Roasting 90-Degree Heat to Continue

Ike Signs World A-Pact, Asks Cut in Oil Imports

WASHINGTON (INS) — President Eisenhower has asked the petroleum industry to cut imports of crude oil 10 per cent to protect national security.

The chief executive warned yesterday that compulsory quotas probably will be imposed unless the industry accepts the plan.

Eisenhower directed that the plan be put into effect as soon as possible after receiving a report warning that proposed oil imports threaten to impair national security.

The voluntary plan would operate on a company-by-company basis for one year. All oil importers will be requested to cut their average crude oil imports 10 per cent below the level for 1954-56 with some exceptions.

The program would not apply to the West Coast, where imports are not expected to exceed 275,000 barrels a day.

Interior Secretary Fred Seaton explained the program at a White House News conference and said he favored exhausting every possible volunteer approach before imposing compulsory controls.

★ ★ ★

Senate Democratic leader Lyndon Johnson (D-Tex), applauded what he termed the "long overdue action." He said it would permit domestic production to increase and create sufficient supply "to meet our military needs under any emergency."

Johnson said: "The action today constitutes an important step. All Americans will benefit if it is carried out in the spirit in which it was made."

There are seven major importers who would be affected by the 10 per cent reduction. They are Atlantic, Gulf, Sinclair, Socony, Standard of California, Standard of New Jersey, and Texas.

4 From County Killed in Traffic

Fatal Crashes Claim Girl, 8; Pontiac Woman; 2 From Royal Oak

Four Oakland County residents were killed in two separate highway accidents yesterday.

Dead are: Frank Wollever, 52, of 1018 Montrose St., Royal Oak; Mrs. Betty Wright, 48, of 99 Florence Ave., John A. Wilson, 38, of 1304 Woodsboro St., Royal Oak; and Patricia Marie Smith, 8, of 3460 Breckenridge Rd., Birmingham.

Woolever and Mrs. Wright were killed last night in a three-car accident on M24 at the junction of Hunters Creek road, near Lapeer.

Lapeer County Sheriff's Deputies said Woolever smashed into the rear of a car driven by Iva Mae Barber, 37, of Metamora, as she attempted to make a right turn.

Both he and Mrs. Wright were thrown from the car and struck by an oncoming car driven by Ralph Swain, 54, also of Metamora. Swain told deputies he could not stop in time to avoid them. He was not held.

★ ★ ★

The eight-year-old Smith girl, daughter of Mr. and Mrs. Arnold W. Smith, was killed when hit by the car driven by Wilson.

The child was standing alongside U.S.10 about 15 miles north of Flint with her grandmother, Mrs. Louise Stowe, 64, of Royal Oak.

Wilson reportedly lost control of his car, striking the girl and then swerving into a tree killing himself.

The child's grandmother escaped with minor cuts and bruises. Police do not know why the child and her grandmother had stopped their car and were standing next to it.

Ex-Mayor Bowles of Detroit Dies at 73

DETROIT (AP) — Charles Bowles, former Detroit mayor and controversial figure in Motor City politics during the 1930s, died in Henry Ford Hospital last night. He was 73.

Bowles entered the hospital July 16 for observation. An autopsy was scheduled today to determine the cause of death.

Bowles, the only Detroit mayor to be recalled during a term of office, ran unsuccessfully twice before being elected on Nov. 6, 1929.

On July 22, 1930, he was recalled from office and subsequently lost a special mayoralty election in September of that year to the late U. S. Supreme Court Justice Frank Murphy.

Delinquency Old Stuff

ALBUQUERQUE, N. M. (AP)— There's nothing new in juvenile delinquency, Lt. Jack Chappell of the Albuquerque Police Department told Kiwanis Club members here recently that recorded history shows the ancient Egyptians had similar difficulties with their youngsters almost 6,000 years ago.

Brucker Will Inspect

PARIS (AP) — U.S. Army Secretary Wilber M. Brucker flew to Paris today to start an inspection of American Army installations in Europe and visits to Atlantic Alliance partners.

WASHINGTON (AP) — The United States has formally become a member of the International Atomic Energy Agency, an outgrowth of President Eisenhower's 1953 'atoms for peace' proposals.

Eisenhower signed the pact yesterday, enrolling this nation in the agency.

His signature formally brought IAEA into being since its establishment depended on the ratification by three major atom powers.

Russia and Britain were the first two major powers to adopt the pact.

The United States was the 22nd nation to ratify the plan. The Senate approved it June 18, 67-19.

Under the international agency plan, the President may enter into agreements with the agency whereby uranium 235 would be made available for distribution in other countries for peaceful purposes.

A bill pending in Congress would require prior consent of both houses of Congress for each transfer of fissionable material to IAEA. The administration opposes the measure.

Eisenhower signed the agreement yesterday in a brief ceremony at the White House.

"The known facts of atomic science remind us that the interests of the nations of this age are indivisible," he said.

"Nations must unify their actions if this new-found power and knowledge are to create, not to destroy."

DSR Riders Face Change in Fares Effective August 1

DETROIT (INS) — Mayor Albert Cobo and the DSR Commission have approved 10-cent bus fares for short rides in the Detroit business district and 15-cent fares on the extremities of the Grand River and Gratiot lines.

The Commission went even further in setting the reduced rates than was expected by DSR General Manager Leo J. Nowicki, who recommended the fare within the business district be cut from the regular 20 cents to 15 cents.

The new fare rates go into effect Thursday.

At the same time, the Commission authorized the elimination of the bargain sales of 10 bus tickets for $1.75.

Also approved was Nowicki's proposal that $1,200,000 of the DSR's debt, falling due this year, be refunded.

Martin in Washington

WASHINGTON (AP)—Michigan's new Republican national committeeman, John B. Martin Jr., was here today for a series of meetings with one major topic —the 1958 campaign in Michigan.

Baby Left on Corner

BAY CITY (AP) — A new-born baby girl was found abandoned today on a downtown Bay City street corner. The child, weighing five pounds seven ounces, was taken to Bay City General Hospital where her condition was described as "fine."

Shorts, Sport Shirts Beat the Heat

Pontiac Press Photo

HEAT BEATERS — Hank Myers (center) thought the heat had gotten to his fellow salesmen today at Osmun's Men's Wear, 51 N. Saginaw—the crazy guys were running around in their shorts! Actually Norm Wechler (left) and Sid Siegel had just plain rebelled against the heat and sold each other Bermuda shorts and sport shirts to wear in a "beat the heat" campaign. The two Bermuda clad salesmen are shown here trying to convince their leary friend that "shorts and sport shirts are the beat the heat remedy of the week."

Fighter Jackson 'Fair' in Hospital

Kidney Condition Stops 'Hurricane' 5 Hours After TKO by Patterson

EAST MEADOW, N. Y. (AP)—Battered heavyweight challenger Tommy (Hurricane) Jackson was taken to a hospital with a urinary condition today, five hours after he was TKO'd by champion Floyd Patterson.

Authorities at Meadowbrook Hospital said Jackson's condition

(Story of Fight Page 19)

was fair. They were awaiting results of chemical, X-ray and microscopic tests undergone by the eccentric, 25-year-old fighter.

Dr. George Erickson, assistant superintendent of the hospital, said it had not been determined whether the ailment had any connection with the fight.

"There was blood in the urine when he was admitted," Dr. Erickson said. "There is a question as to whether there was blood in the urine before the fight.

"The doctors are examining any possible relationship between Mr. Jackson's condition and the fight. He does not appear to have acute pain."

As for his mental condition, Dr.

August Weather Contest Deadline Is Tomorrow

Less than 24 hours remain for you to get your forecast of August's hottest moment in the Pontiac Press office.

Five-thirty tomorrow afternoon is the deadline for the weather predicting contest that offers a tempting prize of $200 in U.S. Savings Bonds.

Why not join the mercury observers' corps and try your luck at tabbing August's hot spot?

Remember, you don't need to name the temperature. Just write on a post card your forecast of the date, hour, and minute (a.m. or p.m.) of August's hottest moment, list your name and address, and mail to:

Weather Man
Pontiac Press
P.O. Box 40
Pontiac, Michigan

If you're too late for the mail pick up, don't forget your entry may be delivered in person at the Press.

For ten seconds of your time you may come out $200 ahead. That's $20.00 for every second and well worth the effort.

2 Clarkston Children Drown in Deer Lake

Two of the seven children in a Clarkston family drowned Monday afternoon during an outing on Deer Lake, in Independence Township.

Peggy Diane Salisbury, 7, and her three-year-old sister, Claudia Lynn, daughters of Mr. and Mrs. Claude Salisbury, of 10251 Allen Rd., Clarkston, disappeared shortly after 5 p.m. their mother said.

After calling for help, the mother hurried to her brother's home in Clarkston for aid. While she was gone, Charles Young, of 6950 Tappon Court, Clarkston, saw the girls' bodies floating face down about 50 feet from shore.

Young rushed into the water and dragged them to shore.

The Independence Township Fire Department was working over the daughters when their mother returned.

After 20 minutes of work with inhalators, the firemen gave up hope.

Service for the children will be held at 1 p.m. tomorrow from the Sharpe Funeral Home, with burial in Melvin Cemetery, Melvin, Mich. The bodies may be viewed at the funeral home.

Thundershowers Don't Promise Cooler Weather

Thermometer Zoomed to Near-Peak 94 Monday; Two Children Drown

TODAY'S TEMPERATURES

12 m.	76	8 a.m.	76
2 a.m.	75	10 a.m.	84
4 a.m.	74	1 p.m.	89
6 a.m.	72	2 p.m.	90

The 90-degree-plus weather which has roasted and ruffled Pontiac area residents the last two days, will stick around through Wednesday, the Weather Bureau predicts.

Little change in temperature is expected after widely scattered thundershowers tonight. The prediction for Wednesday is between 88 and a blistering 92 degrees. Low tonight will be between 64 and 68.

Yesterday's sizzling 94 degrees,

★ ★ ★

recorded at 2:30 and 3:40, was one degree shy of this summer's high of 95 reached on July 21.

Tragedy came with the hot weather as two small daughters of a Clarkston couple drowned in Deer Lake during a family outing. Dead are Peggy Diane, 7, and Claudie Lynn, 3, daughters of Mr. and Mrs. Claude Salisbury.

County beaches and lakes were crowded Monday with those seeking relief from the hot and humid temperatures.

The same weather was also gripping most of the nation today, the bureau said.

★ ★ ★

The Great Lakes region and the Pacific Coast states appeared the only areas which were expected to have dry weather.

Welcome, beneficial rains soaked sections of the drought-stricken Northeast yesterday but many areas got only sprinkles. The more than one-inch of rain which fell in eastern Long Island saved crops and was described as a million dollar downpour.

Many other areas across the country got heavy rain yesterday, last night and early this morning. Severe thunderstorms hit the Western Plains from North Dakota to Nebraska and Northeast Colorado, and in scattered areas in the Midwest and East.

The lowest temperature recorded in downtown Pontiac preceding 8 a.m. was 71. At 2 p.m. the mercury read 90 degrees.

Lakes Ore Shipping Way Ahead of 1956

CLEVELAND (AP)—Shipments of iron ore on the Great Lakes this year have exceeded 43 million tons, more than nine million tons ahead of 1956 when shipments were slowed because of a steel strike.

The American Iron Ore Assn. reported yesterday that total 1957 shipments through 7 a.m. today totaled 43,265,048 tons compared with 33,737,375 tons last year.

For the week ended today shipments were 3,164,408 tons compared with 282,509 tons for the corresponding week last year when the steel strike forced a reduction in operations.

Fire Hits San Rafael

AP Wirephoto

WALL COLLAPSES — Firemen pour water on the gutted Odd Fellows Building in San Rafael, Calif., last night as the wall collapses during a fire which roared through the business section. Estimates of the loss ran as high as $2 million. (Another picture, page 2.)

17-Month Girl Hugs Rescuer, Smiles After 4-Hour Ordeal

Crowds Cheer God as Baby Is Pulled From Well

ANDERSON, S.C. (AP)—"We oughta everyone give a big cheer for God right now!" shouted someone in the crowd.

The crowd roared in agreement as a weary man climbed out of 40-foot rescue shaft holding a grimy baby in his arms.

"She's okay," yelled rescuer Red Roberts.

But for four terrible hours last night, no one could be sure 17-month-old Yvonne Beasley would come out alive. Her 3-year-old brother Richard David wept with his parents, begging for his sister to come out of the well.

CRIED FOR SISTER

"That's all he kept saying the whole time," Mrs. J. B. Beasley said today. "He just kept crying and saying, 'I want my sister out of the hole.'"

Richard and his chubby, brown-haired, blue-eyed sister were playing in the yard yesterday evening while their mother fixed supper.

"Richard came running in the house crying, 'Sister fell in the hole and got hurt,' the 28-year-old mother said.

"I ran out, but I never thought of the old well pipe. It's away from the house and covered with a bucket held down by a 12-pound stone. I ran right past it.

"I ran into the front yard and then back again and then I heard her crying and calling 'Mommy, mommy, mommy.'

NONE WOULD STOP

"I ran out in the road and tried to stop a car. We don't have any phone and there aren't any neighbors close. I ran and screamed but nobody would stop. I guess they thought it was some family fight.

★ ★ ★

"Finally, after about 20 minutes a car stopped and a woman got out and came with me. Her husband went to phone the firemen.

"We ran to the well, but I couldn't even see Yvonne. But I could hear her crying. She cried the whole time."

The Beasleys live about seven miles from town on a little road off the highway.

The young mother was alone because her husband was going to a GI class at the Anderson High School. He was summoned home.

The child was wedged almost at the bottom of the narrow drill pipe of the old well. Doctor's supervised piping oxygen to her while drilling experts bored a parallel well 40 feet deep and removed a section of pipe and an old bucket stuck in the pipe joint to reach her.

LIKE HOOPER RESCUE

The rescue here was similar to that of 7-year-old Benny Hooper, Manorville, N.Y., who was trapped at the bottom of a well shaft in the yard of his home for 23½ hours last May.

Mrs. Beasley said she thought some older children may have removed the heavy stone.

"The man who rescued her said she just grabbed his neck and smiled and smiled," Mrs. Beasley said, her voice still trembling with strain.

★ ★ ★

The four-hour fight for Yvonne's life drew hundreds of curious and sympathetic people to the Beasley home.

While Yvonne's parents cried, sobbed and prayed in each other's arms, the drill crew worked frantically, finally lowering Red Roberts of Anderson into a newly drilled parallel well after 4 hours and 20 minutes.

Housing Report Called 'False'

Supervisors Deny Plan for Forming Committee to Check Units in City

Three members of the Oakland County Board of Supervisors this morning branded as "false" a report that they had called for a special committee to look into substandard county-owned housing in the northwest section of Pontiac.

The report appeared in a morning newspaper.

Thirty housing units in the northwest section are salvaged barracks used by the Civilian Conservation Corps in the 1930's. Families living in the units have no modern plumbing facilities or running water.

★ ★ ★

Senior members of the Supervisors Welfare Committee were not available for immediate comment. Others, however, said they believed the County Social Welfare Board is doing "a good job."

Supervisor Willis P. Brewer of Pontiac said that he "doesn't know a thing about this. But I was not aware that these buildings are in such poor condition." He said he knew nothing of a housing probe.

Supervisor Peter P. Quinlan of Keego Harbor said there "has been no talk of a special investigation.

REPORT 'UNTRUE'

"Any report that I called for such an investigation is untrue. I think the County Social Welfare Board is doing a good job. If conditions were really as bad as they are supposed to be, I would be the first one to holler."

Also calling the report untrue was Supervisor Arno L. Hulet of Bloomfield Township.

A spokesman for the entire Board of Supervisors denied that any special investigation or housing committee is being planned.

The county owns about 100 housing units which provide homes for welfare cases.

'What Time Is It?' Pontiac City Hall Staff ConFUSEd

Clock watchers in City Hall yesterday were slightly confused.

They didn't know whether they were coming or going after a fuse blew the hall's 20 master-controlled clocks out of kilter.

★ ★ ★

"I was ready to go home about an hour ago the way it was whirling around," said Mrs. Daniel Bailey, secretary for the city engineer.

The "whirling" was caused as John W. Emerson, the city's electrical superintendent, adjusted the master clock in the basement sending clock hands in a whirlwind chase to catch up to the proper time.

"It's been six o'clock, two o'clock," Mrs. Charles Cook said. "No one knows what time it is."

This morning everything was reported on time at City Hall, including the clocks.

Assailant of Garden City Mayor Free on Bond

DETROIT (AP)—Lester Ellerhorst, charged with assault with intent to commit murder in the wounding of Garden City Mayor James Tierney last Thursday, is free today on $10,000 bond.

The 52-year-old Ellerhorst stood mute before Dearborn Township Justice John L. Mokersky yesterday. The court entered a plea of innocent for him. Examination was set for Aug. 7.

Tierney, a longtime political foe of Ellerhorst, was wounded five times by a pistol at a public meeting in the Detroit suburb. His condition was listed as critical.

FEW AGAINST FIRE — A skimpy crew of volunteer fire fighters battle blaze which destroyed 14 buildings in San Rafael, Calif., last night. The above picture was taken during the early stages of the fire. Estimates today place the loss at around $2 million.

Mexicans Dig Into Ruins Hunting Victims of Quake

MEXICO CITY (AP)—A crew of 500 men dug into the ruins of an apartment building today seeking the last victims of Sunday's earthquake.

The five-story apartment house which crumbled into a pile of concrete and dust was the worst death trap of the 50 old buildings that collapsed in the capital.

By early today 32 bodies had been pulled from the rubble and another victim had died in a hospital. This brought the number of known dead in Mexico City to 52 and the total for the country to 66. All were Mexicans.

There were unconfirmed reports that a family on the lower floor of the apartment house had been having a large party at the time of the quake. Officials believed more bodies would be found.

Eleven persons were removed alive from the building. One woman was pulled out yesterday after being pinned under a pile of wreckage for 28 hours. A mattress which fell on her had saved her.

Other crews were busy demolishing dangerously damaged structures.

Reports from other sections of the country showed the only major damage from the quake was in a narrow area running south from Mexico City to the Pacific coast resort of Acapulco.

Most cities in the quake zone frequented by American tourists escaped without damage or casualties. These included Taxco, Guadalajara, Morelia, Toluca, Puebla, Oaxaca and Veracruz.

Even in Acapulco, where three persons were killed, damage was relatively minor.

★ ★ ★

Chilpancingo, capital of the state of Guerrero on the main highway to Acapulco, suffered the worst damage after Mexico City. Half the buildings in the town were ruined. Eight persons died there.

In Mexico City, 20 damaged buildings were marked for demolition. Twenty-one movie houses and five theaters were closed for inspection.

In general, major damage occurred in the downtown business area rather than in the suburban residential districts.

Utility services generally were getting back to normal throughout the quake area, although there were interruptions.

Two Years Probation Given Clarkston Man

David Wilmont, 6548 Oak Ridge, of Clarkston, was put on two years probation and ordered to pay $150 costs after he pled guilty to a charge of breaking and entering an Independence Township grocery on July 12. Sentence was imposed yesterday by Circuit Judge Clark J. Adams.

4 County Residents to Receive Diplomas

Three Oakland County residents will be among 434 persons receiving dipomas Thursday night in ceremonies at Western Michigan University, Kalamazoo.

Barbara Hagen, 837 Colonial Cts., Birmingham, will receive a B.S. degree and an elementary education certificate.

Fane T. Rogers, 7275 Elizabeth Lake Rd., Pontiac, will be awarded an elementary education teaching certificate.

E. Allen Johnson, 1002 Atlantic, Milford, will receive a B.S. degree.

Dr. Lynn K. Bartlett will make his first public speech as new superintendent of public instruction for the state in ceremonies at Hyames Field, on the university campus.

Becomes Grandmother, Mother on the Same Day

JACKSON (AP) — Mrs. Ronnie Lewis, 41, of nearby Vandercook Lake became a mother again and a grandmother on the same day.

Mrs. Lewis and her daughter, Mrs. Cleo Warren, 21, of Jackson, both gave birth Sunday at Foote Hospital, where they have adjoining beds.

It was a daughter for Mrs. Lewis; a son for Mrs. Warren.

MESC Report Says:

Defense, Auto Sales Cause State Unemployment Ills

LANSING (AP)—A radical change in the nation's defense program and a drop in consumer demand for autos are major reasons for Michigan's unemployment ills, a report from the Michigan Employment Security Commission showed today.

Both developments make it plain that rising unemployment can be traced directly to the auto industry, Gov. Williams said yesterday in evaluating the report.

The MESC compiled the report in answer to a series of questions Williams asked in an announced move to attack the state's unemployment problem.

After studying the findings in a brief return to Lansing from his vacation headquarters at Mackinac Island, the governor said he would talk with top auto industry and labor leaders in the next few weeks to work out a plan of attack.

"We are up against some economic changes in our biggest industry and it won't help a bit to stand around calling each other names," he said in obvious reference to Republican charges that his tax policies are driving business out of the state and creating unemployment.

SWITCH IN EMPHASIS

A switch in emphasis in defense production from tanks and wheeled vehicles to aircraft, guided missiles and nuclear weapons cut sharply into auto industry output, Williams noted.

But, he added:

"The steady increase in non-manufacturing employment indicates there is nothing basically wrong with our economic climate."

The report also asserted that current unemployment in the auto industry has little to do with seasonal layoffs since the "layoff season" had not begun on June 15 when unemployment totaled 195,000.

"Numerous reductions in force had occurred before that date but they were due to lack of consumer demand," the MESC said. "Between now and September other reductions will very likely occur, but the demand factors will be at least as important as seasonality."

Further evidence of the auto industry's effect on the unemployment picture, Williams said, lies in figures showing that employment in the industry fell by 153,000 since 1953 and employment of all kinds rose by 155,000.

Other findings by the MESC:

Of 77,000 workers who lost their jobs with the closing of Packard, Kaiser-Fraser and Hudson plants in the Detroit area, 35,000 are still without permanent work.

Despite a substantial reduction in the number of housing starts this year, overall employment in the construction industry has not been drastically affected.

Areas most seriously affected by unemployment are Detroit, Grand Rapids, Flint, Muskegon, Port Huron, Bay City, Monroe and Iron Mountain.

Traffic Tussle Heads for Court

Lansing Defies State in One-Way, Two-Way Highway Squabble

LANSING (AP) — A two-way tussle over one-way traffic headed toward a court showdown today as the City of Lansing continued to defy the State Highway Department traffic plan for M78.

In what likely will develop into a court test of city vs. state rights, Highway Commissioner John C. Mackie said he would seek an injunction to restrain the City of Lansing from operating a two-way traffic system on the state trunkline. His petition was to be filed in Ingham County Circuit Court today.

Lansing police, meanwhile, were ordered for the second straight day to enforce two-way traffic over the thoroughfare in defiance of the one-way plan set up by the highway department for both M78 and U.S. 16.

Mayor Ralph W. Crego ordered city employes to cover state-erected one-way signs and paint a yellow stripe down the middle of the highway to separate lanes of traffic.

At the same time, he directed that it be a temporary paint—"just in case."

Dozens of near collisions were reported yesterday as police steered motorists over a zig-zag route from one highway to another. The new system, set into operation with the opening of a newly widened stretch of M78, also created several traffic jams.

Clarkston Man Gets Sentence for Break-In

Wade Johnson, 5245 Westview St., of Clarkston, was put on two years probation and ordered to pay $100 costs after pleading guilty to a charge of breaking and entering a service station in Waterford Township.

Sentence was imposed yesterday by Circuit Judge Clark J. Adams, who ordered Johnson to spend the first 30 days of his probation in the Oakland County Jail.

Sentenced for Break-In

Ernest H. Holcomb of Livonia was sentenced to from 1½ to 15 years in Southern Michigan State Prison, Jackson, yesterday on a charge of breaking into and entering a Southfield Township building. Circuit Judge Clark J. Adams sentenced Holcomb, who had pleaded guilty at his arraignment.

Put on Probation, Fined

A Waterford Township man, Harold McGoldrick, 8587 Pontiac Lake Rd., was put on probation and fined $150 costs yesterday by Circuit Judge Clark J. Adams for breaking and entering.

McGoldrick admitted breaking into the Twin Lake Golf Club on the night of July 8.

Draft U. S. Plan for Disarmament

Dulles, Experts Huddle in London, Map Details for 'Open Skies' Pact

LONDON (AP) — John Foster Dulles and U. S. disarmament experts locked themselves in the American Embassy today to work out detailed plans for a limited "open skies" disarmament accord with Russia.

"They plan to spend the entire morning in talks," a spokesman said as the U. S. secretary of state closeted himself with Harold Stassen and other American officials.

Stassen heads the American delegation to the five-power U. N. Disarmament subcommittee which has bogged down here after five months of negotiations.

Dulles arranged to sit in later on a strategy meeting of the four Western delegations to the talks, representing the United States, Britain, France and Canada.

Also on tap for Dulles was a meeting with British Prime Minister Harold Macmillan and Foreign Secretary Selwyn Lloyd to discuss a wide range of diplomatic issues, including the tribal uprising in Muscat and Oman.

★ ★ ★

The immediate issue in the disarmament negotiations is the forthcoming presentation of a U. S. plan for aerial inspection between Russia and the West.

Summerfield Says He'll Aid State GOP

DETROIT (AP) — Postmaster General Summerfield, former Republican national chairman, says he wants to cooperate fully with the GOP's new leaders in Michigan.

Addressing a meeting of Michigan Republicans here yesterday, he said:

"I shall be glad in the future as in the past to do my best to cooperate to the end that the Republican Party be restored to its traditional place of leadership in Michigan."

Summerfield, a Flint car dealer, formerly was a Republican national committeeman from Michigan.

John T. Martin Jr. of Grand Rapids, a former auditor general who recently was named national committeeman, said the meeting of 50 GOP leaders was proof of a move to revitalize and unify the party in Michigan.

John S. Coleman, president of Burroughs Corp., presided over a meeting of the Republican State Finance Committee.

"Prospects are bright for the early wiping out of the party's 1956 campaign debts," Martin said.

Kidney Ailment Puts Jackson in Hospital

(Continued From Page One)

Erickson said: "There is nothing abnormal in his action or behavior, although I have no means of making a comparison with how he acted before the fight."

Patterson, who gave Jackson a fierce beating until their Polo Grounds bout was stopped in the 10th round, visited the challenger about five minutes after a 30-mile drive from New York City to the hospital.

Afterward he told newsmen: "He's okay. It seems to be more mental than physical. He said he felt a bit sick, but I think it's nothing serious. Hope not."

Couldn't Unlazy Legs

NEW YORK (INS) — Tommy "Hurricane" Jackson, after his TKO by world heavyweight champion Floyd Patterson, said: "My legs were lazy. I kept trying to unlazy them, but they just stayed lazy."

Dr. Erickson said Jackson's temperature was 102 degrees when he was admitted but dropped to normal about 8 a. m. He was taken in for X-ray pictures and other studies shortly after 8 and was back in his room by 10.

While Patterson talked with Jackson in the privacy of his room, D'Amato told newsmen: "Blood in the urine is not uncommon after a fight. It has happened to Patterson. Where there is a great deal of body punching, this happens. You couldn't say there was any body beating last night but Floyd did land a couple good, solid punches to Jackson's body."

Autopsy Is Asked in Woman's Death

An autopsy is being performed today to determine the cause of death of Mrs. Henry T. Schlachter, 46, of 920 Yarmouth Rd., Bloomfield Township.

According to township police, the woman was discovered around 11:50 last night in a bathtub by one of the Schlachter children. A neighbor was summoned by the child to pull the woman's body. Police said she was dead on arrival at St. Joseph Mercy Hospital. The autopsywas requested by the husband, according to Oakland County Prosecutor Frederick C. Ziem.

JOHN HOWARD KINSEY

Funeral Wednesday for John H. Kinsey

Service for John Howard Kinsey, 64, of Blue Lake, Atlanta will be at 2 p.m. Wednesday from the Voorhees-Siple Chapel. The Rev. Lewis W. Towler, curate of All Saints Episcopal Church will officiate with burial in White Chapel Memorial Cemetery.

Pallbearers will be Dr. L. F. Hill, Ralph Nordyke, Martin Rummel, Marvin Morris, Clarence Smart, Howard A. Deeter, Howard C. Deeter and Phil Diesel.

★ ★ ★

Retired Salaried Personnel Director of Fisher Body Division, Mr. Kinsey had been a resident of Pontiac 34 years. He died Sunday of a heart attack at Blue Lake.

Memorials may be made in the form of contributions to the Michigan Heart Association, the family said.

Seeking to Try Trio as Adults

2 Teenage Boys, Girl Held in Fatal Shooting of Detroit Merchant

DETROIT (INS) — The prosecutor's office today planned to ask for a waiver in order to try two teenage boys and a girl for the fatal shooting of a Detroit candy store operator.

★ ★ ★

Assistant Prosecutor Arthur J. Koscinski, during a preliminary hearing, told Juvenile Judge Nathan J. Kaufman he would request the waiver after hearing testimony by five members of a robbery-terrorist gang.

Charles W. Fox, 52, was found fatally shot on the floor of his Woodward avenue candy and tobacco store last Wednesday.

Held were Alvin Shaw, 16, who police say fired the fatal shots; Curtis Curley, 16, who admitted stealing the gun and being outside the store when Fox was slain; and Nadine Allen, 15, who knew of the holdup plot and its fatal outcome.

