## Koren on Stand 3 Hours in City Manager Hearing

By DICK SAUNDERS

Pontiac Police Chief Joseph Koren coolly testified for three hours last night at the hearing of the suspended city manager who refused to fire him.

Claims of alleged police inefficiency and insubordination were involved in the hearing, centering on City Manager Robert A. Stierer.

Outwardly calm and incisive throughout, the chief described Pontiac police participation in "political investigations" and a gambling raid July 19, as well as his efforts to carry out city commission directives on department organizations and activity.

**Mayor Robert A. Landry adjourned the session at 10:18 and scheduled the fifth session for 7 p. m. Sept. 12, in the City Commission meeting chamber at City Hall.**

Under questioning from Stierer's attorney, Howard I. Bond, Koren spent the first half of testimony last night asserting, among other things, that —

Mayor Landry and several other commissioners told Koren that he should order the "political investigations" stopped.

**'DISLOYAL' OFFICERS**

Landry told Koren that any Pontiac police officers who would investigate any member of the City Commission were disloyal and should be discharged.

He (Koren) had not "refused to compel the officers involved to reveal who ordered these investigations," as stated in charges against Stierer.

**Commissioners complained to Koren that the use of outside agencies in the July 19 raid was "embarrassing to commissioners" and the bookie investigation was "highly improper." This despite the fact Koren told them it had been a "very successful raid" because "there were no (information) leaks at all on any score."**

The so-called political investigations involve checks into the accuracy of campaign expense statements of several commissioners in the April 1962 municipal election. The commissioners under investigation were not named directly.

Only Commissioner William H. Taylor Jr. openly stated that he had been investigated.

★ ★ ★

Commissioner Loy Ledford said commissioners had been called to a meeting with County Clerk-Register Daniel T. Murphy to discuss election expenses.

Koren defended his statements under a barrage of questions and statements from commissioners.

**Major spokesmen from the commission table were Commissioners Milton R. Henry, Loy L. Ledford and Landry.**

One major point was whether commissioners ordered Koren either to not prosecute anyone or to cease political investigations.

Another concerned who initiated the investigation or signed a complaint.

**WHAT WAS THE WORD?**

Landry said:

"You made a statement that Mr. Bottom (Mayor Pro-Tem Winford E. Bottom, who was absent last night due to illness in his family) and I told you that we thought it was unfair for the police department to investigate the commission?"

"Not unfair," Koren said.

"Or, illegal," Landry added.

"No. Not illegal. You told me it was disloyal," Koren replied.

**"Now just a minute," Landry asserted. "We never made no such a statement."**

Before his clash with Landry, Koren had been asked by Henry if "any member of this commission (has) ever told you that you were precluded from investigating any member of this commission?"

★ ★ ★

"Yes, sir," Koren asserted. "I was told the police should not investigate any members of the commission; that this constituted disloyalty and the officers . . . should be discharged summarily."

"You never got any order to that effect from anybody here on the commission table did you?"

"Verbally, yes," Koren answered.

**Then it was Ledford's turn.**

**"At any time did I ever ask you not to investigate my election expenses?"**

"You did not instruct me not to but you certainly indicated that this was not a proper function of a police officer," Koren said.

Ledford said commissioners wanted to know who signed the

## Board Official Says Shutdown Is 'Temporary'

### Wallace Asks Action Following Bombing; Negro Killed in Melee

From Our News Wires

BIRMINGHAM, Ala. — Three Birmingham white schools scheduled to admit Negroes were closed today under the prodding of Gov. George C. Wallace following a midnight riot which claimed one life.

The four-member city school board voted unanimously to go along with Wallace, but a spokesman said the closings would be only temporary.

**"If the board has its way, and if the situation does not worsen, the schools will be open again Monday morning," board president Robert C. Arthur announced.**

Wallace slept late in Montgomery, the state capital 90 miles away, then plunged into a round of strategy talks aimed at keeping his pledge to resist racial integration at every level in Alabama.

★ ★ ★

The governor, his face drawn and haggard when he finally went to bed last night, was reported considering coming to Birmingham for a closer assessment of the situation and possibly to hold a news conference.

**Birmingham police and state troopers surrounded the three schools — one of which registered two Negroes yesterday — this morning and turned away a handful of students who showed up.**

It marked the first time that the troopers Wallace sent into the city Tuesday had put in an appearance at the schools. About 50 joined the city police at each of the locations—two high schools and Graymont elementary school.

★ ★ ★

The two-hour riot late last night left 19 persons, including three policemen, injured. About 1,000 Negroes poured into the streets following the bombing of Negro attorney Arthur Shores' home for the second time in two weeks.

**Rock throwing by the resentful Negroes followed, then gunfire by officers as a melee involving hundreds of Negroes and scores of city and county policemen raged for more than an hour.**

John L. Coley, 20, fell with three bullets in his head and body. He died later at a hospital.

**Wallace's announcement from the executive mansion at Montgomery, made through an aide on the scene here, came at 4:20 a.m.**

★ ★ ★

More than 40 bombings have occurred in Birmingham since 1947, many of them in "Dynamite Hill," a Negro community once densely populated by whites.

## Ford Claims 'Most Changes'

### Introduces '64 Models at Special Preview

By DICK HANSON

COLORADO SPRINGS — Ford Motor Co. introduced its 1964 models to newsmen at a special preview here yesterday with the claim that its cars offer "the most extensive across-the-board changes in history."

★ ★ ★

The most noticeable change came in the Thunderbird line. The 1964 T-Bird combined the squarish 1958 model and the tubular 1963 model. A departure was also made in the design of taillights. A longer hood and shorter roofline mark its body style.

**While the general public will not "meet" the new Ford until Sept. 27, some 200 newsmen who gathered here for Ford's Pike's Peak rally not only got to study the models, but to put them through their paces.**

The rugged 43-mile ascent to the Pike's Peak summit gave ample testing opportunities.

**OTHER CHANGES**

Other changes in the Ford line include a bumper-to-bumper restyling of the slightly enlarged Falcon, the first major change in its four-year history; a new roof on the Fairlane which gives it a more massive appearance; and newly designed headlamps, wraparound bumper and horizontal bar grille on the Ford, which give its front end a more massive look.

**The major styling changes were made to depict "scores of mechanical and functional advances," according to Lee A. Iacocca, Ford vice president and general manager of Ford Division.**

He declined to say how much the changes cost the division, except that the figure "runs into hundreds of millions."

## City Okays Parking, Closing of Saginaw

City commissioners last night approved a resolution whereby the city would close Saginaw Street and guarantee 1,500 parking spaces in the central business district north of Huron.

Commissioners Milton R. Henry and Winford E. Bottom were absent at the time and didn't vote on the resolution which passed 5-0.

The resolution also specifies a period of three months in which time Sears Roebuck Co. is to announce its intentions for expansion downtown.

★ ★ ★

Sears and several other stores have been working closely with the Pontiac Area Chamber of Commerce on a downtown redevelopment plan for the area north of Huron.

★ ★ ★

Sears wanted reassurance that the city still intends to provide ultimate space for a minimum of 1,500 cars as outlined in the Central Business District plan last year.

**WILL BE HUB**

The firm is expected to be the hub of a shopping complex in which Saginaw would become a mall. Saginaw would not be vacated until the perimeter road is completed.

**The resolution was necessary before Sears would agree to go further on plans to expand, explained Max Adams, manager of the chamber.**

Redevelopment plans under study would be financed by private capital. Present buildings would be remodeled or replaced according to an over-all architectural concept.

★ ★ ★

The development would not be an urban renewal program sponsored by local and federal governmental units.

## Warm, Sunny Days Just Around Corner

The weatherman says Ol' Sol will peek through the clouds late today bringing fair skies and milder temperatures tonight.

**Tomorrow will be mostly sunny with the warming trend continuing through Saturday. Temperatures will dip to near 58 tonight and soar to a high of 78 tomorrow.**

The low mercury reading prior to 8 a. m. was 52. The 2 p. m. recording was 71.

## 'Roar of a Shotgun Sounds Like Cannon'

By WILLIAM O. BRYANT

BIRMINGHAM, Ala. (UPI)—The roar of a shotgun, when you're in front of it, is the roar of a cannon. It is aimed high enough to miss — just high enough.

More than 1,000 Negroes gathered last night near Arthur Shores' home moments after it was rocked by a bomb for the second time in two weeks. Many others roamed the area, throwing bricks and bottles at anything that moved on the street and had white people in it.

Reporters and photographers were fair game. A bullet smashed the rear window of a cameraman's car. Others were hit by rocks thrown by Negroes. A reporter for the Birmingham Post-Herald was cut on the ear when the window of his car was smashed.

**A reporter's car was stopped by a policeman. The officer used the butt of his shotgun to smash the headlights out and then shouted "Get the hell out of here."**

There was fear and excitement, rocks and bullets in the dark, foggy air last night.

The first few minutes the crowds of Negroes were orderly. There were no jeers or curses or rocks.

Then the squat, gray, ugly armored car police call the "riot wagon" roared up. It sounds like a tank. The Negroes don't like it. They began jeering.

**A shot roared and rocks began to fly. I was standing in the street between the line of policemen and the crowd of Negroes.**

Suddenly the blast of shotguns and carbines was everywhere. The police were firing into the air. It sounded like a battlefield.

I ducked and looked back. A policeman with his shotgun pointed just over my head was frantically motioning for me to get down. I did.

**Leaves and branches, clipped from trees, fluttered down and the smell of gunpowder was heavy in the air.**

It was more than an hour before the rattle of guns, including the extremely rapid shots of a .45-caliber "grease gun," stopped.

But the tension and excitement went on and on.

## Navy Displays Thresher Debris

From Our News Wires

WASHINGTON — The Navy today displayed a recently recovered piece of copper tubing it said was positively identified as part of the sunken nuclear submarine Thresher. Then it called off a five-month search for the lost sub.

Navy officials told a news conference the hull has not been located, but they said it might be near the point where the latest debris was recovered by the deep-diving bathyscaphe Trieste.

**The tubing was the first debris unmistakably identified as coming from the submarine, which was lost April 10 with 129 navy men and civilian technicians aboard during diving tests some 220 miles off Cape Cod.**

Other material picked up from the ocean floor, about 8,400 feet down, has been described as of types used in Thresher-class subs, but not definitely identifiable as part of the missing nuclear-powered craft.

## Cranbrook Gets Growth Grant

### $3-Million Program on Matching-Dollar Basis

Cranbrook School in Bloomfield Hills today announced a $3-million development program endorsed by a $1.5-million challenge grant from the Cranbrook Foundation.

The foundation's grant, one of the largest single gifts ever offered to a secondary school, was made on a one-to-one matching-dollar basis. The school can claim the entire amount by raising $1.5 million from other sources before Dec. 31, 1966.

**Joint announcement of the program and challenge grant was made by Martin S. Hayden, chairman of the school's board of directors, and Headmaster Harry D. Hoey.**

Henry S. Booth is chairman of Cranbrook Foundation's board of trustees.

**The first major fund raising in Cranbrook's 46-year history is designed to increase the present $1.5 million endowment and complete building projects on the campus.**

Directors of the school have proposed increasing faculty salaries and related benefits with a portion of the additional endowment income.

The school would also broaden its educational program, establish four endowed chairs of instruction, provide for extra educational opportunity for faculty members and offer additional special lectures, concerts and other cultural and educational events.

Needs in the area of plant development include expansion of library facilities, new language instruction facilities, construction of additional faculty housing and various renovations of existing areas.

The capital gifts campaign is scheduled to begin early in 1964.

## U.S. Curbs Official Travel to Viet Nam

WASHINGTON (AP) — The State Department announced today that curbs have been put on official U.S. travel to South Viet Nam because of "the unsettled situation" there. It suggested that American tourists hold off on their visits too.

**Press officer Robert J. McCloskey said the immediate effect of the official travel limitation is to hold up departure of 50 dependents of military personnel who had been slated to go to the troubled Southeast Asian Country.**

Other trips by U.S. civilian and military officials are being restricted to "essential business" and considered on a case-by-case basis, he said.

## Jaycees to Collect Petitions at Booths

**The Pontiac Junior Chamber of Commerce will have four booths open 6-9 p.m. tomorrow for persons wishing to sign or return charter amendment petitions.**

**The booths will be located at Saginaw and Huron, at Tel-Huron shopping center, Pontiac Mall and K Mart. Petitions bearing 5,000 signatures have been handed in so far.**

ONE-MAN SHOW — Unlike the first three sessions of the hearing into ouster charges against suspended City Manager Robert A. Stierer, last night's featured a one-man performance from the witness stand. Police Chief Joseph Koren (profile, left) was on the stand throughout the three-hour session. Here he answers a question from Stierer's attorney, Howard I. Bond (third from right around table) as City Commissioners listen and take notes.

(Continued From Page One)

complaint against them "and that's all we ever asked for."

(The written charges against Stierer make no mention of a complaimant, only of who "ordered" the investigations.)

**DENIED COMPLAINT**

Ledford asserted that Koren said Oakland County Chief Assistant Prosecutor Jerome K. Barry told him County Clerk Daniel Murphy "authorized" the complaint but that Murphy later denied this and "there has been no complaint signed by anyone."

**Koren replied: "Commissioner Ledford, I don't know to this day if there has been a complaint signed. The only thing I know is I was asked by Mr. Barry for two men to assist him in an investigation having to do with certain election irregularities. This I did."**

Landry said that he had never appointed a committee of three commissioners to question Koren about a bookie raid July 19.

★ ★ ★

Koren said he had overheard a conversation between the three commissioners—Ledford, Charles H. Harmon and Dick M. Kirby—in which they said Landry appointed them, but that no one else had told him they were appointed by the mayor.

Ledford stated that he and the other two hadn't been appointed by Landry.

**Koren said the three came to him shortly after the raid, in which a Civic Improvement Advisory Committee appointee of Bottom's was arrested.**

"The three commissioners asked about the raid and said they felt it should have been handled locally, that it was embarrassing to commissioners."

**'IMPROPER' RAID**

Koren said they termed the investigation "highly improper" and wanted to know why the commander of the vice squad wasn't kept informed.

The commander was on vacation at the time, Koren said.

"I told them it was a highly successful raid," Koren said. "There were no leaks at all on any score."

**Koren added that "Local police cannot possibly deal with such an investigation which involves persons beyond our jurisdiction."**

In regard to an order of last Oct. 30 recommending immediate reinstatement of the police reserves, Koren said there were about 50 reserves when the unit disbanded in 1958, and some 30 showed up when it was reactivated in November.

★ ★ ★

"Since then, all but 16 have withdrawn telling us they didn't want to get involved in a political situation.

"Of the 16 remaining, only six or seven have shown up for their assignments. The others have not."

**Henry asked if there had been a difference of opinion between him and Bottom about whether reserves had to file new applications or were automatically part of the existing auxiliary.**

Koren said that "Bottom was very much concerned about any further investigations" into the background of reservists. The chief said investigations had shown one or two members "had a criminal record dating back sometime."

**'SOUGHT FULL POWERS'**

He also said that Bottom insisted the reserve uniforms be the same as for regular police and they have full police powers of arrest.

"I couldn't concur with that," Koren said.

**Henry dwelled on charges that foot patrols haven't been maintained as previously requested by the commission in the area of Bagley and Wessen streets.**

Koren argued they had.

"Is anyone there now?" Henry asked.

"You made that statement last Friday," Koren answered, referring to Henry's charge at the last session that he would bet there weren't any police on foot at the intersection at that hour (10:30 p.m.).

"Someone checked and said there were no officers there at the time," Henry asserted.

"That's because they'd just made an arrest at the corner and were en route to the station," Koren explained. He read the arrest item in the police log from Friday 10:40 p.m.

# 600 Search for 6-Year-Old

CHEYENNE, Wyo. (UPI) — More than 600 men, including 250 airmen from nearby Ft. Warren Air Force Base, searched today for 6-year-old Carmella Aragon, who has not been seen since she failed to return home on Tuesday from her first day at kindergarten.

Footprints and note paper believed to have been Carmella's possession were found at the edge of a creek previously by searchers.

Carmella was last seen Tuesday by a truck driver as she walked along a road about two and one-half miles east of Arp School.

# It's Split Germany or War, Nik Believes

**From Our News Wires**

BONN—Soviet Premier Nikita Khrushchev told a West German politician the only alternative to the continued division of Germany is war, it was reported today.

Thomas Dehler, a leader of the Free Democratic party and vice president of the German lower house of Parliament, said Khrushchev made the statement in a 70-minute meeting they had in Moscow yesterday.

**"It was not said in a threatening tone, but rather in a matter-of-fact tone," Dehler reported to a news conference.**

Khrushchev, Dehler said, feels the most important thing is to preserve the social order which the Communist parties have established in East Germany and East Europe.

TOKYO — Communist China charged today that "a whole series of errors of principle" committed by the Soviet Union have brought Soviet-Chinese relations to "the brink of split" and "unprecedented gravity."

The errors "are not just accidental, individual and minor errors, but a whole series of errors of principle, which endanger the interests of the entire Socialist camp and international Communist movement," Peking declared in a New China News Agency broadcast monitored here.

RAWALPINDI, Pakistan — U.S. Undersecretary of State George Ball ended a three-day visit to Pakistan today, saying he had had excellent talks with Pakistani leaders, and "We have a better understanding of each other's point of view."

**Although he failed to win a specific promise from President Ayub Khan not to move closer to Red China, Ball said his special mission, ordered by President Kennedy, was fulfilled.**

He had been sent to probe Pakistan's intention toward the Communist bloc.

Lausche said in a prepared Senate speech that because Gromyko "deliberately lied" about the presence of offensive Soviet missiles in Cuba last year, "I am loathe to believe that President Kennedy could ever again place any credence in what Mr. Gromyko might have to say."

# 'City' Move Leaders Picked in Waterford

A citizens' action committee formed to promote incorporation of Waterford Township as a city designated its leaders at an organizational meeting last night.

Approximately 85 persons representing many organizations in the township attended the 8 p.m. gathering at the Community Activities Inc., building.

Dr. John Naz was named chairman of the group seeking a "yes" vote on the incorporation issue in a special election slated for Nov. 5.

**Cochairmen of the cityhood drive are Dean Salley and Dr. Everette Gustafson who will be assisted by Robert Dieball and Robert Bauer. Michael Patterson was named secretary of the committee.**

Subcommittee chairmen named at the meeting are James Clarkson, finance; David Hertler, printing and programing; Frank Richardson, publicity; Donald Card, manpower; Don Fraser, membership; and Arthur Salley, speakers' bureau.

Dieball, the township's planning director, outlined advantages of cityhood over the community's present status of charter township.

Waterford as a city would enjoy a more favorable fund borrowing position than as a township, he said.

**Dieball cited the danger of fragmentation as the foremost problem of a township. Waterford is temporarily protected from incorporation of its areas due to the impending election.**

A panel consisting of Township Board Trustee John Coleman, Dean Salley, Dr. Gustafson, Township Supervisor James Seiterlin, Dieball and Mrs. Edmund L. Windeler, past president of the Greater Waterford Community Council (GWCC), answered questions from the audience.

Soon after the outbreak was quelled, the talks between representatives of Wallace and the school board began.

**There already had been brief disorders yesterday at two of the three schools to be desegregated. Six parents had filed suit to try to win a stay of the integration.**

After the night of negotiations, Wallace in Montgomery issued a brief statement, saying:

"I have tonight asked the Board of Education of Birmingham to close until further notice schools at West End, Ramsay and Graymont.

"The board has acceded to my request and the schools will be closed temporarily.

**"The board has also agreed at my request to join in the petition to stay the federal court order integrating these three schools."**

It was at Graymont, an elementary school, that two Negro brothers registered yesterday. They would have started classes this morning with white children.

Three other Negro pupils were to register and begin classes today at West End and Ramsay, both high schools.

Details of the school closings were left to Supt. Theo Wright.

**The legal action began by the six white parents was a request for an injunction against integration of the schools because of violence.**

U.S. Circuit Judge Walter P. Gewin of nearby Tuscaloosa took the petition under advisement.

# Ten New Classes Listed in Continuing Education

BIRMINGHAM — Ten new courses are being offered this year in the continuing education program of the Birmingham Public Schools.

Among the additions is speculative investment, a Thursday night course dealing with speculative situations such as second mortgages, land contracts, common stocks, Canadian mining stocks and put-and-call options.

Also new on Thursdays are courses in drafting and introduction to graphic arts.

**A class on development of Western culture will meet Mondays. The course will attempt to relate the modern world to political, religious, intellectual and moral movements of the past.**

The other Monday night newcomer is advanced charm and poise.

"Your Child and Reading" will be discussed Tuesday nights. The course is aimed at parents of preschool and primary school children.

Wednesday will see students attending new classes in crafts, water colors, creative writing and great books.

A total of 67 classes will be offered during the fall term which begins Sept. 23. Last year 3,300 persons participated in a three-term program of 194 classes.

**Registration will start Sept. 9 at the Office of Continuing Education, Chester at Martin. Prospective students can enroll in person or by mail.**

The classes are open to anyone 17 years of age or older who is not enrolled in a regular school program.

An evening course in drawing and painting for adults will be offered this term by the Galleries of the Cranbrook Academy of Art in Bloomfield Hills.

The Tuesday night course is planned for students who have had some previous instruction in the basic techniques of visual art. The 10-week course begins Oct. 8.

# JFK Has U.S. Borrowing in Europe

By RUTH MONTGOMERY

WASHINGTON — Worried Republican legislators have learned that President Kennedy is using an "unprecedented gimmick" to forestall the inevitable day of reckoning on our mounting gold drain.

Representative Jack Westland said a top-ranking official of the Federal Reserve Board disclosed the "gimmick" RUTH to an exclusiveMONTGOMERY group of GOP legislators who call themselves the "SOS Club."

The official disclosed that during recent months the U.S. has been signing short-term I.O.U.'s for $654 million to Germany, France, Switzerland and Italy.

The first notes signed bore 3.2 per cent interest during their 20-months life, but Germany upped the interest to 3.55 per cent on its latest "loan" of $25 million.

The little-known transactions began when the four European nations presented their excess dollar reserves to be cashed for U. S. gold.

* * *

Faced with steadily mounting deficits-of-payment position, the Kennedy administration asked for permission to sign notes, instead of paying in cash.

"This is the first time in living memory that we've had to borrow money from foreign governments," Westland said. "The American people are certainly unaware of this gimmick, which merely postpones the day when our fiscal chickens come home to roost."

Several of the notes will not come due until after the presidential election next year.

* * *

Westland said he asked the Federal Reserve official how many more of such non-negotiable I.O.U.'s we would be able to sign before a "day of reckoning" arrived, and was told: "We are getting close to the end of the line right now."

In the last year of the Eisenhower administration, our balance of payments deficit was $3.2 billion. Candidate Kennedy repeatedly harped on the danger of such fiscal unbalances during the campaign, but it is now running at the rate of $5 billion yearly, and steadily mounting.

Westland said he cannot comprehend why President Kennedy, knowing of the impending crisis, is demanding that the half-billion dollar house cut in foreign aid be restored.

"While we are forced to borrow from prosperous European governments at high interest rates," he said, "the President is simultaneously insisting that we donate money, or make long-term, low-interest loans to other countries throughout the world, including such leftist ones as Indonesia, Afghanistan, Yugoslavia and India. It just doesn't make sense, and can rapidly bankrupt us."

He pointed out that President Eisenhower, in order to reduce the balance of payments deficit, had set in motion a plan to reduce American military dependents overseas, but that one of President Kennedy's first official acts was to cancel the order.

Foreign aid and overseas military spending are the two heaviest drains on our gold supply.

ALL ARE 'EXPERT'

Westland is the fiscal and balance-of-payments expert in the close-knit "SOS Club," which consists of 16 "young Republicans" elected to Congress in 1952 or thereafter.

* * *

Among the others, Rep. Bob Wilson is chairman of the Republican National Committee; Rep. Craig Hosmer specializes in test ban, nuclear and disarmament problems; Rep. Clark MacGregor specializes in civil rights legislation; and Rep. Clifford McIntire, in agricultural problems.

The exclusive group meets every Tuesday afternoon, and for breakfast on Wednesdays, with an invited official speaking off the record.

Sen. Peter Dominick of Colorado, a member while in the house, continues to attend now that he has moved to the Senate.

* * *

The speakers have included CIA Director John McCone, Chairman Gonzalo J. Facio of the Organization of American States, the British, French and Australian ambassadors, members of the Joint Chiefs of Staff, former Vice President Richard M. Nixon and members of the President's cabinet.

As Crime Rate Rises

# Laws, Apathy Trip Up Nation's Police

*(Editor's Note—Once again the uniform crime reports of the Federal Bureau of Investigation show that the nation's crime rate jumped last year. It still is rising. UPI checked police officials of a cross section of major cities for their views on reasons for the steady rise.)*

By BARNEY SEIBERT
United Press International

The nation's crime rate is rising and many of the nation's top police officials believe legislative and court restrictions are hobbling their power to cope with it.

★ ★ ★

A United Press International survey of officials in 33 cities showed that they feel they also are hampered by public apathy, insufficient manpower and declining public morals.

Seventy-six per cent of those surveyed agreed with Director J. Edgar Hoover of the FBI that legal restrictions on police work are handicapping the fight against crime.

**Chicago Police Supt. Orlando W. Wilson, in a speech to the American Bar Association, said "Crime is overwhelming our society" because of legal restrictions on investigative procedures.**

All but eight of the officials questioned said the crime rate is rising in their communities. A few felt that the increase was less serious than national figures indicate.

FBI statistics released two months ago showed that the nation's crime rate jumped 6 per cent in 1962. The latest FBI statistics show the rate of crimes of all types was 9 per cent higher in the first half of this year than during the same period of 1962.

★ ★ ★

Nearly half the officials surveyed by UPI felt that better public cooperation would have reversed the trend.

Twenty-seven per cent of the police officials noted a growing respect for law on the part of the public. One out of four felt a breakdown in parental authority was responsible for the growing crime rate among juveniles, who accounted for most of last year's increase.

Thirty per cent of the chiefs questioned said population increases had something to do with higher crime rates in their own communities.

But 21 per cent said that strengthening the family unit and improving public morality would be the biggest single factor in cutting crime.

**Nearly one chief in every five argued that tougher laws and stricter courts would be at greatest help in rolling back the crime rate.**

Thirty-nine per cent of the officials believed that more manpower was the answer to nation's crime problem. Twenty-one per cent felt that better pay for police would help them attract the quality and quantity of men needed.

Some of the chiefs' most vehement response was in agreement to Hoover's statement in the annual FBI crime report that "Law enforcement machinery is impaired and policing is hampered as a result of increasing restrictions being placed on enforcement operations."

**Los Angeles Police Chief William A. Parker said that under present restrictions it is possible to "have the guilty party but still lose in court."**

"It is the public who pays for this," he said.

★ ★ ★

In Dallas, Chief Jess Curry said "It doesn't seem good business that if I'm looking for marijuana and find a bunch of stolen diamonds I couldn't take the diamonds and hold them in evidence."

**FAVOR CRIMINALS**

Chicago's Wilson said, "Technicalities all operate in favor of the criminal. Our crime rate goes up as our conviction rate goes down."

Other comments:

**Police Chief Robert Reilly, Indianapolis: "Society is overemphasizing the rights of the criminal and at the same time downgrading the rights of the victim."**

San Francisco Chief Thomas J. Cahill, recalling that a municipal judge recently ruled unconstitutional a California vagrancy law which had stood for 24 years: The restrictions "make it very difficult for a policeman to operate today."

Chief Louis Kulpa of Wheeling, W. Va.: Criminals "get out so easy that their respect for law authorities is down."

A fourth of the police chiefs surveyed felt that much of the increase in crime could be blamed on the breakdown in parental authority.

Honolulu Chief S. C. Liu said the most important factor in the rising crime rate is the "modern concept of raising children, resulting in lack of guidance and loss of control by parents."

**Chief R. E. Glasscock of Little Rock, Ark., said, "Our younger criminals need a better home life."**

At Oklahoma City, Asst. Chief Bill Williams said crime would be reduced "if parents would keep track of their kids. Half of them don't know where their kids are."

Portland, Ore., Police Chief David Johnson said, "Our people are going to have to return to some of the moral values which made this country great."

★ ★ ★

Houston, Tex. Chief H. (Buddy) McGill said, "Parents are too apathetic. They wait until someone calls them from the jail and tells them their children are not doing what they thought. They presume their children are doing all right. They do not take them into their confidence on things and pay enough attention to their problems."

Thirteen chiefs felt more law enforcement manpower would be the solution to the crime problem nationally. Nearly one in five felt it was the one real answer in their own communities. Nearly one in four said police pay scales must be improved if the nation is to cope with crime.

## Macmillan Losing Out With Unions

BRIGHTON, England (UPI)—Prime Minister Harold Macmillan's hopes for peaceful coexistence with Britain's militant trade unions appeared doomed today.

The Trades Union Congress (TUC), which claims 8 million members, voted yesterday against any restraints on wage demands while Macmillan's Conservative party remains in power. The TUC held its annual meeting here.

★ ★ ★

Many observers felt the union stand might backfire against Labor party leader George Wilson by alienating the independent voter. Labor is given a good chance to win the next general elections.

A bitterly resented, six-week transportation strike was credited with helping the Conservatives win in the general elections of 1959.

★ ★ ★

Observers felt the independent voter might resent union heavyhandedness in rejecting a policy, backed by both parites, because the Conservatives are in power.

It is widely accepted that Britain must hold the line on wages in order to keep its industry competitive and maintain its exports.

New general election must be held within the next 13 months.

### Salute to Ex-Governor Postponed by Conflicts

LANSING (AP) — Sponsors of a proposed "Salute to Murray (Pat) Van Wagoner," former Michigan governor, have postponed the event scheduled for Sept. 20 in Lansing's Civic Center.

General chairman Charles Porritt said the postponement was caused by "conflicting events during the weeks ahead and some misinterpretation regarding the purpose of the reunion."

### Edsel Ford Study Set

LANSING (AP) — The State Highway Department begins a two-day peak-hour study of traffic movements on the Edsel Ford Freeway in Detroit today to observe the flow at on-and-off ramps, the weaving pattern of moving vehicles and distribution of traffic on the freeways lanes.

## Priest Takes 'Hoodlum' Job

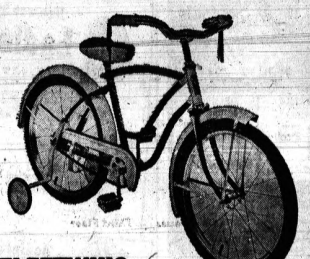

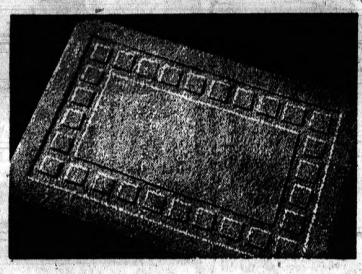

ST. LOUIS, Mo. (AP)—Dismas House has a successor to its famed "hoodlum priest." He is the Rev. Fred L. Zimmerman, pastor of St. Matthew the Apostle Catholic Church in St. Louis.

Father Zimmerman was named to take over for his close friend, the Rev. Charles Dismas Clark, who helped rehabilitate more than 2,000 former convicts. Father Clark died Aug. 15.

Father Zimmerman, 56, had worked closely with Father Clark at the rehabilitation center for former convicts.

## At $24,000 a Year

# State Job Unwanted

LANSING (AP)—One of the most important administrative jobs in state government is going begging because no qualified man is willing to take it at $24,000 a year.

The post is that of state mental health director, and the basic requirement is that its occupant, under a law passed this year, must be a psychiatrist.

But Gov. George Romney admitted today that the state has been unable to locate the right man for the job despite an eight-month search covering much of the nation.

"Most of the really competent men in the field are filling other posts and don't want to leave," said Romney, "and I seriously question whether we'll be able to get the man we want for $24,000."

The applicants interviewed thus far, the governor said, have talked in terms of $30,000 a year.

The present director of mental health, Charles Wagg, announced last January he was considering stepping down from the post.

Romney, in a message to the legislature, proposed reorganization of the Mental Health Department with the present commission to be replaced by an advisory board and the new director to be a psychiatrist.

The legislature approved the bill and hiked the salary from $16,500 to $24,000 to improve the chances of finding a fully qualified medical man to take the post of director.

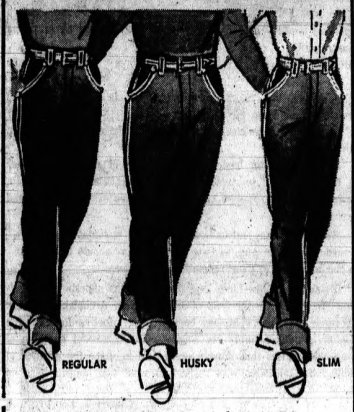

Wagg has agreed to serve until his replacement is appointed and then become a deputy director at an increased salary.

## U.S. 'Visitors' to Cuba Find 'Enchanted' Land

A second invasion of Cuba has just come off with as little benefit for the U. S. A. as the first.

**This one, involving a half-hundred intellectual beatniks from American universities journeyed to the island for firsthand observation of the glories and blessings of Fidel Castro's Commie stronghold. The pilgrimage defied a State Department ban, since the United States restricts travel there.**

★ ★ ★

It is estimated that KHRUSHCHEV's bearded puppet picked up the $150,000 check (plus an undetailed amount for substantial "extras") for the seven-week cultural junket that covered four European cities in addition to Havana. No economist is needed to point out that the near-bankrupt Cuban treasury could ill afford the largesse.

**On return to New York's Idlewild Airport, the academic itinerants demonstrated against the State Department's demand that they surrender their passports.**

★ ★ ★

After considerable nit-nawing, the department softened its position, thereby reflecting little credit on itself, by "invalidating" the travel papers subject to appearance of objectors before a hearing of the House Committee on Un-American Activities, Sept. 12.

**Reactions of the hand-picked fanatics glowed mainly with pro-Castro sentiment, though one is reported to have dropped to his knees and kissed American soil on landing.**

★ ★ ★

With Cuban disaffection with CASTRO and his regime approaching unanimity, the addition of 50 loyal adherents should be eagerly welcomed by the dictator. Our bemused zealots might be of service to both their native country as well as their new-found Caribbean paradise by returning there—to stay.

## Short Senate Session

A recent session of the Senate tied its brevity record for a meeting.

It lasted three (3) seconds.

★ ★ ★

**None but a cynic would observe that the august body likely accomplished as much during the flash session as it has during the entire term to date. Or that the intellectual stock of the Nation was seriously shortchanged by curtailment of the flow of senatorial oratory.**

★ ★ ★

At any rate, it is one record to which the solons can well point with pride—and at this point, it appears as though it may be the only one.

## Fast Federal Action Deterred Rail Strike

The Nation gives thanks for the eleventh-hour reprieve saving it from a disastrous railroad strike.

**Main issues that had defied resolution over four years of negotiation involved elimination of some 32,000 diesel locomotive firemen and imposition of modernized work rules calculated to save the carriers an annual "featherbedding" outlay of $600 million.**

★ ★ ★

Findings of two different Government commissions, buttressed by a unanimous United States Supreme Court decision, had supported the railroad management.

But the unions had proved adamant throughout, and threatened to strike the lines at such time as the operating adjustments were introduced. The railroads had planned to make them effective a week ago.

