State Road Toll 23—Worst in 67

By The Associated Press

A car whipped out of control on a rain-slick highway last night and crashed head-on into an auto, killing three persons and injuring eight.

The crash on M50 a mile and a half east of Dundee in Monroe County boosted Michigan's weekend highway death toll to 23—one of the highest for any weekend this year. It was one of two triple-fatality accidents yesterday.

Two of those killed and seven of the eight injured near Dundee were relatives

en route to one of their family homes on Mother's Day.

Killed were Mrs. Nancy Shamblen, 26, of Southfield; her 15-year-old brother, Allen Dusseau of Petersburg, and a passenger in the other auto, Mrs. Gertrude Curtis, about 55, of Monroe.

Monroe County sheriff's deputies said the car driven by Mrs. Shamblen's sister, Mrs. Cheryl Dusseau, 19, of Petersburg, careened out of control on the wet highway and struck the auto driven by Mrs. Curtis' husband, Lawrence, 57.

Daniel Dusseau, 12, was taken to St. Vincent Hospital at Toledo, Ohio, in critical condition.

Eight-month-old Karen Dusseau was reported in serious condition at Mercy Hospital in Monroe.

Five other members of the Dusseau family and Curtis were in fair condition at the Monroe hospital.

Also killed: Wayne D. McAuley, 24, of Pontiac, Township, when his car ran off a curve

last night and smashed into a stone fence near Lake Orion.

HEAD-ON CRASH

Brent Hennerman, 10 months, of Lansing, when the auto in which he was a passenger collided head-on last night with a car on M66 in Calhoun County.

Daniel Weir, 16, of Waterford Township, was struck by a car last night on a road in Waterford Township near Pontiac.

Melvin Walter Stolt, 51, of Grand Rap-

ids; Carl Homer McBride, 60, of Charlevoix, and McBride's wife, Ruth, 58, in the head-on collision yesterday of Stolt's and McBride's car on a curve north of the Mecosta County village of Stanwood.

HIT AT INTERSECTION

Ronald Burghdoff, 27, of Battle Creek, whose car was struck yesterday at an 866 intersection in Calhoun County by a car driven by a 16-year-old being pursued by a police patrol car.

Police said the 16-year-old ran a stop sign in Peninsula Township.

Beaver Road and plunged into the Kawkawlin River in Bay County Saturday night.

Leo R. Bjorling, 50, and his wife, Norma, 44, of Wayne, when their car hit a stalled road construction vehicle in Wayne County Saturday.

Helen Jankowski, 45, of Grand Rapids, when she was struck by a car in Grand Rapids Saturday.

2-CAR COLLISION

Charles D. Kaminski, 41, of Richmond, in a two-car, head-on crash in St. Clair County Saturday.

Robert L. Hibbert, 24, of Romulus Township, when struck by a car on Ecorse Road near his home in Wayne County Saturday.

Michael A. Foster, 22, Clare, and Gary W. Kidd, 21, Port Huron, two-car crash on M20, five miles east of Mount Pleasant Saturday.

Howard D. Smith, 64, Michigan Center, two-car crash five miles south of Jackson Saturday.

Susan Goodsell, 2, of Plainfield Township outside Grand Rapids, struck by a car Saturday on U.S. 131 near M44 in the vicinity of her home.

Romney's Eligibility for Presidency Eyed

NEW YORK (AP) — Rep. Emanuel Celler, D-N.Y., suggested Sunday that the Republican party appoint a commission to rule on the eligibility of Michigan's Gov. Romney for the presidency.

Because Romney was born in Mexico,

Celler said, he may not meet a constitutional requirement for the office.

The Constitution stipulates that the president must be a "natural born" citizen. Celler said the records of the debates of the Constitutional Convention do not explain exactly what was meant by "natural born."

Romney was born to American parents and there was no question raised about his American citizenship.

The question, according to Celler, is whether one must be born within the nation's borders to be a "natural born."

SHOULD CLEAR DOUBT

"The matter should be laid at rest by some group of men who are responsible, whose word will be taken," the House Judiciary Committee chairman said. "This is going to plague Mr. Romney from now on. It cannot be left in this kind of doubt."

Appearing on the WNBC-TV "Searchlight" program, Celler also suggested that Congress could pass a resolution on

the question of Romney's eligibility subject to review by the Supreme Court.

Romney's parents, Gaskell and Anne, fled to Chihuahua, Mexico, with others of their religious beliefs, in 1885 when Congress outlawed polygamy, then a common practice in the Church of Jesus Christ of Latter-day Saints Mormon.

The Romneys never gave up their American citizenship.

They returned to the United States during a period from 1911-12 when the Mormon colony was beset by Mexican marauders, including Pancho Villa.

It has been an accepted practice for children of American citizens born abroad or at sea to be accepted by the U.S. government as citizens. But the matter never has been tested in the courts.

Area Isn't About to Blow Its Cool

Weather forecasters blame the unusually cool spring on a wandering jet stream in the atmosphere. And it looks like it will continue off course for at least the next few days as temperatures are expected to average three to five degrees below normal.

Clear skies replaced this morning's

See Story, Picture, Page B-4

showers with the day's high to range between 53 to 63.

Temperatures will fall in the 36-to-42 range tonight as skies remain clear.

Tomorrow, the jet stream will take up on us and let the sun shine and the thermometer warm slightly.

Low temperature reading in downtown Pontiac prior to 8 a.m. was 44. By 1 p.m. it registered 53.

