New Postal Building Promised to Serve City

Was Game's 'Grand Old Man'

Connie Mack Represented Best in National Sport

PHILADELPHIA (AP)—Connie Mack, who raised baseball to a new dignity and became a symbol of the national pastime, died yesterday at 93.

This ended the career of the tall, lank, gently humorous man who for millions of fans the world over represented the best in the game during his 50 years as manager of the Philadelphia Athletics.

He died in midafternoon at the home of a daughter, Mrs. Frank Cunningham, in the Germantown section of Philadelphia. At his bedside too were Mrs. Mack, three other daughters and one of his three sons.

The health of baseball's "Grand Old Gentleman" had declined steadily since he fell out of bed last Oct. 1 and suffered a hip fracture. Surgery seemed to help, but he never walked again.

(See stories on page 49.)

* * *

He wasn't confined inndoors. He was taken for a drive every day in good weather. But his son Roy and others in the family had to carry him to and from the car.

The family physician, Dr. Illarion Gopadze, said Mack had been "doing very nicely" until yesterday morning.

AGE OVERCOMES HEART

"Then he went bad," the doctor said. "He just seemed to be going out of the picture. His heart just couldn't stand up at his age."

Tomorrow evening the public will be admitted to a funeral home in downtown Philadelphia to view the body. Solemn Requiem Mass will be sung Saturday morning in St. Bridget's Roman Catholic Church in the city's East Falls section, with burial in Holy Sepulchre Cemetery here.

* * *

Baseball Commissioner Ford Frick, American League President Will Harridge, National League President Warren Giles, the owners of all the major league clubs, and George Trautman, president of the minor leagues, will be honorary pallbearers.

Born Cornelius McGillicuddy in East Brookfield, Mass., Dec. 23, 1862, Connie later shortened his name to Connie Mack so it might fit a baseball box score. That was in 1884.

In 50 years as manager and part owner, Mack led the Philadelphia Athletics to nine American League championships and five World Series victories. In the exciting, exulting years he built up dream teams, then tore them apart and started all over again, because high salaries paid to star players threatened financial chaos.

Mack's managerial days ended in 1950 when he handed over the running of his beloved Athletics to his sons. And somewhat more than a year ago he most reluctantly signed the papers which delivered the A's to Kansas City. He wept at the loss.

Will Quiz Neff on Other Funds

Senators Wondering if Offers Were Made to Any Besides Case

WASHINGTON (INS) — Senate "influence" investigators said today they would try to find out whether campaign funds were offered other lawmakers besides Sen. Francis Case (R-SD) during the gas bill fight.

* * *

Chairman Walter F. George (D-Ga) said his special four-man investigating committee would put the question directly to Nebraska lawyer John M. Neff Friday when the "influence" probe gets under way.

George said the bipartisan group would ask Neff who furnished the $2,500 the lawyer offered Case toward his re-election campaign after learning the senator was inclined to favor the gas measure. The Senate passed the legislation but Case voted against it.

Meanwhile, Sen. Thomas C. Hennings (D-Mo) abandoned his effort to run a rival investigation of the Case affair by his Senate elections subcommittee.

* * *

Hennings said he and Sen. Albert Gore of Tennessee, the other subcommittee Democrat, decided they did not want "to engage in an unseemly tug of war" with the George group which had been created by a unanimous Senate vote earlier this week.

Circuit Court Date Set for John Curry

Charged with first-degree murder, John A. Curry, 27, was bound over to Circuit Court yesterday after a three-hour examination before Pontiac Municipal Judge Maurice E. Finnegan.

Curry was remanded to Oakland County Jail where he will be held without bond pending Circuit Court arraignment Tuesday.

Prosecutor Frederick C. Ziem presented the case against Curry, who is charged with beating to death Frank L. Beheydt, 57, in the ex-bookkeeper's downtown hotel room Jan. 18.

Four prosecution witnesses took the stand, including Curry's hotel roommate, who testified he saw Curry beat the victim shortly before the body was discovered.

Light Snow for Pontiac, but Texas Buried Under

This morning's wet snow held mostly "nuisance value" for area drivers as Pontiac Police and Sheriff's Deputies reported only six traffic accidents, with one person slightly injured.

Main county roads were "slushy" but serviceable by noon, the Road Commission reported. Motorists were warned to watch for slippery spots on side roads.

On the national scene, the second snowstorm in a week struck the Texas Panhandle and snow and cold extended over wide areas of the Southwest today.

In the Plainview, Tex. area, trains and buses were stalled as the new blizzard dumped more snow yesterday, adding to the misery of last week's record-breaking snowfall.

National Guard trucks still patrol streets and highways. A freight train stuck in a snow bank two miles east of Dimmitt and was covered by blowing snow. A rescue train sent from Plainview also bogged down two miles from the city. A third train was expected to make a rescue attempt today.

A storm center extending from the Gulf northward through the lower Mississippi Valley brought rain to wide areas including Alabama and Mississippi.

Snow and rain fell in sections of the middle Mississippi and Ohio valleys.

Fair weather prevailed in areas from the Northern Plains westward, except for some drizzle in the Northwest. It was fair to partly a warming trend.

The local forecast is for partly cloudy in the Atlantic Coast, with cloudy tonight and Friday. A little colder tonight with a low 20-26 and a 34-38 high Friday.

An inch of snow fell in the Pontiac area yesterday. The lowest temperature in downtown Pontiac preceding 8 a. m. today was 31. The mercury hit 33 at 2 p.m.

Utilities companies reported no service breakdowns and Pontiac school buses ran on schedules this morning.

Officials Confer on Pontiac's Postal Needs

SUCCESSFUL MEETING—Shown in Postmaster General Arthur E. Summerfield's office yesterday in Washington are (l-r) U. S. Rep. George A. Dondero (R-Royal Oak), Pontiac Acting Postmaster Leslie H. Dean, Summerfield and Pontiac Press Staff Writer Burdett C. Stoddard. After hearing Dean describe inadequacies in Pontiac's present facilities, Summerfield said a new building will be constructed in the near future.

'All Hands Well and Safe'

Navy Reports Fliers' Rescue

The Navy reported today that the rescue of seven downed Antarctic airmen has been completed, and that "all hands are safe and well."

Included in the crew is Aviation Machinist Mate 2.C. John Floyd Jr., of Southfield Township. The plane had been missing since Friday, and rescue operations had been hampered by bad weather.

"We haven't received official word from the Navy yet," Mrs. John Floyd, 23126 Almira St., said, "but all our prayers seem to have been answered."

Sleepless nights ended for her husband, son Douglas, 11, and four daughters, Mrs. Gerald Horn, 23, of Farmington Township, Mrs. Clark Fluegel, 20, of Southfield Township, and Patricia, 19, and Pauline, 14, both at home.

Rear Adm. George J. Dufek, commander of the Navy's task force for the expedition, announced that one of numerous search planes covering the snowy wastelands had spotted the single-engine craft on King Edward Peninsula, east of the Rockefeller Mountains.

The site is approximately 100 miles from the main base of Operation Deepfreeze, Little America V.

The search plane was unable to land at the site, and headed back to the base after reporting its findings. Dufek immediately ordered two helicopters to the scene.

Helicopter rescue operations are nothing new to the Oakland County navyman, a veteran with nine years to his credit. He was cited for heroism during a helicopter rescue while on duty near Korea.

He served six months aboard the U.S.S. Missouri, with helicopter rescue squadron HU 2, and participated in numerous sorties to retrieve injured personnel during the conflict.

The plane disappeared while flying from Marie Byrd Land to Little America, with members of a trail-blazing party whose vehicles had broken down.

Aboard the plane were Lt. Cmdr. Glen H. Lathrop, of Costa Mesa, Calif.; Lt. Paul A. Streich, of California, Md.; Chief Surveyor George Moss, North Providence, R.I.; Construction Driver 1.C. Roland Levesque, Beverly, Mass.; Construction Driver 1.C. Alvah G. Edwards, Lakebay, Wash.; Photographer 2.C. Chester M. Stevens Jr., Salona, Pa., and Floyd.

Meanwhile, a helicopter prepared to head back into the jungles of Venezuela today to complete the rescue of airmen whose plane went down en route to the Antarctic rescue mission.

All eight men aboard the P2V Neptune patrol bomber were reported unhurt. A helicopter brought three out yesterday to Port of Spain, Trinidad.

5 Die, 4 Injured in Home Blaze

Children Suffocate as Kalamazoo Fire Razes Nine-Room House

KALAMAZOO (AP) — Five children huddled together on a living room divan suffocated yesterday when a flash fire raced through a two-story frame home here.

Four other persons were injured, one critically.

The dead children were Vicky Dungey, 6; Sherry Dungey, 4; Eugene Dungey, 2; Naomi Trice, 4, and Harold Trice, 3.

Harry Beadle, 80, a boarder at the house, was burned critically. He and Diane Dungey, 5, burned seriously, were rescued through a window.

Gilbert Peake, 70, owner of the house, was slightly hurt and his daughter, Ernestine Connor, 33, injured a leg in jumping from a second floor window.

Peake said the Trice and Dungey children stayed at the house during the day under a babysitting arrangement with their parents, Mr. and Mrs. Herman Trice and Mrs. Richard Dungey. The parents were at work when the fire broke out.

The cause of the fire was not immediately determined.

200 Stricken by Ptomaine Crowd Manistee Hospital

MANISTEE (AP)—Two hundred school children, ill with ptomaine poisoning, streamed into Manistee last night in school buses and private cars, swamping this Lake Michigan town's only hospital.

All but 25 were released after treatment, and hospital attendants said those admitted were not seriously ill.

The children, ranging in age from 5 to 18, are pupils at the Norman-Dickson School in the village of Brethren, 23 miles northeast of here.

They and three of their teachers were stricken with food poisoning after eating lunch at the school cafeteria yesterday. School authorities said a batch of potato salad appeared to be the source of the poisoning, but samples of every food on the cafeteria menu were to be sent to the state laboratory in Lansing for tests.

Manistee Hospital was a scene of confusion as buses and car after car rolled up and unloaded cargoes of sick children.

The only two doctors on duty placed the most seriously ill in the 40 empty beds; the rest lay down in corridors and on every available chair or sofa.

There is no doctor in Brethren, which has a population of less than 200. Many of the Norman-Dickon pupils live in outlying areas.

The auto-bus caravan was organized after one family after another reported their children had been stricken with food poisoning.

Notes Concentration in U.S. Auto Industry

NEW YORK (AP)—Asst. U. S. Atty. Gen. Stanley N. Barnes says "Undue concentration" in the automobile industry may lead to anti-trust action against the country's major car manufacturers.

Barnes, in charge of the Justice Department's, Antitrust Division, yesterday told the National Wholesale Drygoods Assn.:

"There is an undue concentration . . . which is becoming more and more sharply recognizable each day in the automobile business and which, if it continues, will require action of some kind to solve."

Barnes cited figures of the auto industry's Big Three—General Motors, Ford and Chrysler.

In 1949, he said, the trio held 85 per cent of the market with the remaining percentage being shared by six smaller firms. By 1954, he added, the big three had 95½ per cent of the market.

Warren Airport Fight Has 'No Strong Basis'

DETROIT (AP) — Arthur J. Miller, Warren Township supervisor, said today he had been advised by Township Attorney Edward J. Gallagher that there is no "strong basis" for a proposed Supreme Court appeal of Detroit's victory last week in the northeast airport case.

A Macomb County Circuit Court jury last week rejected a township attempt to have a 74-acre airport which Detroit owns condemned for use as a park.

Miller said a final decision on whether to attempt an appeal would be reached by township board of trustees in the next few days.

Detroit is planning condemnation action on property adjoining the township airport so that it can be expanded into a two-square-mile air terminal.

Site to Be Announced Within Next 90 Days

Structure to Service Trucks and Heavy Mail; Continue Present Central Unit

(The Pontiac Press Wednesday flew Leslie H. Dean, acting Pontiac Postmaster, and Press staff writer Burdett C. Stoddard, to Washington for a conference with Postmaster General Arthur E. Summerfield and Congressman George A. Dondero, regarding Pontiac's need for increased postal facilities. Result of the conference is told in the following story from Washington by Stoddard.)

By BURDETT C. STODDARD
Staff Writer, Pontiac Press

WASHINGTON—Pontiac was promised a new post office building yesterday by Postmaster General Arthur E. Summerfield who said the site will probably be announced within 60 to 90 days.

Stating "there is no question of your need," Summerfield told U. S. Rep. George A. Dondero, Royal Oak, Pontiac Acting Postmaster Leslie H. Dean and The Pontiac Press that a building location survey is now under way in Pontiac.

Deputy Assistant Postmaster General Rollin D. Barnard explained a plan which will see parcel post and vehicle-handling functions transferred from the city's present downtown site to an outlying warehouse-type building.

Summerfield also explained why the Post Office Dept. has been operating in the red and announced a postal-rate-increase plan for obtaining more revenue which was backed by President Eisenhower during a press conference later in the day.

"Pontiac definitely will get a new post office building," said Summerfield. "A field study to determine exact present and future needs is going on now. Then we'll work with Mr. Dean to get the proper location and design the building."

Competitive bids will be taken and a private investor selected to finance the structure. Upon completion it will be leased by the government.

"We expect no trouble in lining up the necessary private capital," Summerfield stated, "because Uncle Sam is just about the most reliable tenant in the world.

NO QUESTION OF NEED

"There is no question as to Pontiac's need and we intend to do everything possible to expedite the project. You can rest assured Pontiac will get special attention."

The post office officials agreed with Dean that Pontiac's biggest need is for a mail-handling building providing adequate space to

(Continued on Page 2, Col. 2)

2 Die, 3 Missing in Air Tragedies

Explosion, Crashes in Atlantic, Pacific Spell Havoc for Airmen

By THE ASSOCIATED PRESS

Four American planes found themselves in trouble today over widely separated areas of land and sea. Two men are dead and three are missing. Two Navy airmen were rescued from the cold Pacific after bailing out of their Skyraider.

In Halifax, N. S., the U.S. Air Force kept up a search today for one of its patrol bombers, reported down in the Atlantic with three men aboard.

The plane, a B26, was en route from Keflavik, Iceland, to Goose Bay, Labrador. Yesterday afternoon it reported icing conditions. Another bomber reached Goose Bay safely.

CHEYENNE EXPLOSION

Out in Cheyenne, Wyo., a C47 transport from Norton Air Force Base in California exploded while taking off today and killed one of the nine men aboard.

Authorities at Warren Air Force Base here said the other eight escaped with minor injuries but were hospitalized for observation. Names were withheld pending notification of kin.

The twin engine plane was en route from Norton base at San Bernardino, Calif., to Chicago and had landed to refuel.

The cause of the blast had not been determined.

EMERGENCY LANDING

A Trans World Airlines Super G Constellation with 59 passengers and a crew of six aboard flew 100 miles yesterday on just two of its four engines to make an emergency landing at Philadelphia International Airport.

The pilot, Capt. C. T. Morris, 32, of Kansas City, said the two engines, one on each side, failed within 18 seconds of each other while he was flying at 18,000 feet above Harrisburg, Pa.

Cause of the engine failure was

Pontiac Airport to Get $91,500 Federal Grant

Pontiac will receive a federal grant of $91,500 for expansion of the Pontiac Municipal Airport, the Press learned from Congressman George A. Dondero in Washington this morning.

Congressman Dondero said his information, from an authoritative source, indicated that the federal assistance was in recognition of Pontiac's growing importance as an industrial center.

The allocation, on which an official confirmation is expected from Washington within 24 hours, specifies money for the following airport projects:

1.—For acquisition of additional land, $13,500;

2.—For the extension of the east-west runway (4,000 by 50 feet) $50,000.

3.—For work on the center apron and taxi strip, $28,000.

Federal aid for the local airport has been sought for some time and combined work of local officials and Congressman Dondero has resulted in recognition of the need by federal authorities.

Homer Hoskins, airport manager, said this afternoon the funds will permit completion of the extensive program planned for this year. City Manager W. K. Willman said the city was prepared to match a portion of the funds although he was not prepared to say immediately how much.

A federal grant of $30,000 to start the improvement work on the local field was announced last summer.

Clearing and grading of the new runway area was started during the summer, financed through an earlier federal grant and matching city and state funds.

This runway is graded and now ready for surfacing. The present parallel strip (1,800 feet) will be used as a taxi strip to serve the new 4,000 foot runway when it goes into use.

Because of the growing importance of air travel in the business and industrial life of the nation, airport facilities have become a three-way responsibility with local, state and federal funds being used on major projects.

Many industrial planes which would use Pontiac's airport have not flown in and out of this city because the facilities were inadequate for safe operation.

Extension of runways and general increase in facilities is expected to make the airport available for many more firms and individuals who use their own planes in daily business affairs.

While Congressman Dondero today did not inform The Press as to the source of his information, federal funds for airports are allocated through the Civil Aeronautics Administration, a division of the Department of Commerce.

Hoskins pointed out last year that increased use of the airport which would follow more adequate facilities, will increase airport income, eventually making the city-owned port self-supporting.

A yearly deficit of some $12,000 has been absorbed by the general fund in past years when operating costs have exceeded income.

A steady growth in use of the airport by small planes and firms operating air services on a limited scale has been experienced. Now use of the field by larger planes and large operators is in prospect.

Will Alabama Readmit Coed?

Showdown Due Today; Strained Calm Pervades Campus Waiting Ruling

TUSCALOOSA, Ala. (INS) — A Negro coed's insistence on returning to classes at the University of Alabama despite threats on her life reaches a showdown today.

* * *

A strained calm ruled the Tuscaloosa campus while townspeople and students tensely awaited expiration of an ultimatum given the university by counsel for Autherine Lucy, 26-year-old Negro coed.

(Read Miss Lucy's own story on page 30.)

Miss Lucy was barred from the campus by university trustees Monday "until further notice" following three days of student demonstrations, including full blown rioting.

Arthur Shores, Miss Lucy's attorney, demanded Tuesday she be reinstated "within 48 hours." He said that otherwise he would take further action to get compliance with the Federal Court order directing that Miss Lucy be enrolled as a student.

Members of the board of trustees reportedly met in secret last night in Birmingham. It could not be learned what decision, if any, was arrived at but it is believed the board is seeking to find a way to return Miss Lucy to the campus.

Miss Lucy said she has received two anonymous telephone calls, both saying in effect, "You'd better get out of there because we are coming to get you."

Miss Lucy was offered free study at the University of Copenhagen last night.

* * *

The Danish League of Tolerance, a society of Danish scientists, scholars and artists, in a letter told the president of Alabama University Miss Lucy would be granted financial support "to bring her studies to an end among Danish students."

Says Prophet's Cars Seized for $856 Bill

DETROIT (INS) — The Detroit Times said today the three cars of spiritual leader Prophet Jones were seized for failure to pay an overdue grocery bill.

The Times said the prophet's grocer, Fred Ayoub, had a collection agency pick up Jones' Lincoln, Cadillac, and Buick yesterday because the prophet hadn't paid an $856 bill, a lot of it for salt.

The paper quoted Ayoub as saying the prophet has been buying the salt, in little individual shakers of the type used on picnics, at the rate of "about six cases a week."

Ayoub said the prophet has been blessing the shakers and selling them to members of his congregation at a rumored price of $2 to $5 each.

The collection agency bailiffs had little trouble getting the cars but the prophet sent word to them by his chauffeur that "everybody who has anything to do with attaching these cars will take sick and die."

New State Policemen Graduate From School

EAST LANSING (AP)—Thirty-eight new State Policemen graduated yesterday from the headquarters training school.

The class contained the last of 50 new troopers authorized last spring by the Legislature and also filled 26 vacancies.

Joseph A. Childs, State Police commissioner, said a new school will start in February to train the first 100 of the 200 new troopers authorized at a special session of the Legislature last fall.

A school for the second 100 will start shortly afterward, Childs said.

The Weather

PONTIAC AND VICINITY—Light snow ending and becoming cloudy and a little colder this afternoon with a high 34-38. Partly cloudy tonight and tomorrow. Low tonight 26-30, high tomorrow near 38. East to northeast winds 5-10 m.p.h. backing north to northwest this afternoon and tonight.

In Career of Connie Mack

Milestones . . . 1862 - 1956

PHILADELPHIA (AP)—Milestones in the career of Connie Mack:

Born in East Brookfield, Mass., Dec. 23, 1862.

Broke into major league baseball with Washington in 1886 as a catcher.

Caught for Pittsburgh and managed the Pirates three years, starting in 1894.

Managed Milwaukee in Western League which became the American Assn., in 1900.

Came to Philadelphia in 1901 as part owner to manage the American League's new team, the Athletics, symbolized by a white elephant.

Won nine American League championships in 1902, 1905, 1910, 1911, 1913, 1914, 1929, 1930 and 1931. Won five World Series, in 1910, 1911, 1913, 1929 and 1930.

Given Philadelphia Award in 1930 for "distinguished service to the city."

Named to Hall of Fame in 1937 for service to baseball apart from playing the game.

Retired as A's manager in 1950 after a half century.

Sold club stock to Arnold Johnson of Chicago, Nov. 4, 1954, for transfer to Kansas City.

New Postal Building Is Promised Pontiac

(Continued From Page One)

process parcel post and allowing mail-carrying vehicles to move in and out with ease.

They see the structure located on comparatively low-cost land outside the main business district, but near a trunk line. "It will not be a monument but a building designed for service," said Barnard, "although still attractive in appearance."

KEEP PRESENT UNIT

The present government-owned building, in the block bounded by Huron, Perry, Mt. Clemens and Mill Streets, will be retained to serve mailing, stamp and money order needs.

* * *

Its functions and space requirements will be reduced, however, relieving traffic congestion in the area and allowing those federal agencies which have been forced to rent space in other downtown buildings to move back to the federal building.

Dondero, who had previously contacted Summerfield about the project, said he will continue to keep "a close watch to see it is put through as fast as possible.

"The present facilities are serving four times the number of people they were designed to and the condition must be relieved," the lawmaker added.

Although the Post Office Department's annual deficit has been cut down during the past three years by President Eisenhower's administration, "the yearly deficit still runs up to almost $500,000,000," said Summerfield.

SEEKS MORE REVENUE

He proposed rate increases which would bring in $406,500,000 more each year and allow the department to launch a 5-year, building-modernization program.

Present 3-cent (first class) and air-mail stamps would be raised 1-cent in price, under the plan. The first-class mail boost would "cost the average family only about 10 to 12 cents per month, but would bring in $295,000,000 each year in new revenue," Summerfield explained.

* * *

Second-class mailing costs—covering mainly newspapers and magazines—would be hiked 30 per cent over the next two years and third-class rates about 30 per cent.

The department's building program envisions spending $780,000,000 over the next five years. Some $230,000, of this would be spent by private investors in construction 3,500 new buildings on the same basis Pontiac's will be financed.

(The Pontiac project is expected to go through whether or not Congress approves the rate increases.)

Another $550,000,000 would be spent by the government in modernizing 2,500 existing federal buildings plus installing time-saving equipment, new lighting and heating.

(Pontiac's present structure would be renovated as part of this program.)

"These are essential steps to give our people efficient postal service, performed in modern buildings by fairly compensated employes using the late work-saving equipment.

* * *

"Once these steps are taken, this department . . . can satisfactorily meet the ever-expanding postal needs of our people."

IKE BACKS NEW RATES

Later in the day, President Eisenhower made a plea for Congressional action conforming with Summerfield's requests.

He told a news conference that national selfrespect demands increasing the rates to wipe out the Post Office Department's deficit.

Asked if he had any reason to hope Congress would be kinder to his recommendations this year than last when similar proposals were not enacted, Eisenhower said he always hopes good sense will prevail.

He added he has talked to many people over the country and found none opposed to the idea the mail service should pay its own way.

Woodpeckers twice completely pierced a telegraph pole in Berkeley, England, in which 34 woodpecker holes were counted.

Union Requests More Parking

Civic Employes Local Approves City Proposal for $600,000 Project

Local 100, Government and Civic Employes Organizing Committee, AFL-CIO, today joined forces with other union organizations in supporting the adoption of a city ordinance to increase municipally owned parking lots in Pontiac.

The adopted resolution said: "Our members and families visit the downtown area to pay bills, shop and bank, which usually takes from one to three hours, and their parking cost should be from five cents to 15 cents and instead they must pay from 25 to 50 cents to park for the same period of time in privately owned lots."

Local 100 is composed of 454 members who have resolved that the $600,000 bond issue as proposed by the City Commission will be tax free and not a burden on its members.

Pontiac Deaths

John H. Garrett

John H. Garrett, 82, of 198 N. Cass Ave. died yesterday morning in Veteran's Hospital, Saginaw County. He had been ill three months.

Born in Raleigh, Ill., Sept. 6, 1873, he was the son of Joseph and Frances Pemberton Garrett. His wife was the former Mattie McNeece.

A member of the First Baptist Church, he came to Pontiac from Illinois 37 years ago. He was a veteran of the Spanish American War, past treasurer of the David L. Kimball Camp, Spanish American War Veterans and a member of Knights of Malta.

Mr. Garrett was formerly employed by Pontiac Motor Division in the plant protection department.

He leaves five sons, Ira E., Harry J., and Wayne M. Garrett of Pontiac, the Rev. Rau G. Garrett of Flint and Cecil C. Garrett of Hillman; two daughters, Mrs. Kathaleen Widger of Clifford and E. Joyce Garrett of Whitesville, W. V., nine grandchildren and four great-grandchildren.

Mr. Garrett will be at the Pursley Funeral Home until noon Saturday when he will be taken to the First Baptist Church for service at 2 p.m. The Rev. William E. Hakes will officiate. The David Kimball Camp Spanish American War Veterans will conduct a graveside service at White Chapel Memorial Cemetery.

C. of C. Annexation Group Hears UM Planning Expert

An urban planning specialist from the University of Michigan last night outlined the many steps in the annexation of core cities with fringe areas before a meeting of the Pontiac Chamber of Commerce Annexation Advisory Committee.

Dr. Basil G. Zimmer, resident director of the social science research project at the University, told the group of the operation of a Flint study committee set up to investigate annexation possibilities for the city and surrounding territories.

The 11-man Pontiac advisory committee was established to study similar proposed action between Pontiac and Waterford Township.

The doctor has been associated with the Flint group as a consultant for the last three years.

"There is no pat answer to these annexation problems," the speaker said. "The answer has to be found locally with the ultimate answer having the approval of the people."

LONG-RANGE PROBLEM

Warning the group that this problem was a long-range one and could not be accomplished overnight, he listed six major steps on how core city-fringe area problems could be approached.

These were: Annexation, incorporation as a separate city, set up charter townships, strengthen county form of government, sale of services of core city to fringe areas, and setting up a metropolitan district.

"There are any number of people who say annexation is the best answer," Zimmer said, "and I would have to agree, because here you get a single population, a population of common needs and have common problems administered by a common unit of government."

PAT STOGLIN

Candidates File Petitions for Coming City Primary

Frank O'Brien, of 30 N. Telegraph Rd. (District 2) and Pat Stoglin, 700 Joslyn Ave., (District 5) yesterday filed nominating petitions for positions on the City Commission.

O'Brien, 53, was born in Pierre, S. D. and came to Pontiac in 1925. He is married and the father of two daughters.

He presently owns a barber shop in the city, a business he has been in for 32 years in Pontiac. He is a member and past vice president of the State Barbers Assn., a member of Webster School PTA, and St. Benedict Church.

Born in Sparta, Tenn. in 1907, Stoglin came to Pontiac in 1926. He and his wife have two children, Malcolm E. and James L.

Stoglin is member of the Oakland County Sportsman's Club, past president of the Oakland County Sportsman's Beagle Club, Detroit Beagle Club, and the Detroit Sportsman's Congress.

The candidate was defeated in 1950 for the same seat by 12 votes. He is employed as a salesman for the Jerome Motor Sales Co. and attends First Church of the Nazarene.

He is a Master Mason and a member of Roosevelt Lodge 510 and attended Pleasant Hill Academy and the Alpine Bible Institute in Tennessee.

Car Now Purrs Along the Road —Minus the Cat

OKLAHOMA CITY (AP) — Cecil Qualls' car had been making strange noises under the hood, so yesterday he took it to a garage and left with instruction to "tune it up." Later a mechanic telephoned and asked, "Do you own a cat?"

"Never," replied Qualls, "what's the matter?

"Nothing," said the mechanic, "except your car would run better without cats under the hood." He went on to explain that a big cat leaped out, squalling loudly, the minute he lifted the hood, and that "must have been there a couple of days at least."

Without the cat, Qualls' car is purring along in fine shape.

2 Persons Injured in Accident in Troy

Two persons, injured in a two-car accident on Stephenson Highway in Troy at 7 a.m. today, were taken to William Beaumont Hospital, Royal Oak, for treatment.

No report is available of injuries suffered by Mrs. Theira Propst, 21, of Rochester, who is undergoing X-rays, authorities said.

Clemans C. Wiechecki, 31, of Hamtramck, was released after treatment to his leg, they said.

Township police said Mrs. Propst's car went out of control on icy pavement and slid sideways into Wiechecki's oncoming vehicle.

Bill Would Eliminate State Liquor Stores

State Sen. William Broomfield, (R-Royal Oak) introduced a bill yesterday to close all state liquor stores and make SDD licensees the exclusive outlets.

Broomfield said only four per cent of the state's $167 million a year liquor sales is made through the 96 state stores.

Scouts to Give Supper

WATERFORD TOWNSHIP — Cub Scout Pack 105 is sponsoring a chili supper Saturday from 5:30 to 7:30 p.m. at the Jayno Adams School. Leonard Mehtner is chairman for the event and Robert Gibson, cubmaster is assisting.

2 Killed, 3 Missing in Plane Tragedies

(Continued From Page One)

unknown. The passengers, bound from New York to St. Louis, were transferred to another flight.

RESCUE IN PACIFIC

And at Long Beach, Calif., a dramatic air-sea rescue operation last night saved two of three Navy airmen who bailed out of their disabled plane into the Pacific about 30 miles off the coast.

The third man was also found but died of injuries. His name was withheld.

Lights from the aircraft carrier Wasp and other surface craft lit up the chill, choppy water during the search. A helicopter from El Toro Marine Air Station found the pilot and the fatally injured airman.

The single - engine Skyraider fighter-bomber was on a routine night training flight from North Island Naval Air Station in San Diego.

Child Has 100 Stitches After Attack by Dog

NORTH HOLLYWOOD, Calif. (AP) —Nearly 100 stitches had to be taken in 2-year-old Ricky Pollock's scalp because a dog bit him as he played in front of his home.

The child's mother Mrs. Norma Pollock said she heard screams, rushed to the front yard and found Ricky bleeding. A woman was chasing two dogs away.

Switzerland has 7.4 hospital beds per 1,000 population, Berne reports.

The Day in Birmingham

Town Hall Head Gives Program for Next Year

BIRMINGHAM—Mrs. James S. Moon, president of Birmingham Town Hall, Inc., announced the program for the 1956-57 season today at the Birmingham Theater.

Heading the list of speakers under contract for next year is Dr. Norman Vincent Peale, one of the most sought after men on the lecture platform today. Author of several best sellers, Dr. Peale is director of Marble Collegiate Church Clinic and pastor of the Marble Church in New York City.

Carleton Smith, world traveler, will give details of his experiences with great men such as Schweitzer, Churchill and Einstein.

Patrons' requests bring Dr. Ralph Lapp back to Town Hall. He will speak on the rapidly developing atomic picture and its potential in peace as well as war.

Famous Washington correspondent noted for his syndicated column, "Washington Calling," Marquis Childs, will also appear next season at the Birmingham Town Hall. He will come to Birmingham just before national elections to comment on the political situation and the world picture at that time.

Plans for the remaining two programs to complete the six, will be announced later, Mrs. Moon said. One of these will be dramatic entertainment and the other a new type documentary film.

As in the past duplicate lectures will be given on consecutive Thursdays and Fridays at 11 a. m. in the Birmingham Theater. Dates will be announced later.

Season tickets may be obtained by contacting the Birmingham Town Hall office at St. James Episcopal Church offices, West Maple Street.

* * *

Mrs. Bonnie Throckmorton Dougherty, who dislocated her left shoulder in a fall on ice at Grayfield, Monday, reports it won't hinder preparation for her one-man show in Detroit later this year, and her art classes can continue. The artist - housewife, right handed, lives at 1028 Brooklawn.

* * *

Police are holding Claude B. Davis of Detroit for investigation of larceny. Davis was taken into custody by Detroit police who found tags in his possession from clothing missing from the Village Store.

The tags would not have been on purchased clothing according to Mrs. Jane Watters who reported the missing garments yesterday afternoon.

* * *

Birmingham Credit Women's Breakfast Club members will hear their national executive secretary talk tonight at a special meeting at Aunt Fanny's Restaurant in Royal Oak.

Members from Flint, Royal Oak, and Windsor clubs will be present along with local and neighboring credit bureau managers. Speaker will be Geneva McQuatters of St. Louis, Mo. on the topic, "Where Credit Is Due."

* * *

The Franklin Cemetery Auxiliary meets today for a potluck Valentine luncheon at Mrs. Kenneth Green's home on Pierce.

* * *

Six lectures by Mrs. Charles Obermeyer, local flower arrangement expert, are slated by St. Monica's Guild of Holy Name parish. Her talks and workshops will be on table settings and flowers, corsages, winter arrangements of dried items and garden plants.

Starting Feb. 22 from 1 to 3 p.m. in St. Anne's Hall the talks will also be in March, April, May, June and October.

Registration is to be made at once with a limit of 50 with Mrs. Joseph Beckley, Mrs. T. E. DeGurse, Mrs. John Daneke or Mrs. Lawrence Power.

The Federation of Rural Workers met in Dublin, Eire, to ask the Government to give them an Agricultural Labor Court.

Townships Suggest Valuations Change

KALAMAZOO (AP) — The Michigan Townships Assn. proposed today an amendment to the State Constitution to return the equalization of property valuations to the local county level.

* * *

Joseph A. Parisi Jr., executive director of the assocation, said directors of the group have authorized steps be taken to circulate initiatory petitions for such a referendum.

* * *

Parisi announced the referendum plans on behalf of the association and its president, Julius Sutto, a township supervisor in Saginaw County.

The United States uses about 130 million tons of iron ore a year.

Three-Pronged Bill in Hopper

State Republicans Favor Limited Layoff Pay Plan

LANSING (AP) — Two bills with vastly different approaches to the controversial issue of supplemental layoff pay lay in the legislative hopper today.

* * *

One, more of a compromise, was conceded a fair chance of ultimate passage. The other, which would upset labor contracts of the Ford-General Motors type covering hundreds of thousands of workers, appeared doomed to die in committee.

The compromise measure largely preserving the status quo, was offered by Chairman George M. Van Peursem (R-Zeeland) and other Republican members of the House Labor Committee.

The other, put forth by Sen. Charles R. Feenstra (R-Grand Rapids), represents the views of the Michigan Information Committee. This is a recently formed organization of small businessmen with the announced goal of eliminating "integration" of private and state jobless benefits.

Van Peursem's bill would accomplish three major objectives.

1. Establish firmly the legality of paying state unemployment compensation at the same time laid off workers are receiving supplemental payments from employers who have agreed to layoff pay plans.

* * *

2. Set a limit on the amount a laid off worker could receive from a combination of state and private benefits.

3. Prevent payment of supplemental benefits by a company that has not met its state compensation obligations the previous year.

The limit would be two-thirds of a worker's regular take-home pay. This would be just a shade above the maximum of 65 per cent provided for by numerous contracts in the auto and farm equipment industries.

A number of Republican leaders in both houses said they looked with favor upon Van Peursem's bill.

Van Peursem said raising of benefits above the two-thirds limit would destroy the incentive to work. This, he said, could cause an excessive drain on the state's compensation fund.

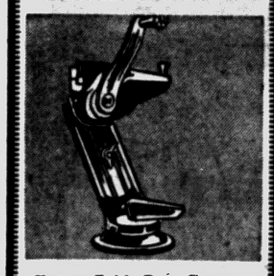

* * *

Feenstra's bill would bar outright payment of state compensation to any laid off worker receiving supplemental benefits.

Detroit Judge Marries

DETROIT (AP)—Common Pleas Judge John W. Connolly, a former lieutenant governor of Michigan, and Betty Ann Neubauer of Grosse Pointe were married Wednesday. The couple plans a Caribbean honeymoon.

Family Happiness Based on Sharing

CORVALLIS, Ore. (INS) — What makes a happy family?

In the eyes of children, at least, it is one in which all members of the family work together and share problems and plans.

That is the conclusion drawn by an Oregon State college professor, Dr. Lester A. Kirkendall, after an analysis of students' answers to the question, "What has made your family a happy one?" asked in his class on marriage and family life.

In most cases, the students singled out the following things as sources of lasting happiness:

Family projects, "heart-to-heart" talks about problems, planning the family future together, a sense of security and a feeling that parents were interested in "me and my accomplishments."

* * *

Money was never mentioned as contributing to happiness.

THE BERRYS By Carl Grubert

Redesigning of Jets Slashes Building Cost

WASHINGTON (INS)—Redesign of the electrical system of one of this nation's latest jet bombers has reduced the airframe weight by 242 pounds and the cost of the bomber by $121,000.

Panes, official publication of the Aircraft Industries Assn. reports that one additional pound of equipment actually results in an increase of ten pounds in the final airframe weight of a plane, because every extra pound means that the structure of the craft must be made stronger and heavier.

A standard husky sled dog weighs from 50 to 85 pounds.

Lumber Use May Cut Prefab Home Costs

WASHINGTON (INS) — A top manufacturer of prefabricated homes says that greater use of lumber can reduce the cost and boost the quality of prefab housing.

P. S. Knox, president of the Prefabricated Home Manufacturers Institute, says this goal can be achieved if lumbermen and prefabbers cooperate more closely on mutual problems.

Knox told the National Lumber Manufacturers' Association they could help considerably by speeding up the simplification and standardization of lumber sizes.

The port of London is 67 miles from the sea.

Playing the Cello More Valuable Than the $6,500

SANTA MONICA, Calif. (AP)—An 84-year-old man wept when he told a jury that traffic accident injuries make it impossible for him to play his beloved cello.

The musician, Abraham Wulfe, was awarded $6,500 damages. He testified he suffered back, shoulder and leg injuries in a bus-truck accident in 1954. He was a passenger on the bus. Asked his "greatest loss," Wulfe told the jury:

"I grew up with the cello. I lived with it for 70 years. Now I can't play it any more and this hurts me more than if I had $10,000 and lost it. To be in the same room with the cello and not play it—this I cannot stand."

Wulfe formerly was a cello instructor and member of the UCLA Symphony Orchestra. The damages were awarded from the company operating the truck.

Need Any Pets?

Trading, Buying Dips for Zoo Bargainers

KANSAS CITY (AP)—If you were planning to dump your rednecked ostrich on the market just now, don't.

The time isn't ripe. Prices are mighty weak too on domestic lions and bison.

* * *

If you want to buy a zoo-bred lion, you can pick one up for as little as $50 or $60. They don't make very good pets, though, and they'd be a bit smelly around the house.

* * *

African-bred lions are a different matter. A wild pair imported to this country will bring around $1,800.

The ups and downs of the animal market were discussed yesterday by some 30 shrewd bargainers—members of the Midwest Assn. of Zoological Parks and Aquariums. They all came ready to buy, swap or sell—but the deals were limited.

Frank McGinnis, director of the Detroit Zoo, put two red-necked ostrich yearlings and several timberwolves and chimpanzees up for sale but he couldn't find any takers.

Robert Bean, director of the Brookfield, Ill., zoo, read off a long list of offerings including a black female leopard, Indian tigers, lions, elands, llamas and prairie dogs.

* * *

Bean completed a few transactions, but he wasn't too happy.

"I can't sit on these animals forever," he said. "The price of horsemeat has gone up again. And, by the way, I've got a pair of American bison I will present to anybody who will take them."

Bean also mentioned a female aoudad. That's a wild sheep from Asia.

* * *

"We had her in the children's zoo," he said. "She's congenial. She ate only about $100 worth of chiffon frocks off little girls last summer."

Sgt. York's Boy Joins Air Corps —Without Rifle

NASHVILLE, Tenn. (AP)— Thomas J. York, 18-year-old son of World War I hero Sgt. Alvin York, will be sworn into the Air Force here today.

Gov. Frank Clement will administer the oath to young York, who is to be assigned to Lackland Air Force Base, San Antonio, Tex., military officials said.

Thomas is the youngest of six York brothers and lives with his parents at their farm home near Jamestown, on the Cumberland plateau of Middle Tennessee.

Sgt. York gained international fame as America's outstanding hero of World War I by killing 25 Germans and capturing 132 prisoners in the Argonne Forest during the final days of the war.

The elder York has been in ill health in recent months.

Water freight rates between India and Australia have advanced 10 per cent.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

THURSDAY, FEBRUARY 9, 1956

Court Victory Brings Warren Airport Nearer

Detroit, and incidentally the entire metropolitan area, has scored a major victory in its fight for a northeast airport in Warren Township.

