

Hurricane Slams Into Carolina Coast

One More Inch of Rain Falls in Pontiac Area

Latest Storm Brings Total to 8.66 So Far This Month

Accompanied by 35-m.p.h. winds, nearly one inch of rain fell on the Pontiac area yesterday, establishing another new record for a single month's rainfall.

The .96 inch of rain which fell added to the 7.66 inches already recorded so far this month for an all-time high of 8.62 inches.

The old record for a single month's rain was shattered Wednesday and weather forecasts indicate it is likely the new record won't stand long.

In Pontiac, rain flooded basements on West Columbia, near Baldwin, last night and temporarily inundated six intersections.

Public Works Department crews quickly cleared catch basins of leaves and the water was carried off the flooded streets.

The Oakland County Road Commission reported at least two sections of road covered by water last night. Crews were called out to place warning flares on Dixie highway in Drayton Plains and on Andersonville road at White Lake road.

Four or five cars stalled on Dixie highway and had to be hauled away.

Seven cases of cable trouble around Pontiac were reported by the Michigan Bell Telephone Co. Affected were 98 telephones. An Oxford telephone cable also was knocked out by water, cutting service to 10 customers, the company said.

The 35-m.p.h. winds that came with the rain last night blew down a Detroit Edison Co. power line on Taylor, near Joslyn. Service was cut off from only one customer.

Last night's thunderstorm felled trees and utility poles throughout the state and flooded roads and basements.

The storm caused the traffic death of 19-month-old Ronald Bieth of Marine City. He was thrown from an auto driven by his mother, Dorothy, 23, when the car went off the road near Algonac and plunged into a drainage ditch during a blinding rainstorm.

At the same time the storm terrified residents of Flint's Beecher district, which was hit by a tornado in June 1953. Heavy winds ripping through the district last

5 Subpoenas Served in Square D Probe

DETROIT (INS)—The House Un-American activities committee has subpoenaed at least five more persons linked with direction of the recently-ended Square D strike to appear before House investigators when they return to Detroit early next year.

The subpoenas were served during the past three days by committee investigator Donald Appell, who came to Detroit at the request of Rep. Kit Clardy (R-Lansing), the only Michigan member of the committee.

Clardy refused to identify all but one of the persons called. That one was James Petroff, whose summons to appear before the committee was made public three weeks ago.

Patients Use Halls in Crowded City Hospital

Pontiac Press Photo

CORRIDOR 'ROOM'—Pictured above is a second floor corridor at Pontiac General Hospital, being used to house patients for whom there are no rooms. Dr. N. F. Gehringer, hospital chief of staff, has termed the placing of patients in hallways "dangerous." At the Nov. 2 election, Pontiac property owners will vote on a \$3.5 million bond issue to provide for hospital expansion which would eliminate such conditions.

Dr. N. F. Gehringer Cites Need for Hospital Addition

Urging support for a proposed bond issue to add 213 beds to Pontiac General Hospital, Dr. N. F. Gehringer today warned that overcrowded conditions at the hospital are "dangerous."

"It's a poor policy to have seriously ill people given care in a hall bed," said the hospital chief of staff.

"We try not to put non-emergency cases in the hall, but because of this policy, operations planned weeks in advance have to be postponed or canceled," Dr. Gehringer continued.

"This is a severe hardship on women who have arranged for care of their children while in the hospital and for men who have arranged for leaves of absence from work."

"The situation is not only annoying but dangerous."

"Where a patient may have cancer and an immediate operation might be lifesaving; we can't get him in for weeks."

Dr. Gehringer added that many diseases better treated at the hospital have to be treated at home because the hospital is filled with emergency and other cases.

Too, patients with serious ailments are sent home before doctors (Continued on Page 2, Col. 5)

Service Is Formal at New York Station

NEW YORK (INS)—Anthony Parranenti, who operates a service station in the New York area, believes there is no reason why gas station attendants shouldn't be as neat as head waiters.

So Parranenti and his three helpers came to work yesterday decked out in dress suits and black ties instead of their usual overalls and spent the day servicing cars in their formal attire.

Parking Ticket Note: 'Love to All—I'm Off to India'

HOUSTON (U)—Johnny Goyen, corporation clerk, found this notation yesterday on the back of an overtime parking ticket received in the mail:

"As a new bridegroom, I have many things on my mind that are more important than this. Love to all for love."

On the front of the ticket was: "See you on my return from my honeymoon in India."

The ticket was signed by Robert E. Waska, a State Department employee stationed in Karachi, Pakistan.

Goyen said he will pay the \$1 fine himself.

Mercury 40 Degrees Off Over 15 Miles

LOS ANGELES (U)—The temperature yesterday was 58 degrees at Santa Monica, but only 15 miles away, in Burbank, it was 98.

The Weather Bureau said a hot desert wind passed over Burbank but was kept from Santa Monica by sea breezes.

Ryukyus Get Aid

NAHA, Okinawa (U)—The chief of the American civil government of the Ryukyus Islands, which include Okinawa, today handed a check for \$1,570,000 to the Ryukyus government for economic assistance during fiscal 1955.

Britain on Edge of Labor Crisis

Government Summons Dockers, Employers to Truce Talks

LONDON (U)—The British government summoned employers and union leaders to urgent truce talks today in an attempt to end a wildcat dock strike that threatens to spread throughout the nation's seaports.

The stoppage by 24,000 dockers and a walkout by more than 15,000 London bus drivers and conductors presented Britain with its worst potential labor crisis since the general strike of 1926. Another 8,000 ship repairmen also were idle in a separate unofficial stoppage.

The Communist Daily Worker cheered all the walkouts, calling for "the unity and solidarity of the working class."

Sir Walter Monckton, minister of labor, set up the dock talks after an emergency meeting yesterday of Prime Minister Churchill's Cabinet.

It was believed the ministers approved an action plan should the strike affect essential food supplies and services. One drastic step the government could take would be to declare an emergency and order troops to the docks to unload perishable cargoes.

Ignoring pleas by union officials that the men return to work to permit negotiation of grievances, defiant strike leaders declared the stoppage would become national next week unless the employers made peace.

The port of London tieup, now in its 12th day, already is affecting food supplies. Imported eggs, butter and bacon are fast vanishing from stores in the metropolitan area. Industrial experts estimate between a fourth and a third of Britain's overseas trade is at a standstill.

The strikers say they will stay out until employers accept their main demand—that overtime work should be on a voluntary basis.

Man Aboard Raft Nearing Finish of Pacific Voyage

WELLINGTON, N. Z. (INS)—Solo sea adventurer William Willis is expected to arrive in Pago Pago, Samoa, tonight still aboard the tiny raft that carried him 6,000 miles across the Pacific, but now in tow by a Samoan cutter.

The 60-year-old New Yorker, according to a radio report from Tutuila, Samoa, was picked up by the cutter Manuato 27 miles northwest of Pago Pago.

Willis set out on his 15-by-34-foot balsawood raft last June 23 off the coast of Peru. His last radio report before the one that was picked up yesterday was made on June 26.

His purpose in making the trip—along the same currents that carried the raft Kon-Tiki a few years ago—was to prove that a lone man can conquer the ocean and the fury of the elements with his bare hands and the most rudimentary means of navigation.

Willis carried a radio, some emergency rations plus a cat and a bird for companionship.

Ike's Vacation to End Tonight With Farm Talk

Indianapolis Address Expected to Bolster GOP in Midwest

DENVER (U)—President Eisenhower ends an eight-week work-and-play Colorado vacation today and heads back to Washington via Indianapolis, where tonight he makes a major farm speech the Republicans hope will win them votes.

The President and Mrs. Eisenhower, both well rested and reluctant to leave, were scheduled to take off from Lowry Air Force Base at 1 p. m. and to arrive in Indianapolis about 5:50 p. m.

Their private plane, the Columbine, is due in Washington shortly after midnight.

Eisenhower's address at Butler University field house in Indianapolis tonight is being billed by the White House as "nonpartisan" but it's on an important congressional campaign issue—the administration's controversial farm program.

And the Republican National Committee is footing the bill for a half-hour nationwide radio broadcast of the address (NBC) and a 60-minute, 15-state farm belt telecast (Du Mont).

The President will start speaking at 9 p. m., EST.

Despite the "nonpartisan" label GOP farm area leaders are counting heavily on the President to bolster the party's campaign to keep control of Congress in the Nov. 2 elections.

Last night the President celebrated his 60th birthday at a dinner at a downtown hotel with Mrs. Eisenhower and a small group of close friends.

Birthday gifts have poured in from all over the nation. They include two calves for his Gettysburg farm in Pennsylvania—one a Black Angus, the other a Hereford; brood sows and rears; an old Scotch bellows for the farm fireplace; and outdoor barbecue equipment, also for use at the farm.

Aides said Eisenhower is going back to Washington more rested and relaxed than he has been in a long time. He got in a lot of golf and fishing, but the White House emphasized he did a lot of work too.

The President spent the great majority of all his weekday mornings at work in his Lowry Air Base office.

Selective Miss at 103 Still Waits for Man

MAYSVILLE, Ky. (U)—Miss Sallie Bullock is still waiting for the right man to come along today—her 103rd birthday.

She had many offers of marriage but "I guess the one big love in my life is Maysville and Mason County." She was born in the county's Plumville section.

"I've gone places, but it always was good to come home," she says. "I must be getting old."

Age hasn't destroyed her alertness of mind nor recollections of the Civil War.

Miss Sallie still scans the newspapers with the aid of a reading glass. She needs a cane to help her get around. She still performs small tasks.

The anniversary today will be observed quietly at the home of her niece, Mrs. Harold Willett, because Miss Sallie wants it that way. She would like to see Henry Luman, having been a bridesmaid at his wedding many, many years ago.

Luman, who lives 12 miles away, is 102.

Taken by Death

J. LESTER BROWN

Pioneer Plumber Dies at Home

J. L. Brown Had Been in Business in Pontiac Since 1912

J. Lester Brown, 71, one of Pontiac and Michigan's oldest plumbing and heating contractors, died at his residence, 93 Cherokee Rd., Thursday. He had been in ill health for two months.

Born at Forest, Ont., May 20, 1883, he was the son of John and Phoebe Brown. He married Jessie B. Hill in Port Huron Feb. 7, 1917.

