UF Divisions Report Drive Totals

New Pope Appeals to Rulers of World 'Work for Peace'

VATICAN CITY (AP)—Pope John XXIII broadcast an appeal to all rulers of the world today to work for peace. His call was in the tradition of his predecessor Pope Pius XII.

The new sovereign pontiff of the Roman Catholic Church, broadcasting from the Sistine Chapel less than 20 hours after his election, urged that weapons of destruction be converted into tools of progress.

His swords-into-plowshares appeal was taken as a firm sign that he intends to continue the fight for peace which made Pius XII known as the "Pope of Peace."

Pope John—Angelo Giuseppe Cardinal Roncalli, patriarch of Venice, until his election Tuesday by the College of Cardinals—prayed to God for strength and courage in his new tasks. He called especially upon the Virgin Mary for assistance.

The 76-year-old Pope spoke in Latin for 20 minutes in a firm and powerful voice. Before the address he received the homage of the 51 cardinals gathered in the chapel.

ASKS GOD'S HELP

He asked God's help for those in countries where there is no religious freedom—an indirect reference to Communist-ruled nations—and for all who suffer. He told those who "have in their hands the fate of the peoples" that peace comes from the interior soul and cannot be imposed.

His quickness in going before the radio to give his thoughts to the world was taken as a sign that he intends his reign to be a dynamic one.

Radio was one of the means frequently used by his predecessor to give his messages to the world and to try to reach the peoples of Soviet Russia, Red China and other Communist-dominated lands.

★ ★ ★

The new Pope is expected to be crowned within two weeks.

The jeweled, three-tiered tiara of papacy, topped by golden orb and cross, perhaps will be placed

Students Mute on Grid Pools

Two Athletes Among 7 Arraigned at 'M' for Gambling

ANN ARBOR (AP) — Six University of Michigan students, including varsity fullback Tony Rio and basketball Capt. Jack Lewis, stood mute today when arraigned in municipal court on charges stemming from football gambling on the campus.

★ ★ ★

All demanded trial by jury and Municipal Judge Francis O'Brien set trial dates starting Nov. 12 and running through Nov. 20.

A seventh student, John A. Miller of Utica, had not been picked up by police, but University officials said he would be in court for arraignment later today.

Detailed Story Page 37

All seven are specifically charged with engaging in an illegal occupation. Conviction could mean 90 days in jail and fines of $100.

★ ★ ★

They are accused of handling football spot cards. Ann Arbor Police said $10,000 a week was going off the campus in wagering. The prosecutor's office said the amount was closer to $3,500 a week.

Arraigned today along with Rio and Lewis: Nick E. Mitea, 21, Ecorse; Durwood J. Collins, 22, Houston, Tex.; Michael G. Dodgson, 21, Grand Rapids; Carl M. Riseman, 21, Detroit, associate sports editor of the campus newspaper, The Michigan Daily.

Man Extricates 2 Fighting Deer Caught in Fence

NEWBERRY (UPI)—David E. Taylor, Newberry, today told his friends a new twist to the "one that got away" story.

★ ★ ★

The "ones that got away" were two buck deer which had locked antlers while fighting in a field near his home. Taylor said he first tried to free the deer by using a long pole.

He said the bucks threw themselves into a fence where one side of the antlers protruded through and he released them. Taylor estimated each of the deer weighed about 175 pounds.

★ ★ ★

Taylor said one of the bucks—a 10-pointer—appeared nearly exhausted when he freed them and staggered away. The second, with eight points, ran into woods nearby.

GM Production in City Reported Near Normal

Pontiacs Roll Off Line Since Yesterday, With Fisher Gaining Speed

Production was reported at near normal in Pontiac's three General Motors Corp. plants today in the wake of three-weeks of strikes.

Automobiles began rolling off Pontiac Motor Division assembly lines yesterday, thanks to settlement Saturday of the Fisher Body Division strike, a Pontiac Motor spokesman said.

A Fisher Body spokesman said the plant was attempting to reach full production in the near future.

At both plants, as well as at GMC Truck & Coach Division, full employment was reported. Layoffs which occurred over the weekend at GMC Truck & Coach were ended yesterday.

Pontiac Motor and GMC Truck & Coach reported full production today.

★ ★ ★

An estimated 13,600 UAW workers were reported back on the job in Pontiac today. The three UAW local unions all went on strike Oct. 2, when the national GM strike deadline passed.

Although the national GM contract with the international UAW was signed later Oct. 2, local unions throughout the nation were given 20 days in which to negotiate local wage and seniority agreements.

GMC Truck & Coach settled Oct. 13, Pontiac Motor Division Oct. 21, and Fisher Body Oct. 25.

★ ★ ★

Labor leaders at all three plants reported satisfaction with the new three-year pacts and saw in them the basis for labor peace for the coming three years.

Spokesmen for the three companies hailed the fact that production was nearing normal again.

It's Your United Fund . . . . Give Once for All

$130,115 Raised Toward Goal for 55 Agencies

Volunteer Workers Urged to Redouble Fund Seeking Efforts

Four hundred Pontiac Area United Fund workers were urged to redouble their efforts to meet "the tremendous challenge ahead," as they gathered for the Fund's first report luncheon held this noon at the Elks Temple.

Campaign Chairman Philip J. Monaghan announced earlier that the residents and workers of this area have pledged $130,115 or 26 per cent of the $501,000 goal, for the 55 community service agencies included in this year's Tenth Anniversary Appeal.

"Every segment of this industrial area is united in a common effort to prove that Pontiac is truly a city with a mighty heart," stated Monaghan. "Through our annual pledges to the United Fund, we are able not only to help those who cannot help themselves, but by giving once for all we help build and maintain a healthier, happier community."

The Commercial Division, under the dual chairmanship of Judge Clark J. Adams and Berkeley Voss has reached 35.5 per cent of its quota. In dollars and cents, this comes to $63,752 toward the division's $179,371 quota.

One of the highlights of the Commercial Division report was the announcement that Mrs. Gladys Bump's Waterford Commercial solicitors had topped 100 per cent of their $500 goal.

★ ★ ★

Alfred Girard's special gift workers continue to pace the Commercial Division with 95 per cent of their quota already audited.

The overall report of the door-to-door solicitors comprising the Women's Division pegged it at 69.1 per cent of its $20,790 quota.

Mrs. J. S. Tuttle, Lake Angelus Chairman reported that her workers have already surpassed their $1,800 quota by $50, and still had more calls to make.

★ ★ ★

Mrs. Donald E. White and her other two chief lieutenants, Mrs. Noel Buckner, Pontiac Chairman, and Mrs. Robert Giroux, Waterford Chairman, expressed confidence their division would surpass its quota.

The four townships which became affiliated with the Pontiac Area United Fund last year were represented at this noon's luncheon. Harry Hall, Oxford Campaign Chairman reported his township has reached $4,028 or 67 per cent of its $6,036 goal.

Mrs. Alfred Dacey, Orion's Women's Division Chairman announced Orion's eight day old

Southern Michigan Target

'Big 4' Push Campaign

By UNITED PRESS INTERNATIONAL

Michigan's "Big Four" in the November election were campaigning for votes in populous southeastern Michigan today.

Republican gubernatorial candidate Paul Bagwell and Sen. Charles E. Potter (R-Mich) toured Wayne County.

Gov. G. Mennen Williams mapped out a busy schedule in Oakland County, including visits to Hazel Park High School and Lincoln High in Ferndale.

Lt. Gov. Philip Hart, waging a strong campaign against Potter, planned to be in Macomb County today.

Hart and Potter made a joint appearance yesterday at a meeting of the Michigan Education Association in Grand Rapids' Civic Auditorium.

They took opposite views on the efforts of the Eisenhower administration to further American educational programs.

Williams, speaking before the Amalgamated Clothing Workers of America yesterday in Detroit, said Republicans "are again talking about prosperity as an achievement of the GOP in the last five years."

Bagwell campaigned in a motor caravan through some 14 Oakland County communities yesterday, restating his charge that the "bad business climate" in Lansing is driving industry from the state.

GM in Black for 3rd Quarter

Only One of Big Three to Show Profit, With $65 Million Earning

DETROIT (AP) — General Motors is the only one of the big three auto makers to make a profit in this year's third quarter.

GM reports a third-quarter profit of $65,633,266, about halfway down from the $122,175,621 profit in the corresponding period last year.

Ford recently announced a loss of $21,600,000 and Chrysler a loss of $20,000,000 in the third quarter that ended in September.

General Motors' profits the first nine months of 1958 were reported as $399,147,515, down from $603,412,329 in the corresponding 1957 period.

Both Ford and Chrysler reported losses the first nine months of 1958. Ford's loss was listed as $16,200,000. Chrysler said its nine-month loss was $45,200,000.

GM said its earnings per share of common stock were 22 cents in the third quarter and $1.39 for the nine-month period, compared with 1957 returns of 43 cents and $2.14, respectively.

Sales in the first nine months of 1958 totaled $6,744,000,000 compared with $8,235,000,000 in the first nine months last year. GM said. Third-quarter sales this year were $1,623,000,000 compared with $2,321,000,000 in last year's third quarter.

Ike, Space Council Talk

WASHINGTON (UPI) — President Eisenhower summoned his space council to a White House meeting today to take up the explosive controversy between the Army and the new civilian space agency. Many authorities believed the Army's future in space exploration and rocket weapons development was at stake in its fight with the National Aeronautics and Space Administration (NASA).

Michigan Tax Tops in 8 State Survey

LANSING (AP)—The Geerlings Tax Study Committee has concluded that state and local taxes in Michigan burden business more heavily than those imposed in seven other states.

The findings were issued yesterday by Sen. Clyde H. Geerlings (R-Holland), chairman of the senate group. A House committee led by Rep. Rollo G. Conlin (R-Tipton) is surveying the entire Michigan tax picture. The report was prepared by Dwight B. Yntema, Hope College economics professor and committee research director, on the basis of 1956 data.

It compared state and local taxes paid by firms operating both in Michigan and in one or more of these other states: Illinois, Indiana, New Jersey, Ohio, New York, Pennsylvania and Wisconsin.

Of 275 industries surveyed—including retail establishments, 233 — or 85 per cent — paid lower taxes per employe in other states than in Michigan, Yntema found.

In Ohio and Illinois, 109 plants—or 98 per cent of those studied—listed lower taxes than in Michigan.

"Only Wisconsin," the report said, "levies taxes on business that may be considered somewhat comparable to Michigan taxes and, even for this state, findings point to a moderately lower burden than in Michigan."

Of 186 plants engaged in manufacturing only, 163, or 88 per cent, listed lower taxes per employe than in Michigan. All with operations in Ohio and Illinois reported lower taxes than in Michigan.

Assuming typical annual nonpayroll taxes per worker in Michigan at $300, the report drew this comparison with other states: Illinois $120, Ohio $132, Indiana $159, New Jersey and New York $186, Pennsylvania $219 and Wisconsin $246.

Yntema said he believed the results were representative of all industry in the survey states.

Little Change Seen in Next Few Days

Little change in temperature is predicted by the U.S. Weather Bureau for the next few days. Fair and partly cloudy is the forecast. The low tonight will be near 38.

October's sunny skies will continue until Friday night when showers are possible. Saturday, Sunday and Monday will be slightly warmer.

The lowest temperature preceding 8 a.m. in downtown Pontiac was 35. The thermometer read 54 at 1 p.m.

5 Tests Today at Nevada Site

Slated Nuclear Firings Includes Area's Biggest Underground Blast

ATOMIC TEST SITE, Nev. (AP) —What could be the busiest day in the 13 years of nuclear tests opened with an atomic bang in the wee hours today.

Detonation of a relatively small atomic weapon—first of five tests scheduled for today — lit up the dark, desert sky shortly before dawn.

The test, the oft-postponed Mazama, had power equal to not more than 1,000 tons of TNT.

It was postponed three times today because of a generator failure. Technicians, working in the crisp, desert morning finally repaired the generator and the blast went off almost two hours behind schedule.

Five tests, including a whopper underground blast, were scheduled in a speeded up program to beat the Friday test deadline.

