

Bulganin Trying to Help Adlai—Ike

New Polish Chiefs Emerge

Gomulka Vows a Nation Free of Kremlin Rule

Stalinists Swept From Policy-Making Posts; Nikita's Rule Shaken

WARSAW, Poland (AP)—Leaders pledged to guide Poland on a new course independent of Moscow have taken the reins of the ruling Communist party and swept the Stalinists from policy-making posts.

Wladyslaw Gomulka, a tough and tactful 51-year-old Communist who became a national hero by defying Stalin, emerged at the top after a shakeup of the powerful Politburo last night.

Surrounding Gomulka in the streamlined, nine-member ruling group were other men said to favor his demand for disengagement from Soviet controls. All remained pledged to continued Communist government.

Among the Stalinists tossed out of the Politburo was Marshal Konstantin Rokossovsky, the Polish-born Soviet army hero installed by Stalin as head of Poland's military forces in 1949 to hold the country in the Soviet orbit.

The election of a new Politburo, with Gomulka in the key post of first secretary, climaxed a three-day meeting of the Party Central Committee. The Soviet Union exerted intense pressure to keep its men in places of authority. Despite tension, and reports of clashes between Polish and Soviet troops, Warsaw remained quiet throughout the meeting.

LONDON (AP)—The Polish Communist newspaper Tribuna Ludu accused President Eisenhower today of interfering in Poland's affairs and rebuffed his expressions of sympathy for the Polish people's yearnings for liberty and independence.

At the same time the newspaper said it favored having Poland receive U. S. economic assistance "but with no political strings attached." The article was broadcast by Warsaw radio.

Before he officially took power, Gomulka issued a virtual declaration of independence from Moscow. In a fiery speech to the Central Committee, he denounced what he called misuse of the past 12 years.

SEES NEW ROAD
"There is more than one road to socialism," he declared. "There is the Soviet way. There is the Yugoslav way. And there are other ways."

Gomulka's sweeping victory might herald fateful changes in other parts of the East European Soviet satellite bloc.

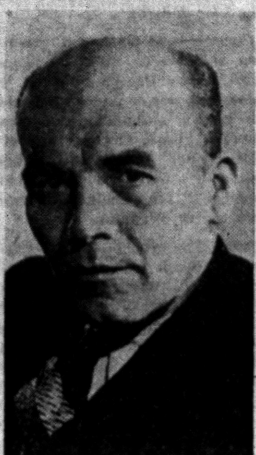

Some Polish Communists said they expect Hungary to take a similar course by returning to power former Premier Imre Nagy, who was deposed in 1955 as a rightist. Only yesterday thousands of Hungarian students issued ultimatums to the authorities threatening street demonstrations unless their demands for more freedom and better living conditions are met within two weeks.

Some Polish sources forecast (Continued on Page 2, Col. 5)

Poles Oust Stalinists

GENERAL WLADYSLAW KOMAR

WLADYSLAW GOMULKA

KEY FIGURES IN POLAND—General Wladyslaw Komar is reportedly in line for the job of defense minister, and Wladyslaw Gomulka is emerging as leader of the new Polish nationalist government, following weekend developments in the former Red satellite nation.

Sgt. Bilko Surrenders His Arms

Right Face Sends Silvers Marching Down the Aisle

NEW YORK (INS)—A glamorous topkicker was giving orders today to TV's Sgt. Bilko, who in real life is Comedian Phil Silvers, 44.

She's the former Evelyn Patrick, 22, the commercial spieler on TV's "The \$64,000 Question."

Jury Deliberates Fate of Moore

Insanity Main Defense of Accused Sex Slayer of Martha Little, 3

The fate of Howard Wayne Moore, accused of the first-degree murder of Martha Little, three-year-old daughter of his Lake Orion neighbor, was in the jury's hands this morning after Moore's six-day trial ended with final instructions from Circuit Judge George B. Hartwick.

Final statements by Prosecutor Frederick C. Ziem and court-appointed Defense Attorney Carl Ingraham of Birmingham hinged on the question of insanity, main argument of the defense.

Ingraham asked the jury to consider Moore's "abnormal" behavior since his arrest July 27, the night the girl was found beaten to death in a field 11 miles from home.

He touched on medical testimony that Moore is insane, saying society has an obligation to give Moore treatment if he needs it. Ziem countered with the statement: "The terrible thing about Moore is he is not insane. He should never be allowed to prey on little children again."

The accused sex-slayer faces mandatory life imprisonment if found guilty. If found insane, he will be committed to a state institution for life or until judged sane.

Pertinent Information

MONTICELLO, Ark. (AP)—An instructor at Arkansas A&M College was checking the roll. One girl was absent and he asked the class if anyone knew anything about her. One boy answered, "She's a sweet girl."

Production Hike Brings Upsurge in GM Payrolls

'57 Model Changeovers Up Total Employment to 28,800 Here

General Motors employment in state factories will reach early-1956 levels when full production of 1957 auto models is attained, corporation officials said today.

Completion of the model changeover will find 225,000 on payrolls in Michigan, the report said, about the same number employed before GM began reducing its production when auto demand started to decline last spring.

Local plants—Pontiac Motor, Fisher Body and GMC Truck & Coach—have recalled 5,900 laid-off workers and hired 230 new employees since June 1, GM spokesmen said.

About 28,800 hourly-rated and salaried employees are currently on payrolls at the three plants.

Figures released today indicated that 42,000 seniority and new workers have been added to payrolls in Michigan cities since June 1. Employment in major cities, including hourly and salaried workers, is as follows:

Flint, 32,600; Detroit, 71,300; Pontiac, 28,800; Grand Rapids, 7,600; and Lansing, 18,000. About 16,500 are employed in other cities.

General Motors plants had an average employment of 592,989 throughout the world for the first nine months of the year, according to a preliminary statement to GM's quarterly report, released today by President Harlow H. Curcio and Board Chairman Albert Bradley.

Payrolls for the period totaled 2,093 million, the statement said. Pay and employment levels were second only to the same period of 1955, Curcio pointed out.

GM employees in the United States averaged a 38.3-hour work week during the nine months and took home average weekly earnings of \$39.49, Curcio revealed.

World-wide employment in the third quarter averaged 547,836 while payrolls totaled \$652 million.

Will Speak at Huron Crossing

Nixon to Arrive at 5:25 P.M.

Vice President Richard M. Nixon, arriving in Pontiac at 5:25 p.m. today, will deliver a 20-minute speech from the platform of his special railroad car at the Huron street Grand Trunk crossing.

Nixon, making a whistle-stop tour in Michigan today and tomorrow, speaks today in Saginaw, Lapeer, Imlay City and Flint, where a major address is scheduled tonight.

Tomorrow he will continue to Lansing, Battle Creek, Kalamazoo and Niles.

County Republican chairman Chad M. Ritchie said today his committee has distributed 20,000 leaflets advertising the appearance at area football games and shopping centers.

State Rep. Richard C. VanDusen of Birmingham, running for attorney general on the GOP ticket, will accompany Nixon, Ritchie said.

Ike Confers on Red Proposals

BOUND FOR DULLES MEETING—President Eisenhower is accompanied by his press secretary, James C. Hagerty, as he leaves the National Presbyterian Church after a morning service yesterday to return to the White House and a talk with Secretary of State John Foster Dulles on the latest Soviet H-Bomb proposals.

Set to Kick-Off '57 UF Drive

The annual Pontiac Area United Fund drive will open tomorrow with a goal of \$612,202, largest in its history.

Residents of Pontiac plus Waterford and Pontiac Townships will be asked to open their purses to help 54 voluntary health, welfare and child-care agencies to operate in 1957.

Some 400 volunteer solicitors are expected to attend a kick-off breakfast at 8 a.m. in Elk's Temple, 114 Orchard Lake Ave.

Principal speaker will be Frank O. Staiger, executive secretary, treasurer of the Michigan District of Kiwanis. Special speaker will be Bud Guest, Detroit radio humorist.

The goal this year represents a nine per cent increase over last year's \$562,175 figure.

More than 4,500 volunteers, headed by campaign chairman Walter K. Willman, will start soliciting for funds after the breakfast. There will be a torch lighting ceremony

afterwards at N. Saginaw street and Oakland avenue.

The torch will burn through the three-week drive, symbolizing the need to which area generosity is asked to respond.

Included in the 1956 goal are operating fund requests of the 13 Community Chest agencies plus the American Red Cross, American Cancer Society, St. Joseph Mercy Hospital, St. Joseph Mercy Child Guidance Clinic, and West Bloomfield Community Chest.

The Oakland County YMCA, which made no request this year, is absent from the list, according to UF executive director, Carl Bradley.

Volunteer solicitors aim to reach every home, business and working place in the 35-square mile area. All solicitors have gone through special pre-campaign training sessions, new this year, and some already have started collecting funds.

First report of funds is expected tomorrow from the Special Gifts Division, headed by H. Wayne Gabert.

Workers also are organized into the Industrial Division, headed by Earl Maxwell; the Commercial Division, headed by James Nye and the Geographic Division, headed by Mrs. Ralph G. Bump.

The drive is slated for completion Nov. 16. A mid-point report luncheon is scheduled Oct. 31.

Stevenson to Hit Foreign Policy

Prepares Major Talk on Subject; Stays Mum About Ike's Red Blast

LIBERTYVILLE, Ill. (INS)—Adlai Stevenson prepared today to place major focus on foreign policy, with continued stress on the H-bomb issue, for the final stage of his campaign for the presidency.

He deferred comment on President Eisenhower's charge that Soviet Prime Minister Nikolai A. Bulganin's letter proposing a ban on hydrogen bomb tests was "interference by a foreign nation in our internal affairs."

