REVERE RIDES AGAIN — Paul Revere, personified by Rex Trailer of Boston, waves good-bye to his wife as he starts from Revere's house on the first leg of an eight-day, 350 mile gallop to Philadelphia. The rider, a Boston television cowboy star, is acting out a little-known adventure of American history that happened in 1773 — two years before Revere's famed midnight ride — that proved instrumental in uniting the colonies on the eve of the American Revolution.

Mrs. Murphy on Ballot

Democrats Pick County Woman

An Oakland County woman easily won a place Saturday on the Democratic spring ticket.

Mrs. Irene Murphy, a Birmingham business woman, was unanimously nominated as candidate for University of Michigan regent by 1,545 delegates at the party's Grand Rapids convention.

Mrs. Murphy, the only woman on a 10-post slate, was unopposed for a seat on the regents' board now held by a Republican woman.

Another area resident, William H. Harvie, a Southfield Township road contractor, was defeated in a floor battle to nominate a candidate for the top political post in the April 1 election — that of state highway commissioner.

The winner, John G. Mackie, of Flint, Genesee County Supervisor, who won out over a field of five contenders.

Both Harvie and Mrs. Murphy had Oakland County backing.

Democrats were hopeful for April 1 victory that would put all of the state administrative offices in their hands. They planned a sweep of the seven partisan posts up for election, the last strongholds of Republican power outside of the state legislature.

But from Gov. G. Mennen Williams on down, there frankly was an emphasis on the non-partisan race to fill three positions on the Supreme Court bench.

Democrats nominated two in (Continued on Page 2, Col. 4)

Check Old Heart Murmur

Mamie's Tests Over

WASHINGTON (INS)—Mamie Eisenhower is scheduled to leave Walter Reed Army Hospital today after a two-day delay.

The First Lady entered the hospital late Friday for what was described as her "yearly physical checkup". She was to have returned to the White House Saturday but it was announced then she would spend another day to complete tests.

Yesterday, Presidential News Secretary James C. Hagerty said she decided to stay still another night in the hospital, although the checkup had been completed.

It was understood that Mamie chose to remain last night because the President was tied up in connection with the Middle East talks held yesterday by Secretary of State John Foster Dulles.

Mrs. Eisenhower has had a mild heart murmur for many years, and the examination undoubtedly included a full checkup on her heart. Doctors believe the murmur resulted from rheumatic fever which she suffered as a girl. She now is 60 years of age.

Mollet Arrives Here for Talks

U.S., Israel Near Agreement

Hope to Avoid Sanctions Vote in U.N. Assembly

Eban, Hammarskjold Confer Today on Issue; Egypt Consent Dubious

WASHINGTON (AP)—The United States and Israel appeared close to agreement today on a formula for an Israeli troop withdrawal without sanctions—but the big question was whether Egypt would go along.

United Nations action also would be necessary for some of the points Secretary of State Dulles and Israeli Ambassador Abba Eban discussed during a three-hour meeting at Dulles' home yesterday.

In their discussions, the two men divided the problem up into United States and United Nations aspects, then issued a joint statement which spoke hopefully of prospects for solution of both.

The statement said Eban was reporting Dulles' remarks to Jerusalem immediately and was remaining "in close touch" with the State Department.

Eban was expected to confer on U.N. angles today with Secretary General Dag Hammarskjold in New York.

Dulles met with Eban after the ambassador flew back to Washington with new instructions given him at Jerusalem by Israeli Premier David Ben-Gurion. The Dulles-Eban meeting followed a morning session Dulles held with Republican and Democratic Senate leaders.

Officials indicated the United States would continue its silence in the U.N. on the question of imposing U.N. sanctions against Israel to force Israeli troop withdrawal from the Gaza Strip and the mouth of the Gulf of Aqaba.

Egypt, which claims the right to both areas seized by Israel last October, has been demanding Israel's immediate withdrawal and has been backed by U.N. resolutions.

Meantime, the U.N. postponed at least until this afternoon a scheduled debate on an Arab-backed resolution calling for punitive sanctions against Israel.

The United States could give Israel still more time to work out a full solution either by seeking further postponement of debate, or by withholding announcement of its own stand for several days while debate proceeded.

British Admiralty Wistfully Denies Anastasia Rescue

LONDON (INS)—A British Admiralty spokesman wistfully denied today a report that a British battleship rescued Grandduchess Anastasia of Russia from the Bolsheviks in cloak-and-dagger style in a 1918 drama.

"It's a wonderful story and it brightened a dull Monday routine," the spokesman said, "but it must be regarded as extremely improbable."

The report was originated with a former crew member of the British battleship "Agamemnon."

William Stevens, 73, told labor parliament member Sydney Irving that the battleship made a secret dash through the night from the Dardanelles to Sebastopol to carry out the mission.

At Sebastopol, Stevens said, a 17-year-old girl, accompanied by an older woman who appeared to be a lady-in-waiting, was whisked aboard and raced to the safety of Malta.

Marines to Try Drill Instructor

Charged With Hitting 5 Recruits in Training at Parris Island

PARRIS ISLAND, S.C. (AP)—Sgt. William E. Rich, Manchester, Conn., a Marine drill instructor charged with hitting five recruits with his hands, faces a special court-martial at this marine base today.

Rich is one of four drill instructors who will be tried during the next two weeks on charges of abusing recruits.

If convicted, he faces a maximum punishment of a bad conduct discharge, six months confinement, forfeiture of two-thirds pay for up to six months and reduction of rank to private.

Capt. James F. Mahoney, base public information officer, said the other drill instructors charged are Cpl. William F. Walsh Jr., Lyndhurst, N.J.; Sgt. Daniel K. Corey, Boston, Mass.; and Sgt. Clinton L. Jones, Pensacola, Fla.

FACES COURT

Mahoney said Walsh, accused of striking 11 recruits, will face a special court-martial in about two weeks.

Jones and Corey will face a summary court-martial within a week, Mahoney reported.

Jones is accused of striking one recruit with his hand. Corey is charged with pushing a recruit to the ground and of forcing another to stuff candy into his own mouth, Mahoney said.

Mahoney said none of the recruits required medical treatment.

Catastrophe Ruins Day at Races

SPAN FALLS — Many spectators were injured when a pedestrian bridge at the sports cars races near Havana, Cuba, collapsed yesterday. The scene above took place seconds later as men rushed to lift wreckage from people trapped in the crash. Pacific Storm Hits Coast, Kills 3, Floods Many Areas

By THE ASSOCIATED PRESS

A bristling Pacific storm with winds up to 158 miles an hour, barged into the West Coast over the weekend and killed three persons, flooded part of an Oregon city and grounded transoceanic air traffic.

Warm moisture-laden air from the Gulf of Mexico spread into the Midwest and brought relatively mild temperatures to the rest of the nation.

Continued rain was in prospect for the West Coast today, but without the furious winds.

The gale blasted parts of Washington state yesterday with gusts up to 158 miles an hour. The thawing wind melted snow on the slopes along the Powder River in

eastern Oregon and about 40 homes in Baker were flooded.

Townfolk and National Guardsmen battled the river with sandbags to protect the rest of Baker, a community of 9,500.

In southeastern Oregon the Malheur River was expected to crest today after flooding parts of Vale and surrounding areas. Sheriff John Elvinger said the community was "virtually isolated" with 18 inches of water over U. S. Highway 20-26 between Vale and Ontario. Schools were closed.

In northern California, a 600-foot stretch of U. S. Highway 101—the main north-south artery—was

blocked by a mudslide from 8 to 10 feet deep. More than 500 motorists were stranded at Willits.

A terrific gust felled a 125-foot fir tree near Grants Pass, Ore., and killed two foresters. A woman killed in Monterey, Calif., by a falling pine tree.

As far south as Los Angeles, a quick downpour flooded lowland parts of the city for a brief period Saturday.

A Pan American Airways liner rode the wings of the storm from Honolulu to San Francisco in the commercial record-breaking time of 6 hours 4 minutes.

Scientists Cite 11-Year Tests, Urge 'No Delay'

Prove Safety of Fluoridated Water

NEW YORK (AP)—A group of 225 scientists and nutritionists says delay in use of fluoridated water by communities because of fear of harmful results is "completely and utterly unjustified."

The group also said in a statement yesterday that water fluoridation is "a safe public health measure whose benefits should be made available to as many people as possible and as soon as possible."

