ARRAIGNED TODAY—Jay D. Mead, 27, charged with first-degree murder in the fatal shooting of an Avon Township man last night, leaves the Oakland County Jail for arraignment this morning. Escorting Mead, who escaped from the North Carolina State Prison Oct. 3, are detectives Everett Fredericks (left) and Alphonse Anderson.

Avon Man Is Fatally Shot During Tavern Argument

A 24-year-old Avon Township father of two died in St. Joseph's Mercy Hospital early this morning, some five hours after being shot in the chest during a tavern argument.

The dead man was identified as Eugene W. Franzel of 3494 Auburn.

Also shot was Robert R. Fosmoen, 26, of 3984 Crooks, Avon Township. He is listed in satisfactory condition following early-morning surgery.

FRANZEL

Arraigned on a charge of first-degree murder before Avon Township Justice Luther C. Green was Jay D. Mead, 27, a former Avon Township resident.

Mead demanded examination on the charge and it was set for Nov. 2 at 9 a.m.

Mead was hitchhiking when first picked up by two uniformed Avon Township officers on special patrol in an unmarked car about a half mile from the scene of the shooting.

The officers — who said they had heard there was "some trouble" at Jay's Bar — drove back in the direction of the tavern and were met by sheriff's deputies and two Pontiac Township officers.

Mead was ordered from the car by detectives who searched him and found a gun.

Capt. Leo Hazen said Mead escaped Oct. 3 from the North Carolina State Penitentiary after serving five months of a 12-16 year sentence for armed robbery.

Arrested with Mead was his 22-year-old wife, Sara. She was charged with carrying a concealed weapon, said by Hazen to be the gun with which Franzel and Fosmoen were shot.

Sheriff Frank Irons, who conducted the earlymorning investigation at the bar near Auburn and Rochester roads, said the shooting followed an exchange of words and some "pushing and shoving" between Mead, Franzel and Fosmoen.

ARGUMENT STARTS

The argument apparently started when Mead took exception to remarks made to three women sitting at a table with Mead and his wife, according to witnesses.

Hazen said Mead fired three times from a 32-caliber nickel-plated revolver.

Franzel was admitted to the hospital in critical condition and died on an operating table at 2 a.m.

Hazen said Sara Mead is also sought by Macomb County authorities for an armed robbery allegedly commited with the assistance of her husband before his imprisonment.

Wilkins Freed; Vow to Try 2

HAYNEVILLE, Ala. (AP)—Alabama's Atty. Gen. Richmond Flowers says two other Ku Klux Klansmen will be tried on murder charges despite the acquittal of a third in the civil rights killing of a white Detroit housewife.

Flowers, the state's chief legal officer, commented after Collie Leroy Wilkins Jr., 21, was freed by a Circuit Court jury late yesterday. The five-day trial was Wilkins' second for the murder of Viola Gregg Liuzzo, 39.

The first ended in a mistrial with a deadlocked jury.

A jury of 12 white men, which included four men challenged by Flowers for prejudice, reported the acquittal verdict after deliberating about an hour and 45 minutes. The defendant, a crew-cut, baby-faced Fairfield, Ala., mechanic, smiled broadly.

The verdict was greeted with applause by a crowded courtroom in the century-old Lowndes County courthouse, built with slave labor.

The spectators included the other two Klansmen who Flowers said will be tried, Eugene Thomas, 42, and William Orville Eaton, 41, both of Bessemer, and Wilkins' middle-aged parents.

CHARLES A. SPARKS

Death Claims Treasurer, 73, in 17th Term

Oakland County's long-time treasurer, Charles A. Sparks, died last night at Pontiac General Hospital.

The 73-year-old "iron man" of the county Republican party was serving in the first year of his 17th consecutive term — 33 years — in office.

He had entered the hospital Oct. 15.

Sparks of 7010 Hatchery, Waterford Township, operated a real estate and insurance office in Pontiac for 12 years prior to being elected to his first term in 1932.

★ ★ ★

A native of Knoxville, Tenn., Sparks came to Pontiac in 1915, first working for the Oakland Motor Car Co., the forerunner of Pontiac Motor Division, and then as an automobile salesman.

CLUB MEMBER

Sparks was a past exalted ruler of Pontiac Elks Lodge No. 810, and a past president of the Pontiac Exchange Club, Oakland County Sportsmen's Club and State Association of County Treasurers.

★ ★ ★

He was also a member of the National Association of County Officers and of the National Association of County Treasurers and Finance Officers.

His body will be at the Wint Funeral Home, Clarkston.

LBJ Decides to Fly to Texas to Recuperate

WASHINGTON (AP)—President Johnson decided today to fly to Texas to continue convalescing from his operation.

The President got in some more "cleanup work" and talked with Senate Democratic Leader Mike Mansfield on the just concluded congressional session and with Secretary of State Dean Rusk on foreign policy matters. (Earlier story, Page B-4.)

89th Congress Ends Session

Sugar Quota Issue Is Last Item Passed

WASHINGTON (AP)— The 89th Congress adjourned for the year today with a landmark record of civil rights, education, health care and other "Great Society" legislation.

The 9½-month session came to a dramatic end shortly before 1 a.m. when the Senate, its ranks thinned by early departures, managed a quorum and passed the sugar quota bill.

This last obstacle to adjournment was approved 41 to 10 after anxious leaders managed to round up 51 senators, a bare majority.

A half-hour earlier, the Senate was two members short of a quorum when the sugar bill was first put to a vote.

★ ★ ★

The House had passed the bill 174 to 88, and was waiting on the Senate.

NEAR IDENTICAL

The two branches adjourned within one minute of each other — the Senate at 12:51 a.m. and the House at 12:52 a.m.

Congress returns Jan 10.

President Johnson, in a letter to Senate Democratic Leader Mike Mansfield, acclaimed the 1965 session as "the greatest session of Congress in the history of our nation."

★ ★ ★

Mansfield said that 85 per cent of the promises in last year's Democratic platform had been enacted into law.

CONFIRMATION

Driving toward adjournment yesterday, the Senate confirmed, 49 to 14, Johnson's nomination of David G. Bress as U.S. attorney for the District of Columbia, and both houses agreed to a 3.6 per cent pay increase for 1.8 million federal employes.

★ ★ ★

Sen Wayne Morse, D-Ore., told the Senate adjournment was inexcusable "with American boys dying in South Viet Nam."

Pontiac Shatters 10-Day Sales Mark

Pontiac Motor Divison, riding the crest of its fastest new model start-up, today reported all-time record mid-October sales.

★ ★ ★

General Sales Manager E. R. Pettengill said a total of 24,666 Pontiacs and Tempests were sold in the Oct. 11- to 20 period, surpassing by 249 per cent the 7,072 sales in the same period a year ago.

★ ★ ★

"However," Pettengill said in releasing the sales figures, "we were seriously hampered by a strike last year at this time. Still, by any yardstick, our sales are most gratifying."

★ ★ ★

The previous record for the period was 18,387 units set in 1963.

VICE PRESIDENT SPEAKS—An audience of 2,400 crowded the gymnasium at Oakland University yesterday to hear Vice President Humphrey speak on education. Seated behind Humphrey are (from left) Congressman Billie S. Farnum; Harold A. Fitzgerald, Pontiac Press publisher and president of the OU Foundation; and Ken Weingarden, president of OU Young Democrats.

OU Crowd Hears VP Urge Education Spending Boost

By JIM LONG

"If we can spend billions to put a man on the moon, we can afford to spend billions to put a man on his feet."

With these words, Vice President Hubert H. Humphrey, in a speech at Oakland University yesterday, spelled out the efforts of the Great Society to better conditions through educational opportunities.

The remark drew thunderous applause from the 2,400 persons who filled the auditorium in the Sports and Recreation building to hear the address.

When he arrived at 1 p.m., the rain that had delayed his appearance by two hours had turned into a fine mist.

The vice president had been expected to arrive at 11 a.m. from a dedication of a Livonia high school, but the inclement weather prevented him from flying from Buffalo, N.Y., until after 10 a.m.

He was introduced by Democratic Rep. Billie S. Farnum

See Text Page A-2

of the 19th Congressional District. Farnum, who arranged the visit, was introduced by Oakland University Chancellor Durward Varner.

Before getting into his prepared text, Humphrey, a former college professor, commented on the beauty of the campus and then directed attention to "the one great lady who made it all possible," Mrs. Alfred Wilson, who was seated in the front row.

Mrs. Wilson's gift of $2 million and 1,600 acres of the family estate made the university a reality in 1959.

The theme of Humphrey's 45-minute address was the need for improving education and educational facilities and the role the Johnson Administration is playing in bringing it about.

The "man on his feet" phrase was a departure from his prepared speech.

Education must be made attractive to eliminate the dropout problem, Humphrey said.

★ ★ ★

"We must reexamine the education system. There is no reason at all why we don't use the most modern methods in education," he said.

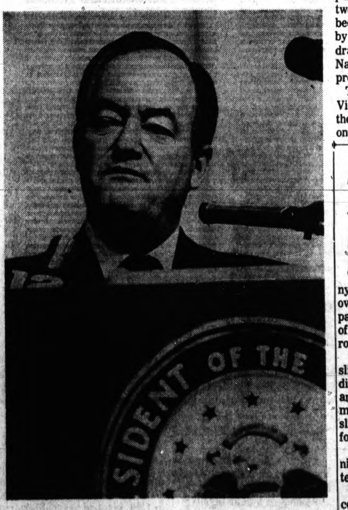
GREATEST THING

On community colleges, Humphrey said that they are the "greatest thing to happen to this country in years."

"They give an opportunity to everyone for at least two years of higher learning."

Before leaving the speaker's platform, Humphrey was given two sets of petitions that had been circulated on the campus by students, one asking the withdrawal of U.S. troops from Viet Nam, the other supporting the present policy.

Those favoring U.S. stand in Viet Nam outnumbered the critics better than four to one, 426 to 97.



"Education Is The Fortress Of Our Liberties"

New Forecast Same as Last: Rainy, Overcast

This morning's partially sunny skies are expected to become overcast again tonight with partial clearing and a chance of more showers late tomorrow.

Temperatures are gradually slipping downward. Lows will dip into the 30s tonight. Highs are expected to reach 50 tomorrow. Partly cloudy and slightly warmer is the forecast for Monday.

Rainfall during the day and night yesterday measured one-tenth of an inch.

A chilly 43 was the low recording in downtown Pontiac prior to 8 a.m. The mercury had edged up to 47 by 2 p.m.

Says America Is Still Behind in Space Race

Vice President Tells Detroit Club Sound Dollar Indispensable

DETROIT (AP) — The United States "hasn't caught up yet in the space race," Vice President Hubert H. Humphrey said yesterday.

But it is far ahead of the Russians in the market places of the world, he told some 2,000 Detroit business and economic leaders.

"The Russians can put gigantic objects up into space — 10 times as big as anything we have yet put up. They have powerful rocket engines to carry these payloads," he told the Economic Club of Detroit.

"But they don't have one indispensable item that we have —a respected economy," he said, adding:

"If the world loses confidence in the dollar, then we have lost a major battle in the war with international communism."

The speech capped a 12-hour tour of the metropolitan Detroit area.

VIET QUESTIONS

South Viet Nam dominated a question-and-answer period following the monetary speech.

What did he think of teach-ins and demonstrations?

"Everybody has a right to be heard — but not to be taken seriously," he replied.

"Yesterday (Thursday) at Yale, I received a petition bearing 1,200 signatures backing our position in South Viet Nam. Did you read about it? But let some guy who looks as if he hasn't been to a barber in three years parade and his picture is in every newspaper," he said.

★ ★ ★

Some 20 demonstrators, calling themselves The Detroit Committee to End the War in Viet Nam, paraded in front of Cobo Hall protesting involvement.

RED CHINA

Asked about Red China's admission to the United Nations—or any other multilateral group, he reiterated U.S. policy that recognition of the country and the resulting status it would achieve would weaken areas of southeast Asia and make it difficult to prevent Communist China from gaining more influence in parts of Asia and Africa.

He also predicted greater federal aid for cities in an earlier meeting with Detroit Mayor Jerome Cavanagh.

In a campaign film, shot to help Cavanagh in his bid for reelection next month, Humphrey said:

"There are dozens of programs that an alert mayor and city council can use to remake our cities . . . and it has just started; next year and all the years in the forseeable future there will be more legislation to assist cities."

Gemini 6 Duo Pass All Tests

Weather Seen Lone Roadblock to Flight

CAPE KENNEDY, Fla. (AP) — Passing every test with ease, the Gemini 6 pilots racked up still more flight rehearsals today for Monday's date with a target in space. Only the weather posed a question mark.

Weathermen now say they fear "sluggish cloud formations" over the launch area Monday, but so far they are not expected to be serious enough to bar the launchings of the Gemini 6 and the target Agena.

★ ★ ★

Command pilot Walter M. Schirra Jr. and pilot Thomas P. Stafford squeezed in a little gym time today in a schedule devoted mostly to more simulated flights, rehearsing the rendezvous and docking with their space target.

They have already logged more than 125 hours in the various simulators in the last six months — well over the 100 hours of practice flight most Gemini crews have taken into space.

DIFFICULT TASK

But in their brief one- or two-day flight, Schirra and Stafford have by far the most difficult flying job to date.

They will hunt down the target Agena rocket, match its orbit and dock with it — the first time this has been done. It is a precise and taxing chore.

Space agency spokesmen said the crew already has made more than 50 rendezvous runs in the Gemini simulator, including some in which they pretend they had lost some of their flight capability.

★ ★ ★

On Oct. 19, they turned in what one expert called "the cleanest 'sim' flight we've had in any spacecraft."

ADDITIONAL HELP

When the weather problem began to darken, the space agency said the Weather Bureau had turned on two additional satellites in space, Tiros 7 and Tiros 8, to aid the operational Tiros 10 in photographic weather surveillance for the Gemini mission.

Already 10,000 men, 18 ships and 40 aircraft are deployed to support the launch operation on Monday.

Government Resigns; Austria to Hold Vote

VIENNA (AP) — The Austrian government resigned today, but President Franz Jonas asked Chancellor Josef Klaus to stay in office until new elections are held.

The government decided Friday night to resign after failing to meet the constitutional deadline to agree on the 1966 budget.

REUNITED—Linda Lee Ridings, 6, who was missing since 1961, nuzzles the cheek of her mother, Mrs. Barbara Ridings, outside the juvenile hall in Santa Ana, Calif., yesterday. A judge awarded Mrs. Ridings temporary custody. The girl was found living with Romona Dougherty, a full-blooded Indian. The woman was baby-sitting with the girl when both disappeared. Miss Dougherty has been charged with kidnaping.

Katzenbach Attacks Bias in Dixie Juries

WASHINGTON (AP) — The Justice Department is turning the spotlight on what Atty. Gen. Nicholas Katzenbach calls bias and prejudice in the selection of juries in the Deep South.

The department is expected to intervene in several suits seeking to overturn Alabama convictions on the ground that Negroes were systematically excluded from juries.

★ ★ ★

It may even seek new laws from Congress next year — possibly a law empowering the attorney general to bring civil suits to prevent discrimination in summoning and selecting jurors.

But it is doubtful the government will attempt to prosecute jury commissioners on criminal grounds to any great extent — even though there's an old law on the books that empowers it to.

LUNCHEON TALK

Katzenbach indicated his concern over the makeup of Southern juries Thursday at a National Press Club luncheon.

"The problem of juries in the South is very difficult," he said. "I have very strong feelings about the whole process of justice in the United States when I see it evidently and clearly corrupted."

Katzenbach called attention to a musty civil rights law from the Reconstruction era making it a misdemeanor — punishable by $5,000 fine — for any state or federal official to discriminate racially in selecting jurors.

Duke Leaves NY Hospital

NEW YORK (AP) — A chipper and dapper Duke of Windsor checked out of a hospital today after eye treatment. The Duchess took him home to the Waldorf Towers.

★ ★ ★

"This was not an operation at all; it was a treatment, you know," said the 71-year-old former British king.

He was treated for a small break in the retina of his right eye at the Eye Institute at Columbia Presbyterian Medical Center, which he entered Tuesday.

The Duke removed dark glasses for photographers after they promised not to use flashbulbs. He said his eye was dilated by drops.

The Duchess said they plan to leave for France Nov. 5.

Probers Hope Disavowal of Klan Spreads

WASHINGTON (AP) — House investigators hope two recanting Klansmen will spark a chain reaction, inspiring more Klansmen to doff their sheets and secrecy.

After plodding for three days through the murk of financial records and Fifth Amendment pleadings, the hearings by the House Committee on Un-American Activities struck some fire Friday.

In rapid succession on the witness stand:

1. Klansman Joseph G. DuBois of Goldsboro, N.C., resigned from the Klan on the spot, saying he put God and country over the KKK oath, and turned over his records.

2. A former Klan chaplain, Roy Woodle, dramatically pointed out a Klan "nighthawk" among the spectators and said the man had made a thinly disguised threat on his life.

Afterward, committee Chairman Edwin E. Willis, D-La., told newsmen to expect "many other revelations" and added: "It is my hope and belief that this might result in a chain reaction."

Although Congress has adjourned, the committee will continue its probe, focusing again next week on the North Carolina realm of the United Klans of America.

Suspect Held in Fatal Knifing

Pontiac police arrested a 39-year-old man for investigation of murder early this morning after the stabbing death of a woman at a restaurant.

The suspect was identified as Clyde Richardson of 296 W. Wilson, taken into custody about three hours after the stabbing.

The victim, Estelle Dudly, 38, whose address was also given as 296 W. Wilson, was dead on arrival at Pontiac General Hospital at 9:15 p.m.

Police said witnesses testified Richardson came into the L & L Grille at 499 S. Saginaw and stabbed the victim in the stomach with a knife as she stood in front of a jukebox.

Spending by Congress in '65 at $119 Billion

WASHINGTON (AP) — In its 1965 session Congress approved $119.3 billion in federal spending, a sum exceeded only by the $147 billion voted in 1942, the first full year of World War II.

Only $2.4 billion was cut from President Johnson's requests, the smallest reduction since 1960 when appropriations totaled $83.8 billion after $211 million was cut.

SEN. WAYNE MORSE

U.N. Subject for Senator in Birmingham

Sen. Wayne Morse, D-Oregon will appraise the United Nations in a speech in Birmingham Wednesday.

Morse, who has served in the U.S. Senate continually since 1945, will speak at 8 p.m. at Marian High School, 7225 Lahser.

His appearance is sponsored by the Oakland County Chapter of the American Association for the United Nations.

The program will mark the 20th anniversary of the world peace organization.

Currently serving as chairman of the Latin American subcommittee of the Senate Foreign Relations Committee, Morse represented the U.S. at the 1960 session of the U.N. General Assembly.

His speech Wednesday will be followed by a question-and-answer period.

Report Given on Accidents

Local C. of C. Hears Council's Inventory

Thirteen persons were killed last year in 10 fatal traffic accidents in Pontiac, according to the annual traffic inventory compiled by the National Safety Council and released yesterday.

★ ★ ★

State Police Sgt. Michael J. Sibal presented the report on Pontiac traffic safety to the regular meeting of the Pontiac Area Chamber of Commerce's Committee on Traffic Safety.

Sgt. Sibal described the annual NSC inventory as a series of guidelines to improve traffic safety.

He recognized that some of the statistics were not entirely accurate. The National Safety Council, for example, used a population figure of 51,600 for the city, instead of the estimated 83,000.

★ ★ ★

Pontiac's traffic death rate, based on population, was 11.8 per 100,000 population, compared to the national average of 9.4.

BETTER AVERAGE

Last year's death rate of 11.8 was better than the previous three - year average of 12.8, based on the city's alleged population. In the three-year span (1961-63), the city had 32 fatal accidents that killed 34 persons.

These averaged out to 11 accidents and 11 fatals for the three years.

Sgt. Sibal said Pontiac reported 1,195 nonfatal injury accidents in 1964. This was 245 below the average for the preceding three years.

★ ★ ★

According to the state police officer's analysis, Pontiac fared pretty well in the National Safety Countil inventory of 120 cities.

The council did make several recommendations, particularly in the area of added police officers.

U-M to Ask Big Fund Hike

ANN ARBOR (AP) — University of Michigan regents decided Friday to ask the Legislature for a 28 per cent hike in operating funds in their 1966-67 budget.

★ ★ ★

The tentative $83.8-million budget approved by the regents would allow, among other things, establishment of a statewide program to improve college teaching.

★ ★ ★

It includes a request for $65.8 million in state aid, $14.6 million more than the allocation for the current year.

★ ★ ★

The total proposed budget would be $16 million above the current operating budget of $67.9 million.

VARIED USAGE

The additional money would be used to add 234 fulltime teaching positions, upgrade salaries, cover anticipated enrollment increases and begin the program to improve college teaching, U-M said.

The proposed increase in faculty plus purchase of additional equipment and supplies would take $5.7 million of the $14.6 million increase, the university said.

Higher salaries and fringe benefits would cost $5.2 million, it said.

Special Service Format Given Private Schools

BLOOMFIELD HILLS — The machinery was set up yesterday to allow private school students to receive special services provided by the Bloomfield Hills Public School System.

A meeting at the public school office was attended by representatives of four of the six nonpublic schools in the Bloomfield Hills district.

Represented at the informational session were Sacred Heart Catholic School, St. Hugo of the Hills School, City and Country School of Bloomfield Hills and Kingswood School, Cranbrook.

Also eligible are Cranbrook School and Bloomfield Country Day School.

★ ★ ★

Schools Supt. Eugene L. Johnson said some of the six schools had indicated they would not apply to the public school system for special services.

AGREE TO COMPLY

Protesting the new state legislation which requires them to provide the services, public school officials nevertheless have agreed to comply.

The problem is a shortage of teachers and funds, although the district is to be reimbursed by the state and county for its program.

"We won't get the money until next year, if we get it at all," Johnson commented. "The law was passed last summer practically before any of us knew anything about it."

★ ★ ★

Johnson noted public school officials, who already had set up their 1965-66 operating budgets, unsucessfully appealed to the legislators to wait a year.

PROGRAMS VARY

A variety of programs are in the special services category, but some are offered by other agencies.

For instance, Oakland County takes care of health servcies and Oakland schools offer classes for the physically and emotionally handicapped.

The two areas involved in the Bloomfield Hills district are speech correction and the visiting teacher program.

★ ★ ★

Johnson estimated that 45 per cent of the public school students who qualify are receiving help.

45 PER CENT

Thus, 45 per cent of the nonpublic students who qualify must be enrolled in the programs, he said.

The board of education is not bound to offer more services to nonpublic school students than it does to those in public schools.

With a waiting list larger than the number enrolled in their programs, three speech correctionists and two visiting teachers now are helping about 300 and 100 students, respectively.

★ ★ ★

By the time the state legislation was passed, "it was too late to hire more teachers even if we could have found them," Johnson said.

TEST PROCEDURE

The number of nonpublic special services is not yet known and will be determined by testing.

Mrs. Roland Pearson, assistant schools superintendent for instruction, yesterday outlined the procedure.

A person will be designated in each school to take applications under advisement.

He can then turn them over to Mrs. Pearson, who will channel them to the agency concerned and set up the necessary tests.

Johnson said he already has received several applications for services.

were indicted for murder in the shooting of Mrs. Liuzzo, who was shuttling civil rights marchers back to Selma the night of March 25 following the march on Montgomery.

JANUARY TRIAL

The next term of Circuit Court is in January, but Judge T. Werth Thagard said he did not expect to try the civil rights slaying cases at that time.

Last May, jurymen in the first trial said they were split 10-2 for conviction on a manslaughter charge.

Arthur J. Hanes, a former Birmingham mayor who defended Wilkins, commented after the verdict, "Gentlemen, we've had a very fair judge and we've had a good jury. The evidence demanded this verdict."

SECOND ACQUITTAL

This was the second trial within a month in which a Lowndes County jury has returned an acquittal verdict in a civil rights slaying.

Thomas L. Coleman, 55, a state highway engineer and part-time deputy sheriff, also was acquitted of a manslaughter charge in the slaying of an Episcopalian seminary student, Jonathan Daniels of Keene, N.H.

Prepared Text of Humphrey's Address to Oakland University

Following is the prepared text of Vice President Hubert Humphrey's speech delivered at Oakland University yesterday.

My fellow students, I always welcome the opportunity to speak on a college campus.

★ ★ ★

President Truman has often said that college audiences are the best. They listen intently — weighing each word with a scholarly mixture of skepticism and objectivity — and then ask questions that make you wish you had stayed in Washington. And he is right.

As a refugee from the classroom — a former professor of political science—I am careful to keep my academic credentials in order by regularly facing campus audiences.

In the past few years, I have found significant changes on campus. Ten years ago, most students were primarily concerned with their own well-being and security. It was "Me First."

★ ★ ★

But this is not true today. This is the era of committed young Americans.

OUTWARD-LOOKING

Today's college students are less introspective and more outward - looking, less unconcerned and more involved in the political and social issues of the day than at any other time in our history.

You are in the forefront in the battle to restore civil rights, correct social injustice, and enhance human dignity.

You comprise the majority of volunteer workers helping to teach the illiterate, train the unskilled, and administer to the sick and poor.

★ ★ ★

Your motivation is, I think, based upon the same desire that has prompted us to seek a Great Society — a realization that today we have our best chance in history to better the human condition. And we have our best chance ever of truly becoming an educated and enlightened society.

FORTRESS OF LIBERTY

Education is the fortress of our liberties. And it is the foundation of the Great Society. When every boy and girl with the capacity to profit from a good education can get one, we shall have unlocked the door to universal opportunity.

Without knowledge, we Americans cannot live successfully in the society we are building. In the last decade, jobs requiring a high school education grew by 40 per cent; but those open to people without a high school diploma dropped by 10 per cent.

Today, 54 million young people are in school — one-fourth of our total population. This tidal wave of enrollment presents a challenge to our 125,000 schools . . . 100,000 administrators . . . and two million teachers.

★ ★ ★

(I might add that Oakland is a good example of the "enrollment explosion." When your doors opened for the first time in 1959, you had several hundred students; today you have several thousand. And in the next few years, you can expect to double your enrollment.)

GREATER DEMANDS

We anticipate even greater demands on our educational system in the near future. Four million youngsters must find seats in schoolrooms in the next five years. We need 400,000 more classrooms. And there will be 50 per cent more college students in the next five years.

Under the leadership of President Johnson, we have enacted in this session of Congress the most far-reaching education legislation in history.

These programs will help us to prepare today to meet tomorrow's demands. And they will enhance the educational opportunity here in Michigan.

Last year, Michigan opened 3,202 new classrooms for 1.1 million elementary school pupils and 793,000 secondary school pupils. The student teacher ratio was 27. Michigan will need more classrooms and more teachers in the months and years ahead if it is to maintain this ratio, much less better it.

$42 MILLION

Under all the titles of the new Elementary and Secondary Education Act, your state will receive $42 million to aid low-income districts, help purchase library and textbooks for public and private schools, establish model school programs and educational centers; and to initiate a program of grants to strengthen the state's department of education.

Here in Oakland County, 1.5 million dollars in federal funds will help 6,800 school children from low income families.

Michigan is receiving $10 million this year from the Higher Education Facilities Act; and the University of Michigan ranks among the top ten universities in the country receiving federal research grant funds.

★ ★ ★

The state also receives 916,000 dollars to help finance guidance, consulting and testing in public schools. And under the Economic Opportunity Act — which Congress has doubled this year — you are receiving $6.5 million for vocational and adult education programs.

These programs, together with the Higher Education Bill, the Vocational Education Amendments, the Manpower Training and Development Act, and the Teaching Professions Act, will help your state realize the potential of each of its children.

These programs cost money. But they are bargains in comparison to the cost of inadequate or incomplete education, to wasted talent and resources.

Inadequate education leads to unemployment: The high school dropout is twice as likely to be unemployed as the high school graduate, and five times as likely as the college graduate.

Inadequate education leads to poverty: Two-thirds of the families in which the father had less than eight years of schooling find themselves locked in economic hopelessness.

Inadequate education perpetuates itself in future generations: The children of the unemployed and poor become themselves unemployed and poor.

For these reasons, President Johnson proposed in his historic Education message to the Congress that we declare a national goal of full educational opportunity.

The evidence indicates that the American people support this goal. This year — for the first time — public opinion polls show that Americans consider educational opportunities to be their most important domestic concern.

★ ★ ★

My fellow students, the foundations of this republic rest on a people capable of accepting the burden of choice—a people who can assume voluntarily the burden of freedom.

BEST HOPE

Our wealth and power represent freedom's best hope in the world. And our people represent the best hope for human, social and scientific progress.

Two-thirds of all the scientists who ever lived are alive and working today. This age has already produced twice as much knowledge as in all succeeding history. The science student today is learning 400 times the amount of new information that his predecessor did of only a decade ago.

Each new discovery in turn triggers other new advances and more new knowledge. Yet, our ability to harness new progress for the benefit of all is even more challenging and complex than the discoveries themselves.

