'65 State Legislature Under Way

Teen Gets Clipped and the Fur Flies

JACKSONVILLE, Fla. (AP) — The matter of an assistant school principal accused of clipping a 15-year-old pupil's head of wavy brown hair to the scalp is headed for court. The case may even involve the Florida Legislature.

The charge of assault is being brought by Mrs. E. H. Harper, mother of the student. She acted following a private hearing Monday by the Duval County Board of Trustees on the accusation against the school official, Siegfried Mark.

School trustees said Mark admitted clipping the hair last week of Jerry Harper, a ninth-grade pupil at Kirby Smith Junior High School.

The boy's lawyer, George Stallings, who is a state representative from Duval County, objected to the privacy of Monday's hearing.

★ ★ ★

He said he intends to end "this business of holding private hearings for teachers" by taking the matter to the state legislature.

Goes to Congress

Immigration Plan Told

WASHINGTON (AP) President Johnson proposed a sweeping new immigration law to Congress today. It is based on an immigrant's skill and his family ties in the United States.

It would do away with the 40-year-old national origins quota system. Johnson called the quota system "incompatible with our basic American tradition."

Instead, immigrants would be selected on a first-come, first-serve basis, within a system of preferences based on work and cultural skills and family unity.

The bill is virtually identical to one proposed in 1963 by President John F. Kennedy. Johnson urged Congress today to give the revived bill priority consideration.

★ ★ ★

He said the proposed law "both serves the national interest and continues our traditional ideals."

FUNDAMENTAL BELIEF

"No move could more effectively reaffirm our fundamental belief that a man is to be judged — and judged exclusively — on his worth as a human being," the President said.

The bill, he said, would maintain safeguards against undesirables and excessive immigration, require all immigrants to meet U.S. security requirements, and ensure that no immigrants "could contribute to unemployment in the United States."

Unemployment figured strongly in one of the first congressional comments on the President's proposals.

★ ★ ★

Sen. John L. McClellan, D-Ark., said "I don't think we ought to let this country get flooded with immigrants. We've got enough of an unemployment problem as it is." He is a member of the immigration subcommittee of the Senate Judiciary Committee.

HART BILL

Sen. Philip A. Hart, D-Mich., promptly announced he would introduce a bill to carry out Johnson's recommendations and would ask for early Judiciary Committee hearings.

"The quota system should have been changed years ago," Hart said.

An administration source estimated passage of the law eventually would increase the average number of immigrants from 300,000 now to 350,000 a year.

★ ★ ★

This would include those admitted by special legislation as well as the 165,000 falling under the new quota, plus immigrants from Western Hemisphere countries who are not subject to quota limitations.

Johnson estimated the new law would add about 7,000 to the 158,000 quota immigrants who now come to this country.

The new bill would abolish the ban against the mentally retarded or aliens with histories of mental illness. Such persons could be admitted if they are close relatives of U.S. citizens or aliens previously admitted.

GAVEL COMES DOWN — Lt. Gov. William Milliken brings down his new gavel to open the State Senate in Lansing today. Milliken, a Republican, will preside over the predominantly Democratic Senate.

House Bars Detroit Dem Facing Court

Session to Stress Education, Safety and Welfare Items

LANSING (AP) — The 1965 Michigan Legislature convened today with confusion over Rep. Daniel West overshadowing the oath-taking and ceremony.

West, a second term Detroit Democrat charged with voter registration and income tax irregularities, surprisingly appeared on the floor of the House shortly before the gavel banged.

The Michigan House of Representatives today voted unanimously to prevent the seating of Rep. Daniel West, D-Detroit.

Democrats in causus had voted unanimously yesterday not to seat West until a special House committee investigated the charges.

West refused to talk to newsmen but was quoted by Majority Floor Leader J. Bob Traxler, D-Bay City, as saying he feared his absence would be considered an admission of guilt.

★ ★ ★

Otherwise the opening was calm and crowded with relatives and guests of the redistricted, reversed, renovated and refinanced legislature crowding galleries and other viewing areas.

The gavel banged around noon on this second Wednesday in January for the start of a session almost certain to put major emphasis on education,

See Story, Page B-12

mental health, government reorganization, workmen's compensation, traffic safety and various forms of relief for senior citizens.

The 110-seat House of Representatives and 38-seat State Senate are formed from new districts drawn last year after lengthy court tests and partisan battling over the eventually triumphant one-man, one-vote concept.

Thanks mostly to the revamping of districts and President Johnson's landslide victory, Democrats reversed the 30-year Republican hold on the legislature and gained powerful margins of 71-38 in the House and 23-14 in the Senate. A seat in each chamber is vacant.

Redistricting gave urban areas a bigger voice in state government at the expense of some rural locales. In general, this meant Democrats instead of Republicans.

With district populations differing only about 2,000 in each chamber, Michigan is at present perhaps the state most closely adhering to the one-man, one-vote ruling of the U.S. Supreme Court.

The renovation and refi-

Two United States Planes Shot Down in Central Laos

WASHINGTON (AP) — Two U.S. Air Force jet fighters were shot down over Laos today, the Defense Department announced.

The announcement, read to newsmen, said:

"A U.S. F100 airplane and a U.S. F105 airplane were shot down in central Laos today by ground fire.

"One pilot has been recovered.

"Search and rescue operations to recover the other pilot are continueing."

★ ★ ★

The incident occurred during daylight hours, newsmen were told by Arthur Sylvester, press chief of the Defense Department.

NO OTHER DETAILS

Sylvester said he had no further details.

The two planes shot down today brought to six the tottal of U.S. Air Force and Navy planes shot down during reconnaissance operations over Laos which started last May.

Sylvester was asked if the reconnaissance flights, some of which have been escorted by fighter planes, are continuing in Laos.

★ ★ ★

He answered, "Yes, over Laos."

The reconnaisance flights over Laos were begun after the Communist Pathet Lao supported by North Vietnamese seized the important Plaine des Jarres. Laotion Premier Souvanna Phouma asked for the flights.

Say Youth Admits to Killing Girl

DAYTON, Ohio (AP)—Police arrested a 20-year-old Dayton youth — who is a husband and father — yesterday and said he had admitted the slaying of a mentally retarded teen-age girl in a Detroit park last week.

★ ★ ★

The victim was beaten and stabbed 39 times.

Howard Thomas Manuel was arrested at his home, where he lives with his wife and two children.

Detroit police had alerted Dayton police to look for him because of a button found at the slaying scene.

★ ★ ★

Dayton detectives Paul Jennewein and Ralph Beutlen who arrested Manuel, said they found a brown car coat at Manuel's home with a button missing.

SAID TO MATCH

The coat's buttons allegedly matched the one found where the killing took place in Clark Park on Detroit's west side.

Manuel, who once worked in the Laundry at Dayton State Hospital (a mental hospital), said he had gone to Detroit to look for a job.

He said he stayed with his mother who lived in the same area as the victim, 16-year-old Betty Jean Smith.

Police said Manuel told them he saw the girl, who had the mentality of a five-year-old, on the street last Thursday night and went with her to the park

SITTING ON BENCH

The officers said they were told Manuel and the girl were sitting on a bench listening to her transistor radio when he

OU Festival Gets $50,000

Area Couple Donors; '65 Chairmen Picked

A gift of $50,000 from Mr. and Mrs. George T. Trumbull of Bloomfield Hills to the building fund of Oakland University's Meadow Brook Festival was announced last night.

★ ★ ★

The announcement came at a dinner at OU for 300 key leaders of the performing arts center, gathered to hear plans for the festival's second year.

See Story, Page B-1

Semon E. Knudsen, 1964 chairman, revealed the gift and announced the 1965 chairmen, Mr. and Mrs. Rinehart S. Bright, of 335 Cranbrook Court, Bloomfield Hills.

Bright said that "objectives for 1965 can only be additions or improvements over last year and more or added musical offerings."

★ ★ ★

The gift from the Trumbulls of 365 Dunston will probably be used to erect permanent buildings for food service and the "scholarshop" on the festival grounds. Permanent seats may be installed in the Baldwin Pavilion.

SIX WEEKS

This year's season will cover six weeks in contrast to last year's four. Already 1,000 season tickets have been sold.

Starting July 8, the Detroit Symphony Orchestra will offer concerts on Thursday, Friday and Saturday evenings. Season tickets will be $15 and $9 for seats in the pavilion and $5 for grounds admission.

There may be a split series of tickets offered for either the first or last three weeks of the season, if all season tickets are not sold out.

★ ★ ★

Sixten Ehrling will conduct for five weeks with Robert Shaw, Cleveland Orchestra associate conductor, directing major choral works on July 10-12.

Calls for Help Ignored as Officer, Teen Struggle

DETROIT (AP) — A Detroit policeman—shunned by passersby who "didn't want to get involved" — won a two-minute struggle with a youth dangling 20 feet over a freeway railing during rush hour traffic yesterday.

The youth, Gilbert Herrera, 18, of Detroit, tried to break Patrolman Norman Rau's hold with a jagged bottle.

When Rau finally managed to secure Herrera with the help of an unidentified bread truck driver and two fellow officers, he declined to say why he planned to jump off the freeway bridge. Herrera was held for questioning.

"I can't understand it," said Rau. "If the truck driver, who didn't even give me his name, hadn't stopped I wouldn't have been able to hold the man much longer."

Rau said "two men came walking over the bridge, and I asked them to help. One of them said, 'I don't want to get involved' and they kept on going."

Rau said he stopped his patrol car when he spotted Herrera's attempt to jump. "He said 'Don't come near me, I'm going to jump,'" said Rau.

"I ran toward him and just got a hold of his clothing as he went over," Rau said. "I had a good hold, but the man had a broken bottle in one hand. He kept trying to slash me with it, so that made it pretty hard."

GOP Power McKay, 81, Succumbs

GRAND RAPIDS (AP) — A Michigan political legend will be buried here Friday.

★ ★ ★

Funeral service will be held then for Frank D. McKay who rose from obscurity to positions of power in the world of politics, finance and industry.

McKay, one-time boss of the Republican party in Michigan, died yesterday in the Miami Heart Institute at the age of 81.

Death came from complication following a Christmas Day heart attack.

★ ★ ★

Attendants said McKay had several relapses and blood transfusions before he succumbed.

VAST FORTUNE

Controversial in the public eye and out, he compiled a vast fortune in banking and business holdings. Long a Republican party figure of power in the 1920s and 1930s, he was Michigan state treasurer for three terms from 1924 but broke with the party in 1948 to support the candidacy of Democrat G. Mennen Williams for Michigan governor.

Born here Nov. 4, 1883, McKay was one of 10 children of a poor Scottish immigrant family.

★ ★ ★

He took an interest in local politics first by organizing friends and associates to back candidates he favored. In 1906 he was appointed deputy Kent County clerk and Circuit Court assignment clerk and served many years in those posts.

GAIN CONTROL

In time, he led a group that gained control of the county Republican party.

★ ★ ★

It took him to state level politics and in 1924, backing Alex J. Groesbeck for governor, he was elected state treasurer on the same ticket.

To Begin Jan. 26 at PCH

Annual Cooking School Set

The sixth annual Pontiac Press Cooking School starts Jan. 26 and runs for four days and two night sessions. It will again be held in the Pontiac Central High School auditorium.

This year, two home economists from Rural Gravure and two from Consumers Power Company in Pontiac will be presenting new ideas in food and cooking techniques.

Donna Puncochar who conducted the school last year is returning to conduct one day session. In charge of the second day session will be Marlys Fox.

Barbara D. Zimmerman and Harriet T. Cannon, both of the Pontiac utility company, will present the two night sessions, an innovation this year.

★ ★ ★

Three complete sessions of two days each make this year's cooking school different from previous years.

SESSIONS BEGIN

Daytime sessions begin at 1:30 p.m. with doors open at 12:30 p.m. The night sessions Jan. 27 and 28 start at 7:30 with doors opening at 7 p.m.

Tickets are free, but will be limited to no more than one ticket per day per person for any one of the sessions.

Prizes will be given away at the close of every session.

City Tax Vote Set for March

Official Commission Action Is Scheduled

Pontiac electors will vote March 18 on a proposed city income tax ordinance.

★ ★ ★

The City Commision agreed on the date at an informal meeting Monday following through on citizen petitions.

Official commission action is slated next week.

A self-appointed Citizens Committee on Taxation acquired more than the 1,433 signatures needed to petition for the March 18 referendum.

★ ★ ★

State law requires that the tax proposal be put to a vote if enough electors petition for one.

EFFECTIVE DATE

The March election will delay the effective date of the income tax until July 1, if it is approved by voters.

★ ★ ★

Thus, according to the commission, actual benefits from the new levy will not be realized until 1966.

March of Dimes Wild Game or Tame Dinner, Log Cabin Inn, Lakeville, Jan. 13. —Adv.

Pontiac Record Set for January Period

Pontiac Motor Division today reported that its dealers sold new cars in the first third of January at a record pace for the period.

Frank V. Bridge, Pontiac general sales manager, said 16,911 Pontiacs and Tempests were delivered in the Jan. 1-10 period, surpassing the previous record of 15,785 units set last year.

In asserting that Pontiac was headed for its best sales year ever, Bridge pointed out that sales in the first 10 days of January, on a daily rate basis, were 23 per cent better than in the same period a year ago.

Winter Proves No Pushover

Old Man Winter is getting tough. He's sending light snow toward Pontiac today and said he will drop temperatures tonight from zero to 10 above.

Fair and cold, a high of 12 to 22 is tomorrow's forecast.

But cheer up, there's a chance of a light snow with a warming trend Friday.

Twenty-two was the lowest temperature in downtown Pontiac prior to 8 a.m. At 2 p.m. the mercury reading was 26.

Osteopathic College Drive Near Goal

"We're really nearing our goal in the osteopathic college drive," said Max Adams today, "and pay day lies directly ahead." The manager of the Pontiac Area Chamber of Commerce declared the sum pledged was within $7,100 of the goal.

"If you can pay your pledge now, please send the money to the Chamber of Commerce. If your pledge runs for three years, please see that we get the amount due at this time.

"In addition to pledges," declared the manager, "we must have as much actual cash as possible. Many were made with the understanding the money would be sent when the closing was at hand. We've reached that point.

"When we turn over the cash we have, we will have to borrow the balance and then pay interest. That's one of the reasons our original projection was a few thousand dollars short.

★ ★ ★

"In the next 10 days, we will close this deal for the site that will house a $6-million institution.

'GREAT BOOM'

"This $6-million institution constitutes one of the greatest booms Michigan has experienced in culture and employment in many a day.

"And to those who have delayed their first declaration to us, I want to say we need you now and need you badly. Please take the initiative and send your amount to me at the chamber.

"This is the last call."

Road Program Costs Up $6 Billion, Congress Told

WASHINGTON (UPI) — The Commerce Department informed Congress today that the cost of the 41,000-mile interstate highway program will total about $6 billion more than anticipated.

The report made no suggestion where the additional money should come from for a program that has been based generally on a pay-as-you-go policy. Truckers and the automotive industry were primed to fight any proposals for increasing taxes on fuel, tires and other items.

Revenues from such sources are funneled into a special highway trust fund which is used by the federal government to pay nine dollars out of every 10 spent on the interstate system.

The over-all cost is now estimated at about $47 billion instead of $41 billion originally forecast.

★ ★ ★

Federal Highway Administrator Rex M. Whitton said that more than $3.6 billion of the cost increase was for improvements to provide "increased service, safety and longer highway life."

HIGHER COSTS

Less than $2 billion of the new total is due to higher costs of land acquisition, engineering and construction, Whitton said.

The report, containing a breakdown of the increased costs, listed these main items:

- $1.2 billion for improved excavations, embankments, drains, signs and similar items.
- $1.1 billion for higher construction costs.
- $941 million for an additional 414 miles of interstate which had not received final approval when the 1961 cost estimate was made. This mileage had been figured at the arbitrary rate of $1 million a mile.

Anti-American Rallies Go On

Panamanians Burn Third U. S. Flag

PANAMA (AP) — An estimated 1,200 Panamanians demonstrated against the United States Tuesday night and burned an American flag, the third in two days. Panamanian soldiers again kept them away from the Canal Zone with tear gas and shots fired in the air.

The labor-student rally in downtown Santa Ana Plaza was the last scheduled event in a four-day observance of anti-U.S. rioting last January in which 21 Panamanians and four U.S. soldiers were killed.

★ ★ ★

There was speculation that student agitation might continue today. Some quarters suspected the students hoped continuing unrest would force the government to close the schools and suspend end-of-term examinations due this month.

During the rally in Santa Ana Plaza National Assembly member Virgilio Schueverer condemned the United States for "imperialism," praised Prime Minister Fidel Castro and predicted that "rivers of blood" will flow in Panama.

FREQUENT CHANTS

There were frequent chants of "Revolution . . . revolution" as other anti-American, antigovernment and pro-Castro speeches harangued the crowd and the U.S. flag was burned. Three empty coffins were on display.

After the speeches, the crowd headed for the Legislative Palace opposite the Canal Zone boundary. About 100 soldiers lined up to block them and let loose a tear gas barrage.

★ ★ ★

The demonstrators dispersed into side streets, but the troops followed them in patrol cars and broke up groups that formed with more tear gas.

Tear gas hung over the main business section and the streets were littered with refuse from overturned garbage cans. Store windows protected by steel shutters escaped damage.

Say Dayton Youth Admits Killing Girl

(Continued From Page One)

"began to think how dirty women have been to me."

Manuel said, according to police, that he became enraged, threw the radio to the ground and "the next thing I knew, I was stabbing her."

Police quoted Manuel as saying the knife used to kill the girl was at his mother's house in Detroit.

★ ★ ★

Detroit police said a blood-stained stiletto knife with a four-inch blade was recovered from the home of Manuel's mother, Mrs. Mary Montes.

Betty Jane, youngest of nine children, was described by her mother as "a friendly girl who loved people. She talked to anybody and everybody."

TAPPED FOR GOP WHIP — Rep. Peter H. B. Frelinghuysen of New Jersey (right) is Rep. Gerald Ford's choice as House whip, Ford announced yesterday. Ford, the House Republican leader, said Frelinghuysen was his personal choice without reference to any party group. Whip Leslie Arends of Illinois, said he will fight for the job. The vote is tomorrow.

2 Planes Down at Viet Border

1 Shot At, 1 Crashed, U.S. Spokesman Says

SAIGON, South Viet Nam (AP) — Two American planes went down near the Cambodian border today. One was shot down, the other crashed when it ran out of fuel, U.S. spokesmen said.

No lives were lost in the plane crashes. Two crewmen of a small Army spotter plane suffered second-degree burns when their craft was shot down. A U.S. Air Force officer suffered minor bruises and scratches when his plane ran out of fuel.

Antigovernment demonstrations in three cities subsided, and the demonstrators in Hue prepared to send a delegation to Saigon to discuss their grievances with Chief of State Phan Khac Suu.

All was reported quiet in Hue, Quant Tri and Nha Trang, where noisy demonstrations took place Monday and Tuesday. A three-day general strike ended in Hue, 400 miles north of Saigon.

SEIZE TRUCK

In the central Vietnamese city of Da Nang, another center of demonstrations, about 700 students seized a government sound truck and continued their protests. No violence was reported, but high schools remained closed. The demonstrators dispersed by noon.

In Saigon, conferences continued between U.S. officials and Buddhist leaders who oppose Premier Tran Van Huong's government, but the Buddhists were reported taking as hard an antigovernment line as ever.

★ ★ ★

Communist China charged that "U.S. imperialism" was behind a South Korean government decision to send 2,000 noncombat troops to South Viet Nam.

Red China called the Korean decision "an exceedingly grave move" and said: "If U.S. imperialism continues to prosecute its scheme for expanding its aggressive war in South Viet Nam and even internationalizes that war, the Chinese government and people will have to give further consideration to the duties incumbent upon them for the defense of peace in this area."

The Chinese possibly hoped to influence the South Korean National Assembly, which still must approve the troop movement. South Korea already has 116 noncombat personnel in South Viet Nam.

One of Kenosha Quads Dies; 3 Others Are OK

KENOSHA, Wis. (UPI)—One of the Robin Graff quadruplets, the first such multiple birth in Wisconsin since 1907, died today, Kenosha Memorial Hospital said.

★ ★ ★

Hospital authorities said the infant, a girl, was the third born to the wife of the machinist Monday night.

Death came at 12:35 a.m. (EST). The baby had "respiratory difficulties" since birth, the hospital said. The hospital said the three surviving infants, two boys and a girl, were 'doing fine.'

Strike Halts Sailings of 2 Luxury Liners

NEW YORK (AP) — Scheduled sailings of two luxury liners have been canceled as seagoing unions of the American Merchant Marine supported the longshoremen on strike on the Atlantic and Gulf Coasts.

The seagoing unions called for immobilization of American-flag passenger ships on the two coasts in a show of unity with the International Longshoremen's Association.

★ ★ ★

Ship companies ordered the sailings canceled Tuesday after the National Maritime Union and the Seafarers International Union announced that their members would refuse to cross the longshoremen's picket lines. **All three unions are AFL-CIO affiliates. The NMU and the SIU emphasized that they were not striking.**

Other unions in addition to the NMU and the SIU — both of which represent unlicensed ship personnel below officer grade — also have pledged support to the 60,000 striking dock workers.

2 KNOCKED OUT

The two big ships knocked out are the superliner United States, flagship of the United States Lines, which had been scheduled to sail for Europe Thursday with 800 passengers; and the Argentina of the Moore-McCormack lines, which was to have left New York today with about 180 passengers on an eight-day Caribbean cruise.

The action by the seagoing unions greatly increased the impact of the three-day-old dock strike which is causing an estimated loss of $20 million to $25 million a day to the nation's economy. Up to 200 ships are reported tied up in two score ports.

★ ★ ★

William B. Rand, president of the United States Lines, said the cancellation of American-flag passenger ship sailings is "an extremely damaging blow to the American Merchant Marine and the entire shipping industry." He called the crew union action "another nail in the coffin" of the Merchant Marine. He noted that "foreign vessels can come and go at will with the only inconvenience being that the passengers have to carry their own luggage."

Cancellation of the sailing of the United States will put most of the 1,000 crewmen "on the beach," although some will be kept aboard for caretaker work. Most of the Argentina's 340 crewmen were similarly affected.

TO GET NEW VOTE

The seagoing unions' announcement came as Thomas W. Gleason, president of the longshoremen's union, was holding a news conference to discuss plans to get a new vote among the 24,000 ILA members in the Port of New York on the proposed contract. The contract was rejected last Friday by a margin of 930 in a vote in which 16,000 members participated.

Gleason, who had urged ratification of the contract, said the union's headquarters will send a letter to every member in New York explaining what he called "the best contract won in union history."

★ ★ ★

The contract rejection was the main factor triggering the two-coast strike. Contracts reached here between the ILA and the New York Shipping Association, which represents 145 shipping and stevedoring companies, traditionally set the pattern for contracts in other ports.

Session Begins for Legislature

(Continued From Page One)

nancing aspects of the legislature won't have nearly as much direct bearing on the the session's outcome.

The renovation list includes new carpeting, Senate chairs, House sound system and a general cleaning of the chambers. The refinancing of legislators' salaries gives each $10,000 plus $2,500 in expense money, nearly double the previous figures.

Only 66 of the 148 seats are held by incumbents.

The West investigation and one recount are causing the legislature to meet only today and tomorrow before recessing until Jan. 25.

The recount is to determine if Rep. Carroll Newton, R-Delton, really beat Democrat Claude Burton by six votes as the November count showed.

The major business of tomorrow's session is Romney's state of the state message. He'll propose the major areas of legislative concern for the coming year.

His rounds of presession talks with Republicans and Democrats produced nothing to discount a general belief that the governor will stress education, mental health, workmen's compensation, traffic safety and senior citizen aid.

Oldest U. of D. Grad Succumbs at Age 93

DETROIT (UPI) — Charles J. Higgins, 93, Detroit, who had been the oldest living graduate of the University of Detroit, died yesterday following a brief illness.

A native Detroiter, Higgins had worked as a bank teller, newspaper financial editor, author and comptroller.

City Fire Calls Record in '64

Loss Jumped Nearly 100 Per Cent in 1964

Pontiac firemen answered more calls during 1964 than during any previous year in the department's history, according to Fire Chief James R. White.

Firemen were called 2,578 times during the year, 62 more than 1963.

The city's fire loss jumped nearly 100 per cent in 1964, when the department recorded an estimated fire loss of $858,190.

In 1963, fire loss estimates were listed at $462,030.

★ ★ ★

Chief White said there were two reasons for the increased loss—four major fires and inflation.

BUILDING GUTTED

On Jan. 11 the vacant American Forge and Socket Co. building on Branch was gutted by a fire which cost an estimated $100,000.

Two days later, fire swept through the Parkside Apartment Building at 101 Mechanic, killing one man, and causing an estimated $60,000 in damage.

Fire raced through the Big Value Furniture Discounters store at 47-55 S. Saginaw Feb. 11, causing an estimated $132,000 damage.

★ ★ ★

The city's biggest fire in years occured on the Fourth of July when flames engulfed the Grand Trunk Railroad's freight warehouse, causing an estimated $350,000 damage.

LEVELED WAREHOUSE

The blaze leveled the warehouse, gutted an attached two-story brick office, burned five freight cars and several private automobiles.

"These four blazes alone caused damage estimated at $642,000, more than two-thirds of the total," White said.

The Chief also said it costs more to repair fire damage today than it did two or three years ago.

★ ★ ★

"This is another reason the loss is up," he added.

2 DIE IN FIRES

Only two persons died in fires in 1964 as compared with six in 1963.

The department had less fire runs—1077 in 1964—than the 1219 recorded in 1963.

However, firemen made 73 more rescue runs (a total of 809) during 1964, and were called out on 54 more false alarms (415 total).

Former Supervisor Beaten and Robbed

Former Oakland County Supervisor R. Clare Cummings was beaten and robbed yesterday by two teen-age boys while walking on a downtown Pontiac street.

★ ★ ★

Cummings, 80, of 205 E. Iroquois told police he was on Perry near Water about 5:45 p.m. when the pair ran up behind him and began hitting him with what appeared to be a piece of wood.

★ ★ ★

Police said that the youths then took Cummings' wallet containing $127 and ran toward Saginaw. Cummings, a cofounder of the First Federal Savings and Loan Association of Oakland, was not hospitalized.

Birmingham Area News

City Commission Gets Report on Detroit Water

BLOOMFIELD HILLS — It would cost upwards of $2 million to bring Detroit water to Bloomfield Hills, city commissioners were told last night.

The commission was presented with a preliminary report on the project by Hubbell, Roth and Clark, Inc., Birmingham engineers.

As surrounding communities convert to Detroit water, the commission asked the firm to investigate the idea for the city.

With cost estimates now in, there still remain several questions yet unanswered.

★ ★ ★

In the near future, commissioners plan to determine public interest in the project. They will draft a questionnaire to be sent to residents.

WATER RATES

Meanwhile, they want to learn how much water rates are in adjacent communities and what the cost would be for the larger-than-average lots and homes in Bloomfield Hills.

Also to be weighed are the several means available for financing such an undertaking — special assessment, general obligation or revenue bonds.

Engineers last night said the main supply line for the water would cost about $725,000. Estimated price tag of the lateral lines for existing homes is $1,235,000.

Hubbell, Roth and Clark added another $271,000 for lateral lines which would be needed in the future, taking the eventual total to some $2,231,000.

PRIVATE WELLS

Homes and establishments in the city now are being served by private wells.

Mrs. Jahanara Imam, Pakistani educator, will arrive in Birmingham tomorrow to begin a month's study of the local school system.

Mrs. Imam is headmistress of the Bafa Shishu-Shikhalaya (kindergarten) School, Dacca, Pakistan.

She is visiting this country under the auspices of the International Teacher Development Program, a cooperative effort of the Department of State, the Bureau of Educational and Cultural Affairs and the Department of Health, Education and Welfare.

Mrs. Imam is to become acquainted with the educational principles and methods of instruction, administration and organization as it is developed and practiced in the United States.

★ ★ ★

She will be talking to teachers and administrative personnel and visiting classrooms.

While in Birmingham, Mrs. Imam will be the guest of Adams Elementary School principal Fritz Pinis and Mrs. Pinis, 600 Pierce.

Bosses Night Banquet Set by Jaycees

The Pontiac Area Junior Chamber of Commerce will hold its annual Bosses Night Banquet Jan. 27 at Devon Gables.

During the banquet the Boss of the Year Award and the Distinguished Service Award will be presented.

The latter award is given to a man between 21 and 35 years of age who has made an outstanding contribution to the community.

Lt. Gov. William E. Milliken will be guest speaker at the dinner and Michigan's new boxing commissioner, Chuck Davey, will be the toastmaster.

The Jaycees are accepting nominations for the recipient of the Distinguished Service Award until Monday.

These should be sent to John H. Salow, 218 S. Telegraph.

U.S. Aide Told to Quit Poland

Attache Accused of Photographing Base

WARSAW, Poland (AP) — The Polish government has accused the U.S. air attache in Warsaw, Col. George F. Carey Jr., of photographing an air base and ordered him to leave the country within two weeks.

★ ★ ★

Diplomatic sources said U.S. Ambassador John M. Cabot was called to the Foreign Ministry Monday and told that Carey has been declared "persona non grata" as a result of an incident and scuffle with the police Jan. 4 near an air base at Bydgoszcz, in central Poland.

The Canadian air attache, Group Capt. James Borden, was involved in the same incident, and the Canadian Embassy was given a warning by the Polish government, the sources added.

TOLD TO LEAVE

Carey, 44, of Alexandria, Va., confirmed that he has been told to leave Poland but said he had no camera at the time of the incident. He said the charges against him "are lies, with no proof whatsoever."

The Polish Foreign Ministry press office said it had no information about the matter.

★ ★ ★

Diplomatic sources said Carey was charged with photographing a military installation, refusing to show his documents to the proper authorities, running away from an airfield and reversing his overcoat to disguise his appearance.

★ ★ ★

Presumably the United States will now expel the Polish air attache in Washington, the customary procedure in such cases.

Carey, the son of a retired Boston, Mass., policeman, took the position that he and Borden had not broken any of the rules to which military and air attaches are subject in a foreign country.

HIS ACCOUNT

He gave this account of the incident:

★ ★ ★

'We were in close proximity to the airfield, walking into the town of Bydgoszcz, when we were accosted by a policeman. We showed our documents.

★ ★ ★

'We were invited to get into a police car. We refused because they would not say if we were under arrest. There was an argument for an hour and five minutes."

The two attaches were taken to the police station, Carey said, where they were questioned for 30 minutes. Then "an officer apologized for the rough handling by the police. We got the impression that they were not sure of their footing.

Planned to Seal School

Glue Plot Uncovered

NEW YORK (AP) — Police have uncovered what they describe as an elaborate master plan for closing George Washington High School next weekend in an unusual way: with glue.

Five pupils admitted they planned to use glue to shut every door in the school in the Washington Heights section with a powerful airplane glue they said would withstand 2,000 pounds of tension.

★ ★ ★

The plan was drawn up with each boy assigned to a specific job next Sunday night and police said the boys also admitted:

1. Stealing and selling "late-cut passes," which allow students to cut classes.

STEAL EXAMS

2. Stealing the December midterm examinations in American history and selling some copies, "mostly to dumb kids."

3. Writing letters to prominent officials, including Mayor Robert F. Wagner, complaining that discipline at the school was too harsh.

★ ★ ★

All five were charged Tuesday night with petty larceny and conspiracy to obstruct the Board of Education — by using glue to shut down the building.

Detectives Pat Toomey and Louis Blazquez summarized the boys' master plan this way:

Sunday, 8 p.m. — Boys meet at school, enter with the keys stolen Jan. 7 from Principal Frank S. Jacks, glue up the outside doors — except for one they would need to use in getting out.

8:30 p.m. — Lock all doors inside the building and glue them shut.

★ ★ ★

10:45 p.m. — Glue the gymnasium doors, then leave and glue the final outside door.

Monday, 7 a.m. — Make a final check to see that all doors were glued tight, then distribute posters at a nearby subway station saying: "The building closed. No school today."

★ ★ ★

8:15 a.m. — Watch the fun.

Ready Budget, Ewart Is Told

The City Commission last night ordered City Attorney William A. Ewart to prepare the city's annual budget appropriation ordinance for adoption.

The move came after a brief public hearing on the city's $6.7-million 1965 budget. There were no comments from the audience.

★ ★ ★

Final adoption of the budget, in the form of the appropriation ordinance, is expected Jan. 19 or 26. The ordinance must be adopted before Feb. 1 each year, according to the City Charter.

It is subject to revision early in June after the city's 1965 tax base is established.

Magazine Surveys Its Readers

'Most Protestants Support Integration'

NEW YORK (AP — A nationwide poll of 7,000 American Protestants showed today that a large majority of them support racial integration in church and also in residential communities.

But 52 per cent of those polled said they would respect the objections of neighbors by not selling their homes to a person of another race.

★ ★ ★

The poll, described as the first national survey of its kind, was taken by the Christian Herald magazine, an interdenominational Protestant monthly.

It distributed ballots with four questions for its 455,000 readers across the country and received replies from 7,000.

RESPONSES

The questions — and responses to them — were as follows:

1. In your community would you object to a person of another race as your next door neighbor? Seventy-four per cent said no, 23 per cent said yes, and 3 per cent were undecided.

★ ★ ★

2. In your community, would you sell your house to a person of another race if your neighbors disapprove? Thirty-four per cent said yes, but 52 per cent said no, and 14 per cent were undecided.

★ ★ ★

3. In your church, if a person of another race applies for membership and meets the qualifications, would you personally accept him? Eighty-one per cent said yes; 18 per cent said no; 1 per cent was undecided.

★ ★ ★

4. In your church, if a person of another race were a member and qualified, would you vote for him for church office? Eighty-eight per cent said yes, 10 per cent no, and 2 per cent were undecided.

TOP OF LIST

The Rev. Dr. Daniel A. Poling, the magazine's editor, said in a state-by-state computation of the "tolerance rank" showed Alaska, Hawaii and Utah at the top of the list, and at the bottom, Alabama, Mississippi and South Carolina.

At the top, in Alaska, 100 per cent were agreeable to interracial residential communities, church membership and church office-holding, and 78 per cent would sell houses to buyers of another race even if neighbors objected.

★ ★ ★

At the bottom, in South Carolina, 31 per cent supported integration in residential communities, 30 per cent in churches and church offices, and 12 per cent would sell their houses to persons of another race even if neighbors objected.

Commenting on the study, Methodist Bishop Gerald Kennedy of Los Angeles said it shows that "except for a few isolated places most Americans now believe that a man's worth is not to be determined by his color.

★ ★ ★

"This is good news and it says that we have made more progress toward brotherhood and racial integration than some of the news stories would intimate."

U.S. Prison Population Drops Again in 1964

WASHINGTON (AP)—The population of the nation's federal prisons dropped more than 6 per cent in 1964.

It was the second consecutive year in which the number of prisoners was reduced, Myrl E. Alexander, director of the Bureau of Prisons said today in a year-end report to acting Atty. Gen. Nicholas Katzenbach. The drop from 23,000 to 21,500 followed a 4 per cent decline in 1963.

Suspect Surrenders

DEARBORN (AP) — Louis Mitchell, 61, wanted on a first-degree murder warrant in the fatal shooting of a Dearborn bartender, has surrendered to New York police, Mitchell is accused of killing Eugene Walinski, 37, in an argument Jan. 2.

Antismoking Guide Is Sent to Schools

EAST LANSING (AP) — Trying to stop cigarette smoking where it often starts—in the teen-age years—the Michigan Health Council has sent out 25,207 copies of a school guide for teaching about smoking.

"Research on adolescent learning about cigarette smoking has shown that scare tactics, 'preaching', and adult pressure have not been successful in influencing student decisions; however, learning does influence behavior," the guide says.

"The facts should be permitted to speak for themselves," it says.

The council said Tuesday that copies of the 32-page guide, "Smoking and its Relationship to Health and Disease," have gone to more than 5,500 public and parochial schools for use in grades 5-12.

It said students and teachers in a pilot project on tobacco education in Detroit were so impressed with the guide that they recommended it be made available to all Michigan schools.

The guide was prepared by Dr. Elizabeth Lockwood Wheeler, a professor of health education at Central Michigan University. She also is chairman of the committee on smoking education for the school health section of the American Public Health Association.

'Must Settle School Aid Feud'

WASHINGTON (AP) — Rep. Adam C. Powell says the church-state issue that has stymied federal school aid legislation for years is going to be met head-on this year.

Powell, New York Democrat who heads the House Education and Labor Committee, told a news conference Tuesday the controversy over aid to parochial schools can no longer be allowed to block all education legislation.

Powell made his comments in discussing President Johnson's $1.66-billion education program, which was laid before Congress Tuesday. Prompt action by Congress is assured, but what form the legislation will take is highly uncertain.

Although Johnson's announced aim of improving the quality of education in low-income areas was generally approved by members of Congress, educators and the Roman Catholic hierarchy, it was clear that basic differences between them remain.

MAIN SOURCE

The main source of potential trouble lies in Johnson's pronouncement that the program should benefit "all children within the area served," coupled with the condition that the federal funds would go to the states for distribution to school districts.

Johnson, other than urging the public and nonpublic schools to cooperate on projects of benefit to all children, gave no guidelines as to how they should proceed.

Most advocates of public school aid, including the National Education Association, largely ignored the matter. The NEA, in a statement lauding Johnson's program, spoke only of its proposals for the public schools.

But to Rep. Hugh L. Carey, D-N.Y., a Catholic and a member of Powell's committee, there was a glaring inconsistency in Johnson's proposal to finance a program of benefit to all children — meaning those in public and private schools — through the states.

"If you put it through that strainer, you lose all the juice," commented Carey to a reporter. "In 48 states, either by law or policy, public funds cannot go to private schools."

The issue will be met early in both the House and Senate. Powell and Sen. Wayne Morse, D-Ore., who will handle the bill in the Senate, introduced it at once.

'Glade' Air Freshner—2 for 1.00 — Johnson's mist spray. Assorted scents

SIMMS BROTHERS 3-Floors of Best Bargains

Negroes Quietly Move Into D.C. Suburbs

WASHINGTON (UPI) — More than 100 Negro families have moved into previously all-white suburbs of the nation's capital during the past two years.

This has been accomplished without a single serious incident, and according to an official of the American Friends Service Committee, "in no community involved has there been any drop in property values.'

The American Friends Service Committee is a Quaker organization opposed to racial discrimination in housing. Since 1962 it has been helping Negro families find houses and apartments in the Maryland and Virginia suburbs of the District of Columbia.

Merlin A. Myers, director of the program, said in an interview that a 1962 survey turned up only eight Negro families then living in predominantly white suburban communities.

★ ★ ★

"Today there are about 120," he said. "This is very encouraging progress. It is evidence of a very significant shift in public attitudes during the past two years."

SOME HARASSMENT

Myers said two of the Negro families were subjected to some initial harassment such as anonymous telephone calls and having garbage dumped on their lawns. But the heckling tactics ceased after religious and civic groups went to work to restore calm in the neighborhood.

"In a very few additional cases, there was minor community tension at first," Myers said. "But there was never any violence, and the problems disappeared as community leaders took a positive stand and the new residents became known to their neighbors as individuals."

The few cases of initial tension have been greatly outnumbered, he said, by those in which Negro families were given a warm welcome by their white neighbors.

★ ★ ★

"One man told us he was a bit disappointed because his next-door-neighbor waited three months before speaking to him," Myers recalled. "But he later found out that the neighbor in question had not spoken to anyone else in the block for two years."

PRICE RANGE

Myers said the suburban houses made available to Negroes ranged in price from less than $15,000 to more than $60,000, with the majority in the $20,000 to $25,000 bracket.

They were widely scattered over four suburban counties. Most of them were resales, and were thus not covered by the executive order banning racial discrimination in federally financed housing.

In addition, at least seven suburban apartment developments have begun accepting Negro tenants during the past two years. Among them are two of the largest in northern Virginia, Parkfairfax and Fairlington. In the latter, white tenants took the initiative in persuading the management to admit Negroes.

In the past, suburban segregation has kept Negroes largely confined to the District of Columbia, which has become the inner city of the Washington metropolitan area. Within the district, about 55 per cent of the population is Negro.

Virtual Unanimity in State

Educators Hail LBJ Program

By the Associated Press

Michigan educators were virtually unanimous today in welcoming President Johnson's federal aid to education program recommended to Congress.

Under the plan, Michigan would get an estimated $38,767,908 in federal funds to be used for school districts serving low-income families and to improve educational levels from kindergarten to college.

★ ★ ★

State Superintendent of Public Instruction Lynn Bartlett said the President's message recognized "it is no longer a question of federal assistance, but of how much and in what form."

Bartlett said a proposed strengthening of small colleges should be of great assistance to Michigan's new Board of Education in preparing an over-all program of higher education.