**The strike that would have then been called was averted when Congress rushed through emergency legislation, quickly signed by the President, referring the dispute to binding arbitration.**

★ ★ ★

The Press commends both Capitol Hill and the White House for the forthright manner in which the vital issue of national transportation was faced. It is to be hoped that during the 18-month period of adjudication provided by the Congressional act the prolonged railroad hassle can be equitably and permanently settled.

## *Romney Caution Understandable*

By JIM DYGERT

Gov. George Romney's caution over including a state income tax in his fiscal reform proposal to the State Legislature next week is understandable.

Despite a long, hot summer of discussions and meetings with legislators, businessmen, labor leaders and other distinguished citizens,

**News Analysis**

Romney has yet to say publicly what his proposal will be.

The governor is no doubt mindful of history's lessons for officeholders who toy with taxes.

★ ★ ★

Raising them, or adding new ones, often generates enough unpopularity to put political ambitions on the scrap pile.

**Yet, inaction that might boomerang later with blame for financial straits can be equally disastrous.**

Such is the tightrope on which Romney walks.

★ ★ ★

According to sources close to the governor, a program he is likely to come up with as best designed for safe tightrope walking while achieving meaningful tax reform would include:

● A 1 per cent state income tax along with authority for cities to levy another 1 per cent and for counties and school districts to collect ½ per cent each, making a possible total of 3 per cent depending on the use of local options.

● Elimination of the widely unpopular business activities tax, reduction of the beer tax and exemption of persons over 65 from property taxes. Possible removal of the sales tax from drugs.

Some thought will be given to allowing taxpayers to deduct a percentage of their state income tax from their property taxes.

**3 REQUIREMENTS**

Such a program would be hoped to meet three requirements:

● Accomplish worthwhile realignment of the tax structure to correct inequities, help business and assure adequately increasing tax revenue to finance growing demands for state services.

● Win the approval of tax-shy Republicans in the GOP-controlled legislature.

● Keep voters from pushing Romney off the tightrope.

★ ★ ★

Important to the third requirement is the program's essential idea of revising taxes without raising them, of making the income levy a replacement tax rather than a new one.

**This would be done with the local option income tax, or rebates to local governments from the state, that would relieve the pressure on rising property taxes, which both city liberals and rural conservatives would like and may demand.**

Such a program would be a kind of compromise between Romney's belief in immediate adoption of an income tax to forestall future financial woes and the legislature's probable attitude that no present urgency exists because higher-than-expected tax collections have all but wiped out the state's $85-million deficit.

As a compromise, it would also lie somewhere between Romney's appraisal of tax reform needs and his awareness of his perch on the tightrope where he is balanced between going so far that legislators or voters will rebel and doing so little that future troubles will haunt him.

Nevertheless, even this program would have pitfalls.

**Telling voters that a new tax does not mean more taxes is one thing; making them believe it is another.**

If someone's taxes go down while the total remains unchanged, that means someone else's have to go up. How many of these unhappy someone elses there will be could be crucial.

**Romney and company, however, have an ace up the sleeve to soothe offended taxpayers and quiet the opposition — a constitutional amendment to set a limit on a state income tax.**

**This is a much-debated subject here and elsewhere, because a good deal of leniency is shown to "juveniles."**

Judge Robert Gardner of the Superior Court of Orange County in California wrote an article in the August 1963 issue of "FBI Law Enforcement Bulletin," in which he pointed out the tendency of juvenile courts to put the "sophisticated young criminals" in the same category as juveniles who are "dependent or neglected" children. He added:

"It is submitted that treating such an offender as a misunderstood child merely because of the short time which has elapsed between birth and crime is completely unrealistic. It is an incontrovertible fact that chronological age is no indication of the experience factor. Handling all persons under 18 years of age as naughty children is ridiculous."

Making Their Own Bed Of Coals

David Lawrence Asks:

## Why Aren't Citizens Protected?

WASHINGTON — Just three days before the march on Washington—which was widely praised as "orderly"—the people of the City of Washington read of the murder of Newell W. Ellison Jr., son of a prominent attorney. Nobody knew then who had committed the crime.

LAWRENCE

All that was known was that the young man was robbed and killed while walking his dog late at night near his home. An automobile was heard speeding away from the scene.

This tragic occurrence shocked the community. It depressed everybody who knew the brilliant young man. He was a graduate of Princeton, had done postgraduate work at Yale, and was writing his thesis for a doctorate.

★ ★ ★

Now it turns out young Ellison was shot down by five young Negroes, armed with two pistols, who were cruising about in a stolen automobile, looking for victims to rob.

**The episode points to the plight of the people in the national capital, who see plenty of troops and battalions of police mobilized to take care of a parade, and wonder why the lives of people in the community are not similarly protected day in and day out.**

Official figures show that the City of Washington has the largest number of aggravated assaults per capita of any city in the country.

★ ★ ★

It so happens that the suspects were apprehended when four of them — again in a stolen car — had been chased by police after going through a red light. One of their number thought they were being pursued for the murder of young Ellison and promptly confessed.

**CRIMINAL RECORDS**

All of the suspects have criminal records which now have been revealed. One had been arrested six times since early 1962 on charges including housebreaking, unlawful entry, petty larceny, possession of a prohibited weapon (knife) and on three counts of assault with a deadly weapon, in one of which the victim was bitten.

**Another of the Negroes has a record of four charges of assault, a purse-snatching, housebreaking, unlawful entry and two counts of destroying movable property, on one of which he was in jail when he was charged with homicide in the killing of young Ellison.**

A third Negro, according to the records, had been charged with tampering with an auto in 1961 and had been arrested also on a charge of disorderly conduct.

★ ★ ★

The previous police records of the other two were not disclosed. They are under 18 years of age, and there's a question as to what will be done to them because they are "juveniles."

Bob Considine Says:

## *Ike Would Get Teed Off During His Golf Games*

NEW YORK — Ex-President Eisenhower took a lot of ribbing about his passion for golf. He ordered a putting green built outside his office and made good use of it. The marks of his golf shoes are still imbedded in the flooring of the presidential office in the White House.

CONSIDINE

His first heart attack may have been induced by indignation over being called to the phone twice, to attend to unimportant details, while playing a round at Denver.

★ ★ ★

It's a little-known fact that President Kennedy shares his predecessor's love of that most treacherous of games.

But whereas Ike would grumble and become provoked when his irons or woods went astray, JFK is tormented by a backache that prevents him from making any kind of a shot, good or bad.

★ ★ ★

But for that, his would probably be as familiar a face around the locker room at the Burning Tree Club as was Ike's.

**First White House golf bug was William Howard Taft. Either he or his Secret Service guards insisted that no players approach within three holes of the presidential foursome. He was a very slow player but would never allow anyone to "play through."**

President Harding liked a little privacy when he played.

**SCORES OF EYES**

Ike enjoyed no such cloistering. Whenever he played he had to make his blunders and achieve his small miracles in front of scores of critical eyes. I wonder how the average hacker who might be reading this piece would have weathered one particular day in Ike's golfing life.

**I was there at the Great Dorado Beach course near San Juan on the day, the tail end of the President's visit to South America.**

As he stepped to the first tee, at least 300 tourists surrounded him and started grinding away with their home movie cameras. Ike hit a blooper into the palmettos to the right. He took a "mulligan," and hit the same kind of shot.

★ ★ ★

He walked quickly to his cart while the others teed off. Then a veritable train of carts departed down the first fairway.

**Behind Ike rode Gen. Howard Snyder, his personal physician, with a first aid kit and an oxygen tank. Behind Gen. Snyder came a cart carrying a Secret Service man with a walkie-talkie (to summon aid if the President was ambushed).**

Beside him rode a Secret Service man with a tommy-gun. At each woodsy part of the course stood Puerto Rican national guards, with machine guns. A helicopter chattered overhead.

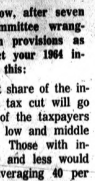

Ike had trouble breaking a hundred, for some reason or other.

In Washington:

## What Effect Would Tax Cut Have?

By PETER EDSON

WASHINGTON (NEA) — The best reason for celebrating Labor Day was probably found in the Treasury Department summary on effects of the House Ways and Means Committee's proposed tax cuts for annual incomes of $10,000 or under.

EDSON

These are preliminary estimates. The tax bill has yet to be approved by the full House, then run the gauntlet of Senate Finance Committee hearings and Senate passage.

**But as of now, after seven months of committee wrangling, the main provisions as they will affect your 1964 income look like this:**

● The largest share of the individual income tax cut will go to 85 per cent of the taxpayers who are in the low and middle income groups. Those with incomes of $3,000 and less would get tax cuts averaging 40 per cent after two years.

Extreme example: Married couple, joint return, standard deduction, now pays $60 taxes. Under the new schedule, this couple would pay no taxes.

● Taxpayers with incomes of $3,000 to $5,000 will average a 26 per cent tax cut. A married couple, two dependents, $5,000 income, joint return, standard deduction, now pays $300 taxes. Under the new program, $223.

● Taxpayers with $5,000 to $10,000 annual income will average a 20 per cent tax cut. A married couple, two dependents, $10,000 income, joint return, typical average itemized deductions, now pays $1,196 taxes. Under new program, $994.

● Taxpayers with incomes over $10,000 will average a 15 per cent tax cut. They would also benefit from other special provisions applying to all taxpayers.

The most important change is a new minimum standard deduction for taxpayers who do not itemize their deductions. It would be $300 for a single taxpayer, $400 for married couples, an extra $100 for those who are blind or over 65 and another $100 for each dependent up to a maximum of $1,000.

**Deductions of up to 30 per cent of gross income would be allowed for gifts to all publicly supported organizations.**

Workers forced to move to accept a new job would be able to deduct their moving expenses.

There are a few losses for low income taxpayers, too: State taxes on gasoline, auto licenses, drivers' permits, alcohol and tobacco will no longer be deductible for federal income tax purposes unless they are a business expense.

Poll taxes and miscellaneous special state taxes on admissions would no longer be deductible. The only state taxes that would be deductible on federal returns would be those on real estate, state income and general sales taxes.

**Waiting period before sick pay becomes excludable would be extended to 30 days; $100-a-week limit to remain.**

A taxpayer who gets medical insurance benefits from more than one policy for the same illness would be required to pay taxes on all payments received above actual illness cost.

Deductions for casualty or theft loss on nonbusiness property would be eliminated on the first $100 of such loss.

The 4 per cent tax credit on dividend income would be repealed, but the amount of dividends that could be excluded from such tax would be raised from $50 to $100 for each person.

Elderly taxpayers would get additional tax benefits from the new bill. A single taxpayer over 65 with $3,000 income and standard deduction now pays $120 in taxes. Under the new program it would be $65. A married couple, both over 65, standard deduction, $5,000 income now pays $420 in taxes. Under the new schedules, $290.

The present one per cent floor on deductions for medicines would be eliminated for taxpayers over 65.

★ ★ ★

People over 65 who sell a home owned five years or more would not have to pay capital gains coming from the first $20,000 of the sales price.

America's farm families would benefit from the new tax bill largely through general reductions in individual income tax rates.

The important thing to bear in mind: none of the proposed changes will have effect on taxes paid on 1963 income.

First taxpayers to use the new rates will be those who must estimate their 1964 income for the report which has to be filed by March 15, 1964.

## *Reading Course Weakness Seen by Waterford Parent*

This country is waking up to the fact that our method of teaching reading is wrong. To quote a recent Press article: "The abandonment of phonics as the basic method of teaching reading constitutes perhaps the greatest abuse of common sense in all the annals of American pedagogy."

★ ★ ★

**The "look-say" method of reading taught especially in the Waterford grade schools has been a heartache to many.**

★ ★ ★

We've paid $3 an hour to have our young son taught to read through the phonics method. How they can expect children to learn to read before they know the sounds of their words is a mystery.

### Writers Interested in Civil Rights Issue

I believe in integration and have many Negro friends. This letter asks Negroes why, after a neighborhood is 50 per cent integrated, do they continue to move in? The NAACP should control integrated neighborhoods. Surely the Negroes who integrate more than 50 per cent, defeat their purpose because it is only natural to want to be in a minority. After a white neighborhood is 50 per cent integrated, the Negroes should refuse to buy. The whites and Negroes would soon learn to live together.

S.J.W.

The march in Washington was very orderly. I estimate 30 to 40 per cent white attendance. Negroes should have equal rights in our country.

114 E. New York — Thomas Thrower

The Press, Aug. 29, carried in an AP article on the civil rights march on Washington the following:

"There was some conflict not visible to the crowds at Lincoln Memorial.

"A demonstration leader, John Lewis, told a newsman later that he was forced to rewrite his speech because the Most Rev. Patrick A. O'Boyle, Roman Catholic archbishop of Washington, had objected to it."

**To correct any misunderstanding, the statement of Stuart Lansdowne in the Aug. 24 issue of "America" should be brought to the attention of your readers:**

"District Catholics have long recognized the superb local leadership given them in the field of civil rights by Archbishop Patrick A. O'Boyle. For years he has been a most effective force in the cause of genuine equality for Negroes. The consistent example of the archbishop has thus done a great deal to shape the attitude of Washington's Catholics with respect to what will happen here on Aug. 28."

### 'Can't County Help Pay for Pavement?'

In reply to the letter stating the people have to pay $3,213.83 for paving an alley they do not need, we would have to pay $33,300 to have less than one mile of our subdivision's road paved which is very much needed. Can't something be done to have the county absorb some of the cost? It's ridiculously high.

# JFK Labeled an Opportunist

## Rocky Says Action Delayed Until Crisis

NEW YORK (AP) —Gov. Nelson A. Rockefeller accuses the Kennedy administration of "submerging principle to political accommodation and opportunism — and therefore of delay in action until a full-blown crisis is upon us."

Rockefeller, who may be President Kennedy's Republican opponent next year, did not mention Kennedy's name in assailing the President's policies.

**In a speech last night to a meeting of the American Political Science Association, Rockefeller said his accusation was supported by these examples:**

"The fact that nationwide demonstrations were required and nearly three years elapsed before the present national administration made a serious attempt to translate its civil rights promises into legislation; and

"The fact that it required a serious plunge in the stock market before any really affirmative action was begun to reduce the heavy burden of corporate and personal federal income taxes which have been acting as brakes on the nation's economy."

Rockefeller added:

"Omnibus programs covering the spectrum of social and economic problems have been announced with fanfare. But the follow-up has been conspicuous by its inadequacy and the wondrous words have yet to be given real meaning.

"Medical care for the aged is still in a never-never land. A national transportation policy has yet to be formulated, much less offered. And our international balance of payments has actually gotten worse."

## Hospital Funds Sought

GAYLORD (AP) — Trustees of the Otsego County Memorial Hospital here yesterday announced plans for a $150,000 fund drive. The hospital board said it hoped to qualify for a similar amount in federal aid the money would finance construction of a 25-bed convalescent home addition.

# Moses' Tomb — Search of a Lifetime

AMMAN, Jordan (AP)—Archeologist Julio Ripamonti said today he plans to spend the rest of his life digging in the wilderness around Devil's Ravine with hopes of finding Moses' tomb.

Ripamonti, professor at the Central University of Venezuela in Caracas, recently returned after a 50-day expedition to the ravine, at the foot of a hill named Roujoum Makhayyat about 20 miles south of Amman.

★ ★ ★

Ripamonti believes Roujoum Makhayyat, highest hill in the area, could be Mount Posgah, from which the Bible says God showed Moses the Promised Land. Moses died before reaching the Promised Land and according to the Bible was buried in a valley.

Ripamonti believes Devil's Ravine may be the valley.

During the 50-day exhibition, Ripamonti's group discovered several tombs, wine presses and ruins dating back as far as the first century B.C.

OTTAWA (AP) — Informed sources said Canada plans to offer a larger and more flexible Canadian force for U.N. peacekeeping operations around the world.

Prime Minister Lester B. Pearson, who will attend the opening session of the U.N. General Assembly in New York, Sept. 17, plans to sound out other countries on the proposal before making a public commitment, the informants reported Wednesday.

Pearson is also expected to urge other countries to maintain standby forces for U.N. duty similar to those kept by Canada, Norway, Denmark and Sweden. Canada for some years has maintained a 900-man standby battalion.

---

UNITED NATIONS, N.Y. (AP) — Members of U.N. Secretary-General U Thant's 19-nation Congo Advisory committee have decided to meet again Tuesday after consultations with their governments on whether U.N. troops should be kept in the Congo beyond the end of the year.

Sources said Thant asked for their advice at a private meeting Wednesday.

★ ★ ★

Thant's announced intention to pull the U.N. force out of the Congo by the end of 1963 was opposed by the United States and several other nations who fear a renewal of fighting.

The U.N. force, which at one time numbered 19,000 men, was sent to the Congo in July 1960 to preserve peace.

## China Builds Forts on Russia Border

HONG KONG (AP) — Communist China has sent 900,000 students to build defenses in Sinkiang Province bordering the Soviet Union, the South China Morning Post reported today.

The British-owned, English-language paper quoted a refugee from Red China as saying the volunteers included more than 30,000 students from Shanghai who responded "to have something to do."

Most were junior middle school students who can't get into senior middle schools because of limited accommodations or to get a job, he said.

## Diggers Find Roman House

SYRACUSE, Sicily (AP) — Workmen digging a foundation for a new school building uncovered remains of a luxurious ancient Roman residence.

They found a mosaic with colored fish, a fountain trimmed in marble in the center of a large octagonal room, eight columns of marble, vases, statues and coins.

★ ★ ★

Authorities think the residence probably belonged to a proconsul. Proconsuls were provincial governors or military commanders in the time of the Caesars.

## State Microfilms Veterans' Records

COLUMBUS, Ohio (AP)— Records of the state's veterans of all wars since the American Revolution have been microfilmed, and copies can be made in 10 seconds, the Ohio Division of Soldiers' Claims says.

Much of the filming was done through arrangements with the Church of Jesus Christ of Latter-day Saints (Mormon), which uses such records in helping its members trace family history for religious reasons.

Division officials believe Ohio's military claims office is the first, and apparently the only, one in the nation to completely microfilm its records.

American frontier audiences were treated to a surprising amount of Shakespeare. Actors often were regarded as suspect, so they included the Bard to give themselves and air of respectability.

## Tokyo Lawbreaker Gets Scotch Fine

PAISLEY, Scotland (AP) — Alexander Cameron Murray was fined here 5 pounds ($14) for breach of the peace and assault that took place near Tokyo.

Murray was arrested as he stepped off a plane on his return from Tokyo. He admitted assaulting his chief engineer while aboard the British motor vessel Lyle Park in Tokyo Bay.

It was explained that though the assault took place in Japan it was brought within the jurisdiction of the Scottish court by the Merchant Shipping Acts

## People in the News

# TV Lawyer Loses

By The Associated Press

Raymond Burr, who portrays the unbeatable criminal lawyer on television, lost a case in Phoenix, Ariz., involving a judgment of $1,085.

The judgment was to Ward George J. Shabeen of Phoenix, who claimed Burr had owed him the money since 1949. Burr filed an answer to the suit instead of hiring an attorney. Judge Charles C. Stidham ruled the actor did not follow proper procedures and did not appear for a court-ordered deposition last June.

Actress Marie McDonald's fifth husband got an annulment in Los Angeles of their marriage, which he claimed lasted only two days.

★ ★ ★

Edward P. Callahan, 42, an attorney and stockbroker, contended in Superior Court that Miss McDonald, 40, told him before they married she would give up her career for a home and children and would marry him in a Roman Catholic church.

When they got to Las Vegas, Nev., last Aug. 6, Callahan said, the actress refused to go through a Roman Catholic ceremony and then told him she wanted a career and felt she couldn't have children. After two days, Callahan said, he left Miss McDonald in Las Vegas.

Gov. Edmund G. Brown of California wound up a six-week tour of Europe in Berlin with a look at the wall erected by the East German Communists.

Building of the wall was a negative act, he said.

★ ★ ★

Brown also conferred with West Berlin's mayor, Willy Brandt. Brown's wife and daughter, Kathleen, accompanied him on the tour.

Brazil Chief's Anniversary

# It's Been Rough Two Years

By PHIL NEWSOM
UPI Foreign News Analyst

Brazil's president Joao Goulart observe an important anniversary on Sept. 7.

It was on that date two years ago that he took office after the sudden resignation of Janio Quadros had left Brazil leaderless and on the verge of civil war.

NEWSOM

Goulart has regained for his office the powers stripped from it two years ago by a combination of conservative politicians and military leaders.

**But it has been a rough two years, and Brazil, torn by extremists of both left and right, continues to march toward an uncertain future.**

The independent foreign policy first proclaimed by Quadros has been maintained, and Goulart and a succession of foreign ministers have continued to cultivate friendly relations with the Communist world.

* * *

Pressing Brazil to the right has been the United States, with occasional hints of a cut-off of badly needed financial aid.

Pushing to the left are the well-staffed embassies of seven Communist nations.

Goulart himself has attempted a moderately leftist stand which has brought him under fire from both right and left.

**In mid-August, Goulart spoke before a leftist workers rally and asked support of his land, tax, banking and other administrative reforms.**

Hecklers shouted at him, demanding "Where do you stand?"

The Communist-controlled general labor confederation has charged that Goulart has "bowed to Yankee pressure" and warned that "the workers can wait no longer for their emancipation."

**HIT FROM RIGHT**

But the same policies attacked by left-wing labor as not going far enough also are attacked from the right as proof of a charge that Goulart seeks to make himself a Brazilian copy of former Argentine dictator Juan Peron.

**Leftists also are angered by Goulart's negotiations with American and Canadian power companies for purchase of their public utility subsidiaries in Brazil. They accuse him of surrendering Brazilian sovereignty to please the United States.**

Meanwhile, the land and tax reforms which Goulart seeks and which were a condition of continuing U.S. aid remain stalled in Congress, caught between right and left.

Despite Goulart's attempts to establish financial stability through a three-year austerity plan, both the cost of living and the treasury deficit continues to skyrocket.

In May of this year the treasury deficit was $1.8 billion and by year's end is expected to be a third again as much. The cost of living so far this year has gone up nearly 50 per cent.

Cotton, sugar and iron exports are up this year, but coffee earnings are down and the first half of 1963 showed the country with a trade deficit of $90 million.

So far, Goulart successfully has walked his political tightrope. But so far, also, it must be said his efforts to solve his nation's vast problems have produced unimpressive results.

## Equality, Fraternity in Hospital

LONDONDERRY, Northern Ireland (UPI) — Seriously sick patients of both sexes receive treatment and nursing in the same ward under a revolutionary system adopted at Magherafelt Hospital, County Londonderry.

**The 170-bed hospital is divided into separate units according to the degree of illness. In the wards for the seriously sick, sex distinction is scrapped and men and women get treatment together.**

As their condition improves, they are channeled to separate wards.

Hospital authorities claim the advantage of the idea is that it helps the specialists concentrate their work at the point where most attention is needed.

"We were told the mixing of the sexes would cause a public outcry but this has not been the case," a hospital spokesman claimed. "The arrangement has worked very smoothly and operates to the advantage of patients."

## Dickens Pens New Work

NEW YORK (UPI) — Mrs. Elizabeth Lathrop, English teacher at Erasmus Hall High School, likes to see originality in her students, but she feels one member of her junior class has gone too far in independent thinking.

After studying Charles Dickens' "Tale of Two Cities," the class was asked on a test to write about the author. Wrote the boy: "Charles Dickson was one of the greatest poets and author of his great poem which has become a legend as "Paul Revere's Ride."

## Actor Breaks Leg Missing Hay Wagon

SPRINGFIELD, Mo. (UPI) — A mock battle staged at an amusement park here proved all too real for Andy Peterson, 20.

According to the script, Peterson was supposed to clutch his side and plummet off a roof into a wagonload of hay when the blanks were shot off.

* * *

The plot misfired. The young actor doubled up in rehearsed pain, tripped, fell and missed the wagon. He suffered a fractured leg.

## Quarantine to Be Lifted From Hungarian Hotel

BUDAPEST (UPI) — Authorities said today the quarantine confining about 230 guests from 26 nations in the city's Royal Hotel will be lifted Sept. 14, if no more smallpox cases are reported.

The quarantine was imposed Aug. 31 when one of the hotel maids was stricken. She has recovered and no further cases have been found, officials said.

School fires in the United States and Canada occur at the rate of about five a day throughout the year.

## Dixie Girls Win Early in Pageant

ATLANTIC CITY, N.J. (UPI) — Save your Confederate money, boys, the South is rising again. Only this time the girls are leading the comeback, with the weapons only a woman has, at the Miss America pageant.

**Two Southern belles — Miss Virginia and Miss Alabama — reigned today as the winners of the first preliminary competitions in the talent and bathing suit categories, respectively.**

Miss Virginia, 23-year-old Dorcas Campbell, bears a close resemblance to Mrs. Jacqueline Kennedy. She won the first preliminary talent contest last night on the basis of her singing of a medley of two musical comedy-type songs and a semiclassical number over 16 other contestants.

She is the oldest candidate in the pageant.

**Miss Alabama, Judith Short, 18, is a statuesque blonde of five feet, seven and one-half inches.**

She captured the swim suit contest in a white bathing suit with her golden hair curling about her shoulders as she tripped along the long runway extending out past the 11 judges and into the audience at Convention Hall.

There were 17 other contestants.

# German Intelligence System Weathers Criticisms

SPECIAL REPORT

MUNICH, Germany, (AP) — A whitewashed wall rings a wooded estate in a fashionable Munich suburb.

This is about all the outsider sees of the tightly guarded and mystery-laced headquarters of the "Bundesnachrichtendienst" — the German Federal Intelligence Service, or BND for short.

A more popular label is "Gehlen organization", named after its leader who set up the espionage network under American auspices when the cold war broke up the World War II alliance.

* * *

Former Lt. Gen. Reinhard Gehlen, in the business for more than 20 years, has an outfit of perhaps 4,000 men. Recently they have weathered an unprecedented onslaught of public criticism.

His agency became the target of violent attacks after a senior official, Heinz Felfe, was convicted as a Soviet agent in Germany's biggest spy trial since the war.

Court testimony at Karlsruhe disclosed Felfe and a codefendant, Hans Clemens, during the Nazi era were both intelligence officials of the SS-controlled Reich security head office—which also employed Adolf Eichmann. Clemens admitted that he took part in the shootint of 330 Italian hostages.

* * *

Leaders of both opposition and government parties urged that the outfit be given a thorough going over. Newspapers spoke of a 'Nazi nest in Munich." Some politicians clamored for merging BND with the two other German intelligence organizations.

**TOOK IN STRIDE**

The government took things in stride. The federal chancellory, to which Gehlen is immediately attached, let it be known that "far less than 1 per cent" of the Gehlen staff formerly were in SS ranks.

What's more, officials said, the fact that Felfe and Clemens were tracked down by the Gehlen people themselves — in 1961 — showed the agency's efficiency.

* * *

Gehlen first got into the espionage field in 1942 when he took over as head of the German army's "Foreign Armies East" department, assigned to collect information on buildups in the rear of the Red army front. Gehlen's unit was associated with the military intelligence service of the legendary Adm. Wilhelm Canaris but did not get involved in Canaris' fall as an anti-Nazi plotter.

Canaris died in a Nazi concentration camp and his service came under SS control. Gehlen preserved his independence and impressed his superiors by the precision of his surveys.

* * *

When the war ended, Gehlen possessed a wealth of data copied in triplicate and carefully stowed away in secret places. It is said that Gehlen got in touch with Gen. Edwin L. Sibert, then assistant director of the U.S. Central Intelligence Agency.

**NEW ORGANIZATION**

U.S. Gen. George S. Patton reportedly sent Gehlen to the United States where the German agreed to set up a new spy organization, provided he got a free hand in picking his staff.

The Gehlen organization was provisionally headquartered in the wooded Spessart Mountains south of Frankfurt in 1947 and eventually moved to Pullach, a suburb of Munich. The Americans spent many millions on it before it was turned over to the Bonn government agency in 1955.

Now 62, Gehlen appears the most elusive part in his secrecy-shrouded organization. The only scholarly man of slight build with his lean, unsmiling face dates to World War II. People who claim to know him off duty say he is a tinually changes his incognito and his automobiles, but that on holiday his family car often pulls a trailer or a sailing boat out of home on Lake Starnberg.

The Caroline group has more than 500 islands.

## Businessmen Want Signs

BENTON HARBOR (UPI) — The state will be asked to permit gas, food and lodging billboards on Interstate 96 interchanges here.

* * *

Owners of gas stations, restaurants and motels on US-31 claim they are losing business since the opening of I-96 last week from here to South Haven.

They said there was virtually no business over the Labor Day weekend.

## Catholic College Dean Dies After Brief Illness

ALBANY, N.Y. (AP) — Mother Rita Mary, dean of the College of The Holy Names and a former provincial superior of the eastern province of the Sisters of the Holy Names, died Wednesday after a brief illness. Mother Rita Mary, the former Mary Cullinane, was born in Boston.

# you'll see more men wearing silver grey this fall

There's never been a color that's caught on so quickly. But then there's seldom been a color that looks so good on a man—whether you're used to conventional darks or have suits in every shade. This year, we've asked for silver grey from just about every maker: GGG, Hart Schaffner & Marx, Eagle, Hammanton Park, Botany 500, Northbrooke, Custom Quality, Kingswood, Charter Club and Wynham. They've come up with silver greys in imported all-wool sharkskins, silk-and-wool sharkskins, in one and two- and three-button styles, in one- and two-trouser models, in conventional and natural shoulder styles with pleated or plain-front trousers. And to round out the silver grey story in full, we have them in a full selection of proportioned sizes, and a price range from 59.50 to $135.

## Injunctions Upheld in Fraser Strike

LANSING (AP) — Michigan's Supreme Court has upheld the issuance of injunctions in a 1959 violence-ridden strike at the Cross Co. plant in Fraser.

**At the same time, the court agreed to hear appeals of United Auto Worker officials convicted of violating the injunctions.**

In its 8-0 decision yesterday, the court also upheld the dismissal by a lower court of a UAW complaint that the company should be forced to bargain with the union, which had been certified as the bargaining unit by the National Labor Relations Board.

The NLRB certification has since been vacated by a Federal Circuit Court of Appeals.

**The Cross Co., which makes steel tool cribs, was the scene of mass picketing which the court described as "approaching mob rule."**

Car windshields were broken, paint solvent was thrown on the body of a car entering the plant and one auto was overturned, injuring one of the occupants.

An ambulance summoned to remove the victim was slowed in its progress by the crowd.

At times, the number of persons outside the plant entrance was estimated at between 800 and 1,000.

UAW officials contended that it was the company's refusal to bargain with the union which prolonged and aggravated the strike.

**They contended the company threatened union members with dismissal and incited plant guards and others to assault pickets.**

But several union officers and members were found guilty of contempt of the court injunction limiting the activities of pickets.

In handing down the eight-page ruling, the Supreme Court was sharply critical of some of the actions of Macomb County Judge Alton Noe, who issued a temporary restraining order to prevent picketing and violence within 30 minutes after the Cross Co. officials filed a complaint and without prior notice to the union.

# GOP Leaders Plan Tactics

LANSING (AP) — Top Republican lawmakers were at work on a timetable for the special session next Thursday after getting the word from Gov. George Romney on what he will propose in the way of tax reform.

Sen. Stanley Thayer, R-Ann Arbor, the Senate majority leader, and House Speaker Allison Green, R-Kingston, emerged from a 1½-hour meeting with Romney yesterday tight-lipped about details of the program.

**They told newsmen, however, that they were "impressed" and expect the special session, which also will deal with implementing the new constitution, to be wrapped up by Nov. 15.**

"When I say I am hopeful of that, I mean 'very hopeful,'" Green said.

Neither lawmaker would discuss what Romney told them about the program. They particularly fended off questions about a state income tax that could be a part of the package.

Green said that except for some "tinkering with details," the Romney plan apparently is complete.

"I am impressed with the work done so far by the governor's staff but I am not ready to commit myself completely to the program," said the speaker.

**Thayer, who acts as the administration's chief voice in the Senate, said he wanted to "think it over."**

The lawmakers said they expect Romney's special message on tax reform to be broad enough that any bill dealing with the subject can be introduced.

Green had asked the governor to provide enough leeway that legislators could "exercise their responsibility" to introduce and consider bills.

**TO CONVENE SEPT. 11**

Under the schedule, the legislature will convene Sept. 11 and hear Romney's tax form message the next day. There will then be a recess until Sept. 24 to allow time for printing of bills and for some lawmakers to attend a national legislative leadership conference in Boston Sept. 19-21.

During that interim, Thayer said, some committee hearings may be held.

**Romney said earlier he wanted the legislature to dispose of tax reform — or have it substantially complete — before tackling the constitution bills.**

Also destined for early, and probably swift, action is a proposal to give legal status and operating funds to a temporary bipartisan commission on legislative reapportionment.

★ ★ ★

The timetable would set deadlines for introduction, reporting out and passage of bills by each house and for the end of the session.

The Nov. 15 deadline originally was proposed by Romney's staff, but many legislative veterans have said such a brief session, in view of the subject matter to be dealt with, would be unlikely.

WHICH CLUB? — What do you use to chip over an oil well? That's the problem which confronts Eugene "Cotton" Strickland and others who have sliced from the 14th tee at Romeo Golf and Country Club, on 32-Mile Road. Strickland is pro-manager of the 18-hole course. He said the drilling, which started a week ago, will continue to 2,800 feet, in hopes of finding oil or natural gas.

**World Problems Discussed**

# Johnson Ends Swedish Visit

STOCKHOLM, Sweden (UPI)—Vice President Lyndon B. Johnson wound up his three-day good-will visit to Sweden today with a discussion of world problems with Prime Minister Tage Erlander and other top Swedish officials.

**Johnson was meeting with Erlander prior to a gala dinner-dance in his honor tonight at Stockholm city hall. He will fly to Finland tomorrow to continue his 15,000-mile tour of five northern European nations and Danish-owned Greenland.**

The vice president flew back to Stockholm last night from Goteborg, Sweden's second largest city, where he addressed a dinner at the bourse (stock exchange).

He told his guests it would be "clearly unrealistic" to exclude or ignore the United States when planning the economic future of the free world.

★ ★ ★

Johnson, his wife Lady Bird and their daughter Lynda Bird, 19, had lunch yesterday with King Gustaf VI Adolf and Queen Louise at their summer palace, Sofiero.

**The 80-year-old king, who has a reputation for informality, met the vice president's helicopter when it landed on the palace lawn, greeted the party with a smile and then conducted the Americans through Sofiero.**

In his address at Goteborg, Johnson said the United States looks forward to more liberal trade with northern Europe and anticipates "a role of increasing importance" for the area in the years ahead.

**PRAISES HOSTS**

The vice president praised his hosts, many of whom were bankers and businessmen, for their "significant and growing contribution to the remarkable surge of vitality among the free nations."

**Thousands of Swedes turned out to greet Johnson during his five-hour stay in Goteborg. He took advantage of numerous opportunities to shake hands with members of the crowd, sign autographs and chat with plain citizens. The Swedes responded warmly.**

Hakan Wikander, 75, shook hands with the vice president and asked him to send regards to his cousin, Ivar Billberg, in San Antonio, Tex.

"I sure will do that," Johnson said, and took down Billberg's name on a piece of paper.

**GOT LAUGHS**

Johnson drew laughs from the guests at the civic dinner when he noted Thar Erlander had told him in an informal meeting that he has six cousins in Minneapolis —all Republicans.

