Dien Bien Phu Airfield Ripped by Red Rebels

Commies Driven Away
After Blowing Up Part
of Main Strip

HANOI, Indochina (AP)—The French high command reported today Vietnam rebels sneaked in during the night to blow up the northern end of the main airstrip at beleaguered Dien Bien Phu and dug trenches across the strip. They finally were driven off.

The Communist-led attackers got within 100 yards of the French defenders in the hard-pressed northwest corner of the fortress where the airstrip lies. With Bangalore torpedoes—high explosives on the end of bamboo sticks—they managed to rip up a big hunk of the airstrip's steel matting.

In Tokyo, the U. S. Air Force announced the temporary transfer of a squadron of American C119 Flying Boxcars to the Philippines for airlifting supplies to Indochina. The Air Force said the squadron personnel would not normally travel the Indochina run, but would serve in maintenance, supply and administrative capacities.

The rebels have poured tons of artillery shells onto the Dien Bien Phu airstrip and put up a curtain of antiaircraft fire to keep planes from landing with supplies or evacuating the wounded. Thus far, the French have continued to repair the field each time it is hit in the hope of eventually being able to get planes in.

The French did not reveal either their own or the enemy's losses in driving off the infiltrating Vietnamese from the airstrip last night.

The high command said the Vietnamese still were putting heavy pressure against positions in the northwestern corner. They have dug trenches close to the barbed wire barricades and have sown anti-personnel mines through the area to hamper French counterattacks.

Downtown Stores to Close on Friday

Downtown stores, bars and Pontiac City and Oakland County offices will close from noon to 3 p. m. tomorrow as Pontiac pauses to mark the crucifixion of Jesus Christ almost 2,000 years ago.

Community National and Pontiac State Banks will pull their shades, but keep skeleton crews on duty. The banks said most business places and industries staying open will permit employees to attend Good Friday services in Pontiac Churches.

TOKYO (AP)—Gen. John E. Hull, Far East commander, returned to Tokyo today from a three-day tour of Korea which included a secret conference with South Korean President Syngman Rhee.

City Churches Planning Reverent Tre Ore Rites

As the final days of Holy Week draw to a close, religious services in most of the Christian churches increase in number. Traditional Holy Thursday services were held today in all Roman Catholic churches, and Maundy Thursday communions are scheduled for many Protestant churches tonight.

This service is in commemoration of the institution of the Lord's Supper on the night before the Crucifixion, and is in preparation for Good Friday, which was the darkest day in the history of the Christian faith.

As in former years, the Pontiac Pastors' Association will sponsor three services, the Tre Ore service in Central Methodist Church, a community service at First Christian Church at 1:30 cooperating with Bethany Baptist Church, and one at Oakland Avenue United Presbyterian Church, 1:45, planned for the area jointly with Baldwin Avenue Evangelical United Brethren Church.

There will be a nursery for toddlers (not babies in arms) at Central Methodist Church.

The Oakland County Ministerial Assn. also has announced a Tre Ore service which will be held at Liberty Baptist Church.

The Tre Ore services will be held as usual in St. Vincent de

CIO Union at Willys Votes for Voluntary Wage Slash

From AP and INS Dispatches

TOLEDO, Ohio—Officials of Willys Motors, Inc. were expected to approve today a unique decision by some 3,500 members of the CIO United Auto Workers to take a voluntary 5 to 10 per cent pay cut.

The union voted almost unanimously Wednesday night to take the pay reduction in order to make Willys and Kaiser autos more competitive in the low price field.

The pay cut, recommended by UAW International vice president Richard T. Gosser, would come from elimination of incentive pay, with workers being put on a straight hourly basis.

Gosser estimated the company would save about \$36,000 a week and would cut production labor costs some 10 per cent.

The union decision resulted from recent layoffs and the prospect of further reductions in the work force. Intense competition and increased auto inventories were blamed for the cut down.

The decision whether to accept (Continued on Page 2, Col. 2)

Cloudy and Cool Forecast Friday

U. S. Weather Bureau
Expects Heavy Fog to
Lift Late Today

A cloud of heavy fog engulfed southeastern Michigan this morning, closing airports and cutting visibility to 300 to 400 yards.

W. W. Oak, chief meteorologist for the U. S. Weather Bureau in Detroit, expects the fog to lift later today. It was caused by cooler temperatures condensing moisture in the air.

Cloudy and cool weather is forecast for Friday after showers and scattered thunderstorms tonight.

Weather observers predict a low of from 43 to 47 tonight and a high of from 48 to 52 degrees tomorrow.

Yesterday's temperature ranged from 54 to 76 degrees.

