

Here's Miss Front Page for May

Pontiac Press Photo

The month of May brings many pleasant things — balmy days, spring flowers — and a new Miss Front Page. The nod this month goes to 22-year-old Patricia Joan Parmenter, of 5520 Sunwood, Huntton Lake, in Waterford Township.

The young lady is a sports enthusiast, with skiing (snow and water), swimming and golf holding top rating in her book.

She is a graduate of Waterford Township High School and for the

past three years has been employed by Pontiac Motor Division, as invoice auditor in the accounts payable department. Her parents are Mr. and Mrs. Kenneth R. Parmenter. A brother, Raymond, is in the Armed Forces of the U.S.

And boys, never mind the telephone number. There's another serviceman in her life, with whom she has an appointment at the altar one of these fine days.

Pontiac Girl, 12, Acts Fast to Save Drowning Sister

Big sisters are supposed to watch out for the little ones and that's just what 12-year-old Judy Sutton did Monday.

Thanks to Judy, her sister Andrea Sutton, 6, is alive today.

Judy, a Washington Junior High School student, saw Andrea floating face down in five feet of water. This was in the Dawson Mill Pond, across the street from the Sutton home, 25 Myra St.

Apparently, Andrea had fallen off the dock.

Judy jumped in the pond, swam to the floating body, pulled it up on the dock and started screaming.

Two neighbors, Floyd Leininger, and Fred Ustichuk, both of Myra St., answered Judy's screams. They applied artificial respiration to the water-soaked body until the fire department arrived.

Andrea is in satisfactory condition at St. Joseph's Mercy Hospital today.

The girls are the daughters of Mr. and Mrs. Woodrow Sutton.

City commissioner's last night authorized City Manager Walter K. Willman to continue negotiations for the lot from the Detroit Edison Co. for \$25,000.

Willman said the city will spend approximately \$750 per car space for the lot for the installation of meters and "islands." He added that the lot is already paved.

"This lot will be outside the city's parking bond issue," the manager said, "but eventually its income can work into the retirement of the debt."

Payment of the lot will come from the city's capital improvement fund, he added.

Pontiac presently has more than 1,000 off-street parking stalls.

It Matters Not the Age

Cupid Ushers In Spring

DETROIT (U) — Ninety-three-year-old William Ruff applied yesterday for a marriage license to wed 72-year-old Mrs. Nellie B. Smethers. "Nellie is partial to older men," Ruff told County Clerk Edgar M. Branigan. "I had to do most of the chasing, though," he added.

Ruff, twice a widower, is active in the real estate business in suburban Highland Park. Mrs. Smethers, a widow, lives with a daughter in Detroit. Ruff said they met at a social club for older people.

NEW YORK (INS) — Spring definitely has arrived. Tommy Manville, the marrying millionaire, took out his 10th marriage license in New York yesterday. Manville, 63, plans to wed 26-year-old Texas showgirl Patricia Anne Gaston on Sunday.

SAN FRANCISCO (U) — William Wallace Mein III, young heir to cattle millions, and a German immigrant who once cooked in his family home have wedding plans today but they're keeping them secret. Mein, whose family opposed the marriage before he turned 21 last February, and Isolda Constantini, 24, quietly obtained a marriage license here yesterday.

Says He Knew CAB's Secret

Delta Official Testifies He Learned of Ruling Within 3 Hours

WASHINGTON (U) — A Delta Airlines executive testified today he got a report his line had lost its bid for a New York-Miami run within less than three hours after the Civil Aeronautics Board made a "secret" decision to give it to Northeast Airlines.

Robert L. Griffith, assistant to the president of Delta, told investigating senators that near midnight on last Aug. 2 he received a telephone call from Robert Oliver, an attorney here for Delta, saying he thought Northeast had been awarded the run.

The CAB had voted 3-2 about 9 o'clock that night to award the profitable run to Northeast but did not announce its decision officially until Aug. 10.

There was heavy trading in Northeast stock on Aug. 3, the day after the CAB's secret decision, and successive days. A Senate investigations subcommittee is trying to find out if "leaks" of information on the decision enabled speculators to profit on the company's stock.

Sen. Revercomb (R-W.Va.) pressed Griffith to say whether Oliver told him specifically that the award had been made.

"I don't think he did," Griffith replied, but added: "I assumed from what he said that the board had voted that evening and the award had been made to Northeast." He said Oliver had not told him the source of the information.

The law carries no penalties for the disclosure of such information. Griffith was called as the first witness in a last-minute switch of plans. In advance of the hearing, the subcommittee had announced that Robert Snodgrass of Atlanta, Republican national committeeman from Georgia, would be the lead-off witness.

U.S. Gives Mixed Welcome to Red Disarmament Plan

Ex-Army Man Invokes Fifth in Graft Probe

Retired Inspector Mum on Whether He Took \$12,753 Bribe

WASHINGTON (U) — A retired government inspector refused today to tell investigating Senators whether he accepted \$12,753.90 of bribes while working for the Army Quartermaster Corps in New Jersey.

He invoked the Fifth Amendment, pleading the answers "might tend to incriminate me."

The witness, Attilio Yadevia, had sworn last January 30 that "I never took a bribe." His turnabout today drew a swift threat of prosecution on contempt of Congress charges.

Sen. Jackson (D-Wash.) presiding at a public hearing of the Senate investigations subcommittee on alleged graft in the procurement of military uniforms, ordered transcripts of Yadevia's testimony sent to the Justice Department.

"It's quite clear there has been a violation of federal criminal statutes in connection with this case," Jackson said. "I'm quite sure the Department of Justice will desire to take expeditious action."

Yadevia gave his address as 214 N. Delavan Ave., Margate City, N.J., and said he has retired on a \$234 a month government pension.

Asked by Jackson whether he feels he "faithfully discharged your trust" as an inspector at plants manufacturing military uniforms, Yadevia responded firmly, "yes, sir."

AMOUNT UNEXPLAINED

Questioning Yadevia, subcommittee counsel Donald F. O'Donnell said the \$12,753.90 represented deposits in Yadevia's various bank accounts in excess of his acknowledged sources in income.

At the January hearing Yadevia said he was not sure of the source of the money, but might figure it out if given time. Called back today to explain it, he said "I decline to answer on the grounds that I might tend to incriminate myself."

He refused specifically to say whether any or all of it came from bribes, and whether he had accepted bribes from Thomas DiGiaco, head of Madison Park Clothes Co. at Paterson, N.J.

DiGiaco had invoked the Fifth Amendment in January in refusing to say whether he had paid bribes.

U.S. Appears Unworried by King Hussein's Rebuff

WASHINGTON (U) — State Department officials professed today to be unworried by King Hussein's rebuff to President Eisenhower's Middle East program.

Hussein has accepted an American offer of 10 million dollars to help him strengthen his country's economy and finances and presumably also to assist in meeting the payroll for his army.

But he told a news conference at Amman yesterday that Jordan is not interested in the Eisenhower Doctrine.

He said he had declined a visit from Eisenhower's special ambassador in the Middle East, James F. Richards.

Officials here said acceptance of the program was not particularly important because Hussein is in fact working along the same lines.

U.S. policy laid down in a resolution by Congress in March is aimed at opposing the spread of Communist influence in the Middle East and promoting stability there.

Officials said Hussein has cut out Communist propaganda in his country as much as possible, has put known Communists in jail and has refused to establish diplomatic relations with the Soviet.

The King's inability to accept the Eisenhower program is attributed here to the temper of public opinion in Jordan, which is highly nationalistic and strongly opposed to any act which would appear to link Jordan too closely with the United States.

Pontiac Traffic Record Perfect

City One of 4 in State to Achieve Distinction in Month of March

Pontiac was one of four Michigan cities which marked up a perfect traffic record during March, according to the National Safety Council.

Hearing the council's report, Police Chief Herbert W. Straley and Capt. Joseph Koren, head of the Traffic and Safety Bureau, were quick to add that Pontiac has held such a record for the year.

Pontiac and Lansing reported no fatalities in the 50,000 to 100,000 population class, while Muskegon claimed the same record for the 25,000 to 50,000 group. St. Clair was the fourth city with a perfect record in the 10,000 to 25,000 bracket.

"It is very gratifying to me," said Chief Straley, "and shows with the cooperation of all the citizens such a record is obtainable."

Not Political Weapons

CAIRO (INS) — Sen. Hubert Humphrey (D-Minn.) on U. S. refusal to sell Egypt urgently needed goods after the invasion: "Where there's want and suffering and the government is not openly hostile, food and medicines should not be used as political weapons either to influence or to punish."

Approve Bohlen's Shift

WASHINGTON (INS) — The Senate Foreign Relations Committee approved today the shift of Ambassador Charles Bohlen from Moscow to Manila but postponed action on nominee Scott McLeod and Henry J. Taylor.

Says Crisis Ended

NEWS CONFERENCE — Seated at a long, glass-topped table in banquet hall of palace at Amman, King Hussein of Jordan, wearing dark suit, reads statement to crowded news conference today. The king told newsmen "I can assure you the crisis in Jordan is ended." Standing immediately behind Hussein, from left, are: Bahjat Tallhuni, chief of the royal cabinet and Col. Radi Abdullah of the Jordanian army.

Scheme Seems to Allow Soviet More Leeway

Calls for Inspection of Vital American Areas vs. Russian Wastes

WASHINGTON (INS) — U.S. officials today greeted with mixed reaction the new Soviet disarmament proposal calling for aerial inspection of parts of Russia and the American mainland.

Some diplomats studying the plan, first proposed by the Russians at the United Nations disarmament subcommittee in London on Monday, were cool towards the idea.

They argued that the plan would permit the Soviets to inspect Alaska and all of the U.S. west of the Mississippi, including several highly populated areas, important industrial and atomic installations, and military bases.

On the other hand, they said, the U. S. would be permitted to operate the open skies inspection plan over only one-third of the U.S.S.R., a good part of which would be the icy wasteland of Siberia.

Other officials, however, were encouraged by the new proposal which was given wide publicity over Moscow Radio yesterday. They said it could be the basis for important negotiations which could start the ball rolling toward a general disarmament agreement.

Those who held this view added that it depends on whether the Russians would be willing to negotiate on the areas to be included in the aerial inspection to make it more equitable.

As presented by Soviet Delegate Valerian Zorin, 2,780,000 square miles of Russia would be included in the inspection area and 2,730,000 square miles of Alaska and the Western U. S. would be opened to photoreconnaissance planes.

CITIES LEFT OUT

The most important industrial area in Russia, the Urals, and the principal cities, such as Moscow, Leningrad and Stalingrad, would

(Continued on Page 2, Col. 8)

Starting Tomorrow

Know Your Weather

Remember the old rule for counting the seconds after a lightning flash, until you hear thunder, then computing how far away the lightning actually was?

Do you know what is the most dangerous of all clouds, and from what directions thunderstorms of summer usually come?

And do you know how high these thunderheads build up in summer, and whether it is safe to fly through them?

Do you know in which states tornadoes occur most frequently and some of the things which cause them? Do tornadoes occur at night as well as in the daytime?

What is the only other country which experiences frequent tornadoes of the type seen in the United States?

You can learn the answers to these questions, and get many fascinating explanations and tips about the weather in "Know the Weather," a new column on weather omens, signs in the sky and general information, beginning tomorrow in the Pontiac Press.

Explosion Rocks Plant in Pittsburgh Steel Area

COKE FUMES TAKE OFF — Dense clouds of acrid smoke pour from the sprawling coke byproducts plant of the U.S. Steel Corp. in Clairton (Pittsburgh suburb) after it was rocked by a gas explosion which touched off a fire. One workman was killed and 21 injured. This long-range picture was taken from across the Monongahela River. Coal carrying barges are docked in the foreground.

Rover's License Will Be \$1 More After May 15

If you want to save a dollar on the 1957 license for your dog, you have until May 15 to do so, according to Pontiac City Clerk Ada R. Evans.

After that date the cost of a license will be raised from the present \$2 to \$3, she said.

The charge is the same regardless of the sex of the dog. The city doesn't require a rabies vaccination before a license is granted as in other parts of the county, the clerk mentioned.

Licenses are available at the clerk's office in the City Hall five days a week from 8 a.m. until 5 p.m.

U.S. Warning System to Be Operated Quicker

COLORADO SPRINGS, Colo. (U) — The nation's attack warning system gets a shot in the arm today at Ent Air Force Base.

The switch will be thrown on a 24-hour leased wire system that will make it possible to notify civil defense directors in all 48 states in a minute's time.

They'll be alerted simultaneously with an announcement by voice.

The old system of relays—some areas notified and others passing the word along—took from 10 to 30 minutes.

Window Throws Cowboy

RENO (U) — Cowboy Edwin Casper Van Dyke went quietly to bed in a hotel and woke up in the street with a broken wrist, contusions and in considerable confusion. Police said he apparently stumbled through a second-story window while asleep walking.

OUT FOR A RIDE—Bob Blodgett, 14, reads says car, due to odd gears, has 56 different forward speeds and seven in reverse.

Iraq Favors Aid to Jordan as Big Step in Blocking Reds

BAGHDAD, Iraq (AP)—Pro-Western Iraqis view the U. S. offer of financial aid to neighboring Jordan as necessary — and perhaps overdue — proof to the Arab world that a firm anti-Communist stand will be rewarded.

Iraq's strongly anti-Red government has often shown it fears Communist infiltration of the Arab Middle East more than outright Soviet intervention.

Iraq has continuously sought to bring the United States into the Baghdad Pact, now embracing Britain, Iraq, Iran, Pakistan and Turkey. Short of this, Iraqi officials have urged U. S. aid — financial or otherwise — in fighting Communist subversion.

Iraq's leaders appear confident that King Hussein has control of the situation in his crisis-torn country. This confidence is bolstered by the view in Baghdad that the young King next door is following Iraq's own successful course in combating Communist subversion.

When Iraqi Premier Nuri Said cracked down on the Reds in 1954, his first step — like Hussein's — was to dissolve all political parties.

Nuri also had Iraq's young King Faisal, Hussein's cousin and

friend, temporarily dissolve Parliament. Hussein has suspended his.

Last fall, during the Suez invasion, Nuri declared martial law in Iraq and this is still in force.

Hussein also has taken this step. Iraqi leaders also are heartened by the closer relations apparently developing between Hussein and King Saud of Saudi Arabia. They feel that the three kingdoms of Iraq, Jordan and Saudi Arabia could develop a strong bloc against communism within the Arab world.

Closer ties between the three kingdoms also would represent a setback for Egypt's President Nasser, whose ambitions and deals with Communist countries are feared by many Iraqis.

Hussein has been in close touch with Iraqi leaders during the recent crisis and has been given assurance of Iraqi military support if needed.

Malaya will issue stamps in August to mark Merdeka Day, her day of independence, Kuala Lumpur learns.

Ford Local Members Vote Through Friday

DETROIT (AP)—Some 35,000 members were expected to cast ballots in the three-day election of officers of Ford Local 600 of the United Auto Workers union.

The polls opened at 6 a.m. today and will close at 6 p.m. Friday. Six candidates, including incumbent Carl Stellato, are in the race for local president. Stellato, a longtime opponent of UAW President Walter Reuther, is seeking his sixth term as head of the huge Ford local.

More Busy Than Bees

PRESCOTT, Ariz. (AP)—Mrs. C. C. Merritt of the rural community of Camp Wood recently was named the Air Force's observer of the month for Arizona. In addition to sending in reports of 300 plane spottings a month, the

Air Force said "She continued her regular duties as a grandmother, postmistress, bookkeeper for her husband's sawmill, U. S. Weather Bureau observer and cow-milker."

Wisconsin is only 81 square miles in area smaller than neighboring Iowa.

Fabulous news for fat folks! Now available for sale without prescription!

NEW APPETITE CONTROL TABLET FOR EASIER, FASTER REDUCING

Clinically tested and used by doctors with remarkable results on many patients in treatment of obesity. Works automatically to depress appetite. Lose weight you want to take off — safely, rapidly, more comfortably. Get positive results or money refunded.

If sounds almost too good to be true! Yet the miracle has been accomplished — as proved and confirmed by clinical research and tests by doctors on many overweight patients. Yes, here at long last is a truly fast, safe, effective reducing aid for fat folks... a reducing aid that really works for people who have never been able to reduce before.

Just think of it! You can take off pound after pound after pound of unwanted fat simply by taking a tiny tablet that depresses your appetite so that you eat less. Do it without the same physical and mental torture of fighting the temptation to overeat that otherwise accompanies cutting down on food.

Doctors who have prescribed this appetite control drug report their obese patients lost substantial amounts of weight — 10, 20, 30 even up to 40 pounds. Your overweight may be equally responsive to this treatment. Because of the convincing medical evidence we are so confident it can produce results for you that we dare to make this ironclad guarantee:

You decide how much weight you want to lose. Then use these appetite control tablets as directed. They must work for you, must produce the results you desire, you must be completely satisfied OR YOU PAY NOTHING!

Here Are the Medical Facts on Why This Appetite Control Tablet Must Work for You

Your doctor will tell you there is only one sure way to reduce and that is to limit your calorie intake. In plain English: eat less. Nobody has to tell you that takes a lot of will power if you have a big, healthy appetite and find it hard to resist sweets, butter, gravy, rich desserts and other high calorie foods that are taboo when on a reducing regime.

So from time to time you've probably tried so-called reducing capsules, bulk producing pills, fat diets, exercise, massage — in fact, anything and everything that promised to take off those unwanted pounds. As you know from sad experience they did little or nothing for you. Meanwhile you had to endure constant hunger pangs and struggle to resist all the foods you love to eat. All because no reducing plan you tried could keep your appetite down. Not result of your efforts: failure and frustration. Doctors have never recommended these ineffective, hard-to-follow methods. Instead they often prescribed such drugs as thyroid extract or amphetamine together with diets for their overweight patients. While such drugs proved effective as aids to reducing, there were unpleasant side effects, such as dizziness, headaches, nausea, nervousness and insomnia. Hence they could be used only

under close medical supervision and were available only by prescription.

Cautious doctors recognized the possibilities and began the search for something that worked as well without the harmful effects. There is a well-known drug called Phenylpropanolamine, Hydrochloride — which has won widespread recognition and use in the control of symptomatic hypotension and bronchial asthma. However, patients for whom this drug was prescribed often complained that it seemed to depress their appetites. Which gave some doctors an idea: why not try it as an appetite depressant for those patients who found it difficult to control their eating? Early tests proved highly promising. This led to more extensive and critical tests by some hospitals, clinics and individual physicians.

Again results brilliantly demonstrated the value of this appetite control drug for reducing. And it was given further support by articles published in a number of recognized medical journals.

Since it was found devoid of stimulating effect on the central nervous system and free of objectionable side effects, it was considered safe for use without medical supervision. Hence it is now available for sale without prescription under the name of TRIMET.

How Trimet Works Automatically to Help You Lose Weight Faster, Easier than Any Other Reducing Aid You've Ever Tried

TRIMET tablets contain no bulk-producing ingredients, nothing to irritate your stomach, nothing to upset your normal routine of living. They do just one thing: help to control your appetite, which is a basic physiological principle essential to safe, rapid, effective reducing.

You take one tiny TRIMET tablet smaller than an aspirin — a half hour before meals. At mealtime, while you enjoy every mouthful, you quickly notice that your appetite does not seem to be so ravenous. Without hardly realizing it, you stop eating before you have consumed your usual quantity. Gone is the very great temptation to overeat. All thanks to the automatic appetite controlling power of TRIMET!

Within a short time, you'll discover to your surprise and delight that

MEDICAL PROOF!

In the course of their tests doctors prescribed the basic appetite control drug found in TRIMET in varying doses for their obese patients. Here are a few typical case histories as reported in medical journals:

Miss K. P. — Treated by other drugs and placed on a 1500 calorie diet. Complained of appetite and was switched to Phenylpropanolamine (the basic drug in TRIMET). Four days after she had:

Lost 8½ pounds

Mrs. R. S. — Weighed 178 lbs. on Jan. 4. Placed on 1600 calorie diet and treated with Thyroid and Pituitrin. On Jan. 23 complained of severe appetite. Switched to Phenylpropanolamine. Jan. 29 reported no appetite and weight as being 161 lbs.

Lost 17 pounds

Mrs. J. B. — Stated: "I have enormous appetite, eat all the time". Advised to take Phenylpropanolamine 20 minutes before each meal. No diet was prescribed. Started treatment April 12 and by June 23 had:

Lost 20 pounds

Miss S. T. — Started with Amphetamine. After 5 days complained of nervousness and insomnia. Switched to Phenylpropanolamine and 2 months later had:

Lost 33½ pounds

These medical results prove that you, too, can lose weight safely, more easily, thanks to the appetite depressant effectiveness of TRIMET Tablets, even if all other reducing aids have failed you in the past.

*Doctors note: Bibliography sent upon request. Write: Rhody Pharm Co., 75 E. Wacker Dr., Chicago, Ill.

TRIMET makes it easier to cut down on fattening foods. No longer have you the same great weakness for sneaking snacks between meals, the same great urge for kebab raiding at bedtime. You feel better, work better, sleep better while losing weight. And as you see the astonishing results day after day you enjoy a renewed zest for life!

The Down of a New Day for Unhappy Fatties

Yes, this is it! A safe, appetite depressant for overweight people who have despaired of ever finding anything that could help them. If you have been disappointed by pills, powders, fat diets, reducing candies or cookies, exercise, stomach blowing capsules... if you have failed to get promised results despite your sincere efforts and hunger pangs... TRIMET, we believe, can be the final solution to your problem.

We can't blame you for being a bit skeptical after so many past failures. But you owe it to yourself to give yourself one more opportunity. Start taking TRIMET tablets today. You can use this medically tested appetite depressant reducing aid with complete confidence in its safety. Results will convince you this is exactly the product you have always dreamed about. For the sake of your health, your appearance, your peace of mind, do it now. Get TRIMET tablets at your drug store today.

You Have Nothing to Lose But Fat. Convince Yourself with Full MONEY BACK GUARANTEE

You needn't risk one penny to find out what TRIMET can do for you. We guarantee it will do more for you than any other reducing aid you've ever used. If you don't lose a worthwhile amount of weight within a reasonable time... if you don't agree TRIMET is the fastest, easiest, most comfortable most effective appetite depressant you have ever tested, return it and get a full refund on the purchase price.

Costs Only 15c a Day

IMPORTANT!

Trimet can be safely used by any overweight person in ordinary good health

Trimet is not a dietary supplement, not a pill loaded with stomach filling cellulose to give you a false feeling of satiety. It works to help you reduce only by controlling your appetite — the safest medically approved way to lose weight. When you take Trimet before meals you start to eat less because your appetite is less. Without the same amount of conscious effort that ordinarily accompanies a reducing diet, Trimet curtails your appetite, naturally, automatically. And off come pounds and inches of ugly, health-damaging fat!

She's No Mary Martin, but She's a Great Nellie

Mindy Carson Conquers Broadway

By PHYLIS BATTELLE
NEW YORK (INS) — One doesn't forget a show like "South Pacific," starring a crew-cropped dynamo like Mary Martin, in eight skitting years.

So last week, when City Center raised the curtain on a revival of the musical, the Broadway first-nighters had their longnettes polished and their skepticisms sharpened for the appearance of one Miss Mindy Carson.

Nobody wanted to be in Mindy's shoes — trying to fill Mary's shoes in the role of Nellie the nurse. And that included, in the jump hours before 8 p.m. Wednesday, Miss Carson herself. She couldn't tear her hair out (there wasn't enough left, after they cut me down for the shampoo number), and she couldn't bite her fingernails ("It'd set a bad example for my daughters"), but she could well nigh think

things like, "They're going to say well, she isn't bad for a night-club singer — but she's no Mary Martin."

By the end of the opening of "South Pacific," Mindy was being acclaimed as a bright light for

Banquet-Style Rations Eyed for Combat Troops

PHILADELPHIA (AP)—The armed forces apparently are toying with the idea of feeding combat troops in any future war banquet style. On display here at a materials handling exposition is a packaged dinner that will serve 25. The Navy says proposed menus include: filet mignon, tasty chops and succulent fowl. The package also includes table settings for 25. But observers noted that the sample main course, on display is that old standby—chili and beans.

Broadway, and a great many people were saying what she'd expected: She's no Mary Martin. They were adding, however: But she's a great Nellie Forbush.

WHAT SHE'D HOPED

"That's what, exactly what, I had hoped for," she exclaimed, when we met her over a cup of coffee and under a pale pink cape. "The director (John Fearnley) told me right at the beginning — 'Now look,' he said, 'you are going to do this show as if it had never been done before.'"

"I knew that if I tried to copy Mary Martin, which I couldn't because I saw her only once and that was eight years ago and my memory isn't that good although I learn lines easily, well the best I could do would be a good imitation of something I wasn't. So I didn't try, and they seemed to like it, and there you are!"

Not sure where "there" was we changed the subject and asked Mindy to talk on.

Well, she said, the story of her life is she was born in New York City, worked first as a secretary, has been a nightclub, radio, TV and record singer, and never really wanted Broadway till about 18 months ago.

"When Mary Martin, whom I've never met but would love to because she is magical, left the cast of 'South Pacific,' she rambled on, 'Dick Rodgers asked me to take over for her.'"

YOUNG AND STUPID
"I was too young and stupid to be interested in the legitimate theater. Or I suppose underneath I knew I wouldn't be good enough, I was so young and you couldn't

hear my voice back of the fifth row.

"But about a year and a half ago I suddenly decided that was for me, so my accompanist, Sherman Edwards, and I barricaded ourselves in a cell (office) in the Brill Building for five months, seven hours a day, and I practiced voice projection.

"It was awful. Not the work, the projection. I couldn't stand to listen to myself. I wore cotton in the ears till I finally got it right."

The result was this: A Broadway debut and a new type of future.

In appearance Miss Carson, who is really Mrs. Eddie Joy and mother of two small daughters, resembles Ingrid Bergman with a case of bouncy spring fever.

In dreams and self-assurance, she now resembles her 5-year-old daughter Jody, who said, recently, with the matter-of-factness of youth:

"Mommy, I guess when I grow up I will be a television star."

Daughter of Legislator Speaks for Minority

INDIANAPOLIS (AP) — Expected unanimity on a routine amendment was broken suddenly in the Indiana House the other day.

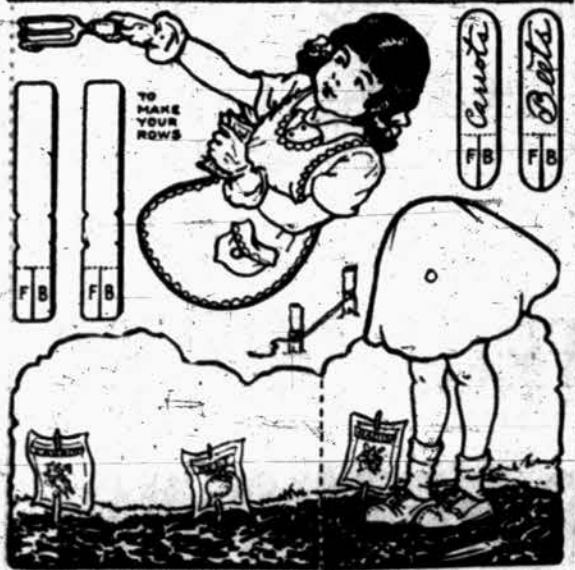

After a mumbled chorus of "ayes," Speaker George S. Diener (R-Indianapolis) conformed to rules by asking for any opposition. Startled legislators heard a faint "no."

It was 6-year-old Ann Elsner, daughter of Rep. Edward P. Elsner Jr. (D-Seymour). She was serving as a page for the day.

