

High Winds Continue to Pummel Michigan

Pontiac Press Photo by Edward R. Noble

Snow Was Nothing But Fun For Pontiac Youngsters

Storm Brings Power Failure, Many Crashes

Blackout Hits Areas of West Bloomfield, Commerce in Night

Snow and bitter cold winds sweeping across Oakland County through the night were responsible for electric power failures in several communities and scores of traffic accidents.

Some 3,100 Detroit Edison Co. customers were without power at various times. 2,000 of them in West Bloomfield and Commerce Townships where fallen insulators caused a blackout from about 10 p.m. to 2-30 a.m.

Oscar D. Loomis, maintenance superintendent for the county road commission said snow blowing across highways was posing a major problem to motorists.

Nearly 60 pieces of road equipment have been pressed into service since about 7 p.m. yesterday in an attempt to keep roads clear.

Department of Public Work crews in Pontiac worked throughout the night in putting city streets in condition for motorists.

HARDEST HIT

The storm hit hardest on expressways, icing bridges and catching many motorists unprepared to cope with fish-tailing cars.

Ice-covered roads led to a pair of multiple accidents on I-75 last night within three hours.

Three pickup trucks and three autos piled up at 6:30 p.m. at the Baldwin overpass in Pontiac Township.

At 9:40, five cars slammed together near the Joslyn overpass. (Continued on Page 2, Col. 3)

Snow Is Expected to Keep Piling Up

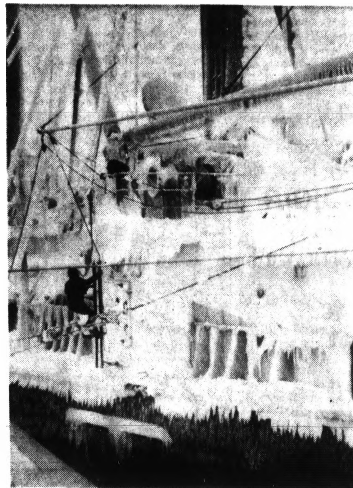

Ol' Man Winter paid an early visit during the night, buffing and puffing with 25 to 40 mile per hour winds.

Whirling snow measured three to five inches early this morning and another four inches is predicted by nightfall.

Temperatures are expected to fall again into the low 20s.

Partly cloudy and continued cold is tomorrow's forecast and colder with snow flurries is the outlook for Thursday.

The mercury tumbled to 23 at 4 a.m. today in downtown Pontiac. At 2 p.m. the thermometer registered 33.

AP Wirephoto

ICE-LADEN VESSEL—This ice-coated ship, the Tregles from London, appears to have weathered a North Atlantic storm as it arrives at the Soo Locks with 10,000 tons of grain from Duluth, Minn. Icicles jut out all over the ship, causing hazards for the crew.

Sen. Proxmire Sees Split Over Tax Hike

WASHINGTON (AP) — Sen. William Proxmire predicted today a sharp division in the new Congress over the issue of possible tax increases.

Proxmire said in an interview the Senate-House Economic Committee he is in line to head in the 1967 session may furnish a prime example of disagreement over taxes when it begins its annual review of President Johnson's fiscal proposals.

The Wisconsin Democrat noted that he has opposed any tax increase while Sen. Jacob K. Javits, R-N.Y., top Republican on the group, has been plugging for a boost in the income levy for several months.

"I am sure there will be a sharp division of opinion over whether any tax increase is necessary," Proxmire said.

GOP Gov. Clifford P. Hansen of Wyoming, checking in for his new role as a senator, told a news conference yesterday he thinks Congress ought to take a hard look at possible budget economies before it considers any tax increase.

He said he believes there are opportunities for spending reductions in domestic programs and in foreign aid.

For example, the new law which permits taxpayers to divert \$1 of their tax — \$2 for married couples filing joint returns — to a presidential campaign fund doesn't go into effect for another year.

The form to be filled out in early 1968 for 1967 taxes will include a small box to be checked by the taxpayer if he wants to do this.

Major Roads in U. P. Open; Ship Sends SOS

Car Ferry Remains Stuck Off Ludington With 181 Aboard

By The Associated Press

High winds continued to pound Michigan today, piling up snow into seven-foot drifts, disrupting electric service, forcing schools and some government offices to close, and bringing an SOS from a stranded ship.

State Police reported all main roads have been opened in the Upper Peninsula, freeing some 1,000 persons marooned by the storm yesterday.

With gusts of up to 60 miles per hour whipping Lake Michigan into a pounding surf, the Wisconsin-to-Michigan car ferry City of Midland 41 remained stuck on a sandbar off Ludington with 181 passengers and crewmen aboard.

Across the state in Lake Huron, the grounded German freighter Nordmeer sent out a distress signal for help for the seven seamen aboard, and a Coast Guard cutter was dispatched to the scene.

The crewmen were left behind to tend the Nordmeer after she went aground about 10 days ago 12 miles northeast of Thunder Bay Island. The other members of the 40-man crew were flown to Germany.

WIND SQUALLS
Weather forecasters said that although snow had diminished in the Upper Peninsula, wind squalls would continue to make life miserable over much of the state, especially in the northeast.

The severe storm snarled traffic in the Detroit area, where drifts of up to two feet were reported in some sections. About 100 suburban schools were closed.

In Lansing, where about six inches of snow fell overnight, some state offices were closed. A spot check by the Civil Service Department showed about a 30 per cent absenteeism. Normal absenteeism is less than five per cent.

The snow stranded some 225 cars and seven buses near Engadine in the southern part of the Upper Peninsula Sunday night and yesterday morning. Some 500 persons took refuge in the Engadine Town Hall.

About 400 of the stranded motorists were students en route back to Michigan Technological University at Houghton, returning from the Thanksgiving holiday.

City Suspect Arraigned in State Slaying

A man arrested by Pontiac police three days ago on a vagrancy charge was arraigned last night in Huron County for the alleged murder of an elderly retired farmer.

Thomas L. Ward, 45, who gave his local address as 38 E. Pike, was ordered held without bond following his appearance before Verona Township Justice John Guza.

Ward demanded examination on the first-degree murder charge, but a date for the hearing was not immediately set.

Huron County Sheriff's Deputy William Gill said Ward is charged in connection with the fatal bludgeoning of Orville Hill, 70, of Harbor Beach.

Hill's body, his head beaten with a heavy instrument, was found Nov. 25 in the apartment where he lived alone, according to investigators.

APPARENT MOTIVE

Gill said apparent motive for the slaying was robbery.

Between \$600 and \$1,000 was said to have been taken from the dead man.

Ward, when picked up by Huron County authorities Sunday at the Oakland County Jail, had \$702 in his possession, Gill said.

Also being held for questioning in the case are David L. Crandall, 49, of Vassar, and Rosio C. McClure, 45, who gave his address as 118 W. Lawrence.

U.N. Refusal to Seat China More Emphatic Than in '65

UNITED NATIONS, N.Y. (AP) — By a more decisive vote than last year, the General Assembly refused today to seat Red China in the United Nations. It was the 16th time the Peking government had been barred.

The 121-nation assembly voted 57-46 to reject a resolution calling for the expulsion of Nationalist China and the seating of the Peking government in all U.N. bodies. Seventeen countries abstained. Laos did not participate.

The vote on an identical resolution last year was 47-47 with 20 abstentions. The total membership then was 117. Two members did not vote and one was absent.

Today's rebuff to the Chinese Communists came after the assembly had approved a U.S.-supported resolution reaffirming that the Chinese question was an important one requiring a two-thirds majority. The vote on that was 66 to 48 with seven abstentions.

As in the past, Britain and France split with the United States and voted for the pro-Peking resolution sponsored by a group of Communist and non-aligned countries.

Albania, Cambodia and other countries sympathetic to Peking led the fight to seat the Chinese Communists.

FORMER CHAMPIONS

The Soviet Union and India — former champions of Peking — voted yes, but gave only lukewarm support to the bid.

There was speculation that an Italian proposal to have a special U.N. committee study the question for a year might carry, opening the way for a solution to the 16-year-old stalemate.

Sewer Plan on Agenda for City Officials

The City Commission tonight will be asked to approve a contract to begin planning for a \$7½-million project to separate combined storm and sanitary sewer systems in the north half of the city.

Only a portion of the proposed contract is to be carried out immediately, as recommended by Joseph E. Neippling, director of public works and service.

Neippling wants plans drawn for \$300,000 worth of separation work to dovetail related sewer construction planned for 1967 by the Fisher Body plant.

The plant is to provide for a separation of about one-third of its internal sewer system, now a combined storm and sewer system, according to Neippling.

The city, meanwhile, should construct a separate system to receive the segregated flow from the auto body plant.

Neippling said the bulk of the industrial waste flowing into Osborn Lake would be removed to the 16-year-old slatemark. (Continued on Page 2, Col. 1)

AP Wirephoto

SURVIVING QUINT — Roni Sue Aranson, the only survivor among girl quintuplets born Saturday to Mr. and Mrs. Michael Aranson of Pittsburgh, Pa., has passed the critical 72-hour mark. The sounds of cries from the infant indicate she

is free from the respiratory difficulty that claimed her four sisters. Doctors caution that there are many hurdles ahead, but rate the baby's chances for survival as good.

For Clinton River Flood Basin

Regional Control Pushed

By L. GARY THORNE

Support is being marshalled for regional control of the flood control basin of the Clinton River, the often muckish stream that meanders nearly 200 miles across Oakland and Macomb counties.

Essentially, the drive by a group of Macomb County communities is to gain some control over the river's flood plain or water shed area, which, in turn, would provide some voice in some of the other problems of the river, most importantly pollution.

The current specific proposal is for the widening, deepening and strengthening of the wandering river that stretches haphazardly from Springfield Township to Lake St. Clair.

Eight petitions have been filed to establish a drainage district

encompassing the 761 square miles of the Clinton River basin. A hearing on the petitions has been scheduled in Mount Clemens for 11:30 a.m. Thursday.

Object of the petitions is to create a drainage district board, which would be composed of representatives from the affected counties—Oakland, Macomb, Lapeer and St. Clair—and the State Department of Agriculture.

This board, after a study and a second hearing determines it necessary and practical, would be empowered to carry out projects to improve the historical river. Such work would be financed by those in the drainage district.

Establishment of the river as (Continued on Page 2, Col. 5)

'Rebuilding of Cities Task for Businesses'

WASHINGTON (AP) — Bank-
er David Rockefeller told sena-
tors today the rebuilding of
cities is primarily a task for
private enterprise.

Nevertheless he said, in testi-
mony prepared for hearing of a
Senate Government Operations
subcommittee, the share of pub-
lic funds needed for urban reha-
bilitation "will very likely have
to grow larger."

"Many of our large cities
have just about reached the lim-
its of their taxing capacity,"
said the president of New
York's Chase Manhattan Bank.

He added: "They cannot go
much further without driving
away business firms, and in-
deed many of the present resi-
dents."

SOME MEANS

"Since the financial needs of
the cities continue to grow, it
seems to me that some means
must be found to channel more
federal and state funds to the
cities."

Rockefeller was listed as the
first witness in a new round of
subcommittee hearings on prob-
lems of cities and what the fed-
eral government should do
about them.

Sen. Abraham A. Ribicoff, D-
Conn., the chairman, said in a
prepared opening statement
that this round will focus during
the next three weeks "on the
private sector of our national
life — on the nongovernmental
resources that must be encour-

aged to participate in the mas-
sive task of rebuilding urban
America."

Rockefeller said that govern-
ment funds were important as
"seed money" in the task of
urban rehabilitation.

INVESTMENT

But, he added, "it is well to
recognize that in improving our
cities, capital investment is
needed on an immense scale —
an estimated \$5 of private capi-
tal for each \$1 of public funds."
"To raise such substantial
funds, we must make invest-
ment increasingly attractive."

Rockefeller said any success-
ful attack on the cities' prob-
lems must have "over-all goals
and guidance."

"Housing, schools, traffic and
pollution are all part of the
same organic system. To be
effective, any approach must be
related to broader goals and
patterns, to the entire scope of
the problem."

"Otherwise, we may well end
up with a series of spectacular
superhighways connecting hun-
dreds of squalid cities."

White House Recollections

WASHINGTON (AP) — Some
folks who lived in the White
House gathered there again and
talked about it all.

They remembered:

—Live bats living in a second-
floor chandelier, said President
Benjamin Harrison's grand-
daughter, Marthana Harrison
Williams.

GRANT RELATIVE

—A roughhouse one Christ-
mas that left all the Franklin D.
Roosevelt sons bruised through-
out the holidays, recalled Miami
Beach Mayor Elliott Roosevelt,
one of those five sons.

—And 80-year-old Madame
Julia Child, granddaugh-
ter of Ulysses S. Grant, said she
was not only born in the White
House and christened in the
East Room, "but received in the
Blue Room — in my nurse's
arms."

It was all part of a homecom-
ing party staged Monday after-
noon by Mrs. Lyndon B. John-
son to launch a new book out
today — "The Living White
House" — which she said pro-
vides revealing glimpses of the
lives and times of the 34 fami-
lies who occupied the White
House since 1800.

Stranded on Lake Fun in the Blizzard

LUDINGTON, Mich. (AP) —
Safe and snug, 128 passengers
aboard a car ferry marooned in
a raging blizzard rode out the
storm by "playing cards, eat-
ing, sleeping and enjoying
themselves."

Capt. Henry Gates described the
scene today aboard his car
ferry, City of Midland 41.

Gale winds drove the 470-foot
vessel onto a shoal Monday at
the channel entrance to Luding-
ton, a resort port off Lake Michi-
gan.

A breakfast "ranging from
scrambled eggs to french toast —
most anything they want,"
was being prepared for the pas-
sengers today, Gates told a
newsperson by radio-telephone.

"There's no danger whatso-
ever," said 2nd Mate Charles
Carrier, 32, one of the 56 crew
men aboard the 4,000-ton vessel.

The 64-year-old captain, mas-
ter of the City of Midland the
past several years, said every-
body was "warm and comfort-
able" despite the 30-degree
temperatures and winds up to
50 knots. The car ferry has 60
staterooms.

Officials at Ludington harbor
said they expect the high winds
to let up during the morning

to tow the car ferry off the sand
bar.
Gates said the wind was di-
minishing enough to allow a tug
allowing towing operations to
begin.

Freedom Budget Offers Formula to End Poverty

By WHITNEY M. YOUNG, JR.,
Executive Director
Nelson Urban League

The last several years have witnessed an increasing national commitment to ending the poverty which haunts our land. More than 30 million people must struggle to exist on budgets below the poverty line set by the U.S. government, and almost as many millions more are not much above that subsistence line.

This is not a racial question—the overwhelming majority of the nation's poor people are white.

Despite the growing awareness of the problem, present proposals to attack poverty tend to be piecemeal and underfinanced. It is as if the nation knows what must be done, but hesitates to make the necessary effort.

Programs such as the War on Poverty are effective and important, but to make a maximum impact they must be part of a master plan to eliminate poverty within a given period of time.

A few years ago I called for a domestic Marshall Plan which would do for the American poor what the original Marshall Plan did for war-torn Europe. Just as that stricken continent was assisted to its present prosperity

by a well-planned massive effort, so too should America's poor be assisted out of the dependency and poverty which traps them.

SIMILAR PRINCIPLE

Now the A. Philip Randolph Institute has released its Freedom Budget, based on a similar principle, and including specific cost estimates for the various programs which are needed.

All of the major civil rights and labor groups, and many others as well, are backing it. Many, like the Urban League, have given their assistance and cooperation to the plan.

This is important, because while we often hear of the strife and disagreements between these groups, we now have an example of joint action for the good of the nation.

The basic premise of the Freedom Budget is that true democracy should include freedom from want, and that poverty has no place in a nation as rich and abundant as ours. It offers a 10-year program to wipe out poverty.

BENEFICIAL MEASURES

The program includes measures which would bring about full employment; assure adequate incomes for all (about 20 per cent of those in poverty work for substandard wages); guarantee an adequate income for those who cannot work; end slums with massive housing and urban renewal programs; provide medical care and good education for all; conserve our national resources and develop adequate transportation for all; and sustain a high rate of production and economic growth.

The Freedom Budget not only suggests what should be done, but also how it can be done. The main problem with proposals for expanded domestic programs is that objections are raised about their cost.

While the cost of these programs may come to about \$185 billion over the 10-year period, there will be no need to raise taxes or cut back on other federal programs; indeed, it envisions more federal spending on defense and space.

The Freedom Budget can be financed out of the continued growth of the economy. It envisions a growth in output of about 5 per cent per year. Thus present tax rates will produce enough to finance these necessary programs.

COOPED — A refuse receptacle attached to lamp post serves as a pen for this crying Spanish youngster in Madrid. Apparently, his mother needed freedom of movement.

LBJ's Social Aid Forest Hides Trees

As President JOHNSON begins his fourth year as the Nation's chief executive, he and the new 90th Congress could render yeoman service to the Country by declaring a moratorium on any but urgent legislation and addressing themselves to bringing order out of the legislation spawned by the zeal of the 89th Congress. During the two-year orgy of legislation which ranged from good to bad, Washington passed 21 new health programs, 17 new education programs, 15 new economic development programs, 12 new programs for cities, 17 new resource development programs and four new manpower training programs. These programs are administered by such a variety of Federal agencies that it is almost impossible for small town officials to know what money is available for what purposes or even where to go for information.

American Torch of Liberty Beckons Cubans

The orderly airlift of Cuban refugees to Miami may be unique in history. In the first year of its operation some 45,000 Cubans will have arrived in Miami. The U.S. Department of Health, Education and Welfare, which administers the program, reports that of these, 76 per cent agree to immediate resettlement that provides free plane fare and a "transitional" allowance of up to \$60 an individual or \$100 a family. The others remain in the Miami area. The relative-to-relative airlift only supplements an earlier mass migration to this country of Cubans unwilling to go along with the Cuban regime. In addition, a much smaller but almost as steady trickle of refugees escapes in tiny boats, often homed.

Will Welfare State Prove Frankenstein Monster?

In a recent address, Nobel Prize winner Dr. WILLIAM SHOCKLEY theorized that our humanitarian welfare programs have already emphasized high and irresponsible rates of reproduction to produce a socially, relatively unadaptable human strain. "Such a possibility, which in principle need not be racially selective, can project in half a century to a fivefold increase in relief burden as the welfare segment of our population increases from the present one person in 25 to about one in five," is the scientist's view.

China on Fringe of Lunacy

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON — In less than 35 years, mainland China has moved from a dilapidated, medieval condition, complete with war lords, to one of the great powers of the earth, but with a difference. It is united but only to the extent that it is controlled by one organization, the Communist party, and one group of chiefs, the party leaders under the thumb of the father of it all, Mao Tse-tung. But it is so ripped by internal dissension that it looks like a nation on the fringe of lunacy, acting out a fantasy. Even the rest of the Communist world seems stupefied by the antics of the Red Chinese leadership and, over the week-end, the Soviet Union called on the Chinese to put a curb on Mao. Under him, China has had one disaster after another in foreign relations, climaxed by their break with the Soviet Union, onetime partner and biggest neighbor. What seems to have happened is this: Mao failed to rivet control, or at 72 he got careless about it; or some of his top lieutenants, anxious about the future of the country or hungry for power of their own, began to plot or disagree among themselves on the succession to Mao when he dies or fades; or Mao, inflexible to change, sticks to a

Sen. EDMUND S. MUSKIE, D-Maine, trying to find his way amid the legislative labyrinth, observed that Federal aid expenditures to the states and municipalities have risen from \$1 billion in 1946 to \$15 billion this year and are expected to go to \$60 billion by 1975. The senator pointed to 170 different Federal aid programs on the books, financed by over 400 separate appropriations, administered by 21 Federal departments and agencies, and aided by 150 Washington bureaus and over 400 regional offices empowered to receive applications and pass out money. In view of the fiscal wilderness thus created, common business prudence and principles of efficiency should lead LBJ to exchange his salesman's hat for an administrative headpiece, and work to co-ordinate the manifold facets of social legislation into a cohesive and functional concept.

Before He's Even Invited In!

David Lawrence Says:

Campaign Subsidy Unparalleled

WASHINGTON — President Johnson signed into law the other day a bill that establishes a strange precedent. For the measure gives the citizen the right to say whether or not the federal government shall spend his tax money to pay some of the expenses of a political campaign for the president. Nothing like this has ever been authorized before, and it opens the way now to further stipulations by the taxpayer who may not wish his funds used to finance various federal projects if he deems them wasteful or unwise. Mr. Johnson knew, of course, that the bill hadn't been carefully studied and was passed hurriedly in the last few days of the recent session of Congress. But evidently he didn't want to antagonize some of his friends on Capitol Hill who seemed eager to see the measure enacted. As soon as Congress reconvenes, however, something will have to be done to clarify the anomalous situation in which it apparently now is to be lawful to spend taxpayers' money for political campaigning.

platform many taxpayers disapprove. While it is true that 50 per cent of the contributions is to go to one major party and 50 per cent to the other, the fact remains that the taxpayer would, in effect, be giving financial aid to a party in whose platform he does not believe or whose candidates he doesn't wish to support. Might he not demand that he be allowed to designate that his contribution go only to his own party or to the candidate he wants to vote for?

Bob Considine Says:

Ghosts of WWII Heroes Roam About Corregidor

CORREGIDOR — The ghosts of Douglas MacArthur and Skinny Wainwright roam this place where the American flag bit the dust and rose again in glory. You can feel their presence in every anointed ruin. You have the eerie feeling that you'll run into them and their ragged-but-unruffled men just around the next bend in the road. The pathetic old guns we planted here in the old hope we could make the place impregnable stand rusted and warped and shrapnel-pocked today. Melinda Tunnel, the final redoubt as Japanese troops swarmed across the water from Batan early in May 1942 is as cool and silent as any other tomb.

In Washington:

Self-Help Phase in Rights Battle

By BRUCE BLOSSAT
WASHINGTON (NEA) — The Negro movement in the United States is heading toward a new phase of self-help which, by a twist of irony, owes something to the largely discredited Stokely Carmichael's cry of "black power." This is not to be self-help disdainful of all cooperation with the majority white community, as the SNICK leader proposes. Responsible Negro moderates regard this as extremist nonsense productive of nothing. But they appear to be borrowing from him the idea that Negroes can get a lot of things going without waiting around for white initiative. In Philadelphia, for instance, there is scheduled an all-day education workshop under sponsorship of an all-Negro group called "Men Concerned." Participating are Negro lawyers, businessmen and others active in "center city" affairs. A Philadelphia civil rights leader says that from here on the city probably will see considerable emphasis on Negro-sponsored programs of this sort, many more enduring, of course, than one-day workshops. The responsibilities in the Negro community across the nation are, on the whole, a sophis-

Voice of the People

'Burlesque in Bad Taste in Thanksgiving Parade'

Our family enjoyed the Thanksgiving Day parade from Detroit very much. But we were shocked to see the parade from New York begin with a burlesque chorus line in very skimpy costumes. We feel this was very bad taste since the parade is supposed to be for children who were watching to see Santa. If TV continues to show women almost in the nude, then we shouldn't be surprised at the rise in rape and sex crimes. Children should be educated regarding sex in a proper manner, not from the TV screen. MRS. JOSEPH E. COOL, AUBURN HEIGHTS

Appreciates Support of League of Blind Sale

The Pontiac League of the Blind wishes to show our appreciation to the many friends of the blind who helped make our annual sunflower sale a huge success. We feel deep gratitude not only over the financial aspect but that the public is backing us in our efforts to establish a Blind Center for the Adult Blind of Pontiac and surrounding area. IRENE WARD, SECRETARY, PONTIAC LEAGUE OF THE BLIND, INC.

