69 Are Killed in Two Plane Crashes

Odds Too Great

UPI Telephoto

BOTH DEAD — The odds apparently were too great. So the Siamese twin daughters of Mr. and Mrs. Elvin Schultz of Chesterton, Ind. are both dead today. Doctors at a Chicago hospital had hoped to save one of the babies in separation surgery, but encountered too many complications. The girls were born joined at the abdomen.

Siamese Twins Die When Surgery Fails

CHICAGO (AP) — A difficult attempt to save the lives of tiny Siamese twins by separating them has ended in their deaths.

Mary Helen Schultz died during the operation Thursday. Marie Ellen Schultz died Thursday night, 4 hours and 40 minutes after the surgery was completed.

★ ★ ★

The girls together weighed 11 pounds, 10 ounces at their birth four days ago. They were joined at the abdomen. They were unable to take enough nourishment to sustain life.

Dr. Willis J. Potts, surgeon-in-chief of Children's Memorial Hospital, said surgery offered their only chance to live.

But, in the course of the three-hour operation, an eight-member surgical team made two discoveries. The twins shared a single heart and a single liver.

ONLY ONE COULD LIVE

That meant that only one could retain the organs and be saved.

★ ★ ★

"There was no chance for both to live," Dr. Potts related. "Circumstances were such that we could only give Marie Ellen her rightful chance to life."

Marie Ellen was larger and in better physical shape. But the heart was badly deformed and had one auricle instead of two.

"It was the most amazing heart I've ever seen," Dr. Potter said.

There have been a number of separations of Siamese twins linked at the abdomen. But Dr. Potts said this was the first instance of surgical division involving interdependent circulation and respiration systems.

★ ★ ★

The father of twins, Elvin Schultz, a Gary, Ind., insurance adjuster who lives in Chesterton, Ind., stated before the operation that it would be fine to have the two babies or even one.

"If neither of them lives, I feel it probably was meant to be that way," he added.

The mother, Marilyn, still is in a hospital at Valparaiso, Ind., where the twins were delivered Sunday by Caesarean section.

The parents, both 28, have three other daughters.

Begin Building High School

Our Lady of the Lakes Project in Waterford Twp. to Cost $500,000

Construction began today on the $500,000 Our Lady of the Lakes Catholic High School on Dixie Hwy. in Waterford Township.

Located between Williams Lake and Andersonville roads, the school building will be on a 17-acre site southwest of the present Our Lady of the Lakes Elementary School. It will contain a large combination gymnasium-dining hall and 10 classrooms.

A window-lined corridor will connect the two buildings.

Features of the building will be a band practice room and a mechanical equipment room adjoined by a large workshop.

A fully equipped kitchen, locker rooms and showers, and a teacher's lounge also will be included.

Provisions have been made for study hall space, a large library and two lecture rooms. Many new skylight details have been worked into the high school by architect George Hammon of Detroit.

Completion of construction is scheduled for September 1960. The project is being sponsored by the Catholic Archdiocese of Detroit. Pledges from the 1,100 parish members will help finance it.

Additional plans call for extending the convent and present grade school within the next two years. The general construction contract for the high school was awarded the Clarence Gleason Construction Co. of Detroit.

WASHINGTON (UPI)—Soviet Premier Nikita S. Khrushchev will get another souvenir of his American trip today: a gold statuette of a hot dog.

Aleutian Flight Carrying 16 Hits Mountain

No Sign of Life Noted by Navy Pilot; Tug and Ground Party Sent

ANCHORAGE, Alaska (AP) — A commercial airliner with 16 persons aboard crashed on an Aleutian island last night and a search pilot reported no sign of life at the wreckage.

The plane a DC4 of the Reeves Aleutian Airline, crashed at the 2,000-foot level of a mountain on Great Sitkin Island about 11 p.m. EST.

A Navy pilot located the wreckage 40 minutes later and reported the plane appeared badly shattered. The Coast Guard sent a tug with a ground party to the isolated island.

The DC4, on Reeves' Flight 3 out of Anchorage for the Aleutian island of Adak, carried seven Air Force men, one Navy man, one Army man, two civilians and five crew members.

Airline officials said the plane had started its approach to the Adak strip. There apparently was no report of trouble from the pilot before the crash.

Names of the military men were withheld until relatives were notified.

Would Kill JP Courts in Michigan

DETROIT (AP) — The state bar of Michigan was on record today for doing away with justice of the peace courts and for keeping selection of State Supreme Court justices on an elective basis.

R. Lee Williams of Detroit, chairman of the Public Relations Committee, led a fight against the justice of the peace system at the bar's 24th annual convention here yesterday.

★ ★ ★

Williams pleaded with fellow lawyers to "take the lead in moving toward abolition of the justice of the peace system and to substitute a system of lower courts of limited jurisdiction."

James P. Lawson, Farmington justice of the peace and a member of Williams' committee, opposed the chairman's move, "If justices of the peace are corrupted they were corrupted by lawyers. It is up to us to clean up our own house."

Nicholas V. Olds, an assistant attorney general, sided with Lawson and questioned authority of a committee on public relations to make the recommendation.

RECOMMENDATION OK'D

The recommendation of Williams' committee was approved.

A resolution to have Supreme Court justices appointed by a committee of lawyers and laymen was defeated overwhelmingly by a voice vote.

Supreme Court Justice George Edwards had promised a floor fight on the proposal. When the question was raised, he stood to speak, but before he could utter a word the membership already had voted down the proposition. Edwards sat down, smiling.

★ ★ ★

Among resolutions adopted was one urging circuit judges to exercise greater supervisory authority of justice of the peace courts.

Another getting approval would require that all future probate juvenile judges be licensed attorneys.

Endorsed also were proposals that a special committee be established to study improper influence upon prospective jurors and to establish grievance procedures so that members of the bar may

A DAINTY TOUCH — Little finger lifted in a dainty manner, Russia's No. 1 man, Premier Nikita Khrushchev takes an olive from a salad tray served during Thursday's luncheon at the University of Pittsburgh. He was a guest at the school luncheon before leaving for Washington on his nationwide tour. The waitress is not identified.

Whirlybird Takes 'Em to Camp

Big Two Off for Big Talk

From Our News Wires

WASHINGTON—President Eisenhower and Soviet Premier Nikita S. Khrushchev met separately with top advisers today planning for the fateful talks that start late today on a Maryland mountaintop.

Khrushchev said today he thinks tensions between the United States and the Soviet Union will be lessened to some extent as a result of his visit to this country.

Khrushchev, still a walking exhibit of energy despite his grueling nationwide tour and a late dinner session last night, was up for breakfast at 8:25 a.m. at the President's guest house.

Then he went back up to the third floor to "work on some papers" as aides trooped into the mansion.

A short block away and across the street, Eisenhower was in conference with Secretary of State Christian A. Herter, U. N. Ambassador Henry Cabot Lodge, who accompanied Khrushchev on his cross-country tour, and Llewellyn Thomas, U. S. ambassador to Moscow.

Earlier, the President had seen Gordon Gray, his special assistant on national security affairs.

Khrushchev had called off his own part in a tour of the National Institute of Health in favor of the preparation sessions.

As the conferences continued, the White House announced that Eisenhower and his guest had decided to go by helicopter rather than by automobile to Camp David, Md., the presidential retreat in the Catoctin Mountains where they will meet until Sunday.

The White House said Eisenhower asked Khrushchev to state his preference and the Premier chose the whirlybird.

They planned to fly together, taking off from the White House grounds at 4:15 p.m. EST on the 45-minute trip of about 65 miles.

Small crowds gathered on the street corners opposite the cream and green guest house, bedecked with the red and yellow Soviet flag. They gazed somberly at the entrance. On the sidewalk immediately outside Blair House security agents kept everybody moving.

Starting tonight, the visiting Communist chief and the President will try to persuade each other to shift government policy in the interest of peace.

Khrushchev, newly returned from a remarkable and hectic tour of America, indicates he has not retreated an inch from his persistent accusation that U. S. policy created and preserved the cold war.

President Eisenhower, after 11 days of startling headlines about the boss of world communism, is pictured as hopeful the tour had some impact upon the visitor which might induce him to listen more receptively to the U.S. government's arguments.

Wounded Ceylon's Chief Shot by 'Monk'

PREMIER BANDARANAIKE

Badly Hurt Premier Said to Be Sinking After Abdomen Wound

From Our News Wires

COLOMBO, Ceylon — Prime Minister Solomon Bandaranaike was shot and critically wounded today by a man in the robes of a Buddhist monk.

The 60-year-old Bandaranaike was rushed bleeding to a hospital for an emergency operation after being wounded in the abdomen and arm. A hospital source said he was sinking.

Gov. Gen. Sir Oliver Goonetilleke declared a state of emergency in this Indian Ocean Island.

Wild confusion followed the shooting at the prime minister's residence. The assailant was stabbed and severely assaulted by a crowd before being arrested.

Police said that between 9:30 a.m. and 9:45 a.m. two men in the robes of Buddhist monks called at the prime minister's house and asked to see him.

Bandaranaike greeted them. After they had talked, the prime minister took leave of one by bowing. As he was about to bid farewell to the other, the first whipped a .45-caliber revolver from under his robes and fired six shots.

Two bullets hit the prime minister on the left side.

Rushed to the hospital, Bandaranaike said he forgave his assailant.

"A foolish man dressed in the robes of a monk fired some shots at me at my bungalow," he said. "I appeal to all to show compassion on this man and not to wreak vengeance on him."

Bandaranaike was due to leave for New York Monday to attend a session of the U. N. General Assembly. He planned later visits to London, Cairo and Bonn.

Bandaranaike today canceled his planned visit to Washington.

Immediate cause of the shooting was not known.

Huron Water Plan Dead?

By GEORGE T. TRUMBULL JR.

The Southeastern Michigan Water Authority, which has envisioned a $90 million bond issue to pay for a water pipeline from Lake Huron, today was criticized from two sides.

Pontiac City Manager Walter K. Willman said the authority is a "dead duck."

Harold K. Schone, director of the Oakland County Department of Public Works, urged the authority to be dissolved and that the county move ahead immediately to join in a "metropolitan system approach" of getting water from Detroit.

The criticism came this morning during a meeting of a special water committee of the Oakland County Board of Supervisors, whose job it is to see where the county will fit into a lingering dispute over an additional source of water.

In a closed meeting in Pontiac Wednesday night, the SMWA, formed three years ago in hopes of getting Lake Huron water for Oakland and Macomb counties, tentatively decided to scrap original plans for a revenue bond issue and try for a voter-approved general obligation bond issue.

"Who would ever approve such a thing?" Willman questioned.

"It's no secret," he told this morning's gathering, "that we've been offered a contract from Detroit." He emphasized that the final decision rests with the City Commission.

The city, for the past several years in the negotiating stage for new water as it watched the ground level supply slowly dwindling, has been the prize target of the SMWA. Authority backers say they need enough buyers to make it work.

The idea of several of the counties of Southeastern Michigan joining together with Detroit to supply water was suggested in a lengthy report rendered by the National Sanitation Foundation three years ago.

'SEEMS INFEASIBLE'

In calling for the abolition of the SMWA, Schone said:

"It seems rather infeasible to have two agencies doing the same thing. We must work out something or we're just going to have further delays."

"I recommend that the metropolitan system water approach be approved," he said.

"The program of the city of Detroit is the most benefit to Oakland County," Schone added. "This primarily because of a financial and time element standpoint.

★ ★ ★

"We can't afford to wait another 10 years for water for certain areas of the county," Schone said.

In a lengthy report to the Board of Public Works, and distributed to members of the water committee, Schone pointed out some advantages and disadvantages of the metropolitan water plan.

Major asset would be that there would be, in addition to a Detroit intake and also one from Wayne County, a third intake from Lake Huron by 1970.

French Airliner Falls at Takeoff, 53 of 65 Die

Relatives at Bordeaux Airport See Explosion, Become Hysterical

BORDEAUX, France (AP)— A French airliner bound for Africa crashed and exploded within minutes of takeoff Thursday night, killing 53 of the 65 persons aboard.

Three children were among the 12 survivors thrown clear before the four-engine DC7 blew up and burst into flames. Most were burned seriously.

The plane made a two-hour stopover in Bordeaux after an uneventful flight from Paris on a regular trip to Bamako, French Sudan, and Abidjan on the Ivory Coast.

Officials of the privately owned TAI-Transport Aerien Intercontinental airline, operators of the aircraft, said several prominent African politicians were aboard.

Among the survivors was Sekou Sissoko, health minister of the French Cameroons. Most of the passengers were French.

Airline officials said there were a few Britons aboard but there was no immediate indication of any Americans on the flight.

★ ★ ★

The plane plunged into a forest two miles from Bordeaux-Merignac airport just before midnight after making a shaky takeoff.

The pilot appeared to be having difficulty gaining altitude on leaving the runway.

There was a tremendous roar when the plane blew up.

Many relatives and friends of passengers watching the takeoff saw the crash and hysterically broke through guard rails in an effort to rush to the scene.

Several of the survivors were found some yards from the crash scene, apparently thrown clear by the impact of the crash.

2 U.S. Rebels Caught in Cuba

Led Band in Attack on Castro Troops; Deny Being Under Orders

PINAR DEL RIO, Cuba (AP) — Two American leaders of an insurgent band that clashed with Fidel Castro's troops have been captured, Maj. Dermidio Escalona announced Thursday night.

The Americans were captured after a fight Wednesday in which two of the insurgents were wounded and 30 taken prisoner, said Escalona, the provincial military commander. Among the prisoners, it was reported, were 25 soldiers of the former dictator, Fulgencio Batista.

Maj. Escalona said the two Americans were Col. Austin Young, whom he named as the "principal head" of the band, and Maj. Peter John Lambton, a 24-year-old pilot. Young who is English-born, formerly lived in Nassau, The Bahamas. He was quoted as saying he had not come to fight in Cuba "under anybody's orders. I did it of my own will."

He was questioned about allegedly bringing in Cuban currency illegally when he arrived in Cuba last March. At that time he said his address was 3851 Southwest 91st Ave., Miami, Fla.

Take Your Raincoat to the Football Game

Showers tonight and tomorrow will dampen all of Michigan's gridirons as "King Football" swings into high gear.

Spectators are warned by the weatherman to go to the stadiums armed with raincoats and umbrellas.

Temperatures tomorrow will range from 65-77. The outlook for Sunday is partly cloudy.

Generally warmer is the forecast for Monday through Wednesday.

Rainfall will total one-tenth to two-tenths of an inch, mostly tonight and tomorrow. Tonight's low will be near 60.

At 1:15 p.m. today winds were southeast at eight miles an hour.

The lowest temperature in downtown Pontiac preceding 8 a.m. was 53 degrees. At 2 p.m. the reading was 72.

Lake Huron Water Proposal Is Jolted

(Continued From Page One)

to "critical areas" of Oakland County by late next year.

Willman listed one disadvantage of the SMWA proposal in that, he said, it couldn't find enough buyers as most of the communities in the southern portion of the county are already under 30 - year contracts with Detroit in receiving water from the city through the South Oakland Water Authority.

★ ★ ★

On the question of which of the two proposals would be the least expensive, Schone said the Detroit metropolitan plan has "one of the lowest rates in the country." Schone, however, said there would be no control over rate increases.

Fred L. Yockey, chairman of the special water committee, who said he was in agreement with Schone and Willman, urged a meeting with Macomb County before going to the Oakland Board of Supervisors with a firm proposal.

In the negotiating stage for several years with Detroit, Willman explained that his city has been reluctant to move ahead sooner "until we knew who the prime mover was going to be."

He continued: "They (Detroit) have been in the water business for more than 100 years. That would be my choice."

Pontiac presently pulls water from 23 wells, some of which, Willman said, the city would maintain should it sign up with Detroit.

★ ★ ★

Joining with Willman and Schone in supporting the Detroit plan was Delos Hamlin, chairman of the Board of Supervisors. "It is the most feasible and economical idea," he said.

Yockey suggested that the DPW act in the same capacity as the South Oakland Water Authority in providing Detroit's water to the Oakland cities and townships not receiving water from the authority.

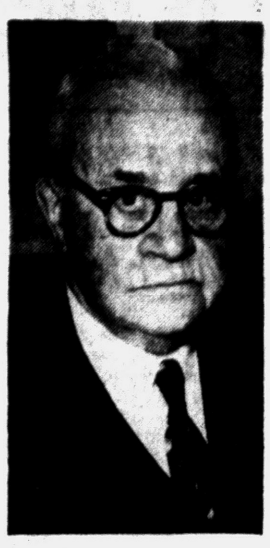

No price tag ever was placed on how much it would cost the county to join in with Detroit.

However, Schone said, should his suggestion be followed by the Board of Supervisors, an application then should be made with the Housing and Home Finance Agency for funds to develop plans for a county-wide water system integrated with the proposed metropolitan system.

The Day in Birmingham

Detroit Symphony Soloist to Be in Recital Sunday

BIRMINGHAM — Solo harpist of the Detroit Symphony Elyze Yockey will join Kent McDonald, organist and choirmaster of St. James Episcopal Church, here in presenting a recital at 8 p.m. Sunday in the church.

DR. SAMUEL A. BUTLER

Miss Yockey has been harpist with the Halifax Symphony, Canadian Broadcasting Corp., and the Angelaires, noted harp quintet.

McDonald is well known in the area as an oratorio accompanist both on the piano and the organ.

The Red Cross Mobile Blood Bank will set up operations at the First Presbyterian Church in Birmingham Tuesday.

Blood donations will be taken from 2:45 until 5 p.m. and from 6 to 8:45 p.m. They will be placed in the Oakland County Blood Bank for use in this area unless otherwise directed by the donor.

Appointments can be made by contacting either Mrs. James B. Hinkamp at 1444 S. Bates St. or Mrs. R. E. Gish of 556 Puritan St., Birmingham.

Eleven area churches will join in presenting a missions institute Oct. 2 at the First Methodist Church here.

The program, to start at 9:30 a.m., has been arranged by the United Church Women of Birmingham. Mrs. Lester G. Auberlin will speak on "World Medical Relief" and Mrs. Raymond V. Pfautsch will lead the devotional period.

During the afternoon a color film depicting the life and work of Dr. Albert Schweitzer in South Africa will be shown.

A nursery will be provided for preschool-age children.

Parent-Teacher Confabs Now City School 'Policy'

By HARVEY ZUCKERBERG

The Pontiac Board of Education last night sanctioned as "policy" a two year-old experimental method designed to devote more personal scrutiny to the problems of the individual elementary pupil.

The Parent-Teacher Conference program has doubled in use and effectiveness, Lester R. Stanley, principal of Hawthorne School told the Board.

Stanley is chairman of the Home-School Communications Committee, entering its fifth year as a study group of parents and teachers, which inaugurated the experiment in 1957.

Stanley said conferencing between teachers and parents takes place twice a year in conjunction with report cards.

HALF-DAY OFF

In schools where conferencing has been adopted, pupils are given half of the school day off so that the parents of each can engage in appointment interviews with instructors.

Parent-teacher conferencing is optional, according to Stanley, and no pressure has been applied from the school system administration to induce schools to begin conferencing. Report cards will be continued.

"Conferencing has grown in use because of the inherent values within it," Stanley said. "In 1957-58 nine schools engaged in some parent-teacher conferencing while in 1958-59 there were 20 participating schools.

"During the first year of the experiment there were 2,252 interviews between parents and teachers to discuss the individual problems of the students. Last year the number grew to 5,173 conferences."

Approximately 100 teachers conducted conferences the first year of the program. The second year more than 200 teachers participated.

Parents' reaction to the conferences were more than gratifying, Stanley said. He quoted samples of their response on questionnaires about the program.

'SCHOOL MORE INTERESTING'

"I believe the conferences have helped both my son and daughter in child growth and has made school more interesting for them. The conferences have helped me understand my son better."

"The conferences are very interesting. They have helped me to understand the teacher. In conference there were a lot of things the teacher explained to me that weren't on the report card."

"I have received very specific and helpful information concerning my children, particularly in setting up a plan to help one of my children achieve better concentration and study habits. I feel this is the only way in which parents can actually know what their children are doing, and can help to solve problems while the problems are still small. This system also helps to avoid difficulties which might come up, and is, in great part, responsible for the fact that my children all love school and anything connected with it."

"Conferences give a complete picture academically as well as a perspective of the child as a member of a group. This cannot be evaluated or beneficial to the child by any other means than by a two-way communication."

Of the more than 5,000 conference invitations, 93.2 per cent of the parents made appointments for interviews.

The time devoted to each conference was approximately 30 minutes.

Teachers, too, agreed that the value of the conferences was "immeasurable."

One teacher reported she could see definite results in specific cases.

"I have already noticed progress in the student because of the understanding I gained about him as a result of the conference with one of his parents," she said.

"I have given the extra adult praise and encouragement that his mother told me he needed. He has made marvelous growth in self-confidence. He no longer has to be urged. He is eager to act things out in pantomime now. Last year this would have been a real ordeal."

"I feel growth in all areas for this student would have been much lower without the help I was able to give because of insight gained from his mother. Likewise, his mother has continued to guide and encourage him at home.

"Education continues 24 hours a day. Consequently, the closer the home and school work together, the more the child benefits."

Dozens of the teachers reported similar cases and similar satisfying results.

★ ★ ★

The division also has redesigned its line more extensively than either of its major competitors in the popular price field.

And it has dropped the Custom 300 series at the bottom of the price list to give the new compact Falcon more market room.

No prices were announced at the national press preview which started yesterday. However, James O. Wright, Ford Division general manager, said the lowest price model in 1960, a Fairlane, would cost about the same as the most expensive line of Fords in 1957—at that time the Fairlane 500 series.

90 PCT. OF RANGE

Ford said its dealers will offer cars in 1960 covering 90 per cent of the auto market price range—from the Falcon through the Thunderbird.

But it also bobtailed the standard Ford line by eliminating six models offered last year — a two and four door sedan, a two and four door hardtop, its Skyliner retractible hardtop and one station wagon.

The 1960 Fords are almost five inches wider and more than five inches longer than this year.

★ ★ ★

This increases the spread in length between the standard Ford and the compact Falcon to 28 inches. The Falcon is 11 inches narrower than the Ford.

Ford has a completely restyled front end that includes a hood which extends the full width of the car, leaving only a narrow strip of body metal along the side. This eliminated the conventional front fender.

Headlights have moved into the grille. The extreme wraparound windshield has been replaced to eliminate the dogleg which protruded into the front door area.

★ ★ ★

The rear end has pronounced fins, half moon tail lights, a higher, narrower trunk opening.

Can Use Red Cross

By act of Congress, the Army and Navy can incorporate the Red Cross into military service.

Seek Control of Weapons to Curb Teen Crimes

NEW YORK (AP)—A Senate subcommittee has been told that federal action is needed in several fields—narcotics and weapons control among them—in the drive to curb juvenile crime.

The committee, headed by Sen. Thomas Hennings (D-Mo), concludes today a two-day hearing on the problem which marks the start of a series of hearings across the country.

Hennings, conducting the hearing alone Wednesday, heard Gov. Robert F. Wagner, Police Commissioner Stephen Kennedy and other officials describe the need for federal aid and action.

Rockefeller was one of several witnesses who called for tighter federal control of the narcotics traffic and interstate traffic in weapons.

In a five-point program he also urged that federal lands be made available to states for work camps for young delinquents, and that federal grants be made to public and private groups for research into the delinquency problem.

Regional facilities throughout the country for treatment of dope addicts were also proposed by Rockefeller.

Hennings saw a demonstration by the police commissioner of some weapons taken recently from teen-age gang members.

The arsenal included a studded belt, switch-blade knife, zipguns, sawed-off shotgun, a stick wrapped with a chain, a hose, and a kitchen knife.

In addition, Kennedy showed a race starter's pistol, imported from West Germany, which had been converted from a harmless blank-shooting device into a lethal revolver.

He said 80,000 such weapons had come into the country.

The commissioner called for a federal law requiring shippers to notify police about disposition of the gun shipments.

Tallahassee Cons Help the Guards Prevent Escapes

TALLAHESSEE, Fla. (AP)—A convict trying to escape from prison road gangs in Florida has to outrun fellow inmates as well as prison guards.

Every man in a roadgang is given 18 days off his sentence for every six-month period in which there are no escapes.

After one recent escape, Pompano Beach Prison Warden J. J. Albritton said he thought one escapee "would have gotten hurt if he'd come back here." Other inmates, the warden said, were furious.

In another camp recently, a road gang member broke to run, but other prisoners collared him before he got far.

City Now Allows Officers to Carry Firearms

NEKOOSA, Wis. (AP) — For the first time in 20 years, police officers here may lawfully carry and discharge firearms.

The common council changed the ordinance barring the use of firearms by all persons, including policemen, after city Atty. E. D. Helke said it wasn't being enforced anyway.

U.S. Offers Uranium to International Body

VIENNA (UPI) — The United States today offered enriched uranium valued at $50,000 to the third annual conference of the International Atomic Energy which opened here on Tuesday.

★ ★ ★

John F. Floberg, U.S. alternate delegate to the I.A.E.A., said the United States is prepared to donate in the coming year up to $50,000 of enriched uranium for use in agency-sponsored research projects.

Federal Courts 16 Years Behind

Warren Says Delays Are Bad for Everyone Hurt Legal Profession

WASHINGTON (AP) — Federal district courts are so far behind in their work it would take them 16 years, the way things are going now, just to clean up the backlog, Chief Justice Earl Warren said Thursday.

Such delays, he told the Federal Bar Assn. in a prepared address, are bad for everybody concerned and besides bring to "the entire legal profession a loss of public confidence, respect and pride."

"It is certain now that the federal judiciary will simply be unable to keep pace with the great forward strides in the economic and social growth of our country — with the acceleration and complexity of scientific progress —as long as it lacks an adequate number of judges, and as long as it lacks simplified procedures and substantially improved administration," he said.

The cases pending in federal district courts today number more than 71,000, the chief justice added. Besides, he said, federal agencies and departments are far behind in administrative proceedings.

★ ★ ★

"Perhaps even more discouraging in the agency proceedings is the fact that meaningful information on the state of the backlog and the extent of the delay is not even available," he said.

Earl W. Kintner, president of the association, announced plans for a research project on delays in justice in the federal courts. He did not go into details, but said an ambitious program had been worked out which would need cooperation as well as "money in considerable amounts" from foundations and others, if the job is to be done thoroughly.

Holland Population Up

HOLLAND (AP) — City Manager Herb H. Holt reported Thursday that Holland's population is estimated at 29,046 following the annexation of five areas to the city in the last 18 months. The 1950 census showed Holland with 15,858 residents.

Senators Are Divided on Renaming of Bridge

LANSING (AP) — Take your pick. One resolution submitted in the Senate has asked renaming of the Portage Lake bridge between Houghton and Hancock for Carl F. Winkler, an Upper Peninsula Highway Engineer.

A second resolution urged retention of the present name of the bridge. Both went to the state affairs committee.

Sen. Charles O. McManiman (D-Houghton) is for the status quo. Sens. Perry W. Greene (R-Ann Arbor) and L. Harvey Lodge (R-Oakland County) for renaming the structure.

Edwards Roasts Plan to Name High Court

DETROIT (AP) — A plan to have Michigan's Supreme Court Justices appointed by the governor rather than elected has drawn the fire of Justice George Edwards.