**The vice president, a former U.S. Senator from Texas, said he replied: "Keep them in Minneapolis and don't let them go to Texas."**

The Johnsons got a tour of the Swedish summer palace and grounds yesterday, with King Gustaf as guide.

After alighting from their helicopter, they walked 300 yards across lawns and through gardens to the red brick edifice. Prince Bertil and U.S. Ambassador Graham Parsons fell in behind the party.

# Decision Due by Broomfield?

By JIM DYGERT

Gov. George Romney will be the featured speaker at the Republican Ox Roast Saturday, but the ears of the more than 5,000 expected to attend may be tuned in just as carefully to the words of Congressman William S. Broomfield and four state senators also slated to speak.

Speculation has it that Broomfield may pick the event, a full day of picnicking and politicking, as the time and place to announce

*News Analysis*

the district in which he will seek re-election next year.

The four GOP senators—Oakland County's Farrell E. Roberts, Stanley G. Thayer of Ann Arbor, John W. Fitzgerald of Grand Ledge and William G. Milliken of Traverse City—are reportedly planning to seek higher offices in 1964.

**No one's ear will be more sharply attuned to Broomfield's talk than those of several potential congressional candidates awaiting the congressman's decision before making their own.**

These include Roberts, who also is considering a drive for a seat on the new state appellate court to be set up under the new state constitution.

★ ★ ★

For all the Congressional aspirees except County Clerk-Register Daniel T. Murphy, Broomfield's choice will be the deciding factor in the district they pick. Only Murphy has indicated a willingness to oppose Broomfield.

**For some, Broomfield's selection may determine whether they run for Congress at all next year. Broomfield has the option of running in the reduced 18th district (formerly county-wide) or the new 19th district, created this year.**

The day-long picnic at the John F. Ivory farm on Cooley Lake Road, the county GOP's largest annual gathering, may serve as a launching pad toward the wider public recognition three of the senators will need if they follow through on their reported plans.

**POLITICAL LIGHTNING**

Thayer and Milliken are said to be after next year's GOP lieutenant governor nomination, or the top spot on the state ticket if political lightning should catapult Romney into the party's presidential nomination.

**Fitzgerald has said he will challenge Democrat Philip A. Hart's bid for re-election to the United States Senate.**

Most of the trio's recognition so far has been limited to legislative and political circles.

★ ★ ★

All three, along with Roberts, are leaders of the Republican "moderates" who wrested control of the State Senate's GOP majority from "old guard" conservatives this year and won success for large portions of Romney's legislative program.

**Support from Oakland County Republicans, who boast one of the state's largest and most powerful GOP organizations, would be crucial to any campaign for state office.**

The senators, however, will not be alone in the politicking.

Legislators, county officials, potential candidates for the new legislative seats the county hopes to get next year and other budding politicians will be busy circulating among the picnickers, shaking hands and otherwise seeking adherents.

★ ★ ★

They will have to compete for attention, however, with attractive Sharon Beaudoin, Miss GOP of Oakland County, and free roast beef sandwiches served up by legislators and county officials from a 970-pound prize Black Angus steer bought at the county 4-H Fair this summer.

Picnickers also will be treated to a program of entertainment, contests, games and free coffee, soft drinks and roasted sweet corn.

Festivities will begin with a pancake brunch at 8:30 a.m. and will conclude at sundown.

## 'Trial Efforts Mired' in Evers Killing

JACKSON, Miss. (AP)—A lawyer for Byron De La Beckwith, a white man charged with murdering a Negro civil rights leader, says efforts to gain a quick trial in state courts have bogged down.

Hugh Cunningham, a law partner of Gov. Ross Barnett, said yesterday an appeal to Federal Court would be made if Circuit Court here does not schedule a trial for Beckwith during this session.

★ ★ ★

Beckwith, of Greenwood, Miss., was arrested June 22 and charged with the fatal shooting of Medgar Evers, 37, state field secretary for the National Association for the Advancement of Colored People here June 12.

# Job Relief Checks to Increase $2.02

DETROIT (AP)—Michigan unemployment compensation checks will be an average of $2.02 a week larger after tomorrow.

★ ★ ★

Raises of $1 to $5 a week in maximum benefits were included in several amendments, passed by the legislature's last session, to the Michigan Employment Security Act.

Thomas Roumell, director of the Michigan Employment Security Commission, said the average weekly benefit check was $32.94 in July.

Other amendments which become effective tomorrow include:

● Reduction of unemployment compensation benefits by the amount of any workman's compensation benefits which may be due a claimant.

● Redefinition of the phrase "suitable work." (A claimant for unemployment insurance must accept "suitable work" if it is offered, or lose his unemployment benefits.)

Suitable work is the type the claimant performed during his "base period," if it is near his residence and if conditions of employment and pay are substantially like those of the base period work.

● A ban against an employe receiving benefits if he is idled because of a labor dispute in another establishment anywhere in the United States, if the other establishment "is functionally integrated with the employe's establishment and operated by the same employing unit."

● A ban against an employe receiving benefits if he is discharged, suspended or unemployed because of participation in a wildcat strike or other unauthorized action.

Maximum tax rates will be applied for four years to contractors who become liable employers by hiring 25 or more workers in one week for construction projects in Michigan.

CHARLENE A. BOSHEARS

Mr. and Mrs. Charles J. Boshears, 6851 Big Trail, Rose Township, announce the engagement of their daughter Charlene to Donald R. Hocking. The prospective bridegroom is the son of Mr. and Mrs. Edward Hocking of Berkley. A spring wedding is planned.

BETTY E. RABY

The engagement of Betty Eileen Raby to Seaman Ronald G. Wood is announced by the bride-elect's parents, Mr. and Mrs. Otto W. Raby of 6250 Gulick, Independence Township. The prospective bridegroom is the son of Mr. and Mrs. Rollie Mayer of 9150 Evee, Independence Township, and Corwin E. Wood of Hanford, Calif. A February wedding is planned.

# Milk Bill Odds Better

Area-State News

LANSING — Supporters of the oft-defeated milk pricing bill have urged that it be introduced again in 1964 because its chances for passage may be better than at any time in recent years.

One reason, a legislative interim committee was told yesterday, is that Gov. George Romney might be willing to sign such a bill if it were passed by the legislature.

★ ★ ★

"Obviously, the key point in this whole thing is the attitude of the governor," said Stanley Powell, lobbyist for the Michigan Farm Bureau.

**"It is my belief that Gov. Romney is feeling more kindly toward this legislation than he was some months ago."**

Powell was among spokesmen for farm groups and dairy interests who offered a solid front of support for the controversial measure in testimony before the committee headed by Rep. Andrew Cobb, R-Elsie.

★ ★ ★

The proposal, which Cobb sponsored in 1961 and again this year, would prevent supermarkets and other retailers from selling milk below cost as so-called "loss leaders" to help build business.

**DAIRYMEN OPPOSED**

The dairy industry opposes the practice because independent dealers find it difficult to compete with the cut-rate prices offered by the stores.

Claiming the price-cutting is an unfair trade practice that stifles competition, they want minimum prices for milk to be regulated by the state.

★ ★ ★

Opponents of the bill claim this would be government intervention in private enterprise and the setting of minimum prices would be unfair to the consumer.

# Walled Lake Church Is Scene of Wedding

MRS. R. J. SCHWINGHAMMER

WALLED LAKE — St. Williams Catholic Church was the setting for the recent wedding of Muriel Ann VanGordon and Roger Jerome Schwinghammer.

**Mr. and Mrs. William H. VanGordon of 260 Northaven are parents of the bride. The bridegroom, of Fridley, Minn., is the son of Mr. and Mrs. H. A. Schwinghammer of Albany, Minn.**

The full skirt of the bride's nylon organza gown swept into a chapel train. The bodice featured long tapered sleeves and a Bertha collar of Alencon lace.

★ ★ ★

A crown of seed pearls and tiny blossoms held her bouffant veil. Her bouquet consisted of Fuji mums.

**Matron of honor for the ceremony was Mrs. Leon Sova of Walled Lake. Mrs. Robert Andrews of Walled Lake and Mrs. Mel Koshioh of Minneapolis, sister of the bridegroom, were bridesmaids.**

On the esquire side, Robert Hanauer of Albany, Minn., was best man. Seating guests were James Schwinghammer of Albany, brother of the bridegroom; Jim Pitzgibbons of Detroit; Jack Kellstrom of Royal Oak; and Ken VanGordon of Milford, brother of the bride.

★ ★ ★

The couple honeymooned in Detroit and northern Michigan en route to Minnesota, where they will make their home.

## Contest to Feature Top Model Planes

Champion model air planes and their pilots will demonstrate record-winning form to local enthusiasts in the Radio Control Club of Detroit contest this weekend.

The top 25 flyers in the United States and Canada have been invited to take part in the 11th annual show in Sterling Township, one of the top-ranked events in model air competition.

The miniature planes will be flying 8 a.m. to 5 p.m., both Saturday and Sunday, at the Old Wings Airport, 18-Mile Road west of Mound.

## OK of Bond May Launch School Work

IMLAY CITY — State approval yesterday of a $575,000 school bond may mean a start on actual construction before the end of the year.

**School Supt. Alvin P. Knorlin said bids will be opened the end of this month on three of four building projects covered by the bond issue.**

This includes a new two-classroom building and renovation of the present school at Lum and remodeling of the elementary school in town.

★ ★ ★

Knorlin said plans are not yet complete for a new 15-room elementary school to be built adjoining the Imlay City High School site.

The general obligation bonds were approved by voters June 10. Issuance was authorized by the State Municipal Finance Commission.

## Accused Youth Faces Exam in Romeo Stabbing

ROMEO—A 17-year-old Detroiter accused of stabbing a Romeo youth is scheduled to appear for examination tomorrow morning on a charge of assault with a deadly weapon.

**The victim, Myron Monroe, also 17, of 311 Clinton, is reported to be in good condition at Community Hospital near Almont. He suffered three stab wounds in the chest and arm.**

Police say his assailant, Alex Morris Jr., and Monroe were quarreling in the street near Monroe's home when the stabbing occurred early last Sunday.

Morris has been held at Macomb County Jail, unable to post $1,000 bond.

## Signs Will Be Bigger as You Drive by Novi

NOVI — Motorists on I-96 will soon be seeing larger signs beside the expressway in Novi.

Village councilmen have authorized their attorney to change the ordinance limiting the size of signs along the five-mile stretch. The minimum will be 150 square feet and the maximum 200 square feet. Present figures are 50 and 150 respectively.

For Mental Cases

## Hospital Idea Is New

LANSING (AP) — A new concept in treatment of the mentally retarded — making full use of services in the outside community — will be used in the new state hospital planned for western Central Michigan.

The concept was outlined by Charles Wagg, state mental health director, in a planning report issued yesterday.

The hospital, for which preliminary study funds have been authorized by the legislature, most likely will be built in the Grand Rapids area.

It will serve a district embracing the counties of Kent, Allegan, Barry, Ionia, Newaygo, Muskegon, Oceana and Ottawa.

**The planning report said the hospital is being conceived as a pioneer in the maximum use of outside community services and outpatient treatment resources by a state institution.**

Wagg said the concept is based on the department's belief that "large numbers of mentally retarded persons can be made fully or partially self-sufficient if they are provided an effective array of treatment, educational and habilitative services in the formative years."

**STATE COMMITTED**

Traditional institutions, designed to hold retarded patients in custody, cannot fulfill these needs — the result being that the state is committed to their care for the rest of their lives, Wagg said.

He said the new hospital in western Michigan, in addition to emphasizing outpatient treatment, will encourage creation of diagnostic and counseling clinics and will work closely with public schools and social agencies.

**Locating the hospital in a large urban area — the larger the better, the report says — will make available the services of consulting specialists in medicine, education, rehabilitation, psychology, nursing, social work and other fields.**

"The concept of early and adequate services supplemented at the community level is the only one that offers hope of reducing waiting lists and the construction of excessively large residential hospitals and training centers," said the report.

## Miss Stokes Weds in Fall

AVON TOWNSHIP—Announcement is made of the engagement of Phyllis Myra Stokes, daughter of Mr. and Mrs. David O. Stokes, 1848 W. Auburn, to Roy Spencer.

The prospective bridegroom is the son of Mr. and Mrs. Peter Spencer of Beattyville, Ky.

A Nov. 16 wedding is planned.

## Detroiters Win Asphalting Bid

WEST BLOOMFIELD TOWNSHIP — A $2,360 contract for asphalting of Township Hall parking lots and driveways was awarded last night.

**Low bidder was Detroit Concrete Products of Detroit. Township Clerk Dorothy Chamberlain said the improvements will be completed within the month.**

In other business, the board approved amending the ordinance governing sewer and water line construction.

★ ★ ★

The right to approve and inspect new storm sewer installations was added. The township previously was limited to reviewing only sanitary sewer and water line installations.

A Teacher's Pet Peeves

# So Where Are All Those Shiny Apples?

By HAL BOYLE

NEW YORK (AP) — Remarks that schoolteachers get tired of hearing:

"In addition to your teaching duties, Miss Elmo, we expect you to act as chaperon at school dances, put on three plays a year and serve as career counselor. We sure would appreciate it, too, if you could help take tickets at the football games this fall."

BOYLE

"Well, yes, you have the experience all right, but speaking frankly, we'd hoped to get a younger teacher with a more advanced degree. After all, the job pays $3,650 a year."

"We realize you have to make both ends meet, Mr. Johnson, but I'm afraid we can't countenance moonlighting. It just doesn't look right for a high school civics teacher to hold a job on the side as a night watchman."

★ ★ ★

"My teacher used to hit my palm with a ruler if I couldn't spell a word. You won't do that to my little Oswald, will you?"

NOT HIDEBOUND

"This is by no means a hidebound community, Miss Elmo, but I think you'd make a bigger hit with the parents if you—uh—wore a little less makeup and—uh—didn't use a cigarette holder in public."

"Yes, Mr. Johnson looks harmless enough now, but my cousin knew him in college and says he was always circulating petitions for something or other—I forget what."

★ ★ ★

"If you ask me, there's too much folderol in modern education. I went to a one-room little ol' red schoolhouse, and I can't see as how it hurt me none."

"Ain't you the new schoolmarm ma'am? Whatcha got on for tonight? I'm free as a bird."

★ ★ ★

"Gee, Miss Elmo, I simply have to get the lead in the class play this year. I've got this burning yen to be an actress. Mama is president of the PTA, and—"

PAY LESS

"I admit we're paying you less than the town dog catcher, Mr. Johnson — but he's the mayor's brother-in - law, and besides, he has to work all summer."

"My child never acts that way at home. If he didn't learn it here at school, where did he learn it?"

"My daughter is on the delicate side, Mr. Johnson, Isn't there some better way to teach her biology than having her look at the insides of a frog?"

★ ★ ★

"That's the third straight game we've lost, Johnson. If you could only coach football as well as you teach science, this school could really hold up its head."

"You can live anywhere you want to, Miss Elmo. But as a member of the school board, I know you need to watch your dough, and my wife and I can let you have our attic room for only $75 a month. The last three teachers who stayed there said it was the best bargain in town. But feel absolutely free to make up your own mind."

★ ★ ★

"We're proud to have you, Miss Elmo, but I guess nobody will ever take the place of Miss Greene in our hearts. She served in our school system for 45 years —until she retired this summer and entered an old ladies' home with the money she'd saved."

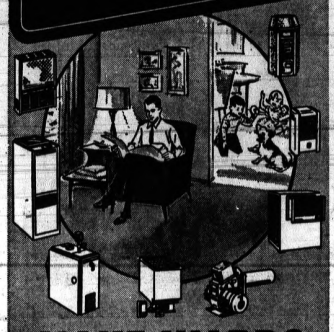

## Bus Service Free to Parochial School

JACKSON, Mich. (AP)—The Henrietta Elementary School District will provide free bus transportation to 33 parochial students attending St. Johns Roman Catholic High School in Jackson starting this fall.

School officials said such service will be required next year under a new parochial school bus law but they decided to provide the service ahead of schedule because the district always has had good relations with parochial schools.

The district, which has no high school, has been transporting public school students to Jackson High School. Families of parochial students have been paying approximately $100 to transport students to St. John's High over distances ranging from five to 10 miles.

## Mail Brings Good Spirits

KEENE, N.H. (AP) — With a unique service which extended beyond his delivery of the daily mail, a rural postman kept his patrons in good spirits for 28 years.

The contract - mailman, it seems, delivered liquor along with the letters ever since he took over the route in 1934. He would purchase the bottles and deposit them in the mail boxes of his customers for a fee of 25 cents.

The special delivery service has been discontinued. The mailman was arrested for selling liquor without a license.

## Dublin Pigs Barred From Community Life

DUBLIN, Ireland (AP) — Dublin's fair city ruled Wednesday the Irish must keep their pigs at least 200 feet from dwellings.

The corporation's streets committee passed a law forbidding piggeries anywhere within that radius of dwellings. There are 211 of them involved. The city said owners would be compensated for removals to other legal areas.

ROY M. COHN

Says Ex-McCarthy Aide

# Cohn 'Vendetta Target'

NEW YORK (AP) — Roy M. Cohn, anti-Communist investigator for the late Sen. Joseph R. McCarthy, says he is the victim of "personal revenge and retaliation" following the indictment accusing him of perjury and obstruction of justice in a stock fraud probe.

Cohn, 36, an attorney, was indicted Wednesday by a federal grand jury along with another Manhattan lawyer, Murray E. Gottesman, 56. Both were charged with scheming to prevent the indictment of four men in a 1959 Chemical Corp. stock swindle.

Cohn and Gottesman immediately denied the charges.

Cohn said in a statement:

CHARGES 'WELCOME'

"The trumped-up charges by Robert Morgenthau (U.S. attorney for the Southern District of New York) and company are in fact welcomed by me. This may seem strange to say, but it is not when viewed in the light of their two-year campaign of slander, managed news leaks, harassment and high-handed tactics.

"I now have the opportunity of bringing all this out into the open. I will prove the falsity of these charges and expose a rank misuse of the machinery of justice for personal revenge and retaliation."

★ ★ ★

Cohn concluded his statement: "I shall appear at the United States Court House tomorrow (Thursday) to formally enter my denial in court, following which I shall make a full and detailed statement concerning this official vendetta."

Cohn was chief counsel to the Senate Permanent Subcommittee on Investigations under McCarthy, and was the chief interrogator in the televised Army - McCarthy hearings on alleged Communist influence in the armed forces.

SENATE CENSURE

The hearings resulted in a Senate censure of McCarthy. Cohn resigned afterward as chief counsel to the subcommittee.

The 10-count indictment against Cohn and Gottesman came after more than a year of investigation by the grand jury. Four other men, three of them associated with Cohn's law firm or business operations, were named co-conspirators but not defendants.

In the stock case, the public was bilked of nearly $5 million in price-rigged, unregistered stock sales. At least 15 persons have been convicted or pleaded guilty in the case.

Morgenthau said that Wednesday's indictment resulted from a probe to determine if any wrongdoing was involved in the failure of a 1959 grand jury to indict four men in the stock fraud case.

The four were indicted by a 1961 grand jury; they were Samuel S. Garfield of Clare, Mich., and three Denver, Colo., men: Irving Pasternak, Allard Roen, and Allen K. Swann. All four later pleaded guilty.

Wednesday's indictment alleges that Cohn and Gottesman were involved in the scheme to prevent indictments of the four men by the 1959 grand jury.

★ ★ ★

The indictment also charges that Cohn got Gottesman to get in touch with Morton S. Robson, then chief assistant U.S. attorney for New York's Southern District. After the 1962 probe of the 1959 affair was begun, the indictment claims, Cohn used threats to get Garfield and Roen to recant their previous testimony before the most recent grand jury.

Cohn and Gottesman also allegedly conspired to lie to the new grand jury about their activities in connection with the previous stock fraud probe, according to the indictment.

Named co-conspirators but not defendants in the current case are: Daniel J. Driscoll, a partner in Cohn's law firm; Samuel Litt, Cohn's accountant and head of an accounting firm; Bruce Litt, his son; and Garfield, an oil operator.

## Bavarian Mint Honors Adenauer With Inscription

MUNICH, Germany (AP) — The Bavarian state mint has started coining Adenauer memorial medals in gold and silver. They will be issued after the resignation of Chancellor Konrad Adenauer next month.

The medal shows Adenauer's profile on the front and his official residence, the Palais Schaumburg in Bonn, on the other.

It bears the inscription "14 years as federal chancellor 1949-1963."

Adenauer is West Germany's first chancellor.

Economics Minister Ludwig Erhard is slated to succeed him.

## Curtain Stage-Stuck

BOURNEMOUTH, England (UPI)—An audience of 1,600 persons went home dissatisfied from the Paillion Theater last night when the 15-ton steel safety curtain got stuck in the down position during intermission.

## Sukarno Says United Nations Now Obsolete

JAKARTA, Indonesia (AP)—President Sukarno today called the United Nations an "obsolete arena" and suggested it be reorganized.

Speaking at a ceremony installing Ambassador Labertus N. Palar as Indonesia's permanent representative to the United Nations, Sukarno said the world body is not representative of the "new emerging forces" because its political organization is still similar to that of 1945 when the U.N. charter was adopted.

Sukarno did not elaborate on how the reorganization should be made.

Palar will succeed Sukardjo Wirjopranot who died last year.

## Installment Buying Increases in July

WASHINGTON (UPI) — Installment buying in the United States during July grew by $501 million to a total of $5.1 billion, mostly because of automobile purchases, the Federal Reserve Board reported yesterday.

The July increase was $86 million more than in June and about $50 million more than the monthly average for the first six months of 1963, the board said.

Noninstallment credit, which includes charge transactions, rose $145 million to a total of $856 million during July.

# Travel Is No. 1 Vacation Choice; Most Go by Car

By CHARLES C. CAIN
AP Automotive Writer

ANN ARBOR (AP)—A University of Michigan research team says most Americans prefer to spend their vacations traveling and that autos still are their favorite means of vacation travel.

The findings were contained in a 96-page report on the "travel market," compiled by the university's survey research center. It was a continuation of a study of national travel habits that began in 1955.

"In the population as a whole, more people react favorably to travel by auto, than by plane or bus" the researchers said. They added: "Among frequent travelers, however, reaction to air travel was more favorable."

In its basic question, the research team asked in 2,651 interviews, "What is the best way to travel?" on a vacation.

Some 40 per cent replied autos; 28 per cent chose air travel. Other percentages included railroads, 1½; bus, 5; ship, 1; don't know, 10; and other, 2.

Of air travel, the report said, "People living in the 12 largest metropolitan areas of the country, even those in central cities, are more likely to travel by air than those living elsewhere."

Of bus travel, the researchers said, "comparatively speaking, the strength of the bus lines seems to be greatest in the rural areas."

Not all those who said they used autos on their vacation travels said complimentary things about such travel. Ten per cent referred to auto travel as dull. There were also negative comments about fatigue, danger and expense.

The survey dealt in great detail with peoples' reasons for choosing different types of transportation, but since this is an automotive column, emphasis is placed on that type of transportation.

Many of the survey findings were about one would expect. For example, it said of superhighway driving habits, "Women 65 and over do tend to drive slowly; young men 18 to 24 do tend to drive faster; 45 per cent of them reporting speeds of 60 miles an hour or above. There is a general tendency for usual driving speed to decrease as age increases."

It said the choice between air and auto for nonbusiness trips of at least 500 miles depends largely on how many people are in the party, a factor in determining which method of travel will be the cheapest.

There also is a relation between speed and family incomes, the report indicated. For example, of those with incomes of over $15,000 a year, 38 per cent said they liked fast driving in contrast to 16 per cent for those with incomes to $5,000 to $6,000.

Travelers do not always have a free choice of transportation, for the researchers pointed out that on "trips by auto both for business and nonbusiness purposes, just over half report they could not have reached their destination conveniently by air on their most recent trip."

As an aside to air and railroad travel, the survey showed that the more people travel, the more likely they are to use rented cars.

The researchers said California and Florida continue to be the favorite vacation travel goals.

## Kent County Okays Airport Bond Issue

GRAND RAPIDS (UPI) — A $620,000-revenue-bond issue for completion of the terminal building at the new Kent County Airport was approved yesterday by the board of supervisors.

The bonds will be sold by Goode Body and Co. of Detroit and Chicago, whose interest rate of 3.16 per cent was the lowest among three bidders.

The new airport in Cascade Township is scheduled to open Nov. 16.

**PARTY'S A SMASH** — Fernanda Wanamaker Wetherill made her debut on Labor Day weekend at the family estate in Southampton, N.Y. After the party, a group of young guests ran rampant through a 40-room mansion, causing $3,000 to $10,000 damage. Police finally broke up the melee.

## Farmers' Group Starts Boycott

### Action Meant to Keep Feed Grains Off Mart

CORNING, Iowa (UPI) — The militant National Farmers Organization (NFO), which last summer staged a five-week market rebellion against livestock prices, today began a holding action designed to keep feed grains off the market.

★ ★ ★

The action was ordered yesterday by NFO President Oren Lee Staley, who said it was aimed at "cutting off the lifeline" of grain, livestock and dairy processors.

Effects of the new boycott were not expected to be immediately felt.

**The NFO will concentrate first on soybeans and move to other crops as they are ready for harvest.**

The plan calls for members of the 19-state farm organization to withhold soybeans, corn and grain sorghum from market until the NFO signs contracts for higher prices with processors.

**SALES AGREEMENTS**

Along with the withholding action, members were being asked to sign grain sales agreements which would give NFO leaders virtual control of the marketing of soybeans.

**The agreements authorize NFO officials to sell members' soybeans "at not less than $2.75 a bushel," Staley said. That is about 11 cents above the nominal quotation yesterday on the Chicago cash grain market.**

A successful boycott, Staley said, "will siphon from normal market channels a sufficient percentage of the soybean crop to leave the NFO the only volume seller of soybeans by spring or early summer 1964."

★ ★ ★

Staley said the immediate goal is a signup of agreements covering 50 million bushels of soybeans within the next two weeks. The ultimate goal is 200 million bushels signed up by the time harvest is completed.

## Israel After Teacher for Army Duty

MIAMI, Fla. (AP)—Samuel Cohen, 27, a Chicago Hebrew school principal, went to Israel this summer to study educational techniques and may have to stay another 2½ years as a soldier.

Cohen's parents, Rabbi and Mrs. Neshulam Cohen, received a cablegram and air mail letter from their son Wednesday saying he was being forcibly detained to be inducted into the Israeli army.

The elder Cohen said his son was born in Israel but became an American citizen after being brought to the United States 12 years ago.

A State Department spokesman in Miami said Cohen is still considered an Israeli national in Israel and there is nothing the United States can do about his being drafted.

The elder Cohen said his son probably will lose everything now that "he's just worked himself up to the position of principal."

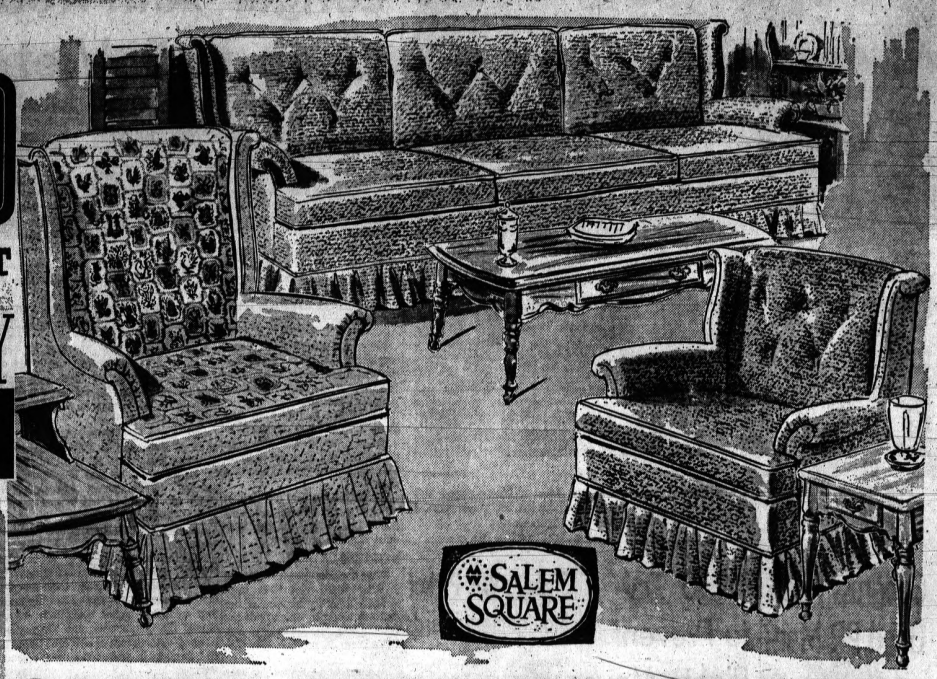

He voiced doubt that his son could stand the rugged life of a soldier. He said Samuel was rejected by the U.S. Army because of poor sight and a bad back.

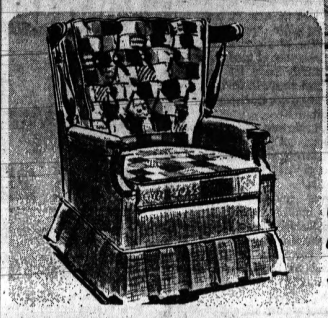

"I just don't think he'll make it," said Rabbi Cohen.

WASHINGTON — The political and religious turbulence rocking South Viet Nam has caused some key U.S. military men to revise their estimates and predict a longer anti-communist war — and probably a longer American involvement.

Past predictions that victory over Red guerrilas might be achieved in three years or so were based largely on an assumption of political stability in South Viet Nam.

★ ★ ★

Some knowledgeable officers considered that time estimate optimistic, even before the Saigon government began repressing Buddhists last May.

Meanwhile, Secretary of the Army Cyrus Vance is about to leave on a two-week Pacific area tour which will take him to South Viet Nam about the middle of the month.

He will be the first top civilian official from the Pentagon to visit South Viet Nam since the Buddhist troubles broke out.

**EYE TRIP CHANGE**

Some consideration was given to striking South Viet Nam from Vance's itinerary because of the delicate situation which finds the government of President Ngo Dinh Diem in conflict with U.S. policy.

Apparently the matter has been resolved in favor of Vance's going to Saigon—but informed authorities indicated he will confine himself to a military inspection and avoid any public comments on the Vietnamese political-religious crisis.

★ ★ ★

Present plans call for Vance to leave Sunday and stop at Hawaii, Okinawa, Korea, Formosa, Viet Nam and briefly in Japan, where he has been invited to confer with defense officials.

Although Vance ostensibly will pay attention chiefly to the U.S. Army and its activities in Viet Nam, he is expected to give Secretary of Defense Robert S. McNamara a report on his impressions of the difficult situation there.

**LONG STRUGGLE**

While outwardly optimistic about the course of the war to suppress the Communists, McNamara has stressed it will be a long, hard struggle.

Adm. Harry D. Felt, the U.S. commander in the Pacific, told a news conference last January that he was willing to stand on a prediction of victory in South Viet Nam in three years.

Gen. Earle G. Wheeler, Army chief of staff, said in February he was reluctant to fix a time for success. But he said it was possible anti-Communist forces could win control of "the major part of the more usable part of the country" within three or four years.

The factors usually cited as hopeful included an increasing rate of defections from the Communist guerrillas, capture of more Red weapons, higher casualties among the Communists, and the building of thousands of new fortified hamlets to protect the peasants.

But some authorities said that while intelligence has improved there is no reliable way of knowing how many new men the Communists have sent into South Viet Nam or to what extent the Reds have been able to replace lost weapons.

Also, it was said, there is evidence that some areas believed regained from the Communists have not stayed that way—that the peasants backslid when government forces moved on.

Tran Van Chuong, South Viet Nam's former ambassador to the United States, told The Associated Press Wednesday in an interview that the Diem government has irreparably lost the support of its people.

No amount of foreign aid can carry Diem's regime to victory, Chuong said. Still, he added, aid to Viet Nam cannot be abruptly stopped without losing it to the Communists.

"This dilemma seems insoluble," he continued, "because almost all of the material forces in Viet Nam are in the hands of dictators who are determined to use the population of Saigon, including the Americans there—and even the freedom of Viet Nam—to blackmail the United States into continuing its aid to a regime which has irreparably lost the support of the people and can no longer lead them to victory."

Chuong added, "the present dilemma can be solved by a coalition of able men of good will, who would firmly stand for national union and reconciliation, justice for all and more efficiency in government.

"Such able men of good will are numerous, but have so far been either silenced and reduced to impotence in Viet Nam, or oppressed into exile."

Chuong quit his post after Diem's brother, Ngo Dinh Nhu, raided Buddhist pagodas Aug. 21 and rounded up hundreds of monks and nuns. Mrs. Chuong resigned as South Viet Nam's permanent observer at the United Nations.

Chuong avoided all references in the interview to his daughter, who is Nhu's wife.

## Petty Thief Seeks Soft Cell

MILAN, Italy (AP) — It's turing chill these nights, and homeless, hungry, Alfredo Gioia, 53, asked police to jail him for the winter.

★ ★ ★

"We can't just lock you up for nothing," police told him.

So he confessed a minor theft he said he had committed in a nearby town. They made him wait while they checked up. Sure enough, police, said, he had.

So Gioia got the warm cell and free meals for at least part of this winter.

## Congress Need Good PR Man?

### Writer Says 'Junkets' Publicized Too Much

WASHINGTON (UPI) — Does Congress need a public relations man to defend it from such things as newspaper criticism of "junkets" by lawmakers overseas?

Oscar Johnson, writing in a signed editorial in Roll Call, a weekly newspaper published privately on Capitol Hill, seems to think so.

**Johnson said that although congressional "junkets" reap bushels of adverse newspaper copy, "little is written about the executive branch traveling which cost taxpayers millions more and often results in far less benefit."**

As "one tiny example," he said the State Department plans to send U.S. delegations to 531 international conferences this fiscal year.

"In the military," Johnson said, "globe-girdling hops by high-ranking officers riding alone in huge jet airplanes are legendary.

**Johnson said "countless" other examples of wasteful and excessive spending by the executive branch could be uncovered "if news media bothered, but it's easier and more sensational to attack Congress — which doesn't have the talented public relations help to cover things up."**

The editorial said that when the executive branch is criticized, such as Sen. Harry F. Byrd's complaint over the weekend about the number of White House planes and ships, government press agents grind out immediate replies.

"Hardly had the words been uttered before the White House came up with its rebuttal," Johnson said, adding that some newspapers carried a point-by-point refutal of Byrd's speech.

## 1,000 Try to Prevent Rights Move

HIGH POINT, N.C. (AP) — At least 1,000 white persons surrounded a segregated drive-in restaurant Wednesday night and prevented the Negroes from seeking service there for the fourth sucessive night.

★ ★ ★

Nearly 100 helmeted policemen and sheriff's deputies armed with riot sticks and tear gas guns stood between the whites and 200 Negro demonstrators at the A&W drive-in.

★ ★ ★

Police said the Rev. B. Elton Cox, a field representative for the Congress of Racial Equality, was struck in the face by a white man who at first pretended to shake hands with the minister. The white man was the only person arrested.

The Negroes filed back to church after their freedom songs were drowned out by a chorus of white voices and automobile horns.

★ ★ ★

Negroes again boycotted a Negro school in Williamston.