With her slogan "Concentration all the while leads to safety—every mile," 12-year-old Christine Chandler won the Road Safety Competition at Southborough, England.

TODAY'S ASSIGNMENT FOR: JUNIOR EDITORS

3. Sally Cultivates Her Garden

One of the most important things for the new gardener to learn is what plants grow best in his part of the country. You can find out by asking friends and neighbors who have a garden.

Once you have obtained a set of tools, you should find a place for them where they are protected from the weather when not in use. Always wipe the tools clean and dry when you're finished with your day's gardening. A little grease rubbed on metal parts now and then will keep rust away.

After the soil has been spaded and all the big lumps broken up — so the new plants have a chance to push to the surface — rake in a little fertilizer. You can get it from the seed or hardware store where you buy your seeds.

Here is Sally ready to remove the last little weeds from her garden plot. Paste this picture on cardboard and color. Fasten Sally's apron to her skirt with a brass fastener through the indicated holes—now she can bend over to work with her hand fork. The two markers are for use as indicators once you have put in your seeds and plants. The two posts at the left will help you make straight lines for plants in the garden plot you cut out yesterday.

Put the posts down into the slits in the soil at the end of the garden plot and fold tabs as indicated, F for forward and B for backward. Then the line markers will stand and you can wind a thread around them as shown in the small sketch. This will give you a nice straight row as a guide in planting your seeds.

(Rebecca Robinson of John's Island, S. C., won \$10 with this suggestion. Send your ideas in care of this newspaper. Violet Moore Higgins, AP Newfeatures.)

Deaths in Pontiac and Nearby Areas

WILLARD D. BUSH — Willard D. Bush, formerly of Pontiac, died yesterday following an operation in Coral Gables, Fla. Mr. and Mrs. Bush of Clare had gone to West Hollywood, Fla. to visit their son, Harold Zeppelin. Surviving besides his wife, Clara, and son, he leaves two grandsons. Mr. Bush's body will be taken to Clare for service at 2 p.m. Sunday in the First Congregational Church. Burial will follow in the Clare Cemetery.

MRS. CARL T. LEWIS — Mrs. Carl T. (Marguerite) Lewis, 41, of 510 Montclair St. died yesterday in St. Joseph Mercy Hospital. She had been ill about a year. She came to Pontiac from Galatia, Ill., where she was a member of the Methodist Church. Besides her husband, Mrs. Lewis is survived by her mother, Mrs. Ezra Harris of Galatia; a daughter, Sharon, at home; a sister, Mrs. Helen Doran of Murray, Ky.; and two brothers, Gail of Pontiac and Carl of Galatia. Service will be at 2 p.m. Friday from the Donelson-Johns Funeral Home with Dr. Tom Malone of

the Emmanuel Baptist Church officiating. Burial will follow in White Chapel Memorial Cemetery.

REBECCA LOUISE MARION — Rebecca Louise Marion, five-year-old daughter of Charles D. and Blanche R. Howell Marion of 28 Cooper St., died yesterday in Pontiac General Hospital after an illness of a week.

Rebecca attended Sunday School at the First Baptist Church and was in kindergarten at the Baldwin School.

Surviving are her mother and father; two sisters, and two brothers, Phyllis Ann, Jennifer, Michael O. and Charles D. Marion Jr., all at home. Service will be at 2 p.m. Thursday from the Purdy Funeral Home with Dr. H. H. Savage, her pastor, officiating. Burial will follow in Perry Mt. Park Cemetery.

FRED NICE — Service for Fred Nice, 64, of 2612 Terle Ave. who died Tuesday night, will be held with a Requiem Mass from Church of the Immaculate Conception at 10 a.m. Friday. Rosary will be re-

cited at 8:30 Thursday evening from Baird Funeral Home. Mr. Nice is survived by his wife Grace, a brother Jack of Pontiac, a sister Mrs. Gail Cote of California.

ALLEN JAMES ORDIWAY LAPEER — Service for Allen James Ordiway, infant son of Mr. and Mrs. Eldon Ordiway of 1046 Pine St., who was born and died Tuesday, will be held with a prayer service at 3 p.m. today from the Baird Funeral Home. Burial will be in Stiles Cemetery.

MRS. Linnie RODENBO — Service for Mrs. Linnie Rodenbo, 82, of Oxford who died Monday after a long illness, will be held at 2 p.m. tomorrow from the Harmon Funeral Home in Kingston.

Mrs. Rodenbo is survived by three children, Russell of Pontiac, Archie of Auburn Heights and Emily Lester of Kingston. Seven grandchildren also survive.

More persons own their own homes in the U. S. than in any other country.

Deaths Elsewhere

PHILADELPHIA — Rabbi Jerome Labovitz, 50, executive director of the Philadelphia branch of the United Synagogue of America and former executive director of the Jewish Educational Alliance of Savannah, Ga., died Monday. He was born in Minneapolis.

RICHMOND, Va. — Mrs. Virginia Buckley Cooke, 62, of Richmond and Manistee, Mich., widow of Mortimer C. Cooke of New York, died yesterday.

Women Drivers Collide at Area Intersection

Two women drivers collided at the intersection of M-59 and Telegraph road at 11 a.m. yesterday.

Mrs. Helen M. Becker, 51, of 600 Commerce St., Milford, and Priscilla L. Hamilton, 17, of 53 Church St., Clarkston, told Waterford Township police each thought she had the green light when the accident occurred.

Mrs. Becker was taken to Pontiac General Hospital with scalp lacerations, treated and released.

Firemen Stymied in Effort to Trap Attic Rattlesnake

NASHVILLE, Tenn. — Mrs. Robert E. Zink was sure she heard something like a snake crawling around in her attic, so she moved in with relatives. A neighbor declined to look into her attic for her. Said he was scared, too.

Firemen put on hip boots and spent several hours watching for the snake Monday night. Nothing showed up.

Yesterday they returned. One of the men wore an asbestos suit. Sure enough it was a snake, and a rattler at that. But it slithered down into a wall.

They brought back a skin the snake had shed to prove it. Mrs. Zink and the firemen are wondering what to do next.

Dies From Rock 'n' Roll

AUCKLAND, New Zealand — While being swung to his partner's shoulder in a rock 'n' roll demonstration at a private party, Walter Raymond Walls, 25, fell and broke his neck. He died in a hospital.

Expect State to Rest Case in Singer Trial

DETROIT (INS) — The state was expected to rest its case today at the first degree murder trial of ex-marine Philip J. Singer, 38, accused of slaying co-ed Joann Gillespie four years ago.

The courtroom of Detroit Recorder's Judge Gerald W. Groat was darkened yesterday while films of Singer confessing the slaying for television cameras were shown, a legal "first" in Michigan.

Singer had repudiated all his confessions, claiming they were made under duress.

The defense, directed by attorney G. Leslie Field, probably will stress Singer's repudiations along with testimony of a woman who has said she was with the sugar warehouse foreman at the time of the slaying.

2 Injured in Accident Treated for Minor Cuts

Two were injured in an accident last night at W. Maple and Haggerty roads. William J. McKibbin, 21, of 1266 W. Winchester St., Detroit, and Jack Z. DeLorean, 21, of 10121 Hart St., Huntington Woods, were treated for minor cuts and bruises and released from Pontiac General Hospital.

They received the injuries when their car, which was going west on Maple road, struck one driven by Joseph A. Deimling, 46, of 2765 Benstein Rd., Walled Lake, as he pulled into Maple road from Haggerty road, said Oakland County deputy reports.

Body Found in Channel

RIVERVIEW (INS) — The body of a man tentatively identified as Harry B. Baker, formerly of Detroit, was found floating in the Trenton Channel near Riverview last night.

Bill to Restrain TB Patients From Public

Recently the House of Representatives in Lansing passed a bill to permit tuberculosis sanatoriums to hold patients who are ordered hospitalized by probate courts.

The bill was introduced by Rep. Fredrick Yates and Mrs. Charline White, both Democrats from Detroit. The vote to pass the bill was 87 to 5 before going to the senate.

Under this bill the sanatorium doctors would be permitted to hold the few TB patients who refuse to protect the public from the disease and who have been committed by a court to a hospital. Under present law, there is no way of enforcing the court's order.

The new bill also allows transfer of court committed patients to a specialized care facility at the northern Michigan Tuberculosis sanatorium at Gaylord.

In order to safeguard the patients a three man medical review board will be set up so that committed patients can appeal for a medical recommendation to have their commitment terminated. The patient would be allowed to select one of the doctors on the board and the other two would be picked by the court from a list of TB physicians furnished by the state health commissioner.

When the chance of infecting others is present, it is obviously selfish on the part of the patient not to remain hospitalized. It would appear that a measure of this type, which is for the protection of all citizens of the state, should receive prompt action from the Senate.

The Michigan Tuberculosis Association reports that no restraint is needed for most of the TB patients. It is estimated that the bill will apply to about 150 uncooperative patients. At the present time there are approximately four thousand TB patients in Michigan sanatoriums.

Nasser on Top

The Suez question is back in the Security Council where Nasser has presented his own ideas for operating the canal, on a take it or leave it basis.

Its a unilateral plan and could be revoked by Egypt at any time. That, of course, is beside the point. Nasser has ignored solemn treaties and agreements when the occasion suited his purpose.

Egypt now endorses the six principles for operation of the canal laid down by the Security Council last October. But the all important provision in these was that the canal be kept out of politics. President Nasser says that Egypt will abide by this "according to its understanding," which can mean anything.

As things stand now, while Nasser binds himself to nothing, all tolls must be paid to him, users of the canal must be acceptable to him and abide by his rules. This means that Israel still is denied use of the canal.

It would appear that President Nasser has won on all counts and the mighty West is subject to his whims until new pipelines and larger tankers are built.

Nuclear Weapons Fears Could Defeat Adenauer

Early this month after many setbacks, West Germany began military conscription which eventually will build the army from its present 90,000 men to 500,000.

While Chancellor ADENAUER would like the army to be equipped with nuclear weapons, some Germans are fearful of the consequences. The new force needs nuclear weapons if it is to protect Germany from a Soviet attack. Threats from Soviet Russia and widely publicized fears of West Germany's leading atomic scientists have dampened any widespread German enthusiasm for rearmament.

The new ground force is looked upon as a key unit in the vital NATO army holding the European line against Russia. Some Western units have been reduced on the ground that nuclear weapons will carry a large share of the defense burden in the future.

However, experts agree that a powerful ground corps is necessary to strengthen the free nations' ringing the Communist world. The NATO army is for deterrent purposes only and is not strong enough for an attack.

An election will be held in Germany next September and ADENAUER's opposition is stirring up fears of nuclear weapons. Should the Socialists win they might attempt to scuttle the draft altogether.

Chancellor Adenauer has done the only thing possible at this time—agreed with the scientists on nuclear dangers but chided them for mixing in politics. He also asked them to get Russia to disarm!

Any German deal for U.S. missiles at this time would be a political mistake. But they may be supplied eventually to all U.S. Allies in Europe.

The Man About Town Sends Junk Mail

Big Publishing House Is Said to Be Prime Offender

Sermon: During which the only way some men can stay awake is by being at a golf course instead of a church.

A postal employee who requests that he be known simply as "Peddler of Mail and Facts" tells me that the worst offender in the mails with their third class junk which is carried at a big loss to the government, is a widely known Philadelphia house that publishes several national magazines. During the past few days you've undoubtedly received numerous circulars from them, asking you to subscribe, even if you've been on their regular subscription list many years. Do you bother to even open that stuff? If so, you have more time on your hands than most of us.

My attention is called by Lemuel Patterson to the fact that 48 years ago today we had vastly different weather in the Pontiac area. On April 29, 1909, nearly a foot of snow fell, followed by heavy rains, and everybody had a battle with slush and floods for several days.

For the past 25 years, G. L. Beaudette, Dr. L. A. Farnham, Frank Milward and Chick Lathers have opened the trout season together, as they did this year, at Leo's camp on the north branch of the AuSable River.

When 23,000 people turn out for an event it surely is big news. According to Earl Gruber, general chairman of the Scout-O-Rama at Walled Lake Saturday, the attendance exceeded that number. 'Twas one of the biggest manhood building days in the history of the Pontiac area.

Our fruit trees are just coming into blossom, and a drive in the country during the next few weeks will prove to you that the writer of the song "Cherry Pink and Apple Blossom White" didn't know his fruits. He got the colors reversed.

bal Orchids to—
 Mrs. Elizabeth Thompson of 663 East Walton Blvd.; eightieth birthday.
 Mrs. John Holiforth of Fenton; eighty-seventh birthday.
 Mrs. Eliza McKillop of North Branch; ninety-second birthday.

Spring Comes to Washington

David Lawrence Says: High Court Slight Legal Precept

WASHINGTON — The Supreme Court of the United States passed a new "law" on Monday. It could affect discrimination on racial or religious grounds in private schools, exclusive clubs, and colleges supported or controlled by church groups of a any denomination.

LAWRENCE

The Supreme Court isn't supposed to pass any laws. That's the function of Congress. But now the Supreme Court proclaims as "the law of the land" that a man who left his money in 1831 for a college to which only "male, white orphans" were to be admitted cannot have his wishes entirely respected. If Stephen Girard were alive today, he could discriminate on racial or religious grounds and conduct a private school or college, admitting anyone he chose. But, since he made the mistake of letting a city government act as trustee for him, the wishes of the original donor cannot be lawfully fulfilled by the trustee.

This is a sensational reversal of centuries of legal doctrine. Up to now it had been thought that a "trustee," as such, was a private person, merely acting for the donor, and that a public official acting as a trustee could do anything that it was lawful for any trustee to do in following the provisions of a will.

But the Supreme Court of the United States says that the Board of Directors of City Trusts—an organization set up by the city of Philadelphia—to carry out the terms of wills and estates left in perpetual trust is an "agency of the state" and not an agency of the donor of the money. Then the Supreme Court invokes the Fourteenth Amendment, which says that "no state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States."

NO PUBLIC FUNDS INVOLVED

No public funds are involved in the Girard College case. It consists entirely of private funds of nearly \$100,000,000, and the real issue is the board of trustees. There are 14 citizens on it. Twelve are appointed by the Court of Common Pleas, and there are two ex-officio members, one the president of the City Council of Philadelphia, and the other the city's mayor. This is not unlike the set-up in many states where private colleges and universities operate under a state charter and the governor is designated as an ex-officio member of the board of trustees.

Every college or university—in fact, almost every private club—operates under a corporation charter issued by a state government.

If corporations, which are often referred to as "creatures of the state," are some day to be subject to the rule laid down in the case of Stephen Girard College by the Supreme Court of the United States...

"Get you'll have a lot to write in this diary tonight, Sir."

States, it raises a question as to whether any form of discrimination—either on religious, racial or even political grounds—might come under the law.

One university here in Washington, for example, operating under a federal government charter, is required to select a certain number of trustees from a particular church. Will this be construed as "discrimination"? Many a bank and trust company, in seeking to carry out the wishes of a donor, is sometimes confronted with clauses in the will that require either religious or racial discrimination to be exercised. Can the trustee be enjoined now from carrying out the wishes of the donor if some relatives or other outside persons choose to challenge the fulfillment of the provisions of the will on the ground that the trustee is "an agency of the state" and hence cannot violate the Fourteenth Amendment?

Dr. William Brady Says: Hold Off on Tonsillectomy; Try Fresh-Air Treatment

"Grandson, 4, the past winter has gone from strep sore throat to tonsil sore throat to just sore throat, so says the doctor. Now his mother has promised the doctor that as soon as the weather evens off she will have him make arrangements to hospitalize the child and remove his tonsils.

DR. BRADY

"She says she dreads it... and if Dr. Brady knows a better way, she'll be happy to follow his advice. Please, Doctor, how that spring is here and all the poor kids that have had sore throat this past winter are fair game for..." (J. M. C.)

Fair game for the tonsil snatchers, the ever-ready operators, the trick specialists, perhaps. Not for honest doctors.

Half of all children 2 to 6 years of age have repeated attacks of tonsillitis or sore throat.

The offhand application of the term "strep" to any such condition, without bacteriological examination (culture, microscope) is the kind of quackery, credulous customers like—as they do the equally pretentious term "virus." Streptococcus and virus diseases occur, all right, but a doctor can't diagnose them by ear.

If this luckless little boy's history justifies the atrocity, why wait for the weather to change? What has weather to do with streptococcus or other infection?

GIVE CHILD 90 DAYS

On second thought, the mother's appeal for a stay of execution is fine. I heartily second the motion from all parts of the hall. Make it effective for 90 days.

In that time, if the little boy gets a break—plenty of open-air life without coddling—the chances are his throat and tonsils will be perfectly normal.

I appeal to parents, grandparents, uncles, aunts, big brothers, and sisters of young children who are threatened with tonsillectomy—don't surrender them to the ever-ready operators as though there were no alternative course—and you were anxious to have it over with.

Don't forget that tonsillectomy is a major operation with a mortality rate of its own—and your child may be the one fated to become a mortality statistic.

Please, young parents, give the

choice to challenge the fulfillment of the provisions of the will on the ground that the trustee is "an agency of the state" and hence cannot violate the Fourteenth Amendment?

These are questions of degree and scope on which the new decision, which happens to be brief, throws little light. Also, to what extent will states hereafter be limited in making their own rules on wills and trusts?

WHAT HAPPENS TO WILLS?

What, it is also being asked by lawyers, is going to happen to wills that are executed by state appointees, as in the case of an "administrator" or "executor" designated by the courts?

(Copyright, 1957)

Voice of the People

Tells of Mayor's Donations in Reply to Kern's Letter

Letters will be condensed when necessary because of lack of space. Full names and telephone numbers of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Paul Kern Jr. should know that from 1944 through 1956 Mayor Donaldson received \$1,500 from the City and gave a total of \$2,000 to the Pontiac Foundation, earmarked for the Civic Auditorium Fund. Then in 1956 when the people of the City of Pontiac voted to raise the salary of the Mayor to \$2,000, Bill Donaldson gave the first \$2,000 that he received to the Pontiac General Hospital Fund and pledged his 1957 salary to the hospital, provided that the doctors on the General Hospital staff would each give an average equal to that amount.

I don't think that Paul Kern should have the courtesy of an answer as to why we need the hospital, and insofar as people coming from out of town to use it he might unfortunately find himself in that category at some time in the future.

As I recall, Paul's father served on the City Commission for some time, but I can find no instance in which he made any contribution to the City of Pontiac, and I should like to ask Paul whatever happened to the \$3,000 commission that his father made on the sale of the property that is now used as a municipal parking lot.

R. N. Rapoport

'She's Too Lovely for Such Things'

I read your editorial on what a lovely lady the Queen of the British Isles is becoming. Why doesn't someone keep her away from the race tracks and all that gambling?

Praises Service of Pontiac Police

I, for one, shall always be proud and grateful to the Pontiac Police Department. These courageous people left nothing undone in apprehending a dangerous mentally ill person who made my life a nightmare for 10 days. They were at my disposal 24 hours a day, a telephone call from us and they responded in minutes and worked tirelessly on every lead we gave them regardless how small or insignificant. I shall always be indebted to them and proud to say I live in a city protected by such an efficient police force.

Physician's Wife

'Williams Is Back at It, Only Worse'

During the campaign last fall, Governor Williams was charged with having driven a lot of jobs out of Michigan by his policies. Apparently we're in for a heavier dose of the same.

Small Merchant

'Such Commotion for Young Season'

In the last half of 1956 the Tigers won more games than any team in the American League. With 1957 barely started, Knorr's

kicked downstairs. Ruel's under "suspended sentence." Briggs is gone. The Tigers are last.

Beginners, just beginners, are meddling in a tough business.

Oh Me

Woman Supports 'Eye for an Eye'

I may be one of the goody-goody Mother of Five speaks of, but I can honestly say even the thought of tying a child up by his thumbs appalls me.

As a child I received many a good old fashioned spanking, as I give my children today when they need them, but the only marks they receive are on their memories, not to do the same thing again. I only regret that time and money was wasted to give Mrs. Wyatt a trial. Proper punishment would be, in my opinion, to do the same to her as she did to her little girl.

If more people got the same treatment they give others, they wouldn't be so quick to do such disgusting things. Children don't ask to be born. If you don't want to care for them, let someone else love and care for them.

Mother of Two

Campaign Starts for '60 President

Wayne Morse for president in 1960. N.Y.

School Children Litter His Yard

I live near a school and get tired of picking up the daily junk dropped on my lawn by the school children. Can't parents teach their children not to be litterbugs.

Kay

Fears Dependence on Liquor Taxes

I read there is to be more tax on alcoholic beverages for school funds. Is that monster, liquor, going to be credited with doing good. Is it going to be weaved into our society so much that we will depend on it?

Do we build our roads, run our schools and even run our government from broken homes, hungry kids and lunatic minds? Are we going to follow the example of a certain wine-drinking country? Liquor very near destroyed that nation.

Liquor is not like a charging lion, but it appears as our friend, even as a lover, tenderly putting hands around the throat of the victim and choking it. Wake up. That's a serpent around your neck.

Donald Reasons

Crane's Advice Helps Woman

I'll add my five cents to Dr. Crane's advice to fat wives. He said romance returns as pounds go. I lost 27 pounds and my husband and children are all impressed and dance attention on me.

Slenderella

Case Records of a Psychologist:

Want 50 Per Cent More Success?

Dr. Clyde's case is not at all unusual. I have been lecturing and writing for dentists for 20 years, and could cite scores of remarkable transformations in various professional men just by the use of better "H-R" strategy. Psychology is worth at least 50 per cent to your success so be glad your newspaper offers you this practical column on clinical psychology.

By DR. GEORGE W. CRANE
 Case U-389: Clyde L, aged 46, is the talented dentist mentioned yesterday who lacked our modern "H-R" technique.

"Dr. Crane, I'll give you a progress report," he telephoned me a month later, and his tone was much more enthusiastic and cordial.

"First of all, I have a mirror installed behind this telephone so I now watch my face and turn on a smile before I ever speak on the phone. "Can't you tell the difference in my voice?" he added, and I certainly could.

If you readers don't believe this "telephone test" works wonders, just try it yourself.

Many busy men and women, when interrupted by a phone call, almost "bark" their replies at the timid prospect or customer or patient at the other end of the circuit, and thus alienate that person without realizing it.

So learn to smile, even artificially, for as soon as your mouth and face assume such a posture, your tones automatically grow more friendly.

Movie stars and TV actresses

are taught this simple law at the outset, which is one reason why they are usually smiling broadly when they talk into the camera and microphone.

"H-R" IN BUSINESS

"Dr. Crane, I also refurbished my entire office, even though I winced a bit at this cash outlay," Clyde continued.

"And my patients seemed impressed, for several of them told me how nice the office looked."

"Finally, I have made it a practice to pay every patient a sincere bit of praise."

"Oh, it wasn't easy to carry out your 'Compiment Club' policy, and the first day I forgot to compliment three of my patients."

"But that night I studied my schedule for the following day and visualized each patient whom I was to see. Then I formulated the type of compliment I planned to use and rehearsed it mentally."

"The next morning I went over the list a second time. After each patient was gone, I'd write a little 'pc' after that person's name to indicate 'paid compliment.'"

"Well, a month has passed. My

income has been increased \$175 this month over that of a year ago. Maybe the increase is a

happencence, but I believe not. However, I'll report again at the end of next month."

SECOND REPORT

Sure enough, at the finish of the second month, Dr. Clyde called my office.

"It's getting easier to compliment people," he admitted. In fact, the thing is becoming a habit and I find that I smile and praise people even when I am outside the office.

"Indeed, my wife says I am much pleasanter around the house and the kids asked her recently, 'What's happened to Dad?'"

"My practice is still increasing. This month I handled \$465 more dental work than for the same month a year ago, so I am sold entirely on this new 'H-R' or 'Human Relations' strategy."

"I only wish I had been told such things when I was in Dental College 25 years ago. Think how much more good I could have done in the intervening time and how much more money I could have earned!"

If you readers aren't as popular and happy as you'd like to be, then send for the "Compiment Club" booklet, enclosing a stamped return envelope plus 20 cents (non-profit).

It offers you a quick way to put the Golden Rule into your social contacts and will actually work miracles for you.

Don't look solely for complicated, expensive ways to become popular when 20 cents and a little conscious effort on your part can change your whole future!

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 32 stamped self-addressed envelope and the 20 cent stamp and printing costs when you send for this psychological charts and pamphlet.

General Electric Walkout Ends

20,500 Return to Work After Company, Union Agree to Arbitration

LYNN, Mass. (U)—A decision to arbitrate differences has ended a five-day strike that idled 20,500 working on defense contracts at the five Lynn and Everett plants of General Electric Co.

The factories make jet engine parts and steam turbines.

A committee of 15 clergymen summoned management and union negotiators to try for a quick settlement of the strike.

The grievances, now to be sent to arbitration, involved compulsory overtime, suspension of a shop steward and company policy of employee transfers. The union involved is the International Union of Electrical Workers.

Meanwhile, a General Electric work stoppage went into its seventh day at plants at Hudson Falls, N. Y., and nearby Fort Edwards, N. Y. The plants employ about 1,625 workers. Of that number, the United Electrical Workers Union (independent) claims to represent 725 production workers.

Members of the union's Local 332 voted 395-346 to continue a strike yesterday.

The New York plants make electric motors and capacitors for fluorescent lights. The work stoppage grew out of a dispute over reduction of piecework parts in one department.

BARREL OF FUN — Cadets of St. John's Military School, Salina, Kan., try to shake "Cow-boy" Sammy Bertram loose in a training session for rodeo riding. A barrel suspended on four ropes acts as the "broncho." Boys' tugging provides

the bucking. At left, front, is Sandy Bertram, Sammy's twin. They are from Santa Fe, N. M. At left, rear, is Fred Blair, of Albuquerque, N. M. Ronnie Zlatz, of Pueblo, Colo., is at right, front, and behind him is Roy Cox of Denver.

Birthplace of H.S.T. Purchased by UAW

LAMAR, Mo. (INS) — The birthplace of Harry S. Truman — a small white frame house in Lamar — was purchased today by the United Auto Workers Union which plans to make it a shrine to Missouri's first president.

The one and a half story house

was sold to the union for \$6,000 by owner Mrs. Everett Earp, widow of the nephew of famed Marshall Wyatt Earp.

The house, framed by a white picket fence, has been marked by a sign since Truman became President.

Russell Leper of St. Louis, Midwest Regional UAW Director, and John E. Rinkenbaugh of Kansas City, represented the union at the sale.

Official's Bad News Day

IONIA (U) — In one day Ionia County Supervisor Bernard Ardis had telephone calls notifying him of the death of three relatives and a fourth call that an aunt had fallen and broken both hips. Calls on the deaths of two aunts and an uncle were made to Ardis within the space of two hours.

George Washington died at the age of 68.

India Searches for Oil and Gas

Romanian Crew Sinks Test Well in Foothills of Himalayas

Romanian drill biting into the earth of the Himalayan foothills has embarked India on an ambitious government search for oil and gas.

"This is the beginning of a great venture," Prime Minister Nehru messaged the drillers.

India plans to spend more than 300 million rupees (63 million dollars) to hunt oil during the second five-year plan, started in April 1956.

Areas of eastern India, Bengal and Assam—which have India's only producing field—still are staked out for private enterprise. The government will control the rest of the country and take the profits, if any.

India is calling on several nations, both Communist and non-Communist, to help in the big search.

A Romanian crew ran the drill which began turning near Jawahar-mukhi, a hill town in the Himalayan foothills.

All officials warned against over optimism. It is only a test well. India's production is less than three million barrels a year, a drop in the world's oil bucket.

India spends 750 million rupees (almost 158 million dollars) in foreign exchange each year for petroleum products.

American and British oil companies cooperated in a program to train technicians.

