

Speeches Over, It's Up to Local Voters Now

By GEORGE T. TRUMBULL JR.

Candidates have spoken and now it's the voters turn to have their say as they prepare to turn out in Oakland and 83 other counties for tomorrow's statewide election.

Polls at Oakland County's 285 precincts will open at 7 a.m. and close at 8 p.m. Those still in line at closing time are assured a vote.

County voters will select a representative to Congress, a state senator, six state representatives, and a prosecutor, sheriff, clerk-register of deeds, treasurer, drain commissioner, and surveyor.

In addition, Oakland voters will join with the rest of the state to select a governor, lieutenant governor,

four members of the State Administrative Board, and a U. S. senator for six years.

Whether Michigan's Constitution should be revised by calling a convention, a question which faces Michigan voters automatically every 16 years, will be before them again tomorrow.

Some 15 communities in Oakland County will have special issues on their ballots.

Sunny skies and temperature which might reach as high as 62 is forecast.

If this holds true, the number of voters in the county might reach 160,000, according to Mrs. Florence J.

Allen, county clerk. She said latest registration figures from townships and cities show some 296,000 persons eligible to cast their ballot tomorrow.

Pontiac City Clerk Ada R. Evans said there are 38,619 registered voters in the city.

Two years ago, the ranks of voters were swelled by the customary larger turnout for presidential elections, and 253,432 county voters went to the polls. In the last off-year election, that in 1954, total voters numbered 152,262.

Mrs. Allen urged all voters who could possibly vote early in the day to do so, so as to allow more room at the polls in the evening for all-day workers.

As the 30 county candidates made their last-minute

plugs for votes, both the Republican and Democratic county chairmen predicted victories for their parties.

"We expect to have victory without any question from the Congressional candidate on down to surveyor," declared Arthur G. Elliott Jr., GOP chairman from Pleasant Ridge.

Elliott predicted the Republican victory margin this year to surpass that of 1956, and said that he and other party workers had found that many so-called independent voters "were very much disenchanted with the whole Democratic administration" in the state.

United Fund Totals \$252,354 Passing Halfway Point

The Pontiac Area United Fund today reported the campaign has collected \$252,354 or 50.4 per cent of its goal, as it moves past the halfway point in time.

This year's Tenth Anniversary Appeal kicked off on the evening of Oct. 20, and is scheduled to run until Nov. 11.

Philip J. Monaghan, campaign chairman, today urged the more than 4,500 United Fund solicitors to re-check their lists and see that every call is made.

"We need every contribution we can get and it's going to take an all-out effort to obtain them," Monaghan said. "With fewer potential contributors, the surest way to insure the success of the drive is to have each wage earner adopt the giving yardstick as a pledge guide."

The yardstick refers to the suggested giving scales developed by the UF after an

Flint Man Dies in Dixie Crash

Rams Car Into Truck in Groveland Township; Area Woman Killed

Despite the gallant rescue attempt of a passing motorist, a Flint man died this morning when his auto rambled into the rear of a semi-trailer truck and burst into flames on U.S. 10, according to Flint State Police.

William Lyle

Howe, 51, of 2213 Detroit St., was alone in his auto, going north on U.S. 10 near Oakhill Rd., Groveland Township, shortly before 1 a.m. when he struck the rear of a truck.

Howe's car burst into flame, said police, but a passing motorist, Burlin Schneck, of Flint, leaped from his car and pulled Howe from the front seat of his blazing auto.

Howe was dead on arrival at Flint's Hurley Hospital, suffering "multiple fractures of the body," said police. An autopsy is scheduled.

The truck driver, Robert Corchik, 39, of Portage, Pa., was uninjured. Mrs. Elizabeth C. Dees, 35, of 20793 Glenholme St., Royal Oak Township, died at William Beaumont Hospital Friday night after the car she was riding in collided with another, according to township police.

The driver of the car, Mrs. Gladys Adams, 25, of 20741 Glenholme, and Mrs. Dees were both thrown from the auto by the impact, police said. Mrs. Adams was treated for minor injuries and released, it was reported.