AP Wirephoto

SEARCH CONTINUES — Rescue workers, deep in one of many caverns near Hannibal, Mo., use a metal detector along a passageway in hopes of locating the shovel and two flashlights carried by three young boys missing since last Wednesday. The boys were believed to have been exploring caves which lace the Hannibal hills. (See story, page A-2.)

Road Reopening Due Thursday

Oakland Avenue between Sanderson and the Cass-Montclair intersection will open to traffic Thursday, Robert Coe, project engineer for the Michigan State Highway Department, said today.

At that time, Oakland will be made one-way northbound from downtown Pontiac to the intersection.

Traffic traveling south will be diverted at the intersection onto Cass, which will be one-way southbound, and then flow into West Wide Track Drive.

The general managers of two automobile dealerships at the intersection said

business has suffered since Oakland was closed to through traffic April 27.

"It hasn't been good at all these last few weeks," said Al Bauer of Matthew Hargreaves Chevrolet, 631 Oakland.

TRAFFIC REDUCTION

Robert Luddington of John McAuliffe Ford, 630 Oakland, said "sales have really been hurt," because "traffic past here has been reduced at least 75 per cent."

(Continued on Page A-2, Col. 1)

Area Man, Boy Die of Accident Injuries

A Pontiac Township man and a 16-year-old Waterford youth died early today in Pontiac General Hospital from injuries received in separate accidents yesterday.

Killed were Wayne D. McAuley, 24, of 2142 E. Walton, who crashed into a stone wall in Orion Township, according to Oakland County sheriff's deputies, and Daniel T. Weir, son of Mrs. Raymond Weir of 805 Scott Lake.

Deputies said McAuley was driving south on Baldwin about 10 p.m. when he ran off the road near Indianwood and slammed into the wall.

A witness said McAuley, who died

about 3 a.m., was thrown through the windshield by the impact.

Weir was struck by an automobile as he walked on the edge of Pontiac Lake Road near Orchid in Waterford Township.

'PASSING VEHICLE'

Township police said Robert W. Weinman, 26, of 9132 Cripple Creek, White Lake Township, was the driver of the car.

Weinman told police he was in the process of passing another vehicle when he hit the pedestrian.

The driver wasn't hurt, but the accident is still under investigation, police said.

Legal Battle Under Way Over New Trial for Speck

CHICAGO (AP) — The jury said guilty and recommended death. But a legal battle that could reach the U.S. Supreme Court is getting under way in an effort to save Richard Speck from the electric chair.

Speck, 25, was convicted April 15 for the strangling and stabbing murder of eight nurses whose bound, blood-soaked bodies were found July 14, 1966 strewn through four rooms of a town house on Chicago's South Side.

Today, the lean, tattooed drifter and his counsel, Public Defender Gerald Getty, will appear before Judge Herbert C. Paschen to argue for a new trial and Speck's life.

Getty, 53, is expected to submit that Judge Paschen and the prosecution, headed by youthful William Martin, assistant state's attorney of Cook County—

Chicago — erred judicially during the trial.

The eight-week trial, drawn out by six weeks of jury selection, was held in Peoria after Judge Paschen granted Getty's request for a change of location on the grounds that a fair and impartial jury could not be seated in Cook County.

POLICE PHOTOGRAPHS

Getty is also expected to press for a second trial on the point of appeal that the prosecution produced inflammatory evidence by showing the jury photographs taken by police of the dead girls.

Martin, 30, has prepared legal arguments against the points of alleged judicial error.

If the appeal for a new trial is rejected, Judge Paschen is expected to set a sentencing date sometime this month.

News Flash

WASHINGTON (AP)—The Supreme Court extended to juveniles today substantially the same constitutional protections given adults in criminal trials. The landmark decision is certain to lead to broad reformation of juvenile court proceedings across the land.

GMC Truck Adds Two New Models

Newly designed Suburban station wagon and panel delivery models that combine peak passenger and cargo space with sleek styling and rugged construction features join GMC Truck & Coach Division's truck line for 1967.

The roomy GMC Suburbans provide space for up to nine passengers or as much as a ton-and-a-half of cargo, while the panel trucks have up to 207 cubic feet of load capacity.

Both types of vehicles are 215.5 inches long, have 127-inch wheel-bases and are available in half-and three-quarter versions. They come in either two- or four-wheel drive.

Powering these ruggedly versatile vehicles are 155-horsepower in-line 6s and 175-horsepower V8s. Extra powerful 170-horsepower 6s and 220-horsepower V8s are optional.

Built on a rugged truck chassis the GMC Suburban combines station-wagon styling and comfort with truck performance.

EASY PASSENGER ACCESS

Two curb-side doors permit easy passenger access. Rear loading is simpler, too, with a choice of tailgate or panel-type rear doors.

Passenger comfort features include in-

dependent front wheel suspension and easy-action front and rear coil springs for an extremely smooth ride. Custom equipment includes custom trim, power steering and power brakes, automatic transmission, tinted glass, radio and tachometer.

When used as a combination passenger and cargo carrier, the Suburban seats three adults in the front and pro-

vides 181 cubic feet of cargo space in the rear.

Various seating combinations are available as extra-cost options. All seats are easy to install and remove.

COMPANION MODEL

The Suburban's companion model, the GMC panel delivery truck, offers the

same smooth riding characteristics as the Suburban plus greater capacity and loading convenience.

Rear doors are held at 90 or 150 degrees for loading cargo into the 297 cubic inches of work space. Its nine-foot body has a 50-inch clearance between wheel-housings to permit the flat loading of standard 4-by-8 sheets of plywood and other building materials.

Floor-to-roof clearance at the rear doors is 43 inches, more than ample for loading standard appliances.

