Await Steel Decision After Kaiser Settles

★ ★ ★ ★ ★ ★ ★ ★ ★

Machete Held High in Salute

AP Wirephoto

NEW CUBAN SYMBOL — A peasant waves his machete knife in greeting to Premier Fidel Castro who lashed out with a fiery anti-American tirade last night. The farmer holds a Cuban flag atop a guard tower outside the presidential palace. Below him were gathered several hundred wildly cheering Cubans who heard Castro call for approval of another wave of firing squads.

Promises Return of Firing Squads

Castro Thunders at U.S.

From Our News Wires

HAVANA — Prime Minister Fidel Castro angrily promised a wildly cheering crowd of several hundred thousand Monday night to once again hand over the enemies of his revolution to military tribunals and firing squads.

In a fiery speech of more than three hours, devoted largely to his most violent anti-American tirade yet, Castro also:

1. Gave a strong hint his government may try to drive the United States from its naval base at Guantanamo in southeastern Cuba.

2. Said Cuba will buy airplanes anywhere — apparently meaning from the Communist bloc — if its overtures to buy jets from Britain fail.

3. Virtually signed the death warrant of Maj. Hubert Matos, former commander of the armed forces in Camaguey province and key figure in the latest government crisis.

★ ★ ★

"Firing squads! Firing squads!" the crowd roared as Castro asked them to approve the execution of Matos, who accused the regime of going Communist.

Then Castro replied: "Because it is necessary to defend our nation against aggression, to defend it from aerial attacks from foreign bases, the cabinet will meet tomorrow to discuss and decree for the time necessary the reestablishment of military tribunals."

He asked and received a roaring approval for executions by firing squads if necessary.

It was a repetition of "Operation Truth," the public rally Castro drummed up last January when the speedy executions of so-called war criminals were being severely criticized abroad.

But there was one big difference. In January at least a million persons turned out.

The Prime Minister called for the same turnout Monday, but estimates of the crowd varied between 250,000 and 400,000. By the time he finished speaking, a large part of the audience was gone.

Castro electrified the crowd with an announcement that a plane—which he implied came from Florida—dropped a fire bomb on a house in western Cuba and dropped anti-Castro leaflets.

"How is it possible that in return for our allowing them to have a military base on our territory," he demanded, "that the homes of our peasants, our sugar mills, and the lives of our citizens are exposed to attacks from United States territory?

"How is it possible that a powerful nation with limitless technical resources to intercept even guided missiles admits they are incapable of stopping planes coming to bomb defenseless Cuba."

★ ★ ★

"I ask myself," Castro declared, "would the United States be so careless as to permit Russian immigrants residing in Alaska to go over and bomb Russia?"

In Miami a federal judge Monday refused to begin extradition proceedings against the former chief of the Cuban Air Force until Cuba produces details of the alleged crimes of murder and attempted murder.

Judge Joseph Lieb declined to issue a warrant for the arrest of ex-Major Pedro Diaz Lanz, who fled to this country charging Communists had infiltrated the government of Fidel Castro.

City Bus Fares Up 5 Cents for Adults Next Monday

Busfares are rising a nickel in Pontiac Monday, it was announced today.

The adult fare on Pontiac City Lines, Inc. buses will become 25 cents, said Earl W. Dreasher, manager. But tokens will be back for the first time in a year, selling at five for $1.10, he added.

This puts the price of a token at 22 cents, only two cents more than the current cash fare, Dreasher pointed out.

There will be no change in children's rates, Dreasher said. They will remain 15 cents for students 12 years old or older and a dime for children 6 to 12.

The new prices will be comparable with fares charged in most Michigan cities, Dreasher said.

★ ★ ★

Most municipal bus lines are faced with the same economic problems as Pontiac's — a steady decline in patronage in the face of ever-increasing operation costs.

Dreasher said that operational costs ate up an average 96.7 per cent of the compny's gross earnings in the 11-month period between Sept. 1, 1958 and Aug. 1 of this year.

The percentage rose to over 99 per cent in July and August of this year, he said.

★ ★ ★

The company has an agreement with the city not to boost fares unless the ratio of operating costs to earnings reaches the 90 per cent point.

BOOST HELD OFF

It has held off boosting fares for more than a year, Dreasher pointed out.

Patronage averaged between 104,000 and 122,000 this summer, roughly the same as last summer, Dreasher said. In comparison, during the World War II years, the company was enjoying a patronage five times as high.

Dreasher said there are no cutbacks contemplated in service.

★ ★ ★

The bus lines manager pointed out that higher wages for bus drivers was not a factor in the rise in fares. Drivers asked for a pay increase when their contract ran out in March. But a new contract has not been signed yet.

So That's How They Do It

LANSING (UPI) — A letter from the Indiana State Police with a legend on the envelope reading "Indiana — where we live within our income" has been received by Lansing detectives. The officers took possession of the communication after paying four cents postage due.

Can't Explain Weather

LOS ANGELES (UPI) — The U.S. Weather Bureau's office here took note of yesterday's unexpected rain by reporting "Drizzles continued and in fact increased in some local areas to traces of rain although there still is no real good reason for it."

Key Legislators Hashing Over Our Cash Chaos

Meeting With Williams; Predict Much Disaster; in Session Thursday

LANSING (AP) — Spurred by the threat of "utter disaster," key legislators were to sit down with Gov. Williams today in a fresh attempt to find new tax revenue for debt-ridden Michigan.

They came after state and local officials, starting yesterday morning and continuing till nearly midnight, streamed into the governor's office to describe the financial chaos they face under potential cutbacks in state appropriations.

The Democratic governor, plainly worried, told leaders of the Republican-dominated Legislature he would accept almost any tax plan they proposed if it would produce sufficient revenues.

★ ★ ★

With no new tax money, he said, the state financial structure faces collapse and state agencies and services "utter disaser."

★ ★ ★

Lawmakers will tackle the problem Thursday when they return after an eight-day recess.

Williams, though still supporting an income tax as the best solution to the state's money woes, said he was ready to go for a wholesalers' tax, removal of sales tax exemptions, a state property tax and a variety of "nuisance taxes"—in any combination.

But, he said, they must yield at least 75 million dollars by June 30, the end of the fiscal year. That's roughly what the increased use (sales) tax would have produced in seven months if the state Supreme Court hadn't thrown it out last week as unconstitutional.

PREDICT CHAOS

Answering the governor's summons, state officials, educators and municipal and county officials took more than 12 hours to predict what might happen if lawmakers can't agree on a substitute for the penny increase in the three-cent use tax and state agencies are forced to take an across-the-board 27.6 per cent cutback in general fund appropriations. In substance:

★ ★ ★

State universities and colleges would close their doors or dismiss students and faculty members whosesale, 422 state policemen would lose their jobs, custody staffs at prisons would be sharply reduced, admission cut off at mental hospitals, welfare programs drastically trimmed.

Neither the governor nor state officials thought there was a chance this would happen.

"The people should know the story but should not be taken in by scare propaganda," said Sen. Frank D. Beadle (R-St.

ONE VICTORY FOR McDONALD — Edgar Kaiser, left, board chairman of the Kaiser Steel Corp., and David J. McDonald, president of the United Steelworkers Union, shake hands Monday night on their separate agreement. McDonald still faced the court's decision on the Taft-Hartley back-to-work injunction, due at 4:45 p. m. today.

Supreme Court T-H Ruling Due at 4 P.M. Today

7,500 Kaiser Employes Return Under Contract Reached Last Night

PHILADELPHIA (AP)—The record 105-day steel strike, its obstinateness cracked slightly by a Kaiser Steel Corp. agreement with the United Steelworkers, headed for another showdown today in federal court.

The U.S. 3rd Circuit Court of Appeals will announce at 4 p.m. whether the 500,000 striking steelworkers must return to work for 80 days under a Taft-Hartley injunction or may continue their strike.

The ruling, however, will not be released until about 4:45 p. m. because appellate courts here usually wait until after the country's stock markets close to hand down decisions which affect stock prices.

Meanwhile, 7,500 Kaiser employes returned to work at plants in California under a new agreement which will be in force until June 30, 1961.

And the nation's biggest steel maker, United States Steel Corp., today tells the world how much money it is losing as a result of the steel strike.

Several other companies, completely shut down by the strike,

First Snowfall Forecast Made

Colder Than Normal Through Wednesday, Says Weatherman

Snow was expected in Pontiac today.

Occosional light rain mixed with snow was forecast for today, with the city's first snowfall of the season expected to end tonight.

Those gloomy clouds and that chilly air are going to remain at least through Wednesday, with temperatures averaging five degrees below normal.