The mercury rose from 44 degrees at 8 p. m. today to 48 at 1 p. m. in downtown Pontiac.

Philip Hart Runs for State Post

Seeks Dem Nomination
as Lieutenant Governor
at Aug. 3 Primary

LANSING (AP)—Philip A. Hart, legal advisor to Gov. Williams, today announced his candidacy for the Democratic nomination as lieutenant governor.

His is the first announcement of Democratic candidacy for the nomination at the Aug. 3 primary.

Hart, 41, a resident of Birmingham, is vice president and a director of the Detroit Baseball Co., which owns the Detroit Tigers, and a director of the Detroit Football Co., owners of the Detroit Lions.

Hart said he had decided against suggestions that he run for Congress from the sixth district or for a place on the state ticket as a nominee of the Democratic convention.

"I would be a stranger to the district if I ran for Congress," he said. "As for a place on the state ticket, I would rather find out how I would do running independently. I enjoy this sort of thing."

He has served in the governor's office since February 1953. Previous to that he was U. S. district attorney for the eastern district of Michigan.

Hart was the unsuccessful Dem. (Continued on Page 49, Col. 2)

Auto Industry Sees 3rd Best Sales Year

WASHINGTON (AP)—Heads of America's auto industry look to 1954 as the industry's third best year in history, the Commerce Department says.

The department, reporting from a meeting with auto company executives, put it this way:

"Industry representatives reported that, although the rate of sales is somewhat lower than that of the corresponding quarter last year, activity among buyers is substantially more pronounced."

"Officials of some companies, including truck manufacturers, said an upturn already is evident. This also is true of trailers, it was said."

"The automotive industry is looking forward toward the third best year in its history, on the basis of the current rate of retail sales," the department says.

Robbery Suspect Now Is Charged With Kidnaping

Pontiac Man Says Cox
Forced Him to Drive
to Inkster Address

Accused bank bandit Hugh T. Cox was charged yesterday with kidnaping a Waterford Township acquaintance three weeks ago and escaping a police dragnet in the abducted man's automobile.

Wendell Manchester, a part-time Wayne University student who resides at 3300 Elizabeth Lake Rd., said the 21-year-old gunman forced him at gunpoint to drive to Inkster.

Manchester said Cox boasted he would shoot it out with police if the car were stopped.

The abduction came to light after Manchester was questioned for an hour by Oakland County Sheriff's Detectives David Brann and Mahlon France.

Manchester said he did not report the kidnaping at once for fear "they would kill me or my family."

A kidnaping warrant was signed against Cox yesterday by West Bloomfield Township Justice Elmer C. Dieterle. It will not be pressed pending the outcome of the bank robbery charges against Cox and James J. Minder Jr., 24, of Dearborn.

Minder pleaded guilty yesterday to the \$53,000 holdup of the Manufacturers National Bank in Dearborn April 2. Cox, who formerly lived at 88 W. Mansfield Ave. here, stood mute and an innocent plea was entered for him.

Brann and France said Manchester claimed Cox came to his trailer camp home on March 25, shortly after escaping from the Oakland County Jail where he faced questioning on holdups.

Manchester told the deputies Cox took two pistols from a briefcase and said:

"Now you're going to drive me to Keego Harbor. I don't want to (Continued on Page 49, Col. 5)

Japan Ready to Ship Goods to Red China

The 19 items cleared today included cotton fabrics for aircraft and balloons, silk for parachutes, hacksaw blades and electric lamps.

Administration Heartens Ike

Letter to Roger Kyes
Expresses Satisfaction
With Accomplishments

AUGUSTA, Ga. (AP)—President Eisenhower says he is heartened by "the governmental accomplishments of the last 15 months"—since his administration took office.

The President made the statement in a letter made public late yesterday at his vacation headquarters here.

He wrote retiring Deputy Secretary of Defense Roger M. Kyes:

"I cannot but be heartened, especially as the passing of time places these accomplishments in proper perspective."

The President's letter was to express regret over the resignation of Kyes, who is leaving the Defense Department May 1 to return to General Motors. He is being succeeded by Robert Anderson, who was secretary of the Navy.

Kyes said April 6—when the White House announced his resignation—and repeated yesterday in a letter to the President that he had agreed to serve only one year and had consented to remain an additional 90 days.

Eisenhower told Kyes he was accepting his resignation with reluctance and expressed appreciation of "the great effort you have put into helping develop a sound preparedness program for the nation." The President added:

"Our efforts to preserve the peace and sustain maximum individual freedom and responsibility in the world have been enhanced by your service in the government."

