ABOUT OU

Oakland University was founded in 1957 as a branch campus of MSU, with 570 first-year students. By the mid-1960s, it had evolved into a medium-sized university and in 1970 became an independent, state-assisted university. It now offers more than 70 undergraduate programs and more than 30 graduate programs, and enrolls about 12,000 students.

OU's distinct instructional programs — the College of Arts and Sciences, School of Economics and Management, School of Engineering and Computer Science, School of Health Sciences, School of Human and Educational Services and School of Nursing — offer a diverse curricula of general education and career preparation courses. Virtually all of these courses are taught by faculty members, not teaching assistants.

The Honors College, a division of the College of

Arts and Sciences, meets the educational needs of highly motivated students; the Division of Continuing Education meets the needs of nontraditional adult learners through evening and extension programs.

Academic support facilities include such notable entities as the Eye Research Institute, the only major eye research center in the United States not affiliated with a medical school; the Meadow Brook Health Enhancement Center, which provides health maintenance/health improvement and cardiac rehabilitation community outreach programs; and the Center for Robotics and Advanced Automation, a unit of the School of Engineering and Computer Science that utilizes high technology manufacturing methods.

And, OU's professional arts programs annually attract thousands to the campus. OU has received national recognition and local kudos for its Meadow Brook Theatre, Meadow Brook Art Gallery, Meadow Brook Hall and Meadow Brook Music Festival, the summer home of the Detroit Symphony Orchestra.

OU is located 25 miles north of Detroit, in the small town of Rochester. OU's modern campus, which houses the university's many academic and public service programs, is located on a beautifully wooded site, much of it still undeveloped.

PRESIDENT JOSEPH E. CHAMPAGNE

Oakland University is committed to excellence in all phases of its extensive educational mission. Intercollegiate athletic competition contributes significantly to this goal. The university has a fine tradition of combining accomplishment in the classroom with achievement on the field.

Just as our participants win national and conference athletic honors, so do a good number receive National Collegiate Athletic Association academic post-graduate awards and attain other academic and career-related goals.

The positive and visible image that athletics create among students and the general public reflects the fine caliber of our student-athletes. Oakland's high standards of quality are made possible by strong administrative support, which allows the program to remain competitive nationally and in the Great Lakes Intercollegiate Athletic Conference.

The day-to-day front-line maintenance of this program is the responsibility of Oakland's excellent coaching staff. A number of coaches have been honored with Coach of the Year awards, and many are called upon to present clinics and lectures at national conferences. All are committed to preparing their team members for peak performance in their sports and in their personal and professional lives.

Recognition of the interrelationships between the type of academic pursuit necessary in the classroom and the effort, skill and knowledge needed to physically perform at the national level is the strength of the Oakland University athletic program. We invite all interested parties — be they athletes, supporters or spectators — to participate in furthering our goal of providing access to excellence.

— Joseph E. Champagne
President, Oakland University

DR. PAUL E. HARTMAN

Athletic Director

Dr. Paul Hartman is in his third year as director of athletics at Oakland University. Hartman, only the third director in OU's athletic history, has instituted some innovative changes since arriving in Rochester.

Hartman added personnel, developed additional summer youth camps and offered a new season ticket plan in his first year. He also instituted a Hall of Honor for exceptional Pioneer athletes and introduced the first athletic team banquet.

A veteran administrator in college athletics at several levels, Hartman served at the University of Wisconsin-Stevens Point for seven years prior to coming to OU. He also served in similar positions at Florida International University and Plymouth State College in New Hampshire.

Hartman succeeded Cory Van Fleet in June, 1983. The only other department director was the founding father of OU's athletic program, Holly Lepley.

ANDY GLANTZMAN

Sports Information Director

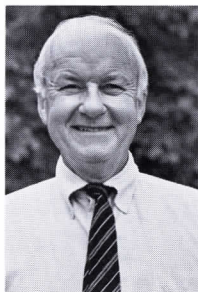

New to the Pioneer athletic department is Andy Glantzman, who replaced Stan Blackford as sports information director in August. Glantzman came to OU from the University of Detroit, where he worked in sports information for six years, three as assistant SID. The Brooklyn, New York, native earned a Bachelor of

Science degree from St. John's University and a Master in Business Administration at U-D.