In Macomb County Circuit Court a jury ruled against Warren Township's suit to have the Detroit owned 74 acre airport site condemned for park purposes. Important though that legal triumph is, final victory in the struggle for an adequate and conveniently located metropolitan airport still may be a long way off.

★ ★ ★

Warren Township may appeal the decision to the State Supreme Court. Moreover, even if there is no appeal, Detroit still faces the task of acquiring two additional square miles of land for the airport and a total expenditure of $20,000,000.

There isn't any doubt about the site offering the most satisfactory solution for Detroit's airport problem. It would be more convenient for 75 per cent of the city's population than either Willow Run or Wayne Major.

★ ★ ★

For the residents of this area the location is ideal, being more than 20 miles nearer to Pontiac than Willow Run and more than 15 miles nearer than Wayne Major.

Thus, regardless of whether Warren Township proceeds with its legal fight to block the airport, it is to be hoped that Detroit will exert every effort to make it a reality.

Passamaquoddy Project Revived

Congress has just proved that even a project which has been rejected as politically objectionable, can be revived.

It did this when it passed and the President signed a bill to provide funds to determine the feasibility of the once hotly discussed Passamaquoddy project. Sponsors of this bill are Maine's two Republican Senators, Margaret Chase Smith and Frederick G. Payne.

★ ★ ★

Their interest in Passamaquoddy Bay, as well as that of several other New England members of Congress, is logical and understandable. It is based on the Northeastern States' desperate need for additional power.

The idea of harnessing the world's highest tides in Passamaquoddy Bay is credited to Dexter P. Cooper. It was taken up in 1920 by the late Franklin D. Roosevelt and revived by him as President in the 1930s, only to be killed in 1936, after $7,000,000 had been spent on construction work.

★ ★ ★

Briefly, the plan was to build a series of small dams connecting New Brunswick with Maine and various islands at the bay's mouth. There the tide reaches as high as 62 feet, while in the bay itself it averages 19 feet and sometimes reaches 28 feet.

Incoming tides would reach the bay through gates in the dams, to be released over other dams to the south into the Bay of Fundy, falling to lower levels through turbines turning generators.

★ ★ ★

The $3,000,000 voted by Congress to investigate this project is only one per cent of its estimated cost of $300,000,000. This seems a reasonable amount in view of the fact that engineers believe it can be made to yield three billion kilowatts of electricity.

Ideas Win $275,412

That General Motors employes in Pontiac are as interested in plant economy and efficiency as any on GM payrolls, is shown by the latest results of the corporation's suggestion box awards.

In all, GM employes here shared $275,412 for 3,535 suggestions. Eight of these were maximum awards of $2,500 each and 47 were $1,000 or more. These came in a year which ideawise was the best in the 15-year history of the suggestion box.

★ ★ ★

Throughout the corporation a total of 54,635 suggestions earned awards totaling $3,255,741, an all-time record. During the last year 228,437 ideas were submitted, an increase of 36,000 over 1954.

Winners in the three GM divisions in our city are to be congratulated not only on the prizes they won, but for the noteworthy contributions they have made to the general efficiency of all GM operations.

Note to would-be mountain-climbers: Any mountain is too high to fall off safely.

The Man About Town

Priced Too High

Early Real Estate Values in Pontiac 'Out of Line'

Ambition: What it is better to be fired with than for the lack of.

When the Pontiac settlement was first incorporated as a village in 1837 the council felt that some of the real estate in the original plat was "not going well," according to the records. The next year, under the direction of

Village President Suel Wesson,

they decided to put some downtown vacant lots on sale. The property now occupied by the Hotel Waldron was offered at $125, that where now stands Central Fire Station, $145, the present location of the new Osteopathic Hospital (Hotel Pontiac), $145, and the site of the present Central Methodist Church, $150. But the investors of that day considered these prices to be exorbitant, and there were no buyers. It is a matter of record that the council was "throttling our progress by putting such prices on vacant property that isn't very desirable anyway, and when good business lots on Saginaw Street can be bought from private owners for $75."

An "out-of-the-world" prize now is being offered in a nation-wide contest: a trip to the moon. A return ticket is not promised. If the winner is not moon-conscious, he can accept $1,000 instead.

According to information furnished me by

Lyle Abel,

County Agricultural Agent, crop yields have increased 45 per cent in the last 25 years, and milk production per cow over 20 per cent.

A feminine hand and signature,

"Still on the Shelf,"

writes this column: "Wonder if all of the males have forgotten the old custom that in leap year the gals do the proposing? Haven't yet found one receptive."

Ice skating among the residents near Oakland County's 400 lakes is not what it was back in the years when

Circuit Judge Frank L. Doty

was young. He was reared near White Lake where the steel blades cut curlicues on the ice and a large majority of the young folks enjoyed the sport.

A letter over the signature of

"A Real Old Timer,"

says that nobody is eligible to be put in that classification unless he can remember when cow manure was stacked around the cellar walls of the farm home, so it would "heat" and keep out the frost — and nobody ever heard of such a thing as spontaneous combustion.

You may think our nation could get along without valentines, but it really is a big business. About $25 million are spent for them each February in this country.

It was less than 50 years ago, in May 1906, that the Pontiac Board of Aldermen, under the direction of

Mayor Harry C. Guillot

passed a resolution to "discourage the dumping of dead horses into the Clinton River and Pontiac Creek."

What Makes Sammy Run

David Lawrence Asks:

Can the Opinions of Circuit Court Judges Hamstring Hearings on the Case Incident?

WASHINGTON — The Hennings and George Committees each now investigating an alleged effort to influence the vote of Senator Case of South Dakota on the natural-gas legislation, had better watch their step.

• • •

It is questionable that a Senate committee has the legal right to conduct such an inquiry. The U. S. Circuit Court of Appeals has raised doubts which would narrow powers of a congressional committee to engage in any proceeding that could seem to be an "exposure."

It seems incredible that a congressional committee wouldn't be able lawfully to expose anyone who attempts to influence Congress, but that's what two judges of the Circuit Court actually wrote in a recent opinion. It could be that, because the decision involved exposure only of persons who were once Communists, a different rule applies.

Logically, it would seem that if those who once embraced communism can enjoy such civil liberties; so also persons lobbying might be immune.

THE CASES DIFFER

Judges Edgerton and Bazelon had the case of a witness who didn't even plead the Fifth Amendment but simply refused to tell about persons he met who were Communists in a labor union when he was a member of the Communist Party. He had been found guilty of contempt but the circuit judges reversed the decision.

The circuit judges said they were relying on a case known as "Quinn vs. U. S.," but in that case the defendant, Quinn, had sought immunity under the Fifth Amendment. In this case the defendant, Watkins, merely refused to answer because he didn't want to involve friends or former associates in the Communist party.

By what right then can Senators George and Hennings order the Nebraska lawyer or the persons he talked with to testify in the natural gas case? All he did was to offer to contribute to a senator's campaign fund. He didn't offer money to the senator. He didn't violate any law. It can be argued that there is "no valid legislative purpose" involved in the investigation, but only an attempt at "exposure."

NO NOVEL DOCTRINE

Most observers will immediately ask: "Hasn't Congress the right to legislate on lobbying or on influencing a senator's vote?" That has always been true, but the circuit judges now rule there are ways to find out what to do about making new laws without subjecting individuals to "exposure."

This isn't novel doctrine among judges nowadays. The other day U. S. District Court Judge Aldrich in Boston freed a witness, ruling the Senate permanent investigations subcommittee didn't have the right to ask questions of employes in defense plants, even though the power to make contracts for defense is in the hands of a government department.

The decision of the circuit judges is for the present the law of the land. Hence, congressional inquiry into what happened in the matter of the natural-gas case or into the activities of a particular lobbyist may not be considered "pertinent" to the making of laws regulating campaign-fund contributions.

• • •

Any witnesses called could refuse to answer even without invoking the Fifth Amendment, and there are Circuit judges here who may now sustain such a refusal.

Hot-Tempered Persons May Outlive the Discreet

By WILLIAM BRADY, M. D.

To become excited in argument or say things of which one will be ashamed later, or in fact to "lose control" of oneself under exasperation betrays lack of refinement, breeding, education, diplomacy, culture.

Some may pretend to sneer at such refinement; but no civilized person is so lowbrow that he does not secretly wish to pose as a person of some education, culture, or breeding.

One who lacks education is likely to be impatient, arbitrary, domineering, bigoted; reliable enough, perhaps, to conduct routine business so long as no difficulties arise.

But he is incapable of filling an executive position which requires judgment, discretion, and tact.

The popular expression "control the nerves" means, of course, restraint of emotions.

MAY OUTLIVE

Unless or until he encounters an opponent more primitive than himself, the individual with the habit of getting into heated arguments with everybody about everything is likely to outlive his more refined fellows.

His body machinery is spared much of the racking and abuse which the arteries, heart, and kidneys must withstand in the individual who "keeps calm and cool" under circumstances that warrant fight or flight.

Rage, annoyance or anxiety, any degree of fight or flight emotion induces increased ductless gland activity, the pouring of adrenin into the blood stream from the adrenal glands.

Adrenin causes mobilization of blood sugar, emergency fuel which is stored in the liver and the muscles.

ENERGY JUMPS

Increased oxidation of this fuel provides a sudden increase in energy, power, not "nerve energy," for there is no such energy, but just plain muscular energy. All the muscles become more tense.

Blood pressure rises. The heart beats faster and more forcibly. Breathing is faster and deeper. The whole body machinery is speeded up.

Under civilized conditions it is not often possible to fight or run away when it might be the natural thing to do one or the other.

Generally one must repress the impulse, sublimate it, or attempt to feign indifference, nonchalance, or some emotion one does not feel.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to the Pontiac Press, Pontiac, Michigan.

Voice of the People

Doctors' Poor Planning Forces Patients to Wait

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Reading the musings of A. J. H. as this person waited in a doctor's office brought to my mind how really long one is kept waiting in the outer offices of many Pontiac area physicians, and how unnecessary this wait usually is.

Be assured, patients, that there are doctors in this area who plan their time well and have respect for yours, too, while giving you good care. For having an office full of people, day after day, is no proof of ability or proficiency on the part of the physician.

It is rather, in my opinion, a sign of poor organization of time and complete disregard for you as an individual. You who have a schedule to meet or have to take time from your work to sit waiting.

You allowed this sad situation to develop during a wartime-shortage of physicians, and you are allowing it to continue, year after year, by patronizing these selfish individuals.

This was certainly not meant to discredit those medical men of our area, be they general practioners or specialists, who serve us well and who demonstrate by the manner in which they conduct their business that our time is just as important to them as theirs is to us.

Mrs. W. J. P.

James Snyder Suggests Bible Verses for Writer

In reference to the article signed For God and Country, I would like to ask what he means by "Why not let Him take over?"

If he means we are to sit idly by and allow, without resistance, His enemies to destroy His people, I suggest that he read Jer. 48-10. and Rev. 20-4.

Clarkston

Hal Boyle Says:

Survival Kits Won't Help in Facing Atomic World

NEW YORK (AP)—Curbstone comments of a pavement Plato:

Have you made a do-it-yourself personal survival kit to protect you against the hydrogen bomb?

Probably not.

• • •

People who live on the edge of a night in time cease to fear the falling dark. So it is with us. We have dwelt so many years now under the pall of potential atomic death that we have become accustomed to its shadow.

CANNOT ENDURE

It had to be that way. No human being can remain frightened forever; He cannot endure a permanent panic.

• • •

So it is we have come to look for the silver lining in the mortal mushroom that first towered in terror over Hiroshima. Today we have fewer nightmares over what atomic power will do to mankind. We prefer to dream what it can do for mankind.

Therefore it comes as a rude shock when an atomic expert suggests it would be a good idea for every American to stock his automobile with a week's supply of groceries and water against the possibility of atomic attack.

• • •

The expert, Dr. Stafford L. Warren, director of atomic energy projects at the University of California at Los Angeles, revealed he has done so the last two years.

WELL-STOCKED

"In addition to canned goods," he said during an interview in Detroit, **"I have bottles of water,** a can opener, a hatchet, blankets, pliers, a tow rope and a 6-by-8-foot sheet of canvas in the trunk."

• • •

Obviously, Dr. Warren believes in being prepared, and every man, of course, has a right to his own safety measures.

But one can only hope that an impressionable populace will refrain from leaping to follow his example. Canned groceries are high enough already, and if 166 million Americans tried to stockpile a week's supply all at once sardines might cost more than caviar.

• • •

There would be a terrible shortage of can openers, too, for most houses usually have only one — and it rarely works.

A STEP BACKWARD

But the biggest objection to everyone building a survival kit and turning his automobile into a portable bomb shelter is that it is a step back toward fear, a step away from hope.

• • •

Only a few days ago another expert told a congressional subcommittee that a single H-bomb could destroy a metropolitan area and contaminate 100,000 square miles with radioactive fallout.

In the face of such utter devastation of what real value are automobiles stocked with groceries? Of what avail are mountain hideaways or concrete caverns in the back yard?

• • •

The true peril of the awesomely destructive potential of atomic attack rises above the problem of individual safety measures.

THE FATE OF MAN

It is a collective problem: The fate of civilized mankind, not the fate of the civilized individual, is the all-important stake. The answer must be a world answer, for if we have learned anything in this generation, we have learned that there can be no final individual security in an insecure world.

• • •

The best survival kit in the troubled atomic age can be carried about easily by anyone in his pocket, it doesn't require a can opener, and it will sustain you longer than a basement full of groceries.

• • •

As a matter of fact, it fits readily into the heart, and has for 2,000 years. It is the "Sermon on the Mount."

Case Records of a Psychologist:

'Pause and Praise' Strategy of Selling Works in Business and Personal Life

Be sure to become adept with the "Pause and Praise" strategy. It is a cardinal secret for getting along successfully with people. Teachers, parents and clergymen can also combine that strategy with the "Reversible Why" technique. The two are more valuable than Aladin's "Open Sesame," for they'll open far more doors to future success.

By DR. GEORGE W. CRANE

Case Q-370: Paul R., aged 34, is the sales manager mentioned yesterday.

"Dr. Crane, please give me more information about your 'Pause and Praise' technique," he began.

• • •

Well, that technique is of vast importance to parents and teachers, public speakers and other social leaders, as well as salesmen.

For it is predicated on the fact that you can't sell anything to an enemy! In fact, an enemy will not accept even free favors from us.

The salesman must thus realize that this motto is on his prospect's chest:

"I want to feel important."

When the prospect asks a question, whether to heckle the salesman or to show off to his wife that he is not a rubber-stamp, or maybe just for information, remember that motto.

A good salesman has already memorized the answers to all normal queries that will be raised by his prospects.

• • •

So he tends to snap back with the right answer, for it is on the tip of his tongue.

Don't do it! Bite your tongue momentarily until you recall that motto, "I want to feel important", which is on your prospect's chest.

For if you shoot out the answer so glibly, you may figuratively beat the prospect's ears back with your ready reply. That may make him feel stupid or silly.

"I think I was asking a very serious question," a young woman may think when she has raised a query in the forum after the clergyman's address.

"But he replied so quickly, I must have asked something ultra simple. People will think I am silly or stupid."

So the star salesman or clergyman or teacher or parent, doesn't reply immediately but first pauses and praises.

"That's a very good query," you may thus reward the timid inquirer. "In fact, if more men asked such shrewd questions before they signed up for insurance, they'd have a far better understanding of what their policy actually covered."

Note the effect of the above "Pause and Praise" strategy. It makes the prospect feel important. That's doubly true if his wife is sitting nearby, for he then knows she has also heard the commendation for his shrewd judgment.

So he is prejudiced in favor of the salesman. He begins to like the salesman.

This is the most important step in selling, namely, to gain the confidence and liking of your prospect.

For thereafter he will react more easily to your sales statements, as well as to your positive suggestion at the "dotted line" stage.

REVERSE THE 'WHY'

Parents and teachers can also undermine a great deal of veiled hostility or obstinacy by this same "Pause and Praise" strategy.

• • •

Then combine it with what I call the "Reversible Why" technique. Instead of blurting out the full answer, tactfully turn the question back upon its propounder so he can help in its solution.

For he will believe the result much more when he has evolved it.

In learning morality, **children will then not think that parents, teachers or the church are just kill-joys, if we let them help evolve their own moral rules.**

Thus, they cooperate far more readily. Remember, whenever anybody teams up with you in solving a problem, he has a kindred feeling. He is a junior partner.

So he becomes a greater rooter for your project thereafter, or your merchanise, moral code, school discipline or what not.

So train yourself to "Pause and Praise." Then follow-up by use of the "Reversible Why."

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs when you send for his psychological charts and pamphlets.

(Copyright 1956)

French Medical Students Pay Way as Baby Sitters

PARIS (NEA)—"Operation Feeding-Bottle" is proving a two-way boon to Paris mothers and medical students.

The mothers were looking for baby-sitters, a problem that is pretty universal. The medical students were looking for some francs to put in their pockets. So they set up their "feeding-bottle" organization, and today on 24-hour notice they'll provide a baby-sitter with more than average experience, plus some medical know-how to boot.

More than 400 names are already on file at the headquarters of the Medical Students Association, housed in a building donated by the American Friends of France. Most of them are third year students who have already taken their course in pediatry.

All a mother has to do is state the number and age of her children and any other relevant particulars. Mme. Jennie Bicheron, social secretary, who is the wife of a fourth year student and mother of a baby of two, then contacts the student she thinks best suited for the job.

For older children she usually sends a second year student, a fourth year man for infants. Parents are assured of every guarantee—student baby-sitters must be enrolled at the Faculty of Medecine, all are insured and the association keeps a detailed file which checks on the capabilities and record.

SMALL FEE

The fee is 45 cents an hour, plus fare to and from the assignment. Employers take the student home after midnight. The fee is the same for Sundays and holidays as on weekdays.

Recently a mother called for a student who could take care of seven children whose ages ranged from three to 12 while the adults held a family gathering. Another subscriber always calls for the same student to take care of her twins since they were three months old.

There are polyglot students for parents who speak no French. According to two-year student Jean-Francois Tissot, the most popular jobs are those with Americans. "While most families will leave coffee and fruit, Americans usually tell us to help ourselves to anything we might fancy in the refrigerator, or they leave a cold meal ready."

HELPS PAY WAY

Of all the jobs which medical students have to take in order to pay their way through medico school, baby-sitting is the most popular. On the whole it is less tiring than bill-posting, waiting on table, driving a taxi, dishwashing or distributing leaflets at exhibitions and sometimes even allows time for studying, provided all's quiet on the nursery "front."

If is estimated that of the 8,000 students enrolled at the Faculty for Medecine in Paris, 95 per cent have to earn money to see them through their six years of study, plus another three if they specialize. Records show that 52 per cent of students enrolled abandon after two years. Most women students do not go beyond the third year, often because they marry.

The great majority of future doctors therefore have to work to study. They start out by having to spend at least $250 for medical books. The indispensable manual of anatomy alone costs $45. The Faculty of Medecine library only possesses two copies—for 8,000 students.

Housing is a tremendous problem for the majority of these young men whose families live far from Paris. Rents are high and even the cheapest room costs around $20 a month.

Paris has 15 restaurants which serve 30,000 meals daily to students at a cost of 25 cents (the government chips in with another 17 cents), and while meals are adequate and substantial they could scarcely be considered high-class fare.

Spider Machine Spins Fine Wire

Unusual Tool Augments Manufacture of Jets, Guided Missiles

MINNEAPOLIS (INS)—It takes unusual tools to produce the parts that go into the newest jets and guided missiles. A Minneapolis firm, for example, uses a man-made "spider."

* * *

This "spider" doesn't spin webs, but it does lay minute strands of wire onto coils at speeds up to 1,500 rpm. The coils are tiny electrical devices whose signals operate electronic autopilots and other automatic controls found in jets and missiles.

Developed by Minneapolis-Honeywell's aero engineers, the socalled spider is actually a highly complex electronic coil-winding machine. It is capable of laying the fine wire (about one-seventh as thick as a strand of human hair) onto the coils in loops less than 1-35th of a hair's breadth apart.

The man-made device is so sensitive that it can "feel" changes in wire tension and make appropriate adjustments.

* * *

The over-all operation requires such absolute precision that an engineer monitors the winding through a high-powered microscope.

James E. Hollis Fined for Drunk Driving

James E. Hollis, 46, of 2½ Grant St., charged with driving under the influence of liquor, yesterday was fined $100 or 20 days in jail by Pontiac Municipal Judge Maurice E. Finnegan.

BETWEEN SCENES — Katharine Hepburn talks with director during filming of a movie in London in which she plays a Russian jet pilot. Comedian Bob Hope also is in it.

"I am fed up being asked to give references about parishioners I do not know," says Rev. S. F. Gunyou of Thornway-on-Teels, England. "I am not perpared to commit perjury for anyone.

British Board to Investigate Fight

LONDON (AP)—The British Board of Boxing Control today ordered a thorough investigation of the decision favoring Britain's Peter Waterman over Kid Gavilan, former welterweight champion.

Stewards of the board ordered the inquiry, Feb. 22, after interviewing Ben Green, the referee who gave Waterman the decision. Under British rules, the referee is sole judge in any bout and his scoring is not announced.

Yamil Chade, Gavilan's manager, demanded the decision be reversed. "I still will rely on British justice to see Gavilan gets a fair deal," he said. Would I take a return fight? Maybe . . ."

Williams Reappoints Byers to Detroit Post

LANSING (AP)—Gov. Williams has reappointed Cecil A. Byers, Macomb County Prosecutor, as a member of the Detroit metropolitan area regional planning commission for a term expiring June 26, 1958.

The appointment does not require Senate confirmation.

MSU Student Held in Thefts

Stands Mute to Charges of Campus Burglary and Check Forging

LANSING (AP) — David R. Williams, 24, Michigan State University freshman from Muskegon Heights, stood mute when arraigned in Lansing Justice Court on burglary charges yesterday.

Campus police said Williams admitted wholesale looting of furniture and other items from three MSU dormitories and an apartment.

Police said his loot included overstuffed chairs, draperies, lamp, painting, record player, television set and other items so bulky a moving van will have to be sent to his home to haul it all back to the campus.

"It looked like he was going to furnish a home," said MSU police detective Ralph Ryal. Police said Williams, unmarried, could give no explanation for the thefts.

FORGED CHECKS ALSO

Williams was held for examination Feb. 16 on the burglary charge when he was unable to furnish $2,000 bond.

He demanded examination in municipal court where he was charged with forging checks for $15 and $21. He was held in lieu of $1,000 bond for a Feb. 15 hearing on the second charge.

Police said Williams told them he started his furniture raids early in December and continued them for two months. He looted dormitories in early morning hours, police said, carrying the heavy furniture and other items out to his car for transport to his home.

Mansure Undecided on Future Positions

WASHINGTON (INS) — General Services Administrator Edmund F. Mansure said today he has not decided what he will do when he leaves the government post he has held nearly three years.

* * *

The Chicago businessman said in an interview he has several offers from commercial concerns but has not yet made up his mind. He would not disclose the nature of the positions open to him.

Mansure resigned effective tomorrow but will stay on possibly until the end of the month.

* * *

His resignation, accepted by President Eisenhower, came in the wake of Congressional investigations of GSA handling of a 43 million dollar program for the U.S.-owned nickel plant at Nicaro, Cuba.

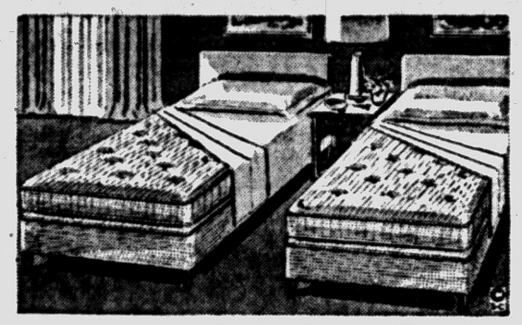

Marines to Assault Iwo Jima Again

TOKYO (INS)—The U.S. Navy announced today that a seventy-ship task force carrying 30,000 sailors and 11,000 marines will converge on the famed World War Two battleground of Iwo Jima next week in amphibious maneuvers.

The announcement said the exercise will be "the largest amphibious landing in the Far East in two years."

Catwalks First on Straits Bridge

Workers Now Assemble Steel and Cables Used for Spring Project

ST. IGNACE (AP) — Stringing of Catwalks will be the first spring project on the Mackinac Straits Bridge, now locked in ice extending 15 to 20 miles east and west of the anchor piers.

* * *

Prentiss M. Brown, chairman of the Mackinac Bridge Authority, reported a 40-man crew is assembling steel and working with the cables in preparation for the summer job of weaving the bridge suspension cables.

Brown said catwalks will be swung between the concrete anchor blocks as soon as Straits ice moves out with spring thaws.

The two main towers, 527 feet high and extending 410 and 530 feet below water, were virtually finished last summer. Engineers said they do not anticipate any ice damage to the towers.

Just before work halted on the bridge last fall, the second of two low horizontal steel spans of 468 feet each were floated into position and locked on the cable rest piers, extending to the anchor blocks.

The catwalks and the first cable "threads" will extend from the anchor blocks along those spans, then rise over the tower tops.

Most of the cable work is expected to be completed by the end of 1956. The bridge is due to open for business by November, 1957.

About 40 per cent of private U. S. timber resources are on farms.

Adoption Plan Stymies Indians

Know Nothing of Seven Idaho Children Sought by Pennsy Woman

FORT HALL, Idaho (AP)—Officials expressed surprise when told a woman chiropractor in Pennsylvania intended to adopt seven Indian children now living on this reservation.

* * *

Dr. Imogene Barker, 27, Lemont, Pa., said yesterday she planned to head for Idaho soon to pick up the children.

But Supt. F. M. Owl said the first he had ever heard of her plans came from an Associated Press story. He added he knows of no family on the reservation considering putting seven children up for adoption.

Later, Dr. Barker said nationwide publicity of her adoption plan had dashed her hopes. But she added she would try harder than ever despite legal barriers.

She said she was told "I now will not be able to take the children right from the reservation because I have disclosed to their parents in whose care the children will be. That, it seems, is illegal."

* * *

Owl said he had found Dr. Barker had been in touch with the Rev. Jack Bennett, who is in charge of the Assembly of God church on the reservation, concerning adopting the children.

The pastor said, however, he knew nothing about any plans for the adoption of any specific seven children.

Reds Claim Hits

TOKYO (AP) — Peiping Radio claimed today that Red Chinese antiaircraft guns had "hit and damaged 10 more intruding" Chinese Nationalist planes on the Fukien Province Coast. A broadcast heard in Tokyo said this was in addition to four Nationalist Thunderjets the Reds claimed they hit and damaged Sunday and Monday.

Kept in the Family

SIDNEY, Neb. (AP) — County Attorney Pat Heaton Jr. prosecuted his brother-in-law, Ron Libsack, in District Court yesterday. He brought in Libsack for violation of a two year probation handed out last year and Judge John Kuns sentenced Libsack to a year in the State reformatory on nine no-fund check counts.

Williams Gives Health Details

Legislators Hear Plan for $602,250 to Back Statewide Program

LANSING (AP) — Gov. Williams sent a special message to the Legislature today giving details of far-reaching proposals on health and welfare.

Chief among the recommendations was a request for $601,250 to finance a state-wide program to discover victims of diabetes, cancer and tuberculosis.

Williams said this program to uncover chronic diseases should be undertaken for "economic as well as humanitarian reasons." He said the case finding program lone would not be enough to combat chronic illnesses.

The Legislature should appropritae $100,000 to the University of Michigan to conduct research in the field, he said.

The governor also asked the Legislature to appropriate $500,000 to construct nursing and medical care centers for victims of chronic illnesses.

Also needed in the fight against the diseases, he said, is $75,000 to finance planning for a new chronic disease hospital.

Former Slave Dies

DETROIT (AP)—Mrs. Clara Turner, born in 1861, a slave on an Alabama plantation, died Wednesday night in Detroit at the home of a daughter. She had been ill three months. Mrs. Turner came to Detroit in 1942.

World Search Begins for Maya Documents in Spain

MADRID (INS)—An American archaeologist is on a world-wide search for a 400-year-old manuscript which may throw important new light on an ancient American civilization.

* * *

The manuscript may explain the riddles of the incredibly advanced astronomy and science of the Maya Indians, probably the most civilized in the Americas, who inhabited the Yucatan Peninsula of Mexico.

The manuscript was written in about 1566 by Fra Diego de Landa, a Franciscan missionary. A portion of the manuscript turned up in Madrid in 1863, but that is all that has been found.

Paul Shirley, of Dark Harbor, Me., an archaeologist by avocation, is convinced the manuscript still exists somewhere—even though numerous researchers over the years have failed to turn it up.

Shirley has helped to set up a committee of distinguished Spanish scholars to handle the search here. Other committees will be formed in England, France and Italy.

IN OLD FAMILIES

"The best chance of finding Landa's 'Relation of Things Maya'," Shirley said, "is that it might be in the possession of one of the old Spanish families, who have an abundance of books and papers stored away which have not been looked at for ages.

"The trouble is, these families are very reluctant to let an outsider go through their papers."

"Landa knew perfectly well he had written an important history and therefore he must save it for the future," Shirley said. "Without a doubt, his papers were kept in some corner of a library on in a trunk somewhere."

WRITE HIS BOOK

Landa went to Yucatan in 1549 and soon distinguished himself for his facility with the Maya language and for the knowledge he collected which was to serve future archaeologists, historians, ethnologists and anthropologists.

* * *

But to many, his methods of propagating the faith were too severe. In 1563 he retured to Spain to face the inquisition on charges of "exceeding his authority."

It was then that he wrote his "relation of things Maya," partly to show why he had to use severe methods to eliminate human sacrifices and other pagan practices of the Mayas. A few copies of his book were made.

In 1569 Landa was absolved and three years later he returned to Yucatan as bishop of the province. Possibly, he took with him his manuscript and it may have returned from Yucatan to Spain in the 19th Century.

Another theory is that Landa left the book with King Philip II at the Escorial Monastery near Madrid.

But no trace of the manuscript has been seen since, except for the fragment found in the Academy of History in Madrid in 1863. This section contained some of Landa's work in hieroglyphics and with the help of it researchers have been able to translate about fifty percent of the Maya writing.

New Device Developed

CHICAGO—Medical researchers have developed a new technique for the chemical analysis of muscle tissue by radioactivity. The method permits physicians to get samples more often and with less pain to the patient. The material to be measured is made radioactive by inserting in an atomic pile.

2 Ex-Tax Agents Indicted by Jury

Detroiters Arrested for Attempted Extortion of Non-Existent Debt

DETROIT (AP)—A federal grand jury indicted two former internal revenue service employes Tuesday in the attempted extortion of a minister on non-existent tax debt.

* * *

Named in the indictment were John P. Flynn, 34, of suburban Allen Park, and James Oscar Simmons, 33, of Detroit.

Assistant U. S. Attorney Willis Ward said the two men tried to collect from the Rev. Anderson M. Martin, 56, pastor of the New Light Baptist Church, $1,975 as part payment on a supposed back tax debt to the government.

"Actually, the Rev. Mr. Martin did not owe any back taxes," Ward said.

The minister's suspicions were aroused by the men refusing to accept a check made out to the collector of internal revenue rather than to one of them individually and by Flynn's insistence on not being contacted at his office.

Flynn, a tax collection officer, was dismissed from the revenue service and Simmons, an examining agent, resigned during the investigation.

Jamaica's the Place

MIAMI—Oyster lovers will love Jamaica where oysters can be harvested from a boat in the waters of Montego Bay. Thick clumps of mangrove trees growing on the small Rogue Islands in the bay have clusters of oysters clinging to their exposed roots. Vacationers like to pick their dinner from the trees and have their hotel chef make them into a succulent oyster stew.

Former Official Dies

GRAND HAVEN (AP)—K. T. VandenBosch, 91, Grand Haven city clerk and treasurer for several years, died Tuesday following a lengthy illness.

TAXPAYERS

YOU CAN HAVE *Free Parking*

For 20 years Most downtown stores HAVE DONE NOTHING to provide FREE DOWNTOWN PARKING. Suburban merchants provide it and it can be done downtown If the stores will cooperate with private operators, and pay THEIR FAIR SHARE. They spend nothing and want you autoists and taxpayers to pay it all. Defeat the Municipal $600,000 Bond Issue Parking Ordinance No. 1292.

There's Gold in Them Thar Time Cards

FT. MADISON, Ia. (INS)—Payroll time cards are paying off a second time—only this time to the company rather than the employe.

* * *

Time cards which the Sheaffer Pen Company has held for the usual five-year period are now being burned to recover the gold impregnated in the paper cards.

The gold dust flecks off on workmen's hands during the grinding and polishing operations on the pen point and in turn brushes off onto the time cards during handling.

* * *

Last year Sheaffer salvaged over $235,000 worth of gold and other precious metals from sweepings, time cards, wash water and work clothes.

Pork Seems to Provide Best Value for Weekend

By THE ASSOCIATED PRESS

You'll find a good range of meats available at special prices in your food markets this weekend, but pork appears to offer the best value for your money.

* * * *

Pork prices went up rather sharply at wholesale recently, but now they've come down again. Many stores are cutting prices on some pork items this week and expect to reduce others next week.

A large chain, for instance, is shaving pork chop prices by four to six cents a pound in some areas. And, of course, you will see specials on that favorite, loins of pork.

Lamb prices don't show any major change in trend this week, but the word is that reductions may be expected next week ranging from two to four cents a pound on various cuts. A number of stores will feature legs of lamb and lamp chops this weekend.

* * *

In the beef line there will be special prices here and there on prime ribs and sirloin and round steaks. Pot roast will be featured rather widely.

FRYERS THE SAME

Frying chickens will sell for about the same as a week ago in most places. Egg and butter prices are stable.

* * *

The National Association of Food Chains is featuring beef and veal in the coming week as "big supply —best buy" items. This is a part of the organization's farmer-retailer marketing program to help producers with over-abundant supplies.

Have you tried mixing pimientos with your scrambled eggs or Chicken a la King? Well, Pimiento Week starts tomorrow, so it will be a good time to try it.

The very best buys in vegetables, produce men say, are potatoes, onions, Canadian turnips and iceberg lettuce. This last item has come down quite sharply in recent weeks.

Also attractive for bargain-hunting housewives are medium-sized peppers, pascal celery, cabbage (including new Savoy and red type) and sweet potatoes.

FEW GOOD BEANS

There are few good beans around and eggplant shows a wide range in price and quality. Bunched carrots, corn and cucumbers are higher at wholesale.

* * *

Boston and Romaine lettuce, cauliflower, broccoli, beets and spinach are "moderately priced." Squash is a bit lower.

The list of good buys in fruits is rather short: Grapefruit, limes, tangerines and apples.

Seek Hoffman's Seat

ALLEGAN (AP)—Franklin Ryan, a nearby Mattawan school teacher, and Dr. S. I. Clark, a Western Michigan College political science instructor, announced their candidacy for the Democratic nomination for U. S. representative from the Fourth Congressional District Tuesday. Rep. Clare Hoffman (RMich) now represents the district.

NO BRUSH OFF FOR HER TEETH — "I don't care if I was born with two front teeth. I still won't brush them now!" That seems to be the sentiment of two-week-old Mary Lynn Skinner of Atlanta, Ga. She evidently doesn't want to start brushing her teeth before other kids begin.

Brazil produced 1,171,893 tons of steel ingots in 1954, an increase of 155,594 tons from the year before.

GO-AHEAD — GIMME A TICKET! — Worried about an overtime parking ticket? Not this fellow in Fort Scott, Kan. He just wants loose. Anyway, this must be what is meant by "a dog's life," especially when a feller has to stay outside, leashed to a parking meter while his mistress eats in the restaurant in the background.

Scientists Describe First Space Rocket Ship

By VERN HAUGLAND
AP Aviation Writer

CINCINNATI (AP) — Informed sources indicated today that the United States has decided to launch up to 15 space satellites during the International Geophysical Year—the 18 months between July 1, 1957, and Dec. 31, 1958.

• • •

The sources said orders for 15 first-stage rockets for the three-stage satellites of Project Vanguard have been placed with the General Electric Co. Not all of the rockets can be expected to be successful.

Officials of General Electric, hosts to 150 military leaders and aviation writers at a jet engine plant "open house," declined to comment on the reports.

However, Fred Brown, the company's manager of rocket engine marketing, told an informal news conference that GE's share of the Vanguard program is on schedule and that his company is geared to meet the initial launching date.

Brown exhibited a scale model of a "typical General Electric rocket engine." The model, 31 inches long and 10 inches in diameter, was described as half the size of the real engine. This might indicate that the first stage for the first Vanguard satellite would be a rocket engine some five feet long and 20 inches in diameter.

The Navy, in charge of the inter-service project, has awarded the primary Vanguard project to the Glenn L. Martin Co., Baltimore. Martin subcontracted the first stage to General Electric, and the second to Aero-Jet General, Azusa, Calif. The third-stage contract has noet yet been awarded.

The first GE stage consists of a rocket of 27,000 pounds of thrust, with a burning time of 130 to 140 seconds, designed to boost the satellite to an altitude of 30 or 40 miles.

The second stage would carry the basketball-shaped, 22-pound satellite to a height of 130 miles, and the third stage would shoot it beyond 200 miles and send it orbiting around the earth, like a tiny moon, to help global scientific studies.

Bell Ringers Plan Army Camp Tour

EAST LANSING (AP)—The Spartan Bell Ringers will go on a tour of Army camps during the spring vacation, Wendall Westcott, director of the unique Michigan State University musical group, reported today.

The Third Army area takes in Florida, Georgia, Alabama, Mississippi, Tennessee, Kentucky and South Carolina. The Fourth Army area covers Louisiana, Texas, New Mexico, Arizona, Oklahoma and Arkansas.

New Japanese Hotel

TOKYO—A modern hotel will be erected in time for next summer's travelers to Japan. Then new hostelry will be headed by Tetsuzo Inumaru, of Tokyo's famed Imperial Hotel, and will feature air-conditioned rooms at a rate of $5 a day, including meals.

Scrap Piles Grow

WASHINGTON—About two thirds of all passenger cars and three fourths of all trucks produced are sold as replacements for scrapped vehicles. More than 4,000,000 vehicles go to the scrap piles each year.

Antirust Product Out

NEW YORK — A chemical concern has developed a product that will stop mint rust, a fungus disease that attacks mint leaves. Tests indicate that use of the chemical will boost plant yields as much as 35 per cent. The fungus appears in summer as rusty brown spots on the leaves of the plant, whose oil is used for flavoring purposes.

Was Overlooked?

CHATTANOOGA, Tenn. (AP) — The found section of the Lost & Found column of the Chattanooga Times want ad section recently carried this item: "Found — 1 T. D. 18 International bulldozer."

New Zealand Takes Step to Ease Hotel Woes

WELLINGTON, N.Z.—In hopes of improving its hotel facilities—a bottleneck to tourism—New Zealand is trying out a new idea.

The government is sponsoring a law transferring development of tourist hotels from the Ministry of hotel corporation.

Many tourist hotels now are operated by the government. The new agency will be autonomous and have greater freedom and the privilege of raising state-guaranteed loans.

It is hoped to interest domestic and overseas investors in building new facilities. At present most hotels are booked many months ahead.

The record of Tip, a shepherd dog that kept a 15-week vigil beside the body of his master on Ronksley Moore, has been presented to the libraries of Sheffield, England.

Place New Books on Library Shelves

A total of 19 books, seven fiction and 12 non-fiction, are now ready for circulation at the City Library, according to Librarian Phyllis Pope.

Fiction

The Spider's House, P. F. Bowles
The Sea and the Stone, Charmian Clift
The Lovely April, M. H. Freydberg
The Proud Man, Elizabeth Linington
The Pillar of Salt, Albert Memmi
The Cashier, Gabrielle Roy
The Token, Samuel Shellabarger

Non-Fiction

The World of Bemelmans, Ludwig Bemelmans
The Call to Honour, Charles DeGaulle
How to Double the Living Space in Your Home (periodical)
Milou's Daughter Madeleine, Robert Henrey
The High Fidelity Reader, R. H. Hoopes, ed.
Bible Primer, R. F. Jenney
Complete Poetical Works, Amy Lowell
The Angler's Almanac, R. C. McCormick
Law Enforcement Officers, 1951
Office Machine Aperator, misc., 1948
Highway of the Sun, V. M. Von Hagen
Mr. New York, Groven Whalen

MAINTAIN CLEAN SCHOOLS—Pontiac school maintenance men received awards at Eastern Junior High School last night for having completed special training courses sponsored by the Continuing Education Department of Michigan State University. At the left, J. Cecil Cox, assistant superintendent of Pontiac schools, looks on as Dr. Julius Barbour of MSU School of Education presents the framed certificates. Receiving the awards are, left to right, Howard Cunningham and Lawrence Ware, Lincoln Junior High maintenance employes; Vern Gormong and Clarence Brush, Eastern Junior High; and Wayne Wood, Wisner Stadium. With 98 per cent of its maintenance employes having taken training under the plan, Pontiac is rated second in the state in certified maintenance workers, and has been praised for the cleanliness of its schools.