Gov. Terry Sanford warned that "school attendance is mandatory" after hearing reports that a boycott of Williamston's E. J. Hayes Negro School begun Tuesday was almost 100 per cent effective Wednesday. It involved about 1,200 students.

Negro leaders said the boycott is in protest of "police brutality" in halting a demonstration by Negro pupils last Friday.

The Interior Department reported recently that 26 whooping cranes had been counted at the wintering grounds on the southeastern Texas coast.

## Strikers Will Picket Montgomery Wards

DETROIT (AP) — Five Detroit area Montgomery Ward stores will be picketed tomorrow by striking members of Retail Store Employes Union Local 876, the union's executive secretary said yesterday.

★ ★ ★

Herschel Womack said the union, which claims membership of 1,200 of Montgomery Ward's 1,500 Detroit area employes, rejected the company's latest wage offer last Friday. He said the offer was rejected by a 4-to-1 margin.

★ ★ ★

Four other Montgomery Ward stores would not immediately be affected by the strike, Womack said.

## Earth Like Pear-adise

DENVER, Colo. (AP) — The earth, of course, isn't flat, but neither is it exactly round.

It's kind of pear-shaped, a speaker said yesterday at a meeting of the Association of American Geographers.

★ ★ ★

Toshio Hoshide of the U.S. Army Corps of Engineers map service, said, "The North Pole is about 15 yards farther from the center of the earth than the South Pole."

India is a charter member of the United Nations. On its tricolor flag, a saffron band symbolizes courage and sacrifice; a white one, peace and truth; the green, faith and chivalry. A spoked wheel centered on the white stripe represents India's ancient culture.

## Typhoon Faye Goes Into South China Sea

MANILA (AP) — Typhoon Faye churned into the South China Sea with 110-mile-an-hour winds today after striking a glancing blow at the sparsely populated northernmost Philippine Islands.

★ ★ ★

The Manila weather bureau said the typhoon was moving west toward Hainan Island and the south China mainland at about 15 m.p.h.

The typhoon center passed about 375 miles north of Manila as it crossed from the Pacific into the South China Sea. Heavy rains and gusts of strong winds lashed Manila.

## Safety Banquet Honors 'Fantastic' Driving Feat

PORTERVILLE, Calif. (AP) — When J. J. Minjares, a truck driver, was honored at a banquet of the Porterville Safety Council, everyone agreed that he deserved the homage.

Police Chief Francis Torigian, presenting the award, described as "fantastic" Minjares' record of driving 1.8 million miles since 1927 without a traffic accident or citation.

## Cheaper Marriage Rites Prove Tie That Binds

LOS ANGELES (UPI)—Los Angeles County judges began last February offering their services free during certain hours in performing marriage ceremonies.

Presiding Superior Court Judge McIntyre Faires disclosed yesterday that the number of couples united in civil ceremonies at the county Courthouse has more than doubled since then—about 400 every month on Saturday mornings and weekday noon hours.

About one-quarter of soft coal mined in the U.S. is from open pits.

# Slavs Applaud Nikita's Visit

BELGRADE, Yugoslavia (UPI)—Yugoslavia today hailed the visit of Soviet Premier Nikita Khrushchev as a "new significant step" toward preserving peace and building world communism.

The official Yugoslav Communist party newspaper Borba, in its first editorial comment on Khrushchev's visit, lashed out at Communist China for denying peaceful coexistence and charged the Peking regime with trying to face the Communist movement with a "war or peace dilemma."

Borba said the new Soviet-Yugoslav friendship, spurred on by common opposition to Peking's militant ideology, already had boosted Yugoslavia's trade with Russia by 50 per cent.

★ ★ ★

Khrushchev completed his 15-day visit to Yugoslavia Tuesday. The visit ended a 15-year feud between President Tito and Moscow caused by Tito's expulsion from the international Communist movement in 1948 by Josef Stalin.

Both Tito and Khrushchev reject nuclear war as a means of spreading communism, contrary to the Chinese Reds. They have been denounced by Peking for seeking peaceful contacts with "western imperialism."

NEW STEP

Borba said Khrushchev's visit was a "new significant step which fully shows the real and sound foundation of friendly relations" between Yugoslavia and Russia.

The newspaper said one of the "key foundations" of the new unity is mutual opposition to "political adventurists and opponents of constructive international cooperation"—labels for the ultra-revolutionary Communist Chinese.

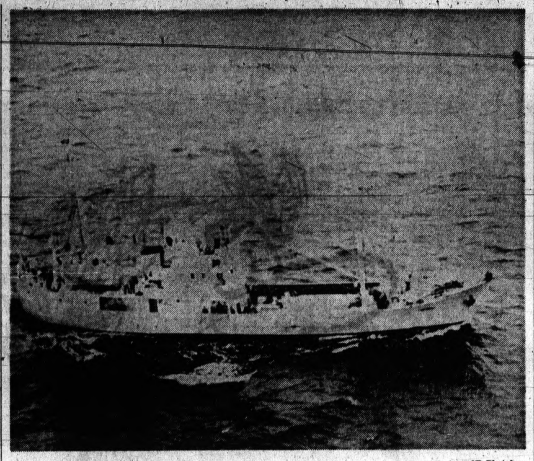

Borba quoted Tito as saying Yugoslavia and the Soviet Union "have the same ends—in creating the new (Communist) society and the preservation of peace." It quoted Khrushchev as saying it is "natural" the two nations share these aims.

It said the questions discussed by the two leaders included mutual relations, world peace and aiding underdeveloped countries.

Borba lashed Peking for calling peaceful coexistence "treason to the cause of the worker's movement" and "surrender to capitalism."

TRAWLER OFF COAST — Crewmen are on the open deck of the Russian trawler Gidrophone in this photograph made from a U.S. Navy plane off the west coast in late August. The Department of Defense, releasing the photograph in Washington yesterday, said the ship is equipped with antennae for possible electronic intelligence collection.

## Stars Connie Stevens, James Stacy to Wed

HOLLYWOOD (UPI) — Actress Connie Stevens and actor James Stacy plan to be married on Oct. 12.

Miss Stevens said yesterday the ceremony will be in the St. Francis de Sales Church in San Fernando. She plays "Cricket" in the "Hawaiian Eye" television series and Stacy appears in the Walt Disney movie "Summer Magic."

# N.Y. Senators Call for Rights Action

WASHINGTON (AP) — In the news from Washington:

CIVIL RIGHTS: Sen. Jacob K. Javits, R-N.Y., has called on the Senate's Democratic leaders to revise their civil rights timetable lest the result be an "emasculated bill."

Javits would have the Senate swing into early action by using the public accommodations bill now before the Senate Commerce Committee as the vehicle for other civil rights legislation.

The Democratic leadership plans to wait for a bill from the House before beginning floor debate, Javits said. This might delay Senate action until November or December, he said, and lead to weak legislation.

However, the assistant Senate Democratic leader, Hubert H. Humphrey of Minnesota, told Javits and Sen. Kenneth B. Keating, R-N.Y., who joined in the speedup proposal, that the Senate will pass an effective bill if it takes until January.

TENTATIVE TRIP: Secretary of State Dean Rusk hopes to go to Europe next month, attend an Oct. 24-28 meeting in Bonn of U.S. ambassadors in Europe and perhaps meet with West German authorities.

But in giving this word Wednesday the department press officer, Richard I. Phillips, stressed that Rusk's plans are tentative because of a heavy schedule that may include now unforeseen congressional appearances.

---

RESERVES: Young men who fulfill their military obligation by enlisting in the Reserve program will be required to serve at least four months on active duty and remain in the Reserves for a total of six years.

The new requirements are in legislation signed into law Wednesday by President Kennedy.

The Reserve program had provided for six months of active duty. Over-all service obligations varied up to eight years.

The duration of active duty time now will depend on the training required to qualify in a military specialty. It can range up to 18 months.

FEDERAL PAY: Chairman John W. Macy Jr. of the Civil Service Commission has urged the Senate Postoffice and Civil Service Committee to approve salary increases for federal executives, members of Congress and judges.

Until their pay is raised, Macy told the committee Wednesday as hearings opened on this year's federal pay bill, it will be impossible to give needed boosts to the top career employes.

## A Hallmark of Friendship

KATMANDU, Nepal (AP)—Red China has offered $263,000 to build a "China-Nepal Friendship Hall" in this capital.

Official sources said today the proposed name of the hall is unacceptable. But the Nepal government, which is short of money, plans to build a city hall and the Chinese money might be used for it. If this is done, a simple plaque in the building would acknowledge the Chinese contribution, they said.

## No Trouble in Spotting Lost Military Pooch

CLEVELAND (AP)—Anyone finding Snaff, the dog mascot who disappeared from the Coast Guard life boat station here Labor Day, will have no trouble identifying him.

Chief M. Don Powell said Snaff is a 2½-year-old Pekingese who wears his hair like a poodle and stands at attention when he hears Taps or the Star Spangled Banner.

## Hearst Labor Counsel Succumbs in Spokane

SPOKANE (UPI) — Harvey Kelly, 77, general labor counsel for the Hearst Newspaper Co., died yesterday in a Spokane hospital.

Kelly, who began his career in the mines of Canada and later moved here as a newspaper reporter, was a prominent citizen of the Coeur D'Alene, Idaho area. He had served as labor counsel for the Hearst chain since 1936.

Man is affected by 80 diseases also common to animals.

## 'Miss Rodeo' Ropes Man

PHOENIX, Ari. (AP)—Phyllis Harris, daughter of entertainers Phil Harris and Alice Faye, said Wednesday she plans to marry Myron Beck, 29, a rancher in the Bloody Basin area in Arizona.

Miss Harris, 20, made the announcement in giving up her title as Miss Rodeo Arizona.

"If I were lucky enough to win that Miss Rodeo America contest, it would take a year out of my life," she explained. "And I want to get married."

## Finland Will Provide U. N. Infantry Force

HELSINKI, Finland (UPI) — Finland announced last night it will form an infantry battalion for use in United Nations peace-keeping operations.

The battalion would be ready to move out upon request of the U.N. Secretariat, subject to Finnish government approval.

The all-volunteer unit will receive special training, the defense ministry said.

# Indonesia Envisions All-Malay Defense

JAKARTA, Indonesia (AP) — Indonesia's military chief says he is optimistic an all-Malay defense system eventually will be forged in southeast Asia.

★

Gen. Abdul Haris Nasution, defense minister, calls such a system a "historical necessity" but told the Associated Press the Philippines, Malaya and Indonesia must first prove "they are their own bosses." He left no doubt he feels that Indonesia, with its nonalignment policy leads the other two countries in this respect.

**Nasution was replying to questions about his concept of military cooperation among the three nations. Their leaders agreed at a Manila conference to form a loose association of Malay states call Maphilindo.**

The project has run into a snag right at the start, with Indonesia quarreling with Malaya over the creation of a Malaysia federation, including Singapore and the Borneo territories.

Indonesia has called British-backed Malaysia a "neo-colonialist" threat to its security.

Nasution made it plain that Malaysia would be more acceptable in Maphilindo if it scrapped its planned defense links with Britain.

"Primary reliance on foreign strength must change," he said.

**His remarks seemed also aimed at the Philippines, which belongs to the U.S.-sponsored Southeast Asia Treaty Organization. This Asian-style NATO is anathema to Indonesia.**

Nasution declined to discuss what effect SEATO and a Maphilindo military arrangement might have on each other, except to say "they might overlap in some ways, but the basic approach is different."

★ ★ ★

Indonesia has had Russian assistance in building up and equipping its 400,000-man armed forces. Much of the billion dollars it owes to the Soviet bloc has been piled up by arms purchases.

**But Nasution insisted "this is a business-like agreement." Pointing out there are no foreign bases in this country, he said the Russians "only sell us the equipment we need."**

Nasution did not rule out "cooperation with friends from foreign areas" in shaping a Maphilindo security system.

★ ★ ★

He emphasized, however, that "in the long run our security must be based on the Malay people themselves."

Nasution said the early days of World War II, when Japanese forces overran much of Asia, proved foreign powers could not defend this region.

He declined to say where he thinks the next big threat to the region lies.

## Army to Spend in Detroit Area

DETROIT (AP) — The Department of the Army is expected to spend $2.3 million to build new facilities in the Detroit area following the closing of Fort Wayne, it was disclosed in Washington yesterday.

★ ★ ★

Two Army Reserve armories, costing a total of $1.6 million, and $654,000 for maintenance buildings for a Nike-Hercules missile battalion are the major items.

**The program was revealed in an edited version of testimony in hearings before the House Military Construction Appropriations subcommittee.**

One of the proposed armories would be located in Livonia and the other in Warren, the Army said.

★ ★ ★

The missile maintenance buildings would be built at Newport, Mich., near Monroe.

The 65-acre Fort Wayne installation on the Detroit River may be declared surplus and turned over to the General Services Administration, an Army spokesman said.

## AAA Says Short Skirts Are Safer

WASHINGTON (UPI) — You always knew there were sound reasons for looking at a pretty girl's legs, didn't you? Your wife had you all wrong.

★ ★ ★

Well, the American Automobile Association (AAA) has come to your aid. The AAA applauds the rising hemlines of women's skirts and calls for more of the same.

The AAA says it's "not blind to the beauty of the fair sex," but the reason it wants as much leg as possible to show is because of traffic safety.

The AAA noted that automobile headlights readily pick up the stockings or bare legs of woman pedestrians at night.

★ ★ ★

"Naturally," the AAA said, "the more stocking or leg exposed, the easier it is for motorists to spot and thus prevent an accident."

Sure!

## Nicaragua Gets Promise of Aid

MANAGUA, Nicaragua (UPI)—President Rene Schick says the governments of Costa Rica and Honduras have promised to help suppress anti-Nicaraguan guerrilla activity on their borders.

★ ★ ★

Schick told a press conference yesterday that a number of guerrillas — Honduras, Nicaraguans, Costa Ricans and Cubans — have already been arrested in Honduras, where anti-Nicaraguan forces have been particularly active.

The president said five Cubans and a Mexican who arrived here recently as refugees have been arrested pending an investigation to determine whether they are Castroite spies.

He said Communists using arms smuggled from Fidel Castro's Cuba are plotting subversion and armed attack on Nicaragua.

★ ★ ★

"We hope (opposition) political leaders will have the good judgment not to plunge the nation into chaos," Schick said.

## Afghanistan Royalty Visits White House

WASHINGTON (UPI) — For the first time, the colorful White House rose garden will be the setting tonight for a state dinner.

President Kennedy will honor King Mohammed Zahir and Queen Homaira of Afghanistan at the outdoor dinner which will mark the start of the fall social season at the executive mansion.

★ ★ ★

The couple was scheduled to arrive this morning on the White House lawn by helicopter from Williamsburg, Va., for three days of consultations and ceremonial activities.

After their arrival, the King and his wife will be accompanied by President Kennedy during a parade through midtown Washington on one of the longest routes ever scheduled for a visiting head of state.

Eunice Shriver, the President's sister and wife of Peace Corps Director R. Sargent Shriver, will substitute for First Lady Jacqueline Kennedy as the official hostess during the royal couple's visit.

Mrs. Kennedy is recovering from a Caesarian operation.

## Those Window Washers Certainly Are Friendly

PHILADELPHIA (UPI) — Two window washers, stranded seven stories high when their scaffold motor failed, waved at passersby for two hours yesterday for help but got only waves in return. One man finally figured they were stuck and called firemen.

The men, Reginald Mason and Preston Satterfield, also tapped on the sealed windows but the office workers inside only waved back.

# Baked Alaska Is a Beauty

Here is truly the queen of desserts, combining the old-fashioned goodness of homemade pound cake with the cool richness of ice cream and swirls of meringue. Serve it as the memorable ending to a hot summer meal or the dramatic high spot of a party.

This dessert is simple to make. Prepare the pound cake with pound cake mix. Bake it in two layer cake pans. You'll have one extra pound cake layer to wrap and freeze for the future.

**Elegant Rainbow Alaska**

1 (1 pound 1 ounce) package pound cake mix
1 pint strawberry ice cream
1 pint vanilla ice cream
1½ pints pistachio ice cream
5 egg whites
¼ teaspoon cream of tartar
½ teaspoon vanilla extract
⅔ cup sugar
Flaked coconut

**Mix pound cake according to package instructions. Pour into two ungreased 8-inch layer cake pans and bake according to package directions. Cool.**

Line a deep 1½-quart bowl with aluminum foil, allowing 1-inch extra to extend over edge of bowl. Spread softened strawberry ice cream in bottom of bowl. Return to freezer until hard. Pack vanilla ice cream on top of strawberry. Return to freezer until firm. Top with pistachio ice cream. Cover with foil. Press with hands to smooth the top. Freeze until firm.

Place cake layer on cookie sheet or on a wooden cutting board. Let bowl of ice cream stand at room temperature while preparing meringue. Combine egg whites with cream of tartar and vanilla extract and beat until soft peaks form. Gradually add sugar, beating until stiff peaks form.

Remove foil from top of ice cream, invert onto cake layer. Quickly cover, both completely with meringue. Sprinkle with flaked coconut. Bake at once in an extremely hot oven (500 degrees) for 3 minutes or until browned. Makes 10 wedge-shaped servings.

ELEGANT DESSERT — A truly sophisticated dessert or party highlight—Rainbow Baked Alaska. And it's elementary to prepare with pound cake mix.

# Chicken Soup Becomes Base of Cooling Salad Mold

Sultry weather is here! And this means refreshing and inviting foods are a must on the menu. What's cooler or more delicious in summertime than something jellied.

Vegetables, meat, fish, poultry, and fruit seem so special served this way. So for the many warm days and nights ahead plan tempting molded salads for your main lunch or supper course.

* * *

A salad that's especially "souper" is one made with canned condensed cream of chicken soup as its base. Its creamy smoothness is perfect for a molded salad. Simply blend the soup into cream cheese, then add the gelatine and other choice ingredients . . . diced chicken, pineapple, celery, and green pepper.

**Hawaiian Chicken Salad Mold**

1 envelope unflavored gelatine
¼ cup cold water
1 can (10½ ounces) condensed cream of chicken soup
1 package (3 ounces) cream cheese, softened
2 tablespoons lemon juice
Dash ground ginger
1 cup diced cooked chicken
½ cup drained pineapple tidbits
¼ cup chopped celery
¼ cup chopped green pepper
Crisp salad greens
Toasted slivered almonds

Sprinkle gelatine on cold water to soften. Place over low heat; stir until gelatine is dissolved. Remove from heat. Gradually blend soup into cream cheese; stir in gelatine, lemon juice, and ginger; add chicken, pineapple, celery, and green pepper. Pour into a 1-quart mold; chill until firm.

Unmold; serve on crisp salad greens; garnish with toasted almonds. Makes 6 servings.

# Nation Relishes Michigan Celery

Quality is the buy-word in Michigan celery this year says the Consumer Marketing Information Agent, Mrs. Josephine Lawyer. Michigan ranks third in the nation in the production of celery and the growers have established a quality control program that has real meaning for buyers of "Seal of Quality" celery.

* * *

A unique factor in the new celery program is the rigid standard under which cooperating farmers must pack. All fresh market Michigan celery carrying the Michigan Celery Promotion Cooperative's "Seal of Quality" must meet the standards of "Extra U.S. No. 1 Grade." Eight to ten Federal-State inspectors are on the job from now until frost to enforce these standards.

It is appropriate that Michigan should be the leader in setting top quality standards for celery. The commerical celery industry got its start in Kalamazoo more than a century ago. Other states now produce celery, but many connoisseurs claim that Michigan's brisk climate gives its celery a distinctive flavor and texture that has not been duplicated.

* * *

Michigan celery is tender and sweet, has fewer strings and is crisper than celery grown in other areas. The green Michigan Pascal, in addition to its attractive appearance, is rich in vitamin content and keeps better than most blanched celery.

Most of Michigan's celery crop is grown in seven western counties centered around Muskegon, Grand Rapids and Kalamazoo. It is grown on rich muckland and gets plenty of tender, loving care from field to table.

As it comes from the field, the celery is submerged in a cooling water bath. After celery is washed and chilled, it is packed in crates or cello packs and immediately placed in cold storage. There it is held at 32 degrees while awaiting shipment. All celery is inspected by Federal-State inspectors at both the packing lines and the loading docks.

Celery, available all year round, is a perfect all-purpose vegetable. Crisply iced, it takes the place of honor on relish trays. It is an essential ingredient in salads, sandwich fillings, soups and stews, and is a flavorful cooked vegetable, too, especially when its dainty calorie count is balanced with a rich and well seasoned sauce. There are, in fact, so many ways to serve celery that it takes a 1,500,000 pound annual crop to satisfy our needs.

The crunchy texture of celery is a natural with chicken for a main-dish summer salad.

**Chicken and Celery Salad**

2 cups cooked chicken (white meat) sliced into slivers
1 cup celery, sliced diagonally
¼ clove garlic, minced
1 tablespoon soya sauce
1 tablespoon olive or salad oil
1 teaspoon salt
⅛ teaspoon ground black pepper
1 teaspoon cider vinegar
Lettuce
Slivered toasted blanched almonds

Combine chicken and celery in a bowl. Blend together garlic, soya sauce, salad oil, salt, black pepper and vinegar. Pour over chicken and celery. Toss lightly. Serve on lettuce. Sprinkle with toasted blanched almond slivers. 6 servings.

## Pink and White Layers Alternate in Dessert

Slice an angelfood cake into three layers. Put the layers together with ice cream and sherbet. Freezer-wrap and store in the freezer for unexpected company.

If you use a layer of vanilla ice cream and one of raspberry sherbet, you can accompany this elegant ice-cream cake with a sauce of thawed frozen sweetened raspberries.

Kitchen art: Use white pepper when you are seasoning cauliflower.

## Dry Milk Provides Richness and Volume

This summery dessert is as cool to the eye as frail and feathery in texture as deeply, delicately raspberrily pink in color as things angelic should be. But . . . it is the essence of earthbound practicality in the ease and economy with which it is made.

For 4 to 6 servings: Prepare one 3-ounce package raspberry gelatin according to package directions. Cool. Stir in 1 cup instant crystals; chill until slightly thickened. Add 2 tablespoons lemon juice and beat until light in color and double in volume. Turn into serving dishes; chill until firm. Garnish with flaked coconut.

Q. What is the name of this cut of meat?

A. Beef Sirloin Steak.

Q. Where does it come from and how is it identified?

A. It comes from the sirloin section of the beef loin and this one contains a portion of the hip bone. The various steaks have wide variation in bone and muscle structure.

Q. How is it prepared?

A. By broiling, or panbroiling. To broil, place steak on broiler rack and insert pan and rack so top surface of 1-inch thick steak is 2 to 3 inches from the heat and a 2-inch steak, 3 to 5 inches. When one side is browned, season, turn and finish cooking on second side. A 1-inch thick sirloin steak requires 15 to 20 minutes total time for rare, 20 to 25 minutes for medium. A 2-inch steak requires 30 to 35 minutes for rare, 40 to 50 for medium.

# Fruited Mold Dessert-Salad

Serve on lettuce as a salad or omit the lettuce and serve with a sour cream topping as a dessert "Ginger Date Molds." Either way, the exotic flavor of this chilled specialty will lure warm-weather appetites.

Fresh California dates are ideal for summertime recipes as well as for out-of-hand eating when the mercury mounts.

**Ginger Date Molds**

¾ cup fresh dates
1 envelope plain gelatin
½ cup cold water
¼ cup sugar
⅛ teaspoon salt
1¼ cups boiling water
¼ cup lemon juice
2 medium-size oranges
2 tablespoons chopped candied ginger
Lettuce

Slice dates. Soften gelatin in cold water. Dissolve gelatin, sugar and salt in boiling water. Stir in lemon juice. Cool until slightly thickened.

Meanwhile, pare, section and drain oranges. Fold Oranges, dates and ginger into gelatin. Spoon into individual molds and chill until firm. Unmold on lettuce to serve. Makes 6 servings.

# Chocolate Pie Has Creamy Rich Filling

Compliment-collecting dessert. That's our Chocolate Sundae Pie. A tender, flaky pie crust boasts a smooth, rich filling and is topped off with a billowy trim of whipped cream and shaved unsweetened chocolate.

Naturally you want the pie crust to be perfect — just like grandma used to make. You can produce the same fine tender, tasty results by using the shortening she used. That shortening is lard.

**Chocolate Sundae Pie**

1 9-inch baked pie shell
½ cup milk
⅓ cup cream
¼ teaspoon nutmeg
⅛ teaspoon salt
2 eggs, separated
1-3 cup sugar
2 teaspoons gelatin
2 tablespoons cold water
1 teaspoon vanilla
½ pint whipping cream, whipped
1 tablespoon confectioners' sugar
½ square unsweetened chocolate shaved

Heat milk, cream, nutmeg and salt in top of double boiler over hot, not boiling water. Beat egg yolks a nd half the sugar until light and lemon-colored.

Pour some of the hot milk into the egg yolk mixture and return to double boiler. Cook until mixture coats spoon. Remove from heat.

Soften gelatin in cold water and add to hot milk. Beat egg whites until stiff but not dry and fold in remaining sugar. Fold into cooled custard. Add vanilla. Pour into crust and chill until set.

Top with whipped cream and sprinkle with shaved chocolate.

CHOCOLATE SUNDAE PIE—A spectacular dessert for your bridge or club meeting, an elegant dessert for your dinner party or the proud choice for family dinner.

## Peanut Butter, Crumbs Top Peach Casserole

Fill well buttered casserole ¾ full of fresh peach slices. Sprinkle with salt and cinnamon. Combine graham cracker crumbs, melted butter, and chunk-style peanut butter to form crumbly topping.

Scatter topping over peaches about 30 minutes. Top with whipped cream.

## Blueberry Fritters Given New Twist

Ever add corn meal to blueberry fritters to give crunchy texture?

**Blueberry Fritters**

1 cup sifted flour
½ cup enriched corn meal
2 teaspoons baking powder
½ teaspoon salt
2 tablespoons sugar
2 eggs, beaten
½ cup milk
2 tablespoons shortening, melted
1 cup fresh blueberries

Sift together flour, corn meal, baking powder, salt and sugar. Add eggs, milk and shortening; stir just until dry ingredients are moistened. Lightly stir in blueberries.

Drop by tablespoonfuls into hot deep fat (360 degrees) — Cook 3 to 3½ minutes, turning only once. Drain on absorbent paper. Serve hot with lemon sauce. sauce. Makes 15 fritters.

Ever add cooked rice as the "stretcher" for meat loaf?

## Smooth Ham Mousse Goes to Bridal Affair

The flowery sentiment of a summer wedding is traditional.—And what season of the year could be more fitting? Mother Nature puts on her finery and even the sun seems to shine in warm approval.

If you've a soon-to-be bride in your family, the endless list of things to be done is no doubt growing. Food that is fitting for the occasion will be of special concern. This richly flavored Ham Mousse is elegant enough to headline a reception menu for the jubilant affair.

It's a joy of a make-ahead, too, prepared with an ennobled sour cream base. Perky canned peas with onions add an artful color and flavor spark. The onions are the dainty pearl variety, so mellow-sweet. Serve the salad with a garland of endive or water cress for a made-special air.

**Ham Mousse**

1 tablespoon (1 envelope) unflavored gelatine
¼ cup cold water
¾ cup boiling water
¼ teaspoon salt
3 tablespoons vinegar
1 tablespoon prepared mustard
1 cup dairy sour cream
½ cup mayonnaise of salad dressing
One 17-oz. can early peas with onions, drained
1 cup finely-diced cooked ham
¼ cup finely-diced celery
Endive or water cress

Soften gelatine in cold water in mixing bowl. Stir in boiling water, salt and vinegar. Cool slightly. Add prepared mustard, sour cream and mayonnaise or salad dressing. Beat until creamy and smooth.

Chill until partially set. Fold in remaining ingredients. Pour into a well-oiled 1½-quart ring mold. Chill several hours or until firm.

Unmold on serving plate and garnish with endive or water cress. Yield: 6 to 8 servings.

## Special Pan for Pickles

Do not use brass, copper, iron or galvanized utensils when making pickles. Those materials can cause undesirable color changes. The experts suggest that enameled ware, glass, aluminum, stainless steel or stoneware utensils be used instead.

You can use canned fruit pie fillings for milk shakes for the youngsters.

## Low in Sodium

Because wheat germ is low in sodium and relatively rich in good quality protein, it is often recommended as a meat substitute when one is on a sodium-restricted diet. One ounce of wheat germ gives the 25-year-old man about 14 per cent of his daily protein requirements.

About 650 Americans die of cancer every day.

For Presidential Campaign

# Nebraska Housewife Digs Gold for Goldwater

OMAHA, Neb. (AP)—Mrs. Truman Wood has a husband, three children, two telephones, an aging car, a newly seeded lawn and a political gold mine.

She does her own housework, sometimes with a lift from her children, the oldest of whom is Robin, 9, and tries to keep the newly seeded lawn wet down. But she has given up bridge, interior decorating and the Junior League.

★ ★ ★

Mrs. Wood, a trim, vivacious blue-eyed blonde of 35 and a sixth-generation Omahan, is one of the originators and the prime mover in what she calls an astonishingly simple do-it-yourself campaign to make Sen. Barry Goldwater of Arizona the 1964 Republican presidential nominee.

It is incorporated as "Gold for Goldwater of Nebraska," and its registered office is 5410 Seward Street, Omaha, the Wood home.

The campaign currently is yielding between $2,000 and $2,500 per week, "And I really believe we haven't even scratched the surface," said Mrs. Wood, whose husband is a sales executive for an oil refinery.

**POSTDATED CHECKS**

Contributions to the campaign, which already has enlisted about 1,400 persons in 32 states, are largely in the form of postdated checks from $10 up. They are placed in escrow in the United States National Bank of Omaha under an agreement which provides they will be turned over to the corporation for use if Goldwater is nominated, but will be burned by the bank if he is not.

So far, these checks total about $12,000. Mrs. Wood says the dollar value of the contributions is "completely secondary" to the number of people the money represents.

★ ★ ★

"People who give money now are committing themselves as workers," she said. It is her ambition to see Goldwater go into the national convention next year with a broad enough base of support to protect him from compromises hatched in smoke-filled rooms.

"We're trying to create a power play of our own," she explained.

How much should Goldwater buffs contribute?

"When they ask me that," Mrs. Wood said, "I ask them: 'How much would it be worth to you to have Goldwater the nominee?' then they start to figure.

★ ★ ★

"We've gotten some money from Democrats—Kennedy Democrats," she reported. "One man sent in a $500 check and instructed his attorney to have his estate honor the check in the event he dies before the check is presented for payment."

**GIRL IN D.C.**

Mrs. Wood, daughter of former Republican congressman Howard Buffett of Omaha, lived in Washington for six years as a girl. But so far as politics was concerned, "I was a complete dodo — that's my nickname, — Dodo," she said.

It was not until she attended the 1952 Republican National Convention with her father and saw the late Sen. Robert A. Taft lose the nomination in a matter of hours that her ideas on practical politics began to take shape.

★ ★ ★

It was a full decade before Mrs. Wood was ready to put her ideas to the test. In 1962 she joined two other housewives in spearheading a campaign to bring the Christian anticommunism crusade of Dr. Frederick Schwarz to Omaha. The five-day anticommunism school was successful though somewhat controversial and $20,000 was turned over to Dr. Schwarz.

Several months later a friend asked Mrs. Wood, a Presbyterian, to help a Redemptorist missionary priest seeking to raise $10,000 for an anti-Communist radio station in a remote area of Brazil.

★ ★ ★

With the Schwarz crusade still fresh in her mind, Mrs. Wood went to work. With the help of an Omaha priest she even prepared a sermon on communism for the missionary priest, which he used as he went from parish to parish in his home town. Three weeks later he headed back for Brazil with $11,000.

These successes and a growing feeling that ordinary people "have a responsibility to their country to do more than enjoy its privileges," encouraged Mrs. Wood to undertake the Goldwater movement.

"I was talking on the phone with Margie (Mrs. Duane) Hillmer when we got to wondering if there wasn't something we could do," she recalled.

Gradually the idea evolved, but making sure "no taint of graft" could touch their fund raising campaign was a stumbling block.

★ ★ ★

Finally, Mrs. Wood recalled, Mrs. Hillmer asked her husband, a paper products company board chairman, for advice.

"It's easy," Hillmer replied, "use postdated checks and put them in escrow."

Costs of the movement so far have been met by a $20 contribution from each worker. "If we had stopped to worry about an angel, we'd never have gotten started," Mrs. Wood said.

North America has more lakes than any other continent.

## Trieste Returns After Search; Results Secret

BOSTON (AP) — The bathyscaphe Trieste is back in Boston after a 17-day search of the Atlantic Ocean floor for signs of the sunken atomic submarine Thresher.

The Trieste returned to port Wednesday, but information on the outcome of her five dives was withheld pending report to Secretary of the Navy Fred Korth.

The Thresher was lost April 10 with 129 men aboard during a test dive 220 miles east of Boston. A previous search by the Trieste was termed unsuccessful, although some debris was sighted.

PROSPECTING — Mrs. Truman Wood, 35-year-old Omaha, Neb., housewife, is one of the originators of the "Gold for Goldwater" movement lining up contributions for a Barry Goldwater presidential campaign should he get the GOP nomination next year.

# Crumbled Potato Chips Are Added to Unusual Dips

Most of us enjoy casual entertaining in the summer season. The less work for the hostess the better. All of these original, delightful recipes can be prepared in advance and kept in the refrigerator until the guests arrive. Then bring them out along with a cool, cool beverage, and let the festivities begin. Try them and learn how enthusiastic your friends will be about your wonderful ideas.

### Parsley Chip Bush

2 bunches of parsley
1 pkg. medium sized potato chips

Tie the bunches of parsley together, very firmly, to give parsley the appearance of a tree. Trim the bottom ends straight and place in flat bottomed glass (such as fruit juice glass) or cup. Arrange potato chips firmly in all around the "parsley bush." This makes a unique and decorative way to place the potato chips on your table.

### Party Chip Cheese Ball

8 oz. cream cheese
¾ pound Old English (grated)
¼ pound Bleu cheese
1 small bottle stuffed olives
Garlic salt
1 cup finely chopped walnuts
1 teaspoon Worcestershire sauce
1 package potato chips
¾ cup crushed potato chips

★ ★ ★

Let cheese stand at room temperature until soft. Mix together thoroughly cream cheese, Old English and Bleu cheese with Worcestershire sauce and garlic salt. Put in waxpaper and mold into ball. Refrigerate until firm.

★ ★ ★

Chop walnuts and olives together. Add crushed potato chips. Mix well. Roll ball of cheese in this mixture. Serve with potato chips which can be dipped into ball.

★ ★ ★

### Seafood Dip

1 lb. cooked shelled shrimp - cut up very fine (or ½ lb. crabmeat or lobster meat if you prefer)
1 pint sour cream
½ cup finely crushed potato chips
Freshly ground black pepper

Mix all ingredients well.

### Almond Chip Dip

1-3 cup unblanched almonds, toasted
¼ lb. aged cheddar cheese, grated
4 teaspoons fine-cut green onion
½ cup mayonnaise
Salt and pepper to taste
¾ cup finely crushed potato chips
Large bag potato chips for dipping

Toast almonds. Chop fine. Combine with cheese, onion, crushed chips and mayonnaise. Mix lightly. Makes 1 heaping cup.