The group is called the Committee to Protect Our Children's Teeth, Inc. Among those signing the statement were faculty members of medical schools, colleges and universities and scientists of 22 major industrial firms.

The committee is headed by Dr. Benjamin Spock, pediatrician and author.

Describing the control tests on water fluoridation which began 11

years ago in Newburgh, N.Y., and Grand Rapids, Mich., as "one of the most comprehensive field trials ever devoted to a public health advance," the statement said:

"As a result of these tests, completed with extensive investigation in areas where the drinking water naturally contained a relatively high level of fluorides, the conclusion has been reached that the adjustment of the fluoride content of public water supplies to a level of

one part fluorides to one million parts of water results in an effective means of protecting children against dental decay."

LASTS LIFETIME

The statement said the experiments, conducted by the U.S. Public Health Service in cooperation with state and local health bodies, further determined that the protection against dental decay "lasts through life."

Despite this scientific approval, the statement noted that "latest reports of the public health service indicate that only 1,426 communities are now protecting their children's teeth through water fluoridation."

The statement said that while there have been "claims of individual cases in which consumption of fluoridated water is alleged to have caused various symptoms, in not one of these instances is it established that the consumption of flu-

French Leader to Meet Ike on Middle East

Expect Premier's Trip to Patch Differences Between U.S., France

NEW YORK (AP)—French Premier Guy Mollet arrived early today in the United States for urgent talks with President Eisenhower on the tense Middle East crisis.

The French leader told newsmen at Idlewild Airport that he wished to make it "quite clear to the world that friendship between the United States and France is still alive."

He declined comment on France's opposition to proposed sanctions by the United Nations against Israel in connection with the Gaza and Aqaba disputes.

Mollet said he was "hopeful" that a satisfactory solution would be reached in the Middle East problem.

Mollet's trip originally was planned to patch up French-American differences growing out of the French-British invasion of Egypt. It is to be followed shortly by a conference between Eisenhower and British Prime Minister Harold Macmillan, all billed as the start of a final reconciliation of the Western Big Three.

NO STATEMENT

Mollet told newsmen he could not make any statement on the Middle East problem until after he conferred with President Eisenhower. This conference is scheduled for tomorrow.

Herve Alphand, French ambassador to the United States, leaned over the Premier's shoulder and whispered to him.

Mollet then turned to newsmen and said: "I have just been told that things are going a little better. I am hopeful."

REFERS TO TALKS

Mollet presumably referred to conferences yesterday in Washington between U.S. Secretary of State Dulles and Israeli Ambassador Abba Eban. The latter returned to Washington only yesterday after urgent talks in Jerusalem.

In a prepared statement, Mollet said he would stress the following points in his talks with Eisenhower:

"To build Europe, to link it closely to Africa, to keep peace alive, and last, but not least, I intend to state emphatically to President Eisenhower, as well as to you, that our country has been for nearly two centuries your faithful ally and does not intend, rain or shine, to change its mind or its heart."

Frenchman Eats His Way to Fame

AMIENS, France (INS)—Pierre Boulogne, 27-year-old 193-pound footer, was proclaimed eating champion of France today.

He downed: Ten stuffed hard boiled eggs. Six portions of "coq au vin" (chicken in wine sauce). An entire Maroilles cheese. A pineapple drowned in Kisch liquor, coffee and cognac. And, for liquids, a bottle of Beaujolais wine and 15 beers.

MAKE OVER

One Week Left for Vote Registration

Must Report to City Clerk

March 4 Last Chance to Qualify for Balloting on April 1

Unregistered Pontiac voters have one week left in which to qualify for a vote in the April 1 biennial spring election, City Clerk Ada R. Evans said today.

The deadline to register is 8 p.m. March 4, she said.

Placed before the voters April 1, will be 10 state offices to be filled, a county proposal, and two local issues.

The city clerk's office will be open Monday through Friday from 8 a.m. until 5 p.m. Next Monday, the office will be open until 8 p.m. ABOUT 38,000

Mrs. Evans predicted that some 38,000 Pontiac voters would be registered for the spring balloting—the only regularly scheduled election this year. She said it was too early to tell what the turnout might be.

She said March 4 was also the deadline for voters to record change of addresses with her office. It is located on the first floor of the City Hall, 35 S. Parke St.

The state offices to be filled include:

1. Two University of Michigan Regents.
2. Two members to the State Board of Agriculture (governing body of Michigan State University).

3. State highway commissioner.
4. Superintendent of public instruction.
5. One member to the State Board of Education.

6. Three Supreme Court justices.

JURY SYSTEM

The county proposal will decide whether a three-man bipartisan jury commission should be appointed annually to select a jury panel for Circuit Court. The Oakland County Bar Assn. urged county supervisors to approve the vote to draw "a fairer cross section of jurors."

Pontiac issues to be decided include a City Charter amendment and a proposal that the present Police Trial Board be replaced by Civil Service.

The amendment would allow the City Commission to set a maximum \$500 fine for violation of new city ordinances. The present limit is \$100.

Pontiac City Attorney William A. Ewart recommended the hike in a move to cut down the number of drunk and reckless driving cases in the city.

The Police Officers Assn. submitted petitions recently which would force a voter decision on their move to replace the Trial Board with Civil Service.

Officers have charged that Chief Herbert W. Straley exercises "influence" over the board.

Association members seek approval of the State Civil Service Act, which city firemen are presently under.

Parents of Elvis Fans Get Two-Way Break

HARRISBURG, Pa. (U. Police Report 6 City Breakins

Thieves Get \$75 Cash, Property in Burglaries Over Weekend

A jewelry store, two homes, a market, a school and a locker of the City Lines Bus Co. building were broken into over the weekend, Pontiac police reported today, netting thieves more than \$75 in cash and property and jewelry of undetermined value.

Clarence McKim discovered that his jewelry store at 941 Orchard Lake Ave. had been burglarized when he came to work early Saturday morning.

Missing were three wrist watches, 24 costume jewelry rings, a large pearl compact, a pen and pencil set, and three jeweled rings. Detectives said that thieves removed a glass from the front door to enter the store.

The Rev. E. C. Swan, of 45 W. Stratmore Ave. said that someone had entered his home through a basement window Saturday night and ransacked the rooms. More than \$25 in cash was taken.

Mrs. Nellie Schlichter, of 312 Mt. Clemens St., reported that burglars had entered her apartment by breaking a glass in the rear door Saturday night. A metal box containing papers and five topaz stones were taken, she said.

RIFLE MARKET
Stafford's Market, 48 Putnam St. was rifled by thieves Saturday night. Goods valued at \$22 were taken.

An undetermined amount of money was taken from the Webster School early Sunday morning when burglars rifled the building. The janitor, Joseph Stanson, 194 Josephine St., said he found a side window broken out when he opened the school Sunday.

Mrs. Wilma Westrum, of 117½ Murphy St., told police her locker in the City Lines Bus Co. building had been broken into Saturday and more than \$50 in bills and coins taken.

Waterford to Pick Interim Supervisor

When the Waterford Township board meets at 7:30 tonight they will select a temporary supervisor to replace Lloyd Anderson who formally resigned Friday night.

The temporary supervisor will serve until the April 1 election when a new supervisor is chosen. New plans of the Jayno Heights Subdivision surrounding Schoolhouse Lake will be presented for approval by board members, according to Clerk Louis Barry. There are 60 lots in the plat and construction will begin as soon as approval is given.

Burglar Has Manners

PHILADELPHIA (U. P.) — The Eastern Television Service parts shop was burglarized of \$1,230 by a man who left a note saying: "Thanks a lot, Sneaky Pete."

License Plate Deadline a Mere 72 Hours Away

You have a little more than 72 hours to replace that white license plate with two new 1957 maroon plates!

That's the warning given by Willis M. Brewer, branch manager of the Pontiac Secretary of State's office, to motorists still without new plates.

The deadline for purchasing the plates is midnight this Thursday, Feb. 28. Motorists driving with expired plates after that time will be ticketed, police warn.

Brewer said some 12,000 out of 60,000 plates still remain at the Pontiac branch, 53 N. Parke St. "This is somewhat ahead of last year at this time," Brewer said.

Special Study Group OKs Fluoridation

(Continued From Page One)
statement were Dr. Ansel Keys, professor and director of the Laboratory of Physiological Hygiene at the University of Minnesota; Dr. Frederick Stare, head of the Department of Nutrition of the Harvard School of Public Health; Dr. Vincent Duvigneaud of Cornell University Medical College and Nobel Laureate in chemistry; Dr. C. L. Comar, chief of biomedical research at the Oak Ridge Institute of Nuclear Studies; and Dr. Harry D. Kruse, executive secretary of the Committee on Public Health of the New York Academy of Medicine.