★ ★ ★

Two remaining members of the gang, who admitted knowledge of the holdup plot, but didn't take part, were also being held. The five have admitted holdups at a grocery store and a record shop.

Face What Audience?

DENVER (AP) — Bowing to previous demands by spectators, the Denver City Council switched its seating arrangement to permit all members to face the audience. The experiment might have worked except for one detail—no outsiders attended the meeting.

The Day in Birmingham

Deny Rezoning Petition; Delay Derby Sidewalks

BIRMINGHAM — Birmingham City Commissioners last night denied the petition of Erwin H. Cohn to rezone property on North Woodward avenue from terrace to multiple family use.

The terrace zoning was made at Cohn's request about a year ago and commissioners questioned the need of any change now. They pointed out that at the time Cohn stated the property ideally suited for a proposed 69 unit development.

Last night Cohn told the group that the apartments he planned to build would be far better and far more attractive than any terrace or other buildings in the immediate vicinity. He said the four story structure would contain the same number of living units of a type that would rent for $300 or more a month.

★ ★ ★

Residents voiced the opinion that they did not particularly care how beautiful a building might be, they did not want a four story structure in their area. In rejecting the petition commissioners pointed out that they were not concerned with residents' wishes but only with what they considered the reasonable land use. They stressed again that if terrace development was suitable last year they saw no reason why it should not be now.

In the second informal hearing, Derby road residents won at least a delay in the construction of sidewalks along their street. As at a previous hearing they pointed out pedestrian traffic through the area is extremely low and said they had no objections to people walking across their lawn.

Commissioners had considered walk installation as a safety factor for children attending Pembroke Elementary and Derby Junior High School. They pointed out, also, that the Board of Education had agreed that a sidewalk is destreable for that reason.

In accepting residents' requests commissioners told them that this was only temporary and that should circumstances arise which would increase pedestrian traffic a sidewalk will be installed.

Det. Lt. Merlin Holmquist reported Birmingham's fourth robbery in the past three days yesterday. He said $50 was taken in a breaking and entering at the Golden Drumstick Restaurant, 1611 S. Woodward. Three homes were robbed over the weekend.

Something new will be added soon for the Police Department here. The purchase of a glass faced lighted sign about 12 by 42 inches was approved last night. The sign will be placed on the city hall lawn indicating the Pierce street entrance is now to be used by persons dealing with the Police Department.

Warrant for negligent homicide was issued yesterday by the Oakland County Prosecutor's office for Julius DeGrazia, 47, of 4714 Woodland, Royal Oak.

DeGrazia's car was involved in an accident last Monday with another vehicle driven by Howard C. Holah, 73, of 280 Euclid Ave., Birmingham, who died shortly after in Beaumont Hospital.

DeGrazia at that time, told police the Holah car ran a red light. Since then accident witnesses have been located, who in their statements to the prosecutor said it was not the Holah car but the DeGrazia vehicle which went through the red signal.

Battle on Rights May Be Delayed

Johnson to Ask Senate to Take Up Discussion of Other Legislation

WASHINGTON (INS) — The Senate may shelve temporarily the filibuster-threatened civil rights bill to act on other urgent legislation including a multi-million dollar measure for the nation's defense.

Senate Democratic leader Lyndon B. Johnson announced he will ask unanimous consent today to interrupt the civil rights battle so that the other pressing measures can be considered tomorrow and, possibly, Thursday. He said he thought all could be cleared in at least two days.

Republican floor leader William F. Knowland said he knew of no objection on his side of the aisle.

Sen. Richard B. Russell (D-Ga.), leader of Southern foes of the civil rights bill, said he will call a conference of his side to discuss Johnson's proposa. A single "no" could block the agreement.

Johnson said that "I just don't know when the vote will come" on the current big dispute in the civil rights battle — a jury trial amendment.

Pending is the O'Mahoney-Kefauver-Church amendment to guarantee a jury trial for those accused of contempt of court for ignoring an injuction against interference with a person's right to vote.

President Eisenhower, through Knowland, has called on Republicans to stand firm against the amendment.

Johnson's decision to ask the Senate to interrupt the fight indicated that Southerners who are pressing for the amendment want more time to bid for votes.

About 90 gallons of water per day per person were needed in the U. S. in 1920. Now the average is 145 gallons.

George, Halsey Both in Hospital

Ambassador to NATO Very Critical; Admiral Feeling Well

By THE ASSOCIATED PRESS

Two prominent U. S. men are hospitalized today and one is in very critical condition.

In Vienna, Ga., Walter F. George, President Eisenhower's special ambassador to NATO, was reported in "very, very critical" condition last night from a coronary occlusion suffered a week ago.

Dr. J. L. Malloy, the 79-year-old former Senator's home-town physician for 25 years, said George "is getting progressively weaker.

"He is in no pain but has difficulty breathing and has a shortness of breath. He is getting oxygen continuously. The outlook for him is very grave."

And in New York, retired Fleet Adm. William F. (Bull) Halsey, 74, was reported "feeling very well" today in Doctors Hospital, where he is undergoing a physical checkup

The World War II hero was reported yesterday to have suffered a stroke, but a hospital spokesman said today "his condition had been exaggerated."

Ohio Officials Skeptical

Sheppard 'Killer' Signs Statement

DELAND, Fla. (AP) — Donald J. Wedler today signed a statement that he killed Marilyn Sheppard, a Cleveland attorney for Dr. Samuel Sheppard reported.

William Corrigan said the 23-year-old Florida convict "willingly signed the statement in the presence of Sheriff's Deputies Howard Demott and Jack Lynady."

The attorney's belief in Wedler's story is directly opposed to conclusions of Cleveland police officials after they talked with the prisoner a week ago.

★ ★ ★

Dr. Samuel Gerber, coroner of Cuyahoga County, Ohio, and James McArthur, former chief of Cleveland detectives, said Wedler knew only as much about the sensational July 4, 1954, slaying case as he might have read in newspapers and magazines.

He knew no details, Gerber and McArthur said.

Corrigan, on the other hand, said "I think this guy did it."

The lawyer who defended Dr. Sheppard in the trial which resulted in his conviction for the slaying of his wife and a life term, said:

"The confession of this man fits in with so many of the details with which we are familiar and convinces us beyond doubt that Donald Joseph Wedler is guilty of murder.

★ ★ ★

"We plan to move immediately in the State of Ohio to bring this case to a successful conclusion.

"There's nobody who can set aside a confession of this nature with all its possibilities."

How Corrigan would bring a murder charge against Wedler before a grand jury for indictment was not disclosed. Such a step would be necessary to bring him to trial in Ohio.

Corrigan said the Cleveland officers who saw Wedler last week and branded his story a hoax "obviously came down here with their minds made up."

Corrigan said "incidents and locations given by Wedler convince us there is no doubt he was in Cleveland July 3, 1954, and early on July 4, 1954.

★ ★ ★

"Some things are beclouded but the man had a shot of dope within a short time before he entered the Sheppard house."

Fred Garmone, Corrigan's assistant, said he was impressed by Wedler's location of a tree on the lawn at the Sheppard home. He said it was doubtful whether Wedler could have read of the tree.

Garmone also told newsmen Wedler's ability to describe physical aspects of the Sheppard home was "better than I could do."

The defense attorneys said they asked Wedler why he confessed at this late date and the prisoner told them he had something on his mind "and he either had to make it or go crazy."

Say Ex-ITU Official Embezzled $50,000

DETROIT (INS — Officials of the International Typographical Union obtained a warrant against the former secretary-treasurer of ITU Detroit local 40 today and alleged embezzlement of close to $50,000 from the local treasury.

Assistant Wayne County Prosecutor Ralph Garber recommended the warrant against former secretary-treasurer Jack Patten, who resigned the post last year.

But an ITU official told Garber an audit showed the International had been defrauded of close to $50,000 between 1951 and 1956.

The local represents mailers employed on three Detroit daily newspapers and various smaller shops. The 600-member local pulled out of the ITU last October.

A legal battle erupted when the local's membership voted to join the International Mailers Union following the secession, and since that time the dispute has been in the hands of Wayne County Circuit Judge Robert M. Toms.

Deaths in Pontiac and Nearby Areas

WILL DUNAVANT

Will Dunavant, 67, of 226 Baldwin Ave. died yesterday in St. Joseph Mercy Hospital after an illness of 18 months.

A former farmer, he had been employed at General Motors Truck & Coach Co. and was a member of the First Baptist Church.

Surviving are his wife, Della; five children, Thomas of Cornsville, Tenn., Marvin of Indianapolis, Ind., Edward of Pontiac, Mrs. Sally Russell of Athens, Ala. and Mrs. Elizabeth Talant of Lake Alfred, Fla.; four sisters and two brothers.

Following the prayer service at 8 p.m. today in the Huntoon Funeral Home, Mr. Dunavant's body will be taken to the Rainey & Sons Funeral Home in Ardmore, Tenn. for service and burial Friday.

ALTON J. DYE

Word has been received of the death of Alton J. Dye, 74, of Gladwin, former long time Pontiac resident.

Mr. Dye, who died July 25, was a retired employe of General Motors Truck & Coach Co. and a member of the Methodist Church.

Surviving besides his wife, Faye, of Gladwin, are children, Mrs. Alfred Cawson, of Detroit; Mrs. Mona McDonald, of Davisburg; and Arthur Dye, of Flint. A brother and sister also survive.

Burial was in the Andersonville Cemetery, Andersonville.

EDWARD ERVIN

Edward Ervin, 67, of 1073 La Salle St., died yesterday at Pontiac General Hospital. He was a retired employe of the General Motors Truck and Coach Co.

He is survived by his wife, Leulla; a daughter, Mrs. Carl Rose, of Pontiac; and a brother, Alfred Ervin, and sister, Mrs. Margaret Ellsworth, both of Pontiac.

Service will be held at 1:30 p.m. Thursday at the Donelson-Johns Funeral Home, with Rev. Frank Webb, of Covert Methodist Church, officiating. Burial will be in Oakland Hills Memorial Gardens.

EDWARD STEWART

Edward Stewart, 89, of 60 Elizabeth St. died Sunday after a brief illness.

He was a member of the Miller Burial Society.

Surviving is a brother, Benjamin Stewart of Windsor, Ont.

Mr. Stewart's body will be at the William F. Davis Funeral Home until 2 p.m. Wednesday when it will be taken to Windsor for the service at 2 p.m. Thursday in the First Baptist Church.

JOSEPH A. VITULLA

Joseph A. Vitulla, 63, of 2260 Oxley Dr. died yesterday at his home after a prolonged illness.

Surviving is a sister, Mrs. Minnie Mullen of Belle Vernon, Pa.

Mr. Vitulla's body was taken from the Donelson-Johns Funeral Home last night to the Toner Funeral Home at Belle Vernon for service and burial.

AUGUST F. ARFT

LAKE ORION — Service for Dr. Gerald Hogan, 45 Lapeer St., who died suddenly today, are pending from Allen's Funeral Home.

MRS. MERTIE HOWELL

DRYDEN — Service for Mrs. Mertie Howell, 80, who died Thursday, were held yesterday in Grand Blanc, with burial there.

Surviving are two daughters, Mrs. Jack Hill and Mrs. Myrtle Hill of New York, a son Dayton of Flint, two sisters Mrs. Melvin Wood of Flint and Mrs. Carrie Talmadge of Dryden.

MRS. JOY HOUGHTON

CLARKSTON — Service for Mrs. Joy M. Houghton, 58, of 4277 Lotus will be held at 2 p.m. tomorrow from the Coats Funeral Home, Drayton Plains, with burial in Ottawa Park Cemetery. Mrs. Houghton died yesterday.

A sister, Mrs. Eloise Baxter of Pontiac, a niece, Mrs. Sue Wozniak of Pontiac, and a nephew, Charles Moss of Ann Arbor, survive.

The body may be viewed at the funeral home.

ANDREW W. SCHULDT

UTICA — Service for Andrew W. Schuldt, 52, of 11728 19 Mile Rd. will be held at 2 p.m. tomorrow from the Trinity Lutheran Church, with burial in Cadillac Memorial Gardens East. The Rev. Louis Heinecke will officiate.

Mr. Schuldt died Saturday in Avon Center Hospital. He was a member of Trinity Lutheran Church.

Surving are his widow, Hilda; his mother, Leona Ploetz Schuldt; three daughters, Judy Lee and Dora both at home and Mrs. Doris Spern of Utica; and a brother, John C. of Utica.

The body may be viewed at Will and Schwarzkoff Funeral Home, Mt. Clemens.

MRS. WALTER TOBIAS

HOLLY—Service for Mrs. Walter (Louise Fillingham) Tobias, 71, of Rochester, N. Y., who died last day from the Dryer Funeral Home with burial in Lakeside Cemetery.

A former Holly resident, Mrs. Tobias is survived, besides her husband, by one sister Ermina Fillingham of Detroit.

MILO WATKINS

ROCHESTER—Service for Milo L. Watkins, 67, of 6761 Livernois Rd., who died Sunday evening, will be held at 2 p.m. Thursday from Pixley Funeral Home with burial in Hunters Creek Cemetery.

Surviving are one sister, Mrs. Maude Wallace of the Livernois address.

Deaths Elsewhere

WASHINGTON (AP) — Richard Norman Meyer, 47, a career diplomat who began his government service in 1941 with the wartime Federal Bureau of Censorship, died yesterday. He was first secretary of the American legation in Budapest until last December when he returned to the United States because of his failing health. He was born in San Francisco.

★ ★ ★

BALTIMORE (AP)—John D. Little, 78, associated with theaters in New York and Baltimore for more than 60 years, died yesterday. He was manager of Ford's Theater in Baltimore from 1936 to 1956.

★ ★ ★

LEESBURG, Va. (AP) — William H. Lipscomb, 69, Washington, D.C. real estate man, director of a number of corporations and owner of a Virginia racing stable, died yesterday. He was born in Manassas, Va.

America Wants New Housing

See Increasing Uses for Steel Materials in Home Construction

NEW YORK — For the ninth consecutive year, more than a million housing units will go up, with indications that an additional 3.3 million Americans will have a new home in 1957.

The official publication of American Iron and Steel Institute said that based on current population trends, housing starts will run around 1.5 million in the mid-1960s and reach two million in the 1970s.

The publication asserted that housing contractors are utilizing more and more steel for residential construction and noted that on the drawing boards for tomorrow's homes are steel frames and structures tailored for economy, strength and durability.

It also pointed out that new forms of steel are being developed for prefabricated houses. On display at the 1957 convention of the National Association of Home Builders in Chicago were model homes with steel sections for panels, frames, joists and roof trusses.

MILLION OR MORE

Steelways said that the million or more homes that may be erected this year will pretty much follow the geographical pattern of new units constructed in 1956 when the South accounted for about 30 per cent of all the new non-farm housing starts; the North Central, 27 per cent; the West, 23 per cent; and the Northeast, 20 per cent.

Builders say the average construction cost for a one-family house currently will come to somewhat over $12,000. This is almost double the 1947 figure of $6,750. As for size, the typical single-family unit contains 1,240 square feet of floor space and 72 per cent of the new houses contain three bedrooms.

Rich Promises From Sahara

Many Minerals Are Available, but Old Problems Still Exist

WASHINGTON — The desolate Sahara, whose name comes from a primitive word meaning "wild land good only to be crossed," today promises industrial wealth and power through underground resources.

Seven governments share control of this vast and still little known desert of North Africa, says the National Geographic Society.

Reaching from the Mediterranean to the continent's heart, and from the Atlantic to the Nile, the Saharan countries include French Algeria, French West and Equatorial Africa; west-coast Spanish Sahara; Arab-ruled Morocco, Tunisia, and Libya; Egypt, and the Sudan.

Current economic developments spotlight French territory, by far the largest of Sahara holdings. There, in recent years, intensive prospecting has turned up far-flung mineral deposits that add to reserves of producing areas and open new fields for development.

FINDS VARIED, RICH

Coal, iron, manganese and tungsten have been found in northwest Algeria along the undefined Moroccan border. More iron is available in western Mauritania, where rich copper ores also invite exploitation.

Oil strikes have aroused hopes of abundance comparable with that of the Near East. The flowing black gold has gushed up at points in northeast, east, and central Algeria.

For good measure, natural gas and coal fields lie near the oil of mid-Algeria's In Salah. Uranium has been detected farther southeast in the Ahaggar Mountains. Tin is worked south of the Air mountains, in easternmost French West Africa.

The practical difficulties of extracting the Sahara's buried treasures, however, are as imposing as potential economic returns.

Vast uninhabited expanses and formidable obstacles — barren mountain chains, rock-strewn plateaus and dune-dotted seas of sand — discourage transport of incoming supplies and equipment and outgoing ore shipments.

Violent winds and dust storms add to hardships of sun-searing days and freezing nights. In lands of little rain and no permanent rivers, sudden cloudbursts fill dry ravines with floods that sweep all before them.

Promote U. of M. Officials

ANN ARBOR (AP) — A. B. Hicks, business manager of the University of Michigan's Engineering Research Institute, and Frederick E. Oliver, chief accountant in the University's business office, have been promoted to assistant controllers of the University.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

Guatemala's President Slain by a Communist

The assassination of President Carlos Castillo Armas by a Communist is a terrible tribute to the measure of his success in the fight against Communism in Guatemala.

In a ten day military revolt in July 1954 his Liberation Movement overthrew the Communist dominated regime of Jacobo Arbenz Guzman, who fled to Europe but very recently was granted asylum in Uruguay. Communists and Fascists were thrown out of government and reforms instituted.

★ ★ ★

Government owned lands were subdivided into 50 acre farms and settlers became owners. New roads, schools and hospitals are being built and 25 petroleum companies have been granted exploration rights in Guatemala.

Recently a branch of the Bank of America was opened in Guatemala City "because of the great confidence in the rapid development of the economy and the stabilized monetary policy" Bank Manager William H. Bolin declared.

★ ★ ★

At a celebration of the third anniversary of the Liberation Movement on July 3 President Armas addressed a gathering at the National Stadium. He gave a message of encouragement and hope and pointed out some of the accomplishments that already had brought a new way of life to Guatemala. Under his enlightened policies his country's steady progress was indeed an example for other nations.

★ ★ ★

In November 1956, President Armas sent his Minister of Economy to the United States for the purpose of giving a public report on how much our $40 million in technical and financial aid had benefited Guatemala, and to express his country's gratitude.

Why was this able and honorable man murdered? Because the Communists saw that he was having unprecedented success in developing his country and raising the living standards of his people. This left them very little with which to attack the Liberation Movement — so they killed its leader.

Another Trouble Spot Erupts in Middle East

The Middle East today "provides nearly 80 per cent of Europe's oil imports and no other area is in a position to replace the Middle East crude," says a U.S. Government consultant on petroleum problems.

Any revolt in that area no matter how seemingly insignificant, is potentially dangerous to the free world. President Nasser of Egypt continues to stir up hatred of the West and Arab nationalism. The present outbreak in the coastal regions of the Persian Gulf and Arabian Sea—the Sultanate of Muscat and Oman—is headed by Imam, the expelled spiritual leader of Oman whose official bureau is in Cairo.

★ ★ ★

In 1955 British officered Arab troops of the British supported Sultanate pushed Saudi-Arabian forces from the Buraimi Oasis on the disputed border between Saudi Arabia and the Sultanate. This is said to have infuriated King Saud.

Prime Minister MacMillian of Britain in his Bermuda talks on this subject with President Eisenhower asserted that the Oasis belonged to the Sultan; that Britain acted in compliance with treaties dating back to 1793; to do less would have ended British influence with the Sultan and seriously reduced it throughout the Persian Gulf area.

★ ★ ★

Britain is responsible for the external relations of the seven shiekdoms of Oman and has special treaty relations with Kuwait, a leading producer of oil, and with the independent sheikdoms of Qatar and Bahrein.

In the House of Commons on July 22 British Foreign Secretary Lloyd said that "there are modern arms in the area that must have come from outside the territory." This raises the question of whether the arms came from the Soviet Union via Egypt, or are U.S. weapons supplied to Saudi Arabia.

Perhaps, as the New York Times says, "the fruits of appeasement are beginning to sprout."

One fallout that will cause the free world no worry is the one evidently developing between Red China and the Soviet Union.

New uses for the helicopter are being made frequently. Near Brawley, Calif., a man used one to land in a watermelon patch and take off with three stolen melons.

The Man About Town

Honors Divided

But the Quads Are Still Living in Oakland County

August: A month that usually handles the heat in a manner that isn't august.

In connection with the happy fact that the

Rosebush Quads

are to continue to live in Oakland County, it is interesting to note that honors for their home since birth are somewhat divided. They were born in Pontiac, children of

Mr. and Mrs. Kenneth F. Rosebush,

and the family home is at Oakwood, an unincorporated community, out Baldwin Road, which is the dividing line between Brandon and Oxford Townships. Their house is on the west side of that road, so it is in Brandon. They get their mail from Ortonville, also in Brandon, but the children attend the Oxford schools, and the family phone is on the Oxford exchange.

If you wonder what Detroit people do hot weekends, just notice the congestion of cars with Wayne County licenses around the homes at our lakes.

Now the delphiniums are running an altitude race with the hollyhocks and sunflowers. Present honors on the former rest with

Mrs. Beverly Acton

of Rochester, who has delphinium plants eleven feet tall. On hollyhocks the blue ribbon is held by

Mrs. Agnes Walterhouse

of Waterford, who reports a plant 12 feet tall. Sunflowers also are going toward their namesake, with

Harvey Hinchman

of Birmingham, boasting of one 12 feet tall, and "still growing like a weed."

On his tenth birthday in 1893,

Arthur Morenden,

now living at Drayton Plains, was given a Columbian half-dollar, minted that year. He lost it a few days later. Last week, while visiting at his old home in Alpena, he dug it up while hoeing in the garden.

My all-state observer sends word that the waters in the Great Lakes also remain below their usual level, in spite of the excessive rainfall in most of their drainage areas.

Newspapermen everywhere note with sorrow the death of

Mark Foote,

dean of Washington political writers. Mark was respected by everybody, including the other writers on whom he scored beats.

Verbal Orchids to—

Mrs. F. N. Hilton

of Watkins Lake; eighty-fifth birthday.

Mr. and Mrs. M. J. Keller

of 89 Mariva St.; fifty-third wedding anniversary.

Mr. and Mrs. Wilford J. Burt

of Howell; fifty-seventh wedding anniversary.

The Old Order Changeth . . .

David Lawrence Says:

Easy to Sway Public on Jury Trial

WASHINGTON — Many members of the House and Senate face defeat at the polls if they record themselves as opposed to trial by jury.

LAWRENCE

It's an easy issue on which the public can be swayed. It is broader than the question of only enforcing voting rights; it affects the whole American system of justice.

The opposing candidates can say to the people: "Do you want a man to represent you in Congress who doesn't trust you?"

The basic principles of justice do not change with the passage of time. Thomas Jefferson made the issue very plain. He wrote prophetically of the very problem that is rocking the Senate today in considering the so-called "civil rights" bill. It was he who championed ardently the principle of trial by jury. He labored successfully to have the safeguards of jury trial inserted in the Bill of Rights. What Jefferson wrote in 1789 was this:

"We think, in America, that it is necessary to introduce the people into every department of government, as far as they are capable of exercising it; and that this is the only way to insure a long-continued and honest administration of its powers.

"They (the people) are not qualified to judge questions of law, but they are very capable of judging questions of fact. In the form of juries, therefore, they determine all matters of fact, leaving to the permanent judges, to decide the law resulting from those facts.

"But we all know that permanent judges acquire an esprit de corps; that being known, they are liable to be tempted by bribery; that they are misled by favor, by relationship, by a spirit of party, by a devotion to the executive or legislative power; that it is better to leave a cause to the decision of cross and pile (heads or tails), than to that of a judge biased to one side; and that the opinion of 12 honest jurymen gives still a better hope of right than cross and pile does.

"It is in the power, therefore, of the juries, if they think permanent judges are under any bias whatever, in any cause, to take on themselves to judge the law as well as the fact. They never exercise this power but when they suspect partiality in the judges; and by the exercise of this power, they have been the firmest bulwarks of English liberty."

The Democrats still claim to be the party of Jefferson. Yet only Senator O'Mahoney of Wyoming, Democrat, together with three other Democrats outside the southern bloc — Senators Kefauver of Tennessee, Church of Idaho and Jackson of Washington — have announced that they are supporting the Jeffersonian principle which is embodied in the proposed amendment to require jury trials in criminal contempt cases.

Most of the other Democrats from the North, who have hitherto represented themselves as disciples of Jefferson, now are joining with the advocates of "government by injunction" and would deny jury trials.

It is a favorite argument advanced by some legalists that jury trials have never been granted in civil contempt cases, and hence there is no harm in denying such trials in criminal contempt cases as well. Actually it is not so simple.

The jurymen in the Clinton, Tennessee case were instructed to decide solely whether the acts of alleged interference complained of really did take place.

What happens in the courtroom —disrespect for the judge or acts of violence there—has always been regarded as within the power of the judge to punish. But in the Clinton case many acts occurred outside the courtroom and the jury was required merely to verify the doing of those acts and to disregard the constitutionality of the injunction itself.

Dr. William Brady Says:

Too Many Misinformed, Uninformed on Cataract

"My sister, retired, spends so much on doctors that she has not enough of her pension left to live on. At one time she was taking fourteen kinds of medicine!

DR. BRADY

"I was cured of the constipation habit many years ago by following your advice to quit laxatives — I just quit. I was very uncomfortable and worried for a while but I stuck it out and found you were right.

"I had not taken a laxative of any kind for years until last May when they made me take one after surgery for cataract.

★ ★ ★

"By the way, the cataract operation was just as you said, not bad at all. Just had to stay in bed one day, in hospital two weeks. Local anesthetic, no nausea, no real pain, just a sore eye for a while. (Mrs. L.W.E.)"

What ever became of Mrs. E's sister? She faded out of the picture while we were praying for her.

From the queries of readers throughout the United States and Canada, it is abundantly evident that people everywhere are uninformed or misinformed concerning the nature and treatment of cataract. Not only that, but, as it seems to me sometimes, they are unteachable — or maybe it seems so because I'm not a good teacher.

RARE EXPERIENCE

It is a rare but happy experience to hear from a reader who says: "By the way, just as you said, it" (cataract extraction) "was not bad at all."

Cataract is clouding or slowly increasing opacity of the crystalline lens in the interior of the eye, not a growth on the surface nor an opaque substance which, cataract - like, has poured down over the front of the lens.

Opacities or growths on the surface of the eyeball are not cataracts. Such opacities may be due to scars of the cornea or front surface of eyeball, following corneal ulcer or injury. Such corneal opacities may produce some permanent impairment of vision.

★ ★ ★

As long as people like to be humbugged, there will be charlatans who sell magic medicine which "dissolves" or clears cataract. Naturally the charlatan can't guarantee to cure cataract unless you use the medicine or treatment as directed — probably for the rest of your life!

Dread is the main deterrent which prevents cataract victims from taking the necessary step to regain useful vision — having cataract removed by operation. They seem not just uninformed but downright perverse about it —sometimes they seem to enjoy being pitied and condoled.

In this spirit they resent being told that cataract extraction is painless. They realize that if it is painless there's nothing heroic about submitting to the operation.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis or treatment, will be answered by Dr. William Brady, if a stamped, self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright 1957)

Case Records of a Psychologist:

Applied Psychology Works Here

Jim is a C.P.A. and a mild mannered man. But when his dander was up, he certainly excited the hotel manager in New York City. But his unique plan worked. And the hotel showed good psychology by sending Jim a reward the next day, thereby placating a patron.

By DR. GEORGE W. CRANE

Case V-350: Jom D., aged 45, is a Certified Public Accountant.

Last winter he attended a convention in New York City. It was cold and wet.

DR. CRANE

Jim had been low on sleep, so he felt as if he were getting an attack of the flu.

"When I went up to my room, moreover," Jim told me, "it was cold. So I called down to the desk and reported that fact.

"After 15 minutes, there was still no heat. I then called the engineer and he said he'd attend to it at once.

"Another 11 minutes passed and still no heat. So I again called the engineer and asked what was wrong. The man that answered quickly told me I had the wrong party and hung up.

"By this time I was indignant. So I decided to use a little applied psychology.

★ ★ ★

"In one of the dresser drawers was an Indian blanket. I put on my overcoat and then draped the blanket over my head, Indian style.

"Then I went downstairs and walked across the lobby. But I hardly had time to reach the desk before the hotel manager rushed over to my side.

"He was disturbed and exclaimed: 'Don't you realize you are making a spectacle of yourself in our lobby with that blanket over your head?'

"So I told him I was causing no more notoriety than he was by renting rooms in a supposedly first class hotel, yet giving his patrons no heat.

★ ★ ★

"Then I hold him about my cold room and my fruitless phone calls. To his credit, I must say he first checked at the desk and found I was not spoofing him.

"Then he vowed I'd have heat in a few minutes, and I did; My room was soon as warm as toast.

"And the next day a basket of fresh fruit was delivered at my door, with the compliments of the hotel.

"Dr. Crane, by thus using a little psychology, I got action when my three phone calls hadn't produced any help at all."

PSYCHOLOGY IN ACTION

Jim had always impressed me as being a quiet, almost shy type of introvert, so I was agreeably surprised to hear about his bold action.

★ ★ ★

"It didn't sound like my Jim," his wife also added, when Jim told his friends at our dinner table about this episode.