The high today will be 40, the low tonight 33.

The storm center which had dumped up to nine inches of snow on Michigan's Upper Peninsula will move into the lower part of the state today.

★ ★ ★

The U.S. Weather Bureau warned that some areas of lower Michigan might receive as much as two inches of wet snow during the night and driving conditions were expected to be hazardous in many areas.

Gale warnings were in effect on Lake Michigan and Lake Superior and small craft warnings were posted on the rest of the Great Lakes.

From 10:15 a.m. yesterday until the same time this morning .10 of an inch of rain fell in the downtown area. Morning winds northerly at 12 miles an hour will diminish somewhat tonight.

The lowest temperature preceding 8 a.m. at The Pontiac Press was 37 degrees. The thermometer registered 36 at 1 p.m.

Objections to Delay Air Service for City

Approval of airline service for Pontiac will be delayed while other Michigan cities fight for more service for themselves.

Seven have demanded more, and their pleas will be the subject of a hearing by the Civil Aeronautics Board late this year or early next.

Until the CAB reaches a decision, the plan for more short-haul service in Michigan will be held up.

No objections have been filed with the CAB on the proposal to include Pontiac as a stop-off on a Detroit-Cheboygan route of North Central Airlines.

Nor has anyone complained to the CAB that Pontiac should be granted more service than this at the present time.

But Kalamazoo, Midland, Bay City, Saginaw, Reed City, Traverse City and Muskegon all took exceptions to service proposed for them in the recommendations of CAB examiner Barron Fredericks.

NOT ENOUGH

The cities claim that Fredericks is not proposing enough north-south short-haul service to meet the state's needs.

Frederick's report, turned in last month, climaxed a three-year study of the lack of air service in the Great Lakes region.

More than a dozen exceptions to Frederick's proposals have been received so far and more are expected by the deadline Friday.

The CAB will conduct open hearings in Washington sometime in December.

Pontiac officials expect that the local service, if approved, will begin shortly after completion of the terminal-tower project next summer.

Election Returns

The Pontiac Press will offer election returns tonight on the balloting for a library in Waterford Township.

Information will be given to persons calling FE 2-8181 between 9 and 11 p. m.

He Can Always Quit

SAN FRANCISCO (UPI) — San Francisco today sought a gunman who doesn't like his job.

He robbed a supermarket of $1,000 and then muttered to the manager and two employes as he walked away: "This is a helluva way to make a living."

As a 3-Year-Old Sees It

LONDON (UPI) — The Daily Telegraph today published a letter from a mother who described her three-year-old daughter's first comment on irplane skywriting.

"He's writing again," said the girl.

"Who?" asked the mother.

"God," replied the child.

Fisher Body to Shut Down

Steel Strike Cause of 2,400 Plant Layoffs in First Local Closing

Fisher Body Division's Pontiac plant will lay off 2,400 production workers tomorrow because of steel shortages.

Production will halt when the first shift leaves the plant at 3 p.m., a divisions spokesman said. Only about 350 maintenance and tool and die workers will remain on the job.

The shutdown will be the first in Pontiac caused by the nation-wide steel strike.

Pontiac Motor Division and GMC Truck & Coach Division are expected to announce more layoffs before the end of the week.

Pontiac Motor laid off 2,000 production workers Friday, leaving 6,000 on the job.

The Fisher Body shutdown will cut off the supply of automobile bodies at Pontiac Motor.

★ ★ ★

Auto industry layoffs due to the steel strike climbed towards the 125,000 mark today with reports of planned cutbacks totaling 5,500 workers at two General Motors plants.

Officials at GM's Buick-Oldsmobile-Pontiac assembly plant at Doraville, Ga., announced they would lay off 2,500 more workers at the end of the Thursday shifts. The Thursday layoff will halt all truck and automobile production in the Atlanta, Ga., area by GM.

Another 3,000 employes at the GM assembly plant in Linden, N. J., will be laid off Friday because of materials shortages.

GM previously had announced layoffs totaling 115,000.

Chrysler Corp. has announced layoffs totaling 2,300. Ford, American Motors and Studebaker-Packard have not yet been affected by the steel strike.

At Milwaukee, the A. O. Smith Corp. announced it would have to shut down its automotive division completely and lay off another 1,600 to 1,700 employes within the next week or 10 days. The automotive division is a major producer of car and truck frames.

At Alpena, Fraser Products Co., which manufactures automotive trim, said it will lay off 360 workers at the end of the Wednesday shift. The firm sells most of its production to GM.

Others in County May Have to Close by Year's End

Pontiac Schools Escape Tax Pinch for Now

As school systems throughout the state, financially on their knees, await the coup de grace from Gov. Williams, Pontiac faces no immediate effect of the tightening cash bind, it was reported today.

Officials of school systems, such as Birmingham and Oxford, who have been operating on borrowed monies, last night learned they also are existing on borrowed time.

Williams told 19 educators at a late session yesterday that the state might have to skip a 22 million dollar payment due local districts next month.

With credit waning, many representatives said the move would close school doors in their districts before the end of the year.

Pontiac Superintendent of Schools Dana P. Whitmer expressed hope that the state will have found some source of revenue to pay the school systems by the time Pontiac feels the pinch sometime in early spring.

school system has received its share of local taxes from the summer collection, "sufficient to carry us through the first eight months of the school year."

In jeopardy now are the school systems where local taxes are not collected until December. They have been operating on borrowed funds.

The 22 million dollar installment of the primary school interest fund from the state is due this month. Pontiac's share, due Oct. 25, is approximately $200,000.

The Pontiac school system is slated for $3,211,545 in state aid paid in six installments, August, October, December, February, April and June.

The state already has fallen 40 million dollars behind in school obligations.

★ ★ ★

Present at last night's meeting with the governor was Norman Wolfe, assistant superintendent of Birmingham Schools and president of the Michigan Association of School Board Officials.

He asked Williams: "Isn't there a constitutional injunction requiring that the primary school interest fund installment be paid?"

Williams replied, "It's a constitutional injunction, but if you've got no money any kind of an injunction doesn't do you much good."

R. A Ambrose, superintendent of Oxford Schools and a representative of the Michigan Association of School Administrators, said it appeared local schools might not be able to last out the school year.

★ ★ ★

"If we don't get some money," said Ambrose, "we're going to be out of business before the end of the year. We've got to raise 75 or 100 million dollars in new taxes, besides getting the ready cash in the Veterans Trust Fund.

"The school people have got to do something to educate the people as to the unusual needs. The time is coming when the schools are just going to have to close their doors unless we get some money."

Five or six of the educators brought up the state income tax in one way or another in a discussion of possible tax remedies, although none gave it strong endorsement.

★ ★ ★

Wolfe said Michigan schools lost 120 million dollars with the abolishment of the use tax. The state owes the schools 25 million from last year and $40,300,000 already this year.

"We need the Veterans Fund for emergency relief," he said. "The Legislature will meet on this problem again Thursday, but the majority of legislators have gone on record that they don't want to touch it for fear the money will not be paid back.

★ ★ ★

"As for Birmingham, if we don't get any more money, we'll get hit sometime after the first of the year. The majority of the school systems will get hit by the first of December.

"They won't have the neces-

GM Names Harvey to Head Division

DETROIT (AP) — William Harvey III today was named general manager of the Motors Holding Division of General Motors by President John F. Gordon.

The division provides capital financing for retail dealers in General Motors automobiles.