The committee, which claims a membership of more than 300 civic and professional leaders, has been carrying on an educational program for water fluoridation since last April.

The fluoridation issue is scheduled for consideration March 6 by the Board of Estimate, the upper branch of New York City's legislative setup.

The committee's statement yesterday said studies have shown that over the life span persons using fluoridated water would have one-third less tooth decay than those using water not treated with fluorides.

The statement also said that fluorides, when placed in public water supplies in the recommended amount of one part per million, act as nutrients.

It added: "Specifically, fluorides are deposited in teeth and contribute to the structural protection of the enamel so that it is more resistant to erosive action and thereby adds to the durability of the tooth."

2 Permits for Homes Issued in Waterford

Only two permits for home construction in Waterford Township were issued last week, according to a report from the Building Dept. These totaled \$26,218.

A permit for an \$18,000 gas station to be built on Hatchery Rd. at Frembes Rd., was also issued.

Additions and remodeling permits totaled \$13,080.

Meat Packer Beaten 3 Hours

Thugs Take \$5,000 After Threatening Sons in Man's Home

McKEESPORT, Pa. (U. P.) — Four thugs chained a McKeesport meat packer to a post in the basement of his home during the weekend and beat him viciously for three hours to make him tell where he kept his money.

Frank Rendulic, 40, told police he finally told the thugs where he had about \$5,000 hidden in a strongbox after they threatened to burn out the eyes of his two small sons.

The thieves also looted the Rendulic home of some \$3,700 in jewelry before leaving shortly after midnight.

Rendulic's wife, Josephine, 40, and the couple's two daughters, Janet 11, and Joan, 13, were bound and gagged in an upstairs hallway. The sons, Frank Jr., 8, and Fred, 5, were left in their beds.

Rendulic said the men kicked him and pummeled him with a blackjack. At one point, he said, a heated meat hook was thrust near his face and he was told it would be used to burn out the eyes of his sons if he didn't reveal where the money was hidden.

He was treated at a hospital for cuts and bruises and sent home. His wife also was treated for shock and released.

Rendulic, who operates a meat packing firm in a building at the rear of his home, said most of the money was being kept to pay for early deliveries this morning.

Paint Studied in Grimes Case

Gray and Black Flake Found in the Shroud of One Slain Sister

CHICAGO (INS) — Chicago Police have a tiny flake of paint that may have come from the car belonging to the killer or killers of the teenage Grimes sisters.

The paint particle, it was learned today, was found in the shroud in which one of the girls was wrapped when taken to the morgue from the ditch in suburban Willow Springs where the nude bodies of Barbara, 15, and Patricia, 13, were found Jan. 22.

Police have launched an intensive investigation of garages and paint shops in the Chicago metropolitan area in hopes of finding some lead to the flock, made up of three layers of paint.

The flock was of both gray and black colors and police believed it may have come from a two-toned vehicle at the point where the colors came together.

The two girls left home about 7:30 p.m. Dec. 28, to attend an Elvis Presley movie. They never returned.

One after another, dozens of leads have come up and then played out. Police admit that with each passing day, chances of solving the baffling murder are reduced.

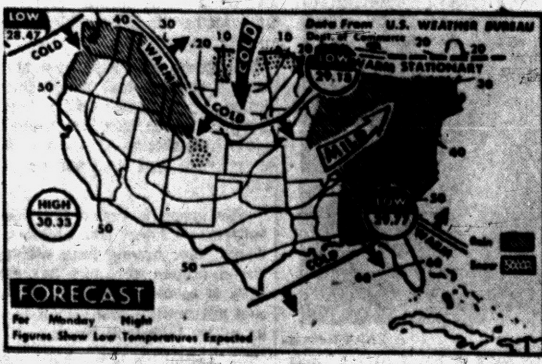

Rash Murder Trial to Begin Tuesday

A Rochester man, L. J. Rash, charged with the first-degree murder of his wife, is scheduled to be tried Circuit Court trial at 9:30 a.m. tomorrow before a jury and Judge Frank L. Doty.

Rash, 52, of 313 Woodward Ave. is charged with shooting Mrs. Nina Rash, 48, to death as she returned from a weekend away from home.

Four companions who were with her will be called to repeat testimony made at the pre-trial examination, Assistant Prosecutor Walter R. Denison said.

Rash has been held in Oakland County Jail without benefit of bond since the shooting, early Nov. 26.

WEATHER BUREAU FORECAST — The eastern third of the nation, except for Florida and Maine, can expect occasional rain and showers tonight. Rain is also forecast for western Oregon, Washington, Idaho, western Montana and western Wyoming. Snow is expected in central Colorado, North Dakota and northern Minnesota.

WANTED — George E. Cole, 29-year-old Philadelphian wanted for the slaying of a San Francisco policeman during a holdup attempt in December, has been added to the FBI's list of "10 Most Wanted Men."

Accidents Kill 12 in Michigan

Seven Die on Highways Over Weekend; Tennis Coach Fatally Hit

By THE ASSOCIATED PRESS

Twelve persons died in accidents in Michigan over the weekend. Highway crashes took seven lives.

Two deaths resulted from fires. There was one drowning, one accidental shooting and one man was killed when a tree he was cutting toppled on him.

Dr. Allen M. Stowe, 60, nationally known tennis coach and head of Kalamazoo College's Chemistry Department, was injured fatally Friday night when hit by a car while crossing a street in Kalamazoo.

George Labick, 45, of Flint, and Don Roe, 23, of Owendale, were killed Saturday in the head-on collision of their cars in Saginaw County.

Robert E. Lee, 27, of Wayne County, was killed Saturday when his car hit a utility pole in North-West Detroit.

DIES IN FIRE
Rodger MacMillan, 2, died Saturday in a fire that swept a two-story frame house in Flint.

John Munjoy, 32, of Hartford, drowned Friday night when he fell through a hole in the ice on Paw Paw Lake in Berrien County.

Jack McManus, 26, of Whitehall, was wounded fatally Friday night, when a shotgun discharged accidentally as he replaced it in his car after a collision.

Adrian Gonchar, 67, died Friday night in a fire that broke out in his home in Dearborn.

A 30-year-old Detroit man died of injuries suffered Sunday when he was crushed beneath a car. Clarence White was thrown from a car on the Edsel Ford Expressway and the car rolled over him.

Ben Lee Fuller, 44, of Muskegon was killed Saturday when his car struck a telephone pole in a Muskegon suburb.

Carl Vondrasek, 49, of Oakley, was fatally injured Saturday when a tree fell in him as he was cutting it down on his farm north of Owosso.

Thomas W. Jones, 42, of Sterling Township, Macomb County, was killed Sunday night when his car struck a culvert abutment near Center Line.

Washington Rates Second Division in Orchestra

The Washington Junior High School Orchestra was awarded a Division Two rating in the Southeastern Michigan District Festival held Saturday at Plymouth.

Because of the large number of school orchestras participating, this year's festival was divided into two sections, the one at Plymouth and another on March 2 at Ypsilanti.

The Pontiac High School Band and the Eastern Junior High Band will compete in the March 2 section.

Among the officers of the Southeastern Michigan Band and Orchestra Assn., which sponsors the festival, are two instructors in the Pontiac schools Instrumental Music Dept., Donald C. Schultz, first vice president, and Raymond A. Young, treasurer. Schultz is general chairman of the district festival.

Madison Heights Boy Injured in Collision

A 15-year-old Madison Heights boy suffered back and neck injuries last night in a two-car collision on Northwestern Highway at Middlebelt road in Farmington township.

In satisfactory condition in Pontiac General Hospital is Lou Whittant, of 26035 Townley St.

Lou was a passenger in a car of 515 E. Lincoln, Madison Heights. Driver of the other automobile was Clarence Smith, 34, of 625 Roslyn, Det. Edmondson and Smith were not injured.

The Day in Birmingham

Slate Ordinance Hearing; Schone Report on Bureau

BIRMINGHAM — An informal hearing on the new water ordinance will lead off the Birmingham City Commissioners session for tonight. The new ordinance includes changes in management, maintenance and general overall structural revision of the service. Communications will include the proposed fund advance by the Twelve Towns drainage board and advance by the Oakland County Drain Commission.