★ ★ ★

Dr. Clarence Hilberry, retiring president of Wayne State University, was pleased with provisions for more college buildings and greatly increased financial aid to students.

"We are pleased with the President's program for higher education, since it comes at a time when the country's colleges are facing the pressure of tremendous enrollment increases," Hilberry said.

Photo Program Set by Waterford CAI

Community Activities Inc. of Waterford Township will launch a 10-week workshop course in photography Monday for both children and adults.

★ ★ ★

Classes for youngsters 10 to 18 are scheduled from 7 to 8 p.m. and the adult class is slated from 8 to 9 p.m.

★ ★ ★

Joseph Franz will conduct the photography program.

Cutie With 'Cures'

She's a Bewitching Doctor, Africa Style

By DENNIS LEE ROYLE

JOHANNESBURG, South Africa (AP) — There's an angry stirring among the witch doctors of South Africa. Thousands of them still profitably engage in age-old jungle crookery.

It's all over a pert African woman who appears to have crashed this lucrative business and made a small fortune.

★ ★ ★

Sarah Mashele has set tongues wagging among the witch doctor clan. Most of them deplore her deviation from the customary ritual and tribal dress, which for generations has been one of the mainstays of African sorcery.

★ ★ ★

She may even find herself expelled from the powerful Witch Doctors Circle — the unofficial union.

For generations witch doctors have dressed the part — garbed in monkey skins, generally well infested with moths. Fetish objects take the form of spirit bones. These once were human but nowadays any animal bones serve.

USUAL REGALIA

A headdress of beads, feathers, mouseskins and beer bottle tops completes the usual witch doctor's regalia.

Mrs. Mashele, however, prefers the modern touch — high stilleto shoes, pompadour hair wigs and the latest dress creations, preferably from Paris.

The bracelets, earrings and necklaces she wears are all top quality gold, studded with real gems.

Her latest acquisition, a $5,600 automobile, really had the witch doctor fraternity hopping mad.

ARDENT FANS

Her area is the sprawling African township of Soweto, which borders bustling Johannesburg. She has thousands of ardent fans dedicated to her mystic powers.

Friends guess she's in the late 20s. Female witch doctors decline to discuss this personal matter.

She looks like a model as she glides her way through the upper class fashion houses of Johannesburg.

She has discarded the wild mumbo jumbo incantations generally associated with witch doctors. Her voice, friends say, is like honey.

But she still retains the use of bones which she manipulates much in the same way as a fortune teller uses cards.

★ ★ ★

Although she only started a couple of years ago, her fame has earned her thousands of clients and lots of money.

Her Soweto Township home is always crowded with African men and women whose problems range from tearful love affairs to troublesome mothers-in-law.

She has suffered one humiliating setback. She was called recently to assist in a murder case. The corpse of a woman, minus the head, was found in a Johannesburg lake.

SEARCH FOR HEAD

Deviating from her usual fashionable dress, she turned up in tribal garb and pointed out the spot where the head was to be located. Police spent days dragging the area. The head finally turned up in another lake miles away.

Hoover Holds Mirror to Spirit of America

Crime and subversion are formidable problems in the United States today because there is a dangerous flaw in the Nation's moral armor. Self-indulgence — the principle of pleasure before duty — is undermining those attributes of personal responsibility and self-discipline which are essential to our national survival.

HOOVER

Such was the essence of an address recently delivered by FBI Director J. EDGAR HOOVER as he pointed to a steady increase of assaults on police acting in line of duty and instances of citizens indifferently standing by as fellow beings were assaulted or murdered.

★ ★ ★

Singled out, too, as contributing to the nation's moral decay are the machinations of crime syndicates, labor racketeers, dishonest businessmen, unscrupulous politicians and those criminal lawyers whose ethics are lower than the lawless deeds of the clients they serve.

HOOVER alluded to the guidelines established for future generations when GEORGE WASHINGTON declared: "The administration of justice is the firmest pillar of government." And, he asked, "what has happened to that 'firm pillar' in the intervening 175 years?"

★ ★ ★

Far too often, was his opinion, it has been weakened by impractical theorists, emotion-blinded pressure groups, warped idealists and self-serving politicians. Misguided leniency, including pardons, parole and probation for unrepentant and unreformed offenders, prevail in many jurisdictions — as does the use of loopholes, technicalities and delays in the law which benefit rogues at the expense of decent members of society, HOOVER went on.

"The Founding Fathers of our Republic were staunch patriots who put common good and righteous cause above all other considerations. They were men of deep religious conviction — men who knew that it is the divine order in man which enables him to be free. William Penn recognized this vital truth nearly 300 years ago when he proclaimed: 'Those people who are not governed by God will be ruled by tyrants,'" said the FBI chief.

★ ★ ★

Coming from the head of the greatest law-enforcement agency in the world, these words have great significance and are worthy of the sober consideration of every American.

Report From Sillyville: May Be 'Taxreceivers'

To get 1965 off to a vying start, a government that is already paying farmers not to raise crops is, according to report, toying with the idea of paying people NOT to pay income taxes.

★ ★ ★

Don't laugh—it's not as funny as it sounds . . . or maybe it's funnier than it sounds.

Using the short form, here's how it would work.

Mr. Zilch, with wife and four children, makes $2,500 a year. But his built-in exemptions and credit for dependents comes to $4,400—$1,900 more than he earned.

But, reasons the government tax force wrestling with the problem, why shouldn't HE be paid on the amount he was short of earning enough to pay taxes on?

★ ★ ★

Since he would have paid taxes at the rate of 15 per cent on the $1,900 had he earned it, shouldn't he be paid at the same rate on the $1,900 he didn't earn?

Fifteen per cent of $1,900 would be $285: Therefore, Mr. Zilch could expect a check from Uncle Sam in that amount for not earning it to pay taxes on.

That faint, unearthly sound you hear is CALVIN COOLIDGE, the century's leading exponent of government thrift, turning over in his grave.

THE Administration's move to abolish poverty may not be altogether altruistic. One purpose may be to make taxpayers out of everybody.

GOP Searching for Party Aim

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — Republicans are like a family searching for what's left of its valuables after an explosion although the explosion of the 1964 election was only their most recent disaster.

MARLOW

They had reached that point in American history where the voters treat them as a kind of secondary group, handy to have around but to be called upon or listened to seldom.

And the family is scattered, as the election showed when Republicans were divided into Goldwaterites, anti-Goldwaterites and half-hearted Goldwaterites.

Now, in an effort to build a single shelter comfortable for all the uncles, cousins and aunts, two Republican congressional leaders, Sen. Everett M. Dirksen of Illinois and Rep. Gerald R. Ford of Michigan, propose:

A brain trust of the party's five presidential candidates still alive, 11 Senate and House leaders, five representatives of the Governors' Association, and the chairman of the GOP National Committee.

★ ★ ★

What they're seeking, although they don't put it this way exactly, is a sense of direction which could provide a rallying point for themselves and their party.

NEVER-ENDING SEARCH

It has become a never-ending search, going back over more than a generation, and they have paid a heavy penalty for not having found it.

The outcome of the last election, in which Republicans not only did not win the presidency but suffered big losses in Congress, was not a surprise. It was just an exaggerated repetition which illustrated their dwindling condition.

Yet, even that may not be enough to glue Republicans into some kind of unity in philosophy or action or agreement.

★ ★ ★

Dirksen said the brain trust, called the Republican coordinating committee before it is actually created, is designed "to achieve a broad consensus on vital objectives for our country and our party."

This is Dirksen's euphemism for sense of direction.

IN THE NEXT BREATH

But in the next breath he made clear that House and Senate Republicans will write party policy. What's left then for the coordinating committee to coordinate if Republican congressional leaders will do as they please?

★ ★ ★

It could amount to no more than making those Republican presidential candidates—Alfred M. Landon, Thomas E. Dewey, Eisenhower, Richard M. Nixon and Goldwater—feel good to know they were remembered at all.

Crazy, Man, Crazy!

David Lawrence Says:

School Program Radical Change

WASHINGTON — The significance of President Johnson's message to Congress on federal aid to education may not be apparent immediately, but it represents a most radical change in the financing of public education in America.

Although Mr. Johnson's message doesn't LAWRENCE spell it out, the plan he proposes represents another important departure from existing practice.

For the first time, federal money is going to be made available to help meet some part of the heavy financial burden on the Catholic church and other denominations which maintain private schools.

The phraseology of the message is abstract in many parts. But the meaning is unmistakably clear — the administration intends to aid education in certain respects irrespective of some of the previous quibbles about the "separation of church and state."

★ ★ ★

Mr. Johnson's program goes beyond that which had been proposed by the late President Kennedy.

LIBRARY BOOKS

Mr. Johnson is recommending, first of all, legislation to authorize federal grants to states to assist in the purchase of books for school libraries and for student use "to be made available to children in public and private nonprofit elementary schools."

But there is also a broad hint that a differentiation between students attending religious and nonreligious schools will disappear in what are known as "supplementary centers," where special courses will be taught and instruction in certain subjects will be given "during the summer for economically and culturally deprived children."

There is a reference also to special assistance after regular school hours.

Another recommendation states that the "supplementary center" will be aided in providing such services as "common facilities that can be maintained more efficiently for a group of schools than for a single school — laboratories, libraries, auditoriums and theaters."

★ ★ ★

The message further promises financial assistance "for the benefit of all children within the area served, including those who participate in shared services or other special educational projects."

★ ★ ★

Congress is going to be under plenty of pressure, from both those who want to see students from parochial schools aided still more and from those who do not want any federal money spent for this purpose.

Capital Letter:

Senate's Tarnished Image May Get a Face-Lifting

By RUTH MONTGOMERY

WASHINGTON : The Senate's tarnished image as an exclusive club of wheeler - dealers may undergo a needed face-lifting as a result of resolutions which Sen. John Sherman Cooper R - Ky., will introduce late this week.

The father of the new Senate Committee on RUTH MONTGOMERY Ethics, who sits on the badly outvoted Republican side of the Bobby Baker investigation, disclosed that he is readying a three-pronged attack on further abuses of the type exposed by the Baker case.

Knowing the difficulty in effecting such reforms by passing bills through both houses, he will simply push for Senate rules changes under which:

- No campaign contributions could be handled by any employe of the Senate.
- Every senator and staff member would be required to divulge his outside business interests.
- The General Accounting Office, an arm of Congress, would be given the authority to administer and enforce the lobbying act.

The rules committee's foot-dragging investigation has produced charges that large sums of cash were channeled through the free - wheeling Baker while Lyndon B. Johnson was majority leader, and other friends served as chairmen of the Senatorial Campaign Committee.

Republicans have a similar campaign committee for the purpose of soliciting and distributing funds among members running for reelection and Cooper's first resolution would keep the cash out of reach of nonelected employes.

The specter of conflict of interest raised by the Baker case prompted several senators to introduce legislation to force public disclosure of the bank accounts and personal assets of senators and employes.

Cooper favors this reform, but because it has invariably met with a senatorial cold shoulder, he will confine his second resolution to enforced listing of outside business connections. By divulging the concerns in which senators and employes have financial interests, the public could judge whether their votes and actions were above reproach.

★ ★ ★

The need for tighter control on lobbying was also posed by the Baker probe. Cooper points to testimony that several witnesses who had not bothered to register as lobbyists were never-the less "flitting in and out of Congress trying to influence legislation."

★ ★ ★

Who would have thought last summer that his resolution calling for a watchdog committee on senatorial ethics could pass overwhelmingly on the same day it was introduced?

Voice of the People:

'Crime-Riddled Society Persecutes the Amish'

The Amish farmers in Camden are honest, hard-working people who have practically no crime, delinquency or professional welfarers, and only ask to be left alone to pursue their chosen way of life. They are being relentlessly persecuted by a society riddled with crime, juvenile and adult delinquency, welfare chiselers, divorces, and schools that turn out thousands of high school graduates with no preparation to earn a living.

★ ★ ★

For their purpose, the Amish method of education works, which is more than can be said for our rigid system of trying to force all students into the same mold.

Urges Resisting Dangerous Legislation

Free enterprise differs from socialism in that if any enterprise is made in socialistic societies the state makes it. If you can produce you produce for the common "good." If you can't or won't work, the "good" comes to your aid.

★ ★ ★

With this new advance into a greater, healthier society, society will think for you, and if you become ill you won't have to worry about doctors' bills. Write to your congressman urging him to resist dangerous legislation.

A PRESS READER

'Businessmen Favor the Kerr-Mills Act'

Our independent business proprietors believe the Kerr-Mills Act which provides for joint Federal-State programs to provide medical care for the indigent aged is the most feasible way. This attitude is reflected in a poll by federation on the issue whether or not the Congress should provide financial aid to retired people who desire to enroll in privately operated medical insurance programs, but lack the means with which to pay the premiums.

★ ★ ★

The independent businessmen voted against this by a majority of 68%, with 26% in favor, and 6% undecided. Previously the businessmen have voted against the medicare plan by a majority of 83%.

Reviewing Other Editorial Pages

Away We Go . . .

The Chicago Tribune

One of our Wisconsin friends offers this wrapup of the State of the Union speech: "L. B. J. sounds like Jackie Gleason: 'And away we go; how sweet it is.'"

Recent Affairs

The Atlantic Monthly

President Johnson's principal challenges and opportunities are in the foreign field. His skillful exercise of domestic leadership during his first year in office brought extraordinary successes. The war in Viet Nam, the strains in the Atlantic alliance, the persistent problems in Latin America do not always respond to reason, logic, or persuasion. Yet the highest qualities of leadership are demanded. Too many decisions were postponed following the tragedy in Dallas.

★ ★ ★

Because the conflicts with President de Gaulle would seem to be the least necessary and the ones most subject to understanding and compromise, President Johnson has yearned for a meeting. But his hope met opposition from his principal advisers. They were disturbed by his eagerness to reason with de Gaulle: they were afraid that the concessions would be from the American side. They know that at some point a meeting may be necessary to prevent the appearance of aloofness.

But in the State Department and the American embassies there is almost universal conviction that the famous Johnson technique of "reasoning together" would bring few positive results in Paris now. Any compromise with Gaullism would be at the expense of the other members of the alliance.

★ ★ ★

Between them and the United States there is wide agreement and a mutual opposition to the fragmenting policies of the French President. Fourteen of the fifteen members of NATO are strongly committed to it and want to see it strengthened. They do not want the United States to take the lead in weakening its commitments to please de Gaulle.

The President's foreign policy advisers believe patience may be the best weapon. They want the President to cooperate with the majority in Europe without entering into unnecessary quarrels with General de Gaulle.

★ ★ ★

While the General may think that the United States seeks hegemony in Europe, and while he does wish to weaken the American presence there, the other countries disagree. Through his obstructionist policies the French leader may be attempting to gain only tactical advantages. It is hard to believe that de Gaulle seriously wants to wreck the supranational organizations that have given Europe its greatest hopes for peace. The United States must think not in terms of compromise with de Gaulle, but in terms of undeviating adherence to the central idea of unity and Atlantic cooperation.

★ ★ ★

The fact that the most difficult European problems are within the Atlantic community rather than pressing upon it from outside is a measure of the success and strength of the Alliance. Because of its achievements, the world today is vastly different from what it was when Khrushchev handed President Kennedy an ultimatum on Berlin or when he tried to install nuclear weapons in Cuba. The Communist world is more divided. Moscow's domestic problems are more acute than when Khrushchev and Kennedy met in Vienna.

★ ★ ★

If there had not been the victories and achievements in the West, made possible in large measure by the success of the combined Western effort, there would not be the deterioration of relations between France and its allies. Yet even those like de Gaulle who question the importance of Alantic solidarity still rely upon it. Washington believes that it is the first imperative. To strengthen it the Administration knows that closer defense arrangements are required to supplement economica and political ties.

A French man, Francois Fontaine, put the entire argument in a few eloquent words: "The true common interest of Europe and America lies in this zone where life and death are at the mercy of an error. It remains only to find the common rules which will ensure that men on both sides of the ocean have simultaneously the same concept and reflexes of self-preservation.

"The problem is not easy when all the means of protection are on one side — which from our viewpoint is the other side. But it is pointless to attack this or to disguise it. The significant strength will not be European. It will remain American so long as we lack a form of association in which the moral and physical conditions for the security of the one side are fused with those of the other."

★ ★ ★

It has been said that President Johnson understands the uses of power as well as any leader of modern times. The President demonstrated his capacity for the exercise of power in his struggle to hold the country together after the Kennedy assassination and in his successful fight against the Goldwater rebellion. For these two achievements historians will judge him well.

No Trouble

The Arcola (Ill.) Record-Herald

Those people who have no trouble separating the men from the boys are called women.

Boston Stranglings Give Way to Gang Murders

By JAMES CALOGERO

BOSTON (AP) — The wave of mysterious stranglings, which ended exactly one year ago with 11 victims, has given way in Greater Boston to a new terror—gang warfare of major proportions.

Fifteen men have been killed in gangland fashion and at least a half-dozen others have been wounded.

The strangle victims — all women — were killed in an 18-month period from June 14, 1962 to Jan. 4, 1964.

Death came to the 15 in underworld fashion, the most recent on Jan. 10. There were vicious beatings, stabbings, shootings and two were bound with baling wire and dumped into Boston harbor, one while he was still alive.

ONLY ONE

Arrests have been made in only one of the slayings.

Boston Police Commissioner Edmund McNamara said "in killings of this type, where vengeance may be part of the motive, one usually leads to another. There's no telling how many more there will be or who'll be next."

to solve. Whenever ruthless men are involved, as in these cases, nobody knows anything. Nobody sees anything. Nobody hears anything," he says.

McNamara says most of the killings took place in Boston suburbs, "but we're the ones who hear the critical outcries of the citizens."

CLEARING HOUSE

The Boston Police Department serves as clearing house for the half-dozen communities involved in the investigations.

Deputy Commissioner Herbert F. Mulloney says the slayings can be traced to three hoodlum elements: rivalry between a Boston gang and a Somerville area mob; loan sharks; and tailgaters who rob from open trucks.

"We think that sometimes a killing is to show personal strength. One gang wants to show another that it is strong so they kill a member of the rival gang," Mulloney said.

One source said investigation is under way to determine if one of the attempted killings involve a payoff to a man who knows the robbers who got away with $1,551,277 from a mail truck in Plymouth, Mass., in August 1962. The man reportedly demanded $50,000 in hush money and already had collected $25,000.

MAIL TRUCK ROBBERY

The unsolved mail truck robbery still stands as the biggest cash robbery in U.S. history, topping the $1,219,000 robbery of the Boston headquarters of Brink's 12 years earlier.

Most of the men killed had police records.

One who didn't was the first one killed in the long outbreak, William J. Sheridan, 21, of Boston, shot in the head from ambush on a Roxbury section sidewalk last March.

The man sought for that killing is on the FBI's list of the 10 most-wanted men, George P. McLaughlin.

BROTHER KILLED

A brother, Edward McLaughlin, 43, was hit in the face and chest with a shotgun blast last November. After his discharge from a hospital he went into hiding.

Still another brother, Bernard McLaughlin, was shot and killed at midday on a busy square near the Boston waterfront four years ago.

Less than two months after the Sheridan killing, Francis Benjamina, 32, of Boston was found decapitated in the trunk of a stolen car abandoned in South Boston.

A week later, the body of Russell C. Nicholson, 33, was found with two bullet holes in the head in suburban Wilmington woods. He was a policeman who resigned in the face of charges of association with known criminals.

SNIFFING DOG

On July 23, a sniffing dog led to the discovery of the bodies of Paul J. Collici, 39, and Vinc A. Bisesi, 40, both of Providence, R.I., in the trunk of a car parked at a Quincy motel. Both had been shot.

A month later, Harold A. Hannon, 54, of Everett and Wilfred T. Delaney, 27, of South Boston were found dead in Boston harbor, their bodies trussed with baling wire. Hannon had been beaten and strangled. Delaney was thrown in alive and drowned.

There were three killings in September.

Leo C. Lowry, 37, of South Boston was shot twice in the head and his throat was slashed. His body was found in woods in Pembroke.

SHOT 3 TIMES

Ronald P. Dermody, 32, of Somerville was shot three times in the head and his body left in a parked car in Watertown.

Carlton Eaton, 23, of Weymouth who had been questioned in the deaths of Hannon and Delaney, who shot twice in the head in his own car. His body was found in the car parked on a quiet side street near Route 1 in Malden.

Anthony Sacramone, 22, a former boxer, was killed in a case of mistaken identity. Police said he was shot in the head and stabbed outside an Everett housing project—killed by men who apparently were looking for a man with the same name recently released from state prison.

The body of Edward P. Huber, 43, of Boston, described by police as a "small-time burglar," was found late in November in a brook in suburban Hingham.

AFTER CHRISTMAS

Just after Christmas, George E. Ash, 43, of Boston, only recently freed after serving a jail term in connection with a murder, was found slain in his sister-in-law's car parked across the street from a church in Boston's South End. He had been shot in the head and stabbed more than 50 times in the back.

The body of John F. Murray, 38, described by police as a small-time hoodlum, was found with a bullet wound in the head in a vacant lot in Boston's Dorchester District on Jan. 10.

★ ★ ★

He had been paroled from Massachusetts State Prison last July after serving five years for breaking and entering.

Arrests have been made in the slaying of William Treannie, 23, whose hacked-up body was found in three suitcases in a Boston vacant lot last Nov. 13.

FLAVOR time after time

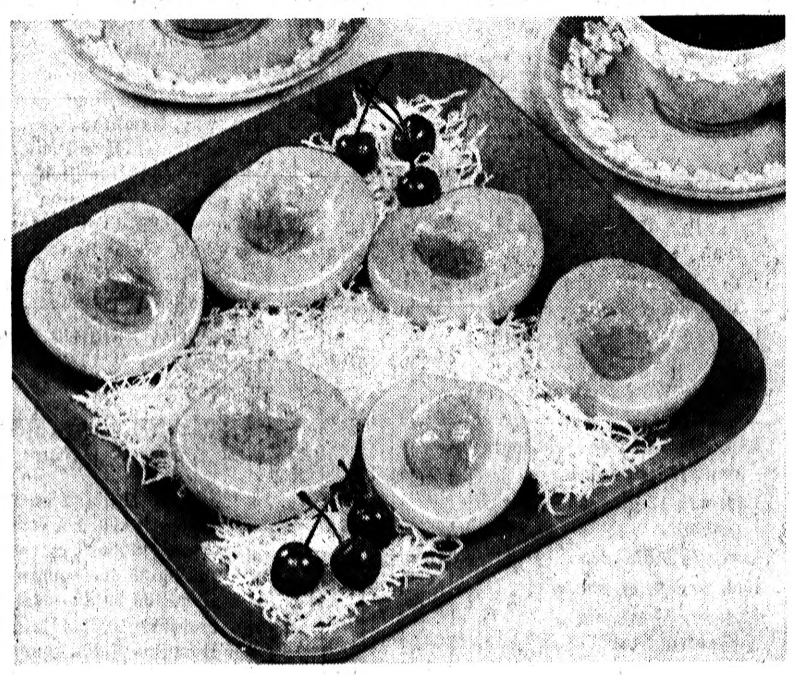

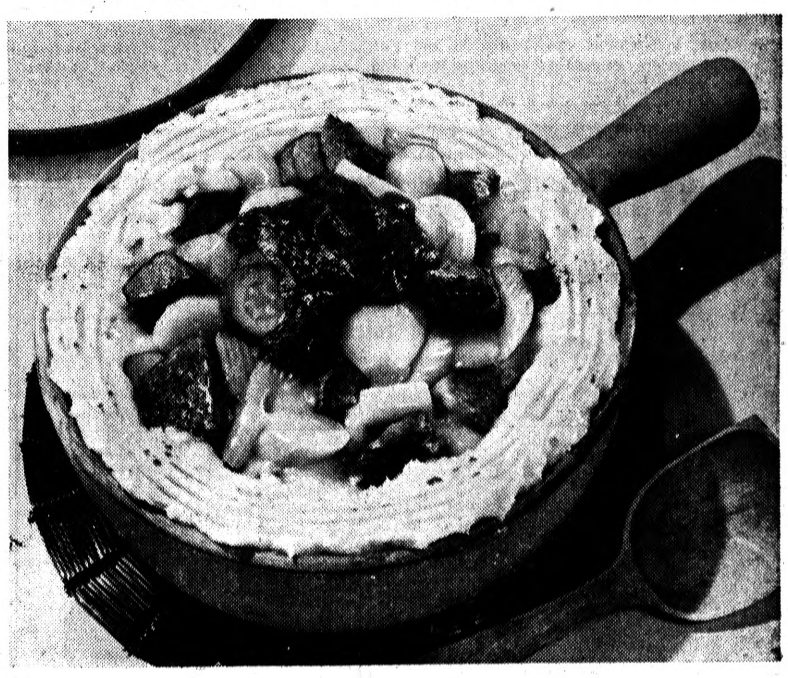

Tender DEL MONTE *Early Garden* Peas give you guest-worthy natural flavor that's a sweet surprise in canned peas—so convenient, too!

Tree-ripening gives you mellow flavor, juicy tenderness and glowing color in DEL MONTE Cling Peaches—best liked peaches in the world!

Specially sweet, specially tender kernels in their own velvety corn cream—DEL MONTE is America's favorite cream style corn!

Meat pies and stews profit by zippy DEL MONTE Catsup, made with pineapple distilled vinegar to bring out the best tomato flavor!

that's the DEL MONTE difference!

Taste full, natural flavor in peas—
sweet, hearty flavor in corn—tree-ripe flavor
in peaches—big bright flavor in catsup

Try these—try any of the wide and wonderful variety of DEL MONTE Brand Foods. You'll taste this right away—DEL MONTE is the brand that always puts flavor first.

Then try them again—3 or 4 or a dozen times more! You'll discover that extra dividend of DEL MONTE Quality—dependability.

Flavor time after time—that's the DEL MONTE difference.

So every time you see the DEL MONTE label on your grocer's shelves, remember this: The DEL MONTE difference makes a big difference in the good eating your money buys for you.

Just 4 of nearly 150 flavor-first DEL MONTE Foods there are to enjoy—look for them at your grocer's

Romance Blooms in Red Soil

Communism Can't Cope With Cupid

NEW YORK (NEA) — What should a nubile Communist girl do when a romantic young Red invites her to a party at a country house and then, after consuming a glass of vodka, tries to kiss her?

★ ★ ★

According to Komsomolskaya Pravda, Russia's official youth publication, she should slap his face, stalk out of the datcha and report his offense to the newspaper.

That is exactly what Comrade Miss Svetlana did after she "innocently" accepted an invitation to a party at a datcha near Moscow.

She slapped the young man's face and denounced him in an indignant letter to the Komsomolskaya Pravda.

★ ★ ★

But did Miss Svetlana's friends appreciate her courageous act? Not at all, reported Pravda's angry editors. In fact, the paper was deluged with letters from "romantic" girls who hardly shared Miss Svetlana's pure Marxist-Leninist view of necking.

IN A DITHER

What puts them in a dither is that this preoccupation with love between the sexes keeps young men and women from putting their hearts into the only thing that counts — working and producing for the Communist state.

But physical love, alas, is just too impudent to be regimented, Communist style. And there are no "sacred" Marxist-Leninist texts giving guidance as to how romantic love should be handled in a materialistic collective society.

So, despite strict orders to substitute love of work and love of the Communist party for physical love, romantic capitalist love laughs at tractors, factories and locksmiths.

★ ★ ★

The authorities are forced to admit this, however reluctantly. The director of Communist Poland's Academy of Science — putting the best possible face on the resurgence of romanticism — recently said:

FACE IMBALANCE

"We are now facing an imbalance in various fields, including love. I venture to say that romanticism is disappearing.

"However, love cannot exist without sincere courtship and gentlemanliness, because such a lack would deny the very essence of the love union."

The Red leaders are obviously in a quandary. What makes it difficult for them to expound a strict Communist line on sex is that there is none that can serve the Red state on all occasions

★ ★ ★

In the early days of the Russian revolution, there were continuous jabs at the family as an outdated institution of the "old capitalist order."

APOSTLE OF FREE LOVE

Alexandra Kollontai, Lenin's close collaborator and Russia's apostle of "free love," even preached that the family was "ceasing to be a necessity for its members as well as for the Communist state."

Belatedly, the Red rulers have discovered that they must offer "capitalist incentives" to encourage labor and the peasants to produce for the collectivist state.

This is also true of the family. It is becoming respectable in the Red society. Among other things, children of bureaucrats receive favored treatment at school and in obtaining jobs.

★ ★ ★

This makes the family a pro-government force.

In such a family physical love would appear to have some role as long as it is not too romantic and does not interfere with industrial and agricultural production.

Cold Wave Grips 8 States in the North

By the Associated Press

Frigid air held a tight grip across eight Northern states from Montana to Michigan with another morning of temperatures far below zero.

Northwest winds fanned the cold air southward and into the Northeast and the icy belt was expected to cover areas from southern New England to Oklahoma.

★ ★ ★

Zero and below temperatures have predominated over areas in Montana, the Dakotas and Minnesota for more than a week. The subzero belt today also included sections of Nebraska, Iowa, Wisconsin and Michigan. Lowest readings were in the Dakotas and Minnesota, more than 20 below zero, but some moderation from Tuesday morning's bone-chilling 39 below at Virginia, in northern Minnesota.

WARMING TREND

In Alaska, Fairbanks reported a warming trend. The mercury climbed to 13 below zero Tuesday after ranging between 40 and 50 below since Christmas Eve. The Weather Bureau said temperatures would soar to zero today. The warmer air dissipated fog which had shrouded the city for weeks.

★ ★ ★

Light snow fell in areas from Nebraska to upper Michigan and northern Illinois. The wet belt was expected to extend into northern New England. Snow flurries flecked the northern Rockies and light rain dampened areas along the northwestern Washington coast.

★ ★ ★

Early morning temperatures ranged from 24 below zero at Bismarck and Fargo, N.D., to 69 at Key West, Fla.

Archaeologist Expires

BELMONT, Mass. (AP) — Dr. Samuel K. Lothrop, 73, noted archaeologist and a research associate at Peabody Museum, Harvard, died Sunday. He was a member of the National Academy of Scientists.

State Road Death Trend Is Lower

LANSING (AP)—"A slightly encouraging trend" in Michigan's highway fatality picture was reported to the State Safety Commission Tuesday by State Police Commissioner Joseph Childs.

Childs noted that the provisional highway death figures of 173 in November and 174 in December were 21 and 22 deaths respectively below the same months the previous year.

★ ★ ★

The 1964 traffic death kill was set provisionally at 2,104—219 higher than the previous year. Childs warned that late reports will push the final total still higher.

Meanwhile, he said, traffic deaths this month are running about 20 behind last year.

HOPEFUL TREND

"We haven't had enough experience with the trend to call it significant, but we hope it continues," Childs said.

Gerald Cole reported to the commission on a safety program the Battle Creek Junior Chamber of Commerce conducted at the highway rest area there last Labor Day weekend.

★ ★ ★

Motorists stopping at the rest area were given free coffee and safety literature. Cole read from a number of letters and comments praising the safety campaign. He said the State Junior Chamber of Commerce was considering conducting such a program on a statewide basis, probably over the Labor Day and Fourth of July weekends.

The commission gave tentative approval to the project, pending a check with the highway department on the legality of such use of the safety rest areas.

SAFETY FRACTION

The Michigan Good Roads Federation, meanwhile, said Michigan vehicle owners pay more than $150 million a year in general fund levies on their vehicles. Only a fraction of this is spent for traffic safety, the federation said.

It urged "a fairer return of these general fund revenues to benefit the public through the development of more effective education and enforcement programs for traffic safety."

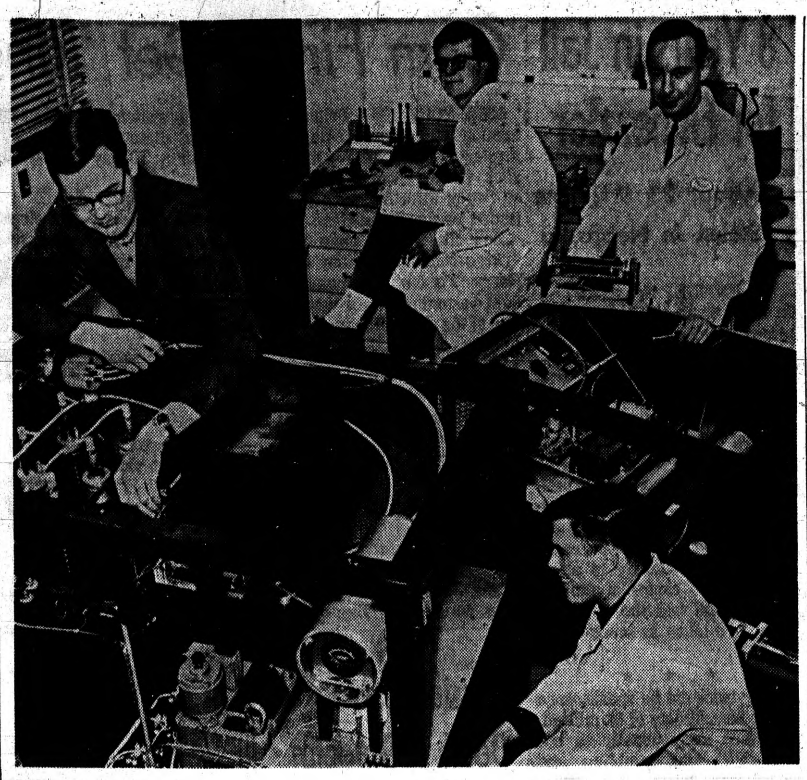

Thief Is Captured in Premier's Home

BANGKOK, Thailand (AP) — A thief sneaked into the home of Premier Thanom Kittikachorn early yesterday and collected a submachine gun, a pistol, ammunition and two radios before he was caught.

Police said the man told them he did not know he had entered the premier's residence. The guns belonged to Thanom's military aides.

Perilous Driving Halted

CARDIFF, Wales (UPI) — Thomas John of Newport, Wales, 34, a truck driver, yesterday was sentenced to jail for four years and his driving license was suspended for 50 years after he pleaded guilty to charges of drunk and dangerous driving.

LAST PARTS — Oakland University engineering students install the last parts of a complex magnetic forming machine for exhibition at the Society of Automotive Engineers Exposition at Cobo Hall this week. The are (from left) James Peugh, Larry Bailey, Dick Schultz and Tom Miles, front.

Electronic Machine at Cobo Hall

5 OU Students Exhibit Device

Impressed with the industrial possibilities of magnetic forming machines, five Oakland University engineering students last August plunged into a bewildering array of electronics paraphernalia in the hopes of coming up with a machine of their own.

★ ★ ★

Now, 1,000 man hours later, they have succeeded, and are exhibiting their complex device at the Society of Automotive Engineers' annual exposition at Cobo Hall this week.

The students are Larry Bailey, 1805 S. Rochester, Avon Township; Thomas E. Miles, 3707 W. Maple, Birmingham; Richard Schultz, Cranbrook School, Bloomfield Hills; James Peugh of Detroit; and Harold Raupp of Southfield.

They began their undertaking as a class project for a systems analysis and design course.

★ ★ ★

Their machine, for which the trade name is "Magneform," is patterned after a prototype developed by General Atomic Division of General Dynamics.

MAGNETIC FIELD

It utilizes the force derived from an electromagnetic field to press sheet metal or tubing against a single die, and by eliminating the need for paired dies avoids many of the disadvantages of conventional forming methods. Many unusual metals which cannot be formed by conventional means are easily worked through the magnetic forming process.

Under the tutelage of Dr. William Hammerle, chairman of engineering science at Oakland, the five students made several field trips to view magnetic forming operations in the Detroit area.

During several visits to the General Motors Technical Center in Warren they talked with Mark Eilers, head of magnetic forming research and development, to get advice on the various applications and limitations of the new process.

★ ★ ★

Several electronics manufacturers provided some of the major components needed for the students' machine, but they were on their own for the most part.

PLAN CAREERS

All five students plan careers in engineering, and consider their time well spent working on the actual problems encountered in designing and building their impressive machine.

3 of 4 State Drivers Still Need '65 Plates

LANSING (AP)—Three Michigan motorists out of four still have not bought their 1965 license plates, even though new plate sales in November and December soared to a record high, says Secretary of State James Hare. Hare said sales for the two months totaled 819,345, compared with tab sales of less than 400,000 in the same period of each of the two previous years.

Reds Fail to Crush Tibet Faith

GENEVA (AP) — The International Commission of Jurists said today that Chinese oppression has failed to wipe out religion in conquered Tibet.

The commission said despite a brutal campaign of religious persecution, "there is evidence that the Tibetan people still cling to their faith by such means as praying, offering incense and putting up prayer flags, practices forbidden by the Chinese."

★ ★ ★

The Tibetans follow the Lamaist religion, derived from a form of Buddhism.

The commission's report said the Chinese have destroyed many monasteries or converted them into offices for the occupation authorities.

BRUTAL TORTURE

"Religious figures have been imprisoned, put to forced labor and subjected to brutal torture which sometimes has had the effect of causing the persons to commit suicide."

It said monks and nuns have been forced to marry and to commit other acts contrary to their religious belief. In order to discredit religion, the Reds have challenged some to perform such superhuman feats as surviving indefinitely without food.

★ ★ ★

No worship of any kind is permitted. Sacred objects and monuments of religious significance are either confiscated, desecrated or destroyed.

The commission includes law teachers, judges and lawyers in virtually all non-Communist countries. In a long report four years ago the commission accused the Chinese of committing genocide against the Tibetan people.

NEW REPORT

The new report, based on testimony from Tibetan refugees who recently arrived in India, said there has been no change "and it is clear that neither the United Nations resolutions nor the call of human conscience had any effect upon Chinese policy."

It said the Chinese continue to force Tibetan women to marry Chinese soldiers and officials.

"Sterilization operations on men and women reported in the earlier documentation are again claimed to occur, and Tibetans fear that they are part of a Chinese plan to exterminate their race."

★ ★ ★

The report said the Tibetan farmers, nomads and traders are being slowly strangled by heavy taxes. All food reserves were confiscated to feed the Chinese in Tibet and the rest sent to China to meet shortages there. As a result there is widespread starvation among the Tibetans.

The Chinese also seek to force the Tibetans to discard their national dress and adopt Chinese ways of life, the report said. Historical records on Tibetan culture, traditions and customs have been destroyed; names of roads, towns and districts have been changed. The Tibetan people are subjected to a systematic indoctrination of Communist ideology, and children are sent to China to be re-educated in Communist beliefs.

CEASE TO EXIST

The report concluded that if this situation continues, the Tibetans will be completely absorbed by the Chinese and cease to exist as an ethnic entity.

★ ★ ★

"The obligations of the United Nations Charter and the terms of its own resolutions call for assistance without further delay," the commission said.

State Highways Using More Salt This Year

LANSING (AP) — Michigan's highways are getting a heavy sprinkling of salt this winter, reports the State Highway Department.

The department said 97,000 tons of salt have been spread so far this winter compared to 65,000 tons for the same period last year.

For Inauguration

Precautions for LBJ Elaborate

AP Photofax

SAFETY GLASS INSTALLED — Workmen place bulletproof glass in front of the inaugural stand on Pennsylvania Avenue in Washington. President Johnson will review the inauguration parade from the stand Jan. 20.

WASHINGTON (AP) — Lyndon B. Johnson will be the best protected president in modern history on his inauguration day.

That much is agreed by all concerned with the ceremonies of next Wednesday, but the Secret Service security screen is so dense that it has blocked reporters' access to most of the details.

★ ★ ★

Among the protective measures known or understood to be planned, to prevent any would-be assassin's attempt to duplicate the tragedy in Dallas 14 months ago, are these:

★ ★ ★

— Agents with rifles, as well as Army television scanners, will keep watch from Capitol rooftops on the throngs massed in and around the Capitol Plaza where Johnson will take the oath of office and deliver his inaugural address.

SPECIAL CAR

— The newly rebuilt and rearmored presidential limousine, with a glass bubbletop 1½ inches thick, is expected to be used for the inaugural parade. It permits good visibility.

★ ★ ★

— A building-by-building inspection of windows overlooking the parade route will be made in advance by teams of police and Secret Service agents.

★ ★ ★

— A low wall of quarter-inch armorplate, topped by a bullet-proof glass windshield, will guard the President as he views the bands, marchers and floats from his reviewing stand in front of the White House.

★ ★ ★

A contractor was installing other sections of glass Tuesday, but his contract provides that the heavy, 10-foot-long center section is to be "finished, installed and removed by others" — presumably by trusted government employes working under Secret Service eyes.

NO CONFIRMATION

The Secret Service declined today to confirm any of these arrangements. The service operates on the theory that persons with evil intent will have less chance of circumventing security plans if they don't know what the plans are.

★ ★ ★

Police officials referred all questions to the Secret Service, and a spokesman for that agency declined even to answer inquiries about some of the visible arrangements.