Apparently, Jim's dander was up. His chilliness and feeling of flu, must have goaded him into this unusual way of getting action.

Maybe he could have accomplished the same results by phoning the hotel manager directly.

But Jim's three previous calls had been unavailing, so he apparently was in no mood to palaver via the telephone.

Being a meek, religious type of man (who is a member of my

Bible Class at the Chicago Temple), he didn't engage in angry argument or indulge in profanity.

No, he simply dramatized his problem by parading across the lobby in his Indian blanket. Since it was in one of the leading New York City hotels, he certainly got attention.

I mention his case today to show that simple psychological strategy can often prevent word battles and often shortcut an impasse.

To the credit of the hotel, moreover, it made amends by sending Jim the surprise basket of fresh fruit, so he came away without any ill will.

See tomorrow's case for a follow-up.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

Jack S.

Dumps Debt on Democrats

A recent survey shows that the net total deficits for the Democrats' 40 years in office from Buchanan through Truman was $261.7 billion. During the 40 years office of the Republicans, including 1958 estimates, it was only $1.5 billion. It drops our huge national debt $276.6 billion pretty squarely in the Democrats' lap, it seems to me.

Wondering

British Planes Involved in Important Little War

By JOHN H. MARTIN
INS Foreign Director

Swift British jet planes are shooting rockets into ancient mud and brick-walled forts in one of the strangest — but most important — little wars in history.

Oil, as usual, is a big factor in this new chapter of Middle Eastern rivalries.

The battlefront is Oman, the least explored section of any Arab land.

Target Center is Nizwa, a village on a mountain encircled by a little plain. Nizwa, the capital of Oman, is the headquarters of the Imam of Oman, or spiritual leader, Ghalib Bin Ali, who is rebelling against Said Bin Taimur, British-backed Sultan of Muscat and Oman.

★ ★ ★

The Imam is spurred in his fight by his ambitious younger brother, Taleb Bin Ali, and Suleiman Bin Himyar, a character known as the "Lord of the Green Mountain," or the 10,000-ft. Jabal Akhdar Highlands in eastern Arabia.

Although the British officially do not blame Saudi Arabia or Egypt, those two countries are represented as being behind this latest rebellion of the Imam of Oman and his tribesmen.

James Morris, then correspondent of The Times of London, is one of the few reporters who ever penetrated even the fringes of the mountain fastnesses of Oman.

JOURNEY DESCRIBED

In his book "Sultan in Oman" (Pantheon Books) Morris tells how he accompanied the Sultan in December, 1955, in a military action against the Imam. It was the first time that the Sultan himself had been into the interior of the land over which he claims political control.

No military action occurred. The British already had ousted Saudi Arabian forces from Buraimi Oasis, a crossroads north of Nizwa.

The Imam and his brother melted into the mountains, and Suleiman, the Lord of Green Mountain, a formidable old warrior, drove down out of the mountains in an American convertible ("gift from King Saud") to swear loyalty to the Sultan.

Now Suleiman supposedly is warring once more against the Sultan.

Morris says there was proof then of the shipment for modern arms from Saudi Arabia into Oman. A letter from Egyptian President Gamal Abdel Nasser to the Imam also was found in the fortress at Nizwa.

The key to the desert war is oil, or at least the prospect of riches from the black gold. The British have been drilling at Fahud, southwest of Nizwa. The prospect of a gusher excites all concerned in this area of ill-defined borders. And British oil men of course suspect that American oil interests in Saudi Arabia also drool at the prospect.

THOUGHTS FOR TODAY

If any of thine be driven out unto the outmost parts of heaven, from thence will the Lord thy God gather thee, and from thence will he fetch thee. —Deut. 30:4.

★ ★ ★

God works in a mysterious way in grace as well as in nature, concealing His operations under an imperceptible succession of events, and thus keeps us always in the darkness of faith. — Francois Fenelon.

City Commission to Meet

May Act on Laboratory Merger

Pontiac City Commissioners tonight will act on a proposed merger of the City Health Department's laboratory with two others in operation in Oakland County.

The Oakland County Board of Supervisors last Tuesday appropriated $6,325 to consolidate the city laboratory with those at the Pontiac General Annex (the former Contagious Hospital) and at the County Health Department administration building in Royal Oak.

The merger was asked because of shortage of laboratory technicians, and to eliminate duplication of work.

Other matters to be taken up on a 28-point agenda will include a report from the city attorney on the court decision regarding the Grand Trunk switching yard for the north end.

In a routine transfer, commissioners also will be asked to shuffle $121,000 from the city's contingency fund to departments to meet adjustments in salary schedules.

City Manager Walter K. Willman explained that the fund transfer is necessary at this time as pay increases for city employes, approved last December, couldn't be computed in time to be entered in the 1957 budget approved in January. The money was set aside in the contingency fund in the meantime, Willman said.

Commissioners this evening will hear more bids for equipment for the new Public Safety Building.

U. S. Rep. William S. Broomfield has submitted a request that Pontiac join in an exhibit, Oct. 8-10 in Port Huron, aimed at encouraging present industry to remain and new industry to come to Michigan.

A public hearing will be continued on the proposal to rezone to Commercial 1 lots 81 through 96 located on the south side of Orchard Lake avenue. It is being continued to allow the petitioner for the change to present reasons for the request.

Four points of business contiac have a spot on the weekly docket.

Discussion will be held on an agreement with Pontiac Motor Division for an easement for a combination sewer planned for Ivy street.

Sherwin M. Birnkrant, representing a Pontiac Area Chamber of Commerce Fire Prevention Committee, has asked consideration of a parade to be held during Fire Prevention Week, Oct. 6-12.

REQUEST 4-H FAIR

A request has been made for a license for Aug. 6-10 for the annual Oakland County 4-H Fair.

There will be payments set for eight public improvement projects conducted in Pontiac.

The following public hearings will be aired tonight on the city's public improvement program:

Intention to construct curb, gutter and related work on Bagley street from South boulevard to Arthur street.

Intention to reconstruct five-foot concrete sidewalk and realated work and change of grade on the west side of South Jessie from Auburn, north approximately 385 feet.

Intention to grade and gravel the alley west of Telegraph road from Voorheis to Hazel.

On two special assessment rolls covering sidewalk construction work on the east side of Putnam street from the south line of LeGrande to existing walks, and on the north side of Mt. Clemens from Seneca to Moreland.

Truck's Load Falls Off, Kills Detroit Pedestrian

DETROIT (AP) — A load of wallboard toppled from a swerving truck yesterday and fatally injured a pedestrian, Ernest Seward, 34.

The truck driver, Solomon Smith, 22, said he swerved to avoid hitting a bus. Seward had just gotten off the bus.

Ford Awards Prizes to 11 Pontiac Youths

Eleven Pontiac youths were among 57 Michigan winners in Ford Motors Co.'s Industrial Arts Awards and Student Craftsman's Fair competition.

★ ★ ★

The winners, announced today, receive cash awards as prizes.

★ ★ ★

Pontiac winners are: Gregory Arakelian, 15, of 101 S. Jessie; Dwight Boyd, 13, of 27 Parkhurst; Don Chase, 14, of 294 Raeburn; Charles Irvin Lowe, 15, of 474 South Saginaw; James E. Moore, 13, of 288 Seward; Bill Ratcliff, 14, of Stowell St.; George Rendziperis, 14, of 178 Auburn; Edward Wasik, 13, of 157 S. Marshall; Gary Wesley, 13, of 85 N. Ardmore St.; Gary Williams, 14, of 242 Auburn, and Thomas Zink, 12, of 464 Irwin.

A total of 732 youths won prizes nationally.

Stanley Novak — Two of Them — in Council Race

DETROIT (AP) — Two men named Stanley Novak are running for the city council, and one of them thinks the other should spell his name with a "C" — Novack.

But it's not so, says the second Novak. His name used to be Navack but he's been Novak since he was a child, and his name is spelled that way on his Navy discharge, he says.

The first Stanley Novak says the rival not only needs a "C" in his name, but is not even a resident of Detroit. He contends he lives in a cottage near Port Huron, and has relatives living in his Detroit house.

"It's all hogwash," says the wife of the second Stanley Novak.

The problem has been put before the elections commission.

Cat With Hook in Lip Causes Auto Collision

HINGHAM, Mass. (AP) — A cat with a fishhook in its lower lip caused a head-on collision of two automobiles here. The drivers escaped injury and so did the cat —but the cars were badly damaged.

Peter Vigneau, 17, told police he was taking his pet to a veterinarian when the cat tried to leap from the car. Peter grabbed for the feline and the automobile swerved into another car.

Police took Peter and the cat to the veterinarian's office and the fishhook was removed. There was no report on how the cat got hooked.

Same Curiosity Which Killed Cat Creates Jailbird

PHILADELPHIA (AP) — Heywood Butler is in Moyamensing Prison today because he's just naturally curious.

★ ★ ★

Butler says he found a pair of handcuffs yesterday while rummaging in the cupboard of an apartment he had recently moved into. Wondering if they worked, he snapped them on. They worked perfectly and Butler hadn't found a key either.

He went to the police station to have them removed. While a patrolman was getting the handcuffs off, another policeman made a routine check of the records. It was found Butler hadn't paid a 125 fine given him in Municipal Court this week for carrying a concealed deadly weapon.

Butler couldn't raise the money and is in prison until he does.

Railroad Officials Trace Smashup to 2 Little Brothers

WINNIPEG, Man. (AP)—Canadian National Railway officials said today that two little brothers loosened the switch that wrecked a transcontinental train Sunday, injured 86 persons and caused some $225,000 damage.

★ ★ ★

A railway official said the two boys, 6 and 8, were picking blueberries when they spotted the switch, thn watched horrified as the train, five hours late on a run from Montreal to Vancouver, piled up on the main line 36 miles east of Winnipeg.

Officials said the train was going 60 miles an hour when it cracked up. The two diesel engines and a mail car made it safely over th switch, but the 16 cars behind were derailed. One overturned, eight jacknifed and rails were twisted for 350 yards.

★ ★ ★

Sixteen of the injured still are in the hospital.

A railway spokesman said the brothers were questioned in the presence of their parents. It was not known whether any charges would be filed.

21 Area Traffic Offenders Lose Driving Privileges

The Michigan Secretary of State's office reports that 21 Oakland County residents had their driver's licenses revoked or suspended recently.

Unless otherwise listed, licenses were suspended from the following persons for habitual negligence:

Frank W. Barnes, 2461 Dexter
Albert F. Bouchard, 1531 Rotset
Albert F. Brown, Royal Oak
Hugh W. Carroll, 3206 Martell
John B. Chabot, Birmingham
Richard W. Cholak, Royal Oak
Harper Grandison, 277 Hughes
Truman G. Lamphere, 1940 Joslyn
David N. Nolan, Pleasant Ridge
Gary L. Schooley, 4681 Filer
Arthur H. Scott, 31 Franklin Blvd.

Those ordered to furnish financial responsibility because of license suspension for drunk driving include:

Billy G. Coleman, 835 Emerson
James Dunlop, Birmingham
John Lee Fisher, Birmingham
Frank Gallardo, 292 W. Wilson
Carl P. Gray, Ortonville
Henry H. Henley, Milford
Lawrence E. Sovey, 114 Forest St.
David L. Stitz, 2226 Rosemary

Others include:

Joseph W. Fouts, 58 N. Telegraph, and Stanley Skierski, Royal Oak, both ordered to furnish financial responsibility.

Hal Boyle Says:

America Came of Age in Wild '20s

NEW YORK (AP)—There are two periods in our history about which Americans are incurably romantic — the "Gay nineties" and the "roaring twenties."

★ ★ ★

Time has removed from the earthly scene most of those old enough to relish the tang of the gay nineties, but millions are still alive whose youth coincided with those years of the grasshopper between the end of the first World War and the beginning of the depression — the so-called jazz age. And at the first tinkling notes of an old Irving Berlin tune, many will drop nostalgic tears in their beer.

There has been a great revival of interest in "the jazz age," and many of today's serious, security-minded young people are inclined to ask rather crossly, "Just what was so wonderful about it anyway?"

★ ★ ★

They feel like maybe they have missed something. And any man or woman over 50 is inclined to feel they missed considerable.

Just what they missed is movingly told in "The Lawless Decade," by Paul Sann, executive editor of the New York Post, and George Hornby, a big bountiful prose and pictorial saga of the era of prohibited booze and the uninhibited flapper.

It was the heyday of a generation which sometimes liked to call itself lost — and finally did get lost — but really merely liked to burn the candle at both ends, and live always on the edge of ecstasy.

It was a time when people tried to cure their own self-doubts by mumbling the message of Emile Coue, a French peace-of-mind salesman: "Day by day in every way I'm getting better and better." That was the national, as well as the individual credo: "Everything is getting better and better." And things did keep getting better — until they fell apart all at once.

★ ★ ★

It was a time that believed in free love and felt sure that money could buy anything, including happiness — and most politicians. Stock jest: "We've got the best judges money can buy."

★ ★ ★

It was a time of liberty and license, of great literary experiment, of personal freedom, when there were still plenty of rules—but the rules were made to be broken.

It was a time of great heroes—Gertrude Ederle, Charles Lindbergh, Jack Dempsey, Babe Ruth, Bobby Jones, Bill Tilden, Red Grange, Clarence Darrow, H. L. Mencken.

And it was a time of terrible bums, including such gangster gentry as Al (Scarface) Capone and Dutch Schultz.

★ ★ ★

There were more than 500 gangster murders during the prohibition period in Chicago alone, and Capone's beer - brothel - gambling empire reached an income of $105,000,000 in a single year. Capone told a woman reporter, "They talk about me not being on the legitimate. Why, lady, nobody's on the legit when it comes down to cases, you know that."

It was a time when the flapper tried to prove she could do anything a man could—but actually succeeded only in being the worst-dressed woman in the history of mankind.

★ ★ ★

The symbol of the jazz age was a lonely trumpet stuttering in a smoke-filled speakeasy. The word that describes it best is probably "excess." (Movie star Pola Negri spent $3,000 for mourning weeds, it was reported, after the death of Rudolph Valentino.)

It was a time when anyone who didn't plunge in Wall Street was a sissy. And it all came to an end after the October panic of 1929 started selling waves that wiped out 30 billion dollars in paper values. The depression was the hangover that followed.

★ ★ ★

Looking back on the jazz age, Scott Fitzgerald, its prose poet, summed up:

"It was an age of miracles, it was an age of art, it was an age of excess, and it was an age of satire....I can only cry out that I have lost my splendid mirage. Come back, come back, o glittering and white."

A few people today really want the jazz age back. But it had its value. As author Sann concludes:

"(It was) a time that was wild and whacky and finally tragic but never dull. The twenties weren't wasted at all; the wide and wonderful land came of age."

Majority Sure for Moderates

Argentine Political Foes Still Argue Meaning of Aramburu's Backing

BUENOS AIRES (AP) — Argentina's moderate forces backing Provisional President Pedro Aramburu's drive for constitutional reform were sure today of a comfortable majority in the constituent assembly. But political leaders still argued the meaning of the election results.

The arguments ranged from victory claims by antireform forces and shouts of triumph by Peronista diehards to assurances from Aramburu that the balloting Sunday proved Argentina's will to live democratically.

Tallying of 8,231,688 votes—more than 80 per cent of the total registered voters—showed that 2,088,140, or just under 25 per cent, had heeded ex-dictator Juan Peron's command to cast blank ballots.

This fell far short of Peron's boast from Caracas that 75 per cent of the Argentines would answer his call. But those who did still constituted the country's largest single faction, still faithful to the outlawed Peronist party and its exiled leader.

Close behind in second place was the middle-of-the-road Radical Wing led by Ricardo Balbin. It had polled 2,067,299 votes on a pledge to amend the 1853 constitution as Aramburu has demanded, to cut the executive power so that no dictator can take over again.

PARKING ON PREMISES

Security for You

Considerable Aid Available for Elderly

By RAY HENRY
Associated Press Writer

"Dear Mr. Henry:

"Recently you mentioned in your column that there may be an increase next year in Social Security payments. I don't want to take anything away from the people drawing Social Security, but what about widows like me who aren't eligible for Social Security.

"I'm 77 and have practically no money to live on. My husband died before he could earn Social Security for me. I would work, but I'm not able.

"I live in one room, have only a one-burner gas stove to cook on and get most of my food from neighbors and friends. The only money I get is from my children. They can't afford to help much because they have families to raise.

"Instead of worrying about paying higher Social Security, why doesn't the government start something for people like me?"

"Mrs. K. L. G.

The question in this letter, "Why doesn't the government do something for the old people who can't collect Social Security?" is one that I am asked most frequently.

Yet, it's one of the easiest to answer: The government is already doing something through its Old-Age Assistance Program for people 65 or more.

The program, run jointly by the federal government, the individual states and the District of Columbia, is designed to help old people in need — particularly old people who aren't eligible for Social Security.

But, apparently a lot of them, like the woman who wrote the letter above, haven't heard about or made use of the assistance.

FEDERAL MONEY

The federal government's role in the program is to put up part of the money and to lay down some of the broad rules of operation.

★ ★ ★

The states have the job of deciding how the program will run within their own boundaries, including how much the Old-Age Assistance payments will be.

And, the question of who shall receive the payments is, in general, left to the states. They decide on the basis of who needs the payments to live.

"Need" is defined differently in different states.

Here's how it's done:

Each state lays down a budget which it feels a person needs as a minimum to live. Then, if all the income a person has doesn't equal this minimum budget, he's considered needy and the state pays the difference.

★ ★ ★

Since the budgets vary from state to state, the payments vary. The average is about $60 a month. The latest figures for payments for individual states shows that Colorado leads with a high average monthly payment of $95, while Mississippi has the lowest average monthly payment of about $29.

If you feel you qualify for the payments and you're not now getting them, you can find out whether you're eligible by calling, visiting or writing the nearest public assistance office. If you don't know the address or phone number, you'll be able to get it through your local post office.

(Questions on Social Security problems may be addressed to "Social Security," in care of The Pontiac Press. Questions will be answered by mail from the Pontiac office of the Social Security Administration. There is no charge for this service.)

Fare Raise Asked by American Airlines

WASHINGTON (AP) — American Airlines, the nation's largest domestic airline, has asked the Civil Aeronautics Board (CAB) to let it raise fares 6 per cent.

American proposed to put the new fares into effect Sept. 28, the same date as for similar increases filed earlier by seven other domestic airlines. All require CAB approval.

Nelson Lee Smith, vice president of economics, said additional rate hikes will be proposed "at an appropriate time."

Smith said the airlines have been caught in a critical profit squeeze which is "particularly ominous because of the threat it holds for the industry's jet program."

Old Car Tour Begins

TRAVERSE CITY (AP)—Some 60 vintage cars began roaming the Grand Traverse area Monday as part of the Veterans Motor Car Club annual sightseeing tour. The tours, through the cherry picking area, will continue until Friday.

Union of South Africa maintains three capital cities.

Plagued Day And Night with Bladder Discomfort?

Such a common thing as unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery — don't wait — try Doan's Pills.

Doan's Pills have three outstanding advantages—act in three ways for your speedy return to comfort. 1—They have an easing soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headaches, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. Ask for new, large, economy size and save money. Get Doan's Pills today!

3 common-sense reasons to use New Mobilgas SPECIAL if yours is a high-compression car!

1 **New Mobilgas Special has been boosted still higher in octane—today delivers all the anti-knock power your high-compression car can use . . .**

That's why you get quick starts and warm-up, smooth idling, instant response . . . improved, year-'round performance that adds up to *more miles per gallon!*

2 **New Mobilgas Special is the only premium gasoline containing MC4—a unique combination of additives that saves power and gasoline these 4 ways . . .**

1) extends spark plug life . . . 2) controls harmful pre-ignition . . . 3) reduces stalling . . . 4) helps keep carburetors clean—check engine-formed gum.

3 **With new Mobilgas Special you never pay extra for octanes your high-compression car can't use!**

New Mobilgas Special contains *all* the octane your 1957 car requires. Any *higher* octane *is a waste of your money.*

Try New Mobilgas Special—super special for '57!

Bob Considine Says:

Castillo Armas Played Great Role

NEW YORK (INS) — President Eisenhower mourned the assassination of Guatemalan President Carlos Castillo Armas as a loss to the entire free world.

★ ★ ★

It is doubtful if the man's role in hemispheric affairs was ever fully appreciated by people in general. Castillo Armas overthrew an entrenched Communist government which, by this time, conceivably could have set up a Soviet atomic air base in our back yard.

Castillo Armas was a quiet, liberty-loving, chess player who was taught to think American—North American, that is — by Col. John Considine, a West Pointer loaned by the U.S. Army to Guatemala more than 20 years ago as a military adviser and instructor.

Teacher and pupil met first at the Polytechnical School. Long after graduation, and the return of the Army man to the U.S., the two kept up a correspondence. Through this means, Castillo Armas' courses in democratic procedure continued until the palace guard ended his life at 42.

★ ★ ★

That correspondence helped to keep the Kremlin out of South America.

DOWN WITH OZ

Detroit's public libraries Director, Ralph Ulveling, has banned L. Frank Baum's "The Wizard of Oz" from the city's reading centers.

★ ★ ★

The Oz books "have no value" and are "not uplifting or elevating," Ulveling ruled, narrowly avoiding total submersion in a sea of redundancy.

Content that the doings of the wizard will somehow live longer in man's annals than the doings of Ulveling, but none the less outraged, the chairman of the English Department of Michigan State University, Russel B. Nye, takes sharp exception.

His book, "The Wizard of Oz and Who He was," is now a Saturday feature in a Detroit newspaper — another defender against heresy.

Funny how a fellow can go along for years thinking he got his independence one way and it turns out he got it quite differently. Take the editorial in the Daily Express, London:

"The war of (American independence) was, in the main, a German war. It was directed by George III, a Hanoverian. Almost half of the 'British' army in America were Hessian mercenaries.

ENGLISH COLONISTS

"The Americans who fought against them were mainly Englishmen or their descendants. George Washington was at one time a brigadier in the British army.

"These facts should be kept in mind. It was the English in America who upheld English liberties — against German influence and German arms."

Well, now, what can we do to make amends? Jail the descendants of Sam Adams and pay for that destroyed tea? Call back the shots at Concord? Apologize to the current Lord Cornwallis?

Ask Rene MacCall to return as governor general? Jail Washington for not having a white-wall haircut? Stop eating at Luchow's? Start the flames again in the White House at the point where they were doused?

★ ★ ★

Or shall we just say, "Sorry, Albion, it was pretty cheeky of us, at that. So now we're returning to you as a colony with the understanding, of course, that you'll carry out our multi-multi-billion dollar commitments to the United Nations, NATO, SEATO, the recovery or development of Europe, Asia and Africa, and military aid to 43 nations, including Britain."

SCULPTOR'S REPLY

V. J. Skutt, Mutual of Omaha president who hails from Leadville, S.D., tells the story of the response of Gutzon Borglum when the great sculptor was lauded for his Mt. Rushmore (S.D.) stone heads of Washington, Jefferson, Lincoln and Teddy Roosevelt.

"They're eternal," Borglum was reminded. "Erosion will be at the rate of only one inch every 10,000 years."

"I would rather have composed Irving Berlin's 'God Bless America,'" Borglum said.

Death Comes to Bull in Bloodless Fight

SAN JOSE, Calif. (AP) — Death came to a bull at a bloodless bull fight, staged here over the protests of a legislator whose bill banning such shows becomes law Sept. 11.

The bull, running wild between the grandstand and a five foot plywood wall enclosing the ring, was pursued by a sheriff's car and a fairgrounds truck. The truck ran down the bull, breaking its leg.

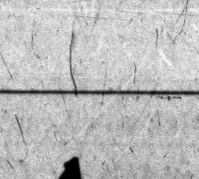

Robert C. Hall, Santa Clara County humane officer, fired two shots and killed the injured animal.

Given National Award

INTERLOCHEN (AP)—Patricia J. Stenberg, a June music graduate from the University of Michigan, Sunday received the National Leadership award from Sigma Alpha Iota, national professional women's fraternity. Miss Stenberg of Jackson, plays the oboe and English horn.

AIR CONDITIONING—TEMPERATURES MADE TO ORDER—AT NEW LOW COST. GET A DEMONSTRATION!

CHEVROLET BEST IN TRANSCONTINENTAL ECONOMY TEST!

In a conclusive test, sanctioned and certified by the NATA,* Chevrolet proved that it costs *least* to operate of the three leading low-priced cars tested! Traveling from Los Angeles to New York, Chevrolet recorded up to 17% greater fuel economy and lower total cost for the trip!

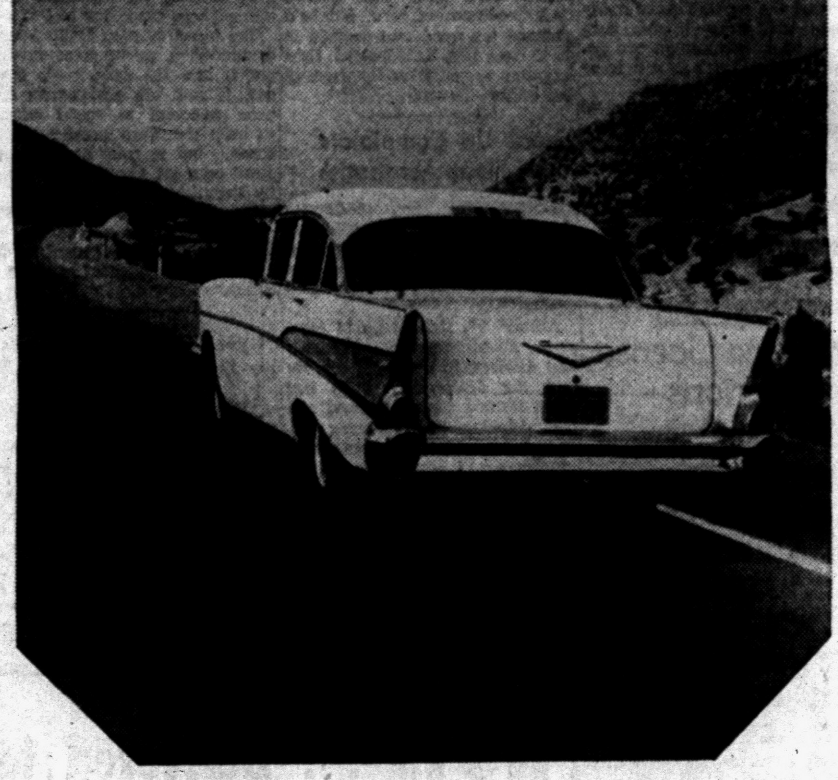

Chevy proved its outstanding economy all right, in one of the most thorough and conclusive tests of this kind ever undertaken. Still, Chevrolet's ability to save *big* hardly comes as a surprise. Its economy is as traditional as its craftsmanship and solid construction. You take for granted Chevy's low operating costs, just as you've come to expect its fine finishing touches and careful attention to details—advantages the other low-priced cars can't quite seem to match. Worth a trip to your Chevrolet dealer's? No question about it.

*National Automotive Testing Association.

Chicago Police Break Up Mob

Task Force Returns to Race-Troubled Area as Disorders Threaten

CHICAGO (AP)—Chicago's police Task Force moved into the race-troubled far South Side last night as threats of fresh disorders arose.

The Task Force—a special unit designed to move into any trouble spot and quell disorder—broke up a milling crowd of more than 1,000. Four parked cars reportedly owned by Negroes had been stoned and stones were thrown at others driven by Negroes. No injuries were reported.

Police seized 35 persons, including several white teen-agers, for questioning. Four Negroes were arrested for carrying concealed weapons.

★ ★ ★

About 200 policemen were assigned to the mixed, predominately white district after a day of no disorders following Sunday's rioting which brought some 300 policemen to the scene.

The first outbreak of violence occurred in Calumet Park.

Last night's most serious disturbance was with a crowd concentrated on the four corners of 106th Street and Ewing intersection.

★ ★ ★

Police had to club back the crowd after seizing a teen-ager who threw an exploding firecracker under a police car.

Police Commissioner Timothy O'Connor appeared at the scene before midnight and directed his men to clear the area. The crowd then stretched along a six-block area, but many lingered or returned after police moved on to other portions of the crowd.

No Negroes were in the area but the crowd kept up crying anti-Negro remarks.

A sandwich spread is what some people get from eating between meals . . . A country store has this sign: "We have it—if we can find it." . . . How to save money: "When you take your girl to dinner, ask her, 'And what will you have, my plump little doll?' "—Earl Wilson

British, U. S. Support Expected in U. N.

Japan After Security Council Seat

UNITED NATIONS, N.Y. (AP)—Twelve years ago Japan was in the last bitter stages of a losing war with an alliance called the United Nations.

Today she is a respected member of the international organization that grew out of that alliance. And she is campaigning actively for election to its Security Council. Many delegates think she has a good chance of election.

★ ★ ★

The council has 11 members. Three of these seats are to be filled by secret-ballot elections when the 81-nation General Assembly meets in September. The council members leaving, after two year terms, will be Australia, Cuba and the Philippines.

Japan is running for the seat the Philippines holds.

A "gentlemen's agreement" in 1946 allotted two of the six non-permanent seats on the council to Latin America and one each to the British Commonwealth, the Middle East, Western Europe and Eastern Europe.

★ ★ ★

The seat the Philippines occupies was assigned in that agreement to Eastern Europe, in accordance with the principle of "equitable geographical distribution" laid down in the U.N. Charter.

The agreement, however, is tottery.

