Smart but Unlucky

Tough Breaks—Since Jill, a tiny toy terrier owned by the Edward Burlings fell down the basement stairs and broke both her front legs, she has gained attention in the area for her new mode of transportation. Being an extra smart pooch, Jill hops around on her two back legs like a kangaroo, and despite the heavy casts on her front legs, moves with plenty of dexterity.

Small Dog Has Trouble Again

Hapless Pup Breaks Front Legs in Fall Down Basement Steps

It's getting so "Jill," a tiny toy terrier owned by the Edward Burlings of 165 W. Brooklyn St., doesn't know if she's a dog or a kangaroo.

Last year Jill broke her right front leg. Three weeks ago she fell down the basement stairs and broke both her front legs.

Being a pretty smart little pooch, Jill learned how to get around by hopping on her two good back legs, with her injured paws suspended outward for balance.

The first casualty occurred one Sunday afternoon when Jill went for a ride with the Burlings.

She leaped from the back seat window ledge to the front seat, misjudged her destination and fell flat on her pointed little face. Her right leg was also crumpled up.

Then just a few weeks ago Jill unwittingly followed Mrs. Burling down to the basement stair landing.

The dog's owner didn't know it was behind her as she opened the door, and the luckless pup was knocked down the steps head over heels, again landing on her face and two front legs.

Victory for JFK as Steel Talks Are Scheduled

WASHINGTON (AP)—President Kennedy chalked up a victory today in getting suspended steel labor talks scheduled again—with a fresh reminder the public interest requires an early settlement consistent with price stability.

The major steel companies quickly agreed with Kennedy's call at his news conference Wednesday for the deadlocked bargaining to resume by next Wednesday. The United Steelworkers Union said it will comply.

Industry sources said that a Wednesday resumption at Pittsburgh had definitely been arranged by both sides.

The steel negotiations collapsed last Friday night with both the industry and union saying they were still far apart on an agreement for terms to succeed the labor contracts due to expire next June 30.

Kennedy made public telegrams he sent to both sides saying he appreciated their early start on negotiations this year but regretted that the 2½ weeks of talks already conducted had failed to produce an agreement despite mutual earnestness and good will.

The President in his messages reiterated that the national interest requires a prompt and non-inflationary settlement. He said he was sure the entire country shares the conviction such an agreement would materially aid the free economy.

Kennedy told a questioner he has no legal power to compel a settlement. All he can do now, he said, is to suggest the public interest in an industry so crucial to economic recovery is a little more important than the private interests of the companies and union.

"This is going to be regarded symbolically (abroad)," the President said, "as a test of our ability to manage our economy in a competitive world."

He indicated he might have to step in with a Taft-Hartley Law injunction if a midsummer strike threatens the nation's health and safety. But he said he is hopeful the resumption of steel talks will result in an agreement.

It is reported that when the negotiations broke off last week the industry had offered benefits valued at \$1 to 2 cents an hour while the union was holding out for a 12-cent package.

The 430,000 basic steel workers now average \$3.28 an hour earnings, but other benefits boost employment costs beyond \$4 an hour.

JFK Waves Goodbye to Jackie at Airport

WASHINGTON (AP)—President Kennedy drove to the airport today and waved his wife off on the first leg of her more than 15,000-mile journey to make a semi-official visit to India and Pakistan.

The Kennedy family plane, the Caroline, took off at 12:59 p.m. Pontiac time for the flight of a little more than an hour to New York.

Mrs. Kennedy was wearing a small leopard coat, with a small black pillbox hat and black accessories.

The President stood waiting behind his gleaming, black White House car while the plane's twin motors revved up and it taxied off. He waved and Mrs. Kennedy waved back from a plane window.

American Economy Healthy, JFK Says

WASHINGTON (AP)—President Kennedy says the U.S. economy is healthier than some of its gloomy skeptics. He's also given Congress a sharp and obvious nudge to pass legislation he believes will keep it that way.

Kennedy, at a news conference Wednesday, announced a personal move to return steel industry negotiators to the bargaining table in an effort to eliminate one threat to economic recovery—a steel strike.

He made public a message to company executives and David J. McDonald, president of the United Steelworkers Union, urging them to renew contract talks by next Wednesday. Both sides agreed to do so.

Viewing the whole economy, Kennedy observed that unemployment in February reached its lowest level in 19 months, profits are at a record high, prices are fairly stable and goods are moving.

"Therefore," he said, "I think that this economy has more vitality in it than some of its premature mourners."

Later the President said the test for Congress is not the pace at which it acts but the action it takes. Specifically, he mentioned medical care for the aged and "those pieces of legislation which will help us fight the next economic downturn." He has recommended such measures as standby authority to invest federal money in public works and make automatic tax cuts if an economic downturn threatens. He also wants tax credit for industrial investment and improvements in unemployment compensation.

The forthcoming Geneva disarmament meeting, nuclear testing and relations with the Soviet Union occupied much of the evening. Kennedy's seventh in eight weeks.

He disclosed he had advanced concrete proposals to Soviet Premier Khrushchev for cooperation in outer space—reportedly on such projects as communications and weather forecasting satellites. He said it would be perfectly proper to discuss Berlin and Southeast Asian danger spots at Geneva because these matters directly influence the progress of armaments.

Pontiac Schools Have System

Persuade Dropouts to Return

By RALPH P. HUMMEL

Editor's Note—What is being done in Pontiac to keep your child in school? This is the topic of the third and last article of *The Pontiac Press* series on "drop-outs."

The Pontiac School District may have found several ways to reduce the costly toll of student dropouts. But the solutions are equally costly.

Since 1955, when only 58 per cent of seventh graders showed up in the 12th grade graduating class, there has been a slow increase in school leaving power.

The increase in high school is at least three per cent in five years, reports Pontiac Central High School attendance counselor Harold Smead.

This salvage of students totals at least 100 youngsters within the last two years, adds PCH chief counselor Donald McMillen.

How is it done?

The child's record is reviewed. The counselor talks about truancy.

First, there have been sweeping revisions in school programs since the 1953 study.

Secondly, the district has started an effort to call back the dropouts in what it calls its annual fall roundup.

Tied in with these two major efforts have been the support of clergyman, child care facilities, judges and courts, service organizations, juvenile court workers and police departments.

Here are some ways in which the schools themselves have approached the prevention of the dropout problem and the rescue of those who have left.

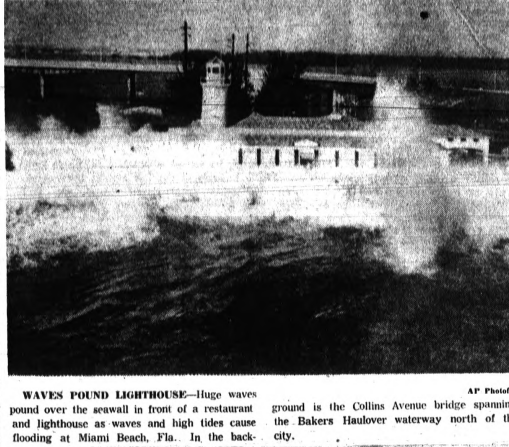

At Pontiac Central High School each fall, chief counselor Donald McMillen surveys children who dropped out and invites them to come to school for a conference, prior to school start. A parent must accompany the pupil.

"If the parent will back the child to the hilt, and back him through school, the chances of keeping him there are better," McMillen says.

The child's record is reviewed. The counselor talks about truancy.

Breaking High Over the Seawall

WAVES POUND LIGHTHOUSE—Huge waves pound over the seawall in front of a restaurant and lighthouse as waves and high tides cause flooding at Miami Beach, Fla. In the background is the Collins Avenue bridge spanning the Bakers Haulover waterway north of the city.

Expect Kennedy to Urge Aid for Storm-Wracked Coast

By The Associated Press

President Kennedy was expected to move today to aid the storm-stricken East Coast—a vast panorama of wreckage inflicted by a tempest termed worse in some areas than a hurricane. Waves may run into hundreds of millions of dollars.

The death toll continued to mount and had reached at least 35. There also were reports of a number of others missing.

The Red Cross said nearly 6,000 persons forced from their homes spent Wednesday night in shelters provided by the organization. There was no way to count others provided for under different arrangements.

The Liberian tanker *Gern*, broken in two by a winter storm, wallowed in rough seas off the North Carolina coast.

A Coast Guard plane reported it had sighted the stern section with 10 men aboard several hours after the Danish ship *Jyten* *Kou* reported she had sighted the bow section with three men on the bridge, 100 miles southeast of Cape Hatteras.

The plane reported the *Gern* had been there were 27 men on the stern section and that eight others were believed aboard the bow section. The *Gern* reported there were no injuries among the men on the stern, the engines were operative and there was no flooding.

FOR FINANCIAL AID

President Kennedy was expected to declare the wrecked coastlines of the Central Atlantic states to be major disaster areas eligible for massive federal financial help and emergency rehabilitation aid.

Maryland, New Jersey and Delaware had pleaded for such action. Virginia was expected to follow suit. The New York coastline, especially on Long Island, also took a fearful pounding from storm-driven tides.

The White House said that Kennedy would act as quickly as possible on the requests.

From Deerfield to Miami Tides Battering Beaches

MIAMI BEACH (UPI)—An Atlantic storm more than 1,000 miles away sent high tides crashing against the southeast Florida shore today causing extensive damage to beachfront tourist spots and highways.

The water rolled in 1.4 feet above the high tide marks with 12-foot waves although there was hardly a breath of wind and the sky was clear and sunny.

Miami Beach's famed Collins Avenue, paralleling the beach along glittering hotel row was closed in six places.

More than two miles of ocean highway A1A in the Fort Lauderdale Beach area was two feet under water.

Reports indicated heavy damage along the oceanfront from Deerfield Beach, just its beach to Key Biscayne, south of Miami Beach.

WORSE THAN DONNA

Deerfield apparently was the hardest hit. The town, north of Pompano Beach, lost its beach Saturday and tides washed away 21st Avenue today, despite frantic efforts to plug the breach. (Continued on Page 2, Col. 5)

News Flash

TUNIS, Tunisia (UPI)—The Algerian rebels threatened today to break off the Evian peace talks with France and to prolong the ½-year-old Algerian war.

182 Dead on State Roads

EAST LANSING (AP)—Traffic accidents have taken 182 lives in Michigan so far this year, provisional figures compiled by state police showed today. The toll on the same date last year was 221.

President Says We Came Out Ahead in Swap

American Automakers Call Reductions Step in Right Direction

WASHINGTON (AP)—The United States and 24 other nations have agreed to chop about 20 per cent from tariffs on a wide range of items—from automobiles to Scotch whisky. And U.S. officials said America came out ahead 4 to 3 in the deal.

First reaction to the agreement—which President Kennedy termed highly advantageous to the United States—was favorable.

U.S. automakers generally viewed it as a step in the right direction and a spokesman for the European Common Market said "This is a first step toward world liberalization and we must rejoice about it."

Most of the reciprocal tariff cuts will involve the United States and Western Europe's industrial countries. While the reduction on most items will be 20 per cent, in a few cases they range up to 28 per cent.

On the list of major items affected are new automobiles, chemicals, drugs, electrical and industrial machinery, textiles, Scotch whisky, canned fruits, some steel products and glassware.

CLAIMS ADVANTAGE

The United States claims it came out ahead 4 to 3 by figuring this way: The U.S. tariff reductions will involve \$1.2 billion of imports from other nations, while they have agreed to cut levies on \$1.6 billion of U.S. goods. The figures were based on world trade in 1960.

President Kennedy told Congress Wednesday, in announcing the agreement, that in order to forestall a threatened collapse in negotiations, he agreed last September to lowering certain U.S. tariffs below the levels the Tariff Commission had found necessary for the protection of American producers.

If he hadn't, Kennedy said, the United States would have lost substantial trade in the long run and would have thrown a bar in the way of greater economic cooperation with Western Europe.

The White House said that in addition to gaining greater concessions than it granted, the United States received a promise from the six-nation Common Market to resume talks soon on protection to lower barriers against American farm imports.

The White House announcement said the Common Market's freedom to negotiate on certain agricultural items was hampered by its common agriculture policy but that it agreed to certain arrangements—including a number of important tariff cuts—which will be able to maintain their position in the Common Market.

Expect Kennedy to Urge Aid for Storm-Wracked Coast

Pray With Me

Each weekday during Lent a prominent American invites you to join with him in his favorite prayer. Today, join with:

GEN. THOMAS D. WHITE
U.S. Air Force (Retired)

AIRMAN'S PRAYER

God, whose radiance lights the heavens,
Lord of wind and cloud and sky:
We are called to far horizons,
Be Thou with us as we fly!
And we pray, in time of danger
Give us courage from on high.
When the mists of doubt surround us,
Guide us with Thy heavenly beams;
And when storms of sin would ground us
By Thy grace our lives renew.
Lift us, Lord, through pain and hardship,
Thy will we gain Thy light supreme.
Mounting up on wings of power,
Speed we with the motor's roar:
Thy creation roars beneath us,
By Thy grace our lives renew.
Make us strong, and make us faithful
As Thy sons forevermore.

City Asks County to Share Improvements at Airport

The city made a formal request last night for county participation in financing future improvements at Pontiac Municipal Airport.

City commissioners indicated last week they planned to seek

42-Unit Building Is Planned Here

City Commission Asks Board's Consideration of Proposed Apartments

Plans for a three-story, modern apartment building with basement parking on West Huron Street across from Pontiac Central High School, were revealed at last night's City Planning Commission meeting.

Planning commissioners were asked by City Commissioners for a recommendation on whether to rezone property at the southwest corner of Huron and Franklin Boulevard for the proposed structure.

No cost estimate on the building was available.

Planners scheduled a public hearing on the proposal for their April meeting and said they might consider rezoning the entire block from Franklin to Palmer Street on the south side of Huron.

URGES REZONING

The change would be from Residential R-1 to R-3, which permits apartment buildings. The request to rezone was made by the owner, Fred Ward of 220 W. Huron.

In making his request, Ward presented commissioners with an architect's sketch of the proposed brick and glass structure.

It would contain about 42 one- and two-bedroom apartments, entrance to an estimated 38-space parking area below the building would be from Franklin Boulevard.

The building would cover about 20,000 square feet; roughly half an acre. Adequate additional off-street parking would be offered on the site.

The proposed rezoning was backed by District 2 City Commissioner William H. Taylor Jr. Ward said the building would be ideal housing for teachers at Pontiac Central High and Crofoot Elementary School.

Registration Open for Spring Election

Pontiac residents who didn't vote in Monday's primary because they forgot to register may now register for the April 16 general election. Voter registrations will be accepted for the spring election until 8 p.m. March 19 at the city clerk's office in city hall. The clerk's office is not open Saturdays.

Persons who have registered or voted in the past four years need not register for the spring election.

It will be colder in the central and northern Atlantic states, the Mississippi Valley and the Plains; warmer in the South Atlantic states, the Plateau area and the Pacific Coast states.

the agreement whereby the airport would become a city-county airport, in practice if not in name.

The request came in the form of a resolution passed unanimously at Wednesday night's meeting.

"In order to make available federal and state funds for airport expansion and improvements, and because of the city's inability to carry all of this financial burden, this commission requests the Oakland County Board of Supervisors to join with the city in the cost of improvements now under consideration," the resolution reads.

The resolution points out that "the city has made available to the citizens of Oakland County a modern, well-located airport at a cost of over \$100,000 in the past three years to finance the job."

It states the request is being made "in view of the many benefits to county citizens of this aviation facility."

Future plans call for a major north-south runway and instrument landing system.

School Head Dies of Heart Attack Draining Cellar

Southfield School Supt. Glenn Schoenfeld died yesterday of a heart attack at his home in Southfield. He was 57 years old.

Schoenfeld, head of the Southfield-Oakland County school system since 1947, had been superintendent in the Roseville school district.

The superintendent suffered the attack after having worked through an hour to drain his flooded basement, according to school officials.

The attack came while he was telephoning a plumber, they said. Surviving besides his wife are four children.

His body will be at the Van Valkenburgh Funeral Home in Redford Township.

Britain Cuts Bank Rate to 5.5 Per Cent

LONDON (UPI) — Britain cut its bank rate today by a half point, bringing the key interest rate down to 5.5 per cent. It had been 6 per cent since last Nov. 2.

The long-expected move, announced by the Bank of England, appeared designed to curb the flow of short-term foreign funds into Britain—which could embarrass its allies—and cut the cost of financing exports.

Today's was the third cut since the pound's dramatic crash program to strengthen a sick economy last July when the key discount rate was raised to the crisis level of 7 per cent.

Also, in the last six years, the Pontiac district has increased its psychological services staff by two; there are now four staff members. But enrollment, too, has increased.

Since 1955, the district has hired counselors to fill seven extra full-time positions. Now there are 38 employees who participate part or full time in the counseling program.

With the added counselors comes the hope of extra adult hands guiding the child with problems into a better future.

Third, and considered tremendously important by administrators, are the guiding hands behind the teachers: the "helping teachers." Pontiac's "helping teacher" program has gone from two to five in the last six years.

MIRAGE—Reflecting its arched pillars in a puddle of liquid sunshine, the Theme Building at the Los Angeles International Airport forms this artistic, globe-shaped structure. Such double images have been common recently as the southern California area has experienced one of the heaviest... ah, well, yes, "rainy" seasons in years.

Henry Urges Efforts to Get IRS Center for Pontiac

Commissioner Milton R. Henry last night urged fellow commissioners and City Manager Robert A. Stier to "do everything possible to get the proposed Internal Revenue processing center in Pontiac."

Henry went so far as to suggest the city "put up the building and waive any payments in lieu of taxes."

Pontiac is one of several alternate sites in Oakland County for the \$2-million center now being fought over by Detroit and Port Huron.

The center would process tax returns from the Chicago regional office of the Internal Revenue Service, serving Michigan, Illinois and Wisconsin.

Henry moved that city officials contact federal officials and "make the most liberal offer possible to get the center."

"It would give this city a \$6-million payroll and employment is certainly something we could use," he said. Let's not sit on this, let's do something about it."

"Port Huron is more remote than Pontiac," Henry said. "The commissioners and the city manager seemed less enthusiastic. Mayor Philip E. Rowston reminded Henry that such a project would require a bond issue, something not popular with voters in recent years."

Stier explained that the city had already examined possibilities of bidding for the center and would continue to, "but land requirements hamper us."

Henry said the city "will have plenty of land made available through urban renewal downtown."

Stier explained that "federal officials say they require from 10 to 15 acres for the center. The largest single plot of land we will have available is about seven acres."

This would be in the Saginaw-Pike Street urban renewal area. Stier reminded Henry that this property, redeveloped, would have a premium tax base, something Pontiac needs more of.

The center would be tax free. Commissioner John A. Dugan said the employment potential was appealing but he didn't want to see "all this good land going for nothing."

"We need more taxable land, not less," Dugan asserted. "If we gave this much away, everyone's taxes would go up, including General Motors."

The matter may be discussed further at a scheduled informal meeting next week.

To Discuss Jet Airport
Discussion of the proposed jet airport in Pontiac Township will be on the agenda tonight of a range of Lake Michigan Commission meeting to be held at 8 p.m. at the home of Village President Floyd Foren, 2217 N. Lake Avenue Road.

The Day in Birmingham

New Courses to Be Added to Schools' Curriculum

BIRMINGHAM — New courses in junior and senior high schools will be added to the curriculum in September as the result of a study by the staff curriculum committee and the recommendations of the Citizens' Curriculum Committee.

The expansion of the course offerings is made possible, in part, by the added financial support approved by voters last November.

The improvements reflect the development and expansion of knowledge particularly in the fields of mathematics, science, foreign languages and social studies.

Improvement in the language program will provide a six-year sequence in Spanish and French. Seventh grade students will be required to take either conversational Spanish or French.

TO BE ELECTIVE
Language will continue as electives in the eighth through twelfth grades, and the program will be broadened further, if a teacher of Russian can be found.

The science emphasis in seventh and eighth grades will be on the earth sciences, such as geology, oceanography, astronomy and meteorology, replacing the current general science studies.

Students in the ninth grade will continue to study general science, and biology for the capable student. Senior science students will emphasize the physical sciences, chemistry and physics.

Speech has been added as a requirement for graduation, beginning with the graduation class of 1966. Ninth graders will have the opportunity to take basic speech, although the Speech I course will continue to be offered in grades ten through twelve.

In addition, at the sixth grade level, "Introduction to Social Studies" will be offered in place of Michigan history to be dropped in the fall. The course will provide a foundation in economics and government in the United States.

Additional courses to be offered in the fall include advanced chemistry, emphasizing quantitative-qualitative analysis, analytical geometry and calculus, pre-engineering drafting and general home economics.

The general physics course which was designed for the terminal student and the power mechanics course will be dropped. Students will continue to be grouped on the basis of ability and interest in many of the basic curricula areas. These include English, mathematics, science and some social studies areas.

Teen Musician Says Father Threatens Life

LOS ANGELES (AP)—Bo Wagner, 16, once a performer with the Lawrence Welk band, accuses his father of taking all his earnings and threatening his life.

Wagner, an actor-dancer-singer now making a movie, petitioned Superior Court Wednesday for release from parental control.

The youth charged his father, Robert W. Wagner Sr., was deep-

ly in debt and pawned the boy's musical instruments. The son said that for the last four years he has been virtually the sole support of his father, mother, two brothers and a sister. The family lives in suburban Burbank.

A judge scheduled a hearing on the petition for March 28.

Texas Rangers Expand

AUSTIN, Tex. (UPI)—The Texas Rangers were recently expanded from 32 to 62 members, the largest number since the organization was founded 338 years ago.

13 College Students Hope to Visit Russia Soon

By BOB CONSIDINE

NEW YORK — If their modest expenses can be defrayed, 13 students from Yale, Dartmouth, Stanford and Columbia will tour Russia during the last two weeks of March in an effort to probe the minds of Soviet undergrads on a range of subjects ranging from Little Rock to the Brothers Karamazov.

The group is the Student Seminar in Soviet Higher Education. A majority speaks Russian. Nearly half of them have been there before. They major in anthropology, English, history, law, Soviet areas studies, and American studies.

All want to write; one wants to photograph also. They would be accompanied by Elvira Katsenrad, associate professor of Russian history at Yale, who received her early education in the U.S.S.R., and Arthur Bestor, professor of history at the University of Illinois.

This would not be a government-sponsored trip nor carry any overtones of the Peace Corps. It would hope simply to be a collection of serious-minded U.S. collegians endeavoring to learn something about a class of Soviet youth which will help shape that nation's future.

WANT TO QUESTION

The group's resume states that its members primarily want to ask questions, and answer questions about life in America. Toward that latter end, "All the members of the group have done research and have, variously, thought about the values and premises, the history and contemporary institutions, and the problems and culture of America."

It believes that since the death of Stalin, the Soviet student has developed a sharp hunger for objective and truthful information

about international and domestic affairs.

It would hope to find a good rapport and to leave behind, when Spring Recess is ended, a clearer image of America.

A comprehensive intellectual assault is planned and a host of questions framed in such broad fields as "knowledge and feelings about the U.S.," "attitudes toward Soviet society," "Soviet student life," and "international relations."

Subtopics spread through such points of interest as Khrushchev's successor, Castro, Berlin, Laos, political philosophy, federal, state and local government, industry, economy, incentive systems, space, geography, religion, class system and social structure, sports, disarmament, trade unions, meaning and capitalism, conscription and the atom.

Here are some questions they'd like to ask young Ivan about U.S. films:

"Have you seen any American movies which you feel depict life in America as it really is?" "If a movie called 'The Ten Commandments' were to be shown in Moscow, would you go to see it? What would you expect to see in it?"

Satellite Launched but Mission Secret

POINT ARGUELLO, Calif. (AP)—The Air Force successfully launched a satellite Wednesday but kept its mission secret.

Officials said only that the satellite employed an Atlas-Agena II booster and carried a number of classified test components.

Some of the proposed questions concerning American literature would be: "How well do authors live in America? Do they espouse anything like a party line?" Who was Ernest Hemingway? Was he a realist? "Who is the greatest American author, and why?"

Musical questions include "Have you heard of Igor Stravinsky? What does he compose? Who was George Gershwin? Was he a 'national' musician?"

"What is modern jazz? Who is Dave Brubeck? Miles Parker, Dizzy Gillespie, Duke Ellington?"

"What is the blues?" "Can you trace the origin to a specific ethnic group of Americans?" "Is there a type of American folk music that you might describe as 'white or Negro'?"

In summing up its prospectus, the group writes, "The information gained on the trip will be of great personal value to its students in our attempts to understand others, and in our obligations to become better citizens. We feel that what we learn can also be of value to the American people and the American academic world."

They have figured they can make it there and back on \$625 per student, which seems to the writer to be a wondrous bargain and insignificant.

Editor's Wife Dies

LA JOLLA, Calif. (AP)—Mrs. Hugh Baillie, wife of the former president of the United Press, died Wednesday. Mrs. Baillie, a former San Francisco newspaper reporter, had been ill for two weeks with an attack of bronchitis.

Train Army Division

BONN, Germany (AP)—West Germany is completing the training of a new army division and will formally place it under North Atlantic Treaty Organization command in ceremonies May 18-19, the defense ministry reported Wednesday.

Benton Harbor Faces Loss of Bus Service

BENTON HARBOR, Mich. — Bus service in Benton Harbor-St. Joseph is nearing an end. Twin Cities Motor Coach Lines officials say, unless business improves, the firm will abandon operations in June — or by March 15 if unable to obtain a favorable renewal of its operating permit from the Michigan Public Service Commission.

P. H. Lovell, president, indicated the firm will abandon operations in June — or by March 15 if unable to obtain a favorable renewal of its operating permit from the Michigan Public Service Commission.