Election Troubles Fall on Cuba

HAVANA, Cuba (AP)—The Cuban government today planned to demand special protection for Cuban airliners and passengers in the United States as the result of rebel seizure of a plane which crashed and killed 17 persons.

The three survivors said four Cuban rebels commandeered the big Viscount turboprop airliner Saturday night on a flight from Miami to Varadero Beach, 87 miles east of Havana.

The wreckage was spotted Sunday in shallow waters of the Bay of Nipe near Preston, in rebel-infested Oriente Province.

The Cubana Airline said Fidel Castro rebels seized the plane to make headlines for their movement on the eve of the Cuban national election today but they caused it to crash when they forced the pilot to attempt a landing in darkness on an airstrip that was too small.

Those killed were the four gunmen, the four Cuban crew members, three other Cubans and six naturalized Americans born in Cuba.

The three survivors, who were injured, included another naturalized American and two Cubans.

The plane was the second seized in flight since Oct. 21. On that date, an authoritative source said, two rebels among the passengers seized a DC-3 with 12 other persons aboard on a domestic flight from Cayo Mambi to Mao Bay.

A spokesman for the Cuban Foreign Ministry said as a result of the capture of the four-engine Viscount Saturday, the Cuban government "will ask of the United States the due protection in American airports of all Cuban airplanes, their crews and passengers."

He did not say what his government expects the U.S. government to do. But he claimed that on "several occasions" Cuban planes had been attacked at the Miami airport.

It was understood that a note asking the protection would be handed U.S. Ambassador Earl Smith today.

A spokesman for the rebels denied in Washington that the Fidel Castro movement had anything to do with the crash. He said individuals acting on their own were responsible.

But the three survivors—Oscar Martinez, a naturalized American who is a newspaper plant engineer, a Cuban woman and a 14-year-old Cuban boy—gave airline and government investigators this account:

The four gunmen boarded the plane at Miami, along with the 12 (Continued on Page 2, Col. 3)

Special Issues on Ballot

By PETE LOCHBILER

Special issues face Pontiac and Waterford Township voters at the polls tomorrow.

In Pontiac, property owners and their spouses will vote on the proposed \$3,300,000 bond issue to expand sewage treatment facilities. A three-fifths majority is necessary for passage.

In Waterford, all voters will be eligible to ballot on a proposal to add two trustees to the township board. A simple majority will carry the issue.

Voters in both communities are faced with the constitutional convention question. To be balloted on throughout the state, the proposed convention must win a majority of all votes cast in order to take place.

The general obligation bond issue would raise funds to build a new Pontiac treatment plant on the Opdyke-Auburn road site, expand the present plant at Mt. Clemens St. and Featherstone Rd., and tie the two together.

Pontiac property owners turned down a bond issue for the same purpose in May last year.

REGISTER AT POLLS Property owners and their spouses must register as such when they arrive at the polls, in order to qualify as electors on the issue. Only those who are registered will receive the special ballots.

The Waterford issue comes about as a result of a new law passed by the Legislature this year. It requires a township of 5,000 or more in population to place the question on the ballot this election.

At present, the township board is comprised of two trustees, the supervisor, clerk and treasurer. The latter three positions are full time, but trustees serve only part-time.

A majority of the total vote cast

HAVANA, Cuba (AP)—Police threw up barricades on streets around main polling stations and troops stood guard today as Cubans held a national election amid guerrilla civil war.

A successor to President Fulgencio Batista, a new Congress and provincial and municipal officers were being chosen.

Fidel Castro, leader of the 23-month-old rebellion centered in the mountains of east Cuba, threatened violence to all who participated in the voting.

Batista's candidate for president, former Premier Andrew Rivero Aguiro, was generally expected to win.

The opposition is divided among three candidates — former President Ramon Grau San Martin, Carlos Marquez Sterling and Alberto Salas Amaro. Suspension of constitutional guarantees curtailed campaigning.

