Nine Americans Released By Red China Government

Talks in Geneva to Continue for Others Still Held

Communists Do Not List 29 Other U.S. Nationals Within Their Borders

GENEVA (AP)—Communist China notified the United States today that nine American civilians detained in China, including six women, were now free to return home.

Red Chinese Ambassador Wang Ping-nan told U. S. Ambassador U. Alexis Johnson at their 13th meeting that two other Americans could leave at once if they asked for exit permits and a third could leave within two or three months.

The two ambassadors have been meeting at intervals since Aug. 1, negotiating the release of 41 Americans imprisoned in China or denied exit permits.

The announcement by Wang was the first positive result of the talks since they began.

There was no indication when the Chinese Reds would release the 29 Americans not mentioned on Wang's list, but the ambassadors agreed today to continue their secret talks on Saturday.

American delegation members were able to find only a partial identification for some of the Americans listed for release by Wang. A delegation spokesman said none had been imprisoned.

FIRST FREED

Listed for immediate departure were:

Miss Emma Angelina Barry, a young girl living in Shanghai with her mother, a white-Russian who was not an American citizen.

Ralph Sharples Boyd, Shanghai representative of the North American Syndicate, born in Washington, D. C., in 1891.

Mrs. Juanita Byrd Huang, a Southern Baptist missionary married to a Chinese citizen, born in Mount Olive, Miss., in 1904.

Robert Howard Parker, a retired businessman born in Philadelphia, Pa., in 1873.

Howard Lischke Ricks, manager of Bills Motors Branch in Shanghai, born in Boscobel, Wis., in 1889.

Mrs. Howard Lischke Ricks, his wife, born in Shanghai in 1894.

Miss Eva Stella Dugay, known as Sister Theresa, a nun in the Carmelite Convent in Shanghai, born in New York City in 1893.

Mrs. Nadesha M. Romanoff, a white Russian living in Harbin who

THREE FROM MIDWEST — These three contenders for the title of Miss America for 1955, all from midwest states, posed in Atlantic City prior to opening of the annual pageant and contest today. Left to right are Marian Cox, Illinois; Marguerite Garr, Ohio and Margaret Devereaux, Michigan.

Beauty Queens Set Sights on 'Miss America' Crown

ATLANTIC CITY, N. J. (AP) — They're here and they're ready for battle. Forty-nine lovelies from throughout the nation primped today with their sights set on the Miss America 1956 crown and the host of prizes that go with it.

An illuminated parade—with 80 floats, 27 bands and a fleet of cars—officially opens the pageant tonight. The public will get its first glimpse of the contestants then.

But first the beauty queen hopefuls were slated to poise in swim suits for newsreel, television and newspaper photographers. And then comes a round of rehearsals to prepare the girls for the pageant parade.

Tomorrow night will begin preliminary swimsuit, evening gown and talent competitions. They will last for three evenings.

With the field narrowed to 10 semifinalists by Saturday night, judges then select five finalists, and finally a new Miss America will be crowned before a nationwide television audience.

The current queen, Lee Ann Meriwether of San Francisco, will crown her successor, who also reaps a $50,000 harvest in prizes and personal appearance fees.

Charmers from all of the states except New Mexico, Wyoming and Washington are competing, along with girls from Chicago, the District of Columbia, Hawaii and Canada.

After registering yesterday, they donned official badges and scattered to their separate rooms in 17 beachfront hotels.

In tonight's procession along this resort's famed boardwalk, all of the contestants but Miss Pennsylvania—Palm Ulrich of Sinking Spring—will ride in convertible autos. Miss Pennsylvania plans to ride on a special float.

The first to sign the pageant register yesterday was Miss South Dakota, Connie White of Canistota, and the last was Miss North Dakota, Mary Ann Gibbs of Crosby.

Miss Vermont, Phyllis R. Reich of Bennington, showed up with a boxer dog on a leash. Miss Montana, Berta Huebl of Missoula, a blue-eyed blonde who tips the scales at 97 pounds, was concerned about her weight. And Miss Oklahoma, Ann Campbell of Oklahoma City, wanted to make certain the pageant orchestra struck up the strains of "Oklahoma!" when she displays furniture she designed in the talent competition.

Weather Picture 'Fair and Cool' Next Five Days

One year ago today, Pontiac sweltered through a second straight day of 95-degree-plus heat.

This year, by way of contrast, area residents can look forward to at least five more days of delightful cool weather.

Fair and cool is the prediction for tonight, Wednesday and Wednesday night. The mercury will tumble to around 50-54 tonight, rise to 74-78 tomorrow and dip to the low 50s again tomorrow night.

The U. S. Weather Bureau's 5-day forecast calls for temperatures averaging 4-6 degrees below the normal maximum of 76 and low of 56. Little change in temperature is seen through Sunday. Precipitation will average a tenth of an inch or less in showers about Friday.

The low reading in downtown Pontiac prior to 8 a.m. was 49. Yesterday's peak recording was 82 degrees, while the mercury stood at 83 at 2 p.m. today.

Bonanzagram Claims Must Include Names

All Bonanzagram claim checks brought or mailed to the Press must carry the name and address of the contestant so it can be checked against the original Claim checks sent by mail should be labeled on the outside of the envelope.

Cyprus Offered More Self Rule

Britain's Move Means a New Constitution and May Break Stalemate

LONDON (AP)—Britain today offered Cyprus a new constitution giving the island's 500,000 residents more self rule and the prospect of self determination in the future.

The move by Foreign Secretary Harold Macmillan was intended to break a stalemate between Britain, Greece and Turkey over the future of the crown colony, headquarters of Britain's Middle East command.

Macmillan's proposals were placed before a conference of foreign ministers of the three allied countries who have been meeting here for nine days.

Immediate reactions of Greek and Turkish representatives were not disclosed.

But chances of their accepting the British proposals as they stand appear slender, judging from previous statements of the Greek and Turkish governments.

Greece has demanded Cyprus be given the right to choose its own political future in a reasonably short time.

The British proposals make self determination an ultimate goal which this country would be ready to discuss with the islanders only if they cooperate in making the projected new constitution work.

* * *

Turkey wants the 100,000 Turkish-speaking Cypriots to be given equal or confederal rights with the Greek-speaking majority—but only after the present disturbed state of the island has been calmed.

The proposed new constitution provides for the formation of a legislature elected by a simple majority of Cypriots.

The new constitution would leave the status of Cyprus unchanged as a colonial territory within the British Empire.

Beer Guzzlers of State Rank Third in Nation

DETROIT (INS)— Beer-drinking Michiganders put away an average of 122 12-ounce bottles per person in 1954 to rank third in that department in the U. S.

According to a survey by the United States Brewers Foundation, the Wolverine state ranked third in the per-capita consumption of beer, behind Wisconsin and Nevada.

The survey showed less beer was sold in 1954 than in 1953, but the report brings out the fact that more people are drinking beer than ever before.

Women quaffed 22 per cent of the total, the report added.

The USBF survey shows that the largest proportion of beer drinkers is in the 21-to-40 age bracket and that two-thirds of America's families serve the frothy beverage.

Officials Count Only 19 Minor Accidents Here

Say Newspaper Stories Aided in Cutting Death Figure

Highway death spared Oakland County over the Labor Day weekend.

Only the normal number of minor accidents were reported in this area throughout the 3-day period while 22 deaths were reported in Michigan, ranked third behind Ohio (30) and California (41) as the holiday toll reached a near-record high across the nation.

State and Pontiac Police along with Sheriff's deputies and other surrounding law enforcement agencies tallied a total of 19 highway mishaps, including minor injury and property damage accidents.

Police officials credited heavier-than-normal patrols, cooperation between law enforcement agencies and civil groups plus an accident conscious driving public with cutting the toll.

"Newspaper publicity on accidents and accident prevention drives have been the greatest aids in cutting the death toll in this area," said Undersheriff Elmer McQuern, who noted that the Independence Day weekend also was death-free in Oakland County.

A page one editorial in Friday's Pontiac Press pleaded with motorists to observe caution and courtesy rules to make the holiday death free.

Meanwhile, officials here were praising 122 Red Cross volunteers who maintained stationary and roving first aid patrols in critical areas throughout this section of the county.

Mrs. Orrin Brown, chairman of the program, said her group, acting in cooperation with police, worked a total of 942 hours during the weekend.

National Guardsmen from the two Pontiac units, rode with the State Police troopers in an effort to have all possible men and patrol cars on the road.

Oakland County Sheriff's deputies augmented their usual force with extra patrol cars as did Pontiac Police who also called in reserve policemen.

Only one accidental death, and that not attributable to traffic, was recorded. Joseph J. McMahon, 38, of Royal Oak, burned to death when he apparently fell asleep with a lighted cigarette.

Wilted Coast Parboils Again

Weather Man Cautions Los Angeles to Ready for Bigger Heat Blast

LOS ANGELES (AP)—The 100-plus heat wave in Los Angeles cracked a little yesterday but the Weather Bureau says it will be going full blast again today.

A revised early morning forecast predicted a high of 101 downtown today, instead of a previously predicted maximum of 98.

Yesterday the high was 99. It was the first time since last Tuesday that the mercury had not sizzled up over 100 in the heart of the metropolis.

The daily maximums in the record-breaking scorcher were: Wednesday 101, Thursday 110 for an all-time high, Friday 108, Saturday 103, Sunday 101.

Gentle sea breezes and some high cloudiness are credited for the slight crack in the blistering weather.

The heat wave death toll mounted in Los Angeles County. The coroner's office said 51 deaths were attributed to the heat since last Wednesday. The number of natural deaths was 277 in that period, nearly 2½ times the total of 113 in the corresponding period last year. The coroner said the heat was an apparent accelerating factor in many of these deaths.

MURDERED — Mr. and Mrs. Howard Herrick were found murdered this morning in their barn four miles from Stockbridge, in Ingham County. Police are searching for a convict who escaped from state prison at Jackson Friday.

Escaped Prisoner Sought in Death of Mason Couple

MASON (AP)—The bodies of Howard Herrick, 63, and his wife, Myra, 62, were found shortly before last midnight in the barn of their farm near Stockbridge. They had been beaten to death with a ball peen (mechanic's) hammer.

Sheriff Willard P. Barnes said an escaped convict from Southern Michigan Prison is being sought in the double slaying.

The slaying probably occurred some time Saturday night, the sheriff said. An autopsy was set for 7 a.m.

Sought for questioning is Nealy Buchanan, 30, who escaped Sept. 2 from Southern Michigan Prison. He was sentenced from Detroit earlier this year to serve 1 to 15 years for breaking and entering in the night time.

The sheriff described the fugitive as a muscular Negro, 6-feet-1, weighing 191 pounds.

Buchanan fled the prison in a dump truck that was found abandoned near Stockbridge the same day of the escape.

The bodies were found covered with bales of hay on the floor of the barn. Herrick in addition to his farming had employment at the Wyeth Corp. in Mason. The couple lived alone.

A search for the couple was started yesterday after a son, Harold, of Onondaga, reported that he and three other children who live in this area had found the farm house unlocked and no trace of their parents.

The children noted the parakeet had not been fed, indicating their parents had been away several days.

There was no sign of the house having been ransacked but money apparently was missing from a purse. The barn is near the house.

Sheriff's officers searched the farm and found the bodies concealed in the barn.

The Herrick farm is on the corner of well traveled state highways M36 and M92 four miles north of Stockbridge.

Sheriff Barnes said a search was started for the escaped convict after coverall jacket and pants, identified as a prisoner's garb, was found at the scene of the killings.

State, National GOP Brass Plan Meeting

WASHINGTON (AP) — Michigan Republican leaders huddled with national party brass today on plans for a GOP conference Sept. 17-18 at Mackinac Island, outpost of many a political caucus.

Included in the Michigan group are: Clifford O'Sullivan, national committeeman from Port Huron; Mrs. Rae C. Hooker, national committeewoman from Mt. Pleasant, and John B. Martin, conference chairman from Grand Rapids.

State Chairman John Feikens will join them later in Washington.

Some high-ranking Michigan men, including Defense Secretary Charles E. Wilson, Postmaster General Arthur Summerfield, and Army Secretary Wilber Brucker, are expected to attend the Mackinac Island conference.

Nasser to Visit Hungary

CAIRO (INC) — Egyptian Premier Gamal Nasser yesterday accepted an invitation to make an official visit to Hungary. The date will be announced later, a spokesman said. The Premier also is scheduled to visit the Soviet Union.

Cool Temperatures Cut Park Crowds

Cool temperatures, while making life pleasant for city-bound folks, cut Oakland County beach attendance over the 3-day Labor Day weekend.

Park managers reported turnouts were only a fraction of the records established on the torrid Fourth of July weekend.

Dodge Park No. 4, on Cass Lake, counted 18,000 persons, compared to 73,000 over the Fourth. The Pontiac Lake Recreation Area was visited by only 2,200 in contrast to the 29,000 there during the July holiday.

At Kensington Metropolitan Park near Milford, 29,000 persons used the facilities, compared with 100,000 over the Fourth.

Other Accidents, Drownings Push Total to 599

State Roads Claim 22; Nation's Toll Exceeds That of Year Ago

By THE ASSOCIATED PRESS

America's motorists ran up a near-record Labor Day weekend traffic toll that topped both advance estimates and last year's totals.

Delayed reports trickling in today showed 430 persons were killed in traffic accidents between 6 p. m. local time Friday and Monday midnight, compared with the record high of 461 set in 1951.

Another 80 persons drowned and 89 met violent death from miscellaneous causes for an over-all total of 599.

This compared with a record high of 461 and recorded overall total of 658, both set in 1951. The 1954 traffic toll was 364.

Michiganders got home from their Labor Day weekend in comparative safety. The state counted 22 traffic fatalities from 6 p.m. Friday until midnight Monday. Only three of them were reported on the final day.

The traffic toll was ahead of the 400 such deaths the National Safety Council had estimated would occur.

Safety council statistics show that for each traffic death, 32 other persons are injured. Also, for every three persons killed, a fourth person dies later of injuries.

A sharp upsurge of traffic deaths Sunday prompted Ned H. Dearborn, safety council president, to forecast the "worst Labor Day weekend in history."

However, he said later figures were more optimistic and that there was a good chance the 1951 record would not be topped.

Last year, 364 were killed in traffic accidents during the Labor Day holiday.

This year's holiday toll also topped that of a nonholiday weekend tabulated two weeks ago for comparative purposes. An Associated Press survey of deaths dur-

Highways Kept Safe in Oakland County

Following the special appeal by the Pontiac Press Friday for safe driving over the holiday weekend, Oakland County turned in a perfect record, with no traffic deaths in the county while the nation had a near record highway toll. Cooperation of city police, sheriff's deputies, state police, the Red Cross, other volunteers and most of all, the motorists, all contributed to this fine Labor Day record.

Waters Flooding Mexico as Gladys Spares Texas

BROWNSVILLE, Tex. (AP)—Tropical storm Gladys, apparently weakening but still dangerous, hung over Mexico near Tampico today after turning away from Texas, her rains posing flood threats to a wide area.

The wayward storm turned away from Texas last night and the Weather Bureau said the middle and lower Rio Grande Valley apparently was spared.

But the bureau warned that squalls still could cause isolated flash floods along the Rio Grande.

Squalls with winds ranging up to 50 miles an hour were occurring all along the lower Texas Coast.

Weathermen said Glady' future movement was uncertain, but she was expected to drift slowly southward, remaining over land and weakening slowly.

That would send her rains sloshing toward Mexico City, where she has caused the worst floods in the capital's recent history.

Weathermen at Mexico City already blame Gladys for three days of rains. The rain has caused disastrous floods, affecting some 40,000 families.

Gladys slammed into the Mexican coast about 150 miles below Brownsville with winds of about 70 miles an hour—five short of hurricane velocity. Then it turned sharply south-southwest and passed almost directly over Tampico, Mexico.

Half of Tampico was plunged into darkness by power failures. Wind damage in the city was heavy and families fled the low-lying areas flooded by the Panuco River.

Possible flash rises on streams in northeastern Mexico were forecast as the squalls continued to drench some areas.

In Mexico City, some four square miles of working class districts were under water. Some 3,000 persons were still stranded in the area after about 2,000 were rescued from rooftops.

Two children drowned and five more were missing.

Pontiac Teachers Attend Pre-School Event Today

More than 600 teachers in the Pontiac system gathered at Pontiac High School this morning for the annual pre-school program.

Preceding the 9:45 a.m. program, teachers met for a social coffee hour in the school. Some 90 teachers who are new to the system were introduced to their fellow faculty members.

Assistant superintendent of schools J. Cecil Cox presided at the auditorium program, and George Putnam, supervisor of secondary vocal music, directed the "Greetings in Song."

A speech of welcome to the teachers was given by Louis Schimmel, president of the Board of Education.

Introduction of new principals was made by Dr. Dana P. Whitmer, superintendent of schools. Dr. Whitmer briefed the teachers on the overall school program, outlining progress made and future plans.

An innovation this year was the absence of an outside speaker. Instead, three Pontiac teachers gave talks on "What Teaching Means to Me."

In this trio Mrs. Ethel Franklin spoke as a representative of the elementary teachers; Richard Craig represented the junior high schools; and Robert Beauchamp the senior high.

This afternoon and Wednesday, teachers were scheduled to report to their individual schools for orientation sessions, faculty meetings, and to accept registrations of students.

Thursday, school sessions officially open. Students of elementary, junior and senior high schools will report in the morning for all-day sessions. Only exception is kindergarten.

Kindergarten teachers will use Thursday and Friday for parent conferences and registration of new pupils.

Police Arrest 37 Persons in Weekend Liquor Raids

Eight persons arrested Sunday on charges of participating in illegal liquor operations in the city pleaded innocent today when arraigned before Municipal Judge Maurice E. Finnegan.

William Black, 55, of 3 Grant St., charged with maintaining and operating an illegal liquor place, was released on a $50 bond to appear Sept. 15.

Seven others charged with loitering in the Grant street residence, were released on $25 bonds to appear on Sept. 15 in Municipal Court.

Pontiac Police arrested a ninth person this morning on charges of illegal liquor sale. Mary Black, 41, of 3 Grant St. pleaded innocent and was released on a $50 bond.

Thirteen persons arrested Saturday after a raid at 44 W. Wilson St. pleaded guilty to charges of loitering and were fined $20 each by Judge Finnegan.

Henry A. DeOchoa, 31, of 72 Foster St., pleaded innocent to maintaining and operating an illegal liquor place at the W. Wilson street address. He was freed on a personal bond to appear tomorrow in court.

Lovie Logan, 51, of 159 S. West Blvd., pleaded guilty to charges of maintaining and operating an illegal liquor place at the same address. She was fined $100 by Judge Finnegan.

Robert L. Vinson, 46, of 361 S. West Blvd. appeared before Judge Finnegan and pleaded guilty to aiding and abetting the liquor place and was fined $50.

The 12 persons arrested for loitering in the 159 S. West Blvd. place pleaded guilty to charges and were fined $25 each.

Window Cleaners Picket Stores Here

Professional window cleaners, recently organized in Pontiac, picketed stores on Saginaw street today as their bosses took over with squeegees and brushes to keep show windows spotless.

Some 10 employes of the Service Window Cleaning Co. and Pontiac Window Cleaning Co. were on strike today for more money, paid vacations and additional pay for overtime. The men joined the Window Cleaners Union, AFL, Local 139 last Thursday.

According to Joseph Carey, an employe of the Pontiac Window Cleaning Co., the men are demanding $2.45 per hour for regular cleaning, and $2.60 per hour for swing-stage and extension ladder work.

They want 48 hours paid vacation after six months, 96 hours after 1½ years and 144 hour vacations after 3 years. They also demand time and a half for over 40 hours work, with double time for Sundays.

"We're going to hold out until our demands are met," Carey said.

Youth Is Injured in 2-Car Collision

Monty Hodges, 16, of Drayton Plains, was treated and released for forehead lacerations yesterday after he was involved in a two car collision in Waterford Township at Silver Lake Rd. and U. S. 10.

Hodges was a passenger in a car driven by William E. Roberts, 17, of 1980 Crystal Lake Dr. The driver was not injured.

The driver of the second car, Isaac Stanczak, 59, of Detroit told Waterford Police that he was waiting for a third car stopped for a light when his car was struck in the rear by Roberts' auto.

Roberts told officers his attention was distracted for a minute and when he looked up it was too late to avoid hitting the other car.

Pontiac Tot, 3, Wins Local 596 Competition

Pretty, 3-year-old Claudia Nichols of 3065 Willett Rd. has a shiny new cup, but she won't use it for drinking milk.

This cup is strictly for show, according to her parents, Mr. and Mrs. Olus G. Nichols.

The winsome, blond-haired miss won the trophy in a competition at the Fisher Body Division picnic recently at Davisburg Park.

She was selected "Miss Local 596" when her dainty ways and captivating smile stole the judges' hearts in the Local's annual children's contest.

Air Force Pilot Sets World Jet Speed Record

PHILADELPHIA (INS) — The National Aircraft Show wound up its three-day stand in Philadelphia on a record-breaking note with the disclosure that Air Force Col. Horace A. Hanes set a new world mark of 822.135 miles an hour.

The 39-year-old flyer's supersonic run was made in an F100C super Sabrejet last Aug. 20, but the time was not announced until yesterday's Thompson Trophy event of the air show. His flight cracked the previous speed record of 755 miles an hour.

Pontiac Deaths

Mrs. William V. Clark

Mrs. William V. (Leone G.) Clark, 77, died at her home, 12540 Rattalee Lake Rd., Davisburg, yesterday afternoon.

Born June 22, 1878 in Big Beaver, she was the daughter of Lewis and Mary Lamb Smith.

Until three years ago when she moved to Davisburg, Mrs. Clark had lived in Pontiac 50 years. She was a member of the Davisburg Methodist Church and the Royal Neighbors of America.

Surviving are four children, Mrs. Ralph Carr of Pontiac, Mrs. Peter Riksheim of Troy Township, Elsie Clark and Stanley F. Clark, both of Davisburg, eight grandchildren and four great-grandchildren.

Two brothers, Ross and Floyd Smith, both of Detroit, also survive.

The Rev. Marshall Saunders of Davisburg will officiate at the service in Donelson-Johns Funeral Home, Wednesday afternoon at 2 o'clock. Burial will follow in Union Corners Cemetery.

Mrs. Archie C. Marsh

Mrs. Archie C. (Anna Ross) Marsh, 90, died at her home 262 State Ave., yesterday afternoon after an illness of two years.

Born Sept. 10, 1864 in Goderich, Ont., she was the daughter of Thomas and Ellen McArthur Ross.

Mrs. Marsh came to Pontiac 70 years ago from Marlette where she attended school.

Two sons survive, Dr. Fred Marsh of Flint and Frank of Pontiac. Also surviving are a brother, Donald Ross of Marlette; two sisters, Mrs. Katherine Gerber and Mrs. Mary Thoms, both of Pontiac.

The Rev. Fred R. Tiffany of Bethany Baptist Church will conduct the funeral Thursday afternoon at 1:30 in the Farmer-Snover Funeral Home. Burial will follow in Perry Mt. Park Cemetery.

Danny D. McClusky

Danny D. McClusky, 23, of 112 N. Jessie St., died this morning at St. Joseph Mercy Hospital.

Born Dec. 5, 1931 in Harrisburg, Ill., he was the son of Ulis S. and Ethel Mitchell McClusky. His wife, the former Donna Lou Merchant, died in December 1954.

Coming to Pontiac from Harrisburg 13 years ago, Mr. McClusky was a member of the First Church of the Brethren and a salesman for Gerber Baby Food.

Surviving are his mother and son, David Allan, both at his home.

Other survivors are two brothers, Jack of Auburn Heights and Bill of Waterford; two sisters, Mrs. Jerry Wiegand of Waterford and Mrs. Ray Hinson of Pontiac.

Service will be held Thursday at 2 p. m. from the First Church of the Brethren with the Rev. LeRoy W. Shafer officiating. Burial will be in Perry Mt. Park Cemetery. Friends may call after 7 o'clock tonight at the Donelson-Johns Funeral Home.

Carroll Orlo Pierce

Carroll Orlo Pierce, 65, of 40 S. Marshall Blvd., died yesterday morning at Pontiac General Hospital. He had been ill 14 months.

Born Nov. 21, 1891 in Carlisle, Iowa, he was the son of Edward and Alvina Pierce and was married in Pleasantville, Iowa.