Lovell informed officials of the Twin Cities that the line lost \$5,000 in operations last year. A March 15 hearing before the MPSC at Lansing has been scheduled on the bus line's request that its operating permit renewal provide for discontinuance of operations in June if the firm so chooses.

Denial of the provision probably will force abandonment of operations immediately, Lovell said.

Atomic Weapons, Jungle Troops on Guard

False Red Move in Far East Would Face U.S. Might

Editor's Note—The writer of this dispatch has reported from the scene of four major Communist offensives in Asia: The Korean War, the 1955 Tachen Campaign off the China Coast, the Communist Viet Cong build-up in Indochina, and the 1958 Quemoy crisis.

By ALBERT KAFF

MANILA (UPI) — The United States can meet any new Communist thrust in Southeast Asia with atomic weapons or rifle-armed jungle troops.

How do we know? Because the United States since the Korean War has been telegraphing some of its military punch assembled around the rim of troubled Asia.

No great secrecy shrouds the forces America has mobilized on

the western Pacific front facing Communist China. Washington has bragged about some of its deployed weapons, ranging from landing craft to guided missiles, and hinted at others.

The aim? To let Peiping, Hanoi and Pyongyang know what is waiting.

The world's largest continent is rumbling like a South Pacific volcano.

Laos hangs on a thread between neutralism and Communist rule. South Viet Nam, shaken last week by an aerial assassination attempt, is fighting a growing army of Red guerrillas within its borders.

A military coup Friday overthrew the Barmess government, which possibly will affect the

balance of power in Southeast Asia.

Indonesia threatens war against the Dutch over West New Guinea. Military tacticians of the South-

east Asia Treaty Organization (SEATO): Asia's NATO, are planning late March war games in the Philippines. U.S. Australian and Filipino forces will participate in the exercises, possible blueprints for operations in Indochina if South Viet Nam calls for help.

MEETS WITH SEATO

Admiral Harry D. Felt, commander of all U.S. forces in the Pacific, met last weekend with SEATO military planners in Bangkok. Senior U.S. diplomats stationed in Asia will gather this week in the Philippines to discuss in secrecy America's position in the Eastern Hemisphere.

Against this background stands America's mightiest peacetime air, navy, and ground force ever assembled in foreign lands and on distant seas.

Since the Korean War, the United States has dramatized its overseas build-up by disclosing a key force here, a key force there, in a battle of nerves against potential enemies. The military secret of yesterday became the commonplace of today.

EARLY HINTS The U.S. Seventh Fleet could deliver a nuclear blow in the western Pacific came in 1950 when Nationalist China abandoned its Red-impelled Tachen Islands off the China coast. Generalissimo Chiang Kai-shek called it his last retreat.

The U.S. Navy stood guard, its

guns cocked, while Chiang's troops surrendered the tiny, near barren coastal islands. From that date on, American officials have said the Seventh Fleet possesses "atomic capabilities."

IN 1958, the Chinese Reds bombarded the Quemoy off-shore islands with one of the heaviest sustained artillery barrages in military history.

MORE SHIPS, PLANES

The U.S. rushed more ships and planes to the Seventh Fleet, announcing from Washington most of the additions in an obvious move to scare Peiping.

When the Quemoy crisis reached its peak, America claimed that its Seventh Fleet sailing carried more destructive

power than any armada ever assembled in war or peace.

About two years ago, the United States took another step in its war of nerves against oriental communism.

The Navy ordered a battalion of U.S. Marines to go aboard ships patrolling Southeast Asian waters so the Leathernecks could move quickly into jungle battlefields.

The U.S. Air Force erected a mutator launching site on Formosa, pointed missiles at the Communist Chinese mainland and told the world the weapon was ready.

High states of combat readiness are maintained on U.S. bases in Japan, Okinawa, Guam and the Philippines. To a man the generals and admirals say their men are ready to go in a matter of hours, if needed.

Happy Surprise Ends Her Deep Misfortune

LOUISVILLE, Ky. (UP) — Michele Jane Helm, 16, thought she had seen the last of her wallet when she dropped it accidentally into deep lake Cumberland recently.

But a few days later Louisville Patrolman Alvin Kley returned it. He had been at the lake training with the police scuba diving team when a dock attendant told him of a wallet mishap.

He dived in and found it in 35 feet of water.

Tiffany ORIGINALS

Fatal Auto Mishap Probed by Officials

The Oakland County Prosecutor's Office is investigating a fatal accident in Bloomfield Hills yesterday that took the life of a 33-year-old Milford man.

The victim, Robert B. Thompson, 336 Panorana St., was a passenger in a car driven by Wayne L. Tatu, 37, of 7015 Sashaw Road, Clarkston.

Thompson died at St. Joseph Hospital seven hours after the accident.

Bloomfield Hills police said that Tatu's car apparently went out of control on Opdyke Road at high speed and struck a tree just south of Hickory Grove Road.

Both men were thrown from the car by the impact. Tatu is in condition at St. Joseph Hospital with a concussion and leg injury. Bloomfield Hills Police Capt. Walter Shuler said Tatu may have been involved in an accident a few minutes earlier at South Boulevard and Opdyke.

Aide Leaves Taiwan; Has High Hopes

TAIPEI, Formosa, (UPI) — U.S. Ambassador Everett F. Drumright left Formosa today, ending his four-year assignment as ambassador to Nationalist China with whom he said was "hope and confidence in China's future."

In an airport statement, Drumright praised industrial, agricultural and military achievements made by the nationalist government on Formosa.

"Nothing in my career has given me more hope and confidence in China's future as a great nation than the four years I have spent in Taiwan (Formosa)," he said.

But he said, "Much remains to be done, and you still have stern days ahead."

Death Takes Educator

NEWTON, Mass. (AP) — Miss Agnes H. Craig, 86, of Needham, Mass., a pioneer in the field of home economics education, died Wednesday.

Conservatives, Liberals Hear Goldwater, Humphrey

Rival Political Rallies Held by Young

NEW YORK (AP) — Top figures on the American political scene expounded conflicting ideologies at rival rallies held by young conservatives and young liberals Wednesday night.

The rally crowds cheered lustily for Sen. Barry Goldwater, the conservative Republican from Arizona, and for Sen. Hubert Humphrey, the liberal Democrat from Minnesota.

Both rallies were picketed. More than 17,000 persons attended the conservative rally at Madison Square Garden, which has a seating capacity of 18,000.

Many of them were college students and other young people who had come in buses from other cities.

An estimated 2,500 persons, most of them students, about half filled St. Nicholas Arena for the liberal rally.

The conservative rally was sponsored by Young Americans for Freedom and the theme was

"World liberation from communism."

ORGANIZED BY RIVALS

Some time after plans for the Young Americans rally were announced months ago, the rival rally was arranged by the campus division of Americans for Democratic Action and the national and New York state federation of College Young Democrats, supported by Students for a Democratic Society. "Stand up for

Ex-Dominican Leaders

Leave Caribbean Nation

SANTO DOMINGO, Dominican Republic (AP) — Former President Joaquin Balaguer and former Gen. Pedro Rodriguez Echavarria left this country Wednesday night aboard different planes. Their destinations were unknown.

A press officer said the government had granted safe conduct to Balaguer but said Rodriguez Echavarria was deported.

democracy" was the rallying cry of the liberal rally.

Goldwater told the Garden crowd that the conservative movement "spells the twilight of radical liberalism as it has been practiced in this country for too long a time." He said political conservatism is growing rapidly in metropolitan areas. His 20-minute speech was punctuated by applause more than 20 times.

Goldwater said the rally itself was a demonstration of conservative strength, and he declared the rival rally had flopped miserably. Humphrey urged the crowd at that "both sides have gained and the arena to 'hall down the lies and the smear tactics against loyal patriotic Americans' by what he called the extreme right and the extreme Communist left.

He said these extremists talk the same religion and sleep in the same political bed. Both extremes want to get the United States out of the United Nations, he added.

Noting the empty seats in the arena, Humphrey said: "The problem in America is not empty seats but empty heads."

U.S. and Soviets Ready to Sign Cultural Pact

WASHINGTON (AP) — The United States and the Soviet Union were reported ready today to sign a new agreement on cultural exchanges in the years 1962-63.

Official sources said negotiations which began in Washington Jan. 31, were concluded this morning and the pact would be initiated later in the day.

U.S. officials said they were satisfied with the new agreement. Both sides, they said, made certain concessions but the result is that "both sides have gained and the new pact will be mutually advantageous."

To Lecture at School

City Plan Group Delays East Side Zoning Action

After 90 minutes of debate at a public hearing on a motion to rezone a large chunk of industrially zoned land on Pontiac's East Side, planning commissioners last night voted to defer action on the matter one month.

The land up for possible rezoning consists of several hundred acres bounded on the north by Perry Street, the south by Herrington Hills subdivision and school, the west by the Belt Line Railroad and on the east by Bay Street.

All of the land is privately owned. Most has remained vacant since it was zoned for manufacturing purposes 23 years ago.

Some parcels are being used for manufacturing purposes and some is used as a scrap metal yard. The change would allow present businesses to continue present operations, but they would be classified as non-conforming land uses and not be allowed to expand.

Much of the area in question, planners pointed out, is land-

locked, surrounded by residential lands. It would be undesirable for industrial use because of its lack of access, they argued.

Owners of various industrially zoned properties and attorneys opposed the proposal. Homeowners in the adjacent areas argued in favor of rezoning.

UNDER COURT ORDER

Mitchell Bacow, a Pontiac attorney representing owners of a 65-acre site between the railroad and Galloway Lake, told planning commissioners that this property could not be rezoned, vacant or otherwise, under a court order.

Bacow said a similar move to rezone the 65 acres about eight years ago was tested in court and "the court decision stated plainly that the city could not prevent manufacturing development of this vacant land through rezoning."

The decision was never appealed by the city.

This plot has long been eyed as

an ideal park site with lakefront possibilities. Another spot considered for park or recreational use is a 50-acre plot immediately north of Herrington Hills Elementary School. It, and in fact the property on which the school is built, is zoned manufacturing.

Several property owners said they would sell their land to the city or surrounding homeowners, if either would pay for it as it is now zoned. They strenuously objected to the city rezoning it, hence lowering its market value.

Mayor Philip E. Rowston, a planning commission member, moved that the matter be turned over to City Attorney William A. Ewart for study.

Ewart will advise planners as to legal aspects of the proposed rezoning before they make their recommendation to the City Commission. Action was put over to the April meeting.

'Reds Don't Want Food'

WASHINGTON — President Kennedy says there is no evidence that Russia has ever asked for U.S. surplus food "and my judgment is that they do not want it." The subject came up Wednesday at Kennedy's news conference.

It is with deep regret that we announce the untimely passing of

MRS. HOWARD (LUCILLE) SCHOFF

Officials Feel Confident Powers Above Reproach

News releases telling FRANCIS GARY POWERS' own story would seem for the most part to clear him completely. In fact, some are even praising him for his conduct.

Information from the Central Intelligence Agency that had been going over the Powers' case for two weeks calls him a patriotic American that met all his obligations.

JOHN A. MCCONE, head of the CIA testified that he did everything to protect the interests of his country. Over the years men and women that have worked on espionage missions for the United States have set forth great dedication and courage to duty.

Everything seems to indicate that Powers has lived up to the traditions of his predecessors. The fact that his mission was completely different in that it took place at such a high altitude leaves a few questions unanswered.

Along with everyone else we can't help but wonder what type of missile the Russians had that could hit his plane. Some American missile experts still doubt that the Russians have perfected a missile that could do this. Some type of explosion blew off the tail of his plane and apparently he lost control of it.

Reports are that Powers was unable to use the button which would have destroyed his plane because of the havoc caused by the explosion. This is understandable, since he was obviously fighting to free himself from the wreckage.

Powers' own story that he tried to destroy the aircraft and dispose of his map impressed many at the hearings in Washington. Apparently his actions at capture and during the trial were all above reproach.

We are glad to hear this, but can't help but wonder if the official conclusions are clear in everyone's mind.

Hope House Approves Bill Protecting Skiers

State Senate action on a ski bill to provide safety measures for our many active skiers was swift and unanimous.

The purpose behind the Dzendzel bill named after Sen. Raymond Dzendzel, D-Detroit, is to cut down, or eliminate serious ski accidents. Most of the skiing industry in the State has voiced approval of the proposed regulations.

In essence, the bill would require ski resorts to be licensed by the state labor department, plus annual inspections of ski lifts.

Any State law that will help cut unnecessary deaths or accidents seems well-conceived. The bill now goes to the State House of Representatives where we hope it receives speedy confirmation following the action of the Senate.

Voters Will Measure Birch Society's Worth

It probably is a good thing that retired Gen. EDWIN A. WALKER, controversial advocate of John Birch-style right wing views, is testing them this spring at the polls in Texas.

His bid for the Democratic nomination for governor will permit the Nation to measure in votes what the strength of the John Birch

Society and similar militant groups may actually be.

Walker admittedly will have the disadvantage of numerous competitors not the least of them the incumbent Gov. PRICE DANIEL. But, on the other hand, he will be operating in a state that is one of the major seedling grounds for strong rightist organizations.

If a man of WALKER's outlook cannot do well in Texas, then politicians the country over are sure to conclude these organizations are vastly overstating both their size and their influence.

The Man About Town

Control of Floods

Clinton River Harnessed but Pontiac Creek's Bad

Clinton River: Now quite agreeable—but in early days the Pontiac dump.

The spring floods of the Clinton River were an annual menace in Pontiac's early days. They often tied up a good part of the business in the downtown section. Besides the high water, they carried much of the sewage, also a winter's accumulation of garbage, including the bodies of animals that had died when the ground was too frozen to bury them.

But later improvements in the river itself, and flood control in the matter of the business in the downtown section, have effectively harnessed the river, and allows the passage of the excess water with little trouble.

Removal of the river dams, when they were no longer needed for water power, had much to do with solving the situation. In the early days all of the low ground along the river from Dawson's pond to beyond Padlock Street, was usually under water for several days.

But, although some improvement has been made in regulating its flow, residents along Pontiac Creek are still obliged to prepare for an inundation in the event of high water.

Just now they are stacking things high in their cellars, in fear of the annual spring thaw. The little stream goes on a rampage whenever it can find a reason.

It is fed by the lakes in the north part of the city, and after wandering around in several directions, finally comes down town. It goes under West Huron Street just east of Cass Avenue, and then empties into the Clinton River.

According to a man who lives on its banks,

Gene Fernwick, it is a serene and placid little stream about 364 days in the year.—and then "goes nuts."

Subscribers to this paper all of their wedded life are

Mr. and Mrs. Royal J. Fosdick of Rochester, celebrating their golden wedding.

In a recent item in these columns about Milford Druggist

Bill Porter

"the name of a medicinal element, 'assa-fetida,' was used. Shortly after it appeared, an old lady came into his store, with the clipping, and said, 'I want some of that for my nerves. For several years I've been trying to recollect that name.'"

Right NOW is the time to beware of the safety of the ice on our lakes. Thaws and freezes, intermittently, honeycomb it, and it is treacherous.

That the robins also have changed their ways is the assertion of

Mrs. Mercedes Shayner of Auburn Heights, who phones that, while they formerly were quite rugged individuals, she has counted more than 20 in a flock around her yard.

A letter from Quincy, Mich., written by

C. E. Primm,

says he has a pamphlet about the Glidden auto tour that started from Pontiac on July 9, 1909, and went to Colorado, and up Pike's Peak, and back. Names connected with the event include those of H. G. Hamilton and W. A. Somerville. What do you know about it?

If at First You Don't Succeed—

David Lawrence Says:

Gaitskell to Blame, Not Kennedy

WASHINGTON — There's more than slight criticism leveled in the British House of Commons at President Kennedy and Secretary of Defense McNamara for allegedly "interfering in Britain's internal affairs."

It seems that both the President and the Secretary of Defense received a letter from the British Prime Minister, Harold Wilson, last week, asking them to refrain from interfering in British internal affairs.

It may be that another rule, long since abandoned, may have to be restored. It provides that arrangements for all meetings between distinguished foreign and American officials should be handled by the foreign embassies in Washington.

But even so, the President cannot be expected to sit by and watch the Socialist-Labor opposition in Britain fire away at its international policies without using every means at his command to convince his critics of the correctness of his own policies in world affairs.

Gaitskell, to be sure, on his return from Washington did brief the other members of the Parliamentary Defence Committee in Britain on what he learned from President Kennedy and Secretary McNamara. Nothing was withheld from the British government itself.

Dr. William Brady Says:

Those With Angina Pectoris Should Limit Sugar, Sweets

"A man 6 feet tall, 24 years old, has had angina pectoris for five years. It is getting worse, at least he has attacks more frequently. He weighs 214 pounds, eats no breakfast, but always a hearty lunch and dinner. His doctor hasn't said so, but it seems to me that the man eats too fast. Is there any good reason why Dr. BRADY one with coronary disease should not gulp food in a hurry?" (D.R.)

No one should gulp food down in a hurry. Especially a person whose arteries are not as soft and elastic as they should be.

You do not mention the reason why the man eats no breakfast. I hope it is not to reduce his weight. The man is an idiot, for the hearty lunch and dinner will make up for the calories a first breakfast would have contained.

It would probably be beneficial for the man to reduce some 12 pounds in the course of two or three months of moderate restriction of diet, that is, limiting his intake of sugar and sweets, and carbohydrates at every meal, and if he uses beer, wine, or liquor at all, cutting it out altogether.

If the young man really has angina pectoris, I hope his doctor sees to it that he always has a vial of nitroglycerin tablets in his pocket, so he can take one immediately upon the occurrence of any distress, and repeat the dose in five or ten minutes if the first tablet does not bring relief.

In Volume 2 of the "Pocket Encyclopedia of Health," the booklet titled "C.V.D." about heart and artery troubles, you will find further suggestions—for a copy send 35 cents and stamped, self-addressed envelope.

"TOO TIMID"

Some physicians are altogether too timid about the use of this medicine by patients with angina. It is often a Godsend to such sufferers, and so I say it is malpractice to deprive them of it just because of unfounded fear that it may be "dangerous."

Some people eat no breakfast because, as they say, they have no appetite for food in the morning, or perhaps they want nothing but tea or coffee and a cigarette.

Most of the namby-pamby folk who breakfast on tea and toast or coffee and a roll or a dish of sugar porridge and some sweetened fruit juice fresh from the can, are satisfied, for a short while, with such cheap food just as a growing youngster is sucking on a bottle of pop. But

been displeased by President Kennedy's action in briefing Gaitskell. This, of course, introduces a very different factor. For it is certainly desirable that an American president should not offend the head of any foreign ministry by secret conferences with his political opponents.

Gaitskell, to be sure, on his return from Washington did brief the other members of the Parliamentary Defence Committee in Britain on what he learned from President Kennedy and Secretary McNamara. Nothing was withheld from the British government itself.

Voice of the People:

'Wisconsin Law Requires Adequate Houses for Dogs'

The following would be a good idea for Michigan to try. Considering the large number of dogs in Oakland County alone, a good share of which are neglected, this should bring in quite a lot of revenue.

The Wisconsin state senate recently passed and sent to the assembly a bill establishing minimum standards for all doghouses. The proposed bill would authorize a fine up to \$500, a year in jail, or both, for dog owners who fail to provide their dogs with (1) moistureproof and windproof houses made of a durable material and large enough to accommodate the dog, (2) a solid doghouse floor raised two or more inches from the ground, (3) a sufficient quantity of suitable bedding or blankets, and (4) shade from direct rays of the sun from June to September.

Says U.S. Intended to Resume Tests

President Kennedy's announcement that the United States will resume nuclear-weapons tests in the atmosphere comes as a surprise to the general American public, but merely confirms the long-held convictions of those who have been at pains to keep closely informed of the subject.

Did those who gather and disseminate the news possess the intellectual penetration to ascertain and interpret the facts?

'What Do Candidates Think of Dog Law?'

How do our commission candidates really feel about the dog law? How do they feel about the meter man inspection? He must feel proud when he leaves a home after writing on his little white pad, "Boy has a miniature dog."

Did we increase his salary? What constitutes a legal search? Just because a meter man reads our water meter does not give him a legal right to search our homes.

It has been clear to me that the makers of American nuclear policies have all along been determined to resume testing. For many years, I have been in close touch with the leading nuclear scientists of 25 major nations, including those who originally split the atom, and who released the power first of fission and then of fusion. I have kept in contact with negotiators from the various nations represented at the Geneva testing conferences, and with the trend of thinking in the U.S. Congress, as well as administration circles.

Since the first purely technical and nonpolitical conference, the U.S. has obviously been merely maneuvering at Geneva, with no intention of agreeing to a test ban and the rest of the world has not been deceived.

Cyrus Eaton, Chairman of the Board, Chesapeake and Ohio Railway Company, Cleveland, Ohio

Wednesday and the start of Lent.

Soviet Youths Volunteer Aid

**Russian Press Prints
Letters Offering to
Help on Farms**

MOSCOW 48 — The press
Wednesday began publishing let-
ters from youths volunteering to
quit their city jobs and go to farms
in the Soviet Union's battle to feed
itself.

Premier Khrushchev, in a re-
port to the Communist Party Cen-
tral Committee Monday, called for
thousands of young men and wom-
en to help save the farm plan
from serious failure.

This was one of the points in
his program published on seven
pages of the major papers Tues-
day.

Tass, the Soviet news agency,
said 189 applications from young
volunteers were received by the
Moscow Communist Youth Com-
mittee.

MANY VOLUNTEERS

It said hundreds of similar ap-
plications were received from
youth groups at Kiev, Kharkov,
Odessa, Dnepropetrovsk, Lvov and
other cities.

The debate in the Central
Committee, meeting in the Krem-
lin, disclosed that at least one
youth straggled off its own meat
pans of the country.

D. A. Kunayev, chief secretary
of the party in Kazakhstan, a for-
mer Czarist exile area where a
hugely effort is being made to
farm virgin lands, told the com-
mittee the state, in the past three
years produced only 91 per cent of
the meat it is supposed to pro-
vide. Yet, he said, it delivered 117
per cent to the Soviet government.
This meant that supplies intend-
ed for the region itself were sold
to the government.

Births

The following is a list of recent
Pontiac area births as recorded at
the Oakland County Clerk's Office
(by name of father):

Next Astronaut Always Knew Where He Was Going

SPARTA, Wis. (AP)—Don was a determined boy, who knew where he was going.

That's how his one-time science instructor remembers Donald Kent Slayton who is scheduled to become this country's second man in orbit next month.

There are many other recollections of the astronaut by family and friends.

He played a trombone for four years in the high school band, and was proud of the uniform; he raised a prize sheep and won a blue ribbon, and sometimes he ran the five miles from school to his farm home to keep in shape for the track team, he was 3,600 hours in the air, and he told his mother the wildest ride of his life was in a taxi cab taking him from one Chicago airport to another.

For Don Slayton—he did not become Deke until Air Force buddies made a nickname of his initials—the urge for wings came early. The Sparta High School yearbook said of him in his junior year that his theme song was "keep 'em flying."

MADE MODELS

Walter Pribnow, who was Slayton's science instructor and now is superintendent of schools at Appleton, Wis., remembered that during Don's senior year he took a special interest in an Aeronautical text.

"We made black airplane models for identification," Pribnow said. "Don was a determined boy, who knew where he was going." Slayton was born, 28 years ago last week, in the Sparta hospital to Charles Slayton and his second wife, Victoria, both of Norwegian stock, and spent his boyhood on the family farm near the town of Leon.

He was graduated from Leon Elementary School at the head of his class and entered Sparta High School in a class of 130. A new \$1.5 million high school, just completed, will be named for him if the board said last week, he approves the move.

In high school, he played from here for four years with the band and there is a picture of him in the band uniform, looking proud and a little shy. He was out for the track team all four years, and played on the school's Future Farmers of America basketball team for three years.

Don, his brother Howard, his sisters Beverly and Verna, and classes at the Monroe County high school in Tonawanda were the

DONALD (DEKE) SLAYTON

five-mile trip to school daily in state fair A career on the farm, a Model T Ford the Harris boys now operated by his brother, bought for \$35.

During track season, Don sometimes ran the five miles to improve his wind and legs.

Graduated 16th in his class, he enlisted in the Air Force on his 18th birthday. When he was called to duty, it was the first time he had been away from home for more than a day or two.

The National Aeronautics and Space Administration biography of his Air Force career takes up most of a page: 56 combat missions over Germany, seven over Japan, time out to win an aeronautical engineering degree at the University of Minnesota, a brief tour as a civilian engineer.

"He quit a good paying job at Boeing," his mother says, "because he was grounded." He went back into service with the Minnesota Air National Guard and then to berth as experimental jet test pilot at Edwards Air Force Base.

MORE DANGEROUS

"If he had not been accepted as one of the seven astronauts," his mother says, "he might be in a more dangerous job, like testing the X-15."

While in Germany, Slayton married a civilian secretary, Marjorie Lunney, whose name is in California. They have a 4-year-old son, Kent. In a brief visit home after Lt. Col. John H. Glenn Jr. made the first orbital flight, the Slaytons were busy with plans for building a home near NASA's new headquarters at Houston, Tex.

At home, his parents—now 74 and 67 years old—bear little of the Mercury project. Charles Slayton is town of Leon Treasurer and his busy schedule has been further complicated by demands as public interest grows in direct proportion to launching day.

"We share Don's confidence in this program," his mother says. "We know that God willing, Don's flight will be as successful as Glenn's."

"No parents have a right to interfere with their children's life if they are happy in what he is doing, we are happy." "And Don would not be happy unless he was flying."