★ ★ ★

### Tangy Caraway Dip

3 oz. cream cheese
1 teaspoon grated onion
1 teaspoon chopped capers or stuffed olives
1-2 tbsp. cream
½ teaspoon caraway seeds
Large potato chips

★ ★ ★

Combine cheese, onion, capers. Stir in cream to give proper consistency to scoop up with chips. Cover. Chill. Before serving stir in caraway seeds to give a little tang. Makes ½ cup.

★ ★ ★

### Oyster Chip Dip

2 cans smoked oysters drained and chopped
2 teaspoons lemon juice
1 teaspoon Worcestershire sauce
3 oz. cream cheese
3 oz. cottage cheese
Salt and pepper to taste
¼ cup crushed potato chips
Pkg. potato chips for dipping

Chop oysters very fine — should make ½ cup. Add lemon juice and Worcestershire sauce. Blend thoroughly with cheeses and crushed chips. Season to taste. Cover and chill. Turn into bowl just before serving.

### Cheese of Cows, Goats

Many vegetable dishes take on extra interest when topped with Romano or Parmesan cheese. You can buy both varieties of cheese already grated, or grate them yourself. Romano is made from sheep's and Parmesan from cow's milk; the latter is usually milder than the former.

VANILLA MARSHMALLOW CAKE — A luscious ending for a good meal. Shown at left are vanilla beans and a bottle of handy-to-use pure vanilla extract.

## Grandma Used the Beans to Get Her Vanilla Flavor

Company coming? Family birthday? Or has everyone been good as gold lately? In any case, the occasion may call for a really scrumptious cake — the best you can make! Here's one that owes its old fashioned flavor to an addition of pure vanilla extract in both frosting and cake.

### Vanilla Marshmallow Cake

2 cups sifted all-purpose flour
½ teaspoon salt
2 teaspoons double-acting baking powder
2 teaspoons pure vanilla extract
⅔ cup shortening
1½ cups sugar
3 large eggs
⅔ cup milk
Vanilla Marshmallow Frosting

Sift together the first 3 ingredients. Blend pure vanilla extract and sugar with shortening. Beat in eggs. Stir in flour mixture alternately with milk. Beat batter ½ minute. Turn into 2 well-greased, lightly floured, 9-inch cake pans.

**Bake in a preheated moderate oven (375 degrees) 30 minutes or until toothpick inserted in the center comes out clean. Cool on wire cake racks.**

### Vanilla Marshmallow Frosting

2 egg whites
1½ cups sugar
⅓ teaspoon salt
1 tablespoon light corn syrup
¼ cup water
1½ teaspoons pure vanilla extract
12 marshmallows (regular size)

Combine the first 5 ingredients in the top of a double boiler. Set over rapidly boiling water. Beat with a rotary or an electric beater at full speed 7 minutes or until frosting stands in stiff peaks. Remove from range and add pure vanilla extract.

Cut marshmallows into small pieces. Add and beat until marshmallows have melted. Spread between cake layers and over tops and sides. Yield: 12 to 16 servings.

### Whole Thing's Fishy!

Cod fishing was so important to the early economy of this country that a picture of the cod appeared on the colonial seal of Massachusetts — as well as on the Nova Scotian bank note, along with the legend "Success to the Fisheries." Many reminders of the cod are still found in New England today, appearing on weather vanes, door knockers and other pieces of hardware. And, of course, a replica of the cod hangs in the State House in Boston.

## Limited Space—but Hearty Meals

You need more than a cookbook to cook on a boat. You need a formula for patience mixed with ingenuity. To begin with, conditions are nothing like home. On the average small cruiser, there's enough room to turn around, but just barely. The cooking equipment is limited and the storage space is almost non-existent. However, to the galley chef, this becomes part of the joy of cruising.

There are some special techniques that have proved a boon to all galley cooks, and one of the most widely accepted is soup cookery. Canned condensed soup is always a prominent item at the check-out counter of your nearby store or marina super market.

One major reason is the versatility of soup. It warms and nourishes a sailor all through the day; in other roles it becomes a quick and easy sauce or a flavorful base ingredient.

### Cream of Mushroom Fish Sauce

1 can (10½ ounces) condensed cream of mushroom soup
⅓ to ½ cup milk
1½ teaspoons dried dill leaves or 1½ teaspoons lemon juice or 1½ teaspoons prepared mustard

**In saucepan, blend soup, milk and dill, or lemon juice or mustard. Simmer about 2 minutes to blend flavors. Makes enough sauce for one pound fish.**

(Serve over pan broiled fish fillets with parslied potatoes, cucumber and tomato salad, apple sauce with dates and cup cakes.)

### Commodore's Creamy Macaroni and Ham

1 cup chopped cooked ham
¼ cup chopped onion
2 tablespoons chopped green pepper
2 tablespoons butter or margarine
1 can (11 ounces) condensed Cheddar cheese soup
½ soup can milk
Dash black pepper
3 cups cooked elbow macaroni

In saucepan, cook ham, onion, and green pepper in butter until vegetables are tender. Blend in soup until smooth; gradually add milk and pepper. Add macaroni. Heat, stirring occasionally. Makes 6 to 8 servings.

(Serve with a tossed mixed salad, French bread, canned peaches with green grapes and cream.)

### Meal-in-One Galley Chowder

1 can (10¾ ounces) condensed vegetable bean soup
1 can (11¼ ounces) condensed green pea soup
1½ soup cans water
½ pound frankfurters, cut in ½-inch slices

In saucepan, blend soups; gradually stir in water. Add frankfurters. Heat; stirring now and then. Simmer a few minutes to blend flavors. Make 4 to 5 servings. (Serve with pilot biscuits, banana, mixed fruit salad, and cookies.)

CRUISER COOKING—On most small cruisers there are no facilities for baking or broiling since a one or two-burner stove is usually the total cooking unit. A menu of top-of-the-stove macaroni and ham, tossed salad, crusty French bread, and a dessert of peaches and green grapes with cream makes the kind of a hearty meal that pleases hungry mariners.

# Baton to Be Raised for Pontiac Symphony

Pontiac Symphony Orchestra will open its tenth season Oct. 15 under direction of Felix Resnick.

Some 65 musicians—most of them amateurs—make up the local orchestra, which performs alone or with guest artists. There will be five concerts during the 1963-64 season.

★ ★ ★

Opening the fall season will be the University of Michigan School of Music Harp Ensemble. Under the direction of Mrs. Ruth Dean Clark, four young women and Mrs. Clark present a program on their stringed instruments.

Members of the ensemble, in addition to Mrs. Clark, are Ann Ermley, Marilyn Voege, Penny Howk and Myrna Asch.

Coleman Blumenfield, "pianist-teacher in residence for the city of Flint," will play with the local symphony on Dec. 3.

★ ★ ★

On Jan. 28, the entire concert will be given by the Pontiac Symphony Orchestra.

Phyllis Smith Harris, soprano, and Richard L. Morse share the stage at the March 24 concert. Miss Harris is a former Pontiac resident. Morse, supervisor of instrumental music for the Pontiac school system, will conduct the orchestra.

★ ★ ★

Concluding the year's program on May 5 will be Jerome Jelinek, cellist.

All concerts are held on Tuesday evenings at Pontiac Northern High School, 8:30 p.m.

## Don't Clap for Music if Incidental

By The Emily Post Institute

Q: My boy friend and I go to a very nice restaurant quite often to dine. Just recently they employed a three-piece combo for the patrons to enjoy while dining. There is no dancing.

Last evening as the combo finished a set, my boy friend and I applauded but none of the other diners did.

It seemed the polite thing to do but since none of the others applauded we wonder if we were in error. Someone told me that when music is played as a background for conversation, one does not applaud.

If this is true, what about a vocalist who sings occasionally with the combo? Is it proper to applaud her when she finishes a number?

★ ★ ★

A: Music that is played as a background for conversation is not applauded and neither is the singer of occasional and incidental songs.

---

Q: Our daughter is going to be married shortly. My husband is a clergyman and, of course, she would very much like him to perform the marriage service.

There is no other male member of our family who could walk up the aisle with her and she does not like the idea of walking alone.

Could my husband possibly walk up the aisle with her and perform the ceremony too?

★ ★ ★

A: He can quite properly perform both duties. After walking up the aisle with his daughter, instead of falling back as the ordinary father does and taking his place in the front pew, he goes forward and takes his place at the altar facing the bride and bridegroom.

---

Q: As a new registered nurse, I am in doubt to use the designation "R.N." after my signature. May I correctly use it on all non-social correspondence?

★ ★ ★

A: You may properly use the "R.N." on nonsocial correspondence whenever you wish the person you are writing to know that you are a registered nurse.

## City's Zonta Club Names Its Committee Chairmen

Following a picnic supper at the Orchard Lake home of Mrs. Katherine M. Baker, president, Zonta Club of Pontiac announced its committee chairmen for the coming year.

Helen Travis, Lola Parkins, Mrs. Adrian Ish, Grace Clark and Margaret Stark were among the new committee heads.

Also selected were Frances Zelants, Mrs. Hiram Smith, Mrs. Beecher Fawcett and Mrs. Howard Brooks.

Other leaders for the coming year are Mrs. Nelda Carmichael, Mrs. Dimitri Lazaroff, Mrs. Oscar Sorenson and Jean Andrews.

Included on the list of new chairman are Mrs. Everett Reese, Mrs. Herman Dickstein, Mrs. William Jackson and Mrs. Charles S. Renwick.

## Unit Mothers Meet

Mrs. Clarence Sutton opened her Ramona Terrace home Wednesday evening to members of the Oakland County Gold Star Mothers' Chapter 34 with Mrs. Harry F. White as guest for the evening.

The group will sponsor a benefit sale Sept. 20.

## Bride Feted at Showers

Bride-elect Diane Woolcock has been the honored guest at a number of recent showers.

Maid of honor Virginia Norvell was hostess for a miscellaneous shower at her Wenonah Drive Home.

★ ★ ★

A bridal tea in Sylvan Village for Miss Woolcock was given by Mrs. C. W. Doerr and Mrs. L. F. Hire.

Mrs. O. H. Lundbeck honored the bride-elect with a kitchen shower in her home. Sharing hostess duties were Gail Caughill and Mrs. A. L. Sturdy.

A miscellaneous shower at her Highland Park home was given by Mrs. John Crowe.

Mrs. J. C. McLaughton and daughters Vicky and Mary Lou hosted a pantry shower at their home on Mohawk Road.

★ ★ ★

Mr. and Mrs. Ray Caughill, the bridegroom's parents, will be hosts at the rehearsal dinner Friday evening at the home of Mrs. Lundbeck.

Christ Church Cranbrook has been selected for the Saturday wedding.

## 'Septemberama' to Fall on Saturday

The Pontiac chapter of the Greek Orthodox Youth of America will hold its 11th annual "Septemberama" dance Saturday at the St. George Greek Orthodox Church hall. The dance will be from 9 p.m. to 1 a.m. and will feature Greek and Armenian folk dancing. It is open to the public.

## Australians Visit

Mr. and Mrs. Alan Bushell of Brisbane, Queensland, Australia, were recently the guests of Mr. and Mrs. Charles H. Crawford, Westlawn Drive, for three days of their world tour.

## Merry Group to Mix

Members of the Merry Mixers Square Dance Club will hold their annual family hayride and cooperative picnic at the Holly home of Hal Brown on Sunday.

# Daughter Needs No Spouse, but She Could Use a Lawyer

By ABIGAIL VAN BUREN

DEAR ABBY: My 16-year-old daughter eloped with a 22-year-old boy, and when I say BOY I don't mean MAN.

When they came home we forgave them and planned a nice church wedding for them.

ABBY

We thought everything was going along fine when, the night before the church wedding was to take place, the boy ran off and left a note saying it was "better" this way.

My daughter says she doesn't know why he ran off. She made us stop trying to locate him as she says she doesn't ever want to see him again. (Neither do we.)

It has been only three weeks since their elopement. Is my daughter eligible for an annulment or must she go through a divorce? What should we do with the wedding presents?

HER MOTHER

DEAR MOTHER: A lawyer can help you. Under the circumstances, return ALL the wedding presents.

★ ★ ★

DEAR ABBY: I met a man who I thought was nice. When he asked me how old I was I told him the truth.

Then he asked me if I'd mind setting my age back a few years. I told him I wouldn't do it.

Then he came right out and said if I didn't set my age back we were through.

Was I wrong in refusing him that request, or do you think he was just looking for an excuse to get rid of me?

FIFTY AND HONEST

DEAR FIFTY: I won't libel used car salesmen by making comparisons. But this man has more shallow pride than the stuff of a good husband.

And if he urges you to deceive others by tampering with your chronological speedometer, he's probably not above deceiving you as well. Lose him.

★ ★ ★

DEAR ABBY: I own a small apartment building. One of my tenants makes a habit of visiting one of the other tenants every single day.

She barges in and stays for hours. She is young, and a good-hearted soul, and, although she has children, she must be lonely for adult company.

I don't want any of my tenants to move for lack of privacy, yet I don't think it's my place to tell this young woman to leave them alone. What do you suggest?

WITS' END

DEAR WITS': Unless your tenants complain to you about the lack of privacy, do nothing. (They might enjoy her visits.)

But if you hear any rumblings to the contrary, better have a speech prepared to deliver to your young, garrulous tenant.

★ ★ ★

CONFIDENTIAL TO M and M: Oscar Wilde put it this way: "Children begin by loving their parents. Later they judge them. Seldom if ever they forgive them." I think your answer can be found in those words.

★ ★ ★

Tell your troubles to Abby. For a personal, unpublished reply, please send a stamped, self-addressed envelope care of The Pontiac Press.

Hate to write letters? Send one dollar to ABBY, care of The Pontiac Press for Abby's new booklet, "How to Write Letters For All Occasions."

## Not Allowed With Shoe Laces

Today a gentleman cannot be admitted to some formal places without a tie. At some time of the 18th century he was not allowed to attend a theater with shoe laces.

Actually it was not because of formality but because of business that this rule was established. It all began with the trend of the buckle. The jeweled accessories were used to fasten socks, ruffles, breeches at the knee and shoes.

Men, women, children — all wore numbers of buckles at throat, wrist, shoulder and waist, also. At first they were small but soon they grew larger and larger and more and more elaborate with precious stones.

However, fickle fashion changed its mind for the trend changed from shoe buckles to shoe laces. Both jewelers and buckle makers raised so loud an outcry that they were being ruined that sympathetic theater managements displayed notices outside their theaters announcing, "Gentlemen cannot be admitted with shoe laces."

## Beds Are Becoming Obsolete

Are beds becoming obsolete? The answer may be yes—at least in the treatment of many psychiatric patients—according to Dr. Arthur Colman and Dr. Milton Greenblatt who discuss the subject in the August issue of the American Journal of Nursing, official publication of the American Nurses' Association.

In medicine, the bed has traditionally had the stamp of sickness and surrender. It wasn't until a series of experiments were conducted between 1920 and 1940 that the value of early activation in the healing period gradually became established.

Even today, though the idea of early ambulation is generally accepted in theory as a legitimate and probably valuable concept, in actual practice, at least a third of the patients on a medical ward usually continue to be confined to bed.

This disparity, say the authors, is no doubt due in some instances, to both the inertia of hospital routine and the resistance to changes in traditional therapies that is so often encountered.

In psychiatry, the bed has been identified as a place of retreat, a means of withdrawal. Psychiatric patients depend on it as a symbol of warmth, comfort, wishful fantasies, and a denial of reality and personal responsibility.

The authors remark that their colleagues in medicine and surgery view the bed as tending to rob the individual of vitality, both physical and mental, mainly through the element of disuse of his adaptive functions.

The trend toward greater activation of patients and less utilization of the bed has received remarkable impetus from the development of the day hospital—by definition, a hospital without beds—for psychiatric patients.

Drs. Greenblatt and Colman feel that day care for psychiatric patients not only eliminates some of the evils of the actual treatment process, but helps patients integrate more readily into the outside world.

THE Wikler SHOE
by Buster Brown.

Dr. Simon J. Wikler believes that baby feet need the freedom of going barefoot to flex and exercise fully. From this conviction—and years of research—he designed this shoe with the unique fan-shaped front, giving young feet plenty of room they need to grow normally. In short, it gives a firm future to the foot of your child. See the Wikler shoe by Buster Brown.

# Pontiac Girl Set for Peace Corps Duty

By JEANMARIE ELKINS

"I'm just living life and taking advantage of the opportunities that come my way," said the tall, neat looking blond as she sat amid the confusion of packing for a long trip.

Nancy Raymond of Windcroft Street was spending one of her last days at home before leaving for a two year stay in Senegal, West Africa with the Peace Corps.

★ ★

A graduate of Alma College, Nancy became interested in the Peace Corps last summer while in Washington, D. C., on a Lisle fellowship.

This summer, she spent ten weeks at Berea College, Kentucky, with some 35 others being project trained. Of the group, 23 will be going to Senegal as teachers, five as sports coaches and seven as construction, irrigation and well digging supervisors.

BUSY 10 WEEKS

During the busy 10 weeks, Nancy was up for a 6 a.m. gym class to begin a long day which usually lasted until at least 9 p.m.

Highlight of the project training was the visit of 14 students from the University of Dakar. Nancy and her group were required to speak to them in French, the language they will be using in Senegal.

A new country on the West coast of Africa, Senegal received its independence from France in 1960. In the nation of 3 million people, the caste system still prevails, and the major religion is Islam.

Nancy left Wednesday for the Putney Institute in Brattleboro, Vt. She and the rest of the group will receive three weeks of intensive language training there. Sept. 25, they will leave for Dakar, the capital of Senegal.

Upon their arrival they will receive ten days of orientation. Nancy will learn for certain where she will be stationed and what she will teach.

Upon completion of her two years, Nancy may have an extension to finish any incomplete projects, but may not re-enlist. The Peace Corps does not want any career workers.

Salutatorian of her 1963 graduating class, Nancy majored in elementary education and sociology and has a good background in French.

This background will prove invaluable in Senegal. As soon as she is sufficiently fluent in French, Nancy must learn Woolof, the major native language of the country.

Nancy and her group of 35 volunteers are going to provide middle-man power in helping the new country get on its feet.

In her enthusiasm, Nancy talked of Senegal's economic and social structure, the political system and showed an amazing knowledge of the history of the country as well as being able to point out the major cities and in some instances the major sections of cities in Senegal.

Peace Corps volunteers are not only screened but given an extensive knowledge of the country they will serve. This training helps make a favorable impression abroad.

Nancy isn't the only member of the K. L. Raymond family who is on the move; however. Sister Sue is preparing to enter Alma College this fall.. Nancy's grandmother recently returned from a summer in Canada.

# National President Is Speaker at Business Women's Meeting

Mrs. Everett C. Walters of Greensboro, N.C., national president of the American Business Women's Association, was keynote speaker at the Tipacon chapter dinner meeting Wednesday at Oakland University.

Some 120 members and guests heard Mrs. Walters stress the importance of educational support through chapter projects and assistance, as well as the importance of the organization to the individual member.

D. B. Varner, chancellor of Oakland University, accepted a scholarship to the university from educational chairman Mrs. Charles Stark. Patricia Fiorani was recipient of the award.

★ ★ ★

Arlene Newcombe spoke of her work as cashier in the accounting department at Pontiac Motor Division.

★ ★ ★

Other guests included Mrs. Gerald Carlson, national vice president and Donna Collins, northeast regional district vice president.

Also present were members from Wenonah Chapter, Bay City; Motor City Charter Chapter, Detroit; Deo Volente Chapter, Flint; Mich-Abwa Chapter, Flint; Te-Wan-A-Going Chapter, Flint; White Pine Chapter, Lansing; Land-O-Oaks Chapter, Pontiac; Royal Oak Charter Chapter, Royal Oak; and Old North State Chapter, Greensboro, North Carolina.

The annual Hand of Friendship brunch will be held Sept. 15 at Airway Lanes.

The national convention will be held Oct. 18, 19 and 20 in Cleveland, Ohio.

## Poplin Progresses

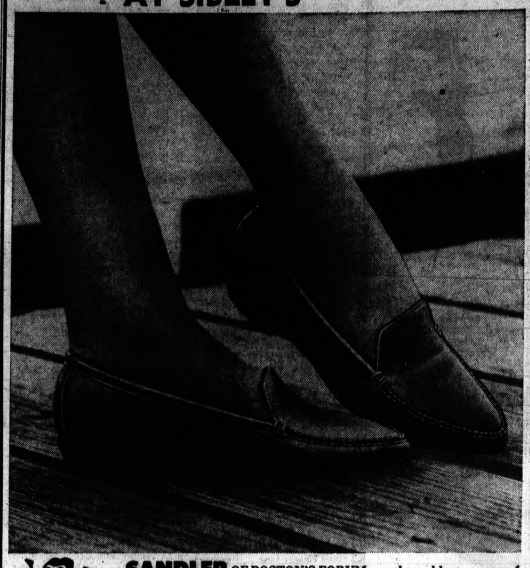

Poplin in all colors is the most used raincoat material. All use Pellon to retain crisp edges and details and collars are especially shaped with inner construction to avoid wilting in the rain. Raincoats for women are trimmed with leopard or zebra-marked fabrics, but the printed raincoat seems to be on the wane.

## Judy E. Leach Speaks Vows in Davisburg

The Andersonville Community Church in Davisburg was the setting for the recent evening marriage of Judy Elaine Leach, daughter of the Edwin T. Leaches of S. Astor Street, to Lloyd Donald Miller of Davisburg.

★ ★ ★

The bride wore a white organza street length dress and carried white carnations and pink rosebuds. Her sister, Donita Leach, was maid of honor. She wore an aquamarine sheath and carried pink carnations.

Keith Faler of Davisburg was best man. William Crosby, brother of the bride, and Frank Miller, brother of the groom, were ushers.

★ ★ ★

After a church reception, the couple left for a northern honeymoon. They will live in Owosso.

The groom is the son of Mr. and Mrs. Lloyd Miller of Davisburg.

## Change in Home Calls for Expert

Major home renovations call for professional advice from men whose training and experience qualify them to make recommendations not only as to design but also as to materials.

Ideally an architect should be chosen to plan the improvements. The fee for his services will be well spent if only because of his familiarity with permanent, maintenance-free materials such as glass, ceramic tile and steel.

His knowledge helps prevent costly repairs in the future.

## Night News Is Short

Biggest fashion news for night will be the short evening coat over an ankle-length stem of a crepe dinner dress.

## Women Hold First Meeting

Holden Village, a Lutheran Bible Camp on an island in the Pacific Northwest, was the discussion topic for the first fall meeting of Gloria Dei Lutheran Church Women.

* * *

Mrs. Eugene Danielson, who traveled there with her family, gave a talk. Cohostesses for the Tuesday meeting were Mrs. Harry Santala, Mrs. Dean Nelson, Mrs. Edwin Carlson and Mrs. Gustaf Persson.

The October meeting will feature a talk about a trip to Helsinki, Finland, made by Mrs. Edwin E. Hansen when she attended the Fourth Lutheran World Federation Assembly. Mrs. Hansen is the national treasurer of Lutheran Church Women.

## Keep Hair Manageable, Protect It From the Sun

Moderate exposure to the sun may be beneficial, but over-exposure to the sun is a common cause for dry, brittle and discolored hair.

Protection in the form of a bandana or a wide-brimmed hat, plus mere avoidance of excessive exposure, is the easiest way to escape this difficulty. The damage usually is limited to the hair shaft and the follicle that controls hair growth is not affected.

* * *

Another common cause for dry hair in the summer is excessive bathing in salt water or in chlorinated pools. It is always wise to rinse the hair or even shampoo after swimming to avoid the damaging effects of chlorinated and salty water.

If the hair is already brittle and dry, gentle brushing with a soft, natural - bristle brush, applications of an oily pomade of hair groom, and the infrequent use of a mild shampoo will be helpful. Time alone may cure many of the hair problems associated with excessive exposure to sun and water.

## Nixon's Mother, 78, Gets Hospital Check

WHITTIER, Calif. (UPI) — Mrs. Hannah Nixon, 78-year-old mother of former Vice President Richard M. Nixon, was in Whittier Hospital today "for rest and a routine checkup."

★ ★ ★

Nixon, who currently lives in New York, was expected to be in Los Angeles this weekend on business.

★ ★ ★

Mrs. Nixon's daughter-in-law, Mrs. Don Nixon, said there was nothing serious, that her mother-in-law "just was not feeling up to par and seemed quite tired."

## Woman Throws Brick Through Police Window

AURORA, Colo. (AP)—Police said that a mother of three threw a brick through the plate glass window of the Police Department Wednesday night.

★ ★ ★

The brick narrowly missed police dispatcher Raymond Wilson, whose office was showered with glass.

★ ★ ★

The children of Evelyn Dorothy Gordon, 26, were cared for while she spent the night in jail.

Mrs. Gordon explained, "I just always wanted to do it."

# Negroes Protest Delay

ENGLEWOOD, N. J. (UPI) — Negro leaders have rejected an appeal by school officials and scheduled another demonstration today to protest a delay in ending racial imbalance in Englewood schools.

Augustus Harrison, head of the Bergen County chapter of the National Association for the Advancement of Colored People, said a march and sit-in yesterday — the first day of school — "was highly successful."

"We wanted to point out that city officials were dragging their feet. I believe we accomplished that," he said.

School officials said 68 Negro children staged sit-ins at three predominantly white schools yesterday. About 125 children participated in a protest march.

Dr. Mark R. Shedd, superintendent of schools said the school board "is committed to eliminate de facto segregation in the elementary schools . . . but we do not intend to throw sound judgment to the winds by overcrowding classrooms, by sending children to a partly ready building, or by proceeding in such a way as to have our plans blocked over a legal technicality."

A plan ordered by state education commissioner Frederick M. Raubinger is aimed at reducing racial imbalance in Lincoln School, which had a 98 per cent Negro enrollment last year.

Negro parents demanded that the integration plan take effect at the opening of fall classes yesterday. Instead, the board authorized the immediate transfer of only 126 of the 484 Lincoln pupils to the three other schools.

They said the other pupils can't be transferred until another school, which will house all sixth graders, is refurbished. That could take until late October, the board said.

## Ear-Tweak Observance Marks Spanish Birthday

AVILA, Spain (UPI) — Ramona Andrino Meneses, the youngest in a family of 12, received 100 tugs on the ear for her birthday yesterday.

The ear-tug is a traditional Spanish custom, one for each year. Ramona's birthday was her 100th.

Opening lead—♣2

By OSWALD JACOBY

In ordinary competition, East would win the club opening with the ace and lead back the queen. From that point, declarer would go about making his four-spade contract.

This was not ordinary competition and expert East played the jack of clubs at trick one. When it held East was ready to perform a neat trick. He led his singleton diamond. His plan was to take his king of trumps at the first opportunity and put his partner in with the king of clubs whereupon a diamond ruff would send South to the showers.

Unfortunately for East's well laid plan, Dick Walsh of Los Angeles who sat South, saw what East was up to and took steps to counteract his nasty plot.

JACOBY

Dick had to keep West out of the lead and he worked things out nicely. He won the diamond in dummy and took the heart finesse. Then he cashed his ace of hearts, returned to dummy with the ace of trumps and led the jack of hearts.

East played the king whereupon Dick discarded his remaining club. This play of discarding a loser on a loser left East in the lead with no means to get to his partner's hand. East led another club. Dick ruffed, gave East his king of trumps and racked up the rubber.

TAURUS (April 20 to May 20): Finish what you start. Don't be swayed by associate who is "frightened." Unusual methods may be presented . . . but you would be wise to reject them. Stress straight-forward approach.

GEMINI (May 21 to June 21): Excellent for new starts in new directions. Good lunar aspect highlights friendships, fulfillment of hopes, wishes. Take initiative. Sparkle at social affair. Speak up, exchange stimulating views.

CANCER (June 22 to July 21): Be suave. Refuse to be upset by minor matters. The more confident you appear, the better for your cause. Heed "inner voice." You INSTINCTIVELY will know correct course.

LEO (July 23 to August 21): Favorable lunar aspect highlights future plans, including travel. Large responsibilities are evident, but don't let these depress you. Get affairs in order. Ask questions. Your paper has added hints.

VIRGO (August 22 to September 23): Check finances, budget matters. Be sure you know WHERE money is going, where it is coming from . . . and HOW. Have discussion with family member. Realize that solid, sound advice can be obtained.

LIBRA (September 24 to October 23): Friends, associates may appear "moody." Avoid pressing, pushing or arguing. Take things as they come today. Be a good listener. Time not yet right for legal decisions.

SCORPIO (October 24 to November 21): Fellow workers can aid your cause. Be grateful. Show appreciation. Kind gesture today could enhance future opportunities. Get sufficient rest. Avoid extremes at social affair tonight.

SAGITTARIUS (November 22 to December 21): You learn by teaching today. Means share knowledge, especially with younger person. Emotions run high and deep. You could become involved in affair of heart. Be DISCRIMINATING.

CAPRICORN (December 22 to January 20): Gain indicated through dealing with established individual or firm. Trust EXPERIENCE. Reject methods which appear "shady." Be true to highest principles. Your security could be at stake!

AQUARIUS (January 21 to February 19): Take close look at recent efforts. Analyze for "direction." If this is lacking, make necessary decisions. Set sights on goal. Then take positive steps to reach it.

PISCES (February 20 to March 20): Check financial details. Gain indicated if you are CAREFUL. Take conservative course. Avoid unnecessary risks. Even if "odds" appear high, you do better by sticking with the "favorite."

★ ★ ★

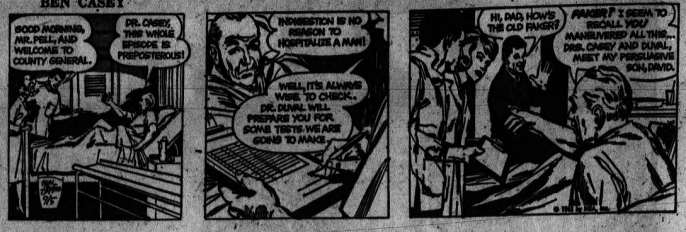

IF FRIDAY IS YOUR BIRTHDAY . . . you are introspective, "choosey" when it comes to selecting friends. But you also are loyal, ardent and capable of inspiring others to great heights.

★ ★ ★

GENERAL TENDENCIES: Cycle high for PISCES, ARIES, TAURUS. Special favor to LIBRA. Stress personal friendship. You'll be happier as result.

CLASSMATES—Steven Fitts, 6, white, poses with his Negro classmates in the second grade at all-Negro Almont School after he intergrated it yesterday. His mother, Mrs. Y'vonne Fitts, 26, said she wanted to put Steven in the Negro school because it was closer to her home and because she believed that integration was morally right.

# White Mother Determined to Put Son in Negro School

NORTH LITTLE ROCK, Ark. (UPI) — Mrs. Y'vonne Fitts, 26, a white woman, was scheduled to enroll her son, Steven, 6, in a Negro school today, despite violence and threats she would be "treated like Medgar Evers."

Mrs. Fitts, who took part in last week's civil rights march in Washington, has been taking Steven to the Pulaski County Training School. She says it is about two miles closer to her home than the white school to which he is assigned.

Taking the child to the Negro school, Mrs. Fitts said, has brought telephone threats against her life, a smashed bedroom window and rotten eggs on her front porch.

Glass fragments from a thrown rock landed near her child's bed, she said.

"You will get the same treatment as Medgar Evers," she quoted a voice on the telephone as saying. Evers, field secretary of the National Association for the Advancement of Colored People in Mississippi, was slain by a sniper in June.

* * *

L. C. Bates, field secretary for the NAACP in Little Rock, said he knew nothing about the attempt to integrate the Negro school. But he said Mrs. Fitts was a member of the NAACP.

"She is a woman who will sacrifice a friend for a principle," Bates said. "But I do not think any harm will come to her for making this move."

Mrs. Fitts, whose husband Airman 1.C. Kenneth J. Fitts is stationed with the air force in Anchorage, Alas., said officials of the Negro school told her several days ago to come back later to enroll her son.

## Detroit Moves to Make Stricter Law on Drive-Ins

DETROIT (AP) — The City Plan Commission yesterday directed its staff to think of ways to make the present law on drive-in restaurants more restrictive in a move to make it tougher for the drive-ins to locate in Detroit.

* * *

**After the ideas are in, the commissioners and city attorneys will study them to determine if they can be legally adopted.**

The commission has decided to re-examine its position on drive-ins after residents in a northwest Detroit area complained to Common Council of teen-age misbehavior at a neighborhood drive-in.

* * *

The commission was advised by assistant corporation counsel John F. Hathaway that it could turn down drive-ins on the basis that they may threaten the established environment of an area.

BRISBANE, Australia (AP)—Leslie Henry's painting titled "Plane Crash" won first prize in the under-16 art section at the Tully Show, North Queensland.

Leslie is 2.

"I entered Leslie's painting as a joke," said Mrs. Henry.

"I paint myself — NOT very well — and I had left some oil paint on my palette.

**"Leslie was playing nearby. I handed him a brush and left a blank canvas on the easel. He started slapping away, having great fun.**

"I had to turn the canvas upside down so he could get a go at the top half.

## FBI Arrests Man Wanted in Connecticut

DETROIT (AP) — A Vernon, Conn., man was arrested at a post office in suburban Oak Park by FBI agents yesterday on a bank robbery charge in the May 23 holdup of a Connecticut bank.

* * *

Edward R. Songailo, 24, was charged with the robbery of the Warehouse Point branch of the First National Bank of Windsor Locks, Conn., in which $1,603 was taken.

**Agents said Songailo, who was arraigned yesterday before U.S. District Judge Wade McCree, has been the subject of a coast-to-coast search.**

The FBI said it had received previous information which led it to believe that Songailo might come to the Oak Park Post Office to pick up a letter.

Bond was set at $25,000. No date has been scheduled for removal proceedings.

## Women Ask JFK for Cabinet Member

WASHINGTON (UPI)—The National Federation of Business and Professional Women's Clubs, Inc., wants President Kennedy to appoint a woman to the vacant post of postmaster general.

Federation President Virginia R. Allan wrote Kennedy that the "partnership of women in our economy and society will be recognized by the appointment of a woman to the cabinet in your administration."

Kennedy has not yet named a successor to J. Edward Day, who resigned recently as postmaster general.

### Then Actress Would Retire

# Debbie Wants More Children

By JAMES BACON
AP Movie-Television Writer

HOLLYWOOD — Debbie Reynolds says she would now be retired from show business if she had the children she wanted.

She has had two miscarriages since her marriage to shoe tycoon Harry Karl. Doctors, she says, have been unable to explain them.

* * *

"But if those babies had been born," said Debbie in an interview in the luxurious Beverly Hills manse where she dwells with Karl, "I would have quit to rear my family."

"I've always wanted four children," said Debbie. "I have two (by Eddie Fisher) and if Harry and I had had two more, I would have been perfectly content to retire. We'll keep trying.

"My career has had peculiar plateaus — sometimes I wouldn't work for two years. Then something would happen, and I'd get hot again."

Although she didn't say it, the Eddie-Debbie-Liz headlines of a few years ago catapulted Debbie from $75,000 a year to better than a million.

* * *

"I'm too old to be an ingenue. I'm no longer Tammy. I'm a woman who can play character comediennes—because I am somewhat of a character, as you know.

"You know, producers grow old but they never think we do. I'm still the kid who played the tuba in the high school band to some of those guys."

* * *

But all of that changed when the grosses came in from "How the West Was Won" in which Debbie played everything from a young girl to an old woman.