Coming to Pontiac in 1926 from Hartford, Mr. Pierce was a tool crib attendant at Pontiac Motor Division. He had served in the United States Army during World War I and was a member of the American Legion.

Besides his wife, Erma, he is survived by two sons, Ivyl and Ivan, both of Pontiac, and five grandchildren. A sister living in Carlisle, Mrs. Esta Utterson, also survives.

The funeral will be Wednesday at 2:30 p.m. in the Farmer-Snover Funeral Home.

A veteran's graveside service will follow at Perry Mt. Park Cemetery.

Bad Refuge Spot

LIGONIER, Pa. (AP) — Farmer George Neiderhiser now knows it doesn't pay to stand under a tree during a lightning storm. Ten of Neiderhiser's cows were killed when they took refuge from a storm under a large oak. He estimated his loss at $5,000.

GOP Pressure Grows for Ike

Chairmen of 48 States Meet Saturday to Map Campaigns

DENVER (AP)—Republican party pressure on President Eisenhower to run for re-election is building quite a head of steam.

Vice President Nixon stoked the boiler fires well yesterday with his statement that those closest to Eisenhower—and "the overwhelming majority of Republican leaders" throughout the country—are more optimistic than ever that he will agree to be a candidate again.

And the pressure almost certainly will mount several degrees Saturday when GOP chairmen from all 48 states confer with the President here to map party strategy for the 1956 presidential and congressional campaigns.

Nixon met with newsmen at Eisenhower's vacation headquarters after he had discussed national security problems with the President for about an hour. The vice president said he and Eisenhower talked no politics whatever, but Nixon had plenty to say on that subject afterward.

He said in his opinion Sen. McCarthy (R-Wis) is "through" as a political threat to Eisenhower and as "a major devisive force" within the Republican party.

U.S. Highway Deaths 423; Oakland—0

(Continued From Page One)

ing the Aug. 19-22 weekend showed 385 traffic deaths, 67 drownings and 85 violent deaths for miscellaneous causes.

Some safety experts contend the high holiday tolls in recent years can be attributed in part to an inadequate road network to handle the large number of automobiles in operation.

The National Safety Council estimated 60 million motorists were on the highways yesterday afternoon and last night in 25 million vehicles.

In Michigan, in addition to 22 highway deaths, four persons drowned and two died in miscellaneous accidents.

State police reported the majority of fatal traffic accidents involved only one car and they termed this unusual.

Main highways leading into Detroit last night carried a heavy traffic load. Cars were moving at a bumper-to-bumper pace on the outskirts of the city.

An officer at the state police Center Line post said, "we couldn't have a fatal accident. Nobody can get out of line to get hit."

Killed in traffic accidents, in addition to those listed Monday, were:

Carl Meyers, 21, Flint, Monday, near Bay City.

Patrick Malloy, 28, Lewiston, Mont., Sunday, at St. Ignace.

Robert Musk, 20, Muskegon, Sunday, near Hesperia.

Harold Snyder, 28, Grand Rapids, Monday, in Manistee County.

L. C. Hixon, 23, Benton Harbor and Samuel Woodruff, 19, Sodus, Sunday night in Benton Harbor.

Killed in other accidents were:

Joseph J. McMahon, 38, died Sunday night in a fire that swept his Royal Oak home.

Gary Vincent, 21 months, died after swallowing lighter fluid in his Port Huron home Sunday.

Drowned were:

Lester H. Parlett, 16, Dayton, Ohio, Sunday, in Long Lake in Barry County.

Richard Wolf, 24, Saginaw, Sunday, in the Tittabawassee River in Gladwin County.

Gerber Recalls All Preferred Stocks

FREMONT (AP)—Gerber Products Co., has called in all outstanding shares of company preferred stock with certificate holders advised to mail them to Harris Trust and Savings Bank of Chicago.

Dan Gerber, company president, said today the redemption price is pegged at $103 per share with Sept. 30 set as the redemption date.

He said a total of 12,000 shares of preferred stock is outstanding, the balance of stock sold in 1945 that has not been previously canceled by sinking fund purchases.

HE OWNS ALL SPACE, IN DEED — Chicagoan James T. Mangan is a man to reckon with for anyone who plans to clutter up space with satellites and such, and he has a deed to prove it. He is shown, right, receiving a deed from Chicago Deputy Recorder Nathan F. Butler, on Jan. 18, 1949, giving him possession of Celestia, the "nation of celestial space." Mangan, who has protested to Defense Secretary Charles E. Wilson the government's plans for launching a man-made satellite, says that "anyone who launches a satellite without my permission is trespassing." (Left up in the super-rarified atmosphere of outer space are such details as how Mangan is ever going to stake out and claim his celestial property.)

Pontiac Kiwanis Club's Lecture Series Scheduled to Get Under Way Oct. 11

Got a frustrated longing for adventure? Want to go windjamming around the world in a square-rigged sailing ship? Or delve into the mysteries of the Orient . . . visit Argentina . . . take an Adriatic holiday . . . explore our own little-understood Great Lakes?

Maybe you'd rather meet a famous sculptress . . . or get a comprehensive background on post-war problems by talking to a man who has studied them, first-hand, in Berlin, Russia, China, India, the East?

The Civic Entertainment Series—seven Tuesday night programs starting in Pontiac Oct. 11—will offer stay-at-homes a chance to do all these things.

The adventure programs, sponsored by the Pontiac Kiwanis Club, will include one lecture in October, two in November, and one each month until the final program on April 3. They will be held in the Pontiac High School auditorium and each will begin at 8 p. m.

SERIES OPENS OCT. 11

Robert Kazmayer, internationally-known speaker on world affairs, will open the series on Oct. 11. World traveler, author, former minister, Kazmayer will tell his own experiences working in Russia and traveling in Europe, South America, Latin America and the East. He will discuss factors shaping postwar problems, and opportunities opening for the United States.

On Nov. 1 Margaret Baker will present her remarkable story of the Orient in sound and colored motion picture film. Recently returned from a third journey around the world, she will include movies of Formosa, Guatemala, Africa, as well as India, Japan, Hong Kong, Singapore and Rangoon.

Eighteen young Americans become the crew of a small, square-rigged sailing ship and search the world for strange people and places. This is the trip Commander Irving Johnson will bring to the series on Nov. 29.

Internationally famous sculptress, lecturer and author Suzanne Silvercruys will give a humorous and philosophical lecture on Jan. 10, with demonstrations on art and sculpture.

ARGENTINA TOPIC

On Feb. 7, Nicol Smith will present his exciting color-film story on Argentina.

"Our Fabulous Great Lakes," a colored motion picture to give Americans a new perspective on their own Great Lakes and their value to the world, will be presented March 20 by Clifford Kamen.

Last of the series will be Karl Robinson's "Adriatic Holiday," on April 3. In this color film, the Eastern Adriatic, prized jewel in the necklaces of such powers as Greece, Rome, Venice, Turkey, Imperial Russia, Napoleon, Austro-Hungarian empire, and now Italy and Yugoslavia, will be presented in motion pictures.

Proceeds from the sale of tickets to the adventure programs will be used solely for Kiwanis' boys and girls' work. Tickets may be purchased from any Kiwanian, or at Dickinson's or Osmun's stores.

Court Slaps Inglis for Track Policies

LANSING (AP)—The state supreme court today slapped down state racing comm. James H. Inglis for giving the Hazel Park Racing Association fewer racing days than its competitor, the Michigan racing Association.

In a six-two decision, the court ordered Inglis to give Hazel Park three additional racing days on Oct. 6, 7 and 8.

The court also said that Inglis was wrong in giving six charity racing days to the MRA while giving none to Hazel Park.

But the court said the lateness of its decision precluded any action on changing the charity dates. It noted that a 1955 law, not effective until October, forbids charity racing and that thus "any injustice cannot recur."

CATHOLIC BISHOP

Wang said that Bishop Edward Walsh, head of the Roman Catholic Bureau in Shanghai, and Mrs. Peter Huizer, married to the Dutch manager of the Shanghai branch of the Bank of America, were free to leave China whenever they applied for exit visas.

Bishop Walsh is a brother of Judge William C. Walsh of Cumberland, Md., a former Maryland attorney general.

Charles Sydney Miner, Shanghai representative of several American companies, including American Asiatic underwriters, the Metropolitan Land Co. and C. V. Starr Enterprises, was free to leave after the two or three months he needed to "complete the settlement of his affairs," Wank said.

Pontiac Artist Wins Top Award at State Fair

One of two $125 first prize awards in the annual art exhibition of the Michigan State Fair went to a Pontiac artist, Donald E. Smith of 4884 Franklin Rd.

Smith was awarded the first prize for his oil, "Painting No. 1," one of 74 pictures being exhibited at the Fair this week, through next Sunday.

The other first place winner was Kingsley Calkins of Ypsilanti, with his watercolor "The Shore."

Other Oakland County painters among winners at the exhibit were Evelyn Brackett of Oak Park who took third with an oil, "The Doll House," and Dorothy Siddall of Birmingham, third place with a watercolor, "Summer Theater."

Featured at 4:30 p.m. today at the Fair will be the Pontiac High School Band in a 30-minute concert program in the band shell. Conducting will be Pontiac High School Band Director Dale C. Harris, who was honored Saturday as the "Michigan Music Teacher of the Year."

The players also marched with other bands from the state in the big Labor Day parade.

Fire Device 'Pitch' Termed Misleading

Pontiac residents today were warned that a fire detection device being sold here will not become part of a system connecting to the city fire department, as salesmen are reportedly telling potential customers.

John W. Hirlinger, assistant manager of the Chamber of Commerce, said he has been advised by the fire department that such a system is not contemplated and that it would be impossible to operate.

He added that the device is not endorsed by either the city or state fire marshals and that its installation will not result in lower fire insurance rates, as the salesmen allegedly claim.

State Fair Draws Crowds

DETROIT (AP)—A crowd of 136,469 people attended the Michigan State Fair Monday. The attendance was up 22,897 from last year's Labor Day attendance. A total of 432,420 people have attended the fair since it opened Friday.

Goff's Examination Postponed for Week

The justice court examination of a Flint factory worker, charged with first degree murder, has been postponed from Sept. 8 to Sept. 15 on request of his attorney.

Ray Goff, 32, will appear at 2 p. m. in Oakland County Probate Court, Springfield Township Justice Emmett J. Leib said today.

Goff is accused of the fatal shooting of Mrs. Rita Cummings, 27, of Flint, Aug. 21 near Holly.

Ground Observer Corps Seeking Members Here

Persons interested in joining the ranks of the Ground Observer Corps, Pontiac post may do so at meetings held at 7:30 p.m. each Tuesday in the Oakland County Office Building, it was announced today by Arthur J. Heaton, post supervisor.

The fourth Tuesday of every month will also be an open meeting for GOC members and the public, Heaton said.

(The unit operates from atop the office building as part of the nationwide network of defense against sneak air attack beneath the radar range.

World's Series Starts Sept. 28 if No Tie Exists

NEW YORK (INS) — Baseball commissioner Ford Frick announced today that the World Series will begin on Sept. 28, or one day later in event of an American League playoff.

The first two games will be played in the park of the American League champion, then the series will switch to the home of the National League winner for the next three games.

Final two games, if necessary, will be played in the park of the American League champion.

Frick said there would be a day off for travel only in the event Chicago wins the American League title.

Series prices will be the same as last year—$10 for boxes, $7 for reserved seats, $4 for standing room and $2 for bleachers. These prices do not include local tax.

Announcement was made at a meeting attended by representatives of the five American League and two National League clubs which still have a mathematical chance to win their respective pennants.

Commission to Face Slim Agenda Tonight

The City Commission will face a short agenda at tonight's meeting.

Scheduled for consideration are two rezoning petitions, a civil defense resolution and hearings on special assessment rolls for a pair of public improvement projects.

Action also is slated on a curb and gutter project on Sylvan Court, postponed from last week.

Investigate 2 on Charge of Fox and Hounds Theft

BLOOMFIELD HILLS — Being held for investigation of larceny from the Fox and Hounds Inn, North Woodward Avenue, last night, are Tom Rule, 23, of Flint and Tim Navin, 24, of Detroit.

Police arrested Rule at 1:30 this morning, after they said he returned to the Inn and was recognized by an employe as one of two men who had earlier carried over $1000 worth of antiques out of the dining room, which was closed for the evening. Navin gave himself up later.

A dozen antiques, including a spinning wheel and brass objects dating back to the 1700s were recovered by police.

Re-examined Car Drivers Fail to Pass Basic Tests

LANSING (AP)—Secretary of State James M. Hare reported today that almost 17 per cent of poor drivers called in for re-examination could not pass the examinatoins required of beginning drivers.

Hare said this survey highlights the laxity of the state's original driver examination. He has been campaigning for establishment of a system of state-appointed license examiners.

Miss Truman Leaves Venice for Florence

VENICE, Italy (AP) — Margaret Truman, daughter of the former U. S. President, left here today by car for Florence.

She has been attending the current international film festival in this canal city. After Florence, she plans to visit other Italian cities.

The Day in Birmingham

City Lawmakers Facing Man-Sized Agenda Today

BIRMINGHAM — Returning from a three-day weekend, lawmakers will be confronted with a man-sized City Commission agenda tonight.

Financing improvements for the city's sewage treatment plant as an interim measure until the Evergreen interceptor sewer is constructed, will be taken up.

TO DISCUSS COSTS

Discussion will follow on engineering costs which Birmingham, Troy Township and Bloomfield Hills and Township are advancing for studies on an interceptor north of 14 Mile road.

City Engineer L. R. Gare will recommend that because of high prices quoted in bids for the 1955 sidewalk program, all but about $2,000 of the work be delayed until spring.

He will also give cost estimates for construction of an access drive and alley at the northwest corner of Southfield and 14 Mile roads, to serve a shopping center opening this fall.

Other talk will center on parking for the Jacobson Home Decorative shop addition, a tax levy for county drains and an Oakland County Circuit suit ordering the city and others to show why the property of Alma B. Grimes, 227 W. Frank St., should not be used for income bungalow purposes.

Bloomfield Hills school district children, some 1,800 strong, in addition to about 1,150 pupils in Holy Name and Our Lady Queen of Martyrs Schools, will have a day or more reprieve over the approximate 8,665 Birmingham district youngsters resuming classes tomorrow.

In Bloomfield, seventh through twelfth graders will report at 8:30 a. m. Wednesday at the new high school, and be dismissed at 12:30 p. m.

Vaughan and Wing Lake elementary pupils will attend brief sessions from 9:15 a. m. to noon and full-day sessions for all students will start Thursday.

Classes at Holy Name School here will begin Thursday at 8:30 a. m. with close to 700 youngsters enrolled. They will be dismissed at 11 a. m. until Friday when they begin full-day classes. Busses will be in operation on Thursday.

Because of crowded conditions, fifth and sixth graders there will attend half-day sessions this year.

* * *

Enrollment at Our Lady Queen of Martyrs School, where an addition is under way, will be from 10 to 11:30 a.m. Thursday for primary grades and the same time Friday for intermediate grades. Full-day sessions will begin the following Monday.

An increase of about 60 children over last year's approximate 390 enrollment, will be offset by the addition of six new classrooms, a library and music room forming the second floor and completing present building plans. This will mean a total of 12 classrooms, 10 of which will be in use this year. The school will teach students up to and including the sixth grade.

The Rev. Lucian A. Herbert is expecting a large stained glass window of Our Lady of Sorrows to arrive this week from Europe. This will be placed over the entrance of the school.

Also under way are a football field, baseball diamond and basketball court.

Max A. Wosinski

Rosary service for Max S. Wosinski, 69, 4505 Olivia, Royal Oak, will be at 8:30 p.m. tonight at Bell Chapel, of the William R. Hamilton Co. Funeral service will be at 10 a.m. Wednesday, at Shrine of the Little Flower, Royal Oak, with burial in Holy Sepulchre Cemetery.

Mr. Wosinski, organizer of the First State Bank of Hamtramck, of which he was vice president, died Sunday.

He is survived by his widow Wanda; two sons, Max Weston of Dearborn, Joseph of Cleveland, two daughters, Mrs. Helen Lipzinski of Grand Rapids, Carol at home and five grandchildren.

Insurance Man Dies in Birmingham

BIRMINGHAM — Lawrence K. Power, 53, of the insurance exchange of the Automobile Club of Michigan died Sunday at his residence, 1235 E. Maple Ave..

Mr. Power had been an examiner for the Michigan State Department of Insurance before joining the Automobile Club, and had held his present position for 18 years.

Born in Charlotte, he was graduated from Michigan State College and Western State Teachers College. He taught school in Flint for four years. He was a member of the Michigan Actuarial Society.

Mr. Power leaves his widow, Alice, and three sons, William L., David N., and Michael B. Power.

Service will be at 3 p.m. Wednesday at Bell Chapel of the William R. Hamiliton Co.

Pedestrian Hit by Car in Critical Condition

BLOOMFIELD HILLS — Mrs. Cecelia Braginiski, 68, of Detroit, is in critical condition at St. Joseph Mercy Hospital, Pontiac, after runging into the path of a car on Woodward Ave., north of Chesterfield Rd., yesterday.

Police said Mrs. Braginiski was crossing to the east side of Woodward about 150 feet north of the intersection, saw the approaching southbound cars, paused, and then in apparent confusion ran directly into the side of the skidding auto.

The driver of the car, Homer L. Parker, 30, of Flint, was not held but was to make a statement at Oakland County Prosecutor's Office today.

Hospital officials said Mrs. Braginiski suffered a fractured pelvis and head injuries and was not responding to treatment.

Hundreds Hurt in Jersey Brawl

Hoboken Priest Soothes Rioters; Reserve Police Patrol Tenement Area

HOBOKEN, N.J. (AP)—A reserve police force patroled tenement-lined Adam St. today in the wake of a brawl which authorities said involved several hundred persons and brought injuries to five or six participants and some patrolmen.

* * *

Ten persons were arrested as a result of last night's incident, and police Lt. Walter Drew said they would be charged with atrocious assault and fighting.

None of those hurt required hospitalization. The injuries included knife cuts and bruises.

* * *

Authorities said they did not know what led to the melee in the congested neighborhood, where many Puerto Ricans have moved in the past five years.

An Italian festival, staged by St. Francis Church, was in progress about a block away.

Police credited the Rev. Crispin Fuino, pastor of the church, with helping avoid an even greater disturbance. The priest appealed to the crowd to return to their homes.

Police Chief John Reynolds led about 100 of his men into the brawl. Authorities said there was some club-swinging, but that police did not have to use tear gas they brought along. Four fire trucks stood ready to hose the crowd, but this turned out to be unnecessary.

Husband to Take Detector Test

Wife and 3 Children Found Dead in Family Car at Spring Arbor

SPRING ARBOR (AP) — State police planned a lie detector test tomorrow for a father whose young wife and three children were found dead 18 days after they disappeared from home.

* * *

Detective Charles Sutherland said Russell Hagey, 26, of Spring Arbor, agreed to take the test at state police headquarters in East Lansing.

Hagey's wife, Catherine, 23, and her children, Nora, 4; Robert, 2, and James, 9 months, were killed by carbon monoxide fumes piped from an exhaust pipe into the closed family car.

The car was parked on a lonely back road some two miles from their home. Their bodies, badly decomposed, were found late Saturday by searchers.

MURDER-SUICIDE

Coroner Edward Montgomery described their deaths as a triple slaying and suicide.

Sutherland said all the evidence indicated Mrs. Hagey had attached the rubber hose to the car's exhaust pipe. He said fingerprints found on the hose were those of a woman. But he added:

"There are a couple of angles to this case that we want to clear up and that is why Hagey agreed to take the test."

Mrs. Hagey and the children disappeared Aug. 16 after she told relatives she would "rather be dead and have my children in heaven" than spend another winter in her unfinished home. Police said the house had no floor or water supply.

TOOK VACATION

Hagey had gone on a Canadian vacation after reporting the family missing. He told police the family home life was harmonious.

Sutherland quoted Hagey as saying his wife had been despondent.

* * *

Searchers found Mrs. Hagey and the children after the car was spotted by one of a score of Civil Air Patrol planes which joined in the hunt for the missing family.

Funeral services were planned for today at Spring Arbor Methodist Church. Burial will be in Michigan Memorial Cemetery at Flat Rock.

Vandals Completely Ruin Baptist Church Interior

ST. LOUIS (AP)—Vandals smashed the interior of the Carondolet Baptist Church yesterday, pushing holes in the walls, flooding the basement and spattering ink around the building.

"Our church is wrecked," said the Rev. E. N. Rogers.

He listed as damaged or destroyed the pulpit, piano, public address system, stained glass windows, 20 glass-enclosed nursery cribs, a number of benches and chairs, pictures and religious objects.

West Germans Convict Pair for Russian Spying

BRUNSWICK, Germany (AP)— A former West German criminal police official and a Communist party functionary were convicted by a German court today of spying on British units and the German police, cor the Russians.

Hans Berg, the police officer, was sentenced to eight months in prison. August Breust, Communist leader in the village of Buendheim, received a four-month term.

Fiance Entertains Future In-Laws—With Their Money

LONDON (AP)—Herbert Brunton, 28, was sentenced to three months in jail yesterday for robbing his bride-to-be's mother and stepfather of their life savings 948 pounds ($2,654.40).

* * *

His fiancee Gwen Berry, also 28, declared she would still marry him when he got out.

Mr. and Mrs. James Warden testified they let Brunton have a key to their house while they went on a holiday to Weymouth. He soon joined them, sporting a new car, and entertained them lavishly.

* * *

When they got back to London, they discovered their savings had vanished.

"It was our own money he was spending all the time," said Mrs. Warden.

Police recovered the car, worth 520 pounds ($1,456) and 102 pounds ($285.60) in cash.

Mrs. Warden told reports she couldn't understand Gwen's decision to go ahead with the marriage and added: "Brunton will never darken our door again."

Ike to Investigate Physical Fitness of Nation's Youth

DENVER (AP)—President Eisenhower today called a conference here to chart ways of solving "a serious problem"—how to build the physical fitness of America's youth.

Vice President Nixon will preside at the meeting Sept. 27-28 at Eisenhower's vacation headquarters at Lowry Air Force Base. The President himself will receive the conferees' recommendations and speak at a dinner concluding the sessions.

The conference will bring together about 80 persons from such fields as sports, education and government. It will follow up a luncheon which Eisenhower gave in Washington last July 11 to get the ball rolling.

Headliners from all branches of sports attended that White House meeting, and the general conclusion was that American youngsters had shifted to an alarming extent during the last 25 years from active participation in athletics to the role of spectators.

The consensus was that that situation has been a big factor in the increase in juvenile delinquency. It also was blamed in part for failure of many hundreds of thousands of youths to pass physical fitness tests in the World War II draft.

Ah, Revenge Is Sweet

BLACKPOOL, England (AP) — Brian Winter was fined 5 pounds ($14) yesterday for slugging a man with a blunt instrument—a stick of candy a yard long and four inches thick. The altercation took place at a gasoline station. The victim was the owner, Ernest Wicks. The weapon was a sweet souvenir of this seaside resort.

The locality of Oakland County was first surveyed by U. S. government surveyors about 1816. This fact was shown in historical reports reviewed by the Oakland County Planning Commission.

Syria's New President Recalled From Exile

DAMASCUS, Syria (AP) — Shukri Kuwatly, 62, assumed office today as Syria's President. He has held the job twice before.

* * *

Kuwatly was elected Aug. 18 by the Syrian Parliament, getting a big majority over Foreign Minister Khaled Azem. Kuwalty's election to the presidency climaxed a comeback from deposition and five years exile. He was elected with the support of the middle-of-the road moderately pro-Western parties. Azem had campaigned with leftist backing.

Will 1956 Be the Year That Changes the World?

A strange man in Los Angeles, known as "The Voice of Two Worlds," is offering, free of charge to the public, an astounding 64 page booklet analyzing famous world prophecies covering these times. It shows that four of the greatest prophecies could not come true until the present time. But now they can, and the years that change the world are at hand. Great dangers but still greater opportunities, confront forward looking people in 1956.

"The Voice of Two Worlds," a well known explorer and geographer, tells of a remarkable system that often leads to almost unbelievable improvement in power of mind achievement of brilliant business and professional success and new happiness. Others tell of increased bodily strength, magnetic personality, courage and poise.