Peiping Accuses U.S. of Intrigue

Says America Conducts 'Subversive Activities' in Asian Countries

TOKYO (AP)—Peiping radio accused the United States today of conducting subversive activities throughout Asia, Africa, South and Central America, "including even the allies of the United States itself."

The Red Chinese broadcast heard in Tokyo said "the United States organized coups d'etat and carried out subversive activities" in Iran, Guatemala, Paraguay, Brazil, Costa Rica, Argentina, Indonesia, Burma, China and Korea.

Quoting the official Chinese Communist party newspaper People's Daily, the broadcast included another demand for "an immediate end to United States provocations with military balloons over Chinese territory."

The United States responded last night to a Soviet protest against the Air Force's weather observation balloons by halting their launchings from West Germany and Turkey.

However, all nine of the weather balloons which the Air Force has sent up from Japan have been carried eastward toward North America and away from China.

Khrushchev to Dominate Soviet Congress Tuesday

MOSCOW (AP) — Nikita Khrushchev, first secretary of the Communist party, is expected to dominate the 20th congress of the Soviet party opening here Tuesday.

* * *

Delegates from the Steppes and from the Siberian tundra, from farm and factory far and near already are arriving for one of Moscow's most important political gathering since Joseph Stalin died in 1953.

Meeting behind closed doors, in an atmosphere far removed from that of an American political convention, these delegates are certain to give party approval to a new five-year plan and the foreign and domestic policies that will be laid down.

Khrushchev has bounded to the front in the last three years. He will give the Central Committee's report, which is the equivalent of a State of the Union message. In this message Westerners will expect to read the latest line on foreign policy. They will have an ear tuned especially to what he says about such places as Iran, whose adherence to the Baghdad Pact with Turkey, Pakistan, Iraq and Britain has infuriated Kremlin leaders.

BULGANIN 2ND

Premier Bulganin will lay down the directives of the already published five-year plan, and thus has a role of secondary importance.

So far no particular part has been assigned Georgi Malenkov, who read the keynote at the last congress in Stalin's lifetime. Malenkov later became premier but stepped down to a deputy premiership last February.

Preliminary regional party conferences already have stressed the importance of defense projects and heavy industry in the new five-year plan.

At the Kiev conference Marshal Vasily Chuikov declared the Soviet Union has surpassed the United States in hydrogen bomb armament — without making clear whether he meant in stockpiles or size of the bomb.

The five-year plan already has laid down the main goal of increasing heavy industry by 70 per cent and consumer goods by 60 per cent.

Confident Coach?

EVANSTON, Ill. (INS) — Waldo Fisher, Northwestern University basketball coach, whose team has won one game and lost 14 this season, moaned: "Confidence is what we need . . . a lot of it."

When Hitler reached the climax of a speech, he would often crush his glasses in his hand, although he refused to wear the glasses in public.

List 'Fair' Condition of Warren Woman

A Warren woman, who suffered head injuries in a Troy Township automobile accident yesterday evening, is in fair condition in St. Joseph Mercy Hospital today, authorities said.

Mrs. Lucille Harris, 55, of 2730 Sixteen Mile Rd., was a passenger with Mrs. Verna C. Moore, 50, of 3232 Sixteen Mile Rd., who was released after treatment for head lacerations, hospital authorities said.

Mrs. Moore's car was struck at the corner of Sixteen Mile and Crooks Rds., by a car driven by Arnold Peterson, 1881 Boulan St., Birmingham, who told township police the woman failed to yield right of way.

Sunspots are scheduled for an 11-year peak in 1957-58, says the National Geographic Society.

Man, 75, Given $25,000 Life Insurance Policy

PINE BLUFF, Ark. (AP)—Charles A. Gordon is 75, about seven years older than the life expectancy of the American male as figured by insurance actuaries, but he took out a $25,000 policy on his life.

R. C. Coulter, agent who wrote the policy, says:

Gordon met all the requirements—no record of surgery or serious illness, and he was actively engaged in his line of business at the time the policy was issued.

The rate, Coulter said, was "standard."

Jets May Affect Value of Homes Near Airports

CHICAGO (INS) — The Society of Residential Appraisers has launched a study to determine whether the trend toward jet airliners will affect the value of homes located near airports.

Floyd T. Snyder, society president says information on noise, vibration and other effects of jet traffic will be collected from government and private sources.

Snyder says the study will be used to help place values on new housing projects built before the jet age in commercial air travel.

Tiny Magnetic Rod Used

LOS ANGELES — University of plastic-coated magnetic rod about one fourth by one tenth of an inch and a magnetometer to detect what the human stomach does when its "owner" becomes frightened.

After the rod is swallowed, its its slight weight is enough to keep it in the stomach for about two hours before it continues through the digestive tract. The magnetometer, outside the body, detects movements of the magnetic rod and tells what the stomach is doing, according to the researchers.

A-Reactors Waste Heat Now Warm Buildings

RICHLAND, Wash.—Tremendous quantities of waste heat generated by atomic reactors are being used for large-scale space heating for the first time at the Hanford plant of the Atomic Energy Commission.

Heat is transferred from water used to cool the atomic reactors at the plant to air conditioners in several buildings. The entire system is expected to save $59,000 a year in fuel costs.

Not in History Books: Louis XIV Was Half Pint

PARIS (INS)—Louis XIV, "Louis the Great" in the history books, was a runt.

The clothes the king wore, preserved by the French Army Museum, show that he measured less than five feet three inches. Most of his seventeenth century contemporaries were not much taller, anthropologists said.

Louis XIV was not a man to be dictated to—even by nature. He presented himself to his court wearing three-inch heels and a four-inch wig.

U.S. Helping Norway in NATO Map Project

NARVIK, Norway —A comprehensive mapping project is under way in Norway. It is being carried out by the Norwegian Geographic Society and the Norwegian Army Mapping Office with the co-operation of the United States Army Map Service.

The new maps are intended primarily for the armed forces of Norway and other North Atlantic Treaty Organization nations, but will eventually be made available to civilians.

Which Howls Worse?

SPOKANE (AP) — Spokane's howling air raid siren touched off a deafening wail from six dozen dogs at the Humane Society and drove a dog catcher right out of the building. A. N. McPHee said he couldn't stand the noise from the dogs when the big siren went off in a test blast. The siren is on top of a building about 10 blocks from the pound.

A Swedish family Bible containing 212 illustrations by Rembrandt was shown as the International Book Design Exhibition in London.

Biggest Totem Pole

VICTORIA, B. C. — This Vancouver city is planning on having the world's tallest totem pole in its backyard. A 150-foot cedar tree from a forest north of here is to be used. An Indian father-and-son team have the carving job. The finished totem will be erected in a prominent headland overlooking the Strait of Jaun de Fuca.

England has developed a plane capable of taking off from airstrips less than 250 yards long while carrying 16 passengers or 3,000 pounds of freight.

SAGINAW AT WARREN, PONTIAC
OPEN MON., FRI., SAT. NIGHTS TO 9

GARDNER RETURNS TO WASHINGTON — Trevor Gardner, Air Force research chief, leaves a Mats plane here Wednesday on arrival from Miami where he met with Defense Secretary Charles Wilson on his demands for more money and attention for the missiles research job.

Missile Expert Will Talk

WASHINGTON (AP)—Sen. Jackson (D-Wash) said today a congressional subcommittee he heads "will want to hear the views of Trevor Gardner" on what should be done to spur the Defense Department's missile program.

* * *

Gardner announced yesterday he had sent to President Eisenhower his resignation as assistant Air Force secretary for research and development.

Urging "a very highly accelerated program on both" intermediate-range and intercontinental missiles, Gardner said "an honest difference of opinion" had developed between him and his Pentagon superiors.

Of the long-range missile project, aimed at developing ballistic weapons capable of spanning oceans while carrying atomic warheads, Gardner said, "A crash program is badly needed."

As the Pentagon uses the words, a "crash program" is one aimed at achieving its goal in the shortest time, with cost a secondary consideration.

Gardner said he was quitting because of differences about the scope and importance of the project. He said he told Congress last year the Air Force was "short about 200 million dollars" in the money it should have for research.

Gardner declined a direct reply when asked if he thinks Russia is ahead of this country in development of either the 5,000-mile, intercontinental rocket or the 1,500-mile missile. But he did say, "I think we need a very highly accelerated program on both these missiles."

Jackson is chairman of a Senate-House Atomic Energy subcommittee on weapons which has been conducting a series of closed hearings on this nation's standing in the arms race with Russia.

Jackson remarked he considered it significant that Eisenhower said when asked about the missile program at his news conference yesterday that "in certain fields I am sure we are well ahead of the other side" and "in certain fields I think they are probably ahead of us."

"I believe we may be ahead of the Soviets in defensive missiles," Jackson commented, "but there is grave reason to fear Russia is ahead of us in offensive missiles."

And They Should Know

BOISE, Idaho (AP)—The Clock, monthly publication written and edited by inmates at Idaho State Penitentiary, says lack of parental supervision is the major cause of juvenile delinquency. An article in The Clock's February issue says parents who "don't have time to make their children feel as if they were part of the things" must take the brunt of the blame if thir kids urn ou wrong.

Highway Expert Endorses Lighting Dangerous Areas

CLEVELAND (INS)—An all-out state-by-state campaign for lighting critical portions of the nation's rural highways was urged today as the first step in slashing 8,000 fatalities off the country's awesome highway death toll—"America's Nightmare."

Although night traffic is only one-third that of the daytime flow, after-dark accidents take three-fifth of all lives lost on roads.

Edmond C. Powers, chairman of the committee on highway illumination for the American Road Builders Association, said 8,000 to 10,000 lives could be saved if only the dangerous portions of the country's 650,000 miles of state and federally-controlled rural highways were properly lighted.

"Thousands of innocent victims are dying in traffic accidents each year because they didn't see or weren't seen," Powers asserted.

"Anyone who digs deeply into the cause of traffic accidents is bound to single out darkness as the worst of all villains."

HERE'S DANGER

Powers cited as critical such highway segments as curves, intersections, bridges, overpasses, elevated and depressed areas, underpasses, tunnels, interchanges, railroad crossings, turnpike plazas and approaches.

"We are not advocating that all of the country's rural roads be lighted," Powers pointed out. "That would be absurd and financially impractical. In many instances, only a few hundred feet of road need to be lighted to remove a danger spot."

"Adequate lighting certainly ought to be designed into the new toll roads and highways to be built—at least in the critical sections of them," he added.

"Traveling at stepped-up, present day speeds and with the best in modern headlights, drivers today often see hazards too late to avert death or disaster.

"People tend to over-drive their headlights (high beam) and they often have no warning of what lurks beyond the relatively short range of their lights.

"Take the case of a man going 60 miles an hour. After seeing an object in his headlights, he travels 60 feet before depressing his brake pedal in reflex action. The car then travels another 206 feet before it comes to a stop.

* * *

"Even the best high beam lights, we are told, illuminate only 250 feet ahead. The man going 60 miles an hour requires a total of 266 feet to stop, and if the object is stationary, chances are he'll hit it before stopping."

Forty per cent of U.S. exports go to the Western Hemisphere.

Tokens for Traveling Won't Help Veteran

BALTIMORE (AP)—Robert F. Lavoie, an 8th Air Force staff sergeant during World War II, received orders to report today to the veterans hospital at Ft. Howard.

* * *

Attached to the form was an envelope containing three bus tokens. "No additional reimbursement for traveling expenses will be allowed," the accompanying explanation said.

* * *

But the tokens supplied by the Veterans Administration will be of little use to Lavoie. Baltimore is in the midst of an 11-day-old transit strike.

Publisher Buys Snoring Haven

Britisher Becomes Lord of Manor Where He Can Sleep Undisturbed

LONDON (INS) — Hans Juda, London publisher and art collector, has paid 525 pounds to become Lord of the Manor of Great Snoring, Norfolk county — and to give his wife a laugh.

* * *

"I am consistently and regrettably a great snorer. My wife is always ribbing me about it, I'm sure she will be amused," said Juda.

"Great Snoring, from all the documents I have studied, sounds like a delightful place where I can snore unhindered," he added.

Juda intends to give his wife the title and everything that goes with it for a silver wedding present.

Not very much actually goes with one of these titles. There is the right to call oneself Lord or Lady of the Manor. Manorial records going back to olden times and grazing, fishing and mineral rights on certain lands go with the title. But there is very little income and no manor house.

* * *

Juda bought his title at an auction in London where 20 manorial titles fetched 10,000 pounds. The seller was John Beaumont, a London lawyer whose father and grandfather collected manorial titles.

Today the titles are booming — for the social prestige they can give.

9,400 in Area Mark Scout Anniversary

More than 7,400 scouts and 2,000 leaders of the Clinton Valley Council are observing the 46th anniversary of scouting this week, according to council figures.

About 1,500 boys and adults are members of the Pontiac District, Van Braidwood, district executive said.

Figures released by the scout national council show last year saw scouting's biggest enrollment gain since 1910.

Some 401,119 members joined to increase scout ranks by 10.6 per cent, Dr. Arthur A. Schuck, chief scout executive, announced.

He said an all-time peak of 1,175,134 members were active as of the end of the year.

HAROLD W. DUDLEY

City Attorney Dudley Will Head Project

Pontiac Attorney Harold W. Dudley, of 86 E. Iroquois Rd., has been named chairman of a nine-man committee which will head Oakland County's efforts in a current American Bar Association drive to obtain 50,000 new members.

Others in the area group include attorneys Donald Adams, of 2711 W. Walton Blvd.; John B. Wilson, of 76 Newberry St.; and Hayward Whitlock, of 695 Third St.

Lawyers living in out-county regions who are members are Robert V. Hackett, Birmingham; John Manikoff, Bloomfield Hills; Raymond Munde, Walled Lake; David C. Pence and Carleton S. Roesser, both of Ferndale.

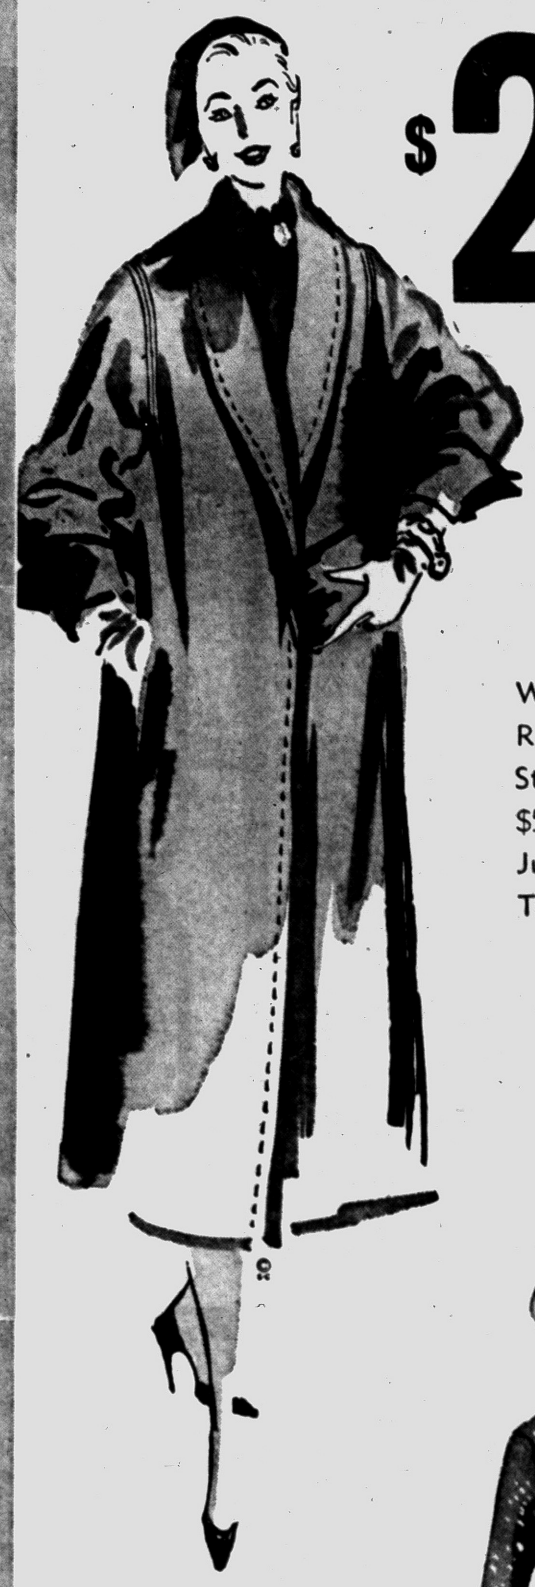

Dudley stated that the committee will conduct a person-to-person canvass of prospective members in the area between Feb. 10-17. According to national leaders, the campaign is the biggest of its kind ever undertaken by a professional association.

Ultimate goal of the national group is to double present membership.

Did You Know This?

LA PAZ, Bolivia—Bolivia, the fifth largest South American country, has an area of 419,470 square miles and a population of about 3,500,000. Almost 85 per cent of the people are engaged in agriculture and only 4 per cent in mining, yet mining produces the foreign exchange to pay for imported food, since Bolivians do not raise enough food for themselves.

Speed Cameras Assist Research

Used in Guided Missile Work to Record Actions of Explosions

TORENTO, Can. (INS)—High-speed cameras that can take as many as 15 million picture frames a second now are being used in guided missile, rocket and atomic bomb research.

* * *

George T. Eaton of the Kodak Research Laboratories, Rochester, N. Y., described the superspeed cameras in a talk at the Toronto section of the Canadian Institute of Chemistry.

Eaton said the high-speed movies are utilized in rocket, missile and atomic studies to record combustion processes and explosive reactions.

Eaton pointed out that these special cameras also are finding increasing applications in science and industry. They work on principles completely unlike anything found in ordinary movie cameras.

The photographic scientist said the ultra-fast cameras reach "almost fantastic" recording speeds by utilizing high-intensity, short duration exposures. Some camera units operate with film wrapped on a revolving drum, others are based on a rotating mirror principle.

One superfast camera has an exposure time of one ten-millionth of a second. Scientists use it to study particle motion in blast furnaces and jet engine combustion.

* * *

Other uses of the cameras are measurement of mechanical and electrical effects, determination of velocities, studies of welding arcs and analysis of fundamental chemical processes.

Who Sent It?? Soviet Balloon Lands in Japan

TOKYO (AP)— The U. S. Army today confirmed reports that a balloon found in northern Japan last weekend is Russian-made and is being studied by Japanese and American intelligence experts.

* * *

The balloon—found as Russia and Red China were accusing the United States of launching balloons into their territory—bore Russian markings, including a label which was translated: "Instrument to measure air current."

A spokesman said the balloon, measuring about 5x3½ feet, carried meteorological equipment. The Army spokesman said he believed no photographic devices were included.

It was discovered in eastern Hokkaido, northern main island of Japan, last Friday. Army counter-intelligence men examined it in Tokyo today and turned it over to Japanese authorities.

So Sorry, Sir Robber but You Make Error

HAMAMATSU CITY, Japan (AP)—Police today announced the arrest of an "incompetent bank robber" who forgot to take the safety off his loded rifle.

The man gained entrance to the bank about 9 p.m. by telling the night watchman he was a messenger from one of its branches. Once inside, he whipped out a rifle pulled the trigger. When the gun failed to fire, the watchman knocked the man down, grabbed the rifle, and called police.

The rifle was loaded but the safety was on. The man refused to give his name and police booked him as "an incompetent bank robber."

Spanish Fete Honors Greatest Love Story

MADRID — At a festival in Teruel, thousands recalled Spain's greatest love story, that of the lovers of Teruel. It marked the fourth anniversary of the exhumation and reburial, side by side, of Diego de Marcilla and Isabel de Segura, who died in the 13th century.

They had been childhood lovers but because Diego had no money, Isabel's father ordered her to marry a rich merchant, Pedro de Azargra. Finally yielding to their pleas, her father agreed that if Diego went away and returned within five years with wealth they could marry.

Three years later Diego was returning, a wealthy man, when he was captured by the Moors and imprisoned for two years in Valencia.

He finally got home just too late to marry Isabel. He died from the shock and she died the following day.

A nationwide competition for the best dressed family in South Africa, has been started in Johannesburg.

New Guide Locates Books for Library of Congress

WASHINGTON (AP)—That magnificent old hoarder, the Library of Congress, today began saving its 33,152,853rd item. This time it's a new book prepared by the library's own staff.

* * *

Merely leafing through item No. 33,152,853 will make anyone feel like an ill-read ignoramus. For in it the L. of C. has summarized what is in the 249 reference libraries in and around the nation's capital, and one conclusion is inescapable:

With all the recorded knowledge in the world, it's pretty much our own fault when we have to admit, "I don't know."

The farm problem is pretty hot right now? Would you like a well rounded background so you can understand what it's all about? Drop around to the agriculture department library. As a starter, read its one million books on farming.

EVEN THE MAORIS

Interested in Homeopathy? The American Foundation for Homeopathy, Inc., has 2,500 volumes of Homeopathic literature, "perhaps the best in the world."

Or is potash your intellectual dish? Try the American Potash Institute's 600 books and 200,000 pamphlets. If that fails to satisfy, the National Fertilizer Assn. has 22,000 books and pamphlets.

Ever wonder about the Maoris? The New Zealand embassy has 1,000 books, including some fine stuff on the Maori people.

* * *

Raining too much out your way? Too little? It won't help it clear up, or cloud up, but the Weather Bureau has 115,000 books and pamphlets that may help explain why. "One of the largest meteorological collections in existence," it says.

MOST IMPRESSIVE

So it goes right up to the Library of Congress. And it's the most impressive of all, with its 33 million books, bound volumes of newspapers, manuscripts, maps, phonograph records, prints and paintings, posters and motion picture reels.

It takes 20 pages in the library's new book just to list the library's main interests.

You'll get an idea of how vast these interests are from this:

The library explains — almost apologetically, it seems — why 295,000 books aren't listed on regular index cards. It's mainly because few could read even the titles. These books are written in Chinese.

* * *

A final note for the less scholary inclined: The library has something for everyone. Among its carefully kept possessions are 19,543 oldtime dime novels.

Suggests CD Director

GRAND RAPIDS (AP)—The City Commission recommended Tuesday that Thomas E. Walsh, Grand Rapids airport manager, be appointed Kent County civil defense director to replace Gerald R. Ford Sr., who has resigned. Gov. Williams must approve the recommendation.

SLIPPER-Y HAT — This straw "slipper" the model is wearing is really a hat. It's designed by Canessa of Rome for springtime wear. And if milady doesn't like her toe-to-head fashion plain, she can tuck a rosebud or other ornament in it.

Bar Exam Cheating Probe in Ninth Day

LANSING (AP) — The secret Grand Jury investigation of charges of cheating in last fall's state bar examinations will continue into next week.

Circuit Judge Marvin J. Salmon made this report as the jury went into its ninth full day of examining witnesses.

The 23-man grand jury, operating behind closed doors and a curtain of strict secrecy, was due to adjourn today until Monday.

The press has been barred from any contact with jury members or witnesses.

Archivist of U.S. Wants Officials to Write Simply

ST. LOUIS (AP)—The man who must sort and file it away wants to put an end to government "gobbledegook."

Dr. Wayne C. Grover, archivist of the United States, said, "If we could eliminate fuzzy prose, we could at the same time eliminate the tens of thousands of second and third letters sent to the government by puzzled and bedeviled citizens trying to get straight answers that they can understand."

He told the St. Louis chapter of the American Society of Public Administration that machinery for a "successful records program" has been developed "but we have by no means accomplished it.

Flint Minister Named

INDIANAPOLIS (AP)—H. C. Gemmer of Indianapolis was elected president of the Board of Church Extension of the Disciples of Christ yesterday. He succeeds the late Oreon E. Scott of St. Louis, who was president 26 years. Others named include the Rev. Lloyd V. Channels, Flint, Mich., first vice president.

Greenville Ice Frolic

GREENVILLE (AP) — A community ice carnival will be held in Greenville Feb. 25-26 with events open to residents of Montcalm County and Belding.

Truman, MacArthur Feud Continues to Boil With New Controversy Arising

WASHINGTON (AP)—What was the reason behind former President Truman's spectacular firing of Gen. Douglas MacArthur in 1951?

Truman says it was "open defiance" by MacArthur and that it threatened to bring on an atomic World War III.

• • •

MacArthur calls it "vengeful reprisal" because the general sought to unmask a spy ring stealing this country's top-secret military plans.

And so the continuing Truman-MacArthur controversy, involving the whole range of Far East strategy, goes into a new round with publication in a national magazine of a new installment of Truman's memoirs and a blistering 5,000-word reply by the five-star general.

• • •

MacArthur says Truman's account of the dismissal is "a labyrinth of fancy and fiction, distortion and misrepresentation."

Says Truman: MacArthur was a great soldier but he wouldn't obey orders, he was willing to risk all-out war, and so: just as President Lincoln fired Gen. George McClellan in Civil War days, "MacArthur left me no choice—I could no longer tolerate his insubordination."

MacArthur's version is that he was fired in a "savage and brutal" manner right after he demanded prosecution of a spy ring which, he said, was getting top-secret military plans sent from the Korean command.

And the general says the real story began coming to light only after British Foreign Office officials Guy Burgess and Donald Maclean disappeared behind the Iron Curtain.

"These men with access to secret files were undoubtedly links in the chain to our enemy in Korea through Peiping by way of Moscow," MacArthur asserts. "I believe my demand that this situation be exposed, coming after the Alger Hiss and Harry Dexter White scandals, caused the deepest resentment and that it probably was branded a political move to embarrass the administration."

• • •

"I have always had, and I have to this day, the greatest respect for Gen. MacArthur as a soldier," Truman says. "I had hoped and I had tried to convince him that the policy he was asked to follow was right. . . . If I allowed him to defy the civil authorities in this manner, I myself would be violating my oath to uphold and defend the Constitution. . . Gen. MacArthur had to go."

Detroit Grocer Burns $6,900 —Unknowingly

DETROIT (AP) — "It was such a stupid thing to do," says grocer Mike LaHoud.

And that's why he remained silent for 10 days before telling federal agents he unknowingly had burned his life savings in an incinerator — $6,900.

• • •

Mike, 50, who owns a little grocery in suburban Roseville, said he took the money to his store in a canvas bag on Jan. 29, laid it next to the meat grinder and waited on a few customers. While his head was turned the bag apparently fell into a box containing meat scraps.

When the box was full he dumped the contents into an incinerator. By the time he realized what he had done all that remained was a charred bag, some coins and a few scraps of paper money.

• • •

William Carlson, head of the U. S. Secret Service office in Detroit, offered some consolation. If Mike can produce enough evidence that his savings were burned, Carlson said, the government will give him all the money he lost.

Baseball Umpire Ruled Guilty, Pays $2,180.57

BELLEFONTAINE, Ohio (AP)—A Jury has ruled, in effect, that a baseball umpire has no right to hit a spectator who razzes him.

A Logan County Common Pleas Court jury awarded the spectator, Charles F. Napier, 70, of West Liberty, damages of $2,180.57 as a result of an altercation he had with Pony League Umpire Darwin Crofut, 40, Huntsville.

During a game at nearby Huntsville last June, Crofut allegedly called Napier's grandson out at third. Napier protested. A fight ensued in which Napier claimed Crofut hit him in the face.

British School Kids Know the Big Words

BIRMINGHAM, Eng. — Schoolbook phrases like "the cat sat on the mat" may be a little outdated for five-year-olds whose vocabularies include words such as "arboretum" and "summarize."

* * *

This is the conclusion of Dr. G. Burroughs of Birmingham University's Insitute of Education following a survey of 330 British school children picked at random.

Dr. Burroughs said the kids used and understood words "that one would not even imagine they know." Present-day schoolbooks, he added, seem to be "out of touch with children's actual speech."

* * *

The children selected for the test had several conversations with student teachers. The words which popped up in these talks included arboretum, summarize, tabernacle, recreation, illumination and helicopter.

Turkey Gets Bigger

ANKARA—Turkey's population, according to a census in October, totals 24,109,641, an increase of 3,162,453 over 1950. This represents an annual increase of 632,491 or 30 per 1,000 residents, a world record.

ROUGH TRIP — Don Wilson, bareback bronco rider from Wyoming, left Hell Creek for the dirt seconds after this picture was taken at National Western Stock Show, Denver.

The Pontiac Academy, established in 1833, was for three years, until 1840, a branch of the University of Michigan. This fact appear in the history of early Michigan and is reported by te Oakland Co ty Planning Commission.

Homes Sit on Lots Owned by Others

DECATUR (AP)—Some city councilmen shrugged and a few snickered, but it wasn't funny to six persons who reported their homes were standing on lots they didn't own.

In all, 10 homes might be involved, some of them 50 years old.

The fix was discovered when a surveyor decided to measure a lot he bought and found he didn't really buy that lot at all, but one next door.

When 75-year-old records were checked it was found the owners had put their homes on the wrong lots and had been paying the wrong property taxes.

Suggested Village Attorney Sheldon Rupert: "Hire a lawyer and exchange deeds until you own the land beneath your homes." The council offered to correct errors on tax rolls.

Milwaukee to End 4-Year Kindergarten

MILWAUKEE (AP)—The Milwaukee school board voted unanimously this week to discontinue kindergarten for four-year old children.

The end of the program was requested by Harold S. Vincent, superintendent of schools, who said it would make more classrooms available for older children. He said the school system is faced with a shortage of classrooms.

Bob Considine Says:

U. S. Travelers May Replace Foreign Aid

NEW YORK (INS)—People . . . places . . . things . . .

* * *

The little girl's voice came over the phone as if she were calling from Never-Never Land.

"Tim Considine is my hero," she said of the lad who works for Walt Disney. "Can I ask you a secret? How old is Tim?"

"Thirteen, I think," I said.

* * *

There was a sharp intake of breath on the other end of the line, and the voice of a young and heart-broken lady said:

"Oh . . . I hoped he was 11.

COURIOSITY HELPS

The immense couriosity of the American traveler has become a major factor in the economic health of foreign lands, says Ralph T. Reed, president of the American Express Co.

* * *

Reed believes that in time the dollar - spending traveler will replace government - appropriated foreign aid.

As it is now, Americans are spending $100 abroad for every 36 sent by the U.S. as non-military foreign aid. Last year the travel bill totaled $1,500,000,000.

Russia wants in on the deal. Its appetite for dollars is slowly but surely overcoming its brooding suspicion that a traveler must be at least partly spy.

* * *

Reed is plugging for more travel by Americans to Israel, Turkey, the Arab countries and Asia as a deterrent to Russian schemers working in all those countries.

WEIGHT IN BEEF

It you weigh 160 pounds you ate your weight in beef last year, says a flash from the National Beef Council, an organization that deals with meat statistics rather than complaints.

* * *

The average worker has to work 30 minutes to make enough to buy a pound of round steak; in 1929 he had to work 49 minutes—which must have made him a lot hungrier. If all the cattle in the U.S. were shoved into cattle cars they'd make a train 22,672 miles long.

There are no statistics on how much hamburger that would make.

Tom Daley of the phone company, a painstaking traveler, cabled an Italian hotel weeks in advance of arriving there, to reserve a room.

On the appointed day he showed up in the lobby and informed the clerk that he had a reservation. For one interminable hour the clerk searched the dusty records.

"Sorry," the clerk said. "I cannot find your reservation. But if it's a room you want, we have plenty of them."

GREAT WAR STORY

Universal-International is filming one of the great war stories of our time, the life of Col. Dean Hess, a minister of the Church of the Disciples of Christ, combat fighter pilot in two wars, and the man chiefly responsible for the South Korean Air Force.

On a bombing sweep over Germany in World War II, the bomb-releasing mechanism on Hess's plane jammed. Eventually he skook the bomb loose and to his dismay saw it hit an apartment house.

Deeply disturbed, he entered the city when it was captured and learned to his dismay that the demolished house had been an orphanage.

Hess went back to his ministry, but when the Korean War broke he was assigned to whip its little air force into fighting trim. This he did, in the course of which he flew 250 mission.

And, at last he redeemed the World Wor II bombing in his own conscience. With all the money he could raise, he established a home for Korean waifs of war.

U.S. Far East Envoys to Meet With Dulles

WASHINGTON (AP)—U.S. ambassadors in the Far East have been summoned to a conference with Secretary of State Dulles at Tokyo March 19, the State Department announced today.

The conference coincides with Dulles' visit to the Japanese capital on his way home from a meeting of the Southeast Treaty Nations at Karachi, Pakistan, in early March.

A slave state commissar was in the doghouse on a suspicion that he had deviated from the line. In traditional fashion he told his boss, "I was completely wrong. I now agree with the party's position."

"Too late, "the boss said." The party's position has changed. We now agree with your previous position. You're under arrest."

Funds have been allocated to improve street lighting in Calcutta, India.

Inspiring Movie

PHOENIX, Ariz. (AP) — A gunman held up the ticket office at a drive-in theater here while a policeman was working a few feet away as a special guard and the movie playing was "Gangbusters."

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

THE GREAT LAKES—4

Lake Huron

Lake Huron, bordered on its western side by Lower Michigan, was named for the Huron Indians who lived on its shores.

The waters of Lake Huron are very clear and contain many kinds of fish. Small islands dot the northern surface of the lake, the two most important being Mackinac and Manitoulin.

Although a huge volume of freight passes through the lake, violent winter storms make shipping dangerous in the winter.

If you want an idea of its size — 250 miles long with the greatest width about 155 miles — you can compare Lake Huron to the total area of West Virginia.

Junior Editors know Michigan's capital is Lansing. The southern sector, with Detroit as its hub, is the greatest automobile manufacturing center in the world.

Other cities where junior editors live are Saginaw, Flint, Pontiac, Midland, Jackson and Bay City.

Junior Editors pays $10 for any reader's idea that is used. Write your suggestion to "Junior Editors" in care of this newspaper; it cannot be acknowledged or returned and in case of duplication of ideas, the first submission will be accepted.

TOMORROW: Lake Erie

Twin Drugs Help Victims of Asthma

ST. LOUIS (AP) — Twin drugs which have provided clear breathing for the hay fever victim and prolonged life for the "critical list" asthmatic drew praises yesterday at a meeting of the American Academy of Allergy.

* * *

The drugs are meticorten and meticortelone. A series of experts from various cities credited them with being much more successful than older drugs in the relief of deadly types of bronchial asthma and a wide range of allergic diseases.

* * *

Dr. Bram Rose, Canadian allergist and chairman of the expert panel, summarized the reports this way:

"These new steroids are four to five times more active and more potent than either cortisone or hydrocortisone; they do not cause weight gains from retention of sodium and water as did the older drugs; and they have demonstrated in a year's widespread use that they do the important medical jobs for which they are needed."

Mature Pilots Fly Strategic Air Command

OFFUTT AIR FORCE BASE, Neb. (INS) — The flashy silk scarf and goggles have disappeared from the deadly serious business of flying U. S. Air Force planes.

* * *

There are no "90-day wonders" at the controls of the Strategic Air Command's jet-powered weapons which pack enough nuclear wallop to level any enemy target on the face of the earth. A pilot of the atomic age might put in a full four-year hitch without touching the controls of a B52, the complex eight-jet bomber known as the "long rifle" of the Air Force.

Colonel Patrick D. Fleming, deputy commander of the Strategic Air Command's 93rd Bomb Wing, Castle Air Force Base, Calif., and the first SAC pilot to fly the B52, explains that "we just can't turn a bunch of kids loose with an eight-million dollar airplane and the lives of six men. This is a serious, scientific business."

Colonel Fleming, an Annapolis graduate who flew 82 fighter missions for 19 kills from U. S. Navy carriers before he joined the Air Force, is the man who directs the training of crews to handle the biggest and speediest of Uncle Sam's H-bomb carriers.

QUALIFICATIONS

A basic requirement for a commander of a stratofortress is five years as a rated pilot before he can begin the B52 training course. He also must have at least 2,500 hours of flying time, with a good dose of four-engine or B-47 jet bomber experience.

Then he must spend 25 hours on the ground in a "simulator," a dummy B52 with an electronic brain which reproduces the cockpit conditions of takeoffs, landings, blowouts, fires, engine failures, bad weather and other emergencies—some so dangerous that attempts to duplicate the situation in actual flight would wreck the plane.

Simulated but realistic flight training also is provided for the co-pilot, the two observers who serve as bombardier - navigators, the radio operator and the tail gunner. It takes 12 weeks to train a crew to fly a B52, and the men may have been flying together as a crew in other types of planes for five or six years previously.

Because of the vast amount of training and experience needed to prepare six men for the responsibilities involved in flying a multi-million dollar piece of equipment with a wingspan bigger than the width of a football field, the problem of keeping the crew together gives the Strategic Air Command a large headache.

The younger airmen are better equipped physically for flight duty but they lack the necessary experience and responsibility. The crew members with the right amount of experience are now around 34 to 38 years old, and they "can't stand the grind" as well as the younger airmen, according to Colonel Fleming.

"It costs the government $18,000 to $20,000 to train a good Air Force technician," the Colonel adds. "Then some private industry offers him twice as much income to leave the Air Force."

OFFER BONUS

The Air Force offers a $1,500 re-enlistment bonus to keep the trained men it has, but the airmen leaving the service in 1955 alone will cost the nation two billion dollars to replace," according to an estimate by former Air Secretary Harold Talbott.

One important factor in keeping the nation's air manpower "beefed up" is that of providing a good standard of living for the family of the airman. Colonel Fleming believes that "in 90 per cent of the cases," the wife decides whether the airman will re-enlist or leave the Air Force.

In the era of the hydrogen bomb, the hand that rocks the cradle in the United States holds the strength of the nation's "Sunday punch."

Long-Range Building Plan Seen at MSU

EAST LANSING (AP)—Increasing enrollments will compel a long-range building program at Michigan State University, comptroller Phillip J. May said yesterday in a year-end financial report.

May said enrollments have continued to climb for the third straight year and this year reached 17,200. He predicted an enrollment of more than 35,000 by 1970.

May said about 25 per cent of all instruction is done in temporary World War II surplus buildings and declared there is a critical need for additional classroom and research space.

He said that a five-year capital outlay program estimated to cost 50 million dollars has been submitted to the governor.

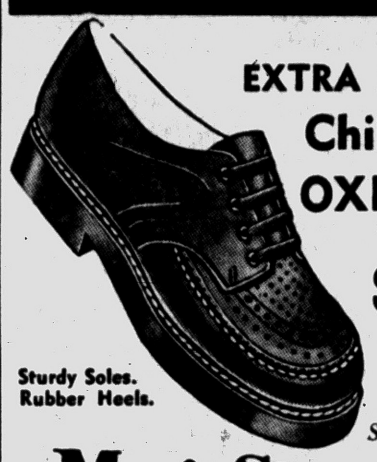

Frankenmuth Lodges Pollution Complaint

FRANKENMUTH (AP) — After a week of drinking what was described as "vile tasting, vile smelling" water from the Cass River, the village of Frankenmuth lodged a pollution complaint with the State Water Resources Board.

Public Works Superintendent Herbert Keinath said the water was safe to drink despite the taste and smell. The cause of the pollution was unknown, but it has killed quantities of fish in the river.

The village of Vassar, 15 miles upstream, has reported no trouble with its water supply which also comes from the Cass River.

Survey Reveals Doctor Apathy

Average Patient Likes Family Medico but Not Physicians in General

CHICAGO (AP)—Most people have a higher regard for their own family doctor than for doctors generally, a nationwide survey sponsored by the American Medical Assn. disclosed Tuesday.

The survey showed at least 82 per cent of the people have a family doctor and at least 85 per cent of this group believe he is different from other doctors.

* * *

In their opinion, their family doctor is superior to his colleagues in personal interest, sympathy, kindness, competence, intelligence, fair fee, friendly personality and manner, frankness and honesty.

The study was aimed at finding out what Americans think of their own doctors and doctors in general and what might be needed to improve doctors' services. It was based on interviews with 4,000 persons in various fields.

The AMA said it released the major findings of the survey. A spokesman said sidelights on the study, including details of the profession's attitude, will be made public in a week.

DOCTORS, TAKE NOTE

The survey disclosed that the things disliked most about some doctors were:

* * *

1. Their charges, interest in money (13 per cent answering the survey found this fault); 2. Don't take time, hurry too much (9 per cent); 3. Impersonal, cold, independent (9 per cent); 4. Not frank, speak half truths, dishonest (9 per cent).

A Day in the Life of the Service Station Attendant

DETROIT (AP) — Service station attendant Floyd Bendel thought the driver was low on gasoline when a car came roaring up over the curb instead of using the drive into the station.

* * *

But the car didn't stop. It plowed straight on into the pumps, knocking one off its base and bending two others at crazy angles.

The motorist than flattened an oil rack, circled the pumps again just as the middle one caught fire and drove off.

Bendel grabbed a fire extinguisher and fought the flames until firemen arrived. Then he called police.

* * *

"I didn't get the license number," he explained. "How could I? I had my hands full trying to keep from getting hit, burned alive or blown up."