Under City Manager Harold K. Schone's report will be the latest information on the Violations Bureau including the dog ordinance and an amendment to traffic ordinance.

Schone will report that the personnel problem in the city clerk's office is now so situated that the transfer can be made and the Violations Bureau begin operation as a separate unit.

Commissioners will also review reports from the city attorney, including his views on the prohibition of billboards, the sign ordinance, and snow removal from Quarten Lake.

Mrs. Irene Ellis Murphy of 444 Bonnie Briar has received the Democratic nomination for the office of State Board of Regents. Mrs. Murphy, a graduate of the University of Michigan, is the owner and operator of an import business, dealing with oriental and other eastern products.

Birmingham Exchange Club will hear a group of University of Michigan student debaters discuss the question "Resolved: That the United States Should Discontinue Direct Economic Aid to Foreign Countries," at its regular meeting tomorrow night.

The same group will again appear in the area, March 1 at Bloomfield High School. Included among the debaters are Ruth Cortright and Dorothy Ojala, both of Birmingham.

City Clerk Irene Hanley this morning reported the filing of the fifth candidate for city commission. Arthur W. Land, 1639 Yosemite

seeks a one year term, to fill the unexpired term of Manley Bailey.

Following a recent cooperative luncheon at Wilson School, members of the Sunset Club made plans for a fish pond party at the next meeting. Mrs. Ida Lewis was a guest of the group.

Attend Weekend Festivities

100 Civitan Delegates Gather Here

Over a hundred members and delegates attended the Great Lakes District Council Meeting of Civitan International, held at the Waldron Hotel this weekend with Pontiac Civitan as hosts.

Highlight of the conference was the banquet held on Saturday evening with John Hurlinger, manager of the Pontiac Chamber of Commerce as toastmaster. He complimented the Pontiac Civitan not only for their many civic projects but also for the participation of so many of their members in other civic endeavors.

Speaker of the evening was George A. Dondero, former congressman and consultant on the St. Lawrence Seaway Development Corp., who spoke on the seaway and showed descriptive pictures of the project.

Also appearing on the banquet program was Rabbi Sanford E. Saperstein, chaplain of Civitan, who gave the invocation. Various

greetings were given by officers of the district and Civitan International. Throughout the evening variety music was presented by the Hy-Fys, a Pontiac barbershop quartet.

Mayor William B. Donaldson welcomed the Civitan at its opening session Saturday morning, which was followed by a business meeting. Charles McMahan, district governor, paid honor to John B. Wilson, president of the Pontiac Club, and announced that the Pontiac club again had won first place in the district in the sale of fruit cakes which pay for the many club projects.

Delegates from Illinois, Wisconsin, Indiana, Michigan and Ontario were registered by Richard G. Jarvis. Arrangements for the convention were made by Robert C. Tricker.

A friendship tea for Civinettes, wives of the Civitan members who were in Pontiac over the weekend

at the meeting, was held Saturday afternoon at the home of Mr. and Mrs. Theodore E. Wiersema on West Iroquois road.

TOURED AREA

The guests met at 10 a.m. and traveled to Cranbrook Institute of Science and on to Northland Shopping Center for further sightseeing and shopping. Mrs. Charles G. Ulligan, as hostess, made arrangements for luncheon at Devon Gables for the guests.

Mrs. Charles McMahan of Flint; Mrs. Dave Katz of Gary, Indiana; Mrs. Keith Proud of Fort Wayne, Indiana; and Mrs. William Thompson of Chicago were special guests, as they have all entertained Civinettes at meetings in former years.

Wives of the Civitan officers acted as hostesses for the afternoon with Mrs. Robert C. Tricker; Mrs. Philip Wargelin, and Mrs. John B. Wilson assisting the hostess.

Garden Club Hears Lecture on Geology

Helen Martin, geologist and lecturer, traced Michigan's geological history from its beginning through the proterozoic period, the ice age, up to the present time.

During the illustrated lecture held for members of the Sylvan Lake Branch of the National Farm and Garden Association, Miss Martin showed the types of copper and iron formation in the upper peninsula and the salt beds under Detroit that are used today for gas storage.

She also stressed the various kinds of rocks and their value to modern civilization, at the recent meeting.

Assisting with arrangements for the tea which followed were Mrs. Walter Schroeder, chairman; Mrs. T. D. Sawyer, Mrs. E. A. Bartlett, Mrs. John Roeper, Mrs. Paul Antilla, Mrs. Willard McRae, Mrs. William White, Mrs. Kenneth Ollis, Mrs. Sam Warwick and Mrs. A. E. Kohn.

Pictured at the Civitan Banquet Saturday were (left to right) Richard Jarvis of West Hopkins street; Earl Watson of Windsor, international vice

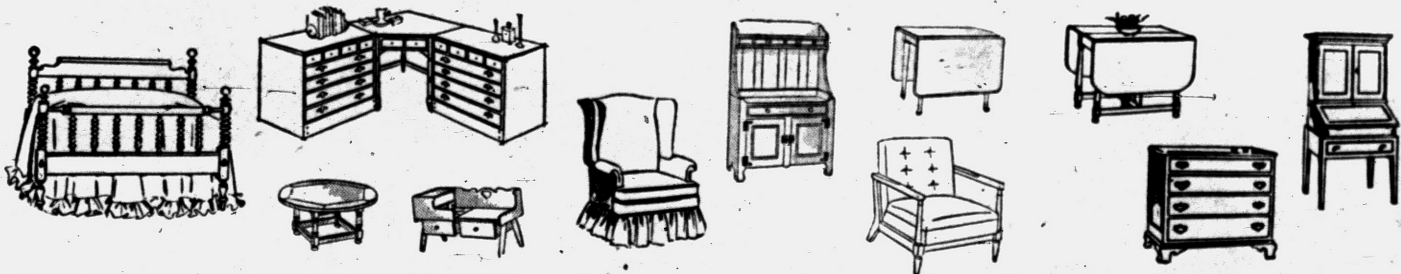

president; and Robert Tricker of Dick avenue, program chairman. The banquet was the highlight of the Civitan district meeting held here this weekend.

Chocolate Is Grated Before Using

By JANET ODELL
Pontiac Press Home Editor

Are you having a crowd in and do you want to make them a yummy chocolate cake? Then try Mrs. William Murphy's recipe. The chocolate is grated, hot melted, which cakes the cake a little unusual.

Mrs. Murphy says she keeps busy with her two youngsters. She and her husband are still trying to get all the gardening and landscaping done in their yard.

GRATED CHOCOLATE CAKE

By Mrs. William Murphy

4 squares unsweetened chocolate, grated
1/2 cup butter or margarine
2 cups granulated sugar
1 cup boiling water
1 1/2 teaspoons baking soda
1/2 cup buttermilk
2 eggs, beaten
2 teaspoons vanilla
2 cups sifted cake flour
Dash of salt

Put chocolate, butter or margarine and sugar into a bowl. Add boiling water and stir until chocolate is melted and blended. Add soda to buttermilk and add to first mixture. Add eggs and vanilla.

Sift flour and salt together and add. Beat smooth, using an egg beater instead of a spoon if you do not have a mixer. Pour into two greased 9-inch layer pans. Bake 40 minutes at 375 degrees. This makes a very moist cake.

FEDERAL DEPT. STORES

SAGINAW AT WARREN, PONTIAC

1 Year Ago Stalin Was Ogre; Today He's Hero

TRANSPLANTED — Snow, applied by the brush of Artist Winter, gives a picturesque appearance to the Waterford General Store, now located on the green at Greenfield Village in Dearborn. Built in Waterford in 1854, the old-time business establishment was a place where everything from drugs to dry goods and household

furnishings could be purchased. Reminiscent of those days, the store now is stocked with patent medicines, notions, children's games and toys, groceries, candy, buggy whips and dry goods. It is a favorite attraction for tourists.

Khrushchev Talk Now Backfires

Led to Satellite Doubts, Riots and Revolutions; Undermined Red Power

NEW YORK (U)—A year ago today Nikita Khrushchev made a history-making speech in the Kremlin—still unpublished in Russia—denouncing Joseph Stalin for unspeakable crimes.

Now he is being forced to eat his words. On Jan. 17 he declared in public that "Stalin was a model Communist."

This is the same Stalin that Khrushchev, just a year ago, called "capricious, irritable and brutal," to whom he attributed "a persecution mania" and a "mania of grandeur," whose acts he described as "shameful" and "monstrous."