For the time being, Stevenson stood on a statement he issued prior to Eisenhower's reply to Bulganin. The Democratic candidate, whose own bid to end H-bomb tests has become a central issue of the campaign, said that Bulganin's offer was "encouraging" although "there appears to be nothing new" in it.

There was a possibility he might discuss the President's note tomorrow night in a major foreign policy address at Madison Square Garden in New York City.

Stevenson spent the weekend at his Libertyville farm conferring with researchers and staff workers on the New York speech. It will be broadcast coast-to-coast over the CBS radio-TV network, starting at 8 p.m.

Churchill's Cold Better

NICE, France (AP)—Sir Winston Churchill is recovering satisfactorily from a cold that has kept him indoors for the past few days, his secretary said today. The former British Prime Minister, who is 81, is vacationing at the villa of his publisher Emery Reeves. Churchill apparently suffered a chill while painting out of doors Friday.

Indian Summer Days to Continue Today, Tuesday

Partly cloudy with very little change in temperature is the weather prediction for tonight and tomorrow.

A low tonight will be around 48 to 52. The thermometer is expected to register 68 to 72 degrees tomorrow.

It became fair and mild this afternoon after the fog delayed early work - bound traffic this morning.

Last night in downtown Pontiac, the mercury dipped to 53. Today at 1 p.m. in the downtown area the thermometer read 66 degrees.

Hospitalize Official Following Collision

Secretary of State James M. Hare will be confined to William Beaumont Hospital for a week as the result of a three-car collision in Ferndale Saturday night.

Doctors, who listed Hare's condition as "just fair" this morning, said he definitely cannot continue an active campaign for re-election. The secretary's car was struck broadside by a motorist who, police said, ran a red light at Eight Mile and Livernois. The impact spun Hare's auto into the path of a third car which also struck it broadside.

The 46-year-old state official suffered five broken ribs and internal injuries.

Asked if an operation is planned, Dr. Thomas D. Grekin of Detroit said, "It's possible, but we are not contemplating it at this time."

British Explode A-Bomb

ADELAIDE, Australia (AP)—Britain exploded its fourth and final atomic device early today in its current tests at Maralinga in the south Australian desert. The flash was seen 650 miles away at Port Augusta.

Rejects Russian Appeal to End H-Bomb Tests

Fires Reply to Moscow Charging Red Meddling in U.S. Affairs

WASHINGTON (AP)—Russia's Premier Bulganin almost certainly will fire a quick reply to a letter from President Eisenhower accusing him bluntly of meddling in the American political campaign.

But whether he does or not, Bulganin's letter seems sure to become a major political issue in the coming two weeks with both Republicans and Democrats seeking to use it to their advantage in the debate over continuance of hydrogen bomb testing.

Officials who forecast today that Bulganin will reply promptly said they expect him to deny any intention of interfering in the U.S. political campaign by his surprise message Friday renewing his appeal for an end to atomic and H-bomb tests.

Foregoing diplomatic language in his reply, Eisenhower said Bulganin's newest plea attacked "my own sincerity" and was "personally offensive to me" in its attack on Secretary of State Dulles.

In predicting a speedy reply from Bulganin, diplomatic officials said Eisenhower's charges were of such a serious nature that almost any government would feel impelled to reply swiftly.

They acknowledged that if Bulganin adopts the same strong language Eisenhower used, it will virtually end prospects that such personal messages ever will lead to concrete steps toward world disarmament.

An end to the Eisenhower-Bulganin exchanges, however, would not disappoint top American officials. Many have felt for months that the Kremlin was relying on them as convenient propaganda avenues more than as any serious attempt at negotiation.

Eisenhower said it an ambassador had done what Bulganin did, he would be expelled from this country.

In denouncing Bulganin's letter, Eisenhower in effect accused the Soviet leader of seeking to give a helping hand to Adlai E. Stevenson, the Democratic presidential nominee, who has been urging that this country take the lead in working toward an end to big-scale nuclear tests. He says the danger to mankind from radiation set loose by such blasts is growing steadily.

Eisenhower has rejected Stevenson's (Continued on Page 2, Col. 6)

Pot-O-Gold Puzzle No. 21 Worth \$300

Another new Pot-O-Gold puzzle starts today, so here's your chance to try again for that rapidly increasing prize money. Puzzle No. 21 is worth \$300 if a winner isn't found for last week's puzzle, plus \$25 extra for Press subscribers.

So turn to page 23; this may be your lucky week. Just to make it a little easier, here is a list of words containing all the correct answers: Bounty, chafe, chain, chair, chase, cheat, coop, county, coup, curb, curt, earl, fad, faith, fan, form, frog, grin, grip, fear, luster, mite, ore, roe, hustle, sing, teach, thief, time, tub, tun, wing.

Officials Refute Criticism of County Courthouse 'Secrets'

EDITOR'S NOTE—This is the first of a series of articles describing plans for a new Oakland County courthouse. In this series Oakland County officials reply to criticisms that have been voiced that they have acted without due consideration, and that the public has not been fully informed regarding their actions.

By CONRAD N. CHURCH

"Oakland County Board of Supervisors is proud of its record in preparing for the construction of a new courthouse," said Delos Hamlin, board chairman, today. "We have nothing to hide. We decided where we would build only after long study. We studied the needs of various departments. We studied buildings and the organization of departments and functions in other counties. "We have kept the public in-

formed at frequent intervals. We have kept our officials informed as tentative building plans have been completed.

"We are particularly proud of our financial record. The county's financial operation has been completely clean. Everything we have is paid for. We have no outstanding bonds. And we still have maintained one of the lowest tax rates in the state.

"If there is anything that has not been revealed about our plans for building or financing, it has been unintentional. Our books are open. We will be happy to have the entire record made public."

This was Hamlin's reply to criticisms that have been voiced that the supervisors have acted without proper consideration, and that the public was not informed.

"We are planning a courthouse and county office building which ultimately may cost five and a half to six million dollars," continued Chairman Hamlin. "But for the present we plan to build only the first unit, a five-story and basement courthouse tower which will cost from two and a half to three million dollars.

"We have a considerable portion of the money needed to pay for that first unit now. We will have enough by the time it is completed."

"We have not made courthouse money available through padding budget appropriations. Rather, much of it has resulted from increasing fees for various county services from the ridiculously low figures at which they had been left for many years.

"Much of the money has been made available through the sale, some already consummated and some still to be completed, of county-owned land which had been obtained from the state in previous years at tax sales. This was another phase of our financing of which we are all proud as it has and will save Oakland County taxpayers hundreds of thousands of dollars which they otherwise would have had to pay in taxes.

"This land was picked up by the Oakland County Welfare Commission at no cost from the state following tax sales. Much of it was

used for emergency housing during the Depression years. Its use saved the county from paying rent for indigent families.

"When the voters approved the building of a new courthouse but

Girl for Eddie, Debbie

BURBANK, Calif. (AP)—The baby expected by crooner Eddie Fisher and his actress wife, Debbie Reynolds, arrived almost three weeks ahead of schedule. The 6-pound, 12-ounce daughter was born in St. Joseph Hospital after the parents had made a hectic, 120-mile dash by car from Palm Springs.

turned down a bond issue to finance its construction they put upon the supervisors the task of finding other ways to pay for it.

By building in a step-by-step plan we believe that we can provide the money, and a considerable part of it will come from the sale of this land, for much of which we have no further need.

"Oakland County has had a long record of 'paying as we go,' and our courthouse program is strictly in keeping with that method."

"We believe that when this courthouse with its surrounding grounds is completed, Oakland County will have one of the finest county service centers in the United States. It will be paid for when it is finished.

We believe that we are doing what the vast majority of the people want us to do."

The supervisors' special building committee has played a big part in the whole task of picking out the site for the proposed new courthouse, for studying and deciding on the details of the building, and also on its financing.

The committee includes Harold K. Schone, Birmingham, chairman; H. Lloyd Clawson, Royal Oak; R. C. Cummings, Pontiac; Harry W. Horton, Royal Oak; David Levinson, Birmingham; Fraser W. Staman, Novi Township; and Eugene Swann, Southfield Township.

Assistant Appointed at Children's Home

The Oakland County Children's Home will have a new assistant superintendent with the appointment of Gordon Morrison of Harbor Beach.

Morrison, 22, will have charge of cottages at the home and will eventually go into scheduling work and recreation activities.

As a general assistant to William O. Moulton Jr., superintendent of the home, Morrison will work later with the court system and help integrate students.

Morrison, a 1956 graduate of Michigan State University, studied personnel psychology and business administration. He will live at the Children's Home for the present time.

Kefauver Adds State to 38,000-Mile Route

POCATELLO, Idaho (AP) — The election campaign route of Sen. Estes Kefauver, already 38,000 miles long, was lengthened today.

The Kefauver itinerary was scheduled to add visits to Ohio, Illinois and Michigan starting Sunday, Oct. 22, after the Democratic vice presidential candidate completes a two-week coast-to-coast swing in Washington Saturday.

The new itinerary calls for visits Monday, Oct. 23, at Lima, Findlay, Mansfield and Canton, Ohio; Champaign, Decatur, Bloomington and Peoria, Ill., on Tuesday, Oct. 24, and the Detroit area Wednesday, Oct. 25.

Small Game Hunting Accidents Total 47

DETROIT (AP) — At least 47 hunters have been wounded in stream accidents since Michigan's small game season opened at 10 a.m. Saturday, State Police reported today.

No deaths had been reported. On of the most critically wounded was James Colson, 32-year-old Detroit factory worker.

State Police said Colson was hunting seven miles southwest of Brighton yesterday when a companion, Frank Floyd, attempted to reload his shotgun. The weapon discharged accidentally and the charge struck Colson in the head.