Mr. Brown was a member of the First Presbyterian Church, Pine Lake Country Club, life member of Exchange Club and Roosevelt Lodge 518, F.A.M., and was a member of the Shrine and a 32nd degree Mason.

His chief hobby was horses and in his younger days he did a lot of sulky racing.

In his quiet way, Mr. Brown was always back of civic improvements in Pontiac and was active in scouting for many years.

The firm of Eames and Brown was organized Feb. 20, 1910 in Flint and shortly after, Mr. Brown came to Pontiac to handle the firm's contract for installing plumbing and heating equipment in the new Wilson and Winsor Schools.

W. R. Eames, his partner, remained in Flint until 1915, when he also came to Pontiac, centering the activities of the firm here from that time on. The first location was at 100 N. Saginaw St. They moved to the present site, 32 E. Pike St. in 1918.

Mr. Brown grew up with the transformation in plumbing and heating from the mechanics of pipes and couplings to the intricate heating and ventilating methods of modern times with its ever increasing complex problems.

The firm not only installed the equipment in many of Pontiac and Oakland County's public buildings, but their service reached out to many Michigan cities.

Besides his widow he is survived by a niece, Mrs. Ernest Beasley of Sarnia, Ont.

Funeral will be Monday at 2 p. m. from Sparks-Griffin Chapel. Dr. William H. Marbach, his pastor, will officiate and burial will be in White Chapel Memorial Cemetery.

Liberace to Visit State

GRAND RAPIDS (UP)—Liberace is coming to Grand Rapids Nov. 2 for a one-night engagement at a Furniture City theater-stadium.

Generous Workers' Gifts Meet Half of Fund Goal

Of the \$525,823 goal set for this year's Pontiac Area United Fund drive, nearly half is expected to come from employees of industrial plants, according to H. S. Atkins, chairman of the Industrial Division Committee.

"Because the welfare of the community is so intimately interwoven with the life of our industrial plants here in the area, those organizations are naturally tremendously interested in the success of the campaign," said Atkins.

"Consequently the many industries situated in and around Pontiac support the campaign in every possible manner."

The work is coordinated by Atkins' committee. Under him are representatives from each of the major industries of the area.

John F. Brady, UP plants chairman for the Pontiac Manufacturers' Assn., described how Pontiac Motor Division organized its drive.

"A personal letter from Robert M. Critchfield, general manager of the division and vice president

Howling Winds, Torrential Rain Batter 2 States

10 O.M. P. H. Storm Cuts Swath of Destruction 120 Miles Wide

WILMINGTON, N. C. (U)—Hurricane Hazel, packing winds of more than 100 miles an hour, crashed into the Carolinas coast today.

The huge tropical storm, which wrought heavy damage and loss of life Tuesday in Haiti, tore at a long section of the North Carolina-South Carolina beach area as it once again hit land.

At 8 a. m., the Weather Bureau spotted the eye of the hurricane, carrying the highest winds, as 40 miles south-southeast of Myrtle Beach and moving north-northwest at 25 to 30 miles an hour.

The winds and tides they generated tore at the coastline and damaged shore installations and communications as they struck.

The Weather Bureau said the high tides would continue for some time in the Myrtle Beach area. Myrtle Beach is a resort community about halfway up the South Carolina coast.

Hurricane warnings were hoisted all the way from Charleston, S.C., to the Virginia Capes, but the Bureau said only gale force winds would be experienced at Charleston.

Torrential rain accompanied the storm and heavy rain fell over a large portion of the two states.

A special advisory from the Washington Weather Bureau said the storm was expected to turn northward and move across North Carolina, central Virginia and pass a short distance west of Washington this afternoon.

First to suffer as the hurricane struck were beach houses and fishing piers. Most beach areas had been evacuated before the storm struck.

The sheriff's office at Conway, S.C., reported that an 800-foot fishing pier at Tilghman's Beach, north of Myrtle Beach, washed away. Myrtle Beach police said a pier at Spivey's Beach, south of Myrtle, also fell victim to the towering waves.

Communications went out in some areas. Phone lines to Myrtle Beach went out of commission as (Continued on Page 2, Col. 5)

Cancer Fund Grants in State Announced

EAST LANSING (U)—The American Cancer Society announced last night it will distribute \$193,985 to Michigan institutions and specialists in 1954-55 for cancer research.

The largest grant, \$71,285, has been given Wayne University, which cooperates with the Detroit Institute of Cancer Research.

Other grants include: University of Michigan, grant in aid, \$2,484; institutional and special purpose grant, \$20,000. Michigan State College, two grants in aid totaling \$14,000. Siena Heights College, Adrian, grant in aid, \$1,188.

Says Teachers Are Soldiers Who Can Fight Communism

By HAZEL A. TRUMBULL
DETROIT (U)—"Living in a one-world neighborhood has not necessarily created one-world neighborliness."

John Furbay, education director for the Trans-World Airlines, spoke Thursday before 8,000 Oakland, Macomb and St. Clair county teachers at the first day of their annual two-day Michigan Education Association Institute in the Masonic Temple.

Fricking the American ego, Furbay said that a little history was good for humility.

"We stand to become the minority group of the world when two-thirds of the nations who are now in their political adolescence reach maturity—and that isn't too far away."

Furbay challenged the teachers of today to prepare children for

living in a world that was 24 hours away from any global point.

"You are today's soldiers. The battle of whether communism survives or dies will be fought in your classrooms. Communism is nothing but a modern form of colonialism. It is destined not to succeed if we as a nation learn a

little more about human relations," he declared.

Reminding the American people that everything we have has been borrowed from someone else, Furbay cited the Arabs for our mathematical system; Romans for our wheels and our language and the Hebrews for our form of religion.

"We would still be counting on our fingers, living in caves and traveling on foot if it were not for the ingenuity of some of the other peoples of the world," he continued.

Stating that we must make way for the two-thirds of the world who are on their way up, Furbay said that the desegregation movement taking place as a result of the Supreme Court decision last year is only one indication of this world-wide movement.

"Remember, we have been preaching the Golden Rule in churches for over 2,000 years. We have made unprecedented strides in our technological progress, but we have done very little to raise the spiritual standards of the peoples of the world," he said.

From some of the people in these so-called backward areas, he went on, will undoubtedly come some of the most creative ideas in human relations that this world has ever dreamed of.

Furbay said he believed that the hydrogen bomb had outmoded war.

Registration Figures Rise 629, for Total of 12,600

No records were broken but City Clerk Irene Hanley said yesterday that registration figures for the coming election climbed to 12,600, or an increase of 629 registered voters since the August primary.

Her estimates had been higher. Miss Hanley reported, but added that the total was "probably average for this kind of an election."

She has already received 130 absentee vote applications for the November election, Miss Hanley said. These can be accepted until 2 p.m. on Oct. 30.

She stressed that each person must sign his own application, which takes the form of a written request from the applicant, stating home address, reason for making the application and where the absentee ballot is to be mailed.

Registration figures were also released at this week's Bloomfield Hills City Commission meeting, with City Clerk Robert Stadler counting 1,145 registered voters.

Mrs. Ann Birrell, deputy clerk at Bloomfield Township, said 600 new names had been added to the list of registered voters since the August election, raising the total to 4,500. The final day of registration last week saw them deluged with applicants, she said, when 275 swarmed in.

Bigger in every way is the 1954 Torch Drive which will get underway in the Birmingham-Bloomfield-Franklin area following a 12:30 p.m. kickoff luncheon for volunteers on Monday at the Cranbrook gymnasium.

The community's share of the \$13,250,000 goal of the United Foundation program for Detroit and suburbs is \$186,338, largest amount ever sought in a single drive in this area. And more than 1,200 volunteers expected to participate in the door-to-door canvass also represents a new high.

In joining the U.F. Torch Drive for the first time, the Red Cross accounts for part of the increased quota. This will eliminate its independent campaign next spring.

John K. Stevenson, general campaign chairman, said the real success of the drive will depend on residential solicitors. They are responsible for collecting the bulk of the funds which add 150 health and welfare agencies.

Keynote speaker at the luncheon will be Lorene Babcock, a Detroit business woman who heads a public relations firm. A former newspaperwoman, radio personality and advertising executive, Miss Babcock is noted for her promotional efforts in the health and welfare field.

A bake sale will be held by the Agnes Borg Guild of First Presbyterian Church starting at 10 a.m. tomorrow in the basement of Jacobson's, on West Maple avenue.

An unusual crystal stalactite, two feet long, has recently been put on exhibit at the museum of Cranbrook Institute of Science, Dr. Robert T. Hatt, director, has announced.

Composed of grayish crystals of aragonite, irregularly coated with yellow-colored limonite, the stalactite is a gift of the Michigan Mineralogical Society in memory of Dr. Archibald N. Goddard.

Dr. Goddard was a co-founder of the society and was for many years a trustee of Cranbrook Institute of Science, where he helped develop one of the nation's most spectacular mineral displays. The museum is open free to the public daily from 2 to 5 p.m.

There are still several openings in the YMCA craft classes which meet in the new craft shop each Saturday from 9 a.m. to noon. The group will work with jig and coping saws and simple hand tools, under the guidance of a leader.

Projects include toys and small objects that boys and girls nine years of age or older can make. Details may be secured through the Y.

The first meeting of the season for the Keystone Fellowship of the First Methodist Church will be celebrated with a potluck supper at the church at 6:45 tonight. As part of the program, William Spence will show slides of his recent trip to Japan.

Following previous discussions, city commissioners this week approved the vacation of Elm street extending 300 feet north from Webster avenue. In return the Briggs Commercial and Development Co., which owns the property bounded by Hunter, Webster, Worth and the alley north of Webster, will pay for construction of an access drive on Hunter.

An additional right-of-way gained will straighten the Hunter frontage. The company contemplates construction of a business development on the site.

The Couples Club at Kirk in the Hills Church has invited the congregation to attend the pancake supper it is sponsoring at 7 tonight in the social hall.

Two films, "It's a Wonderful Life" and "More for Peace," will follow.

Mrs. Cornelia Mueller Ball Service for Mrs. Cornelia Mueller Ball, of 320 Lakeside, was held today at Christ Church Cranbrook, with burial in White Chapel Memorial Cemetery. She died yesterday at her residence.

Mrs. Ball was the widow of Frederick O. Ball, inventor and developer of the Chrysler Corporation's Ball carburetor. She had lived here since 1938.