GREG KAMPE

Head Basketball Coach

When Greg Kampe came to Oakland University last season, he was faced with a problem most new head basketball coaches have — rebuilding. And Kampe knew the place to start was on the recruiting trail.

“The key to any program is the players. We have to recruit great players who are also great people,” the second-year OU coach said. “If we can do that, everything else will fall into place. Our program is now committed to excellence — it’s just a matter of getting the players to match,” he added.

Kampe’s first two recruiting classes show that he is certainly heading in that direction. Scott Bittinger, a GLIAC All-Defensive choice, and Pete Schihl were both in the starting line-up at the conclusion of their freshman years in 1984-85. This year’s recruiting haul included a pair of All-State forwards, John Henderson and Dave Hintz, plus slick guard Johnny Johnson, one of Detroit Southwestern High School’s four-time state finalists.

“Recruiting is tough anywhere,” Kampe said. “We feel our school is a great academic institution where a young man can touch all aspects of college life and

play a good brand of basketball. We have a beautiful campus in a great location.”

Now it’s Kampe’s job to mold his two recruiting classes and six seniors into a winning team. His first OU squad went 13-15, but that record is very deceiving. Over half of the Pioneer defeats were by a margin of three baskets or less, including three in overtime. Six points more per game in those eight contests would have put Kampe’s first year record at 21-7.

“Our goal cannot be measured in terms of wins and losses — we want to reconstruct this program,” Kampe said. “I was happy with last year. I thought it was a tremendous year, considering all the adversity we had to overcome. We were very close. We found out last year what it takes to win. Now we have to go out and do it.”

Kampe came to OU from a program that has made winning a long-time habit. The OU coach spent six years as an assistant coach at the University of Toledo before replacing Lee Frederick as the Pioneer mentor. During Kampe’s six years at Toledo, the Rockets captured three Mid-American Conference (MAC) basketball championships and compiled a 117-57 overall record, earning two National Collegiate Athletic Association tournament berths and one to the National Invitational Tournament. Toledo has excelled academically as well, with 91 percent of its basketball players earning bachelor’s degrees, 33 percent of those continuing on to acquire graduate degrees.

A 1978 graduate of Bowling Green State University with a bachelor’s degree in business and journalism, Kampe started his coaching career as a graduate assistant at Toledo before accepting the full-time assistant coach spot in 1979. While at Toledo, he earned a Master of Arts degree in physical education.

Kampe is the only athlete in MAC history to be named first team All-Academic in both football and basketball. Besides being on the dean’s list at BGSU with a 3.40 grade point average, he received the President’s Award as an outstanding student.

Kampe’s father, Kurt, was a starting right guard on the University of Michigan’s 1947 Rose Bowl championship team, which went 10-0. His brother, Kurt Jr., was a two-year letter winner for the Wolverines in 1974 and 1975.

The 29-year-old Kampe lives with his wife, Susan, in Rochester Hills.

QUOTING COACH KAMPE

WHAT IS YOUR BIGGEST ADJUSTMENT IN GOING FROM A COLLEGE ASSISTANT TO HEAD COACH?

The fact that I am now asking my assistants for advice instead of being the one who's asked for advice. I think game day would be the biggest overall difference. There's a lot more anxiety involved. As a head coach, I am the one being judged. The head coach is the one who gets the blame — or the credit in a win situation.

WHAT DO YOU LOOK FOR IN A PLAYER?

The most important thing that I look at is whether his high school team was a winning one. I think that it is important for a kid to be a winner in high school. I really believe that if a kid can't win in high school, then he'll have a hard time making me a winner. Since I've been at OU, the high school team of every kid I've recruited won at least 19 games. After that I look for the basics — size, talent, coachability and academics.