Romulus Man Dies of Jan. 20 Car Injuries

DETROIT (AP)— Clyde Skelton, 51, of suburban Romulus, died in Wayne County General Hospital Tuesday after being injured Jan. 30 in an automobile accident.

Skelton was a passenger in a car that struck a utility pole at an intersection in outlying Inkster. The driver of the car, William Scott, of Wayne, said Skelton was a hitch-hiker.

Norway today has the greatest merchant marine in its history, Oslo claims.

Housework Easy Without Nagging Backache

Nagging backache, headache, or muscular aches and pains may come on with over-exertion, emotional upsets or day to day stress and strain. And folks who eat and drink unwisely sometimes suffer mild bladder irritation ...with that restless, uncomfortable feeling.

If you are miserable and worn out because of these discomforts, Doan's Pills often help by their pain relieving action, by their soothing effect to ease bladder irritation, and by their mild diuretic action through the kidneys — tending to increase the output of the 15 miles of kidney tubes.

So if nagging backache makes you feel dragged-out, miserable...with restless, sleepless nights...don't wait...try Doan's Pills...get the same happy relief millions have enjoyed for over 60 years. Get Doan's Pills today!

Packing the biggest power punch in Chevrolet truck history!

New Chevrolet Task-Force Trucks for '56!

12-Man Slate to Test Kefauver

Adlai Supporters Plan Delegate Candidates in New Hampshire Hassle

CONCORD, N.H. (AP)—Supporters of Adlai Stevenson prepared to file a politically powerful 12-member slate of delegate candidates today to challenge Sen. Kefauver (D-Tenn) in New Hampshire's first-in-the-nation presidential primary.

* * *

Their action assured an initial test of strength between Kefauver, trying to repeat his 1952 New Hampshire primary victory, and Stevenson, who has rejected the Tennessean's challenge for a showdown fight in the preference poll phase of this state's two-pronged March 13 primary.

In one phase of the primary, the voters express preference for a candidate himself. In the other, they choose delegates, either pledged or favorable to a candidate.

The slate backing Stevenson, 1952 Democratic presidential candidate, is running as favorable to him. In that category they do not need his consent, as they would if they were running as pledged candidates.

* * *

Kefauver's slate is pledged to him—with his consent.

Hear Outer Space —Tune Radios to This Frequency

FREUDENSTADT, West Germany (INS)—Want to get a message from outer space?

* * *

Well, according to the head of the U. S. Earth Satellite Program, you may be able to do just that if you're willing to build the right kind of radio receiver.

Richard Porter told a Congress of International Rocket scientists in Freudenstadt that he probably will launch six "live" satellites during the 1957-58 International Geophysical Year.

He said those interested on earth would be able to tune in on the satellites which will carry radio broadcasting units to send data back to earth.

The satellites, about the size of footballs, will be packed with various typs of instruments to record conditions outside the earth's atmosphere.

* * *

Porter said he would arrange to have amateur radio and astronomy periodicals throughout the world give their readers information on how to listen to and look at the satellites.

He made no promises about what you might receive, commenting that "possibly none" of the satellites will give good data.

* * *

The "messages" will come on a frequency of about 1,000 megacycles.

Fleeing British Hubbies Posted as 'Wanted Men'

LONDON—The names of runaway husbands who desert their families may be posted up outside British police stations as "Wanted Men."

A move to this end is being sponsored by Norman Dodds, Labor Member of Parliament for Dartford.

He is so angry about Britain's army of fugitive husbands—there are 40,000 of them—that he intends to start a campaign to trap them.

"Their names should be made public—just like murderers," says Dodds, "for desertion is almost as bad as murder, when a woman is left to lifelong hardship and misery."

It is estimated that Britain's 40,000 deserted wives cost the Exchequer $9,800,000 a year in national assistance payments.

Cover the Tops

BALTIMORE (INS)—It is no more harmful to keep food in cans than in any other open container. But to prevent loss of flavor and moisture, it's best to cover all open containers. Modern canning processes prevent food spoilage and insure that canned products stay fresh and flavorful even after exposure to light and air for a reasonable amount of time.

MEET THE PUPS — German shepherds team with airmen for night patrol at Port Austin radar base. Airman 2/c Clarence Sluder, left, commands Rex, while Airman 2/c Tom Dinsmore of Detroit leads his dog, Tarzan. Animals can be playful with their trainers but vicious as tigers with anyone else. They patrol the highly restricted 40-acre radar station.

'Beware of the Dog' Means Just That —Stay Away From Thumb Radar Site

PORT AUSTIN (AP) — Nighttime intruders don't stand much chance of penetrating a 40-acre tract of lonely land at the tip of Michigan's Thumb.

* * *

It's not just the surrounding high wire fence that keeps would-be trespassers out. The big guard job is in the capable paws and jaws of a pair of trained German shepherd dogs.

These diligent watchmen each night patrol the highly restricted radar station of the Air Force's 745th Aircraft Control and Warning Squadron.

The dogs, Rex and Tarzan, form two inseparable teams with their handlers, Airmen 2/c Thomas Dinsmore of Detroit and Clarence Sluder of Joplin, Mo.

The Michigan installation is one of seven such restricted areas in the country protected by sentry dogs.

GOOD FOR JOB

The base provost marshal, Warrant Officer Donald D. Lemon, said: "Dogs are used because with them we can do a better patrol job with less personnel. They will detect any person who might try to gain access to the restricted area."

Each dog and trainer form a team from the beginning. If the trainer is transferred or discharged from service, the dog is shipped back to Camp Carson, Colo., to be trained with another handler. If the dog dies, the trainer also must go back to Camp Carson to become acquainted with another dog.

The training period lasts 10 weeks. In that time, the dog learns the trainer is master and his commands only must be obeyed. The dog becomes loyal to only one man —his handler.

TOLERATE HUMANS

The dogs tolerate other humans, but show them no affection.

"I can clean Tom's dog and feed it," Sluder said, "but I can't go any farther with it."

Even men on the base attempt no overtures with the dogs. They don't try to pet the animals or make a false move when the dogs are near.

The dogs are taught to obey both oral and arm signals. Two types of collars are used and the dogs' personalities change with their collar.

KNOW DIFFERENCE

When the training collar, a metal chain choke type, is used, the dogs are docile. When the other collar, made of heavy leather, is slipped on, the dogs know they are going to work and become vicious.

The only punishment used on the dogs is a sharp, strong tug on the collar. Tarzan and Rex are never beaten or slapped.

Their only reward for doing a good job is a friendly pat and the words: "Good dog." They never get sweets or extra food.

* * *

The sentry dogs are kept in weathertight but unheated kennels and are fed only once a day — three pounds of mixed meat and meal.

Infant Is Strangled

PALMYRA, Pa. (AP)—Nineteen-month-old Edward Hite slipped between two horizontal bars of a full-sized bed yesterday and strangled almost instantly, reported the family physician, Dr. James Gallagher.

36 NORTH SAGINAW EATON'S OPEN EVERY MONDAY and FRIDAY NIGHT TILL 9 P. M.

U.S. Marines Prepare to Invade Thailand

TOKYO (INS) — The United States Marines sailed yesterday for one of the strangest chores in Leatherneck history—they're going to invade Siam by Helicopter.

Time: February 15—if the wind isn't too strong.

Place: Donmuang Airport near Bangkok, one of the crossroads of Asia.

Reason: To help prove the U.S. still has a little military muscle and mobility in the Far East.

* * *

The Marines, a battalion of springly youngsters, sailed from Japan aboard the Carrier Princeton which will spearhead a U. S. four-service contribution to next week's SEATO exercise.

The military has given it a name: Operation "Firm Link."

The Air Force and Army will pack in with plenty of muscle, too, but the Navy and Marines got the jump on them and the Marines—as usual—claim they will beat the Navy in.

The Leathernecks carried their trusty helicopters right along, with some 40 "choppers" strapped to the Princeton's decks. It was the start of an historic voyage for Marines who will do by air what their older brothers did by sea in assault boats.

DIDN'T KNOW MISSION

The troops—they are from Marine air group 16 and the first battalion of the Ninth Regiment—didn't know where they were going until late Monday while the Princeton lay alongside its pier at Yokosuka Naval Base near Tokyo.

"More——manuevers," was the word among the very wary.

Then the REAL WORD came: Bangkok, Thailand.

Liberty in old Siam. Dancing girls, klongs, more dancing girls.

It was hours before many of these men closed their eyes in sleeping bags spread out in the Princeton's carrier deck. Nearby were the rifles, the mortars and the whirleybirds.

Once off Bangkok, in the Gulf of Siam, the Marines will combat-load their helicopters and take off the Princeton's decks in waves for a 35-40 mile flight to Donmuang where they will hit the concrete strip.

Army airborne troops flown in from Japan will join the "invasion."

THOSE F84G's

The artillery will show off its mobility by flying in two "Honest John" rocket launchers—guns big enough to fill the belly of a C-124 Globemaster.

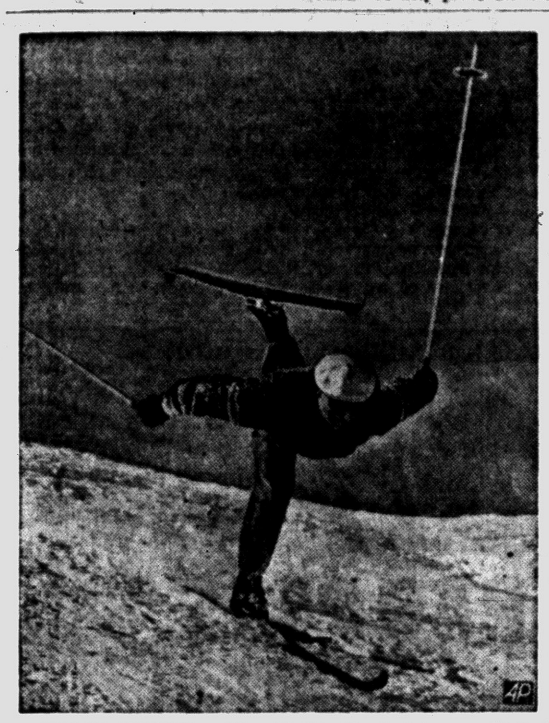

The Air Force is sending from Okinawa a squadron of F84G fighter-bombers, a weapon that Asians know can carry and deliver atomic bombs.

These forces are among the elite of what the U.S. maintains in Asia.

They are going in to impress other SEATO nations that the United States is not the pushover the Chinese Communists would have them believe, that SEATO can be more than five euphonious letters.

* * *

They also hope to impress non-SEATO nations like India and Burma that American policy, to deter war by being prepared to fight if necessary, is more than an echo from Washington.

ONE IS A SPARE — Hans Nogler, the Austrian ace who's a regular at Sun Valley, Idaho, has been known to glide almost all the way down Dollar Mountain on one ski.

Nine Bids Submitted on Grade Separation

The Jutton-Kelly Co. of Dearborn yesterday bid a low price of $217,480.15 for construction of the Telegraph Rd.-Orchard Lake Ave. grade separation and is expected to be awarded the contract for the project.

Nine firms bid yesterday in Lansing for the job including J. A. Fredman, Inc. of Pontiac who was third lowest bidder with $225,898.52. State estimate was $240,000.

City Manager Walter K. Willman, present at the bidding, said the state set a Dec. 19, 1956 completion date for the project. He expects work to begin soon after the contract is awarded.

The separation will cost $500,000 with the federal government paying half and the city and state paying $125,000 each. The cost is exclusive of the right-of-way expenses, Willman said.

Milan Has Escalators

MILAN — The railway station here now boasts two new escalators. They are the first of their kind to be installed in the country's rail terminals. The escalators have a capacity of 8,000 persons per hour and will relieve passengers of the two-flight walk from the train level to the streets.

New Cream Deodorant Proved 1½ Times As Effective Against Perspiration and Odor

Hennings' Move to Probe Senators Regarding Gifts in Gas Spat Unappealing

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—Is it a crime if you give a senator $2,500 for his re-election campaign? Not if your only purpose is to help him get re-elected.

You can, under law, contribute up to $5,000 if that is your purpose and the money is for use in a general election. There's no limit on what an individual can contribute for a primary election campaign.

* * *

It would be a crime if your real purpose—which might be very hard to prove—is to influence the senator's vote on some bill in which you are interested. That would be bribery.

* * *

And it is a crime for a corporation to contribute directly to a senator's political campaign—in a primary or general election—although it is all right for officials of the company to contribute as individuals.

These questions hover over the disclosure by Sen. Francis Case (R-SD) that a stranger—who later proved to be John M. Neff, small-town Nebraska lawyer—had contributed $2,500 to a campaign fund for Case's re-election this year.

VOTE INFLUENCE?

Case, saying he spurned the money, indicated he thought it was intended to influence his vote on the bill to free natural gas producers, including big oil companies, from direct federal control of their prices.

* * *

Case said Neff, who had been registered last year in Nebraska as an oil company lobbyist, had made references to Case's stand on the gas bill before turning the money over to a mutual acquaintance. Until that happened, Case said, he had been inclined to vote for the bill which the Senate later passed. He voted against it.

* * *

Neff, whose home is in Lexington, Neb., has denied any intention of influencing Case's vote on the gas bill. He said no strings were attached.

He has not disclosed where he got the money to give a senator he had never met, saying a confidential relation with his client is involved.

REELECTION STATUS CLOUDY

It is not yet clear whether Case will face a Republican opponent in a primary election or whether he will go into the general election directly against a Democrat next November.

Case's statements have set off at least one, and perhaps two, Senate investigations. The Senate yesterday unanimously voted to set up a special four-man committee to look into the matter.

* * *

This committee, headed by Sen. George (D-Ga), plans to limit its inquiry strictly to the one situation caused by Case's disclosures.

* * *

Sen. Hennings (D-Mo), chairman of a regular Elections subcommittee, wants to investigate too. Hennings says he wants to make a broad investigation of oil and gas corporations, perhaps questioning other senators.

The Senate so far has shown little enthusiasm for the direction Hennings wants to take.

The rare bird is looking for grubs and worms, and judging from the number and size of the holes that tree must be full of his favorite food. The bird has been around the area for months, riddling two trees full of holes.

"I Have No Hatred . . . I Merely Wanted an Education"

Negro Girl, Stoned From University, Tells Ambitions

(Here, in her own words, is the story of Autherine Lucy, the 26-year-old girl whose admission to the University of Alabama as its first Negro student touched off riots at the University and her temporary suspension.)

By AUTHERINE J. LUCY
(Distributed by INS)

I'm a humble Negro girl, not a crusader. But I will not turn back now that the fight has begun.

God knows that I didn't intend to cause all this violence and agitation among my fellow citizens and fellow students. I merely wanted an education—the best education possible.

I will keep fighting until I get one.

* * *

At the University of Alabama I tasted the goodness of the honey not afforded my race. I was in a world where I was not wanted but where I feel I should have a place.

They stoned me and cursed me. They burned me in effigy. But they did not discourage me. I intend to see that others of my race have a place beside me in that world.

Of course, I am frightened by it all. But then my whole life has been filled with fear—fear of growing up to be a nobody.

My father was a poor tenant farmer in Shiloh, Ala. He worked hard to raise five sons and four daughters. I am the youngest.

He couldn't afford much of an education for any of us. He kept telling us to be happy and live in our own world. But I couldn't see why we had to.

As I grew up I saw so many things being hoarded from me because of my color. I felt it was unjust. I felt I should at least have a part of the good things in life.

* * *

My first aim was to become a stenographer. I worked hard in one of our segregated high schools studying short hand and typing. After graduation I got a job as a secretary.

But I again felt that wasn't enough. I wanted to do something to help other human beings, not only Negroes but all races and creeds. So, with the little money I had earned I entered Miles College in Birmingham. For four years I majored in English.

Only after graduating from Miles in 1952 did I decide to go even further with my education. I made up my mind to do undergraduate work in library studies. I hoped some day to become a librarian in a public library.

At first there seemed to be nowhere to turn. But I had made up my mind.

* * *

On Sept. 20 of that year, I applied for admission to the University of Alabama. I realized there was no way I could better my education in any of our schools.

They politely turned me down.

That was when my battle began. After more than three years of court fights, I finally was accepted. I owe much to my attorney, Arthur Shores of Birmingham.

HUMBLY GRATEFUL

He opened the doors for me. I was humbly grateful for the prestige involved in being admitted to so fine an institution of higher learning.

But, honestly, I had no idea of what the future held in store. I heard rumors that the students were campaigning against me. I guess I didn't take them seriously.

Last Friday was my first day at classes. The Rev. Alford, pastor of the Sardis Baptist Church in Birmingham, drove me to the school in Tuscaloosa, 55 miles away.

We arrived shortly before 9 a.m. I walked into Smith Hall to attend the geography class. I was met with hateful stares. As I sat down in a front seat, several students moved away.

No one talked to me. I was ignored by everyone. But I told myself I came for an education, not to make friends if they wouldn't have me.

Only the salesman in the college book store spoke kindly with me. He said he realized my position and wished me luck.

I felt so alone as I walked through the campus that day. Everyone passed me by without a word or just stared at me until I shook. But I knew I was lucky to be here and that made me feel good inside.

The next day, Saturday, I had only one class. It was a little better. Several of the coeds smiled at me. One even asked my name.

Monday was a day I'll never want to live through again.

* * *

When I arrived on the campus, I saw a large crowd in front of Smith Hall where I was to attend geography class again. It never occurred to me that they were waiting for me.

There were several policemen there too. I just said "excuse me please" and walked into the building. Perhaps they didn't see me go by for some reason.

'AUTHERINE GOTTA GO'

There weren't many students in class. As I looked out the window I saw the crowd getting larger. Suddenly they began chanting:

"Hey, hey, ho, ho, Autherine gotta go."

When class ended, Mrs. Healy, the dean of women, came up to me and told me the mob outside was growing violent. She feared for my safety.

Then she and Mr. Bennett, assistant to the president, escorted me to a waiting car. We didn't quite make it.

The students saw us coming and began throwing rocks, dirt and eggs. One rock broke through a window in the car. I crouched on the floor.

We drove quickly away and circled the campus. When we reached the College of Education and Library for my other class, the mob was on us again.

* * *

Before I could run into the building I was hit in the back with an egg. A big rock just missed my head. Some students in the crowd were cursing me.

I don't think I was ever so frightened before in my life. I shook for five minutes before I could get control of myself.

After that class I was not permitted to leave the building for my own safety. I could still hear the crowd outside yelling angrily. Sometime later I was escorted back to Birmingham by the state police.

Yesterday I received a telegram from the board of trustees of the university. It stated in part:

'FOR YOUR SAFETY'

"For your safety and for the safety of the students and faculty members of the university, you are hereby suspended from classes until further notice of the board of trustees."

Mr. Shores has already started proceedings to have me reinstated. As I said before, I am a bit frightened, but I intend to go on.

I have no hatred in my heart for any of those who have demonstrated against me. I fully understand it is prejudice—the old traditions which I now feel must be broken.

I have asked the good Lord to help those people understand that I do not wish to intrude in their lives. I merely want what I feel is there for all of us.

I want the rights and freedoms of my fellow citizens.

Don't Pronounce It

WASHINGTON — Triethylene thiophosphoramide is the new drug used on a patient in Washington, D. C.'s Garfield Memorial Hospital as treatment for breast cancer. Highly successful, doctors hope the new drug will control some forms of cancer.

Europe's largest steam turbine works are planned for Larne, Northern Ireland.

Caracas Cable Road Costs $10,000,000

CARACAS, Venezuela — A 14-story hotel is being built atop nearby Avila Mountain. 7,000 feet above sea level, and will be accessible from Caracas only by means of a cable railway.

The railway, more than 11,000 feet long, is the longest in the Western Hemisphere and cost $10,000,000. From the main line two other cable lines will link Avila's peak with nearby mountains and a third will connect with a beach resort.

* * *

The Caracas-Avila line will have 14 cabins, each holding 28 passengers. The cars will run 15 miles an hour, fastest in the world for this type of conveyance.

Union Blacklists 9 GOP Solons

AFL-CIO Leaders Tag Senators for Opposition During Fall Elections

MIAMI BEACH, Fla. (AP)—Leaders of the combined AFL-CIO today were reported to have tagged nine members of the Senate for organized labor opposition in the fall elections.

The nine, all Republicans, were reported to be Senators Duff (Pa), Capehart (Ind), Thye (Minn), Kuchel (Calif), Welker (Idaho), Goldwater (Ariz), Millikin (Colo), Wiley (Wis) and Butler Md).

* * *

AFL-CIO leaders participating in winter meetings here also were reported to have decided to support Sen. Morse (D-Ore), but to withhold any organized labor support in the prospective Senate race in Ohio between Gov. Frank Lausche, Democrat, and Sen. Bender (R-Ohio).

* * *

These preliminary appraisals of key Senate races in next autumn's elections were reliably reported to have been made at a meeting of the newly merged AFL-CIO Committee on Political Education.

* * *

AFL-CIO President George Meany denied to reporters that the meeting had been concerned with individual political races or that any 1956 union political spending budget had been discussed.

It was reported later that those attending the committee were supplied with copies of an analysis of prospective congressional races with "black marks" indicating congressional members marked preliminarily for labor opposition.

* * *

It also was reported that spending approaching three million dollars was proposed or nearly double the $1,600,000 total of former AFL and CIO national voluntary and assessed union political funds spent in 1954, their peak spending year.

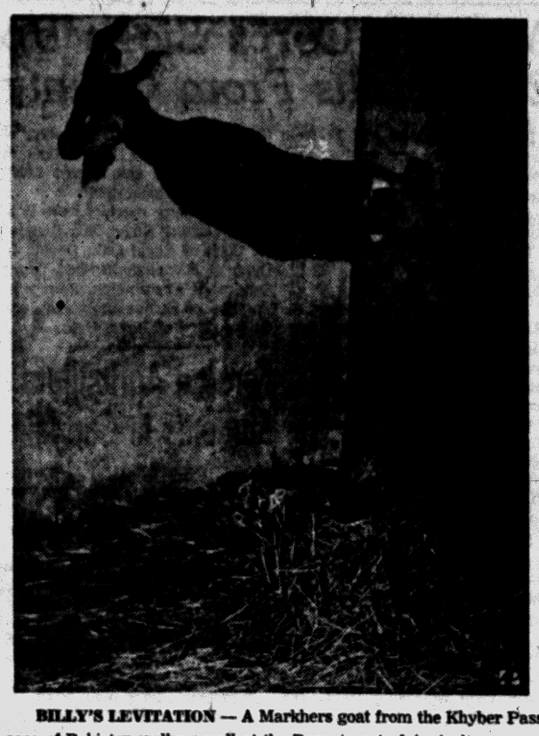

* * *

Copies of the proposed budget also were distributed, with cautions to keep them secret.

Some favorable comment in behalf of Kuchel was understood to have been made, based on a vote the California senator made for building trades union legislation last year, but the general reaction was one of disfavor.

Miner Buried Alive

SHAMOKIN, Pa. (AP)—Peter Wydra, 34, cheated death in a cave-in at a coal mine near here two years ago, but yesterday his luck ran out. Another fall of rock and timber trapped him and Peter Karwarehi, 48, the father of nine, in the same 150-foot-deep pit at desolate Boyer's Knob. Both were killed.

Williams Offers Ten Proposals

Juvenile Delinquency, Welfare, Housing Ideas Given in Message

LANSING (AP)— Here are some of Williams' recommendations on welfare, juvenile delinquency and housing as contained in his introductory message today to the Legislature.

The proposals include:

Relocation of the boys vocational school in Lansing to another site away from urban areas.

Construction of a new residential unit costing $384,000 at the girls training school in Adrian.

Approval of a $48,000,000 budget for the Mental Health Department.

Expansion of training programs for social workers, clinical psychologists and psychiatrists.

Extension of the time limit on the state's program of furnishing free polio vaccine to qualified groups.

An appropriation of $150,000 to finance about one-third the cost of 10 medical service centers in rural areas.

Authorizing the State Health Department to set standards and regulations to curb air pollution.

Increasing the minimum old age assistance allowance to $80 a month and $90 for persons under hospital or convalescent care.

Establishment of a study commission on housing.

Appropriation of $609,468 to establish three new child guidance and adult clinics.

Jury Accuses Felon

MARQUETTE (AP)—A coroner's jury ruled Wednesday that Daniel B. Bousha, 31, Marquette Prison inmate, fatally stabbed Herbert Lewis, 42, last Saturday as the two convicts were going to breakfast.

Prosecutor George E. Hill said he would decide later what charge to place against Bousha. Lewis, of Detroit, was serving 15 to 30 years for rape. Bousha, of Milwaukee, had been transferred to Marquette following an escape plot at Southern Michigan Prison in December of 1953 that led to kidnaping charges.

Hold 4 in Liquor Theft

EAST LANSING (AP)—Police held four teenage boys today for investigation in the theft of several bottles of liquor which police said was sold to Michigan State University students leaving for the Rose Bowl football game. Police Chief Charles F. Pegg said some of the liquor turned up in the hands of students at a high school dance during the Christmas holiday. The liquor was taken Dec. 7 from the home of John Schlinker. Officers said two of the youths stole the liquor and the other two sold it.

SIGNS UP FOR COLLEGE—First of the students to register for the University of Michigan off-campus college course which started last night at Washington Junior High School is Laura Mahan of 7 Prall St. Giving assistance in the choice of courses are, left, Ardell Henry, UM field supervisor for the Pontiac area, and Dr. James Squires, instructor of the English Drama course held Wednesday nights. A course in "Principles of Speech Correction" begins at 7:30 tonight, and other courses will start through Feb. 21. All courses are for college credit.

Terrified Mom Flees Car Driven by Detroit Kidnaper

DETROIT (AP)—A youthful kidnaper was sought today by police who said he forced a 42-year-old mother to accompany him at gunpoint on a drive through northwest Detroit yesterday.

* * *

Mrs. Beatric Jacob, wife of a prominent Detroit real estate broker, said she escaped unharmed from her abductor after 45 minutes when he stopped for a traffic light. She ran through heavy traffic to a store from where she called police. The kidnaper fled in her car.

Mrs. Jacob told Dte. Lt. Harold Brownfield the youth forced his way into her car as she waited for a traffic light near West Grand Boulevard and Woodward. She said he ordered her to drive him to Eight Mile Rd. and Grand River where he was to meet another man, then drive back downtown to the Penobscot Building.

The youth silenced her screams, she said, by showing the handle of a gun he carried in his pocket. The youth took over the driving after they had gone a few blocks.

"Several times during the trip I asked to be let out," Mrs. Jacob said, "but he said 'no' and threatened to shoot me if I tried to escape."

PLANNED HOLDUP

Brownfield said the youth told Mrs. Jacob he and his companion planned a holdup. When his accomplice failed to show at the rendezvous, the gunman wheeled the car around and returned toward downtown.

"He told me his friend would probably meet him at the Penobscot Building,' Mrs. Jacob said. "I asked him what he was going to do if his friend was not there. He told me if that happened I was going to help him pull a holdup."

"I decided then and there I had better get out of that car whether he was going to shoot me or not," she said.

Mrs. Jacob, mother of a 16-year-old boy, and a 12-year-old girl, told Brownfield the youth made no attempt to molest her. He did not ask for her purse or jewelry.

Gar Wood Workers Call Protest Strike

DETROIT (AP) — Afternoon shift workers at the Gar Wood Industries Inc. plant in Wayne walked off their jobs yesterday after two plumbers were sent home for what the company said was refusing to install plumbing equipment made by the struck Kohler Co. of Wisconsin.

Workers at the Gar Wood plant are members of the United Auto Workers Union. The UAW has been conducting a lengthy and bitter strike at the Wisconsin plumbing ware firm.

The company said it expected work would resume today. Gar Wood makes marine equipment and truck bodies.

Dearborn Man Killed

DETROIT (AP)—Myles Saltzer, 35, of Dearborn was killed Wednesday night when his car smashed into the rear of a truck stopped at a traffic light in Detroit.

Egypt Accepts U.S. Aid on Dam

Expects Work to Start in 1957 as Top Officials See Score Over Reds

CAIRO (INS) — The West appeared today to have won a tactical victory over the Soviet Union with Egypt's acceptance of financial aid in building the Aswan Dam.

* * *

The government and a delegation from the International Bank for Reconstruction and Development promised a formal statement later today. It was expected to confirm the success of negotiations between Bank President Eugene Black and Egyptian officials.

Black has been in Cairo for the past ten days negotiating the financial details which will virtually assure Egypt sufficient dollar exchange to start work in 1957 on the world's biggest dam.

The agreement is expected to include a bank loan of about $200,000,000, and the U. S. and Britain reportedly will provide $70,000,000 for the initial construction stages.

The project to harness the Nile some four miles south of Aswan in southern Egypt is expected to take 10 to 15 years to complete and cost an estimated $1,300,000,000.

* * *

It is the backbone of Premier Gamal Abdel Nasser's revolutionary program to pull Egypt out of its poverty-stricken past by providing arable land for the fast-growing population and the electric power for a modern economy.

Company Fires Striking Women

Workers in Kalamazoo Refused to Use Special Visor Safety Hats

KALAMAZOO (AP) — Some 125 women employes at the Sutherland Paper Co. were out of a job today for picketing the plant in protest against a company order to wear visor safety hats on the job.

* * *

The company fired the women last night, contending they had fostered an "illegal strike" that has virtually halted production at its Kalamazoo plants for the past two ways. Some 3,600 workers are idled.

Earlier, the company filed notice in Circuit Court of a $350,000 breach of contract suit against the United Paper Workers of America. The union represents the workers.

The union has agreed the strike was unauthorized, but Harry Sayre, international president, said in a telegram to the local union yesterday that "the company must assume full responsibility for this dispute."

He attacked the company for "its refusal to bargain, its unilateral change of working rules and working conditions and its refusal to accept the employes reporting for work."

More than 700 women workers walked out last Friday when the company ordered them to wear the visor hats instead of hairnets. the women protested the visor headgear gave them headaches and were unattractive.

* * *

The company contended some women wore "invisible" hairnets which made it difficult to determine whether their hair was protected as required by safety regulations.

Short Circuit Disturbs Firemen's Beauty Rest

ROMULUS (INS)—A 20-minute blast on the firehouse siren early today awakened residents of Romulus village and the surrounding township.

Volunteer firemen rushed to the station only to find there was no fire.

The Wayne County sheriff's office said the siren blast was caused by a short circuit created when electric wires on a utility pole burned.

Fund Raisers Confer

DETROIT (AP)—More than 1,000 fund raisers from across the country gathered today for the biennial conference of Community Chests and Councils of America (CCCA). They represent the volunteer and professional groups which last year collected 340 million dollars in United Fund and Community Chest campaigns. Detroit's Mayor Albert E. Cobo and Benson Ford, chairman of the 1955 torch drive in Detroit, are among the scheduled speakers.

Marine Corps Signs Up 28 Recruits From County

Nine Pontiac men and 19 from the County were among 34 who enlisted in the U.S. Marine Corps through Pontiac's recruiting station last month, M.Sgt. Ishmeal Powers said today.

The new Marines left for basic training in San Diego, Calif., M.Sgt. Powers said.

From Pontiac were Robert B. Alderman, Jr., 47 Perkins St.; Gerald R. Cummings and Harold R. Cummings, 482 E. Kennett Rd.; Richard C. deBerger, 144 E. Rundell St.; Louis G. Garner, 246 E. Highland Dr.; Charles A. Gathany, 1232 Cherrylawn Dr.; James R. Lemon, Jr., 468 S. Telegraph Rd.; Charles W. Penny, 22 Bellevue St.; and Hurshel R. Taylor, 93 Auburn Ave.

County volunteers are Sherman L. Ellis, of Orion Township; James H. Hunter, of Bloomfield Township; Robert Marchbanks, of Waterford Township; Arlan F. Partello, of White Lake Township; and Fred D. Sanders, of Waterford Township.

Also from the County were Cecil L. Warden of Drayton Plains, Lyle E. Ellis of Oxford, Gerald J. Girard of Milford, Ronald K. Johnson and Donald K. Johnson of Commerce, James K. McIntyre of Rochester, Roland L. McLennan of Keego Harbor, and Bonnie Colon Murphy of Rochester.

Other County recruits were Robert R. Barr of Royal Oak, Douglas W. Cook of Royal Oak, Donald L. Dunn of Birmingham, Odd Georg Soheim of Farmington, James H. Traynor of Birmingham and Jack G. Woodard of Royal Oak.

Foreign Agriculture Students in Capital

WASHINGTON (INS) — A group of young farmer trainees from foreign countries will "rubber neck" their way about Washington today visiting historic sites.

The contingent of 78 young farmers from Denmark, France, West Germany, the Netherlands, Norway, South Africa and the United Kingdom recently just completed a year on American farms learning about U.S. agriculture.

Tomorrow they will visit the Voice of America to make recordings for overseas broadcasts. They leave the capital Saturday for their native lands.

January Free of Road Fatals

No Deaths Recorded on City Streets During Bad Driving Weather

No fatal traffic accidents occurred during January, one of driving's worst months, according to a summary from Pontiac Police Traffic and Safety Bureau.

There were 123 traffic accidents, the summary states, with 47 persons injured, eight of them pedestrians.

At this time last year, two persons had died and 42 were injured in 110 accidents.

So far in 1956 there have been 96 two-or-more-car collisions. Automobiles rammed trains four times and struck fixed objects 14 times.

In two of the accidents drivers were arrested for drunkenness. Thrity-three accidents were attributed to failure to yield right of way; 20 to following too closely; nine to running red lights; and five to speeding.

Four of the pedestrians were struck while crossing in the middle of the block, the summary states.

Cranberry Cocktail Peps Up Appetites

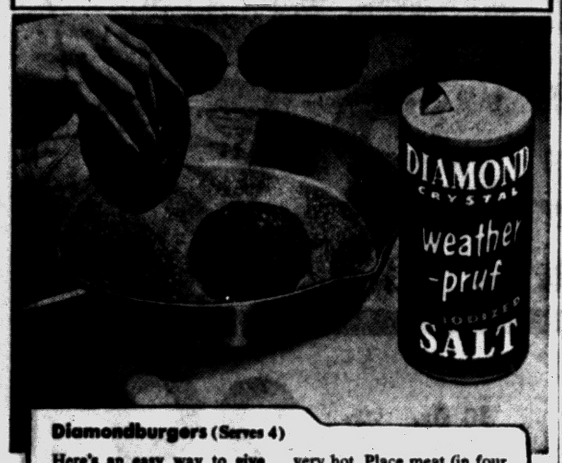

Cranberry juice served as an appetizer with a dash of lemon juice is nutritious, perks up appetites and aids digestion.

To make 1 quart of cranberry juice cocktail at home, cook 2 cups fresh cranberries and 3 cups water until berries are soft. Strain through cheesecloth without squeezing.

Then boil juice and one-half cup sugar for three minutes, stirring until sugar is dissolved; add 2 tablespoons lemon juice and chill.

Measurements of a pan, as given in recipes, are for the top inside dimensions of the pans. Depth is the vertical depth—not the length of a sloping side.

Make hamburgers taste charcoal broiled just by cooking in Diamond Crystal Salt!

Diamondburgers (Serves 4)

Here's an easy way to give hamburger a charcoal-broiled crust and taste—just with pure Diamond Crystal Salt. You need:

1 lb. ground beef
Diamond Crystal Salt

Cover bottom of frying pan with a very *thin* sprinkling of Diamond Crystal Salt. Place on high flame until salt gets very hot. Place meat (in four thick patties) in pan. Cook on each side until crisp crust forms and meat is done the way you like it. You need no grease, no other seasoning.

Diamond Crystal Salt keeps meat from sticking—brings out *all* its full, rich flavor without making it too salty! *Diamond is a cook's best friend!* PLAIN OR IODIZED

VALENTINE PIE — Mince pie a la mode — a quick way to a man's heart, whether he's husband or beau. And an easy way for a girl to win her way, too, for the pie is a sure success. Even the inexperienced cook will have no trouble with ready-to-use mincemeat.

Star Festive Chowder at Weekend Breakfast

Weekend breakfasts should be more leisurely than those served on the other five mornings of the week. Tempt the family to linger longer 'round the table by presenting this festive chowder accompanied by hot biscuits, eggs scrambled with croutons and whole fruit.

• • •

Combine one can each of condensed cream of celery soup and clam chowder with an equal amount of top milk. Heat gently; do not allow to boil. Ladle piping hot into generous bowls and sprinkle with paprika and chopped parsley. Makes six servings.

Recipe Pledges Sure Success

Cider Gives Unusual Flavor to Condensed Mincemeat

Hearts and flowers are all very well for decorations at a Valentine's Day party. But mince pie a la mode is a quicker way to a man's heart in this leap year of 1956 than all the pretty fol-de-rol of the poets.

So whether you're planning a special dessert on Feb. 14 as a husband pleaser or a beau teaser, you couldn't do better than to choose an open-faced mince pie—heart shaped, if you wish, topped with ice cream.

• • •

One 9-ounce condensed package or a 28-ounce jar of ready-to-use mincemeat gives a filling that is always delicious. It takes only a few minutes to prepare it for the pie.

To give a novel taste to the pie use cider instead of water with the condensed mincemeat.

Valentine Mince Pie

1 9-ounce condensed package mincemeat
1½ cups water or cider
3 tablespoons sugar
1 recipe pastry

Break condensed mincemeat into small pieces. Add water and sugar. Place over heat and stir until lumps are thoroughly broken. Broil briskly for one minute. Cool.

Line an 8-inch pie plate with pastry. Fill with prepared mincemeat. Bake in hot oven (425) until crust is golden brown.

New Potato Flakes Coming to Market

MADISON, Wis. (INS) — Potato flakes that will make mashed potatoes as fast as you can add hot water or milk to them are headed for your market basket.

• • •

So report U. S. Department of Agriculture workers at the University of Wisconsin.

The workers said a new pre-cooking step accounts for the development. The texture of the new mashed potatoes can vary from mealy to creamy and smooth.

To make the flakes, potatoes are pre-cooked at a simmer point and then brought to the boiling point. Then the mixture is mashed and fed into a steam-heated drum drier.

As the drier turns, the potato spreads over the surface and forms a thin sheet. The sheet is broken into flakes which then are ready to be used.

A pinch of cinnamon added to hot chocolate or cocoa increases the flavor of the chocolate.

SHOW-YOU-SAUCE

"This instrument makes sure that your baby gets tender peas"

says Connie Clausen on the DR. SPOCK TV Program

"Wherever babies are concerned, nothing is ever left to chance at Beech-Nut. For example, they use this machine, a Tenderometer, to test peas for tenderness right in the field. Peas that don't measure up to strict standards are not picked for Beech-Nut Strained Peas. They're that fussy about all the baby foods they produce. I've watched them."

See DR. SPOCK on TV presented by BEECH-NUT BABY FOODS

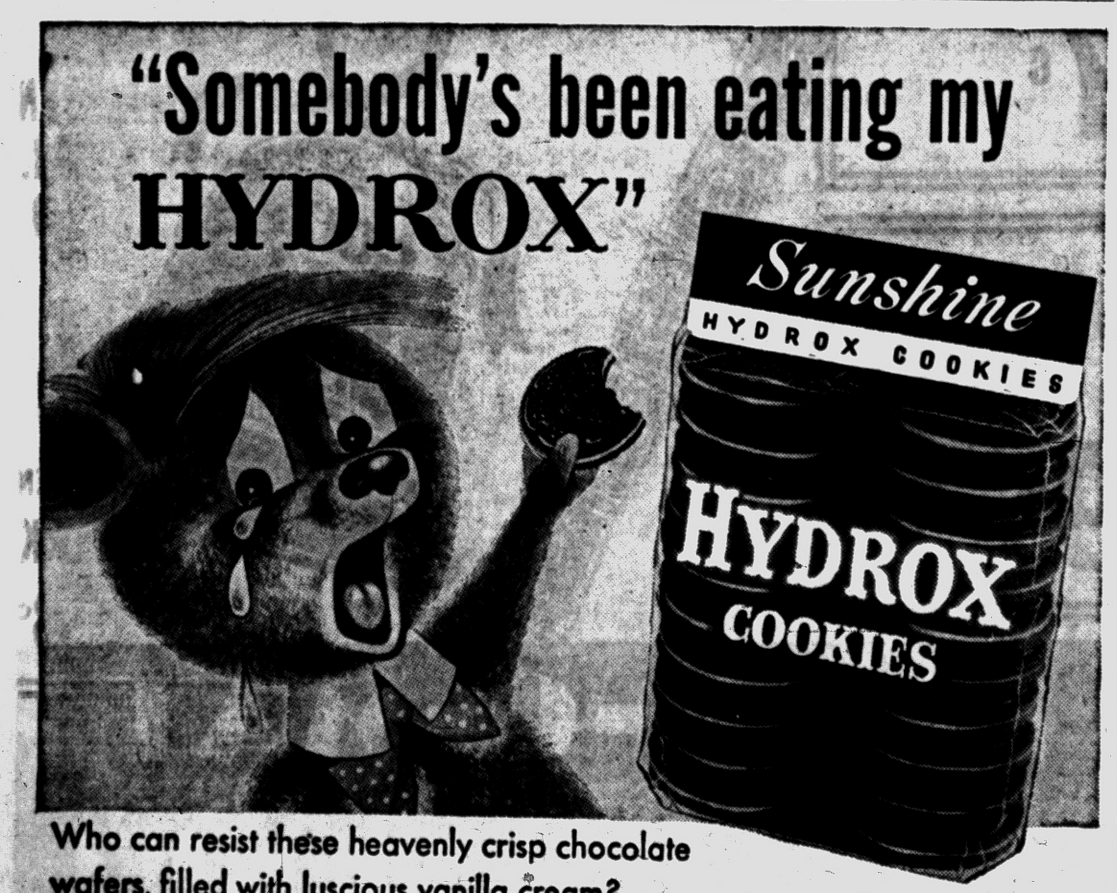

Lenten Dish Blends Macaroni, Salmon

Lenten meals are no picnic to plan . . . unless you keep a few choice recipes up your sleeve. This is an example of what we mean:

Cook 1 cup (4-ounces) macaroni (elbow or broken) according to package directions. Drain and reserve. Combine 1 can (1¼ cups) condensed cream of asparagus soup and two-thirds cup evaporated milk. Stir in macaroni and 2 cups drained flaked salmon (1-pound can). Next mix in one-fourth cup chopped pimiento and one-half cup shredded Cheddar cheese.