ALLSTATE Heavy-Duty
Ordinary Plain Steel

Tested against a muffler's two greatest destroyers: internal corrosion and external rust. The ALLSTATE Heavy-Duty proved to be superior to ordinary plain steel mufflers because of 1/2 heavier steel and "free-flow" design. With heavier steel, there is much more steel to resist rusting longer. In "free-flow" design heat is evenly distributed throughout the muffler. Shop tonight 'til 9 p.m.

2 Eagles Attack and Force Down Military Plane

SION, Switzerland (UPI) — Two giant golden eagles attacked and forced a military airplane to make an emergency landing, a spokesman reported today.

King Lt. Walter Lustig, pilot of a military light single-engine Swiss-made C38, reported the big birds struck his plane Tuesday while he was flying over the wild Morges Valley.

According to the spokesman, the eagles swooped down and crashed against the wings and body of the low-flying C38 which was towing a target for antiaircraft practice.

Lustig said the eagles barely missed his plastic bubble canopy. The pilot reported his plane was badly damaged and he made a forced landing.

Fence Taken Away From Lenin Tomb

MOSCOW (UPI) — The fence around Lenin's tomb in Red Square has been removed. The big crowd that gathered noticed that the name of Stalin had been removed from the big black stone over the doorway.

Stalin's body was removed from the tomb last Oct. 31 and buried among several other graves in a space between the Tomb and the Kremlin wall.

The tomb finally was closed off last Jan. 24 with the announcement that repairs were being made.

Retired Industrialist Dies in Grand Rapids

GRAND RAPIDS (UPI) — Funeral service will be held Friday for retired industrialist Charles H. Tiedey Sr., who died Tuesday of pneumonia at Pine Rest Christian Hospital. He was 86.

Tiedey retired 15 years ago from the Grand Rapids Machinery Co. He held several patents on woodworking machines including the Tiedey saw setting machine, the Tiedey Canadian sander and the Tiedey saw gauge.

Pakistan has deposits of coal, oil and minerals.

Kingdom Is Key to Defense in Near East

Russians Putting Pressure on Iran Again

(Editor's Note — The following is the fifth in a series of eight "Great Decisions" dispatches suggested by the Foreign Policy Association to stimulate public discussion on world problems. The topic is: Iran—Middle East pivot?)

By R. G. THALER
LONDON (UPI) — Imperial Iran, pivot of Western defense in the strategic Near East, is once again under heavy pressure from Soviet Russia.

The Kremlin's overriding aim is to break Iran away from its alignment with the West — it is a member of CENTO, the Central Treaty Organization — and extend Soviet control to Russia's southern neighbor.

Pro-Western Shah Mohamed Reza Pahlavi has until now been able to resist alternating Communist friendly overtures and threats. But the danger remains.

A mighty propaganda barrage beamed from Communist East Germany and from Asian Russia has been calling lately on the people of Iran to rise against their ruler and his government. Not long ago Moscow threatened Iran with nuclear extermination in the event of war.

LONG-TIME TARGET
Three centuries ago mighty Car Peter the Great pushed the frontiers of awakening Russian imperialism toward Iran; it has remained a target of Russian policy ever since.

Iran remains a luring prize in Moscow's policy designs. It is the gateway to the Persian Gulf and it harbors some of the world's richest oil fields.

But what is more, Iran has since World War II become the pivot of Western defense in the Near and Middle East and a vital factor in

Allied global defense strategy.

Moscow has always considered Iran as part of its zone of influence but has failed in repeated efforts to envelop the country in its military and political plans.

Led by the West-oriented Shah, the Tehran government has committed itself to the West in the East-West cold war. As a member of CENTO, it is the West's chief Near Eastern defense outpost and has a military arrangement with the United States.

It is against this background of Russian designs and Iran's Western leanings that the Kremlin's pressures and propaganda blasts must be viewed.

WOULD HURT WEST

If Iran became Communist and fell into Russian hands the impact on the West would be tremendous. The more than 1,000-mile long frontier Iran shares with the Soviet Union would be laid open, ripping a gaping gap in the West's defense line between the Arctic and the Indian Ocean, down to the strategic Mediterranean.

Hence the sustained Soviet effort to drive a wedge between Iran and its Western allies.

In the course of recent moves the Kremlin has veered between offers of an aid-backed nonaggression pact and nuclear threats. The Shah so far has withstood these pressures and consistently pledged to stand by his pro-Western course. But the situation in which his regime and his country find themselves is not an easy one.

Difficult internal conditions, a restless population and political strife offer ready targets for Communist subversion. Russia is exploiting all these tensions to the hilt in the hope of overthrowing the regime that stands in her way.

initiated the first Russian threat Iran witnessed a series of aggressions until its borders were fixed, to its disadvantage, by the treaties of 1808 and 1882. After the Russian 1918 Revolution a treaty with the Communist regime seemed to have ended the

Predicts Man on Moon by '70

NASA Administrator Says U.S. May Land Expedition by '68

WASHINGTON (AP) — Space Administrator James E. Webb said Wednesday the United States may land a manned expedition on the moon and bring it back as early as 1968.

But the head of the National Aeronautics and Space Administration added, "I would say 1970 is a better guess, maybe 1969."

Webb told the Advertising Council NASA cannot conclude from the successful orbiting of Lt. Col. John H. Glenn Jr. that U.S. spacecraft can dispense with some of the elaborate automatic-control devices now used.

Although Glenn did not become ill, the effect of a violent oscillation might make some later astronaut too sick to manage his capsule, Webb said, and automatic control would be essential to keep the craft in proper attitude and bring it home.

Webb said NASA must learn from future flights how weightlessness affects many men, because not all may be as adaptable as Glenn.

strife. But the Communists obtained a clause which gave Russian troops the right to enter Iran if the Soviet Union was threatened from Iranian bases.

ROUGH BARGAIN

At the time this was aimed against possible anti-Soviet White Russian operations. But Iran has since found out that she got more than she bargained for.

When the Krenin concluded its short-lived nonaggression pact with Russia in 1929 Moscow stipulated that the "areas in

the general direction of the Persian Gulf be recognized as a center of aspirations of the Soviet Union."

After Hitler's attack on Russia Soviet troops marched into Northern Iran on Aug. 28, 1941. British troops simultaneously entered the South of the country which became a vital bridge for Allied, notably American, war supplies to Russia.

But even while fighting for her life Russia also was trying to secure a more permanent foothold

in Iran. In the wake of the Soviet troops came the political commissars laying the groundwork for the Communist Tudeh Party.

The country's northern provinces adjoining Russia — Azerbaijan and Kurdistan — were soon set up as so-called democratic autonomous regimes. They collapsed immediately after Russia's withdrawal at war's end. But Moscow continues to work for their alignment with the adjoining Soviet socialist republics of Azerbaijan and Kurdistan.

Aga Khan's Plant OK'd
RAWALPINDI, Pakistan (AP) — Young Aga Khan, the former Harvard student who is the head of 20 million Moslems, has received government permission to set up a marble processing and polishing plant near here, officials announced Wednesday. The plant will help in building Islamabad, Pakistan's new capital.

U.S. railways operate 25,000 trucks, trailers and buses.

Most Young Folks Like Them

Teens Weather Storm Over Foreign Films

BY EUGENE GILBERT
President, Gilbert Youth Research Co.

It seems like every time you turn around there's some new storm brewing over a foreign movie.

It may be the treatment of sex in a French film or nude scenes in a British picture or religion in an Italian epic. All have drawn the wrath of the censors.

Are foreign films really worth all the fuss that's made over them?

American teenagers, who probably make up the nation's largest movie-going group, don't seem to think so.

Fifty-seven per cent of the 1,105 we talked to recently told us they have seen at least one foreign-made picture, and most of those who have seen them said they like them.

Three quarters agree that the imported films are different from

those made in Hollywood but many (35 per cent) don't think they are any better or any worse.

About half think foreign movies are more controversial than American pictures.

What distinguishes a foreign movie from its Hollywood cousin? "They are much sexier," defined Valeria Larkin, 14, of Bethel, Wash. "They are more natural, lifelike and sad. They have to do with lifelike situations."

BARDOT FAVORITE

Brigitte Bardot, the French sexpot, was acclaimed the favorite foreign actress by 18 per cent of the young people while Italy's Gina Lollobrigida was second with about 12 per cent.

The top male star was England's Laurence Harvey with nearly 7 per cent of the total vote. Sir Laurence Olivier was the favorite of the boys and Germany's Horst Buchholz was tops with the girls.

Are foreign films, with their

themes of sex, violence and sin, about for the youngsters?

About half of the teen-agers told us they think they do have a bad effect on young people.

"They give an inviting aspect to sin by attributing it to appealing people," said 16-year-old Marsha Levitt of Fort Smith, Ark.

"If you see your favorite movie star doing it, you want to do it too," added Carol Stanley, 15, of Portland, Ore.

Similar aspects aside, most youngsters like foreign films.

Sally Cone, 17, of Sioux Falls, S.D., told us she likes 'em because "they are more arty" than those made in Hollywood.

"They aren't afraid of sex and don't try to hide it," said Wayne Thomas, 16, of Millers, S.C., who enjoys them for the same reason. 15-year-old J. B. Robertson of Fort Smith, Ark., doesn't like them.

"The films get down to bare

facts and the actors wear little if any costumes," declared J. B.

"Foreign companies turn out more bad films just as we do," said Nancy Kirkman, 16, of Cotleville, Kan.

About one in three of the youngsters told us they think foreign films are worse than the American-made variety.

Foreign film acting, they said, is neither better nor worse than the American brand. About three in five called it worse and one in eight thought it better.

Slightly more than half of the young people said they feel American pictures are more realistic than the foreign ones.

The youngsters prefer by a two to one margin to have English voices dubbed into the foreign films rather than subtitles that translate the foreign words into written English.

The favorite foreign picture by a wide margin was the Greek-made film "Never on Sunday," which was voted the best liked by 65 per cent of the teen-agers. Italy's "La Dolce Vita" was second with 13 per cent.

Elopers Should Take Their Parents Along

By RUTH MILLETT

Newspaper Enterprise Assn. I think this is some kind of first," said Mary Martin, summing up the elopement of her daughter, Heller Hilday and a young advertising man, Anthony Weir.

What made this elopement different from others was not only that the couple had planned a big wedding and eloped to escape it, but also that both sets of parents "eloped" with the young couple.

This may be the first elopement complete with parents of both bride and groom — but it sounds like such a smart move it likely won't be the last.

Fathers of brides have so come to dread all the rush and confusion and expense of big weddings that many a father today tells his daughter only half-jokingly, "If you'll elope I'll give you kids the cost of the wedding for a nest egg."

MR. DRAW BACK

Only yesterday, draw-back to that plan has been the fact that mothers and fathers want to be at their children's weddings, and an elopement has, in the past, cut the parents right out of the wedding picture.

But if elopement plans include both sets of parents — then an elopement ought to please everybody — but most especially the father of the bride.

He could see his daughter married without all the months of confusion and chaos that women seem to create when they get going on wedding plans.

WOULD BE EASY

His wife wouldn't wear herself

to a nervous frazzle; his daughter wouldn't be a wreck from parties and fittings and showers and stage-managing her big moment. His home would remain a peaceful place instead of turning into a madhouse.

And the cost of the wedding would be cut so considerably that father, himself, wouldn't be grumpy for months afterward as the bills continue to come in.

"The young couple eloped with their parents . . . may yet find its way onto the society pages of our newspapers."

A good investment: Read "How to Have a Happy Husband." Send 25 cents to Ruth Millett Reader Service, c/o The Pontiac Press, P.O. Box 480, Dept. A, Radio City Station, New York 19, N.Y.

Rho Chapter Lists Officers

Members of Rho Chapter, Alpha Delta Kappa-Society, studied policies and basic rules of the sorority at a parliamentary meeting Thursday in the home of Wilma Webb, Keego Harbor. Mrs. Evelyn Woodworth assisted the hostess.

Officers elected for next year to be installed in May are Mrs. Marcell Jones, president; Mrs. Alyce Hagood, vice president; Mrs. Ronald Carr, recording secretary; Josephine Bulla, corresponding secretary; Mrs. Ross Tenney, treasurer; Mrs. Melvin Brown, historian; Mrs. Woodworth, sergeant at arms; Mrs. Curtis Cheek and Mrs. I. Joseph Davis, chaplains.

The group plans to attend the state dinner May 11 in Ann Arbor.

Items From 'The Hills'

BLOOMFIELD HILLS — The Junior League of Birmingham will welcome Mrs. Carter Smith of Toledo, Ohio, who is director of Region IV of the Association of Junior Leagues of America, Inc. next week when she visits this league's March 14 meeting.

Her hostess, Mrs. R. J. Anderson Williams, will entertain at dinner in her honor the preceding evening in Mrs. Williams' Yarnmouth Road home. The guests will be members of the board of directors of the Birmingham and Bloomfield Hills organizations.

Mrs. Smith, a former president of the Toledo League, has served as chairman of many committees, including admissions, public relations, provisional training board, of the national association, publications chairman, as well as program services and special studies leader.

Area members of North Woodward Alumnae Association of Kappa Kappa Gamma will meet for luncheon at the Community House Tuesday for both afternoon and evening sessions.

Mrs. William Decker is in charge of arrangements and hostesses will include Mrs. Douglas Symes, Mrs. Richard Henne and Mrs. Milo House.

The group plans to attend the state dinner May 11 in Ann Arbor.

President of the local VFW Auxiliary No. 1008, Mrs. Ayers Miller of University Avenue, will attend the affair.

Iraq Caldron 70 Plans for Benefit
Iraq Caldron No. 70, Daughters of Mokanna, met at the First Federal Savings and Loan Association of Oakland Building Wednesday evening.

Plans for Saturday's benefit sale were discussed along with a joint ceremonial with Zal Gaz Caldron of Ann Arbor March 25.

Mrs. Fred Crossman served refreshments after the meeting.

Leal Emes Group Observes Birthday
Leal Emes Group of the First Presbyterian Church held its twenty-third annual birthday dinner at the Waldron Hotel Wednesday evening. The Bible study was given by Mrs. M. L. Newton, Mrs. Richard Clark and June Schlessler.

Special guests were Mrs. Galen F. Hershey and Mrs. Burton Mitchell, new parish worker at the church. The mission study was prepared by Martha Leach.

Plans were made to participate in the church-wide benefit sale.

Bubbles Pop Out
(UPI)—Is the brilliant hairdo on its way out? Two voices in fashion indicate so. Michel Kazan, a New York hairdresser, endorsed the upswing done with large sausage curls over all the head except at the forehead.

Here, he pasted the hair down into a deep V, or widow's peak in the center of the brow. Models at the Norman Norell spring fashion show wore flat, short hairdos, which looked a great deal like those of the flappers of the 1920's. The bang over the brow formed a big question-mark curl.

6 Couples Repeat Vows at Area Ceremonies

Attended by Sisters at Nuptials

Attendants Mrs. Walter Pontach of Oregon, Ohio, matron of honor, and Mrs. Laura Pierson preceded their sister, the former Dances Anderson, down the aisle at Our Lady of Lakes Church Saturday for her exchange of wedding vows with Donald Statton.

A reception at Mountain View Country Club in Waterford followed the morning ceremony performed by Rev. F. J. Delaney before an altar decked with white gladioli and white carnations.

Presiding at the refreshment table for the reception was the bride's 82-year-old grandmother Mrs. Bertha Gidley.

For her wedding the new Mrs. Statton selected a floor-length gown of Chantilly lace and a fingertip net veil clasped by a seed pearl crown. Lace applique accent of the bouffant skirt of the veil flowed over an understudy of net. The tulle-fitted lace bodice ended in a v-shaped waistline and featured a v-shaped neckline and tapered long sleeves.

The bride carried a heart-shaped arrangement of white carnations and lilies of the valley interwoven with ivy, lace and ribbon.

Her attendants wore red velvet sheaths with matching crown hats and carried fan-shaped corsages of red and white roses. White bow length gloves accented their ensembles.

SEATED GUESTS

Ushers Jack Tucker and Paul Anderson of Waterford seated the guests and Harold Lambert, also of Waterford, was best man.

The bride's parents are Mr. and Mrs. Roderick M. Anderson of Gary, Terrace. For her daughter's wedding Mrs. Anderson wore a lavender sheath of shadow cool mesh overlaid with lace, matching accessories and a red corsage.

The bridegroom's parents are Mr. and Mrs. Eugene W. Statton of Silver Circle. Mrs. Statton chose a beige silk sheath with a matching flowered hat and a pink rose corsage.

The couple is at home in Davisburg.

MRS. DONALD STATTON

MRS. PATRICK J. TRACY

MRS. THOMAS C. CHESTER JR.

Cynthia Kelley Wed to Patrick Tracy

Reception at Rotunda Inn followed the nuptials of Syracuse residents Cynthia Sue Kelley and Patrick J. Tracy, Saturday in Our Lady of Refuge Church, Orchard Lake. Rev. Michael O'Hara performed the mornline ceremony.

The Perry Kelleys of Linwood Drive are parents of the bride, and the bridegroom is the son of the Patrick J. Tracys, New York City.

White cymbidium and roses rested on a white Bible held by the bride, who appeared in ballerina-length white silk taffeta. A sunburst of Alencon lace accented her modded scoop-neck bodice, styled with shirred three-quarter length sleeves. Waist-length veiling of imported illusion fell from a seed pearl tiara.

Maid of honor Jan Adduci, Chicago, Ill., wearing waist-length avocado green peau de soie and matching flower headpiece with red streamers, carried red carnations.

Yolanda Lou Kelley came from Michigan State University, East Lansing, to be her sister's bridesmaid. Green streamers attached

to her red floral headpiece complemented her dress of red peau de soie.

William Scheppner, Philadelphia, Pa., was best man for his half-brother. Michael and Terry Kelley seated guests at their sister's wedding.

Leaving for their home in Syracuse, N.Y., the new Mrs. Tracy was wearing a cinnamon wool suit and yellow-wool topcoat.

The couple plans a summer honeymoon in Europe.

White cymbidium orchids were worn as shoulder corsages. By Mrs. Kelley who appeared in moss green silk and Mrs. Tracy who chose Dior blue taffeta.

The new Mrs. Tracy holds a

degree from Kalamazoo College, and her husband is a graduate of Pratt Institute, New York City.

St. Pat's Party Set by Country Club

Pine Lake Country Club opens its 1962 social calendar March 17 with a Saint Patrick's Day dinner dance.

Irish-decor, green beer and even leprechauns set the scene for dancing to the music of an area orchestra. The music continues until 1:30 a. m.

Party chairmen are Connie and Ross Scates-Jones.

A Fashion Luncheon March 30 at the club features a showing of advanced styles by Siegel's.

Nancy Wyzgoski Weds

A family reception at the home of Mr. and Mrs. Frank Wyzgoski of Smith Drive followed the wedding of their daughter, Nancy Ellen, to Pvt. Debert R. Gibbs, son of Mrs. Robert Wickell of Locke Street and Cecil Gibbs of Los Angeles, Calif.

The Tuesday evening ceremony in St. Benedict's Church was performed by Rev. Richard W. Thomas, pastor.

Army Pvt. Gibbs is stationed at Selfridge AFB, Mt. Clemens.

Burns-Kolb Rites Held in St. Benedict Church

Before an altar banked with pink and white gladioli and pom-poms in shades of pink, Kathleen Beatrice Kolb exchanged wedding vows with James M. Burns at noon Saturday in St. Benedict Church.

A luncheon-reception in the parish hall followed the nuptial mass offered by Rev. Richard A. Schoenher. The Harold G. Kolbs and Mr. and Mrs. Charles H. Burns, parents of the newlyweds, are residents of Eldridge Drive, Waterford Township.

White Chantilly lace over taffeta fashioned the floor-length wedding gown which featured a V-neckline, long, tapered sleeves and bouffant tiered skirt. Silk illusion veiling was fitted to a cap of lace and pearls.

Roses shading from pink to deep rose comprised the bride's bouquet.

A cowl neckline and cumberbund waistline accented illusion fabric organically over taffeta for Mrs. Gerald L. Kolb, her sister-in-law's matron of honor.

She wore a triple-row veiled headpiece and held pink shaded chrysanthemums and pink carnations.

Edward Summerville, Union Lake, was best man. James Cassin and Mortell Kluwer ushered.

The couple will be at home on Murphy Avenue following a southern honeymoon.

A strawberry pink hat complemented a navy blue knit suit for Mrs. Garrett. The mother of the bridegroom chose navy blue chiffon with white polka dots. Both mothers wore pink carnations and red roses.

Work has begun on a nuclear reactor plant for use in the Antarctic.

Sharon Lovelace Is Bride of Seaman R. Scott Guginio

U.S. Naval Chaplain Harlin E. Tilberg officiated at the Saturday afternoon nuptials of Sharon Lynn Lovelace to Seaman R. Scott Guginio in the West Annex Chapel, U.S. Naval Base, Norfolk, Va.

Parents of the bride who resides on Ferndale Avenue, Waterford Township, are Mr. and Mrs. Paul D. Lovelace, Sebewaing.

For the small family ceremony, the bride chose peacock blue chiffon over tissue taffeta styled with elbow-length sleeves and bouffant street-length skirt. She carried a cascade of yellow tea roses.

Mrs. George J. Guginio of Detroit, who was matron of honor, wore azalea pink silk linen and held white pompons and pink sweetheart roses.

Dr. George J. Guginio stood as best man for his brother. They are the sons of Dr. and Mrs. Frank J. Guginio of Ecorse.

The bride, a graduate of Michigan State University School of Nursing, is on the staff of Pontiac State Hospital. Her husband who attended University of Michigan and University of Western Ontario, London, is stationed at Little Creek, Va.

The Hugh Donnelly's of St. Louis, Mo. sister and brother-in-law of the bridegroom attended the ceremony and the wedding-dinner in the Angus Inn, Norfolk.

Round Table Club Hears Talk on Drug Addiction

Police officers Gerald A. Navarre and Maurice J. Nolin gave an illustrated talk on narcotics before members of the Round Table Club Tuesday in the home of Mrs. William Gordon on Dwight Avenue. According to recent reports, narcotic consumption in the area is declining.

The club voted to sponsor a "telephone bridge" to benefit its summer camp fund for Camp Oakland.

Mrs. William Ford reported on the recent meeting of Oakland County Federation of Women's Clubs in Berkley.

Hostesses were Mrs. John Lewis, Mrs. R. K. Kreiter, Mrs. George Wasserman and Mrs. Roy Ashwin, with Mrs. T. W. Bradford and Mrs. H. E. McCulloch presiding at the tea table. Mrs. Glenn Behler was a guest.

Mrs. Ellsworth also teaches "Y" classes in crafts and oil painting among others.

For further information contact the YMCA.

Philathea Unit Holds Meeting

Twenty members of the First Philathea Class of the First Baptist Church met Tuesday in the educational building of the church.

Mrs. Harry Newhouse led the devotions which preceded the program arranged by Mrs. Harry Haggard. Mrs. John Toroni sang a solo "Savior Like a Shepherd Lead Us" and gave a message on the 22nd Psalm.

Refreshments were served by Mrs. Beatrice Hildebrandt and her committee.

Will Meet April 3

Nublick Club's March meeting was at Elks Temple Tuesday afternoon.

Following a business session, the 23 members present played at four tables of bridge.

The next meeting will be April 3 at Elks Temple.

That's Where Clare Booth Luce Was Poisoned

Jackie to Stay at 16th Century Rome Villa

By SHEILA WALSH

ROME (UPI) — Mrs. Jacqueline Kennedy will spend a night and a part of her two days in Rome this weekend as a guest in the U.S. ambassador's lovely, 16th century Villa Taverna before she goes on to India and Pakistan.

This is the residence in which Mrs. Clare Booth Luce became violently ill from arsenic poisoning when she was ambassador in 1953. The poisoning developed from arsenic-laden paint dust that fell into Mrs. Luce's coffee once a period of time.

But the villa and the bedroom where the offending paint was present — been done over completely, so that President Kennedy's wife will be in no danger.

Mrs. Kennedy will be staying in an arsenic-free atmosphere as the guest of U.S. Ambassador and Mrs. G. Frederick Reinhardt. The villa, particularly the one bedroom, was hastily redecorated in nonarsenic paint after Mrs. Luce became ill.

The illness was attributed to arsenate of lead poisoning from the point on the ceiling in her bedroom. Arsenic-laden dust was reported to have dropped each day into her morning coffee, finally reaching a dose appreciable enough to cause illness.

The announcement was sensational. Romans were stunned.

No repetition is expected with any present or future ambassador or guest, including the First Lady, embassy officials said.

Mrs. Kennedy will not be sleeping in the same room used by Mrs. Luce—that's still the ambassadorial bedroom.

She and her sister, Princess Lee Radziwill, will stay in a four-room, second-floor guest suite.

The walls of Mrs. Kennedy's room are light grey and the color scheme is that and white. From her window she will have a view of the orange and oak trees in the garden.

In a ground-floor sitting room Mrs. Kennedy will find a portrait

of another first lady painted by her presidential husband. The portrait of Louisa Adams by President John Quincy Adams is more of historical than artistic interest. But some says here are already predicting it will end up in Mrs. Kennedy's White House collection of Americana.

The Roman aristocracy has been planning parties and hoping that Mrs. Kennedy will come.

One newspaper said that Count Dino Proci-Bionti was holding a "cocktail" party for the First Lady.

The count's secretary said a party was planned but said nothing about twisting.

U.S. Embassy sources said they did not know what if any invitation the Kennedy family will see the Pope in less than three weeks.

Pope John received Atty. Gen. Robert Kennedy and his wife on Feb. 21.

The President's wife may have to dodge buzzing motor scooters like everyone else in Rome. Her sister-in-law Ethel Kennedy took a fall during her visit last month when she brushed a car as she tried out a brand new motor scooter.

Mrs. Kennedy will leave here Sunday night for New Delhi, India, aboard a chartered Air India jet airliner. She will be attended, among others, by four sari-clad hostesses.