These strange methods were found in far-off and mysterious Tibet, often called the land of miracles by the few travelers permitted to visit it. He discloses how he learned rare wisdom and long hidden practices, closely guarded for three thousand years by the sages, which enabled many to perform amazing feats. He maintains that these immense powers are latent in all of us, and that methods for using them are now simplified so that they can be used by almost any person with ordinary intelligence.

The 64 page booklet he is now offering free to the public gives guidance for those who wish to prepare themselves for the momentous days ahead. It gives details of what to expect, and when. Its title is "Beware of These Days!"

The book formerly sold for a dollar, but as long as the present supply lasts, it is offered free to readers of this notice. This liberal offer is made because he expects that many readers will later become interested in the entire system of mind power he learned in the Far East and which is now ready to be disclosed to the western world.

For your free copy of the astonishing prophecies covering these momentous times, as revealed in this 64-page book, address the Institute of Mentalphysics, 213 South Hobart Blvd., Dept. R-392, Los Angeles, 4, Calif. Send no money. Just your name and address on a postcard or in an envelope will do. No obligation. Readers are urged to write promptly, as only a limited number of the free books have been printed.

AWOL Since 1928

Old Soldier Confesses

NEW YORK (AP)—If William F. Lydon's story checks out, the Army has a 59-year-old private on its hands.

* * *

Lydon, a slight, bespectacled elevator operator, turned up at 1st Army headquarters on Governors Island yesterday. He told an MP on duty there:

"I want to give myself up. I've been AWOL from the Army since 1928, and now my conscience bothers me so much I've got to go in and face it."

Surprised Army authorities assigned Lydon to a "casual detachment" and restricted him to the island while they checked his case. This might take some time, a spokesman said, since records dating back that far are probably buried somewhere in archives at Kansas City.

* * *

Lydon told Army officials he enlisted at Boston in 1928 and was assigned to Ft. Scott, R.I. While on pass one day with other soldiers, he said, he drank too much and overstayed his leave by two days.

Ashamed and afraid to face Army discipline, he decided to stay away.

"I went back to Boston, bought civvies and did railroad and construction work," he recalled. "The Army didn't trace me. A couple of years later, I came to New York, met my wife and settled here."

* * *

The Army spokesman said the statute of limitations on a peacetime desertion will probably spare Lydon any punishment. "We'll have to give him a discharge, that's all," he added.

Young Cyclists Nabbed for 'Belly-Flopping'

NORTH HAVEN, Conn. (AP) — A state policeman arrested two 'teenage motorcyclists for reckless driving although they were doing only 30 miles an hour on the heavily traveled Wilbur Cross Parkway.

It wasn't their speed that attracted his attention, said Trooper James Ferguson who made the arrest Labor Day afternoon. It was the fact they were riding "belly-flop"—lying on their stomachs on the motorcycle seats, legs outstretched and hands gripping the handlebars. They explained their unorthodox position, Ferguson reported, by saying "the wind was against us."

Impounding of Cars Urged as Safety Step

Alarmed by the steady growth of highway casualty lists, WILLIAM F. KALWITZ has advanced an idea he believes would sharply reduce traffic accidents.

He would have circuit judges use their power to impound the automobiles of persistent and reckless violators of traffic laws. He also would seek legislative extension of that power to lower courts. Of course, essential to the success of such a policy would be its judicious administration.

★ ★ ★

Mr. KALWITZ is no idle theorist. A member of Oakland Citizens League and chairman of the State and National Affairs Committee of Pontiac's Chamber of Commerce, he has been studying traffic problems since before the war.

While he concedes that this is a drastic remedy, the highway safety problem obviously calls for drastic action. As he put it, 99 out of 100 Michigan drivers are careful and law abiding. Why, he asks, should not they be given every possible protection against dangerous and unsafe motorists.

★ ★ ★

Another persuasive argument is offered by Mr. Kalwitz in support of the impounding idea. He points out that this danger of losing use of family car would have a tendency to bring pressure for safe driving on every member who drives that car.

The PRESS believes Mr. KALWITZ' idea deserves thoughtful consideration by officials, safety organizations and individual citizens. The time is long since past when the people of Michigan can afford to deal gently with persistently dangerous drivers.

U. S. Aircraft Exports Set Peacetime Record

Planes and parts exported during 1954 by the American aircraft industry had a total value of $618,900,000.

This is $260,000,000 under the all time high total for 1953. Yet, according to JOHN H. PAYNE in the publication, Planes, it is the second highest volume the industry ever has sent to the world market in one peacetime year.

★ ★ ★

Also, it is more than three times the total dollar value of all U.S. aircraft exports prior to World War II. In 1954 Britain, our principal competitor, exported aircraft and parts valued at $156,940,900, or less than one-third of our total.

The Netherlands, which has topped all foreign buyers for the past six years, has been replaced by Canada as our best customer for large transport planes. Our northern neighbor took delivery on nine of the big planes with a total value of $15,400,000. In addition Canada spent $1,800,000 with U. S. manufacturers by purchasing 191 smaller aircraft of various types.

★ ★ ★

Besides all this there are the "hidden" exports. These are the many hundreds, possibly thousands, of tactical and transport aircraft with their supporting stores of spare engines etc. taken overseas by our Air Force. Subsequently such planes, with a total value which may equal that of the published exports, are transferred to air forces, flying schools, airlines and other aviation operators abroad.

★ ★ ★

With American aviation equipment flying in all parts of the free world, the United States is the largest exporter of aeronautical products. American travelers and businessmen can fly in American made planes on every continent as a matter of routine.

New Trade Fair Policy

Thanks to the advice of the State Department, our Commerce Department has adopted what we think is a sound new trade fair policy.

Under it 65 per cent of the department's exhibition funds will be devoted to seven Asian trade fairs. There is an American exhibit at the fair now in progress in Jakarta, the Indonesian capital.

★ ★ ★

Other exhibits will be set up at Karachi, Pakistan; New Delhi, India; Phompenh, Cambodia; Bangkok, Thailand; Colombia, Ceylon and Tokyo.

The major air of this effort in Asia is to show the people in these less developed lands how our scientific and manufacturing skills could help raise their standards of living. Only a moment's thought is needed to show how wise this decision is because it is in Asia that our products will meet the most direct Soviet competition.

★ ★ ★

Our exhibit at the New Delhi fair will be devoted entirely to peacetime uses of atomic energy. The largest exhibit of its kind ever put together, it should do much to counteract Soviet propaganda that U. S. industrial might is being devoted mainly to producing weapons of war.

In Asia, especially, seeing is believing. Thus the more people of Asia we can get to view our products, the less effective Russia's anti-American propaganda will be.

The Man About Town

$300 in U. S. Bonds Annual Football Contest Starts; 14 Games Listed

Football: A disease that becomes a national epidemic every autumn.

The annual MAT Football Contest is announced today, with $300 in U. S. Savings Bonds as the prize. Your chance to win it is as good as that of anybody else. Do you want it?

There is no entrance fee, and every member of your family is eligible to compete, but each entry must be on a separate piece of paper.

It is not necessary to buy anything, solve a puzzle, write an essay, hunt for a missing word, clip a coupon or do anything else except spend a few minutes of your time.

You merely make a prediction on which team will win each of the following 14 football games, or if you think any game will end in a tie, you may so designate. Here they are:

Sept. 17—Kentucky vs. Louisiana.
Sept. 24—Colgate vs. Dartmouth.
Oct. 1—Michigan vs. Michigan State.
Oct. 8—Harvard vs. Cornell.
Oct. 14—Detroit vs. Boston College.
Oct. 21—Pontiac vs. Arthur Hill.
Oct. 22—Illinois vs. Michigan State.
Oct. 23—Detroit Lions vs. Los Angeles Rams.
Oct. 29—Alabama vs. Georgia.
Nov. 5—North Carolina vs. South Carolina.
Nov. 12—Rice vs. Texas A&M.
Nov. 19—Michigan vs. Ohio State.
Nov. 24—Pennsylvania vs. Cornell.
Nov. 26—Army vs. Navy.

The above list includes 12 college or university games, one professional and one high school contest. It covers most every area in the nation.

All entrants agree to abide by the rules, and the decision of the judges will be final. This is a straight elimination contest.

Before the first game all entries will be divided into three piles: Those who pick Kentucky to win, those who pick Louisiana, and those who forecast a tie game.

After the first game the pile representing the winner will be divided among the selections made for the second contest. The others are eliminated. This process continues until only the final winners are left. You are in the contest only as long as you forecast correctly.

All entries must be received in the Pontiac Press office by Saturday noon, Sept. 17. If your entry is not received by that hour, it will not be considered. The best time to make it out is RIGHT NOW. You may forget it.

Only one entry is allowed from each person, and no Pontiac Press employes or members of their immediate families are allowed to compete. In case of a tie the prize will be divided equally among the winners.

In past years the members of the fair sex have won more often than the men. Last year's prize was divided between

Miss Suzanne Karner

of 711 Menominee Road, and

Mrs. Maureen Thompson

of 1325 Mount Clemens St.

You have less than two weeks to consider this matter. Address your entry to Football Contest, Pontiac Press, or send or bring it to this office by noon on Saturday, Sept. 17, and the $300 may come your way.

The Motor's Running Anyway

Hal Boyle Says:

Reuther Predicts Ten-Hour Work Week Will Develop Worker Cultural Pursuits

NEW YORK (AP)—Curbstone reflections of a Pavement Plato:

The day after Labor Day is a good time to consider what life will be like in America when the standard work week will be only 10 hours long.

* * *

Sound impossible? Well, no less an authority than CIO president Walter Reuther says a 10-hour week is on the way, although perhaps there is no point in the average man straining his eyeballs looking for it on the horizon now.

The red-haired labor leader wouldn't be pinned down on whether the working man's Utopia would come before, or after the year 2,000. He only grinned and observed, "It'll come sooner than the National Assn. of Manufacturers expects."

Reuther foresaw a time when auto workers would be able to turn out a week's quota of cars in 10 hours, and spend the rest of their time in cultural pursuits.

"Working for a living will be sort of a hobby," he said. "We'll never know how much genius went unborn because of the sheer human task of feeding families. We'll never know the Pasteurs or Edisons or Rembrandts or Marian Andersons who never had a chance."

SHORT WORK WEEK

There is no doubt of a trend toward a shorter work week. The productivity of the American worker, rising at roughly the rate of 4 per cent a year, enables him to get more done in a shorter space of time. The growth of automation—we seem only at the doorstep of the true push-button age—is speeding this trend.

A hundred years ago moralists thought long hours of labor — the 60-hour week was commonplace — was a blessing to the working man, not a curse, because it kept him out of trouble. What the working man thought himself wasn't very important.

* * *

The spread of the five-day, 40-hour week — 35 in some industries — hasn't been quite the social disaster the moralists expected.

Leisure hasn't destroyed the working man. He has stubbornly refused to go to pot. He may not be any happier than his grandfather. But he is healthier, is living longer, and has the time and energy to do things his grandfather never dreamed of.

WOE TO THE WIFE

But a 40-hour work week is one thing, and a two-day, 10-hour work week is quite another. When I told my wife, Frances, about this great time a-coming, she said:

"I hope it doesn't happen in our lifetime, Rover. Having you underfoot at home two days a week is bad enough. I don't know how I could put up with having to stumble over you five days a week."

Of course, the shoe might fit another foot, too. How many husbands would leap at the opportunity to stay home and listen to their wives three more days a week?

The 10-hour week would also ruin politics. With all that time to kill, everybody would run for public office just to keep from being bored. Career politicians would be out of work.

QUANTITY NOT QUALITY

Perhaps the 10-hour week would uncover a new Rembrandt or some mute, inglorious Milton. But with everybody free to attack a sonnet or an easel, the chances are that the nation would be flooded with 9th rate Miltons and 10th rate Rembrandts.

As it is now the nation is crawling with amateur painters and if you so much as look at one of their daubs and say, "My, that is something, isn't it?" they thrust the horrible thing at you and insist that you take it home. Then whenever they visit you, you first have to dig the thing out from behind the refrigerator and hang it right side up, if you can remember what it is — in a place of honor.

Frankly, the idea of being overwhelmed by sonnet reading friends and amateur Rembrandts poses the problem that culture can be carried too far. Personally, I don't feel up to the perils of a 10-hour week.

I'll settle for the 20-hour week—and free coffee.

Voice of the People

Says Boy Scout Workers Should Be Well-Screened

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of those will not be published if the writer the writer must accompany letters but its nature

Only the highest type of men in their communities should be considered for serving in the Boy Scouts.

Each man should be required to undergo mental examination by a psychologist. Requirements should be as rigid as the armed forces, or more so, for the men who train minds of young children hold a much greater responsibility.

No person seeking prestige for himself or power in the community should be considered. The reason for serving should be sincerity, not ego.

As various organizations around the country sponsor men for duty in the Scouts or Cub Scouts, parents should hold these organizations responsible in the event of accidents or even death as has happened recently.

Worried

David Lawrence Says:

Union Labor Day Speeches Fan 'Class War' Discontent

WASHINGTON — Once upon a time Labor Day meant an opportunity to glorify and rightly applaud the achievements of the American workingman under a system of freedom.

But nowadays it is used as an occasion for giving vent to the bitterness of class warfare. This must gladden the hearts of the Communists of today in their perennial effort to capitalize on discord in the American scene.

Hymns of hate came from the labor-union bosses over the Labor Day holiday—hate with all its violent phrases against "Big Business." George Meany, president of the AFL, for example, avowed that his organization was resolved "to intensify the political activities of labor and free the trade-union movement of shackles forged by the political power of big business."

Meany said by "shackles" he meant the Taft-Hartley law and what he termed the right-to-work laws passed by 18 states which, he said, "prohibit union security contracts." The "union security" to which he refers would mean a union monopoly of all jobs and would carry with it a loss of civil rights to the worker.

REUTHER VS. EISENHOWER

Walter Reuther, head of the CIO, also declared war on business in America and used his Labor Day statement for the partisan political purpose of attacking President Eisenhower who, he said, has led a crusade for "Big Business."

Nowhere in any of these statements was there a single word of praise for or even mention of the constructive part played by business management in America without whose creative genius and unremitting efforts to expand there would be no such high employment in the United States as prevails today.

Nowhere also was there any mention of the problem of the smaller business which are being forced to close or be gobbled up by larger businesses because of the uniformity of pay scales that can be paid only by the larger companies.

Both the CIO and AFL leaders are outspoken in their denunciation of Communism but when Soviet propaganda writers in Moscow read the Labor Day statements of American labor chiefs they will find corroboration of their charges that the labor-union movement here is not free but is in the "shackles" of government.

PLEASES COMMUNISTS

Likewise in the attacks on big business, the Soviet script writers will detect a familiar note, for it is they who constantly declare that class war must be fought unceasingly to break down capitalism.

There is no better way to sabotage capitalism than to provoke and sustain class warfare in America. Debate on the merits or demerits of labor legislation can surely be conducted without invective and the bitterness of class against class.

Not a word was said about the one-sided Wagner Labor Relations Act which had caused Congress to try in the Taft-Hartley law to correct the injustices that had stirred up bad blood between employers and unions for many years.

But on Labor Day in America in 1955 materialism was the dominant note as it is unfortunately in the discussion of political issues today by all kinds of groups. The spiritual note that could mean brotherhood and tolerance is conspicuous by its absence.

Refusal to Rearrange Typing Keys Shows Effects of Congealed Thinking

Dr. Hoke showed the inefficiency of our present typewriter keyboard years ago, but inertia still keeps the ancient keyboard in vogue. Such congealed thinking cost Napoleon a chance to sink the British fleet and also crucified our own Billy Mitchell, too, when he championed airplanes for military use.

By DR. GEORGE W. CRANE

Case P-332: Dr. Roy E. Hoke, aged about 50, is one of America's leading applied psychologists. He lives at Charlotte, N.C.

* * *

Many years ago he analyzed the standard typewriter keyboard to see if it could be improved.

And he found that the left hand, though normally weaker than the right, was nevertheless performing 47.7 per cent more work than the stronger right hand.

So Dr. Hoke rearranged the keyboard. For example, he moved the vowels "a" and "e" from the left side of the keyboard to the right side to help equalize the load.

* * *

But the inertia of custom still keeps the inefficient old-fashioned keyboard in vogue.

STOPS PROGRESS

Applied psychologists can excuse this lag more readily than the refusal by auto designers to change the brake pedal.

* * *

For the obsolete method of a right-footed brake pedal kills many Americans every year, whereas the antiquated typewriter keyboard doesn't actually zoom our death rate.

Furthermore, to redesign the standard typewriter keyboard would necessitate relearning how to type by the touch system, so millions of American typists would groan at such a task.

Consequently, we retain an inefficient keyboard because of social pressure. I mention this example today to show that chronic drunkards and dope addicts are not the only victims of entrenched bad habits.

* * *

Uncle Sam himself is hamstrung by the inertia of inefficient old habits. Billy Mitchell was figuratively crucified by the congealed thinking of our military leaders who couldn't realize that air power was our best defense in future wars, but who felt cavalry and foot soldiers would always be our major protection.

NAPOLEON'S MISTAKE

But Napoleon made a similar mistake almost 150 years earlier. Young Robert Fulton, of America, demonstrated a submarine for Napoleon by which the French could have broken Britain's rule of the sea.

But Napoleon was a victim of congealed military thinking. As an army man, he still thought infantry and horses were the mainstay of military power.

So he disdained to adopt Fulton's workable submarine. Disappointed at such lack of vision by Napoleon, Fulton thus gave up his interest in submarines and returned to America to develop our first steamboat.

Perhaps we can excuse Napoleon more easily than current American manufacturers, for man's

thinking was not so shock-proof 150 years ago.

Since the advent of telephones, movies, airplanes and H-bombs, we are now ready to accept almost any dramatic new discovery.

* * *

But manufacturers still refuse to adopt the simple little improvements which would make their products far more acceptable to consumers.

CONGEALED THINKING

"By gum, we've made our product like this ever since grandpa started our company and we're not going to change now!"

* * *

That attitude of ignoring the convenience of the customer would soon lead to rival factories, except for the fact that manufacturing is tending to be monopolistic.

In a monopoly, the consumer is forced to take what is offered or else do without.

Salesmen and advertisers then must resort to exaggeration and die of premature high blood pressure trying to unload partially unsuitable merchandise when a little "horse sense" would solve the trouble easily.

Send for my booklet "New Psychology of Advertising & Selling."

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

Brady Blames Temper Upon Actions of the AMA

By WILLIAM BRADY, M.D.

Exasperated.
Sarcastic.
Unsympathetic.
Undignified.
Name-calling.
Faultfinding.

I'm all of these and then some, they tell me.

* * *

Why don't I feed people a little syrup, butter, or soft soap with my medicine, as do the eminent clinicians who manage to take time out from business to write pieces for the papers?

I have no answer. Maybe it is because I'm such a stinker under the hard shell.

In extenuation I'd like to leave this statement in my cell, when they come for me at sunrise:

* * *

For many years I have tried to keep my spirits and my professional pride high, despite the efforts of the AMA, under the rule of the late Pooh-Bah, to destroy both.

When the dictator, having grabbed for himself whatever he wanted, consented to retire with a "pension" that would support a dozen families in comfort, I found one consolation—that at any rate I would not help pay that pension, for I had let my membership in the AMA lapse the year before, in the only way a member or fellow can "resign," by ceasing to pay my annual dues.

I had paid my dues for about 40 years, but nausea finally stopped me.

CIGARETTES OUT

From the end of the Fishbein era to date the most spectacular achievement of the AMA seems to be that the organization is no longer selling cigarettes — a sideline which made a lot of folding money while the Pooh-Bah was in the saddle.

* * *

But the doctors needn't worry about the loss of the cigarette money.

The introduction and sale of the new "miracle" or "wonder" drugs, under the auspices and through the agency of the AMA and the organization's official journal, is an inexhaustible source of wealth.

"Sick and tired" is a common expression which one seldom takes literally, but I mean it literally when I say I am sick and tired of reports like the following, which come by the dozen:

"I've had arthritis for 20 years. In April I started on the new drug Meticortone, which indeed worked wonders as it made me feel like a new born person; and I can't express how happy I was to be rid of the stiffness and inflammation in my knee and elbow joints, which were mostly affected.

* * *

"Then it seems something happened. After taking six pills a day and then two a day, under doctor's direction, for nearly 10 weeks, I suddenly had a relapse and all the stiffness, aches and pains returned worse than ever. Why . . .?"

SORRY FOR THEM.

Indeed I am sorry for people who have this experience with the "wonder" or "miracle" drugs.

There's nothing I can do about it but warn them not to expect a happy ending of the joyride if or when they choose to undergo treatment with such drugs.

Remember, children, none of the new "miracle medicines" has given more than temporary relief to sufferers from chronic disease, and to the best of my knowledge.

And don't think I haven't been watching and hoping for evidence of such curative value ever since the merchants of medicine began playing will-o'-the-wisp.

Signed letters, not more than one page or 300 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

Bleeding Piles
5 Years Ago—No Trouble Since

Prominent Flint druggist writes, "I suffered badly for several years. Tried about all the pile ointments, suppositories and injections in my store without relief. Even treatments failed. So I was skeptical when I heard about RECTORAL but I tried it. To my utter amazement the bleeding, soreness and irritation completely stopped after just a few days. That was five years ago and I never had one bit of trouble since. It's marvelous. We have recommended and sold dozens of RECTORAL without a single complaint." Why suffer! Bob Considine Says:

FBI Clearing Up Greenlease Ransom Riddle

NEW YORK (INS)—The FBI is closing in, slowly but surely, on the mystery of the missing $300,000 ransom money in the Greenlease kidnap-murder case. J. Edgar Hoover is said to have more than 30 agents on the case. A half a dozen of the tens and twenties a murderous lush named Carl Hall collected from the father of the little boy have turned up, a full two years after the crime. It shouldn't be long now.

Two police officers who seized Hall and his lady friend not long after they picked up the $600,000 ransom money are now in prison. They turned over only $300,000 of the dough but swore—unsuccessfully—that that's all there was.

Hall, before being disposed of in the gas chamber, still insisted he had all but a few thousand of the $600,000 with him when nailed.

In the course of the short, grisly trial it was brought out that Hall demanded $600,000 in tens and twenties because he had figured out just what it would weigh and just how large a package it would make. He wanted it compact enough to be able to run with, in case he had to hoof it away from the delivery point. His first idea was to demand $1,000,000, but he decided it would be just too cumbersome.

Kansas City rattled with rumors of all sorts during and after that trial. For weeks I tried to trace a report from a responsible source that Hall had a second accomplice who blew with the $300,000—an accomplice with a very close connection with the Greenlease family.

* * *

There was an attempt made, too, to run down the report that the missing $300,000 was sold for $50,000 in untainted bills—sold to associates of Lucky Luciano, who could afford to deep-freeze it for a time and then dispose of it overseas. Perhaps this was indeed the case. You can be pretty sure that the FBI has tapped every wall Lt. Shoulders ever leaned against looking for that fortune. The cache hasn't been found, but the money is beginning to be spent. The FBI doesn't need much more.

Ben Hogan's recent piece revealing the secret of his golf swing—something about pronation—probably has resulted in more bad golf being played than ever before in the history of the country.

NEVER PLEASED

I've never met a golfer who was completely pleased with his swing. He'll abandon his natural swing in an instant if somebody shows him another way to smack the treacherous little ball.

Hogan's swing has become an epidemic that is the curse of millions of duffers. They'll remain under its spell until somebody comes along with a new book or a fresh hint. Tommy Armour can now write a book saying hit the ball with the left hand, not the right, and he'll win as many disciples as he did with his first suggestion.

I'd like to shoot in the middle 80's instead of the middle 90's and sometimes worse. But it's a foolish wish. If I'd get down to 85 I'd want 80, and when I got there only 75 would suffice, and so on.

Golf is a game that has no contentment in it. Hacked around the other day with Bob Sterling, the best golfer in the acting business. He was just a whisper over par, for the long 18-hole course of the Hollywood Golf Club at Deal, N.J. Deeply concerned, he practiced for an hour after we finished, then for five hours the following day, after which he played 36 holes. At all the great tournaments, in the cool of the evening you'll find the par busters worriedly hitting ball after ball from practice tees—in pursuit of something they can never attain: complete satisfaction.