• • •

Turn into a greased 1½-quart casserole. Sprinkle one-half cup more of same cheese on top. Bake in a moderate oven (350) about 25 minutes. If desired, garnish with additional pimiento. Four generous servings.

Who can resist these heavenly crisp chocolate wafers, filled with luscious vanilla cream? That's HYDROX, the ORIGINAL cream-filled chocolate cookie!

Rehearsal Dinner Offers Preview of Lenten Fare

By JANET ODELL
Pontiac Press Home Editor

Many of you readers are facing the prospect of six weeks with many meatless days. What can you do to relieve the monotony of such meals?

* * *

We think Mrs. Allen Monteith found the answer when she entertained at a rehearsal dinner for a bridal party. All of the guests had to exclude meat, since it was Friday.

Their hostess managed to set out an interesting and attractive buffet supper with a variety of dishes.

For main dishes she prepared Rice Nut Loaf, Macaroni and Cheese, Salmon Loaf, and Lima Bean Casserole.

For salads she made a tossed salad and four molded salads, including one with shrimp, two with cottage cheese and one with black cherries. Hot rolls, assorted tartlets and coffee rounded out this unusual menu.

A good many years ago the recipe for Rice Nut Loaf appeared in The Pontiac Press. It is such a good, hearty meat substitute that it bears repeating for anyone who doesn't have the recipe.

Rice Nut Loaf

2 green peppers
5 tablespoons butter or margarine
1 onion
½ cup water

Chop vegetables and cook five minutes in butter and water.

2 cups (½ pound) chopped pecans
1 small can pimento
½ cup milk
1 cup undiluted evaporated milk
4 eggs, beaten
4 cups cooked rice (½ pound)
Salt and pepper

Mix all ingredients together, seasoning to taste. Bake in a greased baking dish 9x13 for one hour in a slow oven. Makes 12 generous servings. Serve with mushroom sauce.

The recipe Mrs. Monteith used for the Lima Bean Casserole was one Mrs. Karl Bailey shared with us in the recipe column just before Christmas. It is unusual and perfectly delicious.

Her salmon loaf recipe is also a little different from the ordinary. That recipe, from Mrs. Jack Garrett of Detroit, was in the paper in 1953.

Salmon Casserole

1 large can good red salmon
2 eggs, beaten
1-3 to ½ cup bread or cracker crumbs
1 cup milk
1 small onion

Slice onion in bottom of greased casserole. Mix the rest of the ingredients and pour over the onion slices.

Sprinkle paprika on top, cover and set in a pan of hot water. Bake in 350-degree oven for one hour; remove cover and continue baking one more hour. Serves six.

We shall publish the recipe for the molded shrimp salad soon. It is very good to serve for a luncheon or a late evening snack.

Throughout the next six weeks we'll try to bring you many new Lenten dishes. You can feed your family well and interestingly without meat.

Add half a teaspoon of almond extract to a package of thawed frozen sliced peaches; serve over packaged vanilla pudding or a baked custard.

LINCOLN LOGS — February is the month of celebrations. Honor Honest Abe with edible Lincoln Logs. Plump red cherries and a sprinkling of powdered sugar dress up rich French pancakes. You can also use this recipe on Shrove Tuesday which is a traditional pancake day.

Pancakes Form Lincoln Logs

Here is a versatile dessert that will be appropriate for many of the coming holidays. They're called Lincoln Logs, but the cherry filling could easily celebrate Washington's birthday.

Pancakes are traditional for Shrove Tuesday, and wouldn't this rich batter be a novel change? If you prefer for this date, top the pancakes with preserves, sweetened hot canned apple sauce or heated crushed pineapple.

Use your ingenuity and surprise the family.

Lincoln Logs

¾ cup flour
½ teaspoon salt
1 teaspoon baking powder
2 tablespoons powdered sugar
2 eggs, beaten
2-3 cup milk
1-3 cup water
½ teaspoon vanilla
½ teaspoon grated lemon rind (optional)

Sift flour; resift with remaining dry ingredients. Make a well in the sifted dry ingredients and pour in liquids, lemon rind and eggs all at once. Stir. Ignore the lumps.

Heat a skillet. Grease it with a few drops of oil or shortening. Add a small amount of batter, about one-quarter cup.

When the bottom browns, flip. Reoil skillet before making the next one. Makes eight pancakes.

Spoon a generous amount of Cherry Sauce onto the middle of each rich French pancake. Roll the pancake around the sauce, and secure with a toothpick.

Bacon-Cheese Filling Sparks Dinner Rolls

Dinner rolls make news and good eating with a bacon-cheese filling. Take a package of six brown 'n' serve rolls. Brush melted butter over tops of rolls. Make a lengthwise cut in the top of each roll.

Combine 2 tablespoons snappy cheese spread and 1 teaspoon teaspoon cheese mixture in each cut. Bake in a greased shallow pan in a hot oven (400 degrees; for 12 minutes. Serve immediately.

Serve Variation of Cornbread

At afternoon coffee time, brunch or the breakfast hour, cornbread and generous cups of the steaming brew are always greeted with delight.

This cornbread is special, decked out with chopped peanuts and crumbled bacon. The coffee is its familiar self — fresh, hot and very, very welcome.

Cornbread Triangles

1 package corn muffin mix
¼ teaspoon baking soda
⅓ cup buttermilk
1 egg
5 strips bacon, cooked crisp
⅓ cup chopped salted peanuts

Combine corn muffin mix and baking soda and mix well. Add buttermilk and egg. Mix lightly until just blended.

Turn into greased jelly roll pan, 15x10 inches square and 1 inch deep. Crumble bacon and scatter over top of batter with chopped peanuts.

Bake in hot oven (400) 10 to 12 minutes or until brown. Cut into triangles and serve hot with butter and honey-in-the-comb.

Flavor Crumb Topping

Keep them guessing! What gives the bread crumb-topped casserole dishes a distinctive flavor? The secret is to use soft bread crumbs from fresh bread and add a generous amount of grated Parmesan cheese. It is made to order for breading fish, chicken, veal or eggplant, too.

Lebanese Banquet

When your hosts trot out the arrak and maza in Lebanon, you are in for a real banquet. Maza includes olives, various cheeses, tiny sausages, stuffed grapeleaves, stuffed squash, native bread, eggplant paste made with sesame oil, vegetables and nuts and sweets. Arrak is a native drink resembling anisette, and turns a dazzling white when water is added.

Sauce Adds Zip to Lamb Hash

It's a new way to dress up hash! Reba Staggs, meat expert, suggests using a barbecue sauce to give this lamb hash dish a distinctive and unique flavor.

Barbecued Lamb Hash

3 cups cooked lamb, cut in ½ to 1-inch cubes
¼ cup grated onion
2 tablespoons lard or drippings
2 teaspoons salt
1½ cups vinegar
½ cup water
¼ cup prepared mustard
¾ cup chili sauce
1 tablespoon brown sugar
4 medium potatoes, cooked and cut in ¾-inch cubes

Brown onion slowly in lard or drippings. Add lamb and brown lightly. Season.

Make barbecue sauce as follows: Combine vinegar, water, prepared mustard, chili sauce and brown sugar. Mix well.

Add barbecue sauce to lamb and onion mixture and allow to simmer for 15 minutes.

Add cooked diced potatoes and heat long enough for flavors to blend, about 10 minutes. Yield: Six servings.

Cauliflower Acquires Company Manners

It's easy to give cauliflower company manners. Cook a whole cauliflower, head down, in deep pan of boiling water, with a little lemon juice or vinegar added to help keep the nice white color. Drain and place in a casserole.

Stir a family-size can of deviled ham into 2 cups of rich white sauce and pour over cauliflower. Sprinkle with grated Parmesan cheese and bake in moderate oven until lightly browned.

Treat the Junior Crowd to Valentine Jamwiches

When Feb. 14 rolls round, great will be the excitement in the pigtail crowd.

Will Junie get a Valentine from Tommy Jones? Should Mary Ann reveal her secret love for 8-year-old Bob who lives down the street?

* * *

Perfect fare for such an occasion are these pink-and-red Valentine Jamwiches. They're heart-shaped cookies, gaily iced and filled with raspberry jam.

* * *

No trouble to make up a big batch of them either—they just need about 10 minutes or so spent in the oven.

Of course, where children are, their mothers are not far behind. Grownup ladies will enjoy the party, too. Serve them pink-iced heart cookies—without the jam.

These hearts are a bonus of the Jamwich recipe—a bit of culinary magic to make life easier.

Valentine Jamwiches

½ cup shortening
1 cup sugar
2 eggs, well beaten
2 tablespoons light cream
1 tablespoon vanilla
3½ cups sifted cake flour
2 teaspoons baking powder
½ teaspoon salt

Cream shortening and sugar together. Beat until light and fluffy. Add eggs, cream and vanilla and beat well.

Mix and sift flour, baking powder and salt. Add to first mixture and mix well. Wrap in waxed paper or foil and chill.

On board lightly dusted with confectioners' sugar, roll out dough about one-fourth inch thick. Use large heart-shaped cutter to cut dough into cookies. Use small heart-shaped cutter to cut out centers of half the cookies, to make heart outlines.

Dip cutter in confectioners sugar each time before cutting cookie. Place cookies on lightly greased baking sheet. Bake in moderate oven (375) for 8 to 10 minutes or until delicately browned. Cool. Frost heart outlines with pink icing.

Spread whole large hearts with raspberry jam. Place iced outlines on jam-topped cookies, sandwich fashion. Makes about 30 large double cookies.

The smaller hearts, made from cutting outlines, may be frosted with pink icing and served plain.

Prepare Fish the French Way

The blue waters of the Mediterranean yield some marvelous fish, beautiful to see, good to eat.

* * *

No one knows how to make use of these seafood beauties better than the housewives of southern France, known for their flavorful cooking—and for serving hearty but delicious food to their menfolk.

Among the culinary ideas from this region which we Americans have adopted is this paysanne (peasant-style) recipe for white-meated fish such as sole, which, of course, is available both in France and in America.

The National Fisheries Institute recommends the recipe also for less expensive fish—cod, haddock and ocean perch—easily obtainable from frozen food cabinets throughout the United States.

Sole Fillets Paysanne

1 tablespoon olive or other cooking oil
1 clove garlic, or 1 small onion, minced
1 small can tomato paste
¼ cup celery, diced
¼ cup green pepper, sliced
1 small can mushroom slices
⅛ teaspoon pepper
½ teaspoon salt
1 pound frozen flounder or sole fillets

Put oil in heavy frying pan or saucepan. Place pan over heat and when oil is hot, add minced garlic or onion and brown slightly. Add tomato paste, celery, green pepper, mushrooms and seasonings. Add fish.

Fish does not have to be thawed first. Put block of fish in sauce. Cover and let simmer for about 15 minutes.

Remove cover and, using two forks, separate thawed fillets. Cover again and let simmer 15 minutes. Serves four.

Molasses Glazes Garnishes of Fruit

Garnishes add invitation to eating by making good food even more attractive. Thus, meats gain in beauty when they come to the table accompanied by fruits.

And the fruits themselves present a glaze of finery and superb flavor when unsulphured molasses has been used for their garnish touch-up.

Molasses Glazed Fruit

4 medium apples or 4 green-tipped bananas
3 tablespoons unsulphured molasses
3 tablespoons butter or margarine

Core apples and cut in approximately one-half-inch slices, or peel bananas. Melt butter in skillet; stir in unsulphured molasses. Place apple slices or bananas in skillet; turn to cover with butter-molasses mixture.

Cook until tender: About 10 minutes for apple slices, or 8 minutes for bananas, turning and basting occasionally. Sprinkle bananas with salt. Yield: Four servings.

Anchovy Paste Performs Magic in Many Dishes

A small tube of anchovy paste that can be tucked into the corner of your refrigerator can be used as a magic ingredient to give a zestful flavor to any number of dishes.

Try, for instance, adding a little anchovy paste to the melted butter in which you brown croutons for cream soups.

Mix anchovy paste with melted butter and pour over broiled mushrooms, steak, scrambled eggs or swordfish.

For a quick and zippy canape, combine anchovy paste with chopped stuffed olives, prepared mustard and a little onion juice spread on dark, thick - textured bread

* * *

The tube packaging makes the paste easy to use as the amount needed is squeezed out and, stored in the refrigerator, the paste remains fresh for a long time.

Next time you prepare corn pudding, add a little chopped green pepper and canned pimiento.

Congregationalists Look Back at Church History

Dr. William H. Marbach (left), pastor of the First Presbyterian Church, and the Rev. Malcolm K. Burton of the First Congregational Church were telling Mrs. Burton of the close relationship in the founding of their churches in Pontiac. The three were photographed Wednesday evening at the banquet celebrating the 125th anniversary of the First Congregational Church. As a part of the program, the Rev. Mr. Burton gave an historical sketch of the early members, customs and organization of the church.

Under the chairmanship of Mrs. Elwood Bigler of West Iroquois road, the Women's Fellowship served the birthday banquet celebrating the 125th anniversary of the First Congregational Church Wednesday. Charles G. Uligian of Starr avenue was master of ceremonies, Mrs. Stanley Kipp of Doris road, chairman of the kitchen, and Mrs. C. Wales Goodwin of Silver Lake road, general chairman of the anniversary (left to right). The tables were decorated with handmade Valentines in red and white, replicas of those in the early 1800s.

Mrs. Howard McIntyre of Henry Clay avenue was photographed with Jack Moore of Cass-Elizabeth road (center) and Mr. McIntyre at the 125th birthday banquet of the First Congregational Church. Mrs. McIntyre was author and director of the historical drama of five scenes portraying incidents in the history of the church. Mr. Moore and Mr. McIntyre appeared in the drama.

New Classic Suits Due to Tummies

NEW YORK (INS) — Women who like their spring suits in classic style can thank their tummies for keeping suits classic this year.

Miss Powell pointed out that suits again feature soft sholders, natural waistlines and jackets that go straight down to hip level.

* * *

French ideas for putting waistlines under bosoms, or shortening jackets to mid-stomach just won't go in U. S. suits, says fashion coordinator Midge Powell.

"American women still have tummies," she explains, and "cut-away, high-busted jackets just make the tummy look more so."

If anything, the suits were less padded and more natural-figured than last year. Skirts were unanimouly looser, either four gored or six-gored, instead of pencil-slim.

In spite of the classic silhouette, '56 suits look different from the '55 models. The answer lies in new fabric mixes and in new colors.

"Charcoal is pretty well dead." Miss Powell said. "Navy is first, of course, beige is good and the jewel blues and darker greens are unusually popular."

Emerson PTA Presents Program on Wednesday

Past presidents of Emerson PTA were honored Wednesday evening at a program held at the school.

Corsages were presented the honorees by Mrs. Thomas Smith, first president of the organization, Mrs. Smith addressed the group, paying tribute to Mrs. Ruth Wait, principal of the school, for her loyalty to PTA.

Other past presidents attending were Mrs. Randolph Nelson, Mrs. Owen Armstrong, Mrs. Arnold Denison, Mrs. Carl Reynolds, Mrs. Stephen Kives, Mrs. Clifford Christenson, Mrs. L. D. McLauchlin and Mrs. Thomas Johnson.

"Our Golden Tribute" a founders day play was presented and the banner for the most parents present went to Mrs. Ruth Balch's room.

Refreshments were served with Mrs. Anton Koenig, president, and Lois Coan pouring.

Social Worker Speaks to Club

Mrs. E. K. Vanderlind of South Johnson avenue, was hostess to Moms of America Inc. Unit Two, at a luncheon-meeting Tuesday.

Plans were made to attend a luncheon of the Hazel Park Unit Feb. 15 and the State Board card party April 2 at Kern's Auditorium.

John Vanderlind psychiatric social worker of the state hospital, spoke of the work being done for the patients and told of the essay contest currently under way for high school students, regarding their impressions of procedures and treatment at the hospital.

Mrs. Harry Luxon, Mrs. William Jones, Mrs. Edgar Thomas Mrs. Carl Cox, Mrs. Clarence Hickmott and Mrs. Duncan McVean were among those attending a recent regional meeting in Royal Oak.

Playing and pumping with his feet the old-fashioned parlor organ bought from the Hadley Methodist Church years ago is Charles Wilson, organist and minister of music at the First Congregational Church. He accompanied Edgar Thomas of Center street (center) and Mrs. Carl Leonard of East boulevard, soloists and members of the church choir when they sang at the birthday banquet of the church Wednesday evening. Choir and congregation sang to the music of this organ before the day of the pipe organ.

Cutting the cake at the banquet celebrating the 125th birthday of the First Congregational Church was Mrs. Roy J. Bennett of Chamberlain street. She has been a member of the church 53 years. Mrs. William Becker, 59 years a member, assisted in serving the cake.

Rosary Altar Unit Conducts Meeting

St. Benedict Rosary Altar Society met Tuesday evening at the church with Mrs. James Clark presiding.

Reports were given by Mrs. Margaret Smith, Mrs. Paul Saghy and Mrs. Leon Thomas, chairman of the card party and hat show to be held this evening in the Parish Hall. Reports were also given by Mrs. William Brandt and her ticket committee.

The Rev. John J. Hoar spoke to the women. A nominating committee was appointed, with Mrs. Joseph Zelinski as chairman and Mrs. Sam Hoffman and Mrs. William Barnds assisting.

Refreshments were served by St. Mary Unit.

Guild Planning Anniversary Feb. 15

Mrs. Roy Riley presided at the Wednesday evening meeting of the Dorcas Guild of Central Christian Church. Members met in Friendship Hall and completed plans for the observance of the guild's 19th anniversary.

Committees serving for the Feb. 15th event are Mrs. E. E. Gardner and Mrs. Florence Rich, decorations; Mrs. Harold Hedges, Mrs. Maggie Bailey and Mrs. Edna Gregg, luncheon service and Mrs. J. H. Moon, program.

Friends are invited to join with members in celebrating the occasion.

There are five pages in today's Women's Section

November Group Has Program

Mrs. Donald Grothe opened her home on Warwick boulevard to members of the November group of the First Presbyterian Church Wednesday.

Devotions were led by Mrs. William Godfrey and the group participated in a study of the American Indians.

During the social hour Mrs. Galan Hershey presided at the tea table, Mrs. Bradley L. Scott and Mrs. Jack Allan assisted the hostess.

Mrs. Donald Nagel, Mrs. Amy Allison and Mrs. Louis Van Natter were guests of the group.

Over 300 Attend Dinner

Mark 125th Anniversary

By ROBERT B. TARR
Pontiac Press Managing Editor

Congregationalists of the city pushed back the calendar Wednesday night — back 125 years — to take a proud and benevolent look at the beginnings and early trials of their church in Pontiac.

The occasion was an anniversary dinner at the First Congregational Church, marking the 125th anniversary of the founding of the church here, on Feb. 6, 1831.

More than 300 persons attended the dinner. Included were a number who have been members of the local church for more than 50 years. Two oldest in years of church membership cut a huge anniversary cake at the dinner: Mrs. Maude Becker, who became a member 59 years ago, and Mrs. Roy Bennett, 53 years ago.

Present also as a special guest was Dr. William H. Marbach, pastor of the First Presbyterian Church, in recognition of the intertwining history of the two churches during their early years here.

* * *

Historical sketch of the church presented by its present pastor, the Rev. Malcolm K. Burton, revealed the early close association of the two denominations. The Congregational Church was organized by Presbyterians, after the Presbyterian Church for a number of years had been served by a Congregational minister (The Rev. Isaac W. Ruggles) who became first pastor of the Congregational Church, which remained for some 20 years more a member of the Detroit Presbytery!

SKITS PRESENTED

A number of early incidents during which the churches became separate identities were recalled in skits written and directed by Mrs. Howard McIntyre.

* * *

Based upon records of the early church, and using where possible actual transcripts of discussions, the skits portrayed:

Organization of the new church in 1831 by a group of the Presbyterian Society; challenge of the new church when an attempt to bring the group back to the original denomination came to naught; and a "trial" of a wayward member of the new church (in absentia).

Other numbers gave a summary of the church's first 30 years and a communion preparation service as conducted in the early days.

* * *

Mrs. C. Wales Goodwin, was chairman of the anniversary committee, and Charles G. Uligian presided for the program following the dinner.

Area Folks Hold Miami 'Convention'

By ETHEL TOMBRINK

MIAMI—There's a convention of Pontiac residents in town. Not a formal convention with meetings, study groups and elections. But an informal one with "conventioneers" just relaxing in the sunshine, jaunting off to the beach for the afternoon, or joining horse racing fans out at Hialeah Race Course to watch the "sport of kings."

"Convention" headquarters is Fred Coe's trailer park where the Fred Coes, Pontiac residents too, have been welcoming many home town friends.

Among guests there are Mr. and Mrs. Charles Zwayer, Mr. and Mrs. William Schwier, Mr. and Mrs. Ben Hawkins and the Edmund Dickies of Farmington.

Also in the Pontiac "convention" are the Coes' son, Eugene, and his wife. Eugene has been back home, but arrived in Miami again Tuesday morning. They plan to stay on for another couple of weeks.

Joining the family group next week will be the Coes' daughter, Mrs. Howard Barnes, and her two youngsters, Sally and Rickey.

CHANGES NOTED

It's a bigger, brighter more cosmopolitan Miami that Don Murray saw on his vacation here—for his last visit was 14 years ago, and the city has grown by leaps and bounds.

He and his wife visited Don's uncle and aunt, the F.D. Murrays, at Hotel Alhambra in downtown Miami.

The Don Murrays boarded a plane Tuesday afternoon for the trip back home. The F. D. Murrays plan to stay on another couple of weeks before returning to their South Saginaw street home.

An apartment up in Miami Beach is home until May 1 for Mr. and Mrs. Gabriel J. Rapaport. They've been joining Mr. and Mrs. Barney Wyman, vacationing at the New Surf Hotel, in trying out new restaurants around town. The other day they called on Jacob Kovinsky who is at the Hotel Lombardy.

Tuesday afternoon, the Rapaports braved the Miami traffic and headed for the GM Motorama.

Women's Section

THURSDAY, FEBRUARY 9, 1956 PAGES 44-48

Of Baptist Women's Society

Mrs. Brown Chosen State President

The Angeles Society of Bethany Baptist Church held a special program Wednesday evening in the parlors of the church in honor of Mrs. Forrest E. Brown, recently elected president of the Michigan Baptist Women's Society.

* * *

The state women's society of Baptist churches of Michigan chose Mrs. Brown as their president at a recent state convention. Over 300 churches throughout the state were represented in the convention which drew over 1,200 delegates and visitors.

Mrs. Brown's selection is due to her wide interests in church and civic affairs. She is well known in Pontiac as a civic leader, and presently is serving as president of the Women's Society of her own church.

Because of her active interest in women's clubs she was elected president of the City Federation of Women's Clubs. She was also recently appointed a member of the board of directors of the Pontiac Foundation, a non-profit organization for civic betterment.

MRS. FORREST E. BROWN

The Wednesday affair was held by the Angeles Society, an adult education class engaged now in an intensive study of the seven great religions of the world.

Sorority Gathers at Lazaroff Home

Lillian Lazaroff entertained members of Zeta Lambda Chapter of Beta Sigma Phi sorority in her home on Chippewa road Monday evening.

Mrs. Wayne White reported on the Pontiac Advisory Council meeting and Mrs. Wendell Doolin told of the family the group aided through the holidays.

Other reports were given by Mrs. Richard Zumbrunnen, on the scope of the money-making projects of the organization, and by Mrs. Dallas Nelson, who announced that there would be a speaker from the American Cancer Society at the next meeting.

Pre-Lenten Feast Dishes Come From Many Lands

By JANET ODELL
Pontiac Press Home Editor

Next Wednesday marks the beginning of the Lenten season. With Easter falling on April first, Lent starts early.

• • •

There are, it seems, a good many food customs followed by individuals of different nationalities. We have been reading the Feast Day Cookbook by Burton and Ripperger, and want to share some of their findings.

One unusual feast occurring the Friday before Lent takes place in Ponti, Italy. There the townsfolk prepare a dish of polenta and an omelet said to contain 6,000 eggs! These dishes are given to the poor.

In Denmark, on the Monday before Ash Wednesday, the children feast on Fastenlavensboller or Lenten buns. You might enjoy making the buns and serving them next Monday.

Fastenlavensboller (Lenten Buns)

1 yeast cake
¼ cup sugar
1½ cups lukewarm milk
3¼ cups sifted flour
½ teaspoon cardamom seeds
¾ cup butter, melted
½ cup raisins
1 egg

Let the yeast stand with a little sugar in a little lukewarm milk. Sift flour with rest of the sugar and the ground cardamom seeds, and stir in milk and butter. Combine with yeast mixture and raisins and work until smooth.

Let stand and then knead. Roll out fairly thick and cut out buns with a round cutter.

Let rise again, brush with beaten egg, and bake in moderate oven at 375 degrees for 30 minutes.

In England it is customary, says the Feast Day Cookbook, to have eggs and collops, or eggs and bacon, on the Monday before Lent. Here's the English way of preparing them.

English Bacon and Eggs

Cut strips of bacon in 3-inch lengths, place them in a baking dish and pour over them 3 tablespoons of cream. Bake in a moderate oven until bacon is brown on one side, and then turn it over and brown the other.

While bacon is cooking, poach the eggs and serve on the bacon. This could be attractively done in individual ramekins.

• • •

In our own United States the most famous pre-Lenten festival is Mardi Gras, celebrated yearly in New Orleans, climaxing the day before Lent begins. Many of the inhabitants of that city are of French descent, so dishes from French and Creole cookbooks are often served.

One popular dessert is this custard-like treat.

Creme Brulee Creole

8 eggs
2 cups light cream
Brown sugar
3 tablespoons granulated sugar
Pinch of salt

Beat eggs well into the cream, adding granulated sugar and salt. Cook slowly in a double boiler, stirring constantly until as thick as custard. Pour into a baking dish and set aside to cool.

When custard has set, cover with an inch of brown sugar. Place under pre-heated broiler about five minutes, taking care sugar does not burn. When cold, place in refrigerator until serving time.

Here's a special design for the slightly mature woman—a handsome, collarless 2-piece frock with interesting new detail.

Pattern No. 8371 is in sizes 34, 36, 38, 40, 42, 44, 46, 48. Size 36, short sleeves, 5⅛ yards of 35-inch.

For this pattern, send 35c in coins, your name, address, size desired, and the pattern number to Sue Burnett, Pontiac Press, 372 W. Quincy St., Chicago 6, Ill.

Events Scheduled by Job's Daughters

Several events are scheduled for the coming weeks by members of the International Order of Job's Daughters, Bethel Five. The group met Monday evening in the Masonic Temple.

• • •

On Feb. 20 a cooperative dinner will be held preceding the father and daughter initiation. A skating party is scheduled for Feb. 25 and a reception for Yvonne Shipman is planned at Union Lake Hall on the same date.

A reception for Mrs. Paul Hagle will be held in Owosso on March 3.

Sharon Ramsay was appointed chairman of the merit system of the organization.

Is your washing machine stained from dye jobs? Give it a couple coats of a good kitchen wax that cleans and polishes. Repeat often to keep the machine clean.

Ever Try This?

To see whether sheer curtains need sudsing, home economists suggest this test. Crush several folds of curtain together and hold up to the light so that you can see through them. This causes dirt particles to stand out more clearly than when bright light filters through only a single layer of fabric.

Japan exported 55 million dollars worth of cameras in 1955.

Your costume is always accented if you follow one theme in choosing costume jewelry. For instance, a pearl buttoned dress may need just the addition of simple pearl earrings for that touch of sophistication.

Guild Completes Plans for Party Monday Night

Plans were completed for the Valentine card party to be held Monday evening in the Rose Kneale Room of Stevens Hall, when members of Guild Nine of All Saints Episcopal Church met Wednesday evening.

• • •

Mrs. Alfred Watson and Mrs. Robert Costello, cochairmen for the event, announced that tickets may be purchased at the door or from members of the guild.

Mrs. Raymond Cole opened her home on Lincolnshire drive for the meeting and was assisted by Mrs. Russell Cutler.

The group also made plans to serve the Lenten luncheon on Feb. 29 in the Primary Room of Stevens Hall and a General Guild dinner following Lent.

Refreshments were served from a buffet table centered with an arrangement of carnations and snapdragons carrying out the Valentine motif.

Coming Events

Ladies Auxiliary 1230, FOE, will hold a penny supper tonight at the Hall, 289 W. Montcalm St.

WSCS of Baldwin Methodist Church will meet Thursday at 7:30 p.m. in the home of Mrs. Robert Norberg, 182 W Chicago Ave.

Canadian Legion Post 23 will meet Friday at 8 p.m. at the American Legion Home, 206 Auburn Ave.

The Philoptohos Society and the Greek Orthodox Youth Association of St. George Greek Church were hosts at a tea honoring the Rev. and Mrs. Soterios Gouvellis who are leaving for Springfield, Mass. The tea was held in the Hellenic Hall. Pictured (left to right) are Mrs. Gouvellis, the Rev. Mr. Gouvellis, Mrs. Nick Williams, chairman of the tea; Mrs. William Mitchell, president of Philoptohos, and Moshoula Athanas, president of GOYA.

Honored for Work Here

Pastor Taking New Post

The Philoptohos Society, the Women's auxiliary of St. George Greek Orthodox Church, and the Greek Orthodox Youth Association were hosts Wednesday evening at a farewell tea given in Hellenic Hall for the Rev. and Mrs. Soterios Gouvellis of St. George Church.

A gift was presented to the Rev. Mr. Gouvellis in appreciation for services rendered to the societies. Mrs. Gouvellis was also honored for her work as secretary of Philoptohos.

The Rev. Mr. Gouvellis and his family will leave soon to accept his new appointment in Springfield, Mass. The Rev. Achilles A. Siagris of Mobile, Ala., will be the new pastor here at St. George Church.

The committee for the tea was led by Mrs. Nick Williams, with Mrs. Louis Rendziperis, Mrs. T. A. Nichols, Mrs. Able Reylson, Mrs. Efthim Gabriel, Mrs. William Mitchell and Moshoula Athanas assisting.

• • •

One hundred guests attended the affair, with Mrs. Mitchell pouring.

Moose Group Plans Dance Friday Evening

Proceds from the Valentine benefit dance sponsored by the Women of the Moose will be used to further the organization's philanthropic endeavors in Mooseheart and Moosehaven.

A local orchestra will provide music for the party to be held in Moose Hall Friday from 9 p.m. until 1 a.m.

Mrs. Victor Wallace has arranged the program to be presented during the intermission, featuring a group of Pontiac's young performers.

On the program is a number by the "Teen Toppers", composed of Darryl Mahan, Leon Frayer, Jack Hemming and Alex Sekles. Neihla Smith will perform her tumbling acts and Betty Bullard will give several pantomimes.

Individual dance numbers will be presented by Mickey and Diana Benedict and Connie Clinton. Michael O'Berry will sing solos.

The Rae-ettes, composed of 10 high school girls, will also present several dance routines.

Shower Presented for Mrs. McManus

Mrs. Robert Meyers of Spokane Villa was hostess at a pink and blue shower honoring Mrs. Robert McManus. The shower was held Wednesday evening at the Lake Orion home of Mrs. Edward Harworth.

Guests were Mrs. Harworth, Mrs. J. P. McManus, Mrs. Wallace Kinney, Mary Kinney, Mrs. James Kinney, Mrs. Paul Harworth, Mrs. Robert Stoner and Mrs. Jerry Stone.

Patricia Kohlhaas, Mrs. Albert J. Birch and Sue Ann Kinney completed the guest list.

Niblick Members Attend Luncheon

Sixteen members of the Niblick Golf Club attended the Tuesday luncheon meeting held at Elks Temple.

Mrs. Eugene Gump, former member, was their guest and Mrs. Henry Pfeuffer was welcomed into the club.

Mrs. Aaron Fox conducted the meeting and Mrs. Ray Kingsbury, Mrs. P. B. Jones and Mrs. Fred Sytz were hostesses for the day.

Girl Dislikes College Boy's Job as Cabby

By ELIZABETH WOODWARD

"Dear Miss Woodward: Several months ago I met a very nice, good-looking young fellow. He was driving a cab. I took his cab quite often after that and got to know him quite well.

"I found out that he's a junior in college, and has this part-time job with the cab company to help to put him through college.

"He asked me out one evening, and, though I wanted to go, I let my social standards come between us and declined. I didn't know how my parents would like the idea.

"But now I have a chance to meet him on a different level. His college is having a dance and I'd like very much to go with him. I'm still a bit dubious about it, as I'm wondering what my friends and family would think.

"Should I sacrifice my pride and go with him, or should I try to find another way of getting to the dance?"

Answer: If girls only knew the things boys have to go through in order to earn the money that's spent on their dates! Lots of girls don't give the matter two thoughts. They assume that boys' dads just fork it over.

Actually lots of boys have to scrounge for their dough, do lots of mean, ordinary, dirty jobs around the house and for other people so they can hear the coins jingle in their jeans. The end result (having enough money to go around) is all some girls care about.

You met this boy while he was working at the means to the end. You think of him at the job he is doing since it was on that job you first met him and have continued to see him.

* * *

You've forgotten that it's a side issue with him—though a very important side issue. You've forgotten that his main job is going to college.

And you've undoubtedly done no research at all on the ways other boys (and girls, too) find to earn their tuition. They wash cars and dishes, they wait on table, they curry horses, they babysit, they soda jerk, they usher in the movies, they work on the night shift in factories.

Their enterprise and energy digs up whatever part-time paying jobs they can find. And they're to be commended for it. Their long days are not easy. Their sense of responsibility is to be admired.

How could your family feel otherwise? His particular job should even assure them that you're safe with him in a car. So introduce him at home as the college student he is. (That's putting first things first).

* * *

Present him to your friends as the junior, the history major, the math whiz or whatever. Go to the dance with him proudly—even in his cab?

Pride? You should be proud that a boy who has to work so hard for his board and keep should be eager to economize further in order to take you to that dance.

(Copyright 1956)

Use the Welted Shoes

Welted shoes are preferable all year around—especially so in winter since in all but the most inclement weather a sturdy welted shoe is all you need to protect your feet from the elements. This eliminates the all-too-familiar fatigue caused by clumping around in a pair of heavy overshoes all day.

Socks which are too short in the foot may be responsible for sore and tired feet. If they can't be pinched up about one-half inch at the toe, they are too short.

Mamie E. Townsend became the bride of Melvin C. Huntley Sunday She is the daughter of Mr. and Mrs. Charles D. Townsend of Rolandale avenue. The bridegroom is the son of Mr. and Mrs. Thomas Clyde Huntley of Lachine.

MR. and MRS. MELVIN C. HUNTLEY

Couple Married Sunday

Mamie Ethel Townsend and Melvin Clyde Huntley exchanged nuptial vows Sunday afternoon in the First Baptist Church of Drayton Plains. The Rev. James Taulbee performed the ceremony in the presence of 150 guests.

The bride is the daughter of Mr. and Mrs. Charles D. Townsend of Rolandale avenue. The bridegroom, of Auburn avenue, is the son of Mr. and Mrs. Thomas C. Huntley of Lachine.

A bridal gown of lace over satin was chosen by Mamie for her wedding. She wore a finger-tip veil of illusion and carried a bouquet of white and pink carnations.

The bridal attendants were Evelyn Jane Huntley of Lachine, Jane L. Carr of Cadillac, Barbara Jean Huntley of Lachine and Gloria Huffman of Birmingham. They wore gowns of pink, orchid, gold and aqua, respectively, and carried matching bouquets of carnations.

Denise Chaviler served as flower girl wearing a pink frock and carrying a basket of roses.

Ralph Townsend was best man. Seating the guests were Carl Titus, Lawrence Townsend and Lloyd Huntley. Richard Charboneau Jr. served as Bible boy.

Following the ceremony, a reception was held at Union Hall on Pike street.

Ginger Ale Adds Pep to Gelatin

Mrs. Bowers Uses Lime or Lemon With Fruit and Nuts

By JANET ODELL
Pontiac Press Home Editor

Have you ever used ginger ale as part of the liquid in a gelatin salad? Mrs. Frank Bowers offers a recipe using the soft drink with fruit and nuts added.

We met Mrs. Bowers at the Fashionette club. She does a good deal of church work. For a hobby she considers her ten grandchildren the most interesting subject.

GINGER ALE SALAD
By Mrs. Frank Bowers

1 package lemon or lime gelatin
½ cup boiling water
1½ cups gingerale
½ cup chopped celery
½ cup chopped apple
½ cup chopped nut meats

Dissolve gelatin in hot water. Let cool. Add ginger ale slowly, mix together. Put in refrigerator. When slightly thickened add celery, apple and nuts. Chill until firm. Serve on lettuce. This salad will not stand up so well as some gelatins; do not put on serving dishes until just ready to eat.

Less than 50 years ago, the first permanent waves were given to a select list of eight women each of whom spent $1,000 for their curls. Last year, approximately 50 million women gave themselves home permanents at an average cost of $1.50 per wave.

Grouchy Hubby May Hate His Job

By ANNE HEYWOOD

Many times, when your husband snarls at you and the children, forgets to kiss you, kicks the dog and bellows about the budget, it doesn't mean that he has stopped loving you — it just means that he hats his job.

When a man hates his job, it colors all the rest of his life. On top of that, he feels that he must stick with it, hate it or no, because he has a family to support.

He can't help envying men who are free to tell that character in the front office just what they think of him, leave and get another job.

The wise wife will face that fact and do what she can to make it easy for her husband to change jobs.

* * *

The silly wife will nag and weep and get hurt because "you don't love me the way you used to."

The fact is, the average man has many pressures on him and if, on top of that, he really does hate his work, he begins to feel desperate and trapped.

* * *

I was trying to explain this to a young wife the other day, but she wouldn't listen.

"It's too bad about him," she told me defiantly. "So he doesn't like his work and would like to change.

"There are plenty of times when I'd just as soon not cook or mend or clean the house. But duty is duty, so you just go ahead and do it.

"What am I supposed to do? Cut the budget to the bone and get mother to come and look after the children while I go back to work for a couple of years, so Harry can change his job?

"Not on your life! A bargain is a bargain!"

She won — more's the pity. For the rest of her life, she will have a deeply unhappy and frustrated man for a husband.

* * *

He knows the field he wants to be in and it would have taken no more than six or eight months to make the transition.

If this young woman had been willing to cut the budget, and perhaps take back her job for six or eight months, they could have worked it.

It wouldn't have hurt her, and it wouldn't have hurt the children — not for a short-time basis.

* * *

Furthermore, the children are going to be hurt a whole lot more than that, with a bitter and resentful father the rest of their lives.

Ruth A. Stukey Married in Grand Rapids Service

Ruth Ann Stukey became the bride of Walter Van Til at the Neland Christian Reformed Church in Grand Rapids.

The bride, of Garland avenue, is the daughter of Mr. and Mrs. Everell Glenn Stukey of Swanton, Ohio. Mr. and Mrs. Alfred F. Van Til of Grand Rapids are parents of the bridegroom.

For her wedding Ruth chose a ballerina-length gown of net over taffeta. Her fitted bodice of lace featured a sweetheart neckline, and the long sleeves tapered to points at her wrists.

She wore a shoulder-length veil of illusion and carried a crescent-shaped bouquet of carnations and roses. Her only jewelry was a string of pearls, a gift of the bridegroom.

Mrs. Randall Alkama of Fort Wayne, Ind., sister of the bridegroom, served as matron of honor wearing a ballerina-length gown of turquoise crystallette accented by a drop shoulder effect neckline and a tucked bodice. Her tiara headpiece and bouquet were of shrimp-colored shattered carnations.

IDENTICAL GOWN

Mrs. Donald McLean, another attendant, wore a gown identical to the matron of honor's in shrimp color, with her tiara and bouquet of shattered carnations in a turquoise shade.