In 1955 Yugoslavia, backed by the Soviet Union, and the Philippines, backed by the United States deadlocked for the place, neither getting the necessary two-thirds majority.

The president of the Assembly that year, Jose Maza of Chile, got general agreement to a plan for getting around this deadlock: he held a drawing. The winner, Yugoslavia, served the first year of the disputed two-year term. The loser, the Philippines, is serving the second year.

★ ★ ★

That weakened the gentlemen's agreement. The supposed Eastern European seat had drifted clear over to East Asia.

Through all this, the United States contended that the agreement was not meant for all time but only for the 1946 elections. On the other hand, Britain opposed the Philippines with the argument that the agreement still held good.

Britain now has dropped this contention and will vote for Japan.

★ ★ ★

The Soviet bloc has not yet announced its candidate. Czechoslovakia is mentioned most often.

Many delegates expect most of the British Commonwealth to follow Britain's lead while much of Latin America follows the U.S. lead in voting for Japan.

But some countries in Scandinavia and the Arab world and perhaps in Latin America may feel the gentlemen's agreement is still in full effect.

Say Many Reputations Will Suffer

Confidential Trial to Start Despite Defense Warning

LOS ANGELES (AP)—Despite a warning from the defense that "reputations of many persons will suffer if this case goes to trial," the court has turned down a proposed compromise agreement in the criminal libel case against Confidential magazine.

Trial is slated to begin Friday.

★ ★ ★

The proposed settlement was worked out yesterday during a long meeting of the prosecution and the defense in the district attorney's office. It would have provided:

1. Confidential and its sister publication Whisper would stop printing smear articles against celebrities.

2. Charges against defendants Fred and Marjorie Meade, accused of supplying information about Hollywood figures to Confidential, would be dropped.

3. The case against the magazines and other corporate defendants would be decided on the basis of the transcript of the grand jury hearing in which they were indicted.

★ ★ ★

Superior Judge Herbert V. Walker, in rejecting the compromise, held insufficient reason had been given for dismissing the four conspiracy counts against the Meades.

"I cannot in good conscience accept this proposed disposition of the case," he said.

The attorneys for both sides had informed the court that a long trial — possibly lasting six months — and involving scores of leading Hollywood figures was in prospect if the compromise were turned down.

★ ★ ★

"I want to make it clear," said defense attorney Arthur J. Crowley, "that the reputations of many persons will suffer if this case goes to trial, because we are going to offer the truth as a defense against the libel charges."

Several of the more than 40 Hollywood personalities subpoenaed by the defense were in attendance yesterday. They included Walter Pidgeon, Corrine Calvet, Buddy Baer and Josephine Dillon, Clark Gable's first wife.

Crowley explained they were called in an attempt to show their testimony that stories printed in the magazines were true.

Half of Malaya now is free from terrorists, Singapore reports. The terrorists are said to be 90 per cent Chinese and completely ruthless.

Pilot Changes Mind, Creates Big Stir

CHARLOTTE, N.C. (AP) — Ralph Tate of Pittsburgh, Pa., changed his mind — and threw the Southeastern Seaboard into a tizzy.

Tate, piloting a piper plane from Pittsburgh, left Winston-Salem yesterday noon, after refueling, on a scheduled flight to Charlotte . . . and disappeared.

Civil Aeronautics Administration officials radioed back and forth seeking news of the missing plane, finally alerted the Air Force to ready search planes.

Then at 9 p.m. Tate phoned CAA headquarters here. Sid he'd changed his mind and decided to go to Rock Hill, S.C., instead. He'd forgotten to notify headquarters of the switch, he said.

Livens Up Complaints With Neat Acrobatics

LOUISVILLE, Ky. (AP)—Benton S. Asbury, a sprightly gentleman with an agile body, used acrobatics to add vigor to a complaint made at the mayor's weekly beef session.

Asbury, 77, showed up to complain about drainage, swearing and drinking in Central Park. He said the drainage was so bad lakes formed when it rained and that drinking and swearing disturbed his pinochle games with cronies.

He topped his complaint off with a neatly executed acrobatic split in front of city officials. They promised to see what could be done about his complaints.

Yale's school of medicine accepted women students starting in 1916.

Scotland Yard Out of Date, Says U. S. Expert

LONDON (AP) — An American crime expert set British sparks flying today by describing Scotland Yard as out of date.

Dr. Charles Larson, president of the College of American Pathologists, said Britain's cherished police headquarters is in danger of losing its reputation as the world's most efficient crime squad.

★ ★ ★

Larson spoke critically after an extensive tour of the Yard's huge gray building off Whitehall. Then he caught a plane for New York.

The big-circulation Daily Mirror demanded a government investigation into the American's charges. It said the government had been reluctant to spend enough to keep the Yard abreast of the times, "but in spite of handicaps Yard men got excellent results — by technical brilliance."

Larson said he was "absolutely amazed to see how outdated the Yard's scientific equipment is. My own private equipment at home is better."

Pays Traffic Ticket by Mail After 3 Years

MIAMI, Fla. (AP)—Fred J. Bonneau of Bristol, Conn., is not a man who forgets his obligations.

The Miami Traffic Fines Bureau received a letter from Bonneau containing a $2 postal money order for a parking citation he received on Feb. 15, 1954.

Bonneau wrote in part:

"So sorry to have put you to all this trouble. I had the money in an envelope all this time, but never got around to mailing it."

'World Revival Key to U. N. Peace Hope'

NEW YORK (AP)—Billy Graham said on a visit to the United Nations yesterday that a worldwide "moral and spiritual resurgence" is needed before the U.N. can become a complete success.

The evangelist called on U.N. Secretary General Dag Hammarskjold and later held a news conference with U.N. correspondents.

★ ★ ★

He said he and Hammarskjold discussed "the need to supplement the work of the U.N. with a moral and spiritual resurgence throughout the world."

"Human nature needs revamping," he said, "and I believe Jesus Christ is the only one who can give a man a total revolution." He said the ultimate hope for enduring peace is a Second Coming of Christ.

★ ★ ★

"When . . . the people in this building are at the end of their rope, there will be a climactic moment when Christ will come back in person to set up his kingdom," he said.

Asked how long the world must wait for this, he replied: "I believe it may be a thousand years."

Graham will be back at Madison Square Garden tonight for another meeting in his New York crusade after a night off last night.

Soldier, Wife Jailed for Death of Baby

BAD KREUZNACH, Germany today a Knoxville, Tenn., soldier and his wife have been sentenced to three years in prison for beating their 14-month-old son to death.

★ ★ ★

An Army court-martial convicted Specialist 2.C. Hames W. Dial and his wife Joana of involuntary manslaughter. Dial was ordered dishonorably discharged from the Army with the loss of all pay and allowances.

The sentences are subject to review by higher military authorities.

★ ★ ★

Witnesses at the trial testified the couple beat the child severely with a web belt, pieces of wood and an electric cord for several weeks before its death May 21.

The couple admitted the beatings, saying they acted in fits of temper because the child cried constantly and refused to eat.

Officials Rule Jackass Jones Has Got to Go

ANNAPOLIS, Md. (AP) — Zoning officials are trying to force Mr. Jones out of his home at nearby Turkey Point.

Many of his neighbors have come to his defense. They have testified that he is a quiet, inoffensive soul — a credit to the community.

But the Planning and Zoning Commission says he is still a jackass.

Mr. Jones — a burro — was purchased by Mr. and Mrs. George W. Glenn as a pet for their 7-year-old son, David.

The Commission ruled donkeys are not permitted in the area.

The Glenns have appealed the ruling.

O'Mahoney Leads Jury Trial Drive

Another Crusade for 'Joe'

By INTERNATIONAL NEWS SERVICE

Sen. Joseph O'Mahoney (D-Wyo), who "went west" from Massachusetts as an idealistic, fledgling editor in 1908, is leading another crusade.

At 72, with many a scrap behind him, he's commanding the Senate drive to write a jury trial guarantee into the pending civil rights bill.

★ ★ ★

The fact that the amendment is being advanced by a legislator from the Far West, rather than by one of the Southerners who first raised the cry, has helped to win it votes.

But of equal importance to the Southern cause is O'Mahoney's prestige as one of the Senate's leading Constitutional lawyers and a persuasive speaker.

Known in Congress as a foe of monopoly, O'Mahoney serves now on the Judiciary, Interior and Joint Economic Committees. He was a leader in the Senate fight against the Dixon-Yates power contract, which the Eisenhower administration ultimately canceled under legislative pressure.

★ ★ ★

Less than two years ago, he headed a senate investigation of auto industry practices which resulted in car dealers winning more favorable franchises from their manufacturers.

It was Attorney O'Mahoney who helped defend Owen Lattimore on a perjury charge growing out of his testimony before the Senate Internal Security Subcommittee. The case against the Far East expert was thrown out of court.

"Joe" O'Mahoney, born in Chelsea, Mass., and educated at Cambridge Latin School and Columbia College in New York, went west at the age of 24 to become news editor of the Boulder, Colo., Daily Herald. Eight years later he became editor of the Cheyenne, Wyo., State Leader and began shaping his long career in that state.

ACQUIRED LAW DEGREE

His first Washington service came as secretary of the late Sen. John B. Kendrick of Wyoming in 1917. Acquiring a law degree at Washington's Georgetown University he practiced law in Cheyenne and began his climb in politics.

In 1933, former President Roosevelt named him first assistant postmaster general and that November he was appointed to succeed Kendrick in the Senate. Defeated for re-election in 1952, O'Mahoney was returned to the Senate in 1954. He has had almost 22 years of service in that body.

Brothers Lived Cheaply but Have $100,000 Estate

PORTLAND, Ore. (AP) — Two bachelor brothers who for the past 10 years have lived in cheap hotels in Portland's skid row district left estates totaling nearly $100,000.

They were Arthur Kneubehler, 76, who died June 6, and his brother Julius, 78, who died July 22, both retired farmers from Cowlitz County, Wash.

★ ★ ★

Their only known survivor is a sister who is a patient in the state mental hospital.

Atty. Karl F. Glos, administrator of the estate, today said Arthur's estate probably will total $75,000. Julius' is valued at $20,000.

The attorney said he met Julius when he sought aid in probating Arthur's estate. He said the brothers operated a family farm until they sold it and moved to Portland about 10 years ago. They made much of their money in the stock market and kept it in as many as a dozen banks. Glos said "they were pretty smart" about the stock market deals.

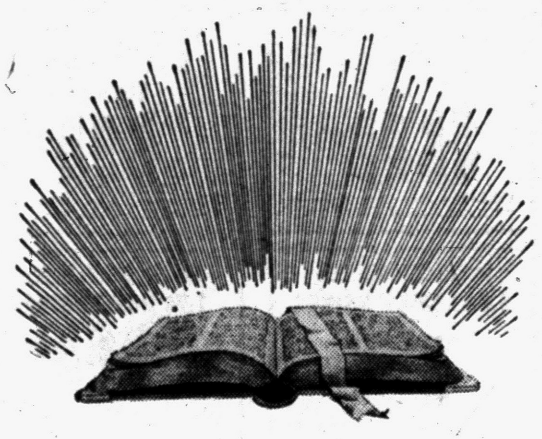

Glos said Julius lived a quiet life "just sitting around living off his interest. And now and then he drank a little wine."

"I tried to talk him into living a little better but he said he liked it down there" on skid row, Glos said.

With a score of 5 to 4, Jacqueline Bowman (right) displays a big smile as she hands the ball to her sister, Jeraldine, for the next serve. Twin daughters of Mr. and Mrs. Richard Bowman of Lookout drive, the girls look forward to their daily play.

Heat Fails to Halt Fun in Capital

Wilted Washington Continues to Enjoy Party-Go-Round

By JANE EADS

WASHINGTON — Though many socialites and diplomats have deserted humid, heat-ridden Washington, the party-go-round continues unabated, with as many as five ring-catchers a day for the die-hards.

A recent highlight, a last fling of the season for the chic hostess before she takes off for Paris, was a huge reception and garden party given by French Ambassador and Mrs. Herve Alphand.

RAILWAY BUFFET

Though the 400 guests at this party helped themselves from bars and buffets set up under the trees, the slender, blonde Mrs. Alphand has introduced a new method for handling large crowds at the supper hour. This is a "railway station" buffet.

★ ★ ★

"All the dishes for the supper are cold, because this is apt to be the kind of party that last and lasts," Mrs. Alphand says.

"Places are set at the dining table with plates, silver, glassware and so forth; big platters are arranged in the center, right on the table.

"People keep helping themselves, and pass things back and forth to each other. I call it 'railway station' because people keep drifting in and out of the dining room; as places at the table become vacant, they are filled by other guests."

SATCHMO SCORES

Jazz trumpeter Louis Armstrong stole the show at a recent party given by the Pakistan press attache, Syud Ahmed, for former Pakistan ambassador to the United States, Syed Amjad Ali, now his country's finance minister.

★ ★ ★

Guests paid Satchmo more attention than Ali and called him "ambassador." The traveling jazzman from New Orleans said he expects to take his troupe to Pakistan next year.

Italian Actor Low-Rates Curvy Girls

All Fireworks and No Talent, Claims De Filippo

By LEE BELSER

ROME (INS) — An eminent Roman actor rattled off a few untranslatable words today about bosomy Italian movie actresses and then added scornfully they may be "prominent" in the United States but in Italy they are not considered actresses.

★ ★ ★

Edwardo de Filippo, often called "the John Barrymore of Italy," described the general curvy run-of-the-mill Italian sex-pot as "not at all representative of our cinema."

"They are all fireworks and no talent," he said with the aid of an interpreter.

ANNA AND GUILETTE

There are only two female personalities De Filippo raises above the status of pure mediocrity — Anna Magnani and Guilette Massina, star of "La Strada."

★ ★ ★

"Miss Magnani," he declared, "is Italy itself. She has a true Italian face as well as dynamic acting ability. Miss Massina, although a completely different type, is the only other actress in Italy who even remotely approaches her."

De Filippo, who is appearing in his first American motion picture, "Raw Wind in Eden" with Esther Williams, conceded that Sophia Loren "has a lot to offer."

"She is physically, but not yet artistically, developed," he said.

Eduardo, a small-framed, sad-faced man with a high disdain for brainless beauties, cannot understand why only beautiful women are in the movies.

RARELY GORGEOUS

"Heroines in real life," he pointed out, "are rarely gorgeous, so why should they be gorgeous on the screen?"

★ ★ ★

The veteran actor has never been to Hollywood, but from where he sits in Rome it seems to him that movietown has developed the "perfect screen technique."

"It's so perfect in fact," he declared, "that it is hard to distinguish between technique and talent.

"With this slick approach, it is possible to take untalented people and make them appear fascinating on the screen. We have not developed that sort of thing in Italy."

Pontiac Press Photos

Chris Austin of West Huron street (left) and Bill Mair of Chippewa road don't let the weatherman's gloomy predictions upset them. They take chess seriously and spend many hours trying to checkmate each other's king.

It's fun to get together with the neighbors and eat out-of-doors. Charcoal-broiled steaks are the order of the day when Pat Judd, Alvin Fox, Mrs. Carl Cronkright, Mr. Cronkright, Mrs. Fox and Gail Judd (left to right) dine out. The Foxes and Cronkrights are neighbors on West Longfellow avenue. Pat and Gail are visiting here from Traverse City.

Summer Provides Time for Easy Outdoor Living

They say it's a man's world and Lynn Edgin of Florence avenue firmly believes it. Eating and driving at the same time are no problem for him, at least when playmate Rhonda O'Berry, also of Florence avenue, offers to provide the power for the automobile.

Having just returned from Toronto, Ont., where they attended the National Leaders' Club Insurance Convention at the Royal York Hotel are Mr. and Mrs. Harvey W. Perry of Alice avenue. They returned home by way of Owen Sound and Georgian Bay, stopping at several points of interest.

★ ★ ★

A son, David J., was born to Mr. and Mrs. William E. Stoutenburg of Gateway drive on July 18 at Pontiac General Hospital.

Maternal grandparents of the infant are Mr. and Mrs. Floyd E. Short of Niagara avenue. Mrs. Leo Stoutenburg of North Paddock street is the paternal grandmother.

★ ★ ★

Mr. and Mrs. Richard D. Kehl of Osmun street announce the birth of a son, Richard Ricky, July 24 at St. Joseph Mercy Hospital.

Grandparents of the infant are Mr. and Mrs. John Kehl of Osmun street and Mr. and Mrs. Fred Ashbaugh of Marquette street. Mr. and Mrs. Ed Giddings of Clarkston are the great-grandparents.

★ ★ ★

A son, Richard Gray Euler was born July 29 to Mr. and Mrs. Richard F. Euler (nee Nancy Gray) of Lake Angelus Shores.

Grandparents of the infant are Mrs. Moffat A. Gray of Lake Angelus Shores and Mr. and Mrs. Harold B. Euler of Ottawa drive.

★ ★ ★

The birth of a daughter, Kelli Sue, is announced by Mr. and Mrs. Robert Brennan (nee Maureen Kelly) of Wertheim, Germany. Kelli Sue arrived July 26.

Paternal grandparents are Mr. and Mrs. Charles Kelly of Mohawk road. Mr. and Mrs. John Brennan of Farmington are the maternal grandparents.

★ ★ ★

Mr. and Mrs. Theodore Cohassey of West Huron street attended the wedding of Meg Boyd and Charles Rogers solenmized Saturday evening in Dearborn. Miss Boyd was a roommate of Mrs. Cohassey at Michigan State University.

Sandra White Speaks Marriage Vows

Given in marriage by her father, Sandra Janis White wed Gerald Alton Bradow Saturday evening in the First Presbyterian Church. Two hundred and fifty guests attended the 8 o'clock candlelight ceremony with the Rev. William Marbach officiating.

★ ★ ★

The bride is the daughter of Mr. and Mrs. Steve J. White Jr. of Ascot road. Gerald is the son of Mr. and Mrs. Howard Bradow of Clio.

GOWNED IN LACE

Sandra's wedding gown was of hand-clipped Chantilly lace over tulle and satin featuring a portrait neckline scattered with iridescent sequins. The skirt was fashioned with an apron effect ending in a scalloped train.

★ ★ ★

The scalloped fingertip veil of French illusion with sequins held the contour crown of seed pearls and rhinestones. She carried a cascade bouquet of stephanotis and white orchids.

Maid of honor Barbara Tallerday and bridesmaids Kathleen White, sister of the bride; Mrs. Archie Dalasinski of Clio and Mrs. Robert Cunningham were gowned in identically styled dresses of green, pale pink, blue and orchid, respectively, with pleated chiffon skirts and deep-toned sashes.

★ ★ ★

They carried cascade bouquets of tapered pink carnations and ivy.

Laurie Cunningham, flower girl, wore a floor-length dress of white crystalette and carried a basket of pink carnations. George Baum II served as ringbearer.

ATTEND BRIDEGROOM

The brother of the bridegroom, Glen Bradow of Clio, was best man. Ushers were Darell Adams, Archie Dalasinski and Robert Cunningham.

★ ★ ★

A reception in the church parlors followed the ceremony.

For her daughter's wedding Mrs. White chose a sheath dress of beaded toast-colored lace over honey-colored taffeta with a flared back panel. Toast and yellow accessories and a corsage of yellow orchids accented her costume.

The bridegroom's mother wore a pale orchid sheath of organza with a pink sequined hat and white accessories. Her corsage was a deep purple orchid.

★ ★ ★

For traveling the bride changed to a yellow dotted swiss dress with a white picture hat, white accessories and a rhinestone necklace and earrings, a gift of the bridegroom. Her corsage was the orchid from her bridal bouquet.

The couple is honeymooning in northern Michigan and will reside in Flint.

MRS. GERALD A. BRADOW

Mary Flaherty Will Be Wed in January Rite

Mr. and Mrs. Joseph Francis Flaherty of Bloomfield Hills announce the engagement of their daughter, Mary Patricia, to Norris James McNerney. The prospective bridegroom's parents are Mr. and Mrs. John Howard McNerney of Ottawa Hills, Ohio.

The bride-elect was graduated from Ladywood of Indianapolis and is a senior at Manhattanville College in Purchase, N. Y. She made her debut in New York at the Gotham Ball in 1954.

Her fiance was graduated from Canterbury School, New Milford, Conn. and received a bachelor's degree from Williams College where he was affiliated with Phi Delta Theta fraternity.

A January wedding is planned.

Nikki Sue Purvis Feted on Birthday

Nikki Sue Purvis was honored at a birthday party on Sunday at the West Longfellow avenue home of Mr. and Mrs. James Purvis. Nikki's parents are Mr. and Mrs. Larry Purvis of Stout street.

Among the guests were Mr. and Mrs. Henry S. Nichols, Mr. and Mrs. Jeff Morse, Tena Guest, Terry Guest, Mr. and Mrs. George Purvis, George Purvis, Roylyn Ball, Kay Ridley, Jane Ridley, Mary Ridley, Donna Furlong and Darcie Furlong.

Showers Given for Bride-Elect Nancy Walser

Bride-elect Nancy Walser was feted Saturday with a miscelleneous shower at Old Mill Tavern. Mrs. Richard Carter was the hostess. Forty guests were present.

Also entertaining for the bride-elect was Mrs. Sidney Savage of Roland street. She hostessed a linen shower which 14 people attended.

Nancy will become the bride of Robert C. Holan of North Paddock street on Aug. 3 in St. Michael Church. She is the daughter of Mr. and Mrs. Egon F. Walser of Myrtle avenue, and the prospective bridegroom's parents are Dr. and Mrs. C. A. Holan of Cleveland, Ohio.

Paris Stylists Are Following 'Short Look'

PARIS (INS)—Paris fashion designers are following the "short look" inaugurated last spring by Balenciaga and Givenchy and followed up this year by the Italian and London couturiers.

★ ★ ★

Pierre Cardin today showed skirts just covering the kneecap as one feature of what the Parisian called the "Lasso Line." The kneecap length was used on the tightest possible pencil skirts, topped by lengthened suit jackets.

Coats have "loop drapes" from shoulder to hemline at back for combined rear view detailing and "lasso" look.

Cardin also showed novel "lasso dresses," which were slim, short evening gowns with straight back panels from shoulder to hem. The panels then loop between the legs to drape up to the waist in front.

Rumors are spreading through Paris fashion circles that Balenciaga will continue his short skirts. Even Dior, gossip has it, may reserve the semi-long skirt for afterdark wear only.

Couple Married

St. Benedict Church was the setting for the Saturday wedding of Janis Pauline Boyer to Ralph Thomas Blanzy. Her parents are Mr. and Mrs. Paul E. Boyer.

Family Has Reunion

Murphy Park was the site of the annual Pearsall-Calkins reunion Sunday. One hundred and fifteen people attended.

Cranbrook Rite Read for Couple

Sally G. Wilkinson, Dr. John Harper Exchange Vows

BIRMINGHAM — Christ Church Cranbrook was the setting for the noon wedding today of Sally Gene Wilkinson to Dr. John Masters Harper, Lt., USN Medical Corps. The Rev. Lester Dobyns performed the ceremony.

★ ★ ★

The bride chose a gown of white embroidered silk tulle featuring a portrait neckline which extended into short sleeves. The bouffant tired skirt formed a short sweep train.

Mrs. Richard Groves served as her sister's matron of honor. Other attendants were Mrs. William C. Wilkinson of Ann Arbor, Mrs. Daniel D. Webb of San Diego, Calif., Nancy Tischer and Mrs Arbie O. Thalacker Jr.

They all wore gowns of green organdy with white embroidery and carried arrangements of Peruvian lilies and yellow gladioli.

★ ★ ★

A brother of the bridegroom, Samuel Harper, assisted as best man. Dr. William C. Wilkinson, Dr. Charles, Richard Allread and Richard H. Groves seated the guests.

A reception was held at Orchard Lake Country Club.

For a wedding trip to northern Wisconsin the new Mrs. Harper wore a Nile green suit with white accessories. The couple will live near Camp Lejeune, N. C.

The bride's parents are Dr. and Mrs. Arthur P. Wilkinson of Birmingham. Mr. and Mrs. Lester Blaine Harper of Fort Wayne, Ind., are the bridegroom's parents.

Lights Reduce Falls

Half of the deaths from home accidents are caused by falls. Stairs are a chief source of worry, especially with children and old people in the family. Keep your stairs free of objects and well-lighted from top to bottom.

Try Tips From TV Actress

Save Energy for Good Looks

By JOSEPHINE LOWMAN

In New York City, Murial Williams, lovely TV actress, met us for an early and hurried luncheon during the recent heat wave. It was early and hurried because she was to report for rehearsal of "Brighter Day," the dramatic CBS-TV serial in which she has starred for two-and-a-half years.

★ ★ ★

The air-conditioned lobby in which we waited for her was filling up with wilting drooping people who had come off second-best in the battle with the weather on the street they had just left. Miss Williams arrived looking cool, eager and adequate.

When asked if she minds the heat she answered, "I mind it tremendously but I can't stand looking as though I do, and in working out some techniques for looking cool I've found that I actually feel cooler."

As a well known and often recognized television actress it is important for Miss Williams to look as attractive off screen as on. However, she assured me that this is not the only reason she has devised ways to beat the heat.

★ ★ ★

She said, "A heat spell left me limp and without energy, with no bounce to bring to any of the dozen things I had to do each day in addition to the program. When I found out how to conserve energy in a New York summer I found that my summer appearance improved and that I could enjoy summertime city life."

A good night's sleep is basic to her problem, as to everyone.'s Her Greenwich Village apartment owes its nostalgic charm to the fact that it dates back to the turn of the century. Consequently it was not adequately wired to accommodate an air-conditioner. To those of you who do not have air-conditioning, Murial's way of insuring a good night's sleep may be of interest.

A warm tub or shower and a hassock type circular floor fan solved her problem. She prefers a warm tub because the difference between its tmperature and that of the room produce a pleasant chill on emerging. A light toweling (not strenuous enough to make you warm again) in front of the fan is the next step.

★ ★ ★

She chooses night wear that does not cling to the body. The fan at low speed is almost soundless. She places the fan about two feet from the bed and lower than the height of the mattress. This gives her, rather than a direct effect, an area of cool air in which to sleep.

Here are her ideas as to clothing:

1. Collarless dresses spare you an extra layer of fabric at the neck.
2. Cotton is cooler than silk or rayon fabrics in general.
3. Nylon jersey puts up a good fight against the heat and remains creaseless and fresh looking in spite of all.
4. Substitute a panty girdle for a garter one if you like so you can go without stockings. You will find that bare legs contribute a lot to coolness.
5. Give up sheath dresses for the duration of hot weather. They wrinkle easily and so do you because of their tightness.
6. Wear cotton lingerie.
7. If bracelets and necklaces are heating to you, dispense with them.
8. Toilet water and perfume are cooling because of their alcoholic content but beware when you are outdoors. They will attract insects.
9. If your normal hairdo is long or a to-the-face style, simplify it for the summer months. This can make a big difference.

Television actress, Murial Williams, gives some good hot weather advice.

Bride-to-Be Exchanges Many Gifts

Guest at Shower Doubts Propriety of Doing This

By EMILY POST

"Dear Mrs. Post: About a week ago I went to a bridal shower (miscellaneous) for my cousin's fiancee. The day following the shower the bride-to-be telephoned at least eight of the shower guests and asked them if they would exchange their gifts for something else.

"Some of the reasons given were difference in taste, wrong color, duplicates or just no use for it. I'd very much like to know whether or not this was the correct thing to do?"

Answer: To ask that a very few gifts be exchanged because they are the wrong size or are duplicates is permissible, but to ask that a great many be exchanged is unthinkable.

"Dear Mrs. Post: When unexpected company drops in of an evening, what is expected of a hostess? Must refreshments of any sort be served, such as a cold drink or coffee and cake? Is one considered a poor hostess if she offers nothing to her guests?"

Answer: A good hostess would offer even unexpected guests something even if it be only a glass of water with some expression like, "Oh dear, you have caught me with absolutely nothing in the refrigerator. I can offer you a glass of cold water."

"Dear Mrs. Post: I expect to be traveling shortly and will be staying in hotels. One of my stops will be in a city where my boy friend is stationed. I'll be there for about five days.

"When my boy friend comes to call for me at the hotel, does he come to my room or does he wait in the lobby. If he does come to the door and I am not quite ready to leave, should I ask him to come in, or have him wait in the hallway?"

Answer: He should wait in the lobby until you come down.

"Dear Mrs. Post: Will you please discuss in your column the correct manner in which a woman signs her name after marriage. Does Mary Cynthia Brown sign as Mary Brown Smith or as Mary Cynthia Smith?"

Answer: Properly she signs Mary Brown Smith.

Three Things Make Punch Delicious

Mrs. Sisko Floats Orange Sherbet in Fruited Ginger Ale

By JANET ODELL
Pontiac Press Home Editor

Hot days call for fruit drinks. There's nothing like a tall glass of punch to cool you off on a hot day. Try this recipe for a ginger ale-sherbet punch that is delicious.

Mrs. William J. Sisko is today's cook. A career woman, she has little time to spend in club activities, but she does belong to the Plymouth group of her church and to a bridge club. Not too long ago Mrs. Sisko spent a month in Bermuda, visiting friends and recuperating from an operation.

PUNCH

By Mrs. William J. Sisko

4 quarts ginger ale (must be the kind made in this area)
1 can (46 oz.) unsweetened pineapple juice
1 pint orange sherbet

Let sherbet thaw just a bit and break into chunks. Pour pineapple juice over it and add ginger ale slowly. Let stand a short time to mix well. Makes one gallon of punch. More sherbet may be used if desired.