Survivors include three sons, Jonathan M., Laurence M., and Thomas M., all of Birmingham, also two sisters, Mrs. Frank Holman of Detroit, and Louise Mueller of New York, nine grandchildren, and one great-grandchild.

Driver Is Convicted in Car Crash Death

Edward R. Duncan, 39, of 163 W. Yale Ave., was found guilty of negligent homicide this morning by an Oakland County Circuit Court jury and will be sentenced Oct. 25.

The youth was accused of driving under the influence of liquor in a two-car collision last February which resulted in the death of Clyde E. Stewart, 34, of 61 Mechanic St.

Duncan was charged with manslaughter, but the jury returned the lesser verdict of negligent homicide which carries a maximum of two years in prison.

Grosse Pointe Woman Hurt in Dixie Accident

Mrs. Sterling S. Sanford, 56, of Grosse Pointe Farms was treated for lacerations of the eye, knees and hip at Pontiac General Hospital yesterday after the car she was driving rolled over on U.S. 30 near M 15.

According to Michigan State Police of the Pontiac Post, a car driven by Mrs. Louise Reed, 46, of Vernor, caught the right front of the car driven by Mrs. Sanford as it cut in too soon after passing.

County Deaths

Joseph H. Allen

MILFORD—Service for Joseph H. Allen, 64, of 904 Hickory Ridge Rd., Milford Twp., will be held at 1:30 p.m. Monday from R. G. G. Harris Funeral Home, Detroit, with burial in Oakland Hills Memorial Cemetery, Novi Twp. He died Thursday at his home, after a heart attack.

Mr. Allen was a former at Ford Carburetor Co., where he had been employed for many years. He is survived by his wife, Ethel.

Wilbert H. Larson

CLAWSON—Service for Wilbert H. Larson, 51, of 735 S. Main St., will be held at 1 p.m. Saturday at the Spiller-Gramer Funeral Home, with burial in Holy Sepulchre Cemetery. He died Thursday.

Surviving are his widow, Violet, a daughter, Mrs. Harold Keller of Troy Township, a son Duane of Clawson, two brothers and one grandchild.

Dondero Asks U. S. Aid for City Airport Runways

U. S. Rep. George A. Dondero (R-Federal Oak) has requested that federal aid be allocated to Pontiac for construction of a new runway at the municipal airport.

Dondero made the request in a letter to U. S. Secretary of Commerce Sinclair Weeks asking him to take the matter up with the Civil Aeronautics Administration.

The congressman's letter read: "The Federal Government has allocated funds as federal assistance in connection with the development of municipal airports. The City of Pontiac, county seat of Oakland County, which has a population of approximately 450,000, asked for \$30,000 to \$40,000 in order to develop their airport, but, for some reason unknown to me, such funds were not given to Pontiac."

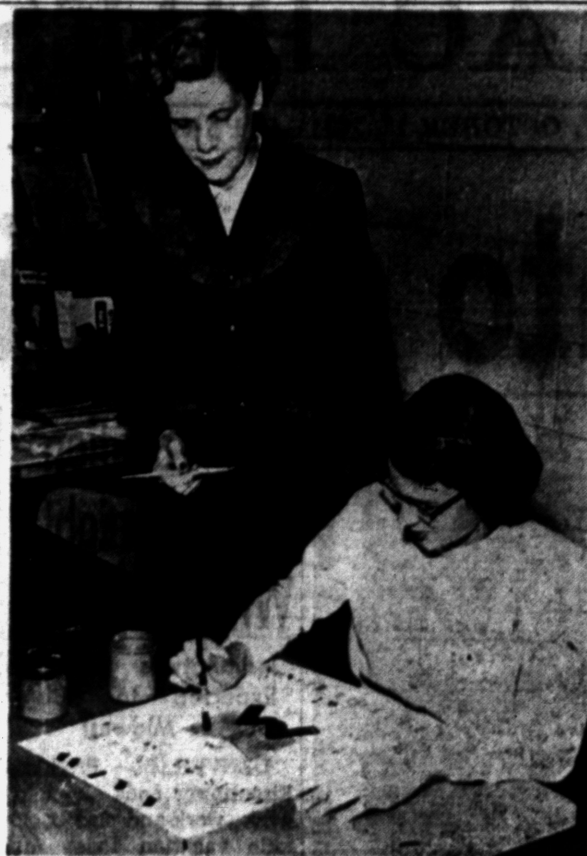

"The airport needs a new runway badly. I request that funds be allocated for that purpose. I make this appeal with the greatest justification that this addition I am sure will be granted. I sincerely hope that you will assist the City of Pontiac and myself in this request."

The airport needs a new runway badly. I request that funds be allocated for that purpose. I make this appeal with the greatest justification that this addition I am sure will be granted. I sincerely hope that you will assist the City of Pontiac and myself in this request."

PRIZE WINNER—Even Birmingham High School students have a hand in working for the success of the annual book sale given by the Birmingham Branch of the American Assn. of University Women. Shown with her prize-winning poster for which she received \$5 from the AAUW, is Sandra Shukait. With her is Mrs. DeWen Nichols, Sandra's art teacher. Fifty of Sandra's signs have been reproduced and placed in stores throughout Birmingham, telling of the sale to be held all next week at the Detroit Edison Co. building.

Teachers Are Told They Can Fight Reds

(Continued From Page One)

day may live in a world without war. By its very invention, the H-Bomb has made an all-out war impossible.

Stating that 80 per cent of the federal budget is used for national defense, Furbay said that if this money could be expended for schools, highways, hospitals and parks, we would have a new world of opportunity for the youth of today.

"If we could send our youth around the world to study — to exchange ideas — we would find that this two-thirds of the world as yet undeveloped, would have marvelous contributions to make."

Claiming that we are one world whether we wish to face it or not, Furbay said it was time to "get up high enough to look at the pattern of the forest instead of the individual trees."

Furbay was introduced by Mrs. Mildred Porritt of Pontiac. She served as chairman of the entire two-day assembly this year for region seven of the MEA.

Today, the teachers of Oakland County are convening in Pontiac Schools, Bloomfield Hills Schools and Royal Oak schools in individual workshops covering every subject from arithmetic to water ballet.

1 More Inch of Rain Is Recorded Here

(Continued From Page One)

night were described by some residents as like a small tornado.

Some homes, rebuilt since the tornado, sustained up to \$500 in new storm damage. The Flint weather bureau classified the storm as "heavy winds."

In Detroit gusty winds uprooted a half-dozen trees. Hardest hit, however, was southwestern Michigan. At Union City winds overturned four unoccupied house trailers, causing \$5,000 damage.

The continued rainfall caused an estimated \$2,000,000 loss to the dry bean crop in Sanilac and Huron Counties in the Thumb area.

G. Elwood Bonine, state director of the Federal Farmers Home Administration, said he would appeal to Agriculture Secretary Benson to designate the Thumb and Saginaw Bay areas as a disaster area to make farmers eligible for emergency loans.

The U. S. Weather Bureau forecast for Pontiac and vicinity is mostly cloudy and cooler tonight and Saturday, with some chance of scattered showers. Low tonight is expected to be 48 to 52, and high Saturday near 55.

Yesterday's high in downtown Pontiac was 72, low 52. At 8 a.m. today, the thermometer registered 48 degrees, climbing to 50 at 1 p.m.

Mutilated Dog Body Discovered in Dump

The partially decomposed body of a small black and white dog was discovered in a dump on East Columbia avenue last night, Albert Sundell, Oakland County humane officer, said today.

Lt. Joseph Koren of the Pontiac Police Dept. Traffic Division came across the dog's mutilated body in a cardboard box as he was walking his own dog, Sundell said.

According to information gathered by Sundell, the dog was killed, maimed and burned Friday night by a group of teenage youths on the LeBaron School playground.

He has uncovered no clues to the identities of the youths, he said.

lonia Guard Succumbs

IONIA—Frank Kelley, 65, an Ionia Reformatory guard for the past 23 years, died Wednesday at Ionia County Memorial Hospital. Physicians said he had suffered a heart attack.

Hurricane Slams Into Carolina Coast

(Continued From Page One)

AP correspondent Noel Yancy was reporting on conditions there.

Wrightsville Beach, east of Wilmington, and Carolina Beach, south of Wilmington, feared a repetition of the two-million-dollar damage they suffered Aug. 1, 1944, in the most severe hurricane to strike this section in modern times.

Waves were pounding at beach houses today even before the storm reached its height.

At Atlantic Beach, far along the coast near Morehead City, N.C., waves washed into the ground floor of the Ocean King Hotel before the peak was reached.

Coast guardsmen, police and neighbors routed sleeping residents from their beds in early morning along miles of coastline. Schools, armories, industrial plants and churches were opened to permit refugees to obtain shelter.

New York City's weather man this morning said the city could expect gale force winds ranging between 40 and 60 miles an hour, plus heavy rains. However, he said it would be difficult to estimate just what time the winds could be expected.

Heavy rainfall already had been reported in southern New Jersey. The blow probably will pass near the western border of New England, the Boston Weather Bureau predicted, with torrential rains and abnormally high tides likely over coastal areas.

In a special bulletin at 8 a.m. the Boston forecaster said the storm is expected to travel overland as it approaches New England.

Storm warnings were displayed all along the entire New England coast and the weather man urged all possible precautions be continued for abnormally high tides and possible flooding of coastal areas tonight.

As the steady stream of reports flowed from the Weather Bureau, New Englanders took all measures possible to protect life and property.

Along the Connecticut, Rhode Island and Massachusetts shorelines, beach cottage windows and doors were boarded up, boats hauled far inland and sandbags piled along foundations of utility buildings.

Two Navy aircraft carriers, the Leyte and Antietam, were ordered to sea from Quonset Point, R.I. Naval Air Station. Destroyers moored in Newport, R.I., harbor steamed out to ride out the storm at sea.

Air Force planes were brought inland from bases at Bedford, Mass. All craft remaining behind were firmly secured.

Massachusetts Gov. Christian A. Hertz issued orders placing all departments involved, including civil defense, on an alert basis. Similar instructions went out from the office of New Hampshire Gov. Hugh Gregg.

In Providence, R.I., workmen piled sandbags at the power plant of the Narragansett Electric Co., in hope of preventing any major power failure.

Sandbags also went up the sides of the Providence County Courthouse in downtown Providence. In the Aug. 31 storm, raging waters swirled into the business district causing damage which is still being repaired.