Daily Worker Supports Polish Independence Bid

NEW YORK (INS) — The Daily Worker today supported Poland in its quest for political independence from the Soviet Union.

The worker, the official Communist Party newspaper in the United States, said in an editorial the Poles are "advancing the democratization and independence of their socialist regime," and cautioned the Soviet Union against interfering in the internal affairs of Poland.

U Nu Off to Peiping

RANGOON, Burma (AP) — Premier U Nu, leader of the governing anti-Fascist Peoples Freedom League, left today for Peiping at the invitation of Premier Chou En-lai to discuss border problems.

Phone Strike to Peril Area

Threatened Picket by 20,000 Would Affect Long-Distance Calls

A threatened strike of 20,000 Michigan Bell Telephone workers would hamper mostly long-distance operator-controlled calls for T.H.E. Pontiac area, according to Raymond H. Storm, district manager of the firm.

Negotiations were continuing today between the company and the Communications Workers of America in an attempt to work out a new contract for the workers before the old contract expires at midnight tonight.

No strike deadline has been set but workers have voted 10-1 to strike if necessary.

Storm said with the aid of supervisory personnel, the company would attempt to maintain the same long-distance service to its customers.

"This might be a little slower," he added, "but our objective will continue to be to put every call through."

In addition to operators being affected by the possible strike, Storm said telephone repairmen and installers would also.

The union demands include higher pay, improved hospitalization, an additional paid holiday and a union shop.

Paint Job Is Given Sylvan Water Tower

When the fog lifted early Sunday morning, Sylvan Lake police discovered a new addition to the city's recently erected water tower. Painted in large blue letters was "PHIS Class of 1957."

City Manager Ernest L. Ethier said the culprits left the "evidence" behind in the form of a paint roller.

Police are investigating the vandalism, he said.

Pontiac Deaths

Robert Lyman Edwards

Funeral service for Robert Lyman Edwards, two months old son of William and Shirley Reick Edwards of 171 Summit St., will be announced later by the Hunteon Funeral Home.

The child died Sunday evening at the Children's Hospital in Detroit.

Willie Holmes

Prayer service will be held at 7:30 p.m. Wednesday for Willie Holmes, 31, of 318 Wessen St., who died Oct. 19.

Mr. Holmes was the son of Alfred and Carrie Adolph Holmes. He was born in Chamberlain, La., and had been in Pontiac nine years. He was last employed at the New Haven Foundry, Inc.

He is survived by his parents and a sister, Edith Barlow of Pontiac.

Service will be conducted from the Frank Carruthers Funeral Home by Bishop C. J. Johnson of the Church of God. The body will be shipped to Chamberlain, La. for burial.

Harry D. Morrish

Word has been received of the sudden death Friday in Fort Lauderdale, Fla. of Harry D. Morrish, 64.

A resident of Pontiac for some years, he was a machinist at General Motors Truck and Coach Division. He was a member of the Second Baracca Sunday School Class of the First Baptist Church here.

In Florida he was general manager of the Kiln Processing for Gate City Lumber Co. He was the son of James and Phoebe Richards Morrish, was born in Genesee Co. and married Mae D. Hill who survives him.

Also surviving are two daughters, Mrs. Harold Leininger of Pontiac and Mrs. Leslie Yeaman of Fort Lauderdale and three grandsons, a sister, Mrs. H. M. Trask of Toledo, Ohio, a brother, Wesley Morrish of Grosse Pointe Park, and an aunt, Mrs. Harry Gage of Clio.

Service will be at 1:00 p.m. Thursday at the Donelson-Johns Funeral Home, with Dr. H. H. Savage of the First Baptist Church officiating. Burial will be at White Chapel Memorial Cemetery.

John Henry Smith

John Henry Smith, 25 Willard St., aged 74, died Saturday at the Pontiac General Hospital after a long illness. He was born in Pontiac, the son of Mr. and Mrs. John Smith, and married Sue Randolph who survives him.

He was last employed in the Tool and Die Dept. of the Fisher Body Division.

Service will be at 11 a.m. Tuesday from the Pursley Funeral Home with Rev. Paul T. Hart of the First Methodist Church officiating, followed by burial in Oak Hill Cemetery.

Barges Do Big Job

ST. LOUIS—Barges and towboats carry about 7.3 per cent of the nation's freight cargo over inland waterways.

WAITING TO BUY NEWSPAPERS IN WARSAW — Here is a line of citizens in Warsaw, Poland, waiting yesterday to purchase special editions of newspapers carrying the fiery speech by Wladislaw Gomulka, which was delivered Saturday. Gomulka denounced misrule of the Kremlin-inspired leaders in Poland during the last 12 years. He urged Poland to set its own course toward socialism independent of Moscow.

In the Heart of New York City Woman, 82, Survives 8 Painful Days Locked in Bathroom — Without Food

By GEORGE W. CORNELL

NEW YORK (AP) — In eight days without a bite to eat, you begin to think about the end. Especially when you're 82.

For eight harrowing days and nights, Mrs. Henrietta A. Emhardt, who is 82, had been an accidental prisoner in her own apartment, in the heart of the city.

"I thought I was going to have to die there," she said, "that I'd starve gradually to death."

There wasn't even space to lie down. The only thing she had to drink was water.

"It was torture," Mrs. Emhardt said today, her ordeal over.

A week ago Friday, on the afternoon of Oct. 12, Mrs. Emhardt became locked in the bathroom of her apartment at 11 E. 92nd St., where she lives alone.

She had fallen against the door, jamming it tightly, and then in trying to open it, had pulled the handle off the doorknob. The rod slipped out on the other side. She was trapped.

She shouted, until her voice gave out, and pounded until her fists went raw, and beat with a brush on the water pipes until she was so weak she couldn't lift her arms.

"For the first four or five days, oh, how I bounced on the door all day and night with all my might, hoping and praying that someone would help."

"Over the water pipes, I could hear the sounds of people all over the house, and I couldn't understand how they could be so heartless as not to come."

It seemed there was no hope left, but she hung on.

"There was no place to stretch out for a tall person like me," she said. "When I'd try to lie down, my whole body would go into cramps."

In a kind of a listless, gnawing eternity, the time ran on. Vaguely,

at times, she'd hear her telephone ring, but it was beyond her prison door.

Unknown to her, in Darien, Conn., a cousin, J. S. Schulten, had been phoning repeatedly. Worried, he finally asked police to check on her.

That was last Saturday night, Oct. 20. Police knocked down the bathroom door. A plucky Mrs. Emhardt, her spirits unbroken

by her physical constitution weak but well, said of their coming: "You can never tell how thankful I was."

The first thing she wanted was to go to bed. Today, rested and still eating ravenously, Mrs. Emhardt said: "My legs still are very weak and it'll take time to get my strength back, but otherwise I feel wonderful. My appetite is tremendous. Everything tastes good."

Brakes Fail, Cause Two-Car Collision

Brake failure was blamed by a woman driver whose car allegedly ran a stop sign to strike another, injuring an occupant, at Paddock and Osburn Sts. Sunday afternoon, Pontiac police said.

Rolena J. Bruger, 33, of 124 N. Telegraph Rd., said her brakes failed to respond as she went through the intersection into the side of a car driven by Melvin M. Rayner, 35, of 635 E. Tennyson Ave., police said.

Mrs. Mary Rayner, 35, of the same address, was treated for minor bruises, according to authorities at St. Joseph Mercy Hospital.

Suspect Two 'Friends' in Theft From Home

Two family friends are suspected of looting \$70 from a purse at 184 Florence Ave. Saturday afternoon, Pontiac police said.

James Fender, of that address, reported the two men stayed behind when he and his wife left briefly about 5 p.m.

When the couple returned, Fender said, the men were gone and so was the money.

SARGE TAKES A WIFE — Comedian Phil Silvers, who plays an Army sergeant in a television series, nibbles on wedding cake held by his bride, the former Evelyn Patrick in New York Sunday. They were married Sunday in New Haven, Conn. She appears on TV as a cosmetics demonstrator.

Curtice Sees Bigger Market

Expects More Demand for Autos, Appliances in Europe

NEW YORK (AP) — High employment and a rising standard of living in Western Europe are creating expanding markets for automobiles, household appliances and other consumer goods, Harlow H. Curtice, president of General Motors Corp., said today.

Curtice returned to the United States today after a four-week trip to Europe. He inspected GM manufacturing and assembly facilities in Great Britain, France, Germany, Belgium and Switzerland and conferred with government and business leaders as well as GM executives and dealers.

Curtice said continued expansion of Western Europe's economy seems likely, "but at a somewhat slower pace." He said the area's automobile business shows a "basic strength and vitality," but added that "high purchase taxes and credit 'squeeze' are affecting the auto industry in England.

Increasing productivity of European nations is bringing more consumer goods within the reach of the average European, Curtice said. As an example, he said General Motors will produce more than 100,000 Frigidaire units this year in France alone. Next year, he said, French Frigidaire production is expected to increase by 40 per cent.

Curtice said GM's three-year 204-million-dollar modernization and expansion program for its European operations should be completed by the end of the year.

Biggest operations in the project are at GM's Opel plant in Germany and Vauxhall plant in England. Both will be able to produce 250,000 cars and trucks a year.

GM employment in Europe now totals nearly 60,000.

Ike Charges Bulganin Trying to Help Adlai

(Continued From Page One)

son's suggestion, saying a foolproof inspection system must be agreed upon before this nation can safely end its tests.

Stevenson did not comment on Eisenhower's formal reply to Bulganin, which the White House made public in mid-afternoon yesterday. But in a statement commenting on earlier remarks by White House Press Secretary James C. Hagerty, Stevenson deplored what he termed an effort to dismiss the Bulganin letter as a "propaganda exercise."