When one teenage girl is writing a letter to another she should use "Miss" on the envelope. It is not good form to address a letter to "Julie Smith."

Get Set for Shorter Skirts in Fashions for This Fall

By OLGA CURTIS
INS Women's Editor

NEW YORK (INS) — Get set for shorter skirts this fall.

Skirts may be as short as 18 inches from the floor, which means a complete display of kneecap, or they may go up only to 16 inches, which is just under the knee.

★ ★ ★

The rising hemline is the biggest news from the European fashion openings. The Italians and English already have displayed their collections, with shorter skirts a definite feature.

The French start showing tomorrow, with predictions putting the hemline up to a startling 18-inch high.

UP ONE INCH

To judge what this means to your hemlines, the current style in the U.S. is for the mid-calf length, 14 inches from the floor.

★ ★ ★

This hemline average is definitely going up one inch, to 15 off the ground. New York designers liked the 15-inch hem.

The Italian designers also showed the 15-inch hemline; some went up to 16. London designers wavered between 15 and 16; but one jacked the hems up to 17 inches.

Now the word from Paris is for 18 inches off the ground. It's rumored some designers are going even higher — as high as the flapper skirts of Charleston days.

LOTS OF LEG

The concentration on lots of leg is evident in dress shapes as well as hemlines. Bosoms are less bosomy, judging from the European collections so far, and the slouch silhouette, with short skirt and low placed belt, is in.

Barrel coats and round-hipped skirts also show a trend toward the hippy look: The general idea seems to be that you're narrow at the bust, bulgy at the hips, and very leggy from knee down.

As usual, the style headlines from Europe emphasize only the new ideas. The bulk of designers' collections so far have been easy sheath dresses with pretty necklines and indented waists.

★ ★ ★

But these things aren't startling news and so aren't given as much attention as the flat-topped, short-skirt silhouette.

Terrycloth Width Leads Double Life

A circular width of terrycloth can lead a double llife on the beach. Top the flaring circle with a cinch collar of the same material, add a length of upholstery cording, and you have either an enveloping beach cape or a proper skirt to wear over shorts when you go marketing. The collar becomes a high-waisted belt, to be tied with the cord.

White terrycloth is a good choice, or any fast color that can be laundered by hand of a machine in hot soap or detergent suds.

If your particular figure problem is a bosom that's too large, don't buy a strapless swimsuit. Pick a maillot, or one-piece suit with straps. It will make you look smaller.

Average 14.3 Suits Each

Top Men Are Style-Wise

NEW YORK (AP) — The young men who got to the top in a hurry seem to be a dressy lot. A peek at their wardrobes finds them much better stocked than the average among their employes—or you either, perhaps.

Replies from 140 of the young presidents of American corporations also suggest that they took time enough on their way to shop for clothes and that they still match the articles carefully before setting off each morning for the executive suite.

★ ★ ★

The survey was conducted by the American Institute of Men's and Boys' Wear to see if the young or maybe slightly middleaged top executive was doing right by the apparel industry.

WELL SUITED

Asked how many suits each owned, the youthful bosses gave a range of 60 to 3, with the average coming out at 14.3 per man. They buy three or four suits a year, usually in the spring and fall, but occasionally in between as needed.

★ ★ ★

The corporate chiefs think personal appearance is a help to them in carrying on their present tasks, and also to any other man headed in the same direction. But they are much more emphatic about the part the other fellow's personal appearance plays when they are sizing him up, and they stress the impact upon them of a first impression.

29 SHIRTS PER MAN

Getting back to their 140 wardrobes, the shirt supply ranges from 100 to 10, averaging 29 per man—with 23 of the shirts plain and six fancy.

★ ★ ★

The younger president is well stocked with socks. One man says he has 100 pairs. The average has 30, with 22 of them in solid colors and 8 patterned.

He gets along with 10 pairs of shoes although one has 1 and with 4 hats with one having 16.

★ ★ ★

One man has 200 neckties on his rack. The average is 65. But one executive finds 12 enough.

Mostly the top man makes do with 2 overcoats, 2 topcoats and 1.5 raincoats.

★ ★ ★

Three fourths of them think a chest pocket handkerchief a must for proper dress. The majority own a tuxedo.

Stoves Fit Snug With New Design

New gas stoves are engineered to fit flush-to-wall and flush-to-floor so there are no crevices to accumulate dirt. Other easy-to-keep clean features are acidresisting porcelain surfaces that can be sudsed like a dish, and chrome handles that can be removed for dishpan washing.

Step lively and look lovely in a pair of these slippers that are as practical as they are pretty! A crocheted slipper that is so beautiful that we show it in four different versions—with sequin flower trim; pink bows; silver rosettes, or beaded edging.

Pattern No. 5542 contains crochet and trimming directions for the 4 styles in sizes small, medium and large incl.

Send 25c in coins, your name, address and the Pattern number to Anne Cabot, The Pontiac Press, 372 W. Quincy Street, Chicago 6, Illinois.

It's ready! The 1957 Needlework Album—fifty-six colorful pages showing many pretty designs; plus directions for making 3 crochet items and a quilt. Only 25c a copy!

Parents Must Show Good Example

By ANNE HEYWOOD

Everybody knows that if you want your children to be polite, you have to be polite yourself; that if you want your children to be religious, you have to be religious, too. Talking about politeness or religion, will accomplish nothing at all.

The same thing is true in vocational matters.

MUST EXPRESS YOURSELF

If you want your child to find a career which will make him happy and successful, you yourself have to be in work which makes you happy and successful. If you want your child to develop and express his talents, you also have to be developing and expressing your talents.

This doesn't mean that the father who is in the wrong work, or the mother keeping house, has to drop everything and make a quick change. But it does mean that on the side, or in their free time — if not in the regular job — they have to be doing things they love and are talented at.

If they don't, they will have a serious problem as Mrs. E. soon discovered.

I knew Mrs. E's children before I knew her.

They are two very nice young men, in their teens, who came to my church job group.

GAVE BAD ADVICE

When I first saw them, they were terribly mixed up, more so than most boys at that age. Their mother, it was clear, was giving them all kinds of job advice — most of it bad. When I asked what she did herself, they grinned.

Mother did nothing but complain, it seemed. She hated housework and would take up something really interesting on the side if she had time.

But she didn't have time, naturally, because her husband didn't make enough money.

FATHER A FAILURE?

The boys' father, she felt, was a failure. She didn't want her sons to turn out to be failures, too, so she gave them advice about fields in which they could make the most money.

I finally met Mrs. E.

★ ★ ★

Like many of us, she meant well but was simply misdirecting her energies.

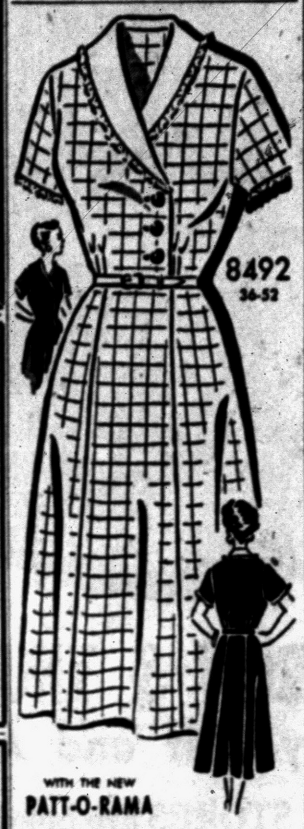

Her husband wasn't a failure at all. He was a man who loved his work and made a decent living for his family of four. Furthermore, he was also a nice, pleasant person.

Mrs. E. wanted the best for her children, but like too many people, figured "the best" in terms of money. More than that, she hated her own work — housework — so much that she figured that all work is distasteful, so you might as well make money from it.

She didn't realize that the boys would be happy and would make money only in a field they liked.

★ ★ ★

The problem, of course, was to help Mrs. E. find something she liked. It took time, but it turned out she was a very gifted seamstress. She's sewing part-time now for a good dress shop. She loves it. As a result she has taken the pressure off the boys!

WITH THE NEW PATT-O-RAMA

A simple yet wonderfully becoming all occasion frock, designed in sizes that flatter the slightly larger figure.

For this pattern, send 35c in coins, your name, address, size desired, and the Pattern Number to Sue Burnett, The Pontiac Press, 372 W. Quincy Street, Chicago 6, Illinois.

The Fall and Winter '57 edition of our pattern book Basic Fashion is filled with smart, new styles for all sizes; special features. It's colorful, stimulating and so useful. 25 cents.

England's Papers Make Fun of Rustic American Lawyers

LONDON (INS) — Irate American lawyers charged today that British newspapers, in accounts of the Queen's garden party, made them "look like a bunch of hillbillies."

★ ★ ★

Queen Elizabeth gave the party yesterday for the attorneys and their wives in London for the international meeting of the American Bar Association.

PRINTED JIBES

Leafing through the newspapers this morning, the attorneys found their clothes, which were dictated by limited luggage space, the target of printed jibes.

★ ★ ★

They saw themselves accused of having made brash remarks to the Queen in frontier accents.

Daily Sketch columnist Simon Ward led off with:

"Wal, it was right homely down at Buckingham Palace, London, England, yesterday."

He said one American "sashayed right up to the Queen Mother" without being presented and described how Princess Anne was nearly trampled in the rush of eager mums."

'HOWDY, MA'M'

He quoted an eminent corporation lawyer as say, "Howdy, Ma'm" to the Queen Mother.

★ ★ ★

Daily Express columnist William Hickey described the lawyers as "the rulers of America" . . . "They were accompanied," he said, "by their wives who rule them."

He added:

"I smiled. Once or twice I was embarrassed."

The Daily Mail story began, "It was a crazy day at Buckingham Palace."

★ ★ ★

The newspaper quoted one American attorney as surveying a hamburger and remarking, "Gee, that's purty chow but where's the onions."

OUR CONNIE

The Daily Herald headlined its story with the alleged American remark, "Gee, Queen, you look just like our Connie."

Commented one attorney:

"Well — or should I say 'Wal, shucks' — the British seemed amused because we backwoodsmen are bowled over by royalty. They don't seem to realize that Americans are always impressed by friendliness and it was a thoroughly friendly and pleasant affair.

★ ★ ★

"I'm sorry if the British papers see one of their Queen's receptions as a joke — we didn't."

Terry J. Horstman Wed

Wearing a ballerina length gown of white embroidered organdy over white taffeta, Terry Jo Horstman and Pvt. Max William Dajnowicz were married Saturday in the chapel at Ft. Ord, Monterey, Calif.

★ ★ ★

The bride's gown featured a fitted bodice of taffeta with a portrait neckline. A crown of pearls and sequins secured her short double-tiered veil of illusion.

Tonia Horstman, her only attendant, was gowned in blue chiffon with matching accessories. The bridegroom was attended by his brother, Robert, as best man.

An afternoon reception was held at Delmont Lodge in Monterey.

Terry Jo is the daughter of Mrs. Reno Horstman of Berkley and Walter Horstman of Commerce, and Max is the son of Mr. and Mrs. William Dajnowicz of Chickering lane, Bloomfield Hills.

Mrs. Horstman chose an afternoon dress of beige pleated chiffon with matching accessories and and Mrs. Dajnowicz was dressed in bouffant blue lace with matching accessories.

MRS. MAX W. DAJNOWICZ

The newlyweds will reside in California, where the bridegroom is stationed.

Mother-talk Bores if Done in Excess

The mother who talks more than her share about her children is a bore to other mothers who have to listen. Furthermore, they can't help but suspect that she is trying to impress them with the fact that her children are superior to theirs. And that no mother can do with an audience of other mothers.

Unreachable Zipper Closed With String

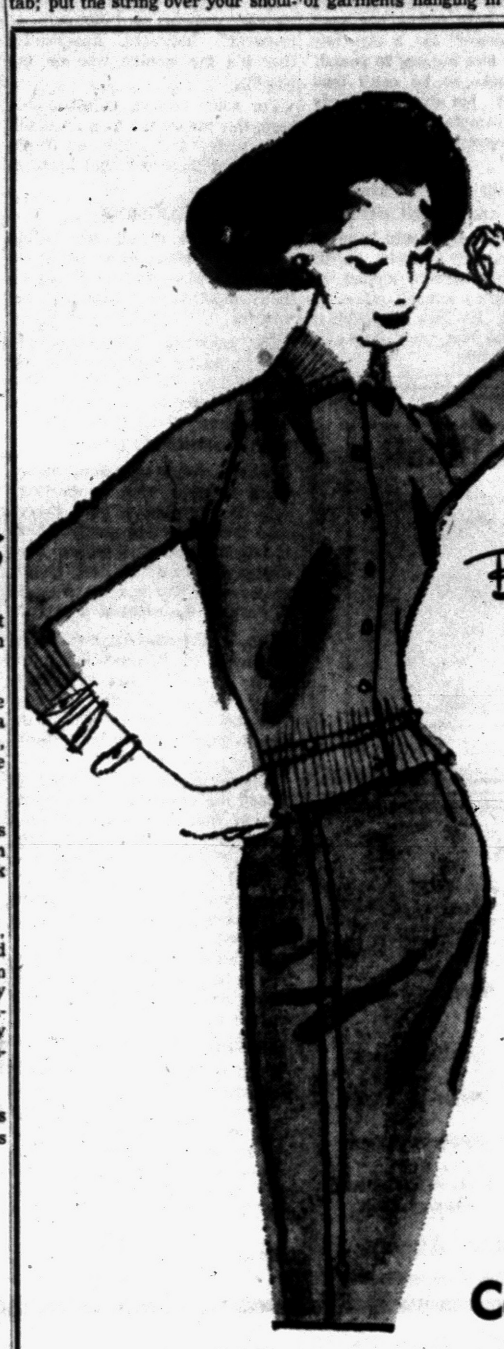

Women who have trouble closing a long zipper up the back of a dress should try this trick: Thread a string through the hole in the tab; put the string over your shoulder and pull the zipper closed with no strain on the dress, the zipper or yourself.

Zippers always should be closed before garments are washed or dry cleaned. And closed zippers help prevent sagging or stretching of garments hanging in the closet.

Wash Gloves Often

Wash your work gloves as often as your dress gloves. They are to protect your hands from dirt. But dusty or dirty gloves are as harmful as working in fresh dirt without gloves.

Chivalry Takes Beating in the Modern World

Frightful Women Make Men Fretful

By PHYLLIS BATTELLE

NEW YORK (INS) — This obviously is the era of the fretful man and the frightful woman. And if any recluse among the readers does not believe it, just consider the current television advertisements.

★ ★ ★

In these sad commentaries on life, a large number of rather nasty young women persist in telling a large number of decidedly cowed young men to watch their manners, boy, or they're not going to get so much as a sniff at this delightful, reasonably priced product.

One especially audacious young dame not only forces her man to beg "please" for a cigarette (she's got him lugging 20 pounds of her books so he can't fend for himself), but after grudgingly pulling a sample from her pack, she challenges: "Now what do you say?"

Back in the old days, when men were men and a good cigar was a smoke, the guy would have deposited the lady's books on the nearest park bench, tipped his hat, and hailed himself off to the tobacconist. He would stand on his own two feet, and smoke on his own two-bits.

But today that psycho-statistical monster known as "motivational research" indicates, apparently, that it's the women who do the buying.

For some reason, unfathomable here, this means the men must sell their pride. And laugh, as if delighted, at their personal humiliation.

CHIVALRY VANISHES

In the face of all this public goading and abuse by women, men are slowly but certainly giving up their old-fashioned instinct for chivalry.

The move has been almost so slow as to be imperceptible, but it's in the "little things" (like Grandpa used to show deference to Grandma) that you can observe man subconsciously rebelling.

Where, except on a honeymoon when a bridegroom is showing off, do you find a man today who invariably and gently takes a lady's elbow and guides her across a street? How many males over the age of 18 send flowers on the night of a party?

Who, in the summertime, keeps his jacket on because there are ladies present? What gentleman riding the buses and subways gives up his seat to a woman, even if she appears to be staggering?

Modern women are inclined to lament the casualness of modern man in the niceties department; hence such Tin Pan Alley numbers as "A Good Man Nowadays Is Hard to Find." However, any woman with an iota of perception and understanding should be able to figure it out.

The reason a good man nowadays is hard to find is that a soft woman nowadays is even tougher to come by.

SWOONED PRETTILY

When males were at their peak of chivalry, the ladies knew how to swoon prettily, drop hankies and eyelids effectively, be dependent and navie. The best-attended women were always those who were smart enough to look incapable.

★ ★ ★

Women were just as strong then as they are today, but they didn't let the muscles show. In 1957, encouraged by motivation studies and the attitudes of their fellow he-women, the ladies are flexing themselves up to an inflexible condition.

If a man has to say pretty please and thank you in order to get a cigarette from his girl, what's he eventually going to have to do to get a kiss? Man's ego is slowly, but certainly, passing away.

The chief difference between women of yesterday and today is that now when you speak of a "femme" as being "fatale," you mean literally!

LOFTY OUTLOOK — Dan Weugrenuk, 62, is a man accustomed to high altitudes and precarious perches as he works on 30-story level of Canada House going up in mid-Manhattan.

Pay Last Respects to Veteran Newsman

WASHINGTON (AP) — The newspaper world paid its last respects yesterday to Mark Foote.

Funeral services were held for the 75-year-old veteran correspondent of the Booth Newspaper Group of Michigan. Foote died Friday night of a heart attack.

The Chaplain of the U.S. Senate, the Rev. Frederick Harris Brown, conducted the services.

Somebody figured it out — we have 31,000,000 laws trying to enforce Ten Commandments . . . Behind every successful man there is usually a woman—and she usually catches him.—Earl Wilson.

200 Jam Annexation Meeting at Holly

By MAX E. SIMON

What was billed as an explosive public hearing on annexation by the village of Holly turned out to be somewhat of a dud last night.

More than 200 persons jammed the VFW Hall in Holly to present their views on proposed annexation of 284 acres by Holly, now belonging to Rose and Holly Townships.

The hearing was conducted by the Boundaries Committee of the Oakland County Board of Supervisors.

Petitions carrying more than 300 signatures had been presented to the Board of Supervisors at its June 24 meeting protesting the annexation.

Most of the citizens at the meeting had believed proposed action by the village would affect them. But village officials stated only 12 families would be involved in the annexation.

The confusion arose from earlier discussions by the village council to annex lands which would have quadrupled the present land area of the village. However, no formal request for such an annexation had been presented to the Board of Supervisors.

Nevertheless, many irate property owners who were not involved in the proposed annexation stated they had received letters to attend the hearing because they were affected.

Village officials denied sending the letters, and stated they had no knowledge of who had misinformed the property owners.

Included in the proposed annexation is part of the Holly School District. The rest of the acreage, village officials said, would be used for land development.

Norman E. Tufford, village manager, said, "If Holly can't annex land such as this, there will be little opportunity for further growth. Few major areas in Holly are attractive to developers and we must plan for tomorrow as well as for today."

Involved small property owners, one by one, went on record in opposition to the annexation, and complained they had not been consulted by the village. They also argued that they would receive few benefits if they were part of the village.

CALLS ANNEXATION PLOT

One property owner declared that the annexation was a "plot of selfish real estate interests" which was opposed by a majority of the families in the controversial 284 acres.

Tufford pointed out that bringing the school district into the village would save at least $1,700 in fire insurance.

Under an 1895 Michigan statute, residents do not have a vote on whether they desire to be annexed. The decision rests with the County Board of Supervisors.

The Boundaries Committee will issue a report and recommendations to the board at its next meeting, which will probably be held in September.

New Highway Gives Farm 'Open' Feeling

ANN ARBOR (AP)—Frank R. Ross' farm is only 18 acres but to him it seems like the wide open spaces.

He says his new feeling of vastness comes from a stretch of dual highway, U.S. 23, that opened north of here today. Its purpose was to make travel more convenient for Michigan motorists.

More convenient, that is for everyone but farmer Ross. He lives in Northfield Township, six miles north of here. His farmhouse is a bare 250 feet from the spanking new roadway.

But does that help him? Asks Ross.

No, it doesn't, he answered.

To reach the highway, Ross has to drive 2½ miles. First, he must go to old U. S. 23 and travel south, then to the west along another road before hitting a service-road approach to the new highway.

To make matters worse, says Ross, a highway divides his farm. On the homestead side, there is one acre of farmland.

It takes him the 2½-mile journey through the wide open spaces to reach the other 17 acres across U.S. 23.

In the past years farmer Ross has raised celery, onions and cabbage on his patch across the road. He said there will be no crop this year.

Farmington Sets Extra Meetings

To Pick Treasurer and Study Industry in Township

FARMINGTON TOWNSHIP — Two special meetings of the township board have been scheduled for this week. The group will hold a meeting at 8 p.m. tonight to appoint a treasurer to take the place of Clayton Goers, who is resigning.

Goers' resignation will not become effective until September 1 but board members feel that the early appointment of a new treasurer will permit an orderly transition and will expedite the work of the new firm of public accountants employed by the board.

To date only one application for the post has been received by the group. This is the petition of Elise P. Avery, trustee.

A joint meeting of the township Board and the Planning Board will be held at 8 p.m. Wednesday. The group will study plans for industrial development in the township as recommended by the Vilican-Leman Planning firm.

★ ★ ★

The area under consideration is 1,300 acres bordering the new expressway between Haggerty and Halstead roads and between Nine and one-half and 11 Mile roads.

County Births

Canoe

Mr. and Mrs. Faustino Edrano, announce the birth of a daughter, Rosendo, on July 25.

Romeo

A daughter, Kathy Louise, was born to Mr. and Mrs. Earl Anderson on July 25.

MR. AND MRS. FREDERICK K. SMITH

Carolyn Collingwood Wed

LAKE ORION — Residing in Pontiac after a short northern Michigan trip are the new Mr. and Mrs. Frederick Karl Smith. The couple was united in marriage on July 23 at 7:30 p.m. by Rev. James Luther at Silvercrest Baptist Church.

The bride, former Carolyn Mae Collingwood, wore a gown of white imported Italian lace over satin and a fingertip veil, secured by a tiara of seed pearls and rhinestones.

She carried a cascade of white gardenias with pink roses. She is the daughter of Mr. and Mrs. George Collingwood of 1123 Abseguami Trail.

Attending as maid of honor was the bride's sister, Barbara Ann, with Mary Lou Collingwood as bridesmaid. Ushers were Raymond Baumgras of Pontiac and Darrell Crain of Lake Orion. Best man was nephew of the bridegroom, Rodney White, of Auburn Heights.

A reception followed the ceremony in the church parlors.

Whitfield Area to Get Drainage

County Unit to Split Costs With Waterford on Flood Relief

The Whitfield Estates Subdivision drainage problem is in the process of being solved, Waterford Township Supervisor Elmer R. Johnson told the township board last night.

After several sessions with the Oakland County Road Commission the officials promised to pay half the estimated $14,000 for installation of a storm drain, with the township paying the other half.

PLAN SUBMITTED

The engineering firm of Johnson and Anderson have submitted a plan for a 12-inch pipe to extend from the subdivision through a hill into the south end of Maceday Lake.

Property owners in the subdivision have protested inadequate drainage, which left a large lake at the north end of Homestead drive after the July 4 deluge.

Other business of the board was to authorize the purchase of a portable generator-spotlight for township use. It will be kept in the custody of the fire department. The Civil Defense Administration will pay half of the $385 cost.

★ ★ ★

Although board members assured David Dunsky, 4840 Dixie Hwy., that they would act this week on his application for a liquor license, the matter was tabled for further study.

Dunsky's application has been approved by the State Liquor Control Commission. However, final approval must come from the township board.

Board members approved a $5,000 advance to the Recreation Department, as part of its annual budget.

A report was submitted from the Oakland County Road Commission, saying the township is to proceed with revised plans of sewer construction work in the Sylvan Shores Subdivision, at no cost to the township.

★ ★ ★

The present sewer line is to be raised five feet, to dry foundation. More than $16,000 worth of new equipment is now installed in the area, and the water is being pumped out of the soil.

Huron Valley Schools Get Aid

Pass Two Mill Tax Raise

MILFORD — Huron Valley Board of Education members heaved a sigh of relief as Voters approved a two mill raise in taxes at a special election held yesterdya.

A close margin of 21 votes won the election with a total of 236 yes and a total of 215 no. This is 10 per cent of the registerd voters.

Approval of the tax raise will mean an immediate $58,000 will be available to get the school system out of the red, from last years operations, according to superintendent Harold Hansen.

"With additional operation of two new elementary and a new high school this fall, it will take two years to get our feet back on the ground," Hansen said.

★ ★ ★

During the recent cut-back in school state aid legislation the Huron Valley system was one of the hardest hit with a slash of $61,000 for school operation.

There was no way of cutting down expenses as contracts for the teaching staff had all been signed, Hansen stated.

Based on a figure of $190 pupil, state aids failed to come through for the fiscal year and as a result, the school system went in the hole, $58,000 in June.

Funds are based on $29,000,000 valuation for property in the school district by the county allocation board. "Approval of the two mill levy is certainly a life-saver," Hansen concluded.

Judith Wiand Marries

HOLLY — Wearing a nylon sheer gown with a sweetheart neckline, Judith Ann Wiand, became the bride of Jay Parker in a 7:30 p.m. service Saturday at Trinity Lutheran Church. About 200 attended the ceremony performed by Rev. Arnold Claus.

The bride is the daughter of Robert J. Wiand of Pontiac and Mrs. Agnes Hollway of Marine City. The bridegroom is the son of Mrs. Naomi Springstead of Holly.

The brides gown was floor length. The headpiece was a pillbox with pearls and sequins securing a finger tip veil of silk.

Attending as maid of honor was, sister of the bridegroom, Carol Springstead with Eileen Tindall of Davisburg and Diane Asher of Pontiac as bridesmaids. Sharon Wiand, cousin of the bride of Detroit, was junior bridesmaid and Patricia Wiand, another cousin of Detroit, served as flower girl.

Attending his brother as best man was James Parker of Holly. Fred Schulte of Fenton and Thomas Pasch seated the guests. Ringbearer was Jimmy Parker, nephew of the bridegroom.

The couple will reside in Clarkston after a northern Michigan honeymoon.

MRS. JAY PARKER

State Cherries Good in Quality

This Year's Quantity Has Gone Way Down, Says Agent

GRAND RAPIDS (AP) — Northwest Michigan's cherry crop may be lacking in quantity, but those who know say this year's quality is the best in years.

Arthur Glidden, Grand Traverse County agent at Traverse City, puts it this way:

"We're right in the middle of harvesting now. And we've got a wonderful crop of tart cherries because heavy early rains nurtured the crop and the last two weeks of sun and warm weather have brought out some beautiful, big cherries.

But the fact remains that the area's cherry crop this year will hit only 60 million pounds processed. That's about 60 per cent of what is considered a full crop and 12 per cent above last year's weak harvest.

Hit, Run Traffic Death Third in Three Weeks

CADILLAC (AP) — The third hit and run traffic fatality in northern Michigan in three weeks occurred today near Yuma in Wexford County, 30 miles northwest of Cadillac.

The victim was Victor Bloomquist, 82, of Cadillac who had been staying at a summer cabin in Western Wexford County.

★ ★ ★

Bloomquist left his cabin alone early today and had been reported missing to Wexford County authorities. His body was found on a county road after search parties had been organized.

Other hit and run accidents in the last three weeks have occurred near Omena in Leelanau County and near Honor in Benzie County.

Boost State's Apples

To Launch Concentrated Drive

WEST BLOOMFIELD TOWNSHIP — It now seems like an understatement to say that most housewives in Oakland, Wayne and Genesee Counties will be fully aware of the arrival of "Buy and Use Michigan Apples week."

Kiwanis Clubs and other organizations will launch a big publicity campaign to inform everyone in the tri-county area of the advantages of using Michigan apples.

Officials have tentatively established the week of October 20-26 as the time for a concentrated drive to boost the sale of local apples.

During that week many restaurants will feature apple dishes on their menus, retail stores will arrange special displays, Oakland County home extension workers will assist in conducting special contests, radio and television announcements will be made, and schools will send messages home with school children.

John C. Finlayson, West Bloomfield Kiwanis club member who heads the Oakland County committee, reported that Kiwanians will keep the campaign active throughout the year. Special recipes for apple dishes will be mailed to housewives three or four times a year, Finlayson said.

Current plans call for local apple pie and dish contests to be held locally by Kiwanis Clubs on October 12. Two weeks later, on October 26, the contest finals will be held at the Hidden Paradise, a Commerce Township social building located on Benstein road.

Contest finals will be held on the last day of the week-long drive. Kiwanis Club representatives, apple growers, Michigan State Apple Commission officials, and home extension workers will meet at 8 p.m. Thursday, September 5, to coordinate plans for an all-out campaign.

Re-elect Same Officers for Walled Lake Schools

WALLED LAKE—All members of the Walled Lake Board of Education were re-elected to the same offices which they held during the past year. Joseph Long continues as president; Dwight Wiseman, secretary; Walter Horstman, treasurer, and John Clark and Julius Nelson, trustees.

★ ★ ★

Most of the vacancies on the teaching staff have been filled by the board. However, Superintendent Clifford H. Smart reveals that there are still seven positions open in the elementary schools. Four ofthese are in the first grades, one in the second, and two in the sixth.

Applications will be accepted in the board offices in the Junior High building.

