee Park.

Miller, recording his first victory in a month, stymied Talbott on two hits — doubles by Stan Babiuk and Keith Deaton — and whiffed 13 for his eighth mound triumph of the season.

The left-hander struck out two batters an inning from the fourth to the eighth frames in flashing the form that earned him the circuit's Most Valuable Player Award two years ago.

★ ★ ★

Teen-age lefty Rob Clancy actually outpitched Miller for the first four innings, yielding no hits and fanning nine men (8 out of 10 in one stretch), but hit rough going in the fifth.

BREAKTHROUGH

After one was out, a single and walk set up two runs. Catcher Ron Kind singled in the first and a resulting misplay in center field allowed the second runner to cross the plate, too. Miller then doubled home his batterymate.

Another error let in the fourth run of the inning, and errors in the seventh and eighth innings set up the other M.G. scoring opportunities. Talbott was charged with seven errors, though only one run was unearned.

★ ★ ★

M.G. now will play again Friday night in the losers' bracket semifinals against the loser of tonight's winners' semifinal between the R.T. Clippers and Teamsters-614, the third and fourth-place teams during the regular season.

Favorites Get Winning Start

Susan Barle Winner in First Round

The annual match play championship of the Women's District Golf Association began yesterday at Tam O'Shanter Country Club without teen age star Bonnie Lauer who is playing in the National Amateur tournament.

Nancy Patch of Farmington and Susan Barle of Indianwood, a couple of favorites, won their first round matches.

★ ★ ★

Miss Patch defeated Mrs. Robert McKee of CC of Detroit 2-1 while Miss Barle, playing in the upper bracket, won over Mrs. Fred Adams of Orchard Lake, 6-5.

Emily Gail, the medalist of the qualifying Monday, ousted Mrs. T. H. Guething of Orchard Lake, 2-up, while past champion Mrs. John Hume of Flint won over Mrs. Louis Schwartz of Tam O'Shanter, 6-5.

CHAMPIONSHIP FLIGHT RESULTS

Emily Gail, Grosse Ile, def. Mrs. T. H. Guething, Orchard Lake, 2 up; Mrs. John Hume, Senior member, def. Mrs. Louis Schwartz, Tam O'Shanter, 6-5; Susan Barle, Indianwood, def. Mrs. Frederick Adams, Orchard Lake, 6-5; Mrs. Bruce Hilberg, Indianwood, def. Mrs. L. W. Smead, Oakland Hills, 4-3.

Nancy Patch, Farmington, def. Mrs. Robert McKee, Country Club of Detroit, 2-1; Cathy Hendrickson, Atlas Valley, def. Margaret Watkins, Country Club of Detroit, 5-4; Mrs. Charles F. Bigelow Jr., Detroit, def. Mrs. Phillip DeGuerre, Redford, 4-3; Mrs. Phillip DeGuerre, Redford, def. Helen Grummell, Plum Hollow Golf Club, 6-4; def. Mrs. Albert Cernick, Tam O'Shanter, 4-4.

RETURN OF REGGIE—Reggie Jackson of the Oakland Athletics dives back to first base safely ahead of the attempted pickoff try by Baltimore's Boog Powell. Powell took a throw from Clay Dalrymple after Sal Bando struck out. Baltimore won the game, 4-3.

Reggie's Blast Can't Overcome Birds, 4-3

By The Associated Press

It was a bad day for Oakland, despite Reggie Jackson's 42nd home run, and it was a dismal day for Minnesota, despite peace in the clubhouse.

The A's wasted Jackson's tying two-run homer in the ninth inning when Baltimore scored in the bottom of the ninth for a 4-3 victory, and the New York Yankees hit the Twins harder than the Twins hit themselves in a 10-3 rout.

In other games, the Chicago White Sox blasted erring Boston 10-5, Cleveland edged Seattle 6-5 and Kansas City beat Washington 6-3.

In the bottom of the ninth Jackson, without a homer in his last 55 trips to the plate and 38 at bats, followed a walk to Jose Tartabull with nine out in the ninth with his belt over the right centerfield fence off winner Pete Richert, 6-3. It tied the game 3-3, but the Orioles, going for their seventh victory in eight games, didn't stay impressed long.

In the bottom of the ninth with one out, Curt Motton walked, Don Buford, who homered earlier, beat out a bunt and Paul Blair singled in the winning run.

The loss ruined Oakland's chance to take over the lead in the West Division from the Twins, who stopped swinging punches at each other and instead took one on the chin from the Yankees.

The Yankees, winning their ninth game in 10 starts, scored eight runs in the seventh inning — their biggest inning since July 2, 1965 — to overcome a 3-2 deficit. Gene Michael tripled in the tying run and reliever Al Worthington walked in two runs. After Len Boehmer's run-scoring hit, Bill Robinson singled in two runs and Horace Clarke tripled for the final two.

A two-run homer by loser Jim Kaat, 11-9, and a solo shot by Leo Cardenas had put the Twins ahead before they lost their fifth in a row.

Ken Harrelson and Duke Sims stroked consecutive homers, climaxing a tie-breaking five-run fifth inning for Cleveland's victory.

★ ★ ★

Kansas City overcame Lee Maye's two-run homer in the first inning when Ellie Rodriquez singled home one run and two more scored on consecutive squeeze bunts by Jackie Hernandez and winner Wally Bunker, 7-9, in the second. Rodriguez then singled in the decisive run in the third for a 4-2 lead.

Baseball's New Teams Hike Gate

NEW YORK (AP) — Big league baseball is on the ball this season as far as attendance is concerned with the turnstiles clicking much more frequently than last year for the Chicago Cubs, Atlanta Braves and Washington Senators.

However, most of the 15 per cent increase registered in the majors to date can be attributed to the expansion of both circuits from 10 to 12 teams.

An Associated Press survey revealed today that the over-all attendance for the 24 teams is 19,413,241 compared with 16,901,345 for the 20 teams in 1968. This is a gain of 2,511,896.

The expansion teams, though, Montreal and San Diego in the National League and Kansas City and Seattle in the American, have combined to attract 2,430,368 to their home games. Thus, the over-all increase for the 20 teams which operated in the majors in 1968 is only 81,528, or four per cent.

The Expos are leading the new clubs with a home attendance figure of 802,057. Kansas City is next with 653,137 followed by Seattle, 500,957, and San Diego, 474,217.

The Cubs, pacing the NL's East Division standings, show the largest attendance hike in either league. They are 408,758 ahead of last year. Atlanta is up 221,053 and Washington 203,543 over 1968.

Nine other clubs show increases. They are Cincinnati, 148,989; Baltimore, 93,135; the New York Yankees, 90,754; Houston, 69,479; Boston, 50,703; Minnesota, 43,513; the New York Mets, 31,203; the Los Angeles Dodgers, 22,699, and Pittsburgh, 5,495.

The figures through Sunday's Games:

National League

Club	Home Dates	1969	1968

Unser Hits 148 at Dover Downs

DOVER, Del. (AP) — Bobby Unser sped a turbo-powered Offenhauser around Dover Downs International Speedway at an unofficial 148.125 miles per hour Tuesday, nearly 20 m.p.h. better than the world's record for Indianapolis- type cars on a mile track.

The 1968 Indianapolis 500 champ was testing tires and said he was trying to reach 150 mph on the banked track at Dover.

Woman Registers Ace

Donna Philpot, 6581 Northview, Independence Township, scored a hole in one Monday on the 145-yard ninth hole at Clarkston Golf Club.

I BET YOU DIDN'T KNOW

By John Carter

Want some good advice to give to youngsters who are learning to play baseball? . . . Joe McCarthy, who managed the Yankees to eight pennants in the 1930s and 1940s, once listed these nine points as important for anyone who wants to be a good ball player . . . (1) Take your bat off your shoulder if you want to become a .300 hitter . . . (2) Outfielders who throw the ball behind the runner lack the born after the throw is gone . . . (3) When you start to slide, slide; he who changes his mind may change a good leg for a broken leg . . . (4) Don't alibi on the bad hops; anybody can stop the good ones . . . (5) Look ahead, not backwards, on the bases . . . (6) Don't throw the ball to the base after the runner is there; a ball in the hand is safer than the one in the air . . . (7) Don't try to throw the ball before you catch it . . . (8) Nobody ever became a good ball player by walking after the ball . . . (9) Don't find too many faults with the umpire; you can't expect him to be as perfect as you are.

★ ★ ★

Here's quite an oddity from boxing . . . Anytime a heavyweight championship fight has been held in Madison Square Garden in the last 53 years, the champion has never lost his title! . . . No challenger has ever been able to beat the champion in any heavyweight title bout at Madison Square Garden in all this time, and through all those fights.

★ ★ ★

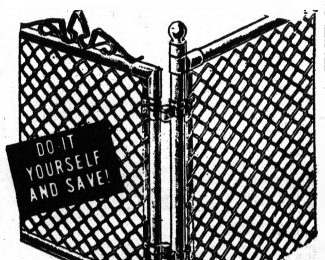

I bet you didn't know . . . that when we sell you a tire, we're more concerned with the strength of its sidewall than the color of it. Some salesmen aren't. See one of our Pros; we care.

TEE-UP 'HIGH' CONSISTENTLY

DO NOT EVER LET THE CONTOUR OF THE FAIRWAY DICTATE HOW HIGH YOU TEE UP. SOME PLAYERS TEE THE BALL LOW IF THE FAIRWAY SLOPES DOWNHILL AND HIGH IF IT RISES IN FRONT OF THE TEE. THIS IS AN ERROR THAT LEADS TO INCONSISTENT SHOTS.

EXCEPT, POSSIBLY, IN WIND CONDITIONS, YOU SHOULD ALWAYS TEE THE BALL HIGH ENOUGH SO THAT WHEN THE CLUBHEAD RESTS ON THE GROUND ABOUT HALF THE BALL SHOWS ABOVE IT. IF YOUR SWING IS CORRECT THE CLUB WILL BE SLIGHTLY ABOVE THE GRASS AT IMPACT AND WILL MEET THE BALL SOLIDLY.

Season Finalists to Meet

Add 4 Teams to Slowpitch Playoffs

Two more divisional playoff winners were determined Tuesday night and the finals pairing of the last playoff was set up in the city men's night slowpitch softball program.

Reliable Transmission, already champions of the regular "B" League race, trimmed the Pontiac Press, 16-11, to gain the American Division berth in the post-season playoffs.

It will oppose Peterson's Beauty Salon, who downed Bob & Ken's Bar, 11-5, in the National Division finals. Peterson's and Reliable were the league finalists during the regular season, too.

* * *

Last night's other contest saw Conn's Clothes hit for the cycle in the bottom of the seventh to pull out a 12-11 decision over J. A. Fredman's and advance to the "A" League American division finals against up-set minded Miracle Lounge.

That winner will meet The regular-season titlists, The Congregation, who won the A-National Division playoffs.

INDUSTRIAL PLAY

In the morning Industrial Slowpitch eliminations, Art & Lil's Bar eliminated The Hornets, 4-2, and the Green Dragons ousted Perry Drugs, 15-10, in the American Division.

Valwood Realty sent the L.J.'s to the sidelines, 20-11, and Billy Leffew's one-out single in the eighth inning moved the Filthy Few past the Rejects, 5-4, in the National.

* * *

Reliable and The Press were knotted, 10-10, after the Pressmen rallied for seven runs in the fourth. But Gary Hayward's two-run homer (his third roundtripper of the game) sparked the transmission team to a five-run sixth.

Bill White had a single, two doubles and a triple for the winners, while Duane Gallero cracked a solo homer and clutch two-bagger for The Press.

FAST START

Four runs in the first and six in the second — Jim Ewald singling in both outbursts — sparked Peterson's big win. Pete Ugolini had three singles in Bob & Ken's 14-8 hitting edge.

Fredman's erupted for three runs in the top of the seventh to take an 11-9 lead over Conn's. John Fowler and Ivan Martinez had home runs earlier for the construction crew.

* * *

But in the last of the seventh, Felix Brooks led off with his third straight circuit clout for Conn's, Hank Thomas bombed a triple, Don McConner's single tied the score and No. 4 hitter Cy Green ripped a double (his third hit) to end it.

* * *

Tom Simpson's two singles, double and triple featured the Green Dragons' victory; and Doug Kloska's RBI-double in the fourth gave Art & Lil's its tight win.

Valwood pounded 18 hits and scored in every inning to romp past the L.J.'s. Every player for the winners had a hit and scored at least once.

Township 'C' Team Advances

Waterford Township's entry in the District Class C Softball Tournament at the Drayton Plains diamond jolted its South Oakland County rival, 10-0, last night.

But Day's Sanitary then ran into a rough Carrigan Realty outfit from Holly and suffered a 5-3 defeat to join South Oakland's Ball Real Estate in tonight's losers' bracket.

John Herrington tossed a six-inning no-hitter in blanking the Royal Oak squad for Day's in the opener.

BIG INNING

Dick Cooper drilled a run-scoring single and Ben Traxler followed with a two-run double in the clinching five-run fourth inning.

Herrington struck out six and the only runner reached on a fifth inning error after he'd retired the first 14 batters.

But in the nightcap, Carrigan jumped on Jerry Thomas for three runs in the first, Wayne Rowe, singling home two and scoring on Les Lindsley's two-bagger, and added another in the second on a passed ball after Ken Foss led off with a two-base hit.

LOSES MOMENTUM

Pete Landino doubled and scored in the first, and singled in a teammate in the second but Day's couldn't generate enough offense after that against Roger Voorheis.

* * *

Day's meets Ball Real Estate again at 8:30 p.m. following the Class B District opener between Royal Oak's Vasu-Lynch Funeral Home and Waterford's Spencer Floor Covering at 7 o'clock.

The Milford Merchants topped Daily Record Leaders 6-2 last in the states District 7 playoffs in Lansing.

This gives Milford a 2-0 record in the playoffs after the come from behind victory over the Leaders.

* * *

Milford dropped behind 2-1, but in the fourth inning scored three runs.

Earnest Miller colleted three rbi's with a double and a homer and teammate Jim Koresky homered with one on for

Top Prices Paid at Wolfson Farm

SARATOGA SPRINGS, N.Y. (AP) — Harbor View Farm, owned by Louis A. Wolfson, disposed of 39 yearlings and 12 broodmares Tuesday for a total $451,000 during the opening half of a two-day auction of Wolfson's thoroughbred properties.

Bayard Sharp paid top price of the sale when he acquired a chestnut yearling filly by Francis S. from First Success for $75,000. She is half sister to six winners including Exclusive Native, Exclusive Nashua, Irvkup and Kellow Marsh.

Burns Takes Golf Title

Gerald Burns won the Stonycroft Golf Club championship this week, with Jim Riddering taking runnerup honors.

Other flight winners were Tom Graham, first flight; Don Brownlee second flight and Dennis Manza, third flight.

Lansing Next for Firebirds

Licking their wounds after a 24-6 defeat in Lackawanna, N.Y. last Saturday, the Pontiac Firebirds return to the practice field this evening anxious to get back into a battle for the Central Division lead of the Midwest Football League Saturday night against the Lansing Stars at Wisner Stadium.

The Firebirds and Lansing are tied at 1-1 in the Central Division, while Lackawanna and Dayton are tied with 2-0 in the Lakes division.

Pontiac and Lansing have one thing in common this season. Both teams have lost to Lackawanna, which allowed each team just six points.

Head coach Tom Tracy is attempting to iron out the problems the Firbirds had on offense which set up three Lackawanna scores with errors.

If past records are any indication the game with Lansing could be another high scoring contest.

UNBEATEN MARK

Since joining the MFL, Pontiac holds a 6-0 advantage in the series against Lansing, having scored 194 points against 94 for the Capitol City team.

The Stars have been bolstered this year by the addition of several ex-Michigan State gridders including Dick Kenney the barefoot kicker from Aiea, Hawaii.

In 1965, Kenney had a highly productive season with 20 of 23 extra points tries and 11 of 17 field goal attempts, finishing with 53 points.

* * *

In 1964 he kicked a 49 yarder against Southern California. He finished at MSU with 19 field goals.

Tom Eifert, one of the Firebirds' top runners in 1968, is now carrying the ball for the Stars. He returned to Lansing when that franchise was reinstated this season.

The kickoff Saturday is 7:30 p.m. Season tickets for the last six home games are still available. Game tickets can also be purchased at VFW Post 1370, Bob-Ken's, Griff's and Osmun's downtown.

Expos Slice Redlegs Lead in NL's West by Twinbill Win

By the Associated Press

The rain that fell on Phil Niekro and the Braves in Atlanta Tuesday night was nothing compared to the unexpected storm the Cincinnati Reds encountered in Montreal.

* * *

And when the skies had cleared and the dust had settled, the crowded race in the National League West was as muddied as ever.

* * *

By sweeping a twi-nighter from Cincinnati 8-3 and 5-2, the lowly Expos sliced the Reds' lead in the NL West to two games over Atlanta, 2½ over Los Angeles and San Francisco and three over Houston.

Meanwhile, for the second time in two weeks, the Braves and Niekro were rained out a big lead—this time 5-0—in the fourth inning of a game with Philadelphia.

Elsewhere, Los Angeles shocked St. Louis 5-2, San Francisco bet Pittsburgh 6-3, Houston shaded New York 8-7 and the Chicago Cubs blanked San Diego 4-0, stretching their lead in the NL East to 8½ games over the Mets and Cardinals.

STREAKS END

The Reds, who outlasted a 2½-hour tornado to beat Philadelphia Saturday night, invaded Montreal with a five-game winning streak while the Expos had lost six in a row. But the Expos, led by Coco Laboy, started their thunder in the first inning of the opener and never let up.

* * *

Laboy drove in five runs, three in the first game, and pitcher Steve Renko, who won the opener with a seven-hitter, Rusty Staub and Adolfo Phillips belted solo homers, while the homer-happy Reds settled for two-run shots by Alex Johnson in the opener and Johnny Bench in the nightcap.

* * *

Laboy singled in two runs in the very first inning of the evening and added another with a grounder in the third as the Expos grabbed a 6-0 lead. He had a run-scoring single in the first inning of the nightcap and doubled home the final run in the seventh.

* * *

Niekro, seeking to become the NL's first 17-game winner, was breezing along when the rains came in Atlanta. It was exactly two weeks to the night after Niekro had an 8-0 lead washed out in Philadelphia.

Another loser was Henry Aaron, whose 30th home run went down the drain.

Bobbi Miller Wins

Pontiac city champion Bobbi Miller won the Farmington Country Club championships with a 54 total of 246. Mrs. Charles Fox was runnerup with 260.