Whenever Sultan Ben Moulay Arafa attends a public event the Moroccans shout "How great is our Sultan! How great is our Sultan!"

Now, apparently, they're ending that salutation with a question mark instead of an exclamation point.

Hot Weather Proven Not for the Birds

SANTA MONICA, Calif. (AP)—Hortense, a high-flying hummingbird, is recuperating at Frank Hines' house after a close shave.

Her navigational instinct apparently impaired by the hot weather, zoomed into a barbershop. She got Hortense became confused and a bump on the head and a bent port wing in her awkward, one-point landing.

Hines, a customer in the barbershop, took the bird home, revived her with eyedroppers of sugared water and an occasional egg and milk chaser. Now he's looking for somebody who can repair the injured wing.

What Would You Call It? She Says 'Uncomfortable'

OKLAHOMA CITY (AP) — "It's quite uncomfortable," Mrs. Florence Phelps Smith reported to police last night. She was talking about the space under her home which has become a haven for a mother skunk and six large-sized youngsters.

Two officers went out to the home to investigate when Mrs. Smith pleaded: "It's getting serious." They found conditions as she described them, but couldn't get to the odor-bearing animals. They'll remain until someone with the proper equipment can reach them under the house.

Lodge Says Eisenhower Will Seek Re-election

NEW YORK (AP) — Henry Cabot Lodge Jr., chief U. S. delegate to the United Nations, says he believes a sense of duty will prompt President Eisenhower to run for re-election in 1956.

"President Eisenhower's middle name is 'duty' and if he thinks it is his duty to serve as President he will do so," said Lodge yesterday. The former senator was Eisenhower's campaign manager prior to the 1952 Republican National Convention.

MY coal's in the bin!

Why not take a minute and order yours?

In just a minute you can phone your coal dealer and he'll promptly have your home ready for the winter you know is sure to come. Oh, it seems a long way off maybe . . . but how many times have you been caught with your bin empty? Guarantee your family a warm home even on the first chilly day by ordering your coal now, and avoid the winter rush. You'll be filling your bin anyway, so why not do it now? It takes only a minute to be sure of your family's comfort.

When you order, specify "Fuel Satisfaction" by name. That's the superior Bituminous Coal that's mined along the N & W. Because it's mined deeper in the earth, it's older, and Nature has had more time to make it purer. Because it's purer and freer from ash content, it gives more heat, less smoke and waste . . . and does it more economically. Order "Fuel-Satisfaction" by name, today.

Cadillac

No Doubt In His Mind This Time!

This happy gentleman has just taken title to his seventh motor car.

And while he would probably have difficulty recalling all the different makes and models he has purchased through the years, there is one thing he knows with absolute certainty: *He never felt like this before when he took the keys and made for the open road.*

For this is his first Cadillac! And what a glorious feeling it is to know that at last he has chosen the "car of cars"!

Gone are the doubt . . . and the worry . . . and the wonder. This time he *knows* he's right!

And how quickly and convincingly the evidence will assemble in support of his sentiment!

First of all, there will be the eloquent testimony that comes from the car itself—its magnificent performance . . . its marvelous comfort and ride . . . and its incredible ease of steering and handling.

And then, as he takes the sweep of the boulevard, there will be those quick glances of approval from his fellow motorists to tell him that he is not alone in his judgment.

And, finally, there will be that delighted assembly of family and friends that will be waiting for him at journey's end . . . offering final confirmation of the wisdom of his choice.

Of course, the man who takes title to a new Cadillac today enjoys the *double* satisfaction of having made the wisest possible choice at the wisest possible time.

Because of Cadillac's increased year-end production, for instance, he will find that he can have prompt delivery on his new Cadillac.

And, as if this were not sufficient in itself, we are also in a position—because of our low inventory of used cars—to offer him a most generous allowance on his present automobile.

Why not come in soon—and spend an hour at the wheel—and let us acquaint you more fully with this unique opportunity?

Hanako Debunks U.S. Ideas of Jap Women

By PHYLLIS BATTELLE

NEW YORK (INS) — The porcelain doll-like daughter of Japanese Foreign Minister Mamoru Shiegemitsu came to New York last weekend and gave the local glamor girls a bit of a shaking up.

It wasn't so much the fact that 24-year-old Miss Hanako Shigemitsu was beautiful that unnerved them. Or that she was brainy. Or that she had a voice like a lazy waterfall and the grace of a young willow.

The real trouble was that Hanako, who wears Western sportswear in the daytime and extravagant Japanese brocades at night, had the male populace in a doe-eyed swivet whenever she appeared. It was obvious that if she is an example of "typical Oriental young womanhood"—as she was hailed—there is 100 per cent truth to the old theory that Oriental women are masters at the art of pleasing a man.

"Oh, that," said Hanako, laughing softly at the question of whether her countrywomen are specialists at the art. "I don't think that is a question I can answer." Her flawless, high-cheeked face turned a tinge deeper when asked about her own boy friends' reactions, and said it was another question she couldn't reply to.

IT AIN'T TRUE

But one thing she could say, and that was: the belief that complete subservience to a man is the Japanese woman's great charm is untrue. At least today. "Japanese women are more and more independent," she says. "They do not 'obey' any more than American women do."

Miss Shigemitsu arrived in town as official hostess and secretary to her father in his three-day visit to New York, and her schedule was so hectic that "it seems sometimes I couldn't do anything I wanted to do."

Like visiting a typical American home—she wanted to do that. And buying shoes and a hot fudge sundae, meeting some girls her age and riding around Manhattan on a sight-seeing cruise. Hanako had to view the city the fast way, from the Empire State Building. About the city, and the parts of the country which she had glimpsed on her fast two-week tour of duty, she said: "everything is so wonderful I can't believe it."

SPEEDY PEOPLE

Of New York, its officials and its people:

"You are rather speedy, are you not?"

Hanako, a graduate of Sacred Heart College, majored in psychology, and her psychological outlook is slightly confused as she studies current trends in her country and ours. For instance, in her mansion in Tokyo she and her mother are beginning to decorate with European furniture—while, "I understand Japanese style furniture is very popular here and in Europe." Why should this curiosity be?

Also, one of her favorite hobbies is seeing American movies. Japanese films, on the other hand, are a vogue in the U.S. Very strange, indeed.

Miss Shigemitsu has black hair that is swept back into silver combs and allowed to fall below her shoulders, but she says the current fashion in Tokyo is for "shortie hair, like you have here." Her mother likes long hair, however, so she keeps it this way.

* * *

You do not "obey" a husband, necessarily, in Japan. But Hanako implies that you still obey your mother and father . . . an old-fashioned idea that a good many rather speedy people on this side of the Pacific abandoned, unfortunately, a long time ago.

Army Holds Trio Freed by Reds

Question Two Soldiers, Civilian Released After 7-Year Imprisonment

BERLIN (AP)—The U.S. Army held two soldiers and a mystery civilian incommunicado today after their release from long imprisonment by the Russians.

* * *

The Soviets followed up the release of the trio yesterday by freeing 20 prisoners from five West European countries.

The two American soldiers were identified as Pvt. Wilfred C. Cumish, 39, of Amesbury, Mass., missing from an intelligence unit in Vienna since 1948, and Cpl. Murray Fields, 36, of Bayside, N.Y., missing from the U.S. constabulary in Neurnberg since 1948.

* * *

The third man identified himself as Frederick Charles Hopkins, a civilian from New York City. The Army and State Department said they had no information on him, and some U.S. authorities said they doubted he was an American at all.

Army spokesmen said it was presumed all three had been held in various slave labor camps for the past seven years.

* * *

All three are scheduled to be screened by Army's interrogators after several days medical treatment.

The Army indicated that both soldiers might be subject to court-martial for desertion. In view of Cumish's military intelligence work, officials were anxious to learn what he might have told the Russians during his captivity.

* * *

Authorities also planned to question the three about other missing Americans, especially soldiers who have disappeared from Berlin in recent years.

Lack of Water Licks Firemen's Tournaments

HICKSVILLE, N.Y. (AP) — Most events in the 27th annual Labor Day firemen's tournament had to be postponed yesterday — no water.

A leak in a hydrant, which reduced water pressure to a trickle, was not discovered until the start of the first hose contest.

Fifty fire departments — most of them from Long Island communities — were assembled for the competition.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

FUN IN THE BACKYARD—1

The Lemonade Stand

Junior Editors have fun in their own yards all summer and fall.

One way to do it is to set up a lemonade stand. If your mother approves, you can have a real one, set it up by the front walk instead of in the back yard, and sell lemonade to passers-by and friends.

For that you need a box, a kettle or a pitcher of lemonade that you can make yourself, some glasses and a sign like the one in the picture. It's a good way to earn money for Sunday School or for ice cream.

If you just want to have a play stand, color this picture with crayons, paste it down on pasteboard, and cut out the parts carefully. Fold back the end piece and top of the stand and paste the tab B under A and paste in place. Now the stand will stand up. Put the brass fastener behind the girl's shoulder and attach with a bent pin through a hole at the collar. Now the arm can lift the pitcher up and down. To place the cap on the girl's head, cut through the dotted slit.

'Voice' Has Flopped, Says Returned Solon

MOSCOW (AP)—Sen. George W. Malone (R-Nev), after five days in Moscow, thinks the U.S. government should get rid of its Voice of America radio because it hasn't whipped the Soviet people up to the point of a revolution.

* * *

And he thinks U.S. military spending should be cut back because he finds "no evidence the Soviet Union is prepared for war."

Malone, who arrived here last Wednesday, told newsmen yesterday:

"I saw no evidence the Soviet people will rise against their government. Consequently, we should retrench expenses like the Voice of America."

Two Hurt in Car Races

DARLINGTON, S.C. (AP) — Only two drivers were hurt in yesterday's Southern 500 stock car race here in which 67 participated.

But in the rush to leave the race, police reported four persons were hurt in mishaps.

Honor Student Held in Death of Father

BOSTON (AP) — Police Capt. Michael A. Clougherty said 17-year-old Arthur H. Martin, an honor student at Boston Latin School, admitted last night he stabbed his father to death and lived alone in their home with the body for five weeks.

Mrs. Isabel Martin, 39, last night found the body of her husband, Manuel, 51, on their bedroom floor. She had been away on an extended vacation.

Clougherty said the son told detectives he stabbed his father with a trench knive last July 28 during an argument over washing the kitchen floor.

No charge was brought against the boy immediately.

Commie General Dies

MOSCOW (AP) — Red Star, newspaper of the Soviet armed forces announced today the death of aviation Maj. Gen. Nikolai Mikhailovich Kolotilschikov after a long illness. He joined the armed forces in 1923 and the Communist party in 1926.

Evasive Captain Has Few Words About Margaret

LONDON (AP)—"Wait and see" was the cryptic reply from Group Capt. Peter Townsend last night to questions about himself and Princess Margaret.

* * *

The 40-year-old Royal Air Force flier was the center of attention at a cocktail party at the Belgian Embassy because of long-standing reports linking him romantically with the 25-year-old sister of Queen Elizabeth II.

Townsend returned to Britain yesterday for the first time since last September. He flew here from Brussels, where he is British air attache, to attend today's opening of the annual Farnborough Air Show. He is to go back to Brussels Thursday, but will fly to London again Sept. 12 to attend the annual air attaches' conference.

* * *

At the cocktail party, he was asked by reporters:

"Do you expect any startling developments during your visit?"

"I hope to have a quiet three days in England," said Townsend. "I do not think there will be any startling developments as far as I am concerned."

Princess Margaret is vacationing at Balmoral Castle in Scotland with other members of the royal family.

Deaths Last Night

LONDON (AP) — Dr. Noah Barou, 65, chairman of the European executive of the World Jewish Congress.

LOUISVILLE, Ky. — Gus Weyhing, 88, iron-man pitcher in baseball's early era between 1886 and 1901.

Chinese Revolt Reported in Northwestern Hunan

TAIPEI, Formosa (AP)—An official Nationalist Chinese news agency reported today that more than 3,000 persons are in active revolt in the northwestern areas of Hunan province on the Communist Chinese mainland.

* * *

The report came from the Ministry of Interior's Tatao agency, which claims underground contacts. The Defense Ministry could not confirm the report, but it appeared plausible in view of the increasing number of reports put out by the Reds themselves about so-called "counterrevolutionary activities."

Pontiac Women's Chorus Enjoys 23 Tuneful Years

Pontiac Press Photos

Mrs. Paul McKibben (left) of Walled Lake is accompanist for the Pontiac Women's Chorus which begins auditions this evening. Joining in the singing of some favorite songs of the chorus are (left to right) Mrs. Leslie Howey of Stratton drive, Mrs. C. E. Coonfield of South Avery road and Mrs. Kenneth Hausauer of Walled Lake.

Charles E. Hutton (above) of Walled Lake is director of the Pontiac Women's Chorus. He was photographed at a recent gathering with Mrs. Edward Cornell (left) of Henderson street, hostess to the group, Mrs. F. Edward Kuklaw of Clarkston and (right) Mrs. Sidney Olson of Spence street.

Serving coffee to two of the members of the Pontiac Women's Chorus is Mrs. R. George Tallerday of South Avery road, president of the chorus. Mrs. John Sneed of Le-Grande avenue (center) receives refreshments along with Carol Crittenden (right) of Walled Lake who is music chairman for the chorus.

Three members of the Pontiac Women's Chorus get together over coffee to discuss plans for the coming year. From left to right are Mrs. Edwin Amidon of Augusta avenue, Mrs. James Absher of Lincolnshire drive and Mrs. Harold Tripp of Dakota drive.

Group Says Vocal Study Not Required

Organization Asks for Members Who Love Good Music

It was just twenty-three years ago that a group of women with a love for good music, banded together to form a singing group, which became The Pontiac Women's Chorus. The chorus began, and still maintains a membership comprised of women from all walks of life, endowed with a genuine desire to learn and present worthwhile choral music.

* * *

Formal vocal training is not required. The basic factors necessary are an acceptable tone quality, note reading ability and a desire and willingness to devote the time and effort needed to learn the material presented in programs throughout the year.

The organization established itself as an integral part of the city's cultural life under the leadership of its first director, Miss Thelma Allen, and accompanists, Virginia Allen and Helen Douglas., Miss Allen remained with the group until 1941 when she moved from the city.

Under Dr. Vernon Kellett, of Cranbrook School, the Chorus continued to maintain its musical standards, with Mrs. Paul McKibben as accompanist, presenting Christmas and spring concerts. After two years as chorus director, Dr. Kellett resigned at Cranbrook for a position in the east.

It was in 1943 that Charles E. Hutton, then of St. James Episcopal Church, Birmingham, accepted the post of director of Pontiac Women's Chorus.

For the past twelve years, the chorus has maintained an average of thirty-two members. Singing activities have gradually increased over the years, until each year's agenda now includes at least six out-of-town concerts, radio programs, Christmas programs and the traditional spring concert.

REMAIN SAME

The objectives and principles upon which the organization was founded remain the same — "to prepare and present a high standard of music for the pleasure of the membership and music patrons of the community".

Membership in the chorus is now open to all women of the community by virtue of its affiliation with the Pontiac Department of Parks and Recreation.

In assuming sponsorship of the chorus, the Department makes available this activity to all women of Pontiac and vicinity, regardless of race and creed.

While underwriting the operational costs of the chorus, it requires no membership fee. There is an minimum registration fee charged by the chorus to care for incidental expenses.

The Department of Parks and Recreation and the Pontiac Women's Chorus cordially urges all women of the community who enjoy singing, to avail themselves of this choral group. You will be welcome to audition for membership at any time.

The current year's activities begin with auditions this evening at 7:30, at Pontiac High School. Rehearsals start at 7:30, Sept. 13, preceded by auditions from 7 until 7:30.

You are invited to call the Department of Parks and Recreation City Hall, or Mrs. Sydney Olson, chairman of the membership committee for further information.

* * *

Officers elected for this season were Mrs. George Tallerday, president; Mrs. John Keinert, vice president; Mrs. Kenneth McBroom, secretary; Mrs. Martin Wolfe, treasurer; Mrs. Harold Tripp, librarian and Mrs. Edward Cornell, historian.

Social events for the coming year were also announced. Oct. 18 the group will hold a Welcome Party. Dec. 20, they will sponsor their Christmas party and on March 13 they will be host at their Guest Banquet. May 22 is the date for theh picnic.

Older Workers Find Doors Shut

By ANNE HEYWOOD

"The Problem of the Older Woman" is a cold and statistical thing when you contemplate treatises done by social scientists.

But when you get a letter from a woman whose mother has that problem, it becomes a far more poignant thing.

* * *

Consider this, for example, from Mrs. M. M.:

"My mother is 63, active, vigorous and anxious to work. But she has tried—and I mean really tried—for seven months now to get a job, with no luck whatever.

Not only will no one hire her, but they say such discouraging things and make her feel that the world honestly has no place for her.

"Mother has a one-room apartment not too far from us and honestly doesn't have enough to make ends meet.

"We have four children and no money to spare, ever. Right now, we're working it out somehow, but making no provisions for our future nor that of the children.

* * *

"It doesn't seem fair, when Mother is perfectly capable of doing a good job and wants to—really wants to. And she needs it.

SHE'S "TOO OLD"

"She used to be a switchboard operator, but nobody will take her for that kind of job now. She is good with people, but nobody will hire her for a sales job because she's 'too old for our pension plan.'

* * *

"She is learning to type, but probably won't ever be really fast at it, because her manual dexterity, naturally, is not high and she's pretty late starting to learn.

"But even with the typing, we're afraid she'll get the same line about 'no recent experience.' But good heavens, how is she to get experience if no one will hire her? And was it wrong to stay home and raise a nice family?"

"What should she do?"

It is indeed a horrible state of affairs. It is unjustified and wasteful, not only for an individual like this mother, but for her family, employers and society at large.

Little by little, I hope, we will take steps to bring some of our thinking up to date and help the older person to find a niche. Those who have done so have proved to be eminently good workers.

Meantime, the only thing I can suggest for this woman is that she approach one of the direct selling firms who deal in cosmetics or lingerie, housewares or books.

Door-to-door selling is a possibility for women who get along with people.

* * *

Even if she turns out not to like it and not to succeed at it, it will still give her six months of that valuable "recent experience," which will prove to a potential employer that she does have the energy and that she really means business.

Ann Brooks Speaks Vows

Wearing a gown of rose patterned Chantilly lace and tulle over satin, Ann Brooks exchanged nuptial vows with John J. Fricke II Saturday afternoon in All Saints Episcopal Church. The portrait neckline was finished with scalloped lace and tiny seed pearls. Pleated panels of tulle highlighted the front of her skirt which swept into a full chapel train. Her hand rolled fingertip veil of French illusion was held by a crown of rhinestones and seed pearls. She carried a cascade bouquet of white roses and ivy.

* * *

The bride is the daughter of Mrs. Edward A. Brooks of Hammond street and the late Mr. Brooks. He is the son of Mr. and Mrs. John J. Fricke II of Benton Harbor.

Maid of honor, Vera Ann Morris of Monroe, and bridesmaids Kathryn Bentham, Joan Wagley and Karen Fricke of Benton Harbor were all gowned in dresses of tulip pink crystallette. The gowns featuring scoop necklines and bouffant skirts were accented by narrow bands of accordion pleating around the neck and down the back to the hemline.

The bridesmaids hats were trimmed with rhinestone studded velvet with small veils. Bouquets of pink delight roses were carried by the attendants.

Thomas Fricke served as his brother's best man. Ushers were Kenneth Brooks, Robert Watham of Milford and Arthur Boerma of Wyandotte.

For the reception held in the Rose Kneale room of the church, Mrs. Brooks wore a Dior blue satin dress with pink accessories and a corsage of demure roses. Mrs. Fricke wore an ice blue faille dress with brown accessories. She also wore a corsage of demure roses.

For a honeymoon tour of northern Michigan, the bride changed to a charcoal sheath dress with avocado accessories and the white rose corsage from her bridal bouquet. The newlyweds will reside in Grand Rapids upon their return.

Here's Why

Did you know why a wide blade carver for hot meat, a narrow slicer for cold? Hot meat falls away from the blade; when meat is cold and the fat hardens it tends to cling to the blade.

Nancy Marilyn Skosich Is Married

Nancy Marilyn Skosich became the bride of James Anthony Tominsky at a nuptial Mass in Saint Hugo of the Hills Church last Saturday.

* * *

The Rev. Francis T. Stack performed the double ring ceremony before an altar decorated with white gladioli.

The bride is the daughter of Mr. and Mrs. Frank M. Skosich of Nichols drive, and he is the son of Mr. and Mrs. Stanley Tominsky of Marion avenue.

The bride's gown was fashioned with a fitted bodice of Chantilly lace over satin with long tapered sleeves and a bouffant tulle skirt with appliqued lace. A pearl-embroidered lace tiara secured her veil. She carried a prayer book mounted with white roses and stephanotis.

Marjorie Skosich served as her sister's maid of honor, wearing a dress of coral crystallette. She wore a matching feathered headpiece and carried a white lace fan mounted with coral glamellias.

The other bridal attendants, Mrs. Stanley Tominsky Jr. and Mrs. Joseph Kallis, wore gowns identical to the maid of honor's.

BROTHER'S BEST MAN

Stanley Tominsky assisted his brother as best man and Joseph Kallis and Thomas Monroe seated the guests.

Following the ceremony, a wedding breakfast was served, and a reception for the 200 guests was held in the evening at the Knights of Pythias Hall. Mrs. Skosich greeted the guests wearing a dress of bronze taffeta with brown accessories and a corsage of sweetheart roses. Mrs. Tominsky wore a dress of red lace with black accessories and a corsage of cream glamellias.

* * *

For traveling the bride chose a gray suit with black accessories and the corsage from her bridal bouquet.

Buttermilk is an excellent cooking ingredient as well as a good drink. It gives extra lightness to cakes, pancakes and other baked goods.

Nancy Skosich and James Tominsky were married Saturday at St. Hugo of the Hills Church. She is the daughter of the Frank M. Skosichs of Nichols drive, and he is the son of the Stanley Tominskys of Marion avenue.

Must Bride Repay All Hospitality?

Would Be Friendly Gesture to Return Invitations

By EMILY POST

"When I became engaged to my husband, his relatives and family friends invited us to their houses, usually to meals. Now that we're married, am I supposed to invite all these different ones to our house—for meals?"

Answer: Your return hospitality is not an obligation. Nevertheless, it would be as friendly of you now, as it was of them then, to invite them to your house if and when you can.

Perhaps you could manage a buffet lunch or supper and ask several families at once. Remember that people love to be invited to the house of young people and are not at all critical about what is provided.

"Dear Mrs. Post: I am going to be maid of honor at a friend's wedding shortly and I would like to know how to manage the bouquets during the ceremony.

"I know I am supposed to hold the bride's bouquet, but what do I do with mine. Wouldn't it be awkward to hold the two of them?"

Answer: You should be able to hold both bouquets easily unless they are enormous or so different in kind that they would be awkward to manage together. In this case you would hand your own bouquet to the bridesmaid who is standing nearest to you.

Or if there is no bridesmaid, you will have to lay your own bouquet on the floor — at the side where it won't be stepped on when you go forward to give back the bride's bouquet.

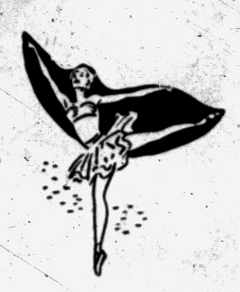

"Dear Mrs. Post: Will you please explain the meaning of the expression 'God bless you' which is said by some people after another person sneezes? Is it in good taste or not and, if you can, will you please tell me how it started?"

Answer: A person who sneezed was supposed to be under the influence of fairies or demons, and since the name of God repelled all evil spirits, "God bless you" was said to drive away the demons. Today it has become a good-wish gesture said merely with kindly intention and without any special meaning.

Brown goes with black this year, either as an accent or in combination.

How Can Girl Tell if Romance Is All Over?

By ELIZABETH WOODWARD

Is it all over? Yes. If the last time you saw him you had a big fight. And you haven't laid an eye on him for months and months. And you hear that he's going steady with some other girl.

* * *

There's not much point in letting your memories of him spoil all your fun with other boys. As this girl is.

"Dear Miss Woodward: For nearly two years I went steady with him. He talked about marriage when I finished high school. I felt we were getting too serious (I was too young) and we had an argument over my suggestion that we date others.