Students in the junior and senior high are reminded that Murray Adams and E. V. Ayres will be in their respective offices after Aug. 1 to make any necessary schedule changes. Changes will not be made after school opens. New students are urged to enroll prior to Labor Day.

Elementary principals will return to their offices on Aug. 18. New residents should enroll their youngsters also. If doubt exists as to which elementary school their children should attend, they should call the board office for information.

School officials emphasize that prior registrations assist them in conducting orderly opening days of school and also serve to acquaint the students with their principals and the buildings where they will attend school.

Slate Clarkston Reunion

CLARKSTON — All students having attended the Clarkston School from 1887 to 1957 have been invited to attend the reunion on Saturday, August 10 at the Clarkston Community Center.

Training School Set for Last of August

ROCHESTER — A laboratory demonstration school for church school teachers will be held at St. Paul's church the week of August 25-30, it was announced here this week.

The school is area-wide and will be held to help church school teachers learn by teaching in actual situations. The faculty will come from the metropolitan area of Detroit.

J. Douglas Parker, local pastor, will be director of the school and Mrs. Zelda Myers of Detroit the school supervisor. Parents wishing to enroll their children in the hour-long morning classes are asked to call Mrs. Milton Klintworth, OL 6-2201.

First Lay Preacher to Speak on Sunday

ROCHESTER—The first of three guest lay preachers will occupy the pulpit of St. Paul's Methodist Church Sunday at both the 9 and 11 a.m. services.

He is Leonard Billig, a newcomer to the Rochester area.

Moving here from Youngstown, Ohio, Billig was active in church work in that city and was instrumental in founding a Baptist Mission which has since grown to a large congregation.

Sentenced in City Theft

A Waterford Township man, James E. Gomez, of 5716 Prent St., was put on two years, probation and fined $150 costs after pleading guilty to stealing Pontiac City property from a barn on Taggardine road. Sentence was imposed yesterday by Circuit Judge George B. Hartrick.

Attends Ferris Classes

AUBURN HEIGHTS — Dorothy A. Irwin of The Avondale Schools was among the Michigan Educational Secretaries who attended a three-day work conference at Ferris Institute recently. More than 100 educational secretaries from the state were in attendance.

Chick Hatch Falls

LANSING (AP) — Michigan's chick hatch during the first six months of the year fell 28 per cent from the January-June hatch in 1956, the federal-state crop reporting service said today.

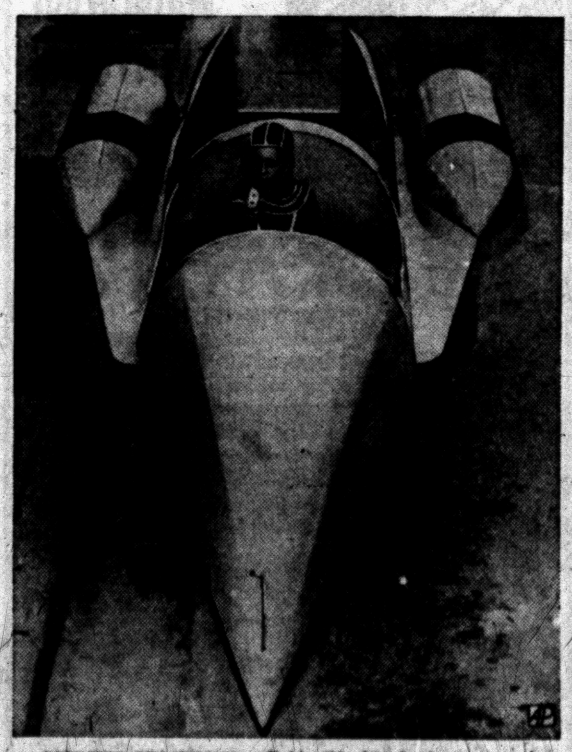

This year's six-month total came to 14,820,000 compared with 20,430,000 during the same period last year.

Area Inn Is Damaged

BERKLEY — Firemen here blamed last night's fire at Cotter's Inn, 12 Mile road and Woodward avenue, on faulty wiring.

Starting in the ceiling and filling the dining room with smoke, the damage was estimated, by firemen, at $5,000.

There are about 50,000 granules of finely crushed coal in the mouthpiece of a telephone instrument.

STYMIED SPACEMAN — Bobby Rhoden, 9, plays a man from outer space in neighbor's speedboat, landlocked in Miami street. Rocket-like craft is powered by an outboard motor.

Research Engineers Injured in Explosion

DETROIT (AP)—Two research engineers are hospitalized today, victims of an explosion yesterday in the laboratory of Zenith Carburetor Division of Bendix Aviation Corp.

Hospital officials said Donald Sutton, 26, and David Starling, 22, were in serious condition.

They were burned when a tank of propane gas exploded while Sutton tried to repair a leaking valve.

Officials of the firm said some equipment was damaged by the explosion and fire.

D'Arcy Reunion Held

ALMONT — The 32nd annual D'Arcy reunion was held at the home of Mr. and Mrs. Lee D'Arcy, of Kingston, recently.

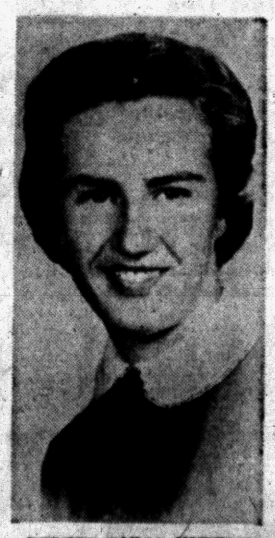

Election of officers resulted as follows: president, John D'Arcy, Kingston; vice president, Russell Hawley, Rochester; secretary-treasurer, Mrs. Lee D'Arcy of Kingston.

The 1958 reunion will be held at the home of Mr. and Mrs. Ben D'Arcy, Almont.

LORETTA EARP

Mr. and Mrs. Francis P. Earp of Oxford announce the engagement of their daughter, Loretta, to Dale E. Spiker. He is the son of Mr. and Mrs. Dwight Spiker of Oxford. A September 21 wedding at Oxford Methodist Church is planned.

DENISE CAROL HUBBLE

Mrs. Charles Hubble of Oxford, announces the engagement of her daughter, Denise Carol, to Delmer Schons. He is the son of Mr. and Mrs. Sylvester Schons of Oxford. An August 31 wedding is planned.

Almont Lion's Club to Aid Eye Testing

ALMONT — The Almont Lions Club netted nearly $80 from their sale of ice cream cold pack operation last week.

The money will be used for eye testing program in the Almont and Rethcrford Schools. When students or adults are not financially able to buy needed glasses, the club will do so.

Each year, the club sends a boy from Almont to Wolverine Boys State, baskets of food are bought for the needy at Christmas time, in addition to many other activities carried on by the club.

National Food Opens 2 New Markets Here

Two new National Food Store supermarkets opened in the Pontiac area today with a host of gifts and prizes for young and old.

The stores are at 685 East Blvd., near Perry St., and at 3415 Elizabeth Lake Rd., near Cass Lake Rd., Waterford Township.

It brings the number of National Markets in the trading area to four.

Those visiting the new markets can register for many prizes including two 21-inch color television sets which will be awarded Saturday, Aug. 10.

In addition, free gifts will be given out, including ice cream cones, balloons, food and household products and pop guns and badges for the youngsters.

AMPLE PARKING SPACE

The new markets have ample parking space and are modernly designed with complete self-service meat, dairy, vegetable and fruit sections as well as other food, household and drug items.

Both stores will contain Fred Sanders retail confectionery outlets, featuring self-service for candy, bakery and ice cream items and parcel post and special party service.

National officials were scheduled to be on hand at 9 a.m. for the official openings. Store managers are A. Simpkins in Pontiac and E. Broom in Waterford Township.

Continue Probe of Negro Boycott

TUSKEGEE, Ala. (AP)—An investigation into the Negro boycott of white Tuskegee merchants continued today after another surprise raid on offices of the Tuskegee Civic Assn.

MacDonald Gallion, chief assistant state attorney general, said investigators last night confiscated ledgers with a current membership list of the TCA, which has been closely identified with the boycott.

★ ★ ★

In a search of TCA headquarters Thursday, the staff of Atty. Gen. John Patterson seized documentary evidence which Gallion said possibly would be used in legal proceedings.

★ ★ ★

Tuskegee Negroes launched their campaign of economic reprisal as a protest against passage of a legislative act taking the voting rights away from most Negroes here in municipal elections.

City boundaries of Tuskegee were re-defined to exclude all except 10 of the 420 Negro voters.

Communist Prosecutor Given Order of Lenin

LONDON (AP)—Roman Rudenko, Soviet prosecutor general since 1953, has been awarded the Order of Lenin on his 50th birthday for services to the Soviet state, Moscow said today.

Rudenko was chief Soviet prosecutor at the Nuernberg trials of German war criminals.

About 20 million tons of salt are produced yearly in the U.S.

Engine Fumes Kill 3 in Yacht

Trio Overcome While Napping on Dole's Ship After Hawaiian Race

HONOLULU (AP) — A Hawaiian racing cruise ended in death by carbon monoxide poisoning for three members of a yachting party aboard Richard A. Dole's Typee.

The three victims were overcome yesterday while they napped below decks after Dole started the engines of his 34-foot yawl.

★ ★ ★

They were Patricia Peterson, 21, Wayne Curry, 12, and Raymond L. Watson, 35, all of Honolulu.

Dole, son of James Dole, founder of the Hawaiian Pineapple Co., said he started the engines about 8 a.m. to hurry the Typee's return after a weekend race from Honolulu to Kauai Island.

Dole's wife Jean and the three others went below to rest. Dole went below about 10 a.m. to waken the sleepers. Mrs. Dole was all right. But the three others were unconscious.

Responding to the Typee's immediate SOS, the submarine Sterlet came alongside with a Navy doctor flown by helicopter to the Sterlet.

The doctor said two victims apparently were dead before being transferred to the submarine. The third died shortly after.

Dole, shaken and weary, would not talk with reporters when he walked off the Sterlet at Pearl Harbor.

Charles H. Dole, Richard's brother, said Richard told him the engines were running but portholes and hatches were open.

★ ★ ★

"There was plenty of ventilation," Charles Dole said. "It must have been one of those strange things that happen."

The Coast Guard said a full investigation will be made.

Widow of William Hart Sues for Ranch Title

LOS ANGELES (AP)—The former wife of the late William S. Hart, onetime cowboy idol of th screen, has filed suit claiming title to the 225-acre Newhall ranch he willed to Los Angeles County.

★ ★ ★

Mrs. Winifred Hart, 57, the former actress Winifred Westover, filed a petition yesterday asking Superior Court to recognize her right to the property as Hart's widow.

★ ★ ★

Hart died June 23, 1946, at the age of 83, leaving his Horseshoe Ranch to the county for a public park, the dwelling on the property to be used as a museum for his mementos of early-day movie making.

Pluses and Minuses Dot History of Egypt Under President Nasser

(What's happened to Egypt, storm center of the Middle East, during the five years since the young Egyptian officers overthrew King Farouk and took over the government? Here is the first of 4 articles by the chief I.N.S. correspondent in the Middle East analyzing the tempestuous years of the revolution and the controversial man in the driver's seat, President Gamal Abdel Nasser.)

By CHARLES P. ARNOT

CAIRO (INS) — Five years of revolution . . . of turmoil at the crossroads of the Middle East . . . of Gamal Abdel Nasser.

Success or failure? Plus or minus? Advance or retreat?

Listen to these Egyptians:

A government official bursting with nationalistic pride: "The British are gone, we're finally running the Sues Canal and at long last Egypt belongs to the Egyptians."

A thin, sad-faced, illiterate peasant: "Five years ago we had no bread and no hope. Today we have no bread."

NOTHING SETTLED

A Cairo businessman in a bitter whisper: "Nothing's settled — Palestine, Suez, Aswan High Dam — nothing. No tourists, no business. It's chaos. A dictatorship tied to Moscow — a police state."

There is a plus side — diplomats, businessmen, peasants and the Cairo man-on-the-street all concede it.

— The militant Nasser regime has maintained iron-fisted law and order, even during the impassioned height of last fall's hostilities — in a country where mob riots and political assassination were the rule for centuries. No riots, only 13 public executions in five years — virtually a bloodless revolution. And the fanatical, gun-wielding Moslem brotherhood is dispersed and underground.

— For the first time in 5,000 years, Egypt is ruled and run by Egyptians — for better or for worse—and there's a brittle new self-conscious Egyptian pride.

— The education budget has been doubled, and scattered across the deltas and desert are five times the number of schools of five years ago.

And yet the minus side stands as an ominous threat to the fanatically-patriotic yet inexperienced young army officers who guide the ship of state:

— There are few tourists, little business, threatening inflation, mounting unemployment, still appalling illiteracy, debilitating and disabling maladies throughout the population and audible grumbling among what once were the middle classes.

— Nasser's hard-headed inflexibility, his intransigence and his grand design for Pan-Arabism under Nasser's leadership have alienated the West and isolated Egypt, not only from important western commercial ties, but also from such Red-fearing Arab allies as Jordan, Lebanon and Saudi Arabia. Only anemic little Syria now stands squarely with Egypt.

— Less than one-half of one per cent of the landowners possess three times as much land as one-half of the entire population. The population has more than doubled in the last fifty years while agricultural land only went up 12 per cent. Families have an average of eight to ten children, of whom only four or five live. The life expectancy is 38 years.

Why this dismal balance-sheet? What happened to the brave and worthy ambitions of President Nasser and his young officers?

★ ★ ★

Like many men who want to will the ends without bothering about the means, Gamal Abdel Nasser miscalculated. He thought the West was bluffing on Suez, didn't count on a showdown with the West so soon.

He figured he still had a few years to pursue his policy of playing West off against East.

Moscow and communism are separate and apart, he reasons. And so he outlaws communism in Egypt, yet allows the Russians to make open-handed deals from their Cairo embassy — communist literature by the truckload, subsidies to publishers, payoffs to "understanding" journalists, nearly 2,000 Russian "technicians" in Egypt today.

CONTEMPT FOR PUBLIC

"Nasser has developed an unhealthy contempt for the public," confided one educated, informed Egyptian. "He doesn't seem to care whether the public supports him any more or not."

Yet in the next breath, this very Egyptian admitted that in a completely free election tomorrow, Nasser probably would get "at least" 65 per cent of the popular vote, perhaps more.

With his complete control over Egypt's mobile military police and his backing in the 150,000-man armed forces and reserves, Nasser is in little danger of being overthrown.

★ ★ ★

Except for a possible stray assassin's bullet, most Egyptians agree there isn't one chance in a million that Nasser can be ousted.

Yet — and this is not generally known — there are supposed to have been three different "plots" to overthrow him since last November. Whether these were actual plots, or schemes contrived to provide an official excuse for the banishment of certain unwanted military and ex-political figures is a matter of conjecture.

14 Buildings Burned in California Town

SAN RAFAEL, Calif. (AP)—Fourteen business buildings burned in little more than an hour last night when a sudden fire roared through a block of the downtown section here.

Roads leading into this Marin County seat were blocked off as fire equipment from as far away as San Francisco, 15 miles south over the Golden Gate Bridge, converged to fight the flames.

Fire Chief C. M. Johansen estimated damage to this city of 18,000 at about a million dollars.

The fire reportedly broke out in the rear of a furniture store on the main street.

Forest Resources Up

DETROIT (AP) — There is enough timber grown each day in the nation to provide lumber for 15,500 frame houses, Charles G. Allen of Detroit, chairman of the Michigan Forest Industries, Committee, said Tuesday. Allen said surveys of the nation's forest resources since 1936 show a steady increase in timber volume. He said Michigan is keeping pace with other states. Michigan's annual timber growth is greater than the amount cut for use plus that lost through fire and other causes, Allen said.

News of Men in Service

BALLA

Army Pvt. Ronald J. Balla, 24, son of Mr. and Mrs. John Balla, of 32717 Haverford Dr., Birmingham, is receiving eight weeks of basic combat training with the 1st Infantry Division at Fort Riley, Kan.

Balla, a 1955 graduate of Hillsdale College, was employed as a marketing analyst in Philadelphia prior to entering the service.

★ ★ ★

BROADDUS

Recently qualifying as a paratrooper at the 82nd Airborne Division's Jump School, Fort Bragg, N.C., was Army Pvt. Keith T. Broaddus, son of Mr. and Mrs. Keith Broaddus, of 1727 S. Telegraph Rd.

Broaddus, a former Pontiac High student, received his parachutist wings after completing a three-week course, which included five training jumps.

★ ★ ★

STARKEY

Robert A. Starkey, son of Mr. and Mrs. Harold T. Starkey, of Auburn Heights, recently was appointed athletic petty officer of his recruit company at the Great Lakes Naval Training Center.

He was chosen for the position in recognition of leadership qualities displayed while undergoing recruit training.

★ ★ ★

Army Pvt. Nelson Sardelli, of 26 Stout Place, currently is stationed at Fort Gordon, Ga., where he is a report clerk with the First Training Regiment.

Sardelli, a ofrmer dance instructor in a Pontiac studio, is also active in organized dancing instructional periods on post with the service clubs, frequently presenting impromptu comedy sketches.

He originally is from Sao Paulo, Brazil, and had his own combo in Rio de Janeiro.

★ ★ ★

JOHNSON

On a summer training cruise aboard the battleship USS Iowa is Midshipman 3.C. Clinton B. Johnson, son of Mr. and Mrs. B. F. Johnson, of 1900 W. Square Lake Rd.

The ship left Norfolk, Va. June 13, after participating in the International Navy Review at Hampton Roads June 12., and since has visited Rio de Janeiro, Brazil and Trinidad, British West Indies.

The cruise will be completed August 6.

Reds Said Skeptical on Cultural Exchange

LONDON (AP)—Moscow radio today said Russia is "somewhat skeptical" about American declarations in favor of exchanging radio and television broadcasts between the two countries.

★ ★ ★

A political commentary repeated previous Soviet charges that the United States is to blame for the present estranged cultural relations.

The broadcast called on U.S. officials "to make their deeds as good as their words."

★ ★ ★

"The way things have been going so far, one State Department official sends the Soviet Embassy a note favoring the exchange and contacts, and at the same time another signs a letter stating that the U.S.S.R. is not to be permitted to accept the invitation it has received to have exhibits at the state fair in Memphis, Tenn., and so on and so forth," it said.

Waterford Departments Operating on Less Money

Every department in the Waterford Township government is operating on less money this year than in 1956, according to treasurer Dorothy Olson.

She said, "Even with a five per cent salary increase for each of the 51 employes, plus the added police department operation, the budget shows a decided decrease in expenses."

★ ★ ★

In an audit report of last year, submitted to the township board, the balance showed that the local government operated $63,780 in the red during the first three months of the fiscal year.

Mrs. Olson explained that $40,930 of this was for construction of the police building, which is also used for storage and garage space.

The 1957 audit showed the township only $2,212 in the red for the first three months. This will be made up by further reductions in projects after study by board members, Mrs. Olson said.

'EXTRAS' CURTAILED

She added that the reason for the decrease in the 1957 audit report was the curtailing of "extras" and the trimming down of every possible phase of township operation.

The present police department's yearly operational cost is budgeted for $42,883.97, which now comes out of the township's general fund.

Last year the department was supported solely from the $110,000 revenue from traffic violations. This was discontinued in February due to an attorney general's opinion.

★ ★ ★

Besides money from tax revenues, the township receives its local share of state sales tax, intangible tax (stocks and bonds), liquor licenses, gas tax refunds, building permits and revenue from township-owned cemetery lots.

Biggest disbursement for the township is the payroll, amounting to $44,395.81 for the first three months. Other funds paid out were for maintenance of the fire department and Cooley Lake dump, plus funds for recreation and parks.

The audit report concluded with comparative figures over the two-year period.

For 1956, receipts were $124,160.75 and disbursements $187,941.31.

In the first three months of the 1957 fiscal year, receipts totaled $94,953.48 and disbursements were $97,165.96.

An average flag in daily outside use in the northern states lasts for an average of three months.

How much would you steal if you had the chance?

Shocked at the thought? Yet the truth is that honest, everyday people are stealing the lives of others in traffic accidents! It's just criminal—you can help stop it!

Here's how you can help:

1. Drive safely, courteously yourself. Observe speed limits, warning signs. Where traffic laws are obeyed, deaths go DOWN!
2. Insist on strict enforcement of all traffic laws. They work for you, not against you. Where traffic laws are strictly enforced, deaths go DOWN!

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

When it comes to auto racing in Michigan, the Pontiac area has the king and the court.

The man who sits on the throne of speedway drivers is Joy Fair and with him on the podium of champions are Rusty Kelly of Pontiac, Joe Doyle, Chuck Partello of Rochester and Mickey Katlin of Howell.

★ ★ ★

It was pointed out at the 100 lap feature of the Pontiac Speedway Sunday that every one of these drivers owns some sort of speed record at most every well known track in Michigan and in Ohio.

Last year Katlin was the kingpin. Kelly did his best on dirt tracks.

★ ★ ★

This year, Fair and his "Bomb 719" with its Hilborn fuel injector is the popular choice of the racing fans.

Everytime Fair made his move and zoomed ahead of the pack in Sunday's races, most of the 3,000 people present gave out with a big roar of approval.

When he got interested in cars at the age of 13, Fair admitted he never really had a yen for speed driving. He was content in learning everything there was to know about the mechanics of a car.

STARTED RACING AT 20

At 20, however, he filled in for a driver his garage was sponsoring in the races and when he won his first attempt, it provided the confidence and the desire to keep racing.

★ ★ ★

He is now 27 and has become one of the most sought after attractions at speedways throughout the midwest.

Last Christmas he started building the present car he is now driving with some backing by Paul Riemenschneider. Over $300 went into the fuel injector and at an average of once every three races Fair added four new tires to the modified auto at a cost of 42 dollars per tire.

"I figure it costs about $65 a race to run my car," said Fair, "so I try to win enough in each race to pay this at least."

★ ★ ★

Actually, Fair has dominated the purse wherever he has gone.

Sunday alone he hauled in $285 to add to his $4,000 gross already won during the season.

He has raced in 26 features and has won 19, and he has a total of 79 victories, including 11 clean sweeps this year.

TOUGH LUCK FOR KATLIN

Katlin who last year was posting similar records has had to settle for runnerup spots in most instances.

★ ★ ★

"Mickey has had a lot of tough luck this year," said Fair, "he's a great driver, but he's had bad breaks with his cars."

With his garage and his driving, Fair doesn't forget his wife Annetta and two daughters. "Annetta comes out once in a while to watch me race," he said, "but I cooked up a deal with her."

★ ★ ★

"She gets half of what I win to be her own baby sitter, and you know I think, she comes out better financially than I do in the deal."

At this point Fair started talking about the intricate parts in his car. When he started explaining the parts under the hood, it was time for our exit. We got lost at the steering wheel.

Pontiac Press Photo

RACING KING ON THRONE—Joy Fair, 27-year-old Pontiac racer who has been burning up the speedways in Michigan and Ohio, sits atop his throne, the car which has carried him to 79 victories this year.

Andonian Cards 1st Round 76

SPORTS

Rated Good Bet as Qualifier in Publinx Test

Hershey Course Tough in Opening Run; Only Three Hit 70s

(Special to The Pontiac Press)

HERSHEY, Pa.—Mike Andonian of Pontiac, with an opening round of 76, looked like a pretty good bet to qualify for match play in the National Public Links Golf Championship today, but Tim Baldwin of Birmingham apparently needed to improve on his opening round of 78 and Ron Rothbarth's 84 didn't look good enough.

Baldwin shot three double-bogey sixes on the front nine of the tricky 6,655-yard Hershey Park course and took a four on the short second hole. He steadied on the back nine for a round of 41-37-78 with three bogeys.

Andonian also had trouble on the first nine of the par 35-35—70 course. He bogeyed the first two holes and took a six on the 344-yard fourth. From there on his card showed only three bogeys and a nifty birdie three at the 231-yard ninth.

Rothbarth was all over the place as he couldn't keep his shots straight on the tree-lined, creek-crossed course. He started with a six on the tough 415-yard uphill first hole, where the elevated green is hard to hit, and had only two pars on the front nine. Coming back only the short holes troubled him until he reached the 17th hole, toughest on the course, and took a double bogey six.

The original 150-man field will be whittled to 64 today after the second 18-hole round of qualifying play.

The low 64 individuals will be eligible for match play beginning Wednesday.

Not one of the 150 players, the cream of the nation's publinx courses, was able to crack par in yesterday's opening round and only three were able to come away with par 70's.

Craig Olson of Lakewood, Calif., Frank Gacek of Parma, Ohio, and John Roney of Pittsburgh, Pa., were the three players with 70s.

Roney looked like a sure bet to beat par when he shot a three-under 32 on the outgoing nine but he blew to a 38 on the back nine.

In the team competition, the Indianapolis, Ind., team led the way with 219 strokes, followed by San Francisco with 222, and St. Paul, Minn., and Hawaii with 225 each.

Defending champion Junie Buxbaum of Memphis, Tenn., was deadlocked with three other swingers for second place, each with 71. Others in the bracket were John Clemens of Minneapolis, Minn., Archie Dadian of Milwaukee, Wis., and George Nahale of Hawaii.

Cards Press Braves

BY THE ASSOCIATED PRESS

Wilmer "Vinegar Bend" Mizell, who has been either very good or very bad so far, looks as though he has his "comeback" in the bag as the St. Louis Cardinals continue to put the pressure on Milwaukee in that National League pennant race.

★ ★ ★

In the American, southpaw Billy Pierce won his 15th with a four-hitter as the second place Chicago White Sox trimmed Baltimore 5-0 and moved within three games of the New York Yankees, who were idle. Boston beat Cleveland 6-2 in the only other game scheduled.

It was Wilmer, 26, who went 11 innings to beat Cincinnati 4-3 and pitch the Cardinals into the lead July 5. And it was Wilmer who gave up that grand-slam home run to Gil Hodges in the wild ninth inning at Brooklyn July 18 as the Dodgers beat the Cards in 11 and dumped them out of first place.

★ ★ ★

Last night, the lefty did all he could to help regain the lead, pitching a two-hitter that beat Pittsburgh 4-0. It was the eighth victory—and third shutout—in 10 games for the Cards, who stayed second as Milwaukee staged a four-run ninth inning rally and then pushed over a 10th-inning run to beat the New York Giants 9-8.

That left the Braves three percentage points ahead of the Cards and put them two games up on idle Brooklyn. The Dodgers' hold on third place was shaved to a half game as the Philadelphia Phillies, behind Robin Roberts' four-hitter, defeated the Chicago Cubs 6-0 in the only othe NL game scheduled.

★ ★ ★

The Braves made it 11 out of 15 with a bases-loaded, two-out walk in the 10th after the Giants had scored three in the ninth to lead 8-6.

Roberts won his second in a row—after seven straight defeats—for the Phils to gain an 8-13 record. He walked three and struck out six.

★ ★ ★

Pierce, top winner in the majors, walked none and struck out six as the Sox junked Hec Brown's four-hit shutout with three runs in the sixth on two walks and singles by Minnie Minoso and Luis Aparicio. The Sox also scored on a balk by reliever Art Ceccarelli and a triple by Earl Torgeson.

Tom Brewer won his fourth in a row for a 13-8 record as the Red Sox beat Mike Garcia. Ted Williams, 2-for-3 for a .379 season average, singled and scored the clincher run in the fourth as Norm Zauchin doubled. Williams, batting .532 against the Tribe, again was walked with men on first and second, but Jackie Jensen, who hit into a doubleplay when the Injuns tried the strategy for the first time Sunday, hit a two-run single this time.

Pontiac Press Photo

HELPING HAND—Little Jimmy Matheny, 11, gets an assist as he pings away at the piano at the Crippled Children's Home which gains some of the benefits of the professional boxing card at Wisner Stadium, August 13th. Mickey Crawford of Saginaw (seated) will meet Sammy Rodgers in the mainliner, and Osee Groom (standing) will also be on the card against Bill Pickett. Crawford and Groom visited the home recently. Jimmy, after a serious auto accident, has been taking therapeutic treatments at the home.

Policemen Bolster Lead

Five-hit pitching by Elmo Burgess, coupled with Franklin Products' generosity, enabled the Pontiac Police to take a firmer grip on 1st place in the International League softball race Monday night.

The Policeman made only three safeties off the slants of Bill Campbell, but five errors and four walks gave them the necessary impetus for an 8-0 triumph at North Side Park.

Franklin now finds itself trailing the Police team by 1½ games as the regular season moves into the final week of play.

Deni's Corner picked up only one hit, a 6th-inning single by Goldsworthy, but still managed to defeat Lane's Drive-In, 5-3. Lane's obligingly aided Deni's cause with nine walks, two hit batsmen and four errors.

Jake Mazur twirled a three-hit gem as Shaw's Jewelers shut out Bicmar Inn, 2-0, on the Beaudette diamond. Jerry Hesse blasted a solo home run for Shaw's in the 4th inning.

Birmingham turned back Stadium Inn, 6-4, behind the three-hit pitching of Cal Atwood.

Police	3	0	0	3	2	0	8	3	2

Pontiac Driver Gets Credit for 4 Track Marks

Frank Nelson, Franklin boulevard, a hardtop racing fan, told The Press yesterday that Pontiac ace driver Rusty Kelly had regular field days, Saturday and Sunday. Rusty, Nelson said, set four track marks.