After the proposal was presented to the 24th annual meeting of the state bar of Michigan, Edwards said: "I intend to vigorously object to this plan and will do so with all the fight that is in me.

"I think it would be most unfortunate for the Michigan bar to take a step away from government by free election at the very time of debating the merits of our Democratic system."

The plan, as outlined by the bar's judicial selection and tenure committee, would have a list of candidates for the high court drawn up and submitted by a committee made up of lawyers and "prominent laymen."

Helena Rubinstein Shows You How To Wash Away Blackheads!

New Medication Plan Ends Blackheads, Whiteheads, Oil-Clogged Pores

"It's like a Cinderella story. I still can't believe my mirror," says Lucille Rusby of New York City.

"It's helped me a lot. I don't feel so self-conscious," says Allen Bolak of West 53rd Street, New York City.

You can wash away blackheads so effectively that only your washcloth will know how many you had. You can free a coarse-pored skin from clogging oiliness. In two weeks of simple, scientific treatment your skin can look cleaner, smoother than you thought possible.

This medicated plan formulated by Helena Rubinstein, first lady of beauty science, has been used by men, women, boys and girls, all with blackhead conditions, with such excellent results that your own results are guaranteed or money back!

2 Steps to Clear Skin

Helena Rubinstein, whose interest in medicine led her to specialize in correcting disturbed skins, gives you exactly two simple steps to follow.

1. Wash away blackheads in minutes with new BEAUTY WASHING GRAINS. You lather these gentle friction grains onto your skin, emphasizing blackhead areas. Douse thoroughly with warm water—and blackheads and whiteheads are removed! If back and shoulders are not perfectly clear be sure to give them, too, the benefit of new Beauty Washing Grains.

2. Give your face a ten-minute film of MEDICATED BEAUTY MASK. Its medicated ingredients are widely prescribed by skin specialists to help heal surface blemishes. When you wash it off your skin is soothed and smoothed, wonderfully clearer, without a sign of unpleasant oiliness. Treat blemishes individually overnight with Medicated Beauty Mask. It is your best friend for quick healing!

In two steps you have washed off blackheads, purged away oil that not only looks unattractive, but threatens to clog your pores, and given your skin healing medicated ingredients. Multiply these steps by two weeks and see the skin you'd like to own!

WHITE LAKE TOWNSHIP ORDINANCE NO. 37

Regulations of Speed Exhibitions.

An Ordinance to regulate and license racing and speed exhibitions of powered and motored vehicles and animals and to provide for penalty thereof.

The Township of White Lake, County of Oakland, State of Michigan, ordains that,

Section I. Operation.

No person, firm, individual, corporation, association, partnership, or society shall, after the effective date hereof, set up, promote, publish, advertise, or otherwise aid and/or assist in the operation, promotion, holding, setting up of, or participating in any racing or speed exhibition of powered or motored vehicles or animals to which admission is obtained on the payment of money within the limits of the Township of White Lake without first having obtained a license from the White Lake Township Board authorizing said race or speed exhibit of powered or motored vehicles or animals.

Section II. Application for License.

Before any license, as required by Section I, is granted an application shall be made to the White Lake Township Clerk, upon forms to be provided by the said Clerk, by the applicant. Said application shall be in writing and under oath which shall include among other things, the following information, to-wit:

A. A drawing, diagram, blueprint, and/or sketch of the premises involved showing the proposed track and/or racing site, all buildings on the premises, and proposed buildings on the premises and all adjacent structures to the premises. Said drawing, sketch, diagram, and/or blueprint shall be drawn to scale.

B. The seating arrangement, if any, for spectators, including engineering and building plans therefor.

C. The means of ingress and egress for such spectators which shall consist of at least two (2) aisles not less than six (6) feet in width and it shall provide one such aisle for each Five Hundred (500) seats provided for spectators.

D. The size and location and construction specifications of guard rails, and abutments and embankments.

E. The location and construction of off-street parking facilities.

F. The location and type of fencing on the property.

G. The location and type of sanitary facilities available.

H. The zoning designation of the premises.

Said application shall be accompanied by a deposit of the required license fee in cash or certified check, which fee, in the event that the application shall be denied, shall be returned by the clerk to the said applicant.

Section III. Time and Operation.

No licensee shall operate any of the aforesaid exhibits or races after the hour of 10:30 p.m. Eastern Standard Time and all patrons and participants are to vacate the premises prior to 11:30 p.m. Eastern Standard Time. No licensee shall operate any of the aforesaid exhibits or races on more than 3 days or nights in any calendar week.

Section IV. Police Protection.

No such licensee shall operate any of the aforesaid races or speed exhibits unless a minimum of three (3) special uniformed peace officers are provided by the licensee at said race or speed exhibit site for a period beginning not less than one (1) hour before the scheduled start of any event and until at least one (1) hour after the end of the last scheduled event.

Section V. Parking Facilities.

No license shall be granted unless the licensee provides a minimum of one (1) automobile parking space for every four (4) seats provided for spectators.

Section VI. Fencing.

No license shall be granted unless the licensee constructs a fence of sturdy construction at the minimum height of eight (8) feet around the entire premises including parking facilities.

Section VII. Sanitary Facilities.

No license shall be granted unless the licensee constructs and provides adequate sanitary facilities, as determined by the Township Board of Health for all spectators, employees, servants and agents.

Section VIII. First Aid.

No license shall be granted unless the licensee provides suitable and adequate facilities for the rendering of first aid to spectators, agents, servants, employees, and participants.

Section IX. Fire Protection.

No license shall be granted unless the licensee provides suitable and adequate fire fighting facilities including fire extinguishers.

Section X. Public Liability Insurance.

No license shall be granted unless the licensee shows evidence of having obtained public liability insurance in the amount of not less than Fifty Thousand and no/100 Dollars ($50,000.00) for injury to one person and not less than Three Hundred Thousand and no/100 Dollars ($300,000.00) for one accident.

Section XI. Construction of Seats.

No license shall be granted until the White Lake Township Building Inspector has approved the construction plans and issued a building permit, for the construction, and final inspection certificate of any seats. The said Building Inspector shall not issue a building permit or final inspection certificate until it reasonable appears that the structural strength of said seats will be adequate to sustain the weight necessary for said seats to bear to permit the spectators to enter upon, leave, and view the speed exhibition or race in safety.

Section XII. Compliance With Other Township Ordinances.

No license shall be granted to a licensee until said licensee has fully complied with all White Lake Township zoning ordinances and other Township ordinances and regulations.

Section XIII. Protection of Spectators.

No license shall be granted to a licensee until he has made adequate provisions for the protection of all spectators and non-participants in the race or speed exhibit from injury by any of the racing objects through the construction of an adequate and suitable barrier, barricade, abutment, and/or embankment.

Section XIV. Loud Speakers and Amplifiers.

No license shall be granted to a licensee so long as any loud speaker or amplifier employed on the premises by said licensee can be heard from any distance greater than Two Hundred (200) yards off of the premises.

Section XV. Inspection by Township Officials.

It shall be a condition of all licenses issued hereunder that the operation and facilities be at all times subject to the inspection of the duly authorized officials of the aforesaid Township.

Section XVI. Term of License.

All licenses issued hereof shall expire on the first Monday of April following the issuance thereof.

SECTION XVII. Fees.

The fee for the issuance of any such license shall be as follows, to-wit: One Hundred Fifty and no/100 Dollars ($150.00). Said fee shall be payable to the White Lake Township Treasurer at the time of issuance of this license.

Section XVIII. Severability Clause.

If any section, provision, phrase, or word of this Ordinance shall be held void, ineffective, or unconstitutional by a court of competent jurisdiction, then such finding shall not effect the validity of the remaining sections, provisions, phrases, or words thereof.

Section XIX. Penalty.

Any person, firm, corporation, partnership, association, or society that violates any of the provisions of the Ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be subject to a fine of not more than One Hundred and no/100 Dollars ($100.00) and/or confinement in the Oakland County Jail for a period not exceeding 90 days or both. Each act committed in violation of the provisions hereof shall be deemed a separate offense and shall be punished accordingly.

Section XX Effective Date.

This Ordinance shall take effect thirty (30) days after the same shall be published as required by law.

Made and passed by the White Lake Township Board on the 12th day of September, A.D. 1959.

President Plans Work for January Congress

In his sharp review of some of the acts of the Democratic controlled Congress in the session just ended, President EISENHOWER obviously was laying the groundwork for what he considers to be a fundamentally sound program for the next session.

The Democrats came to Washington in January with big plans and the 1958 midterm's election strengthened their position. In the meantime the recession faded and with it most of their spending program.

★ ★ ★

Congress failed to put some sanity into the wasteful farm program; refused to remove the interest ceiling on long term bonds; passed a swollen public works bill over the President's veto; slashed mutual aid deeply; took no action on civil rights; adjourned in a hurry to avoid having to hear a possible speech by KHRUSHCHEV.

★ ★ ★

On the credit side was the great victory of passage of the Landrum-Griffin labor reform bill which President Eisenhower advocated in a broadcast address. This was the first major labor legislation in 12 years.

A housing bill was finally enacted after the President had vetoed two unsatisfactory ones. Following a lot of argument Congress accepted a one cent per gallon rise in gasoline taxes to keep the national highway program operating.

★ ★ ★

Generally speaking, the result was a middle-of-the-road session. Many liberals on both sides were unhappy but the moderates, aggressively led by the President, enabled Congress to establish a fair record.

"I believe," said President Eisenhower, "that the American people can convert their gains for responsible government in this first session into a complete victory in the second." The emphasis must now be placed on what remains to be done in the January meeting of Congress.

Why Not Put Michigan-Michigan State on TV?

Every year for the last eight or ten king football opens the season amidst a howl and much wrangling over TV or not TV for the Michigan-Michigan State football game.

★ ★ ★

It seems to us that this old hassle has about run its course. Why must our two large state-supported universities be so arbitrary? The game is a sellout. It seems reasonable for the taxpayers who pay millions of dollars annually to expect the game on TV.

The handling of this TV question sounds childish and backward. As long as the game is a sellout and revenue is not impaired, it should be open to the public via TV.

★ ★ ★

Other classic sport events have learned to live with TV and we see no reason why these institutions should not fall in line with the prescribed practice around the country.

France Offers Algeria New Plan for Peace

In leaving the political future of Algeria open to free decisions by the Algerians themselves President DE GAULLE has startled the French with his latest proposal for settlement of the problem.

This is the first time that a French government has offered specific plans to end the conflict. It also is the first time that independence has been mentioned as a possible solution, but only after four years of peace.

However, the tone of President DE GAULLE's speech makes it plain that France will do everything to persuade the rebellious colony that it should have autonomy or integrate with France and that independence would be "incredible and disastrous."

★ ★ ★

Two conditions attached to the offer may make it unacceptable to the Algerians; One is that De Gaulle will not negotiate with the insurgents, who have just survived a major effort by the French to wipe them out; the other, that if the Algerians vote for independence, they will not acquire sovereignty over the Saharan region with its oil fields, probably Algeria's greatest natural resource.

★ ★ ★

An offer of this kind might have satisfied even the extreme nationalists before the civil war started. But now after nearly five years of bloodshed it may be too little and too late.

The question of Algeria is to be debated at the current session of the General Assembly. DE GAULLE's offer will take some of the pressure off France but it is unlikely to restore peace.

'Now Try It With Your Arms Folded'

David Lawrence Says:

Congress Reckless With Our Dollar

WASHINGTON — What's more important today to 170,000,000 Americans than the purchasing power of the dollar which has already declined 38 cents since the war ended in 1945?

And what's more important to the American people than the terrible effects that can ensue if inflation is continued?

The most important news that concerns the American pocketbook of today and tomorrow is what happened in the last session of Congress to promote or retard extravagant spending by the federal government.

LAWRENCE

The politicians, including the Democratic Party leaders in control of Congress, have boasted in the last two weeks that they cut the President's budget—that during the last session they were, indeed, better economizers than he was.

But the people have a "right to know" the facts, and it is unfortunate that, just because the director of the budget issues a mass of figures which look overwhelmingly complex, his formal statement released through the White House was not widely printed.

Maurice H. Stans who as director of the budget, is charged by law with keeping the government's books on receipts and expenses, writes:

★ ★ ★

"Contradictory statements concerning the effect of congressional action on the President's budget occur many times because such analyses are not developed on bases which are truly comparable.

"The budget recommended by the President for the fiscal year 1960 indicated receipts from present and requested taxes of $77.1 billion and expenditures of approximately $77 billion. These figures determine the extent by which the budget is balanced when submitted.

"A second set of figures in the President's budget document consists of his requests for appropriations or other authority to spend for both the coming year and future years as well.

"It is inaccurate to assume that actions on appropriation bills necessarily have an equivalent effect on expenditures for the budget year. Thus, any implication that congressional reductions in the President's appropriation requests necessarily affects in direct proportion the balanced budget for 1960 is misleading. Because the congressional reductions of appropriations for 1960 were mainly in long lead time items, the effect on 1960 expenditures is small."

CONGRESSIONAL RECORD

Then what did Congress really do to the nation's finances for the fiscal year 1960 and the years ahead? Stans refers pointedly to the statements issued by the Democratic leaders in Congress. He says:

"Tables inserted in the 'Congressional Record' assert that the Congress reduced the President's appropriation requests by $1,881 million, and reduced his requests for new spending authority outside the appropriation process—so-called 'back-door' financing—by nearly $700 million, for a total reduction of $2.5 billion. These tables do not recognize the following modifying factors:

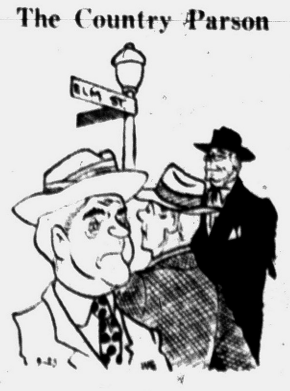

"1. Figures indicating appropriation reductions include $848 million which are actually postponements to another year or reductions which will have to be restored on uncontrolable items.

"3. These tables do not list congressional action on new obligational authority outside the appropriation process actually added $231 million beyond the President's request — so-called 'backdoor' financing — and other legislation authorizes or commits the federal government to expenditures of $12,358 million, not including the food stamp program which was authorized on a non-mandatory basis for a two-year period at an estimated cost of $220 million.

"3. These taelbs do not list certain revenue proposals recommended in the President's budget but not enacted by the Congress.

The Country Parson

"Our relationship with each other is influenced as much by what we forget as by what we remember."

Dr. William Brady Says:

Alcoholics Anonymous Is Ready to Offer Help

"By making it legal to sell alcoholic drinks openly (since 1933) the government has put this temptation in front of young people and then, after they have become addicts, doesn't offer any help for them.

This is the statement of an Indiana reader, but the symptoms of his case are identical with those described by scores of victims of everyday heartbreak in every part of the country.

DR. BRADY

". . . This habit has such a hold on our daughter that she can't quit it of her own accord, but she refuses to accept any help . . ."

★ ★ ★

The pathognomonic sign of the addiction — the addict's indignant insistence that he or she can "take it or let it alone," can always quit drinking if he or she wants to, doesn't need anybody's help, knows when he or she has had enough and become angry or obnoxious if a loved one pleads with him or her to stop.

". . . Is there nothing we can do except to stand by and see her drink herself to death? We go to the tavern every week or so and by using every possible means get her to come home with us and sober up.

"This is getting harder all the time. Last night we had to get help and just carry her much against her will to the car. When she sobers up she is terribly sick and has had several alcoholic convulsions.

"She stays home a few days and then leaves again, to repeat.

"She always tells us to leave her alone, that she can take care of herself.

"We love her very much and want to save her."

(Signed)

★ ★ ★

Next time you have to go to the tavern or anywhere else for your daughter ask God to go with you.

Your statement does not mention Alcoholics Anonymous, a group of men and women dedicated to helping one another to freedom from addiction.

A.A. WILL HELP

Every member is now or was formerly addicted to alcohol. The A.A. group in your own community (look up Alcoholic Anonymous in telephone book) will bring to the addict the kind of help she can understand and, let us hope, accept. But only when and if the addict wants their help.

★ ★ ★

Your daughter must attend a meeting of the group and ask for their help. She must admit, as all A.A. members have admitted, that by herself she is unable to solve the problem — that she must have help.

I hope and pray that your daughter will take this first step toward what may bring you and her great happiness.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene not disease, diagnosis, or treatment will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

Case Records of a Psychologist:

Gives Editors, Writers Advice

Editor Akers has a pet hobby that is a dandy, for it may help change the course of civilization between now and the year 2,000 A. D. And if you wish to be a writer or even win contest prizes, scrapbook this case. And send for the non-profit booklet below.

By GEORGE W. CRANE

CASE C—453: Milburn P. Akers, versatile editor of Chicago's famous SUN TIMES, illustrates the educational sparkplugging I mentioned yesterday.

★ ★ ★

A decade ago he launched an annual clinic for editors of high school and college newspapers. It has been his hobby ever since.

DR. CRANE

Earlier this year he invited me to give the banquet address to this crowd of some 500 young editors, assembled at MacMurray College.

"Tell them whatever you think would be helpful and interesting," he advised me.

Although such banquet speaking is a common experience to me, when I faced those 500 eager young editors and visualized the tremendous influence they would wield in the decades ahead, I felt awed.

★ ★ ★

Many will become leading editors and columnists, public relations experts and authors from now through the year 2000 A.D.

ADVICE TO EDITORS

So I gave them my opinion, based on 25 years of writing this column, after having moved over to journalism from my earlier campus teaching.

I told them editors are actually proxies of great "Universities in Print."

As such, they should present facts without bias, for in our campus universities, we don't stress just the Democratic Party or the Republican Party, but try to fairly evaluate both.

Now that most cities have only one daily newspaper, it can no longer be solely a partisan sheet, for it is the major source of education for all adults.

And I warned these young editors not to become intellectual snobs.

★ ★ ★

"Use simple, direct language, instead of long, polysyllables, for the Bible was written in words that averaged only five leters, meaning 2-syllable terms."

To explain what I meant by intellectual snobs, I cited a University of Illinois professor who the previous week had tried to boil me in verbal oil in a caustic letter to an editor, charging that:

"Dr. Crane belittles science by using 2-syllable words."

And I mentioned the Ohio State psychologist who said people were stupid if they thought they could change their personality by reading a book or a newspaper column or a newspaper booklet.

PRINT PSYCHOLOGY

Also, I showed them how to make the page more attractive by heeding some of our simple laws of print psychology, such as:

(1) Keep paragraphs short. Chop 'em up arbitrarily, for people tend to shun long paragraphs as indicating dry, text bookish stuff.

★ ★ ★

(2) Use a quotation to open an editorial, for quotation marks are the most dramatic print symbols in our language and catch the eye faster than anything else.

But break the quotation in order to get three sets of quote marks on the opening line.

(3) Single columns have more dramatic eye appeal than 2-column widths, or even 1½ columns, for the wider the line, the more textbookish is its effect.

(4) Use Arabic numerals instead of Roman. They also have far more eye appeal than the written word. Note 7 vs. seven, or 3 vs. three.

(5) Sign your editorials, for people like "branded" goods. Who would respect a medical prescription with a doctor's signature? The same holds of jurnalism, despite previous editorial modesty.

For further advice, send for my booklet "How to Write Salable Copy," enclosing a stamped return envelope, plus 20c (non-profit).

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

State Safety Commission Likes Press Cooperation

On behalf of the Michigan State Safety Commission, I want to thank you for helping us in our across-the-board fight to reduce highway fatalities.

★ ★ ★

Last year we suspended or revoked the driving privilege of 20,086 habitually careless drivers. We know from subsequent conviction records that some of these drivers illegally continued to operate their motor vehicles during suspension.

★ ★ ★

We hope the cooperation of Michigan editors in printing names of grounded drivers will prevent this from happening. Your understanding of our problem is deeply appreciated by all of us who are responsible for keeping our highways safe.

This Reader's No McNamara Fan

We've learned the worst and McNamara is a candidate to succeed himself. Most people hoped he'd step aside, realizing his election was all a mistake in the first place. Blair Moody was to be the man and he died suddenly leaving McNamara out in front all alone where he wasn't supposed to be and where he didn't belong. I believe most Democrats and Republicans would prefer to see a strong Democrat run against McNamara in the primary, or all concerned will have to get together to beat him in the election.

Ministers Urge Race Track Veto

Methodist ministers of the Flint district at a meeting in Flushing Sept. 15 registered strong opposition to establishment of a race track in Fenton Township.

★ ★ ★

Eighty-five ministers serve Methodist churches within a 35-mile radius of Fenton. It's our judgment that such a race track would lower the moral atmosphere of the Greater Flint Area, would lower property values and would increase police and welfare costs.

★ ★ ★

Therefore, we urge all eligible Fenton Township voters to vote against rezoning for such a track in the public referendum November 9.

THOUGHTS FOR TODAY

Set me as a seal upon your heart, as a seal upon your arm; for love is strong as death, jealousy is cruel as the grave. Its flashes are flashes of fire, a most vehement flame.—Song of Solomon 8:6.

'What's So Tough About the Bill?"

I get upset every time I read about the "tough" labor bill. What's so tough about it?

★ ★ ★

Just because it doesn't white wash Hoffa and the radical labor leaders and roll over in the mud at their feet, what's "tough?" The softy bill that Senator Kennedy of Massachusetts had drawn, bowed and scraped before the loud mouths that run some of the big labor unions. That was thrown in the scrap heap when Congress began to hear from voters back home.

They wanted the kind of legislation the President asked and they shouted the labor leaders right out of the picture. So we got a middling bill that runs down the center of the road.

★ ★ ★

We really need a tough labor bill and some day we'll get it and we need one that will stop the gangsters, the hoodlums, the crooks and put some responsibility in the unions that haven't any now.

Stars Minus Bing Like Crosby Sons in Night Club Act

By JAMES BACON
AP Movie-TV Writer

HOLLYWOOD (AP) — Bing Crosby's four oldest sons made their hometown night club debut Thursday night to a cheering audience that included almost every Hollywood name but Bing himself.

★ ★ ★

In the Moulin Rouge opening night audience were Mickey Cohen, Maurice Chevalier, Jack Benny, Louis Prima, Keely Smith, Tommy Sands, Sal Mineo, Ray Anthony, Connie Stevens, Jody McCrea, Stella Stevens, Peggy Lee, Jimmy Durante, Johnny Mathis and Jack Haley.

★ ★ ★

Haley once had co-starred in an early talkie movie with the late Dixie Lee, mother of Gary, Dennis, Phillip and Lindsay.

The four Crosbys had invested $35,000 in their act—and it looked it.

It was a smooth performance that brought encore after encore from the crowd. Old Dad would have been proud had he been there.

Red Press Slams Reuther's Report

MOSCOW (UPI) — The Soviet news agency Tass Thursday accused Walter P. Reuther of "fantastic inventions" and "gross distortions" of Nikita Khrushchev's talk with American leaders in San Francisco last Monday.

★ ★ ★

The charge against the United Auto Workers' president overshadowed the Soviet Press' glowing account of the "joyous" reception accorded Khrushchev in Iowa.

★ ★ ★

Izvestia published a photograph of the Soviet Premier eating a hot dog in a Des Moines packing plant but declared that corn was the new symbol of contact between East and West. It joined Pravda and other newspapers in reporting that the tense atmosphere which accompanied Khrushchev's arrival in the United States, had been dissipated by the natural friendliness of the American man in the street.

Asks U.N. Edict Against China

Ireland Demands Brand as Violator of Human Rights by Assembly

UNITED NATIONS, N.Y. (AP) — Ireland sounded out U.N. members today seeking support for a demand that the General Assembly brand Red China a violator of human rights in Tibet.

Faced with opposition not only from the Soviet block but some neutralist and colonial nations, Ireland was reported anxious to make sure her proposed resolution would get the two-thirds vote needed for adoption by the 82-nation General Assembly.

Gyalo Thondup, 31-year-old elder brother of the exiled Dalai Lama, said in an interview in New Delhi Thursday that far more than 50,000 Tibetan irregulars still were waging rebellion against the Red Chinese using knives, old guns or any other weapons they could find.

Thondup said the Chinese killed 100,000 Tibetans in recent years, including 20,000 in the uprising in the capital, Lhasa, last March. Thondup is planning to come to New York to report to the U.N. what he called a "true picture" of the situation in Tibet.

The Dalai Lama, who fled to India after the uprising, charged a month ago that the Communist rule had cost his country 80,000 lives.

The International Commission of Jurists claims 65,000 Tibetans have lost their lives.

Missile-Bomber Test Called Off Today

WASHINGTON (AP)—The Air Force was reported today to have been blocked by technical troubles in an attempt to launch a ballistic missile from a bomber in flight and put it close to the orbit of the Paddle Wheel satellite Explorer VI.

A source close to the experiment said the missile was carried high over Florida during the early morning hours but the launching was called off after half an hour's flight. The only immediate explanation was "technical difficulties."

'Afraid' of Wife, Hospital Director Seeks Divorce

DENVER, Colo. (AP) — Dr. Samuel S. Golden, 65 - year - old hospital medical director, filed a divorce suit in Denver District Court Thursday. He also obtained a restraining order against his wife, Nina, 55.

Golden told Judge Harry Sayre that last week his wife poured red nail polish over his bald head as he was sleeping. On another occasion, he testified, Mrs. Golden awakened him early in morning by pouring cold alcohol on him.

The doctor said: "I'm afraid of the woman."

Governors Refuse to Pick '60 Man

SUN VALLEY, Idaho (AP) — Western governors like the idea of a Westerner on the 1960 presidential ballot.

But they're not about to endorse anyone.

That sizes up sentiment among both the five Democrats and four Republicans here for today's opening of the Western Governors' conference.

Gov. Edmund G. Brown of California, who came here with a plan for a Western Democratic bloc, lobbied for it but said he didn't think "any of us can bind ourselves" to a candidate.

Shot of 'Gracie' From Rocket Set for Today

CAPE CANAVERAL, Fla. (AP) —The Navy tries again today to photograph Hurricane Gracie from a camera-carrying rocket.

The Nike-Cajun rocket failed to get off the ground Thursday because of technical difficulties and the shot was reset for today.

★ ★ ★

The nose cone holds a small still picture camera designed to photograph Gracie at altitudes ranging from about 10 to 85 miles.

★ ★ ★

When the two-stage rocket burns out, the cone plummets into the ocean. A small parachute opens at 10,000 feet to ease its descent.

If successful, the pictures would be the first ever taken of a total hurricane and could tell the Weather Bureau much about hurricane activity.

What a Horrid New Theory!

Middle Age Sets In at 26 Years

By PHYLLIS BATTELLE

NEW YORK—Feeling young and perky today, deluded reader?

Then turn the page. Quickly. This column will put gray in your hair and cavities in your ego.

A Ph.D. from the University of Illinois, T. K. Cureton, has just announced that you are "middle-aged" at 26!

His research for the physical fitness laboratory of the university reveals:

HORRID NEW THEORY

"For both men and women, physical fitness improves steadily for a number of years after birth. Throughout youth we grow stronger. Then, at about 17 for boys, and 14 for girls, we hit our physical peak—though few people ever realize their full potential because of improper or non-existent training methods.

"We stay at this yhpsical peak until 25. Then middle age begins."

This horrid new theory could be compared unfavorably with a statement given this column a few years ago by a famous Austrian dermatologist. He said, "It is at the age of 29 that a woman begins a slow withering toward old age.