★ ★ ★

News and camera men have been advised that their movements along the line of march will be severely restricted. There have been some signs that applications for press and other credentials are getting a closer security check than usual.

'Wanted to Shut Poker Parlors'

Shooting Spree Full of Contradictions

GARDENA, Calif. (AP) — "This year I am going to die," Louis Koullapis told an acquaintance, "and before I do I am going to take 20 or 30 people with me."

Two days later, police said, Koullapis emptied six guns at three Gardena poker palaces, wounding 29 persons, and was wrestled to the ground by two policemen he had charged with empty pistols.

★ ★ ★

His captors said Koullapis, 70, a retired machinist, wouldn't explain why he had done it. Later Tuesday detectives searched his rented room and said they found fragments of notes indicating he wanted the poker houses closed, thought shooting into them would force them to shut down, feared that he himself was dying, and thought he and his victims would die together.

But the more they probed, the more police compounded a riddle: he was wrong, they said, on almost every count:

His shots halted business in the legal poker parlors little longer than it took uninjured players to climb off the floor; Koullapis apparently wasn't suffering from anything worse than gout; and none of his victims died.

CRITICAL CONDITION

One of them, Arthur Archibald, 73, of Burbank, is in critical condition with a bullet wound through the intestines. Four others were in serious condition. Another 24 were treated and released.

Koullapis was hospitalized with a broken or dislocated collarbone suffered when two officers grabbed him. They said he ran at them, clicking empty revolvers, after they traced his car to his nearby home.

★ ★ ★

He was booked on suspicion of assault with intent to commit murder.

Koullapis lived alone and his landlady termed him a "very nice, very neat" roomer who had paid his rent on time and caused no trouble.

But to an employe of one of the poker clubs three days ago he spoke of his fears of death and plans not to die alone. He was frequently seen at the clubs, but played rarely; he wasn't known as a heavy loser.

The poker clubs operate legally in this Los Angeles suburb under local option.

★ ★ ★

Koullapis left in his room crumpled drafts of what apparently was a letter he intended for a local television newscaster:

★ ★ ★

"Tonight I am sacrificing my life just to see if the clubs will be closed forever. I am old and very sick man. Is nothing left for me in this world. What I am doing tonight, it would be don long time ago. It could save a lot of innosents.

'DESTROYED HOMES'

"These gyp joints destroyed lots of homes. Thousants of divorces and good many thousants of childrent are without good homes. Crimes are increasing at least 100 per cent. Many young women became prostitute just to have money to play card."

★ ★ ★

An acquaintance, Margaret Demogenes, told a newsman:

"The card parlors were only part of it. He was loaded with viciousness for people in general. He had no friends. He hated the world. He hated America particularly."

People in the News

By THE ASSOCIATED PRESS

Clare Boothe Luce says it would take "another depression or a long and wounding war" to put a Republican back in the White House.

MRS. LUCE

The Democrats will remain in power for at least another 20 years, "as long as peace and prosperity reign," she predicts.

The former playwright, Republican congresswoman from Connecticut and ambassador to Italy also told Stanford, Calif. University students in a speech yesterday:

"I see shades of war ahead, but before that a recession — for the simple reason that no nation can go on spending over its budget in an age when there is no such thing as enough of anything."

Dick Haymes Loses Fifth Wife

Crooner Dick Haymes' fifth wife, singer Fran Jeffries, divorced him yesterday in Los Angeles.

FRAN JEFFRIES

She testified he was jealous of her career, became "very upset" when she went to Europe for engagements, and also insulted her in front of friends.

She waived alimony and payments for support of their 5-year-old daughter, Stephanie, saying she is more capable than Haymes of supporting the child.

Haymes was reported to be in London. The couple was married in 1958.

Sir Alec Gets Medical Checkup

Sir Alec Douglas-Home, 61, former Conservative party prime minister of Britain, underwent a medical checkup today at a nursing home in Edinburgh, Scotland.

His wife said the checkup was routine and "there is nothing whatever to be concerned about."

Charlie Chaplin's Son to Wed

Sources at the British consolate in Barcelona, Spain, said today that Charlie Chaplin's 19-year-old son, Michael, is to marry actress Patricia Johns, 25, in Barcelona on Jan. 22.

The couple made a formal application a few days ago to get married, the sources said. The young couple is staying in the mountains near Barcelona.

Michael, eldest son of Chaplin's eight children by his wife, Oona, daughter of the late American playwright Eugene O'Neill, until recently was a student at the Royal Academy of dramatic Art in London.

Gen. Franco Still Sharpshooter

Participants in Gen. Francisco Franco's annual year-end shooting party in Jaen, Southern Spain, said today the 72-year-old chief of state "walked us off our feet."

Answering queries in Madrid about his health, they also said Franco's bird shooting "was sharper than ever."

8 Years in Jail for Embezzler

About $3 Million Stolen in Nebraska

VALENTINE, Neb. (AP) — In a 20-minute session that surprised this town of 3,000 in Nebraska's rich cattle country, husky Richard Davenport was sent to jail for a minimum of eight years for embezzlement of funds of the bank he once headed.

Davenport, 45, whose heartiness and wide smile had made him one of the town's most popular men, appeared in court with his wife Tuesday to plead guilty to two counts of embezzlement and told the court he may have taken as much as $3 million.

★ ★ ★

Only twice did he speak, once to set his estimate of $3 million, and then unemotionally to tell the court that gambling and speculation started the misappropriations which "mushroomed and snowballed."

★ ★ ★

He was sentenced on one count to 5 to 10 years and to 3 to 5 years on the other. Judge John H. Newton ordered the sentences to run consecutively. That meant that Davenport, with time off for good behavior, must serve a minimum of eight years.

30-DAY GRACE

Judge Newton then suspended the sentences for 30 days, after which Davenport will enter the Nebraska Penal Complex at Lincoln. The judge specified hard labor but prison officials said they could not now say what work might be given Davenport.

Most of the townspeople who commented said they felt the sentences were adequate, and Cherry County Attorney Richard L. Sittler said: "I feel justice has been served."

★ ★ ★

What did surprise the townspeople was that there was no advance word of Davenport's appearance and the speed with which he was sentenced.

Gem Firms Get 'Ring-Around'

NEW YORK (AP) — Police are hunting for a nimble-fingered mystery woman who pulled a slick switch of diamond rings on two of Fifth Avenue's world-famed jewelry firms.

How the woman gave the "ring-around" to Tiffany's and Harry Winston Inc. came to light yesterday. It's a new version of the old shell game.

The woman, fashionably attired in a charcoal colored suit with a Persian lamb collar, didn't make a single purchase and walked away with a 5.30-carat marquise diamond worth $38,500.

Here's how police described the operation:

Late Saturday, the woman, in her 40s, stopped first at Tiffany's. While pretending interest in a purchase in the bustling store, she switched a 2.75-carat marquise diamond ring worth $7,500 for a Tiffany ring worth $19,800.

★ ★ ★

She then crossed the street and entered the more exclusive Winston Salon, where two salespeople keep their eyes on each customer.

12 DIAMONDS

A salesman showed the woman a tray of 12 diamond rings, which she examined for 25 minutes.

When the tray was returned to a clerk to place in the Winston safe, he noticed one of the rings had no price tag and it was engraved "Tiffany."

Winston's $38,500 ring was gone and store security guards who rushed outside to find the woman found she too, was gone.

Winston officials hurried over to Tiffany's, but discovered the Tiffany safe, operated by a time mechanism, already had been closed. It couldn't be opened until Monday morning.

RING INSURED

Winston's returned the $19,800 ring to Tiffany's. Its higher-priced ring loss is covered by insurance.

The $7,500 ring — and where it came from is a puzzle — was kept by Tiffany's.

A spokesman for another exclusive Fifth Avenue jeweler, Cartier's, said:

"This lady could have started out with a very cheap ring, going from store to store, trading it off for a better one."

Russians Reveal Death of Defector

ELKO, Nev. (AP) — Soviet authorities sent official word from Moscow this fall of the death of a defector.

Don Lewis, manager of the Ruby Valley Wildlife Refuge in Elko County, was notified that a pintail duck he had banded four years ago had been shot in Eastern Russia.

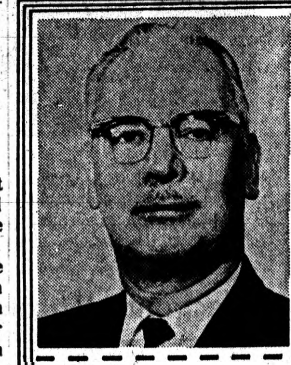

The letter from A. Vinokurov, chief of the bird ringing center in Moscow, added the duck was shot in May of 1962.

Lewis said he had no idea why it took the Soviet authorities two years to notify him of the shooting.

Didn't Paint Herself Into a Corner, but . . .

MADRID (AP) — The next time Casilda Salazar Arregui paints her apartment she will skip the bathroom door.

Firemen were called Tuesday after a neighbor heard faint cries for help from the 58-year-old piano teacher, who lives alone. They found her inside the bathroom, held prisoner for 48 hours by drying paint which had sealed the door.

GEORGIA FLOAT — Off for a trial spin yesterday at the Naval Air Station, Washington, D.C., is this miniature train which will be Georgia's float in the inaugural parade Jan. 20. The pavement, wet from melting snow, reflects the locomotive and cars.

For All Countries

Population Growth Is a Top Problem

PITTSBURGH, Pa. (NEA) — Barring general nuclear war, invasion by microbes from outer space, a new ice age or some such world calamity, there will be twice as many human beings striving for the good life on this planet in A.D. 2000 as there are today.

At the present growth rate of 2 per cent a year, population could rocket to 50 billion by A.D. 3000, which would be just about the maximum that earth could theoretically sustain.

How to reduce this rate of growth and then to stabilize it has become a top priority task for public health scientists in all countries, for the combination of high birth rates and falling death rates is not only impeding the progress of developing countries but putting strains on the health and welfare facilities of advanced nations.

About 70 concerned scholars from around the world met some months ago at the Graduate School of Public Health of the University of Pittsburgh to discuss the population problem in all its aspects. The 24 scientific papers presented at the meeting have just been released.

★ ★ ★

As could be expected, many dealt with the biological and physiological factors in conception and birth, and with birth control techniques ranging from sterilization to pills.

MOST EFFECTIVE

Apparently the most popular and most effective methods of birth limitation are the newly developed pills and an intrauterine device using a coil or spiral of plastic.

Dr. A. S. Parkes, physiologist at the University of Cambridge, England, praised the pill and deplored the taboos and prudery which hampered research until mankind's eleventh hour.

'Until the advent of the Pincus pill," he said, "methods of controlling human fertility were archaic in principle and a disgrace to science.'

★ ★ ★

He noted one possible drawback to the 'fantastically effective" pill: It might increase a woman's fertility and extend childbearing ability beyond age 50.

NO EVIDENCE

Dr. John Rock, controversial Catholic gynecologist, formerly of Harvard, disputed this. Extensive clinical trials had turned up no evidence of such a possibility, he said.

Others at the symposium offered evidence that side effects of the pills are more annoying than dangerous.

As for the "rhythm method,' currently the only method acceptable to the Roman Catholic Church, Dr. Parkes termed it "a sound principle which is more useful in securing pregnancy than preventing it.'

★ ★ ★

Another English physician, Dr. Thomas McKeown, professor of social medicine at the University of Birmingham, maintained that it is not improved techniques which will lower the birth rate but recognition of the need for reduction in family size.

SOLVED IN VILLAGE

"The problem must be solved, not in the laboratory, but in the native village . . . . If illiterate women are to control their reproduction by counting beads, they must first learn to count.'

The experts were in general agreement that the birth rate will not be significantly lowered until there is a social climate which encourages the small-family ideal.

One means of achieving this ideal was suggested by Dr. Judith Blake Davis, associate professor of demography (population study) at the University of California School of Public Health.

★ ★ ★

She advised taking the wife and mother out of the home, literally and figuratively, by fashioning a society which is not primarily family centered — a society in which women are offered other meaningful goals beside the traditional one of motherhood.

SMALL FAMILIES

One major suggestion coming from the conference was that governments will have to adopt an official public policy favoring small families.

In turn, this policy will have to be made possible by scientists, approved by religious leaders and, in the end, accepted and practiced by individual people.

The scientists were agreed that the only possible solution in a civilized and democratic society is for the people themselves to decide to have small families.

★ ★ ★

But they also agreed that how to convince the people of the desirability and necessity of this is probably the most difficult and complex challenge human society has ever faced.

Only country in the New World ever to serve as the seat of government for a European monarchy was Brazil. The king of Portugal moved his court there when Napoleon's armies occupied his country.

Green Clean of Nicotine

Lettuce Leaf Out Tobacco

By DICK WEST
United Press International

WASHINGTON — One effect of the surgeon general's second report on smoking that came out this week presumably will be a new wave of searching, or groping, for cigarette substitutes.

WEST

Surgeon General Luther L. Terry urged that efforts be made to "convince people of the danger of cigarette smoking." But experience has shown that most smokers don't like to give up cigarettes unless they have something to take their place.

Since his first report on the impact of smoking on health was issued a year ago, all sorts of cigarette stand-ins have been auditioned.

Some smokers tried sucking their thumbs. Others took up sword swallowing. Still others tried my own smoking substitute, which was growing a beard.

★ ★ ★

None of these proved terribly effective. Women smokers, for example, found that beard-growing was no help at all.

LETTUCE FAGS

One of the most recent substitutes to come to my attention was put forward by an Oklahoma City firm, which has invented a cigarette made of lettuce leaves.

The enthusiasm for lettuce cigarettes has been rather restrained thus far. Therefore, in line with the surgeon general's appeal, I feel I should pass along some suggestions sent to me by a colleague, Lawrence Gibbs of the Guymon, Okla., Daily Herald.

Gibbs believes that lettuce smoking could be made more acceptable through the use of slogans, such as: "LS-MFT-S—Lettuce Sigarettes Make Finer Tossed Salads." Or "Let up and light up a lettuce."

★ ★ ★

His program also calls for the use of gimmicks, such as: "Try the new lettuce cigarette with the patented mayonnaise filter. It removes harsh tars and lettuce weevils."

ROLL YOUR OWN

Gibbs further proposes that steps be taken to win converts among "roll-your-own" smokers.

They would be offered a package deal consisting of a head of lettuce and a chopping block.

Something also needs to be done to make the stuff attractive to pipe smokers. Since pipe smokers make a fetish of blends, Gibbs suggests that they be offered a mixture—half lettuce and half cabbage.

★ ★ ★

For those who prefer an aromatic mixture, a bit of spinach could be added. This also would appeal to smokers who like menthol cigarettes.

★ ★ ★

As Gibbs points out, lettuce smokers could say goodby forever to brown nicotine stains on their fingers. Instead, they would have green thumbs.

Deliberate Explosion of Nuclear Engine Shows Little to Fear

AP Photofax

ATOMIC REACTOR DESTROYED — A relatively small ball of fire is generated over the sands of Jackass Flats, Nev., yesterday as scientists deliberately destroyed a nuclear engine. The engine was put out of control to the explosion point to test possible results of an accident. The relatively "safe" result is encouraging to development of the engine for use in space.

JACKASS FLATS, Nev. (AP) — This nation's nuclear rocket engine program has leaped an important safety hurdle. Scientists blew one up in a deliberate accident with no more damage or radioactivity than they expected.

Still to be learned, however, is what would happen if such an engine fell into the sea in a launching mishap.

Salt water increases the number of fissions or atom-splittings per second in a nuclear-fueled reactor, and thus multiplies the explosive effect.

Tuesday's test resulted in a spectacular explosion. There was a 15-foot-diameter fireball, a great cloud of dust, and a multicolored shower of twinkling, radioactive sparks.

HEAT GENERATED

Telephone poles 50 feet away were blown high in the air, and set afire by the 8,000-degree Fahrenheit heat generated by the blast.

The flatcar on which the 12-foot-high, trashcan-shaped engine rested was crushed as if by a giant foot.

Dr. Keith Boyer, director of the test for the Los Alamos Scientific Laboratory, said a first look at radiation monitors indicated humans would have been completely safe 1½ miles away.

"People would be in much greater danger," he said, "if they were that close to a non-nuclear explosion of conventional fuel in one of the Saturn rockets being developed to take men to the moon."

RADIOACTIVE CLOUD

Twelve miles away, at the boundary of the Atomic Energy Commission's atomic testing grounds 90 miles northwest of Las Vegas, the white cloud of radioactive particles blown southwest by the wind passed over the little community of Lathrop Wells.

★ ★ ★

Planes flying through the radioactive cloud recorded the radiation at a rate of 2 milliroentgens per hour. It took the cloud 20 minutes to pass over, and an AEC spokesman said anyone in the evacuated town would have absorbed a dose of less than 1 milliroentgen. He said a safe limit has been established as 500 milliroentgens per year.

★ ★ ★

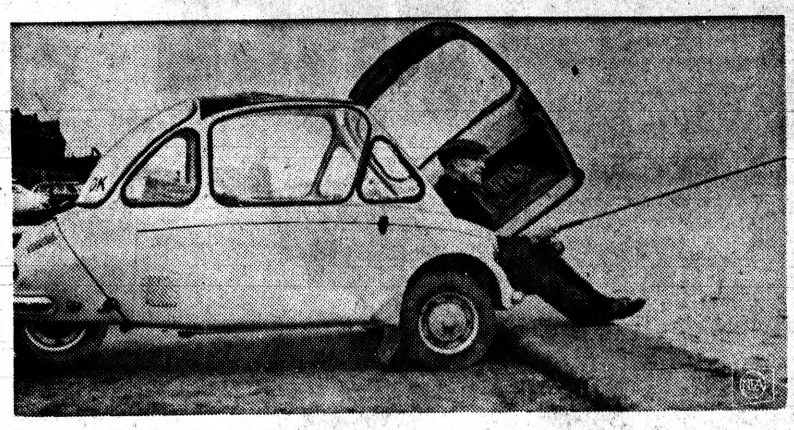

The reactor destroyed was a prototype, called Kiwi after the flightless New Zealand bird, of engines being developed to power manned flights to the moon and the planets.

Dr. Percival King, safety director for the test, said the Kiwi was deliberately rigged to produce a worse accident than could happen to a nuclear engine if it fell to the ground during a rocket launching.

EXPLOSIVE YIELD

Explosive yield of the actual blast was equivalent to that resulting to the detonation of about 100 pounds of TNT. Normally, nuclear detonations are measured in the equivalent of thousands of tons of TNT.

An AEC spokesman said the test did not violate the nuclear test-ban treaty for two reasons: the destruction did not actually constitute a detonation, and it was a peaceful use of atomic energy.

FISHING SCHOOL — This Copenhagen, Denmark, gentleman can teach fishermen something about relaxation while fishing. A front-opening automobile is just the place to sit while waiting for a bite.

Official language of Sikkim, tiny Himalayan kingdom, is English.

Gaiety Reigns

LBJ Hat Caps Sato Fete

WASHINGTON (AP) —President Johnson gave his Japanese guest of honor a Texas hat, Sarah Vaughan sang nightclub style in the East Room and Hubert Humphrey got the title — "Surgeon of the Administration."

This happened Tuesday night at a gay White House state dinner, the first of 1965, where the atmosphere had the festive air of the inaugural just a week away.

The President and Mrs. Johnson and the Humphreys danced past midnight, changing partners frequently amid the 150 guests gathered to celebrate the official visit here of Japan's premier Eisaku Sato.

Joshing between dances, Johnson pronounced Humphrey the surgeon of the administration. Asked what he thought it meant, the vice president-elect grinned and suggested: "When a man coins a new phrase, let him interpret it."

"Everything's going my way," seemed to fit the President's mood.

Secretary of State Dean Rusk smilingly volunteered that the talks with the Japanese "have gone very well — good business."

The President congratulated John T. Connor, his newly named secretary of commerce, for coming successfully through a Senate Commerce Committee hearing. He was delightedly introducing his handsome new chief of protocol, Lloyd Hand of Los Angeles, and his charming wife, who made their first official appearance in Washington for the Japanese visit.

The President busily signed autographs with movie director-producer Alfred Hitchcock, who sketched his famous silhouette.

The guests dined on rock cornish hen in the state dining room, drank champagne toasts, and the President produced the 10-gallon hat for Sato to the amusement of all.

After that, the light-hearted tone was set.

★ ★ ★

Mrs. Johnson introduced Miss Vaughan as "a singer's singer."

Miss Vaughan sang seven numbers. She started with "Sakura," a Japanese folk song, and ended with the American folk song, "Sometimes I feel Like a Motherless Child."

Rinehart S. Brights New Music Festival Chairmen

Pontiac Press Photos by Ed Vanderworp

"You're going to like this job." The Semon E. Knudsens of Bingham Road (right), chairmen of the 1964 Meadow Brook Festival, encourage the 1965 chairmen, Mr. and Mrs. Rinehart S. Bright, Bloomfield Hills. New leadership for the festival was announced Tuesday evening at a dinner meeting of 300 committee members. Preceding the dinner, Mrs. Alfred G. Wilson, honorary festival chairman, entertained at a reception in Meadow Brook Hall.

By JANET ODELL
Pontiac Press Women's Editor

Mr. and Mrs. Rinehart S. Bright are the 1965 chairmen of the Meadow Brook Music Festival at Oakland University.

★ ★ ★

The announcement of the successors to the Semon E. Knudsens who held the post last year was made at a dinner at Oakland University Tuesday evening.

★ ★ ★

C. Allen Harlan has accepted the position as chairman of the building committee.

RECEPTION

Prior to the dinner, some 300 husband and wife committee members gathered at Meadow Brook Hall for a reception.

★ ★ ★

Hostess was Oakland University's benefactor, Mrs. Alfred G. Wilson.

★ ★ ★

In the receiving line with Mrs. Wilson were the Knudsens, the Brights, Chancellor and Mrs. D. B. Varner, Sixten Ehrling who conducts the Detroit symphony orchestra and Robert Shaw of Cleveland.

★ ★ ★

Shaw will direct the Institute for Choral Studies this summer at the newly created Meadow Brook School of Music.

★ ★ ★

In his after-dinner remarks, Shaw predicted that the performing arts center will be "world wide and generations long in its significance."

★ ★ ★

Ehrling, forced by sudden illness to leave the party at Meadow Brook, was replaced by Robert Semple in speaking for the Detroit Symphony. Semple is president of the symphony board.

GOLD CHARM

Mrs. Knudsen was presented with a tiny gold replica of the Baldwin Pavilion for her charm bracelet.

★ ★ ★

Rinehart Bright in presenting the token paid tribute to the Knudsens for their outstanding leadership in launching the Meadow Brook Festival.

To conclude the evening, Albert Tipton and principals of the Detroit Symphony Orchestra presented a short program of chamber music. This was a preview of Oakland University's newly created Meadow Brook Woodwind Quintet.

★ ★ ★

Hostesses were Mrs. Halsey Davidson, Mrs. Alfred C. Girard, Mrs. James L. Howlett, Mrs. Henry C. Johnson and Mrs. Leonard T. Lewis.

Others were Mrs. E. Curtis Matthews, Mrs. Kenneth Morris, Mrs. Walter F. Skinner, Mrs. Oscar J. Sorenson Jr. and Mrs. Marvin L. Katke.

Bridget Noon to Wed Feb. 13

Mr. and Mrs. Archie J. Noon of Milford announce the engagement of their daughter, Bridget Elizabeth, to Ermal Ray Taulbee, son of the Franklin J. Taulbees of Bay Village, Ohio.

The bride - elect attended Flint Junior College and her fiance is a graduate of General Motors Institute where he affiliated with Phi Tau Alpha fraternity.

AAUW Hears Marriage Counselor

Margarita Davis, marriage counselor, spoke before Pontiac Branch, American Association of University Women, Tuesday in the Community Services Building.

Counseling services available in the area, through the Circuit Court of Oakland County, were explained.

Martha Ramsey will review "Wine Is Bitter" by Milton Eisenhower before the "Books of Our Times" study group, Thursday, in her home.

Mrs. Stewart Dell will be hostess to the bridge group on Monday.

RELIGIONS

Hostess for the "Religions of the World" study group on Tuesday will be Mrs. E. C. Carlson. Lillian Davidson will discuss "How the Catholic Religion Has Affected Italy."

A German dinner will be served to the "Foreign Culture and Cuisine" group, Jan. 26. Mrs. Francis McDowell will be hostess and Mrs. Charles Colberg assisting.

The Art Appreciation group will study American artists, Feb. 4 with Mrs. Donald LaVire, hostess.

ARTS AND CRAFTS

The Arts and Crafts group will meet with Mrs. McDowell Feb. 11.

"Study of Poverty," a new group, will have its first meeting Jan. 21 in the home of Mrs. John Borsvold.

Mrs. Marvin Marsh of Birmingham, a consultant assigned to the Pontiac branch, visited the group's January board meeting.

HOSTESSES

Assisting Mrs. Robert Irwin, chairman for the evening meeting, were Mary Lou Lackie, Margaret LeCocq, Mrs. McDowell, Mrs. Tom Reese, Mrs. Melvin Taig, Mrs. Stephen Velkoff and Helen Wordelman.

The February board meeting will be in the home of Mrs. Ray Allen.

Enjoying the party in Meadow Brook Hall Tuesday evening are the Addison K. Oakleys, Cherokee Road (left) and the Ralph T. Norvells, Wenonah Drive. Mrs. Oakley was one of the hostesses for the evening.

Womens

Child Study Unit

The home of Mrs. Robert Nolan on Wormer Drive was the scene of the January meeting of the Waterford Child Study club recently.

Mrs. Robert Lewis presented the program "Dignity in Your Work."

MOMS Unit to Attend Feb. Board Session

MOMS of America, Inc. Unit 2, completed plans to attend the Michigan State Board regional meeting Feb. 1, in the Veterans' Memorial Building, at a luncheon meeting Tuesday.

★ ★ ★

Mrs. S. Edgar Thomas, the president, was hostess.

★ ★ ★

The group will attend installation ceremonies for the Blue Star Mothers of Pontiac, chapter IV, this evening in the First Federal Savings of Oakland club rooms.

★ ★ ★

A donation will be sent to the Oakland County Tuberculosis Sanatorium for the veterans' fund.

Wife Objects

No Game for Hunter

By ABIGAIL VAN BUREN

DEAR ABBY: Ten years ago I married what I thought was a sweet, understanding country girl. I was a city boy. Now we have three children.

ABBY

I have always loved to hunt. Before I got married, five buddies and I used to go out of state to hunt deer for a week every year.

My buddies are all married now, too, and THEIR wives let them go on these hunting trips, but my wife won't let me go.

She says killing deer is inhuman and we are a bunch of savages.

She refuses to cook wild game and she absolutely forbids our sons to play with toy guns.

What do you suggest?

ABOUT HAD IT

★ ★ ★

DEAR ABOUT: If you can't persuade your wife that deer hunting is neither inhuman nor savage (and good hunters are familiar with all the arguments), you had better hunt yourself up another hobby.

You can't win 'em all, and it would appear that your wife has "about had it" on the hunting issue, too.

DEAR ABBY: The manufacturers of men's clothing saved money when they took away the vest, a very handy garment.

Then they raised the price of men's suits. How come?

DON'T GET IT

★ ★ ★

DEAR DON'T: Where have you been? The vests are coming back.

But don't wish for the "good old prices" on men's clothing unless you want the "good old wages" that went with them.

DEAR ABBY: How often I have heard that my husband and I are the happiest couple in town.

Yet, after 27 years of marriage, two fine, well-educated children, plus three grandchildren, I found out that my husband has been unfaithful to me with a woman who works for him.

★ ★ ★

Before making any accusations, I hired a lawyer and a private detective to get the facts.

The evidence they brought me (photographs and tape recordings) was a blow I shall never get over. My soul is dead.

★ ★ ★

I have repeatedly asked my husband to confess his guilt, but he responds with more lies. (He doesn't know I have the evidence.)

It has been six months and I am still waiting for him to tell the truth. The hurt and humiliation is more than I can bear. How much longer shall I give him?

Please answer before I do something foolish to him or to myself.

DON'T USE NAMES

★ ★ ★

DEAR DON'T: Quit punishing yourself and confront your husband with the evidence.

Danish Art Exhibit Draws Notables

By SIGNE KARLSTROM

At the Detroit Institute of Arts Tuesday evening many gathered to view the Danish abstract art exhibit presently being shown in six cities in United States.

Sponsored by the Danish Ministry of Cultural Affairs and the Smithsonian Institution in Washington, it consists of 86 paintings and sculptures. It will remain at the Art Institute through Feb. 7.

The Hon. Lorenz Petersen, newly appointed Danish consul general in Chicago, and Mrs. Petersen came to Detroit for the occasion.

They have recently come to America from a similar post in Greece where they had a key part in the arrangements when King Constantine of Greece and Princess Ann-Marie of Denmark were married last fall.

Assisting Mrs. Joseph G. Standart Jr. at the tea table in the Art Institute were Mesdames Denton Anderson and James H. Carmel.

DANISH COLORS

The table covered with a red cloth matched the Danish red color in their flag which was placed close to the entrance of the exhibit room together with the American flag.

White flowers centered the table and Danish specialties of pastries and cookies were available.

Among those viewing the exhibit, were Danish Consul in Detroit, Mr. and Mrs. George Everson, Mr. and Mrs. Marshall Fredericks, James Carmel, Josephine Joy and Mrs. Eric Bergishagen with her daughter and son-in-law, Mr. and Mrs. Charles DiGioia.

Also seen were Mrs. Bengt Swenson, Mrs. Carl Moe, the Frank Perrons, Consul and Mrs. Edward Johansson and Edward Foley.

LUNCHEON

Prior to the reception, Consul and Mrs. Everson were hosts at a luncheon in Kingsley Inn honoring the Petersens and Kaj Hansen who is also here from Chicago.

In the evening the Institute of Arts director Willis F. Woods and Mrs. Woods entertained for dinner at the Detroit Club honoring the Petersens.

Pontiac Press Photo

Mr. and Mrs. George P. Everson, Birmingham, who is the Royal Danish Consul of Michigan (right) entertained the consul general of Denmark at luncheon Tuesday in Kingsley Inn. Mr. and Mrs. Lorenz Petersen are in Detroit for the opening of the Danish abstract art show at the Detroit Institute of Arts.

Hang Straight

To straighten freshly-laundered curtains, slip curtain rods in the bottom hems and let them hang there a day or so or until the curtains have straightened.

Girl Should Await Call From Boy

By The Emily Post Institute

Q: When I have a date with a boy and he comes to call for me and I am all ready to go except for my coat, should I ask him to come in while I put on my coat, or may I leave him waiting at the door?

A: To leave him standing at the door would be very discourteous. You must ask him in and if he has not as yet met your parents, you should introduce him to them.

★ ★ ★

Q: My father died. We received printed cards from the funeral director, reading:

Your kind expression
of sympathy
is greatfully acknowledged

We are in doubt as to how these cards should be signed. Our family consists of mother, two sisters and a brother. Would it be proper to sign them "The Jones Family"?

A: The printed cards you describe are not in good taste and you really should write personal notes of thanks for all acts of kindness shown to your family.

The notes need be no more than "Thank you for your beautiful roses," or "Thank you for your loving kindness," etc., and signed by a member of your family.

★ ★ ★

Q: Is it proper to pour gravy on meat directly from the gravy boat or must one always use a spoon?

A: If there is a spoon or gravy ladle, you should use it. If not, you may pour the gravy from the spout.

★ ★ ★

Details concerning the announcing and christening of a baby are described in the Emily Post Institute, booklet entitled, "The New Baby." To obtain a copy, send 10 cents in coin and a stamped, self-addressed envelope to Emily Post Institute, in care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Light Up Pen

If you have a recalcitrant ballpoint pen that refuses to respond to attempts to get the wax off the point so that it will write, stick the tip briefly in the flame of a match or cigaret lighter.

Shampoo Leather

Leather gloves washed in shampoo designed for dry hair will regain their natural oil and have a longer life.

Some Sew Their Own

Wives of Politicos Decide What to Wear

By the Associated Press

The White House has decreed nothing will be released until Jan. 17 concerning Mrs. Johnson's inaugural wardrobe.

★ ★ ★

This secrecy posed a problem for those who don't want to turn up wearing the same color dress as the First Lady.

★ ★ ★

Fortunately, the word has leaked out in the fashion world that Mrs. Johnson's ball gown, being designed by John Moore of New York, will be yellow, for the famous rose of her Texas home state.

Now, as far as can be ascertained, Cabinet wives, inaugural officials and those likely to be in presidential proximity, are shunning yellow.

★ ★ ★

Mrs. Hubert H. Humphrey, silver-haired wife of the vice president-elect, is tied to the White House protocol-strings. Her wardrobe will be announced with the First Lady's.

★ ★ ★

Though she usually makes her own clothes and is making one for the inaugural ceremony, Mrs. Humphrey wasn't taking any chances with the gown for the historic 1965 inaugural balls.

She confided at a recent news conference that it is being designed by Count Sarmi.

RIGHT PARTY

Aside from being famous in the fashion field, a standout in ball gown design, a real Italian count, now a U.S. citizen, Mrs. Humphrey points out "he's a Democrat."

★ ★ ★

A Cabinet wife braver than Mrs. Humphrey is Jane Wirtz, whose husband is secretary of labor.

Asked about her ball gown designer, she reminded, "I make my own clothes."

Even while campaigning, she admits she was thinking about what she'd make.

It's a rosy red brocade ball gown "long and simple."

Most of the VIP women have not yet come to grips with their special clothes for the rest of the three-day 1965 inaugural festivities.

★ ★ ★

And, some weren't eager to put on their best finery for the balls, either, because those events usually are so crowded — expected attendance is about 20,000 — that there's little room to dance.

Entertainers appearing before the President had to think about attire, too.

TRADITIONAL

The concert artists held firm to their long tradition of white tie and tails, regardless of what the presidential audience decides to do.

One of Johnson's favorite stars, Carol Channing, whose hit musical song "Hello Dolly," became the campaign tune "Hello Lyndon," will come to town wearing a "Capitol Dome" hat designed for her by Mr. John.

★ ★ ★

And she'll glitter at the gala in a dramatic Norman Norell long-sleeved, silver sequined short dress, with a hemline border of rare vulture plumes.

Sentiment as well as style enter in decisions on what to wear and the fashion range covers everything from homemade to designer original.

LOYAL TO HOME

Mrs. Hale Boggs, wife of assistant Democratic House leader and inaugural ball co-chairman, held out for a dress from her home town of New Orleans, La.

And, it's a bad time of year to order a dress because that famous Louisiana city is in the throes of preparations for Mardi Gras when ball gowns are in big demand.

Mrs. Willard Wirtz, wife of the secretary of labor, poses in her Washington home wearing the rosy red brocade inaugural gown she made. Mrs. Wirtz said she began thinking about what she'd make, even during the campaign.

Mrs. Orville Freeman, wife of the secretary of agriculture, models the costume she's recommending for inaugural parade watching on Jan. 20. Her number one suggestion for the ladies is high boots.

Perle Mesta, widely known Washington hostess, displays her inaugural ball gown. It's embroidered beige, empire-waisted, with ermine around the top of the bodice. The matching long beige coat has an ermine collar.

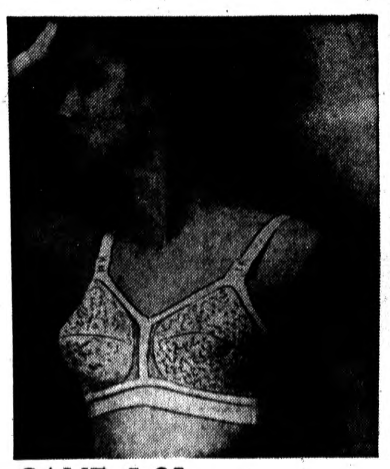

Actress Carol Channing will wear this silver sequined gown at the Inaugural Gala in Washington on Jan. 18. The hemline is made of rare white vulture plumes. The gown was designed by Norman Norell.

Know-How for Buying Bedding

By MADELEINE DOEREN

Getting the most for your money when shopping for bed linens is easier when you look for specific quality features.

★ ★ ★

Women who used to pass over lightly the technical terms in sheet-dom, know now why they're important. They make a point about them in buying bedding.

★ ★ ★

Thread count means the number of threads to the square inch, both lengthwise or crosswise.

★ ★ ★

Unless there are approximately the same number both ways, the sheet may tear more easily. The higher the thread count, the better.

FEELS SILKY

Percale sheets are made of a finer count fabric and from a better long staple cotton thread than muslin sheets. They feel almost like silk, so fine and soft are they and if laundered at home, they will give longer wear.

★ ★ ★

If laundry is sent out, the leading manufacturers tell us, muslin sheets of a good grade would probably outwear percale.

★ ★ ★

Some sheets feel lighter when lifted than others. Lighter weight means a finer grade of sheeting.

★ ★ ★

Check for an even texture in the weave. Snags and loose threads will show up when sheets and pillow-cases are held up to the light.

HOW ABOUT HEMS?

Are the hems wide, with close, even stitching and nicely-finished corners? Are the corners of fitted sheets sturdily made?

★ ★ ★

Are the sheets large enough to fit your beds? Sheets too small wear out faster and don't protect either blanket or mattress.

★ ★ ★

They are a constant nuisance, especially if the sleepers are tall.

TORN SIZE MORE

"Torn size" means the length without shrinkage or hemming. Actually a 108-inch torn size means about a 98-inch length. This applies to the average sheet.

★ ★ ★

Some mills now offer a "true size" line of sheets, marked with the size the sheet actually is for use. Then, you don't have to allow for this and that when making your purchase.

★ ★ ★

Sizing is the starch or filling in the fabric. Firm extra woven selvages are important for reinforcing the edges of the sheet.

★ ★ ★

How do you pick the double sheets from the singles in your linen closet? Now you can buy sheets with tabs marked for single, double, twin or three-quarter size.

TAB SHEETS

If your sheets are not tabbed, make some of your own. Write the size on a tab with a laundry marker and sew on one edge of the sheet.

★ ★ ★

Some women fold double bed-size sheets in large squares and single bed sheets in smaller squares.

It's fun to get initialed or monogrammed sheets at little or no extra cost. Reinforced hemstitching is also available in moderately-priced sheets.

Pastels, stripes and prints are available in flat or fitted sheets in all size beds including extra-wide 'queen' and extra-long 'king' size. They're vat-dyed and color-fast.

For the rest of your life, why not equip yourself with good bedding!

Methods Increase Baking Speed

You can speed up the baking of potatoes if you first boil them for a few minutes in a little salted water. The salt gives them a better flavor too.

You can also hurry the baking by placing the potatoes on the oven rack and inverting an iron utensil over them.

Either method cuts down the baking time almost in half.

February vows are planned by Kari Kay Ross, daughter of Mr. and Mrs. Arthur Ross of Maxwell Road, Oakland Township, and Larry Dean Fields, son of Mr. and Mrs. Herbert Fields of North Berkshire Road.

Leather upholstery may be given a thorough cleaning with saddle soap.

Council Held at Malkim

A program on teacher recruitment was discussed Tuesday at the Pontiac PTA Council meeting held at Malkim.

★ ★ ★

Schools in charge of hospitality were: McConnell, Mark Twain, and Baldwin.

★ ★ ★

Plans were made for the blood bank to be held on Jan. 27 at Wisner School.

Moisten Pop Corn

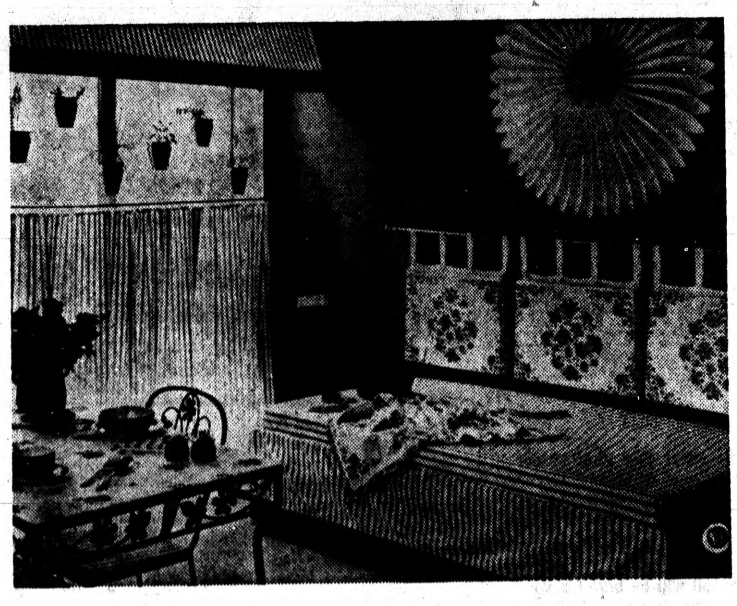

Pop corn will pop better if placed in a covered jar along with a teaspoon of water for a day or so before popping.