Experts from Romania, Soviet

Russia, the United States, Britain, Canada and West Germany have given help.

The Soviet Union drew up the oil exploration program to fit India's second five-year plan. Three Russian crews, with Russian drilling rigs, will start work soon.

Politician's Daughter Still on Critical List

WASHINGTON (U) — A New York congressman's daughter who reportedly shot herself in a downtown hotel yesterday remained in critical condition today.

Police said Mrs. Malcolm Hurn, 27-year-old daughter of Rep. William B. Williams (R-N.Y.), locked herself in a ladies room of the hotel and shot herself in the abdomen with a .22-caliber rifle.

Mrs. Williams told newsmen her daughter had been depressed and under medical care for several months. She said the young woman was married April 2 to Malcolm Hurn, a Utica, N. Y., advertising man.

Mrs. Hurn had been employed both in Utica and Washington offices of her father, who has represented New York's 24th Dist. since 1951.

Mora to Talk in Detroit

DETROIT (U) — Trends in inter-American relations will be discussed before the Detroit Economic Club Monday by Jose A. Mora, of Washington. He is secretary general of the organization of American States of the Pan American Union.

Alumni Slates Edwards

DETROIT (U) — State Supreme Court Justice George Edwards will be principal speaker Thursday at the annual reunion of the Detroit College of Law Alumni Assn.

Gas Workers, Gulf Reach Agreement

DETROIT (U) — Representatives of the Gulf Refining Co. and Local 389 of the Oil, Chemical and Atomic Workers' union today announced an agreement in a labor dispute that shut down the company's Detroit area plants almost two months ago.

Ratification of agreement was scheduled for today. If the agreement is ratified, it will end the last of strikes against seven major gasoline and fuel oil companies supplying the Detroit area.

Hyman Parker, state labor mediator, who aided in a 12-hour negotiating session culminating in the agreement, said the settlement followed the pattern of earlier agreements with the other oil companies.

The workers will receive 5 per

cent pay increases, 2½ days' pay for holidays, four week vacations for 20-year employees and eight paid holidays a year.

Dump Problem Solved

DETROIT (U)—The problem of where to dump Detroit's vast quantities of industrial waste is being solved with transport of the material as fill for a Canadian real estate development on Peche Island. A Detroit engineering firm which contracted for the work estimated that a million cubic yards of waste will have been dumped by the end of the year. The project will require 5,000,000 cubic yards of fill.

Quint to Wed in August

MONTREAL, Que. (INS) — Cecile Dionne, 22, one of the four surviving quintuplets, said today in Montreal she plans to marry Philippe Langlois, 26, in August.

Cecile added that the couple plans to honeymoon in Europe.

South Africa had 61 race courses 50 years ago compared with 25 where horse racing is held today, Johannesburg reports.

Known as Soreheads

CARBONDALE, Ill. (AP) — On campus, Southern Illinois University geology students are known as soreheads. Their department is housed in a basement. Maximum clearance is six feet. Pipes in

some places dip lower than four. But staff and students have kept their heads and will be moved to roomier quarters next fall.

An ordinary sneeze travels two to three feet.

Truth Proves Blunter

HUNTINGTON, W. Va. (AP) — A Huntington man, with bruises and cuts on his head, complained to police that he had been attacked by someone with a blunt instrument. The investigation developed

that he had been in a poker game and was caught cheating.

Ajit Singh has set a new Indian record of 4 hours 47 minutes 29.6 seconds for the 50-kilometer (about 31 miles) walk, New Delhi reports.

Prison Inmates Prefer Solitary to Loss of Radio

MILWAUKEE (AP) — Inmates at Wisconsin State Prison are rarely "put in solitary" anymore—instead they lose their radio earphones or

other recreational privileges. The system, according to Warden John Burke, is very effective. "We had a fellow who actually asked for 'solitary' instead of a 5-day loss of radio privileges," Burke said. "He didn't want to miss the weekend football games."

Gun's His 'Security' in Loan Firm Holdup

DETROIT (AP) — "I want a loan and this is my security," said a man pointing a .45 automatic at Asst. Manager Jerry Gill of the Aetna Finance Co.

The gunman ordered Gill to back away from the counter. Then he locked six other employees and two customers in a washroom. He seized \$2,000 in bills from a cash drawer, put the money in a paper bag and fled with another man who had been waiting near the front door.

Crash on Hill Kills One

IONIA (AP) — Two cars collided at the crest of a hill in Montcalm County Monday, killing Stanley Eastman, 52, of Crystal. The other driver, Doris Girwood, 29, of Henderson, was injured. The crash

occurred on a county road three miles south of Vestaburg.

Bookmakers in South Africa are gloomy, saying that racegoers are not betting as much this year as they did in 1954 and 1955, Johannesburg reports.

Bomb Scare Fizzles in Clatter of Beer Cans

PHOENIX, Ariz. (AP) — "The package went glub-glub when you turned it and made a metallic rattle like a bomb," said watchman

Robert Stobkey when he found the parcel on the steps of Memorial Hospital. He called the police.

Officers gingerly unwrapped the package and found half a dozen cans of beer and an opener inside. No record was made of who got the brew.

Wife Deducts Herself

QUINCY, Ill. (AP) — Earl Conrad Ohnemus, 27, pleaded guilty in police court to the charge of assault and battery preferred against him by his estranged wife, June Ohnemus, after a ruckus when she

refused to allow him to claim her as an income tax deduction. Mrs. Ohnemus claimed she receives no support from him and refused his request.

The English walnut had its origin in Persia.

Tough, Able Servant of Jordan's Kings Rifai Called Back in Crises

BY INTERNATIONAL NEWS SERVICE
Samir Pasha Rifai has long been a tough and able servant of the Hashemite kings of modern Jordan, usually in time of crisis.

Now in his late sixties, he is serving once more, this time as foreign minister and strong man backing 21-year-old King Hussein.

Evidence of his position was the way he implied to newsmen Monday that Jordan would accept the U. S. offer of \$10,000,000 to help in its battle to stay independent and anti-Communist.

He spoke with authority. "We welcome aid from anyone, anywhere," he said, "provided it is offered unconditionally and does not interfere in any way with our freedom, sovereignty and independence."

Twice before in recent years Rifai played a major part in the country's future. He held the post of premier when King Abdullah, Hussein's grandfather and founder of modern Jordan, was assassinated in 1951.

Much to the surprise of diplo-

matic observers and Jordanian subjects, Rifai kept the country stable and strong in the weeks of trouble.

FIRE GLUBB

Again last year, it was Premier Rifai who told Lt. Gen. Sir John Bagot Glubb he was fired as commander of Jordan's Arab Legion. Glubb said later Rifai's manner at the crucial interview was "polite and peremptory."

Under King Abdullah he was one of two or three leaders who alternated in the top posts according to the king's pleasure. Another of those leaders was Ibrahim Hashem, now premier.

One of Abdullah's great dreams was a "Greater Syria," a union of Iraq, Syria, Palestine and Jordan. And Rifai always has favored strong Arab ties rather than ties to the West like the Baghdad Pact.

He served as premier last year for four months to lead the government through refusal to join the pact. Although clearly still against Jordan's joining the Baghdad Agreement, Rifai has left no doubt about his and the government's stand toward International Communism. He stated:

"Jordan is against any alien doctrine contrary to our beliefs, customs and traditions."

Gen. Litzberg Heads U.N. Armistice Group

MUNSAN-NI, Korea (AP)—U. S. Marine Corps Maj. Gen. Homer L. Litzberg today took over as senior member of the U. N. Command component of the Military Armistice Commission here.

Litzberg succeeded Maj. Gen. Matthew K. Dichelmann, U. S. Air Force, who had served as senior member of the five-man commission since last November. Dichelmann was reassigned as special assistant to the commander of the Far East Air Force.

First elevated railway in New York was opened for use in 1868.

NO HORSEPOWER HERE — JUST MULE POWER — Mule power is still the vogue on the Roswell McKelvia farm in Owosso. McKelvia, (right) and his partner, Floyd Peck, work 100 acres with the help of the sturdy quartet shown with them.

Miami Golf Course Opened to Negroes

MIAMI, Fla. (AP)—Federal Judge Emmet C. Choate has ordered the Miami Springs golf course opened to Negro players at all times, effective May 10.

The judge yesterday signed an order which holds that the present one-day-a-week use by Negroes is unconstitutional.

The course is owned by the city of Miami and is the only golf course this city operates.

The order was on a suit brought by four Negroes for full privileges of the course.

Miami city attorneys argued that no federal law makes integration of golf courses mandatory and that opening the course to Negroes would endanger the "peace, health and safety" of both Miami and the city of Miami Springs.

Plan Approved by Ike Goes on Shelf

Rayburn Rules Out Action to Shift Executive Power

WASHINGTON (INS)—House Speaker Sam Rayburn virtually ruled out today any action this year on President Eisenhower's proposal for transfer of presidential powers if a Chief Executive became incapacitated.

The powerful Texas Democrat predicted the House would "not do anything" about what Rayburn sarcastically termed the "Eisenhower retirement bill."

Under the plan approved by the President the Constitution would be amended to allow a Chief Executive to transfer his powers and duties to the vice president in the event he was unable to perform them.

The proposal held that if a president was unable to make the de-

cision, the vice president and the cabinet could decide "when the transfer should take place."

At the time the plan was laid before the House Judiciary Committee, there was speculation that Eisenhower might turn over the functions of his office to Vice President Richard M. Nixon before completing his second term.

Queried about the speculation, Eisenhower told a news conference that it was the "worst rot" he had heard since he entered the White House.

Rayburn's comment came as he told newsmen that from a legislative standpoint the House is in "better shape than we've ever been in on May 1 before."

U.S. Sends Grain to Relieve Famine

NEW DELHI (AP)—With near-famine conditions reported developing in several Indian states, the U. S. Embassy today announced two shiploads of American grain are arriving in India every three days.

The embassy said India had received 600,000 metric tons of grain by March 31 under the agricultural commodities agreement signed last August, and that probably 200,000 tons were delivered in April.

Deliveries are expected to continue at the 200,000-ton monthly rate. Earlier delays were blamed on the closing of the Suez Canal.

Under the three-year agreement India pays rupees for the American wheat, rice, cotton and other agricultural products.

The United States will lend back \$234,100,000 worth of the rupees for Indian economic development. Another 54 millions will be given to India as a direct grant, and the United States will spend 72 millions in India for its diplomatic establishments and other expenses.

Curb and Gutter Program Is Cut

Portions of New York, East Colgate Dropped at Owners' Request

Residents of East Colgate and New York avenues told city commissioners last evening that they were financially unable to pay for curb and gutter improvements for their streets.

After hearing some 18 residents of the two streets, living between University and the Pontiac, Oxford, & Northern Railroad, Commissioner Floyd P. Miles asked that the two projects be deleted from the 1957 program. The commission agreed to this.

"We all seem pretty well satisfied the way the street is," said Cecil L. Foster, of 108 E. Colgate.

City Engineer Lewis M. Wrenn said other residents of East New York from Baldwin to the railroad would still get the curbing after a new estimate for this work is tabulated.

The bulk of last night's agenda contained mostly other public improvement matters. There were five engineer's estimates aired for which hearings will be held next week.

There were 11 other public hearings in addition to those for Colgate and New York avenues.

Union Agent Found Guilty of Assault

Floyd B. Harmon, 47, a business agent for Pontiac Teamsters Local 614, yesterday was found guilty of assault and battery of a union member in a Bloomfield Township tavern last month.

West Bloomfield Township Justice Elmer C. Dietrich fined Harmon \$25 plus \$10 costs, or to spend 15 days in jail.

Harmon, who lives at 2990 Barnes St., Waterford Township, immediately appealed the decision to circuit court, according to Dietrich.

He was charged with slugging Roy Smith, 33, of Keego Harbor. Smith was reported to have attempted to take his picture in the bar.

Litter-ally 'No'

DETROIT — The Detroit Common Council turned down a request from an advertising agency for permission to drop 25,000 leaflets over the city in a fund-raising drive. The council decided the air-drop would violate the city's anti-littering ordinance.

Nicaragua Cancels Call; Tiff Cooling

MANAGUA, Nicaragua (U)—The Nicaraguan-Honduran border tiff appeared cooling today with word that Nicaragua's army chief has canceled a callup of reserves and withdrawn orders to post troops on the frontier.

The chief of staff, Gen. Anastasio Somoza Jr., said he took the step because of Honduras' decision to take her complaint to the Organization of Central American States.

Honduras charged last week that 50 Nicaraguan soldiers moved into a town at the edge of the newly created frontier province of Gracia a Dios. Nicaragua contended the town, Mocoron, was in Nicaraguan territory. Diplomats from the United States and Latin American coun-

tries assembled in Managua for the inauguration of President Luis Somoza. He has been filling out the unexpired term of his assassinated father, Gen. Anastasio Somoza, and was elected to a six-year term in February.

Kosciński Quits Bench, U.S. Judge 12 Years

DETROIT — Federal Judge Arthur A. Kosciński, 70, yesterday retired after 12 years on the bench. Kosciński had submitted his letter of retirement to President Eisenhower early last month. He cited poor health as the reason for his retirement.

Kosciński was appointed to the bench by President Roosevelt to succeed the late Judge Arthur J. Tuttle.

Sen. Potter (R-Mich) has recommended Clifford O. Sullivan, Republican national committee-

Child Abandonment Complaint Sought

LOS ANGELES (U)—Juvenile officers are seeking a child-abandonment complaint against 43-year-old Mrs. Sadie Bernstein, who walked into a police station with her teen-age son and said: "You take him. I don't want him any more."

Mrs. Bernstein said her 13-year-old son Jerrald was incorrigible, and psychiatrists and marriage counselors haven't helped.

"Basically," she said, "he's a good kid and intelligent. But he's destructive. He steals and lies and everything he touches is destroyed."

Said the boy's father Nathan, 36: "We didn't know what to do... If we have to go to jail for this, that's the way it has to be." Jerrald, in Juvenile Hall, said he got a 13-cent-a-week allowance.

Wives Risk All Trying to Join Refugee Mates

VIENNA (U)—The wives of refugees already in the West are risking their lives, and sometimes their children's, by trying to flee across the heavily guarded Hungarian border to Austria.

The Iron Curtain—a barrier of barbed wire fences and mines—is rising again on Hungary's western frontier.

Many women are making a last-minute, desperate dash to freedom. Only a few succeed each week.

One who succeeded is Ilona Martas, a hairdresser from Budapest. At 32 this pretty, slim woman is turning grey. Sitting with her arm around her 37-year-old husband Lajos, Ilona shivers as she tells her story:

"I first tried to get away in January, but she was stopped by the Communist border guards and sent back to Budapest with a rubber stamp in my identity card, saying that I was a would-be escapee."

I knew that I would be picked up by the AVO secret police sooner or later and with that mark in my identification papers I would be finished.

"Finally I could stand the fear of being arrested no longer. I disguised myself as an old peasant woman and traveled by train to a station near the Austrian border. Each time there were security checks I went into the ladies' room."

"A farmer helped me. At night he put me on his cart and drove me to a place about 10 miles from the Austrian border. He showed me in which direction to go."

"When you see a neon glow you are in Austria," he said. I walked on alone.

"I stumbled through the pitch darkness. Sometimes I fell into holes and ditches. Twice I had to cross a river of icy water and nearly drowned."

Mrs. Martas was found unconscious on a street of the Austrian border village Deutschkreutz. She is now in a refugee camp awaiting emigration to any country that will take her and her husband, a barber.

Seven life-savers' teams, including one of women, have been organized at Vereiningung, South Africa, following several drownings on local rivers.

Jordan has severed all economic ties with France, by two orders reform law will add heavily to the government costs. Leprosy is now under control in the Gold Coast and on the way out, Accra reports.

THE PREFERRED BOURBON OF HENRY CLAY! Senator Henry Clay knew and prized the hospitable qualities of Old Crow. His friend, Dr. James Crook, shipped it by the barrel to his home in Washington, D.C. regularly.

HOW PLYMOUTH'S BIG ECONOMY WIN AFFECTS YOU!

If you're an average driver, you wouldn't have had a chance in this year's Mobilgas Economy Run. It takes seasoned professionals to win in this kind of competition.

Every car of every make entered in the 1957 Mobilgas Economy Run was a new 1957 stock model. Every car was carefully tuned for the Run and the cars were piloted by real experts in this exacting kind of driving. Naturally, the mileage they got is higher than the figure you can expect.

The way this race—and all previous Mobilgas Economy Runs—was judged is another area that should interest you:

Cars of different weights and engine displacements cannot compete on an equal basis. Such a competition would produce misleading miles-per-gallon figures. If miles-per-gallon were the only consideration, a motor bike could run away with first place. Obviously, other factors must be considered.

In order to give all cars a fair chance, the engineers used ton-miles-per-gallon as their yardstick—and as a basis for the official Mobilgas Economy Run prizes. This establishes a definite relationship between gasoline consumed, distance traveled, and weight carried. It is the only measure of gasoline economy that has any real significance to the engineers—or to you as an average motorist.

Now look at the results of the Run with the above thoughts in mind: Plymouth swept its field—First Place winner in "Class A," the division that included all the well-known low-price cars. As certified by the United

States Automobile Club, Plymouth's official ton-miles-per-gallon led the entire "Class A" field.

Bear in mind, too, that Plymouth's winning mark was set using a V-8 engine with TorqueFlite automatic transmission. Several of the losing cars in Plymouth's division used 6-cylinder engines—supposedly more economical. But Plymouth beat every car in sight, 6's and V-8's alike.

But here's what Plymouth's victory does mean to you: The Plymouth you buy at your Plymouth dealer's is the same, engine for engine, part for part, as the Plymouth that won the Mobilgas Economy Run.

The superior engineering that enabled Plymouth to run away with first place is built into every Plymouth. And that means you can expect economy that will save you real money in ordinary driving.

So before you invest a dime in any automobile, it's to your advantage to compare all three low-price cars. Compare them for economy... for beauty... for riding and handling ease... for performance. Then make your decision.

Only Plymouth dares to make so bold a challenge, because only Plymouth, of the low-price 3, has so many three-years-ahead features, yet leads its field in day-in, day-out economy.

Prove it to yourself. Your Plymouth dealer will be glad to give you a guest drive at your convenience.

Plymouth

The most beautiful—and most economical—car in its class.

Shell Oil Company
Announces a New Grade of Gasoline,
the Successor to Shell Premium

Super Shell with TCP

*It is the most powerful gasoline
any car can use*

The automobile industry is producing the most powerful cars ever offered the American public . . . cars with higher compression engines that *require* a more powerful gasoline in order to deliver full performance.

What's more, cars with still higher compression ratios, even more power, are planned for the years to come.

Clearly then, a more powerful grade of gasoline had to be made.

An entirely new grade of gasoline

The Shell Oil Company now introduces an entirely new grade of gasoline, Super Shell with TCP*. This gasoline not only meets the critical power needs of the highest compression automobiles—but, at the same time will give cars which have used premium-grade gasolines *better performance than ever*.

Super Shell with TCP is higher than high test, even more powerful than Shell Premium Gasoline which it replaces.

It is, in fact, the most powerful gasoline any car can use.

Super Shell has a built-in "power pack"

Here's how this is possible. Shell is America's largest maker of gasoline for commercial aviation. Aviation gasoline contains special power ingredients such as benzene, xylene, toluene. They pack more energy into a gallon of gasoline than anything else you can use. A high

concentration of these aromatics gives Super Shell its built-in "power pack."

What can Super Shell do for you?

Super Shell instantly and automatically supplies *any* engine with the full octane value required for knock-free power under *every* driving condition.

This means you get full knock-free power for maximum acceleration . . . from a standing start or for safe passing at highway speeds. And, when you're cruising along, Super Shell's extra energy is converted to extra miles per gallon.

TCP unleashes the full power of high octane

Today's powerful engines build up harmful engine deposits within a few thousand miles of driving. These deposits can cause substantial loss of power.

This is why Super Shell contains TCP additive . . . to neutralize harmful deposits and unleash the full power of high octane. Super Shell with TCP enables a car to deliver and keep on delivering its full power.

For a new gasoline—a new pump

When you drive into your local Shell station you'll find Super Shell with TCP in a new white pump. It's a bargain in quality—a bargain in price . . . Super Shell is the most powerful gasoline *any* car can use!

*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

Get Super Shell at the New White Pump

Quint Plans to Be Wed in Autumn

Cecile and Fiance May Visit Europe on Honeymoon

MONTREAL (U)—Cecile Dionne plans to get married in the fall and hopes to go to Europe on her honeymoon.

The first of the Dionne quintuplets to become engaged, Cecile said in a Montreal Herald interview that she and radio technician Philippe Langlois, 26, probably will marry some time after she graduates from a nursing course here in August.

She reported her plans are approved by her parents, Mr. and Mrs. Oliva Dionne of Callander, Ont.

"My father likes Philippe very much and Philippe likes my father," she said. "My mother is very pleased, very happy."

The four remaining Dionne quintuplets will be 23 on May 28. Cecile and Yvonne, in the same class of a nursing course at Notre Dame de L'Esperance hospital in suburban St. Laurent, are currently taking an obstetrics course at St. Justine's Hospital.

"I like my obstetrics course very much," Cecile said. "I like babies."

Annette Dionne is studying music in Quebec City, Marie, after giving up a small flower shop named for Emilie, who died in 1954, is acting as housekeeper for Yvonne and Cecile.

Cecile said she wants to go to Europe for a honeymoon, "because I have never been there." "It would be very nice, very lovely," she said.

Wellesley Club of Birmingham Hears Surgeon

Mr. and Mrs. John M. Campbell were hosts in their Birmingham home to members of the Birmingham Wellesley Club recently. Husbands were guests.

Dr. James B. Blodgett, chief of the first surgical service at Grace Hospital, was guest speaker. Dr. Blodgett discussed some of the current techniques used in heart surgery and exhibited a color movie.

"Things that seem impossible today," Dr. Blodgett said, "will be commonplace tomorrow." One point stressed by the doctor was that the advances made in heart surgery in the last few years have been the result of continuous research.

Bridge Winners

Pontiac Duplicate Bridge Club announces winners of the Monday meeting at Hotel Roosevelt. Taking first place honors were Joseph Nouse and Abbey Roberts, and Herbert Beyers was second place winner.

"Religion and Psychiatry" was a panel discussion attended by more than 500 at Pontiac State Hospital Monday night. Panel members (left to right) were the Rev. C. George Widdifield of All Saints Episcopal Church, Rabbi

Israel A. Goodman of Congregation B'nai Israel, the Rev. John A. Tres, assistant secretary of Catholic charities, Archdiocese of Detroit, and Dr. Ivan A. LaCore, medical superintendent of Pontiac State Hospital.

1,400 Attend Hospital Workshops to Explain, Foster Mental Health

Community participation in the workshops held at Pontiac State Hospital Monday night evidenced an enlightened and responsive community. Among the 1,400 attending were people from Detroit, Mount Clemens and Holly, as well as the Pontiac area.

Pointed out in the "Mental Health Is Your Responsibility" panel was the need for furthering the knowledge and understanding of the mentally ill, and the need for acute treatment hospitals.

Oakland County has no such hospital and those needing care are taken to jails, the participants were told. This type of patient often needs to be treated briefly as the illness is acute and often is corrected in a 30 to 60-day period.

Recognized also was the need for halfway hospitals for the patient who is to be rehabilitated and returned to his community.

Education of employers in accepting the patient back to work is another important factor in the patient's rehabilitation. Those attending the workshops accepted the fact that it is their responsibility for helping recovered patients in their adjustment to society.

CARE EVALUATED
Another panel discussed "Modern Treatment in Mental Illness." The various hospital departments, medical, recreational therapy, occupational therapy, social service, psychology and nursing, were evaluated, and the use of the new drugs was discussed.

Consensus of panel members was that the whole man is being treated with team relationship of hospital staff and community.

Members of the panel on "Religion and Psychiatry" pointed out that both religion and psychiatry attempt to help people achieve a state of physical and mental well-being by accepting themselves as they are.

This was interpreted to mean that the individual accepts his capacities as well as his limitations. This acceptance is important in finding individual goals and helps work out problems arising to interfere with achievement of these goals.

Religion, panel members agreed, supplies the spirit needed to work

out problems, and an understanding of behavior helps to fulfill religion's aims.

On the panel "Mental Health and Our Children," Prof. Clarence Freud of the University of Michigan discussed legislative progress regarding child welfare.

Joseph Ryder of the Flint Youth Bureau told of the Big Brother organization in the Flint area, and Jeanne Barbour, psychiatric social worker at Pontiac State Hospital, gave a concise picture of the knowledge gained in the rearing of mentally healthy children.

Dr. James M. McHugh, di-

rector of the Child Psychiatry Department of the hospital, pointed out the public's responsibility in improving and supporting existing facilities.

During this week the hospital has conducted tours and given explanations of the care and treatment of patients.

"Modern Treatment in Mental Illness" was one of the discussions held at Pontiac State Hospital Monday night. Participating in this panel discussion was Mildred Boyle (center), psychiatric case work supervisor at the hospital. Assisting with the panel, "Mental Health

Is Your Responsibility," were Ted Lindsay (left), a member of the Detroit Red Wings hockey club, and Donald Harrower (right), president of the Oakland County Citizens' Committee for Pontiac State Hospital.

PHS Vocal Department Will Present Annual 'Say It With Music' May 7-9-10

"Say It With Music," the annual spring concert by the Pontiac High School Vocal Department, will be presented three evenings, May 7, 9 and 10. Over 600 singers will participate.

The Girls' Glee Clubs will sing a group of songs called "The Best Things in Life Are Free"—"Stairway to the Stars" (Signorelli).

"Mountains" (Rasbach), "Clouds" (Charles), "Song of the Brook" (Schubert) and "Morning" (Speaks).

The Selective Girls' Glee Club will sing Branscombe's "Son and the Warm Brown Earth" and Mitchell's "Love Is the Wind." To complete this group, the Junior Boys' Ensemble will offer

"Standing on the Corner" (Loesser).

"Ship Ahoy!" headlines the songs by the Boys' Glee Clubs. "I Must Go Down to the Sea" (Cain) and "Sing Me a Chanty with a Yo-Heave-Ho" (Wellesley) open this group in which Mike O'Berry will have solo lines.

"The Sea" (Huerter), "A-Roving" (art. Rowley) and "Roadways" (Clark) close this section. Shirley Hutchison will present an "Anchors Aweigh" dance. Soloists in "A-Roving" will be Sam Baughy, Dick Hathaway, Richard Mann, Bill McClure and Duke Relyea.

CLUB DIRECTORS
Mrs. Doreen Voltmann and Edward Banghart will direct the Boys' and Girls' Glee Clubs.

"Youth for God and Country" is the appropriate caption for the finale which will include the entire department.

Songs which have been selected to carry out this theme are "While We're Young" (arr. Ringwald), "Your Land and My Land" (Romberg), "America the Beautiful" (Ward) and "A Mighty Fortress Is Our God" (arr. Gardner).

Other groups which will participate will be the choir and three additional vocal ensembles. Tickets are 50 cents and have been issued to Vocal Department students and may be obtained by contacting these students or the Vocal Department office. All seats will be reserved.

Personal News of Interest

Following a month vacation spent at Palm Beach Shores Fla., Mr. and Mrs. Stuart E. Whitfield have returned to their home on Cherokee road.

Their son, William, a student at New York University, joined them in Florida during the spring recess.

A dinner held at the home of Mr. and Mrs. Donald Pennell on Emily court, was held recently honoring Richard and Donald Weir, sons of Mr. and Mrs. Ralph Weir of Fiddis avenue. Richard left today for the U. S. Army and Donald is on leave from the U.S. Air Force.