Needs Coaching in Grievance Procedures

I would like to hear from other members of local unions. How long does it take to get a hearing date set up after a grievance has been filed and also a formal notification that we are requesting arbitration? I have been waiting since September 7. Also, is this matter to be filed with the Michigan State Labor Mediation Board? MARIE A. FORD, AUBURN HEIGHTS

'Three Years Can Make a Big Difference'

Eighteen-year-olds are not mature enough to make decisions which could affect the whole country. A high school graduate thinks he knows everything. He has voted in mock elections. His parents have tried to make him accept their party preference. To prove his independence, he might vote for the opposite party regardless of merit. Teachers trained in socialism could sway his thinking. He could let appearances and not principles guide him. By the time he is twenty-one, he will have had a little time to judge the world as it has affected him personally. He may have found out his parents were not as stupid as he thought. He may have learned to stand on his own feet. Perhaps he will be ready to vote! PATRICIA HASLOCK, DAVISBURG

Question and Answer

Since the cancer scare about cigarettes, some new rules were set up to govern cigarette advertising. What does this new code specify? EX-SMOKER

REPLY

Nine major cigarette manufacturers agreed in 1964 that advertising may not recommend smoking as essential to social prominence, success or sexual attraction; may not use health arguments unless based on scientific data; may not depict smokers under 25, or carry testimonials from athletes, entertainers or others appealing to persons under 21; may not appear on television and radio programs or in publications directed at persons under 21, nor appear in college publications. Sample cigarettes may not be given to persons under 21.

a virtual remaking of U.S. urban society.

The project is a favorite of Randolph's chief associate, Bayard Rustin, and may be laid before Washington by no less prestigious a figure than Sen. Robert F. Kennedy and some others. But a knowledgeable Negro spokesman says that for all practical purposes this monumental proposal is dead. Where the "self-help" notion grabs Negro leaders hardest is in the political field. They are well-aware that "white backlash" cracked sharply in California, Illinois, New York and some other places. The lesson of recent riot and other excesses is not lost upon them. Nevertheless, they choose to be greatly encouraged by the 1966 election results in many areas. One cheering event: Election of 133 Negroes to legislatures in 21 states, a pickup of 60 from 1964. Others: The decisive effect of Negro votes in the election of U.S. Sen. Ernest F. Hollings in South Carolina and Gov.-Elect Winthrop Rockefeller, Republican, in Arkansas; the 35-1 Negro vote in Baltimore against Democrat George Mahoney (your home for your castle), who was beaten for governor of Maryland. In state after state, Negro activists are pinpointing these examples of their voting power at work. Their goals for 1967-68 in politics are therefore simple — to register hundreds of thousands more Negroes and put up far more Negro candidates for public office at all levels in the next elections.

Board Acts on Rezoning, Opens Car Bids

The Waterford Township 11 new cars for the police and Township Planning Commission Board last night took action on building departments. and Oakland County Coordinating two rezoning requests / and Concurring with previous rezoning. Planning and Zoning Commission opened bids for the purchase of recommendations by the Waterford mittee, the Township Board approved one rezoning request and denied another.

Approved was a proposal to change zoning from local business (C-1) to general business (C-2) for three lots on the north side of West Huron near Josephine for a health club, dry cleaning establishment and office.

Denied was a request to rezone from single family residential (R-1A) to C-2 part of a lot

Related Story, Page B-8

on Hatfield near Dixie Highway for a retail furniture store and auction house.

A few Hatfield residents attended last night's meeting to protest the proposed zoning change.

LOCAL FIRMS

Bids for the 11 1967 model cars were submitted by five local firms — Beattie Motor Sales, Inc.; Pontiac Retail Store; Matthews-Hargreaves Chevrolet; John McAduliffe Ford, Inc., and Kessler-Hahn Chrysler-Plymouth.

However, net bids were not immediately completed by township officials who referred quotations to the vehicle committee for further study.

The companies, generally, turned in bids for both two-door and four-door models. Trade-ins also are figured in net bids.

Specifications called for all cars to be four-door sedans, equipped with automatic transmission and power steering. The six patrol cars are to have a minimum 360-horsepower engine.

BUILDING DEPT.

Three of the remaining cars are earmarked for use by the building department. The other two vehicles will be driven by police detectives.

In other business last night, the board approved a request for transfer of a 1966 SDD and SDM licensed business at 4298 Dixie from Donald Schroeder to Earl and Charles Hotchkiss.

However, a request by Nick-

News of Waterford

olas W. Loidas for a poolroom cussed at a joint informal meeting of the Township Board and board of education at 7:30 p.m. tomorrow at the school board building, 3101 W. Walton.

The property presently is zoned C-1. A poolroom calls for commercial recreation (RA-2) zoning in accordance with the township zoning ordinance.

TRACTOR, MOWER

In still other business, the board authorized Robert Snyder, cemetery department supervisor, to solicit quotations for a new tractor and mower.

A request by the National Foundation, March of Dimes, to conduct a fund-raising and health program campaign in the township also won board approval.

Supervisor Dorothy W. Olson recommended the board continue negotiations with Waterford Township Professional Fire Fighters, Local 1335, following next Monday night's meeting.

In bargaining for a 1967 contract for firemen, noneconomic issues will be discussed first. Mutual problems will be discussed.

Army Probes Copter Crash

FT. RUCKER, Ala. (UPI) — The Army continued its inquiry yesterday into an in-flight collision of two training helicopters which killed four student pilots including a Michigan man.

The two UH-1 crafts burst into flames Friday after colliding five miles south of Samon, Ala. The Army said the victims in Coloma, Mich.

Ex-Teacher Dies

DETROIT (AP)—Services for Mrs. Lena Gutches of Highland Park, a schoolteacher in Detroit for more than 40 years, will be held in suburban Royal Oak Thursday. Mrs. Gutches died Monday at the age of 83. Burial will be at her native Almont.

Our Oil Man? Sure, and That's Not All

He's Our Top Insurance Man, as Well

He makes sure that we always have plenty of oil in our tank, without our ever having to think about it. Or better still, without the possibility of the tank running dry and freezing us all on a cold night.

He can give us complete oil burner service if we should ever need it. He also meters every ounce

of oil he delivers accurately. An H. H. Smith contract insures us of the smallest possible monthly payments and in case of sickness or accident we're protected against any fuel oil payments until everything is OK again.

That's a terrific load off anyone's mind, believe me, we know from experience.

Add all that up and an H. H. Smith contract spells **INSURANCE** with a Capital I. That I, means you and me and hundreds of happy families like us who can't afford to take chances on heatless houses or high monthly payments, or any payments at all when illness hits or an accident happens. So play it safe like we did and call . . .

Utica Projects Aired

By SUSAN OWEN

At a recent meeting of the Utica High School Student Council project discussions included getting the apple machine fixed and available to the student body again, a Christmas dance and a computer dance.

Decisions will be made after students voice their opinions about the projects.

Another suggestion thrown into the ring of SC business was the changing of the alma mater, but the proposal was unanimously voted down.

Another group, the Teen Club, has formed at UHS.

The club is sponsored by the Utica Community Schools with Gene Collins, swimming coach, directing the activities.

UHS has a new group of student teachers. Carlo Lamberti teaches under the guidance of Arthur Adriani in geography; Leonard Jagello under Robert Dilday, Science; Mary Anne Vizardo under Vernal Morrow,

physical science; and Norman Champagne under Donald Haynes.

Junior Barbara Nelson won the American Wool Council Home Economics Award for a white wool dress and a red wool coat.

She competed against six counties, with 120 entries.

Statewide competition will be held at Michigan State Dec. 10. The winner of this contest receives a college scholarship and a trip to Europe.

GAA has a hayride scheduled for Dec. 13 at Green Acres recreation.

German Club also has a hayride scheduled for Dec. 11 at Hayridge Lodge.

UHS has a new group of student teachers. Carlo Lamberti teaches under the guidance of Arthur Adriani in geography; Leonard Jagello under Robert Dilday, Science; Mary Anne Vizardo under Vernal Morrow,

WKHS Stresses Traffic Safety

By DONNA FURLONG

Students at Waterford Kettering High School are getting back to the grind after the long holiday weekend.

This week, Nov. 27 through Dec. 3 is Traffic Safety Week. A representative from Automobile Club of Michigan was to discuss this problem during an assembly. It was cancelled due to the storm.

A short skit on the traffic problem on a typical day at Kettering was also postponed.

Committees have been set up to help stimulate a better attitude toward traffic safety.

Doug Ledger is committee coordinator, assisted by Georgia Burklow, Chris Hall, Diane Kampson, Paul Romein, Cheryl Castelli, and Libby Sterling are committee chairmen.

Traffic violators are on guard. A white and green winged warrior will be roaming the halls putting terror into the hearts of all.

Recently Dan Gironx joined 60 journalism students for a "Day in the Navy."

During the day Dan and the group saw realistic maneuvers and heard interesting discussions.

The highlight was touring the submarine Cero.

The WKHS girls' basketball team is now being organized. Student dues are being collected. The money raised goes to pay for repairing damaged furniture, flowers, activities and other Student Council projects.

Milford Hears Expert on Teens

By PAULA MIREAU

Donald Lonie, an expert on teen-age problems, recently spoke at Milford High. He stressed three necessary components that are needed to make up a well balanced person; education, social acceptance, and religion. He feels that the main problem is the fear of being different but "it's possible to be different without being socially obnoxious."

Pontiac Press Photo

BIG SUCCESS — Seaholm High School Students Nancy Underwood of 898 Mohegan, decorations chairman, and Linda Bryant of 423 Berwyn, both of Birmingham, decorate

for The Open Hearth, the annual American Field Service-Youth for Understanding dance. Held in the school's cafeteria, it followed an English hunting lodge motif.

Clarkston

Because of the dilgence of the newly formed Journalism Club, Clarkston High School now boasts a new school newspaper, The Wolf Cry. The Wolf Cry is published biweekly.

Members of the staff, under the direction of faculty advisor Linda Murro, include Carol Quertermous, editor; Judy Weeks, coeditor; Bob Nicolson, sports editor; Trudy Beals, business manager; Mark Cowan, Joan Willis, and Patti Mulcrone, page editors.

Reporters are Nancy Bullard, Ginny Conrad, Pam Gaults, DeLynn Hagadone, Emery Haynes and Mike Kaul.

Ski Club chose Tom Bullard, president; Leslie Bell, vice president; Margie Bullard, secretary-treasurer.

Roger Thompson, faculty advisor of the Ski Club, has made plans for the annual ski trip. Members will spend the week-end skiing at Nub's Nod and for evening entertainment will attend The Pontiac, a popular teen night club in Harbor Springs.

As in the past, the overnight

quarters will be provided by the Wolverine Sports Camp at Wolverine.

Clarkston's Board of Education recently approved the purchase of new robes for the Varsity Choir and new uniforms for the band.

The choir's robes will be blue with white and gold reversible stoles.

Sacred Heart

Two important elections were held recently at Sacred Heart.

The Sodality Council elected as its president Mary Helen Lorenz, and as members of her committee, Susan Reck, Mary Vieson and Carole Sehn.

Debate club officers are Judy Pfistill, president; Patricia Popp, vice president; and Molly Reynolds, secretary.

The hockey team attended Play Day at Liggett School.

Jean Summerfield and Sheila Gray were awarded positions on the All-City Second Team.

CENTER FORWARD

Mary Agnes Pelton is the center forward on the reserve team.

Cranbrook

By RICHARD BLOKEY

Cranbrook recently participated in an annual seminar known as the Lake Erie Conference.

Discussions and lectures began Friday night and lasted until Sunday.

The Conference was held this year at the Aurora Inn in Aurora, Ohio, due to lack of room at Oberlin College, which has hosted the seminar in past years.

The entire trip was organized through the Cranbrook Church Cabinet.

Five Cranbrook boys chosen to attend were Tom Payton, Bob Snyder, Stu Bloomberg, president of the Church Cabinet, Fritz Reith and Chris Beoff. They were joined by an equal number of girls from Kingswood School.

CHAPLAIN IS SPEAKER

The speaker was the Rev. Ben J. Anderson, Chaplain of Smith College. His topic was: "Christianity — Conformity?"

He expressed dissatisfaction with today's society and said that we must form a new community based on love, involvement,

and concern for our fellowmen. Only when we love God can one love others in the proper way.

Brother Rice

By GARY MILLER

An open meeting of the Student Council of Brother Rice High School was held yesterday during an assembly period in Rice's gym.

Tim Branigan, vice president, opened the meeting with a prayer. Brian Murphy, secretary, read the minutes of the last meeting and Dave Colombe, treasurer, gave the treasurer's report.

Committee reports were heard after an invitation from John Hildebrand, president.

Under the topics of old and new business were the Christ-coach William Norton during a mas dance, rewriting the Constitution, and preparation for the team's first plans for purchasing a dingo game against De La Salle.

VARSTY BASKETBALL

The 1966-67 Brother Rice Varsity Basketball team was presented to the student body by coach William Norton during a pep rally. The pep rally was in preparation for the team's first game against De La Salle.

U.N. PAGES CHAIRMAN

Sister Kenneth Marie, social studies teacher, was chairman of the freshman U.N. pages.

The Secretariat, presiding body of the U.N., included Deborah Uetz, president; Maureen Savage, secretary; Susan Slavin, the Silent Secretary; and Kathleen Andies, arrangements chairman.

Marian's Future Nurses Club recently elected officers for 1966-67.

Barbara Barrett, senior, was elected president and Lynn Lepisto, junior, vice president; Katherine Zafarana, senior, secretary; Diane DePudat, junior, corresponding secretary; Virginia Carry, senior, treasurer.

At Kingswood

By CATHY SHINNICK

Saturday is an important date for Kingswood sophomores for from 8-11 on that night the annual sophomore dance will be a reality.

This is the first and only chance for the class of '69 to test its imagination, organizational abilities and spirit.

Besides filling the auditorium with noise, the dance is to provide sophomores an opportunity to make money from the sale of tickets.

The goal of the reigning sophomore class is to surpass profits from dances of yesteryear.

This year, sophomores are hoping that the Offsprings and the theme of Plum Street will prove irresistible.

PLUM STREET

The decoration committee intends that those people who come to the dance will feel as if they were walking down Plum Street in Detroit.

The effect will be slightly Bohemian with arty store fronts to give an impression of Greenwich Village, and a coffee shop called the Pitt where exhausted or thirsty participants can take a break.

Chairmen are Camille Wilson, food; Nina Taheri, tickets; Dee

Seaholm Dance Is Successful

By HOLLY ALFS

The Open Hearth, Seaholm High School's Annual Thanksgiving dance, sponsored by the American Field Service — Youth for Understanding committee, was a big success.

Highlight of the Maple Room was the huge fireplace with a genuine grizzly bear rug in front of it. Many students sat around the cozy fire to rest tired feet.

The rest of the cafeteria was decorated in an English hunting lodge motif.

The Piety Hill Chapter of the Daughters of the American Revolution is again offering a good citizen award to a SHS senior girl.

All senior girls are eligible and will be judged on the qualities of dependability, service, leadership and patriotism. The winner will be announced next week.

SHS students recently organized "Le Cercle Francais." Heading the new French club is A. A. Cheoney. Miss Cheoney is a language teacher at Seaholm.

Upcoming activities include dinner at the Pontchartrain Wine Cellars to hear Philip Estramon, a French pianist with the Detroit Symphony Orchestra, and Christmas caroling in French.

A. A. Stoner is sponsor of the new Rocket Club. Miss Stoner will assist members in preparing and launching rockets.

Pontiac Central Thespians Earn Money for NY Trip

By CHRIS BLAKENEY

Twenty members of Pontiac Central Thespians Club are earning money now for a trip to New York City at Easter time.

During the four-day stay they will visit behind the scenes and attend Broadway and off-Broadway productions.

Varsity cheerleaders elect

Marian Holds Model U. N.

By PATRICIA POLMEAR

Marian High School's fifth annual Model United Nations (MUN) was recently held in the school gym.

"It was simply wonderful, so exciting, and much greater than I had ever anticipated," was how one delegate summed up this weekend of tension, satisfaction, and flaring tempers.

Over 150 students from Marian and Brother Rice, representing 51 countries, participated in the two-day session.

Delegates were judged on the quality of their research and participation in both committee and in General Assembly.

Judges were Kathleen Darga, Marygrove College, Detroit student; Sister Mary Arthur, history department head, St. Vincent's, Detroit; and Carl La-tona, social studies department chairman, St. Augustine High School, Richmond, Mich.

U.S.A. WINS AWARD

The United States of America delegation, consisting of Margot Prokop, Kathleen Hartman, and Maureen Phillips, earned the best major delegation in overall performance award.

Roger Schreiber, Thomas McNaught and Timothy Tighe from Brother Rice, representing the United Arab Republic, won the best minor delegation award.

Top 10 individual speakers' awards were given to David Aderente, France; Noreen Collins and Susan Cooper, United Kingdom; Kathryn Hockner, Spain; Ann Klock and Amelia Janisz, Australia; Sharon Sobotta, Poland; Cynthia Tishken, Yugoslavia; Margaret Wyles and Kris Flechsig, U.S.S.R.

Sister Veronika, social studies department head, was faculty moderator.

U.N. PAGES CHAIRMAN

Sister Kenneth Marie, social studies teacher, was chairman of the freshman U.N. pages.

The Secretariat, presiding body of the U.N., included Deborah Uetz, president; Maureen Savage, secretary; Susan Slavin, the Silent Secretary; and Kathleen Andies, arrangements chairman.

Marian's Future Nurses Club recently elected officers for 1966-67.

Barbara Barrett, senior, was elected president and Lynn Lepisto, junior, vice president; Katherine Zafarana, senior, secretary; Diane DePudat, junior, corresponding secretary; Virginia Carry, senior, treasurer.

At Kingswood

By CATHY SHINNICK

Saturday is an important date for Kingswood sophomores for from 8-11 on that night the annual sophomore dance will be a reality.

This is the first and only chance for the class of '69 to test its imagination, organizational abilities and spirit.

Besides filling the auditorium with noise, the dance is to provide sophomores an opportunity to make money from the sale of tickets.

The goal of the reigning sophomore class is to surpass profits from dances of yesteryear.

This year, sophomores are hoping that the Offsprings and the theme of Plum Street will prove irresistible.

PLUM STREET

The decoration committee intends that those people who come to the dance will feel as if they were walking down Plum Street in Detroit.

The effect will be slightly Bohemian with arty store fronts to give an impression of Greenwich Village, and a coffee shop called the Pitt where exhausted or thirsty participants can take a break.

Chairmen are Camille Wilson, food; Nina Taheri, tickets; Dee

ed for the basketball season are Jolynn Yansen, captain; Sandy Shorter, quartermaster; Gay Nell Rice, secretary; Vicki Lezel, historian; Sherman Vessels, treasurer, and Pam Harrington, refreshments.

To create a true feeling of Thanksgiving the capella choir gave a concert for the students.

There will be a pep assembly Friday in which the varsity cheerleaders will show off new uniforms. These are the first new uniforms the squad has had for many years.

Scholastic aptitude tests will be given Saturday at Central.

Rochester Art Club to Paint Stores

By KAVIN HEADLEE

Rochester High School's Art Club is painting Christmas designs on some of Rochester's store windows, decorating Mitzeloff's car for the annual Christmas parade on Dec. 3 and making posters for the Women's National Farm and Garden Association.

These posters will advertise the club's "Twelve Days of Christmas," a combined flower and garden show.

The club hopes to raise funds for its annual scholarship and trip to Chicago.

It is sponsored by Sandy MacAbee, Mrs. Janice Smith, Mrs. Blessom Cohoe and Walter Ewald.

The 1966-67 French Club officers are Kathy Nowicki, president; Mike Spink, vice president; Kathy Holman, secretary; and Sandy Mills, treasurer.

TO PROVIDE CULTURE

According to Anastas Paezovic, sponsor, the French Club "is designed to enrich the cultural background of students who are studying or who are interested in the French language."

Meetings are informal with members encouraged to speak as much French as possible during the business and social hours.

A Dec. 18 swimming party at Oakland University is planned. Members are also going caroling Dec. 21 and 22 in the evening.

The Literary Club will discuss Daphne du Maurier's "Rebecca" Dec. 6.

CHOIR'S PRODUCTION

Soloists and duet teams for the choir's production of "That's Show Biz" will be Sylvia Kirkton, Claudia Parrells, Jan Pierce, Lorraine Merrill, Wanda Stevens, Vicki Zink, Carl Renius, Jan Huntly, Dan Ludwig, Cheryl Smith, Nancy McMahon, Sally Arrivee, Rick York, and Beverly Grund.

The Barbershop Girls' Octette, the Madrigal, and the Men's Barbershop Quartet will also perform.

Linda Mitzelfeld and Fern Stunt will dance.

Exchange Students at Romeo High

By DARLENE REDD

Last spring Romeo High School's Student Council set up the first foreign exchange student program ever at that school.

Preparations were made for a representative of Youth for Understanding in Ann Arbor to come and explain the program to the council.

Applications for volunteer housing were made available in the office.

The school sent these forms to Ann Arbor where the organization matched a foreign exchange student with each family chosen.

The families were called and sent information about the student and rules to follow in the office.

Each student was required to take instructions in a clinic set up by Youth for Understanding. These prepared them for changes that would take place in moving from one country to another.

At the end of August, three students arrived in Romeo. They are Hannelore Kaye, 17, of Luebenburg, Germany, staying with the Charl Greene family of 354 N. Bailey, Romeo; Rita Laasonen, 17, of Jamskonkio, Finland, who is staying with the Stanley Ledes of 216 Crosswell, Romeo; and Walt de Lange, 18, of Bolder, Holland, staying with the Walter Sewell family of 59140 Van Dyke, Washington Township.

They will return to their homelands in July.

This year's council is looking into the possibility of sending some of Romeo's students to other countries.

Back home — Romeo High foreign exchange students (front) Rita Laasonen of Finland, Hannelore Kaye of Germany and Walt de Lange of The Netherlands take turns

showing each other homelands on a school wall map. The foreign exchange program is under the sponsorship of the Student Council.