Hospital Addition Urged by Physician

(Continued From Page One)

tors would like because of the room shortage, he said.

"People who have suffered heart attacks or strokes, for example, are sent home in two to three weeks," he said.

In more urgent cases, such as childbirth, all the hospital staff can do is accept the patients and put them wherever there is space.

"We have room for six patients in the labor room. Last Wednesday we had 14 patients. We had them in the halls, crowded two into rooms made for one and put them wherever else we could find room."

Gehring added that the hospital has two delivery rooms to handle the 250 births a month the hospital averages. "This doesn't provide the safety margin that should be had."

In the Nov. 2 election, 60 per cent of the property owners registered must vote for the bond issue of \$3.5 million if it is to pass.

Voters last April approved a half-million tax increase to pay for the bond issue, but property owners turned down the issue at the election last April.

County Planners OK Courthouse Site

The Oakland County Planning Commission has passed a resolution supporting the plan to build a new courthouse in the "county center" between West Boulevard and Telegraph road, according to J. Robert Swanson, chairman.

A half mill tax increase to guarantee retirement of a \$4,500,000 bond issue for courthouse construction is a special proposal on the Nov. 2 ballot.

The plan commission supports both the new building and the proposed site for it, said Swanson. The resolution read, in part, "The plan commission recommends to the people of Oakland County that they endorse many years of sound planning and consideration on the part of the board of supervisors to provide better county facilities."

Africa averages about 15.1 persons per square mile.

Sheppard's Trial May Be Postponed

CLEVELAND (AP)—A pair of defense maneuvers and a batch of crank letters were bubbling today into a legal brew that may delay the opening of the first-degree murder trial of Dr. Samuel H. Sheppard.

The defense moves were motions for a change of venue and a delay in the trial because of the widespread publicity given to the case that started when Sheppard's wife was bludgeoned to death in her bed last July 4.

The crank letters, whose addresses included at least 3 of 75 persons called for possible jury

in the trial, declared that the accused osteopath was being "railroaded" in a worldwide plot.

Common Pleas Judge Edwin Blythin ordered the letter-writer's arrest and said, "If this (letter-sending) has gone too far, it might mean we would have to call a new venire."

The trial is scheduled to open Monday, Judge Blythin, who will preside at the trial, said he will rule on the two defense motions then.

Plan Harvest Dinner

ROCHESTER—The annual harvest dinner of the First Congregational Church will be held at the church Oct. 21, with three servings at 5 p.m., 5:45 and 6:30.

Roosevelt Son Sees 'Chaos' if Dems Win

SARASOTA, Fla. (AP)—John Roosevelt, youngest son of the late President, told a Republican rally here last night that election of a Democratic Congress will bring "chaos."

He said President Eisenhower must have a team in Washington in both the legislative and administrative branches.

"The times are much too serious

to afford ourselves the luxury of chaos," he told 315 persons at a dinner for E. B. Sutton, Republican candidate for Congress from the 7th District.

Young Roosevelt said he believed "integrity and a new high moral tone has been returned to the White House and Washington," and added:

"No longer do we see scandals in high places and influence peddlers so prevalent two years ago."

The Baltic sea covers about 163,000 square miles and is up to 1,500 feet deep.

Southfield Church Set for Cornerstone Laying

SOUTHFIELD TOWNSHIP—The cornerstone of the new Christian Education unit of the United Presbyterian Church, 10 Mile and Lahser Rds., will be laid during

a special ceremony Sunday, at 10:45 a.m.

This will be another step toward the completion of this first unit in the overall plan for expansion by the 104-year-old congregation. John Anderson, chairman of the congregation, will preside at the service and will narrate the events that have preceded this ceremony.

Actress Returns Pay Phone 'Loan' After Two Years

HOLLYWOOD — Television's Ann Baker returned a strictly unofficial loan of \$4.50 to the telephone company yesterday.

She explained that two years ago after coming to Hollywood from Sedalia, Mo., she was studying music and modeling to earn her way but found herself down to her last dime one day. An older brother with whom she was living was away on business.

She went to a telephone booth to call a photographer about a modeling job. The line was busy. She reached into the slot to retrieve her dime and got \$4.50—money from somebody's long-distance call, evidently, which had gone through the coin box.

She said she decided at the time that she needed the money more than the phone company. But then she began to get work and now is doing all right, thank you, so she decided to return the loan.

Lawyer Claims Actress Fled Crash in Blackout

LOS ANGELES — A mental blackout caused actress Lynne Baggett's flight, her attorney says, from the collision that cost the life of a 9-year-old boy.

Atty. Grant Cooper argued in his opening statement yesterday that the blackout relieves Miss Baggett of legal responsibility in the tragedy.

The actress, estranged wife of producer Sam Spiegel, is being tried on charges of manslaughter and hit-run driving. Joel Watnick,

the victim, was one of five boys in a station wagon allegedly struck by the car Miss Baggett was driving last July 6.

Poles Granted Asylum

TAIPEH, Formosa — The official Central Daily News reported today the Defense Ministry had granted political asylum to 12 crewmen from the 8,840-ton Polish tanker, Praca, which was seized by Chinese Nationalist warships Oct. 4. The ministry ordered confiscation of the tanker because it was carrying oil to Red China.

Return of Port Arthur Labeled Soviet Trick

TAIPEH, Formosa — Russia's reported withdrawal from Port Arthur is a "sleight-of-hand trick to fool the gullible," according to Wu Nan-ju, information director for Nationalist China.

"International communism merely transferred a possession from its left hand to its right," he declared today. He added that Russia already controls China through its technicians and advisers and China's Russian-trained navy.

Pat's Treasured Tooth Causes Earful of Woe

BALTIMORE — Pat Stilson, 10, pulled a loose tooth Tuesday and was told he ought to put it under a pillow and perhaps the fairies would come along and replace it with a lovely present.

But Pat isn't the sort to be careless with merchandise of such high potential value. If he put the tooth under his pillow, it could be that one of the brothers would make off with it, he reasoned. So he put the tooth in his ear

and went to sleep.

Yesterday, he had an earache. His mother took him to Johns Hopkins Hospital for the tooth's second extraction.

Rain Damages Roads

GRAND RAPIDS (UP) — Kent County Road Commission officials estimated today that heavy October rains have caused more than \$100,000 damage to Kent County roads.

A new human fingernail will usually grow in about 160 days.

Driver Rules Void Ticket Is Valid After 19 Years

OKLAHOMA CITY — The elderly woman slowly edged her way into the bus and presented her ticket. Driver Bennie Raney took the slip and looked at it. He looked again. Her destination was Norman, 20 miles away.

The ticket was dated March 1935 and specifically stated, "Void after 30 days." Nevertheless, the lady got the ride and without a query as to why she stayed so long.

New U. S. Koylon Foam Pillows So, Head for this Luxury Sleep

It's fluffier, yet it's more resilient... new Koylon is indeed the finest Koylon foam ever made. It has just the right degree of "give" to support you unobtrusively; you can never feel it pushing at you, so it's not too "hard" yet the buoyancy of New Koylon keeps you from sinking "in." It never seems to smother you. Yet, it's "just right" and remember, this fine texture makes it tougher and longer wearing.

Formosa Needs Fewer Dollars

Chiang's Nation Makes Noteworthy Progress Toward Self-Support

By FRED HAMPSON
TAIPEH, Formosa (P)—Formosa can't be self-supporting while maintaining a half-million-man army, but it is making progress and getting by on fewer U.S. dollars each year.

V. S. de Beausset, project manager of the J. G. White Engineering Corp., says economic progress in some fields has been sensational since 1949, when the Nationalists were driven from the mainland.

The White firm has been here six years as consultant to President Chiang Kai-shek's government. Much U.S. money has been spent on White recommendations. Here are some of the things De Beausset says Formosa has accomplished:

Five years ago, the island spent 45 million U.S. dollars a year for cloth. Today, textile mills have been restored or improved until Formosa makes all its cloth. The only expenditure now is 17 million a year for raw cotton from abroad.

Formosa's farms are over-worked. They need heavy fertilizing. Formosa spends 35 million dollars abroad for chemical fertilizer. By constructing chemical fertilizer plants and using local chemical deposits, De Beausset expects to see foreign exchange expenditures for fertilizer drop to five million annually within two more years.

U.S. experts four years ago in a survey found that with improved methods and plant varieties, the same amount of sugar could be produced on half the land. The government accepted the recommendations and now Formosa is almost self-sufficient as to food. It can even export rice.

Lignite reserves in the U.S. total 900 billion tons.

12 More Army Officers in Iran Spy Ring to Die

TEHRAN, Iran (P)—A military court today sentenced to death by firing squad a second group of 12 Iranian army officers charged with spying for the Russians. The twelve, tried in a closed

hearing at Djamsheedyeh barracks, included two colonels, four majors, four captains and two lieutenants.

Grand Coulee Dam is the world's largest concrete structure with Shasta Dam second, says the National Geographic Society.

Lucky Number Changes

BALTIMORE — (UP) — A 19-year-old gypsy predicted number 146 would hit recently, and she was right. Shortly after the prediction, she was arrested for swindling a housewife of \$15. The policeman's badge number—146.

Next 11 Weeks Crucial in Polio Tests

By ALTON L. BLAKESLEE
Associated Press Science Reporter
BUFFALO, N. Y. (AP) — The next 11 weeks can hold a big part of the key to how good the new polio vaccine is, an expert in the vaccine tests said today.

A fair number of cases are still expected before Jan. 1.

And those occurring in the polio test areas can be "of major importance" in getting the final, vital boxscore on the vaccine, said Dr. Robert F. Korns, deputy director of the poliomyelitis vaccine evaluation center, University of Michigan.

Because of that, and other peculiarities of polio, the public will probably have to wait another six months before it can be known whether the vaccine works, or how well it works, Dr. Korns told the American Public Health Assn.

Usually, about 10 per cent of polio cases in each calendar year occur after Nov. 1, he said. But this year the polio peak came late and a higher percentage of cases than normal is expected between now and the year's end.

An unpredictable number of them will occur among children in 217 vaccine test areas, involving 1,800,000 youngsters. Of them, about 435,000 got the vaccine developed by Dr. Jonas E. Salk of Pittsburgh. Another 210,000 received a neutral substance which could not have any effect, and another 1,175,000 not given anything are being watched as "controls" or comparisons.