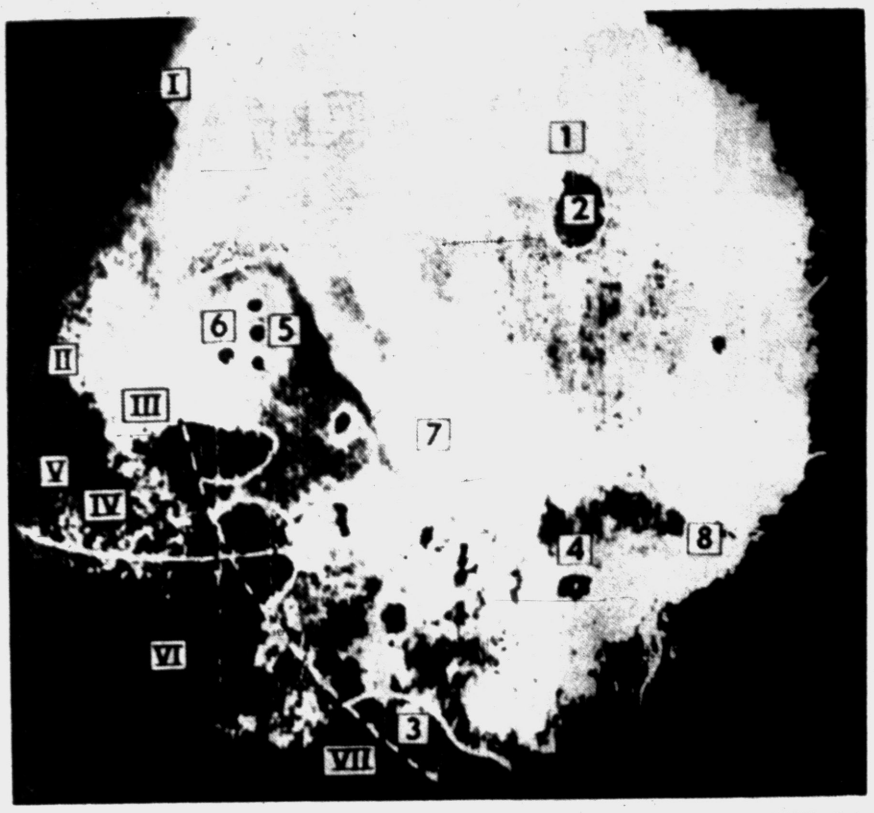
Harvey, a native of Jamaica, N. Y., was graduated from Cornell University in 1948. He succeeds Herbert M. Gould, who will retire Dec. 31 after 33 years with General Motors.

'Gun Battle' All Wet

CARSON CITY, Nev. (UPI) — Carson City authorities rushed into action when they received a report that two carloads of teenagers were involved in a running "gun battle" on city streets.

The guns were water pistols.

World Hails Soviet Moon Pictures



AP Wirephoto

WHAT RUSSIA SAYS IS HIDDEN SIDE OF MOON — Russia claims this is the hidden side of the moon as photographed by instruments in their Lunik III. According to the Russians, identifiable places are: 1—Large 300 kilometer in diameter sea crater, "Moscow Sea;" 2—"Astronauts Bay" of "Moscow Sea;" 3 — Continuation of South Sea on moon's reverse side: 4 — Crater of main "Tziolkovsky Hill." 5 — Crater of central "Lomonosov Hill;" 6 — "Joliot Curie" crater, 7—"Sovietsky" mountain range; 8—"Dream Sea." Solid line across diagram shows moon's equator; dotted line is border line between seen and unseen part of moon from the earth. Solid lines around objects show absolutely established objects determined in preliminary processing. Dotted lines around objects show objects needing form clarity; fine dots around objects show objects on which clarification is now taking place. Remaining parts — further processing now taking place on received photo material. Objects with Roman numbers are those on seen side of moon: I — Gumboldt Sea; II — Sea of Crisis; III — Regional Sea; IV — Sea of Waves; V — Smith Sea; VI — Sea of Fertility; VII — South Sea.

Shots of Planets May Be Possible

Russia Loses No Time Naming All Mountains and Seas Visible

MOSCOW (AP) — The Soviet Union boasted today that Lunik III's history-making transmission of pictures of the hidden side of the moon heralds photographic surveys of the planets beyond.

Tass, the official Soviet news agency, said the successful operation of the space vehicle and its picture-taking apparatus "opens up broad prospects for studying the planets beyond."

★ ★ ★

A Soviet scientist, Vasiliy Lobastov, said Lunik's transmission of its moon shot "has insugurated the most perfect method of studying planets—through rocket photography."

★ ★ ★

The world got its first look today at the far side of the moon. Photographs released Monday night indicate the area is covered mostly with mountains, Tass said, with only a few of the craters that pockmark the side the earth sees.

First reports indicated the hidden side of the earth's natural satellite was largely unmarked plains, "considerably more monotonous than the side turned toward the earth," as one announcement said.

Scientists in America and throughout the world hailed the Soviet photographs as a remarkable scientific achievement. Many said the pictures fitted in with their preconceived notions of the landscape of the moon's far side.

★ ★ ★

The Soviets lost no time naming visible features. They called a 180-mile wide depression north of the lunar equator "The Sea of Moscow." A bay in the southern part of the depression was named "The Bay of Astronauts."

★ ★ ★

A team of Soviet scientists also tagged six other landmarks. Scientists from many countries participated in naming the so-called seas, mountains and craters located on the moon's side facing the earth.

NEW YORK (AP) — The Russians may get to name everything on the back side of the moon. Through the centuries, the discoverer traditionally has had the right to decide what to call his discovery.

This likely will hold if Russia can map all the moon's other side before the United States. And Soviet prospects appear good, considering the success of its recent moon-scanning rocket.

Moscow newspapers today carried detailed information on the design and operation of Lunik III, which was launched, and took its pictures during a 40-minute period Oct. 7, then returned from its moon journey Oct. 18 to begin an orbit around the earth.

★ ★ ★

Tass said the 614-pound traveler was between 37,284 and 43,498 miles from the moon when its photographic equipment was switched on.

★ ★ ★

"The taking of the photos," Tass continued, "was timed so that the station on its orbit should be between the moon and the sun, which lit about 70 per cent of the unseen side of the moon."

CONTROLLED FROM EARTH

The news agency said all equipment aboard Lunik was "controlled from posts on the earth through a radio line and autonomous program devices on board."

"This combined system," it said, "makes it possible to control scientific experiments in a most convenient way and to obtain information from any section of the orbit within the limits of radio visibility from the observation posts on earth."

★ ★ ★

To carry out its photographic assignment, the flying laboratory was equipped "with a system of orientation and photo television and photo television apparatus with special equipment for automatically processing the film."

★ ★ ★

The Soviet reports did not indicate when the pictures were transmitted to earth. They did say the operation was carried out over distances up to 290,000 miles.

Key Legislators Meet With Gov. Williams

(Continued From Page One)

Clair), Senate majority leader and one of the group meeting with Williams today.

"I am confident that the Legislature will find the ways and means to meet essential budget commitments without crippling cuts in any program," he said.

"Economy should be the watchword in all government operations. Not a penny should be spent except for essential purposes in this emergency situation.

★ ★ ★

"But all necessary and essential services should and will be maintained."

WILLIAMS TALKS

Said Williams:

"I hope both sides will throw politics in the ashcan for the time being and get a program."

Meanwhile, he said, the Legislature must agree to make use of the 50-million-dollar veterans trust fund.

★ ★ ★

"We need the trust fund for the cash crisis and it's a one-shot thing," he said. "The cash crisis and the revenue crisis cannot be treated as separate items. Otherwise, we are only buying more trouble in the future."

With the state facing a $93,500,000 cash shortage Nov. 30, Revenue Commissioner Louis M. Nims told the governor an income tax holds the only long-range solution to Michigan's money troubles.

Republican legislators, however, have fought against an income levy.

★ ★ ★

Nims said the Legislature might pick up the needed funds by slapping a one-half per cent tax on items sold at wholesale, levying a series of nuisance taxes and removing sales tax exemptions on agriculture products and industrial processing.

LARRY HEALEY

Williams Lake Area Knows Carrier Healey

Like the postman, Pontiac Press newsboys trudge through rain, sleet and snow to make the rounds of their routes.

★ ★ ★

It is through their efforts that The Press is delivered daily to the doorsteps of thousands of Oakland County homes.

This is the first of a series of sketches about the unsung newspaper hero — our outstanding newsboys.

All Press readers in the Williams Lake area know 14-year-old Larry Healey.

★ ★ ★

A freshman at John D. Pierce Junior High School, Larry, who lives at 3250 Warringham St., Waterford Township, has been a Press newsboy for two years.

After finishing high school, Larry plans to go to business college in Ypsilanti. Michigan State University Oakland is another possibility, he says.

His hobbies are skeet shooting and playing the cornet.

★ ★ ★

He has his own instrument, paid for with his route earnings. His job as a carrier has enabled him to purchase a motor scooter and he also buys his own clothing.

The Day in Birmingham

No Water Rate Hike Here — for the Present, at Least

BIRMINGHAM — Residents here are not in for a hike in water rates, at least not right now.

The present water charge will remain unchanged until a city-conducted study is completed.

The study will determine what effect an area blanket rate increase made by the Southeastern Oakland County Water Authority will have on the financial position of the city's water department.

The City Commission decided on this action last night after following a recommendation made by City Manager L. R. Gare, in a report.

The Water Authority had been notified by the Department of Water Supply of Detroit that a rate increase of 12 cents per 1,000 cubic feet would become effective Nov. 1.

The Authority had been informed that it would be necessary to increase the present rate of $1.30 per $1,000 cubic feet to $1.42.