Jesus Crucified Before Jeering Mob

Editor's Note: This is the fourth of six articles on the event of Christ's last seven days, told in the style of today's news.

By ORA SPAID

Pontiac Press Special Writer

JERUSALEM, Nisan 16 (Friday)

—Jesus of Nazareth died on the cross today, thus fulfilling his own prediction of betrayal and crucifixion.

Nailed by his hands and feet to a cross on Golgotha, a bleak, windy hill overlooking Jerusalem, he hung for three hours before death came, while a jeering mob shouted, "You say you have saved others, now save yourself."

He died calmly but with obvious agony. His last words, almost unheard by the mocking crowd, were, "It is finished."

Jesus' mother, Mary, wept unrestrainedly at the foot of the cross as her son died. Her sister, Mary of Cleophas, and Mary Magdalene, followers of Jesus, stood beside the grieving mother, attempting to comfort her.

Roman guards offered vinegar and hyssop, a form of mild anesthetic, to Jesus. He refused the offer.

After Jesus died, the guards cast lots for his cloak. But the centurion in charge of the execution squad commented openly after death came, "Surely, this man is the Son of God."

On the cross above the Nazarene's head hung a tablet with the words, "Jesus of Nazareth, King of the Jews," written in Hebrew, Latin and Greek by Pontius Pilate, the Roman occupation governor.

Jesus was executed along with two robbers. On Jesus' head when he died was a crown of thorns, put (Continued on Page 10, Col. 1)

McCarthy Quiz Starts in Secret

Subcommittee to Work
Out Procedure Details
in Army Row

WASHINGTON (AP)—Secret questioning of witnesses was ordered today in the row between Sen. McCarthy (R-Wis.) and top Army officials who have filed a new "bill of particulars" accusing the senator of improper pressure tactics.

An informed source said the Army's detailed statement of its case, handed to the Senate investigations subcommittee yesterday, was "stronger against McCarthy" than the original report which touched off the inquiry.

The subcommittee, working against time to get the public hearings started on schedule a week from today, declined to name witnesses called to a closed session today, or to disclose just where or when they would be questioned.

Sen. Mundt (R-SD), succeeding McCarthy temporarily as subcommittee chairman, told newsmen the group's special staff had orders to start "examining the witnesses and evidence" while the senators themselves grapple with problems of procedure.

Mundt said he will call an extraordinary Easter Sunday meeting of the subcommittee to explore that angle with McCarthy if the Wisconsin senator returns by then from his trip to Arizona and Texas.

The subcommittee and the Army refused to make public the seven-page typed statement of the Army's case, but an informed source said that it stuck tightly to the Army's original allegations that McCarthy and some staff aides used pressure tactics in efforts to win favored treatment for Pvt G. David Schine.

Oppenheimer Gave Testimony to Buy Immunity

Two Ex-AEC Chairmen
to Testify in Behalf of
Suspended Researcher

From AP and INS Dispatches

WASHINGTON — Top atomic scientist J. Robert Oppenheimer, under investigation as a security risk, reportedly has been accused of turning informer against a former A-bomb associate in 1949 in order to "buy immunity" for himself.

As the super-secret probe of the physicist continued, it was learned that a letter allegedly written to Oppenheimer by Dr. Edward U. Condon, ex-head of the Bureau of Standards, leveled the "informer" charge against the brilliant physicist.

Condon, once labeled "one of the weakest links" in atomic security, purportedly accused his erstwhile friend of trying to "buy immunity for yourself by turning informer" in a Congressional probe.

The charge referred to Oppenheimer's secret testimony before the House Un-American Activities Committee in 1948, when the scientist reportedly gave derogatory testimony about Dr. Bernard Peters.

Peters had been one of Oppenheimer's students in the atomic field and allegedly was identified by him as a wartime Communist.

Meanwhile, two former chairmen of the Atomic Energy Commission, which is conducting the Oppenheimer probe through a special three-man board, have been called to testify. They are Gordon Dean and David E. Lilienthal.

Lilienthal, who headed the commission from the time it was formed in 1946 until 1950, said in a statement issued in New York last night he will testify for Oppenheimer.

Dean who succeeded Lilienthal and served until last summer, said he has been asked to testify by Oppenheimer's attorney.

While he would not discuss what he would say, his acceptance of an invitation by the defense presumably means his testimony will be favorable to Oppenheimer.

Another prospective witness is Dr. Vannevar Bush, wartime head of the Office of Scientific Research and Development. An aide said Bush expects to testify.

The hearings for Oppenheimer, suspended from access to government secrets by order of President Eisenhower are going on in a secret room somewhere in Washington. The procedure is guided by strict rules formalized by the AEC in September 1950 in an effort to provide maximum protection for the right of individuals and for the government's interests.