"Before 29, unless she abuses her health abnormally, her beauty continues to flourish and increases. She does not even need creams to keep her skin glowing, if she eats properly and sleeps normally. But after the 29th birthday, nothing can keep her skin young but careful, continuous care."

I was just 29 when, during an interview, I heard this morbid prophecy. Naturally I bought a full supply of this doctor's creams in an all-out effort to preserve the schoolgirl glow—but somehow I never looked more haggard.

All mental, of course; knowing I was doomed to fade made my eyes run in circles and put a frustrated sag in my chin region.

Finally I remembered the old maxim (Hope Hampton's law).

★ ★ ★

"You are only as old as you feel." I started to THINK YOUNG and it made all the difference; with a ticket for speeding and a broken toe from trying to tango in stocking feet, one is too engrossed to worry.

PUSH YOUR BUTTONS RIGHT

Thus, as an elderly woman who has lived, allow me to offer this advice to the new middle-aged generation of 26:

★ ★ ★

MEN—Do not let them retire you even though your physical usefulness is waning. Keep active. Remember that some Americans didn't make their first million till they were well on in their 30s.

WOMEN—Be philosophical and recall Marlene Dietrich wasn't built in a day. Relax. If you push your buttons right, you can wither wonderfully.

★ ★ ★

A note today from the USO regarding an overseas survey of our servicemen—all of whom are "past their peak," according to Dr. Cureton, but still making out.

For Christmas this year, these "men who don't have everything" want the following presents, in the following order.

1—Photographs of family and sweethearts; 2—More mail from home; 3—Subscriptions to home town newspapers; 4—Home-made (not store-purchased) cookies and cakes; 5—Subscriptions to men's magazines; 6—Money orders, and 7—Telephone calls.

The 1,500,000 servicemen based in overseas places stressed that they do not want anything that can be purchased at PXs or ships' stores.

★ ★ ★

These would include watches, cameras, film, records, cigarettes, tobaccos and "store bought" sweets.

It seems that the farther a guy gets from home, the hungrier he is for love instead of luxuries.

Not All Auto Failures Happen on the Road

NEW YORK (UPI) — Owning an automobile is a sure-fire way to get lower grades, an educator warned high school students today.

★ ★ ★

Dr. Keith Kavanaugh, principal of Niles Township High School, Skokie, Ill., said a survey of 1,455 junior and senior students at the school demonstrated a definite tieup between use of the automobile and falling grades.

★ ★ ★

Kavanaugh's survey indicated that the most injurious effect of car ownership was felt by those students who once ranked in the top quarter of the class.

When these students became car owners, 87 per cent of them dropped in scholastic performance, he said.

Bob Considine Says:

God? Nikita Usually Scorns Him

WITH KHRUSHCHEV — We've been hearing more talk about God from professional atheist N. S. Khrushchev lately than from some of the esteemed brothers of the Cloth. He has larded his speeches with "God be with you," "God only knows," and even suggested in Des Moines that God may be more on Russia's side than Iowa's — a somewhat unnerving thought.

Yesterday he went out of his way to compliment the Pittsburgh Roman Catholic Diocese's dynamic new shepherd, Bishop John Wright, whose attitude toward the Russian's visit differed from that shown by Cardinals Spellman of New York and Cushing of Boston. God-spurning Niki said:

"I wish to express my gratitude to Bishop Wright who appealed to all beliefs in this city to welcome me and show themselves as good hosts so as to promote the improvement of relations between the two countries, and also to give thanks for the prayer I heard here before the luncheon, for this was a prayer for better understanding among all nations.

★ ★ ★

"In our country where we have many religions, the atheists, believers and priests are all united by one thought: to do all in their power to ensure peace between our two peoples and between all nations."

★ ★ ★

Every time he starts on his God-routine it reminds me of that strange scene in his Mowcow office when the Hearst task force elicited from him his first public statements on religion since capturing control of the Kremlin.

On that occasion he reddened, hit the desk and said for the first time for all the world to hear, "I am an atheist." He said he and the Russian people didn't need the concept of God, that John Foster Dulles wore "the mask of God," behind which was a heart of evil; that Christianity had "brought the Book and the Cross to poor peoples, exploited them, killed them, and left only the Book and the Cross."

Sure, he had said the name of God during his talk with us. "But it is an expression," he explained. "Like 'God's truth.' 'I give you my word.'"

★ ★ ★

By comparison, he seems almost devout today. But don't count on his hitting the sawdust trail. He goes to Peiping next wee to see the world's No. 1 religion persecutor, Mao Tse-tung. You'll not be hearing any more spiritual words out of comrade Niita Sergeyevich until, let's say, he hits some point in the Moslem world and puts in a kind word for Mohammed and the Koran.

As Henry Cabot Lodge pointed out the other day, "he would make a great campaigner — if he had to run."

Auto Club Gets Strange Requests From Tourists

RICHMOND, Va. (AP) — The Automobile Club of Virginia reports these among many requests from tourists:

A woman who wanted to stay only in motels with a swimming pool for her poodle dog; a couple who wanted to stop only in cities with oxygen service in hospitals; a motorcyclist who wanted a map route to Alaska on 3 by 5 inch cards so he could keep them on the handlebars.

On an average day, some 100 million people (12 years old and over) read a daily newspaper. The daily newspaper comes closer to reaching all of an advertiser's customers than any other ad medium.

SOOTABLE SPOT — Chimney pot of a house in Tobermory, Isle of Mull, Scotland, houses a plant from seed carried there, perhaps, by a bird.

Schools in Oak Park to Borrow $300,000

OAK PARK — School board members here, fearful that delayed state aid payment will leave the district's pocketbook empty by mid-October, have approved the borrowing of $300,000 against anticipated December tax collections.

Officials had counted on a $280,000 balance from last year's balance to tide them over until local taxes are collected, but these funds are nearly gone and the district has not yet received its August state aid.

Board members fear that the October aid payment also will be delayed.

The school district payroll amounts to about $107,000 every two weeks.

Paychecks and other operating expenses will require $430,000 by mid-December, according to the school superintendent, Dr. James N. Pepper.

Cuba Bellows in U.N. Meet

Roa Says Country Has Chosen Its Path, Won't Accept Dictation

UNITED NATIONS, N. Y. (UPI) — The Cuban administration of Fidel Castro was heard for the first time Thursday in a United Nations General Assembly policy debate. Foreign Minister Raul Roa declared that Cuba would not accept as inescapable that it must choose between capitalism and communism.

"There are other roads and other solutions," Roa said, "and Cuba has chosen its own right road for the solution of its problems."

"In the game of international power politics," he said, "we will not be a docile pawn.

"The time has come when the great powers should permit the small nations to administer their own affairs. The oppressive actions in Guatemala, Guiana, Hungary, Algeria and Tibet must not be repeated."

Now, Nikita, the Time Has Come

Talks Peace . . . Talks Big

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — Nikita Khrushchev has made a shambles of a supermarket, a cornfield, and stuffed-shirt diplomacy. But now the time has come to see whether he's any more than a bull in a china shop.

TALKS PEACE

His American caravan, more like a mardri gras than a sightseeing expedition, included hat-swapping, hot dogs, insults, temper-tantrums, baby-patting, pig-patting, turkey tickling, and a fling at the Can-Can.

He has talked peace and he has talked big. But so far it has been all talk and all vague. Now he has to get down to cases with President Eisenhower. By Sunday, when their meeting breaks up, there should be answers to two questions:

★ ★ ★

Whether he came just for the ride and the publicity; or, whether he means business, wants peace, and is willing to take steps to bring it about.

★ ★ ★

Even if the talks are only a small success Khrushchev will look like a great man to a lot of the world, since he was the one who initiated all this and went to a lot of trouble, coming over and poking around, to find a settlement.

He's done his best to create that picture of himself already.

If the talks finish in flat, dead-end failure he can blame it on this country and still look good to a lot of people. He can point to his efforts. But if there is failure, and he keeps on talking, he runs a danger:

He may wind up looking like an international windbag, which is the large size.

He and Eisenhower, as they sit down together, have one thing in common: A kind of inborn optimism that, with the proper effort and plenty of it, the world can be made wonderful. Trouble is, they haven't agreed on how to do it.

Light Snow Falls in Colorado This Morning

By The Associated Press

Snow fell early today at Fraser, Colo., and a thunderstorm powered by wind gusts of up to 40 m.p.h., raked sections of Oklahoma.

The Weather Bureau said the snowfall was not measurable at an early hour.

★ ★ ★

The rain was a continuation of a storm that hit Oklahoma late Thursday. One person was killed by lightning, and several families were evacuated from southwest Oklahoma City following a 3-inch downpour. Scores of automobiles were stalled by the heavy rain.

A part of the storm Thursday also hit an area in central Texas and northward to South Dakota, the central Rockies, northwest Missouri and Iowa.

Tinker Air Force Base near Oklahoma City registered more than 3 inches of rain; Ft. Sill, Okla., had more than 2 inches.

Thanks to K, Two Capitalists Exploit Masses

COON RAPIDS, Iowa (AP)—Two 13-year-old capitalists used communism's No. 1 man to turn a couple of bushels of corn into a tidy $100 profit.

★ ★ ★

Twins Vida and Vicki Peterson charged 50 cents an ear for "souvenir corn" during Soviet Premier Nikita Khrushchev's visit here Wednesday.

They sold more than 200 ears. The corn, at market value, was worth about $2.

Queen Liz Will Record Her Christmas Message

LONDON (AP) — Queen Elizabeth, expecting a baby early next year, will not make her usual television appearance on Christmas Day 1959, court officials announced Thursday.

Instead, she will record a Christmas message to the Commonwealth, sound only, when she returns to Buckingham Palace from he Scottish summer residence, Balmoral Castle, next month. The royal broadcasting at Christmas was started by the Queen's grandfather, King George V.

Wyoming Governor in Good Condition

CHEYENNE, Wyo. (AP)—Gov. Joe Hickey's condition was described as excellent today after a two-hour operation Thursday for removal of a severely - inflamed gall bladder.

The Wyoming chief executive is expected to be hospitalized several days.

Sec. Mueller Elected 33rd Degree Mason

BUFFALO, N. Y. (UPI) —U.S. Secretary of Commerce Frederick H. Mueller was among 184 leading American Scottish Rite Masons elected yesterday to receive the 33rd degree in Boston, Mass., next year.

★ ★ ★

The degree is the highest honor of Scottish Rite and is granted for outstanding contributions to Freemasonry or for dedicated service to humanity reflecting credit to the fraternity.

★ ★ ★

Among those elected to receive the honor at the 1960 convention were Charles H. Paterson of Detroit, Vice President of Ford Motor Co.; John F. Wolfram, General Manager of the Olds Division of General Motors Corp. at Lansing; Russell Humbert, president of DePauw University, and Alfred B. Bonds Jr., president of Baldwin-Wallace College.

Clio Man Free on Bond in Embezzlement Deal

FLINT (UPI) — Former Clio public works superintendent Donald Roth was free on bond today awaiting arraignment in circuit court Monday on an embezzlement charge.

Five witnesses were called yesterday in a municipal court hearing in an attempt to show that the 28-year-old man dipped into public funds to buy tires and tubes for his car.

NIKITA'S VOICE — Victor M. Sukhodrev has become familiar to Americans as an alternate interpreter for Soviet Premier Khrushchev during the past week. The 26-year-old Russian speaks almost flawless English, American-style.

Drive Safely for Awhile

MILWAUKEE (UPI) — Suburban West Allis, where a new hospital is under construction, has placed several signs along city streets. They read: "No accidents, please. Our hospital's not open yet."

Knows His U.S. History, Politics

Mr. K Well Versed on World

DES MOINES, Iowa (UPI)—On his whirlwind tour of the United States, the versatile Soviet Premier Nikita S. Khrushchev has displayed an unusual knowledge of basic facts of life in this country.

He appears to know the main currents of American history, developments in the American Labor movement, economic statistics and contemporary political life.

As he told the Senate Foreign Relations Committee last week, he now spends more time reading the speeches of American political leaders than the classical Communist works of Lenin and Stalin.

And, as he indicated in his off-the-cuff remarks at the dinner given in his honor in San Francisco, the athiest Communist chief can quote scripture for his purpose.

This correspondent heard him similarly astound audiences in England and Finland with his intimate knowledge of events in those countries.

★ ★ ★

Western statesmen, educators and journalists who have had long conversations with Khrushchev invariably carried away the impression that he is one of the best briefed of present day political leaders.

How did this self-taught former peasant and coal miner get that way?

By all accounts, Khrushchev is a fast and voracious reader and remembers what he reads.

He also learns much by ear. He is the most gregarious Soviet leader in history, travels much and goes out of his way to meet people who can be useful to him.

Like any good American politician, he remembers faces and names.

★ ★ ★

Unlike Stalin, who worked irregularly and late into the night, and slept all morning, Khrushchev lives a well-organized and regulated life. He starts work at nine o'clock and leaves his office at 6 p.m. Under his administration all Soviet officials have been compelled to keep such regular hours.

★ ★ ★

When he is not busy with official meetings and receptions, Khrushchev spends his evenings with his family at a two-story government mansion on Lenin Hills where he does considerable reading. His residence is equipped with a motion picture hall where he often sees his favorite films—documentaries.

★ ★ ★

As he told the chamber of commerce of Des Moines, he sees many films about life in America.

When he arrives at his office every day, Khrushchev finds on his desk, among many other papers, a digest of world-wide news. If he relied on the Soviet press, which reports foreign news inadequately, he would know no more about what is going on in the world than the average Soviet citizen.

★ ★ ★

President Eisenhower will probably be at a disadvantage when he meets the Soviet premier. He will find Khrushchev much better briefed on American affairs than the President is on the Soviet Union.

Wants More Dollars for Tourist Ads

DETROIT (UPI) — A bigger appropriation from the Legislature is needed to advertise Michigan's tourist attractions, the Michigan tourist Council decided Wednesday.

★ ★ ★

The council, meeting in Dearborn, recommended a record $623,940 for fiscal 1960-61. This year's campaign is being conducted on a budget of $422,000.

★ ★ ★

Council members said Michigan would have to do more advertising to keep pace with other states competing for the tourist dollar.

Committee to Rewrite Michigan Liquor Code

LANSING (UPI) — Sen. John Minnema (R-Traverse City) said today his Senate liquor committee would attempt to rewrite the state liquor code.

"The whole thing needs revision," Minnema said. "Much of it was written back in the days when mobsters were trying to take over the beer industry."

Recommendations for revision were expected to be made to the 1960 Legislature.

State Senate Assailed

'Jerks' Won't Raise Pay

LANSING (UPI) — House members are getting little or no reaction from a bill they passed a week ago which would increase 1961 legislative pay to $7,500.

★ ★ ★

"You're stupid jerks for not putting it (salary) up there where it belongs," Rep. Harold Hungerford (R-Lansing) quoted one constituent as saying.

Several lawmakers said people in their districts were surprised that present pay was $4,000 plus $1,000 expenses.

"I didn't talk to a person that was against the pay increase," said House Democratic Leader Joseph Kowalski (D-Detroit). "Most thought we were getting more than we are."

THINK PAY $22,500

"The few who have talked to me about it weren't in favor of a pay raise," said Rep. Carroll Newton (R-Delton).

Rep. Reimer van Till (R-Holland) said all he contacted or who contacted him were for more pay for legislators except one person.

"Many think we're getting the $22,500 that congressmen get," said Rep. Adam Sumeracki (D-Detroit).

★ ★ ★

"I haven't heard a word," was Rep. Andrew Bolt's (R-Grand Rapids) answer.

The pay increase measure, now in the Senate, was the second time this session the House has asked to increase the pay.

A previous proposal, which would set a $7,500 total also, was killed in the Senate.

State Senator Offering Tax(?) Refund Service

LANSING (UPI) — Sen Clarence E. Graebner (R-Saginaw) said today he would provide a special service for his constituents if the use (sales) tax is declared unconstitutional by the Supreme Court.

"I'm passing the word that I will take sales slips to the Revenue Department for refunds," Graebner said.

The Revenue Department said it will refund money if the tax is declared unconstitutional and the taxpayers can prove the tax was paid.

TOMAHAWK EDITORS—Looking at a "proof" of the finished product, are the new editors of Pontiac Central High School's newspaper, The Tomahawk. They are (from left) Dick Rogers, editor in chief; Jim Mayer, co-assistant editor; Adrienne Ressler, co-assistant editor; Dave Todd, news editor; and Sharon Drew, co-assistant editor. The first Tomahawk issue of the 1959-60 school year came out today.

Sleeping Beauty Rehearsals to Get Under Way at Central

By BARBARA GRIFFIN

Rehearsals will begin soon at Pontiac Central High School for the Children's Theater production of "Sleeping Beauty."

Matinee performances will be given Oct. 12, 13, 14, 15 and 19. The only evening performance will be given Oct. 17 in the school auditorium.

The cast includes Judy Whitmer, Sleeping Beauty; Judi Johnson, Queen; Kay Jerome, Frytonia; Peggy Warren, Una; Carl Pappas, Elano; Clark Davis, Bruce Bishop, King; Douglas Spurlock, Delbert Gibba, Gort; Tommye Scott, Ella; James Bank, Mark Berg, Norbert; Rowena Smith, Freona; Cathy, Hawn, Cordia; and Andrea Allen, Belita.

The play is being directed by Garth Errington, dramatics instructor, and Judy Kenney, student director.

Committee heads for "Sleeping Beauty" are Sue Ann Hathaway, props; Connie Nickols and Marilyn Tomkins, tickets; Sue Smith, makeup; Kaye Gades, publicity; Phyllis Burt, costumes; and Marilyn Vernon, stage crew.

Starting this week, seniors will be smiling prettily as the photographers from Spellman Studios in Detroit will be here to take their senior pictures. The underclassmen pictures were also taken this week for the yearbook.

SINGERS ELECT OFFICERS

The A Capella Choir and the Selective Girls Glee Club recently elected officers for the first semester. The Choir elected Marilyn Vernon, president; Dennis Zimmerman, vice president; Vicki Annas, secretary; and Tom Schrodi, treasurer. Gary Relyea is their accompanist.

Selective Girls have elected section leaders, two for each section. Sopranos are Minnie Churchwell and Nancy Walker; second sopranos are Kaye Gaddes and Pat Rahja; and altos are Dorothy Powell and Margaret Miller. Barbara Griffin is their accompanist.

★ ★ ★

Selective has just received their outfits for the year which they wear at all singing engagements. They will appear in black skirts, white blouses and black and white checked vests.

The Dolphins, girls' synchronized swimming club, has elected officers for the year. New officers are Judy Dearing, president; Barbara Strang, vice president; Judy Kern, secretary; Judy West, treasurer; and Becky Bryce, historian.

The club also announced the dates of tryouts for new members. There will be three practices, September 24, 29, and October 1, at Central. Tryouts are October 8 at Pontiac Northern.

Requirements for membership are the following: be able to swim the front crawl, back crawl, breast stroke and the side stroke. Be able to do the back dolphin, back tucked somersault, a surface dive, and underwater swimming. Present members have just received navy blue sweatshirts with 'Dolphins' in white on the front.

Students and faculty alike enjoyed learning new songs and singing old ones at an "all-school assembly sing" held yesterday morning and this morning in the auditorium. Vocal music instructors George Putnam, Mrs. Doreen Voltmann and Michael Dempsey directed the enthusiastic singers.

Under the leadership of new editors, the first complete issue of this semester's Tomahawk was distributed to the members of the student body today. Sharon Drew and Jim Moyer will assist the editor Dick Rogers.

Dave Todd is the news editor and Adrienne Ressler is the feature editor. Taking charge of the sports' page is the job of Greg Uligian and Micki King.

Advertising manager is Sue Somerville; business manager, Joan Davis; exchange editor, Cinda Nurek; and circulation manager, Sydney Swindells. Ted Carlson is in charge of the printing and Don Hill takes care of the Photography.

Reporters are Betty Arnold, Nancy Bain, John Blamy III, Terry Braun, Bill Cashin, Kay Christopherson, Joann Close, Carol Cox, Dennis Dildy and Sue Dorman. Others are Lowell Ennis, Kay Evans, Pam Everling, Jeanne Glisky, Judy Graham, Carol Hughes, Janet Milmine, Hoan Monteith, Wanda Mullins and Bob Osman.

Also working on the staff are Deanna Relyea, Doug Roeser, Bill Rotsel, John Roush, Lanetta Rowston, George Sarros, Ken Shaw, Sandy Schmidt, Martha Spark, and Cathy Steinbaugh.

Concluding the list are Karen Strong, Gwen Wharry, Pris Wharry, Sue Wood and Jeanette Wright.

Waterford Club Night Scheduled

By JOHN TEEUWISSEN

Club Orientation Night, sponsored by the Student Council, will be held next Wednesday from 7 to 10 p. m. at Waterford High School.

Club Night offers a chance for new sophomores and other interested students to become acquainted with extra-curricular organizations offering educational opportunities not available in their regular classes.

Each club will introduce itself and state its purpose and aims, activities, and requirements for membership. The officers will be there to answer any questions involving their clubs. Refreshments will be served.

Tryouts will be held next week for the first play of the year, "Gentlemen Prefer Blondes." Based on Anita Loos' best seller, the play tells of the adventures of two American girls on an "educational" trip abroad.

Unchaperoned, the young ladies skip gaily through Europe pursued by a handsome young millionaire and several creditors. Casting will be done by Patty Looman, Dramatics Club sponsor. Any WTHS student may try out.

ORIENTATION ASSEMBLY

An orientation assembly was held Wednesday to acquaint new students with Waterford High School. Introductory speeches for Waterford's new teachers were made by seniors.

★ ★ ★

Student Council officers for the coming year were installed. They are Fred Cook, president; Sandra MacAbee, vice president; Georgia Sword, recording secretary; Jean Honhart, corresponding secretary; and James Luzod, treasurer.

Fred Cook was master of ceremonies as the high school held its first all-school assembly this fall.

1st Issue Out Soon

'Michaelite' Editors Named

By BARBARA ARDELAN

Plans for the first issue of the St. Michael High School newspaper, the "Michaelite," are in full swing. Appointed as editors for the first issue by advisor Sisiter M. Callista, were Marilyn Biallas and Russell Greenlees.

Taking over the art work will be Margaret Kherkher, Barbara Ardelan and Anna Rita Massacessi. Business managers and mimeograph operators are Pat Donahue, Bob Trudell and Sue Heisler.

Although they haven't yet had a formal meeting, the girls of the Future Nurses Club have elected a president for the coming term. She is Kathy Henretty. Sponsor will be Mrs. William Donahue from St. Joseph's Mercy Hospital.

There will be a get acquainted dance in the parish hall tonight. This dance is open to all teenagers of the parish and will be held from 8:30 to 11:30 p.m. The admission price is 50 cents per person.

Before the close of the dance the names of the three freshmen cheerleaders will be announced by athletic director, the Rev. Francis O'Donnell, ending a hectic week of after-school tryouts.

JV CHEERLEADERS

Those competing for the positions of Junior Varsity cheerleaders are Pat Donley, Kathy Lauinger, Judy McInnis, Susan Hunt, Ellen Klinkhamer, Diane Cox and Janet Sugden.

This week the students received their student passes. These cards will enable them to attend all home basketball and football games for $3.

Our first Suburban Catholic football game will be held Sunday at Wisner Stadium. Kickoff will be at 2:30 p.m. In this game St. Michael's Shamrocks clash with Royal Oak St. Mary's Irish.

One of the first woman journalists was Anne Royall, who scooped her colleagues by interviewing Potomac-swimming President John Quincy Adams while sitting on his clothes. Today, both newspapers — and readers — benefit from the work and writings of women in practically every branch of journalism.

PNH Draftsmen Tops in Contest

Awards Are Given Students by Ford Co. at School Assembly

By ED SANTALA

Twelve Pontiac Northern High School students won awards recently in a national Industrial Awards Contest sponsored by Ford Motor Company.

Awards were presented by Raymond Graff, director of vocational education in Pontiac schools, at an assembly Tuesday.

Seniors Mike Hicks and Bill Ratliff received $20 checks, honorable mention certificates and lapel pins. Don Chase, also a senior, received a place pin award and a cetrificate. This is Don's second such award since he came to Northern.

Certificates of recognition were awarded to Jim Boroff, Jack Henderson, Ted Lorenzen, Bill Robinson, Ron St. Amant, Dave Sherman, John Taylor, Jim Venner and Roger Roberts.

Enar West, drafting instructor, received an instructor's certificate and Donald McCracken, administrative assistant, accepted the certificate for Northern High School.

ELIMINATION PROCESS

High school students in the United States, Canada and Puerto Rico are eligible for the contest. Judging for the contest takes place in the various districts provided by the Ford Motor Company, with the best entries being sent to Dearborn for final selections.

Also in the assembly Tuesday was John H. Rivers, representing the Junior Achievement. He related the principal ideas of Junior Achievement.

More than a half-million dollars is spent by businessmen each year to help show high school students the operations of a business . . . both highlights and drawbacks. Many Northerners participate in this highly worthwhile program.

Student Union staff members for the 1959-60 school year have been selected. They are Carole Mihay, Richard Bradshaw, Shirley Parent, Sherry Gremore, Carol Carr, Judy Dexter, Sue Asher and Barbara Terry.

Officers for Student Union are Carreen McClements, business manager; Sharron Monroe, assistant business manager; Karen McKinney, treasurer, and Carolyn Mills, typist.

Collections are being made for Student Union for the next five weeks. The cost this year for Union membership is $7 on a cash basis. The installment plan is $2.50 down and $1 a week for five weeks.

Students greatly benefit from this plan. With their Union card they may attend three football games, seven basekthall games, five wrestling matches, seven swimming meets and three assemblies. They also receive an Avalanche and five issues of Polaris.

Avondale Activities Increase

By IRVIN GINGRICH

As the amount of school work increases while the school year progresses, so the many opportunities for extra-curricular activities at Avondale increase.

The newly elected officers for the Future Nurses Club are Judy Lundsford, president; Nancy Fowler, vice president; Judy Hooie, secretary; and Sue Randall, treasurer. The club consists of 20 girls and is a very active organization.

The Avondale cheerleaders have met throughout the summer practicing cheers and working on new ideas. Venette Hysmith is the captain of the varsity squad. Other members of the squad are Sue Randall, Jean Newman, Judy Hoole, June Morelly and Sue Wieneke.

The junior varsity cheerleaders are Donna Haddix, captain; Dianne Grumblatt, Sharlene Henderson, Nancy Dutton, Bonnie Newby, Elaine Beauchamp and Bonnie Gratopp.

Avodale was host as the Future Homemakers of America held the Oakland County Regional meeting here. The many advisors, officers and chapter presidents met to complete plans for a regional meeting Oct. 24 at Michigan State University Oakland.

The Bible Club met on Monday and elected officers for the coming year. Dale Stuart heads the club as president, JoEllen Crawford, vice president; and Barbara Tuck, secretary-treasurer.

Juniors will be measured for class rings on Monday of next week.

A spokesman from the Junior Achievement organization of Pontiac addressed the Juniors and Seniors in a special assembly on Thursday. The purpose of the assembly was to stimulate interest and boost membership in the organization.

Students found the Parent Teacher Student Association meeting Thursday night both interesting and educational as students, parents and teachers forming a panel discussed such questions as "How old should one be to go steady?" and "How late should a high school student get home from a date?".