If all go off, it will set a record for nuclear tests in a single day. Three in one day were the most fired previously.

No Violation

CHARLOTTE, N. C. (UPI) — Five persons failed to put money in parking meters at a new public parking lot, but authorities couldn't prosecute them. County commissioners never passed a law requiring a fee in the lot.

Candidates Campaign in County

Pontiac Press Photo

BAGWELL IN PONTIAC — With the election just one week away, Paul D. Bagwell (center), Republican candidate for governor, and a party of other Republican candidates, yesterday made a tour of Oakland County communities. During his stop in downtown Pontiac, Bagwell met Prosecutor Frederick C. Ziem (left) and Register of Deeds Daniel T. Murphy Jr. outside the courthouse. The gubernatorial candidate's day was topped off with a rally and supper given by the Republican Women's Club of Waterford Township.

If City Voters OK Sewage Bond

Plan to Incinerate Sludge

(Editor's Note: This is the third in a series of six articles on Pontiac's sewage treatment plant and the need for expansion of such facilities. A $3,300,000 bond issue for a new plant and expansion of the present one will be decided Tuesday when Pontiac property owners go to the polls.)

By PETE LOCHBILER

A $707,500 installation to turn sewage sludge into sterile ash will be the main feature of the new sewage treatment plant, if property owners approve the $3,300,000 bond issue Tuesday.

The sludge incinerator will be the city's first, putting an end to obnoxious sludge heaps at the present plant.

Sludge will be pumped from the present plant at East boulevard and Featherstone road to the new one at Auburn and Opdyke roads for incineration.

The incinerator also will be used on sludge that is digested at the new plant, thus the city won't be accumulating any more sludge heaps.

Another new feature earmarked for the new plant is a primary grease flotation tank. This would remove most grease (which is plentiful in industrial sewage) before it hits the main plant, thus avoiding troublesome greased-clogged lines.

The new plant otherwise will resemble the new structures that were erected at the old plant site from 1939 to 1952.

Plans call for the new plant to straddle the Clinton River, into which the sewage would pass as clean effluent after it has been treated. Site and plans have already been paid for.

New buildings would be spread

County Is Interested in Results of Pontiac Sewage Vote

Porch Lights Signal 'Spooks Welcome'

5:30 to 7 p.m. Halloween night is the witching hour recommended by the Pontiac Parks & Recreation Department and the Waterford Township Recreation Department.

It's suggested that people who wish to treat the youngsters with goodies turn on their porch lights between those hours Friday night so that the costumed kiddies will know which homes they're welcome at.

Pontiac reports that 22,000 boys and girls of school age are registered in the annual Mystery Foot Contest. Prizes will go to children who are home by the hours recommended by the recreation department.

Grade school children should be home by 9 p.m., junior high students by 10:30 p.m. and senior high pupils by 11 p.m., the department says.

With the help of the Pontiac Area Chamber of Commerce and the Pontiac Board of Education the department will call young-sters' homes and if they're home on time, they'll get prizes.

A bicycle heads the list of prizes for the grade school division. Other prizes for grade schoolers are a radio and five silver dollars, and for junior and senior high schoolers, wrist watches, pen and pencil sets and two five dollar awards.

The prizes will be presented Friday night by the Jaycees.

The Parks & Recreation department, in cooperation with PTAs, neighborhood associations and [illegible] groups are sponsoring parties for boys and girls at elementary age at Herrington, Webster, Jefferson, Emerson, Wilson and Pontiac schools. A junior party [illegible] will be held at 8:30 p.m. Friday at Pontiac Junior High for pupils of that school.

Only 1 GM Plant Still on Strike

Another With Uncertain Status, but Fleetwood in Detroit Ordered Back

DETROIT (AP)—General Motors' slowly improving labor situation today showed only one plant on strike and another with uncertain status.

* * *

The United Auto Workers Union yesterday ordered one of the two remaining GM locals with unsettled plant grievances to return to work.

There was no decision immediately from Nick Cervelli, president of Local 15 which represents about 2,500 UAW members at GM's Fleetwood Cadillac Body plant in Detroit.

After Local 15's bargaining team came to terms with GM on plant grievances, the production workers rejected the settlement 744-689.

But skilled workers ratified the agreement 216-83 and UAW President Walter Reuther said the total vote—905 to 27—favored a return to work.

He ordered the strikers back to work but said if new negotiations didn't bring a satisfactory agreement in a reasonable time the UAW would authorize a new walkout for the local.

* * *

The only other GM plant with unsettled grievances is at Fisher Body Plant at Tarrytown, N. Y.

All 124 GM car-making plants were shut down by UAW strikes over local disputes on early October. The last few dissidents resumed work at the GM even after a new national agreement was settled with a companywide strike 12 hours old. It resumed production only [illegible]

Mrs. Porter Johns of Walled Lake Dies

WALLED LAKE — Mrs. Mae Porter Johns, 82, of 433 E. Market St., died this morning at Pontiac Osteopathic Hospital following an illness of about 10 months.

A pioneer Walled Lake resident, Mrs. Johns had been active in community and church affairs most of her life. She was clerk of the Walled Lake Baptist Church, secretary of the Walled Lake Cemetery Assn., a member of the Study Club, Garden Club and Civic Club, all in Walled Lake.

She was the widow of the Lee Cass Johns.

Service will take place Friday at the Walled Lake Baptist Church with burial in Walled Cemetery. Her body is at Richardson-Reid Funeral Home, Walled Lake.

Hart on TV Tonight

LANSING (AP) — Lt. Gov. Philip A. Hart will appear on television screens across the state tonight to assail what he called Vice President Nixon's "big smear against Michigan." His 15-minute television show tonight (6:15 p.m. EST) will be carried by WJBK-TV, Detroit.

Chilly Breezes Continue to Fan Across North

By The Associated Press

The nation's weather pattern showed only minor changes today as cool weather continued across broad areas from the Rockies to the Atlantic Coast. There were patches of rain and snow.

* * *

Generally fair and dry weather prevailed in most areas west of the Rockies.

* * *

Coolest air extended across the northern tier of states from Montana to New England. Some of the chilly breezes extended down into the Southland. Frost was predicted as far South as eastern Kansas, northern Georgia and the higher sections of the Carolinas.

The Weather

Full U.S. Weather Bureau Report

PONTIAC AND VICINITY—Temperatures will average near the normal high of 55 and normal low of 38 for the next few days. Showers are possible Friday night or Saturday. Sunday and Monday will be slightly warmer.

PROGRESS AT MSUO — Roy J. Alexander, left, director of student affairs at Michigan State University Oakland, checks with Clarence Kremer, job superintendent for the Fredman Construction Co., on the status of the first academic building now under construction on the northwest part of the campus. The one-floor wing has been completely bricked, and one-third of this wing is now roofed.

To Be Ready for Classes Next Fall

MSUO Building 'on Schedule'

Large cranes, heavy steel girders, tons of concrete and hours of hard work are still the order of the day at Michigan State University Oakland.

Since construction began early last May, this has been the daily pattern as the first academic building rises on the rolling 1,600-acre campus.

"Sister" school to Michigan State University, but designed to be virtually autonomous with its own faculty and administration, MSUO will open its doors to a freshman class in the fall of 1959.

"We're right on schedule," comments Roy J. Alexander, MSUO director of student affairs. "The building will be ready late next summer and will contain 39 classrooms, two large lecture rooms, four elementary and advanced chemistry and physics laboratories, a library, and administrative and faculty offices."

* * *

In reporting on construction progress, George Karas, MSUO supervising engineer, revealed that one wing of the building has been completely bricked and one-third of this wing is now roofed.

The south end of the three-story, or classroom, wing has been bricked, with the remaining brick work slated for the next four to six weeks.

"Pre-cast panels faced with marble chips are now in place, and work has begun on pre-cast panels with enamel face plates on the columns of the wing," he adds.

Karas explained that a relatively new concept in school heating will be used at MSUO. "A boiler will be installed next week using hot water under high pressure — giving us more heat storage in the mains and making the transporting of heat more economical," he says.

With Nationwide Broadcast Friday

Ike to End Election Drive

WASHINGTON (AP) — President Eisenhower, back from a three-state campaign tour, will close his drive for election of a Republican Congress with a nationwide television-radio address from Baltimore Friday night.

The President returned to the capital by plane early today after a day and half of tub-thumping for votes in West Virginia, Pennsylvania and New York.

TO CLIMAX CAMPAIGN

The Baltimore address will climax what generally is regarded as the hardest hitting campaign of Eisenhower's political career.

* * *

However, he pitched his politicking on a less harsh note in New York Tuesday. He spoke at two rallies of party workers and urged election of Nelson A. Rockefeller as governor and Rep. Kenneth B. Keating to the U.S. Senate.

* * *

Rockefeller joined Keating in telling enthusiastic audiences of GOP workers that they as the ticket leaders were happy Eisenhower came to New York — and that his visit had helped them.

There were 300 to 400 campaign workers on hand as planned at each of the two party rallies at which Eisenhower spoke in New York. He hit out at the Democrats again, but not nearly so sharply as he did in Pennsylvania and West Virginia—and in California and Chicago last week.

'WING SHOT' AT DEMS

In New York he swatted at what he termed the dominant wing of the Democratic party. But he didn't say, as he had earlier, that the wing is made up of radicals and advocates of harebrained spending schemes. He put it this way:

* * *

"What we are fighting against is the dominant wing of the party, and it is that party which I believe does not, in its practice, in its teachings, hold to these straightforward, honest, sound and sane principles which have made America great."

At another point Eisenhower said the Republicans "believe in sane programs instead of hysterical programs."

The President concluded his New York visit by attending a National Football Foundation dinner where he was honored for lifetime devotion to the game.

Claim Office Set Up for Jet Victims

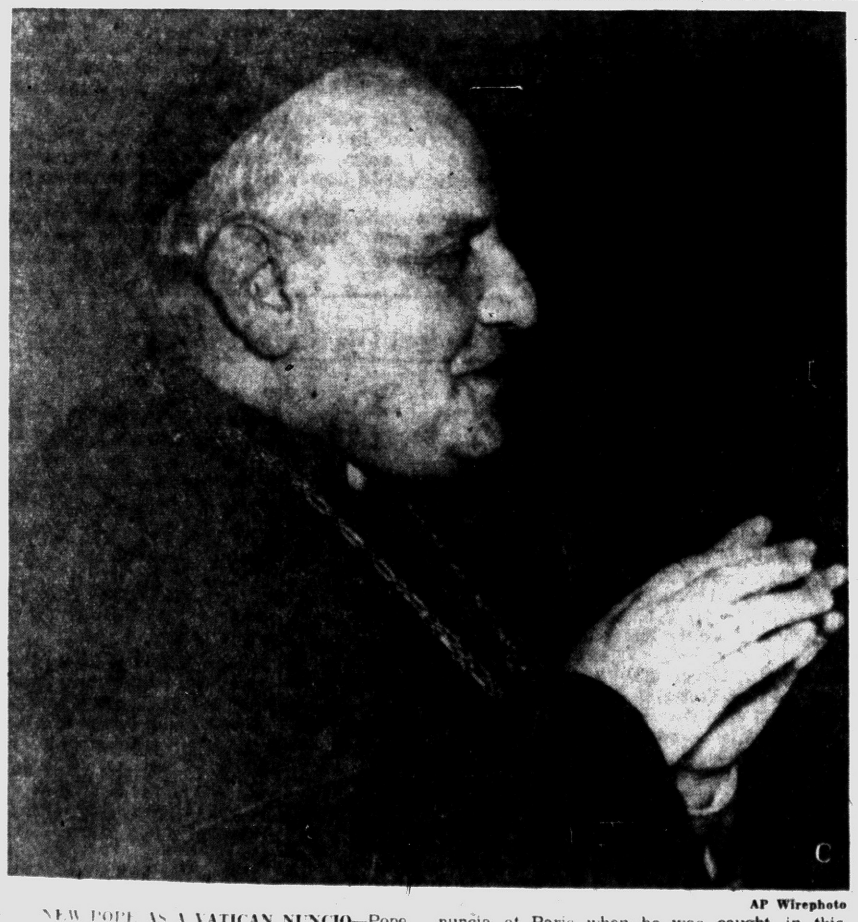

DETROIT (AP)—The Air Force is setting up a special office to process claims growing out of the crash of a British jet bomber in Detroit last Friday.