Safety-related and convenience features of both Suburbans and panels include instrument panel with padding, glare-reducing paint and flat knobs; padded sun visor; four-way hazard warning flasher; dual master cylinder brake system and thick laminated windshield.

SHOULDER BELT ANCHORS

Other features are front seat shoulder belt anchors and seat belts; telescoping steering shaft; passenger-guard door locks; front seat back lock; corrosion-resistant brake lines; low profile window control knobs; and safety door latches and hinges.

Both types of vehicles have full-support, steel channel frame rails with sturdy crossmembers. A 10-inch clutch is standard with in-line 6 engines and an 11-inch clutch is included with V-8 models.

ROOMY—This GMC Suburban provides space for up to nine passengers or as much as a ton-and-a-half of cargo. (Related picture on page A-2.)

Cuban Seaman Saved by Yanks

HILLSBORO BEACH, Fla. (AP) — A young Cuban seaman, who said he had witnessed three separate incidents in which refugees who dove from Cuban ships were deliberately chopped up by propellers, told the same chance yesterday and made it.

The 21-year-old Cuban, who had an argument with Communist shipmates, dove into the Atlantic 15 miles from the Florida coast and swam for his life toward a passing American charter boat.

"At first, I thought he fell," said Capt. Bernie Hendrix of the King David. So I picked him up and waited until the Cuban boat turned around.

"Then he told us he jumped on his own and that they were going to kill him," Hendrix said.

The captain said by then the Cuban vessel had turned around and was coming straight at the King David.

"I had to really move to avoid getting rammed," he said.

A chase began and Hendrix radioed the U.S. Coast Guard for help. Officials said the Cuban vessel, described as a "long line fisherman," was within 200 yards of the King David when a helicopter arrived and the Cuban ship backed off.

"It was scary," Hendrix said. "I thought they were going to fire on us."

Yank Losses Soar in New Viet Fight

SAIGON (AP) — Heavy ground fighting and severe Communist barrages continued to cause sharply increasing American casualties as a big new battle appeared to be building up between the U. S. Marines and North Vietnamese regulars just south of the demilitarized zone.

The Marines reported 12 dead and 92 wounded in attacks Sunday, and that did not include casualty reports from the day's sharpest pitched battles with the North Vietnamese.

In the air, the U. S. Command announced the loss of three planes Sunday — matching the number of Soviet-built MIG jets downed by American airmen in dogfights over the North.

One U. S. jet was lost to ground fire in the South, making 170 combat planes downed since the war began. In the North, one jet was lost to ground fire and one to unknown causes, making 51 combat planes lost over North Vietnam.

Hanoi claimed seven U. S. jets were downed Sunday.

The three MIGs reported downed brought the American score for the weekend to 10 kills and two probabilities. The Air Force announced seven Red jets were downed Saturday and two probably were brought down.

The three MIGs were downed Sunday during raids four miles from the heart of Hanoi.

U. S. Marines reported killing

110 North Vietnamese regulars in a running battle southwest of Da Nang. The Marines have swept over a hill in the area and are pushing through a jungled valley toward the Ly Ly River.

The fighting there has been going on since last Friday. The Reds have clung doggedly to hidden bunkers and trenches buried in the jungles and along low ridges of the area.

Marine headquarters reported a patrol Sunday discovered a fresh Communist burial ground alongside the battlefield. They counted 73 bodies in North Vietnamese uniforms. This brought to 351 the number of Reds reported killed in the fight, in which 69 Marines have been killed and 311 wounded. This does not include Sunday's casualties, which were not yet reported.

Similar grim fighting was taking place in Quang Tri Province below the demilitarized border. Probes and artillery and mortar fire repeatedly raked the Marine camps at Gio Linh and Con Thien just south of the zone.

GOP Victory Seen as No Help to Hanoi

WASHINGTON (AP) — North Vietnam is doomed to disappointment if it believes a Republican victory in next year's presidential race would end Vietnam war on Hanoi's terms, says a GOP foreign policy spokesman.

Sen. Thurston B. Morton of Kentucky, former GOP national chairman, said Sunday, "Hanoi has a fixation that a change in 1968 will help them. They say 'Wait till the Republicans take over.'"

Morton said in an interview he felt a Republican president could improve the prospects for peace because "there's no doubt we are at an impasse in Vietnam."

But the Kentucky said Hanoi's apparent hope that a GOP chief executive would meet conditions laid down by North Vietnam is a false one. "It won't happen any way. It's not that simple," he said.

PUBLIC CONCERN

Morton said he felt public concern about the war would probably aid Republican congressional candidates next year. He said a hurtling a GOP presidential nominee.

Vice President Hubert H. Humphrey told colleagues Sunday in North Dakota that Vietnam war flare into World War III. Secretary-General U Thant of the United Nations said last week he feared the Southeast Asian conflict was bringing the world to the abyss of all-out war.

"Your president is not going to let this get out of hand," Humphrey said during a panel discussion at North Dakota State University.

3 Hurt by Shot; Pair Arrested

Two men were arrested early today for investigation of attempted murder when a shotgun blast was fired during a party in a Pontiac home, injuring three persons.

Arrested were Ralph Zoltman, 23, of 317 Auburn and Neil Dennis, 21, address unknown.

They allegedly pointed guns at party guests Zoltman had ordered to leave about 2 a.m. at the Auburn address. Officers said the shot was fired from the inside of the house toward the porch.

Wounded were Daniel Rodriguez, 19, of 34 Hillside; James Maynard, 19, of 4344 Meigs Waterford Township; and Charlene Zoltman, 17, Ralph Zoltman's wife.