★ ★ ★

It has been said that the race of man moves slowly because it must all move together. But we now have the means — for the first time in human history — to extend mankind's benefits to all men.

FAR BEYOND

We have the genius to soar far beyond our own imaginations into the distant reaches of space. But we also have the chance to reach for the human heart — to do what we must to preserve life and make it full and free and bountiful.

My generation had its rendezvous with destiny. Your generation will have its rendezvous with opportunity. For you, and future generations, will have the best chance yet to right old wrongs and offer each person — and each place — in our country the chance to be better than today.

The Great Society offers our people the rare opportunity of self-fulfillment. Let us, then, accept seriously our obligation to liberate the human spirit in America and embrace the responsibilities of freedom. Let us resolve that freedom's holy light shall never be the light that failed.

★ ★ ★

Today we are embarked on one of the great adventures in human history — to join in the task of building the America begun but never complete.

Canada Cargo Carrier Sets 2 Canal Records

SAULT STE. MARIE (AP)—The Canadian cargo carrier Lawrencecliffe Hall has set records for the largest single cargo and the largest single wheat cargo ever to move through the St. Marys Falls Canal, officials said Thursday.

The vessel carried 28,400 tons of wheat through the locks Oct. 16, topping the previous mark of 28,368 tons set by the Canadian carrier Saguenay on Aug. 23, 1964.

Waterford Leaders Slate Joint Meeting

Waterford Township Board of Education members and township trustees will put their heads together Monday night to discuss measures for improving traffic safety conditions for school children.

The Waterford Township Board requested the joint meeting last Monday, and the board of education consented to the proposal at its meeting Thursday night.

It is expected that much discussion will be focused on the feasibility of building walkways in certain areas adjacent to busy thoroughfares.

Dr. Don O. Tatroe, supt. of township schools, announced Thursday that temporary bus transportation will begin Monday for some junior high students now walking to school along heavily traveled streets.

* * *

In recent weeks, the township board has voiced an opinion that additional school bus service would be less expensive and would provide more safety, than other proposed remedies.

* * *

The board of education, conversely, favors construction of walkways, contending that additional bus service would be too costly.

Baldwin-Walton Community Club Meets Thursday

The Baldwin-Walton Community Club will meet at 6 p.m. Thursday at Wever School.

The agenda includes dinner and a question-and-answer session with City Manager Joseph A. Warren.

A local band, The Unknowns, will provide music. Mrs. Phyllis Harris will sing.

Among the items slated for discussion are storm drains, sanitary sewers, substandard housing, sidewalk improvement and litter.

In 165 years the daily U.S. population increase has grown 16 times, from 450 per day in 1800 to 7,200 per day in mid 1965.

Postal Creed Applies to Soldier Mail Too

From many quarters come protests over the shoddy mail service families and friends have experienced in corresponding with servicemen in Viet Nam.

One specific instance relates to a transistor record player, of relatively small proportions, that was sent to that area around the middle of August and has not yet been received.

★ ★ ★

True, this is but one case — but it does lead to speculation as to whether it is the exception or the rule.

Those of us secure in familiar surroundings, in daily contact with intimates, can scarcely realize how important mail can be to our soldiers thousands of miles from home fighting one of our most vicious wars for a cause that must be obscure to many.

The only contact with the life they have known, a paradise compared with their present, is the written contact with loved ones and friends safely at home. It is also about the only food upon which their morale can be sustained.

★ ★ ★

To the military high command, soldier mail might seem an inconsequential element in fighting a war. They could not be more mistaken.

We suggest that the Pentagon and the Post Office Dept. take a good hard look at the vital need to "keep the home fires burning" for our troops around the globe. With the wealth of equipment and organization at their disposal, the prompt delivery of mail, regardless of the class of postage it bears, should be no more than a routine job.

Un-American Groups Disgrace Democracy

The recent wave of campus protest demonstrations against U. S. policies in Viet Nam represents but a small minority of students, say qualified government authorities.

But, increasingly, it is becoming an organized and disciplined minority led by agencies with well-defined Red China orientation.

★ ★ ★

There is, moreover, the threat that continued demonstrations and denunciations — permissible under freedom of speech—might escalate toward concrete action.

This might well bring students and their organizations into conflict with laws against draft evasion or offering advice on how to escape military involvement.

In a report of the Senate Internal Security Subcommittee recently released, opposition to the draft was found to be a major aim of anti-Viet Nam protests.

★ ★ ★

The report indicates that control of the dissenting factions has passed from moderate elements into the hands of Communists and extremists openly sympathetic to the Communist Viet Cong and hostile to the United States.

"The evidence is overwhelming that the world Communist apparatus in the United States and in other global areas have been able to exploit the agitation and the teach-in movement for the purpose of confusing their own people . . . of fostering the impression that a majority of Americans are opposed to Administration policies, and for the purpose of attacking the morale of American servicemen in Viet Nam," the report disclosed.

On the other side of the coin:

- More than 2,000 University of Michigan students and faculty members sent President JOHNSON a telegram supporting the Administration's foreign policy.
- Students at New Mexico State University donated blood for use in Viet Nam as a protest against "unpatriotic actions by other student groups."
- A "reverse teach-in" was staged in the Nation's capital to express Administration support.
- There was countrywide counterpicketing by veterans' groups and others.

★ ★ ★

Out of it all one fact clearly emerges. The United States, within the framework of its guiding democracy, must with every means possible fight not only her enemies abroad but those within — those who flout the very freedom under which they are permitted to exercise their nefarious designs.

1966 Elections Vital for Labor

By NEIL GILBRIDE

WASHINGTON (AP)—Like President Johnson, organized labor has a vital stake in the 1966 congressional elections in trying to save the political hides of the current big crop of new Democratic liberals.

Union chiefs, miffed at the poor record on labor legislation in the first half of the 89th Congress, really have no choice.

Their chances of winning union shop, minimum wage, unemployment compensation and other labor measures could go glimmering next year if their liberal Democratic allies waver in the face of election year pressures.

"They'll be sitting ducks," said one labor spokesman of the 38 freshman House Democrats who last year ousted long-entrenched Republicans from Maine to California and then voted down the line for labor and the Johnson administration.

★ ★ ★

But it will be an uphill battle for Johnson and organized labor to prevent Republicans from recouping many of these seats.

HISTORIC TREND

Not since President Franklin D. Roosevelt and the Democrats pulled the trick in 1934 has the party in power bucked the historic trend of losing seats in Congress in a nonpresidential election year.

AFL-CIO President George Meany already has sounded the call for labor to repeat its 1964 political blitz tactics in behalf of the Democrats next year.

Labor spokesmen admit, however, it will be far more difficult to whip up flagging enthusiasm among disappointed union men after failure to win the big fight to annul state power to ban union shop contracts — agreements under which all employes must join a union.

The 38 "sitting ducks" voted for the bill when it passed the House, but it was blocked by a Senate filibuster and pushed aside until next year.

MINIMUM WAGE INCREASE

Labor is also disappointed that a bill to increase the present $1.25 federal minimum wage didn't at least get through the House.

Other labor measures were also pigeonholed until next year.

The AFL-CIO, convening in San Francisco in December, will start laying plans for a running start at keeping its friends in Congress after the 1966 elections.

The POWER of FAITH

By WOODI ISHMAEL

Hiam Tweti is a man with two hats. As an antenna-repair welder employed by RCA at the Ballistic Missile Early Warning System installation at Thule Air Force Base, Greenland, he wears a welder's helmet. But he also wears the yarmulke (skull cap) for he is the lay leader of the Jewish community at the Air Base "on top of the world."

When Tweti arrived at Thule in May 1963 he was concerned to find that there was no Rabbi. The 50 or more Jewish men on the entire base did not justify a full-time Rabbi or chaplain. This did not deter Hiam, a devout orthodox Jew. He notified the National Jewish Welfare Board of his intention to handle the spiritual leadership there. He was approved by the Commission on Jewish Chaplaincy of the Board. They were grateful that he was willing to assume the responsibility, on his own time and without pay.

Hiam Tweti is one of scores of Jewish lay leaders assigned to military installations where there are no full-time Jewish chaplains, and no civilian Rabbis to serve as part-time chaplains. He not only conducts services and teaches Hebrew, but he visits the sick and works for the common good of the community.

Hiam's strict adherence to Jewish tradition in a remote environment has tested and proven the power of his faith.

Religion in Reserves

Ministers Counsel Reservists

By JERE MOORE JR.

FT. KNOX, Ky. (AP) — Chaplain (Maj.) John E. Carter believes service by ministers in the army reserve makes them more effective pastors because it keeps them in closer touch with the realities of the world.

★ ★ ★

Chaplain Carter, assistant 100th division (training) chaplain and pastor of the Okolona Baptist Church near Louisville, was one of 11 chaplains on active duty for two weeks with the army reserve division.

"I come out here for two weeks with people who let their hair down and when I return I know that I am talking to the same people," he said.

"In civilian life, if you are not careful you will find yourself surrounded only by the best people, morally at least, and if you are not careful you will think that all the world is like this. You will get a twisted view.

"You are face-to-face with reality (at summer training) and can be a more effective pastor and preacher. It is not that these people are any worse, it's just that you didn't know them."

Chaplain Carter and four other chaplains in the 100th had army service before becoming a chaplain. He was an army air corps sergeant major, a graduate of infantry officer candidate school and an infantry officer in the 100th for four years.

Division Chaplain (Lt. Col.) Hugh B. Goldsby, of the Lyndon Baptist Church and an armor lieutenant in Europe in 1944-46, said one of the chaplains' main jobs at summer training is counseling basic trainees and reservists from their hometown units.

★ ★ ★

The chaplains, like other members of the 100th, learn their mission of being prepared to operate a training center by working closely with and performing the jobs of their counterparts in the United States Army training center armor, during the annual summer training.

Chaplain Goldsby said the main difference in army and civilian problems brought for counseling is that more soldiers are trying to run away physically. "Few men are trying to leave home," he said, "but they try to escape responsibility inwardly by quitting their jobs or getting drunk for three or four days."

Chaplain Carter said the training in counseling also is a dividend to churches for the time they give ministers to attend reserve training.

★ ★ ★

He said summer training provides a refresher course in counseling that few ministers are able to get after seminary graduation because the army teaches the latest counseling techniques.

"I tell my congregation," he said, "that I don't give couch counseling but use the first sergeant method. I kick them so hard it knocks their brain back between their ears from where it had fallen."

Most of the reservist chaplains echoed the opinion of Chaplain Carter that his congregation is "quite proud of the fact that I am a chaplain."

★ ★ ★

Many said they conducted services at their churches in uniform when time prevented a change of clothes during weekend drills.

★ ★ ★

Chaplain (Capt.) James D. Bruns, of the Harrods Creek Baptist Church, said he apologized for this once. Later, he said, "a lady reminded me her son wore the uniform in World War II and she didn't appreciate the apology."

Castro Opened the Door for Disenchanted Cubans

Fidel Castro's temporary "open door" for disenchanted Cubans to leave the country again caught our State Department mouth ajar. Officials were distressed because Castro had scored another propaganda victory over the United States with his seemingly magnanimous offer.

★ ★ ★

The tables would have been turned on Castro, observers say, if those same officials had made a counter-demand — the release first, of some 60,000 to 80,000 political prisoners and their families as a test of Castro's intentions.

★ ★ ★

Castro would have been further on the defensive if the United States were to call on the Commission of Human Rights of the Organization of American States to ascertain the true number of political prisoners held and supervise their removal to the United States. It is recalled that ten requests were made by the Human Rights Commission to enter Cuba and make a first-hand examination of the conditions under which political prisoners live. Each was denied or ignored. Also ignored — the International Red Cross.

'Non-Strikers Disqualify for Compensation'

When the Waldron Hotel was closed because of a strike by the waitresses, cooks, maids and bartenders, we who worked as cashier and desk clerk were thrown out of work through no fault of ours. We did not belong to the union and did not go on strike. We were also disqualified from receiving our unemployment compensation because of the strike.

★ ★ ★

This is unfair and unjust. Any law that withholds freedom in any part from any American citizen is going against our constitutional rights. Every individual should have the right to say whether he will belong to a union. If he does not belong, anything the union and its members do should not interfere with his rights. Any state that lets any labor organization or union so control its law in this way is taking away from the people their guaranteed freedom.

Policy Attack Rates Low Grade

By WASHINGTON STAFF

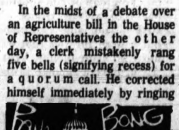
WASHINGTON (NEA) — The recent speech by Sen. William Fulbright, D-Ark., bitterly attacking the foreign policy of President Johnson in the Dominican Republic failed to make much of an impression on Secretary of State Dean Rusk.

Rusk — once a professor at California's Mills College — told some friends he merely donned his academic robes and graded the speech as a history paper. Said the secretary dryly:

"I marked it one per cent correct."

★ ★ ★

In the midst of a debate over an agriculture bill in the House of Representatives the other day, a clerk mistakenly rang five bells (signifying recess) for a quorum call. He corrected himself immediately by ringing



the proper three bells.

But in the House Office Buildings, it sounded like eight consecutive rings.

"My God!" cried one congressman. "What's Lyndon done now? Abolished Congress?"

★ ★ ★

The Republican governor of a western state was fuming over the "no-compromise" attitudes and activities of arch-conservative Republicans who frequently oppose either incumbent GOP officeholders or promising new prospects.

Searching for a way to categorize these unyielding folk, the governor finally settled on the word "anarchy" as a fit description.

Someone reminded him that in the first postwar years, a hot-eyed member of the French Chamber of Deputies was on his feet one day, blasting away at everything.

Shouted a fellow member: "You're an anarchist!"

Replied the militant deputy: "I am not! I'm against that, too!"

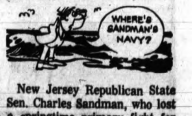
How thoroughly Viet Nam dominates the foreign news scene was illustrated the other day when Maj. Gen. Kong Le, commander of the neutralist armed forces of Laos, slipped in and out of Washington with virtually no notice.

The U.S.-trained Kong Le executed a coup in 1961 which led to the division of Laos. Originally, he fought with the Communists against Laotian nationalists, but he and other neutralists have now united with the nationalists against the Reds.

Though the Defense Department put out a release on Kong Le's visit, newsmen paid him little attention.

"Laos?" asked one reporter with a laugh. "Isn't that the country that used to be next to Viet Nam?"



New Jersey Republican State Sen. Charles Sandman, who lost a springtime primary fight for the 1965 governorship nomination, is well-known for his stout sponsorship of the relatively new ferry service between New Jersey's southern tip at Cape May and the Delaware port town of Lewes.

Some New Jerseyites consider the service a little halting. When they are looking around for someone to blame, they call it "Sandman's Navy."

Snow and Charges Swirl in Kashmir

By PHIL NEWSOM
UPI Foreign News Analyst

SRINAGAR, Kashmir — The first snow flurries of winter already are swirling through the Himalayan Mountain passes which separate the Pakistan and Indian-held portions of northern Kashmir, and soon they will be blocked by drifts.

NEWSOM

It is through these passes that India charges the Pakistanis infiltrated 6,000 to 8,000 men just before the outbreak of their three-week war, to harass the Indian army and to stir up Kashmir Moslems to revolt.

The Indians claimed to have killed some 1,200 of these infiltrators and to have captured others who proved to be members of regular Pakistan army units rather than the "volunteers" or Kashmiri patriots, as the Pakistanis claimed.

At any rate, according to the Indians, most of the survivors now are working their way back through the passes to beat the winter snows.

★ ★ ★

Independent investigators may never learn just where the whole truth lies in the conflict of bitter charges and counter-charges between the two countries.

BOTH VIOLATORS

It seems evident that both sides have been guilty of cease-fire violations since the beginning of the United Nations-imposed truce last Sept. 22.

From what may at one time have been a private mansion which now is slipping toward dusty decay, United Nations observers headquartered in Srinagar must patrol 450 miles of mountainous Kashmiri border.

Terrain makes it impossible for them to cover it all, and admittedly violations occur.

★ ★ ★

Resting heavily on the minds of these observers is that, politically, the two nations have locked themselves into fixed positions from which neither can retreat.

TRUE FEELINGS

In the maze of claim and counterclaim, it also is difficult to determine the true feelings of the majority of Kashmir opinion.

Srinagar could explode at any moment, but the political zealots of the city cannot be balanced against the apathy of the countryside. And, among the merchants, certainly most of them wish the war would go away.

If Pakistan hoped for a popular uprising among the 80 per cent Moslem population, it was disappointed. On the other hand, India consistently has refused to permit any kind of plebiscite which might provide a measure of opinion.

★ ★ ★

India does not intend to lose Kashmir.

POINTS AT MAP

In the governor's palace, Gov. Karan Singh jabs a finger at a map.

"Here is one of the world's most important highways," he says. "It leads from Jammu in southern Kashmir to Srinagar and to Leh, India's only supply line to Indian forces standing guard against the Red Chinese in the area of Ladakh.

"The United States must understand that if we are to be a bulwark against Chinese expansionism, we must hold Kashmir."

Can Get Injury From Seat Belt

By Science Service

ATLANTIC CITY, N. J.—You can get a hernia from wearing a seat belt, but if you do not wear one you can easily be killed in an automobile accident.

Seat belts, although life-saving, can cause abdominal injuries in accidents if they are not properly adjusted, Dr. Elliott S. Hurwitt of Montefiore Hospital, New York, reported to the annual meeting of the American College of Surgeons here.

Asked if shoulder harnesses would be better than the customary seat belts, Dr. Hurwitt said that although the shoulder harness is supposed to be the best of any in use, reports from Sweden have shown abdominal injuries in persons using this type, also.

What happens is that a "snubbing" accident can occur when a crash takes place.

This means that there are deep grooves in the abdominal walls.

Coming N-Test May Aid World Ban

AMCHITKA ISLAND, Alaska (NEA) — This bleak, storm-swept isle near the western tip of the Aleutians has been transformed into the laboratory for a unique scientific experiment which could help end the world's fear of a nuclear war.

Some 200 U.S. scientists, technicians and construction workers are at work on Amchitka's flat, grassy tundra making final preparations for a Department of Defense project called "operation Long Shot."

When Long Shot takes place Wednesday, it will consist of detonating a single 80-kiloton nuclear device buried deep beneath the island's surface.

But Long Shot will be quite unlike any of the long string of nuclear explosions which have taken place in various nations since the start of the atomic age.

* * *

For one thing, it represents the final phase of years of work and experiment by nuclear scientists of the Defense Department's Defense Atomic Support Agency.

And there will be no secrecy about this nuclear detonation.

The United States has announced its exact timing and scientists throughout the world — on both sides of the Iron Curtain — have been invited to take part in the experiment by recording its effects.

If Long Shot is successful, this unlikely little island could go down in history as the actual birthplace of a meaningful international ban on all nuclear weapons.

The reasons for Long Shot are found in the American position on a nuclear test ban treaty.

EFFECTIVE TREATY

The government believes an effective treaty must provide for on-site inspections following suspected nuclear blasts.

But such inspections would be impossible unless the suspected test site could be fairly well pinpointed.

Lt. Gen. H. C. Donnelly, Defense Atomic Support Agency director, says Long Shot should provide "important information on how to accurately locate seismic events and to distinguish underground nuclear explosions from earthquakes at very long range."

* * *

Amchitka's location makes it a natural for this test. It is several thousand miles — in the right direction — from the Defense Department's monitoring stations in the United States which will pick up the shock waves generated by the nuclear explosion.

It is also located in the middle of an "earthquake belt" generating numerous quakes to provide checks for the monitoring stations.

The island was once an important defense outpost. Early in World War II, the Japanese invaded two nearby islands and 40,000 U.S. soldiers were landed on Amchitka.

Now, 20 years later, the long-discarded military installations have been put to use again for the Long Shot project.

From the air, the seven-by thirty-mile-long island appears to be a crazy quilt. The pattern is made up of hundreds of old quonset huts set helter-skelter, dotted with dozens of tiny lakes, and connected by dusty, winding roads.

LACED WITH WIRE

While the roads are dusty, the remainder of the island is mucky, tundra marsh hidden under high grass and laced with miles of rusting barbed wire.

Hundreds of cables, which will link up instruments used in the shot, are strung across the tundra, buried only where they cross existing roads.

The shot point itself had to be excavated and filled to hold the big drilling rig which is boring a shaft 2,300 feet beneath the island's surface to hold the nuclear device.

Amchitka's location — in the Aleutian Island Federal Wildlife Refuge — also imposed extra safety precautions on the project's planners.

FREE OF WILDLIFE

The island itslef is practically barren of wildlife. But the surrounding waters are home to thousands of sea otters, the richly pelted aquatic mammals which were hunted to near extinction during the early-day Russian occupation of Alaska.

Now, under strict protective laws, the otters have made a comeback and some 3,000 of them — 10 per cent of the entire world population — consider Amchitka home.

Every possible safety measure has been built into the Long Shot plans.

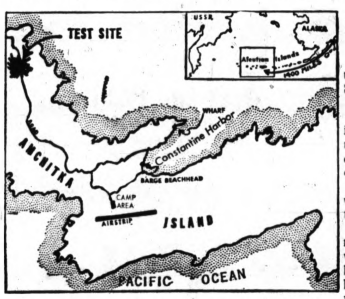
* * *

Project officials are definite in their assurances that the deep underground blast will make no crater and that there will be no escape of radioactive debris.

Still one more extra safeguard will be put into effect just for the sea otter.

Twenty-four hours before the nuclear detonation, the otters will be driven from nearby harbors and out into the open sea by teams of men using noise-makers and firecrackers.

Once these lone residents of Amchitka have left temporarily, the blast will be set off which will literally echo around the world.



BLAST SITE — Amchitka Island, nearly 1,400 air miles west of Anchorage, Alaska, in the Aleutian chain, is the site for "Operation Long Shot." The operation will consist of detonating a nuclear device, with effects of the blast to be studied by scientists throughout the world.

RUSSIAN TRAWLER — A 250-foot Russian Trawler, the Arban, has been in the vicinity of San Nicolas Island, 60 miles off the southern California coast for the last two weeks. It has been kept under surveillance.

Wallace Can't Run Again, May Try Senate

MONTGOMERY, Ala. (AP) — Defeat of a constitutional amendment to let him seek re-election rekindled speculation today that Gov. George C. Wallace may run for the U.S. Senate next year.

It also started political tongues wagging again about the possibility that Wallace may put his wife, Lurleen, into the race for governor in 1966, since he cannot run.

* * *

Wallace wanted to succeed himself. He called a special session to consider a constitutional amendment to make it possible

The Senate killed the amendment Friday. A short time later, the three-week-long special session came abruptly to a halt.

VOTES LACKING

Despite the governor's repeated insistence that he had the 21 votes necessary to pass an amendment and submit it to the people, and his claim that only a filibustering minority bloc stood in the way, only 18 senators voted with the administration in the showdown.

* * *

Fourteen others, most of whom had kept the Senate deadlocked in prolonged debate, voted against the amendent. Three senators were absent.

* * *

Wallace gave no hint of his future political ambitions except to say that he would discuss the issue in a statewide television-radio hookup, "at the proper time."

For the moment, he commented merely that "the people of Alabama have been deprived of the opportunity of voting on the matter of succession."

WALLACE BITTER

Wallace is known to be bitter toward his predecessor, former Gov. John Patterson, a likely candidate for governor himself in 1966. Some of his most trusted followers took part in the battle against the Wallace succession bill.

* * *

Wallace may put a candidate into the race in an effort to beat Patterson. The name most often mentioned is that of Mrs. Wallace, who has often made campaign speeches for her husband.

* * *

Others figure Wallace may try to unseat Sen. John Sparkman D-Ala. who comes up for reelection next year.

The Bible, being the inspired Word of God, is our supreme, final, and all-sufficient authority in religion.

Furthermore, the Bible claims for itself the ability to furnish everything necessary to a person's salvation. The exact words from the Scriptures on this point are as follows:

"All Scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works" (2 Timothy 3:16, 17).

In view of the inspiration and all-sufficiency of the Holy Scriptures, it is surprising that some will admit the fact of the Bible's inspiration but deny its claim to furnish one "unto all good works." Millions are taught that they must submit to the "living voice of the living church." They are taught that the traditions, dogmas, creeds, and councils of men must be obeyed too.

According to this view, the Bible is *not* sufficient to furnish one "unto all good works." To hold that the Bible's claim for inspiration is true, while at the same time denying its claim to be all-sufficient, implies that the Bible is an inspired book making false claims. No other deduction is possible.

This issue of religious authority is fundamental to our faith. All Bible believers agree that Jesus of Nazareth was acknowledged by the Heavenly Father to be his divine Son and Spokesman, as follows:

"This is my beloved Son, in whom I am well pleased: hear ye him (Matthew 17:5; compare Hebrews 1:1,2).

But since Jesus was not to remain upon the earth always, he promised his apostles that the Holy Spirit would be sent to be their Comforter and Teacher after he was gone:

"But the Comforter, which is the Holy Ghost, whom the Father will send in my name, he shall teach you all things, and bring to your remembrance, whatsoever I have said unto you" (John 14:26).

"Howbeit when he the Spirit of Truth is come, he will guide you into all the truth" (John 16:13).

These passages teach that God had a plan to preserve and extend his teaching, which had been perfectly embodied and revealed in the life and teaching of Jesus (John 5:19). The plan was for the Holy Spirit to come to earth after Jesus' death and resurrection and teach the apostles "all things" and guide them into "all truth" so they would not have to depend upon their human powers of recollection. This was God's plan to keep Christ's teaching free from error.

The New Testament reveals how the Holy Spirit did come upon the apostles in Jerusalem on the first Pentecost after the resurrection of Christ (Acts 2:1-4,33).

As a result, the early church continued to teach, over and over, just the doctrine of the apostles of Christ since Jesus had promised that only the apostles would be taught "all things" and guided into "all truth." Early Christians were extremely careful to continue steadfastly in the "apostles' doctrine"—and none other (Acts 2:42).

Not only were the early Christians devoted exclusively to the teaching of the apostles, but they were warned—not once, but again and again—against accepting any so-called additional "revelation." The language is clear on this point: "But though we, or an angel from Heaven, preach any other gospel unto you than that we have preached unto you, let him be accursed" (Galatians 1:8).

To restore the simplicity, purity, and beauty of New Testament Christianity in our age, we must go back to the exclusive and all-sufficient authority of the Bible: To speak where the Bible speaks and to be silent where the Bible is silent.

China Errors May Force Face-Saving Actions

By WILLIAM L. RYAN
AP Special Correspondent

Peking has blundered this year in the field of international relations. It faces the possibility of being isolated progressively. And Peking may feel impelled to take face-saving actions which could endanger world peace.

Red China's diplomacy frightened leaders of new African nations. It suffered a stinging setback in the India-Pakistan crisis when it retreated from an ultimatum to India. It sustained a new blow when an attempted coup sparked a wave of popular revulsion in Indonesia against the powerful, Peking-oriented Indonesian Communist party.

* * *

Months ago, Peking said it would "not sit idly by" while Americans bombed Communist North Viet Nam. It apparently has done nothing much but sit idly by.

Suddenly, Peking is shifting gears. Only weeks ago it was the most persistent supporter of an Asian-African summit meeting at the earliest possible date. Now it campaigns against the conference, scheduled to open Nov. 5 in Algiers. Peking says "conditions are not favorable."

GROWING APPREHENSION

Conditions are not favorable for China. First, it failed to keep Moscow out of the conference. Evidently China would prefer no conference at all to one with Moscow represented. Second, there is growing Asian-African apprehension over Chinese policies. Peking is running out of reliable supporters.

Pakistan, which Red China encouraged in the Kashmir war this summer, backs Peking's view on the conference. Three weeks ago, Indonesia, under President Sukarno's consistent pro-Chinese policy, would have gone down the line for Peking proposals. Now, opposing China, Indonesia demands that the conference open on schedule.

* * *

While Indonesian President Sukarno is pictured as eager to maintain close relations with Peking, matters seem out of his hands. The army, bitter at the Oct. 1 coup attempt, broadly hints that Peking was involved. Peking directs broadsides at Indonesia, though it avoids attacking Sukarno.

Peking has estranged itself from the Soviet Union. It has, for the time being at least, lost the attractive prospect of an Indonesian ally encircling Southeast Asia. In Africa, leaders head the Chinese preachment that the continent was "ripe for revolution," and wondered whether they would be the targets, and reacted sharply against the Chinese.

There has been less than widespread enthusiasm for the Asian-African summit in any event. It had been postponed last June, interrupted by the coup in Algeria against Ahmed Ben Bella. It now may be postponed again. Much will depend upon contacts among African leaders in Ghana, where the Organization of African Unity is meeting.

Perhaps Peking sees better prospects in another meeting, scheduled for Jan. 3-10 in Havana. This, billed as a tricontinental — Asia, Africa, Latin America — conference, has the cards staked in advance against the United States. Only "anti-imperialist" delegates will be admitted. China may hope to freeze the Soviet Union out of that one, on the grounds that it is neither anti-imperialist nor Asian.