"He couldn't see it my way and broke off completely. That was a year ago. Since then I've dated a lot of other boys—but I can't forget him.

"He's going steady with another girl and I rarely see him around. I don't know what to do or how he feels about me.

"Should I keep trying to forget him? Am I just a silly little girl who doesn't know what she wants?"

Answer: You think you know what you want all right. But chances are slim you're going to get him back. Face it. It's incredibly hard to back up after you've once been very serious about a boy. You can't talk eventual marriage with him and date other boys at the same time.

He knew that the only thing to do at that stage in your development was to break things off completely. You're only a year older now — which doesn't make it any more sensible to get serious about anybody. Dating lots of boys does make sense.

So give them a real break. Have yourself a good time, and don't look back too often. Your paths might cross again some day. But don't build your present around that hope.

Is it all over? No. It isn't over if you haven't had a fight. If you've been away and haven't had a chance to re-establish contact. If you have something precious of his and he hasn't asked for it back. If he has a weakness for casual interests in other girls.

It's not all over yet—even though this girl is afraid it is.

"Dear Miss Woodward: During the six months we've been going steady, he's been very jealous and has been mad at me often for talking to other boys. It's okay, though, for him to talk to other girls.

"He gave me his letter sweater and we were getting along fine until I went to camp. I'm home now and haven't seen him yet.

"I heard he walked another girl home last night. Please tell me what to do!"

Answer: You know his weakness for talking to other girls, so don't let it get you down. Maybe he doesn't know you're home. So don't assume it's all over until you've had some proof.

Call him up. Your going steady is on until you agree that it's off.

MRS. EDWARD E. SCHIRMER

Honeymooning in California where they will make their home are Mr. and Mrs. Edward E. Schirmer. She is the daughter of Mr. and Mrs. Luzerne H. Fairchild of Lincoln, Neb., and he is the son of Mr. and Mrs. Edward A. Schirmer of Bloomfield Hills.

Edward Schirmer Claims Janet Fairchild as Bride

At a four o'clock ceremony Saturday, Janet Fairchild and Edward Emerson Schirmer spoke their vows in the church of the Holy Trinity, Episcopal, in Lincoln, Neb.

* * *

The bride was given in marriage by her father, L. H. Fairchild, before an altar banked with gold and green croton leaves and acuba foliage.

The bride of Denver, Colo., is the daughter of Mr. and Mrs. Luzerne H. Fairchild of Lincoln, Neb. The bridegroom, of Los Angeles, Calif., is the son of Mr. and Mrs. Edward A. Schirmer of Bloomfield Hills.

For her wedding the bride chose heirloom silk taffeta. The period style gown's sculptured portrait neckline accented the elongated bodice which was overlaid with lace, the slender taffeta sleeves tapered to points at the wrists.

Alencon lace, edged the sides of the sweeping skirt which gathered into train fullness. Lace was reflected again in the plateau shell hat which secured her illusion veil. She carried a cascade arrangement of fugi chrysanthemums and variegated green and gold croton leaves.

Matron of honor, Mrs. Zane C. Fairchild of Lincoln, Neb. and bridesmaid, Juanita Rediger, of Denver, were identically styled taffeta frocks of gold and light green. Accentuated V necklines and shirred sleeves styled the princess bodices of the waltz length frocks. They wore halo brims trimmed with croton leaves and carried cascade arrangements of variegated gold and green croton leaves.

BEST MAN

The groom's brother, Michael Wheeler, of Bloomfield Hills served as best man. Robert Hamilton of Bloomfield, Zane C. Fairchild of Lincoln, Neb., Jerome H. Fairchild of Ajo, Ariz.; Robert G. Boice of Sonoita, Ariz., and Charles A. Palmer of Atlanta, Ga., seated the guests.

For the reception held in Lincoln University Club immediately following the ceremony, the bride's mother wore a raspberry crystallette ballerina-length gown. Her accessories were in a light shade of ash rose. Mrs. Schirmer wore a champagne colored mat jersey dress with matching hat and accessories.

The bride is a graduate of University of Nebraska where she was affiliated with Delta Delta Delta sorority, and he is a graduate of the University of Arizona where he was the president of Phi Gamma Delta fraternity.

The couple are on a honeymoon to northern California en route to Los Angeles where they will make their home.

Joint Shower Honors Two Brides-Elect

Marilyn Shearer, Jean Wasserberger Feted at Party

The H. C. Van Hise home in Bloomfield Hills was the setting Saturday afternoon for a joint personal shower honoring Marilyn Shearer and Jean Wasserberger.

Hostesses for the occasion were Joy Van Hise and Mrs. Kurt Bemman.

Jean is the bride-elect of John Ostrander. They will exchange nuptial vows Sept. 16 at First Congregational Church. She is the daughter of Mr. and Mrs. George Wasserberger of Illinois avenue and John is the son of Mr. and Mrs. John H. Ostrander of Parkway drive.

Bruce C. Jacobsen, son of the Harold S. Jacobsens of Pine Lake, will claim Marilyn as his bride on Sept. 17 at Bethany Baptist Church. She is the daughter of Mr. and Mrs. George S. Shearer of West Iroquois road.

Refreshments were served to those attending the shower from a table decorated with garden flowers.

Among those attending were Mrs. Wasserberger, Mrs. Ostrander, Mrs. Shearer, Mrs. Jacobsen, Mrs. George Pentiuk, Marilyn Hanby, Mrs. Wilson Barber and Gail Barber.

Others were Mrs. Aldred Ostrander, Jane Lee Ostrander, Dorothy Ostrander, Janet Wasserberger, Mrs. James Bensken, Mrs. Van Hise, Mrs. Harold S. Jacobsen Jr. of Lake Orion, Mrs. Anna Schroder, Mrs. Laura Holmes and Sally Barnett.

Still others invited were Nancy Walser, Barbara Wilson, Mrs. Gerald Smith, Mrs. Michael Ashley and Deeon Utley.

Socialite Death Suspects Known

Philly Police to Summon Mother as 'Key' Person in Abortion Probe

PHILADELPHIA (INS) — District Attorney Samuel Dash summoned pathologists and homicide detectives to his office today for a full-dress conference which may lead to arrests in the abortion death of Mrs. Doris Oestreicher, 22-year-old food chain heiress.

The pretty bride who eloped two months ago with a Miami motorcycle policeman died suddenly Aug. 24 in a downtown Philadelphia flat occupied by a bartender and a beautician. An inquest revealed that death was due to an illegal operation.

Dash was reported ready to subpoena records of telephone calls made from the home of the victim's parents, Mr. and Mrs. Herman R. Silver, on the day and evening of the strange death of their daughter.

He said it was important to know if the visit of mother and daughter to the downtown apartment of Mr. and Mrs. Milton Schwartz had been pre-arranged or of a surprise social nature.

MOTHER IS 'KEY'

Mrs. Gertrude Silver, mother of the victim, described as the "key" to the case by detectives, was still confined to her home under care of a psychiatrist.

Physicians said she could not be questioned because of her condition from bereavement shock, but Dash insisted that police doctors would be summoned to examine her to determine if she could tell her story.

Meanwhile, the victim's husband, who went back to Miami following the inquest, disclosed that his wife had come to Philadelphia after their elopment to persuade her parents to view their marriage with favor.

The mother was described as violently opposed to the elopment, and Dr. Jacob Hoffman, a gynecologist testified at the inquest that Mrs. Silver had been "upset" over her daughter's pregnancy.

Allegan Jail Jammed With Holiday Prisoners

ALLEGAN (AP) — Sheriff Walter Runkel and Mrs. Runkel joined forces yesterday to provide for a record 40 inmates squeezed into Allegan County's 31-bed jail over the holiday weekend.

Runkel decreed a seniority system of bed allotment on a "first come, first served" basis. Mrs. Runkel dipped into her own personal china to feed prisoners when jail utensils were exhausted.

The swollen guest list was expected to be pared today after muncipal court sessions.

FCC to Decide on MSU Station

State's TV Request Is Slated for Hearing; Four Applicants Listed

WASHINGTON (AP) — Lawyers in a case involving Michigan State University's television plans expect a Federal Communications Commission hearing on the matter to wind up next month.

The Michigan State Board of Agriculture, which runs the University, has applied for authority to build a channel 5 TV station which would be operated on a shared-time basis with Television Corp. of Michigan.

Besides this company and the University, there are three other applicants for channel 5, which the Commission has assigned to the Parma-Onondaga area.

The other applicants are Triad Television Corp., Booth Radio & Television Stations Inc. and Jackson Broadcasting & Television Corp. Michigan State has pioneered in the field of classroom TV and now operates a channel 60 station at East Lansing. Should its fight for a very high frequency channel be successful, the University would discontinue its ultra high frequency station.

Ray Paul, FCC attorney representing the public, said the hearing has been an unusually long one. Lawyers for the various applicants have presented a mass of testimony.

The hearing began in December, 1954, with an exchange of written exhibits. Cross-examination of officials who prepared the exhibits began in April. Currently officials of Jackson Broadcasting & Television are being questioned. Cross-examination of officials of the other four applicants has been completed.

Each applicant next will have an opportunity to present rebuttal testimony, the concluding phase of the hearing.

However, a final Commission decision appears to be unlikely before early 1956. Following the hearing, lawyers for the applicants will submit proposed findings to guide the Examiner, Annie Neal Hunting, in making her initial decision.

The Examiner's recommendation is almost certain to be appealed to the full Commission, which will hear arguments from applicants before issuing a final order.

Lady Flora Detours, Won't Hit Mainland

MIAMI, Fla. (AP) — Hurricane Flora, a well-behaved lady, was making a sweeping curve today that will keep it in the open Atlantic and away from the American mainland.

"This storm is not a threat to any part of the United States coast," the Miami Weather Bureau reported.

"Flora should get into an upper air current flowing from the south," forecaster Cecil Gentry said. "This should head it further north while it is still well away from the coast."

It was roughly a thousand miles from the nearest mainland point, Nantucket, and about 560 miles southeast of Bermuda.

Packing 100-mile winds, it slipped off its northwestward path last night and began the turn to north. If the curve continues it should pass Bermuda to the east, weathermen said.

Plan Quick End to Refrigerator Tragedies

WASHINGTON (INS) — Rep. F. Ertel Carlyle (D-NC) reports that the time is fast approaching when abandoned refrigerators no longer will pose a menace to the lives of children.

* * *

The North Carolina Democrat predicted that industry soon will develope a "fool-proof" inside safety latch that will allow youngsters to extricate themselves from closed refrigerators.

Carlyle heads a House Interstate and Foreign Commerce subcommittee that conducted full hearings a few months ago on the problem.

The National Safety Council reports that in the five-year period, from 1948 to 1953, the lives of 79 youngsters were lost in abandoned refrigerators. A number of additional deaths have occurred in the past two years.

Carlyle said the refrigerator industry vowed to put its "best men" to work on the problem, and to make a full report to the subcommittee early next year.

The Congressman stated: "They have promised to accelerate their efforts. Industry itself is not satisfied with devices that already have been developed because they are not fool-proof. Any such device must be dependable."

LEGAL LIABILITY

According to the Congressman, a safety-latch that failed to work would prove a terrible legal liability to the industry. In addition, he noted that there are many different types and models of refrigerators and freezers, and a safety latch must be applicable to all.

* * *

Carlyle said: "I am confident something will be perfected soon. We cannot afford to allow little children to get trapped in refrigerators. And, yet, the device must be something that is simple and easy to operate, something that a child in its excitement will not fail to find."

He noted that youngsters who have suffocated in refrigerators have clawed their fingernails completely off trying to work their way out.

During hearings, Commerce Secretary Sinclair Weeks opposed government interference in the field, and said that a device should not be installed in refrigerators until it can be done economically.

The Budget Bureau also spoke out against Federal legislation, saying it thought a safety device could be developed by the industry.

F. J. Hausfeld, representing the refrigerator and freezer industry, suggested that refrigerator users should be more responsible.

He also asked Congress to grant the industry more time to develop a latch.

* * *

Hausfeld called upon local governmental units to set up ordinances regarding abandoned boxes.

Legislation to step up action on the matter was introduced by Rep. Kenneth A. Roberts (D-Ala). Carlyle said Roberts is satisfied now that the industry soon will develop a safety device.

Plant May Aid Cancer Control

Extract of Mushrooms Shows Ability to Retard Growth in Rats

By ALTON L. BLAKESLEE
AP Science Reoprter

EAST LANSING (AP)—An old folklore story says that eating certain kinds of mushrooms may help prevent cancer.

* * *

Today a scientist who became curious about it said that extracts from some mushrooms do indeed show ability to retard or stop the growth of some cancers transplanted into mice.

These extracts are not yet pure enough for human tests, to disprove or prove the old story. They may provide a new clue for cancer control.

* * *

The research was described by Dr. E. H. Lucas and Joseph Stevens of Michigan State University at the opening of the annual meeting of the American Institute of Biological Sciences.

Dr. Lucas became interested in the claim in some central European countries that people eating a certain species of mushroom, named Boletus Edulis, had very little cancer.

* * *

He tested an extract from it and found it could retard growth of some types of experimental cancer in mice.

Since then, five years ago, 80 different species of mushrooms have been studied. Extracts from 10 have been found to contain some principle able to slow tumor growth in mice, Dr. Lucas said.

* * *

Dr. Lucas said American species of Boletus Edulis were not found to have any anticancer effect in animal tests. But similar chemicals were extracted from other species of mushrooms growing in this country.

The best that any extract has done is to retard growth of tumors in animals, not to make them shrink or disappear.

Church Memberships Rocketing

NEW YORK (AP)—Americans have kept up their postwar interest in religion, swelling total membership in U.S. churches of all faiths to a record 97,482,611.

* * *

This figure, reported yesterday by the National Council of Churches, means 6 out of every 10 persons in the United States is listed as a church member.

"There has been no pause or letdown in the vigorous postwar growth of the churches," said Dr. Benson Y. Landis, editor of the council's yearbook, in which the new figures are to be published this month.

* * *

The council's figures show that church membership is growing faster than the population of the country. Most of the current church figures are for 1954. The rise over 1953 is 2,639,766 or 2.8 per cent. In the same period the population rose 1.7 per cent.

The council is an organization of 30 Protestant and Eastern Orthodox bodies but its yearbook statistics cover all American churches, which now have a total of 300,056 congregations, 5,597 more than in 1953.

* * *

More than two billion dollars are given annually to churches, the council reported, and church construction in 1954 hit an all-time high, amounting to 588 million dollars. This was 25 per cent more than a year ago.

Clergymen in active charge of local churches total at least 213,167, compared with 207,618 the year before.

The yearbook reported that church members now make up 60.3 per cent of the population, compared with 49 per cent in 1940 and 16 per cent a century ago "when Americans were popularly supposed to be more religious-minded than today."

* * *

The yearbook listed this membership breakdown by religious groups:

Protestant — 57,124,142 in 273,508 churches.

Roman Catholic — 32,403,332 in 20,794 churches.

Jewish — 5,500,000 in 4,079 churches.

Eastern Orthodox — 2,024,219 in 1,341 churches.

Old Catholic and Polish National Catholic — 367,918 in 285 churches.

Buddhist — 63,000 in 49 churches.

* * *

Protestants gained the most numerically in 1954 with an increase of 1,286,817 or 2.3 per cent. Greater percentage increases were shown by the Roman Catholics, up 927,071 or 2.9 per cent, and the Jews, increased by 500,000 or 10 per cent.

* * *

Membership in the largest Protestant denominations or denominational groups was:

Baptist — 18,488,621.

Methodist — 11,688,002.

Lutheran — 6,818,283.

Presbyterian — 3,703,021.

Protestant Episcopal — 2,660,699.

More People Might Be Living Today If We Boasted a Better Highway System

WASHINGTON (INS) — The big question for just about every American today is: Are you still alive?

* * *

Hundreds of people — strong, breadwinning men, wonderful mothers, kids who might have lived to know still undreamed of miracles of the atomic age — perished needlessly in highway traffic accidents over the three-day Labor Day holiday.

The National Safety Council had warned in advance that 400 lives would be lost in the week-end carnage of the roads unless auto drivers used more common sense than they had previously exhibited.

Why did the slaughter occur? Mechanically, the sleek, comfortable vehicles which whiz across the land are safer than ever. State, local and federal experts have pooled their brains to develop life-saving restrictions and regulations.

ONE ANSWER

Officials agree that one answer to the grim "Why" is the obsolete highway network, incapable of handling without peril to life and limb the floods of traffic loosed by the national prosperity which has made almost everyone a motorist.

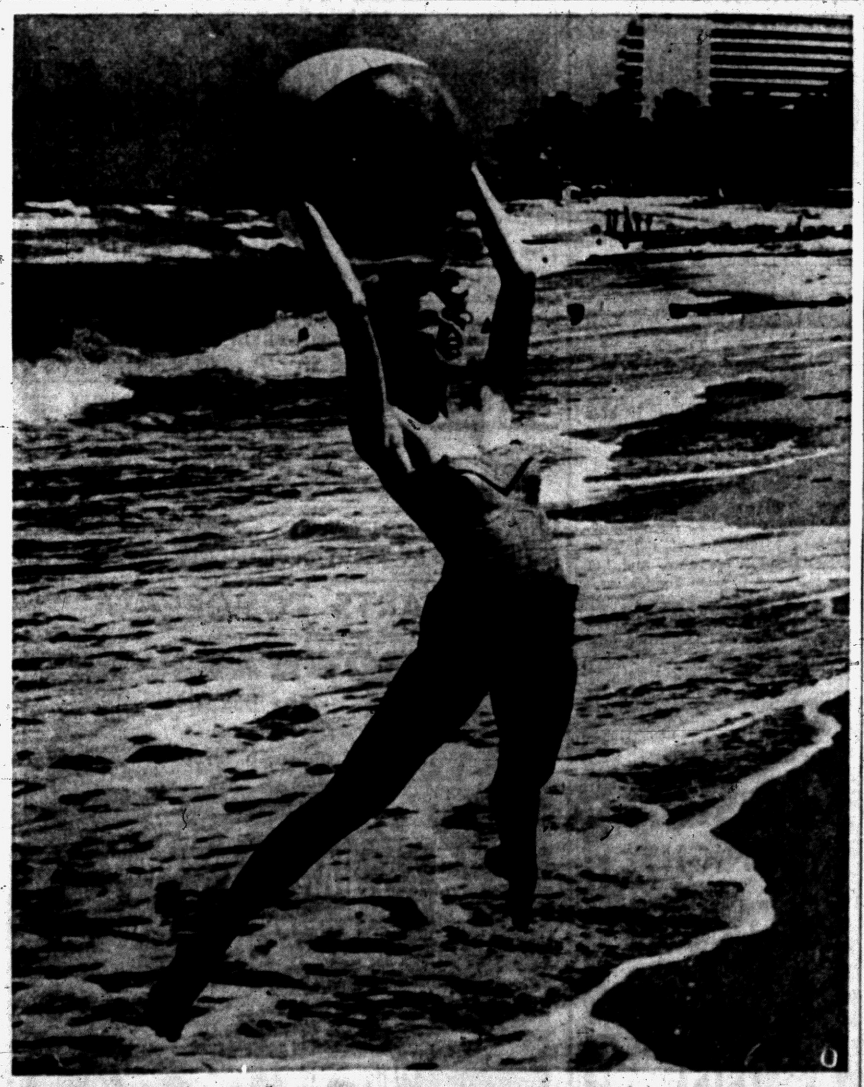

President Eisenhower, recognizing that frightening fact of modern life, called early this year for a 100 billion dollar road construction program which certainly would do something to cut the death toll.

But a Congressional hassle over financing methods throttled the bold bid for adequate highways. The issue will be revived when the legislators go back to work in January and this year's huge traffic casualty list probably will spur the lawmakers to constructive action.

* * *

There is also the human element. Some Americans who looked forward to the three-day break as a joyous interlude are corpses today because they failed to understand that speed often means death.

Those who survived were either lucky or sensible. They were the drivers who didn't take chances, who realized that there are plenty of reckless fools behind steering wheels, who kept their distance, and who refused to gamble with that most precious of possessions —life itself.

GOP Demands Time to Rebuke Truman

WASHINGTON (INS) — The nation's major radio broadcasting networks today considered a demand from GOP National Chairman Leonard Hall for equal air time to answer former President Truman's Labor Day attack on the Eisenhower Administration.

Hall claimed the GOP is legally entitled to equal radio time.

Truman, in a Detroit speech, accused the Republican administration of being "dominated by big business." He also said it is "concerned more with dollars than with people."

The Hall demand was sent to the Columbia Broadcasting System, the National Broadcasting Co., and the American Broadcasting Co.

Soph' Tucker Gives Tip to Struggling Singers

Opera Enthusiast Gino Prato Back in Italian Home

STATALE, Italy (AP)—Gino Prato, the New York cobbler who won $32,000 on the U.S. television quiz, program The $64,000 Question, was back home today in the little village he left 33 years ago to seek his fortune in America.

* * *

He climbed a mule trail on foot yesterday to reach his birthplace in the north Italian mountains. Church bells rang and nearly every resident gathered in the town square to welcome him.

In the center of the crowd stood Giovanni Prato, his 92-year-old father. It was their first reunion since Gino left for the United States.

"It is a great miracle to be able to be here, to see you again," said Gino.

"You have moved the whole world to get here," said his father.

Gino won the $32,000 with his knowledge of opera. Accompanying him to Italy were his wife, their daughter Lorraine, and her new husband Eugene Joannides.

Church Group Sees Proposals

Meeting of Protestant Episcopalians Probes Key Budget Problem

HONOLULU (AP) — Proposals covering everything from buying an atomic reactor to using TV for missionary work in the United States went before the 58th General Convention of the Protestant Episcopal Church today.

* * *

A proposed program for the next three years was put to the convention by the church's top administrative body, the National Council.

The council expressed its view in a booklet and in talks by top officials before the joint session of the House of Bishops, House of Deputies and Women's Auxiliary.

* * *

In its key proposal, the council gives the bishops and delegates a choice of three budgets, depending on how much they feel can be raised for more missionary work and church education and promotion.

The proposed budgets call for spending either six, seven or eight million dollars a year. The budget for each of the past three years was 5.8 million.

* * *

Whether the church will branch into new fields of endeavor will depend on how much increased income is received, the delegates were told by the Rt. Rev. Henry Knox Sherrill, presiding bishop of the church and president of the National Council.

These are other topics to be considered by the convention committees meeting at Iolani Episcopal School near Waikiki:

* * *

Alcoholism, divorce, giving women a vote in the convention, bridging the so-called gulf between church and worker in industrial areas and changing the name of the church.

In addition, Bishop Sherrill has stated the convention may authorize a committee to study a suggestion by the diocese of Washington for the church to buy an atomic reactor.

* * *

The reactor would be given to an institution in the Far East to stimulate research in the peaceful use of atomic energy.

Flames Threaten Redwood Forest

Fire Sweeps Sequoia National Groves; Many Flee North Area Homes

SAN FRANCISCO (AP)—Destructive waves of flames threatened two priceless redwood groves today as raging forest fires blazed out of control in northern and central California.

* * *

More than 1,500 fire fighters battled flames whipping through the Sequoia National Forest in the Sierra Nevada east of Fresno. More than 7,000 acres were already blackened. Damage was estimated at more than $650,000.

The crackling flames reached within a mile of the famed General Grant redwood, the world's largest tree and possibly the oldest living thing on earth. Its age has been calculated at more than 3,000 years.

* * *

In the northern section of the state, between 17,000 and 18,000 acres were aflame in Humboldt County.

Fire fighters fought to save Rockefeller Grove, one of the few remaining stands of virgin redwood.

A brush and forest fire was finally brought under control in Lake County, about 100 miles north of San Francisco, after more than 200 persons were forced to evacuate their homes in the Whispering Pines resort area.

* * *

The Fresno County communities of Hume Lake and Grant Grove were evacuated from the path of the Sequoia National Forest fire.

Churchmen 'Consent' to Work in Honolulu

HONOLULU (AP)—The work of the Lord triumphed over the languor of the tropics, at the 58th convention of the Protestant Episcopal Church.

A record of the minutes of the initial session contains this passage:

"Meetings will go until 5:30 in the afternoon except Saturday.

"Deputies were a little unhappy about the heavy schedule. Hawaiian beaches and sunshine were strong influences.

"However, the deputies gave a weak but unanimous consent to the heavy schedule."