Rodriguez, who is in fair condition in a local hospital, was wounded with a wound in the back, told police he was on the porch when the shot was fired and was knocked to the ground.

Maynard said he was standing next to Rodriguez and Mrs. Zoltman told police she was in the front doorway. Both were treated at General Hospital and released.

Police said they impounded a 30-30 rifle and a 12-gauge shotgun at the scene.

NEW PANEL TRUCK — The new GMC panel delivery truck has 207 cubic feet of cargo space. It is available in half- or three-quarter-ton weight ratings and two- or four-wheel drive.

quarter-ton weight ratings and two- or four-wheel drive.

China Presses Hong Kong Rift

HONG KONG (AP) — Red China put official pressure on Britain today to meet Communist demands in Hong Kong, and Red newspapers in the colony urged Chinese residents to renew anti-British fighting. But Hong Kong was generally quiet.

The Communist campaign unfolded similarly to that in the neighboring Portuguese colony of Macao. After anti-Portuguese rioting there and ominous patrols by Red Chinese gunboats, the colonial administration capitulated to demands for admissions of guilt and compensation to victims.

A Chinese Foreign Ministry note handed to D.C. Hopson, the British charge d'affaires in Peking, accused the British of "fascist atrocities against Chinese workers and residents" and demanded punishment of "all those responsible."

There was no immediate reaction from London.

RED PAPERS

Both major Communist newspapers in Hong Kong, Ta Kung Pao and Wen Wei Pao, said in front page red ink stories: "We are not afraid of their concentration camps. They are not big enough to imprison all our Chinese compatriots. We must dare to fight at any time and any place."

30-Year Man Heads Local at GM Truck

Joseph M. Arthur, a 30-year employee at GMC Truck & Coach Division, has been elected to a two-year term as president of Local 594, succeeding Robert White.

Arthur, 48, of 3302 Grant, Avon Township, will take office June 11.

A machine set-up man and chairman of the shop committee for Local 594 for several years, Arthur received a majority vote in the election last Thursday against two other candidates.

The local's election will resume at 2 p.m. Wednesday to select a skilled trades zone representative and a recording secretary because a majority vote for these offices was not received in last week's election.

Other newly elected local officers are Marty Holt, vice president; Ralph W. Pickrell, financial secretary; Robert Alderman, guide; and trustees Cliff Wallace, Andy Carler and Guy Coleman.

Incumbent Elroy Mack was unopposed in his bid for reelection as sergeant at arms.

Holly Boy, 11, Killed by Train

An 11-year-old Holly boy was killed by a train Friday evening near the central part of Holly village.

Dead is Dale Falk, son of Mr. and Mrs. Don L. Falk, 303 S. Saginaw. The family's home is three blocks from the crossing.

Holly police officers witnessed the accident and said the child darted in front of the train.

He was pronounced dead at the scene by a coroner, Dr. Gerald Buchanan.

Leads Are Checked in Search for Boys

HANNIBAL, Mo. (AP) — All leads, however scant, will be thoroughly checked before the search for three missing Hannibal boys is called off, officials said today.

The search for Billy Hoag, 11, Joey Hoag, 13, and Craig Dowell, 14, entered its fifth day. The boys were believed to be exploring caves when last seen Wednesday.

Some of the numerous volunteers concentrated on the caves which lace the Hannibal hills, while others remained above ground searching the Mississippi River bluffs.

Caves were methodically inspected under the direction of William Karras, 44, of White Elm, Mo. Karras is president of the Speleological Society of America and has taken part in numerous underground rescue operations.

LOST UNDERGROUND

Karras said Sunday night he was positive the boys were lost underground. But, he said to the father of the Hoag brothers, "If those boys are on the surface we should try to communicate with them. They might be alive and well but afraid to come home."

Later Mr. and Mrs. Mike Hoag issued pleas for the boys to return.

"Joey, Joey, Billy," Mrs. Hoag said as tears streaked her face, "Please come home. You won't be punished. You know we love you. Please come home before I have a heart attack. Your brothers and sisters all love you," she said. The Hoags have five other sons and four daughters.

Residents of the area, about 100 miles north of St. Louis, have provided numerous leads at the request of the search leaders. None of the clues has been valuable so far.

As the search continued, cave expert Karras estimated about \$50,000 has been spent in the operation although most of this was in donated labor. Church groups from throughout this city of 20,000 population continued to maintain hot meal service for the men in the search parties.

House leaders currently don't plan to try to increase the financial allowances, preferring to let the more friendly Senate handle that detail.

Burglars Use Firm's Truck to Haul Away Loot

Thirteen television sets and several radios were stolen from a Pontiac business by burglars who used the firm's panel truck to haul away the loot, city police were told early yesterday.

Investigators said a power line was severed to cut the alarm at Hod's TV and Radio Service, 770 Orchard Lake.

Estimated value of the stolen items, including the truck, is more than \$3,500.

Police said entry to the building was made by breaking a window.

In 1966, it is estimated that 16 per cent of the free world's total oil supplies came from under water operations.

Nearly 50 Arrested in 2 Pontiac Raids

Nearly 50 persons were arrested Saturday when police from three area departments raided two alleged illegal gambling establishments in Pontiac.

The raids were carried out on homes at 466 Irwin and 205 Branch by officers from the Pontiac Police Department, Oakland County Sheriff's Office and the Michigan State Police.

Three persons at each of the addresses were charged with conspiracy to violate state gambling laws.

Those accused of operating the games at 466 Irwin are Cecil Reece, 37, of that address; Philip D. Hollins, 34, of 377 S. Marshall; and Isham James, 26, of 529 Orchard Lake.