Mask designs show originality at Truman Capote's mask ball at New York's Plaza Hotel Monday evening. Behind the costumes are, top row from left, designer Valentina, Gloria Vanderbilt, Mrs. Robert

Sarnoff Jr. and Adele Astaire. Bottom row are Dr. Benjamin Kean with Joan Fontaine and Martin Gabel with wife Ariane Francis.

A Truman visits Truman Capote, masked ball wearing a white mask with Mrs. Clifton Daniel, the former Margaret Truman, arrives for the Truman Capote light feathers at the Plaza Hotel in New York City.

'In' Set Cavorts With Host Capote

NEW YORK (AP) — It was hard to decide who was belle of Truman Capote's much touted masked ball Monday night — Lynda Bird Johnson, Kay Graham or agile Alice Roosevelt Longworth — but there was no doubt that she was the host, with the most, the idol of the "in" crowd.

LINDA BIRD

The President's glamorous elder daughter — a working girl — danced until 2 a.m. with several partners.

The honored guest, publisher Kay Graham, sat out a few dances, kicking her feet from the bandstand, but not many.

Mrs. Longworth, daughter of President Theodore Roosevelt, sat out the dance tunes by Peter Duchin and the Soul Brothers. Nevertheless, she was surrounded until the wee hours by various personalities.

At one time, at the same red-clothed table, sat three members of White House families — Lynda Bird chatting animatedly with Mrs. Longworth while Margaret Truman Daniel listened.

Once Lynda Bird obliged a red-jacketed waiter with an autograph for his own daughter named Linda.

For endurance on the dance floor the prizes went to Lauren Bacall and bearded Jerome Robbins, who danced until they were wet with perspiration.

Mia Sinatra danced the fast ones with Roddy McDowell while her husband Frank chatted with Pat Lawford and Eunice Shriver, sisters of the late President John F. Kennedy. The late president's mother, Mrs. Joseph Kennedy, arrived early in the evening while Lee Radziwill, Mrs. John F. Kennedy's sister, was a glittering latecomer in a silver bugle-beaded dress.

PLAZA'S THE PLACE

Celebrities were plentiful at this imaginative party given in the grand ballroom of the Plaza Hotel at 59th Street and Fifth Avenue.

They ranged from pop artist Andy Warhol, who was without his usual sunglasses, to elegant Gloria Vanderbilt, now Mrs. Wyatt Cooper.

Throaty Tallulah Bankhead

was "darling-ing" everybody from Leonard Bernstein to the Peter Lind Hayes. At the next table, a contingent of nine from Garden City, Kan., watched the doings of the beautiful people. They included Alvin Dewey and his wife. He was an investigator for the Kansas Bureau of Investigation, and a principal figure in Capote's book, "In Cold Blood."

Capote set the fashion tone by insisting that his female guests wear black or white. Most wore combinations of the two.

Lynda Bird's dress, for instance, was a series of contrasting panels gathered from a yoke at the neck. The ladies and some of the gentlemen outdid themselves with imaginative and sometimes fantastically expensive masks.

Cat masks were favorites. One woman had a large diamond set in the nose of hers. Designer Oscar de la Renta covered his face with black fur while his escort hid behind a white kitten face.

Most ladies' masks were sprays of feathers twinkling with gems. John Gunther, author of those "Inside" books, kept his face inside a book-like box.

As for Capote, he wore a 35-cent mask from a Manhattan toy store.

Ellen Ferguson Is Married to Robert Ellis Dewey

A dinner-reception in the Detroit Boat Club followed the recent vows of Ellen Jean Ferguson and Robert Ellis Dewey in the Orchard Lake Community Church Presbyterian.

The Alexander Fergusons of the Green Lake are parents of the bride and her husband is the son of Mrs. Harry Molsinger, Snowapple Drive, Independence Township, and the late Robert Dewey.

Alencon lace accented the decollete neckline of the bride's gown of ivory candlelight satin with cathedral train. A lace headpiece capped her illusion veil.

She held a cascade bouquet

WOMEN'S SECTION

Tell Your Husband to Make a Decision on This Matter

By ARIGAIL VAN BUREN
DEAR ABBY: John and I have been married for two years and he still hasn't told

his parents that I have a four-year-old son, Ricky, by a previous marriage.

John told them I was a divorcee (he was also divorced), but because his parents lived out of state my son was never mentioned.

John's parents are coming to visit us over the holidays so John wants me to send Ricky somewhere — just "hide" him because he's not ready to tell his parents about him yet.

Abby, when we were first married, John asked me not to let on that I had a child, so I had to listen to other mothers talk about their children, and show pictures, while I kept quiet.

Well, I think I've kept quiet long enough, I love John, but I

ABBY

can't take much more of this. What should I do?

SECRET MOTHER

DEAR MOTHER: Tell John that when his parents come, either Ricky will be very much in evidence and introduced as your son, or he will be well-hidden — out of sight permanently. And wherever Ricky is, YOU will be right beside him. Let John decide.

DEAR ABBY: I am 16 years old. I was at a party the other night and I met a boy. We liked each other right away and before I knew it we were in the bedroom making out. (Nothing serious happened.) There were about 15 other kids there, including some football players from our high school.

This boy is a key club member and is neat up at school. Abby, whenever I see him in the halls, he doesn't even speak to me. He would think he never saw me before.

This has me confused. What's wrong with him? Or is it me?

CONFUSED

DEAR CONFUSED: You were foolish to "make out" with a boy you just met at a party. He

Pennsylvania Is Scene of Recent Vows

U. S. Navy Nurse Susan Lee Holsinger and Mils Costa Lindman were wed Saturday in the First Methodist Church, Irwin, Pa. on the 24th wedding anniversary of her parents, the junior Victor C. Holsingers of Irwin.

The bride's grandfather, Rev. V. C. Holsinger, who also married her parents, performed the wedding ceremony followed by a church reception.

The bridegroom is the son of Gosta Lindman of Williams Drive and the late Mrs. Lindman.

White silk-faced peau de soie with Alencon lace applique fashioned the bride's gown and court train.

Matching lace bordered her illusion mantilla and her bouquet held white orchids and Stephanotis.

Miss Jon Ferrari of Bethesda, Md. was maid of honor, with Sandra Scarrone of Irwin as bridesmaid.

Paul R. Smolenski of Detroit was best man. Seating guests were Jack V. Seng of Pontiac, Paul Scarrone and David Holsinger of Irwin.

A flight to San Diego for the newlyweds will follow a Michigan motor tour.

She is a graduate of the University of Pittsburgh School of Nursing, and stationed at Balboa Hospital, San Diego. The bridegroom attends City College there.

Chairman for this year's annual St. Joseph Mercy Hospital Boosters' Ball is John S. Pridmore, M.D. of Onagan Trail (left). Shown with him in the hospital's emergency wing waiting room are Norman F. Gehring, M.D. and Mrs. James M. Hannan, both of Birmingham.

She Prefers to Dance With Mate

By ELIZABETH POST

Dear Mrs. Post: After dancing solely with my husband for 30 odd years, I simply am unable to dance with another partner. What is the proper etiquette when asked by another to dance? Mrs. M. C.

Dear Mrs. C.: When you've just been seen dancing with your husband, you can hardly tell another man that you don't dance, or your feet hurt. If you really don't want to dance with anyone else, you'll just have to say, "Thank you so much, but I think I'll sit this one out."

However, I think part of the fun of a party is to dance with, and enjoy the company of, different people. Take a few lessons, Mrs. C., or practice with sons. Mrs. C., you don't have to be an expert to follow most men, especially if you explain that you're not much good at fancy steps.

Dear Mrs. Post: Will you please tell me if it is acceptable to wear short gloves to a formal prom in December? I have been told to wear long gloves and I don't really care to. Rita Jenkins.

Dear Rita: If I were you, I wouldn't wear any gloves at all. Long ones are much prettier than short with evening dresses, but there's no requirement (unless the school has one) that says you have to wear gloves if you prefer not to.

Cancel Songfest

The Community Sing originally planned for Saturday evening at Pontiac Northern High School has been cancelled. Dick Cain of the Pontiac Parks and Recreation department says efforts will be made to hold the sing sometime after Christmas.

Calendar

WEDNESDAY

Women's Society of Christian Service, Central Methodist Church, 7:30 p.m., in the church. Eastern Junior High School Bell Ringers will present program at this annual Christmas tea.

League of Women Voters, Pontiac, 8 p.m., All Saints' Episcopal Church. "Water Resources and Consensus" by Lillian Davidson.

THURSDAY

Oakland Writers' Workshop, 1 p.m., YWCA. Fashion Your Figure Club of Pontiac, 7:30 p.m., Adah Shelly Library. Open to the public.

Wash and Store

Be sure summer clothing is clean before putting it in garment bag or cedar chest. Dirt, acids and chemicals change with time and can cause permanent damage to stored fabrics.

Last year 1,472 Austrians emigrated to Canada.

Visualize European Tour

Mrs. Harry Dyer, a past president of the Soroptimist Club of Pontiac took the membership on an armchair tour of Europe at Monday's dinner meeting in the Elks Temple.

Her seven-week tour included visits to Scotland, England, France, Italy, Switzerland, Germany, Holland and Scandinavian countries.

She was impressed with the great number of compact cars in Europe, the absence of a language barrier... and the rare appearance of spaghetti dishes in Italy.

Mrs. Dyer, who is superintendent of the Auburn Heights branch post office also collected silver spoons in her travels.

Mrs. Bud Holznaigle, club president, and Mrs. Frances Coons attended the president's council meeting in the Women's City Club, Detroit.

The Christmas dinner-party will be Dec. 12 in the Elks Temple.

New Citizens Celebrate

A graduation party for members of Janice Antona's citizenship class was held Monday evening in the classroom at Pontiac Central High School.

New Americans honored were Pamela McClure, Elizabeth Rapson, Maria DeLong, Diana Lescamela, Fu Mei Heek and Anna Weyn.

Guests of honor were Mrs. William Todd, Mrs. Lee Hill, Mrs. Joseph Phillips, William Rose of the adult education department, and Mr. and Mrs. E. G. Clark. Mrs. Clark is Americanization chairman of General Richardson chapter, Daughters of the American Revolution.

Following the presentations to the honorees, Mrs. Hill showed slides of the class trip to Washington, Boston and New York City in July.

Do Worst First

When painting a window, first coat the mullions, then the horizontal sashes, the vertical sashes, the verticals of the frame — and finally, the horizontal frame and sill.

Pontiac Press Photo

Aprons come in all shapes and colors to be sold at a Christmas bazaar Saturday, sponsored by the AYME chapter No. 503, Order of Eastern Star. From left are Mrs. Allan W. Hersee of Murphy Street and Mrs. Sidney Fellows of South Roslyn Street inspecting the latest batch. The bazaar, which is open to the public will take place in the Roosevelt Masonic Temple on State Street from 10 a.m. until 4 p.m.

Members Show New Fashions

Kay McClure of Lisbeth's, Birmingham will coordinate the Ladies' Day Out special fashion show on Wednesday noon in the YWCA.

Members of the group who will model are Mrs. Andrew Yevich, Mrs. Charles Stevenson, Mrs. Ron Rafferty and Mrs. Bryan Bastow.

The public is invited. Luncheon will be served at noon.

Nonstick Irons Just Glide Along

That wonder no-stick surface finish is now being applied on steam irons — and will they glide!

This means no more scraping off starch or singed fabric to ruin the iron's smooth surface. Any of these new steam irons just need a wipe with a sudsy cloth to keep the work surface immaculately clean.

'Unscuff' Your Tile

Use a dry scouring pad to remove scuff marks on a linoleum or asphalt tile floor.

Olden Times Featured at Church Fair

An "Old-Old Fashioned" Bazaar is planned Friday by members of the Women's Association of the First Congregational Church.

Mrs. Charles Coppersmith is general chairman of the event scheduled from 10 a.m. to 8 p.m.

Luncheon will be served from 11:30 a.m. to 1 p.m. and dinner from 4:30 to 7 p.m. Everything is open to the public.

Mrs. James Absher, Mrs. Stanley Kipp and Mrs. Hiram Smith are kitchen chairmen. In the dining room will be Mrs. Elwood Bigler, Faye Donelson and Mrs. Everett Peterson.

In addition to the usual bazaar items, Christmas wreaths may be ordered. Mrs. Robert Sanford has charge of this work.

All workers will wear old-fashioned gowns.

Neil Ashleys Take Vows Recently

MRS. N. J. ASHLEY

A recent evening nuptial ceremony in Our Lady of the Lake Catholic Church marked the vows of Karen Marie O'Connor and Neil Jay Ashley.

White bridal satin and French lace fashioned a gown and detachable chapel train for the daughter of the Paul L. O'Connors of Van Syckle Drive.

A petal headpiece cradled her illusion veil and the all-white bouquet held roses and carnations.

With honor maid, Carolyn S. Weber, were Donna Stach and Ruthanne Fitzgerald as bridesmaids.

The bridegroom, son of the Waldo M. Ashleys of Dover Road, had Martin Ashley for his best man. Robert Charboneau and Daniel Rollison were ushers.

After the reception in the V.F.W. Hall on Walton Boulevard, the couple left for a circle tour of Niagara, Washington D.C. and Marquette.

'Sensible' Gifts Should Be Gay

Even "sensible" homemakers enjoy gifts of decorative kitchen towels. For good measure, add a matching pot holder, apron, and toaster cover to give renewed interest to kitchen tasks.

New towels should always be laundered before use. This soothing removes counter-handling soil, and also increases their absorbency.

Child Appeal Lunch Kits

Give a child a lunchbox and thermos embellished with a colorful picture of his favorite TV or comic-strip character, and even prosaic nutritional contents will become nectar and ambrosia. These modern lunch kits have advantages for mother, too.

Thermos bottles now eliminate the bothersome cork by providing a tight-fitting cap which doubles as a cup for milk, juice, or soup.

Both bottle and lid should be washed thoroughly in hot soap or detergent when the child returns from school. Always keep both the box and thermos open to air overnight.

MRS. G. L. REASONS

Newlyweds Will Reside in Locality

An afternoon ceremony and reception, Sunday, in the Hobbs Chapel Methodist Church, Dudley, Mo. marked the vows of Roena Lou Hopkins to Gerald Lane Reasons of Summit Street.

Parents of the couple who will reside in Pontiac are Mr. and Mrs. Roy Hopkins of Puxico, Mo. and Mr. and Mrs. Frank Reasons of Dudley, Mo.

Tiers of white Chantilly lace over tullea fashioned the bride's gown worn with crystal tiara and elbow-length silk illusion veil.

Pink roses and white carnations rested on her white Bible.

Her attendants were Mrs. Larry Hancock of Poplar Bluff, Mo., home mother, and Patty Knodell of Puxico, Mo. were ushers.

Larry Hancock was best man with James Hiller of Pontiac, groomsmen. Larry Dudley of East St. Louis, Ill. and Stanley Reasons of Dudley, Mo. were ushers.

Southern Trip for Newlyweds Following Vows

Off on a Florida honeymoon are the Raymond Frederick Kasats (Carol Anne Dooley) who were wed Saturday in the St. Trinity Lutheran Church.

Joining the couple at a reception in the American Legion Hall, Auburn Heights, were their parents, the Kenneth L. Dooleys, Pingree Drive, and Mr. and Mrs. Paul Kasat of Aquarina Drive.

With her sheath gown and chapel train of white peau de sole appliqued with Alencon lace, the bride wore a bouffant illusion veil held by a Dior bow. She carried Phalaenopsis orchids and Stephanotis.

Estelle Rognaldson was maid of honor with bridesmaids Mrs. James Gaylock, Mrs. Dan Leach and Judith Hutter.

With David Kasat, best man, were the ushers Dan Leach, Michael and Richard Dooley.

Easy Payments Today May Pinch Later

By MARY FEELY
Consultant in
Money Management

Along with all the other things that have gone up in price, add the rise in interest you'll pay for a car loan if you buy this year.

However, even though you will pay at least \$5 to \$6 per \$100 for your car loan, whether you finance through a dealer or a bank, it may still prove considerably more economical to pay a car than to continue paying for major repairs on a weary old hunk.

The decision that will affect your budget most critically is the type and size of the loan you take on this time. Maybe it shouldn't be the same as last time and the years before that. Your family circumstances have changed.

The children are growing in expense as well as size, getting closer to college age. Maybe some major piece of household equipment, such as the kitchen range, must be replaced.

So before you decide on what kind of car and type of loan, you're going to shop for, take a good look at your budget — present and future, as near as you can estimate it within the next few years.

Monthly car payments that could be fairly comfortable today might pinch painfully in another 15 months, as family demands increase. And lenders usually discourage refinancing of car loans, since the value of the car is continually depreciating.

You may find it advisable to add \$200 or \$300 cash, along with the trade-in allowance of your old car, to keep monthly

payments under better control.

To get some idea of what to expect on a trade-in, you can consult the current issues of Automobile Pricebook of Used Car Prices, or the Official Used Car Guide to see what market price estimates are listed for the particular make and model car you own.

In some areas, lenders arrange loans on an add-on rather than a discount basis. Both of these loans are expressed in two ways — dollar costs and discount rates.

Of course the dollar cost is easy to figure, since it is the difference between all the money that you must pay the lender from the time you apply for the loan until it is repaid — and the amount of cash you get from the lender.

If you're arranging for a loan where the add-on method is used, keep in mind that the whole amount borrowed, including interest charged on the original amount for the entire period

of the loan, is added onto the principal of the loan.

If it's a loan that is discounted, the lender deducts the interest charges from the cash he gives you at the time you receive the loan. So if you obtain an add-on loan, you

have borrowed more money — and will pay more interest for it — but the discount rate remains the same.

Actually, car loans aren't hard to get, despite a tight-money situation prevailing in other areas of lending.

Junior Editors Quiz on
SHERLOCK HOLMES

QUESTION: Was Sherlock Holmes a real person?

ANSWER: The famous detective, Sherlock Holmes, was not a real person, but an imaginary character in the detective stories written by the English author Sir Arthur Conan Doyle.

However, Doyle did model his story detective on a real person, a teacher he had once had, James Bell of Edinburgh.

Conan Doyle did not start his career as a writer, but a doctor. Finding some time on his hands, he invented Sherlock Holmes, who first appeared in "A Study in Scarlet," published in 1887.

Doyle had been inspired by the first detective stories, written in America by Edgar Allan Poe in 1841, whose central character, C. August Dupin, used his analytical mind to solve mysteries.

Doyle's creation, Sherlock Holmes, became enormously popular. Doyle went on to write many books about the adventures of the brilliant Holmes and his faithful friend, Dr. Watson, whom Doyle based upon himself.

Holmes reached his conclusions by close observation of what might seem unimportant details. In the picture, a crook has been captured; Holmes is about to explain how he solved the crime.

FOR YOU TO DO: If you've solved something and your friends wonder how, say "Elementary, my dear Watson." See if they know where the phrase came from.

General Assesses Biggest U.S. Move of War

'Operation Cracked VC Stronghold'

(EDITOR'S NOTE—The biggest U.S. military operation of the Viet Nam war ended last weekend. What did Operation Attleboro accomplish? The general who commanded the operation gives his assessment in this interview.)

By FRED S. HOFFMAN
LONG BINH, South Viet Nam (AP) — Operation Attleboro, the biggest U.S. action of the Viet Nam war, cracked open one of the toughest and oldest of the Viet Cong's strongholds.

That is the judgment of Maj. Gen. Fred C. Weyand, who directed the 43-day operation involving some 25,000 American soldiers in the tangled jungles of Tay Ninh Province northwest of Saigon.

We started the end of War Zone C as a sanctuary for the

VC," Weyand said in an interview at his headquarters here. "War Zone C will never be the same."

LONG CONTROL
The Communists have controlled the area stretching to the Cambodian border for 20 years or more.

"We've been all through there," Weyand said. "I can't think of any place we can't go, and on short notice."

The general did not claim that the Viet Cong's hold on Zone C has been broken. But he predicted that "eventually, War Zone C will no longer be a base area for them."

Operation Attleboro was declared ended last Saturday with a claimed bag of more than 1,100 Communist regulars killed and nearly 2,400 tons of all-im-

portant rice captured, plus hundreds of other supplies.

Weyand said he decided to call off the action because it no longer was worth the heavy resources assigned to it — elements of two U.S. Army divisions, parts of two brigades and a tank regiment.

Once the Communist command decided the American opposition was too great, Weyand said, the Viet Cong 9th Division and the 101st North Vietnamese Regiment dispersed in small groups.

The 50-year-old general said he thinks the bulk of the Communist force now is hiding out northeast of Zone C along the Cambodian border. He estimated that the tough 6,000-man Viet Cong took about 20 per cent casualties.

"But the impact was much more than that," he said. "The casualties came out of its fighting edge."

CAREFUL WORDS
Weyand was careful not to contend the 9th Division has been crippled. Some other Army generals were making such a claim halfway through Operation Attleboro. Then, the 9th launched strong local attacks Nov. 3.

"We hurt the 9th Division," Weyand said. "How the VC will come out of this is hard to say. We've just got to keep our antennas up to guard against surprise."

In Weyand's view, the swift concentration of U.S. fighting power probably thwarted the opening of an extensive autumn offensive, possibly aimed at thrusting down into Hau Nghia Province to the west of Saigon.

"We completely fouled that up," the general said.

BASES DESTROYED
He stressed that 41 VC base camps, supply dumps and other facilities were destroyed during Attleboro.

"These things are essential to the enemy if he is going to mount any significant actions," he said.

Operation Attleboro was a "clear demonstration that we are now in position to change direction and mass very quickly," Weyand continued.

"We picked up scattered battalions in nothing flat and

concentrated them near Dau Tieng, an area as vast and jungle-covered as War Zone C."

Now that Attleboro is history, the major American units which were drawn into the battle have returned to the jobs they were doing when the call came.

Some are seeking out provincial and local Viet Cong units and turning to pacification around Saigon.

His figure of 650 men per battalion indicated many were under strength. The table of organization for U.S. Army battalions provides for 750 or 800 men per unit.

Weyand disputed reports that heavy U.S. forces were thrown into the fighting in an effort to surround a Viet Cong regiment.

DENIES REPORT
"At no time were we thinking of surrounding a VC regiment," the general said.

"We don't have good luck in trying to surround VC units in

Innocent Plea in Gun Deaths of Detroiters

DETROIT (AP) — A 22-year-old Detroit, arrested in an apartment police described as "an opium den kind of place," pleaded innocent Monday to a first degree murder charge in the slayings of two men.

Willie J. Harper was held in jail to await court examination Dec. 7.

He was accused in connection with the gunshot slayings early Sunday of Allen J. Forster, 21, and his brother-in-law, Douglas Ward, 20.

Police said Forster had been shot eight times and Ward seven. Their bodies had been dumped on the rear floor of Forster's car. The back seat had been set afire.

TWO ARRESTED
Harper and another man were arrested in Harper's apartment Sunday night. Police said both were under the influence of narcotics at the time. The second man was held for questioning.