WHAT DO YOU TRY TO ACCOMPLISH IN YOUR PRE-CONFERENCE SCHEDULE?

Our first four nonleague games this year are as tough as any a team in our league have ever played. We have a veteran team and would like to go into those games and play well to prepare ourselves for what lies ahead. Our fifth game is a league game and we want to be ready for anything by then. After that, we have some games that we can win, and others that will be tough to win. We'll use those games to experiment with different things and give our freshmen some playing time, so in January we'll have 11 or 12 guys who can all play when needed.

WHERE IS OU'S PROGRAM ON YOUR COACHING TIMETABLE?

I feel good about where we're at right now. Anytime you take a program with the problems that this one has had, such as never having a winning league season, you just can't turn it around overnight. I'd like to think that by the time our freshmen become seniors, we will be there. I'm kind of holding my breath about this year. You could call it passive optimism in that if we stay healthy, get a few breaks and our freshmen develop, we might surprise a lot of people.

HOW DO YOU FEEL ABOUT THE 45-SECOND SHOT CLOCK?

I dislike it immensely. I think you'll never see a Villanova-Georgetown game again. You're putting a premium on the best players winning; not that that's bad, but in my opinion the game was not founded on that. It was founded on coaching ideas and philosophies, and through team work

and playing smart, you always had a chance to win. It takes a lot of strategy out of the game, allows a bad defensive team to just sit in a zone and makes you shoot and rebound at least every 45 seconds at the slowest — and that makes for more shots and rebounds. The big schools that can get the talented players like it because they don't want to get beaten by a team that might not be as talented but is a little smarter.

HOW DO YOU SELL A RECRUIT ON OAKLAND UNIVERSITY?

We may be able to give a kid a better opportunity than a Division I school, but sometimes it's tough to convince him of that. There are tremendous advantages in going to OU. We have the potential to win a national championship. The player has a chance to be an All-American. He might not have as good a chance at a Division I school. We have a beautiful campus in a great location, just 20 minutes from Detroit and two minutes from the Silverdome. You can't compare our academics to any other Division I school in the area except the University of Michigan and Michigan State University.

WHAT IS THE BEST PART OF COLLEGE ATHLETICS FOR YOU TODAY?

The two things that I enjoy the most are game day and going into recruits' homes and meeting their families. We work very hard and put in a lot of hours. Anytime you put a lot of effort into something, the payoff — in our instance game day — is the most exciting part. It's an evaluation of how we are doing our jobs, and gives us a chance to either sit back and smile for a few minutes or go turn on the film projector.

When we go into a recruit's home, it's a chance to make another connection, to get to know more people. Even if we don't get the young man, I enjoy sitting down with his family, having a coke and getting to know them while they get to know me. Recruiting is a tough, tedious business, and this is one of the more pleasurable aspects of it.

WHAT IS THE TOUGHEST PART OF YOUR JOB?

The toughest thing I have to deal with is referees. I probably get a little too emotional, but why not? I realize they are doing the best they can, but sometimes it's tough to handle their decisions. The other tough part is the overall recruiting picture. First you have to decide who you want, then figure out who you can get and then get him. You're always thinking a year in advance, and it goes so fast.

IS THE EDUCATION OF A BASKETBALL COACH EVER COMPLETE?

I think that every X and O that could be figured out has been, but every year you have new talent. Even though you like to keep your system similar, the faces and abilities change, you have new challenges and you have to find different answers. For example, all my teams have been able to pass, so if I have one that can't, I have to ask another coach or open a book and find a drill to help us pass. I don't think any coach knows it all, although some think they do.

WHAT IS YOUR OPINION OF SOUTHEASTERN MICHIGAN AS A RECRUITING AREA?

I think Southeastern Michigan is one of the top five recruiting areas in the country. You have so many schools in the area, from Flint and Saginaw right down to Detroit. If you go to a high school game in Detroit, you'll see coaches from all over — Texas, California, Washington. One of OU's big pluses is being right in the middle of this area.