Zeta Eta Elects Officers

Officers of Zeta Eta Chapter, Beta Sigma Phi Sorority, were elected in the home of Mrs. Douglas Fox on Ross Drive, Waterford Township.

Serving with new president Mrs. Fox will be Mrs. James Anthony, vice president; Mrs. Karl Dale, recording secretary; Mrs. Jack Barker, corresponding secretary; and Mrs. Richard Tompkins, treasurer.

Mrs. Thomas Bickley spoke

on "Literature and the Written Word" at the Tuesday meeting and Mrs. Tompkins gave a brief talk on "Public Speaking."

The chapter will attend the card party and style show sponsored by Beta Sigma Phi City Council March 28 in the club rooms of First Federal Savings and Loan Association of Oakland.

Formal installation of above officers and a pledge ritual for two members is set for April 3 in the Rochester home of Mrs. C. M. Shelton.

Group Taught Hair Styling

Members of the Maceday Gardens Extension Group were given a lesson in hair styling by staff members of a local salon Monday evening in the home of Mrs. Ernest Novotney of Fernbury Drive, Waterford Township.

Modeling new coiffures were group members Mrs. George Hotchkiss, Mrs. Richard Glynn, Mrs. Boyd Bails and Mrs. Fred Grunstadt.

The lesson on "How to Live With Your Tensions" is scheduled for the April 2 meeting with Mrs. Martin Downs of Tull Road, Waterford, serving as hostess.

Hairdressers Unit to Meet Tuesday

Pontiac branch of the National Hairdressers Association meets Tuesday at 7:30 p.m. in Hotel Waldron.

Featured is a discussion of "Beauty Business combined with beauty analysis." A short film on muscular dystrophy will also be shown.

Mrs. George Haun and Mrs. Les Carlson leave for New York March 18 for a week at the Advanced Style Seminar at the Robert Fiance Hair Design Institute. This postgraduate hair style center instructs experienced hairdressers, in new design trends, modern cutting techniques and individual styling.

In its war for independence from Mexico, Texas used a naval force consisting of four small vessels.

The wonderful thing about Lovable's padded bras is the natural full-rounded curves . . . the high-fashion line they create for you . . . and not a whisper or hint. Sizes 32AA to 38B.

EVERY FASHION NEEDS ITS OWN FOUNDATION Let Federal's expertly trained salesladies fit you correctly for comfort and figure flattery.

OPEN EVERY NIGHT TO 9 Monday thru Saturday
DOWNTOWN AND DRAYTON PLAINS

SEW SIMPLE

By Eunice Farmer

Tailor Trix pressing board winner of the week is Mrs. Marion Williams, Hermiston, Ore., who sends this suggestion.

"I do quite a lot of sewing with cottons and I find I often have fairly large pieces of material left over. As a way to use up these large pieces I make what my family calls 'crazy pajamas.' I use one strip for a sleeve, a different piece for each side of the front, each leg will be still another fabric, and so on. The children like them and look forward to each new pair."

TO RECUT RAGLAN

"Dear Mrs. Farmer:

"Is it possible to change the sleeve style of a dress pattern? I was told to make a set-in-sleeve from a pattern that has a raglan sleeve."

Mrs. J.E.C.

You can do this very easily by combining two patterns, one with set-in sleeves and the other with raglan sleeves. Lay the two patterns for bodice front and back over each other, matching the **SHOULDER SEAMS** and the **CENTER FRONTS**. Now cut the style you want to use.

MAKE BAND NARROW

"Dear Eunice:

"How can I keep the waistband of a skirt from stretching and folding over?"

Mrs. E.E.C.

The waistband of a skirt should always be cut with one edge using the "selvage." This edge is woven tighter and will prevent stretching. Another point to remember is to keep the waistband narrow. I usually suggest not making it more than 1 inch wide. If you make it any wider, you cannot avoid the folding over.

TO AVOID STRETCH

"Dear Eunice Farmer:

"Your column is a real inspiration to all of us who sew. I can't begin to tell you how often you have gotten me off the 'hook' with a suggestion that somehow comes just in time.

"No matter what I do to a neckline, they always GAP. I have tried stay-stitching, but nothing seems to help. This also happens when I am making a square-necked dress. Have you an easy answer to this?"

Mrs. F.W.

I am happy to repeat this question because this is the time of year when we will be making many scoop necked and square neckline dresses. It seems that almost every woman has this problem. Actually, if you are very thin at the back of your neck, you may also have the same difficulty in back.

For a scoop-necked dress, you should take a tiny dart or fold in your **PATTERN**, not more than one-quarter inch deep. This should taper to nothing about 3" below the neckline. Do the same for the facings. If your problem is not in the front, but in the back of your dress, do this adjustment in the back instead of front.

For a square necked dress, you will have to take a small fold down the center of the pattern, not more than one quarter inch deep. This will take out one half inch extra fabric. Since the center front must remain on the straight grain-line, you will have to add the one quarter inch to each of the side seams or it will be too small.

A perfect neckline is so important to the appearance of your dress, I think it is well worthwhile making a sample bodice out of scrap material. Be sure to cut away the seam allowance so you will know exactly how it will fit. When you are completely satisfied with the finished bodice, keep the pattern handy and use it over and over again.

by Anne Adams

Sleep coat, nightie or dustie—easy to sew, divinely cool and comfortable on warm nights. Whip up a "sweet dreams" wardrobe in bastille, drip-dry blends. Printed Pattern #680: Half Sizes 14½, 15½, 16½, 17½, 18½, 19½, 20½, 21½, 22½, 23½, 24½. Size 16½ requires 5½ yards 35-inch fabric.

Send 50 cents in coins for this pattern—add 10 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of The Pontiac Press, 137 Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

Special Spring-Summer Pattern Catalog—ready now!—More than 100 sparkling styles—men, sport, day, dance, work, travel. All sizes! Send 35 cents.

Slate Safety Films for LeBaron PTA

Sgt. Donald Kraft of the Oakland County Sheriff's Department will show safety films entitled "Dangerous Strangers" and "Rescue Breathing" for the LeBaron PTA. Teacher Association this evening at 7 o'clock in the multipurpose room. A nursery will be provided for small children.

Emphasized by Short Skirts

Nice Legs Are a Must

By JOSEPHINE LOWMAN

The days when skirts swept the floor and the sight of an ankle was a thrill, must have been relaxing for the ladies. Very few women are satisfied with the shape of their legs. In this day of extremely short skirts, the feminine sex is even more critical of its leg contour than when hemlines were longer.

Some women worry about large calves, others about thick ankles, and many, many bemoan bulging thighs. The underweight girl also has her problem of legs which are straight up and down, or have too little curve.

Most defects in underpinning control can be greatly improved by special exercises. This calves can be built up, and large thighs can be trimmed down. When the defect is a part of a typical type, it is more difficult to remedy. This is usually a question of build as well as weight distribution.

For instance, all the women in some families have straight up and down ankles. In another family, the torso may be thick with a larger than usual waistline, and the legs may be like pipstems. Still again the figure may be typically wide at the hips or large at the thighs. Nevertheless, nearly all such situations can be improved.

The following exercise is a wonderful one for thighs, hips, waist, and abdomen. That makes it pretty valuable for most women. Even if you do not need it badly now, it is good insurance.

Lie on the floor on your back with your legs straight and your

arms resting on the floor, extending straight out from your shoulders, palms toward the floor.

Now swing both legs as far to the left as you can, keeping the knees stiff and bringing the feet as close to the left hand as possible.

Now swing the legs all the way to the right, trying to touch the right hand with the toes or coming as close as you can. You now continue swinging your legs back and forth like the pendulum of a clock.

If this is too difficult for you at first, you can drag your legs back and forth like a pendulum. Later on lift them from the floor but keep them CLOSE TO THE FLOOR.

If you would like to have any exercises for the upper defects in leg contour, send a stamped, self-addressed envelope with your request for leaflet No. 12. Address Josephine Lowman in care of The Pontiac Press.

Be Safe: Play Only Wild-Card Poker

BY PHYLIS BATTLES

NEW YORK — My husband and I indulge in a friendly game of poker now and then on a Saturday night. At least, we thought it was friendly.

Now along comes a character named Frank Garcia (who's just turned out a book called "Married Cards and Loaded Dice") who says don't be so sure. Those "friendly games," he says, are as potentially dangerous as a sick professional gathering.

"By police definition, a 'friendly' game is one in which no homicide, assault or fraud is known to have occurred," Garcia reports. "Which is a rather negative endorsement when you come to think of it."

He claims that in such settings over a pack of cards — be the game canasta, bridge, pinochle or penny-and-poker — these facts are proven: women take their "girlfriends" for some \$25-million a year, and there are some 7,500 students who are wholly or partly working their way through college on the untold millions of their fraternity brothers.

"Forget the sex, the game, gentility or geography. WHEREVER cards are played, there is rampant cheating!"

Some people cheat for money, some for thrills, some for excitement. Some women cheat subconsciously, without conscience, to prove they are man's equal. Some men cheat to prove their manliness.

EXCUSES FOR CHEATING

Most people cheat out of varying degrees of greed and an urge for recognition. There seem to be as many different excuses for robbing one's fellow man as there are techniques for doing it. And Garcia can name all of today's popular techniques, but concedes that new ones come along every day.

He concludes that most people unless they themselves are the cheaters, should take the advice of America's most famous gambler, John W. ("Bet a Million") Gates. After Gates

No Foreign Cars to Enter Russia After April 1

LONDON — No foreign motorists may drive into the Soviet Union after April 1 because tourist accommodations are fully booked, the London office of the Soviet agency Intourist announced today.

The order to accept no more bookings came from Moscow, said an Intourist spokesman.

But it is still possible for tourists to enter the Soviet Union by aircraft, ship or train, he said.

The accommodations which were fully booked, he explained, were those used by motorists between the Soviet borders and Moscow and between Moscow and southern Russia and the Ukraine.

Nearly a million tourists are expected to visit the Soviet Union from 35 foreign countries this year, including about 15,000 Americans, the spokesman said.

had lost most of his winnings in the stock market a half century ago, he issued 13 lucky words:

"Don't play cards. Don't bet on horse races. Don't throw dice. Don't gamble!"

If you can't follow this advice — and nine out of 10 Americans are too gambling-happy to give up the fun for complete financial safety — there is only one way (as I see it) to gamble in relative safety.

Play only poker, and only those forms of poker in which several cards are wild (especially recommended: Robert Benchley's famous game, "Whistle 'Til Your Windpipe," seven-card stud with deuces, treys and red-haired queens wild, high-low-and-medium.)

The professional gamblers and the status-seeking amateurs will back out of the game immediately.

The subconscious gamblers will be as confused as you are. And Lady Luck (possibly the only female too impartial to peek at a neighbor's card) will decide the game.

Town's Physician for 55 Years

Georgia Doctor Can't Retire

LABOR OF LOVE — Four-year-old Debbie Kénon is awed by the microscope and white hair of Dr. T. J. Van Sant who has been the family doctor at Woodstock, Ga., for 55 years. The 85-year-old Van Sant, partially deaf and failing of sight, would like to retire but the town has no other doctor.

WOODSTOCK, Ga. (AP)—At 85, Dr. T. J. Van Sant has been this north Georgia town's family doctor for 55 years. He is partially deaf and his sight is failing. He would like to retire, but he can't. Woodstock has no other doctor.

The silver-haired doctor, his face creased with lines, spanked the first-born into more than 3,000 north Georgians. At a recent wedding, Van Sant looked at him and realized why he can't quit—not yet.

KNEW EVERYONE The bridegroom, the bride, the parents of both, and nearly the entire wedding party all began life with a slap on the rump by Van Sant.

Once he was one of four doctors in Woodstock, which now has a population of about 750. The other doctors moved away.

Through the years he has gone where he was needed—from Canton to Ball Ground, to Atlanta, to Tate, to Acworth and to towns such as Lathamville which no longer exists.

RECALLS EPIDEMIC He recalled the 1918 flu epi-

demic. Glancing from a window of his small clinic, he remarked, "Over there, within a six-mile radius, there were none dead one day; the next day, 15 churches and funeral homes were overrun by mourners and death."

"I never did get over death. Each time it was an ordeal, and a sad one."

Through it all, from the early days when he used a team of horses, he always answered when someone asked, "Please come quickly."

NOT ALL SAD

There were amusing incidents, too; such as the time he delivered a baby to an Indian mother at Hickory Flat Creek in 1912. He returned two days later to check on his patients.

The mother was doing all right, Van Sant said, "but that woman was feeding that baby pea soup." Although he can read only with a large magnifying glass, Van Sant says he will go on helping those who need him because they have nobody else.

"He's the salvation of this county," said Walter Hill, 70.

Kent County GOP Plans 'Hollywood Spectacular'

GRAND RAPIDS (U)—Hollywood producer-director Leroy Prinz has been named by the Kent County Republican finance committee to cast and direct a stage spectacular as part of a fund-raising drive in May.

Mrs. Raymond O. Waggoner, chairman of the committee's women's division, says Singer Tony Martin and the Mills Brothers quartet are among headliners tentatively discussed for the production.

About 60 per cent of Ohio's residents live in cities and towns.

Will Speak at U. of M.

ANN ARBOR (U)—Secretary of Defense Robert McNamara will address the University of Michigan's 118th commencement exercises June 16, the university announced Wednesday.

We agree with thousands of independent service men who know the greater dependability of

She Gives Birth to 8-Pound Son Under Hypnosis

CHARLESTON, W.Va. (AP)—Donna Kerns, 30, of Charleston, gave birth to an 8-pound, 9-ounce boy Wednesday after listening for an hour and a half to a soothing telephone voice saying, "Relax, you are going into a deep sleep." It was the voice of a doctor putting her under hypnosis.

Mrs. Kerns was under hypnosis when her first child was born in 1960, but a doctor was at her side Wednesday. Mrs. Kerns said she was completely conscious

throughout the birth and was in an utterly relaxed world.

The incident occurred after her doctor's car became stuck in the snow and he could not make it to the hospital on time. The doctors involved declined use of their names.

Plan Radio Programs

LANSING (U)—A group of legislators is preparing a series of radio programs on the Legislature, to be broadcast on a Detroit station, said David S. Holmes Jr., D-Detroit. The series, "Looking at Lansing," is under the chairmanship of Rep. Frederick Yates, D-Detroit.

Silent Screen Star Testifies in Theft

LOS ANGELES (AP)—Actress Mary Pickford testified Wednesday that a \$5,000 sapphire ring she owns was discovered missing while her former-butler was on a European tour.

The butler, William F. Paul, 46, is charged with illegally transporting the ring from Miss Pickford's home, Pickfair, to Zurich, Switzerland.

Miss Pickford, 68, "America's Sweetheart" of the silent screen, testified the 25-cent gem was a

gift from her first husband, the late actor Douglas Fairbanks. She has the ring back. Zurich police said they confiscated it after Paul took it to a jeweler there for appraisal.

Schools Are Getting By Without Asking Loans

LANSING (U)—State school districts got through the first week of March without having to seek permission to borrow against their anticipated state school aid, the State Department of Public Instruction has announced.

Local tax money is coming in now in most areas, the department said.

Hits 'Deception' by Governor

GOP State Chairman Says Bright Picture of Economy is Phony

GREENVILLE (U) — Gov. Swainson is "playing a cruel game of deception" by painting a bright picture of Michigan's economy, Republican State Chairman George Van Pelt said Wednesday night.

"The situation actually is discouraging," Van Pelt said.

"While the rest of the nation is stepping into the sunshine of bright prosperity," he said, "our beloved Michigan continues to wallow in a torment of heartbreaking unemployment and all-around disillusionment."

"The GOP chieftain said the situation 'has been bred and nourished by a succession of Democratic administrations who have been determined to make our state a showplace for welfare statism in America.'"

Van Pelt said the governor offered no proof for his statement in a television speech this week that new defense contracts probably will bring 10,000 to 15,000 new jobs to Michigan.

The signs of economic recovery cited by Swainson do not exist, he said.

Swainson Angry at Republicans

LANSING (U) — Republicans in the legislature and the constitutional convention stood off another attack by Gov. Swainson today.

The GOP majority in both, he said, "seem bent on bringing Michigan down to its knees."

The Democratic governor, calling reporters to a special news conference Wednesday, accused Republican lawmakers of "pussy-footing around" on the state's financial problems and "dragging their feet" on a legislative program.

In an angry, bitter mood, Swainson said GOP legislators "seem intent on bringing Michigan into another financial crisis."

"They have all the facts before them about our revenue situation, but they do nothing about it," he said. "They are irresponsible."

Fighting back, Republican legislative leaders said the governor had different ideas from theirs about what progress had been made in the 1962 session.

"Before this session is over, we are going to come up with appropriations to meet our needs and tax revenues to pay for them," said Sen. Frank D. Beattie, R-S, chair, GOP majority leader.

"The governor is sure not going to accomplish anything by getting mad and blowing his top this way," said Rep. Carroll C. Newton, R-Detroit, assistant GOP floor leader in the House.

Turning on the constitutional convention, the governor declared: "CON-CON NOWHERE."

"After five months of meetings, there is very little of tangible benefit to anybody. There is very little to form a judgment on."

"It is becoming more obvious every day," he added, "that proposals being adopted or promoted are politically motivated."

Stephen Nisbet, R-Fremont, president of the convention, disagreed with Swainson. He said delegates were still in the committee-of-the-whole stage where they were exploring, studying and bringing out new ideas.

"I've seen no effort to inject politics into the convention," he added. "Although there have been some votes along party lines, this merely represents the differing philosophies of the two parties."

George Ramsey, R-Blomfield Hills, who is expected to be Swainson's rival in the November election, agreed with Nisbet that the convention was still in the debate stage and that it was too early to tell what the final product would be.

"The governor is sure not going to accomplish anything by getting mad and blowing his top this way," said Rep. Carroll C. Newton, R-Detroit, assistant GOP floor leader in the House.

Authority Given to Try Pay TV

Court Says FCC Will Surely Watch Out for Public Interest

WASHINGTON (U) — The U. S. Court of Appeals in a landmark decision today upheld authority of the Federal Communications Commission to permit trial operation of pay television systems.

"It seems to us," the court said, "that unless the future of television is to be confined to its present state, the commission reasonably must be allowed opportunity to experiment" by permitting trial of subscription TV.

An opinion by Judge Henry W. Edgerton stated: "The commission has declared its determination to oversee carefully the form which programming takes under the subscription system. Surely its power to see that this area of the public domain is used in the public interest is not less for paid television than for the existing system of so-called free television."

Judges Walter M. Eustice and Warren E. Burger joined in the Edgerton opinion.

The court rejected protests by Connecticut Committee Against Pay TV, Stanley Warner Management Co., Low's, Inc., Connecticut Theaters, Manchester Drive-In Theater Corp., and Outdoors Theaters Corp.

They had protested FCC authorization for RKO Phonovision Co. to conduct a three-year trial operation of pay TV in Hartford, Conn.

Hutchinson to 'Run' for Hoffman's Seat

LANSING (UPI) — Edward Hutchinson of Farmville, one of two Republican vice presidents of the constitutional convention, confirmed today he is on the verge of announcing his candidacy for the 4th District congressional seat now held by Rep. Clare E. Hoffman, R-Mich.

The former state senator, who gave up his 8th District seat two years ago in an unsuccessful bid to gain the Republican nomination for lieutenant governor, said he expected to make his formal announcement about April 1.

MAMI, Fla. (U) — A chilly morning low reading of 42 was six degrees colder than any previous March 8 on record in Miami, the U.S. Weather Bureau said today.

The previous low for the date was 48, in 1954.

Pentagon Plans Anti-Red 'Troop Information'

WASHINGTON (U) — Defense officials told investigating senators today that a new "troop information" program aimed at international communism will begin next month.

Carlisle P. Runge, assistant secretary of defense for manpower, said the program for the nearly three million men and officers now in the armed forces will emphasize "the why-we-fight rather than the how-we-fight."

Runge testified before the special Senate Armed Services subcommittee investigating charges by Sen. Strom Thurmond, D-S.C., that anti-Communist activities of military leaders had been muzzled and impeded.

Record Low for Miami

MAMI, Fla. (U) — A chilly morning low reading of 42 was six degrees colder than any previous March 8 on record in Miami, the U.S. Weather Bureau said today.

The previous low for the date was 48, in 1954.

Beginning of Lent Sees Bargains in Fish Supply

March is here... spring is near... and many families will begin observance of Lent this week. Since consumers' buying of fish and shellfish reaches a seasonal peak during this time, let us look at the fish and shellfish supply situation suggests the Marketing Agent, Mrs. Josephine Lawler.

Total supplies of frozen and canned fishery products are smaller than a year ago, but several individual items are in the supply. Main shortages are in canned products.

February 1 storage holdings of frozen fish and shellfish were 14 per cent below a year ago. The only items in larger supply than last year were haddock filets, fish sticks and portions, and lobster. But there are also good supplies of frozen halibut, cod filets, sole, ocean perch, whiting, scallops and crab. Shrimp supplies are light, 45 per cent below a year ago and relatively high prices can be expected.

Canned tuna again is the fish-eating season's best supply. Domestic tuna receipts are the highest since 1956, and imports of canned tuna are higher than last season by 10 per cent. There is considerably more light meat tuna than Albacore available, compared to last year.

This year's pack of Alaskan salmon was up more than a fourth from last year, but the supply is still relatively light. Biggest increase was in pink salmon. Sardine supplies are light with prices on the high side. Both fresh and canned oysters are in short supply.

FISH FEATURED
A check of food stores this week shows numerous fish items and some cuts of all red meats and poultry receiving special emphasis. Retailers report wholesale beef prices the same to higher; pork and veal the same to slightly less; lamb about the same as last week; and fryers higher.

Save Up Chicken Livers for Unusual Appetizer

Saute 1 small onion, chopped, and 1 pound chicken livers in 1/2 cup melted butter or margarine, cooked eggs. Chill and serve on large chunks of chicken. Fold in Cool slightly and grind or chop

livers very fine. Mix with drip

Shape into about 24 small balls and roll in 2 finely chopped, hard-boiled eggs. Chill and serve on bacon flavored crackers.

Sandwich Filling

Lightly mix 2 cans (15 ounces each) baked chicken and 2 tablespoons mayonnaise. (Dice 1 lb. of large chunks of chicken.) Fold in 1 cup chopped celery, 1/2 cup fine

ly diced carrot, 3 tablespoons minced onion, and a dash of pepper. Makes 2 1/2 cups.

This skinned heavy grapefruit with a rufflet bun are usually good eating.

MAINE SEA DOGS — Heave ho, my hearties! Here's a nautical new sandwich straight from the rock-bound coast of Maine.

Sea Dog Buns Have Filling of Sardines and Cheese

Here's one of the most nautical of new sandwiches. The deep-sea flavor of meaty Maine Sardines, the bite of mustard and the tang of cheese combine in a fine new luncheon or snack-time treat.

If your children have not, up till now, been wildly enthusiastic about fish, this is a good way to re-introduce them to it. The familiar shape of the hot dog rolls and the fun of finger-food will appeal to them and we can almost guarantee that they'll be back for more.

As a quick 'n' easy Saturday lunch, Daddy too will delight in the flavor of these hearty, stick-to-the-ribs change from the more usual sandwich flavors. And the next time the gang comes in after bowling, he'll probably urge you to ship up a batch.

Keep Maine Sardines on your pantry shelf. They are so practical to store, so inexpensive and so good, you'll never be caught without an answer to the familiar question: "Tun' hungry, what can I have to eat?"

Sardine "Sea-Dogs"
2 tablespoons prepared mustard
2 tablespoons soft butter or margarine
Dash Worcestershire sauce
1 tablespoon lemon juice

Marinate Turkey in Fruit Mixture

Golden crushed pineapple joins flavors with onion, marjoram and white wine to make this unique and delicious marinade for oven-broiled turkey. Marinate turkey half in this tangy mixture overnight and then roast in an uncovered pan until golden brown. The pineapple marinade keeps the turkey tender and moist and is a nice accompaniment to serve with the sliced meat.

This recipe is just right for a family-size meal. Have your butcher saw an 11-pounder in half. Use one-half for this flavorful entree and store the other half in your freezer to use at a later date.

PINEAPPLE BARBECUED TURKEY
1 (5 1/2-lb.) frozen turkey half
Butter or margarine

Marinade
1 (No. 2) can crushed pineapple
1 teaspoon salt
2 tablespoons finely chopped onion
1/2 teaspoon black pepper
1 teaspoon marjoram
1/2 cup white table wine
1 tablespoon lemon juice

Defrost turkey (need not be thoroughly defrosted) and rub well with butter. Place skin side down in shallow roasting pan. Pour on marinade and let stand several hours or overnight.

Roast uncovered in moderate oven (350 degrees F.) 2 1/2 hours. Roast turkey skin side down for first half of roasting, then turn and continue roasting skin side up. Baste occasionally with marinade from bottom of pan. Slice and serve with sauce. Makes 6 servings.

Marinade: Combine all ingredients and heat to mingle flavors.

Chair Promises Relief for Wear Secretary

Seat bones — those portions of the anatomy feminine office workers use the most — have received some studied attention from scientists. As a result, a leading office supply firm (Remington Rand) is offering a new secretarial chair that is split in two equal halves.

Each half of the seat is mounted on a flexible joint surrounded by a large foam rubber block that responds to every body movement. The special mobility of the chair is aimed at keeping the weight on the "seat bones" and not the soft body tissue. Could this be the answer to stenographer's aches?

1 tablespoon minced onion
6-8 soft frankfurter buns
3 cans (4 oz.) Maine sardines, drained
45 slices process cheese
Mix mustard, butter or margarine, Worcestershire, lemon juice and onion. Spread on split buns. Arrange 3 or 4 sardines (depending on size) on each bun. Top with 2 long slices of cheese — cut to fit. Broil open buns until cheese melts and bubbles and top browns. Close and serve hot. Makes 6-8 hot "sea-dogs."