* * *

This may be one reason why Soviet Foreign Minister Andrei A. Gromyko went to Havana this week. Fidel Castro's brother, Raul, has been in Moscow seeking arms for Cuba. Possibly additional help will depend on Castro's attitude toward seating delegates in January.

Castro, despite recent public displays of implied resentment at the Soviet Union, may prove tractable. He has something to gain.

* * *

The "anti-imperialist" noise which likely will be generated in January could be considered by Castro a means of mending his sagging prestige in Latin America. It also could serve as salve for his pride, wounded from time to time by the Russians, who appear to be trying to make him toe the Soviet line more diligently. He would be unlikely to affront the Russians conspicuously.

Thus, Red China could find itself balked once again. Frustrated by an accumulation of setbacks, Peking might seek new ways to throw its weight around.

Still Probing Death of Marie McDonald

HOLLYWOOD (AP) — The county coroner's office says further toxicological and microscopic tests are being made in an attempt to find the cause of death of actress Marie McDonald.

Miss McDonald, 42, was found dead at her home Thursday morning by her husband, producer Ronald F. Taylor.

Funeral service was planned for today at the Church of the Recessional in Forest Lawn Memorial Park at nearby Glendale.

Sticks to the Cry: Man Will Not Fly

By DICK WEST

WASHINGTON (UPI) —As an honorary member of the Man-Will - Never - Fly Society (motto: Birds fly; men drink), I once swore an oath to defend the law of gravity for as long as I live.

WEST

Or at least until the bar closes.

This explains what I was doing at the Washington Monument Monday morning.

I had seen an item in the paper which said that a man would fly across the monument grounds to demonstrate an experimental "rocket belt."

The timing of the demonstration was what convinced me the M-W-N-F should have a representative on hand to protect its interests.

For one thing, it was scheduled less than two months before the date when the society usually holds its annual meeting at Kitty Hawk, N.C.

It also was scheduled at 10:45 a.m., which is about two hours before society members usually regain their normal eyesight.

While this may have been only a coincidence, I could not prudently ignore the possibility that the whole thing was a conspiracy to undermine the society and all that it stands for.

Anyway, when I arrived at the monument, a sizable crowd had gathered around a chap wearing a white space helmet and suit and a pair of calf-length tennis shoes. On his back were two cylinders reported to contain some kind of rocket fuel.

A spokesman said the rocket belt was developed by Bell Aerodynamics for the U.S. Army, which was evaluating it as a potential means of providing troop mobility.

At the appointed hour, which arrived without benefit of countdown, the propulsion unit began making a loud whooshing noise and the man in the space suit, one Robert Carter, zoomed skyward.

He traveled in a westerly direction for about 150 feet at a height of about 80 feet, whirled around and returned, landing in approximately the same spot from whence he had departed.

I must say that he did give the appearance of flying. But no self-respecting member of the Man-Will-Never-Fly Society is deceived by appearances.

I'm convinced that somewhere in the space suit was a hidden pogo stick. Just as surely as I'm convinced the Wright Brothers used rubber bands.

Mrs. Hubert Humphrey (right) arrives at the Kingsley Inn Friday for luncheon with Oakland County Democratic Women. With her is Mrs. William Clark, Bloomfield Hills, vice chairman of the county Democratic committee. Just behind Mrs. Humphrey is Adelaide Hart, former vice chairman of the Michigan Democratic party.

Mrs. Humphrey Eager to See Grandchildren

Can't Wait Until Sunday

By JANET ODELL
Pontiac Press Women's Editor

Ask Muriel Humphrey about her family and her face lights up. She'll see her four adored granddaughters on Sunday.

In Oakland County Friday for luncheon with Democratic women at the Kingsley Inn while her husband spoke at Oakland University, Mrs. Humphrey held a gracious press conference.

In between now and the family reunion on Sunday at their Minnesota home, "Waverly," the Humphreys will be in Detroit, Louisville and Minneapolis.

"We'll see our newest granddaughter, Lori, who is just four weeks old. Then there's Amy born in April; Jill, 3; and Vicky, 4. Two of our sons will be able to be with us."

Mrs. Humphrey had nice things to say about Michigan. She feels as much at home here as in her home state of Minnesota.

DECISIONS

Sometimes it's hard for the wife of the vice president to decide where her duty is. Friday, for instance, she would have liked to be present at the White House for the signing of the Beautification bill.

* * *

Most of our readers know that Mrs. Humphrey is an excellent seamstress and uses sewing as a creative outlet.

She admitted that sometimes it takes her from one season to the next to get a garment done. She has finished a long evening gown with sleeveless jacket, a wool sheath and a two-piece wool dress this fall.

When asked to comment upon today's fashions, our blue eyed white-haired second lady smiled and said, "They're darling and great for young girls and young figures, but I like beautiful feminine lines for us older girls."

LOVES HER LIFE

She concluded her talk with the reporters by saying that she loves her present life, loves participating with the country's leaders and considers herself privileged to share in what is happening.

* * *

"I don't know of any two men in the world better equipped and better educated, who love their jobs more than the President and the vice president."

* * *

After the luncheon, Mrs. Humphrey told the almost 250 women what it is like to be Muriel Humphrey.

There are no guide lines for a vice president's wife to follow, she said. You have to make your own role and adapt yourself into it.

VALUES EXPERIENCE

She is grateful for her earlier years as a mayor's and a senator's wife. The first gave her insight into community affairs.

After being with her husband as much as possible, Mrs. Humphrey's interests revolve around several activities.

* * *

One is helping the mentally retarded. The Humphrey's oldest grandchild is a Mongoloid. Vicky, says her grandmother, is coming along very well. What she has taught the family gives them all insight into not only the problems of retardation, but also into all education.

PLANS BOOK

Muriel Humphrey is planning to do a book about Vicky.

As president of the Senate Ladies, she presides at their weekly meetings. This group was organized during World War I to roll bandages and has continued to meet ever since.

The artifacts, history and beautification of the Capitol interest Mrs. Humphrey and she is working to bring it all to the attention of both the Senate Ladies and Americans everywhere.

* * *

"I love to garden, and, my goodness, there are 35 acres of Capitol grounds."

AWESOME JOB

Sometimes the job seems more than she can handle. But then she reminds herself of the responsibilities and privileges she has — sort of like a magic wand — and everything is all right.

Dr. Tirrell Will Speak To Women

Dr. John E. Tirrell, Oakland Community College president, will speak to the Women's Alliance of the Birmingham Unitarian Church, Bloomfield Hills, Wednesday.

* * *

"The Tutorial Approach at Oakland Community College" will be Dr. Tirrell's topic for the talk beginning at 1:15 p.m. in the church.

* * *

A former president of the Michigan Association of Junior Colleges, Dr. Tirrell has served on the governor's Commission on Community Junior Colleges.

OUTSTANDING

In 1956 he was designated as one of the five outstanding young men in Michigan. He received national attention for his use of computers in programming new building requirements for the St. Louis community colleges, an approach which resulted in an estimated $10,000,000 saving in construction costs.

* * *

The Women's Alliance of the church is collecting numerous articles for its annual fall benefit sale. Cochairmen for this event are Mrs. Max Alexander and Mrs. Ronald Bainbridge.

* * *

Mrs. S. D. Jeffe, Alliance president, announces that proceeds will help to support philanthropies and to provide additional church facilities.

* * *

The sale will be open from 9 a.m. to 4 p.m. Friday at the church.

Broad-Minded Husband Has His Own Reasons

By ABIGAIL VAN BUREN

DEAR ABBY: I am thoroughly confused. I have been dating a widower in his middle fifties.

ABBY

He is an attractive, intelligent, well - to - do executive. Yesterday he told me that his sister - in - law (the sister of his deceased wife) who is married, has grown children and lives in Atherton, California, has offered to accompany him on his vacation to Hawaii.

He says they will be good company for each other and she is "lots of laughs." Does this sound all right to you, Abby?

He says he sees nothing wrong with it as they would have separate rooms. I said I didn't think it was proper for a married woman to vacation with a bachelor and, furthermore, I couldn't understand what kind of a husband would allow it.

He said her husband was very "broad-minded." I would like your opinion of this.

"OLD-FASHIONED"

* * *

DEAR "OLD-FASHIONED": Maybe her husband has a "broad" in mind he hopes to entertain in his wife's absence. Otherwise, I can't understand it, either.

For an attractive, intelligent, well - to - do executive to take "company" to Hawaii, is like carrying coals to Newcastle.

* * *

DEAR ABBY: Please don't give me a long lecture on how much children owe their parents because I already know.

My problem is whenever I get any money from relatives, (mostly my grandparents) my mother takes charge of it and that's the last I see of it.

I have gotten lots of money for birthdays, holidays, and things like that, but I have never even seen my bank book and I don't know how much I have.

When I ask my mother to show me my bank book she says, "Never mind, Shylock, I'm busy now."

Don't you think I have a right to know how much I have saved for me? How can I get her to tell me? I am 12.

"SHYLOCK"

* * *

DEAR "SHYLOCK": Your request is not unreasonable, but your timing could be poor. When your mother is in a good mood, and is not busy, ask her to schedule a meeting of the finance committee.

Don't press for an examination of the books. Just ask for a treasurer's report. Yes, you have a right to know.

* * *

DEAR ABBY: I am going with a girl I'll call Lorraine. She is 20 and I am 22. Lorraine is a wonderful girl, and I want to marry her, but here's the problem:

She lives with her parents and two little nieces who are four and six. Their mother (Lorraine's sister) took off and can't be located. Lorraine says that when she marries, she will take the little girls with her because her parents are too old and sick to care for them.

I admire Lorraine's interest in these kids, but I think I'm too young to take on the job of raising two half-grown children. What is your advice?

BEING PUSHED

DEAR PUSHED: I, too, admire Lorraine. But she needs a mate who is willing to buy the package deal she insists on. Making a marriage work is difficult enought under normal circumstances, so if you feel that you are "too young" to assume the responsibility of the children, and that you are "being pushed"—back off.

* * *

Problems? Write to Abby, care of The Pontiac Press. For a personal reply, enclose a stamped, self-addressed envelope.

Barbara Dunford Wed

Reception in Pine Knob Resort followed the recent marriage of Barbara Kay Dunford to William Seward Kerans in St. Philip's Episcopal Church, Rochester.

Rev. Wilbur R. Shutze performed the double-ring candlelight ceremony.

Parents of the couple are the E. Frank Dunfords of Walton Boulevard, Avon Township, and Mr. and Mrs. L. A. Kerans, East Lansing.

Mrs. Johna Mason Konrad, daughter of Mr. and Mrs. John Mason, Baybrook Drive, will graduate Oct. 30 from Hinsdale Sanitarium and Hospital School of Nursing, Hinsdale, Ill. She will continue studies toward a B.S. degree in nursing at Andrew's University, Berrien Springs, where her husband is a graduate student.

IVORY BROCADE

Ivory brocade fashioned the bride's princess-line bustle-back gown worn with silk illusion veil and pearl tiara. She carried white roses, Stephanotis and Fugi chrysanthemums.

With honor maid, Sue Ludwig, were bridesmaids Carol Marsh and Diane Dudley.

* * *

Attending as best man was William Gillis with ushers David Samensen and Allen Philbrick.

MSU STUDENTS

After a brief honeymoon, the couple has resumed studies at Michigan State University.

Sorority Hears From Delegate

Alpha Alpha chapter, Epsilon Sigma Alpha international sorority, welcomed Mrs. Laurence Hartman, of sister chapter Beta Mu of Pontiac, at Thursday's meeting in the '300 Bowl.'

* * *

She gave highlights of the recent convention in San Antonio, Texas, and a barge cruise down the San Antonio River for the delegates.

Hostesses for the evening were Mrs. Richard Falls and Mrs. Edward Hummel, Mrs. Bruce E. Attar and Mrs. Walter Latozas were guests.

Several members are attending the City Council luncheon today in Rotunda Country Inn.

Programs for Tuesday's Tri-Deanery Institute, sponsored by the Detroit Archdiocesan Council of Catholic Women, are handed to chairmen by Mrs. Frank W. Kussy, Lakeview Court (left), president of the DACCW's North-Oakland Deanery. Also pictured are Mrs. Joseph Pollina, Oakshire Street (standing), registrations and reception, and Mrs. Keith Ackley, first vice president. The tri-deanery "learning sessions" will be at St. Owen's Parish Hall, Birmingham, beginning at 8:45 a.m.

Halloween's Gaiety Has a Serious Side

By JEANNE NELSON

It's a sure sign of Halloween when costumes are hung clothesline style in the dime store and mounds of candy displayed in supermarkets.

Imaginations are let loose and kids can marvel over their candy caches for weeks.

NOTE OF CAUTION

But there is a serious side to this fun night. And mothers should be aware of the dangers that exist for little ones.

The National Safety Council supports the idea of make-up masks in place of the kind that covers the face. With an artistic hand wielding the cosmetics, children of all ages can become whatever they wish without the hazard of a slippery mask obscuring eyesight.

* * *

One word of caution here: cream the face first and make-up can be cleansed away in much less time.

Weather can also play a big part in the night's fun. Make sure your child is adequately protected against the elements. That includes boots or rubbers if the night so dictates.

HOMEMADE COSTUMES

For homemade costumes, a pillowcase can be an excellent beginning of a costume. Simply cut out armholes and a neckline and secure corners with a cafe curtain ring. Practically no sewing.

* * *

Of course with bits of felt and other scraps, the costume can become a thing of beauty or as grotesque as imagination allows.

Homemade costumes should be dipped in a solution of nine ounces of borax and four ounces of boric acid to a gallon of warm water for fireproofing.

NO CANDLES

Under no circumstances should children be allowed to carry lighted candles or lights come this year in four different flashlight faces that snap in and out.

Thor Petersen, principal of Crofoot Elementary School, adds these safety tips.

- Stay on sidewalks.
- Wear costumes no longer than ankle length.
- Carry flashlight.
- Stay in your own neighborhood.
- Children under eight should go with an adult.
- Older children should stay in groups.

After the masqueraders return home Saturday evening with their loot, remind them the fun isn't over yet.

* * *

The "Mystery Treat" sponsored by the Pontiac Parks and Recreation Department, the Pontiac Board of Education, and the Pontiac Junior Chamber of Commerce will still take place.

Pontiac Press Photo

Say Brad, do rabbits really carry flashlights? "Of course not! I'm no dumb bunny," says Bradley Black, 6, of Prall Street. That's no devil-may-care smile on the face of Robert Bell of Green Street either. These two trick-or-treaters plan to make the most of Halloween by obeying all the safety rules and getting home in time to be eligible for the "Mystery Treat."

Snaps at Her for Courtesy

PALMETTO, Fla. (AP) — Mrs. Joyce Ponder is not so sure she will be a courteous driver next time. She pulled up her car on a highway near here to let another car pass.

* * *

A 6-foot alligator, apparently disturbed, pounced on her car, snapping at the door. Mrs. Ponder sped away, with alligator tooth marks in the paint to prove her story.

Check Container

In selecting a container for a flower arrangement, remember that the container should be simple in color and design so it does not detract from the arrangement, advises the Society of American Florists.

Overnight Stay Not Acceptable

By The Emily Post Institute

Q: Would it be all right for four college students (two boys and two girls) to travel a distance of three hundred miles to attend a football game, spend the night and return the next day?

The accommodations for the night would most likely be in a hotel with the girls sharing one room and the boys sharing another.

* * *

A: I'm sorry, but two boys and two girls staying overnight in a hotel unchaperoned, would not be proper even in this present day.

PAYING WEDDING RECEPTION

Q: My son is going with a girl and there has been talk of a wedding. What I would like to know is, who pays the bill for the reception?

When I was married 25 years ago the girl's family paid for the reception. Now I understand the two families split the bill. Will you please tell me if this is a present-day custom?

A: Today, as of yesterday, it is a fixed rule that the reception be given by the bride's parents and no matter how small or frugal it may have to be, it must be paid for by the girl's family.

WEDDING PHOTOGRAPH

Q: My son's newly acquired mother-in-law recently sent us a large photograph of her daughter in her bridal attire. Wouldn't it have been more suitable to have sent us a picture of both my son and his bride together?

Also, I would like to know if a note of thanks is necessary for this photograph?

A: If a photograph of both your son and his bride was taken, it certainly would have been more thoughtful to have sent it to you instead of the one of the bride alone.

Nevertheless, a note should be written to the bride's mother thanking her for having sent you the picture.

The clothes of the bride's and groom's parents as well as those of the wedding guests are described in the Emily Post Institute booklet entitled, "Correct Clothes for a Wedding Reception."

To obtain a copy, send 10 cents in coin and a stamped, self-addressed envelope to Emily Post Institute, in care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Couples Exchange Marriage Vows

MRS. A. L. TAYLOR

MRS. A. A. MIROVSKY

MRS. J. W. FRANKLIN

Taylor-Morris

Off on a northern honeymoon are the Allen L. Taylors (Lane Lucille Morris) who chose the Silvercrest Baptist Church for their Friday vows and reception.

* * *

Their parents are Mr. and Mrs. Lloyd E. Morris of Dixie Highway and the Lee B. Taylors of Orion Road, Orion Township.

BOUFFANT GOWN

The bride's bouffant gown and train of white silk taffeta was styled with bodice, skirt panel and deep bands of Chantilly lace. Her fingertip veil was silk illusion.

* * *

Sweetheart roses centered her cascade bouquet of white roses.

* * *

Joan Taylor was maid of honor, and Rhonda Merwin, bridesmaid at the evening rite performed by Dr. John Hunter and Rev. C. Frank Mills.

* * *

With David Mills, best man, were ushers Robert Ladensack, Thomas Hathaway and Robert Turner.

Mirovsky-Beyer

St. Michael's Catholic Church was the setting for the marriage today of Linda Mae Beyer to Anthony Albert Mirovsky of Summit Avenue.

HOME RECEPTION

Her parents, the Arthur Beyers of Mt. Clemens Street, were hosts at a home reception followed the ceremony performed by Rev. Charles F. Rooney.

Seed pearls on lace roses were appliqued on the bride's gown of white peau satin styled with Watteau train. A pearl tiara held her illusion veil.

A corsage of yellow Sweetheart roses for the honeymoon trip to Niagara Falls centered her bouquet of cascading white camellias.

With Dianne Beyer, her sister's maid of honor, was Marilyn Palshan of Ortonville as bridesmaid.

The bridegroom, son of the Albert Mirovskys of Utica, asked Larry Lord of Rochester to be his best man. David Beyer seated the guests.

The couple will reside on Summit Avenue.

Franklin-Craghead

An evening ceremony and reception Friday in the Rochester Church of God marked the vows of Freda Lois Craghead and Joseph William Franklin.

* * *

Parents of the couple wed before Rev. Emmett Richardson, are the Elbert L. Cragheads, Eston Road, Independence Township, and the Fred E. Franklins, South Baldwin Road, Orion Township.

LACE APPLIQUE

A fingertip veil of illusion complemented the bride's lace-appliqued gown and train of white silk organza over taffeta. She carried white roses and carnations.

With Drema Craghead, her sister's honor maid, were bridesmaids Billy Jo Gibson, Emma McClain and Virginia Lunsford.

Janie Franklin was flower-girl and Cecyl Craghead carried the rings.

Earl Franklin stood as best man for his brother. Seating guests were Albert Sexton, Ronnie Lunsford and Ray Robbins.

Pigeon Pointers

DEAR POLLY — I want to tell the reader who signed her letter "About Pigeons" to buy a rubber snake at the dime store and fasten it on the roof, window sill or wherever the pigeons roost. They seem to be afraid of snakes. — ELSIE

DEAR POLLY — My letter is for the pigeon hater. Hang foil plates (those frozen foods come in) to the beams or place where the birds nest. This worked for my uncle.— KAYE

DEAR POLLY — We keep sparrows out of the garage and the vines over a bedroom window by tying bags of moth crystals from the rafters in the garage and to the wire the vine climbs on. This also works for bats and mice and I feel sure it would work with pigeons.

When the odor evaporates put up more bags filled with fresh crystals. Be sure that the crystals contain 100 per cent Para Dechlorobenzene. — MRS. J.S.

* * *

DEAR POLLY — I got little boards, the length of the top of the porch columns, and nailed them slantwise on the tops of the columns.

The pigeons could still manage to cling a little but it was hard for them to do. When they laid eggs, the eggs rolled off and broke. Hay for the nests also slid off so the pigeons were frustrated and left. The boards were painted white like the columns and are scarcely noticeable.— MRS. G. M.

GIRLS — I was amazed at the number of people who are annoyed with pigeons — if one can judge by the number of letters received. Thanks to all of you.

Mothballs were the most widely recommended but an exterminator advised that Mrs. J. S.'s suggestion of moth crystals was better. He also had an idea similar to that sent by Mrs. G. M. and said such slanting boards placed over window sills usually work well.

* * *

Kaye's suggestion probably worked because of the movement of the plates rather than the glitter. This problem might be better solved for one person one way and another for someone else, so take your choice. There are commercial products available and the sticky ones could be applied to a board painted like the wood it is placed on.

If the problem persists, after trying these suggestions, it may be necessary to call a pest control operator. So long to your pigeons, no matter how they go. — POLLY

* * *

DEAR POLLY — When I have a lot of glasses to wash I put a clean dishcloth or towel on a cookie sheet and put the clean glasses on it to drain dry after they are rinsed. Saves space in my dish drainer. — PHYLLIS

Hang Your Head

Start wrinkle-preventive measures in your early 20s. One simple exercise takes only five minutes. Every morning and evening simply hang your head down toward the floor. It seems this defies gravity and the downward pull of gravity on the face has recently been cited as one of the chief causes of face droop.

Mid-January wedding vows are planned by Cynthia Kay Barnard, whose engagement to George Kenneth Bain, son of the Willard F. Bains of Tee Cee Drive, is announced by her parents, the Carl Barnards of Hatchery Road.

Baffling Theft Gave This Gal Cause to Crab

BIG PINE, Fla. (AP)—Thrilled at finding three large banded tulip shells, Mrs. Ruth Reynolds cleaned them and laid them near the channel's edge in the sun to remove remaining odors.

* * *

The next morning her prize shells were gone, but they had been replaced by three smaller tulip shells. She was furious and baffled with a thief that would make such a trade.

Spotting a large banded tulip moving in the water, she pulled it in and discovered it to be occupied by a hermit crab. The crab and two brother hermits had stolen her shells and left her their discarded homes.

Container Height Affects Bouquet

The height of an arrangement is determined by the container's height and its purpose. An arrangement should never be less than 1½ times the height of the container.

Both the container and the arrangement should be low for a table centerpiece. Width may be 1½ to 2½ times the container's diameter, advises the Society of American Florists.

Letters Arrive 11 Years Late

GAINESVILLE, Fla. (AP) — Back in 1954, Suzy Middleton was a 17-year-old high school student with a boy-friend. When he was on a vacation in Cooperstown, Pa., they corresponded a lot.

Recently, two of his letters bearing 6-cent airmail stamps, and yellowed with age, were delivered 11 years late. Suzy is now Mrs. Edward Carwithen of Gainesville, Fla., and the mother of two children.

For Sweet Relief

Take the weight off your feet and legs after a busy day. Sit for a few minutes with your feet up, either on a stool or table parallel to your chair. This also is good to relieve ankles swollen from water in the system.

'Beat Music' Vibrations Getting Softer in Britain

LONDON (AP) — Beat music, one of Britain's biggest exports in the last five years, appears to be fading.

A company which turned out 120,000 plastic "Beatles" guitars at the height of the beat boom reports a slump in profits, a cut in its dividend, and a reshuffle of its top brass.

★ ★ ★

The firm, Musical & Plastic Industries, Ltd., is Britain's biggest seller of musical instruments. Its shares on the London Stock Exchange slumped from the equivalent of 78 cents to 52 cents when it announced profits for the first half of this year were $378,000 against $660,000 in the 1964 period.

The No. 1 song in the British hit parade for the last five weeks has been a 1930-ish ballad called "Tears" sung by comedian Ken Dodd. He will appear at this year's royal command variety show before Queen Elizabeth II, Nov. 8.

The Beatles appeared in the royal command show last year and the year before. This year, they have been dropped.

The one concession to the beat scene in the royal show appears to be the inclusion of the Dave Clark Five — which is not the most beat of the beat groups. Their hair is shorter, for one thing.

★ ★ ★

Even the beat music shows on British television are going in for more ballad-type music and more staging of dance routines instead of a steady stream of long-haired guitar players.

★ ★ ★

A number of the beat group managements who have made their fortunes during the boom are forming new groups and grooming them for possible success in other musical fields. They're not sure what the next pop music trend will be but they want to be on it when it starts.

★ ★ ★

One manager has even formed a Hawaiian group with a girl dancer in a grass skirt—just in case.

Coast Guard Station Is Planned for Leland

SUTTONS BAY (AP) — The Coast Guard plans a rescue shore station at nearby Leland in the future because of the increase in pleasure boating, the commandant of the 9th Coast Guard District said here Thursday.

Rear Adm. Willard Smith announced the development in a Rotary Club address. He indicated it was not part of an expansion program announced recently by the Coast Guard.

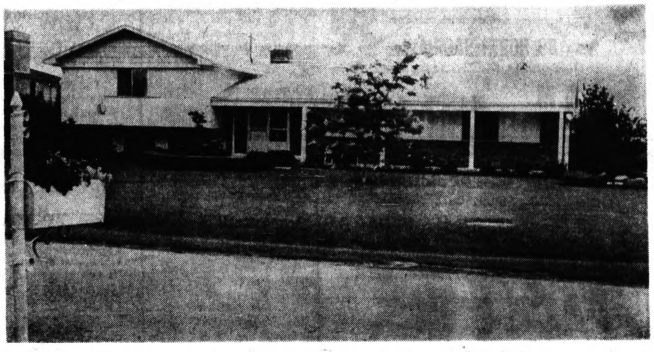
White Victorian Screen Accents Italian Provincial In Formal Dining Room

Pontiac Press Photos By Philip Webb

Mrs. Noble And 8-Year-Old Antoine Of Atlanta, Tony For Short, Relax In Living Room



Trilevel Home Of The S. L. Nobles Found On Spruce Hill Drive, Bloomfield Township

Artist Blends Furniture Styles

By JODY HEADLEE
Home Editor, The Pontiac Press

From the gay flower-bedecked mailbox to the Victorian screened patio door, the S. L. Nobles' home on Spruce Drive, Bloomfield Township, reflects the vivacious and enthusiastic personality of Mrs. Noble.

An artist, Mrs. Noble's eye for color creates a pleasant background with interesting highlights as she blends furniture periods throughout.

In the living-dining ell, rose-beige walls and carpeting and Austrian drop-curtains in white dacron set the scene.

Above the rose-beige brocade sofa hangs a water color of pink peonies in a brass container by Kay Noble Culp, Mr. Noble's sister.

★ ★ ★

Adding an Early American touch to the antiqued-white French Provincial table serving the sofa are antique flat irons painted a deep green. They are used as bookends.

ROSE ARRANGEMENT

A rose arrangement in a white vase centers the antique-white Italian Provincial coffee table before the sofa.

Completing the mahogany chest grouping in the corner is a walnut framed mirror. A French china and brass lamp with spun brass shade lights the area.

Before the room's picture window are an avocado striped chair and one covered in a rose print. The pieces are separated by a Victorian mahogany marble-topped table.

An Italian pottery compote with grapes and a single red candle adds a decorator touch.

Used in the dining room are a round Italian Provincial table with fruitwood top and cane-backed chairs.

To create a flowing line from the crystal and brass wall sconce to the buffet top, Mrs. Noble selected a tall arrangement of sansevieria, philodendron and grapes in an Italian compote.

"Note the empty wall space balancing the compote and sconce," said Mrs. Noble. "A void can be as interesting as a filled area."

FAMILY ROOM

Avocado-green carpeting, an abstract beige wallpaper and matchstick draperies in a spatter pattern introduce a contemporary vein in the family room.

White wrought-iron and wicker furniture with colorful back and seat cushions furnish the comfortable room.

On the hearth of the used brick fireplace is a primitive sculpture from Honduras.

★ ★ ★

The cast-iron bean pot suspended from the tripod is not an antique. It is electric.

"It's perfect for after-football entertaining," said Mrs. Noble.

"You just put in your beans, chili or whatever you're going to serve before you leave and when you get home, it's ready to eat."

The Nobles have one son, Ron, 18.

SIMPLE CHARM — The attributes of an old-fashioned farmhouse, including a completely-covered front portico entrance, have been designed into this houes of architect Herman H. York in combination with modern materials and methods of construction.

Country Kitchen Highlights Colonial

In every home — small or large; ranch, split level or two-story; contemporary or traditional — there's a favorite room or area.

It's the place where the family congregates most of the time, where activities always seem to be going on — where the house is truly alive.