Kennel Club Show 'Booms' Into Wisner

Record 1,434 Dogs Going Before Judges

The dog show boom keeps getting louder.

Interest is becoming so great that many sponsoring clubs are having difficulty finding adequate facilities for indoor shows.

The Pontiac Kennel Club has been constantly plagued with this problem for its January production, and now spacious Wisner field is beginning to look a little cramped for the annual summer show.

However, there is sufficient room to handle the 1,434 dogs that will be on the field Sunday starting at 9 a.m. This is a record by more than 200 dogs.

* * *

An indication of the rise in dog show interest can be shown by PKC summer entry figures.

In 1965, there were 775 entries. Last year the total topped 1,200. Last January's indoor who would have drawn 1,000 except for a lack of space.

Poodle fanciers should have a field day Sunday. William Burrow of Cheshire, England, will judge 115 miniature, toy and standard poodles starting at 11 a.m. He also will select the Best-in-Show winner of The Pontiac Press Trophy.

Other large entries among the 96 breeds scheduled to be shown are 68 Doberman pinschers, 63 German shepherds, 60 Irish setters, 49 Afghans, 46 smooth dachshunds, 40 Dalmatians, 30 Great Danes, 28 St. Bernards, 42 Basset hounds and 31 Briards.

The Briard people will hold their national specialty show in conjunction with the PKC event and the entry is a record for the national.

Some of the more unusual breeds that will be shown include Bernese mountain dogs, Great Pyrenees, Bouvier des Flandres, Rottweilers, flat-coated retrievers, pulik, harriers, bullmastiffs and Irish Wolfhounds.

OBEDIENCE ENTRIES

PKC officials were somewhat disappointed in the obedience entry which numbers 59. They had expected between 75 and 100.

The bench portion will keep 10 judges busy in nine other rings. Group judging is expected to get under way about 4 p.m. and the best-in-show should be known about 6 p.m.

This is an unbenched show which means the dogs can be removed from the grounds once eliminated from competition. Best time for spectators to see the majority of breeds will be from 10 a.m. to 3 p.m.

* * *

The youngsters will get a chance to show their handling ability in the junior showmanship competition at 3 p.m. This can be one of the more interesting portions of any dog show, particularly when a small lad or lassie tries to keep a frisky Irish setter or other large canine under control.

CONFUSING TIME

Most spectators at a dog show get confused by the judging procedure. Breed selection is the most difficult to understand.

Each breed is broken down into various classes — puppy, American-bred, novice and so forth. The females and males are judged separately in each class.

Then the female class winners compete against each other with one lady dog coming out on top. The male class winners are then judged.

The top male and female are then paraded before the judge and the canine selected is best of winners with the runner-up rated best of opposite sex.

BEST-BEST-BEST

Waiting in the wings while this is going on are the champions of record or open dogs. The best of this class is picked and run off with the best of winners for best of breed.

The best of breed winner then goes into group competition.

The various breeds are placed in six groups — sporting, hound, working, non-sporting, toy and terrier. The six group winners vie for best-in-show honors.

The Pontiac show will be preceded by the one at Traverse City Friday and another at Flint Saturday. Both have record entries.

Dog Show Schedule

Following is the judging schedule for Sunday's Pontiac Kennel Club Show at Wisner Field. The number of entries in each breed is in parenthesis:

RING ONE
Judge: William Burrow
9 a.m. — Brussels Griffon (1), Italian Greyhounds (7), Boston Terriers (20). 10 a.m. — Yorkshire Terriers (24), French Bulldogs (1). 11 a.m. — Keeshonden (7). Miniature Poodles (44).
1:30 p.m. Pomeranians (36), Standard Poodles (21). 3:30 p.m. — Toy Poodles (30).

RING TWO
Judge: Mrs. James E. Clark
9 a.m. — Golden Retrievers (12), German Shorthaired Pointers (19). 10:15 a.m. — German Wirehaired Pointers (9), Pointer (1), English Setters (15).
11:15 a.m. — Labrador Retrievers (19), Brittany Spaniels (11), Gordon Setter (1).
2 p.m. — Irish Setters (60), Flat Coated Retrievers (5). 3:45 p.m. — English Cocker Spaniels (19), English Springer Spaniels (17).

RING THREE
Judge: Mrs. M. Lynwood Walton
9 a.m. — Dalmations (40). 10-inch Beagles (5). 15-inch Beagles (6). 11 a.m. — Whippets (13). Noon — Basset Hounds (42).

Judge: George C. Spradling
3 p.m. Longhaired Dachshunds (17). Wirehaired Dachshunds (8). 3 p.m. — Smooth Dachshunds (46).

RING FOUR
Judge: Mrs. Winifred L. Heckmann
9 a.m. — Airdale Terriers (12). Smooth Fox Terriers (4). Colored Bull Terrier (1). White Bull Terrier (1). Cairn Terriers (20). 10:30 a.m. — Wire Fox Terriers (10). Kerry Blue Terriers (6). West Highland White Terriers (11).
11:30 a.m. — Miniature Schnauzers (26). 1 p.m. — Australian Terriers (10). Scottish Terriers (12). Welsh Terriers (3). 2 p.m. — Dandie Dinmont Terriers (4). Black Cocker Spaniels (7). Ascob Cocker Spaniels (14). 3 p.m. — Parti-colored Cocker Spaniels (9). Bedlington Terriers (6). Skye Terrier (1).

RING FIVE
Judge: Dr. Richard P. Greathouse
9 a.m. — St. Bernards (28). 10:15 a.m. — Rottweilers (5). Rough Collies (21). 12:15 p.m. — Doberman Pinschers (48). 3 p.m. — Shetland Sheepdogs (19).

RING SIX
Judge: Heyden H. Martin
10 a.m. — Basenjis (22). Saluki (1). Scottish Deerhound (1). 11 a.m. — Afghan Hounds (49). — Norwegian Elkhounds (24). 2:30 p.m. — Borzois (4). Irish Wolfhounds (11).

RING SEVEN
Judge: Lee E. Murray
9 a.m. — American Foxhound (1). Harriers (1). Alaskan Malamutes (17). 10 a.m. — Siberian Huskies (23). Belgian Sheepdog (1). Belgian Tervuren (1). 11 a.m. — Bernese Mountain Dogs (5). Great Pyrenees (10). Bouvier des Flandres (20).
12:30 p.m. — Briard Sweepstakes Entries (7). — Briards (3). 2 p.m. — Chow Cows (4). Pulik (11). Giant Schnauzers (8). Rottweilers (2).
3:30 p.m. — Mastiffs (2). Old English Sheepdogs (22). Standard Schnauzers (3). Pembroke Welsh Corgis (4). Bullmastiffs (4). Shih Tzus (3).

RING 8
Judge: Cecil Y. Smith
9 a.m. — Newfoundlands (12). German Shepherd Dogs (63). 12:15 p.m. — Great Danes (23). 1:45 p.m. — Weimaraners (14).

RING NINE
Judge: Mrs. Byron Nieman
10 a.m. — Pugs (12). Bulldogs (11). Affenpinscher (1). 11 a.m. — Smooth Coated Chihuahuas (12). Papillions (3). Long Coated Chihuahuas (9). Miniature Pinschers (8).
12:15 p.m. — Pekingese (14). Samoyed (9). 1:45 p.m. — Lhasa Apsos (17). Silky Terriers (10). Maltese (16).

RING TEN
Judge: Lay P. Green
9 a.m. — Utility Obedience (8). 10:15 a.m. — Open A Obedience (11). Noon — Open B Obedience (6).
Judge: Norman L. Kern
1 p.m. — Novice A Obedience (2). 3:45 p.m. — Novice B Obedience (13).

RING 11
4 p.m. — Group Judging followed by Best-in-Show.
Junior Showmanship will be in Ring Eight at 3 p.m.

One-Day License

Michigan's special one-day trout and salmon fishing license for the Great Lakes has been broadened to cover all species of fish legal in those waters as well as Lake St. Clair. The recent legislative session authorized the special license, costing $1.10. Wives of fishermen with the license can fish free.

AP Wirephoto

NEW HARVESTING PLAN — Mature salmon such as these being passed through an egg taking station will be given to licensed fishermen or sold for a nominal fee. Because of the high pesticide residue in the fish, the commercial market is no longer interested. Department of Natural Resources and Michigan State University experts maintain proper cleaning and cooking make the salmon safe for eating.

Coho Salmon May Bypass Festival in Their Honor

The coho navy is ready to sail this weekend at Manistee, but the salmon may decide to bypass the festival.

Last year at this time, numerous schools of salmon were beginning to congregate off the Manistee and Platte rivers to make spawning runs.

Except for an occasional report in the Muskegon area, the salmon have been conspicuous by their absence. One reason could be that this year's maturing fish may be late spawners like those in 1967.

If this is the case, then the action won't get started until around Labor Day.

On the Lake Huron side, salmon fishing is poor. The school off Oscoda has disappeared, but the cohos are expected to move into Tawas Bay before too long.

CHINOOK WATCH

Anglers in the Muskegon area are keeping an eye on the Muskegon River for the first run of mature chinook salmon. These fish could average over 20 pounds.

* * *

Otherwise, bluegill and bass fishermen keep trying their luck with average success. Pontiac, Lakeville and Orion lakes have been producing fair catches of bluegills and some bass are being taken from Pontiac.

* * *

Walleye fishing remains fair on the St. Clair River near Port Huron and big perch are biting in Saginaw Bay from Linwood to White's Beach.

The Gladwin district office of the Department of Natural Resources reports that huckleberries are beginning to ripen and the outlook is for good picking.

Deadline Near for Summer 'Ducks' Picnic

Friday is the deadline for turning in reservations for the first annual summer picnic of Michigan Ducks, Unlimited, at Dodge 10 state park.

The picnic will be Aug. 24 at 1 p.m. A roast beef dinner will be served at 3 p.m. and program includes a duck calling contest, movies and games.

Tickets are $7 per family and can be obtained from Dale Nance, 2421 Ridge, Highland.

Pere Marquette on Study List

The Pere Marquette River in northwestern Lower Michigan is among 27 streams that will be studied for possible inclusion in the National Wild and Scenic Rivers System.

The departments of Interior and Agriculture will conduct the studies which are expected to be completed in 1973. The Pere Marquette is the only Michigan stream on the list.

Cool July Aided Ducks

WINNIPEG, Manitoba (AP) — Ducks Unlimited says a cool July with well-distributed rainfall maintained the excellent waterfowl breeding conditions which have prevailed since early spring.

"As a result, the 1969 waterfowl breeding season may well turn out to be the most productive since 1956 — not in terms of total ducks, because the breeding population still is well below that of 13 years ago — but in terms or production from available breeders," said DU's monthly report.

Tailor-Made Lifesaving Gear Okayed

LANSING (AP) — Three new types of lifesaving gear tailored for various boating situations have been approved by the U.S. Coast Guard, reports the State Department of Natural Resources.

The so-called special purpose devices include a racing sailor's vest, a ski or jump jacket and a hunting float jacket. The last is designed with waterfowl hunters in mind.

Robert Dyke, head of the department's boat and water safety section, said the special gear was approved following a five-year testing and research program.

* * *

Dyke said all agencies dealing with water safety have been concerned because too many people won't wear standard life preservers even though they are required by law.

Many people complain standard life preservers are too bulky or too uncomfortable, Dyke said.

Failure to use such gear is one of the major causes of drowning deaths in Michigan and across the nation, the water safety expert said.

* * *

The new gear is tailored to provide maximum freedom of movement, warmth and protection from the weather. The Coast Guard has approved the three types for boats less than 40 feet long not carrying passengers.

Dyke urged those interested in the special equipment to look for labels certifying approval by the Coast Guard and the Yacht Safety Bureau.

Waterfowl Hunters May Need Scorecard

Michigan duck hunters will need a scoreboard this fall if a request to use the point system of determining bag limits is approved by the Bureau of Sport Fisheries and Wildlife.

The request to federal officials was made last week by Department of Natural Resources representatives during the Mississippi Flyway Council meeting in Biloxi, Miss.

John S. Gottschalk, director of the BSFW, said yesterday that Secretary of the Interior Walter J. Hickel will announce Friday the waterfowl shooting regulations for 1969.

The point system bag limit, tried experimentally in Colorado, establishes a maximum number of points in ducks a hunter may take daily. Each specie of duck is assigned a certain number of points and the sexes also may be broken down numerically.

POINT SPREAD

Ducks in short supply, such as mallards, would be assigned more points that scaup which are plentiful. The mallard drake would be worth fewer points than the mallard hen.

Michigan officials indicated to the federal people that they would like the point system on a state-wide basis, but would take experimental areas if that isn't possible.

"There is a good chance we may get the system statewide," said Howard Greene, Pontiac Lake district game biologist, who was in Biloxi.

* * *

If only an experimental program is offered, he said, the system probably would be tried at the Shiawassee game area near St. Charles.

Michigan's waterfowl management programs and the caliber of personnel conducting the programs received high praise from federal experts at the flyway meeting. This was a primary reason why Michigan was able to request the point system and get indications of a favorable response.

LONGER SEASON

However, what federal officials say in one part of the country and what eventually comes out of Washington can be two different things.

* * *

One thing is about certain. Michigan will be offered 40 duck hunting days, 10 more than last year. DNR officials will ask the Natural Resources Commission to approve a median of No. 1 which is five days later than in the past.

* * *

The commission will meet tomorrow and Friday in Marquette. Because Interior is to announce the federal framework for waterfowl hunting Friday, Michigan should be able to firm up its seasons the same day.

Should the point system be rejected or offered only for experimental areas, the regulations probably will be four ducks a day — one more than a year ago — and not more than two mallards, two wood ducks and one canvasback and redhead in the daily bag.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's Solunar Tables.

Eastern Standard Time

Day	A.M. Min.	A.M. Maj.	P.M. Min.	P.M. Maj.
Today	5:15	11:30	5:30	12:00
Thursday	5:55		6:15	12:05
Friday	6:40	12:25	7:10	12:55
Saturday	7:30	1:20	7:55	1:40
Sunday	8:15	2:05	8:45	2:25
Monday	9:00	2:50	9:30	3:15
Tuesday	9:55	3:45	10:20	4:05
Wednesday	10:50	4:40	—	5:00

In Walled Lake

Shutout Again for Penny

The Penny Electrics ended the possibility of two deadlocks in the Walled Lake Industrial Slowpitch Softball races with another shutout win last night.

Bill Penny allowed only six hits in recording his sixth whitewashing of the summer as Penny trimmed Imperial Molded Products, 6-0.

Scoring two runs in the second, fourth and sixth innings, Penny posted its 15th victory in 17 outings. This clinched first place for it in the "B" League ahead of Liberty Tool (14-3).

* * *

The loss by Imperial (13-4) also killed its last hopes of catching "A" leader Michigan Building Components (15-2) though they meet tomorrow night.

Dave Wedge's first of three two-baggers was followed by Frank Fink's home run in the second for all the runs Penny needed.

* * *

Carpentry Engineering handed the Wixom Athletics a 13-2 surprise defeat in last night's other contest. Ron Cotner and Ken Russell combined for seven safeties and six RBI's. Carpentry scored seven times in the second and four more in the third.

Pass	3♣	Pass	4♣
Pass	Pass	Pass	

Opening lead—♥2

By OSWALD and JAMES JACOBY

Today's hand would be a field day for superperfect players. Perfect players sitting North and South would stop short of game. This North and South didn't.

After this failure of perfection in bidding, perfect players sitting East and West would find a defense to beat the game contract. One way would be for West to open a diamond and East to put him in later on with the king of hearts in order to ruff a diamond with the deuce of trumps. Or three rounds of trumps played immediately would ruin South's chances.

★ ★ ★

East and West were good players. West made the normal opening of the deuce of hearts. East took his ace and played out three rounds of trumps.

This left South with the problem of avoiding a club loser. The odds favored finding the queen of clubs in the East hand so Good Player South tried the club finesse and went down.

A superperfect player would have no trouble making the hand. He would realize that West held the king of hearts since East had won the first heart trick with the ace.

★ ★ ★

He would also mark West with the queen of clubs, relying on clairvoyance rather than any idea of probability.

Once West was marked with both those key cards, South would simply run off all trumps and diamonds to come down to three clubs in his hand and the ace-three of clubs and queen of hearts in dummy.

Poor West would be squeezed out of his protection for the queen of clubs in order to hang on to the king of hearts and South would just cash out the clubs.

The CARD Sense

Q—The bidding has been:

West	North	East	South
	1♣	Pass	1♠
Pass	3♣	Pass	4 N.T.
Pass	5♥	Pass	5 N.T.
Pass	6♥	Pass	7

You, South, hold:
♠AK984 ♥Q65 ♦AK104 ♣2
What do you do now?

A—Bid *seven spades.* At worst there will be a reasonable play for this and it may well be a sure thing.

TODAY'S QUESTION

Instead of showing two kings your partner has bid six diamonds to show one king. What do you do now?

Answer Tomorrow

Astrological Forecast

By SYDNEY OMARR

For Thursday

BEST BUYS: Typewriters, wool for knitting, silk by the yard, files, dress patterns, materials for sewing, health foods, antiseptics and medicines.

★ ★ ★

ARIES (March 21-April 19): Enjoy basic tasks by varying routine. Sense of humor is great asset. Enlarge horizons. But continue with proper approach. One of your associates may come up with far-fetched scheme.

TAURUS (April 20-May 20): Your creative urges are accented. You are not likely to be satisfied with status quo. Tendency is to break from routine. Young persons can help you establish new lifestyle.

GEMINI (May 21-June 20): Study TAURUS message. Your ideas are fine. If you have courage to put them to use. Some around you may lack faith. But you can build foundation today for real and profitable progress.

CANCER (June 21-July 22): Respect property rights of others — demand same respect for your own possessions. Some, including relatives, may pose dilemma. Be fair but firm. Articulate your needs, demands.

LEO (July 23-Aug. 22): Decide just how you can help and it could be highlight of day. Tendency is to indulge in speculation. Wise course would be to conserve financial assets.

VIRGO (Aug. 23-Sept. 22): Take a chance on your own abilities. Superficial desires may not be fulfilled but major points are put across. Many observe. Dress attractively. If necessary, be aggressive.

LIBRA (Sept. 23-Oct. 22): Fire for dining out, attending theater. Your good taste, artistic tendencies shine. You are paid meaningful compliment by one you respect. Ride with the tide — enjoy yourself.

SCORPIO (Oct. 23-Nov. 21): Accent on how you relate to those with similar goals. Don't be apprehensive concerning one who seems to express doubt. Obtain hint from LIBRA message. You do get what you need.