The Air Force said the office would be in operation from today through next Tuesday, and longer if necessary.

Three houses were demolished and about 60 were damaged when the delta winged jet plunged to the ground in a middle class residential neighborhood.

Nobody on the ground was killed or injured seriously.

The six airmen, en route from Lincoln, England, to Lincoln, Neb., on a combined goodwill and training mission, were presumed dead.

AP Wirephoto

NEW POPE AS A VATICAN NUNCIO—Pope [illegible] today as Supreme Pontiff of [illegible] Church, was an apostolic nuncia at Paris when he was caught in this intimate closeup in 1948 in the French capital. He was Monsignor Roncalli at the time.

'Work for Peace,' Pope Asks Rulers

(Continued From Page One)

upon his head Sunday, Nov. 9, in the climax at St. Peter's Basilica of the drama that began with the fatal illness of Pope Pius at Castel Gandolfo.

MESSAGES POUR IN

Vatican authorities prepared today for the coronation, the most colorful ceremony of the Roman Catholic Church, while messages of congratulation and best wishes poured in from chiefs of state and government heads of many nations.

After his broadcast, Pope John ordered the reopening of the doors of the conclave area, where 51 princes of the church had gone through the three tense days of balloting that finally led to his selection.

Bells of St. Peter's and of Rome's 500 churches pealed.

ROME FESTIVE

A brilliant sun shone over the Italian capital, which was in a festive mood. Throughout the city the posters announcing the death and funeral services for Pope Pius had disappeared. In their places were bright new posters hailing the new pontiff.

There was jubilitation in Pope John's native north Italian hamlet, Sotto Il Monte, and in Venice at elevation of the jovial, portly patriarch who in the Catholic view becomes the 262nd vicar of Christ on earth and a direct successor of St. Peter.

VENICE AGLOW

Venice glowed with lights. The city of canals went wild.

As one of the first acts of his pontificate, Pope John elevated Msgr. Alberto di Iorio to the rank of cardinal. Msgr. di Iorio, 74, had served as secretary of the papal conclave, and tradition is that the prelate who fills such duties is named a cardinal at the conclusion.

Could Influence $16 Million Plan

Public Works Unit Delays Its Action on Clinton River Project

Pontiac voters Nov. 4 may help to decide a big question mark in the plans for a $16,500,000 Clinton River Sewage District project by the Oakland County Department of Public Works.

Harold K. Schone, acting DPW director, said the question is the degree to which Pontiac participates in the project.

* * *

Schone told a Pontiac Area Chamber of Commerce audience yesterday that plans will go ahead whether or not Pontiac voters approve the $3,390,000 sewage treatment plant expansion bond issue Tuesday.

The occasion of Schone's talk was the first Foundation for Prosperity conference sponsored by the Chamber's Industrial Affairs Committee at Pontiac Elks Temple. The DPW head was the last of five speakers who stressed community and area plannings at the all-day conference.

Since the projected 250-square mile sewage district Schone is planning must find treatment facilities somewhere, there are four big questions which Pontiac must answer, he said:

* * *

(1) Will the city enlarge its present facilities, which at present are running at capacity?

(2) If the facilities are enlarged, would the city be willing and able to enlarge its service district to outside areas?

(3) If not, would the city be willing to release outside areas (such as Waterford Township and Sylvan Lake) from their sewage treatment agreements?

And (4) if Pontiac does not increase its own treatment facilities, would it be willing to turn to an outside disposal plant for service?

DEPENDS ON COOPERATION

Schone said that success of the project depends on the cooperation of Pontiac, which lies almost in the heart of the district to be served, and Macomb County, which lies in the eastern half of the Clinton River basin.

Plans for the Oakland County half of the district should be under way by Jan. 1, Schone said.

The DPW is seeking a $400,000 advance from the federal government to finance planning, he said. This would not be a grant, and would have to be paid back, Schone emphasized.

The district contemplated would coincide with the natural drainage district of the Clinton River, Schone explained.

Communities involved would be Avon, Pontiac, Waterford, Independence and Orion Townships principally, plus parts of Oakland, Addison, Oxford, Brandon and Springfield Townships plus smaller portions of several other townships.

The DPW is cooperating with the communities involved in drawing up plans, said Schone.

NEED ADVANCED PLANNING

The DPW director emphasized the need for advanced planning in four big areas on which expansion in north Oakland County hinges: sewers, drains, water and roads.

Area planning is the answer, he believes. "We have had our heads in the sand too many years," he commented, saying there has been a lack of local planning and a lack of responsibility on the part of county and inter-county agencies.

He said some small governments seem "to fear" larger, inter-community projects while others tend to make their own improvements without regard for other communities.

* * *

"Our county is 10 years behind in finding proper funds to finance planning," Schone believed.

He chided the state legislature for failure to provide "many tools which," he said, the DPW, the first of its kind in the state, needs to push through projects.

"In many cases, metropolitan area legislation has been blocked by rural areas and sometimes individual, metropolitan area communities have sided against it too," Schone said.

'SOLVE PROBLEM OURSELVES'

For instance, Schone said, there are no major problems in north Oakland County in which townships are not involved. But he called the 15-mill township-county tax limitation "inadequate and antiquated" in the face of financing demands.

"It is my firm belief that we should be able to solve our drain, water and sewage problems ourselves," Schone concluded. "If we can't do it, then the federal and state governments will have to step in and do it for us.

"This would certainly be a blow to self-prestige and the right of self-government."

Industry is the biggest buyer in the diamond market, taking about 80 per cent.

The Day in Birmingham

Youngsters Will March in Halloween Parade

BIRMINGHAM — Led by the Chrysler Kiltie Band from Highland Park, several thousand Birmingham youngsters will march in the annual Halloween parade Friday evening.

The line of march will form about 7 p.m. at Chester and Martin streets, and move off promptly at 7:30.

* * *

Prizes, refreshments and entertainment will be provided by the city's businessmen. Following the parade a dance will be held in the high school gym. Other dance parties will take place at Barnum and Derby junior high schools. Motion pictures will be shown at Baldwin School for elementary school youngsters.

* * *

All children of school age who live in the Birmingham School District are invited. Approximately 7,000 tickets have been distributed at the schools.

Following tradition, Birmingham youngsters take to the streets tomorrow night for "trick or treat" activities. Along with the costumed elves and goblins will be a group of boys and girls from the city's churches. Identified by orange badges, they will be seeking money for the United Nations International Children's Emergency Fund.

The Birmingham Council of Churches, which is sponsoring the fund-raising campaign for needy children across the seas, has divided the city into 10 districts. Five hundred youngsters are expected to participate in the house-to-house drive.

Apparently not satisfied with the $400 taken Monday night from the Birmingham Lumber Co. office, 1025 Haynes St., thieves ransacked the firm's office again last night.

* * *

Birmingham Police said only about $7 was missing from the doorless safe which was being repaired after having been broken into the previous night.

Files, ledgers and other contents in the safe were found this morning strewn about the office by William Rosso of Birmingham, co-owner of the company.

* * *

Damage to the interior of the building was estimated at between $200 and $300.

Robert Girardin, city recreation director, has been appointed by Recreation Association of Michigan as its representative to the National Association District Board. His term will begin next April.

EDWARD N. McDANIEL

Edward N. McDaniel, 64, of 300 Hickory Grove Rd., Bloomfield Township, died unexpectedly Monday at his home. His body is at Manley Bailey Funeral Home.

* * *

Mr. McDaniel had been employed as a gardener. He was a member of the Presbyterian Church in Lapeer and a veteran of World War I.

* * *

Surviving are two daughters, Mrs. Carl Neilson of Grayling and Mrs. William Cameron of Flint; two sons, Douglas C. of Manton and Richard N., stationed with the Air Force in Nebraska; one sister and one brother.

Mrs. Charles F. Miller

Service for Mrs. Charles F. (Anna) Miller, 85, of Highland Park, a member of a pioneer Birmingham family, will be held at 1 p.m. Friday at Bell Chapel of the William R. Hamilton Co. Burial will be in Greenwood Cemetery.

Mrs. Miller died Tuesday at William Beaumont Hospital following a brief illness.

Born in Detroit, she came to Birmingham with her parents as a small child, residing at what is now known as the Lambert Farm, located on 14-Mile road. She was a member of the Unity Lutheran Church in Detroit.

* * *

Surviving are three daughters, Mrs. Andrew J. Kirkpatrick of Highland Park, Mrs. Frank T. King of Royal Oak and Mrs. Norman A. Purdy of Detroit; and one granddaughter.

$130,000 Is Raised Towards UF Goal

(Continued From Page One)

campaign stood at 42 per cent of its $6,849 goal.

Independence Township has collected $2,297 toward its $7,978 campaign goal, according to Mrs. DeVere Games, Women's Division Chairman.

Mrs. George Marble, Brandon Campaign Chairman, also attended the meeting; however, she had no progress report to make since Brandon's drive didn't kick off until last Thursday.

* * *

A highlight of the luncheon was the presentation of seven inch Indian Brave Oscars to leading workers who have surpassed 100 per cent of their quotas. Twenty seven workers from the Women's and Commercial Divisions received the awards.

The Pontiac Manufacturers' Association sponsored today's luncheon. The businesses included in the P.M.A. are American Forging and Socket Company, Baldwin Rubber Company, Consumers Power Company, Fisher Body Division of General Motors Corporation, GMC Truck and Coach Division of General Motors Corporation, Jig Bushing Company, Pontiac Motor Division of General Motors Corporation, Pontiac Varnish Company, and Universal Oil Seal Company.

William Belaney served as Master of Ceremonies, and the Rev. Milton Bank, of Central Methodist Church gave the invocation.

Tentative Plans Call for Burning Sludge

(Continued From Page One)

far apart to leave inner room for future expansion. Much of the city's 47-acre site would remain unoccupied, for future expansion also.

* * *

The new plant is designed to increase the city's sewage treatment capacity by one-third. The old plant will continue to handle an average 15 million gallons a day, while a 60 inch interceptor line leading to the new plant would funnel off an additional five million gallons a day in that direction.

In addition, the two plants would be tied together by a gas line. This would carry the methane gas, a by-product of sewage disposal, which is used to run plant pumps. The gas line would be two-way, providing a safeguard if trouble cropped up at either plant.

There also would be a laboratory at the new administration building, where chemical analysis can be applied to sewage samplings made not only at the plant sites, but also in spot checks throughout the city.

* * *

Some of the other big costs at the new plant:

$411,000 — This covers the cost of the aeration tanks, pipe gallery and blower building which are the heart of the disposal system.

* * *

$333,500 — For the connecting 60 inch interceptor pipeline.

$275,000 — For two digesters, in which sludge would sit for 20 to 30 days to decompose before going to the incinerator.

* * *

$213,200 — For roadways, piping, sidewalks and other yard fixtures.

$130,500 — For the initial screen and grit chambers to remove large items such as rags, leaves, bones, etc. This will be able to handle up to 90 million gallons on stormy days.

The administration building will cost about $93,600; the primary settling tank, $66,000; final settling tank, $60,300; chlorine tank, $65,300; electrical work, $75,000; painting, $25,000; and Clinton River bridge, $32,000.

In addition, 15 per cent has been set aside for contingencies and engineering, financing and legal costs and another $31,000 earmarked for new land and rights-of-way costs.

* * *

Not all the new work will be done at the new plant though.

There's $198,100 worth of construction earmarked for the old plant, including a new final settling tank to take pressure off the existing chlorine tanks; and two pumping stations, one to pump the dried sludge to the new incinerator.

Soviet Writer Won't Accept Nobel Prize

STOCKHOLM, Sweden (AP)—Soviet Author Boris Pasternak today refused to accept the Nobel Prize for Literature. He referred to "the society I livein."