Mrs. Hilda Cornell and Mr. and Mrs. Kenneth Cornell and children of Virginia, Minn. are visiting at the home of Mr. and Mrs. Harlan Fogal of Crescent Lake.

Richard E. Soulin, son of Mrs. Rosina L. Soulin of Savoy drive, was recently elected to Tau Beta

Pi, national engineering honorary society, at University of Michigan. He is also a member of Pi Tau Sigma, national mechanical engineering honorary fraternity.

Time Warrior of East Berkshire road, will be among the 25 students initiated into Wayne State University's chapter of Phi Beta Kappa on May 8 in the auditorium of Kresge Science Library.

Following the 5 p.m. initiation ceremonies, Time and her guests will attend a dinner in the University Student Center.

Mr. and Mrs. Ronald Rogers of Euclid street are the proud parents of a son, Ronald Duncan, born April 30 at St. Joseph Mercy Hospital.

Grandparents of the infant are Mr. and Mrs. David Rogers of Pine Lake and Mr. and Mrs. Robert Fuller of Euclid street.

New Chippewa Symphony Marks Musical Milestone

By DORA DAWSON

Michigan musical history was added to with the premiere playing of the Chippewa Symphony, composed and directed by Celia Merrill Turner, associate conductor of the Pontiac Symphony Orchestra, at its final concert of this season Tuesday night in Lincoln Junior High School.

Basing her symphony on an old Indian legend among the Chippewas, who roamed this area, Mrs. Turner used authentic thematic material, creating a work in three movements that was full of characteristic feeling and imagination.

As each theme was developed, there was unusual orchestral strength and tone, with great resonance and harmonic beauty.

Using her knowledge of composition, she built tonal combinations that were fascinating, and opposing rhythms that challenged the orchestra, which did a splendid job in responding to her direction and helping to make this a monumental work, worthy of lasting recognition in musical literature. Mrs. Turner received an ovation and enthusiastic applause from the audience.

The concert opened with Francesco DiBlasi, the director, and the orchestra playing the overture to "Ruddian and Ludmilla" by Glinka, full of sweep and gaily tuneful, a colorful opening number. The Chippewa Symphony followed this.

GUEST SOPRANO
Following intermission, four songs were delightfully sung by Stella Peralta Baumann, Detroit soprano, who won the audience with her youthful charm, ingenuousness and melodious warm quality of voice, well placed in range in "O Sleep, Why Dost Thou Leave Me" by Handel, "Batti, Batti" from Don Giovanni by Mozart, "Jewel Song" from Faust by Gounod, and "The Laughing Song" from Die Fledermaus by Strauss.

The orchestra was heard again, as a unit, in the overture to the opera "Mignon" by Thomas. This is a wonderful work, one of the most tuneful, opening with a melody that is like an art song, with the harp having an opportunity to be heard in a lovely part. Then follow other melodies that are gems of melodic beauty and ecstatic fervor.

Responding to the demands of the audience, the orchestra played the prelude to the third act of Lohengrin by Wagner as an encore.

Richard Poole, president of the Pontiac Symphony Orchestra Association, expressed his appreciation for the interest and attendance of the audiences this past year and spoke of the year to come

and its success depending on the continued support and backing of the orchestra as a permanent Pontiac institution.

The devoted work of a great many people, looking after many necessary details, help in a large part to bring success to these concerts, besides the regular rehearsals and preparation of the orchestra. Excellent music, fine soloists and faithful audiences are a combination that makes for success.

At each concert there have been ushers chosen from different groups of young people. Those serving Tuesday evening were from the Student League of Tuesday Musicales Club and the instrumental department of Pontiac High School.

They were Jack Horner, Mona Richie, Jay Owen, Alex Sekles, Carol Young, Lynn Benter, Karen Beam, Kenneth Bogard and Marsha Cameron.

Webster-Washington Girl Scouts Conduct Court of Awards

The Webster-Washington Neighborhood Association of Girl Scouts held its second annual Court of Awards last night in the auditorium of Washington Junior High School.

Members of Troops 230 and 228 carried the Flags and, with representatives from all the troops, presented the Flag ceremony. The

processional and the National Anthem were played by Kathy LaCore.

Mrs. Donald Smith, neighborhood chairman, welcomed 300 parents, relatives and friends of the Girl Scouts. Mrs. Jay Bendall, vice president of the Northern Oakland County Girl Scouts, spoke of the progression which

is to be found in the Girl Scout program for girls from 7 to 14.

Brownies of Troop 337 were presented with gold wings by their leader, Mrs. C. N. Dearing, and were invested as Girl Scouts by their new leader, Mrs. W. G. Clifford, in a fly-up ceremony. Troop leaders presented their Intermediate Scout's 10-14, with earned

rank and badge insignia and five-year pins.

Evelyn Amidon and Sandra Griffin received their curved bar awards. This signifies they have earned first-class rank and five additional badges. It is the highest rank an Intermediate Scout can achieve.

Senior Scout's 14-17, continue to live up to the Girl Scout Promise to "help other people at all times . . ." and choose a field in which to concentrate. Those who have just earned their program aide bars are Kathy Beebe, Sherry Fink, Sue Koprince and Cornelia Riggs.

After completing 10 hours of instruction by Carolanne Bingham, district director, the Scouts devoted 30 hours each to working with youth groups, such as Brownie troops, young Intermediate troops and Sunday School classes, helping the leaders with art and crafts, games and songs.

After instruction by Irene Dawson, school librarian, Sue Koprince and Barbara Shadley each devoted 30 hours of service to the library, to qualify for the library aide award.

Adults in Scouting receiving their five-year pins were Mrs. Harry Arnkoff, Mrs. Ferdinand Gaensbauer, Mrs. William Merrill, Mrs. Walter Proffitt and Mrs. Raymond Rapaport.

Recognized for their contributions were Jo Anne Dearing, Mrs. Patricia Bryce, Mrs. Ivan LaCore and Mrs. Thelma Reid.

TAPS PRESENTED
In conclusion, the Scouts sang Taps accompanied by Sharon Sue Snyder at the piano.

Mrs. Patricia Bryce was general chairman of the Court of Awards. Mrs. Glenn Griffin served as program chairman. Mrs. Norman Feet was in charge of table displays, assisted by Mrs. Harold Lankey, Mrs. Jack Brannack and Mrs. Allen Denham. Troop 322 members, under the leadership of Mrs. Harry Serwin, served as ushers.

A Court of Awards presentation was held Tuesday evening at Washington Junior High School. Receiving special awards from Mrs. Donald Smith (right) of Wenonah drive were (left to right)

Cornelia Riggs, of Augusta avenue; Sherry Fink of Onawa drive, Kathy Beebe of East Iroquois road and Sue Koprince of West Iroquois road.

Regular Lubrication Is Essential

Wrinkling Can Be Slowed Down

By JOSEPHINE LOWMAN
Sooner or later every woman must collect her share of wrinkles. I have been told, however, that insane persons never get lines. Nevertheless, just to be sure, I have used creams and oils. It seems that we get most of our wrinkles when worries and hurried experiences make us think we will lose our minds.

This creasing project can be slowed down greatly and even delayed for years. You all know women of 40 who have more lines than others of 50 or more. Many factors enter into this.

First there are varied reasons for the change in facial contour and for the lines we get. The natural oils in the skin decrease as the years pass.

The fatty deposits between the skin and the muscles also decrease with time. The muscles themselves become more lax. Facial mannerisms and disposition are telling factors, too. Now let us consider how to minimize these age signs! Of course fine nutrition, regular exercise and good health are great allies. Habitual daily or nightly lubrication is essential, so that the skin remains pliable.

Habitual daily or nightly skin lubrication is essential, so that the skin remains pliable.

If you constantly lift your eyebrows when talking or reading or listening or thinking, you are bound to get horizontal lines on your forehead. If you have the habit of pulling the corners of your mouth down to emphasize what you are saying, you are certain to have lines from the nose to the mouth.

Now here are some specific tips for treating those lines:

For the line between the brows, apply cream and massage along the line using the finger in a rotary motion. Wipe cream off and paste court plaster over the line at night.

For fine lines under the eyes, pat a good eye cream about the eyes each night. Do not massage but pat gently. Wear colored glasses when out in the bright sunlight in order to avoid squinting.

For crow's feet at the corners of the eyes, massage along the line in rotary motion. Apply cream first. Avoid squinting. You actually can "iron" these out to a great extent with this sort of massage.

If you would like my free leaflet "Facial Exercises," send a stamped, self-addressed envelope with your request for leaflet No. 9 to Josephine Lowman in care of The Pontiac Press.

Too Many U. S. Women Are Waiting to Be Happy

They Don't Know That Realization of
Dreams Won't Bring Lasting Joy

BY RUTH MILLETT
America is full of women waiting to be happy.

Some of them think they are going to be happy when all their children are in school and they have a little time for themselves.

Some are waiting to be happy until their husbands get a promotion or a raise.

Some are sure they will be happy if they ever get a larger or a more convenient house.

Some even kid themselves into believing they would be happy if they could redecorate the house.

It's amazing how many excuses a woman can find for not being happy here and now and how easily she can deceive herself into thinking she would be happy if she just had this or had that.

NEVER HAPPY
But, of course, the woman who is always going to be happy sometime in the future never ends up by being happy at all.

As soon as she gets one thing she wants another. The freedom she thinks she is going to enjoy when the children are able to look

after themselves, more often than not turns into a feeling of loneliness and frustration. As soon as she gets time on her hands she begins to worry because nobody seems to need her any more.

The only happy women are those who realize that it is today that is important, today that counts; that today is the time to be happy.

They have ambitions and plans and dreams, just like unhappy women. But they don't kid themselves that they can wait to be happy until they have whatever seems vitally important at the moment.

They are willing to be happy

with what they have while working toward their future goals.

Any woman who kids herself that she will be happy as soon as she can have this or is able to do that is just pushing happiness ahead of her — always a little beyond her grasp.

Gathering Held by Hoedowners

Members and guests of Hoedowners Square Dance Club gathered on the Waterford CAI Building Saturday evening for a dinner-dance.

Following dinner, a short skit was presented by George Beauchamp, Leonard Buzz, Fred Froede and Merton Brummett. Calling the dances were Duane Brown, Cecil Elsholz, Mr. Froede, Howard Hatfield, Glen Hartung, Ted Hoyt and Mr. Beauchamp.

Guests for the evening were Mr. and Mrs. Nick Manzella and Mr. and Mrs. Russ Ryndress and daughter, Pat.

T. Jefferson's Food Ideas Were Good

Mrs. Hadden Likes
to Serve Pancakes
in Colonial Style

By JANET ODELL

Pontiac Press Home Editor

Sunday morning entertaining is fun. Long leisurely breakfasts call for something special in the way of food. Mrs. Clyde Hadden of Lake Angelus says she likes to serve Thomas Jefferson's pancakes.

Mrs. Hadden is an enthusiastic lake dweller. Her main hobby is bird watching. In connection with this she is a member of the Audubon Society. She loves to have her Pontiac grandchildren visit her.

Thomas Jefferson's Pancakes

By Mrs. Clyde Hadden

2 cups sifted flour

Pinch of salt

3 egg yolks, beaten very light

2 tablespoons melted oil

1 cup cream (about)

3 egg whites, beaten stiff

Sugar or margarine

Sugar

Sift flour into bowl, add salt and

beaten egg yolks and oil. Add

cream to make a thin batter. Fold

in stiffly beaten egg whites.

Use a tablespoon of butter or

margarine for cooking each pan-

cake. Sprinkle each with sugar

when it is done and stack on a

pan. When all are done, place

under broiler for a few minutes

to glaze the top.

Cut in wedges to serve. You may

add lemon juice, currants or rais-

ins to the batter. You may roll

each pancake with jelly inside.

This batter will keep several days

in the refrigerator. Just beat it

up when you are ready to use it

again.

Back in favor for country week-

ends or travel: The gillie and the

buckled shoe, both worn with

ribbed cotton stockings in a lacy

texture.

Good Teacher Helps Talent Bloom

By ANNE KEYWOOD
Emerson said, "Our chief desire in life is somebody who shall make us do what we already can."

I think most of us know what he meant. We know somehow that there's some talent, some worth, or some ability within us, but we need someone to evoke it.

And when we meet a teacher — in whatever field — who has that quality, we never forget him.

Winifred Cecil is that kind of teacher, although technically I guess you'd call her a voice coach.

Miss Cecil conducts a course called "The Joy in Singing" at Town Hall in New York. This is the seventh year of the course.

and already many of the participants have embarked on successful careers.

JUST SO SO

The first time I saw Miss Cecil in action I knew that she was the kind of teacher Emerson had in mind.

A young singer stepped on the stage and began her song. Her voice was good enough, but she gave a so-so performance.

"When it was finished, Miss Cecil gently began to make what sounded like just a few suggestions. But the next time the girl sang, it was a new experience. She was simply marvelous."

I made a point of getting acquainted with Miss Cecil, because I had a feeling that she might have something important to say — not just to singers but to all people interested in unlocking their talents. And I was right.

Miss Cecil feels that singing, or any of the arts, is partly a matter of ability and partly a matter of putting yourself across.

AUDIENCE CONTACT

"Singers," she said, "even if they have beautiful voices, can get nowhere if they don't know what audience contact is."

"You have to sell yourself to the audience. So even a person with a limited voice can be a successful artist if he knows how to sell what's inside him, how to get things across."

If you're a performer, even an amateur at the harmonica, remember that you have to face an audience. So don't be shy and wait until you're perfect. Begin now to cultivate stage presence.

Miss Cecil also feels, as the title of her course suggests, that singing — and indeed any of the arts — should be fun.

Don't have a stiff, serious, self-conscious approach. Singing, playing, or acting can be a lot of fun. If it is, it will liberate you up, make you a lot happier and a lot more attractive!

(Copyright 1957)

To reside in Clarkston are Mr. and Mrs. William Essery. The bride is the former June Marion Newcombe, daughter of Mr. and Mrs. Thomas A. Newcombe of Drayton Plains. Mr. and Mrs. Alvin O. Essery of Centralia, Ont., are William's parents.

MR. and MRS. WILLIAM R. ESSERY

June Marion Newcombe Repeats Marriage Vows

Palms, candelabra and arrangements of white flowers banked the altar of Lakeland United Presbyterian Church for the Saturday afternoon wedding of June Marion Newcombe and William Robert Essery.

The Rev. Roy F. Lambert read the 4 o'clock ceremony in the presence of 250 guests.

June is the daughter of Mr. and Mrs. Thomas A. Newcombe of Drayton Plains, William is the son of Mr. and Mrs. Alvin O. Essery of Centralia, Ont.

A standing Queen Anne collar accented the bride's gown of French lace and nylon tulle. Six alternate tiers of lace and plicated tulle formed the full skirt.

A headpiece of lace trimmed with seed pearls held her fingertip veil of silk illusion. Her only jewelry was a strand of pearls, a gift of the bridegroom.

She carried an arrangement of white roses centered with a white orchid on her Bible.

GOWNED IN AQUA

Waltz-length gowns of aqua crystal were worn by the bride's attendants. Each wore a corsage of shattered pink carnations centered with garnet roses shaped on a wedding bell. Their floral headpieces matched their corsages.

Mrs. Richard F. Benham served as matron of honor. Betty Bryan

and JoAnne McLain were the bride's other attendants.

C. Jack Essery served his brother as best man. Ushers were Charles A. Rowe and John W. Newcombe.

A blue print dress with navy blue accessories was the choice of Mrs. Newcombe for her daughter's wedding.

Mrs. Essery wore a rose dress with navy blue accessories.

Assisting at the reception held in the church parlors were the bride's sorority sisters of Xi Alpha Nu Chapter of Beta Sigma Phi sorority.

The couple will reside in Clarkston on returning from a honeymoon in Washington, D. C., and Niagara Falls.

A good way to use up leftovers is to plan for them when you make out menus for the week. Don't let leftovers get spoiled before you get around to using them. You know your family's eating habits and can plan accordingly.

MR. and MRS. LeROY C. VESPIE

Patricia Smades Speaks Vows in St. Trinity Rite

St. Trinity Lutheran Church was the setting for the Saturday evening ceremony uniting in marriage Patricia Ann Smades and LeRoy C. Vespie. The Rev. Ralph Claus read the 7:30 o'clock service in the presence of 250 guests.

Patricia, daughter of Mr. and Mrs. Clifford C. Smades of Seward street, wore a floor-length nylon sheer gown for her wedding. Her bouquet was a cascade of stephanotis.

Margaret Vespie served as maid of honor, Marion Regentin as bridesmaid and Linda Smades as junior bridesmaid. The attendants were gowned alike in frocks of orchid dotted nylon accented with satin bows at the back.

For her duties as flower girl, Terrie Lynn Smades wore a white dotted nylon frock.

LeRoy, son of Mr. and Mrs. Martin Vespie of Lansing, Tenn., asked his brother, Ernest, to serve as best man. Seating the guests were

KEEP YOUR
FACE YOUTHFUL

One question asked of us each week is, "What can I do for my aging muscles and crepe skin?" Nature has given us a magic point — our blood stream. It brings to the tissue the material it needs for repair and renewal and carries away the waste. To step up this process we need only increase the flow of blood.

This is accomplished by exercise and massage. Making faces is good for muscle tone and stretching exercises are good for the neck. Raise chin high in the air and turn head from side to side. To make this one more effective, lie on your back on the bed raising your head an inch and turn it from side to side. Drop head back over the edge of bed and raise. Massage should be daily and don't worry about tearing the facial muscles. You can squeeze, rub, stroke and pinch the flesh of the neck and face until it glows and only good will come of it. If you do it daily the muscle tone of your face and neck will gradually improve. Your skin will take on a velvety smoothness. Be careful — avoid any moles.

Shower Given for Bride-Elect Norma Meyers

Bride-elect Norma Lee Meyers was honoree at a miscellaneous shower given Monday evening by Mrs. Claude Goff in her home on Seminole avenue.

Norma, daughter of Mr. and Mrs. Harold Meyers of Lapeer, will exchange vows May 11 at First Baptist Church in Lapeer with Milton Ferrett of Metamora.

Attending the shower were Mrs. Meyers, Mrs. George Blackerby, Mrs. Mike Chires, Mrs. James Meyers, Mrs. Allen Greenlee, Mrs. Ted Blackerby, Mrs. William Meyers, Mrs. Hattie Goff, Mrs. Arthur Goff, Mrs. Albert Slater, Mrs. Virgin Myers, Mrs. Pearl Cook, Mrs. Ellwood Jeanis, Mrs. Dayton Pender, Frances Goff and Diann Meyers.

Swiss labor is getting more overtime.

'Free Expression' Hard on Child

By MURIEL LAWRENCE

The letter says, "My 5-year-old grandson is being raised by the modern theory of 'free expression.' Two days ago, he insulted an old friend of mine he had met for the first time."

"When she offered to untangle a string for him that had gotten snarled in a toy, he told her to go home — that he didn't like her. His mother justified this by calling it his 'honesty.' What do you think of such training?"

I think it is pretty hard on the little boy.

If his parents continue to encourage such uncontrolled expression, he is going to attract more criticism than his 5-year-old confidence can take.

One of these days his "honesty" will provoke somebody else to a "free expression" of resentment that will shock him rather cruelly. Such an experience could end, not only in distrust of his parents' ability to protect him, but in rejection of honesty as a reliable quality.

It's unfortunate that the theorists of "free expression" ever suggested that a child's emotional health depends on his doing or saying anything he feels. Because it isn't true.

FALSIFIED FEELINGS
His emotional health, like ours, depends not on telling other people what he feels but on his knowing what he feels. It is when we make him falsify his feelings that the moral damage is done — when we make him PRETEND to like Grandma's friend when he doesn't like her.

So long as we respect his right to dislike her, we can ask him to refrain from expressing the feeling when the expression is unwise.

So what we might say to this little boy who must learn when silence is golden is this: "It is all right for you to dislike Grandma's friend. It is all right for you to wish she'd go home."

"But it was unwise to tell her so. It just started her disliking you and wishing you'd go home. So unless you want to be disliked yourself, don't tell strangers you don't like them."

Parents who refuse to put any controls on a child's free expression, whether it be a wagging tongue or a kicking foot, are self-motivated by interest in his honesty.

They are far more interested in using him to express their own rejections of conventional authority. Not daring to defy it themselves, they take a second-hand satisfaction in the child's defiance of it. They themselves are victims of emotional dishonesty.

Panhellenic Tea Fetes Senior Girls in Area Schools

Mrs. Lewis L. Irwin served as general chairman of the tenth annual Panhellenic Tea for senior girls of Pontiac area high schools held at Pontiac Federal Savings and Loan Building.

Mrs. Edward W. McGovern was moderator of a panel discussion. Stressing the fact that sorority life taught them scholarship, leadership and sociability were Mavis Fors of the University of Michigan, Marcia Smith of Western Michigan University, Chris Selden of Western Michigan University, Barbara Hess of Michigan State University and Carol Young of Michigan State University.

Mrs. Howard Owen spoke of the philanthropic work of Panhellenic. Mrs. R. L. Bronson and Mrs. Ralph O. Allen presided at the silver services at the recent affair.

Perfume should be kept away from heat and out of the sunlight. Heat and light cause evaporation, and may change the scent of the perfume completely.

MR. and MRS. JAMES A. DUBRE

Sally LeBarge Becomes Bride in St. Michael Rite

Honeymooning at Niagara Falls following their marriage Saturday are Mr. and Mrs. James Allen Dubre. The ceremony was read by the Rev. William Humel in St. Michael Church at 10 a.m.

The bride, the former Sally LeBarge, is the daughter of Mr. and Mrs. Louis F. LaBarge of East Tennyson avenue. James is the son of Mr. and Mrs. Francis Merchant of Elizabeth Lake road.

For her wedding Sally wore a gown of tulle and satin fashioned with a basque waist and full skirt that fell into a chapel sweep.

Venetian lace edged the scooped neckline and the short sleeves of the gown. Floating panels accented the sides of the skirt.

A pill-box headpiece of sequin and seed pearls held Sally's finger-top veil of silk illusion. Her bridal bouquet was of carnations, daisies and snapdragons.

BRIDAL ATTENDANTS
Attending the bride were Dorothy Burch as maid of honor and

Nancy, Cathy and Judy LaBarge, her sisters, as bridesmaids. Their ballerina-length gowns of dotted swiss were in yellow, pink, blue and orchid, respectively.

Their tiny nose veils were secured to matching crown-style headpieces. Each carried a basket of spring flowers in shades that matched her gown.

Ronald Wilhelm served as best man. Seating the guests were Floyd Weiss, Douglas LaBarge and Leroy Mirovsky.

For her daughter's wedding Mrs. LaBarge chose a gown of gray lace over pink tulle with pink accessories. Her corsage was of pink roses and white carnations.

Mrs. Merchant's choice was a gray and pink print with blue accessories. Her corsage was also of pink roses and white carnations. An evening reception was held at Amvets Hall.

Buying Tablecloth?

MADISON, Wis. (JNS) — Measure your table first before you choose a new tablecloth. A table cloth should be large enough so six inches hang over on each side, plus the hem.

The cocoon shape coat or the cape require height in hat. Only tall girls can carry brim plus coat fullness.

Nothing less than a perfectly ensembled outfit gives that great chic every fashion-conscious woman wants. Wide-at-top needs a narrow, tall headress unless worn by a very tall figure.

Want Your Clothes to Look Expensive?

Paris fashion experts suggest avoiding certain styles when buying cheaper clothes, to avoid a "cheap" look. Do not buy draped dresses, since draping must be done expertly and fitted to your individual figure in order to look well.

Also avoid eccentric prints, which are rarely elegant. Choose plain fabrics that are what they say they are rather than imitations of expensive clothes.

School Aid Gets Close Scrutiny

House Committee Sees Long Discussion Ahead; Fears Federal Control

WASHINGTON (AP)—A two-billion-dollar school construction bill came up today for close scrutiny by the House Education Committee.

Chairman Barden (D-NC) said he expected members would "have a lot of questions to ask" and he had no idea how long the committee would work on the measure.

In preliminary discussion before Congress took its Easter recess, some Southern members expressed fear of federal control. In addition, some economy-minded congressmen have doubted that the government should start a new spending program to add to a record peacetime budget.

Sen. Lyndon B. Johnson of Texas, Senate Democratic leader, listed several bills yesterday which he said would not be taken up by that body until the House completed action on them. One of the measures he mentioned was the school aid bill.

The school measure, as approved by subcommittee, would authorize:

1. A five-year program of 400 million dollars in annual grants to the states to help build public schools.

2. A 750-million-dollar fund for government purchase of school construction bonds of local communities unable to market their bonds otherwise at reasonable interest rates.

3. Federal advances of funds up to a total of 150 million dollars to state school financing agencies.

FEPC Voices Protest to Slashes in Budget

LANSING (AP)—Proposed budget cuts will mean cutting its educational program and slowing the processing of complaints, the state Fair Employment Practices Commission complained yesterday.

The commission asked for \$229,247, had \$207,381 recommended by Gov. Williams and is earmarked for \$137,928 under the proposed Republican budget.

The commission reported that 15 claims of discrimination in employment were adjusted since its last meeting and 17 cases were dismissed on the basis of insufficient evidence.

'DOLPHIN' GIRL — Talented Sophia Loren stars in "Boy on a Dolphin" opening today at the Blue Sky Drive-In, along with "Rebel in Town." Both pictures on the billing are having first runs in the area.

Mrs. Wheaton Starts Press Post Today

WASHINGTON (AP)—Mrs. Anne Wheaton, back from a vacation, takes over her new job today as associate press secretary in the White House. She is the first woman to serve in the post.

No formal ceremonies were scheduled for the occasion.

Mrs. Wheaton will occupy the executive wing office previously used by Murray Snyder, now in a top Defense Department press post.

A former newspaperwoman from Utica, N.Y., Mrs. Wheaton has been director of women's publicity for the Republican National Committee.

Woman Electrocuted While Watering Garden

NORWALK, Calif. (AP)—Mrs. Mary Thompson, 26, was electrocuted while watering her garden. Sheriff's deputies said her wet feet touched an electric wire strung by her husband to keep the dog out of flower beds.

Detective Sgt. Ray Hopkinson said the husband, Neil, had hitched the wire to a series of 60-watt bulbs, believing that would cut voltage down to a harmless level.

Pair Discover Blonde Lolling in Their Bed

NEW YORK (AP)—A Bronx baker and his wife found a blonde barmaid lolling in their bed yesterday. She was munching a cracker and enjoying a fruit cocktail.

The baker, Edward Hennessey, 30, and his wife, Betty, 26, returned to their apartment after a long weekend on Long Island. Walked into the bedroom and there was the shapely stranger propped up in bed.

She was wearing Mrs. Hennessey's lounging robe.

"What are you doing here?" the astonished couple blurted.

The blonde casually dipped up a spoonful of fruit and nibbled thoughtfully on the cracker.

"I'm tired," she said.

While Hennessey sputtered and his wife stormed, the blonde slowly continued her snack.

Finally she finished and stood up.

"I'll think I'll get dressed now," she said. "If you'll just step out of the room."

The nonplussed couple stepped out.

In a few minutes the blonde came out, wished the Hennesseys good night and said: "I'm going now."

But Hennessey grabbed her and his wife called police.

Police said she identified herself as Marion Darmanin, 23, an unemployed barmaid. She told them she entered the apartment via a dumbwaiter earlier in the day because she was hungry and had no money.

She was booked on a burglary charge.

Catfish in Cotton Patch

EDCOUCH, Tex. (AP)—Ray Guinn went out in his cotton patch and caught six catfish on a hook and line. He said he didn't know whether they were "adventurous catfish" that swam in from a flooded canal after weekend rains or displaced catfish dumped by a small tornado.