Castro's rebels threatened to shoot any of the 10,000 candidates on sight and warned all who voted that they also risked their lives. They have killed five candidates, including four running for Congress.

They have attacked polling places, destroyed registrations and warned that the election would be bloody in all six provinces.

The government in turn warned that voting is obligatory for all men and women over 21.

It declared it was determined to protect voters and candidates by the use of the 34,000-man army and the 7,500 national police.

Police are manning barricades around polling stations armed with submachine guns. Troops in their barracks were on the alert, ready to rush to the scene of any disorders.

Six Major Airlines Sign Pact Sharing Strike Woes

WASHINGTON (AP)—Major U.S. airlines have signed a pact to share the financial burden of a strike affecting any of them.

One of the lines, Capital, has been hit by a 19-day strike of mechanics.

Another, Eastern, faces a threat by its mechanics to strike at midnight.

Other lines signing the pact were American, Trans World, United and Pan American. They invited additional airlines to join.

It will be filed today with the Civil Aeronautics Board. Airline officials said board approval was not required.

The agreement calls for giving a strike-idled airline the extra net passenger and freight revenue realized by those carriers still operating.

Eastern is locked in a contract dispute with the International Assn. of Machinists. The issues are the same as those in the strike at Capital.

CAPITAL MAY SETTLE

Four other airlines — National, Northeast, Northwest and TWA — have similar disputes but they face no immediate strike threats.

The Capital strike seemed on the way to settlement. The machinists union agreed to put the com-

Seats in Legislature, Senate, Congress at Stake Tomorrow

From Our Wire Services

The eyes of the nation will be on Michigan tomorrow when an expected 2,250,000 voters decide whether to grant an unprecedented sixth term to Gov. G. Mennen Williams.

At state will be the governorship, a U.S. Senate seat, 18 congressional posts, make up of the 144-member legislature, five state administrative board jobs, a constitutional convention proposal and hundreds of local offices and issues.

Nationally, Michigan shares top billing with California, New York and a handful of other states where presidential possibilities and key issues have been spotlighted.

Williams, 47, needs an impressive victory over hard-campaigning Paul D. Bagwell, 45, a Michigan State University professor-administrator, to boost his chances for a crack at the presidency in 1960.

Another widely significant race is the second term bid of senior Sen. Charles E. Potter, 42, the last Republican to hold a major state office in Michigan. He is challenged by Lt. Gov. Philip A. Hart, 45.

FEUDING DIES DOWN

Michigan's political hostilities died down today as rival Democrats and Republicans shifted their emphasis to pleas for a big turnout in tomorrow's general election.

Both sides were uneasy at prospects that close to 1,500,000 of the state's nearly 3,000,000 qualified voters will not bother to go to the polls despite the (Continued on Page 2, Col. 2)

Can't Fix Wrecked Lives in 20 Minutes — Abby

Pastor's Prescription Calls for Gospel, Gumption and God

By ABIGAIL VAN BUREN

"DEAR ABBY: As a minister I am sometimes disturbed by the number of people who come to me and expect me to do something in 20 minutes (equal to adjusting a carburetor) that will solve all their personal and family problems. I think your readers should realize that all ministers have some knowledge of elementary psychology, but the minister's prescription is the Gospel he preaches.

"Which means anything he prescribes is going to call for 'guts' on the part of the person taking it, and that one ingredient in the prescription will be worshipping God regularly, at least once a week, for the rest of your life. Yours truly, ANOTHER MINISTER."

DEAR MINISTER: Thank you for your fine letter and may I add a quote from a minister friend of mine? "The help a minister gives will not be a bed to lie on. It will be a sword to fight with."

Nobody made a move to get up, so this bus driver finally got up and said, 'Here, Lady, take my seat.' He got out of the bus and sat down on the grass adjoining the sidewalk.

"Finally some man figured out that they weren't going any place so he got up and offered her his seat. I think this should be standard procedure for all bus drivers. It's not up to us to judge whether pregnant women should be home or not."