Some Kids Save Stamps, He Likes Traffic Tickets

SPRINGFIELD, Ill. (AP) — Detective Sgt. Byron Nolting stopped on his way to work yesterday to talk with 5-year-old Terry Weller.

Terry insisted that Nolting see his "collection." The boy produced an accumulation of parking tickets taken from the windshields of cars at a municipal parking lot. Motorists using the lot have been complaining that a delinquent notice in the mail was their first knowledge of a parking violation.

Terry's mother assured police that her son's collection would be stopped.

Jailbird Ball Player Strikes Out on Theft

NEW YORK (AP)—Husky Albert Owens, 31, may get back his old berth on the Sing Sing Prison baseball team.

* * *

Owens was a star batsman with a .310 average on the prison team until he was paroled in 1953 after serving seven years of a burglary sentence. Yesterday he was under arrest again.

Police said they nabbed the 206-pound man as he struggled out of a Brooklyn home with two suitcases loaded with $10,000 worth of loot. He was charged with burglary, grand larceny and possession of burglar tools.

* * *

The arrest gives him a good chance to get back to his old team, police said.

Una Says Young Son Spurred the Reunion

HOLLYWOOD (AP) — Mrs. Una Schmidt says she and her husband Airman Daniel Schmidt were reunited because of their son Danny Jr., 2½.

"We decided that the baby needed not only his mother and his father but both of us," she said yesterday during an appearance on Art Linkletter's CBS House Party television show.

"That's right," Schmidt agreed.

Schmidt, released after 2½ years as a Chinese Communist prisoner, came home to find Una had married another man, Alford Fine, California logger, in the belief, she said, that Schmidt was dead. But she left Fine and resumed her married life with Schmidt and their son.

MANILA (AP)—Philippine army planes and navy ships today were ordered to search for three unidentified submarines reported moving southward off Itbayat Island off the northern tip of the Philippines. Similar previous reports of submarines have never been confirmed.

Passage of Time Less Accurately Judged in Noise

SAN FRANCISCO (AP)—Loud noise can cause people to misjudge the passage of time, a research team from Wright-Patterson Air Force Base, Dayton, Ohio, reported today.

For fourteen college students who took a test, sustained racket made their duty periods seem longer than they really were.

First they were given relative quiet for 30 minutes and asked to press a button at what they thought was 10-minute intervals. Meanwhile, they were required to keep track of several things going on all at once.

Then they were asked to do the same things for an hour and a half in sustained noise that was little short of deafening.

During the quiet period their average length of time for button pressing was nine minutes; during noise it was only seven minutes.

From these tests the researchers concluded that there must be some relationship in the human nervous system between time judgment and the mechanism of hearing.

Great Features back up Chevrolet Performance: *Anti-Dive Braking—Ball-Race Steering—Outrigger Rear Springs—Body by Fisher—12-Volt Electrical System—Nine Engine-Drive Choices in all models—and, finally, the great scientific, technical and engineering resources of General Motors.*

A lightning-quick power punch that makes your driving safer! That's one of the reasons for Chevrolet's winning stock car record—but it's not the *only* one. Not by a long shot!

Astonishing performance. Sure—that's one of the things it takes to rack up a string of stock car victories like Chevrolet's doing this year.

It takes sizzling acceleration like Chevrolet's new "Turbo-Fire V8" pours out. The kind of second-splitting action that means more safety for you when an emergency says *move!*

But it takes a lot more besides. Cornering and handling qualities really count on the NASCAR* Short Track circuit where Chevrolet's king—just as they count for safer and more pleasant highway driving. And even the high-priced cars don't slice through a tight turn as neatly—or handle as sweetly—as this beauty. The record proves it!

Come on in and sample all the things that give Chevrolet its winning ways. We're keeping a key ready for you!

Marion Sees Tigers as 'Cousins' in Flag Race

DETROIT (AP) — Marty Marion, ever the optimist, is frankly banking on Detroit to lend a helping hand in the Chicago White Sox' quest for their first American League pennant in 36 years.

"I look for the Tigers to give Cleveland plenty of trouble in the final days," the angular skipper of the White Sox said. "The schedule still figures to help us but we need some help—and Detroit is just the team to do it."

Marion, calmly sipping a drink after yesterday's split with the Tigers, pointed out that the Tigers meet Cleveland six times in the final nine days of the season—the last three in Briggs Stadium.

"The way this thing is going, it could be decided in that final series."

The White Sox lost the 1st game 7-2 but bounced back for a 3-0 win in the nightcap.

The second-game victory ended Chicago's crippling four-game losing streak, a slide which cost them the league lead and dropped them 1½ games behind front-running Cleveland.

In the opener, Hoeft ran his record to 15-7. The Tigers kayo'd Trucks on a single by Harvey Kuenn, Bill Tuttle's double and singles by Al Kaline and Earl Torgeson.

When Sandy Consuegra replaced Trucks Boone greeted him with a two-run double off the screen in left, and the Tigers were off and running.

Boone led off the 5th with a home run high into the upper deck in left. Torgeson knocked in two others with a two-out double in the sixth, after the White Sox had intentionally walked Kaline with a runner on 3rd.

Marion was obviously dissatisfied with Virgil Trucks' performance in the 1st game. Tigers racked the veteran righthander for four straight hits in the 1st inning, knocking him from the mound while sprinting into a 4-0 bulge.

Still, Marion said:

"I'll use Trucks in our next series against Washington. He usually does well against them."

In the nightcap, Marion used two pitchers — Bob Keegan and Bill Pierce—to blank the Tigers. Keegan worked until the 6th, where he faltered and Pierce bailed him out by getting Jim Delsing to fly out with two on.

Pierce stopped Detroit on one hit through the final three innings to preserve the win for Keegan.

Marion admitted yesterday's 2nd game was one of the toughest of the season. Tigers had shelled the Sox for 11 hits in the opener, winning in a breeze behind Billy Hoeft's stout five-hit pitching. Ray Boone had knocked in three runs with a double and his 19th home run.

This added up to Chicago's 4th straight loss at a time when losses are critical.

So it was with some degree of caution that Marion named Keegan to pitch the 2nd game. Keegan had made only two other starts since returning to the active roster after being on the disabled list with a bone spur in his right heel.

Sox jumped off to a 1-0 lead in the 1st when Minnie Minoso raced in all the way from 2nd base on an error by Earl Torgeson. They added another run in the 4th

Aims at Record

Indians' Score Needs Only 8 SO's for Mark

CLEVELAND (AP)— Herb Score, the Cleveland Indians' young south paw, is practically a cinch to get eight more strikeouts in his first major league season and break a 44-year-old record.

The 22-year-old pitcher, up from Indianapolis in the American Assn. fanned 11 yesterday to move his league-leading total to 220. The record for strikeouts by a rookie pitcher is 227, set by Grover Cleveland Alexander in 1911.

* * *

Bob Feller holds the modern record for all pitchers with 348 strikeouts in 1946, but Feller fanned only 76 in 1936, his first year with Cleveland.

Score's 9-2 victory over Kansas City yesterday, his fifth straight over the Athletics, gave the Indians a split in the doubleheader and enabled them to hold first place.

* * *

It was Score's 15th victory against 10 losses. But he has been getting stronger. He has lost only one of his last nine starts, and won six of them. Cleveland won the other two, with relief pitchers getting the credit after Score left the scene.

Yesterday's victory was Score's second straight complete game. He fanned 13 in beating Baltimore 5-1 on three hits last Wednesday. His top strikeout performance was on May 1, when he fanned 16 to beat Boston 2-1 on four hits.

* * *

With 17 games left, Score should get at least three more starting assignments. He has already pitched 206 innings, most of any of Cleveland's pitchers. His earned run average is 3.06, second only to Early Wynn's 2.97 among Indian starters.

Jeb Wofford Leads USET

By H. GUY MOATS

A solidly set up young Junction City Kansas, horseman Monday afternoon rode off with several important honors at the Metamora Hunt Club.

First, Jeb captured the top spot in the United States Equestrian Trials for the 1956 Olympic team finals at Tryon, N.C.

He also finished on top for the Col. John W. Wofford Perpetual Memorial Trophy, presented to him after the final round of jumping in the Metamora ring, Monday afternoon. President of the USET, Whitney Stone, made the presentation for Mrs. John W. Wofford, widow of the former U.S. Army Olympic equestrian team member and official.

Mrs. Woffard is the mother of Jeb, and Warren, another contender for the team finalist berths at Tryon. Warren placed No. 6 and No. 7 on the list.

Monday's final jumping event climaxed the 3-day event, that began Saturday, in connection with the Metamora Hunter - Breeder Horse Show. The first day was devoted to dressage, with Jeb the No. 1 rider on his favorite mount, Bennie Grimes, that carried him all the way to the finish.

Sunday provided riders, mounts and spectators with the biggest thrills of the three days. The grulling 17½ miles of rugged terrain dotted with some 44 obstacles of many and varied kinds, eliminated many contenders. Those that remained competed in Monday's round.

Following Jeb Wofford who had 115.48 negative points in the list of team entries are:

Walter Staley of Mexico, Mo. with 118.57 points, second; William Haggard of Nashville, Tenn., was 3rd with 159.20 negative points. Staley also took the 4th place on another horse with Warren Wofford 6th with 287.66 points.

Bloomfield Hills' Frank Duffy, son of Mr. and Mrs. Irving S. Duffy was 5th with 273.7 points and Chuck Grant of Bloomfield Hills had 338.21.

Grant, riding Mrs Homer Ford's Briar Lad, an eager, speedy and effective jumper, had the best performance of the afternoon in the "stadium". He took the slender bay laround the intricate course of some 450 yards for only 19 jumping faults, by far the best showing.

Polly Deming of Metamora up on Pepper took the ASPCA horsemanship event for the McClay trophy, and Jinx McLucas of Grosse Pointe took the junior horsemanship championship.

Bloomfield Hills resident Mrs. Graham J. Graham captured the working hunter championship on Country Gentleman, and Mrs. Myron Merry of Cleveland, Ohio on Geraldum took the grand champion hunter title.

HIGH, WIDE, HANDSOME—That might describe the way J. E. B. Wofford of Junction City, Kas., rode to the USET (Olympic equestrian trials) top spot yesterday at Metamora's Hunt Club. "Jeb" (above cleared the simulated rock wall on his favorite mount, Bennie Grimes) led the field of about a dozen finalists in the U. S. Olympic team trials. He is now eligible for the finals next March at Tryon, N. C. At right Jeb is shown with his trophies, the big Col. John W. Wofford Memorial Perpetual Challenge Trophy, presented by Whitney Stone, USET president, for Mrs. Wofford, widow of the colonel. Col. Wofford was his father.

Things Are Looking Up

Lots of Problems, but Optimism Too, Among Coaches of Ivy League Schools

The Associated Press

The only place where you're likely to find an Ivy League football coach three-deep is in problems. But a surprising amount of optimism has emanated from this ancient group at the start of practice for the last season before it becomes an organized league in 1956.

The coaches accustomed to losing predict hopefully that their teams will be improved. Those who figure to be winners are willing to discuss the strong points of their teams as well as the weak ones.

And even the best — off the records that should be Yale — has weaknesses. That's normal in deemphasized Ivy football, where talent must be developed during the playing season.

* * *

Jordan Olivar, Yale's tall, intellectual coach, has a few worries about the middle of the line. But he also points out that four of last year's sophomore whizzes, Dean Loucks, Al Ward, Denny McGill and Steve Ackerman, will perform as a unit in the backfield for the first time and that the end and tackle squads are strong.

Returning Mike Owswichik from guard to his old center spot partly answers one question but leaves Olivar without any really experienced guards. A redistribution is indicated since the end squad includes Paul Lopata, Vern Loucks and five good sophomores.

* * *

Behind Yale, the Ivy teams should wind up approximately in this order according to the information that can be acquired at this early stage: Harvard, Princeton, Cornell, Brown or Dartmouth, Columbia and Pennsylvania. That dope could easily be upset.

Princeton captain Royce Flippin says he has no doubt that the Tigers will win the Ivy title. It's up to him to make that prediction come true. Flippin, an exceptionally talented tailback and a fine defensive player, is the one who makes Coach Charley Caldwell's intricate single wing attack work. When he was injured last fall, Princeton lost two of three games. Even among Princeton's 18 other lettermen there's no adequate substitute for Flippin.

* * *

Harvard might stumble over Cornell in the second game, but if the Crimson gets past that one and can develop some reserves, it should be very tough.

Bonney Jones' 1-Hitter Wins for Southfield

Engineers Beat Shaw Nine in State Event at Jackson

JACKSON (AP) — Pitcher Bonney Jones' one-hitter last night gave Southfield Chevrolet Engineering a 2-0 victory over Pontiac Shaw's.

Jones outdueled Pontiac's Glen Johnson in a 2nd showdown game after Johnson set down Southfield 2-1 to force a late playoff contest. Southfield's loss in the early game was its 1st in the double knockout tourney for the Michigan softball title.

Pontiac gained the finals Sunday with a come-from-behind 7-3 victory over Ypsilanti Walker Hardware.

Centerfielder Tony Carey, leadoff batter for Pontiac, in the 1st inning of the deciding game lashed a single to center field — and that was the only hit yielded by Jones. He fanned 12 batters, walked none and hit one.

Southfield struck for the game's only runs in the 3rd inning when singles by Vic Webber and Paul Savage sandwiched around an error and a fielder's choice brought home both tallies. They were the only hits allowed by Johnson, who fanned seven.

(FIRST GAME)

Southfield	000 000 1—1	3	1

Umpire, Player Battles Mark NY, Oriole Tilts

Diering's Winning Run in 1st Game Sets Off Near Riot

BALTIMORE (AP)—The last place an umpire would have wanted to be was the New York Yankees' dressing room late yesterday afternoon.

The scrambling Yanks had just split a Labor Day doubleheader with the last-place Baltimore Orioles, dropping the first 6-5 in 11 innings and winning the second 5-3.

It had also been a running battle between the New Yorkers and the umpires.

In the sixth inning of the opener, a heated 10-minute discussion followed Umpire John Rice's ruling that right fielder Hank Bauer had trapped instead of caught Bob Hale's pinch double. The two-out blow scored two Oriole runs.

* * *

In the 11th inning a near riot ensued when Umpire Larry Napp sent Chuck Diering home with the winning run after ruling that third baseman Gil McDougald obstructed the base runner. Ushers and police had to settle down spectators behind the visitors' dugout who threatened the howling Yankees with violence.

In the Yankee dressing room, a stomping Yogi Berra said, "That was the worst umpirin' I ever seen. That was an important money game for us."

Bauer complained, "I caught the ball, that's all there is to it."

* * *

McDougald, in his turn, said, "Why that little so and so of a Diering grabbed me first and when I didn't get up right away, Napp calls me for holding. Players get sent back to the minors when they don't produce but you never see an umpire get fired for being lousy."

Manager Casey Stengel said he thought Bauer had caught Hale's pinch blow. About the obstruction call he was philosophical. "Don Larsen made a bad throw and they would have scored anyway," was the way Casey saw it.

* * *

In the home dressing room, Orioles Manager Paul Richards was enjoying the exchange of footwear. Richards has been tossed out of three games with the Yankees this season trying to cinvince the umpires of his contention that "They have been getting the breaks from the umpires for years."

Paul continued, "As soon as the officials call a few they don't like, they cry like babies. Cry babies, that's what they are. Nothing but cry babies."

Lopata Ready to Join Phils on West Trip

Will Be Released From Philadelphia Hospital Today

PHILADELPHIA (AP)— Catcher Stan Lopata of the Philadelphia Phillies, hospitalized after collapsing twice at Connie Mack Stadium Sunday, is expected to leave with the team tonight for a Western trip.

* * *

Mayo Smith, Phillies' manager, said Lopata's condition was "very satisfactory" and that he will be released from Temple University Hospital today.

* * *

Lopata was beaned by pitcher John (Windy) McCall of the New York Giants Friday night and suffered a delayed reaction. He played in games Saturday night and Sunday, when he collapsed after hitting a home run.

A club spokesman said that Lopata was detained for observation on orders of Dr. Frederick Murtaugh, a brain specialist, and that a complete examination showed no serious injury.

State Backs Hurt in Scrimmage

Kowalczyk's Shoulder, Cisco's Ankle Injured During MSU Workout

EAST LANSING (AP) — Walt Kowalczyk and Marcus Cisco, both backfield men, were injured yesterday in the 1st full scale scrimmage of Michigan State University's current football training season.

Kowalczyk, who was playing right half with quarterback Pat Wilson, half Clarence Peaks and fullback Jerry Planutis, suffered a shoulder injury. Examination showed it wasn't serious.

Marcis Cisco, a fullback, hurt his ankle. He is expected to be sidelined a few days.

The 71-man MSU squad went through a tough two-hour workout in the morning and followed with a lighter session in the afternoon.

Howell Steals Labor Day Show at M59 Track

Veteran Benny Howell ran away with a major share of honors in the annual Labor Day state championship auto races Monday night at Pontiac Speedway.

Howell won the 75-lap feature race, finishing ahead of Dorris Sanders and Bill Dillard. The popular driver also won the pursuit and dash events.

Heat winners were Earl Rowley, Don Irish, Dick Cummings, Norm Rust and Rusty Kelly. A crowd of 1,600 watched the proceedings.

Mickey Katlin came in for his share of glory at Saturday night's regular hardtop show. Katlin won the 25-lap feature, besting Jerry Lafnear and Howell, and also gained victories in the pursuit, dash, and heat.

Dillard won Saturday's semi at the M59 track with Irish and Glenn Woodhall taking 2nd and 3rd respectively. Other heat winners were Bill Schultz, B. Charlton, Lafnear and Woodhall.

Kalamazoo Defeated, Battle Creek Victorious

BATTLE CREEK (AP)—Dave Reed broke Kalamazoo's Sutherland's streak of six straight titles pitching unbeaten Battle Creek Behnke to a 6-4 victory in the finals of the Michigan Amateur Baseball Assn. tournament yesterday.

The victory gave Battle Creek the right to represent Michigan in the amateur world series of the American Baseball Congress. The series start Friday night in Battle Creek.

Herb Score, rookie strike out ace for the Cleveland Indians, is allergic to penicillin.

Dodgers Look Like a Cinch to Set Early Clinching Mark

BROOKLYN (AP) — The pennant-bound Brooklyn Dodgers, practically a lead pipe cinch to set an early-clinching record in the National League, warmed up by knocking a handful of lesser marks for a loop while blasting Philadelphia in a Labor Day doubleheader.

The sweep, 11-4 and 8-2, coupled with Milwaukee's split at Chicago, reduced the Brooks' magic number to three. Any combination of Dodger victories and Milwaukee defeats totaling three gives the flag to Brooklyn.

New York's Giants, the 1954 champs, officially fell out of the race by splitting two with Pittsburgh—leaving second place Milwaukee as the only team still mathematically capable of catching Brooklyn.

* * *

The Dodgers already own the league record for the earliest pennant clinch, wrapping up the 1953 championship on Sept. 12. They have seven games between now and the 12th—starting with two at Milwaukee tomorrow and Thursday. A sweep at Milwaukee could end it on Sept. 8.

The major league record is held by the New York Yankees. They won the American League pennant on Sept. 4 in 1941.

While knocking off the Phils in the first game yesterday, Don Newcombe (who won his 20th) set a National League mark for pitchers with his seventh home run of the season. Hal Schumacher of the 1934 Giants and Jim Tobin of the 1942 Braves hit six. Cleveland's Wes Ferrell set the major league record with nine in 1931.

* * *

Newk's drive was one of four Brooklyn homers in the opener, boosting the club total to 112 in cozy Ebbets Field. That erased the previous Brook high of 11 at home, set in 1950 and matched in 53.

Duke Snider also got in on the record assault, hitting his 42nd home run. The Duke and Gil Hodges are the only Dodgers ever to hit that many. Snider now has done it twice.

In the nightcap Carl Erskine, succeeding on his fifth try, gained his 100th triumph in the majors.

Crown Club Champs at 3 Area Courses

Three men and two women have been crowned 1955 golf champions at three Oakland County area country clubs following Labor Day weekend matches.

Steve Purdo repeated as champion at Meadowbrook Country Club with a 6-4 decision over Randall Ahern in the 36-hole finals. Mrs. Curt Hall won the ladies' title with a 36-hole medal score of 180. Mrs. Nat Sanford took 2nd place with 184.

Morris Werney and Mrs. Leo Mellen were winners at Tam O'Shanter Country Club. Werney edged Milt Elson, 2 and 1, while Mrs. Mellen defeated Mrs. George Simons by the same margin in the club finals.

Jack Walsh grabbed the title at Plum Hollow Golf Club with a 7-6 verdict over Tom Bridgeman in the finals. Walsh posted one-over-par figures for his easy triumph.

Race for NL Batting Title Going Right Down to Wire

NEW YORK (AP)—It looks as if the National League batting race will go right down to the wire again before a new champion is crowned.

* * *

Last season the title wasn't decided until the final day when Willie Mays of the New York Giants edged teammate Don Mueller and Brooklyn's Duke Snider.

This year's race is between Richie Ashburn of the Philadelphia Phils and Brooklyn's Roy Campanella. Ashburn currently leads the Dodgers' catcher by two points — .333 to .331. The speedy outfielder gained one point during the week on 8-for-23, while Campy boosted his average seven points with 8-for 19.

Cincinnati's Ted Kluszewski, the home run leader with 44, ranks third with .317 followed by Snider at .314 and the Dodgers' Carl Furillo at .313.

* * *

Al Kaline of Detroit is playing out the season before he officially is proclaimed the American League batting leader. The 20-year-old outfielder is hitting at a .348 clip with Harry Simpson of Kansas City his nearest pursuer at .317.

* * *

Vic Power of the A's holds down third place with a .313 average, one point ahead of Cleveland's Al Smith at .312. The Yanks' Mickey Mantle, the home run pace-setter with 37, is tied for fifth with Detroit's Harvey Kuenn and Baltimore's Dave Philley. Each is hitting .307.

Boston Red Sox Back in Contention for Flag, May Hold 'Trump Hand' in American Loop

BOSTON (AP)— The Boston Red Sox, relegated to the also-rans a week ago, were back in the thick of the sizzling American League pennant fight today and may hold the trump hand.

The Sox swept a Labor Day doubleheader from Washington yesterday 10-2 and 7-2 to pull within three games of league-leading Cleveland. Meanwhile, the Indians, New York and Chicago split their holiday matches with the non-contenders.

In the all-important "lost" column the Sox are only two games back of the Tribe and the Yanks and one behind the White Sox.

* * *

A week ago, Boston was five games out after a double defeat by Chicago. They hadn't been that far out since July 20 and skeptics began talking of "next year."

Down the September stretch the Red Sox have the definite edge of playing the most games at home of all the contenders. Of its remaining 19 games, Boston plays 16 at friendly Fenway Park. In contrast, New York has 11 of 18 at home, Chicago 5 of 18 and Cleveland only 3 of 17.

In the fateful five days starting tomorrow, the Red Sox play Detroit twice, Cleveland twice and meet Chicago in a Sunday doubleheader while Cleveland is at New York for two. That's when the standings may get a shuffling.

* * *

Beyond that, Boston still has seven games with New York — four at home. Even if the Sox can't win it, they will have the say in where New York will finish.

The encouraging factor in Boston's sweep was the pitching of Tom Brewer (five-hitter) and George Susce (eight-hitter) giving the team its first consecutive complete games since Aug. 7-8.

Jackie Jensen, who drove in four runs to boost his league-leading RBI total to 106 and hit a two-run homer in the twin bill, commented in the clubhouse afterward:

* * *

"If we don't win the pennant we're going to scare hell out of somebody."

"We never quit," was the explanation given by Jim Piersall who belted a two-run homer and spent the afternoon making larcenous catches in center field.

Snead Winner of Both Tourney, Ryder Cup Post

Last Round 69 Helps Sam Tie Toski Record in Insurance City Open

WETHERSFIELD, Conn. (AP) — Sammy Snead let the "other fellows make the mistakes" and today he had his berth on the U.S. Ryder Cup team plus $4,000 he hadn't counted on.

Sam won the $20,000 Insurance City Open golf tournament yesterday with a 15-under par 269 for 72 holes.

* * *

Ending with a two-under-par 69, Snead tied a record set by Bob Toski, 1953 winner of the tourney. The Slammer had 66-68-66 in earlier rounds.