SAGITTARIUS (Nov. 22-Dec. 21): Promotion, special recognition is due. But don't force issue. Many things come to you today. You don't have to chase after them. Key is to be receptive and ready.

CAPRICORN (Dec. 22-Jan. 19): Definite indications today that events, environment subject to change. Long journey could be in offing. Certainly good to keep communication lines clear. News received personally.

AQUARIUS (Jan. 20-Feb. 18): Interest in occult, unusual subjects is stimulated. You could meet someone who seems to possess extrasensory perception. Be respectful, but not in awe.

PISCES (Feb. 19-March 20): Accent on marriage, partnerships, legal affairs. Communicate. Ask questions, obtain answers. Don't make definite move until all facets are considered. Continue with waiting game.

IF THURSDAY IS YOUR BIRTHDAY you are vibrant, often the life of a party. You are a natural entertainer and seem to have talent along literary lines. A meaningful experience is on horizon.

Army Engineers Get Floral Award

SAULT STE. MARIE (AP)—The Army Corps of Engineers, famous for building huge bridges, locks and other massive construction projects, got an award for flowers Tuesday at Sault Ste. Marie.

★ ★ ★

The city's Beautification Council presented its annual award to the gardeners at the Soo Locks Park, which is operated by the Corps of Engineers.

Trudeau's Accuser Treated 'for Drugs'

VANCOUVER, B.C. (AP) — A 17-year-old youth who has accused Canadian Prime Minister Pierre Elliot Trudeau of assaulting him was discharged from a hospital Tuesday after observation for a suspected overdose of drugs.

★ ★ ★

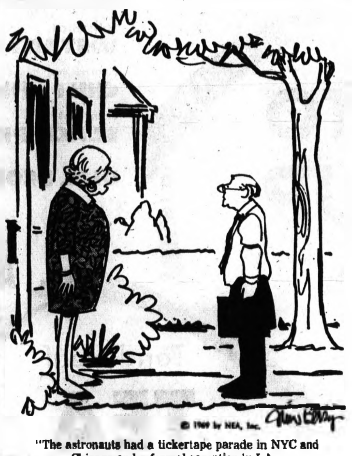

Richard Bruce Jesmer, a laborer from Niagara Falls, Ont., was admitted to the emergency ward of Vancouver General Hospital. The hospital would say only that he was fit enough to leave Tuesday night.

★ ★ ★

A justice of the peace is to rule Friday on whether prosecution should proceed on Jesmer's complaint accusing Trudeau of common assault during a demonstration here last Friday night.

In 1967, about 4,500 auto service stations went out of business while 6,600 new ones were built.

Salads at Their Best in the Summertime

CUBES O' CRANBERRY GELATINE

Smooth, Rich Salad for Hot-Weather Eating

With the advent of hot weather comes cool dishes, and one of the best of the chilly group is chicken mousse.

This new version, Chicken Mousse Jubilee, teams the diced chicken with salad dressing, celery, green pepper, pimento and a judicious combination of seasoning to give nip to the basic ingredients.

CHICKEN MOUSSE

3 envelopes unflavored gelatine
3¼ cups cold chicken stock, divided
¼ cup lemon juice
1½ teaspoon salt
¼ teaspoon Tabasco
1 cup salad dressing
4 cups finely diced cooked chicken
1 cup finely diced celery
¼ cup minced green pepper
1 tablespoon minced pimiento
1 cup heavy cream, whipped

Sprinkle gelatine on 1½ cups of the stock in saucepan to soften. Place over low heat, stirring constantly, until gelatine is dissolved, about 5 minutes. Remove from heat; stir in remaining 2 cups stock, lemon juice, salt and Tabasco.

* * *

Cool slightly; gradually blend into salad dressing. Chill until mixture mounds slightly when dropped from a spoon. Mix in chicken, celery, green pepper and pimiento; fold in whipped cream.

* * *

Turn into an 8-cup melon shaped mold or 2 4-cup molds or pans. Chill until firm. Unmold and surround with salad greens, tomato and egg slices. Yield: 12 servings.

Frosting on Cake Seals in Moisture

The "frosting on the cake" is frequently said to mean a "sweet extra." Which it is. And more, for besides embellishing, sugar-made frosting keeps cake fresh. Frosting excludes surface air that can cause dry staleness, and thereby holds in moisture.

That's why the layers of a many-tiered wedding cake can be made days ahead. They will stay fresh during the time necessary to fill, frost and finally decorate with sugar shapes and symbolic wedding images.

Colorful and cool, here's a salad that will capture an audience for "looking 'n eating" as soon as it appears on the table! It's an unusual combination of cranberry cubes, slivers of honeydew, juicy balls of watermelon and fresh blueberries, all combined to make a dramatic, luscious-tasting fruit salad.

CUBES O' CRANBERRY FRUIT SALAD

2 envelopes unflavored gelatin
3 cups cranberry juice cocktail
Juice of 1 lime
1 honeydew melon
1 cantaloupe, cut into balls
3 cups watermelon balls
1 cup fresh blueberries, rinsed and drained.

* * *

Soak gelatin in 1 cup of the cranberry juice. Put over low heat and stir until dissolved. Stir in remaining cranberry juice and lime juice. Pour mixture into an 8-inch square pan. Chill until firm.

* * *

Peel honeydew and cut into 12 wedges. Arrange wedges in a bowl. Place cantaloupe balls, watermelon balls, and blueberries between and over honeydew wedges.

* * *

Cut cranberry gelatin into cubes and sprinkle cubes over entire salad. Makes 6-8 servings.

* * *

Honey Fruit Dressing: To prepare dressing, combine ¾ cup salad oil, ¼ cup lemon juice, 1 teaspoon salt, 1 teaspoon sugar and ½ cup honey. Beat until well blended. Chill and pour over salad.

When you want to serve a truly luxurious salad, make it with lobster. With chopped hard-cooked eggs, celery and green pepper, it is a filling main dish for luncheon. The dressing is a zesty combination of mayonnaise, sour cream and dry mustard.

Add crisp crackers or hot rolls, iced tea and your favorite dessert for a perfect hot weather menu.

South African

6 (3 oz.) South African rock lobster tails
¾ cup mayonnaise
¼ cup sour cream
1 teaspoon dry mustard
6 hard-boiled eggs, chopped
1 cup diced celery
¾ cup finely chopped green pepper
crisp salad greens
green pepper rings

* * *

Drop frozen South African rock lobster tails into boiling salted water. When water reboils, cook for 3 minutes. Drain immediately and drench with cold water. Cut away thin underside membrane, remove meat from shell, dice and chill.

To make sauce, combine mayonnaise and cream with dry mustard. Add eggs, celery, cut green pepper and rock lobster pieces. Arrange in salad dish lined with crisp greens.

* * *

Garnish with rings of green pepper. Yield: 6 servings.

SOUTH AFRICAN LOBSTER SALAD

FRESH GRAPEFRUIT-CRAB SALAD

Serve in Grapefruit Shells

Cool and refreshing, fresh grapefruit is especially designed for hot summer day salads. Serve Fresh Grapefruit-Crab Salad, festive in grapefruit shells, for company or family fare, indoors or out.

Fresh Grapefruit

3 medium to large California grapefruit, chilled
½ cup sliced celery
¼ cup sliced stuffed olives
2 6-ounce packages frozen crab meat, thawed and well drained
1 cup mayonnaise
1 teaspoon Worcestershire sauce
½ teaspoon salt

Cut grapefruit in half crosswise. With sharp knife, cut around grapefruit sections; loosen and remove sections. Set aside to drain. Carefully scoop out remaining pulp and cut membrane from grapefruit shells, leaving shells intact.

Combine grapefruit sections, celery, olives and crab meat. Chill. Combine mayonnaise, Worcestershire sauce and salt.

To serve, fill grapefruit shells with grapefruit-crab mixture. Spoon on mayonnaise dressing or pass separately in small serving dish. If desired, serve salads in individual bowls of crushed ice. Makes 6 servings.

BIG SUR SHRIMP DELIGHT — Pour 2 bottles (12 oz.) Lite beer (low calorie) over 3 pounds shelled green shrimp. Add 1 tablespoon each peppercorns and salt; 3 bay leaves; 1 teaspoon Tabasco and ¼ cup chopped celery tops. Bring to a boil and simmer 15 minutes. Let shrimp stand in liquid at least 1 hour; refrigerate. Drain and serve on crushed ice. Makes 8-10 servings.

Entertain Without Any Cooking

So you've had a delightful morning by the pool or down at the beach. It's a beautiful day for entertaining guests on the terrace. With a little pre-planning, lunch can be ready in minutes . . . and there's nothing to cook.

Make your main course a hearts-of-lettuce salad centered with nippy cottage cheese. Instead of the usual humdrum sandwiches, serve Polynesian pinwheels, which may be made ahead and refrigerated.

* * *

A refreshing pitcher of iced tea punch, garnished with a sprig of mint, is the perfect summer day beverage. You'll want to have plenty on hand for sipping throughout the afternoon.

Mint Milano cookies, the new distinctive sandwich cookies with two fillings — chocolate and white mint creme — add the final satisfying touch for dessert.

ICEBERG WEDGES WITH VEGETABLE LOUIE DRESSING

1 head western iceberg lettuce
1 cup real mayonnaise
2 tablespoons chili sauce
2 tablespoons finely chopped green onion
2 tablespoons finely chopped green pepper
2 tablespoons finely shredded raw carrot
Tomato wedges and ripe olives for garnish

Core, rinse and drain lettuce thoroughly; refrigerate in disposable plastic bag or lettuce crisper. Blend mayonnaise with chili sauce, onion, green pepper and carrot. Cover and chill.

When ready to serve, cut lettuce into 5 or 6 wedges. Arrange spoke fashion on chilled serving platter with Nippy Cottage Cheese Mound in center; place tomatoes and olives between each wedge for garnish. Serve chilled Vegetable Louie Dressing over lettuce. Makes 5 or 6 servings.

NIPPY COTTAGE CHEESE MOUND

2 4½ oz. cans deviled ham
1 cup small curd cottage cheese
4 tablespoons chopped pimiento
3 teaspoons chopped scallions

Combine deviled ham, cottage cheese, pimiento and scallions; chill well. Mound in the center of western iceberg lettuce wedges. Garnish with tomato wedges and ripe olives. Serves 6.

POLYNESIAN CHICKEN PINWHEELS

1 4¾-oz. can chicken spread
1 3-oz. package cream cheese, softened
¼ cup chopped walnuts
2 tablespoons crushed pineapple, drained
2 tablespoons chopped white raisins
¼ teaspoon ground ginger
12 slices fresh wheat germ bread

Combine all ingredients except bread. Trim crusts from bread. Flatten each slice with a rolling pin. Spread each with chicken spread mixture, not quite to edges, and roll up tightly.

Wrap and chill well. Slice each roll into 6 slices. Makes 72 slices.

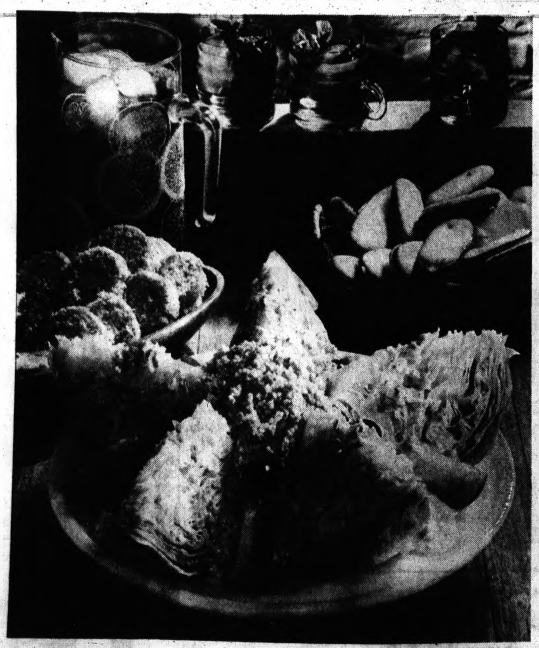

ICED TEA PITCHER PUNCH

½ cup loose tea or 15 tea bags*
1 quart boiling water
1 quart cold water
2 cups pineapple juice
1 tablespoon lime juice
Sugar to taste
Mint sprigs

Bring 1 quart of freshly drawn cold water to a full rolling boil in a saucepan. Remove from heat and while water is still bubbling, add the tea. Stir, cover and let stand 5 minutes. Stir and strain into pitcher holding an additional quart of freshly drawn cold water. do not refrigerate.

When tea is at room temperature, add pineappple juice, lime juice and sugar. Stir. Pour into ice-filled glasses. Garnish with mint sprigs. Makes 12 to 14 servings.

*Or use 4 rounded tablespoons instant tea to 2 quarts cold water. Stir. Add fruit juices and sugar.

SUMMER LUNCHEON — Hearts of western iceberg lettuce with nippy cottage cheese, wheat germ "pinwheel" sandwiches and refreshing iced tea comprise a summer luncheon high in eye and appetite appeal.

Wine Is Liquid in This Frosting

This frosting will add interest to almost any kind of cake.

Williamsburg Wine Frosting

2 tablespoons butter
Dash of salt
1 cup unsifted confectioners' sugar
2 tablespoons (about) sherry (medium or dry)
½ teaspoon grated orange rind
Orange Raisin Cake (or other variety) baked in a 9-inch square pan

Cream butter and salt; gradually add part of sugar, blending after each addition. Add remaining sugar alternately with sherry, beating vigorously after each addition until smooth and creamy; add enough sherry to make frosting of a good spreading consistency. Blend in orange rind. Makes about ½ cup.

Cover top of cake with frosting, and drizzle frosting down sides of cake.

Beans and Franks

Turn leftovers into irresistibles. Divide 1 can (1 pound) pork and beans with tomato sauce into three servings on 3 squares (12") foil (heavy duty or double regular). Top each serving with 1 sliced frankfurter and 1 tablespoon thinly sliced sweet pickle. Bring corners of foil together; twist tightly. Bake at 450 degrees for 20 minutes. Makes 3 servings.

Lemon Juice Gives Salmon New Flavor

Looking for a "quickie" that the whole family will go for? Here 'tis — canned salmon, teamed up with the freshest thing in town — delicious California lemon.

LEMON SALMON CASSEROLE

1 can (1 pound) salmon
2 cans (6 ounces each) hollandaise sauce
1 teaspoon grated lemon peel
2 tablespoons freshly squeezed lemon juice
½ cup chopped celery
½ cup chopped green pepper
2 tablespoons finely chopped onion
⅛ teaspoon salt
⅛ teaspoon pepper
2 cups biscuit mix
⅔ cup milk

Drain salmon; remove skin and bones and flake with a fork. Blend together one can hollandaise sauce, lemon peel and juice. Add salmon, celery, green pepper, onion, salt and pepper. Place in well-buttered 1½ quart casserole.

Combine biscuit mix and milk with a fork to form a soft dough; drop by tablespoonfuls over salmon mixture. Bake at 400 degrees for 25 to 30 minutes, or until biscuit topping is richly browned.

Meanwhile, heat second can of hollandaise sauce following directions on can. Serve casserole topped with warm sauce and sprinkled with snipped fresh parsley, if desired. Makes 4 servings.

FLUFFY SALMON BAKE

1 can (1 pound) salmon
3 eggs, separated
1 cup cooked mashed potatoes, warm or cold
1 teaspoon grated lemon peel
2 tablespoons freshly squeezed lemon juice
½ cup snipped fresh parsley
1 tablespoon instant minced onions
½ teaspoon salt
⅛ teaspoon pepper
Fresh lemon wedges

Drain salmon; remove skin and bones and flake with a fork. Beat egg yolks; combine with potatoes until smooth. Blend in lemon peel and juice, parsley, onions, salt and pepper. Beat egg whites until stiff, but still moist and not dry; carefully fold into salmon mixture.

Place in well-buttered 1½ quart casserole; bake at 350 degrees for 40 minutes. Serve with fresh lemon wedges and top with seasoned white sauce, if desired. Makes 4 servings.

Can Barbecue Chuck Steak

Formerly considered a mere braising cut, chuck steak has graduated to its modern day high status as a cookout favorite thanks to the tenderness, juiciness and flavor unlocked by instant meat tenderizer.

* * *

Today, chuck steak is a "best beef buy" because it is plentiful and comes from the part of the animal which gets the most exercise — therefore is less tender. It combines flavor, economy and nutrition and pound for pound has more protein and less fat — therefore fewer calories!

BARBECUED CHUCK STEAK

2 chuck steaks, each cut 1" to 1¼" thick
Seasoned instant meat tenderizer

Slash fat edges of steaks to prevent curling. Prepare all surfaces of the meat, one side at a time, as follows:

1. Thoroughly moisten the surface of the meat with water — you may either pat the water on from the faucet with your fingers or draw a wet pastry brush across the surface. Sprinkle meat tenderizer evenly, like salt, over the entire surface of the meat, using about ½ teaspoon per pound. Use no salt.

2. To ensure penetration and retain meat juices, pierce deeply and thoroughly with a kitchen fork at approximately ½-inch intervals. Meat is ready for cooking immediately.

3. Coals are ready when gray, shot with a ruddy glow. Set grill 1 inch above coals and cook steaks approximately 10 minutes for rare or to desired degree of doneness, turning frequently. Makes 4 servings.

Shrimp Dish Has Tomato Base

If you like Cantonese food, you'll like this recipe for Sweet-Sour Shrimp Combine 1 can (8 ounces) tomato sauce with onions; 1 green pepper, cut in 1-inch pieces; ¼ cup lemon juice; ¼ cup brown sugar; and 2 tablespoons soy sauce. Simmer, covered, 15 minutes.

Add 1½ cups cooked, shelled shrimp; simmer, uncovered, 10 minutes more. Serve over hot cooked rice or chow mein noodles. Makes 3 to 4 servings.

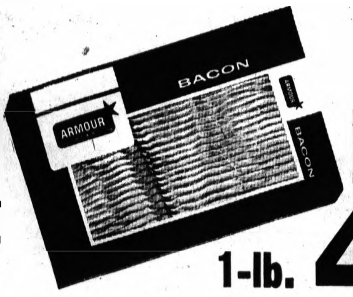

NEW DESIGN — The Wishing Well covered barbecue kettle introduced this year by Weber Stephen Products Company adds a note of nostalgia to a patio setting.

Romania Is Wooed by 3 Great Powers as a Political Trump

BUCHAREST (UPI) — Little Romania finds itself in the bizarre position of being sought as a political trump card by three of the world's greatest powers—the United States, Russia and China.

Bucharest is frowned upon by Moscow for its defiant attitude.