A TRUCK DRIVER

"DEAR ABBY: I have two children by my first marriage and my husband never lets me forget it. His mother lives with us and my husband says that he accepted MY children and I have to accept HIS mother. My children are out all day and go to bed early, but his mother breathes down my neck all day and sits up with us until we go to bed.

"You can't put a mother-in-law to bed! She butts into every conversation, has no friends of her own and makes me miserable! Everything she cooks we either have to choke down or throw out. Please tell me what to do before I end up in a sanitarium." HAD IT.

DEAR HAD: When a man marries a woman with children, he knows the children go with Mamma (sort of a "pack-

age deal.") But a man's mother is not usually "packaged" with the man. Unless you agreed before your marriage to "accept" his mother on a live-in basis, you have every right to ask for a new deal.

"DEAR ABBY: I have a friend who thinks she is clean because the brass pipes under her sink are polished, but you should hear the language she uses! Her kitchen sink is cleaner than her mouth by a far sight. Don't you think that cleanliness should start with a person's own mouth? Your opinion in the paper would be appreciated. Thank you."

"CLEAN MOUTH, DIRTY SINK."

DEAR CLEAN MOUTH: A clean mouth is far more important than a clean sink, but it shouldn't be necessary to choose between the two.

CONFIDENTIAL TO S. S.: Make up your mind — do you want this woman's FRIENDSHIP or do you want her HUSBAND? Find yourself a single man to ride to work with or — take the train.

For a personal reply, write to ABBY in care of this paper. Enclose a self-addressed, stamped envelope.

Exception to Rule Is OK

By EMILY POST

"Dear Mrs. Post: I had a date with a boy the other evening. He took me to the theater and afterwards we went to a hotel to dance and have something to eat. I removed my hat as I noticed no one else was wearing hats and laid it on the chair beside me.

"My boy friend accidentally tipped over his coffee cup and the coffee spilled all over my hat, which incidentally was brand new. He, of course, felt terrible about this and has offered to pay for it. Would it be proper for me to accept payment for this?"

Answer: As he has offered to replace the hat he ruined, you may properly allow him to do so. If he were offering to buy you a hat as a present you would of course have to refuse it.

"Dear Mrs. Post: My daughter is to be married next month. There will be a rehearsal dinner at my house the night before the wedding. I would like to know if the ring bearer and flower girl should be included in this dinner. Also, the young woman who is to be the maid of honor is engaged, and I would like to know if it is obligatory to ask her fiancé to this dinner?"

Answer: The ring bearer and flower girl are surely much too young to be included at an evening party. The maid of honor's fiancé should be invited.

"Dear Mrs. Post: In filling in the names of the parents on birth announcements, how are they correctly written? Should it be Mary and John, Mary and John Brown, or Mr. and Mrs. John Brown? Would the signatures vary according to how well we know the people to whom the announcements are being sent?"

Answer: To intimate friends you merely sign Mary and John, to others you sign Mary and John Brown. To sign Mr. and Mrs. would be bad form.

"Dear Mrs. Post: My brother-in-law, an attorney, was just recently made a municipal judge. Is it an iron-bound rule that all personal mail my husband and I send him be addressed Judge Henry Brown instead of Mr. Henry Brown? We sent him a birthday card the other day and addressed it to Mr. Henry Brown. Shortly after we received a note of admonishment from his wife for having addressed him in this way. Were we wrong?"

Answer: Yes, you should have addressed him as Judge instead of Mr., especially as a newly made judge is apt to be very proud of his title. William Jeffers who were married Friday afternoon in Las Vegas. The Rev. Neville Tinker performed the ceremony.

She caught the eye of Josh

While still in high school she came under the tutelage of Robert MacLane, the South's well esteemed high school drama coach. Her next step, with the encouragement of her father, was the neighborhood playhouse dramatic school in New York, and before her second year was completed Joanne was playing featured roles on TV with Robert Montgomery.

And May Britt, the studio's new glamor charmer from Sweden, just recently denied she and her wealthy husband, Ed Gregson, are "expecting."