When Khrushchev exposed Stalin in Feb. 25, 1956, he probably didn't realize the consequences. In the last 12 months the speech has shaken the Soviet empire and undermined Khrushchev's own power. It exposed the faults and brutality not only of Stalin—but of the Soviet system as well.

A great spiritual ferment and unrest among all peoples under the Communist yoke was given a tremendous push. The subjects of communism, particularly young people, were shocked out of passivity and submission to authority. Today people in Russia and other Communist countries are openly questioning the foundations of the Communist totalitarian system.

A blow was delivered at all Communist parties outside Communist-dominated countries, particularly in Western Europe. Moscow's leadership of the international Communist movement was jolted.

As a result of the Khrushchev revelations, Poland went through a period of unrest and self-searching. The bloody Poznan bread-and-freedom riots followed in early summer. In late October came the establishment of a national Communist regime under Wladyslaw Gomulka free of direct Soviet domination in internal affairs.

In Hungary, unrest unseated the Soviet puppet, Stalinalist Matyas Rakosi, and then mounted till it burst into open revolution in late October. The Kremlin put down the revolution with armed force, gained the eternal hate of all Hungarians and exposed to the world the brutality of Communist imperialism.

After the events in Poland and the revolution in Hungary, the Kremlin grew frightened. It slowed down the movement toward reforms in Soviet life. It brought successive delegations from its satellites to Moscow to repair the strained lines of control. Meanwhile, developing economic problems have forced the Kremlin to attempt to reorganize Soviet economic life.

The consequences to Soviet imperialism of Khrushchev's attack a year ago on Stalin have only begun.

SKIPPER TO RESCUE — Home safe and sound, three-year-old Ernest "Pumpkin" Radley of San Francisco smiles through his freckles as he embraces his wire-haired terrier "Skipper" who provided police with the clue that returned the boy to his worried mother. Picked up in a park, "Pumpkin" couldn't tell lawmen where he lived, so they checked the dog's tag with the SPCA to find out his address.

Route Joins Tokyo, Copenhagen

Open New Polar Air Lane

COPENHAGEN (U)—Scandinavian Airlines today completed the inaugural flight of its Tokyo-to-Copenhagen service across the North Pole. Another SAS airliner raced the other way to open the Copenhagen-to-Tokyo route.

The two big DC7Cs missed a carefully planned rendezvous 10,000 feet above the geographic North Pole by three minutes, but the passengers toasted the occasion on top of the world with champagne.

SAS has been operating regular flights between Los Angeles and Stockholm over the pole since 1954.

The plane from Tokyo landed its 45 passengers and crew at Copenhagen an hour and a half behind schedule, at 9:45 a. m. (3:45 a. m., EST), after headwinds slowed it off Norway and forced it to refuel at Oslo. The plane had refueled earlier in Anchorage, Alaska.

The other airliner, with 47 aboard, was due in the Japanese capital at 6:30 p. m., EST. It also refueled in Anchorage.

SAS plans twice-a-week service over the pole between Denmark and Japan and expects to cut 20 hours off the present route around Southern Asia. The shortest distance via Anchorage is almost 7,000 miles, but weather conditions can increase the flying distance considerably.

Train Frees Car OK —Driver Goes to Jail

OVERBROOK, Okla. (U)—Witnesses said Ernest Howard Bond, 50, of Oklahoma City, didn't want any help when his car got stuck between a main line and side track on a railroad intersection here.

They said Bond insisted on trying to free the car by spinning the wheels. A passenger train came along and did the job for him.

Bond stepped out without a scratch. He was taken to jail and booked on a drunk driving charge.

Plane Buzzes Burning Home

Noise Awakens Family of Four in Georgia; All Flee Safely

LOCUST GROVE, Ga. (U)—An unknown aviator twice flew his plane at near chimney height over a burning farm house and was credited with saving the lives of four persons.

Elbert and Betty Seabolt and their 3-month-old son Joseph were asleep in the bedroom of their four-room house. Betty's father, W. C. Arendale was asleep in another room.

They heard the plane roar over the house about 10:30 Friday night. When the plane went over a second time Elbert Seabolt got up to see if anything was wrong with the plane.

When he looked out the window he saw the glow of a fire and realized the roof of his house was ablaze.

The family got out safely and managed to save a few things but the house burned to the ground. The Seabolts tried to identify the pilot of the plane without success.

Last night Elbert and Betty, who are both 24, made public this letter:

"Dear aviator: We want to tell you that your thoughtfulness and daring saved the lives of our whole family Friday night. Little Joe, if he could talk, would add his thanks, even though he doesn't realize what happened. Our loss was tragedy enough for a young people just getting started, but we never would have even had a chance if you hadn't flown low and waked us up. Thank the Lord there are people like you."

Pope OKs Anesthetics, Opposes Tranquilizers

VATICAN CITY (U)—Pope Pius XII says it is not immoral or un-Christian to use anesthetics or other drugs to ease pain when doctors approve. But he maintains the sale of tranquilizing pills must be curbed "to prevent grave physical and moral damages to society."

Addressing 500 doctors at a special audience yesterday, the pontiff approved the use of drugs to relieve pain even though they shortened life. But he said the drugs must not "prevent the carrying out of other moral and religious duties."

The Pope based his 45-minute address on questions posed last fall by the Italian Society of the Science of Anesthetics. He said, "Particular circumstances can impose another line of conduct, but the Christian's duty of renunciation and of interior purification is not an obstacle to the use of anesthetics."

Calling on public authorities to regulate the sale and use of tranquilizing drugs, he said that a person who uses them improperly "cannot complete his daily work if he remains continually submerged in a twilight state." He added:

"It follows then that he cannot upset or suppress his consciousness only to obtain pleasant sensations... even if he seeks only a certain euphoria (sense of well-being)... Facts show that the abuse of stupefiers (narcotics) leads to total oblivion of the most basic needs of personal and family life."

Regarding anesthesia, the Pope said that "the doctor who accepts its methods enters into contradiction neither with the natural moral order nor with the specifically

Christian ideal. He is seeking, in accordance with the ordinance of the Creator, to bring suffering under men's control."

But he added that "it would be clearly unlawful to make use of anesthetics against the expressed will of the dying person."

Turning to religious considerations in regard to inducing unconsciousness by means of anesthetics and other drugs, he said: "Within the limits laid down for the proper medical use of anesthesia, and provided one observes the required conditions, the state of insensibility involving a lessening or a suppression of consciousness is permitted by natural morality and is in keeping with the spirit of the Gospel."

Reverse Assistance

JUNEAU, Alaska (U)—When Perry Hobbs was ready to leave the hospital, he telephoned for his wife to pick him up in the family car. Her office said she was on the way to the hospital—as a patient. She had collapsed from exhaustion and a case of flu.

Stage Party for Son of Barbara Hutton

BEVERLY HILLS, Calif. (U)—Lance Reventlow, son of heiress Barbara Hutton, is now 21, and he's had a party to prove it.

Miss Hutton was the guest of honor at the party, held last night in the luxurious two-bedroom home bought for Reventlow in Beverly Hills by the heiress.

"It was a very quiet dinner party—just 20 or 30 intimate friends attended," said Miss Hutton's secretary. Reventlow, a sports car racer, invited mostly friends of his own age bracket, the secretary said.

Miss Hutton is staying at a Beverly Hills hotel. She has been here a month.

Lance is her son by Count Court Haugwitz-Reventlow, Danish nobleman from whom she was divorced in 1941.

New World Milking Record Set Sunday at Romeo

Colby's Cameo Newest Champ

State Treasurer Sanford
Completes Final Test;
88 Pounds Daily Peak

ROMEO — A new world's champion begins her reign today.

She is Langmeadow Cameo, a record-breaking Guernsey cow, who was the center of attraction yesterday afternoon when some 100 noted dairymen and state dignitaries gathered at Colby Dale Farms northeast of here to pay their homage.

Cameo—as she is known by her handlers—was completing her 345 day production tests in which she set the highest record ever made by a Guernsey cow on twice a day milking. She produced 22,816 pounds of milk containing 1,266 pounds of butterfat.

Cameo's output for her 730th milking yesterday was 27 pounds—bringing her total to 53.8 pounds on the final day of testing.

Her peak of production was reached last May when she gave 88 pounds a day.

On hand for the final milking ceremonies were officials of the Department of Agriculture, Michigan State University, American Guernsey Cattle Club and other interested cattlemen.