The test is whether the vaccinated children have less—or no—paralytic polio compared with non-vaccinated ones.

But polio is a relatively disease. Out of nearly two million young-

sters involved in the tests, only some hundreds will probably have fallen victim to polio by Jan. 1.

Thus, any cases still to come could be highly significant in getting the final figures and analysis.

Furthermore, Dr. Korns said, it takes time to study each case and learn whether a sickness reported to be polio is actually polio.

Polio is extremely difficult even for the most skilled doctors to diagnose, he said. Other diseases can mimic it for a time. Each case in the test areas must be followed up with time-consuming laboratory work and tests to learn if it was really polio. That can take weeks.

Gypsum Mine Planned

GRAND RAPIDS (AP) — Certainized Products Corp., a Grand Rapids gypsum mine operator, has optioned mineral rights on 1,100 acres in Paris Township. Statements presented to the Township Board this week indicated the corporation is planning another mine on the property. The company is seeking township revision of zoning restrictions on the property.

The evaluation also includes blood tests at three different times on about 40,000 children in the study. Twenty-seven laboratories in the United States and Canada are participating in the evaluation program, supported by grants from the National Foundation for Infantile Paralysis.

Bermuda limits auto speeds to a maximum of 30 miles an hour and no family is permitted to own more than one automobile.

U. S., 3 Others Protest Latin Water Sovereignty

SANTIAGO, Chile (AP) — The United States, Sweden, Norway and England have sent protests to Chile, Ecuador and Peru over their recent joint statement claiming sovereignty over waters within 200 miles of their coasts, the Foreign Office reported today.

The three South American countries in their joint declaration threatened penalties for foreigners fishing within these limits.

State Spikes Old Saw

PROVIDENCE, R. I. (UP) — The state health department is trying to reduce waistlines by spiking the old saw about how jolly fat persons are. The department is preparing a booklet that says, "thin men can be kind . . . and slender grandmothers may comfort us longer because they may live longer."

In 1950-51 there were 24.1 pupils per teacher in U.S. elementary and high schools.

President Names Agriculture Aide

DENVER — President Eisenhower today accepted the resignation of Earl Coke as an assistant secretary of agriculture and picked to succeed him Ervin L. Peterson, 43, director of the Oregon State Agriculture Department.

The Denver White House made public an Oct. 5 letter from Coke to the President saying the University of California had granted him a leave of absence as director of its agricultural extension service, "and I feel that now I must return to my duties in California."

In accepting Coke's resignation, effective Nov. 13, Eisenhower

wrote him that he made "permanent contributions to the effectiveness" of the Agriculture Department.

New York Doctor Dies 8 Hours Before Tribute

NEW YORK — Death came yesterday to 81-year-old Dr. Antonio Pisani—just eight hours before he was named New York state's outstanding practitioner of the year.

The state medical society's governing council voted the tribute to Pisani at 9 a.m. After the meeting, the council learned he died at 1 a.m.

Pisani practiced medicine on Manhattan's lower East Side since 1897. Three sons also became doctors.

Navy Chief Lauds GOP's 'Efficiency'

MOUNT CARROLL, Ill. — The Eisenhower administration, says Navy Secretary Charles S. Thomas, has saved taxpayers' money "by being more efficient."

Thomas, addressing a rally sponsored by the Carroll County Republican Woman's Club last night, said the administration was able to cut down expenses in the Department of Defense without cutting strength.

Thomas praised Defense Secretary Wilson as a "man of integrity," with "great fortitude and ambition, who never begins a project without bringing it to a successful close."

Virginia Freebury Tells Plans for Saturday Rite

Virginia Freebury, who will exchange her marriage vows with Fred Mueller, Saturday evening in Central Methodist Church, is announcing her attendants for the 7:30 ceremony.

Mrs. Carolyn Freebury will attend her sister-in-law as matron of honor. Bridesmaids will include Mrs. James Mount, Mrs. Kenneth Ross of Ortonville and Joyce Forrest. Rita Freebury will attend her cousin as flower girl.

William Mueller of Flint will serve as his brother's best man and Helms Mueller and Charles Mueller, also brothers from Flint, and James Mount will seat the guests.

The bride-elect's parents, Mr. and Mrs. Raymond E. Freebury

of Blaine street, will hold a buffet supper at their home following the rehearsal Friday evening. The prospective bridegroom is the son of Mr. and Mrs. Frederick Mueller of Flint.

Virginia was honored recently at a miscellaneous bridal shower in Flint which was attended by friends and relatives of the prospective bridegroom.

Women's Society Plans Sessions Nov. 5

M. Basil Williams, Baptist missionary from Neighborhood House in Chicago, will speak to afternoon and evening sessions at Bethany Baptist Church Nov. 5. Plans were made when the Bethany Baptist Women's Society met Thursday at the church. Members also made further plans for a harvest dinner and bazaar to be held Dec. 2.

Following a luncheon served by Naomi Circle, Mrs. Beaver of Newman AME Church gave devotions and soloist of the day was Edna Horace of Trinity Baptist Church. Reita Smith, director of Christian Education at Bethany, addressed the group at the afternoon session.

Presbyterian Group Discusses India

November Group of First Presbyterian Church met Thursday at the Crescent Lake road home of Mrs. Robert Boggs. Mrs. William DeRoos gave the Bible study, and the current event topic was on India presented by Mrs. Boggs.

Mrs. Arthur N. Minster, president, announced that final plans have been made for a birthday dinner to be held Nov. 10 at Colonial Manor in Royal Oak.

Mrs. E. D. Auchard was a guest of the group.

Mrs. Charles D. Scribner of Ottawa drive (seated) is getting in practice for the talent party to be held Oct. 22 in Webster School. She is talent chairman for "High Fever Follies" a show to be presented Nov. 10 and 11 at Pontiac High School. Sponsors of the show are members of the Pontiac General Hospital Auxiliary. Mr. Scribner (standing left) joins Mr. and Mrs. P. Eugene Miller of Edgewood drive, hosts for the talent party, in a little pre-party vocal exercising.

Flapper Dress Fades Before '54 Styles

By JUDITH L. CLEMENCE
Those who saw Thursday eve-

ning's fashion showing at Pontiac High School were given an opportunity to decide whether they like the "flapper" dresses or the beautifully feminine dresses of today.

Bloomfield Fashion Shop displayed both versions of the "look," using several models from Beta Theta Phi sorority. The flapper look received only laughs.

Dresses shown in this collection prove that feminine curves are still in style. The long torso silhouette is the big news, and not to be overlooked are the pleated skirts with the pleats starting at a smooth hipline yoke.

Waistlines may not be as sharply nipped as in previous seasons, but the waist is still there.

All fabrics are extremely lightweight in spite of the aspect of some of the tweeds, fawnes and brocades. This year marks the return of velvet and judging from the approval of last evening's audience it will remain a favorite.

A ruby red velvet two-piece outfit was a hit with many as was an amethyst after-five dress.

Shorty alpaca coats worn for almost any occasion will be big favorites this season, as are the coats with cuffs which can be pushed up to any length. Many fashion minded women like this idea for it makes good use of the long and more dramatic glove.

Harvey Berlin's bows and Ann Fogarty's full, full skirts were instant hits with the audience, and perhaps for the first time we felt

that the toredor pants for lounging have really caught on. Women seem to have accepted them as a part of their wardrobe.

Coats with puritan collars come in beautiful colors—which reminds us—the raincoats are even more beautiful this year and very timely too.

Models for the occasion were Mrs. William E. Hutchinson, Mrs. Ward Ross, Mrs. John Sinclair, Mrs. Ruth Kennedy, Mrs. Forrest Garchow and Mrs. John Kingler.

Mrs. Maurice Barnett was commentator.

Cotillion Club Opens Season on Saturday

Members of Cotillion Club are planning their first dance of the season for Saturday evening in Hotel Pontiac.

Among Cotillion's new members are Mr. and Mrs. Robert Calvert, Mr. and Mrs. Edward Graybiel, Mr. and Mrs. Robert Greenhalgh, Mr. and Mrs. James Jenkins, Mr. and Mrs. Harold Owen, the Richard Pattersons and Mr. and Mrs. Bob Rogers.

On the reception committee for Saturday evening's dance will be Mr. and Mrs. Addison Oakley, Mr. and Mrs. Willis Lefurgy and Mr. and Mrs. Ralph Norvell.

Planning the decorations are Mr. and Mrs. Collis Scott, Mr. and Mrs. Lefurgy and Mr. and Mrs. Jack Haupt.

Talent Party Will Be Held Oct. 22 at Webster School

Mr. and Mrs. P. Eugene Miller will officiate as chairman and hosts for a talent party to be held on Oct. 22 from 8 to 10 p.m. in Webster School.

The purpose of the party is to gather talent for "High Fever Follies" being presented by Pontiac General Hospital Auxiliary on Nov. 10 and 11 at Pontiac High School.

Assisting Mr. and Mrs. Miller are the Leo J. Neumanns, the Harold Kings, the O. E. Overmyers, the William J. Deans, the Robert Suttons, Mr. and Mrs. Ivan Wilcox, the W. Arthur Vernons, the Albert Sparrings and the Donald Kings.

Others are Mr. and Mrs. George Marshall, Mr. and Mrs. C. B. Steffy, Mr. and Mrs. Fred Fuller, Mr. and Mrs. Donald Steinbecker, Mrs. Sadie Williams and Mr. and Mrs. Charles Scribner.

Mrs. Scribner, who will serve as talent chairman for the show, is being assisted by the Charles Allens, Patricia Stites, Noyce

Strait Jr., Robert Isgrig, George Richman, John Benson, John Madole, Dr. George Petroff, George Putnam, Fred Poole and Mrs. Ferdinand Gaensbauer.

Others assisting Mrs. Scribner are Mary Parrish, Mrs. Paul Gorman, Mary Ellen Wyngarden, Mrs. L. Jerome Fink, James Nye, Ralph Norvell and Mel Staebler.

MARY MILNER THOM

Mary Milner Thom, daughter of the Edgar R. Thom of Metamora, has been named to the Dean's List at Smith College, Northampton, Mass. The attractive college senior posed for a picture which appeared on the cover of a leading fashion magazine in August.

Square Dance Season Begins for Three Clubs

Three square dance clubs opened their seasons this week.

Many past members of Promenaders Dance Club joined present and new members for the "Homecoming Dance," the first of the year for the group. Members danced Tuesday evening in Daniel Whitfield School.

