Veil of Secrecy Raised at Los Alamos

AP Facsimile

PINCHING THE ATOM — This is the Columbus II, largest of the controlled fusion machines at the AEC Los Alamos laboratory. The cylinders store 300,000 amperes of electrical current which bombards a tube of heavy hydrogen gas "pinching" the gas and causing fusion of some of the atoms. Scientists believe the process will produce electrical power.

UAW Convention OKs $50 Million Strike Fund

Create Sun's Heat in a Test Tube

Sea May Give Us Power and Fuel

(FROM OUR NEWS WIRES)

WASHINGTON — The U.S. and England jointly announced today that scientists of the two countries have made "important progress" in harnessing the H-bomb to make electric power out of ocean water.

★ ★ ★

A top U.S. scientist declared a "subsidiary outcome" of a thermonuclear reactor, if it can be built, holds a "distant hope" it will help conquer outer space by giving space ships greater thrust.

The joint U.S.-British announcement disclosed that U.S. researchers had been able to create a 6,000,000 degree centigrade temperature in laboratories at Los Alamos, while the British had hit 5,000,000 degrees at their Harwell works.

★ ★ ★

At Los Alamos, N.M., scientists today opened the door a crack and displayed some of the fusion machines they use to force a shotgun marriage of heavy hydrogen atoms.

They say the heavy hydrogen — deuterium — in a gallon of ocean water has the energy potential of more than 200 gallons of gasoline.

Tremendous jolts of power, delivered in millionths of a second, are used in the fushion machines at Los Alamos.

Temperatures as hot as the sun's surface and pressures which would flatten a diamond are built up in tiny tubes.

None of the three types of fusion machines shown is yet capable of producing more than a few watts or fractions of a watt of power. Bigger, heavier machines are being built.

★ ★ ★

The Los Alamos scientific laboratory in the New Mexico mountains, operated by the University of California under contract with the Atomic Energy Commission, is one of five places in the United States where work is under way to control atomic fusion.

The other AEC installations are at Princeton, N.J.; Livermore, Calif.; New York University; and Oak Ridge, Tenn.

The heart of the three Los Alamos fusion machines is the tube, straight or doughnut-shaped, filled with heavy hydrogen gas.

Surrounding the tubes are giant electrical devices capable of delivering short but tremendous bursts of power.

Related stories, Page 10

The bursts measure up to a million amperes at 60,000 volts but last only ten-millionths of a second.

A magnetic field exerting 40,000 pounds of force per square inch slams the gas into a thin column in the middle of its tube under temperatures up to six million degrees centigrade.

Since temperatures of 5,000 degrees will melt anything,

(Continued on Page 2, Col. 3)

AP Facsimile

HEART OF H-FUSION DEVICE—A technician adjusts a valve on a coil-wrapped tube at Los Alamos which is the heart of the hydrogen fusion experiment. The tube encases a smaller container of heavy hydrogen gas (deuterium). Liquid nitrogen at 273 degrees below zero, and heat as high as 6,000,000 degrees are involved in the process.

OK Bond Issue for Farmington Sewer Tie-In

County Officials Pass $4.9 Million Interceptor for South Oakland

For the first time in years, Oakland County turned to deficit financing today as the Board of Supervisors approved a $4,900,000 general obligation bond issue to finance the Farmington Interceptor sewer system.

Another first was chalked up at the same time by the county's new Department of Public Works, which planned the project and pushed it over today's hurdle for its initial success.

Meantime, as the DPW continued plans for a second big sewage disposal system, this one to end pollution of the River Rouge, the State Water Resources Commission adopted a "get tough" policy and ordered legal action against three of its member-communities, Birmingham, Bloomfield Hills and Bloomfield Township, and against the Oakland County Drain Commissioner for permitting pollution by a fourth, Southfield Township.

Pontiac, which has worried whether a similar "get tough" policy would force it to build a new sewage disposal plant sooner than anticipated to relieve the Clinton River, was not listed as one of the commission's targets today, although a number of other communities outside Oakland County were.