Of all the new personalities, Joanne Woodward is the most advanced into stardom. And even Joanne with her newfound happiness in her career and marriage and approaching motherhood, admits she, too, has from time to time been under the care of a psychiatrist!

A typical southern girl, product of Thomasville, Ga., Joanne has loved the theater "ever since I started breathing." Although she does not come from a theatrical family, Joanne never knew a conscious moment when she wasn't pointing for the stage.

Joanne Woodward (Mrs. Paul Newman)

Lee Remick (Mrs. William Coleran)

Hope Lange (Mrs. Don Murray)

Jayne Mansfield (Mrs. Mickey Hargitay)

Career-wise, Joanne has had few problems. Hers has been a steady march forward.

UNLUCKY AT LOVE

But her private life became "all tangled up" when she met a charming young actor, also in "Picnic," and fell deeply in love with him. His name was Paul Newman; he was married and a father.

More because she wanted to break away from New York and what she believed at the time to be a hopeless love, Joanne accepted a bid to come to Hollywood for an unimportant picture. She didn't set the world on fire—and returned to New York. Then, to her surprise, Hollywood "paged" her again.

The amazingly adept performance in "Three Faces of Eve" won her the Academy Award.

In January of this year Joanne was married in Las Vegas to Paul. Her studio has subsequently starred her in "No Down Payment," "The Long Hot Summer" and "Rally 'Round the Flag, Boys"—so all her dreams have come true.

Lee Remick also hails from the television and eastern theatrical world. Such gentlemen of the theater as directors Elia Kazan and Martin Ritt predict a brilliant dramatic future for the talented Bostonian.

In August of 1957 Lee married TV director William Coleran, and in December of this year they will welcome their first child.

Blonde and serenely beautiful Hope Lange is an enthusiastic Hollywood "Mrs." Both she and her talented young actor husband, Don Murray, have found happiness and fame in movietown.

They were married in Beverly Hills right in the middle of making "Bus Stop" in which Don was leading man to Marilyn Monroe and Hope appeared in a supporting role.

That was in April of '56 and already their happy home has been blessed by the arrival of a son, Christopher Paton Murray with (they hope) a "Miss" Murray on the way.

Hope has registered vividly as a young actress to be reckoned with in "Peyton Place" and particularly in "The Young Lions." Don, too, has surged stardom very fast.

HAS BEAUTY, RICHES

Dina Merrill, one of the most beautiful and certainly the richest of the star aspirants, is also one of the happiest!

Born with a couple of solid gold spoons in her mouth (her mother is the former Mrs. Merriweather Post now Mrs. Herbert May, and her father Edward Hutton), and married into another social and financial dynasty (her husband is Stanley Rumbough Jr.), the beautiful Dina need never have turned her hand to conquer the social world of two continents.

"I originally wanted to be a broad jumper or a trapeze artist," laughs this charming blonde.

Her family applauded Dina's small girl performances in school plays "and were amused when I kept on acting all over the place at home," she says. She learned later they were sure little "Denny" would outgrow the theater phase.

Her best movie roles have been in "Desk Set" with Katharine Hepburn and Spencer Tracy, "A Nice Little Bank That Should Be Robbed," and she is now costarring with Gilbert Roland in Havana in "Mr. Pharaoh and the Cleopatra."

As for Jayne Mansfield, she's

It's almost too true to be funny. At the present time four of the most valuable of 20th's stars-to-be are also mothers-to-be. Tuning up for lullabies are:

Joanne Woodward (Mrs. Paul Newman)

Lee Remick (Mrs. William Coleran)

Hope Lange (Mrs. Don Murray)

Jayne Mansfield (Mrs. Mickey Hargitay)

And May Britt, the studio's new glamor charmer from Sweden, just recently denied she and her wealthy husband, Ed Gregson, are "expecting."

Of all the new personalities, Joanne Woodward is the most advanced into stardom. And even Joanne with her newfound happiness in her career and marriage and approaching motherhood, admits she, too, has from time to time been under the care of a psychiatrist!