Debbie's decision eventually to retire from show business doesn't stem from any personal bitterness.

* * *

"This business has been very good to me—other than the personal aspects where you must live under a microscope — and I've been very happy in it. But I would like to spend more time with my family — I guess I'm somewhat of a square, at least in Hollywood, when it comes to that."

* * *

As she talked, Carrie Frances Fisher came in and calmly stood on her head while her mother talked.

I could make only one comment:

"There will always be a Debbie Reynolds."

## Erupting Hot Spring Scalds 30 in Japan

NAGASAKI, Japan (AP) — Steaming hot water from underground springs burst from the ground at a hotel construction site today, burning 30 persons. Police said 10 were in critical condition.

Construction crews were at work on an addition to a hotel at the foot of Mt. Unzen, an active volcano near this city on the island of Kyushu. The victims were workers and spectators.

# Deaths Linked to Poor Roads

### State Group Studies Fatal Crash Areas

LANSING (AP) — A survey of fatal accidents in Michigan in the first six months of 1963 is being launched by the Michigan Good Roads Federation — seeking to determine the extent to which bad roads and intersections were contributing factors.

**Federation President J. Gardner Martin ordered an "exhaustive study" after a survey of Labor Day weekend fatalities showed all happened on less-than-the-best roads.**

Executive director Don Potter said he used the State Highway Department's "sufficiency rating" system to determine a pattern in the mishaps.

* * *

The "sufficiency rating," used by highway department engineers to determine priority of roads for improvement is a system on which roads and intersections are graded for adequacy. The top score is 100.

Potter said "A significant number" of the 28 fatalities recorded in Michigan over the long holiday weekend occurred on roads with less than 50 points, and none occurred on freeways, which score 90 to 100.

**FOUR DIED**

The accident site with the highest "sufficiency rating," ironically, was an intersection near Cadillac where four died in a crash.

**Other mishaps occurred in locations where "sufficiency ratings" range from 53 to 27. At one death site — on M43 near South Haven—the over-all rating is 50 but the safety rating, Potter said, is an "extremely critical" 1.**

Martin said the six-month fatality survey is designed to find out whether the Good Roads Federation's supposition is right — that a vast majority of traffic deaths occur on inadequate highways.

The Good Roads Federation has released several statements recently concerning "inadequate" roadways and its contention that ear-marked highway funds should not be used for any purpose other than construction and maintenance of highways.

## This Couple Gets Married in New Jail

ALLEGAN (AP) — Their search for a justice of the peace ended in a somewhat unusual place yesterday for Hunter Jackson, 53, of South Haven, and Irene Evans, 37, of rural Covert.

* * *

Unable to find Justice of the Peace Otto Schmitz at home, they walked into Allegan County's new jail to ask if deputies had seen him and found their man.

* * *

With Sheriff Robert Whitcomb and Alger Workman, Allegan radio executive, as witnesses, they were married by Justice Schmitz and became the first couple wed in the jail since it was opened last April 14.

## Committed Slayer Gets Court Hearing

ANN ARBOR (AP) — James D. Vogel, 21, committed to the Ionia State Hospital after the 1959 shotgun slaying of his 14-year-old sister Gwendolyn, faced a hearing in Washtenaw County Circuit Court today.

**Vogel held off a dozen policemen in a half-hour gun battle, and seized a patrolman before he was apprehended four years ago, police said. He was ordered committed by Circuit Judge James R. Breakey Jr. after examination by psychiatrists.**

In a signed confession, the teen-ager said he shot his sister in a fight over the use of a chair in their home. Hospital psychiatrists said Vogel has been restored to sanity. Breakey was expected to order another psychiatric examination to determine whether he is able to assist in his own defense.

## Capitol Hill Hears Some Fowl Play

WASHINGTON (UPI)—Cackling on Capitol Hill? With a cock-a-doodle-doo yet.

* * *

Ben Graham, an Oregon college student who works in the Capitol post office, was asked by Sen. Wayne Morse, D-Ore., to get some prize poultry from Morse's Maryland farm ready for showing at a fair.

**Graham crated the chickens Monday, loaded them aboard a truck and drove to work, parking the truck in the Capitol lot.**

Early Tuesday morning area residents were roused by a rooster's strident crow. They were kept awake from then until Graham left for work about an hour later by the clucking of the truckload of fowl.

* * *

Said Mrs. Lawton Wolfe, "It was the most amazing thing to hear a rooster crowing on Capitol Hill."

Air pollution experts estimate that industrial plants waste up to $800 million worth of fuel annually because of inefficient burning methods.

# Student Says Russ are 'All Over Cuba'

NEW YORK (UPI) — Russians are "all over the place" in Castro's Cuba, an American student just back from there reported today. They avoid the use of uniforms, he added.

★ ★ ★

Dick Riemann, 27, of Yonkers, N.Y., en route to a San Francisco Bay area teaching job, said the Russians traveled in groups and did not mingle with Cubans.

**He said they lived in a "walled city" of their own in Regla, a tiny fishing village across the bay from Havana, and had their own "house of pleasure."**

The fortified area in which they live is off-limits to all but a handful of Cubans with special passes, he reported.

★ ★ ★

Riemann was one of 50 American students who spent seven weeks in Cuba as Castro regime guests. He said he "volunteered" for the trip "because I knew the type of group that was going and wanted to lend some balance to it."

'DOWNGRADED'

Also, Riemann said, "I thought the (Kennedy) administration was downgrading Cuba which, in my opinion, is our No. 1 problem . . . I feel integration comes after our national security . . . . "

**Under Fidel Castro, Havana has become a fortified city, Riemann said. He said Quad-40s (rapid fire antiaircraft batteries) dotted the capital and were even installed atop Havana's hotels.**

The food in Cuba "is nothing short of abominable," Riemann said. "It has no taste at all." He said this was true even though the students, as American guests, got special rations.

★ ★ ★

"When the Cubans are down to rationing rice and beans, their basic staples, you can imagine the shape they're in," he said.

Riemann said he and Barry Hoffman, of Brookline, Mass., were the only two in the group that made the trip with open minds.

★ ★ ★

(Hoffman on his return was disclosed to have made the trip as a researcher for an author contracted to write a magazine article).

NO EVALUATION

It was impossible to make an "evaluation" of Cuba even in seven weeks, Riemann said, because the group's principal contacts were limited to government leaders.

**"Group leaders didn't make half an effort to establish contact with the people," he said. "They made superficial contacts with picked union leaders."**

Riemann said he struck off alone on several occasions. "There were no harassment or warnings of any type," he said.

"But it was impossible to visit military installations or even the prisons. It was one continuous dodge and stall by government officials."

★ ★ ★

"The attitude of the people was one of curiosity. They were eager to talk but didn't talk freely. Only the pro-Castro Cubans talked freely.

**"The anti-Castro Cubans knew that anyone who opened up wouldn't be able to do it more than once."**

Riemann said he was told there were five "fairly strong" organized anti-Castro groups within Cuba, including young Catholics, but they lacked leadership.

"All of their leaders have been jailed," he said. He was told armed guerrilla groups in the Organo Mountains of Pinar Del Rio Province had shot down a Czech-made reconnaissance plane at the time of their visit.

★ ★ ★

The week before the group left, Riemann said, the Castro regime arrested 600 unemployed workers in suburban Mariano as "counter-revolutionaries."

This, for him, he said, "exploded the Castro myth of 'total employment' in Cuba."

# Exile Refutes Castro Spy Tale

## Says He Was Tortured Into False Statements

MIAMI (UPI) — Cuban exile Fernando Barcenas took back his story of being a Castro spy yesterday and told police he was tortured for 12 hours and forced to make "false statements."

"All the statements in my confession, including the part where I said I was going to be sent to Cuba as a spy for the counterintelligence agency, were false," the 34-year-old exile told Miami police. "The whole thing was false."

**He said he made the confession after being tortured for 12 hours while a 45-caliber automatic pistol was held at his head.**

Fernandez sought to bring charges of kidnaping and assault and battery against the Cuban exile Christian Democrat movement (MDC) which denounced him as a spy Sunday and turned him over to the FBI.

★ ★ ★

The FBI questioned Fernandez and several "witnesses" yesterday. They said the case would be turned over to the state attorney if the charges are substantiated.

**"They almost strangled me with a rope," the moustachioed exile charged, pointing to a mark on his neck. He said the MDC had threatened to kill him if he did not confess.**

The MDC said it accepted Fernandez into its ranks last July and discovered he was a "spy" through "a series of carefully planned traps."

Fernandez described himself as "neither anti-American nor anti-Castro." He praised the United States' "policy of neutrality" toward Cuba and said he wanted to return there "to endure and suffer with my parents, my sister and my aunt."

# Mixed Couple Didn't Obtain Wed License

CLEVELAND, Ohio (AP)—Charlayne Hunter and Walter Stovall, the interracial couple who met at the University of Georgia and say they were married this spring, applied for a marriage license on June 4 in Cleveland.

Miss Hunter, 21, a Negro coed, and Stovall, who is white, never picked up their license in the Cuyahoga County Courthouse after their application.

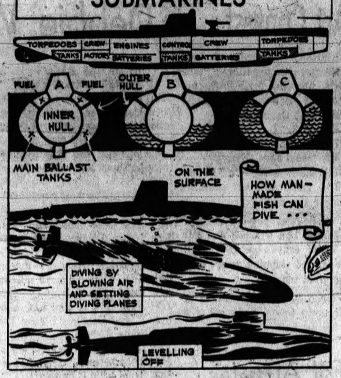

★ ★ ★

The license was shown to newsmen Wednesday by Probate Court Judge Frank J. Merrick. Both gave false Cleveland addresses and Miss Hunter used her middle name of Alberts on the application. Stovall told the license clerk he had been married previously. He was told to come back in five days with evidence the marriage had been dissolved legally.

Miss Hunter said in New York Monday that she and Stoval, who listed his age as 24, were married in an undisclosed northern city this spring.

## Junior Editors Quiz on SUBMARINES

**QUESTION:** How does a submarine dive and come up?

★ ★ ★

**ANSWER:** Objects heavier than their same size in water tend to sink, like pieces of metal or stone. But objects lighter than their size in water will float, or if they have been submerged and then released, will bob up.

**Air is one of these lighter substances. By varying the amount of air it contains, a submarine can either remain on the surface, sink down, or rise up.**

A submarine has two hulls (see cross sections) between which are empty spaces used as tanks. Liquid fuel is carried in the upper tanks, but the main "ballast" tanks are either filled with air, water or some of both.

★ ★ ★

**When filled with air (A) the sub floats on the surface. In (B) the ballast tanks are half filled with water; now the sub is beginning to sink. With tanks full of water (C) the sub can travel far down.**

★ ★ ★

Notice three more tanks (shaded areas) in top drawing. By letting water into these, a sub can adjust its angle or "trim." When the captain decides to rise, he has some water blown out of the tanks by compressed air. The angle at which the diving planes are set also helps the ship to go up or down.

★ ★ ★

**FOR YOU TO DO:** Fill a basin with water and float an empty cup on the surface to imitate a submarine filled with air. Now gradually pour water into your cup submarine and you will see it dive down below the surface.

Here Comes the Books

## Happiness Is a New Craze

By DICK WEST
United Press International

WASHINGTON — If I read the signs and portents correctly, we are on the brink of being inundated by happiness books.

* * *

WEST

I base this forecast partly on the success of a book called "Happiness Is a Warm Puppy."

Illustrated by characters from the comic strip "Peanuts," it equates happiness with such childhood pleasures as going barefoot, making an "A" in spelling, etc.

But mostly I base the prediction on the success of a book called "Happiness is a Rat Fink."

A parody of the original, it equates happiness with such adult pleasures as seeing your mother-in-law arrested on a narcotics charge and having a pretty neighbor who undresses with the shades up.

There is an old saying in the publishing business that one good lampoon deserves another, so it seems logical to assume that a number of other books of this sort will be forthcoming.

**There will, for instance, undoubtedly be a happiness book for teen-agers. "Happiness Is a Stolen Hubcap." "Happiness Is a Riot at Ocean City, Md."**

And, of course, a happiness book for colleges. "Happiness is 49 Fraternity Brothers in a Telephone Booth." "Happiness Is Cribbing on a Religious Education Test."

* * *

Before the market cools off, I hope to be able to interest a publisher in a happiness book for Washington. I plan to call it "Happiness Is 51 Per Cent of the Votes."

**The book I have in mind would be divided into several sections to cover various areas of the capital, something like this:**

The Pentagon — "Happiness Is Phasing in a New Program Before the Old One Is Finalized." "Happiness Is a Parking Place Within Five Miles of the River Entrance." "Happiness Is a Secretary Who Is Younger Than Your Wife."

The White House — "Happiness Is Someone Else's Turn to Walk the Dogs." "Happiness Is Cancelling a Newspaper Subscription." "Happiness Is a Wife Who Is Younger Than Your Secretary."

The Democratic National Committee — "Happiness Is a Southern Member Who Isn't Unhappy."

* * *

The Treasury — "Happiness Is a Temporary Increase in the Debt Limit."

The Senate — "Happiness Is Not Being Up for Re-election This Year." "Happiness Is Being Recognized by the Tourists." "Happiness Is a Five-Hour Speech."

The House — "Happiness Is Passing a Tax Cut and a Public Works Appropriation on the Same Day." "Happiness Is Being Mistaken for a Senator." "Happiness Is a Wife Who Is Your Secretary."

# Duplication Try Set for N-Blast

WASHINGTON (UPI) — Government scientists hope to duplicate in a laboratory some of the effects of a nuclear explosion.

★ ★ ★

If they succeed, the United States will find it easier to gain more knowledge on how to defend itself against ballistic missiles while still observing the new treaty which bans all nuclear explosions except those underground.

**Efforts to develop a device for simulating nuclear explosions were begun before the treaty was signed. The chief purpose was economy.**

Actual nuclear explosions would be more expensive than the simulated explosions which Army scientists hope to develop in a laboratory "pulse" reactor.

★ ★ ★

The Army disclosed plans to build a pulse reactor before a House subcommittee considering its request for $2.1 million to construct the facility during the current fiscal year ending June 30, 1964.

**Transcripts of the closed hearings — held in June — were made public yesterday.**

While the Army is hopeful of numerous gains, there are still overwhelming problems involved in developing an effective anti-missile missile which have nothing to do with nuclear explosions.

**CHOOSE WARHEAD**

Among them is the ability of an antimissile missile to choose an enemy nuclear warhead from the swarm of decoys which probably will accompany it.

★ ★ ★

**At present, U.S. scientists know little about a missile's electronic guidance system once it is subject to radiation from a nuclear explosion — whether the explosion be detonated by an enemy offensive missile or by a defensive missile.**

Scientists do know that the accuracy and control of an anti-missile missile would be affected by such an explosion.

★ ★ ★

Army witnesses testified that no other existing or planned facility could do the job it had in mind, even though certain phases of an antimissile system have been subject to laboratory created rediation.

Dr. Ed Minor, of the Army's Ballistic Research Laboratory at the Aberdeen Proving Grounds, Md., testified that the special reactors were needed "to simulate a nuclear weapon burst accurately."

If this could be done — and the Army apparently believes it can — Minor said information could be obtained to develop a weapons system.

## Secretary of Interior to Top Kilimanjaro

WASHINGTON (UPI)—Interior Secretary Stewart L. Udall, an avid outdoorsman, plans to conquer yet another mountain — this time one of the most famous in the world — during his two-week trip to East Africa.

Udall, who left for Africa yesterday, plans to spend three days, beginning Sept. 10, climbing Mt. Kilimanjaro whose snow-capped peak is the highest in Africa.

The secretary's trip to the African interior also will include visits to copper mines, Tsetse fly eradication projects, agricultural projects financed by U.S. funds, and power projects.

## Stormy Weather Puts Policeman Out in Cold

KANSAS CITY, Kan. (UPI) — A 25-year-old Kansas City woman began serving a 90-day jail sentence today for assault, destruction of city property and using profane language.

Luce Lee Weather, 25, also was fined $205. She tore the shirt off patrolman Henry Worten Saturday when arrested. Tuesday, she ripped off Worten's shirt at police court. She weighs 120 pounds. Worten weighs 290.

AP Photofax

BACK TO MINE — David Fellin, accompanied by his wife, stands on the spectator side of a rope closing off the mine rescue scene, as he scans the area where he and Henry Throne were rescued after 14 days underground in a mine cave-in.

# Death Toll Up From Accidents

CHICAGO (UPI) — The death toll from all types of accidents in the United States rose 1 per cent to 47,200 in the first six months of the year, the National Safety Council reported today.

**The total for the first half of 1963 was 1,200 greater than that of the comparable period a year earlier, the council said.**

Each of the four accident categories claimed more lives this year than last, the council said.

★ ★ ★

Traffic accidents brought death to 18,930 persons, 5 per cent more than the 18,010 in the first half of 1962. Accidents in the home took 14,800 lives, 100 more than in the same period a year earlier.

**The loss of life from accidents in public places was 8,200, or 200 more than in the first six months of 1962. There were 6,800 fatalities from work accidents, 100 more than in the comparable period 12 months earlier.**

★ ★ ★

However, because of the population increase, the death rate per 100,000 persons registered an increase only for traffic fatalities.

★ ★ ★

The motor vehicle death rate was 22.8 per 100,000 population, up from 21.9. Fatalities in public places occurred at the rate of 9.3 per 100,000, down from 9.6.

The home accidental death rate dropped from 15.4 to 15.3. The work fatality rate remained the same, 7.3 per 100,000.

★ ★ ★

The rate for industrial injuries also remained the same, 6.29 per 1 million man hours.

## British Warn Fishermen of Ocean Depth Bombs

PLYMOUTH, England (UPI)— Skippers of fishing trawlers were warned by the British Navy today to beware of six 300-pound depth charges on the ocean floor eight miles off Lyme Bay on the Devon Coast.

The unexploded charges were dropped by ships during an exercise yesterday. A search for the loaded canisters was fruitless.

# Tigers' Trio Sparkles in Boston

## Bosox Beaten, 6-1, as Regan Goes Route

### Bat Punch Provided by Kaline, Colavito; Drive Continues

BOSTON (AP) — The Detroit Tigers continued their drive for at least a fourth place finish by defeating the Boston Red Sox, 6-1, Wednesday night with Al Kaline, Rocky Colavito and Phil Regan turning in sparkling individual performances.

The triumph still kept the Tigers 5½ games behind the fourth place Baltimore Orioles, 6-5 winners over Cleveland Wednesday night.

★ ★ ★

Kaline, with three singles in four trips to the plate, again took over the American League batting lead with a .318 average. Boston's Carl Yastrzemski dropped to .317 with one hit in four turns.

Colavito continued his lusty hitting and knocked in half of the Tigers' runs with a pair of doubles. He has batted in 80 runs, second best on the team. Kali knocked one in to raise his total to 95.

**Regan, who pitched his fourth complete game and brought his record to 11-7, lost his shutout in the eighth when Lou Clinton hit his 21st home run of the season.**

Boston managed to get at least one man on base in every inning but the second and ninth, but could only get two men past second base until the seventh.

**FAST START**

The Tigers jumped on Boston starter Bob Turley in the first inning and knocked him out of the box after scoring three runs. Colavito's first double accounted for two runs, and Bubba Phillips' Kaline and another sacrifice fly sacrifice fly brought in the other.

Singles by Dick McAuliffe and by Phillips in the fifth made the score 4-0.

**Detroit added their final runs in the sixth off Arnold Earley on singles by Billy Bruton, McAuliffe and Kaline and another double by Colavito.**

The loss made Turley's record 3-11.

The Tigers have won 15 of their last 20 games and have moved to within two games of the .500 mark.

Bob Anderson (2-1) was slated to start on the mound for Detroit this afternoon as the two teams closed out their series for this year. Earl Wilson (9-15) was to be his pitching opponent.

★ ★ ★

The Tigers go to New York for a three-game weekend series, then move on to Washington for a five-game set with the lowly Senators.

## Bald Mountain GC Adds Aces 13, 14

August saw two more aces posted at Bald Mountain Golf Course—the 13th and 14th of the season.

★ ★ ★

Early last month, 13 was doubly lucky for Gilbert Williams of 805 Emerson in Pontiac. The club's 13th hole-in-one came on hole No. 13 when Williams deposited a 185-yard, five-iron tee shot in the cup.

★ ★ ★

The five-iron struck again on the 20th of the month for the 14th ace. This one was in the hands of Arthur Millard from Farmington on the 170-yard 17th hole.

# U.S. Netter Ends Aussies' Dynasty

FOREST HILLS, N.Y. (AP) — The back of the Australian tennis dynasty is broken — and some of the most telling licks were dealt by a stringbean cannonballer from Florida anxious to avenge a big snub.

"It was the greatest tennis I ever played, and I couldn't have picked a better time to play it," Frank Froehling III of Coral Gables, Fla., said excitedly Wednesday night after pulling off one of the biggest upsets of the year.

He knocked out Roy Emerson of Australia, rated the world's No. 1 amateur, with an explosive service and volleying attack in the fourth round of the national championships 6-4, 4-6, 9-7, 6-2. Although second ranked nationally, Froehling had been overlooked by Davis Cup selectors and the seeding committee this year.

**The victory erased the last Australian from the field, marking the first time since 1950 that Australia has been shut out of the men's quarter-finals.**

Australians have dominated the men's championship since 1955, winning with a steady parade of champions that included Ken Rosewall, Mal Anderson, Ashley Cooper, Neale Fraser, Emerson and Rod Laver.

★ ★ ★

It puts an entirely different aspect on the Davis Cup challenge round, to be contested in December in Adelaide, Australia.

**FOUR AMERICANS**

Going into the quarter-finals, half of which will be contested today are four Americans, Froehling, Marty Riessen, Chuck McKinley and Dennis Ralston; two Brazilians, Ronald Barnes and Thomas Koch; Mexico's Rafael Osuna and England's talented but erratic Bobby Wilson.

**Wilson, who smashed young Cliff Buchholz of St. Louis out of his path 6-3, 6-0, 6-1 Wednesday, is Froehling's next opponent. They meet in one of the two men's matches today, with Ralston and Barnes clashing in the other.**

The other two men's matches Friday send top-seeded McKinley, the Wimbledon champion, against the sensational, 18-year-old Koch, and Osuna against Riessen. McKinley, his bad back apparently well, thrashed Larry Nagler of Los Angeles, 5-7, 6-4, 6-4, 6-2.

★ ★ ★

In the women's division, Margaret Smith, the Wimbledon queen and defending champion, plays England's six-foot Christine Truman and Deidre Catt of England faces Mrs. Yola Ramirez Ochoa of Mexico in matches today.

Froehling apparently battled his way back into the Davis Cup picture, although it is too late to substitute him in the squad already named to face Venezuela at Denver Sept. 13-15.

UPSET IN MAKING — Frank Froehling of Coral Gables, Fla., goes high for a smashing return in his match with Australia's tennis ace Roy Emerson at Forest Hills, N.Y., where the National championships are being played. Froehling upset the world's No. 1 amateur in four sets, 6-4, 4-6, 9-7 and 6-2. Emerson falls to his knees at one time during the match, losing his racquet in the process.

TIGER SLIDES—Detroit Tigers' Dick McAuliffe slides under the tag attempt of Red Sox catcher Russ Nixon in the 5th inning of their game in Boston yesterday. He scored on Bubba Phillips' fly ball in the 5th inning. The Tigers won the game, 6-1.

# Lions Need 'Leg' to Score

## Quarterback Strike Hits Eagles' Camp

HERSHEY, Pa. (AP)—The sudden and unexpected walkout of quarterbacks Sonny Jurgensen and King Hill from training camp over a football salary dispute has launched the Philadelphia Eagles into a desperate search for a quarterback.

Although the two players were scheduled to meet with Eagles' General Manager Vince McNally today in Philadelphia, one club spokesman said "the wires are hot" in the search for a backup signal caller in case Jurgensen and Hill fail to settle their dispute with the team by Saturday.

**FINAL EXHIBITION**

The Eagles' exhibition season ends then against the New York Giants at Princeton. Championship play begins Sept. 15.

Jurgensen, the key to the Eagles offense which in the past few years has relied heavily on passing, and Hill, the team's punter and only other quarterback, left Wednesday without notifying team officials. They said they had been unsuccessful even in getting to talk to McNally about contract terms.

Neither player has signed a 1963 contract, although an option claus binds them to the club for one year in addition to the actual term of the old contract. They must be signed by the start of the season or they will play under the option and then become free agents.

Jurgensen reportedly wants $30,000 for this season. He earned in excess of $25,000 last year. Hill reportedly was fighting a cut in last year's salary, estimated at $20,000.

★ ★ ★

Four other Eagles' players were reportedly unsigned. They are defensive halfbacks Ben Scotti and Jim Carr and offensive backs Clarence Peaks and Theron Sapp.

When the two players walked out they didn't inform Coach Nick Skorich they were leaving, although they did say the coach wasn't involved in the dispute.

Skorich said the first he knew that they had gone was when defensive back Don Borroughs told him.

Skorich put his team through a workout Wednesday, but it was limited, at best, in effectiveness.

## Martin's FG Record One of 7

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

"Like a pitcher in baseball loses his arm, a kicker in football can lose his leg."

This opinion was conveyed by coach George Wilson of the Detroit Lions when asked about Jim Martin's poor record of field goals in the current exhibition season.

The Lions, now 2-2, play Dallas in the exhibition finale Saturday night at New Orleans, have only one field goal to show for their efforts this season out of eight attempts.

**The lone three-pointer, a 32-yard boot, was partially blocked in the opener and just managed to drop over the cross bar. Six others were missed by Martin and another by Wayne Walker.**

Who will try the field goals against Dallas? Wilson isn't even sure, but the Lions' coach may be reaching the conclusion that Martin's one-year absence has taken the spark out of his toe and Walker may be back in kicking position.

**LEADING SCORER**

Walker was the team's leading scorer last year with 64 points on nine field goals of 22 attempts and 37 extra points. This was Walker's first full season attempting field goals.

**Martin did not try any in first three years, 1950-52, but in 1953 he made two of four and from 1953-55 he had three for 11. His best season was his last, in 1961, when he made 15 of 30.**

His all-time record stands 56 for 125 attempts.

★ ★ ★

The Lions were beaten in both exhibition games by the field goal rout. The Giants booted one then blocked one of Detroit's, and the Steelers' Lou Michaels made five of seven last week to give Pittsburgh a 22-7 triumph.

The Lions play the first game of a doubleheader Saturday night with Baltimore and the Chicago Bears playing the second game.

## Saddle Up, and . . . Well, Maybe Later

OAK BROOK, Ill. (AP) — They are going to try to get enough healthy horses together Sunday so a pair of polo matches can be played.

Great Britain's 22-goal team, Cowdray Park, is scheduled for an exhibition game against Oak Brook. Also on tap is the opening match in the series for the Butler National Handicap between Milwaukee and Tulsa, both strong 25-goal teams.

More than 100 horses at Oak Brook are down with a virus condition. They include the British team's horses. The Britons are using horses from Oak Brook in the meantime.

Plans call for the second game in the Butler National Handicap between Great Britain and Oak Brook to be played Sept. 11, with the finals Sept. 15.

## Bay City District Wins Police Shoot

JACKSON (AP)—The third district (Bay City) edged the first district (East Lansing) by five points Wednesday to win the Fletcher team trophy in the annual state police pistol matches.

The third district took the trophy from the defending champions by a score of 1125-1120.

Trooper Elwin Burnett of the Newberry post captured individual honors by a single bullseye over Trooper Richard Brantner of Jackson.

### Yankees' Magic Number Is 11

# Maris Waves Wand

By The Associated Press

One wave of Roger Maris' wand did the trick...and now the Magic Number is 11.

Maris pulled the game out of the hat in the last of the ninth inning with a two-run homer, lifting the New York Yankees to a 5-4 victory Wednesday over Washington.

A few hours later, Minnesota nosed into second place in the American League by beating the Los Angeles Angels 4-2 after Kansas City had swept a pair from the Chicago White Sox, 4-2 and 7-3.

The results reduced the Yanks' magic number to 11—any combination of New York victories and Minnesota losses totaling 11 will mean the Bombers' 28th pennant.

**LEAD TOO BIG**

The Yankees are 12½ games ahead with 22 to go, the Twins have 23 to play. Chicago, now 13 out, has 22 games left.

Don't look for any surprises.

Also in the AL—Phil Regan won again, Al Kaline took over the league batting lead and Rocky Colavito batted in three runs as Detroit's streaking Tigers whipped Boston 6-1; and Baltimore overcame Cleveland 6-5 on the first grand slam homer of Luis Aparicio's eight-year major league career.

Hard-throwing Jim Bouton, gunning for his 20th victory, was bombed for three homers—including a two-run blow by Senator pitcher Claude Osteen—and the Yanks trailed 4-3 going into the last of the ninth.

But they have a way turning these things around, and Maris applied the crusher this time with his 20th homer after a leadoff walk to Elston Howard. That made a winner out of Steve Hamilton, a loser out of Osteen.

Ed Brinkman and Don Lock had the other Washington homers.

Angel rookie Fred Newman made it easy for the Twins, wild pitching in one run and balking across Minnesota's clincher. Lefty Dick Stigman beat Los Angeles for the fourth straight time, squaring his record at 14-14 with a seven-hitter.

★ ★ ★

The Athletics, who had lost their last three doubleheaders and had beaten the White Sox only 11 times in previous meetings this season, got key hits from winning pitchers Orlando Pena and Diego Segui in the sweep at Chicago.

Pena helped prevent his 10th loss by rapping two singles, scoring one run and driving in another in the opener. Segui, backed by a 13-hit offense, had a run-scoring single as the A's wrapped up the second game with three runs in the sixth inning.

Pete Ward homered in each game for the White Sox.

★ ★ ★

Aparicio, the light-hitting and light-footed shortstop, powered Baltimore into a 6-3 lead with his grand slam in the sixth inning and a trio of relievers saved the victory for Robin Roberts, 13-11. Cleveland loser Jim Grant, who was tagged for Aparicio's four-run homer, had homered himself in the fifth for a 3-2 Indian lead.

## Gary Player at Utah Open

SALT LAKE CITY (AP)—South Africa's Gary Player led 149 professionals and 11 amateurs into the first round of the $40,000 Utah Open Invitational Golf Tournament today.

Player is the only one of golfdom's Big Three in the tourney on the par-70, 6,984-yard course at the Salt Lake Country Club.

The others, Jack Nicklaus and Arnold Palmer, are playing with Julius Boros and Bob Charles in the World Series of Golf Saturday and Sunday at Akron, Ohio.

Player shot a two-under-par 68 in the Pro-Am event Wednesday after three-putting the first two holes for one-over-par bogies. But he had a par-35 on the front nine and came back with a two-under-par 33.

## U.S. Golf Foes Not Accustomed to Long Course

DES MOINES, Iowa (AP)—The top players on the Mexican and Canadian amateur golf teams which challenged the United States Thursday in the start of the Americas' Cup matches say the course may be too tough for them to whip the Yanks.

"The course plays awfully long," Juan Estrada, leading Mexican player, said Wednesday after flags of the three countries were raised in cermonies at the Wakonda Country Club course.

Gary Cowan, leader of the Canadian team, echoed Estradas comments.

★ ★ ★

Both Cowan and Estrada said their best rounds in practice for the biennial event were 75s on the par 72 course, on which the National Amateur will be played next week.

Lebron Harris Jr. of Enid, Okla., who was paired in the same best-ball sixsome with Cowan, said he felt the course was tough but could be mastered.

The United States has won all six matches and is heavily favored this year.

## 'Upset-less' AFL Set for 4 Season Openers

By The Associated Press

The American Football League opens its fourth season this weekend and the way Commissioner Joe Foss figures it "the word upset may become obsolete because of the outstanding job all our teams have been done in strengthening themselves."

The opening schedule shows four games spread over a two-day period with the defending champion Kansas City Chiefs at Denver and Oakland at Houston Saturday night. Buffalo is at San Diego and New York at Boston on Sunday.

★ ★ ★

The Chiefs, who won the title last year 20-17 over Houston's Oilers in a dramatic overtime marathon, have a new name but much of the same talent. The passing of Len Dawson and the running of Abner Haynes and Curtis McClinton are expected to prove just as effective as they did when the club was in Dallas.

**NEW LOOK**

Denver has a new-look offense with Billy Joe, former Villanova star, expected to add power to the running attack and complement veteran quarterback Frank Tripucka. The Broncos were 2-3-in exhibition play while the Chiefs were 3-2.

★ ★ ★

George Blanda will continue to quarterback the Oilers with Charlie Tolar and Billy Cannon prepared to handle the bulk of the ground work. Cannon, at 203 pounds, has recovered from a back injury which plagued him last season. The Oilers finished with a 3-2 mark in pre-season games.

★ ★ ★

The Oakland Raiders hope to surprise with a new scoring punch built around receivers Bo Robertson and Art Powell. Tom Flores, who spent a year on the sidelines due to illness, is expected to share the quarterbacking duties with Cotton Davidson. The Raiders were 3-2 in pre-season tests.

## Pro Bowling Tour Moves to Gardena

GARDENA, Calif. (UPI) — The pro bowling tournament tour moves here tonight with a $5,000 pro-amateur prelude to the three-day $20,000 Los Anglees Open at Rose Lanes.

★ ★ ★

Andy Marzich, a resident of Neighboring Redondo Beach, is the current money earner on the bowling circuit, but Earl Johnson of Minneapolis is the latest winner. Johnson, fourth in 1963 earnings, took the top prize last Sunday at the $23,600 San Diego Open.

★ ★ ★

Other leading bowlers in the 112-man field include the five keglers recently named to the ABC Bowling Magazine All-American men's team — Don Carter, Dick Weber, and Ray Bluth of St. Louis; Billy Welu of Houston, and Harry Smith of Baltimore.

### Jackpot at Wolverine

LIVONIA (AP) — The second largest payoff in Wolverine raceway history was recorded Wednesday night when Greenleaf Janet won the third race at odds of almost 80-1 and returned $161.40. The 2-year-old trotting filly had won only once in 17 previous starts. The $169.80 returned by Dusky Diana on June 11, 1957 remains the biggest payoff at the Livonia track.

# Book of Strategy Doesn't Work for Dodgers

By The Associated Press

In the big book of baseball strategy you walk a guy like Billy Williams to get at Ken Hubbs. So the Dodgers did.

Their National League lead is now down to five games over second-place St. Louis.

Hubbs, who led the league in strikeouts with 129 last year and was equally proficient at hitting into doubleplays, crossed up the book Wednesday night by lining a two-out single in the 11th inning that gave the Chicago Cubs a 2-1 decision over first-place Los Angeles.

The Dodgers' board of strategy held its meeting after Andre Rodgers led off the 11th with a single and moved around to second on a sacrifice. With two out, it was decided to give Williams—who outhits Hubbs by about 50 points—an intentional walk.

**LEAD CUT**

That decision lopped a full game off the Dodgers lead over the surging Cardinals, who extended their longest winning streak of the season to seven games as Ken Boyer's 100th run batted in provided the decisive score in a 6-5 victory over the New York Mets.

Meanwhile, Milwaukee's Warren Spahn grabbed part of the spotlight with a sparkling four-hit, 1-0 victory over Pittsburgh that gave him 19 victories for the season, the 60th shutout of his career and seventh place on the all-time list of winners with 346 triumphs.