This increase will cost Birmingham about $15,000 more a year.

★ ★ ★

The Water Authority had notified area municipalities it would absorb the rate increase for November and December. This will cost the Water Authority about $13,000.

Gare, in his report, said that if at a future date it appears any adjustment is necessary, a report will be submitted to the commission.

The commission also at last night's meeting accepted $7,032 donated by the Central Business District Development Committee to defray cost of securing the services of a planning consultant.

The consultant, who would be paid $100 a month for 24 months, would work on a central business district development plan.

In offering the money to the city, Wilbur Mason, chairman of the CBDD committee, said that "very few strings were attached to the money."

Mason told them the CBDD committee will assume the responsibility of keeping its members and contributors informed as to the direction, progress and cost of the program.

"By accepting these funds," Mason said, "we do not obligate the city to put into effect any program or project resulting from the study. However, we do expect that any resulting plans or reports be made available ot the public."

Authorization to negotiate with the State Highway Department in an attempt to re-install a traffic light at Woodward avenue and Chapin street was given Police Chief Ralph W. Moxley by the Commission.

★ ★ ★

Moxley said that a report from Traffic Consultant T. M. Vanderstempel showed that "a traffic signal at this location appears to be most desirable from the standpoint of vehicles attempting to cross either portion of the intersection."

"With the heavy volumes of traffic on Woodward," the report said, "the gaps in traffic on the street are very limited during rush hours. We realize the necessity of moving these heavy volumes on U.S. 10 with a minimum of interruption to their flow.

"We therefore feel that a signal should be re-installed at this intersection, if it can possibly be interconnected and synchronized with those signals to the north and south so as to cause a minimum of interference with U.S. 10 traffic."

County Judges to Get Pensions

Amendment Is OK'd 67-3 by Supervisors in Time to Benefit Doty

Three Oakland County supervisors yesterday opposed placing circuit judges under the county's retirement system.

However, negative votes from Thomas H. O'Donoghue (Ferndale), Roy L. Duncan (Troy), and Lee H. Clack (Oxford Township) failed to stop an amendment to the system. It passed 67 to 3.

O'Donoghue and Duncan said they were against the amendment, which is expected to cost the county $4,200 a year beginning in 1961, because they didn't have enough information on the proposal.

Clack said he didn't believe the five county judges heretofore only eligible for state retirement benefits should be under both.

Yesterday's amendment was rushed through in order that 79-year-old Judge Frank L. Doty will qualify. Judge Doty retires at the end of this year.

"We felt it would be unfair to allow the senior member of the bar to retire without benefit," said Robert E. Lilly, executive secretary of the Retirement Commission and auditor.

★ ★ ★

Judge Doty sacrificed some $2,400 in state pensions when he decided to serve out his present term.

Lilly said Doty will receive about $2,500 a year in county pensions for life. He must pay into the system's treasury five years of back deductions, Lilly said.

Judges today receive $12,500 a year from the state and $11,000 from the county. Effective Jan. 1 the county share will be cut to $10,000.

Lilly emphasized in answering questions on the amendment that the county will pay benefits based only on the county share.

Before yesterday's amendment, the Employes' Retirement System required that a person receive 50 per cent or more of his or her pay from the county to qualify. This excluded the judges. The amendment changed this to 40 per cent.

Array Is Bewildering

Nims Reveals Tax Possibilities

LANSING (AP)—There are plenty of untapped tax sources, but each has barriers, shortcomings or unpopular features, says State Revenue Commissioner Louis M. Nims.

At the request of Gov. Williams, Nims dug into the Revenue Department files yesterday and put together a list of potential revenue sources for the Legislature to consider.

He cited these possibilities:

1. Wholesale tax of 1½ of one per cent, which would produce about 47 million dollars a year, or 28 millions for the final seven months of fiscal 1959-1960. This, said Nims, might clash with the constitutional ban **against a sales** tax exceeding three per cent.

2. Elimination of sales tax exemptions on agricultural equipment and industrial processing, worth 50 millions a year or 30 millions in seven months. Strong farm and industry lobbies are opposed to this.

3. One mill state property tax, figured on a state assessed valuation of $22,438,384,100, which would produce 22½ million dollars in 1960 by making it effective Jan. 1.

4. Penny boost in five-cents-per-pack tax on cigarettes, worth nine million dollars a year, $5,250,000 during the seven months.

5. Doubling beer taxes from $1.25 per barrel, a seven million dollar annual yield and four millions in seven months.

6. A 20 per cent wholesale tobacco tax — three millions and $1,750,000.

7. One million increase in business activities tax, retaining the present credit clause and making it retroactive to July 1 — six million dollars.

8. Three per cent tax on foreign insurance company premiums — seven millions and $4,200,000.

9. Two per cent gross income tax modeled on the Indiana Plan, together with repeal of present sales, use, intangibles, business activities and other taxes — 185 millions and 105 millions.

10. Flat rate income tax of one half per cent bases on federal exemptions — 60 millions and 48 millions.

★ ★ ★

11. Two per cent personal income tax, combined with repeal of corporation franchise, BAT and intangibles taxes — 110 millions and 112 millions.

12. Five per cent corporation income tax, combined with repeal of corporation franchise, BAT and intangibles taxes — 110 millions and 99 millions if retroactive to July 1.

13. Repeal of existing inheritance tax and enactment of estate and gift taxes at rates ranging from six to 2 per cent with a $30,000 exemption and a $50,000 life insurance exemption — 7½ millions if retroactive to July 1.

14. Piggyback personal income tax at seven per cent of the federal income tax — 128 millions and 103 millions.

15. Removal of sales tax exemptions on services such as dry cleaning and haircuts — 25 million dollars a year.

Missing was a proposal by Frank Seidman, Grand Rapids accountant and chairman of the Citizens Advisory Group to the Conlin Legislative tax committee, to double the business activities tax, currently producing about 60 million dollars a year.

Williams also asked Nims to figure yields on a variety of other small "nuisance taxes" such as real estate transfers.

Sheriff Facing Furniture Suit

Seek Return of Goods Taken From Home as Result of Divorce Plea

Legal action to force Oakland County Sheriff Frank W. Irons to return a household of furniture to a 14-room Bloomfield Township home has begun. The furniture was taken as the result of a divorce suit.

Through his attorney Philip E. Rowston, James P. Chapman, a Detroit public relations man, seeks a writ of mandamus in Circuit Court to force Irons to return all property taken July 31 from the Chapman home at 3300 Lone Pine Rd.

Mrs. Chapman is the granddaughter of the late Edward C. Kinsel, founder of the Kinsel drug store chain.

The petition said Deputy Herbert R. Radunz "completely stripped" the home of furniture, appliances, china, silver, glassware, clothing, pets and livestock.

"They even took a soap dish," Rowston said.

He said Chapman, who was sued by his attractive wife, Betty Ellen, for cruelty, has had to stay with friends since.

A hearing has been set for next Monday to determine whether the writ should be issued.

The property, now housed in a storage firm, was removed under a writ of replevin action started by Mrs. Chapman.

This began after Judge William J. Beer refused a divorce in June. It has been appealed to the State Supreme Court.

On Aug. 3 Judge Clark J. Adams ordered all property held by Irons under the writ of replevin returned forthwith to Chapman since it had "no especial value to" Mrs. Chapman.

Rowston's request for writ of mandamus said Irons and his deputies "have steadfastly failed, neglected and refused to return the property.

Three Nations Resume Nuclear Test Ban Talks

GENEVA (AP) — The United States, Britain and the Soviet Union resumed their nuclear test ban treaty talks here today after a two-month recess.

Britain's Sir Michael Wright presided over the closed session in Geneva's Palace of Nations. Ambassador James J. Wadsworth represented the United States and Semyon Tsarapkin the Soviet Union.

Chills Great Lakes Region

Snow Belt Moving East

By The Associated Press

Snow and rain and frosty weather which put a chill across most of the Midwest for the last few days spread into the Northeast today.

The snow belt extended from Minnesota across the upper Great Lakes region into northern New York state. Rain mixed with snow covered areas from Iowa eastward through the lower Great Lakes region.

Most of the snow melted as it touched the ground but two-inch falls covered the ground in sections of Minnesota, Wisconsin and upper Michigan. Strong northerly winds whipped the snow, creating hazardous driving conditions.

Light rain fell along the leading edge of the cold air mass from central New York and Pennsylvania southward along the western slopes of the Appalachians. Thunderstorms rumbled across scattered sections of the west Gulf Coast from southern Louisiana to southern Texas. The heaviest rainfall during the night was in eastern Tennessee, with nearly one inch at Crossville. Showers were in prospect from the Virginias southward to northern Florida.