An assembly next Tuesday will be held to introduce the local American Field Service officers, exchange student, Marjatta Eskelinen, of Finland, and Irvin Gingrich, who spent the summer in the Netherlands.

The Glee Club, under the direction of Claude Wiseman, is expected to sing a few numbers in French, Finnish, and English. There will also be an A.F.S. reception Tuesday night featuring the two Consuls representing Finland and the Netherlands.

Walled Lake High Votes for Officers

By KARON GAMMEL

Election fever swept Walled Lake High this week as vigorous campaigning began for class officers. The results will be published next week.

Nominations from the senior class included Kathy Lundquist and Mike Miller, president; John Laffery, Karen Tuttle, Sue Lowery, and Fred Bachmann, vice president; Linda Doyle and Bonnie Spencer, secretary; Mike Bilas, Mike Cosgrove, Jackie Meridith, Renee Thibodeau and Carol Anderson, treasurer.

Junior class nominees were Dodie Duckwitz and Jim Holt for president; Carol Chabot, Jim Harris and Pat Fairbanks, vice president; Sue Lang and Terri McMaken, secretary; and Sandy Baier, Barb Steckling and Sue Huebler, treasurer.

Sophomore nominations for president were Mary Brown and Barbara Harlow; vice president, Mary Young and Joy McFarland; secretary, Mary Lang; and treasurer, Sue Haight and Diane McEvoy.

The Student Council president and vice president, Jim Havel and Margie Lang, were elected last spring. After the homeroom representatives were elected Linda Thompson and Diane Thompson were elected secretary and treasurer, respectively, from the whole Council membership. The girls are not related.

Representatives elected from senior homerooms are George Beeman, Carole Burgess, Beverly Dixon, Nancy Gray, Ken Johnson, Kathy Lundquist, Judy Neukam, Nancy Riffenberg, Liz Smith, Linda Thompson and Gary Wilkoff.

Lot of Handshaking Goin' On

Election Fever Grips St. Frederick

By PAT VILLELLA

Campaign speeches, posters and handshaking prevailed at St. Frederick High School this week. The entire student body entered into the spirit of campaigns for class officers and student council posts.

Balloting ended this afternoon and the outcome will be known early next week.

Already elected are the Teen Club officers. They are as follows:

President, Pat Villella; vice president, Bill Deschaine; treasurer, Linda La Londe; secretary, Pat Eckman.

Other representatives for Teen Club are Bob Delvo, Bob Husereaux, Jim Spadafore, Mamie Medina, Judy Quaries, Tina La Londe, Roger Houck and John Schatz. All representatives were appointed by Father Weber, Teen Club director.

At the end of the first quarter, Dr. Weber will appoint representatives from the freshman class. All other elections in the freshman class will occur at this time. The advantage of getting fully acquainted and making wise selections is the purpose of the delay.

Many of the clubs had their first meeting this past week. Monday the Sodality and CCD got together. Tuesday the librarians had an early morning session before classes, and the Sacristans met after school. Many new members were welcomed.

★ ★ ★

Thursday the CSMC and the Publications Club had their first meetings. The Publications Club will mainly consist of producing the school newspaper, which is scheduled for a first edition by the end of October. The name of the paper has not yet been selected.

The chairmen of these clubs will also be elected and appointed this week.

A short, but spirited pep rally in the auditorium preceded the final voting.

To finish election week off with a bang, a get-acquainted dance will be held tonight in the parish hall from 8 to 11. The dance is sponsored by Teen Club to promote a general mixing of the entire high school.

Also, this will acquaint the seniors with the freshmen, who are to be initiated in the future by the seniors.

Mothers Plead for Teenagers' Return

Three Oxford Girls Still Missing

OXFORD — No clues as to the whereabouts of three girls missing from their homes since Monday have been turned up, Oxford Police reported today.

The three distraught mothers, whose daughters, ages 13, 16 and 13, skipped afternoon classes at school four days ago and have been missing since, today issued a plea for the girls to come home.

"If my daughter is afraid to come home, I'd like to reassure her that we will welcome her with open arms and no questions asked," said Mrs. Raymond D. Martin, of 22 S. Broadway, whose daughter, Linda, 16, is one of the missing trio.

Mrs. Martin said three scraps of paper were found on which the girls had figured the bus fare to Ann Arbor. Police there were contacted and had no report of the lost girls.

★ ★ ★

A friend of the trio told one of the mothers that they were going to change their names, and another overheard Linda say she had no money—"not more than about 50 cents," her mother said.

The other two missing girls are Barbara H. Hamilton, 13, of 106 East St., and Anita L. Behnke, 13, of 136 S. Washington St. The three were said to have had about $7.50 between them when they left town.

The parents are fairly certain the trio got as far as Pontiac because they were seen on the bus heading that way shortly after they reportedly left town.

"We believe now that they are staying with a friend in Detroit whom we have not been able to track down yet," Mrs. Ray Hamilton, Barbara's mother said.

★ ★ ★

Neither of the two mothers contacted could give any reason for the girls to leave home. They said there had been no problems there or at school.

Linda has three brothers, twins Bob and Bill, 11, and Donnie, 3. Donnie in particular is lonesome for his sister, Mrs. Martin said.

Anita has one brother, Keith, and Barbara, a married brother and sister.

Anyone who has further information about any of the missing girls is asked to contact the Oxford Police Department or one of the families.

Order Reinstatement for Utica Official

UTICA — Local Street Commissioner Streten Novak has been reinstated by order of the Utica Civil Service Commission.

Novak had been suspended in mid-August from his $4,260-a-year job. A public hearing before the commission was conducted about a month later.

A list of seven charges were levied against him by Mayor Edward R. Church, chief among them being that he had made certain purchases without authorization.

Novak answered all the charges at his hearing and the reinstatement order was issued after commissioners completed their study of the transcripts.

The reinstatement order was retroactive to Sept. 14.

Rochester Group Giving Dance at Country Club

ROCHESTER — The Rochester Dance and Ski Club is sponsoring a dance this evening at Rochester Golf and Country Club.

Dancing will be from 9 p.m. to 1 a.m. to the music of the Monarchs. The public has been invited.

Clarkston Man, Wife Go South for Honeymoon

CLARKSTON—Honeymooning in the south before making their home in Hinsdale, Ill., are Mr. and Mrs. Frank Goines.

The former Betty Jo Bliesath, daughter of Mr. and Mrs. LaVerne Bliesath of Jackson and Mr. Goines, son of Mr. and Mrs. Scott Goines of 5945 Pine Knob Rd., were married at Seventh Day Adventist Church.

The bride wore a rose point Chantilly lace and tulle gown with a sequin-trimmed Sabrina neckline and a chapel train.

A matching crown held her fingertip veil of silk illusion and she carried a cascade bouquet of white roses centered by a white orchid.

Vernita Bliesath, the bride's sister from Hinsdale, was maid of honor.

Bridesmaids were Anna Ruth West of Clinton, Ind.; Freida Bliesath of Jackson, another of the bride's sisters, and Beverly Goines of Clarkston, the bridegroom's sister.

Fred Welch of Jackson was best man. Ushers were Edward Hardin of Hinsdale and Scott and Daryl Goines of Clarkston, the bridegroom's brothers.

A reception was held in the church parlors.

MRS. THOMAS E. GOTHAM

Middle Straits Is Home After Honeymoon

WHITE LAKE TOWNSHIP — Making their home on Middle Straits Lake after a honeymoon in Florida are Mr. and Mrs. Thomas E. Gotham.

The bride is the former Barbara Ellen Adamson and the daughter of Mrs. Albin Adamson of 9664 Log Cabin Trail and the late Mr. Adamson. Her husband is the son of Mr. and Mrs. Earl C. Gotham of 7849 Detroit Blvd., Walled Lake.

For her wedding, the bride wore a floor-length gown of lace and tulle with short sleeves. The tulle skirt accented with lace bands formed a chapel train.

The bride's sister, Ruth Ann Adamson was maid of honor. Bridesmaid was Joan Allen.

★ ★ ★

Ralph Moore of Dearborn was best man and Richard Gotham and David Gotham both of Walled Lake were ushers.

A reception was held at Dublin Community Center after the ceremony.

To Have 150 Students

NCCC Will Open Monday

AVON TOWNSHIP — North Central Christian College will welcome about 150 students when it opens for classes on Monday, Otis Gatewood, college president, announced today.

Most of the campus activity will take place in the new three-story multi-purpose building. It contains the student social-dining center and 60 dormitory rooms in the main section, with the wing to be used for the administrative offices and temporary classrooms.

Among the students enrolled in the first class are one from Canada, one from Texas and one from California.

A 19-year-old girl from Port Elizabeth, Africa, Monika Steinger, will arrive tomorrow. She will be a guest in the Gatewood home during her year of study in the United States.

The new liberal arts college is at 820 Avon Rd., two miles southeast of Rochester.

Church Is Sponsoring Youth Dinner-Rally

COMMERCE — All the exciting atmosphere of a huge football stadium will be woven into the decorating scheme of a youth kick-off banquet at 6:30 p.m. tomorrow at Commerce Methodist Church.

★ ★ ★

Goal posts, 50 yard lines, bleachers and brightly colored pennants will predominate at the big dinner-rally open to junior and senior high school students in the community free of charge.

This will launch a brisk fall-winter program filled with healthful recreation, solemn retreats and weekly Sunday evening fellowship for youths, according to the Rev. Perry Thomas, pastor.

★ ★ ★

Following the dinner hour there will be a community sing. Colored slides of the Youth Fellowship summer trip into the wilds of northern Canada will be shown.

Clarkston Parents Tell of Daughter's Wedding

CLARKSTON — Mr. and Mrs. Chester Dixon of 10270 Allen Rd. announce the recent marriage of their daughter, Virginia, to Edward Vandewarker, son of Mr. and Mrs. Glen Vandewarker of 152 South St., Ortonville.

The ceremony was performed at the home of the bride's parents.

She wore a white nylon, dotted Swiss gown with a fitted bodice and full skirt and a corsage of rosebuds and carnations.

Sharon Norgrove of Clarkston was maid of honor. Best man was the bridegroom's brother, Owen of Ortonville.

The newlyweds are making their home in Palmdale, Calif.

DETROIT (AP)—The first of the new compact American cars will go on sale in eight days.

First into the market place will be the Chevrolet Corvair. It will be followed within a week by the Ford Falcon and within less than a month by Chrysler's new Valiant.

The Corvair is the first American production car with a rear engine. The six-cylinder engine, made mostly of aluminum, develops 80 horsepower.

The Valiant also has a front-end six cylinder engine, but it is mounted on a 30-degree slant to allow for a long sloping hood. Valiant horsepower will run about 100.

All three cars are considerably different from anything else being built by the parent companies.

The Falcon and Corvair are very plain and trim in styling while the Valiant carries the most continental flavor, usually regarded as Italian styling with a long hood, square, prominent grille and short rear end.

All three cars are advertised as six-passenger vehicles and emphasize economy of operation. Only the Corvair has announced prices.

They begin at $1,810 before any taxes and will deliver to a buyer at something over $2,000.

However, the first Corvairs available will come only in four-door models starting at $1,860. The Falcon will be available in two and four-door models and the Valiant will have a four-door model at first and two station wagons about the first of the year.

The Falcon price is expected to about match Corvair, with Valiant slightly more.

The Corvair weighs 2,340 pounds, the Falcon 2,366 and the Valiant about 2,700 pounds. The Corvair is the lowest—51.3 inches off the ground. It is also the shortest at 15 feet, more than two feet shorter than conventional cars. Actual dimensions of the three new compact cars vary only slightly.

★ ★ ★

The shortest American car is Studebaker Lark, which is five inches less than the Corvair. The Rambler American is two inches shorter than any of the threee new lines.

Heiress' Death Stays a Mystery to Police

NEW YORK (UPI)—Boston police closed their New York investigation today of the death at sea of Boston heiress Lynn Kauffman, a mystery that apparently never will be solved.

★ ★ ★

Murder, suicide or accident? The findings of Boston homicide Chief Joseph B. Fallon were inconclusive, although he leaned toward the accidental death theory.

★ ★ ★

"As of now, I believe her death was accidental, based on the fact during the day of her death and that she complained of illness it's possible she went out in the evening, she might have heaved and might have gone over the railing," he said.

Is Antitrust Action in Store for Union?

ATLANTA (UPI) — Sen John L. McClellan, chairman of the Senate Rackets Committee, said today that if the new labor reform law cannot deal with the "Hoffa type of union operation," Congress may have to place U.S. transportations unions under the antitrust laws.

McLellan said in a speech prepared for the Associated Industries of Georgia convention that the new labor law is "a magna carta for the rank and file union members of this country."

He acknowledged, however, that the law is inadequate "to prevent paralyzing strikes in the transportation industry."

3 County Women Get Top Posts in MOMS' Group

Three Oakland County women were elected to full two-year terms of the Michigan MOMS at a session at the wind-up of the group's state convention at Lansing yesterday.

Mrs. Peggy De Legge of 3577 Battelle St., Hazel Park, was re-elected president, succeeding Mrs. Dale Hulbert of Ann Arbor.

Mrs. George W. Peters of the S. Washington address, Pontiac, was elected 2nd vice president and Mrs. Samuel Lewis of 3555 Dodge Rd., Auburn Heights, was re-elected secretary.

The organization, founded in 1951 by a group of Detroit area housewives with sons in the service, now has nearly 100 chapters in Michigan and needs recruits for its hospital visiting program.

Steel Strike Blamed for Lower Car Sales

DETROIT (UPI) — Ward's Automotive Report blamed the steel strike today for a 20 per cent September decline in auto sales.

The statistical agency said first indications that the 10-week-old walkout is biting into the national economy were seen in the fact that Sept. 1-20 new car buying dropped 20 per cent under the same period of August.

State Criticized by Hospital

U. of M. Center Hurt Because $610,853 Bill to Agencies Overdue

ANN ARBOR (UPI) — Failure of state agencies to pay their hospital bills has been criticized in the annual report of the University of Michigan medical center published today.

Dr. A. C. Kerlikowske, director of University Hospital, said lack of payments from state agencies has forced the center to operate with limited cash on a day to day basis.

The report said the state had run up a hospital bill of $610,853 as of June 30. The hospital has postponed more than half a million dollars in payments, it said.

Although University Hospital does not receive operating funds from the state, medical costs of many patients are paid by state aid and welfare programs.

The report said further losses during the past year resulted from care given patients supported by the state's crippled and afflicted children's act. The act places an $11 daily ceiling on medical expenses for each child, which is short of actual costs, it stated.

Barbara Burns Faces New Narcotics Charge

HOLLYWOOD (UPI)—Barbara Burns, the 21-year-old girl who was given a "story book" chance at a new life when she finished a 90-day jail sentence on a narcotics conviction last summer, faced another narcotics charge today.

The self-labeled "ugly duckling" daughter of the late comedian Bob (Bazooka) Burns must appear Monday in a Merced, Calif., court for a preliminary hearing on charges of possessing marijuana.

Governor and Nancy Leave for Holy Land

LANSING (UPI) — Gov. Williams leaves by plane today to revisit Europe and the Holy Land, this time accompanied by his wife, Nancy.

They will be gone four weeks on what for the most part is a vacation and sightseeing trip. The governor first toured the Holy Land and the Middle East five years ago. He has been to Europe many times.

★ ★ ★

The Gov. and Mrs. Williams planned to arrive in Jerusalem, Jordan, Sunday afternoon, after brief stops in Beirut and Rome, and to spend the next eight days in that general area.

The period will be packed with visits to Biblical sites, including Nazareth, the Mount of Olives, Bethany, Bethlehem, Mount Carmel, Mount of Beatitudes and Caesarea.

The governor is a keen student of the Bible.

Budget Surplus Hinges on Strike

Steel Walkout Could Sink U. S. Treasury's $25 Million Excess

WASHINGTON (UPI) — The fate of the Eisenhower administration's first treasury surplus in three years appeared today to depend on the settlement of the steel strike.

★ ★ ★

A mid-year budget review issued by the administration yesterday forecast that the government would wind up the current fiscal year next June 30 some 95 million dollars in the black—a surplus 25 million dollars bigger than had been anticipated last January.

Budget Director Maurice H. Stans said that despite the increase, the anticipated surplus was still a thin one and that he saw no chance for a tax cut before mid 1961.

He also disclosed that the administration would ask Congress next year to increase postal rates again to help end the red-ink operation of the Post Office Department.

PROFIT DROP WOULD HURT

Stans warned that the surplus could be wiped out if the steel strike continues longer than "two or three more weeks." It is now in its 11th week.

He said the steel shutdown could cause enough of a drop in the profits of steel companies and related industries to seriously reduce tax receipts that would help build the surplus.

Stans' mid-year review forecast that government spending, as well as income, would be higher than original estimates. He said spending would run about $1,875,000,000 higher than President Eisenhower had planned earlier this year and revenues would be up by $1,960,000,000.

This would raise estimated spending for the year to $78,905,000,000 and estimated tax receipts to $79,000,000,000.

Get Into the Whirl, Try Square Dancing

A class in square dancing is planned by the Pontiac YMCA Business and Professional Club for eight Wednesday evenings beginning Oct. 7.

Participants will receive instructions from 7-8:30 p.m. and dance from 8:30 to 10 p.m. Participation may be on a per evening basis, or at a reduced charge for the entire series if application is made at the "Y" by Oct. 1.

Stag members will be admitted.

Three Bandits Grab $45 From Cabbie

A 43-year Pontiac cab driver was robbed of $45 by three bandits early this morning on E. Wilson near S. Paddock street.

William Moore, 267 Ferry St., told Pontiac police the three men leaped from a car, hit him over the head with an unknown instrument, grabbed his wallet and fled.

Did Her 'Love to Johnny' Become 'Dear John'?

SAN DIEGO, Calif. (UPI)—A young woman came into the society department of a newspaper to announce her engagement to a man named Bill.

★ ★ ★

She even brought along a picture of herself to run in the paper. Everything seemed to be in good order, except that the picture was inscribed, with all her love, to Johnny.

Hoffa Bowing to Labor Law

Orders Teamsters to Oust Ex-Cons Under New Fedral Statute

WASHINGTON (UPI) — Teamster President James R. Hoffa, bowing to a provision of the new labor reform law, has ordered his union to oust ex-convict officials barred from holding office under the new statute, a spokesman said Thursday.

★ ★ ★

The new law prohibits anyone who has been convicted of certain crimes or held membership in the Communist Party from serving as a union officer or paid employe within five years after such a conviction or membership.

There was no immediate estimate of how many Teamsters officials would be removed from office under the new statue.

But a staff member of the Senate Rackets Committee predicted that virtually none of the union's big-name officials would be affected.

BEFORE 1954

Several top-ranking teamsters officials have criminal records but they date back before 1954, and the law therefore does not require their ouster, the staff member said.

Hoffa, in a letter dated Monday and made public today, advised the 900 locals and subordinate bodies in his 1,600,000-member union to comply with the new law's provisions on ex-convicts and subversives.

He directed an estimated 10,000 officers and employes, other than clerical and cutodial workers, to submit by next Tuesday sworn statements that they are in compliance with the statute.

★ ★ ★

"Any person who refuses to sign this affidavit or cannot truthfully execute it under oath must be immediately removed from office or employment," Hoffa said.

Federal Agencies to Reduce Jobs 2 Pct. for Civilians

WASHINGTON (UPI) —All executive - branch agencies in the government have been asked to reduce civilian employment 2 per cent below authorized levels, budget director Maurice H. Stans disclosed.

Stans made the request at the direction of President Eisenhower. In letters to agency heads, Stans said the cutbacks should be accomplished by leaving vacancies unfilled and by not creating newly authorized jobs.

Stans told newsmen a similar request issued a year ago produced a cut in civilian employment to a point 2.2 below authorized levels.

As of June 30, 1959 there were 2,354,529 civilian employes in the executive branch. This was 518 fewer than a year earlier and 53,401 below the total number that could have been carried.

Austerity Measures Are Taken by Castro

HAVANA (AP)—Cuban Prime Minister Fidel Castro has proclaimed an austerity program to combat the biggest threat to his galloping revolution — a dollar shortage.

★ ★ ★

He moved to clamp stiff controls on all foreign exchange dealings and placed nearly prohibitive duties on imports.

New tariffs ranging from 30 to 100 per cent will be applied on value at the port of embarkation.

★ ★ ★

Castro says the nation must save 175 million dollars in its foreign exchange to maintain economic stability. Cuba's gold and foreign exchange reserves stood at 110 million dollars on Sept. 15—one million less than when ousted President Fulgencio Batista fled New Year's Day.

The average family earned $3,320 in 1948—and $6,220 in 1958. In 1948, national advertisers invested $389,261,000 in daily newspapers—and $719,049,000 in 1958—to reach families and convert them from shoppers to purchasers.

Vanguard Signal Helps Gates Dedicate Plant

GRAND RAPIDS (UPI) — Deputy Defense Secretary Thomas S. Gates today called on a signal from orbiting satellite Vanguard III to dedicate Lear Inc.'s new five million dollar instrument division manufacturing plant here.

At the press of a button, the satellite signal unveiled a plaque which read: "this plant is dedicated to progress in air and space science, in technology and human security."

The new Lear facility, designated "Plant No. 6" by the company, will house all the manufacturing activities of the firm's instrument division, which turns out instrument and gyro assemblies for manned and unmanned aircraft.

Consumers Power Raises Dividend

BAY CITY (AP)—Directors of Consumers Power Co. today declared a quarterly dividend of 65 cents a share, up five cents from the previous quarter, on its common stock. It is payable Nov. 20 to stockholders of record Oct. 23.

President Dan E. Karn reported both profits and sales up in the 12-month period ended Aug. 31, compared with the year ended Aug. 31, 1958.

Net profit was $31,313,000, compared with $28,312,000, equal to $3.54 per common share, against $3.22.

Consumers serves most of Lower Michigan outside the Detroit area with both power and gas.

Dr. Larson Speaks at Town Hall

Birminghamites Hear Head of U.S. Information Unit

By RHEA E. VIETOR
Women's Editor
The Pontiac Press

"America's most subtle and crucial problem is getting across to the rest of the world what we stand for, not what we are against," Dr. Arthur Larson declared Thursday.

Speaking at the opening of the sixth season of Birmingham Town Hall lectures, Dr. Larson proposed a plan to combat Communist ideology.

Dr. Larson is director of the United States Information Agency and special consultant to President Eisenhower.

GUIDING PRINCIPLE

He stated that the guiding principle of the United States is and should be "enterprise democracy."

"We have an ideology we haven't articulated, and Russia is very articulate about an ideology they don't have," he observed.

He said our main goal toward world understanding should be an attempt to identify ourselves with other nations, not by domination, threats or attempts to push other nations into our own image, but by finding common principles that will draw us together.

"The main advantage of Communist Russia at present," he said, "is that it seems to offer a positive, constructive approach to other countries." The United States, on the other hand, is handicapped by seeming to be against change, he concluded.

BORROW OUR WAYS

He pointed out that although Russian leaders publicly denounce democratic principles, they have borrowed many of our ways, including the incentive principle, "mainspring of free enterprise," freedom of thought and emphasis on productivity.

The freedom of thought, Dr. Larson explained, extended only to the realm of physical sciences.

Dr. Larson is director of the World Rule of Law Center at Duke University.

Former dean of the University of Pittsburgh Law School, he is winner of the 1952 Fulbright Advanced Research Award and author of several books.

SEEKS LEGAL PATH

The World Rule of Law Center is concerned mainly with international laws, of finding legal means to settle world disputes.

He was introduced by Mrs. George H. Cary, president of the Birmingham Town Hall board of directors.

Following the talk at the Birmingham theater, which was repeated today, a celebrity luncheon was held at Birmingham Country Club.

American Women Are Lucky

No Grandma Has to Be Dowdy

By DOROTHY ROE
AP Women's Editor

Well, now, let's compare grandmothers.

The American public seems to be overcome with sentiment at the idea that Mrs. Nikita Khrushchev is a grandmother. Feature stories abound with such adjectives as kind, gentle, motherly and modest. All true, no doubt.

Mrs. Khrushchev's official hostess on her current American tour, Mrs. Henry Cabot Lodge, is also a grandmother. The two women provide a dramatic study in contrasts.

★ ★ ★

The youthful looking, beautifully groomed Emily Sears Lodge is typical of the ageless and active American woman, who is careful of her appearance as a matter of course, who doesn't consider it a sin to use lipstick or wear high heels, and who takes advantage of modern aids to youth and beauty.

Another striking contrast is Mrs. Khrushchev's White House hostess Mamie Eisenhower is a grandmother, too. Her age is probably about the same as that of the Soviet Union's first lady. Yet she looks a good 20 years younger, thanks to smart clothes, careful grooming, care of her figure and her own evident zest for life.

One ardent crusader for youth at any age speaks her mind on this subject. Says Lilly Dache, the volatile French-born designer:

"I think Mrs. Khrushchev's obvious inattention to fashion, hair-styling and makeup is a form of propaganda. Perhaps she wants to give the impression that she does not care about such things. Surely there could be no other good reason for presenting such a picture to the world."

ARE OLD WOMEN

Lilly has just returned from a trip to the Soviet Union, where she went shopping and sightseeing in the American manner and talked to as many Soviet women as possible.

★ ★ ★

"In Russia," she says, "grandmothers are automatically old women. I even saw many young women of 25 or 30 who dressed and acted like grandmothers. They kept asking my age, and couldn't seem to believe that I am old enough to be a grandmother."

★ ★ ★

"This one thing should make us appreciate America. Here any woman can acquire the means of looking young and attractive at the nearest corner drug store. Smart, youthful, flattering clothes are available at budget prices. But more important than all that is the fact that American women know the importance of looking their best."

Zonta Club Sees Seaway Movies

Judge Stanley Dondero, son of Senator George Dondero, showed movies of the St. Lawrence Seaway dedication, including speeches of Queen Elizabeth and President Eisenhower, at the Thursday luncheon meeting of Pontiac Chapter of Zonta International club at Hotel Waldon.

Judge Dondero was present with his father at the ceremony last June.

CONSTANCE M. BLIMKA

Mr. and Mrs. Lloyd E. Blimka of Drayton Plains announce the engagement of their daughter, Constance Marie, to Ronald Patrick Roy, son of Mr. and Mrs. George Roy of Clarkston. Following an early April wedding, the couple will live in Alaska.

Tour to See Homes Will Benefit School

On Oct. 28, alumnae and parents of students of Emma Willard School in Troy, N. Y. will observe Emma Willard Day throughout the country in a united effort to assist the school's Second Century Fund for scholarships.

Mrs. Edward E. Rothman of Bloomfield Hills is in charge of local publicity. Also on the Detroit committee are Mrs. George A. Schemm of Grosse Pointe, general chairman, and chairman of patrons; Mrs. Joel Bremer, Mrs. C. Allison Monroe and Mrs. Donald C. Waite Jr., cochairmen of hostesses; Mrs. Edward Lambrecht and Mrs. Joseph Standart Jr., tickets and printing.

Abby Advises:

Discover Your Humble Young Maid in Japan, You Lazy Man

By ABIGAIL VAN BUREN

DEAR ABBY: I am stationed in Japan. I am one of those Yankees who thought his buddies had rocks in their heads to marry Japanese girls. But now that I have fallen for one, I can understand why.

ABBY

A Japanese girl makes a man feel like a man! She is trained to wait on a man. To dress him, undress him and wash his feet. And, yes, even to feed him if he desires it. Her only thought is to give comfort and satisfaction to her man.