A typical southern girl, product of Thomasville, Ga., Joanne has loved the theater "ever since I started breathing." Although she does not come from a theatrical family, Joanne never knew a conscious moment when she wasn't pointing for the stage.

While still in high school she came under the tutelage of Robert MacLane, the South's well esteemed high school drama coach. Her next step, with the encouragement of her father, was the neighborhood playhouse dramatic school in New York, and before her second year was completed Joanne was playing featured roles on TV with Robert Montgomery.

Logan, who gave her the role of understudy to the pretty sister in "Picnic." Joanne performed the role 50 times on Broadway, enough to attract the attention of film scouts.

Career-wise, Joanne has had few problems. Hers has been a steady march forward.

UNLUCKY AT LOVE

But her private life became "all tangled up" when she met a charming young actor, also in "Picnic," and fell deeply in love with him. His name was Paul Newman; he was married and a father.

More because she wanted to break away from New York and what she believed at the time to be a hopeless love, Joanne accepted a bid to come to Hollywood for an unimportant picture. She didn't set the world on fire—and returned to New York. Then, to her surprise, Hollywood "paged" her again.

The amazingly adept performance in "Three Faces of Eve" won her the Academy Award.

In January of this year Joanne was married in Las Vegas to Paul. Her studio has subsequently starred her in "No Down Payment," "The Long Hot Summer" and "Rally 'Round the Flag, Boys"—so all her dreams have come true.

Lee Remick also hails from the television and eastern theatrical world. Such gentlemen of the theater as directors Elia Kazan and Martin Ritt predict a brilliant dramatic future for the talented Bostonian.

In August of 1957 Lee married TV director William Coleran, and in December of this year they will welcome their first child.

Blonde and serenely beautiful Hope Lange is an enthusiastic Hollywood "Mrs." Both she and her talented young actor husband, Don Murray, have found happiness and fame in movietown.

They were married in Beverly Hills right in the middle of making "Bus Stop" in which Don was leading man to Marilyn Monroe and Hope appeared in a supporting role.

That was in April of '56 and already their happy home has been blessed by the arrival of a son, Christopher Paton Murray with (they hope) a "Miss" Murray on the way.

Hope has registered vividly as a young actress to be reckoned with in "Peyton Place" and particularly in "The Young Lions." Don, too, has surged stardom very fast.

HAS BEAUTY, RICHES

Dina Merrill, one of the most beautiful and certainly the richest of the star aspirants, is also one of the happiest!

Born with a couple of solid gold spoons in her mouth (her mother is the former Mrs. Merriweather Post now Mrs. Herbert May, and her father Edward Hutton), and married into another social and financial dynasty (her husband is Stanley Rumbough Jr.), the beautiful Dina need never have turned her hand to conquer the social world of two continents.

"I originally wanted to be a broad jumper or a trapeze artist," laughs this charming blonde.

Her family applauded Dina's small girl performances in school plays "and were amused when I kept on acting all over the place at home," she says. She learned later they were sure little "Denny" would outgrow the theater phase.

Her best movie roles have been in "Desk Set" with Katharine Hepburn and Spencer Tracy, "A Nice Little Bank That Should Be Robbed," and she is now costarring with Gilbert Roland in Havana in "Mr. Pharaoh and the Cleopatra."

As for Jayne Mansfield, she's

far and away the most "movie starish" of the happy new crop in Hollywood. A sensational looking girl, Jayne seems to have moved into the niche once occupied by equal sensationalism by another platinum blonde, Jean Harlow.

Jayne has been kidded about appearing at supermarket openings, hot dog stands, lemonade socials—anything for publicity.

She is a quiet, soft-spoken girl, can't afford to be too wholesome, devoted to her parents, her small

daughter by a previous marriage, Janie Marie, and to her present husband, father-to-be Mickey Hargitay.

But, as Jayne once laughed, "I can't afford to be too wholesome, it isn't my stock in trade."

The official end of the sailing season was marked when members of the Watkins Lake Yachting Association met Saturday at Elks Temple for their 14th annual Trophy Banquet. New

You Can Paint Over Paraffin With Soap Mix

Soap comes to the rescue in a children's art class! When paraffin-coated carions need painting for special projects, soap acts as the catalyst.