"The White House seems to have dismissed the Russian effort out of hand," he said, while adding that Bulganin's letter appeared to contain nothing new.

Within two hours after Eisenhower's reply was made public, Senate Republican Leader Knowledge of California said Stevenson should "repudiate the unwarranted interference of Premier Bulganin . . . in our free American elections." He wired Stevenson that "you have helped create this situation by your unfortunate position on H-bomb tests."

Sen. Gore (D-Tenn.) said he agreed that Bulganin's letter was "an improper intrusion" into the American political campaign.

In his 400-word letter to Bulganin, Eisenhower told the Russian Premier his letter constituted interference in U.S. internal affairs; that Moscow published it before it could be translated and delivered to him; that he was offended by Bulganin's saying that Secretary Dulles has distorted Russia's views; and that "you seem to impugn my own sincerity."

MOSCOW (AP) — The communist party newspaper Pravda told its readers today that White House Press Secretary James Hagerty had described as "propaganda" the latest letter from Premier Bulganin to President Eisenhower.

But Pravda made no mention of Eisenhower's denunciation of the Bulganin letter containing the latest Soviet appeal for an end to atomic and H-bomb tests. The newspaper reported Hagerty's remarks in a Tass dispatch from Washington.

Communist informants said Pol and probably will remain tied to Russia in the military sphere for at least the time being.

Cobo to Attend Rally Despite Doctor's Order

DETROIT (INS) — Detroit's Mayor Albert E. Cobo will be confined to his bed today if his doctor has his way.

The doctor said Cobo is suffering a "bad cold and sore throat." However, the GOP candidate for governor insists that he will appear at a Republican rally tonight in Livonia.

Live Wire Teether

WAYNOKA, Okla. (AP) — A 2-year-old boy has learned the hard way that electric light cords aren't for teething. The youth, son of Mr. and Mrs. Oscar Arnold Jr., Waynoka, started gnawing the live cord and finally got down to the wire. He was burned about the mouth but the injuries were not serious.

Loot Vending Machines in City Restaurant

Vending machines yielded an as yet undetermined amount of change to burglars who looted a restaurant at 153 W. Huron St. Friday night, Pontiac police said.

A glass pane in the front door was smashed and cigarette, juke box and pin ball machines pried open, they added.

ST. PETERSBURG, Fla. (AP) — The First National Bank installed an umbrella service to help customers who get caught in sudden showers.

The Day in Birmingham Parking and Police Funds Increased, Says Purkiss

BIRMINGHAM — Commissioners tonight will receive a quarterly financial report of the city which shows an increase in parking revenues due to opening of parking lot No. 1, and a raise in police department revenues.

"The police revenues," says James Purkiss, finance director, "are approximately 30 per cent above the same period last year, partially as a result of better traffic enforcement in the business section."

With \$316, 123 spent in development of off-street lots, the automobile parking system fund shows \$37,626 taken in on meters.

In the General Fund comparison with last year, Purkiss shows that pavement resurfacing has cost the city \$30,061, with \$40,000 allocated, and \$2,470 for the city share for sidewalks, against a \$5,000 allocation.

Police revenue has risen to \$12,762, over its \$10,000 budget estimate.

He notes a loss of \$923 on sewer installations, compared with a loss of \$793 last year, and advises a revision in rates when the present water rates are adjusted.

The report has 49 pages for commissioners to peruse.

Two Marines, reported AWOL from San Diego recruit camp where they have been assigned eight days hard labor, have ended a trek from California, and are in Oakland County Jail.

They are held pending an FBI decision whether they will be charged with a Dyke Act violation for taking a stolen car across a state line, or turned over to the Marine Corps. Police here found the boys sleeping in a car stolen from Grand Rapids, home town of one youth, Bruce Webster Hall, 19. His companion is Vito J. Mazzenga of Detroit.

The boys stole two cars in California, taking one from San Diego to Hollywood and the second from there to 90 miles east of Fallon, Nevada, according to Det. Lt. Merlin Holmquist here.

Sgt. Glenn Foltz and Patrolman Alan Woodard investigated the sleeping boys at 5:20 Sunday, found they had no car registration nor keys to fit the car's ignition.

Birmingham police are investigating another case in which a police radio microphone was stolen from one of their cars, and a speaker from another police car, yesterday morning.

Dr. Ernest Scheyer, associate professor of art, Wayne State University, will speak on "Architectural Impressions of Europe Today" at the Friends of the Baldwin Public Library program tomorrow at 8:15 p.m.

His talk at the library will feature photographic slides as well.

Prof. Roy Stanley Swinton, U. of M. faculty member for 30 years, died suddenly Saturday night in Jakarta, Indonesia, according to his son, Stanley, chief of the AP press bureau in Rome, Italy.

Among his family are a daughter, Mrs. Vincent S. Madison, of Birmingham. Services will be in Ann Arbor, with interment at Charlevoix.

Mrs. Margaret VanSickle, 82, 610 Blaine Ave., Detroit, mother of

Woman Injures Neck in Collision at Crossing

Mrs. Mary L. Cox, 46, of 17 Allison St., was treated Saturday afternoon for neck injuries suffered when another car hit her husband's on W. Huron St. at Cass Ave., authorities at Pontiac General Hospital said today.

The husband, Doyle, 45, and the other driver, Cletus H. Keener, 27, of 395 S. Saginaw St., were not injured.

Safe Yields \$213 in Night Breakin

Thieves looted \$213 from the unlocked safe of an ice and coal company, 106 N. Paddock St. Friday night, Pontiac police said.

A window was broken to enter the office, they added.

Service will be at Bell Chapel of the William R. Hamilton Co. at 1 p.m. tomorrow, with interment at Acacia Park.

Bruce A. Preston Service for Bruce A. Preston, 96, 1043 Chestnut St., who lived here with his daughter, Mrs. Oliver Cornwell for 11 years, will be in Mesick at the Methodist Church, with burial in Sherman Mesick Memorial Cemetery. His body will lie at Manley Bailey Funeral Home until early Wednesday.

He was a newspaper printer in the Mesick and Cadillac area and for a short time here and in Lake Orion.

By RUTH MONTGOMERY
WASHINGTON (INS) — Once upon a time, a presidential candidate could climb aboard a whistle-stop special, ease off his shoes, pour himself a short snort and prepare to enjoy the creature comforts of home.

The train might rock a bit, but what was that to a man who heard his first lullabies to the rhythmic sway of a cradle? If the candidate was hungry, he could eat. If he felt the need of a shave or a shower, his private bathroom was rolling along beside him.

But what gives today? The sonorous chug-chug of the train has been replaced by the siren of the motorcade and the whirr of airplane engines warming up for the inexorable take-off.

The world is changing, but few newsmen—after frenetic days and nights of banging typewriters in and out of a dozen planes, buses and one-stop hotels—would call it "progress."

AUDIENCE ON TAP
Pity the poor candidate today! In the good old times, his audience conveniently awaited him at every railroad station. As the train groaned to a halt, he had merely to slip on his shoes, tug at his tie and stroll onto the rear platform with his arms raised high in the victory salute.

A few golden words—the same at every whistlestop—could send the local yokels into a frenzy of cheering that was still warming the hopeful's heart as

the engineer pulled the throttle after the "all-aboard."

A nap, a bite to eat, and the earnest crusader was refreshed and ready to repeat the same act at Podunk Corner down the line.

But now! The plane swoops in, taxis up the runway, the door flies open, the candidate steps-out—and may heaven help him from there on.

The eager beavers at each city, frenziedly grabbing his worn coat, behave exactly as if this were the only stop "the next president of the United States" would ever have to make.

Unmindful that this is his third appearance of the hectic day, with four more yet to go, they maul him in the crowds, shove him into a convertible, drive him up and down their half-empty streets and finally deposit him panting at the village square where—in the broiling midday sun—not so much as a canopy has been provided to delay his inevitable wilt.

CAUSE TO WONDER
As the last hoarse cheers and boos die away, they thrust him back into the open car, turn on the sirens and gaily set out for the next stop 15 or 20 miles away. There, without so much as a thought for the comforts of the poor candidate, they joyfully nudge him on stage again, splutter if he forgets to mention that Joe Doakes would make a splendid candidate for alderman, and wonder why his coat is mussed.

Since 30 to 50 newsmen are busily taking down his pearls of wisdom, and since radio and television are frequently projecting his words to a waiting world, variety must be introduced into each address. If the candidate told them a dog story at the last stop, he had better clean up a traveling salesman's gag for this one, or his audience will not be amused.

Should the miserable campaigner, on arriving at the next village square, find the courage to ask for the men's room, the horrified local arrangements' man who forgot to provide for arrangements will mutter that "It's down that way about a hundred yards, right through that crowd of 5,000 people."

Keeping Up With Russia

Research
ment announced today plans for a series of publications designed to keep American scientists up to date on Russian medical research. Surgeon General Leroy E. Burney of the Public Health Service said the National Institutes of Health will translate and distribute, with \$250,000 voted for the purpose by Congress, a number of Russian medical publications.

Attention Shepherds!

SAN FRANCISCO (U)—Anyone for sheep herding in San Francisco Bay? The Army Corps of Engineers is ready to lease Angel Island, the biggest island in the bay, for sheep grazing. A call for bids says dry and rocky Angel Island could graze 1,620 sheep. An additional 2,500 acres capable of grazing 7,500 sheep is offered in the Fort Baker area.

Argentine meat dealers have flown their first shipment of meat to Peru.

Michigan Labor Almost Solidly Behind Democrats

By JACK BELL
DETROIT (AP) — The shift was changing. Men and women streamed in and out of Chrysler Corp.'s sprawling Dodge plant in Hamtramck.