Soap on Candle Prevents Smoking

To make candles last longer and burn without smoking and dripping, coat the candle—all but the wicks — with soapsuds.

★ ★ ★

Let them dry in candleholders before lighting.

Vivid gold-striped cotton and yellow rose print pillowcases transform the window, day bed and table of this special corner of kitchen or family-room for mother. She can entertain neighbors, sew, watch the children at play, or rest, with one eye on what's cooking.

Why Grow Old?

By Josephine Lowman

Did it happen to you last year, and the year before, and maybe the year before that? Did you plan to diet to lose extra pounds, exercise for health and for the sake of your figure, and indulge in those small daily beauty rituals which make such a difference in the way we look?

AND THEN DIDN'T DO IT?

Well, if it did happen to you, it is because you are human. We are all so busy and it is so easy to put off until tomorrow what we planned to do today.

I have been convinced for a long time that the only way to succeed is to set a definite time limit for a definite goal. That way you can stick to it!

BIP PLAN

Therefore I am bringing you my Eight-Week Beauty Improvement Plan while your New Year's resolutions are still hot with enthusiasm.

In just the next eight weeks you can lose from 15 to 20 pounds and improve your appearance and health unbelievably.

Yesterday I told you how to determine what your ideal weight is. Today I want to talk about measurements.

Actually measurements are an important yardstick with which to grade your figure. I do not mean to suggest, that so long as your measurements are in proportion, they can be ANY size.

Some women who are very much overweight have measurements which are in perfect ratio, while others who are the correct weight have measurements way out of proportion.

As a general guide, the bust and hips should be the same and the waist should be 10 inches smaller. Of course this is not possible for every woman but it gives you something to shoot for and much can be done to help you come closer to the ideal figure.

When you measure your bust, measure around the fullest part. Measure with or without a brassiere. If you measure with a bra, be sure that you wear the same one each time you measure during the next eight weeks.

When you measure your abdomen, measure around the fullest portion. This is ususally about seven inches below the waist. When you measure your hips measure around the fullest part.

Bridesmaids From $29.98

Open Thurs., Fri. 'Til 9

MRS. LOUIS R. DEBOLT

Home Rites by Justice for DeBolts

A ceremony performed by Justice of the Peace, Robert Scott, in the home of the bride recently united Sheryl Jean Mapes and Louis R. DeBolt.

Parents of the couple are the Francis J. Mapes, Elsie Drive, West Bloomfield Township, and the Jesse DeBolts of Stanley Street.

Glenda Blanchard and Jerry Talbot attended the couple who left for a northern Michigan honeymoon, following the double ring ceremony.

A white brocade suit with yellow accessories was worn by the bride. She carried a Bible topped with white carnations and yellow rosebuds.

Twins' Moms Will Meet

The Twins' Mothers' Club of Oakland County announces an open meeting for area mothers tof twins, at 8 p.m., Thursday, in the conference room of the '300 Bowl.

Mrs. Ruth Kennedy from the Oakland County Family Service Center, will present an illustrated lecture titled "A Family Affair." Refreshments will be served.

For further information, call Mrs. Al Cesaro.

Wash Wool Gloves With Clothespins

Stick the round end of clothespins into each glove finger before washing woolen gloves.

Helps to prevent the gloves from shrinking.

Announcement is made of the engagement of Barbara Jean Carlson, daughter of Mrs. Rudolph C. Carlson of Detroit, and the late Mr. Carlson, to James Everette Whitaker, son of the Robert O. Whitakers of Oriole Road. The couple plans a May 8 wedding.

Fashion Club Announces 1965 Officers

The Fashion Your Figure Club of Pontiac recently held election of officers at a meeting in the Adah Shelly Library.

Those to be installed on Jan. 14 are: Mrs. Odes Case, president; Mrs. Raymond Gartley, vice-president; Mrs. Alfred Post, Secretary; Mrs. Truman Lamphere, treasurer; and Mrs. Merian Lawrence, corresponding secretary.

Guest speaker at the installation will be Dr. Richard Straith of the Straith Clinic, Detroit.

His talk will cover plastic surgery and reconstruction work.

Card Party for Alum Unit

Women of the South Oakland County alumnae of Sigma Kappa sorority will hold a card party and luncheon at 1 p.m., Jan. 30 at the Womens Guild Room in Federal's basement in Clawson.

Six students from Delta Lambda chapter at Wayne State University will model.

Those interested in purchasing tickets may call Mrs. Frederick Johnson.

Sweet Smelling for Sick Room

NEW YORK (UPI) — For a delightful air freshener in milady's sick room, rub her favorite stick cologne on the light bulbs, suggests Nurse Minnie C. Weinstone, of Tacoma, Wash.

The warmth of the lighted bulb seems to carry the scent throughout the room, she reports.

Job's Daughters Hold Semiannual Installation

Recently installed as honored queen of Pontiac Bethel 5, International Order of Jobs Daughters, was Linda Isenberg.

Her court includes Carol McFarland, senior princess; Wendy Bordeaux, junior princess; Beni Minard, guide; and Isabel Seelye, marshal.

Also taking office were Isabel Ratlif, Susan Lash, Linda Harroun, Robin Beltz, Sarah Deem, Lynn Hadsell, Susan Ballard and Jane Marcum.

Others were Penny Stewart, Jill Watts, Carol Bell, Del Halstead, Susan Caswell, Ilet Pement, and Mary Newton.

Guests present were: Polly Wilcox, Mrs. Charles Peterson, John Watts, Catherine McCrindle, and Charles Moore.

SEW SIMPLE

By Eunice Farmer

Dear Eunice:

It's so nice to have someone to turn to when thing go wrong, even though you think you're already doing the right thing.

My latest project was a loosely woven mohair wool dress. I fully lined it and stay-stitched every piece and yet the dress pulls at the seams. What did I do wrong? Mrs. L. S. R.

Dear Mrs. L. S. R.

The only thing I can think of was the stay-stitching. Whenever you underline a dress or any part of a garment, DO NOT stay-stitch.

Stitching on one piece of fabric always draws the seamline tighter and with a loosely woven fabric it would draw up even more, and cause that pulled look.

Dear Eunice Farmer:

The underarm darts are too large in a pattern because I have a small bust.

If I make this dart smaller, as you suggested, what happens to the length at the underarm seam in a shift type pattern? Mrs. A. F.

★ ★ ★

Dear Mrs. A. F.:

If there is no shaping of front darts, or if the side seams are perfectly straight, you won't have to make any changes, just allow the front to become a little longer than the back at the hemline and when the correct skirt length has been taken, you can even the width of the hem.

If the side seams are shaped or if you have front darts that are shaped at the waistline, you must change the pattern just above the waistline.

You will have to lengthen the bodice above the waistline in back if the front length is just right. If the bodice front is too long after the dart is made smaller, shorten it above the waistline.

Always remember that you must make the same allowance as the added length you have given the bodice by making the dart smaller.

Mrs. K M. says if you can't use white or black belting for the back of your belts, try using rug binding, you can find it in many colors and it is just the right firmness.

This week's Tailor Trix pressing board winner is Mrs. G. L. Cox Jr., Convent, La., who makes this suggestion.

Instead of putting gripper fasteners on the legs of toddlers' pants, use a lightweight jacket type slide fastener. The fastener is quicker and easier to apply than the grippers and the pants are warmer because there is no gap.

Dear Eunice:

I have been so disappointed in the way my collars turn out. They all seem to look the same on the pattern envelope but some of them have a deep roll, others are flat.

Can we tell by the shape of the collar just what it will look like? Can you make a simple collar to fit any neckline? Mrs. M. R.

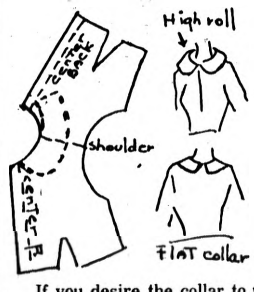

Dear Mrs. M. R.:

Collar shapes certainly are important. If you have a short neck, the flatter type collar is more flattering. If you have a long thin neck, a collar that has more roll will be best for you.

The more the collar conforms to the shape of the bodice, the flatter it will lie.

When the neckline of the collar curves in the opposite direction of the curve of the bodice neckline, the roll becomes deeper and the collar stands up more.

To cut your own collar, pin the front and back of the bodice pattern together at the shoulder seam.

At the center back, draw your line 1-inch below the neck edge, following the neck edge at the front.

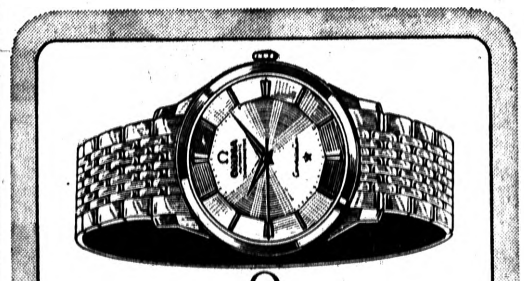

Make the collar any depth you desire, usually about 3½ inches. Mark the shoulder and any neckline notch for easy matching.

Don't forget to add the ⅝-inch seamline on all outer edges of collar.

If you desire the collar to roll more than this, crop the neckline of the collar down further than 1 inch at the center when cutting the pattern.

So many of you have commented favorably about little drafting tips that I shall continue to add a few from time to time. Write and tell me what you would like to have explained.

Ω OMEGA

Gravity-powered self-winding Constellation Chronometer. Bracelet models $190 to $1250. Strap models from $176

Before it can receive the coveted rating of "chronometer"...every Omega Constellation must undergo 15 days of rigid testing by an official testing bureau. This is in addition to the 1497 quality-control checks which all Omega watches receive during manufacture. The Constellation requires no hand-winding or power-cell to keep it running. It's *gravity-powered* by a pendulum-like rotor, which continuously winds the movement while you wear it. All Constellations are water and shock-resistant. Some models offer the added convenience of date-telling dials. See our complete selection today.

Deny Referendum Petition

FARMINGTON TOWNSHIP—A petition to place on a referendum ballot rezoning for the proposed $25-million Village Green has been rejected by the Township Board.

The petition submitted Dec. 23 was denied this week on the grounds that it had an insufficient number of signatures.

Some 1,420 persons had sought to have placed on a ballot the rezoning of the 160-acre Village Green site at the I-96 and I-696 interchange.

Township attorney Thomas Brennan noted that such a request would require the signatures of 15 per cent of the property owners in the unincorporated portion of the township.

While there are no specific figures on the number of property owners in the township, Brennan said that 97 per cent of the township's 13,923 registered voters are listed as property owners for school bond elections.

ADDED NUMBER

Added to these would be property owners not registered to vote, Brennan said.

He noted that of the 8,000 residences in the unincorporated part of the township, 93.5 per cent are owner occupied — many of them presumably having a husband and wife as owners.

The 1,420 signatures on the referendum petition are 15 per cent of only 9,466, not even taking into consideration the unqualified signers living in the incorporated villages of Wood Creek Farms and Quakertown.

Brennan also said that the wording on the petition was insufficient and that the information given to signers was incomplete.

WAS REZONED

The property in question was rezoned in November at the request of Thomas A. and George A. Duke Jr. The former is a member of the Township Board.

The brothers announced plans to begin construction in the spring of an apartment, country club, motel and shopping center complex at the interchange.

Major portion of the parcel was changed from single-family to multiple residence to allow construction of the apartment units, ultimately expected to number 2,000.

Nine acres were converted to commercial property for the site of a shopping center.

EXPRESSWAY SERVICE

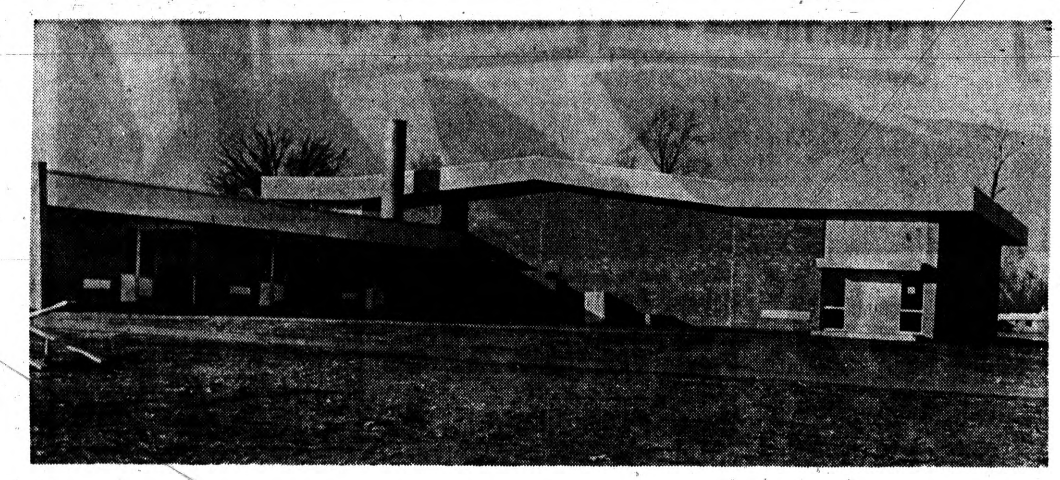

An expressway service designation was assigned to 4.5 acres where a motel is to be built.

The project initially will include about 200 apartments and an 18-hole golf course.

The rejected petition came on the heels of one requesting a referendum election on the pay increases of township administrators.

★ ★ ★

The question on the raises granted to the township's three fulltime officials Nov. 2, the night before all were reelected, has been placed on the Feb. 15 ballot.

Pontiac Press Photo

DEDICATION SUNDAY — Utica School District officials will dedicate the new Flickinger Elementary School in a 2:30 p.m. ceremony Sunday. The school, located on Vanker just off Hall Road, is named for former school board member Walter Flickinger, who served until two years ago. The school was financed by a 1961 bond issue, and the Dec. 12 approval of an $8.5-million bond issue will add another 10 classrooms and a research center to the rear of the building. It has been in use since the beginning of the school year.

Board Spurs School Study

Letters to Ask Aid of Oxford District Clubs

OXFORD — In the coming week, various area organizations will be asked to help with a new study of Oxford School District's future needs.

★ ★ ★

The school board last night passed a resolution to form a new citizens study committee for the study, which will cover an indefinite period.

Schools Supt. Roger Oberg said the committee would decide on the period to be studied once it is formed.

Oberg said letters to area organizations would go out this week, asking them to send representatives to serve on the committee.

★ ★ ★

According to the superintendent, the new study will be wider in scope than the last one four years ago.

PREVIOUS PROJECT

That previous project covered only operating and service aspects of the district's needs.

★ ★ ★

The new study is expected to examine all phases of future requirements, including building and program needs.

★ ★ ★

Oberg said an organizational meeting would be held as soon as replies from organization are received.

Seeks to Alter Education Bill

WASHINGTON (AP) — Rep. James O'Hara, D-Mich., is preparing a bill to help rapidly growing school systems meet the demand for facilities.

★ ★ ★

A member of the House Education Committee, O'Hara said he will offer his proposal as an amendment to President Johnson's aid-to-education program which was sent to Congress yesterday.

★ ★ ★

The President's education proposals, O'Hara said, give attention to the education needs in the nation's urban areas but fail to recognize the special problems of some of America's suburban areas.

★ ★ ★

"Many of our nation's suburbs are facing tremendous difficulties in coping with the school enrollment explosion which has accompanied the influx of population," said O'Hara whose home is at 45306 Cass, Utica.

He cited Macomb County, in the Detroit Metropolitan Area, which in 1950 had a population of 185,000. By 1960, it had grown to 405,000 and now is estimated at about a half million.

★ ★ ★

He said his proposal would provide federal funds for classroom construction in school systems unable to keep up with rising enrollments.

NEWS OF THE AREA

Imlay City Forester to Aid County Woodland Owners

Woodland owners in Oakland County will be given the opportunity to discuss their individual problems Monday with a specialist, Al Phillips, area forester from the Imlay City District Conservation office.

Phillips' visit to the Oakland County Cooperative Extension office has been arranged by Lyle Abel, extension director.

Since 1948, Phillips has given on-the-ground assistance to over 300 owners of woodlands in Oakland County, in addition to some 1,300 others in Lapeer, Sanilac, St. Clair and Macomb counties.

There is no charge for this service.

★ ★ ★

The forester said he is particularly anxious to get in contact with the owners of larger, more valuable woodlands that are in need of attention. Most woodlands that he works with are 10 acres or more.

NEED ATTENTION

The areas of the county north of a line from Rochester to Pontiac and Pontiac Trail are in the most need of attention, he said.

Most of the 100,000 acres of woodland in the county lie in these areas.

Improved management becomes increasingly important as land values go up. Recreational, aesthetic, and wildlife values become increasingly important along with timber values.

Often cutting is the best tool available for keeping these woodlots in healthy condition.

Most evergreen plantations planted prior to about 1952 are in need of attention, according to Abel.

SPRING PLANTING

Landowners interested in spring planting on idle acres are invited to stop in at the extension office, he said.

Also, it is nearly time to sign up for cost-sharing under the 1965 Agricultural Conservation Program for such practices as pruning red and white pine crop tree plantations, planting for forestry purposes and forest improvement.

Timber is considered to be an agricultural crop which makes landowners who do not consider themselves to be farmers eligible to participate.

Phillips will be at the extension office from 9 a.m. to noon and 1 to 4 p.m. Monday.

Persons who cannot come to the office can contact Phillips by telephoning the office that day.

MSU Economists Predict Decline in Farm Income

Although 1965 appears bright for the general economy, it's not likely to be a glowing year for Michigan farmers.

A pair of Michigan State University agricultural economists, John Ferris and Richard Heifner, predict gross farm income in Michigan during the coming year will drop to around $943 million from the 1964 estimated mark of $948 million.

Production expenses will likely increase by about $15 million while gross farm income declines, leaving Michigan farmers with a net income of approximately $253 million compared with $273 million during 1964.

Another MSU agricultural economist is predicting that Michigan's total economic activity will continue at a high level during 1965.

Lester Manderscheid points out that the state's economic activity could average higher in 1965 than during the past year if several crucial events occur.

CONSUMERS' DECISION

These include the decision of consumers to spend rather than save any increase in income, extent and timing of excise tax cuts and labor-management negotiations in the steel industry.

Farm production expenses have increased for the past dozen years and further increases are expected during the coming year, says Heifner.

Greater use of purchased inputs, particularly commercial fertilizer and machines together with gradually increasing price levels, has contributed to the rise in production costs.

★ ★ ★

"Wage rates for farm labor and farm machinery costs have increased by about one-third in the last decade," add the agricultural economists. "Fertilizer prices have changed little but the use of fertilizer has expanded greatly.

Ferris and Heifner predict that farmers can expect gross receipts from the sale of cattle and calves, turkeys, sugar beets, potatoes, oats and most fruit crops to decline during the coming year compared with 1964.

★ ★ ★

On the other hand, cattle feeders will likely increase their net income due to lower prices paid for feeders in the fall of 1964. Also expected to increase are gross receipts from milk, hogs, lambs, eggs, dry beans, corn and strawberries.

Half-Sessions Set at Utica High

By ALLAN S. COLES

UTICA—The school board has approved administration recommendations that will put senior high school students on double sessions next fall because of overcrowding.

And in another move, the board has made it possible for many of those students who have been walking to school because of previous curtailment of bus transportation to ride to school once more.

In order to serve more than 2,000 senior high students with a school that has a capacity of only 1,200, the Utica School District has been divided into two sections.

The section north of Hall Road and the Clinton River will attend school from 7:20 a.m. to noon, while a nearly equal number of students south of Hall Road will attend from 12:30 p.m. to 5:10 p.m.

★ ★ ★

The decision to recommend the double sessions was made after administrators studied similar overcrowding problems and solutions in other districts, including Port Huron.

5 PERIODS PER DAY

As accepted by the board, the new schedule will result in five periods per day for each senior high school student.

A sixth period will be possible for those students who can provide their own transportation.

The duration of the double sessions is uncertain, and depends upon the completion of a new senior high school which will be financed through the $8.5-million bond issue approved by the voters Dec. 11.

★ ★ ★

The earliest possible completion date for the school is seen as some time in 1967, perhaps in time for the second semester of the 1966-67 school year.

ELEMENTARY LEVEL

Now under study are factors which are involved in possible double sessions at the elementary level. Recommendations on this matter will come from the administration soon.

A shuffling and staggering of pickup schedules, plus double runs for some buses, has made it possible to restore bus transportation for about 1,100 elementary students.

They began riding again last week, and about 465 students attending all three junior high schools will get bus transportation in about a week, according to acting Schools Supt. Phillip Runkel.

Runkel said that in some cases, students will have to wait for short periods before they are picked up, but that this is the only way to provide the needed transportation.

HAZARDOUS AREAS

All the students who are being bused again are those deemed to be in "hazardous" walking areas. Many live within the 1½-mile limit set by the state for partial compensation of expenses.

This means that the district is paying the total cost of busing these students. The state pays a percentage of the expense for the students who live more than 1½ miles from their schools.

Plat OK'd for Area Subdivision

OAKLAND TOWNSHIP — The Township Board last night gave final approval to the plat of the Oakland Valley Subdivision here.

★ ★ ★

Construction on the homes in the subdivision, located on the east side of Rochester Road North of Mead, began about a year and a half ago.

Since then, 41 homes have been built on the 153-acre parcel.

Developer and builder, O'Connor Construction Co. of Rochester, has provided home plans of many types ranging in price from $27,000 to $50,000.

★ ★ ★

The subdivision, which represents the largest new development in the township, runs along Rochester north to the subdivision line and east of Sheldon Road.

SIZE OF LOTS

Lots range from 20,000 square feet to just under an acre in size, and there will be a total of 205 lots in the subdivision.

★ ★ ★

Among the features of Oakland Valley are blacktop roads, rolling terrain and underground utilities.

School Tax Renewal Faces Orion Voters

LAKE ORION — Schools Supt. A. A. Reed has announced that a school election will be held Feb. 23 to ask for renewal of a 6-mill operating tax levy.

Approved by the voters in 1960, the 6-mill tax for operating funds expires with the 1964 levy.

Failure to renew the millage, said Reed, would mean the loss of $157,000 in operating revenue to the school district, while approval would merely maintain school taxes at their present rate.

Reed also pointed out that a 4-mill operating tax approved last summer will not levied this year, due to the fact that the new junior high school will not be completed until July.

This means that total school taxes in the district will be 24.49 mills this year, and will increase to 28.49 mills next year.

The deadline for voter registration for the election is 5 p.m. Jan. 25. Voters should register with their respective township clerks.

Still Seek Funds for Hockey Rink

ROCHESTER — The Rochester Jaycees may have to cut a few corners but they are proceeding with construction of a professional-type ice hockey rink at Halbach Field.

Reason for any modification of the original plans for the rink is that the local drive for funds to support the project is still short of its $1,000 goal.

The Jaycees assure future patrons to the rink, however, that it will be built — even though not to the highest specifications at the start.

The village has leveled the land and the Jaycees have the wooden sections at the field ready to erect on Saturday.

★ ★ ★

Members remind area residents and business firms they can still aid the project by mailing their contributions to the Rochester Junior Chamber of Commerce, P. O. Box 161, Rochester.

$120 Is Taken From Pizzeria

TROY — A thief or thieves broke into Tony's Pizzeria at 34777 Dequindre early yesterday morning, taking $120 in cash.

Troy police said entry was made through a window on the west side of the building, which was broken and its grill torn off.

The cash register and a kitchen cabinet were cleaned of money.

Clarkston Pediatrician Will Speak to PTA

INDEPENDENCE TOWNSHIP — Dr. James O'Neill, a Clarkston pediatrician, will speak on "Correlation of Teachers, Home and Education" at tomorrow night's meeting of the PTA.

Also slated for the 8 p.m. session is a talk by a representative of the school system's administrative staff on the Feb. 8 bond issue election.

Church in Avon Planning to Hold Missions School

AVON TOWNSHIP — Elmwood Methodist Church will have a school of missions on four consecutive Sunday evenings at 5:30 p.m. beginning next week.

★ ★ ★

The school will have classes for four age levels — children, intermediate youth, high school youth and adults.

The school will emphasize a study of Spanish-speaking Americans dealing with their problems, living conditions and needs. The question to be asked will be, "What can the church do to help these Americans?"

★ ★ ★

The classes will be followed by a half hour of fellowship and then members will reassemble at 7 p.m. to hear a missionary speaker.

In South Lyon

School Space Eyed

SOUTH LYON — The elementary classroom picture here looks bright—if the outlook for secondary space improves.

In this way, Schools Supt. Frank Bartlett summed up his enrollment projection report to the South Lyon Board of Education.

The predictions are not new, but board members are taking another look at them as they prepare to once again discuss a possible bonding program.

"We've been batting this around for the last two or three years," Bartlett said. "We need space but the question is whether to build a new high school or add more rooms to the present one."

★ ★ ★

The present high school, built 10 years ago to house 450 students, now has an enrollment of 554. Registration in the four upper grades is expected to total 716 by 19 and 822 by 1974.

FIVE PROPOSALS

Within the last two years, high school bond issues in one form or another have been placed on the ballot five times.

District property owners rejected the last proposal, consisting of additions, Dec. 12.

Using present facilities built for elementary usage, the district can get through 1970-71 without needing to build in this area, Bartlett said. The kindergarten through sixth grade enrollment is expected to increase from 1,362 to 1,601 by then.

★ ★ ★

"This would mean we would need other spaces, though," Bartlett commented.

NOW BEING USED

The superintendent noted three classrooms and the gymnasium in the South Lyon Elementary school now are being used for high school classes and the 20-room Sayre Elementary School now houses mostly seventh and eighth graders along with those in fifth and sixth grade.

★ ★ ★

Long-range plans generally agreed to call for the present high school to be converted to a junior high when a new senior high is constructed.

★ ★ ★

But both the school board and the community have been split on the question of when that project should be undertaken.

WALK-THROUGH HEART — An unusual experience was afforded to a group of Avondale Junior High School science students recently when they walked through a 16-foot-tall replica of the human heart at Chicago's Museum of Science and Industry. They could not only see how the heart was structured but also heard it "throb." Harold Strayer, science teacher, accompanied the pupils.

New Officers Are Installed

UNION LAKE—Jack R. Ganzel, 619 N. Milford, Milford, has been installed as chairman of the Mandon Lake Community Church.

Other officers include William Slotman, building chairman; Mrs. Robert French, church clerk; Mrs. Jack Hughson, treasurer; Mrs. Lester Kollinger, missionary chairman; Mrs. Stanley Bouchard, missionary secretary and treasurer and Mrs. Frank Elder, financial secretary.

★ ★ ★

Mrs. Gerald Bowman was named home missionary and Mrs. Howard Armstrong Sunday school superintendent.

Schedule Talk by Missionary

Service Is Second in Troy Church Series

TROY — Rev. Glenn Evans, Kentucky Mountain missionary, will be the speaker at a special missionary program Sunday evening at the Troy Methodist Church.

The 7 p.m. service is the second in a series of three programs sponsored by the Commission on Missions of the church to give the members and other Methodists in the area information on the several home and foreign missionary interests of the church.

Rev. Mr. Evans is in charge of the Henderson Settlement in Frakes, Ky., a Methodist Mission station in the Kentucky Mountains, near the Kentucky-Tennessee border.

The settlement is a home for homeless and abandoned boys and girls. It includes a school, a church, craft shops, farm and projects on a site of over 1,000 acres of land.

★ ★ ★

Rev. Mr. Evans will be feted Sunday afternoon at a reception at the home of Mr. and Mrs. Norman R. Barnard, 5945 Livernois. Barnard is the chairman of the Commission on Missions of the church.

'REEL WAR' — A line of Vietnamese infantrymen fire rifles at a rice paddy near Tan Hiep, but the only thing being fired at them is a movie camera held by a United States Information Service camera crew. The faked battle scene is to be part of a color movie to be distributed worldwide by USIS in an effort to win free world support.

USIS to Distribute Film

Viet Troops Go Gung Ho for Cameras

(Editor's Note: An Associated Press correspondent drove south of Saigon today to check reports of a battle. This is what he found.)

By PETER ARNETT

TAN HIEP, South Viet Nam (AP) — The overloaded bus stopped with a clumsy jerk as machine guns clattered somewhere in the roadside trees.

A score of passengers leaped into a watery ditch as the firing continued amid clouds of green, red and blue smoke.

★ ★ ★

"Take it easy," said a young U.S. Army officer casually smoking a cigarette in a Jeep parked at the roadside.

"That isn't war. I thought I was coming over here to advise soldiers. They may as well as have sent me to Hollywood."

SPOTTER PLANES

The U.S. Information Service was making a color movie on the Vietnamese war. A battle scene was being staged with a company of Vietnamese troops and spotter planes.

Other troops were on guard to keep the Communist Viet Cong from getting into the act.

★ ★ ★

"Marvelous, isn't it?" said a USIS officer as a dozen colored smoke grenades provided a thick screen for Vietnamese troops attacking the absent enemy with blazing weapons.

"Don't talk when they use real bullets," the American film producer shouted. "You'll ruin the natural sound."

U.S. OFFICER

The U.S. officer at the roadside watched the Vietnamese troops taking the "enemy village."

"It's a pity they never get around to doing it as professional as that in real life," he said.

★ ★ ★

The attack scene is to be used in a 30-minute film for worldwide distribution to show how the Vietnamese war is going.

"We want to show the world how things really are here," the information officer said.

RICE PADDY

Three soldiers were blasting a rice paddy with automatic weapons.

"Get that dirt flying," the producer yelled.

★ ★ ★

"What we are looking for is realism," a USIS officer said. "Two days ago we staged a great defense of an outpost. We had the men defending like heroes and the women binding their wounds.

CONG ABSENT

"We didn't show the 'attacking' Viet Cong. In real life, you never get pictures of the Viet Cong."

The film unit has been on the job three weeks and hopes to finish in another month. They have avoided the real war and such major engagements as Binh Gia.

★ ★ ★

"We don't want to show cruel things like bodies," said the USIS officer. "And we will avoid references to tanks, fighter aircraft and artillery. This is a people-to-people film to win support from the free world.

★ ★ ★

"We want more flags here. We can sell Viet Nam by minimizing the brutality and emphasizing the personal aspects of the war."

BAYONET CHARGES

"All this colored smoke and gung ho bayonet charges are for the birds," said a U.S. captain who advises a Vietnamese battalion in the Mekong delta.

"If they want pictures of the war, they should come with me sometime. If they want to portray the war, they should try to do it at least like it really is."

★ ★ ★

"I only hope they don't end up ambushing themselves," said a veteran combat photographer.

'Little Luck on Viet Air Rescues'

EVERETT, Wash. (AP) — "We didn't have a lot of luck. We were flying air crew recovery missions. We didn't pick up many who were alive."

Capt. Ronald Bachman, 29, Black River Falls, Wis., talked to reporters Tuesday night as he and five crew chiefs returned to Paine Field after five months in Viet Nam.

★ ★ ★

The air rescue pilot said: "We flew maybe 15 rescue missions out of Paine Field before we went overseas. Over there, it wasn't much different, except they shot at you."

The five crew chiefs, all attached to Western Air Rescue Center, are: T. Sgts. James Johnson, 34, Titusville, Fla., John Glenn, 33, Springfield Mo. and Roger Reardon, 28, Portland, Ore.; S. Sgt. Howard Lord, 29, also of Portland, and Airman 1.C. Kenneth Scheer, 21, New Haven, Mo.

LARGER FORCE

The six, part of a larger force, were sent overseas from Paine Field Aug. 7. They were based at Bien Hoa, 17 miles west of Saigon. Their assignment was to recover air crews which crashed off the base. In 73 days they flew 142 missions.

★ ★ ★

Scheer was among five members of the detachment who were wounded in a Viet Cong mortar attack on the base on Nov. 1.

Interest on Mortgage Fully Deductible

Home Owner Can Be Joyful at Tax Filing Time

By RAY DE CRANE
Newspaper Enterprise Assn.

One of the greatest joys of home ownership is realized at income tax filing time.

A real glow of satisfaction spreads over the face of the otherwise grumbling taxpayer as he spreads out on the desk in front of him a pile of 12 mortgage payment receipts.

As he scans each receipt he copies down just one figure from each slip and then carefully adds the 12 entries.

He is eagerly totaling the interest he paid during 1964 on his home mortgage and for just that one night he wishes it were even higher.

★ ★ ★

For every penny of his interest charges is fully deductible on his income tax return.

Home owners who are paying off a sizable mortgage usually elect to itemize their deductions instead of selecting either of the two options—the standard deduction which allows 10 per cent of income up to a maximum of $1,000, or the new minimum standard deduction which permits a settlement of $200 plus $100 for each exemption.

One Joy Of Home Owning

MANY KINDS

While mortgage interest is the biggest interest item when deductions are being totaled there are many other kinds of interest, all of which can be used to reduce the amount of tax you will pay.

Did you buy a new or used car on time last year? Borrow from a bank savings and loan, credit union or finance company to consolidate debts, improve your home or buy new furniture?

If so, the interest you paid on the use of the money is deductible. How about a loan for a college student's tuition? Interest paid to Internal Revenue for late payment on last year's taxes? These amounts, also, are fully deductible.

★ ★ ★

Carrying charges and service charges on many types of installment payments pose a problem for many taxpayers.

ALLOW 6 PCT.

Where the actual amount of interest is not shown on such a contract Internal Revenue will allow as interest 6 per cent of the average monthly balance. Here is how to arrive at this allowable interest figure when preparing your own tax return:

Gather together all your monthly statements from department stores, finance companies or any other firm with whom you made an installment purchase contract. Total all the monthly balances.

Divide this total by 12 to obtain the average monthly balance. Multiply this figure by 6 per cent and that is your allowable interest. Enter it on your tax return as "Interest on installment purchases."

★ ★ ★

Many home mortgage notes contain a penalty clause which calls for the payment of an additional interest charge if the mortgage is paid off prematurely, generally with five or 10 years after the mortgage is entered into.

Such accelerated payments are not common in most households but the rule can apply should the home be sold within the penalty period. For at the time of the sale the mortgage is fully paid off through the funds placed in escrow.

If you sold your home last year and you still had a sizable mortgage on it, better check your escrow statement. If you paid a penalty for early discharge of the mortgage this is additional interest which you may deduct on your tax return.

(NEXT: Those Deductible Taxes.)

You can get additional, valuable tax help from a new 64-page book "Cut Your Own Taxes," available only through The Pontiac Press.

Pleads Guilty in 2 Slayings

Detroiter Admits He Killed Virginia Police

FREDERICKSBURG, Va. (UPI) —Bruce Walter Leikett, 26, of Detroit was found guilty of murder yesterday in the slaying of two Fredericksburg police officers last year.

Leikett had pleaded guilty in the deaths of Sgt. Roy Wright, 31, father of three, and Patrolman William F. Mines, 27. They were found shot to death in a Fredericksburg parking lot May 5.

Judge S. Bernard Coleman heard the case without a jury and deferred sentencing until Jan. 20. Leikett had pleaded guilty on both murder counts.

He was found guilty in a trial Oct. 20, 1964, of the murder of Sgt. Wright and was sentenced to death. However, the verdict and sentence were vacated on a technicality. Later, when indicted in the death of Mines, Leikett entered a guilty plea in both cases.

★ ★ ★

Leikett had been paroled from the federal prison in Lewisburg, Pa., only four days before the predawn double slaying in Virginia.

DETROIT CRASH

Police captured him in Detroit May 8, when the stolen car he was driving collided with another vehicle, killing motorist Joe Ferrell, 21.

Priests to Get Pay Increase

ATHENS (AP)—Premier George Papandreou has promised Greek small village priests a pay raise.

Starting Jan. 1, priests in villages of not more than 1,500 population will get 500 drachmae increase ($16.66) in their pay which now averages 1,000 drachmae ($33.33) a month.

The priests, numbering about 150, had threatened to resign if their pay was not increased.

ONE CHIEF TO ANOTHER — Chief Justice Thomas Kavanagh of the State Supreme Court (left) had a few words of advice yesterday in Lansing for Chief Judge T. John Lesinski of the new State Court of Appeals. The Appeals Court judges formally put on their robes yesterday.

New State Appeals Court Starts to Operate Today

LANSING (AP) — Michigan's nine new Appeals Court judges officialy start work today, freshly robed by the State Supreme Court and wished well by Gov. George Romney and the State Bar Association.

The judges will meet here today to discuss procedures for the court's first cases, to be heard Thursday at borrowed quarters in Lansing, Detroit and Grand Rapids.

★ ★ ★

The nine, elected in November were robed Tuesday in the Supreme Court chambers, then feted at a Bar Association luncheon.

Romney told the luncheon that establishment of the Appeals Court by the new constitution "was one of the more far-sighted decisions" of the Constitutional Convention.

He praised the court's membership and had good-natured comments even for Chief Judge T. John Lesinski, a Romney foe during his four years as lieutenant governor.

PRAISES COURT

Romney warned, however, that judges at all levels "need to build more public confidence in their activities." And he advised the Bar Association to begin now studying a lower court system which must be established in Michigan by the end of 1968 under constitutional mandate.

★ ★ ★

Supreme Court Chief Justice Thomas Kavanagh told the appeals judges before robing that their role in writing precedent-setting opinions "is the thing you will find challenging; this is the thing you will find burdensome."

"We know their burdens are heavy ones," he said. "They perhaps will not know this until they have carried them for a while."

MODEL COURT

Lesinski responded that the nine "want to commit ourselves publicly that we will serve with the full powers granted us. We intend to make the Court of Appeals of Michigan a model court for the nation."

The judges were presented black judicial robes with their initials embroidered in gold inside the collars.

In addition to Lesinski, the justices are John H. Gillis and John D. Watts of the First District; Thomas G. Kavanagh, Louis D. McGregor and Timothy C. Quinn of the Second District, and John W. Fitzgerald, Robert B. Burns and Donald E. Holbrook of the Third.

Spent Night on Hood of Her(?) Car

LOS ANGELES (AP) — Josephine Genit, a real estate saleswoman, ran to her car when she saw two men climb into it.

One of the men yelled, "I got it, I got it."

"We'll see about that," said Mrs. Genit, as she jumped onto the hood.

That was 4:30 p.m. Monday, and on the hood Mrs. Genit remained all night — unresponsive to the men's pleas that they were repossessors legally recovering her car because she was three payments behind.

Neighbors came to her assistance with a mattress, blankets, a hot water bottle and food.

GENTLEMANLY

Mrs. Genit said: "The conduct of the repossessors was gentlemanly.

"The hood was nice and warm. They started the engine up every once in a while."

At 5:30 a.m. yesterday they started it up — and drove it away, slowly, with the blanket-swathed Mrs. Genit still aboard, clinging to the windshield wipers.

Three miles later they were at their parking lot and Mrs. Genit, who admitted she was delinquent in payments, became a pedestrian.

How Did Teen Survive Leap?

SAN FRANCISCO (AP) — Two questions remained today, two days after 16-year-old Thomas Tawzer plunged from the Golden Gate Bridge.

How did he survive? Why did he do it?

The boy apparently suffered no other injury besides a broken collarbone, doctors said, in a 236-foot fall that has claimed the lives of at least 278 persons.

Only one other person ever survived the leap.

★ ★ ★

Medical authorities agreed that a combination of factors—the angle he hit the water, the boy's youthful vigor and sturdy build—contributed to his survival.

AMAZED

"I think everyone viewed it with amazement," said a physician, Col. James Wier, commander of Letterman General Hospital in San Francisco.

"Survival in such cases, even temporarily, is very rare," the Army doctor said.

Deputy Coroner Karl Lytle, who has examined many of the bridge's suicide leapers, said Tawzer "apparently hit at just the proper angle." Witnesses said he apparently hit feet first.

★ ★ ★

As for the "why" in the incident, the boy only said:

"I have problems, but I would sooner not talk about them."

LWV to Push for Tax Reform and Home Rule

LANSING (AP)—Tax reform and county home rule will receive priority in its 1965 legislative program, the Michigan League of Women Voters said following a board of directors meeting Tuesday.

"Despite the predictions of unprecedented economic prosperity for the state, the need for over-all tax reform is still urgent," said Mrs. Thomas Snelham, league president.

Mrs. Snelham said that in 1962 and 1963 a state income tax bill failed by a narrow margin. The league long has supported a state income tax and exemption of foods and drugs from the state sales tax.

Legislative leaders have indicated, however, that there is little likelihood of a tax reform push this session due to the fat state treasury surplus.

Prepare to Take Control

Michigan Democrats Reshaping Legislature to Their Liking

By AL SANDNER
Associated Press Writer

LANSING — Like fluffing up an old pillow, Democrats rearranged things more to their liking as they prepared to control the legislature today.

The House Democratic caucus reshaped committees Tuesday, taking over the majority seats in each and clearing out inactive committees.

★ ★ ★

House and Senate members continued clearing various departments out of the Capitol, to give the legislature more working space.