Birmingham, Bloomfield Hills, Bloomfield Township and Southfield Township are all members of the Evergreen Interceptor system,

(Continued on Page 2, Col. 2)

Delay Proposal on County Seat

Supervisors to Hold Off on Election Until Ruling on Courthouse Appeal

Oakland County Supervisors today tabled a second proposal that a special election be called to move the county seat from Pontiac to Royal Oak and to free courthouse funds to build the new building there.

They unanimously approved a resolution by David Levinson, of Birmingham that the question be put off until after a supreme court ruling on the county's appeal of a decision last summer it had gathered courthouse funds illegally and could not spend them on the new building.

Levinson, chairman of the special courthouse building committee, made today's motion on a recent proposal by the Royal Oak City Commission. A similar proposal, made a year ago by the Royal Oak Chamber of Commerce, was tabled last February and has never been brought up again.

In other action, supervisors who wanted their per-diem pay boosted from $10 to $15 lacked four votes of the necessary two-thirds majority to push the raise through.

Moving for the raise, Supervisor Clayton G. Lilly said that $15,000 already had been budgeted to finance it, but that this money was placed in contingency last December when supervisors hesitated over the raise in the face of requests for more money for the South Oakland County Child Guidance Clinic.

Another objection was raised today by Supervisor Harriett Phillips, of Huntington Woods, who said the county's welfare program needs additional funds more than supervisors need a raise.

Supervisor John G. Semann, of Berkley, pointed out that similar raises already have been voted in 34 of Michigan's counties.

Theater Trip Dates Set

Make Your Plans

Thinking about your 1958 vacation? Who isn't?

★ ★ ★

And just to help a few discriminating and discerning souls, The Pontiac Press establishes the dates of the 1958 de luxe theater trip to New York. This year, the party of 150 will leave Monday, June 23rd, and return Saturday, June 28th.

★ ★ ★

The Press will schedule the five best and finest shows on Broadway. There will be other features and you will have some free time. Travel down to New York and back will be in a super transcontinental airplane and you will be conveyed from Pontiac to Willow Run and back by chartered buses.

★ ★ ★

There's the biggest vacation wrap-up of 1958. You can't make the trip yourself at these costs and you can't get tickets to all five of these shows, anyway. The price? It hasn't been settled but it will be approximately the same as 1957 — around $185, and that includes transportation, hotel rooms and theater tickets.

Set the date now with your friends.

Judge Adams Draws Sullenberger Case

By PETE LOCHBILER

Circuit Judge Clark J. Adams has been handed the job of presiding over trial of the $250,000 damage suit brought by Dr. Neil H. Sullenberger in retaliation to his suspension as a staff surgeon at Pontiac General Hospital.

The surgeon's attorney, meanwhile, has filed notice that because the suit "is of public interest and directly affects the public welfare," he will ask Judge Adams Monday to give it precedence over other civil matters and set an early trial date.

The attorney, Harry N. Dell, further stated that because Dr. Sullenberger's suspension has "effectively precluded his practicing in any other Pontiac hospital," the surgeon's earning capacity "has been substantially eliminated."

Attorneys for the other side indicated today they had not changed their minds about speeding the trial date. "A question of such public importance should be aired as soon as possible," one of them said.

Judge Adams' selection came about through the routine procedure of assigning civil suits, as they are placed on call, to the judge whose turn it is to handle them.

Assignment Clerk Richard E. Smith, whose job it is to make these assignments, said that unless the suit is given special precedence

Retirement Cash of $1,300 Taken at Knifepoint

A long awaited retirement fund, the reward of 28 years service, was snatched by a knife-wielding bandit last night from 68-year-old Gus Points.

Points, of 65 Bagley St., had $1,300 in his topcoat pocket which he had received earlier in the day from Waite's Department Store where he worked for 28 years.

Waite's paid him the money by check, but Points had cashed the check earlier at a bank and stuffed the bills, mostly twenties, in his coat pocket.

