

Kennedy Defends His Black Picture of Future

\$5.25-Million Suit Filed by Newberg

By GEORGE T. TRUMBULL JR.
The Chrysler Corp. legal rebarb snowballed a step further today with ousted corporation president William C. Newberg filing for \$5.25 million damages in Oakland County Circuit Court.

Newberg, a resident of Bloom-

field Township, sought the damages from L. L. Colbert, Chrysler president and board chairman. In the suit Newberg accused Colbert of "blatant and malicious" conspiring with three other men, two of them directors of the corporation, to protect his own job

with a scheme that would "create an aura of righteousness" about Colbert.

The suit names as co-conspirators W. Allen Jones, chairman of the executive committee of Cities Service and Chrysler director since 1945; Louis B. Warren, of the law firm of Kelley, Drye, Newhall and Magness, and a director of Chrysler; and Francis S. Bensel of the Kelley-Drye firm, which represents Chrysler in legal matters.

A CLOSE FRIEND
It said that Jones was "an intimate and close friend of Colbert's."

Soon after his election as corporation president in April of last year, the suit charged that Colbert conspired with the three others to injure and damage Newberg in the following manner:

(1) To fabricate, publish and disseminate a malicious falsehood of and concerning Newberg;
(2) To force the discharge of Newberg from his position as president (June 30), or to induce his resignation upon threat of discharge;
(3) To hold plaintiff up to public ridicule, disgrace, contempt, hatred and contumely; and
(4) To impute to Newberg dishonesty and want of integrity.

The conspiracy, the suit said, had the "express purpose" of destroying "plaintiff (Newberg) and thereby eliminating him as a threat to defendant's continued tenure as Chrysler's chief executive."

To this end, Newberg alleged that Colbert and the accused conspirators sought to show a conflict of interest in investments made by Newberg and his wife.

Newberg asked for \$4.5 million damages for losses resulting from his discharge as president, and \$750,000 for loss of "fringe benefits."

Newberg says he was kept so much in the dark as to what was going on last June before his firing that Colbert allowed him to make plans for a business trip to Europe, scheduled for four days after he ultimately was fired.

Last month Newberg said Chrysler in an effort to void an agreement he signed to pay the auto company \$455,000 from his interests in two firms which supplied parts to Chrysler.

In that suit, he made many allegations. (Continued on Page 2, Col. 5)

Clear Answer Lacking on Gap, Kennedy Says

Retreats From Critical
Stand He Took on the
Missile Policies

WASHINGTON (AP) —

President Kennedy said today he hopes the United States is "completely secure" in its space age defenses against Communist power — but at the moment he lacks a "clear answer" to whether there is a missile gap.

At a news conference the President backed away from the strongly critical position he had taken during the political campaigns last fall.

He charged then that under Republican leadership the nation was falling behind in the missile race.

The fact is, he said, that studies ordered in the Pentagon on the missile gap problem have not been completed and will not be for a few days.

When they are finished—perhaps by Feb. 20 on some matters—he will recommend to Congress any changes needed in budget provisions for weapons programs.

Meanwhile, Sen. Prescott Bush, R-Conn., called on Chairman Richard B. Russell, D-Ga., to schedule full hearings by the Senate Armed Services Committee to determine if there is a missile gap.

"The American people are entitled to the facts in this situation," Bush, a member of the committee, wrote Russell in a letter released today.

Russell's office said he is in Geneva.

SPEAKS GUARDLEDY

Kennedy spoke guardedly on the issue in the midst of a storm kicked up by a Defense Department briefing of newsmen Monday.

The newsmen were advised that Kennedy administration officials had concluded tentatively as a result of the Kennedy ordered study that there was no missile gap.

Pierre Salinger, Kennedy's press secretary, then sought to deny the reports.

He said they were inaccurate because studies leading to such a conclusion had not been finished. Kennedy declared today he had talked about the problem Tuesday with Secretary of Defense Robert S. McNamara.

In discussing the over-all American-Soviet power relationship, the President said:

"The United States will not strike first."

He thus by implication ruled out any policy of what has been called preventive or pre-emptive war.

KEY CONSIDERATION
He said the realization that the

Many Stores Will Stay Open Thursday Night

Thursday-night shopping continues tomorrow in many major downtown Pontiac stores. The added nighttime shopping hours were inaugurated successfully last week, despite near-zero temperatures.

Stores will remain open until 9 p.m. tomorrow. Most stores are open until 9 p.m. Mondays and Fridays, also.

Gripes Pepper Cross, Shield

Blackford in Quandary;
to Think It Over After
Grand Rapids Hearing

DETROIT (AP) — Proposals to increase Blue Cross-Blue Shield insurance rates ran into a buzz-saw of opposition here Tuesday.

Blue Cross proposes to increase its hospital-bill insurance rates by 22 per cent and Blue Shield wants a 13.5 per cent boost in its doctor-bill insurance by April 1.

State Insurance Commissioner Frank Blackford, who must approve any increase, accumulated a mass of testimony and documents in a three-day public hearing that attracted 700.

Blackford will conduct a similar hearing at Grand Rapids Feb. 15. And after all the evidence is in, he said he proposes to retire to his attic and search his heart and mind "for a correct answer."

PROPOSES NEW PLAN

Some witnesses accused hospital and physician spokesmen of presenting false figures in building their case. Others suggested a public investigation by the legislature or some other state agency.

One of two proposed something like Canada's or England's government-operated plan as the answer.

Opposition erupted from labor unions, representatives of consumer groups, retirees and some individuals after hospital and doctor spokesmen had spent half a day building a case for increase.

Both Blue Cross and Blue Shield reported they operated in the red last year and are losing money even faster this year. Spokesmen said an increase in both rates is mandatory to keep the plans solvent.

Approximately 3.5 million in Michigan subscribe to the joint plans covering hospital and doctor costs.

Both doctors and hospitals were accused by some witnesses of chiseling on charges made under Blue Cross-Blue Shield coverage.

News Flash

TOKYO (UPI) — Communist China said today a U.S. military adviser in Vietnam, Laos, had been fatally beaten Tuesday by Laotian soldiers. It did not give any names.

ANSWERS NEWSMEN—President Kennedy, shown answering a reporter's question during today's press conference, says he now is not certain whether or not there is a missile gap. But he still predicts a severe test of U. S. strength.

Weaver Wins First Okay for Top Housing Position

WASHINGTON (AP) — The Senate Banking Committee on an 11-4 vote today approved Robert C. Weaver, New York Negro, to be the government's housing administrator.

The committee acted within minutes after closing public hearings on President Kennedy's choice of the 53-year-old Weaver for the highest job a Negro has ever held in the government.

The committee action sends the nomination on to the Senate where it could encounter some debate and opposition. But eventual Senate approval seems certain.

Voting for confirmation in the committee were seven Democrats and four Republicans. Opposed were the three Southern Democrats on the group—Chairman A. Willis Robertson, D-Va., Sen. John Sparkman, D-Ala., and Sen. William A. Blakley, D-Tex.—and one Republican—Sen. Wallace F. Bennett, R-Utah.

Robertson said that because of his opposition the nomination would be reported to the Senate by Sen. Paul H. Douglas, D-Ill., a strong supporter of Weaver. Ordinarily, the chairman makes the report.

Robertson said the formal report would be made Thursday, and that he expected the Senate to consider the nomination about Feb. 20—at the end of an informal recess for Republican Lincoln Day speeches.

NO DELAY SEEN

Opponents of the nomination will state their case in the Senate, Robertson said, but declared there would be no disposition to delay Senate action.

Didn't Cry Wolf Without Need, He Maintains

Assures His Support of
Integration Tiff; Hedges
on New Orleans

WASHINGTON (AP) —

President Kennedy said today he sincerely believes America's ability to maintain its position in the world will be severely tested in the next four years.

That was his reply to a news conference question as to whether he has been painting the U.S. picture blacker than it is "for shock purposes."

Kennedy pledged that he will use the "moral authority or position of influence of the presidency" in school desegregation situations.

The President said students should be permitted to attend schools in accordance with court decisions.

The statements were made in response to a request for comment on a boycott by white stu-

dents of schools in New Orleans ordered desegregated three months ago by a federal court.

A reporter said there appears to be an organized campaign of intimidation which has kept most white children out of these schools. Kennedy replied that he will (Continued on Page 2, Col. 4)

Full House to Hear
Republican Keynoter

It was a warm July 25 evening as you sat practically hypnotized by the elegant oratory emanating from your television set.

"What kind of reckless and irresponsible action is it for anyone to misrepresent the United States as a second class power, as was done in the Democratic convention, and thereby encourage the very attacks which all Americans profoundly hope and pray can be prevented," were the words you heard.

They flowed from the mouth of U.S. Rep. Walter H. Judd, R-Minnesota, who delivered a memorable 6,000-word keynote address to the Republican national convention in Chicago.

Republicans of Oakland County and some state party leaders will pack the Glen Oaks Country Club in Farmington Township tomorrow night to hear Rep. Judd in person.

The scene will be the 71st annual Oakland County Lincoln Day banquet, staged each year by the local Lincoln Club, to commemorate the birthday anniversary of Abraham Lincoln.

George W. Kuhn, club president, promised the dinner, which will begin promptly at 6:45 p.m., will be "the largest and finest in our history."

EXPECT 800 GUESTS

County Republicans look forward every February to the biggest gathering of the year. Kuhn said close to 800 would attend.

Rep. Judd, who was first elected to Congress in 1940 and witnessed first-hand the Communist movement in China as a medical missionary, will meet the press at a news conference before the dinner.

William T. Gossett, vice president and general counsel of the Ford Motor Co., will serve as toastmaster.

Judd, 62, of Minneapolis, was last in Oakland County in 1950 when he was speaker at a dinner celebrating the 50th anniversary of the Pontiac YMCA.

In 1950 he spoke on "The War in China, as seen by an American Doctor," before an International Congress on Foreign Policy.

L. L. COLBERT

CHRYSLER MUST OPEN LISTS

Court Rules for Sol Dann

DETROIT (AP) — Stockholder Sol Dann has won a round in court in behalf of his antimanagement proxy fight with Chrysler Corp.

A Delaware judge ruled Tuesday that Dann has the right to examine the list of Chrysler stockholders. The court held against Chrysler in the case.

Without access to the list, Dann would be handicapped in any attempt to line up stockholders on his side.

Dann, an attorney, seeks ouster of present Chrysler management, including President L. L. Colbert.

Just prior to the court verdict, Dann asked the aid of the Securities and Exchange Commission (SEC) at Washington in his effort to get a postponement of Chrysler's 18 stockholders meeting.

The Delaware decision and Dann's request to the SEC figured in a new series of moves in the various Chrysler litigations Tuesday.

In New York, dissident Chrysler Corp. stockholder Robert Markewich filed suit demanding that a group of present and former Chrysler officers reimburse the firm for any assets which they may have misappropriated.

On Tuesday the Pontiac Police Department and the Oakland County Prosecutor's Office will hold open house during the afternoon, to acquaint the public with crime prevention activities by the local government.

Probate Judge Arthur E. Moore will address the student bodies at Pontiac Central and Pontiac Northern High Schools at special assemblies Wednesday, reminding them of their responsibilities as citizens of the community.

Wednesday also will be Youth Day in the city's junior high schools where students will discuss their roles as law-abiding citizens.

TO PRESENT TROPHY

Then, at noon Friday, Mayor Rowston will present a trophy to Pontiac's Policemen of the Year. The trophy will be presented at the luncheon meeting of the Exchange Club in the Waldron Hotel.

The program is being chairmaned locally by City Commissioner William H. Taylor Jr., assistant advertising manager of General Motors Corp.'s Pontiac Motor Division.

The theme for this year's observance, he announced, is "Crime Prevention Is a Do-It-Yourself Project."

It suggests that every citizen has a personal obligation to help prevent crime and that it cannot be the sole responsibility of the police, the courts or correctional institutions, said Taylor.

"The overall objective of the nationwide campaign," explained Taylor, "is eventually to reduce the rate of crime."

"Our immediate goal, however, is to mobilize public opinion by acquainting people with the enormity of the crime problem."

RUSHING THE SEASON — The temperature was hovering around the freezing mark, but the heat was shining, as three hot less youths wheeled through downtown Pontiac at the noon hour Tuesday, the top down on their red Pontiac convertible—not so

much a sure sign of spring, but of pleasant relief from subzero weather. It warmed up all the way to 37 degrees yesterday, and today it topped 40.

Katanga Demonstrates Against All Outsiders

From Our News Wires
ELISABETHVILLE, Katanga—President Mobutu of the secessionist Congo state led about 4,000 of his supporters today in a fiery demonstration against the United States and the United Nations. Plans to disarm the Katanga army were protested.

Mobutu drew cheers from the crowd in Albert Stadium when he denounced America, the U.N., and all other imperialists from the west or the east.

'Want No Income Tax,' Say Letters to Lansing

From Our News Wires
LANSING—Public sentiment is overwhelmingly against any income tax, according to two Republican senators.

The lawmakers—Sens. Clyde H. Goodrich and Harry H. Ladd of Detroit—said they based their conclusion on mail and telephone calls received since Gov. Swainson proposed a flat three percent income tax as part of his fiscal reform program last week.

Geerting, chairman of the Senate Taxation Committee, said he had received only one letter for which was not specifically opposed to an income tax. Ladd said of some 30 letters he has received, none favors the income levy.

"The governor's proposal is meeting the same opposition from the public in my estimation that it gave Gov. G. Mennen Williams' graduated tax two years ago," said Geerting, adding:

"My mail from all over the state is an exact duplicate of what I received when the income tax was before us in that stormy session—except that it is much more vehement and almost every letter includes the statement, 'We thought that when we voted to increase the sales tax, we were knocking out any chance of an income tax.'"

"The letters indicate they would rather pay pennies as a tax on food than they would dollars in the form of an income tax."

Part of Swainson's program calls for a repeal of the four percent sales tax on food and prescription drugs.

HATCHER FOR IT
In Washington, D.C. University of Michigan President Harlan Hatcher Tuesday night endorsed a state income tax to provide additional revenue for education.

Speaking at a dinner honoring U. of M. graduates in Congress, Hatcher said the nation must abandon a cherished belief that there is some inexpensive way to educate children.

He said closer cooperation between federal and state governments is necessary if education is to advance.

The U. of M. president urged that serious consideration be given to the plan.

NATIONAL WEATHER—Light snow and snow flurries are expected tonight over the lower lakes area and the eastern portion of the central Plains while rain and drizzle will fall over northern and central Texas. Occasional rain is forecast for the north and central Pacific coast while snow and rain will fall over Idaho. It will be cooler in the south Atlantic states; warmer in the Carolinas, Texas and the southern Rockies.

"We will never disarm," he said.

"Africa is for Africans. It is not for Americans or Chinese. Americans stay in America. Europeans stay in Europe. Russians stay in Russia."

Tombere attacked as interference in Katanga's internal affairs. The U.S. plan put forward in the United Nations to disarm all armies in the Congo.

At the United Nations, lack of Soviet-U.S. agreement dimmed prospects for any decisive Security Council action to ease the crisis in the Congo.

From Leopoldville, Mal. Gen. Joseph Mobutu was reported heading up the Congo River with a battalion of loyal troops to open a new offensive against ex-Premier Patrice Lumumba's supporters in Oriental Province.

A United Nations command spokesman said it was "aware of these movements." But the spokesman added the U.N. "hopes they are not intended to instigate violence."

Despite the threat of spreading civil war in the chaotic new African nation, it appeared that the current Security Council debate would wind up in another deadlock.

The council adjourned Tuesday night, with its next meetings to be held either Friday or next Monday.

Members will confer privately, seeking some solution.

ADLAI HOPEFUL
Hope for effective council action had been stirred by word that the United States was consulting privately with the Soviet Union and other council members in an effort to reach agreement on an over-all U.N. Congo policy.

Adlai E. Stevenson, chief U.S. delegate, said he was hopeful but not at all confident about eventual U.S.-Soviet agreement.

Mobutu has been moving troops and ammunition down the river to Burundi on the border between Oriental and Equatorial provinces for some time.

He said he will attempt to use the "moral authority or position of influence of the presidency in New Orleans and in other places."

Pressed for a more specific statement, Kennedy said:

"As far as New Orleans goes, it is my position that all students should be given the opportunity to attend public schools regardless of their race, and that in accordance with the Constitution."

Kennedy said it is his opinion that the people of the country believe as he does about this matter. Republicans in Congress had chorused over reports that there was no genuine missile gap.

Some of them had suggested that perhaps other "gaps" which Kennedy professed to see didn't really exist.

It was against this background that a newsmen asked whether Kennedy had been seeking to use "shock tactics" and got this reply from the President:

"I sincerely believe what I said in my State of the Union address about the U.S. position in the world."

He repeated that he believes this country faces severe tests of whether it can maintain its world position.

This third presidential news conference for Kennedy, unlike the two earlier ones—was not televised. It drew 297 newsmen to the State Department auditorium and brought questions ranging over a wide field.

Among subjects touched on in announcements and questions and answers:

—Prime Minister John F. DeLoach of Canada is coming to Washington Monday, Feb. 13, to discuss matters of mutual interest.

—Secretary of State Dean Rusk is making a study of policy in relation to the North Atlantic Treaty Organization and will have advisory help from Dean Acheson, secretary of state in the Truman administration, among others. In response to an inquiry, Kennedy said the question of nuclear arms for NATO is "one of the central matters of interest to us now."

—William Balaban, of the Chamber of Commerce speakers bureau, will be master of ceremonies.

—Welcoming the teen-agers will be Mayor Philip E. Rowland, Dan P. Whitmer, president of the Pontiac Area Chamber of Commerce and Pontiac school superintendent and Mel Oswald, president of the Pontiac Northern High School.

The conference will take place from 8:11-9 a.m.

Students from all over Oakland County will register from 8 to 8:30 when welcoming ceremonies begin.

Officials to Renew Bridge Repair Fight

City and township supervisors are expected to renew their fight tomorrow over allocation of funds for the repair of township bridge projects.

The county's stalemate over some other funds—that for a civil defense control center—is expected to bring up some debate, too.

An association of 24 township supervisors met yesterday in an unscheduled meeting to map their strategy in asking the Board of Supervisors tomorrow for \$148,000 in "surplus" county funds for repair of numerous township bridge projects this year.

The fight will brew on the floor when the money-allocation Ways and Means Committee recommends that only \$50,000 be granted for the project.

In April of last year the board climaxed a heated discussion with a 35-25 vote to give \$100,000 to the Road Commission for some similar 1960 township road projects.

EXPERT OPPOSITION
City supervisors, as they did last year, are expected to oppose the allocation on the grounds that the funds should be used for general county purposes, and not be restricted solely to benefit townships.

Township supervisors, on the other hand, say that cities have no complaint in that city residents travel over township roads as much as township residents.

"There's no doubt about it that we're going to sell our point," said Independence Township Supervisor Duane Hurstall, vice chairman of the Township Association.

"We'd be fools if we didn't," he said.

Charles E. Cardon, Oak Park supervisor and chairman of the board's Civil Defense Committee, said he again would seek permission from the board for \$300,000 in county funds toward a \$422,400 control center to be used in case of national emergency.

The board shelved the project last month, saying a more definite plan of content was needed first of what the federal government would pay.

Cardon said he has that commitment to report to the board tomorrow.

Turn Catholic? Never, Replies Canterbury

LONDON (AP)—The Archbishop of Canterbury today denied a "wildly untrue" rumor that he was to turn Roman Catholic.

The Archbishop, Dr. Geoffrey Fisher, told an Anglican church assembly of bishops, clergymen and lay representatives that the rumor was that he was retiring May 21, instead, having met Pope John XXIII Dec. 2. "I desire to submit myself to the Roman obedience."

"To that I need only say that it is just as likely, no more and no less, that the Pope having met me, desires to become an Anglican," Dr. Fisher said.

Feels They Must Join Arms Talks

WASHINGTON (UPI)—U.S. officials today said the Kennedy administration is promptly considering how and how to bring Communist China into the next round of general disarmament talks.

Included was the problem of how to get a good administrator to comply with any nuclear test-ban agreement concluded by the present big nuclear powers—Russia, Britain and the United States.

On both these disarmament fronts, there were indications that Red China might hold out for United Nations membership as its price for cooperation.

The atomic test-ban talks resuming March 21 in Geneva, are almost certain to be confined to the three present nuclear powers, American officials said.

Asks for Plans of New Firehall

Slate Series of Programs on Missionary Work

BIRMINGHAM—Six family nights will be held by the First Presbyterian Church of Birmingham to acquaint members with missionary work in Latin America. It was announced today.

The dates are Feb. 16 and 23, March 2, 9, 16 and 23. Each program will follow a 6:30 p.m. dinner at the church.

On Feb. 16, an original play entitled "My Kaleidoscope World" will be presented by Mrs. Scott Purvis and the Junior High Drama Group. The following week families will be asked to bring items pertaining to Latin America and discuss them.

There are three evenings that speakers from Latin America will be present. On these evenings special programs have been planned for children in the Christian Education wing of the church.

Dr. James I. McCord, president of Princeton Theological Seminary, will be guest speaker March 2. His topic is entitled "A Teacher Tells About Brazil."

On March 16 the speaker will be the Rev. Robert C. Thorp. He will discuss his experiences as a missionary in Guatemala.

The final speaker on March 23 will be Dr. James Harvey Ross, a physician from Mexico.

The entire congregation will celebrate a "Fiesta Night" March 9.

Mrs. Alfred J. Currin, Service for Mrs. Alfred J. (Maud) Currin, 85, of 2835 W. 14-Mile Road, Franklin, will die at 2 p.m. Friday at C.J. Goddard Funeral Home. Keego Harbor, Burial will follow in Franklin Cemetery.

Mrs. Currin, who was a member of the Franklin Cemetery Auxiliary, died yesterday in St. Joseph's Hospital, Pontiac, after a two-month illness.

She also belonged to Franklin Methodist Church.

Surviving are two daughters, Mrs. Harry A. Seavey of Keego Harbor and Mrs. Kenneth J. Bristol of Franklin; two sons, Clayton J. of Franklin and Clifford W. of Walled Lake; a brother, four grandchildren and four great-grandchildren.

Asks for Plans of New Firehall

Detailed construction plans for the \$370,000 firehall in the Civic Center were ordered last night from O'Dell, Hewlett & Luckenbach Associates, Birmingham architects.

City commissioners made the move in anticipation of issuing an invitation for bids construction bids March 17 to be opened April 17.

Preliminary plans call for a two-story structure with a brick and stone exterior, with lines similar to those of the new Pontiac Public Library building, which the Birmingham firm designed.

The 20,000 square feet of floor space includes a partial basement, second floor living quarters and a hose tower.

The firehall is to be located on a site on the north side of East Pike Street, opposite the Public Safety Building. City Manager Walter K. Wilman estimated that construction would be above ground level by the time of the Pontiac centennial celebration, June 17-24.

The cost includes architectural fees of five per cent.

Britain Presses Spy-Ring Case

LONDON (UPI)—The British government was expected to complete the preliminary phase of its case today against three men and two women accused of operating a spy ring in London.

The five, two of whom worked for the admiralty and were privy to secrets at the U.S. Portland naval base, were undergoing a hearing to determine if they should be held for trial.

Sir Reginald Manningham-Buller, the attorney general, charged them Friday with "applying to obtain information likely to be useful to a potential enemy and passing it to a potential enemy."

He made it clear, without saying so outright, that the power was Russia.