They told the State Department of Public Instruction it would have to move its offices out of the capitol. Their stated target dates for the removal varied from Jan. 26 to Feb. 1.

While House Democrats caucused, House Republicans met to elect minority leaders for the first time in recent memory.

Rep. Robert Waldron of Grosse Pointe, majority floor leader last year, was named minority leader.

★ ★ ★

Rep. Arnell Engstrom of Traverse City was picked as caucus chairman. Rep. Martin Buth of Comstock Park was named assistant to Waldron and Rep. Russell Strange of Mount Pleasant will be assistant caucus chairman.

The Democratic allocation of committee seats will give Republicans about 138 seats, said House Speaker-designate Joseph Kowalski, D-Detroit. Democrats will have about twice that number, he said.

GENERAL RATIO

The general ratio, he said, will be five Democrats to three Republicans, allaying Republican fears that they would be cut to as few as two seats on some committees.

The powerful House Ways and Means Committee — which controls the state purse strings in the House—will be expanded to 16 or 17 members from its present 13. Four of the seats will be held by Republicans.

★ ★ ★

"When we had 55 seats (or half the House membership) we weren't given any more than four seats on the committee," Kowalski said. "I don't see why we should give them more now that they hold 38 seats."

The total number of committees will be trimmed to about 40, compared with 48 standing committees in the past, and membership on major committees will be increased, he said.

GOP LIST

Republicans, meanwhile, were drawing up their list of recommended GOP committee members, to be turned over to Kowalski. Engstrom, chairman of the ways and means committee for 10 years, said he listed that committee as his first choice.

Among the committees to go will be geological survey and horticulture. Those whose membership will be expanded include education, state affairs, rules and resolutions, and judiciary.

Defeated Republican Named Road Official

LANSING (AP)—The appointment of former Republican Rep. David Upton of St. Joseph as administrative assistant to the State Highway Commission has been announced by Commission Chairman Ardale Ferguson.

Upton, who was defeated in a try for the State Senate, was appointed for 90 days, Ferguson said. He will be paid at a rate of $15,000 a year.

Paper Strike Costs Volunteers $30,000

DETROIT (AP) — Detroit's lengthy newspaper strike cost Volunteers of America, a charitable organization, nearly $30,000 in lost revenue, the groups executive officer said Monday.

Maj. Chester P. Mooney said the loss resulted from a shortage of old newspapers, collection of which is a major source of income for the group.

Travel in U. S. Urged

LANSING (AP)—Gov. George Romney has proclaimed 1965 as "See The U. S. A." year in Michigan and has urged the state tourist industry to join in making the National Association of Travel Organizations' promotion a success. The promotion is designed to increase domestic travel by all Americans.

AP Photofax

SUKARNO AND AMBASSADOR — Indonesian President Sukarno gestures as he talks with L. N. Palar, Indonesian United Nations ambassador, in Jakarta yesterday. Palar returned home Saturday after Indonesia announced intentions of pulling out of the U.N.

To Meet Indonesian Threat

Malaysia Boosting Military Training

KUALA LUMPUR, Malaysia (UPI) — Deputy Prime Minister Tun Abdul Razak of Malaysia today announced the immediate establishment of two new military training centers to meet the threat of aggression from Indonesia.

★ ★ ★

Razak said after a cabinet meeting that 40,000 Malaysian volunteers will be given small arms and designated as a land defense corps to guard coastal areas and remote islands from guerrilla landings.

He told newsmen the new training centers will be located in the states of Perak and Trengganu, and that the military training center at Port Dickson will be expanded.

The development followed earlier reports that Prime Minister Tengku Abdul Rahman has ruled out the possibility of retaliatory commando raids against Indonesia for fear of starting a full-scale war in Southeast Asia.

★ ★ ★

Razak said the training centers each will handle 400 recruits at a time. He said they will be set up under a plan to establish centers in all of the Malaysian states.

SMALL ARMS

The deputy prime minister told newsmen that Britain, Australia, New Zealand and Canada will supply small arms for the land defense corps.

"It is a logical thing to send commandos to attack some of the Indonesian offensive installations used against Malaysia," the newspaper Straits Times quoted Rahman as saying.

"But if we do this there would be danger of aggravating the situation and escalating it into a real war," the report said from Alor Star, Rahman's home town. The prime minister is on a brief holiday.

★ ★ ★

"Malaysia wants to avoid war and bloodshed," Rahman was quoted as saying. "That is why we have not resorted to the hit-and-run tactics adopted by Indonesia."

GUERRILLA RAIDS

Rahman was referring to raids against Malaysian territory by Indonesian guerrillas. President Sukarno of Indonesia has vowed to "crush" Malaysia, which he considers a form of British colonialism.

Yesterday a spokesman for the Indonesian foreign ministry charged that Britain planned to attack Indonesia and turn Malaysia into "another Suez."

The spokesman, Ganis Harsono, was quoted by the Communist New China news agency in broadcasts monitored in Tokyo. He was referring to the ill-fated British attempt to prevent Egypt from taking over the Suez Canal in 1956.

Recently Sukarno announced he was pulling Indonesia out of the United Nations because Malaysia was granted a seat in the U.N. Security Council.

SPREADING RUMORS

Harsono said that since the announcement, Britain has been spreading rumors of possible increased attacks against Malaysia by Indonesia.

There have been fears that Indonesia's decision to quit the United Nations could mean the beginning of a stepped-up campaign against this British-backed federation.

Twenty-four Indonesian guerrillas landed on the southwestern tip of the Malay peninsula Friday.

Deputy Prime Minister Razak said yesterday all but 11 of them have been either killed or captured.

11 AT LARGE

He said the 11 either have gone into hiding or fled back to Indonesia.

Reports from London said Arthur Bottomley, Britain's secretary for the Commonwealth, told a meeting that Malaysian security forces have killed 300 Indonesian guerrillas, wounded 100 others and captured 450 prisoners.

Bottomley said defense casualties have been much lower.

★ ★ ★

Gen. Sir James Cassels, Britain's incoming army chief, opened talks with Malaysian and British officials in Kuala Lumpur today.

Cassels is on a 10-day study mission examining Malaysian defenses prior to taking over his new job.

Amish Row Backed by Catholics

DETROIT (UPI) — The Detroit Archdiocesan Council of Catholic men, 240,000 strong, has put its weight behind the Amish fight against the state over freedom of religious education.

A small sect of Amish in Camden have been told by the State Board of Education to hire a certified teacher to teach in the religious community's one-room schoolhouse.

The Amish have been fighting the state compulsory school law for several years. Yesterday, the Catholic men lined up on their side.

"We feel religious liberty and freedom of conscience is violated if present policy of state school authorities toward the Amish is maintained," said Fr. Edmund Battersby, head of the Catholic men's group.

★ ★ ★

State Supt. of Schools Lynn Bartlett is expected to rule this week on the religious education question.

SENDS TELEGRAM

Fr. Battersby sent Bartlett a telegram yesterday saying to "force these people to sell their farms and move their families out of the state is a serious infringement of both religious liberty and freedom of conscience."

"The Amish community is self-contained and does not exert influence on society as a whole," Fr. Battersby said.

Several Amish families moved from the Southern Michigan county of Hillsdale where they had moved from Indiana several years ago to escape the same type compulsory school law.

They abandoned their farms and moved back to Indiana, which now permits the Amish to conduct their own schools.

AMISH TEACHER

An 18-year-old Amish girl, with no more than an eighth grade education, now conducts classes for 22 Amish children.

The Amish contend their children do not need more than an eighth grade education to live in their agriculture-type community.

Convict 2 Teen Girls for Assault on Officers

DETROIT (UPI) — A jury of eight women and four men in Detroit Recorder's Court yesterday convicted two teen-age girls of assault and battery on two Detroit policemen.

The girls, Nora Smothers, 17, and Janice Countrymen, 17, were charged with kicking and biting Patrolman Stanley Rapaski, 39, and Patrolman Melvin Petoskey when they tried to arrest them on a purse-snatching complaint Oct. 24.

If a woman is given radiation even before she becomes pregnant, there is some added risk of leukemia in any children she may bear thereafter.

Proposes Plan to Aid Economy

Pat McNamara Urges Part 2 of Poverty War

WASHINGTON (AP) —Sen. Pat McNamara proposed Tuesday a broad new series of regional economic development programs, coordinated under one federal agency, "to retard recession as well as speed up economic growth."

The Michigan Democrat, addressing a conference of labor leaders, urged President Johnson to carry out his pledge to assist depressed areas by proposing creation of a national regional development council.

★ ★ ★

McNamara said the proposal could be called "The War on Poverty—Part Two — for the development of physical resources," to follow up last year's Economic Opportunity Act for the development of human resources.

In addition to Johnson's proposed economic development program for the Appalachian states, McNamara said, many other depressed areas need help.

LAKES REGION

"Little touched by the general economic improvement in the last four years, for example, is the upper Great Lakes region, including a portion of my own state of Michigan," he told the legislative conference of AFL-CIO officials.

"Similar conditions of economic depression exist in the upper New England area and the Ozarks," he said.

★ ★ ★

"In the western part of the United States there exists an area in the Rockies falling behind the nation economically," he added.

McNamara, chairman of the Senate Public Works Committee and head of a special subcommittee on poverty, said the 1962 Accelerated Public Works Act and the Area Redevelopment Administration had made a start in the right direction, but the outlook for a new acceierated public works program is poor in Congress.

STRICKEN AREAS

The senator said the administration should translate into action President Johnson's proposal in his state of the union message for "a regional recovery program to assist development of stricken areas left behind by our national progress."

★ ★ ★

McNamara said present redevelopment agencies would continue operations under the proposed national council, which would coordinate programs and distribute funds voted by Congress.

The chief exports of Spain's Canary Islands are bananas, tomatoes and potatoes. The seven islands are in the Atlantic Ocean off Spanish Sahara.

Socialite Succumbs

PALM BEACH, Fla. (AP) — Laura Hylan O'Brien, 70, international socialite and close friend of the Duke and Duchess of Windsor, died Sunday. She married Jay J. O'Brien, part owner of a radio station in 1924. He died in 1940 and in 1946 she married Count Jose Dorelis of Bulgaria. She divorced him in 1947.

Dolores Hart's Father Dies in Hollywood

HOLLYWOOD (AP) — Movie character actor Bert Hicks, father of former starlet Dolores Hart and brother-in-law of the late Mario Lanza, is dead at 45.

★ ★ ★

Friends said Tuesday that Hicks succumbed to a heart attack Friday at his home in nearby Pacoima.

GLENWOOD PLAZA CORNER NORTH PERRY AT GLENWOOD

Apricot Bread Fine for Lunch

This seems to be the baking season.

Many women say they want breads that will encourage children to show more interest in breakfast or to put in their school lunch boxes.

This apricot nut bread recipe is particularly suited to breakfast.

The rolled oats and flour, the milk and the nuts and dried fruit carry top nutrition along with an appeal to young appetites that often resist the more familiar family breakfast patterns.

Apricot Nut Bread

1½ cups sifted all-purpose flour
2 teaspoons baking powder
½ teaspoon soda
1 teaspoon salt
½ cup sugar
1 cup sugar
1 cup rolled oats (quick or old fashioned, uncooked)
1 cup chopped dried apricots
½ cup chopped nutmeats
2 eggs, beaten
⅓ cup liquid shortening
1¼ cups milk

Heat oven to 350 degrees (moderate). Sift together flour, baking powder, soda, salt and sugar into bowl.

Stir in oats, apricots and nutmeats. Add eggs, shortening and milk; stir only until dry ingredients are moistened.

Pour batter into greased 8½x4½x2½-inch loaf pan.

Bake in preheated oven (350 degrees) about 1 hour. Cool several minutes; turn out of pan.

For ease in slicing, wrap and store bread one day.

Molasses Is Delicious in This Dessert

This new dessert idea is a delightful discovery for both weight-watchers, and even for the lucky ones who "never gain an ounce"

It combines two foods rich in natural nutrition, and the combination results in a most exciting and satisfying tase!

Into a sherbet glass or dish of yogurt, stir in a tablespoon of real New Orleans molasses. It's just plain magic what it does to yogurt . . . adds just the right touch of tangy-sweet flavor (so satisfying to those who miss their sweets, but can't afford chocolate cake calories).

And on the good health side, the addition of molasses enriches high protein yogurt with that most necessary, and daily need for "available" iron in the diet.

Interestingly enough, molasses is one of the richest sources of all foods for iron. (Great for children, served in their milk.)

For a pretty effect, fill half dessert glass with plain yogurt — add molasses — then top with more yogurt. Or, pass a chilled pitcher of molasses and let folks pour to taste!

Dieters will love this new dessert that fills out a low calorie luncheon or dinner . . . and with a good conscience, use yogurt and molasses as a hunger satisfier between meals, or as a bedtime snack.

Additives Are Helpful

Some food additives add needed nutrients to everyday foods for better health. Since "iodized" salt has been used in the "goiter belt" of this country, simple goiter has almost disappeared.

Fortification of milk with Vitamin D has made rickets rare among young children. And enrichment of bread and cornmeal with vitamins and minerals has helped bring better nutrition to millions of families.

Apple Juice, Eggnog Equal an Applenog

To complete an array of party refreshments offer tall chilled mugs of Applenog. For four festive servings, sweeten one well beaten egg with confectioners sugar or honey and stir in some vanilla extract.

Add 2 cups of chilled canned or bottled apple juice and a cup of light cream; mix until smooth. Pour Applenog into mugs and top with a light sprinkling of nutmeg.

Cranberry Relish Is Canned Now

Good things come in small packages — now in 14-ounce jars. Yes, Cranberry Orange Relish has now been packed in jars for use throughout the year. Serve it with chicken, turkey, ham, pork or lamb. No muss . . . no fuss.

Use the Cranberry Orange Relish as a dessert ingredient, too. Here are some new cranberry orange dessert recipes for your first-of-the-year menus. They're make-ahead specials for family or company menus.

Ice Box Cake

1 cup finely crushed graham cracker crumbs (about 14 crackers)
¾ cup finely chopped walnuts
¼ cup melted butter
1 14 oz. jar cranberry orange relish

Mix crumbs, nuts, and melted butter. Lightly grease a 9x4x2" pyrex baking dish.

Press ⅓ of the crumb mixture on bottom of dish. Spread ½ of the cranberry orange relish over the crumbs.

Repeat with layer of crumbs, cranberry orange relish and finally the crumb topping. Place in refrigerator for 4 hours or over night.

Serve in slices with vanilla ice cream. Makes 4 to 6 servings.

Snappy Cranberry Orange Creme

½ pound ginger snaps (about 30)
½ pint heavy cream, whipped
¼ cup sugar
1 14 oz. jar cranberry orange relish
¼ cup chopped nuts

Line 6 sherbet glasses with ginger snaps. Fold whipped cream, sugar and the cranberry orange relish together. Spoon into cookie-lined sherbet glasses. Sprinkle tops with chopped nuts.

Let stand in refrigerator for 4 hours or overnight. Makes 6 servings.

Cranberry Fruit Mallow

1 cup miniature marshmallows
1 cup drained crushed pineapple
3 oz. package cream cheese
½ pint whipping cream
1 14-oz. jar cranberry orange relish

Combine marshmallows and crushed pineapple. Break cream cheese into small pieces and add to whipping cream. Chill both mixtures for several hours. Beat cream cheese mixture as whipped cream.

Fold in pineapple-marshmallow mixture and cranberry orange relish. Refrigerate in sherbet glasses.

Cranberry Meringue Cake

½ cup margarine or butter
½ cup sugar
4 egg yolks, well beaten
⅔ cup sifted cake flour
1 teaspoon salt
1 teaspoon baking powder
¼ cup milk

★ ★ ★

4 egg whites
¾ cup sugar
1 teaspoon vanilla
¾ cup chopped walnuts

Grease 2 8" layer cake pans and line with waxed paper. Cream margarine or butter with ½ cup sugar. Add well beaten egg yolks, then sifted dry ingredients alternately with milk.

Bake in prepared pans for 15 minutes in 325 degree oven. While cakes are baking, beat egg whites till soft peaks form, add sugar slowly, beating constantly. Add vanilla.

Remove layers from oven, spread with meringue, then sprinkle with chopped nuts. Return cakes to oven and bake 15 more minutes. Cool on rack.

When cool, turn out one layer on cake plate, meringue side down, spread with Cranberry Cream Filling. Top with second layer, meringue side up.

Cranberry Cream Filling

1 cup heavy cream, whipped
1 cup cranberry orange relish
½ teaspoon vanilla

Fold cranberry relish and vanilla into whipped cream.

Sauce, Cheese Top Fish Sticks

Take a package of frozen breaded fish sticks, spread them with a savory mixture of chili sauce and oregano, then top with slices of Mozzarella cheese and you have the National Fisheries Institute's version of Fish Sticks with an Italian Accent.

A welcome change of pace at this time of year, this versatile dish is equally at home on the luncheon or dinner table — or as an hors d'oeuvre. Surely nothing could be simpler for the cook!

Fish Sticks With an Italian Accent

2 packages frozen fish sticks
1 cup chili sauce
½ to 1 teaspoon oregano
¼ teaspoon chili powder
About ½ pound Mozzarella cheese, sliced

Combine chili sauce with oregano and chili powder; let stand 5 minutes to blend flavors.

Arrange fish sticks in bottom of greased broiler pan; broil in preheated broiler 4 minutes. Turn; broil 2 minutes longer.

Spread fish sticks with chili sauce mixture; top with cheese. Broil until cheese is melted and lightly browned. Serve immediately. Makes 6 servings.

NOW IN JARS — Cranberry Orange Relish now comes in glass jars, all ready to serve with the meat or poultry course, or in some of these easy-to-make dishes.

Chicken-liver paste makes a fine filling for mushrooms when the latter to be served an an hors d'oeuvre.

Thick white sauce, thin onion soup and canned clams make an unusually good chowder; to gild the lily, add mushrooms.

Cabbage and Pot Roast Is Different

"Oriental Pot Roast with Cabbage" crosses a favorite German vegetable with a condiment of the Orient. The flavors of cabbage and soy sauce combine to make this an international fare.

Western-grown cabbage is in plentiful supply during the winter months. The supply of beef these past few months has pushed the price downward on some of the less expensive cuts.

★ ★ ★

You will get a good buy for the price when you choose a solid head of cabbage at the produce counter as there is little to waste.

Most young children enjoy nibbling on the cabbage core, that is usually cut off when prepared for cooking.

The meat cut used for this particular fare can be chuck or arm roast that is less expensive than other roast cuts. A close check on the amount of bone and waste will help you decide whether it is wiser to pay the extra pennies per pound for the boneless roast.

Should your particular store have a special on beef chuck roasts, you will find this cut of meat versatile. It requires a bit of meat cutting at home, but will be well worth the effort for those who like variety with a limited budget.

BUY BIG ROAST

When a seven pound blade chuck roast is purchased, four different meals can be had: a pound of breakfast steaks, three pounds of pot roast, 1¾ pounds of stew meat and 1¼ pounds of bone and trimmings to make a rich delicious vegetable soup.

Oriental Pot Roast

3-4 pounds beef arm or chuck roast
salt and pepper
1 slice bacon
1 tablespoon soy sauce
½ cup water
1 medium onion, quartered
1 large head cabbage, cut in 1-inch slices

In heavy skillet or Dutch oven fry bacon. Salt and pepper pot roast. Remove bacon slices and add roast to bacon fat; brown on both sides. Add soy sauce and water; cover. Simmer slowly until meat is tender, about 3 hours.

Remove meat. Add cabbage to liquid. Cook cabbage till just tender, about 10 minutes.

Slice pot roast and surround the meat with cabbage. Makes 6-8 servings and a little bit of meat left over for sandwiches.

Note: To shorten meat cooking time use a meat tenderizer or a pressure saucepan.

Demonstrates a Master Mix

Using master mixes that are prepared at home will be the subject of a demonstration Friday at the Lakeside Community Center.

Mrs. Carol Kurth, extension home economist, will show members of the Lakeside area how these mixes save time and money.

Cookies, quick breads, cakes, pies and muffins can be made from this master mix.

A coffee hour at 9 a.m. will open the meeting which is open to all interested women.

Sandwich Rolls

To make sandwich rolls you'll probably find it practical to use a loaf of special sandwich bread sliced very thin. Be sure to remove the crusts from the bread.

These Tuna Canapes to Be Served Hot or Cold Will Appeal to Any Age Group

By CECILY BROWNSTONE
Associated Press Food Editor

Recipe cooks tell us they want: an ever-ready snack mixture to serve to guests, one that the whole family will enjoy.

Here's one answer — tuna canapes.

Improves Consomme

Add a curl of lemon peel and a suspicion of tarragon when you heat consomme. Strain, serve and enjoy the interesting flavor.

The makings for this good mixture are those likely to be in the house. The topping can be put together on the spur of the moment.

Grownups will enjoy these with a before-dinner drink, youngsters will welcome them with tomato juice.

This canape may be served hot or cold, but for party festivity we suggest the former. Just a few minutes in the oven heats the snacks deliciously.

But one word of caution: whether you offer the snacks hot or cold, add the tuna mixture just before serving so the crackers will stay crisp.

And don't be recipe-bound! You can vary this canape.

For example, top the tuna mixture with a small square of cheddar cheese before heating; sometimes use the tuna mixture for sandwiches.

You'll notice that we suggest pimiento cutouts for garnishing. These we make with a set of tiny canape cutters.

But if these cutters aren't on hand, just use a sharp knife to cut the pimiento into miniature diamonds or squares.

Pound Cake OK

As a base for petits fours — those delectable little French cakes — use pound cake baked in a shallow pan; cut the cake into circles, squares, rectangles or diamonds and frost on three sides. Garnish prettily!

Ever-Ready Tuna Canapes

2 cans (6½ or 7 ounces each) tuna in vegetable oil
½ cup mayonnaise
¼ cup grated cheddar or Parmesan cheese
½ teaspoon salt
½ teaspoon dry mustard
¼ teaspoon Worcestershire sauce

Ginger in Hard Sauce

Next time you serve apple dumplings with hard sauce, try adding a little chopped candied ginger to the sauce. A captivating touch!

Crackers
Garnish: pimiento cutouts or sliced stuffed green olives

Into a mixing bowl, turn the undrained tuna, mayonnaise, cheese, salt, mustard and Worcestershire; mix thoroughly with a fork. Makes about 2½ cups.

If not used at once, cover and refrigerate.

Just before serving, mound tuna mixture on crackers. (We used ½ tablespoon of the mixture for each round buttery cracker — 1¾ inches across.)

Place on cookie sheets or foil in a very hot (450 degrees) oven for 3 to 5 minutes or on low rack in broiler for only 2 or 3 minutes. Center each canape with a garnish; serve at once.

Fancy Pineapple

Queen bee pineapple chunks provide a stylish accent for dessert. Marinate drained canned pineapple chunks in mixture of half honey and half brandy for several hours. Serve in champagne glasses topped with toasted slivered almonds.

Note: Have the garnish ready before you mound the tuna mixture on the crackers and heat. We found that crackers stayed crisper than melba toast for these canapes.

Different and delightful flavor; ground coriander seed added to a sugar-cookie dough.

Americans Eating More Meat and Fruit

Do you know how much you and your family eat in a year? The U.S. Department of Agriculture does — or at least it knows the average consumption per person.

★ ★ ★

In general, Americans are eating more food this year than last. Calorie-wise we have been consuming about the same amount each year since 1961. But the types of food have changed and the total poundage is increasing.

For example, Americans are eating more meat — both red meat and poultry. Consumption of red meat is expected to total about 172 pounds per capita this year — with beef accounting for almost 100 pounds of it.

★ ★ ★

Fortunately, beef is one of our most plentiful foods, listed as such for the 13th consecutive month by USDA's Agricultural Marketing Service.

★ ★ ★

Fresh fruit consumption this year is expected to increase sharply — more than 90 pounds per person as opposed to less than 80 last year. Bumper crops of apples and cranberries, also on the current plentifuls list, will contribute to this.

★ ★ ★

However, we will be eating less processed fruit. And Americans are taking in less of milk products and eggs year by year.

SAME VEGETABLES

Little change is expected in fresh vegetable use, but more frozen items probably will be consumed. Current consumption of fresh items, is 126 pounds per person.

USDA also expects Americans to be using more vegetable oil products, but less butter and lard.

Cereal products, sugar, coffee, cocoa and tea consumption probably will be about the same.

Nuts With Sauce

Serving turkey or chicken loaf? Pass a mushroom sauce and a bowl of slivered toasted almonds. The nuts add excellent texture contrast.

Lemon Dressing Is Appetizing Touch

A winter fruit salad is good to have.

Cherry Avocado Salad

- 1 medium avocado, sliced
- 1 medium grapefruit, sections removed so they are membrane-free
- 6 lettuce cups
- 1 can (1 pound) pitted dark sweet cherries
- ¾ cup salad oil
- ⅓ cup lemon juice
- 3 tablespoons each sugar and honey
- ½ teaspoon each salt, dry mustard and paprika
- ¼ teaspoon celery salt
- ⅛ teaspoon pepper

Arrange avocado slices and grapefruit sections in lettuce cups with cherries in the center. Beat or shake together the remaining ingredients; serve as a dressing. Makes 4 servings.

Put Mint in Salad

A salad to accompany roast lamb: fresh pear halves on salad greens. The trick here is to fill the core cavities of the pears with mint jelly and to add cream cheese balls rolled in chopped nuts to the salad plate.

Soup Mix in Filling

Put onion dry soup mix to work on the hors d'oeuvres tray.

Party Pinwheels

- 1 package (8 ounces) cream cheese, softened
- ½ cup sour cream
- ½ can (¼ cup) onion dry soup mix.
- 2 tablespoons chopped walnuts
- ¼ pound thinly sliced boiled ham

Combine cream cheese, sour cream; add soup mix, nuts. Spread on ham slices. Roll up pinwheel style. Chill. Cut into 1-inch pieces.

★Stir contents before measuring.

Good Item for Party

Mix 1 cup dark seedless raisins, 1½ cups ground cooked ham, ⅓ cup chopped chutney and 3 tablespoons mayonnaise. Drop spoonfuls onto 2-inch rounds of rolled out pastry made from 2 sticks pastry mix. Fold over and seal edges.

Brush with butter and bake in very hot oven (450 degrees F.) 10 to 15 minutes. Makes 5 dozen. They're good with soups and salads, too.

Israeli Date Nut Pie Is S-o-o-o Rich

Have you noticed how the new cookbooks reflect our growing interest in travel and other countries? There are books devoted to the cookery of almost any region you can name.

Everything from canapes to coffee is being introduced in dozens of exotic ways.

★ ★ ★

One of the most international of all new books is "The Cookbook of the United Nations," compiled and edited by Barbara Kraus and published by the United Nations Association of the United States of America, Inc.

You'll find recipes in it from all the U. N. member nations. Every recipe has come from a dignitary of one of the countries and each specialty has been carefully checked for authenticity.

In the book is a magnificent Israeli Chocolate Date Nut Pie which requires no crust at all.

The milk chocolate filling is bursting with dates and nuts, and is covered with a mocha whipped cream layer which, in turn, is topped by plain whipped cream.

In its Mediterranean homeland, the chilled pie is aften served with dark, rich Turkish coffee. But it's a perfect complement to big, steaming cups of American coffee, too, so brew a generous potful of your own favorite kind when you serve this unusual dessert.

Israeli Chocolate Date Nut Pie

1 pkg. (8 oz.) pitted dates
4 ozs. milk chocolate
2 tablespoons butter or margarine
1 baker's angel food cake (10 ozs.) broken into small pieces
½ cup chopped nuts
1 pint (2 cups) whipping cream, divided
1 tablespoon sugar
1 tablespoon breakfast cocoa (not instant)
1 tablespoon instant coffee powder
Unsweetened chocolate for topping

Soak dates in boiling water to cover for 5 minutes; remove from water and mash. Melt milk chocolate and butter or margarine over hot water; stir into dates.

Combine cake pieces, nuts and chocolate mixture; pack into buttered 9-inch pie pan and chill overnight.

Combine 1 cup of the cream, sugar, cocoa and coffee powder; bring to a boil. Cool, then chill overnight. When ready to serve, whip cream mixture until stiff, spread over top of pie.

Whip remaining 1 cup cream, spread over boiled cream mixture. Grate unsweetened chocolate over top. Makes 6 to 8 servings.

ISRAELI PIE — When is a pie not a real pie? When it has no crust, perhaps. But the rich chocolate flavor of this Mediterranean style dessert makes it welcome anywhere. You may not be able to serve coffee in such beautiful cups as pictured, but do serve it.

Cherry Sauce Served Hot

Use canned pitted dark sweet cherries to make a hot sauce for pound cake and ice cream.

Combine ½ cup of sugar, 4 teaspoons of cornstarch, ½ teaspoon of salt and ¼ teaspoon of cloves. Gradually mix in the syrup from 2 cans (1 pound each) pitted dark sweet cherries.

Cook over low heat, stirring constantly until mixture thickens and boils for 1 minute. Remove from heat, blend in 2 tablespoons of lemon juice and 1 teaspoon of brandy flavoring.

Stir in cherries and heat. Serve over ice cream and pound cake. Makes 8 servings.

A billion feet of lumber would build 110,000 average homes.

Raisin Baked Beans

Grind or chop ½ cup dark seedless raisins with 1 onion and 1 apple. Mix with ½ cup chopped ham, 1 (1-pound 15-ounce) can baked beans, 1½ teaspoons dry mustard, ¼ cup pickle relish and ½ cup chili sauce.

★ ★ ★

Bake covered in 1½-quart casserole in slow oven (300 degrees F.) about 2 hours. Makes 1 quart.

Turnips Get Sugar Glaze, Hint of Herb

Call them navet, herbstrave, rapa di foraggio or nabo in French, German, Italian or Spanish, but they all mean turnip. This pot vegetable has been cultivated since ancient times in the northern European countries.

Choose young tender turnips for flavor and digestion; large ones may bring on indigestion. Although few large ones are marketed, California has on record a turnip weighing 100 pounds.

One of the characteristics of turnips is the ability to absorb fat. This explains why turnips are suggested when serving fatty meats like duck or mutton.

The root of the turnip has a moderate supply of Vitamin C. A three-fourths cup serving has 21 milligrams and only 18 calories.

The skin of the young turnip only needs scrubbing then popped into a small amount of boiling salted water. Cutting the turnip in quarters will shorten the cooking time. Allow 15-20 minutes to cook quarters until tender.

Glazed turnips go well with pot roast, short ribs and pork roast.

Glazed Turnips

5 medium turnips, quartered
5 fennel seeds, crushed
3 tablespoons butter or margarine
2 tablespoons powdered sugar

Scrub turnips and remove top; quarter. Add to 1 inch boiling salted water with fennel seeds. Cook until tender, about 20 minutes; drain. Melt butter and sugar together; stir in quartered turnips and glaze for 5 minutes.

Garnish with parsley and paprika. Makes 4 servings.

A little whole cranberry sauce in the refrigerator? Stuff it down the core cavities of apples before baking!

Canned Figs in Good Supply

Figs rate high as a winter dessert, and in fact are considered a good buy. An unusually large supply currently will make canned figs a likely item to be featured in food stores at attractive prices.

★ ★ ★

The current supply, according to the U.S. Department of Agriculture's Marketing Service, is more than 80 per cent larger than the quantity of canned figs marketed last year.

Serve chilled figs in their syrup, topped with a spoonful of dairy sour cream and a sprinkling of cinnamon, grated lemon rind or nutmeg. If preferred, top figs with whipped cream instead.

Figs impart a unique and appealing flavor to salads, too. For an easy-to-make salad treat, split drained canned figs and arrange on a bed of crisp lettuce.

Top with cottage cheese and a scattering of mixed nuts. Serve with French dressing.

Now is a good time to introduce your family to this taste sensation if they have never tried figs before. Or recall this fruit to their taste buds while canned figs are in such abundance.

Available in both cans and glass jars, figs will keep well for a long period of time.

Cinnamon Pineapple Nestles in Center of Giant Pancake

Now's the season for serving pancakes of all shapes and forms. This Dutch version enticingly filled with cinnamon glazed pineapple is one of the most inspired beauties of them all.

Simmer canned pineapple chunks in equal parts of butter and sugar plus a hint of cinnamon to give them the handsome glaze.

The pancake itself is made just like a giant popover with a simple thin batter. Choose a large colorful skillet as its dual baking and serving piece.

When it comes from the oven, the pancake is moist and custardy in the center while the high rise rim above the edges is crisp and crusty. The spicy coated pineapple chunks are perfectly presented inside this glamorous shell.

Officially Pancake Day is Shrove Tuesday, the day before Lent begins, but unofficially it's every day of the year.

You'll find some of the best tasting pancakes served anywhere are topped with sauces and glazes which start with versatile canned pineapple

Dutch Pancake With Pineapple Glaze

3 eggs
½ teaspoon salt
½ cup sifted flour
½ cup milk
2 tablespoons melted butter or margarine
Cinnamon Glazed Pineapple

Beat eggs, salt, flour, milk and butter with rotary beater until smooth. Pour into well-greased 9-inch skillet. Bake in hot oven (425 degrees F.) 25 minutes.

Reduce temperature to 350 degrees F. and bake 10 minutes longer. Spoon Cinnamon Glazed Pineapple into baked pancake. Serve at once. Makes 4 servings.

Cinnamon Glazed Pineapple

Drain 1 (13½-ounce) can pineapple chunks thoroughly. Heat together 2 tablespoons butter, 2 tablespoons sugar and ¼ teaspoon cinnamon. Add drained pineapple and simmer 10 to 15 minutes, until nicely glazed. Serve hot.

Note: Batter may be poured into 4 (6-inch) oven-proof casseroles or skillets. Bake in very hot oven (450 degrees F.) 20 minutes; reduce heat to 350 degrees F. and bake 10 minutes longer.

Grind Whole Orange, Add to Cranberries

Give a can of whole cranberry sauce a fresh flavor by adding a ground whole orange to it. Wash the orange, quarter and remove any seeds before putting through the food chopper.

★ ★ ★

After you mix together the cranberry sauce and orange allow the flavors to blend for several hours before serving.

PINEAPPLE PANCAKE — It's called a pancake, but really it's just a giant popover. You serve it from the same skillet in which it is baked. It's a conversation piece.

Corned Beef Is Put Into Lasagne Sauce

Imagine lasagne with superb flavor that's done in far less time than usual! It's possible when canned corned beef is used in the meat sauce, for it eliminates the long, slow cooking and careful seasoning of sauce made in traditional fashion.

Corned Beef Lasagne

1 package (8 oz.) lasagne noodles
2 cans (12 oz. each) corned beef, unchilled
2 tablespoons butter or margarine
1 can (1 lb.) tomatoes
1 can (8 oz.) tomato sauce
¼ teaspoon oregano
¼ teaspoon basil
1 cup cottage cheese
1 package (8 oz.) cream cheese, softened
½ cup sour cream
1-3 cup chopped green onions
6 oz. sliced Mozzarella cheese

Cook noodles according to package directions; drain. Flake corned beef; heat in butter. Add tomatoes, tomato sauce, oregano and basil.

Combine cottage cheese, cream cheese and sour cream. Fold in onions. Layer half the noodles in a greased 2½ quart casserole.

Top with half the corned beef mixture, then with half the cheese mixture.

Repeat layers, then top with Mozzarella cheese. Bake at 350 degrees for 30 minutes. Makes 8 to 10 servings.

Hot Drinks Beat Winter's Chill

By JANET ODELL
Pontiac Press Food Editor

The cold wind hath been blowing; but we haven't had much snowing. However, hot beverages to sip as you sit before the fire or chat with guests are welcome right now.

Most of our coffee comes from Brazil. Chocolate is also a product of that South American country.

Put them together and you have Brazilian Coffee.

BRAZILIAN COFFEE

½ cup sugar
2 squares unsweetened chocolate, cut in pieces
Dash of salt
2 cups double strength hot coffee
2 cups heavy cream

Put sugar, chocolate, salt and hot coffee into your blender. Process at low speed for a few seconds, then turn control to high speed.

Continue to blend until mixture is mooth.

Add cream gradually, blending only until two mixtures combine.

Pour into saucepan and heat until piping hot.

Pour into mugs or cups and top with a dollop of whipped cream. Makes 6 servings.

Glogg is a Swedish drink used to kill the chill for the winter-sports minded. Try serving it in mugs after a session on the ski slopes.

"GLOGG"

1 quart cognac
1 pint sherry
½ cup sugar
1 dozen cloves
2- or 3-inch stick of cinnamon
½ cup raisins
½ cup blanched but unsalted almonds

Put all the ingredients except the sherry in a silver bowl, warm, ignite and stir until sugar is dissolved and flame dies down. Stir in the sherry and serve while still hot.

Port, Madeira, Burgundy or claret may be substituted for the sherry.

★ ★ ★

Any leftover Glogg may be bottled, corked tightly, and kept in a cool place. Reheat to temperature just below boiling point before serving.

A hot spicy fruit drink that appeals to young and old is spiced cider.

Serve this to dinner guests in demitasse cups as soon as they arrive. We've found it very popular.

HOT SPICED WEST COAST CIDER

4 cups boiling water
2 tea bags
1 quart apple juice
1 cup brown sugar
1 stick cinnamon, crushed
⅛ teaspoon ground nutmeg or mace
⅛ teaspoon ground allspice
2 cups fresh orange juice
1 cup fresh lemon juice
Green and red maraschino cherries
1 orange, unpeeled, sliced into cartwheels
1 lemon, unpeeled, sliced into cartwheels

Pour boiling water over tea bags; steep for 5 minutes. Remove tea bags. Combine apple juice, brown sugar, crushed cinnamon, nutmeg and allspice in saucepan.

Bring to boil; reduce heat and simmer 4 to 5 minutes. Add orange and lemon juice and hot tea; heat, but do not boil.

With wooden picks, fasten green cherries to orange cartwheels; fasten red cherries to lemon cartwheels. Pour hot punch into large heat-proof bowl or into individual mugs.

Garnish with cherry-orange and lemon cartwheels.

Eat With Cheese

Cranberry sauce in the house? You'll find it makes a delightful accompaniment to cheese sandwiches—grilled or French-toasted.

Use Red Cabbage

Cole slaw is delicious made with both red and green cabbage, but use more of the former than the latter. A little shredded red cabbage added to a tossed green salad is an excellent idea, too.

Q. What is the name of this cut of meat?

A. Beef short ribs.

★ ★ ★

Q. How are they prepared?

A. By braising. This means browning them on all sides in their own fat. Cover and cook slowly 1 hour. Pour off the drippings. Season with salt and pepper and other seasonings, if desired. Add a small amount of water or other liquid. Cover tightly and continue cooking until tender, approximately 1 hour.

★ ★ ★

Q. What other foods can be cooked with short ribs?

A. Many foods harmonize with this beef cut. Vegetables like carrots, green beans, potatoes and onion are very popular. Dried fruits may be cooked with them, and so may dumplings. A barbecue or spicy tomato sauce adds zippy flavor to beef short ribs.

Skippers Stave Off Kettering Rally to Post 70-67 Victory

OL St. Mary Wins, 63-61

Orchard Lake St. Mary recovered just in time last night to protect its first place rating in the Northwest Parochial League.

Meanwhile, Rochester stood idly by while Warren Cousino joined the Falcons and Troy atop the Oakland A standings, and the Southern Thumb dropped one of its coleaders in other action Tuesday.

OLSM pushed its league mark to 6-0 and handed runner-up Farmington Our Lady of Sorrows its second loss with a 63-61 conquest.

Leading most of the game, Orchard Lake St. Mary saw FOLS take the lead early in the fourth quarter and again with a minute to play when Brian Benner hit two free throws for a 61-60 edge.

★ ★ ★

Mark Benner, however, missed on a one-and-one to keep the Eaglets' hopes alive. Don Dzagulones then put in a layup with 15 seconds to go to regain the lead, 62-61, and Connie Krogulecki's free throw eight seconds later ended the scoring.

John Stepien hit 1 of 16 field goal tries and pulled down 16 rebounds before fouling out to tie teammate John Stolnicki (15 rebounds) with 23 points for the winners.

Brian Benner had 11 points in the final period and 27 in the game to lead all scorers. Stolnicki scored 12 of his 23 in that period to outduel the FOLS ace then. OLSM had a 52-32 rebound edge.

Warren Cousino dumped Clawson in the O-A game, 90-78, to tie for first as Jim Fitzsimmons hit 19 markers. Dave Kedrow had 23 for the losers. Cousino is now 4-1 in the circuit.

Troy dropped a close overtime tilt to Hazel Park, 69-66, in a non-league encounter. Another outside tilt saw Ferndale pin a 68-62 loss on Port Huron.

THUMB GAMES

In the Thumb games, Dryden romped past Memphis, 82-54, Almont trimmed Anchor Bay 83-67, Armada ripped Brown City, 76-51, and New Haven struggled past Capac, 38-25.