Pastenak sent a cable to Dr. Anders Oesterling, permanent secretary of Royal Swedish Academy, which awards the Literary Nobel Prizes.

* * *

"Because of the meaning attributed to this award in the society I live in, I ought to say no thanks to the undeserved prize awarded me," Pasternak said. "Do not take my voluntary refusal with any ill will."

* * *

Oestering received a cable from Pasternak Saturday expressing his gratitude at the Nobel award.

That cable read: "Immensely thankful, touched, proud, astonished, abashed."

* * *

Today's cable indicated that in the meantime something had happened to Pasternak to change his mind. The author of the novel "Doctor Zhivago," which is critical of communism, has been under rigorous attack in the Soviet press.

Deaths in Pontiac and Nearby Areas

RANDOLPH J. BARNETT

Randolph J. Barnett, 58, of 193 Michigan Ave. died suddenly at his home Saturday.

He had been a receiving clerk at Pontiac Motor Div. and a member of Elks Lodge No. 810.

Surviving besides his wife, Alice, are two daughters, Mrs. Clarence Elliott of Greenfield, Ohio and Mrs. Earl Rowley of Ortonville; five grandchildren; a brother and four sisters, William Barnett, Mrs. Lloyd Mountain, Mrs. Andy Kulick, Mrs. Marshall Mitchell and Mrs. Wilbert Jolley, all of Pontiac.

An Elks Lodge of Sorrow will be conducted at 8 p.m. today in the Voorhees-Siple Funeral Home. Service will be at 11 a.m. Thursday from the funeral home. Mr. Barnett's body will be taken to Greenfield, Ohio for a prayer service at 2 p.m. Friday in the Murray Funeral Home.

ALEXANDER McLAY

NEW HUDSON — Service for Alexander McLay, 84, of 55653 Pontiac Trail, will be held at 1 p.m. Friday at the Richardson-Bird Funeral Home, Milford. Burial will be in Scott Settlement Cemetery, Detroit..

Mr. McLay died Tuesday following a one-month illness.

A former steam shovel operator, he is survived by four sons, Allan and Cecil, both of Detroit, Alexander Jr. of Dearborn and John of Milford; two daughters, Mrs. Earl Ford of Ypsilanti and Mrs. R. L. Brocklehurst of McLean, Va.; a sister, 17 grandchildren and 9 great-grandchildren.

ARTHUR LANDRY

Arthur Landry, 54, of 52 Center St. died early this morning in Pontiac General Hospital after an illness of several days.

He was an employe of General Motors Truck & Coach Div. and a member of St. Vincent de Paul Church, Holy Name Society and the Knights of Columbus.

Surviving are his wife, Marie; and nine brothers, Ralph of Dearborn, Jerry of Cleveland, Ohio, Rudolph, Roderick, Alfred, Leo, Henry, George and Robert Landry, all of Pontiac.

Mr. Landry's body is at the Brace-Smith Funeral Home.

ROBERT L. PAYNE

Robert L. Payne, 26, of 251 W. Cornell St., died suddenly Monday.

He was an employe of the Dynamic Mfg. Corp. of Rochester and a veteran of the Korean War.

Surviving are his parents, Wade and Opal Payne; a brother and three sisters, David H. Payne of Kincaid, W. Va., Mrs. Nola Payne of Pontiac, Mrs. Linda L. Moore of Beards Fork, W. Va. and Mrs. Peggy S. Smith of Kincaid.

Mr. Payne's body was taken from the Pursley Funeral Home to the Hooper Funeral Home in Montgomery, W. Va., for service with burial in the Johnson cemetery.

FORREST E. ZELL

Forrest E. Zell, 64, of 704 Melrose St. died of a heart ailment Monday in Veterans' Memorial Hospital, Dearborn. He had been in ill health several months.

A retired inspector of General Motors Truck & Coach Div., Mr. Zell had been with the Pontiac Police for six years working in the Animal Welfare Dept.

Surviving are his wife, Harriet; two daughters, Mrs. Judy Dafoe of Pontiac and Mrs. Hester Zelony of Clyde; three grandchildren; and a sister.

Service will be at 1:30 p.m. Friday from the Donelson-Johns Funeral Home with burial in the Drayton Plains Cemetery.

MRS. RAYMOND WILHELM

Mrs. Raymond (Marie) Wilhelm of 792 Irwindale Rd., Waterford Township, died suddenly at her residence Sunday.

She was a member of St. Michael's Church.

Surviving besides her husband are a daughter, Mrs. Robert Clancy of Pontiac; two sons, Joseph of Pontiac and Raymond of the U.S. Army stationed in Germany; a brother and a sister.

The Rosary will be recited at 8:30 p.m. Thursday from the Brace-Smith Funeral Home. Service will be at 10 a.m. Friday in St. Michael's Church with burial following in Mt. Hope Cemetery.

HENRY J. HILL

AUBURN HEIGHTS — Service for Henry J. Hill, 87, of 3435 Adams Rd., will be at 1 p.m. Thursday at the Apostolic Church of Christ, with burial in White Chapel Memorial Cemetery. His body will be at the Pursley Funeral Home until 11 a.m. when it will be taken to the church.

Mr. Hill died yesterday morning at his home after a long illness.

LACHLAN MAC LACHLAN

AVON TOWNSHIP — Service for Lachlan MacLachlan, 43, of 3740 John R. Rd., will be held at 2 p.m. Thursday at the Pixley Funeral Home, Rochester. Burial will be in Union Corners Cemetery, Troy.

Mr. MacLachlan died Monday at his home.

Surviving are his wife, Freda; four sons, Kenneth of Rochester, James of Oxford, Robert and Lawrence of Roseville; two daughters, Mrs. Carrol Jensen of Utica and Bonnie Jean MacLachlan of Roseville; a sister and a brother.

CHARLES SPENCER

LAPEER — Service for Charles Spencer, 78, of 27 Turrill Ave., will be held at 2 p.m. Friday at the Liberty Street Gospel Church. Burial will be in West Deerfield Cemetery, Deerfield Township. Funeral arrangements were made by the Muir Brothers Funeral Home.

Mr. Spencer died Monday at his home following a long illness. He was a member of the Liberty Street Gospel Church and the IOOF of Lapeer.

Surviving are his wife, Ada; a son, Floyd of Port Huron; two daughters, Mrs. Eula Brown of Pontiac and Mrs. Pearl Root of Mt. Morris; six grandchildren and three great-grandchildren.

JOHN WOOD

LAPEER — Service for John Wood, 75, of 88 S. Elm St., will be held at 2 p.m. Friday at the Baird Funeral Home. Burial will be in Mt. Hope Cemetery.

Mr. Wood died Tuesday at the Lapeer County General Hospital as a result of a fall several weeks ago. He had been employed at the Detroit Edison Co. and the Michigan Bell Telephone Co.

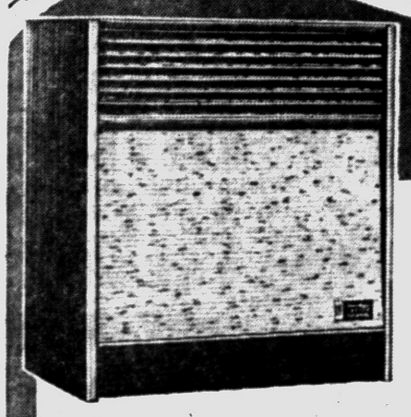

Surviving are a daughter, Mrs. John Robbins of Lapeer, with whom he made his home; three sisters and one brother.

Deaths Elsewhere

ATLANTA (AP) — Earle Winfred Dahlberg, 64, manager analyst for the Veterans Administration, died Tuesday. He was a deputy administrator for the National Recovery Administration under President Roosevelt and also worked for other government agencies.

Boy, 10, Admits to Shooting

'Just Like TV,' Child Wounds Housewife Who Refused to Drop Purse

ENGLEWOOD, Colo. (AP) — A 10-year-old boy verbally admitted to police today he shot a 32-year-old housewife when she refused to drop her purse.

Bill Maraggos, chief investigator for the Arapahoe County sheriff's office, identified the boy as Kerry Dale Casey, son of Charles Wade Casey. Maraggos said the boy admitted the shooting after he was brought to the county jail.

Mrs. Shirley Orlofsky was shot in front of her home in this Denver suburb Tuesday evening. She was in fair condition with a small-caliber bullet wound in the left shoulder.

Maraggos said the boy, roused out of a sound sleep, first denied the shooting but later orally admitted it after a .22-caliber revolver, believed used by the boy, and several other guns were found in the basement of the Casey home.

★ ★ ★

Maraggos quoted the boy as saying "I didn't mean to hurt her." He said he was "doing it like they do on the TV."

No charges were filed.

Mrs. Orlofsky said the boy approached her from across the street when she left a bus. "Drop your purse or I'll shoot you," he ordered. "I'm not kidding. I just shot a guy and dropped him."

"I laughed at him at first," Mrs Orlofsky said. "Then he repeated: 'I'm not kidding. I just shot a guy and dropped him.'"

Mrs. Orlovsky said she jokingly asked the boy where the shooting took place. He jerked his thumb vaguely over his shoulder.

When the blond boy again ordered her to drop the purse, Mrs. Orlofsky said, she turned and walked toward her home. After once pulling the trigger on an apparent misfire, she said, the youngster fired.

The bullet struck her just under the shoulder blade. She staggered into the house and collapsed.

Mrs. Orlofsky is the mother of three children. Her husband is a salesman for a Denver radio station.

Maraggos said police went to the Casey home to check out an anonymous phone tip.

"He showed no remorse," said Maraggos. "He acts more like a 17-year-old."

The boy's father told officers he had taken the .22-caliber revolver away from the boy Tuesday night but didn't believe his son had hurt anyone. He said his son was on probation from Denver Juvenile Court.

Maraggos said the boy's parents are divorced.

Dem Senator Expected to Win

Incumbents Are Favored in Wisconsin Election

One of four articles on elections in neighboring states)

MADISON (AP) — Few upsets are looked for in the Wisconsin general election next week.

Incumbents appear favored in both state and congressional contests.

E. William Proxmire's campaign claims that he sought senate legislation to help farmers, workers, small businessmen and to plug tax loopholes appears to have more voter appeal than his Republican challenger's denouncement of Proxmire's program as "socialistic."

The 42-year-old Proxmire was elected to fill out the unexpired term of the late Sen. Joseph McCarthy (R-Wis) who died May 2, 1957.

His opponent, Roland J. Steinle, 62, claims Proxmire is controlled by organized labor and has espoused legislation that would lead to socialism.

Proxmire's success in winning the McCarthy seat often has been cited as the start of a heavy Democratic trend nationally. The seat had ben considered safely Republican.

Neither Gov. Vernon W. Thomson nor his Republican colleagues who hold all statewide offices appear to be in any difficulty.

Thomson is campaigning on the issue that his administration has held taxes down and returned more money to local governments than ever before.

State Sen. Gaylord Nelson, who seeks to upset Thomson, claims the administration has bungled highway programs and has made false claims about the state building program.

Republicans currently hold a 6-3 edge in the U.S. House of Representatives and the only toss-up in the race is in the First District where a vacancy must be filled.

Coat of Arms Signifies Recent Posts of Pope

VATICAN CITY (AP)—The coat of arms of the new Pope, John XXIII, carries reminders of his two most recent posts.

On the silver and red shield are the Lion of St. Mark, a symbol of Venice, and the Fleur de Lis, once a symbol of French kings.

Pope John was papal nuncio to Paris from 1944 to 1953 and patriarch of Venice afterward.

Williams Alerts Plans

LANSING (UPI) — Gov. G. Mennen Williams will cancel his campaign activities Friday morning to attend the funeral of Edward Cardinal Mooney.

The travelers were entertained at a supper party at the Lawrence Ball home on Chesterfield road.

No Gifts Required of Guests

By EMILY POST

"Dear Mrs. Post: I am a widow in the early forties and plan to remarry soon. We will be married in church and have a small reception afterwards.

"My problem is this: Would it be proper to send invitations to my friends and relatives who were invited to my first wedding? They gave me gifts at that time and I would not want to hurt their feelings by not inviting them. What do you suggest?"