While this section isn't always definable before a family has moved in, it most certainly is in the farmhouse-type residence created by architect Herman H. York for the House of the Week series.

Basically a three - bedroom, two and a-half bath house, expansion is possible for an additional two bedrooms and bath.

* * *

Fine as this expandable feature is, especially for a family which is still growing, it must take second place to what we regard as the outstanding element in the well-designed floor plan.

DOUBLE DUTY

It's a combined farm room-kitchen so large, so inviting and so practical that it can't miss being the focal point of the house for parents and children alike.

This combined area is nearly 24' long, with a wood beamed ceiling stretching its entire length. At one end, in the farm room, is a five-foot-wide fireplace and log bin.

Pegged wood flooring adds to the atmosphere of Colonial America.

* * *

The authentic flavor of this period is carried out at the other end of the expanse, where the kitchen cabinets are of birch (or butternut, if desired) and where there is a three-quarter round table placed along the counter.

This table is at the end of the counter where it doesn't interfere with mother's kitchen duties nor intrude upon the wall space of the farm room.

The farm room-kitchen combination is at the front of the house, with windows looking out on the covered portico.

* * *

It is directly to the right of the spacious foyer, which also leads to the living room or the bedroom wing without crossing any part of the house.

To the left of the farm room-kitchen are the laundry, mud closet, lavatory, garage entry and service door, nicely planned for convenience.

While it is going to be difficult to keep guests as well as family out of the attractive farm room - kitchen area, the living room has its own assets for formal entertaining.

Its dropped floor adds to the ceiling height and gives an elegance to the adjoining dining room, which has a railed balcony to set it off.

The dining room uses sliding doors for access to the terrace, but architect York suggests that these can be eliminated in favor of either hinged, small - paned doors or a single Dutch door with windows on one or both sides — the choice depending on the type of decor.

The bedroom wing has three bedrooms and two baths, with the owners' bedroom having a walk-in closet and another six-foot closet for "his and her" storage.

There is a linen closet in the large bathroom for easy access to the towels and other items more conveniently stored there.

A Dutch dormer across most of the main section of the house provides full ceilings for extra bedrooms upstairs.

In communities where two-family homes are permitted, family homes are permitted, one of these upstairs rooms may serve as a living room for one or two persons.

A small kitchenette can be added near the bathroom plumbing. But the second floor need not be finished when the house is built, or at all, for that matter. In that event, it would be cheaper to close the stairway just off the foyer, put a door at the low level and leave the walls unfinished.

The exterior beauty of Design G-7 is achieved by simplicity and attention to detail. Wood panels under the bedroom windows, flanked by full - length shutters, add restraint yet preserve the farmhouse appearance.

The use of vertical battens over exterior-grade plywood als contributes to the architectural character of Colonial houses such as this.

Note, too, how the use of ventilating wren houses at the gable ends provides ventilation while softening the appearance of such a triangular surface.

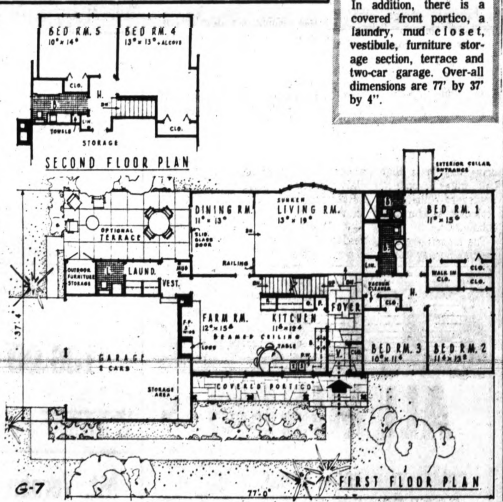
G-7 STATISTICS

Design G-7 has a living room, dining room, combination farm room-kitchen, three bedrooms and two baths on the main floor with 1604 square feet of habitable area. There are 522 square feet of living space on the second floor for those who desire to utilize it. In addition, there is a covered front portico, a laundry, mud closet, vestibule, furniture storage section, terrace and two-car garage. Over-all dimensions are 77' by 37' by 4".



FLOOR PLANS: Spacious front foyer permits entrance to bedroom wing, kitchen or formal entertaining area without crossing other areas of house; upstairs bedrooms and bath, to be used only if needed, are made possible by Dutch dormer across most of structure.

Re-do Kitchen for Holidays

Before year's end, millions of American housewives will launch two all-out blitzkriegs upon their personal fortress — the kitchen.

These onslaughts will come at Thanksgiving and Christmas when preparing the lavish family feast is as much a grueling chore as it is a rewarding tradition. So why not give the family a pre-holiday gift that everyone can enjoy — by remodeling the kitchen?

Modern built-ins, time-saving electrical appliances and, most important, a lot more countertop working space will eliminate much of the Missus' holiday cooking drudgery and give her more time to enjoy family and friends.

Just as you would buy the most modern, up-to-date appliances, so should you install the most modern types of counter surface. That would be tough, durable ceramic tile.

* * *

Tile comes in more than 250 colors, patterns, sizes and shapes for the ultimate in decorating schemes. It's fireproof, so cooling oven-hot mince or pumpkin pies poses no danger to the tile surface.

And knives or broken dishes can't mar scratchproof tile. Likewise cleaning up after the holiday dinner is a snap with a dampened cloth since ceramic tile is stainproof and wards off accidental spills and spatters.

Americans consumed over three billion sleeping pills last year.

Movable Partitions Create Flexibility

Rooms are becoming more flexible.

The trend is reflected in an increased use of movable partitions and dividers, and space savers like folding louver and sliding doors of ponderosa pine which come in stock sizes.

FAMILY ROOM—Louvered doors lead to the 12 feet 8 inch by 19 feet 9 inch family room found in the Lakeland Estates colonial. Built by Ross Homes, Inc. the four-bedroom colonial and a three-bedroom split-level are now open for public inspection. The new development is located one-half mile north of the Walton Boulevard-Williams Lake Road crossover off Dixie Highway.

Pontiac Press Photo

LAKELAND ESTATES — Slate entrance hall of the four-bedroom colonial found in Lakeland Estates leads directly to the formal living room, the family room and the second floor sleeping area. The model built by Ross Homes, Inc. is open Tuesday through Sunday from 2 to 8 p.m. It is completely furnished to help prospective home owners visualize attractive room arrangements.

Planned Community

Lakeland Estates Opens

Recently opened, the Lakeland Estates subdivision features a planned lake-living community.

Residents have all the pleasures of suburban living plus all the desired conveniences of city life with schools with walking distance, excellent transportation facilities, shopping area and the expressway only four minutes away.

Open for public inspection are two models built by Ross Homes, Inc.

One, a three bedroom split-level, is available for $26,420 including base price lot.

The other, a four bedroom colonial is offered for $28,485 including base price lot.

Both homes feature a two-and-one-half car garage, ceramic tile baths, aluminum siding, cement drive, oak flooring, copper plumbing, gas heat, gas hot water heater, full basement, walk-in storage closet and custom kitchen cabinets.

A total of 58 lots are included in the first phase of the Eagle Lake development.

To reach Lakeland Estates, drive out Dixie Highway one-half mile beyond the Walton Boulevard-Williams Lake Road crossover and turn right into the subdivision.

The models are open Tuesday through Sunday from 2 to 8 p.m.

Goes a Long Way

A ten-mile conveyor belt — the longest in the world — is being built in Japan.

It will transport crushed limestone from an inland quarry to an island port, traveling through 14 tunnels, and crossing 13 highways and a main railroad line.

Box Springs Important

Box springs are important if a mattress is to give long and satisfactory service.

* * *

Being more resilient and without moving parts, latex foam rubber mattresses can be and are thinner than standard innerspring mattresses.

* * *

Thus they come in sets with specially designed boxsprings that are higher than the box-spring used with an innerspring mattress, so that the surface of the foam rubber mattress is normal.

Schurrer Construction Co.

Forms New Division

Schurrer Construction Co. of 2431 Pontiac, Pontiac Township recently announced the formation of a new division to be called Building Consultants Division.

A general contracting firm located in the area for 20 years, the move will provide total building service in a single contractual package for commercial and industrial clients.

According to Richard C. Schurrer, vice president, the new division will work in partnership with the parent organization.

"Its formation is evidence of expansion into a different though related field rather than a change in construction operations," said Schurrer.

* * *

When an owner elects to use the service of Building Consultants, in addition to a contractor, he buys experienced counsel to assist in the selection of the architect and engineer, the purchase of real estate and correct financing.

VITAL SUPPLEMENT

All are supplemented by a continuing cost analysis and general coordination.

"We discovered," said Schurrer, "that we could no longer refuse these services.

"Building costs are far too high to allow the informed client with a budget to meet to build in any other way.

* * *

"Developing these services within the sphere of the general contractor is a trend in our business and is therefore not an innovation on our part."

Americans Give Nod to Soap Opera

More American families have television sets than have bathtubs or showers.

The latest census found 6.9 million housing units without access to a tub or shower, compared to 6.7 million without a TV set.

Despite this apparent preference for soap opera over soap suds, the standard of housing in the United States is improving, according to Aetna Life Insurance Company, which has $1.5 million invested in private housing.

The insurance company's economists say the long-term increase in building is helping to upgrade housing standards in two ways.

* * *

First, it replaces many substandard buildings. Forty per cent of the 1.5 million housing starts expected in 1965 replaces units lost to renewal projects, commercial expansion, fires and other factors that frequently affect substandard housing areas.

By 1975, Aetna Life predicts 2.3 million housing starts, half of which will replace older buildings.

Second, today's new housing places more emphasis on comfort and convenience than in the past, and usually provides more living space per housing unit than older buildings do.

* * *

And, nowadays, nobody would dream of building a house without bathing facilities.

Germ-Free Ceiling Is Latest Innovation

A ceiling that keeps itself germ-free is the latest innovation in ceiling systems.

Building Supply News reports that a self-sanitizing acoustical ceiling is now available for use in restaurants, institutions and home kitchens. A special surface finish reduces normal bacterial population on the ceiling by more than 90 per cent.

LBJ Delays Taking Rest

Does Catching Up at the White House

WASHINGTON (AP) — President Johnson is "doing quite a bit of cleanup work" at the White House — and delaying a decision on when or where to take a convalescent rest.

The "cleanup work" description of presidential activity was offered Friday by White House press secretary Bill D. Moyers. He said Johnson has been conferring, in person or by telephone, with Budget Director Charles Schultze and Arthur J. Goldberg, U.S. ambassador to the United Nations.

* * *

In addition, Moyers said, Johnson had been signing papers and bills that piled up during his 13-day stay at Bethesda Naval Hospital for removal of his gallbladder and a kidney stone.

There has been speculation Johnson will head soon for his Texas ranch for rest and recuperation. Moyers said, however, there are no definite plans of that kind.

FEELS COMFORTABLE

"The President," he said, "feels very comfortable here.

"He is able to get done what needs to get done that didn't come to his attention at the hospital. It's just a very convenient arrangement."

* * *

Still, Moyers' reference to "cleanup work" suggested that with Congress leaving town Johnson may not be far behind.

Johnson rested Friday — at least in the morning. He didn't get out of bed until afternoon, though he was conducting official business in his bedroom.

BACK IN FORM

But in midafternoon, he showed much of his old form when he ventured into the East Room and signed the Highways Beautification Act before 200 congressmen and guests.

The new law, to control billboards advertising and junkyards along the nation's highways, "is a first step and there will be other steps," Johnson said.

Apart from the apparent loss of weight, the only noticeable change from presurgery appearances was that Johnson spoke in a somewhat softer, perhaps weaker, voice.

* * *

Dr. George A. Hallenbeck, the Mayo Clinic surgeon who removed Johnson's gallbladder Oct. 8, left Friday night.

SAID GOODBY

Johnson walked the doctor to his automobile to say goodby and gave him a gold bracelet charm with the presidential insignia for Mrs. Hallenbeck.

"Take this gift home to your wife and tell her I appreciate the 10 to 14 days she let you be away from home," the President said.

* * *

Will Confer With Senators on Morrissey

WASHINGTON (AP) — The White House says President Johnson will confer with Massachusetts' two senators before deciding whether to resubmit his nomination of Francis X. Morrissey to be a federal judge.

The controversial nomination was killed for the 1965 congressional session Thursday when Morrissey's chief sponsor, Sen. Edward M. Kennedy, D-Mass., asked the Senate to send it back to the judiciary committee.

Asked later that day if Johnson plans to withdraw the nomination, White House press secretary Bill D. Moyers said "NO."

Moyers was asked Friday if Johnson will resubmit the nomination when Congress reconvenes in January.

NO DECISION

He said no decision on Morrissey will be made until the President confers with Kennedy and with Sen. Leverett Saltonstall, R-Mass.

Between congressional sessions the President has the authority to give Morrissey a recess appointment to the U.S. District Court in Massachusetts. The Senate still would have to pass on the nomination next year, though, and Morrissey would have to resign his post as a Boston municipal judge.

Asked if a recess appointment had been ruled out, Moyers replied: "I don't know of any plans for a recess appointment."

Soviet Union Reportedly Pleased at Army Crackdown on Indonesian Reds

JAKARTA, Indonesia (AP) — The Soviet Union reportedly has passed the word to the Indonesian military that it would be glad to see Indonesia's Chinese-oriented Communist party — PKI — suppressed.

Reliable informants said Friday that Soviet Embassy officials in Jakarta are visiting the offices of high ranking army officers and telling them the Soviet Union had no objection to the current army crackdown on the PKI.

* * *

The informants said they were present at one of the meetings and quoted the Soviet diplomats as saying they agreed with the military that Peking, through the PKI, had a hand in the abortive Sept. 30 coup against President Sukarno.

The army has kept up its crackdown on the PKI despite objections from Sukarno.

ARMY CONCERNED

The meetings with Soviet officials reportedly were arranged after Indonesian officers expressed uncertainty whether the Soviet Union would maintain friendly relations and continue military aid to Indonesia if the PKI were suppressed.

Sukarno recently was reported considering planning to set up a new Indonesian Communist party that would not lean toward any foreign power.

* * *

The army's anti-Communist campaign seemingly has hurt Sukarno's efforts to restore friendly relations with Communist China.

Peking protested today against a "fresh violation of its diplomatic privileges" in Jakarta after Indonesian troops allegedly broke into the living quarters of China's embassy staff.

ALLEGED ATTACK

Peking previously protested an alleged attack Oct. 16 by 40 Indonesian soldiers against the Chinese commercial counselor's office, a branch of the Chinese Embassy. Indonesian military sources said they had no knowledge of any such attack.

* * *

Reliable sources said Sukarno still plans to attend the second African-Asian conference scheduled for Nov. 5 in Algiers despite the unsettled situation in Indonesia.

* * *

Officials denied reports in the Jakarta press that arms for the rebels were smuggled into the country from China along with construction materials for Sukarno's "CONEFO" project — a conference of new emerging forces planned for next year.

In other developments, an anti-Communist rally in Bogor, not far from the capital, ended with the burning in effigy of D. N. Aidit, the leader of the PKI.

LACK OF SECURITY

The official news agency Antara said railway traffic at two central Java stations was halted because engineers feared lack of security along the route.

* * *

But the army chief, Maj. Gen. Suharto, was quoted as saying no serious security threats exist in central Java.

FBI Sponsors Confab

DETROIT (AP) — The Federal Bureau of Investigation will sponsor a one-day conference on law enforcement Monday, Agent in - Charge Paul H. Stoddard said Friday. Representatives of area law enforcement agencies and the FBI are expected to attend.

Mayflower Ship Closes

PLYMOUTH, Mass. (AP) — Tiny Mayflower II, duplicate of the Pilgrims' ship, is going into winter storage. Officials said the vessel will be closed to the public after Sunday and will be towed to Boston a few days later.

PNH Upsets Skippers; Vikings Titlists

Northern Ends Losing Streak in 13-0 Win

Sophomore Halfback Sparks Successful Homecoming Outing

By FLETCHER SPEARS

Those Huskies of Pontiac Northern are on the prowl.

Northern, sparked by a sophomore halfback, pulled the area's top upset of the season last night at Wisner Stadium, blanking heavily-favored Waterford Township, 13-0, before a Homecoming crowd of 1,800.

The victory ended a 13-game losing streak for the Huskies, a string that began so long ago that few players on the team recall it.

PNH started the 1964 season with a 7-0 win over Troy. The outlook was bright.

★ ★

But the roof fell in. The squad lost its next eight games and dropped the first five this season before running into Waterford's Skippers.

PLAYING GOOD

"We have been playing good ball even in those defeats," said coach Dave Schmidt. "In this one, we didn't make the big mistakes."

★ ★ ★

The Huskies put it all together — offense and defense. While the offense was ripping through the Skippers for 187 yards rushing, the defenders slammed the door, limiting Waterford to 50 yards on the ground.

Leading the offense was sophomore Dana Coin, a 190-pounder, who scored twice and kept the PNH drives moving with his short power bursts through the middle.

Playing in a light drizzle, the Huskies churned 63 yards in 14 plays in the second quarter for their first touchdown. Coin, who carried the ball seven times in the drive, bulled across from the three-yard line with 3:24 left.

★ ★ ★

Late the fourth period, after stopping a Waterford drive that reached the PNH 40, the Huskies took the ball to paydirt in eight plays. Coin went over for the final yard with only 24 seconds left in the game. Bruce Tippin's kick made it 13-0.

BIG PLAY

A big play in the second TD series came at Waterford's 38-yard line. On second down from the 38, Tippin took the ball from center and rolled around left end for 37 yards and a first down at the one. Coin went over on the next play.

★ ★ ★

The victory also brought the Huskies a share of second place in the Inter-Lakes League. PNH posted 1-2 records in the loop.

For Waterford, the loss was the fourth this season against two wins. In the series with PNH, the Skippers now trail 2-4-1.

The weatherman gave the PNH defense a break.

Waterford, normally a good passing team, couldn't move the slippery ball through the air.

Waterford coach John Moffat handed himself a setback earlier in the week when he benched starting halfback Dave Roemensky for disciplinary reasons.

Captains Play Tie; Question Is Raised

★ ★ ★ ★ ★ ★

Kettering's 19-19 tie with Lapeer last night sent Tri-County officials searching for copies of the league by-laws.

How will the championship be determined if the Captains knock off league-leading L'Anse Creuse next Saturday in the final Tri-County tilt of the season.

★ ★ ★

It is assumed, of course, that L'Anse will get by Oxford as expected this afternoon and up its league mark to 3-0.

Kettering has a 1-0-2 mark and a win over L'Anse would leave the standings looking like this: L'Anse 3-1-0; Kettering 2-0-2.

Now, does the league use a point system — so many for a win and tie like the National Hockey League; or does it declare the team with most wins the champion like the National Football League; or does it count ties as a half game won and lost like the Big Ten; or does the team without a loss gain the title.

If the first or third methods are used, the race would end in a tie. L'Anse would win under the NFL method and Kettering under the last possibility.

One thing is sure: Kettering must win. Another tie won't help. The five-team league already has recorded four.

Lapeer posted its third deadlock by playing one of its best games of the season against Kettering in the rain and mud at Waterford Township High's field.

All of the scoring took place in the first half with Kettering quarterback Dick Miceli throwing three TD bombs.

He hit end Bob Von Bargen with a 60-yarder on the first play of the game and came back in the second quarter with a 42-yard screen to Jerry Harkey and 40-yarder to VonBargen.

John Kampsen kicked the extra point after the first TD, but poor ball handling messed up the second try and a pass for the third failed. The Captains blocked two Lapeer PAT tries.

Romeo stepped outside the league to take a 27-0 decision

Sophomore quarterback Brad Czajka scored from the three in the first quarter, and his senior brother Frank, also a quarterback, passed 30 yards to George Tanner in the second period.

Dennis Richardson took care of the second half scoring with a pair of six-yard bursts. Doug Boggs kicked two extra points and passed to Bob Rowley for the third.

Walled Lake 11 Beats Falcons for I-L Crown

Closing Drive Earns 20-13 Win, Features Homecoming Contest

By JERE CRAIG

Walled Lake lost the passing duel but the Vikings won the Inter-Lakes' football title outright for the seventh straight year Friday night with a 20-13 win over Farmington.

A final two-minute play series in 88 seconds covered 69 yards for the Vikings to break a 13-13 tie and earn the league championship before the wet home fans.

Terry Lehmann lofted a 26-yard pass to senior end Jack Ashby for the eighth and biggest play in the series. It was the only completed aerial in the drive; and it scored the necessary six points.

Steve Fogle booted the PAT **with 52 seconds remaining. Farmington, which had tied the game at 13-all with 2:46 to go, couldn't advance beyond its 41 following the final kickoff.**

The two-minute play series (designed to carry a team rapidly down the field when time is running out) had two unusual features.

Only three passes were thrown with Ashby grabbing the lone completion; and it was his first in two varsity seasons. Farmington's Falcons drew their only penalty of the night on the drive and it was for having too many men on the field.

The Vikings scored the first time they had the ball. Russ Herron plunged two yards to end a 63-yard drive. Steve Fogle ran the conversion when the snap was poor as he awaited an attempt at kicking it.

★ ★ ★

The Vikings' John Sherrick partially blocked a Wayne Johnston punt early in the second quarter, setting up the next six points. Again, Herron scored with a hard drive off left tackle from six yards out.

INTERCEPTION

The Falcons countered with a six-pointer following a pass interception by Ron Shortt. Three pass plays by Mike Wilson took them 53 yards in four plays just before the halftime Homecoming celebration. Steve Moore grabbed the payoff pitch from the five.

More Wilson passes — he completed 15 of 26 attempts — led to the tying touchdown. Shortt caught a beautifully executed inside screen pass for a nine-yard scoring jaunt. Johnston's conversion kick tied the game.

Wilson's 15 completions gained 171 of the Falcons' 201 yards. He hit big Gary Tinkle with five for 47 yards and Ron Cleveland with two for 64.

Lehmann hit on six of 15 tries (five for eight and two interceptions in the opening half) for 108 yards. Lon Snook pulled in two for 52 yards. Gus Maragos ran for 58 yards in seven carries to lead all the rushers. Herron had 53 in 18 tries.

The Vikings now are 4-2 with three out of three in their loop schedule.

WINNER'S CIRCLE—Coach Dave Schmidt of Pontiac Northern found himself in the winner's circle last night at Wisner Stadium for the first time in 14 games. Schmidt is just about to get his hands on the Jim Dey Am-Vets Post No. 12 trophy which goes to the winner of the PNH-Waterford game. The Huskies picked up the trophy after blanking Waterford, 13-0, and at the same time, they ended a 13-game losing streak. No. 86 in photo is end Bob Baker.

Rochester Defeats Troy in O-A, 12-7

Rochester continued its winning ways with its second straight victory in defeating Oakland-A rival Troy, 12-7 last night.

The Falcons took advantage of three pass interceptions and two fumble recoveries to stop Troy bids as Ty Gill of Rochester and Dave Humphrey of Troy staged a battle for running honors.

Rochester scored in the 2nd period going 54 yards on five plays after a pass interception. Randy Field took a 26 yard pass from Jim Ball for the tally.

In the third quarter, aided by a pass interference penalty on the Rochester 16, Troy went 63 yards in six plays with Humphrey going over from the five. Humphrey ran the point to put the Colts ahead 7-6.

Rochester marched 50 yards in the final stanza then lost the ball on downs on the Troy 31. On the first play however, Humphrey fumbled and end John Burney recovered.

★ ★ ★

The Falcons needed only six plays in five carries, all by Gill who went the last three yards.

Humphrey, who had a 44 yard run in the third quarter, picked up 118 yards in 15 carries while Gill netted 112 yards in 20 tries.

Rochester stands 2-3 in the league and Troy is 1-4.

FITZGERALD WINS

Fitzgerald stayed unbeaten in the league by whipping Warren Cousino, 47-12.

Iqt was 34-6 at halftime as Bill Kinnie went 72 yards and then took a 24 yard pass from Don Billie. Ken Mooney scored two on one yard and 32 yard runs.

Utica's Streak Still Intact

Quarterback Tom Orlowsky scored three touchdowns last night in leading unbeaten Utica to a 38-6 triumph over St. Clair Shores Lakeview.

Orlowsky hit paydirt on a 25-yard scamper in the second quarter and went over two more times later on short plunges. Other Chieftain tallies came on a 30-yard run by Gary Rojeski, a one-yard plunge by Gary Lieber and a 20-yard run by Gordon Schwartz. Dan Drca booted two extra points.

John Peterson tallied in the second for the losers on a two-yard dive.

The victory upped Utica's record to 6-0.

South Lyon 20-7 Loser

A 95-yard punt return by Neil Still of Saline started South Lyon on its way to defeat last night.

Still went the distance in the 2nd quarter and Saline continued to a 20-7 victory. Gary Johnson and Dave Feldkamp went two and four yards for the other TD's.

South Lyon's Mark Doepker raced 36 yards in the third quarter and Brian Lott converted.

Pro Matmen Return to Pontiac Nov. 20

Seaholm Must Settle for 6-6 Tie

Royal Oak Kimball clinched at least a tie in the Southeastern Michigan League last night thanks to a 26-yard field goal in the final quarter by Ron Hare.

★ ★ ★

In other league games, Birmingham Seaholm and Berkley played to a 6-6 deadlock and Hazel Park took a 6-0 verdict from Southfield.

Hare, who has kicked 10 extra points this season, dropped his first field goal of the season over the crossbar midway through the fourth quarter.

This was the third game he has decided for the unbeaten Knights with his toe. His conversions beat Walled Lake and Southfield earlier.

★ ★ ★

Ferndale started fast, scoring after taking the opening kickoff on a halfback-option pass play from inside the Kimball 20. The Eagles also took the ball downfield the next time they had it, but a fumble stopped them deep in Kimball territory.

FUMBLES

In all, Ferndale fumbled seven times and lost five in the game. Bobbles also plagued the Knights. They finally scored in the second quarter on a short run by John Gabler and Hare's tying conversion.

★ ★ ★

Then Kimball took charge in the final half, controlling the play. Following the field goal, the winners recovered the kickoff but couldn't score. After relinquishing the ball, they picked off a last-minute Ferndale pass and ran out the clock.

Seaholm scored in the 2nd period when Buzz Downey raced 24 yards, but the conversion failed.

Berkley came back in the third quarter with Mike Chandler climaxing a 61-yard drive by going one yard on a sneak. The attempted run for the important point failed.

★ ★ ★

With three minutes to play, Berkley was stopped on the holm 18 for the only other serious threat of the game.

Lloyd Welch's 10-yard dash in the second quarter accounted for all of the scoring in Hazel Park's triumph.

Madison Awaits Big Tilt

Orion, Avon Losers

Madison tuned up for its showdown next week with Fitzgerald last night by pounding Lake Orion in an Oakland A League outing, 20-12.

In another O-A game, Clawson used the air lanes on a wet night in blanking Avondale, 12-0.

A couple of Jims sparked the attack for Madison, and the win was the Eagles fifth in a row in league competition.

Fitzgerald is also 5-0 in league play, and the Eagles journey to Fitzgerald next Friday for the showdown.

The Jims in Madison's lineup were Combs and Guldi.

TALLY TWICE

Both scored two touchdowns apiece and Combs added four extra points.

★ ★ ★

Madison drove 60 yards in the opening quarter with Combs going the final four on a dive, and Combs came back in the third to tally on a 40-yard scamper.

Guldi went over on a four-yard run in the first and broke loose on a 65-yard run in the second.

Larry Beadle picked up both Lake Orion scores. He went over on a three-yard burst early in the second and came back later in the period to tally on a 15-yard sprint.

★ ★ ★

A pair of passes from quarterback Larry Pinchback to end Phil Strittmatter were too much for Avondale.

The two teamed up on a 17-yard scoring play in the first quarter and iced the game with a 50-yarder in the third stanza.

Dondero Edges Monroe

Royal Oak Dondero kept its title hopes very much alive in the Border Cities League Friday night with a dramatic 12-6 win over tough Monroe.

★ ★ ★

End Dick Isenbarger fell on a Monroe fumble at midfield **with four minutes to go. The Oaks then drove for the winning score.**

Rod Ryder hit Bob Sherwin with a 17-yard scoring pass to decide the rugged contest. Ryder, a shifty halfback, had run 40 yards in the second quarter to score when he couldn't find a pass receiver on an option play.

Monroe had taken an early lead with an 86-yard drive. However, rugged defensive work led by Sherwin kept the home team from threatening in the late stages of play.

Dondero now meets Wyandotte (3-0-1) next week in a title showdown while Monroe will play Grosse Pointe (3-1). Wins by Dondero and Monroe will give the Oaks the outright title.

Barons Assured Tie for Crown

Hills Rallies in Second Half for 25-14 Win

Northville Posts Upset Over Milford; Lakers Down Brighton

Bloomfield Hills, scoring with explosive suddenness, rallied in the second half last night to down Clarenceville, 25-14, and gain at least share of the Wayne-Oakland football championship.