The experienced parent is one who has learned to sleep when the baby isn't looking... A psychiatrist is someone who figures out exactly what you're saying — the baby isn't looking... A psychologist is someone who figures out exactly what you're saying — the baby isn't looking... —Earl Wilson

NEW '75' HOUSE PAINT

WHITER WHITER!

From \$6.65 GAL.

Here's a tip! If you want the whitest house in the neighborhood, paint it this year with O'Brien's new "75" House Paint. Actually gets whiter the longer it's on. Covers in one coat. Easy brushing. Made with special Pre-Shrunk Oils, it looks better longer. Also available in colors.

U. S. Acts to Cut Red Lead in Teenage Pilots

WASHINGTON (INS)—Alarmed by intelligence reports that Soviet Russia is turning out 60,000 teenage pilots a year, besides its regular military fliers, the Senate and House Armed Services Committees will schedule hearings shortly on an expanded Civil Air Patrol Bill

to train high school boys and girls as pilots. The requested program is dirt-cheap. For the first year, on a trial basis limited to the Southwest Region, only \$128,000 is sought to provide 500 flight scholarships on a competitive basis among teen-

age youngsters who have already completed the 18-month intensive educational program now operated by CAP. The flight training would expand until, at the end of five years, 10,000 teenagers would be

receiving private pilot certificates each year. A recent survey discloses the startling fact that rich America is practically the only world power—major or minor—which does not have a subsidized flight training

program for youth of high school age. Among the nations now turning out government-sponsored pilots in regular youth training centers are Britain, Germany, France, Portugal, Spain, Belgium, Canada, Mexico, Venezuela, Brazil, Cuba and Peru.

The Air Force, it was learned, has just completed its full endorsement of the Civil Air Patrol Bill.

The Civil Aeronautics Administration has also given its blessing to the legislation which is sponsored by Sen. William A. Purtell (R-Conn.) and Rep. Owen Harris (D-Ark.).

Committees of both houses are expected to act as soon as the measure is cleared with the Army, Navy and the Budget Bureau. Twenty-six hundred communities now have Civil Air Patrol units where cadets, ranging in age from 14 to 18, attend classes one night weekly to gain basic ground knowledge of flying.

ATTEND SUMMER CAMP

On completion of their courses, the graduates must attend at least one summer encampment at an Air Force Base. They also tour airplane factories and airports.

Unfortunately, after all this solid groundwork, the youngsters are turned loose without ever having been taught to fly, and few of them can raise the \$560 required at current commercial rates to win their private pilot's certificate.

Since the CAP educational training program was launched five years ago, it has graduated approximately 10,000 youngsters each year. Thirty-six thousand are now enrolled in the weekly classes.

Rockets Tested at High Altitude

Fire 2-Stage Missile Earmarked to Launch Earth Satellite

WASHINGTON (AP)—A "high altitude separation test" of the launching vehicle for the U. S. earth satellite was carried out today at the Air Force missile test center at Cape Canaveral, Fla., the Navy announced.

Only two stages of the planned three-stage rocket were involved, the Navy said.

A Viking rocket, the 14th and last to be made by the Martin Co. of Baltimore, was used for the first stage. A "medium-sized solid propellant rocket similar to the one being planned for the third stage of the actual satellite launching vehicle" was the second stage.

The Navy said the Viking reached a peak velocity of 3,500 miles an hour, then coasted to the peak of its trajectory about 120 miles above the ocean, where the smaller rocket was fired in a horizontal direction.

The experiment was designed to check methods of high altitude separation to be used in the vehicles which will attempt the actual satellite launchings during the International Geophysical Year beginning July 1.

Pakistani Visits Tokyo

MANILA (AP)—Prime Minister H. S. Suhrawardy of Pakistan arrived here today from Tokyo for a state visit. He is making a goodwill tour of Southeast Asia.

Eyes Visit to Red China

HONG KONG (AP)—Group Capt. Peter Townsend says he is leaving tomorrow for Red China "to see what I can of the country." Townsend, whose romance with Britain's Princess Margaret once captured the imagination of millions, arrived in Hong Kong from Sydney yesterday on a world tour which will include the United States.

CRITICIZED—London's mass circulation Sunday Pictorial, in a front page story, sharply criticized Queen Elizabeth for going to the races too often, and suggested many Britons disapprove of her avid interest in a sport connected with gambling. The paper was particularly critical of her attendance at the three-day Badminton Horse Trials, where she is pictured, at left.

Directs Strategy on Civil Rights, Aid

Johnson Is Ike's Key Man

BY INTERNATIONAL NEWS SERVICE

If anyone holds the keys to action on the rest of President Eisenhower's legislative program, it is the chief executive's fellow cardiac victim, Senate Democratic Leader Lyndon B. Johnson.

The 48-year-old Johnson, returning to Washington's legislative whirlwind after a fortnight's rest at his Texas ranch, will direct majority strategy on such tough issues as civil rights and foreign aid.

And he will be operating with a still shaky margin of control by only one Senate vote.

But "close squeaks" are not new to Johnson. He first won his Senate seat by a margin of just 87 votes out of a million cast in 1948 runoff election.

In 1955, less than three months before Eisenhower was similarly stricken, Johnson suffered a severe heart attack. He narrowly escaped death but six months later returned to his job as Senate leader.

Like Eisenhower, Johnson regards himself as a "moderate" and cut out the overwork. He is described by his aides as "a master in the art of cooperation."

FAMILY IN POLITICS
His love of politics and of working hard at it may well be a family trait. Both his father and grandfather were members of the Texas Legislature.

Johnson ran away from home at 16 but after a year came back and enrolled at Southwest Texas State Teachers College. He taught at a Houston high school briefly, then came to Washington as secretary to Rep. Richard Kleberg (D-Texas).

Veteran House Democrat Sam Rayburn, now speaker, helped get Johnson appointed director of the National Youth Administration for Texas. In 1937 he was elected to the House and was re-elected for five more terms.

Today Johnson's biggest problem—and that of his wife, Lady Bird—is to restrain himself from overwork. He stopped smoking, went on a diet and cut down on social activities after his heart attack. He reduced but by no means

32 Killed, 200 Injured by Hailstones in Karachi

KARACHI (AP)—Oversize hailstones killed 32 people, most of them teenagers, and injured an estimated 200 yesterday in the Gujrat district of West Pakistan. Some of the stones weighed half a pound.

Panic-stricken villagers regarded the out-of-season storm as a curse for their sins and flocked to the mosques to pray.

Heads for A-Test Site

MELBOURNE (AP)—The Royal Navy supply ship Fort Beauharnois left Melbourne today for Christmas Island, where Britain's H-bomb will be exploded soon.

Smoking Causes Lung Cancer?

Tobacco Industry Study Committee Says Proof Not Yet Established

NEW YORK (AP)—The Scientific Advisory Board of the Tobacco Industry Research Committee says there is not enough evidence to claim that cigarettes cause lung cancer.

Dr. Clarence C. Little, board chairman, issued a statement yesterday in reply to a report released March 22 by a smoking and health study group organized by the American Cancer Society and other agencies.

The study group expressed an opinion that cigarette smoking is a "causative factor" in human lung cancer.

Little said the Scientific Advisory Board "questions the evidence of sufficient definitive evidence to establish a simple cause and effect explanation of the complex problems of lung cancer."

"Definite conclusions or predictions of individual risks (from smoking) are unwarranted" by present knowledge, he said.

"In advising and educating the public, we believe that scientists should be as cautious today in accepting a claim that a cause has been found for cancer, as they have found it wise to be in the past in accepting a claim of a cure for cancer," he said.

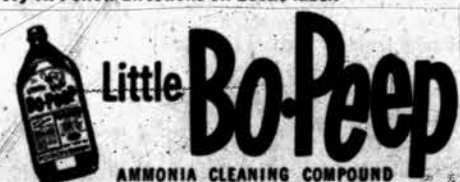

The board is composed of nine cancer scientists, doctors and educators. The industry committee has granted \$2,200,000 for research by independent scientists in cancer, heart and other diseases.

Estate Goes to Widow

NEW YORK (AP)—The late Edward J. Flynn, long-time Bronx Democratic leader who died in 1953, left an estate of \$917,239. A state tax appraisal showed yesterday that he left nearly all to his widow. A secretary received \$15,000 and a niece \$5,000.

Want CLEANER clothes?

Then here's a word to the wise. Use Little Bo-Peep in your washing machine to dissolve grease and grime and loosen stubborn dirt faster and easier. Acts as a booster to your favorite soap or detergent. Try it. Follow directions on bottle label.

\$45,000 FURNITURE WAREHOUSE REMOVAL SALE

HERE'S WHAT HAPPENED!

This warehouse removal sale has a real purpose. For over 30 years we have rented warehouse space. The steady growth of our business has forced us to build a new warehouse adjacent to our present one. To avoid moving stored merchandise to the new building, we are conducting a warehouse removal sale at our store location. This furniture, mostly duplicates of our showroom samples, will be placed on public sale at ridiculous prices. I am convinced that to sell this huge quantity of furniture in record time, prices must be cut to suit, and in many instances below cost! This we have faithfully done. Remember, you may still buy on our usual lenient terms. We DO NOT have damaged or distressed merchandise for sale.

Fruit Trees Blooming

NILES (N) — Rain and warm weather have brought rapid blooming of Berrien County fruit trees. In contrast to last year when late frost damaged trees, sweet cherries are out 30 per cent, early

plums half in bloom and apricots in full bloom. Apple blossoms are in the pre-pink stage and should be in full bloom for the blossom festival in two weeks.

Most of Albania's population are Mohammedans.

Private Was Tough

PORT HURON (H) — Injured in an auto accident, Pvt. John McConnell was being driven to a hospital in an ambulance when he reached over and pulled out the ignition key. He said he wouldn't

give it back unless the driver let him out. The driver complied. Deputies, investigating, later located McConnell who had suffered only minor injuries. He said he had decided he didn't want to waste any of his furlough time in the hospital.

Computer to Cut Costs

DETROIT (INS) — The Wayne County Board of Supervisors has approved a plan for rental of electronic equipment which would cut in half the time it now takes to compute county payrolls. The

plan, which was sent to County Treasurer Harold E. Stoll, would cut costs about \$80,000 a year.

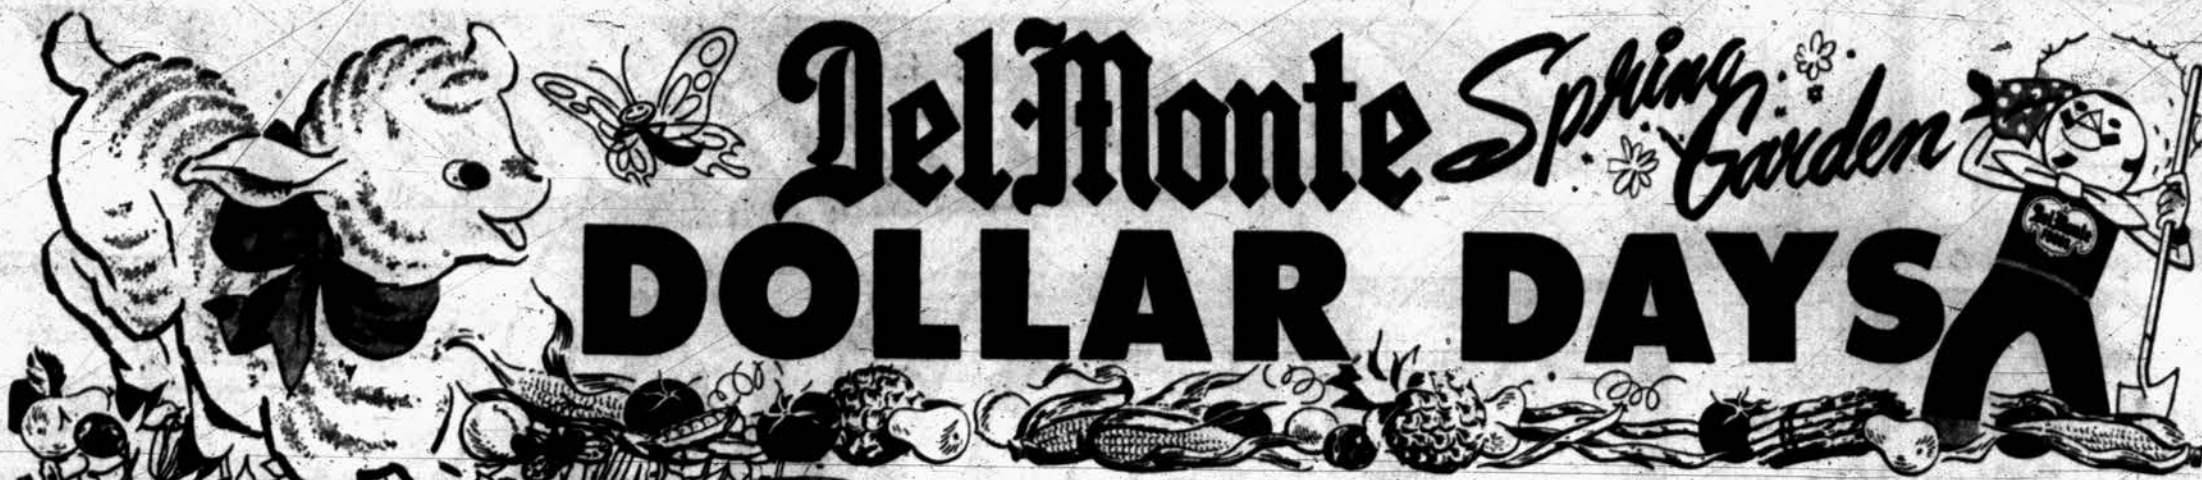

Brazil's President recently drove the first diesel truck made in that country, in a factory near Sao Paulo.

Holstein Herd to Go

BAD AXE (B) — Part of one of the largest Holstein herds in Michigan will be sold at auction here Wednesday. Howard Ralph Nugent, a prominent Holstein breeder, is offering 110 head of bulls, heifers

and cows. Nugent said poor health forced him to dispose of the stock.

Britain is sending more blooded cattle each year to Kenya and Rhodesia by air, Nairobi reports. Ayer-shires and Aberdeen-Angus are the breeds most wanted in Africa.

Oh the savings that bloom in the spring . . . when you stock your cupboard at Wrigleys. And look who's ripe for picking now . . . your old family friend Del Monte. The same fine brand . . . the same fresh flavor . . . that replaced home-canning at Grandma's house. Get our seasonal supply today during Wrigley's Del Monte Dollar Days! You'll save for months to come with a pantryful of beautiful buys.

Pot-O-Gold Loot Is Up to \$600; Try Your Luck

The loot is mounting in Pot-O-Gold. This week it amounts to \$600 for some lucky winner if a winner isn't found for last week's puzzle. At the very least it's worth \$100, so how can you afford not to spend a few minutes having fun with it? You'll enjoy it, and you have just as good a chance of winning as anyone else. Read the rules and clues before you start, and then send us your solution. It may be the right one.

The new puzzle contains a series of squares which are alphabetically lettered and a corresponding list of sentences with two clue words. Each of the words is numbered. The object is to select the word which best fits the clue sentence. You then place the number of that word in the square which has the same letter as the clue sentence.

In other words, you will read the clue labeled A and decide which of the two words makes the most sense in the sentence. You then write the number of that word in the puzzle square marked A.

Do the same with all other squares. Read all the clues carefully and be sure the right numbers are in the right squares.

OFFICIAL CONTEST RULES

- Anyone is eligible to enter the POT-O-GOLD contest with the exception of Pontiac Press employees or their immediate families.
- A contestant may submit as many entries as he or she wishes but they must be on official entry blanks printed in this newspaper.
- To submit an entry the contestant must print his answers in the proper spaces, cut out the area enclosed by dotted lines and attach it securely to a 2-cent postcard. No entries will be accepted if they are in envelopes. Entries for Puzzle No. 48 must bear a Tuesday, May 7, postmark (or before). No entries received after that time whether mailed or delivered by hand, will be declared eligible. The Press is not responsible for entries lost or delayed in the mail.
- Sorry, telephone calls or mail concerning details of the contest cannot be answered or acknowledged.
- The Pontiac Press will award a cash prize of \$100 a week to the winner of each weekly POT-O-GOLD contest. If more than one winning answer is received the prize will be divided equally among the winners. If any week or weeks should pass without any winners, the prize will be added weekly until a winning solution is submitted.
- Winners will be awarded an extra cash bonus of \$25 each if they are Pontiac Press subscribers of record on the day winners are announced. Only one such bonus can be awarded to each prize-winner no matter how many weekly prizes may accumulate.
- Each week's puzzle will be published Monday Wednesday and Friday until the contest's end. Either or all will be considered as official entry blanks.
- Winners and correct solutions will be announced each Friday of the week following individual contests. Official keeper of answers will be Frederick C. Ziem, prosecutor for Oakland County. Only the General Features Corp., originators of the puzzles, will know the solutions until after each contest is over. Answers will be delivered to the Press judges by Mr. Ziem after the final deadline.
- There is only one correct solution to the POT-O-GOLD puzzle, and only that correct answer can win. The decision of the judges is final and all contestants agree to abide by the judges' decision. All entries becoming the property of the Pontiac Press and none can be returned.
- Completed puzzle must be addressed to POT-O-GOLD, POST OFFICE BOX 58, Pontiac, Michigan. Winners will be notified either by telephone or in the mails.

Outlines 10-Year Development

Emerson Talks on County Schools

By HAROLD S. COHEN

The remarkable development of Oakland County's schools was outlined by Dr. William Emerson, county superintendent of education, recently before a committee of the Oakland County Board of Supervisors.

There are 30 school districts in Oakland today, where but 10 years ago there were 154, Dr. Emerson said, explaining the influence of area studies made by the board, with local citizen participation.

These study groups, he pointed out, were established under a 1946 state law and did more than anything to point up the advantages of consolidation in improving instruction programs and services such as transportation, school lunches and better high schools.

For the first time, Dr. Emerson said, we could bring to the intelligent attention of the public facts which only a small minority had previously understood.

As a result, the County Board of Education is "in business now" where it wasn't before, he added.

There were 137,000 students in the county's schools as of October 1, 1956, but Dr. Emerson estimates the present number at 143,000.

Oakland also has 5,500 teachers as compared to 1,900 some 10 years ago.

To operate this giant school plant, school districts raised \$35 million during the last fiscal year — \$20 million from local taxes — \$15 million from the state.

In addition, local residents paid some \$20 million more for capital improvements — new buildings, sites, equipment.

The reason for the \$20 million for capital expansion, Dr. Emerson said, is the rate of growth which is 8 per cent per year.

In 1946, the county's schools added 11,000 new pupils, some because of the rising birth rate, but mostly due to families moving into the area.

At this rate, Oakland's school population will double itself every 7.6 years, he said.

To finance its school system, Oakland County's residents taxed themselves at an average rate of 20 mills based on state equalized valuation, Dr. Emerson continued.

"There is no county in the state that has a higher average tax rate," he noted, "which shows the people here want good schools, know what good schools are and are as willing or more to be generous in support of their schools than other counties. They are to be complimented."

LOW TAX BASE

One reason the school tax rate is relatively high in the county is the comparatively small tax base, he said. Oakland has \$11,500 in tax base per school child, compared with a state average of \$13,500. He attributed this to the primarily residential character of the county.

As a comparison, Dr. Emerson cited Wayne County which has \$20,000 base per child. Oakland ranks 25th in Michigan out of 83 counties in tax paying ability, he pointed out.

But school costs are going up everywhere, he said, because costs of "hardgoods" and of personal services are increasing steadily.

"It costs more to buy bricks, steel, desks, books, everything that goes into a school building," he said. "On top of that salaries have gone up."

Oakland is in the metropolitan wage market for teachers and pays an average of about \$1,000 a year more for teachers than outstate, he stated.

"We know 74.9 per cent of instructional costs in the county are for salaries and they will continue to increase as long as the present tight professional labor market continues," he said.

With Michigan's economic condition not as good as it was two years ago, Dr. Emerson said, the financial outlook for the schools is a bit cloudy.

The Legislature has not clarified its position on the amount of state aid forthcoming for these schools, and school boards know they are pretty near the limit on local taxation when they hit 20 mills, he went on.

While the situation is presently good, he said, much depends in the future on whether the growth rate declines or increases and on the general economy.

"We are fortunate to have the fine public support we do for the schools, Dr. Emerson said, and so far there has been no real sign of a 'taxpayers' revolt' such as some areas have experienced."

TV Producer Denove Files Suit for Damages

LOS ANGELES (U-P)—Television producer Jack Denove has filed suit for \$2,215,000 damages against Sol Lesser, Norman Freeman and Sol Lesser Productions, Inc., in a dispute over production of "Tarzan" TV films.

Denove's Superior Court complaint alleged that he was hired May 12, 1955, to produce 39 Tarzan films and other pictures based on literary properties owned by the Lesser interests. He claims that after giving all his time to the project he was told on May 1, 1956, that the agreement was at an end.

Youth Replies to Mother With Cunning of Fox

ARGONNE, Wis. (U-P)—Mrs. Clyde Schultz was playing a quiz

game with her children and asked George, 10, "What do you call a mother Fox?" "A den mother," the boy answered after thinking a moment.

for all the Mothers you know!

Hallmark

Mother's Day Cards

All your "other mothers" ... aunts, grandmothers, and mothers of favorite friends ... are pretty special, too—and we have Hallmark Mother's Day Cards just for them. They'll appreciate being remembered with Hallmark Mother's Day Cards that say you "cared enough to send the very best."

Trio Arrested in Raid on Still

Discovered on Farm in St. Clair County After 18-Month Search

PORT HURON — Three men were arrested last night in a raid on what federal agents said was the biggest still to be discovered in Michigan since 1938.

Charles R. Peterson and Leonard Coker, of the Chicago office of the Federal Alcohol and Tax Commission, led the raid on the still found on a farm near Yale in northwest St. Clair County.

Coker said the still had a capacity of 7,000 gallons.

Arrested and held in the St. Clair County jail on liquor law violation charges were William D. Nardi, 34, of Yale, Ralph J. Orzel, 23, of Detroit and Thomas Bounce, 42, of Detroit.

Coker said Dinardi, owner of the farm, was arrested at the time of the raid. Orzel and Bounce were arrested shortly after when they approached the farm.

St. Clair County sheriff's deputies and state police aided in an 18-month investigation which uncovered the location of the still, Coker said.

He said the still was concealed in an artificial hayloft in the barn. Dinardi, Orzel and Bounce were to be arraigned today.

They're Cheaper by the Dozen—Refugees Taken

TUCSON, Ariz. — Mama Czapor got more than she bargained for when she and her husband agreed to sponsor a Hungarian refugee family.

At the railroad station the other night, a Hungarian family of six stepped off the train. Then two more Hungarians, both men. Then a couple with two children. All 12 were bound for the home of Mr. and Mrs. Frank Czapor.

The Czapars, none of whose relatives escaped from Hungary, agreed to the extra family of four at the last minute because the Catholic Relief Service said the child has asthma and needs the climate of the Southwest.

One family is living in a house owned by the Czapars, the other with Mrs. Czapor's daughter, the two men with the Czapars themselves.

"We always got room for one more," said Mrs. Czapor. "Besides, we own a grocery store."

Friendly Restaurant Houses Small Riot

PHILADELPHIA — They call it the Friendly Restaurant, and the management is pretty proud of that reputation. Yesterday began as did every other day, everybody real friendly.

Then, according to testimony in Magistrate Court, pleasanties among a couple of groups of men and girls turned to jeers and then to even worse. Sauces, plates and salt shakers whistled back and forth.

A police sergeant tried to break it up. He took a beating.

Somebody sent out what amounted to a riot call. That brought 14 more policemen. They put an end to the fight.

Six men were charged with disorderly conduct but eventually were discharged by Magistrate M. Philip Freed.

'Scared' Groom Flees, Bride Gets Annulment

SAN FRANCISCO — A groom pecked his bride off only an hour of the cheek, whispered "I'm scared" and left for his mother's home in Lake County. That was in 1954.

The bride, Mrs. Sherry (Sherry) Martinez, told Superior Court Judge Ben Carter that so far as she knows her husband still is on the solo honeymoon.

"I guess some men are just mama's boys," said Sherry. The judge granted an annulment.

Operates on Zoo Tiger

DALLAS — A 350-pound Bengal tiger named Princess was reported doing well today after a Caesarean operation. Princess, who lives at the Marsalis Zoo, lost her two kittens but came through the operation in good condition. Dr. Jack Brundrett, zoo veterinarian, performed the surgery.

Zhukov Assures Russians They Can Halt 'Any Aggressor'

LONDON — Soviet Defense Minister Georgi Zhukov assured a vast May Day gathering in Moscow's Red Square today that Russian military forces have "all the modern means of combat necessary to rout any aggressor."

Zhukov also accused the West of rejecting Soviet peace bids and charged the United States with bringing war nearer by deciding "to station atomic units on territories of other countries."

But much of his speech, broadcast by Moscow radio, was filled with protestations of the Kremlin's peaceful desires and pleas for peaceful coexistence. As usual, the Kremlin paraded some of its military might through the square while jet fighters and bombers zoomed overhead.

Foreigners were banned from taking pictures of the parade, leading to speculation in Moscow that the Soviets might unveil something new in military weapons. The broadcast did not indicate whether this was done.

The broadcast said leaders of the Soviet Communist party and government reviewed the parade from atop the Lenin-Stalin mausoleum in the square but did not give the names of those present.

In his speech, Zhukov said: "Following Lenin's principles of peaceful coexistence, the Soviet government is persistently pursuing a peaceful foreign policy and is doing its utmost to ease international tension. The Soviet Union is an ardent champion of peace and friendship among all peoples. We are against the policy of a cold war, against military blocs."

He added, however, that the Soviet people consider it their duty, "in reply to the aggressive intrigues of the imperialist circles, incessantly to increase the fighting capacity of their troops which form part of the (Communist bloc) armed forces set up in conformity with the Warsaw Treaty."

On relations with the West, Zhukov said: "Our proposals for a reduction of the armed forces, for the suspension of the tests of nuclear weapons and their prohibition, and for the extension of international economic and cultural relations reflect the vital interests of all mankind."

"But the imperialist circles, headed by the reactionary forces of the U.S.A., stubbornly reject these proposals of the Soviet Union."

"Striving to create regimes which suit them and through which they would be able to conduct their reactionary policy, the imperialists are trying by every means to split the Socialist camp and weaken its power."

"Pursuing a policy of restoration of the old colonial system, they are doing everything to isolate the Arab countries from each other and to break their will in their struggle for independence."

Arlene Dahl Sues Movie Firm Says Photos Go Too Far

NEW YORK — Red-haired screen siren Arlene Dahl says promotion pictures for her latest movie are too revealing for a respectable actress like herself.

The shapely star made a demure appearance in State Supreme Court yesterday. She testified as trial opened in her million-dollar damage suit against Columbia Pictures Corp.

Her handsome husband, actor Fernando Lamas, was a spectator.

Miss Dahl, 31, alleges the movie firm pasted up composite advertising shots showing her pretty head attached to some other woman's scantily clad body. The pictures were for the film "Wicked as They Come."

She is charging libel and invasion of privacy in the suit on grounds that the pictures are "obscene, degrading and offensive."

"Any decent, self-respecting woman would object to these composite pictures" the blue-eyed actress told Justice Henry Clay Greenberg. "The movie people shouldn't be allowed to go so far."

Commented the judge: "I don't think you ought to take it on yourself to reform the motion picture industry."

An attorney for Columbia showed Miss Dahl 20 other pictures of her and asked what she thought of them. She described them as "leg art" and "candid shots" but didn't object to them.