ANSWER: There is no obligation to send presents to a second marriage and I doubt very much that any of your friends who sent one to your first wedding will now send a second. Intimate friends who were unknown to you at the time of your first marriage are the ones who will feel like sending you presents this time.

"Dear Mrs. Post: Please tell my husband and me if it is necessary to tip the usual 15 per cent when dining out at high-priced restaurants? I think possibly when a check is very large it could be 10 or 12 per cent but he seems to think it is the same regardless."

Answer: I agree that it does make a great difference as to the size of the check — especially if the foods have been expensive rather than numerous. In this case a slightly smaller percentage would seem fair.

"Dear Mrs. Post: What titles may be abbreviated under normal circumstances, such as on visiting cards, formal invitations, etc.?"

Answer: Mr. and Mrs. are always abbreviated. Dr. in place of Doctor is used if his name is unusually long—otherwise the word written out is in better taste. "The Reverend" is definitely preferred by the fastidious, but "The Rev." is more generally used.

Pontiac Press Photos

St. Joseph Mercy Hospital Auxiliary held a tea Tuesday afternoon at the Lone Pine road home of Mrs. Ralph L. Polk. Mrs. Floyd Schoonover (right) greets guests, (left to right) Mrs. Williams Simpson and Mrs. Richard H. Kelly.

Tea Held to Benefit St. Joseph Hospital

Hospital to Give Awards

A dessert and coffee will precede the second annual Awards Meeting of the Women's Committee of William Beaumont Hospital which will be held at 2:30 p.m. Nov. 10 in the hospital cafeteria.

Irving B. Babcock, president of the board of trustees, will present gold pins to five volunteers who have given 1,000 hours of hospital service, and 17 members will receive silver pins for 500 service hours. Mrs. J. H. Spiller is awards chairman.

★ ★ ★

A movie, "Radio-isotopes—Reactor to Physician," part of which was filmed at the hospital, will follow. The film was shown at the recent Atoms for Peace Conference in Geneva and then taken to the Brussels Worlds Fair.

★ ★ ★

Mrs. George T. Trumbull, program chairman, has asked Dr. Henrietta Hayden and Dr. Kenneth Corrigan, husband and wife team of medical physicists of William Beaumont Hospital, to explain the use of radio-isotopes in a modern hospital.

Tickets for 'Follies' on Sale Tomorrow

Reserved seat tickets for the High Fever Follies will go on sale Wednesday at Osmun's downtown store and at the Tel-Huron Town and Country Store. This annual variety show, to benefit Pontiac General Hospital, sponsored by the Woman's Auxiliary, will be held Nov. 5 and 6 at Pontiac Central High School, at 8:30 p.m.

Pianist Severin Turel of Birmingham, provided music during the afternoon. Mrs. Forest Rorabaugh is pictured here with him.

Mrs. Ralph L. Polk (right) was hostess at her home for the St. Joseph Mercy Hospital tea. Mrs. James Soudis (left) poured during the afternoon.

A Colorful Year

Fashion is splashed with color this year. Bright pinks, violets, red and green and blue are seen singly and in stunning combinations for winter. And the color theme extends to hosiery and shoes, too.

Musicale Unit Sets Study Plan

The Development of Polyphonic Music will be the study program for the year, it was announced at the Tuesday afternoon meeting of Tuesday Musicale Workshop Group, held at the Long Pointe drive home of Mrs. Paul Kern.

Coordinator for the afternoon program was Mrs. Flora Wager, workshop chairman.

★ ★ ★

Theme of the program was music before the 9th Century and the beginning of Harmonic Experiment of the 10th and 11th Centuries. Participating were Mrs. Victor Linquist and Mrs. Rebecca Gould.

Mrs. T. A. Panaretos auditioned as a new member, playing a Chopin Etude.

★ ★ ★

Tea was served by the hostess, assisted by Mrs. Clyde Marshbanks, Mrs. Ralph T. Norvell and Mrs. D. B. Hogue.

Shrugs Off Male Protests

Saint-Laurent Designs to Please Women Only

NEW YORK (AP) — Yves Saint-Laurent, 22-year-old successor to the late Christian Dior, doesn't care whether men like his clothes or not, just so women wear them.

"Consider men? Never! Why should I?" asked the youthful Parisian designer, in New York for the opening of his American spring collection.

Reminded of the almost universal male protest against the recent chemise and trapeze silhouettes, the slight, bespectacled youth shrugged and remarked:

"Sometimes a fashion which conceals the figure is more intriguing than one which does not. I think a woman should look mysterious — not too much revealed."

★ ★ ★

His current collection, however, is highly revealing above the belt, running to plunging necklines and off-shoulder effects which appear somewhat hazardous. Belts are high, but the general silhouette is rounded, both above and below the belt, with a number of full skirts in both daytime and evening fashions.

Saint-Laurent inherited the mantle of the storied Dior about a year ago, and his life since has been devoted solely to carrying on the great tradition of his mentor, acknowledged dictator of world fashion. But when asked if he found it hard to live up to the standard of Dior, he replied:

"Not at all!"

U.S. TOUR ENDS

For four years, since the age of 18, Saint-Laurent has been designing for the house of Dior, and he indicates that he has no doubts as to his ability to carry on. His New York appearance wound up a two-week tour of the United States, during which he visited Los Angeles, San Francisco and Chicago. He sails for Paris Saturday aboard the liner United States.

Fame and fortune have made no difference in the young man's life, he insists. He has bought no sports cars, diamonds or fancy clothes. He has wasted neither time nor money on wine, women or song. He has no hobbies, no sports, no interests except fashion.

Lower Windows Before Raising Voice—Abby

Fights Are Talk of Neighborhood

By ABIGAIL VAN BUREN

"DEAR ABBY: How does a person go about changing the opinion of the entire neighborhood? My husband and I have had some pretty awful battles (with words). I've had the windows open and now the word has passed that we are not getting along, which is true to a certain extent, but I would prefer the neighbors to think differently for the sake of the children. I have to blow off a little steam now and then because life would be pretty boring if a man and his wife didn't have a few arguments."

TOUCHY

ABBY

DEAR TOUCHY: If you are concerned about what the neighbors hear, don't raise your voices until you've lowered the windows.

★ ★ ★

"DEAR ABBY: I am at my wits' end with my son. He is 25 years old and hasn't worked steady since he came out of the Army five years ago. He's healthy, good-looking and considered smart. He gets jobs handed to him on a silver platter—but he doesn't keep them more than a week. He walks the streets all day and comes home to eat and sleep. He says he "didn't ask to be born" etc., and if we don't help him out he will find some woman on welfare with children and go bunk with her. I spoke to my clergyman, and he said, 'That's too bad. I will pray for him.' Please tell me what to do about him, Abby. He is breaking my heart."

HEARTSICK MOTHER

DEAR HEARTSICK: If I were in your boat I would throw him out into the icy waters of reality and let him sink or swim. He is 25 years old, Mother, and it's time you cut the cord and told him to cut the nonsense.

★ ★ ★

"DEAR ABBY: I am a girl who is 13 years old. I have quite a few boy friends who like me but I like one special boy better than the rest. My mother says she doesn't want me rushing things so I can't go steady with him. When we go to a show or something and he walks me home, he goes to kiss me on the lips, but I always give my cheek.

"He says this is 'babyish' and maybe he's right, but I don't think I am ready to kiss a boy on the lips yet. When I give him my cheek and he complains, what should I do?"

SUE

DEAR SUE: Turn the other cheek!

★ ★ ★

"DEAR ABBY: I am 82 years old, am the mother of seven children, eight grandchildren and four great-grandchildren. I have always been in good health, worked hard, am active and live alone in my own home. I like it that way. I go and come as I please, sleep when I like and am in no one's way.

"Now the children feel that I am too old to live alone. They want me to break up my little house and live among them. I can't see why I can't go on living as I have. I live only one block from one of my sons, have a phone by my bed and I am happy here. Should I do as the children say? Please give me your opinion. Thanking you in advance."

UNDECIDED

DEAR UNDECIDED: This decision should be left up to your doctor. If he feels that you are able to live alone, I think you should definitely continue to maintain your independence.

"DEAR ABBY: If people have to wear glasses, why don't they wear glasses? I have a friend who passes me up on the street all the time. I practically have to knock her over to get her to recognize me. Then she says she is sorry but she wasn't wearing her glasses. If people who need glasses think they look better without them, they are sadly mistaken. They squint and screw up their faces until they look like monkeys. I hope those guilty parties will put on their glasses and read this."

TWENTY-TWENTY

DEAR TWENTY: Perhaps the ladies believe the little rhyme: "Men never make passes at girls who wear glasses." If so, they should get modern and learn: "Contact lenses trap more menzes."

★ ★ ★

CONFIDENTIAL TO STEVE: Careful, Son. The gal who advertises rarely delivers.

Corduroy Favorite in Slacks

Tapered slacks are the favotite off-campus lounging outfit of the school set.

And this year, corduroy is the favorite fabric for these machine-washable casual pants —some plaid, others striped, and still others splashed with large exotic roses.

Not only is corduroy extra hardy, but it rarely needs a trip to the ironing board after laundering—if the wrinkles are tugged out while still damp.

When light pressing is needed, hold the steam iron over not on the fabric. This lets the hot vapor raise the pile of the cloth instead of crushing it flat.

Pontiac Press Photo

Even in late fall, registered pharmacist Mrs. Sonya Zak of Waterford Township enjoys her big garden on the roof of her pharmacy on Elizabeth Lake road. All but a few less hardy plants are brought in for the winter months.

Married Saturday at Sunnyvale Chapel were Beverly June Simmons and Herbert Devone Stone. Parents of the couple are Mr. and Mrs. Jesse W. Simmons and Mr. and Mrs. Ralph Stone.

MR. and MRS. HERBERT D. STONE

Beverly Simmons Is Wed

Beverly June Simmons and Herbert Devone Stone were married Saturday afternoon at Sunnyvale Chapel. The Rev. James Parker officiated at the ceremony before 180 guests.

Parents of the couple are Mr. and Mrs. Jesse W. Simmons of Crescent Lake road and Mr. and Mrs. Ralph Stone of Norton street.

The bride wore an eggshell colored ballerina-length gown of lace over slipper satin featuring a scalloped hemline and long tapered sleeves. A tiara of pearls and sequins held her matching veil.

Mrs. Richard Rollman was her sister's matron of honor. Bridesmaids were Carol Simmons, another of the bride's sisters; Mary O'Connor, Ellen Wagner and Patricia Yarger.

Their dresses were of taffeta with lace overskirts and matching accessories. The matron of honors' dress was rust colored and the bridesmaids were dressed in pink, yellow, beige and gold respectively. Their bouquets were bronze, white and gold chrysanthemums with white roses.

John Knight was best man. Ushers were Richard Rollman, Edmond Ketzler, Ray Oates and Gale McAnnally.

The bride changed to a brown and black checked wool sheath dress with a beige hat and white rose corsage before the couple left on a honeymoon to northern Michigan. They will live on Mt. Clemens street. The bridegroom is attending General Motors Institute.

Mrs. Simmons wore a blue silk dress with a rose velvet hat for her daughter's wedding. Mrs. Stone was dressed in a purple print silk dress with a lavender velvet hat. Both had white rose corsages.

Roof Garden Beauty Spot Year Round in Waterford

When Sonya Zak of Waterford Township gets tired of mixing up prescriptions in her Elizabeth Lake pharmacy, she just goes up the back stairs to relax in her "penthouse way up in the sky."

★ ★ ★

Situated on a high hill on Elizabeth Lake road is one of the most unique dwelling places in Oakland County.

On the main floor of the face-brick building there is a modern drugstore with a laboratory in the back where registered pharmacist Mrs. Sonya Zak combines ingredients for all types of prescriptions.

Upstairs, there is a tiny four-room apartment, full of individuality. However, the most unusual area in the entire building is a huge roof garden over the front part of the drug store.

A redwood intertwining railing surrounds the 40 by 60 foot "garden" where greenery grows the year round.