Dried Figs Add Variety to Winter Recipes

Throughout these winter days, summer's golden promise is only until thickened. Combine figs and as far away as your market, for there you will find the sun-drenched goodness of California Dried Figs. Bursting with succulent sweetness, these plump and tender-hearted fruits are reservoirs of sunshine that brighten winter-weary menus.

Eaten "as is," or imaginatively used in any number of tempting recipes, California Dried Figs bring you summertime goodness, along with a plentiful supply of important vitamins and minerals. Try California Dried Figs soon, in the recipes included here, or in your own special "June in February" treat.

Apple-Fig Ham Salad

A flavorful combination that makes a complete luncheon salad.

- 2 apples, cubed
- 2 tablespoons lemon juice
- 2 cups cubed cooked ham
- 1 cup California Dried Figs cut into thin slivers
- 1/2 cup mayonnaise
- 1/4 cup light cream
- Lettuce
- 1/2 cup crumbled blue cheese

Sprinkle apples with lemon juice. Combine with ham and figs. Blend mayonnaise with cream. Add to apple mixture and toss. Serve in lettuce lined bowl. Sprinkle blue cheese over top. Makes 6 servings.

Fig Glazed Louisiana Yams

- 2 tablespoons honey
- 1 cup orange juice
- 2 teaspoons cornstarch
- 1/2 cup chopped California Dried Figs
- 1/2 cup chopped walnuts
- 1 medium sized Louisiana yams, cooked, peeled and quartered.

Combine honey and orange juice. Slowly stir into cornstarch. Cook

over low heat, stirring constantly, until thickened. Combine figs and stir to blend. Add yams and heat to serving temperature, stirring frequently. Makes 4 servings.

Snowy Mold A La Fig

A snow-white mold covered with yummy fig sauce.

- 1/4 cup sugar
- 1 envelope unflavored gelatin

- 1/2 teaspoon salt
- 1/4 cup milk
- 1 teaspoon vanilla
- 3 3/4-ounce cans (1 1/4 cups) flaked coconut
- 2 cups heavy cream, whipped

Thoroughly mix sugar, gelatin and salt. Add milk. Stir over medium heat until gelatin and sugar dissolve. Chill until partially set. Add vanilla. Fold in coconut, then cream. Spoon into 1 1/2 quart mold. Chill. Unmold and serve with fig sauce. Makes 8 servings.

Fig Sauce

- 8 California Dried Figs, chopped
- 2 tablespoons honey
- 1/2 cup pineapple juice

In small saucepan, combine figs, honey and pineapple juice; bring to boil and simmer 5 minutes. Cool. Spoon over snowy mold.

No Cheap Artificial Flavorings Give The True, Rich Flavor Of Burnett's Pure Vanilla

Burnett's is made from the finest, pure vanilla beans with no artificial or imitation ingredients added. Burnett's is real vanilla! Nothing can compare with it for true flavoring of cakes, frostings and desserts. Also Available in Pure Almond, Lemon, Orange, Brandy and Rum Extracts.

TOASTED COCONUT — Just the thing when company is coming is a Coconut-Orange Meringue Pie which looks elegant but is easily prepared. Make a meringue shell either "from scratch" or with a mix and fill with new Toasted Coconut Instant Flavor Pudding. The filling is instant-quick, requiring only 1 minute beating of the pudding and milk. Fold in whipped cream and allow to set 5 minutes, ready for a topping of mandarin oranges.

Toasted Coconut Pudding Makes Fine New Pie

New on the market for minute-quick puddings, pie fillings and a range of other tempting desserts is an Instant Toasted Coconut-Flavor Pudding. This creamy, smooth instant pudding has an appealing tropical flavor provided by shreds of deep toasted coconut. The Instant-Flavored Coconut Pudding makes an ever-popular Coconut pie in minutes. It combines in a meringue shell with a Mandarin orange topping, to make a company special dessert.

The new flavor is an addition to the line of instant packaged puddings, all of which are newly improved. A special "pre-cooking" process now gives the instant puddings a home-cooked flavor and consistency, free of bubbles. All of the instant puddings flavors are ideal for puddings, pies, cake frostings, frozen desserts and ice cream sauces and candies.

Coconut-Orange Meringue Pie

- 3 egg whites
- 1/4 teaspoon cream of tartar
- 1/2 cup sugar
- 1/2 cups milk
- 1 package Toasted Coconut Instant Pudding
- 1/2 cup heavy cream, whipped
- 1 cup (11-ounce can) mandarin oranges

Combine egg whites and cream of tartar in a small mixer bowl. Beat at high speed until whites start to stiffen. Gradually add sugar, beating well after each addition. Beat until meringue is stiff and glossy. Spread in an 8-inch pie plate. Bake in slow oven (300 degrees F.) 1 hour. Cool.

Combine egg whites and cream of tartar in a small mixer bowl. Beat at high speed until whites start to stiffen. Gradually add sugar, beating well after each addition. Beat until meringue is stiff and glossy. Spread in an 8-inch pie plate. Bake in slow oven (300 degrees F.) 1 hour. Cool.

Eat Yeast Cookies for Breakfast

You'll find these sugar-topped rounds wonderfully satisfying, not too sweet.

Morning Cookies

1 package active dry yeast
1 1/2 cup warm water
1/2 cup butter or margarine
1/2 cups sifted flour
1/2 teaspoon salt
1/2 cup quick-cooking rolled oats
Sugar
Sprinkle yeast over water to soften. Beat butter until creamy; and salt and rolled oats; mix until crumbly. Stir in thoroughly the softened yeast. Chill 1 hour. Shape dough into walnut-size balls; press flat; place in sugar; turn to coat both sides. Bake a few inches apart on ungreased cookie sheets in moderate (350 degrees) oven about 15 minutes. Serve warm or cold.

One Hand Egg Beater Does Little Jobs Well

Longer life and smoother operation has been built in the One Hand Egg Beater introduced by Ekeco Products Company in Chicago.

Automatic push and pull action of this beater makes those hard-to-do kitchen chores a breeze. This easy-operating mixer is a must for beating in a cup, glass or pitcher. This practical beater will whip an egg or small amounts of food in a cup, thus eliminating the chore of cleaning a larger size food mixer and extra mixing bowls. To operate you merely push down and release. The spring-like action spins the handle back to normal position ready to be pushed down again.

40 days to enter (every weekday of Lent)
40 winners
\$40,000 in prize money

Easy to enter — nothing to write but your name and address

OFFICIAL RULES:

1. Print your name and address on back of any Star-Kist Tuna label (including Star-Kist Chunk Light, Solid Light, Chunk White or Solid White Tuna). If you have one, or on a plain sheet of paper on which you have printed the words "Star-Kist Tuna."
2. Mail entries to Star-Kist Tuna Sweepstakes, Box 2, San Francisco 1, Calif. Each entry must be mailed in a separate envelope. Enter as often as you like and increase your chance to win.
3. Forty separate drawings — one each weekday of Lent. Winner of each drawing will receive \$1,000. Last drawing March 7, 1962. Winner notified by mail.
4. All residents of the U. S. may enter except residents of Nebraska, and except employees (and their families) of Star-Kist Foods, Inc., its advertising agency and judging organization. Entries from Florida, Virginia, and Wisconsin must be on a plain sheet of paper only. This sweepstakes is void where prohibited by law.

Plan Lenten Substitutes for Meat

By JANET ODELL

Pontiac Press Home Editor
Homemakers who must plan meatless meals for the next six weeks have the problem of getting enough protein into the family's diet with substitute foods. Meat supplies animal proteins which are more complete in themselves and are more completely utilized than those from vegetable sources.

But with meat once a day (except on fast days) and adequate amounts of fish, cheese and eggs, you need not worry about anyone's suffering a protein deficiency.

Your main problem will be variety in your menus. Here's where we step in to help.

Rice is anything but a colorless dish when you dress a casserole of it with deviled eggs, sliced stuffed olives and fresh scallions (delicate cousin to the onion).

Lenten Olive-Egg Casserole
1 cup butter or margarine
1 cup all-purpose flour
1/2 teaspoon tarragon
Pinch saffron
2 cups milk
2 cups grated process American cheese (about 8 ounces)
3 cups cooked rice
1/2 cup sliced scallions
1/2 cup sliced pimiento-stuffed olives
Deviled Eggs

Melt butter or margarine. Add flour, tarragon and saffron; blend. Gradually add milk and cook over low heat, stirring constantly, until thickened. Add cheese; stir until melted. Arrange rice in greased shallow baking dish. Pour cheese sauce over rice. Arrange scallions, olives and Deviled Eggs on rice. Bake in moderate oven (350 degrees) 20 minutes. Makes 4-6 servings.

Deviled Eggs: Cut 3 hard-cooked eggs in half lengthwise. Remove yolks. Mash yolks; add 1 tablespoon mayonnaise, 1/2 teaspoon dry mustard and salt and pepper to taste. Fill egg whites with egg mixture.

Take a tip from Italian cooks and serve your fish fillets with spaghetti. As you would expect,

a tomato cheese sauce is part of the recipe.

Halibut Alla Romano
1 1/2 pounds fresh or frozen halibut steaks or fillets
1 pound spaghetti
1/2 cup olive oil
1 medium onion, finely diced
1 clove garlic, halved
2 (8-ounce) cans tomato sauce
1 teaspoon oregano, or
1/2 teaspoon basil
1/2 teaspoon salt
1 small can mushrooms (optional)
Parsley sprigs
Grated Parmesan or Romano cheese

If frozen halibut is used, partially thaw as directed on package. Cut halibut into serving-size pieces. Cook spaghetti in boiling salted water according to package directions. Drain; keep warm.

While spaghetti cooks, prepare halibut: In large skillet, saute halibut in olive oil over medium heat until it flakes easily with a fork but is still moist. Carefully remove from pan and keep warm. Add onions and garlic to pan. (Insert toothpick through garlic halves so they can be found easily and removed when sauce is done.) Saute until tender, but not browned. Add tomato sauce, oregano for basil, salt, halibut and drained mushrooms. If used. Cook 10 minutes, over low heat, spooning sauce over fish occasionally. Remove garlic.

Serve halibut and sauce over hot spaghetti. Garnish with parsley sprigs. Pass grated cheese to be sprinkled liberally over fish. Makes about 4 servings.

A pound can of salmon will make 6 servings when you use it

in a giant turnover. Serve it with mushroom sauce.

Salmon Surprise Turnover
1 package pie crust mix
1/2 cup chopped celery
1 clove garlic, minced
2 tablespoons butter or margarine
1 can (1 1/2 lbs.) salmon, drained and flaked
1 can (1 or 4 oz.) sliced mushrooms, drained
1 egg
3 tablespoons vinegar
1 teaspoon salt
Dash of cayenne
1/2 cup sliced ripe olives
3 cups small soft bread cubes
1 can cream of mushroom soup

Prepare pie crust mix according to package directions; reserve. In small saucepan, cook celery and garlic in butter or margarine 5 minutes; add remaining ingredients, except soup. Roll out pie crust to rec-

angle about 18 1/2 inches. Spoon salmon mixture over half of pastry; fold remaining pastry over salmon; press edges firmly to seal; place on baking sheet. Bake in hot oven (400 degrees) 30 to 45 minutes, or until baked and browned. Heat mushroom soup, diluting with 3 or 4 tablespoons milk. If desired—Serve Salmon Turnover with hot mushroom sauce. Makes 6 servings.

Hibachi Breaks Party Ice

Parties get off to a good start when guests toast their own appetizers on hibachis. Set out food that can be grilled on skewers: over wood charcoal briquets. Good choices are shrimp, fish sticks, scallions, smoked oysters, cut up fruits and vegetables, steak strips, sausages.

OLIVE EGG CASSEROLE—Here is a Lenten casserole that uses a number of favorite Spanish foods—eggs, rice and pimiento-stuffed olives. Bits of fresh scallions add a spring touch to the dish. Serve it with pride for family or company dinner.

Best Seller May Be Worst Advice

A nutrition book may be at the top of the best seller list but at the bottom of a reliability scale, warns a Michigan State University home economist.

"Use care and discrimination in selecting books related to weight control and nutrition," advises Anita C. Dean, Extension specialist in foods and nutrition at MSU. "The fact that a book with a catchy title appears on a 'best seller' list doesn't make it reliable," she says. "It probably means that once again, the gullible public seeking an easy way to lose weight has pushed the book into the best seller class."

She points out that the Food and Drug Administration has taken legal action against many former top sellers dealing with nutrition.

How can someone untrained in nutrition know that he is getting sound information in return for his money when he buys a book on nutrition?

Mrs. Dean suggests that he check with a reliable source first. These include the Michigan Department of Health, the American Medical Association, the American Dietetic Association, or the MSU Department of Foods and Nutrition.

Complete Protein

Why is meat one of our most important sources of top-quality protein? Because it contains all of the protein substances in the proper proportions necessary for growth, tissue replacement and repair needed by the human body, the American Meat Institute advises.

Treat the Family, Guests to Juicy Grapefruit Pie

Did you know that tangy, juicy grapefruit was sort of the "Cinderella" of the fruit kingdom? But, like all Cinderella stories, this one has a happy ending, too. Our tale begins in the early 18th century when Ponce de Leon, the Spanish explorer, came to Florida in search of the mythical "Fountain of Youth." While there, he planted a grapefruit grove along with other citrus fruits just outside St. Augustine.

The other citrus fruits became popular quickly but the poor grapefruit was eyed as a commercial dud. Its flowers and leaves were ornamental, but that's about all that attracted folk. This attitude lasted 'til the end of the 19th century.

Grapefruit's fairy godmother was a great frost that killed off the tops of other citrus trees, and the choice grapefruit varieties were grafted on the stumps. Production was also moved further south where conditions were more favorable to grapefruit production.

But there still had to be a demand for the delectable fruit. Cupidella's "Prince Charming" was no other than winter tourists from the north who had tasted the fruit on their trips. People began walking up to grapefruit's possibilities. Today, the U.S. Department of Agriculture says this once-homely fruit is now plentiful as beautiful golden globes of good eating. And the happiest ending is in your home with a treat such as Grapefruit Pie.

Grapefruit Pie
Pastry
2 1/2 cups grapefruit sections
1/2 cup brown sugar, firmly packed
2 tablespoons butter

Rice Isn't Bland When It's Herbed

With imagination, spices, onion and lemon juice, a traditional favorite like rice takes on special flavor appeal. Lemon Blossom Rice is ideal for Lent—and all year round.

Lemon Blossom Rice
1/2 cup minced onion
1/2 cup melted butter
1/2 cup bottled lemon juice
1/2 cup chopped parsley
1/2 teaspoon salt
1/2 teaspoon pepper
1/2 teaspoon tarragon
1/2 teaspoon thyme
3 cups hot, cooked rice

Saute onion in butter. Add remaining ingredients and mix well. Makes 6 servings.

What It Is

You can boost the nutrition of your favorite packaged pancake mix with wheat germ. Add one-half cup of wheat germ for each two cups of the mix and increase the milk one-half cup, too. Add more milk for a thinner batter. The wheat germ lends a pleasing nut-like flavor.

Miles of Coastline Smashed, Flooded

WRECKAGE AT RESORT—Buckroe Beach, a popular Tidewater, Va., summer resort, is strewn with storm debris Wednesday as two refugees dash for cover and the waves continue to roll up in the background. Damage at the beach was estimated at \$250,000 in this storm, called the worst since 1953.

AP Photofax

LITTLE LONG ISLAND—Destructive tides, pushed by a violent storm, roll across New York's Westhampton Beach on Long Island Wednesday, temporarily forming a new

island. Many homes in the area were smashed and some were knocked off their foundations.

AP Photofax

VICIOUS WEATHER—Only the corner of a swimming pool remains recognizable after severe winds and high tides tore it up and ripped down a wall of this hotel at Rehoboth Beach, Del., Wednesday. The storm killed five persons in Delaware. Two others are missing.

WHERE IT HIT—The map points out spots hard hit by a storm and subsequent flooding Wednesday. Water covered the NASA missile site at Wallops Island, Va., took five children of one family to their deaths at Bowers, Del., and hampered fire fighters in Ocean City and Wildwood, N.J. Guests up to 84 m.p.h. were reported.

Report on Home Prices

NEW YORK (UPI)—Reality Equities Corp. reports the average price of a new home in 1961 was \$15,100.

COAST CITY AWASH—Aptly named Ocean City, Md., is almost completely flooded Wednesday, forcing 1,000 residents to evacuate. The Sinepuxent Bay Bridge at the left now

leads into pools of water at either end; it used to lead into the heart of the city. The cars and trucks on the bridge are parked on the only dry spot in the peninsular town.

AP Photofax

STEEL PIER DAMAGED—Seas rage around Atlantic City's famed Steel Pier after winds and waves gouged out a section of the resort attraction during the storm that has been spreading destruction along the Atlantic Coast for the past three days. The Boardwalk can be seen at the top in front of resort hotels surrounded by water.

Kennedy Pats Congress on the Back

By JACK BELL
WASHINGTON (AP)—President Kennedy, an old hand at legislative business, is all but coddling Congress in the evident belief that it is the way to get a respectable amount of the new laws he wants.

The President, who served both in the House and Senate, was unruffled Wednesday when a reporter suggested at a news conference that in its first two months Congress hasn't accomplished much.

Kennedy replied he was always

reading about this time of the year that Congress was doing little. He recalled that last year's legislative program was passed by early March but the session wound up by turning out 30 measures he catalogued as major.

"I think that legislation is going to come really pouring out of these committees in the next month or two months," he said. "So I don't have any criticism at all of the pace of the Congress."

ITS TIE QUALITY

"The test would be whether the legislation which involves not only the well-being of a great many Americans—such as medical care for the aged—but also those pieces of legislation which will help us fight the next economic downturn will be passed."

Kennedy, who obviously knows as well as anyone the difficulties that lie ahead for such proposals, threw in a sweetener with the remark that he hopes Congress "will consider those very carefully, or their alternatives."

Committee Ups
Welfare Bill

Ways and Means Group
Adds \$133 Million to
JFK's Requests

WASHINGTON (AP)—A House committee boosted the cost of proposed federal welfare changes almost \$133 million today by adding increased pension payments various recommendations made by President Kennedy.

The Ways and Means Committee approved a \$325.8-million bill, incorporating most of the changes Kennedy asked. In addition, it put in a provision for an average raise of about \$4.40 in the basic payment under the state-federal system for the needy aged, disabled and blind. The maximum payment would go to \$70 instead of the present \$66 a month.

House action is expected in about two weeks.

Another major change the committee made in the Kennedy administration bill was to delete a provision to limit to one year the residence requirement in a state before a person could qualify for welfare benefits and to give incentives to states that eliminate residence requirements completely.

The administration won approval of continuing aid eligibility for children of unemployed parents but with a five-year limit on this portion of the bill instead of the indefinite extension asked.

Approved were provisions that would allow communities to institute work and training programs for relief recipients, to assist in training of social workers, and to help subsidize day-care centers for the children of working mothers.

Kalamazoo Wins
Melville Award
for Improvement

KALAMAZOO (AP)—The City of Kalamazoo Wednesday was awarded the 1961 Ward Melville Gold Medal for Community Improvement for "its development of the nation's first permanent pedestrian business district mall."

The award was presented to Kalamazoo civic leaders by Francis C. Rooney Jr., president of Thomas McIn Division of Melville Shoe Corp.

The award is given annually "to encourage the development of the cultural, aesthetic and economic values of American cities."

Kalamazoo was named winner of the award's 50,000-300,000 population classification and then was selected by award judges as having the outstanding community development project among all competing cities for 1961.

Hints Iraqi Invasion

BAGHDAD, Iraq (AP)—Premier Abdel Karim Kassam told members of the Military Officers Club Wednesday to be prepared to strike at imperialism "which nests in the south of our country"—an apparent reference to the Sheikdom of Kuwait which he claimed last June.

At this point the alternatives seemed to be just as tightly stalled as his own plan to link medical care for the elderly to Social Security. There aren't even any direct alternatives offered for his request for standby authority to cut taxes and to trigger a \$3-billion public works program if a recession threatens.

But the President appeared likely to win a victory with expedited approval by both houses of a \$45-million manpower

retraining bill. Senate action was possible today on a compromise of varying measures passed previously by both houses.

Sponsors believe the program will help more than one million persons acquire new skills in the next three years.

In the controversy still boiling over his request for authority to buy \$100 million in U. N. bonds, Kennedy treaded cautiously.

He said he is staying with his original request. But he added that he thinks members of the Senate Foreign Relations Committee—which scheduled an afternoon vote on his proposal—were wholly competent to make a judgment on alternative proposals.

Those sought to limit U. S. contributions to the amount of those made by other nations or to provide for a direct U. S. loan to the United Nations.

Sugar beets and sugar cane are not related but their sugar is identical.

Report Kennedy Note Urges Space Harmony

By JOHN M. HIGHTOWER
 WASHINGTON (AP) — President Kennedy is reportedly proposing to Premier Khrushchev a series of concrete steps for joint action by the United States and the Soviet Union to explore and develop outer space for peaceful purposes.

United States looks to the opportunity for high level discussions at Geneva not only on general disarmament and on nuclear weapons test ban negotiations but also on other problems, including Berlin and the conflict in South-east Asia.

Officials indicated his specific suggestions—embark plans for joint international action on a weather satellite system and the development of communications satellites and deep space probes to other planets.

Disclosure of the new Kennedy message to Moscow came in the midst of preparations here and in foreign capitals for the opening of disarmament talks in Geneva next week.

STRESSING POLICY
 The timing presumably is designed to stress the Kennedy administration's announced policy of seeking ways in which the United States and the Soviet Union may work together constructively in the interest of better East-West relations.

The President told a news conference late Wednesday that he had just written a letter to Khrushchev putting forward some proposals on the peaceful uses of outer space.

Kennedy expressed hope about the outcome of the Geneva negotiations but refrained from any optimistic predictions.

He said the meeting which is due to open next Wednesday will be extremely important.

"I am not making optimistic predictions about its success, but I could make pessimistic predictions about its failure," he said.

Kennedy made it clear that the

Claims Cuban Press Driven Out by Castro

SAN JUAN, P.R. (UPI) — Refugee Cuban publisher Jorge Zayas told the executive committee of the Inter-American Press Association Wednesday night that the great majority of Cuba's newsmen had been driven out of the country by "Fidel Castro's Communist regime."

Zayas said the Castroites have suppressed or merged newspapers at will, dismantling surplus presses

and other plant equipment to be "sent to other countries." He gave no details.

The refugee publisher said the persons who attended the "international press congress" in Havana in January were "traitors of the principle of freedom of the press and agents of Soviet imperialism."

Predictions at 103

PORTLAND, Ore. (UPI) — Jacob Bihler took a critical look at space travel on his 103rd birthday Wednesday and decided he didn't "believe the whole deal will amount to much."

Swainson Pulls for Civil Rights

Legislation Gets Pitch as Fate Is Up to House Committee Today

LANSING (AP) — Gov. Swainson has made a last-ditch effort to keep civil rights legislation from dying in a House committee.

The governor summoned the House State Affairs Committee to his office Wednesday to urge them to send two bills strengthening civil rights laws to the House floor for debate. Both will die automatically today unless lawmakers agree to extend the deadline for them to clear the committee.

The measure create a civil rights commission to replace the Fair Employment Practices Commission and extend its authority to cover education, housing and public accommodations as well as employment.

The commission also would have authority to initiate proceedings to investigate alleged discrimination. Similar bills have died in the State Affairs Committee four years running.

Swainson said he told the committee that "both parties have taken strong stands on civil rights and that the questions are above partisan politics."

No committee member indicated opposition to allowing the measures to reach the floor for debate, the governor said.

Rep. Lloyd Gibbs, R-Portland, committee chairman, said members have not been polled yet on what to do with the bills.

JFK Backs McNamara in B70 Row

WASHINGTON (AP) — President Kennedy has thrown his full weight behind Secretary of Defense Robert S. McNamara in the Pentagon chief's battle with an influential House committee trying to force a bigger B70 bomber program.

At the same time, Kennedy called for a "cold look" at the issue and offered to parley with Congress.

"This is a matter on which I have relied very heavily on Secretary McNamara in whom I have the greatest confidence," Kennedy told his news conference Wednesday.

The President said "I think that this is a matter which... we can talk about in the appropriations committees and the Armed Services committees of both the House and Senate and we can get a better judgment as to what the language will be at the end."

LANGUAGE DISPUTE

The dispute revolves around the language the House Armed Services Committee wrote into a \$1.3-billion military hardware bill. Its intent is to direct the Pentagon to spend about \$61 million — much more than the Kennedy administration asked — for the 2,000 mile an hour B70 bomber.

Rep. Carl Vinson, D-Ga., powerful chairman of the House Armed Services group, Wednesday sought to rally the House, warning that the country will be "out of the bomber business" unless the B70 is pushed toward production.

Vinson also complained that the executive too often has ignored the will of Congress in such matters.

McNamara made it clear he intends to carry the offensive to Congress and said he has asked for a chance to make his arguments before other committees which will consider the question.

Prisoner Group With 130 IQ Uses Computers

JACKSON (AP) — The State Highway Department is building roads and bridges and may be rebuilding men inside the walls of the Southern Michigan Prison here.

Some 18 prisoners are doing key work in Michigan's highway program, the department said. They are programmers for the department's electronic computers.

The programmers (men who prepare and feed information and instructions to the computers) were selected on the basis of IQ and aptitude tests. Their average IQ is 130—far above average, the department said.

All the men are enthusiastic about their work. One said he spends all his time on his work.