The AEC has announced only that Oppenheimer was suspended, that a hearing is in progress and (Continued on Page 2, Col. 2)

Dulles Satisfied by Talk Results

Believes Conference in
Geneva Will Advance
Asian Freedom

SYRACUSE, N.Y. (AP)—Secretary of State Dulles returned to the United States today and said he was "well satisfied" with the results of his talks in London and Paris on Indochina.

He added that he believed the Geneva conference would advance the cause of freedom in Southeast Asia.

Dulles termed the Indochina War and the general situation in Asia a "disaster."

"This disaster would be compounded if Indochina were lost," he said.

Dulles read a statement to newsmen on his arrival at the Syracuse Airport from Paris en route to a hideaway retreat on Duck Lake in Lake Ontario.

He said a more serious case "can be prevented if the positions are united—that unity poses depends on full understanding."

Faulty Chimney Masonry Is Found in 6 of 11 Homes in Pembroke Area Check

From Our Birmingham Bureau
BIRMINGHAM—Faulty masonry work in chimney flues in the Pembroke Manor area may mean a large scale inspection for fire hazards there, City Building Inspector Thomas Brien said today.

Of 11 chimneys checked Monday, six were found to be faulty, Brien said. The six were on a list of 41 homes in the area the contractors said had chimney work done by a particular mason. The other five were not.

Home owners in the area have been cautioned not to use their fireplaces, Brien stated.

Contractors Harry Green and Harry Jacobs, of Berkeley built most of the 270 homes in the area during 1950, 1951 and 1952, according to Brien.

He said that the Michigan Securities and Exchange Commission has held up the issuance of 16 of the contractors requested 18 licenses, pending an investigation of the outcome of the Pembroke problem.

The situation was discovered when a fire last Nov. 11 at 2788 Pembroke was traced to a poor fire liner joint, which let flames ignite insulation.

"Your Voice Is You" will be the topic by Josephine Benson of Michigan Bell Telephone Co. at tonight's 6:30 dinner meeting of the Business Women's Club at the Community House.

At a hearing this week, city commissioners approved a two-year road oiling treatment for Sheffield Estates Subdivision.

Birmingham High School Hi-Y members will usher at tomorrow's union Good Friday Tre Ore services. Sponsored by Birmingham Council of Churches, the services will be from 1-3 p. m. at the First Baptist Church.

The theme, "The Seven Last Words of Christ" will be used by the Reverend Robert D. Dewey of the Congregational Church, Emil Kotsis of the First Baptist Church and W. Glen Harris of the First Presbyterian Church.

Christ Church will have its traditional three hour service from 12-3 p. m.

A community service from 1-3 p. m. at Embury Methodist Church will have the Rev. Harry Martin, associate minister of First Methodist Church, preaching the first hour on "People Around the Cross." During the second hour, the Rev. Emil Kotsis' sermon will be on "God's Signpost."

At Redeemer Lutheran Church, the 8 p. m. Good Friday meditation by Rev. Theodore Wuggazer, will be on the story of the Lord's suffering and death.

"I Crucified Christ" will be Rev. Harold C. DeWitt's sermon at 1 p. m. in Cedarbrook Chapel of Kirk in the Hills Presbyterian Church. The Rev. Harold Towns will give meditations on the Passion from noon to 3 p. m. at St. James Episcopal Church.

At 8 p. m. communion service and reception for new members will be held at the First Presbyterian Church, for all church members and friends. Tre Ore services.

Township Works on Sewer Measure

BLOOMFIELD TOWNSHIP—Supervisor David Anderson revealed today that the Township Board of Supervisors is working on an ordinance which will allow taxation to provide a means of sewage disposal other than septic tanks.

The proposed ordinance would let the township build its own sewage disposal plant, contract with Birmingham for service, or take part in a proposed \$2,500,000 interceptor sewer plan, which would carry the waste to Detroit for treatment.

Putting emphasis on the need for sewage treatment facilities is an impending development on the former Mercler farm, adjoining Birmingham. The Garling Construction Co. of Dearborn has filed a plat containing a 100-home development for approval with the township.

Oppenheimer Called 'Informer' by Ex-Pal

(Continued From Page One)

Expressions of confidence in Oppenheimer came yesterday from Dr. David Hill, chairman of the Federation of American Scientists, and from Dr. H. Meyerhoff, executive director of the Scientific Manpower Commission, a group set up by eight major scientific societies.

Oppenheimer's own release of an exchange of letters with the initials K. D. Nichols, general manager of the AEC, brought out the nature of the charges against him and his own reply, including various flat denials.