China Presses Hong Kong Rift

Birmingham Area News

Parents to Get Medal for Son Killed in Viet

The Navy Cross will be awarded posthumously to the parents of a sailor killed in Vietnam in a ceremony at Shreveport at 2:30 p.m., tomorrow.

Receiving the medal will be Mr. and Mrs. Peter Orlando of 2488 Yorkshire, parents of Peter Orlando.

Orlando, a hospitalman, was killed March 4 by a mortar explosion while tending a wounded Marine.

In the event of rain, ceremonies will be conducted in the community house.

Deadline for two Birmingham area school ballots for the June 12 election passed over the weekend.

Both the Birmingham and Bloomfield Hills district voters will be faced with the county-wide one-half mill levy request for a system of vocational training schools.

Otherwise neither district has a millage question.

In the Birmingham district, five candidates seek two 4-year seats. Incumbents are Mrs. Kathleen B. Hiflinger of 15969 Dunblaine and Dr. Charles A. Leach of 900 Wimbledon.

CHALLENGERS

Challengers are Dr. Oscar K. Search, 4082 Whispering Pines, Mrs. Blanche W. Bell of 1665 Quanton and George T. Mann of 15940 Villa.

Three persons seek an unexpired one-year term: Roger L. Coombs of 171 E. Lincoln, Herbert L. Ring of 3238 Derby and John C. Siegmund Jr. of 315 Hupp Cross.

In the Bloomfield Hills district, two office-holders are running unopposed for four-year terms: Richard H. McGraw of 1438 Sodon Lake and Dr. Charles L. Bowers of 3555 Franklin.

CUNNINGHAM He ran for the Circuit Court bench in Oakland County last year. He is married and has a daughter attending Washington Junior High School.

Covault, 30, is chief of court operations for the office of the prosecuting attorney of Oakland County. He is currently a representative of the Oakland County Bar Association on the Pontiac Human Relations Committee.

A Pontiac resident for two years, he earned degrees from Michigan State University and the University of Detroit School of Law.

Covault is a former employee of the U.S. Treasury Department in Washington, D. C. He and his wife have three children.

Others in the race are two current board members whose four-year terms expire — Monroe M. Osmun, a businessman, and Russell L. Brown, a teacher.

Victor L. Smothers, a painting contractor, and Ronald A. Rogers, a state social service supervisor, are the other candidates.

850 Pct. Difference in Prices of Drugs Is Reported in NY

WASHINGTON (AP) — A study of 850 per cent in drug prices in New York City was reported today by William Haddad, president of the Citizens Committee for Metropolitan Affairs.

But chances are only 1 in 6,000 that a drug will survive research tests and go on the market, so "the successes have to pay for the failures," said C. Joseph Stetler, president of the Pharmaceutical Manufacturers Association.

Haddad and Stetler combined in testimony prepared for a Senate Small Business subcommittee investigating drug prices.

Haddad said the highest drug prices invariably are charged in low income areas. "The poor

are the real victims of high drug prices," he added.

PROFIT LIMIT ASKED

In other prepared testimony, Arthur Levine, New York State comptroller, called for a profit limitation on drugs.

Noting that New York State annually buys more than \$4 million worth of tranquilizers, he said it is "unconscionable for the state to be forced to submit to monopolistic exploitation in the purchase of drugs."

Stetler urged Congress to approach with caution any proposals to regulate drug prices. He said present prices allow manufacturers to continue research, which he said costs up to \$1 million a day.

The alternative to industry research would be to let the government do it, he said, adding "there is little in the record to commend this course of action."

OBJECTS TO SPEECH

Stetler took issue with a Senate speech April 28 by subcommittee Chairman Gaylord Nelson, D-Wis. He said Nelson suggested that the sick can get cheap bargains in drugs and patients should try to influence doctors about which drugs to prescribe for their ailments.

"Much is made by some critics of the industry of so-called generic drugs," Stetler said. He added that some suggest that doctors prescribed drugs by generic name rather than by trade name, immense savings would result.

Patients' best interests are served only if the doctor's judgment is unrestricted as to the medicine to be prescribed, Stetler said.

Forecast

Figures Show Low Temperatures Expected Until Tuesday Morning

NATIONAL WEATHER—Rain is forecast tonight for the Northwest and most of the Atlantic states. Cooler temperatures will prevail in the East except for the Southeast.

\$4,000 Damage in House Fire

A house fire at 240 S. Lynn, Waterford Township, Saturday caused an estimated \$4,000 damage.

Township fire fighters listed damage at \$3,500 to the building and \$500 to contents.

The 2½-story frame home was valued at \$11,000 according to firemen. Owner and occupant is Ronald Frasse.

Firemen said the blaze started by a charcoal stove.

They answered the alarm at 10:59 a.m. and remained at the scene for nearly two hours. However, the fire was extinguished in 55 minutes.

No one was injured.

Radio Personality to Address Scouts

Dr. Thomas Hagai, noted speaker and radio personality, will be the featured guest at the Clinton Valley Council of Boy Scouts of America's annual meeting Thursday, 6-6 p.m., dinner meeting is at the Oakland Center, Oakland University.

Other meeting highlights include presentation of Silver Beaver awards, the council's highest honor, to four adult leaders for distinguished service and the election of officers.

Dr. Hagai, known for his daily radio program, "Values for Living," has said "Only hobby is the Boy Scouts of America which I consider our finest preventative medicine in combating delinquency among male youth."

Treasure Trove of Pocket Losses

LOS ANGELES (AP) — A salesman in a jewelry shop here always sat in a big armchair when no customers were in the store.