The killings apparently resulted from an argument over \$22 owed Harper for narcotics, police said.

Forster and Ward were unemployed. Both were married, but neither victim had children.

COSTLY VIOLIN
Lost in Detroit

DETROIT (AP) — Police today sought to find a rare, 18th-century violin which a young musician said he lost in an act of absentmindedness.

Richard E. Luby, 22, of Philadelphia, described the violin as a Guadagnini, built in Italy in 1772 and valued at \$10,500.

Luby said he played the instrument in a recital Sunday night and had brought it with him in the car while his parents, Dr. and Mrs. Robert Luby of Detroit, drove the family home early Monday.

At the maid's home Luby got out of the car.

He said he placed the violin on the roof of the auto while saying goodby, then entered the car, forgetting to bring the Guadagnini with him.

It apparently fell off the car during the drive home, he said. The instrument was insured Luby said, and a reward is posted for its return.

Nestled in the brown leather case with the violin were two bows, valued at \$700 and \$150, he said.

U.A.R. Denies Plant Seizure

'Story Is Bid to Mask U.N. Slop at Israel'

WASHINGTON (AP) — The embassy of the United Arab Republic Monday strongly objected against news reports which alleged that Egypt has "seized" a Ford assembly plant in Alexandria.

"The Egyptian government did not seize the Ford assembly plant. There has not been any seizure of property, private or corporate, in Egypt," Mohamed Habib, embassy press counselor said. He added:

"We think this is an attempt to confuse the issue and to cover Zionist embarrassment after the U.N. Security Council censure of Israeli aggression."

The Arab League's decision to boycott American business firms, including Ford, which have dealings with Israel has nothing to do with Egypt's longstanding dispute with the U.S. over a customs duty issue, the U.A.R. spokesman said. These, he said, are "unrelated questions."

The U.A.R. government, he explained, requested 800,000 Egyptian pounds in custom duties from Ford based on the Egyptian customs law which, Habib said, prescribes that "a company should pay custom duties on commodities assembled in the Alexandria Free Zone as long as local materials are added to these commodities."

5 WARNINGS
The U.A.R. customs authorities have warned the Ford Motor Co. five times and several months before the Arab League boycott decision that it must pay these dues, Habib said.

Last week Ford gave to the custom people a letter of credit for the 800,000 Egyptian pounds and therefore, Habib said, "there was no reason for any action such as seizure."

"The only explanation we have is that some groups in New York are trying to confuse the issue," he said.

State Department sources agreed with Habib that Ford assembly plant was not seized.

IN AGREEMENT
While American officials agreed with Habib on the non-seizure of the Ford plant, they questioned whether the Arab League Boycott Committee's blacklisting decision, affecting not only Ford but a number of other American business firms, can be labeled as "friendly and cooperative relations."

Ford, Habib said, must decide which is more profitable: To do business with the Arabs or with Israel. He said that his country is obliged to observe the Arab League decision.

2nd Operation for Jayne's Son

THOUSAND OAKS, Calif. (AP) — Actress Jayne Mansfield's 6-year-old son, Zoltan, is recovering from his second serious operation since being mauled by a lion, a hospital spokesman reports.

Doctors removed the boy's spleen Monday night after confirming that the lion's attack had ruptured the organ.

The spokesman said other organs will take over the function of the boy's spleen in manufacturing blood corpuscles. Zoltan was reported in good condition.

The youngster's father, movie musician Mickey Hargitay, is expected to arrive from Rome tonight. The spokesman said Hargitay talked by telephone with Miss Mansfield, his former wife, after the surgery.

Board Defers Action on Bid to Adopt National Fire Code

Following lengthy discussion last night, the Waterford Township Board deferred action on a request by the fire department to adopt by reference the National Fire Code. The board also tabled for two weeks a review of the recreation department agreement.

Fire Chief Lewis Golf and Fire Marshal Russell See want the National Fire Code put into effect "to better protect life and property in Waterford Township."

Waterford News

Operating under the much less comprehensive Fire Prevention Code, a local ordinance adopted in 1960, "We have run into several technicalities," said Golf.

The township fire department has been using the National Fire Code as a guideline, noted Golf.

More specific and more complete, the National Fire Code—which consists of several volumes—would clarify technicalities.

Related Story, Page A-7

ties and cover things not contained in the present ordinance, according to Golf.

STUDY PLANNED

Action was postponed pending board study.

In beginning their review of the recreation department agreement, board members heard a brief outline by director Don Old Youmans on community school services and by Robert Lawler, recreation department director.

"We hope that in the future, with the proper facilities, we will be able to operate a recreation-type program at every school," said Youmans.

Conducted on a continuous basis from Jan. 1 this year, the recreation department agreement is between the Township Board and board of education.

TERMINATION

The agreement can be terminated within 60 days on notice of either board.

All recreation department employees are on the school board payroll and consequently, are responsible to the board of education, under terms of the contract.

This was necessitated by a ruling of the Michigan Public School Employees' Retirement Board and Social Security Contribution Fund, calling for employees of recreation agencies to be placed on a single payroll.

The recreation department is operated under the auspices of community school services. The Township Board and board of education contribute an equal amount to the department's annual operating budget.

NOT OPPOSED

Clerk Elmer Fangbener said he felt the recreation department should be operated separately.

"I am not opposed to the com-

munity school program," said Fangbener, "but I never thought it was going to engulf the recreation department."

The identity of the recreation department is the crux of the matter, board members agreed in general.

Alaska's capital of Juneau is about 2,900 miles from the State of Washington.

Bloodmobile Visit Slated

A Red Cross bloodmobile will be at the Elks Temple, 114 Orchard Lake, next Monday between 2 and 8 p.m.

For an appointment to donate blood, call Mrs. Helmut Guentsche of 3795 Clintonville, Waterford Township, or the Red Cross, 118 Franklin.

LIGHTHOUSE UNDER ATTACK — High seas thrown across a breakwater by blustery winds almost hide the Racine, Wis., North

Pier lighthouse from view during yesterday's storm. The lighthouse stands about 40 feet above the pier in Lake Michigan.

AP Wirephoto

Crime Reducer

WASHINGTON (AP) — Rep. Charles P. Farnley, D-Ky., says that while serving as mayor of Louisville he found that

proper street lighting reduces crime and aids traffic flow, and he says that proper lighting would add only 1.5 to 2 per cent of the total highway construction cost.

Injuries Fatal

DETROIT (AP) — Caroline Pietryniak, 61, of Detroit, died Monday of injuries suffered in a two-car crash Saturday in Detroit.

Ex-Solon Dies

ETROIT (AP) — Services for Edwin A. Fitzpatrick, 65, a Democratic State representative from 1954 to 1964, will be held here Thursday. Burial will be in Grand Lawn Cemetery. Fitzpatrick died Sunday after a brief illness.

French, Murphy on 'D' Team

Pontiac Gridders Named All-Staters

St. Fredrick's Joe Murphy and Bill French of St. Michael's are members of the All-State Class D football team announced today by the Associated Press.

Murphy, primarily a wing-back, earned an end berth while French, 205 pounds and 6-5, made the team at tackle. Both are seniors.

Only a first string is chosen in Class D by the panel of sports writers for Associated Press member newspapers around the state. The Class C team will be announced tomorrow.

A 5-10 senior who weighs

165, Murphy was the top pass receiver for aerial-minded St. Fred. He handled the kick return duties, was one of three running backs and played a strong game on defense.

French is the player the Shamrocks called on to open the hole for short yardage. He responded with aggressive

blocking that yielded several touchdowns.

Also strong on defense, he was the fastest lineman on the team.

The Class D quarterback is Joe Schwartz, a junior from the Adrian Catholic Central, who averages and carries a 13-yard rushing hit on 60 of 125 passes for 1,176 yards and 14 touchdowns.

The other backs are Tom

Chappell of Marion, Bruce Caswell of North Adams and Paul Staroba of Flint St. Matthew.

Chappell is a 170-pound senior

who carries a 13-yard rushing hit on 60 of 125 passes for 1,176 yards and 14 touchdowns.

The other backs are Tom

Caswell, who weighs 160, helped his team to an undefeated record. He stands six feet. He had 12 touchdowns, ten on runs, two on pass receptions and one on an 88-yard kickoff return.

He carried 132 time for 982 yards rushing, caught three passes for 90 yards and run 10 kickoffs back for 351 yards and returned 15 punts for 211 yards.

Staroba punted for a 45-yard average, scored 14 touchdowns and held a 7.1 rushing average.

Schwartz, a six-foot senior, ran 35 times for 209 yards. Schwartz, Caswell and Chappell also starred on defense for their teams.

SPORTS

Third-Ranked Alabama Creeping Up in AP Balloting

'Irish' Improve National Lead Over Spartans

But 'Crimson Tide' Gains Ground, Has One More Chance

By The Associated Press
It's Notre Dame by a more solid first-place margin over Michigan State while Alabama is a stronger third in The Associated Press' next-to-last major college football poll of the 1966 season.

The Fighting Irish moved in front by 34 points this week after finishing their season with a smashing 51-0 conquest of Rose Bowl-bound Southern California.

Notre Dame led the second-ranked Spartans by only three points a week ago after the teams battled to a 10-10 tie in Michigan State's final game. The No. 1 and No. 2 teams each finished with a 9-0-1 record.

Alabama, the defending national champion and the only major team with an unbeaten record, trails Notre Dame by 78 points and Michigan State by 44. A week ago, the Crimson Tide was 89 points behind the Irish and 86 behind the Spartans.

NEXT WEEK
The Tide rolled over Southern Mississippi 34-0 for their ninth victory last Saturday. The final poll will be taken next week after Alabama completes its regular season by playing Auburn at Birmingham, Ala., this Saturday.

In the latest balloting by a national panel of 52 sports writers and broadcasters, Notre Dame collected 545 points while Michigan State had 471 and Alabama 427.

The Irish were given sole possession of first place by 35 voters while five others put them in a tie for the top spot with the Tide. The Spartans were given undisputed top ranking by only five voters.

The Top Ten, with first place voters in parentheses, were as follows: 1. Notre Dame (40), 2. Michigan State (31), 3. Alabama (21), 4. Texas Tech (17), 5. UCLA (15), 6. Nebraska (14), 7. Oregon (13), 8. Georgia Tech (12), 9. Miami (11), 10. Southern Methodist (10).

Others receiving votes: Illinois (8), Arkansas (7), Colorado (6), Florida (5), Houston (4), Miami (3), Oklahoma (2), Oklahoma State (2), Penn State (2), Tennessee (2), Virginia Tech (2), Wyoming (2).

Charges Against 2 Lions Dropped
DETROIT (AP) — Two Detroit Lions starting linebacks were out from under the threat of assault and battery charges today after two men they were involved in a fight with a week ago decided not to press charges.

The Wayne County prosecutor's office said the two men Monday refused to sign warrants against Wayne Walker and Mike Lucif.

David Smith, 25, Brighton, and Al Richards, 49, Detroit, told the prosecutor's office they had reached an agreement with the players, but would not describe what was included in the agreement.

AP Wirephoto

HAIL TO THE CHAMPS — Notre Dame students jam the campus field house at South Bend, Ind., to salute their No. 1 rated griders. The Irish mauled Southern California Saturday, 51-0, in their final game to cap an unbeaten, one-tyed season. One more weekly poll remains in the Associated Press ratings; however, Notre Dame and its followers are claiming the national championship since both it and No. 2-ranked Michigan State have completed their seasons.

Super Bowl Probably Jan. 15 in Coliseum

NEW YORK (AP) — The Los Angeles National and American Football leagues. Jan. 15 are the likely site and date of the Super Bowl football game between the champions of

If the Pro Bowl game, between all-star teams of the NFL's two conferences, can be shifted from Jan. 15 to Jan. 22, the two pro leagues are expected to move their first big game into the vast Coliseum where the Rams play their home games.

No decision has been made. The Coliseum, Miami's Orange Bowl, New Orleans' Sugar Bowl and Houston's AstroDome are being considered, according to NFL Commissioner Pete Rozelle.

A joint committee from the NFL and the American Football League, with Commissioner Rozelle as chairman, is making its recommendations to the two leagues at separate meetings. A definite announcement is expected before the two meetings Wednesday or Thursday.

16TH TEAM
Of primary importance to the members of the NFL is the discussion of realignment. With New Orleans becoming the 16th team in 1967, the league will have 16 teams. They will be split into the same two Eastern and Western Conferences, with the West choosing between New Orleans and Atlanta as the eighth member. Baltimore would still remain in the West and St. Louis in the East.

Each conference will, in turn, be split into two four-club divisions. The make-up of those divisions is causing considerable discussion.

Pirates Buy Lefty, Astros Draft 'Bo'

COLUMBUS, Ohio (AP) — The Pittsburgh Pirates have acquired Juan Pizarro in an attempt to solve their primary problem, and the Houston Astros have grabbed Bo Belinsky for a long time. He doesn't drink, and he doesn't smoke. So what if he likes girls. Who doesn't?

While the Pirates also were pleased to acquire Pizarro, they hope they aren't finished trying to strengthen themselves for another pennant thrust next year.

Their prime ball for another deal is outfielder Manny Mota, who hit .332 while playing part-time. They aren't about to give up any regulars unless they get something better in return, a point Walker emphasized.

The Pirates were one of six teams to pass in all three rounds of the draft. So did the

"We watched Pizarro last summer, and we think he can help us," said manager Harry Walker, whose Pirates just missed winning the National League pennant because of weak pitching. "He's still young enough to come back. He still can throw."

ARM TROUBLE
Pizarro won 19 games for the White Sox in 1964 but has won just 14 in the two seasons since then. His problem has been arm trouble.

The big question about Belinsky is whether his problem has been his pitching in public or his pitching in private.

Possessor of a no-hitter in his first major league season, 1962, Belinsky was placed on the disabled list for a month and a half in 1963. After a squabble with the California Angels, then the suspended and then the Pittsburgh Pirates.

The top 10, with official PGA winnings, unofficial winnings and totals through the cajan classic last weekend:

Dodgers Ready to Trade Star

Buzzie Bavasi Says Wills Available

COLUMBUS, Ohio (AP) — The Los Angeles Dodgers said today they have placed shortstop Maury Wills in the trade mart partly — if not primarily — because he left the club during a tour of Japan.

"I don't know yet whether Wills will be traded," said Buzzie Bavasi, the Dodgers' general manager, "but if anybody makes a reasonable offer then, of course, Wills would be one of the first we would trade."

Asked if Wills' failure to remain with the Dodgers during the recently completed exhibition tour of Japan had anything to do with the decision, Bavasi

said: "It's partly due to what Wills did."

Bill Casper Top Earner

Leads PGA Money Winning List

NEW YORK (AP) — Another lightweight title fight and then champion Carlos Ortiz, knock-out conqueror of Filipino Flash Elorde, may move up against welterweight king Curtis Cokes.

Ortiz and his manager Bill Daly, who had a second's license for the Monday night bout at Madison Square Garden, mentioned Sugar Ramos of Mexico City and Carlos Cruz, the contender from the Dominican Republic, as the possible lightweight opponents.

Ortiz flattened the game, wily Elorde with a smashing left hook to the chin at 2:01 of the 14th round, ending a fight that was as one-sided as a duel between a machine-gunner and a guy with a water pistol.

Elorde, as flat as a day-old glass of ginger ale, never could get going against the smart, crisp-hitting Puerto Rican-born New Yorker.

Judge Joe Armstrong gave all 13 rounds to Ortiz, the 3-1 favorite. Judge Artie Alda scored it 12-1 and referee Jimmy Devlin had it 11-2. The Associated Press score card had it 12-1.

The 135-pound, 30-year-old Ortiz looked like a middleweight

Trims 'Flash' to Flicker

Wings May Send Marvel Into Action

DETROIT (AP) — The Detroit Red Wings may put a masked marvel on the ice Thursday against Boston.

Masked marvel goalies are no longer uncommon in the National Hockey League, but the hobbled Red Wings may have to skate a left wing with a mask.

He's Paul Henderson, the Wings' leading scorer with nine goals. Henderson has missed five games with trachitis, an

ailment which produces coughing spells when the younger of guys down to the minor leagues and then find out I don't have enough bodies."

Manager-Coach Sid Abel said Henderson is the "most doubtful" of his hobbled players. "Chances are he will have to but it depends entirely on what play with a surgical mask on his comes off the injured list," he said.

Henderson skated in practice Monday with the mask — like those worn by surgeons — cover the lower part of his face.

"It keeps out most of the cold air and helps warm his breath before it hits his trachea," explained a Wing official.

Despite the mask, Henderson suffered a couple of coughing spells.

OTHERS HURT

Dean Prentice, another left winger, has missed three games with a twisted ankle. Defenseman Bert Marshall has missed four of the past five games with a bruised shoulder.

Left winger Val Fonteyne has been sidelined since the season began with a broken thumb.

Fonteyne worked out Monday, handling a stick gingerly. But Abel said he doubted Fonteyne would be able to play before Sunday.

Detroit has lost nine straight games on the road, a club record. The Wings are one game away from tying the club record of seven for consecutive losses at home and away, set in 1926-27 and matched in 1934-35.

Abel, who can dress only 16 men and two goalies starting Thursday instead of the 18 currently allowable, said, "I'll have to judge whether these fellows

can play. I can't send a bunch of guys down to the minor leagues and then find out I don't have enough bodies."

With the league cutdown point looming, Abel said, "I definitely expect to make some moves, but it depends entirely on what play with a surgical mask on his comes off the injured list," he said.

Abel has threatened drastic changes in the Red Wings. "If you're not going you might as well change some faces," he said.

However, he blamed most of the Wing troubles on injuries. "It's hurting because of the break-up of lines. We haven't had a complete line in five games. We had to make a lot of shifts to fill in. Travel and lack of practice time has hurt us, too."

But it won't be until after the Spartans have played a "few games" that they will know their own strength.

"We won't be able to tell anything about our team until after our first four games," Coach John Benington said.

Western Michigan defeated Michigan State 85-82 in the opening game for both teams last year. The loss was Benington's first game as head coach at MSU.

However, he went on to punch the Spartans to second place in the Big Ten with a 17-0 overall record.

Benington said much of his team's success this season, which hinges on sophomore forward Lee LaFayette, a 6-6 former Grand Rapids prep star, and junior Art Baylor, who suffered an ankle injury late last season.

STARS GONE
They will replace the Spartans' two standout performers of last season, Stan Washington and Bill Curtis, who combined for an average of 35 points a game.

"They'll have to pick up some of those points," Benington said of LaFayette and Baylor.

Matthew Aitch, the team's 6-6 center, is considered solid at his position. So are guards Steve Rymal and John Bailey.

Thursday's game also will test

MASKED MAN — The masked man is Detroit Red Wing Paul Henderson who tested the surgeon's garb Monday during practice in an effort to ease the cold air coughing spells that have sidelined him for five games. He may resume playing against Boston Thursday night at Olympia Stadium.

Broncos' Grid Coach Worries About 1967

KALAMAZOO (AP) — For a mythical state championship in 1968 and took first place in the Saginaw Valley Conference for three years.

Then it was on to West Point as backfield coach under his favorite receiver, Paul Dietzel.

Western hired Doolittle in January, 1964, after Merle Schlosser resigned under pressure.

GOPHERS SLATED
What's next for the 43-year-old mentor?

"Well, I think we're going to go places here," he said. "In the early 1970s we have a two-year contract with the University of Minnesota and we hope to schedule similar tough opponents as soon as we can."

But even Doolittle, in his third year as head coach of the Broncos, sees happier moments in his pessimistic forecast.

"Big thing is that we've got the best group of guys I've ever worked with," he said. "They've got such a great amount of interest and pride they've made this the best year in my coaching career."

"I've told them often, if we never have to go to war I'd like to have them all with me."

HIGH SCHOOL

Doolittle's gridiron was begun on a high school football field in Mansfield, Ohio. He quarterbacked the team, throwing often to his favorite receiver, Paul Dietzel, former coach at the United States Military Academy and now head coach at South Carolina.

After a stint in the Marine Corps Doolittle called the signals on an Ohio State University team boasting one of the all-time great kickers, Lou Groza.

A succession of coaching jobs landed Doolittle at Central High School where he won the

mythical state championship in 1968 and took first place in the Saginaw Valley Conference for three years.

Then it was on to West Point as backfield coach under his favorite receiver, Paul Dietzel.

Western hired Doolittle in January, 1964, after Merle Schlosser resigned under pressure.

Two Rangers Help Others; Move Up, Too

NEW YORK (AP) — It helps to put the puck in the net if you want to be among the National Hockey League's top scorers, but it's not a prerequisite.

New York's Phil Goyette and Bernie (Boom Boom) Geoffron found that playmaking has its rewards. Goyette, released by the NHL today, now both Rangers high up in the scoring race although they've managed only five goals between them.

ASSIST LEADER

Goyette is running second to Chicago's Stan Mikita, who leads the league with 11 goals and 17 assists for 28 points. Goyette has potted only two goals but his league-leading 18 assists give him 20 points.

Geoffron, making a comeback after a two-year layoff, shares sixth place with Boston's Wayne Connelly and two other Rangers — Don Marshall and Rod Gilbert. The Boomer, fifth highest goal scorer in NHL history with 374, has scored three times and assisted on 13 others for 18 points.

Geoffron, making a comeback after a two-year layoff, shares sixth place with Boston's Wayne Connelly and two other Rangers — Don Marshall and Rod Gilbert. The Boomer, fifth highest goal scorer in NHL history with 374, has scored three times and assisted on 13 others for 18 points.

Geoffron, making a comeback after a two-year layoff, shares sixth place with Boston's Wayne Connelly and two other Rangers — Don Marshall and Rod Gilbert. The Boomer, fifth highest goal scorer in NHL history with 374, has scored three times and assisted on 13 others for 18 points.

Spartan Cagers Eye WMU as Test Game

EAST LANSING (UPI) — new Western Michigan Coach Sonny Means against his former boss. He was Benington's assistant last season.

Benington said he expects Western's game action to be about the same as the Spartans' strong offense and an offensive mixture of a fast break and control ball.

"Big thing is that we've got the best group of guys I've ever worked with," he said. "They've got such a great amount of interest and pride they've made this the best year in my coaching career."

"I've told them often, if we never have to go to war I'd like to have them all with me."

HIGH SCHOOL
Doolittle's gridiron was begun on a high school football field in Mansfield, Ohio. He quarterbacked the team, throwing often to his favorite receiver, Paul Dietzel, former coach at the United States Military Academy and now head coach at South Carolina.

Ready to Play

Detroit Cager Stars at New Mexico

ALBUQUERQUE, N.M. (AP) — The Mummy on New Mexico's sixth-ranked basketball team, 6-foot-9 Mel Daniels, shed the bandages.

Deaths in Pontiac Area

Mrs. Emil Bellehuneur

Service for Mrs. Emil (Nancy N.) Bellehuneur, 56, of 250 Auburn will be 1 p.m. Thursday at the Melvin A. Schutt Funeral Home with burial in White Chapel Memorial Cemetery, Troy.