The Barons, 5-0 in league play and 6-0 overall, were boosted into the throne room when Northville stunned Milford, 19-7, and Clarkston edged Holly, 20-19.

* * *

West Bloomfield scored the first three times it had the ball in downing Brighton, 20-0, to move from last place to a tie for fifth.

Each team has only two league games remaining. Milford held second, but has two losses and must beat the Barons next week and hope that Holly can turn the trick, too, in the finale.

The Redskins are the only team that can catch Bloomfield Hills.

Clarenceville did its best to help the other teams but couldn't contain the Barons on two plays in the second half.

The Trojans gained a 14-12 halftime lead on the strength of a 13-yard pass from Dave Wilson to Mike Nye in the first period, Wilson's 20-yarder to Nye in the second and Chris Hawksins two extra point runs.

LONG RUNS

The Barons opened the scoring on an 85-yard run by Dick Kraatz. They took a 12-7 lead on Randy DeArment's seven-yard sprint in the second quarter. A 35-yard pass from quarterback Bob Calhoun to end Dave Robillard setup the TD.

Kraatz, who gained 174 yards on nine carries, upped his season's touchdown total to 10 in the third quarter with a 60-yard run that ended Clarenceville's bid for an upset.

Greg Roche put the game out of reach in the fourth quarter with a touchdown run from the 40 and Calhoun passed to Robillard for the conversion.

Quarterback Tom Baughman completed 21 of 31 passes for 275 yards and two touchdowns as Northville dumped defending champion Milford.

* * *

He hit Steve Evans with a 20-yard TD aerial in the first quarter and Tom Swiss with a nine-yarder in the second. Swiss scored the insurance tally in the fourth period from the one.

Milford's lone TD was scored on a 75-yard run by Mike Yeager with an intercepted pass in the third quarter.

Greg Hepinstall returned to the West Bloomfield lineup at quarterback after missing three games with an injury and passed for two touchdowns.

He hit Tim Moller with a 33-yarder in the first period as the Lakers took the opening kickoff and moved 56 yards and connected with Moller again the second time they had the ball, this time from the 14.

The third time West Bloomfield took possession the Lakers marched 85 yards with Clarence Vivk ending the drive from the five. Tom Leahy kicked two extra points.

Fife Proves 'Point' as Clarkston Triumphs

By DON VOGEL

Quarterback Dan Fife did for Clarkston what halfback Mark Phalen couldn't do for Holly last night — produce an extra point.

Both were adept in the touchdown department.

Fife shot a conversion pass to end Dave Osgood after Clarkston's second touchdown and this was a key play in the Wolves' 20-19 victory.

* * *

Phalen tried to run one extra point and pass for another, but failed as kicker Perry Leib looked on in frustration.

Leib had kicked the first PAT for the Bronchos. He also booted one after the second touchdown. But it didn't count because Holly was guilty of illegal procedure.

On the next try, five yards farther back, the snap from center was high and Phalen, the holder, decided to run. He was stopped a yard short.

Leib lined up to kick after Holly scored its third touchdown with 11 seconds to play. He never moved his kicking foot. The Bronchos were penalized five yards for delay of the game and the snap from center rolled to Phalen.

He scrambled around looking for running room and finally decided to pass.

* * *

The ball was knocked down and Clarkston had its second Wayne-Oakland League win against three losses. Holly, 2-2-1 in the league, was knocked from title contention after suffering its second straight loss by the same score.

Last-place Brighton turned the trick last week.

Fife's arm and extra efforts by Rod Allen, Cecil Caverly and Osgood earned the victory for Clarkston in a game marked by both teams scoring in the final 21 seconds.

The Wolves, held to minus three yards rushing and one first down in the opening half, scored first on the last play of the first quarter.

KICK BLOCKED

Allen took the ball out of the arms of a Holly defender who apparently had intercepted a Fife pass and raced 40 yards to complete a 56-yard play. The kick for the conversion was blocked.

Osgood ran his pattern and then cut across the end zone on his own to take a seven-yard, fourth down, scoring pass from Fife with 21 seconds to play. Fife had passed 14 yards to Osgood and 38 to Allen to set up the TD.

Caverly dragged a pair of Holly tacklers two yards across the goal line to score what proved to be the winning extra point.

It was the strong running of Caverly behind excellent blocking by tackle Larry Franklin that paved the way for Clarkston's second touchdown in the third quarter.

The Wolves marched 75 yards in 16 plays, aided by a key pass interference call, with Fife going the final six when he couldn't find a receiver while trying to pass.

Phalen, who gained 186 yards in 24 tries, spent the evening helping Holly catch up with the Wolves. He raced 70 yards over tackle in the second quarter and Leib kicked the point that gave Holly a 7-6 halftime lead.

Early in the fourth period, Phalen and Jeff Hayes split the ball-carrying duties as the Bronchos marched 69 yards to tie the score. Hayes carried the final four.

After Clarkston went ahead 20-13, Phalen took a 42-yard pass from quarterback Dave Tinsman to pull Holly to within a point on the first play after Clarkston tried an onside kick.

State's Top Prep 11s Win

By The Associated Press

All three class leaders in the Associated Press football high school poll defeated their opponents by shutouts and in double figures Friday night.

Bay City Central, No. 1 team in Class A, overpowered Flint Nothern 40-0; top Class B team Buchanan downed Coloma 34-0; and Middleville, the Class C-D leader, crushed Hamilton 43-0.

Bay City Central scored the first three times it had the ball for an aggregate of 21 points in the first half. Quarterback Tom Kennell scored two touchdowns on sneaks and passed for extra points.

It marked the first time in history that Central has beaten three Flint teams in one season.

The victory for Bay City Central boosted the club's record in the Saginaw Valley Conference to 5-0, a full game ahead of idle Pontiac Central.

In other Saginaw Valley games, Flint Central pinned a 26-0 setback on Bay City Handy and Midland blanked Saginaw Arthur Hill, 20-0.

Buchanan's defense, led by 287-pound Mack Baker, held Coloma to 15 yards, and the losers had only two first downs. Buchanan is now 6-0, and Coloma has lost all six games this season.

Dundee, fifth in last week's poll in class B, rolled up its 24th victory in a row by narrowly defeating Dexter 7-0. The winning touchdown came on a 62-yard drive the first time Dundee had the ball, and Darrell Polter scored the TD on a 7-yard run. Todd Karfer passed to Jim Bowman for the extra point.

Dundee's victory clinched a tie for the Southeastern Conference title.

Battle Creek Central, rated second in Class A, scored its fourth shutout in six games, defeating Lansing Sexton 28-0.

Hartford, ranked 10th in Class C-D, defeated Watervliet 40-0, winning its first Little Eight championship since 1948. Watervliet didn't have any first downs and was held to minus 31 yards.

PCH Harriers SVC Champs After 6 Years

Pontiac Central's corss-country team picked up its first Saginaw Valley Conference championship since 1959 yesterday in competition at Flint's Swartz Creek Golf Course.

The Chiefs led the way with 34 points. Runner-up Flint Central totaled 48 points. The latter's Jim Love ran the two miles in 10:09 to take first individually.

Leading the Chiefs was senior Bill Hollis, who ran a 10:11 race to finish second in the individual competition.

Trailing Hollis were Harold Boone (5th) Joe Dickie (7th) Martin Acosta (9th) and sophomore Larry Hurst (11th).

The junior Chiefs finished second by one point to Flint Central in their SVC race although Ernest Griffin of Pontiac led all the way to win individual laurels.

PCH (10-0) has its annual meeting with Pontiac Northern Tuesday to open this year's All-Sports Trophy competition, and then both will race at Detroit Redford Union Saturday in the state regional qualifying.

Lakers Have 5-0 Record; St. Mike 4-1

Waterford Our Lady's wait for a football championship is almost over.

It hasn't been a long wait — the school started playing varsity football in 1961 — but the Lakers are eager to end it.

The title could come tomorrow — or part of it at least— when the Lakers entertain Richmond St. Augustine in their Homecoming game at Waterford Township High School field. Game time is 2:30 p.m.

The Lakers have won five games in a row — three by shutouts — and they are a solid favorite to trim St. Augustine and clinch at least a tie for the Macomb Catholic League title.

* * *

The Lakers (5-0) are a game ahead of St. Michael's (4-1) Shamrocks, who play host to New Baltimore St. Mary tomorrow at 2:30 p.m. at Wisner Stadium.

ST. FRED THIRD

St. Augustine is nestled in 3rd place in the Macomb race with a 2-1-2 record, but the Saints have had trouble scoring and they will be facing the league's top defense in playing the Lakers.

* * *

In a Macomb game on tonight's schedule, St. Frederick (3-2) plays host to Marine City Holy Cross (0-5) at Wisner Stadium and the game starts at 7 o'clock.

In the Northwest Catholic League tomorrow, Orchard Lake St. Mary (3-1) takes on St. Francis de Sales (1-3) on the latter's field, while league-leading Ferndale St. James (5-0) plays host to Royal Oak St. Mary (3-1).

A victory for St. James would clinch at least a share of the title for the squad. A St. James defeat would leave the title door open to both OLSM and ROSM.

* * *

Elsewhere on the Sunday schedule, Birmingham Brother Rice (2-1-1) entertains U of D high at 2:30 p.m., Royal Oak Shrine (2-2-1) visits Dearborn Divine Child and Utica St. Lawrence (0-5) has a date at Detroit St. Gertrude.

Defenders Get a Break

AFL's Chargers a 'One-Reel Team'

By The Associated Press

The San Diego Chargers have created a new yardstick for measuring success in pro football:

They're a one-reel team.

Coach Weeb Ewbank, whose winless New York Jets face the unbeaten Chargers tonight as the American Football League begins its weekend schedule, explained the one-reel designation he has pinned on the Western Division leaders.

* * *

"When we received their game films there was only one reel on the defensive team instead of the usual two," said Ewbank. "When we looked at them we found out why: The San Diego offense has the ball so much the defense hardly gets to spend any time on the field."

UNBEATEN

The Chargers, with a 4-0-2 record after last week's 13-13 tie with Boston, lead the AFL in all six team statistical categories—the first team ever to do so. The Jets are 0-4-1 after the 24-24 tie with the Raiders.

* * *

The Jets-Charger game is the only pro action not scheduled for Sunday. In other AFL games, Denver will be at Buffalo, Kansas City at Houston and Boston at Oakland.

The game between the Broncos, 3-3, and the Eastern Division leading Bills, 5-1, shapes up as the top match on Sunday's AFL program, offering as it does Cookie Gilchrist's first appearance in Buffalo since he was traded away by the Bills.

NEW RECEIVER

The Bills, meanwhile, will unveil their realigned pass receiving corps with Bo Roberson, acquired from Oakland in a last-minute trade, at flanker; Charley Ferguson at split end, and rookie Paul Costa at tight end.

The Oilers, 2-3 and home after a three-game losing streak on the road, will start sophomore Don Trull at quarterback in place of veteran George Blanda in an attempt to get rolling again. The Chiefs, 3-2-1, still have been unable to click offensively but are No. 2 in team defense.

The Patriots, 0-5-1, tied San Diego last week with Larry Garron and Ron Burton returning at the running back positions and giving the Boston offense a lift. The Raiders, 3-2-1, will try rookie Fred Biletnikoff at Flanker in place of the traded Roberson.

Dryden Posts 52-7 Win to Clinch Tie for Title

Southern Thumb coaches picked New Haven to win the championship and Dryden to finish no better than fourth.

Something went wrong; much to the delight of the Dryden fans. The Cardinals finished dousing the Rockets bright glare of the last few seasons by inflicting a 52-7 setback last night.

In doing so, Dryden clinched at least a tie for the championship. New Haven is in last place.

The Cardinals were helped along by Memphis' 7-0 upset of Anchor Bay and Armada's 14-0 victory over Almont. Capac and Brown City played a scoreless game.

Dryden now has a 5-0 league record while the other league teams have at least two losses. The Cardinals have two league games left including next week battle with Almont.

* * *

Dennis Hilliker scored three touchdowns and kicked two extra points for Dryden. The Cardinals built a 21-7 halftime lead and finished off the Rockets with an 18-point burst in the final period.

FIRST SCORE

Tom Kline opened the scoring with a 41-yard spurt in the first period and Bob Weinhardt recovered a New Haven fumble in the end zone for another. Then Fran Blaszyzyk recorded a safety for the Cardinals.

The second period TD was recorded by Kline on a 78-yarder. Ken Kitchenmaster on a 10-yarder and Hilliker on an 18-yard end around produced third period tallies.

Kitchenmaster added another in the fourth on a 12-yard run and Hilliker picked up two on a five-yarder and 30-yard interception.

Almont went into its game with four regulars, including ace halfback Harry Hoffner, out with injuries. Two reserve linemen also were out with injuries.

Armada's Lee Thompson scored both TDs. He bucked across from the one in the third quarter and from the six in the fourth.

I-L X-County Title to PNH

Pontiac Northern's Huskies collected five of the top 10 positions yesterday at Oakland University in capturing the Inter-Lakes League cross-country championship.

The Huskies finished with 27 points, well ahead of defending champion Farmington (45). Walled Lake placed third and Waterford came in last.

Walled Lake's Jim Lindler picked up individual honors with a clocking of 10:53.

Nick Ochoa grabbed second place for PNH with a time of 11:09. Helping Ochoa with the scoring were Dave Kay (3rd), Dave Johnson (4th), Dave Pruett (8th) and Dave Trorsdale (10th).

Millington Falls, 12-7

Millington got off to a fast start in the first period but lost its offense and North Branch finished with a 12-7 triumph.

Tom Eno went two yards and ran the point for a 7-0 lead. Another Millington drive stopped on the five by a fumble.

North Branch then scored on John Hogan's 20 yard run in the 2nd quarter and Rich Rachow blocked a punt and fell on it in the end zone in the third quarter.

Wings Visit Montreal Lair

Start of 20th Season for Howe, Gadsby

By The Associated Press

Gordie Howe, the National Hockey League's career scoring leader, and Bill Gadsby, both of Detroit, will tie a league record tonight when the six-team circuit opens its 1965-66 season with games in Montreal and Toronto.

★ ★ ★

Howe, a right winger, and Gadsby, a defenseman, will be starting their 20th NHL campaigns. This will equal the record for longevity established by Aubrey Dit Clapper, former Boston star. Howe has a lifetime total of 595 goals.

The Red Wings, last season's regular season champions, meet the Stanley Cup winning Canadiens in the Montreal Forum. The Chicago Black Hawks, who finished third last year, take on the fourth-place Maple Leafs.

The New York Rangers and Boston Bruins open at home Sunday night.

★ ★ ★

The Canadiens count on their topflight stars, including Jean Beliveau, Henri Richard and Claude Provost. They have made no change since winning the Cup.

★ ★ ★

Each team is required to have two goalies in uniform under a rule put into effect this year.

Lions Must Stop Speedster

Cardinals Depend on Sub QB

By The Associated Press

Loyle Nawlin Humphrey has done in seven National Football League seasons what it normally takes a regular quarterback about one afternoon to do.

But now it finally is Loyle Nawlin Humphrey's turn to see what he can do in one afternoon as a regular.

For Humphrey, better known as Buddy, most likely will start in place of the injured Charley Johnson when the St. Louis Cardinals battle the winless Washington Redskins Sunday.

INJURED

Johnson, the league's most prolific touchdown tosser this season, has a bruised left shoulder and is a doubtful starter. So, Humphrey will receive possibly the biggest chance of his career.

The game is a big one for the Cardinals, who need a victory to retain at least a share of the lead in the Eastern Conference. They are tied with the Cleveland Browns, who play the New York Giants. The leaders each have a 4-1 record.

★ ★ ★

Humphrey, who played for Los Angeles and Dallas before going to St. Louis in 1963, has thrown 45 passes in his career and completed 18 for 216 yards and one touchdown. His latest performance came last week against Pittsburgh when he took over for Johnson and completed the two passes he threw.

"I'd like to find out sometime if I'm good enough to play," Humphrey said recently.

The Cardinals hope Humphrey learns Sunday that he is.

In other NFL games, Western Conference leader Green Bay plays Dallas, Detroit is at Chicago, Los Angeles battles Baltimore, Minnesota plays San Francisco and Pittsburgh goes against Philadelphia.

The American League schedule has San Diego at New York tonight and Denver at Buffalo.

In playing Cleveland, the Kansas City at Houston and Boston at Oakland Sunday.

Giants have a great opportunity to take a giant step forward. They trail the leaders by one game but have yet to play one of the league's stronger teams. In this one they come up again league-leading rusher Jimmy Brown.

★ ★ ★

Detroit's main task will be to stop Chicago's Gale Sayers, the rookie halfback who exploded with four touchdowns last week. The Lions also must recover from their performance last week when they blew a 18-point lead against Green Bay.

Classic Bowler Hits 702 Series

Jerry Perna, comanager at West Side Lanes, hit a 702 series Monday in the establishment's West side Classic League as fourth-place Felice Quality Market swept eight points.

★ ★ ★

His 267-246 games boosted his over-all average to 209, second only to Al Pietz's 210. Pietz, of the league-leading Huron Bowl team (which also swept eight points), had 222-237—671 this week.

★ ★ ★

Third-place Oakland Vending also blanked its opponent as Harold Alexander rolled a 254-223—681 effort.

Tulane Gains 17-15 Win

NEW ORLEANS (AP) — Bobby Duhon led lowly Tulane to a 17-15 upset of slumping Mississippi State Friday night with the help of a bruising defense that muffled the Maroons' usually explosive running attack.

The left-handed sophomore threw touchdown strikes of 36 and 26 yards and set up what turned out to be the winning field goal in the fourth quarter with his precision passing.

The victory, Tulane's first in the Southeastern Conference, dimmed the title hopes of Mississippi State, which had whipped Florida in its only other league test.

The Maroons, who had a four-game winning streak snapped by Memphis State a week ago, were stalled by the Tulane defense, led by linebacker Bill Goss, until the final minutes.

Uwe Pontius kicked what turned out to be the winning field goal with nine minutes to play in the fourth quarter after Duhon hit on passes of 16, 11, and 25 yards to set up the 25-yard boot.

Mississippi State rode the passing of quarterback Ashby Cook to a touchdown with 90 seconds left.

Mississipi State took the lead in the second quarter when nimble Marcus Rhoden raced 70 yards for a touchdown on a punt return.

Steinkraus Leads U.S. Riding Team

By DAVE LEHERR

HARRISBURG, Pa. (AP) — Bill Steinkraus of Noroton, Conn., came through Friday night with his second straight clean round to give the United States the Mution's Cup over Canada in international jumping competition at the Pennsylvania Horse Show.

Riding Snowbound as the last American rider, Steinkraus knew only a perfect round would win and that's exactly what he did, taking the 7-year-old gelding over 16 obstacles with hardly a bump.

Canada had set the pace with two riders going clean and a third rider suffering 2½ time faults.

The event combined total points from the first round Friday afternoon and the second round Friday night as a team event only with the top three rides of each round for the deciding factor.

★ ★ ★

Mrs. Mary Chapot on Tomboy and Kathy Kusner riding Untouchable went clean first, but so did Moffat Dunlap and Jim Elder of Canada on Light's Out and Pieces of Eight.

It was Doug Henry's ride on Chyro-Lad that turned out to be the margin of difference.

Henry negotiated the course without a fault but was some four seconds over the time limit giving him the 2½ faults.

Even then when American's Frank Chapot rammed into the final barrier on his ride, suffering four faults, it appeared Canada had a chance.

★ ★ ★

But Steinkraus gave the U.S. team three clean rides for the evening in an aggregate low of four faults for the entire Prix des Nations event.

The U.S. and Canada wound up the afternoon round in a tie for first place.

The 20 points won by the United States was academic for it already had nailed down the team championship Thursday, far in front of the remainder of the field.

The second place finish for the Canadians brought them within 16 points of second-place Mexico and a chance to overtake the Mexican team tonight in the finale.

Casper Still in Golf Lead

Sahara Tourney Goes Into Final Round

By BOB MYERS
Associated Press Sports Writer

LAS VEGAS, Nev. (AP) — Bill Casper Jr. continued to completely dominate the $100,000 Sahara Invitational Golf Tournament Friday, firing his third straight sub-par round, a three-under 68, for a 54-hole total of 200.

★ ★ ★

The 34-year-old Casper, who opened the tournament with straight 68s, rallied on the last nine when young Randy Glover began applying the pressure.

Casper birdied four of the last five holes after Glover, 23, from Florence, S. C., drew within one stroke of the Californian after the 11th hole.

Trip to Country Colorful

Esther Van Wagoner Tufty

WASHINGTON—"The thing to do" at this time of the year is to get out of Washington and drive through the nearby Shenandoah Valley to revel in the blazing colors of the forests just touched by frost.

The sunlight rioting through the trees in October's bright blue weather is especially enjoyed by people who are missing the glorious autumn colors so lavishly seen in northern New York and Michigan.

Washington has many, many parks, but the trees are not of the variety to make a brilliant announcement that fall has come.

It takes a "big name" to launch a joint press reception by the National Press Club and the Women's National Press Club. (Members have been feuding for years.)

Princess Margaret of Great Britain did it . . . and will be interviewed Nov. 15 at the Statler-Hilton Hotel, not the National Press Club, the male-only sanctum.

It's known the princess has been trying to visit the United States for years, but her father, the late King George VI said "no" to his 18 year old "madcap" daughter.

But now she is a matron of 35 with two children and apparently the British think it's safe to have her make the trip, accompanied by her husband, the Earl of Snowden.

The only announced date on the social calendar of the President and Mrs. Johnson is the dinner for the royal couple Nov. 17.

By President Johnson taking his favorite exercise . . . walking . . . many patients at the Naval Hospital in nearby Bethesda, Md., are getting a treat as well as a treatment . . . if they don't fall out of their windows.

Society's middle classes may be squeezed out of the best educational institutions.

This is the fear of some private colleges, Theodora Foster, scholarship director of Smith College, contends.

She's worried that Smith and other eastern colleges will become colleges of "the very rich and very poor."

Along with the men's Ivy League these colleges have been so assiduously seeking talent among the economically deprived high school students that there is tremendous competition to get them and the "not rich, not poor" are left out.

Albert Won't Allow TV to Get Him Down

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — "I'm allergic to monotony, not to work," says Eddie Albert, an actor who is determined not to let the drudgery of a television series get him down.

THOMAS

Albert stars with Eva Gabor in "Green Acres," another series from the golden - bantam cannery of Paul Henning.

★ ★ ★

While the new show apparently follows the same sure-fire formula of bucolic humor, it offers one innovation.

"Cross - pollinization, you might call it," explained Albert, accustomed to agricultural terms. He plays a wealthy New York attorney with a deep urge to return to the soil. Accompanied by his unwilling wife—Gabor—he moves to a farm near Petticoat Junction, of all places.

ON 'GREEN ACRES'

The innovation is that the Junctioneers make appearances on "Green Acres."

"That gives us a head start with an established and accomplished set of characters," said Albert. "Also, I think the show should have a strong appeal to the audience. There is a deep basic ingredient in all men: the urge to get close to the soil.

★ ★ ★

"I've always had it. I have a little garden where I grow vegetables. And I've always wanted to own a small piece of land near the woods—not to make a buck, but to watch things grow."

★ ★ ★

You can see that Eddie Albert is a philosopher. He brings a thoughtful view to his work as star of a television series. That work is compounded by the nature of "Green Acres." As part of the cross-pollinization, he also appears on every segment of "Petticoat Junction."

WITHIN ONE'S SELF

"But that doesn't mean that the work must be monotonous," he mused. "Monotony is within one's self. Certainly Thoreau didn't find it monotonous in his little shed at Walden Pond."

The actor practices it in a vigorous way: a mile run along the beach per day, seven minutes of the butterfly stroke in the pool, etc.

★ ★ ★

Nor does Albert waste the hour's daily drive from his Pacific Palisades home to the studio. He has installed a tape recorder in his car; he records the entire script beforehand and studies his lines en route.

Albert has spent recent times making movies from Nairobi to Kyoto. He and his wife, Margo, have a boy of 14 and a girl of 11, and they welcome the chance to settle down for a while.

"The kids need it," Albert remarked. "Papa needs it, too."

36 Given Jail for Viet Protest

Mostly U-M Students in Draft Board Sit-In

ANN ARBOR (AP) — Thirty-six young people, mostly University of Michigan students, were sentenced to 10-day jail terms Friday for their anti-Viet Nam sit-in a week earlier at the Ann Arbor draft boad office.

The defendants, charged with trespassing, also were assessed fines and court costs totaling $65 each.

★ ★ ★

If the fines and costs are not paid, another 10 days in jail must be served.

Municipal Judge Francis L. O'Brien rejected a plea that the defendant students be permitted to serve their jail terms during the University Christmas holidays so they would not lose school time.

CAN'T USE FORCE

"You can't use force and this sit-in was one of force," O'Brien said.

"They (the defendants) inflicted the academic penalties on themselves when they decided to break the law," he added. "That was their decision. This is mine."

★ ★ ★

O'Brien addressed his remarks to the group's attorney, Peter Darrow.

Police carried some of the demonstrators bodily out of the draft board office a week ago Friday when they refused to leave. The demonstrators were protesting U.S. policy in the war in Viet Nam.

Fix Building or Else, Says Detroit Judge

DETROIT (AP) — The owner of an apartment building in which nine cases of hepatitis were found among the tenants was ordered Friday to pay a $300 fine or spent 90 days in jail for failing to fully carry out repairs.

★ ★ ★

James King was ordered by Traffic Judge Andrew C. Wood to pay the fine in a week. King testified he already had spent $3,000 on repairs and asked for the time to raise the money.

★ ★ ★

Charles Edmonson, City Health Department senior inspector, testified the improvements made by King in less than a month were "just a little short of miraculous." He said all of the department's complaints had been withdrawn.

Murder Case Is Adjourned

BENTON HARBOR (AP) — The circuit court murder case against prison parolee Willard Schubert in the slaying of his ex-wife's husband was adjourned for one week Friday.

Earlier Schubert was granted a municipal court examination, set for Oct. 29, on a kidnaping charge linked to the alleged murder.

★ ★ ★

Schubert, 49, Ohio penitentiary parolee, is accused of abducting and killing Charles A. Bujack, 34, Oct. 13. Bujack was found shot to death in an orchard near hear. Schubert was apprehended in Kentucky. He is held without bond.

On Schubert's plea of poverty, Circuit Judge Karl F. Zick of Berrien County appointed attorney Edward Yampolsky as his counsel in the murder case.

Fines Stiff

Refugee Haulers Hit

KEY WEST, Fla. (AP) — The operators and owners of two boats used to shuttle refugees from Cuba to the United States faced stiff financial penalties today in what appeared to be a Coast Guard crackdown on the traffic.

It was the first legal move against the huge flotilla of small boats which have brought more than 1,200 refugees to this country since Fidel Castro opened the doors Sept. 28 for a general exodus.

★ ★ ★

It was not immediately known whether similar action would be taken against the operators of at least 60 boats which are being detained at Key West.

A penalty of $6,000 was levied against Jack Ott, city of Miami recreation department employe, owner of the 44-foot sloop Shark V; Donald R. Green, 30, of Miami, awaiting appeal on a criminal court conviction and owner of the 30-foot Mistral; and $6,000 against Jack Peter Zack of Pittsburgh, Pa., a treasure hunter who chartered Ott's boat.

Federal officials say the three also could face fines ranging up to $1,000 each by customs and immigration departments for each of the 60 refugees the three allegedly brought into the country.

Zack and Ott are charged with violations connected with bringing 35 refugees to Key West Oct. 14.

Green is charged with returning on the same date with 25 passengers.

Specific charges against Zack and Ott are not having a proper certificate for the voyage; using an improperly manned vessei; insufficient life preservers; not enough life rafts; operating outside the area for which the boat was certificated; and carrying passengers younger than eight years of age without authority.

THREE COUNTS

Green was charged with having insufficient life preservers; carrying passengers without certification or inspection; and operating a vessel without a qualified crew or master.

All have two weeks to file an answer with the Coast Guard. Other avenues of appeal also are open, including the federal courts.

★ ★ ★

The Coast Guard said its action arose from "concern for the safety of the lives of the refugees."

The United States continued negotiations with the Cuban government for an orderly movement of some 50,000 or more waiting to seek a new homeland.

An agreement was reported near as informed sources said Prime Minister Fidel Castro met with the Swiss ambassador. The Swiss represent American interests in Cuba since the break in diplomatic relations in 1961.

They Wanted Want Ad Item as Advertised

COVINGTON, Ind. (AP) — "Wanted: Home for baby. Call —"

This was a classified ad in the weekly newspapers the Covington Republican and Friend, which really got results.

But the advertiser, Nadine Holder of Covington, had to tell about 50 telephone callers from several states that the ad should have read:

"Wanted: Home for baby kittens. Call—"

Mrs. Holder still has the kittens.