Three months ago, the salesman died. Sarah E. Quiley, the store owner, decided recently to have the chair examined closely.

Found were about 40 coins, three pocket knives, a key for a pocket watch, a gold and platinum Shriners pin and a few other items. One coin dated 1856 has been valued at \$17.

Mrs. Hattie Fodge

COMMERCIAL TOWNSHIP — Service for Mrs. Hattie Fodge, 86, 3168 Chenoa was to be today at Ridgeway Mortuary, Paris, Tenn. Burial was to follow in Tennessee. Local arrangements were by Richardson-Bird Funeral Home, Wall Lake, Ala.

Mrs. Fodge died Friday.

Surviving are two daughters, Mrs. Josie Diggins of Union City, Tenn., and Mrs. Orla Benton of Detroit; a son, Albert of Birmingham, Ala.; a brother; seven grandchildren; 21 great-grandchildren; and two great-great-grandchildren.

Deaths in Pontiac Area

Mrs. E. Gamersfelder
LAKE ORION — Service for former resident Mrs. Joseph (Suzanne) Gerdes, 27, of Jackson will be 10 a.m. tomorrow at Richardson-Bird Funeral Home. Burial will be in Holy Sepulchre Cemetery, Southfield. A Rosary will be said at 8 tonight at the funeral home.

Mrs. Gerdes died Friday.

Surviving are two daughters, Mrs. Anita Callison of Harrison and Mrs. Velma Beaufort of St. John; a son, Lyle of Dearborn; a brother; seven grandchildren; and five great-grandchildren.

Mrs. Joseph Gerdes

WALLED LAKE — Service for former resident Mrs. Joseph (Suzanne) Gerdes, 27, of Jackson will be 10 a.m. tomorrow at Richardson-Bird Funeral Home. Burial will be in Holy Sepulchre Cemetery, Southfield. A Rosary will be said at 8 tonight at the funeral home.

Mrs. Gerdes died Friday.

Surviving are two daughters, Mrs. Anita Callison of Harrison and Mrs. Velma Beaufort of St. John; a son, Lyle of Dearborn; a brother; seven grandchildren; and five great-grandchildren.

Mrs. George Souter

BIRMINGHAM — Service for Mrs. George (Alison M.) Souter, 72, of 1043 N. Woodward will be 2 p.m. tomorrow at the Manley Bailey Funeral Home, with burial in White Chapel Memorial Cemetery, Troy.

Mrs. Souter died Saturday. A former Detroit school teacher, she was a member of First Presbyterian Church and the Good Cheer Club, Detroit.

Surviving are her husband; two daughters, Mrs. Janet Wood of Pasadena, Calif.; and Mrs. Sue Lewis of Indianapolis, Ind.; a son, George H. of Birmingham; nine grandchildren and a sister.

Memorial tributes may be made to Camp Oakland.

James H. Vhay Sr.

BLOOMFIELD HILLS — Requiem Mass for James H. Vhay Sr., 83, of 283 Woodward will be 10 a.m. tomorrow at St. Hugh of the Hills. Burial will be at 8:30 tonight at Bel Chapel of the William R. Hamilton Co., Birmingham.

Mr. Vhay, founder and owner of Vhay Assoc., commercial artists, died yesterday. He was a member of the late William Vhay, pioneer developer of Bloomfield Hills.

Surviving are two sons, James H. Jr. of Danbury, Conn., and David J. of Royal Oak; a granddaughter; and three sisters.

Memorial tributes may be made to the Michigan Cancer Society.

Marriage Licenses

David E. Hodges, 1425 Bletley and Eva L. Wilson, Farmington and Ann Arbor, were married Saturday at the home of the bride's parents, Mr. and Mrs. W. L. Wilson, Farmington. The bride is the daughter of Mr. and Mrs. W. L. Wilson, Farmington. The groom is the son of Mr. and Mrs. W. L. Wilson, Farmington.

James L. Wood, 200 East Chicago and Cheryl L. Wood, 200 East Chicago, were married Saturday at the home of the bride's parents, Mr. and Mrs. W. L. Wood, 200 East Chicago. The bride is the daughter of Mr. and Mrs. W. L. Wood, 200 East Chicago. The groom is the son of Mr. and Mrs. W. L. Wood, 200 East Chicago.

Raise in Debt Ceiling Asked

WASHINGTON (AP) — Secretary of the Treasury Henry H. Fowler asked Congress today to raise the ceiling on the national debt to \$365 billion, up \$29 billion from the present ceiling.

At present the permanent ceiling is \$325 billion, and various temporary increases have been granted on top of that.

The latest of these expires June 30, at which time, Fowler said, the debt is expected to be about \$327 billion.

Slight Delay Along the Way on Mom's Day

Delivery was slow Saturday night on some Chicken Delight dinners and Mother's Day floral gifts.

Troy police report a Suburban Floral Delivery van driven by Daniel Z. Ususan, 19, of Madison Heights wound up going through the glass display window at the Guardian, Inc., building, 2011 Livernois.

Ususan was advised to see a doctor.

The driver of a Chicken Delight truck, Robert Raine, 17, of Clawson was ticketed for failure to yield right-of-way to Ususan.

Talk on Heart

Dr. Roy V. Cooley, a Pontiac physician, will speak tomorrow night on "Your Heart and How to Keep It Going" at the weekly 8 p.m. health meeting at the Lakeside Community Center, 583 Branch.

The program, open to the public, is sponsored by the North Oakland Opportunity Center of the Oakland County Commission on Economic Opportunity in cooperation with the American Heart Association.