The opening phases of the prosecution's case stirred fears that U.S. and NATO blueprints for defense against Russia's giant fleet of 450 submarines had been funneled right to the Kremlin.

Chrysler would say only it was aware of the decision and had no immediate comment.

Markewich filed his suit in the New York State Supreme Court. He named as defendants department Chrysler President William Chrysler, President William Chrysler, President L. J. Colbert, Vice President Paul C. Ackerman, Vice President C. L. Jacobson and Vice President R. S. Bright.

Four Cage Starters Ineligible at Iowa

IOWA CITY, Iowa (AP)—Four starters on Iowa's ninth-ranked basketball team were declared scholastically ineligible today.

They are sophomores Frank Allen and Tom Harris, senior Ron Zagar and junior Dave Maher.

Allen was Iowa's leading rebounder and the second highest scorer with a 14-point average. Zagar was averaging 10 points a game. Maher is a Harris 7.

The team's leading scorer is Junior Don Nelson, who passed his tests and will be the only starter eligible for Saturday night's Big Ten game at Indiana.

Chrysler would say only it was aware of the decision and had no immediate comment.

Markewich filed his suit in the New York State Supreme Court. He named as defendants department Chrysler President William Chrysler, President William Chrysler, President L. J. Colbert, Vice President Paul C. Ackerman, Vice President C. L. Jacobson and Vice President R. S. Bright.

Lincoln Banquet Will Hear Judd

(Continued From Page One)

something which undoubtedly will enter into his 9 p.m. speech at the banquet.

Kuhn said 31 party dignitaries would be seated at the head table. Included will be National Committee Chairman Mrs. E. Martin, National Convention Mrs. Ella Koeze, new State Chairman George M. Van Poursen, Supreme Court Justice Harry F. Kelly, of Birmingham, and Congressman William R. Brown. R. O. Oldland, who will also deliver a short talk, Kuhn said.

Tickets are \$3.50 per person.

Tool Manufacturers Elect Ferndale Man

The Cutting Tool Manufacturers Association of Michigan met in Detroit last week, elected William R. McClure of Eclipse Combustor Co., Ferndale, as president.

Chosen vice president was R. H. Henshaw of Albion. Ladies Steel Corp., Ferndale, elected treasurer was Glenn E. Johnston of Star Cutter Co., Farmington.

Among those elected to the board of directors for three-year terms were John J. Brown of R. & D. Tool Co., Farmington; and Sherman L. LaMeasure of De Vlieg Machine Co., Royal Oak.

Ford to Decide Plant Locations

Industry Denies Union's Right to Dictate

DETROIT — Ford Motor Co. says that it has no intention of sharing with the United Auto Workers Union decisions on where it will build its cars.

Malcolm L. Denise, Ford vice president for labor relations, said that "under no circumstances will Ford Motor Co. agree to give up or assign elsewhere the right of its management to decide where any of its production or components may be engineered, styled, manufactured, processed or assembled."

Denise made his statement Tuesday in a letter to Kenneth F. Bannon, director of the UAW's Ford department.

The letter referred to a debate between Denise and Bannon last Thursday before the Detroit chapter of the Industrial Relations Research Association. At that time, Bannon said the union might seek to limit where the company could locate its plants.

Bannon spoke of industry reports that Ford will build two new cars. He added: "The new cars ought to

be built right here in Detroit. We have a lot of workers affected by automation. Why not help them?"

Denise did not reply at the time. In his letter, Denise said the union never had questioned previously that "such decisions are the proper function and responsibility of management and management alone."

"To have it otherwise," Denise continued, "could bring about results that would endanger our competitive position in the industry, affect our ability to meet the

needs and wants of our customers and, consequently, seriously threaten the future and well-being of our employees.

UAW contracts with Ford, General Motors and Chrysler expire Aug. 31. Talks will begin about July 1.

Industry reports have been that Ford plans one car smaller than the Falcon and another larger than the Falcon, with the smaller car being built, at least in part, in Ford's German plants.

10 Die in India Riot

BOMBAY, India — Clashes between Hindus and Moslems continued in Jubbulpore today after a night of violence in which at least 10 persons were killed and 28 wounded.

Asks First Lady to Be Chairman of Arts Group

WASHINGTON (UPI) — Rep. Carroll D. Keams, R-Pa., has proposed a national committee for the arts with Mrs. Jacqueline Kennedy and former President Dwight D. Eisenhower as honorary co-chairmen.

Keams Tuesday made public a letter to the new First Lady asking if she would be willing to be honorary head of a bipartisan committee to work for cultural legislation.

Keams said he was confident the committee could be organized quickly if she agreed to serve.

He said governors, civic and cultural leaders in all states would be glad to join.

Ad Man's Widow Dies

NEW YORK — An Anna Edith Erickson, widow of a cousin of the McCann-Erickson Advertising Agency, died Tuesday. Mrs. Erickson in 1937 made a grant to Harvard University for advertising research in memory of her late husband, Alfred W. Erickson.

Bus Co. Lowers Itself

NOTTINGHAM, England (UPI) — A Nottingham bus company is having new vehicles fitted with low step in the interests of women passengers with tight skirts.

The sub-zero weather caused many an unhappy shopper... we've been hearing from them by phone and personal request to repeat the sale... so, HERE IT IS!

Figure Out Tourist's Duty Saving on Car

WASHINGTON (UPI) — In the fall of 1959 Robert W. Stokely, a government employee who lives here, combined a vacation trip to Europe with the purchase of a new automobile — Sweden's Volvo.

He and his wife Dorothy picked up the automobile at the factory in Sweden, drove it 3,100 miles in Sweden, Germany, Denmark and Switzerland and then shipped it back to the United States.

Ted Kennedy Takes Job at \$1 a Year in Boston

BOSTON (AP) — Edward M. (Ted) Kennedy, youngest brother of the President, has become a \$1-a-year man in the office of the Suffolk County (Boston) district attorney.

A graduate of the University of Virginia Law School, he was sworn in Tuesday as an assistant district attorney. The job carries an annual salary of \$7,200. Kennedy sought to serve without pay, since state law forbids this, he will receive a token salary.

person limit on the value of foreign goods which American tourists can bring back duty free.

Chances are that Congress will approve the reduction.

Kennedy's proposal would restore the \$100 duty-free limit in effect from 1947 until the late 1940s when Congress raised it to encourage American tourists to spend dollars abroad to help economies of European countries.

Now the economic shoe is on the other foot. The U.S. government is trying to discourage American tourism abroad. Object: To help retard the heavy flow of gold from the United States which began three years ago.

Since the fall of 1959, the cost of automobiles and ocean freight rates have changed, but here is how the Washington couple managed to make their saving on the

Volvo which would have cost them \$2,282 had they bought it here:

Automobile, factory price, \$1,750; Ocean freight, Baltimore, \$150; Marine insurance \$11; Duty, \$31.72; Trip to Baltimore to pick up car, \$5; Washington sales tax, \$35; Total, \$1,982.72.

Since the duty is computed on the automobile's value, the couple by driving it around Europe had knocked its dutiable value — as it was used car — down to \$1,200.

The duty-free allowance for the couple totaled \$1,000. They brought in \$172 worth of other goods, leaving \$827 of the allowance to be deducted from the \$1,200 automobile.

That left only \$373 worth of the automobile subject to the 8.5 per cent duty. This amounted to \$31.72. Had Kennedy's proposal to cut the personal allowance to \$100 each

Eastern Federal Banks Rationing Their Pennies

WASHINGTON (AP) — Federal Reserve banks in New York, Boston and Philadelphia are rationing shipments of pennies to commercial banks in their areas. Bureau of the Mint figures, however, show that the amount of coins on hand at the Treasury and at reserve banks has increased from \$3.4 million to \$90.2 million since Jan. 1.

Mint officials say they expect no serious shortage nationally, at least until the start of the Easter shopping season. To avoid a shortage the mint is asking Congress for an extra \$255,500 to produce 300 million additional pennies by June 30.

OAS to Fight Fidel?

NEW YORK (UPI)—Sen. George A. Smathers, D-Fla., said Tuesday night the Organization of American States, of which the United States is a member, might have to create a police force to

aid opponents of Cuban Premier Fidel Castro.

Horace Greeley was born in the village of Amherst, which is located on Beaver Brook. The Indians called it Quabbin.

Man Dies in Car Crash

YPSILANTI (AP)—William McIntosh, 61, of Romulus, was killed in a two-car crash near here Tuesday. A passenger in McIntosh's car, Leonard L. Harris, 64, was reported in serious condition in an

Ypsilanti hospital with chest and head injuries.

The wombat of Australia, a cross between a small bear and a large rodent, is fond of new hay. It eats the hay daintily, stalk by stalk.

Car Passenger Killed

MILAN (AP)—Alice Fagale, 37, of Maybee, was injured fatally Tuesday night when the car in which she was a passenger collided with another auto at an in-

tersection four miles east of here in Monroe County.

There is a good possibility that the new superpenicillin developed in Britain may be tolerated by individuals allergic to the penicillin now commonly used.

Goldwater Advises Nixon to Seek California Post

LOS ANGELES (AP)—Sen. Barry Goldwater, R-Ariz., came to town with some advice for former Vice President Richard M. Nixon: Run for governor of California in 1962.

Historically, Dick Nixon needs a high public office if he's thinking in terms of '64 or '68," said Goldwater.

City Picks 3 Appraisers for 2nd Renewal Project

In a mood for speed, City Commissioners last night picked three Pontiac appraisers for advance work in the second urban renewal project and contracted for title insurance in the first.

Hired to make initial property

Area Hospital Sees Patient Costs Drop in '60

ALMONT—In spite of current inflationary trends, costs per patient day at the Community Hospital south of here decreased from \$27.03 in 1959 to \$26.90 in 1960, James W. Cray, hospital director, revealed today.

This saving of \$1.13 per patient day resulted from a number of economies in effect at the hospital, Cray said. He further stated that he believes this is the lowest per diem cost for any hospital in the area.

Further year-end statistics reveal that 74.1 per cent of patients discharged in 1960 carried some form of hospitalization insurance as against 69.1 per cent in 1959.

The number of people discharged without any form of insurance dropped from 28.7 per cent to 24.4 per cent, according to Cray.

He said this reflects a national trend to seek protection against the possibility of unexpected expense as a result of the hospitalization of one or more members of a family.

The contract with the Irwins was for \$3,375 and with Tripp, \$2,500, all out of advance federal funds. These rates are comparable with those paid for appraisals in the first project, said Robert A. Stierer, assistant city manager and urban renewal coordinator.

The appraisals are to be ready in time for the city to ask for federal approval of an estimated \$2 million budget this summer.

1st FIRST PROJECT
In the first project, a \$7,500 contract was authorized with Burton Abstract & Title Co. for title insurance on properties acquired north of Auburn Avenue and a \$7,500 contract with Abstract Title & Guaranty Division of Lawyers' Title Insurance Co. for acquisitions south of Auburn.

Stierer said the city is responding to President Kennedy's appeal for a speedup in urban renewal around the nation to relieve unemployment.

He said there now is the possibility that redevelopment activity will be evident in a few months. Land acquisition, site improvements and demolition may be moved ahead of schedule, Stierer said.

So far, the city has acquired 29 parcels in the first project and has under option 29 others, with a total purchase value of \$251,775, Stierer said.

Retired Pastor Is Dead

GOSHEN, Conn. (AP)—The Rev. Archibald I. Mann, 72, retired Moravian minister who twice served as interim pastor at Christ Church Congregational in Goshen, died Tuesday of a heart attack. He was a former president, treasurer and corresponding secretary of the Board of Domestic Missions of the Reformed Churches in America. He was born in Sturgeon Bay, Wis. A skeleton valued at \$200.

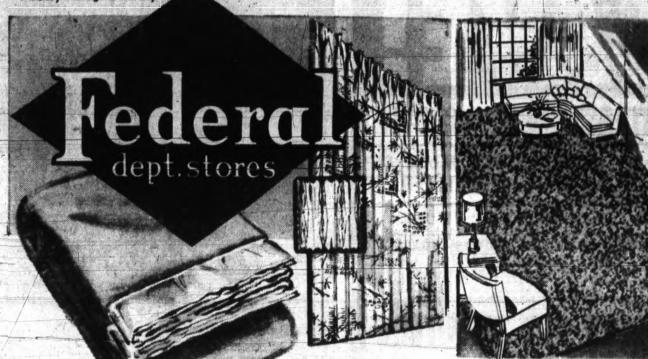

New Mexico Searching for Skeleton Worth \$200

ALBUQUERQUE, N.M. (UPI)—Albuquerque police have been asked to help University of New Mexico security men solve a baffling burglary committed sometime during the past week.

The loot, listed on university property records as inventory from Reformed Churches in America, 6161, was a complete human skeleton valued at \$200.

MICHIGAN WEEK PLANNERS — Spadework was done last week in a meeting at the Bloomfield Hills Country Club for Oakland County's observance of Michigan Week, May 21-27. Among those on hand were, from left: regional co-chairman Dr. William E. Stirling, vice president and director of the Dearborn Center, University of Michigan; Oakland County chairman Charles F. Adams, executive vice president, MacManus, John & Adams, Inc.; Pontiac Chairman Mayor Philip E. Rowston; John Hurlinger, manager, Pontiac Chamber of Commerce; and Norman Dunn, Pontiac Motor Division, county products promotion chairman.

Why are more people now buying PM?

because it's now so fine it's stamped **DE LUXE**

PM is increasingly being given that finest of testimonials —favorable comment from one person to another. Recent refinements in blending methods have made today's PM into what many people now regard as the finest blend in the market. Try today's PM at home and when you go out.

Group Meets in Bloomfield Hills

Begin County Michigan Week Plans

Planning and organization for the observance of Michigan Week in Oakland County, May 21-27, was the purpose of a meeting last week at Bloomfield Hills Country Club. Pontiac chairman for the annual promotion, designed to focus attention on Michigan's abundant attractions as a good place in which to live and work, is Mayor Philip E. Rowston.

Norman Dunn, Pontiac Motor Division, county products promotion chairman.

Oakland County general chairman Charles F. Adams, executive vice president of MacManus, John & Adams, Inc., was host to eight local chairmen, named to his committee, and a representative group of civic leaders and county newspaper editors.

John W. Fitzgerald, editor of The Pontiac Press, was named Pontiac publicity chairman.

Adams called attention to the need for concerted, vigorous effort at the community level. "It is particularly important," he said, "to direct the attention of our own citizens to Michigan's steadily increasing advantages as a place in which to live and work; its favorable business climate, and unsurpassed recreational opportunities."

Regional co-chairman Dr. William E. Stirling, vice president and director of the Dearborn Center, University of Michigan, detailed state planning, organization and objectives.

LANSING —Michigan's financial situation is not good and a wide variety of factors is responsible, says the Citizens Research Council of Michigan.

The council, a nonprofit, non-partisan organization financed by business and industry, reported on the state's economics, spending and taxes Tuesday to about 200 legislators and more than 100 business leaders.

It came to these conclusions:

1. Michigan's economy has lost ground in the past decade—in terms of jobs, plant and equipment investment and value added by manufacture and in personal income growth.
2. Taxes on manufacturing and industry, the state's biggest industry, are higher than those in other industrial states.
3. Michigan's image as an attractive place for business and industry has suffered in recent years, partly because of "our inability to keep our government finances in order."
4. State and local spending in Michigan is "considerably higher" than in neighboring states.

Robert E. Pickup, the council's executive director, told the group that unemployment in Michigan is increasing "at the very time that it is favored with the need for a substantial increase in future job opportunities."

This, he said, requires huge capital investments over and above those in normal years.

File Early for Refund

WASHINGTON (UPI)—Internal Revenue Commissioner Mortimer M. Caplin has urged taxpayers to file their income tax returns early so the government can send out refund checks at an economic stimulus.

Go Gunning for Dads

GOODISON — The "Dad's Night" program at the parent-teacher association meeting tonight at Baldwin Elementary School will feature a talk about historical guns by Max Vollick. Two movies, "Growing Like a Grasshopper" and "The Candlemaker" also will be shown. The meeting will start at 7:30 p.m.

To Look for Church Reds

PHOENIX, Ariz. (UPI) — The Arizona diocese of the Episcopal Church plans an investigation to determine if Communists have infiltrated the National Council of Churches.

Deaths in Pontiac and Nearby Areas

MRS. ROY BURT
Mrs. Roy (Elizabeth) Burt, 74, of 301 Chandler Ave. died unexpectedly yesterday at her home. She was a member of St. Vincent de Paul Catholic Church and the Rosary Altar Society of her church.

Surviving are her husband; a son Clarence of Toronto, Ont.; a daughter Mrs. Vermita Wilkinson of Cheboygan; and a brother, Henry Heckman of Sebawing, and seven grandchildren.

The Rosary will be said at 8 p.m. Thursday at the Melvin A. Schutt Funeral Home. Service will be held at 10 a.m. Friday at St. Vincent de Paul Church, with burial following in Mount Hope Cemetery.

DANIEL J. NEVAREZ
Prayers will be offered at 11 a.m. Friday at the Pusney Funeral Home for Daniel J. Nevarez, infant son of Mr. and Mrs. Juan R. Nevarez of 99 Franklin Blvd. Burial will be in Perry Mount Park Cemetery.

Surviving are the parents; a brother and sister, John F. and Margaret A., both at home.

Six-week-old Daniel died unexpectedly at the home of his parents yesterday.

BABY BOY COLEN
WEST BLOOMFIELD TOWNSHIP — Service for the infant son of Mr. and Mrs. Palmer Colen of 1851 Maddox Road will be at 7:30 p.m. tomorrow at the Hutton Funeral Home, Pontiac. Burial will be in Perry Mount Park Cemetery, Pontiac.

The child was stillborn Monday at Pontiac General Hospital. Surviving besides his parents are three sisters — Judy, Linda and Gaylene — and a brother, Palmer Jr., all at home.

MRS. JAMES MONTROSS
LEONARD — Service for former Leonard resident Mrs. James (Natie) Montross, 92, will be at 2 p.m. Friday at the Flumet Funeral Home, Oxford. Burial will be in Lakeview Cemetery, Lakeville.

Mrs. Montross, a member of the Leonard Methodist Church and a life member of the Dryden Chapter, Order of the Eastern Star.

She died yesterday after an illness of 18 months at Martha T. Berry Hospital, Mount Clemens.

Surviving are her son Charles G. Burns of Hubbard Lake, one grandson and a great-granddaughter.

MRS. DATH RAYMOND
WHITE LAKE TOWNSHIP — Service for Mrs. Dath (Hazel) Raymond, 67, of 4024 Duck Lake Road, will be at 10 a.m. Friday at St. Patrick Catholic Church followed by burial in Lakeside Cemetery.

The Rosary will be recited at 8 p.m. tomorrow at Richardson-Bird Funeral Home, Milford.

Mrs. Raymond died yesterday after an illness of eight years at St. Joseph Mercy Hospital, Pontiac.

Surviving are two sons, Arthur Putter of New York and Lyle Putter of Pontiac; two daughters, Mrs. Lavonne Hutchinson of Silver Wood and Mrs. Janita Hurley of Pontiac; 12 grandchildren; and four great-grandchildren.

Service Is Planned for Cranbrook Artist

Service for Mikels A. Zvirbulis, 69, of 380 Lone Pine Road, an artist and a member of the maintenance staff of Cranbrook Academy of Art Galleries, will be held at 1 p.m. Thursday at the Haley Funeral Home, 16065 Hamilton, Detroit. Burial will follow in Woodlawn Cemetery, Detroit.

Mr. Zvirbulis came to the United States Nov. 20, 1951, after he was forced to leave his native Latvia. As a child he studied painting under the best masters in Latvia. When a young man he continued studies in Czarist Russia and later in France, Italy and Germany.

A graduate of the Moscow Academy of Art, he resumed his painting after coming to Cranbrook in April 1956.

Mr. Zvirbulis had his first one-man exhibition in this country in Kingswood School displaying more than 40 paintings. Many of the scenes were in and around Bloomfield Hills. He has exhibited in many local shows.

Surviving are his wife Annalia, a former Latvian actress; a daughter, Mrs. Gunnar Birkerts of Bloomfield Hills; and two grandchildren.

Mr. Zvirbulis died Monday at William Beaumont Hospital after a long illness.

Oxford Twp. Driver Injured in Crash

A 47-year-old Oxford Township man was in fair condition at Pontiac General Hospital today after crashing his car into a ditch alongside Baldwin Road last night.

Bernard Marlowe of 945 Keith Road suffered a compound fracture of his left leg when his car missed a curve in Orion Township and flipped into the ditch.

The road was slippery with frost, and sheriff's deputies said it appeared that Marlowe was driving too fast for conditions. He was unable to make any statement.

City Commission Lauds GMC Output

Congratulations were extended to Calvin J. Werner, General Motors Corp. vice president and general manager of GMC Trucks & Coach Division, and to the division's employees last night by the City Commission for the production record of 100,000 trucks last year, the highest in five years.

The commission cited the division's long record as a bastion of Pontiac's economy.

Second Break-In Attempt Nets Prison Sentence

Circuit Court Judge William J. Beer yesterday sentenced probation violator Daniel W. Cooper of Waterford Township to Jackson Prison for 3 to 15 years.

Cooper, 28, of 515 Calgary St., was placed on three years probation last October for breaking into a gas station a month earlier.

His mistake came when, with a friend Robert A. Putnam, 25, of 224 W. Brooklyn Ave., he tried to break into the same station again in November.

Cooper, convicted by a jury for the second offense, now joins Putnam behind the bars. Putnam was sentenced to prison for violation of probation also.

Stops Constipation Due to "Aging Colon"
 New laxative discovery re-creates 3 essentials for normal regularity.

As you grow older, the internal muscles of your colon wall also age, lose the strength that propels waste from the body. Stagnant bowel contents become so dry and shrunken that they fail to stimulate the urge to purge.

Relief, doctors say, lies in a new laxative principle. Old-style bulks and drugs—cramp and gripe the entire system. Of all laxatives, only new COLONADO gives you its special 3-way relief that works only on the lower colon (area of constipation).

(1) COLONADO moistens dry, hardened waste for easy passage without pain or strain. (2) COLONADO's unequalled rebuilding action helps restore flabby colon muscles. (3) And COLONADO acts gently on the nerve reflexes that stimulate the vital "mass movement" of your lower colon.

COLONADO relieves even chronic constipation overage; is so gentle it was hospital proved safe even for expectant mothers. And COLONADO won't interfere with absorption of vitamins or other food-nutrients. Get COLONADO today! **INTRODUCTORY SIZE 43¢**

Abby Advises All-A's:

Don't Carry the Cheaters

DEAR ABBY: I am a high school student who makes straight A's. My problem is I am well liked by my teachers but not by my classmates.

The reason: When people ask to copy my homework I tell them I don't mind helping them with something they can't understand, but I don't see why I should spend three or four hours on homework and then hand it over for someone to copy.

They call me stuck-up and selfish. I can keep up my work and my friends, too? SELFISH.

DEAR SELFISH: "Copying" homework is dishonest, and he who hands over homework for copying is just as guilty as the copier.

Keep on saying "No." The "friends" you lose because you refuse to cheat are not worth having.

DEAR ABBY: This month marks our tenth wedding anniversary. I am 29 and my husband is 33, and we might as well be 80!

When I go to kiss him, he tells me he's tired. He has no reason to be tired, Abby. He has a job where he sits all day. (He drives a cab.)