BOB LEES

Assistant Coach

To say that new Pioneer assistant coach Bob Lees and OU head coach Greg Kampe are good friends would be an understatement. Lees, who met Kampe 10 years ago at the Hoosier Basketball Camp in Lake James, Indiana, was the best man at the OU coach's wedding. Now the pair is reunited on the OU basketball coaching staff.

The 35-year-old Lees brings 13 years of coaching experience to OU, including the last seven as a high school varsity head coach. Lees spent four years at Constantine High School in Constantine, Michigan, and accumulated a 73-16 record at the Class C school. Under Lees, Constantine won three conference crowns and was a four-time district finalist, winning the championship in 1979, the same year he took the school to the regional finals.

From Constantine, Lees moved on to Westview High School in Topeka, Indiana, where he increased the squad's win total from seven in his first year to 19 in 1984-85. Lees' 19-3 unit captured its conference crown on the heels of Westview's 16-8 sectional finalists the previous season. Lees' career coaching record is 192-65, 115-40 as a varsity head coach.

"I've known Bob for a long time and he is truly an outstanding person," Kampe said. "He has had tremendous success as a head coach in high school. The fact that we know each other so well and that he understands my feelings about basketball will make the transition easier."

Lees, who also will serve as facilities director at OU, is a 1972 graduate of Indiana State University with a Bachelor of Science degree in education. He received his master's in secondary

education at ISU five years later. Lees was a three-sport performer at Union City High School in Union City, Indiana, where the basketball squad lost just four regular season games in his three seasons.

Lees, who replaces Jay Lehman at OU, has a wife, Denise, and a daughter, Darby.

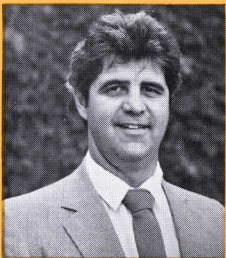

QUOTING COACH LEES

ON COMING TO OU:

I am excited about the challenge of working with Greg and helping him to develop an outstanding program at OU. I was really impressed with Rochester, and when I got a look at the campus it sold me on coming here as much as the job or anything else did.

WHAT WILL THE ADJUSTMENT FROM BEING A HIGH SCHOOL HEAD COACH TO A COLLEGE ASSISTANT BE LIKE?

I think the biggest adjustment will be in the amount of time spent. Greg and I have always had the same concept as far as basketball is concerned. I think the biggest change will be going from being the man in charge to an assistant, but it won't be that tough because Greg and I are so compatible. My high school coaching will be an advantage in recruiting because I know what a high school coach is going through in the recruiting process.

WALT STUDINGER

Assistant Coach

Beginning his fourth year as an assistant coach at OU, second under Greg Kampe, is Walt Studinger, retained by Kampe after serving as an assistant to former coach Lee Frederick for a pair of seasons.

Studinger came to OU from Oxford High School, where he still teaches mathematics. He was head varsity basketball coach at Oxford for eight seasons, and his Oxford squads still hold school records for most victories and most consecutive wins. His 1981 unit won the North Oakland Activities Conference crown.

Studinger was a three-year starter at Wayne State University, where he was honored as Outstanding College Athlete as a sophomore. A member of Wayne's NCAA tournament team as a junior, Studinger had his career cut short by a knee injury midway through his senior campaign. Studinger, who also threw the discus for the Tartars for two years, earned a Bachelor of Science degree at Wayne.

Studinger, the captain of Notre Dame High School's (Harper Woods) 1967 regional finalist team, also has worked international basketball camps. He spent several weeks this past summer in Denmark, speaking on basketball through the Danish National

Coaches Convention.

QUOTING COACH STUDINGER

WHAT ARE YOUR FEELINGS ON FRESHMAN ELIGIBILITY?

I think there is no question that they have proven that they can handle the load athletically. I do think that there is a question as to academics. I believe there should be some requirement or standard that they should reach before being allowed to compete.

WHAT MAKES A GOOD BASKETBALL PLAYER?