Wounded Man Listed as Fair

An Avon Township man, shot in the back during a holdup early Saturday morning, was listed in fair condition today at St. Joseph Mercy Hospital.

The victim, Donald Close, 23, of 2948 Alexander, and three companions were assaulted by six youths after being taken to the city's south side by a hitchhiker who told him he could get them beer after hours.

The 4:20 a.m. shooting occurred on Howard McNeill between Clove and Branch.

Also shot when he refused to get out of the car was Harwood Gladding, 20, of 2372 Auburn, Avon Township.

He was released from the hospital after being treated for a superficial chest wound.

Aircraft Falls, Pilot Killed

DETROIT (AP) — An autogyro put together from a mail-order kit fell and carried its pilot to his death Sunday in western Wayne County.

The crash victim was Royce D. Nygard, a precision machinist from Southfield. The aircraft belonged to his brother-in-law, Alex Serwatowski of Dearborn Heights.

An autogyro looks something like a helicopter. It has a peller that give it forward motion and free running rotor blades which give it lift. The rotor is driven by the propeller's air stream.

Highland Twp. Girl Injured as Car Hits Horse

A 14-year-old Highland Township girl was injured Saturday when struck by a car while riding a horse on M59 in Highland Township.

Reported in fair condition in Pontiac General Hospital is Kathleen Johnson, daughter of Mrs. Frances R. Johnson of 4300 W. Highland.

Allen L. Hokeizer, 35, of Flint, driver of the car, told Oakland County sheriff's deputies he was traveling west on Highland about 4:20 p.m. when the horse bolted across the road and he was unable to stop in time.

The horse was killed, according to deputies.

1,800 Are Expected at Talk by Gregory

A capacity crowd of 1,800 persons is expected to attend a talk by comedian Dick Gregory tomorrow night at Bloomfield Hills High School.

"An Evening with Dick Gregory" is a presentation of the Oakland Community College 1967 lecture series.

All tickets for the 8 p.m. performance have been distributed, but some admissions may be available if ticket holders fail to attend, a spokesman said.

Keeps in Practice

BRENTWOOD, N.Y. (AP)—When Ptl. Gus J. Guteres delivered an eight-pound boy here recently, it was almost a routine assignment for him. The Suffolk County policeman, himself the father of four, has delivered nine babies in the past nine years.

Sealed bids for work for the Oakland Community College, Orchard Ridge Campus, Phase II, will be received by the College at the office of Kenneth J. Hokeizer, 35, of Flint, driver of the car, told Oakland County sheriff's deputies he was traveling west on Highland about 4:20 p.m. when the horse bolted across the road and he was unable to stop in time.

The horse was killed, according to deputies.

Body of Youth Found in Auto

An 18-year-old youth was found dead in his car at a service station in Orion Township early today, according to Oakland County sheriff's deputies.

Investigators said Frederick W. Fennerson, 30, of F. O. Persimmon, 815 Hemming Way, Lake Orion, apparently died of carbon monoxide poisoning. He was discovered slumped in the front seat at the Clark Station, 799 S. Lapeer.

Music Store Is Broken Into

Burglars made off with goods worth \$1,582 in a break-in Saturday at Pontiac Music and Sound, 3101 W. Huron, Waterford Township.

Reported missing were four microphones, two speakers, two guitars, an amplifier and a tape recorder.

Township police said entry was gained through a window.

QUIET COVE

The chill of early morning envelops the cove. Intermittent sunlight chases the drifting ground fog, exposing the blues of the sea, the browns of sand and rock. A few yards off-shore sea lions bark and roll over to bask in the warming sun while seagulls wheel, screaming overhead.

As day progresses, La Jollans come to their beach, to walk along the shore and stare at the sea. Children dance at the cold ocean edge, then warm themselves by standing in tidepools, gazing at the myriad sea creatures trapped there.

At noontime, business people come from town to sit on the grassy-topped cliffs for a lunch of sun and sandwiches. Here and there, artists set up easels and paint the small, quiet cove in its changes of light and water.

Farther out, in the rougher Pacific, whales blow streams of water high in the air as they make their yearly pilgrimage from Alaska. Sandpipers skip along the water's edge, playing games with the waves then are chased away by children on their way from school. Racing along the minute beach, the kids scramble up the path to cliff top, rolling and pommeling one another.

Just before twilight, the sea becomes calmer and its blues deepen toward gray. Seabirds congregate to make ready for night. A lone person stands above the cove and watches the California sky turn golden, then blaze into fire tones of red and orange. Day draws to a close at La Jolla Cove.

This Week's AP Newsfeatures PICTURE SHOW by San Diego Union-Tribune photographer Jerry Rife.

Mart Active, but Takes Slide

NEW YORK (AP)—The stock market moved irregularly lower today in active trading. Losses of fractions to a point or so outnumbered gains. A continuation of last week's market weakness was combined with reports of a doubtful economic outlook and a slight drop in April industrial production to bring about selling, brokers said.

Studebaker, however, advanced about a point and a half on a report that it is holding merger discussions with Worthen Corp.

Progress Made as Negotiations Go On

GENEVA (AP) - The Kennedy Round negotiators passed their self-imposed deadline but kept working today after making more progress toward lowering tariff barriers affecting an estimated \$10 billion a year in international trade. Some officials thought it would take another night session—the fourth in a row—to clean up the details.

Deadline. Past in Tariff Talks

At Gulf of Mexico ports, the new price will be \$1.73 for hard red winter wheat. Exporters forecast market prices increasing possibly as much as 20 cents a bushel over the next three years.