Greenberg asked if she desired to be considered a "refined, delicate lady of the stage who under no circumstances would play a particular part."

No, she replied, but added: "I would not strip nude. I couldn't do that. My modesty would not permit it."

2 Have Near Escape After Lake Ordeal

CHICAGO — Two young men were rescued from the cold waters of Lake Michigan last night after a boating enthusiast, scanning the lake with binoculars from a 14th floor apartment, spotted them clinging to a capsized boat.

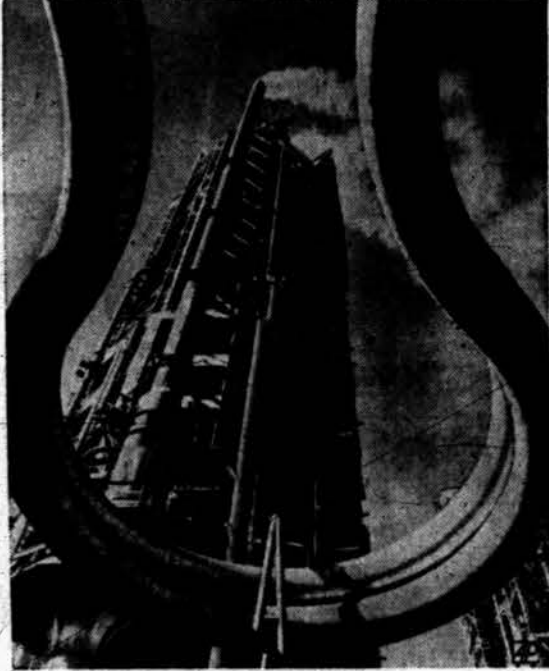

Coastguardsmen rescued the youths, Dwane Folsom, 21, and Anthony Pecoraro, 19, who had been in the water nearly half an hour after their 14-foot outboard overturned in a swell about 500 feet off shore.

They were taken to a hospital where they were reported suffering from exposure.

The struggles of the two youths to keep themselves afloat were seen by Robert Seeger, 33, with binoculars from his Lake Shore Drive apartment. Seeger, who is commodore of the Outboard Club of Chicago, called police, who notified the Coast Guard.

"Our clothes weighed us down," said Folsom, "and the cold water numbed our arms and legs. We couldn't have made it to shore. Another couple of minutes and I would have been frozen stiff."

NEW TEXAS GIANT — Steam line expansion loop frames latest Texas skyscraper, a 330-foot tall, 28,000-barrels-per-day catalytic cracking unit, put into operation at Beaumont.

NEW TEXAS GIANT — Steam line expansion loop frames latest Texas skyscraper, a 330-foot tall, 28,000-barrels-per-day catalytic cracking unit, put into operation at Beaumont.

NEW TEXAS GIANT — Steam line expansion loop frames latest Texas skyscraper, a 330-foot tall, 28,000-barrels-per-day catalytic cracking unit, put into operation at Beaumont.

government is persistently pursuing a peaceful foreign policy and is doing its utmost to ease international tension. The Soviet Union is an ardent champion of peace and friendship among all peoples. We are against the policy of a cold war, against military blocs."

He added, however, that the Soviet people consider it their duty, "in reply to the aggressive intrigues of the imperialist circles, incessantly to increase the fighting capacity of their troops which form part of the (Communist bloc) armed forces set up in conformity with the Warsaw Treaty."

On relations with the West, Zhukov said: "Our proposals for a reduction of the armed forces, for the suspension of the tests of nuclear weapons and their prohibition, and for the extension of international economic and cultural relations reflect the vital interests of all mankind."

"But the imperialist circles, headed by the reactionary forces of the U.S.A., stubbornly reject these proposals of the Soviet Union."

"Striving to create regimes which suit them and through which they would be able to conduct their reactionary policy, the imperialists are trying by every means to split the Socialist camp and weaken its power."

"Pursuing a policy of restoration of the old colonial system, they are doing everything to isolate the Arab countries from each other and to break their will in their struggle for independence."

Arlene Dahl Sues Movie Firm Says Photos Go Too Far

NEW YORK — Red-haired screen siren Arlene Dahl says promotion pictures for her latest movie are too revealing for a respectable actress like herself.

The shapely star made a demure appearance in State Supreme Court yesterday. She testified as trial opened in her million-dollar damage suit against Columbia Pictures Corp.

Her handsome husband, actor Fernando Lamas, was a spectator.

Miss Dahl, 31, alleges the movie firm pasted up composite advertising shots showing her pretty head attached to some other woman's scantily clad body. The pictures were for the film "Wicked as They Come."

She is charging libel and invasion of privacy in the suit on grounds that the pictures are "obscene, degrading and offensive."

"Any decent, self-respecting woman would object to these composite pictures" the blue-eyed actress told Justice Henry Clay Greenberg. "The movie people shouldn't be allowed to go so far."

Commented the judge: "I don't think you ought to take it on yourself to reform the motion picture industry."

An attorney for Columbia showed Miss Dahl 20 other pictures of her and asked what she thought of them. She described them as "leg art" and "candid shots" but didn't object to them.

Greenberg asked if she desired to be considered a "refined, delicate lady of the stage who under no circumstances would play a particular part."

Hal Boyle Says:

Author Lifts the Lid on Hollywood

NEW YORK (AP) — "It must be terrible to be dead in any way," said the lady author, "but it must be worse of all to be dead in the head."

The author, Mrs. Grace Metalious, who became a literary sensation by lifting the lid on a New England village, now feels it's time to lift the lid on a modest little town on the California coast. It's a place called Hollywood.

Mrs. Metalious recently made a

trip there to wrap up details of the filming of her best-selling novel, "Peyton Place."

"There is only one word to describe Hollywood—fear," she observed. "I have never seen so much fear in so many people so much of the time—the fear of losing their jobs."

"I don't see how they can work in such a dreadful atmosphere."

Mrs. Metalious also said she found herself a bit at a loss in try-

ing to dig what passes for conversation at sophisticated Hollywood parties.

She gave this example: "One guest remarked, 'The Beverly Hills is just a glorified motel,' and another guest replied, 'But aren't we all?'"

"This I couldn't understand at all," said Mrs. Metalious. "I never felt like being called Mountain View Lodge or Bide-a-Wee on the Highway."

Life has moved at a furious pace for the plump young housewife since the publication of her controversial first novel last fall.

She has earned about a quarter of a million dollars; been sued for a quarter of a million dollars; and her schoolteacher husband, George, has separated; her book has been banned as "obscene" by Canada.

She has bought two second-hand Cadillacs and a 180-year-old Cape

Cod house in Gilmanton, N.H., which is still her home town and where opinion about her is still divided. She says "the ax-mouth"—her term for gossip—"still don't approve of me."

Mrs. Metalious, who retained custody of her three children, said the publication of her book had nothing to do with the breakup of her marriage, and her husband has said the same thing—that it was "a personal matter."

Has success ruined her life? Not at all.

"I've got the most wonderful house in the world, the most wonderful children in the world—and I have money. Money is the only thing that makes me worthwhile to most people. It can help you do so many things," she explained.

Mrs. Metalious, a bluntly honest woman with a hatred for hypocrisy, is now engaged in writing her second novel—"The Tight White Collar."

"It's theme is man's inhumanity to man," she said, adding: "In a small town."

Can't Reverse Vote, Kavanah Rules

LANSING (AP) — Once taxpayers vote to close a school district for the year, they can't rescind their action and reopen the district later that same year, Atty. Gen. Thomas M. Kavanah held yesterday.

However, he said, voters may decide during the same year to and thus save it dissolution and open the district the following year and thus save it dissolution and annexation to another district.

The attorney general's opinion was sought by Sen. Frank D. Beadle (R-St. Clair), who wanted to know whether voters in a closed district could have a change of heart and vote to reopen the district the same year.

Kavanah noted that the state school code gives two alternatives to school districts which have been closed for a period of two years if they want to avoid annexation to another district by action of the county board of education. One is to take voluntary action to join another district; the other to reopen and operate their own school.

U.S. Sends Free Nations \$570 Million Military Aid

WASHINGTON (AP) — President Eisenhower said today the United States delivered 570 million dollars worth of military goods to free world nations in the last half of 1956.

In a semiannual report to Congress on the mutual security program, Eisenhower said those shipments brought to nearly \$14,800,000 the value of military aid to friendly nations since the program was started in 1950.

"Under present world conditions," Eisenhower added, "I am convinced that this (mutual security) program is, more than ever, essential to the security of the United States."

Most of the military deliveries during July-December 1956 went to Europe and the Far East—over 40 per cent to Europe and 33 per cent to the Far East, the report said.

More than half the deliveries consisted of aircraft and related equipment, slightly less than a third was ground forces equipment, and the remainder comprised naval goods.

Deliveries in the last half of the year were considerably less than the \$1,900,000,000 shipped in the first six months of 1956. The main reason, the report said, was a decline "in the quantity of off-the-shelf items available for ready delivery."

Of the two billion dollars earmarked for military assistance appropriated for the current fiscal year the report said, "programs totaling 1 1/2 billion dollars were under implementation by the end of December 1956."

The report reviews all activities of the International Cooperation

Administration, the agency which administers the foreign aid program. However, the document does not give a country-by-country breakdown of aid received.

The report said ICA has sought to encourage domestic private enterprise in the less developed countries, and to improve understanding of private industry.

The report mentioned that delivery of military equipment to Yugoslavia at the end of 1956 was "minimal."

Collection of War Items Yields Unusual Shells

CINCINNATI (AP) — A police drive to collect dangerous war souvenirs netted a flock of lethal devices, including hand grenades and shells up to 75-millimeter size.

But some of the souvenirs show that owners took NO chances. Police Lt. Lawrence McCarthy said, "One man brought in a two-inch cannon-ball that must have been used in the Civil War."

Drop Commerce Rezoning Request

After Public Protests Track

Developers' Spokesman Considers Public Wishes in Transaction

COMMERCE TOWNSHIP — The request for the rezoning of property in Commerce Township to permit construction of a race track was rescinded today by Edward A. Beaupre, real estate broker representing the developers.

In making the announcement, Beaupre declared that the action was taken because of the strong public opposition to a proposed race track. This opposition was voiced by 150 township residents at a public hearing held Monday night in Commerce Township Hall.

"I feel it is an obligation of a businessman to consider the public's wishes in a transaction of this scope," Beaupre said.

"It is evident that public sentiment outweighs the advantages of financial revenue to Commerce Township from a business of this type."

The Commerce Township Zoning Board has cancelled a public hearing scheduled for May 29 at Walled Lake Senior High School.

The property under discussion is located south of Oakley Park road, at Haggerty road in Commerce Township.

It is now classified as agricultural. The rezoning request had asked for a heavy industrial classification.

Keego Scouts Slate 'Feast' for Families

KEEGO HARBOR — Members of the Girl Scout and Brownie troops of the Roosevelt school will serve their families a "May Day Feast" tonight at 6 o'clock at the school.

Each girl is to fix her contribution for a pot luck supper and be responsible for the dishes and silver for her family to use.

The girl scout troop is a newly formed group and is under the leadership of Mrs. W. F. Fuller and Mrs. William Sturgeon. Leaders of the Brownies are Mrs. Charlotte McGinzie, Darlene Mathews, Mrs. Edward Penney and Mrs. R. A. Griffin.

Each troop will give a demonstration of what they have learned during their meetings, as part of the program.

Rochester Auxiliary Forms Service Guild

ROCHESTER — A new organization called the Wesleyan Service Guild, an auxiliary of the WSCS of the Methodist Church, has been formed at the Methodist parsonage on Romeo road and will henceforth be a part of the program of St. Paul Church.

Fourteen members formed this new organization which is made up of full time employed women. At their next meeting at the home of Mrs. Ralph Bentley, 247 Rockdale on May 23, at 8 p.m., a slate of officers will be chosen and a program of activity discussed.

School Board Honors Teacher of 15 Years

METAMORA — The school board here recently honored Mrs. Ruth Colson, who will retire from teaching at the end of the school year. At that time Mrs. Colson will make her home in California. A surprise dinner was held Friday evening with other teachers of the Metamora school present.

Mrs. Colson has taught in Metamora for 15 years.

Romeo Couple Married in Candlelight Service

ROMEO — Judith Ann Hough and Kenneth John Battani exchanged marriage vows in the living room of her parents' home at 3 o'clock Saturday before the fireplace decorated with palms, carnations and snapdragons. The Rev. Thomas Toy of the First Congregational Church, Chelsea, officiated at the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. James H. Hough. The groom's parents are Mr. and Mrs. John M. Battani.

Given in marriage by her father, the bride wore a floor-length gown of silk tulle with modified V neckline, lace flowers with tridacene sequins attached to each shoulder and chapel train. The shirred bodice, drop waistline and buttons down the back were other designer details.

The bride's long sleeves ended in points over her hands. Her double fingertip veil was held by a lace Juliet cap with open crown edged with seed pearls. She carried a cascade arrangement of white carnations and stephanotis.

Maid of honor was Marilyn Lein of Ann Arbor. Katherine Elliott of Detroit was the bride's only other attendant.

Best man was the bride's brother, James Porter Hough. Seating the guests were Charles Bainton and Hal Carlin, both of Lake Orion.

A buffet supper for close friends and relatives was held in the Hough home on Fisher road after the ceremony.

The newlyweds are residing at 174 S. Bellevue Dr., Lake Orion.

MRS. KENNETH BATTANI

Wixom Group Meets Thursday

Civic Organization to Hear Ford Man; Discuss Charter

WIXOM — Main speaker at the regular Wixom Civic Assn. meeting slated for 8 p.m. Thursday will be James L. Crow, from the Industrial Relations Office of the Lincoln Division, Ford Motor Co.

The meeting will be held in the Wixom Elementary School. The public is invited.

Two other guests will make short talks during the program. They are William F. Jewell, of the Detroit Metropolitan Area Regional Planning Commission; and Frank W. Suggett, of the Resource Development Department of Michigan State University.

Crow obtained a degree in industrial psychology at the University of Michigan after attending Flint Central High School and Flint Junior College. He has held responsible positions in the Ford organization since 1930.

Members of the Wixom Charter Commission will answer any questions regarding the recently completed village charter.

The charter has been prepared in its final form and will be sent to the Governor's Office for approval in the immediate future.

Council Gets Largest Budget in Royal Oak

ROYAL OAK — A tentative budget of \$3,729,086 for 1937-38 has been presented to the city council here, the largest in Royal Oak's history.

City manager E. M. Shafter said it would cost the average home owner about \$3 more in city taxes if the budget is approved without major change.

This is \$238,649 more than the 1936-37 budget.

A tax rate of \$12.25 for each \$1,000 assessed valuation will be required to meet the city's assessed valuations of \$178,661,320.

Of that amount, \$2,184,586 must be raised by property taxes.

Among other things the increased budget will cover an additional \$162,500 for city employees pay and the hiring of new employees; an increase of \$19,416 to the employee retirement system; an increase of \$9,000 for rubbish disposal and \$362,500 to the police department.

Annual 'Tag Day' Slated in Lapeer

LAPEER — Members of the Lapeer City Auxiliary of Lapeer County General Hospital are sponsoring the Annual Tag Day Friday, May 10. This is the only money-making project the City Auxiliary of the hospital puts on for the entire year.

For 1937, projects planned are a donation of \$500 for oxygen tanks and the landscaping of the new wing to the hospital, also of the new parking lot.

Episcopal Canon Feted at Dryden Testimonial

DRYDEN — Members of St. John Episcopal Church attended a recent testimonial dinner given in honor of Canon Charles D. Braidwood at Grace Church in Lapeer.

Canon Braidwood was presented with a hymnal prayer book from the four missions. He also was informed of a scholarship fund established in his name to be used for theological students.

In July, Canon Braidwood will have completed 15 years of service in this mission field.

Your PTA Is Planning:

School Fair to Feature Pony Rides on Saturday

WATERFORD TOWNSHIP — Outside pony and hay rides will be featured at the William Austin Burt School PTA Fair, from 4 to 8 p.m. Saturday, according to Mrs. Arthur D. Heiple, general chairman.

This one money-making project will have a cartoon show for the kiddies, a Spook room, baked goods counter and a parcel post room, with sealed bids taken for packages received from celebrities.

Lake Orion Blanche Sims PTA Carnival was very successful despite the fact a tornado warning was announced for the area on Friday night.

A gross profit of \$1,837 was announced which will mean a net profit of more than \$1,200.

It was estimated that 1,500 persons attended the event.

This is the first fair since the PTA represents just five grades.

Orion Township Lewis Klein from the Oakland County Juvenile Court will discuss the subject "Are Our Children Growing Too Fast?" before the Webster School PTA when it meets at 8 p.m. Thursday.

Installation of officers will complete the annual meeting.

Waterford Township Stringham School PTA will meet Thursday at 8 p.m. at the school.

There will be a panel discussion, "Let's Talk About Report Cards" with Donald Weaver as moderator, Mrs. Carroll Appel, Mrs. Harold Gilman, Bernard Healey, Asst. Principal Isaac Cray, and Donald Smith, Stringham principal, will be panel members.

Mrs. Iva O'Dell, principal of Donelson will install the officers for the coming year: Mrs. Martin Barnhart, president; William Gray, first vice president; Mrs. Henry Pfeuffer, second vice president; Mrs. John Humphries, secretary; Robert Burnworth, treasurer; Mrs. Robert Field, historian.

North Branch The monthly PTA meeting, to be held at 8 p.m. Thursday, will be

Spring Concert at Walled Lake to Be Tonight

WALLED LAKE — The annual spring concert of the Senior High Band and Chorus will take place at 8 this evening in the senior high gymnasium.

The band, under the direction of Helmut Holland-Moritz will present several numbers, with Mike Anderson as soloist in a "Trumpet Lullaby."

The choruses are under the direction of Mrs. Ronald LaMontagne. Kathy Irons is the accompanist.

The public has been invited to attend the concert, which is free.

Avondale Group Sponsors Show

Fashions to Be Shown for Scholarship Fund in Area

Avondale Education Assn. will stage its second annual fashion show tonight in the Avondale High School gym, beginning at 8 p.m.

"Summer Fashions" are being furnished by The Hub in Pontiac and the Lucille Shop in Rochester. Teachers from the whole Avondale district are participating. High school students and children of the faculty will model also.

Included in the show will be models representing a teacher of the past, present, future, and "future-future."

Proceeds from the fashion show will go into an AEA scholarship fund for Avondale High students.

A ticket selling contest between district schools is being held. The prize is a trophy, which will be kept by the winning school until next year.

Entertainment at the fashion show will include Dick Smith, Avondale High School freshman, playing the marimba and Rennee Spock, Daria Austin, and Patti McBride, dancers.

Alcohol Center Seeks Director

Growing Use Requires Full-Time Employee for City Hall Office

The Pontiac Alcoholism Information Center is seeking to employ a full-time director because of increased use of the center.

"It has been growing and growing so that it requires a full-time leader," said Mrs. Frances Kessler, a member of the City Health Dept. who presently doubles as director of the center.

Pontiac city commissioners last night approved the move which will, according to City Manager Walter K. Williams, raise the city's share to about \$4,000 yearly to support the center. It has been \$3,250, he said.

Since the center was opened April 1936, the city and the state has shared its cost under a grant by the State Board of Alcoholism, and matching city funds.

With the city approval, Dr. John D. Monroe, acting head of the city department, will seek similar acceptance from the state.

The center, in the basement of the City Hall, offers advice to alcoholics and their relatives and others with lesser problems related to drinking. There is no charge for the service.

Orion Baptist Group Chooses '57 Officers

LAKE ORION — The Christian ladies of the First Baptist Church elected Finley Kennedy, president; Lloyd Bartley, vice-president; Mrs. Newton Irish, secretary and Mrs. Basil Gilmore, treasurer at a recent meeting at the home of the Odes Cases.

Nicaragua now charges a 36 per cent consumption tax on all cigarettes made there.

Instructor From Okinawa Set to Speak in Oxford

OXFORD — Mrs. Kimiko Onaga, head of the Home Economics Department of the University of the Ryukyus at Okinawa, will speak at 8 p.m. this evening at the Daniel A. Ford School. At present she is taking a post graduate course at the Michigan State University which is the sponsor for the University of the Ryukyus.

Members of the Extension groups of Oxford District will be especially interested. They and their guests and all interested persons are given a cordial invitation.

CURTAIN TIME AT WALLED LAKE — Members of the Atwas Club, a dramatic organization at Walled Lake Junior High School, rehearse a scene from "Meet Me in St. Louis" as curtain time approaches. Seated, left to right, are Sandra LaPiner, Lynn Duncan, Richard Talbot, Lee Thompson, and standing, Karen Easty, Bob Kerrigan and Ruth Marshall. The play will be presented at 8 p.m. Thursday and Friday in the school gymnasium.

To Stage 'Meet Me in St. Louis' May 2-3

WALLED LAKE — A stage ver-day at Walled Lake Junior High School, 615 Pontiac Trail. The play will be presented by the Atwas Club, comprised of seventh to ninth grade students at the school.

Co-directors and sponsors of the play are Mrs. Mary B. Lett and Dean Smith.

The plot revolves around the Smith family which is thrown into utter confusion when father announces plans to move from St. Louis to New York. The period is 1904.

The cast follows: Sandra LaPiner, Lynn Duncan, Richard Talbot, Lee Thompson, Karen Easty, Bob Kerrigan.

Also, Ruth Marshall, Jim Harris, Linda Thompson, Karen Kassner, Karon Gammel, Jim Menton, Mike St. Aubin, Nancy Gorden, Kendall Watkins, Bill Rogers and Dan Jenks.

A unique feature of the play involves the presence of a cat named Timmy which plays several scenes in the role of Lady Babbie. The cat is owned by a member of the cast.

Music for the occasion will be provided by the Walled Lake Junior High School Band under the direction of Frank Balam.

Plan Instruction to Aid Children

Basic Reading Skills and Arithmetic Slated for Special Course

LAKE ORION — In one of many steps being taken by the Lake Orion School Board to fit curriculum and program to the needs of all students, the board is preparing to offer grades one to six in instruction in basic reading skills and fundamental arithmetic.

The program, to be self-supporting, will include classes from 9 to 12 noon daily, from June 17 through July 26 in the first summer school program ever planned here for elementary students.

Tuition will be paid by students and the school will loan textbooks. Interested parents may contact Mrs. Carroll Kirkpatrick, who is supervising the program.

Also envisioned by the board is a special education room for the junior high level. One now is in operation for elementary grades.

Other benefits planned for students include a three-part system to meet the levels of all high school students. Math classes include a refresher course for seniors who desire it.

Home Study Club Elects New Officers

ALMONT — The Home Study Club met recently in the new home of Mrs. Thomas Borland. Election of officers for the coming year resulted in the following slate: Mrs. John Currey, president; Mrs. Charles Wilson, first vice-president; Mrs. Lottie Dunbar, second vice-president; Mrs. Verne Messer, secretary and Mrs. Mitchell Currey, treasurer.

County Births

Glengville Mr. and Mrs. Ernest Wagner of 2643 Lake St. announce the birth of a son, Ernest II.

NERVOUS? THEN I RECOMMEND O-JIB-WA BITTERS

Mrs. M. J. Legg, 928 N. 18th Street, Escanaba, Michigan says, "I was a nervous wreck, and suffered from hives constantly. Then I tried O-JIB-WA BITTERS, and can truthfully say that nothing ever helped as much."

"For two years, I was highly nervous and broke out in hives all the time. I was restless at night and would wake up with big hives all over my body. I tried about everything imaginable for my nervous condition, but nothing brought relief until I tried your O-JIB-WA BITTERS. This medicine is really wonderful, as it calmed my nerves, and I haven't been bothered with hives since. I feel better in every way, and my general health is great. Many thanks to O-JIB-WA BITTERS for doing so very much for me." DO YOU KNOW THAT OVER 10,000 MICHIGAN PEOPLE DAILY USE O-JIB-WA BITTERS SUCCESSFULLY? DON'T DELAY ANY LONGER. GET A BOTTLE FROM YOUR DRUGGIST RIGHT AWAY.

Hollywood Headlines
Studios Display Interest in 'Atlas Shrugged' Novel

By LOUELLA O. PARSONS

HOLLYWOOD (INS) — On his fleeting trip to the coast, Bennett Cerf telephoned to say that he is very excited about Ayn Rand's new novel, "Atlas Shrugged," which Random House is bringing out in September.

He said he had requests from all the studios to read the galley proofs, and promised to send me a copy of the book before it comes out.

Remember what a big hit Ayn Rand's "Fountainhead" was when it was published a few years ago and later made into a motion picture?

While here, Bennett did another little job. He discussed with Mrs. Arthur Hornblow her book, "The Love Seekers," which comes out in July. I met Bubbles and Arthur.

So I was very interested today to hear that Dolores will play the romantic interest in "Possession," which stars Anna Magnani, Tony Quinn and Tony Franciosa.

She plays the teenage daughter of Quinn, whose stepmother, Anna, tries to lure Franciosa away from Dolores. A natural blonde, she has to dye her hair black, but she is so happy she doesn't mind a bit.

I put in a long-distance telephone call to Ingrid Bergman when there were rumors that she and Rossellini had ended their marriage.

"How do rumors like that start?" asked Ingrid. "There's absolutely no truth in it. I finish in Paris with 'Tea and Sympathy' in July and I go directly to Rome. Then I'll make up my mind about what motion picture or play I'll do next season."

"But I expect to have a vacation with my husband and my children. He just called me today. Why do I have to keep telling the world that I am not separated from Roberto?"

when I had lunch with Cobina Wright at Romanoff's, and Arthur thinks Bubbles' book is the best one she's done.

When I visited Elvis Presley on the set of "Loving You," I was impressed with Dolores Hart, pretty young teenager who was given her first motion picture chance in this film by Hal Wallis.

So I was very interested today to hear that Dolores will play the romantic interest in "Possession," which stars Anna Magnani, Tony Quinn and Tony Franciosa.

She plays the teenage daughter of Quinn, whose stepmother, Anna, tries to lure Franciosa away from Dolores. A natural blonde, she has to dye her hair black, but she is so happy she doesn't mind a bit.

Robinson May Retire if He Loses Tonight

CHICAGO (AP)—Tale of the tape for the Gene Fullmer-Ray Robinson middleweight championship fight at Chicago Stadium.

ROBINSON	Fullmer
Age 36	35
Weight 160	160
Height 5-11	5-8
Reach 74	68
Chest (normal) 38	38
Chest (expanded) 41 1/2	41 1/2
Waist 34 1/2	34 1/2
Neck 15 1/2	15 1/2
Wrist 13 1/2	13 1/2
Calves 15 1/2	15 1/2
Biceps 15 1/2	15 1/2
Forearm 15 1/2	15 1/2
Foot 11 1/2	11 1/2
Inst. 9 1/2	9 1/2
Wrist 7 1/2	7 1/2

CHICAGO (AP)—Middleweight champion Gene Fullmer, a bulldozing battler of 25, is favored to

bash artistic, but ancient Sugar Ray Robinson into the ring graveyard tonight in a title rematch at Chicago Stadium.

Robinson, 36, a 2-1 underdog, seemingly has only one chance to capture the 160-pound crown for the fourth time. That's by an early knockout of the durable Fullmer, who dethroned Sugar Ray at New York Jan. 2 with bar-room brawl tactics.

The 15-round championship bout, expected to attract about 12-

000 fans and an approximate gate of \$150,000, will be televised and broadcast nationally via ABC at 9 p.m. EST with a 150-mile Chicago area blacked out on TV.

Robinson has said he may retire if he loses to Fullmer again. Well he might, after fighting—more, or less—on borrowed time since a pathetic showing in this same Chicago Stadium ring Jan. 19, 1955.