"It's kind of tough to study in the cell at night, but I do it anyway," he added.

Bowles in Cambodia

PHNOM PENH, Cambodia (AP) — Chester Bowles, President Kennedy's special adviser on Asian, African and Latin American affairs, arrived Wednesday from Bangkok. He was received by Prime Norodom Sihanouk, chief of state of this neutralist monarchy.

Moscow Triplets Named Gherman, Yuri... and John

MOSCOW (AP) — Mr. and Mrs. Aleksandr Revkov of Guryev, Kazakhstan, announced today they have named their new triplet sons Yuri, Gherman and John—after the first three astronauts to orbit the earth.

The Soviet news agency Tass said the couple promised to bring up the triplets to be as courageous and brave as their famous namesakes, Yuri Gagarin, Gherman Titov and John Glenn. The Revkovs, both 33, have the other children, including a set of twins, Tass said. Revkov is a geophysical technician.

Film Went Almost Unnoticed

Stu Whitman 'Earned' Oscar Nomination

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD—The Cinderella story of this year's Academy race belongs to an earnest young actor-builder named Stu Whitman.

Chunderella, dark horse, underdog—whatever you call him, Stu Whitman will do as a symbol of

the American success story, the little guy who gets ahead.

He was nominated for best actor award, beating out such giants as Maurice Chevalier, Fredric March and Alec Guinness. Whitman won for an almost overlooked film, "The Mark," which lacks a major release.

THOMAS

How did he accomplish this feat? All by his lonesome. "I didn't realize how good the

picture was until after we had made it," he said. "When I was making 'Francis of Assisi,' (producer-writer) Sidney Buchman called me. He said that he was cutting 'The Mark' and that I should clear off a shelf because I was going to get an Oscar for it."

Although the film drew excellent reviews, it played insouciantly at one small theater in Beverly Hills. After a brief run, it was yanked.

BEGGED FOR CHANCE

"I knew I didn't have a chance for a nomination unless I could get people to see it," said Whitman. "So I made four or five calls to New York to Walter Reade, president of Continental Films which released 'The Mark'."

"I begged him to get another theater in Los Angeles so Academy voters could see the picture. I told him I was sure we could get two or three nominations if we could only get some exposure."

FINALLY WORKED

The company finally came through with a release at the Vagabond, a small art house near downtown Los Angeles. Whitman put out some of his own money for trade paper ads calling attention to the film, also arranged for special showings at his home last 20th Century-Fox, and the Directors Guild.

Whitman, who also operates a land development company with his father but claims to be "land-rich, penny-poor," shelled out \$2,000 of his own hard-earned cash for the campaign. It worked.

Now he's a possibility for co-starring with Marilyn Monroe in "Something's Gotta Give."

How does Whitman assess his possibilities in the Oscar race? "An outside chance," he said thoughtfully. "But just getting the nomination was a big thrill. I'd settled for that."

Three Books in Library Condemned by Senator

LANSING (P)—Four books, three of them currently available in the state library, have been charged with "poisoning the minds and morals" of Michigan children.

Sen. Lynn O. Francis, R-Midland, rose on the Senate floor to condemn the books during debate over an amendment proposed by Sen. Charles S. Blomdy, D-Detroit, on obscene literature bill.

"Call me an alarmist if you will," said Francis. "But you ought to take a look at what's going on. These books are poisoning the minds and morals of our children. When I finish reading them, I'm thoroughly ashamed of myself."

Francis, chairman of the Senate Education Committee, said he was mostly concerned because a science-fiction novel, "Beast: New World," by Aldous Huxley, was used as a text for required reading in the 10th grade at Forest Hills High School near Grand Rapids.

The school district banned the book two weeks ago after parents protested it was unfit for high school students. The censorship since has been referred to a faculty committee.

The 10th grade, meanwhile, never finished reading the book.

Francis objected to the presentation of an absolute dictatorship and the breakdown of marriage vows as portrayed in the book.

Passages he objected to were such as: "Marriage licenses are said like dog licenses . . . and, 'You rule with the brain and the ballots, never with the fists . . .'"

Blomdy's amendment to the obscene literature bill would include photographs, records and tape recordings. It is intended to tighten up the law, he explained. Francis asked if it also covered schools and libraries.

"This is rather silly," Blomdy said, when Francis made his remarks. "You are not going to find obscene literature in our schools and libraries."

Francis then cited the book-banning at Forest Hills and declared three other books as unfit to read. These he listed as:

"Tropic of Cancer," by Henry Miller; "Catcher in the Rye," by J. D. Salinger; and "Lady Chatterley's Lover," by D. H. Lawrence. All three are undesirable, he said.

'Bad Winter,' Says Mackie, and Proves It

LANSING (P)—Here's more evidence that this has been a terrible winter (as if it were needed):

The State Highway Department reports it used a record 165,000 tons of salt to clear rural state highways through March 1.

Another 50,000 to 100,000 tons were used to clear nonfreeway state highways in cities, the department said.

This was more than twice the amount used last year, with its usually light snowfall.

The department had only 100,000 tons on order when the first snow fell at the start of what John C. Mackie, state highway commissioner, described as "one of the worst winters in the state's history."

Vote-or-Report Bill Still Alive

Sponsors Revive It for 2nd Try After Parties Split by 53-48 Count

LANSING (P)—A bill to require all Michigan voters to go to the polls every two years or reregister to vote was still alive today after narrowly missing death in the House.

Republicans and Democrats split Wednesday in giving the measure a 53-48 vote, three votes short of passage. Sponsors revived it for another vote.

Democrats, fearful the two-year registration law would disenfranchise more of their own number than Republicans, fought the bill.

Rep. William H. Thorne, D-Deerborn, said it was "morally wrong" and would remove about 18 per cent of the voters in his district (from the registration books since they normally vote only in presidential elections held every four years).

Keeping registration records up to date would cost too much, he added.

Rep. Robert E. Waldron, R-Grosse Pointe, asserted the proposal would save money "by clearing out the deadwood" from the registration records and cut down the possibility of vote fraud by persons voting for dead people or those who have moved out of the precinct.

Rep. Allison Green, R-Kingsford, brought bouts of protests from Democrats when he said: "It looks to me as if Republicans are for honest elections and Democrats are for something different."

Democrats lost a move to install a uniform four-year registration system throughout the state. Communities now have a choice of a four-year or two-year system.

12 Youths, 20 Adults Die in Bus Accident

CUERNAVACA, Mexico (AP)—Thirty-two persons, including 12 school children, were killed Wednesday when a bus ran wild after the brakes apparently failed on a steep hill.

Racing at a speed of 50 miles an hour through a narrow street, the crowded bus bounced off a parked station wagon, killing both occupants, and rammed down several pedestrians. Twenty-six persons were injured.

Named to Juvenile Post

LANSING (P)—Gov. Swainson has named Mrs. Edna Lee of Detroit, assistant juvenile officer of Wayne County. She succeeds Mrs. Sally Boales Persing, who resigned.

13 Die, 120 Hurt on Train in Italy

**Express Rams Detour,
Jumps Track; Filled
With Poor Immigrants**

CASTEL BOLOGNESE, Italy (AP)—An express train crowded with immigrants from impoverished southern Italy raved into a detour and jumped the tracks here this morning, killing 13 persons and injuring 120.

Apparently all the victims were Italians.

Railroad officials said the train should have been traveling at 18 miles an hour but instead was making 55. Police arrested the motorman and his assistant for questioning. The motorman was slightly injured.

Seven hours after the crash transformed the train into a twisted mass of wreckage, rescuers said they thought they had recovered all the injured and dead. Many of the injured were in grave condition.

MOST DEAD FOR JOBS

The 10-car express was traveling from Lecce and Bari in the south of Italy to Milan in the north. Most of the 700 passengers were immigrants moving to industrial north Italy and Switzerland for better jobs and new homes. Castel Bolognese is 30 miles southeast of Bologna.

It was Italy's third major train wreck in just over two months. A total of 73 persons were killed in the other two crashes.

Hoffa Blasts U.S. 'Coercion'

**Teamster Chief Says
Interference in Wage
Talks Threat to Labor**

WASHINGTON (AP)—James R. Hoffa, president of the Teamsters Union, says the Kennedy administration is interfering in wage bargaining in ways that represent government coercion and a serious threat to the labor movement.

"The Teamsters Union has no intention of tying its wage increases to any wage-fixing formula," Hoffa said Wednesday in a statement issued in Miami and the Teamster headquarters here.

HIS 'GUIDELINES'

Hoffa aimed his attack at the "guidelines" issued by the President's Council of Economic Advisors, proposing that wage increases be related to industry's postwar gains in productivity, and at a recent speech by Secretary of Labor Arthur J. Goldberg in Chicago.

A spokesman for Secretary Goldberg said: "We have no reaction to anything Mr. Hoffa says."

The Teamsters president accused Goldwater and President Kennedy of forcing steel labor and management into negotiation several months early.

Kennedy, last fall, demanded that the industry forego a price increase, Hoffa said, and, with Goldberg, is now demanding that the steelworkers limit their pay demands to increased productivity.

"What the Kennedy administration is doing is thrusting the heavy hand of the federal government into the free collective bargaining process between labor and management," Hoffa said.

Americans Generous

NEW YORK (UPI)—Americans donated almost \$124 billion to charity between 1950 and 1960, \$35 billion more than the accumulated invested capital of America's 500 largest industrial corporations and \$40 billion more than the combined deposits of the 50 largest banks in the country, Marts & Lundy, fund raisers, estimate.

The wild turkey, a native of America, once abundant in the wooded areas, is believed making a comeback in the eastern states.

HOT HORSES — Racing on the frozen Obersee, or Upper Lake, is quite the sport in Arosa, Swiss resort 6,000 feet above sea level. In the heart of the Alps, just to make it harder, these horses are competing on the jumping course.

Rear-Engine Design Set for Indianapolis

INDIANAPOLIS (AP) — An American version of the rear-engine cars which have been dominating European road races is entered in the 46th 500-mile race at the Indianapolis Motor Speedway May 30.

The car, one of three being built by the Mickey Thompson shop at Long Beach, Calif., will be powered by a new Buick aluminum block V-8 engine. It will have independent suspension on each wheel, similar to the Cooper Climax driven by Australian Jack Brabham in last year's Memorial Day event.

Cars powered by special Offenhauser racing engines have dominated the Indianapolis race for 15 years.

The Thompson creation was entered by Jim Kimberley of Chicago, who sponsored Brabham's entry last year. No driver was named.

New Federations Delayed by Poll for Prep Group

CHICAGO (AP) — Plans to form sports federations in track and field and gymnastics by the National Collegiate Athletic Association will be delayed until July 5, Walter Byers, executive director of the NCAA, said Tuesday. The delay was necessitated because the national high school group, which has endorsed the program, needs until July 5 to poll its constituents in regard to joining.

Reds Endorse Glass Pole

MOSCOW (AP) — The fiberglas vaulting pole such as used by America's John Uelses in his recent record vaults was enthusiastically endorsed today by the Soviet Union's chief track field coach, Gabriel Korobkov.

3 From Northville on All W-O Team

Ten players are on the All Wayne-Oakland League basketball team it was announced today. Three players from Northville and two from Clarkston are on the list, selected by the league coaches. The team is as follows: Dan Brown, Steve Juday and Craig Bell, Northville; Chuck Funk and Mike Applegate, Clarkston; Art Tregenza, Bloomfield Hills; Bill Wheeler, Clarencville; Jim Ray, Holly; Dan Greig, West Bloomfield; and Gary Painter, Milford.

Honorable mention are Dennis Russell and Randy Marx of Brighton and West Bloomfield's Dave Helmreich.

Hillsdale in Tourney

SHEBOYGAN, Wis. (AP) — Hillsdale (Mich.) College has accepted an invitation to Lakeland College's four-team basketball tournament over the weekend.

Cinci Bullpen Ace Wants Some Changes

'Odds Stacked Against Pitchers'

Associated Press Sports Writer
TAMPA, Fla. (AP)—Jim Brosnan, author, advertising man, bullpen pitcher, is taking on a new role. He is the spokesman for the pitchers in their endless war with the home run hitters.

"The odds are stacked against the pitchers," said Brosnan of the Cincinnati Reds. "When you like Warren Giles, president of the National League, make statements that fans come out to see the home runs, you don't think they are going to change it to make life easier for the pitchers do you?"

"They say the pitchers throw at the hitters. Well, Early Wynn once said that some pitcher would have to be killed by a line drive before they deduced the ball or gave the pitchers a hand. Talk about throwing at hitters. Nobody says anything about the hitters smashing line drives through the box. I think clubs teach their batters to hit that way. Did you know that batters hit a ball back at the pitcher 1 1/2 times harder than it is thrown?"

GIVES SUGGESTIONS

Well, what would you suggest Jim?

"Widen the plate about four inches," said Brosnan. "Make it mandatory that the umpires work directly behind the catcher, not off on one side. Al Barlick and the only ump that work that way in our league."

"The strike zone used to be from the shoulder to knee. Now they go below the arm pit and above the knee. You don't get a strike unless it is below the belt (on the uniform shirt)."

"But as long as they think the fans—come out just to see the home runs, they aren't going to give the pitchers a break."

Brosnan is old fashioned enough to write the articles that appear under his bylines. He is his own ghost writer. In addition to six articles in a new magazine, of which he and Jimmy Persall are "associate editors," he has a new book coming out in June.

IGNORES CRITICS

Critics of his last literary ef-

fort, "The Long Season," in which he wrote bitingly about a summer in St. Louis, suggested Jim spend the off season composing "The Long Winter" to explain his failure to stop the New York Yankees in the World Series. Brosnan paid no attention and went right ahead on his own plans.

The new book, to be known as "Pennant Race" gives a detailed report of the state of the Cincinnati Reds while they were winning the 1961 pennant.

"It treats each game, diary style," he said. "The other book I did was more or less total recall. I think this one has more depth. There isn't much about strategy. The main idea is to show what happens to a ball club while it is winning a pennant."

Brosnan admitted he was not thinking pennant last spring. In fact, he was deeply involved in an attempt at baseball fiction that was shelved "about 4 1/2 innings."

"After we had seen all the other clubs a couple of times, we began to think we might win it," said Brosnan. "This time last spring nobody was talking pennant. We were a bad club in the spring. What helped us was the inability of the Dodgers, Giants and Braves, plus surprises like Ken Hunt coming through for us."

Brosnan didn't mention another helpful factor. Relief man Brosnan accounted for 22 "saves," appearing in 53 games and finishing with a 10-4 won-lost record and a 3.04 earned run average.

Jay Hebert to Britain

MIAMI, Fla. (AP)—Jay Hebert, the handsome Cajun club-slinger who made such a hit with America's Ryder Cup team in England last October, says he is planning to enter the British Open next summer.

Hebert, 34, of Glenside, Pa., was the Associated Press MVP for 1961. He won the 1961 U.S. Open and the 1961 British Open. He is currently ranked 10th in the world. He is currently ranked 10th in the world.

Hebert is currently ranked 10th in the world. He is currently ranked 10th in the world. He is currently ranked 10th in the world.

Celtics Wallop Philly, Hold Stilt to 30 Points

RED SOUNDS OFF

Coach Red Auerbach, who had coached the Celtics in a closed-door session at New York Tuesday night after their fourth straight loss to the last place Knicks, wasn't around to handle the team in the second half.

A 13-point burst, followed by field goals by Bailey Howell and Johnny Egan, did the job for the Pistons, who trailed 37-70 with a minute left in the third period. Howell wound up with 31 points while New York's Willie Naulls led all scorers with 37.

Jo-Jo's Wins Class D Crown

The Class A crown will be decided tonight at 8:30 at Pontiac northern when 300 Lounge plays MO. Lower bracket action begins at 9:30. Madison as Felice Market vs. Hardless Truck at 7 and 300 Bowl vs. against Smith Fuel at 8:30.

Kansas State Wins and Now Waits

Kansas State closed its regular season with a convincing 81-61 victory over Oklahoma State in the Big Eight championship game.

BASK

BASKETBALL

The Wildcats blew a 14-point first half lead, regained it and beat Nebraska going away. Kansas State soared out to a 24-3 lead before Nebraska made it a bid and closed the gap to three points, 34-31.

Kansas whipped Colorado 75-6 in the conference tourney that preceded regular season league play.

PLAYOFF NEEDED
Two of the other NCAA berths will be decided Friday. Texas Tech and Southern Methodist are scheduled for the Southwest Conference. Have a playoff game in Fort Worth. St. Joseph's and Temple are scheduled to play for the Mid-American Conference title. The winner goes to the NCAA, the loser to the National Invitation tournament.

The final NCAA berth will be resolved Monday in a playoff for

The last-second basket was climax to a second half come back in which the Warriors overcame an 18-point deficit in the last 10 minutes of play.

In the closing minutes, Detroit lost its star center, Dave DeBusschere, who had kept the Titans in front through most of the second half.

DeBusschere, who finished with 37 points, was the game's top scorer. Marquette's Ron Glaser topped the Warriors with 21 points.

A black and white illustration of a mechanic wearing a cap and overalls, kneeling and working on the engine of a car. The car is shown from the side, with the hood open. The mechanic is holding a tool, possibly a wrench or a screwdriver, and is focused on the engine compartment. The car has a spare tire mounted on the back. The illustration is in a classic, hand-drawn style.

1946
Yesterday's
narrow, rock-hard,
high-pressure
tires wore fastest
in the center.

1962
Today's smooth-
riding, road-gripping,
low-pressure tires
wear fastest along
the edges.

**Here's why you need
BFG Big Edge Tires
with extra rubber
where the wear is!**

Good news: they cost no more than other major-brand first-line tires!

Years ago, tires had to have extra rubber in the center of their treads. That's where the wear was toughest. But things are different with modern low-pressure tires. Their peak-punishment area is on the edges. Most tire makers are still packing rubber into the dead center of their tires. But not BFG. BFG concentrates extra rubber on the outside edges of its Silvertown tires. That's the Big Edge. The extra rubber's where the work is, where the wear is. The Big Edge gives you extra safety, extra mileage, extra economy. Let your B.F. Goodrich dealer show you the Big Edge soon! His name is listed below.

NO DOWN PAYMENT WITH YOUR OLD TIRE!

B.F. Goodrich

111 North Perry at Mt. Clemens FE 2-0121

24-month road-hazard guarantee! Because of the high quality of workmanship and materials, new B.F. Goodrich Silverstone passenger car tires are guaranteed against blowouts, cuts, breaks caused by road hazards encountered in normal driving. If a tire is so damaged beyond repair, you get full allowance for remaining tread against the purchase of a replacement, at current retail list price. Your B.F. Goodrich dealer has complete details.

Ski Resorts Hampered by Warm Temperatures

When the mercury starts shooting over the 40-degree mark, ski resort operators start having problems.

And that is the situation at the eight Pontiac area ski areas. The warming trend has curtailed skiing at one area and shutdown another.

The others are operating with conditions fair to very good.

ALPINE—Skiing fair, improving in the evening when the air cools.

BRIGHTON—Closed. Plan to reopen Friday, weather permitting.

CHRISTIE—Closed during the afternoon, open in the evenings, beginning at 6:30 until this week end. Skiing fair. Plan to be open all weekend.

DRYDEN—Very good skiing reported on the snow over deep base. All slopes and facilities in operation. Record dance Saturday evening.

HOLLY—Skiing fair to good. Base remains good and slopes being groomed for the weekend.

GRAMPIAN—Fair conditions reported.

GRANDVIEW—No up to date report available.

SUMMIT—No report.

Following are conditions in other parts of Michigan:

Good to excellent conditions for skiing were reported by Michigan winter resorts Wednesday.

EAST MICHIGAN

MIO MOUNTAIN, near Mio — 14-20 inches base, one inch new snow; skiing excellent.

APPLE MOUNTAIN, near Prentiss — 14-24 inches base, skiing excellent.

HOUGHTON LAKE SNOW BOWL, — 22 inches base, skiing, snow good.

STY MOUNTAIN, near Frederic — 20-22 inches base, skiing good.

GRAYLING WINTER SPORTS PARK, — 10 inches base, skiing good.

MAJOR MOUNTAIN, near Harrison — 10-12 inches base, skiing good to excellent.

MOTT MOUNTAIN, near Payette — 10-12 inches base, skiing good to excellent.

SNOW VALLEY, — 24 inches base, two inches new snow; skiing excellent.

ADABLE BANCHE AND RKE RESORT, near Clay City — 16 inches base, skiing excellent.

ROCKY MOUNTAIN, near Clay City — 15-14 inches base, skiing good.

OTWAGO DEL CULOR, — 15-24 inches base, skiing good.

DAY LK. RANCHO, near Gaylord — 22 inches base, one inch new snow; skiing excellent.

SNOW SHAKER MOUNTAIN, near Gaylord — 22 inches base, one inch new snow; skiing excellent.

BOYNE FALLS, near Boyne — 22 inches base, one inch new snow; skiing excellent.

DORMAW HILLS, near West Branch — 22 inches base, one inch new snow; skiing excellent.

SILVER VALLEY, near the Tawassee — 22 inches base, one inch new snow; skiing excellent.

YIMMERLIZE, near Linton — 30 inches base, one inch new snow; skiing excellent.

CORN ENVOY PRODIGE, near Frederic — 22 inches base, one inch new snow; skiing excellent.

WINTER SPORTS

TIRES RECORD — Pekka Tikonen of Finland, scored 317 feet of the giant Pine Mountain at Iron Mountain Sunday to tie the North American distance record. John Belanz of Minneapolis set the mark in January at Westby, Wis.

Boyne Ski Races Open Friday

BOYNE FALLS—The big names in skiing will compete for cash and honor Friday on Hemlock slope at Boyne Mountain.

The occasion will be the second annual International Professional Ski Association races.

Conditions are perfect, according to manager Chuck Moll.

"Snow," Moll said today, "is the least of our worries. We are in peak condition and with the races only one day away, we certainly are in an enviable position."

Friday's races are being sponsored by the International Ski Racers Association, and is one of 10 major events promoted by the organization this season.

Following the competition in Alpine events Friday, skiers will enter in a free style race Saturday.

HOT FAVORED

Favored to take top money, according to many skiers, is Othmer Schneider, 33-year-old professional at Boyne Mountain.

Schneider, who took a gold medal and a silver medal in slalom and downhill, respectively, during the

1952 Olympics in Norway, participated in only four races in 1961, placing fifth highest as a money winner.

Already registered to take part in the races, in addition to

Plan Ski Development

SAUGATUCK — Surveying has started and work will begin this spring on the building of a new ski development on the sand dunes that cover the buried city of Singapore at the north limits of this resort community.

Army has played football for 72 seasons.

Schneider, are Christian Pravda, Sun Valley, Idaho; Stein Erickson, Aspen Highlands, Colorado; Anderi Molterer, Aspen, Colorado; Pept Gramshammer, Sun Valley, Idaho; Ernst Hinterseer, Kitzbuhel, Austria; Mike Marshall, Aspen, Colorado; and Les Streeter, Montreal, Canada.

Accommodations at the ski area will care for 400 guests on a "first-come, first-served" basis.

Festival Set Sunday

CADILLAC — The fourth annual Spring Festival and Ladies' Day at Custerfield will be held Sunday at the Custerfield Ski Area, 16 miles west of Cadillac.

Saginaw, Hillites, Flint Central Win

Saginaw Valley champion Saginaw survived a scare last night to stay undefeated and reach the finals of the Class A regional basketball tournament at Midland.

FLINT CENTRAL won its 4th quarter, bagging 30 points to Flint Northern's 17, topped a 78-59 triumph in the rubber match between the two crosstown rivals.

JIM TOLES tallied 20 to pace the win on the Flint Southwestern court.

Says Door Still Open to Irian Settlement

JAKARTA, Indonesia (UPI) — Indonesian President Sukarno said today the "door is still open to the Dutch for the peaceful solution" of the West New Guinea (West Irian) dispute.

But, he said, if a peaceful solution is unattainable, Indonesia will use "everything in their power to return West Irian to the Republic of Indonesia."

Sukarno outlined his government's policy toward the disputed territory in a speech at a prayer meeting marking the end of the Moslem fasting month of Ramadan.

Con-Con May OK Refinancing Mackinac Bridge

LANSING (AP) — Refinancing of Mackinac Bridge revenue bonds to gain a lower interest rate would be permitted under a proposal to be offered in the constitutional convention.

Under the proposal, the legislature would be authorized — by a two-thirds vote of both houses — to issue bonds pledging the full faith and credit of the state.

The amendment will be offered by two Republican delegates from the Upper Peninsula, Kent Landgren of Menominee and Clarence Dell of St. Ignace.

Landgren is the Republican nominee for the 26th Senatorial District seat vacated by the death of Sen. William E. Miron, D-Escanaba. He is opposed by Democrat Prentiss Brown of St. Ignace, chairman of the Mackinac Bridge Authority.

The refinancing plan was proposed earlier in the convention and was defeated in the committee of the whole — with Landgren voting against it. He offered no explanation for changing his position.

Birth of Son and 'Hare' Told by 'Lettucelator'

ST. LOUIS, Mo. (UPI) — State Rep. Peter Rabbitt Wednesday announced the birth of his fifth son. The baby, 19th child of Mr. and Mrs. Rabbitt, will be named Peter Rabbitt III.

Planning Unit Suggests Rezoning in Subdivision

Planning Commissioners last night recommended that a portion of Herrington Hills subdivision be rezoned from Residential 2 to Residential 1.

The recommendation will go to the City Commission at its meeting next Tuesday night.

At the request of city commissioners, the planners proposed last month that the area south of Herrington Hills Elementary School and north of Featherstone Road, be rezoned to prevent future development there of multi-family dwellings.

The R2 zoning, with certain lot size limitations, permits the building of dwellings housing for one to four families.