* * *

Randall Van Til, twin brother of the bridegroom, was his best man. Ushers were William G. Stukey, brother of the bride, and Randall Alkama of Fort Wayne.

Master and mistress of ceremonies were Mr. Alkama and Joyce Hofman of Grand Rapids. Donald McLean sang the bridal recital.

A reception was held in the church parlors following the ceremony.

For her going-away ensemble, the new Mrs. Van Til chose a navy blue sheath dress with matching accessories. Her corsage was of red and white carnations. The couple is residing in Grand Rapids.

Gold Star Plans Bazaar, Dinner on February 17

At the Tuesday evening meeting of the American Gold Star Mothers held in the American Legion Home, the chapter voted to send Mrs. Joe Doyle, president, to the Women's National Security Council meeting to be held in Detroit Feb. 17.

Plans were completed for a bazaar and 6 o'clock dinner to be held in the American Legion Home on the same date.

It was announced the Department of Michigan, American Gold Star Mothers convention will be held in Hotel Statler, Detroit, April 26-28.

Proceeds from the sales of handmade fancywork, to be sold at the convention, will go to the five veterans volunteer service hospitals of Michigan.

Mrs. Nellie West will open her home on Ellwood avenue for the Feb. 22 meeting of the group.

Pontiac Press Photo

Following a committee meeting for their card party, members of Alpha Alpha Chapter of Epsilon Sigma Alpha play a game of bridge. Pictured (left to right) are Mrs. Harry Woodman of Gateway drive, refreshment committee; Mrs. Marshall Rose of Williams Lake road, bridge committee chairman; Mrs. Edgar Plympton of South East boulevard, prize committee, and Mrs. Ralph O. Allen of Cooley Lake road, hall committee chairman. The card party will be held this evening at Pontiac Federal Savings and Loan Building. Proceeds will be used for the continuing of work with the Child Psychiatric Service at Pontiac State Hospital.

Adopt Baby Through Good Agency

By DOROTHY V. WHIPPLE, M. D.
AP Newsfeatures

If you are planning to adopt a baby, make your arrangements through a good child placing agency.

* * *

Adoption is a serious business and both the natural parents and the adopting parents need the protection and help of the trained workers of the agency.

It is never wise for the two sets of parents to know each other. A good agency acts like a solid wall between them.

The agency works with the natural mother and helps her make her decision as to whether or not to give up her baby. No one forces her.

* * *

If she decides to put him up for adoption, the baby is placed in a foster home where he is thoroughly examined and watched. When the agency is as sure as it can be that he is a normal healthy child he is ready for his adoptive parents.

COUPLE STUDIED

Meantime the agency has investigated the parents who want to adopt a baby. A social worker will interview both husband and wife and visit them in their home.

* * *

Sometimes the agency tries to dissuade a couple from adopting a child if it feels that, for any reason, they might not make good parents.

There are many more people who wish to adopt babies than there are desirable babies to adopt. Therefore there is often a delay in finding the right baby for a particular couple.

Sometimes parents become very impatient at the delay imposed by the agency. It is annoying to have to wait, but it is better to put up with this delay than to run the risks of serious trouble later.

* * *

Some time after you are on the agency's list, they will call you that they have a baby suitable for you. You go to see him and if you like his looks you take him home.

Most states require a waiting period before an adoption can be complete. During this time the agency will keep in touch with you to make sure everything is working out satisfactorily.

GREAT PROTECTION

This period of adjustment is a great protection both to the baby and to you. It is difficult in the early months of life to be sure a baby is entirely normal.

* * *

The Seymours adopted a baby boy who seemed to be all they had dreamed of. However, one day when the social worker from the agency came to call she sensed that some great change had taken place.

Finally Mrs. Seymour told her the bitter truth. They had suspected for some time that Bill was deaf and they had taken him to an ear specialist who confirmed their fears. Bill had a hereditary form of nerve deafness.

The doctor couldn't tell for sure, but he felt Bill did not have enough hearing to learn to talk in the ordinary way. Yes, of course, he could be taught to read lips and he could be taught to speak after a fashion.

* * *

This was a good deal more than the Seymours had bargained for when they adopted a baby. They loved Bill, but did they love him enough to cope with this lifelong handicap?

Of course, had Bill been their natural child they would have had no choice, but since he was an adopted child they did have a choice.

GAVE UP CHILD

After a great deal of consultation, the Seymours decided to let the agency take Bill and place him with a family who had already had one deaf child and was glad to be able to help another one.

* * *

It was a hard decision for the Seymours, but with the help of the agency they eventually obtained a normal child.

MARIAN LINGLE

Marian Lingle, daughter of Mr. and Mrs. Lewis A. Lingle of Garland avenue, received her bachelor of science degree from Central Michigan College at recent commencement ceremonies held on the campus. Marian graduated with a major in physical education. She was affiliated with Theta Sigma Upsilon.

Keep a small sponge in the jar of silver polish. Use the sponge to remove slight tarnish stains on flatware, while you are washing dishes.

Committees Are Named by League

Mrs. Arthur Crawford will attend the National Council of Catholic Women's Day convention held in the Hotel Statler, Detroit, on March 13, it was announced at the Wednesday meeting of the League of Catholic Women. Mrs. Ernest Gray will serve as alternate.

Committee chairmen were announced by the newly installed president, Mrs. Crawford, when the group met at the League of Catholic Women. Appointed were Mrs. William B. Dean, membership; Mrs. Joseph Spadafore, house; Mrs. Thomas Carry, publicity; Mrs. Carl Brown, big sister; Mrs. Wilfred Hinds, cancer, and Mrs. Robert Robertson, campfire.

Also serving are Mrs. Omer De Coninck, entertainment; Mrs. Frederick Gottschalk, City Federation of Women's Clubs, and Mrs. Mildred Polmear, auditor.

The league will have charge of refreshments for the boys at the Nike Air Base in Auburn Heights, on Feb. 23.

Red Cross Calls Stenographers for Jobs in Asia

An immediate demand for women stenographers to fill job vacancies in the Far East is announced by Beth Bruce, personnel director for American Red Cross at Midwestern headquarters in St. Louis, Mo.

* * *

Information may be secured by contacting the St. Louis office or Oakland County Chapter house on Franklin boulevard.

Qualified stenographers are being sent to Far Eastern Red Cross offices, military hospital offices or field offices at military installations.

Besides the opportunity to travel to major points of interest, stenographers receive good beginning wages, and housing is provided without cost. Other benefits include a liberal vacation plan, food allowance, group insurance, retirement and social security, according to Miss Bruce.

Women between the ages of 23 and 35 years, who can take dictation at 80 words per minute and type 50 words per minute, qualify for the positions. They must be citizens of the United States.

Operettas Planned on February 24-25

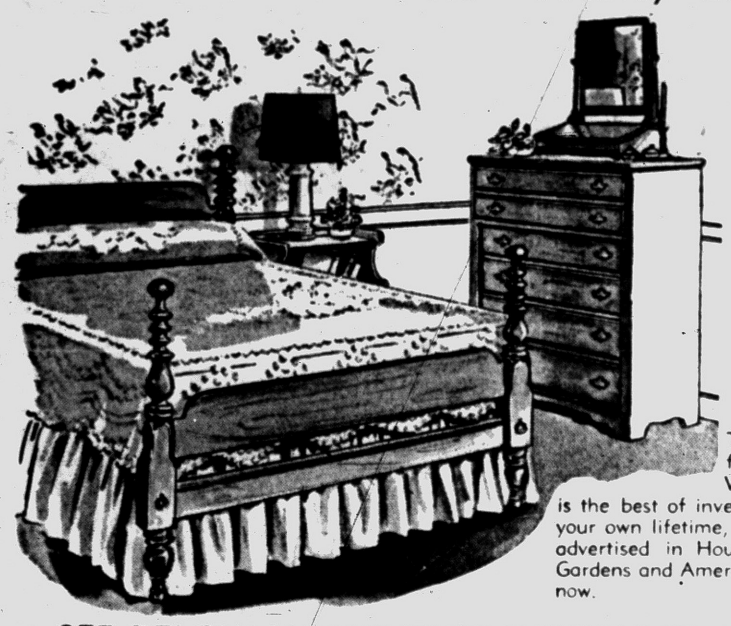

Kingswood and Cranbrook Schools are presenting their annual operettas Feb. 24 and 25 in the auditorium of Kingswood School, Bloomfield Hills.

They have chosen two modern American operettas, "The Lowland Sea" and "Sunday Excursion" written by Alec Wilder and Arnold Sungaard. Lois Chapman of Kingswood and Robert E. Bates of Cranbrook will co-direct the operettas.

From The PRESS BOX — Sports Stars Fill the Bill at Elks' Fete

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

That was quite an affair Tuesday night at the Elks Temple. The 750 people which filled the dining hall for the annual Father and Son banquet included a well-represented list of sports dignitaries in a well planned program.

There were no lengthy speeches. The comments were short, humorous and interesting, the food was excellently prepared and the atmosphere just right for evening.

To sum it up the Elks were not to be outdone.

SPIKE VOICES A NOTE OF OPTIMISM

Spike Briggs drew much of the attention among the sports representatives. The popular president of the Detroit Tigers by-passed the press speculations about the how, when and where sale of the club and stadium, to voice an optimistic note about the Bengals for the coming season.

"We gave you an inkling of what to expect this year with the young hustling ball club of last year, and we have hopes of getting help in left field and second base," he told the crowd.

One trade which Spike tried to make was to offer a starting pitcher to Kansas City for second baseman Finnigan.

★ ★ ★ ★

When the deal fell through, chief Tiger scout Johnny McHale sighed in relief, "I'm glad that deal didn't work out."

Briggs admitted he would have made a bad deal, really giving more than he would have gotten.

Hall of Famer Charlie Gehringer, making his 20th annual Father-Son banquet, threw a wink at the crowd in jest at Spike, "I understand Patsy O'Toole is going to buy the club and move it to Grand Rapids."

SPORTS FIGURES TAKE THEIR BOWS

Lyall Smith, master of ceremonies, called on the various sports celebrities to take a bow, and a well represented list it was.

A pair of college coaches kept the joviality intact. MSU assistant coach Bob Devaney's squib about 200 pound Walt Kowalczyk got a laugh and an added impetus of humor followed when U. of D. coach Wally Fromhart cracked, "Devaney came up her to tell you about a 200 pound halfback and here I am still looking for a tackle that size."

★ ★ ★ ★

Big Lou Creekmur, co-chairman of the affair, carried the Lion banner without apologies for 3-9 record last season.

"The fans were great to stick by us, more than we deserved," Lou said, "and we have only one thing in mind for next season, 'to put Detroit back up on top, where we belong'."

Ex-MSU boxer, Chuck Davey, who got a crack at the title against Kid Gavilan, made his first appearance at the annual fete as an Oakland County resident, now selling insurance.

★ ★ ★ ★

Chuck made no comment on his comeback attempts, but one thing was indicative, boxing was still an active part of his hopes for future, despite doubts expressed by mahy who feel Davey is through as far as the ring goes.

Political figures took their applause along with sportsmen from other fields of competition, Frank Mitzel and Harold Allen of bowling, Bob Calihan of basketball, Glenn Johnson and Warren Orlich of golf, and Lloyd Brazil and Muddy Waters of football.

For chairman John Donley, the Elks' committee and the organization, it was success de luxe.

Mack Passes Away as "Mr. Baseball -- U.S.A."

AS PLAYER—This was Connie Mack back in 1887 when he played with Washington. He managed the Athletics for 50 years until he retired in 1950. He died at 93 yesterday.

PHILADELPHIA (AP) — He was hailed by Presidents. Baseball fans the world over sent him mail addressed to "Mr. Baseball, U.S.A." He was as much a symbol of the national pastime as the bat and ball. He was Connie Mack.

President Eisenhower set the tone yesterday when after hearing of the death of baseball's No. 1 citizen emeritus he said:

"He will be remembered for the inspiration he gave American youth in the most American of sports. For decades he has typified to the American people sportsmanship of the highest order."

* * *

Who was this man that a busy President of the United States should take time to note his passing?

He was born Cornelius McGillicuddy at East Brookfield, Mass., on Dec. 23, 1862. As a boy he worked in a shoe factory to help support his sisters and his widowed mother. But from the time he became acquainted with a glove, ball and bat, baseball was his life.

He wended his way through the baseball forest, from sandlots, to semipro, to the minor leagues and finally to the majors. He was a catcher. As a player, the name of Mack was just another line in the box score. He was, as they say in baseball jargon, a good field, no hit receiver.

But Mack was recognized as a smart ball player. Where others could run faster, hit farther and fielded surer, the man who changed his name from McGillicudy to Mack so it would fit in the box score, earned his way by thinking quicker. It was no surprise to baseball people that the young native of East Brookfield became a manager. It would have been a surprise if he hadn't.

Just for the record, he played with professional teams in Meriden, Conn., and Hartford, Conn. He joined the Washington National League team in 1886 and later played with Buffalo in the old Brotherhood League. His first managerial post was with Pittsburgh in 1894. Three years later he became playing manager of Milwaukee in the Western League.

* * *

It was in 1901 that the real saga of Connie Mack began. He became manager of the Philadelphia Athletics, a brand new franchise in the fledgling American League. It was the start of a 50-year tenure, a term unequalled in the history of the game. He was to win nine league pennants and five world championships. The name of Connie Mack was to become a byword in the world of sports.

* * *

A mild-mannered man, who rarely, if ever, cursed, Mack set ground rules still followed by many managers. He said that managing a ball club, whether on the sandlots or in the major leagues, required tact, diplomacy, plain horse sense and, above all, a great deal of patience. He advised never to scold a player in the presence of others.

Mack was particularly kind to old, down and out baseball players. He was a target for many requests and how much he gave away will never be known. Those who claimed to know him intimately estimated his donations in the thousands of dollars.

CONNIE AT 93 — This was one of Connie Mack's last pictures, taken December 23rd, on his birthday, just after he returned home from the hospital to spend the holidays at the home of his son Roy. He had been in the hospital for a broken hip which he suffered in a fall October 1st. He was known as the "Grand Old Man of Baseball."

From President to Cabbie

Connie Mourned by Big and Small

By THE ASSOCIATED PRESS

A baseball-loving nation—from the President to a New York cabbie—marked the death of Connie Mack sadly, joining in a verbal epitaph acclaiming him as "Mr. Baseball."

President Eisenhower said Mr. Mack long will be remembered "for the inspiration he gave American youth in the most American game."

* * *

The cabbie, from the Bronx, said simply:

"It sure is too bad. I can remember when I was a kid seeing him sittin' in the dugout, wearing his regular street clothes and waving his scorecard."

Mr. Mack's death at the age of 93, at the suburban Philadelphia home of his daughter yesterday, was not unexpected. He had been in failing health for some time.

* * *

Yet, it came "as a shock," to Ford Frick, the commissioner of baseball, and others like Joe McCarthy, remembered best as manager of the New York Yankees, who is "proud to have been his friend."

It left Ty Cobb, pictured as an iron-nerved baseball immortal who gave and asked no quarter, in tears.

Cobb, who played for the Athletics in 1927-28 during Mr. Mack's half-century as Philadelphia manager, said:

"I loved Mr. Mack. You know, a man can love another man.

Frick, speaking for all baseball, said "This is a great loss to the game. Mr. Mack always will be remembered for the gentleness, kindliness, leadership and continuity he gave our great national game."

* * *

Will Harridge, president of the American League, which Mr. Mack helped organize, called him "a truly fine man, admired by fans everywhere. His name, to me, always has been synonymous with baseball."

National League President Warren Giles added: "The game is better for Mr. Mack having been such a big part of it."

* * *

Walter (Spike) Briggs Jr., president of the Detroit Tigers: "He was a great guiding influence to baseball men everywhere."

AP Wirephoto

MACK WITH OLD TIMERS — Connie Mack, in center in street clothes, manager of the one-time Philadelphia Athletics for 50 years, who died Wednesday at 93, is pictured with an array of old-timers at Shibe Park in 1944. From left: George Sisler, Home Run Frank Baker, Mack, Lefty Grove, Honus Wagner, Walter Johnson.

Washington Regents Brought Up to Date

SEATTLE (AP) — University of Washington regents conferred for hours with top administrative officials last night, then adjourned with a statement which threw no light on the institution's football future or that of the men who now guide it.

The closed session, called hastily as a local furore over the firing of football Coach John Cherberg grew to Coast-wide proportions, lasted into the early morning.

"The board has been brought up to date on the athletic situation and no statement will be released at this time."

Wins in Overtime

HILLSDALE (AP) — Adrian waited till the closing seconds to overtake Hillsdale in regulation play, then got hot in the overtime to score a 93-84 MIAA basketball victory last night.

100 Golden Glovers Set for State Championships

GRAND RAPIDS (AP)—With more than 100 Michigan boxers poised for the 22nd annual Michigan Golden Gloves Championship tomorrow and Saturday night, a curious fact is evident.

There are no heavy favorites.

"Trying to pick any of these boys as a lead pipe favorite is like trying to name a successor to Rocky Marciano," said one tournament official after some deep thought. "Of course," he said, "there's always the champs of the past."

Although talent this year appears many-fold and is said to be in more abundance than ever before, some names bear watching.

Among them is Eugene Tucker, a 21-year-old Flint fighter who wants the 126-pound open title to add to the two he already has maneuvered. In 1951, Tucker took the 112-pound novice crown. In 1952, it was the 118-pound open title.

* * *

In the heavyweight class, always a crowd pleaser Cliff Tavenner of Lansing will be back stronger than ever to defend last year's title against 12 others.

Jerry Wright, who last year carted the middleweight title home to Bay City, also will return, but this time in the 174-pound light heavyweight class, where competition appears the strongest this year.

The boxers will arrive from eight lower peninsula district centers, excluding Detroit, which holds its own championship. They are Grand Rapids, Flint, Bay City, Port Huron, Lansing, Jackson, Kalamazoo and Petoskey.

* * *

The fights, held in the Civic Auditorium, consist of bouts in eight weight divisions of two classes—novice and open. A total of 40 semi final eliminations will be held Friday night while 48 bouts to finish eliminations and decide champions will be held Saturday night.

Par at Tucson Faces Beating

TUCSON, Ariz. (AP)—Some of the lowest scores of the winter circuit are expected during the $10,000 Tucson Open Golf tournament that starts today.

Rains have softened the hard fairways of the simple, 6,434-yard, par-70 El Rio course. Pros who have been coming here for years say the greens are the best yet.

Tommy Bolt, winner of the last two Tucson Opens, believes it will take a 14-under-par 266 to earn top money of $2,000.

* * *

Bolt and Lloyd Mangrum, another double winner here, are the sentimental favorites.

The absence of 13 of the top 25 money winners of 1955 has turned the tourney into a wide open affair.

Julius Boros, Cary Middlecoff and Doug Ford, the top three of last year, are all missing.

A Royal Rooter

Dodger Fans Worldwide

BAGHDAD (INS) — When the champion Brooklyn Dodgers start spring training they can be sure a royal fan—King Faisal II of Iraq—will be watching their progress with interest.

The 21-year-old king was as pleased as any Brooklynite when he learned from newspapers which reached Iraq after some delay that "his" team has been successful in the World Series.

He sent off a cable to the Dodgers which read: "Happy to know of your great success in the World Series. Wish you always well. Faisal, King of Iraq."

His Majesty was especially pleased, perhaps, because he had picked the Dodgers as a coming outfit when he visited America in 1952.

On his way to the United States the King made a careful study of baseball, since it was part of the national scene of the country he was about to visit.

The first baseball game he saw took place at Ebbets Field, a Dodgers vs. Giants game which the Dodgers won. The royal party including the King and his uncle, Crown Prince Abdul Illah who then was regent, watched the game from Walter O'Malley's personal box.

A palace source said that the King followed the progress of the 1955 Series from newspapers and was very pleased at the Dodger victory.

Baseball is not well-known in Iraq, although the people catch occasional glimpses of it in newsreel shots. A small outpost of the American national game is maintained at Badhdad College, an American Jesuit school, where intra-mural matches are staged.

McCoy Closing In on Freeman

Spartan Ace Hitting 30.1 in Big 10 Point Production

CHICAGO (AP) — The big Ten's major basketball scoring records — based on number of points, game average and accuracy percentage — appear doomed this season if the sharpshooters maintain their pace through the last half of the campaign.

Ohio State's Robin Freeman is leading the assault on records with an average of 34.3 points in seven conference games, according to official statistics today.

His pace is far ahead of the record 27.1 average by Indiana's Don Schlundt in 14 games in 1954. Also ahead of Schlundt's mark is Julius McCoy of Michigan State, second on the scoring list with 30.1.

After the first two leaders there is a sharp drop. Dick Miller of Wisconsin is third with 22.1 followed by Jed Dommeyer of Minnesota with 20.3, Joe Sexson, Purdue, and George Bonsalle, Illinois, each with 20.2.

	FG	FT	PTS	AVG
Freeman, G, OSU	88	64	240	34.3
McCoy, F, MUS	76	59	211	30.1
Miller, G, Wis	47	61	155	22.1
Dommeyer, F-C, Minn	53	38	142	20.2
Bonsalle, C, Ill	39	43	121	20.2
Choice, F, Ind	46	47	139	19.9
Judson, G, Ill	48	22	118	19.7
Logan, C, Iowa	45	25	115	19.2
Kramer, CF, Mich	46	38	130	18.6
Ridley, G, Ill	40	29	109	18.2
Mast, G, ND	47	30	124	17.7

Knicks Near 2nd Place

By International News Service.

The New York Knickerbockers pulled to within a game and a half of 2nd place in the National Basketball Association's eastern division last night with a 102-97 win over Rochester.

By Flip, or Vote!

No Title Playoff in Big 10

CHICAGO (AP)—In case Iowa and Illinois wind up in a tie for the Big 10 basketball championship, the NCAA tournament representative will be chosen without a playoff.

The Big 10 has no prescribed procedure for selecting the Big 10 tourney team. The decision of how a representative shall be selected is up to th athletic directors, who are on record as opposing a playoff.

* * *

The directors would either vote for the representative or make the choice by draw or a flip of the coin. They will be in session at East Lansing March 2-3 during the Big 10 indoor track meet and can decide on the procedure at that time if it is necessary.

* * *

Illinois leads the race wth a 6-0 conference record. Iowa is second with 5-1. They meet only once this season, in a nationally televised afternoon game March 3 at Iowa City.

The Big 10 champion qualifies automatically for the NCAA tourney.

QUITE A CUE (TIE) — Mrs. Lonnie Brandes, war bride from Japan, is one of most adept billiard players in the country. She learned the game from Kyoshi Koizumi her father and soon began beating him. Now living in Milwaukee with her husband she gives a few pointers at the Elks club where she does her playing.

'Turkey Shoot' Sunday

The Lake Orion Gun Club will hold a "turkey shoot" this Sunday at its outdoor range on Stanton road. Shooting starts at 11 a.m. and the public is invited.

'Cats Lacking Confidence, Says Coach

Fisher Blames That Factor for Loss of All Big 10 Tilts

EVANSTON, Ill. (AP) — Lack of confidence is the big trouble with Northwestern's basketball team, Coach Waldo Fisher has diagnosed.

His Wildcats have lost 14 out of 15 starts, including all 7 of their Big 10 games.

"Confidence is what we need," said Fisher. "I would say that just not winning has cut our efficiency 50 per cent. We're not very good at best, and when you don't feel you can win, it's hard to keep going.

"One victory would give us a world of help—so much that we might even break even on the rest of the schedule."

Northwestern's next game is at home against second-place Iowa Saturday night.

Ex-Eagle Stars Now Coaching

Van Buren and Kilroy Selected as Aides to Hugh Devore

PHILADELPHIA (AP)—Steve Van Buren and Frank Kilroy, two of the Philadelphia Eagles' most celebrated players, were named assistant coaches for the National Football League team today.

* * *

Head Coach Hugh Devore thus completed the lineup of his coaching staff, which will number five. Since he was named head coach in January, Devore has selected, in addition to Van Buren and Kilroy, Steve Owen, former head coach of the New York Giants and Ed Doherty, former head coach at Arizona State.

* * *

Kilroy, who has recovered from a knee injury that shelved him for 11 games last year, will not retire as a player. Instead, he will be given the title "player-coach" as he enters his 14th year with the Eagles.

Van Buren, greatest ball carrier in the history of the NFL, hasn't played since 1951. **The last four seasons Van Buren has been doing public relations and scouting for the Eagles.**

It's Hot Stove League Time and—

YOU'RE THE MANAGER

(Fourth of a Series)

There aren't many major league pitchers who can hit as well as Brooklyn's Don Newcombe. He wasn't removed for a pinch-hitter at all last season.

Warren Spahn of Milwaukee is considered a pretty good hitting pitcher, too. However, in the following situation the Braves were trailing and had an opportunity to at least tie the score.

What would you have done? Manager Charley Grimm called it right.

(R) stands for a righthanded batter or pitcher and (L) for a lefthanded batter or pitcher.

The Braves are playing the Pirates at Pittsburgh. It's the top of the sixth with the Pirates ahead 3-2 and Lino Dinoso (L) on the mound. Bobby Thomson starts off with a walk. Chuck Tanner flies out and Joe Adcock forces Thomson at second base. But Del Crandall walks putting Milwaukee runners on first and second. Spahn (L) is the next scheduled batter with Bill Bruton (L) on deck.

CHARLEY GRIMM

Would you:
A. Put in a pinch-hitter for Spahn?
B. Let Spahn bat?

Result: B — Spahn batted and how! He hit a home run into the right field stands, driving in three runs. The Braves won, 5-3 (July 21).

UM, School Officials Hit Colorado Hopes

ANN ARBOR (AP) — Colorado College's hopes for the 1956 Western Intercollegiate Hockey League crown suffered a double blow last night, one by Michigan and another by school officials back home.

Michigan, close on the heels of Colorado in the battle for the WIHL title, blasted the Tigers 7-2, avenging a 6-3 loss to the same club the night before. Victor pulled the Wolverines to within one point of the league-leading Coloradoans.

Earlier, three of Colorado's highest scoring players, center Clare Smith, wing Bunt Hubchik and center Don (Pee Wee) Hersack, were declared ineligable for further competition this season upon their return from the current road trip.

Michigan State is one of the few colleges to concentrate on cross country running.

Fordham defeated Missouri by a 2-0 count in the 1942 Sugar bowl game, one of the lowest of bowl scores.

Is it possible you're as fussy about FIT as we are?

We try to be more critical of fitting details than our most critical customer. That's why we feature Kuppenheimer clothes...their sizes are proportioned with rare accuracy, precise to 1/64 of an inch. We try to match that standard, when alterations are required, with the most skilled tailoring obtainable. Regardless of your build, you'll get a finer fit here..!. that's a promise and a guarantee!

Van Ryzin, Dowdy Look for Close Battle

Both Art Van Ryzin and Joe Dowdy rate each other's basketball club as top competition in Friday night's Saginaw Valley game at PHS gymnasium.

Each mentor figures the collision between the co-leader of the hot cage circuit and the Chiefs will be a red-hot, tight battle.

Like the Indians' boss, Dowdy says, "We believe that Pontiac High's team is one of the best ball clubs around this year. We have a very high regard for the Chiefs, who are capable of giving any club a terrific battle."

Van Ryzin had similar words for the Indians.

"Central looked the best against us, of any club we met this year. "They were particularly good against us in the 1st game early in the season. We still remember what they did."

Chiefs' coach still figures Central "is in the best position to win the Valley title, with only one loss." Indians and Northern share the loop lead with 5-1 records.

"But," Van Ryzin points out, "in a race as tight as this one is right now, anything can happen. I still think that the club with a 7-3 record, at the end, has a chance at the title. Can't recall a year when the teams were so closely bunched, from top to bottom. Only a comparatively few points separate leaders from last place."

There appeared today to be little change in starters for either Pontiac or Central. It is certain, however, that Willie Dewalt, the Valley's leading scorer with 114 points, will be in there against Dowdy's ace, Ed Nyberg, currently in 4th place.

Pontiac's coach said his club was in fine shape, confident, ready to go. He wouldn't be surprised, he said, if this one turned out to be one of the best encounters of the year on the home floor.

Varsity game, Friday, is set for 8 p.m. following a preliminary between reserves of the schools.

Moylan Meets Tough Opponent in Tennis Test

WEST PALM BEACH, Fla. (AP)—Eddie Moylan of Trenton, N.J., co-favorite with Philadelphia's Vic Seixas, faced what was expected to prove rugged opposition today in a third round match of the South Florida tennis championships.

Moylan plays Allan Quay, University of Miami singles star. The Jerseyite, who is defending champion, had to go all-out to win from Lonnie Jordan of Montgomery, Ala., 6-4, 1-6, 6-3, yesterday.

Another top match sends Jerry Moss of Miami, a junior Davis Cupper, against Armando Vieira of Sao Paulo, Brazil, seeded No. 1 among the foreign players.

Bowling Clinic

By BILLY SIXTY

PLAYING ALLEYS—With few exceptions, top bowlers today play all alleys alike "by holding a strike spot." A few years back the big-timers used wide hooks

to collect sweeping hits. Now they're cutting down the hook, either with added speed or decreased ball-turn, to hold a more direct line to the strike pocket.

Connie Schwoegler, twice world match champion, is an illustrious example. The big Madison, Wis., pinster won his match titles in 1942 and 1948 with a "bender" hook. Now his angle is short, about 9 to 12 boards in from the gutter, as sketch shows.

Why? The wider hook was too hard to control; demanded too much practice; was too hard on the bowling hand.

The difference in delivery largely is a longer follow-through with an arm-lift finish, instead of the old, wearing wrist-twist to put a lot of turn on the ball.

Women, too, as we watched them in the recent match meet, are angling more sharply from the right, near the gutter. They're cutting down their hooks; driving higher to cover the No. 5 pin on their first (strike) ball. Anita Cantaline of Detroit, the new match queen, held a spot 5 to 6 boards in from the gutter to win the title.

Tech Swamps Canadians

DETROIT (AP) — Lawrence Tech defeated McMasters University of Hamilton, Ont., 103-65 in basketball last night, leading from start to finish.

Ken Kisabeth, a Lawrence Tech guard, was high point man for the game with 20 points although he played only the 1st half. Russ Jackson scored 16 for McMasters.

Lawrence Tech now has a 10-12 record.

'Tiger' Clamors for Try at Title

Jones Flattens Tony Baldoni in 6th After Rough, Early Going

WASHINGTON (AP) — Ralph (Tiger) Jones, whose long ring career demonstrates his capacity to take it as well as dish it out, was clamoring for a shot at the middleweight title today after a dashing knockout of Tony Baldoni.

* * *

The 27-year-old Jones had to call on all his experience and stamina to withstanding the pounding given him by young Baldoni in the early stages of the nationally telecast fight last night.

* * *

But Jones rallied strongly in the fifth, sending Baldoni down for a nine count with a short, chopping right, and then putting him away for keeps at 2:30 of the sixth with a pair of wicked left jabs.

* * *

Jones, of Yonkers, N.Y., weighed 157. Baldoni, who had won 12 in a row, weighed 160. Tony is from Wilkes-Barre, Pa.

Cagey Clem Sez...

This cage pickin' is gettin' tougher every week. Look what happened last week. Lake Orion finally won a game by beating Clawson, Hazel Park did the same with Mt. Clemens, and we thought the Pontiac Chiefs might have come through against those Saginaws.

The overall record still stands purty good with 70 right and 26 wrong even though 9 games went the other way out of 22 last week.

Now old Cagey is goin' out on the limb by picking St. Fred's to upset Royal Oak St. Mary in Pontiac tonight. Of course St. Mike's would like that 'cause if they beat Orchard Lake tomorrow then they would be back in the lead of the league.

Here's what Cagey sez this week:

Winner	Loser	Spread	Winner	Loser	Spread
Pontiac*	Flint Central	2	Milford*	Holly	17
Walled Lake*	Farmington	3	Clarenceville*	W. Bloomfield	5
Southfield	Waterford*	8	Northville*	Brighton	7
Birmingham*	Hazel Park	3	Utica	Warren*	2
East Detroit*	Mt. Clemens	5	Rochester*	Romeo	2
Port Huron	Ferndale*	6	Imlay City	Millington*	8
Oxford*	Lake Orion	3	Madison	Clawson*	6
Avondale	Roseville*	5	Almont*	Ortonville	4
Fitzgerald	Troy*	5	Lapeer*	Flint Tech	9
Univ. School	Cranbrook*	3	Memphis*	Brown City	13
Armada	New Haven*	2	Capac	Dryden*	5
St. Fred*	RO St. Mary	2	St. Benedict	St. James*	16
St. Mike*	OL St. Mary	3	St. Rita*	St. Clement	4

Crucial SCL Tilt Tonight

Rams Hope to Knock Irish Out of Race

St. Frederick's title hopes in the hectic Suburban Catholic League basketball race have long since vanished.

But the Rams can enjoy the distinction of knocking one hopeful right out of contention on the St. Frederick court tonight.

* * *

Gene Wright's cagers, who have shown marked improvement as the season rolls along, tangle with Royal Oak St. Mary this evening in a game which will have great bearing on the outcome of the SCL campaign.

The Irish from Royal Oak are part of a four-team deadlock for league leadership. They share the top spot on a 7-2 record with St. Michael, Highland Park St. Benedict, and Orchard Lake St. Mary as the championship race enters its final weekend.

St. Fred's upset-minded squad, next in the standings with a 5-4 mark, aims to topple the Irish and let the three remaining contenders decide the argument Friday night.

* * *

"We're hoping very much to be them," said Wright. "We think we are capable of doing it."

Dick Doyon will lead the Rams' charge against the invaders. The Ram scoring ace has netted 200 points in 10 games, 179 in SCL play.

St. Mary's Irish, coached by Tom Bean, boast good shooters in Jerry Hall and Phil Brzezinski, plus occasional point-making sprees by Phil Novell and Charlie Dixon.

Tonight's action gets under way at 7 p.m.

Wolverines Score 49-48 Upset in 'D' Cage Play

The Wolverines came from behind to upset the Police Association, 49-48, in a Class D American League basketball game at Lincoln Junior High to provide Wednesday night's top bill of fare.

Trailing by a 40-35 margin entering the last quarter the Wolverines rallied with a 14-point splurge to edge the league leaders and make the title chase more wide-open than ever.

Three Wolverines scored in two figures, topped by Tee Moss with 14. A like number of Policemen hit double figures with Bill Mountain leading, also on 14 points.

Archie Bell dumped in 24 points to spark the Aces to a narrow 48-46 win over Slaybaugh's in a "D" National division contest. Don Wilson collected 16 points for Slaybaugh's, which gave the winners a surprisingly close shave.

* * *

In adult American loop action at Pontiac High's gym the Lakeside Royals bowed to General Motors' balanced attack, 67-50, and Stone Front easily downed Stadium Inn, 69-44.

Two city league games are scheduled tonight at PHS in the adult circuit. Louie's Tavern faces Griff's Grill in a National division opener at 7 o'clock and Sun Life tackles the Keego Merchants in American League play at 8:30.

Police Assn.	17	13	10	8—48
Wolverines	14	11	10	14—49
Slaybaugh's	14	12	10	10—46
Aces	13	14	11	10—48
Royals	12	12	13	13—50
GMC	19	13	17	18—67
Stone Front	16	14	15	24—69
Stadium Inn	18	12	8	6—44

Solon Seeks to Help Great Lakes Fishing

LANSING (AP) — Rep. Herb Clements (R-Deckerville) introduced legislation today to establish four new fish hatcheries to restock the Great Lakes for commercial fishing.

The bill authorized the conservation commission to select sites for hatcheries which will produce lake trout and whitefish.

It carried with it an appropriation of $75,000 to finance the new hatcheries.

* * *

The bill is a result of a legislative investigation of Great Lakes commercial fishing, almost destroyed by the sea lamprey.

3rd Year for Oceak

PITTSBURGH (AP)—Frank Oceak of Johnstown, Pa., today was signed to manage the Brunswick Pirates, a Pittsburgh affiliate in the Georgia-Florida League for the third straight season.

Indiana Girl Leads Palm Beach 1st Round

PALM BEACH Fla. (AP) — Two rounds were on today's program in the women's championship of Palm Beach Golf tournament to have the way for semifinals tomorrow and finals Saturday.

Most favorites came through 1st round matches as expected, let by Jane Nelson of Indianapolis, runnerup in the National Amateur last year, who defeated Mary Patton Janssen of Charlottesville, Va., 5 and 4.

New! a 24 HOUR SHAVE!

Push the button. Out sprays a new kind of lather—INSTANTLY. Gives new speed, efficiency, comfort!

Soaks whiskers softer. RISE lather is richer, heavier, wetter lather. Wilts even the toughest whiskers!

Extra bonus. Only RISE gives you built-in after shave comfort! Combats razor sting and burn!

RISE...THE SELF-RISING LATHER GIVES YOU THE CLOSEST, SMOOTHEST SHAVES IN ½ THE TIME!

Are you tired of looking half-shaved half the time? Then try RISE! Unlike any other lather or brushless, self-rising RISE is *super-pressurized!* Creates millions of smaller, wetter bubbles that soak whiskers soft at the base—then RISE makes them stand up straight so your razor cuts closer—*actually at the skin line!* Since you shave your whiskers *closer* you stay clean-shaved *longer!* And remember—only RISE gives you built-in after shave comfort! Combats razor sting and burn. Leaves your face cool, refreshed. Enjoy this new, exciting 24 hour shave. Get RISE today!

SEE HOW SELF-RISING LATHER GIVES YOU LONGER LASTING SHAVES:

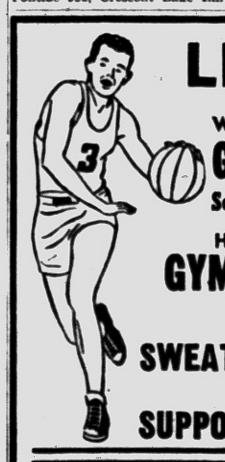

Close shaves are impossible when whiskers lie flat on face like this.

RISE's self-rising lather makes your whiskers stand up straight!

You shave closer—*at the skin line!* Shaves actually last *longer!*

Called Nice Kids

Soviets 'Deserved to Win' Says U. S. Skater

FITCHBURG, Mass. (AP) — A Massachusetts speed skater who competed in the winter Olympics at Cortina says the Russians "Deserved to win."

* * *

"The Russians are terrific, both from a personal and a competitive standpoint," said 24-year-old Art Longsjo, in an interview.

Longsjo, an unemployed draftsman, six feet and 160 pounds, came home from Cortina Tuesday night.

"They're nice kids," he said of the boys from behind the iron curtain, "just like anyone else. They train hard and they deserved to win."

"They train hard, perhaps, because they were pushed to do so, but I saw no evidence where they placed emphasis on anything. They mingled freely with the contestants from other countries. However, their officials didn't have very much to say."

Longsjo said he went to American movies with several Russian athletes.

"I don't think they know much about world affairs," he said, "but they make no attempt to learn. All they want to talk about is training and competing.

Longsjo, sick with flu most of the winter meet, competed in only one event, the 5,000 meter race—and finished 40th. Even if he had not been sick, he said he doubted he would have done better than 25th, so keen was the competition. Though the U.S. speed skaters finished far back in the team standings they broke three U.S. records in four.

'Vinegar' Sets SO Mark

HAVANA (AP) — "Vinegar Bend" Mizell, St. Louis Cardinal star southpaw, finished the Cuban winter baseball season last night by fanning 11 for a record season strikeout total of 206. He pitched the Havana Reds to a 7-4 victory over the Marianao Tigers although he needed help from Red Munger in the 8th.

NEW YANKEES — Shortstop Bob Kline (left) and pitcher Maury McDermott were traded by the Washington Senators to the New York Yankees for five players — one yet to be named. The trade did not involve any cash. McDermott is the key in the trade. The 2 year old southpaw had a 10-10 record with the Senators last season.

Spartans Drop Overtime Tilt to Marquette, 90-81

MILWAUKEE (AP) — Marquette fought back from a 13-point deficit and toppled Michigan State 90-81 in an overtime basketball thriller last night, despite Julius McCoy's 31 points.

Terry Rand was the big man in the Warrior victory, sinking 12 crucial points in the second half and six in the overtime.

The regulation game ended in a 77-77 deadlock.

Marquette went into a stall with a minute and 15 seconds remaining, waiting for one last shot. Don Bugiaski tried a push shot from the side and missed. McCoy grabbed the loose ball and dribbled swiftly down the court. He shot and missed too.

In a wild scramble for the ball Bob Walzeak, fouled Michigan State's George Ferguson, sending him sprawling under a press table. Injured and unable to take the free throw, Ferguson was replaced by Franskoviak at the free throw line. His shot was wide.

Marquette outscored MSU 13-4 in the overtime, climaxing an uphill battle in which they trailed by as much as 13 points in the first half.

Michigan State led 42-39 at the intermission. The lead changed hands six times in the second half.

The victory gave Marquette an 11-6 record and was their first in six meetings with the Spartans. Michigan State is 10-5 for the season.