The Weather

L. Harvey Lodge Lions Club Speaker

The Pontiac Lions Club will have State Sen. L. Harvey Lodge as its guest speaker Wednesday at the Waldron Hotel.

His scheduled speech is titled "Selling Your Birthright." The occasion is the club's regular noon luncheon meeting.

Lodge is expected to center his talk around the part played by business and professional leaders in government.

Schools of Pontiac Escape Tax Pinch

(Continued From Page One)

sary funds without state aid by that time, but whether they shut down is a different matter. Eighty per cent of costs goes for teachers' salaries.

"Maybe the schools will pay in scrip like they did in the 30s during the depression. Maybe the teachers will work without pay during the crisis. Maybe the schools will shut down entirely.

"We don't know yet."

Those present in the governor's chambers heard of President John A. Hannah's statement earlier in the day that Michigan State University might as well close its doors Jan. 1 if available funds were cut back 30 per cent.

Circuit Court Cracks Down

8 Burglars Go to Jackson

A crackdown on county burglars was evident in Oakland County Circuit Court yesterday as Judges William J. Beer and Frank L. Doty sent eight to Jackson Prison.

There had been a rash of burglaries in the area.

Judge Beer, who earlier this month said he intended to be "far more severe" with burglars, imposed stiff prison sentences on four men for breaking and entering and on two who pleaded guilty to larceny from buildings.

Judge Doty sentenced two to prison for the July 26 burglary of $400 from the safe at the Richardson Farm Dairy, 7350 Highland Rd., Waterford Township.

Joseph J. F. Crampton, 20, of 32328 Brush St., Madison Heights, received 1½ to 15 years, while his companion William D. O'Guin, 25, of 327 W. Otis Ave., Hazel Park, received 5 to 15 years. Both pleaded guilty Oct. 8 to a second count of breaking and entering in the nighttime.

★ ★ ★

For the theft of three rifles, cigarettes and $19 from a hardware store, Raymond T. Wilson, 21, of 9082 Ashdown St., and Jack H. Neville, 19, of 9138 Mandon St., both of Milford, reecived 2 to 15 years and 1 to 15 year sentences, respectively, from Judge Beer.

A 19-year-old Ortonville youth, Robert L. Thompson, of 211 Seymour Lake Rd. was sentenced to six months to 15 years in prison for taking items ranging from candy bars to motor oil from a gas station in Independence Township in September.

★ ★ ★

Robert E. Thompson, 42, of 15 S. Williams Lake Rd. was sentenced to Jackson for the fourth time since 1949 for breaking into a gas station at 714 Baldwin Ave. last month. Thompson, who was caught in the act, pleaded guilty Oct. 5. He received 4 to 15 years.

Judge Beer handed out a 2 to 4 year term to David B. Wilson, 20, of 29 Cooley Lake Rd., for the theft of a wallet containing $531 and a revolver from a city home in August. Wilson pleaded guilty Oct. 5 to larceny in a building.

★ ★ ★

Upon his arrest, Wilson also admitted a string of 25 other burglaries, police said.

★ ★ ★

After pleading guilty to larceny from a building David Cummings, 19, of 2909 Woodelm St., Auburn Heights, was given 1 to 4 years in prison.

★ ★ ★

He pleaded guilty Oct. 12 to the theft of $150 and a .22 caliber pistol from a Troy home last month.

AP Wirephoto

EARLY SNOWSTORM HITS — William Goetsch of Green Bay, a Wisconsin Telephone Co. employe, scrapes snow from wires to restore communications knocked out by the season's first big snowstorm in Wisconsin. The lines were down three miles south of Crandon in the northern part of the state. The storm, which hit late Saturday, dumped up to nine inches of snow on Michigan's Upper Peninsula and has harried an area from Minnesota to New York. Light snow was a possibility today in the Pontiac area.

Await Steel Decision After Kaiser Settles

(Continued From Page One)

have reported huge losses. Some smaller companies, not shut down by the strike, have reaped sharply higher profits.

This is the regular date for U. S. Steel directors to meet and issue the third quarter earnings report. It will be announced shortly after the New York Stock Exchange closes.

Kaiser, the nation's ninth biggest producer, pierced the industry's solid front Monday night by signing a separate peace with the union after nearly five hours of behind-doors negotiations in Washington.

WON'T WAVER

But the other 11 big companies said Kaiser's defection would not affect their determination to resist what they termed an inflationary settlement.

The new contract calls for an added 10 cents in fringe benefits for the first year and 12½ cents more the second year, including a 7-cents-an-hour pay boost. Company officials declined to say what Kaiser workers made before the strike began. The industry-wide average was $3.11 an hour.

★ ★ ★

Union committees met again today with some of the other companies in Pittsburgh and other sections of the country.

Top-level talks between the union and the industry's regular four-man bargaining team have been recessed. R. Conrad Cooper, chief industry negotiator and vice president of U.S. Steel Corp., said no further meetings are scheduled.

★ ★ ★

Top-level talks had been scheduled Monday in Pittsburgh but were called off after Steelworkers' president David J. McDonald went to Washington to meet with Kaiser officials.

No matter what the three-judge panel rules today, the union or the government is expected to appeal to the Supreme Court. This could bring another delay in execution of the injunction.

The 45 commonly known infectious diseases that attack cattle in the United States cause an annual loss of 607 million dollars.

LEE O. BROOKS

County Official Quits Road Post

Lee O. Brooks Cites Ill Health in Resigning Job Held Since 1937

The resignation of Leo O. Brooks, a member of the Board of Oakland County Road Commissioners since 1937, yesterday was submitted to the Board of Supervisors.

Brooks of Milford gave ill health as his reason. He asked that his resignation become effective Dec. 31. His present term expires the end of 1962.

Delos Hamlin, chairman of the Board of Supervisors, said Brooks' successor to the $7,500-a-year position probably would be named at the November meeting. Supervisors nominate and elect the road commissioners.

The former White Lake Township supervisor was first appointed to the Board of Road Commissioners in May 1937 to fill the vacancy created by the resignation of Charles R. Hauke.

He has served several terms as chairman of the three-member board.

License Tabs Debut in State

Auto Registration Will Begin Monday; You'll Only Get Date Button

LANSING (AP)—For the first time in history Michigan motorists will get a date tab instead of a full-sized license plate when the 1960 vehicle registration year starts next Monday.

The tabs with a green 1960 on a yellow background were promoted by Secretary of State James M. Hare as an economy measure. He estimates their use will save the state $266,000 in the current fiscal year.

Commercial vehicles, however, will continue to get full-sized plates. The damage to plates on these vehicles is much greater than that of passenger automobile plates.

Hare originally planned on issuing full-sized plates for passenger vehicles every third year with tabs being used in the intervening two years.

This plan was upset when the Legislature passed a bill to make motorists pay a 35-cent fee for reflectorized license plates.

But the law won't become effective until 90 days after final legislative adjournment. Thus, if the Legislature continues in session until December—a definite possibility—most motorists registering before the March 1 deadline won't pay the extra 35-cent fee.

Those assessed the extra fee later, Hare said, are likely to complain, particularly since the reflectorized plates won't be issued for 1960 anyway.

Hare suggested one way out of the mess would be for the Legislature to repeal the reflectorized plate law and pass a new law with immediate effect.

Meanwhile, to confound the confusion, three new bills dealing with the glow-in-the-dark plate law have been filed in the Legislature. One would repeal the law altogether, another would boost the fee for the plates from 35 to 60 cents a year and a third would defer collection of the fee until the 1961 registration year.

To Take Bids in January on Lansing Building

LANSING (AP)—Bids will be taken in January for construction of a multi-million-dollar municipal building in Lansing, city officials announced yesterday.

The structure will house the city board of water and light, and the Ingham County circuit courts and their staffs.

The building, with 140,000 square feet of office space, will be erected on the site of the recently razed old city hall.

Decision Wrecks City Budget

Hamtramck Dodge Assessment Cut

LANSING (AP) — The State Tax Commission has whacked Hamtramack's ascsessment of the Chrysler Corp. Dodge Main Plant from $49,559,000 to $29,185,855.

The effect was to shave about 15 per cent off the city's property tax base and municipal revenues from that source, producing acute budget pains.

In its appeal, Chrysler aked a reduction to $25,648,000, thus getting most of what it sought.

In another decision announced yesterday, the Tax Commission pared $14,510,380 from the $99,862,520 in assessments placed on Detroit Edison Co. properties in 17 cities and 13 townships of Wayne County.