Show me an American girl like that! They are all selfish, demanding and bossy! No, I don't want a brainless puppet for a wife. But if a woman wants to wear the pants, send her over here with a rifle and let her relieve me of my duties.

D. D. F.
U. S. NAVY

DEAR D. D. F.: The only women in America who are "trained" to wash feet, dress, undress and feed men are employed in homes for the aged and in institutions for the physically handicapped and mentally ill. If you want this kind of service, stay where you can get it on your own terms.

★ ★ ★

DEAR ABBY: My husband has his insurance policies made out with his mother and father as beneficiaries. We have been married eight years and have two children.

When I mentioned to him that I thought he should change the policies to make me the beneficiary, he said if anything happened to him his parents would give me the money. In your opinion is this enough protection for me? WIFE

DEAR WIFE: I wouldn't take anything for granted. You, your husband and the insurance agent should sit down and talk this matter over frankly. A wife with two children is entitled to more security in the event of her husband's death than you appear to have.

★ ★ ★

DEAR ABBY: I have been going into this shoe store for quite a while, and I became interested in a salesman who works there. He seems interested in me, too. We always have a few laughs.

He asked my girl friend (behind my back) how old I was. She lied for me and said I was 19. I am only 17. He looks about 21 or 22, but I am not sure.

How can I find out how old he is without asking him? How can I get him to ask me out?
"SIX TRIPLE A"

DEAR SIX: There are other statistics equally as vital as "age". One is marital status. First find out if he is married. ASK HIM. If he's single, ask your girl friend to ask him (behind YOUR back) how old he is. If he's over 20, forget him. It's all right to have a few laughs when shopping for shoes, but don't put your foot in it.

★ ★ ★

DEAR ABBY: To the 14-year-old girl who has gone steady for over a year and all she got was a peck on the cheek. You are lucky! I am also 14 and my boy friend is 15. We went steady for a year, too. Only I wouldn't settle for just a peck on the cheek. Now I will always regret not settling for what I was entitled to. I am going to have my baby in November. No, he didn't marry me. My daddy had him locked up. "ALSO 14"

Styles of All Types at Hospital Show

A model wearing an imported Italian reembroidered Chantilly lace wedding gown accented with seed pearls and a peau de soie train opened the tea and fashion review held by St. Joseph Mercy Hospital Auxiliary.

A full house was on hand for the show Wednesday at the Elks Temple. Proceeds are for the hospital's clinic.

The show featured the latest fall fashions — elegance is the keynote this year — with 85 pieces from Kerns in Detroit.

There were walking suits for town and country in soft muted autumn shades — tweeds and plaids. With the suits were derbies, the latest in feminine headware.

Fashions for petite 5'4" girls were shown with dresses for daytime and evening wear in wools, satins and crepes.

All kinds of furs from large leopard to hamster were shown. A favorite was the royal blue velour wrap with a dyed lynx collar. And platinum and autumn haze minks were fine complements to the rich brocade and satin after-five wear.

Luxurious evening clothes in velvets, lace, and heavy satin were shown. Highlight of this group was a black velvet sleeveless floor length gown with a scoop neckline and skirt split to the knee. This outfit was topped off with a black egret feather picture hat.

Lutheran Church Women Hear Guest Speaker

Mrs. John Zich of Birmingham was guest speaker at the smorgasbord dinner held by Ascension Lutheran Church women Wednesday evening at Pontiac Federal Savings and Loan building.

★ ★ ★

Mrs. Zich is chairman of the membership committee of Michigan Synod United Lutheran Church Women.

She discussed the outreach of offerings in Michigan and throughout the world.

Mrs. Gordon Carlson spoke about the magazine, "Lutheran Women's Work." Also taking part were Mrs. Fred Sytz, president; Mrs. Lisle Echtinaw, and Mrs. Harold Wood.

★ ★ ★

Mrs. Wood was in charge of the dinner with members contributing food.

Mrs. Robert Lembke decorated tables with Swedish motifs and Mrs. Herbert Staads headed the cleanup committee.

★ ★ ★

"You and the United Nations," a panel discussion, will be the October program.

Creams No Help

Better to Prevent Freckles

By JOSEPHINE LOWMAN
(The Question Box)

Q. "I am 14 years old. I have freckles. There are various freckle creams but I wonder if they will damage my skin."

A. In my opinion the lotions and creams on the market have little effect on the freckles but they are not damaging if you buy from one of the reliable, well-known firms. Your best bet is to apply one of the suntan lotions before going into the sun and then protect yourself with hats and sunshades as much as possible.

Q. "I have been debating whether or not to write you for the past seven months. I have finally decided to do so and I hope you can help me. I am a very attractive 19-year-old girl with a nice figure except for one thing. I am flat chested.

"When I was younger I stuffed my bra with cotton to appear bigger.

"I am going with a boy who is very interested in me but every time he gets close to me I freeze. I am even embarrassed to sleep at a girl friend's house because of this.

"I am embarrassed to go to a doctor. What can I do? Will exercise help? If so, how long will it take?

"Mrs. Lowman, please understand why I can't sign my name to this letter. You have helped so many girls. Please help me!"

A. I can understand why you would regret having a flat chest. However, you must not allow this to ruin your life. One of the most beautiful women I know has practically no bust at all and yet she is married and has several children. Her husband is crazy about her.

Exercise will help make the bust look larger because it builds up the chest muscles. Plastic surgery also can remedy this situation. If you would like to have the name of a well-qualified plastic surgeon near you send a stamped, self-addressed envelope with your request. Address Josephine Lowman in care of this paper.

FAT OR NOT?

Q. "I am all mixed up since some people say I'm fat and others do not think I am. Would you say a few words about this? I am 5 feet 8 inches tall and weigh 154 pounds. I am 14 years old. My bust measures 38 inches, waist 27 and hips 40. Please tell me where to lose if I need to."

A. You are overweight for your height and age. If you have very large bones, that makes a difference and you can weigh more. The development of your muscles also should be considered. However, I imagine that you should lose at least 10 pounds. Your family doctor will be able to judge these factors and tell you exactly what you should lose.

Q. "Is electrolysis painful and can it be used to remove hair between the brows?"

A. It is not really painful. There is a pricking sensation. There is no reason why it cannot be used between the brows. Of course electrolysis should not be used close to the eyes.

★ ★ ★

Tomorrow: "Classify Your Skin Type—Then Treat It Accordingly."

Freckles plague you? Your best bet is to apply one of the suntan lotions before going into the sun and then protect yourself with hats and sunshades as much as possible.

Newlywed Derragons Residing in Waterford

Mr. and Mrs. Richard E. Derragon are making their home in Waterford following a honeymoon through Northern Michigan.

★ ★ ★

The bride, the former Shirley Patricia Bauer, is the daughter of Mr. and Mrs. Edward L. Bauer of Waterford Township and the bridegroom is the son of Mr. and Mrs. Ralph G. Derragon, also of Waterford.

The wedding took place Sept. 12 at First Social Brethren Church of Pontiac. The Rev. John Hancock officiated at the ceremony before 100 guests.

★ ★ ★

The bride wore a gown of Chantilly lace over net and taffeta with a Sabrina neckline. Her floor length skirt formed a chapel train and a crown of rhinestones and pearls held her fingertip veil of silk illusion. She carried a bouquet of white sweetheart roses centered with a white orchid.

★ ★ ★

Mrs. Betty Bauer, the bride's sister-in-law, was matron of honor. Bridesmaids were Mrs. Betty Lotan and Patricia Tinsler. They were dressed in blue, pink and yellow gowns of silk organza and they carried matching cascade bouquets. Flower girl Carol Derragon wore a dress of white organza over blue taffeta and she

MRS. RICHARD E. DERRAGON

carried a basket of pink rose petals with pink roses and baby chrysanthemums.

★ ★ ★

R. Gregory Derragon of East Lansing was best man. Ushers were Richard Boney, Edwin Lee, Edgar Bauer and Gerald Bauer, all of Pontiac.

A reception was held at the home of the bride's parents.

The bridegroom is a graduate of Wolverine Arts Trade School, Detroit.

Man Could Have Said 'No' to You

By EMILY POST

"Dear Mrs. Post: A friend and I took a day-long bus trip just recently. The seats on the bus were not reserved. We arrived rather late and there were no double seats left, so we had to take two single seats one behind the other. After we made our first stop, I asked the man who was seated next to me (he was alone) if he would mind changing seats with my friend so that we could sit together, which he did.

"I overheard a woman in the bus say that she thought I had a lot of nerve asking him to change his seat. Will you please tell me if such a request was out of order?"

Answer: No, your request was quite proper because if the man did not wish to change seats he could have answered that he was sorry, but he much preferred keeping his seat by the window.

"Dear Mrs. Post: I'm marrying a man whose family lives out of town. Should I mail his mother and father an engraved invitation or is that too impersonal? I do know from my fiance that they are coming to the wedding."

Answer: You should send them an engraved invitation because they are interested in seeing it, and you should also write a personal note with it saying that you are sending the invitation just so they may see what they look like, and that you are looking forward to having them with you on your wedding day.

Dear Mrs. Post: Is it correct to say "hello" when going into a house of mourning, and also to shake hands and even kiss the mourners?"

Answer: The word "hello" is not the right one, but a warm handclasp is essential, or to a dear friend a loving kiss and some such phrase as, "I'm so deeply sorry" or just, "Dear Mary, is there any way I can be of use to you?"

Easy Exercises

Exercise your feet and ankles while watching television. Turn your toes under, then stretch them out. This helps relax the feet and aids the arches. For the ankles, rotate each one, first clockwise. This keeps them trim and also is relaxing.

Over 45 million of the 51 million U.S. households — or 88 per cent of all U.S. households — will receive a daily newspaper today.

For Metal Trim

Metal trim in the kitchen or bathroom tends to rust after being chipped and scraped during the years. Sand the rusty area, clean it and shellac the spot when it is dry. Then apply a preservative paint to avoid further rusting.

An estimated 88 per cent of all the motor trucks in the U.S. today are less than two tons in load capacity.

Autumn Activities Begin in Hills and Birmingham

By RUTH SAUNDERS

BIRMINGHAM — The opening of the Birmingham Town Hall series was one of many Birmingham projects beginning this week.

Art classes at both the Birmingham Community House and Bloomfield Art Association began. Daughters of the American Revolution held their outstanding antique show, the Michigan Weavers Guild held its third show (first in this area) and several fashion shows benefited various scholarships at Kingswood School Cranbrook and the new Sacred Heart Convent of Bloomfield Hills.

Birmingham Junior League and the Birmingham branch of the Needlework Guild of America held their opening meetings and both St. Dunstan's Guild and the Village Players are working on their October shows after initial tea and supper meetings for new members.

According to latest population figures of both Birmingham and Bloomfield Hills, every able bodied feminine resident is doing at least two jobs outside of her own church work.

A family reunion at the H. Gray Muzzy home helped celebrate their wedding anniversary Saturday.

The Richard Muzzys came from their home in Weston, Conn. to honor their parents and Mrs. Muzzy's friend, Mrs. Lawrence Langdon of Cincinnati, was also present at the dinner given by their son-in-law and daughter, the Edward H. Lerchens of Lowell court.

Light Bulb Tip

Many women utilize the flattery of special lights in their homes. For the fullest effect, those bulbs must be kept clean. Since their surfaces tend to attract dust, take them out of the sockets to clean them occasionally.

Says Michigan Needs Water Safety Chief

LANSING (UPI) — Michigan has a "very real need" for a state water safety director, Keith Wilson, director of the State Waterways Commission, said today.

Drowning of 12 persons in a boating accident on Lake McKeever near Munising Tuesday pointed up the need for a coordinated education drive, Wilson said.

"We're pretty well set on enforcement and harbor development," Wilson said. "Now education is the big need. A state director would help.

The Legislature last year rejected a proposal to create a position of state water safety director, but Wilson said he thought there was still a chance this legislative session.

N-Engine for Warships Works Up Full Power

WASHINGTON (UPI) — The Atomic Energy Commission (AEC) said today that a land-lubber version of a new kind of nuclear engine for big warships has achieved full power for the first time.

The plant is a two-reactor prototype of engines which will be used to drive the guided missile cruiser Long Beach and the aircraft carrier Enterprise. It is the first atomic power plant using two reactors to drive one ship propeller shaft.

The land version was built at the AEC's reactor testing station in Idaho for experimental operation. The first reactor began generating power last January. Both reactors working together operated at full power for the first time Sept. 15.

Soo International Span May Be Started in 1960

LANSING (UPI) — Construction on an international bridge across the St. Mary's River at Sault Ste. Marie will probably begin next spring, the State Highway Department said Thursday.

"Everybody seems to think the bridge will be started in the spring of 1960," said R. A. Trebilcock. "But the international bridge authority is handling that. The highway department will only take care of the approaches."

Highway Commissioner John C. Mackie and members of the Michigan Society of Planning Officials met last week at the Soo to discuss the bridge.

Gives 7 Points to A-Agency

International Group to Make Technical Aid Available for Peace

VIENNA, Austria (AP) — The United States today announced a seven-point action program for the International Atomic Energy Agency. It declared it will rely on the agency for making technical aid available to peaceful atomic programs in less-advanced nations.

★ ★ ★

U. S. Delegate John F. Floberg of the Atomic Energy Commission said his government has complete confidence in the development of the two-year-old atoms-for-peace organization.

★ ★ ★

The seven-point working program deals with increased technical assistance, development of training and fellowships, an expansion of the agency's isotopes program, increased theoretical and medical research activities, distribution of technical information, development of reactors and nuclear power stations and international health and safety measures.

Strange Bank Robber Had Odd Girl Friend

CLEVELAND, Ohio (AP)—Who was with the odd little criminal who made a weird effort Wednesday to pull off a bank robbery in gang style?

Apparently the accomplice was a woman, but her "mousey blond" hair looked suspiciously like a wig. She was clad in a blue gaberdine suit and sloppy black shoes. She carried a hat box and a red bag which contained a small automatic pistol. When last seen, she was driving a rented car toward the branch bank where the robbery was supposed to happen.

★ ★ ★

The little man wore a blond wig too, over his balding head. The bullet with which he finished his career—when he saw the police were closing in with guns and tear gas—knocked the wig askew.

When they laid him on the table at the morgue, they found he measured only 5 feet 4, and there were elevator shoes on his feet. He had shaved the hair off his body. Under his gray slacks he wore red trunks.

The fingerprints told his story. He was William Ansley, 30, last known address Indianapolis, who had been convicted of burglary, assault to kill and robbery in several cities.

★ ★ ★

They found a smeary paper containing a plan of action, aimed at a Lorain Ave. branch of the Cleveland Trust Co., with a Detroit Ave. branch as second choice.

The plan began with the woman's help. The pair got into the home of Herbert Fox, 51, manager of the Lorain Ave. branch. They tied up his wife and two daughters, who later gave the only available description of the woman. But where a gang would have left one or two men to guard the family, they left only a fake "bomb" ticking away.

The little man made Fox drive to the bank, where they were to wait until a time lock opened the vault. The woman, driving the rented car, followed them, but was not seen again.

At the bank the little man tried a trick that usually takes more than one gunman. He kept holding bank employes as hostages when they reported for work.

The police soon came. Someone reported a "disturbance," and a cruiser started a siege with a shotgun. About the same time Marilyn Fox, 18, had broken her bonds and had sent word to call police headquarters.

After a dozen shots and 10 canisters of tear gas, police released the hostages unharmed. The little man shot himself.

His companion had vanished.

Cairo Radio Reports Emergency in Baghdad

BEIRUT, Lebanon (UPI) —Radio Cairo said today Iraq's Premier Abdel Kassem has ordered emergency measures to avert the threat of an army mutiny in Baghdad, already swept by civilian rioting.

The radio voice of Kassem's Egyptian arch-foes said troops in Baghdad's Al Azamieh district disobeyed orders to fire on rioters yesterday. In the Al Karkh district, the radio report said, women stoned Kassem's car.

Texas estimates it has 10 million visitors a year.

Dollar Status Weakening?

U. S. Industrialists Shaken by Foreign Competition

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Increasing competition from foreign industries—notably those in Western Europe and Japan—continues today to fret American businessmen.

They see our gold supply dropping with signs that the status of the dollar is being weakened in the world's eyes.

★ ★ ★

They see our exports dropping and our imports rising.

They see American companies building plants abroad to sell not only in their host countries where quotas and tariffs may keep American goods out, but also in some cases to sell in the United States itself at lower prices than the American firms can make their goods here.

They see some of our traditional markets abroad shrinking as foreign traders take over. The cry is raised that American goods are pricing themselves out of the market, and that rising production costs here are to blame.

★ ★ ★

And they see foreign goods increasingly challenging American right here at home.

For some American industries the situation already seems critical. For others it is regarded as a growing threat. Any sharp weakening of the U. S. dollar's international standing would hurt not only our pride but our pocketbooks.

Against these fears, the official Washington view has been that there is no basic weakness in the U. S. dollar, that the decline in U. S. exports and the big drain of gold, especially last year, reflect not American weakness but the growing health and strength of the leading industrial nations.

★ ★ ★

This is a policy deliberately followed by this country since the war in its system of grants and credits known as foreign aid, and in its drive for lower tariffs and other trade barriers.

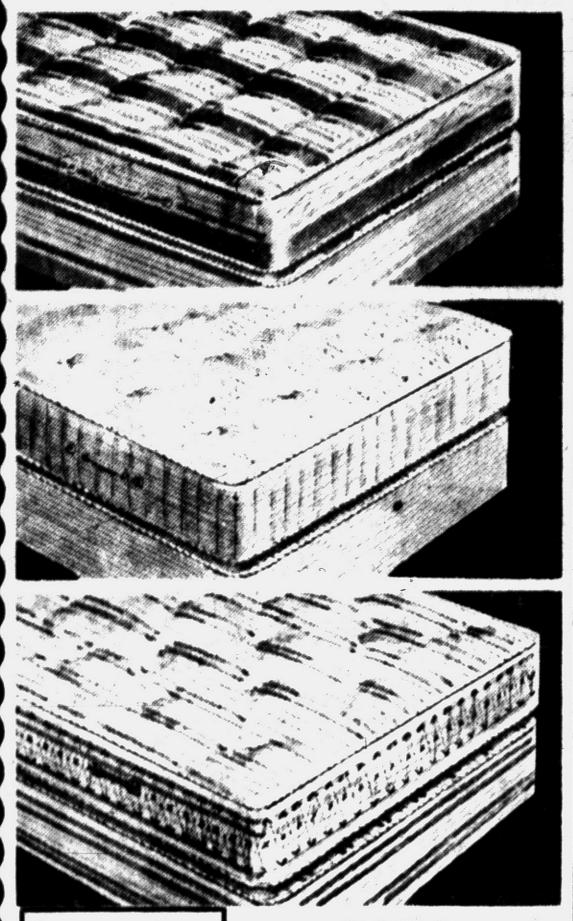

Bow Silhouette Shoot to Be Held at Midland

MIDLAND (UPI) — The 10th annual Michigan Bow Hunters' silhouette shoot will be held near here this weekend and a record registration was forecast by officials of the state-wide meet.

Bow Hunter President Kenneth Hoffman of Midland said that the shoot Saturday and Sunday at the Mid-Michee Club west of here will attract as many as 1,000 archers. Competition will be in six classes.

Nikita Blames Cold War on Us

Says Russia Doesn't Fear Chill but Prefers 'Favorable Winds'

PITTSBURGH (UPI) — Nikita Khrushchev Thursday blamed the United States for continuing the cold war.

"The political cold is coming from you, and not from us," he told a civic luncheon here.

"We are not afraid of the cold but we would like more favorable winds to blow in the world."

This speech was Khrushchev's last fromal talk before he settles down to the serious work for which he came. He flew back to Washington late in the day to begin a series of meetings with President Eisenhower on ways to lessen world tensions.

★ ★ ★

Khrushchev got a big hand from his steel-minded Pittsburgh audience today when he said:

"How happy would all the peoples of the world be if all the steel smelted in America. . . and in the Soviet Union would be used solely for peaceful purposes."

As he has occasionally in the past, Khrushchev turned his speech over to an interpreter.

He began reading his speech in the usual way, with a few sentences in Russian and then await for the translation. But he shortly turned the chore over to an interpreter—in the interest of brevity, he said.

★ ★ ★

Khrushchev told his audience that Russians and Americans each have their own national traits that, if put together, would help insure world peace.

Modern Turkey's population is more than 24 million.

Six Topics Probably Will Head Ike-K Conference

WASHINGTON (UPI)— President Eisenhower and Premier Nikita S. Khrushchev are expected to take up six basic cold war issues during their man-to-man talks at Camp David this weekend.

Here is a thumbnail summary of the main topics that seem likely to dominate the Camp David discussions between the world's most powerful political leaders:

GERMANY

The president is expected to renew the western offer to guarantee Russia against a rebirth of German militarism if Russia will agree to reunification of Germany on terms which would permit the Germans completely free choice as to their form of government.

Outlook: It appears highly improbable that they can get together on a long range solution

DISARMAMENT

Eisenhower is prepared to tell Nikita that this country agrees with him 100 per cent on the disarmament goal, and that the only roadblock is Russia's consistent refusal, in 14 years of postwar disarmament negotiations, to agree to any effective system for control and inspection.

Outlook: Some diplomats think there's a fair chance the leaders will get somewhere with a plan to halt nuclear testing, as a starter on more complex disarmament moves.

FAR EAST

The President intends to challenge him directly on continued Communist aggression against countries such as Laos, and urge him to use his influence with Red China to end its constant troublemaking.

Outlook: Khrushchev is unlikely to make any specific commitments, since he cannot easily acknowledge Soviet control over Red China, if indeed there is any.

PEACEFUL COEXISTENCE

The President is likely to call specifically for an end to Russian efforts to penetrate the explosive Middle East.

Outlook: A vigorous, perhaps even heated, "exchange of views."

TRADE

Khrushchev doubtless will make a strong pitch for increased U.S.-Soviet trade. The United States refuses to send Russia strategic goods in the present cold war climate.

Outlook: Some increase in trade in non-strategic goods could be thrown into the diplomatic package if agreements are reached on other points.

CONTRACTS

Both countries have expressed a desire to extend and expand all types of exchanges; each has accused the other of dragging its feet.

Outlook: Formal negotiations of a new agreement are due to begin in Moscow this fall. A joint expression of hope would appear to be the easiest Camp David agreement.

Blossoms Out of Season

Lilies Grow in Milford Petunia Patch

By REBA HEINTZELMAN

Despite the fact that autumn leaves are turning to red, gold and orange as the fall season approaches, there is a touch of early springtime in a little petunia patch owned by 68-year-old Chester Closser of Milford.

Two pure white Easter lilies rise majestically from the usual late summer variety of marigolds, zinnias and dahlias, intermingled with colorful petunias and the contrast is phenomenal, according to all who view the giant blooms.

After the hot house type of lilies had finished blooming last Easter, Closser let the bulbs dry out for about three weeks, then re-planted them in his tiny flower garden back of his house at 134 Huron St.

As time went on, the retired gentleman forgot all about the bulbs and it wasn't until two weeks ago that he noticed the sturdy stalks with shiny green spiked leaves growing straight up in the middle of the petunia patch.

Today, the elegant wax-like flowers are at the height of their beauty and there are two additional buds about ready to burst into full bloom — despite surroundings of the lowlier plant life.

HAS ROSES, TOO

And Closser, who worked at the Milford Ford Carburetor plant for more than 30 years, has roses. He has the deep Chinese red fashionette, the rich yellowed golden glow, the glensca with a soft apricot shade and the apple-blossom colored sherua variety.

A trellis is covered with the ever-blooming climber rose, new dawn — so tiny and delicate that it looks artificial.

An old hand at raising beautiful blooms, Closser has taken first and second places in flower shows in all parts of Michigan and has more than 50 ribbons and trophies to prove it.

For the 17 years since his wife died, Closser has lived alone and kept his neat seven-room house on the southside of Milford in tip-top condition.

Besides puttering in his flower bed, Closser likes to pack his bags, climb into his four-year-old automobile and head for parts unknown whenever he gets the urge to travel.

Last year he headed for the West Coast, down into Mexico, then the Grand Canyon, back through the Rocky Mountains and after a short trip up the Mississippi River, returned to his native Milford. All along the way he observed new methods of flower development for later experiments.

As past master of the Milford Masons, Closser is looking forward to a ceremony Oct. 24 when he will receive one of the highest honors in his lodge — that of worthy patron of the Eastern Star Chapter. There will be no traveling this year because of the many new duties required of a person with this distinctive position in the lodge.

PLANS TO RE-PLANT

As for his lovely lilies, Closser plans to dig them up after they have finished blooming and to re-plant them in a big pot for winter-inside growing. Each bulb reproduces, and Closser says, "Maybe by next fall I'll have a whole outdoor bed of Easter lilies."

Rose gardeners should be familiar with the five major classes of modern roses: Hybrid Teas, Floribundas, Grandifloras, Climbers and Tree Roses. Each class has distinct characteristics and special uses in the garden.

Fire King and Sarabande are the winners of the 1960 All-America award in the Floribunda class. They will be available for planting for the first time this fall.

Pontiac Press Photo

TREATS 'EM GOOD — Chester Closser, 68, of 134 Huron St., Milford, gives special care to his out-of-season Easter lilies. Both are pure white and rise majestically in his garden from the usual late summer variety of marigolds, zinnias, dahlias and petunias.

More than 1,200 new rose varieties have been entered in the All-America rose trials since 1940, but only fifty-three hav been considered worthy of an award. Entries in the trials are submitted by leading hybridizers all over the world.

Bananas were first imported into the U. S. in 1867.

The U.S. needs 250,000 new skilled workers each year.

Bent Grass and Bluegrass Don't Go Well Together

EAST LANSING—Bent grass and bluegrass don't go together too well in lawns.

Bluegrass lawns are hard to manage when bent gets too thick, according to James Tyson, turf specialist at Michigan State University.

Also, a little bent grass seed goes a long way in a lawn, he points out. Many lawn seeds now on the market have about 3 to 5 per cent bent, figured on a weight basis. This amount seems small. But one pound of tiny bent grass seed gives about three times as many plants as a pound of Merion bluegrass.

A bent grass lawn can be beautiful, Tyson says. But to make it beautiful a home owner must shift over to a set of management practices designed for bent grass lawns.

There's another alternative. This calls for fumigating to kill all plants and the re-planting to easier-to-manage species.

County extension agents have copies of a leaflet by Tyson on raising a bent grass lawn.

Bent grass seed has what it takes to compete with other lawn grasses. Bent comes up faster than most other species. Yet some seeds remain in the ground and germinate a year or two after planting.

Bury 12 Victims of Boat Tragedy

Single Large Grave to Hold Mom, 10 Children; Uncle Nearby

SKANDIA (AP) — A grave 36 feet long and 8 feet wide was prepared in the Emmanuel Lutheran Church Cemetery today for the burial of Mrs. Dora Larson and 10 of her children.

Close by, a single grave was dug for the children's uncle, Harry Larson.

Hundreds of mourners from this Upper Michigan village and adjacent communities were expected to gather this afternoon in the maple-fringed hilltop cemetery.

Virtually Skandia's entire population of some 80 people planned to attend.

But most of the mourners are people who did not know the Larson family until their hearts were stirred by one of Upper Michigan's worst tragedies.

Many were strangers who contributed to the expense of buying 12 caskets and clothing the dead for burial.