This leaves Almont, Dryden and New Haven knotted at 4-1 for the lead and Anchor Bay dropped into the runner-up spot with 3-2.

Four players hit twin figures for Dryden's Cardinals, led by Ken Kitchenmaster's 21 and Tom Sterner's 17.

Other games saw South Lake whip Utica, 68-55, Oak Park nip Lutheran East, 65-64, in overtime and Ortonville drop an 83-69 decision to Bryan.

Flint Northwestern walloped Bay City Handy, 84-52.

NCAA Close to Agreement With Pro 11s

Group Wants Signing of Players Held Up Until Bowl Tilts End

CHICAGO (AP) — The National Collegiate Athletic Association, with some support from the major professional football leagues, has taken a major stride toward preventing the premature signing of college players by the pros.

★ ★ ★

The NCAA, in its annual convention, took a surprisingly strong stand on its relations with the pros Tuesday and the pros immediately came up with some qualified support.

National Football League Commissioner Pete Rozelle issued an order to his 14 member teams prohibiting the signing of college players until they have completed their eligibility, including post season bowl games.

And American Football League Commissioner Joe Foss praised the report by the NCAA's Pro Relations Committee and said he was generally in accord with the proposals.

BEFORE OWNERS

He said he would take up the matter with the AFL club owners in their meeting in Houston this weekend.

"We'll sit down and go over it word by word and line by line and we'll thrash it out," Foss said.

"There's no sweat now, no need for me to make an immediate statement," he said. "The damage that has been done this season is done. We've got until the close of the 1965 season to get this thing in operation.

★ ★ ★

"I feel confident we can work out something acceptable to the NCAA and all involved."

The NCAA report, made by Louisiana State Athletic Director Jim Corbett, stressed several matters — including the widespread practice of assistant coaches who are on professional payrolls as scouts — in addition to the problem of premature signings.

It was only on the latter point, however, that Rozelle's order touched. His edict read:

"No player will be signed to a contract or any form of document of intent, directly or through an agent, until after completion of all his team's football games, including bowl contests.

LEAGUE MEETING

"This will be further implemented by appropriate language providing for disciplinary measures to be placed in the league constitution at the next annual meeting to be held next month."

★ ★ ★

On another matter, Corbett candidly admitted "we may have a couple of hundred assistant coaches throughout the country" who receive payments from the pros for filling in scouting reports.

Giants Trade Place Kicker to Green Bay

GREEN BAY, Wis. (AP) — The Green Bay Packers have acquired kicking specialist Don Chandler, and in so doing raised the question of whether they were putting pressure on National Football League glamor boy Paul Hornung or getting him some help.

There was no answer from Packer Coach Vince Lombardi, who could not be reached for comment. But from his past statements it would appear that Green Bay will have the services next season of both Chandler and Hornung, who had costly kicking troubles in the past campaign.

★ ★ ★

It was missed extra points or field goals by Hornung that made the difference in three of five defeats suffered by the Packers, who finished in a second-place tie in the Western Division.

A brief announcement by the Packers Tuesday said only that Chandler had been obtained from the New York Giants for a future draft choice.

He said Tuesday he had no retirement plans and would not ask the Packers to make a weekend arrangement.

AP Photofax

FINAL INSTRUCTIONS — Capt. Kidd, a parrot at the Hialeah Park aviary, perches near the ear of Bombastic at the park where the six-year-old thoroughbred is being prepared for Saturday's first race of the season. The parrot couldn't get an inside tip on a winner. In fact, he was just placed there for show.

Buzzards Win, Hawks Trimmed in Cage Action

The Auburn Heights Boys Club's Buzzards and Hawks basketball teams met with differing degrees of success last night as the city recreation department's Class D program began play.

The Buzzards took a 63-56 victory over the K-Town 5 with a fourth-period rally; but the Boys Club Hawks couldn't overcome the strong second and third periods of the Tams and lost, 56-46.

★ ★ ★

The AH Buzzards outscored the K-Towners, 15-6, in the final period to pull away.

The Hawks, meanwhile, held slim upper hands in the first and last sessions but fell down in between.

The city men's league continued its practice game slate.

NEW HOME — George Selkirk, (left), general manager of the Washington Senators and manager Gil Hodges, (right), show off D.C. Stadium to new sluggers Bob Chance (second from left), and big Frank Howard. Chance, a first baseman, was obtained from Cleveland and Howard, an outfielder, played with the Los Angeles Dodgers last season. Story on page D-2.

U.S. Olympic Tanker Garners Sports Award

By the Associated Press

Don Schollander, a good looking young athlete who dominated the 1964 Olympic swimming competition as no one ever had done before, was chosen today Male Athlete of the Year by more than 250 sports writers and broadcasters participating in the annual Associated Press year-end poll.

★ ★ ★

At Tokyo, Schollander won four Olympic swimming gold medals — something that never had been done previously. He participated in three world record performances. And he bore up well under the same kind of adulation from Japanese feminine fans that the Beatles enjoyed in the United States.

The voting in the AP poll was even more one-sided than some of Schollander's swimming victories. The youngster from Lake Oswego, Ore., was named first on 138 ballots and polled a total of 459 points on a 3-2-1 basis for first, second and third choices.

SECOND PLACE

Johnny Unitas, the veteran Baltimore Colts quarterback who was instrumental to leading his team to the Western Conference championship in the National Football League, placed second in the voting with 14 firsts and 134 points. Dean Chance of the Los Angeles Angels, winner of the Cy Young Trophy as outstanding major league pitcher of the year, was third with seven firsts and 100 points.

★ ★ ★

Fourth went to another U.S. Olympian, Billy Mills, winner of the 10,000 meters at Tokyo. He drew 17 first place votes but only 97 points. Other leaders in the balloting were U.S. Open golf champion Ken Venturi, Peter Snell, New Zealand Olympic runner; John Huarte, Notre Dame quarterback; Jerry Rhome, Tulsa quarterback; Jimmy Brown, Cleveland Browns fullback, and Bob Hayes, Olympic sprinter and Florida A&M football star.

The voting with first-place votes in parenthesis and points on a 3-2-1 basis:

1. Don Schollander, swimming (138) 459
2. Johnny Unitas, football (14) 134
3. Dean Chance, baseball (7) 100
4. Billy Mills, track (17) 97
5. Ken Venturi, golf (12) 73
6. Peter Snell, track (4) 65
7. John Huarte, football (10) 61
8. Jerry Rhome, football (5) 56
9. Jimmy Brown, football (11) 53
10. Bob Hayes, track-football (6) 46

Others receiving votes: Ken Boyer, baseball, 45; Brooks Robinson, baseball, 39; Bob Gibson, baseball, 36; Jack Nicklaus, golf, 31; Cassius Clay, boxing, 30; Jim Bunning, baseball, 21; Bill Russell, basketball, 20; Gino Cappelletti, football, 16; Lenny Moore, football, 14; Roy Emerson, tennis, 13; Arnold Palmer, golf, 12; A. J. Foyt, auto racing, 8.

Wilt Chamberlain and Bob Pettit, basketball, each; Abebe Bikila, marathon, and Johnny Morris, football, 6 each; Oscar Robertson, and Jerry West, basketball, and Gordie Howe and Bobby Hull, hockey, 5 each; Randy Matson and Steve Sloan, football, Bill Campbell, golf, and Hayes Jones, track, 3 each; Terry McDermott, skating, Valery Brumel, track, and Tony Oliva, baseball, 2 each; Gerry Lindgren, track; Cosmo Iacavazzi, football, and Mickey Mantle and Johnny Callison, baseball, 1 each.

AP Photofax

YEAR'S TOP ATHLETE — Don Schollander, who won four Olympic swimming gold medals for the U.S. team in Tokyo last fall, was named Male Athlete of the Year yesterday by the Associated Press. The 18-year-old swimmer is holding a certificate naming him World's Best Sportsman in Baden-Baden, West Germany, last Saturday, an honor voted him by the International Sports Writers. Schollander is now a freshman at Yale University.

Prestige Playoff Plagued

Delays Hit AFL All-Stars' Workouts

HOUSTON (AP) — Time-consuming delays caused by misplaced equipment, auto wrecks and tardy players resulted in a ragged start of preparations for Saturday's American Football League All-Star game.

Monday was lost as a practice day as the game was shifted from New Orleans to Houston after Negro players from both East and West squads complained of racial discrimination at French Quarter night spots.

★ ★ ★

The coaches, faced with scant workout time, began whipping their squads into shape today, with drills at 11 a.m., EST, and 4 p.m.

Things were hectic Tuesday as West Coach Sid Gillman and East Coach Lou Saban assembled their squads for the first time.

BACK HOME

Two of Saban's players — flankers Elbert Dubenion and Ernie Warlick — missed the morning workout because they had returned to their Buffalo homes after the AFL game was canceled for New Orleans.

Dubenion and Warlick arrived too late for the start of the afternoon workout, but were on hand for the morning drill today at the Houston Oiler practice field.

★ ★ ★

Gillman was having his troubles, too.

The late arrival of equipment from New Orleans delayed the start of the West's practice.

Then linemen Ernie Ladd and Buck Buchanan were late because of a minor traffic accident in Houston, in which neither was hurt.

Gillman, like Saban, hoped for a smoother operation at today's workouts.

The lone West player failing to report for Tuesday's workouts was Billy Cannon, a student at the University of Tennessee dental school.

★ ★ ★

He was having trouble obtaining a classroom release. "We'll learn Wednesday whether Billy can make it," Gillman said.

Ziem Sparks Waterford 5 to 3rd Win

'We Ran Out of Time,' Claims Coach Duby of Captain Quintet

BY FLETCHER SPEARS

Waterford fought off a late challenge by township rival Kettering last night and came away with a 70-67 victory.

★ ★ ★

"We just ran out of time," moaned Kettering coach Joe Duby, who watched the Captains outscore the winners, 27-18, in the fourth quarter only to fall three points short.

The truimph left the visiting Waterford quintet with a season mark of 3-3, and the win was the Skippers' third in seven meetings with the Captains (3-3).

The taller Waterford squad took command early in the contest and led the rest of the way.

Both units had trouble getting started and the Skippers wound up with a 14-13 lead after the opening frame.

TEMPO INCREASES

The tempo increased in the second quarter with Waterford tossing in 19 points to take a 33-26 lead at intermission. The Skippers maintained the pace in the third stanza and moved into the final eight minutes with a 12-point lead, 52-40.

Waterford opened the gap to 14 points at the start of the last frame and the team maintained a 10-point advantage through the first four minutes.

With 3:55 left, the Captains started to find the range.

High-scoring forward Jim Nyberg, who had only 12 points in the first three quarters, collected nine points in the fourth to lead the Kettering comeback.

The Captains had the deficit trimmed to six points with 3:3 left and they kept hacking away until the 1:55 mark when a layup by Nyberg cut it to four.

★ ★ ★

After a Skipper foul shot by guard Bill Lemaux, Nyberg pumped in another two-pointer, cutting the lead to three points with 1:25 left.

Lemaux canned a pair of charity tosses for the Skippers with 33 seconds left to put the game on ice.

The Captains had an edge in field goals, 25-23, but they couldn't hit from the free throw line. They made 17 of 32 while Waterford was canning 24 of 36.

For the evening, Kettering shot at a 39 per cent pace, 25 of 64. The Skippers held a hot hand, hitting on 23 of 48 for 47 per cent.

An expected scoring battle between Kettering's Nyberg and Waterford's Rick Ziem failed to develop.

Both had trouble in the opening half. Ziem had six markers and Nyberg four.

FOUND RANGE

Both found the range in the second half and finished with 21 points apiece, sharing scoring honors with Kettering's Tim McGrath.

McGrath turned in his best game of the season. Along with his 21 points, the 6-3 center gave the Captains a big boost on the backboards.

McGrath ran into foul trouble early in the second half and left the game on personals early in the fourth quarter.

A couple of other Captains left on fouls — guard Dale Manning and forward Andy Micelli.

★ ★ ★

Lemaux, who added 19 points for the Skippers, broke through Kettering's man-to-man press repeatedly. It was the same press the Captains had used so successfully against Oxford last week.

Detroit Kegler Strampe Sags in All-Star Pro-Am

PHILADELPHIA (AP) — Defending champion Bob Strampe of Detroit rolled a disappointing 179-203—382 series in pro-am competition as the curtain went up Tuesday night on the 24th All-Star Bowling Tournament.

Strampe, who won the $15,000 title last year in Dallas, ranked 36th among the 72 stars who competed with 216 juniors and adult amateurs from the Philadelphia area.

★ ★ ★

Earl Johnson, a Minneapolis pro with an undistinguished record in the All-Star, led the pro-am with a 256-209—465 series. The top score by a local amateur was Frank Lynch's 175-232—407. Barbara Schnieder led the woman amateurs with 375.

Roy Lown, a southpaw from Brockton, Mass., compiled the second best pro score, 449. Ted Hoffman Jr., of Philadelphia bowled a 438.

OVER 400

Dick Weber of St. Louis, who won back-to-back titles in 1962 and 1963, compiled a 425 series. Four-time champion Don Carter of St. Louis had 400 but former titlist Billy Welu of Houston mustered only 357.

Qualifying rounds for the 432 man field began today. The women's field of 216 does not start qualifying action until Saturday.

Land Racer Eyes New Car

Art Arfons Predicts Upping of Mark Soon

DETROIT (UPI)—Art Arfons, the fastest man on wheels, will start building a jet car this spring to break the sound barrier.

Arfons, who drove his jet-powered Green Monster to a new world land speed record of 536.-71 miles an hour last year, said his new supersonic car is still on the drawing board.

★ ★ ★

"We will start working on it this spring in Akron, Ohio," he said. He was here for the Society of Automotive Engineers convention where the Green Monster is on display at his sponsor's booth (Alcoa).

Arfons seems sure his record will be broken soon. His mark was more than 100 mph above the record set by Craig Breedlove, the California flash. And Breedlove is out to take the record back by building a supersonic car of his own.

The speed of sound is 735 mph and Arfons' new car is designed to top that.

Exploring Baseball Economics

By United Press International

Baseball economics are like this:

Warren Spahn will get at least $60,000 from the New York Mets this year for acting as a full-time coach and once-a-week pitcher.

★ ★ ★

Yogi Berra has been paid $25,000 by the New York Yankees for simply going away and will be paid $35,000 by the Mets for coaching and occasional catching chores.

And yet All-Star second baseman Ron Hunt, who hit .303 in 127 games last season and figures to do as well next season, will have to argue to get a $25,-000 contract from those very same Mets.

Hunt confirmed Tuesday that his first contract from the Mets seemed to have been misaddressed to him instead of the batboy and added that he sent it back to Met President George Weiss.

Hunt did not disclose the amount he was offered but it is understood to have been about $17,000.

At the same time the Mets announced the signing of catcher John Stephenson and infielder Kevin Collins. Stephenson batted .290 with Buffalo in the International League last season while Collins batted .220 for Cocoa of the Florida State League.

SAME AMOUNT

Outfielder Frank Howard, the 6-foot, 7-inch, 255-pound slugger acquired from the Los Angeles Dodgers, signed with the Washington Senators for the same $35,000 he made last season.

The Dodgers announced the signing of catcher John Roseboro, who hit .287 last season, and the appointment of Norm Sherry as manager of Santa Barbara in the California League.

Sherry is the light-hitting catcher who helped to make strikeout king Sandy Koufax a star by slowing down his pitching motion.

The world champion St. Louis Cardinals reached terms with ex-Cleveland Indian slugger Tito Francona and rookie Bobby Tolan. Francona hit only .248 last season but walloped .363 for the Indians in 1959. Tolan, 19, hit .297 at Tulsa last year.

★ ★ ★

Outfielder Manny Mota, currently leading the Dominican Winter League with a .356 batting average, signed with the Pittsburgh Pirates. Mota hit .277 in 115 games for Pittsburgh last year.

Pitchers John Boozer, Dave Bennett, Jeff James, Frank Pollard, Mike Wagener and Morrie Steevens agreed to terms with the Philadelphia Phillies.

The Boston Red Sox signed infielder Mike Andrews and catcher Russ Gibson, both up from Toronto in the International League.

Pitchers Frank Baumann and Wayne Schurr and rookie infielder Gary Tortopassi signed with the Chicago Cubs. Baumann was 0-3 with the Chicago White Sox early in the season and 0-0 with the Cubs. Cortopassi hit .229 for Cocoa.

The Kansas City Athletics traded outfielder George Alusik to Tacoma of the Pacific Coast League for catcher Tim Talton, who was immediately assigned to Vancouver of the PCL. Alusik hit .238 in 102 games last season while Talton was .279 with Tacoma.

From Maracaibo, Venezuela, shortstop Luis Aparicio sent word that he has returned unsigned the Baltimore Orioles' first offer, "because I have a few personal questions I want to discuss with the club before signing."

San Diego Golf Next for Pros

SAN DIEGO, Calif. (AP) — Pro golfers tee off for the money Thursday in the San Diego Open on a course that those who know label as unbelievably good.

Bill Casper, a favorite in the $39,500 event, took a practice round on the Stardust Country Club course Tuesday and said:

"The course is in beautiful shape, the best I have ever seen it.

★ ★ ★

'The putts are rolling true and the whole course is in great shape.'

Lefty Has Audio Pitch

BOSTON (UPI) — Mel Parnell, two-time 20-game winner for Boston, will succeed the late Art Gleeson as a member of the Red Sox broadcasting and telecasting team.

CHANGE OF CLIMATE — Detroit Red Wings' goalie Roger Crozier left his hockey pads in the Motor City this week and headed south for a few days of sunshine and relaxation. Roger is shown here with his wife looking over the sights at their motel in Miami Beach, Fla. Crozier will be back for the Wings' game in Toronto Saturday night.

2 Sophomores Spark Duke

By the Associated Press

There's a lot of new faces in college basketball this season with a fine crop of sophomores.

Bob Verga, a six-footer from Sea Girt, N.J., and Bob Riedy, 6-foot-6 from Allentown, Pa., are two of the best making good in varsity competition at Duke.

★ ★ ★

They sparked the 10th-ranked Blue Devils to a 106-81 victory over Clemson Tuesday night in one of the top games of a slim national program.

Verga threw in 29 points and Riedy added 19 in addition to effective work on rebounds as the Blue Devils rebounded from their Saturday night defeat by North Carolina to tie for the lead in the Atlantic Coast Conference with Wake Forest.

The game, at Duke Indoor Stadium, was one of two involving teams in the Associated Press top ten. The ninth-ranked San Francisco Dons also won easily on their home court, 86-59 over Portland.

LONG SHOTS

Joe Ellis' three baskets from long range and three steals sparked the Dons to a 15-0 outburst midway of the second half that broke the game wide open against the Pilots.

Cincinnati downed Dayton 76-65, Boston College edged Rhode Island 107-105, Wake Forest crushed Georgia Tech 97-78, Yale beat Brown 87-55 and Arkansas thumped Rice 79-61 in other games.

★ ★ ★

Cincinnati, playing at home, was down 12 points to Dayton at halftime. Led by Ken Cunningham and Ron Rolfes, the Bearcats rallied to tie at 44-44 and then went on a 16-point spree that sewed things up. Rolfes got 26 points and Cunningham 19.

Wake Forest also chalked up a triumph away from home by defeating Georgia Tech at Atlanta behind Bob Leonard's 29 points and Richard Herring's 20.

Yale won its first Ivy League game by crushing Brown on the Eli court. Bob Trupin led the Blue with 20 points. Dave Tarr's 19 was high for the Bruins, hurt by the absence of Al Milanesi.

Ricky Sugg scored 23 points in Arkansas' route of Rice at Fayetteville while at New Brunswick, N.J., Bob Lloyd rimmed 27 for Rutgers as the Scarlet beat Delaware 91-77.

★ ★ ★

Bobby Ayres' goal broke a 54-54 tie and Tom Tenwick followed with 10 points as Richmond held on for a 71-65 triumph over Virginia Military. It was a home court victory as was Bowling Green's conquest of Kent State by the same score.

Virginia Tech and Connecticut both won on the road in other games. VPI downed William and Mary 87-75 at Williamsburg.

Professional Cage Veteran Recalls 1st All-Star Tilt

ST. LOUIS (AP) — On the eve of his 11th and possibly his last National Basketball Association All-Star game, Bob Pettit of the St. Louis Hawks tried to recall his first one.

"We lost, I think," he said. The game was played in New York in 1955. He was right. The score was East 100, West 91.

Pettit was a rookie then with Milwaukee, playing against such players as Harry Gallatin, Paul Arizin, Dolph Schayes, Ed Macauley, Neil Johnston, Bob Cousy and Bill Sharman. With him were Jim Pollard, George Yardley, Vern Mikkelsen and Bobby Wanzer.

Pettit, now 32, has played in all 10 All-Star games since he came into the league.

The 6-foot-9 forward, after scoring eight points in that first game in 1955, has gone on to score more All-Star points than any other player. He has 211, an average of 21.1 a game, and he has the most rebounds, 166, an average of 16.6 per contest.

MORE RECORDS

His 27 rebounds in 1962 and 26 in 1958 are the best single game performances. He leads in total field goals attempted, 179, and total field goals made, 76. His 75 free throws and 59 made also are high.

And he has won the game's Most Valuable Player award three times and shared it a fourth time with Elgin Baylor.

In the starting line-up with Pettit on the West squad will be Wilt Chamberlain of San Francisco, Baylor and Jerry West of Los Angeles and Len Wilkens of the Hawks.

The East will open with Bill Russell, Tom Heinsohn and Sam Jones of Boston and Jerry Lucas and Oscar Robertson of Cincinnati.

U.S. Net Ace Offers Chance to Youngsters

NEW YORK (AP) — Chuck McKinley's decision to swap his tennis racquet for an attache case won't help America's dim prospects for recapturing the Davis Cup in 1965 but it may speed the development of future U.S. Cup stars.

McKinley, 24, announced his semi-retirement from major tournament competition Tuesday after taking a job with a New York brokerage firm.

INSIDE TRACK

The development, a blow to U.S. hopes of taking back the Davis Cup after losing it to Australia last year, gave 21-year-old Arthur Ashe, Jr., and 22-year-old Frank Froehling III the inside track to McKinley's No. 2 spot on the U.S. squad behind Dennis Ralston, the Bakersfield, Calif., youngster who has replaced Chuck atop the national rankings.

Ashe, a UCLA undergraduate from Richmond, Va., became the first Negro named to a U.S. Cup team when he was elected last year. He is No. 3 in the latest U.S. Lawn Tennis Association ratings. Froehling, of Miami, Fla., is No. 4. He was McKinley's teammate at Trinity College in Texas.

★ ★ ★

Ralston, then 21, and McKinley ended Australia's four-year Cup reign two years ago by upsetting the Aussies 3-2 at Adelaide, Australia. But the U. S. pair was no match for Roy Emerson and Fred Stolle in the 1964 challenge round.

McKinley, the 1963 Wimbledon champion and top-ranked U. S. player in 1964, said Tuesday it was unlikely he would be able to travel extensively with the U. S. Cup team this year.

"My job now is to sell stocks and bonds and not collect silverware," he said.

Vikings, Dragons Gain Mat Verdicts

Walled Lake's wrestling squad ran its record to 2-3 yesterday with a 25-19 victory over Detroit Catholic Central.

In another match, Lake Orion pinned a 25-19 defeat on Waterford's Skippers. The loss left Waterford with a 2-3 mark.

Strong Backs Needed

Anglers Fishing for Shanties

Instead of lifting rods and tip-ups, ice fishermen were bending their backs against crowbars and strong poles last weekend.

They were trying to fish out shanties that broke through soft ice on several area lakes. The warm weather and rain last week sent nearly 50 toward the bottom.

Fortunately for the owners, most shanties went down, filled with water, tipped over and floated back to the surface in the same hole.

Shanties are normally light enough for two or three men to lift. But once filled with water the ice huts become a problem best handled with a block and tackle rig.

Heaviest casualties were at Pontiac Lake where the opening of pike spearing after the lake was closed for several winters drew a large number of shanties.

★ ★ ★

Over 22 went down and owners are still trying to get many back on the ice. Cold weather is making ice on the lake thicker and the job becomes more difficult each day.

"Technically, the owners of shanties are in violation if they leave them on a lake under unsafe conditions as we had last week and the shanties go down," said conservation officer Cyril Adams of Lake Orion.

★ ★ ★

"But we will give them a chance to get them out. Any not recovered will leave the owners in violation."

Fishing was practically at a standstill as the weather melted ice around the shores of lakes keeping anglers from reaching the stronger ice further out in the lakes.

Some lakes were safe, but fishermen reported very poor results.

"I didn't see a good catch all weekend," Adams said.

Conservation officer Harold Stoll of Fenton reported that pike are being taken at the Holly mill pond and on Marl Lake.

"But the bluegills aren't hitting. Activity was very slow with many of the larger lakes unsafe."

★ ★ ★

Ice has firmed up during the cold snap this week, but the fishing is slow and the catches far from spectacular.

The annual Houghton Lake Tip-up Town festival will be this weekend. Thousands of anglers are expected to converge on Michigan's largest inland lake.

Pontiac Press Photo

WATER SHANTIES — Warm weather and rain last week sent a village of ice fishing shanties plunging through the ice at Pontiac Lake. At least 22, and possibly more, needed to be fished out by Saturday morning. Many shanties on other lakes in the county also went down. Salvage operations started Sunday morning and are continuing. Conservation officers warned fishermen that the shanties must be recovered or the owners may be subject to fines.

Enrollment Increase Seen

Dog Training Classes Slated

The Southern Michigan Obedience Training Club is preparing for a jump in enrollment at training classes for dogs which will get under way at five sites before the end of February.

Demonstrations are scheduled Jan. 20 at the CAI Building in Waterford Township Jan. 20 and at Whitfield School in Pontiac the following night.

★ ★ ★

Another preschool demonstration is set Feb. 2 at Walled Lake High School.

Training classes in Rochester and Bloomfield Hills will start in February with dates and locations to be announced.

A 10-week course for dogs and their owners will follow the demonstrations. Owners are urged to leave their canines home on demonstration nights.

All demonstrations start at 8 p.m.

FIVE SITES

A total of 14 dogs received obedience training during the fall program at the five sites.

"This was down over previous years," said SMOTC president Reg Armstrong who will handle the Whitfield classes. "The strike definitely curtailed the enrollment.

"We expect a big increase this time."

Tom Rutherford (682-3260) will handle the CAI program and Len Schell (EM 3-6149) will have charge of the Walled Lake sessions.

This will be the club's first year at Walled Lake High. Previous classes were at the junior high.

Armstrong (FE 2-7749) said that class leaders can be contacted if dog owners have any questions regarding the classes.

SMOTC's annual banquet will be Saturday at Topinka's Road House. Representatives of the Leader Dog School at Rochester and the veterinary science school at Michigan State will be guest speakers.

State Land Fire Loss Up in 1964

Exploding with their heaviest damage during early spring, fires blazed across 20,368 acres in Michigan during 1964, highest figure in 15 years.

Although last year's 1,250 fires were less than in 1963, acreage total was more than double as losses increased throughout Lower Michigan.

★ ★ ★

Hardest hit were forest lands of the northern Lower Peninsula where 12,075 acres burned as compared with 3,151 the year before. In the southern third of the state, the toll jumped from 3,715 acres in 1963 to 7,073.

The fire picture was reversed in the Upper Peninsula where only 1,220 acres were scorched. That region's 1963 losses totaled 2,403 acres.

April was again No. 1 on the state's timetable for trouble. About 15,000 acres were lost to fires during that month alone.

"Actually, we were lucky that the acreage figure didn't run higher in face of last spring's long stretch of dry, windy days," notes Milton M. Bergman, chief of the Department's fire section.

★ ★ ★

"I shudder to think what the losses would have been if our fire-fighting crews and the state's thousands upon thousands of outdoor users hadn't been on their toes."

In spite of increased losses, the Department met its perennial goal of holding damage to less than one-tenth of one percent of the 20.5 million acres it is charged with protecting.

Mild Winter Helping Deer Herd

LANSING (AP) — Michigan's deer herd is having a fairly easy time this winter.

Although there has been some bitter cold, the deep snow that causes starvation losses hasn't shown up as yet.

The deer won't be home free until early March when the snow generally starts to melt. And there always is the possibility of a sudden blizzard and a snow pileup.

★ ★ ★

But conservationists are hoping this will be a mild winter like the last one. That would mean a bumper crop of animals available for hunters in the fall.

About the normal 2½ feet has piled up in the Upper Peninsula snow belt north of M28. South of M28 in the Upper Peninsula, deer are still able to roam out of their winter yards in search of food.

★ ★ ★

Survival conditions also are favorable in the northern Lower Peninsula. Deer are drifting in toward the yards but are able to get out around most of their summer range.

POOR CROP

The mild winter was termed particularly fortunate by deer specialist Ira Bartlett of the State Conservation Department's game division since there was a poor acorn crop this year.

There have been no reports of deer starvation as yet or of dogs running the deer.

"The cold weather doesn't bother them," Bartlett explained. "They are built for survival and are all right as long as they can move around in search of food."

Michigan's deer herd was estimated at some 800,000 before the start of last fall's shooting season. It was expected approximately 130,000 deer would be harvested, but the kill estimate now has been placed at around 115,000.

★ ★ ★

An educated guess is that another 50,000 deer were killed by a combination of factors such as natural deaths, being hit by cars and illegal shooting.

Given a good fawn crop with the average rate of survival, this will mean a large and healthy herd roaming the woods for the start of the fall hunting season.

"If favorable conditions continue there will have to be a substantial antlerless deer kill," said Bartlett. "Otherwise, nature will crack down and, given a bad winter, there will be a high starvation rate among a large herd."

JUNIOR RIDERS — Winners in the "C" Division of the Michigan Junior Olympic show held at Bloomfield Open Hunt Club last weekend was this team from Stoney Creek School in Rochester. Left to right are Chris Booth on "Fulltime," Claudia Holzman on "Cotton Candy," Sue Swindler on "John Dillinger," and Debbie Evans on "Commando."

Horse Show Forum to Discuss Problem

NEW YORK (AP) — The American Horse Shows Association will hold its annual convention Thursday through Saturday here with about 400 delegates from all over the country expected to be on hand.

If any fireworks explode they probably will be at the opening day forum: "What management should offer exhibitors and what is expected in return."

The title is innocuous, but the subject is near and dear to the hearts of many exhibitors who have not been bashful about criticizing the management of the shows around the country.

FIGHT RESULTS

LONDON — Henry Cooper, 189½, England, stopped Dick Wipperman, 205½, Buffalo, N.Y., 5; Chic Calderwood, 177, England, stopped Otha Brown, 170, Miami, Fla., 9; Wally Swift, 157¾, England, outpointed Charlie Austin, 156¾, Phoenix, Ariz., 10.

Duffield School Riders Win Junior Horse Event

Duffield's Stoney Creek School of Horsemanship near Rochester took the top honors in the first Michigan Junior Olympic Team Show of the season held last weekend at the Bloomfield Open Hunt Club.

A team of junior riders from the Duffield school competed in three jumping divisions and won a total of 16 blue ribbons.

In the "A" division, jumping a 4-foot course, Dick Schuster of Birmingham, with his two horses "The Buburbanite" and "Coal Shock," followed by Pam Evans of Birmingham astride "Bossa Nova" and Gwen ApMadoc of Clarkston on "Pride," took the honors.

In "B" division, jumping 3-feet-6, were Chris Vaughn of Birmingham on "Long John," Pat Smith of Birmingham on "Thursday," and David McCarthy of Detroit on "Mr. Dillon" and Don Schuster of Birmingham on "Private Enterprise," were the victors.

★ ★ ★

"The "C" team, clearing 3-feet, was made up of Debbie Evans of Birmingham on "Commando," Chris Booth of Detroit on "Fulltime," Claudia Holzman of Oak Park on "Cotton Candy" and Sue Swindler of Birmingham on "John Dillinger."

Coho Salmon Eggs at State Hatchery

Some 500,000 eyed Coho salmon eggs have found new homes at the Conservation Department's Oden and Harrietta hatcheries for rearing as introductory planting stock in the upper Great Lakes.

The eggs were flown into Pellston airport last week from Oregon.

Next fall or in the spring of 1966, fish from these eggs will be released under a three-year stocking plan aimed at establishing runs of adult Coho salmon which can be captured for spawn-taking purposes to step up future plantings.

Department fisheries officials are hopeful that some natural reproduction will also occur to speed the return of sport fishing to the Great Lakes where lamprey control work has cleared the way.

Bloomfield Hills Man Heads Area Boat Club

John T. Hart of Bloomfield Hills was recently elected president of Pinter's Boat Club at the annual meeting.

Other officers elected included: Don Lechner, Pontiac's vice president; Drayton Plains' Mrs. Leonard Portray, secretary-treasurer; Bloomfield Hills' Joseph Pinter, commodore; and Birmingham's Roy Myers, cruise master.

Municipal Court Collects 'Bounty'

Four residents of Wisconsin and Michigan are "out" $429.20 because of three coyotes.

★ ★ ★

Caught for trying to pocket bounty payments in this state on animals which were shot in Wisconsin were Ronald Weinfurter, 19; John Weinfurter, 26; and Gerald Janeshek, 41; all of Kingsford; and Anthony Kmit, 50, of Niagara, Wis.

The four pleaded guilty to misdemeanor charges of illegally transporting and importing the coyotes from Wisconsin to Michigan when arraigned this week in Iron Mountain Municipal Court before Judge William Bolognesi.

★ ★ ★

Each man was fined $100 and paid court costs of $7.30.

Trout Anglers Urged to Lose More Hooks

For the price of a few fish hooks, Michigan anglers can reduce mortality losses among undersized trout they catch this winter, according to the Conservation Department.

★ ★ ★

Instead of trying to remove a hook that has been swallowed by a sub-legal trout, fishermen are encouraged to simply cut their leader, leaving the hook in the fish.

"Fish do not feel pain and since the hook will quickly rust away, chances are good that the released trout will survive to provide future sport," explains Brad Durling, department fish biologist for the southern Lower Peninsula.

★ ★ ★

In the delicate process of having fishermen work loose hooks which small trout have swallowed, a large percentage of these fish suffer injuries that cause them to die, adds Durling.

Job Training Should Start at Early Age

By LESLIE J. NASON, ED.D.

Job-training in public schools is approached with a poor sense of timing.

Special programs of job-training for high school drop-outs and teen-age unemployed are necessary and valuable—but are three or four years late.

Why wait until the boy or girl has demonstrated lack of ability or interest in regular academic work before attempting to interest them in the more immediate concern of specific job training?

We have technical institutes for the training of those who either fail to qualify for college of do not choose to go. But students find that transition from the regular high school to the technical institute is difficult at the ages of 17, 18 and 19. They have already passed the optimum time.

At the age of 13, boys and girls are enthusiastic and co-operative. At this age, they will give their best efforts to self-development provided they are given adequate adult leadership.

SUCCESSFUL IN EUROPE

This is the age at which pupils enter the trade schools in England. In these schools, the children appear eager and happy, and they turn out surprisingly good work.

★ ★ ★

In Southern Germany and Austria, most of the 13- and 14-year-olds are attending school mornings and are engaged in apprentice training for no pay in the afternoons.

CHANGE DIFFICULT

When we allow uninterested students to dally along unsuccessfully with college preparatory courses until they are seniors in high school, change becomes difficult. There is no one so pseudo-sophisticated as a high school senior.

Perhaps partly due to his natural drive for independence, he resists rather than welcomes direction.

It is a serious mistake to force boys and girls to remain in a situation for which they have no desire during this period of from 13 to 17.

★ ★ ★

They should be making strides in self-development preparatory to future life work. During these years, they are fed and clothed and, too often, furnished with automobiles and spending money.

BY 17 YEARS

By 17 they have acquired the habit of living without putting forth any personal drive. No wonder they are loath to give up what they are doing and to put their shoulder to the wheel to prepare themselves to work for the things they are so in the habit of getting without effort.

By OSWALD JACOBY
Newspaper Enterprise Assn.

Last year I ran a bidding contest. First prize was a trip to the Hawaiian Regionals where the winner was to play as my partner in every event for which we would be eligible.

JACOBY

It was won by Robert Marks of Vista, Calif. Because he had won my contest, I assumed that we would have little trouble with the bidding and hoped that we would be able to stand the strain of 10 sessions of play.

The most difficult part of play is defense and on one of the first hands Bob came through with a beautiful defensive play.

I opened the jack of diamonds. South thought a while and went up with dummy's ace. Then he drew trumps, cashed his ace and king of hearts, entered dummy with another trump, ruffed dummy's last heart and threw Bob in with the king of diamonds.

All this constituted a standard elimination play. Bob could lead a heart and give South a ruff and discard or he could lead a club. Most players would avoid the heart trap but would lead a low club whereupon my jack would fall to dummy's ace and declarer would then finesse successfully against Bob's queen.

Bob read that situation also and came up with the play that gave declarer a chance to go wrong. He led the queen of clubs!

South went into deep thought. If Bob had led queen from queen jack, it was up to South to win in dummy and finesse against the jack in Bob's hand. If Bob had led from queen nothing as was the case, it was up to declarer to win in his own hand and play me for the jack. Declarer wasn't looking at all the cards and went wrong.

jack, it was up to South to win in dummy and finesse against the jack in Bob's hand. If Bob had led from queen nothing as was the case, it wa up to declarer to win in his own hand and play me for the jack. Declarer wasn't looking at all the cards and went wrong.

Q—The bidding has been:

West	North	East	South
1 ♣	Dble	Pass	2 ♣
Pass	2 ♦	Pass	?

You, South, hold: ♠K 10 5 4 ♥A Q 6 4 ♦3 2 ♣8 7 6.

What do you do?

A—Bid two hearts. You have promised another bid with your club cue bid.

TODAY'S QUESTION

Your partner jumps to four hearts. What do you do now?

Answer Tomorrow

Astrological Forecast

By SYDNEY OMARR
For Tomorrow

"The wise man controls his destiny . . . Astrology points the way."

ARIES (Mar. 21 to Apr. 19): Not so good for travel. Things not what they appear on surface. Best to reserve judgment. Heed your own counsel. Take time to be correct. Finish one project at a time.

TAURUS (Apr. 20 to May 20): Economic factors grab spotlight. Be calm, considerate. One you trust confesses problem. Listen. But don't commit yourself to definite action. Be specific.

GEMINI (Mar. 21 to June 20): Cycle high. But there are questions that need answers. Applies to conditions at work, at home. You'll need that wonderful sense of humor. Much confusion . . . but you will succeed.

CANCER (June 21 to July 22): If you are not tripped by pride, you'll get where you're going. Handle details personally. Clear away red tape. Display courage, determination. Many look to you as example.

LEO (July 23 to Aug. 22): You recently promised to avoid extravagance. Are you keeping that promise? Bothersome questions should be answered. Time to find your real friends. Others may be "using" you.

VIRGO (Aug. 23 to Sept. 22): Remain true to ideals. Loyal family member needs encouragement. Give it. Spotlight on ambitions, career. Be willing to tear down in order to rebuild.

LIBRA (Sept. 23 to Oct. 22): Key is being realistic. Then you earn respect and get results. Legal confusion possible. Contact one who has had experience. Read . . . enhance knowledge. Learn by doing.

SCORPIO (Oct. 23 to Nov. 22): One you admire displays faith. Live up to potential. Find better, more economical methods. This done through persistence. Don't give up! What you seek is close at hand.

SAGITTARIUS (Nov. 23 to Dec. 21): Public reacts to your talents, efforts. Time to spread influence. Let others know what you think. Be frank. Convince with sincerity of your proposals. Then you will achieve goals.

CAPRICORN (Dec. 22 to Jan. 19): Basic tasks require attention. Try new methods. Emphasize originality. Independence. Be considerate of those who serve you. Avoid friend who is chronic complainer.

AQUARIUS (Jan. 20 to Feb. 18): If you insist on taking risks there could be difficulty. Check tendency to act on impulse. Key is caution where affairs of heart are concerned. THINK!

PISCES (Feb. 19 to Mar. 20): Don't try to force issues. Applies especially to family situation. Highlight humor, versatility. Realize those close to you are tense. Utilize wonderful sense of justice.

★ ★ ★

IF THURSDAY IS YOUR BIRTHDAY . . . year sees you accomplishing important mission. You are perceptive and a natural character analyst.

★ ★ ★

GENERAL TENDENCIES: Cycle high for GEMINI, CANCER, LEO. Special word to SAGITTARIUS! Face problems squarely. May be necessary to consult legal expert.

Stocks Advance

Drugs, Airlines Pace Market

NEW YORK (AP) — Drugs and airlines resumed market leadership as the stock market moved higher early this afternoon in active trading.

Drugs were in especially heavy demand, their gains ranging from fractions to 1 or 2 points.

★ ★ ★

Airlines advanced less sharply but the group was consistently higher.