6th Graders Look Ahead to College in OU Plan

A group of sixth grade pupils—potential college students—are being oriented to college life at Oakland University seven years ahead of time.

Attorney to File Anti-DST Suit

DETROIT (UPI) - A Detroit attorney was expected to file suit in U.S. District Court today in another move to keep Michigan on Eastern Standard time.

Business Notes

Waterford Township police are investigating a break-in at Cray Junior High School, 501 N. Cass Lake, Saturday in which \$25 and three wristwatches were reported stolen.

Successful Investing

By ROGER E. SPEAR
(Q) "I own 20 shares of Pacific Telephone. I could switch these into Pacific Northwest Bell Telephone and get seven more shares at current levels. Should I do this?" H. B.

(A) The reason you can make this exchange is that Pacific Telephone pays a higher dividend than its sister system. You would acquire 7 more shares but you would increase your income only 1 year. Both stocks operate in growth territory but Pacific Tel's outlook has been moderately dimmed by reduction of its allowable rate of return. On this basis only, I would make the switch.

Bankers Show Concern

By JOHN CUNIFF
AP Business Analyst
NEW YORK - As the advance agent of the cashless society, the credit card hardly has tried to hide its identity. It is known now to millions of Americans.

Credit Card Stirs Row

Another banker warns that the credit card society may indeed be the forerunner of the cashless society because so many people will overspend they'll have no money left anyway.

Some Bankers, in Fact, Have Declined to Get in on What's Called the Card Craze.

These are among the present maneuverings and controversies that may well be the predecessors of the checkless and cashless society. They are part of an evolution to automation. The outcome isn't clear, but the card is its present symbol.

MAJOR FORM OF CREDIT

Once these cards were associated mostly with dining, entertainment and travel. But the hundreds of cards issued by banks can do anything money can do except light cigars.

Already the Card has become a major form of installment credit through arrangements between banks and department stores. Both buyer and seller benefit. The buyer obtains credit through possession of the card. The seller receives full payment from the bank, which then collects the "easy payments."

This process, too, is evolving. The many credit cards could, conceivably, be replaced someday by a universal card good almost anywhere. This card would be a person's chief identification. It might even carry his Social Security number.

If this took place we would be moving closer to the checkless society, in which funds would move instantly by wire. There would be no physical transfer of funds and no return receipt such as provided by a canceled check. Wouldn't an electronic, printed receipt be just as good?

LOSE ADVANTAGE

In the checkless society the card holder would lose one advantage. Originally he would have had a time lag before being asked to pay. In the fully automated bank his account would be debited immediately after the seller's account credited.

Someday, the visionaries say, a person might not even see his pay stub. His salary will simply be deducted electronically from his employer's account and credited to his. Perhaps his bills might be paid automatically also. He would hardly need cash.

Those bank-free days, however, are years away.

GRAND RAPIDS (UPI) - A Detroit attorney was expected to file suit in U.S. District Court today in another move to keep Michigan on Eastern Standard time.

Attorney George E. Lee said his suit, on behalf of two citizens, was based on the fact that the new federal Uniform Time Act specifies the nation's clocks should be turned ahead for daylight time on April 30 and left there until Oct. 29.

"We contend that time changes can be made only on those two Sundays," he said.

Michigan, which passed a law exempting itself from the federal law, lost its chance to change to daylight time when April 30 passed by, Lee said.

The lawyer said his suit would not attempt to challenge the petitions collected by proponents of daylight time and now under consideration by the State Board of Canvassers. The petitions would put Michigan on daylight time by nullifying the state's time exemption law.

PARADE INCIDENT—Man described by police as an "antiparade demonstrator" peers at camera Saturday through tar and feathers dumped on him on Fifth Avenue at 78th Street. Feathers also cling to the policeman at left. Incident was during parade in New York supporting Americans in Vietnam. The tar and feather victim was taken to a hospital.

Lake Michigan Is Choice for Research Sub Tests

ANN ARBOR (AP) — Scientists will plumb the depths of Lake Michigan next month in a small submarine being tested for research work.

Seventeen dives are scheduled for the two-week testing period and University of Michigan researchers, who are handling the project, said the effort would give man his first view of the lake's depths.

The two-man sub, Star II, was leased from General Dynamics Corp. It is just back from a Caribbean expedition, where it was taken to depths of 200 feet.

The sub, builders say, can safely descend 1,200 feet under water, putting Lake Michigan's bottom, 920 feet at its deepest spot will within reach.

Researchers said they will attempt to learn more about rock formations, living habits and movement patterns of fish, depths of rooted plants and the sediment on the bottom of the lake.

The submarine, 18 feet long and weighing five tons, has a 12-mile range at almost five knots. It's mother ship will be the Woodbine, a Coast Guard cutter.

The Star II carries a 250-pound payload of cameras and other equipment which will be used in the effort.

A crew composed of a U-M scientist and an operator from the Electric Boat Division of General Dynamics will man the sub on its dives.

Policeman Foils Attempted Holdup

DETROIT (UPI) — a policeman on his way to work foiled an attempted predawn holdup yesterday.

Police said Charles Menard, on his way to work at the Detroit Zoo, stopped for a red light in the city and saw a car driven by John Taylor pull up alongside another vehicle.

Taylor jumped out brandishing a gun, police said, and pointed it at Helen Thomas, a passenger in George Stevens' car.

Menard got out of his car and ordered Taylor to surrender.

At this point, Stevens started to leave the scene. Taylor jumped on the hood of Stevens' car, officers said, and Menard took off in hot pursuit in his squad car, firing four shots.

When Stevens stopped, a somewhat shaky Taylor slid off the car and meekly surrendered.