In short, the man who perhaps played the leading scientific role in development of the atomic bomb and who foresaw the H-bomb was accused of having associated with known Communists, of having belonged to various Red-front groups and having sought to delay the H-bomb.

Oppenheimer has strongly denied ever having party membership, but acknowledged some association with Communists years ago. He said he advised against all-out work on the H-bomb in 1949, along with other scientists, but did all he could to further it after former President Truman gave the go-ahead.

Oppenheimer has successfully undergone various security clearances in the past. But under 1953 rules laid down by the Eisenhower administration, all persons against whom there had been "substantial" derogatory information were ordered reinvestigated.

Union at Willys Votes Voluntary Pay Slash

(Continued From Page One)

The new contract rested with company officials. It was expected to be approved, although one drawback could be a bonus production fund proposed by Gosser.

The fund would come from money saved and would be channeled back to the workers in the form of a bonus. Gosser said the workers should be allowed to increase their overall earnings through the bonus plan, although the first result might not come about until next December.

Willys, owned by the Kaiser-Willys company, employs around 7,000 workers here. Their average weekly wage is \$30. The gross monthly payroll amounts to about \$3,500,000.

Gosser said the plan was worked out in a series of conferences between himself and Willys officials. He also said he conferred with other UAW locals throughout the country.

Edgar F. Kaiser, president of Kaiser-Willys, said the union's action was a "constructive step forward."

In Detroit United Auto Workers-CIO members showed mixed reactions to news of the proposed wage cut.

Rank-and-file union members appeared either unbelieving, indignant or scared. There was no immediate comment from UAW-CIO officials or competitors of Kaiser and Willys.

Man Holes Up Inside School at Bloomfield Hills

BLOOMFIELD HILLS—Claiming that he had been sent there "by the citizens of Bloomfield Hills to clean up the place," a 35-year-old Detroit was forcibly removed from the City and Country School building yesterday by police.

Police Chief I. C. Banks had to call for fire department ladders to reach the second floor window of the private school where James T. Crosby was ensconced in the caretaker's apartment.

Crosby alternately wielded a mop and did push-ups on the caretaker's bed while the chief tried to reason with him to come out.

Crosby had locked himself in the building, which is closed for Easter vacation, and had refused to admit police or school officials.

Banks finally talked him into unlocking the window. Then he scooted in and marched Crosby outside. Police believe he had been in the building since Friday night.

He will be arraigned today on a breaking and entering charge.

Jeering Mob Sees Jesus Executed

(Continued From Page One)

there by sarcastic Roman legionnaires.

A night of hurried trials and hearings followed his arrest at Gethsemane, where Judas Iscariot, one of his disciples, pointed him out to guards by a prearranged signal—a kiss.

Simon Peter, a follower of Jesus, fought with the guards and cut off the ear of one of them with a sword; but Jesus scolded his defender and put his hands out to be tied. He was taken for preliminary hearing to the nearby house of the former high priest, Annas, wealthy predecessor to Chief Priest Caiaphas. Annas is acknowledged as more powerful than the present high priest.

Annas questioned Jesus about his threats to destroy the temple and about the doctrine he had been teaching. Jesus answered:

"I spoke openly to the world . . . in secret I have said nothing . . . Why ask me? Ask those which have heard me what I have said to them."

A guard slapped Jesus then, and warned him not to be insolent with the high priest. Jesus told the guard:

"If I have spoken evil, testify against me, but if I have spoken well, why do you hit me?"

Annas sent the rabbi to Caiaph-

as, who had convened the Sanhedrin (religious council) for trial. Jewish law prohibits the Sanhedrin from holding night sessions, but Caiaphas ignored questions on the legality of the trial.

Jesus refused to answer Caiaphas when the high priest asked about blasphemy, but when asked, "Are you the son of God?" Jesus said:

"You say that I am. I say to you, after this you shall see the son of man sitting on the right hand of power, and coming in the clouds of heaven."

The answer was considered by the Jewish authorities to be tantamount to a confession of claiming to be a king, an offense interpreted as insurrection against the Roman Governor.

After conviction by the Sanhedrin, Jesus was sent to Pilate for sentencing. The death penalty cannot be given without permission of Roman authority.

But Pilate refused to pass judgment. He sent Jesus to Herod Antipas, Jewish Tetrarch of Galilee, Jesus's home province. Pilate is known to be reticent about interfering in the religious affairs of the Jews.

Herod also refused to rule against Jesus. He sent the Nazarene back to Pilate dressed in the regal robes of a king; a mockery of Jesus's claim to power.

An angry crowd which had followed the proceedings of the night

gathered outside Pilate's palace.