PLACE FOR BIRDS

In the center, a large pyramid planter surrounds a birdbath. During the summer months hardy petunias, marigolds and geraniums fill the three-tiered square planter, and these last until late November.

In each of the four corners of the roof there is a potted pine tree, surrounded by hardy plants and bushes, which attract many types of birds. Redwood lawn furniture, an umbrella, table and chairs complete the roof garden.

In the summer, Mrs. Zak's two grandchildren play in a huge swimming pool "up in the sky." Drainage is no problem as the gravel-type roof was scientifically constructed so that all water flows to an outlet and is carried away down an eavespout.

★ ★ ★

In the spring, Japanese cherry trees are in full bloom in huge pots, along with hibiscus and gardenias from Florida. "Up here, the air is filled with the fragrance of these flowers," Mrs. Zak explained.

Around the screened-in porch that adjoins the spacious living room there is a big planter box which Mrs. Zak has filled with tulips, narcissus, hyacinths, crocus and snowdrop bulbs. Begonias and gladioli follow the spring flowers.

As for future improvements for her roof garden, Mrs. Zak plans on having black dirt hauled up and a carpet of new-type short root sod planted next year.

★ ★ ★

In the meantime, this energetic grandmother has fun showing her friends a gorgeous view of Indian Summer from her "penthouse way up in the sky."

Air - Conditioner Filter Cleaning

This is the time to clean the filter of your air-conditioner before covering the unit for the winter.

Plastic and aluminum filters should be washed with hot soap or detergent suds, rinsed under the faucet, and replaxed when dry.

Toy, Plastic Party Held by TBI Club

A toy and plastic party was held at the meeting of the TBI Women's Club Saturday afternoon at the Pontiac Business Institute.

A money making project has been planned for the November meeting. Proceeds from both meetings will go to the scholarship fund.

DOES YOUR TOWN HAVE GROWING PLANS?

Tomorrow's industry wants to be in tomorrow's town. A good reason for you to take an active interest in community planning today. Providing you are interested in seeing new industry come and present industry stay and expand.

Every town should plan for orderly growth and development, but the town that would attract industry must do so.

Your town needs a municipal planning commission, a comprehensive community plan, good zoning, soundly programmed public improvements, a building code, expert attention to the parking problem, etc. Your town needs these things, and your municipal officials need your encouragement and help in the efforts they are making to get them.

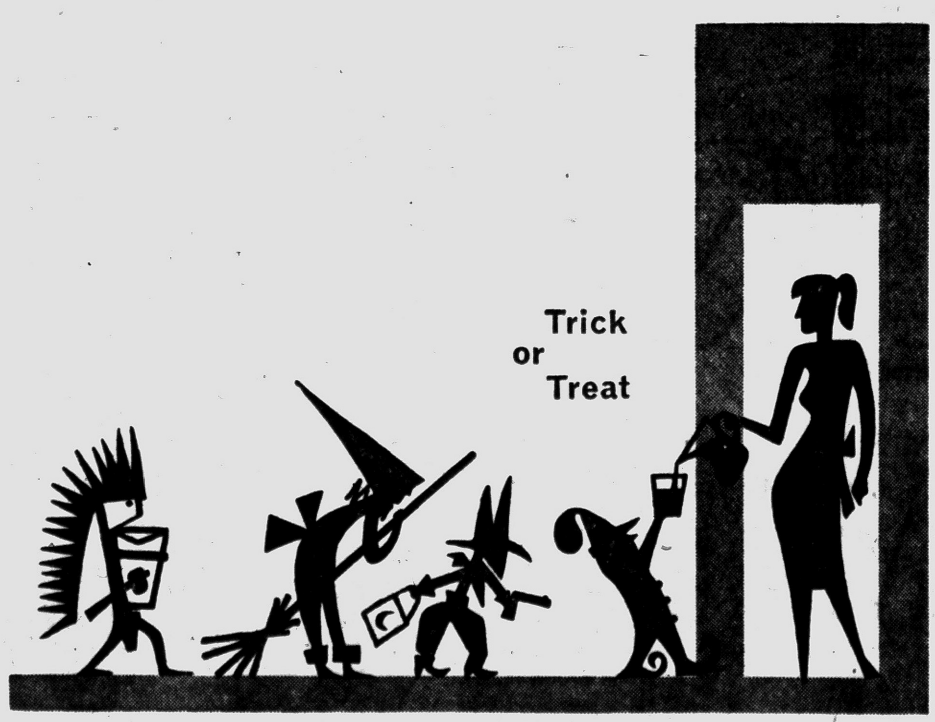

It's no trick to be yesterday's town, but if you're going to be today's town, you've got to work at being tomorrow's.

Join hands with your local industrial development organization and the Michigan Economic Development Department to make your community prosper.

This ad is published as a public service by this newspaper in cooperation with the Michigan Press Association and the Michigan Economic Development Department.

National Debt Soars to Hit Record High

WASHINGTON (AP) — The national debt has reached an all-time high of $280,851,000,000.

The Treasury disclosed today that the total direct and guaranteed debt had shattered the old record Thursday—the most recent day for which government accounts have been tallied.

★ ★ ★

Until then, the highest debt was that recorded Dec. 31, 1955, when it was $280,821,000,000.

The biggest chunk of the direct and guaranteed debt is $280,739,000,000 owed directly by the Treasury.

★ ★ ★

The rest is 112 million dollars of securities sold by the Federal Housing Administration which the Treasury must pay in the unlikely event that FHA defaults.

Congress includes these FHA obligations in its discussions of the debt but the Treasury prefers to think in terms of the direct debt alone. The direct debt is still about 29 million dollars shy of its Dec. 31, 1955, record high.

Free Preacher Who Tried to Wed 11-Year-Old Girl

SEVIERVILLE, Tenn. (AP) — The Rev. George Washington Rollins, who failed in his attempt to marry an 11-year-old girl, has been freed by the Sevier County grand jury.

★ ★ ★

The grand jury refused to indict him Tuesday on a charge of contributing to the delinquency of Frieda Ogle.

★ ★ ★

A judge previously had dismissed a kidnaping charge against the Missionary Baptist preacher when Frieda testified she went to Georgia willingly to be married to the divorced father of five children. Rollins was arrested during the three-day waiting period required before marriage.

Saturday Is Deadline for Absentee Ballots

A last minute warning has been issued to Waterford Township residents regarding absentee ballots, by clerk James Seeterlin.

Recruits' Virus Major Mystery

Oddball Type Infection Attacks Military Group but Not Civilians

By FRANK CAREY
Associated Press Science Writer

ST. LOUIS (AP)—A virus that apparently has a yen for military service has created a major mystery for the medicoes.

It's one of the so-called "adenoviruses" — a crew of germs that can cause cold-like illnesses, sometimes pretty severe ones.

The viruses first were discovered several years ago. Since then 23 separate types have been found in humans, including some that cause conjunctivitis, an eye infection.

★ ★ ★

One of them — called "type 4" — is a real oddball, the American Public Health Assn. was told Tuesday by Dr. Harold S. Ginsberg of Western Reserve University Medical School.

The severe, cold-like infections that it produces are confined almost exclusively "to militarily clothed adults" — and mainly to recruits — Ginsberg related.

The reason for this, he said, "remains a major epidemiological mystery."

Type 4 has somewhat of a rival in Type 7 as a military pest, but the latter is not so exclusively a camp follower.

★ ★ ★

Ginsberg said that while each of the 23 adenoviruses are known or believed to affect civilians at times, only two of them — Types 3 and 8 — are of epidemic significance among civilians. And these are largely limited to children.

But he said the viruses constitute a real tough problem for military forces both in this country and in other parts of the world, with Types 4 and 7 being the chief culprits.

He said a large majority of recruits become infected within eight weeks after induction.

But there's a chance that Type 4, despite all its peskiness, may eventually get some kind of a good conduct medal — for indirect service to science.

At least, Ginsberg said that if researchers can find out why the wily critter virtually scorns civilians in favor of the armed forces, this may shed light upon the general problem of how virus diseases of all types originate, spread and do their insidious work.

Ayub Is Named Pakistan Head

Sworn In as Premier After Mirza Resigns as President

KARACHI, Pakistan (AP) — Gen. Mohammed Ayub Khan ruled Pakistan today in name as well as in fact.

President Iskander Mirza resigned Monday night and handed over all his powers to Ayub, the former army commander in chief with whom he had joined Oct. 7 in a peaceful military revolution that abolished all semblance of democratic government.

★ ★ ★

Earlier Monday Ayub had been sworn in as premier, heading a cabinet of three other military men and eight civilians. He will continue to govern under martial law.

Mirza said he stepped aside to give Ayub a free hand in revitalizing Pakistan's governmental structure and to end an "unfortunate impression" at home and abroad that he and Ayub "may not always act in unison."

Ayub said Mirza's quitting "will in no way affect my policies."

"Let us now resolve to face the tasks ahead of us as a nation and get down to solid and honest hard work without indulging in any speculation."

★ ★ ★

Charging that politicians had made a mess of running Pakistan, Mirza and Ayub on Oct. 7 overthrow the Cabinet of Premier Firoz Khan Noon, declared martial law, abrogated the constitution, abolished the National Assembly and opened a campaign against corruption in government, profiteering and black marketing.

The army and apparently most of the population supported them, and there has been no violence.

Tuskegee Institute was founded in 1881 by Booker T. Washington.

ROMEO'S OLDEST MERCHANT — At the age of 73, A. Madjoff, the tailor, still sews a fine seam in the shop on Main street he has occupied for more than 41 years. Several generations of Romeo area families have been counted among his regular customers.

Romeo's Oldest Merchant Learned Trade in Bulgaria

By LEE WINBORN
Romeo Correspondent

ROMEO — "A. Madjoff, the tailor," is an institution in Romeo.

For more than 41 years, he has been turning out top-quality, custom-made clothes at the same location on Main street.

Romeo's oldest merchant, both from the standpoint of age and service, Atanas Madjoff was born in Bulgaria in 1885. He began preparing for his life's work by becoming a tailor's apprentice at the age of 12 in Kustendiff, 85 kilometers west of Sofia, capital of Bulgaria.

Two years later he moved to Sofia to complete his 5-year apprenticeship. Army service interrupted his career for two years, but after his return to civilian life and two more years of doing "piece work," he was able to open his own shop.

For many years he had dreamed about coming to America, so in 1910 he packed his expertly tailored clothes, took the money he had saved and sailed for New York.

★ ★ ★

"I spent the first seven years in this country traveling around, trying to find just the right job," Madjoff recalled.

"I worked a number of places in Michigan, on the West Coast and in Chicago," he said, "and I remember the longest I ever worked for one boss was 23 months."

"I already had a tailor's diploma from Bulgaria when I came here, but I couldn't speak English so I had to follow chalk marks in my work," the bespectacled tailor explained.

"In the spring of 1911, I decided I had to change from the metric system of measuring to measuring by the inch. I took a course in Chicago to learn how."

Arriving in Romeo in 1917 Madjoff set up his tailoring business on the second floor above what is now Donahue's Drug Store. Several months later he moved into the shop where he is now located.

★ ★ ★

Although unable to [illegible] pound pressing iron [illegible] to turn out the quantity of work he used to, he still prides himself on his craftsmanship. And a measure of his talent with the needle is the number of Romeo area residents who have patronized his shop for several generations.

Always perfectly groomed, Madjoff is a walking advertisement for his own business. He always wears a freshly pressed suit complete with shirt, tie and vest. Only in very warm weather does he even remove his coat.

Now, at the age of 73, Madjoff still puts in six full workdays every week. Occasionally, though, he takes a few minutes off to talk with his old cronies about the changes he has seen on Main street from his front window.

The shop itself has hardly changed since it was first opened. It is still heated by a pot-bellied coal stove, and lighted by single bulbs strung from the ceiling. Only the bare, wooden floor shows signs of wear from the miles Madjoff has walked from cutting table to sewing machine during the past 41 years.