* * *

The Romanians were backed at their Communist party congress here this week by Peking's cablegram praising their "defense of independence," a dig at the Russian enemy so brash that the Soviet delegate walked out while it was read.

Four days before the congress opened, the President of the United States was being cheered in the streets of this garden-like Balkan capital for the apparent American gesture of support for Romanian independence from Washington's rival, Moscow.

POSSIBLE MANEUVERS

The Soviet Union in the past has intervened only when the existence of communism itself was threatened, as in Hungary in 1956 and Czechoslovakia in 1968.

At this time the experts expect Moscow to apply only economic and propaganda pressures plus possible military maneuvers near Romanian borders.

* * *

Russian-Romanian arguments do not stem from any apparent danger of this country drifting from communism. Unlike Czechoslovakia, no signs are seen here of possible opposition parties, a free press, or sharp swing from Communist economy.

The Romanian drive toward "Communist neutralism" actually began in 1962 over whether all the Communist nations should merge their economies into a division-of-labor setup, which Romania thought would be mainly beneficial to the Soviet Union.

Romania, one of the richest in raw materials of all East European countries, had been far less developed under its prewar monarchary. Nikita Khrushchev, when party leader of the Soviet Union, asked Romani to make sacrifices by toning done its plans to industrialize, so as not to duplicate industries which flourished in Czechoslovakia and East Germany.

The Romanians refused. The Romanian party in March 1963 issued a communique declaring economic coordination could only be achieved onthe basis of "full equality of rights of the sovereign countries."

* * *

This became — and has remained — the core of Romania's argument in the dispute.

It was this economic reason which propelled the Romanians into a foreign policy opposing the Soviet line, eventually becoming more political than economic.

W. GERMAN TIES

Romania recognized West Germany—a move that Russia had never allowed the East European nations to do—so it could become one of Bucharest's major trading partners.

China in 1963 came out for economic cooperation on grounds of complete equality. So Peking, too, became Romania's friend.

Although Russia and China now have a frontier dispute, Romania steadfastly calls for the two parties to negotiate, and reportedly has refused to allow Russia to involve the Warsaw pact forces in the Sino-Soviet dispute.

Only Romania of the Warsaw Pact nations failed to break relations with Israel after the 1967 Middle East war and opposed the invasion of Czechoslovakia. Only Romania among Warsaw Pact nations dared to invite the U. S. President for a visit. Only Romania balked at signing the nuclear nonproliferation treaty and defended China at the June Moscow Communist summit.

* * *

None of this might have been possible without the Sino-Soviet conflict which disintegrated the Communists and Yugoslavia breaking with Stalinist Russia in 1948 and getting away with it.

AP Wirephoto

BREATH TEST — Looking like he is blowing up a football for a neighborhood game, Bradley Hanson, 8, of Northport, N.Y., takes a test at Herald Square, New York City, as part of a current project to determine how much harmful gases are inhaled by pedestrians from polluted air. The project, billed as "Operation Life and Breath," is sponsored by the city's Department of Air Resources and the New York Tuberculosis and Health Association. Nurse Dolores Dutkiewic is giving the test.

Coal Mine Where 78 Died to Be Opened in W. Virginia

WASHINGTON (AP) — The Bureau of Mines announced yesterday it hopes to start about Sept. 1 to unseal a coal mine at Mannington, W.VA., where 78 miners have been entombed since Nov. 30.

John O'Leary, director of the bureau, said the conferences are under way to discuss the timing and techniques involved in opening the mine.

* * *

However, John Ashcraft, West Virginia director of mines, said the mine most likely would be opened before Oct. 1. He said O'Leary was "misinformed" when he referred to the Sept. 1 date.

Ashcraft said he and representatives from Consolidation Coal Co., the U.S. Bureau of Mines and the United Mine Workers held a meeting in Fairmont, W.Va., at Consol headquarters yesterday to discuss the opening.

He said this was the second meeting of the four concerned parties. He said all must agree to any reopening plan before the mine is actually entered.

"We have not yet reached any decision about that," he said, referring to a definite date for opening the mine. "When we do, it will be announced in a joint statement."

He said the widows and other relatives will be the first ones to know once reopening plans are finalized.

Boulevard a Disappointment to Tourists

Hollywood & Vine Is Run-Down

By BOB THOMAS

HOLLYWOOD (AP) — A policeman who patrols the Boulevard tells it this way:

"The tourists' biggest disappointment is the corner of Hollywood and Vine. They come there and see the Broadway Department Store and Hody's Restaurant and the Rexall Drug and they say, 'This is it?'"

THOMAS

The patrolman expressed what local residents have long known but tourists find out the hard way: There is a wide discrepancy between Hollywood Boulevard according to legend and the way it really is.

Take a westward stroll along the Boulevard and you'll see why tourists go away disappointed.

GOWER GULCH GONE

Start at Gower Street, but don't look for the fabled Gower Gulch where Western actors used to meet; it no longer exists. You walk past car dealers, a mortuary and small shops until you come to Vine Street, which resembles a busy intersection in Anywhere, U.S.A. A half-block down Vine is the Brown Derby, where you might find some television stars — if you can get a table. Movie stars rarely come to Hollywood any more; their habitats: Beverly Hills or Europe.

Continue along the Boulevard and you pass movie houses, most offering a heavy diet of sex, and inexpensive shops—there are almost no "class" stores in Hollywood. After Wilcox Avenue, quality descends. Then comes a dreary procession of discount stores, surplus outfits, going-out-of-business sales, health food stores, pornography stands, orange juice counters, etc.

The main attractions in this stretch: the ornate Grauman's Egyptian Theater and the Wax Museum operated by an enterprising East Indian named Spoony Singh. Bookstores thrive.

LITTLE PROSPERITY

The few blocks between Highland Avenue and LaBrea are the only ones with an air of prosperity. New high-rise office buildings and apartments are beginning to appear. Nearby is the Boulevard's only authentic tourist attraction: Grauman's Chinese Theater, where footprints and bright sayings of Hollywood's greats are enshrined in a paved courtyard ("Love to All—Shirley Temple").

Oh, yes, there is something else for the tourists to see. Imbedded in the charcoal terrazzo sidewalks along the Boulevard are bronze stars containing the names of 1,539 figures in the movie, radio, television and recording industries, from Bud Abbott to Adolph Zukor.

And so on these hot August days you see bewildered tourists, dressed in shorts and loud shirts and equipped with cameras and small fry, plodding down the Boulevard with downward eyes.

When they gaze around, they see hippies trying to earn pot money by selling the Los Angeles Free Press; tight-panted boys with makeup and bleached hair; Zulu-haired gurus in outfits that stagger belief.

These noveau characters have replaced the authentic Hollywood types who long frequented the Boulevard—Peter the Hermit, Billy the Midget and others. And they have caused alarm among Hollywood's merchants, who campaigned for more police protection. Three weeks ago, the Los Angeles Police Department instituted a walking patrol of the Boulevard.

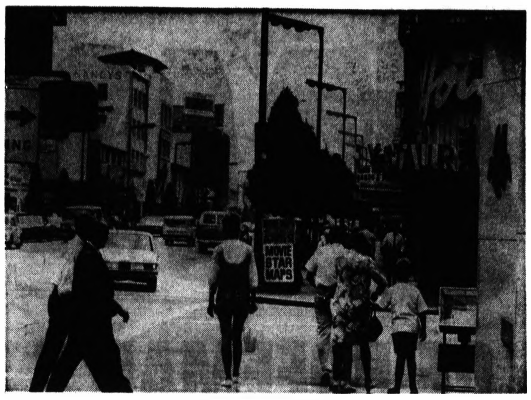

One of the patrolmen is Tony Steinhart, who commented:

"The merchants wanted the Boulevard cleaned up so that tourists and shoppers would not be discouraged from coming here. Also, certain problems had developed beginning in 1966, when the narcotic situation became acute.

"The problems: Well, there are 3,500 runaway juveniles in the Hollywood area at all times, and quite a few of them gravitate to the Boulevard. There are the hippies who congregate on the corners, and the old-timers who sleep in doorways and alleys. And there is a homosexual situation; the male prostitutes stand on corners looking for trade."

Steinhart and his fellow patrolmen stroll the Boulevard daily, cooling potential trouble with their presence. They also offer informal service to tourists.

"Yesterday laid out a whole itinerary for a group of visitors who didn't know where to go," Steinhart said.

AP Wirephoto

A DISAPPOINTMENT — A look at the famed movietown intersection of Hollywood and Vine usually sends tourists away disappointed. Film and TV stars are almost never seen there. The corner looks pretty much like a busy intersection anywhere.

France Has 12.5 Per Cent Bigger Lure

PARIS (UPI) — Suddenly, France is 12.5 per cent more attractive to tourists.

If your taste is champagne and foie gras at Maxim's or a sandwich and beer at a neighborhood bar, the difference in cost to the foreign tourist is at the same rate.

At Maxim's, the best-known restaurant in Paris, a bottle of fair champagne and a plate of foie gras would have cost $30 last week.

The price on the menu remains the same, but the cost to a foreign tourist since devaluation is now $26.

IT SHOWS LESS

The difference in price for a sandwich and beer shows less of a gain, but that is only because they cost less in the first place. Instead of the $1 last week they now will cost 77 cents.

The same bargains for foreigners can be seen everywhere.

A bottle of toilet water from the Yves St. Laurent boutique now costs just over $6 instead of $7.

For the same amount of foreign currency, an evening out at the Lido or the Folies Bergeres will leave the tourist either with more change or an even bigger hangover.

Test Seen for Dow Jones Level

Market Pulls Back Sharply

NEW YORK (AP) — The stock market pulled back sharply over a wide front in fairly quiet trading early this afternoon, with the Dow Jones industrial average at noon off 7.59 at 805.37.

Brokers said the market apparently was headed for a test of the 790-800 level of the DJI. The Dow industrial penetrated the psychologically important 800 level July 30, then bounced back in later trading to close up 1.62 at 803.58. The action was followed by a rally.

Declines led advances by about 500 issues.

Analysts attributed the decline, in part, to "a variety of negative news items."

* * *

They cited, as weighing on the market, uncertainty about the British pound's stability after devaluation of the French franc as well as a sharp increase in July in Britain's trade deficit.

"The deficit news," one said, "was unfavorable because it was higher than expected."

FLARE-UPS CITED

Also pointed to were the flare-up in the Vietnam fighting and reports by Red China that the Russians had penetrated into a province.

Trading continued during the parade of the moon voyagers in New York. Both exchanges flashed messages of congratulations on the tapes.

The Associated Press 60-stock average at noon was off 2.0 at 286.0, with industrials off 3.9, rails off 1.3, utilities up .1.

On the Amex, Giant Yellowknife gained 1 to 12¼.

Motors were lower, with General Motors off 1 at 71. Steels generally were lower, although Jones & Laughlin gained ⅛ to 23¾.

2 E. Germans, Families Flee

HELMSTEDT, Germany (AP) — An East German naval officer and his brother breached Communist border barriers today and led the seven other members of their families to West Germany.

The brothers used a commandeered coal mine locomotive to reach the border south of here. Then they crossed through an unmined section of the Communist death strip on foot under the cover of morning darkness.

Cause No. 35184
STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.
In the matter of the petition concerning Dorothy Ann Griffin, minor.
TO: Queen Esther Griffin, mother of said minor child
Petition having been filed in this Court alleging that said child comes within the provisions of Chapter 712A of the Compiled Laws of 1948 as amended, in that the present whereabouts of the mother of said minor child is unknown and said child is dependent upon the public for support and that said child should be placed under the jurisdiction of this Court.
In the Name of the People of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Court House, Oakland County Service Center, in the City of Pontiac, in said County, on the 21st day of August A.D. 1969, at nine o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing, at which time temporary or permanent severance of all parental rights will be considered. If being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in The Pontiac Press, a newspaper printed and circulated in said County.
Witness, the Honorable Norman R. Barnard, Judge of said Court, in the City of Pontiac in said County, this 8th day of August A.D. 1969.
NORMAN R. BARNARD,
Judge of Probate
(Seal) a true copy
HELEN L. HAMILTON,
Deputy Probate Register,
Juvenile Division
August 13, 1969

Account Number R11-41438-18
NOTICE OF PUBLIC SALE
Notice is hereby given by the undersigned that on Friday, August 15, 1969 at 10 o'clock A.M., at 205 Main, Rochester, Michigan, public sale of a 1969 Pontiac Catalina 2-door bearing serial number 242379P111252 will be held, for cash to the highest bidder. Inspection thereof may be made at 205 Main, Rochester, the place of storage. The undersigned reserves the right to bid.
Dated: August 8, 1969
National Bank of Detroit
329 Main Street
Rochester, Michigan
A. J. BAILEY,
Assistant Cashier
August 13, 1969

NOTICE
The Michigan Department of State Highways is calling a public hearing at 7:30 p.m. on August 21, 1969 at the Brook School, 1000 Hill Road, (corner of M-59), Milford, Michigan.
The purpose of this hearing is to provide the opportunity for a public discussion of the alternate traffic corridors under construction for the proposed construction of M-275 from M-59 northerly to I-75. This project will result in the completion of a freeway system from I-275 and I-96 to I-75 in the vicinity of Dixieburg Road.
A description of the alternatives, maps, and other pertinent information, including comments from interested federal, state and local governmental units as well as local groups and officials, are available for public inspection and copying. This material is located at the White Lake Township Hall, 7333 Highland Road, White Lake, Michigan and at the U.S. Post office, Davisburg, Michigan.
This meeting is held in accordance with section 116 of the Federal Aid Highway Act of 1956, Section 128 of Title 23, U.S. Code. Information concerning the relocation assistance program will be provided at the hearing.
Testimony will be taken from interested citizens regarding the social, environmental and economic impact of the proposed alternatives. Written statements and exhibits in place of or in addition to oral statements made at the public hearing may be submitted to G. Robert Adams, Public Hearings Officer, Michigan Department of State Highways, State Highways Building, Post Office Drawer K, Lansing, Michigan, 48904, at any time up to ten days after the date of the public hearing.
July 23 and Aug. 13, 1969

By Columnist Anderson

Ted's Swim Story Said Untrue

WASHINGTON (UPI) — Sen. Edward M. Kennedy did not make the impulsive 150-yard swim between two islands off the Massachusetts coast the night his car plunged into the water, killing Mary Jo Kopechne, columnist Jack Anderson said today.

Anderson said he learned that Kennedy made the trip from Chappaquiddick Island to Martha's Vineyard in a boat along with two friends.

A spokesman for Kennedy said the Massachusetts Democrat would have no comment on the column.

* * *

In his nationally televised remarks after the accident, Kennedy said he tried to rescue Miss Kopechne along with help from his cousin Joe Gargan and a friend, Paul Markham. He said the three went to the ferry for Edgartown on Martha's Vineyard but it was closed for the night.

'JUMPED INTO WATER'

"I suddenly jumped into the water and impulsively swam across, nearly drowning once in the effort, returned to my hotel around 2 a.m. and collapsed in my room," Kennedy said.

* * *

But Anderson, who writes jointly with Drew Pearson, said "Gargan and Markham rustled up a boat and took Kennedy to adjoining Martha's Vineyard. The senator did not suddenly jump into the water and impulsively swim the treacherous 150-yard channel as he later claimed."

* * *

Anderson said Kennedy had asked Gargan to take the blame for the accident — to tell police that he, not Kennedy, was driving the car. The late-night trip across to the other island, Anderson said, was designed to get Kennedy off Chappaquiddick Island before the accident was reported.

* * *

After Kennedy returned to his hotel and changed into dry clothes, Anderson said, he spoke to the hotel room clerk to establish an alibi.

'SHAKEN BY REPORT'

"The next morning," Anderson said, "Gargan and Markham returned to Edgartown to pick Kennedy up. They assumed that they were still the only three persons who knew about the accident and they wanted another look at the scene in the daylight."

* * *

"As they were crossing the channel, however, someone mentioned that a car had been found bottom up in Poucha Pond. Kennedy was shaken and walked off alone to get a hold of his emotions. Standing behind a car, he decided what he must do. It was his moment of truth," Anderson said.

Both Kennedy and Gargan have denied that Kennedy ever asked his cousin to take the blame for the accident.

* * *

After the ferry docked, Anderson said, Kennedy telephoned his lawyer, Burke Marshall, then returned to Edgartown and gave a statement to the police.

Little Progress in Waterford Teacher Talks

Contract negotiations resumed yesterday between Waterford Township teachers and the school board. Little Progress was reported.

* * *

At the same time unrelated talks scheduled between the township board and 45 of its employes were postponed.

* * *

Warren Williams, executive director of the Waterford Education Association, reports "no progress" on wages or noneconomic issues.

The teachers' association has formed a "crisis committee" to aid teachers and inform the public if teachers do strike.

MEETING IS SET

Teacher negotiations are again scheduled for tomorrow and a mass meeting of teachers for Monday to decide if they will go back to school next month without a contract.

* * *

Meantime in the other labor dispute, negotiations between 45 employes and the township were postponed yesterday. A new meeting was set for next Wednesday to which the township board has been invited.

* * *

State Mediator Leonard Bennett wants to meet with the board because its members rejected a union-ratified contract. Five of seven trustees objected to a provision allowing building inspectors to drive township cars home.

Autopsy Bid May Not Be Acceptable

NEW BEDFORD, Mass (UPI) — Dist. Atty. Edmund S. Dinis may run into insurmountable obstacles in his efforts to arrange an autopsy on Mary Jo Kopechne, the secretary killed in Sen. Edward M. Kennedy's auto accident.

* * *

Dinis yesterday mailed a petition requesting an autopsy to the courts in Luzerne County, Pa., where Miss Kopechne is buried, but authorities there said that would not suffice.

* * *

"It's a court order we're looking for, not a petition" said Luzerne County Dist. Atty. Blythe Evans Jr.

* * *

Dinis asked Pennsylvania to honor Massachusetts law which "grants to the district attorney the power to request an autopsy."

PART OF INQUEST

He said he wanted the autopsy as part of the inquest scheduled to begin Sept. 3 into Miss Kopechne's death.

* * *

The petition did not mention Kennedy, who was driving when his car plunged off a narrow bridge into a tidal pond on Chappaquiddick Island July 18, resulting in the drowning of Miss Kopechne.

* * *

The girl's parents, Mr. and Mrs. Joseph Kopechne of Berkeley Heights, N.J., have hired a lawyer to block an autopsy and they said they would fight the request through the courts.

3 in Family Are Hunted by Coast Guard

COPPER HARBOR (AP) — The Coast Guard today scoured a broad expanse of Lake Superior for three members of a Lansing family missing since Saturday in an 18-foot boat.