We have two children. I keep myself neat and clean, am a good housekeeper and hold down a part-time job. And what's more, I still get whistled at when I walk down the street. What is a young wife supposed to do with a husband who is old at 33?

NEGLECTED. DEAR NEGLECTED: Maybe he is tired. (Driving a cab is no breeze.) But something else must be troubling him. He has either physical or mental problems he is not sharing with you.

If you love this man, show your interest in HIM (not yourself) by insisting that he get a physical check-up, and talk his troubles over with you.

DEAR ABBY: Your advice to "Silver Blonde" may be

right in certain areas, but not in Alaska. It's not what you HAVE BEEN, it's what you ARE that counts. In Alaska, it's "no questions asked." If a person wants you to know about his past, he will tell you.

When I find the girl I am looking for, I won't ask where she came from or what she was. Age, religion, divorces, fat or thin—I won't care. It's how she treats me that will count.

This is my own opinion. I have asked several other men up here about it and they all agree with me. All except one young punk who hasn't grown up yet. But he will, if he stays in this country and lives through it.

Sincerely, A. C. FROM ANCHORAGE. "What's your problem?" For a personal reply from Abby, send a self-addressed, stamped envelope to ABBY, Box 3363, Beverly Hills, Calif.

Who pays for what? For Abby's pamphlet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3363, Beverly Hills, Calif.

750 Attend Pontiac PTA Founders' Day Banquet

Some 750 members of 33 local parent-teacher-student association units attended the Pontiac PTA Council's annual Founders' Day banquet Tuesday evening at Pontiac Northern High School. The affair celebrated the council's 30th anniversary.

Following the invocation by Philip J. Wargelin, Pontiac Northern High School principal, Mrs. George Gray, PTA Council president, welcomed guests.

Greetings were extended by Mrs. William Porter, director of District 7, Michigan Congress of Parents and Teachers, and Dr. Dana P. Whit-

mer, superintendent of Pontiac Schools.

The evening's program, under chairmanship of Mrs. Charles Coppersmith, was a series of skits entitled "Step Ahead by Looking Back." Members of 28 local PTAs presented the playlets which depicted major accomplishments since their founding.

PRESIDENTS NARRATE

Narrators were PTA presidents Mrs. Loren Anderson, Hawthorne School; Mrs. George Gaches, Eastern Junior High, and Joe Singleton, Whittier School. Mrs. Leon Shickley, of Pontiac Central High's PTA was pianist.

Additional special guests for the fete were Mrs. Dana P. Whitmer, Dr. and Mrs. Otto Hutziger, assistant superintendent of schools; Dr. and Mrs. Philip J. Proud, assistant superintendent of schools; Lewis Crew, assistant to administrator-Pontiac schools, and Mrs. Crew; and Louis H. Schimmel, president of the board of education, with Mrs. Schimmel.

Board of education members and their wives also were present. Introduced were Mr. and Mrs. Glenn H. Griffin, the Rev. and Mrs. J. Allen Parker, Mr. and Mrs. William Anderson, Dr. and Mrs. Walter Godsell, Mrs. William Mihalek,

past president of the PTA Council, and Mrs. Harry King, a past president of the Michigan Congress of Parents and Teachers.

HONOR PAST PREXIES

Council officers presented were Mrs. Melvin Norberg with Mr. Norberg, Mrs. Coppersmith, Mrs. Thomas Henson, Mrs. Carl Masters—all with their husbands—and Mrs. Howard McConnell.

Past presidents traditionally are honored and presented corsages at the banquet. Those present were Mrs. Lee Hill, Mrs. Park Buchner, Mrs. Paul Gorman, Mrs. William Anderson, Mrs. William Wright,

Mrs. William Mihalek, Mrs. Harry King, Mrs. Leon Wolvertson and Mrs. Gordon Rice.

Mrs. Norberg was general chairman for the affair. Committee chairmen were Mrs. John Turner; hospitality; Mrs. Thomas Fowler; invitations; Mrs. Thomas Bartle and Mrs. Russell Bell; reservations; Mrs. Lyle Dusenbury and Mrs. Howard McConnell; guest table; Mrs. Albert Stevens and Mrs. John Newman; decorations; Mrs. Earl Oleswig and Mrs. Ray Ritter, publicity.

Six students from Washington and Madison Junior High schools poured at the speakers' table.

William Lacy (left), principal of Washington Junior High School, and Norman Kujala, Lincoln Junior High School principal, paused to look over the program at Tuesday's PTA Council Founders-Day fete which was attended by some 750 members.

Plays Hostess to Woman's Literary Club

Mrs. Harry Vernon of West Russell Street was hostess to the Woman's Literary Club Monday.

The group's department of legislation conducted the afternoon's program under the chairmanship of Mrs. Ida Reeves.

Mrs. Reeves introduced guest speaker Mrs. William L. Miller who discussed "Con-Con" and the five points of Gov. John Swainson's tax revision program.

A talk on Americanism by Mrs. Joseph Phillips, president, followed. She presented a flag to the club from the American Legion Auxiliary 377.

Mrs. Mabelle Wilson accepted the flag in behalf of the club.

Mrs. A. O. Carmer, Mrs. Lulu Luby and Mrs. Carl Weber were appointed to the nominating committee.

Mrs. Fred Bohlman will be hostess for the next meeting on March 6.

Club Fetes 14 Former Prexy's

Fourteen past presidents of the Round Table Club of Pontiac were honored at the golden anniversary tea Tuesday afternoon at the Young Women's Christian Association.

Mrs. Eugene Cleland presented a corsage to each former president who responded by recalling highlights of her executive term.

Musical selections reminiscent of the early years of the club were played by Mrs. J. L. Bennett.

Hostesses for the afternoon were Mrs. H. Clay Murphy, Mrs. Paul Kantz and Mrs. H. V. Hancock.

Plan Art Exhibit Sunday

Creatations in prints, pottery and paintings by Oakland County public school art instructors will be exhibited at a show beginning Sunday through Feb. 26 at the Bloomfield Art Association in Birmingham.

Teachers who formed the Oakland Art Education Association in 1958 have called the exhibit, "a chance to stimulate their individual growth as artists, aiding their instruction techniques."

Lutheran Guild to Reveal Pals

Secret pals will be revealed and gifts exchanged as the Ladies Guild of St. Stephen Lutheran Church of Dayton Plains meets Thursday at 8 p.m.

The program will feature the Rev. Guy Smith with thoughts on "The Way to Happiness," continued from the last meeting.

Mrs. Donald Austin, Mrs. Frank Mousser, Mrs. Charles Meyka and Mrs. William Reagin, former officers will be hostesses.

Club Planning Beatnik Dance on Saturday

Chatham Dance Club will present a "Beatnik Dance" Saturday in Waterford Community Activities Building.

"Mixer-parties" at the homes of six committee hosts will precede the dance, scheduled to begin at 9 p.m. A hot drawing of the club's entire membership will direct each couple to a specific party.

Sixty-five couples from the Pontiac, Waterford, Farmington and Clarkston areas comprise the group.

Committee members include Mr. and Mrs. Neil E. Braun, Dr. and Mrs. William E. Cronmett, Dr. and Mrs. Harold G. Ford, Mr. and Mrs. Stanwood Tadoye, Mr. and Mrs. Arthur L. Rose Jr., Mr. and Mrs. Lawrence D. Stuart and Mr. and Mrs. Lewis E. Wint.

Relaxed Lines In

Not since the days of ancient Greece has the fluid line been so fluid—relaxed—for resort wear, reports the National Cotton Council. The overblown is the story of the season, contributing greatly to the relaxed look in everything from beach to ballroom apparel.

Many hands were lent to serve the delicious dishes on the PTA Council's Founders Day menu. Photographed while leaving the kitchen with an assortment of appetizers and rolls were (from

left) Mrs. Robert Quinn, Oneida Road; Mrs. Thomas Bartle, North Ardmore Street; Mrs. John Newman, Princeton Avenue; and Mrs. Howard McConnell, Brooks Street.

Mrs. Frank Schmidt of East Fairmount Street (right) was greeted by hospitality committee chairman Mrs. John Turner of Bartlett Street at

Tuesday's PTA banquet. Mrs. Leslie Hutchkiss of Fourth Avenue looked on approvingly.

Nancy Williams Club

The Name's the Same

LANSING — Nancy Williams may be leaving Michigan, but the Nancy Williams Club will not.

Mrs. Teddy Robinson, its friendly, bustling president, hopes it will stay in business as long as Michigan needs money for campaigns. That will be a long, long time.

The name, she says, will stay the same, no matter who is governor and who is the governor's wife.

Mrs. Robinson and a dozen or so other women Democrats organized the club about five years ago and named it after the wife of former Gov. G. Mennen Williams.

Its nearly 150 members, mostly from the Lansing area, include Mrs. Philip A. Hart, wife of the U. S. Senator; Miss Adelaide Hart of Detroit, just retired Democratic state vice chairman, and wives of most of the all-Democratic State Administrative Board.

"We felt that because Nancy Williams was so active in helping the governor with his cam-

paigns—the first first lady we ever had who was so active in politics—that she ought to have her own organization," said Mrs. Robinson. Its first and only president.

The women staged rummage sales, benefit dances, garden parties and tea parties and whatever other fund-raising event they could think of. Proceeds, totaling thousands of dollars, helped finance Mrs. Williams' television show "Nancy's Scrapbook" and other Democratic causes.

The club will honor Mrs. John B. Swainson, wife of the new Democratic governor, at a tea this week and make her an honorary member.

Mrs. Williams will stay in Lansing with her two teenage daughters, Nancy and Wendy, until school lets out in June, then join her husband in Washington, D. C. He is President Kennedy's assistant secretary of state for African affairs.

The former governor and his wife plan a trip to Africa this month.

Navy Club Names Pair

Mrs. Alma Cowley, commander of the Pontiac Navy Mothers Club, has appointed Mrs. Isaac Thurman and Mrs. Russell Canterbury to a contact committee for the group's social meetings.

At a meeting Thursday in the Pontiac Naval Reserve Training Center members heard a letter of thanks for contributions to the Family Chapel in San Diego, Calif., where servicemen train before embarking overseas.

Members discussed the program book for this year's state convention at Detroit in June. The local club will add a welcome note and a memorial to the convention's publication.

Plans for the Past Commanders Club card party in March were outlined. Proceeds will go toward joint installation of the Detroit-area clubs in June, a feature of the state convention's opening day.

Mrs. Thurman of North Shirley Avenue will be hostess for the Feb. 15 meeting.

Women's Section

Round Table Club of Pontiac observed its 50th anniversary Tuesday at the Young Women's Christian Association. Mrs. R. C. Cummings of East Iroquois Road, (at right) pours tea

for Mrs. Homer V. Hancock of Green Street. From left are Mrs. H. Clay Murphy of Oriole Road and Mrs. E. G. Clark of Waterford Township. All are past presidents of the club.

Attendant Choice Up to Bride

By The Emily Post Institute
Question: I have been a bridesmaid in three wedding parties during the past two years. I am not extremely close to any of these young women although I do see them occasionally at social functions and visit with them every once in a while. I am making plans for my own wedding and would like to know if I am obliged to return this courtesy by asking these young women to be in my bridal party. There are several other girls with whom I am more friendly and I would prefer to ask them. To include all would make the bridal party too large.

Answer: You are not obliged to return their courtesy. A bride is expected to have her own very best friends for her bridesmaids and it would be unfair to replace any of these with someone else only because she had asked you to be her bridesmaid.

Question: I am well aware that it is proper to write a thank-you note for a gift received, but I have a few relatives and friends who insist that it is also necessary to write a thank-you note in acknowledgment of a birthday or anniversary card. I feel this is carrying politeness a little too far. What do you think?

Answer: Greeting cards of any kind require no acknowledgment further than thanking the senders when you see them and sending them cards in return when occasion arises. To have to write thank-you notes for greeting cards would certainly take away from the joy of receiving them.

Question: I am about to send out my wedding invitations and have been told that the tissue papers that came with the invitations should be removed before mailing. Is this true? It seems every invitation we receive has them.

Answer: Many people mistakenly think the tissue belongs with the invitations and don't realize that once the ink is thoroughly dry they have served their purpose and should be discarded.

The Emily Post Institute is sorry it cannot answer personal mail.

A summer wedding is planned by Goldie Palaian, daughter of Nickolas Palaian of Lowell Street and the late Mrs. Palaian, and James A. Hargraves, son of the James K. Hargraves of Alpena Street. Her fiancé attends Michigan State University Oakland.

GOLDIE PALAIAN

Women's Club Buys House, Will Renovate

The Village Woman's Club has approved the purchase of the Winningham house on East Long Lake Road, Bloomfield Hills for its permanent club house.

The property was purchased by Charles Winningham in 1919. Beams from a barn on the site were used in the present structure which was completed in 1929 and converted into five apartments after World War II.

The club plans to make the house the equivalent of a new building. Rooms will be available for classes offered to members and the rest of the community.

In addition to French, Spanish, bridge, Biblical history, art, and music appreciation lessons, there has been added a series of lectures on the international scene entitled "History in the Making" by professors from Michigan State University Oakland.

Among club members who helped to arrange the property purchase were Mrs. Harvey Kresge, Mrs. Edward Moesman, Mrs. Theodore F. W. Meyer, Mrs. Dwight Ensign, Mrs. Brooks Marshall, Mrs. Alfred G. Wilson, Mrs. Sheldon Noble and Mrs. Elmer L. Sylvester.

Sisterhood Hears Talk on Lincoln

"We Look at Our Heritage" was the program theme for Chapter A.W. Poe Sisterhood's Monday evening meeting. Mrs. Webster S. Francis of Pine Lake was hostess.

W. E. C. Huthwaite who presented the program spoke on the life of Abraham Lincoln. Mrs. Huthwaite also was a guest.

Melodrama Begins Run

Detroit's only professional resident theater, Vanguard Playhouse on East Columbia Street, will stage its opening production of Augustin Daly's "Under the Gaslight" at 8:30 this evening.

Written in 1867, the classic melodrama will be presented in the authentic, stylized manner of Victorian society's period in New York City.

The show will run through March 4 every evening except Mondays with curtain time at 8:30 during the week and 7:30 on Sundays.

St. Trinity Plans Pancake Supper

The Parent-Teacher League of St. Trinity Lutheran Church will sponsor a pancake supper from 5 to 8 p.m. Friday in the church basement.

Fred Badder, chief from Detroit, will supervise the kitchen, according to James Price, general chairman.

Proceeds will go toward purchase of athletic and kitchen equipment for St. Trinity Lutheran School.

**SEW SIMPLE**

By Eunice Farmer

"Dear Eunice,

"I have trouble getting a comfortable fit in the dresses I've tried to make. I have extremely narrow shoulders and hollow places in my upper chest. This causes the dress around the hollow places to be slack and loose. Can a pattern be altered to help this trouble?"

Mrs. W.M. McM.

Dear Mrs. W.M. McM.:

You will have to take a fold in the pattern at the shoulders, as described a few weeks ago, in order to make the shoulder width narrower. It also sounds like the pattern is too long for you from the shoulder to the bust line. Try taking a 1/4-inch fold horizontally in your pattern from armhole to center front, about 4 inches below the shoulder. You will also have to lower the armhole 1/2 inch so the sleeve will again fit the armhole. You will also find that if you will line the bodice of your dresses, they will hang much better and not sink in where they now do. The lining gives your garment extra body.

★ ★ ★

"Dear Eunice,

"I tried to make a velvet dress for my daughter for Christmas and it had a very full, gathered skirt. I absolutely could not get the material pulled up tight enough to fit the waistband. Can you give me any clue as to what I should do?"

Mrs. M.R.

Dear Mrs. M.R.:

If the skirt you were trying to gather was about 3 yards wide, as most gathered skirts are, the velvet is too thick to gather that much. For heavier fabrics, the skirt would hang so much better if you substituted small, unpressed pleats for the gathers. The waistline will not be as thick now and it will be much easier to apply the waistband.

★ ★ ★

"Dear Eunice,

"Will you please explain what is meant by 'bias-cut' wool or rayon skirts? How do you lay your pattern? I have heard they fit very well when cut in this manner."

Your Fan

Dear Fan:

"Bias-cut" means that the parts of your garment that are normally laid on the lengthwise grain of the fabric, are laid on the bias. This can be done with any type of pattern and is especially attractive when using checks or plaids.

Bias-cut garments have tendency to cling to the figure and I don't think they are too flattering unless you are quite slender. They also have the disadvantage of hanging uneven at the hemline.

It will have to be up to you to decide if the effect of a bias cut skirt outweighs the disadvantages.

★ ★ ★

If you have any need for special instructions on any phase of dressmaking that we have not covered, please write to Sew Simple, in care of The Pontiac Press.

If you would like a copy of my pamphlet, "All About Sleeves," enclose 10 cents and a large, stamped, self-addressed envelope with your request to Eunice Farmer, in care of The Pontiac Press.

Beauty Clinic

by Edythe McCulloch

**WHAT PRICE
HAIR COLOR?**

If you are under the false impression that to change your hair color is expensive... let us first consider your individual need.

You may be a young woman who is seeking color to cover a few gray hairs, not really wanting to change the color of your hair... or an older woman who wants her gray hair to be glorious and glowing.

You may want to brighten and freshen your natural haircolor... or change it to a new exciting color. You may find the one that pleases you and want the color to last. This too, can be accomplished. All of these things determine the cost.

Talk to us soon, we will be happy to assist you.

Phone Edythe McCulloch

**Bride-Elect Gets
Kitchen Gifts**

Bride-elect Janet Lee Wilson, daughter of the Elmer R. Wilsons of Mary Day Avenue opened kitchen gifts Sunday afternoon at the Drayton Plains home of Mrs. S. L. Bailey.

Attending the party were her mother and Mrs. Floyd R. Harrison of Oxford, mother of her fiancé F. Richard Harrison, Mrs. Edward Zielke, Mrs. James H. Curd, Mrs. Robert Willis, Mrs. William Boese, Mrs. James Phillips, Mrs. Don L. Bailey, Liana Metelberg, Alice Bouford and Allen Baerwolf.

Among out-of-town guests were Mrs. Robert Harrison, Oxford; Mrs. Richard Bashers, Big Rapids; Mrs. Myrtle Bentley, Ann Arbor; Mrs. George Seeley, Milford; Mrs. Robert Wallen, Livonia; Mrs. Lawrence Taylor, Lake Orion; and Mrs. William Boone Jr. of Troy.

Mrs. Kenneth Gilman, Mrs. Clyde Roberts and Mrs. Chester Jones came from Flint. Vows will be spoken March 11 in First Presbyterian Church.

**Cool Conditioner
Is Way Out, Man!**

(UPI) — One air conditioner now can be operated by wireless remote control. With a small two-button hand unit, the air conditioner can be turned on and off, the fan adjusted to three different speeds and functions all by not getting closer than 30 feet to the air conditioner.

Use Upstroke

(UPI) — Always roll upward on the first stroke after loading your roller with paint. Start in an un-painted area and roll toward a painted area and roll toward a painted area. Your second and subsequent strokes can be sideways or crisscross to assure complete coverage of one area.

**Shower Lauds
Bride-to-Be**

A miscellaneous shower honored Judith Ann Huntwork Friday evening at the home of Mrs. Lloyd W. Huntley, Old Orchard Drive, Waterford Township.

Cobhostesses were Mrs. Bertha Simpson and Nina Higdon. Mrs. F. Leslie Huntwork of Erie Drive, Orchard Lake, attended her daughter's party with Mrs. Herschel O. Ashbury of Woodbine Drive, mother of bridegroom-elect Roger A. Ashbury.

The guest list included Barbara and Diane Peterson, Mrs. Alva Ferguson, Mrs. Robert Ferguson, Mrs. Leonard Nyberg, Mrs. Stephen A. Bone, Mrs. Everett Warren with Cheryl, Martha and Jean Huntley. Mrs. Burton Hilliker.

Barbara Simpson and Mrs. Elsie Moore of Waterford Township.

From Pontiac were Mrs. Michael Huntwork and Mrs. Donald Ferguson. Patricia Huntwork attended from Orchard Lake.

Mrs. Homer Peterson presided at the refreshment table which was decorated in the Valentine motif.

Refresh Clothes

Upon removing stored clothing put them in the clothes drier for a few minutes. This takes out wrinkles and fluffs up nap.

Our 'Double Standard' Favors Women

NEW YORK (AP)—Men are always saying it's a woman's world. Some even sound as if they might believe it. The truth is, says Emanuel Demby, president of Motivation Research Associates, we do have a double standard flourishing today that's loaded in favor of women.

Our culture, he explains, permits women fuller freedom in expressing their own images through the way they dress and behave socially. Men are hemmed in by certain standards of conformity created by films, television, radio, magazines and contemporary literature.

Demby uncovered the double standard during research for an over-all psychological and sociological exploration of anxiety and tensions among men. A part of the study, sponsored by a manufacturer of safe-in-suits shirts, has just been completed.

SHOPPING AROUND

An illustration of the double standard lies in the sexes' psychology of shopping. Demby says "Men will buy because they need something; women because they want to feel like something."

The weather turns hot and a man needs a sports shirt. So, he buys one—or about 80 per cent of the time, Demby found, he has his wife do it.

But a woman shops ahead for herself, in anticipation. She buys with the view in mind of what kind of person she will look like at a certain place—a dinner matron at an afternoon function, a

Quick TV No Match for the Printed Page

By RUTH MILLETT

Did you ever notice how much less sure people are of their facts when they start telling you something they heard on TV than when they are telling you something they read in "the papers"?

The recorder of news heard on TV is always stumbling and saying, "I didn't get in on the start so I'm not sure who the man being interviewed was but . . ." Or "I didn't get to hear all of the program because a neighbor dropped in." Or "I can't remember the figures exactly. Wish I had written them down."

The fact is that we do most of our TV listening pretty haphazardly. We "just happen" to turn on the set in the middle of a program and so miss important background material.

Or, we listen while we work—giving the TV set only part of our attention. Or we try to listen while talk goes on around us. Or we get called to the telephone, or the door bell rings and we miss something important.

And with TV you can't go back and pick up where you left off. What is missed is missed.

But the morning and the evening paper get different treatment. You take a quiet break to read the news. If you are interrupted you go back and pick up where you left off.

If you don't quite understand a point, you read it over. If you want to remember a name or a set of figures you concentrate on setting them in your memory.

If you think you may want to refer later to what you have read, you clip the story and save it.

That is why when a man says "I see by the papers . . ." he usually doesn't stumble around trying to repeat information the way he does when he says, "Last night I heard this TV commentator—can't remember his name—well, anyway when I turned in he was saying . . ."

by Anne Adams

Research by Demby's staff of psychologists shows that sport shirt colors and patterns are an accurate barometer of a man's self concept. Sexually secure and masculine men (and Demby found through cross-section sampling that this takes in 65 per cent of American men) wear what he has dubbed the market center shirt—the middle range in color and pattern, neither exhibitionistic nor overly conservative. Less secure and boastfully masculine men (25 per cent) and sexually "hid-den" and hostile men (10 per cent) tend toward loud, offbeat styles.

History of Temple Related to Sisters

Members of Mizpah Temple, Pythian Sisters, celebrated the group's ninth anniversary Thursday in their Fellowship Hall.

A brief program relating the history of the temple was presented by Mrs. Lewis Ellis, Mrs. William H. Vance and Mrs. Harry H. Pattison.

Mrs. Adelbert Ayres was in charge of sewing cancer dressings during the meeting. Refreshments were arranged by Mrs. Vance, Mrs. Pattison and Mrs. Ellis.