Spreading from a balcony, Pilate again refused to condemn Jesus. He ordered the rebellious rabbi flogged, and offered to release him, according to the Passover custom of amnesty. But the crowd demanded the freedom of Barabbas, who was being held for participation in an anti-Roman demonstration.

After threats to report Pilate's reticence to Roman Emperor Tiberius, and shouts of "Crucify him," Pilate publicly washed his hands of the affair, indicating permission for the crucifixion.

According to custom, Jesus carried the heavy horizontal bar of the cross on which he was to die from the palace to Golgotha, the Hill of the Skull.

At one point during the execution, Jesus prayed:

"Father, forgive them, for they know not what they do."

Detroit Helicopter Service Is Planned

DETROIT (INS)—The research director for Mohawk Airlines, Inc., said last night in Detroit that the Motor City is the type of metropolitan area that could profit greatly from helicopter service.

David E. Postle, whose company plans to replace 26 conventional planes with helicopters, revealed that his firm has filed a petition with the Civil Aeronautics Board for authority to expand its service westward to Detroit.

Broil Ham, Peaches for Easter Dinner

For the small family's Easter dinner, a ham slice may be the perfect choice. Broil the handsome slice with peach halves, like this: Choose a one-inch thick ham slice. Slash edges to prevent curling. Place on broiler rack with the surface of the meat 3 inches from heat and broil for 10 to 15 minutes, or until browned. Turn.

Place drained peach halves around meat; brush peaches with melted butter or margarine and sprinkle with brown sugar. Continue broiling for 10 to 15 minutes.

A fully cooked or ready-to-eat ham slice should be broiled 2 inches from the heat, about 5 minutes per side.

Or you can bake a thick ham slice with a tasty fruit sauce, like this:

Choose a two-inch thick ham slice and slash fat edges. Stick fat with whole cloves.

Place ham in a baking dish and

PINEAPPLE SUNDAY CAKE—This simple cake is made in a jiffy. The interesting cross-cutting of the top allows the luscious fruit topping to penetrate the cake just enough to permit delicious distribution of flavor. It's a new idea in cake topping, a welcome change from the regular frostings.

pour syrup from canned pineapple with brown sugar. Bake at 325 for over and around meat; sprinkle 1½ hours.

Frosting Dribbles Down in Slashed Cake Wedges

Refreshing as spring, this easy-to-make cake is topped with a luscious sugar-sweetened combination of crushed pineapple, lemon juice and grated orange rind. The unusual feature of this cake is the cross cutting at the top which allows the juicy topping to penetrate the cake just enough to permit the delicious distribution of fruity flavor.

Pineapple Sundae Cake
1½ cups sifted cake flour
¾ cup sugar
2 teaspoons double acting baking powder
¼ teaspoon salt
¼ vegetable shortening
¼ teaspoon grated lemon rind
¼ cup less 1 tablespoon canned pineapple juice
1 egg, beaten

Pineapple Topping
1 cup undrained crushed pineapple
1 tablespoon lemon juice
¼ teaspoon grated orange rind
¼ cup sugar
Sift first 4 ingredients into mixing bowl. . . . Drop in shortening. . . . Add lemon rind and pineapple juice and beat 150 strokes (1½ min.

on mixer at low speed) . . . Add egg and beat 150 strokes (same as before) . . . Bake in greased 8 inch round layer pan ½ inch deep in moderately hot oven at 375 for 25-35 minutes. Let cake cool in pan 10 minutes, then remove to wire rack, right side up.

With sharp knife, cut across center of cake to a depth of about ½ inch; make 3 more cuts across, dividing cake into 8 wedges. . . . Put pineapple, lemon juice, orange rind, and sugar in saucepan and bring to boil. Spoon hot mixture over cake and let cool. . . . Serve in wedges.

Citizens' Group to Aid Board

Rochester Starts Work on Deciding Just What Will Be Built

ROCHESTER—A representative group of Rochester Community School District citizens met Wednesday night to begin plans for the new high school.

Requested by the board of education to serve in an advisory capacity, the group named Henry Purdy as their chairman. Mrs. Leon Trumble will act as secretary.

The lay group was divided into departments to study and advise on areas of the high school education program including academic, arts, auxiliary services, library, industrial and physical education.

New Rochester Budget Higher

Request for 1954-55 Up \$19,234; Needs Council Adoption May 10

ROCHESTER—Showing a rise of \$19,234, the 1954-55 budget was presented to the Village Council this week by Manager Robert Slone.

The budget will come up for adoption at the May 10 meeting.

A breakdown of the budget shows \$135,726 in the general fund, \$54,400 in the highway fund and \$47,650 in the water and sewer fund.