Gov. Williams' official representative was state treasurer, Sanford A. Brown. He took over the milking chore from Cameo's regular milker Ted Binion, as the test was concluded. After the milk was weighed, the group adjourned to the home of Cameo's owners, Mr. and Mrs. Howard H. Colby, for refreshments.

Colby is a retired Detroit brewer. In addition to setting a world's Guernsey record, farm manager Howard Rainier said "Cameo's butterfat record is the second highest ever made by any breed."

"Her accomplishment is even more remarkable," he observed, "because she suffered a foot injury early in the test period. She was operated upon and for 60 days she was hardly able to get up to be milked."

Cameo, who will be 7 years old March 4, will take a rest now, until the birth of her calf in April.

Her owner is now looking to her stablemate and cousin, Langmeadow Minnie, for new laurels. Minnie's production pace in the first three months already exceeds that of the present champion.

The tests are supervised by the MSU Extension Service.

WORLD RECORD SET—State Treasurer Sanford A. Brown, from left, holds the head of Langmeadow Cameo, new world's Guernsey champion

in milk production. On her other side are Ted Binion, milker, and proud owner, Howard H. Colby of Romeo.

Break Up Gang in Southfield

Teenagers Arraigned
Saturday; 'May Be 20
More,' Say Police

SOUTHFIELD—A teenage gang of burglars was broken up Saturday with the arrest of four high school students and a possible seizure of 20 more.

Three of the four have been arraigned before Justice Edward Elmslie. They are Frank DiProsper, 18, of 1960 West Nine Mile Rd., David Heuwagen, 18, of 2111 Fraser and Robert Carlson, 19, of 25026 West Twelve Mile Rd. A 16-year-old juvenile was turned over to juvenile authorities.

Southfield patrolman Charles Durbin said the arrests cleared up between 30 and 40 burglaries during the last 18 months.

Loot valued at \$1,500 was recovered from the homes of the boys. DiProsper pleaded guilty to a charge of receiving stolen property, and was fined \$25 and placed on probation for six months.

Durbin said the group took tires, radios and car accessories, mostly from garages and gas stations. He added the gang had no real leader, but that they would meet in drive-ins, then plan their robberies.

Heuwagen and Carlson pleaded innocent to charges of larceny from a building and are being held in lieu of \$2,500 in bonds. They are to come up for examination March 6.

Troy Police List Two Accidents Over Weekend

TROY — Two accidents were listed by Troy police over the weekend. Saturday afternoon the auto of George Dresser, 19, of 123 W. Morehouse, Hazel Park, collided with a car driven by John H. Clinton, 17, of 1751 Wexford, Roseville, at the intersection of John R. and 17 Mile road, injuring three people.

Dresser who suffered injuries to his left ear was ticketed for failure to stop at a stop sign.

Others injured in the mishap were Bernadine Clinton, 25, who received injuries of the head, neck and leg and Terrance Donahoe, 25, of 315 Glendale, Highland Park who suffered a bruised forehead. All were treated by family physicians.

In a second mishap, Cecil K. Patrick, 32, of Ohio escaped injury when a wheel fell from his car. Patrick told Troy police he lost control of the vehicle and stopped on the shoulder of Adams road near Sussex.

MMPA Meets in Ortonville; 100 Attend

ORTONVILLE — The annual meeting of the Michigan Milk Producers Assn. was held Thursday at the Brandon Grange Hall. Approximately 100 persons, both members and guests, attended. The Local has 103 members and is entitled to be represented at the MMPA meetings in the state by three delegates. Alden Mills was re-elected as delegate to another three-year term.

Speakers were Andrew Jackson of Howell and Ernest Girbach of Saline; both are directors of the state board.

The Local voted to increase the yearly dues to \$2.50.

Begin Construction at Pilgrim Church

METAMORA — Rev. Charles Robbins, pastor of Pilgrim Congregational Church, announces that work will begin on digging a basement Sunday School room on Tuesday.

Senior Young People will start the digging. Since the fall of 1955, money has been donated to a building fund and now it is felt that enough has accumulated to make a beginning.

The Senior Young People will hold "Work Day For Christ" on March 9, when they will do odd jobs in the community. They will keep no part of the money earned for themselves, but will give it toward the basement, which is a long-cherished idea.

County Calendar

Independence Township will hold a special board meeting on Tuesday at 8 p.m. at the Independence Township offices, Harold Deebler, township clerk.

Dryden Chapter 278 OES will entertain County and Tri-County officers on Thursday evening.

Novi Township Moves to Halt Wixom Incorporation

NOVI TOWNSHIP — Novi Township Board approved a resolution Saturday, authorizing Township Attorney Archie Leonard to take necessary legal steps to halt the incorporation of Wixom area.

The resolution, as recorded and released by Township Clerk Hadley Bachert, reads as follows: "Moved by (Harold) Miller and seconded by (Frank) Clark, to authorize Township Attorney Leonard

to take necessary legal steps to halt the incorporation of Wixom area."

The decision to start legal action stemmed from a tie vote on the incorporation issue on Feb. 5 at a special election in Novi Township, Bachert said. The deadlock at the Novi polls apparently left certain board members doubtful that residents in the Novi section of the Wixom area want village incorporation.

Residents in the Commerce Township section of the Wixom

area approved the proposal for incorporation by a substantial majority. Wixom is a part of both Novi and Commerce Townships.

The sum total of all votes in both townships decided the incorporation question; the Commerce majority of "yes" votes settled the issue.

At Wixom, the Charter Commission elected on Feb. 5 will meet tonight in the home of a Commerce member to continue work on the drawing up of a village charter. Novi Township's decision will not delay or postpone

the work on the charter, according to Kenneth Rocker, chairman of the commission.

The charter group is stepping up its pace on the job of preparing a charter.

A leader of the incorporation movement, Herbert R. Abrams of Wixom, pointed out that Novi Township would not lose any tax income from the Lincoln plant now being completed in the Novi section of Wixom as the result of village incorporation.

Bachert revealed the same information.

Your PTA Is Planning:

Glengary to Fete Dads; Avondale Founders Day

COMMERCE TOWNSHIP—Glengary Elementary School PTA has arranged a special Father's Night program for its meeting at 8 p.m. Tuesday in the school's Multi-Purpose Room.

Although the meeting is open to everyone, a concerted effort is being made to attract fathers to the February program.

Main speaker of the evening will be Al Messina, conservation officer of the Froid Lake recreation area.

Two films, "Yukon of Safari" and "Atlantic of Safari," will be shown. The films, complete with sound and color, deal primarily with outdoor sports.

Refreshments will be served.

Avondale

All schools in the Avondale regional district will unite in observing Founders Day at 8 p.m. Thursday, at Avondale High School.

Don Davis, student vice president, has arranged a program of both vocal and musical numbers. Barbara Broadway will open with several piano selections. Vocal numbers by the Glee Club will be under the direction of Barbara Lebeau.

Mrs. Leon Steward, of the Elmwood School district, will tell what Founders Day means to the PTA.

The Rev. Robert Richards, formerly of Wales, England, now pastor of a church at Livonia, will be guest speaker. He has chosen as his subject, "Two Birthdays."

Refreshments will be served and everyone is welcome to attend the meeting.

Accept Resignation of George McRae

INDEPENDENCE TOWNSHIP—The Board of Directors of Independence Civic League accepted the resignation of George McRae as league chairman, at the recent meeting.

McRae's resignation was effective as of Monday, Feb. 18. He gave as his reasons, "business and health." The meeting was held at the home of Ray Gates, League treasurer.

WANDA LOU KOHN

Mr. and Mrs. Horace Kohn of 431 Mill St., Ortonville, are announcing the engagement of their daughter, Wanda Lou, to Boyd Robert Titus, son of Mr. and Mrs. George Titus of Oxford. Wanda will graduate from Elkhart, Ind. Technical School March 1. He is employed as a Meininger Illustration at Detroit. The wedding will take place April 6, at St. Mary's in the Hills Episcopal Church, Lake Orion.

Holly-Fenton Drive Begins

Concert Assn. Seeking
Members; Students to
Get Half Price

HOLLY — This week will take place the annual membership drive in the Holly-Fenton Area Community Concert Assn., which each year brings to the two villages some outstanding artists.

Etta Grimes, the new president, announces that student memberships will be offered for the first time, at half price for the 1957-1958 series. New members also are to receive complimentary tickets for the closing number on the current series on March 14.