Selective strength elsewhere in the list helped the averages to substantial gains. A 2-point rise by Kennecott and a 1-point advance by du Pont were features.

SCATTERED SOFTTNESS

In the list as a whole, however, there was scattered softness among some "big" stocks, including General Motors, U.S. Steel and Radio Crop., which lost fractions.

Aerospace issues continued lower also, but kept their weakness within fractional limits mostly. Douglas Aircraft recovered about a point.

★ ★ ★

The Associated Press average of 60 stocks at noon was up 1.2 at 329.7 with industrials up 1.4, rails up .8 and utilities up .8.

UP ABOUT 2

United Air Lines gained a point while most other leading airlines rose fractionally.

IBM rose about 2, Polaroid 1, Zenith about a point.

Steels, cigarette stocks, rubbers and motors were narrowly mixed.

Prices were generally higher in active trading on the American Stock Exchange.

Corporate bonds were mixed. U.S. Government bonds were firm.

Foreign News Commentary

De Gaulle Ready to Welcome Johnson

By JOSEPH W. GRIGG
United Press International

PARIS — President Charles de Gaulle of France has given orders to roll out the welcome mat for President Johnson whenever he comes to Europe.

That does not mean U.S.-French frictions suddenly have been forgotten or their relations brought out of cold storage. But de Gaulle has decided it is time for him to sit down and talk with Johnson.

He wants to give the U.S. President his version of how U.S. relations with Europe, and specifically with France, should develop during the rest of this century.

The fact Johnson has accepted gracefully de Gaulle's position that their meeting should take place on the French leader's home ground in Paris and that Johnson would be coming here specifically to see him removed the last roadblocks on the French side for such a get-together.

As he advances in years — he is now 74 — de Gaulle concerns himself less with day-to-day housekeeping details of international relations. He thinks of them more and more in their historical perspective.

BLUEPRINT OF FUTURE

De Gaulle is relatively uninterested by this or that minor source of U.S.-French friction. His mind is working on a broad blueprint for the future. It is this blueprint he hopes to expound to President Johnson.

Aides say the aging French leader will reassure Johnson that the 190-year-old U.S. French friendship and their alliance spanning two world wars and the East-West cold war are something basic and indissoluble so far as France is concerned.

De Gaulle likes to recall that at the height of the Cuban missiles crisis he was the first of America's allies to pledge all-out support if it came to a nuclear war.

But de Gaulle feels deeply that the partnership must be one of equals. He sees as the two partners the United States on the one hand and Western Europe on the other, with the Atlantic Alliance as the link between them.

MUST BE EQUALITY

But he is passionately determined that there must be equality between the two. He believes Europe should have full responsibility for its own defense, its own economy and its own foreign policy.

He concedes that in the final instance, Europe must continue to depend for its safety on the gigantic American nuclear umbrella. But, with this limitation, he insists that Western Europe must be completely free from American control or "domination" — in every field.

The 'Europe of the six' which he seeks to weld together into a loose confederation of independent states today, he regards as the nucleus for a broader European union tomorrow — perhaps a quarter-century or a half-century from now.

That is the essence of the picture he is likely to paint for President Johnson.

To Ask Board to Consider Trash Pickup in Waterford

The Greater Waterford Community Council (GWCC) will ask the Township Board to consider establishment of a township wide garbage and refuse pickup program.

This action followed a GWCC-sponsored discussion program last night of the present garbage and refuse system in the township.

Speakers were Oscar B. Boyer, assistant director of the environmental health division of the Oakland County Health Department, and George S. Geyer, county sanitarian assigned to Waterford Township.

Boyer said that the township's regular disposal area near the newly acquired community college site on Cooley Lake Road should be cleaned up because as a typical open dump it was a breeding place for rats and created an air pollution problem due to smoke from burning and odors.

★ ★ ★

This dump, which also is used by other townships, has been cited for its inadequacies by the State Health Department, Boyer said.

REPLACEMENT

Boyer recommended the township-wide pickup program with either one of two prospective land-fill sites in the township replacing the present dump.

Annual cost to the home owner would be from $8 to $12, under a single pickup contract, he said, based on a 1.5-mill levy.

Presently costs levied by several individual pickup contractors are higher than this with further increases to $24 to $30 slated.

Besides the dump problem, about 15 per cent, or nearly 2,500 residences, have no pickup service at all now, Boyer said. They dump refuse in various open areas.

SMALL DUMPS

Slide films of these temporary small dumps were shown by Geyer.

Boyer and Geyer said that they would be willing to speak on the garbage and refuse problem before any interested township group.

A study on the garbage and refuse program in the township was completed last spring by the planning commission. It recommended a townshipwide pickup program with a single contractor to the Township Board.

Gemini Chief Voices Hopes

HOUSTON (UPI) — A U.S. space agency official said yesterday, "We are going to try our damndest" to stick a pin in lagging Project Gemini and put four two-seater spaceships in orbit this year.

He said that on one of the flights, an astronaut will open his hatch, stick out his head, and man will come face-to-face with the enormity of the cosmos for the first time. Another will feature the first American try to link up two objects in space.

The space agency hopes to log 600 man-hours in the two-man Gemini capsules this year, he said, and he hinted at an ambitious flight within the next two years that would keep two astronauts in space for "considerably longer" than two weeks, the longest flight now planned.

All these statements came in an exclusive United Press International interview with Charles W. Mathews, manager of the nation's $1.3 billion Gemini program and the holder of one of the toughest jobs in the National Aeronautics and Space Agency (NASA).

★ ★ ★

He is caught in a squeeze between the problems that now have Project Gemini 18 months behind schedule and the demands that the 10 manned Gemini flights be completed before the start of the more advanced Project Apollo in 1967.

To make the deadline, there will have to be a successful Gemini shot every 10 weeks until early 1967—in stark contrast to the program's single success so far.

But Mathews still has confidence—enough confidence to flatly contradict an official NASA announcement.

NASA recently said there would be only two manned Gemini shots this year — possibly three.

Not so, said Mathews.

"We are not necessarily out of the four manned shots this year," he stated. But he admitted the fourth shot is a "low probability."

Suspect's Fxam Is Postponed

Examination of a 28-year-old Pontiac man on a first-degree murder charge was ordered postponed to Jan. 25 this morning by Pontiac Municipal Judge Cecil McCallum.

The postponement was granted at the request of Pontiac attorney J. Robert Sterling, counsel for Carl Foster, 286 S. East, Blvd., who is charged with the Dec. 12 strangling of Mrs. Maurice Crook, 20, of 2401 S. Telegraph.

Foster was charged with first-degree murder Dec. 14 after making a statement that he killed the young mother and dumped her body near an east side lover's lane.

Sterling told the court this morning that he plans to subpoena 15 to 17 Pontiac police officers to testify in regard to the statement and that he plans to take the witness stand himself.

The court heard testimony this morning from Dr. John Marra, Pontiac pathologist who performed an autopsy on the body of Mrs. Crook.

Assistant Prosecutor William E. Lang, who will resign from service at the end of this week, agreed to the postponement to avoid a "piecemeal" examination.

Dixie Dem to Seek Seat as Republican

COLUMBIA, S.C. (AP)—Rep. Albert Watson, D-S.C., a Goldwater supporter who is leaving the Democratic Party and Congress to run as a Republican, confers with Gov. Donald Russell today about a special election.

★ ★ ★

Watson, 42, announced Tuesday he would resign his House seat as soon as Russell sets a date for a special election in the 2nd District. He said he would seek to regain the seat under the GOP banner.

Watson and Rep. John Bell Williams, D-Miss., were stripped of their seniority by House Democrats Jan. 3 for their open support of Sen. Barry Goldwater, the GOP Presidential nominee. Williams said he'll remain a Democrat.

Watson, who vowed not to remain a "second-class Democrat," told a news conference the "attitude of the liberal extremists within the Democratic Party is not only one of intolerance tdward a conservative, but of actual vindictiveness toward a conservative in the South."

Avon Teen Struck by Car

David B. Mellendorf, 15, of 3613 Milton, Avon Township, yesterday suffered multiple bruises when he was struck by a car on Silverbell just east of Lapeer Road in Orion Township.

He is in good condition at Lapeer County General Hospital.

★ ★ ★

The driver, Leslie A. Gross, 43, of Port Huron, told sheriff's deputies he was blinded by the headlights of an oncoming truck just as the boy ran across the road. The accident occurred at 7:45 a.m.

Deaths in Pontiac Area

RALPH HANEY

Service for Ralph H. Haney, 76, of 2357 Montroyal, Waterford Township will be at 1:30 p.m. Friday at the Sparks-Griffin Chapel with burial in Ottawa Park Cemetery, Independence Township. An Elks Lodge of Sorrow will be conducted at 7:30 p.m. tomorrow in the funeral home.

Mr. Haney, a salesman for Archambeau Distributing Co., died yesterday after abrief illness. He was a member of Elks Lodge No. 810.

Surviving are his wife Lillian; a daughter Mrs. Karl A. Schweitzer of Clarkston; a son Allen E. of Marina, Calif.; six grandsons; and two great-granddaughters.

Also surviving are three sisters Mrs. Parry Ream of Utica, Mrs. William Felder of Seattle, Wash., and Mrs. Charles Roebkin of Brookfield, Mo.; and a brother Richard of Berkley.

Memorials may be made to the Elks Crippled Children's Fund.

JAMES L. HAYES

Service for former Pontiac resident James L. Hayes, 73, of Keota, Okla., was last week at the Sparks Funeral Home in Spiro, Okla., with burial in the Keota cemetery.

Mr. Hayes, a retired employe of GMC Truck & Coach Division, died Jan. 5 after a long illness. He was a member of the Baptist Church.

Surviving are his wife, Maud, and three daughters, Mrs. Jack Pearson of Big Bear Lake, Calif., Mrs. Dennis White and Mrs. James H. Johnson, both of Pontiac.

Also surviving are nine grandchildren, 17 great-grandchildren, a brother and a sister.

JOHN L. McCLAIN

Service for John L. McClain, 63, of 595 Northfield will be at 1:30 p.m. tomorrow in Voorhees-Siple Chapel with burial in Perry Mount Park Cemetery.

Mr. McClain, a retired electrician, died Monday.

Surviving are four sons, Lyman with the U. S. Army in Korea, and George L., John W. and Thomas E., all of Pontiac; and four daughters, Mrs. William Dunbar of Wolverine, Mrs. Fred Fisher of Union Lake, Miss Thelma McClain and Miss Leah McClain, both of Pontiac.

Also surviving are six grandchildren; a brother, George of Pontiac; and a sister.

MRS. LOTON W. PILCHER

Service for Mrs. Loton W. (Ruth) Pilcher, 68, of 5786 Crescent, Waterford Township, will be at 11 a.m. Saturday in the D. E. Pursley Funeral Home with burial in Waterford Center Cemetery.

The Order of Eastern Star will conduct a memorial service at 8 p.m. Friday in the funeral home.

Mrs. Pilcher died this morning after an illness of several weeks. She was a member of the Order of Eastern Star, Areme Chapter and the Webford Club.

Surviving are a daughter, Mrs. Constance Lekzian of Clarkston; two grandchildren; and two brothers.

Memorials may be made to the Masonic Home in Alma.

PAMELA SUE WHITE

Prayers were to be offered for Pamela Sue White, 2-day-old daughter of former Pontiac residents Mr. and Mrs. Kenneth G. White of 669 Commonwealth, Jackson, at Voorhees-Siple Chapel this morning.

Burial was to be in White Chapel Memorial Cemetery, Troy. Pamela died Monday.

Surviving besides her parents are a brother, Timothy at home; and grandmothers, Mrs. Bertha White of Pontiac and Mrs. Martha Laing of Auburn Heights.

NEIL D. ELY

METAMORA—Service for Neil D. Ely, 60, of 1779 E. Brocker will be 11 a.m. Friday at Bell Chapel of the William R. Hamilton Co., Birmingham. Burial will be in White Chapel Memorial Cemetery, Troy.

Mr. Ely died yesterday after a short illness.

He was president of the Young Spring and Wire Corp., Detroit, for 35 years prior to his retirement in 1959.

Mr. Ely belonged to the Detroit Athletic Club, Oakland Hills Country Club, the Recess Club, Metamora Hunt Club and the Ore Hundred Club.

Surviving are his wife, Lila M.; two brothers; and two sisters.

MRS. JOHN C. HALL

ORCHARD LAKE—Service for Mrs. John C. (Mary H.) Hall, 52, of 4121 Portlac Trail will be 3 p.m. tomorrow Episcopal Church of the Advent. Burial will follow in Oakland Hills Memorial Gardens, Novi.

Mrs. Hall died yesterday after an illness of four months.

She was a member of the Women's Club of the church.

Surviving besides her husband are a son, Nathan; a daughter, Susan, both at home; and her parents, Mr. and Mrs. Nathan Hyde of Maine.

Memorial contributions can be made to Michigan Cancer Society.

MRS. WALTER SANDERSON

ROCHESTER—Service for Mrs. Walter (Sophia) Sanderson, 75, of 341 Taylor will be 2 p.m. Friday at Pixley Memorial Chapel. Interment will be in Mount Avon Cemetery.

Mrs. Sanderson died yesterday after a brief illness.

She was a Gold Star Mother and a member of the Blue Star Mothers of Rochester.

Surviving besides her husband are two daughters, Mrs. Mary Schnaidt of Rochester and Mrs. Helen Clark of Pontiac; eight grandchildren; and seven great-grandchildren.

GARRY B. THOMPSON

WALLED LAKE — Service for former resident Garry B. Thompson, 75, of San Luis Obispo, Calif., will be Friday at Benedict Rettey Funeral Home, Morro Bay, Calif. Burial will follow in San Luis Obispo.

A retired mechanic and bus driver for the Walled Lake School District, Mr. Thompson died yesterday.

He was a life member of Commerce Lodge, F&AM.

Surviving are two sons, Fred and Garry Jr., both of Walled Lake; two daughters, Mrs. Gordon Dennis of Oakland, Calif.; and Mrs. Karl Kolb of Morro Bay, Calif.; 12 grandchildren; and two great-grandchildren.

Memorial contributions can be made to Walled Lake Methodist Church.

NOTICE OF HEARING—on Establishing Normal Height and Level of Water in Greens Lake in Independence Township, Oakland County, Michigan.

To Whom It May Concern,

Particularly

All owners of property fronting on, abutting or having access to rights in Greens Lake, or who are interested in having fixed and maintained the normal height and level of said lake pursuant to the provisions of Act 146 of the Public Acts of 1961, as amended, said lake being located in Sections 29, 31 and 32 of Independence Township, Oakland County, Michigan.

You are hereby notified that the Oakland County Board of Supervisors has caused to be filed in this Court a complaint praying for the establishment by this Court of the normal height and level of Greens Lake, said lake being located in Sections 29, 31 and 32 of Independence Township, Oakland County, Michigan;

You are further notified that a hearing on the matter will be held in the Circuit Court for the County of Oakland at the Oakland County Court House Tower, 1200 North Telegraph Road, Pontiac, Michigan, on Tuesday, the 19th day of January, A. D., 1965, at the opening of Court on that day at 9 a.m., before the Honorable Stanton G. Dondero, Circuit Judge, or as soon thereafter as Counsel can be heard;

You are further notified that on said date the petitioner intends to ask this Court to establish the normal height and level of said lake at 966.70 feet above sea level and if you desire to oppose the establishment of the level at 966.70 feet above sea level you should then and there appear and show cause, if any you have, why:

(a) The normal height and level of said lake should not be established;

(b) Why 966.70 feet above sea level should not be the level fixed as the normal height and level of said lake;

(c) Why such other and further relief as to the Court seems fitting and proper should not be granted to petitioner.

Office Address:
Oakland County Court House
1200 N. Telegraph Road
Pontiac, Michigan
Phone: 338-4751, Ext. 508.

Card of Thanks 1

WE WISH TO EXPRESS OUR SINcere thanks and appreciation for the many acts of kindness extended to us during the loss of our Dear Mother, Eva Walters. Special thanks to Bruce Dryer, Rev. Harold Johnson, Mrs. Elmer Mills and to the ladies of the Davisburg Methodist Church and Austin Chapter OES 396, friends and neighbors for their prayers, cards and expressions of sympathy. The family of Eva Walters.

WE WISH TO THANK OUR MANY friends, neighbors and relatives for their many acts of kindness during our recent bereavement in the loss of our beloved husband and father, Marion Guy Davis. Special thanks to Rev. Preston Griffis and Coats Funeral Home. Laura Davis and families.

In Memoriam 2

IN LOVING MEMORY OF OTIS Hutchinson, who passed away Jan. 13, 1964.
You are not forgotten, loved one,
Nor will you ever be,
As long as life and memory last,
We will remember thee.
We miss you now, our hearts are sore;
As time goes by, we miss you more.
Your loving smile, your gentle face;
No one could fill your vacant place.
Sadly missed by his family.

Pontiac City Affairs

To Study Municipal Job Categories

A job classification study for Pontiac's 749 municipal employes was ordered last night by the City Commission.

Acting on a proposal by City Manager Joseph A. Warren, the commission agreed to the $5,100 study by the Michigan Municipal League (MML).

A related MML study last summer resulted in adoption of a new pay plan for city employes.

Warren said the study would begin Friday and take five months to complete.

He said that each job would be classified with duties, job title, recommended pay and responsibilities detailed.

COMPARISON

In addition, each job will be compared with a similar position in comparable cities.

Warren said that the classification study should have been ordered at the same time as the MML pay plan.

"Almost every problem raised over the new pay plan of last summer has had to do with classification," added the city manager.

★ ★ ★

Warren said that city employes had been promised the classification study would be undertaken. Cost of the study is budgeted for 1965.

WARREN BACKED

In related business, the commission last night backed Warren in a dispute over the pay of policewoman Patricia Caronis.

Represented by attorney John O'Brien, Mrs. Caronis complained to the City Commission over the rate of pay accorded her in the MML pay plan.

O'Brien said that Mrs. Caronis formerly was given the pay of a police sergeant. However, the new pay plan set policewomen's pay at that of patrolmen.

★ ★ ★

O'Brien claimed that this move in effect "reduced her position."

HIGHER RATE

Warren pointed out in a report to the commission that the pay for patrolmen under the MML plan was higher than the former pay for sergeants.

The manager added that former City Manager Robert A. Stierer had directed that policewomen should be paid at the patrolmen's rate.

However, Mrs. Caronis' pay was not reduced at that time, said Warren. Even at the MML patrolmen's wages, Mrs. Caronis receive a slight increase, according to Warren.

★ ★ ★

Mayor William H. Taylor Jr., said the commission would continue to back the city manager.

CONDEMNATION

In other business last night, the City Commission approved condemnation proceedings against the former Cy Owens Bump Shop at 36 Judson.

★ ★ ★

The property is to be acquired for the R20 urban renewal project. Legal action was directed because no settlement could be reached on buying the parcel.

Also last night, the commission okayed purchase of a house and land at 165 Cedardale for $13,500 for right-of-way for the Murphy Park Sanitary Sewer.

Thant Tries to Save Plan on U.N. Dues

UNITED NATIONS, N.Y. (AP) — Secretary General U Thant sought today to salvage a foundering Asian-African plan to settle the stalemate over the General Assembly votes of nations which refuse to pay peacekeeping costs.

Thant held an emergency conference Tuesday night with Assembly President Alex Quaison-Sackey of Ghana after the United States announced it had rejected a provision of the Asian-African plan setting aside the U.N. Charter's Article 19. This penalty clause takes away the assembly vote of any member two years behind in its payments.

★ ★ ★

Informants said Thant and Quaison-Sackey hoped to persuade the 59-nation Asian-African group to make their plan more palatable somehow to the United States and to the Soviet Union in hopes of avoiding a showdown when the assembly returns from New Year's recess Monday.

U.S. sources said Thant was expected to confer with U.S. Ambassador Adlai E. Stevenson to find out what concession if any the United States would be willing to make on the voting issue.

ANY EASING

Thant was also expected to call in Soviet Ambassador Nikolai T. Fedorenko to see if there was any easing of the Soviet stand against paying part of their peace-keeping assessment.

★ ★ ★

U.S. sources said Washington has accepted the Asian-African plan's provision for voluntary financial contributions toward the peace-keeping deficit of nearly $86 million. "But we do not agree to a precondition in which you would just put Article 19 aside," said one source.

★ ★ ★

Article 19 would take away the vote of the Soviet Union, France and 16 other nations more than two years in arrears on their total assessments because of their refusal to pay peace-keeping dues.

The Soviet Union has indicated it would pay into a voluntary fund without disclosing the amount and provided its payment was not listed as a peace-keeping contribution. It also demanded that Article 19 be suspended and threatened to quit the United Nations if deprived of its assembly vote.

Assailant Aided by Victim-Friend

MALDEN, Mass. (AP) — Robert Nauss, 21, of Medford received some help at his District Court trial from the man he was accused of stabbing.

★ ★ ★

A charge of assault and battery with a dangerous weapon was reduced to simple assault Tuesday when the victim, Robert Kenny, 21, also of Medford, testified for Nauss.

★ ★ ★

"He's still my friend," Kenny told Judge Louis H. Glazer.

The judge sentenced Nauss to six months on the assault charge, then suspended the sentence and put him on probation for two years.

More Notaries Public

LANSING (AP)—Commissions for notaries public hit a new high in Michigan last year with 21,749 issued, reports Secretary of State James Hare. The previous high was 21,565 last year. The total number of notaries in the state now is well over the 80,000 mark, Hare said.

Retired General Listed as Serious

SAN ANTONIO, Tex. (AP) — Retired Gen. Walter Krueger, suffering from a combination of illnesses, was listed in serious condition today at Brooke Army Medical Center.

★ ★ ★

Krueger, 83, was the colorful commander of the U.S. 6th Army against the Japanese in World War II. The late Gen. Douglas MacArthur called the German-born Krueger "the ablest Army commander of the war."

★ ★ ★

Confined to the hospital periodically the last five months, Krueger has lived in San Antonio with a daughter since he retired 18 years ago.

The Sudbury Basion of Ontario, a depression 37 miles long and 17 miles wide, site of a rich nickel deposit, is believed to be geologically similar to the lunar seas seen through telescopes on the moon.

More Italy Art Found Defaced

FLORENCE, Italy (AP) — Eight more masterpieces were found damaged in the Uffizi Gallery today, bringing to 23 the total number of paintings slashed, gouged or scratched by an unknown vandal.

★ ★ ★

The damage was done during the lunch hour yesterday, when only 40 visitors were known to be in the gallery, Italy's greatest museum of Renaissance art.

The market value of the defaced paintings was estimated at more than $2 million, but officials said they actually were priceless. It was the worst case of museum vandalism in Italy since the war.

Authorities said the damage to the eight was not noticed during a rapid survey of the huge gallery late yesterday. It was spotted immediately in the bright morning light today.

★ ★ ★

Police believed a vandal with a sexual aberration was responsible. Sexual areas of nudes were slashed and eyes were gouged out.

SEVEN PAINTINGS

The eight works found defaced today included seven paintings and a wooden altar panel, all of religious subjects.

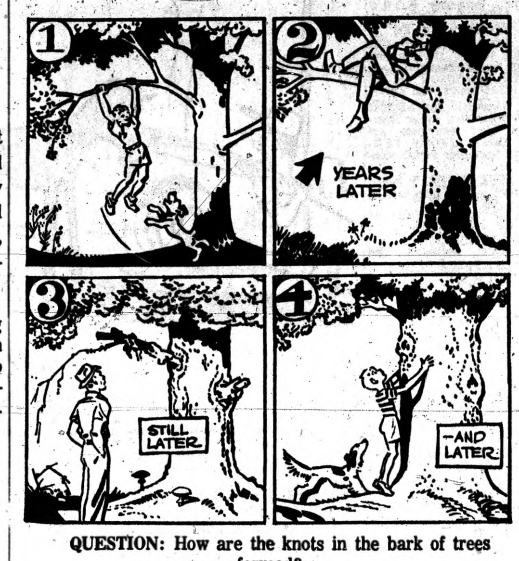

★ ★ ★

"At least we were lucky that whoever did it did not touch the most important masterpieces," said a museum official. Works by such major artists as Michelangelo, Leonardo da Vinci, Botticelli and Raphael were not harmed.

★ ★ ★

The gallery superintendent, Dr. Luisa Beccherucci, said the paintings would be restored but that traces of the damage would always be visible.

Junior Editors Quiz on TREES

QUESTION: How are the knots in the bark of trees formed?

ANSWER: In (1) Bob swings happily from a flourishing tree branch growing out sideways from the trunk. Think of both trunk and branch as stems.

The trunk is a powerful steam holding the tree up with its strong wood structure inside, but it was once just a thin little rod growing up toward the light.

Think of tree growth in two ways. First, there are growing out from their tips, some upward, some diagonally or sideways, but all trying to get their leaves into the light.

Secondly, the trunk and branches get thicker because of new living layers (called cambium) forming one after the other, between the bark and the interior wood.

Look at (2): the tree is much higher and wider out of the picture, but the trunk and branches have grown a lot, too—so has Bob.

Years later (3) Bob comes back to look at the tree he used to love to climb in. The branch he used to sit on has been so shaded that it has lost its leaves and is rotting away.

And even later, (4) there's only a hollow where the branche was: the still-growing barb has circles around it. That's how knots are formed in tree trunks.

FOR YOU TO DO: Look carefully and see if you find something wrong with one of the pictures.

"It's 4," you'll think, "the tree has grown older, but Bob is younger!" You're wrong; that's Bob's son George, in the drawing. The difference in dogs should have tipped you off.

'Goldfinger' Attendance Sets Records

"Goldfinger," the latest James Bond adventure story film, is breaking all records for attendance at the Forum Theatre, 12 N. Saginaw, in downtown Pontiac.

Now in its third week, the picture is scheduled to be held over for at least a fourth. The previous record for a four-week run at the Forum, formerly the Strand, was "Long, Long Trailer" in 1956.

★ ★ ★

Starring Sean Connery as the suave, indestructible Agent 007, the newest Bond picture features a villain obsessed with gold to the point where he is determined to rob all the gold bullion from - of all places - Fort Knox!

"Goldfinger" was filmed in England, where nothing looks even remotely like Fort Knox. A copy of the structure was erected on five acres at a cost of $100,000.

Saginaw to Cut Property Levy if Income Tax OK'd

SAGINAW (AP) — The Saginaw City Council has voted to reduce personal property taxes by four mills if voters next month approve a municipal income tax.

★ ★ ★

The proposed law levies a 1 per cent tax on residents, and a one-half per cent tax on nonresidents working in Saginaw.

The council also agreed to pay a $13,000 annual subsidy to the Saginaw Transit Co. The firm had claimed that declining revenues were forcing its buses off the streets.

Guest Was Exposed as Bare of Invitation

GASSELT, Holland (UPI) — The meeting of the Union of Rural Women ended abruptly last night when an uninvited guest—a naked man—walked in.

The bachelor shopkeeper who pulled the stunt was fulfilling a bet made with cronies in a saloon. Police arrested him for indecent exposure.

Almost $30 billion was invested in mortgages last year. This was about three times as much as all other long term investments combined.

$105 Million Invested in 15 Films

Movie Industry 'Thinking Big'

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — The American film industry, riding the crest of renewed prosperity, has invested $105 million in 15 movies with hopes of continuing the boom.

THOMAS

"Think big" has been the keynote of recent industry practice, the theory being that big pictures can mean big profits while small pictures seldom do. The system can bring near-disaster, as in the cases of "Cleopatra" and "Mutiny on the Bounty."

But epics like "Ben-Hur" and "The 10 Commandments" can buoy a company's fortunes for a year or longer. Nearly all of the major studios invested last year in large-scale films which will soon be testing their value.

Some are the road-show or hard-ticket attraction, which means they will be exhibited on a reserved-seat, advanced-price basis. Others will go into general release. All represent multimillion-dollar gambles.

Twentieth Century-Fox is the most bullish on the road-show films and will release three in 1965. They are:

"The Sound of Music," the final Rodgers and Hammerstein collaboration, starring Julie Andrews and Christopher Plummer. Estimate: $8 million.

"The Agony and the Ecstasy," the Sistine Chapel portion of Irving Stone's book on Michaelangelo, with Charlton Heston and Rex Harrison. Estimate: $8 million.

"Those Magnificent Men in Their Flying Machines," an early-day air epic with an international cast. Estimate: $7 million.

Biggest of the new epics is George Stevens' long-awaited "The Greatest Story Ever Told." He has steadfastly refused to reveal its cost, and United Artists also has been secretive about it. Trade observers place the eventual bill close to $20 million. The film premieres in Cinerama next month.

United Artists has another film planned for a Cinerama release, "The Hallelujah Trail," a knockabout Western with Burt Lancaster and Lee Remick. The cost is reported at $7 million. Another Lancaster film for United Artists, "The Train," ran far over its budget during shooting in France. The final tab: around $6 million.

Jubilant with returns from "My Fair Lady," Warner Brothers apparently felt few qualms about shelling out $12 million for "The Great Race." It is a wild chase with ancient automobiles and stars Jack Lemmon, Natalie Wood and Tony Curtis.

Universal has diverted from its steady diet of sex comedies to bankroll "The War Lord" at $5 million, the studio's biggest outlay since "Spartacus." It's a medieval adventure starring Charlton Heston.

MGM HAS THREE

MGM has three films in the $4 to $6 million class: "The Yellow Rolls-Royce" (Ingrid Bergman, Rex Harrison, Shirley MacLaine, etc.); "The Flight of the Sandpiper" (Burtons); "Operation Crossbow" (Sophia Loren, George Peppard).

Columbia is releasing "Lord Jim" (Peter O'Toole), which cost $5 million, and "Genghis Khan" and "Ship of Fools" at $4 million apiece. Paramount will issue Otto Preminger's "In Harm's Way" with John Wayne, Kirk Douglas, et al, probably at a $5 to $6 million cost.

ABC SCOPE, 10:30 p.m. (7) Half-hour documentary about convict condemned to die next month in electric chair at Cook County Jail, Illinois, and the warden of the institution who does not believe in capital punishment.

Will Appeal Conviction in Sodomy Case

Convicted of sodomy last month, a former Farmington Township physician yesterday was sentenced to 1½-15 years in the state prison at Jackson.

Dr. Fawzy Askar, 34, of King of Prussia, Pa., immediately appealed the conviction upon sentencing and was released on $5,000 bond.

A hearing on a motion for a new trial was scheduled for March 16 by Circuit Judge Frederick C. Ziem, who sentenced Askar.

The charge was brought against Askar by a 17-year-old girl whom he employed while operating a clinic at 14 Mile Road and Middle Belt between August and December 1963.

Askar was found guilty by a jury Dec. 18 after a nine-day trial. The maximum sentence for sodomy is 15 years.

Epidemic of Measles Expected in Detroit

DETROIT (AP) — Health authorities expect an epidemic of measles to hit Detroit this spring, based on past experience. Officials cited 151 cases already reported this year, compared with 15 cases for the same period a year ago. Epidemics usually occur every two years, says Dr. Charles Anderson, deputy Detroit health commissioner.

If you can jump three feet high on the earth, you could probably jump up 18 feet on the moon. The difference can be attributed to the pull of gravity which, on the moon, is less than on earth.

Gave Up More Than Smoking

NEW YORK (AP) — As a longtime chain-smoker who finally kicked the habit, Emerson Foote has emerged as perhaps the nation's foremost private citizen trying to get others to give up cigarettes.

Foote personally gave up a lot more than cigarettes in taking on his new endeavor.

★ ★ ★

He gave up a six-figure annual salary as head of the country's second largest advertising firm. He did it to avoid "conflict of interest" between his view that cigarette smoking is harmful and the company's profits from tobacco accounts.

Foote, 58, now is chairman of the National Interagency Council on Smoking and Health. He has been active in the health field for more than 20 years.

INCONGRUOUS

"My saying I wanted to speak out as a private citizen and then going into the council is sort of incongruous," he admitted Tuesday night.

"But at the time I left advertising, I had no idea of joining any council," he said. "That came later."

★ ★ ★

If you are invited to the Foote residence, he said, you will find plenty of ash trays and will be told to smoke if you wish.

"I am not carrying this thing out on an individual basis," he said. "I am seeking either to have the cigarette companies give up advertising on their own or get legislation passed to make them stop."

DISAPPOINTED

He said he was disappointed with the effect his and other efforts, including the government reports, have had on curtailing smoking.

"Up to this point, I don't think any of us have influenced very many people," he said. "As long as you have $200 million a year in cigarette advertising, it will be difficult."

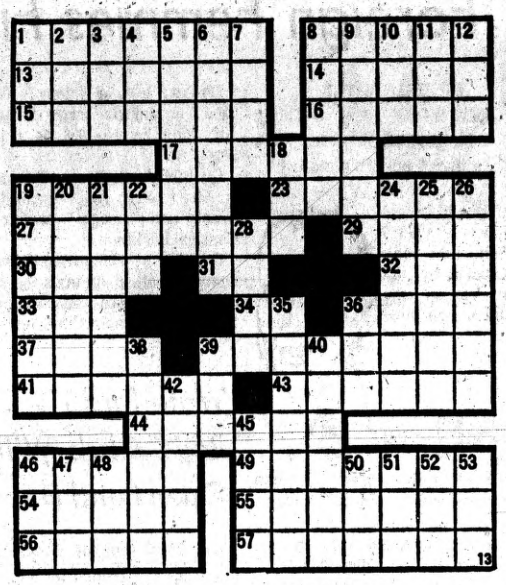

He said he considers smoking a hazard to a majority of the population, while whisky has a harmful effect only on a small minority.

Foote predicted that if advertising were cut and antismoking educational programs pushed, the number of cigarette smokers would be reduced by 75 per cent in the next seven years.

Last September he resigned from the McCann-Erickson advertising agency, saying he wanted to be free to speak out against cigarettes.

Answer to Previous Puzzle

Bewitching Dance Goddess Passes Earl Navel Secrets

By EARL WILSON

NEW YORK — I've done about everything in New York—so I went to belly dancing school.

"Serena" was the name of my truly beautiful sultry-looking, Turkish-type teacher. She had a wicked waggle in her leotard. She and Broadway agent Joe Williams were surprised that LBJ's Inaugural Gala isn't having a bit of belly dancing because, they said, bellies are sweeping the country like gittar-pluckin'.

WILSON

"I'm getting calls from Columbus, Detroit, Chicago, New Jersey, Los Angeles, Washington, Miami Beach, all over . . . for belly dancers to go on the road," Joe Williams said.

I had climbed the steps at "The Stairway to Stardom," W. 53rd St., next door to the Cat and Dog Hospital.

That lovely enchantress "Serena," with those torrid Middle-Eastern eyes, slid down on the couch beside me, to explain that the course runs 10 lessons.

"She is the true Arabic type," I thought, "with just narrow slits for eyes. Probably from Cairo or Beirut . . ."

★ ★ ★

"Serena" tossed her thighs provocatively. " For graduation," she said, "we give the students a jewel for their navel . . ."

"Lovely Serena," I said at last, "you of the sultry Turkish eyes and quiver, please tell me your real name."

"Confidentially?" she whispered . . . "But of course," I breathed back.

★ ★ ★

"Wilson," she said, "from where you used to live . . . up on West End Avenue."

★ ★ ★

THE MIDNIGHT EARL . . .

The Mills Brothers, who started out in Piqua, O., some 40 years ago, when I was a kid there, are a 1965 sensation at the Copacabana along with Comic **Dave Barry. Dave** cracked "I just signed a contract with **Billy Eckstine's** mgr. — to do 'personal disappearances' " . . . **"Gogi," of Delmonico's**, is getting married . . . Too bad about **Dick Shawn's** "Peterpat" closing. He was superb.

Joe E. Lewis is wearing another 54-carat star sapphire ring, replacing one he lost (which had replaced another one he'd lost) . . . **Anna Maria Alberghetti** and **Claudio Guzman** talked $440 worth, Thailand-to-L.A. . . . **Lawrence Welk** may come here to celebrate his 500th ABC-TV show; he started in '55 as Sid Caesar's "summer replacement."

★ ★ ★

REMEMBERED QUOTE: "Merely going to church doesn't make you a Christian any more than going to a garage makes you an automobile."—Billy Sunday.

EARL'S PEARLS: Burt Lancaster's movie, "Hallelujah Trail," is about 40 wagonloads of whisky. "Just think," said Burt, "—put a red ribbon around them and you have the perfect Christmas gift for Dean Martin."

George Cort complains that he can never get his girl to make up her mind. For instance, she still hasn't decided where they'll go New Year's Eve. . . . **That's earl, brother.**

(The Hall Syndicate, Inc.)

Trainee Pay Snags Detroit Youth Plan

DETROIT (AP) — Plans for training some 3,800 youths as part of Detroit's antipoverty program reportedly have hit a snag over a dispute in Washington on how much the trainees would be paid.

★ ★ ★

The problem was explained to the Common Council Tuesday by Robert Roselle, director of Detroit's Total Action Against Poverty (TAP) program.

★ ★ ★

Roselle said the planned work-training program for 3,800 teenagers has been halted by the insistence of national AFL-CIO officials on payment of the $1.25 an hour federal minimum wage to the trainees.

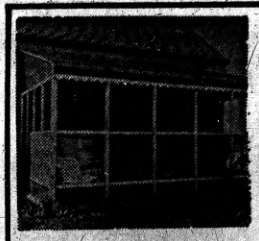

One Detroit program to give work experience to 2,300 out-of school youths called for a 90-cent starting scale, with five-cent raises every seven weeks up to $1.05.

FLAT RATE

In another program for 1,500 youths still in school, the Board of Education planned to pay a flat $1-a-hour rate.

★ ★ ★

Roselle said that paying the $1.25 minimum demanded by union officials "would remove the incentive for a trainee to go out and get a regular job."

SMOKING ISSUE — The English Speaking Union of Cleveland is fuming over a cigar in the left hand of this 1,800-pound clay model of Sir Winston Churchill. Some members feel the stogie is lacking in dignity. Sculptor William McVey, shown working on the model, has said he is willing to abide by the membership's wishes.

The last king of Portugal, Manuel II, died in 1932. The country was a monarch before becoming a republic in 1910.

The heir to the crown of Afghanistan is Prince Ahmad Shah, one of the seven children of King Mohammed Zahir Shah.

Cream of Caviar Complexion

Foreign Femmes Fish-Faced for Fashion

By HAL BOYLE

NEW YORK (AP) —Things a columnist might never know if he didn't open his mail:

Could you fall in love with a girl with a caviar smile? Well, this may sound fishy, but in Vienna the ladies are now using cream of caviar to improve their complexions. The goo sells for $12 a small pot.

BOYLE

Incidentally, West German women now spend $250 million a year on beauty products, an amount exceeded only by the women of one other country—the United States. The frauleins and hausfraus pay more for face powder and hair dye than they do for toothpaste and soap.

★ ★ ★

Turning to the other side of the world, we find another one-time war foe enjoying a prosperous peace: Tokyo now has more investment clubs than New York City.

If you worked your brain as hard as you do your heart, there is no telling what you might accomplish. Your fist-sized heart pumps five quarts of blood a minute, or 18 million barrels in 70 years.

Do you own a jalopy? The used car industry regards any auto built before 1958 as a jalopy.

Quotable notables: "Success is that old ABC — Ability, Breaks and Courage"—architect Charles Luckman.

One way in which man differs from the other animals is his tendency toward self-destruction. It is estimated that one of every 100 deaths in America is caused by suicide. A majority of people who take their own lives are between 55 and 64, and May and June are the months in which they are most likely to kill themselves.

Reminder: In case you like to plan ahead, Christmas will fall on Saturday in the year 1999.

SMALL POINT

How big is small business? According to the federal government's Small Business Administration, a small-business firm is one that has fewer than 250 employes or less than $5 million in annual sales.

America leads the globe in dentistry, but half the nation's 2-year-old kids have at least one cavity. By the time they are 45 one out of every four persons has lost all his teeth.

★ ★ ★

If your flashlight is growing dim, sandpaper both ends of the batteries. Then they should provide enough light so you can find your way out of the forest to a store when you can buy new batteries.

The Catholic Digest tells of an 8-year-old who wrote an essay on Quakers: "Quakers are very meek, quiet people who never fight or answer back. My father is a Quaker, but my mother is not."

GREATEST WORD

What is the greatest word in any language? Buddha thought it was equanimity, the great quality indicating evenness of mind, self-possession, and calm under stress or strain.

Lionesses usually are happier with their mates than human wives are. Lion keepers say this is because the king of beasts is a tremendous lover, and is kinder and more considerate toward his womenfolk than are most men.

It was Secretary of State Dean Rusk who observed, "One of the best ways to persuade others is with your ears—by listening to them."

Waterford Twp. Boys' Club Will Open Fund Drive

The Boys' Club of Waterford Township will launch its annual fund raising campaign Friday, according to Charles Sitton, executive director of the club.