URGED REZONING

Planners pointed out that the rezoning of the subdivision was zoned R1, which allows only one-family dwellings, and suggested the R2 portion be rezoned.

"It was originally zoned R2 because the lot sizes are somewhat less than those usually found in R1 zones."

"However, development has been of the one-family type," said Henry Smith, assistant planning department director.

The area in question contains about 190 lots. Only about 60 are now sized in such a way that they could be used for multifamily homes.

Sashabaw PTA to Hear Address on Reading

CLARKSTON — Election of officers and a talk on reading will be features of the Sashabaw Parent-Teacher Association meeting at 8 o'clock tonight.

Dr. Donald Place, consultant in special education for Oakland County, will speak on "The Functional Approach to Reading."

14 Area Villages Hold Spring Elections Monday

Lively contests are forecast in six of 14 area villages where annual spring elections will be held Monday. In the other eight the balloting will merely confirm results of earlier primaries or caucuses.

Interest is high in Novi which is voting on a proposal to incorporate as a home rule city. In Milford, voters will decide on a liquor-by-the-glass proposition and a bond issue for storm sewers.

Following is a round-up of candidates and propositions appearing on the ballot in each community:

Novi

The proposed incorporation of Novi as a home rule city with no change in present boundaries will be decided here by voters.

Three terms on the Village Council are to be filled as well as election of nine members to the city charter commission should the proposal be approved.

Nine candidates will vie for the

council posts and 13 candidates are in the race for the charter commission. Four of the council hopefuls are among those running for the charter commission.

Council aspirants include Florence E. Harris, 40045 Grand River Ave.; Donald C. Young Jr., 4775 W. Nine Mile Road; Kahn S. Johnson, 2207 North Road; Charles G. Goers, 42445 12-Mile Road; Raymond D. Harrison, 2292 Austin Drive; and James E. Simpson, 2321 Rippler Creek.

The other six candidates are: Bert Fisher, 120 Northwood Road; Vincent Miklas, 22971 W. LeBoeuf Road; Edward W. Vahlbruch, 4025 Rushwood Lane; Herbert Koester,

4770 Eight Mile Road; John H. Begle, 4770 Nine Mile Road; and incumbent J. Philip Anderson.

Charter commission candidates are: A. Russell Bates, 44108 Grand River Ave.; Leon Doehner, 727 S. Lake Drive; Kenneth Bassett, 42364 12-Mile Road; Ed Ash, 21666 Garfield Road; and Emory E. Jacques Jr., 20223 Malott St.; and village councilmen Walter Tuck, Joseph Crupi and Dean H. Lohse.

The four who are seeking election to the council as well as the commission are incumbent councilman Anderson, Harris, Simpson and Miklas.

If the bid for city incorporation is accepted the charter commission would have 60 days to prepare a new document and up to two years to submit it to voters.

Until the time voters approved the charter, at which time the village officially would become a city, the community would be controlled by village officials.

At the time the charter is presented to voters, a slate of candidates for a city council would appear on the ballot.

The incorporation proposal has been made to stop further annexations and disconnections from Novi, the state's largest village in area.

Numerous disconnections from the village already have occurred and more are pending in Oakland County Circuit Court.

Metamora

Contests between five incumbents and two newcomers on the Progressive party slate and Citizens' party challenges for all but one of seven elective positions will be decided in Metamora Monday in one of the area's liveliest elections.

Only unopposed candidate is incumbent Village President Percy Clark, who heads the Progressive party slate.

Village Clerk George C. Morse's bid for re-election is challenged by Mrs. Ingeborg Maslin of the Citizens' party. Opposing candidates for treasurer are incumbent Jeanette Schenk, Progressive, and Gurneth Skellenger, Citizens'.

Contest for assessor is between incumbent Victor Maslin, Progressive, and John Clark, Citizens'.

Challenging the Progressive candidates for council — incumbent George W. Day Jr., John DeGroot and Al Ray — are Howard Ribble, Gordon Irish and Lawrence Ribble. Council terms are for two years.

Milford

Organized factions both for and against the sale of liquor by the glass here will know Monday how successful their campaigns have been.

Voters in the general election that day will be asked again to decide the issue that has caused a controversy here several times in the past but always has been defeated at the polls.

The proposal is one of two to be presented to voters who also will elect three councilmen.

The second proposal is a \$24,000 general obligation bond issue that would be used to finance the construction of a storm sewer on South Main Street.

Challenging incumbent Council-

men John Murphy and Maxwell Kelley for the two three-year terms are Stanley Cook of 1002 Canal St. and former councilman Paul Plotzer of 618 S. Main St.

Incumbent Councilman John A. Dodd will be opposed for a one-year term by Ronald McGrath of 303 Hill St.

Petitions signed by more than 200 persons were submitted to the village clerk in January asking that liquor be sold in addition to beer and wine.

Since then several church groups have organized to fight the proposal.

Dryden

The eight present officials in Dryden will be unopposed on Monday's ballot.

Seeking re-election to one-year terms are Robert White, president; Mildred Gray, clerk; Gladys Harrington, treasurer; and Robert Weingart, assessor.

Two-year council seats are sought by incumbents Oliver Broadwood, Ralph Hebert and Charles Carlos. Ralph Russell is running for re-election to his one-year council post.

Ortonville

All seven Ortonville officials whose terms expire are unopposed for re-election.

Councilmen Charles Sherman, Lavore Buntell and Ronald Ribicki seek renewal of their two-year terms.

Raymond Barrick, village president, LaVerne Bost, clerk; Webster Ware, assessor; and Jennie Saunders, treasurer; will be on the ballot for re-election to their one-year terms.

Oxford

Three Oxford councilmen are unopposed in their bids for re-election to the only village offices to be filed Monday.

They are present Village President Allen E. Valentine, E. Wayne Converse and Lionel J. Karmm. The two who poll the highest number of votes will serve two-year terms, and the other for one year.

Clarkston

Interest in the liquor by the glass election issue coming up at the polls here Monday is attributed by Village Clerk Ralph Thayer as the reason for an upsurge in voter registrations from 159 in 1961 to 348 this year.

If the proposal is approved at the polls, there is a strong possibility that a Schuler's restaurant will be erected here.

At the present time there is no

NEWS OF THE AREA

provision for a liquor license in the village and should the proposition pass, only one would be allowed.

There will be no contests for any of the village offices. Running unopposed are president Robert Waters, clerk Thayer and treasurer Mrs. Prudence Dunston, all for one year terms.

Incumbent trustees Herbert Beach, Harold Goyette and Earl Terry are unopposed and will serve additional two-year terms as will assessor Lloyd Sibley, all of whom will not appear by sticker or write-in candidates.

Leonard

Mrs. Marlene Mallia is unopposed for the Leonard village clerk office vacated after 17 years by John Lobken.

Other candidates, also unopposed, are Lawson Shells for village president, Leslie Rouse for treasurer, (both incumbents) and Jesse Sutherby for assessor.

Frank Bore and Eugene Mallia are on the ballot for re-election as councilmen. Raymond Green is the candidate for the third council seat to be filled.

All candidates are members of the Citizens' party.

Almont

Donald Heim, now a village councilman, is the Almont Village party's unopposed candidate for the post of village president.

Incumbents Verne B. Messer, clerk; Nellie Veness, treasurer; are unopposed in their bids for re-election.

Donald Beverly, who held the office several years ago, is unopposed for the post of assessor.

Candidates for the three two-year terms on the village council are Robert Cragg, Peter Benz and incumbent J. H. LaMar. John Nelson seeks the one-year seat. All are unopposed.

All the candidates are Almont Village party nominees. The Almont party did not hold a caucus.

Holly

All incumbent village officials here are assured of re-election barring upsets by popular sticker or write-in candidates.

The candidates for office secured their positions in the Feb. 19 primary by eliminating all opponents.

For Youth Recreation

4 Programs in Avon

AVON TOWNSHIP — Four programs are being offered by the Avon Youth Service and Recreation Association as the winter activities continue in fall snowing.

Basketball instruction and fundamentals are given from 7 to 9 p.m. on Wednesdays and from 9 a.m. to noon Saturdays at Avondale High School.

Gymnastics, wrestling and other activities are featured on day evenings from 7 to 9 p.m. at Rochester Junior High School.

Rochester's Central Junior High School is the setting Saturday morning for gymnastics and basketball fundamentals for elementary-school-age boys. The hours are from 8 to 11 a.m.

The average attendance at each of the four programs is over 60 boys, according to Robert Jereau, AYSA, recreation director.

Plans now are being formulated for the association's summer program which will be in effect during June, July and August. Jereau said comments, suggestions and proposals can be made by writing AYSA, P. O. Box 119, Rochester.

Boy Hit by Car Hurt Seriously

Farmington Twp. Lad, 10, Struck Running Into Path of Auto

FARMINGTON TOWNSHIP — A 10-year-old boy remains in critical condition at St. Mary's Hospital, Livonia, after being struck by a car when he ran into its path on Grand River Ave.

Michael Osborn, son of Mr. and Mrs. William Osborn, of 21423 Roosevelt St., sustained serious head injuries in the Monday evening accident but "is holding his own," according to hospital authorities.

Driver of the car, Douglas M. Knight, 31, of Grand Rapids, was questioned by Farmington Township police and released.

He told police that the boy darted in front of his car but when he swerved he hit a mound of dirt that caused him to hit the youngster.

The accident occurred shortly before 7 p.m. near the intersection of Grand River Avenue and Jefferson Street.

NEWS OF THE AREA

party candidate Robert D. Stokes president; Mrs. Evelyn Mae Arnold, clerk; Jessie Van Winkle, treasurer; and Kenneth M. Ferguson, assessor.

Rochester

Eight candidates will vie for four council seats in Rochester.

Three incumbents are among the contestants. They are Elmer A. Collins, John J. Lewis and Donald Flader.

Former village attorney Roscoe R. Martin is also in the race, along with John F. O'Donnell, Charles Maltrott, Edwin M. Aldrich and John S. Terry.

The top three vote-getters will serve two-year terms and the fourth highest will win a one-year council seat.

Wood Creek Farms

Two expiring seats on the Village Council will be sought here Monday by five candidates, including one of the incumbents.

The candidates for the offices of clerk, treasurer and assessor will be unopposed.

Those in the race for council posts are Bernard By of 3533 Millbrook Road, Richard Lake of 23255 Utley St., Eric Johnson of 30492 Northwestern Highway, Carl Ambrose of 28348 Millbrook Road, and incumbent By Nelson.

No one is challenging incumbent Clerk Alvin Billia and incumbent Assessor Robert Swift. Monday Jennings of 28348 Millbrook Road is the lone candidate for treasurer.

The polls will be located at the home of Vernon Fisher, 28338 Wellington Road. There are 248 registered voters in the village.

Lake Orion

One of Michigan's closest election battles is shaping up in Lake Orion, where Village Party's candidates are out to unseat Citizens' party incumbents from the seven posts to be filled.

Incumbent councilmen up for re-election are Thomas Arthur, Hugh Galloway Sr. and Dr. Richard A. McNeil of the Citizens' party.

They will be challenged by Village party candidates William V. Shoup, Fred C. Cole and J. Lewis Rossman.

Other Citizens' party incumbents seeking re-election are Irvine J. Unger, president; Mrs. Mary Parkinson, clerk; Geraldine Campbell, treasurer; and Geraldine Storey, assessor.

They will be opposed by Village

PHYLIS A. GLYNN

Announcement is made of the engagement of Phyllis Ann Glynn to Don E. Farmer by the bride-elect's parents, Mr. and Mrs. Dale E. Glynn of 5801 Grass Lake Road, White Lake Township. Parents of the prospective bridegroom are Mr. and Mrs. Don E. Farmer of 384 Timberlost Road, White Lake Township. A July wedding is planned.

\$20,000 Loan to Saginaw

WASHINGTON — A \$20,000 loan to enable Saginaw, Mich., to begin planning 100 low-rent homes was announced yesterday by the Public Housing Administration. All of the homes will be designed specifically for elderly persons.

LEGAL NOTICE

TOWNSHIP OF BLOOMFIELD

The Board of Review for the Township of Bloomfield will meet at the Township Office, 4200 Telegraph Road, on:

Monday, March 12, 1962
Tuesday, March 13, 1962
Friday, March 16, 1962
from 9 a.m. to 12 noon,
and from 1 p.m. to 5 p.m.

for the purpose of reviewing the 1962 tax assessment rolls for the Township of Bloomfield.

Arno L. Hulet,
Supervisor

Chain-Letter Bond Scheme Brings Warning to State

DETROIT (UPI) — The federal government has warned banks in the Lower Peninsula and the general public against a chain-letter savings bond scheme.

Delmar V. Coby, state savings bond director, said word went out yesterday telling banks not to sell savings bonds for use in the scheme.

"And, he added, 'We are very anxious that this word get out to the general public because we don't want conscientious savings bond investors to be bilked and lose their hard-earned money in a scheme of this kind.'

Girls Scouts in Avondale Plan Lunch

AUBURN HEIGHTS — Avondale Girl Scout Neighborhood Association is sponsoring "Luncheon is Served" 1 p.m. Monday at the United Presbyterian Church here.

The luncheon is in celebration of the Girl Scout's 60th birthday and in recognition of all adults associated with the Girl Scouts in Avondale Neighborhood.

Honored at the luncheon will be two girls who have been selected from Avondale Neighborhood to attend the senior Girl Scout round-ups this summer.

Sandra Bragen will attend the roundup at Baffin Bay, Va., while Diane Harshbarger will attend the Alternate Roundup at White Deer Camp, Three Lakes, Wis.

All proceeds from the luncheon will go toward expenses of the girls. Mrs. Albert Latendresse is chairman of the luncheon.

Coby said the chain letters started in Wisconsin and Illinois. About a month ago, he said, the plan "got a toehold in the Thumb Area and is now spreading through the Lower Peninsula."

Through the plan, a person puts his name on the chain letters after buying \$100 worth of bonds and hopes to get in return some \$38,000.

But, said Coby, "The Post Office Department's experience with endless chain letter schemes over a period of many years is that most participants lose their entire investment."

Some persons, however, claim to have made money on the present scheme. One Marquette man claimed to have received more than \$1,000 already. The gray train may be derailed soon, however.

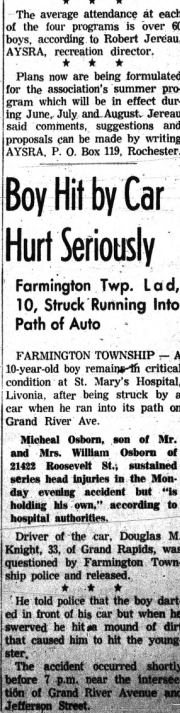

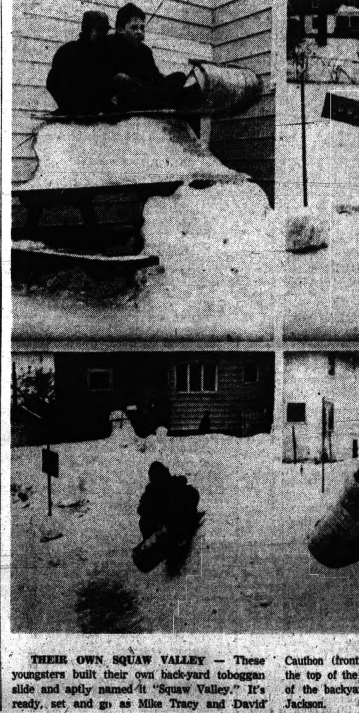

Man Is Badly Injured as Car Hits Wrecker

SOUTHFIELD — A 25-year-old man is in critical condition in William Beaumont Hospital from injuries received when his car rammed into the rear of a wrecker here early this morning.

Raymond Moser of 18713 Greenwald St., suffered severe head and face injuries when he was thrown against the windshield of his car.

The accident occurred on Southfield Road near Alrian Road at 2:12 a.m.

Southfield Police said Moser was traveling south on Southfield when his car skidded on the icy pavement, hitting the left rear of the wrecker which was parked on the shoulder trying to pull a car out of a ditch.

Rule Bad, Say Airline Pilots

By ROBERT J. SEHLING
UPI Aviation Editor
WASHINGTON — A major air safety fight threatens to erupt today over Monday's Supreme Court ruling that a property owner near an airport is entitled to damages because of aircraft noise.

Airline pilots, already fearful that noise abatement procedures may have played a role in the crash of an American Airlines jet at New York's Idlewild Airport a week ago, expressed concern that the court decision might open a Pandora's box of even stiffer procedures.

Capt. John Carroll, a Trans World Airlines jet pilot and vice president of the Air Line Pilots Association (ALPA), voiced such concerns Wednesday in a meeting with federal aviation administrator Najeeb E. Halaby.

Carroll, who emphasized to Halaby he was representing working jet pilots and not ALPA, gave no details of the conference except to say he presented the pilots' views in a "friendly but firm manner."

Before he met with Halaby, Carroll said the overwhelming majority of airlines felt that any special takeoff and landing procedures designed to alleviate noise would encroach on safety. He said pilots would "vigorously resist" additional rules.

"The 'toll-free' crash indicates that safety already may have been compromised," Carroll added. This crash, he said, hurt persons were killed, happened while the plane was making a turn required by noise abatement procedures.

Pilot complaints about noise abatement rules center around fears that a steep-back airplane maneuvering at low altitude leaves little or no margin for error.

They warned specifically that while climbs and turns made in accordance with noise procedures are safe under normal conditions, they may be hazardous if something goes wrong during the prescribed maneuver.

The Supreme Court's decision is expected to result in renewed pressure for further noise abatement techniques.

Despite concentrated govern-

Two More Arraigned in Burglary

Two men, one from Royal Oak, the other from Troy, were arraigned yesterday for the Feb. 17 burglary of the Rochester Radio and TV store, bringing to three the number of suspects charged in the \$100,000 burglary. The men were charged with breaking down by Rochester police to the store.

Delmar J. Brown, 31, of 608 W. 13-Mile Road, Royal Oak, was charged with breaking and entering, larceny and receiving stolen goods before Judge Orin Justice of the Peace Helmer Stana-bach.

Another Troy man, George Lawrence, 25, of 1210 Glaser, was arrested and arraigned last week on the breaking and entering charge. He will appear in Circuit Court Monday.

Chambers and Lawrence admitted \$1,200 worth of work on the vision sets and transistor radios from the appliance store at 430 Main St., Rochester, according to Rochester Detective William H. Woolf.

Of the 17 items stolen, six have been recovered from the two Troy men, Detective Woolf said.

Quadros Vows to Tell People Why He Quit

SANTOS, Brazil (UPI) — Ex-president Janio Quadros told a crowd in his birth city, Santos, that he would tell the people in the public squares "the way he resigned and left the country last summer."

Quadros returned here Wednesday for a crowd of about 4,000, brought in by the busload from the surrounding countryside, greeted him at the pier.

Admirers carried him on their shoulders to a truck which he used as a speaker's box for a 15-minute address delivered in typical Quadros fashion — yelling at the top of his lungs and flourishing his arms.

Communist Quits Post

MELBOURNE, Australia (AP) — Edward F. Hill, one of Australia's top Communists, resigned as secretary of the Victoria state branch of the party following disagreements with the National Central Committee. Hill, 41, was named as secretary of the Victorian branch of the party following disagreements with the National Central Committee. Hill, 41, was named as secretary of the Victorian branch of the party following disagreements with the National Central Committee.

Card of Thanks
WE WISH TO EXTEND OUR heartfelt thanks and appreciation to the many friends and neighbors who attended the funeral of our dear friend and neighbor, Mrs. Mary Ann Smith, who passed away on March 6, 1962. Her funeral was held on March 7, 1962, at the St. Mary's Church, and was attended by a large number of friends and neighbors. Her remains were interred in the St. Mary's Cemetery. We are grateful for the many kind words and expressions of sympathy which we received from all who attended the funeral. We are especially grateful to the many friends and neighbors who attended the funeral. We are especially grateful to the many friends and neighbors who attended the funeral.

TV Features
 By United Press International
FRONTIER CHURCH, 5 p.m. (21). "Calvary Circus." Guest star Mickey Rooney plays a vengeful clown John Derek and Chali Wills are the regulars.
DR. KILDARE, 8:30 p.m. (4). "The Witch Doctor." Richard Chamberlain and Raymond Massey (as Dr. Kildare and Dr. Gillespie) try to keep an ill young woman from the clutches of a quack doctor (Pat Hingle).
MY THREE SONS, 9 p.m. (7). "A Holiday for Tramp." Eve Arden guests as a famed actress-turned-author. Fred MacMurray stars.
SING ALONG WITH MITCH, 10 p.m. (4) (Color). The Sing-alongers serenade the weather.
THE UNTOUCHABLES, 10 p.m. (7). "The Striker Brothers." Nehemiah Persoff gueststars as an anarchist hired by gangsters to destroy a federal building. Robert Stack plays Eliot Ness.
CBS REPORTS, 10 p.m. (2). "Barry Goldwater." The View From the Right. The Arizona senator, his beliefs and convictions are explored. Eric Sevareid hosts.

JPs Lose, Gain in Con-Con Row

Committee of Whole Approves Abolishment of the Fee System

LANSING (AP)—Michigan's justice of the peace system both gained and lost strength Wednesday in constitutional convention debate. A move to require that all judges in the state—including justices of the peace—be attorneys was beat down by an overwhelming 87-31 vote in the committee of the whole.

But at the same time, the convention approved a proposal abolishing the fee system for judges—under which a large percentage of JPs in the state are now compensated, some reportedly earning more than Supreme Court justices.

With floor discussion on the judicial article entering its third week, delegates were still faced with the controversial question of whether to eliminate the justice of the peace system entirely.

MOVE DEFEATED

The proposal to require that all judges of all courts be attorneys was recommended by the judicial branch committee.

Supporting the move, Don Lawrence, R-Ypsilanti, said the fight against such a provision was "the last dying attempt of the JPs to keep their system."

But the committee's proposal was rejected through a floor amendment. Proponents argued that many remote areas of the state do not have attorneys who are willing to serve on a lower court bench.

Abolition of the fee system was approved with virtually no debate, however, after the judicial committee contended that there was "no support for paying a judge on the basis of the amount of litigation before him."

The system, it added, "appears to be an indefensible method of payment."

Art Programs for Adults to Open at School

Adult art programs sponsored by the Pontiac Department of Parks and Recreation will open next week at Washington Junior High School, according to David R. Ewalt, director.

A clay sculpturing program will begin Monday evening. The instructor will be John Silvenen, art instructor at Pontiac Northern High School.

An oil painting class will get under way Tuesday. Silvenen and William Shirley will be instructors for the Tuesday night classes. Both programs will be held in Room 116 and will last eight weeks. Registration fee is \$1. The courses will be from 7-10 p.m.

U.N. Demands Tshombe Punish Men for Attack

UNITED NATIONS, N.Y. (AP)—The United Nations has demanded that President Moise Tshombe of Katanga punish members of his armed forces for alleged aggression against U. N. forces near Kaminaville last Monday.

The United Nations released Wednesday a message to Tshombe from Robert Gardiner, officer in charge of U. N. operations in the Congo, containing the demand.

Train MSU Students as Radiation Monitors

EAST LANSING (AP)—Ten Michigan State University students are ready to swing into action as radiation monitors in the event of a nuclear attack, the university announced Wednesday.

Monitor points have been set up in four dormitories. Students have been trained by the Michigan Civil Defense Office to man them, the university said.

TOUGH BREAKS—Since Jill, a tiny Toy terrier owned by the Edward Burlings fell down the basement stairs and broke both her front legs, she has gained attention in the area for her new mode of transportation. Being an extra smart pooch, Jill hops around on her two back legs like a kangaroo, and despite the heavy casts on her front legs, moves with plenty of dexterity.

Smart but Unlucky

Breaks Front Legs

Hapless Dog Hurt Again

It's getting so "Jill," a tiny toy terrier owned by the Edward Burlings of 165 W. Brooklyn St., doesn't know if she's a dog or a kangaroo.

Last year Jill broke her right front leg. Three weeks ago she fell down the basement stairs and broke both her front legs.

Being a pretty smart little pooch, Jill learned how to get around by hopping on her two good back legs, with her injured paws suspended outward for balance.

The first casualty occurred one Sunday afternoon when she went for a ride with the Burlings.

She leaped from the back seat window ledge to the front seat, missed her destination and fell flat on her pointed little face. Her right leg was also crumpled up.

Then just a few weeks ago Jill unwittingly followed Mrs. Burling down to the basement stair landing.

The dog's owner didn't know it was behind her as she opened the door, and the luckless pup was knocked down the steps head over heels, again landing on her face and two front legs.

After another visit with the veterinarian, Jill was once again hopped around the Burling house yesterday on her two hind legs. It's a little rougher now dropping down for an occasional rest. She just hasn't anything to drop on.

Cavanagh Asks Backing

DETROIT (AP)—Mayor Jerome Cavanagh told 30 labor union representatives Tuesday that he expects Wednesday if they want pay increases to get behind his proposed city-county income tax plan.

U.S. Agrees to Tariff Cuts

Will Heed Call for Steel Talks

WASHINGTON (AP)—President Kennedy chalked up a victory today in getting suspended steel labor talks scheduled again—with a fresh reminder the public interest requires an early settlement consistent with price stability.

The major steel companies quickly agreed with Kennedy's call at his news conference Wednesday for the deadlocked bargaining to resume by next Wednesday. The United Steelworkers Union said it will comply. Presumably the resumed talks will be at Pittsburgh, as before.

The steel negotiations collapsed last Friday night with both the industry and union saying they were still far apart on an agreement for terms to succeed the labor contracts due to expire next June 30.

Kennedy made public telephone calls to both sides saying he appreciated their early start on negotiations this week but regretted that the 2½ years of talks already conducted had failed to produce an agreement despite mutual earnestness and good will.