Blinking a bit in the October sunshine, some hurried homeward. Some migrated toward the new headquarters of United Auto Workers Local No. 3.

Others wandered in groups up the street to a bar. Here are the men and women who make up the well-organized core of Democratic strength in Michigan.

Will they vote 90 per cent Democratic, as leaders of that party claim? This seems doubtful. Will they vote 75 per cent Democratic, as Republican leaders contend? This too is open to doubt. Somewhere in between, the realists say. There are an estimated 700,000 UAW members in Michigan and most of them seem to be getting from their union a day-by-day political indoctrination. They are a powerful factor among the three million or more Michigan voters who may go to the polls next month.

But is their concentrated political strength offset at least in part by Republican gains among Detroit's 400,000 Negroes?

Can the Democrats hold intact their overwhelming strength in Detroit and at the same time pick up substantial support among Michigan's generally Republican and somewhat discontented farmers? Are the state's small businessmen whose income depends primarily on that of the farmers, looking toward the Democrats?

These questions can't now be answered with any authority. However, surface indications are that President Eisenhower again will pocket Michigan's 20 electoral votes, but with a sharp reduction of the 321,000-vote margin he rolled up over Adlai E. Stevenson in 1952.

Eisenhower's personal pull this year may determine whether Detroit's nonpartisan Mayor Albert E. Cobo can win an uphill battle on the Republican ticket against Democratic Gov. G. Mennen Williams, bidding for another term.

Williams won four years ago despite Eisenhower's big Michigan vote. But now the national and state ballots are combined, as they have not been previously.

To many of the members of UAW Local No. 3 in Hamtramck, the political pattern is simple: Eisenhower was a great general, but he is a poor president. They're going to vote Democratic, all the way.

Among those interviewed, there was no sign of enthusiasm for Stevenson, but almost everywhere was the expressed determination to vote the straight Democratic ticket.

One exception was Terry Alexander, lining up his work schedule with the union secretary. Commenting that he had been laid off for at least 18 months during the last three years, Alexander said he hasn't made up his mind on the presidential race. But he said he likes Williams for governor again.

Percy Harding, a millwright in the Dodge plant, said he was going to vote the straight Democratic ticket "because I don't like Ike or anybody in his Cabinet."

Up the street an argument was going on in the dim recesses of a tavern.

Ruth Harvey, who works for Dodge, said there wasn't a woman in her plant division who had indicated she was going to vote for Eisenhower.

"I'll bet you, out of a group of any 50 women in the whole plant, you wouldn't find five who are going to vote for Ike," she said. "When Eisenhower ran four years ago, almost all the women were for him. But now they are strictly against him. He's a good Army man but he's no good for the working man."

John McMahon, a peppery Scotsman who works alongside women in the plant, said he couldn't agree. McMahon, a Democrat all the way, said a little sad-

ly he's having some political trouble with some of the women in his department. One of them, he said with an air of amazement, even wears an Ike button to work. "She says Eisenhower got us peace and is most likely to keep it and she is going to vote for him," McMahon said. "How do you argue with a woman like that?"

In the world of the taxi driver,

the hotel porter, the waitress, the elevator operator, the building service employee, the bartender and the man who digs ditches, Eisenhower is strong.

For example, Lewis Strong, who runs an elevator in Detroit's War Veterans Memorial Building, said "I voted for Ike in 1952 and I'm going to again, but I'm going to split my ticket this time and vote for Soapy Williams."

Reuben Culbertson, a waiter, said he had been voting Democratic for a long time, "but I'm kinda undecided this year." He added: "I might vote for President Eisenhower. He's a good man. 'Course, I'll vote for Gov. Williams."

Mrs. Cora Holloway, a maid, said she is going to vote for Eisenhower "because I'm afraid if

we change we might get involved in one of those wars again." Mary McCarvel, also a maid, said she voted for Eisenhower in 1952 "because I wanted my boy to come back home from Korea." "But, Stevenson, that's my man now," she said. "Lots of people here in Detroit have lost their jobs. Men just can't seem to get work."

Hold Divorcee, Suitor in Death of Infant

DETROIT (INS)—Police were holding an 18-year-old divorcee and her boy friend today in Detroit for investigation of murder in the death of the woman's 16-month-old son.

The baby, badly bruised about his face and body, died on arrival

at Mt. Carmel Mercy Hospital Saturday night.

The mother, Mrs. Ina Carol Adams, and her suitor, Donald Lester, 22, both admitted they slapped the baby "two or three times" because he refused to eat his supper.

After the slapping, the pair told the police, the baby was placed in a bathtub with the mother and left in Lester's charge. He said he left the room and found the child face-down in the tub when he returned.

'Halo' Slipping, 'Brass' Dirty

300 Democratic Women Hear Harry Sail Into Ike

WASHINGTON (INS)—Former President Harry S. Truman suggested today President Eisenhower is about to lose his "halo" and his "brass" has grown tarnished.

Truman was main speaker and

life of the party at a luncheon for 300 Democratic women from all parts of the country at the Shoreham Hotel.

Truman got one of his biggest hands when he said, "We will have an overwhelming victory" in November and "I hope I'm making a contribution to it."

Then, in an obvious reference to Eisenhower, he urged women Democrats "not to be blinded by a halo and a little brass and glamor." He continued, "The brass has become tarnished and the halo is about to fall off."

ONE OTHER MALE

Truman was introduced by the only other man at the head table, Rep. William L. Dawson (D-Ill.), who said the Democratic workers were invited to Washington for a little practice in finding their way around the city so they'll be all set "for the inaugural ball" in January.

In responding to Dawson's glowing introduction, Truman told him, "I know you are prejudiced in my favor and I like it."

With a bow in the direction of Mrs. Estes Kefauver, who was seated at his left at the head table, Truman said he was "more than happy to see the wife of the next Vice President here."

Truman delighted his audience by saying, "As usual when the madam doesn't pack for me, I left something out of my grip and I had to go out this morning and buy a soup and fish necktie for the party tonight."

He said he took a taxi back to the hotel after buying the necktie for the formal dinner at which he will speak this evening, and when he tried to pay, the driver refused to take his dollar bill.

Truman said the driver asked him instead to sign a book which contained this preface: "Drive carefully, you might save the life of a man who would vote Democratic."

Truman said "Republicans are just scared green—they must be when they send the President of the United States out to follow a retired farmer from Missouri."

This was a reference to Eisenhower's campaign swing in Minnesota on the heels of Truman's visit there.

LOSING HER CROWN.—Eager hands reach out to catch the crown of Miss World of 1956, Petra Schürmann, 23, as it falls from her head as she enjoys a hearty laugh after being crowned in London. Miss Schürmann, who competed as Miss Germany, won over a field of 23 international beauties. Miss U.S.A., Betty Lane Cherry, of Orangeburg, S. C., finished second, with Rina Weiss, Miss Israel, rating third place.

Age, Altitude Studied

LARAMIE, Wyo., (INS)—The University of Wyoming at Laramie is studying the effect of altitude on the process of aging. The study involves the amount of cholesterol, a substance apparently involved in certain heart conditions and other degenerative diseases in blood volunteered by Albany County women more than 65 years of age.

Aims for Service?

SALEM, Va. (INS)—At least one Salem drug store knows the full meaning of service. The other day a boy walked up to the soda fountain, handed over a water pistol and said "fill her up." The clerk obliged.

Increase Egg Production

ST. LOUIS (INS)—When properly installed and used under good management conditions, electric lights in poultry houses can increase fall and winter egg production as much as 20 or 30 percent.

MAKE OVER DARTS

2 Gas Stations, Dairy Bar Hit by Burglars

Two gas stations and a dairy bar in Waterford Township were burglarized over the weekend, the sheriff's department said today.

A station at 6533 Dixie Highway had \$30 in cash and several trading stamp books taken. A watch, pen and pencil set and the cash were stolen from the other station at 1537 Williams Lake Rd.

A small amount of change was taken from the Richardson Dairy Bar at 7350 Highland Rd.

County detectives and township police are investigating.

Reds Selling Magazine on U.S. Newsstands

WASHINGTON, (INS)—Russia's glossy new magazine "U. S. S. R.," designed for American readers, was scheduled to go on newsstands today after long delays.

Simultaneously, a magazine "Amerika," published by the U. S. government, will go on sale in Russia. Distribution of both magazines was held up while final sales arrangements were completed between the two countries.

The first silk mill established in the United States was in Mansfield, Conn., in 1810. Power looms were introduced in about 1838.

THE PREMIERE COUPE

Long, low, lovelier than ever—with dramatic new Quadra-Lite design

LINCOLN FOR 1957

Powerfully new, too, in fine car performance—with a new array of power luxuries to make this the most effortless driving fine car ever built

Take a long, long look at this long low Lincoln—because you're looking at the brightest new star in the fine car field.

From the new Quadra-Lite Grille—with America's first four headlamp design—to canted rear blades, this is the longest, lowest, most distinctive Lincoln ever.

When you drive it, you'll discover that this most powerful Lincoln of all time has a new kind of swift, silken 300 horsepower... a new kind of fast-action Turbo-Drive transmission... a new kind of Hydro-Cushioned ride. And more... you'll discover a wonderful new array of optional

power luxuries—single-control electric door locks, power vent windows, 6-way power front seats, even power lubrication—to make Lincoln the most effortless driving fine car on the road.

In short, if you haven't yet had a chance to see—and drive—this beautifully new Lincoln for 1957, you're due for a wonderful new experience. Don't miss it!