Among expressions of sympathy received by the family was a phone call from an unidentified man in London, England.

The 41-year-old mother, the children from 5 months to 15 years old, and the 64-year-old uncle drowned Tuesday after their 12-foot boat overturned in Lake McKeever in Hiawatha National Forest.

They were on an outing to pick wild cranberries.

Thirteen packed into the boat. The only survivor and witness of the accident was the father, Leonard Larson, 42, a logging truck driver.

BOY GREETS GIRL — Denmark's top singing star, Birthe Wilke, is helped from her convertible by John Spagnolo, 21-year-old fruit stand clerk, as she arrived to visit him in South Bend. The two met in Florida 18 months ago and have corresponded since then as Birthe toured Europe. Both are silent on rumors that the Danish star will discard her toy dog and marry the young American.

'Recognize Status Quo'

This Is What Nikita Seeks From His Talks, Hint Red Diplomats

LONDON (UPI) — Communist diplomats hinted Thursday that Soviet Premier Nikita Khrushchev's paramount aim in peace talks at present is to obtain an American guarantee to recognize the post-war status quo in Europe.

Such recognition would include U.S. agreement to the permanent division of Germany into Western and Communist segments. In the past the general view of the Western Allies has been in favor of a reunited Germany through free elections.

The Communist diplomats said Khrushchev wants explicit or at least tacit recognition of current boundries in Europe as the price of a cold war settlement.

They hinted discreetly that Khrushchev would discuss the price for "peace in our times" with President Eisenhower at Camp David, Md., this weekend.

The diplomats said frankly that Russia does not feel secure in its relations with its satellites so long as the Iron Curtain dividing line is not sanctioned by the west, notably the United States.

This touchiness felt by the Russians in eastern Europe apparently stems from the fact communism remains on the defensive in some of the satellites, notably Hungary and Poland.

The Kremlin evidently wants time to consolidate its grip on its puppet states and can't do so long as there is danger of Western interference.

Diplomatic dispatches received here from Washington confirm Khrushchev has given no real hopes for a major shift in Soviet policy during the first rounds of his talks with U.S. leaders.

But Darn 'Em . . . They Come Back

'Aawk' Frightens Gulls

BAYONNE, N. J. (AP) — The resourceful Navy is ridding itself of sea gulls by telling them to "get the hell out of here" in their own language.

That is the exact translation offered by a Navy spokesman after he heard a shrieking tape-recorded sea gull call, designed to drive the birds away from the supply depot here.

The translation may be more Navy than sea gull—but it apparently works.

★ ★ ★

Two amateur bird chasers by the names of H. Palmer Starner and Stannard Stocking showed up Thursday with their tape recorder.

They hooked it up to a public address system and an ear-shattering "aawk" resounded around the base.

An admiral stood atop an eight-story building reported all he saw was birds everywhere, according to a public information officer.

The place was without gulls for two hours. Then they flew back. The Navy expected them.

The noise has to be repeated to keep the gulls away.

Dog Prefers Spaghetti and Ice Cream to Meat

NEW BRUNSWICK, N. J. (AP)—Mr. and Mrs. Willard Ferguson no doubt have the cheapest food bill of any dog owners in town.

Rex, their 9-year-old Eskimo dog, spurns meat, instead thrives on ice cream and spaghetti.

Grosse Pointer Named to State Mental Group

LANSING (UPI) — Dr. James H. Graves, Grosse Pointe, was named to the Mental Health Commission Thursday by Gov. G. Mennen Williams.

He will succeed Dr. Harry E. August, Detroit, who resigned in protest to what he said was penny-pinching by the Legislature on mental health programs.

Williams also reappointed State Insurance Commissioner Frank Blackford.

Americans spent $75,000,000,000 for food in 1958. Food and grocery advertisers invested $148,966,000 in daily newspapers last year to tell consumers about their products.

Health Service Medics Check on Encephalitis

TRENTON, N. J. (UPI) — The U. S. Public Health Service made two physicians and a veterinarian available to New Jersey today in its investigation of a suspected outbreak of encephalitis that has taken seven lives.

State Health Commissioner Dr. Roscoe P. Kandle said the three would assist in looking into "reported suspected cases of encephalitis," commonly called sleeping sickness.

The suspected outbreak was thought to have been responsible for at least seven deaths and the hospitalization of 15 persons. Tests were being rushed to determine whether they were stricken by the disease.

The outbreak is primarily centered in Atlantic and Ocean Counties in southern New Jersey.

The tractor is the most important single item in agricultural mechanization, according to farm surveys.

Hollywood Headlines

Alfred Hitchcock Still Has Tricks Up His Sleeve

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—Notes and comment on the Hollywood scene —

★ ★ ★

THOMAS

You needn't worry—there are plenty of tricks left in Alfred Hitchcock's bag. Some of his fans were afraid he expanded them all in "North by Northwest." That was the film he wanted to make for 15 years; it included many of his long-cherished stunts, including the chase over the famous faces of Mt. Rushmore.

★ ★ ★

"I've still got some other things I want to do," he commented at a party to salute the start of his fifth TV season. "One of my favorites concerns an assembly line at Detroit. The beginning of the picture shows a car being assembled from the very start. We watch it through various stages until it rolls off the line. There's a dead body in it."

★ ★ ★

Hitchcock was delighted that "North" has been the nation's No. 1 moneymaker week after week and is not the least hurt by the New Yorker magazines comment that he is parodying himself.

"The New Yorker is a magazine that takes its humor too seriously," he quipped.

MONROE NEGOTIATES

Marilyn Monroe was in town briefly to discuss some picture deals. She'll be making more films now, she says.

Liz Taylor and Eddie Fisher were greeting their buddies at the Khrushchev luncheon, though not Debbie Reynolds, who was also present.

★ ★ ★

Bob Hope says there is nothing to be alarmed about with his vision problem. It is the same thing that has been bothering him for a year. His main problem is finding the right balance between work and rest without overdoing either.

GIANT FAN FRETS

Henry Fonda is a fan of the San Francisco Giants and he was a little worried about his appearance at the lunch for the head Soviet. He was carrying a pocket radio with an ear attachment so he wouldn't miss the Giant-Dodger game.

'Star Spangled Banner' Used by Red Germans

BERLIN (UPI)—East German Communists are serenading American motorists with the "Star Spangled Banner."

The Communists play the U. S. national anthem over a public address system when U.S. motorists await clearance at the Soviet highway checkpoint outside West Berlin.

The checkpoint is at Babelsberg, on the Berlin end of the 110-mile highway through East Germany to the west.

American travelers reported the new Communist tactic.

Reject Proposal for High Court

State Bar Soundly Sinks Appointment of Judges by Governor

DETROIT (UP)—A proposal that members of the Michigan Supreme Court be appointed by the governor instead of elected by the people was rejected overwhelmingly by the state bar of Michigan yesterday.

The bar's Judicial Selection and Tenure Committee had outlined a plan whereby the governor make appointments from a list of candidates submitted by a committee of lawyers and laymen.

In other action, the bar recommended that the justice of the peace system in Michigan be abolished; urged that all probate and juvenile judges be lawyers, and rejected chemical tests for drunks.

The lawyers installed officers at a banquet last night.

Burney C. Veum of Sault Ste. Marie became president, succeeding Raymond H. Dresser of Sturgis.

Other officers installed were Ernest C. Wunsch, Detroit, first vice president; Ronald Ryan, Battle Creek, second vice president; Louis H. Charbonneau, Detroit, secretary; and Howard W. Fant, New Haven, treasurer. Charbonneau and Fant were re-elected.

On the bar's program for today is a debate between Rep. Robert P. Griffin (R-Mich) and Rep. James G. O'Hara (D-Mich) on the new federal labor relations law which Griffin co-authored.

Driver All Wet; Receives Ticket After Plunge

Thomas P. Hendry, 34, of 7339 Briarcliff Knoll, Birmingham, got a reckless driving ticket and a little wet early this morning, but suffered no injuries after driving his car into Lower Straits Lake.

Oakland County sheriff's deputies said Hendry told them he was going south on Union Lake road, just north of Richardson road, in Commerce Township when he hit the shoulder and lost control of his car.

He shot 200 feet off the road, crashing through a fence at 3538 Union Lake road. The car went 50 feet out into the lake before the motor died, deputies said.

The accident occurred shortly after midnight.

Railroad grade crossing accidents with motor cars occur most often on Sunday.

N.Y. to Coast Flight Trails Subway 1 Hour

NEW YORK (UPI) — Beginning Sunday, you can fly from New York to San Francisco or Los Angeles in only one more hour than it takes to get from the airport to the center of town — by the clock.

The vagaries of reckoning time give this twist to the hands of the clock for one month only. New York baseball fans who retain their National League loyalty draw up a timetable for travel to World Series games on the coast, if not this year, they can wait and hope until next year.

The 707 and DC-8 jet airliners are not increasing their 550 to 600-mile-an-hour edge on the subways.

But the clock-time difference between the two coasts is being increased from three to four hours for the month because California is turning its clocks back from daylight to standard time on Sept. 27; New York and most other eastern cities won't do so until Oct. 25.

Legal Expert to Help Write Williams Talks

LANSING (AP)—Gov. Williams had added a legal expert to his staff to assist in research work and speech writing.

Victor Navasky, 27, a graduate of Swathmore College and Yale University Law School, will be paid from the governor's personal funds.

Navasky has worked with the Hungarian refugee program of the Free Europe Committee and was an instructor in legal research at Yale.

Tibet Guerrillas Won't Give Up

Keep Fighting Chinese With Outmoded Tools of War

NEW DELHI (AP) — Tibetan guerrillas are waging war against Red China's troops with knives, old firearms and whatever weapons they can capture, a brother of the Dalai Lama said Thursday.

★ ★ ★

Gyalo Thondup, 31, estimated in an interview that "far more than 50,000" irregulars are operating from remote areas of eastern, northern and western Tibet.

They fight though they have no way of getting weapons from the outside, he said.

"Our people are desperate and there is no help for them," said the 31-year-old elder brother of the exiled Tibetan god-king.

"The Chinese are very cruel. They have been torturing Tibetan men and sending them off to labor camps — concentration camps. Women and children have been left for the Chinese to do whatever they want with."

Fantastic NL Race Resumes Today For 3 Contenders

Braves Picked to Grab Third Straight Crown

Milwaukee Plays Phils at Home While Others Are Away

By United Press International

One of the National League's most fantastic pennant races reaches the final weekend with the Braves counting on experience, the Dodgers on pitching and the Giants on a miracle.

All that's certain is that nothing is certain. The next 72 hours can produce a new champion, the league's third post-season playoff between two teams or the first triple first-place tie in Major League history.

The odds-makers are betting there'll be a champion Sunday night — in fact, they're laying 8 to 5 the Braves will be the first team in N. L. history to win three straight pennants. The 1942-43-44 Cardinals were the last team to turn that trick and it hadn't been done for 20 years previously.

The Braves appear to have the edge because their final three-game series is at home in Milwaukee against the last-place Phillies. The Dodgers and Giants finish on the road—the Dodgers against the Chicago Cubs and the Giants against the St. Louis Cardinals.

★ ★ ★

The action starts in Chicago, where the Dodgers are sending sidearm fastballer Don Drysdale against the Cubs' hard-throwing Glen Hobbie in a day game. Drysdale, 17-13, has been shaky all during the second half of the season but has won two of his last three decisions including a 1-0 three-hitter against the Phillies. Hobbie, 16-13, has lost to the Dodgers twice this season.

Manager Walt Alston plans to come back with Johnny Podres (14-8) against Art Ceccarelli (5-5) Saturday with Roger Craig (10-5) slated to go against Bob Anderson (12-12) Sunday. The Cubs have a surprising 10-9 season edge over Los Angeles.

"Our pitching has been just great in the late run," says Alston, "and we still think we're going to win it."

★ ★ ★

The Braves, who have won 14 of their last 18 games, are firing Lew Burdette (21-14) against Don Cardwell (9-10) tonight and manager Fred Haney plans to follow with Warren Spahn (20-15) on Saturday and Bob Buhl (14-9) on Sunday. Robin Roberts (15-16) is expected to be Philadelphia's pitcher on Saturday with Jim Owens (12-11) scheduled for Sunday.

"We got hot at the right time and we'll pull it out," says catcher Del Crandall speaking for the defending champion Braves. "We have the experience to win the games we have to win."

The desperate Giants, who only a week ago appeared to have San Francisco's first pennant within their grasp, are reeling under the blows of five straight defeats and even manager Bill Rigney remarks wryly: "my pitcher? I guess I'll just roll the ball down the dressing room aisle and my pitcher's the first guy strong enough to pick it up."

★ ★ ★

Actually, Rigney is expected to start the San Francisco funeral march with Sam Jones (20-15) opposing Vinegar Bend Mizell (13-9) tonight. Jack Sanford (15-12) and Johnny Antonelli (19-10) undoubtedly will start Saturday and Sunday unless they're used in relief or the axe falls.

The Giants' position is as follows: to win outright, they must sweep their three-game series while the Braves and Dodgers both lose all three. And two victories by either the Braves or Dodgers officially eliminate the Giants.

If a playoff is required, it will start on Monday and push back the Sept. 30 scheduled start of the World Series until a winner is determined.

'59 Pentathlon Opens Tonight

HERSHEY, Pa. (AP)—The 1959 World Modern Pentathlon championships open here tonight amid a splash of color and pageantry befitting the olympic games.

Fair and generally mild weather was promised for the kickoff of the international sports event which has attracted outstanding athletes from 13 nations, including defending champion Soviet Russia.

Other nations entered are: Argentina, Brazil, Chile, Great Britain, Italy, Sweden, Finland, Switzerland, Germany, Mexico and the United States.

The program will start with arrival of a torch ignited at Gettysburg's peace light memorial. Some 70 runners will carry the torch the 56 miles between the Gettysburg battlefield and Hershey.

Phil Hurler Reveals Bribe Offer

Robinson Says He Turned Down $1,500 Tuesday

Pitched Win in Game Gambler Wanted Him to 'Throw'

PHILADELPHIA (AP) — For the fourth time in five attempts in major league history gamblers failed to induce a player to throw a ball game.

The latest incident involved Philadelphia Phils pitcher Humberto Robinson, who was offered $1,500 to help throw the second game of last Tuesday night's twi-night doubleheader with the Cincinnati Reds. Robinson pitched the Phils to a 3-2 victory and a sweep of the doubleheader.

★ ★ ★

The lone exception to the gamblers attempts was the "Black Sox" scandal of 1919, where eight of the Chicago White Sox, American League champions, were banned from baseball when it was discovered that they helped "throw" the World Series, won by the Cincinnati Reds.

★ ★ ★

Robinson's action was the first report of a bribe since 1944 when Emil (Dutch) Leonard of the Washington Senators told of being contacted by gamblers. Other unsuccessful bribe attempts were made in 1922 and 1924, the latter reported by Heinie Sand, also of the Phillies.

★ ★ ★

Robinson testified in Municipal Court yesterday that a cafe owner placed $200 or $300 on the sink as a down payment while Robinson was washing.

"It fell in the water," Robinson told Judge J. Sydney Hoffman. "I told him to take it out. He took it out."

"Did it anger you?" Robinson was asked.

"Sure it did. I told him no. I said it was my profession and I would lose my job forever and I can't do it."

★ ★ ★

Robinson said that Harold Friedman, 42, a cafe owner, came to his hotel room Tuesday and said he wanted to bet $3,000 to $4,000 on the game, the pitcher testified. He offered $1,500 for the fix.

★ ★ ★

Robinson, a Panamanian, pitched seven innings of that game, giving up three hits, scored the first run after hitting a double, struck out five and walked none.

"Robinson acted immediately in reporting the bribe attempt," said Baseball Commissioner Ford Frick. "He is innocent of any wrongdoing because of his prompt action."

★ ★ ★

Friedman was released in $15,000 bail on a charge of attempted bribery of an athletic contest.

The young pitcher said he waited until the first game of the twi-night doubleheader was over before telling anyone. Then he confided in pitcher Ruben Gomez.

Gomez testified that he told Manager Eddie Sawyer. That set the ball rolling and culminated in yesterday's court action.

Albion, Hope Clash in Tossup Saturday

By United Press International

Albion and Hope, two teams that tied for the Michigan Intercollegiate Athletic Assn. title last season, will clash at Holland Saturday night in the feature game of the state's small college football calendar.

Both squads were impressive in their season openers last week and the outcome of their match is regarded as a tossup. Albion took a 27-6 victory over Ohio Northern while Hope downed DePauw, 20-7.

★ ★ ★

Two Interstate Athletic Conference teams will meet out-of-state opponents tonight.

Coach Fred Trosko's Eastern Michigan squad will crack the lid on its 1959 campaign with a home game against Youngstown University while Central Michigan travels to Des Moines, Iowa, for a skirmish with Drake.

VICTORY LANE — The Chicago White Sox, who won their first American League pennant in 40 years, parade down Chicago's LaSalle Street. In the card of yesterday's celebration (left to right) are: Charley Comiskey; mayor Richard Daley and Bill Veeck, president of the White Sox. The Sox are in Detroit for a three game series to end the season this weekend.

Mossi Opens Final Series

Tigers Go After Champs Today

DETROIT (AP)—A remote chance for their highest fihish in nine years — a third-place tie — is all that remains of the baseball season for the Detroit Tigers.

★ ★ ★

The Tigers wind up a zany season of ups and downs with a three-game series starting today against the newly crowned American League champion Chicago White Sox.

Not since Red Rolfe's 1950 aggregation failed in its bid for the pennant have the Tigers finished above fourth. And only once since then — 1957 — have the Tigers reached that lofty peak.

One triumph over the champs this weekend will clinch the Tiger's second first division berth since 1950. One Baltimore loss in its final three games will serve the same purpose — a fourth-place windup.

But if the Tigers can win all three and tarnish Chicago's hard-earned crown, Detroit could finish deadlocked for third. Provided, of course, the dethroned New York Yankees lose their three remaining contests. The Yanks are three games ahead.

★ ★ ★

For Detroit, anything above fifth is considered a successful season.

Little interest remains in the American League batting race.

Right fielder Harvey Kuenn, hitting .356, has the crown stowed away. He will become the first Tiger to top the hitters since Al Kaline's .340 in 1955. Kaline is Kuenn's closest pursuer this year at .327.

★ ★ ★

Kuenn currently is a point behind Milwaukee's Hank Aaron for the Major League lead.

Ex-Detroiter Billy Pierce, one of manager Al Lopez' few disappointments in an otherwise brilliant campaign, was the pitching nominee against the Tigers today.

Pierce, earlier rated a 20-game winner, has struggled to a 14-15 record. The 32-year-old lefty, always troubled by the Tigers, sought to sharpen his game for the series.

★ ★ ★

Don Mossi (16-9) was manager Jimmie Dykes' selection.

Coach Tony Cuccinello was in charge of the Sox in the absence of Lopez, scouting the Los Angeles Dodgers and Milwaukee Braves as Sox World Series opponents.

★ ★ ★

Yesterday, more than 700,000 Chicagoans lined a 15½-block loop parade route to hail the Sox. Office workers showered a ticker tape on the motor caravan that carried Sox players, owners Bill Veeck and Chuck Comiskey, and Mayor Richard J. Daley.

All-Star Pin Points

By ED LUBANSKI

I am anything but a form bowler, yet I have the fundamentals down pat right down to the most important point — the follow through.

Take a look at the accompanying picture. My right arm is up and out in front of my body. The left foot is straight ahead. The body is bent easily forward. The left arm is out for balance, the left leg bent.

Study form, of course, but do what comes naturally. Some of the greatest hitters in baseball, to give you a comparison, hardly stuck to the book.

The main idea is to eliminate the major faults. There are four of them—lofting the ball instead of lifting it, throwing the ball too fast, rolling the ball with anything but a firm, straight wrist and the lack of or an improper follow through.

As has been pointed out by others, it pays to roll the ball smoothly and easily. Strikes are made by working balls that have a good spin or lift on them. Excess speed only prevents the ball from working since it passes through the pin area too quickly.

Bowling is a game of skill, not strength.

FOLLOW THROUGH—Although not considered a form bowler, Ed Lubanski has the fundamentals down pat including a good follow through. A requirement for good scores.

Wilson Starts at Quarterback for Spartan 11

Bump Elliott Nervous in Debut as Coach of Wolverines

EAST LANSING (UPI) — He's kind of skinny as football players go, but another one of those Wilson boys from Lapeer will be the big man tomorrow when Michigan State opens its comeback campaign against Texas A&M.

Tom Wilson, a 175-pound six-footer operating behind a light and inexperienced line, will have a big job of quarterbacking Michigan State's new double-wing offense against a team that already has a game under its belt.

The Aggies lost to Texas Tech 20-14 but to hear the MSU scouts tell it, they outplayed their rivals all the way.

Wilson will match his wits against Aggie quarterback Charlie Milstead, a sling shot passer who led the southwest conference in passing last year.

Dean Look, who led MSU in rushing and scoring during the dismal season last year, was supposed to be the solution to Michigan State's quarterback problems, but the converted halfback injured his shoulder last week and was sidelined for the opener.

The Sparton command was passed down to Wilson, who will be spelled by senior Larry Bielat.

ANN ARBOR (AP) — How does a young football coach at one of the nation's biggest universities feel on the eve of his bigtime coaching debut?

Let's ask Bump Elliot, the 34-year-old former Michigan All America halfback who returned to take up the coaching reins at his alma mater.

He makes his debut tomorrow when his Wolverine gridders open the season at home against Missouri.

Bump said he always was nervous before a game even when he was assistant coach at Oregon State, Iowa and Michigan.

"But now there's more pressure and responsibility. I guess I'm the place where the buck stops now."

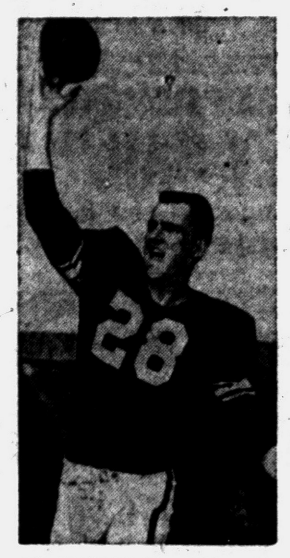

Michigan "a team without stars," as Elliott calls it finished its major work yesterday with a spirited session devoted to punting and kicking maneuvers and putting the finishing touches on running and pass plays.

MILWAUKEE (AP) — Jim Miller's first game as University of Detroit football coach was a smashing success. Winning his second will be much harder.

The Titans go against a revived Marquette eleven here tomorrow night.

The Warriors were as impressive in defeat last week as Detroit was in victory. The Titans downed weak George Washington 38-6. Marquette held Pittsburgh, a prennial eastern power scoreless for one half, and lost 21-15 because of a blocked kick.

"Pitt was lucky to win and Detroit had better sharpen its pass defense," was the scouting report given to Miller this week.

QB AT MSU—Tom Wilson, Lapeer High School prep star, gets the starting nod at quarterback for Michigan State Saturday when the Spartans open the season at home against Texas A&M. Wilson moved into the starting role when Dean Look, No. 1 signal caller hurt his shoulder in practice last weekend.

All Michigan PGA officers have been retained for the 1960 season. Joe Belfore was re-elected president as were secretary-treasurer Don Soper, 1st vice president Ron LaParl, 2nd vice president Alec Sinclair, honorary president Warren Orlick, and honorary vice president Tommy Shannon. The only new officer is Cliff Good, who was named a director, along with Al Watrous and Horton Smith.

Pontiac's Dick DeWitt, outstanding public links golfer, won the annual Club 99 golf tournament at Morey's Country Club and he received a trophy for his efforts. DeWitt fired an actual 18-hole score of 73.

★ ★ ★

Rookie linebacker Rudy Hayes of Clemson is getting a 2nd chance with the Pittsburgh Steelers. He was rehired by the club yesterday after an earlier release.

★ ★ ★

Olympic sprint hopeful Ray Norton of San Jose State says he is playing football because he wants the experience for a possible pro career and also because without the grid game he could not afford to stay in college. San Jose has no track scholarships.

★ ★ ★

Oriole manager Paul Richards is willing to match his swift young outfielder, Barry Shetrone, with anyone in the majors. That includes Pedro Ramos.

Lions Like Underdog Status Against Colts

The passing of Cinderella man Johnny Unitas against that of Tobin Rote; the running of Lenny Moore and Alan Ameche against the running of John Henry Johnson and Danny Lewis; and the defense of Big Daddy Lipscomb against that of Joe Schmidt.

★ ★ ★

Now, who would you pick, when the Baltimore Colts meet the Detroit Lions Sunday in the National Football League opener for both teams at Baltimore's Memorial Stadium?

Well, the oddsmakers, the fellows who make their living at this sort of thing, have made the defending world champion Colts a one-touchdown favorite. Coach George Wilson of the Lions likes it that way.

"It's great to be the champion, but I think it's more comfortable to be in our position," said the coach. "The pre-season forecasts don't give us much of a chance. Maybe that way, the other teams will be inclined to kiss us off as just another football team."

★ ★ ★

That's the big thing the Lions will be trying to prove, starting Sunday—that they aren't just another football team. Off their record last season (4-7-1) and their pre-season showing (4-2-1) it is not surprising that the Lions were put among the also-rans of the pre-season forecasters.

Revenge is the Detroit motive Sunday in Baltimore. The Colts trampled them there in the 1958 opener 34-14 and went on to the division and world championships. The Lions, then the defending champions, were getting untracked after the Baltimore defeat.

The Colts have come untracked in the last couple of weeks, but their coach isn't disturbed about two straight pre-season losses to the Philadelphia Eagles and Chicago Cardinals.

★ ★ ★

Weeb Ewbank said the fact that his club looked anything but the part of champions does not bother him, since he had been using rookies a good deal of the time and figured his team wouldn't be too sharp against the Eagles and Cards.

"I didn't want them to get too sharp so early," said Ewbank. "I think we'll be tuned up for Sunday's game against Detroit, though."

This will be the first actual test for Detroit's ground game. The absence of a real ground threat last season was one of the major factors in the Lions' poor showing. In the seven exhibition games, the ground game has looked both good and bad.

Birmingham and Clarkston Home Tonight

Huskies, Skippers Play Away

By CHUCK ABAIR

The football teams of Pontiac Northern and Waterford play away from home for the 2nd straight week tonight in games that could become "make or break" affairs, fairs.

PNH will be facing its 1st Class A foe after whipping smaller Lake Orion opening night. A victory at Hazel Park would be a big boost towards a good first season for the Huskies.

Waterford, one of Northern's rivals in the Inter-Lakes League, is badly in need of a victory at Lapeer after its annual trouncing by Pontiac Central.

The other I-L teams will be facing similar stiff non-loop foes. Walled Lake should make it two straight as host to Howell. Southfield hopes to bounce back at Ferndale while Farmington will be favored as guest of Rochester. The Falcons of Jack Hayes have a 10-game winning streak going. Berkley meets tough Royal Oak Dondero.

★ ★ ★

League play will begin on five fronts featuring the big Royal Oak Kimball at Birmingham tussle. It will be the only Eastern Michigan game but could have a great bearing on the ultimate champion.

The Wayne - Oakland will get rolling with a full slate. Bloomfield Hills and Brighton started things this afternoon at Bloomfield. Three-time champion Northville will be at Holly, Milford is Clarkston's initial home opponent under new boss Tom Taylor, and Clarenceville travels to Keego Harbor to test the high-powered West Bloomfield Lakers.