Word Power for Success—12

When to Keep y Before Suffix

(EDITOR'S NOTE: This is the twelfth in a 30-part series entitled "The Word Power to Success." The series is designed to help bring improvement in spelling, grammar and vocabulary.)

By the Reading Laboratory, Inc. Written for NEA Special Services

When y is preceded by vowels keep the y Before suffixes; otherwise change to i.

This is our final spelling rule. We shall explain it now and cover a few loose ends before we close. In our next article, we shall review all the spelling rules and exceptions we have discussed to date.

When does the final y of a word remain y and when does it become i before a suffix? Our rhyme gives the general rule: When the final y of a word is preceded by a vowel (pay), keep that y when you add the suffix (payable). Otherwise — that is, when the final y is preceded by a consonant — change the y to i and add the suffix.

In defy, the final y is preceded by f, a consonant. So we change y to i and have defiance. Joy becomes joyful, and the y is kept because the final y is preceded by the vowel o. Rectify becomes rectifier; the final y becomes i before the suffix because f, a consonant, precedes the y.

So far, so good. Rectify becomes rectifier in accordance with the rule. But how can you explain rectifying, defying, relying and the like?

* * *

Why don't they follow the rule? Simply because they would violate the rule we established in an earlier column: "Avoid the i's in profusion." We cannot, as we agreed before, have rectifiing, defiing, retiing. "Avoid the i's in profusion."

OTHER EXCEPTION

Apart from such very common words as gay (gally), day (daily), say (said) and lay (laid), the only other exception you have to keep in mind are words that have ness and ship for a suffix. These words, no matter what, always retain the y before the ness and the ship. Examples would be spry (spryness), sly (slyness) and lady (ladyship).

To sum up this final rule. When the final y of a word is itself preceded by a vowel (day, boy), keep the final y before a suffix (daylight, boyhood). When the final y of a word is preceded by a consonant (modify, defy), change the y to i before adding the suffix (modifier, defiance). When ness and ship are the suffixes, always keep the y.

The few loose ends we spoke about don't amount to very much, but you should keep them in mind. One of them deals with ending words in or or our. Is it favor or favour, glamor or glamour, Savior or Saviour?

* * *

If you are in England or any of its dominions, use our and keep your friends. In the United States however, use or. Saviour seems still to be a holdout in some places in the United States, but even here the usage is becoming more and more Savior.

PERFECTLY CORRECT

Strictly speaking, if you spell judgement and acknowledgement, you are perfectly correct. Judgement and acknowledgement are in accordance with our rule:

When suffixed begin with vowels,
Silent e grabs crying towels.
When suffixes start other ways—
Silent e—make sure it stays.

As indicated, following the rule will not get you into trouble, but judgment and acknowledgment and the like are now preferred, at least in the United States.

Our final loose end has to do with the same rule about silent e. According to the rule, we should write truely and argument. And it should be aweful and duely. These are very common words, and the chances are that you spell them correctly without even thinking. They are properly spelled, as you know, truly, argument, awful and duly.

That about clears up all the rules and the exceptions for those areas of spelling which give people the most difficulty.

COMPLETE REVIEW

Our next article will be a complete, general review. Make a resolve to commit all the rhymes of the Reading Laboratory to memory. That simple resolve is the first step to removing whatever misery spelling the English language may involve.

(NEXT: A final spelling review.)

Messing Up Painting Costs Pair $50 Each

ALFRED, Maine (AP) — Ogunquit painter Peggy Cartwright Hodges sued the Misses Martha Strater and Patricia Nevins, also of Ogunquit, for $20,000 for smearing mustard and whipped cream on one of her paintings. A jury assessed each of the two $50. There was no testimony as to what motivated the smearing.

Magazines, Anyone?

The Central Registry of the Magazine Publishers Association, trying to help you spot bad practices in magazine selling, sets standards for the sale of subscriptions. Below are a few comments:

1. A quiz or survey approach shall not be used. Don't fall for the cheerful voice which promises you a prize if you can identify the 32nd President whose wife's name was Eleanor.
2. The use of the word "free" shall not be used. Watch out for phrases such as "at no cost to you," "entirely at the publishers' expense" or "the magazines are paid for by the advertisers."
3. The exact amount and number of payments shall be clearly stated. Don't be misled by quotations of costs averaging 30c or 50c a week. Most contracts run for half the duration of the subscriptions and the cost is usually between $3 and $4 per month.

Let's not let the reliable circulation companies suffer because of the shoddy practices of a few tricky salespeople. Magazines contribute mightily to our economy, culture and education.

We have thousands of reasons to thank you for giving the United Way

This is one of the best

One Gift Works Many Wonders/GIVE THE UNITED WAY

In summing up what this effort means, remember that our United Campaign helps thousands and thousands of people in this area, all year round, through balanced package of health, recreation and family service. And, best of all, the United Way campaign helps children!

Some agencies bring love and care to homeless children, others give kids a place to play, a place to learn growing up. Some bring new hope to crippled and handicapped youngsters. Still others help guide them through those difficult teen-age years. And how about sick children? United Way agencies are constantly looking for more ways to ease their pain . . . better still, cure them.

That's your United Way at work. And that's why we will appreciate your contributions.

★ ★ ★

The visiting musicians will present a concert at 7:30 p.m. Oct. 30 at Pontiac Northern High School, and again on Oct. 31 at the Salvation Army Citadel, 29 W. Lawrence at 3 p.m.

There is a charge for the Saturday program. Tickets may be purchased at the door. The Sunday afternoon musicale is free.

The Earlscourt Band commenced operations in January 1910. In August of the same year the first concert was presented.

BANDS INCREASE

When the band was written up in The War Cry, the army's official magazine, bands popped up at citiadels all over the country.

In 1940 the Earlscourt Band enlisted as a unit in Canada's Armed Forces and served as a regimental band for the duration of World War II.

★ ★ ★

The band has traveled thousands of miles on the North American continent and during the summer gave concerts abroad.

PLAYS FOR QUEEN

Under the direction of Brian Ring the Earlscourt Band this summer presented concerts during the Centenary year of the Salvation Army in Britain, playing for Queen Elizabeth in Buckingham Palace, London.

They also gave concerts in Leeds, Portsmouth, Ipswich, Liverpool and Nottingham as well as in Belfast, Ireland.

★ ★ ★

The Earlscourt Band has provided music for the Army's nationwide radio program, "This Is My Story" and television series, "The Living Word." The band's recordings are enjoyed in many parts of the world.

★ ★ ★

Major John Grindle of the Pontiac Salvation Army Citadel, Brigadier Ernest Alder of the Salvation Army Men's Social Service Center, and the advisory board of the citadel are responsible for bringing this famous band to Pontiac.

John C. Cowe, serves as chairman of the local advisory board; Milo J. Cross, vice chairman; A. C. Kirby, secretary; and Elmer H. Reynolds, treasurer.

Other members include Bruce J. Annett, Milton F. Cooney, William J. Dean, Newton S. Dempsey, Dr. Harry Godsell, Victor H. Hancock, Richard L. Mineweaser, John Niggeman and Harcourt S. Patterson.

★ ★ ★

Also serving are Mrs. William N. Pipe, John Ponushis, Mrs. G. V. Poole, Harry J. Reed, Irving Steinman, William H. Taylor Jr., Albert Weber, Mrs. Mac T. Whitifield, Dr. Dana P. Whitimer, Dr. Ralph D. Wigent and Elbert M. Wilmot.

New Bethel Choirs Sponsor Program

Choirs of New Bethel Baptist Church will present an anniversary program at 3:30 p.m. tomorrow.

★ ★ ★

Guest choirs participating include Choir No. 2 of Second Baptist Church, Detroit, and Senior Choir of Providence Missionary Baptist Church.

Levi Eubanks, director of music at the Detroit church, will lead the singing.

The program will include "The Lord Is My Light," "I Stood by the River Jordan," "Go Down Moses," "Hallelujah Amen," "O Sing Your Song," and "My Lord What a Morning."

Other numbers will be "Jesus Will Be With Me," "I Can Tell the World About This," "Same Train," "Break Forth Into Joy" and "I Will Give Thanks Unto Thee, O Lord."

★ ★ ★

Jewel Elliott will sing "Vissi D Arte."

Rev. Amos G. Johnson, pastor, will speak on "The Place of Music in Worship" at 11 a.m.

PASTORS PLAN FESTIVAL — Pastor Charles A. Colberg of Gloria Dei Lutheran Church (left) bids the Rev. A. N. Reid goodbye after attending a planning session of the coming Festival of Faith observance at Newman AME Church Oct. 31. The Pontiac Area Council of Churches is sponsoring the annual evening service held this year in the Newman Church, 233 Bagley.

Annual Festival of Faith Set for Newman AME

The Rev. Wendell C. Bassett, executive director of the Michigan Council of Churches, will preach at the annual Festival of Faith observance presented by the Pontiac Area Council of Churches Oct. 31 in Newman AME Church, 233 Bagley at 7:30 p.m.

★ ★ ★

The service will be preceded by a Pontiac Area Youth Rally at 5:30 p.m., and a choral concert of sacred music by the Pontiac Choir Union.

★ ★ ★

Others participating in the evening worship will be the Rev. Edmund I. Watkins of Joslyn Avenue United Presbyterian Church, Rev. Jack H. C. Clark of First Christian Church and the Rev. Arlon Reid, host pastor.

★ ★ ★

In explaining the meaning of the service Pastor Charles A. Colberg of Gloria Dei Lutheran Church said "The occasion of the anniversary of the Protestant Reformation some 400 years ago in Europe now offers us the opportunity to witness the very principles of that renewal and reformation.

"Such significant gains as religious freedom, the high concept of the laity in the life of the church and an increased devotion to the sacred Scriptures are still vital matters of the faith."

He went on to say "The Pontiac Area Council of Churches is that common ground wherein all Christians are encouraged to share in the ventures of the faith as it reaches into the world through its concern for unity, not in theology but in purpose.

"It carries out its task in such areas as hospital ministries, special education, unique workshop opportunities, and attempts to relate the Christian Gospel and hope to a confused and complex world.

★ ★ ★

"It is our earnest hope that the memory of the reformation will not drive a wedge into the family of the Christitn faith but ever remain testimony to the constant need for renewal."

Parish Guild Gathering at Sacred Heart

The first general meeting of the Parent-Teacher Guild of Sacred Heart Parish, Auburn Heights will be held at 8:15 p.m. Monday in Sacred Heart Catholic School.

At the close of the session parents will have the opportunity of meeting teachers in the classrooms.

★ ★ ★

The guild under the auspices of the Archdiocese of Detroit parent-teacher program is designed to correlate better educational practices between parents and teachers.

★ ★ ★

The organizational committee directed by Rev. Henry R. Kreft, pastor of the parish, and Mother M. Dolora IRM, principal of the school, consists of Mr. and Mrs. Harvey Roulleau, the Paul Kayes and the Walter DeBaenes.

Others are Mr. and Mrs. John New, the Robert Amesburys and Mr. and Mrs. Burke Cueny.

'Woman of Month' Program at Liberty

Young women of Liberty Baptist Church will sponsor a "Woman of the Month" program at 7:30 tomorrow with Mrs. Pearline Williamson serving as chairman. General president is Mrs. Lillie Edwards.

One of the highlights of the evening will be the portrayal of Mrs. Mary McCleod Bethune and Miss Nannie H. Burroughs by Mrs. Doris Brown.

The Interdenomination Minister's Wives of the State of Michigan will gather at Liberty Church at 9:30 a.m. Tuesday for the regular meeting.

The program will close at 1 p.m.

FIRST METHODIST

The Woman's Society for Christian Service will hold a prayer meeting at 9:30 a.m. Wednesday. A bazaar workshop will follow at 10:30.

The Bible study class series on "The Life and Teachings of Paul" will close Wednesday with the study on "Rome and Martyrdom." A new class will begin the following week.

The women's Quiet Day will be from 10 a.m. to 1 p.m. Thursday.

The Booster Class will get together for a cooperative dinner at 6 p.m. Friday.

ST. STEPHEN LUTHERAN

"Question Seven" a motion picture of conscience under test in East Germany, will be shown at 7 p.m. tomorrow in St. Stephen Lutheran Church, Sashabaw at Kempf, Waterford Township.

The film concerns a questionaire that children in East Germany public schools are forced to answer before they can continue with advanced education.

According to Rev. E. Dale Evanson the children are often required to choose between what is easy and expedient and what is right and honorable.

Based on interviews with refugees, the incidents depicted are true.

The picture has won major awards and selected as "Best Film of the Year" Pastor Evanson said.

The showing is a part of a family night program to which the public is invited.

TRINITY, WATERFORD

"Peace on Earth" will be the Rev. Ronald Thompson's sermon at 10:30 tomorrow morning, in Trinity Methodist Church, Waterford Township.

William Newhall of the commission on stewardship will explain the church budget during the service.

A pancake supper is scheduled for Nov. 11 from 5 to 7:30 p.m.

SILVERCREST

Mrs. Claudia Brien will be soloist in Silvercrest Baptist Church morning service tomorrow.

Mr. and Mrs. David Brien will provide the music during the evening service. Dr. John Hunter will preach on "The Church of the Open Door."

The teacher training course will continue Wednesday.

OAKLAND AVE.

The Annual Thank Offering will be celebrated at the 10 a.m. service tomorrow in Oakland Avenue United Presbyterian Church. Rev. Emerson McBane, missionary to Pakistan for 20 years, will speak. He will also talk to the combined youth groups at 5:45 p.m., and at the 7 p.m. worship hour.

★ ★ ★

Mrs. Thomas Mackie and members of the Women's Association will participate in the morning service.

A skating party is slated for 7 p.m. Monday at University Rink along with other United Presbyterian churches of the Pontiac area.

Leaves Christ Church

Accepts Williamston Call

The Rev. John H. Albrecht, assistant rector for the past four years at Christ Church Cranbrook, Bloomfield Hills, has accepted a call as rector of St. Katherine's Episcopal Church, Williamston.

★ ★ ★

His new parish is five miles east of the campus of Michigan State University, East Lansing. The Albrechts will live in East Lansing.

The Rev. Mr. Albrecht, president of Birmingham Council of Churches, was graduated from Mercerburg Academy, and Amherst College where he received his B. A. degree in history.

Following college he served in the United States Air Force as a Squadron Commander.

After receiving his B. D. degree in 1959 from Virginia Theological Seminary, he came to Christ Church Cranbrook as a Marquis Fellow, followed by a year as assistant chaplain at Cranbrook School for Boys.

For the past four years he has served on the board of directors of the Cranbrook School Alumni Association.

★ ★ ★

The Albrechts have five children. Mrs. Albrecht, a graduate at the University of Wisconsin, served on the board of directors of the Planned Parenthood League besides her church work.

REV. JOHN H. ALBRECHT

Methodists Give Flag to Congregation

Tomorrow marks the 20th anniversary of the founding of the United Nations.

To symbolize the importance of past accomplishments and of the need for study, reevaluation and strengthening of the United Nations, the commission of social concerns of Central Methodist Church will present a flag of the United Nations to the congregation tomorrow.

The new flag will be displayed with the American and Christian flags in the sanctuary. "Out of This Whirling Caldron" will be the theme of Dr. Milton H. Bank's sermon.

The final program in the series of Mission Festival evenings will begin with a cooperative dinner at 6:30 p.m. Wednesday.

Dr. Robert White, medical missionary to the Congo for the past eight years, will be the speaker. In addition to his duties as surgeon Dr. White has worked with the World Health Organization in founding and staffing a hospital.

The program is open to the public, Dr. Bank said.

As a part of their observance of the Week of Prayer and Self Denial, women of Central Church plan a Quiet Day program from 10 to 11 a.m. Wednesday.

Men's Day Tomorrow

The Friendship Baptist Church, Williams at Lorraine, will observe Men's Day tomorrow. Pastor Alvin Hawkins will speak at 11 a.m. Preaching at the 3:30 p.m. worship will be Rev. V. L. Lewis of St. James Missionary Baptist Church. Alfred McClellan is general chairman.

Choirmaster Writes Song

Lyndon Salathiel Serves 25 Years

In commemoration of 25 years of service to First Presbytrian Church as organist and choirmaster Lyndon Salathiel has written a solo entitled "The Lord Is My Light." It is based on the opening verses of Psalm 27.

★ ★ ★

Mrs. Michael Siano will present Mr. Salathiel's composition at both hours of worship tomorrow.

Pastor Galen E. Hershey will preach on "Why Are You Living?" Robert Booth will give the call to worship and lead the responsive reading.

★ ★ ★

Following the second service deacons will take members of the congregation on a tour of the building. The tour will culminate in the dining room where Mr. and Mrs. William Neff and the Robert J. Everetts will be coffee hour hosts.

A booklet entitled "The Gospel in Glass" prepared by the pastor will be given those making the tour and any others desiring a copy.

Couples sponsoring the Couples Club dinner at 6:30 Wednesday evening include the Howard O. Powers, the Bernard Johnsons, the Victor Browns and Mr. and Mrs. W. W. Vandercook.

★ ★ ★

Mr. Powers will show the film, "HOPE in Peru."

Moore to Preach at Home Church

Dean Moore, a graduate of Pontiac Central High School and Michigan Christian College, Rochester, will return to speak at the Church of Christ, 1180 N. Perry, at 6 p.m. Sunday.

★ ★ ★

Moore is now the preacher for the church in Valparaiso, Ind. He and his wife serve as house parents at Shults-Lewis Children's Home at Valparaiso.

This is a home supported by churches of Christ that is caring for about 59 homeless children.

Drive Urged for Reforms

Recommendations urging legislation on divorce, gambling, and other social issues were adopted at the 8th annual assembly of the New Mexico Council of Churches last week.

★ ★ ★

Attending as delegates for the first time since their church joined the council were several Roman Catholics representing the new member Archdiocese of Santa Fe.

State legislation to provide for a six-month waiting period between issuance and a final divorce decree was approved as well as a three-day waiting period between purchase of the marriage license and the ceremony.

On the gambling issue, a Roman Catholic delegate joined support of opposition to gambling although his church does not "blanketly oppose any gambling."

★ ★ ★

The divorce legislation was supported in the hope it would decrease the number of divorces although "the Catholic Church does not recognize the power of the state to grant any divorce."

Norman Regiers at Perry Park Baptist

Mr. and Mrs. Norman Regier, both graduates of Wichita State University, are serving as missionary interns at Perry Park Baptist Church.

The Regiers who came to Pontiac from Kansas, will go to the Philippines as music teachers at the Far Eastern Bible Institute & Seminary in Manila.

Their mission board, the Far Eastern Gospel Crusade, recommended Mr. and Mrs. Regiers for the internship.

The philosophy of the seven-month training program is learning by doing. The interns are under the supervision of Missionary Internship staff, Farmington, and the pastor of the local church.

The Regiers of 759 Melrose will be given ample opportunity for gaining experience in visitation, follow-up converts and church-related ministry.

★ ★ ★

Prior to coming here Mr. Regiers taught for two years in the Pretty Prairie Public School System. Rev. Hilding Bihl is pastor of the Perry Baptist Church.

Collect for World's Needy Children

In a few days Halloween will summon boys and girls to the homes of neighbors to show off their newly acquired costumes of ghosts, goblins, witches, spacemen, clowns and dragons.

★ ★ ★

Under the auspices of the Pontiac Area Council of Churches many boys and girls will not be collecting for themselves, but to help the world's needy children.

They will ask for neither candy nor apples, but for pennies, nickels and dimes to send milk and medicine where they are most needed.

The United Nations International Children's Emergency Fund trick or treaters will be officially identified by the UNICEF seal on their collection cartons. Escorted and supervised at all times by adults and responsible teen-agers, they will make their rounds in small groups.

PENNY BUYS MILK

Every penny they receive can mean five glasses of milk or the vaccine to protect a less fortunate child from tuberculosis.

According to Rev. A. N. Reid of Newman AME Church, the trick or treat program is endorsed by President Lyndon B. Johnson and civic and religious leaders.

Some three million children in about 13,000 American communities are expected to participate.

★ ★ ★

The collection cartons will be taken to local churches after the doorbell ringing is over, and a party held for the young goodwill ambassadors.

ORCHARD LAKE

Junior High Fellowship of Orchard Lake Community Church, Presbyterian will get together Wednesday evening to plan the trick or treat for UNICEF.

★ ★ ★

The young people will collect Saturday night then return to the Orchard Lake Church for a Halloween party.

Senior High Fellowship will discuss "What Do Presbyterians Believe" at the 7 p.m. meeting tomorrow.

At 8 p.m. Pastor Edward D. Auchard will begin a series of inquirers classes for adults and older young people interested in church membership, or those concerned with an introduction to Christian faith and life.

Eugene Zipp will be commissioner to the Presbytery of Detroit meeting at Grosse Pointe Woods United Presbyterian Church Tuesday.

Others attending include William Duckwitz, Lowell Gall, and Kenneth Sanderson. Christian Koch and Pastor and Mrs. Auchard will also be there.

CHURCH OF ATONEMENT

Laymen's Sunday will be observed at the Church of Atonement, United Presbyterian, Waterford Township, tomorrow. Speaking on the theme, "Three Great Necessities" will be Ray Bush, Mrs. Herbert Allen and Donald Neiter.

Others taking part in the service are Leonard Moses, Brady Freeland, Charles Seawey, James Wallis, Mrs. Edward Lange and Elmer Fauble.

Youth Fellowship will meet at 7 p.m. with Michael Harrington leading devotions. Sandra Hastie, Michale Freeland, Anita Freeland and Bruce Mihalek will present skits for the program.

The annual Father-Son Banquet is set for 6:30 p.m. Thursday. Kenneth Bristol, general general chairman, will be assisted by Mrs. Thomas Hawblitzel, Mrs. Elmer Fauble, Mrs. Donald Neiter and Mrs. Bristol.

Senior high youth will meet at the church Friday before going to trick or treat for UNICEF. The time is 5 p.m.

Dr. William Moulton at St. Paul Methodist

Bringing the message in St. Paul Methodist Church, 165 E. Square Lake, Bloomfield Township tomorrow will be Dr. William Moulton, a former superintendent of the Flint District.

★ ★ ★

Dr. Moulton has been asked to serve as interim minister until the arrival of the new minister Nov. 1.

Lutheran Women Hold

The Lutheran Women's Missionary League of the Pontiac Circuit will hold a rally at Christ Lutheran Church, Milford, Wednesday with registration at 9:30 a. m.

★ ★ ★

Dr. Paul Mair of Western University, Kalamazoo, will speak at the program following the noon luncheon.

Jacoby on Bridge

By JACOBY AND SON

The Italian bidding of the next to last hand of the match got them to another close game contract. We are not sure as to the exact meaning of North's three heart bid. Apparently South was sufficiently impressed by it to jump to four spades.

JACOBY

West opened the jack of spades. South won with the king and proceeded to give the hand a most careful study. If you have already looked at all four hands you will see that four spades makes easily. South must lose a spade, a club and a diamond. Piero Forquet of Italy was not looking at all the hands and he had quite a problem.

His final solution was elegant. At trick two he led a club toward dummy. West ducked and dummy's queen held the trick. Then he took the diamond finesse. He did not expect that it would succeed and his expectations were realized.

Opening lead—♠ J

West won with the king and led a second spade. Forquet won, cashed the ace of diamonds and ruffed a diamond. He returned to his hand by ruffing a heart and led a club. West took his ace and Forquet claimed all the rest of the tricks except East's high trump.

The basis of his play was that he assumed that East would hold three spades and possibly only one club. In that case he could afford to have a club ruffed since it would be ruffed by what would otherwise have been a trump trick.

The last hand of the match was a standoff and the Italians had won again.

Sharp Decline for Hog Prices

CHICAGO (AP)— Hog prices hit a sharp downturn at Chicago toward the end of the week, with top prices for butchers closing $1.75 lower than Friday a week ago.

Receipts were 25,000, about 10 per cent of the 12-market supply of 264,000. The major markets got 229,000 last week and 357,700 a year ago this week. The average price of barrows and gilts at Chicago during the week was estimated at $23.95, compared with $24.10 last week and $15.46 a year ago.

Dressed pork loins were $5.50 to $6 lower than last week, fresh hams 50 cents to $1.50 lower, and bellies $2.50 to $6.00 lower. Boston butts were steady to 50 lower.

Cattle prices were steady at $28.50 top and Chicago receipts were 31,200, compared with 25,600 last week and 25,500 a year ago. The week's 12-market receipts were 238,100, compared with 218,700 this week earlier and 258,400 a year ago.

Nab Suspect in Kidnapings

Ex-Convict Appears Happy After Arrest

DALLAS, Tex. (AP) — Delbert Harmon Garmon Jr., 26, accused of 19 kidnapings while he played hide-and-seek with Texas and Oklahoma peace officers for 18 days, seemed happy at being captured without bloodshed.

FBI agents and police nabbed the ex-convict Friday as he sipped beer and munched potato chips in a darkened neighborhood bar. He was jailed in lieu of $100,000 bond.

★ ★ ★

A nervous barmaid spotted Garmon from photographs and called police. She said the tipoff was a bandage covering the scar on his cheek left by a pellet from a Wichita Falls policeman's shotgun Oct. 5.

"Boy!" the husky fugitive exclaimed as four peace officers strode to his booth. A .357 magnum pistol slipped from his belt to the floor as Garmon obeyed an order to stand.

LAUGHED OFTEN

He chuckled often during the 25 minutes it took to fingerprint and arraign him on federal kidnaping complaints. After more than two weeks of hiding in barns and creek beds, Garmon's hair was shabby and he had a four-day growth of beard.

His clothing consisted of weatherbeaten black shoes on sockless feet, a rumpled light jacket and trousers.

★ ★ ★

The prisoner laughed when U.S. Commissioner W. M. Hill asked if he could post the recommended bond.

"Not $100,000 bond," he replied.

Steve Allen Quits Race for Congress

LOS ANGELES (AP)—Comedian Steve Allen has withdrawn from the congressional race in California after the Supreme Court ruled that he cannot run as a Democrat.

★ ★ ★

State law requires that a candidate must register as a member of a party 90 days before he runs for office. Allen did not as a Democrat until Sept. 18.

★ ★ ★

A special election is being held in the 26th District to fill the vacancy created by the resignation of Rep. James Roosevelt to accept an appointment to a United Nations post.

Olivet College Push for Funds Under Way

OLIVET (AP)—Olivet College announced Friday the beginning of a $10 million capital funds program to be completed in time for the school's 125th anniversary in February of 1969.

Gorton Reithmiller, president, said 30 per cent of the goal already has been attained. Plans call for construction of a library, dormitory facilities for 600 students, a fine arts building and auditorium plus $250,000 for endowment.

Special Forces Site Still Target of Cong

SAIGON, South Viet Nam (AP) — In the face of heavy air strikes, Viet Cong forces kept hammering at the Plei Me special forces camp today and attacked a large government unit in another area about 20 miles to the northeast.

★ ★ ★

U.S. military spokesmen said air observers reported a heavy toll of Viet Cong was taken as the war continued at an increased tempo.

★ ★ ★

A briefing officer said sporadic fighting was reported late in the day at Plei Me, 210 miles northeast of Saigon, where the Viet Cong attacked in force four days ago.

★ ★ ★

The Viet Cong were reported using mortars, recoilless rifles and 50-caliber machineguns as they hammered at the reinforced camp defenders.

ADVISERS HIT

The officer said no U.S. combat units had been committed, although advisers in the camp have suffered what were described as light casualties.

The spokesman said 117 air strikes had been flown in support of the camp in the past 24 hours and about 300 sorties had been flown since the fighting erupted.

★ ★ ★

He said Viet Cong casualties had not been changed officially from the 100 reported killed earlier, but that reports from the scene said casualties from air assaults ranged from moderate to heavy. Two battalions of Viet Cong — possibly 1,000 to 1,200 men — are believed in the area.

Government casualties were termed light.

High Trading Marks Stock Market Push

NEW YORK (AP)— Heavy trading in low-priced issues featured an advancing stock market this week.

The list continued its march to record highs in the popular averages. No day passed that did not see at least one well-known indicator make a historic peak.

★ ★ ★

On the other hand, three of the five trading sessions witnessed more declines than advances on the New York Stock Exchange. For the week as a whole, however, gainers outnumbered losers by 713 to 694 among the 1,558 issues traded.

Some analysts called it a "two-way market," because of the conflict between the parts that were rising and those that were falling.

STEADY PROGRESS

When all the figures were in, however, it could not be denied that enough of the blue chips that make up the popular averages had advanced so that there was fairly steady progress to new highs.

The Dow Jones Industrial Average this week rose 11.74 to 952.42, its record closing high.

★ ★ ★

The Associated Press average of 60 Stocks rose 3.9 to 351.5 after making a record close of 351.7 on Thursday.

Standard and Poor's 500-Stock Index closed the week at 91.98, a record closing high.

HIGH TRADING

No trading session this week was below eight million shares. The week's volume was 43,205,860 shares compared with 44,662,080, the record weekly volume reached the previous week.