Ordinarily, these waxed surfaces will not "take" paints. But—add a tablespoon of soap to an equal amount of paste, stir in a cup of liquid tempera paint, and the mixture will adhere readily.

WINGS NIP RANGER COUSINS, 2-1

Verdict Decided Early on Goals by Howe, Burns

NEW YORK (UPI)—As long as they keep the Rangers in the league, the Detroit Red Wings won't have to worry about a National Hockey League playoff berth and Gordie Howe will keep scoring goals.

The Wings won their third in as many starts from the Rangers last night to break even on their two-game weekend swing to the East.

Howe fired his fourth goal of the season in a first period power play and rookie Charlie Burns netted the other in the Wings' 2-1 victory last night. The "Boston jinx" prevailed Saturday as the Bruins won 3-1.

Howe whistled a 25-foot past Gump Worsley during a power play for a 1-0 first period lead and Burns banked the winner off Worsley's head at 3:56 of the middle period. All four of Howe's goals have come against the Broadway Blues.

Burns, standing outside the crease, lifted a rebound that hit Worsley on the head and bounced into the cage.

Lou Fontinato lashed a long drive from just inside the blue line to cut Detroit's margin to one goal at 3:16 of the final period but the Wings gave goalie Terry Sawchuk all the protection he needed to blank the Rangers the rest of the way.

Sawchuk had a total of 38 stops to only 25 for Worsley.

The victory left the Wings three points behind second place Boston and four off the pace set by Montreal.

Win at New York 3rd Straight for Detroit Over Broadway Boys

NEW YORK (UPI)—As long as they keep the Rangers in the league, the Detroit Red Wings won't have to worry about a National Hockey League playoff berth and Gordie Howe will keep scoring goals.

Someone Just Goofed

LINCOLN, Neb. (AP)—Missouri's cross country team beat Nebraska by one point here Saturday 27-28.

An earlier erroneous report, originating with the Nebraska athletic department, had Nebraska winning.

"We goofed," explained a university spokesman.

Orchard Lake St. Mary's grid-ers ran into a tough opponent Sunday, on the suburban club's field and bowed to St. Rita 13-0.

The Irish grabbed a quick tally on the 2nd play after the opening kickoff. Bill Oliver scrambled over from the one after the Ritas has rushed 51 yards in 10 plays. Jim Galante booted the extra punt, and that was the game, as far as Eagles were concerned.

St. Mary threatened only once going to the Irish 12 in the first period after a 75-yard drive. A fumble lost the scoring chance.

Ritas scored the 2nd time in the 3rd period on a pass interception by Jerry Witnall followed by a 10-play drive with Ed Sloan going in from the one.

In other SCL game Sunday St.

James defeated St. Mary (RO) 25-6. OLS (Farmington) lost to AA St. Thomas 53-0.

Passing Show by Knox Fails to Help 'Argos'

By THE ASSOCIATED PRESS

Jack Hill and Johnny Bright, a couple of U.S. backfield aces, got the records they were after in Canadian pro football over the weekend. But Ronnie Knox' attempt to rally the Toronto Argonauts into the Big Four Union playoffs failed despite another passing show from the talented, but controversial former UCLA star.

Hill, versatile halfback from Utah State, set a season scoring record of 145 points for the Western Interprovincial Union, adding 16 for the Saskatchewan Roughriders. Bright, former fullback star at Drake, gained 104 yards for the Edmonton Eskimos and with 1,707 yards broke the season rushing record of 1,679 yards he set a year ago.

Bowl Picture Moves Into Focus

By United Press International

There's many a pitfall ahead but the New Year's Day bowl picture appears today to be rapidly coming into focus.