Surviving are her husband, daughter, Susan of Pontiac, three brothers, Robert E., Lee and Alex C. Morris, all of Waterford Township; and four sisters, Mrs. Keith Riley of Lake George, Ill., Mrs. J. W. Compton of Waterford Township, Mrs. Sed Carter of Auburn Heights and Mrs. Ray LaBraun of Pontiac.

Mrs. Eulas Houston

Service for Mrs. Eulas (Eliza) Houston, 48, of 7095 Lanore, Waterford Township, will be 1:30 p.m. Thursday at Sparks-Griffin Chapel with burial in White Chapel Memorial Cemetery, Troy.

Mrs. Houston, a registered nurse, died yesterday after a long illness. She was a member of Lake Crest Baptist Church. Surviving are her husband, her parents, Mr. and Mrs. Russell New of Sylvan Lake; two sons, Eulas Jr. of Pontiac and David of Union Lake; a granddaughter; and two sisters, Mrs. Otis Book of Keego Harbor and Mrs. Lauri Johnson of Pontiac.

Orris Ingham

Graveside service for former Pontiac resident Orris Ingham, 75, of Flushing will be 1 p.m. tomorrow at Roseland Park Cemetery, Berkeley.

Mr. Ingham died Sunday following a long illness.

He had been a co-owner of the Michigan and Ohio Motor Freight Co. for 30 years before moving to the Flint area in 1962. He was a past member of the Pontiac Kiwanis Club.

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, In the Matter of the Estate of Charles F. Muscat, deceased.

John Cornish, father of said minor child, having been filed in this Court, alleging that said child comes within the provisions of Chapter 712A of the Revised Laws of 1961 as amended, the present whereabouts of the father of said minor child is unknown and said child should be placed in the custody of the State of Michigan.

It is hereby ordered that the hearing on said petition be held at the Court House, Oakland County Service Center, on the 8th day of December, 1966, at 10 o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy of this order in the Pontiac Press, a newspaper printed and circulated in said County.

Witness, the Honorable Norman R. Barnard, Judge of said Court, this 14th day of November, A.D. 1966.

NORMAN R. BARNARD, Judge of Probate, Juvenile Division, November 29, 1966.

Blaze Ousts Family in Area

Neighbors Put Up Father, 5 Children

A Rochester family with five young children was left homeless yesterday when fire destroyed their rented home at 253 Thalia.

Alfred Smith and his five children were taken in by neighbors last night. Mrs. Smith is a patient at Pontiac Osteopathic Hospital.

The home is owned by Mrs. Cecelia DellaPorte, 3400 S. Adams, Pontiac Township.

Fire Chief Lyle Buchanan estimated smoke and water damage at \$11,000 to the house and \$500 to furnishings. Structural damage, caused by fire, was put at \$700.

Buchanan reported that, while Mrs. Smith has been in the hospital, 15-year-old Cathy has been getting the younger children ready for school and depositing the youngest with a neighbor after her father leaves for work.

CALLED FIREFMEN Mrs. Eugene Talaga, 244 Thalia, the woman who takes care of 4-year-old Byron, called the fire department at 2:53 p.m. when she saw smoke coming from ventilation louvers.

Buchanan said the blaze started in the master bedroom. He is investigating the cause.

Sale Friday for Rummage, Bazaar Items

A communitywide rummage and bazaar sale will be held from 10 a.m. to 5 p.m. Friday at the Community Activities Inc., building, 5640 Williams Lake, Waterford Township.

In addition to 30 tables set up by CAI, sponsor of the event, about 20 organizations and individuals have rented floor space for the sale.

Proceeds from CAI sales are earmarked for the organization's remodeling and expansion program.

At a previous communitywide rummage sale conducted by CAI this year, proceeds totaled more than \$500.

"We'd like to exceed \$500 this time," said Mrs. David Hammond of 2897 Orangewood, Waterford Township, chairman of the event.

Anyone desiring to donate items for the sale or rent floor space can contact Mrs. Hammond or the CAI office.

Items to be sold will range from ski equipment and an English riding saddle to French doors and electrical fixtures, Mrs. Hammond said.

Barry, accompanied by County Corporation Counsel Robert P. Allen and Deputy Drain Commissioner James R. Nichols, was scheduled to file the application at the Chicago regional office of the Public Health Service Department, Health, Education and Welfare.

The trio was then slated to go on to Washington to file another application today with the federal agency's national office.

A cost of \$100,000 is anticipated for the eight-month refuse disposal study.

A federal grant for two-thirds of the cost is expected, with the county bearing the remainder.

The conference is sponsored by the Union for Research and Experimentation in Higher Education, an organization funded by the U.S. Office of Education.

Tirrell's topic for his general session speech will be "Patterns in Experimental Colleges."

On December 1, the trio will be in Winter Park, Colo.

Tirrell and Dr. Albert A. Camfield, OCC vice president for curriculum, are among 50 educators from throughout the nation invited to attend the meeting Thursday through Sunday.

Library Unit Officers Elected in Waterford

Neighbors Put Up Father, 5 Children

The Waterford Township Friends of the Library reelected Mrs. Robert E. Eisele as president last night at the group's annual meeting at Pierce Junior High School.

Mrs. Eisele of 3528 Baybrook, Waterford Township, will serve another one-year term.

Other officers reelected for 1966-67 were Mrs. Paul Atkins, first vice president; and Mrs. Gerald Lewis, recording secretary.

Newly elected officers include Mrs. Douglas McGinley, second vice president; Mrs. Lee Anna, corresponding secretary; and Mrs. Norman Pankner, treasurer.

Elected to serve on the board of directors were Mrs. Dale Feet, Earl Floyd and Mrs. Roger J. Reid.

Approximately 50 persons attended the meeting, which also featured slide presentations by foreign exchange students.

Conducting the program were seniors Sue Rose and Maria Bjelved of Waterford-Kettering High School and Lars Irenius of Waterford Township High School.

The daughter of Mr. and Mrs. Lyle Rose of 2222 Pauline, Waterford Township, Sue spent last summer as an exchange student in Chile.

From Bennet, the Netherlands, Lars is a guest of the Rose family.

A guest of the Charles Frick family, 3838 Court, Waterford Township, Lars is from Stockholm, Sweden.

Accused of burglarizing a city restaurant, a Pontiac man is free on \$100 personal bond after his arraignment in Municipal Court yesterday.

Albert J. Mills, 34, of 831 Columbia was scheduled for preliminary examination Dec. 7 by Judge Maurice E. Finnegan.

Mills was arrested early Sunday after allegedly breaking in to XXX Hamburgers, 135 W. Huron, and stealing \$9.50.

Restricted Use of TB Vaccine Is Recommended

By Science Service WASHINGTON—Although tuberculosis is still a problem in the United States, the way to treat it or prevent it is not with the Bacille Calmette Guérin (BCG) vaccine except on a limited scale, U.S. Surgeon General William H. Stewart says.

The BCG recommendations resulted from a meeting of an 11-member panel at the U. S. Communicable Disease Center in Atlanta, and were reported in the Medical News section of the Journal of the American Medical Association.

The 1966 special panel's recommendations state that BCG should be reserved for situations when "modern methods for detection, isolation and treatment by drugs cannot be applied."

BCG should be used for the uninfected person or small groups of uninfected individuals living in unavoidable contact with one or more uncontrolled infectious persons who cannot or will not obtain or accept supervised treatment."

S. Korea Says Reds Shelled Fishermen

SEOUL, South Korea (AP)—Four North Korean gunboats fired on a group of South Korean fishing boats today on the east coast, south of the military demarcation line, and abducted South Korean fishermen, Seoul's Radio Donga reported.

The broadcast said the Communist craft surrounded about 30 South Korean fishing boats and fired an unknown number of shells. It said the incident took place about 1 p.m.

On December 1, the trio will be in Winter Park, Colo.

Tirrell and Dr. Albert A. Camfield, OCC vice president for curriculum, are among 50 educators from throughout the nation invited to attend the meeting Thursday through Sunday.

The conference is sponsored by the Union for Research and Experimentation in Higher Education, an organization funded by the U.S. Office of Education.

School Equality Group to Meet

Neighbors Put Up Father, 5 Children

The 50 persons named to study equality of educational opportunity in the Pontiac school system are to hold their first meeting tomorrow night.

Representing a cross section of organizations and interests in the community, the citizens committee members were picked earlier this month to take a hard look at intergroup relations in the schools.

They will meet at 7:30 p.m. in the board room of the board of education building, 350 E. Wide Track.

The group will spend its first session getting organized under the chairmanship of John T. Rogers, Pontiac attorney who is chairman of the Pontiac School District Citizens Committee on Human Relations.

Coordinator of the study, which is expected to take at least a year, is John F. Perdue, the district's school-community and human relations director.

Pontiac Girl Hit by Auto

A Pontiac girl is listed in satisfactory condition at Pontiac General Hospital after being struck by a car yesterday.

Mary H. Copus, 7, stepdaughter of G. A. Riojas of 187 Elm, was hit on Paddock near the intersection of Osborn at 3:50 p.m., according to Pontiac police.

William McInnis, 58, of 40 Lewis, driver of the car, told police the girl darted suddenly in front of him from a curb.

Unfinished Home in Oxford Burns

Brandon and Orion Townships tankers were called in last night to aid the Oxford Fire Department in fighting a blaze at 2540 Oakwood, Oxford Township.

A house under construction caught fire, and damage was estimated at \$5,000, according to Claude Rogers, assistant fire chief.

The home was owned by Clarence Fieldman.

Garage Looted

Tools and a polishing wheel valued at a total of \$250 were taken last night in a break-in at a city garage, it was reported to Pontiac police.

Jessie Walker of 84 W. Sheffield said the garage at the rear of his home had been entered by someone who pried a heavy iron hasp off the door.

Police to Hold Man, 30, Faces Wixom Charge

Neighbors Put Up Father, 5 Children

A special traffic school for persons failing a driver's road tests will be conducted by Pontiac police beginning Saturday.

Sessions scheduled for two hours each will be held beginning at 1:30 p.m. in the Municipal Court room at 110 E. Pike.

Traffic Bureau Patrolman Bill Irwin will direct the school, which will include a film as well as a question-and-answer period.

David A. Vaughan, 30, of 33800 Annapolis, Farmington, will face charges of breaking and entering Dec. 6 in Wixom Municipal Court.

He demanded examination at his arraignment yesterday.

Vaughan is charged with breaking and entering the Dingman Tool Shop, 4550 Pontiac Trail, Wixom early Sunday morning.

Stolen was about \$900 in office machines, typewriters and shotguns.

Unfinished Home in Oxford Burns

Brandon and Orion Townships tankers were called in last night to aid the Oxford Fire Department in fighting a blaze at 2540 Oakwood, Oxford Township.

A house under construction caught fire, and damage was estimated at \$5,000, according to Claude Rogers, assistant fire chief.

The home was owned by Clarence Fieldman.

Garage Looted

Tools and a polishing wheel valued at a total of \$250 were taken last night in a break-in at a city garage, it was reported to Pontiac police.

Jessie Walker of 84 W. Sheffield said the garage at the rear of his home had been entered by someone who pried a heavy iron hasp off the door.

11 Are Killed in Mexican Gun Battle

ACAPULCO (UPI) — Eleven persons died yesterday in a shoot-out between police and rustlers in Mexico's "lawless territory," where the gun law of the Old West still prevails.

The dead included Juan Cano Ingier, head of the rustling gang; three of his men, five policemen; and two small children hit by stray bullets in the gun duel.

Six other persons were wounded and in serious condition.

Authorities said the shoot-out began when a police patrol surrounded the rustlers in the village of Tunas, about 20 miles from Acapulco, and the bandits refused to surrender.

The gun battle lasted more than two hours. The dead children and six wounded were victims hit by accident in the cross fire from pistols, rifles and tommyguns.

German Sees Good U.S. Ties

BONN, Germany (AP) — Kurt Georg Kiesinger, generally expected to become West Germany's chancellor, today predicted good relations with both the United States and France.

Kiesinger, Christian Democrat minister president of Baden-Wuerttemberg State, is known for his friendliness to French President Charles de Gaulle's government just across the Rhine.

Asked if closer West German ties with France would impair those with the United States, he replied: "I don't think so. I always refuse to be imprisoned in the cage of a wrong alternative. I am quite convinced we will deepen our relations with France and the United States. I know there are difficulties but they can be solved if good will is prepared to solve them."

Grandpa Had Another Chance for His Wish...

NEW YORK (UPI) — For years grandpa Louis Pitofsky, 73, has been waiting for one of his grownup sons to present him a granddaughter. But he has received absolutely no co-operation. All boys.

Toying to encourage the birth of a girl, grandpa has even offered to give a \$5,000 U.S. savings bond to the first girl born to the Pitofsky family. Still, all boys.

For the past 15 years, in fact, all of the children born to the Pitofsky family — 46 of them — have been of the same gender. All boys.

On Monday, the 49th child was born, this one to grandpa's son Sandy Pitofsky and Sandy's wife, Darbe, at Mount Sinai Hospital in Manhattan, their fourth. A boy.

MS Follows Family Line

By Service Science

CHICAGO — The closer the relationship, the more likely are members of the same family to develop multiple sclerosis, the central nervous system disease that attacks young people between the ages of 20 and 40 years.

A survey of 2,900 relatives of twins, of whom one or both got MS, revealed that two doctors reported in the Archives of Neurology.

The prevalence of MS among these relatives was 20 times that of the general population, decreasing as the relationship became more remote. Secondary cases were found in 22 percent of the families of twins.

Judge to Speak

ANN ARBOR (AP) — Philip C. Jessup, the only American sitting on the International Court of Justice at The Hague, will speak at the University of Michigan's winter commencement exercises on Saturday, Dec. 17. About 1,800 students will receive degrees at the ceremony in Hill Auditorium.

Knowledge: All-Family Gift

Observers of the American scene have described our times variously as the "age of obsolescence" or the "age of disposables."

And, a cursory look might give some substance to that conclusion. After all, we do change our automobiles pretty frequently, and disposable napkins, towels, and tissues are commonplace in almost every home. Fashions, it seems, change almost daily.

But along with the "age of obsolescence" or the "age of disposables," we also find ourselves in the midst of the "greatest demand for knowledge of any time in history."

Everyone has to know these days to keep progressing—especially students in the nation's schools.

That's why educational experts at Tangle Oaks Educational Center recommend the gift of knowledge as an all-family gift for Christmas—a modern, easy-to-read encyclopedia, prepared for the full range of school years and adult use, as well.

PERMANENT GIFT
Encyclopedias today are a "permanent" gift, because most of them are kept current by the publication of annual yearbooks, reporting the significant events of each year to add to the basic information available in the original set of volumes.

Editors of the Encyclopedia recommend these criteria in selecting a set that will best meet the student's needs, and those of his parents:

- 1) The vocabulary should be easily understood, difficult pronunciations clarified, and the writing clear and direct.
- 2) Pictures should be plentiful, with many of them in color, and the set should offer clear charts, diagrams and maps.
- 3) The set must be accurate, up to date in facts and unbiased in choice and presentation of material.
- 4) Volumes should be conveniently organized, clearly printed on good paper, durably bound, and easy to handle.
- 5) Articles should be prepared by recognized teaching authorities, with the material adjusted to the needs and interests of the student.
- 6) The content of the encyclopedia should have a close relationship to the school curriculum, but also should include material beyond the immediate needs of school work.
- 7) It should contain study and suggestions for additional reading, and material to aid parental understanding of student educational problems.

Most of all, the encyclopedia should stimulate a lifelong appetite for knowledge by the young reader, and refresh the adult's interest in the world around them, as well. Knowledge never goes out of style.

Off to Suburbs
BOSTON (AP) — Officials say enrollment in city schools dropped 1,433 to 92,602 this year due to movement of families to suburbs. City parochial schools reported a drop of 1,392 pupils.

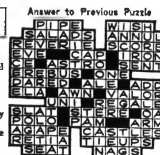

Tax Break to Officers in Viet
WASHINGTON (UPI) — Officers serving with U.S. armed forces in Viet Nam are going to get an income tax break on their combat pay from now on.

The Internal Revenue Service said yesterday that officers now may exclude up to \$500 a month — instead of \$200 — of their combat pay from federal income taxes, retroactive to last Jan. 1. The exclusion also applies to officers hospitalized for injuries received in Viet Nam.

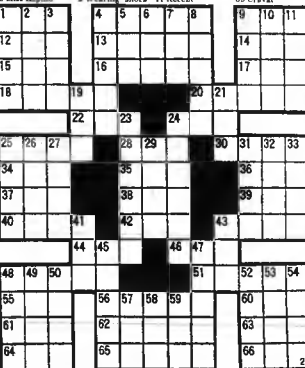

Enlisted men already are allowed to exclude all of their combat pay for service in Viet Nam and related hospitalization.

Prize-Winning Art Electric Cars

is Short-Lived Said Needed to End Smog

CLEVELAND, Ohio (AP) — Although Nick Pefanis has made some prize-winning carvings, he is the first to admit that he isn't likely to produce a lasting work of art. He is a sculptor of ice, and "it's a very interesting art," he says. "It's a very interesting art," he says. "It's a very interesting art," he says.

He usually works with a 400-pound block of ice, first outlining what he's about to carve, and then using saws, chisels, clip, and a carpenter's knife. "It might not be easy work," he admits, "and often you get discouraged when something breaks before you're through, but when the buffet's all ready and the food's on the long table and the lights come on, that piece of ice sculpture you made looks great."

'Apples' Awards Nominees Listed
HOLLYWOOD (UPI) — Nominees for the annual Golden Apple and Sour Apple awards for the most and least cooperative actor and actress — were announced yesterday by the Hollywood Women's Press Club.

Nominated for 1966 G.O. Golden Apples were Phyllis Diller, the Lennon Sisters, Elizabeth Montgomery, Bill Cosby, Ben Gazzara and Dick Van Dyke.

The Sour Apple nominees were Barbara Parkins, Kim Novak, Natalie Wood, James Coburn, Paul Newman and Elvis Presley.

Star of Stage and Screen Made Dizzy by U.S. Cars

By EARL WILSON

NEW YORK — "Bet eyes frightening New York City," said Oscar-winner Melina Mercouri, who had finished her nap at 6 p.m. as she does every day, and was now ready for the bubble-fang-and-pop of New York nights.

"I am always dizzy from the fumes when I sit in the back of the car," she said. "So when I'm with the chauffeur, I sit in front with him. In the taxis I also ask to sit in front. Sometimes they recognize and they let me."

Miss Mercouri, married 5 months to Brooklyn-born producer-director-writer Jules Dassin, is trying hard to become a real New Yorker but she will be homesick "always," she says, for Athens where she was long locally famous before "Never on Sunday" made her world famous.

"I come here to make something very dangerous," she said, undertaking "Never on Sunday" as a musical. "It's not a small thing for me."

Daily she works out with choreographer Onna White on her dances, daily she sings for voice coach Sue Seton. And she has been concerned about the reviews of her husband's picture, "10:30 P.M. Summer," starring herself; she thinks it was "not fully understood here."

"I love that film!" she told me, as she relaxed on a divan in her Park Ave. apartment. "This one I will never regret I made."

"Have you quarreled at any point with your husband about how to do 'Never on Sunday' on the stage?"

"You don't quarrel with your writer and director and producer! If you do, you give up," she said.

THE MIDNIGHT EARL
Sidney Lumet and wife Gail celebrated their 3rd wedding anniversary before he flies to the Coast to direct the "Punny Girl" film. — Truman Capote'll use Trude Heller's rock 'n' roll combo for his big Nov. 28 party at the Plaza.

Herb Alpert's flying in a full plane load of pals for the Baja Marimba Band opening at Basin St. E. Monday. Advance word on "A Man For All Seasons" great. — Francine Hardy, the beauty of "Grand Prix" was around town with Peter Yarrow (of Peter, Paul & Mary).

Pre-Christmas

GIFT GUIDE
FOR EARLY SHOPPERSSO WHO NEEDS
A MAILBOX SIGN?

Irving didn't. Or so he thought. Next thing he knew, his next-door neighbor put up a fancy one designed by Whitehall Metal Studios. Beautiful. Aluminum. Carefree. (And not too expensive) Now Irving is sulking. Calling his neighbors snobs. But Irving is only human. The Blintz order is going through the Whitehall Metal Studios plant now. The \$7.50 model. Naturally.

Target about planting expensive, hard-to-care-for trees and plants in living to be different? Whitehall Metal Studios' beautiful wrought-iron care-free aluminum weather vanes are sure to give your house that look of distinction... and as a status symbol. Just be casual. When he mentions his Rolls, you tell him the wind is from the southwest. Naturally, he'll ask how you know. That's your chance.

A Wonderful Gift for Family Enjoyment!

FRANKLIN
STOVES

ORIGINATED IN
COLONIAL AMERICA
By BENJAMIN
FRANKLIN

Wonderful for amuse-
ment and family rooms,
lake homes and main-
tenance of early Colonial
decorating decor. Fire-
place, benching, appeal
and comfort at a fraction
of fireplace costs.

Far more efficient
than a fireplace, but
imparts true fireplace
cosiness and appear-
ance with its wide
open front. Holds fire
for long periods.

GRETSCH
GUITARS

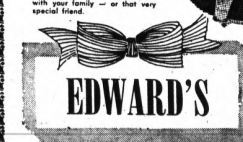

The
Chet Atkins
Gretsch Guitar

Why is it so few people think a
beautiful MUSIC GIFT for Christ-
mas? Too much in the old package.
Some said, gifts given year after
year. This Music Store is loaded
with gifts that mean a great deal.
Come in and investigate the dis-
count to buy of guitars. We would
like to have your service some of
the things we can show you, along
with the great use of Christmas
gifts. Could be you can make a trea-
sured and most memorable gift
with your family — or that very
special friend.

Storm Relief Seen for N. Michigan

Sen. Proxmire Sees Big Split on Tax Increase

Senator-Elect From Wyoming Looks to Budgetary Economies

WASHINGTON (AP) — Sen. William Proxmire predicted today a sharp division in the new Congress over the issue of possible tax increases.

Proxmire said in an interview the Senate House Economic Committee he is in line to head in the 1967 session may furnish a prime example of disagreement over taxes when it begins its annual review of President Johnson's fiscal proposals.

The Wisconsin Democrat noted that he has opposed any tax increase while Sen. Jacob K. Javits, R-N.Y., up Republican on the group, has been plugging for a boost in the income levy for several months.

"I am sure there will be a sharp division of opinion over whether any tax increase is necessary," Proxmire said.

GOP Gov. Clifford P. Hansen of Wyoming, checking in for his new role as a senator, told a news conference yesterday he thinks Congress ought to take a hard look at possible budget economies before it considers any tax increase.

He said he believes there are opportunities for spending reductions in domestic programs and in foreign aid.