It was then Robinson, trying a comeback after a "retirement," was cut to ribbons by a journeyman middleweight, Ralph "Tiger" Jones.

But Robinson stubbornly summoned all the class of his waning years. He won four more trial bouts. Then he knocked out Bobo Olson Dec. 9, 1955, at the Chicago Stadium, to recapture the middleweight title.

A washed-out Olson challenged Robinson in a rematch at Los Angeles, May 18, 1956. Sugar Ray flattened Olson in four rounds. After one fight, Nov. 10, 1956, when he won a 10-round decision over one Bob Provizzi, Robinson defended against Fullmer last Jan. 2 in New York.

Fullmer pressed a relentless attack which dropped the Sugar Man in the seventh round and had Robinson hanging on helplessly most of the time.

There were cries from the Robinson camp Fullmer rabbit-punched his way to the title. Handlers of the Utah scrapper snarled in rebuttal that Robinson was holding most of the fight.

The Illinois State Athletic Commission has promised a referee tonight who will watch both for rabbit-punching and holding, taking away points from either guilty fighter.

Illinois uses the "five-point must system." This gives a round winner five points and the loser any lesser number. An even round is 5-5.

Win or lose, Fullmer will fare a lot better financially than he did in the Jan. 2 bout when Robinson collected \$138,000 and the new champion \$21,900.

Both fighters will get a 30 percent share of both the gate and a \$100,000 radio-TV melon. That could mean around \$65,000 apiece. At New York, Fullmer agreed to a 12 1/2 percent cut against Robinson's 47 1/2 percent slice of the gate, while Sugar Ray got all the TV money.

The New York attendance was 18,134 with a gate of \$194,645.

Robinson has his 37th birthday, by the book, coming up Friday. He claims he will be only 36. He has a 138-5-3 record with 90 knockouts and only failed to finish once.

Sugar Ray won the middleweight title for the first time from Jake LaMotta in 1951, lost and regained the 160-pound title against Randy Turpin and defended that crown against Olson and Rocky Graziano.

Fullmer, making his first title defense, has a 40-3 record with 20 knockouts. A Mormon, who never has tasted tobacco, alcohol or coffee, Fullmer has yet to be stepped.

CHICAGO (AP)—Pete and Gene Fullmer, Sugar Ray Robinson middleweight championship fight at Chicago Stadium, Wednesday.

Chicago blacked out for radio of 150 miles on television. Tickets—\$2.00 to \$10.00. Gate—\$150,000. TV—\$100,000. Total—\$250,000. Price of seats—\$25, \$15, \$10, and \$5.

Obtains Olson From Red Sox

McHale in 1st Move as GM

DETROIT (AP)—The player fortunes of the Detroit Tigers have been placed in the hands of John McHale, at 35 the youngest general manager in the Major Leagues.

McHale became general manager of the Tigers yesterday shortly after noon. Two hours later he announced his first deal—a swap

with the Boston Red Sox that will bring outfielder Karl Olson, late of Washington, to the Tigers in exchange for utility man Jack Phillips.

There will be no radical changes," McHale said after taking over, "but we will continue to try to improve our lineup in every way possible. I've talked

with every American League club except New York, Chicago and Washington in the last two days."

McHale's elevation was expected after Spike Briggs quit under pressure last Friday. Even Briggs said it was the logical move to promote the former Tiger player who has been in the Tiger organization since 1941.

In two other front office moves, Harry Sisson, a business executive with the club since 1929, was named executive vice president in charge of all Briggs Stadium operations and Charles Gehring, the great Tiger second baseman and former general manager, was picked for an advisory role.

Gehring, who quit the front office in 1953 because of the press of personal business, said he would devote up to half of his time to the club.

"I hope this ends the front office shifting," declared John Fetter, chairman of the board of the club. "I'd like to think I could come in from Kalamazoo once in a while to watch a ball game without immediately being suspected of a dozen other things."

Olson played for the Red Sox, was traded to Washington in a mass deal in 1955, then reacquired by Boston yesterday. Phillips will be sent to San Francisco.

"We had good luck with another Boston castoff," said manager Charley Maxwell. "If we get half as much out of Olson as we're getting out of Charley, I'll be satisfied."

Olson played for the Red Sox, was traded to Washington in a mass deal in 1955, then reacquired by Boston yesterday. Phillips will be sent to San Francisco.

"We had good luck with another Boston castoff," said manager Charley Maxwell. "If we get half as much out of Olson as we're getting out of Charley, I'll be satisfied."

Notre Dame scored two in the seventh on a double a walk and two singles and added their final run in the eighth on a double, a single and an infield bouncer.

Notre Dame..... 000 000 110-3 9-1
Griffin, Mansfield (R) and Luce; Budjowski and Kohorst.

Pontiac's Hayes Jones, who was restricted to running only in relay events at the Drake Relays because of a rule against freshmen, will be ineligible for the big NCAA meet at Austin, Texas in June for the same reason, coach George Marshall revealed today.

"They do not allow freshmen to take part but Hayes will go next year," said Marshall, anxiously looking forward to his star's future. However, he hopes to enter Jones in the National AAU meet at Dayton, Ohio June 21-22.

The ex-PHS great won a gold watch for being on the championship 440 relay team and his 880 contingent ranked a strong 2nd at Drake.

Another local boy, Kerry Keating of Waterford, gained more honors last weekend, leading Eastern Michigan to the small college mile relay title at the Penn Relays. Both boys and the entire Huron

team have some busy weekends ahead with three successive dual meets and the IAC battle coming up. Next on the list is a dual at Baldwin-Wallace Saturday.

Madison's Jack Tompkins fireballed his way to an 8-0 no-hit victory over Lake Orion last night in Oakland B League play under the lights at Madison. The Eagle right-hander struck out 19 and permitted only five Orion batters to reach base, four by walks and one on an error.

Mike Joyce, junior right-hander, hurled a no-hitter and got lots of hitting support as Royal Oak defeated Monroe High, 13-0 in a

Birmingham dropped its Eastern Michigan League baseball opener, bowing to Ferndale, 5-2, as Klewick pitched a five-hitter. Ed Kennedy's 2nd-inning grand slam home run paced Southfield to an 11-3 rout of Van Dyke in Inter-Lakes action.

In another EML game yesterday, catcher Jim Flouffe's bases-loaded single in the 3th inning gave Hazel Park a 3-2 triumph over East Detroit. Avondale's Dennis Evans hurled a five-hitter and his teammates backed him up with eight safeties as the Jackets downed Fitzgerald, 6-3, in an Oakland B League game.

Ed Tokarski fired a par 36 and Fred Cosen shot 38 as Milford defeated Clarkston and Clareville in a triangular golf meet at Highland. Milford posted 159, a new school record, while the Wolves had 200 and Clareville 204. It was Milford's 7th straight win.

In Tuesday's tennis activity, Bob Huit won the deciding match as Birmingham shaded Ferndale, 3-2, and Cranbrook conquered Royal Oak, 5-2.

By BILL CORNWELL

A pair of brilliant no-hit pitching performances and contrasting track victories by Cranbrook and Orchard Lake St. Mary took the spotlight Tuesday in high school sports activity throughout Oakland County.

Madison's Jack Tompkins fireballed his way to an 8-0 no-hit victory over Lake Orion last night in Oakland B League play under the lights at Madison. The Eagle right-hander struck out 19 and permitted only five Orion batters to reach base, four by walks and one on an error.

Heavy Artillery Fails to Produce for Tigers

DETROIT (AP)—The Detroit Tigers are struggling around in the American League's second division, and their manager, Charley Maxwell, puts the blame squarely on a trio of 300 hitters who have produced almost nothing but outs in the first two weeks of the campaign.

"When I said we'd go as far as our pitching would carry us," Tighe said, "I didn't mean that the pitchers should have to pack all the load. It's time some of the so-called big guns woke up a little."

The rookie manager makes no secret of his displeasure with the lack of hitting from the "K boys." Al Kaline and Harvey Kuenn, and Charley Maxwell.

"They're supposed to provide the punch," Tighe growled even after his club's 2-1 triumph over the New York Yankees, yesterday, "but all they're providing is a headache."

Kaline is batting only .204 with 10 hits in 49 trips. Maxwell is hitting .242 and Kuenn has a .167 average. All were well over the .300 mark last season.

Kaline has one home run, the others none. The three of them have driven in only 16 runs.

"A slow start is one thing," Tighe said, "but this thing is dragging out too far. Our pitching is

the only thing that's been keeping our heads above water—and we've had a couple of pleasant surprises from youngsters like Reno Bertoia and Frank Bolling, and Bill Tuttle has done real well.

"We're supposed to be as powerful as any club in the American League, but I'll bet you we've left more runners stranded than any of them. The power had better wake up before long or its going to be too late."

The Tigers have left 115 men on base in 13 games, almost one per inning.

"They'd better start hitting before long," he said, "before I run out of lineup combinations."

DETROIT (AP)—The Detroit Tigers are struggling around in the American League's second division, and their manager, Charley Maxwell, puts the blame squarely on a trio of 300 hitters who have produced almost nothing but outs in the first two weeks of the campaign.

"When I said we'd go as far as our pitching would carry us," Tighe said, "I didn't mean that the pitchers should have to pack all the load. It's time some of the so-called big guns woke up a little."

"We're supposed to be as powerful as any club in the American League, but I'll bet you we've left more runners stranded than any of them. The power had better wake up before long or its going to be too late."

The Tigers have left 115 men on base in 13 games, almost one per inning.

"They'd better start hitting before long," he said, "before I run out of lineup combinations."

There's a good possibility that within a few years most Saginaw Valley prep track teams will be performing under lights. Flint Northern's coach, Norb Baber, whose team Saturday stripped Pontiac of 2nd CMC title this spring, says that in all probability next year will find the Vikings working in night dual meets.

Miss Fort Huron, a new, all-steel fishing boat, will be available for fishing parties starting this weekend at Harbor Beach. The Coast Guard-approved craft, carrying 30 passengers, will make five-day runs from the Hercules Co. dock.

An appendicitis attack recently cut short the collegiate career of Duane Ingraham, baseball and basketball standout at Central Michigan College. The former Lakeview High star had been a steady performer in both sports the past three years.

Things are normally pretty quiet around the bowling front during the summer months but Lee Miller out at Land-O-Lakes is hoping to change all that. He is making plans for mixed leagues to compete three nights each week and may even stage a tournament. Motor Inn knicker Stan Evansoff came up with an unusual triplicate of 141-141-141 in the KC loop.

Dick Stuart, the slugger who raved about his own ability all through spring training with the Pirates, has been benched by the Hollywood Stars. He started off sensationally in the Pacific Coast League with five homers in the last series and one more shortly after but suddenly went into a deep slump.

All-winning North Carolina should be murder in basketball again next season with four starters and some great freshmen. Missing will be Len Rosenbluth. "We'll be better next year," says Coach Frank McGilre.

Today is Jack Tighe Day at Briggs Stadium and fans from West Michigan will be on hand to pay tribute to the Detroit Tiger manager when the Bengals take on the New York Yankees in the windup game of the two-game series.

Being the plight of the bleacher fan at big league games, Yogi Berra made this suggestion: "Why don't they fill the bleachers with sand? The fans could wear their bathing trunks and get a lot of sun."

Three big fish may bring some lucky angler \$25,000 and numerous other awards in the Sarasota International Tarpon Tournament starting this month and running for 12 weeks. The person having the three biggest fish in the tourney three successive years will be eligible for the big prize. The annual prize list is valued at \$10,000.

BIG TIGER BRASS — These are the three men who yesterday assumed the top responsibility in the Detroit Tiger organization after the resignation of Walter (Spike) Briggs. Harry

Sisson, treasurer (left), was named executive vice-president; Charlie Gehring, vice-president, will act in advisory capacity to new general manager John McHale (right).

GOAL IN SIGHT—Stan Musial, one of Major League's greats, got hit number 2,800 for the St. Louis Cardinals against Pittsburgh yesterday. In the 13th he blasted a homer to beat the Pirates, 6-5. His goal is 3,000 hits.

Moore in Bout Against German

ESSEN, Germany (AP)—Light heavyweight champion Archie Moore, a surprisingly beefy 206½ pounds, was expected to make short work of German heavyweight Hans Kalbfell in their 10-round, non-title bout in the outdoor Duisburg Arena this afternoon.

It would be considered an upset to most astute observers here if the butcher from Hagen lasted more than five or six rounds. Kalbfell, 27, 210½, has posted a 16-1 record, including 11 knockouts, in a pro career of less than two years. He is Germany's third ranking heavy.

Moore, 40, had been expected to scale about 185 pounds for the tuneup for his June 7 title defense against New York's Tony Anthony.

Even Archie was startled momentarily at his poundage at the brief weigh-in ceremony last night.

Nina Cameron Wins Tourney by One Pin

The slimmest possible margin of one pin decided the women's singles handicap bowling champion in the Howes Lanes tournament held recently.

Nina Cameron of Pontiac won the \$75 title check with her four-game total of 558, beating an 858 by Alice Eysmann, also of Pontiac.

Louise Bailey of Auburn Heights failed to rank in the top 10 among the 129 entries, but posted the high actual game of 223 and top handicap game at 265. Pontiac's Viola Cargal had the best actual series with 715.

The leading finishers were:

Score
Nina Cameron, Pontiac 558
Alice Eysmann, Pontiac 858
Marie Allen, Oxford 826
Viola Cargal, Pontiac 823
Norma Methner, Pontiac 823
Bobby Valdez, Pontiac 823
Miriam Anderson, Pontiac 827
Bobby Hoffman, Pontiac 818
Roma Jacobson, Waterford 818
Jacqueline Whitman, Detroit 815

Big Day for Majors' Mighty Mites

By THE ASSOCIATED PRESS

April's closing day was a big one for baseball's biggest guns but a couple of little bowtizers—Don Zimmer and Frank Bolling—will always remember it as their day.

April 30 was a day when Ted Williams blasted his 422nd home run, Stan Musial smashed his 354th home run and earlier his 2,800th hit, 200-game winner Bob Lemon won his first of the season and 20-game winning star Johnny Antonelli shut out Milwaukee. It was also a day when Billy Pierce, another 20-game winner, posted his third triumph of the young season and Frank Robinson, the National League's 1956 rookie-of-the-year, won a game for Cincinnati with a three-run homer.

It is doubtful, however, if any of these top drawer stars will look back upon this day with as much delight as Zimmer and Bolling. For yesterday each of these mighty mites was Babe Ruth for a day.

Zimmer enjoying the greatest day of his career, cracking five hits, including a 10-inning home run to produce a 10-9 victory for Brooklyn over the Chicago Cubs. The 5-9 replacement for the ailing Pee Wee Reese at shortstop, started the season with a .237 lifetime batting mark and 15 home runs.

Bolling, a .250 lifetime hitter with only 13 home runs, also had his day in the sun. After scoring the first Detroit run on a triple, the 170-pound second baseman walloped a 10th inning home run to give the Tigers a 2-1 triumph over the New York Yankees.

Now for the big guns. Musial's homer came in the 13th inning for St. Louis' 6-5 victory over Pittsburgh. Williams, who already had a single and double, clouted an eighth inning homer to lead Boston to a 3-1 triumph over Kansas City.

Antonelli not only snapped the Braves' four-game winning streak with a seven-hit 4-0 shutout for New York but he buttered his nine-strikeout performance with a two-run homer that sealed Milwaukee's doom and narrowed the Braves' first place margin over Brooklyn to one game.

Lemon also spiced his victory, the 202nd of his career, with a home run as Cleveland defeated Washington 5-1. The homer was Bob's 37th to bring him within one of the record held by a pitcher, Wes Ferrell, who did most of his hurling for Cleveland, hit 38, one more than Red Ruffing, an old Yankee.

Pierce spun a six-hitter to become the first American Leaguer to post three victories as the Chicago White Sox downed Baltimore 3-1. The victory enabled the front

TUESDAY'S HIGHLIGHTS
HOUSTON, Tex.—Roy Harris, 187, Cal and Shook, Tex., outpitched Bob Baker, 215, Philadelphia, 10.
HOLLYWOOD, Calif.—Ernesto Parris, 124½, Mexico City, stopped Vince Delgado, 127, Los Angeles, 1.
MONTREAL, Quebec, Canada, 127½, Alberta, outpitched Bobby Bell, 128, Youngstown, Ohio, 10.
MIAMI BEACH, Fla.—Clarence Hinshaw, 175½, Miami, stopped Calvin Butler, 130, Cleveland, 2.
HARTFORD, Conn.—Wayne Belles, 204, New York, outpitched Bert Whitburn, 181, Baltimore, 10.

Bad Weather, Low Prices \$10,000 Is Paid Kept Trappers Inactive Out on Bounties

LANSING — Unfavorable weather and low fur prices kept trappers inactive in parts of Michigan this year. As a result, only 7681 beaver and 591 otter were taken, compared with 13,309 beaver and 670 otter last year.

The number of trappers dropped from 4440 in 1956 to 3326 this year.

Decreases were noted in the upper peninsula where the beaver take dropped from 10,671 last year to 4316 this season. Cold weather hampered trapping operations and 15 inches of new snow fell during the first week of the major U. P. trapping season.

Low fur prices also had their effect as beaver blankets brought a top price of only \$14 to \$15. Last year, top price was about \$20, and only 10 years ago a blanket brought as much as \$60 to \$65 on the market.

Skippers Trip Milford, Trojans in Triangular

Waterford won seven events and ties for 1st in another to trounce Milford and Clarenceville in a triangular track meet Tuesday night at Milford. The Skippers piled up 71 1/6 points to 49 1/4 for Milford and 16 1/3 for Clarenceville.

Cecil Dumbrique again paced the Skippers, this time scoring 13 1/4 points. He won the pole vault and broad jump, took 2nd in the high hurdles and tied for 4th in the high jump. Waterford's Leroy Vogt captured the 100 and 220 dashes.

It was the 2nd victory in four meets for the Skippers and Milford's 2nd setback.

Sun Shines, Trout Active

Area Fishermen Successful

By JACK PATTERSON
Pontiac Press Outdoor Writer

WOLVERINE — There might have been another such day in the last 40 years. There might be another one yet. We doubt it. At least we will not believe it if we see it. Few things are perfect. The weather Tuesday was.

Dropped in to see Lynn Allen on the North Branch in the middle of the morning just to see if county clerks really fish when they go fishing and Lynn obliged by catching a nice one of our eyes.

After a bit we eased up to Leo Beaudette's to see if there were any fishermen in residence. Leo was on the stream with his general factotum but we found a quorum holding down things generally and doing some talking, anyway, about the fish they were going to catch.

Pleasantly idling away the traditionally dull early afternoon

hours were Dr. L. A. "Gus" Farnham, Pontiac exiles Frank Milward and Frank Wood and "Chick" Lasher, now of Burt Lake.

In the course of the conversation we learned that this is the 37th continuous year this group has opened the trout fishing season together. If that isn't some kind of a local record it ought to be. This is the kind of association that gives heart to the traditions of trout fishing. It recalls older, gentler days when fishing was indeed the "soft and tranquil sport" that the Walton maintained it was all along.

Had to move along and check on some wild stories of rainbow fishing on the Sturgeon. But on the way passed a favorite stretch of North Branch water and took

the liberty of trying some specialties tied up by Bill Brown, who about evenly divides his time between fishing, mixing potions and unguents alongside Cecil Newstead in the latter's pharmacy and prexying the West Side Kiwanis Club.

We'd like to report to Bill that his specialties delivered some fine trout. We could, but for our built-in propensity for letting our attention wander at the wrong time. Twice we missed splendid fish because we weren't properly attentive. Carelessness can be fatal to the ambitions of the fly fisherman.

Reports of fine rainbows and browns on the Sturgeon were not as exaggerated as we'd supposed. The Al Webers had left by the

time we got there but they didn't go home empty handed. Other Pontiac fishermen who are such steady customers of Ed Schreider's rainbow camp that they may have a tradition going, are the John Ploes, Art Ramseys, Jack Ramseys, Leonard Doans and Jimmy Kincaid.

This group is not only giving Sturgeon fish a bad time but are being very mean to the choosier rainbows of Silver Lake.

Black, Maple and Pigeon rivers have produced nothing to rave about yet but water is dropping and clearing. A noticeable drop in catches in Cheboygan county is probably due to the machinations of Jim Cadioux who is a terror on brook trout early, other brands later.

At that time the correctional conservation camp program was assigned to the conservation department. Michigan's first work camp was occupied May 1, 1948. Now there are over 1,000 inmates in 11 camps and other camps are under construction.

Prison officials say about 10 percent of Michigan's convicts are now in correctional conservation camps.

The idea of penal labor camps for constructive work is far from new. Records show penal farms were in use before 1900. At first these camps or farms were under armed guard but early in the century some states were operating farms without armed personnel.

Escapes? They are not called escapes, but "walk-aways." The temptation is sometimes too great for a criminal but considering there are no bars, no high walls, no fences and no armed guards even "walk-aways" are comparatively few. Of the first 2,400 men Michigan sent to these camps 41 decided to leave before society said "okay." About 23 of these delinquents were captured within 24 hours.

To work in a conservation camp each convict must be carefully examined by a committee of experts which studies the candidate's history and personality. No man convicted of a sex crime or with a record of violent assault is sent to camp.

Psychologists and prison authorities agree that conservation work camps are much more desirable than conventional prisons, for the prisoner and the state.

Taxpayers and sportsmen of the state benefit since it costs about \$15,000 per jail cell in a modern prison and much less for a wilderness work camp which offers better prisoner rehabilitation.

The Detroit Bulldog Club will hold its annual puppy match Sunday, May 5, at 1 o'clock at the Ellis Temple at Vester and Woodward, Ferndale.

Judge will be Mrs. John Robinson of Flint.

Classes in both sexes: 2 to 4 months, 4 to 6 months, 6 to 9 months and 9 to 12 months. Trophies and ribbons in classes, and best in match special rosette. Entries will be taken at the door. Refreshments and dinner will be served. For further information, call Mrs. Henry G. Campbell, JO 4-6741 or LI 7-2952. Match is open to the public.

Y' Air Rifle Clubs Name Winter Season Champions

Final tournament for members of the YMCA Air Rifle clubs has concluded and the divisional champions have been named. Parents of the boys witnessed the final club shoot in the YMCA. Prizes were awarded winners.

Tournament honors went to: Ron Martell — standing 41x50; Dick Wiltgen — kneeling 45x50; Wayne Daniels — sitting 32x40; Billy Travis — prone 32x40.

James Hurren — first, total of all four positions, 134 out of a possible 180 points.

Bobby Tallon — second, total of four positions, 118 out of possible 180 points.

Dick Wiltgen — third, total of four positions, 116 out of a possible 180 points.

Club leaders for the season were Francis Miller, Bud Palin, Donald Price and Carl Stein.

Seventeen earned the pro-marksman award; seven the marksman award and four the marksman first class award. These awards were made to the boys at the end of the tournament.

The Pontiac YMCA Club is a registered member of the National Air Rifle Association. It's charter was accepted and approved Feb. 21, 1957, after request was made in January.

Paint Creek Bing High in Futurity

Paint Creek Bing, a fine 15-inch beagle that takes its name from the storied stream that runs through Rochester, has just won high international beagle futurity honors. Bing, owned by Fred E. Stanley, 615 First, Rochester, was 2nd in the big Chartiers Valley trials, near Pittsburgh. Dale Sutton handled the dog, which will run again May 6-8-9 at Paducah, Ky., in the Midwestern Futurity.

The two-year-old dog was high hound in the Chartiers' first series, went on to win 2nd in a field of 92. Event was for beagles two years old and under.

Bing placed well last year in state all-age and derby tests.

Many Anglers, Few Trout

County Waters Slow to Produce

By H. GUY MOATS

Despite what conservation officers say is the heaviest fishing pressure on area trout waters in many years, Oakland county's lakes and streams have yielded fewer fish than usual.

Cyril Adams, Lake Orion area officer, summed it up this way:

"I've never seen so many fishermen on the trout waters on opening days, as this year. But, as far as I have heard there have been few fish taken, in relation to the number of fisherman."

Conditions about the area are about the same as in Adams' territory, although fish have been taken in most streams and lakes.

"I've heard of no spectacular successes in county waters," Warren Kendall, conservation man from Rochester reported.

Howard Johnson of the Pontiac and western county area, conservation man, told Kendall some fish were taken on Union, Orchard, Elizabeth and Oxbow. All were rainbows. They were taken in most instances by worms and nightcrawlers, fishing on, or near the bottom.

"Square Lake," Kendall said, "had a huge turnout on the weekend, but I didn't hear of a single limit catch anywhere."

If present weather continues, of

men, it's the worst spring season opening I've seen."

Adams added that high water may have had something to do with the situation, but also recalled that last year high water didn't spoil the opening.

Only successful angler on the old Bald Mt. trout pond, as far as Adams knows, was a young girl who took two trout on minnows. Flies only are used on the new pond.

Probably the area's most assiduous bird watcher is Dr. Richard E. Olsen, Bloomfield Hills, who has listed more than 60 species about his place this spring.

A fat doe, maybe afflicted with spring wanderlust, was seen early this morning crossing Cass-Elizabeth road at Miami road. "It was an unusual sight," reported Mrs. Ernest Wiseley, 1326 Muskingum road.

County Waters Well Stocked

Here's a list of Oakland county waters which have been planted with legal size trout, for the fishing pleasure of the thousands of hopeful anglers in the area:

Streams: Clinton river (Waterford township); Duck Creek (Groveville); Huron river (White Lake township); Kalamazoo Creek (Brandon and Groveville townships); Pigeon Creek (Oakland-Rochester area); Portage Creek (Oakland township); Trout Creek (Orion township); Wildwood lake outlet (Groveville).

Special trout ponds in the area include Bald Mountain (Rochester); DeWittsburg (Springfield township) and Pontiac Reservoir (Rose township). Check current fish laws for regulations.

Lake: Lapeer county — Davis (Orion township); Davison (Hastley township); Oakland county — Alderman (Highland); Cedar Island (White Lake); Cemetery (Independence); Crooked (Holly); Deer (Independence); Elizabeth (Waterford); Maceday and Lotus (Waterford); Orchard (W. Bloomfield); Oxbow (White Lake); Reed (Commerce); Square (Bloomfield); Sugar (White Lake) and Union (W. Bloomfield). Lake trout — Cass and Maceday.

Lapeer lakes — Alton and Cedar.

Paint Creek Bing High in Futurity

Paint Creek Bing, a fine 15-inch beagle that takes its name from the storied stream that runs through Rochester, has just won high international beagle futurity honors. Bing, owned by Fred E. Stanley, 615 First, Rochester, was 2nd in the big Chartiers Valley trials, near Pittsburgh. Dale Sutton handled the dog, which will run again May 6-8-9 at Paducah, Ky., in the Midwestern Futurity.

The two-year-old dog was high hound in the Chartiers' first series, went on to win 2nd in a field of 92. Event was for beagles two years old and under.

Bing placed well last year in state all-age and derby tests.

Sportsmen Sponsor 3-Day Lapeer Show

A wide variety of outdoor exhibits has been provided for the Eastern Michigan Sports Show, beginning Friday and running through Sunday. The event takes place in the Lapeer County Center Building in Lapeer. It is sponsored by the Lapeer County Sportsmen's Club and Lake Nepesing Boat Club.

Included in the 71 exhibits will be boats, hunting and fishing equipment, outdoors materials and gadgets of all kinds for the sportsman, demonstrations and many other features.

A sports show queen will be chosen and her coronation during the weekend will be the big highlight.

For other information regarding the show, call MOhawk 4-6246.