* * *

In other games, Willie McCovey hit his 35th homer and Orlando Cepeda collected No. 26 as San Francisco walloped Houston 8-3 and pitcher Dennis Bennett provided the go-ahead run in Philadelphia's 3-2 decision over Cincinnati.

The Cubs opened the scoring against the Dodgers in the sixth on singles by Rogers and Ellis Burton and a sacrifice fly by Ron Santo. The Dodgers tied it in their half on doubles by Jim Gilliam and Tommy Davis.

It stayed that way until the 11th when Hubbs stroked his decisive hit and wound up the night with a sparkling defensive play.

* * *

The slick fielding second baseman who set a major league record for consecutive errorless games last year with 78, bailed reliever Lindy McDaniel, 11-6, out of a hole in the bottom of the 11th when he fielded Willie Davis' grounder with one out and nailed Marv Breeding trying to score from third base. McDaniel then got Lee Walls on a fly to end it.

* * *

Stan Musial drove in three runs with a two-run homer and a sacrifice fly as the Cardinals built a 5-1 lead. The Mets rallied for four runs in the top of the seventh with Ed Kranepool's fourth hit producing the tie. Then, in the bottom half, NL batting leader Dick Groat doubled and Boyer followed with the decisive hit. Sam Jaones, 2-0, got the victory, Larry Bearnarth, 3-7, the loss.

Spahn, the Braves' 43-year-old left-handed ace, won his seventh straight for a 19-5 record that pushed him to the threshold of his 13th 20-victory season. Lee Maye gave him the run he needed with a third inning homer off Bob Friend, 16-13.

The Giants, again playing without Willie Mays, scored six runs in the fifth inning—three on Cepeda's homer—to come from behind and whip the Colts. Jack Sanford, 14-12, was the winner, with Dick Drott, 2-12, the loser.

The Phillies broke a tie against the Reds with two fifth inning runs on a walk, a double by Bobby Wine, and singles by Bennett and Tony Taylor. Bennett, tagged for a homer by Frank Robinson, brought his record to 8-2. Jim O'Toole, 17-12, suffered the setback.

## World Series of Golf Has Practice Run

AKRON, Ohio (AP) — Steady Julius Boros, spectacular Arnold Palmer, strongboy Jack Nicklaus and southpaw Bob Charles tee off today for a practice round in the 36-hole World Series of Golf, which will be played Saturday and Sunday.

The fancy foursome, who will be firing for the $50,000 first prize, will have another practice round Friday before playing for keeps.

Nicklaus, the 23-year-old former Ohio State University golfing ace, won the big pot last year with a 135, beating Palmer and Gary Player by four strokes in the inaugural event.

Nicklaus, who has won $85,505 in official and unofficial earnings in 1963, has captured two of the four major prizes of the year—the Masters and PGA titles.

* * *

Boros, a 43-year-old veteran who is playing the best golf of his 13 years in the pro ranks, has been in the money in 22 of 25 events this year. He has captured the National Open, the Buick Open in Flint, Mich., and the Colonial National at Fort Worth, Tex.

Palmer, the Pennsylvania plutocrat at 33, has won six tournaments in 1963 for $104,860 in prize money. He is the bold player the galleries adore. His comeback charges on the back nines are thrilling.

* * *

Charles, the 27-year-old New Zealander who won the British Open, is rated a distinct outsider. The left-hander says the Firestone Country Club's 7,165-yard par 70 course is unfair. He says the course is "too bloody long" and he's still figuring out how to play it. For those reasons, Charles rates himself the best chance of finishing fourth.

The runner-up gets $15,000 and the other two finishers pick up $5,000 each.

## Miss Chandler Gets Revenge

A little revenge may be better than none.

Mrs. Doug Graham won the WMGA match play championship a few weeks ago by defeating Phyllis Chandler in the finals, but yesterday Miss Chandler gained a little vengeance by winning the weekly WMGA event over Mrs. Graham by one stroke.

She fired a 43-40 at Bob O'Link while Mrs. Graham and Mrs. George Schade had 84's.

## Area Racers at Raceway

The International Raceway near New Baltimore will feature area drivers Sunday beginning at 2 p.m.

Royal Oak's Jim Wangus, who set a national record in his Class B factory experimental Royal Pontiac last weekend at Indianapolis, will race against a McCullough-Ricci Plymouth stock car.

A match race will pit Connie Kaletta of Mount Clemens in his "bounty hunter" dragster against a Loggie-Marsh-Stiffy fuel dragster.

### Bombers Cut Raimey

WINNIPEG (AP)—The Winnipeg Blue Bombers of the Canadian Football League placed former University of Michigan halfback Dave Raimey on waivers Wednesday.

## Bill Proposal Made for 'Illiterate' Deer

WASHINGTON (AP) — Since deer can't read, Rep. Sherman P. Lloyd, R-Utah, proposes putting up mirrors along the highway to help save their lives.

Metal mirrors posted along the roads in wooded areas, Lloyd said, reflect headlights into the adjacent woods. Since the lights attract deer at night, he said, they would be drawn to the mirrors, rather than to the speeding automobiles.

**This device, he said, probably would be more effective than the signs "deer crossing" now posted along the highways.**

"Dear, even of the Utah variety are notably poor readers and the signs probably have as little effect on them as they do on the motorists," Lloyd said.

Lloyd, who said he cribbed the idea from the Dutch, has passed it along to the Utah State highway department which found one slight flaw in the plan:

"It would add another excellent target for our trigger happy deer hunters," said C. Taylor Burton, director of the department.

### 100,000th Major League Game

## Jerry Lewis Aids Senators

WASHINGTON (AP) — Thanks to comedian Jerry Lewis and his ballplaying buddies, the Washington Senators are scheduled to take part in a baseball milestone Friday—the 100,000th major league game.

For Senator fans, who have seen their team tied for last in 1961, last in 1962 and last all this season, any distinction is appreciated.

Lewis will lead a band of Hollywood All-Stars in a pregame exhibition against a team of Washington press radio and television personalities. The game will delay for 20 minutes the start of the Washington-Cleveland game. Otherwise the Milwaukee at Philadelphia game might have qualified for the honor.

**STARS PRESENT**

Senators officials had scheduled Lewis and his team—including singers Pat Boone and Fabian, Phillip and Dennis Crosby, and Hugh O'Brien—in hopes of jacking up the team's sagging attendance figures. Word that they'd play the majors' 100,000th game caught them flatfooted. Said one official:

"If we'd have known about this earlier, we'd have scheduled appropriate ceremonies. We might have arranged to give something away, something symbolic."

At last report, Senator officials were busily thumbing through references trying to find out how you celebrate the playing of baseball's 100,000th game.

The Senators' opponent, Cleveland, played in the first major league game 92 years ago. They lost that one 2-0 to the Fort Wayne Kekiongas May 4, 1871, at Fort Wayne, Ind.

★ ★ ★

This was a game in the National Association of Professional Baseball Players, first of seven big leagues that have operated.

It took a good deal of record searching at the National Baseball Hall of Fame in Cooperstown, N.Y., to determine just when the 100,000th game would be played. Commissioner Ford Frick announced the results of this investigation Wednesday.

★ ★ ★

According to the Hall of Fame calculations, 99,995 games will be played through tonight—barring postponements. Twi-night doubleheaders in Baltimore and Pittsburgh narrowed the field to New York, Philadelphia and Washington, where single games were scheduled.

★ ★ ★

The New York game was ruled out because it is scheduled to start five minutes before the scheduled game time in Philadelphia and Washington. It took Lewis and his gang to break the tie.

## Touted Soph Injured in Wolverine Camp

A pair of sophomores who played against each other in high school are batting for the starting right halfback spot on the University of Michigan football team.

The halfback spot was thrown wide open yesterday when highly-touted sophomore Rick Sygar broke his leg and was sidelined for the season. Sygar was tabbed by coach Bump Elliott even before the season started.

**With Sygar, two sophomores who starred in Grand Rapids in their prep days, Dick Wells and Bob Quist, are the top two contenders for the starting spot.**

Wells recently was shifted from the left halfback spot and ranked No. 3 behind Sygar. But Elliott jumped Wells ahead of Quist yesterday for a trial at the spot.

Quist is still weak from a virus infection that hospitalized him last week.

Quist graduated from Grand Rapids Catholic Central in 1961 while Wells graduated from Grand Rapids Ottawa Hills in 1962. Both were all-around prep stars besides starring in the backfield on their football teams.

Elliott said that letterman halfback Harvey Chapman would also be given a test at the spot. Chapman received a sprained ankle playing golf before the season opened but was back in uniform this week.

**AT MSU CAMP**

At East Lansing, Michigan State coach Duffy Daugherty singled out two speed merchant left halfbacks for praise yesterday.

Daugherty said he was pleased with the performance of Sherman Lewis, Louisville, Ky., senior and Jim Garrett, Columbia, S. C., sophomore when he put them through offensive ground plays during yesterday's scrimmage.

Light blocking practice indicates Daugherty is pointing the 71-man squad toward a full scale scrimmage on Saturday in Spartan stadium.

## Takes Crown on Tawas Bay

TAWAS CITY (AP)—Carl Eichenlaub of San Diego, Calif., won the first race of the North American Lightning class sailing championship on Tawas Bay Wednesday.

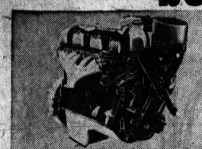

Eichenlaub, who won the North American championship on Tawas Bay in 1960, was followed by Jim Knhis of Detroit, Stu Anderson of Buffalo, N.Y., Jay Doty of Chicago and Bill Campbell of St. Joseph, Mich.

Defending champion Tom Allen of the Buffalo canoe club finished a poor 25th in the field of 30 which qualified for the championship class race Tuesday.

### Doctor's Remedy Right on New Course's No. 1

Dr. Harold G. Ford aced the 120-yard first hole with a nine iron Tuesday to become the first player to score a hole-in-one on the par 3 course at Waterford Hill Country Club. He shot a 31.

# Area Dates Set for Boat Classes

Safe Boating classes will be held at four sites in Oakland County this fall under the sponsorship of the U. S. Power Squadron and the U. S. Coast Guard Auxiliary.

First course to get started next Thursday September 12th will be held at the Naval Reserve Training Center on East Boulevard.

★ ★ ★

Tuesday September 17th, the Coast Guard Auxiliary will start classes at the Birmingham Community House and the U. S. Power Squadron will start sessions at Southfield High School.

**The final program of classes is scheduled for Seaholm High School in Birmingham starting September 24th.**

The courses offered to the public are free of charge except for text book and supply fees.

Seamanship, nautical language, boat construction, aids to navigation, charts and compass, rules of the road, knots and splices, boating courtesy and the study of safety regulations and Michigan boating laws are included in the course.

**CERTIFICATES**

The course at the Naval Reserve Center is under the direction of Flotilla, 12-18 under the command of Jess Herren.

Upon completion of the course, a "Certificate of Completion" and an "Operator's Certificate" from the Michigan Waterways Commission will be awarded.

Registration will begin at 6:00 p. m. prior to the first session.

*Arnett-Bass Teamed*

## Rams Back to Vet Pair

LOS ANGELES (UPI) — Los Angeles Ram coach Harland Svare decided Wednesday to revert to an old backfield combination — Dick Bass at fullback and Jon Arnett at left half — against the San Francisco Forty Niners in Memorial Coliseum Saturday night.

Arnett was tried at end for one day in practice yesterday and while he looked good, Svare said he feels he needs his two best running backs in the backfield and they are Bass and Arnett.

**Bass, a squat 5-foot-10, 205-pounder, gained 1,033 yards as a fullback last season.**

He and Arnett had their best game against the Green Bay Packers. This was the season's final game and the Rams lost, 20-17, but Arnett gained 103 yards and Bass 80.

★ ★ ★

In four pre-season games to date, Svare has used rookie Ben Wilson and third-year man Art Perkins at fullback but apparently neither one meets the requirements at the moment.

Svare named rookie quarterback Terry Baker "tentatively" to start against the Forty Niners but Roman Gabriel and Zeke Bratkowski also will probably see service at this position.

Carroll Dale, hampered by a pulled leg muscle last weekend against the Cleveland Browns, returns to a starting spot at left end.

★ ★ ★

The Rams open the regular season against Detroit, Saturday night, Sept. 14.

## Pine Knob All-Stars Win 2 Table Matches

The Pine Knob All-Star table tennis team won a pair of matches Wednesday night by defeating Royal Oak All-Stars 4-3 and Windsor, 5-0.

Carol Wolverton, former state champion, accounted for three Pine Knob points, including a tie breaking win against Jean Holmes of Royal Oak.

★ ★ ★

Jerry Saunders and Perc Secord had a 2-0 mark, Sid Britton and Adolph Magnus were 1-0 and Howard Heckman and Dr. John Markle split 1-1.

The local all-star team plays Livonia Sept. 16th at Pine Knob.

*Flint Softball Invites Champs of 2 Area Loops*

Harvey's Colonial House and Spencer Floor Covering, two of the area's top softball teams this summer, will play tonight in the Flint Invitational Softball Tournament.

★ ★ ★

Eight teams are entered in the tournament. In addition to four entries from the host city, Saginaw and Owosso join the two local squads in the lineup.

Harvey's, the city champion, will meet the Flint Petroleum nine at 6:45 tonight.

★ ★ ★

Spencer, which won the Waterford Township championship, will play at 8:15 p.m. against another Flint entry.

No PGA Champion has successfully defended his title since Denny Shute, the 1936 winner, repeated in 1937.

Albuquerque, N.M.—Joey Limas, 166, Albuquerque, outpointed Johnny Brooks, 162, Wichita, Kan., 10.

## After Uncertain Start

# Market Gains Early in Trade

NEW YORK (AP) — The stock market improved early following a mixed and uncertain start. Trading was quite active.

The ticker tape lagged on occasion as the market went through some further consolidation and then began to rise.

News that Chrysler sold 43 per cent more autos in August than it did in the same month a year ago brought renewed buying to Chrysler which converted a loss to a gain of nearly a point.

The bullish action by Chrysler was described by brokers as the pivot on which the market turned upward after its early hesitancy.

Steels, utilities, electrical equipments and a number of the office equipments, electronics and other "glamour" issues moved generally higher.

**Rails remained depressed. Tobaccos and airlines were mostly lower. Drugs and building materials advanced.**

Wall Streeters said the market was "acting well" in view of its near miss in making a new high yesterday.

Increased retail sales and a rapid expansion of consumer installment debt were cited by brokers as encouraging market factors. So was the prediction by a Ford official that car sales would rise to a record 7.5 million this year. Ford gained a fraction.

**OTHER MOTORS**

Other motor stocks showed little change. The top steelmakers nudged upward fractionally.

Prices were irregular in moderate trading on the American Stock Exchange.

Corporate bonds were mixed and most changes were narrow. U.S. Government bonds declined sharply because of the size and complexity of the Treasury's new advance refunding.

# Kelley Ruling Blocks Petition

## Income Tax Protest Delivered Too Directly

LANSING (AP)—Atty. Gen. Frank Kelley ruled today that petitions seeking to force legislative consideration of a bill barring city income taxes should have been filed with county clerks before delivery to the secretary of state's office.

★ ★ ★

Acting swiftly in response to an "urgent" inquiry from Sec. of State James Hare, the attorney general said court rulings and previous opinions are consistent on the question.

The petitions, bearing some 240,000 names, were circulated in several counties by the Vigilance Tax Committee, which is composed of a group of suburban officials fighting Detroit's 1 per cent income tax.

★ ★ ★

The petitions were delivered to Hare's office in an armored car last Saturday, accompanied by George Kuhn, mayor of Berkley and chairman of the Vigilance Tax Committee.

Hare later questioned the legality of his office having received them directly from the circulators and asked Kelley for a quick ruling because the committee hoped to have them presented to the special session of the legislature next week.

"In brief," Kelley told Hare, "the law supports your conclusion that the petitions first must be filed with the county clerks."

The clerks then would have 20 days to check the petitions and send them on to the Secretary of State.

★ ★ ★

Bernard Apol, assistant director of elections, said the petitions will be turned over to James Clarkson, attorney for the Vigilance Tax Committee, as soon as possible.

★ ★ ★

The suburban officials' group has battled for more than a year to have Detroit's income tax nullified, particularly as it applies to nonresidents earning their living within the city.

LIVED IN AUTO—Mrs. Betty Mitchell, 29, and her four children have been living in an auto on a Chicago beach, but now have a temporary home at the Salvation Army emergency lodge. The family came to Chicago from Florida. Mrs. Mitchell says she hasn't seen her husband since his first payday in Chicago. That was Aug. 22.

# JFK to Salute 2 Republicans

WASHINGTON (AP)—President Kennedy will salute two Republicans, Theodore Roosevelt and Gifford Pinchot, at the start of his 10-state conservation tour later this month.

Kennedy, it was learned today, will begin his Sept. 25-29 trip by flying to Milford, Pa., to visit the former Pinchot home, which soon will become a national historic site.

★ ★ ★

Pinchot, who died in 1946, was a pioneer conservationist who won fame as head of the U.S. Forest Service during the administration of Theodore Roosevelt, one of the most conservation-minded presidents.

The White House says the Kennedy trip will be nonpolitical, and his brief stop at the Pinchot home doubtless will be cited as evidence supporting this claim. Kennedy, however, is not unmindful of potential political benefits from his appearances—many in areas he will not have time to visit in the 1964 presidential campaign.

Although most stops will involve inspection of conservation and resource development projects, Kennedy also plans to visit such population centers as San Francisco, Salt Lake City, Portland, Ore., and Duluth, Minn.

# Back Trouble Strikes Again in Washington

WASHINGTO (AP) —There is another back sufferer at the White House.

★ ★ ★

Capt. Tazewell T. Shepard, President Kennedy's naval aide, reported for work today with a noticeable limp.

Asked what had happened, Shepard said, "I wrenched my back playing tennis."

★ ★ ★

The Navy officer seemed more discomforted than the President, who also has been limping a bit because of the recurrence of his long-standing back difficulties.

## Police Rule Suicide in City Man's Death

Pontiac police said today the death of William A. Brown, 52, of 70 Merrimac, was caused by a self-inflicted gunshot wound.

★ ★ ★

Brown's body was found on his bed yesterday afternoon by a neighbor. Dr. Isaac Prevette, coroner, set the time of death as Sunday.

*Worst Air Disaster*

# Swiss Mourn Crash Dead

DUERRENAESCH, Switzerland (AP)—Switzerland today mourned for victims of its worst airline disaster, a crash that killed 80 persons, including almost a complete generation of the farming village of Humlikon.

★ ★ ★

"This is worse than a war," said a farmer in Humlikon after being informed that his parents were among the 43 passengers from his village killed when a Swissair twin-jet Caravelle from Zurich exploded and crashed in fog Wednesday. All 74 passengers and six crewmen were killed.

Humlikon lost about one-fifth of its 217 population. The community also lost its mayor and all councilmen.

**WERE VISITING**

With the other villagers, they were heading to Geneva to visit an agricultural experiment station.

For many of the villagers, it was their first flight. There were 19 married couples among them. They left 40 orphans.

Despair and disbelief hung over Humlikon. No children played. Red-eyed adults conversed in whispers.

Said Gottfried Meisterhans, 28, whose parents perished in the disaster:

"This is terrible. This is worse than war because it wiped out virtually a whole generation.

"My parents wanted so badly to make this flight. I would have loved to go too, but my parents thought I and my wife would have more chances to fly. So we agreed that they make the trip. This is fate.

★ ★ ★

"What shall we do now? How can people be able to continue here? All fields are worked by the families themselves. None has a farm hand."

Nothing resembling a human body was found after the $3-million French-built airliner, bound for Geneva and Rome, plowed into a grassy field on the outskirts of Duerrenaesch. Blasting a crater 18 feet deep, it disintegrated. The biggest piece of wreckage found was a six-foot section of one wing.

Among the dead was one American, Emerson Glauner Jr., 36, of Rockton, Ill. Glauner, a divisional sales manager of the Beloit Corporation, manufacturer of papermaking machinery, was on his way to a paper mill in France.

Six foreigners and 68 Swiss made up the passenger list. All the crew members were Swiss.

The crash occurred eight minutes after the plane had taken off and shortly after the pilot had radioed a "Mayday" disaster signal and desperately cried "No more! No more!"

# Goldwater Reserves Hotel Floor for '64

SAN FRANCISCO (AP) — The presidential suite at the plush Mark Hopkins Hotel wasn't big enough for the entourage of Arizona Sen. Barry Goldwater during next July's Republican national convention.

★ ★ ★

So, it was learned yesterday, Goldwater has reserved the entire 15th floor. And he'll have company—the other GOP presidential hopefuls.

John Parsons, executive vice president of the hotel, confirmed that "all who might be considered candidates" have reserved rooms at the hotel, which is across the street from the Fairmont, headquarters hotel for the convention.

Parsons said he couldn't name the other prospective candidates who have reserved space "because their offices have asked me not to, but Goldwater's office didn't make such a restriction."

In New York, however, Gov. Nelson Rockefeller's office said he had not made reservations at the hotel.

★ ★ ★

Goldwater, the conservative currently considered to be the leader in the fight for the presidential nomination, "first reserved the presidential suite, but that did not have sufficient rooms," Parsons reported.

★ ★ ★

That has 11 rooms, whereas the 15th floor has 51 rooms that can handle 76 guests.

The senator reserved more rooms than anyone else, Parsons said. He added that Goldwater's advance contingent is scheduled to arrive a week in advance of the mid-July gathering, with the senator coming in four days before the convention opens.

# Service Set for Auto Victim

Service for a 39-year-old Pontiac woman who died Tuesday after a Monday night automobile accident will be 1 p.m. Saturday in Macedonia Baptist Church, with burial in Oak Hill Cemetery.

Mrs. Izer (Hattie B.) Hawkins, 272 Elm, was the victim of a single-car accident on Orchard Lake Road near Pontiac Trail.

Orchard Lake police are continuing their investigation of the accident, in which they say, the Hawkins car apparently rolled over two or three times.

★ ★ ★

Mrs. Hawkins was a member of Liberty Baptist Church and an employe of Tam O'Shanter Country Club.

Survivors include her husband; her mother, Mrs. Mary H. Martin of Earle, Ark.; a son, James of Pontiac; a stepson, George of Pontiac; a granddaughter; and two sisters, Mrs. Lillie D. Nixon of Pontiac and Mrs. Mitchell Harper of Michigan City, Ind.

Detroit Testing Laboratory Report... POSITIVE PROOF!

DISCUSSION OF RESULTS:

Based on our analysis, it is our opinion that no practical difference exists between the two subject paints tested, Sherwin-Williams #473 and Victor #550.

THE DETROIT TESTING LABORATORY, INC.

Cyril Desmet

Cyril Desmet Head, Chemical Department

Victor Exterior House Paint #550 and Sherwin Williams #473 Paint have exactly the same formulas on their labels. In fact, Victor Exterior House Paint #550 and Sherwin Williams #473 Paint are about as much alike as two peas in a pod. However, modern paint technology is such that no two batches of paint are *precisely* the same, even if they come from one company. This means that either Victor Exterior House Paint #550 or Sherwin Williams #473 Paint could have somewhat different elements or chemical compounds that might not be found in the other. It is also a fact that the very same formulas as shown by label analysis, though they be entirely honest, do not necessarily mean that the paints are one hundred percent identical. All paint manufacturers are aware of this, yet, with respect to Victor Exterior House Paint #550 and Sherwin Williams #473 Paint we claim that *you will not find any practical difference between the composition of the two.*

# Senate Passes Job Skill Bill

## U. S. Will Pay Full Cost for Third Year

WASHINGTON (AP)—The Senate has passed a bill under which the federal government for the third year would pick up the whole tab for teaching skills to unemployed workers under the Manpower Training Act.

It's the first piece of legislation suggested by President Kennedy in his civil rights message to be acted on by Congress. But it involves jobs, and not strictly racial issues.

The measure was approved by a voice vote Wednesday and sent to the House where a Labor subcommittee has completed hearings on it but has taken no action. Sponsors there said it would be handled in a separate bill, as in the Senate, and not tied to the big civil rights package.

The Senate bill waives the requirement for states to match federal funds in financing the training program in fiscal 1965 starting July 1, 1964. It authorizes an additional $161 million in federal funds to pick up the state's share of the $322 million outlay scheduled for that year.

★ ★ ★

Washington is paying the full cost of the program in the first two years, fiscal 1963 and 1964.

The only roll call test in the Senate came on a Republican attempt to shelve the legislation by sending it back to the Labor committee. That was beaten smashingly 44 to 19.

★ ★ ★

Southern senators plan an all-out fight on the portions of the civil rights program dealing with racial questions but several of the bill contended that the manpower training program would die at the end of the current financial year unless the bill were passed.

The reason, they said, was because only four states have approved matching funds and legislatures in 25 states which failed to act do not meet next year.

# Motorists Must Stop for Buses

Motorists are reminded by school officials that they must still stop for school buses under a revised state law that becomes effective tomorrow.

The amended law requires all school buses to pull onto the shoulder of the road whenever possible to load and discharge passengers.

It is a reversal of a state attorney general's ruling that made it mandatory during the last school year for school buses to stop on the paved portion of the road.

★ ★ ★

Erwin J. Hendershott, director of school transportation for the county board of education, said there is no change in the order to motorists to stop 10 feet in either direction of a school bus using its warning flashers.

Once the signals are turned off, however, a motorist can proceed to pass the bus as long as he is not exceeding 10 miles per hour, Hendershott said.

He said instructions have gone to school bus drivers not to straddle the pavement and shoulder when the shoulder is inadequate.

"The buses must be entirely on or off the road," said Hendershott.

# Pickets at PNH in Labor Dispute

The United Skilled Maintenance Trades Employes (USMTE) union is stationing pickets at Pontiac Northern High School this week in an effort to publicize their grievances in a 15-month-old labor dispute with the Pontiac School Board.

The case, which centers around wages paid under a 1961 contract, is to come before Circuit Court Judge Clark J. Adams Sept. 16.

Judge Adams dismissed the complaint against the school board last July because, "The plaintiffs have not exhausted their administrative rights."

★ ★ ★

The motion for a rehearing filed in behalf of the union cites new evidence which was not presented at the original hearing.

# 'Reds Terrorize to Halt Election'

## Venezuelan Minister Lays Blame on Castro

CARACAS, Venezuela (AP)—Interior Minister Manuel Mantilla says Castro Communists are stepping up terrorist raids in an attempt to thwart the presidential election set tentatively for Dec. 1.

**Their targets yesterday included the home of an officer of President Romulo Betancourt's army guard, American oil pipelines and a police post at the oil center of Maracaibo.**

Officials said members of the Communist Armed Forces for National Liberation (FALN) also may be responsible for the fatal shooting of a policeman whose body was found in a Caracas slum.

★ ★ ★

The violence followed Tuesday's terrorist attack on the Venezuelan Air Force headquarters in downtown Caracas. Police are looking for suspects at Central University, a haven for sympathizers of Cuban Prime Minister Fidel Castro.

**One soldier was killed and another wounded in yesterday's shooting at the home of Capt. Elias Hansen Zamora, the presidential guard officer. Police said they caught four terrorists firing rifles.**

On the east coast, a bomb shattered a Texaco Oil Co. pipeline and 15,000 barrels of oil gushed onto the ground. Another dynamite bomb dented a Gulf Oil Co. pipeline.

★ ★ ★

Five men overpowered guards at the Maracaibo Police Post and escaped with weapons.

# Award Denied in Boy's Death

LANSING (AP) — A $25,000 award to the parents of a boy killed in an airplane crash was set aside yesterday by the State Supreme Court and a new trial ordered before Mecosta County Circuit Court Judge Harold Van Domelen.

**The parents, Mr. and Mrs. Harold Snyder, sued the United Benefit Life Insurance Co. when it refused to pay on a policy for which an application had been filled out by their 22-year-old son, Darrel.**

The company contended that since the policy had not yet been issued at the time of young Snyder's death, no payment was due the beneficiaries.

But the parents maintained that the insurance firm took unnecessary delays after the policy application was written. They also said they had assumed the coverage was effective as soon as their son walked out of the doctor-examiners office "with a clean bill of health."

## Japan Protests to Korea on Patrol Boat Actions

TOKYO (UPI) — The Japanese government today filed a protest with the Republic of Korea in connection with alleged "illegal acts" committed by Korean patrol boats in international waters against two Japanese fishing boats.

The protest note cited two incidents in the Korea straits between Korea and North Kyushu on Aug. 27 and 29 when the patrol boats chased one fishing boat and captured another.

# Joint Ailment Terms Cause Wide Confusion

By DR. WILLIAM BRADY

Some time ago, a medical colleague, referring to chronic joint disability, pleaded:

"Please do not introduce any new terms. We have enough trouble teaching our interns and residents the old ones. Rheumatism is never used as a diagnosis now because it does not describe either an anatomical or a pathological lesion."

★ ★ ★

My colleague approves of the, as it seems to me, confusing term "chronic arthritis of the degenerative type, or arthrosis."

When he speaks of "either an anatomical or a pathological" lesion, (that is, change in structure of organ or tissue), I'm more confused. Isn't every lesion anatomical?

★ ★ ★

**It is very likely that my colleague doesn't understand what I'm driving at, because, in his city, only fragments of my column are printed, as a rule; and so, I'm afraid, a good many readers may think, as my colleague does, that I apply the name "rheumatism" to some vague "anatomical or pathological lesion."**

Actually, ever since the Osserian era, I have been making fun of the "rheumatism" concept and particularly of Osler's quaint teaching that "chronic rheumatism . . . is most common among the poor, particularly washerwomen, day-laborers, and those whose occupation exposes them to cold and damp."

★ ★ ★

Far from introducing new terms, I merely propose that it is high time to drop such terms as "chronic arthritis," "rheumatoid arthritis" and "osteoarthritis," and eke my colleague's favorite, "chronic arthritis of the degenerative type," and call chronic joint disability what it is, degeneration of joint tissues — or, if the dumb patient resents the implication that he is degenerate, label it "rheumatiz" and the heck with it.

**The term "arthritis" became popular soon after Dr. Osler left Hopkins to become professor of medicine in Oxford. I'm not facetious about it — I sincerely believe the $300 snobs of the early 1900's took up with the trick specialists and "clinic" racketeers because they couldn't bear to think they had the complaint which Osler ascribed to cold and damp and to the lowly washerwomen and day-laborers.**

When my colleague concedes that I am correct in saying the "arthritis of older people is associated with a degenerating or aging process" — which I never intended to imply — and agrees that "at this stage the condition is properly designated as chronic arthritis of the degenerative type" he irks me a little.

★ ★ ★

I insist that at a late stage or at any stage of rheumatiz the condition cannot properly be designated as arthritis, for it is really degeneration of joint tissues.

**If perchance any physician of standing feels enough interest in this argument to give me his or her view of it, I'll be grateful and, of course, I'll keep anything such a physician may say confidential unless I have written permission to reveal his or her identity.**

The cause of rheumatiz (degeneration of joint tissues) is nutritional deficiency through the years from early childhood to this moment. In the booklet, "Chronic Joint Disability," I detail which specific deficiencies require correction by (a) better diet and (b) supplementing the diet with vitamins and minerals.

★ ★ ★

For a copy of the booklet send me 35 cents and stamped, self-addressed envelope. If you are a physician just mention your address. I'll welcome and respect any criticism a physician may care to make.

Signed letters, not more than one page of 100 words long pertaining to personal health and hygiene, not diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

# Cursing Cut From Boston Theater Run

BOSTON (AP) — Use of the Lord's name as an expletive has been dropped from performances of Edward Albee's play "Who's Afraid of Virginia Woolf?" for its Boston run.

The cuts were made last night. The play began a 3-week run Monday night.

City censor Richard J. Sinnott had objected to use of the Lord's name. Sinnott said he and Mayor John F. Collins "are pleased that no undue controversy has arisen as a result of my request to stop abuse of the second commandment."

**The controversy may not be over. The Civil Liberties Union of Massachusetts accused Sinnott of "a clear abuse of his authority."**

Albert R. Deisel, CLU chairman, asked for an appointment with the mayor "to discuss Mr. Sinnott's activities."

There was no comment from the mayor's office on the request.

# Illinois GOP Puts Romney in 4th Spot

CHICAGO (AP) — Michigan Gov. George Romney was the fourth choice in a poll of Republican precinct workers in Illinois for their nominee for president in 1964, the Chicago Daily News said yesterday.

★ ★ ★

The Daily News said more than 7 of every 10 party workers in the state polled by the paper listed U. S. Sen. Barry Goldwater, R-Ariz., as the strongest possibility in next April's primary.

★ ★ ★

Former Vice President Richard Nixon, the 1960 candidate, ranked second with 11 per cent of the party workers, and Gov. Nelson Rockefeller of New York was third with 8 per cent, the paper said. Romney had 7 per cent.

## 'Tom' Crows His Way to Fair's Rooster Award

INDIANAPOLIS, Ind. (UPI) — A rooster named "Tom" crowed 71 times yesterday to win the Annual Rooster Crowing Contest at the Indiana State Fair.

The rooster, owned by Virgil Carey, Connersville, set a half-hour crowing record Monday with 91 calls.

# Boon to Business World— 'Bikini-Unclad' Secretaries

By EARL WILSON

NEW YORK — Once in a century some man gets a brilliant idea that can shake the world—and I happen to be that man this century.

WILSON

I have devised a new office uniform for secretaries.

Bikinis!

Think of the scope of this, men.

**Bosses would no longer steal time to play golf. They'd be working early till late ogling their bikini-unclad secretaries. Air-conditioning would no longer be a problem, as the bikinis would be quite ventilated. Down by the pool (the secretarial pool, the girls would want to take dictation, so they could slink around sultrily. Wives wouldn't mind. Their husbands wouldn't want to go girl-watching weekends.**

Oh, there are bugs in it, to be sure. Such as those bosses who have fat, old lady secretaries.

Another executive whose opinion I asked, said, "I don't buy it. I can't believe my secretary would like it."

He turned to his secretary. "Would you, Pete?"

★ ★ ★

**WISH I'D SAID THAT:** Everybody's so diet-conscious now that when someone says you're half the man you used to be, it's a compliment. . . . **That's earl, brother.**

YO-CHAN SONG

## Popularity Up for Jailed Hero

### President Candidate Arrested in Korea

SEOUL, South Korea (AP)—The military regime's abrupt arrest of ailing ex-Premier Yo-Chan Song, a hero of the Korean War, sent his political stock soaring today. One party named him as its candidate for the presidency and other parties rallied to his cause.

★ ★ ★

While Song languished in dreaded Mapo Prison, the Liberal Democratic party's central committee met in Seoul and unanimously nominated him to oppose strongman Gen. Chung Hee Park in the presidential election Oct. 15.

★ ★ ★

Many Koreans had expressed belief Song's surprise arrest Wednesday was prompted by reports the Liberal Democrats intended to nominate him. The Liberal Democratic party was organized Tuesday as a breakaway movement from Park's Democratic Republican party.

**OTHERS CHARGE**

Two other parties, while staying out of the new coalition, issued statements charging the latest arrest of Song was an attempt by the military regime to intimidate opponents and destroy any possibility of the elections being free.

★ ★ ★

Civilian politicians have charged that although Park has resigned from the army and will run as a civilian, he and his followers intend to extend military rule through rigged elections.

In Washington, the State Department termed Song's rearrest "high handed."

★ ★ ★

Many quick-tempered Koreans charged the military government was endangering Song's health. He was under treatment at Yonsei University hospital for chronic high blood pressure.