First, you must be able to compete at a certain level and have certain skills, such as agility, quickness and good overall athletic ability. After that, it's the dedication, desire, determination and willingness to work that separates the good player from the great player. If you absorb yourself totally into the game, you can make up for a lot of shortcomings. Attitude is one of the most important things, in athletics and other disciplines.

**Meet the
1985-86
OU Pioneers**

1985-86 PIONEER BASKETBALL PREVIEW

Last year's version of the Oakland University men's basketball squad out-scored, out-rebounded and out-shot — from both the field and free throw line — its opponents. Proving that statistics don't win games, the Pioneers finished the year with a 13-15 mark. One reason for the sub-500 record is the injury bug that cost OU two starters and a substantial amount of depth. A close look at the game scores shows an even bigger reason — eight of OU's 15 losses were by six points or less, including three in overtime. In addition, five of its conference losses came at home in games the Pioneers led in the last minute.

"Last year was a learning experience for our players," second-year head coach Greg Kampe said. "It was a complete 180 degree turn as far as learning and teaching go. We were very close to being a good team last year, when you take into account our close losses and injuries. We lost a lot of games down the stretch, but we have learned what it takes to win those games. Now it's up to us to do it," Kampe added.

Experience will be a big plus for OU this year. The Pioneers return seven players who have been starters during their stay at OU. A preseason injury to guard Craig Tonti and a midseason broken ankle suffered by Walter Dixon paved the way for a pair of freshmen, Scott Bittinger and Pete Schihl, to crack the starting line-up. Now Tonti and Dixon are back and healthy, and the two freshmen are experienced sophomores. Combined with returning starters Chris Howze, Randy Strunk and Rob Skinner, all seniors, Kampe has a solid nucleus to build the season around.

"We have a large senior class with a lot of experience," Kampe said. "They know the system, so we won't have to spend the first six weeks of practice learning a new one. The competition will be very keen for starting spots and playing time. That can do nothing but help."

Howze, a legitimate All-America candidate, is the hub of the Pioneers' attack. The All-GLIAC choice a year ago averaged 18.3 points to lead OU. The 6-3 swingman also led in field goal percentage, blocked shots and steals, while ranking high in rebounds and assists. OU's number four all-time scoring leader, Howze averaged almost 34 minutes per game last year and, even with increased team depth, should see at least that much action in his senior campaign.

While Howze will provide the finesse up front, Dixon and Strunk will be the bruisers. The 6-6, 245-lb. Dixon averaged 13 points and eight rebounds per game last year before injuring his ankle, and should regain his starting spot in the pivot. Dixon only showed flashes of his potential before going down last year, and has the size and talent to be a dominant big man in the Great Lakes

Intercollegiate Athletic Conference. Strunk started all 28 games last year and emerged as the squad's number three scorer and rebounder at 11.1 and 6.0 respectively. The consistent Strunk led OU in free throw percentage and nearly doubled his career scoring total last year. One of his many responsibilities this year will be to guard the opposing team's top front court scoring threat.

"For us to be a very good team, Howze and Dixon must have very good years," Kampe said. "Not just run up big numbers statistically, but be very consistent."