The President in his messages reiterated that the national interest requires a prompt and non-inflatory settlement. He said he was sure the entire country shares the conviction such an agreement would materially aid the entire economy.

Kennedy told a questioner he has no legal power to compel a settlement. All he can do now, he said, is to suggest the public interest in an industry so crucial to economic recovery is a little more important than the private interests of the companies and unions.

"This is going to be regarded symbolically (abroad), the President said, 'as a test of our ability to manage our economy in a competitive world.'"

He indicated he might have to step in with a Taft-Hartley Law injunction if a midsummer strike threatens the nation's health and safety. But he said he is hopeful the resumed steel talks will result in an agreement.

It is reported that when the negotiations broke off last week the industry had offered benefits valued at 6½ cents an hour while the union was holding out for a 12-cent package.

The 430,000 basic steel workers now average \$2.28 an hour earnings, but other benefits boost employment costs beyond \$4 an hour.

A fresh sprinkling of snow will whiten the Pontiac area tonight and part of Friday, the weatherman reports.

But the snow will disappear when Friday's high reaches an expected 38. The low tonight will be in the 20s.

Skies will continue partly cloudy both tomorrow and Saturday with not much change in temperature.

Morning southerly winds at 10 miles per hour will increase to 20 to 25 m.p.h. east to southeast tonight.

Twenty-eight was the lowest reading in downtown Pontiac prior to 8 a.m. The mercury had climbed to 33 at 1 p.m.

He disclosed he had advanced concrete proposals to Soviet Premier Khrushchev for cooperation in outer space—reportedly on such projects as communications and weather forecasting satellites.

He said it would be perfectly proper to discuss Berlin and Southeast Asian danger spots at Geneva because these matters directly influence the progress of armaments.

He was informed that there was a room for him, but that he would have to move to another early the following morning.

At 7:15 a.m. Cremer answered a knock on the door to meet Glenn and his two companions called in. But the solutions are equally costly.

Since 1955, when only 58 per cent of seventh graders showed up in the 12th grade graduating class, there has been a slow increase in school holding power.

The increase in high school is at least three per cent in five years, reports Pontiac Central High attendance counselor, Harold Smead.

This salvage of students totaled at least 100 youngsters within the last two years, adds PCH chief counselor Donald McMillen. How is it done?

First, there have been sweeping changes in school programs since the 1950s.

Secondly, the district has started an effort to call back the dropouts in what it calls its annual list.

Tied in with these two major efforts have been the support of clergymen, child care facilities, judges and courts, service organizations, juvenile court workers and police departments.

Here are some ways in which the schools themselves have approached the prevention of the dropout problem and the rescue of those who have left.

Homes Buckled by Storm

WEATHER WRECKAGE—Oceanfront homes at Virginia Beach, Va., tilt severely after extensive battering by high tides pushed ashore by gale winds Wednesday. City officials declared a state of emergency and called in the National Guard to prevent looting. The Red Cross, police and civil defense workers were operating in many of the stricken areas.

Killer Tides Batter Seaboard

By The Associated Press

Coastal areas of seven mid-Atlantic states, many already in ruins from a recent winter storm, felt again Wednesday the hammer blows of extra-high tides turned into mountainous waves by violent winds.

The Coast Guard said raging seas broke the back of the British merchant ship Gem in the Atlantic Ocean off the coast of North Carolina.

Reports received by the Coast Guard in Portsmouth, Va., from the Danish ship Jyette Kow which was standing by the stricken freighter said the Gem "was broken apart amidships."

The Jyette Kow said, three of the Gem's crew could be seen on the bridge, but reported no other information on the condition of the ship or its crew.

At least 31 persons were reported dead along the battered and flooded shoreline from North Carolina to New York.

New England escaped major damage as the storm's fury veered out to sea. Some more high tides and gale force winds were expected for today but it was hoped tonight to approach those of the past two days.

"It looks like a lumber yard from here," Ocean City, Md., to Rehoboth Beach, Del., said a state police commander of Maryland's Eastern Shore.

Maryland Gov. J. Millard Tawes has wired President Kennedy asking that the region be declared a disaster area. Most of the 1,000 residents of the stricken of Ocean City fled their shattered homes.

5 CHILDREN DIE
At Bowers, Del., five children from one family were swept to their deaths by the waves, and two persons still were missing.

Delaware Gov. Elbert N. Carvel estimated damage at \$30 million and he, too, has asked Kennedy to declare his state's coastline a disaster area.

Henry moved that city officials contact federal officials and "make the most liberal offer possible to get the center."

"It would give this city a \$5 million payroll and employment is certainly something we could use," he said. Let's not sit on this, let's do something about it.

"Port Huron is more remote than Pontiac."

LESS ENTHUSIASTIC
Other commissioners and the city manager seemed less enthusiastic. Mayor Philip E. Rowston reminded Henry that such a project would require a bond issue, something not popular with voters in recent years.

Stierer explained that the city had already examined possibilities of bidding for the center and would continue to, "but land requirements hamper us."

Henry said the city "will have plenty of land made available through urban renewal downtown."

Stierer explained that "federal officials say they require from 10 to 15 acres for the center. The largest single plot of land we will have available is about seven acres."

URBAN RENEWAL
This would be in the Saginaw-Pike Street urban renewal area, Stierer reminded Henry that this project, redeveloped, would have

25 Nations OK Tax Reductions of 20 Per Cent

American Officials Say We Gained; Action Will Affect Imported Autos

WASHINGTON (AP)—The United States and 24 other nations have agreed to chop about 20 per cent from tariffs on a wide range of items — from automobiles to Scotch whisky. And U.S. officials said America came out ahead 4 to 3 in the deal.

First reaction to the agreement — which President Kennedy termed highly advantageous to the United States — was favorable.

U.S. automakers generally viewed it as a step in the right direction and a spokesman for the European Common Market said "This is a first step toward world liberalization and we must rejoice about it."

Most of the reciprocal tariff cuts will involve the United States and Western Europe's industrial countries. While the reduction on most items will be 20 per cent, in a few cases they range up to 25 per cent.

On the list of major items affected are new automobiles, chemicals, drugs, electrical and industrial machinery, textiles, Scotch whisky, canned fruits, some steel products and glassware.

CLAIMS ADVANTAGE
The United States claims it came out ahead 4 to 3 by figuring this way: The U.S. tariff reductions will involve \$12 billion of imports from the other 24 nations, while they have agreed to cut levies on \$16 billion of U.S. goods. The figures were based on world trade in 1960.

President Kennedy told Congress Wednesday, in announcing the agreement, that in order to forestall a threatened collapse in negotiations, he agreed last September to lowering certain U.S. tariffs below the levels the Tariff Commission had found necessary for the protection of American producers.

If he hadn't, Kennedy said, the United States would have lost substantial trade in the long run and would have thrown a bar in the way to greater economic cooperation with Western Europe.

The White House said that in addition to gaining greater economic assistance, it granted, the United States received a promise from the six-nation Common Market to remove talks soon on proposals to lower barriers against American farm imports.

The White House announcement said the Common Market's freedom to negotiate on certain agriculture items was hampered by its common agriculture policy but that it agreed to certain arrangements—including a number of important tariff cuts—which will be able to maintain their position in the Common Market.

AIRMAN'S PRAYER
God, whose radiance lights the heavens,
Lord of wind and cloud and sky:
We are called to far horizons,
Be Thou with us as we fly!
And we pray, in doubt of danger
Give us courage, faith and might—
When the mist of doubt surrounds us,
Guide us with Thy heavenly beam;
And when storms of sin would bound us
By Thy grace our lives redeem,
Lift us, Lord, through pain and hardship,
Till we gain Thy height supreme.

Mourning up on wings of power,
Speed us with the motor's roar;
Thy creation roils beneath us:
Hills of home or distant shore.
Make us strong, and make us faithful
As Thy sons forevermore.

By Thy grace our lives redeem,
Lift us, Lord, through pain and hardship,
Till we gain Thy height supreme.

Mourning up on wings of power,
Speed us with the motor's roar;
Thy creation roils beneath us:
Hills of home or distant shore.
Make us strong, and make us faithful
As Thy sons forevermore.

AIRMAN'S PRAYER
God, whose radiance lights the heavens,
Lord of wind and cloud and sky:
We are called to far horizons,
Be Thou with us as we fly!
And we pray, in doubt of danger
Give us courage, faith and might—
When the mist of doubt surrounds us,
Guide us with Thy heavenly beam;
And when storms of sin would bound us
By Thy grace our lives redeem,
Lift us, Lord, through pain and hardship,
Till we gain Thy height supreme.

Mourning up on wings of power,
Speed us with the motor's roar;
Thy creation roils beneath us:
Hills of home or distant shore.
Make us strong, and make us faithful
As Thy sons forevermore.

Rebel Leader Once Great French Hero

Algerian Struggle Cloaked in Unreality

By PHIL NEWSOM
UPI Foreign News Analyst
A horrifying sense of unreality accompanies the news dispatches from Algiers.

There is unreality in the talk of a cease fire which should but will not herald the end of seven bitter years of fighting.

The Rue Michelet is a tree-lined street of smart shops and sidewalk cafes not meant for violence. And so there is unreality in the body of the Arab Moslem shot down by the European gunman who used a single bullet through the head to kill a man he had never seen before.

In these awful days in Algeria, the war there gradually is changing character. It is still European against the Arab Moslem. But it also is Frenchman against Frenchman.

Perhaps most unreal of all is the man who heads the outlawed secret forces (OAS) which will keep Algeria French, who has sacrificed the honors won in a lifetime of service to the French

army to make war against both the Algerians and President Charles de Gaulle.

This, then, will be a brief study of Gen. Raoul Salan, who once was known as the most decorated man still on active service with the French army.

The picture as drawn from his past is not that of a man to order wanton slayings or to

achieve his ends through terrorism and blackmail. Rather it is a story in the highest officer tradition.

This is the man who, during the siege of Toulon in 1941, carried ammunition to forward posts in his own jeep.

As the Allies slowly rolled the Germans back in the Jura Mountains, Salan always removed his gloves to shake hands with sentries when he arrived on inspection.

MILITARY MAN
This is the Salan who, upon completion of his first year at the St. Cyr Military Academy and therefore permitted to wear the cherished feathered kepi, startled his classmates by announcing: "This is the most beautiful day of my life."

It is also the same Salan who as commander-in-chief in Algiers once survived a hand-to-hand attack by the same right-wing settlers he now leads. And it was he who first carried out De Gaulle's orders when the latter returned to power in 1958.

None of these would cast Salan in his present role. Some killing of the Salan of today might have been gained from the Salan of 20 years ago.

Salan joined the Gaullist Free French movement in 1942. But he steadfastly refused to wear the Croix de Lorraine insignia on his uniform.

He said he served France, not an individual.

Today he believes that De Gaulle has betrayed France.

Salan was scarcely 17 years old when he won the Croix de Guerre in World War I. He stayed with the French army through all the discouraging years of defeat in World War II, in Indochina and finally in Algeria.

It is doubtful if his personal thoughts through this last losing battle ever will be recorded. The former honored soldier now has a death sentence hanging over his head and his movement.

Death Takes Educator
NEWTON, Mass. (AP) — Miss Agnes H. Craig, 85, of Needham, Mass., a pioneer in the field of home economics education, died Wednesday.

Formation of the associations will not limit action for malpractice against any member, the attorney general said. Associations must take out malpractice insurance, he added.

Rules Pensions May Be Set Up by 'Partnerships'

LANSING 6—Atty. Gen. Frank F. Kelley ruled today that physicians and osteopaths may form partnership associations, making them eligible to set up pension programs.

The opinion also covers lawyers, dentists and members of other professional groups, Kelley said. It will enable three or more persons to set up a partnership association and deduct part of their income for pensions. Contributions will be tax-free until benefits are received, Kelley said.

Boston Police Head Ordered Dismissed

BOSTON (AP)—Gov. John A. Volpe has ordered the removal of Boston Police Commissioner Leo J. Sullivan, subject to the approval of the executive council. Sullivan's only comment on receiving the dismissal notice was: "I have no intention of resigning."

The dismissal followed a State House hearing at which four charges were brought against Sullivan by the Republican governor.

One charge was that Sullivan failed to investigate when given advance word of a CBS television documentary which purported to show book-making operations at a Back Bay key shop.

Volpe's letter of dismissal said Sullivan, 58, was guilty, in the governor's mind, of all four charges brought against him.

Dies of Heart Attack
KANSAS CITY, Mo. (AP)—John W. Ballard, 67, once chief examiner of the Home Loan Bank Board in Washington and organizer of the school of business at DePaul University, died Wednesday of a heart attack.

2 Eagles Attack and Force Down Military Plane

SION, Switzerland (UPI) — Two giant golden eagles attacked and forced a military airplane to make an emergency landing, a spokesman said.

Ask Your Neighbor WHY... it's
Pontiac Optical Center
105 N. SAGINAW FE 2-0291

man at nearby Chateaufort Military Airfield said Wednesday.

First Lt. Walter Luetth, pilot of a military light single-engine Swis made C-8, reported the big birds struck his plane Tuesday while he was flying over the wild Morge Valley.

According to the spokesman, the eagles swooped down and crashed against the wings and body of the low-flying C-8 which was towing a target for antiaircraft practice.

Luetth said the eagles barely missed his plastic bubble canopy. The pilot reported his plane was badly damaged and he made a forced landing.

Fence Taken Away From Lenin Tomb

MOSCOW — The fence around Lenin's tomb in Red Square has been removed. The big crowd that gathered noticed that the name of Stalin had been removed from the big black stone over the doorway. Stalin's body was removed from the tomb last Oct. 31 and buried among several other graves in a space between the Tomb and the Kremlin wall.

Retired Industrialist Dies in Grand Rapids

GRAND RAPIDS — Funeral service will be held Friday for retired industrialist Charles H. Tidy Sr., who died Tuesday of pneumonia at Pine Rest Christian Hospital. He was 86.

Tidy retired 15 years ago from the Grand Rapids Machinery Co. he founded in 1920.

He held several patents on woodworking machines including the Tidy saw setting machine, the Tidy Canadian sander and the Tidy saw gauge.

Pakistan has deposits of coal, oil and minerals.

No Cheap Artificial Flavorings
Give The True, Rich Flavor Of
Burnett's Pure Vanilla

Burnett's is made from the finest, pure vanilla beans with no artificial or imitation ingredients added. Burnett's is real vanilla! Nothing can compare with it for true flavoring of cakes, frostings and desserts. Also Available in Pure Almond, Lemon, Orange, Brandy and Rum Extracts.

America's First PURE VANILLA

Dried Figs Add Variety to Winter Recipes

Throughout these winter days, summer's golden promise is only as far away as your market, for here you will find the sun-drenched golden goodness of California Dried Figs. Bursting with succulent sweetness, these plump and tender-hearted fruits are reservoirs of sunshine that brighten winter-weary menus.

Taken "as is," or imaginatively used in any number of tempting recipes, California Dried Figs bring you summertime goodness, along with a plentiful supply of important vitamins and minerals. Try California Dried Figs, soon in the recipes included here, or in your own special "June in February" treats.

Apple-Fig Ham Salad

A flavorful combination that makes a complete luncheon salad. 2 apples, cubed. 2 tablespoons lemon juice. 2 cups cubed cooked ham. 1 cup California Dried Figs cut into thin slices. 1 cup mayonnaise. 1/2 cup light cream. Lettuce.

1 cup crumbled blue cheese. Sprinkle apples with lemon juice. Combine with ham and figs. Blend mayonnaise with cream. Add to apple mixture and toss. Serve in lettuce-lined bowl. Sprinkle blue cheese over top. Makes 6 servings.

Fig Glazed Louisiana Yams

2 tablespoons honey. 1 cup orange juice. 1 teaspoon cornstarch. 1 cup chopped California Dried Figs. 1/2 cup chopped walnuts. 1 medium sized Louisiana yams, cooked, peeled and quartered. Combine honey and orange juice. Slowly stir into cornstarch. Cook

1/2 teaspoon salt. 1 1/2 cup milk. 1 teaspoon vanilla. 1 25-ounce can (1 1/2 cups) flaked coconut. 2 cups heavy cream, whipped.

Thoroughly mix sugar, gelatin and salt. Add milk. Stir over medium heat until gelatin and sugar dissolve. Chill until partially set. Add vanilla. Fold in coconut, then Cool. Spoon over snowy mold.

cream. Spoon into 1 1/2 quart mold. Chill. Unmold and serve with fig sauce. Makes 8 servings.

Fig Sauce
8 California Dried Figs, chopped. 2 tablespoons honey. 1/2 cup pineapple juice. In small saucepan, combine figs, honey and pineapple juice; bring to boil and simmer 5 minutes.

TOASTED COCONUT — Just the thing when company is coming is a Coconut-Orange Meringue Pie which looks elegant but is easily prepared. Make a meringue shell either "from scratch" or with a mix and fill with new Toasted Coconut Instant Flavor Pudding. The filling is instant-quick, requiring only 1 minute beating of the pudding and milk. Fold in whipped cream and allow to set 5 minutes, ready for a topping of mandarin oranges.

Toasted Coconut Pudding Makes Fine New Pie

Now on the market for minute quick puddings, pie fillings and a range of other tempting desserts is an Instant Toasted Coconut Instant Flavor Pudding. This smooth instant pudding has an appealing tropical flavor provided by shreds of deep-toasted coconut. The Instant Toasted Coconut Pudding makes an ever-popular Coconut pie in minutes. It combines in a meringue shell with a Mandarin orange topping to make a company-special dessert.

The new flavor is an addition to the line of instant packaged puddings, all of which are newly improved. A special "pre-cooking" process now gives the instant puddings a home-cooked flavor — consistency, rich or tangy. All of the instant puddings flavors are ideal for puddings, pies, cake frostings, frozen desserts and ice cream sauces and candies.

Coconut-Orange Meringue Pie
3 egg whites. 1/2 teaspoon cream of tartar. 1/2 cup sugar. 1/2 cups milk. 1 package Toasted Coconut Instant Pudding. 1 cup (11-ounce can) mandarin oranges.

Combine egg whites and cream of tartar in a small mixer bowl. Beat at high speed until whites start to stiffen. Gradually add sugar, beating well after each addition. Beat until meringue is stiff and glossy. Spread on an 8-inch pie plate. Bake in slow oven (300 degrees F.) 1 hour. Cool.

Combine egg whites and cream of tartar in a small mixer bowl. Beat at high speed until whites start to stiffen. Gradually add sugar, beating well after each addition. Beat until meringue is stiff and glossy. Spread on an 8-inch pie plate. Bake in slow oven (300 degrees F.) 1 hour. Cool.

Eat Yeast Cookies for Breakfast

You'll find these sugar-topped rounds wonderfully satisfying, not too sweet.

Morning Cookies
1 package active dry yeast. 1-3 cup warm water. 1/2 cup butter or margarine. 1 1/2 cups sifted flour. 1/2 teaspoon salt. 1/2 cup quick-cooking rolled oats. Sugar. Sprinkle yeast over water to soften. Beat butter until creamy and salt and rolled oats; mix until crumbly. Stir in thoroughly the softened yeast. Chill 1 hour. Shape dough into walnut-size balls; press flat; place in sugar; turn to coat both sides. Bake a few inches apart on ungreased cookie sheets in moderate (350 degrees) oven about 15 minutes. Serve warm or cold.

One Hand Egg Beater Does Little Jobs Well

Longer life and smoother operation has been built in the One Hand Egg Beater, introduced by Ekco Products Company in Chicago.

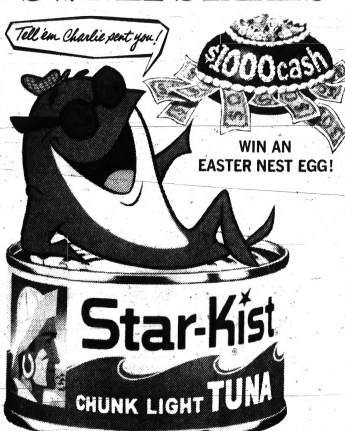

Automatic push and pull action of the beater makes these hard-to-do kitchen chores a breeze. This easy-operating mixer is a must for beating in a cup, glass or pitcher. This practical beater will whip an egg or small amount of food in a cup, thus eliminating the chore of cleaning a larger size food mixer and extra mixing bowls. To operate you merely push down and release. The spring-like action spins the handle back to normal position ready to be pushed down again.

MEAT COOKERY Quiz
Q. What is the name of this cut of meat?
A. Pork Arm Steak.
Q. Where does it come from and how is it identified?
A. It is cut from the picnic shoulder. It contains a small round bone, is oval at one end and squared off at the other.
Q. How is it prepared?
A. Pork arm steaks are best cooked by broiling, a moist heat method of meat cooking. Brown the meat in its own fat or a small amount of hard or drippings. Season with salt and pepper, add a small amount of liquid, cover tightly and cook slowly about 45 minutes or until done.

Enter the 2nd Annual Star-Kist Tuna

\$1000 A DAY SWEEPSTAKES

40 days to enter (every weekday of Lent)
40 winners
\$40,000 in prize money

Easy to enter — nothing to write but your name and address

OFFICIAL RULES:
1. Print your name and address on back of any Star-Kist Tuna label (including Star-Kist Chunk Light, Solid Light, Chunk White or Solid

Apricot Cream Is Molded Dessert

A make-ahead dessert that is delicious. Easy to eat!

Creamer's Apricot Dessert
1 tablespoon unflavored gelatin. 1/2 cup cold water. 1/2 cup sugar. 1 1/2 cups cooked, dried apricots (well drained and sieved). 2 tablespoons lemon juice. 1/4 cup heavy cream. 1/2 teaspoon vanilla. Soften gelatin in cold water. Add with sugar and salt to hot apricot juice; stir until dissolved. Mix in sieved apricots and lemon juice. Chill until slightly thickened. Whip cream with vanilla; fold into apricot mixture. Spoon into sherbet glasses or serving dishes; chill. Makes 6 servings.

HOPE SOLAR OBSERVATORY

CAPE CANAVERAL, FLA. (AP) — Signaling a new chapter in human scientific exploration of space, a solar observatory based around the globe today gathering a deluge of data about sun-earth relations.

The new U.S. satellite, nicknamed OSO-1, was fired into orbit from Cape Canaveral Wednesday by a Thor-Delta rocket. The name derives from the word "solar" and "observatory."

Scientists hope that OSO-1 and several similar spacecraft will unravel many mysteries of the sun, how it influences weather, communications and other conditions on earth and how great a danger solar radiation poses for human space travelers.

Dr. Hugh Dryden, deputy administrator of the National Aeronautics and Space Administration, said OSO-1 is in many respects the most advanced satellite ever launched.

"With it," Dryden declared, "scientific exploration of space enters a new phase."

The space agency hopes to launch at least one OSO-type satellite a year to chart an entire 11-year sunspot cycle.

Sunspots—or flares—are eruptions of tremendous energy on the surface of the sun which send streams of radiation hurtling through the solar system. During periods of intense flare activity, this radiation would pose a lethal threat to space pilots venturing beyond the earth's atmosphere.

The next period of extreme activity will occur in 1967-68, the years the United States plans to send three-man Apollo space ships around and to the moon.

Scientists hope OSO and its successors will lead to a method of predicting when large flares will erupt and thus enable manned flights to be scheduled around them.

Two men, one from Royal Oak, the other from Troy, were arrested yesterday for the Feb. 17 burglary of the Rochester Radio and TV store, bringing to a close the number of suspects tracked down by Rochester police in the case.

Devin J. Brown, 31, of 608 W. 11-Mile Road, Royal Oak, was charged on a charge of receiving stolen goods before Judge Earl Orin Justice of the Peace Helmer Stana-back.

George Lawrance, 25, of 1210 Glenview, Troy, was charged with breaking and entering. He waived examination and was bound over to Oakland County Circuit Court on \$10,000 bond.

Another Troy man, George Lawrence, 25, of 1210 Glenview, was arrested and arraigned last week on the breaking and entering charge. He will appear in Circuit Court Monday.

Brown operates a tool and die shop at 916 Sylvanwood. Troy will appear before Justice Stana-back for examination March 20.

Chambers and Lawrence admitted taking \$12,000 worth of television sets and transistor radios from the appliance store at 430 Main St., Rochester, according to Rochester Detective William H. Wood.

Of the 17 items stolen, six have been recovered from the two Troy men, Detective Wood said.

Quodros Vows to Tell People Why He Quit

SANTOS, Brazil (UPI) — Ex-president Janio Quadros told a crowd in this fish coffee port Wednesday night that he will "tell the people in the public squares" why he resigned and left the country last summer.

Quadros returned here Wednesday in the Dutch ship Ruy. A crowd of about 4,000, brought in by the busload from the surrounding countryside, greeted him at the pier.

Admirers carried him on their shoulders to a truck which he used as a speaker's stand for a 15-minute address delivered in typical Quadros fashion — yelling at the top of his lungs and flourishing his arms.

MELBOURNE, Australia (AP) — Edward F. Hill, one of Australia's top Communists, has resigned as secretary of the Communist branch of the party following disagreements with the National Council Committee, the Communist newspaper Guardian announced today.

THE PONTIAC PRESS, THURSDAY, MARCH 6, 1962

Card of Thanks

WE WISH TO EXTEND OUR appreciation to the many friends and relatives who attended the funeral of our dear friend, Mrs. Mary E. Johnson, who passed away on March 4, 1962. Her funeral was held on March 5, 1962, at 10:00 A.M. at the funeral home of Dr. J. H. Johnson, 1000 E. 10th St., Detroit. Her remains were interred in the family vault at the same place. We thank you for your kind words and expressions of sympathy. Sincerely, J. H. Johnson, Mrs. J. H. Johnson, and family.