Missing were John Carver, 30; his wife, Elisa, 27; and their 6-year-old son, Christopher.

State Police said the Carvers were supposed to have ended a vacation trip Saturday and returned to Lansing. The family had taken the trip to Isle Royale, located about 50 miles northwest of Copper Harbor in Lake Superior.

The family's fiber-glass boat, which had a canopy and bore the name "Lady Elisa," was reported seen July 30 at Rock Harbor on the island. The Carvers had left for the island from Copper Harbor.

Authorities said the Carvers' automobile was found parked in Copper Harbor and that the car appeared to have been there for at least one week and possibly longer.

Sharp Drop Reported in Enemy Assaults

SAIGON (AP) — Vietcong and North Vietnamese attacks dropped off more than 90 per cent today after the heaviest fighting in three months left more than 1,500 of the enemy and more than 200 allied soldiers dead.

Despite what American officers termed the "first high point of the Communist command's fall campaign," the withdrawal of 25,000 U.S. troops announced by President Nixon continued.

The U. S. Command announced that 3,600 more men were leaving this week, including the remaining 2,000 men of the 9th Marine Regiment, a squadron of 14 Marine helicopters and the last antiaircraft missile battery in South Vietnam.

This will bring the total withdrawn to 17,200, leaving 7,800 to be pulled out by the end of the month.

24 ATTACKS

U.S. headquarters reported 24 enemy rocket and mortar attacks last night on allied bases and towns. Nine caused damage or casualties, including three Americans killed and 25 wounded.

The U.S. Command said there were no new ground attacks during the night on American troops, but South Vietnamese spokesmen reported three small infantry assaults, two in the Mekong Delta south of Saigon and the third in the central highlands.

In their wave of assaults Tuesday, North Vietnamese and Vietcong troops shelled 128 towns or military posts across the country and made 14 ground attacks.

A U.S. communique said American forces alone killed 764 North Vietnamese and Vietcong troops in large-scale ground fighting, while 69 Americans were killed and 415 wounded. But other sources put the number of enemy dead at more than 1,500, the number of Americans killed at more than 100 and the Saigon government's loss at 107 killed.

GM Named in Suit Over Wheel Defect

LOS ANGELES (UPI) — General Motors Corp. was sued for $307.5 million damages yesterday for alleged defects in the wheels of some of its three-quarter-ton trucks.

The suit was filed by G. W. Anthony, Los Angeles and Herbert T. Lockerbie, Sacramento, Calif., both owners of 1965 Chevrolet trucks.

* * *

The suit asked a court order requiring General Motors to replace such wheels free of charge and to be held responsible for any injuries, deaths or damage caused by the wheels.

Apollo 12 to Hunt Surveyor 3 Pieces

LOS ANGELES (AP) — The commander of the Apollo 12 moon mission says the crew will try to retrieve pieces of the Surveyor 3 robot spacecraft which landed on the moon in May 1967.

* * *

The commander, Charles Conrad Jr., told newsmen at International Airport Tuesday that he and astronaut Alan L. Bean will attempt to bring back the pieces to give scientists a chance to study material which has been on the moon's surface for more than two years.

* * *

Surveyor 3 was the first probe to dig into the moon's crust.

College Board Meetings Should Be Public--Kelley

LANSING (AP) — Atty. Gen. Frank Kelley today said he thought that governing boards of state supported colleges and universities should adopt an open-door policy for formal meetings.

Private or executive sessions are "rarely necessary," Kelley added.

* * *

"And the spirit of our Constitution, the tradition of our democracy and the need for public access to the workings of public institutions and agencies compel the conclusion they (closed door sessions) should be actively discouraged," he said.

Kelley issued the opinion at the request of Rep. Philip O. Pittenger, R-Lansing.

MEETING IN SECRET

Some criticism has been leveled at the Michigan State University Board of Trustees for meeting in secret to formulate policies and then granting approval at formal meetings with little or no debate.

Sources said Kelley's opinion could not force the boards to discontinue private meetings. Rather, sources said, it simply could be viewed as the voice of a high official calling for open meetings.

'Cheap Thrill' Ends in Death for Youth, 20

PITTSBURGH (UPI) — Four young people paid $1.79 for a "cheap thrill" that "made the last star in the universe go out."

It never turned on again for one youth.

The survivors told authorities yesterday how Raymond Steinhareer, 20, of nearby Carnegie died.

Steinharter, two other boys and a girl purchased a preparation of burn lotion and insect repellant Sunday night from a drugstore.

They took it to the deserted platform of the Carnegie railroad station and passed it around, each person taking his turn inhaling it.

* * *

Three of them fell unconscious. Steinharter, who had described the stuff as a "good cheap thrill," never regained consciousness.

An autopsy showed Steinharter suffocated from the fumes.

Juarez Tourist Chief Warns of Fleecings

JUAREZ, Mexico (UPI) — A warning that visitors to this border city should expect to be cheated has been issued by a very knowledgable source — the director of the Juarez tourist office.

"The tourist industry is in a disastrous state" because of the "absurd voracity" of Juarez' 450,000 residents and the "unbelievable indifference" of its officials, said Efron Teran, manager of the Chamber of Tourism.

"The best business in Juarez is cheating tourists," said Teran in a statement Monday describing the tourist industry here as virtually a "shakedown" with almost everyone in town sharing in the proceeds.

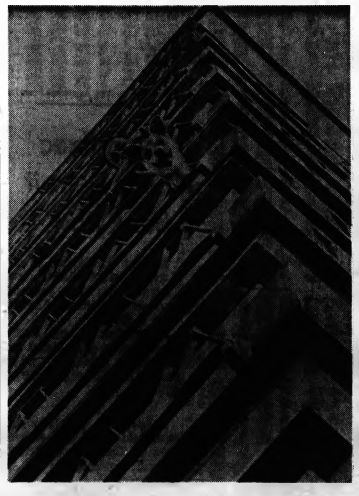

Juarez, Mexico's fourth largest city, lies across the Rio Grande from El Paso, Tex.

Rabbi Tells Israel's Aims

Israel wants to negotiate peace with the Arabs for everything except Jerusalem and the Golan Heights of Syria, a Southfield rabbi said last night.

Rabbi Irwin Groner of Congregation Shaarey Zedek, who visited Israel in February, said Israel is determined not to surrender, particularly Golan hill.

"Israel has paid for the hill with blood since the first war with the Arabs in 1948," the rabbi noted before some 200 people at a meeting of the Oakland County Young Republicans in Royal Oak.

WATCHING THE WATCHDOG—A high-living dog named Stella likes the view from the apartment patio of her home in Burnaby, B.C., while another apartment dweller watches the watchdog. Stella, owned by Mrs. Brita Lonnquist, stuck her head outside the patio rail for a better view.

Death Notices

ANDERSON, GERTRUDE W.; August 13, 1969; 233 West Ann Arbor; age 71; dear mother of Mrs. Dorothy White; dear sister of Mrs. Arthur Graeger; also survived by three grandchildren and four great-grandchildren. Funeral arrangements are pending at the Huntoon Funeral Home.

Marshal Fired ---Took Hoffa to Restaurant

SCRANTON, Pa. (AP) —A deputy U.S. marshal, who accepted former Teamster boss Jimmy Hoffa's recommendation of a "good place to eat" in Detroit, has been fired by the U.S. Justice Department.

The deputy marshall, William E. Lavin, 56, of Dunmore, Pa., who also recently had a prisoner escape and hijack a jet to Cuba, said he will appeal.

★ ★ ★

The Justice Department accused Lavin, a 17-year veteran with the department, of removing Hoffa's handcuffs more often than necessary and spending more for a meal in a Detroit restaurant than the government allows.

★ ★ ★

Lavin was escorting Hoffa and another prisoner from the Lewisburg, Pa., federal penitentiary to Chicago for court action. Hoffa is jailed in Lewisburg for jury tampering and conspiring to defraud the Teamster's pension fund.

WENT TO RESTAURANT

While passing through Detroit June 18, Lavin said he was unable to have his prisoners fed at local lockups. Accordingly he took the prisoners to a restaurant, one recommended by Hoffa.

A Look at TV

NBC Writing '60s Obit

By ROBERT MUSEL

NEW YORK (UPI) — In a few months a decade dies and NBC-TV is assembling a 2½-hour obituary of the 10 turbulent years of the '60s that will also be a forecast of what the world can expect in the era that opens with New Year's Day, 1970.

Outside of the historic moon landing there is little to weep for as the '60s depart — they were often a tale of war and revolution, race conflict and natural disasters, political assassinations and, in their last stages, the dubious cult of youth.

★ ★ ★

Producer Robert Northshield, studying the material from his reporters, who include every big name in the NBC News Division, believes "From Here to the Seventies" will strike a more hopeful note for the next decade although its own great problems — hunger and population — are already clear and threatening.

★ ★ ★

The program is scheduled for Oct. 7 (8:30 - 11 p.m. EDT) replacing "Julia" and "First Tuesday" for that night. And with time growing short Northshield was discovered checking up on progress reports from Chet Huntley, David Brinkley, Sandor Vanocur, John Chancellor, Frank McGee and the rest of his contributors.

NEWS-RICH DECADE

"It's very exciting," he said, waving a pipe, "but then every show is — till it gets on the air. As far as news went the '60s were such a rich decade. All we can hope to do is evoke and remind. It's hardly remembered that it opened with Nixon being nominated in Chicago and losing. And who recalls that only a year ago many thousands of people died in an earthquake in Iran?

★ ★ ★

"We've got to cover the whole race situation in nine minutes and the youth revolution in 11. But it isn't necessary to go into some of the subjects in depth — a few seconds of a riderless horse in Washington is all one needs to dramatize the assassination of President Kennedy.

★ ★ ★

"Two Kennedys died during the decade — and we'll be filming on that bridge."

Northshield assigned each of his reporters to write an essay about a particular aspect of the '60s and what could be learned from it for the '70s and then sent teams out to many countries to find or produce film to cover the points they raised. This is the reverse of the usual procedure of writing a script to fit film.

WAR RECORD

"It comes as a surprise to learn that more than 40 countries were involved in wars in the 1960s — alphabetically from Algeria to Zambia," he said.

"Those apostles of peace, India, had the most warlike record. They started the decade by taking Goa from Portugal, they fought Pakistan twice, ordered full mobilization for their fight with China and had language and religious riots. We, of course, had Vietnam. Russia nearly made it without shooting except for the recent Ussuri River clash with China."

★ ★ ★

Film star Paul Newman will be on the show as a guide, linking the 12 essays. Brinkley's closing spot on communications, especially TV, will summarize some of what has gone before. But one of the most intriguing contributions will come from Doug Kiker of the Washington staff who has obtained a list of technological advances expected within the next 10 years. These include:

A cure for Parkinson's (Palsy) disease and certain cancers; substantial increase in life expectancy; communication directly from satellites to home receivers; chemicals to improve memory and learning; greatly increased use of organ transplants; and new techniques of effective birth control simple enough to be used in the underdeveloped countries which need them most.

State to Hold 3 More Airings of Sex Ed Guides

LANSING (UPI) — The State Board of Education, on a split vote, has decided to hold two more public hearings on sex education in the Detroit area and one in Kalamazoo.

★ ★ ★

The board, on a 3-2 vote, agreed last night to hold the new hearings on proposed sex-education guidelines in Warren and Dearborn Aug. 21 and Sept 18, respectively. The hearing in Kalamazoo will be held Sept. 4.

★ ★ ★

The board already has held six public hearings on the proposed guidelines, which were drawn up for it by an advisory committee it appointed. But board member James F. O'Neil of Livonia, a vociferous critic of the proposals, has said more hearings are needed.

Commission Adds Member to PAPC

Albert Branch of 203 E. Wilson was named by the City Commission last night as a member of the Pontiac Area Planning Council (PAPC).

★ ★ ★

Branch is an employe of Val-Wood Real Estate and a deacon at Macedonia Baptist Church.

★ ★ ★

His appointment was recommended by District 7 City Commissioner James H. Marshall. Branch will be eligible to take his seat at the next PAPC meeting, 7:30 p.m. tomorrow at the board of education office, East Wide Track and Auburn.

The average price of a new home bought with mortgages insured by the FHA today is over $19,900. In 1958 it was 37 per cent less.

People in the News

By The Associated Press

Peter Yarrow of the Peter, Paul and Mary singing group and Mary E. McCarthy, niece of Sen. Eugene J. McCarthy, D-Minn., obtained a marriage license yesterday in Willmar, Minn. It was understood they would wed in September.

Yarrow, 30, and his fiancee, 22, met when she was campaigning to obtain the Democratic presidential nomination for her uncle last year. Miss McCarthy recently had been working as a receptionist in New York.

Shake-Up Causes Graham to Cancel Prague Talks

Evangelist Billy Graham canceled a series of speaking engagements in the Czechoslovak capital of Prague because of a shake-up in the state office for religious affairs, church sources say.

In the shake-up, Karel Hruza was re-appointed head of the office, which he had previously headed during the Stalinist regime of President Antonin Novotny. He succeeded Erika Kadlecov, who has gone back to her former job as an official of the Academy of Sciences.

Graham was to have appeared in Prague Monday and yesterday. Nearly 1,000 persons were disappointed when he failed to show up as scheduled at the St. Salvator Baptist church Monday.

GRAHAM

Red Police Search Home of Writer Who Defected

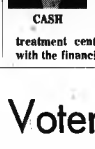

Unofficial Soviet sources say government secret police have searched the home of writer Anatoly Kuznetsov, who defected to the West in London July 30, and seized manuscripts and other papers.

The sources said the search was made at Kuznetsov's apartment in Tula, about 100 miles south of Moscow.

Singers Hope to Help Establish Burn Center

CASH

TENOR

Singers Roy Orbison and Johnny Cash, who both lost family members in fires during the past year, hope to help Vanderbilt University Hospital establish a $2-million burn research and treatment center.

Two young sons of Orbison died in a fire which destroyed his home near here last September. A teen-aged nephew of Cash's wife, June Carter, was fatally burned in an automobile accident here in March.

A spokesman for the two singers said yesterday in Nashville, Tenn., they hoped to provide an endowment for the research and treatment center and then raise additional funds to help with the financing.

Michigan Voters to Decide $100-Million Housing Issue

LANSING (AP) — Michigan voters will be asked to approve a $100-million, low-cost housing bond issue in the November 1970 general election under terms of a bill signed into law by Gov. William Milliken.

The bill was among a number signed or vetoed Tuesday as Milliken completed action on the 315th measure put before him by the Legislature this year. Some 20 measures still face executive action.

★ ★ ★

The bond bill was sponsored by Sen. Coleman Young, D-Detroit. It provides that the $100-million would be used for grants, loans and advances to municipalities and redevelopment corporations for increased "decent, safe and sanitary low-income housing and eliminating slums and blight."

Milliken also signed an administrative procedures bill that he said gives Michigan "a new bill of rights for citizens" in their dealing with state agencies.

PROCEDURE IMPROVED

"Rule-making procedure has been refined and improved, complex administrative hearing procedures have been streamlined and new public rights to information and administrative due process have been secured," Milliken explained. The bill was sponsored by Sen. Robert Huber, R-Troy.

★ ★ ★

Milliken vetoed two bills, one providing for regulation and control of the altering of automobile odometer mileage.

"This is unquestionably greatly needed consumer protection legislation," the governor said in his veto message.

But, he added, another section of the bill would "substantially impair the ability of the state to regulate the storage of fireworks, particularly with reference to the location of storage buildings and their distances from other structures."

'GREAT POWER'

Fireworks are "devices of great explosive power," Milliken continued, "and should continue to be regulated and treated by the state fire marshal as explosives."

The second bill vetoed by Milliken would have required that no health officer, inspector, investigator, sanitary engineer or other representative of city, county or district health departments be personally liable for damages sustained by any person resulting from the action of a department employe—except where such action is negligent.

The measure also provided that the city, county or district shall pay the costs of legal defense and judgment rendered in any case where such a department employe is a defendant for actions arising out of the performance of his legal duties.

Milliken said he vetoed the bill because "It creates an immunity from personal liability in the event that the enumerated public health personnel are found guilty of wrongdoing."

'VIOLATES PUBLIC POLICY'

Such a result, Milliken said, "violates sound public policy by creating for a particular group of public employes immunity.... when they are acting under cover of law and as public officers.

"In addition, this bill would force upon local units of government a burden greater than the state itself has been willing to assure—that of a legal requirement to defend members of public health departments who are defendants...."

Squabble Snarls House

Student Aid in Limbo

WASHINGTON (AP) — With the start of college classes only weeks away, Congress has left the guaranteed student loan program hanging in limbo.

The Senate voted 92-1 Tuesday to revive the student loans, but the House couldn't resolve a squabble over student rioting and will delay action until after Sept. 3 when the congressional vacation ends.

★ ★ ★

Sponsors of the bill argued that passage this month was essential so college-bound students could get the money necessary for many of them to continue their education.

College officials have estimated that 200,000 students may be denied aid for the coming college year if Congress fails to act.

HOPE THEY'LL TRUST

The Senate bill makes Friday the effective date in the hope that banks will trust Congress to take final action on continuing the loan guarantees.

Fearing another fight over campus riots, House sponsors refused Tuesday to take the bill to the floor under the usual rules permitting amendments. Members wanting to add anti-riot provisions refused to allow the bill to be taken up under a no-amendment arrangement.

The loan program is in trouble because the cost of borrowing money has risen to 8¼ per cent interest or higher, while the student loans have a 7 per cent interest ceiling.

Banks have been turning down student loans, because of the interest ceiling. The Senate bill would have permitted bankers to realize 10 per cent interest through subsidy payments.

AMENDMENT SPURNED

The Senate rejected efforts to delete amendments to prohibit banks from requiring the student or his family to maintain an account in the bank as a prerequisite to a loan and to increase authorizations by $295 million during the next two years for two other loan and grant programs chiefly for low-income groups.

8 Quit GOP in Protest of Nixon Stands

COLUMBIA, S.C. (AP) — Eight members of the Charleston County Republican party resigned Monday to protest the Nixon administration's policies, and will help organize the American party in South Carolina.

Foy Parker, a spokesman for the group which included five GOP executive committee members, said that while the American party is aligned with former Alabama Gov. George Wallace, present efforts to organize it in the state are not aimed specifically at supporting another presidential bid by Wallace.

Parker, manager of a restaurant, said those who resigned disagreed with the administration's handling of school desegregation and its Vietnam policy, and are alarmed at "an increase in crime in the streets."

Parker said several thousand of the 10,000 petition signatures necessary for certification of the American party have been gathered.