Actress' Talk Set at Marian

Anita Colby, model, actress, president and editor of the Women's News Service, will speak at the fourth presentation of the Christian Culture Series at Birmingham's Marian High School, auditorium Thursday at 8:30 a.m.

The topic Miss Colby has chosen, "The Link in the Chain," stems from her general theme that "no man is an island" and must live out his life influenced by association with others.

Miss Colby, who has won recognition as an outstanding executive lecturer, was voted the key woman of the year by the Federation of Jewish Philanthropies.

Tickets may be purchased at the door or from Mrs. James F. Murphy Jr., of Rochester Road, Birmingham.

Set Decor for Dreaming by Use of Theming

Most dreaming is done in the bedroom. But it's here, too, that dreams come true. Whether it's a dream of bygone days, of yourself as a queen, of a rendezvous in a far off place, the atmosphere can be created in real life in the bedroom.

Ready to help you translate these nighttime reveries into an actuality are furniture and department stores, specialty shops, art galleries, and many other sources from which to spin your desired setting.

Once a theme has been selected, the chairs, bed, carpeting, light fixtures, blinds and decorations are chosen to carry out and heighten the overall effect.

There is one item, however, that should be the same in any bedroom — the quality of the bedding.

Butterscotch Cookies
Made With Salad Oil

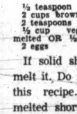

By JANET ODELL
Pontiac Press Home Editor

Today's recipe comes from the mother of a two-week-old son. We got this recipe from her before Christmas when she had a little more time to bake cookies.

QUICK SCOTCH COOKIES
By Mrs. Norbert Capistrant
1 cups sifted flour
2 teaspoons baking power
1/2 teaspoon salt
2 teaspoons vanilla
1 cup vegetable shortening
melted OR 1/2 cup salad oil

If solid shortening is used, melt it. Do not use butter for this recipe. Add sugar to melted shortening or oil and dissolve. Put into a bowl. Add unbeaten eggs, vanilla and dry ingredients. Mix well.

Drop by teaspoonfuls on a greased baking sheet. Place a nut in the center of each cookie. Bake 10-15 minutes at 350 degrees.

St. Benedict Nuptial Site for Mary Ann Georgeff

White gladioli and chrysanthemums bonked the altar of St. Benedict Church for the Saturday nuptials of Mary Ann Georgeff and LeRoy M. Bressler. The Rev. Richard W. Thomas performed the morning ceremony.

The Peter Georgeffs of Lakeview Drive, Waterford Township, were hosts at the reception in the Knights of Pythias Hall.

The bridal gown of white silk taffeta was styled with Empire bodice of Chantilly lace and wrist-point sleeves. Soft fabric roses accented the tiered bustle back which swept into a chapel train.

Fingertip veiling of pure silk illusion was attached to a crown of pearls and crystals. White carnations and sweet peas comprised the bride's colonial bouquet.

Jean Widdis, maid of honor, appeared in a sheath dress of cotton-blue silk taffeta styled with bateau neckline and cap sleeves. A crushed cummerbund

and Robert LaBarge of Lansing. The bride's cousin Peter Christoff of Detroit carried the rings.

After a northern Michigan honeymoon, the couple will be at home in Carsonville where the bridegroom, a graduate of Ferris Institute, is a teacher.

For her daughter's wedding, Mrs. Georgeff chose a winter-white brocade tunic dress and brown accessories. Mrs. Bressler appeared in a beige ribbon knit dress and black accessories. Both mothers wore white carnations.

Alumnae to Tour MSUO Thursday

North Suburban Alpha Delta Pi Society alumnae will tour Michigan State University Oakland Thursday.

Alumnae and guests will meet in the student center lobby at 8 p.m. for the tour of buildings which will terminate in the student center cafeteria where coffee will be served.

Later, the group will hear the philosophy of the new university explained, with emphasis on continuing education. Mrs. Marvin Marsh, vice president, is arranging transportation. Area Alpha Delta Pi and guests have been invited to attend.

upon the headlines of the Detroit and other Michigan newspapers on April 10, 1865, less than 24 hours after the Confederate leader surrendered his troops to Gen. Grant at Appomattox Court House.

Although Confederate regiments still fought on in parts of the South, everyone knew that it was only a matter of days before the rebel cause would collapse completely. The stirring news brought wild

17 W. Lawrence, Pontiac FE 2-0135

celebrations all over Michigan. In Battle Creek, citizens from the surrounding area flocked into town to celebrate the victory. The common council of the city voted money for a "grand celebration" for the following week.

Pontiac also staged a big celebration when the news of Lee's surrender was received. A 200-gun salute was fired, business establishments were closed, and public buildings and private houses were illuminated and decked out in bannery. During the evening of the 10th, huge bonfires were lit and bands played patriotic music to the thousands who celebrated most of the night.

Ann Arbor, then a quiet university town, offered more sophisticated entertainment. Speeches by prominent citizens highlighted the occasion. In praising the Union victory, Judge Lawrence, who headed the celebration, announced that "it took Almighty God and the Harper Hospital and the Soldiers' Home in Detroit, Fort Wilkins at Copper Harbor and other Michigan institutions.

GIVE DAVIS TO BARNIM
The Confederate president, Jefferson Davis, also received attention from the judge. He noted that there was public sentiment for hanging Davis but for himself he preferred, that "Barnum might have him for exhibition."

Corunna, Muir, Lyons, Marshall, Port Huron, Ypsilanti and Wyandotte were among the other Michigan towns which planned and staged huge victory celebrations.

The celebrating of Michigan citizens lasted only a few days, however. On the 15th day of April came the terrible news of President Lincoln's assassination by John Wilkes Booth.

Crowds which had gathered a week earlier to celebrate the surrender of Lee now assembled to mourn the great Civil War leader.

When the news of his death reached Detroit, thousands of people convened at the city hall to hear the mayor and prominent citizens pay homage to the President.

Later, on April 25, a larger and more formal ceremonial service was held in Cadillac Square.

SOLDIERS RETURN
In the months that followed,

thousands of Michigan soldiers returned to their homes. Some, recovered from amputations, bullet wounds and malaria, bore visible marks of the war. Others bore deeper scars imbedded upon their memories. On July 4, 1886, the last Michigan veteran of the Civil War was mustered out of the service.

Michigan paid dearly for its part in the war. Of the 80,000 troops from Michigan, over 14,000, or about one in every six, were casualties. Approximately 18,000 of these men died from disease.

Indeed, during the Civil War, more American soldiers lost their lives than in World Wars I and II and the Korean War combined.

The citizens of the state did not forget the sacrifices made by their soldiers. Appropriations by the state government financed the care that "it took Almighty God and the Harper Hospital and the Soldiers' Home in Detroit, Fort Wilkins at Copper Harbor and other Michigan institutions.

CARE FOR GRAVES
Thousands of dollars were appropriated for the care of the graves of Michigan soldiers at Antietam, Arlington and other national cemeteries.

Monuments were erected at all of the national battlefields in which graves of Michigan soldiers participated. Communities by the hundreds also erected local monuments to the memory of their own men who served at the front.

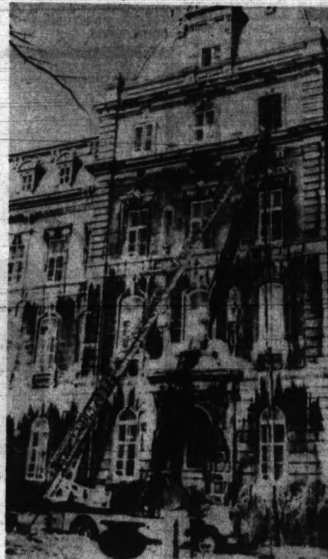

The largest war memorial was erected by the Michigan Soldiers and Sailors Monument Association. Plans for a monument were considered by several Detroiters after the first Battle of Bull Run in July 1861, but it was not until 1865 that a formal organization took charge.

A fund-raising campaign was started that year and by 1867, over \$40,000 had been subscribed. Randolph Rogers, a famous sculptor originally from Michigan, was awarded the prize for design and was chosen to construct the monument.

After a heated debate over a suitable location for the structure, the

Detroit City Council finally approved a site in Campus Martius, all Civil War heroes, attended and opposite the present city hall. Grand added color to the ceremony. Rhode Island, formed the base of the monument.

The soldiers and sailors monument still stands in downtown Detroit, dwarfed by the city's great 9, 1872, for the presentation. Gen. George A. Custer, Philip

LAW BUILDING DAMAGED—An early morning fire Tuesday on the top floor of the 12th Century French style Quebec legislature building caused heavy damage. One hundred firemen fought the flames confined to one wing. The gray stone edifice was built in 1884. The wing where the legislature meets was not touched.

Ike and Mamie Are in California for a Desert Rest
SAN BERNARDINO, Calif. (UPI) — Former President Eisenhower and his wife Mamie arrived today from a cross-country train trip for a leisurely — and quiet — two- to three-month vacation in the desert sun at Palm Springs.

Asking in advance that no fuss be made over his visit, the former chief executive was expected to take quick advantage of the El-

You Ain't Seen Nuthin'
LONDON (UPI)—Asked how the filming of "Cleopatra" was proceeding, Hollywood film mogul Spyros Skouras replied: "We are making wonderful progress—it is just that we haven't started yet."

ESCHENBACH previously played on the course during his trips to the Mojave Desert resort while in office.

the organization in 1866 of the President Lincoln's appeal that the Grand Army of the Republic, pop-sacrifices of the Union soldiers be fully called the GAR. Composed not forgotten.

Parades and celebrations were held annually, particularly on Memorial Day, a holiday originally instituted by the GAR. In 1891, Detroit was the host to the 25th annual national encampment of the organization.

The GAR was more than just a social club, however. It was active in fighting for higher soldiers' pensions, the establishment of soldiers' homes and in the care and education of soldiers' orphans. In Michigan, it was also a powerful political force in the postwar decades.

The documentation of the Michigan war effort was unique. A 46-volume set of regimental histories—containing biographical sketches of every Michigan soldier and sailor was published by the State Legislature.

The adjutant general of the state of Michigan, John Robertson, prepared a large volume of 1,039 pages describing the state's war activities. In addition, hundreds of books and articles were published about Michigan regiments, soldiers and military campaigns.

According to one contemporary source, a book on the Civil War has been published for every day since Lee's surrender at Appomattox.

Indeed during the last five years, the book market has been glutted with Civil War books bearing out

Here's to Those Winter Pests Who Should Be in Hibernation

By HAL BOYLE

NEW YORK (AP)—Blow, wind, blow! Let it rain, let it hail, let it snow! Let mother nature go on the wildest winter rampage she wants to. We can take it.

Sure, we can take it. But we can take it a lot better if some of the characters cold weather brings are wags without them.

We nominate for hibernation: The man who greets you every morning from the first of November until the first of March with the remark, "Cold enough for you?"

His elfin counterpart, whose invariable daily greeting during the same period is, "Warm enough for you?"

The poetic secretary. She gazes out the window at miles of pallid city slush and asks soulfully, "Isn't it a veritable winter wonderland?"

ETERNAL OPTIMIST The fellow who sees good in everything. His initial reaction to a 17-inch snowfall that cripples 12 Eastern states: "Well, anyway, it's a million-dollar blessing to the farmers."

The tireless veteran of even-more-awful weather. "You call this a storm?" he demands. "Why I remember a storm when I was a boy and it sleeted so hard the wind blew holes right through the tree trunks. The next morning every tree in our yard looked like

MINNEAPOLIS (UPI)—Minneapolis-Honeywell have announced a new communication system that uses ray guns to transmit voices secretly and silently.

Honeywell engineers said the system consists of sending and receiving units shaped like guns. The units are aimed at each other for transmitting a narrow beam of infrared radiation.

Anything spoken into the gun is electronically converted into infrared and transmitted to the receiver which converts the message back into sound.

Small hand units have been developed which have a range of three miles and larger systems have a 20-mile range.

The engineers said the system, called Maxsecum (Maximum Security Communication) cannot be jammed, detected or interfered with.

No wires or cables are required between the sending and receiving units.

The system was developed for military, police and civil defense operations requiring secrecy and immunity to interception or jamming and for use in industry, the engineers said.

Teacher Can't Demand Tenure Status on Return

LANSING (UPI)—Atty. Gen. Paul L. Adams said today a school board may grant tenure to a teacher who was not under contract when a tenure program took effect, but the teacher may not demand tenure status on his return to employment.

The opinion issued by the attorney general was requested by State Tenure Commission Chairman Juste A. Rosati.

GM of Canada Reveals One-Day Layoff Plans

OSHAWA, Ont. (U)—General Motors of Canada Ltd., says its passenger car line will shut down for one day Friday to allow adjustment of current inventory.

About 5,000 workers will be affected by the shutdown, the second this year, the company announced Monday. Truck and engine production will not be affected.

With Patsy Stoker Coal you get easy warmth when you need it most. Patsy gives more heat for your dollar! Order now!

DETROIT CITY ICE and FUEL (Detroit City Products Corporation)

183 N. Cass Ave., Pontiac FE 4-1507

it had been drilled by 10,000 woodpeckers."

Little 'rummy'-nosed neighbor children who say, "Our daddy says he is going to stay out and help us make three more snowmen and a foot. What are you going back inside for? Are you a sissy?"

Stalled motorists who plead to a passing pedestrian, "Give us a little push, will you?" and when you step behind their cars, they

spin their rear tires and cover you with muddy slush from toe to eyebrows.

The cowardly apartment house dog. He paws frantically at the door to let you know he needs an airing. You spend half an hour wrapping up in heavy clothes. Then, once outside, the dog sticks one foot in the snow, shivers, and races yelping back for home and warmth.

The hardy suburbanite. After a one-inch snowfall, he stayed home for three days while you do his

cheese five times a day." After two days of this diet, he gets sick for a week—and you have to do his work, too.

There is also the lady who brushes eight pounds of melting poo off her seventh-floor Air-Conditioner, just as you are walking by bareheaded below.

There is also the winter athlete who tries to get you to go skiing, ice fishing, skating or polar bear hunting.

There is also— But the list of cold weather characters who ought to hibernate is endless. Can't you name a dozen yourself?

There is also— But the list of cold weather characters who ought to hibernate is endless. Can't you name a dozen yourself?

Holland Furnace Co. Charged With Fraud

ST. PAUL, Minn. (UPI)—Minnesota Atty. Gen. Walter F. Mondale today charged Holland Furnace Co., Holland, Mich., with fraud, in the sale of furnaces in Minnesota.

Mondale filed suit in Freeborn County District Court at Albert Lea.

In his complaint, Mondale charged that Holland "fraudulently intimidates citizens of Minnesota into buying furnaces by falsely representing that the prospect's furnace is defective and that its

use will result in asphyxiation, carbon monoxide poisoning, fires, explosion or other damage."

The government of India officially recognizes only 13 of the 17 languages spoken by its citizens.

Women and Machines Keep Moscow Streets Snowless

MOSCOW (UPI) — While New York digs out from its worst snow in years, Moscow's "snow squad" of new machines and ancient brooms easily defeats the traditional Russian winter.

Of course, two reasons are apparent to foreigners why Moscow can shrug off snow while New York flounders.

First, Moscow still does not have heavy traffic.

Second, the socialist system is like a giant WPA, furnishing an army of cheap labor to whisk practically every last snowflake from the streets.

Moscow's anti-snow maneuvers are like a highly organized army campaign. When snow first begins to fall over the city's

golden church spires, new apartment houses, and old traditional brown wooden buildings, the news is flashed to five snow-machine garages around the city.

Immediately, 160 machines like fire engines on their way to a fire race out from the garages to begin pushing snow to curbs.

Next, 600 snow machines automatically scoop snow in assembly-line style into 1,700 dump trucks. The trucks dump their loads in streets outside the city or over a brick wall into the Moscow River.

Scalding hot water also is pumped into the river to keep the snow melted.

Later, 80 other machines drop a mixture of sand and rock salt on the streets to prevent ice formation and to help keep cars from skidding.

In the meantime, 4,000 workers march to their posts to battle the snow on sidewalks, even in the middle of the night.

The workers are called "women in boots" and with heavy shawls wrapped around their heads. Many prefer to work with bare hands.

With curved twig brooms or modern shovels, they relentlessly remove snow and chip ice from the sidewalks.

**YOU MAY HAVE
PIN-WORMS
AND NOT KNOW IT**

Fidgeting, nose-picking, a tormenting rectal itch are often telltale signs of Pin-Worms...tiny parasites that medical experts say infect 1 out of every 8 persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, they must be killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do...and here's how they do it:

First—a acetone coating carries the tablets into the bowels before they dissolve. Then—Jayne's modern, medically-approved ingredient goes right to work—kills Pin-Worms quickly and easily.

Don't take chances with dangerous, highly contagious Pin-Worms which infect entire families. Get genuine Jayne's P-W Vermifuge...small, easy-to-take tablets...special sizes for children and adults.

IRISH ENVOY? — President Kennedy has instructed the State Department to probe into the acceptability of Grant Stockdale as ambassador to Ireland. Stockdale is former administrative assistant to Sen. George Smathers, D-Fla. He is now a Miami real estate dealer.

Soviet Marshal Back on Scene

Malinovsky Gives No Explanation of His Long Absence From Job

LONDON (UPI) Soviet Defense Minister Marshal Rodion Malinovsky has turned up again in Moscow after a prolonged absence from the public Soviet scene.

Moscow reports said today the marshal was back and last week he entertained a group of Hungarian officers visiting the Soviet Union on an undisclosed errand.

Malinovsky late last fall disappeared from the public scene and Marshal Andrei Grechko acted for him at a number of official functions.

Officials in Moscow, in reply to speculation about Malinovsky's whereabouts, said he was "on holiday."

His return was unannounced.

Experts on Soviet affairs said there was no indication that Malinovsky's position had been affected in any way, but they have speculated on whether he remains the powerful figure in the Soviet military set-up that he has been in the past.

The 62-year-old marshal took over the defense ministry when Soviet Premier Nikita Khrushchev ousted Marshal Georgi Zhukov in 1957.

Cattle-Price Outlook Helped by U.S. Census

WASHINGTON (UPI)—An Agriculture Department economist said today the outlook for cattle prices had been improved slightly by a recent census report.

The census report indicated that the department's estimate of cattle numbers had been too high.

The census count of cattle and calves in 1959 was nearly 5 percent below the figure the Agriculture Department had been using for the same year.

Student Loan Plan

OUR school has made available to its students a plan for financing tuition payments with a national organization that is devoted exclusively to educational financing. Through The Student Loan Plan students may make reduced monthly payments that extend beyond the completion of their course.

There is no good reason why any worthy young man or woman should forego the admitted advantages of specialized training just because they might feel their present financial condition should delay this opportunity.

It is immaterial to the school which plan of payment you adopt. The Student Loan Plan will enable you to act NOW. Ask for details at the school.

In Orion Church Rites

Janice Lewis Is Bride

ORION TOWNSHIP — Janice Catherine Lewis became the bride of William K. Middleton in a ceremony Saturday performed by the Rev. R. Vincent Myrick at St. Joseph Catholic Church.

The bride is the daughter of Mr. and Mrs. Edmund A. Lewis of 2356 Joslyn Road. The bridegroom's parents are Mr. and Mrs. Keith Middleton of 2610 Stony Creek Road, Oakland Township.

For her wedding the bride chose a chapel-length gown of imported tulle organza embellished with velvet roses over tulle. It featured long sleeves, a fitted bodice and a full tiered skirt with velvet edged ruffles.

A flower crown of beaded pearls, aurora borealis crystals and rhinestones held her fingertip veil of illusion. Her bridal bouquet was an arrangement of white orchids and stephanotis.

Nancy Lewis of Orion Township was maid of honor for her sister. Bridesmaids were Carolyn Edwards and Marilyn McNamara, both of Detroit, and Elaine Powers of Lake Orion. The bridegroom's sister Carolyn Middleton was junior bridesmaid.

Larry Middleton of Oakland Township was best man for his brother.

Frank Lessiter, Edward Braid and the bride's brother Edmund Lewis, all of Orion Township, were

ushers. The bridegroom's cousin Gerald Spezia, son of Mr. and Mrs. Phil Spezia of Oakland Township, was ring bearer.

A reception was held at the Knights of Columbus Hall in Pontiac following the wedding. The newlyweds, who will reside at 2706 Stony Creek Road, Oakland Township, now are honeymooning in Washington, D. C.

MRS. WILLIAM K. MIDDLETON

Churches to Join for Prayer Day

WALLED LAKE — Seven area churches will jointly observe the World Day of Prayer Feb. 17 at the Shepherd of the Lakes Evangelical Lutheran Church here.

The churches participating in the 1 p.m. service are: Commerce Methodist, Walled Lake Methodist, Oakley Park United Methodist, Walled Lake United Methodist, Crossroads Presbyterian and the Walled Lake First Baptist.

The Rev. Robert Shade, pastor of the host church, will speak on "Enlarged Opportunities: that joint fellowship meetings make possible."

Periods of silent meditation and of worship will be led by Mrs. Glenn Moss, Mrs. Leslie Peters, Mrs. Walter Miller, Mrs. Clifford Barnes, Mrs. DeJeu Steinke and Mrs. Clarence King.

Offerings will go toward foreign missionary work.

Each worshiper will receive a World Day of Prayer guide which includes a silent meditation for use prior to the service.

Refreshments will be served by the women of the Shepherd of the Lakes Church following the benediction.

Citizens Working for LeRoy Davis

PONTIAC TOWNSHIP — A citizens committee has been formed in Pontiac Township to gain support for Supervisor LeRoy Davis in the Feb. 20 primary election.

Davis has said he is not campaigning for re-election but has told the committee that if the voters want him, he will continue in office.

The supervisor has stated further that if he wins the nomination of his party (Democratic) he will be "happy to accept" and then will campaign actively for re-election in April.

Committee chairman Dr. Stanley Slowick says that over 30 members have joined the promote-Davis group and are making their stand public by word of mouth and published notices of their aim.

Will Show Travel Films at Brandon High School

ORTONVILLE — A benefit showing of travel films on Alaska and Canada will be presented at 7 p.m. today by author-lecturer Howard Shelley at Brandon High School.

Proceeds from the performance, sponsored by the Ortonville Woman's Club and the junior class of the high school, will be used to help finance the school yearbook and the club's nursing scholarship fund.

At Orchard Lake

Joanne Hughes Wed

WALLED LAKE — Residing in Plymouth following their recent wedding are Mr. and Mrs. Charles A. Wright, who exchanged their nuptial vows in an evening ceremony at the Orchard Lake Presbyterian Church.

The Rev. Edward Auchard officiated at the ceremony, which was attended by 150 guests.

The bride is the former Joanne M. Hughes, daughter of Mr. and Mrs. George W. Hughes of 1219 Decker Road. Parents of the bridegroom are Mr. and Mrs. Charles M. Wright of 708 Sweetbriar Road, Orchard Lake.

For her wedding the bride chose a floor-length gown of crystalline and Chantilly lace with a chapel train. Her mother of pearl tiara encrusted with seed pearls secured a fingertip veil.

She carried a cascade arrangement of white roses, feathered carnations and ivy atop a white prayer book.

Matron of honor was Mrs.

Donald Hughes of Clarkson. Bridesmaids were Mrs. Joseph Ferguson and Mrs. James Felicks both of Center Line.