Taxpayer Gets Filing 'Bonus'

WASHINGTON (AP) — The taxpayer who waits until the last minute to file his yearly income tax return will get a two-day bonus next spring if the filing deadline has been extended to April 17.

And the Internal Revenue Service said it should be easier for the more than 65 million individual taxpayers to complete their returns next year because the few changes made in the tax form should simplify matters, not complicate them.

Changes made by Congress this year in tax laws will have no effect on the new forms.

For example, the new law which permits taxpayers to divert \$1 of their tax — \$2 for married couples filing joint returns — to a presidential campaign fund doesn't go into effect for another year.

The form to be filled out in early 1968 for 1967 taxes will include a small box to be checked by the taxpayer if he wants to do this.

LAUDS OPERATION — Maj. Gen. Fred C. Weyand, who directed the 25,000-troop Operation Attleboro against the Viet Cong last 43 days, said the action cracked open one of the toughest and oldest of the Cong's strongholds. (See story, page B-4.)

City Suspect Arraigned in State Slaying

A man arrested by Pontiac police three days ago on a vagrancy charge was arraigned last night in Huron County for the alleged murder of an elderly retired farmer.

Thomas L. Ward, 45, who gave his local address as 38 E. Pike, was ordered held without bond following his appearance before Verona Township Justice John Guza.

Ward demanded examination on the first-degree murder charge, but a date for the hearing was not immediately set.

Huron County Sheriff's Deputy William Gill said Ward is charged in connection with the fatal bludgeoning of Orville Hill, 79, of Harbor Beach.

Hill's body, his head beaten with "a heavy instrument," was found Nov. 23 in the apartment where he lived alone, according to investigators.

APPARENT MOTIVE

Gill said apparent motive for the slaying was robbery.

Between \$600 and \$1,000 was said to have been taken from the dead man.

Ward, when picked up by Huron County authorities Sunday at the Oakland County Jail, had \$102 in his possession, Gill said.

Also being held for questioning in the case are David L. Crandall, 49, of Vassar; and Roslo C. McClure, 45, who gave his address as 118 W. Lawrence.

\$8,000 Stolen

DETROIT (AP) — Owner Fred Severine told police burglars forced open a side door of his bar early Monday and escaped with \$8,000 from a safe, a cigaret machine and two coin operated pool tables.

Storm Brings Power Failure, Many Crashes

Blackout Hits Areas of West Bloomfield, Commerce in Night

Snow and bitter cold winds sweeping across Oakland County through the night were responsible for electric power failures in several communities and scores of traffic accidents.

Some 3,100 Detroit Edison Co. customers were without power at various times, 2,000 of them in West Bloomfield and Commerce Townships where fallen insulators caused a blackout from about 10 p.m. to 2:30 a.m.

Oscar D. Loomis maintenance superintendent for the county road commission said snow blowing across highways was posing a major problem to motorists.

Nearly 60 pieces of road equipment have been pressed into service since about 7 p.m. yesterday in an attempt to keep roads clear.

Department of Public Work crews in Pontiac put out salt in the city streets in condition for motorists.

HARDEST HIT

The storm hit hardest on expressways, icing bridges and catching many motorists unprepared to cope with fish-tailing cars.

Ice-covered roads led to a pair of multiple accidents on I-75 last night within three hours.

Three pickup trucks and three autos piled up at 6:30 p.m. at the Baldwin overpass in Pontiac Township.

At 9:40, five cars slammed together near the Joslyn overpass. (Continued on Page 2, Col. 7)

Snow Is Expected to Keep Piling Up

Ol' Man Winter paid an early visit during the night, huffing and puffing with 25 to 40 mile per hour winds.

Whirling snow measured three to five inches early this morning and another four inches is predicted by nightfall.

Temperatures are expected to fall again into the low 20s.

Partly cloudy and continued cold is tomorrow's forecast and colder with snow flurries is the outlook for Thursday.

The mercury tumbled to 23 at 4 a.m. today in downtown Pontiac. At 1 p.m. the thermometer registered 31.

Snow Was Nothing But Fun For Pontiac Youngsters

U.N. Expected to Hold Line Today on Seating of China

UNITED NATIONS, N.Y. (AP) — The U.N. General Assembly was expected to hold the line again today against seating Red China. A plan to turn the issue over to a U.N. study group was given an even chance of approval.

Delegates predicted that the U.S. request for a two-thirds vote on the representation question would pass again and kill any chance of seating Peking this year.

There was speculation that an Italian proposal to have a special U.N. committee study the question for a year might carry, opening the way for a solution to the 16-year-old stalemate.

The Italian plan is seen as a long-range maneuver to seat both the Communist and Nationalist Chinese regimes in the United Nations.

Although the resolution avoids any mention of the two-China idea, it urges a solution that would take "into account the existing situation and the political realities of the area."

On a portion of the proposed contract is to be carried out immediately, as recommended by Joseph E. Neippling, director of public works and service.

Neippling wants plans drawn for \$300,000 worth of separation work to dovetail related sewer construction planned for 1967 by the Fisher Body plant.

The plant is to provide for a separation of about one-third its internal sewer system, now a combined storm and sewer system, according to Neippling.

The city, meanwhile, should construct a separate system to receive the segregated flow from the auto body plant.

Neippling said the bulk of the industrial waste flowing into Osborn Lake would be removed. (Continued on Page 2, Col. 1)

For Clinton River Flood Basin

Regional Control Pushed

By L. GARY THORNE

Support is being marshalled for regional control of the flood control basin of the Clinton River, the often muckish stream that meanders nearly 200 miles across Oakland and Macomb counties.

Growing out of pollution problems in Macomb County at the river's eastern outlet, the drive for regional control is aimed at providing a new central-board to have jurisdiction over certain related problems of the river.

Essentially, the drive by a group of Macomb County communities is to gain some control over the river's flood plain or water shed area, which, in turn, would provide some voice in some of the other problems of the river, most importantly pollution.

The current specific proposal is for the widening, deepening and straightening of the wandering river that stretches haphazardly from Springfield Township to Lake St. Clair.

Eight petitions have been filed to establish a drainage district

encompassing the 761 square miles of the Clinton River basin. A hearing on the petitions has been scheduled in Mount Clemens for 11:30 a.m. Thursday.

Object of the petitions is to create a drainage district board, which would be composed of representatives from the affected counties—Oakland, Macomb, Lapeer and St. Clair—and the State Department of Agriculture.

This board, after a study and a second hearing determines it necessary and practical, would be empowered to carry out projects to improve the historical river. Such work would be financed by those in the drainage district.

Establishment of the river as a drainage district.

"I always chew bubble gum at these parties in case somebody starts a kissing game."

Troy Hearing on Airport Is Inconclusive

By JEAN SAILLE

The future of the Jim Robbins Co. airport in Troy remains in doubt in spite of the expressed interest of about 200 residents last night.

People packed the new Troy city commission chamber, lined its walls and spilled over into the main lobby of city hall—but their presence was to little avail.

The icy roads, which they had all braved, proved too much for representatives of the Federal Aviation Agency (FAA) and the Michigan Aviation Commission (MAC).

The two representatives were to have been present to answer questions regarding the designation of the James Robbins Co. airport on Stephenson Highway in Troy as commercial.

The meeting was reset for next Monday night.

It was an irate crowd, but well-controlled.

It was an evening in which charges of negligence and special interest were leveled against the commission and its legal counsel, despite the commission's assurance that it would do all in its power to stop the airport expansion.

An attempt was made by Commissioner Clarence Fenseth, one of two members up for reelection in the spring, to halt activity. (Continued on Page A-4, Col. 1)

APATHETIC SPEECHES

During seven days of discussion preceding the balloting, most of the speeches on both sides were apathetic.

Communist bloc delegates who usually spearhead the drive to seat Peking were almost inattentive in their support of the Chinese Reds. The most lukewarm backing came from the Soviet Union.

26 DAYS TILL CHRISTMAS

1,000 Stranded, Roads Closed, Schools Shut

Heavy Snow, Gales Cut Electric Service to 10,000 Homes

By The Associated Press

The U.S. Weather Bureau predicted some relief today from the heavy snow and gales that had stranded more than 1,000 persons, closed roads and schools and disrupted electric service to 10,000 homes in upper Michigan yesterday.

Detroit weather officials said snow in western and northern Michigan would diminish, but warned of heavy drifting and blowing in the northeastern part of the state.

As the storm moved eastward last night it deposited one inch of snow on metropolitan Detroit.

Sixteen inches were reported by nightfall around the Marquette area.

Drifts ranging to five and six feet high blocked U.S. 2, a main route along the bottom of Michigan's Upper Peninsula, and U.S. 41, between Skandia and Ishpeming, was open to one lane traffic only.

180 STRANDED

More than 180 persons remained overnight on a car ferry that ran onto a channel sand bar at Ludington Harbor.

The snow stranded some 225 cars and seven buses near Engadine in the southern part of the Upper Peninsula Sunday night and yesterday morning. Some 500 persons took refuge in the Engadine Town Hall.

About 400 of the stranded motorists were students en route back to Michigan Technological University at Houghton, returning from the Thanksgiving holiday.

Another 200 were sheltered at Escanaba where six inches of snow were reported, and 100 spent the night in a National Guard armory at Manistiquette.

John Kolf of Detroit said his carload of six students from southern Michigan arrived at the armory about 2:30 a.m. yesterday.

"We got maybe two hours of sleep," he said.

They were stranded again yesterday afternoon near Marquette while snowplows cleared the roads.

A northern Michigan University student, James Justus of Milwaukee, told of a long, cold night in his car near Escanaba.

He and five friends started out from their homes at 3:30 p.m. Sunday. About 2:30 a.m. they came upon "about 100 cars backed up on the road."

"We had to stop," Justus said.

Mass Sit-In at U. of M. Urged

ANN ARBOR (AP)—Students called for a mass sit-in today at the University of Michigan as a "show of strength" in their demands for a role in decisions now made by university officials.

Harlan H. Hatcher, president of U. of M., one of the largest universities in the nation with 33,000 students, moved to head building and sit down en masse of growing antagonism by students in the halls to enforce the demands for a role in making decisions at U. of M.

The Edward Robinson, 21, president of a committee of students, identified the Student Government Council which has been asked to establish an official relations with the

university, said he would urge the sit-in "to illustrate what we can do if the administration does not give students the place in the university that they want."

JOINED IN APPEAL.

Robinson, a senior from Haverford, Pa., was joined in the appeal by Michael Szwed of Birmingham, chairman of Students for a Democratic Society, and Douglas Ross, a Detroit who is president of U. of M. Young Democrats.

Hatcher told the faculty senate Monday night "the general policy

'64 Romney Letter Bared

Told Barry Why Support Withheld

NEW YORK (AP) — The New York Times said today that after the presidential election of 1964, Gov. George Romney of Michigan wrote a 12-page letter to Barry Goldwater saying he had not supported the national Republican ticket "because the Goldwater campaign had had, by design, a Southern-rural-white orientation."

The Times, in a dispatch from Washington, quoted Romney as saying the Republican presidential nominee had not attempted to unify the party and had left "many vital things" in the campaign "almost entirely up to others."

The Times said the letter, dated Dec. 21, 1964, "has been the topic of much discussion but had never before been published."

It added that a mimeographed copy has been distributed in Republican circles. The Times printed the text of the lengthy letter.

A Washington spokesman for Goldwater said his forces had not distributed the letter.

LEADING CONTENDER

Romney, a moderate who won reelection as governor last Nov. 8, is a leading contender for the Republican presidential nomination in 1968.

"One of the obstacles he faces is resentment in the Goldwater wing of the party for his refusal to support the Goldwater-Miller ticket of 1964," said the Times.

"Last year's study, based on 1964 data, provided valuable background for developing the current traffic safety program."

"We hope this year's inventory will do the same for the following year," said Lt. Randolph, chairman of the Pontiac Inventory Commission.

"We hope this year's inventory will do the same for the following year," said Lt. Randolph, chairman of the Pontiac Inventory Commission.

BURUNDI KING DEPOSED—While King Ntare V (left) of Burundi was attending a celebration in the Congo yesterday honoring Congolese President Joseph Mobutu (right), Burundi Radio announced that the army, led by Premier Michel Micombero, had taken over the tiny African kingdom. Mobutu called the coup a "discourteous gesture" since Ntare is still his guest.

Jordan's King Warns West, Arabs, Israel

AMMAN, Jordan (AP) — King Hussein of Jordan told the Associated Press today the Middle East is on the brink of an explosion more dangerous to world peace than the Suez crisis of 1956.

His warning was directed at Israel, the Arab world and the West.

He said his armed forces would strike back at Israel — "and strike extremely hard" — if Israel attacks again across the armistice line.

Birmingham Area News

Commission Rejects Plan on Traffic Congestion

BIRMINGHAM — A plan aimed at reducing traffic on Mohegan in the northeast section of the city was rejected by the City Commission last night.

Following the recommendation of the city administration, commissioners, by a 4-3 vote, declared there was no necessity to installing a traffic diverter on Mohegan at Adams.

The diverter would have prevented westbound Derby, and eastbound Mohegan traffic from using Mohegan as a throughway.

A number of residents on Mohegan and nearby streets opposed the plan, saying that it

offered no permanent solution to the traffic problem through the entire residential area.

Disagreeing, however, was Arthur J. Underwood Jr., of 888 Mohegan.

COMPLETE XPROBLEM

"The diverter is undoubtedly the soundest proposal advanced by either the residents or the commission," he said. "Its advantages far outweigh any disadvantages inherent in any solution to such a complex problem."

Commissioners agreed that there is a traffic problem, and suggested that residents create congestion that would improve the intersection.

It's expected that the addition of a fifth lane for left turns off Adams will make it more attractive to motorists who now cut through the residential area to avoid the intersection.

In another traffic matter, commissioners turned down a proposal by Commissioner Carl Ingraham to ban parking on Maple between Southfield and Hunter during the Christmas season.

CONGESTION

He said that parking on Maple last Friday and Saturday was responsible for the greatest congestion that I have ever seen."

Other commissioners said that the removal of parking was unwise at this time of the year.

As an alternative solution, however, they directed the city administration to install signs pointing out to motorists that they can bypass the area by using Chester, recently widened for use as part of the planned ring road.

In another action, the commission amended the zoning ordinance to permit the development of cluster housing in areas zoned R-1 and R-4.

Troy police reported a total of 14 accidents in the city before midnight.

All Pontiac public and parochial schools, with the exception of St. Benedict's, were open today, but a number of schools throughout the county were closed.

In Farmington Township, 1,000 homes were without electricity for about an hour last night when two distribution wires were felled by the wind.

AREA AFFECTED

The area affected is bounded by Inkster, 12 Mile, Orchard Lake and 13½ Mile roads.

About 100 Brandon Township homes in the Bald Eagle subdivision went without electricity for almost eight hours, when a car skidded into a utility pole. Service was off from 10 p.m. to 5:45 a.m.

An Associated Press comparative survey of traffic fatalities during a nonholiday period from 8 p.m. Wednesday, Nov. 9 through Sunday, Nov. 15, showed 54 deaths.

This year's Thanksgiving weekend total compared to 615 last year, the highest for the period since AP tabulations were started eight years ago.

FM Application

WASHINGTON (AP) — The Barry Broadcasting Co. of Hashtons, Mich., has applied for an FM station license. The communications Commission reported Monday.

He said Jordan was threatened on three fronts — by Israel, by the threats and propaganda attacks of some of its Arab neighbors, and by Communist and pro-Communist subversion within its borders.

Jordan, he said, had scrupulously observed the armistice agreement against raids across the border.

"If terrorists do infiltrate the border despite every preventive measure that we take, Israel has equal responsibility to seal its side of the line," he continued. "If it fails to do this, it is equally to blame for whatever free world."

Flood Basin Control Eyed

(Continued From Page Two)

An intercounty drain would be a first in the state, according to the office of the Macomb County drain commissioner.

Although such a move has been simmering for several years, recent federal legislation — known as the clean waters amendment — may have triggered the latest move. It extended the hope of federal aid to help clean and generally strengthen the river.

Of growing concern, the polluted condition of the Clinton River was spotlighted almost seven months ago when the state Water Resources Commission dropped a "bubbling ban" on six townships and four cities in Macomb County.

The ban, still in effect, prohibits sewer extensions and, thus, virtually eliminates new building.

From its beginnings in north-west Oakland County, the Clinton River flows eastward through large, clear lakes, narrow, nearly dry channels and manmade concrete tubes.

Pressed into a variety of shapes along its journey, the river runs underground for the most part as it crosses down town Pontiac. The city has invested \$4 million to bury the river.

Pontiac will send two representatives to Thursday's hearing — City Attorney Philip E. Houston and Joseph E. Nepling, director of public works and service.

Last week, in a report to the City Commission, Nepling said it was important that the city participate in the initial meeting.

He said the city has four concerns in weighing whether the river ought to be designated an intercounty drain for water management purposes.

Nepling listed these as:

- The maintenance of adequate water flow in the river to allow sewage treatment effluent to be discharged into it as the city now does.
- Will upstream river conditions be properly controlled to prevent the possibility of future flooding on the city's west side?
- Will the quality of the water be controlled so the portions of the river within the city which potentially have recreational value, are protected and improved?
- Will the city have an adequate voice in the decisions of what projects to be undertaken and the method of financing such projects?

Nepling told the commission, "At the moment, it would be difficult to evaluate the many ramifications of this proposal might have for the City of Pontiac."

Pontiac, however, can appreciate the problem facing those Macomb County communities attempting to live under a bubbling ban.

In the past, the city has had a taste of the pollution-control authority wielded by the water resources commission.

The city's sewage treatment plant, for example, was built under a court order after local voters had rejected the bond issue.

Nepling told the commission, "At the moment, it would be difficult to evaluate the many ramifications of this proposal might have for the City of Pontiac."

Pontiac, however, can appreciate the problem facing those Macomb County communities attempting to live under a bubbling ban.

Storm Brings Power Loss, Car Crashes

(Continued From Page One)

pass when one of the drivers braked his vehicle in an attempt to avoid another skidding car.

NOT SERIOUS

All 11 drivers and several passengers in the two accidents escaped serious injury, according to Oakland County Sheriff's Deputy Alan Prudhomme.

Prudhomme got the first collision straightened out just in time to take over the second mishap.

In Troy, a Rochester woman, Mrs. F. Edward Howe, 30, of 201 Charles, was injured when she was thrown from her small sports car when it hit a guard rail on Crooks over 1-75 at 7:15 p.m. yesterday.

She was admitted to St. Joseph Mercy Hospital, where she is listed in satisfactory condition with a broken leg, facial lacerations and a concussion.

Troy police reported a total of 14 accidents in the city before midnight.

All Pontiac public and parochial schools, with the exception of St. Benedict's, were open today, but a number of schools throughout the county were closed.

In Farmington Township, 1,000 homes were without electricity for about an hour last night when two distribution wires were felled by the wind.

AREA AFFECTED

The area affected is bounded by Inkster, 12 Mile, Orchard Lake and 13½ Mile roads.

About 100 Brandon Township homes in the Bald Eagle subdivision went without electricity for almost eight hours, when a car skidded into a utility pole. Service was off from 10 p.m. to 5:45 a.m.

An Associated Press comparative survey of traffic fatalities during a nonholiday period from 8 p.m. Wednesday, Nov. 9 through Sunday, Nov. 15, showed 54 deaths.

This year's Thanksgiving weekend total compared to 615 last year, the highest for the period since AP tabulations were started eight years ago.

Short-Term Victory Cost Only \$98.20

Less than \$100 was spent by Birmingham attorney Daniel C. Devine Jr. in winning the 14th District, \$18,773 term on the Oakland County Circuit Court bench.

Yesterday was the deadline for candidates in the Nov. 8 election to file an accounting of their expenses and receipts with the county clerk's office.

The largest portion of Devine's \$98.20 cost was for the printing of name stickers he distributed prior to the election.

The 32-year-old former assistant prosecutor will take office Thursday, following a 9 a.m. swearing-in ceremony in the courtroom of Circuit Judge William J. Beer. Devine's term expires a month later.

Other candidates who have filed their expenses but have not previously been reported include:

- Probate Judge - elect Eugene A. Moore, who along with a

committee, spent a total of \$12,851; Sen. - elect George W. Kuhn of the 14th District, \$18,773; Pontiac Municipal Judge Cecil McCallum, an unsuccessful candidate for circuit judge, \$1,320; Sen. - elect L. Harvey Lodge of the 17th District and two incumbents, \$5,807; and the defeated incumbent, Sen. Carl W. O'Brien, and a committee, \$3,637.

EXPENDITURE TOTALS

Four committees working for Jack H. McDonald, who defeated Congressman Billie S. Farnum of the 19th District, reported expenditures totaling \$136,366.

Farnum expenses were \$5,384.

In the 19th District, Congressman William S. Broadfield and two committees reported their expenditures totaled \$13,137, while the unsuccessful Democratic candidate, William H. Merrill reported his committee spent \$1,114.

Hearing in Troy on Airport Issue Is Inconclusive

(Continued From Page One)

at the airport by means of rezoning the land.

NO SUPPORT

The motion died for lack of support, following the opinion of attorney Stanley Burke that such action could be proved pre-judicial and therefore thrown out of court.

Burke also said that such rezoning would be useless because the airport, under city ordinances, would still be allowed to function as a nonconforming use.

Fonsech said his attempt was to buy time in order to halt any lengthening of runways at the airport until after such time as hearings might be ordered by the MAC and the FAA.

Mrs. Joseph Soda, spokesman for Redwood Street home owners, traced commission meeting minutes back to Dec. 2, 1963, as evidence, she said, that the commission was aware of the plans afoot in connection with the airport.

NOT NOTIFIED

It is the commission's contention that the city was not notified of the impending commercial use of the airport until about three weeks ago.

At that time the city was notified that such a decision had been made Aug. 31 by the Michigan Aviation Commission.

A reported foul-up in communication between the state and federal licensing group has left the airport with a state okay, but without the air space clearance necessary which is subject to a federal okay.

City Attorney Burke said in his experience the two groups had always worked together.

NEXT MONDAY

The commission designated next Monday night as a special meeting to hear the aviation board representatives. Commission Wallace B. Hudson, chairman of the Oakland County Board of Supervisors Aviation Committee, directed that questions at that meeting be written rather than oral.

Donald Sommer, 625 Redwood, Troy, president of the Troy Panhandle Homeowners, exhorted those present at last night's meeting to return for the meeting next Monday.

Other objections to the commercial designation were stated by Anna Main, owner with her

father of Big Beaver Airport. She said any takeoff or landing at the Robbins field would interrupt the flight pattern at the Big Beaver field.

Other protests were by the Troy Drive-In Theater and other individuals and industries.

PERMIT ISSUED

One of the crowd's biggest complaints was that work is now proceeding at the Robbins field to lengthen the runway with the issuance of a construction permit from the city.