The campaign manager is Harry Bush of Fenton. He states that a representative of the national organization is to be here this week to assist in the drive.

In the future the Holly numbers in the series will be staged in the new Weaver auditorium at the Adelphi Academy. This will allow for much larger local audiences.

Time Now Delany Target

NEW YORK (AP) — Now that he has beaten his main rivals, both individually and collectively, there is only one new horizon ahead for Irishman Ronnie Delany.

That is time.

Since Ronnie, the Olympic 1,500-meter champion, has been competing, he steadfastly has refused to race the clock. To the distress of almost everyone except Ronnie and his Villanova Coach, Jumbo Jim Elliott, he has run only fast enough to win.

But after winning the National AAU mile in 4:07 Saturday night, he hinted he might be getting tired of slow races.

"I wanted to see a faster time," he said. "I had hoped for a 2:02 half."

The half-mile time was 2:04.1, but he still outlegged Laszlo Tabari and Fred Dwyer with no particular effort. His margin was eight yards over Tabari and 10 over Dwyer.

Villanova, incidentally, will be a top-heavy choice to win the team crown. The Wildcats became the second college team in history — New York University was the other — to take the National AAU title. Elliott's lads won it last Saturday with 28½ points to 27.

for the defending champion Pioneer Club.

Others who contributed to the Villanova total were Charlie Jenkins, 600 winner in 1:10.4, Phil Reavis, high jump victor with a 6-9½ leap and the one-mile relay team which got home in 3:20.6.

Arnie Sowell of Pitt won the 1,000 in 2:12.6, Henry Laskau of New York the one-mile walk in 6:39.7, Parry O'Brien of the U.S. Air Force the shot put with a toss of 58-8, Ira Murchison of Western Michigan College the 60-yard dash in 6.2, Lee Calhoun of North Carolina College the 60-yard hurdles in 7.2, George Shaw of the Pioneer Club the running broad jump with a leap of 24-9 and Bob Backus of the New York AC the weight throw with a flip of 63-1½.

Bardstown Winner in Widener Stakes

MIAMI, Fla. (INS) — Calumet Farm's Bardstown loomed today as a leading contender for the title of top handicap horse of the 1957 racing season on the strength of his easy victory in the \$119,400 Widener stakes.

MSU Sets Sights on Indians

MADISON, Wis. (AP) — Michigan State hopes to climb over often-beaten Wisconsin tonight to get within striking distance of Indiana.

Still the league leader in the tight Western Conference Basketball Saturday night, State will have

its chance to cut down Indiana at East Lansing in a game that promises to be a crucial one in the Big Ten series.

Pontiac Press Photo

THAT'S FAR ENOUGH! — VIP's Art Van Ryzin, Pontiac High basketball coach, is all set to prevent Chuck Lewis of the PRM's from any further advance with the ball in last night's preliminary to the Globetrotter show at Pontiac High. Gib Shanley of the PRM's is in the background. The PRM's won, 25-11.

Trotter Show Huge Success

Overflow Crowd Sees Clever Harlem Team at Pontiac High

The Harlem Globetrotters were here last night and a gay time was had by all.

That about sums up the Trotters' return visit to the Pontiac High School gym under the auspices of the Pontiac Lions Club.

A sell-out crowd watched the basketball wizards in action against the Philadelphia Spas and the fact that the Trotters won the game, 57-49, was almost incidental.

Philadelphia, a sound ball club, held a 47-45 lead midway through the 4th quarter, but the Trotters quickly bounced back to take command.

Most of the side-splitting antics were provided by Bob (Showboat) Hall, a product of Detroit's Brewster Center. Murphy Summers, a dribbling magician, and Bill (Rookie) Brown also got their share of laughs.

Summers staged a pair of dribbling exhibitions and, of course, they just had to perform their baseball and football routines before departing.

A star-studded vaudeville show, presented before the game and at halftime, added colorful variety to the evening.

Proceeds from the Trotter show go to the Lions Club's sight-conservation program.

Spartans made it eight in a row after three early losses by solving a tricky Minnesota zone defense to beat the Gophers 70-65 Saturday.

Indiana, with a 9-2 conference record, meanwhile was handily whipping Wisconsin, the Big Ten doormat, by an 85-74 score. Wisconsin has a 1-9 record — sole victory being an upset of Michigan.

A tight zone defense used by Minnesota coach Ozzie Cowles bothered State shooters in the first half and the home team was trailing 35-30 at intermission.

Michigan State started hitting in the second half, forged to a 41-all tie and had as much as a nine-point advantage near the end of the game.

Forwards George Ferguson and Larry Hedden, with 19 and 16 points, led the MSU attack.

Hedden, who hit only one of 10 shots in the first half, found the range in the second half for six 2-pointers.

State's rebounding ability also was a major factor in the victory as the Spartans grabbed 45 rebounds to 36 for Minnesota. Center John Green was State's big man under the basket as he took 16 of the rebounds.

Crane Quintet Bows; Grapplers Win, 35-9

Cranbrook dropped its 3rd Inter-State League basketball game in as many starts Saturday, an 82-56 licking at the hands of Nichols Academy at Buffalo. Cranbrook's overall record is now 2-12.

Bob Henrich scored 29 points for Nichols while John Studebaker paced the Cranes with 19. The Cranes trailed at halftime, 45-21, after a dismal five-point 2nd quarter.

Cranbrook's wrestling team chalked up four pins and won nine out of 12 matches in defeating Flint Central, 35-9, Saturday at Cranbrook. Pins were scored by Charles Heaverich, John Miller, Jim Ludwig and Winston Wood.

Detroit Skaters Win

Detroiters Lois Gibson and Dick Harrow were the winners of the 2nd Senior-Senior dance contest for the Skaters' March held recently at the Rolladium.

Other top finishers were George Garland-Carol Buirley, Chuck Swanson-Cynthia Dalton, David Downing-Sue Kidd and Joey Shira.

Romack Is Winner

ORMOND BEACH, Fla. (AP) — "This is a heck of a good wedding present," said Barbara Romack upon winning the South Atlantic Women's Golf Tournament Sunday for the third time.

Chiefs Eye 13th Win

By H. GUY MOATS

Pontiac High's Chiefs tomorrow make their 14th start of the best modern season they've enjoyed out at the West Huron school. They have set their sights on the 13th victory on this fine string, marked only by one knot, the loss to

Highland Park Polar Bears.

Art Van Ryzin's club opposes a perennially tough foe in Ed Campbell's Royal Oak High Acrons. Acrons will be particularly tough on their own small floor, and Van Ryzin said today he would take no chances, so

he's starting his regulars.

"Royal Oak looked very good against Hazel Park and they gave Jim Wink's Highland Park club a good battle before bowing out. We know that Royal Oak can be a very dangerous club, any time they play on their own floor," says the PHS mentor.

Acrons do a lot of shooting, employ both control-ball and break-break styles of play. "We aren't taking them lightly, because we very definitely want that 13th win," Van Ryzin added.

Fred Wasen, Evans Webb and Hewitt Hornbeck are three steady-hitting point-makers and have compiled much of the Acrons' total for the season.

"We have one more game to go after this one, Tuesday night," the Chiefs' coach pointed out today. "So we just can't let down for one minute against anybody."

Saginaw High's Trojans provide the finale for Pontiac, on the upstarters' floor, Friday night. After that, the regional at Flint, the supreme test so far. Draws for the regional are set for Wednesday at Flint Northern.

'Coach' Whitmer Under Fire

PRM's Beat VIP's, 25-11

Rumors were circulating today that coach Dana P. Whitmer would lose his job as head mentor of the VIP's basketball team after their 25-11 loss to the PRM's last night.

Coach Whitmer's VIP's (very important persons) appeared thoroughly disorganized and confused during the contest and dissatisfaction was expressed with the coaching in the heat of post-game debate.

The VIP's just couldn't cope with the PRM's (press and radio

men, fast-breaking attack and willed under the pressure.

Proceedings got completely out of hand in the 4th quarter. Gib Shanley, WPON sportscaster, sneaked into the balcony for a futile shot and with only a minute left to play there were 20 players on the floor.

They all quit in an exhausted state with 30 seconds still remaining.

The VIP-PRM game furnished a hilarious preliminary to the Harlem Globetrotter benefit show.

Finlander Leaps 313 Feet

IRON MOUNTAIN, Mich. (AP) — World and Olympic Champion Antti Hyvarinen, 24, of Finland, headed back to the continent today after setting U. S. ski jumpers on their ears.