Joseph Ferguson of Center Line served as the best man. Ushers were Donald Hughes of Clarkson and Richard Saunders of Pontiac.

A reception was held immediately following the ceremony in the church parlor.

MRS. CHARLES A. WRIGHT

The song "Dixie" was composed by Dan Emmett in 1859.

BULLETIN:

Shell reveals how a \$500,000 carload of platinum catalyst puts extra mileage in today's Super Shell —to give your car top performance

Among the 9 ingredients in today's Super Shell is a special component called **Platformate**. It packs more energy per gallon than the finest 100-octane aviation gasoline. This extra energy turns up as extra mileage.

Read how Shell isolates this extraordinary ingredient by re-forming gasoline with pressure, heat—and platinum.

TODAY'S Super Shell promises to deliver top performance. It couldn't keep that promise unless it contained Platformate.

It takes Shell eight million dollars' worth of platinum catalyst—at \$500,000 a carload—to produce this extraordinary ingredient. But, fortunately for your pocketbook and ours, this precious catalyst can be used over and over again.

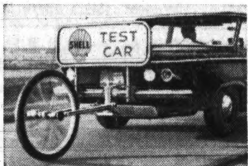

Frightful ordeal adds mileage

The whole platinum re-forming process, which gives Platformate its strange name, puts gasoline through a frightful ordeal. Pressures up to 600 pounds per square inch and temperatures up to 1000 degrees literally tear it apart and then re-form it into super-energy components—such as benzene, xylene and toluene.

These three components, between them, release 11 per cent more energy per gallon than the finest 100-octane aviation gasoline.

But make no mistake. This is not raw, unamed energy. Far from it.

The super-energy of Platformate is harnessed by the eight other ingredients in

The "fifth wheel." Shell test drivers add a fifth wheel to their cars for precise distance measurement, during mileage tests. It helps them record performance to a decimal point.

Super Shell, where it behaves so well you scarcely know it's in your tank—until your extra mileage begins to register. After that, there is no doubt.

So much for one extraordinary ingredient in today's Super Shell. Here are some interesting facts about the other eight. What they are, what they do—and how they do it.

Ingredient #2 is Alkylate, noted for knock control in hot engines

Jimmy Doolittle helped pioneer this outstanding high-octane ingredient for Shell aviation fuel.

Alkylate—the ingredient that took the

dream of 100-octane gasoline out of the lab and put it into the skies—is now in Super Shell. It controls knocking in hot engines at high speeds better than anything else yet available.

NOTE: Speaking of controlling knocks at high speeds, remember that car engines frequently turn even faster than the engines of a DC-7. Think of this next time you pass another car.

Ingredient #3 is "cat-cracked" gasoline for power with a purr

This is petroleum that has actually cracked under 900-degree heat and catalytic action. Its heavier molecules have been shattered into livelier, lighter ones. The result is a super-octane ingredient that makes your engine purr with power the moment you put your foot down.

NOTE: "Cat-cracking" refers to the use of a catalyst—the mysterious substance that can alter molecules without changing itself.

Ingredient #4 is anti-knock mix for extra resistance to knocks

You might think that two high-octane ingredients are enough for knock-free performance. But Shell's scientists have ears like musicians.

They insist on adding a special anti-knock mix. A mix, so effective, one teaspoon per gallon can boost anti-knock rating by five points.

This mix has the tricky job of regulating combustion so that Super Shell gives each piston a firm, even push—rather than a sharp blow which would cause a knock.

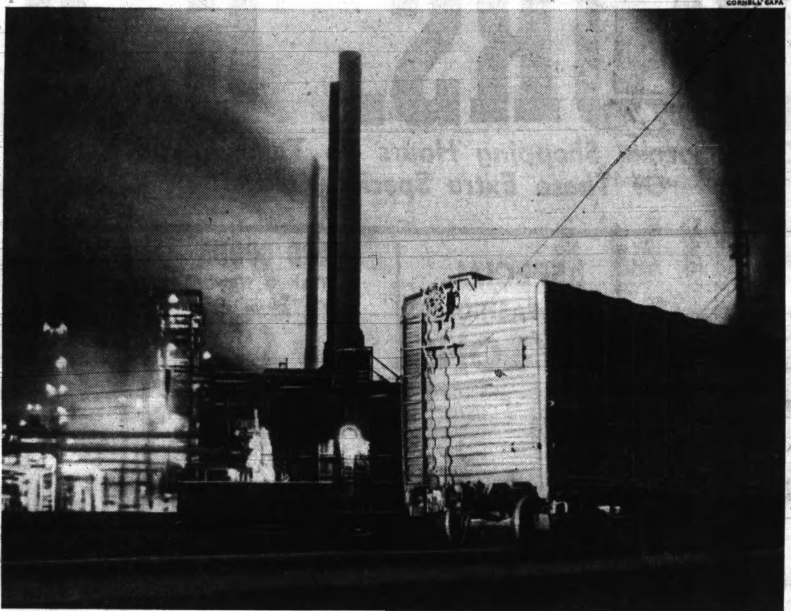

Ingredient #5 is Butane for quick starts on cold mornings

Butane is so eager to get going that Shell keeps it under pressure 400 feet below ground to stop it from vaporizing by itself. Think what this extra volatility means in cold weather. Your engine fires in seconds. There is less strain on your battery. And none on your patience.

NOTE: Super Shell is primed with Butane all year round. In winter, Shell scientists simply increase the quick-start dose.

Ingredient #6 is Pentane mix for fast warm-ups on cold days

Pentanes are made by tearing gasoline apart,

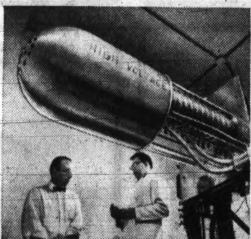

This is where Platformate is made. The "platforming" reactors are primed with a carload of platinum catalyst. During the re-charging process, a tent is erected at the reactor to protect the catalyst from wind and rain. At half-a-million dollars a carload, it is precious stuff.

much as you split kindling to start a log fire.

In this case, the "logs" are petroleum's heavier hydrocarbons. A special process transforms their molecules from slow-burning "logs" into the quicker-firing "kindling."

NET RESULT: Fast warm-up and top performance in a hurry.

Neutrons generated by this eerie machine help Shell scientists identify metal impurities that sometimes turn up in crude petroleum.

Ingredient #7 is an "anti-icer" to check cold-weather stalling

Super Shell's formula is adjusted as often as eight times a year to beat the weather. For example, whenever the temperature is likely to be less than forty-five degrees, a carburetor anti-icer is added.

Why add anti-icer at forty-five degrees?

Because, even then, frost can form in your carburetor just as it does in your refrigerator. It can choke your engine dead.

You can forget this ugly picture if you fill up with today's Super Shell. It shows the gum that could form in your fuel system if gasoline didn't contain a gum preventive.

Ingredient #8 is gum preventive to keep carburetors clean inside

Even the purest gasoline can form gum when stored. This can clog carburetors and foul automatic chokes. But, with Super Shell, you needn't worry. A special gum preventive does the trick.

It acts like a policeman controlling a mob. Regulates unstable elements to help keep them from clotting. Hence no gum problem.

Ingredient #9 is TCP for power, mileage and longer plug-life

Super Shell now contains an even better version of this famous additive. Its chemical name is cresyl-diphenyl-phosphate.

TCP* additive can give your car up to

15 per cent more power; up to 17 extra miles per tankful; and can make plugs last up to twice as long.

New TCP does this by neutralizing certain harmful effects of combustion deposits. It is scientifically formulated to keep them from glowing when hot—a major cause of power loss. Also to keep them from diverting your spark—a major cause of "missing."

Test Super Shell for yourself

Try Super Shell next time you fill up. You'll soon feel and hear a difference in the way your engine runs.

That difference is top performance.

A BULLETIN FROM SHELL RESEARCH —where 1,997 scientists are working to make your car go better and better.

*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U. S. Patent 2849918

February Offers Many Chances to Fix Party Food

February is a feeling — to be gay, to be romantic, to be patriotic — a sentimental melding of the month's many holidays. To match each mood are Proven Recipes, suggestions for foods symbolic for those special dates.

On the 12th and 22nd, celebrate in the Americana tradition. A fine tribute to Abe is a **LINCOLN JELLY ROLL PINWHEEL**. Be decked with 12 miniature flags, it's made, simply, from jelly rolls purchased at the bakery. To recall heroic deeds at Valley Forge, here are **WASHINGTON DREAM**

here are WASHINGTON DICUM SANDWICHES, jelly - rolled triumphs set to rat-a-tatting with green onion drum sticks. CHEERY MACAROON BREAD PUDDING is a cheery, cheery finale. Martha Washington could have topped her fruit pudding with a similar bread crumb-macaron meringue.	Combine ham and apricots. Combine cheese spread, peanuts, pickle relish, onion, and Worcester-shire sauce. Slice top crust from bread. Cut remainder of loaf into 8 lengthwise slices. Trim off side and bottom crusts. Spread each slice of bread with 1 tablespoon of butter.
---	--

Lincoln Jelly Roll Pinwheel
 1 cup heavy cream
 2 tablespoons confectioners' sugar
 1/4 teaspoon vanilla extract
 2 bakers' jelly rolls
 Toasted almond halves

Beat cream, sugar, and vanilla extract together until stiff. Place

Join with a cheese-spread slice, continuing to roll; then wrap in waxed paper or foil. Make 3 similar rolls from remaining slices and refrigerate them.

Before serving, cut each roll in half for 2 drums. Garnish with green onion drum sticks. Yield: 8 Drum Sandwiches.

★ ★ ★
Cherry Macaroon Bread Pudding
1/4 cup butter or margarine
2 tablespoons flour
Dash of salt
1/4 cup sugar
1 No. 2 can sour pitted cherries, water

1 No. 2 can sour salted cherries, water
pack
1/2 teaspoon red food coloring
4 egg whites
1 cup sugar
1 teaspoon vanilla extract
1 teaspoon almond extract
1 quart coarse, dry bread crumbs

Melt butter in a saucepan. Blend in flour and salt. Add sugar. Drain cherries and add $\frac{3}{4}$ cup of cherry juice (add water if necessary) to the butter mixture in

saucepan. Add cherries. Bring to a boil, stirring constantly. Remove from heat and stir in red food coloring. Cool. Beat egg whites until foamy. Add 1 cup sugar gradually, beating after each addition.

Beat until mixture is shiny and stiff peaks are formed. Fold in vanilla and almond extracts and bread crumbs. Reserve 1½ cups meringue. Fold remaining meringue mixture into cooled cherry mixture. Place in the bottom of an (8-inch) square baking pan. Drop 9 mounds of egg white mixture on top of pudding. Bake in a moderate oven (350 F) for 25 minutes. Yield: 8 servings.

Sharing February 14th this year is a perfect party pair — St. Valentine's Day, dedicated to the frivolity of Dan Cupid, and the revelry-gilded Mardi Gras Light

CHICKEN-HAM SWEETHEART LOAF — a heart-shaped meat loaf with mashed potato fluting.

Chicken - Ham Sweetheart Loaf

- 1 quart soft bread crumbs
- 1 cup ground, cooked chicken or turkey
- 2 cups ground, cooked ham
- 3 eggs, slightly beaten
- 1 cup chicken stock or milk
- 1 cup minced onion
- 1/2 cup finely chopped celery

1/2 cup finely chopped celery
 1/2 cup chopped stuffed olives
 2 tablespoons Worcestershire sauce
 1 tablespoon prepared horseradish
Topping
 2 medium potatoes
 1 tablespoon butter

2 tablespoons evaporated milk
1/2 teaspoon salt
2 tablespoons prepared horseradish
1/4 teaspoon dry mustard
12 thin tomato wedges

Combine soft bread crumbs, chicken, ham, beaten eggs, chicken stock, onion, celery, olive oil, Worcestershire sauce, and horseradish. Line a heart-shaped baking

radish. Line a heart-shaped baking pan with aluminum foil. Pre-cook chicken-ham mixture evenly in lined pan and bake in a moderate oven (350 degrees F.) for 50 minutes.

utes. Allow sweetheart loaf to remain in pan for 10 minutes after removing from the oven; then invert onto a rack.

Peel and cook potatoes. Mash potatoes with butter. Add milk, salt, horse-radish, and mustard blend well.

To serve: Remove foil and place serving platter over bottom heart. Turn over so that heart on platter, top up. Put mashed potatoes into a pastry bag with

fluting tube. Garnish edge of heart with mashed potatoes. Arrange tomato wedges around heart. Yield 6-8 servings.

Herbs Give Shrimp Exotic Taste

Subtly, spiced seafood.-
SHRIMP INDIA

SHRIMP INDIA

1 pound shrimp
1/2 cup boiling water
1 teaspoon salt
1 teaspoon ground coriander
1 slice onion
12 peppercorns
1/4 cup butter (melted)
1/2 teaspoon ground cumin
1 teaspoon turmeric

Thaw shrimp if frozen; shell and devein. Bring water, $\frac{1}{2}$ teaspoon salt, and $\frac{1}{2}$ teaspoon lemon juice to a boil. Add shrimp and cook 3 to 4 minutes. Drain and rinse with cold water. Toss with oil and lemon juice. Garnish with lemon wedges.

each of the salt and coriander onion and peppercorns to a bowl. Add shrimp and simmer a few minutes or until shrimp turn pink.

Mix butter with remaining
and coriander and other spices.
lemon juice and shrimp. Boil

lemon juice and shrimp. Boil rapidly in a shallow pan just until shrimps are tinged with brown. Serve with lemon wedges and rice. Makes 3 servings.

Wheat germ used in bread
meat, fish and chicken gives
nutty, crusty coating.

Pears and Cheese Join Forces in Salad-Dessert

Calorie counters love salads. Gourmets are mad for 'em, and just plain folks eat 'em. When the autumn hostess arranges a big, handsome platter with peeled pears, garnished with fruits to suit her artistic eye and serves the dish as either a salad or a salad

dish as either a salad or a salad
dessert with a butter-smooth, tangy
Danish Blue Cheese dressing, she
may well sit back and modestly ac-
cept the applause that is he due.

The mystery ingredient that turns plain food into "spectaculars" is contrast... contrast in texture, contrast in color and con-

texture, contrast in color and contrast in flavors, and there's nothing that combines more harmoniously than the bland, juicy pears and a cheese with zest and texture. In today's recipe, we have

In today's recipe we have whipped the cheese together with sour cream and mayonnaise, a taste combination you will like.

Traverse Bay Pear Salad

6 large, firm pears, peeled
1 pint cottage cheese
Clusters of fresh grapes
2 6 oz. cans Mandarin orange sections
1 8-oz. can grapefruit sections
Crisp greens

Peel pears, drop in cold water and lemon juice to prevent discoloration. Arrange greens on large plate. Place pears in center, stems upright. Arrange cups of lettuce around pears, filled with sections of oranges and grapefruit. Garnish with clusters of grapes.

Serve a bowl of dressing and a bowl of cottage cheese, or if preferred, cut pears in half, core and

fill centers with cottage cheese. Or, another variation is to place scoops of cottage cheese in center surrounded by whole pears.

Danish Blue Cheese Dressing

1/2 cup Danish Blue Cheese, pressed through sieve
1 cup commercial sour cream
1/2 cup mayonnaise

Beat cheese, cream and mayonnaise together until smooth and thick. Color pale pink. Serve with salad. Makes 1½ cups dressing.

To take the bitter taste out of coffee, add a pinch of salt.

Kennedy, Nixon, Goldwater and Rockefeller

Actors Go Into Rehearsal for 'White House 1964'

By RUTH MONTGOMERY

WASHINGTON — The next presidential campaign is more than three years away, but already a number of well-known thespians have quietly gone into rehearsal for the starring role in that eventful drama: "The White House and I."

J. Fitzgerald Kennedy, the current leading man, has flatly served notice that he intends to stay with the production for a full eight-year run.

The most casting comes up in 1964, and as Jack is no aging matinee idol type, he has confidently agreed to debate the challenger in the best tradition of the theater.

His three likeliest rivals are going about the business of presidential understudy in widely divergent ways.

Richard, the lion-hearted Nixon, is apparently saving his voice, and her has been impressing the critics has been staging a vanishing act with his smooth performance in

that even Harry Houdini in his heyday failed to top.

Golden Boy Barry Goldwater is flying via jet stream to the farthest reaches of our continent, charming the luncheon circuit, and by air waves has been dishing the televiewers with his incisive arguments about why Nixon is through, and Kennedy won't do.

With his firm booking in the U.S. Senate, Barry has an enviable forum for selling the nation on his own talents for the starring role.

The betting odds are always on the incumbent this early in the run, so Kennedy now has a better than 50/50 chance of keeping his job, but still another star is obviously glowing on the political horizon.

ROCKY ON SCENE

While Nixon rests, and Goldwater talks, Rocky Nelson Rockefeller is apparently saving his voice, and her has been impressing the critics has been staging a vanishing act with his smooth performance in

spreading the Rocky story far and wide.

The Rockefeller vehicle is a reversal of the old rags to riches theme. In this drama a fabulously wealthy young man makes good, pulling Rockefeller Center out of the red, and introducing supermarkets and hybrid corn to Latin America.

Next he takes over the management of the nation's largest state, finds the buried dollars, expands aid to education, puts New York on pay-as-you-go financing, and rewards the people by recommending a \$30 million income tax rebate.

The last act is planned in two parts. Scene One will have Rocky triumphantly winning a contract renewal as governor in '62, and Scene Two of Act Three is to be planning higher taxes.

At the time, Rockefeller persuaded McHugh to head the department, a large manufacturer told him New York's business climate was so poor that he

would not invest another dime for expansion in the state.

The picture has since changed so dramatically that the same manufacturer has recently authorized 18 new projects totaling \$22 million.

"From N.Y. to D.C." is chock full of charming little incidents like these, which Rocky hopes he'll have a chance to use in "great debates" with J. Fitzgerald Kennedy in '64.

But then there's Nixon and Goldwater.

INCOME TAX CUT!

In this drama, Rockefeller is recommending a record \$2.4 billion budget and a whopping income tax cut, while maintaining a balanced budget. By contrast, Gov. Pat Brown of California and Gov. Robert Meyner of New Jersey are planning higher taxes.

At the time, Rockefeller persuaded McHugh to head the department, a large manufacturer told him New York's business climate was so poor that he

would not invest another dime for expansion in the state.

The picture has since changed so dramatically that the same manufacturer has recently authorized 18 new projects totaling \$22 million.

"From N.Y. to D.C." is chock full of charming little incidents like these, which Rocky hopes he'll have a chance to use in "great debates" with J. Fitzgerald Kennedy in '64.

But then there's Nixon and Goldwater.

Alaska's Dem Senator Will Speak in Lansing

LANSING (UPI)—U.S. Sen. Ernest Gruening (D-Alaska), will speak here Friday at the annual state AFL-CIO legislative conference.

The two session will also include panel discussions on state legislation.

Reject Bill to Require Surgery Shushes Telephone

BOSTON (AP)—The Massachusetts House, by a 68-4 vote, has killed a bill which would have required newspapers to identify the authors of all editorials and feature stories.

The bill's sponsor, Rep. Joseph E. Brett, Quincy Democrat, told the House newspapers require letter writers to sign their names and asked: "Are the editorial writers so sanctimonious that they can't sign their names?"

The bill was rejected after Rep. Cornelius Desmond, Lowell Democrat, said the Democratic-controlled House should not put any limits on the "right of the press to criticize."

Fear 32 Fishermen Lost

SAIGON, Viet Nam (UPI)—Two South Vietnamese fishing boats with 32 men aboard were reported missing and feared lost today in the Gulf of Thailand.

Surgery Shushes Telephone

NEW YORK (AP)—The telephone company has muted its mysterious music box in the Criminal Courts Building.

A bit of wire splicing cut off the sweet melodies that had been breaking into the coin box from music to restaurants.

Word had spread far and wide that the phone emitted music when some one picked up the receiver, and that a conversation when a dime was dropped in the box.

It seemed that everybody wanted to get into the act Tuesday after the show was over.

Calls came in on the press room's silenced phenomenon from as far away as California. Frustrated callers expressed disappointment that the music was gone.

The reporters finally got tired Tuesday night. The House had a receiver was removed from the hook.

Envoy to Russians Due Home Today

WASHINGTON (UPI)—Llewellyn E. Thompson, U.S. ambassador to Moscow, was scheduled to arrive home today to begin an intensive review of American-Soviet relations with President Kennedy and other officials.

The consultations will have a strong bearing on whether there is to be any meeting within the next few weeks between Kennedy and Soviet Premier Nikita Khrushchev.

Thompson was expected to report in detail on the long talks he had with Khrushchev and other Soviet officials which resulted in release of the American RB47 airplane.

Penn to Raise Gas Tax

HARRISBURG, Pa. (AP)—Beginning April 1, Pennsylvania's gasoline tax will be raised from five cents to seven cents. The State Senate approved the measure Tuesday night. The House had approved it earlier. Gov. David L. Lawrence proposed the measure.

Cereal Candy Is Full of Vitamins

Next time the gang comes over for a record party, let one of the couples prepare the refreshments. Almond Cereal Bark is sure to make a hit with teenagers. It's easy to make — simply melt milk chocolate, or German Sweet Chocolate and chocolate bits, then add ready-to-eat cereal, toasted almonds, and coconut. Spread it in a pan to cool, place in the refrigerator to set and presto! It's ready to serve.

It makes a delicious snack with tall glasses of chilled milk. It's such good eating — you had better make certain that everyone gets "first" before the "seconds" and "thirds" deplete the supply.

Almond Cereal Bark is but one illustration of an interesting ingredient use of breakfast cereals. Not only do breakfast cereals add variety and interest to recipes, but they make contributions of protein, important B vitamins, essential minerals, and food energy.

Almond Cereal Bark — Active teenagers need snacks that make a plus contribution to their daily nutritional requirements. Almond Cereal Bark is fun to make and is a good snack served with chilled milk. The ingredient use of breakfast cereals adds to the nutritive value of recipes.

Almond Cereal Bark — Active teenagers need snacks that make a plus contribution to their daily nutritional requirements. Almond Cereal Bark is fun to make and is a good snack served with chilled milk. The ingredient use of breakfast cereals adds to the nutritive value of recipes.

Combine milk chocolate, semi-sweet chocolate pieces, and salt in top of double boiler. Cover. Place over boiling water and allow chocolate to melt. Remove from hot water; stir until smooth. Stir in remaining ingredients. Turn out onto greased cookie sheet. Spread out evenly, shaping into a 9x12-inch rectangle. Chill until "set." Break into bite-size pieces. Store in cool place. Yield: About 45 pieces.

Ham will lose its flavor if frozen. It is best to plan to use a ham within one week or 10 days.

Frozen French Fries Get Special Party Fix-up

Here's a dish that is a cook's triumph... quick and easy to prepare... but glamorous and plenty of fragrant, steaming hot flavorful enough to be a favorite coffee and your reputation as a for company dinners or party gourmet cook will be established.

This quick and easy almondine cheese potato recipe can be put together in a matter of minutes. First make the savory cream sauce subtly seasoned with dry mustard, celery salt and Tabasco sauce; add tangy cheese and stir until cheese is melted.

Meanwhile, heat and brown frozen French fries on a baking sheet and arrange on a warm serving dish. Top the French fries with the cook until thickened and smooth, hot sauce and sprinkle with toasted silvered almonds.

Round out the menu with a platter of sliced turkey and ham, a molded spiced cranberry salad, nestling in crisp salad greens.

spoon salt. To serve top French fries with cheese sauce and sprinkle with almonds. Yield: 6 servings.