★ ★ ★

In the Toledo Raceway modified hardtop events, Rusty was credited with a new lap mark of 22.23 (old 22.85), four-car dash mark, 10-lap feature in six laps, 25-lap feature mark and a new time of 22.41 for the sprint car event.

Nelson reported Kelly won the feature at Jackson on Saturday night.

Welden-Thrifty 15-5 Victor Over White's

Pounding out 11 hits in 4 1/3 innings, Welden-Thrifty romped to a 15-5 triumph over White Brothers Realty in the Waterford Softball League last night. Wayne Janks hurled the easy win with Hubbell, Card and Sanderson getting two hits apiece. The 10-run rule was invoked with one out in the Weldon 5th.

Jets Bombard Giants, 18-1

19-Hit Assault Produces Easy Win in Shortened City Baseball Game

The Michigan Giants felt the wrath of the Pontiac Jets last night.

Cutting loose with a savage 19-hit assault on three Giant pitchers, the Jets romped to an 18-1 victory in a City League baseball game at Wisner Field.

Darkness stopped play after 4½ innings.

The Jets scored almost at will in every inning, capping their efforts with seven runs in the 4th. Thirteen Jet players saw action and 10 of them hit safely, led by Gene Cox with three-for-three.

Bonner Upshaw wielded the biggest bat, however. Upshaw slammed a three-run homer in the 3rd and drove in a total of five runs.

Ron Falkenhagen and Octave LeDuff shared mound duties for the Jets, with Falkenhagen getting the win. Bill McGuire was the losing hurler.

Crawford-Rodgers Is Card Feature

Osee Groom Added to Pontiac Bouts

After an absence of two years, professional boxing will again make its appearance in Pontiac and promoter Julius Piazza claims the August 13th card will be one of the best he has arranged in Michigan this year.

Headlining the show will be Saginaw's Mickey Crawford, 23-year-old welterweight sensation of Michigan who has now won 17 pro fights in 18 starts.

With victories over such formidable foes as ex-lightweight champions Paddy DeMarco and Wallace (Bud) Smith and a win over Pat Lowry, Crawford will face Sammy Rodgers, another lightweight currently moving up the ladder.

Both Crawford and Rodgers left remarkable amateur records behind them before moving into the pro ranks.

Crawford, in his 100 amateur bouts, won five state titles plus the Army and Pan-American championships.

Rodgers did his amateur fighting out of Benton Harbor. He scored 140 victories in 144 bouts, including 112 knockouts, plus winning the Army featherweight title in 1950 and the national AAU title.

In the pro ranks he has won 21 of 28 fights and one of his losses was a decision to Kenny Lane, lightweight contender from Muskegon.

★ ★ ★

As an added attraction here, the 1956 Michigan Golden Gloves heavyweight champion Osee Groom, who has won three kayoes and a decision since turning pro in March, will meet Bill Pickett, a New York heavy, in a four-rounder.

Groom lost in the national Gloves finals in Chicago to Joe Hemhill, a fighter he once defeated in the national AAU in Boston.

Other names scheduled for the card are Detroit's Ducky Dietz, a lightheavy, and Saginaw's Jimmy Wright.

★ ★ ★

Sponsor of the Wisner show is the Iraq Grotto of Pontiac. The Grotto has been prominent in giving financial assistance to the Crippled Children's Home on West Lawrence.

Tickets are available at numerous locations in the Pontiac area, including Griff's Grill, Club 99, Town and Country, McKenna Hardware, Brouder's Gulf, Metz and Powers, all in Pontiac; Van's Auto in Drayton, Cass Lake Pharmacy in Keego and McCullum and Dean Radio in Birmingham.

Green Bay Wants Decision on Trade

Lions Still Huddling With Spencer

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

To go or not to go, that is the question Detroit Lions' general manager Nick Kerbawy wants answered by tackle Ollie Spencer who said he would not report to the Green Bay Packers to whom he was traded recently.

Kerbawy and Spencer huddled for three hours yesterday but reached no solution and they will continue their huddle today which in all National Football League camps is the official starting day for training camp.

What will happen to the trade between the Lions and Packers should Spencer refuse to go is a question mark.

A similar situation prevailed when Val Joe Walker, defensive halfback whom the Lions obtained, at first decided against playing pro ball.

★ ★ ★

Kerbawy said yesterday however that Walker would be in camp Wednesday and that salary agreement has already been reached by phone.

★ ★ ★

If Walker would have failed to report, the Lions would have received one of the Packers' top draft choices at the next drawing.

"We really don't know what we would do if Spencer failed to report to Green Bay," said Kerbawy, "I guess we would have to reach some other agreement."

★ ★ ★

Green Bay wants an offensive tackle, and the Packers would hardly settle for a second class lineman or rookie for Rote, and they want the same decision from Detroit.

In the way of veteran offensive linemen, Detroit has only tackle Lou Creekmur, and guards Stan Campbell and Harley Sewell. The Lions are depending on fitting one of the huge rookies into the offensive line, such as John Gordy, Ken Russell or Chuck O'Brien.

★ ★ ★

The Lions could part with one defensive lineman from the group which includes Bob Miller, Ray Krouse, Darris McCord, Gil Mains and Gene Cronin, after negotiations with Packer coach Liz Blackbourn.

★ ★ ★

Six veterans still remained to be signed, including Gene Gedman, Bob Miller, Jack Christiansen, Ray Krouse, Leon Hart and Dave Middleton.

★ ★ ★

After a photography session this morning, the first full squad workout was set for this afternoon.

Juniors in Mound Duels

A trio of good pitching battles highlighted the baseball action around the city junior leagues yesterday.

Two of the top duels were in Class E as Oxford nipped West Side Kiwanis 3-1 and Lytell Colgrove defeated A & R Cartage 2-1. Cranbrook edged Don Nicholie 4-3 in Class D.

Oxford won its game with only one hit off loser Fred Staley by putting it together with two errors and a walk for two runs. Winner Wally Liley allowed two safeties. Colgrove, held to three hits by Richie Lamphere, won its game on a balk in the 7th. Lamphere had 16 strikeouts, victor Bob Diamond 14 in a real battle.

Cranbrook put together a walk, ground out and Henry Kopek's single to pull out its win in the 7th.

Other scores:

CLASS D
Police 5, Auburn Boys' Club 1
CLASS E
Lake Orion 6, Clarkston 5
CLASS F
Sheriff's Dept. 10, Clarkston 9
North Side 9, Auburn Boys' Club 2

MIDGETS (NL)
Yankees 16, Athletics 8
Tigers 12, Orioles 11
MIDGETS (AL)
Pontiac Boys' Club 6, Tigers 5
White Sox 16, Auburn Boys' Club 3
LITTLE MIDGETS
McCarroll 22, Malkim 11
LeBaron 9, Baldwin O (forfeit)
Wever 8, Hawthorne 6

Sedgman, Rosewall Deadlock Gonzales

LOS ANGELES (AP)—Ken Rosewall and Frank Sedgman won their singles matches last night to get on even terms with professional champion Pancho Gonzales in the masters round robin pro tennis tournament.

Rosewall blasted Pancho Segura 6-1, 6-4. His fellow Australian, Sedgman, came from behind in a sizzling match to defeat Tony Trabert, 4-6, 6-3, 6-4. This gave Gonzales, who didn't play, and Rosewall and Sedgman each two wins, no losses.

South Bend — Notre Dame has defeated Michigan State in 16 out of 23 football games played in the series through 1956.

Big 10 Holding Investigations

Recruiting Violations Rumored Against Every Conference School

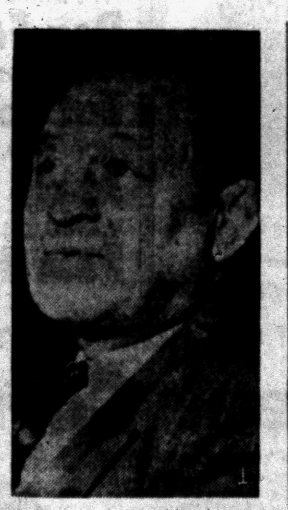

CHICAGO (AP) — The Big Ten athletic conference, in the wake of its one year suspension of Indiana football coach Phil Dickens, is conducting investigations of numerous rumors and allegations of recruiting violations.

Commissioner K. L. (Tug) Wilson said yesterday "there are fewer complaints from Big Ten schools in general circulation under the new financial aid plan but there are more of them coming directly into our office than in the past.

Wilson said each report or allegation is being investigated and added that the rumors "involve every Big Ten institution."

Dickens was suspended after a meeting of faculty representatives Sunday for one year for offering illegal payments to prospective athletes.

In Dickens' absence, his assistants are expected to lead Indiana through the 1957 schedule and during spring practice next year. The assistants are Lou McCullough, John Townsend, Wilbur Stevens, Chris Dal Sasso and Howard Brown.

AP Wirephoto

EX-CHAMP DIES — Mike O'Dowd, 62, former world middleweight boxing champion (1917 to 1920) died Sunday, in St. Paul, Minn.

Michigan Track Coach to Hold Jamaica Clinic

ANN ARBOR (AP) — Don Canham, Michigan's track coach, will conduct a week-long track clinic at Kingston, Jamaica, starting on Monday. Leo Johnson, Illinois coach, will join forces with Canham there. In mid-August, the Michigan coach will go to Toronto, where the Canadian training program for the 1960 Oympics will start its three-year run.

'Hurricane' Disobeys Orders

Jackson's Ring Future Clouded After Setback

NEW YORK (AP) — The fighting future of Tommy "Hurricane" Jackson was shrouded in a cloud of doubt today after the fierce beating he took in his abortive try to lift the heavyweight championship from Floyd Patterson.

★ ★ ★

His manager, Lippe Breidbart, obviously was down on him for he again disobeyed instructions from his corner last night. As a result Referee Ruby Goldstein stopped the scheduled 15-round bout in the 10th after the Hurricane had been down three times.

Would he permit Jackson to go on fighting, Breidbart was asked in the sweltering dressing room later.

★ ★ ★

"That's up to the fighter," he said, avoiding the use of Jackson's name.

Then Breidbart warmed up to the subject.

"He disobeyed my instructions again," he barked. "I told him to wade in and keep low. If he had done that, he would have won the fight. But, no, he has ideas of his own, so he hangs back and waits to throw what he thinks is his Sunday punch."

Breidbart was not impressed by Patterson.

★ ★ ★

As for Patterson, he appeared as though he had just gone 10 fast rounds with a sparring partner in training. He, too, sat on a rubbing table, and he, too, spoke in barely audible tones. But his was the voice of a modest victor.

★ ★ ★

"I'm going to take two days rest, then go back in training for my next fight," he said.

That's the much - condemned bout with Pete Rademacher in Seattle Aug. 22. Rademacher, the Olympic champion, never has fought a pro bout.

Patterson TKO's 'Hurricane' in 10th

NEW YORK (AP) — Heavyweight champion Floyd Patterson today planned the luxury of a day and a half of loafing after his butchering of Tommy (Hurricane) Jackson.

★ ★ ★

Then the 22-year-old champ will resume training for his "fantastic" title defense against Pete Rademacher, the balding, Olympic heavyweight champion of 1956, at Seattle Aug. 22.

He scored a 10th-round technical knockout over Jackson at the Polo Grounds last night, earning a guaranteed $175,000. For his defense against Rademacher, who never has fought pro, he will collect a $250,000 guarantee.

★ ★ ★

This adds up to $425,000 for two fights within 24 days for the one-time wayward boy who is following in the footsteps of Joe Louis on boxing's golden trail.

Weighing the heaviest of his career at 184 pounds and punching with blinding speed, Patterson won his 19th straight victory and may have ended the fistic career of the fighter known as the "Animal" in boxing circles.

★ ★ ★

They call Jackson "Animal" because of his ability to absorb punishment and his tremendous stamina. But he took too much for any beast before Referee Ruby Goldstein ended the bout at 1:52 of the 10th with the protesting Jackson wobbling but on his feet.

★ ★ ★

The 25-year-old, 192½-pound challenger from New York had been dropped three times previously, and had been rocked from head to toe in almost every round by Patterson's violent bursts. His face was battered and bleeding.

Jackson was admitted to East Meadow's Meadowbrook hospital early today, but was not regarded as in on the danger list. His condition was listed as "fair". He was taken there by his mother in a private car, and was reported as walking with difficulty when he arrived. No other details were given out by the hospital.

★ ★ ★

There was some confusion at the ringside over the counts of the knockdowns but Goldstein said afterwards Jackson was up at the count of one in the first round (the bell sounded to end the round), three in the second round and four in the ninth.

Goldstein and Judges Bill Recht and Joe Agnello all had Patterson ahead 9-0 scores until the rout was halted.

★ ★ ★

Perhaps the most devastating blow Patterson landed was a thumping left hook to the body in the fourth that doubled over Jackson and made him grimace in pain. Jackson offered practically nothing but courage.

Asked why he hadn't gone to the body more often, Patterson said Jackson's "elbows made him hard to hit in the body."

★ ★ ★

Patterson will rest until Wednesday when he will return to his Greenwood Lake, N.Y., camp to resume work. He said he plans to leave for Seattle Aug. 12.

Jackson, who struggled to break loose from Referee Goldstein's grip when the fight was halted, muttered, "The referee had no right to stop it."

★ ★ ★

If he really meant it he must have been the only one in the crowd of 18,101 who felt that way deep down.

He admitted he was hurt in the first round.

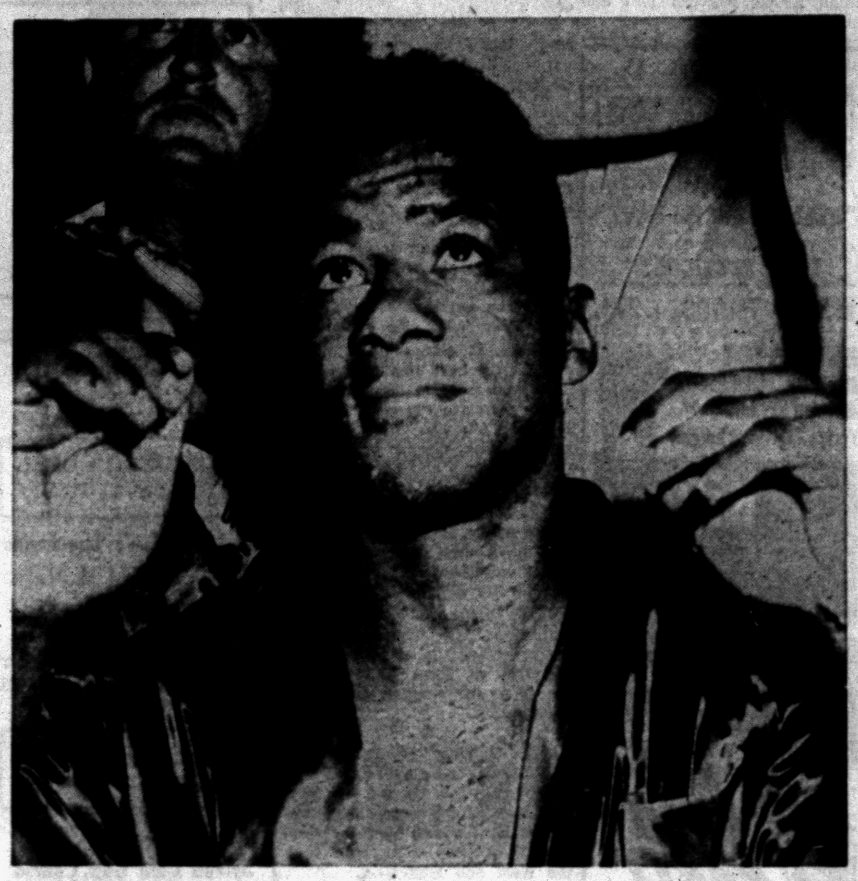

"My legs were lazy," he muttered. "They gave me away."

Asked why he did a jig between most rounds, he replied, "To make my legs unlazy."

★ ★ ★

The promotion by dress manufacturer Emil Lence was the first heavyweight title fight staged by an independent since the International Boxing Club, ruled a monopoly by a federal judge, was formed in 1949.

The radio-TV sponsor paid $175,000 and the gross gate may have hit $190,000. On this basis Jackson received about $64,800. Patterson's 40 per cent came to about $134,800, but he had the $175,000 guarantee.

STOPS HURRICANE — Winner of title fight with Tommy (Hurricane) Jackson, and still world heavyweight champion, Floyd Patterson raises hands in victory salute in dressing room at Polo Grounds, last night. Patterson dropped Jackson three times before referee stopped fight at 1:52 of the 10th round. AP Wirephoto

Seeded Players Gain Net Wins

KALAMAZOO (AP) — The rankings were right in the first day of the National Junior and Boys Tennis Tournament at Kalamazoo College.

All seeded players in both divisions, except for one boy who was sidelined by an injury, marched to straight-set victories in their first matches yesterday.

A sprained ankle kept Earl Buchholtz of St. Louis, Mo., the second seeded junior and the national indoor champion, out of action. He hurt the ankle in the Western Junior tournament last week.

Bobby Siska of San Francisco, top-seeded in the boys division, moved into the third round with two victories.

Chris Crawford of Piedmont, Calif., top-seeded in the junior bracket, turned back Richard McGaw of Fort Wayne, Ind., in a first-round match.

Crawford will play William McClung of Canton, Mass., in the second round. Siska meets Cuthbert Train of Washington, D.C., in the third round.

Pistons May Swing Major Player Deal

DETROIT (AP) — The Detroit Pistons are working on a major player deal that coach Charley Eckman says "would set our club for 1957."

General manager Fred Delano would not identify the other clubs involved but said "if the deal comes off it'll be a big one."

It is known that the Pistons have been dickering with several clubs in the National Basketball Assn. and have been close to making one deal in particular.

Spencer Nears Crown

A one-hit shutout by Dick Shell virtually sewed up the Waterford Junior League softball title for Spencer Floor Coverings yesterday. He blanked Drayton Drug 9-0 to keep Spencer unbeaten. It was the second setback for 2nd place Drayton.

Althea and Hard Head Wightman Cup Contingent

NEW YORK (INS) — Althea Gibson, Darlene Hard, Louise Brough and Mrs. Dorothy Head Knode will carry the colors for Uncle Sam in the 1957 Wightman Cup competition against Britain.

The Wightman Cup committee selections, announced last night, also named Mrs. Margaret Osborne duPont of Wilmington, Del., to captain the U. S. squad which meets the British aggregation at Sewickley, Pa., Aug. 10-11.

Ryder Cup Squad Headed by Burke

DUNEDIN, Fla. (AP)—Jack Burke Jr. heads the list of 10 U. S. golf professionals named to play the British in the Ryder Cup matches this year.

Burke is on the team for the fourth time, more than any other member. Ted Kroll will be playing for the third time. Doug Ford and Tommy Bolt will make their second appearance.

Others selected by the Professional Golfers Assn. yesterday were Lionel Hebert, Dow Finsterwald, Ed Furgol, Fred Hawkins, Dick Mayer and Art Wall Jr.

8 Pacers Run at Jackson

JACKSON (AP) — Eight pacers are expected to go to the post tonight for the running of the Hillsdale Special at Jackson Raceway.

Kokorana, owned by Frank Hunt of Croswell, Mich., is expected to be the favorite.

Ted Helps Tigers—Yesterday

Faces Bunning in Series Start Today

BOSTON (AP) — Trying to cement their hold on fourth place, the Detroit Tigers move against the Boston Red Sox and terrible Ted Williams tonight.

The Boston boomer, the only player active today who ever hit better than .400 in a full season, banged out two hits yesterday to lift his league-leading batting average to .379.

In the opener of the Red Sox' three-game series with Detroit he probably will have to contend with the slants of slender Jim Bunning, the Tigers' winningest pitcher.

Bunning, scheduled to start the first game for Detroit, last week listed as one of his biggest thrills the night this season that he sent the fabled Williams down swinging three times.

Bunning has 12 victories and three losses.

Williams' bat helped the Tigers climb into sole possession of fourth place yesterday without playing. The idle Tigers moved a half-game ahead of Cleveland when the Red Sox clubbed the Indians 6-2.

The Red Sox are in third place, four and a half games in front of the Tigers.

Three front-line Tigers probably will sit out the game tonight because of injuries. Outfielders Al Kaline and Charley Maxwell, both members of the American League All-Star team, were hurt over the weekend in games with the New York Yankees. Kaline injured his ankle and Maxwell bruised several ribs in a collision with the fence. Third baseman Reno Bertoia has a sore arm.

Replacements in the outfield probably will be Jim Small and J. W. Porter, with Jim Finigan taking over for Bertoia on third base.

Because Kaline and Maxwell, a pair of strong lefthanded hitters, are expected to be out two or three weeks, manager Jack Tighe started looking yesterday for somebody to help take their places.

Tighe said he would like to sign Ron Northey, a veteran who recently was released by the Chicago White Sox, but Northey said he had decided to sign with the Philadelphia Phillies.

★ ★ ★

Northey told Tiger gen. mgr. John McHale that he hopes to get into the World Series and considers the Phillies a good bet in the tight National League race.

Stars Advised to 'Get Mean'

EVANSTON, Ill. (AP) — The College All Stars are going to have to get mean if they hope to defeat the New York Giants, professional football champions, at Soldier Field Aug. 9.

One seasoned observer put it this way:

"They (the All Stars) can be the 48 nicest young college graduates in the world the morning of Aug. 10, but the night of Aug. 9 they'd better be mean enough to bite their own brothers. Otherwise it will be no contest. Those Giants are not going to be doing any arm tackling. They'll really hit."

The Stars went through a sluggish workout yesterday which assistant coach Don Paul called "miserable."

$55,000 for Colt at Yearling Sales

LEXINGTON, Ky. (AP)—A chestnut colt by Alibhai-Obedient brought $55,000 last night as Keenland's summer thoroughbred yearling sales opened with a fine first-day average.

The night session saw 34 head bring $661,000, to average $19,441. This brought the day's figures to $1,161,300 for 87 head, averaging $13,348.

Ban Horse, Trainer

CHARLES TOWN, W.Va. (AP) — Sunoloc, a $23.20 winner of the sixth race here last Monday and Emmett L. Richards, his owner-trainer, have been suspended for six months as a result of an alleged "stimulating case," it was disclosed today.

Roberts Regains Form With 4-Hit Shutout Win

CHICAGO (AP)—Robin Roberts is back on the beam and his revival could push the Philadelphia Phillies to a pennant in the tight National League race.

★ ★ ★

Roberts hurled a four-hit, 6-0 victory over the Chicago Cubs yesterday to keep the Phils two games behind Milwaukee's league-leading Braves.

★ ★ ★

It was Robin's 187th major league triumph but only his eighth against 13 setbacks in what has been the roughest season of his career. It was his first shutout in more than a year.

"Why all the fuss," asked Roberts, 30, after the game. "I didn't pitch this one any differently than I have several others this season. Sure, I was lucky. I won. I could have won some of those other games too, but I wasn't as lucky as I was against the Cubs."

One of the big reasons for the "fuss" was the fact that Robin didn't serve a home run ball. This was the first time in his last 13 starts that Roberts hadn't thrown the gopher ball. Roberts has been clipped for 29 homers this season, 10 of which have beaten the right-hander.

★ ★ ★

"It was Roberts' best game of the year," said Manager Mayo Smith, "No question about it. And nobody ever made a scale big enough to weigh its importance to us at this time."

This Taxi's Theme: 'Can't Let You Go'

DETROIT (AP)—Roy E. DuBrul grabbed the taxicab door handle and jabbed his thumb to release the plunger and open the door.

But there was no latch button and DuBrul's thumb got stuck.

★ ★ ★

Police and firemen required 45 minutes to take the door panel apart and work DuBrul's thumb free. He was treated at a hospital.

Five flags have flown over New Mexico — the flags of Spain, Mexico, the Confederacy, the United States and an Indian flag. The latter happened during the Pueblo Indian Revolt between 1680 and 1692.

Hollywood Headlines

Musically Wise Frankie Always Leads Own Band

By JAMES BACON

HOLLYWOOD (AP) — Frank Sinatra is one of the most publicized stars in show business history. Yet surprisingly little is known about his musicianship.

★ ★ ★

Top music men around town say musicianship is the main reason why Frank has outdistanced most of his competitors over the years. A visit to a Sinatra rehearsal or recording session is an eye-opener.

Frank always conducts his own band, lately has even branched out, conducting albums for other singers, notably Peggy Lee.

★ ★ ★

Some music men believe that Frank has assembled a band that is a better musical aggregation than Glenn Miller or Tommy Dorsey ever had.

★ ★ ★

One Miller alumnus, who declines use of his name out of reverence to the famed maestro, believes the band that now backs Sinatra is better. He explains:

"Frank is able and willing to pay for the best men in the business—and the best men are here. These men are top artists of the big band era who didn't deteriorate by drink, disease or disaster. Glenn, Tommy and the rest never had such a pool to pick from."

★ ★ ★

The movie and television industries have lured the cream of the nation's musicians with better pay and shorter hours.

Music long has been a hobby with Frank. He has one of the biggest selections of classical recordings in town and is well versed in the longhair aspects of his trade.

★ ★ ★

While making "Pal Joey" over at Columbia recently, Frank spent many of his off moments on an adjoining recording stage rehearsing his own band for a series of weekend concerts through the West and Southwest.

★ ★ ★

A reporter who visited several of the rehearsals discovered that Sinatra was the boss musician in name and fact.

He always conducts his own shows.

"These guys behind me are so good that another conductor would just get in the way," he explains.

★ ★ ★

Music, Frank believes, is like anything else—you get what you pay for.

At the moment, Frank's albums are the most consistent top sellers in the business.

Food is Available; Costs Slightly High

WASHINGTON (INS)—The Agriculture Department reported today that housewives will find plenty of food available during the rest of 1957 but they'll have to pay a little more for it.

★ ★ ★

Food supplies are about the same as last year and farmers' prices are generally similar, but marketing cost increases of six per cent have driven retail prices up three per cent over last year.

Rails to Spend More

CHICAGO—Gross capital expenditures this year by the 111 Class I railroads of the United States for road and equipment combined are expected to total about $1,364,000,000. This would be $175,000,000 or 14.7 per cent above the 1956 expenditures.

There are about 53 million Protestants in the U.S. and 30 million Roman Catholics, according to recent available figures on church denominations and memberships.

State Health Department Urges Polio Shots for All

LANSING—Polio shots should be continued during the so-called polio season in the coming summer, the Michigan Department of Health recommended today in a statement outlining its views on summer immunizations.

Polio vaccine shouldn't be given, however, to persons living in the same house with persons afflicted with polio.

★ ★ ★

The department also recommended summertime continuance of routine immunization of infants against diphtheria, whooping cough, tetanus and smallpox. It added that booster shots for older children and first shots for adults against diphtheria, tetanus and whooping cough might well be delayed until later in the year because of the low incidence of these three diseases in Michigan.

The department added that immunizations should not be given to persons who show signs of illness.

Complete text of the department's recommendations was as follows:

"The Michigan Department of Health recommends:

1. That the routine immunization of infants against diphtheria, pertussis, tetanus and smallpox be continued throughout the so-called poliomyelitis season.

★ ★ ★

"2. That because of our high percentage of protection against diphtheria, tetanus and whooping cough in older children and with a very low incidence of these three diseases in Michigan there is no objection to delaying booster doses or primary immunization of older persons until later on in the year.

"3. That poliomyelitis vaccinations be continued throughout the so-called polio season.

"4. That poliomyelitis vaccine not be given to household contacts of a person with acute poliomyelitis.

"5. That immunizations not be given to persons showing signs of illness."

Workhouse No Barrier

AKRON, Ohio (AP)—You may not be able to keep an ambitious man down, but the local Municipal Court is trying hard.

Judge Abner Zook revoked an outside work permit for Arthur K. Robinson, 25, serving 30 days in the workhouse for possession of lottery slips, when it was learned that Robinson was using the free time to sell more lottery tickets.

Weather, Gains Weaken Grains

CHICAGO (AP) — Most grains weakened on the board of trade today, influenced by continued good crop weather and profit-taking.

Wheat, fractionally higher at the outset, quickly declined on a wave of selling. Although some flour business was reported in early dealings, this was not great and local selling offset purchases.

Large bakery interests normally in the market for new supplies of flour this time of year, still were reported holding out generally in hopes of lower prices.

Corn continued lower on good crop and weather news. Soybeans rallied at the start, but showed no great strength.

★ ★ ★

Near the end of the first hour, new style wheat was ¼ to ⅝ lower, Sept. $2.15½; corn was ¼ to ½ lower, Sept. $1.32; oats were unchanged to ⅜ lower, Sept. 65; rye was ⅛ to ½ lower, Sept. $1.30; soybeans were ⅛ to ¼ lower, Sept. $2.43¾; and lard was 10 cents higher to two cents lower a hundred pounds, Sept. $13.55.

Grain Prices

CHICAGO GRAIN

CHICAGO, July 30 (AP)—Opening grain:

Wheat (new)		Oats	
Sep	2.16¼	Mar	70⅝
Dec	2.20¼	May	70½
Mar	2.21½	Rye	
May	2.15⅝	Sep	1.30¾
Corn		Dec	1.34½

Mar	1.31⅝	Sep	13.60
May	1.34	Dec	13.75

Livestock

DETROIT LIVESTOCK

DETROIT, July 30. (AP) — (U. S. Department of Agriculture) — Hogs—salable 500. Moderately active. Butchers and sows around steady; mixed lots U. S. No. 1, 2 and 3 180-240 lbs. 21.50-21.75; mixed No. 1 and 2 190-220 lbs. 22.00-22.25; No. 2 and 3 240-300 lbs. 20.25-21.75; No. 3 300-400 lbs. 18.75-19.75; mixed grades 160-180 lbs. 19.25-20.75; mixed No. 1, 2 and 3 300-400 lbs. Sows 18.25-20.00; No. 2 and 3 400-600 lbs. sows 16.50-17.75; stags and boars mainly 13.00-15.00.