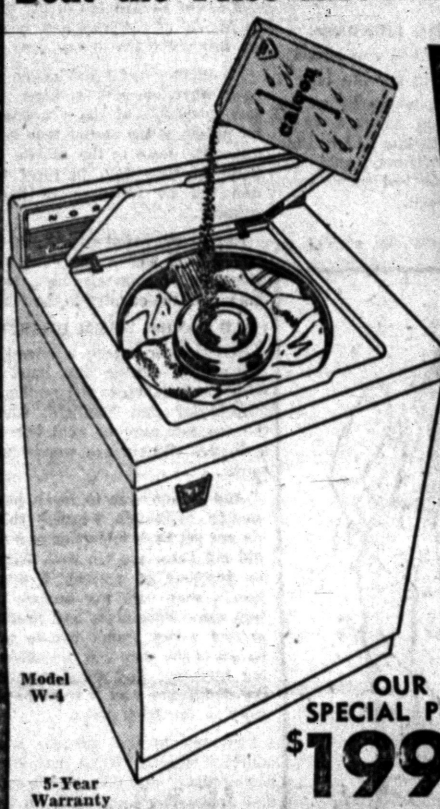

Unmistakably...the finest in the fine car field

Layne's Boot Keeps Lions Atop NFL

BY BRUNO L. KEARNS,
Sports Editor, Pontiac Press

DETROIT—In a thrill-packed ball game as ever seen at Briggs Stadium, the Detroit Lions and Los Angeles Rams battled on even terms right up to the last 17 seconds of the game.

This was the amount of time remaining when veteran Bobby Layne

split the uprights with the game field goal from the 117 yard line to make the final score read 20-17.

It was Detroit's 4th straight victory and kept the Lions atop the Western Division as its only unbeaten team.

Again it was the old pro Bobby

Layne who kept the Lions on the move and then delivered the game winning score.

But it couldn't have been possible without a trio of Lion rookies who thrilled the 55,662 excited fans.

The big gun in the big drive in the final period was Howard "Hopalong" Cassidy who moved

the ball for all important yardage in the last two minutes of play.

For three periods however it was Don McElhenney who sparked the running attack, with Tom "The Bomb" Tracy making his debut as a Lion in a satisfactory way.

In the first series of downs in the game the Lions marched from the 30 to the 49's 21 from which point Layne made it 3-0 with his first field goal.

of 4, 6, 14 and 13 yards, taking the ball to the two from where Layne went over. Layne also converted and it was 17-17 with only 1 minute and 20 seconds in the quarter.

The action-filled 4th period time was running out when Layne tried and missed a 23-yard field goal attempt. Frisco took over on its own 20 with four minutes left.

Y. A. Tittle's long pass was intercepted by Jack Christiansen on Detroit's 35 from where the final drive started.

For the 2nd week in a row, it was a crucial penalty that aided the Lions. Layne's third down pass was incomplete, and would force the Lions to pass or kick, but end Charlie Powell was ejected for slugging Lou Creekmur and Detroit had a 1st down on Frisco's 20.

Last week it was roughing the kicker penalty which gave Detroit possession and assured the victory over the Rams.

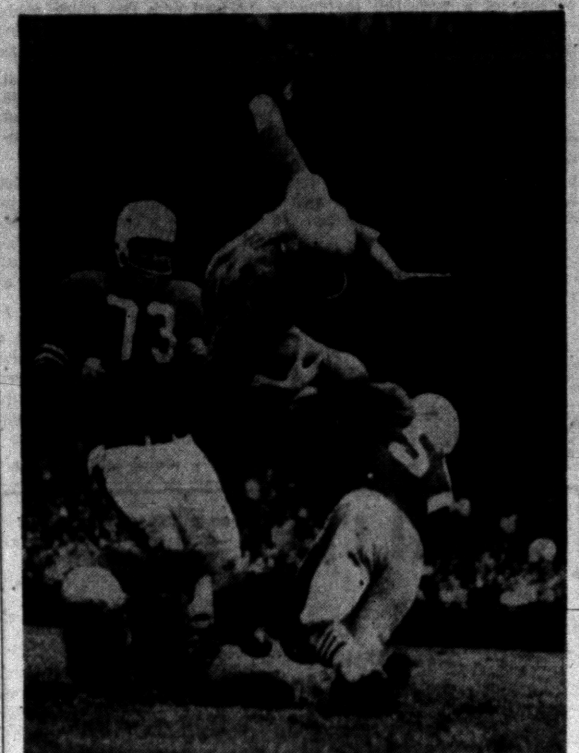

Frisco's McElhenney had 119 yards in 14 attempts, while Detroit's McElhenney picked up 104 yards in 13 carries.

DETROIT: Touchdowns—McElhenney (three, run); Layne (one, sneak). Conversions—Layne 2. Field Goals—Layne 2 (38, 17).
SAN FRANCISCO: Touchdowns—Johnson (three, one plunge); Conversions—Soltan 2. Field Goal—Soltan (20).

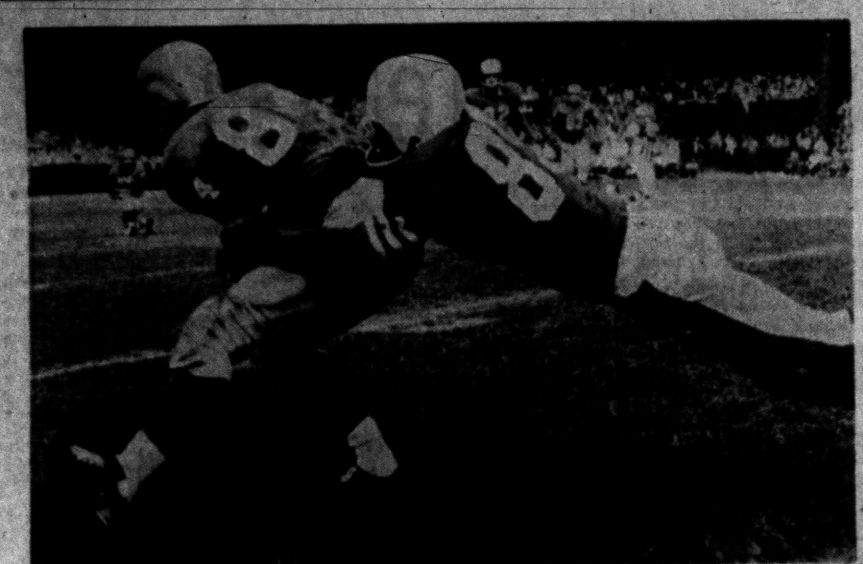

Kickers made a big difference in several college football games Saturday. The big point of victory was at Columbus where Penn State quarterback Milt Plum booted the point which defeated the Buckeyes 7-6.

"Quite a scene," said ex-PHS track and cross-country coach of state and SVC champions Wally Schloerke, referee, timer and finish judge at the SVC harrier meet here... where Chiefs were de-throned by Arthur Hill... referring to the fact that he, along with a half dozen members of his championship teams of several years ago were spectators... Purl Stevens, Jack Walker, Alonzo Walker, Felix Brooks, Norris Jackson and Lennie Briscoe, all of whom have only recently completed Army service... star miler and harrier Perry Williams of last fall's and this spring's championship clubs... were on the sidelines... Williams did not go out for cross-country this fall, although still in school.

OPERATION AIR-LIFT — Rookie Don McElhenney, who did some sensational running for the Lions yesterday, goes flying through the air after being hit by linebacker Paul Carr. Big Leo Nomellini of the 49ers is on the left (73) and Detroit's Jim Salsbury is on the ground.

FLYING HIGH — Dave Middleton (left) of the Detroit Lions doesn't get very far after taking a pass from Bobby Layne early in yesterday's game against the 49ers. Charlie Powell makes the tackle but not before Middleton grabs the aerial. The Lions won, 20-17, in a thriller.

Colts Buried, 58-27

Cards Still Unbeaten, Bears Romp

By THE ASSOCIATED PRESS

The two unbeaten kinglys of the National Football League, the Detroit Lions and the Chicago Cardinals, are finding their thrones threatened by rumblings from below.

The Cardinals, outscored 229 yards to 125, capitalized on six pass interceptions, a blocked field-goal attempt and two fumble recoveries, to down the Philadelphia Eagles 20-6 and retain first place in the Eastern Conference.

Meanwhile the Chicago Bears, second in the West, and the New York Giants, Eastern runners-up, displayed mounting strength with lopsided victories. The Bears, accumulating a massive 209 yards on the ground 268 in the air and 26 first downs, buried the Baltimore Colts 58-27 to gain revenge for an early-season defeat.

The Giants, now playing in Yankee Stadium, entertained their largest home-opening crowd, 48,108, by trouncing the Pittsburgh Steelers 38-10 on the lumber arm of Chucklin Conerly. The 32-year-old quarterback flipped three scoring passes.

The Washington Redskins finally won their first game after three straight defeats, beating the once-proud Cleveland Browns 20-9. The Green Bay Packers, with a sensational Tobin Rote-to-Billy Howton passing combination, turned back the Los Angeles Rams 42-17.

The Bears' offensive machine is reaching frightening proportions. Sunday's 38 points raised their pre-game average to almost 37 points.

Two touchdown passes by Ed Brown to Harlon Hill in the second quarter, for 37 and 68 yards, complemented the superlative work of the runners. George Blanda saw his record consecutive string for conversions broken at 156. But he made up for it by throwing three touchdown passes and kicking a field goal.

Bryan Heads Drivers for Races in Italy

INDIANAPOLIS (U)—Duane Carter, racing director of the U.S. Auto Club, said today it is a "certainty" that 1956 national champion Jimmy Bryan of Phoenix, Ariz., will head a 10-man American team to race in Italy June 30, 1957.