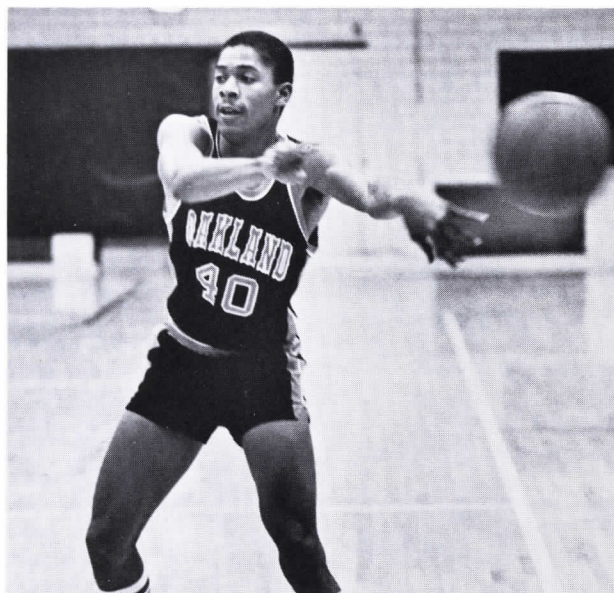

Backcourt incumbents Skinner and Bittinger will be looking to improve on last year's per game output of 19 points and six assists per contest. Both are good shooters and ball handlers, and are equally comfortable at either guard spot. Skinner has been a consistent, big-play player for OU for three seasons, and Bittinger now has a solid year of college experience under his belt.

Schihl and Tonti will see their share of action at forward and guard, respectively. Schihl took over for Dixon in the starting line-up and averaged seven points and five boards per game. The sophomore showed a good shooting eye last year, hitting almost 50 percent of his field goal attempts and leading the GLIAC in free throw percentage in league games. After becoming one of the front-runners for a starting guard berth during the preseason, Tonti went down with a serious knee injury just prior to the start of the year. He returned to action late in the campaign, and should be ready for extensive duty this year. Sophomore swingman Rob Alvin, who averaged four points in a reserve role, and senior Gary Plourde, who saw limited action last year, round out the veterans.

Despite the presence of nine veterans, the Pioneer rookies should have a great deal of influence on the squad. Fenton High School grad Dave Hintz is a strong inside player with the potential to be a dominant rebounder. He could very well see plenty of action as a back-up to both Strunk and Dixon. Another All-State forward, John Henderson from Saginaw's Michigan Lutheran Seminary, has a good left-handed shot and is a gifted scorer. Henderson could very well be the man to provide instant offense off the bench. The third newcomer, slick guard Johnny Johnson, could step into a contributor's role right away. Johnson is an excellent shooter and passer from the extremely successful Detroit Southwestern High School program.

Kampe's goal for the 1985-86 campaign may seem like a modest one, but it would be a giant step for the OU program.

"We think we have a very good chance to become the first team in the school's history to have a winning record in the GLIAC," he said. "Anything more than that we'll take one day at a time. Once we get that ninth league win, we'll begin to look at bigger things,"

Kampe is counting on big years from seniors Chris Howze (left) and Walter Dixon (right).

Photo by Bob Kroska

mpe added.

OU has an early league opener this year, hosting Hillsdale College in the fifth game of the season on December 4. Kampe scheduled the first four games of the year with that in mind. The pioneers will face three Division I schools — the University of Detroit, Western Michigan University and Ball State University — on the road, and host Division II stalwart Northern Michigan University prior to the GLIAC opener.

"The Hillsdale game will be our most important game of the year," Kampe said. "Playing against the teams we play early will be a tremendous learning experience for us, and get us ready for the league. If we are 0-4 and beat Hillsdale in game five, I will consider it a successful start."

What Kampe calls "the toughest schedule in OU history" includes Quincy College, Northeastern Illinois University, Illinois Institute of Technology plus state rivals Aquinas College and St. Mary's College of Orchard Lake in addition to the league games.

The Pioneers were close to a breakthrough season last year in Kampe's debut. With extra added experience and the return of the top seven players from last year, those close games could swing OU's way in 1985-86. Victories in half of the eight would achieve the season goal. Anything more than that could send OU to the top of the GLIAC.

44 JOHN HENDERSON

6-5½, 201, Freshman Forward
Warren, Michigan/Michigan Lutheran Seminary

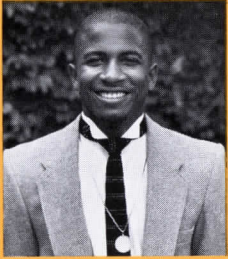

A good scorer who can put the ball in the hoop in many ways . . . possesses a good left-handed shot . . . should also be a strong rebounder . . . earned 12 letters at Michigan Lutheran Seminary in Saginaw, Michigan, four each in basketball, cross country and track . . . averaged 21 points and 14 rebounds per game as a senior to earn All-State, All-League and All-Area honors . . . was All-League and All-Area as a junior, as well as Honorable Mention All-State . . . team MVP as a sophomore, junior and senior . . . won district and regional crowns in his senior year, advancing to the state quarterfinals . . . was All-League and All-County in cross country and track as well . . . was an All-State harrier as a junior and set the school three-mile record . . . majoring in elementary education.