Yanks Get 2 for 5

By JACK HAND

NEW YORK (AP)—The Yanks have Maury McDermott, Washington has a "new look" and the rest of the American League has a new headache.

McDermott, the lanky lefty often mentioned in trade talk, finally came to New York yesterday in a seven-man swap that brought five young players to Washington.

With McDermott in the starting pitcher brigade with Whitey Ford, Tommy Bryne, Bob Turley, Don Larsen and Bob Grim, the Yanks present a formidable mound staff in defense of the American League pennant.

The deal was the Yanks' answer to the challenge presented in the major changes by Cleveland, Chicago, Boston and Detroit since the close of the 1955 season.

The Indians traded Larry Doby, their hard-hitting outfielder, to Chicago for shortstop Chico Carrasquel. The Red Sox acquired pitcher Bob Porterfield, first baseman Mickey Vernon, outfielder Tom Umphlett and pitcher Johnny Schmitz from Washington in November for five young men among them outfielder Karl Olson. Detroit picked up pitcher Virgil Trucks from Chicago for outfielder Bubba Phillips.

* * *

The Yanks gave up outfielder Dick Tettelbach, 26, a Yale grad who hit .309 at Denver in the American Assn. last season; Bob Wiesler, 25, a promising left-handed pitcher with an 0-2 record at New York; catcher Lou Berberet, 26, who hit .265 at Toronto in the International League and infielder Herbie Plews, 27, a .302 batter at Denver. A fifth player will be shipped to Washington before April 1.

* * *

In addition to McDermott, who has been rumored as coming to New York all winter, the Yanks got shortstop Bob Kline for their Denver farm. Kline hit only .221 in 77 games at Washington.

The value of McDermott, 27, is reflected in his 3-2 record against Cleveland, the top contender, his season record of 10–10 and his batting average of .263, tops among American League pitchers.

Pole Vaulting Parson Enters Chicago Event

CHICAGO (AP)—The pole vaulting parson, Bob Richards, today filed his entry for the Chicago Daily News Relays at Chicago Stadium March 24.

He becam ethe first defending meet champion to enter the 20th annual event. Last year his vaulting pole became lost enroute to Chicago, but he cleared 15 feet with a borrowed one.

Richards, former collegiate star from the University of Illinois, has topped 15 feet 88 times and believes this may be the year he can better the world's record of 15-8½ set by Cornelius Warmerdam in the 1943 Daily News meet.

He twice had cleared 15-3 this year and vaulted 15-4 in the recent New York Millrose Games.

500 Anglers Compete in Fenton Lake 'Derby'

Fourth annual fish "derby" was held at Lake Fenton last weekend by the Fenton Lakes Sportsmen's Club, with about 500 taking part, according to Edward J. DeCius of the club.

In addition to the 500 fishermen, DeCius said there were some 200 spectators.

Winners in the hook-and-line events were (pike), Olin Cimmerer, Flint; (perch), A. Biffle of Flint; (Specks), C. Minier, Holly; (bluegill), H. Fremont, Fenton; (sunfish), C. Cook, Flint and rock bass, A. Warner, Flint. R. Winton of Flint took a 21½ inch pike in the spearing contest.

Bruins' Pilot Just Hopes for NHL Playoff Place

By THE ASSOCIATED PRESS

"Whom would you rather play in the Stanley Cup Playoffs, the Rangers or the Red Wings?", someone asked Lynn Patrick, general manager of the Boston Bruins, last night.

"I just hope to heck we get to play somebody," was Patrick's retort.

* * *

This exchange of repartee followed the New York-Boston game in which the Rangers overcame a three-goal deficit to tie the Bruins 3-3 on Ron Murphy's goal at 17:44 of the third period.

* * *

"Before the game I would have settled for a tie," said Patrick. "Now I'm disappointed. The way we blew that lead was murder."

The Bruins skated the Rangers off their feet in the opening period as Vic Stasiuk scored twice and Don McKenney once. Then the Rangers got going with second-period goals by Murphy and Larry Popein.

* * *

The result moved New York back into undisputed possession of second place, 1 point ahead of idle Detroit. The Wings have 58 points to 59 for the Blueshirts.

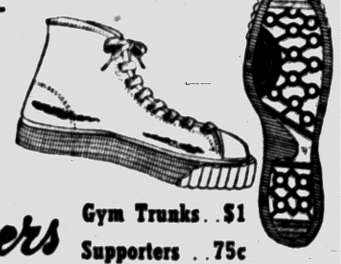

* * *

Murphy's climactic goal cost the Bruins a vital point, one that would have moved them into a tie for fourth place with Toronto and Chicago.

The Leafs battled to a 1-1 tie with the pace-setting Montreal Canadiens in the circuit's only other game. Boom Boom Geoffrion registered for the Canucks and Ron Hurst for the Leafs, who played with a new goalie, Ed Chadwick—up from Winnipeg of the Western League.

Simer Slips to 2nd

Milford Ace Back in Scoring Lead

Scoring Leaders

These are the leading scorers in the various leagues involving Oakland area schools, for 8 or more games:

	G	Pts.	Avg.
Davidson, Milford	10	275	27.5
Simer, Madison	11	281	25.5
Sharpe, Lake Shore	11	257	23.3
Wilson, Lapeer	11	252	22.9
Rogers, West Bloomfield	8	179	22.3
Paul, Avondale	11	241	21.8
Kersten, Almont	12	261	21.7
Dorow, Imlay City	12	257	21.6
Schmidt, Romeo	12	256	21.3
Martyniak, Roseville	8	162	20.2
Chernenko, Capac	11	216	19.6
Ridling, Clarenceville	10	191	19.1
Hutchings, Ortonville	12	228	19.0
Snyder, Brighton	10	189	18.9
Watson, Brighton	10	187	18.7
Drake, Lake Orion	10	182	18.2
Baker, Milford	10	180	18.0
Hughes, Walled Lake	10	167	16.7
Moser, Southfield	12	173	16.6
Bawgle, Dryden	9	137	15.2
Clary, Fitzgerald	10	151	15.1
Juran, Armada	10	151	15.1
VanHecker, Rochester	10	147	14.7
Teska, Northville	10	146	14.6
Marzka, Lake Shore	10	143	14.3
Deacon, West Bloomfield	8	114	14.2
Griffin, North Branch	11	156	14.2
Ferrier, North Branch	11	154	14.0
Lang, Clarkston	11	153	13.9
Perkins, Madison	11	151	13.7
Maurer, Troy	11	150	13.6
Cole, Utica	10	136	13.6
Graig, Romeo	12	163	13.5
Niera, Lake Orion	11	147	13.3
Malzohn, Utica	10	133	13.3
Evans, Southfield	10	132	13.2
Pruitt, Fitzgerald	10	132	13.2
Ballman, East Detroit	9	118	13.1
Gillis, Waterford	11	143	13.0

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

A familiar name is back to lead the point parade of prep basketball scorers as the cage race moves into the final two weeks of the regular season.

The name heading the list is Milford's scoring ace Jim Davidson, 6 foot 3 senior who last year took the honors.

Davidson jumps back into the lead ahead of Madison's Jim Simer who set the pace for a month until he ran into trouble against Oakland B foes.

Simer could muster only 12 points against Troy and Fitzgerald and 18 against Avondale, his lowest outputs of the season.

The 25.5 average, however, behind Davidson's 27.5, mark per game is by no means hard to take.

Imlay City's Larry Dorow with 21.6 is South Central League's top representative, and Don Sharpe of Lake Shore heads the Bi-County Loop with 23.3.

Lapeer's high flying outfit has Tom Wilson leading the way with 22.9 points and Romeo puts Bill Schmidt with 21.3 among the select group.

Oakland B backs Simer up with Jerry Paul of Avondale and Len Martyniak of Roseville and Wayne-Oakland with Frank Rogers of West Bloomfield and Darrell Ridling of Clarenceville.

Rogers who has been out for couple games with a bad ankle has only eight games to account for his 179 point total.

Rapidly moving up into the top ranks is Southfield's Ken Moser a little guard who is only a fraction away from being Inter-Lake's leading scorer. He has a 16.6 average just behind Larry Hughes of Walled Lake with 16.7.

Hughes has lost three points off his average in the last three games.

Two of the leading teams in the area, Utica and Fitzgerald, show reason for their success. Without any exceptionally high scorers the two quintets carry balance.

Three Utica players, Dick Cole, Lou Haase and Ernie Malzohn, spread the scoring with 13 points each a game. Fitzgerald does likewise with Jim Clary, Norm Pruitt and Lou Collins.

Milford also shows some balance despite Davidson's bushel of points. Fred Baker, who set a school record for one game of 40 points, carries an 18.0 average with Jim Priestley hovering near double figures.

This still proves the point, that balance in basketball is the winning way.

THE CHA-CHA—Philly rookie Joe Lonnett does a hop and jump to get out of the way of bad pitch at the opening of the Philadelphia rookie camp in Clearwater, Florida, yesterday. Andy Seminick, veteran catcher, is acting as coach at the school.

Come On, Team —Fighting Cry

(A United States war cry heard by charging troops in Sicily)
By GRANTLAND RICE

"Come on, Team!"—
Here were the words they knew, and understood,
The final answer to a captain's dream,
Suiting the moment and the fighting mood,
Brought in from other fields, and other days,
Part of their heritage in friendly grip,
A call far-echoed from remembered ways
That had no part of fox hole, tank or ship.

"Come on, Team!"—
This is their answer when the chips are down.
Where great bombs thunder or the red flares gleam,
By battered road or through some shattered town,
Part of their younger souls in younger years,
When it was one for all, and all for one,
Lifting them high above all doubts and fears
Until the game was over and the fight was won.

AP Wirephoto

IN RIGHT PLACE — Colder it gets, the bigger they bite or so it seems. See what Lawrence Van Etten pulled out of a hole in the ice on Burt Lake, near Petoskey. The fish is 6-feet-11-inches long, weighed 163 pounds, eight more than the fisherman. Van Etten lost the sturgeon once in the battle to land him out of 17 feet of water. He later got his spear into the monster and hauled him in after a half hour battle.

Tourney Selection Time Has Quintets Scrambling

By THE ASSOCIATED PRESS

It's that time of the year again. Balloting for the All America basketall team is under way, the post season tournament committees are on the prowl—and both team and individual performances are hitting high gear.

The likes of West Virginia's Hot Rod Hundley, Holy Cross' Tom Heinsohn and Marquette's Terry Rand went all out last night while Xavier of Ohio up and swatted Cincinnati 79-72 in overtime.

Temple, trying to forget its one defeat, walloped Bucknell 88-50. And unbeaten St. Francis of Brooklyn, with an NIT invitation in hand but perhaps angling for a NCAA at-large berth, ran its string to 16 straight by beating Bridgeport (Conn.) 84-77.

Hundley kept the Mountaineers rolling 76-73 for their first victory at Penn State since 1949. He canned 25 points. His five quick baskets early in the second half overhauled a 46-41 Penn State lead.

Heinsohn, another All America candidate, scored 30 points, snared 21 rebounds and got 13 assists as Holy Cross ripped Syracuse 100-85. It was the 11th straight victory for the Crusaders, who'd like to wind up in the NIT again.

Rand had himself quite a night as Marquette toppled Michigan State 90-81 in overtime. He over shadowed Julius McCoy's 31-point bag for Michigan State while scoring 24 to lead the Warriors—hitting 12 in a second half rally and 6 in the overtime.

Elsewhere, Duquesne, an NIT entry, defeated Carnegie Tech 69-59 although All America candidate Villanova pulled away in the last 8 minutes to beat Penn 89-74. Seton Hall, another NIT entry, outscored Iona 26-4 in the last 5 minutes of the first half and went on to win 105-87.

Given Another Chance

NEW YORK (AP)—Outfielder George Wilson will get another chance to make the New York Giants. In the last three years he hit .315, .302 and .307, respectively, for Minneapolis. His runs batted in totals are 94, 92, and 99 in that order.

Not Golfing Expression

The expression "up to par" did not originate in the game of golf as generally presumed, but rather came from the stock exchange in New York.

Perfect Score for Red

In 1924 against Michigan, Red Grange of Illinois carried the football just five times, and scored five touchdowns, one of the game's classics.

Short Losing Streaks

Nore Dame has lost more than two football games in a row only once since 1914, the year the late Knute Rockne took over as head coach.

Oklahoma has run its football win streak to 30 games.

Teams Without Titles

Up to 1955, Baltimore and San Francisco were the only western division teams of the National Football League which had not won loop titles.

Gridder Moved Around

Pat Tolar of Texas played quarterback, fullback, center, halfback and end during his football career with University of Texas football teams.

Advertise Anniversary

Southern California football helmets in the 1955 season carried small diamond insignia which denoted the school's 75th anniversary year.

Ron Beagle of the Navy caught 30 passes for 451 yards in the 1955 season.

The world's best seller for the world's best reasons...

the FORD V-8

It performs better!
If you've driven a Ford V-8, you know that its performance is the big reason why the Ford V-8 has been the world's best-selling eight over the past 24 years! And in the new Ford Thunderbird V-8, you get the most powerful eight, at no extra cost, in the low-price field. This is the tremendous engine which is the standard eight for all Fairlane and Station Wagon models this year.

It looks better!
Ford has eager, "let's-go" looks to match its sparkling performance. The long, low, road-hugging lines of the Ford give it a distinctive sports-car flair. Ford's ornamentation gives it a distinctive personality—entirely apart from cars that strive to look alike! And inside the new Fords, you find sharply-defined beauty that's a perfect complement to the distinguished exterior styling.

Heustis Seeks Health Subsidy

Asks Legislature for $600,000 to Aid Local Departments

LANSING (AP) — Dr. Albert E. Heustis, state health commissioner, has asked the Legislature for $600,000 in state subsidy for Michigan's local health departments in the next fiscal year.

• • •

The figure is $275,000 more than the current appropriation.

Dr. Heustis said at a meeting of full-time local health department directors yesterday that the additional money is needed for seven local public health services.

He listed the seven as chronic illness programs, preventive mental health, polio immunization, child health services, migrant labor health projects, home and farm accident prevention and improvement of community sanitation.

• • •

Dr. Heustis also said that changes in tuberculosis control pose "unpredictable needs." He said TB patients "are not accepting hospitalization the way they once did and are leaving hospitals in increasing numbers before their treatment is complete."

• • •

A lack of vaccine, he said, still is hampering the state's polio vaccine program. The State Health Department has distributed 1,343,000 doses of vaccine so far, he said, but there are six million persons in the immediate priority group.

Birthday Cards Shower Little Dryden Girl

DRYDEN — Susan Coon, six-year-old daughter of Mr. and Mrs. Richard Coon of Seven Ponds, Dryden, received a card shower for her recent birthday. Cards began pouring in and final count found the number well over 1,000.

Young Susan was stricken with a rare bone ailment later diagnosed as lukemia of the bone marrow. Doctors over the state have given her no hope of recovery.

In addition to the cards she received came a wheel chair from the veterans of Dryden and a yarn doll from Arthur Godfrey.

Bright and cheerful, Susan attends her Sunday School regularly and attended Dryden School until last October.

Store Owner Locks Up; Leaves Marine Inside

BOSTON (AP)—Marine Pfc. Peter D. Narkates, 21, went into a drugstore early today to place a phone call to his wife in Birmingham, Ala.

The store's owner, Samuel Hoffman, unaware Narkates was in the booth, turned off the lights, locked up and left.

When Narkates realized his predicament, he phoned police. They looked up Hoffman, who returned and freed the marine.

Checks Coming Though Mail Bag Lost From Train

ROCHESTER — A freak accident Saturday to a New York Central Railroad pouch of mail kept Postmaster Cole M. Neumann busy answering the phone for two days.

The bag of mail, with its destination Rochester, was lost from a train coming from Lapeer and contents were partly demolished.

The mail bag contained a quantity of government and Social Security checks for this area, and Neumann said that those which came in at intervals were being delivered without delay.

To Install Light at Walnut Lake

Men's Club Works for Fire Fighting Equipment for Night

WALNUT LAKE—Efforts of the Walnut Lake Men's Club to obtain better street lighting and improved fire-fighting equipment are meeting with early success, President J. S. Wallace announces.

In answer to the club's petition for better street lighting, West Bloomfield Township Supervisor Harlan Thatcher has notified the club action is under way to install a light at Inkster and Walnut Lake roads, Wallace said. Request for additional lights is also under consideration.

Wallace said that the club also has started action to obtain portable lighting equipment needed by the community's fire department for night fire fighting and lake rescue work.

The club already has pledged $70 toward the fund and William Becker has been appointed chairman of a committee to raise the remainder.

The Michigan Bell Telephone Co. also has acted favorably on a request to install a public telephone booth in the Walnut Lake business block, Wallace said.

The men's club dinner dance will be held at 7 p.m. Feb. 25. Program Chairman Gordon Moakes announces.

Scout Troops Plan to Attend Church

ROCHESTER—The Troop post of the First Congregational Church will attend in a body Sunday in the annual observance of Scout Sunday. The post consists of scout troop No. 148 and the newly formed Explorer troop 138, both troops sponsored by the church.

A special service is planned to give recognition to the Christian emphasis in the scouting movement. The troop charter for 1956 will also be presented to Floyd Cross, scoutmaster and David Milne, Explorer leader.

The troops will take part in the presentation of the flags. The Rev. E. John Yuells will give the sermon the theme "Who Stands Behind Us."

The value of Mexico's chemical production has jumped 243 per cent since 1940.

MR. AND MRS. WM. WEBER

Janice Sofko Chooses Velveteen for Wedding

WESTACRES—Father Leo Shelbreau of Visitation Parish, Detroit sang the nuptial mass for his cousin, Janice Marie Sofko, when she became the bride of William Joseph Weber on Saturday, in Our Lady of Refuge Church at Orchard Lake.

• • •

More than 200 guests attended the 10 a.m. ceremony which united the daughter of the Charles E. Sofkos of Honeysuckle Road, Westacres, with the son of the Frank Webers of Carlysle Road, Dearborn.

Janice chose a white velveteen ballerina length gown styled on princess lines and featuring long fitted sleeves and a cowl neckline. Her shoulder length veil of nylon tulle fell from a small cap of the velveteen. Her only jewelry was a string of pearls, the gift of the groom. A white orchid with sprays of stephanotis was attached to her prayer book.

Three sisters of the bride were her attendants. The matron of honor was Mrs. Larry Kelly of Ann Arbor, bridesmaid was Mrs. George Badalutz of Union Lake, and junior bridesmaid was Peggy Sofko.

Dr. John Weber of Allen Park was the best man for his brother. Ushers were the bride's brother, Charles E. Sofko Jr., and her brother-in-law, George Badalutz.

A breakfast reception was held immediately following the ceremony in the church hall.

After a trip to Boyne Falls Ski Lodge, the young couple will be at home on Shaefer Road in Dearborn.

To Show Luther Film at Drayton Church

DRAYTON PLAINS — Special activities will center around the showing of the film, "Martin Luther, Friday at St. Andrew's Episcopal Church, Dixie Hwy.

A light supper will be featured from 6:30 p.m. to 7:30 p.m. when the film will be shown.

Proceeds will benefit the Blue Choir and parents of choir members are sponsoring the event. The children will help with the serving.

County Deaths

Roy R. Bird

Service for Roy R. Bird, 70, of Milwaukee Ore., and formerly of Birmingham, will be held at 1:30 p.m. Saturday from Donelson-Johns Funeral Home with burial in Ottawa Park Cemetery. Mr. Bird died Saturday.

He is survived by his wife, Ruth; six daughters, Mrs. Ray Norton of Drayton Plains, Mrs. Donald Davis of Windchester, Ind., Mrs. Russell Welch of Detroit, Mrs. William Clark of Milan, Mrs. Pearl White of Frederick and Mrs. Kay Rackley of South Bend, Ind., three sons, James Davis of Fremont, Alfred and Richards R. Bird of Oregon; four brothers, Elmer, of Boyne City, Hazel of Traverse City, Frank of Charlevoix and Robert of Torrence, Calif.; 24 grandchildren and 12 great-grandchildren.

Donald W. Durfee

FARMINGTON—Service for Donald W. Durfee, 55, 33714 State St., will be held at 2 p.m. Friday from Thayer Funeral Home in Farmington with burial to follow in Novi Cemetery. Mr. Dufree died Tuesday after a three weeks' illness.

Mrs. Ruby (Ethel) Woodie

ROCHESTER — Service for Mrs. Ruby, (Ethel Mae) Woodie, 56, 321 Taylor St., a longtime resident of Rochester; will be held at 2 p.m. Saturday at William R. Potere Funeral Home with burial in Mt. Avon Cemetery. Mrs. Woodie died this morning at Avon Center Hospital after a two weeks illness.

Joseph Senko Jr.

NORTH BRANCH —Service for Joseph Senko Jr., 39, will be held at the Blackburn Funeral Home, North Branch at 2 p.m. Friday, with burial in the Maple Grove Cemetery, near North Branch. Mr. Senko, a former North Branch resident, died Sunday at his home in Ft. Lauderdale, Florida.

George Henry Schroeder

LAKE ORION — Service for George Henry Schroeder, 43, 667 Orion Rd., will be held at 2 p.m. Saturday from Allen's Funeral Home with burial in East Lawn Cemetery. Mr. Schroeder died Wednesday in Pontiac General Hospital following an auto accident.

To Present 'Laura' in Romeo Saturday

ROMEO—Plans for the benefit production of "Laura" slated for presentation in the Romeo High School auditorium at 8 p.m. Saturday are near completion today. The Romeo Players are turning proceeds from the play over to the March of Dimes.

Members featured in the cast are Mr. and Mrs. J. Gerald McLean, Mrs. Frank Webber, Mrs. Philip M. Stone, Robert McGuire, Byron Scott, David Waschull and Gordon Osgood.

The entire production is under the direction of Mrs. Elaine Dunkleberger, teacher at Romeo High School. She is assisted by fellow teacher, Joyce Adadow, as production manager.

Commerce OES Plans Breakfast to Benefit Fund

COMMERCE — The Commerce chapter OES No. 301 will sponsor a benefit breakfast at the Masonic Temple in Commerce Sunday from 7:30 a.m. until noon.

The proceeds from the breakfast will be added to the new scholarship fund established for students in their first year of college.

The breakfast is sponsored by Martin Pooley worthy patron, and Elmer Barnum, associate patron, and co-chairman. Reservations can be obtained by calling EM 3-3944.

Board Covers Building Ideas

To Discuss Possible Elementary School Site in West Bloomfield

WEST BLOOMFIELD TOWNSHIP — The Board of Education spent most of its Monday meeting discussing an addition to the high school and a new elementary school. Members of the board plan to meet with a realtor to discuss property located at Orchard Lake and Maple Roads for a new elementary school.

• • •

The board voted to invest debt fund money, amounting to $20,000 with the Michigan National Bank of Flint.

Plans are being made for a school bond election in the spring. A date has not been set. The plan of the board would be to have a building program without increasing the present $7.50 debt levy.

Mrs. Claudia Baker was hired to teach English at the high school. She holds a Bachelor of Arts degree from McKendrie College in Lebanon, Ill. and has taken over the classes of Mrs. Manda Jenkins.

• • •

Mrs. Dreama Royal, elementary music teacher, is teaching part time vocal music at the high school due to the resignation of Mrs. Marjorie Seavey.

The board approved paying bills amounting to $33,523.53.

Dr. Leif Hougen, superintendent of schools; Richard McClurd, president of the board and Kern Murphy vice president, were authorized to attend the national school board conference in Atlantic City Feb. 18 through 23.

Two Lessons Planned for Extension Group

AVON TOWNSHIP—Stiles Young Home Makers Extension group will meet at 7:30 Monday evening at the home of Mrs. Rex Boner, 6903 Livernois Rd.

Mrs. George Jamerson and Mrs Claude Marries will give the lesson on "Hobby Hunting" and Mrs. Norma Falk and Mrs. Eleanor Hedberg will give the lesson on "Line and Design in Dress."

Your PTA Is Planning:

Walled Lake Group Plans Neighbor Night Meeting

WALLED LAKE — It will be "Bring Your Neighbor Night" when the Walled Lake Junior-senior high PTA meets on Thursday, Feb. 16 in the cafeteria of the senior high school at 8 p.m. Each member is urged to bring a neighbor who does not ordinarily attend.

The program for the evening will consist of a short "Phillips 66" session when questions will be compiled to be presented to a panel of teachers, parents, and students. Moderators of the panel will be the Rev. Perry Thomas of the Commerce Methodist Church; teacher members, Mrs. Ethel Gibson and Mrs. Lynn Garrett; parents, Harold Welch and John Westerdale; and students Robert Hess and Linda Chabot.

A social hour will follow the discussion which will be based primarily on the discipline questions raised by Dr. Andrew T. Yang at last month's meeting.

Clarkston

The Clarkston PTA will meet at 7:30 tonight in the elementary school.

The program will consist of a panel discussion by members of the Clarkston School Board and Supt. L. F. Greene relative to the function and operation of the Clarkston schools.

Parents will be able to present their questions to the panel. Parents are urged to attend.

Avon Township

Elmwood School PTA will observe Founder's Day with a pot-luck supper tonight at 6:30 at the school. There will be community singing and introduction of past PTA presidents.

Stiles Executive Board will meet in Stiles school cafeteria at two o'clock Wednesday Feb. 15.

Stiles home room mothers will be in charge of all Valentine parties to be held in the different grades of the school Tuesday.

Civic Assn. to Meet in Elizabeth Shores

WATERFORD TOWNSHIP — The Elizabeth Shores Civic Assn. will meet at 7:30 p.m. Monday at the home of Mrs. Marion Rice, 480 Spingle, Pontiac.

The group received its charter on Nov. 21, 1955. President of the association is Mrs. Alma Vicara; vice president, Charles Rice; treasurer, Arnold Orvis; secretary, Mrs. Marjorie Domas; and corresponding secretary, Mrs. Marion Rice.

The Board of Directors includes Irvin Lyle, Tom Reynolds, Richard Kreuzer, and Robert Playter.

Moves to nationalize gold mines in the State of Mysore are reported in India.

Arraign Youths for Ohio Slaying

Three From Hazel Park Enter Innocent Pleas on Murder Charge

WAPAKONETA (AP)—Three Michigan youths accused of murder in the holdup-slaying of a Wapakoneta tavern keeper today entered pleas of innocent, but their lawyer reserved the right to withdraw the pleas at any time.

The three appeared at a three-minute arraignment and their attorney, Ernest S. Navarre of Lima, entered the pleas.

The three are charged with first-degree murder in the Jan. 24 slaying of Charles Stolzanbach, 54. They are Bernard H. Harris, 19, James D. Thornton, 20, and Pvt. Willie R. Thomas, 20, all of Hazel Park. All are being held without bail.

In entering the pleas, Navarre also reserved the right to file motions attacking the indictments and any other motions the defense believes necessary, including a bill of information.

Prosecutor George Monahan asked the state be granted the same rights in the filing of motions.

• • •

The arraignment was before Judge Jacob T. Koenig.

Relatives of the three youths visited them before the arraignment, but were not present in court.

Will Purchase if Funds Allow

Anticipation of Record Turnout at Elections Prompts Action

COMMERCE — Anticipating a record turnout at the polls this year, authorization for the purchase or rental of three new voting machines was granted last night by the Commerce Township Board at its regular monthly meeting held at the Township hall.

• • •

The action was taken to meet the demands of a rising population.

Township Clerk Earl V. Garner will negotiate for the procurement of the machines. If the cost of the machines comes within the limitation of the budget, an outright purchase will be made.

At one time Commerce Township owned 12 voting machines. However, two of them were turned over to Walled Lake when it withdrew from the township to become a city.

The board decided to divide the township into four voting precincts instead of two for the coming elections. Precinct no. 1 will be at the fire hall in Commerce village, precinct no. 2 will be at the Wixom School, precinct no. 3 will be at the township hall and precinct no. 4 will be at the Union Lake School.

James L. Gardner, township supervisor, reported to the board that about 80 per cent of the township residents cast ballots in the last national election.

The board accepted the bid of Lohff and Noble, Pontiac certified public accountants, to perform the audit of the township books for the current fiscal year.

• • •

Township Clerk Garner formally presented his resignation to the board pending the appointment of a successor.

To Give Card Party

FARMINGTON TOWNSHIP—The Altar Society of Our Lady of Sorrows Church is sponsoring a card party to be held in the parish hall Shiawasse at Power Roads at 8 p.m. Friday. The public is invited. Mrs. W. P. Brennan is chairman of the party.

Missile Program Given Little Chance of Adoption

WASHINGTON (INS)— Assistant Air Secretary Travor Gardner's "crash program" for intercontinental rocket missiles was given little chance of adoption today despite requests that he outline his plan in writing and in testimony before Congress.

• • •

Gardner has resigned as Air Force research chief but will stay on long enough to prepare a final report. He contends that the 5,000-mile missile program must be put on an all-out, wartime emergency footing because of the Soviet's H-bomb threat.

He told a Pentagon news conference late Wednesday that he had "some very constructive" conferences with Defense Secretary Charles E. Wilson in Miami, Fla. earlier in the week, and that Wilson asked him to prepare the final report.

Meanwhile, Sen. Henry M. Jackson (D-Wash), said the atomic energy subcommittee on military weapons application will want to hear Gardner's views.

Jackson stressed that the subcommittee, which he heads, does not want to investigate anybody but hopes "to speed up the program," which, he added, the group has been successful in doing so far.

LIKE TO LISTEN

The senator said Gardner had been previously scheduled as a witness and continued: "In view of what he has said, the committee should have the benefit of his views . . . the subcommittee will be most anxious to have the benefit of any suggestions he may have to offer that may help us to win this awful race for the ultimate weapon."

Air Force Secretary Donald A. Quarles, who testified last week, will be called again, Jackson added.

Troopers to Battle

WASHINGTON (AP) — A thousand paratroopers of the Army's 82nd Airborne Division will practice fighting battles on the bleak ice-cap of Greenland next month. The Army announced today that a battalion combat team will fly to Thule from Ft. Bragg, N.C., in March to participate in what it calls Exercise Arctic Night.

▲ *coupon inside worth 20¢ on your next ½-lb. purchase.*

Today's the day to buy Lipton Tea. You'll save money and discover the most delicious tea that ever warmed your cup and your spirit.

Tea that gives you a wonderful lift every time —*the right kind of lift.* For . . . with the first few sips . . . Lipton helps you *relax.* Then as tenseness eases, it restores your get-up-and-go.

Lipton's famous *brisk flavor* does it. It makes Lipton richer, more satisfying than other teas . . . livelier, cleaner-tasting than other beverages.

So don't wait another day to try Lipton's handy tea bags or fine, fragrant loose tea. Get acquainted with Lipton's wonderful brisk flavor —and save money in the bargain.

German Leader Now Carpenter

Afrika Korps General Kept Diary of Rommel Actions in Egypt

MEDFORD, Ore. (INS)—A man who 11 years ago was a major general in the German army's famed Afrika Korps today is a carpenter at Medford, working for Cascade Forest Products.

* * *

He is Henry Warrelmann, who served under German's famed field marshall, Erwin Rommel.

After World War II, Warrelmann brought his family to the United States from his home near Hanover, Germany, to find a new way of life. Among his treasures is a photograph of Rommel, taken when the "Desert Fox" was making headlines throughout the world for his brilliant, hard-hitting strategy.

Warrelmann kept a diary of Rommel's African campaign, but it was captured and destroyed, he said. He considers it a considerable loss from a military standpoint because of the originality and efficiency of the Panzer troops.

* * *

The former general believes that Germany lost the war in the winter of 1941. He particularly blames Hitler's decision to disregard his generals' recommendations for a strike toward Moscow in the summer of 1941 or the spring of 1942 and determination to hold the Russians in a circle in the winter.

A three-year study of the pandanus is to be made in the tropical Pacific Islands, New Zeland learns. There are 440 known species, some excellent for weaving.

DAVE R. EWALT

City Park Director Put on Committee

Pontiac Parks and Recreation Director Dave R. Ewalt, this week was appointed as a member of the National Sports Festival Committee.

George T. Sargisson, society president, made the announcement.

The American Recreation Society is composed of more than 2,800 professional recreation leaders and administrators employed by governmental agencies, hospitals, institutions, industrial firms and voluntary organizations throughout the country.

Fine or Term in Jail Given Lloyd Riggleman

Charged with driving under the influence of liquor, Lloyd D. Riggleman, 20, of 207 Elm St., was fined $100 or 20 days in jail yesterday by Pontiac Municipal Judge Maurice E. Finnegan.

See Atom Used as Economy Aid

New Technological Base Will Provide Thrust, Professor Asserts

CHICAGO (INS) — Peaceful uses of the atom soon will give the nation's economy "a mighty forward thrust."

This forecast comes from Theodore W. Schultz, chairman of the Economics Department at the University of Chicago. He says application of atomic power may provide the technological base to keep the American standard of living expanding, at the rate of a compounded two per cent annually, as it has been doing for the last 80 years.

Continuation of this rate Schultze adds, would raise the average family income from $5,000 to $25,000 a year in today's dollars in the next eight decades. Schultz says:

"About nine-tenths of remarkable economic growth of the United States has come from improvements in our national efficiency represented by an output per unit of labor and capital.

In the main this has been made possible by the outstanding advances in our technology, and in the state of productive arts."

Marine Convention Planned for Pontiac

About 200 members of the Marine Corps League and its Ladies' Auxiliary are expected in Pontiac this weekend for the organization's first annual state-wide convention to be held here since 1947.

Headquarters for the convention will be the Roosevelt Hotel, where a military ball open to the public will be held Saturday night.

Other scheduled events are welcoming speeches on opening day from Pontiac Mayor William W. Donaldson, Police Chief Herbert W. Straley and Oakland County Sheriff Frank Irons.

Principal speaker at the convention will be national senior vice-commandant William Derderian, who will convey greetings from National Commandant William D. Webster and answer questions pertaining to national headquarters of the League.

Michigan Marines of the League supported Derderian's election last September.

Where Do You Fit in the List?

Secretaries Class Men According to the Degree of Irritability

SAN GABRIEL, Calif. (INS)—The office caller who tries to trick or wheedle his way in to see the boss is the No. 1 peeve of secretaries and receptionists.

* * *

Results of a cross-country poll of girls in offices of a business machine manufacturer, were announced today by the Girl Friday club.

The poll listed the most exasperating persons in the order following:

The "gate-crasher" who tries to barge in unannounced.

The "buddy" who uses the "old friend of the boss" routine.

The "breathless one" who says "the boss is expecting" him.

The "bypasser" who cuts across channels.

* * *

The "double-talker" who makes vague sounds about the nature of his business.

The "con man" who tries to pump the secretary for inside information.

The "sweet talker" who dangles a date or promise of candy.

The "fretter" who repeatedly asks how much longer he must wait.

The "sneak" who tries to slip through by use of an inter-office phone.

* * *

The "time thief" who says his business will "only take a minute" when he needs an hour.

Both Hubby, Attorney Sob at Divorce Trial

LOS ANGELES (AP)—Both Samuel Glassman, 46, and his attorney broke into tears during the public accountant's divorce trial.

Superior Judge Walter Odemar called a recess until Glassman and Atty. Bernard B. (Bunny) Cohen composed themselves. The attorney later apologized, explaining he was "very close to the case."

When Mrs. Patsy Glassman, 35, attempted to break up her daughter's crush on a junior high school teacher she ended up by falling in love with the teacher herself, Glassman contends. Glassman says his wife told him the teacher, Leroy Byers, 32, was "the light of my life."

Direct air service is now provided to San Sebastian, Spain, for the first time.

Hollywood Headlines:

Las Vegas Still Provides Bonanza for Entertainers

(Editor's Note: Despite some faltering in its economy, Las Vegas still pours out more gold to entertainers than has any place in the history of show business. In a three-part series, Bob Thomas surveys the history of entertainment in this modern El Dorado, analyzes the types of stars who succeed and fail there and reviews the possibilities of achieving more realistic salaries.)

By BOB THOMAS

LAS VEGAS, Nev. (AP)—On Oct. 16, 1941, the El Rancho Vegas opened its doors to the public. Entertainment was provided by a seven-piece orchestra which was paid $750 a week.

On April 20, 1955, the Hotel Riviera premiered with Liberace and Brother George heading the show. Their salary: $45,000 a week.

BEGINNING PEAK

These two events marked the beginning and the peak of the greatest bonanza in the history of live entertainment. No show place on earth—not even Broadway in the roaring '20s—has so richly rewarded entertainers. Last year between 18 and 20 million dollars were paid for talent at the night clubs along the glittering Las Vegas strip.

* * *

The boom did not happen overnight. Only the most visionary could have anticipated the future in those early days in the '40s. Among the acts that played El Rancho were Frank Fay and Anne Nagle at $800 a week, an entire revue starring Maxie Rosenbloom at $1,000.

But business was good, aided by the fun-seeking GIs at Nevada bases during wartime. On Oct. 24, 1942, a second hotel, the Last Frontier, opened up on the strip. The competition between the two gambling establishments boosted prices for entertainers a bit, but there were still plenty of acts to go around.

The start of the real boom can be dated from 1946, when the gaudy new Flamingo appeared. It was operated by a man whose name Las Vegas would like to forget—Bugsy Siegel. The veteran of the underworld and film society—later shot in Beverly Hills in a murder never solved—flew over a parcel of celebrities from Hollywood. The premiere show was the most spectacular Las Vegas had yet seen—Jimmy Durante, Xavier Cugat's band, Rose Marie, Tommy Wonder.

The Thunderbird appeared in 1948, followed two years later by the Desert Inn. The Sahara and Sands came in 1952, and that's when prices for top stars started skyrocketing.

The lid blew off in 1955 when no fewer than four multimillion dollar hotel-casinos opened their doors and one of the pioneers, renamed the New Frontier, was completely refurbished.

Liberace appears to have won the top salary. But Mario Lanza was set for three weeks at the New Frontier at $50,000, backing out minutes before show time. Betty Hutton reportedly earned $100,000 for three weeks at the Desert Inn. Betty Grable and Harry James booked into the Royal Nevada at $37,500 a week, but the plate folded before they could collect.

Of the four hotels that opened in 1955, two—Royal Nevada and Moulin Rouge—are now dark and one—The Dunes—is only renting rooms, having closed its casino and night club.

STILL BIG PAY

But top entertainers can still draw fantastic salaries. Here are some of the weekly paychecks: Martin and Lewis, $25,000; Maurice Chevalier, $27,500; Frank Sinatra, $25,000; Lena Horne, $22,500; Donald O'Connor, $20,000; Marlene Dietrich, $20,000; Kay Starr, $25,000.

* * *

Some of the biggest moneymakers here do not play the big paid fancy prices to perform in the lounges alongside the casinos. The Sahara pioneered this field, bringing in such names as Artie Shaw, Cab Calloway, Louis Prima.

Prima and his wife, Keely Smith, are a prime example of how Las Vegas can reward talented people. Terrific performers for the late-hour gamblers, they have been booked for 40 weeks around $5,000 a week!

* * *

So you can see that Las Vegas does pay off—for performers, at any rate.

TOMORROW: Why Some Stars Fail in Las Vegas. How Talent Is Chosen.

If Northern Ireland is to keep unemployment down is must develop tourism and food factories, the British Home Secretary, Major Gwilym Lloyd George, said.

Taxco-Ixcateopan Road Faces Religious Furor

TAXCO, Mexico (INS) — Hundreds of Mexican laborers are carving a road through a remote mountain area that not only will open breathtaking new tourist vistas but may have religious repercussions as well.

* * *

The road, to be completed in two months, will connect silver-famous Taxco with Ixcateopan, the village that boasts the tomb of the last Aztec emperor, Cuauhtemoc.

Cuauhtemoc was hanged by Cortez in southeast Mexico in 1522, but his remains were borne away by his followers and for many years it was a darkly kept secret where the Aztec leader had been entombed.

A death-bed confession came to light some 80 years after the emperor's death declaring that Ixcateopan, in what now is the state of Guerrero, was the location. Catholic clergy, fearing Cuauhtemoc's tomb might become a symbol of worship for the Indians, disparaged the story. But the legend persisted through the centuries.

INVESTIGATION OPENS

President Porfirio Diaz opened an investigation to ascertain the truth or falsehood of the story, but it was interrupted by the Mexican revolution.

Later, President Lazaro Cardenas evidenced interest in determining if Ixcateopan actually was the late emperor's resting place, but again the probe dissipated without tangible results.

Then about two years ago a Mexican priest pointed to the tomb in the village and declared unequivocally:

"There lie the remains of Cuauhtemoc."

The government of Guerrero began planning to make the village into a shrine. And thus was born the idea of Gov. Dario Arrieta to build a road connecting Ixcateopan with the colorful tourist center of Taxco lying some 35 miles away on the other side of the rugged mountain range.