In the Oakland B, Avondale attempts to start another campaign towards the championship playing at Troy. Fitzgerald visits Clawson in a battle of contenders and underdog Lake Orion goes to Madison.

★ ★ ★

Oxford, fresh from a long-awaited triumph over Clarkston, goes to North Branch in the South Central headliner. NBHS, coached by George Glinke, piled up 41 points the first time out. Ortonville entertains Imlay City hoping to be a rugged host.

A quartet of Southern Thumb lidlifters will carry considerable interest. Dryden is given a strong chance to debut with an upset of 1958 king Almont. Armada vs Capac, Anchor Bay is at Brown City and Memphis at New Haven in the others.

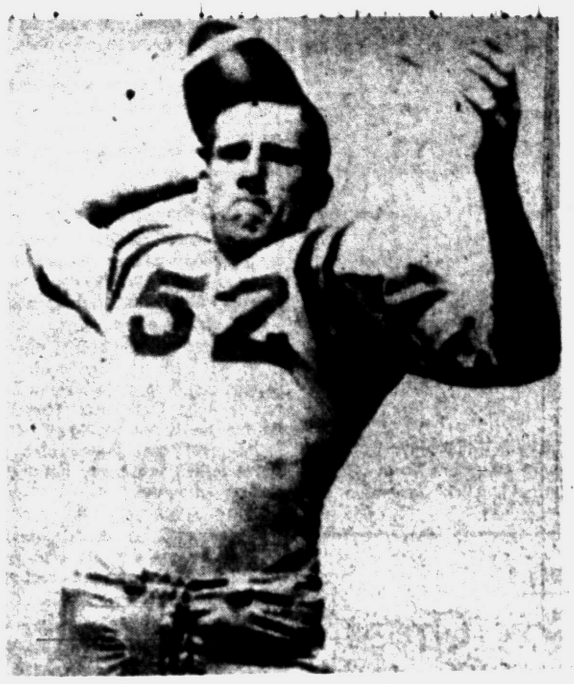

Romeo will be involved in another Tri-County "tuneup" at home against Lake Shore.

★ ★ ★

Rounding out today's schedule will be East Detroit at Roseville, Grosse Pointe guest of Port Huron, Warren Lincoln at Mt. Clemens, Country Day at Huron, Oak Park home to battle Lutheran West, South Lake vs Utica, South Lyon at Willow Run, Muskegon at Flint Central, Saginaw at Bay City Handy, Bay City Central vs Lansing Sexton and Arthur Hill host to Midland.

★ ★ ★

On Saturday, Cranbrook takes on Lake Forest at the Crane field. L'Anse Creuse is at Harper Woods and Flint Northern vs Toledo DeVilbis at Flint.

Brothers Lead Chiefs Into 2nd Football Outing

Central Goes Against Giant Line Seeking Repeat of '58 Romp

By BILL CORNWELL

The name McCauley could have a lot to do with Pontiac Central's success or failure in an 8 o'clock high school football encounter this evening at Wyandotte.

Dick McCauley and Joe McCauley, a pair of talented ball-carrying brothers, will very likely carry the brunt of the Central attack tonight when the Chiefs clash with Wyandotte on the Dotte gridiron.

Quic and elusive, the McCauleys were instrumental in Central's 31-6 rout of Waterford last week in the 1959 season opener at Wisner Stadium.

★ ★ ★

Both juniors, the McCauleys tallied one touchdown apiece in the relatively easy triumph over Waterford and they accounted for a sizable portion of the Chiefs' rushing yardage.

Dick, a 165-pound halfback, operates from the left halfback position. Joe, who scales 160, runs from the fullback slot.

In the Waterford conquest, Joe gained most of his yardage up the middle. Dick, on the other hand, slanted off the tackles and ends to pile up his yardage.

The big Wyandotte line will be a stern challenge to the McCauley boys as well as Central's forward wall, headed by guard Charley Brown, a standout performer in anybody's league, and a rough-and-tough 220-pound tackle named Jerry Rush.

★ ★ ★

Wyandotte has perhaps the biggest line the Chiefs will face this season, including all Saginaw Valley Conference foes where the caliber of competition reaches its highest possible point.

The Bears average well over 200 pounds up front with senior Phil Garrison, a 6-foot 3-inch, 235-pound center, leading the charge.

Wyandotte lost its season opener last week, a 12-6 reversal at the hands of Trenton, and the Bears will be trying furiously to rebound from that setback. It was Trenton's 1st win over the Dottes in the history of the series and the victory went into the books as a definite upset.

As a rule, the Chiefs have run into all kinds of trouble with the Bears. Their 40-13 trouncing of the Bears a year ago was their most decisive triumph in the rivalry's brief history and Wyandotte's 32-7 walloping of PCH in 1957 was the same in reverse.

Quarterback Fred Staley will run the PCH offense tonight and Isaac Jones, who also scored once against Waterford, will round out the backfield at right half. Halfbacks Dick Winn and Tom Gulyas are Wyandotte's top ball-carrying threats.

Adios Butler 'Jug' Winner

DELAWARE, Ohio (AP)—Adios Butler, with a habit of winning the big ones, did it again in the 14th annual $76,582 Little Brown Jug for three-year-old pacers.

The bay son of Adios-Debby Hanover, handled expertly by Canadian Clint Hodgins, grabbed the glory in straight heats yesterday over the Delaware County Fairgrounds half-mile track—and set a couple of records along the way. He also wrapped up pacing's triple crown.

With the purse split for the three heats and an additional $7,658 going to the ultimate winner here's how they finished and the winnings:

Adios Butler (C. Hodgins) x-1-1	$28,335.34
Meadow Al (J. O'Brien) 1-x-2	16,082.22
Culver Pick (J. Caton) 2-x-3	9,189.84
Ohio Time (W. Smart) x-2-5	6,890.38
Dares Direct (D. MacTavish) 3-x-4	5,743.65
Stormy Dream (C. Champion) x-3-9	3,446.19
King Nola (J. Goodnough) 4-x-6	2,297.46
Mainsail (A. Niles Jr.) x-4-7	2,297.46
Newport Norm (A. Cameron) 5-x-8	1,146.73
Game Pick (D. Berry) x-5-10	1,146.73

Murray Sets Farmington Record

W.L., Skippers Victors

An outstanding performance by Pontiac Northern High's ace harrier, the second straight season's (9th straight overall) dual victory for Walled Lake's I-L champions, and Waterford's first win highlighted the area's cross-country action, on Thursday.

Pontiac Central and Birmingham squads are in action today, Chiefs entertaining Waterford and Maples at Hazel Park.

Eddie Murray, Husky miler, set a course record at Farmington, with a good 11:34.6 mark, although PNH was edged, in its 2nd I-L meet, 26-30. Falcons' Bob Mazur and Don Heinenon were close, with PNH's Ted Lorenzen and Gary Holtz right behind them.

Walled Lake bumped Berkley 22-39, but Steve Meyers hit 11:05 as the winner, followed by George Beeman (WL) at 11:08. Vikings finished all seven runners before Bears got their 3rd man home. Vikings oppose Huskies at Walled Lake next Thursday.

★ ★ ★

Skippers, 18-37, win over the new home course against Southfield was a record-setter for Larry Harms (W) who turned in a fine 11:27 for the two miles. Skippers finished Ray Robinson, Harry Schultz, 2nd and 3rd, Tom Wurl 5th, and Art Ruelle 7th. Southfield's Tom Spera was 4th, Vern LaBenne 6th.

★ ★ ★

Although Ervin Jaskolski won his 3rd straight cross-country race yesterday at Palmer Park his St. Mary's team didn't get enough points for a victory. Eaglets dropped their 2nd meet to De LaSales, 22-33. Jaskolski, a sophomore, was timed at 12:05, nine seconds ahead of LaSalle's runner-up, Dan Digiovianna.

Other Orchard Lakers in the top 10 were Bob Kotlarz (5), James Johnson (8), Mike Niznik and Tom Jezowski (9-10).

Bloomfield Hills defeated Oak Park, 25-32, in its harrier opener, yesterday, at the shortened BH course. Goetz Klopfer was first, at 9:16, with Ken Senteney runnerup, 12 seconds back.

Pirate Pitcher Kline Wants to Play More

PITTSBURGH (AP) — Right-hander hurler Ronnie Kline says he would rather play for some other team than be used as sparingly as he was this season for the Pittsburgh Pirates.

★ ★ ★

"I'm sure I could be of much more use to another team if I was given the chance to pitch every fourth day or so," said Kline yesterday. "I just didn't seem to fit into Pittsburgh's plans this year," he added.

★ ★ ★

"Here in Pittsburgh, I don't think I was being given a fair shake. This year I only threw a meager 180 innings. Yet in the last two years I've always worked at least 220 innings. The statistics speak for themselves.

Kline posted a 11-13 record for the season. He is not slated to pitch anymore games this year.

Following Chicago Meal

12 Sooners Violently Ill

CHICAGO (AP)—Twelve Oklahoma Sooner football players became violently ill while eating in a Chicago night club last night.

Six were taken in taxi cabs to Louise Weiss Hospital from the club and the others to the team's hotel, The Orrington, in suburban Evanston.

Physicians said the availability of the 12 players for tomorrow's nationally televised football game with Northwestern has not been determined.

Harold Keith, director of Oklahoma sports publicity, said the players were stricken shortly after they had eaten a salad. Physicians, however, were unable to determine the cause of the illness.

The six players taken to the hospital are: co-captain Bobby Boyd, starting quarterback; co-captain Gilmer Lewis, starting left tackle; Jim Davis, starting center; Bob Scholl, No. 2 center; Bob Page, No. 3 quarterback, Paul Benien, No. 3 left halfback.

Asst. Coach Jimmy Harris, who had accompanied the players to the club, also was stricken.

All seven had their stomachs pumped and were being fed intravenously.

Coach Bud Wilkinson had stayed at the hotel for a conference with other members of his staff.

Wilkinson was described as "heartsick," at the news, and immediately announced that the team would not work out today.

The six players stricken and returned to the hotel were Jimmy Carpenter, starting left half; Brewster Hobby, starting right half; Jerry Payne, No. 2 left guard, Max Morris, No. 3 left tackle; Ronnie Hartline, No. 2 fullback, and Bill Watts, No. 3 right tackle. Several other players, who were not identified, were put to bed with severe headaches.

All seats in University of Detroit's 25,000 capacity stadium are expected to be sold for next Friday night's game against the University of Kentucky. In the last two visits to Michigan, Kentucky beat MSU 39-14 in 1946 and again in 1947 by a 7-6 score.

Ailing Boat Driver Hopes to Defend Title

WASHINGTON (UPI) — Race boat driver Donnie Wilson is still awaiting word from doctors here whether he will be able to defend his Sahara trophy title at Las Vegas next month in the Detroit-owned Miss U.S. I.

Wilson was thrown from the boat on the third heat of the President's Cup race on the Potomac River last weekend.

Midget Elevens Play Saturday

Pistons to Play in Pontiac, Oct. 21

BRING PISTONS TO PONTIAC — Nick Kerbawy, (seated) general manager of the Detroit Pistons, signed a contract with the Pontiac Jaycees this morning to bring the pro cagers to the city for an exhibition basketball game against the Minneapolis Lakers, Wednesday, Oct. 21st. Members of the Jaycee group are Norm O'Brien, president; Bill Whitfield, Dick Jorgensen and Brent Jett, game chairman. Pontiac Press Photo

Pro Exhibition Cage Tilt Has Lakers as Foe

City Jaycees Sponsor Game to Be Played at Pontiac Northern

Pro basketball will make its first appearance in Pontiac October 21st when the Detroit Pistons and the Minneapolis Lakers meet at Pontiac Northern High School.

The game was contracted this morning when Piston general manager Nick Kerbawy met with members of the Pontiac Junior Chamber of Commerce, sponsors of the exhibition contest.

Proceeds will go toward Jaycee projects in the city and Brent Jett was named chairman of the event.

A pre-game clinic will also be held at 7:00 p.m. conducted by Piston coach Red Rocha and Lake coach John Castelanni. Castellani is the newly named head of the Minneapolis pro team which will have famed pro cager Elgin Baylor on its squad.

★ ★ ★

Tickets will go on sale starting Mondy around the city with seats going for $1.50 for adults and $1.00 for students.

The Pistons are winding up practice session at West Branch and will return this weekend to Detroit where they will continue drills at the U. of D. fieldhouse.

The exhibition season for the Pistons opens next Wednesday at Grand Rapids where they will meet Cincinnati.

Local basketball fans will get the opportunity to see such pro Piston standouts as Walt Dukes, Earl Lloyd, Dick McGuire, Gene Shue, Archie Dees plus outstanding rookies Bailey Howell, Tony Windis and Gary Alcorn.

Prep Front

By BILL CORNWELL

The coaching staff at St. Michael High School is running a want ad today in The Pontiac Press through the medium of the Prep Front. The ad reads like this: Wanted, two football headgears, sizes 7¾ or larger.

What's the reason behind this request? Is it because the Shamrocks have developed a severe case of "swelled heads?" No, that can't be. St. Mike lost its first game and such a situation rarely produces "swelled heads."

What is it then? Well, a sa matter of fact, the Mike grid staff does have a "swelled head" problem, but it's not the kind normally associated with cockiness or the term "getting too big for his breeches."

The problem centers around two members of the Shamrock football team, junior guard Dennis Wiegandt and freshman guard Blaine Priebe. Until this week, there wasn't a headgear in the St. Mike camp that would fit them properly.

★ ★ ★

Coach Jin Niebauer has temporarily solved the dilemma by borrowing a couple of helmets from Pontiac Central. They're the pliable, leather-type helmets and they fit the boys' heads better than anything they've tried previously.

But Niebauer's solution is only temporary. The headgears must be returned to PCH within two weeks and then the boys will be back at the same old stand.

St. Mike had this same problem once before when Jerry Ohngren starred at tackle for the northsiders. Ohngren, now an outstanding sophomore grid candidate at Michigan State, couldn't find a headgear that would fit him.

★ ★ ★

Bob Mineweaser, then coaching the Shamrocks, hunted around and finally got a helmet from the Detroit Lions. It was well over size eight and reportedly belonged to Les Bingaman, although this has never been verified.

Anyway, the helmet fit Ohngren and when Jerry graduated, the king-sized headgear was passed along to Don Austreng who wore it last season.

This season, lo and behold, there were two boys fighting for one headgear. Neither boy could play at the same time so the helmet was swapped back and forth. On top of that, the helmet was a little too large and efforts to make it fit properly by padding it with sponge rubber didn't work.

Both boys, as might be figured out by this time, are built on the beefy side. Priebe stands 5-11 and weighs 190 while Wiegandt, playing football for the first time, packs 220 pounds into a 5 - 10 frame.

★ ★ ★

For the time being, the PCH helmets will serve the purpose. But the Mikes will soon have to give them up. Niebauer, who did not anticipate this situation, has now ordered a couple of headgears to fit Priebe and Wiegandt, but they won't be available until next year.

"We would like to borrow, rent or buy a pair of helmets for these two boys," said Niebauer, "and they'll have to be at least a 7¾ size." How about it? It's time to clean out the attic and dig up those spare helmets.

Gets Sailfish Award

STUART, Fla. — James Purvis of 109 W. Longfellow, Pontiac, Mich., had the thrill of catching and releasing a 7' sailfish while fishing aboard the "GANNETH" with Captain R. A. Whitcar. He has been awarded a colorful citation in recognition of the release, by the Stuart Sailfish Club. Stuart is known as the "Sailfish Capital of the World."

Kerr Will Rejoin Mates

Old White Sox Great to Write About Series

HOUSTON, Tex. (AP) — Wee Dickie Kerr, the little left-hander who hurled two World Series victories for the Chicago White Sox in the lost-cause Series of 1919, is returning to Comiskey Park.

★ ★ ★

"I'm thrilled to death to go back," said Kerr. "It'll be a thrill to see Comiskey Park again, to see some of my old teammates and some of the kids I managed in the minor leagues."

Kerr will see the Series and relay his impressins to a Houston newspaper.

It was Kerr who came through against Cincinnati in 1919, the Series of the infamous Black Sox scandal for which eight members of the White Sox team later were banished for life. They took part in a plot to blow the Series.

The pint-sized pitcher beat the Reds, 3-0, for Chicago's first victory after two successive losses. Then he turned back Cincinnati 5-4, in 10 innings for the second Sox win.

★ ★ ★

Cincinnati eventually took the nine-game series, five games to three.

"You should have heard Dickie yelling around the house here the other night when the White Sox clinched the pennant," his wife said. Kerr now holds down an office job here with an electrical firm.

★ ★ ★

Kerr pitched for the White Sox again in 1920 and 1921, posting 21-9 and 18-17 records. But he and the Sox could not come to terms in 1922 and he played outside of organized ball two years.

He rejoined Chicago in 1925 but his arm wasn't what it had been. Kerr went to the minors in 1926 and ended his playing days with Waco of the Texas League in 1927.

Later he managed in the minors, minors.

★ ★ ★

Almost two decades ago while managing the Cards Daytona Beach, Fla., team he debated and decided to convert a sore-armed pitcher into an outfielder. The would-be pitcher never forgot the advice nor his one-time mentor.

Last year converted hurler Stan Musial presented Mr. and Mrs. Kerr with an attractive home in Houston.

Now Kerr, under the sponsorship of the Houston Post, is going back to talk over old times with such players of his era as Ray Schalk, his battery mate in 1919, and Urban (Red) Faber, whom he contends was one of the great pitchers of all times.

"Going on a road trip," he winked to a newsman.

Durocher After Giants' Job?

President Stoneham Is Noncommittal About Leo's Chances

SAN FRANCISCO (UPI)—Is Leo Durocher waiting in the wings to reclaim his old job from manager Bill Rigney of the stricken San Francisco Giants?

President Horace Stoneham of the national league club played it close to the vest yesterday when asked if such rumors were true.

"Leo called up a couple of days ago," Stoneham said. "He just wanted to say he felt sorry that things were going a little rough for us. I haven't discussed a change in managers with anybody."

Durocher's name flared into prominence locally after his apparent "near miss" with the Cleveland Indians.

Leo, who recently resigned from a $50,000 post with NBC television, seemed ready to move in as manager as soon as Joe Gordon moved out. Only Gordon didn't. Despite a heated fued with General manager Frank Lane of the Tribe, Gordon signed a two year contract on Wednesday to stay on.

PHILADELPHIA (AP) — Cal Hubbard, 145, Philadelphia, scored a unanimous decision over Eddie Perkins, 142½, Chicago, Thursday night in the inaugural 10-round feature of the Alhambra Boxing Club.

Bonnie Randolph 1st in Women's Play

BURNEYVILLE, Okla. (AP) — The women's professional golfing brigade hoped for better luck on the greens today as they set out in the second round of the $7,500 Opie Turner women's open golf tournament.

★ ★ ★

Bonnie Randolph, Naples, Fla., was about the only one who didn't have troubles with the greens. She posted a 7-under par 71 in the opening round and carried a four-stroke lead into today's competition.

★ ★ ★

Beverly Hanson, Indio, Calif., and Miss Rawls, Spartanburg, S.C., were in the best position to overhaul the leader after carding 75s in their opening round.

The leaders:

Bonnie Randolph	36-35—71
Beverly Hanson	37-38—75
Betsy Rawls	37-38—75
Louise Suggs	40-37—77

College Football

by
"RED" BLAIK

By COL. EARL H. (RED) BLAIK
Former Football Coach at U.S. Military Academy

NEW YORK (AP)—Since my son Bob is an assistant to Coach Bud Wilkinson at Oklahoma, my entire family has been trying to prevail on me to help the Sooners psychologically by picking them to lose at Northwestern in tomorrow's big game. But I try to tell them that in forecasting, as well as coaching, family ties must be suspended. Besides, Northwestern Coach Ara Parseghian, as a fellow alumnus of Miami of Oxford, Ohio, also has some claim on me.

Certainly, Oklahoma - Northwestern adds up to a thriller. Both have been rated highly. Any notion Northwestern may be looking ahead to its first Big Ten game at Iowa next week and many consequently fail to match Oklahoma in effort is altogether silly.

This is the opener for both teams. As of right now, it is their most important game of the year. For both teams, it is imperative they be "up," not only to win tomorrow but with a look to the future. It is in the opener that proper morale and momentum must be established. A football squad is not a thermostat a coach can adjust at will from week to week to deliver varying intensities of performance.

There is also a tremendous pride factor involved in this game. Oklahoma has been the most consistently successful of modern teams. The Big Ten has often been acclaimed the giant of conferences. This is the first sally of a Wilkinson - coached Oklahoma team against a Big Ten rival. Wilkinson himself has deep Big Ten roots — he once played for Bernie Bierman at Minnesota.

★ ★ ★

Northwestern will meet a superbly conditioned squad. The Sooners, who will be outweighed tomorrow, run more to lean, whipcord, greyhound quickness and toughness — much like some of our old Army teams. As usual, they will play alternate elevens, substituting about every 7½ minutes. Both units will play a speed game all the way. The second unit, at least presently, is definitely below the first.

It's a devlish game to pick. Neither coaching staff knows quite what to expect. In the belief that Oklahoma may have a slight edge in over-all speed, if not in qualitative depth, and probably will force a decisive mechanical error in its favor in the second half, I'm going against family advice and picking the Sooners by one touchdown in a hair-raiser.

I also lean toward the first team mentioned in each of the following games:

TONIGHT: Southern California-Pittsburgh and Miami of Florida; Tulane.

TOMORROW: Ohio State-Duke, Iowa - California, Louisiana State-Texas Christian, Southern Methodist-Georgia Tech, Auburn-Teennessee, Syracuse-Kansas, Army-Boston College, Brown-Columbia, Clemson - Virginia, Princeton - Rutgers, Cornell-Colgate, Penn State-VMI, Dartmouth-Holy Cross, North Carolina-Notre Dame, Indiana - Illinois, Michigan-Missouri, Navy-William and Mary, Michigan State-Texas A&M, Minnesota-Nebraska, Florida - Mississippi State, Georgia-Vanderbilt, Wake Forest-Virginia Tech, Wisconsin-Stanford, Air Force-Wyoming, Baylor-Colorado, Oregon - Utah, Washington - Idaho, Cincinnati - Dayton, Marquette - Detroit, Mississippi-Kentucky, Alabama-Houston, Texas Tech-Oregon State, Arkansas-Oklahoma State, Wichita-Hardin-Simmons, Texas - Maryland.

SUNDAY: Villanova - Xavier.

Viking Reserves Win

Quarterback Jim Brown and halfback Larry Christian counted touchdowns after long drives by Walled Lake's reserves, to take a 13-0 win from Wayne reserves, yesterday. Game was the junior Vikings first of the season.

'Dream Race' Tomorrow Afternoon

NEW YORK (AP) — Take the nation's two top older horses. Add the ranking 3-year-old. Put them on the same track at a distance each prefers and with weights favorable to all. And you have a dream horse race.

★ ★ ★

That is just what the $100,000 added Woodward at Aqueduct figures to be tomorrow when Round Table, Hillsdale and Sword Dancer hook up at 1¼ miles under weight-for-age conditions. CBS will televise the race from 3:30-4 p.m. EST.

★ ★ ★

Round Table, a 5-year-old from Travis Kerr's Oklahoma-owned stables, and Hillsdale, a rangy 4-year-old from the barns of C. W. Catfish Smith of Georgia Tech and Chicago Bears football fame, each pack 126 pounds. Sword Dancer, best of the 3-year-olds out of Mrs. Dodge Sloane's Brookmeade Stable, picks up 120.

Ther hasn't been anything like it on the American turf since Bold Ruler took the measure of Gallant Man and Round Table in the 1957 Trenton Handicap at Garden State Park. At least two other horses, Brooklyn Handicap winner Babu and Inside Tract, are expected to start but they figure to go along just for the pleasure of the company of the big three. Each also will carry 126 pounds.

★ ★ ★

Round Table is the probable 4-5 favorite with Hillsdale the 5-2 second choice and Sword Dancer third at 4-1 in the early line. But it is not difficult to make out a case for any of the trio.

The combined 1959 record of the three shows earnings of $1,219,224.50 with 24 victories, seven seconds and one third in 34 starts.

Hillsdale, the year's leading money winner after breaking into prominence late in 1958, hasn't been worse than second in 12 outings. He has won 10 times, nine of them stakes, and the last seven straight. His bankroll for the year is $480,130.

Round Table, the world's richest horse with a bank account of $1,679,539, has picked up $343,050 this year with eight victories, a second and one third in 11 races.

★ ★ ★

His bad race was the 16th in the Washington Birthday Handicap at Santa Anita early in the season when he suffered a cut leg.

Sword Dancer, leading money winning 3-year-old with $396,044.50 finished fifth in his first start. Since then he has won six times, including the Belmont and Travers against competition of the same age and the Monmouth and Metropolitan Handicaps in which he conceded weight to older horses. In four — Florida Derby, Kentucky Derby, Preakness and Brooklyn 'Cap — he was second, each time to a different rival.

And if it comes down to riding among the three jockeys. Eddie Arcaro, who rode Bold Ruler in that memorable Trenton Handicap, will pilot Sword Dancer. Willie Shoemaker, who was up on Gallant Man, will be in Round Table's saddle. Tommy Barrow, who knows Hillsdale like a book, again will be astride the Detroit-owned colt.

At Golden Gate Open

Fleck, Rudolph Share 1st

SAN FRANCISCO (AP) — A bunched field of golfers — 24 of them under par in their first round—closely chased co-leaders Jack Fleck and Mason Rudolph today in the second round of the Golden Gate championships.

Fleck, golf's Cinderella man in 1955, and freshman pro Rudolph with 67s held just a one-stroke advantage after the opening round of this $40,000 tournament Thursday.

★ ★ ★

Playing with a sore shoulder, Fleck toured the foggy 6,628-yard course in four under par 35-32—67 in a convincing display of his liking for the Harding Park layout. Four years ago, in one of golf's biggest surprises, he won the National Open at the Olympic Club here.

Rudolph, 25-year-old, former national junior and western amateur champion from Clarksville, Tenn., also found playing conditions to his liking as he matched Fleck with 34-33—67.

★ ★ ★

The 37-year-old Fleck, now playing out of Los Angeles, had a doctor look at his ailing shoulder after the round, but said he wasn't goin to let it interfere with his continuing in the tournament.

One Cigarette Company Sues Five for Damages

NEW YORK (UPI)—The manufacturer of a no-tobacco cigarette filed suit in federal court Wednesday charging the nation's five top cigarette producers put pressure on newspapers, radio and television stations and dealers to prevent successful marketing of his product.

Bantob Products corp., manufacturers of "Vanguard," a cigarett-shaped and packed "smoking product," asked 15 million dollars damage of the five companies and a court injunction prohibiting further interference with the advertising and marketing of "Vanguard."

Defendants were: American Tobacco Company, Liggett & Myers Tobacco Co., P. Lorillard Co., Phillip Morris, Inc., and R. J. Reynolds Tobacco Co., who together, the suit said, manufacture and sell 90 per cent of all cigarettes in the country.

The suit charged that the defendants combined to threaten advertising media in the New York area with withdrawal of all tobacco advertising if they accepted advertisements for "Vanguard." It said similar "threats and intimidation" were exerted on property owners and equipment suppliers and on cigarette jobbers and dealers to prevent distribution of the product.