Unanimous approval was given the low bid of the Tony Angelo Construction Co. of Hazel Park to pave Alice and Helen streets in the new Brentwood Heights subdivision.

Work is scheduled to begin on the \$16,145 project as soon as the ground is settled.

Council Hears Suggestion to Eliminate Manager Job

HOLLY — Proposals that ranged from annexing 9 1/2 square miles of township property to eliminating the office of village manager for economy reasons were discussed this week at a Village Council meeting.

Also considered was a suggestion by President Worth Hitchcock that a new village hall be constructed. A motion calling for higher traffic violation fines was passed and a village tax board of review report, which raised village assessment to \$2,885,220 — more than \$200,000 above last year — was accepted.

About 35 people crowded into the meeting. Their spokesmen asked that annexation of property in Rose and Holly Township be reconsidered, and under the eyes of the visitors, the council moved to recall the annexation petition from the Oakland County Board of Supervisors for reconsideration.

A highlight in the meeting came when Hitchcock suggested, as an economy move, that the village manager be eliminated and that Holly get rid of its radio operators and let Fenton handle radio traffic for both villages.

Hitchcock said that Anders Husted, village manager, is not giving proper supervision to outside construction work. As a result, he said, village projects are not being completed on time and workers are not working enough.

Husted claimed that it is impossible for him to supervise workmen and complete office work at the same time.

Husted said he'd like to spend more time in the field. He said the village "came out ahead last year" financially, which could be attributed to good management and advance planning.

Hitchcock countered that, "We've got to have a new sewage disposal plant here or the state is going to come in here and force us to do something." He suggested that saving money is one way of financing the sewage system.

Hitchcock suggested that Holly install a work supervisor and put a woman in charge of an office to replace the village manager. He named Pete Smith, a construction foreman, as a candidate for the field manager's post.

But the council took no action on the proposal. Councilman Court Hall commented, "In all fairness to the village manager, he can't be in two places at once, and his treasurer's job has increased over the past few years." The village manager also serves as treasurer.

The council took no action on Hitchcock's proposal to consolidate radio stations with Fenton, which it was claimed would cost "at the most \$100 a month" compared to wages of three operators and radio upkeep on the local station.

Hitchcock's proposal for a new city hall to be built near the base of the village water tower also was tabled. Cost of the project was estimated at \$85,000.

Police Chief Harold Jones was granted a raise in traffic violation

NEW ROCHESTER SCHOOL—St. Andrew Catholic Parish officials expect this modern, six-classroom school to be ready for occupancy by six grades next September. It eventually will house eight grades. The structure is of cinder block and face brick construction, and will cost \$135,143.

Construction Under Way

St. Andrew Parishioner Breaks Ground for School

ROCHESTER—A woman, in whose home the first Mass of St. Andrew Catholic parish was celebrated in 1912, turned the first sod at the site of the parish's new school Palm Sunday.

She is Mrs. Mary DeBeane. She was followed in turning the sod by Mr. and Mrs. Frank Nichols and Mr. and Mrs. Zach Boebert, who attended the original Mass 42 years ago.

Name Scholars at Holly Schools

Alice Brown, Kenneth Burgess Win Highest Honors in Class

HOLLY—The names of the winners of the two highest scholastic awards in the Holly school system were announced today by Raymond Barber, high school principal.

Alice Brown, daughter of Mr. and

Mrs. A. Clare Brown of 307 North St. has been named valedictorian. Selected for the salutatorian post was Kenneth Burgess, son of Mr. and Mrs. Albert Burgess of 208 Jones St.

Alice's majors are English, history and science, while Ken's are mathematics and science.

After graduation in June, Alice plans to attend Moody Bible Institute in Chicago and then a nursing school there.

Ken is eyeing a career in aeronautical engineering and hopes to attend the University of Michigan in the fall. Both students have applied for scholarships.

Church to Celebrate Tre Ore Services

DRAYTON PLAINS—The traditional Tre Ore service will be celebrated at St. Andrew Episcopal Church Friday with seven 20-minute meditations and services based on the "Events on Calvary."

From 3 to 5 p.m. Holy Saturday, the vicar will be at the church on half-hour schedules for private baptisms or personal consultations. The Rev. Waldo Hunt has announced.

Easter Sunday, a combined baptismal service for infants, children, and adults will be held at 4 p.m.

Woman's Club Plans Art Show

Second Annual Exhibit in Avon Park Pavilion, Set for April 23

ROCHESTER—The Rochester Woman's Club second annual art show will be staged Thursday, April 23. Artists from the entire county will participate. The doors will open at 1:30 p.m. and the show will continue through the evening. Mrs. R. Dana Freer will serve as chairman.