Treat Pork Roast With Spicy Sauce

Far-east flavor with ordinary kitchen ingredients:

Phyl's Barbecued Pork
4-pound rolled boneless fresh pork shoulder
1 cup water
1 cup soy sauce
1 teaspoon salt
2 tablespoons dark brown sugar
1 cup ginger (crushed)

Place pork on rack in small roasting pan; add water. Mix remaining ingredients. Roast pork in greens in a meat thermometer; slow (325 degrees) oven about 3 hours and 45 minutes or to 165 degrees on a meat thermometer; baste often with the marinade, adding a little at a time. Slice thin and serve with homemade mustard and plum sauce.

Mushrooms Fill Double Hamburgers

An old standby gets interesting treatment.

Double Mushroom Burgers
1 pound ground chuck beef
1 cup (2 ounces) whole mushrooms
tablespoon butter
small onion (cut in thin strips)
one (1 1/2 cups) mushroom gravy,
salt and pepper

Make 8 flat patties of the beef and drain mushrooms. Put patties together sandwich fashion, with 2 mushrooms in each for filling; to make 4 hamburgers; reserve rest of mushrooms. Brown patties in butter in hot skillet; remove.

Brown onion in drippings in skillet; add reserved mushrooms and mushroom gravy, stir and heat. Add patties and reheat, cooking to desired doneness and sprinkling meat with salt and pepper. Makes 4 servings.

You, Too, Can Fix Dessert With a Flair

Minted Pear Sundae is a dessert you can bank on to complement the food of any menu. Canned pears, broiled and basted with a syrup of lime-flavored gelatin, accented with mint flavoring, provide an interesting fruit sauce for the sundae.

The finishing touches in completing this dessert include medium scoops of ice cream and a garnish of nuts or a sprinkling of additional fruit-flavored gelatin just as it comes from the package.

MINTED PEAR SUNDAE

1 can (1 1/2 lb. 12 oz.) pear halves, drained
1/2 cup 4-balls
2 packages (3 oz. each) lime-flavored gelatin
1 cup boiling water
1/2 teaspoon mint flavoring
Vanilla ice cream
*Use 1 1/2 oz. of package lime-flavored gelatin.

Arrange pear halves in a shallow pan. Dissolve gelatin in boiling water and pour over pear halves. Broil, basting often until glaze begins to bubble—about 15 to 20 minutes. Add mint flavoring. Cool, basting pears occasionally.

To serve, place pear halves in serving dish; pour sauce over pears. Top each pear half with a medium scoop of ice cream. Sprinkle with colored sugar, if desired. Makes 7 to 8 servings.

Ways to Serve Winter Berries

Florida strawberries, arriving in increasing abundance in the market now, are almost too beautiful to eat!

But they taste so good who can resist them?

The only answer is to have your strawberries and eat them too.

The long, pointed, brilliant red Florida Nineties, one of the most

popular varieties, are shipped in plastic cartons in "tumbled fashion" to keep them from packing. Some of the stems are left on and a green "dolly" of leaves remains at the base plus a piece of stems for a silty handle.

As you can imagine each strawberry is a complete little nosegay.

just perfect for decorating — and eating.

In order to get the most out of your strawberries this winter, you can brighten up the dinner table quite easily with a strawberry tree. This trick is achieved with a ball of styrofoam (about the size of a grapefruit), round toothpicks and a silver compote or similar stand for a base.

Stick the toothpicks into the ball spaced about an inch and a half apart. Then impale the strawberries, which have been rinsed thoroughly but gently, on the picks. Set a bowl of sifted powdered sugar nearby. Then at dessert time the family, having enjoyed looking at your work of art during the meal, may revel in the joy of eating it.

Coordinated with this article effort can be the perfect companion, — Strawberries Jubilee. For this culinary delight, which can transform a drab winter

evening into a festival, you must rinse and slice a quart of strawberries (for four people) the night before and marinate them in a half-pint of kirsch (or sweet cherry wine). If you like it — at any case, add a cup of sugar and a cup of warm water and let them soak until you are ready to use them.

When you are ready to serve, pour the mixture into the blades of your chafing dish and bring to a quick boil. Then dim the

room lights and bring on individual dishes of French vanilla ice cream. Now bring in the strawberries and let them heat over the chafing dish while you warm three ounces of kirsch. Pour it over the strawberries and set aside. When the flame dies ladle the berries with plenty of juice over the ice cream and serve.

Note: Lemon extract can substitute for the liqueur if it is handier, and the flavor is not impaired.

Canada is larger in area than the United States mainland.

Easy Milk Dressing Absorbed by Slaw

Variation on an old theme:

Grape Apple Slaw

2½ cups fine shredded green cabbage (canned) 1 cup halved seeded grapes (packed) 1 large yellow Delicious apple (cut in small thin fan-shaped slices) 1 cup red wine vinegar 1 teaspoon instant minced onion 1 teaspoon white pepper

Mix cabbage, grapes and apple together in a bowl. With a fork beat together the evaporated milk, vinegar, onion, salt and pepper; mix about two-thirds of this dressing with the salad, add remaining dressing to suit taste.

If salad is served at once all the dressing will probably be needed; if it is chilled before serving, salad ingredients will have a chance to absorb smaller amount. Add salt if necessary. Makes 6 servings.

About 750,000 persons die of malaria each year in India.

Chicken Stock Comes as a Concentrate

Nearly everyone likes chicken, but sometimes the family clamors for a new treatment of this old favorite. When this happens, versatile chicken stock often can serve as the basis for a new twist to chicken cookery.

A chicken stock can be used for simple soups and saucers. Or it can be incorporated into complete recipes. In either case, modern food research has eliminated the old-time consuming method of making stock by simmering chicken bones for hours.

Chicken Seasoned Stock Base combines chicken fat, MSG, and a variety of seasonings in a concentrated easy-to-handle product, which can be used equally well to make stock or combined directly with other ingredients to supply seasoning and chicken flavor, as in the two recipes presented below.

When party or snack time rolls around, try Toasted Chicken Rolls. Easy to prepare, these rolls can be made ahead of time and refrigerated until shortly before the party starts. Then a brief trip to the cooler and they are ready to serve.

Toasted Chicken Rolls
1 tablespoon flour
1 tablespoon Chicken Seasoned Stock Base

Chicken Almond Rice
1 cup rice (not precooked)
2 tablespoons Chicken Seasoned Stock Base

In a 3-quart saucepan combine rice, chicken stock base, pepper flakes, minced onion, and water. Bring to a boil. Cover pan and simmer for 25 minutes. Add chick-

en, pimiento, MSG, ginger, milk, and salt. Heat over low heat until all milk is absorbed. Just before serving mix in almonds. Makes 6 servings.

Different Stuffed Spuds
There's nothing more satisfying than a baked potato; and nothing easier or more flavorful than when the pulp is mixed with lively-flavored deviled ham, a little butter and seasoning as filling. Top with chopped chives, if you wish, and serve as savory lunch or supper dish.

Banana Casserole Bread
There are all sorts of shortcuts involved in the recipe for Banana Casserole Bread. First, the recipe makes a batter, not a dough; so there's no kneading to be done; no loaf to shape; and the batter is mixed only enough to dampen the flour. Next, the good banana flavor comes from the use of baby-food strained bananas, so there's no need to mash and measure fresh bananas.

Banana Casserole Bread
There are all sorts of shortcuts involved in the recipe for Banana Casserole Bread. First, the recipe makes a batter, not a dough; so there's no kneading to be done; no loaf to shape; and the batter is mixed only enough to dampen the flour. Next, the good banana flavor comes from the use of baby-food strained bananas, so there's no need to mash and measure fresh bananas.

Banana Casserole Bread
Then evaporated milk is used and that cuts out the steps of scalding milk and cooling. Finally, the bread is baked in casserole.

Banana Casserole Bread
1 cup evaporated milk
1/4 cup oil
1/4 cup soft margarine or butter

Banana Casserole Bread Made With Baby Food

Combine milk with bananas, soft margarine, sugar, salt and eggs; beat to blend well. Sprinkle or crumble yeast into very warm water; stir until dissolved; stir into banana mixture. Add pecans and flour; stir just until flour is dampened and mixed in.

Spoon batter into two well-greased 1 quart casseroles (or 5x3-inch pans). Cover; let rise in warm place, free from draft, until doubled in bulk, about 2 hours. Bake in a moderate oven (375 degrees F.) about 40 minutes. Remove from pan and cool. Makes 2 loaves.

Spoon Designs Change Over the Years

By JANET ODELL

Pontiac Press Home Editor
On the desk in front of me as I write there are 6 serving spoons. Three of them, used at dinner last night, hadn't been put away and were still on the kitchen table at breakfast this morning. Looking at them set me to thinking.

First of all, what is a spoon? The dictionary says it comes from a word meaning "chip." It's easy to see how early man might have used a chip or shiver of wood to scoop up his food. Shells, horn, wood and flint were all used by primitive man as spoons.

By the time the Greeks and Ro-

mans came along they were using bronze and silver. Pewter was a common metal used for spoons, especially in Colonial days. Silverware was then reserved for the finer ware.

The spoon as we know it—with an oval bowl—did not come into existence until the 18th century.

But back to my 6 spoons. The oldest one is an antique thin silver spoon in the fiddle pattern. I bought it at an antique shop because it matches some coin silver teaspoons that were in the family.

The second one is a silver

plated spoon that belonged to my grandmother, and dates to the 1890s. Heavier and sturdier than the first one, it has a small flower design on the end of the handle.

Number three is more ornate with a fluted and scalloped bowl and an overly decorated handle. This probably was made around 1911.

Four, five and six are modern spoons. One is a perfectly plain stainless steel spoon that is part of a salad service. Its chaste lines are pleasing and nothing fancies it.

The second one combines the

simplicity of today with some of the design of the past. This is a Danish silver plated spoon with a perfectly round bowl and a grape design at the end of the handle.

The last spoon is an English chrome plated one. The bowl is large and shell shaped. Six smaller shell-shaped teaspoons came with it; they're dessert spoons. I enjoy using all of them, not only for the memories they evoke, but because each is pleasing in its own way. The whole history of design from the simple, through the ornate and back to the simple again is shown in my 6 spoons.

Here's an attractive dessert dish

you can dip your own serving spoons into one of these February nights. Use your electric skillet. If you have one and serve the fruit from it. A conventional skillet will do the job just as well.

Skillet Fruits With Meringue
1 large apple, peeled, cored and cubed
2 cups fresh pineapple chunks
2 cups fresh grapes, halved
2 tablespoons brown sugar
2 tablespoons vegetable oil
2 egg whites
1/2 teaspoon salt

Saute the apple and pineapple chunks in the oil in a skillet. While the fruits cook, sprinkle them with brown sugar. Beat the egg whites to a froth, then gradually add the sugar and salt, beating until the whites stand in soft peaks. Drop one tablespoon at a time onto the fruits, cover, keeping the heat low and constant for 5 minutes. Serve once. 4 servings.

Fruit Bread Has Cake-Like Taste

Appetizing quick bread
Applesauce Raisin Bread
1 1/2 cups sifted flour
1 teaspoon baking powder
1/2 teaspoon baking soda
1/2 teaspoon salt
1/2 cup applesauce
1/2 cup raisins
1/2 cup regular or quick-cooking rolled oats

degrees) oven 1 hour. Turn out; cool entirely on wire rack before slicing. A cracked top is "normal" for this loaf.

Add Onion Early
When cooking rice, noodles or spaghetti to use in casseroles or entrees, add a teaspoon or more of instant minced onion to the boiling water. It's an easy way to add the tangy flavor of onion to your cooking.

Popover Desserts
Dessert to do ahead: Make up a batch of popovers: ... cool, split and fill with ice cream, then just close. Serve with plenty of maple-infused syrup. Try with butter-greased loaf pan about 9 by 5 by 3 inches. Bake in moderate (350°)

These Ideas Make Soup More Hearty

Soups provide an easy way to build up the food value of menus. By adding extra ingredients, the shopper can augment the nutritional contribution of the soup she is using. Some ideas:
Add milk when the label or the recipe gives an option on milk or water.
Add grated cheese to tomato, onion, or cream soup.
Add meat—diced ham, for example, to chicken soup or to green pea soup.
Add leftover vegetables. Add the cooking liquid from the vegetable pot, too. This liquid contains valuable nutrients all too often wasted.

Fill Cheese Tarts With Salad Mixture

Here's a new and different way to serve fruit salads for luncheon, or buffet supper. And if the family enjoys dinner on a tray while watching a favorite TV show, salads served in individual cheese tart shells will prove convenient and appetizing.

Cheese Tarts

Cheese tarts are as simple as adding 1/2 cup of shredded Cheddar cheese to the dry ingredients for pastry.

To make the tart shells, fit pastry rounds outside of one cup of inverted muffin pan, pinching

it into pleats to fit snugly. Re-heat on alternate cups.

To make extra, fancy tart tarts, cut 5-inch pastry squares with a knife or pastry wheel. Fit each square snugly inside of 2 1/2" muffin cup allowing the corners to stand upright.

Salad Fillings

1. Pineapple tidbits, diced red apples (with peelings on), sliced celery, chopped walnuts, all tossed with mayonnaise.
2. Coarsely diced chicken or tuna, pineapple chunks, celery and toasted almonds.
3. Chunks of peeled bananas, for

avocado, pineapple chunks, orange segments, grapes with mayonnaise or other dressing.

4. Raw carrots, grated, raisins, pineapple tidbits, well drained, and toasted almonds. Toss with mayonnaise or pineapple dressing.

Handy Tip: To keep diced apples, pears, or bananas from darkening dip them in syrup drained from canned pineapple... and they will stay bright in color.

About 150 million clay flower pots are produced each year in the United States.

Heat Crepes in Hot Cherry Liqueur

Rich and scrumptious! Mini's Crepes

3 eggs
1/2 cup heavy cream
1/2 cup butter (melted)
Cherry liqueur
Preserved strawberries

Beat eggs enough to combine yolks and whites; add flour and beat just enough to combine; add cream and beat until smooth. Gently beat in melted butter.

Ladle batter onto hot lightly buttered electric griddle or skillet so that each pancake spreads to about 3 inches in diameter; bake rapidly browning lightly on

both sides. Remove pancakes as they are done; they may be overlapped slightly but not stacked.

Pour a little of the cherry liqueur into a medium-sized skillet; add enough pancakes for 1 serving and heat; transfer to individual dessert plate; garnish with a teaspoon of lingonberries. Continue preparing other servings the same way. Serve individual plates of pancakes as each is ready. Makes 8 servings.

In the four year period before the Salk vaccine was introduced, there were approximately 30,000 cases of infantile paralysis each year. Since 1955, when the Salk vaccine appeared, the number has continued to drop with about 5,300 cases reported during 1960.

Ice Cream Eaters Prefer Vanilla - by 50 Per Cent

Vanilla is still our favorite ice cream flavor. This has been shown by a recent consumer study of the American ice cream buying and eating habits. More than 50% rated straight vanilla above other flavors and preferred vanilla-chocolate-strawberry to all other combinations.

We buy ice cream by the half-gallon whenever possible and divide that amount into 21.4 servings. Served a la mode with cake or pie we stretched a half gallon to 14.4 servings.

As many as 17,000,000 homes out of the nation's 50,000,000 have some

ice creams were often disappointing and were most critical of artificial or synthetic flavorings.

Vanilla lovers may soon have help from the Food & Drug Administration in making sure they aren't disappointed over flavor. The government agency is considering a regulation by which ice cream could only be termed "vanilla" if it were flavored with pure vanilla. The true vanilla — either in extract form or chopped vanilla beans has long been recognized by discriminating ice cream consumers as the best possible flavoring.

There were 98,893 registered civil and commercial aircraft in the U.S. at the end of 1958, nearly 432 per cent more than at the end of 1940.

New Bills Flow Into Lansing

GOP Group Asks End to Wayne County Vote Registration System

LANSING (AP)—Bills dealing with false teeth, dirty air and Michigan voters came into the legislature today as the yearly flood of proposed new laws began to rise.

A group of Republican lawmakers proposed to carry out a plan of the GOP platform adopted last weekend which called for elimination of the four-year registration system used in Wayne County.

The measure would suspend voters from registration records if they have not voted for two years, or restate their names on registration lists.

Republican leaders said the four-year system probably contributed to what they asserted was a considerable number of voting irregularities in Detroit in the November election.

A related bill would require printing of amendments, propositions and questions on red-lined ballots and names of candidates for non-partisan offices on blue-lined ballots.

Chief sponsor is Rep. Walter H. Nill, D-Muskegon.

Rep. Alexander Petri, D-Ecorse, heads a bipartisan group of 14 lawmakers who introduced an air pollution control bill.

It would direct the State Health Commission to develop a program for preventing and controlling sources of air pollution, chiefly in industrial areas.

Shipping Losses Hit 14-Year High Point

LONDON (UPI)—The world's merchant fleet lost 114 vessels carrying 41,193 gross tons in 1960, the largest loss in 14 years, the Liverpool Underwriters' Association announced today.

Tankers accounted for more than one-fourth of the total tonnage lost. Eleven tankers of 114,882 tons were written off as total losses, chiefly because of collision or explosion. The association called the increase in shipping losses in the past two years "spectacular."

Reject School Merger

GRAND RAPIDS (AP)—Proposed consolidation of 13 suburban Northwest Grand Rapids school districts into a single unit was rejected last night in special election.

JACKIE'S FIND—Hardly "startling" as described by Jackie Kennedy when she discovered it in the White House basement, this desk, nevertheless, is perfect for the President. It was made from the timbers of a ship frozen in

the Arctic ice. Michigan's G. Mennen Williams, glacial cold in his state, and Tunisian Ambassador, used to warmer climes, look over the desk.

Arctic Desk Just Right for Kennedy

of unsatisfactory driving records were:

William J. Tacey Jr., 463 S. Saginaw St.; George S. Freeman, 3221 Benjamin Ave., Royal Oak; Carl A. Gundersen, 3224 Catalpa St., Berkley; Thomas W. Hewitt, 2190 Eastley St., Birmingham; Jacob S. Kramer, 1401 Greenbriar St., Oak Park; and Jerry B. McGoldrick, 2139 Allerton Road, Pontiac Township.

Also, James W. Peeples, 584 E. Coy St., Hazel Park; Henry E. Ruff, 5134 Heath Ave., Independence Township; Robert F. Siemicki, 4013 Devon St., Royal Oak; Allen G. Steves, 2000 Southfield Road, Southfield; William C. Stowinsky, 372 E. Drayton St., Ferndale; and James R. Wilson, 6780 W. Dartmouth St., Birmingham.

Ordered to show financial responsibility due to unsatisfactory judgments were:

Doyle Johnson, 339 S. Paddock St.; Samuel M. Baldwin, 3300 Walden Road, Orion Township; Carl Combs, 3318 Garden St., Royal Oak; James F. Hartwick, 3800 Center St., Milford; Norman E. Milton, 2807 Goodrich St., Ferndale; and Diana C. Poage, 2667 Breckinwood Ave., Madison Heights.

George Benjamin of 16213 Meadow Road, Southfield, had his license revoked for physical reasons.

Richard A. Winger, 206 S. West St., Royal Oak, had his license further suspended for driving while it was suspended.

Frederick G. Randall, 3729 Havana St., Royal Oak, had his license revoked for violating restrictions therein.

Farmers Back Council

LANSING (AP)—Some 100 farmers appeared for a Senate hearing Wednesday on a bill creating a Michigan potato council to promote and improve the state's potato crop. Most agreed they would be willing to pay a proposed \$1.50 acreage assessment to support the council.

Dem Head's Asthma Rules Out a Draft

LANSING (AP)—Democratic State Chairman John J. (Joe) Collins has changed his mind about his draft status.

In answer to a question about military service last Saturday, the 55-year-old Collins told a reporter: "I've taken the physical and passed — but I never have been called."

The newly elected party chairman said Wednesday, however, that he actually is classified as 4-F because of an asthmatic condition. Collins said he took his physical examination in 1958.

Healthy-People Hater in Court on 13 Charges

HANAU, Germany (UPI) — Ludwig Ries, 25, is charged with 13 counts of attempted murder because he hates healthy people.

Ries testified Tuesday that he began throwing stones at women and young girls because he was suffering severe asthma attacks. He said his only motive was hatred of healthy people.

"I always felt better after throwing the stones," he said.

D.C. Vote Bill Gains

LANSING (AP)—A Senate joint resolution calling for giving the residents of the District of Columbia the right to vote for president and vice president was reported out of the judiciary committee Tuesday. Sen. Carlton H. Morris, committee chairman, predicted it would pass the Senate with little difficulty.

Suggest Dropping 'Cup' Event

U.S. Plans for Short Golf Visit Irk English

LONDON (AP)—The decision of U.S. professional golfers to practice in this country for only two days prior to the Ryder Cup matches blew up into a major storm Tuesday with the suggestion that the international competition be dropped.

"The Americans couldn't care less if the matches are dropped," wrote Maurice Hart in the London Evening News. "They are not prepared to spend a week here purely on international expenses. On their last visit here a disgruntled

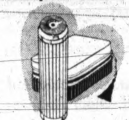

American team couldn't get home quickly enough."

The Ryder Cup matches, set for Oct. 13-14, pits the best U.S. pros against the best in Great Britain every other year. The playing site alternates between the two countries for the competition which started in 1927. The United States has won 10 times, the British three times.

Cmdr. Charles R. secretary of the British Professional Golfers Association, said, "I honestly have no idea why the Americans are not allowing themselves a longer practice at the Lytham and St. Anne's course before the matches."

One of the few times the British team was in 1957 when the Americans cut short their practice because of the lush PGA tour schedule at home, and lost 7½-4½. The U.S. team regained the Cup in 1958 at Palm Springs, Calif., 8½-3½.

GOAL IS OLYMPICS

—Rex Cawley of Farmington clears the high hurdles during 4th workout at the University of Southern California. Now a sophomore, he hopes to make the 1964 Olympic Games.

Ex-Farmington Ace, Cawley, Good Prospect

County Could Have 2 Hurdlers in '64 Olympics

There is a good chance that Orchard County will have two hurdlers competing in the 1964 Olympic Games in Tokyo.

Rex Cawley of Farmington is planning to be on the track team this year, representing this country in a little over three and a half years. Pontiac's Hayes Jones has the same goal.

Barring a major misfortune, Jones should be one of Uncle Sam's top hurdlers. He finished third in the 1960 games at Rome.

Cawley, a sophomore at the University of Southern California, faces stiffer competition.

He will concentrate on the 400-meter low hurdles. Jones specializes in clearing the sticks at shorter distances.

"I feel the 400-meter hurdles is my best shot for the future," said the 20-year-old Cawley.

Although the next Olympic Games is his big goal, Cawley has his sights set on a couple of NCAA championships this year.

Jensen Returns to Boston Fold for About \$40,000

BOSTON (AP)—Jackie Jensen, a hard-hitting outfielder who is assuming a comeback after a year of retirement, has returned his signed contract to the Boston Red Sox.

No salary terms were disclosed in the Red Sox announcement Tuesday, but the husky slugger is generally believed to be making about \$40,000.

Jensen, California's "Golden Boy" and a one-time football star, figures prominently in Boston's plans for 1961. In the six years he has been with Boston, Jackie has produced 132 home runs and 961 runs batted in.