There was no indication who other team members might be. Carter said drivers and cars from the Indianapolis Memorial Day race will compete in the race at Monza against nine top European drivers, headed by world champion Juan Fangio of Argentina.

LIMIT — Young Gary Cox, Arcadia court, Pontiac, fared better than most area pheasant hunters Saturday on opening day of the state's upland game season. He got his limit of two nice young ringneck roosters, shot in Lapeer County. Gary was hunting with his father Roy Cox. His birds were not quite heavy enough, or long enough to qualify as leaders in The Pontiac Press' "big pheasant" derby, which started Saturday.

Pontiac Outgains Hillites

Aerials Sink Chiefs, 21-13

By BILL CORNWELL

SAGINAW — A deadly passing attack spelled curtains for Pontiac High's football team Saturday night as Saginaw Arthur Hill rallied to a 21-13 victory over the Chiefs in a Saginaw Valley Conference game at Arthur Hill Memorial Stadium.

It was the 2nd league triumph without defeat for the title-ambitious Lumberjacks while the Chiefs suffered their 3rd Valley setback in as many starts.

The Chiefs expected the Hillites to pass and mapped their defenses accordingly. Arthur Hill cooperated, but PHS still couldn't contain the Jacks' devastating overhead weapon.

Pontiac scored 1st and last, but the Jacks, behind the pin-point marksmanship of quarterback Jim Draves, hit pay-dirt three times in the interim and Ed Graybiel's forces could not make up the difference.

With their defensive secondary

already weakened by the absence of injured Jim Shorter, the Chiefs were almost completely crippled early in the 2nd quarter when defender Jim Hawkins was also hurt and removed from the game. Both Shorter and Hawkins may be lost for the rest of the season, Graybiel said.

Pontiac threatened twice in the 1st quarter, but failed to cross the goal. One drive stalled on the Arthur Hill 17 and moments later the Jacks again held for downs on their own seven.

The Chiefs finally broke into the scoring column in the 2nd period. They marched 82 yards in 13 plays, with Charley Robinson crashing over from the three. Mary Cagle's placekick for the extra point was wide.

Arthur Hill bounced right back

to take a 7-6 lead at halftime. Draves took to the air as the Jacks drove 63 yards for their 1st tally. Draves' pass to end Dick Dietrich set up the TD on the Pontiac nine from where halfback Gary Murphy vaulted across. Garro Weiker converted.

The Hillites wasted little time in the 3rd period. They received the kickoff and drove 70 yards for their 2nd counter, with Draves' aerial to end Bob Wells eating up the final 13 yards. Weiker again converted.

Kurt Kampe's crew iced the decision scant moments later. Tackle Tom Harvey recovered a fumble on the PHS 32 and the galloped the remaining distance for six points. Weiker converted for the 3rd time.

Pontiac rolled to its last touch-

down after the ensuing kickoff. Eight plays covered 51 yards, with quarterback Dick Whitmer sneaking over from the one-foot line. Cagle kicked the extra marker.

The Chiefs outgained Arthur Hill on the ground and held an edge in total net yards. But they were unable to halt Draves, who completed 10 aerials in 20 attempts to maintain his better than 50 per cent average for the season.

TOUCHDOWNS: Pontiac—Robinson (2-yard run), Whitmer (1-yard run); Arthur Hill—Murphy 2 (8 and 22-yard runs), Wells (13-yard pass from Draves).
EXTRA POINTS: Pontiac—Cagle (placekick); Arthur Hill—Walker (3 placekicks).

TOUCHDOWNS: Pontiac—Robinson (2-yard run), Whitmer (1-yard run); Arthur Hill—Murphy 2 (8 and 22-yard runs), Wells (13-yard pass from Draves).
EXTRA POINTS: Pontiac—Cagle (placekick); Arthur Hill—Walker (3 placekicks).

Injuries Hurt Titan Gridders

Wobbly Field Goal Is Margin of Victory for Tulsa Hurricane

DETROIT—Losing ball games is bad enough, but the way the University of Detroit has been losing ball players it's almost impossible for the Titans to get a starting lineup before each game.

Tulsa handed the Titans their 3rd straight setback by the margin of a wobbly field goal, 3-0, in the first period Saturday.

It was halfback Charlie Wymes who booted the ball from the 34-yard line to wreck Detroit's homecoming celebration.

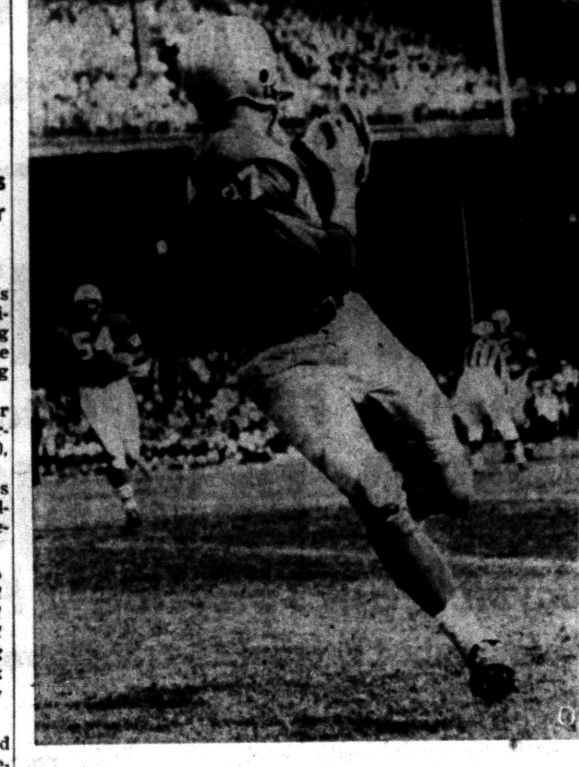

The Titans went into the game with five regulars out because of injuries, and before the first half ended, all three ends were out of action, along with first string center John Carroll, fullback Larry Strimas and halfback Billy Russell.

Several times during the second half, it was an all-sophomore lineup that stopped the Tulsans within the 20-yard line.

The loss killed Detroit's chances for regaining the Missouri Valley Conference title.

The Pontiac Press' "big pheasant derby" got under way all right, Saturday, but the 1st entry was latest in the long history of the contest. However, a number of additional entries rolled along before noon to add impetus to the "derby."

Current leaders are Miss Marcia Laucks of Pontiac, the 1st entry

LONG GAINER — One of Bobby Layne's favorite targets, Dorn Dibble, grabs an aerial that puts the Lions on the march in the second period against San Francisco. Dibble caught four passes for 66 yards in the game, won by Detroit 20-17.

'Derby' Entries Growing St. Mary Harriers Take 12th in Meet

Although today's pheasant and upland game hunting was improved over the weekend, with a heavy wet fog early this morning, it still was not what veteran hunters figure as good. "What we need is a good, hard rain to take off the last vegetation and soak down the underfoot mats," one observer pointed out.

Among other successful hunters, whose entries will not top, or equal, those above were Billy Bolman of 3709 Pontiac Lake Rd., who got a 36-inch-long, 3 1/4 pounder, on his father's farm; Elmer Cornell, 2647 Hartline, Rochester, who got two birds 5 miles northwest of Pontiac; and Gary Cox, Pontiac, who shot two nice young roosters in Lapeer County.

Orchard Lake St. Mary's cross-country team placed 12th in a field of 15 schools Saturday in the Class B Albion Invitational at Albion. The Eagle harriers had 233 points.

Larry Harris, the 1st Orchard Lake runner to cross the finish line, came in 10th and received a medal for his efforts. St. Mary's No. 2 runner, Tony Kulik, finished 35th.

River Rouge won the meet with 36 points. Following Rouge were Portage, Romulus, Otsego, Coldwater, Inkster, Charlotte, Trenton, Alma, Mt. Pleasant and Adrian.

Lawrence of Romulus was the individual champion with a time of 10:33.

Wolverines' Offensive Power Grows Stronger

ANN ARBOR (U)—Offensive dynamite—that's been the byword of coach Bennie Oosterbaan's team in its first four games.

The Wolverines have scored 124 points. They opened the season by tallying 42 against UCLA and after a barren week when Michigan State shut them out, they came back to score 48 points in the Army game.

And then last Saturday they defeated a stubborn Northwestern eleven 34-20. They've averaged 31 points a game, a pretty fair record even in this day of high scoring football.

To illustrate this edition's point-gathering prowess, you only need to look at last year's record when a successful Wolverine squad was able to garner a mere 179 points in a nine-game schedule. The Wolves won seven and lost two, finished third in the Big Ten and barely missed a journey to the Rose Bowl.

Ample proof of this offensive explosiveness was demonstrated in the Northwestern struggle. After Wildcat back Willie Fowler scampared 46 yards early in the game for a touchdown, Michigan stormed back for two markers before the first period ended and thereafter was never headed.

The big gun on attack has been Jarrin John Herrstein, the sophomore fullback whose play has

caused a gleam in Oosterbaan's eye.

Herrstein blasted into the end zone three times against the out-manned but never outfought Wildcats. By the time the battlefield cleared, the 18-year-old giant had accounted for six touchdowns in his first four collegiate games.

But Michigan is by no means a one-man team, far from it.

"This was a team triumph," Oosterbaan said after the Northwestern game and indeed it was.

'M' Sophomore Tied in Big 10 Scoring Race

CHICAGO (U)—Sophomore fullback John Herrstein of Michigan vaulted into a first place tie in the Big Ten all-games scoring race with three touchdowns in Michigan's 34-20 conquest of Northwestern.

Herrstein now has six touchdowns for the season and a total of 36 points to share the scoring lead with Ohio State's Jim Roseboro.

Don Clark of Ohio State scored the Buckeye's only touchdown in their 7-6 upset loss to Penn State. It was his fifth touchdown of the season and kept him within striking distance with 30 points.