The show will be presented in the Avon Park Pavilion in Rochester. Mrs. Freer said that entrants must have their art work registered with her by Tuesday.

A special handcrafted jewelry display will be held in conjunction with the art show. People who work with oil, pastels, water colors and all other types of art are invited to display their work. Booths also will be allocated for ceramic and metal crafts.

Serving with Mrs. Freer on the Woman's Club committee are Mrs. Robert Woodruff and Mrs. Gerhardt Jolitz.

Mathews Defense May Close Today

LAPEER—The defense expects to wind up its case today with eight or nine more witnesses in the justice obstruction trial of W. Lee Mathews, 60-year-old Brown City farmer.

Among the 11 defense witnesses taking the stand yesterday were Chris Ziegenhardt, 75, Irwin C. Russell, 57, and Floyd Schriber, 60.

Ziegenhardt, who was evicted from his farm a week ago, with his brother, Paul, 73, appeared on the stand briefly. He gave his address as his former farm.

Mathews trial is the third of 10 resulting from interference with the unsuccessful 1952 eviction of the late Mrs. Elizabeth Stevens from her Clifford farm home.

Russell and Schriber were both convicted on similar charges. Russell is serving an 18-month prison term and Schriber is appealing to the State Supreme Court.

DeMarco and Carter Meet in Title Bout

SAN FRANCISCO (P)—Boxing Promoter Benny Ford said Wednesday he has signed Paddy DeMarco of New York, lightweight

boxing champion, and Jimmy Carter, New York, for a 15-round bout here June 2 for the lightweight championship of the world. Ford said he made a guarantee to De Marco but he declined to reveal the terms. Fighters will reach San Francisco 10 days before the fight to

he held in San Francisco's vast Cow Palace. Fight will be televised nationally. Ford said, but northern California will be blacked out. Game officials estimate that hunters bag 350,000 ducks and 14,000 geese in Utah annually.

Waterford Elementary Softball League Planned

Representatives of the Waterford Township elementary schools met with Superintendent of Recreation Thomas Belton this week to complete plans for this spring's

elementary school football league. Play will begin April 21 and will continue for six weeks. Each school will field a boys' team from grades 4, 5 and 6, and play one game per week. Trophies and medals will be awarded at the conclusion of league play.

Don Loses His 'Shadow'

By JOE REICHLER Associated Press Sports Writer Don Newcombe finally has rid himself of the shadow that hung over him for two and a half years. The big Brooklyn pitcher may

have won the most important game of his career last night when he hurled the Dodgers to a 6-4 victory over the New York Giants at the Polo Grounds. Although he wouldn't admit it, the triumph must have been in

the nature of sweet revenge. It was in this same ball park on Oct. 3, 1931 that Newcombe suffered through the saddest moments of his life.

That was the fateful day when the Giants' Bobby Thomson hammered that heard-round-the-world homer in the ninth inning of the final playoff game to snatch an almost certain pennant away from Brooklyn. The homer was hit off Ralph Branca but it came after the Giants had batted Newcombe out of the box with three ringing hits.

The Giant-Dodger scrap was the only night affair in yesterday's five game schedule. Homers by Gil Hodges and Junior Gilliam decided that one. In the afternoon, Philadelphia, behind the four-hit pitching of southpaw Curt Simmons, beat the Pittsburgh Pirates 6-0.

Bob Lemon threw a three-hitter at Chicago as the Cleveland Indians whipped the White Sox 4-3 to sweep the two-game series. The right-hander permitted only one hit after the first inning. Wally Westlake poled his second homer in two days and his Cleveland teammate, Billy Glynn, socked four singles. Rookie Lethander Jack Harshman, first of four Chicago pitchers, was charged with the defeat.

A pair of ninth inning errors by Washington second baseman Wayne Terwilliger presented the New York Yankees with the winning run as the world champions nipped the Nats 2-1 behind Eddie Lopat. It marked the 12th straight triumph for the veteran southpaw over the Senators.

Baltimore opens its home season today with sellout crowd of some 50,000 assured. Chicago fans will oppose the opposition. Another sellout crowd of about 40,000 will attend the home opener in Milwaukee. The Braves play host to the St. Louis Cardinals.

This is the day of the "second openers." There'll be ceremonies at both Yankee Stadium and Ebbets Field. Philadelphia provides the opposition for the Yankees and Pittsburgh is the guest of the Dodgers. Detroit is at Cleveland, Washington at Boston, Cincinnati at Chicago and the Giants at Philadelphia. All are day games.