Kraft Scores 30 in Utica Victory

With sharpshooting guard Dave Kraft, a 5-10 senior, scoring 30 points, Utica rolled over South Lake, 24-50, last night.

The Chieftains led, 37-24, at halftime and were never pressed in the second half as they put forth a 27-point third period.

Tom Kiskey gave Kraft some scoring help with 16 points.

For South Lake, Chuck Henretta got 14 and Denny Warrick 13.

It was Utica's 4th victory of the season in 5 starts.

Leads Brown City Five

Figures released by Brown City High School show junior six-footer Gary Gorsline to be the team leader in total points with 182 and rebounds with 188 after 13 games.

Along the Outdoor Trail

POPULATION DECREASE — The number of foxes in Oakland County decreased by seven last Sunday as a result of an organized hunt. Arranged by the Oakland County Sportsmen's Club, the hunt took place three miles southwest

of Orionville. Five of the successful hunters are (left to right) Glenn Simpson, Joe Miron, Lewis Wrenn, Ken Titus and John Preston. Sixty-five hunters participated in the four drives during the day.

Turn Up Every Now and Then

Record Fish, Game Still in State

LANSING — Notwithstanding the complaints of disappointed sportsmen, the big fish and big game aren't all gone from Michigan's wilds and waters.

Probably lurking in some deep and shaded river hole is a hefty rainbow trout topping the record 21-pound, 7-ounce specimen caught in the Manistee River in 1947.

Sleeping the winter months away may be an enormous black bear, bigger even than the 630-pound giant shot by Archer Dean Loveless of Detroit in a swamp north of Newberry in 1950.

Some records have stood for many years, but a new one is set every year or two.

Just last month, a 16-year-old Lidington boy, Larry Clough, speared a 39-pound northern pike in Dodge Lake, 11 miles north of Manistee in Schoolcraft County.

It surpassed the previous record by four pounds.

Last summer, Jack Whitmer of LaSalle, using a bow and arrow hauled in a 42-pound, 2-ounce carp, 10 pounds heavier than the former record specimen.

State conservation headquarters in Lansing is the checkpoint for facts and figures on record fish and game. State conservation men hasten to point out that their figures are not official. But they are the nearest thing to it.

Mark J. De Boer, assistant chief of the department's fish division, started keeping track of record fish 30 years ago. He acknowledges that bigger fish probably were caught in earlier years and weren't reported.

Record fish or game shot or caught out of season or with illegal equipment also would escape notice.

The department usually learns about the big ones through newspaper reports.

As much as possible, the reports are verified through correspondence or on-the-spot checks by department field men.

"Those that we accept are about as reliable as we can make them," said Spencer Bower, who keeps the fish records for the department.

Two Deeryard Tours Set by Conservation Experts

Conservation department district game supervisors are mapping guided deeryard tours set for Feb. 19 and March 26 in the northern Lower Peninsula to give the public a first-hand look at Michigan's winter deer picture.

Tours will be routed to acquaint interested persons with winter deer conditions and to show deer activity during this time of the year. They are not being scheduled to count deer, department game officials emphasize.

During the field trips, game supervisors will show amounts of feed available to wintering whitetails by pointing out tree species which best carry deer through this season, those which provide second-choice food, and those

which are known as "stuffing" or "starvation" species.

They will also show "browse lines" and explain how browsing affects the future carrying capacity of the range.

Where snow conditions and other factors permit, touring groups will visit areas where range management work has been done recently by commercial loggers or by the department's timber-cutting tractors. At the same time, they will tell why the areas were picked for cutting and how this range management tool fits into the overall deer program.

The department's equipment stations at Atlanta and Kalkaska are its district headquarters at Mio, Gladwin and Baldwin will be starting points for the field trips. The five separate tours will begin at 10:30 a.m. on both Sundays, Feb. 19 and March 26, and are expected to last three to four hours.

Anyone interested in the tours has a standing invitation from the department to take part. No reservations are necessary. Transportation will be left to each person or his party.

Twelve Dogs Seeking Quail, All-Age Title

HERNANDO, Miss. (AP) — Twelve dogs bidding for the United States field trial club's all-age crown go quail hunting over the curving trial course near here today.

The dozen include three honored veterans of the formal field trial circuit: Stormy Tempest, owned by S. W. Hart of St. Louis and W. G. Garner, Amite, La.; Turbato, a setter owned by George Feltman of Union City, Ind.; and Gunsmoke, owned by H. N. Holmes of Springfield, Ill.

Of the 12 that hunted in light rain and heavy mud Tuesday, none achieved the caliber of performance necessary to impress the judges.

There are 42 dogs entered in the all-age, which opened Monday. Six braces run hour-long hunts each day, with the most impressive to be called back for the three-hour-long hunt that climaxes the trial.

Catholic Meet Tickets on Sale at St. Fred

A total of 203 general admission tickets and 47 for reserved seats went on sale today at St. Frederick High School for the Rams opening game in the Catholic Tournament Sunday at the University of Detroit Memorial Building.

St. Fred has been matched against Macomb League champion Riverdale Sacred Heart in an 8:15 qualifying round contest.

BIG NORTHERN—Paul Etter of Clarkston holds the 124-pound pike he caught on a tipup late Monday afternoon on Cemetery Lake. The fish is 36 inches long.

Fish Almost Outlasted Area Angler at Nassau

By DON VOGEL
Outdoor Writer, Pontiac Press

"Toward the end, it looked like I might give out first." But that wasn't to be the eventual outcome as Wayne Gabert of Pontiac had enough strength to bring his first sailfish to gaff.

The action took place last month when Gabert and his wife, Gertrude, were in Nassau, Bahamas Islands, for a convention. Gabert was also convalescing which explains his trouble with the 7-foot, 50-pound fish.

Actually, the catch must be classified as a family affair. Mrs. Gabert hooked the fish and when she couldn't handle it, turned the chore over to her husband. About an hour later the fish was hauled into the boat.

Although the fish was only a little better than average size, it did bring the Gaberts two distinctions.

The catch took top honors in a contest among convention delegates and it was also one of the few sails caught in the Nassau area.

"The captain of the boat was more excited over the fish than we were," said Gabert. "He said that it was only the seventh sailfish caught by an angler on his boat in 14 years."

All the big fish aren't being caught by area anglers vacationing in Florida. Paul Etter of Clarkston hauled a nice pike out of Cemetery Lake Monday afternoon.

The 124-pound northern was taken on a tipup baited with a shiner minnow.

"The fish hit about 6 o'clock," related Etter. "It took me about five minutes to get it on the ice. The hooks came out just as I flipped him from the hole."

This was the second big pike taken on Cemetery Lake in recent years by the veteran angler. He caught one weighing 11½ pounds two winters ago.

"There are some big pike in that lake," he said, "but they don't bite very often. The best time is between 4:30 and dark."

The warm weather should get more fishermen out this week.

Some good bluegill catches have been reported at Union, Crocheted, Bush, Square and Elizabeth Lakes. Pike and perch showed signs of picking up at Lake Orion and Pontiac Lakes. Fishing for perch has been fair on Schoolhouse and Oakland, but the fish are running small.

Rainbow fishing has slowed. It's a question of being in the right place, at the right time, with the right bait.

The Oakland County Kennel Club will have its annual banquet Feb. 18 at Cotten's in Berkeley. Tom Williams is handling the reservations.

Lewis Wrenn, director of last Sunday's fox hunt, which was arranged by the Oakland County Sportsman's Club, has announced that another hunt is scheduled for March 5. Seven fox were bagged Sunday near Orionville. Four drives were held and 65 hunters were on hand.

The bounty payments on fox will be discussed again at the Metamora city hall this Saturday.

The Michigan Fox Hunters, Bloomfield and Metamora Hunt Clubs are arranging the meeting which will start at 8 p.m. Several state representatives have been invited to attend.

The legislators are expected to hear strong objections concerning the present \$5 payments for each bagged fox. Ray Schofield, Conservation Department biologist, will explain the department's stand on the subject.

Makes Double Catch on Hook

DALLAS (UPI) — William J. Whitehead wishes he could have the same luck on a lake. The line and hook in his garage snagged a pair.

The only trouble was it was he and his dog.

It's no fish story either. He has both the police and fire department to back him up.

Whitehead's dog, a big German shepherd named Count, pulled the line out to play with it. He got the hook caught in his mouth and yelped.

Whitehead cut the line and tried to work the hook out of the dog's mouth. But in so doing, he rammed it into his finger. He didn't free the dog either.

His wife called police. When the patrolman arrived, he took one look and called the fire department's rescue squad. Some 30 minutes later, a fireman snipped at the shank end of the hook and got Count loose.

It took a surgeon at Methodist Hospital to get what was left of the hook out of Whitehead's finger.

State Gets More Land

Federal surplus lands at Tawas Point, Alcona County, were added to Michigan's state parks system this week, marking the second time in little more than two months that Great Lakes shoreline area has been acquired for public recreation in this state.

Late last November, the State gained title to the 60-acre Sturgeon Point tract in this north-eastern county.

Oil, Gas Lease Policy Readied for Commission

A new policy which would restrict oil and gas drilling in state parks and recreation areas will be up for consideration by the conservation Commission when it meets in Lansing Thursday and Friday.

Conservation Department officials, hoping to minimize conflicts between public recreation and oil and gas developments, are recommending that the commission formally adopt a policy placing parks and recreation areas off limits to drilling, except when production on adjacent tracts creates a serious threat of draining oil and gas from these state lands.

In proposing this one exception, department officials explain there is every indication exploration will continue on extensive private acreage adjacent to parks lands. Thus, there should be a "safety valve" to protect the State's mineral rights against drainage.

Oldest Sportsman Dead

EVART — Luther Moody, known recently as Michigan's oldest sportsman because of his activity in hunting and fishing, died Sunday at the home of a son in Evart. He was 105 and Oceola County's oldest citizen. Moody's outdoors pursuits ignored the work accident loss of his left arm in 1934.

Sideline by Grades

CHAMPAIGN, Ill. (AP) — The University of Illinois basketball Tuesday through academic ineligibility.

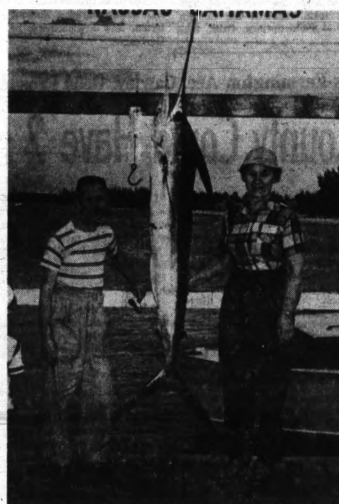

They are Ed Seary, a junior from Indianapolis, and Jay Lovell, a sophomore from Carbondale, Ill.

FISHING

IN OCEAN RIDGE FLA.
AIA AT BOYNTON INLET
PHONE BOYNTON BEACH 9133

PROUD ANGLER — Russ Woodbury (right) of St. Mechanic St., Pontiac, proudly displays the 7-foot, 11-inch sailfish he caught off Delray Beach, Fla. Kneeling is Irving Mast of Norwalk, Conn., who released a sailfish of similar size. Charles Johnson skippered the fishing boat.

AWARD WINNER — This 7-foot, 50-pound sailfish won top prize in a contest among those attending a dealer's convention at Nassau last month, Wayne Gabert, 121 N. Saginaw St., Pontiac, fought and brought to gaff the fish after it had been hooked by his wife Gertrude.

Get Horsemanship Honors at Annual Michigan Show

Residents of Birmingham, Clarkston and Lake Orion were among the award winners at the annual meeting of the Michigan Horse Show Association attended by 300 persons recently at the Lansing Civic Center.

Allison Cram of Birmingham led the area victors by gaining four riding trophies plus a trophy and ribbon for her horse.

She took the hunter seat prize in equitation for riders 13 years and under, and won the Marie Jo DeWitt Challenge Trophy for overall excellence in horsemanship, was 1st in equitation over fences in her age group, and

earned the Michigan Hunt's perpetual Junior Challenge Trophy. Miss Cram's horse won FHA junior working hunter and was reserve in the open working hunter class.

Bob Lambert, Marilyn Cole and Barry Weiss were other Birmingham victors. Lambert took home a ribbon for reserve hunter seat in 13 and under class. Miss Cole was reserve hunter seat champion in the 14 to 17 group. Weiss was reserve victor in the over the fences class for boys 13 and under. His horse was FHA junior working hunter working champion.

Chuck Grant and Maureen Mould of Birmingham tied for reserve junior jumper. Sam's Tailman, owned by N. J. Ellis of Birmingham, took 1st for reserve amateur walking horse and in reserve open walking horse. Ellis' E's Midnight Lady took top prize in walking horse pleasure.

Rush's Blue Streak, owned by D. J. Rush of Clarkston, was named open walking horse win. Gallant Parader, owned by Carol Curran of Lake Orion, was the parade horse title.

Castro Scolds Against Priests

Raul Rants to Students but Asks Patience With Catholic Clergy

HAVANA (AP)—Fidel Castro's regime kept up its bitter anticlerical campaign Tuesday night with a charge by Defense Minister Raul Castro that Roman Catholic priests are active in bomb plots against the government.

The prime minister's younger brother told a crowd of several thousand roaring students one priest was caught planting a bomb at a munitions depot and another was arrested trying to join invaders from the Dominican Republic.

It was one of the strongest attacks on the clergy since the Castro came to power, and once more the target was Spanish-born priests, the majority of the clergy in Cuba. The Castro regime claims they act on the orders of Spanish dictator Francisco Franco.

Despite his charges, Raul left the impression the Communist dominated regime plans no immediate action against the church. He called for patience in the face of "antifascist" activities by the priests and said the regime always will insure religious freedom.

The students, listening in a dreary hall outside the presidential palace, introduced new revolutionary chants: "Cuba yes, priests no," and "Raul, Raul, make priests out (the) cage!" and if they don't, send them back to Spain.

Shortly after the rally, a bomb explosion was heard in suburban Miramar. It was the 10th in the last three nights.

WINTHROP, Mass. (UPI)—Police today sought a car thief who deliberately ran down a young mother and left her pinned in a snowbank by a stolen automobile. Authorities said the driver of the car walked away after hitting Mrs. Mary Barker, 18, who remained in the snowdrift for five hours Tuesday before she was found by her husband.

Mrs. Barker was reported in good condition after being treated at a hospital for minor cuts and bruises, shock and exposure.

Revisions have been under way since December, they said. Slavin told the group:

"The manual will be designed to guide every policeman in what he must know to detect and identify traffic violations... good judgement by the officer will still be the most important ingredient."

Eye Revisions of Police Policy

Chief's Conclave Told Traffic Law Methods Should Be Uniform

EAST LANSING (AP)—An outline of some of the revisions necessary for uniform statewide police policy and procedure in traffic law enforcement was presented to Chief's of Police here, a spokesman said.

The revisions were outlined to 200 members at the association's midwinter conference at Michigan State University by Police Chief James Slavin of Kalamazoo and Prof. Beryl Langford of MSU's school of police administration.

The aims of revising police manuals, they said, are:

"To correct an admitted weakness of police in traffic enforcement."

"To ease the plight of motorists who find that violations tolerated by one policeman in one area may bring a ticket from another officer along the corner."

Revision has been under way since December, they said. Slavin told the group:

"The manual will be designed to guide every policeman in what he must know to detect and identify traffic violations... good judgement by the officer will still be the most important ingredient."

Inspection Bureau Blasted for Criticism

LANSING (AP)—State Insurance Commissioner Frank Blackford today let loose a blast at the Michigan Insurance Bureau for publicly criticizing his rejection of proposed changes in fire and extended coverage insurance rates.

He accused the bureau, a rating organization for insurers, of submitting a "gimmicked-up rate schedule which could have had the effect of forcing poorer school districts to subsidize rich school districts."

"This is Robin Hood treatment in reverse and they know it," he said.

The proposal, submitted last May, would allow 25 to 37 per cent rate reductions for certain schools, public properties and private and public institutions.

118 Projects Done for Industry by U. of M. in Year

ANN ARBOR (AP)—The University of Michigan spent \$1,075,000 on 118 research projects for industrial firms during fiscal 1960, figures show.

The work was 15.5 per cent of all U. of M. research projects during the period and the money represented five per cent of the university's outlay for research.

Research programs were carried out in the fields of aviation, chemicals, automotive, steel, gas, electric, electronics, glass, paper, farm equipment, construction, shipbuilding, pharmaceuticals, photography, foods and plants.

Medico to Expand Aid Under Dr. Dooley Fund

NEW YORK (UPI)—Medico, Inc., today announced plans for expanded medical aid programs overseas and at home under auspices of the Dr. Tom Dooley tribute fund.

New personnel appointments for overseas activities plus enlargement of Medico facilities in the United States are part of the new fund's program.

The tribute fund was set up last week to carry forward the non-profit, nonpolitical medical aid work begun by Medico cofounders Dr. Peter D. Comandura and the late Dr. Thomas A. Dooley who died Jan. 19 of cancer, one day past his 34th birthday.

Father and Son Share Room at Hospital

A Michigan Bell Telephone Co. son, Kirk, 9, too young to make repairman and his 11-year-old son were home today after eight days in Pontiac General Hospital in the same hospital room.

Both victims of hepatitis, a contagious liver infection, Robert Heathman, 32, of 2559 Oakwood Rd., Pontiac Township, and his son Rodney were known to hospital attendants as the "father-son" combination in Room 434.

Sisters, brothers, mothers and daughters have shared rooms before at Pontiac General. But it was the first father-and-son two some within memory there.

The disease struck both victims about the same time. "We don't know who gave it to whom," said Heathman. "The doctor looked at us both the same day and decided we had the same thing. Fortunately, neither of us had a severe case."

The hospital solved the problem of isolating the pair from other patients by putting them in the same room.

This was a convenience for Heathman's wife, Lois, who could visit husband and son at the same time and chat with both from behind a protective face mask furnished by the hospital.

The Heathmans have another

North Ohio Farmers Worried by Drought

TOLEDO, Ohio (AP)—A winter drought is causing concern among Northwestern Ohio farmers. Farm wells and cisterns are reported drying up, and ponds, the source of water for stock producers, are reported dangerously low.

Falling water levels are "quite a problem," Don Coleman, chief of the U.S. Weather Bureau at Toledo Express Airport said.

"We've been losing ground on moisture since September," he said.

precipitation during the past five months has been far below normal, Weather Bureau records show.

Little more than a quarter-inch of moisture was recorded last month, making it the driest January in the history of the Toledo weather station.

'Disability' Defined by Social Security

In order to receive social security disability benefits, only those are eligible who have a permanent disability — that is, a disability which is so severe that it prevents doing any substantial gainful work.

William E. LaRock, district manager of the Pontiac Social Security Office, 18 S. Perry St., emphasized.

"The disability which the claimant has must be a condition which is expected to last indefinitely and one which will not likely improve with time or medical treatment."

Many people think a partial, or temporary, disability is sufficient to enable them to receive disability benefits until they can return to substantial work and substantial earnings again.

In effect, they believe that the social security disability payment is a "stop-gap" income on which they can depend until they are well enough to return to work. LaRock stressed that such provisions are not a part of the social security law. "Rather," he said, "social security benefits are intended to provide some relief from loss of income due to a permanent disability."

BISHOP DIES — Retired Bishop William T. Watkins, 65, former leader of more than 300,000 Kentucky and Tennessee Methodists, died in a Louisville, Ky., hospital Monday night of a heart attack.

Film on Pontiac Shown 3 Times; Available to All

The film, "Pontiac Story of Progress and Promise," has had three showings since its premiere a week ago before the Pontiac Area Chamber of Commerce annual meeting.

The latest was last night at the Pontiac YMCA for the Y Toastmasters Club.

George Crabtree, assistant manager of the chamber, said 28 more showings have been booked in the near future.

"The chamber is ready to show the film free to any Pontiac area group, and we will furnish the projector and someone to operate it," Crabtree said.

The 35-minute color-and-sound film is designed to boost civic pride and enlist support for civic endeavors during the centennial year.

Three Chairmen for Centennial Named by Glenn

Appointment of three committee chairmen in the revenue division of the centennial celebration was announced today by Robert M. Glenn, divisional chairman.

Glenn, treasurer of the Stewart-Glenn Co., said the appointments round out the three main posts within his division.

Richard C. Poole, vice president of the F. J. Poole Co., heads the historical program committee; David R. Ewall, director of the city's parks and recreation, the concessions committee; and Horace W. Lodge Jr., assistant vice president of Community National Bank, the novelties committee.

Main job of the division is the raising of revenues to offset costs of the centennial celebration June 17-24.

HOW FAR WILL A FORTUNE GO?

To most American families a check for \$10,000 or more is a bonanza, a windfall — a small fortune. But to a bereaved widow... How many teddy bears, how many meals, how much education will it buy? And always the question, "What will happen when it's gone?" You can save your wife and family a whole lot of worry by answering these questions now. And there is no one better equipped to help you than your Travelers agent. Building brighter futures through insurance of all kinds is our specialty.

EFFECTIVE AGAINST RIOTING — A Rome policeman landed a well-aimed boot on a student in the Italian capital's Parliament Square during the recent student demonstrations against the Austrian stand on the South Tyrol controversy.

A number of police and students were injured when the demonstrators tried to march on the Austrian Embassy in protest against dynamiting of Italian monuments in the Alpine Province.

\$5.25-Million Suit Filed by Newberg

By GEORGE T. TRUMBULL JR., the executive committee of Cities Service and Chrysler director since 1956, Louis B. Newberg, of the law firm of Kelley, Drye, Newberg and Magness, and a director of Chrysler, and Francis S. Bensel of the Kelley-Drye firm, which represents Chrysler in legal matters.

A CLOSE FRIEND

It said that Jones was "an intimate and close friend of Colbert's."

Soon after his election as corporation president in April of last year, the suit charged that Colbert conspired with the three others to injure and damage Newberg in the following manner:

(1) To fabricate, publish and disseminate a malicious falsehood of and concerning Newberg;

(2) To force the discharge of Newberg from his position as president (June 30), or to induce his resignation upon threat of discharge;

(3) To hold plaintiff up to public ridicule, disgrace, contempt, hatred and contumely; and

(4) To impute to Newberg dishonesty and want of integrity.

The conspiracy, the suit said, had the "express purpose" of destroying "plaintiff (Newberg) and thereby eliminating him as a threat to defendant's continued tenure as Chrysler's chief executive."

To this end, Newberg alleged that Colbert and the accused conspirators sought to show a conflict of interest in investments made by Newberg and his wife.

Newberg asked for \$5.25 million damages for losses resulting from his discharge as president, and \$750,000 for loss of "fringe benefits."

Newberg says he was kept so much in the dark as to what was going on last June before his firing that Colbert allowed him to make plans for a business trip to Europe, scheduled for four days after he ultimately was fired.

Last month Newberg sued Chrysler in an effort to void an agreement he signed to pay the auto company \$450,000 from his interests in two firms which supplied small parts to Chrysler.

In that suit he made many (Continued on Page 2, Col. 5)

Chrysler Must Open Lists Court Rules for Sol Dann

DETROIT (AP)—Stockholder Sol Dann has won a round in court in behalf of his antimanagement proxy fight with Chrysler Corp.

A Delaware judge ruled Tuesday that Dann has the right to examine the list of Chrysler stockholders.

The court held against Chrysler in the case.

Without access to the list, Dann would be handicapped in any attempt to line up stockholders on his side.

Dann, an attorney, seeks ouster of present Chrysler management, including President L. L. Colbert.