Sam, who had 400 Ryder Cup points and was among the leaders for team berths, came here to protect his standing. If any one of the three other golfers — Jack Burke, Marty Furgol or Chandler Harper —had won the tournament or had placed second or third, Snead was in danger.

* * *

The victory gave Snead 70 big points and so for the fifth straight time, he makes the team which plays Great Britain.

Harper, who plays out of Portsmouth, Va., had a lot at stake in the tournament, but he failed to come through. He needed a victory to get past Snead, Burke and Marty Furgol on the Cup team. But his 285 was not good enough.

* * *

Burke tied for fifth with Gene Littler of Palm Springs, Calif., with 280. Furgol, who plays out of Lemont, Ill., managed a tie with Tommy Bolt, Chattanooga, Tenn., and Bill Markham of Royal Oak, Mich., with 283.

Snead finished seven strokes ahead of runners-up Mike Souchak, Grossingers, N.Y., and Fred Hawkins, St. Andrews, Ill., who had 276's. Sam Kellelring, Toronto, Ont., who was only four strokes behind Snead at the end of the third round, wound up in a tie for fourth with Julius Boros, the "World champion." Winner at Tam O'Shanter, with 278.

Martin Returns to Lions' Roster

YPSILANTI (AP) — Jim Martin, veteran lineman who jumped to the Toronto Argonauts in the Canadian Football League, returned to the Detroit Lions yesterday to fullfill the 2nd half of his two-year contract.

The 31-year-old offensive guard and linebacker was hired by Toronto as an assistant coach to Bill Swiacki. When his duties as a coach diminished he was kept on as a player.

Martin suffered a rib injury in an exhibition game three weeks ago.

He is expected to handle Detroit's kickoff chores, one of coach Buddy Parker's problems.

At the same time, Ted Topor, former Michigan linebacker who was discharged from the army last Friday, reported to camp.

And the Lions placed tackle Jim Walters of Mississippi and defensive halfback Jim Roshto of Louisiana State on the waiver list.

Yesterday's Stars

PITCHING—Ray Crone, Braves, shackled Chicago Cubs on three-hitter, striking out six and walking none, for 1-0 nightcap decision after Milwaukee had lost opener 2-0.

BATTING—Jim Piersall, Boston Red Sox, with just four official trips in doubleheader, drove in two runs and scored four with home run and two singles in 10-2, 7-2 sweep of Washington Senators.

AL's Big 3 Miss Chances on Holiday

By THE ASSOCIATED PRESS

The Big Three in the American League pennant race put you in mind of a bunch of old married guys. They've been knotted up so long they don't know how to cut loose on a spree even when they get the chance.

* * *

They all had their chance in the Labor Day doubleheaders, but only fourth place Boston whooped it up, sweeping Washington 10-2 and 7-2. Cleveland, New York and Chicago split in their twinbills with the second division.

* * *

After sweeping into first place by taking three straight from the White Sox, Cleveland misfired and lost the first game to Kansas City 5-4 before winning 9-2. New York was carried 11 innings by Baltimore, then went down 6-5 in the opener. The Yanks won the nightcap 5-3.

Chicago was rapped by Detroit 7-2, then rebounded 3-0.

* * *

All that treadmill work left the Big Three right where they started: the Indians lead the Yanks by a half-game and the White Sox 1½. But the ever-persistent Red Sox now are right back in the picture, just 1½ behind Chicago.

By contrast, Brooklyn reduced its magic number to three as the Dodgers swept Philadelphia 11-4 and 8-2. Any combination of Brooklyn victories and Milwaukee defeats totalling three returns the National League pennant to Ebbets Field. The twin triumph gave the Dodgers 90 victories—and a 15-game lead.

* * *

The Indians were all even with the A's after six innings, tied up 4-all following Larry Doby's three-run homer, but Art Ditmar held them in check the rest of the way while reliefer Don Mossi gave up singles to Harry Simpson and Elmer Valo in the ninth and Hector Lopez lofted a sacrifice fly to score the tie-breaker.

* * *

In the nightcap, southpaw Herb Score struck out 11 (22) for the year) and had a two-hitter for eight innings. In the ninth, Lopez homered after a single to spoil the shutout, but the Tribe rookie won his 15th victory with room to spare. Doby and Rosen connected back-to-back homers during the 11-hit Cleveland romp.

The Orioles slipped by the Yanks with a run that scored on an interference call against Gil McDougald. Jim Wilson went all the way for his ninth victory. Two other Baltimore runs scored when Umpire John Rice ruled outfielder Hank Bauer had trapped, not caught, a low liner in the sixth. And the Orioles got three in the first on a single and two walks.

Tommy Byrne, who started the first game and left in the opening frame, came back to win the nightcap in 4 1-3 relief innings. Baltimore made five boots while outhitting the Yanks 11 to 7.

The Bostons breezed in with Jimmy Piersall driving in two with a home run and making three brilliant catches in the outfield as Tom Brewer won his 10th in the first game.

* * *

Don Newcombe won No. 20 for the Brooks in the opener.

Carl Erskine gained his 100th major league victory on the fifth try in the second game as the Brooks chased Robin Roberts, already a 22-game winner. It was Robin's 11th defeat.

PINCH-RUNNER NABBED — Hector (Skinny) Brown, Oriole pitcher, running for catcher Hal Smith in the 8th inning of yesterday's 2nd game, is put out by catcher Yogi Berra at home plate. Brown, a pinch-runner after Smith doubled, attempted to score on Willis Miranda's single. Yanks won the 2nd game 5-3, after losing the 1st, 6-5 in 11 innings.

New Coach Has Hopes

Northwestern's Crop of Sophomores May Produce Decent Big Ten Season

(Jerry Liska, Associated Press Midwest sports editor, is making an airplane tour of Big Ten and Notre Dame football camps. This is the 1st of his series previewing the coming season.)

By JERRY LISKA

EVANSTON, Ill. (AP)—Northwestern's football Wildcats lost seven of nine games last season and subsequently the head of coach Bob Voigts rolled under the alumni's axe.

This fall, new coach Lou Saban —with a hair's breath more luck— may have what the ill-fated Voigts rightfully should have had in 1954, a good, respectable Big Ten season.

Saban, former captain and defensive star back of the Cleveland Browns, will unwrap one of the finest Northwestern sophomore crops in years.

This will bolster a fair array of seasoned performers, including three tested quarterbacks.

If just one of the Ellis-Pienta-Rearden trio catches fire and stays healthy, Suban may possibly have a first division contender.

There were times last season Northwestern uncorked the best line play in the conference and two of the wildcat 1954 best up front are back. They are tackles Sanford Sacks 235-pound team captain, and 250-pound John Smith.

Northwestern's attack under Saban's regular T formation may prove swift and effective. Pienta, Ellis and Rearden all pass well. The aerial game will be backed by good running from seasoned backs Jim Troglio, Frank Jeske and Wayne Glassman.

A lad who may provide real ball-carrying zip is Jerry Weber, a fiery competitor from 1953 who missed last season. Prominent sophomore backs are Ollie Lindborg, a former Marine with breakaway speed, Dick Widmark, Norm Comer and Jim Thompson.

It's no secret that Northwestern, an endowed school faced by an uphill battle trying to select rugged athletics from a flock of scholars, hardly ever goes to the Big Ten post as well manned as conference rivals.

Voigts learned this, as did Lynn (Pappy) Waldorf before him. Yet when the sincere and hard trying Voigts quit last winter, he was confident things were on the upgrade. He had some 35 agile and apt freshmen in tow.

Seixas Denies He'll Retire, but Will Put Tennis 2nd

FOREST HILLS, N.Y. (AP) — Vic Seixas, at 32 the greybeard of American tennis, admitted today that he'd like to stay on the tournament trail forever, "but since I've got to think of my future I'm afraid tennis is going to be secondary with me."

* * *

The defending National champion — and, as usual, the forgotten man among the big names—discounted reports that he would retire to a plush job with his father's Philadelphia plumbing business and revealed that he'd like to try his hand at television.

Seixas, who entered the round of 16 yesterday via an effortless 6-2, 6-3, 6-3 victory over Cliff Mayne of Lafayette, Calif., said he wanted to make it clear that he wasn't retiring.

* * *

Meanwhile, except for three spots, the round of 16 was filled with seven of the eight seeded players still in the running.

Herbie Flam of Beverly Hills, Calif., No. 8 had a close squeak, though he fought off four match points to beat Tom Brown of San Francisco 6-3, 3-6, 5-7, 11-9, 9-7.

All the others, including top-seeded Tony Trabert and third-rated Hamilton Richardson, had clear sailing. Trabert whipped J. Allen Morris Jr., of Clinton, S. C., 6-4, 6-4; 6-1. And Richardson rode over Tim Coss of Washington, 6-3, 6-2, 6-2.

Golf School

Slicing ever bother you? Then study today's picture. It may have the answer you want.

If you slice the chances are almost 100 to 1 that you are swinging at the ball from the "outside-in," across the line of flight.

Concentrate on developing an "inside-out" swing. This will give

you a ball with a slight hook and plenty of roll after it lands.

To make sure of getting this "inside-out" swing you must make sure you take the clubhead away from the ball along, or even slightly inside, the line of flight—never outside of it. The importance of this is that a golfer tends to swing his club back to the ball in the same groove, he took in his backswing.

Then, when you start your downswing, start your hands straight down slowly, without uncocking your wrists, and concentrate on keeping the right elbow in close to your body. Your hip and shoulder turn will carry the clubhead out and around in the prescribed arc.

Finally, when your hands get down to about hip level you release all of that energy stored up in your cocked wrists and bring the clubhead into the ball from "inside-out" with maximum power. You can see all this in today's picture.

Michigan Picked for Rose Bowl by Magazine

NEW YORK (AP) — Michigan will win the Western Conference football championship and roll on to the Rose Bowl for a meeting with UCLA, Look magazine predicts.

"Loaded with material, Michigan lacks only tackle depth," says the magazine. "The Wolverine single wing, led by Lou Baldacci, Tony Branoff, Terry Barr and Jim Maddock will be tough to stop."

Look picks Michigan end Ron Kramer as "potentially the player-of-the-year" and says he "may be an even greater Michigan end than his coach Bennie Oosterbaan."

The magazine predicts that Wisconsin, Purdue, Ohio State and Iowa will give Michigan the toughest run for the Big Ten title.

Michigan is picked to finish 4th in national rankings behind Maryland, Miami and UCLA.

Jet Action Winner Over Cold Helioscope

CHICAGO (INS)—Maine Chance farm's Jet Action, unmindful of the reputation of Helioscope, drove to a two and one half length victory over the William G. Hellis Jr., colt in the $152,950 Washington Park Handicap yesterday.

Jet Action, given a careful ride by Willie Shoemaker, caught Helioscope an eighth of a mile from the finish and pulled out to win the mile event in near record time of one minute, 34 seconds.

Heliscope was 2nd by a length but was disqualified for bumping Duke's Lea in the stretch battle.

Openings for women keglers are available in the Majorettes, a league which bowls at the Cooley Lanes on Tuesday nights at 9 p.m. Interested teams with a 720 average or better and bowlers with a 145 average or over should call either FEderal 4-2312 or EMpire 3-3932.

Golf Cavalcade Beginning Today

Big Cash Tournament Gathers 84 Swingers for Five Day Event

SCOTCH PLAINS, N.J. (AP)—The Cavalcade of Golf—the East's biggest money tournament—begins today at the Shackamaxon Country Club with 84 golfers competing in the qualifying round for the $50,000 event.

About half of today's competitors will qualify to meet some of the nation's top pro and amateur golfers in the first round of the tournament, which gets under way Thursday.

Some 60 top golfers—including Jack Fleck, U.S. Open champ; Cary Midlecoff, winner of the Masters and Julius Boros, 1955 Tam O'Shanter winner—are scheduled to participate.

Competitors will shoot 18 holes a day through next Saturday with the winner taking the $10,000 top prize.

Motor Contest Records Broken by Fireman

ST. PAUL, Minn. (AP) — Marvin Pifer, an Adrian, Mich., fireman, broke two International Motor Contest Assn. big car records and picked up $1,100 prize money as the Minnesota state fair drew to a close yesterday.

The 28-year-old driver pushed his Offenhauser around the 25 mile championship race in 22:06.70, breaking the 22:09.96 record set by the late Bob Slater in Des Moines, Ia., on June 6, 1954.

First major league player to be drafted into the Army during World War II was Hugh Mulcahy of the Phillies. He was called March 8, 1941.

Michigan End Charlie Brooks Out for Practice

ANN ARBOR (AP)—Charlie Brooks, junior letterman end from Marshall, Mich., showed up for practice with Michigan's football squad yesterday after reconsidering an earlier decision to forego the gridiron this fall.

He was one of three lettermen ends who failed to report for opening day practice.

Brooks, a six-foot, two-inch, 200 pounder, told coach Bennie Oosterbaan previously that he had decided to rest a previously injured back and concentrate on his studies.

His return gives end coach Matt Patanelli four lettermen wings, including Ron Kramer and Tom Maentz, slated as starters, as well as Mike Rotunno, veteran from Camden, Ohio.

The Wolverines would up drills with a scrimmage session yesterday.

Courchesne Eyes Lucrative Bouts

NEW YORK (AP) — Bobby Courchesne, a bright, young lightweight prospect from Holyoke, Mass., was in line for two lucrative bouts today following his victory over Tony Puleo last night.

The 21-year-old New Englander stopped the strong, 23-year-old Brooklynite on cuts in 1:29 of the ninth round of a telecast 10-rounder at St. Nicholas Arena.

One of the competitors in the London to Brighton (England) walk was 50-year-old Archie Brown who is blind. He covered the 104-mile distance in 23 hours and 17 minutes.

Three Drivers Injured in Spill at Wolverine

Three drivers were injured in a spill during the 3rd race at Wolverine Harness Raceway last night. All were sent to Harper Hospital for observation.

They are Archie Niles Sr. of Northville, Stanley Freer of Petrolia, Ont., and Ben Munig, also of Northville.

Grand R. Volo, owned by James McCann of Jackson and driven by Jack Ackerman, won the 2-year-old pace in 2:07.

Archery Record Set at Tourney

Mrs. Lorraine Windon Chalks Up New Mark in Jackson Shoot

JACKSON (AP) — Lorraine Windon of Saginaw set a new state record yesterday in the windup of the Michigan archery target tournament.

Mrs. Windon set the new mark of 68 points in a single round of the women's Class A freestyle division of the American Round competition. Her total erased the previous mark of 676 points set by youthful Ann Marston of Wyandotte in last year's tournament.

Mrs. Windon, who accounted for the only new state record on the second day of the meet, won the overall title for women in the American freestyle shooting with 2,530 points.

Other division winners:

Men's Class A York — Dick Ulrich, Plainwell, 2,091 points.
Men's Class B York — Ray Carter, Wyandotte, 1,552 points.
Men's Class A American—W. G. Pierce, Hastings, 1,305 points.

Giles, Shaw's Drop Finals in Bid for Girls' Titles

Pontiac's two representatives in the Michigan Softball Association girls' state tournament, Giles Realty and Shaw's Jewelers, lost in their bids for state championships but advanced all the way to the finals before doing so.

Giles, competing in Class A at Coldwater, dropped the title-deciding tilt to Zeeland. It was Zeeland's 2nd state crown.

Paced by Gerry Bander, Tony Galante and Nancy Milton, Giles downed Ypsilanti, 11-9, in its 1st test and followed with a 2-1 decision over Flint. Then came a three-game set with Zeeland. The champs took the 1st game, 9-3, but Giles bounced back to win the 2nd, 6-1. The Pontiac girls then dropped the "rubber" contest, 1-0.

Shaw's, battling for Class B honors at Battle Creek, won its opener against Wayne, 7-2. Albion, the eventual winner, downed the Pontiac nine, 7-5. After spotting Flint an 8-0 advantage, Shaw's roared back for a 9-8 victory to meet Albion a 2nd time. Albion, which repeated as state champion, defeated Shaw's in the wind-up 5-2.

Claudia Wasik and Marie Pollina starred for Shaw's in its strong bid for a state title. Jackie Thrasher, Shaw's ace hurler, was injured in the tourney and forced to withdraw, and Rhea McCaslin had to return home in the midst of competition.

Antonelli Forgiven by Leo Durocher

NEW YORK (AP)—Johnny Antonelli, ace southpaw pitcher of the New York Giants, is back in the good graces of Manager Leo Durocher after a one-day suspension.

Antonelli, suspended indefinitely without pay and sent home for insubordination after Saturday night's game in Philadelphia talked with Durocher for 20 minutes before yesterday's doubleheader with the Pittsburgh Pirates.

At the end of the conference, Durocher announced he had lifted the suspension and the pitcher was back in good standing.

Holiday Turnout at Tracks Heavy

250,000 Fans Wager More Than $16 Million During Labor Day

By THE ASSOCIATED PRESS

More than a quarter-million racing fans poured in excess of 16 million dollars through the parimutuel betting machines at 11 tracks on Labor Day.

Topped by a turnout of 48,200 at New York's Aqueduct, the horse racing tracks drew a total attendance of 266,191. The fans wagered $16,003,765 with Aqueduct's handle of $3,336,341 setting the pace.

* * *

Washington Park and Atlantic City ran second and third in attendance with respective turnouts of 36,959 and 32,183 but the New Jersey shore track topped the Chicago plant in betting, $2,617,498 to $2,363,952.

* * *

Rockingham Park, which staged morning and afternoon programs, had a combined attendance of 25,539 and wagering of $1,529,279 for fourth place in both categories.

Baseball, with the American League's four pennant contenders playing in as many cities and giving the gate a hypo in each locale, attracted a whopping 197,174 fans. Last year's figure, which was topped slightly, was 194,906.

The American League drew 117,817 yesterday and the National 79,357.

Employes Lend Money to Boss

Clothing Union Decides on $100,000 Fund to Aid Tailoring Firm

CINCINNATI (AP)—More than 500 employes of the Hamilton Tailoring Co. are lending $100,000 to their employer.

Members of the CIO Amalgamated Clothing Workers voted the funds after the company became short of cash after recent acquisitions, a company official said.

The money was turned over to the tailoring concern by Jack Kroll, chairman of the Cincinnati Amalgamated Clothing Workers Board, who is better known nationally as director of the CIO Political Action Committee.

Starting tomorrow, employes will have 10 per cent of their pay checks deducted as their share of the loan. The company will pay approximately $10,000 a month to the union until the debt is erased. The employes will receive debenture bonds, paying 3½ per cent interest, to cover their payroll deduction loans.

A company official said the union afforded a more attractive proposition than could have been obtained from a bank.

* * *

Hamilton Tailoring does a seven-million-dollar yearly business and claims to be the largest made-to-measure clothing organization in the world.

Asked why the union would make a loan to management, Kroll answered:

* * *

"Our members work in the place. It's their jobs. The union functions to protect people's jobs. We feel we're a part of the industry."

Police Nab Suspect in Trans-Canada Hunt

EDMONTON, Alta. (AP)—A week-long manhunt across western Canada ended with the capture yesterday of John Petlock, 35-year-old farmer wanted for the murder of five members of his family.

Petlock had been sought since the five persons were found shot to death on a farm near Fenwood, Sask., Aug. 29. He was captured without a struggle in a rooming house. The landlady notified police after Petlock's picture appeared in a newspaper here.

Found slain at the farm home were Petlock's 72-year-old widowed mother, his brother Michael, 34; Michael's wife Angeline, 21, and Michael's two young daughters, the oldest about 3.

The family savings, about $10,000 were missing.

Police said Petlock had more than $11,000 in his possession when arrested. He was jailed here for return to Saskatchewan.

Grains Cautious on Quiet Market

CHICAGO (AP) — Most grains inched cautiously higher in quiet dealings on the Board of Trade today.

* * *

A good deal of irregularity was noted at the outset. Soybeans fell around two cents before meeting resting orders. This largely reflected fine weather for maturing and harvesting the bean crop. Soybeans later partially recovered.

Wheat displayed underlying firmness from the start, although dealings were very slow. There appeared to be some investment buying in the bread cereal.

Wheat near the end of the first hour was ⅛ to ½ higher, September $19.92⅝; corn ½ to ⅞ higher, September $1.28⅛; oats unchanged to ⅛ higher, September 55¾; rye unchanged to ¼ higher, September 94; soybeans ¼ to 1½ lower, September (new) $2.20¾, and lard 5 to 10 cents a hundred pounds lower, September $10.70.

Stocks Continue Recent Gains

NEW YORK (AP) — The stock market was advanced today in the same forward pattern it has displayed in recent sessions.

* * *

Gains in many cases were good and went to between 1 and 2 points at the best. Trading was quite active in early phases of the market, although dealings were orderly at all times.

Bethlehem Steel was higher than average with an opening sale of 3,000 shares up 2¼ at 160½.

Aircrafts were out in front of the market with pronounced activity in some cases. Trailing along in their wake were the steels, chemicals, and coppers. Railroads didn't do very well and posted some losses running to around a point.

Throughout the list, losses usually were quite small. Union Carbide opened up 2¼ at 113 on a block of 3,000 shares.

* * *

Among higher stocks were General Dynamics, Douglas Aicraft, Boeing, U. S. Steel, General Motors, U. S. Rubber, Montgomery Ward, Anaconda, Kennecott Copper, American Cynamid, DuPont, Westinghouse Electric, New York Central, and Texas Co.

Lower were such issues as United Aircraft, Commonwealth Edison, American Tobacco, Southern Pacific, Baltimore & Ohio, and Santa Fe.

Merchants Seek Highest Autumn, Christmas Trade

By SAM DAWSON

NEW YORK (AP)—With Labor Day behind them merchants are set today to go after record fall and Christmas trade.

The final four months of 1955—the big sales period of the retail year—takes off from a high base. Sales totals already are well above last year.

Competition is fierce. It is complicated just now by a new flare-up in the battle over "fair trade"—the effort of some manufacturers to make all merchants adhere under law to the factory-set retail price.

Good response to back-to-school promotions are reported from most places. Automobile sales are holding up better than expected for so late in the season. Furniture and house furnishings move well in many stores.

All of this—especially in the case of autos—is being brought about through all-out promotions and often with sizable discounts.

But merchants and dealers are looking for September to be another month of retail sales totaling more than 15 billion dollars. The all-out advertising of fall merchandise promotions is getting under way with the passing of Labor Day and the unofficial start of the fall season.

By Labor Day sales for the year averaged seven per cent above 1954.

* * *

Those who have some doubts about fall sales setting new records usually stress three things.

First, they fear the tightening credit supply may force away some on-the-cuff buyers—a variety that has done much to spark the business boom.

Second, rising prices on a number of manufactured goods may scare away others.

Third, so much (especially in appliances) has already been sold that the remaining market may narrow from now on.

Most merchants now doubt if any of these fears will materialize in these final months of a big year.

First, they point out, credit really hasn't been tightened very much. What has happened so far is mostly just a warning against going hog wild in the future.

Second, expectations of rising prices can stimulate sales — some car salesmen have been working this talking point hard, to move big inventories of 1955 models, even though the auto makers haven't said "yes," "no" or even "maybe" as yet about higher 1956 prices.

Third, people have many unsatisfied desires for goods. All they need is the money, or the confidence to promise payment in the future.

Many merchants report customers are upgrading their purchases—buying better quality and more expensive goods than formerly.

Monkey Business Baffles Police; Suspect Foul Play

Police from two county agencies today were investigating what appeared to be some "monkey business" at the Walled Lake Amusement Park.

It all started when Novi Police and the Oakland County Sheriff's Dept. received a theft report from Thurman Young, of Mt. Clemens late last night.

Someone, said Young, had stolen his pet South American, ring-tailed monkey from his car.

Officers were at a loss for suspects but Novi Police Chief Vern BeGole said his men are checking all suspicious-looking organ grinders in the area.

Sheriff's detectives, already busy investigating other monkeyshines, turned the case over to their Missing Monkeys Bureau.

People Mobbing Powerama Show

433,303 in Chicago Visit GM's Spectacular 'World's Fair of Power'

SPECIAL TO THE PRESS

CHICAGO — Crowds described by veteran police officials as "the largest since the Chicago World's Fair of 1933" thronged the General Motors Powerama over the Labor Day weekend.