Mr. and Mrs. George Stout assisted by the Engel Groenbergs decorated the hall and colorful pennants and footballs were used for name tags.

New members were introduced at the dance. Callers for the evening were Mr. Groenberg, Robert Earl, Warren Allen, Oscar Forslund, Howard McIntyre and Harry Anderson.

Pete Lergen was caller for the first dance of the season of Western Whirlers. West Bloomfield Township Hall was the setting for the Saturday evening event.

Pontiac guests included Mr. and Mrs. Ben D'Arcy, Mr. and Mrs. Randall May and Mr. and Mrs. Oscar Denham. Other guests were the Bob Browners, the Emil Springers, the Gilbert Shaws, the Ira Evanses, the Charlie Mullens and Mr. and Mrs. Sey Lavische, all of Detroit.

The Country Cousins Square Dance Club opened its fall season recently with Charles St. Johns as president, and Orson Coe as treasurer.

Mr. Coe is accepting reservations for the club's Nov. 13 holiday.

Halloween Party Highlights Session

Mrs. Randall Spurgeon opened her home on Colrain drive Wednesday evening for a meeting and Halloween party of the Ladies Auxiliary 336, to the National Association of Letter Carriers.

Mrs. Spurgeon was recently elected to a national office in the association and will serve on the constitution and by-laws committee.

Mrs. James Yeager has accepted the appointment of state legislative chairman.

Mrs. Poole Hostess for Next Meeting

Mrs. Gelston Poole of South Shore drive, Watkins Lake, will open her home Monday to members of the Pontiac Branch of the National Farm and Garden Association.

"Conservation and Spiritual Values" is the theme of the speech to be delivered by the Rev. Russell Lincoln of Farmington. Mrs. Hugh Grove, chairman of the day, announces that it will be an annual pennies for friendship meeting.

Two Speakers Highlight PTA

Phyllis Schneider, field director of the Pontiac Council of Camp Fire Girls, was guest speaker Wednesday afternoon at a meeting of the McConnell School PTA.

Plans were made for a fall festival to be held Friday, Nov. 5 at 6:30 in the school. Marguerite Parrish, director of social service at Pontiac State Hospital, directed a psycho-drama for the group.

Mrs. Harold Boughner presented a prize to the room which had the largest percentage of people attending the meeting.

VFW Auxiliary Reports on Parley

Reports were given on a VFW pow wow held in Jackson, Sunday, when the VFW Auxiliary 1008 met Monday evening at the American Legion Hall on Auburn avenue. Members who attended the pow wow were Mrs. Frank Finkle, Mrs. Paul Boelter and Mrs. Loren Beach. Mrs. Boelter gave a report on cancer and Mrs. Finkle reported on things needed in the hospital.

A donation was made to the United Fund and for the machine used for cancer research. Mrs. Archie Tryon gave a report on the membership dinner which was held recently at the YMCA.

The ermine, the ptarmigan, the Arctic fox, and the varying hare change their fur or plumage to white in the winter time.

Ferguson Says Republicans Will Solve Unemployment

By THE ASSOCIATED PRESS

Sen. Ferguson (R-Mich.) said Thursday the Eisenhower administration will solve the problem of unemployment "through peace, not war."

Ferguson made the statement at a Republican rally at Port Huron that climaxed a day-long campaign tour of Michigan's Thumb district.

Ferguson also said the St. Lawrence Seaway will make Port Huron one of the seaports of the world and may make Port Huron a part of the metropolitan Detroit area.

Earlier, Ferguson told Thumb district audiences that he expected early congressional approval of a proposed Saginaw Valley flood control project.

"I'm confident that Congress will give Michigan its first major flood control project," Ferguson said. "Its benefits will greatly exceed its cost."

Ferguson said he was "shocked at the sight of unharvested bean and sugar beet crops rotting in the ground." He said federal emergency loans may be asked for flooded-out Thumb area farmers.

"The government can't stop rain," Ferguson said, "but we may be able to help tide farmers over in this emergency."

Ferguson's Democratic opponent, Patrick V. McNamara, ended a 1,800-mile plane and motor tour of the upper peninsula with Gov. G. Mennen Williams Thursday.

In speeches at Escanaba and Manistique and in "whistle-stop" appearances at towns between the two points, McNamara and Williams rapped Republican policies.

McNamara called for a Democratic majority in Congress "to free the people from the tyranny of Republican government that is concerned with only one small segment of the people."

"Everyone should have something and a good way of life instead of a few having everything," McNamara said. McNamara said the Republicans "want to give us Hollywood productions and double talk instead of sincerity and solutions."

Williams told audiences that his GOP opponent, Donald S. Leonard, "knows little about the problems or progress of the upper peninsula and cares even less."

Williams said: "The only time Republicans show an interest up here is shortly before an election."

Williams derided the Republican campaign charge that there is a stalemate between executive and Legislature at Lansing. He listed the Mackinac bridge, reforestation and added state parks as accomplishments of his three terms in office.

Leonard followed a day-long campaign tour of Macomb County with a speech at Saginaw, where he said state employees would not be allowed to invoke the Fifth Amendment on loyalty questions if he is elected governor.

Earlier he characterized Gov. Williams' "Build Michigan" program as a "build Williams program."

"In the six years he has been in Lansing, Williams has attempted to make a whipping boy out of the Republican Legislature and to claim credit for all its accomplishments," Leonard said.

At Bay City, Republican Secretary of State Owen J. Cleary said that Williams' statement that the highway department has not completed one major highway between one city and another is "untrue."

Cleary said that the recently completed Bay City-Standish highway shows "that the governor is playing fast and loose with the truth to put it mildly."

Republican Auditor General John B. Martin said in an Iron Mountain speech that "Michigan has traditionally and wisely refused its governors more than three terms because the people distrust entrenched political power."

He added: "I predict that they will turn down the governor's bid for permanent control of Michigan as they have done with other candidates in the past."

Republican State Treasurer D. Hale Brake, told a Menominee audience that "the silliest statement made in this 1954 election campaign was Williams' remark 'we balanced the budget.' No one in Michigan helped less than the governor," Brake said.

Philip A. Hart, Democratic nominee for lieutenant governor, took his campaign to Missaukee, Kalkaska and Grand Traverse Counties where he told audiences that "the economic condition of the county is the most important issue of the day."

The economic question, he said, "is of equal importance to the businessman, the farmer, and the worker."

"Every intelligent businessman believes in the Democratic philosophy which preaches a financial doctrine that includes all the people," Hart said.

Utah Veteran Seeks Proof of War Role

Seeking Change in Fish Planting

Conservation Commission to Plant Brown Trout in Experiment

HIGGINS LAKE (AP) — The State Conservation Commission's staff recommended today a break in the commission's policy against planting fingerling trout, while a resort representative demanded a loophole in the policy against planting warm water fish.

Commission fish researchers said they planned to plant a few thousand brown trout fingerlings this fall in the Pigeon and Rifle Rivers and Gamble and Hunt Creeks to determine whether the small fish will live through the winter.

At the request of Chairman Lawrence J. Gotschall of Baldwin, the staff agreed to extend the experiment to Baldwin Creek.

The experiment was proposed to answer criticisms that the commission is wasting money by planting only legal-sized trout in the spring before the opening of the trout season.

John Davis, representing the Hamlin Lake Assn. near Ludington, warned the commission that the Legislature will be asked to curtail commission's powers over fishing, as far as Hamlin Lake is concerned, unless walleyes are planted in that lake.

He said resort owners wanted to be able to advertise that the lake had been planted to walleyes.

Davis said he knew such a step would violate the commission's policy against planting warm water fish, but he added:

"Maybe the warm water policy is right, but the public isn't sold on it yet. Maybe it will take 10 years to sell it. You can't convince a man who has invested his money in a resort that fishing is good and that the program is working."

Incorporation Count Shows 3,200 in Keego

KEEGO HARBOR — Approximately 3,200 persons live in the proposed City of Keego Harbor, within the limits approved by the committee on boundaries.

The census recently completed is in the hands of John Estes, attorney for the Incorporation Committee, for processing. It will go to the Oakland County Board of Supervisors by October 26, when that group next convenes.

Should the supervisors pass the census report, they will set an election date for electors within the area, William Hollibaugh, incorporation committee chairman, said. West Bloomfield Township officials will conduct the election, he added.

India Has First Teletype Circuit in Hindi Tongue

NEW DELHI (AP) — The first newspaper teletype circuit in Hindi, Indian's national language, has been opened between New Delhi and Patna by the news agency, Hindustan Samachar, Ltd.

Distribution of news here has been in English, with Hindi newspapers required to translate the dispatches.

RECEIVE HIGH TRIBUTE — Honor was bestowed on these six industrialists at the 27th meeting of the Future Farmers of America. Plaques expressing appreciation of the FFA and demonstrating the interdependence of industry, business and agriculture were presented on behalf of the FFA by David H. Boyne, National FFA president. Left to right: Boyne, William A. Roberts, president, Allis Chalmers Co.; Chester H. Lang, vice president, General Electric Co.; Roger M. Kyes, vice president, General Motors Corp.; Raymond C. Firestone, executive vice president, Firestone Tire and Rubber Co.; John Kraft, president, Kraft Foods Co.; Frank Jenks, vice president, International Harvester Co.

Board Backs Extension of Northwestern Highway

Oakland County's participation in a bond issue with the state to finance a new highway from Kensington Metropolitan Park to Farmington has been endorsed by the County Planning Commission, according to George N. Skrubbs, director.

The commission also has recommended that the State Highway Department be urged to reach an agreement with the county for designating Northwestern highway a state trunk line and extending it from Orchard Lake road at least to M-59, Skrubbs stated.

The proposed 10-mile route from the park to Farmington would run north of Grand River. The county's share of the cost would probably be a \$300,000 bond issue paid off over 20 years from gas and weight tax funds.

The Northwestern extension would hit M-59 about 1 1/2 miles east of Highland. State Highway Commissioner Charles M. Ziegler has assured the

plan commission in writing, said Skrubbs, that Northwestern would be added to the state trunk line system within the next two years. The planners feel that both projects are necessary for relief of traffic congestion and proper development of the county highway system, Skrubbs added.