Evidence of higher quality leadership was furnished by General Motors which advanced to a new high of 111⅞ before closing the week's trading at 110⅝.

Auto Demand Still Dazzling

Model-Year Sales Hit Breakneck Pace

DETROIT (UPI) — Auto sales are roaring into the 1966 model year at a breakneck pace.

Reports on car sales for the second 10 days of October, the first period during which all the companies had reached full-scale production after changeover, shows the public demand for new cars is still dazzling.

Total sales during the Oct. 11-20 period were not available because all the divisions had not reported, but Chevrolet led the way with 79,481 new car sales during the period.

That compared with only 31,395 cars delivered during the same period a year ago, although a comparison was not indicative, since GM was tied up by a strike a year ago.

★ ★ ★

However, it did exceed the previous record for the period, of 65,314 cars, set in 1962.

RECORD RATE

Ford Division also reported record sales in the second 10-day period of October totaling 64,898 units with Mustangs accounting for 14,665 of them. Lincoln-Mercury dealers also reported a new record for the period with 13,331 deliveries.

Chrysler sold 45,727 passenger cars during the period, up from 31,364 a year ago.

Pontiac Division of GM also set a new record with 24,666 sales in the Oct. 11-20 period.

★ ★ ★

Chevrolet sales since Jan. 1 totaled 2,387,913 cars and trucks, nearly 10 per cent better than the mark registered over the same period in 1964.

Ford's sales for the year to date were 1,617,913 cars and 395,301 trucks, both figures well ahead of the same period last year.

Dividend Is Declared

The board of directors of Winkelman Brothers Apparel, Inc., Thursday declared a cash dividend of 20 cents per share to holders of record of common stock at the close of business Nov. 5, 1965 payable Nov. 19, 1965.

Push Roundup of Viet Dolls

Fear Items May Be Explosive-Rigged

COLUMBUS, Ga. (AP) — Army demolition experts continued a roundup of handmade Vietnamese dolls today after reports the beautifully attired gifts from overseas might be rigged with explosives.

The dolls — mailed to families and relatives of American servicemen in Viet Nam — began to pour into Ft. Benning Friday after reports that some of the 15-inch gifts might conceal explosives planted by the Viet Cong to injure U.S. soldiers.

★ ★ ★

Lt. W. M. Grimm, Commanding officer of the 89th Ordinance Detachment, said his men had collected more than 50 dolls and have a backlog of about 75 calls to pick up others. So far, they have found no explosives.

Reports of dolls exploding and injuring servicemen reached Army wives with husbands in the 1st Cavalry Division.

NO INJURIES

However, 3rd Army headquarters at Ft. McPherson in Atlanta said in a statement there have been no reports of injuries from exploding dolls to American soldiers in Viet Nam.

The wife of a staff sergeant, who declined use of her name, said her husband wrote that he saw a fellow soldier lose a hand when a doll exploded. "It blew off one of his hands," the sergeant said.

He said two other dolls bought by the soldier were loaded with explosives.

Very Special Day for Avon Mother

By JANICE KLOUSER

Mr. and Mrs. James Shontz have a very special reason to celebrate their sixth wedding anniversary tomorrow.

Not only is it their anniversary, it is also the first time Mrs. Shontz has been home since undergoing a delicate kidney transplant operation six weeks ago.

Her mother, Mrs. Norton Millerd of 315 Cherry, Troy, who got the happy news yesterday, said her daughter Patricia is "feeling fine."

"Of course, she's weak but still insists on going to her own home," said Mrs. Millerd.

★ ★ ★

Mr. and Mrs. Shontz and their 2-year-old son, Jimmy, live at 1895 Tamm, Avon Township.

LIGHT HOUSEWORK

Mrs. Millerd said her daughter will be able to take care of light housework "like dusting" but, of course, "nothing strenuous."

For the past few weeks, Mrs. Millerd has been staying with Patricia in an apartment near the Cleveland Clinic where the operation was performed.

Mrs. Shontz received a healthy kidney from her father, Frank Farrell of St. Clair Shores, to replace her one remaining kidney.

Her first kidney was damaged in a childhood fall and removed when she was 10 years old. Her second began to deteriorate two years ago after the birth of her son.

EXAMINATIONS

Mrs. Millerd said Patricia will have to be examined periodically at Henry Ford Hospital, Detroit, and return to Cleveland every third week for a checkup.

A dance is being held tonight at Avondale High School by the Avondale Metropolitan Club to raise money to cover the cost of the operation.

It is one of many activities held by friends and neighbors to offset medical expenses which are expected to total about $20,000.

Junior Editors Quiz on CLIMATE

QUESTION: Is earth's climate getting warmer?

★ ★ ★

ANSWER: We do not have exact records of small changes of climate in the past, except for the last 100 years. There is a record left in earth's rocks, however, which tells the geologist what climates were like in the past, in a general way.

The diagram at the top gives a rough idea of what went on in the last million years (it is not in scale).

From this you will see that there were four times when great ice sheets formed in northern countries. These sheets, sometimes two miles thick, came inching down southward, grinding rock and changing the habitats of the animals. In between such icy periods, the weather became warmer; forests grew where the ice had been; the animals moved north again.

The last icy period ended about 25,000 years ago. Since then, the ice has melted, leaving such fragments as the ice cap on Greenland.

So we can definitely say that our climate has been warming up for about 25,000 years. But does this mean it will continue to warm up? If we are in another interval between ice sheet periods, it will warm up first and then grow cold again.

But no one can tell for sure. Meanwhile, there is little to worry about. Climates change very slowly; we will have our present climate for a long, long time.

★ ★ ★

FOR YOU TO DO: Look up a book or article on prehistoric animals and see if you can identify the five kinds shown in our picture, all of which once roamed in various parts of America.

Judge Limits Use of Pickets

DETROIT (AP) — Trying to reduce possible friction, Circuit Judge Thomas Brennan Friday ordered a limit on the number of pickets at plant gates of the struck Wyandotte Chemicals Corp.

Brennan ruled only six pickets are to be permitted at each gate. Purpose of the ruling was to create a more favorable atmosphere for negotiators who are trying again to settle the 171-day old strike, he said.

★ ★ ★

Negotiators met directly Friday for the first time in two weeks.

Union officials described the atmosphere as "cordial," and a company official said that if there was no settlement, another meeting might be held today.

Death Claims Theologian, 79

CHICAGO (AP) — Paul Johannes Tillich, one of the most renowned voices of contemporary theology, died in Billings Hospital Friday near the University of Chicago.

News of the 79-year-old theologian's death quickly reached those who knew that voice well.

"The feeling is one of grief and of great loss to the church," said Dr. Howard Schomer, president of the Chicago Theological Seminary where Tillich had been teaching.

★ ★ ★

"He was one of the most loved and influential figures of this century," said Dr. John C. Bennet, president of Union Theological Seminary in New York City. "He seemed to understand the feelings of more than one generation. Tillich has left us a great and wonderful heritage."

Tillich's three-volume "Systematic Theology," completed just two years ago, has been described as a major work of the 20th century. In all, Tillich wrote 15 books in English — a language he learned at 47.

He is survived by his wife, the former Hannah Werner; a daughter, Mrs. Erdmuthe Farris, of New York City; and a son, Rene Stephen, of Berkeley, Calif.

Gag Parachuter Film Star Drops Story About Exploit

By EARL WILSON

NEW YORK:—Hugh O'Brian, who took two parachute jumps in Salt Lake City recently, as a recruiting promotion for the U.S. Marines, is off in Manila now filming "Ambush Bay" . . . then in December he hopes to take an entertainment unit to Viet Nam . . . "a couple of girls who can dance the Frug and Watusi with the boys . . . another guy, and me."

WILSON

"We'll go into the small remote areas where there are boys who can't get back to the main bases," Hugh says. "I'd like to get some beautiful girl like Rhonda Fleming in my unit.

"You're only allowed four people in units like these," he says. "You move in two helicopters . . . one that's a protective or cover craft, the other that you travel in . . ."

With a laugh, Hugh added, "I may take a .45 and some live ammunition."

The Viet Nam situation has made all comedians much more serious at times, and our entire interview at Gallagher's didn't include one mention of Hugh's current girlfriends.

"How did you happen to do a parachute jump?" I asked him.

"I was a drill instructor in the Marines . . . the youngest one in the history of the Marine Corps . . . at 18 . . . in San Diego," Hugh said. "When the boots came in, I was in charge of them.

★ ★ ★

"My father was a captain in the Marine Corps Reserves. I went to camp with him and I know the manual. I could take a rifle apart and put it together. I was also a sharpshooter.

When the Marine Corps asked him to make the jump, Hugh says he decided "to see if I could do what I couldn't do in a TV role I once played.

Ask Quick Aid for State Farms

LANSING (AP) — Lt. Gov. William Milliken urged speedy federal government action Friday on requests for special aid in 31 Michigan counties where drought cut feed grain crops in half.

★ ★ ★

Oakland County is included.

The State Disaster Committee earlier recommended that U.S. Agriculture Secretary Orville Freeman order an emergency program allowing purchase of government-stored grain at 75 per cent of the support price.

In some instances, farmers had liquidated from 2 to 16 per cent of their livestock because the drought cut back their feed supplies, the committee said.

OKAY NEEDED

The acting governor's approval was needed, in addition to the committee's recommendation, before Freeman could decide on the request.

Frost and ill-timed rains combined with the drought to cause one of the most difficult summers in recent memory for farmers in the affected counties.

ACLU Raps Use of Draft as Penalty

DETROIT (AP)—The American Civil Liberties Union in Michigan accused the head of Michigan's Selective Service System Friday of wanting to use the draft as a means of punishing dissent.

Rolland R. O'Hare, a Detroit attorney who is chairman of the Michigan ACLU chapter, said State Selective Service Director Col. Arthur H. Holmes had urged immediate induction of young men protesting U.S. policies in Viet Nam if they had violated draft regulations.

"If young men who disagree with the government's policy in Viet Nam may be singled out for discriminatory application of the (Selective Service) Act, who can say how the threat may be used to dragoon youth into conformity tomorrow," O'Hare asked.

Persons who violate the law should be "made to answer in a court of law," he added.

WITHIN RULES

Holmes said when he made a statement on the matter earlier this week after the arrest of 38 anti-Viet Nam policy demonstrators in Ann Arbor he had acted within the rules of the draft law.

"I said we were going to review the files of those arrested and determine whether their local boards should be notified," he explained.

"We haven't got all the files yet, and we haven't reached a decision," he added.

School Fund Election in Lansing Dec. 14

LANSING (AP)—Lansing voters will be asked at a special election Dec. 14 to approve a 5.7 mill tax increase for school operations and a $24 million bond issue for five new school buildings. The five-year millage increase would boost the total for operations to 17 mills.

Work Noted on Michigan Road Safety

LANSING (AP) — The Highway Department has finished posting 2,000 wrong-way signs at freeway ramps and made substantial progress on other safety programs, Director Howard Hill said Friday.

The wrong-way sign portion of a $4 million program for the current year is designed to lessen accidents occuring when drivers drive onto a freeway via an "off" ramp and wind up going against traffic.

★ ★ ★

Fifteen thousand red reflectors on ramp posts supplement the warning signs.

Programs partially completed he said, include:

SHARP CURVES

Edge-marking 850 of 1,000 curves of three degrees or more.

Installing reflectors on 500 of 700 roadside obstructions such as bridges and culverts.

Edge-marking 2,500 of 3,100 miles of two-lane highway.

Skid-proofing 85 of 91 earmarked intersections to provide better pavement-to-tire contact.

Preparatory work on improved overhead lighting at 54 sites.

Ordering design improvements north of Empire, Grand Blanc, Pontiac, and Flint.

Man Is Hurt on Area Road

A 45-year-old man was seriously injured when he was struck by a car while crossing Elizabeth Lake Road near Telegraph in Waterford Township early this morning.

The victim, Arnold A. Dagley, address unknown, is in Pontiac General Hospital with internal and head injuries and a fractured leg.

★ ★ ★

Police said Dagley no longer lives at the Waterford Township address found in his wallet.

The driver of the car, Robert E. Hard, 19, of 1271 Irwin, Waterford Township, told police he did not see Dagley in time to stop. He was not held. The accident occurred at 1:33 a.m.

ANTIQUES
An antique breathes life into a rusty era, faded customs of a forgotten past.
The first wood-burning locomotive, to arrive with passengers, stands in shining glory in front of the S.P. Depot at Sacramento to re-create an era of pristine transportation. A father promised his daughter he would carve the most beautiful table ever seen in Europe, present it to her on her wedding day. For twenty years he assembled wood, polished it, carved it with gargoyle, knights in armor, his daughter's head—it was an extravagantly beautiful work of art. A sailing ship went around the horn; when that 20'x5' table arrived she built a room for it alone where it stands as a symbol of love.
Over the years we create priceless friendships. Value them! Cherish them! Nurture them! They are tentacles of tenderness, love, and understanding, have no intrinsic value but are too precious for words.

Card of Thanks 1

AS MUCH AS HUMAN WORDS CAN express we wish to extend our heartfelt thanks to all the many friends and neighbors who so generously helped us in the tragic death of our loved one Mrs. Merebith Leach. May Jehovah God in His kindness and mercy provide each of you with such friends in your time of trouble. Mr. and Mrs. Earl Leach and Family.

In Memoriam 2

IN LOVING MEMORY OF OUR dear husband and father, Norris K. Fagerlie, who passed away 1 year ago October 24. Also our dear mother and grandmother, Mrs. Charles Vickery, who passed away one year ago October 26 and our dear father and grandfather, Charles Vickery, who passed away one year ago November 29.
You will never be forgotten.
—Freda and Children; also, Floyd, Reta, Don and families.

IN LOVING MEMORY OF RUTH Scarrott who passed away Oct. 23, 1963.
—Sadly missed by Claude and Mac.

In Memoriam 2

IN LOVING MEMORY OF OUR BEloved son, Jack Cline, who died Oct. 24, 1953.
The one we dearly loved and lost,
Is with us in spirit yet;
Is with us yet in memories,
Too precious to forget.
For love's eternal bonds will keep,
Our dear son close to us;
And that knowledge brings us solace,
And a measure of comfort too.
—Forever in our hearts, Mom and Pop.

India, Pakistan Expected to Swap New Charges When U.N. Debate Is Reopened

UNITED NATIONS, N.Y. (AP) — India and Pakistan are expected to swap new charges over violations along their truce line when the U.N. Security Council reopens debate on Kashmir, probably on Monday. Pakistan asked for an urgent meeting to speed up council action on enforcing the cease-fire and withdrawal of Indian and Pakistani troops facing each other along the 1,000-mile truce line.

* * *

The council president for October, Sen. Hector Payssé Reyes of Uruguay, told reporters he had informal agreement among the members to hold the meeting at 4 p.m. Monday.

* * *

Secretary General U Thant announced Friday night that he plans to send a senior army officer to India and Pakistan to seek agreement on a plan to withdraw troops of both nations from the cease-fire line.

* * *

Thant said he had proposed the appointment of Maj. Gen. Syseno Sarmento of Brazil, commander of the U.N. Emergency Force in the Gaza Strip.

* * *

In letters to Indian Prime Minister Lal Bahadur Shastri and Pakistani President Mohamed Ayub Khan, Thant expressed hope that both parties would agree to the appointment. Thant has described as "precarious" the cease-fire which went into effect after India and Pakistan halted full-scale fighting Sept. 22 in compliance with a Security Council order.

ARRAIGNED TODAY—Jay D. Mead, 27, charged with first-degree murder in the fatal shooting of an Avon Township man last night, leaves the Oakland County Jail for arraignment this morning. Escorting Mead, who escaped from the North Carolina State Prison Oct. 3, are detectives Everett Fredericks (left) and Alphonse Anderson.

Wilkins Freed; Vow to Try 2

HAYNEVILLE, Ala. (AP)—Alabama's Atty. Gen. Richmond Flowers says two other Ku Klux Klansmen will be tried on murder charges despite the acquittal of a third in the civil rights killing of a white Detroit housewife.

Flowers, the state's chief legal officer, commented after Collie Leroy Wilkins Jr., 21, was freed by a Circuit Court jury late yesterday. The five-day trial was Wilkins' second for the murder of Viola Gregg Liuzzo, 39.

The first ended in a mistrial with a deadlocked jury.

A jury of 12 white men, which included four men challenged by Flowers for prejudice, reported the acquittal verdict after deliberating about an hour and 45 minutes. The defendant, a crewcut, baby-faced Fairfield, Ala., mechanic, smiled broadly.

The verdict was greeted with applause by a crowded courtroom in the century-old Lowndes County courthouse, built with slave labor.

The spectators included the other two Klansmen who Flowers said will be tried, Eugene Thomas, 42, and William Orville Eaton, 41, both of Bessemer, and Wilkins' middle-aged parents.

89th Congress Ends Session

Sugar Quota Issue Is Last Item Passed

WASHINGTON (AP)— The 89th Congress adjourned for the year today with a landmark record of civil rights, education, health care and other "Great Society" legislation.

The 9½-month session came to a dramatic end shortly before 1 a.m. when the Senate, its ranks thinned by early departures, managed a quorum and passed the sugar quota bill.

This last obstacle to adjournment was approved 41 to 10 after anxious leaders managed to round up 51 senators, a bare majority.

A half-hour earlier, the Senate was two members short of a quorum when the sugar bill was first put to a vote.

★ ★ ★

The House had passed the bill 174 to 88, and was waiting on the Senate.

NEAR IDENTICAL

The two branches adjourned within one minute of each other — the Senate at 12:51 a.m. and the House at 12:52 a.m.

Congress returns Jan 10.

President Johnson, in a letter to Senate Democratic Leader Mike Mansfield, acclaimed the 1965 session as "the greatest session of Congress in the history of our nation."

★ ★ ★

Mansfield said that 85 per cent of the promises in last year's Democratic platform had been enacted into law.

CONFIRMATION

Driving toward adjournment yesterday, the Senate confirmed, 49 to 14, Johnson's nomination of David G. Bress as U.S. attorney for the District of Columbia, and both houses agreed to a 3.6 per cent pay increase for 1.8 million federal employes.

★ ★ ★

Sen Wayne Morse, D-Ore., told the Senate adjournment was inexcusable "with American boys dying in South Viet Nam."

Says America Is Still Behind in Space Race

Vice President Tells Detroit Club Sound Dollar Indispensable

DETROIT (AP) — The United States "hasn't caught up yet in the space race," Vice President Hubert H. Humphrey said yesterday.

But it is far ahead of the Russians in the market places of the world, he told some 2,000 Detroit business and economic leaders.

"The Russians can put gigantic objects up into space — 10 times as big as anything we have yet put up. They have powerful rocket engines to carry these payloads," he told the Economic Club of Detroit.

"But they don't have one indispensable item that we have —a respected economy," he said, adding:

"If the world loses confidence in the dollar, then we have lost a major battle in the war with international communism."

The speech capped a 12-hour tour of the metropolitan Detroit area. The vice president's wife accompanied him to the Motor City, speaking to a Republican women's group.

VIET QUESTIONS

South Viet Nam dominated a question-and-answer period following the monetary speech.

What did he think of teach-ins and demonstrations?

"Everybody has a right to be heard — but not to be taken seriously," he replied.

"Yesterday (Thursday) at Yale, I received a petition bearing 1,200 signatures backing our position in South Viet Nam. Did you read about it? But let some guy who looks as if he hasn't been to a barber in three years' parade and his picture is in every newspaper," he said.

★ ★ ★

Some 20 demonstrators, calling themselves The Detroit Committee to End the War in Viet Nam, paraded in front of Cobo Hall protesting involvement.

RED CHINA

Asked about Red China's admission to the United Nations— or any other multilateral group, he reiterated U.S. policy that recognition of the country and the resulting status it would achieve would weaken areas of southeast Asia and make it difficult to prevent Communist China from gaining more influence in parts of Asia and Africa.

He also predicted greater federal aid for cities in an earlier meeting with Detroit Mayor Jerome Cavanagh.

In a campaign film, shot to help Cavanagh in his bid for re-election next month, Humphrey said:

★ ★ ★

"There are dozens of programs that an alert mayor and city council can use to remake our cities . . . and it has just started; next year and all the years in the forseeable future there will be more legislation to assist cities."

He spoke earlier at the dedication of Adlai E. Stevenson High School in suburban Livonia and at Oakland University.

Government Resigns; Austria to Hold Vote

VIENNA (AP) — The Austrian government resigned today, but President Franz Jonas asked Chancellor Josef Klaus to stay in office until new elections are held.

The government decided Friday night to resign after failing to meet the constitutional deadline to agree on the 1966 budget.

Avon Man Is Fatally Shot During Tavern Argument

A 24-year-old Avon Township father of two died in St. Joseph's Mercy Hospital early this morning, some five hours after being shot in the chest during a tavern argument.

The dead man was identified as Eugene W. Franzel of 3494 Auburn.

Also shot was Robert R. Fosmoen, 26, of 3984 Crooks, Avon Township. He is listed in satisfactory condition following early-morning surgery.

Scheduled to be arraigned this morning before Avon Township Justice Luther C. Green on a charge of first-degree murder is Jay D. Mead, 27.

Mead was hitchhiking when first picked up by two uniformed Avon Township officers on special patrol in an unmarked car about a half mile from the scene of the shooting.

★ ★ ★

The officers — who said they had heard there was "some trouble" at Jay's Bar — drove back in the direction of the tavern and were met by sheriff's deputies and two Pontiac Township officers.

MAN SEARCHED

Mead was ordered from the car by detectives who searched him and found a gun.

Capt. Leo Hazen said Mead escaped Oct. 3 from the North Carolina State Penitentiary after serving five months of a 12-16 year sentence for armed robbery.

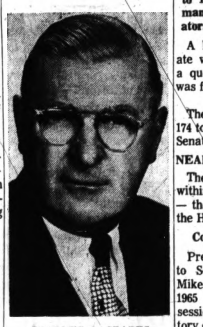
Arrested with Mead was his 22-year-old wife, Sara. She was charged with carrying a concealed weapon, said by Hazen to be the gun with which Franzel and Fosmoen were shot.

Sheriff Frank Irons, who conducted the early morning investigation at the bar near Auburn and Rochester roads, said the shooting followed an exchange of words and some "pushing and shoving" between Mead, Franzel and Fosmoen.

Hazen said Mead fired three times from a 32-caliber nickel-plated revolver.

Franzel was admitted to the hospital in critical condition and died on an operating table at 2 a.m.

Hazen said Sara Mead is also sought by Macomb County authorities for an armed robbery allegedly commited with the assistance of her husband before his imprisonment.



CHARLES A. SPARKS

Death Claims Treasurer, 73, in 17th Term

Oakland County's long-time treasurer, Charles A. Sparks, died last night at Pontiac General Hospital.

The 73-year-old "iron man" of the county Republican party was serving in the first year of his 17th consecutive term — 33 years — in office.

He had entered the hospital Oct. 15.

Sparks of 7010 Hatchery, Waterford Township, operated a real estate and insurance office in Pontiac for 12 years prior to being elected to his first term in 1932.

★ ★ ★

A native of Knoxville, Tenn., Sparks came to Pontiac in 1915, first working for the Oakland Motor Car Co., the forerunner of Pontiac Motor Division, and then as an automobile salesman.

CLUB MEMBER

Sparks was a past exalted ruler of Pontiac Elks Lodge No. 810, and a past president of the Pontiac Exchange Club, Oakland County Sportsmen's Club and State Association of County Treasurers.

★ ★ ★

He was also a member of the National Association of County Officers and of the National Association of County Treasurers and Finance Officers.

His body will be at the Wint Funeral Home, Clarkston.

New Forecast Same as Last: Rainy, Overcast

This morning's partially sunny skies are expected to become overcast again tonight with partial clearing and a chance of more showers late tomorrow.

Temperatures are gradually slipping downward. Lows will dip into the 30s tonight. Highs are expected to reach 50 tomorrow. Partly cloudy and slightly warmer is the forecast for Monday.

Rainfall during the day and night yesterday measured one-tenth of an inch.

★ ★ ★

A chilly 43 was the low recording in downtown Pontiac prior to 8 a.m. The mercury had edged up to 49 by 1 p.m.

Pontiac Shatters 10-Day Sales Mark

Pontiac Motor Divison, riding the crest of its fastest new model start-up, today reported all-time record mid-October sales.

★

General Sales Manager E. R. Pettengill said a total of 24,666 Pontiacs and Tempests were sold in the Oct. 11- to 20 period, surpassing by 249 per cent the 7,072 sales in the same period a year ago.

★ ★ ★

"However," Pettengill said in releasing the sales figures, "we were seriously hampered by a strike last year at this time. Still, by any yardstick, our sales are most gratifying."

★ ★ ★

The previous record for the period was 18,387 units set in 1963.

OU Crowd Hears VP Urge Education Spending Boost

By JIM LONG

"If we can spend billions to put a man on the moon, we can afford to spend billions to put a man on his feet."

With these words, Vice President Hubert H. Humphrey, in a speech at Oakland University yesterday, spelled out the efforts of the Great Society to better conditions through educational opportunities.

The remark drew thunderous applause from the 2,400 persons who filled the auditorium in the Sports and Recreation building to hear the address.

It was the first time that a vice president of the United States had visited the campus.

★ ★ ★

When he arrived at 1 p.m., the rain that had delayed his appearance by two hours had turned into a fine mist.

The vice president had been expected to arrive at 11 a.m. from a dedication of a Livonia high school, but the inclement weather prevented him from

See Text Page A-2

flying from Buffalo, N.Y., until after 10 a.m.

He was introduced by Democratic Rep. Billie S. Farnum of the 19th Congressional District. Farnum, who arranged the visit, was introduced by Oakland University Chancellor Durward Varner.

Before getting into his prepared text, Humphrey, a former college professor, commented on the beauty of the campus and then directed attention to "the one great lady who made it all possible," Mrs. Alfred Wilson, who was seated in the front row.

Mrs. Wilson's gift of $2 million and 1,600 acres of the family estate made the university a reality in 1959.

SCHOOL NEEDS

The theme of Humphrey's 45-minute address was the need for improving education and educational facilities and the role the Johnson Administration is playing in bringing it about.

The "man on his feet" phrase was a departure from his prepared speech.

Education must be made attractive to eliminate the dropout problem, Humphrey said.

★ ★ ★

"We must reexamine the education system. There is no reason at all why we don't use the most modern methods in education," he said.

GREATEST THING

On community colleges, Humphrey said that they are the "greatest thing to happen to this country in years."

"They give an opportunity to everyone for at least two years of higher learning."

Before leaving the speaker's platform, Humphrey was given two sets of petitions that had been circulated on the campus by students, one asking the withdrawal of U.S. troops from Viet Nam, the other supporting the present policy.

Those favoring U.S. stand in Viet Nam outnumbered the critics better than four to one, 426 to 97.

Coming N-Test May Aid World Ban

AMCHITKA ISLAND, Alaska (NEA) — This bleak, storm-swept isle near the western tip of the Aleutians has been transformed into the laboratory for a unique scientific experiment which could help end the world's fear of a nuclear war.

Some 200 U.S. scientists, technicians and construction workers are at work on Amchitka's flat, grassy tundra making final preparations for a Department of Defense project called "operation Long Shot."

When Long Shot takes place Wednesday, it will consist of detonating a single 80-kiloton nuclear device buried deep beneath the island's surface.

But Long Shot will be quite unlike any of the long string of nuclear explosions which have taken place in various nations since the start of the atomic age.

★ ★ ★

For one thing, it represents the final phase of years of work and experiment by nuclear scientists of the Defense Department's Defense Atomic Support Agency.

And there will be no secrecy about this nuclear detonation.

The United States has announced its exact timing and scientists throughout the world — on both sides of the Iron Curtain — have been invited to take part in the experiment by recording its effects.

If Long Shot is successful, this unlikely little island could go down in history as the actual birthplace of a meaningful international ban on all nuclear weapons.

The reasons for Long Shot are found in the American position on a nuclear test ban treaty.

EFFECTIVE TREATY

The government believes an effective treaty must provide for on-site inspections following suspected nuclear blasts.

But such inspections would be impossible unless the suspected test site could be fairly well pinpointed.

Lt. Gen. H. C. Donnelly, Defense Atomic Support Agency director, says Long Shot should provide "important information on how to accurately locate seismic events and to distinguish underground nuclear explosions from earthquakes at very long range."

★ ★ ★

Amchitka's location makes it a natural for this test. It is several thousand miles — in the right direction — from the Defense Department's monitoring stations in the United States which will pick up the shock waves generated by the nuclear explosion.

It is also located in the middle of an "earthquake belt" generating numerous quakes to provide checks for the monitoring stations.

The island was once an important defense outpost. Early in World War II, the Japanese invaded two nearby islands and 40,000 U.S. soldiers were landed on Amchitka.

Now, 20 years later, the long-discarded military installations have been put to use again for the Long Shot project.