Fred Stanley, Troy building inspector, said he has halted work on the project until such a permit was obtained but that he was unable to refuse its issuance for any valid reason.

Audience members contended that the Robbins Co. has always proceeded in a manner to "railroad through" items in disregard of the city or its residents.

Theron J. Dion, 289 Redwood, Troy, was given applause following his statement that "the whole city government is being challenged over this issue," and that the people will remember come election time.

The commission empowered Burke to take necessary steps in procuring professional witnesses for the FAA hearings. No hearing is anticipated until after the Jan. 7 deadline for gathering "valid aeronautical objections" as set by the FAA.

Coyotes Raid; Farmers Howl

FAYETTEVILLE, Tenn. — The Coyotes are the ones that are raiding Elk Valley melon patches here, but the farmers are the ones who are howling.

Officials estimate that 25 coyotes may be roaming the hills, and no one knows how the natives of the Old West got here. Game and fish officials speculated that some one might have brought them in originally as pets or as prey for dogs.

Takes New Post

MONROE (AP) — Fred J. Gruber, 48, of Monroe Monday resigned his post on the Monroe Community College Board of Trustees, to become administrative assistant to the dean of business affairs.

Junior Miss Pageant First in Union Lake

Twenty girls will compete Sunday in the first Junior Miss Pageant to be sponsored by the Union Lake Jaycees.

Activities will start at 8 p.m. at Clifford H. Smart Junior High School, 8700 Commerce, Co. Commerce Township.

The winner will receive a trophy, crown, a trip to the state finals and other gifts donated by local businessmen.

Girls competing for the title are Janet Blum, Judith Bridges

Linda Brown, Debra Buchanan, Diane Bunker, Amy Cook, Nancy Gill, Patricia Hill, Barbara Hunt, Patricia Karner, Patricia Kline, Carole Mengel, Patricia Piers, Diane Russell, Sandy Stempler, Betty Stewart, Jeanette VanVleet, Beverly Watkins and Cheryl Wendell, all of Walled Lake High School.

The lone contestant from West Bloomfield High School is Margit Misangyi.

PAGEANT JUDGES

Judging the event will be Mr. and Mrs. Thomas Cofford of 1568 Marylestone, West Bloomfield Township; William Leggin, principal of Dublin School, and Richard Reppa of the Dick Reppa Dance Studio.

Chairman of the pageant is Thomas Edwards.

Service is voluntary and Parks announced the appointment of Kenneth Whitcomb, Thomas McGregor, Jack Leonard, John Feldman, Greg Clark and Edward Wiegras as the new force.

It's an attempt to beef up patrol by the Sheriff's Department within the limitations of the county budget, Parks said.

He said another dance would probably be held to make up the additional \$400 needed.

4-H MEMBER HONORED — L. C. Scramlin, 17, son of Mr. and Mrs. William Scramlin, 3694 Jossman, Groveland Township, will attend the 12th annual 4-H Dairy Conference this week in Chicago. A member of the Oakland 4-H Club, he has been one of the most active 4-H members in Oakland County, winning numerous county and state awards. Delegates are selected on the basis of their 4-H record and other criteria.

In West Bloomfield

School-Planning Film Set

WEST BLOOMFIELD TOWNSHIP — A new film, "So You're Going to Plan a School," will be shown to members of the West Bloomfield High School study committee at its second meeting at 8 p.m. Thursday at the high school.

The committee consists of about 50 citizens and faculty members who will meet regularly for the next year to plan a building scheduled to open in September, 1969.

At its first meeting last week, the committee members heard Dr. Russell Wilson, consultant from the University of Michigan Bureau of School Services, urge them to consider the educational, cultural and recreational needs of the adult community, as well as its high school population.

Roger Garvelink, new principal of West Bloomfield High School, also presented new curriculum ideas now under study by the school faculty.

A FRESH LOOK

He pointed out that teachers, administrators and citizens must take a fresh look at many of their "sacred cows," such as class size and frequency, "if needs of the individual student are to be met."

Township residents are invited to participate in the committee's activities.

Hearing Delay in Sewer Fight

FARMINGTON TOWNSHIP — A show-case hearing over the township's alleged failure to award a contract to the low bidder on a sewer construction project has been postponed until Monday.

The hearing in Oakland County Circuit Court was originally scheduled for yesterday.

A restraining order has been issued prohibiting further action on execution of the contract until further court order.

Louis J. Detore Construction Co. took the matter to court claiming it was the low bidder on the project after a previous low bidder withdrew.

It also charged that the township allowed Zeff LaDuke Construction Co. to alter its bid.

Township officials say that after the engineers computed the bids, LaDuke was found to be the low bidder.

Walled Lake PTA to Meet Thursday

WALLED LAKE — "Not All Are College Bound" is the theme of the Walled Lake Junior High School PTA meeting to be held at 8 p.m. Thursday.

It will feature a panel discussion on vocational training, moderated by Lester Carlson, director of vocational education for Walled Lake schools.

Holly Pay Hike

HOLLY — Village employees have been granted raises totaling about \$2,000.

The village council approved the increase for the 17 employees at a recent special meeting. The raises, which become effective Thursday, average 5 to 10 cents per hour for each employee.

Hearing Is Near on Novi Cityhood

NOVI — A motion for a summary judgment on incorporation of the village as a home rule city was to be filed today in Oakland County Circuit Court.

A hearing will be held within two weeks to determine whether Novi, as an incorporated entity, is bound by a state statute requiring a population density of 500 persons per square mile to incorporate.

The motion for a summary judgment would permit Circuit Judge James S. Thorburn to rule on the matter without a trial, according to attorney William Thershof, who was to file the motion.

Thershof, who represents a citizens' committee seeking cityhood for the village, said a trial would not be necessary if the judge makes a ruling at the hearing because the matter is a question of law, not of fact.

A previous move to incorporate failed last year when Circuit Judge Arthur E. Moore ruled that the village did not meet the density requirement.

COURT OPINION

The citizens then obtained an opinion from the State Supreme Court which noted that "an incorporated entity does not have to abide by the 500 persons per square mile requirement as this is applicable only to unincorporated territories."

The Village Council is currently awaiting the court's opinion before acting on petitions which seek incorporation.

Through incorporation, the citizens' committee hopes to prevent annexation of portions of the village by neighboring cities.

Novi Township Supervisor Hadley J. Buchert has indicated that the township will fight the proposed incorporation in court if necessary.

The township would be almost completely swallowed up by the new city if incorporation goes through.

Rochester Rejects Police Pay Increase

ROCHESTER — A motion to a request from Avon Township give Rochester policemen a \$300 increase in pay effective Dec. 1 was turned down by councilmen last night.

The petition for a pay raise was made two weeks ago to the council in an executive session following its regular meeting.

A letter from Police Chief Robert Werth at that time asked for a 13 per cent pay increase worked out in two steps by July 1 next year.

Re said duties are becoming greater and that a Rochester patrolman gets \$6,750 as compared to \$7,696 for the equivalent position in Troy.

The motion for the increase at last night's meeting was made by Councilman Roy Rebold and seconded by Councilman Samuel Howlett. There was no other support for the motion.

DECISION TO WAIT

Councilmen said they would wait until after a charter vote before making any decision in regard to police pay.

The new Rochester charter for incorporation has been sent to Lansing for the governor's approval. When it is returned a public hearing will be scheduled and an election date set.

Village Manager William Sinclair anticipates a wait at least until the middle part of January.

A suit against rezoning for the projected Avon plant was dismissed last week in Circuit Court.

Freedom Budget Offers Formula to End Poverty

By WHITNEY M. YOUNG, JR.
Executive Director
National Urban League

The last several years have witnessed an increasing national commitment to ending the poverty problem.

YOUNG

above that subsistence line. This is not a racial question—the overwhelming majority of the nation's poor people are white.

Despite the growing awareness of the problem, present proposals to attack poverty lead to piecemeal and underfinanced. It is as if the nation knows what must be done, but hesitates to make the necessary effort.

Programs such as the War on Poverty are effective and important, but to make a maximum impact they must be part of a master plan to eliminate poverty within a given period of time.

A few years ago I called for a domestic Marshall Plan which would do for the American poor what the original Marshall Plan did for war-torn Europe. Just as that stricken continent was assisted to its present prosperity

by a well-planned massive effort, so too should America's poor be assisted out of the dependency and poverty which entraps them.

SIMILAR PRINCIPLE

Now the A. Philip Randolph Institute has released its Freedom Budget, based on a similar principle, and including specific cost estimates for the various programs which are needed.

All of the major civil rights and labor groups, and many others as well, are backing it. Many, like the Urban League have given it the assistance and cooperation to the plan.

This is important, because while we often hear of the strife and disagreements between these groups, we now have an example of joint action for the good of the nation.

The basic premise of the Freedom Budget is that true democracy should include freedom from want, and that poverty has no place in a nation as rich and abundant as ours. It offers a 10-year program to wipe out poverty.

BENEFICIAL MEASURES

The program includes measures which would bring about full employment; assure adequate incomes for all (about 20 per cent of those in poverty work for substandard wages); guarantee an adequate income for those who cannot work; end slums with massive housing and urban renewal programs; provide medical care and good education for all; conserve our national resources and develop adequate transportation for all; and sustain a high rate of production and economic growth.

The Freedom Budget not only suggests what should be done, but also how it can be done. The main problem with proposals for expanded domestic programs is that objections are raised about their cost.

While the cost of these programs may come to about \$185 billion over the 10-year period, there will be no need to raise taxes or cut back on other federal programs; indeed, it envisions more federal spending on defense and space.

The Freedom Budget can be financed out of the continued growth of the economy. It envisions a growth in output of about 5 per cent per year. Thus present tax rates will produce enough to finance these necessary programs.

COOPED — A refuse receptacle attached to lamp post serves as a pen for this crying Spanish youngster in Madrid. Apparently, his mother needed freedom of movement.

For Sale, beautiful rolling, wooded scenic land, 900 acres, Kensington Park, G. M. Paving Grounds and Expressway exit. For home (or 2) in London, Ontario. This is terrific. \$3,500, \$1,700 down. Owner DI 1-5060.

Utica Projects Aired

By SUSAN OWEN

At a recent meeting of the Utica High School Student Council project discussions included getting the apple machine fixed and available to the student body again, a Christmas dance and a computer dance.

Decisions will be made after students voice their opinions about the projects.

Another suggestion thrown into the ring of SC business was the changing of the alma mater, but the proposal was unanimously voted down.

Another group, the Teen Club, has formed at UHS.

The club is sponsored by the Utica Community Schools with Gene Collins, swimming coach, directing the activities.

UHS has a new group of student teachers. Carlo Lambert teaches under the guidance of Arthur Adriaens in geography. Leonard Jagello under Robert Dilday, Science; Mary Anne Vizio under Vernal Morrow,

physical science; and Norman Champney under Donald Haynes.

Junior Barbara Nelson won the American Wool Council Home Economics Award for a white wool dress and a red wool coat.

She competed against six counties, with 120 entries.

Statewide competition will be held at Michigan State Dec. 10. The winner of this contest receives a college scholarship and a trip to Europe.

GAA has a hayride scheduled for Dec. 13 at Green Acres recreation.

German Club also has a hayride scheduled for Dec. 11 at Hayride Lodge.

WKHS Stresses Traffic Safety

By DONNA FURLONG

Students at Waterford Kettering High School are getting back to the grind after the long holiday weekend.

This week, Nov. 27 through Dec. 3 is Traffic Safety Week. A representative from Automobile Club of Michigan was to discuss this problem during an assembly. It was cancelled due to the storm.

A short skit on the traffic problems on a typical day at Kettering was also postponed.

Committees have been set up to help stimulate a better attitude toward traffic safety.

Doug Ledger is committee coordinator, assisted by Georgia Burckow, Chris Hall, Diane Kampton, Paul Romaine, Cheryl Castelli, and Libby Sterling are committee chairmen.

Traffic violators are on guard. A white and green winged warrior will be roaming the halls putting terror into the hearts of all.

Recently Dan Givorex joined "Day in the Navy."

During the day Dan and the group saw realistic maneuvers and heard interesting discussions. The highlight was touring the submarine Cero.

The WKHS girls' basketball team is now being organized. Student dues are being collected. The money raised goes to pay for repairing damaged furniture, flowers, activities and other Student Council projects.

Milford Hears Expert on Teens

By PAULA MIREAU

Donald Louie, an expert on teen-age problems, recently spoke at Milford High. He stressed three necessary components that are needed to make up a well balanced person; education, social acceptance, and religion. He feels that the main problem is the fear of being different but "it's possible to be different without being socially obnoxious."

Pontiac Press Photo

BIG SUCCESS — Seaholm High School Students Nancy Underwood of 886 Mohegan, decorations chairman, and Linda Bryant of 423 Berwyn, both of Birmingham, decorate

for The Open Hearth, the annual American Field Service-Youth for Understanding dance. Held in the school's cafeteria, it followed an English hunting lodge motif.

SCHOOL NEWS ROUNDUP

Clarkston

Because of the diligence of the newly formed Journalism Club, Clarkston High School now boasts a new school newspaper, The Wolf Cry. The Wolf Cry is published biweekly.

Members of the staff, under the direction of faculty advisor Linda Munro, include Carol Quetermos, editor; Judy Weeks, coeditor; Bob Nicolson, sports editor; Trudy Bealls, business manager; Mark Cowan, Joan Willis, and Patti Mulcorne, page editors.

Reporters are Nancy Bullard, Glady Conrad, Pam Guilds, Delynn Haggadone, Emery Haynes and Mike Kaul.

Ski Club chose Tom Bullard, president; Leslie Bell, vice president; Margie Bullard, secretary-treasurer.

Roger Thompson, faculty advisor of the Ski Club, has made plans for the annual ski trip. Members will spend the weekend skiing at Nub's Nob and for evening entertainment will attend The Pontiac, a popular teen night club in Harbor Springs.

As in the past, the overnight

quarters will be provided by the ment, and concern for our fellowmen. Only when one loves God can one love others in the proper way.

Clarkston's Board of Education recently approved the purchase of new robes for the Varsity Choir and new uniforms for the band.

The choir's robes will be blue with white and gold reversible stoles.

Sacred Heart

By MARY ELLEN QUINN

Two important elections were held recently at Sacred Heart.

The Sodality Council elected as its president Mary Helen Lorenz, and as members of her committee, Susan Reck, Mary Vieson and Carole Sehn.

Debate club officers are Judy Plisill, president; Patricia Popp, vice president; and Molly Reynolds, secretary.

The hockey team attended Play Day at Liggett School.

Jean Sommerfield and Sheila Gray were awarded positions on the All-City Second Team.

CENTER FORWARD

Mary Agnes Pelton is the center forward on the reserve team.

Brother Rice

By GARY MILLER

An open meeting of the Student Council of Brother Rice High School was held yesterday during an assembly period in Rice's gym.

HONORS PRESENTATIONS

At the same assembly, Honors presentations for first quarter marks were made by Brother J. D. Donnelly, principal of Brother Rice.

Brother Rice's Glee Club, under the direction of John F. Callaghan Sr., will perform at the Academy of the Sacred Heart in late December.

Varsity Basketball

The 1966-67 Brother Rice Varsity Basketball team was presented to the student body by coach William Norton during a pep rally. The pep rally was in preparation for the team's first game against De La Salle.

At Kingswood

Soph Dance Slated

By CATHY SHINNICK

Saturday is an important date for Kingswood sophomores for 8-11 on that night the annual sophomore dance will be a reality.

This is the first and only chance for the class of '69 to test its imagination, organizational abilities and spirit.

Besides filling the auditorium with noise, the dance is to provide sophomores an opportunity to make money from the sale of tickets.

The goal of the reigning sophomore class is to surpass profits made by dances of yesterday.

This year, sophomores are hoping that the Offspring and the theme of Plum Street will prove irresistible.

PLUM STREET

The decoration committee intends that those people who come to the dance will feel as if they were walking down Plum Street in Detroit.

The effect will be slightly Bohemian with arty store fronts to give an impression of Greenwich Village, and a coffee shop called the Pit, where exhausted or thirsty participants can take a break.

Chairmen are Camille Wilson, food; Nina Taber, tickets; Dee

Seaholm Dance Is Successful

By HOLLY ALFS

The Open Hearth, Seaholm High School's Annual Thanksgiving dance, sponsored by the American Field Service-Youth for Understanding committee, was a big success.

Highlight of the Maple Room was the huge fireplace with a genuine grizzly bear rug in front of it. Many students sat around the cozy fire to rest tired feet.

The rest of the cafeteria was decorated in an English hunting lodge motif.

The Piety Hill Chapter of the Daughters of the American Revolution is again offering a good citizen award to a SHS senior girl.

All senior girls are eligible and will be judged on the qualities of dependability, service, leadership and patriotism. The winner will be announced next week.

SHS students recently organized "Le Cercle Français." Heading the new French club is A. A. Cheney. Miss Cheney is a language teacher at Seaholm.

Upcoming activities include dinner at the Postchartrain Wine Cellars to hear Philip Entremont, a French pianist with the Detroit Symphony Orchestra, and Christmas caroling in French.

A. A. Stoner is sponsor of the new Rocket Club. Miss Stoner will assist members in preparing and launching rockets.

Pontiac Central Thespians Earn Money for NY Trip

By CHRIS BLAKENEY

Twenty members of Pontiac Central Thespians Club are earning money now for a trip to New York City at Easter time.

During the four-day stay they will visit behind the scenes and attend Broadway and off-Broadway productions.

Varsity cheerleaders elect

Marian Holds Model U.N.

By PATRICIA POLMEAR

Marian High School's fifth annual model United Nations (MUN) was recently held in the school gym.

"It was simply wonderful, so exciting, and much greater than I had ever anticipated," was how one delegate summed up this weekend of tension, satisfaction, and flaring tempers.

Over 150 students from Marian and Brother Rice, representing 51 countries, participated in the two-day session.

Delegates were judged on the quality of their research and participation in both committee and in General Assembly.

U.S.A. WINS AWARD

The United States of America delegation, consisting of Margie Prokop, Kathleen Harman and Maureen Phillips, earned the best major delegation in over-all performance award.

Mo Naught and Timothy Tighe from Brother Rice, representing the United Arab Republic, won the best minor delegation award.

Top 10 individual speakers' awards were given to David Adreente, France; Noreen Collins and Susan Cooper, United Kingdom; Kathryn Hocker, Spain; Ann Klokka and Amelia Janisz, Australia; Sharon Sobolka, Poland; Cynthia Thakken, Yugoslavia; Margaret Wyles and Kris Fiechsig, U.S.S.R.

TO PROVIDE CULTURE

According to Anastas Pavezic, sponsor, the French Club "is designed to enrich the cultural background of students who are studying or who are interested in the French language."

Meetings are informal with members encouraged to speak as much French as possible during the business and social hours.

A Dec. 18 swimming party at Oakland University is planned. Members are also going caroling Dec. 21 and 22 in the evening.

The Literary Club will discuss Daphne du Maurier's "Rebecca" Dec. 6.

CHOIR'S PRODUCTION

Soloists and duet teams for the choir's production of "That's Show Biz" will be Sylvia Kirkton, Claudia Parcells, Jan Pierce, Loraine Merrill, Wanda Stevens, Vicki Zink, Carl Renick, Jan Huntly, Dan Ludwig, Cheryl Smith, Nancy McMahon, Sally Anstee, Rick York, and Beverly Dunn.

Marian's Future Nurses Club

Recently elected officers for 1966-67:

Barbara Barrett, senior, was elected president and Lynn Lepisto, junior, vice president; Katherine Zafarana, senior, secretary; Diane DePuy, junior, corresponding secretary; Virginia Carry, senior, treasurer.

The Barbershop Girls' Octette

The Madrigal, and the Men's Barbershop Quartet will also perform.

Linda Mitchell and Fern Stuart will dance.

ed for the basketball season are JoLynn Yansen, captain; Sandy Shorter, quartermaster; Gay Nell Rice, secretary; Vicki Lenzel, historian; Shannon Vessels, treasurer, and Pam Harrington, refreshments.

To create a true feeling of Thanksgiving the a cappella choir gave a concert for the students.

There will be a pep assembly Friday in which the varsity cheerleaders will show off new uniforms. These are the first new uniforms the squad has had for many years.

Scholastic aptitude tests will be given Saturday at Central.

Rochester Art Club to Paint Stores

By KAVIN HEADLEE

Rochester High School's Art Club is painting Christmas decorations on some of Rochester's store windows, decorating Mitzel's cafe for the annual Christmas parade on Dec. 3 and making posters for the Women's National Farm and Garden Association.

These posters will advertise the club's "Twelve Days of Christmas," a combined flower and garden show.

The club hopes to raise funds for its annual scholarship and trip to Chicago.

It is sponsored by Sandy MacAbee, Mrs. Janice Smith, Mrs. Blossom Cobbe and Walter Ewold.

The 1966-67 French Club officers are Kathy Nowicki, president; Mike Spick, vice president; Kathy Holman, secretary; and Sandy Mills, treasurer.

Wash and Store

Be sure summer clothing is clean before putting it in garment bag or cedar chest. Dirt, acids and chemicals change with time and can cause permanent damage to stored fabrics.

Last year 1,472 Austrians emigrated to Canada.

Visualize European Tour

Mrs. Harry Dyer, a past president of the Soroptimist Club of Pontiac took the membership on an armchair tour of Europe at Monday's dinner meeting in the Elks Temple.

land, France, Italy, Switzerland, Germany, Holland and Scandinavian countries. She was impressed with the great number of compact cars in Europe, the absence of a language barrier... and the rare appearance of spaghetti dishes in Italy.

Mrs. Dyer, who is superintendent of the Auburn Heights branch post office also collected silver spoons in her travels.

Mrs. Bud Holznagle, club president, and Mrs. Frances Coons attended the presidents' council meeting in the Women's City Club, Detroit.

The Christmas dinner-party will be Dec. 12 in the Elks Temple.

New Citizens Celebrate

A graduation party for members of Janice Antona's citizenship class was held Monday evening in the classroom at Pontiac Central High School.

New Americans honored were Pamela McClure, Eliza Beth Rapson, Diana DeLong, Diana Lescamela, Pu Mei Heck and Anna Weyn.

Guests of honor were Mrs. William Todd, Mrs. Lee Hill, Mrs. Joseph Phillips, William Rose of the adult education department, and Mr. and Mrs. E. G. Clark. Mrs. Clark is Americanization chairman of General Richardson chapter, Daughters of the American Revolution.

Following the presentations to the honorees, Mrs. Hill showed slides of the class trip to Washington, Boston and New York City in July.

Do Worst First

When painting a window, first coat the mullions, then the horizontal sashes, the vertical sashes, the verticals of the frame — and finally, the horizontal frame and sill.

Aprons come in all shapes and colors to be sold at a Christmas bazaar Saturday, sponsored by the Areme chapter No. 503, Order of Eastern Star. From left are Mrs. Allan W. Hersee of Murphy Street and Mrs. Sidney Fellows of South Roslyn Street inspecting the latest batch. The bazaar, which is open to the public will take place in the Roosevelt Masonic Temple on State Street from 10 a.m. until 4 p.m.