SAILING SPANISH MAIN — Spain's top man, Gen. Francisco Franco, (right) is all decked out in naval togs to watch maneuvers by the U. S. Mediterranean fleet off Valencia. Hosts aboard U. S. Carrier Coral Sea are Capt. Harry Sears, (left) skipper of the carrier, and Vice Admiral Thomas S. Combs, commander of the Mediterranean fleet.

FAMILY AWAITS 14th VISIT FROM STORK — Lloyd Brooks, 39, father of 13 daughters, is a busy man these days, as the family awaits a fourteenth child. Taking time off from his \$50 a week truck-driving job, he hangs the family wash. Everyone hopes the baby will be another girl to add to what is believed to be the biggest "all-girl" family in the country.

Says Piano Players Make Poor Tuners

WORCESTER, Mass. (AP) — A musician is under a handicap if he tries piano tuning, says Ronald P. Traill, a piano tuner for 32 years. He says musicians are concerned with tonal quality. The piano tuner listens to the vibrations which determine pitch.

A piano tuner's life has its surprises. Traill has seen mice leaping out of piano cases and squirrels, and sudden clouds of moths. During prohibition, he reached into a piano case and came up with a fifth of hooch.

The commonest enemy of the piano, he says, is the dry heat of overheated apartments and houses.

For concert work, a piano should be tuned before every concert, says Traill. For meticulous musicians, once a month is average. For most of the rest of us, once a year is average.

High Court to Rule on Sedition Cases

WASHINGTON (AP) — The Supreme Court will rule on whether the states as well as the federal government may prosecute persons for sedition against the United States.

The court acted on this and about 350 other cases yesterday as the justices buckled down to their first business session of the new fall term.

Most rulings dealt with whether they will review lower court decisions appealed to them.

In the sedition case, the high tribunal granted a request that

it review a decision by the Pennsylvania Supreme Court holding federal courts alone have authority to try such subversives.

The case involves Steve Nelson, western Pennsylvania Communist party leader. The dictionary calls sedition conduct which tends to treason but falls short of it for want of an overt act.

Nelson was convicted by a Pennsylvania court of violating the state's sedition act and received a 20-year sentence. The State Supreme Court then overturned the conviction, saying it was a matter

for the federal government alone.

Nelson later was convicted, in federal court in Pittsburgh, of violating the federal Smith Act and got a five-year sentence. The Smith Act makes it a federal offense to teach or advocate violent overthrow of the U. S. government.

Twenty-seven states supported contentions by the Pennsylvania attorney general that the Pennsylvania Supreme Court decision should be reversed.

The hearing will be held later in the fall and possibly may be deferred until a successor to the

late Justice Robert H. Jackson takes his seat.

Among other actions the Supreme Court:

1. Refused to consider an appeal by Robert G. Thompson, Communist leader who was captured in a California hideout and given a four-year sentence for contempt of court.

2. Voted 4-3 to set aside a 1953 order which disbarred Attorney Abraham J. Isserman.

3. Agreed to decide if military authorities may take a discharged veteran out of the United States to be court-martialed

Secret Mission Tale Questioned

Congressman Asks U. S. Agency to Verify His Jump Behind Lines

KANSAS CITY (AP) — Rep. Douglas Stringfellow today turned to the Central Intelligence Agency seeking confirmation of his statement that he parachuted behind enemy lines on a secret World War II mission.

The 32-year-old Utah Republican said he would have to depend on the CIA to release its files on him, after the Army Times in Washington questioned whether he really was a war hero. He called a copyrighted article in the Times an "unfounded politically inspired attack."

The Times, which has no official Army connection, asked in the story under the by-lines of Editor Harold G. Stag and Managing Editor Les Honeycutt:

"Was Congressman Stringfellow the heroic and lone survivor of an OSS 'cloak and dagger' operation . . . or was Congressman Stringfellow a private first class with the 62nd Armored Infantry Division who served overseas less than one month, but never saw combat, although he was seriously injured and disabled" while on a routine assignment?

The Army Times said Stringfellow's accounts of his wartime service appeared in Pacific Coast newspapers and on a television show last Jan. 24. He was quoted as telling of experiences behind the German lines with the secret Office of Strategic Services.

Stringfellow told a reporter here last night:

"Rumors and innuendoes began circulating about me last summer and they have increased in scope and viciousness. Stag called me from Washington last Monday and said he was going to print this story unless it was refuted by a high official of the Central Intelligence Agency.

"We were a long way apart—I was in Ogden, Utah—and there seemed to be no opportunity for us to sit down together and talk it over. I couldn't reason with him on the phone."

The congressman said that if the CIA declines to release its records, he would be in "a hell of a lot of trouble."

In Ogden, Keith H. Jacques, Stringfellow's administrative assistant, said the CIA "because of the nature of its responsibility, is not permitted to make its records public" but that the White House had been asked to make an exception in this case.

The congressman flew in here from Denver, where he talked briefly with members of the President's staff, reportedly about the Army Times article. Murray Snyder, assistant presidential press secretary, said he did not see President Eisenhower.

Stringfellow stopped here on his way to Butler, Mo., where he gave a campaign speech on behalf of Republican Rep. Jeffrey Hillelson, who is seeking re-election.

Stringfellow related here last night that he volunteered for Army service Nov. 8, 1942, was called to active duty on April 8, 1943, and that in June 1943, while being given special training at Ohio State University, he was interviewed by a man from the Office of Strategic Services. He said he volunteered for the type of service the interviewer had discussed with him.

"I think it was Sept. 25, 1944, that I was taken out of my company (at Ft. Campbell, Ky.) and told I was going to be a member of an advance guard," Stringfellow said.

He said he and 30 other men were flown across the Atlantic to North Africa and on to Italy. Eventually, he said, they parachuted behind enemy lines in Germany to capture a certain German.

He said he once was told the German was Dr. Otto Hahn, a scientist, but he now is uncertain of whether it was Hahn.

The Germans captured him and four other parachutists, he said, but all escaped eight days later with the aid of the German underground. He said he was flown back to United States to rejoin his old outfit less than three weeks after he started the mission.

FATHER-DAUGHTER ROLES — Glamorous Sophia Loren, one of Italy's lovely gifts to the screen, gets a word of advice from actor-director Vittorio De Sica, in Rome. He plays the role of her father in their first film together which is entitled "It's a Pity He's a Rascal."

Building Totals Exceed Million

100 Permits Issued in West Bloomfield Below October Figure

WEST BLOOMFIELD TOWNSHIP — Stewart Underhill, township building inspector, has reported a total of 100 home permits issued during September, with estimated cost of construction of \$1,414,500.

To date this month 124 permits have been granted, with most of them to be constructed in Sylvan Manor and Franklin Knolls. Included in the building permits reported to the township board at its regular meeting this week were \$10,397 estimated cost of new garages, for a total of \$1,465,547 estimated construction costs last month.

William Van Meter, chief of police, reported for September that 87 complaints were answered, with 27 summons issued, ten accidents with four personal injuries, six property damages with five injuries investigated.

According to Frank C. Hallett, clerk, the township board filled two vacancies on the Walnut Lake Fire Department. Harry Bossard and Clair Miller were advanced to regular firemen on the resignations of Jack and Ernest Jacobson. Hugh Whitmer was made an auxiliary fireman.

The board also recommended the reappointment of Claude J. Whitmer, J. Leo DeConick, Ray D. Baker, and Earl Garrels to the township zoning board.

Bloomfield Library Receives 20 Books

WEST BLOOMFIELD TOWNSHIP — Twenty new books have been received at the West Bloomfield Township Library at Keego Harbor, according to Librarian Stella S. Travis. They are:

Fiction
The Feast of July by E. E. Bates
Love is Forever by Margaret E. Bell
Love and Money by Elizabeth Caldwell
A Handful of Silver by Victor Canning
A Wreath for the Enemy by Pamela Frank
The Plum Thicket by Jane Holt Giles
No Time for Sorrow by Mac Hyman
New York, N.Y. by Will Owsen
Katherine by Anna Seton
Grand Concourse by Elliot Wagner

Non-Fiction
The Story of Damon Runyon by Damon Runyon
Complete Book of Helicopters by D. N. Anagnost
Planning and Building Your Patio by Stan Stewart
Abraham Lincoln by Carl Sandburg
Book 2. Anthony by Katherine Anthony
Firing Beaters on the Attack by Harold E. Wilkins
Guide to a Child's World by Isabelle Buckley
Home Owner's Complete Guide to Remodeling by Hubbard Cobb
Men of Other Planets by Kenneth Spear
Retriever Gun Dogs by William F. Brown

Knights Templar to Visit Church in Drayton Plains

DRAYTON PLAINS — Knights Templar, Pontiac Commandery No. 2, is planning a church visitation Sunday at the 10:30 a.m. service at St. Andrew's Episcopal Church.

The Knights will form in drill formation on the grounds between the church and Sashabaw road not later than 10:15 to march into a reserved section of the church.

Commander Thomas R. Corbin will have as his generalissimo, Henry Bonner of Pontiac and Henry Rohl of Pontiac as his captain general. C. K. Bird of Birmingham will be prelate.

Visitors for this service are asked to use the private church entrance on the north side of the building.

Wixom PTA to Hear Talk on Immunization

WIXOM — The Wixom PTA will meet at the Wixom School at 8 p.m. Monday, with teachers in their rooms from 7:30 to 8 p.m. to meet parents and answer questions about teaching methods.

The proposed bond issue will be explained and discussed. The necessity of proper immunization and how to prevent the spread of communicable diseases will be explained by Dr. John Munroe, director of Public Health for Oakland County.

Bond School PTA Fair Scheduled for Saturday

FARMINGTON — The Bond School PTA fair will be held Saturday, with midway and carnival atmosphere complete with 14 booths.

Milky the Clown will be present for the festivities which provide the budget for the PTA work during the year.

Inhalator Purchase Approved by Board

SPRINGFIELD TOWNSHIP — The township board has approved an \$1,145 appropriation for an inhalator for the township fire department.

All members of the volunteer department will be trained in the use of the new equipment, to be delivered Oct. 29.

Hymns Scheduled

DRAYTON PLAINS — The Community United Presbyterian Church is having a hymning at 7:30 p.m. Sunday at the church.

Monday Meeting Set

LAKEVILLE — The Lakeville PTA will meet at 8 p.m. Monday at the school.