From the air, the seven- by thirty-mile-long island appears to be a crazy quilt. The pattern is made up of hundreds of old quonset huts set helter-skelter, dotted with dozens of tiny lakes, and connected by dusty, winding roads.

LACED WITH WIRE

While the roads are dusty, the remainder of the island is mucky, tundra marsh hidden under high grass and laced with miles of rusting barbed wire.

Hundreds of cables, which will link up instruments used in the shot, are strung across the tundra, buried only where they cross existing roads.

The shot point itself had to be excavated and filled to hold the big drilling rig which is boring a shaft 2,300 feet beneath the island's surface to hold the nuclear device.

Amchitka's location — in the Aleutian Island Federal Wildlife Refuge — also imposed extra safety precautions on the project's planners.

FREE OF WILDLIFE

The island itslef is practically barren of wildlife. But the surrounding waters are home to thousands of sea otters, the richly pelted aquatic mammals which were hunted to near extinction during the early-day Russian occupation of Alaska.

Now, under strict protective laws, the otters have made a comeback and some 2,000 of them — 10 per cent of the entire world population — consider Amchitka home.

Every possible safety measure has been built into the Long Shot plans.

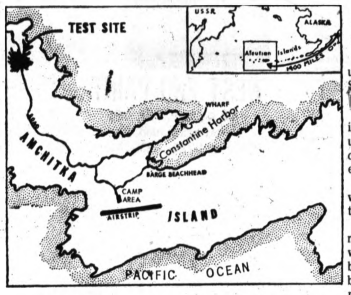
★ ★ ★

Project officials are definite in their assurances that the deep underground blast will make no crater and that there will be no escape of radioactive debris.

Still one more extra safeguard will be put into effect just for the sea otter.

Twenty-four hours before the nuclear detonation, the otters will be driven from nearby harbors and out into the open sea by teams of men using noise-makers and firecrackers.

Once these lone residents of Amchitka have left temporarily, the blast will be set off which will literally echo around the world.



BLAST SITE — Amchitka Island, nearly 1,400 air miles west of Anchorage, Alaska, in the Aleutian chain, is the site for "Operation Long Shot." The operation will consist of detonating a nuclear device, with effects of the blast to be studied by scientists throughout the world.

RUSSIAN TRAWLER — A 250-foot Russian Trawler, the Arban, has been in the vicinity of San Nicolas Island, 60 miles off the southern California coast for the last two weeks. It has been kept under surveillance.

Wallace Can't Run Again, May Try Senate

MONTGOMERY, Ala. (AP) — Defeat of a constitutional amendment to let him seek re-election rekindled speculation today that Gov. George C. Wallace may run for the U.S. Senate next year.

It also started political tongues wagging again about the possibility that Wallace may put his wife, Lurleen, into the race for governor in 1966, since he cannot run.

★ ★ ★

Wallace wanted to succeed himself. He called a special session to consider a constitutional amendment to make it possible.

The Senate killed the amendment Friday. A short time later, the three-week-long special session came abruptly to a halt.

VOTES LACKING

Despite the governor's repeated insistence that he had the 21 votes necessary to pass an amendment and submit it to the people, and his claim that only a filibustering minority bloc stood in the way, only 18 senators voted with the administration in the showdown.

★ ★ ★

Fourteen others, most of whom had kept the Senate deadlocked in prolonged debate, voted against the amendment. Three senators were absent.

★ ★ ★

Wallace gave no hint of his future political ambitions except to say that he would discuss the issue in a statewide television-radio hookup, "at the proper time."

For the moment, he commented merely that "the people of Alabama have been deprived of the opportunity of voting on the matter of succession."

WALLACE BITTER

Wallace is known to be bitter toward his predecessor, former Gov. John Patterson, a likely candidate for governor himself in 1966. Some of his most trusted followers took part in the battle against the Wallace succession bill.

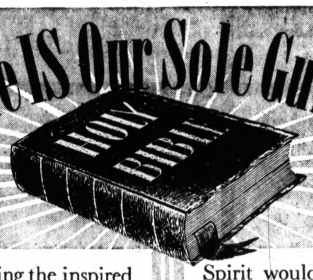
★ ★ ★

Wallace may put a candidate into the race in an effort to beat Patterson. The name most often mentioned is that of Mrs. Wallace, who has often made campaign speeches for her husband.

★ ★ ★

Others figure Wallace may try to unseat Sen. John Sparkman D-Ala. who comes up for reelection next year.

Yes, the Bible IS Our Sole Guide in Religion



The Bible, being the inspired Word of God, is our supreme, final, and all-sufficient authority in religion.

Furthermore, the Bible claims for itself the ability to furnish everything necessary to a person's salvation. The exact words from the Scriptures on this point are as follows:

"All Scripture is given by inspiration of God, and is profitable for doctrine, for reproof, for correction, for instruction in righteousness: that the man of God may be perfect, thoroughly furnished unto all good works" (2 Timothy 3:16, 17).

In view of the inspiration and all-sufficiency of the Holy Scriptures, it is surprising that some will admit the fact of the Bible's inspiration but deny its claim to furnish one "unto all good works." Millions are taught that they must submit to the "living voice of the living church." They are taught that the traditions, dogmas, creeds, and councils of men must be obeyed too.

According to this view, the Bible is *not* sufficient to furnish one "unto all good works." To hold that the Bible's claim for inspiration is true, while at the same time denying its claim to be all-sufficient, implies that the Bible is an inspired book making false claims. No other deduction is possible.

This issue of religious authority is fundamental to our faith. All Bible believers agree that Jesus of Nazareth was acknowledged by the Heavenly Father to be his divine Son and Spokesman, as follows:

"This is my beloved Son, in whom I am well pleased: hear ye him (Matthew 17:5; compare Hebrews 1:1,2).

But since Jesus was not to remain upon the earth always, he promised his apostles that the Holy Spirit would be sent to be their Comforter and Teacher after he was gone:

"But the Comforter, which is the Holy Ghost, whom the Father will send in my name, he shall teach you all things, and bring to your remembrance, whatsoever I have said unto you" (John 14:26).

"Howbeit when he the Spirit of Truth is come, he will guide you into all the truth" (John 16:13).

These passages teach that God had a plan to preserve and extend his teaching, which had been perfectly embodied and revealed in the life and teaching of Jesus (John 5:19). The plan was for the Holy Spirit to come to earth after Jesus' death and resurrection and teach the apostles "all things" and guide them into "all truth" so they would not have to depend upon their human powers of recollection. This was God's plan to keep Christ's teaching free from error.

The New Testament reveals how the Holy Spirit did come upon the apostles in Jerusalem on the first Pentecost after the resurrection of Christ (Acts 2:1-4,33).

As a result, the early church continued to teach, over and over, just the doctrine of the apostles of Christ since Jesus had promised that only the apostles would be taught "all things" and guided into "all truth." Early Christians were extremely careful to continue steadfastly in the "apostles' doctrine"—and none other (Acts 2:42).

Not only were the early Christians devoted exclusively to the teaching of the apostles, but they were warned—not once, but again and again—against accepting any so-called additional "revelation." The language is clear on this point: "But though we, or an angel from Heaven, preach any other gospel unto you than that we have preached unto you, let him be accursed" (Galatians 1:8).

To restore the simplicity, purity, and beauty of New Testament Christianity in our age, we must go back to the exclusive and all-sufficient authority of the Bible: To speak where the Bible speaks and to be silent where the Bible is silent.

Halloween's Gaiety Has a Serious Side

By JEANNE NELSON

It's a sure sign of Halloween when costumes are hung clothesline style in the dime store and mounds of candy displayed in supermarkets.

Imaginations are let loose and kids can marvel over their candy caches for weeks.

NOTE OF CAUTION

But there is a serious side to this fun night. And mothers should be aware of the dangers that exist for little ones.

The National Safety Council supports the idea of make-up masks in place of the kind that covers the face. With an artistic hand wielding the cosmetics, children of all ages can become whatever they wish without the hazard of a slippery mask obscuring eyesight.

* * *

One word of caution here: cream the face first and make-up can be cleansed away in much less time.

Weather can also play a big part in the night's fun. Make sure your child is adequately protected against the elements. That includes boots or rubbers if the night so dictates.

HOMEMADE COSTUMES

For homemade costumes, a pillowcase can be an excellent beginning of a costume. Simply cut out armholes and a neckline and secure corners with a cafe curtain ring. Practically no sewing.

* * *

Of course with bits of felt and other scraps, the costume can become a thing of beauty or as grotesque as imagination allows.

Homemade costumes should be dipped in a solution of nine ounces of borax and four ounces of boric acid to a gallon of warm water for fireproofing.

NO CANDLES

Under no circumstances should children be allowed to carry lighted candles or lights come this year in four different flashlight faces that snap in and out.

Thor Petersen, principal of Crofoot Elementary School, adds these safety tips.

- Stay on sidewalks.
- Wear costumes no longer than ankle length.
- Carry flashlight.
- Stay in your own neighborhood.
- Children under eight should go with an adult.
- Older children should stay in groups.

After the masqueraders return home Saturday evening with their loot, remind them the fun isn't over yet.

* * *

The "Mystery Treat" sponsored by the Pontiac Parks and Recreation Department, the Pontiac Board of Education, and the Pontiac Junior Chamber of Commerce will still take place.

Pontiac Press Photo

Say Brad, do rabbits really carry flashlights? "Of course not! I'm no dumb bunny," says Bradley Black, 6, of Prall Street. That's no devil-may-care smile on the face of Robert Bell of Green Street either. These two trick-or-treaters plan to make the most of Halloween by obeying all the safety rules and getting home in time to be eligible for the "Mystery Treat."

Snaps at Her for Courtesy

PALMETTO, Fla. (AP) — Mrs. Joyce Ponder is not so sure she will be a courteous driver next time. She pulled up her car on a highway near here to let another car pass.

* * *

A 6-foot alligator, apparently disturbed, pounced on her car, snapping at the door. Mrs. Ponder sped away, with alligator tooth marks in the paint to prove her story.

Check Container

In selecting a container for a flower arrangement, remember that the container should be simple in color and design so it does not detract from the arrangement, advises the Society of American Florists.

Polly's Pointers

Pigeon Pointers

DEAR POLLY — I want to tell the reader who signed her letter "About Pigeons" to buy a rubber snake at the dime store and fasten it on the roof, window sill or wherever the pigeons roost. They seem to be afraid of snakes. — ELSIE

DEAR POLLY — My letter is for the pigeon hater. Hang foil plates (those frozen foods come in) to the beams or place where the birds nest. This worked for my uncle.— KAYE

DEAR POLLY — We keep sparrows out of the garage and the vines over a bedroom window by tying bags of moth crystals from the rafters in the garage and to the wire the vine climbs on. This also works for bats and mice and I feel sure it would work with pigeons.

When the odor evaporates put up more bags filled with fresh crystals. Be sure that the crystals contain 100 per cent Para Dechlorobenzene. — MRS. J.S.

* * *

DEAR POLLY — I got little boards, the length of the top of the porch columns, and nailed them slantwise on the tops of the columns.

The pigeons could still manage to cling a little but it was hard for them to do. When they laid eggs, the eggs rolled off and broke. Hay for the nests also slid off so the pigeons were frustrated and left. The boards were painted white like the columns and are scarcely noticeable.— MRS. G. M.

GIRLS — I was amazed at the number of people who are annoyed with pigeons — if one can judge by the number of letters received. Thanks to all of you.

Mothballs were the most widely recommended but an exterminator advised that Mrs. J. S.'s suggestion of moth crystals was better. He also had an idea similar to that sent by Mrs. G. M. and said such slanting boards placed over window sills usually work well.

* * *

Kaye's suggestion probably worked because of the movement of the plates rather than the glitter. This problem might be better solved for one person one way and another for someone else, so take your choice. There are commercial products available and the sticky ones could be applied to a board painted like the wood it is placed on.

If the problem persists, after trying these suggestions, it may be necessary to call a pest control operator. So long to your pigeons, no matter how they go. — POLLY

* * *

DEAR POLLY — When I have a lot of glasses to wash I put a clean dishcloth or towel on a cookie sheet and put the clean glasses on it to drain dry after they are rinsed. Saves space in my dish drainer. — PHYLLIS

Hang Your Head

Start wrinkle - preventive measures in your early 20s. One simple exercise takes only five minutes. Every morning and evening simply hang your head down toward the floor. It seems this defies gravity and the downward pull of gravity on the face has recently been cited as one of the chief causes of face droop.

Overnight Stay Not Acceptable

By The Emily Post Institute

Q: Would it be all right for four college students (two boys and two girls) to travel a distance of three hundred miles to attend a football game, spend the night and return the next day?

The accommodations for the night would most likely be in a hotel with the girls sharing one room and the boys sharing another.

* * *

A: I'm sorry, but two boys and two girls staying overnight in a hotel unchaperoned, would not be proper even in this present day.

PAYING WEDDING RECEPTION

Q: My son is going with a girl and there has been talk of a wedding. What I would like to know is, who pays the bill for the reception?

When I was married 25 years ago the girl's family paid for the reception. Now I understand the two families split the bill. Will you please tell me if this is a present-day custom?

A: Today, as of yesterday, it is a fixed rule that the reception be given by the bride's parents and no matter how small or frugal it may have to be, it must be paid for by the girl's family.

WEDDING PHOTOGRAPH

Q: My son's newly acquired mother-in-law recently sent us a large photograph of her daughter in her bridal attire. Wouldn't it have been more suitable to have sent us a picture of both my son and his bride together?

Also, I would like to know if a note of thanks is necessary for this photograph?

A: If a photograph of both your son and his bride was taken, it certainly would have been more thoughtful to have sent it to you instead of the one of the bride alone.

Nevertheless, a note should be written to the bride's mother thanking her for having sent you the picture.

The clothes of the bride's and groom's parents as well as those of the wedding guests are described in the Emily Post Institute booklet entitled, "Correct Clothes for a Wedding Reception."

To obtain a copy, send 10 cents in coin and a stamped, self-addressed envelope to Emily Post Institute, in care of The Pontiac Press.

Couples Exchange Marriage Vows

MRS. A. L. TAYLOR

Taylor-Morris

Off on a northern honeymoon are the Allen L. Taylors (Lane Lucille Morris) who chose the Silvercrest Baptist Church for their Friday vows and reception.

* * *

Their parents are Mr. and Mrs. Lloyd E. Morris of Dixie Highway and the Lee B. Taylors of Orion Road, Orion Township.

BOUFFANT GOWN

The bride's bouffant gown and train of white silk taffeta was styled with bodice, skirt panel and deep bands of Chantilly lace. Her fingertip veil was silk illusion.

* * *

Sweetheart roses centered her cascade bouquet of white roses.

* * *

Joan Taylor was maid of honor, and Rhonda Merwin, bridesmaid at the evening rite performed by Dr. John Hunter and Rev. C. Frank Mills.

* * *

With David Mills, best man, were ushers Robert Ladensack, Thomas Hathaway and Robert Turner.

MRS. A. A. MIROVSKY

Mirovsky-Beyer

St. Michael's Catholic Church was the setting for the marriage today of Linda Mae Beyer to Anthony Albert Mirovsky of Summit Avenue.

HOME RECEPTION

Her parents, the Arthur Beyers of Mt. Clemens Street, were hosts at a home reception followed the ceremony performed by Rev. Charles F. Rooney.

Seed pearls on lace roses were appliqued on the bride's gown of white peau satin styled with Watteau train. A pearl tiara held her illusion veil.

A corsage of yellow Sweetheart roses for the honeymoon trip to Niagara Falls centered her bouquet of cascading white camellias.

With Dianne Beyer, her sister's maid of honor, was Marilyn Palshan of Ortonville as bridesmaid.

The bridegroom, son of the Albert Mirovskys of Utica, asked Larry Lord of Rochester to be his best man. David Beyer seated the guests.

The couple will reside on Summit Avenue.

MRS. J. W. FRANKLIN

Franklin-Craghead

An evening ceremony and reception Friday in the Rochester Church of God marked the vows of Freda Lois Craghead and Joseph William Franklin.

* * *

Parents of the couple wed before Rev. Emmett Richardson, are the Elbert L. Craigheads, Eston Road, Independence Township, and the Fred E. Franklins, South Baldwin Road, Orion Township.

LACE APPLIQUE

A fingertip veil of illusion complemented the bride's lace-appliqued gown and train of white silk organza over taffeta. She carried white roses and carnations.

With Drema Craghead, her sister's honor maid, were bridesmaids Billy Jo Gibson, Emma McClain and Virginia Lunsford.

Janie Franklin was flower-girl and Cecyl Craghead carried the rings.

Earl Franklin stood as best man for his brother. Seating guests were Albert Sexton, Ronnie Lunsford and Ray Robbins.

Baffling Theft Gave This Gal Cause to Crab

BIG PINE, Fla. (AP)—Thrilled at finding three large banded tulip shells, Mrs. Ruth Reynolds cleaned them and laid them near the channel's edge in the sun to remove remaining odors.

* * *

The next morning her prize shells were gone, but they had been replaced by three smaller tulip shells. She was furious and baffled with a thief that would make such a trade.

Spotting a large banded tulip moving in the water, she pulled it in and discovered it to be occupied by a hermit crab. The crab and two brother hermits had stolen her shells and left her their discarded homes.

Container Height Affects Bouquet

The height of an arrangement is determined by the container's height and its purpose. An arrangement should never be less than 1½ times the height of the container.

Both the container and the arrangement should be low for a table centerpiece. Width may be 1½ to 2½ times the container's diameter, advises the Society of American Florists.

Steel Takes Wax

The same wax that you use on your refrigerator and other appliances does a good job of cleaning and protecting the finish of steel cabinets.

Garden Association Meets

The Oakland County Boat Club was the setting for the Thursday meeting of Sylvan Lake branch, Woman's National Farm and Garden Association.

* * *

Joseph Poleo of Frank's Nursery Sales spoke on preparing the garden for winter.

The committee for the day included Mrs. C. W. Doerr, Mrs. Eugene Johnson, Mrs. Thomas Holloway and Mrs. C. W. Dahlgren.

* * *

Mrs. Richard Gavette and Mrs. A. O. Carmer presided at the tea table.

* * *

Representatives will attend the Michigan Division Council Meeting, Nov. 3 in St. Clair Inn and the International Tea, Nov. 11, at Meadow Brook Hall, South Adams Road, home of Mrs. Alfred G. Wilson, national president of WNF&GA.

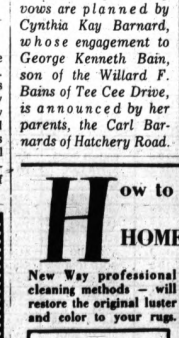
Letters Arrive 11 Years Late

GAINESVILLE, Fla. (AP) — Back in 1954, Suzy Middleton was a 17-year-old high school student with a boy-friend. When he was on a vacation in Cooperstown, Pa., they corresponded a lot.

Recently, two of his letters bearing 6-cent airmail stamps, and yellowed with age, were delivered 11 years late. Suzy is now Mrs. Edward Carwithen of Gainesville, Fla., and the mother of two children.

For Sweet Relief

Take the weight off your feet and legs after a busy day. Sit for a few minutes with your feet up, either on a stool or table parallel to your chair. This also is good to relieve ankles swollen from water in the system.



Mid-January wedding vows are planned by Cynthia Kay Barnard, whose engagement to George Kenneth Bain, son of the Willard F. Bains of Tee Cee Drive, is announced by her parents, the Carl Barnards of Hatchery Road.

SIMPLE CHARM — The attributes of an old-fashioned farmhouse, including a completely-covered front portico entrance, have been designed into this houes of architect Herman H. York in combination with modern materials and methods of construction.

Country Kitchen Highlights Colonial

In every home — small or large; ranch, split level or two-story; contemporary or traditional — there's a favorite room or area.

It's the place where the family congregates most of the time, where activities always seem to be going on — where the house is truly alive.

While this section isn't always definable before a family has moved in, it most certainly is in the farmhouse-type residence created by architect Herman H. York for the House of the Week series.

Basically a three - bedroom, two and a-half bath house, expansion is possible for an additional two bedrooms and bath.

* * *

Fine as this expandable feature is, especially for a family which is still growing, it must take second place to what we regard as the outstanding element in the well-designed floor plan.

DOUBLE DUTY

It's a combined farm room-kitchen so large, so inviting and so practical that it can't miss being the focal point of the house for parents and children alike.

This combined area is nearly 24' long, with a wood beamed ceiling stretching its entire length. At one end, in the farm room, is a five-foot-wide fireplace and log bin.

Pegged wood flooring adds to the atmosphere of Colonial America.

* * *

The authentic flavor of this period is carried out at the other end of the expanse, where the kitchen cabinets are of birch (or butternut, if desired) and where there is a three-quarter round table placed along the counter.

This table is at the end of the counter where it doesn't interfere with mother's kitchen duties nor intrude upon the wall space of the farm room.

The farm room-kitchen combination is at the front of the house, with windows looking out on the covered portico.

* * *

It is directly to the right of the spacious foyer, which also leads to the living room or the bedroom wing without crossing any part of the house.

To the left of the farm room-kitchen are the laundry, mud closet, lavatory, garage entry and service door, nicely planned for convenience.

While it is going to be difficult to keep guests as well as family out of the attractive farm room - kitchen area, the living room has its own assets for formal entertaining.

Its dropped floor adds to the ceiling height and gives an elegance to the adjoining dining room, which has a railed balcony to set it off.

The dining room uses sliding doors for access to the terrace, but architect York suggests that these can be eliminated in favor of either hinged, small - paned doors or a single Dutch door with windows on one or both sides — the choice depending on the type of decor.

The bedroom wing has three bedrooms and two baths, with the owners' bedroom having a walk-in closet and another six-foot closet for "his and her" storage.

There is a linen closet in the large bathroom for easy access to the towels and other items more conveniently stored there.

A Dutch dormer across most of the main section of the house provides full ceilings for extra bedrooms upstairs.

In communities where two-family homes are permitted, one of these upstairs rooms may serve as a living room for one or two persons.

A small kitchenette can be added near the bathroom plumbing. But the second floor need not be finished when the house is built, or at all, for that matter. In that event, it would be cheaper to close the stairway just off the foyer, put a door at the low level and leave the walls unfinished.

The exterior beauty of Design G-7 is achieved by simplicity and attention to detail. Wood panels under the bedroom windows, flanked by full - length shutters, add restraint yet preserve the farmhouse appearance.

The use of vertical battens over exterior-grade plywood als contributes to the architectural character of Colonial houses such as this.

Note, too, how the use of ventilating wren houses at the gable ends provides ventilation while softening the appearance of such a triangular surface.

FLOOR PLANS: Spacious front foyer permits entrance to bedroom wing, kitchen or formal entertaining area without crossing other areas of house; upstairs bedrooms and bath, to be used only if needed, are made possible by Dutch dormer across most of structure.

G-7 STATISTICS

Design G-7 has a living room, dining room, combination farm room-kitchen, three bedrooms and two baths on the main floor with 1604 square feet of habitable area. There are 522 square feet of living space on the second floor for those who desire to utilize it. In addition, there is a covered front portico, a laundry, mud closet, vestibule, furniture storage section, terrace and two-car garage. Over-all dimensions are 77' by 37' by 4".

Re-do Kitchen for Holidays

Before year's end, millions of American housewives will launch two all-out blitzkriegs upon their personal fortress — the kitchen.

These onslaughts will come at Thanksgiving and Christmas when preparing the lavish family feast is as much a grueling chore as it is a rewarding tradition. So why not give the family a pre-holiday gift that everyone can enjoy — by remodeling the kitchen?

Modern built-ins, time-saving electrical appliances and, most important, a lot more countertop working space will eliminate much of the Missus' holiday cooking drudgery and give her more time to enjoy family and friends.

Just as you would buy the most modern, up-to-date appliances, so should you install the most modern types of counter surface. That would be tough, durable ceramic tile.

* * *

Tile comes in more than 250 colors, patterns, sizes and shapes for the ultimate in decorating schemes. It's fireproof, so cooling oven-hot mince or pumpkin pies poses no danger to the tile surface.

And knives or broken dishes can't mar scratchproof tile. Likewise cleaning up after the holiday dinner is a snap with a dampened cloth since ceramic tile is stainproof and wards off accidental spills and spatters.

Americans consumed over three billion sleeping pills last year.

Movable Partitions Create Flexibility

Rooms are becoming more flexible.

The trend is reflected in an increased use of movable partitions and dividers, and space savers like folding louver and sliding doors of ponderosa pine which come in stock sizes.

FAMILY ROOM—Louvered doors lead to the 12 feet 8 inch by 19 feet 9 inch family room found in the Lakeland Estates colonial. Built by Ross Homes, Inc. the four-bedroom colonial and a three-bedroom split-level are now open for public inspection. The new development is located one-half mile north of the Walton Boulevard-Williams Lake Road crossover off Dixie Highway.

LAKELAND ESTATES — Slate entrance hall of the four-bedroom colonial found in Lakeland Estates leads directly to the formal living room, the family room and the second floor sleeping area. The model built by Ross Homes, Inc. is open Tuesday through Sunday from 2 to 8 p.m. It is completely furnished to help prospective home owners visualize attractive room arrangements.

Planned Community

Lakeland Estates Opens

Recently opened, the Lakeland Estates subdivision features a planned lake-living community.

Residents have all the pleasures of suburban living plus all the desired conveniences of city life with schools with walking distance, excellent transportation facilities, shopping area and the expressway only four minutes away.

Open for public inspection are two models built by Ross Homes, Inc.

One, a three bedroom split-level, is available for $26,420 including base price lot.

The other, a four bedroom colonial is offered for $28,485 including base price lot.

Both homes feature a two-and-one-half car garage, ceramic tile baths, aluminum siding, cement drive, oak flooring, copper plumbing, gas heat, gas hot water heater, full basement, walk-in storage closet and custom kitchen cabinets.

A total of 58 lots are included in the first phase of the Eagle Lake development.

To reach Lakeland Estates, drive out Dixie Highway one-half mile beyond the Walton Boulevard-Williams Lake Road crossover and turn right into the subdivision.

The models are open Tuesday through Sunday from 2 to 8 p.m.

Goes a Long Way

A ten-mile conveyor belt — the longest in the world — is being built in Japan.

It will transport crushed limestone from an inland quarry to an island port, traveling through 14 tunnels, and crossing 13 highways and a main railroad line.

Box Springs Important

Box springs are important if a mattress is to give long and satisfactory service.

* * *

Being more resilient and without moving parts, latex foam rubber mattresses can be and are thinner than standard innerspring mattresses.

* * *

Thus they come in sets with specially designed boxsprings that are higher than the box-spring used with an innerspring mattress, so that the surface of the foam rubber mattress is normal.

Germ-Free Ceiling Is Latest Innovation

A ceiling that keeps itself germ-free is the latest innovation in ceiling systems.

Building Supply News reports that a self-sanitizing acoustical ceiling is now available for use in restaurants, institutions and home kitchens. A special surface finish reduces normal bacterial population on the ceiling by more than 90 per cent.

Schurrer Construction Co.

Forms New Division

Schurrer Construction Co. of 2431 Pontiac, Pontiac Township recently announced the formation of a new division to be called Building Consultants Division.

A general contracting firm located in the area for 20 years, the move will provide total building service in a single contractual package for commercial and industrial clients.

According to Richard C. Schurrer, vice president, the new division will work in partnership with the parent organization.

"Its formation is evidence of expansion into a different though related field rather than a change in construction operations," said Schurrer.

* * *

When an owner elects to use the service of Building Consultants, in addition to a contractor, he buys experienced counsel to assist in the selection of the architect and engineer, the purchase of real estate and correct financing.

VITAL SUPPLEMENT

All are supplemented by a continuing cost analysis and general coordination.

"We discovered," said Schurrer, "that we could no longer refuse these services.

"Building costs are far too high to allow the informed client with a budget to meet to build in any other way.

* * *

"Developing these services within the sphere of the general contractor is a trend in our business and is therefore not an innovation on our part."

Americans Give Nod to Soap Opera

More American families have television sets than have bathtubs or showers.

The latest census found 6.9 million housing units without access to a tub or shower, compared to 6.7 million without a TV set.

Despite this apparent preference for soap opera over soap suds, the standard of housing in the United States is improving, according to Aetna Life Insurance Company, which has $1.5 million invested in private housing.

The insurance company's economists say the long-term increase in building is helping to upgrade housing standards in two ways.

* * *

First, it replaces many substandard buildings. Forty per cent of the 1.5 million housing starts expected in 1965 replaces units lost to renewal projects, commercial expansion, fires and other factors that frequently affect substandard housing areas.

By 1975, Aetna Life predicts 2.3 million housing starts, half of which will replace older buildings.

Second, today's new housing places more emphasis on comfort and convenience than in the past, and usually provides more living space per housing unit than older buildings do.

* * *

And, nowadays, nobody would dream of building a house without bathing facilities.