AP Wirephoto

PAINLESS PARKING—It's not so bad for motorists to put money in a parking meter when the traffic warden looks like Kathy Ford. Miss Ford, 19, is a meter maid on the Queensland, Australia, Gold Coast. She patrols the streets and supervises parking meters.

But One Point Keeps Cropping Up

Nixonites Restrained on Ted

By MERRIMAN SMITH

SAN CLEMENTE, Calif. (UPI) — The Nixon people are saying very little on the record — or for that matter, privately — about the miseries of Sen. Edward M. Kennedy, D-Mass., resulting from his July 18 auto accident in which a young secretary died.

But in the deepest privacy of the Nixon councils, many members of which are lawyers by profession, there seems to be a central thought — that Kennedy hurt himself by showing up at the Edgartown, Mass., police station, hours after the accident, well-dressed and accompanied by a lawyer.

* * *

A principal figure in the Nixon administration confided to some close friends recently:

"Somewhere along the line, Kennedy either got awfully bad advice or he was frightened to death and did the wrong thing. If I were in the same jam, I would have showed up at the police station, even if it was hours later, bedraggled, waterlogged and completely alone.

'WOULD HAVE HELPED'

"This would have added considerable support to his story of being in shock and not knowing exactly what he was doing. But to change clothes and show in a country police station with a

News Analysis

high-powered lawyer denotes, whether it is true or not, that he sensed he had done terribly wrong.

"If, after an accident, one feels a certain sense of basic innocence, one goes to the police as soon as possible and entirely unarmed. I know that if I had been his lawyer, I would have told him, no matter how much time had elapsed, 'Keep on your wet clothes and go to the police entirely by yourself. Then send for me.'"

* * *

This, of course, is cool hindsight and does not take into the fullest sort of consideration the obvious fact that those around the Massachusetts senator were thinking of such things as his political future and possible civil, as well as criminal liability.

The people around President Nixon are not rejoicing about the senator's misadventure, nor are they saying a single public word to capitalize on the accident politically.

There is no question that Nixon and those close to him politically regarded Kennedy as a prime political foe in the 1972 presidential elections. After Edgartown and subsequent statements by Kennedy, the Republicans cannot see him as a formidable factor in 1972.

Title Fee Hiked

LANSING (AP) — Michigan vehicle owners will be charged $2 for registration of ownership titles beginning Friday. Secretary of State James M. Hare estimated the $1 fee increase, authorized by the Legislature, would raise revenue for the State Highway Fund to some $5 million. Fee applications last year produced some $2.6 million, Hare said.

PIN-WORMS

A FAMILY AFFAIR

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms...ugly parasites that medical experts say infest 1 out of every 3 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. Then — Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge . . . small, easy-to-take tablets . . . special sizes for children and adults.

Riot Insurance Costly and Hard to Get, Some Cities Finding

NEW YORK (AP) — Some cities hit by racial and student violence are finding riot insurance expensive and hard to get.

Individual property owners are having similar difficulties, but in some areas state and local governments have established insurance pools to provide protection.

* * *

Premiums for riot insurance that is available have gone up.

The reason: Insured losses from riots rose from $1 million in 1966 to $67 million in 1967 and to $79 million in 1968.

A Swiss insurance firm canceled the riot insurance of the City of Berkeley, Calif., in June on grounds that the university town was "a particularly bad risk," City Atty. Robert Anderson reported. Intermittent disturbances have hit the city since a major disruption on the University of California campus in December 1964.

Anderson said Berkeley would seek another insurance company "but with our reputation for turmoil that's going to be difficult." Negotiations with a company are now in progress.

After a riot in Milwaukee's inner core in 1967 the city sought bids on riot insurance. The lone response was from a company which insisted on a $500,000 deductible policy and a cost-plus arrangement.

"We made another try to get insurance companies interested, with no results," says Thomas E. Hayes, assistant city attorney. "So we've given up the idea of insurance for the time being."

LIABLE FOR INJURIES

Under Wisconsin law, municipalities are liable for injuries to persons or property caused by a mob or riot. The only recourse, Hayes says, is for the city to seek reimbursement through legal action from the persons responsible.

In the wake of 1967 disturbances, half a dozen insurance companies threatened to cancel policies of Hartford, Conn.—the nation's insurance capital—unless the city agreed to increased rates and changes in coverage, a municipal spokesman said.

* * *

"We ended up paying $30,000 a year more for about $1 million reduction in coverage," he said.

Insurance Department officials in New Orleans say riot insurance there is part of a new fire and extended coverage policy that has been in effect since April 1. They report that riot coverage now is required by the insurance company and that premiums are higher than under the previous policy.

REQUIREMENT

A Maryland law requires each property and casualty insurer doing business in the state to take part in Maryland's FAIR plan—Fair Access to Insurance Requirements.

The plan was set up to qualify the state for a federal offer to sell riot reinsurance to firms in order to encourage them to cover any applicant providing his property is in insurable condition.

* * *

David Fentress, deputy state insurance commissioner, says that as of June 30 about 15,000 properties were insured under the plan, which allows premiums three times normal.

The federal reinsurance program is operating in 24 states and the District of Columbia.

In Washington, D.C., there is no riot insurance as such—it's fire and extended-damage coverage. After the April 1968 riots there were wholesale cancellations of fire insurance in affected areas. Elsewhere in the central city, rates went up.

To meet the problem, the District of Columbia Placement Facility was set up. By law, the approximately 180 fire insurance companies operating in the district must belong to it.

* * *

Now, when a policy is canceled or is unobtainable because of area, the property owner can go to the facility and, if otherwise qualified, obtain coverage. The facility assigns the policy to a participating company. Losses and profits are shared.

Monk to Meditate for 39 Months

BANGKOK (AP) — People of Bangkok can watch a marathon meditator at a downtown temple.

Plya Dhammo Bhikku, a 52-year-old monk born in China, has begun a 39-month meditation in a specially built glass cage displayed in the temple. Disciples said he also has meditated in graveyards.

Baboons' Attack on 'Leopard' Gives Zoologist a Surprise

NEW YORK (UPI)—Heinz Sielmann borrowed a stuffed leopard from the Nairobi Museum, fitted it with a clockwork mechanism to waggle its head and promised to return it in good condition. Then he hid the leopard where a tribe baboons would be sure to see it and turned on his television cameras.

He knew what should have happened. The baboon leaders should have made threatening motions at the leopard to slow it down or stop it while the tribe scuttled to safety. Then they should have tried to escape themselves from the unpredictable spotted slayer who is among the predators most feared by other animals.

But Sielmann's baboons did not act in accordance with the observation of other zoologists and thus added another mite to the knowledge of animals which is as important to the study of the development of human society as landing on the moon is to research into the origins of this planet.

As Sielmann filmed it for a National Geographical special "The Mystery of Animal Behavior," which CBS-TV has scheduled for Oct. 14, the three baboons traveling ahead of the tribe as guards did make a threat display. But they were evidently only waiting for something and that turned out to be the arrival of the leader of the tribe.

'EFFICIENT BABOON'

"He was not the oldest nor the biggest of the baboons, two of the qualities usually associated with leadership," the distinguished German zoologist said in an interview. "But he was the most efficient."

* * *

"Immediately he launched an attack on the leopard and as he closed with it the other three came in behind him. I was so delighted to get the scene on film I forgot I was going to have to think up an excuse for bringing a chewed-up leopard back to the museum."

Sielmann stopped off in New York for final discussions on the program before leaving for more animal filming in Southeast Asia.

He has filled the documentary with fascinating insights into wild life—the Darwin finch of the Galapagos Islands which would like to be a woodpecker but doesn't have the natural equipment so has learned to use a cactus thorn like a skewer to impale the larvae of insects.

'USES TOOLS'

Another "tool-using" creature in the film is the sea otter which floats on its back, places a flat rock on its stomach and cracks mussel shells on it at its leisure.

And there is a sequence on the astonishing "gardener bower bird" of New Guinea which spends years building a little house and decorating it with a mosaic of black lichen, rows of shiny beetles and the inside shell of pearl mussels.

In front of its house it constructs a semicircular garden in which it places orchids, fruits and other flowers. All this to entice a female who, once mating is over, throws together a simple nest in a tree.

* * *

Sielmann says the bower bird is linked to the gorgeous bird of paradise but apparently lost its colorful plumage some 100,000 years ago and had to find other ways of dazzling a mate.

* * *

Sielmann who walked into a pride of wild lions, faced a giant gorilla, a school of sharks and a charging polar bear for the program has this advice if, for example, a polar bear is coming your way—jump up and down and shout!

Most animals are bluffers and although the polar bear is a true carnivore and will eat anyone he isn't used to a dinner roaring back at him.

That's what the man says.

Astronauts Receive Heroes' Welcome in New York

NEW YORK (AP) — America's moon voyagers came to a tumultuous hero's welcome in New York today, joined in triumph by countless of their countrymen after their lonely mission in space.

This was no Sea of Tranquillity they came to, far from the arid surface of the moon—this was New York at its fullest, its throngs hailing the moon men that earthbound Americans soared with in spirit on one of the epic adventures of the ages.

They came to New York for a massive ticker-tape celebration, before heading westward to Chicago and Los Angeles, on a beautiful, warm and sunny day.

Astronauts Neil A. Armstrong, 39, Edwin E. Aldrin Jr., 39, and Michael Collins, 38, landed at 8:45 a.m., (Pontiac time), at Kennedy Airport, named for the president who committed their nation to the lunar exploration.

ACCOMPANIED BY FAMILIES

With them were their wives and children, joining them on this journey through the city and across the nation after the long separation that started before the launching and continued during the quarantine.

★ ★ ★

Across from City Hall, students at Pace College unfurled a huge banner from third-floor windows reading: "Pace College Salutes the Men of Apollo 11."

★ ★ ★

The flags of the United States, New York State and New York City fluttered from lamp poles around City Hall Park and at the Battery. Red, white and blue Apollo 11 decals adorned the windshields of police motorcycles.

The entire coast-to-coast program of frenzied tribute will consume far less than the 21½ hours the Apollo 11 lunar module spent July 20-21 on the surface of the moon.

BEHIND AT BEGINNING .

"We're behind before we begin," said New York's commissioner of public events, John "Bud" Palmer, who arranged the tight, 3-hour, 15-minute welcome here.

A quarter of a million miles in space last month, Collins radioed: "It'd be nice to have some company. Matter of fact, be nice to have a couple of hundred million Americans up here."

★ ★ ★

There won't be quite that many on hand today. But police in New York and Chicago were prepared for crowds totalling well into the millions.

City Hall reception is the schedule in both cities, plus a United Nations welcome in New York and a rally of 10,000 youths in Chicago's Grant Park.

★ ★ ★

Then it's on to Los Angeles and a reception and state dinner at the Century Plaza Hotel. President Nixon is the host, and in attendance will be most of the 50 state governors, plus hundreds of diplomats, space officials and fellow astronauts.

MOON MEN IN MANHATTAN — Astronauts (from left, rear) Michael Collins, Edwin E. Aldrin Jr., and Neil A. Armstrong wave from a car after arriving at a heliport in New York this morning. Seated in front are (from left) Bud Palmer, official city greeter, and New York Mayor John Lindsay. The astronauts received a hero's welcome from New Yorkers at the start of today's three-city tour.

President Presents Tax-Sharing Plan

SAN CLEMENTE, Calif. (AP) — President Nixon asked Congress today to start sharing income tax revenues with the states at a set amount each year with no strings attached.

The sates could use the money as they see fit after passing on a fixed portion to city governments.

★ ★ ★

"Because of budget stringencies," Nixon said, the program would start out modestly with $500 million. But it would get up to $5 billion annually by mid 1975.

Nixon said he was keeping a campaign pledge with these proposals and also was expressing the feelings of the majority of Americans who, he declared, "no longer support the continued expansion of federal services."

The President said the revenue sharing proposal also would "provide encouragement and the necessary resources for local and state officials to exercise leadership in solving their own problems." He predicted it would "restore strength and vigor to local and state governments."

★ ★ ★

In the past three decades, Nixon said, there has been "enormous federal commitment in new men, new ideas and new dollars from Washington but the problems of the cities deepened rapidly into crisis."

He explained his revenue sharing plan as follows:

● The size of the total fund to be shared should be a stated percentage of personal taxable income each year. For fiscal 1971 it would be a one third of one per cent. And it would rise in future years to a regular constant figure.

● The allocations of the total annual fund among the 50 states would be on the basis of each state's share of national population. As an incentive to expand its own tax resources, a state whose revenue effort is above the national average would get a bonus above its basic per capita portion of revenue sharing.

● The amount the states must share with local government units would be established by a set formula. A local government's share would be based on its proportion of total local government revenue raised in the state.

Barbara Is Guilty of Extortion

An Oakland County Circuit Court jury today found reputed Mafia chieftain Joseph Barbara Jr. guilty of extortion. When the verdict was announced at midmorning in the courtroom of Judge Frederick C. Ziem, Mafia informer Peter Lazaros broke out in tears. It is believed his family has been threatened.

By ED BLUNDEN

A group of residents of Pontiac's public housing development came to the City Commission last night to plead for "law and order."

Led by James Perry, president of the Lakeside Homes Tenants' Council, the group of about 15 persons called for an end to "vandalism, gambling, threats, disrespect and profanity" in the 400-home project.

★ ★ ★

Perry said, "Women are afraid to walk down the streets." He said mail carriers have been harrassed. He said not all of the problems were caused by the residents, but also by people who drive through or visit.

Some of the delegation said white men drive through the area and solicit black women. Gangs of white youths drive through swearing and tossing rocks, they also complained.

MEETING TO COME

Mayor William H. Taylor Jr. ordered a meeting among city officials, the Public Housing Commission, the Human Relations Commission and the area's residents to draw up a program to curtail the problems.

Taylor also brought up the case of a white family which had been moved into the project, but which had been so severely harassed it was necessary to move the members out for their own safety.

★ ★ ★

The family was relocated because of the expansion of East Huron, west of East Wide Track.

On welfare, the family was moved into the project because no other rental units were available on short notice, the mayor explained.

However, the family had to be moved about 10 days ago. Black families who tried to help also were theatened, Taylor said.

VANDALISM, HARASSMENT

Perry said vandalism of property and harassment in the project are common, but "We all can't move out."

The delegation also complained of poor management, bad rubbish pickup, open drain covers, thick weeds and poor police and fire protection.

★ ★ ★

Perry said he felt police were afraid to go into the project. He said it was practically impossible to get an ambulance or a taxi to enter the area.

Lakeside Homes, a 400-unit development built in the early 1950s by the federal government, is administrated with government funds, through the city's Housing Commission.

Built under specifications long obsolete, there is little space for parking and no provision for parks or playgrounds, city officials have long complained. The most densely populated section of the city by far, it is entirely Negro-occupied.

Residents must meet government standards for poverty and rent is paid according to an income scale. There always has been a waiting list to get in, officials point out.

Pontiac Press Photo

AWAITS DECISION — Joseph Barbara Jr., 33, leaves the courtroom yesterday after a jury failed to decide on extortion charges leveled against him by Mrs. Peter Lazaros. The jury resumed deliberations this morning.

Each Charges Border Penetrations

Soviet, China Fighting Erupts

TOKYO (AP) — Fighting broke out between Soviet and Chinese troops today on the frontier of Sinkiang Province, home of Peking's nuclear arsenal and missile-testing grounds.

Red China charged that several hundred Soviet troops under cover of two helicopters invaded Sinkiang, and there were many Chinese casualties.

★ ★ ★

The Soviet government a little later charged that Chinese troops penetrated Russian territory and there were casualties. The nationality of these was not stated.

★ ★ ★

The official Soviet news agency Tass reported that the Chinese were thrown back into their own territory and two of their officers were detained. It said the clash occurred near Semiplatinsk in Kazakhstan across from Sinkiang.

'PENETRATED A MILE'

A Chinese-language broadcast by Radio Peking said more than 10 tanks and armored cars were among the forces that penetrated more than a mile into Sinkiang, site of Red China's nuclear testing grounds.

★ ★ ★

Chinese border troops went into action and in the subsequent skirmish several Chinese border patrolmen were killed or injured and several Chinese troops were encircled, the broadcast claimed.

Then the Russians sent in more troops, the broadcast continued, and further clashes were expected.

The fighting centered in the Tieliekoti area of Yumin County on Sinkiang's northwestern border with the Soviet Union, Radio Peking said.

★ ★ ★

The Foreign Ministry in Peking lodged a protest with the Soviet Embassy, denouncing the "intrusion" and demanding the immediate withdrawal of the Russian troops. Otherwise the Soviet union must face the consequences of the action, the note said.

The Foreign Ministry claimed the Soviet Union was trying "to create a new bloody incident."

★ ★ ★

Peking's official New China Hsinhua News Agency accused the Russians of "continuing to mass large numbers of troops and tanks in an attempt to provoke still larger conflicts."

'Law, Order' Asked for Lakeside

By THOMAS TERP

Twelve Oakland County jurors resumed deliberations this morning on charges against reputed Mafia chieftain Joseph Barbara Jr. He is accused of extorting $4,000 and a diamond ring from Mrs. Peter Lazaros.

The jury — six men and six women — deliberated more than two hours yesterday and at the end of the day said they were "far from reaching a verdict."

★ ★ ★

The jury foreman told County Circuit Court Judge Frederick C. Ziem that "a good deal more time" was needed before a decision could be reached.

Several court observers yesterday said they were surprised at the jury's lengthy deliberation, and the possibility of a hung jury is not being ruled out.

MOTHER TESTIFIES

In the event the jury cannot decide on a verdict, the entire case would have to be heard again by a new jury.

In a surprise development in yesterday's seventh day of testimony, Judge Ziem reversed his Monday decision and allowed Mrs. Nicholas Lazaros, mother of Peter Lazaros, to testify.

★ ★ ★

Mrs. Lazaros, who had collapsed on the stand earlier, had been barred from further testimony Monday by Ziem, who said she could not be recalled because she had been dismissed earlier by both attorneys.

With little visible sign of emotion, Mrs. Lazaros told the court she and her husband were "pushed around" and threatened by Barbara and two other men three days after Mr. and Mrs. Peter Lazaros filed their original complaint against Barbara.

They have alleged that he extorted the money and the ring after he allegedly raped Mrs. Lazaros in 1968 at the Lazaros home, 2410 Dalesford, Troy. Lazaros was in prison at the time on a fraud conviction.

"This has been one of the most bizarre trails these eyes have ever seen," defense attorney Ivan Barris said on behalf of Barbara in his final argument. He warned the jurors that they must be convinced beyond doubt that Lazaros' charges are true before they can find him guilty.