CHECK-OFF — Going over the program in last minute preparation are members attending the annual convention of the Southeast District of the Michigan Federation of Music Clubs held yesterday in Rochester. "Music, the Universal Language" was the theme of the convention, to which the Rochester club was host. Here Mrs. Howard

Wilson, chairman. Mrs. Ralph Curtis, Mrs. Frank W. Coolidge, state president, and Miss Jean Lilly, president of the Rochester club, make final program adjustments. Miss Lilly welcomed the members at the 10 a.m. session at St. Paul's Methodist Church, which was followed by a luncheon meeting, and a musical program in the afternoon.

Colorful Scenery Waiting by Huron, Clinton Rivers

Some of the finest autumn scenery in southeastern Michigan is reaching the peak of color in Kensington Metropolitan Park and elsewhere along the Huron and Clinton rivers.

Road markers are in place for a 33-mile auto tour through Kensington Metropolitan Park near New Hudson and several woods trails are labeled for hikers.

The auto tour, which takes less than two hours of driving time after entering the park, traverses hilly, wooded land and passes several lakes including 1200-acre Kent Lake and 80-acre Beach Lake where a wide variety of local and migratory ducks and many Canadian geese may be seen at fairly close range.

The route starts at the park's main entrance on US-16 two miles

west of New Hudson and winds through the park. Buno Overlook furnishes a panoramic view of Kent Lake and surrounding countryside. The tour continues along the western shore of Kent Lake, past Beach Lake, and leaves the park on the western side, turning north to circle General Motors Proving Ground.

Along this part of the route, some changes have been made from previous years, to avoid road construction in the proving grounds. The park is re-entered at the northeast and motorists are returned to US-16 by the same road used to enter.

Maps of the park may be obtained at the Park Office. Detailed descriptions of the hiking trails on which trees and shrubs are labeled, are also available free of charge at the office.

Park naturalists have also labeled a hiking trail in Lower Huron Metropolitan Park near Belleville.

Tables and stoves are available throughout the fall months in all of the Huron-Clinton Metropolitan Authority parks. Although the boat rental dock at Kensington Park has closed, the free launching sites continue to be used.

Weight Club Moves Because of Growth

WATERFORD TOWNSHIP — The Waterford Fashion Your Figure Club has been forced to change its meeting place because of a growth problem.

Members are losing weight, but the club is growing larger, and will now hold its regular Wednesday meetings in room 206 at the high school, instead of the township hall.

Mrs. Shirley McCoy, chief dietitian at Waterford High School, will be the guest speaker Wednesday, on "Low Calorie Meals."

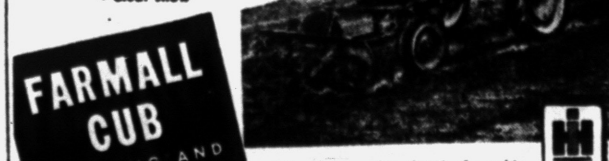

Mrs. Claude Kingsley, Mrs. Elton Johnson and Mrs. Harold Hunt received honors recently for losing the most weight, and Mrs. Gerald Coperhaver and Mrs. Charles Bonham took home a trophy for gaining the most weight.

Food Lesson Scheduled

WHITE LAKE TOWNSHIP — The White Lake Home Extension Group will meet at the home of Mrs. Edgar Thompson Tuesday at 1:15 p.m. Mrs. Clayton and Mrs. Bert McKeachie will present the lesson on "Fills and Fads in Food."

Lapeer Girl Set to Enter College on Scholarship

LAPEER — Ruth A. Welt, daughter of Mr. and Mrs. Clifford Welt of 231 E. Oregon St., was one of a class of 61 graduates of West Suburban Hospital, Oak Park, Ill., last week.

She was awarded a scholarship to attend Wheaton College at Wheaton, Ill., to work for her degree, with hopes of becoming a medical missionary.

Ruth was valedictorian of her class at Lapeer High School in 1950.

Name 4 to Study School Issues

Romeo Board Member to Work on Personnel, Contract Problems

ROMEO — School Board President George McKeough last night appointed four board members to study school problems suggested by school Supt. T. C. Filippula.

Dr. Ralph Renwick and Joseph Jelch will be board representatives on a committee to study personnel policies and a continuing contract for teachers. Walter Sewell and Allan Rush will work on the problem of custodial non-instructional work and pay schedules.

The leave of absence requested by Mrs. Berenice Tompkins for the year 1954-55 was approved by the board.

The official enrollment for the present school year was announced as 1,856 in elementary and secondary schools and 1 postgraduate student. The total predicted by the administration had been 1,889. Announcement was also made that out of the 90 members of the 1954 graduating class, 21 are enrolled in schools of higher education.

A special meeting to discuss the budget was set for 8 p.m. Tuesday.

High Test Revealed for Milford Holstein

MILFORD — A four-year-old Holstein cow, Ho - Beau Acres Whitty belonging to Walter Welberry, 2000 Hill Rd., has just completed a 365-day lactation period, making 19,769 pounds of milk 4.72 test 933.2 fat with twice a day milking.

He also had a junior two-year-old heifer, Ho-Beau Acres Moonlight that made 11,516 pounds of milk 4.68 test 539.2 pounds fat on twice a day milking in 309 days. Testing was done by Paul M. Salmon.

Book Review Club Plans Monday Session

WATERFORD TOWNSHIP — Mrs. William Shunk and Mrs. Carl W. Carr Jr., will review "Charles Dickens, His Tragedy and Triumph" when the Book Review Club meets Monday at the 439 Windgate home of Mrs. George A. Dean.

The meeting, open to all interested Waterford Township women, is scheduled to begin at 1 p.m.

MOMS Plan Dinner

AUBURN HEIGHTS — MOMS Unit 19 will sponsor a chicken dinner from 5-7 p.m. Saturday in the old fire hall on Auburn Avenue. Regular meeting of the group will be held at 8 p.m. Monday.

Teen Age Girls Find Milford Man's Body

MILFORD — Two teen age girls found the body of Burton F. Mills, 71, formerly of Milford, in a field adjacent to Summit street at 6 p.m. yesterday.

He was pronounced dead by Dr. William Grant. A widower and lifelong resident of the Milford area, Mills had mailed a note to a local funeral director, which started a search of the area at noon yesterday.

Judy Anderson, 17, and Rosalie Kowal, 16, found the body. Funeral will be at 1:30 p.m. Monday from the Richardson-Bird Funeral Home in Walled Lake, with burial in White Chapel Memorial Cemetery.

Surviving are two brothers, Walter N. of Armada, and R. D. Mills of Fenton.

Couple Married in Ceremony at Romeo Church

ARMADA — Barbara L. Chamberlin and L. Roy Faulker were married recently in the Baptist Church at Romeo.

The bride is the daughter of Mr. and Mrs. Paul Chamberlin of Armada. Mr. and Mrs. Paul Faulker of Romeo are the parents of the bridegroom.

The couple was attended by Carol Plautman of Armada and David Durning of Detroit.

County Calendar

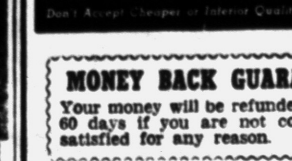

Troy Township
Indiana will be the theme for this month for the Log Cabin Club Soups when they meet at 7:30 p.m. Monday at the school.
A rummage and bake sale will be held Tuesday at the Troy Fire Hall, Livernois and 19 Mile Rd. The See Saw Extension Club will open the sale at 10 a.m.
Sault Lake
The Sault Lake Dredge and Philosophical Society meeting at the Davies Hill-top House Oct. 30 will feature a costume Halloween party.

Food Lesson Scheduled

WHITE LAKE TOWNSHIP — The White Lake Home Extension Group will meet at the home of Mrs. Edgar Thompson Tuesday at 1:15 p.m. Mrs. Clayton and Mrs. Bert McKeachie will present the lesson on "Fills and Fads in Food."

Selfridge Honors Top-Ranking Team Milford Ground Observers See Radar-in-Action Display

MILFORD — For the first time, a group of ground observer corp leaders were permitted to see U.S. radar in action and to witness emergency jet performance at Selfridge Field this week, according to Major Maxwell Gurman.

The exclusive showing was given for the Milford Volunteer Ground Observer Corp, the top-ranking corp of Michigan, because of its "outstanding contribution to the civil defense effort."

Heading the group, Mrs. George Eberle and five leaders were guests of Major Gurman who personally escorted the women through the various departments at Selfridge pertinent to the air defense program.

One of the most interesting experiences of the group was the viewing of the radar screen and its operation. The women were given the opportunity of observing aircraft for a radius of 250 miles in every direction.

The sky was cleared for a special demonstration of two F-86 jets for the group. After the alarm was sounded, two pilots went through the complete procedure of an emergency interception and were airborne in 3 1/2 minutes from the time the alarm sounded.

They circled the airbase and came over the group at an altitude of 100 feet, traveling 650 miles per hour, to demonstrate the acceleration with which enemy aircraft would be apprehended.

Dinner at the officers' mess concluded the day.

Leaders viewing the demonstration with Mrs. Eberle were Mrs. Charles Shepherd, Mrs. Albert Maddock, Mrs. George Agnew, Mrs. George Feeley and Mrs. June Fellon. Two of the leaders who were unable to attend were

Knows Secret

Knows How to Get FAST Relief from Heartburn!

Like millions of people, he has discovered that tiny Tums can bring top-speed relief from acid indigestion and gassy heartburn whenever they occur. For Tums neutralize excess acid almost before it starts—can't cause acid rebound. No water, no mizing. You can take Tums anywhere. Get a handy roll of Tums today.

In occasional—only 10¢ a roll 3-roll pkg. 25¢

HIGH BLOOD PRESSURE How to Live with It

A Series by DR. PETER J. STEINCROHN, Former Chief of Staff, Mt. Sinai Hospital

Can high blood pressure be corrected? Are the new drugs any help? Is it more prevalent among men or women? What about the value of salt-free and other diets?

These and hundreds of other questions on hypertension are answered in this common sense series of articles, the first of which will appear in Sunday's Detroit news. Watch for them!

YOU CAN'T AFFORD A DIVORCE!

Divorce in most cases means supporting two households on an income meant for one . . . depriving husband, wife and children of even simple pleasures.

A. E. Hotchner's article tells the cold facts about the financial side of divorce. It gives the formula used by courts in dividing income according to the husband's salary. Learn what divorce really costs in This Week Magazine, Sunday.

MANY GREAT NEWS FEATURES