MR. and MRS. HAROLD J. HAMILTON

Covert Methodist Scene of Stayt-Hamilton Rite

WATERFORD TOWNSHIP — The Covert Methodist Church was the scene Sunday evening of the marriage of Janet D. Stayt to Harold J. Hamilton.

The bride is the daughter of Mr. and Mrs. Gordon L. Stayt of Winslow drive. Parents of the bridegroom are Mr. and Mrs. A. W. Hamilton of Oldsmobile drive.

For her wedding the new Mrs. Hamilton chose a floor length gown of Chantilly lace and nylon over silk satin. Her fingertip veil of matching lace fell from a tiara crown, and she carried a bouquet of white roses and carnations.

Maid of honor was the bride's sister, Joan. Another sister, Lois, was junior bridesmaid.

Best man was Ed Passmore of Waterford Township, assisted by Wagern the bridegroom's brother, Michael Ushers were Charles Calkins of Pontiac and Roland Houthoofd of Akron, Mich.

The reception was held at the Knights of Pythias Hall.

Upon return from their honeymoon in northern Michigan, the newlyweds will make their home in Keego Harbor.

Macomb Ups Budget

MOUNT CLEMENS (AP) — The Macomb County Board of Supervisors has approved a 1959 budget of $5,726,790, an increase of $366,126 over the county's current budget. The new budget provides for $1,000 pay increases for six county officers including Clerk Albert A.

8 Communities Plan Halloween Celebrations

'Beggars' to Call for UNICEF Pennies

Eight county communities have planned organized Halloween celebrations for this weekend, and "beggars" from three of the localities will seek pennies for food, clothing and medicine for their underprivileged neighbors across the seas.

Children in Oxford, Ortonville and Clarkston intend to defy the goblins and witches Friday night and, in costumes, comb the communities carrying UNICEF canisters.

They will be collecting pennies for the United Nations International Children's Emergency Fund instead of the usual Halloween treats for themselves.

Clarkston

Clarkston Elementary School children, who will participate in the "Treat for All the World's Children" drive, will receive their canisters at the school Friday afternoon.

The canvass in the Clarkston area Halloween night will be from 6 to 7 p.m. Children will then return to the school for cider, donuts and a movie sponsored by the Clarkston Rotary Club.

Last year this community collected $182, according to Mrs. Paul Eliason, chairman of the Clarkston UNICEF.

Ortonville

The Ortonville Women's Club will sponsor the UNICEF penny march here for the third consecutive year.

★ ★ ★

The annual Community Halloween party is a project of Community Activities, Inc., with Mr. and Mrs. Merlin Saunders as co-chairmen.

Sounding of the fire siren at 6 p.m. Friday will mean that children should present their Jack O'Lanterns at the Grange Hall Annex for judging and then pick up their penny canisters.

Silver dollars will be awarded for the three best carved pumpkins and the canisters with the most pennies, by the Women's Club later in the evening.

★ ★ ★

The parade of costumed children will form at the Town Hall under the direction of Norman Williams, scoutmaster, and then travel to the Fire Hall for judging.

Games and contests for preschoolers and pupils through eighth graders will be conducted next to the Fire Hall. The Veterans' Auxiliary, Rotary Anns, Brandon Veterans' and Rotary Club are assisting in the costume and game contests.

The auxiliary police and the fire department will serve refreshments at the Fire Hall. These two organizations also will be in charge of the teenagers' street dance which, in case of rain, will be held in the Town Hall.

Arlo Davis, president of Community Activities, Inc., said the cooperation of Bald Eagle Lake, Lake Louise and Ortonville businessmen, scouts, civic groups and clubs should make the evening a successful one.

Oxford

The Methodist Church School in Oxford will again sponsor the UNICEF drive.

★ ★ ★

The children will conduct the house-to-house drive tonight, Thursday and Friday.

Leonard

The Addison Township firemen will sponsor a Halloween party Friday at 7:30 p.m. at the Fire Hall. Five prizes will be given for the best costume.

★ ★ ★

Hot dogs, cider and apples will be served, according to the co-chairmen, Mike Schlusler and Gary Sutherby.

Metamora

Main street of Metamora will be the scene of the Halloween costume party Friday night. It is being sponsored by the local Lions Club.

A parade of costumes for different age groups will be followed by the awarding of prizes and serving of refreshments.

The Senior Young People's group of Pilgrim Congregational Church will hold a Halloween party at the church tomorrow beginning at 6:30 p.m.

★ ★ ★

The evening will feature a magician, games, hayride, prizes and refreshments.

Orion Township

Children living on Brown road who attend Carpenter School will gather on the front yard of Charles Loucks Jr., 721 Brown Rd., for their party Friday.

★ ★ ★

Beginning at 6 p.m., the evening will include a hayride, bonfire, wiener roast and story-telling hour. The party is open only to children living on Brown road.

Troy

The Live Wire Fellowship group of Troy Methodist Church will hold a masquerade party Saturday at the home of Robert Schultz, 365 E. Square Lake Rd. Prizes will be awarded and refreshments served.

Union Lake

The Huron Woods Civic Association in the Huron Woods Subdivision near Union Lake will sponsor a community Halloween party for children Friday beginning at 8 p.m.

The outdoor party will include contests, games, prizes, cider and donuts.

Held on a vacant lot on Alsup street near Crattage street, the party is being planned by Dan Herron with the assistance of Mrs. Clifford Alderson, Mrs. Fred Oesgher and Mrs. Clarence Sellers.

RUTHANN D. McKENNA

Announcement has been made of the engagement of Ruthann D. McKenna to Philip C. Swartz. The bride-elect is the daughter of Mrs. Ann McKenna of 129 Arvida, Walled Lake, and the late Clarence McKenna. Parents of the prospective bridegroom are Mr. and Mrs. William J. Swartz. The wedding date has not been set.

Boy's Jack o' Lantern Sets City House Afire

Firemen yesterday extinguished flames which caused an estimated $400 damages to the two-story frame home of George R. Landry, 262 Judson St.

★ ★ ★

The blaze broke out in a second-story bedroom where Landry's 7-year-old son, John, was playing with a jack o' lantern. The lantern set fire to a mattress and the floor, according to firemen.

Lake Orion Dinner Slated by Masons

LAKE ORION — Five hundred lodge members from southern Michigan are expected to attend the annual Master Masons' dinner Saturday at Lake Orion Community High School.

St. Andrews Lodge 588 of Detroit will exemplify the first and second sections of the Master Mason degree. The fellowcraft team will wear their native Scottish dress and give the work in the Gaelic tongue.

The dinner, by reservation for Master Masons only, will be served by Orion chapter 340, Order of the Eastern Star, from 5 to 7 p.m., with the Rainbow Girls assisting. Reservations may be made with Hugh Brady at Brady's Market.

Worshipful Master George W. Green announced the following committee chairmen for the event: John C. Nelson, Brady, dinner; Robert Hauxwell, Otto S. Knotts, arrangements; Charles Belton, tickets; Roy D. Bass, information; and John L. Hall, registration.

Carter Gospel Team Appearing at Church

HIGHLAND TOWNSHIP — Starting this evening and continuing through Nov. 9, the Carter Gospel Team will lead a series of evangelistic meetings at the West Highland Baptist Church.

The Christian trio is the nation's only full-time inter-racial and interdenominational musical gospel team, according to the Rev. Gail G. Buckles, pastor.

Services will begin each night, except Saturday, with prayer meetings. Song services will follow at 8 p.m.

The public is invited.

Pontiac Press Photo

FINAL DELIVERY — Leon Keefer, 50, of Keego Harbor, who has had a Pontiac Press route since 1935, makes his final delivery. Receiving the paper is Kern H. Murphy, 3054 Summers St., Keego Harbor. Murphy, a customer of Keefer's for 21 years, is production manager at General Motors Truck and Coach Division. Keefer decided to retire last week.

Pontiac Press Carrier, 50, Retires After 23 Years

Pontiac Press subscribers in the South Cass Lake road — Pine Lake avenue area of Keego Harbor Saturday saw what might be called an end to an era.

That was the day Leon Keefer, of 2248 S. Cass Lake Rd., decided to retire after owning and running his Pontiac Press route for 23 years.

Leon, who will be 51 next month, said he had "decided to take it easy. The route was getting to be a little too big for me."

He came to the Press in 1935. He had been laid off for a year and, because of poor eyesight, had trouble getting a job. Leon has been partially blind since childhood.

Since 1935 it is estimated he has delivered 1½ million papers.

"Through the years I guess dogs bothered me the most," he said smiling. "I was bitten several times, but none of the bites were ever very serious."

Many residents of Keego Harbor will miss Leon. One of them is Kern H. Murphy, of 3054 Summers St. Murphy has taken The Press from Leon for 21 years and says he never missed a copy.

Board Accepts Bids at Southfield Meet

SOUTHFIELD — The low bid of 1.87 per cent interest on a loan of $500,000 has been accepted by the Southfield Board of Education from the Detroit Bank and Trust Co.

The money will be used in anticipation of undistributed state aid to operate schools. The Board also authorized spending $17,081 for paving and blacktopping at the Lathrup and Magnolia school sites. The work will be done by B. J. Pollard Co. of Detroit.

Bids for equipping East Southfield and John Grace school cafeterias were let in a total amount of $21,074 to the Gold Star Products Co., Detroit.

The Board approved a revised operating budget of $2,503,735 for the 1958-59 fiscal year.

A TRUE OPEN-END MORTGAGE

We are proud to offer these truly open end mortgages . . . . This is what they provide:

- **You may pay up the mortgage at any time without advance notice and without penalty.**
- **Your mortgage can be increased at any later date to the original amount borrowed for additional improvements or for any other satisfactory reason.**
- **You may pay any additional amount at any time without notice or penalty.**
- **You may pay interest and principal in advance at your convenience.**
- **Terms on our conventional open end mortgage up to 25 years.**
- **Monthly payments include Interest, Principal, Taxes and Insurance. We have cash available today . . . for these attractive open end mortgages. Come in and talk with one of our friendly, courteous representatives.**

TO REPLACE 1837 TROY CHURCH — This is the architect's sketch of the proposed Troy Methodist Church to be located on a 10-acre site west of Livernois road [illegible] of Square Lake road. The contemporary [illegible] was designed by the firm of James E. Mercer [illegible] cost of the building and its furnishings [illegible] $[illegible]. The building plans include a sanctuary with seating for 380 persons, and a fellowship hall to accommodate 350. The present church at 90 E. Square Lake Rd., built in 1837, has been occupied by the congregation since 1862. Several of its stained glass memorial windows and its bell will be installed at the new church.

Scientists Decoding Rocket Secrets

Moon Pioneer Left Wealth of Data

THE FOURTH STAGE — The U. S. moon rocket Pioneer is shown being attached to the third stage. Atop this went the payload package of instruments that sent vital new information back to earth.

WASHINGTON (NEA) — Another moon rocket is being cocked at Canaveral, but, meanwhile, scientists here are hopeful that the first unsuccessful attempt to circle the moon will give new clues to vexing scientific mysteries.

The information Pioneer transmitted before it burned up over the Pacific may:

Tell us whether space is as empty as we think it is.

Give us new knowledge about the magnetic storms which frequently disrupt radio communications through the world.

Tell us whether space travel is possible — or whether the heavy radiation belt extends so far into the heavens that space travel could be just a dream in our lifetime.

Possibly verify a scientific theory that even low-powered radios will transmit enormous distances through outer space, opening vast possibilities for "space communications."

The full answers — if Pioneer transmitted them — won't be known for some time. Scientists have literally miles of tape to decode from a series of tracking stations.

But one thing is certain: there's a wealth of material. Pioneer's transmitters worked clearly from the time the rocket took off until it burned up in the earth's atmosphere 43¼ hours and 158,424 miles later.

★ ★ ★

Preliminary Pioneer data has already given a clue to some of the answers. First reports indicate the dangerous radiation belt begins to die down after 5,000 or 6,000 miles.

★ ★ ★

There's a hint, from the excellent reception to Pioneer's radios throughout its long journey, that in fact low-powered radio broadcasts carry great distances in space with little loss in volume. So far there hasn't been enough decoding of Pioneer tracking station recordings to learn much about the emptiness of outer space or the causes of magnetic storms.