★ ★ ★

Barris also tried to discredit a key prosecution witness, saying that Peter Lazaros could not be trusted.

"He is evil incarnate; he is a devil," Barris said of Lazaros, an admitted former Mafia man whose recent testimony on underworld activities has been instrumental in the calling of a grand jury in the county.

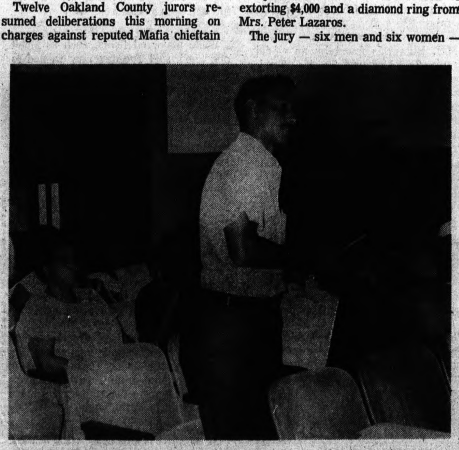

PROSECUTION ARGUMENT

Special prosecutor Jack Bain, meanwhile, reminded the jurors not to be prejudiced because of Lazaros' criminal history.

Bain also contended there was no reason to disbelieve testimony given by Mr. or Mrs. Lazaros pertinent to the extortion.

★ ★ ★

Most of the trial's seven days were marked by efforts by both attorneys to discredit opposing witnesses.

Pontiac Press Photo

LAKESIDE HOMES LEADER — Asking the City Commission for better law enforcement in the Lakeside Homes project is James Perry, president of the project's tenant council. He and a delegation from the 400-unit public housing facility complain that crime and fear are commonplace in the neighborhood.

Sale! Greatly reduced, all summer dresses, slacks, purses, etc. Open Friday 'til 9. Flora Mae Shop —Adv.

Showers May Wet a Warm Tomorrow

The mercury will head for the high 80s tomorrow, and the weatherman says there is a chance of occasional thundershowers.

Cloudy and warmer, with a low of 66 to 72 is tonight's forecast.

★ ★ ★

Fair to partly cloudy and a little cooler is the prediction for Friday.

Today's winds southerly at 10 to 18 miles per hour will become southwesterly at five to 15 miles tonight, increasing to 10 to 20 miles and gusty tomorrow.

★ ★ ★

The probability of precipitation in per cent is 5 today, 20 tonight and 40 tomorrow.

A sunny 66 was the low recording in downtown Pontiac prior to 8 a.m. The mercury registered 86 at 12:30 p.m.

Collins' New Attorney Is Mapping Defense

ANN ARBOR (AP) — The court-appointed attorney for a 22-year-old Eastern Michigan student charged with murdering a college coed was mapping out his defense today on the eve of a scheduled pretrial examination.

Named as defense attorney yesterday for John Norman Collins was Richard W. Ryan, a veteran Ann Arbor lawyer. Collins is charged with first-degree murder in the slaying of Karen Sue Beineman, 18, an Eastern Michigan freshman.

Michael Devine, a representative of the State Supreme Court, told newsmen the examination will be moved from Ypsilanti District Court to a larger courtroom in Ann Arbor tomorrow.

8 Pct.-Plus State Home Loan Interest Rate Is Emerging

LANSING (AP) — An interest rate ranging from 8 to 8½ per cent for home loan mortgages appeared to be emerging today as Michigan bankers expressed cautious optimism over a temporary withdrawal of the state's 114-year-old 7 per cent interest ceiling.

Gov. William Milliken's signature yesterday on the interest rate measure sent back officials across the state into strategy seions where they began close scrutiny of legal implications of the measure and market prospects.

* * *

While the measure's constitutionality was questioned in some quarters, most bankers indicated an intention to raise rates promptly, if cautiously.

* * *

"If I should commit a mortgate tomorrow, we would tell a fellow the interest would be 8½," said Dean Richardson, executive vice president of Manufacturer's National Bank of Detroit.

* * *

State AFL-CIO President August Scholle, who has opposed the rate hike as inflationary and usurious, said he would ask his labor alliance to initiate a petition calling for a referendum to overturn the new law

* * *

Unless the Legislature acts further, the new law specifies the state's lending rate must revert to the previous 7 per cent on Jan. 1, 1971. In the interval, Michigan money lenders have an open market with no maximum rate.

"I have the best possible information from our outstanding economists that this is the most inflationary kind of thing that could occur," Scholle said.

* * *

Milliken vetoed a similar financial bill, however, that would have allowed small loan companies to charge 30 per cent annual interest rates for loans of less than $300 and 18 per cent for loans from $300 to $1,000.

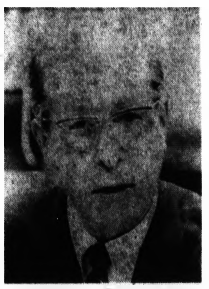

LATE-SESSION PRESSURE

Milliken cited several "substantial objections" beside "numerous technical deficiencies" which he called "contrary to consumer interests" and a result from late session pressure and carelessness. The measure would not have become law until sometime next March.

Bank officials, in viewing the home loan market, seemed to place greater confidence in Milliken's support for the interest increase than in Atty. Gen. Frank Kelley's concern for possible constitutional challenges.

* * *

"I think he's been convinced it is constitutional or the governor wouldn't have signed it," said Manufacturer's Richardson.

CLEMENT F. HAYNSWORTH JR,

'Southerner Set for Fortas Post'

WASHINGTON (AP) — Federal Circuit Judge Clement F. Haynsworth Jr., will be nominated tomorrow for the Supreme Court "unless there is a radical change in signals," Senate Republican leader Everett M. Dirksen of Illinois said today.

"I think he is it," Dirksen told newsmen in response to questions about reports that Haynsworth is President Nixon's choice for the post. He would fill the vacancy created by the resignation of Abe Fortas.

* * *

Sources say Atty. Gen. John N. Mitchell researched the rulings of Circuit Court judges before recommending the elevation of Haynsworth from chief judge of the 4th U.S. Circuit Court of Appeals at Richmond, Va., to a seat on the nation's highest tribunal.

Haynsworth, 56, a graduate of Furman University and Harvard Law School, was named to the Circuit Court in 1957 by then-President Dwight D. Eisenhower and has been chief judge since 1964.

Sen. Ernest F. Hollings, D-S.C., recommended Haynsworth to the President last May.

Haynsworth has taken what most observers consider a middle-of-the-road course on the appeals court that has jurisdiction over North Carolina, South Carolina, Maryland, Virginia and West Virginia.

Harambee Head Hails 'Miracle' After GM Loan Announcement

By DIANNE DUROCHER

"We in Harambee deeply believe that a miracle is unfolding in this city," Charles M. Tucker Jr., president of the black development corporation, said yesterday.

His statement followed an unprecedented announcement that Pontiac-based operations of General Motors Corp. will provide $1.1 million in interest-free loans to Harambee Inc. for land acquisition.

State and local government officials and community leaders attended yesterday's press conference at Bethune Elementary school announcing the GM pledge of funds to Harambee.

Gov. William Milliken called Harambee's announcement a milestone in the history of cooperation between the various segments of society saying that — Pontiac is a leader in this nationwide campaign to assure decent housing for all the thousands of ghetto residents in the nation."

STATE ROLE

He said he hopes the state can plan a role in financing the new homes planned by the nonprofit housing development firm.

The action by General Motors in Pontiac is an example of the role private industry can play in the solution of housing problems in the nation, he added.

GM Vice President F. James McDonald, general manager of Pontiac Motor Division and chairman of the corporation's plant city committee said, "This is truely an exciting day for GM in Pontiac and Harambee, but also a serious one."

"A lot of blood, sweat and tears have been shed by its members for Harambee to have gotten this far and there will be a lot more shed before they reach their over-all goal," he said.

'NEED TO WORK TOGETHER'

McDonald added, "Business and communities need to work together, because neither can accomplish their goals separately."

"Our first duty as the major industry in this city is to provide jobs," McDonald said. "On the other hand, we must join in and give support to worthy community efforts such as Harambee, and we wish it great success."

Mayor William H. Taylor Jr. also praised Harambee and pledged his support in efforts to work together for the betterment of this city.

Harambee is an African word meaning, "Let us work together." This is the doctrine as well as the name of the black corporation began 15 months ago.

FULFILLMENT OF DREAM

Tucker said, "When you combine the initial assistance of local business leaders with a grant from the Archdiocese of Detroit and assistance from the Metropolitan Detroit Citizens Development Authority and top it with a provision for GM funds it adds up to fulfillment of a dream."

"With the GM loans Harambee has already purchased several sites in Pontiac's southwest section and development is scheduled to begin in about three months," Tucker explained.

Development of the various sites is expected to provide some 500 housing units.

Harambee represents the cooperative effort of black and Latin American people of diverse leadership roles coming together and working together to prove that progress can be made through mutual trust and respect, Tucker said.

* * *

He added that all of the organization's contracts contain nondiscrimination clauses and the developments will be open to all people regardless of race, creed or color.

* * *

William E. Jackson, Harambee's executive director, said that the work of the organization has only begun and it will continue to work with government at all levels to insure the success of its projects, including the development of new and better housing for this city.

Congress Leaves Today on Summer Vacation

WASHINGTON (AP) — Congress takes off today on its first planned summer vacation in modern history, a concession to its younger members and an admission that it will be in session the rest of the year after it returns Sept. 3.

Only a corporal's guard was available for formal adjournment after today's no-business meetings of the House and the Senate. Many got an early start on foreign junkets and others were headed for Los Angeles and a testimonial banquet for the Apollo II astronauts.

Bearded Gunman Escapes

Lennon Sisters' Father Killed

LOS ANGELES (AP) — William H. Lennon has been killed by a mysterious gunman only weeks from achieving his greatest ambition—to see his four singing daughters in their own television show.

The 54-year-old father of 11 was shot down yesterday at the Marina Del Rey golf range, where he was an instructor.

* * *

Police investigators, who said they had no clues to the killer's motive or identity, received this account from witnesses:

Lennon was standing by his car when a man carrying a rifle approached. An argument took place, followed by a struggle for the gun.

A shot went wild. Lennon, shouting "Help!," started running across the parking lot. The killer, a tall, bearded white man about 35, fired twice and Lennon fell. The gunman walked closer and fired a third time.

The killer, wearing blue trousers and a green sweater, fled in a small blue and white car.

The Lennons lived in a 40-year-old house in Venice, a seaside suburb of Los Angeles. Once of modest size, it grew room by room as the brood of children increased.

In a recent interview, Lennon told how the first addition was paid for with the help of his singing daughters.

FIRST PAYCHECK

He had run out of money for lumber, so he began getting the girls singing jobs at small parties. Their first paycheck: $10.

"Eventually they were hired to sing at an Elks Club affair and it just happened that Lawrence Welk Jr. was there," Lennon said. An audition with Welk Sr. was arranged, and the rest is history."

The new Lennon Sisters series, to be aired over ABC-TV Friday evenings starting Sept. 26, will be called "The Lennon Sisters' Hour."

Lennons' Father

New County Jail Still an 'If' Away

Only one "if" stands between the shovel and the ground for the new Oakland County Jail.

A $9-million bond issue for construction of the jail complex was approved by the state Municipal Finance Commission yesterday, clearing the way for awarding of the contracts.

* *

However, the bonds can not be sold over the 6 per cent maximum interest rate set by state law.

County Auditor Chairman Daniel T. Murphy said today bonding companies will be solicited for bids and replies could be ready in two weeks.

MUST BE BELOW

Providing any of the bids are below 6 per cent, contracts could then be awarded and work started. But the money market has been increasingly tight.

Construction bids were opened in May. Due to the delay in approval of the bonds by the finance commission the county had to ask the bidders to extend their offers an extra 90 days.

Murphy said he feels all the contractors will still accept the job.

Low bidder on the prime contract, $7,181,000, is the Sorenson-Gross Co. of Flint. Other bids cover construction of steel security equipment, roads and a tunnel connecting the jail with the nearby courthouse.

The Weather

Full U.S. Weather Bureau Report

PONTIAC AND VICINITY — Partly sunny and warmer today. High 84 to 89. Tonight becoming cloudy and warmer, low 66 to 72. Thursday considerable cloudiness with chance of occasional thundershowers and little temperature change. High 84 to 89. Friday's outlook: fair to partly cloudy and a little cooler. Winds southerly 10 to 18 miles per hour today and southwesterly 5 to 15 miles tonight increasing to 10 to 20 miles and gusty Thursday. Probabilities of precipitation: 5 per cent today, 20 per cent tonight, 40 per cent Thursday.

Huron—Southerly winds 10 to 18 knots today, becoming southwest 15 to 22 knots tonight. Partly cloudy. Chance of a few thunderstorms, northerly portion tonight. Erie—Southerly winds 6 to 12 knots today, increasing to 10 to 15 knots tonight. Clear.

NATIONAL WEATHER — Showers are forecast tonight along the northern Pacific coast, in a band from Arizona to the upper Great Lakes and in the southern part of the nation. It will be warm in the eastern third of the nation and colder in midcontinent.

Birmingham Area

Pact Awarded for Henrietta Pilot Project

BIRMINGHAM — The City Commission has granted the construction contract for the city's Urban Design Plan pilot block project on Henrietta Street to the W. E. Schulz Co. of Northville.

The bid of $116,000 was 25 per cent higher than the original estimate of $99,000. Under the terms of the contract the city will delete selected items of the project to reduce cost to the original estimate.

* * *

Construction is expected to begin shortly with completion scheduled by mid-November.

The Schulz firm was the only bidder.

NEW ZONE DISTRICT

In other business, the Commission agreed to meet with the City Planning Board in September to discuss a new zone district, office-residential, and the height of commercial buildings.

The planning board recently met to review the final draft of the new ordinance. The board's recommendations on height of commercial buildings will be presented at the September joint session.

Stanley Kapel of 30250 Woodhaven, president of Contemporary Structures, Inc., Ypsilanti, recently received awards for outstanding design, engineering and construction on five buildings in the metropolitan Detroit area.

Edwin C. Maddex was appointed vice president and auditor of the Birmingham-Bloomfield Bank.

* * *

He was previously assocated with the Bank of the Commonwealth in Detroit where he most recently served as assistant vice president in the Operations Processing Control Department.

BLOOMFIELD TOWNSHIP — J. King Ward of 5063 N. Adams, governor of District 638 of the Rotary International, will address the Pontiac Rotary Club at noon Thursday at the Pontiac YMCA.

* * *

Ward's speech is in conjunction with the district governor's annual visit to the Pontiac Club to review accomplishments of the group's projects during the past year and discuss upcoming objectives.

Woman Is Beaten, Stabbed in Independence Robbery

A woman was found lying in a pool of blood in an Independence Township party store last night, moments after the store was robbed by two bandits. She is hospitalized in serious condition today with multiple stab wounds.

The woman was a clerk at Boucard's Party Store, 6450 Dixie. Four years ago, the owner of the same store was murdered in an apparent holdup.

Mrs. Dorothy Bliss, 50, of 7405 Pontiac Lake, Waterford Township, told Oakland County sheriff's deputies two youths rifled the cash register of $150 and beat her about 8:30 last night.

Doctors at Pontiac General Hospital, where Mrs. Bliss is under intensive care, said she suffered more than 15 stab wounds and slashes. They said the wounds were inflicted with a small knife.

Deputies said the youths were described as white, tall and slender. One had brown hair and a small goatee, and the other had brown hair combed straight back, they said.

They described the auto driven by the pair as a 1962 to 1964 dark-colored Pontiac with flower decals on the body. They also said the front bumper might be missing.

* * *

Mrs. Bliss was found by an off-duty deputy, Sgt. Medward Tessier. Tessier said he entered the store to make a purchase and heard a soft voice from the back room saying "Help me, please help me."

In February of 1965, Maurice Boucard, then owner of the store, was found shot to death in the store and the cash register was emptied.

Little Reaction to Games Curbs

NEW YORK (AP) — The president of the National Association of Food Chains says he sees "no great problems" with the new Federal Trade Commission regulations governing give-away games at grocery stores and gasoline stations.

"Remember," said Clarence Adamy, association president, "we testified during the FTC hearings that we were for full and open disclosure."

* * *

While major oil firms, such as Mobil and Shell, said Tuesday they wanted to study the regulations before commenting, one trade source remarked: "They're a bit stricter than we proposed, but we can live with them."

The FTC regulations, adopted by a 4-1 vote yesterday, are aimed at assuring each consumer a fair chance of winning in give-away games.

New Ethics Code for Lawyers Adopted

DALLAS, Tex. (AP) — The American Bar Association has adopted a new code of ethics for lawyers and proposed a coast-to-coast overhaul of the way automobile accident claims are settled in court.

* * *

The ethics code, the first major change in the canons in 60 years, bars contingent fees in criminal cases, restricts what lawyers can say to the press about pending cases and encourages participating in legal-aid programs for the poor.

The auto accident plan, which depends on state legislatures for implementation, would cut down delays in settlement by setting up uniform court systems and by making it easier for juries to reach verdicts.

Both actions were taken yesterday by the ABA's House of Delegates, a 297-member policy-making body.

JUDGE OUSTER BILL

The same group rejected a committee proposal that it endorse a bill by Sen. Joseph D. Tydings, D-Md., to establish a new commission for ousting unfit federal judges.

The ethics code was put together over the last five years by a committee headed by Edward L. Wright, a Little Rock, Ark., lawyer who will become president of the ABA next summer.

If state and local bar associations go along, lawyers will be forbidden to charge clients accused of crime a fee that depends on the way the case turns out. Such a charge is called a contingent fee.

Additionally, the code says contingent fees would be "rarely justified" in divorce, child support and other domestic relations cases.

PRESS STATEMENTS

The restriction on extrajudicial public statements about a pending criminal case prohibits the lawyer from telling newsmen much beyond the general scope of the investigation and a description of the offense.

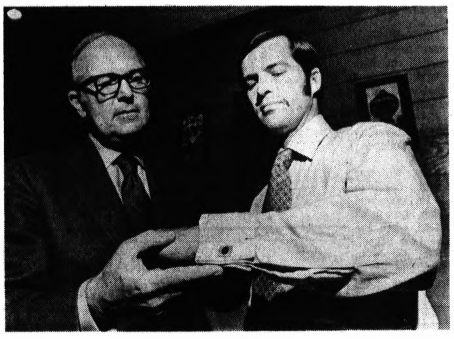

The auto reparations proposal would scrap the "contributory negligence" approach to settlements. These prevent an accident victim from recovering if the defense can prove the victim contributed to the accident in the slightest way.