The brief said Vanguard, a product of blended natural fibers said to contain "no tobacco tars, no nicotine and no arsenic," had been tested in Dayton, Ohio, in June of this year. It was extensively advertised and the market test "showed a widespread consumer interest in the product, and repurchases by consumers in carton quantities were made."

Plans were made to launch the product in the New York market on Sept. 17, Bantob said.

It charged that as a result of tobacco industry pressure "no major newspaper, radio or television station . . . accepted plaintiff's advertising (substantially identical with that accepted by newspaper, television and radio media in Dayton, Ohio) although said advertising media had time, space and facilities available for such advertising, and had advance knowledge of plaintiff's scheduled Sept. 17th market opening . . ."

As a result of threats and intimidation and Bantob's inability to fulfill its committment for an opening advertising campaign, the brief said, "Many jobbers, distributors and dealers did refuse to purchase or distribute Vanguard and canceled firm orders theretofore placed."

Fear Monoxide in the Cold

Check Car's Exhaust, Furnaces and Heaters; 55 Deaths Last Year

LANSING (UPI) — When colder weather moves in, so does the ever-present danger from carbon monoxide, the State Health Department warns.

Most of the danger is present in automobiles or in fuels in stoves and appliances.

Burning of such carbon fuels as coal, charcoal, coke, wood, oil, gasoline, kerosene, natural gas and bottle gas creates the possibility of carbon monoxide poisoning.

Carbon monoxide increases as the air supply is cut, the department said, but if venting is adequate, the gas is carried away.

★ ★ ★

There were 55 persons killed from carbon monoxide poisoning in Michigan last year, most of them inside cars or buildings where carbon fuels were burned improperly.

A thorough check of your car's exhaust system and driving with a window partly open or vent open can prevent a possible serious accident from poisoning.

The same check should be made of stoves, heaters or appliances which use carbon fuels, the department said, and water heaters should not be installed where air doesn't circulate.

Police Chief Hogs Fines

GARDEN CITY, Ala. (UPI) — Police Chief Earnest Johnson was fired because he posed as a highway patrolman so he could fine tourists and supplement his regular pay of $250 monthly.

'Fliers for Laos' Copy of 'Tigers'

Volunteers for Group Will Come From U.S. AF Reservists

HONG KONG (UPI) — A volunteer organization similar to the "Flying Tigers" of World War II has been organized in the United States to aid the kingdom of Laos, it was reported today.

★ ★ ★

The South China Morning Post said an organization known as "American Fliers for Laos" would assist the tiny Southeast Asian government in its fight against alleged Communist aggression.

★ ★ ★

The paper said formation of the organization was disclosed by Clifton L. Speer, a civilian airways operational specialist and a native of Corpus Christi, Texas.

Speer was quoted as saying the organization is patterned after the late Gen. Claire Chennault's famous Flying Tigers who assisted China during its fight against Japan.

Speer also was quoted as saying the organization hopes to send its first group of men to Laos before Nov. 1.

Members of the organization will be drawn from the ranks of U.S. Air Force Reservists on a volunteer basis, the paper said. It stressed that the group had no official connection with the U.S. government.

★ ★ ★

According to Speer, more than 1,000 Reservists already have been contacted by letter, the paper said, and 900 of them have expressed interest and asked for additional information.

The organization will be financed through public donations and the support of civic and veterans organizations, the paper added.

Maintains Loss of Prescriptions Not Too High

ST. LOUIS (UPI) — Do you think druggists charge too much to fill prescriptions?

Harry J. Loynd, president of Park, Davis & Co., says no, when you consider the high cost of other things.

In a speech prepared for a meeting of the National Assn. of Retail Druggists today, Loynd said the consumer 20 years ago spent 4.7 cents of disposable income, after taxes, for all types of medical care.

"But today," he said, "for much better medical care, he spends 4.6 cents of every dollar."

During the same period, Loynd said, the portion of the medical dollar spent for prescriptions declined from 18.3 cents to 13.9 cents.

★ ★ ★

Loynd, chairman-elect of the Pharmaceutical Manufacturers Assn., advised druggists to expand and improve their services to offset rising public resentment caused by what he termed "misconception" about the high cost of medicine.

First U.S. Ship to Dock in Russia Since War

MOSCOW (UPI)—The U.S. Hydrographic Survey Vessel Maury will put in at Odessa today, the first American naval vessel to anchor in a Soviet port since World War II, the U.S. embassy reported.

★ ★ ★

Embassy spokesmen said that the 4,200-ton ship was given permission to dock by Soviet authorities after some discussion because American hydrographic survey ships are U.S. Navy vessels. The Maury has been surveying the Black Sea. It will remain in Odessa for three days.

Treasury Awaits Effect of Rate Hike

Hopes Bond Redemption Will Slow

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The Treasury is looking for help today from the 40 million investors who are widely labeled unsophisticated.

It hopes that it is making their 42½ billion dollars worth of U. S. savings bonds attractive enough for them to hold on to. so they'll stop turning them in at an embarrassing rate.

It even hopes—but with much more wistfulness—that they will buy more.

The Treasury needs the money, because government expenses are so high. It also wants to stop the drain on the cash it has, caused by the excess of redemption of savings bonds over sales.

★ ★ ★

That is what is behind the hike in yields on Series "E" and "H" bonds to 3¾ per cent which President Eisenhower has just approved.

For the 40 million it's in a sense just a lucky windfall. They'll get more now because the Treasury is having financial troubles.

★ ★ ★

Many have been turning in their savings bonds because they could get more for their money if they put it into other forms of investment.

MANY BUY

But many have gone right along buying them anyway. Some 8½ million have been doing so through payroll withholding plans —the same way the boss is called upon to take care of their income taxes and in many cases their union dues.

Why do they, when the sophisticated saver has been getting higher returns by buying stocks or other kinds of bonds or real estate?

For one thing, a government bond is just about the safest risk there is. If the U. S. government should go under—the most unlikely thing in the world at the moment—what else would be worth a plugged nickle?

And for millions the payroll reduction plan is about the only way they can be sure of saving anything. Millions now look upon their take-home pay as their real pay. They are conditioned to ignore what is deducted for federal —and often—state income taxes, for hospital insurance, for pension plans and the like as just something that happens. Their real pay is the cash in hand.

CASH GOES FAST

And once the cash is in hand, many of us—maybe most of us—find it trickling right through the fingers, sometimes mysteriously. To save at all, the 8½ million feel the payroll saving plan is the only way.

Others go on buying, or holding, savings bonds out of habit. The yield has been unattractive for some time and Congress has been loathe to add to the government's growing bill for interest payments—now in excess of eight billion dollars a year—by authorizing a hike in rates on savings bonds. But it's a way to save—a safe nestegg for the day when a family emergency arises.

★ ★ ★

And many don't feel they're as sophisticated as other investors claim to be. They've seen others stuck with a lemon when they took a fling at buying stock, or real estate for that matter.

Advisory Group to Study State

Professor of U. of M. Heads Committee for Michigan's Future

DETROIT (UPI)— A seven-man research advisory committee was named yesterday by the board of directors of the Committee on Michigan's Economic Future (COMEF).

The committee will study the state's present situation and make recommendations toward its future.

Dr. Paul W. McCracken, professor of business conditions at the University of Michigan, was named chairman of the committee. He returned to the university this year after serving on President Eisenhower's Council of Economic Advisers from 1956-59 while on leave from Michigan.

The board also elected Carl Schneider as secretary of COMEF. He succeeds the late Lester Steele.

★ ★ ★

Other members named to the research committee were Dr. Bernard F. Landuyt, University of Detroit economics department chairman; Dr. Clifford G. Hildreth, Michigan State University economist; Dr. Rensis Likert, Michigan's Institute for Social director of the University of Michigan's Institute for Social Research, and Dr. Lawrence H. Seltzer, Wayne State University Economics Department chairman.

★ ★ ★

The committee was expected to base many of its studies on areas discussed in the recently published report on "What's Ahead in Michigan." The report was authored by Dr. William Haber, University of Michigan economics professor and Dr. Harold C. Taylor, director of the W. E. Upjohn Institute for Employment Research.

Eddie Cantor first appeared on stage in vaudeville at the Clinton Music Hall, New York, in 1907.

Grains Weaken Under Pressure

CHICAGO (AP)—The grain futures market turned generally weak today with early prices on the board of trade off major fractions of a cent in spots.

★ ★ ★

Some of the pressure was linked with talk of a possible longshoreman strike along the East and Gulf Coasts which could tie up export shipments.

New wheat crop months retreated under fairly heavy liquidation following reports of good rainfall in the Southwest where seeding of the 1960 crop is in full swing.

With trading almost at a standstill near the end of the first hour, wheat was ¼ to ¾ cent a bushel lower. December $1.95, corn ⅜ lower, oats unchanged to ⅜ lower. December 70⅛, rye ⅛ to ¼ higher. December $1.32⅛, soybeans unchanged to ⅝ higher. November $2.09⅞.

Stock Market Churning Today

NEW YORK (AP)— The stock market churned irregularly with motors active in early trading today.

After two sessions of strong recovery, prices were a mixture of gains and losses going generally from fractions to about a point.

An exception was a huge drop at the opening in Superior Oil of California which fell 190 points to 1,555 on overnight news that the proposed merger with Texaco had been abandoned. In later dealings Superior chopped about 45 points from the initial loss.

Texaco meanwhile picked up more than a point in lively dealings.

Also outstanding was an unusual jump of 2¼ to 16⅞ for Studebaker-Packard on a large opening block of 50,000 shares.

Chrysler was off a fraction while General Motors and Ford showed smallish gains.

Studebaker-Packard when issued was unchanged at 12⅞ on an opener of 22,000 shares, then rose fractionally.

Losses of about a point were taken by U.S. Gypsum and Eastman Kodak while Du Pont dropped about 2. Slightly lower were Boeing, Kennecott, Allied Chemical, Standard Oil (New Jersey), Santa Fe, Royal Dutch and United Air Lines.

In Memoriam 2

IN LOVING MEMORY OF FRANK
Decesare who passed away three years ago today, September 25
Today recalls sad memories of our dear one gone to rest.
And the ones who think of you today
Are the ones who loved you best
Sadly missed by the family.

IN LOVING MEMORY OF MY DEAR husband, Edward Nichols who passed away a year ago, Sept. 25, 1958. Do not ask me if I miss him. For there is such a vacant place of t I think I hear his footsteps or see his smiling face. For he left me broken hearted, surrounded by friends I am lonesome with a smile on my face. I have a heartache. Life has not been the same since you were called away. Longing dear husband for you. Sadly missed by wife, Martha.

One of the newer homes in the "Low Down Payment" groups that has a fireplace, (Carpeting in living and dining rooms), Aluminum combination storms and screens, sliding window-wall to the beautiful yard, some really nice flower arrangements. Gas heat and hot water. Blacktop street. Lake privileges on both Williams and Maceday. $80 per mo. at low interest including taxes and insurance.

ATTENTION, DR'S, LAWYERS and professional people! Here's an ideal location for a clinic, convalescent home, offices, service center, etc. Lovely old mansion off Franklin Blvd. Imposing center hall entrance and 6 large rooms on 1st floor. 5 equally spacious rooms up. Four complete modern baths, 2 half-baths. Parking facilities for over 100 cars. Call for further particulars.

WALLED LAKE AREA
Owner leaving state & will sacrifice far below reproduction costs. New 3 bedroom brick ranch. Carpeted throughout including antique satin drapes. A lovely home in an area of equally fine homes. Corner lot on black top street. The kitchen is modern as tomorrow, with built-in GE oven and range, 12x24 ft. ceramic bathe with vanity basins. 22x24 ft. attached garage. Paved drive. A home you'll really be proud to own. Priced at $20,500 and terms can be arranged.

ONLY A FEW MINUTES walking distance from down town but still in a nice residential area makes this grand 3 bedroom home with large living room, 11x15 ft. dining room and 11x15 ft. kitchen. A wonderful buy. The full basement, gas furnace and paved street all add to the solid value of only $8,500 with the low, low down payment of $600. Monthly payments on land contract at $65 per month. Buys like this are hard to find. Better check into this one today.

NORTH END — Here's a very comfortable 2 bedroom bungalow with full sized dining room, dry basement, 1½-car garage and extra nice lot for $9,975. About $800 down & monthly payments of $65 which includes taxes and insurance. Immediate possession.

Wife Literally Cleans Up After Television Guess

NEW YORK (UPI)— The 31-year-old wife of an air force captain mopped floors in Pennsylvania Station Thursday with the $4.84 mop and pail that won her a mink coat and several thousand dollars worth of other luxuries on a television program last night.

She's getting $2,000 more for the clean-up job.

Mrs. Richard Lowe, formerly of Jackson, Miss., now living with her husband at Langley Field, Va., was the closest guesser of the mop outfit's price on the NBC TV program "The Price Is Right."

★ ★ ★

With that an other bids, Mrs. Lowe won the mink coat, a trailer, sets of furniture, china, glass and silver valued at a total of $11,626. She was the show's top winner for the night.

She accepted an offer of $250 an hour for an eight-hour day mopping of the station floor.

Groucho Falls Into a Rut; He's Far Better as Guest

By FRED DANZIG

NEW YORK (UPI) — The magic word on Thursday night was: "Groucho."

★ ★ ★

Back to begin his 13th season with the comedy-quiz, You Bet Your Life, Groucho Marx went to work with a new set, new sponsors, new game rules and a new book to plug. Only Groucho's wit was unchanged.

He rapped out a few mildly funny lines during the half-hour: "Ninety per cent of the people who watch this program are asleep"; and when a contestant, referring to plumbing, mentioned a "big round tub" he once had, Groucho eyed the man's waistline and said, "You still have it."

While Groucho the Quizmaster is probably the fastest gagman in the West, I couldn't help thinking of his recent guest appearances on the Jack Paar "What's My Line and I've Got a Secret Shows.

★ ★ ★

Groucho the Guest is funnier than Groucho the Quizmaster, I believe. He left the other fellows' shows in shambles as he deflated formats, egos and protocol.

So, it's with mixed emotions that I welcome his new NBC-TV season. He's in a rut. I'd rather see him on his circuit-riding, panel-busting rounds with or without a book to plug.

If one simple quiz show a week is all he wants to do with his life, that's his business. Personally, I think Groucho should work more while he's still young.

BACKWARD GLANCES: This is the week that TV lost its best daytime show (Sam Levenson) and best nighttime show (Andy Williams). I can understand Andy's departure, in favor of Garry Moore, but I can't take Sam's losing out to December Bride reruns. . . . While I enjoyed the premiere Fibber McGee and Molly episode, the second one was pure pap. I hope they haven't run out of material so soon . . . A long-time Arthur Godfrey fan wrote in to say she didn't care for the redhead's Sept. 16 CBS-TV special "because he's so busy acting young and catering to youth nowadays that he's forgotten all about us old-timers."

THE CHANNEL SWIM: Jerry Lewis, starring in an up-dated version of "The Jazz Singer" on NBC-TV Tuesday, Oct. 13, has signed Anna Maria Alberghetti and Moll Picon to costarring roles . . . Jonathan Winters, back to work after a long rest, visits the Paar-less Jack Paar Show next Wednesday night.

The U.S. Steel Hour, for the second consecutive year, is presenting as its Christmas show, "One Red Rose for Christmas," starring Helen Hayes. The play, on CBS-TV Wednesday, Dec. 16, will be live, rather than a taped repeat, and will have different supporting players for Miss Hayes.

British Thug Testifies Today

Will Tell More About Life as Killer, Robber and Communist Spy

WINTERTHUR, Switzerland (UPI) — British desperado Donald Hume takes the stand again today to tell a Zurich court more about his fantastic life as a killer, bank robber and Communist spy.

Hume, 39, is on trial on charges of murder, attempted murder and armed robbery. He killed a taxi driver and wounded a bank teller in a holdup in Zurich last Jan. 30.

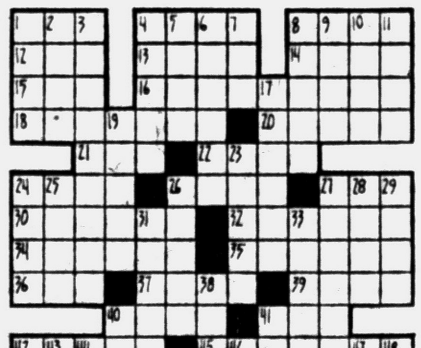

Yesterday Hume held the court in rapt attention while he told, almost gleefully, about how he killed and dismembered his wife's lover, held up two British banks, and spied for the Communists.

Under Swiss court procedure, trials have to open with a detailed examination of the defendant's background. Hume was a snarling, insulting witness at first — at one point he called the judge a bum — but later in the day he boasted about his criminal exploits.

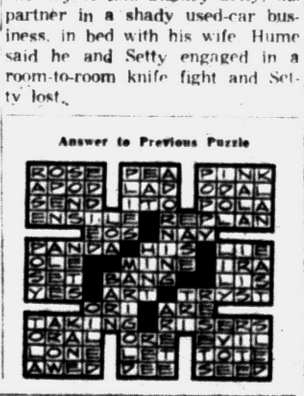

He told the jurors he came home one day to find Stanley Setty, his partner in a shady used-car business, in bed with his wife. Hume said he and Setty engaged in a room-to-room knife fight and Setty lost.

Want to Stay Slim? Gypsy Eats Desserts

By EARL WILSON

NEW YORK—How to stay thin? Just eat desserts . . . We took Gypsy Rose Lee to the autumnal resurgence of the Four Seasons and she rechristened it "the Four Desserts"—because that's what she ate.

WILSON

Sitting at a poolside (not ringside) table. Gypsy used the big pool as a finger-bowl. "Why don't they have a fountain?" inquired her escort Leonard Sillman. "Every restaurant has a fountain — nobody else has a pool!" Gypsy chided.

Gypsy took the left-overs from her swank table home for her several cats. "If I come home empty-handed," Gypsy explained, "they meow, 'What's the matter, ain't you working?'"

Oscar Hammerstein II was successfully operated on for a malignant stomach ulcer at NY Hospital — and Dick Rodgers reports he's feeling fine and looking forward to the opening of "Sound of Music," which he finished scoring before going into the hospital . . . Genevieve didn't mean to make a pun when she came to after breaking her leg in Toronto but she said, "Oh, my poor cast," meaning the other performers in "Can-Can," not the cast on her leg.

GYPSY

Harry Truman was about to pose for a picture with Gov. Meyner and newscaster Quincy Howe when he suddenly said to Photog Gary Wagner, "Wait! I'm an old time photographer—let me switch from the side and get into the middle—then you can't cut me out of the picture."

★ ★ ★

A dictionary of "Charlestonese" has just been published (on napkins) by Leonard Levinson, to-wit: "Rum—as in 6-rum house . . . Bone—as 'I was bone in Charleston' . . . Balks—as in match balks . . . Tone—like in ripped . . . Poet—'You poet it from the bottle' . . . Hail ('Give 'em hail') . . . Wretched—long name for people nicknamed Dick . . . Coined—as in 'He was always coined to animals.'"

EARL'S PEARLS: Sure, an elephant never forgets — but what wife wants to spend an anniversary with an elephant?

WISH I'D SAID THAT: No matter what Detroit designers say, the last word in 1960 cars will still come from the back seat . . . **That's earl, brother.**

She Lacks Self-Confidence

Kim Wants to Learn

By VERNON SCOTT
UPI Hollywood Correspondent

HOLLYWOOD (UPI)—A solemn-eyed Kim Novak is deglamorizing herself to prove she is more than a beautiful girl who happens to find herself in front of a movie camera.

Curled up on the white rug of her plush living room, the platinum blonde actress sipped a cup of coffee.

She wore a pair of form-fitting black toreador pants, a blue shirt and that was all— not even a pair of slippers. Other than a smudge of lipstick, Kim wore no makeup.

For the first time in her young life Kim has experienced critical praise for her acting—in "Middle of the Night."

She is determined to prove her performance opposite Frederic March was no fluke.

"They gave me a chance to act for a change," she said. "But I don't regret my earlier roles. I've learned from them. While other newcomers were studying acting in schools, I was learning my trade as the cameras were turning.

'I WAS UNPREPARED'

"My success came too fast, and I was unprepared for it.

"I'm glad I didn't start at the top because there would have been no place to go. Now, I feel, my career is building. I am taking my time and growing as a performer—slowly."

It's taken Kim 11 pictures and some five years to break away from her glamor girl reputation. And in her next movie she again steps up in class. Her co-star in Columbia's "Strangers When We Meet," is Kirk Douglas. Her role is dramatic.

★ ★ ★

La Novak, like Marilyn Monroe before her, also is readjusting her personal life.

"I've never been a light-hearted person," she explained, "and I've never had much confidence in myself. Even today I'm not sure I'm meant for this kind of life.

"So I'm selling my house and moving into a small apartment. The less comfortably I live the more willing I am to work hard and improve myself as an actress. I want to look at life and the world—not have people looking at me all the time.

"My only real goal is proving to myself that I'm doing the best job possible. At the beginning I was painting my characters with only one color. As I go along I'm picking up more colors in the spectrum, giving my roles more dimension.

"I have become dedicated to the truth."

Write for Color Tours

LANSING (AP) — The Michigan Tourist Council in Lansing is offering information on fall color tours. A post card to the tourist council will bring advice on the best times and areas to enjoy fall colors.

CBS Executive to Head TV Information Office

NEW YORK (UPI)—Louis Hausman, a Columbia Broadcasting System vice president, has been named director of the new Television Information Office, the industry's television information committee announced today.

★ ★ ★

Hausman will assume the post Oct. 13. The committee said the information program is aimed at "creating an enduring two-way informational bridge between the industry and those from whom it seeks more understanding."

Otis M. Smith . . . State Auditor General

New Job Makes Him a Pioneer

LANSING (AP) — "My doctor called the shot," said Otis M. Smith.

Tall and athletic-looking, he was explaining how he came to accept Gov. Williams' pioneering appointment as state auditor general.

It is likely to land him on the Democratic state ticket in 1960 as Michigan's first major party Negro candidate for state administrative board office.

Smith, a thoroughly composed, rather mild-mannered man, has a drive and intensity inside that belies his exterior, and brought him ulcers in his 20s.

During the past year he has been under treatment for hypertension and at one stage was limited to working half days in his job as Public Service Commission chairman.

"My doctor and I talked it over, discussed it from every angle. He said it was okay to take it." Smith said. "I was ready to say 'No' if he did.

"It's a great honor. But I'm not one to rest easily with a title — first, only, highest. After I've been in, I would like to think I did a job.

"When it comes to the race aspect, I can't ignore it. It's important for Michigan, for the city of Flint and important to my group that I am recognized and honored so."

"I certainly will not rest on that account."

Challenge and conflict is nothing new to Smith, who learned to shift for himself in Memphis as a lad of eight.

★ ★ ★

With his brother Hamilton three years older, Otis sold newspapers and "did everything boys could do to earn money."

He graduated from high school in 1929 with a scholarship but didn't have the money to take advantage of it.

Instead, he took a job as a messenger and porter in the Tennessee State Capitol. In two years, he saved enough for a year at Fisk University in Nashville.

After that it was a 2½ year stint in the U.S. Army Signal Corps. He came to Flint after the war and worked for a time at Chevrolet leaving late in 1946 to resume schooling at Syracuse University.

Smith eventually moved on to Catholic University in Washington, D.C., and won a law degree in 1950. He was a convert to Catholicism at 16.

★ ★ ★

He knocked about in federal jobs for a while and returned to Michigan the next year.

"It sounds strange now, but then I had the idea there were enough people working for the government," Smith mused.

When the governor installed him in the Public Service Commission in July 1957, the agency was wallowing in a backlog of work.

Utility companies complained about how long it took to get cases decided. Some of the cases went back several years.

Smith buckled down and in about a year most of the backlog had been cleared away. Litigants before the commission developed a high respect for the evening new to Smith, who learned to shift for himself in Memphis as a lad of eight.

With his brother Hamilton three years older, Otis sold newspapers and "did everything boys could do to earn money."

He graduated from high school in 1929 with a scholarship but didn't have the money to take advantage of it.

Instead, he took a job as a messenger and porter in the Tennessee State Capitol. In two years, he saved enough for a year at Fisk University in Nashville.

After that it was a 2½ year stint in the U.S. Army Signal Corps. He came to Flint after the war and worked for a time at Chevrolet leaving late in 1946 to resume schooling at Syracuse University.

Smith eventually moved on to Catholic University in Washington, D.C., and won a law degree in 1950. He was a convert to Catholicism at 16.

He knocked about in federal jobs for a while and returned to Michigan the next year.

"It sounds strange now, but then I had the idea there were enough people working for the government," Smith mused.

When the governor installed him in the Public Service Commission in July 1957, the agency was wallowing in a backlog of work.

LEARNS ABOUT NEW POST — Otis M. Smith, left, present chairman of the Michigan Public Service Commission, learns about his new job as auditor general from Frank S. Szymanski, presently in the post. Szymanski has been named to the Wayne County Probate Court bench. Smith is believed to be the first Negro to be appointed to such a job in any state since immediately after the Civil War. Smith, although a mild-mannered man, has a drive and intensity that brought him ulcers when he was in his 20s.

Possible Red China Has Atom Bombs

NEW YORK (AP) — Red China already could have her own A-bombs.

Her leaders might make this stunning announcement, or stage a nuclear test, Oct. 1 when China celebrates the 10th anniversary of Communist rule.

"It wouldn't surprise me if China now could make a small number of crude bombs," says one famous U.S. scientist who played a leading role in creating America's first bombs.

Only 19 of the 3,500 species of mammals have been domesticated.

Nikita Guzzles Coke; Too Sweet Is His Verdict

PITTSBURGH (AP) — Nikita Khrushchev drank his first Coca-Cola Thursday. His judgment: "It's too sweet."

The Soviet leader downed it in about one minute flat from a paper cup during a pause in his tour of the Mesta Machine Co. plant.

To Ambassador Henry Cabot Lodge, President Eisenhower's official escort for him, Khrushchev quipped:

"Capitalist, I have a Coca-Cola free."

"How did you like it?" Lodge asked.

"I'm not a great lover of it. It's too sweet."

Someone in the hall yelled: "Would you rather have vodka?" Khrushchev wrinkled his nose and shook his head:

"It's too hot. You Capitalists! You think we drink vodka all the time?"

Only Tuesday in Des Moines Khrushchev ate his first American hot dog. He asked for a second and said: "Don't change the formula."

Petroleum accounted for only five per cent of all the energy produced in the United States in 1900 and natural gas for only three per cent. In 1958, their shares were 37 and 31 per cent respectively.

Carrillo Ready for Home After Stay in Hospital

SANTA MONICA, Calif. (AP)— Actor Leo Carrillo expects to go home from the hospital in about four days.

Carrillo, 65, entered the hospital Aug. 29 after suffering an internal hemorrhage.

Daily newspapers appeal to all members of the family all year long. Circulation remains constant — unlike TV's audience, which drops as much as 29 per cent in summer.

9-Year-Old Takes Drive in Dad's Auto

BIRMINGHAM, Ala. (UPI) — Bobby Ray Garnett took his father's automobile recently to visit relatives but luckily the car broke down on the way.

Bobby, who is only nine years old, said that although his feet barely touched the pedals, he had no trouble with traffic and "I wasn't scared a bit."

When water freezes it increases one-ninth in volume.