Tied with 24 points were Michigan State's Dennis Mendyk and Illinois' Harry Jefferson.

The leaders:

Herrstein, Mich.	T	Pts.	FG	TP
Roseboro, OSU	6	0	0	36
Clark, OSU	5	0	0	30
Mendyk, Mich. St.	4	0	0	24
Jefferson, Ill.	4	0	0	24
Borstad, Minn.	2	8	1	23
McKiever, N. Western	2	8	0	23
Kramer, Mich.	2	8	0	21

Favored TCU also fell 7-6 when Floyd Taylor place-kicked the game-winning point late in the game. SMU made it by a point, 14-13, over Rice, and Tulsa's field goal was the big boot over U. of D.

Hold 3rd Race Series for Rolladium Skaters

Third race of the first period of roller skating competition at Rolladium rink for the fall series was held Saturday, with the following results:

Girls—Class A—Sharon Yanson; Class B—Patty Reid; Class C—Pam Reid.
Boys—Class A—Richard Landeck; Class B—Gary Rehbine; Class C—Larry Newmarch.

Maples 3rd, Chiefs 8th in Albion Harrier Test

In a field of 17 Class A prep 1 runner, fell during the last half cross country teams, Saturday, at Albion College, Birmingham's Maples finished 3rd behind Lansing Eastern and Jackson, with an even 100 points. Lansing compiled 40, Jackson 33. Event was the annual fall Albion invitational. Pontiac, in 8th place collected 235 points.

Wyandotte was 4th with 110, Royal Oak 5th with 156, Allen Park was 6th with 189, Bay City Central 7th with 201, Battle Creek 9th with 261, Kalamazoo 10th with 277. Other finishers had: Monroe 281, Berkley 218, Niles 336, Detroit St. Joe 431, Dearborn Fordson 476, Wayne 548 and Detroit Catholic Central 635.

Maples' Lynn Benn was 12th, Tom Fontaine 16th, (co-captains), Bill Landis 22nd, Richard Riley 26th, Dick Boyd 27th and Tom Thorson 31st.

"Along with Arthur Hill, and Flint Northern (not in Saturday's meet) the top teams in this event probably are the best in the state," says Maples' coach Kermit Ambrose said today.

Pontiac suffered a tough break when Roger Coats, the Chiefs' No.

of the two-mile event. Not only did Coats suffer a bruised knee, but teammate Pete Cox also fell about the same spot, straining his right hand and banging up his knees. Both were well up in the front ranks at the time, Coach Mike Andonian reported this morning.

In spite of the breaks, Coats finished 54th, Cox 65th.

Rufus Anderson, fast-coming sophomore who was running with Coats at the time the latter fell, stopped to help him and finished 15th. "He lost six or seven seconds there, easily, and could have finished right up with the leaders had he not stopped," commented Andonian.

Individual winner was Wyandotte's Roger Simpson who turned the distance in 10:24.3, says Andonian.

Winter Games in U.S.

RENO (U)—President Avery Brundage of the International Olympic Committee says there no long is any doubt that the 1960 Winter Olympic Games will be held at Squaw Valley, Calif.

Rangers Occupy NHL 2nd Place

By THE ASSOCIATED PRESS
The New York Rangers today were in second place in the National Hockey League — a jump of two spots in one day — and apparently ready to make trouble for the leaders.

The Broadway Blues licked the Chicago Black Hawks last night, 4-1, while the Boston Bruins tied the league-leading Detroit Red Wings, 3-3.

That left the Wings with 8 points and the Rangers with 6. Montreal, Toronto and Boston were bunched with 5 apiece while the Black Hawks had 1.

Guy Gendron, who scored only five goals last season sent the puck into the net twice for the Rangers. He produced their first two goals and that was all they needed although Tony Lewicki and Andy Bathgate contributed insurance markers in the final period.

CLIPPING NULLIFIES RUN — It was all in vain for Michigan State's Clarence Peaks whose 93-yard touchdown run was nullified because of a clipping penalty. Sequence shows Jim Morse (17)

of Notre Dame getting clipped by Art Johnson (30) just as he was about to tackle Peaks. In the last picture Notre Dame's Jim Mileta tries to stop Peaks but fails.

AP Wirephoto

St. Mike, Rams Beaten; Eaglets Win

Orchard Lake St. Mary won as expected but St. Frederick lost as expected but St. Michael was handed a stunning setback by St. Mary of Royal Oak in their Roamin' Jug battle to highlight Sunday's football action in the Suburban Catholic League.

Apparently irked at their inability to get control of the jug in six previous tries, the keyed-up Irish out-hustled and out-played St. Mike at Royal Oak to win their first game of the 1956 season. The score was 12-0.

Since its inception in 1950, the Mikes had beaten St. Mary six straight times to retain control of the jug. The Irish changed all that yesterday, however, with their upset victory.

St. Mary scored in the 1st and 4th quarters, with halfback Phil Brzezinski accounting for both touchdowns on runs of four and 15 yards. Paul Smuts set up the 1st Irish tally by returning a punt 58 yards to the Shamrock 12.

It was St. Mike's 3rd loss in six games.

The defending champion Eaglets from Orchard Lake exploded for three touchdowns in the 3rd

period to chalk up a 21-0 verdict over St. Clement at Center Line. It was their 5th consecutive triumph this season and 18th in a row.

Bruising fullback Terry Raymond scored the 1st two tallies with sprints of 10 and three yards. Raymond's 1st TD climaxed a 27-yard drive in which the Eaglets back gained all the yardage. His 2nd scoring thrust completed a march of 63 yards.

St. Mary's final touchdown was

posted by end John Daniel, who fell on a St. Clement fumble in the end zone. Paul Frankowiak placekicked three extra points.

Hazel Park St. Rita extended St. Fred's winless string to 31 games with a 25-0 decision over the Rams Saturday night at Wisner Stadium.

The Vikings scored once in the 1st quarter, twice in the 2nd and once in the 3rd to gain their 5th league win in six efforts. Fullback Al Sleyter led St. Rita's attack with two touchdowns.

Linebacker Andy Landry, guard Jack Lyon and tackle Frank Zwicker sparked defensively for the Rams.

In another SCI surprise yesterday, Ferndale St. James upended St. Benedict of Highland Park, 20-19. Shrine concluded a dismal season Saturday afternoon by losing to St. Patrick, 29-13.

Crane Booters' Streak Intact

Cranbrook's unbeaten soccer team ended the streak of another previously unbeaten team, Nichols, by a 3-1 margin Saturday morning. The Cranes, powered by foreign exchange student Holm Sembach, extended their season mark to 5-0 by dominating play throughout the game.

Sembach, with 14 goals to his credit for a new school record, scored twice against Nichols and gave Sig Snyder an assist for the other tally.

It was Nichols' first defeat in seven matches and put Cranbrook on top of the Inter-State Conference with a 2-0 mark.

Ex-Wolverine Dies

DETROIT (AP) — John Garrels, 70, former olympic runner and University of Michigan athlete, died of a heart attack Sunday at his home on suburban Grosse Ile. A native of Bay City, Garrels was graduated in 1907 from the U. of M. where he played football as a teammate of Willie Heston, one of the school's all-time greats. He retired two years ago as technical director for Wyandotte Chemicals Corp., where he had worked for 27 years.

Win Over Irish 10th Straight

MSU Rated to School's Best

EAST LANSING, Mich. (AP) — Michigan State now has won a dozen football games in a row following its 47-14 second half runaway over Notre Dame Saturday.

Football fans already are comparing this 1956 outfit with the unbeaten teams that won 28 victories under Biggie Munn in the early 1950's.

There's a feeling that state's break-away brilliance might win the Spartans the top football rating in the Associated Press Poll.

State's deep reserves of manpower were mainly responsible for the high count against the Irish, who went down fighting gamely. Two Spartans left halfbacks, Dennis (the Menace) Mendiak and

Clarence Peaks, provided three of the touchdowns that helped break the back of Notre Dame.

Also, Peaks criss-crossed the field on a 92-yard breakaway run but the touchdown was nullified by a clipping penalty. Peaks had nearly a 7-yard average, making 62 yards in nine carries. His touchdown came on a two-yard plunge that capped a drive engineered by Mike Panitch, MSU's No. 3 quarterback.

Mendiak carried 10 times for

157 yards to compile a fantastic 15.7-yard per try average. Boosting his total were two spectacular long runs, one a 62-yard scamper and the other a 68-yarder. In both, Mendiak outran Notre Dame's defensemen and was still gaining ground when he crossed the goal line.

Notre Dame scored first in the game as quarterback Paul Hornung masterminded a gold drive. Frank Reynolds went over from the five for the touchdown.

Pat Wilson carried the Spartans in for a retaliating score and went over from the one in the first half. Second quarterback Jim Ninowski

had the team down to the two yard line and threatening as the half ended.

State's powerful running game was good for 396 yards. The MSU passes added 125 yards through the air. Ninowski was particularly effective as a pitcher, connecting with four of six tries for 85 yards.

Redleg, Chisox Players Named Rookies of Year

ST. LOUIS (AP)—Cincinnati slugger Robinson was a unanimous National League choice and Chicago White Sox shortstop Luis Aparicio of the American League didn't miss it far in the Rookie of the Year poll conducted by The Sporting News.

Robinson, who tied the major league rookie record for homers with 38, was named on all 197 ballots, the baseball weekly announced yesterday. The willowy righthander batted .290 with 83 runs batted in. He had 27 doubles, 6 triples and stole 8 bases.

Aparicio polled 158 votes. Second in the AL with 20 was Rocky Colavito, Cleveland outfielder.