Instead, the Wisconsin system of "comparative negligence" would be used. A victim would recover if the jury decided the defendant was more negligent than the victim. The jury would cut down the settlement proportionately to the victim's negligence.

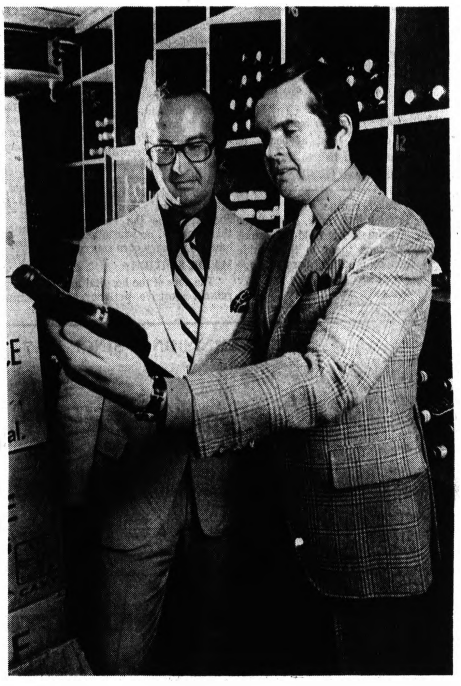

Pontiac Press Photos by Edward R. Noble

The rich dark shades of liqueurs from Denmark dot this trio of Hathaway shirts from the company's Copenhagen collection designed by Henry Grethel. They include Cherry Herring, Copenhagen blue and Whiskey brown. All are in the Scandia stripe.

Hathaway vice president, Alvin Yeager, (left) checks out the cut of a fastback cuff on model. This shirt comes in a corded fabric in the Porsche gold.

The vintage years inspired designer, Henry Grethel, right, to name his several Hathaway collections. Shown with him in the dark, dank, wine basement room of the Pontchartrain Wine Cellars in Detroit, is Hudson's men's fashion director, Glenn Kraske. Both wear the bold tone shirts found in the noted designer's Porsche collection.

Just Keep Your Shirt On While Fashion Collars You

By JEANNE NELSON

Got a friend who'll give you the shirt off his back?—Take it!

That is to say, take it if it's one of the new, groovy shirt models that head the fashion parade today. Hudson's, along with Hathaway Shirt Manufacturers, gave the press corps a mini preview of its new fall and spring '70 shirt fashions Tuesday at a luncheon in the Pontchartrain Wine Cellars.

* * *

Stripes are the real headliners and run the gamut from the narrowest to the wide, wide, double pajama stripe geared to attract the younger set. Henry Grethel, Hathaway's designer, approaches fashion shirt dialog with tongue-in-cheek wit but socks it to 'em with genuine creativity in the finished product.

His designs, incidentally, are responsible for the big image switch at Hathaway's where for 130 years the stock phrase was "cut them full." In tune with today's skinny look, gone are the billowing backs and ample sleeves. In their place come the slim, close body styles that spell out the best in fashion.

* * *

One of the designer's most outstanding trademarks is the reversal of those close body seams to the back, leaving a clean, unbroken line in front. The higher collars quite naturally were strong, but there was also a definite swing toward the French polo collar and some show of a considerably narrower type with semi-elongated points.

Cuffs vary from two-button, cowboy styles to an elegant French treatment that almost takes on a flared appearance.

* * *

The color message is a story in itself. If you remember back when the men's fashion revolution first began, it started with pastels. Now that color has all but replaced the outdated uniform white, bold, vivid tones are moving into the takeover spot in a swift, no-nonsense manner.

Taking their cues from sports cars and liqueurs, colors are labeled "Cherry Herring" (a rich burgundy tone on tone stripe) and Porsche gold (as racy as its namesake). The whole Copenhagen color-pattern collection shown takes its shades and names from liqueurs and after the last model had vanished it was hard to believe teetotaling exists at all.

* * *

The Porsche colors are, for the most part, bold, sans pattern or stripes and it is here you become more aware of shape detailing and fabric.

The image-maker Grethel smiles a lot when he talks about his success at Hathaway where a century ago, deliveries to Boston from the Waterville, Me., plant were made by stagecoach. "We've come a long way, too, baby," he proclaims.

Dinner Invite Also Includes Later Evening

By ELIZABETH L. POST
of the Emily Post Institute

Dear Mrs. Post: We are both extremely busy, but would like to get acquainted with some new friends. Is there any way to invite guests at say six-thirty or seven o'clock, until eight-thirty or nine? In other words, we value our reading, our church work, our quiet time together, but would like our friends also — but not for three or four hours. — Louise Davis

* * *

Dear Mrs. Davis: You simply cannot invite people to your home at six-thirty or seven and not offer them dinner. And you cannot, with grace or charm, serve drinks, dinner, and enjoy after-dinner coffee and conversation, in an hour or two. An invitation to dinner automatically includes the rest of the evening.

Your best solution is to either invite friends for a cocktail from five-thirty to seven-thirty — if you serve liquor in your home — or if you do not, ask them at a later hour for dessert and coffee. Both of these invitations imply a short visit and people know that they are expected to remain for only an hour or two.

Advance Notice Makes Dating Fair, Says Hubby

By ABIGAIL VAN BUREN

DEAR ABBY: Last winter when my husband attended a convention out of town he got involved with a lady delegate in her hotel room. When Alfred came home he told me about it, which I appreciated, but instead of saying he was sorry and would never do it again, he said he'd do it again if he got the chance.

* * *

Fortunately Alfred doesn't get many opportunities to travel. He has always said that he would never have an affair with a local woman because this is a small town and he's afraid of gossip, and I believe him, but I know I'll worry the next time he leaves town.

I asked him what he would do if I got involved with another man and he said he'd break my neck. Is this fair? He thinks he is being fair with me because he's telling me in advance. What should I do?

ALFRED'S WIFE

* * *

DEAR WIFE: Tell him you are being "fair" with him, because you are telling him in advance that if he repeats his convention capers you will break his neck.

* * *

DEAR ABBY: Whoever said that hypnosis for the purpose of getting heavy smokers to quit doesn't work is all wrong!

My brother was a three-pack-a-day man, and after a series of sessions with a hypnotherapist he gave up cigarets and hasn't touched one in over a year. In fact, he's the one who complains the loudest when his friends smoke during a poker game.

MY BROTHER'S KEEPER

DEAR KEEPER: Thank you for your letter, which was only one among hundreds in defense of hypnotherapy in this connection. However, I have been advised by several top-notch psychiatrists that most compulsive smokers (as well as compulsive eaters and drinkers) who have relied on hypnosis for a permanent cure are usually disappointed. Not all . . . but most!

* * *

DEAR ABBY: Today when I drove into a local shopping plaza I parked next to a car with two small children in it. They looked to be about two and four years old.

When I came back about an hour and a half later, they were still in there, crying their hearts out.

* *

Just then the mother came along, and I said "Your children have been crying for some time!"

With no concern, she said, "Yeah, I know."

How can people be so cruel to small children? Don't they know the dangers?

"MAD" IN BANGOR, ME.

* * *

DEAR "MAD": They know, but they think all the horrible things that happen to children unattended in parked cars can never happen to their children. Only to somebody else's.

* * *

CONFIDENTIAL TO "HONEST ABE FROM TEXAS" (and no less than a hundred other sharp-eyed, right-thinking readers): Mea culpa! The insurance agent's wife should not be asked to lie for him and say that he is "out" when he is actually in. She should instead say that he is not available, take the caller's number, and have her husband return the call.

* * *

DEAR ABBY: My mother says it is not right for my boyfriend to see me in my sleeping pajamas, but she has no objections to him seeing me in my bathing suit, which covers a lot less.

I asked her what the difference was and she said to ask you.

DEBBIE

DEAR DEBBIE: It is not a matter of how much is covered. Sleeping pajamas are appropriate attire for the bedroom, and therefore are inappropriate for entertaining your boyfriend. (That should cover everything.)

Welfare Mothers Ask Community to Dine on Allotted Budget Dishes

Could you live on a welfare budget? A number of Pontiac's welfare mothers will prepare and serve a cafeteria-style meal of typical welfare menu items at Hayes Jones Community Center Friday at 6 p.m.

Included will be barbecued neck bones, pigs feet, green beans with salt pork, greens cooked with skins, cornbread and bread pudding.

The mothers will be on hand to meet their customers and answer questions.

SPECIAL EVENT

This will be the kick-off dinner for those who may want to participate in "Live on a Welfare Budget Week." It is cosponsored by the National Welfare Rights Organization and Friends of the NWRO which is actively supporting legislation to improve the present welfare system.

* * *

Tickets are $5 per person. Checks should be made payable to Friends of the Pontiac Welfare Rights Organization. Reservations are being taken by Mrs. James Gibson of Riverside Drive, Birmingham and Mrs. Wilford Payne of Ann Street, Birmingham.

Jackie Onassis Expecting a Baby

PARIS (UPI) — Mrs. Aristotle Onassis is expecting a baby early next year, according to the weekly newspaper France Dimanche.

In a front page story in its current issue, the weekly said the former U.S. First Lady had made three visits recently to Greece's leading gynecologist, Dr. Thomas Doxiadis, whom it said had also attended Queen Anne-Marie of Greece.

The newspaper quoted an unidentified friend of the couple as saying "the birth is for the beginning of next year."

France Dimanche also said Mrs. Onassis had felt slightly faint during a recent visit to an Athens antique shop and was told by her sister-in-law: "With the heat, it's normal in your condition."

Mrs. Onassis has completely changed her daily routine by going to bed early and has given up water skiing, skin diving, smoking and alcoholic beverages, the newspaper said.

Mrs. Onassis, 40, has two surviving children, John and Caroline, born during her marriage to the late President John F. Kennedy. A third child died shortly after birth.

Poet, Editor Among Conference Lecturers

Poet Robert Francis, of Massachusetts, and Curt Johnson, Illinois editor of "December" magazine, will teach at the Cranbrook Writers' Conference at Cranbrook Academy of Art, Thursday through Sunday.

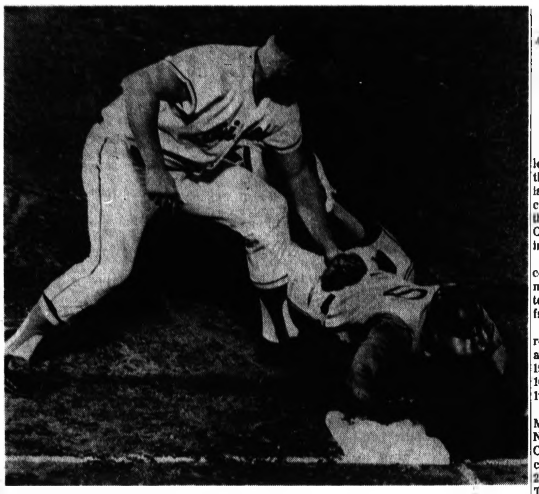

Carl G. Wonnberger, associate professor at Eastern Michigan University and former head of English at Cranbrook, is conference director.

Other special lecturers are Professor Fred Walcott and anthologist Stephen Dunning, editor of Scholastic Bookshelf; and Harriet Arnow, author of "The Dollmaker."

Pontiac Press Photo

Mrs. James P. Head of Walled Lake (left) is learning how to prepare barbecued neck bones. Her instructor is Mrs. Gladys Harris of Rapid Street. Mrs. Head is a member of Friends of the Pontiac Welfare Rights Organization which is cosponsoring the cafeteria-style "dinner on a welfare budget" to be served Friday at 6 p.m. in the Hayes Jones Community Center. Mrs. Harris will help prepare food for the affair which is open to the public.

AP Wirephoto

RETURN OF REGGIE—Reggie Jackson of the Oakland Athletics dives back to first base safely ahead of the attempted pickoff try by Baltimore's Boog Powell. Powell took a throw from Clay Dalrymple after Sal Bando struck out. Baltimore won the game, 4-3.

Reggie's Blast Can't Overcome Twins, 4-3

By The Associated Press

It was a bad day for Oakland, despite Reggie Jackson's 42nd home run, and it was a dismal day for Minnesota, despite peace in the clubhouse.

The A's wasted Jackson's tying two-run homer in the ninth inning when Baltimore scored in the bottom of the ninth for a 4-3 victory, and the New York Yankees hit the Twins harder than the Twins hit themselves in a 10-3 rout.

In other games, the Chicago White Sox blasted erring Boston 10-5, Cleveland edged Seattle 6-5 and Kansas City beat Washington 6-3.

T—2:42. A—17,016.

A two-run homer by loser Jim Kaat, 11-9, and a solo shot by Leo Cardenas had put the Twins ahead before they lost their fifth in a row.

Ken Harrelson and Duke Sims stroked consecutive homers, climaxing a tie-breaking five-run fifth inning for Cleveland's victory.

* * *

Kansas City overcame Lee Maye's two-run homer in the first inning when Ellie Rodriquez singled home one run and two more scored on consecutive squeeze bunts by Jackie Hernandez and winner Wally Bunker, 7-9, in the second. Rodriguez then singled in the decisive run in the third for a 4-2 lead.

Jackson, without a homer in his last 55 trips to the plate and 38 at bats, followed a walk to Jose Tartabull with nine out in the ninth with his belt over the right centerfield fence off winner Pete Richert, 6-3. It tied the game 3-3, but the Orioles, going for their seventh victory in eight games, didn't stay impressed long.

In the bottom of the ninth with one out, Curt Motton walked, Don Buford, who homered earlier, beat out a bunt and Paul Blair singled in the winning run.

The loss ruined Oakland's chance to take over the lead in the West Division from the Twins, who stopped swinging punches at each other and instead took one on the chin from the Yankees.

The Yankees, winning their ninth game in 10 starts, scored eight runs in the seventh inning — their biggest inning since July 2, 1965 — to overcome a 3-2 deficit. Gene Michael tripled in the tying run and reliever Al Worthington walked in two runs. After Len Boehmer's run-scoring hit, Bill Robinson singled in two runs and Horace Clarke tripled for the final two.

Unser Hits 148 at Dover Downs

DOVER, Del. (AP) — Bobby Unser sped a turbo-powered Offenhauser around Dover Downs International Speedway at an unofficial 148.125 miles per hour Tuesday, nearly 20 m.p.h. better than the world's record for Indianapolis- type cars on a mile track.

The 1968 Indianapolis 500 champ was testing tires and said he was trying to reach 150 mph on the banked track at Dover.

Woman Registers Ace

Donna Philpot, 6581 Northview, Independence Township, scored a hole in one Monday on the 145-yard ninth hole at Clarkston Golf Club.

Baseball's New Teams Hike Gate

NEW YORK (AP) — Big league baseball is on the ball this season as far as attendance is concerned with the turnstiles clicking much more frequently than last year for the Chicago Cubs, Atlanta Braves and Washington Senators.

However, most of the 15 per cent increase registered in the majors to date can be attributed to the expansion of both circuits from 10 to 12 teams.

An Associated Press survey revealed today that the over-all attendance for the 24 teams is 19,413,241 compared with 16,901,345 for the 20 teams in 1968. This is a gain of 2,511,896.

The expansion teams, though, Montreal and San Diego in the National League and Kansas City and Seattle in the American, have combined to attract 2,430,368 to their home games. Thus, the over-all increase for the 20 teams which operated in the majors in 1968 is only 81,528, or four per cent.

The Expos are leading the new clubs with a home attendance figure of 802,057. Kansas City is next with 653,137 followed by Seattle, 500,957, and San Diego, 474,217.

The Cubs, pacing the NL's East Division standings, show the largest attendance hike in either league. They are 408,758 ahead of last year. Atlanta is up 221,053 and Washington 203,543 over 1968.

Nine other clubs show increases. They are Cincinnati, 149,989; Baltimore, 93,135; the New York Yankees, 90,754; Houston, 69,479; Boston, 50,703; Minnesota, 43,513; the New York Mets, 31,203; the Los Angeles Dodgers, 22,699, and Pittsburgh, 5,495.

The figures through Sunday's Games:

National League

Club	Home Dates	1969	1968
New York	49	1,365,386	1,332,083
Los Angeles	53	1,232,209	1,209,510

I BET YOU DIDN'T KNOW

By John Carter

Want some good advice to give to youngsters who are learning to play baseball? . . . Joe McCarthy, who managed the Yankees to eight pennants in the 1930s and 1940s, once listed these nine points as important for anyone who wants to be a good ball player . . . (1) Take your bat off your shoulder if you want to become a .300 hitter . . . (2) Outfielders who throw the ball behind the runner lock the born after the horse is gone . . . (3) When you start to slide, slide; he who changes his mind may change a good leg for a broken leg . . . (4) Don't alibi on the bad hops; anybody can stop the good ones . . . (5) Look ahead, not backwards, on the bases . . . (6) Don't throw the ball to the base after the runner is there; a ball in the hand is safer than the one in the air . . . (7) Don't try to throw the ball before you catch it . . . (8) Nobody ever became a good ball player by walking after the ball . . . (9) Don't find too many faults with the umpire; you can't expect him to be as perfect as you are.

* * *

Here's quite an oddity from boxing . . . Anytime a heavyweight championship fight has been held in Madison Square Garden in the last 53 years, the champion has never lost his title! . . . No challenger has ever been able to beat the champion in any heavyweight title bout at Madison Square Garden in all this time, and through all those fights.

* * *

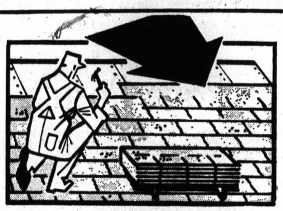

I bet you didn't know . . . that when we sell you a tire, we're more concerned with the strength of its sidewall than the color of it. Some salesmen aren't. See one of our Pros; we care.

Trade Moderately Active

Mart Continues Move Lower

NEW YORK (AP) — The stock market, a loser in each of its two previous sessions this week, continued to move lower in moderately active trading early today.

The Dow Jones industrial average at 10:30 a.m. was off 2.70 at 810.26.

* * *

Declines led advances by about 200 issues.

A 7,500-share block of Texas Gulf Sulphur traded at 22¼, off ¼.

The list was peppered with fractional gains and losses.

Opening prices included:

* * *

Granby Mining, up 1 at 32; American Telephone & Telegraph, up ¼ at 53¾; Pennzoil United off 7/8 at 27½; Consolidated Edison off ¼ at 28⅝; and Republic Steel, off ⅜ at 38.

The market tumbled to another loss Tuesday, with the Dow Jones industrial average losing 6.87 to close at 812.96. The DJI lost 4.63 Monday.

The Associated Press 60-stock average slipped 2.8 to 288.0.

Investors were reported concerned, in part, over the European Monetary situation as well as the stepped-up activity in Vietnam.