But however much or little the data from Pioneer, scientists did learn from this flight which failed that they have the know-how to send new Pioneers to the moon soon, and eventually on to Mars, or sailing millions of miles through outer space gathering scientific data.

There are indications these new rockets may be able to transmit back messages from these space ships a million or more miles away, even with radio equipment not much better than we now produce.

The errors that caused Pioneer to plummet back to earth were errors not difficult to correct. What's required is rejiggering the instruments to put the missile on a more precise path and possibly a raising of the temperature inside the rocket (which perhaps can be done simply by a different color combination on the outside that would absorb more heat from the sun and radiate less).

★ ★ ★

Technical men close to the project say that if they are given the go ahead, they can be ready for a new shot early the first week of November when the moon is again in the best position for a shot.

Hearses Air-Conditioned

LISBON (UPI) — A funeral car rental agency today advertised that its newest hearses were air-conditioned.

Oakland Polio Cases Reach Total of 48

This year's polio figure rose two more last week bringing the county total to 48, according to Dr. John D. Monroe, health director.

★ ★ ★

One case was reported in Waterford Township and one in Madison Heights last week. The 1957 number of cases during the same period was 26. No deaths from polio have occurred in the county this year.

★ ★ ★

The following is a list of the communicable diseases reported to the county and city health departments last week:

PONTIAC	Past Week	Prev. Week	Year Ago
Chicken pox	4	1	1
Measles	1	0	2
Mumps	0	0	2
Pneumonia	0	0	1
Scarlet fever	1	1	1
Whooping cough	3	1	0

OAKLAND COUNTY	Past Week	Prev. Week	Year Ago
Chicken pox	5	16	5

16 JA Firms Now Operating After Vacation

Sixteen Junior Achievement companies operated by more than 300 Pontiac area teenagers are now operating at the local business center at 20½ E. Pike St. following a summer vacation.

★ ★ ★

Each company, which is now preparing for the eight month JA business year ahead, is expected to capitalize with from $100 to $200.

★ ★ ★

The local companies which are counselling one or more of the JA firms this year are: Community National Bank of Pontiac, GMC Truck & Coach Division, Allstate Insurance Co., Blair Transit Co., Fisher Body Division, Chrysler Corp. engineering division, Standard Oil Co. (Ind.) and Consumers Power Co.

★ ★ ★

Others are Chrysler Missile Division, the Detroit Edison Co., Michigan Bell Telephone Co., Pontiac Motor Car Division, MOPAR Division and Engineering and 9 Mile Plant Divisions of Chrysler and the Pontiac Rotary Club.

The Liberty Bell was cracked by Chief Justice John Marshall in 1835 while being tolled in memory of

YOUR CHILD MAY HAVE PIN-WORMS
1 OUT OF 3 DOES!

Fidgeting, nose-picking and a tormenting rectal itch are often telltale signs of Pin-Worms . . . ugly parasites that medical experts say infest *one out of every three* persons examined. Entire families may be victims and not know it.

To get rid of Pin-Worms, these pests must not only be killed, but killed in the large intestine where they live and multiply. That's exactly what Jayne's P-W tablets do . . . and here's how they do it:

First—a scientific coating carries the tablets into the bowels before they dissolve. *Then*—Jayne's modern, medically-approved ingredient goes right to work—*kills* Pin-Worms quickly and easily.

Don't take chances with this dangerous, highly contagious condition. Get *genuine* Jayne's P-W Vermifuge . . . small, easy-to-take tablets . . . *special aids for children and adults.* Perfected by Dr. D. Jayne & Son, specialists in worm remedies for 100 years.

2 City Youths Face Trial in Car Thefts

Two Pontiac teenagers were bound over to Oakland County Circuit Court yesterday after they waived examination on a charge of unlawfully driving away an automobile, before Municipal Judge Maurice E. Finnegan.

The two youths, Edward J. Apley, 18, of 15 Fairgrove Ave., and Harold V. Gilbert, 17, of 27 Matthews St., were arrested along with a 15-year-old boy, by police officers Saturday. Bond was set at $100.

The juvenile was taken to the Oakland County Children's Home.

The trio admitted driving away 10 cars in a two-week period, according to Detective Sgt. Albert W. Foster Sr. All the cars have been recovered.

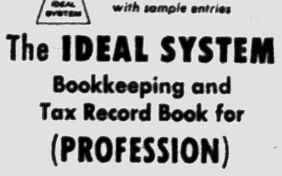

UAW Local Sponsors Halloween Teen Dance

Local 653 of the UAW will sponsor a Halloween Teen Dance Friday from 8:30 to 11:30 p.m. at the local's hall, 386 E. Kennett Rd.

Charles Melton, chairman of the event, said prizes will be given for the best costumes at the record dance. Admission will be 50 cents.

Award Contract at New Hospital

18-Bed Addition to Cost $84,000; Detroit Firm Makes Low Bid

ROMEO — The contract to cover construction of an 18-bed addition to the new Community Hospital yesterday was awarded to the Warren L. Couse Co. of Detroit. The firm's low bid was $84,000.

Twelve contractors submitted bids which were opened yesterday at the hospital, located on Van Dyke just south of the Lapeer-Macomb county line.

★ ★ ★

The hospital was dedicated last weekend and inspected by several thousand visitors during the three-day open house. More than 1,000 persons viewed the new building on Sunday alone, hospital officials said.

The same Detroit company was awarded the contract to build the original 30-bed structure, which was finished this summer.

★ ★ ★

Hospital officials expected the new medical facility to be ready for operation some time next month.

Oxford Vote Rejects Water Improvement

OXFORD — A proposed $75,000 bond issue for improvement of Oxford's village water yesterday was rejected for the second time within a year.

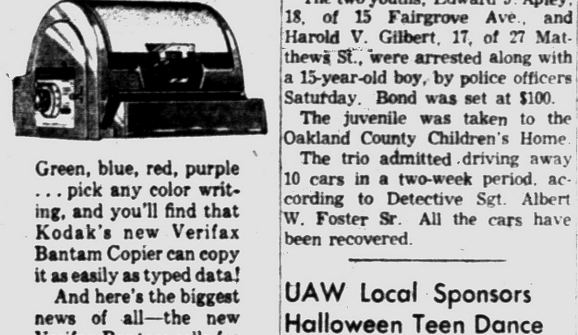

Needing a 60 per cent "yes" vote by property owners, the proposal this time was turned down, 138 to 126. Last December, the marign was 94 to 79 in favor of the issue, but short of the required 60 per cent.

★ ★ ★

The money from the sale of general obligation bonds would have been used to construct a water purifying plant and other improvements for removal of rust from village water.

Oxford's water comes from village wells.

office space divided

—rearranged at low cost

Office space problems can now be solved for all time with Art Metal "Modular" partitions—the steel or steel-and-glass partitions you can move or rearrange overnight to meet changing needs. Stocks Advance Up to 2 Points

NEW YORK (AP) — The stock market advanced vigorously in heavy early trading today.

Gains ranged from fractions to about 2 points generally.

★ ★ ★

Aircrafts joined the smaller motor issues as trading favorites. The rise affected most major sections.

The market was higher from the start. The ticker tape ran late under a series of sizable opening blocks.

The market was buoyed by a number of encouraging reports on earnings, including General Motors and U.S. Steel which, although reduced from 1957, displayed an encouraging trend.

★ ★ ★

The Commerce Department reported business advancing faster than usual and construction contracts last month at a record high for September.

The market was taking off from yesterday's rise which snapped six straight declines for industrials. The big three motors, steels, coppers, electronics, rails, oils, tobaccos and drugs joined the advance.

Pfizer, Rexall and American Motors were ahead about 2 points. Zenith added 3 to a 7-point rise of yesterday, helped by record sales and earnings.

Announce Applicants for 2 Postmasterships

Names of applicants for postmaster positions in Keego Harbor and Orchard Lake were announced today by the Civil Service Commission in Washington.

For the Keego post, they were Paul L. Beyett, Gerald T. Shaughnessy, Charles D. Clement and Marjorie E. Billingsley.

Mary A. Purdy, Dora M. Holliday and Mrs. Mary L. Hawkes applied for the Orchard Lake position.

Two Men Slightly Hurt in 2-Car Collision Here

Two men were slightly injured yesterday in a two car collision at the intersection of S. Saginaw street and South boulevard.

Don King, 19, of 2201 Tuck Rd., Farmington Township, and Robert Timte, 25, of Detroit, were treated for minor injuries at St. Joseph Mercy Hospital and released.

★ ★ ★

The two were passengers in a car driven by Maurice Wallace, 24, of 28592 Orchard Lake Rd., Farmington Township.

Wallace's car, traveling south on Saginaw, collided with one driven by Nena Wynn Roach, 42, of 465 Howard McNeil St., which was moving west on South boulevard.

There is enough room in all American cars to hold the combined populations of the U.S., Britain, France, Spain and Germany.

NOTICE TO BIDDERS

Sealed proposals will be received at the Waterford Township Clerk's office, 4995 W. Huron Street, Oakland County, Michigan until 8 p.m. November 24, 1958 for a Fire Truck Chassis and Fire Truck Apparatus and equipment.

Copies of the specifications may be picked up at the Clerk's office.

The Waterford Township Board reserves the right to reject any or all bids in the best interest of the Township.

By order of Waterford Township Board
JAMES E. SEETERLIN,
Clerk
Oct. 29, '58.

NOTICE TO ROAD BUILDING CONTRACTORS

Sealed proposals marked "Proposal for the Repair of Opdyke Road from the Bridge north to Hickory Grove Road in the City of Bloomfield Hills, Michigan," will be received in the Office of the City Clerk, East Long Lake Road, City of Bloomfield Hills, Michigan, until 3:00 p.m. o'clock, E.S.T. November 3, 1958. Plans and specifications may be examined at the Bloomfield Hills City Offices and copies for bidding purposes may be obtained at the office of Main Engineers, 355 Henrietta, Birmingham, Michigan.

The contract for repair of Opdyke Road will require earth excavation in the amount of approximately 5,245 cu yds. scarifying embankment and shaping shoulders and ditches, scarifying and re-compacting approximately 1,207 lin ft of existing road base, the furnishing, spreading and compacting of approximately 260 cu yds of 21-A gravel, the removal and disposal of approximately 53 trees, seeding and mulching, the furnishing and installing of approximately 35 lin ft of 15" CMP culvert, the removal and re-location of approximately 70 lin. ft. of 12" and 18" R.C.P. culvert and all work incidental thereto.

Labor and material bonds in the amount of 100% of the contract price to the People of the State of Michigan, and bonds in the amount of 100% of the contract price to guarantee faithful performance of the work, will be required of the successful bidder. Bidder's bonds or certified checks in the amount of 5% of the bid must accompany the proposal.

The right is herewith reserved for the City Commission to accept or reject any or all bids and to waive any irregularities or informalities in the bidding.

ELMER KEPHART,
City Manager

In Memoriam 2

IN LOVING MEMORY OF MY husband Obie Wilson who passed away Oct. 29, 1956. Sadly missed by Willie Sue Wilson.

IN LOVING MEMORY OF WILLIE Catherine Kirby who passed away 1 year ago, Oct. 27th.
They cannot wholly pass away
How far soever above
Nor we the lingerers wholly stay
Apart from those we love
For spirits in eternity
As shadows in the sun
Reach backward into time
As we like lifted clouds —
reach on
Sadly missed by her daughter & granddaughter Mary & Katie Myers.

IN LOVING MEMORY OF George Fredrick Stocker who passed away ten years ago today.
Loving memories never die
As years roll on and days pass by
In our hearts a memory is kept
Of one we loved and never will forget
Sadly missed by wife, children and grandchildren.

IN LOVING MEMORY OF OUR son and brother who passed away 8 years ago, Oct. 29, 1950.
You have left a beautiful memory
And a sorrow too great to be told
But to us who have loved and lost you
Your memory will never grow old
No morning comes, no night returns
But what we think of you
Sadly missed by mother, father and sisters.