A third decision slashed the valuation put by Redford Township on the General Motors Corp. Diesel plant, although not as deep as a year ago.

★ ★ ★

An original assessment of $31,527,500 was chisled to $16,340,000, compared with last year's Tax Commission determination of $11,908,300 and the township's valuation of $12,800,000 in 1957.

The state agency said it was bringing the diesel plant assessment in line with valuations for other property in the township.

OTHERS REDUCED

Other Edison Co. valuations in Macomb and Monroe counties have been reduced the Commission said. However, the decisions are in the hands of field men and details were temporarily unavailable in Lansing.

As to the six-story Dodge Main Plant, Crysler contended it is outmoded and contributes to high manufacturing costs. The trend in recent years has been to build manufacturing facilities of this type on one level.

The real property figure assigned by the city for land and buildings was reduced from $19,559,000 to $11,161,400, and the personal property assessement from 30 million dollars to $18,024,455.

Chrysler said the real property couuld not be sold for more than $5,000,000. It urged an assessment of $10,648,000 "in the interest of equity."

The tax commission is nearing the end of hearings on 1,167 appeals filed from all parts of the state on all classes of property. Only about 50 of them still are undecided.

★ ★ ★

One of these is an Edison Co. appeal from a City of Detroit assessment of property there in the amount of $163,168,260.

To Present Study on Project

Would Breed Super Race

BLOOMFIELD, Ind. (AP) — Selective human breeding which would produce a superior human race will be advocated by Dr. Hermann J. Muller, Nobel Prize-winning geneticist, at a meeting in Chicago next month.

Muller, a faculty member at Indiana University, said he will present a 16,000-word study on the project during an international celebration at the University of Chicago marking the 100th anniversary of Darwin's theory of evolution.

The geneticist maintains that artificial insemination would produce a race with the qualities of Lincoln, Einstein and Pasteur.

He said there are two ways of achieving human improvement. They are:

1. A method of artificial insemination in which women are impregnated with the seeds of superior men.
2. A gradual method in which superior couples would raise more children than they can support and turn them over to others for adoption.

"Those consenting to do this would truly be social minded," Muller asserted.

"When one considers how much the world owes to single individuals of the order of capability of an Einstein, Pasteur, Descartes or Lincoln, it becomes evident how vastly society would be enriched if they were to be manifold," he added.

Sallade's Rockefeller Boom Branches Out

LANSING (AP) — Rep. George W. Sallade (R-Ann Arbor) said yesterday the Citizens for Rockefeller for President Committee has set up units in Illinois and Florida. Sallade is national chairman of the group backing the New York governor.

Units previously were formed in Michigan, Iowa, Massachusetts, Indiana and Alabama.

Delegates from these seven states, Sallade said, "cannot be counted as committed to the vice president."

He noted that the states with Rockefeller organizations already in existence will send 234 of the 1,206 delegates to the 1960 Republican National Convention.

There's a new snow melter that can handle 25 tons of the stuff an hour.

Hotel industry sources estimate that there were 20,000 national, regional and state conventions held in the United States in 1958, with a total attendance of more than 10 million persons.

TRADITION — Maj. Claire L. Chennault Jr., right, follows the footsteps of his late father, left, wartime commander of the Flying Tigers in China. Young Chennault, stationed at Eglin Air Force Base, Fla., is assistant operations officer of the Tactical Air Command's 335th Fighter Squadron. While the father, who died in 1958, flew his 300-m.p.h. P40 to fame against the Japanese, the son does his flying in a Republic F105, capable of twice the speed of sound.

Remember Heroic Deed

York Salutes Chaplains

WASHINGTON (AP)—Good deeds are often forgotten while evil is remembered, and even celebrated, in story and song. But that's not true in York, Pa.

The leading citizens of York, led by Mayor Fred A. Schiding, came on an unusual pilgrimage Monday to commemorate one of this country's finest examples of self sacrifices: the four chaplains of four faiths who went down arm-in-arm with the troopship Dorchester on the night of Feb. 3, 1943.

That dramatic scene has been recreated at the National Historical Wax Museum. The four chaplains, looking kindly and calm even in wax, stand on the deck as the doomed old boat sways in real water. One is handing his life jacket to an unidentified soldier.

York is especially proud of this chaplain. For he was Rabbi Alexander David Goode, and he lived in York for five years before he enlisted in the Army.

Joining him in prayer as the ship went down in the cold dark North Atlantic were the Rev. George Lansing Fox, a Methodist from Gilman, Vt.; the Rev. Clark Poling of the Dutch Reformed Church in Schenectady, N.Y., and the Rev. John P. Washington, a Catholic priest from Arlington, N. J.

The town of York presented the museum with bronze plaque, unveiled by Goode's daughter, Rosalie, who now lives in Columbus, Ohio.

And proud references were made to the ways York has remembered: A memorial book program that **stresss interfaith, a million dollar** grade school named for Rabbi Goode.

Area Man Bound Over on Negligent Homicide

FARMINGTON TOWNSHIP — Gerald W. Horn, 27, of 26375 Powers Rd., whose drivers license has been revoked twice, was bound over yesterday in Detroit for trial on a charge of negligent homicide in the death of a woman in an automobile accident.

Horn is charged with running a red light and striking another car on Oct. 20. A passenger in the car, Mrs. Arley Burnham, 53, died four days after the accident. Horn's bond was continued at $1,000.

Firemen Investigating $2,500 Morning Blaze

INDEPENDENCE TOWNSHIP—An empty house owned by Ernest Hickey at 9748 Hadley Rd. caught fire at 1:30 a.m. today causing $2,500 damage, according to Independence Township firemen who answered the call.

Firemen said Hickey had moved out of the $5,000 frame dwelling two days ago. They are investigating the cause of the fire.

Business and Finance

Grain Futures Market Levels

CHICAGO (AP)—The grain futures market leveled off today with prices slightly easier on the Board of Trade and early transactions at a somewhat slower pace.

Brokers said there appeared to be no significant bearish factors and that the increased selling appeared to be a continuation of the moderate profit taking which began late yesterday after substantial advances in corn and soybeans.

Pakistan was in the market grain for small amounts of wheat and Yugoslavia has requested offers later today on about 700,000 bushels.

After about an hour prices turned monstly narrowly mixed with wheat ¼ cent a bushel lower to ¼ higher, December $2.00 ⅜; corn ¼ lower to ⅛ higher, December $1.11¼; oats lower to ¼ higher, December 74⅝; rye ⅜ lower to ⅜ higher, December $1.36⅛; soybeans ⅜ to ⅝ lower, November $2.16¼.

Unionist Slayer Wins Acquittal

Malcolm R. White, 49, Had Been Accused of Killing Organizer

NEWBURGH, N. Y. (AP)— An Orange County court jury today acquitted Malcolm R. White, 49-year-old industrialist accused of the first degree murder in the shooting of Union organizer Alfred F. Dugan.

The jury of seven men and five women had received the case yesterday. Unable to reach a verdict after nine hours of deliberation, the jury was locked up overnight.

During the 26-day trial, White claimed self-defense in the shooting of Alfred F. Dugan, 52, an ex-convict, last Nov. 13.

Dugan was the leader of a jurisdictional strike by a small union against White's Chester Cable Corp., at Chester, N. Y.

White testified he thought Dugan had a gun and was about to shoot him when he himself opened fire.

Dugan later was found to be unarmed. White testified he had been in great fear of Dugan, largely because of his criminal record.

Perfume Chief Talks About TV

'Call In Business Hards!'

NEW YORK (AP)—Philip Cortney, president of Coty Inc., said today the businessmen who sponsored fixed television quiz shows should be called before the congressional committee probing the programs.

The perfume and cosmetics firm executive also called for a firm separation of advertising and entertainment on television. He said businessmen advertising on TV should have no control over entertainment.

In his prepared speech, Cortney said of the fixed quiz shows: "I am tired of the little jokes I hear about this shameful fraud. I say this is a national scandal. Those who perpetrated it upon the American people must be exposed and punished. And we must do what we can to prevent anything like it from ever happening again."

* * *

He said businessmen should take the same attitude toward radio and television that they have toward newspapers and magazines where they exercise no control over the editorial matter.

He said morality of American business is "the heart and soul of our free enterprise system."

Commercially graded:

Whites — Grade A Jumbo 40-42; extra large 37-40; large 36-37; medium 24½-25, browns — grade A extra large 36-37; large 35½-37; medium 24-24½; small 15-19; grade B large 25½-28.