Iowa, Louisiana State, Oklahoma and Oregon State gained the inside track for various "automatic bids" Saturday and it also seems that Syracuse, Mississippi, Clemson and North Carolina are in line for lucrative Jan. 1 invitations. Toss in the Southwest Conference champion and rugged Pittsburgh and here's a long-range look at the possible pairings in five major bowls:

S-P Introduces 'Lark' Series

Hoping to Get Bigger Share of Market With New Smaller Car

By DAVID J. WILKIE
AP Automotive Writer

SOUTH BEND, Ind., (AP)—Studebaker-Packard's new line of smaller cars will offer six-cylinder or V-8 engines and with automatic, overdrive or conventional transmission.

The car with which Studebaker-Packard hopes to gain a bigger and profitable slice of the automobile market, is the Lark series. It will be produced in two and four-door sedans, two-door hardtop and station wagon models.

Dealers showing of the series is scheduled for Nov. 14.

Besides the Lark series Studebaker-Packard also is producing its Silver Hawk series for 1959. The Packard series has been discontinued.

The Lark series has a 108 1/2-inch wheelbase and 175-inch overall length for sedan and hardtop. The station wagon models measure 113 inches in wheelbase and 184 1/2 inches in overall length.

A grille similar to that on the Silver Hawk series features the front styling of the Lark. The grille is flanked by combination parking-directional lights and air scoops. A single stainless steel molding sweeps back above the headlights along the sides of the car and continues around the rear.

New horizontal-oval tail lights provide illumination to the sides as well as to the rear of the car. Fender panels are bolted on, making them removable in case of damage.

Optional, extra-cost items include power steering on all six-cylinder models; power brakes, air conditioning, twin traction non-slip differential, and reclining front seats on all models.

Each divided front seat is adjustable to seven different positions, including a position flush with the rear seat cushion to form a bed.

Snow and Rain Bluster Across Eastern States

By The Associated Press

Snow, rain and strong winds dampened and chilled sections of the Northeast today as cool air spread across broad areas in the Eastern third of the country.

The snowfall was confined mostly to higher elevations in central and northeast Pennsylvania and the southern New York state. The rain belt extended from the lower Great Lakes region and upper Ohio Valley eastward into most of the mid and north Atlantic coastal area.

Blustery northerly winds up to 37 m.p.h. whipped the New York City area during the night in a rainstorm. Rainfall in most of the Eastern states was light except for a few spots in eastern Pennsylvania. More than 2 inches of rain doused Harrisburg in 24 hours. Moderate to heavy snow fell from the Altoona, Pa., area northward into the Elmira-Binghamton, N.Y., region.

Banks Deny Financing U.S. Will Cause Future Inflation

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP) — Commercial banks are fighting back today at the wide spread charge that by helping the U.S. Treasury finance its 12 billion dollar deficit they will be feeding the fires of future monetary inflation.

The banks know that anything that might send the cost of living higher later on would be unpopular with the public. And they want to correct the notion they're a part of the act.

Actually, they say, they can't afford under today's credit policies to hold these short term government securities. So these bills and certificates are rapidly passing into the hands of corporations and others seeking to hold liquid funds.

Corporations favor them because rates are high enough of late to bring in attractive returns on idle funds, and the securities can be sold quickly when needed to pay taxes or other expenses.

The banks base their case on a U.S. Treasury survey of the ownership as of July 31 of the 67.8 billion dollars of marketable government securities due within one

Grain Demand Hikes Contracts

CHICAGO (AP)—A broad demand for grain futures sent prices of most contracts well ahead today in early dealings on the board of trade.

Wheat, rye and soybeans were bid up about a cent a bushel or more within the first few minutes of trading. A higher oil market was credited with the demand of soybeans while wheat was strengthened on a report that large flour business was expected to be transacted.

All corn contracts also moved to the plus side after an irregular opening but dealers said that grain was affected somewhat by the bullishness in other pits.

Trade was almost at a standstill near the end of the first hour with wheat 1/4 to 1/2 cent a bushel higher, Dec. 1944; corn 1/4 to 1/2 higher, Dec. old type contract \$1.10; oats 1/4 to 1/2 higher, Dec. 64; soybeans 1/4 to 1/2 higher, Nov. \$2.12 1/2.