The retired lieutenant general was arrested to await a military court-martial on old charges that he had illegally executed three soldiers in 1950 and slandered the military government in recent months. His trial is set for next Monday.

## Poland Transfers Heart of U. S. Revolution Hero

WARSAW (AP) — The heart of Tadeusz Kosciuszko, Polish hero of the American Revolution, has been transferred to the Warsaw National museum from a vault of the Warsaw Roman Catholic Cathedral.

★ ★ ★

The Polish press agency said today an urn containing the heart was returned to the museum from the church where it was placed for safekeeping at the outbreak of World War II.

## State Tourist Chief to Head Lakes Council

GRAND RAPIDS (UPI)—Aurey D. Strohpaul, secretary-manager of the West Michigan Tourist Association, will become president of the Northern Great Lakes Area Council next week at the group's annual meeting.

★ ★ ★

Currently vice president, Strohpaul will attend the meeting Sept. 8-10 at Wisconsin Dells, Wis. The council is comprised of tourist industry leaders in Wisconsin, Michigan, Minnesota and Ontario.

## Koren on Stand 3 Hours in City Manager Hearing

By DICK SAUNDERS

Pontiac Police Chief Joseph Koren coolly testified for three hours last night at the hearing of the suspended city manager who refused to fire him.

Claims of alleged police inefficiency and insubordination were involved in the hearing, centering on City Manager Robert A. Stierer.

Outwardly calm and incisive throughout, the chief described Pontiac police participation in "political investigations" and a gambling raid July 19, as well as his efforts to carry out city commission directives on department organizations and activity.

Mayor Robert A. Landry adjourned the session at 10:18 and scheduled the fifth session for 7 p. m. Sept. 12, in the City Commission meeting chamber at City Hall.

Under questioning from Stierer's attorney, Howard I. Bond, Koren spent the first half of testimony last night asserting, among other things, that —

Mayor Landry and several other commissioners told Koren that he should order the "political investigations" stopped.

**'DISLOYAL' OFFICERS**

Landry told Koren that any Pontiac police officers who would investigate any member of the City Commisson were disloyal and should be discharged.

He (Koren) had not "refused to compel the officers involved to reveal who ordered these investigations," as stated in charges against Stierer.

**Commissioners complained to Koren that the use of outside agencies in the July 19 raid was "embarrassing to commissioners" and the bookie investigation was "highly improper." This despite the fact Koren told them it had been a "very successful raid" because "there were no (information) leaks at all on any score."**

The so-called political investigations involve checks into the accuracy of campaign expenses of several commissioners in the April 1962 municipal election. The commissioners under investigation were not named directly.

Only Commissioner William H. Taylor Jr. openly stated that he had been investigated.

★ ★ ★

Commissioner Loy Ledford said commissioners had been called to a meeting with County Clerk-Register Daniel T. Murphy to discuss election expenses.

Koren defended his statements under a barrage of questions and statements from commissioners.

**Major spokesmen from the commission table were Commissioners Milton R. Henry, Loy L. Ledford and Landry.**

One major point was whether commissioners ordered Koren either to not prosecute anyone or to cease political investigations.

Another concerned who initiated the investigation or signed a complaint.

**WHAT WAS THE WORD?**

Landry said:

"You made a statement that Mr. Bottom (Mayor Pro-Tem Winford E. Bottom, who was absent last night due to illness in his family) and I told you that we thought it was unfair for the police department to investigate the commission?"

"Not unfair," Koren said.

"Or, illegal," Landry added.

"No. Not illegal. You told me it was disloyal," Koren replied.

**"Now just a minute," Landry asserted. "We never made no such a statement."**

Before his clash with Landry, Koren had been asked by Henry if "any member of this commission (has) ever told you that you were precluded from investigating any member of this commission?"

★ ★ ★

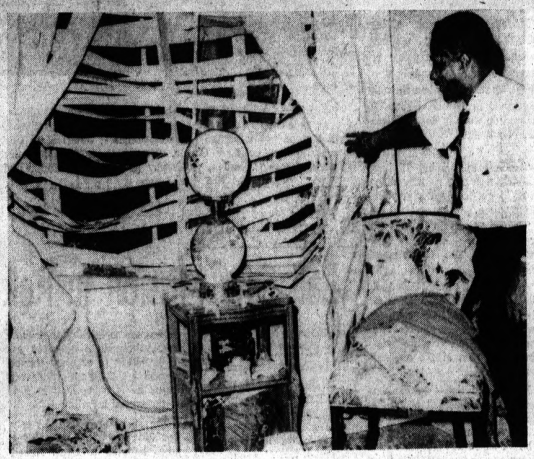

"Yes, sir," Koren asserted. "I was told the police should not in-

DAMAGE—Arthur Shores, Negro attorney, surveys damage to his home in Birmingham, Ala., caused when a bomb exploded in the front yard last night.

## Bombing, Riot Shatter Calm in Birmingham

### Negro Leader's Home Rocked by Explosion; Man Killed in Melee

BIRMINGHAM, Ala. (AP) —The bombing of a Negro leader's home and a wild outbreak of racial violence marked by the fatal shooting of another Negro led to a temporary postponement today of Birmingham's public school desegregation.

Gov. George C. Wallace moved back into the picture with an early morning announcement that the Board of Education had agreed to close three schools ordered integrated by the federal courts. They opened for registration yesterday and classes were scheduled today.

★ ★ ★

An explosion heard two miles away broke a calm of several hours after two Negroes had enrolled at one of the schools.

**The home of Arthur Shores had been bombed again — the second time in three weeks. Screaming Negroes in the neighborhood rushed to the home of the attorney who has been a leader for years in the fight of his race against segregation. Police riot squads poured in.**

Rock throwing by the resentful Negroes followed, then gunfire by officers as a melee involving hundreds of Negroes and scores of city and county policemen raged for more than an hour.

John L. Coley, 20, fell with three bullets in his head and body. He died later at a hospital.

**20 INJURED**

At least 20 other persons were injured, two of them Negroes also struck by bullets. The injured included four policemen.

**Wallace's announcement from the executive mansion at Montgomery, made through an aide on the scene here, came at 4:20 a.m.**

State troopers went on guard with other officers around Birmingham schools early today for the first time. City and county officers had handled the assignment earlier.

★ ★ ★

More than 40 bombings have occurred in Birmingham since 1947, many of them in "Dynamite Hill," a Negro community once densely populated by whites.

**Constance Baker Motley, an attorney for the National Association for the Advancement of Colored People said legal action might be taken to reopen the schools.**

The attorney gave no indication as to what moves might be made.

Soon after the outbreak was quelled, the talks between representatives of Wallace and the school board began.

**There already had been brief disorders yesterday at two of the three schools to be desegregated. Six parents had filed suit to try to win a stay of the integration.**

After the night of negotiations, Wallace in Montgomery issued a brief statement, saying:

★ ★ ★

"I have tonight asked the Board of Education of Birmingham to close until further notice schools at West End, Ramsay and Graymont.

★ ★ ★

"The board has acceded to my request and the schools will be closed temporarily.

**"The board has also agreed at my request to join in the petition to stay the federal court order integrating these three schools."**

It was at Graymont, an elementary school, that two Negro brothers registered yesterday. They would have started classes this morning with white children.

Three other Negro pupils were to register and begin classes to-

## Ford Claims 'Most Changes'

### Introduces '64 Models at Special Preview

By DICK HANSON

COLORADO SPRINGS — Ford Motor Co. introduced its 1964 models to newsmen at a special preview here yesterday with the claim that its cars offer "the most extensive across-the-board changes in history."

★ ★ ★

The most noticeable change came in the Thunderbird line. The 1964 T-Bird combined the squareish 1959 model and the tubular 1963 model. A departure was also made in the design of taillights. A longer hood and shorter roofline mark its body style.

**While the general public will not "meet" the new Ford until Sept. 27, some 200 newsmen who gathered here for Ford's Pike's Peak rally not only got to study the models, but to put them through their paces.**

The rugged 43-mile ascent to the Pike's Peak summit gave ample testing opportunities.

**OTHER CHANGES**

Other changes in the Ford line include a bumper-to-bumper restyling of the slightly enlarged Falcon, the first major change in its four-year history; a new roof on the Fairlane which gives it a more massive appearance; and newly designed headlamps, wraparound bumper and horizontal bar grille on the Ford, which give its front end a more massive look.

**The major styling changes were made to depict "scores of mechanical and functional advances," according to Lee A. Iacocca, Ford vice president and general manager of Ford Division.**

He declined to say how much the changes cost the division, except that the figure "runs into hundreds of millions."

## City Okays Parking, Closing of Saginaw

City commissioners last night approved a resolution whereby the city would close Saginaw Street and guarantee 1,500 parking spaces in the central business district north of Huron.

Commissioners Milton R. Henry and Winford E. Bottom were absent at the time and didn't vote on the resolution which passed 5-0.

★ ★ ★

The resolution also specifies a period of three months in which time Sears Roebuck Co. is to announce its intentions for expansion downtown.

Sears and several other stores have been working closelv with the Pontiac Area Chamber of Commerce on a downtown redevolopment plan for the area north of Huron.

★ ★ ★

Sears wanted reassurance that the city still intends to provide ultimate space for a minimum of 1,500 cars as outlined in the Central Business District plan last year.

**WILL BE HUB**

The firm is expected to be the hub of a shopping complex in which Saginaw would become a mall. Saginaw would not be vacated until the perimeter road is completed.

**The resolution was necessary before Sears would agree to go further on plans to expand, explained Max Adams, manager of the chamber.**

Redevelopment plans under study would be financed by private capital. Present buildings would be remodeled or replaced according to an over-all architectural concept.

★ ★ ★

The development would not be an urban renewal program sponsored by local and federal governmental units.

## Warm; Sunny Days Just Around Corner

The weatherman says Ol' Sol will peek through the clouds late today bringing fair skies and milder temperatures tonight.

**Tomorrow will be mostly sunny with the warming trend continuing through Saturday. Temperatures will dip to near 58 tonight and soar to a high of 78 tomorrow.**

Morning easterly winds at 3 to 12 miles per hour will become variable tonight.

★ ★ ★

The low mercury reading prior to 8 a. m. was 52. The 1 p. m. recording was 68.

## Cranbrook Gets Growth Grant

### $3-Million Program on Matching-Dollar Basis

Cranbrook School in Bloomfield Hills today announced a $3-million development program endorsed by a $1.5-million challenge grant from the Cranbrook Foundation.

The foundation's grant, one of the largest single gifts ever offered to a secondary school, was made on a one-to-one matching-dollar basis. The school can claim the entire amount by raising $1.5 million from other sources before Dec. 31, 1966.

**The first major fund raising designed to increase the present Cranbrook's 40-year history is $1.5 endowment and complete building projects on the campus.**

Directors of the school have proposed increasing faculty salaries and related benefits with a portion of the additional endowment income.

The school would also broaden its educational program, establish four endowed chairs of instruction, provide for extra educational opportunity for faculty members and offer additional speical lectures, concerts and other cultural and educational events.

Needs in the area of plant development include expansion of library facilities, new language instruction facilities, construction of additional faculty housing and various renovations of existing areas.

The capital gifts campaign is scheduled to begin early in 1964.

## 'Roar of a Shotgun Sounds Like Cannon'

By WILLIAM O. BRYANT

BIRMINGHAM, Ala. (UPI)—The roar of a shotgun, when you're in front of it, is the roar of a cannon. It is aimed high enough to miss — just high enough.

More than 1,000 Negroes gathered last night near Arthur Shores' home moments after it was rocked by a bomb for the second time in two weeks. Many others roamed the area, throwing bricks and bottles at anything that moved on the street and had white people in it.

Reporters and photographers were fair game. A bullet smashed the rear window of a cameraman's car. Others were hit by rocks thrown by Negroes. A reporter for the Birmingham Post-Herald was cut on the ear when the window of his car was smashed.

**A reporter's car was stopped by a policeman. The officer used the butt of his shotgun to smash the headlights out and then shouted "Get the hell out of here."**

There was fear and excitement, rocks and bullets in the dark, foggy air last night.

The first few minutes the crowds of Negroes were orderly. There were no jeers or curses or rocks.

Then the squat, gray, ugly armored car police call the "riot wagon" roared up. It sounds like a tank. The Negroes don't like it. They began jeering.

**A shot roared and rocks began to fly. I was standing in the street between the line of policemen and the crowd of Negroes.**

Suddenly the blast of shotguns and carbines was everywhere. The police were firing into the air. It sounded like a battlefield.

I ducked and looked back. A policeman with his shotgun pointed just over my head was frantically motioning for me to get down. I did.

**Leaves and branches, clipped from trees, fluttered down and the smell of gunpowder was heavy in the air.**

It was more than an hour before the rattle of guns, including the extremely rapid shots of a .45-caliber "grease gun," stopped.

But the tension and excitement went on and on.

## McNamara Hospitalized in Washington

From Our News Wires

WASHINGTON — Sen. Pat McNamara, D-Mich., was resting comfortably in Bethesda Naval Hospital today, undergoing treatment for what his office described as a "mild kidney ailment."

A statement issued by his office said he went to the hospital Tuesday with a slight fever. After undergoing what were called routine tests, the statement said the 68-year-old senator was resting easily.

The senator awoke in good spirits and with most of his fever gone, a staff assistant said.

McNamara is expected to remain in the hospital for several days.

## Flags of Navy, Marines Placed in JFK's Office

WASHINGTON (AP) — President Kennedy received official flags of the Navy and Marine Corps yesterday to complete the representation of U.S. military banners for his White House office.

The flags were presented by Secretary of the Navy Fred Korth, Adm. David McDonald, chief of naval operations, and Gen. David M. Shoup, commandant of the Marine Corps, in a brief ceremony in Kennedy's office.

## Toll Mounts to 1,155

EAST LANSING (AP) — Traffic accidents have claimed 1,155 lives in Michigan so far this year, provisional figures compiled by state police showed today. The toll on this date last year was 1,037.

## Jaycees to Collect Petitions at Booths

**The Pontiac Junior Chamber of Commerce will have four booths open 6-9 p.m. tomorrow for persons wishing to sign or return charter amendment petitions.**

**The booths will be located at Saginaw and Huron, at Tel-Huron shopping center, Pontiac Mall and K Mart. Petitions bearing 5,000 signatures have been handed in so far. The deadline is a week away.**

## 30 Drown in Nigeria

LAGOS, NIGERIA (UPI) — Thirty persons drowned in the River Niger when a motorboat hit a bridge pillar and capsized, The Morning Post reported.

ONE-MAN SHOW — Unlike the first three sessions of the hearing into ouster charges against suspended City Manager Robert A. Stierer, last night's featured a one-man performance from the witness stand. Police Chief Joseph Koren (profile, left) was on the stand throughout the three-hour session. Here he answers a question from Stierer's attorney, Howard I. Bond (third from right around table) as City Commissioners listen and take notes.

# Koren Testifies for Three Hours

(Continued From Page One) vestigate any members of the commission; that this constituted disloyalty and the officers . . . should be discharged summarily."

"You never got any order to that effect from anybody here on the commission table did you?"

Verbally, yes," Koren answered.

**Then it was Ledford's turn. "At any time did I ever ask you not to investigate my election expenses?"**

"You did not instruct me not to but you certainly indicated that this was not a proper function of a police officer," Koren said.

Ledford said commissioners wanted to know who signed the complaint against them "and that's all we ever asked for."

(The written charges against Stierer make no mention of a complainant, only of who "ordered" the investigations.)

**DENIED COMPLAINT**

Ledford asserted that Koren said Oakland County Chief Assistant Prosecutor Jerome K. Barry told him County Clerk Daniel Murphy "authorized" the complaint but that Murphy later denied this and "there has been no complaint signed by anyone."

**Koren replied: "Commissioner Ledford, I don't know to this day if there has been a complaint signed. The only thing I know is I was asked by Mr. Barry for two men to assist him in an investigation having to do with certain election irregularities. This I did."**

Landry said that he had never appointed a committee of three commissioners to question Koren about a bookie raid July 19.

★ ★ ★

Koren said he had overheard a conversation between the three commissioners—Ledford, Charles H. Harmon and Dick M. Kirby—in which they said Landry appointed them, but that no one else had told him they were appointed by the mayor.

Ledford stated that he and the other two hadn't been appointed by Landry.

**Koren said the three came to him shortly after the raid, in which a Civic Improvement Advisory Committee appointee of Bottom's was arrested.**

"The three commissioners asked about the raid and said they felt it should have been handled locally, that it was embarrassing to commissioners."

**'IMPROPER' RAID**

Koren said they termed the investigation "highly improper" and wanted to know why the commander of the vice squad wasn't kept informed.

The commander was on vacation at the time, Koren said.

"I told them it was a highly successful raid," Koren said. "There were no leaks at all on any score.

**Koren added that "Local police cannot possibly deal with such an investigation which involves persons beyond our jurisdiction."**

In regard to an order of last Oct. 30 recommending immediate reinstatement of the police reserves, Koren said there were about 50 reserves when the unit disbanded in 1958, and some 30 showed up when it was reactivated in November.

★ ★ ★

"Since then, all but 16 have withdrawn telling us they didn't want to get involved in a political situation.

"Of the 16 remaining, only six or seven have shown up for their assignments. The others have not."

**Henry asked if there had been a difference of opinion between him and Bottom about whether reserves had to file new applications or were automatically part of the existing auxiliary.**

Koren said that "Bottom was very much concerned about any further investigations" into the background of reservists. The chief said investigations had shown one or two members "had a criminal record dating back sometime."

**'SOUGHT FULL POWERS'**

He also said that Bottom insisted the reserve uniforms be the same as for regular police and they have full police powers of arrest.

"I couldn't concur with that," Koren said.

**Henry dwelled on charges that foot patrols haven't been maintained as previously requested by the commission in the area of Bagley and Wessen streets.**

Koren argued they had.

"Is anyone there now?" Henry asked.

"You made that statement last Friday," Koren answered, referring to Henry's charge at the last session that he would bet there weren't any police on foot at the intersection at that hour (10:30 p.m.).

"Someone checked and said there were no officers there at the time," Henry asserted.

"That's because they'd just made an arrest at the corner and were en route to the station," Koren explained. He read the arrest item in the police log from Friday 10:40 p.m.

# Ball Says Mission in Pakistan Fulfilled

**From Our News Wires**

RAWALPINDI, Pakistan — U.S. Undersecretary of State George Ball ended a three-day visit to Pakistan today, saying he had had excellent talks with Pakistani leaders, and "We have a better understanding of each other's point of view."

**Although he failed to win a specific promise from President Ayub Khan not to move closer to Red China, Ball said his special mission, ordered by President Kennedy, was fulfilled.**

He had been sent to probe Pakistan's intention toward the Communist bloc.

---

WASHINGTON — Sen. John Sherman Cooper, R-Ky., expressed belief today that no more than five Republican votes will be cast against Senate ratification of the limited nuclear test-ban treaty.

**Cooper said he will support the pact because he considers the risks of the agreement are manageable and in the hope it may lead to other steps to lessen tension and improve prospects for peace.**

He forecast an overwhelming bipartisan approval.

★ ★ ★

Democratic Leader Mike Mansfield told the Senate Wednesday he hoped to obtain ratification by the necessary two-thirds majority after one to two weeks of debate. The debate is to begin Monday.

---

WASHINGTON — Sen. Frank J. Lausche, D-Ohio, today criticized President Kennedy's willingness to discuss with Soviet Foreign Minister Andrei A. Gromyko the possible relaxation of East-West tensions.

**But Sen. Hubert H. Humphrey, D-Minn., replied that, "I think President Kennedy would meet with the devil himself if he felt it would make any contribution toward world peace."**

Lausche said in a prepared Senate speech that because Gromyko "deliberately lied" about the presence of offensive Soviet missiles in Cuba last year, "I am loathe to believe that President Kennedy could ever again place any credence in what Mr. Gromyko might have to say."

---

PARIS — The French government today protested against what it called systematic campaigns by the Australian, New Zealand, Chilean and Peruvian governments against the prospect of French nuclear testing in the South Pacific.

**Responsible sources said the French ambassadors to the four governments had warned that "a continuation of "such a discriminatory attitude toward France" could threaten the friendly relations of these countries with France.**

France is constructing a nuclear testing ground on the atoll of Mururoa in the Polynesian group of islands in the South Pacific. Reliable sources have indicated no French test is planned in the next two years.

---

NEW YORK — The political prestige of Gov. Nelson A. Rockefeller and Mayor Robert F. Wagner of New York City is indirectly involved in today's statewide primary election.

**The Democratic mayor's standing will be affected by at least three party contests in the city.**

Rockefeller's name is connected with a New York City councilman-at-large contest and with a judgeship contest in Erie County.

---

BERLIN — An American spokesman said today that there are no immediate plans to ask the Russians to arrange the release of a U.S. Army officer who claims he is being held in East Berlin against his will.

**The spokesman said Army headquarters would wait to see what happens to Capt. Alfred Svenson, 30, of Scranton, Pa., who was classified as a defector by the Army after he crossed into East Germany in a jeep May 4.**

There was some belief the Communists would release Svenson now that he has disclosed his desire to return to the West.

★ ★ ★

Eventually, the United States was expected to demand again the Soviet Union return the officer.

COALMONT, Ind. — Officials of a dissension-torn school district bypassed a group of picketing parents and their children this morning to hold classes in two schools which the protesters had labeled firetraps.

About 75 parents barred Coalmont High School for the third straight morning in an attempt to foil bus schedules for all three schools in the Shakamak School Corp., but a hastily drawn school board plan blocked them instead.

All pupils were transported this morning to schools in Jasonville and Midland, which the protesting Coalmont parents had said are firetraps.

# 'City' Move Leaders Picked in Waterford

A citizens' action committee formed to promote incorporation of Waterford Township as a city designated its leaders at an organizational meeting last night.

Approximately 85 persons representing many organizations in the township attended the 8 p.m. gathering at the Community Activities Inc., building.

Dr. John Naz was named chairman of the group seeking a "yes" vote on the incorporation issue in a special election slated for Nov. 5.

**Cochairmen of the cityhood drive are Dean Salley and Dr. Everette Gustafson who will be assisted by Robert Dieball and Robert Bauer. Michael Patterson was named secretary of the committee.**

Subcommittee chairmen named at the meeting are James Clarkson, finance; David Hertler, printing and programing; Frank Richardson, publicity; Donald Card, manpower; Don Fraser, membership; and Arthur Salley, speakers' bureau.

Dieball, the township's planning director, outlined advantages of cityhood over the community's present status of charter township.

Waterford as a city would enjoy a more favorable fund borrowing position than as a township, he said.

**Dieball cited the danger of fragmentation as the foremost problem of a township. Waterford is temporarily protected from incorporation of its areas due to the impending election.**

A panel consisting of Township Board Trustee John Coleman, Dean Salley, Dr. Gustafson, Township Supervisor James Seeterlin, Dieball and Mrs. Edmund L. Windeler, past president of the Greater Waterford Community Council (GWCC), answered questions from the audience.

The cityhood drive is cosponsored by the GWCC and the township's Junior Chamber of Commerce.

# Waterford Unit Sets Airport Discussion

Findings of various subcommittees studying the proposed expansion of Pontiac Municipal Airport will be reported at tonight's meeting of the Greater Waterford Community Council's Airport Committee.

**The public meeting is slated for 8 at Pierce Junior High School.**

When reports have been reviewed, the airport committee is expected to prepare a recommendation on the airport issue for presentation at the Sept. 10 general meeting of the GWCC.

Subcommittees are researching present airport use, the effect of expansion on adjacent property values of this property and legal aspects of the proposed expansion.

(Continued From Page One) day at West End and Ramsay, both high schools.

**DETAILS LEFT**

Details of the school closings were left to Supt. Theo Wright.

**The legal action began by the six white parents was a request for an injunction against integration of the schools because of violence.**

U.S. Circuit Judge Walter P. Gewin of nearby Tuscaloosa took the petition under advisement. Wallace's office helped prepare the suit.

When the violence came, Wallace alerted 500 to 600 National Guardsmen for possible duty here and offered to make another 3,000 Guardsmen available. Local police officials said the situation was under control without the help.

**About 600 state troopers were on standby here, sent by Wallace two days ago for the school integration showdown.**

There was peace in at least one desegregation effort in Alabama. At Huntsville, 12 white children quietly enrolled at a previously Negro parochial school operated by the Roman Catholic Church.

In Mobile and Huntsville, public school officials announced today they plan to go ahead with school integration tomorrow.

Classes are scheduled to start with six Negroes attending five previously white schools.

**At Tuskegee, state troopers continued to enforce an order of Gov. George C. Wallace closing the schools until next week.**

Teachers gathered near Tuskegee High School early in the day but did not try to enter the building. They were dismissed by principal E. W. Wadsworth. No pupils showed up.

# Ten New Classes Listed in Continuing Education

BIRMINGHAM — Ten new courses are being offered this year in the continuing education program of the Birmingham Public Schools.

Among the additions is speculative investment, a Thursday night course dealing with speculative situations such as second mortgages, land contracts, common stocks, Canadian mining stocks and put-and-call options.

Also new on Thursdays are courses in drafting and introduction to graphic arts.

**A class on development of Western culture will meet Mondays. The course will attempt to relate the modern world to political, religious, intellectual and moral movements of the past.**

The other Monday night newcomer is advanced charm and poise.

"Your Child and Reading" will be discussed Tuesday nights. The course is aimed at parents of preschool and primary school children.

**CRAFTS**

Wednesday will see students attending new classes in crafts, water colors, creative writing and great books.

A total of 67 classes will be offered during the fall term which begins Sept. 23. Last year 3,200 persons participated in a three-term program of 194 classes.

**Registration will start Sept. 9 at the Office of Continuing Education, Chester at Martin. Prospective students can enroll in person or by mail.**

The classes are open to anyone 17 years of age or older who is not enrolled in a regular school program.

An evening course in drawing and painting for adults will be offered this term by the Galleries of the Cranbrook Academy of Art in Bloomfield Hills.

The Tuesday night course is planned for students who have had some previous instruction in the basic techniques of visual art. The 10-week course begins Oct. 8.

## Quarantine to Be Lifted From Hungarian Hotel

BUDAPEST (UPI) — Authorities said today the quarantine confining about 230 guests from 26 nations in the city's Royal Hotel will be lifted Sept. 14, if no more smallpox cases are reported.

The quarantine was imposed Aug. 31 when one of the hotel maids was stricken. She has recovered and no further cases have been found, officials said.

School fires in the United States and Canada occur at the rate of about five a day throughout the year.

## Dixie Girls Win Early in Pageant

ATLANTIC CITY, N.J. (UPI) — Save your Confederate money, boys, the South is rising again. Only this time the girls are leading the comeback, with the weapons only a woman has, at the Miss America pageant.

**Two Southern belles — Miss Virginia and Miss Alabama — reigned today as the winners of the first preliminary competitions in the talent and bathing suit categories, respectively.**

Miss Virginia, 23-year-old Dorcas Campbell, bears a close resemblance to Mrs. Jacqueline Kennedy. She won the first preliminary talent contest last night on the basis of her singing of a medley of two musical comedy-type songs and a semiclassical number over 16 other contestants.

She is the oldest candidate in the pageant.

**Miss Alabama, Judith Short, 18, is a statuesque blonde of five feet, seven and one-half inches.**

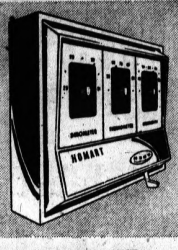

She captured the swim suit contest in a white bathing suit with her golden hair curling about her shoulders as she tripped along the long runway extending out past the 11 judges and into the audience at Convention Hall.

There were 17 other contestants.

## Fairly Active Trading

## Stock Mart Moves Uncertainly

NEW YORK (AP) — The stock market moved uncertainly in fairly active early trading today.

★ ★ ★

Fractional gains and losses spotted the list of key stocks.

In the more volatile section, Texas Instruments and U.S. Smelting gained about 2 each, Control Data, Polaroid and Electronic Associates about 1 each. IBM was down a point.

Brokers said some further consolidation would be normal in view of yesterday's market action which saw the heaviest trading of the year with averages coming close to matching historic highs.

★ ★ ★

The industrials were off slightly in the first hour but the market as a whole kept on a fairly even keel. The ticker tape ran as much as four minutes late at the start, then trading slackened.

Yesterday the Associated Press average of 60 stocks dipped 3 to 279.7.

Corporate bonds showed little change.

## Rails to Haul Michigan Cars

A new rail service, suited specifically for Pontiac Motor Division and other automakers in eastern Michigan, is being instituted in Durand by the Grand Trunk Western Railroad Co.

According to Harry A. Sanders, vice president and general manager of the railroad, the new facility, a $70,000 automobile loading terminal, will act as the assembly point for cars built in this area.

Grand Trunk trilevel freight cars will then be employed to move the vehicles to distribution points in the West and Southwest.

★ ★ ★

Sanders said that the automobiles will be trucked to the Durand terminal from the original assembly plants.

Initially there will be space for 100 vehicles, he indicated.

## Soybeans Weaken, but Grains Stable

CHICAGO (AP) — Soybean futures weakened slightly after scattered selling pressure today in early transactions on the board of trade but the grains were little changed.

Setbacks ran to about a cent in soybeans on offerings which dealers said appeared to be liquidation in advance of a private monthly crop report which some speculators expected to be bearish.

Wheat posted small gains but demand was considerably below the past two days when it closed with advances of about two cents a bushel on old crop months. Brokers said some of the selling probably was profit cashing.

## Ailing Dollar Gains in World's Market

NEW YORK (AP)—Moves to strengthen the American dollar are scoring some initial successes in world money marts.

DAWSON

The dollar has advanced slightly against the Swiss franc and the German mark. A greater score has been made against the British pound sterling which has dipped to a two-year low in terms of American money.

★ ★ ★

And while the U.S. Treasury gold stocks have shrunk a little more this summer, Britain's gold and convertible currency reserves also fell in August, off about $19.6 million.

None of this necessarily forecasts any great upsurge in the dollar's position. Nor does it cause any real alarm in European money capitals. But it does show the close ties between Western currencies and economies. Some Britons in particular are saying that the efforts to strengthen the dollar are the cause of the pound's weakness, temporary as they expect it to be.

**NO EASY TASK**

It's a neat trick to strengthen one country's position without weakening another's. And that's one reason so much interest is attached to the meeting in Washington later this month of the directors of the World Bank and the International Monetary Fund, charged with policing the financial dealings of the western world as well as encouraging their economic growth.

Europeans have been watching the American financial moves. First was higher interest rates to keep lendable American dollars at home. Second was the proposal, now being debated in Congress, to tax American purchases of foreign securities from foreigners, with the same goal in view.

★ ★ ★

Since American capital has been the great pool from which Europeans could draw since World War II, any drying up of these available funds will be felt.

The British pound this week dipped below the official rate of $2.60 to the American dollar. Part of the decline can be traced to Britain's balance of trade problem. British imports have been rising and now top their exports, thus weakening the pound. Much of this is seasonal, representing purchases of raw materials.

**BLAMES UNITED STATES**

But the British blame part of the fall on the American financial moves. As short - term interest rates rise in the United States, British equities look less attractive. The outward flow of lendable Yankee dollars has stopped, and the desire to hold sterling has dropped. The dollar has strengthened and the pound has weakened. Last year the pound was above parity with the dollar, now it's below.

Since the war, the British have become accustomed to a fall crisis in the pound sterling every few years. They hope this fall won't be one of those years.

★ ★ ★

The sterling area's drop in gold and currency reserves in August also has another explanation in addition to moves to strengthen the dollar. This is that it followed payment of $28 million to West Germany for European Payments Union debts. Without such payment the reserves would have held firm, even risen above July.

The debts were incurred during Britain's recurring balance of payments crises. And the total outstanding is still $170.8 million, to be repaid as London's reserves permit.

**OTHERS FLOURISH**

While the United States and Britain have been having their problems, France, Spain and Austria have been flourishing and adding in recent months to their gold reserves.

All of this is part of the picture as the world's money managers meet to tackle the complicated financial troubles and solutions.

## USAF Awards Area Executive Service Plaque

Malcolm P. Ferguson, president of The Bendix Corp., was presented yesterday with the U.S. Air Force Recruiting Service Plaque, the recruiting service's highest civilian honor.

Ferguson of 31050 Stafford, Beverly Hills, was honored for his company's promotional activities on behalf of the Air Force.

The presentation was made at a post-luncheon ceremony at the Detroit Athletic Club by Col. John E. Condron, chief of advertising and publicity for the recruiting service.

★ ★ ★

Other military representatives also were on hand along with local officials, businessmen, newspaper publishers and executives of Bendix and MacManus, John & Adams, Bloomfield Hills advertising agency that handles both the Air Force and Bendix accounts.

## Hardware Retailers to Meet in Pontiac

Pontiac will be host to a district dinner meeting of the Michigan Retail Hardware Association next Wednesday.

The meeting will begin at 7 p.m. at the Elks Temple, 114 Orchard Lake.

★ ★ ★

Chairman is Neal Hargrave of Barnes & Hargrave Hardware, 742 W. Huron.

Featured speaker will be J. Ed Uland, executive manager of the Coldwater Chamber of Commerce.

The Pontiac meeting of the hardware association is one of 16 to be conducted in southern Michigan this fall.

## 600 Search for 6-Year-Old

CHEYENNE, Wyo. (UPI) — More than 600 men, including 250 airmen from nearby Ft. Warren Air Force Base, searched today for 6-year-old Carmella Aragon, who has not been seen since she failed to return home on Tuesday from her first day at kindergarten.

★ ★ ★

Footprints and note paper believed to have been Carmella's possession were found at the edge of a creek previously by searchers.

Carmella was last seen Tuesday by a truck driver as she walked along a road about two and one-half miles east of Arp School.

## Successful Investing

By ROGER E. SPEAR

(Q) "My husband and I have two children and we want to invest to help them get an education. We want appreciation rather than dividends. The following have been suggested: Southern California Water; Public Service of New Hampshire; Bangor Hydro-Electric. Do you approve of these recommendations?" R. T.

(A) I should like to commend you for showing concern about your children's education.

Each of the stocks you mention is of good quality, has shown steady, moderate gains in recent years and is a good investment medium. All of your suggested issues, however, are in the public utility field.

I believe that for purposes of diversification and possibly somewhat faster appreciation, you should substitute Corn Products for Southern California Water and Sears, Roebuck for Bangor Hydro-Electric.

These substitutions would improve the quality of your prospective holdings and would enhance your prospects for capital gains, in my opinion.

★ ★ ★

(Q) "Awhile ago you recommended Tennessee Gas Transmission. I have become disappointed through lack of growth in my holdings of Southern Railway preferred. Would you advise my switching the latter stock into Tennessee Gas Transmission $4.72 per cent convertible preferred?" T. C.

(A) I did speak favorably of Tennessee Gas awhile ago, but as an income rather than a growth situation. If you want growth, you certainly won't get it from Southern Rwy. pfd. which is fixed as to income and sells above its call price.

One share of Tennessee Gas $4.72 pfd. is convertible into 3.72 shares of common at about 20, the preferred, if now converted into common, would be worth about $74.50 a share — well below its present price of $99 a share. It is obvious that the stock now carries no conversion value but sells on a yield basis only.

I would forget about Tennessee Gas pfd. If growth is your goal switch into Pacific Gas & Electric common.