Detroit News Lays Plans for Building

DETROIT (AP) — The Detroit News petitioned City Council today to close all streets and alleys in a six-block area on the south side of East Jefferson avenue to permit land clearance for a new newspaper plant.

Besides Jefferson, the site, bounded by Brush, Atwater and St. Antoine, is a block east of the Detroit - Windsor Tunnel entrance and across Atwater from the Grand Trunk Western passenger depot.

The News said all property in the six-block area had been acquired or optioned by its owner, the Evening News Assn.

Warren S. Booth, News president and publisher, said "no details regarding either the project or the construction timetable are ready for announcement at this time."

Booth disclosed, however, that preliminary plans for a newspaper plant are being prepared by the Detroit architectural firm of Giffels & Rossetti and William Ginsburg Associates of New York.

The News' present plant covers a block bounded by Lafayette, Fort, Second and Third. It was considered a model plant when opened Oct. 15, 1957.

Market Rises in Heavy Trade

NEW YORK (AP)—The stock market churned forward in heavy early trading today.

Some recent favorites were hit by profit taking. Others extended their gains. The margin of gainers over losers was not very great.

Gains and losses of key stocks ranged from fractions to 1 or 2 points. Some of the more volatile issues gained 2 or 3 points.

Steels were mixed and uncertain in their response to news that Kaiser Steel had settled with the striking steelworkers and to a published report that the company plans no boost in steel prices.

Lukens eased and U. S. Steel was off a fraction. Republic was firm. Youngstown Sheet was up about a point.

* * *

American Motors and Studebaker-Packard continued very strong, each gaining another point or so and opening on big blocks. The big three motors were slightly higher.

Rails did little or nothing, apparently still baffled by the steel situation which has slashed their carloadings. Oils advanced, Texaco adding about 2 and Jersey, Standard about a point.

Among the high-flying electronics, Ampex dropped about 2, and Texas Instruments about a point. Varian Associates dropped more than 2, Lear a fraction. Zenith gained about 2 and Polaroid more than 3.

Coppers rose, Anaconda adding more than a point. Chemicals mounted a string of gains in the area of a point. Tobaccos and airlines rose.

U. S. Gypsum fell about 2. Aircrafts took fractional losses. Bristol-Myers advanced another 2 points or so while other drugs were mixed.

The ticker tape was late for a 10-minute stretch at the opening. After catching up momentarily, the tape ran late again.

Someone broke into the Pontiac Waste Material Co. yard at 135 Branch St. and stole scrap valued at $140, it was reported to Pontiac Police yesterday.

Traveler Sees China as Threat

Tells Detroiters More Danger From Commies There Than Russia

DETROIT (AP)—Red China poses a greater war threat to the United States than Soviet Russia, the Economic Club of Detroit has been told by a man who traveled extensively through Commuist China last year.

* * *

John L. Strohm of Milwaukee, president of the Agricultural Publishers, Inc., told the club yesterday that Chinese rulers place little value on human life and might be willing to risk a few million people in an atomic war.

"But right now," Strohm said, "they are too busy building dams and digging irrigation ditches. They're trying to climb to world dominance on raw muscle, crazy barnstorming and solid engineering."

Strohm advocated increased communication between the United States and Communist China, saying:

"We should start by trying to get some newsmen in, even if we have to let some of their newsmen come over here.

"If we are not going to fight them, we have to live with them. The more communication we have, the better is the chance that we can modify their stand."

* * *

Strohm said the Chinese are no Russian stooges, and are "almost intoxicated with the thrill of running their own show."

"I imagine," he continued, "Khrushchev must be spending some sleepless nights contemplating future relations with China."

Cub Scout Pack 8 Awards Badges, Greets Members

"Aesop's Fables" provided the theme for last night's meeting of Cub Scout Pack 8 of Crofoot School.

Portraying the part of Aesop and introducing the skits was Edwin Amidon.

Two committeemen, Sid Winstanley and Grover Lee, and Mrs. M. Shapiro, den mother, were welcomed to the pack committee.

Bobcats inducted into the pack were George Connell, Jack Curran, Purvis Hunt Jr., Donald and Ronald Jewett, Mike Milmine, Christopher Stead, Christopher Stepleton, David Swan, Sidney Winstanley, and Timothy Smith.

David Wallace received a lion badge with one gold and three silver arrows points.

One-year perfect attendance awards went to Stephen Chapman, Ronnie Jo Collins, Mark Jones, Ray Sutherland, Steven Rhodes, John Rotsel and Dennis Walker.

* * *

One-year service stars went to Bradley Bloodworth, Ronnie Jo Collins, Mark Jones, Dennis Lalone, Walter Leja, Steven Rhodes, John Rotsel, Michael Seibert, Ray Sutherland and Dennis Walker.

received by Gregory Erickson.

Two-year service stars were Warren Lake, Jacobium Parker, Bruce Turpin, David Wallace and Roger Watson.

Billy Cooney and Stanley Vitasinsky were presented with their Webelos badges and advanced into Boy Scout Troop 150.

Climbing perch, a strange fish found in Asia and Africa, manage to travel considerable distances overland to reach new water habitats. They are equipped with cavities over their gills which enable them to breathe air. They use gill covers as crutches to hobble along.

On Lansing Convention Program

County Group to Perform

A group of Oakland County adults and youngsters headed by Lloyd C. Megee of Clarkston will present a special program at the 38th annual convention of the Michigan Society for Crippled Children Oct. 29 to 31 in Lansing.

Megee is a member of the executive committee of the state organization and past president of the Oakland County Society for Crippled Children and Adults.

Mrs. Elizabeth Kirkby, executive secretary of the county Society, will present her staff and 10 local children in an hour and Session in the School Readiness and Treatment Program."

Said Mrs. Kirkby, "This will demonstrate our attempt to get handicapped children ready for public school programs when they become of age."

Her staff includes Evelyn Skelley, special teacher; Aileen Lau, speech therapist; Doris Warner, psychologist; Gene Long, physical therapist; and Betty Speck, physical therapist.

The Oakland County program will begin 2 p.m. Friday at the Hotel Olds.

The convention will be addressed by Gov. Williams.

* * *

Guest speaker at the Friday night banquet will be Dr. Dean W. Roberts, executive director of the National Society for Crippled Children and Adults.

Waterford Board OKs New Building System

After months of study, the Waterford Township Board last night adopted a procedure for new land developments, regarding lots, buildings, street and enclosure elevations.

Until this time there has been no set of rules for land developers building new homes, other than those required by the state.

From now on a developer must submit four preliminary land plans with copies of letters of intent, stating type of streets and lot grading, intentions on water, sewers, pumping stations, sewage treatment plants and any other proposals he may have.

After the Township Board has reviewed the plans for the proposed subdivision, and the inspecting engineer has given final approval of the requirements, the developer may proceed with construction.

* * *

In other business, it was announced that only one bid was submitted for a 4½-yard dump truck for the township. Robert Simpkins' bid, with trade-in, was $8,608. The bid was tabled for further consideration.

The Board approved the purchasing of 12 fire extinguishers costing a total of $355 from the Lakeside Fire Service for township owned vehicles. Some will be placed in strategic areas in the Police department and Township Hall. The Lakeside Service company's was the only quotation considered, because "they all run about the same," according to Township Clerk James Seeterlin.

A date for considering the annexation of a portion of Waterford Township to the city of Pontiac for part of the new county courthouse site has been set for Nov. 9. The area is bounded by Telegraph road, West Boulevard, and the Grand Trunk railroad near Pontiac Lake road.

Board members ran into a two-hour long discussion when real estate developer Carl Bird asked the Board to reconsider an increase of a $150 for a water hook-up fee established March 9.

Prior to that time, the township had been charging new developers $50 to tap into township operated water lines. Bird said a former Board had approved his subdivision plats, and he understood that the $50 fee would cover all of his 400 new house connections.

* * *

Board members admitted that notifications of the $150 increase should have been made to developers before final action was taken last March. Supervisor Elmer R. Johnson said, "I'm sorry, but on this matter we goofed." However, he added that with rising costs the new tap-in fee of $200 was not out of line.

Bird has some 70 homes to finish in one of his three subdivisions, Cherokee Hills, on Scott Lake and Elizabeth Lake roads. The tap-in fee increase, which Bird says he learned about only last week, would amount to some $10,500 more than he had expected to pay the township.

After the long and heated discussion, with trustee John Colemen siding with Bird, the Board voted 5 to 1 to "stand pat" on its March decision. Later the Board decided to give the matter more consideration.