In a six week tour, he won five

meets, and established three hill records, that included jumps of 222 feet, at Westby, Wis., 251 feet, at Ishpeming, Mich., and a climaxing 313 feet at Pine Mountain here.

His 313 foot leap, spectacularly accomplished on Saturday with the hands-at-side "fish" style in ideal weather and snow conditions, bettered by 13 feet the giant Pine Mountain mark set by Rudy Maki, of Ishpeming, two years ago. It came within three feet of matching the American distance record set in 1951 by a transplant, Norwegian, Ansten Samuelstuen, at Steamboat Springs, Colo.

Hyvarinen also won the American International title yesterday or the same hill with leaps of 280, 276 feet or 216.7 points. He barely edged his Helsinki buddy Juhani Kaerkinen, 21, by 2x10ths of a point. Kaerkinen had distances of 277 and 278 feet.

Cleveland Pair Cop Women's Keg Title

INDIANAPOLIS (AP) — Tess Johns, a lefthanded bowling instructor, and office clerk Jean Schultz scored 5,886 tonight to win the fourth Women's National Doubles Bowling Championship in a meet packed with closing-minute drama.

Detroiters Helen Shablis and Dorothy Aldred, the 1955 champions, finished second with 5,878 while the Philadelphia combination of Sylvia Wene and Ann Karrer was third with 5,865.

Biddy League Won by Trojan Cagers

A sweep of the 1st two games of best two-of-three series gave the Trojans the championship of the Pontiac Biddy Basketball League recently.

The champs clinched the crown with a 39-35 triumph over the Jets, pulling ahead to stay late in the final quarter. Frank Ketonen and Jim Joyce paced the victors with 16 and 15 points, respectively. Bud Stott had 14 for the Jets.

The title win concluded a successful loop season in which 123 boys between the ages of 9 and 12 years took part. Nine teams averaged better than 25 points per game over the 15-game schedule. Don Langford paced the individuals with 197 for a 15.1 average.

City Keglers 8th in State

One of 19 Pontiac area teams competing in the Michigan State Men's Bowling Tournament moved into the top 10 over the past weekend.

The Sam Benson contingent rolled a combined 3024 to take over 8th place on the 5th weekend of the event which runs for 11 more weeks. Huron Cleaners of the Motor Inn loop had 2979 and the Cleaners of the West Huron league hit 2960. Strohs, which has ranked high other years, could account for only 2615.

Jay Lovett and Clark Balch paced the local entries in doubles play with a 1326 followed by the Ralph Shoun-Lon Koprinco duo with 1243. Wayne Beals was tops

in singles with a 670 actual and 700 handicap. Lovett followed with 667.

Beals was also 1st among the Pontiac entries in the all-events division with a 1955 handicap score after bowling 1865 in nine games. Lovett was again 2nd best with 1931, while Koprinco hit 1843.

All the leaders held their ground although two newcomers took over 2nd places. Oz Kastens of Fremont moved in behind leader Frank Ebner in singles handicap with a 718. Ebner, of Croswell, has 725.

The other change was in singles actual where Grand Rapids' star Bill Golembiewski rolled a 678 for the runner-up spot. Detroit's Al Dent is the leader at 696.

CHEVROLET NITE SERVICE
FOR YOUR CONVENIENCE
DON'T PUT OFF NEEDED SERVICE
Just Because You Can't Take Time During the Day
USE OUR CONVENIENT NITE SERVICE

Leave your car between 4 and 5 P. M. — It'll be ready at 8 A. M.

We have found that many of our customers must use their car during the day and just can't take the time during the day for needed and necessary maintenance or repair service. And so, we have extended our service hours—to better serve the Chevrolet owners in this area.

Even if your car requires some minor body or fender work—we'll get it done for you—overnight.

And — it costs no more — as we operate on an established flat rate schedule with our experienced men using the very latest methods and equipment to assure you the very best workmanship.

Mamie Van Doren and
Spouse Ray Anthony
Are Newest TV Pair

By CHARLES DENTON

HOLLYWOOD (INS) — Husband and wife teams are becoming almost as common on television as they are on the street where you live, and for reasons that often go much deeper than the pocketbook.

Such hardy perennials as Burns and Allen, Lucy and Desi and Ozzie and Harriet long ago established that two heads can be more lucrative together than singly, but the benefits of a "double" act don't end there.

The fact is that in many cases, show folks who don't work together may not see each other often enough to grow accustomed to their faces.

Elonide and beautiful Mamie Van Doren recently joined spouse Ray Anthony on his ABC-TV doings, for example, so she could see him once in a while.

"We wanted to see each other," she shrugged daintily, "and the only way seemed to be to work together."

"We both work so many hours," interjected Anthony, a diminutive replica of Cary Grant, "that even if we were only a block apart, we probably wouldn't be able to see each other."

HER OWN SERIES

The act may have some trouble hanging together come June, when Mamie begins filming her video

series, "The Face, The Shape and The Brain," for fall release, but they hope to weather the work schedules if possible.

"Actually," said Anthony, "we want to work together more as time goes by—that is, if she can keep up with the old man. We'll probably do some recording together and make some guest appearances, and we're looking now at a movie script we could do together."

One of the oddities of this sort of arrangement is that to acquire his helpmate's service — professionally, that is—Ray must follow the chain of command, i.e., see her agent.

"The trouble is," he explained, "that the agent has things going for her that we may not even know about. But in this case, I just offered more money and got her. She cost me so much that on community property alone, I'm a wealthy man."

Mamie and Ray can find many examples to follow if they decide to concentrate on a career as a team. Husbands and wives who regularly appear together on TV include Roy Rogers and Dale Evans, Peter Lind Hayes and Mary Healy, Jack Benny and Mary Livingston, Robert Sterling and Anne Jeffreys, Xavier Cugat and Abbe Lane, Howard Duff and Ida Lupino, Raymond Scott and Dorothy Collins.

OFTEN TOGETHER

Among other couples who occasionally join forces for television programs are Eddie Fisher and Debbie Reynolds, Ernie Kovacs and Edith Adams, Dick Kollmar and Dorothy Kilgallen, Martin Cabel and Arlene Francis, Harry James and Betty Grable, Jose Ferrer and Rosemary Clooney, Mel Ferrer and Audrey Hepburn, Steve Allen and Jayne Meadows.

Takes Pinch Out of Tax in Pay-as-You-Go Plan

SAULT STE. MARIE, Mich. (U-P) — A Pay-as-you-go installment plan for school taxation has been proposed by the Soo's school superintendent.

Hugh H. Holloway says his plan would "take the pain out of supporting schools." The present system of paying the year's bill in December is "outmoded and not the least in style," he says.

Smoking Adds to Smog in Los Angeles Area

LOS ANGELES—The Los Angeles Air Pollution Control District says tobacco smoke adds almost 12 tons of contaminating chemicals to the air of Los Angeles County daily.

The nearly 65,000,000 cigarettes smoked in the area each day produce 9,267 tons of particulates, plus aldehydes, organic acids, carbon monoxide and hydrocarbons, the report says.

7-Month Strike Nears End; National Guard Quells Ohio Flare-Up

COLUMBUS, Ohio — Officials begin planning today for what Gov. C. William O'Neill hopes will be "the immediate restoration to telephone service" in the Portsmouth, Ohio, area after the end of a seven-month strike.

O'Neill called a meeting of Portsmouth and Scioto County officials for today, as soon as he was notified yesterday that negotiators agreed on a settlement of the 226-day strike against the Ohio Consolidated Telephone Co. Part of the talks will deal with maintenance of order while phone service is being restored.

Company officials, along with representatives of the striking Communications Workers of America and federal mediators, announced settlement of the long, violence-marked strike after a 25-hour bargaining session. Terms of the contract, however, were not immediately disclosed.

Negotiators worked around the clock as Portsmouth telephones were silenced by a new wave of vandalism that resulted in more slashed cables and knocked out the last of the 17,000 telephones in the area.

"If it is determined that the local officials cannot or will not afford full protection to persons and property required for the immediate restoration of telephone service, I shall then order the Ohio National Guard into the affected area to give such protection," the governor said in a prepared statement.

One unit of the Guard was sent to the struck area during the weekend. O'Neill sent a mobile unit to Portsmouth to maintain emergency communications Saturday.

The Guard unit was joined by all available state highway patrol cars, which were used to set up emergency radio communications for hospitals, fire departments and police agencies.