Cattle — Salable 650. Fed steers and heifers very slow; few loads choice grades fully steady; lower grades steady to 50 cents lower; most decline on utility cows steady; bulls 50-1.00 lower; most decline on low utility and under; stockers and feeders slow, unchanged; few low 1,000-1,100 lb. fed steers 25.75-26.25; standloads mostly high choice to low prime and to average good fed steers 19.00-23.50; utility 16.00-19.00; low utility grass steers down to 15.00; one load choice fed heifers 23.50; few standard to low good heifers 18.50-21.00; utility heifers 15.00-18.50; several loads grass low utility down to 14.00, these latter very hard to move; liberal supply of low grade steers and heifers still unsold; utility cows 13.50-14.50; few up to 15.00; canners and cutters 10.50-13.50; utility and commercial bulls 14.00-17.00; individual weight up to 17.50; cutter bulls 12.00-14.00; few light canner bulls down to 10.00; 57 head choice 441 lb. stick steer calves 25.00.

Calves — Salable 200. Vealers slow, steady to weak; choice and prime vealers 26.00-31.00; good to low choice 21.00-25.00; utility and standard 16.00-21.00; cull 11.00-16.00; good and choice slaughter calves 17.00-20.00.

Sheep — Salable 200. All classes steady; few lots good to mostly choice spring lambs 23.00-23.50; cull to choice slaughter ewes 4.00-8.00.

News in Brief

Pontiac General Hospital officials are wondering what became of an accident victim, Oscar Swanson, 55, of 19938 Andover St., Detroit, who was admitted there at 5:50 yesterday with a broken arm, rib and head cuts, and evidently became tired of hospital routine, getting up and walking away at about 11:55 last night.

Feet or Foot? Ohio's Doctors Debate Name

COLUMBUS, Ohio (INS)—Whether you call a foot doctor a chiropodist or a podiatrist he's still a foot doctor, but designation of the profession seems to be a sore point with Ohio foot doctors.

The Ohio Chropodists Association, at their recent convention, considered a proposal to change the designation of "chiropodist" to "podiatrist," but the idea was defeated. Here's the reason the OCA gives:

"The majority of delegates voted to retain the designation 'chiropodist' on the basis that a great majority of the public associates this term with 'foot doctor' and that any change at this time would would require extensive changes in state laws regulating the chiropody profession and also would require a change in the name of the Ohio Association."

Webster defines chiropody as: "The treatment of ailments of the feet."

Webster defines podiatry as: "The treatment of disorders of the foot."

Chrysler Given Army Contract

Company Will Develop Revolutionary Vehicle Called 'Aerial Jeep'

WASHINGTON (INS) — The Army announced yesterday it has awarded a $661,000 contract to Chrysler Corp. for the development of a revolutionary new Army vehicle, the "Flying Jeep."

Chrysler's contract, the largest of three awarded by the Army, calls for design, construction, and testing of the vehicle which will be called the "Aerial Jeep."

A Chrysler spokesman said work on the project will be done in the Detroit area.

The Army said its ultimate goal is to develop a general utility vehicle which can travel at air speeds of up to 50 miles an hour, stay in the air for several hours and carry up to 1,000 pounds in weapons, equipment and personnel.

★ ★ ★

Twenty-one companies participated in the design competition before the contracts were awarded. Other contracts went to the Piasecki Helicopter Corp., of Philadelphia, and the Aerophysics Development Corp., of Santa Barbara, Calif.

Sees 'Brilliant' Railroad Future

$250 Million Expansion Program Announced by NYC Official

SPRINGFIELD, Ohio (AP) — The vice president of operations for the New York Central system spoke yesterday of what he called "A brilliant future for railroading" in announcing a 250-million-dollar expansion program.

John F. Nash, Bronxville, N.Y., told Springfield Rotarians that in the railroad's southern district the improvements will include introduction of "Flexi-Van" service and a new mechanized maintenance of way operation. The southern district embraces Ohio, Indiana and Illinois.

"Flexi-Van" service is the road's name for what is now commonly called "piggy-back" transportation in which flat cars haul fully-loaded tractor trailers.

"We think there is a brilliant future for railroading as we take ever increasing advantage of the wonders modern technology offers us," Nash said in his prepared address.

Then, in an indirect reference to railroad competition from the St. Lawrence Seaway now being built and other transportation industries, Nash added:

"Our rebuilt railroads will have to pay heavy taxes that its competitors are free of; we are going to continue to be denied the right to make a rate or charge a price that makes us competitively dangerous to our privileged bus, truck, air and water competitors."

Death Notices

BABY GIRL HARRIS

A prayer service was held at 2:30 p.m. today in the Donelson-Johns Funeral Home for Baby Girl Harris, infant daughter of Virgil A. and Gladys Jean Davenport Harris, 540 Auburn Ave.

Dr. William H. Marbach of the First Presbyterian Church officiated with burial following in White Chapel Memorial Cemetery.

Besides her parents, the baby is survived by two brothers, Douglas and Randolph at home. She was dead at birth yesterday in St. Joseph Mercy Hospital.

Sentenced to Prison

Louis Huemiller, 3757 Maiden St., was sentenced to from 1½ to 4 years in Jackson State Prison yesterday on a charge of larceny from a building. Sentence was imposed by Circuit Judge Clark J. Adams.

Early Market Trading Quiet

NEW YORK (AP) — The stock market eased in quiet early trading today.

Pivotal stocks took losses of from fractions to a point, but there was a scattering of small gainers.

The lower tone was established in a fairly active opening. Prices continued about the same as turnover slackened.

The market showed no signs of a comeback after yesterday's sell-off, the sharpest in a half year. Once again, the decline was general, but light trading gave the move no emphasis.

U. S. Steel dropped a fraction as investors awaited reports on second quarter finances and operations after the close. Lukens Steel was down more than a point. Air Reduction and Atlantic Coast Line were one-point losers.

★ ★ ★

Oils were lower following President Eisenhower's request for a 10 per cent cut in imports. Standard Oil (New Jersey), Gulf Oil and Texas Co. were down about a point apiece.

Chrysler, U. S. Rubber and International Paper resisted the general trend, making fractional gains.

General Motors opened unchanged at 45⅛ on 4,500 shares. It eased in active dealings later.

Kelvinator Ups Prices

NEW YORK (AP)—Kelvinator Division of American Motors Corp. announced prices on its six washers and four dryers in its 1958 line would be up about 5 per cent from 1957 prices. The company said the increase resulted from a complete design change.

NEW YORK (AP)—Celanese Corp. of America raised prices two to three cents a pound on acetate tape. This was the first price change since October 1955.

Ad Firm Reassigns Two Staff Members

Two staff members of MacManus, John and Adams, Inc., have been assigned new duties.

Colin H. John, 711 Suffield, Birmingham, has been named account executive in charge of Vauxhall motorcar advertising. He will also continue working on the Pontiac Motor Division account.

The Vauxhall is a British-made car which will be marketed in the United States through the Pontiac Motors organization.

William A. Mara, 315 S. Glenhurst Rd., Birmingham, has been shifted from the Bendix Aviation Corporation account to a position as assistant account executive on the Wide Wide World television account for General Motors Corporation.

Kresge Reports Income

DETROIT (AP) — S. S. Kresge Co. and susidiaries today reported net income of $8,151,877 equal to 82 cents a share for the first six months of 1957. This compared with net income of $8,470,208 equal to 81 cents a share for the like period of 1956.

Sales for the 1957 period were $158,928,661 against $155,986,788 last year.

Card of Thanks

THE FAMILY OF CHARLES E. Henderson wishes to express their deep appreciation to those who sent flowers, the help of the kindly neighbors, to the Pontiac Fire Dept., the Pontiac General Hospital Emergency, also 2nd & 4th floor staff, Rev. Edmond Watkins & members of the Joslyn Ave. Presbyterian Church, Voorhees-Siple for courteous help, and other friends and relatives. All who helped in any way. May God bless each and all.

WE WISH TO EXTEND OUR heartfelt thanks & appreciation for the many acts of kindness, messages of sympathy & beautiful floral offerings received from our kind friends, neighbors & relatives during the illness & loss of our loved one. A special thanks to the employes of Pontiac Motor Plant 6, Supervisors & Supervisors Club including the pall bearers, foundry master mechanics-plans, engineering & standards, Hub Clothiers, S. S. Kresge, Flint Store, Rev. Donald Glasgow, and 3rd floor (main) personnel at St. Joseph's Mercy Hospital, and Sparks-Griffin Funeral Home. The family of the late John L. Lugg.

In Memoriam 2

IN LOVING MEMORY OF OUR beloved mother Christina Gay, who passed away July 30, 1952.
Must a lonely heartache, often a silent tear;
But always a beautiful memory, of one we loved so dear.
Deep in our hearts your memory is kept.
We loved you too dearly ever to forget.
Sadly missed by her daughter, Christine Blower, and son, Douglas Gay.

IN MEMORY OF MRS. BELLE Jennings who passed away July 27, 1934.
Years of striving, little of play,
Loving and giving the whole of the way;
A cherished smile, a heart of gold,
To the dearest mother the world could hold
Happy memories fond and true,
From us who thought the world of you.
M-Sgt. Watson J. Jennings, Germany; Mr. & Mrs. Evans & Isabelle.

IN LOVING MEMORY OF JUNE Maxwell, who passed away July 30, 1955.
God knows how much we miss her,
Never shall her memory fade;
Loving thoughts shall ever wander,
To the spot where she is laid.
Sadly missed by Husband and sons.

Will Paar Go as Far as Network Expects?

By EARL WILSON

NEW YORK— Jack Paar's fond of spoofing the TV ratings by saying, "I once wound up owing Nielsen two points."

★ ★ ★

"Yeah," he explains, "not only was nobody watching me but two people who never heard of me disliked me."

WILSON

The CBS eye is going to be carefully fixed on the Canton, Cleveland and Indianapolis boy on NBC because he used to summer replace everybody at CBS but Bill Paley.

"Starting with Jack Benny, of course," he says. "I worked for Godfrey for a year and never met him.

"I found out he had an unlisted floor."

★ ★ ★

NBC's convinced that it's about time Jack lived up to all his promise. He's been right at the door of enormous success many times.

Simply because he was a very funny Army comedian performing in the Guadalcanal jungles, Sidney Carroll wrote an Esquire article about him which got him a movie job a decade ago.

Jack and his wife live around Scarsdale, in a house with a peculiar name.

PAAR

"You know how 'Pickfair' got its name?" he says "The Pick came from Mary Pickford and the Fair from Douglas Fairbanks. Well, my wife's name is Miriam and mine is Jack and so do you know what we call our house?

★ ★ ★

"'Pickfair!'" he says. "My wife likes that name."

THE MIDNIGHT EARL...

Ed Sullivan, suffering kidney stone trouble, ended his European vacation and flew home to be treated here . . . **Polly Bergen** now asks $20,000 a week to play Las Vegas . . . **Johnnie Ray's** on a 5-month tour that'll pay him $425,000; tour takes him to Europe, Australia and Brooklyn.

Garbo got an OK from **Aristotle Onassis** to wear slacks in his plush Monte Carlo casino . . . Allied Artists gave **Audrey Hepburn** the $35,000 ermine coat she wears in "Love in the Afternoon."

★ ★ ★

Cary Grant's percentage of "Pride and the Passion" may earn him $3,500,000 . . . **Princess Sophia** of Greece will visit the U.S., as a birthday present from her folks.

EARL'S PEARLS: You can claim progress if each mistake you make is a new one.—Hazel Bruner.

WISH I'D SAID THAT: "If you look like your passport photo, you probably need the trip." **That's earl, brother.**

(Copyright 1957)

Fifth Successful IGY Rocket Fired

FT. CHURCHILL, Man. (AP) — The fifth successful rocket in the U.S. International Geophysical Year program blasted 140 miles into the air yesterday from its launching tower near this U.S.-Canadian army base.

The Aerobee-hi rocket's altitude was 20 miles short of the local record of 160 miles, set July 4 by the initial rocket fired in the IGY program.

The rockets transmit by radio information on air pressures, densities, temperatures, X-ray absorption and cosmic rays.

Gal With Money to Burn Gets Prison Sentence

LOS ANGELES (AP) — A woman bookkeeper with money to burn has been sentenced to the women's prison at Corona for grand theft.

Superior Judge Louis H. Burke yesterday ordered a term of from 1 to 10 years for Paige Marjorie Wright, 31, on her plea of guilty to stealing from her former employer, the Hunt Transfer Co.

Investigators said the firm estimated its losses at $20,000. When arrested, the defendant told police she had spent about $5,000 on clothing and a new car, and "burned all the rest," to keep friends from becoming suspicious.

Show Planned for Lucky Folks

MacMurray Will Quiz Contestants Tonight on '$64,000 Question'

By JACK O'BRIAN

NEW YORK (INS)—Ralph Bellamy owns his own new CBS-TV series, "Front Office," production of which starts as soon as they locate the right producer and director . . .

Ralph says it's "an honest story of American businessmen," in which he'll play a vice president of a big firm, an executive suite story without the drab old line that the bosses are villains . . .

No more cops-in-trenchcoats for Bellamy, who made more than 200 "Man Against Crime" episodes (82 on film). "While I enjoyed it, enough's enough. I've had it," Ralph declares.

The fella who drums up all that tragedy for "Strike It Rich" has a new whoopdedoo starting Sept. 30 on ABC-TV called "Lady Luck," and instead of traipsing the miserable tragedies of the luckless across the nation's TV sets, this one will feature folks who've been lucky . . .

Fred MacMurray will be Hal March's sixth summer replacement tonight on "The $64,000 Question" . . .

'HALFWAY HOUSE'

Pulitzer Prizewinners Howard Lindsay and Russel Crouse are TV playwriting a comic series, "Halfway House" . . .

Frank Sinatra, who would like to be next generation's Bing Crosby, hired Bing's old radio-TV writer Bill Murrow to fashion his ABC-TV scripts . . .

Art Carney is the hottest item on every network's must-buy list; Screen Gems wants Art for a series of funny mysteries . . .

Cost of ABC-TV's "Maverick," Kaiser's huge new Sunday night Western series, will top $7,000,000 annually . . .

Dean Martin could get more TV guest shots except for his asking price: $25,000 . . .

THE WAYS OF LOVE

One of the first "Seven Lively Arts" episodes this fall will be "The Changing Ways of Love," writen by S. J. Perlman, who sent word he couldn't be at the Oscar awards to accept his "80 Days" statuette "for a variety of reasons—all of them spicy" . . .

Jack Paar says it was his own idea to hire Dick Haymes for his "Tonight" show. As for the "co-star" story, Paar suspects it was "only in the mind of Dick's press agent" . . . NBC wants singers hired for Paar's program on a weekly basis, hoping thereby to turn up new stars.

Why so many fairy tales scheduled for TV next season? They're in the public domain, and anyone can take 'em.

Counting network Western series (18) there will be a total of some 40 giddyappers on TV next season, what with all the syndicated shoot-em-ups . . . and more comin'.

Northeast Gets Some Relief From Drought

NEW YORK (AP) — Crop-reviving rain drenched parts of the parched Northeast yesterday. But farmlands remained dry and dusty in many other areas.

Farmers hopefully read U.S. Weather Bureau predictions of more rain in the Northeastern states later this week.

★ ★ ★

A million-dollar downpour dumped more than an inch of rain on eastern Long Island. Farmers said the storm saved crops there. Heavy rain and hail also fell in Westchester and Rockland counties near New York City.

Elsewhere in New York state, heavy rains eased the drought in th northern Hudson Valley. Streams went on a rampage. Some crops were even damaged by too much water.

★ ★ ★

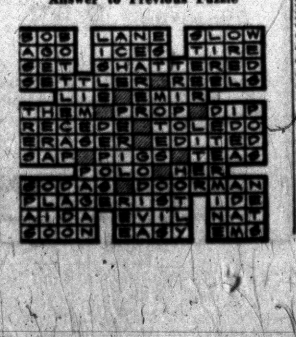

In Massachusetts, the State Agriculture Department reported "a lot of rain" in the central section of the state. Severe drought conditions continued in the southeastern areas, however.

Showers in New Hampshire led Gov. Lane Dwinell to lift a five-day-old ban on smoking and open fires in woodlands of five southern counties.

★ ★ ★

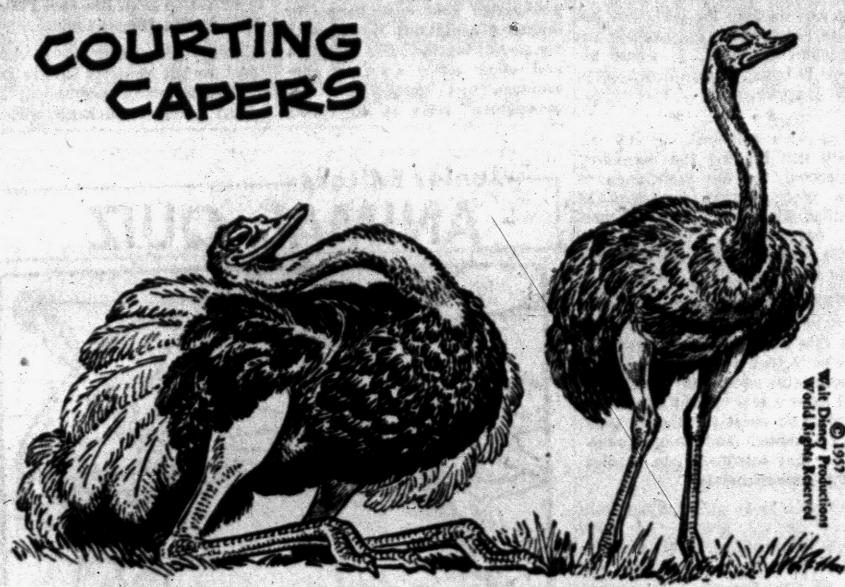

Light rains in parts of New Jersey did little to relieve that state's worst drought in a century.

But Not Quite

Sweden Almost a Member of NATO

PARIS (INS) — Sweden is with NATO in all but name.

The trend in the strategically-placed country which straddles the northern air routes to and from Russia is away from neutrality. How far the trend will go nobody knows.

The general judgment of Western diplomats is that the Swedes will cling to their treasured neutrality, which kept them safe during two world wars, as long as they possibly can.

That probably means unless and until a real fighting emergency develops or the Swedes are subjected to intolerable Soviet pressure.

There are all sorts of straws in the wind to show that the Swedes have cast their lot with NATO and Western Europe in everything but the formalities of treaty-signing.

SHOW NATO FILMS

Arrangements have been made, for instance, to show a series of NATO films on Swedish television beginning in August. The series is made up of 15 short films, one on the life and work of each NATO country. Each film explains why the country joined NATO.

Discreet Swedish inquiries have been made to see whether Swedish military officers and diplomats could enroll in the NATO defense college.

Swedish military leaders have warned repeatedly if war comes Russia will have to attack Sweden. Maj. Gen. I. Backlund, head of the Swedish War College, said that in the event of war the Soviets would have to strike through Sweden to control the Norwegian coast for Atlantic operations.

And the basic doctrine of Swedish military strategists accepts as axiomatic that in case Sweden is attacked only NATO can save her. There has been the stated warning in this regard by Swedes that if war comes non-member Sweden would be the last to get help from NATO, which would have to take care of its own first.

Finally, there is the cost of standing alone with a population of only 7,290,000 people. Sweden finds she must maintain the fourth largest combat air fleet in the world — 1,200 warplanes divided into 50 combat squadrons.

FEWER DANISH SQUADS

NATO member Denmark, with four and a half million people, maintains only eight squadrons of fighters and fighter-bombers. It costs a lot to go it alone.

Put another way, official figures show that in 1956 Sweden spent 5.5 per cent of its gross national product on defense while Denmark spent 3.7 per cent.

Peak School Construction Fails to Outrace Enrollment

LANSING (AP) — Despite record expenditures for construction, Michigan's public schools face an acute shortage of adequate school housing, Dr. Lynn M. Bartlett, superintendent of public instruction, said today.

More than 10,000 new classrooms are needed immediately to replace obsolete and unsafe facilities, Bartlett said in reporting on a survey of school needs.

"In spite of the fact that the people of the state have spent more than $75 million dollars in the past six years to furnish classrooms, equipment and other facilities, the classroom shortage is greater today than it was in 1951," he said.

Capital outlay expenditures of 147 million dollars during the 1956-57 fiscal year were only adequate to meet replacement needs and contributed only 113 classrooms toward a deficit of 10,224 rooms, he said.

★ ★ ★

Other facts reported by Bartlett:

Public school enrollment will climb by 540,000 by the end of the 1963 school year, requiring replacement and rehabilitation of 8,000 classrooms at an estimated cost of $1,100,000,000.

$400 MILLION NEEDED

To wipe out the existing deficit of more than 10,000 classrooms, based on an average of 25 pupils per room, would require another 400 million dollars.

The cost of building a classroom goes up an average of $1,438 annually and now stands at $35,550. But if the 1951-57 cost trends continue the figure may mount to $47,505 by 1962.

A greater proportion of school construction in the future will be needed to house high school pupils, and secondary school facilities cost 75 per cent more than elementary facilities.

"The enrollment estimates upon which future needs are based have been predicted on the assumption that the number of live births in Michigan will level off," Bartlett said. "If the annual number of birth continue to increase, more children will have to be housed in the public schools."

He said his calculations have not taken into account housing needs for community college students, possible increases in the cost of borrowing money to finance construction or an increased public demand for additional educational services.

Cement Strike Ends, Building to Resume

ALLENTOWN, Pa. (AP) — Construction engineers across the nation moved today to get major building projects rolling again as a crippling strike in the cement industry neared an end.

The 2½-month strike has halted or slowed work on military projects, roads, factories and housing worth more than a billion dollars. Tens of thousands of idled construction workers now can hope to start working again.

The log jam was broken yesterday with ratification of an agreement between one of the nation's largest cement producers and the United Cement, Lime and Gypsum Workers.

Crossed Boat Hooks Used at Army Wedding

VIRGINIA BEACH, Va. (AP) — They had a traditional military wedding at nearby Fort Story with one important variation.

The bride and groom left the church under an arch of crossed boat hooks — not swords.

Edged weapons are scarce at an Army Transportation Corps post. But boat hooks are essential around the Army's amphibious ducks.

The newlyweds, Pvt. Dennis H. Fellbaum and the former Miss Sandra Zimmerman, both are from Marathon, Wis.

Assembly Line Process Enters Chicken Coop

NEW BRUNSWICK, N. J. (AP)— Chicken farmer John Delaporte isn't interested in what came first, the chicken or the egg. He wants to know what to expect next.

Delaporte has a hen who laid 17 eggs in a five-day period, and he's taken the energetic Leghorn to Rutgers University's agriculture experiment station for observation.

★ ★ ★

The two-year-old hen is one of several hundred nameless and hitherto unsung chickens on Delaporte's farm in Reaville near Flemington. But she's in a class by herself. Her total production last week weighs two pounds, about half her body weight.

Delaporte first noticed this particular hen July 21, when temperatures pushed toward 100 degrees.

All the chickens on the farm had begun to show the effects of the heat, but this hen looked ready to pass out, and Delaporte dumped her in a bucket of water.

She revived and the next day, Monday, laid an egg.

MASS PRODUCTION

She had no eggs Tuesday, but Wednesday she laid three, Thursday four and Friday three.

Delaporte, figuring he was the victim of a practical joker, wanted to have the last cackle. He locked the hen in a coop and kept a close watch during the weekend.

But the bird didn't seem to mind the lack of privacy. She laid four eggs Saturday and three Sunday.

With that, Delaporte decided to give science the bird. A member of the experiment station staff fetched her yesterday, and experts were considering taking X-rays to see if she has two oviducts.

At any rate, the excitement of travel to a large university campus seems to have affected the hen where heat and confinement did not. Her total production yesterday added up to a big goose egg.

Wife Rescues Husband — Plus His False Teeth

OAKLAND, Calif. (AP) — A wife rescued her husband from San Francisco Bay yesterday. She also recovered his false teeth.

M.Sgt. Ivan L. Howe, 43, and his wife Marie, 41, were arguing on an Oakland pier when he suddenly jumped into 30 feet of murky bay water.

Marie followed him in a graceful dive. She tucked him into a life ring bystanders tossed in, then went back under and recovered his upper plate.

Average age of passenger automobiles in the U. S. is about 14 years.

Margin of Doubt Cast on Possible Satellite Success

WASHINGTON (INS)—A margin of doubt was cast on the possible success of earth - circling space satellites today as U. S. scientists completed two years of extensive work on the project.

It was on July 29, 1955, that the White House made the historic announcement the U. S. would attempt to launch man's first laboratory in space.

★ ★ ★

American scientific genius already has created the necessary equipment for the launchings to take place during the next 18 months. Along with this engineering development, however, has come a new respect for the problems involved.

These problems affecting success or failure might be summed up this way: the U. S. will attempt a feat never before tried—and with equipment which did not exist a few months ago. This equipment must function in perfect sequence and under conditions that scientists can predict only approximately.

Officials have scaled down from 12 to six the number of earth satellite launchings to be attempted. It is believed that four hits out of six tries is a "realistic" goal.

FIGURES ON PAPER

At the time of the White House announcement two years ago, scientists had only a series of figures on paper to show what would be needed for man to take this first step into space. Their belief in this country's engineering talent convinced them it was possible.

This conviction still stands, as the U. S. readies one of its major contributions to the International Geophysical Year. But, according to Hugh Odishaw, executive director of the U. S. IGY Committee, the problems are such that "there is no 100 per cent assurance of success in the launchings."

★ ★ ★

These are the accomplishments, so far, in the two short years of the satellite program:

—The rocket vehicle, a 72-foot-long, finless rocket is now being readied for launching within a few days at the Armed Forces Missile Test Center, Cape Canaveral, Fla.

—The first satellite package, an aluminum - magnesium and gold-plated sphere 20 inches in diameter containing instruments for measuring the sun's radiation and other outer space phenomena, has completed "final acceptance" tests at the Naval Research Laboratory near Washington.

—Tracking stations, eight points along the 75th meridian to receive outer space data, are being set up from Blossom Point, Md., to San Diego, Chile.

Other work is under way. Additional rocket vehicles are in progressive stages of completion. The second satellite package will be tested soon and others are being constructed.

In addition to the eight tracking stations, 12 photo - telescopic stations are also being readied. One such station is now completed in New Mexico.

Others will be in Florida, Hawaii, Japan, India, Spain, The Netherlands West Indies, Peru, Argentina, South Africa, Australia and Iran.

Newsprint Use Jumps

CHICAGO — Annual per capita consumption of newsprint in the United States totals about 78 pounds—an increase of some 50 per cent from 10 years ago and 200 per cent above 1910 consumption.

Junior Editors
ANIMAL QUIZ

QUESTION: Why is the rat man's worst animal enemy?

★ ★ ★

ANSWER: The rat destroys tremendous quantities of grain, fruit, vegetables, poultry and other food products — perhaps 190 million dollars worth a year in the United States alone. Also, it spreads disease.

There are black rats and the bigger, tougher brown rats that have taken over most of the rat territory in America.

Rats gnaw through wood, plaster, and even soft metals like lead. They infest wharves, ships, run-down buildings and barns. Because they breed several times a year and produce from six to 22 young in each litter, man's fight against them is constant. Rats carry deadly bubonic plague, which in times before adequate sanitation killed millions of people.

★ ★ ★

FOR YOU TO DO: There are "good" rats too. These are the white rats that scientists keep to study for medical secrets that are helpful to mankind. Some boys keep them as pets in little metal cages. If your mother doesn't object, you may want to try this.

★ ★ ★

(Send your idea for Junior Editors to AP Newsfeatures in care of this paper and you may win $10. Tomorrow: Where are these strange statues located?)

Police Rookie's Wife Unloads Gun — in Hubby

SAN FRANCISCO (AP)—A helpful wife shot her police rookie husband in the leg.

Carol Allen pulled the trigger of her husband's service revolver while she unloaded it.

Superiors of the policeman, Dale Allen, said they were satisfied the shooting was accidental, but advised him in the future to keep the gun to himself.

'Take a close look... you'll buy a Packard

Relax in the Luxury of a PACKARD CLIPPER TOWN SEDAN

From the moment you slip behind the safety cone wheel of a Packard Clipper Town Sedan, you will recognize that here is automotive luxury in the finest Packard tradition . . . from its carefully coordinated appointments to its richly-piled carpeting. But the pleasure of driving a Packard Clipper does not end with its beautifully styled interior . . . for this is the *only* sedan on the road today that comes equipped with a *built-in supercharger* for instant acceleration when you need it . . . full fuel economy at normal cruising speed.

Test a new Packard Clipper this week. You'll soon discover that every one of its 211.8 inches stands for Packard quality . . . the same quality that has made Packard the choice of discriminating automobile buyers through the years.

See the Packard Clipper Country Sedan, too

. . . the only station wagon equipped with a built-in supercharger!