A letter of resignation submitted by police officer Donald Kretz, because of ill heath, was tabled for further study. Kretz was one of the last policemen hired six months ago when the Board authorized an increase in the department's personnel.

News in Brief

Eaton Williams, 48, of 218 Earlmoor Blvd., pleaded guilty to drunk driving yesterday before Municipal Judge Cecil McCallum and was fined $100, sentenced to two days in the Oakland County Jail, and placed on six months probation.

Conservation Men Test Farmers

Hunters Not Welcomed

LANSING (UPI)—Something is going wrong with hunter-farmer relations, according to a conservation department survey.

Several conservation men made an opening-day check on farms throughout Southern Michigan last Tuesday and found they were not given permission to hunt as much as a year ago.

"The cases varied," said game specialist Vic Jansen, "and sometimes there were too many hunters already on the farm or they were reserving hunting for friends or relatives."

The better hunting areas, such as the Thumb and the Ottawa-Allegan part of the state, the conservation men were allowed on half or more of the farms where they asked permission to hunt.

But in most other parts of the state, permission was hard to get and in other areas, they were allowed on only about 25 per cent of the farms.

Most of the refusals came in the more populated counties such as Oakland, Livingston, Genesee, Jackson, Washtenaw and Lenawee. The survey crews did not identify themselves as conservation people because they wanted farmers to treat them as ordinary hunters.

Pleads Guilty to Mail Fraud

Former GOP Chairman in Muskegon County Awaits Sentencing

GRAND RAPIDS (AP) — Wendell S. Holcomb, former Muskegon County Republican chairman, changed his plea yesterday to guilty on charges of mail fraud involving an estimated $100,000.

Holcomb, 45, earlier had stood mute after a grand jury indictment.

The former Muskegon businessman and political leader changed his plea before U.S. District Judge Raymond W. Starr, who ordered Holcomb's bond of $7,500 continued pending sentence Nov. 20.

Holcomb entered the plea for himself and his defunct Inquiry Service Inc., mail discount catalogue operation.

He and the firm were indicted March 25 on 10 counts of devising a plan to induce doctors, lawyers, dentists and other professional persons to buy a special discount catalogue of equipment for $6.

Holcomb operated the firm from 1954 to 1958. He said earlier patrons had paid for merchandise they never received. He placed the blame on his poor business management and poor judgment in personnel selection.

"I had no knowledge of what was going on and when I discovered it I began steps to correct the situation," Holcomb said then.

Halt Proposed Hike Sought by Panhandle

WASHINGTON (AP) — The Federal Power Commission said yesterday it has suspended a proposed $8,653,700 or 8 per cent annual wholesale natural gas rate increase sought by Panhandle Eastern Pipe Line Co., Kansas City, Mo.

The commission set Dec. 8 for a hearing in Washington on the matter.

The company had proposed to make the increase effective today. It would affect 61 utility customers in Michigan, Kansas, Missouri, Indiana, Illinois and Ohio.

The increase would have been in addition to two other annual increases which Panhandle already has put into effect subject to refund if not ultimately approved by the commission. One of those increases amounted to $12,050,000 annually and the other $7,134,000.

Panhandle based the new increase proposal primarily on an increase in the cost of gas purchased from its subsidiary, Trunkline Gas Co., Houston, Tex. Trunkline's proposed $9,580,000 annual increase was suspended by the commission last month pending hearing and decision.

In suspending the latest rate increase proposal, the commission said Panhandle Eastern has failed to show that such an increase is justified. The increase was suspended for five months, to next March 26, when it may be put into effect subject to refund if the proceedings have not been concluded.

There are now about 12 and a half million Americans who own stock in U. S. businesses. This compares with fewer than six and a half million in 1952.

Bank-Box Trick Man Returns to Jackson Prison

George Vichos, 25-year-old ex-convict from Detroit, was headed back to Jackson Prison for 1½ to 2½ years for his fake bank night-deposit-box trick which backfired.

Oakland County Circuit Judge Frank L. Doty yesterday sentenced Vichos who pleaded guilty Oct. 9 to attempted larceny by conversion.

He was arrested Aug. 28 after he had convinced a representative of a furniture firm to deposit $10,087 in his improvised box, declaring the regular Detroit Bank & Trust Co. box out of order. He had plugged up the regular one.

The incident occurred at the bank's branch office at Northland Center in Southfield Township.

Vichos, of 4836 Avery St., was arrested an hour later by police when another depositer, who wasn't fooled, called the police.

Senate Water Group Plans Detroit Hearing

WASHINGTON (AP) — A special Senate Committee studying the nation's water problems will hold a one-day hearing in Detroit Thursday.

Sen. Philip A. Hart (D-Mich) said Gov. G. Mennen Williams of Michigan would head a list of some 20 witnesses on the water problems of Michigan and the Great Lakes basin.

In a statement commenting on the hearing, Hart said it would go far in developing information and ideas as to the ways which the Great Lakes states can fully utilize and protect our great abundant resources — water.

Report Wayne County Deficit at $2,800,000

DETROIT (UPI) — The Board of Auditors reported yesterday that Wayne County will end its next fiscal year with a deficit of about $2,800,000.

The board presented its report to the supervisors' ways and means committee which is conducting hearings on the 1959-60 budget.

Hotelmen to Convene

DETROIT (UPI) — The Michigan Hotel Association will open a three-day convention here Thursday with about 200 expected to attend.

Funeral service will be held Thursday, Oct. 29, at 2 p.m. from Allen Funeral Home, 111 Flint St., Lake Orion. Interment in White Chapel Cemetery.

In Memoriam 2

IN LOVING MEMORY OF Michael McGinnis, who passed away October 25, 1957.

A bud the Gardener gave us,
A pure and lovely child.
He gave it to our keeping,
To cherish undefiled;
And just as it was opening,
To the glory of the day,
Down came the Heavenly Father
And took our bud away.
Sadly missed by Mother, Father,
Sisters and Brothers.

Dial FE 2-8181
and ask for a friendly
Want Ad Sales Clerk

The Pontiac Press FOR WANT ADS DIAL FE 2-8181

From 8 a.m. to 5 p.m.

All errors should be reported immediately. The Press assumes no responsibility for errors other than to cancel the charges for that portion of the first insertion of the advertisement which has been rendered valueless through the error. When cancellations are made be sure to get your "kill number." No adjustments will be given without it.

Closing time for advertisements containing type sizes larger than regular agate type is 12 o'clock noon the day previous to publication.

NOTICE TO ADVERTISERS

The deadline for cancellation of transient Want Ads is now 9 a.m. the day of publication after the first insertion.

A MAN
wanted with car. Some mechanical ability helpful. Apply 2397 Elizabeth Lake Road, Wednesday, Oct. 28th, 10 a.m.

AN EXCEPTIONAL OPPORTUNITY

If you are one of those young men that graduated in the upper 10% of your class but was unable to go to college due to financial circumstances, this opportunity may appeal to you.

As you know, a four year course in college costs approximately $4,000.00 or more and your only income is from extra activities in addition to your studies. Then, when you have graduated from college you must find employment and start from somewhere near the bottom.

We have an opportunity for a young man willing to learn and not afraid to study and work, with an excellent opportunity for advancement and steady employment who could take charge of the business after he had proven his ability to do so, at a salary above the average for college graduates.

If you think you are qualified and if you are willing to undertake such a challenge, pelase give age, educational preparation, list past experience, name and address of former employers, personal references and any other data that would be of interest to a future employer. Address — confidential. P. O. Box 7, Pontiac, Michigan.

3 MUSICIANS FOR CLUB 1 EVENING a week. Call FE 8-2060.

A NEW BOSS—YOURSELF. Established sales route with approximately 1,500 customers. 8 hours daily. $117 a week guaranteed to start. Married, under 40, with good car and phone. Call OR 3-8565.

BAKERY SALESMEN, MARRIED, 23-35. Good starting salary. Paid vacation, hospitalization. Only those who are neat and seeking permanent employment need apply. 196 W. Howard 9 a.m. to 11 a.m.; 3 p.m. to 4:30 p.m.

CALL MONDAY 7-9 P.M.
To find out if you can qualify for a PART TIME Job that would enable you to earn $50 per week and still retain your regular job. Phone OR 3-0922. Mr. Allen.

CAREER OPPORTUNITY. DUE to expansion, a 65-year-old Life Insurance organization has an opening in this area for a full or part time man. The man we want to interview should be between 25-50, ambitious, good character, must own a car. Have the desire to earn a better-than-average income with all plus advantages paid for by the company. If you meet these specifications, please call Mr. Clark, MI 6-6600 or MI 6-6601 evenings.