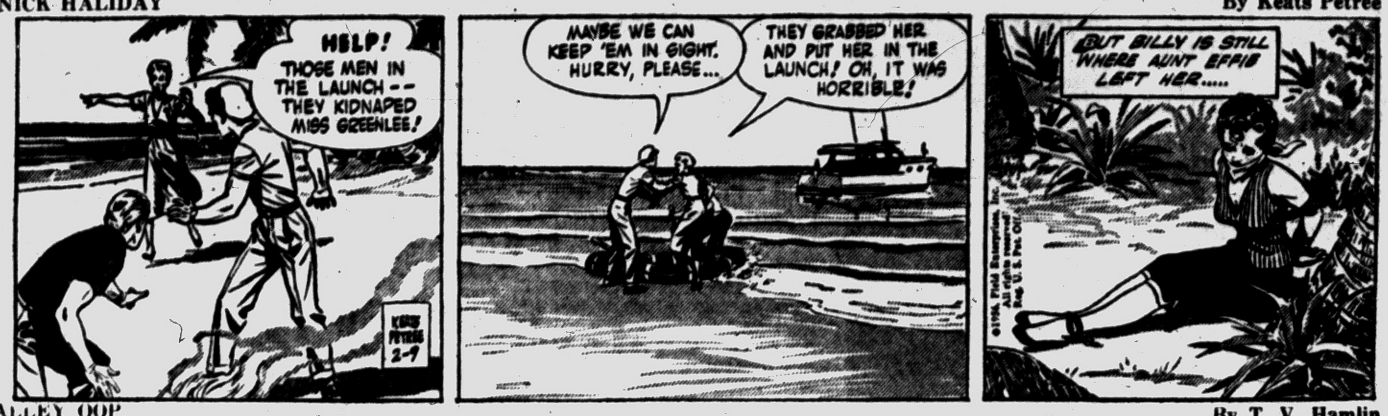

Brushing Your Teeth Takes 2 Whole Days

CHICAGO (INS)—You spend at least 2¼ days — 54 hours and 45 minutes, to be exact—each year brushing your teeth.

That is, you do if you heed the advice of the American Dental Association and brush your teeth properly after each meal.

The tooth brush is the best weapon for oral hygiene, the dental group points out, and the U. S. is making greater use of it. Last year Americans bought more than 475 million tubes of toothpaste—an average of better than three per person.

Farm Problem Forum Slated at Kalamazoo

KALAMAZOO —Two congressmen and representatives of three major farm organizations will take part in a forum here March 31 on "The Farm Problem—What Can We Do About It?"

Ray Holding, president of the sponsoring City Farmers Club of Kalamazoo, said some 1,000 Michigan farmers are expected to attend the discussion.

Participants will be Rep. Harold O. Lovre (R-SD), ranking member of the House Agriculture Committee; Rep. George Christopher (D-Mo), Roger Fleming, executive secretary of the American Farm Bureau Federation; William Brake master of the Michigan Grange, and Robert Lewis, editor of the Farmers' Union Newsletter.

Bus Line Makes Profit

GRAND RAPIDS (AP) — Grand Rapids City Coach Lines Inc., has reported operating profits of $172,125 for the 11 months ending in November of last year. The firm said it carried 8,371,862 passengers 2,638,675 miles during the period. No comparable figures were released.

Grains Lower in Active Deals

CHICAGO (AP)—All grains headed lower on the Board of Trade today. Losses ran to about a cent in distant wheat and corn futures. Dealings were active.

* * *

Several overnight news developments were given a bearish interpretation by grainmen. President Eisenhower indicated he might veto 90 per cent of parity price supports, the Agriculture Department lowered corn price supports and there was more moisture in the Southwest.

* * *

Wheat near the end of the first hour was 1/8 to 1 cent lower, March $2.14⅜; corn ¼ to ¾ lower, March $1.29⅜; oats ⅜ to ⅝ lower, March 63¼; rye ¼ to ½ lower, March $1.22; soybeans unchanged to ¾ lower, March $2.49½, and lard unchanged to 5 cents a hundred pounds lower, March $11.85.

Expansion to Cause Hike in Steel Prices

NEW YORK (AP) — The steel price pot is about ready to boil over, the Iron Age, national metalworking weekly, said today.

"Some producers are beginning to champ at the bit," said the publication. "They need higher prices to help pay for the biggest steel expansion program in years. If the pressure grows strong enough, there could be an across-the-board price increase of 3 to $4 a ton, soon—and perhaps more."

"Although business and profits have been good," it said, "steel producers argue that their return on investment is not up to return on sales. And with expansion costs averaging $200 per ton—a lot more than the book value of installed capacity—the need for higher prices is apparent."

The weekly said steel producers are "more concerned than they care to admit" over the steel wage outlook this summer.

"Dave McDonald's united steelworkers will play up better steel profits for all they're worth," it said. "McDonald likely will keep steel producers on tenterhooks until the last minute as far as saying what his actual price for settlement will be. He's certain to ask for a substantial wage increase, supplementary unemployment benefits, and the union shop.

Liners capable of carrying 1,500 passengers each are to be built by two West German ship lines.

BICYCLE BUILT FOR TWO—Except for wheels, there's nothing besides the riders to this bicycle for two. An Italian acrobatic team called "Les Gerardi," the youngsters are readying a circus act in Paris, France.

Whites—Grade A extra large 46, large 41½-43½, medium 38-40.

Browns—Grade A extra large 42, large 40-41, medium 37, grade B large 39.

Comment: Market steady. Trading is spotty, good in some instances and slow in others. Generally dealers depending on nearby sources of supply are short of eggs due to declining production but ample supplies from Midwestern states are available and satisfying requirements.

CHICAGO POTATOES

CHICAGO, Feb. 8 (AP)—Potatoes. Arrivals old stock 36, on track 175, total U.S. shipments 831, supplies light, demand rather light, market steady. Carlot track sales, old stock: Idaho russets in 10 lb sacks cwt. basis 3.35; Minnesota-North Dakota Pontiacs 3.85-3.90 washed and waxed. New stock arrivals 6; on track 50; supplies moderate, demand slow and market dull with no carlot track sales reported.

CHICAGO BUTTER AND EGGS

CHICAGO, Feb. 9 (AP)—Butter steady; receipts 716,698, wholesale buying prices unchanged; 93 score AA 57; 92 A 57; 90 B 56.25; 89 C 55.5; cars 90 B 56.75; 89 C 56.25.

Eggs steady; receipts 11,878; wholesale buying prices unchanged; U. S. large whites 60-69.9 per cent A's 38.5-39; mixed 38.5-39; mediums 37; U. S. standards 37; dirties 36.5; checks 35.5; current receipts 37.

Poultry

DETROIT POULTRY

DETROIT, Feb. 9 (AP)—Prices paid per pound f.o.b. Detroit for No 1 quality live poultry up to 10 a.m.:

Heavy hens 30-31; light type 20-22; heavy broilers or fryers (2½-3½ lbs) Gray crosses 25, Barred Rocks 26-27; caponettes (5-6 lbs) 31-32; ducklings 32. Turkeys: Young heavy type toms 28.

Comment: Market unsettled. Farm offerings have increased on hens with supplies fully adequate. Limited trade on fryers is cautious with dealers buying close to needs. Caponettes of good quality in good demand but off quality slow to clear. Turkeys in light supply and demand.

CHICAGO POULTRY

CHICAGO, Feb. 8 (AP)—Live poultry weaker on hens, steady on balance, receipts in coops 506 (yesterday 500 coops, 75,907 lbs); f.o.b. paying prices unchanged to 1 lower; heavy hens 23-27; light hens 18-19.5; broilers or fryers 23-24, old roosters 14.5-15.5; caponettes under 4½ lb 24-28, over 4½ lb 28-30.

Livestock

DETROIT LIVESTOCK

DETROIT, Feb 9 (AP)—Hogs—Salable 100. No early sales.

Cattle—Salable 125. Receipts mostly cows, market about steady today. Compared last Thursday trading this week spotty, choice and prime fed steers under 1100 lbs. fairly active, steady, other good to prime fed steers and heifers slow, weak, very narrow and uncertain outlet over 1100 lbs. good to low choice steers, cows and bulls fully steady, stockers and feeders scarce, unchanged; 11 head high prime 1078 lb steers 22.50; six head comparable 1110 lbs. 22.00; about two loads mostly prime 1092-1190 lb. steers 21.50; bulk good and choice steers 17.00-21.00; load choice and prime 1232 lb. steers 20.00; load choice 1264 lb. steers 18.00; liberal showing mostly choice 950-1150 lb. steers 19.00-20.00; load high choice 813 lb heifers 18.50; commercial and good steers 17.00-18.00; load lots commercial and good heifers 15.00-16.00; utility and commercial steers and heifers fairly active, 12.00-15.00; bulk utility cows 11.00-12.50, few better utility cows 13.00; canners and cutters mostly 9.50-11.50; bulk utility and commercial bulls 13.00-16.00.

Calves—Salable 25. Vealer market steady today. Compared last Thursday good demand; vealers active, firm, bulk good and low choice 21.00-28.00; limited supply high choice and prime 29.00-35.00; most utility and commercial 16.00-21.00; very broad demand cull and low utility 11.00-16.00; only very shelly culls below 14.00.

Sheep—Salable 25. Market steady today. Compared last Thursday trading uneven, slaughter lambs opened lower on Monday, recovered fully Tuesday and weakened late Wednesday, final prices mostly steady with week earlier; sheep scarce, firm at all times, forty head, mostly prime 91-100 lb. wooled lambs 22.00; around 150 head choice and prime 102 lb wooled lambs 21.75; bulk good to prime wooled lambs under 107 lbs. 19.50-21.50; liberal supply 85-100 lb kinds 20.50-21.50; few utilities and good lambs 17.00-19.00; 35 head mostly prime 94 lb shorn lambs, No 1 pelts 20.50; bulk good to prime shorn lambs mostly No 1 pelts 19.00-20.00; cull to choice wooled slaughter sheep 5.00-10.00; cull to choice shorn sheep 4.00-9.00.

CHICAGO LIVESTOCK

CHICAGO, Feb 9 (AP)—Salable hogs 13,000; market opened slow, later trade and close fairly active, uneven; butchers at 230 lb and under mostly 25 lower, weights over 230 lb weak to 25 lower, least decline on weights 280 lb and heavier; sows steady to 25 lower, mostly steady to weak, early clearance, most U.S. No 1 to 3s 180-230 lb butchers 12.75-13.25; most lots at 13.25 include No 1 and 2s; several lots No 1 and 2s 190-220 lb 13.50 and a 66 head lot No 1 and 2s 209 lb sorted for weight and grade at 13.85; most No 2 and 3s 240-270 lb 12.25-12.75, 280-350 lb 11.50-12.25; larger lots 350-600 lb sows 10.00-11.25; a few under 340 lb to 1.50 and slightly higher.

Salable cattle 2,000; salable calves 200; steers, heifers and cows fairly active, steady to 25 higher; bulls about steady; vealers firm; stockers and feeders steady; two loads choice to mostly prime 1138 lb steers 27.50; a load of choice to mostly prime near 1400 lb 23.00; good and choice steers 15.50-20.00; a few commercial to low good grades 13.50-15.00; a few good and choice heifers 15.00-18.50; a few utility and commercial heifers 11.00-14.50; utility and commercial cows 11.00-13.00; a few high commercial young cows up to 17.50; canners and cutters 9.50-11.75; utility and commercial bulls 14.25-16.50; good and choice vealers 24.00-29.00; all to commercial calves 12.00-24.00; good and choice feeding steers 15.00-17.00; two loads choice 480 lb stock heifer calves 18.80; a load of good 491 lb at 16.25.

Stocks Record Gentle Decline

NEW YORK (AP)—Prices declined gently in the stock market today in quiet early afternoon trading.

A burst of selling which sent some stocks down around 2 points soon after the opening was arrested with later improvement which kept losses to within a point or so.

Some fractional gains appeared throughout the list.

Volume for the day was estimated at about 2,000,000 shares compared with 2,170,000 yesterday.

The Associated Press average of 60 stocks was down 60 cents to $174.50 at noon with the industrials off 70 cents, the rails 60 cents and the utilities 20 cents.

The rush of selling at the start followed yesterday's late sell-off on nervousness over news that President Eisenhower might decide on whether to run for re-election in three weeks.

Standard Oil (New Jersey), Texas Co. and U. S. Gypsum dropped a point or more. Union Pacific was off around 2 points.

Bethlehem and Republic Steel were among the losers in the steel division but Youngstown Sheet & Tube was up a bit.

American Telephone slipped close to a point. Montgomery Ward and Sears Roebuck lost fractionally but Allied Stores was up a shade.

Goodyear and Goodrich were steady. Boeing and North American Aviation improved slightly while Douglas Aircraft and United Aircraft lost a litte ground.

Chemicals were mixed as Du Pont gained a little and Union Carbide lost fractionally.

Ford Motor stock was at its low of 60¾ bid 60⅝ asked after some early morning improvement.

AIDED BY MARINES — Leila Chin, 7, shown at her home in Alameda, Calif., today, is a leukemia sufferer and in need of blood transfusions. Sixty U. S. Marines from Camp Pendleton, in the same company with her brother, Marine Cpl. Henry Chin, are giving sixty pints of blood in Los Angeles for little Leila, who thus will be aided in her fight against the dread disease.

'56 May Be 2nd Best Year for Total Auto Production

By DAVID J. WILKIE
AP Automotive Editor

DETROIT (AP)—A lot of bearish viewpoints came out of the recent National Automobile Dealers Assn. convention, regarding new car sales prospects for the year ahead. Estimates of 1956 sales ranged from around six million to slightly more than 6¾ million.

The estimates were considered pessimistic only because they would represent a drop of as much as a million units from the indicated 1955 total.

Until 1955 with its indicated total of around 7,175,000 retail sales, the record stood at just under 6,200,000 deliveries in 1950. So there is a distinct possibility 1956 could develop into the industry's second best year in total deliveries.

It is one of the oddities of automobile merchandising that once a record is set anything less is looked upon with great concern. The same is true of the manufacturing division. Revised figures on last year's factory output set the total at 7,920,000. The former record, made in 1950, was 6,656,910 car assemblies.

The prosperity of the car retailers is not measured by unit deliveries. The record-smashing production of last year brought sales problems many of the car retailers never before had experienced. Not the least of them was the bargain-hunting car buyer, who shopped from one dealer to another looking for the highest tradein allowance and the lowest cash payment.

Other problems of the enfranchised car retailers including new car bootlegging, involving the sale in their territories of cars purchased from dealers in other sections, by non-franchised dealers. This contributed in large proportion to price slashing competition that sharply reduced dealer profits in 1955.

Most industry analysts are agreed price competition at the dealer level will continue as long as car inventories remain high. The manufacturers have taken notice of the present high field stocks, curtailing production schedules to some extent.

ADJUST INVENTORIES

In the present instance they make no attempt to hide the fact layoffs among their hourly workers are designed "to adjust inventories" to retail demand. Among the more recent such moves was the halting of Studebaker-Packard's Clipper Division output. The layoffs, expected to continue for another week, added 5,500 to a previously announced 29,500 by other car makers. Chrysler has put its plants on a four-day week to cut output.

Workers continuing on the job also are feeling the cutbacks. Few production workers today are putting in more than 40 hours weekly.

Some sources have said the elimination of auto worker overtime will send a lot of car buyers back to the used car market.

Building in U.S. Hits New Peak

WASHINGTON (AP)—The government reported yesterday that $2,850,000,000 worth of new construction was started in January, a new high level for that month.

Although the total was 1 per cent over January, 1955, when the previous high was set, it was 10 per cent under December.

Seasonably adjusted, the outlay for new construction was at an annual rate of 41½ billion dollars, against actual year-long construction spending of $42,300,000,000 in 1955.

A more-than-seasonal drop in residential building contributed to a decline of 12 per cent from December in private construction, the joint report by the departments of Commerce and Labor said.

Housing construction was down 12 per cent from December but remained 3 per cent above January a year ago.

Factory and other industrial building continued the upswing which has prevailed for more than a year. It established a new high record, for any month, of 228 million dollars.

Accident Drop Noted in Mining Industry

EAST LANSING (AP) — Occupational diseases have been almost eliminated and industrial accidents have been greatly reduced in the Upper Peninsula mining industry, a Michigan State University conference was told last night.

The progress report was made by Walter F. Fries, welfare department director for the Cleveland Cliffs Iron Co. of Ishpeming, at the fifth annual industrial ventilation conference.

"The elimination of various hazards resulting from lack of ventilation has resulted not only in greater production but also in better income for the mine workers," Fries said.

"The mining industry of the Upper Peninsula has been a leader over the years in efforts to make the mining of copper and iron free from the hazards which can come from lack of ventilation."

Schoolman Yells 'Liar' at Trial

Sandusky Head Rebuts State Witness Testimony in Embezzlement Case

SANDUSKY (AP)—Harry C. Smith, former Sandusky school superintendent on trial for the third time on embezzlement charges, jumped to his feet in court yesterday and called a state witness a "liar."

* * *

Smith reacted after Clair W. Hulett, a state auditor, testified about a conversation he said he had with Smith in March, 1953.

Hulett said he and Ronald E. Houck, another auditor, told Smith they had discovered a shortage of $1,200 in Smith's school internal fund. And he quoted Smith as replying:

"Well, if the shortage is only $1,200 I can make that up right now, can't I?"

Smith jumped to his feet in the courtroom and said: "No, liar!"

His attorney, Thomas R. McAllister of Bad Axe, asked Hulett why in three previous trials the conversation never had been mentioned. Hulett replied he had never been asked about it.

* * *

The trial is in its fourth day. Smith was sentenced to 2½ to 5 years in Southern Michigan Prison in October, 1954 on a conspiracy conviction. The last embezzlement trial ended in a hung jury.

Schedule Aptitude Tests for Ad Career Hopefuls

Aptitude tests for young men and women interested in careers in the advertising field will be conducted March 3 at the University of Michigan, Michigan State University and Wayne University.

Sponsored by the American Assn. of Advertising Agencies, the tests will be devoted to college and graduate students, and persons employed in non-agency advertising and allied field between the ages of 19 and 25.

Inquiries about the tests may be obtained by contacting Henry M. Jackson, chairman of the examinations committee, at 535 Griswold St., Detroit.

Bruce Crull Injured as Driver Makes Turn

Bruce E. Crull, 40, of 182 Mill St., was treated for a bruised hip and released from Pontiac General Hospital after being struck down by a car yesterday afternoon.

Police said Crull, crossing E. Huron St. at Perry St., was hit by a left-turning car. Neither Crull or the driver, Paul E. Hamilton, 32, of 2551 Auburn Ave., saw each other in time to avoid the accident, they told Pontiac police.

Members of India's geological survey report the discovery of natural gas in Andha.

Rail Freight Hike Seen for State

Officials Claim 16-Mile Planned Track Extension Would Boost Costs

WASHINGTON (AP) — Officials of the Duluth South Shore & Atlantic Railroad testified at an Interstate Commerce Commission hearing yesterday that Lake Superior & Ishpeming Railroad's proposal to build a 16-mile rail extension in Michigan's Upper Peninsula forests would mean higher freight rates.

R. J. Barry, general manager, and H. J. Beaudry, assistant traffic manager of the D.S.S. & A. line, presented written exhibits purporting to show that companies receiving shipments of logs and wood products from timber producers in the area would have to pay higher freight bills if the extension is built.

L.S. & I. officials have testified during the two-day hearing that the extension would result in an overall reduction of shipping costs. Such products now are trucked from the forests to the D.S.S. & A. Railroad.

These trucking costs would be eliminated if the rail extension into the forest is built, the L.S. & I. officials said.

The hearing was before examiner Harvey H. Wilkinson who will make a recommendation to the commission, probably within the next several weeks.

Store Workers Spot Suspect at Scene

Employes of Western Auto Store, 162 N. Saginaw St., now believe a criminal always returns to the scene of a crime.

They recognized the car of a man who entered the store Friday as belonging to a thief who stole $107 worth of goods Dec. 23.

* * *

Police were summoned and the man fled, leaving behind his car and papers which identified him as Nathaniel Thompson, 26, of 4319 Virginia Park, Detroit.

Thompson was arrested yesterday at General Motors Truck and Coach, where he works. Police, who said the stolen goods were not recovered, don't know why Thompson visited the store Friday.

The man is charged with larceny from a building.

Business Notes

Willis Kushman of Waterford has been named winner of first prize in a recent sales contest conducted among associates of White Brothers Real Estate, 5660 Dixie Hwy. His prize, a 10-day vacation in Nassau, will begin Feb. 14.

Other winners in the three-month contest were Daniel McBain, second; Clayton Stokes, third; and Gerald Anderson, fourth. McBain won a hunting rifle.

Kushman will be accompanied by Guy Cecil, another member of White Brothers staff. The firm will pay all of the pair's expenses.

The appointment of James T. Moore as supervisor of automotive product planning and information was announced yesterday by the American Motors Corp. He also has been named a member of the firm's automotive product planning committee and chairman of the new idea product committee.

Promotion of Albert C. Childs to vice president in charge of sales for National Steel & Corp. was announced yesterday by company officials. He succeeds James A. Henry who recently retired from the post.

Childs, who formerly was vice president of sales in the firm's Detroit Division, will be succeeded by Ross Wilkins of Detroit.

* * *

Five new executive engineers have been named by the Ford Motor Co. to head activities in the firm's recently-expanded engineering staff, Vice President Earle S. MacPherson said yesterday.

The appointees include William D. Cameron, Mercury; Kenneth H. Higgins, Lincoln; C. Curt Hoffman, Lincoln; Clarence F. Kramer, Ford body engineering; and A. E. Valber, Ford Body Fabricating.

A SALES CAREER

Nationally known investment trust (mutual fund) requires sales personnel with ABILITY and CHARACTER to represent them in Michigan. Men selected will have opportunity for division managerships. We provide thorough training program. High earning potential to those who will work. Representative will be in Detroit for interviews Feb. 24-26. Write Box 14, Pontiac Press.

Ike's Immigration Plan Faces Scrutiny in Congress

WASHINGTON (AP) — President Eisenhower's proposals for immigration law changes that could double the number of quota immigrants faced today cautious scrutiny by an election-year Congress. There was reluctance to predict the outcome.

* * *

Without waiting to return to Washington from a Far Eastern trip, Rep. Walter (D-Pa), coauthor of the present immigration law, denounced Eisenhower's recommendations.

Walter is chairman of the Judiciary subcommittee on immigration which will have the first official look at the proposals in the House.

Sen. Watkins of Utah, senior Republican on the Senate Immigration subcommittee, introduced bills to carry out the recommendations, but without flatly endorsing them. He asked for "sincere and fair consideration."

Some members of Congress spoke up for Eisenhower's recommendations; others criticized them on the ground they would not make fundamental changes in the existing McCarran-Walter Act.

The major disagreement, as always, was over the national origins quota system. The present law contains a formula based on the 1920 census. It sets quotas for immigrants from a number of countries according to the number of Americans whose families originated in those countries.

Critics say this is an undemocratic principle which favors Protestant northern Europeans.

In recent years, many quota numbers have gone unused in such countries as Britain, Germany and Ireland while in others the quotas cut off many who would like to come to this country. Italy and Greece, for example, could use many times their quotas and the Netherlands a substantially enlarged one.

* * *

Eisenhower did not propose scrapping the national origins system—although he suggested that Congress study alternatives—but he did propose substantial modifications.

* * *

One is a shift from 1920 to 1950 as a base for the total immigration quota. He said this would raise it about 65,000 over the present 154,637.

MORTGAGE SYSTEM

Another gain would come from a proposal to establish each year regional pools of left-over quotas from the year before. In practice, this would apply principally to Europe. For example, British quota spaces unused in 1956 might be used by Italians in 1957. Special skills and family connections in the United States would be the qualifications.

One more proposal would help especially anti-Communist refugees from Russia and the Russian-absorbed Baltic countries. It would terminate the system of "mortgaging" ahead of time the quotas from such countries because of refugees already admitted.

* * *

The cumulative effect of these changes, specialists in immigration law said, would be a much greater increase in actual immigration than the indicated increase in quotas.

* * *

Although the total immigration quota is nearly 155,000 only about 98,000 quota immigrants actually entered in the 1955 bookkeeping year. But under the rules Eisenhower recommended probably nearly the entire new 220,000 quota would make the grade.

Discuss Property Taxes

Approximately 35 local assessing officers and officials attended the meeting of the Oakland County Assessor's Assn. yesterday, and heard a discussion of "Personal Property Taxes."

Comedian Jack Benny revealed during a Denver visit that he will be eligible for social security benefits Feb. 14, 1959.

Detroit Edison Co.

At indicated dividend of $1.80 this stock yields better than 5% at present market price.

Death Toll Reaches 200 Mark

Siberian Cold Penetrates Into Europe

LONDON (AP)—A bitter new Siberian cold wave swept over Europe today, raising the 10-day weather death toll to more than 200.

* * *

Icy east winds spread snow and peril over Greece and Turkey. Italy ordered police and troops into a grim fight to save scores of snowbound villages.

Central Sweden reported its lowest temperature of the 20th century -33 below at Falun. Stockholm's St. Stephen's Church gave sanctuary to 160 homeless.

Britain and France, only just thawed out from last week's freeze-up, braced for new intense cold.

Turkey counted 12 dead in the worst blizzards since 1943. Army trucks battled to reach isolated towns and villages in the Thrace region, where food was running short.

14 GREEKS DEAD

Greece had at least 14 dead. Greek and American planes roared through the mountains dropping food to desperate villagers. The government pondered whether to postpone the Feb. 19 general elections.

Already 35 Italians were known dead. More were feared freezing to death in isolated hamlets and on snowed-up roads.

* * *

Seventeen trailer trucks loaded with U.S. Army food and clothing rumbled southward from Leghorn for the aid of Italian storm victims.

An avalanche killed a tourist in Austria, bringing the winter's toll from slides to 35 dead.

Bitter hardship was reported from Iron Curtain countries. Communist Poland rationed coal. Hungary too had fuel shortages and closed many schools for a month. Food was strictly rationed with meat and fats reported unobtainable in many Hungarian towns.

* * *

Deaths from exposure, fire, storm and crashes attributed to the 10-day cold wave:

France 50, Britain 38, Italy 35, Germany 15, Greece 14, Turkey 12, Denmark 11, Holland 10, Austria 6, Switzerland 4, Sweden 3, Yugoslavia 2, Spain 2 and Belgium 1.

Williams Seeks Priority on Steel

Tells Ike of Shortages Which Cut Construction of New Schools

LANSING (AP) — Gov. Williams asked President Eisenhower today to give Michigan priority for structural steel used in school construction.

Williams said he sent the President a wire in which he said the situation was becoming "increasingly intolerable."

The governor made the request after receiving a report from Dr. Clair L. Taylor, state superintendent of public instruction, that the shortage is causing delays of up to four months in school construction in some areas.

Particulary hard hit was the Detroit suburban area, the report said.

Williams said some superintendents reported that it was easier to build schools during the war than it is now.

He said steel producers get less profits on structural steel and so concentrate on manufacturing other kinds.

The report supplied by Taylor's office showed no construction delays for lack of steel in Detroit.

But it said there had been a six to 10 months delay on projects in Dearborn, Grosse Pointe, Garden City, Livonia, Romulus and Ecorse Township.

Report Youth 'Fair' Following Collision

James Livingstone, 15, of 134 Oneida Rd., who suffered a fractured skull in a two-car smash-up Saturday afternoon, is still in fair condition, authorities in Pontiac General Hospital said.

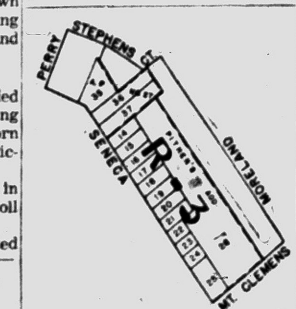

They reported that Elmer A. Linton, 60, of 1932 Ward Rd., is in satisfactory condition. He suffered leg injuries in the same accident.

Son of Mr. and Mrs. David Livingstone, James was a passenger with Robert J. Clapp, 16, of 154 S. Johnson Ave. Travelling north on Telegraph Rd., Clapp rammed Linton's car which suddenly pulled out of a driveway at Oakland County Infirmary, Waterford Township Police Chief Frank Van Atta said.

Five Blankets Stolen From City Gift Shop

Five blankets worth $30 were stolen from Louise's Gift Shop, 1196 Joslyn Ave., Tuesday night, Pontiac police were told.

Owner Louise Walls, 640 Peacock St., reported someone entered by prying open a basement door.

ORDINANCE NO. 1361
Adopted February 7, 1956
Effective February 17, 1956

An Ordinance to amend the Building Zone Map of Ordinance No 944, known as the "Building Zone Ordinance."

The City of Pontiac Ordains:

Section 1.

The building zone map of the Building Zone Ordinance is hereby amended to provide that the land in the description hereinafter set forth, be classified as Residential 3.

Lots 14 to 26 both inclusive, Pithers Addition and Lots 36 to 37 both inclusive of Assessor's Plat 27, City of Pontiac, Oakland County, Michigan.

Section 2.

The change in the building zone map in the above area to Residential 3 is made pursuant to the recommendation of the City Plan Commission and said Commission is hereby appointed to make a final report upon this amendment to this Commission previous to the public hearing to be held before this amendment is adopted, pursuant to Section 4 of Act No. 207 of Public Acts of 1921, as amended.

Section 3.

That not less than fifteen (15) days notice of the time and place of the public hearing on the final passage of this amendment shall be given in a newspaper of general circulation in this city; that such public hearing is hereby fixed at February 7, 1956.

Section 4.

This ordinance shall take effect ten (10) days from and after the date of its passage by the City Commission of the City of Pontiac.

Made and passed by the City Commission of the City of Pontiac this 7th day of February A. D. 1956.

City Clerk
February 9, 1956

SPECIAL ELECTION

Notice is hereby given to the qualified electors of the Township of Brandon, State of Michigan. There will be a Special Election within said Township on Monday, February 20, 1956 at Township Hall 466 Mill Street, Ortonville, Michigan for the purpose of voting upon the following proposition, "Shall Ordinance No. 6 as passed by the Board for the Township of Brandon, Oakland County, Michigan, on November 8, 1955 and published in The Pontiac Press on November 18, 1955 entitled "The Building Code for the Township of Brandon, Oakland County, Michigan," being an ordinance regulating the erection, construction, alteration, repair, demolition, height, location and area of buildings in the said Township of Brandon and providing for the issuance of permits and collections of fees therefor and providing for establishing of fire limits and providing penalties for the violation thereof be adopted. The polls of said election will be open at 7 o'clock a.m., and will remain open until 8 o'clock p.m.

Dated this 3rd day of February A.D. 1956.

HELEN TUCKER JENCKS,
Township Clerk.
Feb. 8, 9, 1956

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.

In the matter of the petition concerning Christina Mae Perez, minor. Cause No. 14409.

To Eloy and Clarabell Perez, parents of said child.

Petition having been filed in this Court alleging that the present whereabouts of the said parents of said minor child is unknown and the said child is dependent upon the public for support and that said child should be placed under the jurisdiction of this court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Juvenile Court, Oakland County Service Center, Court House Annex, 1260-B West Blvd., in the City of Pontiac in said County, on the 21st day of February A.D. 1956, at eleven o'clock in the forenoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in the Pontiac Press a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said Court in the City of Pontiac in said County, this 7th day of February A.D. 1956.

Seal ARTHUR E. MOORE
Judge of Probate.

NOT THE TYPE—Lovely actress Linda Darnell is back in Hollywood after two and a half years of movie-making in Italy. And she's back without marriage ties, having divorced millionaire brewer Phil Liebman. She says she's no longer the type to be married.

Brigham Young Statue Wanted by Everybody

SALT LAKE CITY (AP)—Everybody, it seems—save maybe a few Salt Lake motorists — wants a statue of Brigham Young. But from the looks of things, the motorists are stuck with him.

• • •

The statue of the pioneer leader of the Latter-Day Saints (Mormon) Church stands plunk in the middle of a downtown intersection. It's mounted high on a concrete pedestal that measures two traffic lanes across at the base.

• • •

A recent City Commission move to trim the base brought protests from lovers of the statue and the base is still unsullied. But the protests were nothing compared with the reaction yesterday to a suggestion raised in nearby Provo.

There, publicist Edwin Butterworth of Brigham Young University said BYU would be happy to have the statue.

"Salt Lake City has a nice pioneer monument now—out of the way of traffic," he said, referring to "This Is the Place" monument in the city's eastern foothills.

WOULD BE FITTING

He said the statue "would be a fitting centerpiece for the BYU quadrangle and a much more suitable representation of the founder of BYU than the small plaster cast now in the Maeser Building—the only piece of art students here have to remind them of the high ideals and virtues of the school's founder."

A Provo attorney who heads the local Sons of Utah Pioneer chapter promptly backed Butterworth.

• • •

"It would kill two birds with one stone," said J. Rulon Morgan. "Remove a traffic hazard for Salt LakeCity and give students here a daily reminder of the great church leader. . ."

• • •

But reaction to Butterworth's suggestion was somewhat less favorable in Salt Lake City.

"The statue has been moved all the times I think it should be moved," said Gordon C. Young, president of the Brigham Young Family Assn.

Actress Looks for Good Role

Bob Crosby and Cast Will Commute Between Vegas, Hollywood

By JACK O'BRIAN

NEW YORK (INS) — Shirley Booth has NBC anxious to do a 90-minute spectacular and Shirley is willing—if she can find the vehicle . . .

"Glass Menagerie" and "Sheba" are possibilities, but a rousing comedy would be welcome . . .

Bob Crosby and his whole TV troupe will commute daily (or each dawn) for three weeks from Las Vegas (where they'll play the Sahara) to Hollywood for TV. Bob and company start their TV day (rehearsals) at 9 a.m. coast time . . .

Why hasn't the $64,000 Question publicized the fact that Mike Della Rocca is a road company opera impresario on Long Island, where for four years window cards have made "Michael Della Rocca Presents" well known in south shore communities . . .

The Pope will deliver his own Ash Wednesday radio message Feb. 15.

WITHOUT HARRIET

Ozzie Nelson works without wife Harriet for the first time in 15 years when he stars in and directs "Shoot the Moon" for Jane Wyman's Fireside Theater . . .

Want to feel your years? David Nelson, Ozzie and Harriet's son, now is an "eligible Hollywood bachelor" . . .

The Christophers have filmed a TV interview with Herbert Hoover that has everyone enchanted.

Oscar Levant is on several front TV burners. We could stand a little of Oscar's cultural lip on a few shows . . .

Ella Fitzgerald hops straight from Saturday's Stage Show to Europe and a jazz tour at huge wages.

FROSTY POLLY

Polly Bergen will be buried under 1,000 pounds of snow on Friday's "Star Stage," hardly a polite way to ice up so torrid a figger . . .

Two hottest TV shows of the season are Phil Silvers' and Perry Como's—both written by ex-Uncle Miltie show scripters Nat Hiken and Goodman Ace. Berle could use 'em now.

Bob Hope's filmed show from Europe was the heaviest concentration of leers, burlesque skits, unadulterated sex and plunging cleavage since the Dagmar-Faye Emerson, or TV stone age days . . .

NBC will beat Audrey Hepburn and Mike Todd and all the rest to "War and Peace." The NBC Opera will air Prokofiev's version April 8.

Errol Flynn buckles on his swash again to play Francois Villon for TV's Screen Directors' Playhouse . . .

Bob Burns died very rich, via investment of his big early radio earnings . . .

Sugar Ray Robinson's fight analysis on "Omnibus" started a flock of mail suggesting to us that he'd be a fine TV fightcaster.

Amid the Confusion the House Burned Up

OWINGSVILLE, Ky. (AP)—It was just a day when nothing seemed to turn out right, so Ray C. Manley's house burned down.

Manley's mother-in-law discovered a fire in the 10-room home. But Manley's son, operating a power saw nearby, couldn't hear her cry for help. Neither could a neighbor driving a tractor. Some passersby did and went to a neighbor's to telephone for help.

But it took several minutes to locate Mayor Shanlin Piper so the city could send fire-fighting equipment.

Volunteers on city's two fire trucks then raced to the home of another Ray Manley. After returning to the station, one truck was dispatched to the right home—but too late.

Papa Hemingway Licks Serious Hepatitus Virus

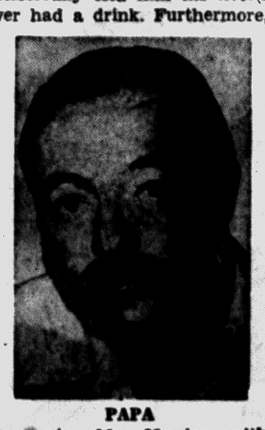

By EARL WILSON

HAVANA—"The characters are too darned anxious to get you dead," exploded Ernest Hemingway—who'd just given another demonstration of his indestructibility by staying in bed 40 days to lick a serious hepatitis virus.

★ ★ ★ ★

"Papa" had to keep very still for 10 days. He sat up writing longhand on a board for the last 30 days—"jamming it" . . . writing rapidly.

After the bed-rest, doctors cheerfully told him his liver's that of a 26-year-old who's never had a drink. Furthermore, they ordered him to drink 6 ounces of whisky a day.

PAPA

"I figure I can do it if I put my mind to it," he said, with a drink in his hand.

A couple months ago the medics told him the hepatitis—not accompanied by yellow jaundice in his case—"may be worse than Africa," meaning the two plane crashes.

On Jan. 25—the second anniversary—he passed all the examinations. "We whipped them good, too," he says.

Now there's booming activity at the farm where he and Mary Welsh Hemingway have 18 cats. "Spence"—Spencer Tracy—arrives Mar. 25, along with fight trainer George Browne, "who'll get Spence and me in shape for 'The Old Man and the Sea.'."

★ ★ ★ ★

Mary was serving pate and running to take phone calls, while white-bearded papa, who weighs 222 now, was petting "Black Dog," a mongrel which pawed persistently at his leg.

★ ★ ★ ★

Some Cuban fisherman boys about 16 will go along around May 25, when the movie company goes to Peru to "try to get the huge fish." More than a dozen are now being tested for the role of the boy who talks to the "Old Man."

Mary, of course, will go along to Peru. Mary, who calls him "Lamb," candidly says, "Any woman has got to be in love with Papa."

THE MIDNIGHT EARL . . .

Eva Marie Saint, who got 24 movie offers last week, will rest till May . . . "The Benny Goodman Story," due here Feb. 13, will open Feb. 22 instead—'cause Benny's superstitious . . . Fred MacMurray may do "The Connie Mack Story."

Ken Murray and Marie Wilson, who broke records at the New Frontier in Las Vegas, got a new four-year million dollar contract . . . Three studios want to sign Bill (Picnic") Holden's daughter, 18 . . . Dancer Dolores Ritter joined the "Strip for Action" cast.

Lionel Hampton, recovered from that bus crash, sent his canes back from France . . . Gene Kelly took an apt. on 53rd St. and wants to do a B'way play . . . Linda Darnell's off to Phoenix to appear in "Roomful of Roses" . . . Magda Lupescu (wife of the late King Carol) is holding her memoirs till she gets "the same advance the Duchess of Windsor got."

DOLORES

Texas Preacher 'Breaks the Bank' for $7,150

DALLAS (AP)—An 84-year-old Texas preacher who "broke the bank" for $7,150 last night on a network television show originating here, knows what he is going to do with the money.

• • •

The Rev. R. Edwin Porter, oldest active Methodist preacher in North Texas, said I'll give a tenth of it to Him for the church. And, since I've lived in parsonages all through the years, I hope to use the rest to buy a home."

He and his daughter, Aylene Porter, who wrote the book, "Papa Was a Preacher," were the final contestants on the ABC-TV show "Break the Bank." He won the jackpot by identifying the 10th and 12th presidents of the United States.

The 10th and 12th presidents were John Tyler and Zachary Taylor.

India has placed in operation the first units of the Machkund hydro-electric power project, on the border of the states of Andhra and Orissa.

Knock Williams on Gas Curbs

GOP Calls Control Plan Move to Dodge Wrath on Proposed Tax Hike

LANSING (AP)—Republicans today labeled Gov. Williams' gasoline regulation proposals "a grandstand effort to escape public wrath" over the gas tax increase advocated by Congress to finance highways.

John Feikens, Republican state chairman, also attacked the Democrats' announcement that they would make a campaign issue out of the fact that six Michigan Republicans voted for the Fulbright-Harris bill lifting Federal controls on the price of natural gas at the well.

"When Michigan Democrats say they are going to 'educate the public about who voted for the Fulbright-Harris bill on natural gas and other issues, who do they think they're kidding?" Feikens asked.

Feikens said he hopes Democrats remember that Senators Fulbright and Harris are Democrats, that the bill was sponsored and pushed through Congress by Democrats.

Feikens said the governor's proposal to create a "watchdog agency" over gasoline prices is an example of how Democrats are trying to "kid the public."

The governor proposed a state agency to investigate gasoline prices but balked at recommending state control over gasoline prices as recommended by Atty. Gen. Thomas M. Kavanagh.

Food Costs 68 Billion

NEW YORK — Food and grocery consumption in the United States in 1955 set a record of about 68 billion dollars compared with 64½ billion in 1954 and 16 billion in 1939. With the population continuing to grow, food spending of more than 71 billion dollars in 1956 is probable.