30 DAVE HINTZ

6-5¾, 220, Freshman Forward
Fenton, Michigan/Fenton High School

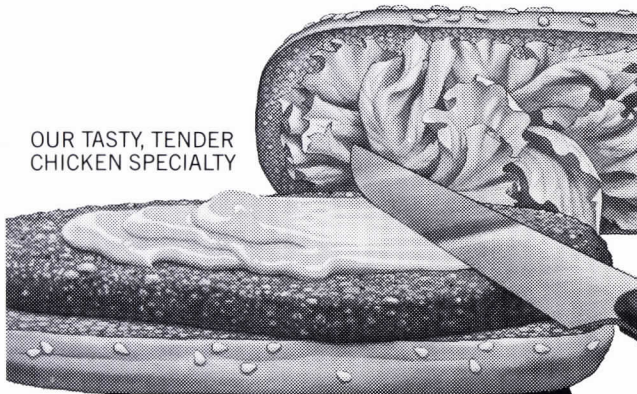

An outstanding athlete, possibly the best on the squad . . . a brute inside . . . will do most of his scoring down low . . . needs to improve his outside shooting . . . has the size and ability to be a dominant rebounder . . . earned All-League and All-State honors in basketball at Fenton High School, averaging 18 points and 15 rebounds per contest . . . led Fenton to the state quarterfinals as a junior, beating Flint Beecher High School with Roy Marble for the regional title . . . Hintz had 25 points and 19 boards in the nine-point victory . . . also earned All-League and All-State honors in track as a shot putter, and All-League laurels as a football tight end . . . caught 36 passes to lead the Fenton gridiron unit to the state quarterfinals as well . . . majoring in biology.

23 JOHNNY JOHNSON

5-9, 178, Freshman Guard
Detroit, Michigan/Southwestern High School

A great shooter and outstanding passer . . . comes to OU well coached from Southwestern High School and Perry Watson . . . comes from a winning program that has produced several outstanding college basketball players . . . size is a question mark, but big things are expected from Johnson . . . earned All-City and Honorable Mention All-State honors . . . a member of the Southwestern squad that won three Public School League titles, two city championships and advanced to the state finals all four years . . . lists as his biggest thrill simply "winning."

FOX COUNTRY: a touch of class...

From the classic Corvette to flashy, fun-loving economy cars, Bill Fox has earned a reputation for selling distinctive "lifestyles" at reasonable prices. A tradition of trust, backed by friendly personalized service years after the initial sale. An important milestone in Bill Fox's 18-year automotive sales and service career was reached in 1984 with the unveiling of the new Bill Fox AMC/Jeep/RENAULT dealership next door to Bill Fox Chevrolet's all new site at the top of the hill in Rochester. "Fox Country" now has greater visibility than ever. Fox Country. The best of both worlds: American quality and prestige with European styling and know-how. Fox Country. For cars, trucks and ultimate road machines. Fox Country. A touch of class.

Coke is it!

"Coca-Cola" and "Coke" are registered trade-marks which identify the same product of The Coca-Cola Company.

GIVE YOURSELF A LOOK.

At BoRics you get haircare exactly the way you want it.

Our trained professionals can cut your hair to match your style or create a new one.

All for only **\$6**.

Our stylists will wet your hair with a special cutting solution, cut your hair into exactly the style you want, and blow it dry.

Personal, professional haircare, with the accent on "Wow!"

BoRics haircare centers are open Monday through Friday, 9 a.m. to 9 p.m. Saturday 9 a.m. to 6 p.m. No appointments are necessary.

Give yourself a look. Visit a BoRics haircare center near you.