Solunar Tables

Here are the best times for fishing in the Pontiac area, for the next week, according to John Alden Knight's solunar table:

A.M. P.M.

Wed. 7:30 2:30
Thurs. 7:30 2:30
Fri. 7:30 2:30
Sat. 7:30 2:30
Sun. 7:30 2:30
Mon. 7:30 2:30
Tues. 7:30 2:30
Wed. 7:30 2:30

KING-SIZE — Fishing off the Florida East coast near Boca-Raton, where some of the best deep-sea angling is found, Curtis E. Patton (above), 314 Tilden avenue, Pontiac, took the big kingfish he displays in the picture. It was a

real king-size specimen, too, weighing 31 1/4 pounds and was four feet 4 1/2 inches long. Patton was attending the Great-West Life Assurance Co. convention at Boca Raton Hotel & Club.

Convict Camps Have Part in Conservation

Program in State Was Started Nine Years Ago Today

ALL OUTDOORS (INS) — Rehabilitation of men and natural resources are the goals of Michigan's program of "convicts in conservation," which is nine years old today.

A spokesman for the conservation department says the state prison farm system is going great (without) guns since it began on a large scale in 1947.

At that time the correctional conservation camp program was assigned to the conservation department. Michigan's first work camp was occupied May 1, 1948. Now there are over 1,000 inmates in 11 camps and other camps are under construction.

Prison officials say about 10 percent of Michigan's convicts are now in correctional conservation camps.

The idea of penal labor camps for constructive work is far from new. Records show penal farms were in use before 1900. At first these camps or farms were under armed guard but early in the century some states were operating farms without armed personnel.

Escapes? They are not called escapes, but "walk-aways." The temptation is sometimes too great for a criminal but considering there are no bars,

Bob Considine Says:

Tranquility Via Pill on the Increase

NEW YORK (INS) — Fortune, which doesn't sell quite like hot cakes or tranquilizers, which are drugs that do for the hyper-tense modern what a stack of buckwheats and syrup once did for his father, comes out with a somber study of the new-drug craze.

Tranquilizing pills have been taken by 20,000,000 Americans since they came to the market in 1954. Their limited use before that had been confined largely to mental institutions—where it was found they reduced the number of electric shock and insulin coma treatments for the nation's nearly 1,000,000 hospitalized deranged.

In the hands of "the people," the pills are prescribed for "almost every emotional complaint that mortal man has been able to jam" between cradle and tomb.

There were 30,000,000 prescriptions filled in 1956, and this year the nation will pay \$175,000,000 in search of the lost continent of Euphoria. Historians may describe ours as the "don't give a damn" age.

No one is precisely certain what will happen to habitual users of the tranquilizers, or to the nation for that matter, if the epidemic spreads any more than to date. Author Francis Bello concludes, nervously:

"The solution would seem to lie not in drugging the primitive brain, but in educating the forebrain to distinguish more effectively between real threats and imaginary ones, to distinguish between petty vexations and problems that must be faced and solved, if man is to survive another million years."

Dr. Will Menninger, the Topekan who gained world fame in the treatment of mental disorders, has another way of putting it:

"What this country needs is more people taking 'do give a damn' pills."

HOT POLITICAL FIGHT

Malcolm Johnson, Pulitzer Prize winner now with Robinson-Hannagan Associates in New York, finds himself in the middle of a hot political fight for the first time in his life—though he covered

a million of them for the old Sun and for INS.

Mike is running for the school board of New Hyde Park, Long

U.S. Can't Keep Mideast Peace, Bevan Forecasts

LONDON (AP)—Leftwing Laborite Aneurin Bevan said today the United States will be no more successful than Britain was in keeping the peace in the Middle East.

"It is not possible to assume that Cadillacs are more popular than Rolls-Royces over there," he told a news conference on his return from a three-week tour of India and the Middle East.

Bevan criticized the Eisenhower Middle East Doctrine. "I should say the Eisenhower doctrine is liable to prove disastrous as it leaves all the power of discipline to the United Nations and keeps the sugar for the United States," Bevan said.

Island, N.Y. Their big issue there has national overtones and reflections:

It is whether or not a secularized or "inter-denominational" version of the 10 Commandments shall be posted in the public schools. Johnson is under fire because he took a position against such posting. A note from my friend reads in part:

"While I believe in the 10 Commandments and was reared by their teachings, my opposition to their posting is on legal, religious and educational grounds."

"I happen to believe that the proper place to teach the Commandments is in the home and in the church, in accordance with the faith of the individual family and not in accordance with a doctored version unacceptable to all faiths, including mine. So I'm being called 'Godless' and 'un-American,' see?"

YOUNG TYCOON

An 11-year-old boy named Chester Arnold Jr. of Greensboro, N.C., purchased five shares of Pepsi stock some time ago.

When the lad's mother sent her son's proxy to Al Steele, chairman of the company, she wrote that she wished it were possible for the kid to attend the annual stockholders' meeting in Wilmington, Del., May 1.

Al brought the whole Arnold family to New York for the weekend and then took the five-share owner to the Wilmington meeting.

Bob Reid, director of the television sales for INS-IMP, is a purist who can't pass a certain restaurant along New York's famed Steak Row on East 45th without wincing. A sign on the outer wall of the place reads, Food at It's Best.

The "It's" gets Bob. "For five years I've asked these fine people to change 'It's' to 'Its,'" he says, shaken. "The whole thing has become a matter of pride-of-profession. You see, the name of the restaurant is the Editorial."

One of every four American families moves in an average year, says the Census Bureau.

Brucker Says U.S. Could Act Promptly

WASHINGTON (AP)—Secretary of the Army Brucker says he would move to block the aggression should Syria or Egypt invade Jordan.

And Brucker added, U. S. troops could be airlifted into Jordan "in a matter of days—not weeks or months" if such action becomes necessary.

The secretary's remarks were made in response to questionings during a television interview last night.

Brucker said a number of divisions, he did not specify how many, are ready "to be air transported and dropped. We have an airlift waiting for that purpose."

The 8th Fleet already is in the Middle East.

The secretary added that he thought Congress would "go along with" Eisenhower should he move to block any invasion of Jordan.

In response to questions, he said "most certainly yes" the United States could defeat Russia in all-out war today.

Recent excavations reveal that the city of Arzawas, Turkey had central heating 3,000 years ago.

McLeod Questioned on Qualifications

WASHINGTON (AP) — State Department security chief Scott McLeod was recalled today by the Senate Foreign Relations Committee for more questioning on his nomination as ambassador to Ireland.

Democrats on the committee expressed little enthusiasm for the appointment. But there was no indication that it would arouse enough opposition to forestall his confirmation when it reaches the Senate floor.

McLeod, onetime administrative assistant to Sen. Bridges (R-NH), began his testimony yesterday after the committee voted quick and unanimous approval of the nomination of Charles E. (Chip) Bohlen as ambassador to the Philippines.

'Impossible' Straits Bridge Almost Ready

BY A. F. MAHAN JR.
ST. IGNACE (AP) — Michigan has begun its final dash to bridge the Straits of Mackinac, where once people said no structure could be built that would withstand the stormy winds and winter's tremendous ice pressures.

One of the wonder bridges of the world, the Mackinac Straits Bridge is scheduled to open to traffic Nov. 1, although the final finishing touches won't come until mid-1958.

The straits of St. Ignace and St. Ignace divide Michigan's upper and lower peninsulas and connect Lakes Michigan and Huron. The stupendousness of the structure that will bridge the gap makes one gape.

On April 20 steel — big steel — is scheduled to move out by barge to be fitted into the last approach spans to suspension towers that reach 552 feet above the water and 300 feet below it. To weld the tower steel 1,740,000 rivets were driven.

HIGH ABOVE WATER
The height above water is as tall as Michigan's tallest building, the 47-story Penobscot in Detroit. Total tower height is only 40 feet less than New York's Woolworth building, once the world's highest.

On May 22 the first of 86 126-foot sections of the suspension span is slated to go out for placement. Each is 68 feet wide and 38 feet deep. When their overlaps are connected workmen will have used around a million high tensile bolts on them and approach spans.

The suspension span will hang from 3-foot thick cables already in place and each made up of 15,876 strong wires. In all, the wire wound into the cables would be enough to tie around the world at the equator and make a generous bow: 41,000 miles.

From cable anchorage to cable anchorage, the Mackinac Bridge will dwarf any other in the world. The distance between anchorages is 8,614 feet, compared with 6,450 for San Francisco's Golden Gate. Mackinac's overall suspension will measure 7,400 feet, compared with 6,540. Between towers, however, the Golden Gate is 4,200 feet; the Mackinac 3,800.

The concrete Mackinac anchorage piers, 115-by-135 feet, reach up 118 feet from bedrock. Half as large as a city block and as tall as a 10-story building they weigh 145,000 tons and take the strains of the cables.

The Mackinac's suspension takes off 128 feet above the straits and arches normally to 155 feet in the center, but win-

ter's contraction of metal will lower the center seven feet and summer's heat rise it as much.

Including approaches, the bridge

is 5 miles and 44 feet long, and by en route from the Canadian border at Sault Ste. Marie across Michigan's upper peninsula to and U.S. 27 from Mackinaw City to St. Ignace, where U.S. 2 sweeps

6,000 cars an hour, and it'll be open, year around.

The Mackinac Bridge Authority, a public agency created by the legislature is building it with \$39,800,000 in revenue bonds to which only tolls are pledged. The state, however, has voted to allocate \$417,000 annually for maintenance and operation.

Despite its massiveness, some still ask: "Yes, but is it safe? Will it stand the wind and ice?" To which its designer, David B. Steinman of New York, an internationally known bridge designer, replies: "It will be the safest in the world."

What would happen if a big steamship crashed into the steel-encased concrete tower piers or anchorages? "The boat would probably sustain severe damage."

Will it sway? "Not so a person driving over it would notice."

"Because the public had been alarmed by unscientific claims that no structure could withstand the ice pressure at the straits," Steinman said. "We added a further generous margin of ultra-safety."

He explained the highest maximum ice pressure ever obtained in the field was 21,000 pounds per lineal foot of pier width, while the highest producible in a laboratory is 23,000 pounds.

"So," he added, "We multiplied this higher figure by five and we designed the piers to be safe for a hypothetical, impossible ice pressure of 115,000 pounds per lineal foot."

Aerodynamically, Dr. Steinman says, no wind possibly could blow the bridge down.

MOM LOSES 'LOCKS'—AND POPULARITY
—Blonde, long-tressed Mrs. Patricia Smith, left, of San Francisco, Calif., loses her locks prior to making like an eight-ball in connection with premiere of "The Girl in the Kremlin." Daugh-

ters Janet, 2, and Ronita, 3, right, refuse to accept mother in her shorn condition. Mrs. Smith will wear a wig when she's not appearing publicly in connection with the picture.

Low Income Bracket Would Get \$700 Exemptions

Sen. Byrd Urges Reductions in Taxes Based on Budget Cutback to '55 Level

By JACK BELL
WASHINGTON (AP) — Sen. Byrd (D-Va.) said today that if Congress would cut President Eisenhower's spending budget back to 1955 levels it could reduce taxes \$6,355,000,000.

"It is possible we cannot reach the 1955 level in the coming year," he said in a speech prepared for the annual meeting of the U. S. Chamber of Commerce, "but we can work toward that goal."

Calling Eisenhower's proposed \$71,800,000,000 outlay for the fiscal year beginning July 1, "the most irresponsible budget submitted in my day," Byrd said Congress' goal should be a return to the \$64,600,000,000 spent in the year beginning July 1, 1954.

If that level could be reached, the Virginia senator said, there also could be a payment of two billion dollars on the national debt.

Byrd, who heads the Senate Finance Committee, broke down his tax reduction proposals this way: Lower income bracket—an increase from \$600 to \$700 in income tax exemptions, saving all taxpayers a total of \$2,800,000,000.

Middle income bracket — Revisions in bracket rates with a consequent one-billion-dollar tax cut. High income bracket—Reduction in the maximum rate from 91 to 65 per cent, saving 225 million dollars.

Corporations—Reduction in the present maximum of 52 per cent tax to 50 per cent, an 830-million-dollar reduction.

Small business — A "complex amendment" he did not explain which would cut 500 million dollars off the tax burden.

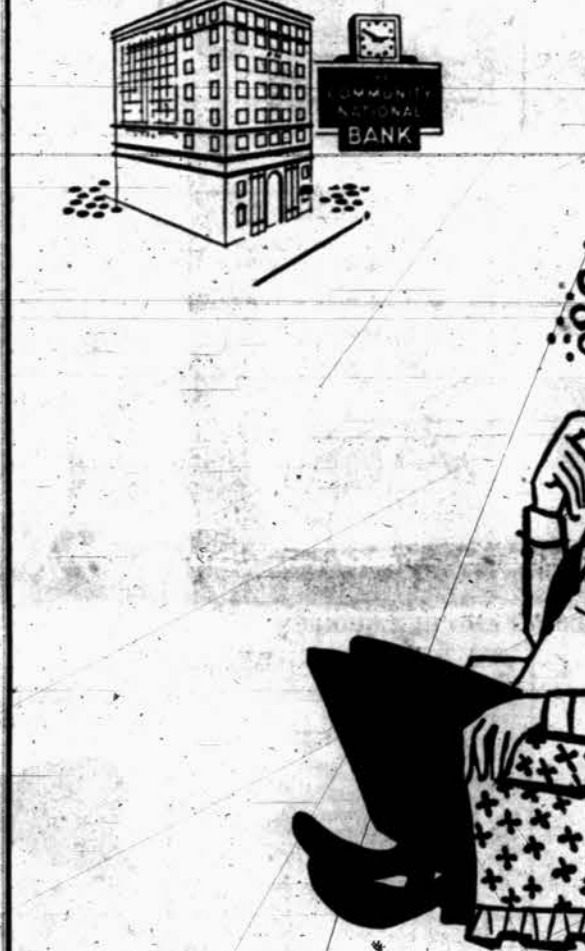

Excises—Reduction of a billion dollars "in the most burdensome excise taxes."

Byrd said as far as he is concerned any tax cut will "depend upon expenditure reductions sufficient to assure a balanced budget."

Holding out little hope for a tax cut this year, Byrd said an over-

all reduction would be "preferable to negligible tax cuts in little nibbles."

He said he thinks almost every agency of the government can reduce its administrative expenditures by 5 to 10 per cent and still function effectively.

Parolee Sentenced to Life in Prison

MIDLAND (AP) — Paroled convict Wallace Warner, 28, of Saginaw, was sentenced today to life in prison, the maximum, for rape of a 19-year-old Saginaw girl.

Immediately after sentence was pronounced by Midland Circuit Judge Donald E. Holbrook, Warner was taken to Saginaw where he faces additional charges of armed robbery and kidnapping.

Warner had pleaded guilty to the rape charge. He was accused of kidnapping Charles Harden, 20, of Saginaw, and attacking Harden's girl friend April 21.

Warner was picked up by state police the following night when he tried to elude a roadblock in Montcalm County. He had forced the couple at knifepoint to drive him from Saginaw to North Bradley in Midland County, where the attack occurred.

McCarthy's Condition Still Called 'Serious'

WASHINGTON (INS) — Sen. Joseph R. McCarthy (R-Wis.), was reported to be still in "serious" condition at Bethesda Naval Hospital today with acute hepatitis resulting from an inflamed liver.

The senator, however, spent a "comfortable day" yesterday and physicians said that he was improving.

They added that his temperature remained normal yesterday.

McCarthy entered the hospital Sunday.

Chinese Shops Selling Puppies by the Pound

HONG KONG (U)—They sell live puppies by the pound in some of the crowded Chinese markets of this British colony.

A fat 6-week-old pup costs about 83 U. S. cents a pound but if you're caught with the carcass of a newly devoured dog it could cost as much as \$83 and six months in jail.

The law has been on the books many years, but fanciers can still gorge themselves on the ancient Chinese delicacies of fried dog or stewed cat.

The Chinese dealers just remain still and keep up the brisk black market trade in pups and cats.

A Chinese epicure says: "Dog meat is tender and tastes sweet. As for cats, only the old, fat ones are good. They make a delicious stew. Once you try it, you'll always go back for more."

Dem Chairman Humphrey Confers With Nasser; 'Not Pessimistic' Over Mideast

Butler Denies Intention to Quit Post, Hits 'Rift With Rayburn' Gossip

WASHINGTON (INS) — Democratic National Chairman Paul Butler disclosed today that he has "absolutely no intention" of resigning his post and will delay until next year his decision whether to run for the Indiana Senate seat of GOP incumbent William Jenner.

Butler, on the eve of the full-dress National Committee meeting denied reports that he has lost the support of speaker Sam Rayburn and will be ousted from the chairmanship.

"Sam Rayburn is the best friend I have in Washington," Butler told this correspondent. "He is backing me to the hilt. So are most of the national committee."

Fireworks are anticipated at the upcoming meetings which will bring former President Truman, titular party leader Adlai Stevenson and most Democratic governors to Washington.

At a \$100-a-plate dinner Saturday night, the featured gubernatorial speaker will be Michigan's G. Mennen (Soapy) Williams, who is anathema to Southern Democrats because of his strong backing from AFL-CIO Vice President Walter

Butler said he expects a stormy three-day session over Dixie Sen. John McClellan's maneuver to tack a right-to-work rider on pending civil rights legislation.

Americans use more than 70 billion pounds of paper a year.

CAIRO (U-P) — Sen. Hubert Humphrey (D-Minn) says he is "not pessimistic" about the danger of war breaking out in the troubled Middle East.

"The major powers don't want to engage in a suicidal war and there is not much chance of the smaller countries doing so," Humphrey told reporters last night after he talked almost three hours with President Nasser.

Humphrey, chairman of the Senate Foreign Relations subcommittee on the Near East, is making a fact-finding tour of the area. He arrived in Cairo Monday.

The senator said he and Ambassador Raymond Hare were received "hospitably and courteously" at the Egyptian President's family home on the outskirts of Cairo and that the talk ranged over everything from Egypt's domestic program and future plans to Soviet arms deliveries, the Suez Canal and Egyptian-Israeli relations.

"I did not detect any note of beligerency or arrogance about anything on the part of Nasser," Humphrey said. "I found a man willing to talk freely about all problems."

The senator said he told Nasser the United States "wants to see tranquility and peace in the Middle East . . . and that the American attitude always was and would continue to be in opposition to colonialism."

Humphrey said he also emphasized that the United States

"didn't seek to dominate in the Middle East but to cooperate."

He added that he came away from his talk with Nasser with these impressions of Nasser's viewpoint:

The two main developments which have caused "misunderstanding" between the United States and Egypt were America's withdrawal of financial aid offered for building the Aswan Dam and the manner in which it was done, and U. S. blocking of Egyptian funds which Nasser said were being used especially to buy wheat and medicines.

Humphrey said Egypt was desperately in need of wheat until it was supplied by Russia. He added that he hoped the "supply of food would be subject to review by the United States if Egypt wants it."

"Unhappy but not bitter" was the way Humphrey summed up Nasser's attitude about present Egyptian-U. S. relations.

Humphrey leaves tomorrow for Lebanon.

Also among the 165 detected heart cases and the cases which developed among normal people in the 30 months there were 26 deaths from coronary disease. Examination techniques detected advance signs of coronary trouble in only 6 of the 26.

These findings were reported to the California Medical Assn. by a group of investigators headed by Dr. L. S. Goerke, assistant dean of the Public Health School of the University of California at Los Angeles.

The electrocardiogram had a batting average of only 29.3 percent in diagnosing heart disease in normal people who were found to have suspicious signs. It showed abnormal readings in 249 persons who later were found to have no heart trouble.

The study included X-ray examinations which showed 688 of the group had abnormal heart shadows but further tests determined that 544 of them had no cardiac trouble. Thirty months later 60 of these 544 had either heart disease or potential cardiac trouble or were dead. Not all of these deaths, however, were from heart causes.

Dr. Goerke said the tests indicated the prevalence of heart disease among the general population is 73 per 1,000 persons.

The American Iron and Steel Institute, which is sponsoring the commemorative activities, noted that Kelly and Bessemer filed separate patents. Kelly contested Bessemer's American rights, and convinced the U. S. commissioner that he had earlier invented the process at his Eddyville, Kentucky, iron works.

But Bessemer was the better

businessman; it was his name that was attached to the process and he and Kelly finally split American patent rights, 70-30. Kelly died in Louisville in 1888 after having received about half a million dollars for patent royalties.

ROME (INS) — Famed Boston heart specialist Dr. Paul Dudley White made an emergency change of plans yesterday and flew from Rome directly to Beirut to examine ailing Lebanese Premier Sami El-Soh.

The 67-year-old premier, who is the most moderate and pro-Western of the Moslem leaders in tiny Lebanon, was stricken Sunday with pneumonia and possible heart complications.

White originally was scheduled to visit Turkey and later fly on to Beirut, but shifted his plans after receiving a message at Rome's Ciampino airport. He told newsmen he changed his schedule to visit El-Soh "as soon as possible."

El-Soh was reported to be out of danger.

ALBUQUERQUE, N.M. (U-P) — A 3-year-old boy was hit by an automobile yesterday just an hour after his father was killed in a truck accident.

The father, Delfino Gonzales, 29, was killed when the truck he was driving went out of control, overturned and pinned him beneath the wreckage. An hour later, David Gonzales, unaware of his father's death, ran into a downtown street and was struck by a car. He received minor injuries.

Catholics Jam Church

DETROIT (INS) — Over 10,000 persons are expected to jam St. Aloysius' Church and Washington boulevard in downtown Detroit today for the annual May Day for Mary celebration.

DETROIT (INS) — Paul Silver, president of United Auto Workers Local 351 will try today to persuade employees of Detroit's Squid D Company to return to their jobs while grievances are processed through collective bargaining machinery.

The plant has been closed since last Thursday as the result of disciplinary action taken against 30 to 40 employees for their part in a wildcat strike.

Steel Industry Opens Exhibit

Display in New York Marks Century Since Discovery of Technique

NEW YORK (INS) — America's huge steel industry opens an exhibit in New York today commemorating the discovery that made possible the modern industrial world.

It was 100 years ago, in 1857, that William Kelly, an American, and Sir Henry Bessemer, an Englishman, patented their similar discoveries of how to make steel in large, economical quantities by blowing cold air through molten iron.

The commemorative exhibit has been set up in the main rotunda of New York's Pennsylvania Station. It depicts the history and growth of the industry since 1857.

The importance of the Kelly-Bessemer discoveries is shown by the immediate rise in American steel production. During the 33 years after 1857, annual production of Bessemer Steel had reached 2.8 million tons. The U. S. had become the world's greatest steel producer, a distinction it still holds.

The American Iron and Steel Institute, which is sponsoring the commemorative activities, noted that Kelly and Bessemer filed separate patents. Kelly contested Bessemer's American rights, and convinced the U. S. commissioner that he had earlier invented the process at his Eddyville, Kentucky, iron works.

But Bessemer was the better businessman; it was his name that was attached to the process and he and Kelly finally split American patent rights, 70-30. Kelly died in Louisville in 1888 after having received about half a million dollars for patent royalties.

Italian Consul Fears Missing Son Dead

Count Barattieri Said Last Night He Fears That He May Never See His Missing 14-Year-Old Son Alive Again

CHICAGO (INS) — Italian Consul General Count Ludovico Barattieri said last night he fears that he may never see his missing 14-year-old son alive again.

The boy, Vittorio, has been missing since April 16 when he left home at 7:15 a.m., to attend classes at Loyola Academy in Chicago.

Count Barattieri said he believes his son would have either contacted his parents or returned home by this time if he were alive. The father said:

"We fear we may never see him again."

Count Barattieri said he places no credence in a theory that Vittorio had gone to the water sking spot of Cypress Gardens, Fla. The Count said his son was not adept at the sport and had taken only six water skiing lessons.

Newsman to See Nevada A-Tests

Series of Nine Shots to Be Made Public to Media Representatives

WASHINGTON (U) — Nine "open" shots—With newsmen as observers—will be fired in the atomic test series to be run off in Nevada from mid-May to September.

The Atomic Energy Commission announced the plan today.

It said all of the nine tests to which observers will be admitted will be "low-yield detonations of fission devices."

In addition to reporters and photographers, the AEC said a limited number of Civil Defense representatives will be invited.

Newsman assigned to witness the tests must be "representatives of recognized United States news media certified by principal officers of their employing agencies." They must be U. S. citizens.

Photographers must submit their equipment in advance to be inspected for compliance with limitations imposed on lens size and shutter speed.

AEC officials said the focal length of lenses will be limited to 7 inches on 8 mm. cameras, 14 inches on 16 mm., 28 inches on 35 mm. and 40 inches on 4 by 5 inches and larger cameras.

Those are comparatively long focal lengths but not extreme. The obvious aim is to bar outside closeups that might disclose more about the blasts than the AEC wants generally known.

The shutter speed limitation applies only on movie cameras, which may not be faster than 128 exposures per second. That will block extreme slow motion pictures.

Brigadoun Is Bonanza for New York Center

NEW YORK (U) — "Brigadoun" is turning out to be a bonanza for the City Center, a non-profit enterprise that is always looking for a nest-egg.

A two-week revival of the Frederick Lowe-Alan Jay Lerner musical was wildly hailed by the critics and became a boxoffice sellout.

Plans were immediately made for it to continue its run at the Adelphi theater, with City Center sharing in the profits.

Strauss Talks at Army Dedication Package Power Reactor Part of 'Atoms for Peace'

FT. BELVOIR, Va. (U) — Chairman Lewis L. Strauss of the Atomic Energy Commission said today a new Army package power reactor is "essentially an instrument of peaceful progress."

Strauss said the reactor is "as surely a part of President Eisenhower's concept of 'atoms for peace' as are the 'isotopes from our atomic reactors which are today combatting man's diseases and suffering, improving the fertility of our fields and the products of our factories, and pointing the way to new discoveries.'"

The AEC chief's speech was prepared for a ceremony dedicating the new reactor at this Army Engineer Corps center.

Strauss said development of the package reactor "means that the armed forces will have compact, efficient and readily-transportable power plants for remote outposts."

In another speech prepared for the same ceremony, Secretary of the Army Brucker said that "by materially lightening the burden" on the Army's supply system, such plants "will render our far-flung operations much less vulnerable to enemy action."

Brucker said this is the first of a family of reactors "precisely tailored to our military needs." Strauss announced that the AEC has "fully declassified" details of the reactor's design.

"This means," he said, "that industry has complete access to its technology, and can draw upon it for the development of commercial plants for use in our country and abroad."

"The capacity of the United States to participate in the world's nuclear market is strengthened by this project."

PARENTS... take notice!

Large medical bills for an accidental injury to your school-age boy or girl could mean severe financial hardship for you.

There's no need to take this risk when you can have HARTFORD STUDENTS' ACCIDENT INSURANCE pay those medical expenses for you. Ask us for complete information — no obligation.

CALL FE 2-9224 and we will call on you to explain.

Singapore Approves Agreement on Status

SINGAPORE (U) — The Singapore Legislative Assembly today approved by 23-2 the April 11 London agreement granting Singapore the status of a largely self-governing state within the British Commonwealth.

The Assembly rejected a condition by the British government that known subversives—Communists—be barred from running in the first election under the new charter. The Assembly also rejected a motion that the new charter be implemented immediately.

The British Parliament has not yet ratified the agreement and probably will not do so until early next year.

Under the new charter Singapore will govern itself, but Britain will retain control of foreign policy and defense, and internal security will be under control of a seven-member commission consisting of three Britons, three citizens of Singapore and a Malayan.

The Spirit of Friendship

There's a knack that makes things cheery,
That makes your cares all end,
That makes the lonely hours less weary—
It's knowing how to make a friend!