Just prior to the court verdict, Dann asked the aid of the Securities and Exchange Commission (SEC) at Washington in his effort to get a postponement of Chrysler's April 15 stockholders meeting.

The Delaware decision and Dann's request to the SEC figured in a new series of moves in the various Chrysler litigations Tuesday.

In New York, dissident Chrysler Corp. stockholder Robert Markewich filed suit demanding that a group of present and former Chrysler officers reimburse the firm for any assets which they may have misappropriated.

In Detroit, Chrysler filed an answer to a damage suit brought by former executive Jack W. Minor for damages caused by his firing last September.

The firm also moved for dismissal of a second Minor suit in connection with participation in the company's thrift-stock ownership program.

Dann, Chrysler management's most persistent critic, was given permission to inspect the firm's stockholder list by Superior Court (Continued on Page 2, Col. 7)

Many Stores Will Stay Open Thursday Night

Thursday-night shopping continues tomorrow in many major downtown Pontiac stores.

The added nighttime shopping hours were inaugurated successfully last week, despite near-zero temperatures.

Stores will remain open until 9 p.m. tomorrow. Most stores are open until 9 p.m. Mondays and Fridays, also.

Weather Bureau Hopeful Warmth to Stay Awhile

Pontiac residents may look forward to temperatures just a little warmer for the next five days. Tonight's low will be near 16; tomorrow's high about 34.

The weatherman says readings will average near or a little above the normal high of 33 and normal low of 19 with only minor day to day changes until a slight warming trend near the weekend.

Precipitation will total about one-tenth of an inch as light snow or snow flurries about Sunday of Monday. Northeasterly morning winds at 5 miles per hour will diminish tonight and become southerly at 10-15 m.p.h. Thursday.

Twenty-one was the lowest temperature in downtown Pontiac preceding 8 a.m. The recording at 1 p.m. was 43.

Gripes Pepper Cross, Shield

Blackford in Quandary; to Think It Over After Grand Rapids Hearing

DETROIT (AP)—Proposals to increase Blue Cross-Blue Shield insurance rates ran into a buzz saw of opposition here Tuesday.

Blue Cross proposes to increase its hospital-bill insurance rates by 22 per cent and Blue Shield wants a 15.5 per cent boost in its doctor-bill insurance by April 1.

State Insurance Commissioner Frank Blackford, who must approve any increase, accumulated a mass of testimony and documents in a nine-hour public hearing that attracted 700.

Blackford will conduct a similar hearing at Grand Rapids Feb. 13. And after all the evidence is in, he said he proposes to retire to his attic and search his heart and mind "for a correct answer."

PROPOSES NEW PLAN

Some witnesses accused hospital and physician spokesmen of presenting false figures in building their case. Others suggested a public investigation by the legislature or some other state agency.

One or two proposed something like Canada's or England's government-operated plan as the answer.

Opposition erupted from labor unions, representatives of consumer groups, retirees and some individuals. After hospital, a doctor spokesman had spent half a day building a case for increase.

Both Blue Cross and Blue Shield reported they operated in the red last year and are losing money even faster this year. Spokesmen said an increase in both rates is mandatory to keep the plans solvent.

Approximately 3.5 million in Michigan subscribe to the joint plans covering hospital and doctor costs.

Both doctors and hospitals were accused by some witnesses of chiseling on charges made under Blue Cross-Blue Shield coverage.

Clear Answer Lacking on Gap, Kennedy Says

Retreats From Critical Stand He Took on Iike Missile Policies

WASHINGTON (AP)—President Kennedy said today he hopes the United States is "completely secure" in its space age defenses against Communist power—but at the moment he lacks a "clear answer" to whether there is a missile gap.

At a news conference the President backed away from the strongly critical position he had taken during the political campaigns last fall.

He charged that under Republican leadership the nation was falling behind in the missile race.

The fact is, he said, that studies ordered in the Pentagon on the missile gap problem have not been completed and will not be for a few days.

When they are finished—perhaps by Feb. 20 on some matters—he will recommend to Congress any changes needed in budget provisions for weapons programs.

SPEAKS GUARDEDLY

Kennedy spoke guardedly on the issue in the midst of a storm kicked up by a Defense Department briefing of newsmen Monday.

The newsmen were advised that Kennedy administration officials had concluded tentatively as a result of the Kennedy-ordered study that there was no missile gap.

Pierre Salinger, Kennedy's press secretary, then sought to deny the reports.

He said they were inaccurate because studies leading to such a conclusion had not been finished.

Kennedy declared today he had talked about the problem Tuesday with Secretary of Defense Robert S. McNamara.

In discussing the overall American-Soviet power relationship, the President said:

"The United States will not strike first."

He thus by implication ruled out (Continued on Page 2, Col. 3)

Full House to Hear Republican Keynote

It was a warm July 25 evening as you sat practically hypnotized by the elegant oratory emanating from your television set.

"What kind of reckless and irresponsible action is it for anyone to misrepresent the United States as a second class power, as was done in the Democratic convention, and thereby encourage the very attacks which all Americans profoundly hope and pray can be prevented," were the words you heard.

They flowed from the mouth of U.S. Rep. Walter H. Judd, R-Minnesota, who delivered a memorable 6,000-word keynote address to the Republican national convention in Chicago.

Republicans of Oakland County and some state party leaders will pack the Glen Oaks Country Club in Farmington Township tomorrow night to hear Rep. Judd in person.

The scene will be the 71st annual Oakland County Lincoln Day banquet, staged each year by the local Lincoln GOP club, to commemorate the birthday anniversary of Abraham Lincoln.

George W. Kuhn, club president, promised the dinner, which will begin promptly at 6:45 p.m., will be "the largest and finest in our history."

EXPERT 500 GUESTS

County Republicans look forward every February to the biggest gathering of the year. Kuhn said close to 800 would attend.

Rep. Judd, who was first elected to Congress in 1942 and witnessed first-hand the Communist movement in China as a medical missionary, will meet the press at a news conference before the dinner.

William T. Gossett, vice president and general counsel of the Ford Motor Co., will serve as toastmaster.

Judd, 62, of Minneapolis, was last in Oakland County in 1950 when he was speaker at a dinner celebrating the 50th anniversary of the Pontiac YMCA. In 1959 he spoke on "The War in China as seen by an American Doctor" before an inter-club luncheon at the Roosevelt Hotel.

He is today considered nationally as an authority on foreign policy, something which undoubtedly will enter into his 9 p.m. speech at the banquet.

Kuhn said 31 party dignitaries would be seated at the head table. Included will be National Committeeman John B. Martin, National Committeewoman Mrs. Ella Koeze, new State Chairman George M. Van Poussem, Supreme Court Justice Harry F. Kelly, of Birmingham, and Congressman William S. Bromfield, R-Oakland County, who will also deliver a short talk, Kuhn said.

Tickets are \$3.50 per person.

Copter to Carry Mail

WASHINGTON (AP)—The Civil Aeronautics Board has approved a plan by the Post Office Department to establish a helicopter mail route between downtown Detroit and Willow Run Airport and Detroit Metropolitan-Wayne County Airport.

WASHINGTON (AP)—The Civil Aeronautics Board has approved a plan by the Post Office Department to establish a helicopter mail route between downtown Detroit and Willow Run Airport and Detroit Metropolitan-Wayne County Airport.

Didn't Cry Wolf Without Reason He Maintains

To Use His Influence in Desegregation Fight — Hits at Boycotts

WASHINGTON (AP)—President Kennedy said today he sincerely believes America's ability to maintain its position in the world will be severely tested in the next few years.

That was his reply to a news conference question as to whether he has been painting the U.S. picture blacker than it is "for shock purposes."

Kennedy pledged that he will use the "moral authority or position of influence of the presidency" in school desegregation situations.

The President said students should be permitted to attend schools in accordance with court decisions.

The statements were made in response to a request for comment on a boycott by white students of schools in New Orleans ordered desegregated three months ago by a federal court.

A reporter said there appears to be an organized campaign of "sit-ins" in New Orleans.

WASHINGTON (AP)—President Kennedy said today steps must be taken to ease the Congo situation "at such time as it is as fruitful as they should be. He disclosed plans for a top-level White House meeting on the Laos problem this afternoon.

Intimidation which has kept most white children out of these schools. Kennedy replied that he will speak out about the New Orleans situation "at such time as I think it is most useful and effective."

He said he will attempt to use the "moral authority or position of influence of the presidency" in New Orleans and in other places.

MORE SPECIFIC

Pressed for a more specific statement, Kennedy said:

"As far as New Orleans goes it is my position that all students should be given the opportunity (Continued on Page 2, Col. 8)

Citizens, Take Note of... Crime Prevention Week

The 14th annual National Crime Prevention Week, sponsored locally by the Exchange Club of Pontiac, will be observed next week, Donald W. Porter, club president, announced today.

A proclamation setting aside the coming week as a time to remind residents of their duty to prevent crime was issued by Mayor Philip E. Rowston at last night's City Commission meeting.

The seven-day program will be launched locally from the pulpits of many churches in the city Sunday. The Pontiac Ministers Association has agreed to have crime prevention activities by the local government.

Probate Judge Arthur E. Moore will address the student bodies at Pontiac Central and Pontiac Northern High Schools at special assemblies Wednesday, reminding them of their responsibilities as citizens of the community.

Wednesday also will be Youth Day in the city's junior high schools, where the students will (Continued on Page 2, Col. 4)

East Now Is Bracing for Sleet

From Our News Wires

An ocean-born storm churned north along the Atlantic Coast today carrying up to four inches of fresh snow followed by sleet for the snowbound Eastern cities.

The new system, born off North Carolina's treacherous Cape Hatteras shoals, stole the thunder from a Great Plains storm that flizzed out over Kentucky and Tennessee during the night after dumping up to 12 inches of snow in Arkansas and 10 inches in Missouri.

At least four inches of new snow were in store for Maryland and the East Central Appalachian Mountains and Washington, where side streets still bear evidence of last weekend's onslaught.

Washington's snow-swept schedule was maintained today with a fall unofficially reported at 2 to 6 inches in various parts of the city.

In New York, Mayor Robert F. Wagner continued his ban on all nonessential private auto traffic as the snowstorm city prepared for more of the same.

Pontiac Press Photo

RUSHING THE SEASON — The temperature was hovering around the freezing mark, but the sun was shining, as three hatless youths wheeled through downtown Pontiac at the noon hour Tuesday, the top down on their red Pontiac convertible not so much a sure sign of spring, but of pleasant relief from subzero weather. It warmed up all the way to 37 degrees yesterday, but weather. It warmed up all the way to 37 degrees yesterday, and today may top 40.

plan be put forward,

 Convenient Credit — 10% Down — 3 Years to Pay

Open 'till 9 P.M. Every Night Except Tuesday 'till 8 P.M.
Convenient Credit - 10% Down - 3 Years to Pay

you can dip your own serving spoons into one of these February nights. Use your electric skillet. If you have one and serve the fruit from it. A conventional skillet will do the job just as well.

The last spoon is an English chrome plated one. The bowl is large and shell shaped. Six smaller shell-shaped teaspoons came with it; they're dessert spoons.

I enjoy using all of them, not only for the memories they evoke but because each is pleasing in its own way. The whole history of design from the simple, through the ornate and back to the simple again is shown in my 6 spoons.

Here's an attractive dessert dis-

Skillet Fruits With Meringue

1 large apple, peeled, cored and cubed
1 cup small pineapple chunks
2 cups apple grapes, halved
2 tablespoons brown sugar
2 tablespoons vegetable oil
2 egg whites
2 tablespoons sugar
1/2 teaspoon salt

Saute the apple and pineapple chunks in the oil in a skillet. While the fruits cook, sprinkle them with brown sugar. Beat the egg white to a froth, then gradually add the sugar and salt, beating until the whites stand in soft peaks. Drizzle one tablespoon at a time onto the fruits, cover, keeping the heat low and constant for 5 minutes. Serve at once. 4 servings.

Nutritious quick bread.

Applesauce Raisin Bread

1½ cups sifted flour
1 teaspoon baking powder
1 teaspoon baking soda
1 teaspoon salt
1 teaspoon cinnamon
½ teaspoon nutmeg
½ cup firmly-packed dark brown sugar
2 eggs
½ cup shortening (melted)
1 cup applesauce
1 cup raisins
1 cup regular or quick-cooking rolled oats

Sift together all the dry ingredients into a mixing bowl. Add remaining ingredients; stir until well mixed. Turn in greased loaf pan about 9 by 5 (3 inches). Bake in moderate

degrees) oven 1 hour. Turn off heat and let cool entirely on wire rack before slicing. A cracked top is "ideal" for this loaf.

Add Onion Early

When cooking rice, noodles or spaghetti to use in casseroles, soups, stews, add a teaspoon or more of instant minced onion to the boiling water. It's an easy way to add the tangy flavor of onion to your cooking.

Popover Desserts

Desert to do ahead: Make a batch of popovers... combine 1 cup milk, 1 egg, 1/2 cup sugar, 1/2 cup oil and 1/2 cup flour. Split and fill with ice cream, then top with fruit. Bake at 350 degrees for 30 minutes. Serve with plenty of maple syrup. Or, mix 1/2 cup milk, 1/2 cup sugar, 1/2 cup oil and 1/2 cup flour. Blend as above. Try with butterscotch or vanilla ice cream. Or, mix 1/2 cup milk, 1/2 cup sugar, 1/2 cup oil and 1/2 cup flour. Blend as above. Try with butterscotch or vanilla ice cream. Or, mix 1/2 cup milk, 1/2 cup sugar, 1/2 cup oil and 1/2 cup flour. Blend as above. Try with butterscotch or vanilla ice cream.

These Ideas Make Soup More Hearty

Soups provide an easy way to build up the food value of menus. By adding extra ingredients, the shopper can augment the nutritional contribution of the soup she is using. Some ideas:

- Add milk when the label or the recipe gives an option on milk or water.
- Add grated cheese to tomato, onion, or cream soup.
- Add meat—diced ham, for example, to chicken soup. Some give you soup; chopped beef, perhaps, to vegetable soup.
- Add leftover vegetables. Add the cooking liquid from the vegetable pot, too. This liquid contains valuable nutrients all too often wasted.

3 Reappointed to Review Board

Spence, Mullinix and Waddell to Serve Again for One-Year Terms

The three-member board of review was reappointed by the City Commission last night in advance of hearings next month on 1961 property assessments.

Named to serve one-year terms at a per diem rate of \$25 a day were James F. Spence, secretary-manager of the Pontiac Manufacturing Association; Cecil Mullinix, a Pontiac Motor Division employee; and John Q. Waddell, a Pontiac realtor.

A veteran member of the board and its traditional chairman, Spence first served in 1956 and again from 1958 to 1960. Mullinix and Waddell have been on since 1958.

The 1961 property tax rate will be set after the board determines the city's assessed valuation this year.

In adopting the 1961 city budget, commissioners planned a total rate of \$16.60, based on a \$9 million increase in the assessed valuation. It was \$261 million last year when the rate was held at \$13.77 for the third straight year.

Two Men Pleaded Guilty to Reckless Driving

Two men pleaded guilty to reckless driving yesterday before Municipal Court Judge Cecil McCallum.

Ozroze Stanford, 57, 161 E. Montclair St., was fined \$5 or one day in the Oakland County Jail if the fine is not paid.

William E. Jones, 26, of Columbus, Ohio, was fined \$30 or seven days in jail if the fine is not paid.

Pontiac City Affairs

Eying 2nd Out-of-Town Liquor License Move

A second liquor license move involving out-of-town businessmen has been taken under consideration by the City Commission for one week.

Joseph V. Salvi, 35 Cherokee Road, and his wife Adeline, asked the commission last night to transfer ownership of their Class C and SDM licenses at 464 N. Perry St. to their sons, Anthony, 245 Farnham St., Waterford Township, and Joseph Jr., 80 Exchange St., Waterford Township; and Alfred, who lives with his parents.

Present law requires owners of Pontiac liquor businesses to live within the city limits, but commissioners are thinking of liberalizing the rule to take in areas within 10 miles of downtown Pontiac.

An out-of-city residence was granted last week in the case of one, although the old law hasn't been changed yet.

Check Puzzles County Treasurer

Oakland Gets \$2 Million in School-Aid Money

A check for more than \$2 million was being signed up by County Treasurer Charles A. Sparks, but the veteran official wasn't positive what it represented.

The \$2,000,000 check came from Lansing and the State Department of Public Instruction and was listed as the "balance of the December payment" of 50 per cent for state aid to school districts.

What befuddled Sparks was the haphazard manner in which this and other 1960 state aid checks were made to Oakland County. There's no uniform pattern, he said.

"I'm just under instruction from the superintendent of public instruction to distribute the money as he says," Sparks said.

He figured the December payment — the first installment was for \$2,709,000 — was chopped in half because the financially hard-pressed "state has been draining its money out of us as it gets it."

Oakland's 30 school districts and the County Board of Education's special education program will receive \$1,800,000 out of the state check, Sparks said, while the appropriation of state aid to the County Board of Education will be \$3,750.

The Pontiac district will receive \$203,330, second, Feb. 8, Royal Oak's payment of \$208,330. The Pontiac district received \$281,662 in the first half of the December payment.

MARKETS Market Uneven in Brisk Trading

Mexican Solons,
U.S. Delegates
Talk Problems

GUADALAJARA, Mexico (AP)—After two days of listening to Mexico's troubles, U.S. delegates to an interparliamentary meeting here are pointing out that the United States has problems too.

Mexican senators and deputies opened the meeting, first with history, by reciting their nation's economic and social woes. They urged the United States to cut tariffs, ease trade regulations, make loans, and help Mexico in other ways.

U. S. Senate Majority Leader Mike Mansfield, D-Mont., called a meeting of 21 other U. S. senators and representatives after tending the meeting and urged them to take the offensive in a friendly way.

Mansfield suggested that they point out that the United States also has unemployment, a critical flow of dollars abroad and other major economic and social problems.

Marilyn Has Problems
Giving Away Money

NEW YORK — Have you tried to give away money lately? It's not easy!

Marilyn Monroe would like to give all her TV fee (approaching \$150,000) for doing "Rain," to Actors Studio for scholarships.

But lawyers have a problem showing that MM shouldn't pay income tax on her generosity. One adviser is about to string her "Rain," "Go Away." Because there's also a hassle over world rights, with NBC naturally trying to make a good deal for NBC.

All concerned — and that's hundreds — hope the many problems will be solved, and the taping done in March. A scramble on by nearly all young actors for the role of Marine Sgt. O'Hara — played in the original Jeanne Eagels company by Rapley Holmes. Why? Well, the Sarge is in love with Sadie Thompson, played by you know whom.

Jimmy Durante — 68 in a few days — is a brilliant success at the Copacabana — I never saw him as great.

Married life must agree with the Schnozz. He yanked muscular partner Sonny King over a piano; yelled at partner Eddie Jackson "For takin' an extra bow you forfeited your pension!" — and after Composer Sammy Fain had played "Love Is a Many Splendored Thing," Jimmy said, "He took that from 'Inka Dinka Doo!'"

But I don't want to 'spert' it for you by telling too much.

THE MIDNIGHT EARL ...

Ingrid Bergman finally saw herself in "Casablanca" — made 18 years ago — on TV. ... A deal for Betty Grable to do one-nighters with husband Harry James' band fell through; she asked too much too. ... Peggy Cass, a hit in Chicago, got a Cadillac as a bonus.

Ricky Nelson's price per film slipped to \$150,000. ... Sam Mineo shipped a birthday gift — a denkey for his "Exodus" love interest, Jill Haworth.

EARL'S PEARLS: Nancy Walker's always anxious when a guy tells her he got a parking ticket — at least he found a place to park.

TODAY'S BEST LAUGH: "I'll tell you how old it is, been," says Jesse Kaplan, "I passed a statue of Napoleon and he had both his hands inside." ... Frank of Murphy, N.C. heard this philosophy: "No wonder women live longer — they have no wives." ... That's earl, brother.

**'Disability' Defined
by Social Security**

In order to receive social security disability benefits, only those are eligible who have a permanent disability — that is, a disability which is so severe that it prevents doing any substantial gainful work.

William E. LaRock, district manager of the Pontiac Social Security Office, 18 S. Perry St., emphasized.

"The disability which the claimant has must be a condition which is expected to last indefinitely and one which will not likely improve with time or medical treatment."

Many people think a partial, or temporary, disability is sufficient to enable them to receive disability benefits until they can return to substantial work and substantial earnings again.

In effect, they believe that the social security disability payment is a "stop-gap" income on which they can depend until they are well enough to return to work.

LaRock stressed that such provisions are not a part of the social security law. "Rather," he said, "social security benefits are intended to provide some relief from loss of income due to a permanent disability."

**HOW FAR WILL A
FORTUNE
GO?**

To most American families a check for \$10,000 or more is a bonanza, a windfall — a small fortune. But to a bereaved widow... How many teddy bears, how many meals, how much education will it buy? And always the question, "What will happen when it's gone?" You can save your wife and family a whole lot of worry by answering these questions now. And there is no one better equipped to help you than your Travelers agent. Building brighter futures through insurance of all kinds is our specialty.

**Film on Pontiac
Shown 3 Times;
Available to All**

The film, "Pontiac Story of Progress and Promise," has had three showings since its premiere a week ago before the Pontiac Area Chamber of Commerce annual meeting.

The latest was last night at the Pontiac YMCA for the Y Toastmasters Club.

George Crabtree, assistant manager of the chamber, said 25 more showings have been booked in the near future.

"The chamber is ready to show the film free to any Pontiac area group, and we will furnish the projector and someone to operate it," Crabtree said.

The 26-minute color-and-sound film is designed to boost civic pride and enlist support for civic endeavors during the centennial year.

**Three Chairmen
for Centennial
Named by Glenn**

Appointment of three committee chairmen in the revenue division of the centennial celebration was announced today by Robert M. Glenn, divisional chairman.

Glenn, treasurer of the Stewart-Glenn Co., said the appointments round out the three major posts within his division.

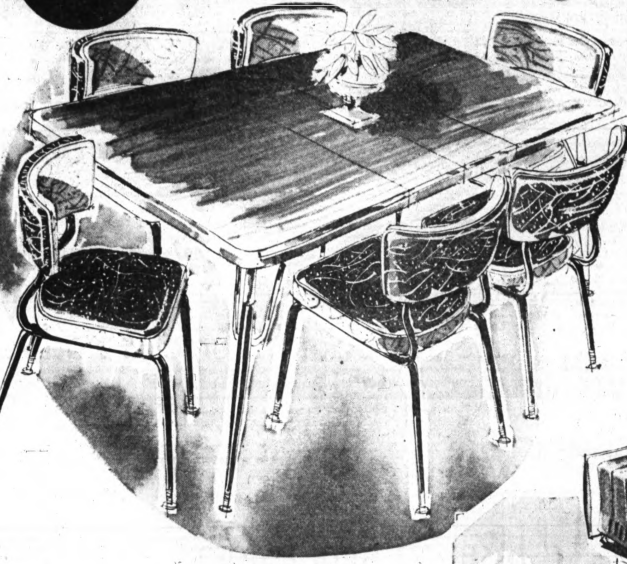

Richard C. Poole, vice president of the F. J. Poole Co., heads the historical poster committee; David R. Ewalt, director of the city's parks and recreation, the concessions committee; and Horace W. Lodge Jr., assistant vice president of Community National Bank, the novelties committee.

Main job of the division is the raising of revenues to offset costs of the centennial celebration June 17-24.