* * *

A total of 433,303 persons visited the 23-acre "World's Fair of Power" during the three days as perfect weather teamed with a fresh breeze from Lake Michigan to provide ideal show conditions for the entire holiday weekend.

The Monday crowd of 168,550 persons was the second highest thus far at the Powerama. A record total of 173,559 persons visited the giant show Sunday, and Saturday attendance totaled 111,194.

This brought total attendance for the six days and invitational preview of the Powerama to 691,852. This far surpasses the 594,745 record mark for any preview and 9-day showing of a GM Motorama—an automobile show—which was set earlier this year in Boston.

NEED NEW BRIDGE

Crowds have been so large that General Motors has begun construction of a second pedestrian bridge over Lake Shore Drive to augment the capacity of the first bridge it built to connect the main Powerama site with the lakefront area on which the outdoor stage and marine exhibit are located.

Among the top crowd pleasers of the 250 exhibits dramatising diesel and gas turbine power are the new General Motors lightweight train, the Army tank demonstration and the unique outdoor stage show which combines entertainers, elephants, horses and machines into "the world's first technological circus."

The admission-free Powerama will continue daily through Sept. 25.

The Rev. Robert K. Smith will speak and show pictures of South Africa, Wednesday evening at 7:45 p.m. at the First United Missionary Church, 135 Prospect St.

A missionary to South Africa since 1932, the Rev. Mr. Smith works with the World Gospel Mission in Kenya Colony. He wrote the missionary classic, "The Elephant Story," a book telling of adventures into Mau Mau territory.

The Rev. George D. Murphy is pastor of the church.

Boy in Good Condition After Accident Monday

Twelve-year-old Bill Frankowski of 7890 Highland Ave., suffered a fractured left leg and severe head bruises yesterday when struck by a car on M59, according to Pontiac State Police.

The boy was reported in good condition this morning at Pontiac General Hospital.

The driver of the car, Richard A. Collins, 47, of Detroit, told officers that the boy ran in front of his car and he could not stop in time to avoid hitting him.

Scouting Programs Praised by Stassen

ANN ARBOR (AP) — Harold E. Stassen yesterday praised Boy Scout leaders for programs they "have carried on with scouting groups from other nations in interest of brotherhood and stronger ties among all people."

* * *

President Eisenhower's special assistant for disarmament addressed scout executives from 36 nations attending their 10th annual Training Conference at the University of Michigan.

Stassen credited scout leaders with preparing "future citizens for a constructive role in the world-wide effort for a lasting peace with justice." The scout movement, is developing a climate to "encourage our youth to be a part of the world rather than apart from the world," he said.

"It is my feeling, that a free world of people living together in harmony and assured peace will be achieved only to the extent our youth are equipped physically and spiritually to meet the challenge of change," he added.

Saucer Talk Scheduled

George Adamski, author of two controversial books on flying saucers, will speak at the Detroit Institute of Art Sept. 20 and 21 at 8:15 p. m.

The talks will be sponsored by the Detroit Flying Saucer Society. Tickets will be available at the door.

News in Brief

Pontiac Police are investigating a report from Robert McCasslin of 103 Mechanic St. that someone stole 12 gallons of gasoline and two tail-pipe extensions from his automobile sometime Monday.

Isiah Shaw, 24, of 357 Rockwell St., was arrested by Pontiac Police yesterday on a charge of driving without an operator's license and driving 45 m.p.h. in a 25 m.p.h. zone.

Bendix-CIO Agree, End Week-Old Strike

SOUTH BEND, Ind. (AP) — Bendix Aviation Corp. workers voted almost unanimously here yesterday to approve a contract settlement ending a week-old strike.

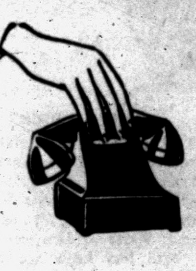

Some maintenance workers went back to work last night at the Bendix Products division in South Bend and the Guided Missile division in nearby Mishawaka. A full scale return to work was set for today.

A spokesman for the CIO United Auto Workers said the vote at a heavily attended meeting was almost unanimous. The union represents 8,200 workers at the two divisions.

The agreement, negotiated in Detroit Sunday, parallels the pattern established recently by the UAW with the automobile industry.

In addition are those living in the Decker road National Homes, those on Hoeft drive and Pontiac Trail west of Hoeft; the northern part of Linda Knolls; Shankin subdivision; Quinif subdivision; Roach subdivision; and the south shore of Wolverine Lake off Ladd road.

Those who are scheduled to attend afternoon kindergarten sessions are the remainder of the area south of Maple, East Lake and South Shore drives; the west side of Walled Lake; and the Grove.

Chowen pointed out that some changes may have to be made after school begins if kindergarten enrollments change materially due to late registrations. He urges parents of those who will be five by Dec. 1 to enroll their children on Sept. 6 and 7 unless they have done so previously. They should bring the children's birth certificates with them. The office will be open from 9 to 4 on those days.

Car Rolls Over Farmington Man Hunting Worms

FARMINGTON (AP) — The worm turned on Marion Serbaugh, of Farmington, last night.

He and a friend went to Plum Hollow Golf Course to dig for fishing worms.

Serbaugh parked his car on an incline and was bent over looking for the bait when the car started rolling, striking him in the back and then rolling over him.

His companion jumped in and backed the car off. Serbaugh received first aid at Redford Receiving hospital for a sprained foot and back injuries.

Deadline to Register at Holly Is Sept. 9

HOLLY — New residents who wish to vote on the $1,125,000 bond issue in the Holly Area Schools must register in advance in order to participate in the special election on the project on Sept. 22.

H. F. Chanter, secretary of the Board of Education, states that application for registration must be filed with the village or township clerks within the district. The final hour for registration is Sept. 9 at 5 p. m.

Persons who were registered and voted in previous elections need not register this time, according to Superintendent of Schools C. G. Coggins.

Many Michigan People Awarded Parade Prizes

By LEE WINBORN
Press Romeo Correspondent

ROMEO—An estimated crowd of 30,000 lined Romeo's main street yesterday afternoon to witness the 23rd annual floral parade, high point of the three-day Peach Festival program.

Top honors were awarded to two local floats and one from Almont. A Romeo florist's float, "Hearts and Flowers" was the first-place choice of the judges. It featured one eight-foot silver heart silhouette, entwined with fresh red gladioli and two smaller hearts with a beautiful girl perched in each.

Second place winner was the Romeo Lions float, depicting a huge basket of peaches. Third place honors were won by Hurd Lock Co. of Almont, which featured a huge globe and lovely Miss Romeo of 1954, Pat Poljan, atop a throne fashioned of giant gold and white locks.

The parade attracted some 40 float entries, ten bands and various riding groups from neighboring communities.

* * *

Preceding the main portion of the parade, antique and sports cars were driven along the two-mile route.

JUDGES STATE MEN

Judges included State Treasurer Sanford A. Brown, Ralph A. Ulveling, director of the Detroit Public Library and C. W. Kerns, project superintendent of the new Ford Proving Ground here.

Labor Day festivities began at 10 a.m. with a children's parade, which featured 87 appealing entries, divided into four categories.

First place winner in the large float division was the "Greatest Show on Earth," portrayed by Romeo's Brownie Troop 10. Top honors in the small float category were awarded to Mr. and Mrs. Gerald McLean and neighborhood children for their "Cheaper by the Dozen" entry.

Huckleberry Finn and Tom Sawyer won the walking group honors and Rebecca Slusser, as "Little Red Riding Hood," edged out 43 other contestants in the single-entry division.

* * *

This was the largest children's parade ever staged in the 23 year history of the festival, officials reported today.

COMIC ELEMENT

The comic element was featured in the final phase of the Labor Day program, the Mummers Parade. Single entry winner was Mrs. Herbert Jameson of Washington, as Mae West.

Two men from Dryden, Daniel McMullen ad Miles Dyer received top prize money in the group entry division as "Ma and Pa Kettle."

The Rochester Lions Club clowns were judged best in the large-entry category, on the basis of their antics and gaily painted car.

Walled Lake Civic to Begin Regular Dates Wednesday

WALLED LAKE — The Walled Lake Civic Welfare club will resume its regular monthly meetings with a potluck luncheon at Stonecrest at 12:30 p.m. on Wednesday.

All members are urged to attend and a cordial welcome will be extended to persons who are interested in the work of the organization.

Mrs. John Lorang is the hostess. Her assistants are Mrs. R. A. Herron and Mrs. Harry Mohr.

The farm area along the New York-Pennsylvania border raises two-thirds of the nation's commercial buckwheat crop.

DRYDEN ENTRY IS STATE FAIR CHAMP—Jerry Tuggle, 13, of Dryden wears a rather sad expression as he poses with "Sam," named grand champion steer at Michigan State Fair, Detroit. Sam will be auctioned Wednesday and Jerry is reluctant to lose him after giving a year and a half of tender care.

Report School Enrollment Date

Registration Is Sept. 7, With Waterford Full Day Session Sept. 9

WATERFORD TOWNSHIP—Enrollment of the 5,800 children in grades kindergarten through six of the Waterford Township Elementary Schools will begin on Sept. 7.

* * *

Grades one through six will be in full-day regular sessions on Sept. 8, with the exception of the Williams Lake School and the Drayton Plains School. Their first full-day sessions will be on Friday, Sept. 9.

In Drayton Plains, kindergarten through third grade will be held in the United Presbyterian Church and all former students are to go directly to their rooms either at the church or the school, but new students will register at the school office.

Registration of over 1000 kindergarten children will be on Sept. 7 and 8 from 9:15 a.m. to 3:45 p.m. in all elementary buildings.

Children whose last names begin with A-K, inclusive, will register on Sept. 7. Those with last names beginning with L-Z will register on Sept. 8.

Parents are requested to bring the child's birth certificate and health record for kindergarten registration. The first regular half-day sessions for kindergarten children will be on September 9 from 9:15 a.m. to 11:45 a.m. and from 1:15 to 3:45 p.m.

Report College Scholarship Plan

Corporation to Provide Cash in One of Biggest Educational Projects

EVANSTON, Ill. (INS) — A multi-million-dollar corporation set up to provide cash for college scholarships was announced today as the biggest independent program of its kind in American education.

* * *

It is called the National Merit Scholarship Corp., with headquarters in Evanston. John M. Stalnaker of Princeton University is president and Laird Bell, a Chicago attorney, is chairman.

Bell said initial funds run to $20,500,000. The project, he said, is a means by which business and industry can increase their support of higher education in theh United States.

Students to benefit will be selected through a nationwide scholarship competition. Some public and private, will participate on an equal basis.

Between one-third and one-half of all the funds invested in the program, Bell said, will go directly to colleges and universities.

Bell, who has served as chairman of the board of trustees of both the University of Chicago and Carleton College, said the corporation's initial working funds come from grants by the Ford Foundation and the Carnegie Corp., of New York.

* * *

Other directors of the corporation include Walter Lee Cisler, president of the Detroit Edison Co.; Ward Darley, president of the University of Colorado; John S. Dick president of Dartmouth College; Jonathan W. Edwards, superintendent of schools of Portland, Ore., Henry T. Heald, chanellor of New York University and Dexter H. Keezer, vice president of McGraw-Hill Publishing Co.

In Memoriam 2

IN MEMORY OF OUR, KENNETH Johnson, who passed away Sept. 5, 1950.
From this world of pain and sorrow,
To the land of peace and rest,
God has taken you, Dear Kenny,
Where you have found eternal rest.
Sadly missed by Mom and Dad.

IN LOVING MEMORY OF MRS. Clista Campbell, who left us 6 years ago today Sept. 1, 1949.
She who suffered is at rest,
Gone to Heaven with the Blest.
Her loving Family.

IN LOVING MEMORY OF OTIS Craig, who passed away September 6, 1949.
The world may change from year to year,
And friends from day to day,
But never will the one we love,
From memory pass away.
Sadly missed by Wife and Children.

IN MEMORY OF MY BROTHER, Kenneth Johnson, who passed away Sept. 5, 1950.
In my heart your memory lingers
Always tender, fond and true;
There's not a day dear Brother,
I do not think of you.
Sadly missed by Lucy and Chuck.

IN MEMORY OF KENNY JOHNSON who passed away 5 years ago.
We cannot Lord, thy purpose see,
But all is well that's done by thee.
Aunt Avis and Uncle Al.

Vying for Top Weekend Spots

Plan to Usurp Regulars Like Gleason, Gobel on Saturday Nights

By CHARLES MERCER

NEW YORK (AP)—Television is entering the most competitive season in its history. The prize for the big networks—ABC, CBS, NBC—is, as always, the largest viewing audience.

* * *

One of the hottest programing spots is the weekend evenings, Saturday and Sunday. The Saturday night NBC target is Jackie Gleason on CBS, who will be riding the 8 to 9 p.m. (Eastern time) spot beginning Oct. 1. In an effort to cut Gleason off at the draw, NBC has strapped up a $100,000 payoff shot for 7:30 p.m. At 8 p.m. NBC swings into a full-hour Perry Como musical. Insiders say the Como show undoubtedly won't break at 8:30 in an effort to prevent viewers from making that twist of the dial to Gleason on CBS when he begins "The Honeymooners" segment of his shows.

* * *

George Gobel returns to NBC at 10 p.m. But CBS is not taking Gobel lying down any more than NBC is taking Gleason lying down. Opposite Gobel it plans once-a-month big color shows with such drawing cards as Judy Garland, Mary Martin, Noel Coward, Bing Crosby.

* * *

In that Saturday 7:30-9 p.m. spot ABC is loping along with "Ozark Jubilee," interspersed every four weeks, beginning Oct. 15, with a televised version of radio's popular "Grand Ol' Opery."

On Sunday evening Ed Sullivan works his 8 p.m. spot over CBS, opposite Colgate Variety Hour on NBC. At 7:30 p.m. over CBS Jack Benny is spotted every other week with Ann Sothern playing his opposite week. Same hour over NBC comes Frontier, which its creator, Worthington Miner, says will be "real stories of average people who went West."

* * *

Against this formidable competition ABC is leveling a heavy battery with a series of top British films from the studios of J. Arthur Rank. With these movies ABC "could well pull off the season's sabbath surprise," says George Rosen, television editor of the show business trade paper Variety, who is probably the best prophet in the industry.

Floods Ravage Turkey; Ten in One Family Lost

KONYA, Turkey (AP)—Ten members of one family were lost in floods which struck this south Turkish city and 23 nearby villages yesterday.

The floods followed daylong rain. The overflow of the streams caused heavy loss of crops and livestock. Eight highway bridges were washed away, disrupting traffic throughout Konya Province.

Adlai Levels Blast at GOP Farm Stand

CHICAGO (INS)—Adlai Stevenson last night accused the Eisenhower administration of embracing flexible price supports for farmers while maintaining "distressing rigidity of mind."

The 1952 Democratic presidential candidate charged that the farm situation has steadily worsened under the Republicans.

Stevenson's remarks were contained in a letter written to Henry Snow, host to President Eisenhower and Stevenson at the 1952 National Plowing Contest at Kasson, Minn.

Stevenson said the Eisenhower administration is as "fertile of moralistic slogans for farmers as it is barren of practical ideas for a solution of the surplus problem."

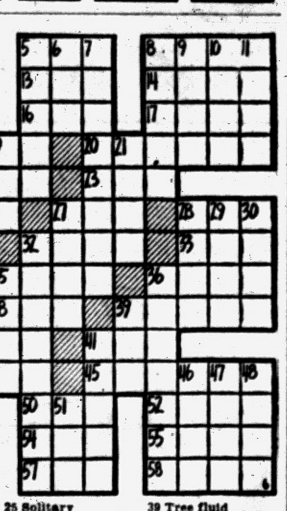

About seven million American homes are heated by fuel oil.

New Floods Hit Indian Villages

25 Million Homeless as Monsoon Coincides With Himalaya Thaw

NEW DELHIA, India (AP)—New floods swept areas of eastern India today as the International Red Cross sped a first shipment of 20 tons of relief supplies here by plane.

* * *

Indian Red Cross officials estimated 25 million persons had been made homeless in East India and East and West Pakistan, where heavy monsoon rains had coincided with the annual rise resulting from the melting of Himalayan snows.

Officials said the greatest loss was to property, cattle and crops. Because the river levels rose slowly, most villagers had time to flee to higher ground. There has been a handful of deaths from drowning.

* * *

In Geneva, Switzerland, yesterday a Dutch official of the Red Cross, Dr. Francois Daubenton, reported after a 16-day flying survey over the flood area that more than 28,000 villages were wrecked and the homes of 45 million persons had been destroyed or damaged.

Daubenton added that in 35 years of public health work in Europe, Africa and Asia, "I have never seen a disaster of the extent of that now being borne by Indian and Pakistan, nor suffering so great."

* * *

Seven U. S. Air Force transports left Switzerland yesterday with the first Red Cross aid shipments. Daubenton said Red Cross societies had contributed relief supplies valued at $250,000, but at least 20 million dollars worth was needed to meet essential needs.

Ten Two-Family Houses Sold on 'First Come' Basis

NEW BRITAIN, Conn. (AP)—Ten two-family houses in a federal project here go on sale tomorrow on a "first come, first served" basis. Prices range from $8,210 to $9,430.

At 6 a.m. yesterday, Rocco DiPinto, a liquor store proprietor, took up a stand outside the housing office where the sale will be held. By 4:30 p.m., there were four men in the line DiPinto started.

Israelite Seeks Funds

TEL AVIV, Israel (AP)—Finance Minister Levi Eshkol left for the United States by air today. He will attend the launching in Washington of a fund-raising campaign for large scale Jewish immigration from North Africa.

Escaped Convicts Are Questioned in Extortion Case

GRAND RAPIDS (AP)—State police today questioned three fugitives from the Cassidy Lake Technical School about an alleged extortion plot against two women.

The three were arrested yesterday.

William Rogers of East Jordan and Andrew J. Petrowski of Auburn, both 20, were captured as they slept in a stolen car near Grand Rapids with stolen guns beside them, state police said.

Raymond Yost, 22, of Bay City, was reported picked up by police in Whiting, Ind.

The trio broke out of the Cassidy Lake institution last Tuesday.

Mrs. Delia Smith of Muskegon, her daughter, Mrs. Patricia Beaune of Fife Lake said the three threatened to kill them unless they gave the youths $2,000. They said the trio planned to return to Muskegon and Fife Lake last night for the money.

The youths denied the accusation.

State Police Capt. Leroy Hunt of the Rockford post said Rogers and Petrowski admitted the three stole money from two grocery stores and guns from cabins in the Kalkaska area.

Doctor Removes Nail From Woman's Head

TOULON, France (AP)—A French surgeon worked three hours yesterday to remove a three-inch nail from the head of a young woman.

The patient, Miss Evelyne Plotu, 20, apparently had suffered only burns and scratches in an explosion in a Paris fireworks store where she worked a few weeks ago. But she complained of constant headaches.

An X-ray examination disclosed a nail had entered her skull and was lodged between the brain and the bone. Doctors said it probably entered through the left eye socket without injuring the eye.

The name of the surgeon was not disclosed.

Grounded Grain Ship Inspected for Damages

SAULT STE. MARIE (AP) — The grain ship Prescodoc was in the Michigan Sault dock for inspection today after she ran aground Friday night in the upper St. Marys River.

The vessel was freed yesterday and refloated after most of the cargo had been unloaded.

The ship, owned by Patterson steamship line and commanded by Capt. B. R. Mead, grounded on

Murderer Flees Quebec Prison

Surrenders on Advice of Attorney After a Few Hours Freedom

QUEBEC (AP)—Convicted murderer Wilbert Coffin bluffed his way out of jail with a gun made of soap early today. He tied up seven guards and locked the sergeant-at-arms in the boiler room.

* * *

But the 44-year-old Gaspe prospector, sentenced to hang Sept. 23, was persuaded by his lawyer to give himself up after only 1½ hours of freedom.

Brandishing the intricately carved soap gun, Coffin took all the keys of the jail with him when he left.

Lawyer Raymond Maher, who defended the prospector at his trial last year in Perce, Que., said Coffin hailed a taxi a few hundred feet from the jail and asked to be driven to the Quebec bridge. Seven miles west of the heart of the city. As they neared the bridge Coffin told the taxi driver who he was.

"Then they began talking about the case," Maher said. "Coffin asked the driver if he knew where I lived."

* * *

The driver, Gaston LaBrecque, telephoned his office for Maher's address and then drove to the apartment in uppertown Quebec.

Covvin, convicted of murdering Richard Lindsey, 17-year-old Hollidaysburg, Pa., hunter, two years ago, made his way out of the grey stone prison at about 1 a.m. He arrived at Maher's home at 2:10 a.m.

Maher said he told Coffin to lie on the floor of the taxi on the way back to the jail for fear of shooting by armed provincial and municipal police who were called out following the escape.

* * *

Young Lindsey's bear-gnawed bones, along with those of his father Eugene, 47, and Albert Claar, 20, a friend, were found in Gaspe bushland after they set out on a hunting trip in June, 1953.

Texan Penny Passer Is Released Today

WICHITA FALLS, Tex. (AP)—A yard man who spent some of his spare time pruning 1944 pennies to make them look like rare 1941 coins will go free today.

A U. S. Secret Service agent from Dallas talked with Oscar Nelson and inspected his home—a weatherbeaten truck that once carried the U.S. mail.

The agent, Leo J. Williams, said the man had gone 62 years without ever being in trouble with the law. He said the federal government has considered "all the circumstances" and that Nelson will go free. He has been held since Friday.

Nelson admitted scraping the points off the first figure four on 1944 pennies to make them look like 1941 Denver issue coins, worth $3.50 or more.

Infant Girl Abandoned in Bay City Over Holiday

BAY CITY (AP) — An infant girl was abandoned on the doorstep of a Bay City home Monday. At least one family already has applied for permission to adopt her. The baby was reported in good condition at Mercy Hospital.

It was found by Kenneth Seifferly, 13, on the steps of his widowed mother's home. His sister, Mrs. Richard Prager, asked authorities for permission to adopt the child. Nurses who called the baby "Holly Day" said she had been wrapped in a towel and tucked into a cardboard box.

The number of telephones in the U. S. has grown from 21 million in 1940 to more than 53 million.

Busy Dan Dailey Receives New Twentieth Contract

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — Dan Dailey is one of the luckiest stars at any studio. In these days of few contracts his option has just been lifted at 20th Century-Fox, which calls for Dan to earn $400,000 during the next year. He's been so busy on loanout to MGM, and will be so tied up in the coming months, that he won't be able to spend much time at his home in the valley.

Dan will go back to his studio, 20th Century-Fox, for "Solo," a story of jazz in the present day and a tale just right down his alley. He'll have a big time star co-starring with him, and Darryl Zanuck's top aide, Buddy Adler, will produce "Solo," with John Michael Hayes, who scripted "To Catch a Thief" and "Rear Window," doing the writing job.

With the new contract in his pocket, his bride, the former Gwenn O'Connor, will rent an apartment in Westwood to be with Dan while he is working.

FONTANA FASHIONS

While I was vacationing in Rome Nicole Fontana gave me a fashion show right in my bedroom. She brought two models who wore her evening clothes. Nicole told me that the bouffant skirts are more in vogue than ever. That seems to put Dior right in his place, and also the other designers who are featuring the slim, form fitting skirts.

The prettiest of Fontana's clothes was a full evening white crystal silk, strapless, with white gauze front and hem embroidered in gold and rhinestone leaf design. There was a lilac net over pink taffeta with thin straps.

Another dress I liked very much was a red faille cocktail gown, full from the waist with silver beads and sequins in a wheat design.

HARRIS WISECRACK

Leave it to Phil Harris to come up with a wisecrack that makes this hot weather more bearable.

He writes from Albany, Ga., close to the location where he's making "Goodbye My Lady" and says, "The mosquitoes down here have diamond drills and the chiggers are big as groundhogs.

"But," adds Phil, "I'm sure if any of them feasts on me they'll be eligible for Alcoholics Anonymous." Only a guy who doesn't drink too much could kid about Alcoholics Anonymous.

Alice Faye remains in Hollywood but will join Phil in three weeks for a vacation with him in New Orleans.

SNAPS:

Loretta Young looks better than she's looked in years. She's put on a little weight and the rest has been good for her. She's one girl who could afford a little added poundage.

Bob Taylor winds up "The Last Hunt" and leaves tomorrow with his family for his ranch in Buffalo, Wyo., to rest and ride and get acquainted with his new son.