Members Show New Fashions

Kay McClure of Lisbeth's, Birmingham will coordinate the Ladies' Day Out special fashion show on Wednesday noon in the YWCA.

Members of the group who will model are Mrs. Andrew Yevich, Mrs. Charles Stevenson, Mrs. Ron Rafferty and Mrs. Bryan Bastow.

The public is invited. Luncheon will be served at noon.

Nonstick Irons Just Glide Along

That wonder non-stick surface finish is now being applied on steam irons — and will they glide!

This means no more scraping off starch or singed fabric to ruin the iron's smooth surface. Any of these new steam irons just need a wipe with a sudsy cloth to keep the work surface immaculately clean.

'Unscuff' Your Tile

Use a dry scouring pad to remove scuff marks on a linoleum or asphalt tile floor.

Olden Times Featured at Church Fair

An "Old-Old Fashioned" Bazaar is planned Friday by members of the Women's Association of the First Congregational Church.

Mrs. Charles Coppersmith is general chairman of the event scheduled from 10 a.m. to 8 p.m.

Luncheon will be served from 11:30 a.m. to 1 p.m. and dinner from 4:30 to 7 p.m. Everything is open to the public.

Mrs. James Absher, Mrs. Stanley Kipp and Mrs. Hiram Smith are kitchen chairmen. In the dining room will be Edwood Bigler, Faye Donelson and Mrs. Everett Peterson.

In addition to the usual bazaar items, Christmas wreaths may be ordered. Mrs. Robert Sanford has charge of this work.

All workers will wear old-fashioned gowns.

Will Consumers Spend or Save?

Yule Buying Watched

By JOHN CUNIFF
AP Business News Analyst

NEW YORK — Retailers are facing one of their biggest challenges ever during this Christmas shopping season. Even the experts are confused.

The big unknown factor is the consumer. Everyone is guessing he's thinking of money. But is he thinking of spending it or saving it?

There have been many years in the past, poorer years by far than 1966 when department stores and other retailers could forecast with complete confidence that sales would be higher than the previous year.

There is a very good chance that such a forecast will come true this year. The consumer has the money. There are more consumers than ever before.

BUYING HABITS
But forecasting is less certain, because consumer buying habits in the past few months have become very difficult to predict.

Some of the signals are even contradictory. Through much of this year, Americans received a hard-knock course in household economics as they strove to beat inflation. By early fall, back from his expensive vacation, the consumer threw up his hands in frustration. Inflation put him in a sour mood and he still may be like it.

The challenge to retailers, then, is to make the shopper through quality products, bargains, services and promotional inducements. An opportunity missed at Christmas can be disastrous to some retailers and even to some wholesalers.

RECESSION FEAR
Among them: Inflation, high

interest rates, the fear of recession, the Viet Nam war, criticism of products from various sources and a resultant lessening of confidence in goods, an erratic stock market, the balance of payments deficit.

Some of these might have remained in themselves, but viewed as part of the same problem. What brought all the depressing news together in one ball was, of course, inflation.

The lessening of confidence apparently was a cumulative thing. Through much of the summer, sales continued to rise month to month. But in September, the rise was broken. Sales dropped, although slightly.

Throughout the year, the University of Michigan measured consumer attitudes, not by the cars registered as much as by interviews. This year, in itself, sells a story.

MORE CONFIDENT
In the last half of 1965, consumers were more confident than at any time in 20 years, the university said.

In January, the study found "unlike some experts who are greatly concerned about inflation on the balance of payments, most consumers do not see dark clouds on the horizon."

By April, the consumer was described as "guardedly optimistic," but nevertheless satisfied. He even believed the Viet Nam war was for good times at home without causing shortages of goods.

By June, the American consumer was less optimistic both about the future of business and about his own spending intentions. "Consumer optimism has declined significantly during the past six months," the university said.

By fall, his willingness to spend appeared to have deteriorated further. It was being noted in lower, but still high, car sales for one thing; and in shop resistance at supermarkets. Curiously, Viet Nam no longer was considered a "good" business factor.

Nevertheless, the study determined that many people — despite the gloomy attitude — continued to make plans to spend large amounts of money on automobiles or home appliances.

It's a good question, one of many that the poker-faced consumer isn't answering for the retailer. Only the cash register will give the answer.

News in Brief
Theft of a table model radio valued at \$75 was reported to Pontiac Police yesterday by Frayer Appliances, 389 Orchard Lake.

The theft of \$60 from Highland and Shell, 5385 M50, Waterford Township, was reported to township police yesterday.

Jury to Decide Speck Sanity

CHICAGO (AP) — A jury of seven men and five women was selected Monday to determine whether Richard J. Speck is competent to stand trial on charges of murdering eight students.

Judge Herbert C. Paschen of the Circuit Court recessed the hearing until today when a panel of psychiatrists who have examined Speck was to begin testimony.

Judge Paschen explained to 50 prospective jurors that their role task would be to determine if the defendant understands the nature of the proceedings and is able to assist in his own defense.

He also explained that the competency hearing has "nothing whatever to do" with charges that Speck, 24, strangled and stabbed the nurses in their living quarters last July 14.

Israelis Claim Downing of Two Egyptian MIGs

TEL AVIV, Israel (AP) — An Israeli army spokesman said two Egyptian planes of the MIG19 type were shot down after a short dogfight over Israel territory shortly after noon today.

The spokesman said the battle developed after an Israeli plane on routine air patrol over southern Israel's Negev Desert was intercepted by two Egyptian MIGs.

Two Israeli Mirages immediately flew to the scene and met the two Egyptian planes over Israel territory at Beerotayim.

In a short battle both MIGs were hit and fell inside Egyptian territory close to the Israeli-Egypt frontier, while the Israeli plane returned safely, the spokesman said.

Successful Investing

By ROGER E. SPEAR
Q "I have \$1,000 to invest and have a leaning toward Acme Markets, as I worked there three years ago. This stock has dropped sharply in price and I would like to know what you advise." A.T.

A) You worked for an excellent company. Acme is a major food chain which has come down in price like most others in its group. These stocks have been hurt by intensive competition in the industry — followed by a general falling off in investment.

Savor Acme Markets should report good earnings recovery in the current year, probably to \$4.65 a share. Dividends are well protected and now yield five per cent. Some expansion of sales is likely through the Alpha Beta division in Southern California.

If income is your principal objective, this stock should be satisfactory. If you are looking for appreciation, however, I would avoid Acme. Instead, I would buy a pharmaceutical like Merck or a consumer stock like General Foods.

Q "I own a very large amount of Brunswick Corp.

debtore 4 1/2% of 1961, which have dropped 20 points since I bought them in February. An investment in Brunswick's debtors and Brunswick in particular will be appreciated." A.H.

A) Debtors represent simply the unsecured promise of a corporation to pay interest and principal when due. Their security depends entirely on the financial strength of the borrower and on the fact that default in payments is usually followed by bankruptcy proceedings.

The debtors you own are subordinated to Brunswick's senior debt. Because of the sharp decline in the company's earnings and in its interest coverage in recent years, your bonds are considered speculative and generally resellable for less than face value. If you cannot afford risk, Brunswick's management is excellent and it has made good gains in reducing indebtedness. Earning power must be re-established, however, before your debtors can be regarded as a whole security. Although I don't anticipate default, I believe it would be prudent to sell your commitment to Brunswick.

20 B52s Join Fleet on Guam

Cong Fear of Roids Results in U.S. Move

WASHINGTON (AP) — The Pentagon, aware the Viet Cong fear sudden bombing attacks, has almost doubled the force of B52s flying missions to Viet Nam.

Planes are to step up bombing raids against Communist troop concentrations and supply lines.

Informal sources say intervention of captured Viet Cong shows the guerrillas dread the unexpected rain of bombs more than any hardship or war tactic, including encounters with U.S. ground troops.

NO WARNING
The explanation for this is that the guerrillas are fairly successful in avoiding combat with American units. But they get no warning from the high-flying B52s and, unless they are near reinforced underground tunnels, have no way to evade the 300-pound and 750-pound bombs.

Sources said the increase in the B52 force is proof the military command in Saigon is sold on the value of the big bomber, once envisioned only as a deliverer of the nuclear punch.

Critics have alleged that the B52s have questionable value and that using them against the Viet Cong is like shooting at a mouse with a cannon.

Skill, command in South Viet Nam call almost daily for B52s to support ground operations.

HUNDREDS OF STRIKES
Since the Stratofortress went into operation in June 1965 the massive aircraft have flown hundreds of strikes, dropping more than 100,000 tons of explosives.

The B52 can now carry 100 300-pound bombs — 77 tons — per trip.

Although it would not likely be ordered, a 50-plane B52 could direct 1,500 tons of explosives against a single target, clearly three to six planes are used in a single strike.

Ruling Near on Order for Powell Arrest

NEW YORK (AP) — The first of a new court order for the arrest of Rep. Adam Clayton Powell, D-N.Y., for criminal contempt of court is expected today or Wednesday.

The Appellate Division is scheduled to decide whether to issue a writ of prohibition against the lower state court punishing the Harlem Negro congressman for criminal contempt.

THE ORDER
The order for the arrest of Powell "on any day of the week, including Sunday," was signed Monday by State Supreme Court Justice Arthur Markewich.

The order, which applies only if Powell returns to New York, directs the sheriff to take Powell into custody to serve a 30-day contempt sentence growing out of a \$164,000 federal judgment which Powell has failed to satisfy for a three-year period.

THE FOURTH
Markewich's order is the fourth one issued by the state courts against Powell, but it is the first which calls for his arrest on Sunday as well as on other days of the week.

While the order specifically directs the community from arrest on Sundays, it leaves unclear whether he is subject to arrest while Congress is in session. These legalities have prevented any action against him in the other three civil contempt actions.

Physicians said Mrs. Petersen's condition is critical.

Mother Shot, Son Is Born

KANSAS CITY, Kan. (AP) — A boy was born by Caesarian section after his mother was shot accidentally by his father last night.

Harry R. Petersen, 37, a mechanic, was barely able to talk as he told police his revolver fired while he was putting it in his holster.

The bullet struck his wife, Lois, 36, in the abdomen but did not hit the baby.

Mrs. Petersen, who had expected her fourth child next month, told hospital attendants the shooting was accidental.

Petersen said he had been carrying the gun because of vandalism at the Yellow Cab Co. car lot where he worked at night.

Physicians said Mrs. Petersen's condition is critical.

Gains, Losses Slight

Mart Mixed in Active Trade

NEW YORK (AP) — The stock market was mixed in active trading at the opening today.

Opening blocks included American Telephone, unchanged at \$44 on 4,300 shares; Ford Motor, off 1/4 at 26 1/2 on 1,800 shares; Boeing, off 1/4 at 65 1/2 on 3,000 shares, and Jersey Standard, unchanged at \$44 on 3,300 shares.

Opening on blocks of 1,300 shares, Consolidated Edison

dipped 1/4 to 33 1/2. General Electric added 1/4 at 64 1/2. New York Central eased 1/4 at 60, and Du Pont dropped 1/4 to 15 1/2.

Westinghouse gained 1/4 at 35 1/2 on a block of 2,000 shares.

Boisbrennan was up 1/4 at 25 1/2 on a block of 2,000 shares.

Montgomery Ward was unchanged at 21 1/2 on a block of 1,000 shares.

Deaths in Pontiac Area

Mrs. Emil Bellehuneur Surviving are two sons, Sinclair of Flushing and William, M. of Bloomfield Hills, and five grandchildren.

Arrangements were made by the Algae Funeral Home, Flint.

Joseph D. Kopeikin Kopeikin, 19, of 805 S. Winding, Waterford Township, will be 11 a.m. Thursday at Donelson-Johns Funeral Home with burial in Crescent Hills Cemetery, Waterford Township.

Kopeikin, a student at Oakland Community College, died yesterday after a long illness.

Surviving are his parents, Mr. and Mrs. Joseph Kopeikin, and grandparents Mrs. Katherine Kopeikin of Pontiac and Mrs. C. O. Riggs of Hillsdale.

Mrs. Orren DeReamer COMMERCIAL TOWNSHIP—DeReamer, 66, of 225 Wise will be 1 p.m. Friday at the Elton Lake Funeral Home, Union Lake. Burial will be in Commerce Cemetery.

Mrs. DeReamer died today. She was a member of the First Methodist Church of Pontiac and was a past president of the Milford American Legion Auxiliary Post.

Surviving besides her husband are a daughter, Mrs. Rex Kelley of Lake Orion; a son, Duane of Union Lake; three sisters, Mrs. Charles Lucas of Pontiac, Mrs. Roscoe Hendry of Pontiac, and Mrs. Bessie Mack of Edgewater, Fla.; two brothers, 13 grandchildren; and one great-grandchild.

Daniel R. May OXFORD—Service for Daniel R. May, 11-year-old son of Rev. and Mrs. Hubert May, 110 S. Washington, will be 2 p.m. tomorrow at Holy Cross Lutheran Church. Burial will be in Ridgeview Cemetery by Bossardet Funeral Home.

The boy died yesterday after a short illness.

Surviving besides his parents are his grandparents, Mr. and Mrs. Walter Rudy of St. Louis, Miss. Three sisters, Barbara of Winfield, Kan. and Deborah and Michelle both at home; and two brothers, Stephen and Randolph, both at home.

Clarence J. Moriz HOLLY—Service for Clarence J. Moriz, 60, of 601 N. Saginaw will be 2 p.m. Thursday at Dryer Funeral Home. Burial will be in Lakeside Cemetery.

Mr. Moriz, a truck repairman at Flint Fisher Body plant, died this morning. He was a member of River Rouge Lodge No. 511 F&M.

Surviving are his wife, Cleo, a son, Richard of Taylor; two brothers, four sisters; and two grandsons.

William F. Peters WALLED LAKE—William F. Peters, 75, of 455 Sparks Lane died yesterday after a short illness. His body is at the Richardson-Bird Funeral Home.

He was a retired employee of the Staines Ware Co., Walled Lake.

Surviving are three sons, Charles of Montclair, W. Va., Carl of Vero Beach, Fla., and Eugene of Union Lake; three daughters, Mrs. Lula Mae Taylor of Dayton, Ohio, and Mrs. Magdalene Holton and Mrs. Loretta Sparks, both of Walled Lake; two brothers; two sisters; 30 grandchildren; and 19 great-grandchildren.

Mrs. Alvah J. Webster INDEPENDENCE TOWNSHIP—Service for Mrs. Alvah J. (Lucy) Webster, 54, of 5215 Clintonville will be 1:30 p.m. Thursday at Voorhees-Siple Funeral Home, Pontiac. Burial will be in Perry Mount Park Cemetery.

Mrs. Webster died Sunday.

Detroit Youth, Hurt in Area Crash, Dies Injuries suffered early Saturday in an accident in West Bloomfield Township claimed the life last night of a Detroit youth.

Jerome Morris, 18, died about 7:45 p.m. at Pontiac General Hospital, where he had been listed in critical condition since the mishap.

Oakland County sheriff's deputies said Morris was thrown from an automobile which skidded 275 feet through a ditch and slammed into trees on Middle Belt Road south of Long Lake Road about 4:30 a.m.

Blaze Ousts Family in Area

Neighbors Put Up Father, 5 Children

A Rochester family with five young children was left homeless yesterday when fire destroyed their rented home at 253 Thalia.

Alfred Smith and his five children were taken in by neighbors last night. Mrs. Smith is a patient at Pontiac Osteopathic Hospital.

The home is owned by Mrs. Cecilia Dellaport, 3400 S. Adams, Pontiac Township.

Fire Chief Lytle Buchanan estimated smoke and water damage at \$11,000 to the house and \$3,500 to furnishings. Structural damage, caused by fire, was put at \$700.

Buchanan reported that, while Mrs. Smith has been in the hospital, 12-year-old Cathy has been getting the younger children ready for school and depositing the youngest with a neighbor after her father leaves for work.

Called Firemen Mrs. Eugene Talaga, 244 Thalia, the woman who takes care of 4-year-old Byron, called the fire department at 2:53 p.m. when she saw smoke coming from ventilation louvers.

Buchanan said the blaze started in the master bedroom. He is investigating the cause.

Sale Friday for Rummage Bazaar Items A communitywide rummage and sale will be held from 10 a.m. to 5 p.m. Friday at the Community Activities Center, building, 5640 Williams Lake, Waterford Township.

In addition to 30 tables set up by CAI, sponsor of the event, about 20 organizations and individuals have rented floor space for the sale.

Proceeds from CAI sales are earmarked for the organization's remodeling and expansion program.

At a previous communitywide rummage sale conducted by CAI this year, proceeds totaled more than \$500.

We'd like to exceed \$500 this time," said Mrs. David Hammond of 2897 Orange Grove, Waterford Township, chairman of the event.

Anyone desiring to donate items for the sale or rent floor space can contact Mrs. Hammond or the CAI office.

Items to be sold will range from ski equipment and an English riding saddle to French doors and electrical fixtures, Mrs. Hammond said.

Tirrell to Speak to Educators at OCC Conference Oakland Community College President Dr. John E. Tirrell is scheduled to address a conference on "New Designs for Liberal Arts Colleges," Saturday in Winter Park, Colo.

Tirrell and Dr. Albert A. Campbell, OCC vice president for curriculum, are among 60 educators from throughout the nation invited to attend the meeting Thursday through Sunday.

The conference is sponsored by the Union for Research and Experimentation in Higher Education, an organization funded by the U.S. Office of Education.

Tirrell's topic for his general session speech will be "Patterns in Experimental Colleges."

Library Unit Officers Elected in Waterford

The Waterford Township Friends of the Library reelected Mrs. Robert Eisele as president last night at the group's annual meeting at Pierce Junior High School.

Mrs. Eisele of 3528 Baybrook, Waterford Township, will serve another one-year term.

Other officers reelected for 1966-67 were Mrs. Paul Atkins, first vice president; and Mrs. Gerald Lewis, recording secretary.

Newly elected officers include Mrs. Douglas McGinley, second vice president; Mrs. Lee Anna, corresponding secretary; and Mrs. Norman Fankner, treasurer.

Elected to serve on the board of directors were Mrs. Dale Feet, Mrs. Earl Floyd and Mrs. Roger J. Reid.

50 AT MEETING Approximately 50 persons attended the meeting, which also featured slide presentations by foreign exchange students.

Conducting the program were seniors Sue Rose and Maria Bjelved of Waterford-Kettering High School and Lars Irenius of Waterford Township High School.

The daughter of Mr. and Mrs. Lytle Rose of 2222 Pauline, Waterford Township, Sue spent last summer as an exchange student in Chile.

From Bennebrook, the Netherlands, Maria is a guest of the Rose family.

A guest of the Charles Frick family, 3838 Court, Waterford Township, Lars is from Stockholm, Sweden.

2 Detroit Youths Are Arraigned in Pontiac Break-In Charged with breaking into a Pontiac firm, two Detroit youths are held at the Oakland County Jail in bond of \$1,000 each following their arraignment yesterday.

Reginald Pierce, 19, and O'Hara Davis, 17, both demanded preliminary examination at their appearance before Municipal Judge Cecil B. McCallum.

McCallum set the hearing for Dec. 7.

The two were apprehended by Pontiac police early Sunday after a break-in at Corvette Enterprises, 661 E. South Blvd.

County Bid for Funds Is Sent by Air Oakland County Drain Commissioner Daniel W. Barry left by plane yesterday to hand-deliver two copies of the county's federal grant application for a comprehensive refuse disposal study before the Thursday deadline.

Barry, accompanied by County Corporation Counsel Robert P. Allen and Deputy Drain Commissioner James R. Nichols, was scheduled to file the application at the Chicago regional office of the Public Health Service Department, Health, Education and Welfare.

The trio was then slated to go on to Washington to file another application today with the federal agency's national office.

A cost of \$100,000 is anticipated for the eight-month refuse disposal study.

A federal grant for two-thirds of the cost is expected, with the county bearing the remainder.

Group to Meet School Equality

The 50 persons named to study equality of educational opportunity in the Pontiac school system are to hold their first meeting tomorrow night.

Representing a cross section of organizations and interests in the community, the citizens committee members were picked earlier this month to take a hard look at intergroup relations in the schools.

They will meet at 7:30 p.m. in the board room of the board of education building, 530 E. Wide Track.

The group will spend its first session getting organized under the chairmanship of John T. Rogers, Pontiac attorney who is chairman of the Pontiac School District Citizens Committee on Human Relations.

Coordinator of the study, which is expected to take at least a year, is John F. Perdue, the district's school-community and human relations director.

Pontiac Girl Hit by Auto A Pontiac girl is listed in satisfactory condition at Pontiac General Hospital after being struck by a car yesterday.

Mary H. Copas, 7, stepdaughter of G. A. Rojas of 167 Elm, was hit on Paddock near the intersection of Osmon at 3:30 p.m., according to Pontiac police.

William McInnis, 58, of 40 Lewis, driver of the car, told police the girl darted suddenly in front of him from a curb.

Unfinished Home in Oxford Burns Brandon and Orion Township tankers were called in last night to aid the Oxford Fire Department in fighting a blaze at 2540 Oakwood, Oxford Township.

A house under construction caught fire, and damage was estimated at \$5,000, according to Claude Rogers, assistant fire chief.

The home was owned by Clarence Fieldman.

Garage Looted Tools and a polishing wheel valued at a total of \$250 were taken last night in a break-in at a city garage, it was reported to Pontiac police.

Jessie Walker of 84 W. Sheffield said the garage at the rear of his home had been entered by someone who pried a heavy iron hasp off the door.

S. Korea Says Reds Shelled Fishermen SEOUL, South Korea (AP)—Four North Korean gunboats fired on a group of South Korean fishing boats today on the east coast, south of the military demarcation line, and abducted South Korean fishermen, Seoul's Radio Donga reported.

The broadcast said the Communist craft surrounded about 30 South Korean fishing boats and fired an unknown number of shells. It said the incident took place about 1 p.m.

MAKE OVER PAGES Police to Hold Man, 30, Faces Wixom Charge

A special traffic school for persons failing driver's road tests will be conducted by Pontiac police beginning Saturday.

Sessions scheduled for two hours each will be held beginning at 1:30 p.m. in the Municipal Court room at 110 E. Pike.

Traffic Bureau Patrolman Bill Irwin will direct the school, which will include a film as well as a question-and-answer period.

Police to Hold Man, 30, Faces Wixom Charge

David A. Vaughan, 30, of 33800 Anland, Farmington, will face charges of breaking and entering Dec. 6 in Wixom Municipal Court.

He demanded examination at his arraignment yesterday.

Vaughan is charged with breaking and entering the Dingman Tool Shop, 47540 Pontiac Trail, Wixom early Sunday morning.

Stolen was about \$900 in office machines, typewriters and shotguns.