First phase of the drive will be limited to business places, Sitton said. A house to house residential campaign is slated in the spring.

Nearly all of the club's $26,000 budget comes from the fund campaign. Its other sources of revenue are $1,000 from the United Fund and dues from members.

A total of $5,000 in the budget is earmarked for the building fund reserve.

Teen Gets Clipped and the Fur Flies

JACKSONVILLE, Fla. (AP) — The matter of an assistant school principal accused of clipping a 15-year-old pupil's head of wavy brown hair to the scalp is headed for court. The case may even involve the Florida Legislature.

The charge of assault is being brought by Mrs. E. H. Harper, mother of the student. She acted following a private hearing Monday by the Duval County Board of Trustees on the accusation against the school official, Siegfried Mark.

School trustees said Mark admitted clipping the hair last week of Jerry Harper, a ninth-grade pupil at Kirby Smith Junior High School.

The boy's lawyer, George Stallings, who is a state representative from Duval County, objected to the privacy of Monday's hearing.

★ ★ ★

He said he intends to end "this business of holding private hearings for teachers" by taking the matter to the state legislature.

Congress Gets LBJ Proposal on Immigration

Plan Based on Skill, Family Ties Would End Quotd System

WASHINGTON (AP) — President Johnson proposed a sweeping new immigration law to Congress today. It is based on an immigrant's skill and his family ties in the United States.

It would do away with the 40-year-old national origins quota system. Johnson called the quota system "incompatible with our basic American tradition."

Instead, immigrants would be selected on a first-come, first-serve basis, within a system of preferences based on work and cultural skills and family unity.

The bill is virtually identical to one proposed in 1963 by President John F. Kennedy. Johnson urged Congress today to give the revived bill priority consideration.

★ ★ ★

He said the proposed law "both serves the national interest and continues our traditional ideals."

FUNDAMENTAL BELIEF

"No move could more effectively reaffirm our fundamental belief that a man is to be judged — and judged exclusively — on his worth as a human being," the President said.

The bill, he said, would maintain safeguards against undesirables and excessive immigration, require all immigrants to meet U.S. security requirements, and ensure that no immigrants "could contribute to unemployment in the United States."

Unemployment figured strongly in one of the first congressional comments on the President's proposals.

★ ★ ★

Sen. John L. McClellan, D-Ark., said "I don't think we ought to let this country get flooded with immigrants. We've got enough of an unemployment problem as it is." He is a member of the immigration subcommittee of the Senate Judiciary Committee.

HART BILL

Sen. Philip A. Hart, D-Mich., promptly announced he would introduce a bill to carry out Johnson's recommendations and would ask for early Judiciary Committee hearings.

"The quota system should have been changed years ago," Hart said.

An administration source estimated passage of the law eventually would increase the average number of immigrants from 300,000 to 350,000 a year.

★ ★ ★

This would include those admitted by special legislation as well as the 165,000 falling under the new quota, plus immigrants from Western Hemisphere countries who are not subject to quota limitations.

Johnson estimated the new law would add about 7,000 to the 158,000 quota immigrants who now come to this country.

The new bill would abolish the ban against the mentally retarded or aliens with histories of mental illness. Such persons could be admitted if they are close relatives of U.S. citizens or aliens previously admitted.

HAVE 'BULL' BY HORNS — After spending a night stuck in the frozen water of a flooded meadow near Crescent Mill, Calif., this young buck deer was rescued by game wardens. The men brought the deer to safety by tossing a rope around its horns and dragging it to the edge of the woods. After a brief rest, the deer limped away.

Say Youth Admits to Killing Girl

DAYTON, Ohio (AP)—Police arrested a 20-year-old Dayton youth — who is a husband and father — yesterday and said he had admitted the slaying of a mentally retarded teen-age girl in a Detroit park last week.

The victim was beaten and stabbed 39 times.

Howard Thomas Manuel was arrested at his home, where he lives with his wife and two children.

Detroit police had alerted Dayton police to look for him because of a button found at the slaying scene.

★ ★ ★

Dayton detectives Paul Jennewein and Ralph Beutlen who arrested Manuel, said they found a brown car coat at Manuel's home with a button missing.

SAID TO MATCH

The coat's buttons allegedly matched the one found where the killing took place in Clark Park on Detroit's west side.

Manuel, who once worked in the Laundry at Dayton State Hospital (a mental hospital), said he had gone to Detroit to look for a job.

He said he stayed with his mother who lived in the same area as the victim, 16-year-old Betty Jean Smith.

Police said Manuel told them he saw the girl, who had the mentality of a five-year-old, on the street last Thursday night and went with her to the park

SITTING ON BENCH

The officers said they were told Manuel and the girl were sitting on a bench listening to her transistor radio when he "began to think how dirty women have been to me."

Manuel said, according to police, that he became enraged, threw the radio to the ground and "the next thing I knew, I was stabbing her."

Manuel reportedly told the officers he tried to rape the girl after she was dead but didn't succeed.

Detroit police had indicated she had sexual relations but did not know for sure if she was raped.

New Makeup Tests Idea of 1-Man, 1-Vote

Session Will Stress Education, Safety and Welfare Items

LANSING (AP) — Michigan's redistricted, reversed, renovated and refinanced legislature opened its 1965 session today with the usual hoopla of oath-taking and ceremony.

The gavel banged around noon on this second Wednesday in January for the start of a session almost certain to put major emphasis on education, mental health, government reorganization, workmen's compensation, traffic safety and various forms of relief for senior citizens.

See Story, Page B-12

The 110-seat House of Representatives and 38-seat State Senate are formed from new districts drawn last year after lengthy court tests and partisan battling over the eventually triumphant one-man, one-vote concept.

Thanks mostly to the revamping of districts and President Johnson's landslide victory, Democrats reversed the 30-year Republican hold on the legislature and gained powerful margins of 71-38 in the House and 23-14 in the Senate. A seat in each chamber is vacant.

Redistricting gave urban areas a bigger voice in state government at the expense of some rural locales. In general, this meant Democrats instead of Republicans.

CLOSE ADHERENCE

With district populations differing only about 2,000 in each chamber, Michigan is at present perhaps the state most closely adhering to the one-man, one-vote ruling of the U.S. Supreme Court.

The renovation and refi-

(Continued on Page 2, Col. 4)

Burch Step-Down Ends Barry's Hold Over Party

By WALTER R. MEARS

WASHINGTON (AP) — Barry Goldwater's conservative command of the Republican party was over today, a scant six months after it began.

Accepting a shift he once said would be "a repudiation of me," the former Arizona senator invited Ray C. Bliss of Ohio to take over the Republican National Committee chairmanship now held by his man, Dean Burch.

Burch, picked for the job after Goldwater won the Republican presidential nomination last July 15, said he would step down effective April 1.

The Republican National Committee, which gathers in Chicago in nine days, will act on the plan to have Bliss take over the committee reign, averting a showdown confidence vote on Burch's own tenure.

Announcing the settlement in Phoenix yesterday, both Goldwater and Burch insisted they could capture a committee majority in a showdown.

Privately, allies of the embattled chairman had conceded in advance this probably was not so.

★ ★ ★

In any event, Goldwater himself said Burch could not command "a clear working mandate."

GOP Power McKay, 81, Succumbs

GRAND RAPIDS (AP) — A Michigan political legend will be buried here Friday.

★ ★ ★

Funeral service will be held then for Frank D. McKay who rose from obscurity to positions of power in the world of politics, finance and industry.

McKay, one-time boss of the Republican party in Michigan, died yesterday in the Miami Heart Institute at the age of 81.

Death came from complication following a Christmas Day heart attack.

★ ★ ★

Attendants said McKay had several relapses and blood transfusions before he succumbed.

VAST FORTUNE

Controversial in the public eye and out, he compiled a vast fortune in banking and business holdings. Long a Republican party figure of power in the 1920s and 1930s, he was Michigan state treasurer for three terms from 1924 but broke with the party in 1948 to support the candidacy of Democrat G. Mennen Williams for Michigan governor.

Born here Nov. 4, 1883, McKay was one of 10 children of a poor Scottish immigrant family.

★ ★ ★

He took an interest in local politics first by organizing friends and associates to back candidates he favored. In 1906 he was appointed deputy Kent County clerk and Circuit Court assignment clerk and served many years in those posts.

GAIN CONTROL

In time, he led a group that gained control of the county Republican party.

To Begin Jan. 26 at PCH

Annual Cooking School Set

The sixth annual Pontiac Press Cooking School starts Jan. 26 and runs for four-day and two night sessions. It will again be held in the Pontiac Central High School auditorium.

This year, two home economists from Rural Gravure and two from Consumers Power Company in Pontiac will be presenting new ideas in food and cooking techniques.

Donna Puncochar who conducted the school last year is returning to conduct one day session. In charge of the second day session will be Marlys Fox.

Barbara D. Zimmerman and Harriet T. Cannon, both of the Pontiac utility company, will present the two night sessions, an innovation this year.

Three complete sessions of two days each make this year's cooking school different from previous years.

SESSIONS BEGIN

Daytime sessions begin at 1:30 p.m. with doors open at 12:30 p.m. The night sessions Jan. 27 and 28 start at 7:30 with doors opening at 7 p.m.

Tickets are free, but will be limited to no more than one ticket per day per person for any one of the sessions.

Prizes will be given away at the close of every session.

City Tax Vote Set for March

Official Commission Action Is Scheduled

Pontiac electors will vote March 18 on a proposed city income tax ordinance.

The City Commision agreed on the date at an informal meeting Monday following through on citizen petitions.

Official commission action is slated next week.

A self-appointed Citizens Committee on Taxation acquired more than the 1,433 signatures needed to petition for the March 18 referendum.

★ ★ ★

State law requires that the tax proposal be put to a vote if enough electors petition for one.

EFFECTIVE DATE

The March election will delay the effective date of the income tax until July 1, if it is approved by voters.

★ ★ ★

Thus, according to the commission, actual benefits from the new levy will not be realized until 1966.

Winter Proves No Pushover

Old Man Winter is getting tough. He's sending 1 to 2 inches of snow toward Pontiac today and said he will drop temperatures tonight from zero to 10 above.

Fair and cold, a high of 12 to 22 is tomorrow's forecast.

But cheer up, there's a chance of a light snow with a warming trend Friday.

Twenty-two was the lowest temperature in downtown Pontiac prior to 8 a.m. At 1 p.m. the mercury reading was 26.

OU Festival Gets $50,000

Area Couple Donors; '65 Chairmen Picked

A gift of $50,000 from Mr. and Mrs. George T. Trumbull of Bloomfield Hills to the building fund of Oakland University's Meadow Brook Festival was announced last night.

The announcement came at a dinner at OU for 300 key leaders of the performing arts center, gathered to hear plans for the festival's second year.

Semon E. Knudsen, 1964 chairman, revealed the gift and announced the 1965 chairmen, Mr. and Mrs. Rinehart S. Bright, of 335 Cranbrook Court, Bloomfield Hills.

Bright said that "objectives for 1965 can only be additions or improvements over last year and more or added musical offerings."

★ ★ ★

The gift from the Trumbulls of 365 Dunston will probably be used to erect permanent buildings for food service and the "scholarshop" on the festival grounds. Permanent seats may be installed in the Baldwin Pavilion.

SIX WEEKS

This year's season will cover six weeks in contrast to last year's four. Already 1,000 season tickets have been sold.

Starting July 8, the Detroit Symphony Orchestra will offer concerts on Thursday, Friday and Saturday evenings. Season tickets will be $15 and $9 for seats in the pavilion and $5 for grounds admission.

There may be a split series of tickets offered for either the first or last three weeks of the season, if all season tickets are not sold out.

See Story, Page B-1

Osteopathic College Drive Near Goal

"We're really nearing our goal in the osteopathic college drive," said Max Adams today, "and pay day lies directly ahead." The manager of the Pontiac Area Chamber of Commerce declared the sum pledged was within $7,100 of the goal.

"If you can pay your pledge now, please send the money to the Chamber of Commerce. If your pledge runs for three years, please see that we get the amount due at this time.

"In addition to pledges," declared the manager, "we must have as much actual cash as possible. Many were made with the understanding the money would be sent when the closing was at hand. We've reached that point.

"When we turn over the cash we have, we will have to borrow the balance and then pay interest. That's one of the reasons our original projection was a few thousand dollars short.

★ ★ ★

"In the next 10 days, we will close this deal for the site that will house a $6-million institution.

'GREAT BOOM'

"This $6-million institution constitutes one of the greatest booms Michigan has experienced in culture and employment in many a day.

"And to those who have delayed their first declaration to us, I want to say we need you now and need you badly. Please take the initiative and send your amount to me at the chamber.

"This is the last call."

Cost Up $5.8 Billion for Interstate Roads

WASHINGTON (UPI) — The 41,000-mile interstate highway system is going to cost nearly $6 billion more than expected, according to a Commerce Department report.

The report, being sent to Congress today, does not suggest where the extra money should come from. Truckers and motorists are expected to resist any increase in taxes they pay on fuel, tires and other items.

These revenues go into the highway trust fund, out of which the federal government pays nine-tenths of the cost of the interstate roads.

The report gives several reasons why the interstate system will cost nearly $47 billion instead of the $41 billion estimate made four years ago.

First, Congress decided in 1962 that interstate roads had to be built to handle traffic loads 20 years in the future instead of just through 1975. Extra lanes cost more money.

★ ★ ★

In addition, cities are finally getting around to building their interstate mileage. Land acqui-

(Continued on Page 2, Col. 1)

Pontiac Record Set for January Period

Pontiac Motor Division today reported that its dealers sold new cars in the first third of January at a record pace for the period.

Frank V. Bridge, Pontiac general sales manager, said 16,911 Pontiacs and Tempests were delivered in the Jan. 1-10 period, surpassing the previous record of 15,785 units set last year.

In asserting that Pontiac was headed for its best sales year ever, Bridge pointed out that sales in the first 10 days of January, on a daily rate basis, were 23 per cent better than in the same period a year ago.

Magazine Surveys Its Readers

'Most Protestants Support Integration'

NEW YORK (AP — A nationwide poll of 7,000 American Protestants showed today that a large majority of them support racial integration in church and also in residential communities.

But 52 per cent of those polled said they would respect the objections of neighbors by not selling their homes to a person of another race.

★ ★ ★

The poll, described as the first national survey of its kind, was taken by the Christian Herald magazine, an interdenominational Protestant monthly.

It distributed ballots with four questions for its 455,000 readers across the country and received replies from 7,000.

RESPONSES

The questions — and responses to them — were as follows:

1. In your community would you object to a person of another race as your next door neighbor? Seventy-four per cent said no, 23 per cent said yes, and 3 per cent were undecided.

★ ★ ★

2. In your community, would you sell your house to a person of another race if your neighbors disapprove? Thirty-four per cent said yes, but 52 per cent said no, and 14 per cent were undecided.

★ ★ ★

3. In your church, if a person of another race applies for membership and meets the qualifications, would you personally accept him? Eighty-one per cent said yes; 18 per cent said no; 1 per cent was undecided.

★ ★ ★

4. In your church, if a person of another race were a member and qualified, would you vote for him for church office? Eighty-eight per cent said yes, 10 per cent no, and 2 per cent were undecided.

TOP OF LIST

The Rev. Dr. Daniel A. Poling, the magazine's editor, said in a state-by-state computation of the "tolerance rank" showed Alaska, Hawaii and Utah at the top of the list, and at the bottom, Alabama, Mississippi and South Carolina.

At the top, in Alaska, 100 per cent were agreeable to interracial residential communities, church membership and church office-holding, and 78 per cent would sell houses to buyers of another race even if neighbors objected.

★ ★ ★

At the bottom, in South Carolina, 31 per cent supported integration in residential communities, 30 per cent in churches and church offices, and 12 per cent would sell their houses to persons of another race even if neighbors objected.

Commenting on the study, Methodist Bishop Gerald Kennedy of Los Angeles said it shows that "except for a few isolated places most Americans now believe that a man's worth is not to be determined by his color.

★ ★ ★

"This is good news and it says that we have made more progress toward brotherhood and racial integration than some of the news stories would intimate."

U.S. Prison Population Drops Again in 1964

WASHINGTON (AP)—The population of the nation's federal prisons dropped more than 6 per cent in 1964.

It was the second consecutive year in which the number of prisoners was reduced, Myrl E. Alexander, director of the Bureau of Prisons said today in a year-end report to acting Atty. Gen. Nicholas Katzenbach. The drop from 23,000 to 21,500 followed a 4 per cent decline in 1963.

Suspect Surrenders

DEARBORN (AP) — Louis Mitchell, 61, wanted on a first-degree murder warrant in the fatal shooting of a Dearborn bartender, has surrendered to New York police. Mitchell is accused of killing Eugene Walinski, 37, in an argument Jan. 2.

Antismoking Guide Is Sent to Schools

EAST LANSING (AP) — Trying to stop cigarette smoking where it often starts—in the teen-age years—the Michigan Health Council has sent out 25,207 copies of a school guide for teaching about smoking.

"Research on adolescent learning about cigarette smoking has shown that scare tactics, 'preaching', and adult pressure have not been successful in influencing student decisions; however, learning does influence behavior," the guide says.

"The facts should be permitted to speak for themselves," it says.

The council said Tuesday that copies of the 32-page guide, "Smoking and its Relationship to Health and Disease," have gone to more than 5,500 public and parochial schools for use in grades 5-12.

It said students and teachers in a pilot project on tobacco education in Detroit were so impressed with the guide that they recommended it be made available to all Michigan schools.

The guide was prepared by Dr. Elizabeth Lockwood Wheeler, a professor of health education at Central Michigan University. She also is chairman of the committee on smoking education for the school health section of the American Public Health Association.

'Must Settle School Aid Feud'

WASHINGTON (AP) — Rep. Adam C. Powell says the church-state issue that has stymied federal school aid legislation for years is going to be met head-on this year.

Powell, New York Democrat who heads the House Education and Labor Committee, told a news conference Tuesday the controversy over aid to parochial schools can no longer be allowed to block all education legislation.

Powell made his comments in discussing President Johnson's $1.66-billion education program, which was laid before Congress Tuesday. Prompt action by Congress is assured, but what form the legislation will take is highly uncertain.

Although Johnson's announced aim of improving the quality of education in low-income areas was generally approved by members of Congress, educators and the Roman Catholic hierarchy, it was clear that basic differences between them remain.

MAIN SOURCE

The main source of potential trouble lies in Johnson's pronouncement that the program should benefit "all children within the area served," coupled with the condition that the federal funds would go to the states for distribution to school districts.

Johnson, other than urging the public and nonpublic schools to cooperate on projects of benefit to all children, gave no guidelines as to how they should proceed.

Most advocates of public school aid, including the National Education Association, largely ignored the matter. The NEA, in a statement lauding Johnson's program, spoke only of its proposals for the public schools.

But to Rep. Hugh L. Carey, D-N.Y., a Catholic and a member of Powell's committee, there was a glaring inconsistency in Johnson's proposal to finance a program of benefit to all children — meaning those in public and private schools — through the states.

"If you put it through that strainer, you lose all the juice," commented Carey to a reporter. "In 48 states, either by law or policy, public funds cannot go to private schools."

The issue will be met early in both the House and Senate. Powell and Sen. Wayne Morse, D-Ore., who will handle the bill in the Senate, introduced it at once.

Cutie With 'Cures'

She's a Bewitching Doctor, Africa Style

By DENNIS LEE ROYLE

JOHANNESBURG, South Africa (AP) — There's an angry stirring among the witch doctors of South Africa. Thousands of them still profitably engage in age-old jungle crookery.

It's all over a pert African woman who appears to have crashed this lucrative business and made a small fortune.

★ ★ ★

Sarah Mashele has set tongues wagging among the witch doctor clan. Most of them deplore her deviation from the customary ritual and tribal dress, which for generations has been one of the mainstays of African sorcery.

★ ★ ★

She may even find herself expelled from the powerful Witch Doctors Circle — the unofficial union.

For generations witch doctors have dressed the part — garbed in monkey skins, generally well infested with moths. Fetish objects take the form of spirit bones. These once were human but nowadays any animal bones serve.

USUAL REGALIA

A headdress of beads, feathers, mouseskins and beer bottle tops completes the usual witch doctor's regalia.

Mrs. Mashele, however, prefers the modern touch — high stilleto shoes, pompadour hair wigs and the latest dress creations, preferably from Paris.

The bracelets, earrings and necklaces she wears are all top quality gold, studded with real gems.

Her latest acquisition, a $5,600 automobile, really had the witch doctor fraternity hopping mad.

ARDENT FANS

Her area is the sprawling African township of Soweto, which borders bustling Johannesburg. She has thousands of ardent fans dedicated to her mystic powers.

Friends guess she's in the late 20s. Female witch doctors decline to discuss this personal matter.

She looks like a model as she glides her way through the upper class fashion houses of Johannesburg.

She has discarded the wild mumbo jumbo incantations generally associated with witch doctors. Her voice, friends say, is like honey.

But she still retains the use of bones which she manipulates much in the same way as a fortune teller uses cards.

★ ★ ★

Although she only started a couple of years ago, her fame has earned her thousands of clients and lots of money.

Her Soweto Township home is always crowded with African men and women whose problems range from tearful love affairs to troublesome mothers-in-law.

She has suffered one humiliating setback. She was called recently to assist in a murder case. The corpse of a woman, minus the head, was found in a Johannesburg lake.

SEARCH FOR HEAD

Deviating from her usual fashionable dress, she turned up in tribal garb and pointed out the spot where the head was to be located. Police spent days dragging the area. The head finally turned up in another lake miles away.

Hoover Holds Mirror to Spirit of America

Crime and subversion are formidable problems in the United States today because there is a dangerous flaw in the Nation's moral armor. Self-indulgence — the principle of pleasure before duty — is undermining those attributes of personal responsibility and self-discipline which are essential to our national survival.

HOOVER

Such was the essence of an address recently delivered by FBI Director J. EDGAR HOOVER as he pointed to a steady increase of assaults on police acting in line of duty and instances of citizens indifferently standing by as fellow beings were assaulted or murdered.

★ ★ ★

Singled out, too, as contributing to the nation's moral decay are the machinations of crime syndicates, labor racketeers, dishonest businessmen, unscrupulous politicians and those criminal lawyers whose ethics are lower than the lawless deeds of the clients they serve.

HOOVER alluded to the guidelines established for future generations when GEORGE WASHINGTON declared: "The administration of justice is the firmest pillar of government." And, he asked, "what has happened to that 'firm pillar' in the intervening 175 years?"

★ ★ ★

Far too often, was his opinion, it has been weakened by impractical theorists, emotion-blinded pressure groups, warped idealists and self-serving politicians. Misguided leniency, including pardons, parole and probation for unrepentant and unreformed offenders, prevail in many jurisdictions — as does the use of loopholes, technicalities and delays in the law which benefit rogues at the expense of decent members of society, HOOVER went on.

"The Founding Fathers of our Republic were staunch patriots who put common good and righteous cause above all other considerations. They were men of deep religious conviction — men who knew that it is the divine order in man which enables him to be free. William Penn recognized this vital truth nearly 300 years ago when he proclaimed: 'Those people who are not governed by God will be ruled by tyrants,'" said the FBI chief.

★ ★ ★

Coming from the head of the greatest law-enforcement agency in the world, these words have great significance and are worthy of the sober consideration of every American.

Report From Sillyville: May Be 'Taxreceivers'

To get 1965 off to a vying start, a government that is already paying farmers not to raise crops is, according to report, toying with the idea of paying people NOT to pay income taxes.

★ ★ ★

Don't laugh—it's not as funny as it sounds . . . or maybe it's funnier than it sounds.

Using the short form, here's how it would work.

Mr. Zilch, with wife and four children, makes $2,500 a year. But his built-in exemptions and credit for dependents comes to $4,400—$1,900 more than he earned.

But, reasons the government tax force wrestling with the problem, why shouldn't HE be paid on the amount he was short of earning enough to pay taxes on?

★ ★ ★

Since he would have paid taxes at the rate of 15 per cent on the $1,900 had he earned it, shouldn't he be paid at the same rate on the $1,900 he didn't earn?

Fifteen per cent of $1,900 would be $285: Therefore, Mr. Zilch could expect a check from Uncle Sam in that amount for not earning it to pay taxes on.

That faint, unearthly sound you hear is CALVIN COOLIDGE, the century's leading exponent of government thrift, turning over in his grave.

THE Administration's move to abolish poverty may not be altogether altruistic. One purpose may be to make taxpayers out of everybody.

GOP Searching for Party Aim

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON — Republicans are like a family searching for what's left of its valuables after an explosion although the explosion of the 1964 election was only their most recent disaster.

MARLOW

They had reached that point in American history where the voters treat them as a kind of secondary group, handy to have around but to be called upon or listened to seldom.

And the family is scattered, as the election showed when Republicans were divided into Goldwaterites, anti-Goldwaterites and half-hearted Goldwaterites.

Now, in an effort to build a single shelter comfortable for all the uncles, cousins and aunts, two Republican congressional leaders, Sen. Everett M. Dirksen of Illinois and Rep. Gerald R. Ford of Michigan, propose:

A brain trust of the party's five presidential candidates still alive, 11 Senate and House leaders, five representatives of the Governors' Association, and the chairman of the GOP National Committee.

★ ★ ★

What they're seeking, although they don't put it this way exactly, is a sense of direction which could provide a rallying point for themselves and their party.

NEVER-ENDING SEARCH

It has become a never-ending search, going back over more than a generation, and they have paid a heavy penalty for not having found it.

The outcome of the last election, in which Republicans not only did not win the presidency but suffered big losses in Congress, was not a surprise. It was just an exaggerated repetition which illustrated their dwindling condition.

Yet, even that may not be enough to glue Republicans into some kind of unity in philosophy or action or agreement.

★ ★ ★

Dirksen said the brain trust, called the Republican coordinating committee before it is actually created, is designed "to achieve a broad consensus on vital objectives for our country and our party."

This is Dirksen's euphemism for sense of direction.

IN THE NEXT BREATH

But in the next breath he made clear that House and Senate Republicans will write party policy. What's left then for the coordinating committee to coordinate if Republican congressional leaders will do as they please?

★ ★ ★

It could amount to no more than making those Republican presidential candidates—Alfred M. Landon, Thomas E. Dewey, Eisenhower, Richard M. Nixon and Goldwater—feel good to know they were remembered at all.

Crazy, Man, Crazy!

David Lawrence Says:

School Program Radical Change

WASHINGTON — The significance of President Johnson's message to Congress on federal aid to education may not be apparent immediately, but it represents a most radical change in the financing of public education in America.

LAWRENCE

Although Mr. Johnson's message doesn't spell it out, the plan he proposes represents another important departure from existing practice.

For the first time, federal money is going to be made available to help meet some part of the heavy financial burden on the Catholic church and other denominations which maintain private schools.

The phraseology of the message is abstract in many parts. But the meaning is unmistakably clear — the administration intends to aid education in certain respects irrespective of some of the previous quibbles about the "separation of church and state."

★ ★ ★

Mr. Johnson's program goes beyond that which had been proposed by the late President Kennedy.

LIBRARY BOOKS

Mr. Johnson is recommending, first of all, legislation to authorize federal grants to states to assist in the purchase of books for school libraries and for student use "to be made available to children in public and private nonprofit elementary schools."

But there is also a broad hint that a differentiation between students attending religious and nonreligious schools will disappear in what are known as "supplementary centers," where special courses will be taught and instruction in certain subjects will be given "during the summer for economically and culturally deprived children."

There is a reference also to special assistance after regular school hours.

Another recommendation states that the "supplementary center" will be aided in providing such services as "common facilities that can be maintained more efficiently for a group of schools than for a single school — laboratories, libraries, auditoriums and theaters."

★ ★ ★

The message further promises financial assistance "for the benefit of all children within the area served, including those who participate in shared services or other special educational projects."

★ ★ ★

Congress is going to be under plenty of pressure, from both those who want to see students from parochial schools aided still more and from those who do not want any federal money spent for this purpose.

Cooper favors this reform, but because it has invariably met with a senatorial cold shoulder, he will confine his second resolution to enforced listing of outside business connections. By divulging the concerns in which senators and employes have financial interests, the public could judge whether their votes and actions were above reproach.

★ ★ ★

The need for tighter control on lobbying was also posed by the Baker probe. Cooper points to testimony that several witnesses who had not bothered to register as lobbyists were nevertheless "flitting in and out of Congress trying to influence legislation."

★ ★ ★

Who would have thought last summer that his resolution calling for a watchdog committee on senatorial ethics could pass overwhelmingly on the same day it was introduced?

(Copyright 1965, New York Herald Tribune Syndicate, Inc.)

Capital Letter:

Senate's Tarnished Image May Get a Face-Lifting

By RUTH MONTGOMERY

WASHINGTON : The Senate's tarnished image as an exclusive club of wheeler - dealers may undergo a needed face-lifting as a result of resolutions which Sen. John Sherman Cooper R - Ky., will introduce late this week.

RUTH MONTGOMERY

The father of the new Senate Committee on Ethics, who sits on the badly outvoted Republican side of the Bobby Baker investigation, disclosed that he is readying a three-pronged attack on further abuses of the type exposed by the Baker case.

Knowing the difficulty in effecting such reforms by passing bills through both houses, he will simply push for Senate rules changes under which:

- No campaign contributions could be handled by any employe of the Senate.
- Every senator and staff member would be required to divulge his outside business interests.
- The General Accounting Office, an arm of Congress, would be given the authority to administer and enforce the lobbying act.

The rules committee's foot-dragging investigation has produced charges that large sums of cash were channeled through the free - wheeling Baker while Lyndon B. Johnson was majority leader, and other friends served as chairmen of the Senatorial Campaign Committee.

Republicans have a similar campaign committee for the purpose of soliciting and distributing funds among members running for reelection and Cooper's first resolution would keep the cash out of reach of nonelected employes.

The specter of conflict of interest raised by the Baker case prompted several senators to introduce legislation to force public disclosure of the bank accounts and personal assets of senators and employes.

Voice of the People:

'Crime Riddled Society Persecutes the Amish'

The Amish farmers in Camden are honest, hard-working people who have practically no crime, delinquency or professional welfarers, and only ask to be left alone to pursue their chosen way of life. They are being relentlessly persecuted by a society riddled with crime, juvenile and adult delinquency, welfare chiselers, divorces, and schools that turn out thousands of high school graduates with no preparation to earn a living.

★ ★ ★

For their purpose, the Amish method of education works, which is more than can be said for our rigid system of trying to force all students into the same mold.

Urges Resisting Dangerous Legislation

Free enterprise differs from socialism in that if any enterprise is made in socialistic societies the state makes it. If you can produce you produce for the common "good." If you can't or won't work, the "good" comes to your aid.

★ ★ ★

With this new advance into a greater, healthier society, society will think for you, and if you become ill you won't have to worry about doctors' bills. Write to your congressman urging him to resist dangerous legislation.

A PRESS READER

'Businessmen Favor the Kerr-Mills Act'

Our independent business proprietors believe the Kerr-Mills Act which provides for joint Federal-State programs to provide medical care for the indigent aged is the most feasible way. This attitude is reflected in a poll by federation on the issue whether or not the Congress should provide financial aid to retired people who desire to enroll in privately operated medical insurance programs, but lack the means with which to pay the premiums.

★ ★ ★

The independent businessmen voted against this by a majority of 68%, with 26% in favor, and 6% undecided. Previously the businessmen have voted against the medicare plan by a majority of 83%.

Comments on Wide Track Drive Lights

I'm glad the light at Wide Track Drive and West Lawrence was installed. This light and the one at West Pike need to be regulated so pedestrians have time to cross without running. Some of us are not so young, and crossing Wide Track Drive is like crossing two ordinary streets.

Away We Go . . .

The Chicago Tribune

One of our Wisconsin friends offers this wrapup of the State of the Union speech: "L. B. J. sounds like Jackie Gleason: 'And away we go; how sweet it is.'"

Recent Affairs

The Atlantic Monthly

President Johnson's principal challenges and opportunities are in the foreign field. His skillful exercise of domestic leadership during his first year in office brought extraordinary successes. The war in Viet Nam, the strains in the Atlantic alliance, the persistent problems in Latin America do not always respond to reason, logic, or persuasion. Yet the highest qualities of leadership are demanded. Too many decisions were postponed following the tragedy in Dallas.

★ ★ ★

Because the conflicts with President de Gaulle would seem to be the least necessary and the ones most subject to understanding and compromise, President Johnson has yearned for a meeting. But his hope met opposition from his principal advisers. They were disturbed by his eagerness to reason with de Gaulle: they were afraid that the concessions would be from the American side. They know that at some point a meeting may be necessary to prevent the appearance of aloofness.

But in the State Department and the American embassies there is almost universal conviction that the famous Johnson technique of "reasoning together" would bring few positive results in Paris now. Any compromise with Gaullism would be at the expense of the other members of the alliance.

★ ★ ★

Between them and the United States there is wide agreement and a mutual opposition to the fragmenting policies of the French President. Fourteen of the fifteen members of NATO are strongly committed to it and want to see it strengthened. They do not want the United States to take the lead in weakening its commitments to please de Gaulle.

The President's foreign policy advisers believe patience may be the best weapon. They want the President to cooperate with the majority in Europe without entering into unnecessary quarrels with General de Gaulle.

★ ★ ★

While the General may think that the United States seeks hegemony in Europe, and while he does wish to weaken the American presence there, the other countries disagree. Through his obstructionist policies the French leader may be attempting to gain only tactical advantages. It is hard to believe that de Gaulle seriously wants to wreck the supranational organizations that have given Europe its greatest hopes for peace. The United States must think not in terms of compromise with de Gaulle, but in terms of undeviating adherence to the central idea of unity and Atlantic cooperation.

★ ★ ★

The fact that the most difficult European problems are within the Atlantic community rather than pressing upon it from outside is a measure of the success and strength of the Alliance. Because of its achievements, the world today is vastly different from what it was when Khrushchev handed President Kennedy an ultimatum on Berlin or when he tried to install nuclear weapons in Cuba. The Communist world is more divided. Moscow's domestic problems are more acute than when Khrushchev and Kennedy met in Vienna.

★ ★ ★

If there had not been the victories and achievements in the West, made possible in large measure by the success of the combined Western effort, there would not be the deterioration of relations between France and its allies. Yet even those like de Gaulle who question the importance of Alantic solidarity still rely upon it. Washington believes that it is the first imperative. To strengthen it the Administration knows that closer defense arrangements are required to supplement economica and political ties.

A French man, Francois Fontaine, put the entire argument in a few eloquent words: "The true common interest of Europe and America lies in this zone where life and death are at the mercy of an error. It remains only to find the common rules which will ensure that men on both sides of the ocean have simultaneously the same concept and reflexes of self-preservation.

"The problem is not easy when all the means of protection are on one side — which from our viewpoint is the other side. But it is pointless to attack this or to disguise it. The significant strength will not be European. It will remain American so long as we lack a form of association in which the moral and physical conditions for the security of the one side are fused with those of the other."

★ ★ ★

It has been said that President Johnson understands the uses of power as well as any leader of modern times. The President demonstrated his capacity for the exercise of power in his struggle to hold the country together after the Kennedy assassination and in his successful fight against the Goldwater rebellion. For these two achievements historians will judge him well.

Interest on Mortgage Fully Deductible

Home Owner Can Be Joyful at Tax Filing Time

By RAY DE CRANE
Newspaper Enterprise Assn.

One of the greatest joys of home ownership is realized at income tax filing time.

A real glow of satisfaction spreads over the face of the otherwise grumbling taxpayer as he spreads out on the desk in front of him a pile of 12 mortgage payment receipts.

As he scans each receipt he copies down just one figure from each slip and then carefully adds the 12 entries.

He is eagerly totaling the interest he paid during 1964 on his home mortgage and for just that one night he wishes it were even higher.

★ ★ ★

For every penny of his interest charges is fully deductible on his income tax return.

Home owners who are paying off a sizable mortgage usually elect to itemize their deductions instead of selecting either of the two options—the standard deduction which allows 10 per cent of income up to a maximum of $1,000, or the new minimum standard deduction which permits a settlement of $200 plus $100 for each exemption.

One Joy Of Home Owning

MANY KINDS

While mortgage interest is the biggest interest item when deductions are being totaled there are many other kinds of interest, all of which can be used to reduce the amount of tax you will pay.

Did you buy a new or used car on time last year? Borrow from a bank, savings and loan, credit union or finance company to consolidate debts, improve your home or buy new furniture?

If so, the interest you paid on the use of the money is deductible. How about a loan for a college student's tuition? Interest paid to Internal Revenue for late payment on last year's taxes? These amounts, also, are fully deductible.

★ ★ ★

Carrying charges and service charges on many types of installment payments pose a problem for many taxpayers.

ALLOW 6 PCT.

Where the actual amount of interest is not shown on such a contract Internal Revenue will allow as interest 6 per cent of the average monthly balance. Here is how to arrive at this allowable interest figure when preparing your own tax return:

Gather together all your monthly statements from department stores, finance companies or any other firm with whom you made an installment purchase contract. Total all the monthly balances.

Divide this total by 12 to obtain the average monthly balance. Multiply this figure by 6 per cent and that is your allowable interest. Enter it on your tax return as "Interest on installment purchases."

★ ★ ★

Many home mortgage notes contain a penalty clause which calls for the payment of an additional interest charge if the mortgage is paid off prematurely, generally with five or 10 years after the mortgage is entered into.

Such accelerated payments are not common in most households but the rule can apply should the home be sold within the penalty period. For at the time of the sale the mortgage is fully paid off through the funds placed in escrow.

If you sold your home last year and you still had a sizable mortgage on it, better check your escrow statement. If you paid a penalty for early discharge of the mortgage this is additional interest which you may deduct on your tax return.

(NEXT: Those Deductible Taxes.)

You can get additional, valuable tax help from a new 64-page book "Cut Your Own Taxes," available only through The Pontiac Press.

The book contains all of the information included in the series appearing in this newspaper PLUS much more. To order a copy send your name, address and 50 cents to "Cut Your Own Taxes," in care of The Pontiac Press, P.O. Box 489, Dept. A, Radio City Station, New York 19, N.Y.

Pleads Guilty in 2 Slayings

Detroiter Admits He Killed Virginia Police

FREDERICKSBURG, Va. (UPI)—Bruce Walter Leikett, 26, of Detroit was found guilty of murder yesterday in the slaying of two Fredericksburg police officers last year.

Leikett had pleaded guilty in the deaths of Sgt. Roy Wright, 31, father of three, and Patrolman William F. Mines, 27. They were found shot to death in a Fredericksburg parking lot May 5.

Judge S. Bernard Coleman heard the case without a jury and deferred sentencing until Jan. 20. Leikett had pleaded guilty on both murder counts.

He was found guilty in a trial Oct. 20, 1964, of the murder of Sgt. Wright and was sentenced to death. However, the verdict and sentence were vacated on a technicality. Later, when indicted in the death of Mines, Leikett entered a guilty plea in both cases.

★ ★ ★

Leikett had been paroled from the federal prison in Lewisburg, Pa., only four days before the predawn double slaying in Virginia.

DETROIT CRASH

Police captured him in Detroit May 8, when the stolen car he was driving collided with another vehicle, killing motorist Joe Ferrell, 21.

Priests to Get Pay Increase

ATHENS (AP)—Premier George Papandreou has promised Greek small village priests a pay raise.

Starting Jan. 1, priests in villages of not more than 1,500 population will get 500 drachmae increase ($16.66) in their pay which now averages 1,000 drachmae ($33.33) a month.

The priests, numbering about 150, had threatened to resign if their pay was not increased.

Most Key Changes Fractional

Stock Mart Irregularly Higher

NEW YORK (AP)—The stock market showed an irregularly higher trend in fairly active trading early today.

Changes of most key stocks were fractional.

★ ★ ★

No particular leadership was displayed by any stock group and there was some profit taking on Tuesday's strength.

SALES UP

Ford eased despite a report that its early-January sales were 20 per cent above the year-ago period. Chrysler gained a fraction. General Motors declined slightly.

Aerospace issues continued a little lower but slowed their swift decline of the preceding session which was attributed to a forecast of lessened aerospace spending by the government in the years ahead.

★ ★ ★

Gains of about a point were made by International Harvester, Polaroid and Pfizer.

Texas Gulf Sulphur recovered more than a point of Tuesday's 2¾-point drop.

HIGHER

Airlines continued slightly higher.

Homestake was firm as gold mining stocks halted their recent retreat. Drugs continued a little higher. Steels were narrowly mixed.

Rails were mostly higher.

★ ★ ★

Opening blocks included: Pennsylvania Railroad, up ¼ at 40 on 6,200 shares; Chrysler, up ½ at 60¾ on 5,000.

AVERAGE

Tuesday, the Associated Press average of 60 stocks rose 1.0 to 328.5.

★ ★ ★

A generally higher trend prevailed on the American Stock Exchange.

The New York Stock Exchange