As he crossed a parking lot near Patterson and Saginaw street, at 9 p.m., a man grabbed Points, held a knife to his throat and demanded his money.

The elderly man struggled briefly with the bandit, but was overpowered and his coat and pants pockets cut out by the thug's knife. With the coat pocket went his $1,300.

Points, who is unmarried and rooms with a family, said, "It's sure hard to lose that much money at my age.

Demands in '58 to Be Supported With Money

Union Plans to Set Up 'Kitty' With Extra Dues From Members

DETROIT (INS) — The United Auto Workers Convention voted overwhelmingly today to stockpile a strike fund of approximately $50 million to back up contract demands on the auto industry.

About 85 per cent of the 3,215 delegates approved the minority report calling for a standby fund of $25 million and rebates to members on anything over that amount should there be no strike.

★ ★ ★

The fund would be built up by added dues assessments of $5 per month for three months starting next March for each of the 1,400,000 union members.

The convention, which winds up today, approved a "rider" whereby the added assessments would be refunded to the workers if no strike is called.

The UAW's present three-year contracts with General Motors, Ford and Chrysler run out around June 1. Bargaining talks are due to start around April 1.

★ ★ ★

Under the strike assistance program, the international union will provide the locals with money to maintain strike kitchens. Mazey said, "the average cost of maintaining a strike kitchen, based on past experience, is about 31 cents per week per member."

ASSISTANCE GIVEN

Mazey estimated the strike fund has paid out 25 million dollars to 243 local unions for strike assistance in the past three years.

The bargaining program approved by the convention contains a basic set of demands including a general wage increase, to be made on all companies.

The profit-sharing plan is included in supplementary demands to be made on companies earning enough money to allow a division of profits about 10 per cent on net capital before taxes. Workers would get a one-quarter slice under the union's plan.

Gypsy Rose Takes Off Gloves—Only Gloves

NEW YORK (INS) — Gypsy Rose Lee, embarking on a new career as a lecturer says: "I'm a real paid lecturer—I show a home movie of my backstage life and then I talk for half an hour. The only thing I take off is my gloves."

Railroad Strike Halted by Order

Conductors Returning; Service Resumed by New York Central

NEW YORK (INS)—Conductors staged a brief strike against the New York Central Railroad on divisions between Albany and Buffalo, disrupting New York-Chicago service, but the railroad obtained a restraining order against the walkout. The men started back to work, and service was resumed.

★ ★ ★

The railroad said the restraining order was obtained in Utica from U. S. District Judge Stephen Brennan and was served on J. J. Trapp, chief conductor of Local Division 150 of the Order of railroad Conductors and Brakemen in the Utica passenger station. The chief conductor is president of the union local.

The order restrains the union from further interference with the operations of the railroad either through picketing or by work stoppage.

The strike began at 4 a.m. (EST) and quickly led to cancellation of eight trains, and the delay en route of 16 others, including the 20th Century New York-Chicago Limited.

Commuter service in the metropolitan New York area was not affected during the morning rush hour but all Albany-Buffalo service was halted.

Snow Forecast in This Area During Weekend

Skis and sleds will be in order this weekend for Pontiac area residents, the U.S. Weather Bureau reports.

★ ★ ★

Light snow is predicted for tonight and tomorrow with little change in temperature. The low tonight will be 26 -30 degrees and the high tomorrow near 34.

The outlook for Sunday is cloudy, a few snow flurries and a little colder.

The Weather Bureau's five day forecast predicts temperatures will average around 4 degrees above the normal high 33 and the normal low 19. It will turn colder Wednesday.

★ ★ ★

The lowest recorded temperature in downtown Pontiac preceding 8 a.m. was 26. The reading at 2 p.m. was 31.

Approve Fluorides for Peoria's Water

SPRINGFIELD, Ill. (AP) — Plans to add fluorides to Peoria's drinking water were approved yesterday by the State Health Department.

Five million residents in 100 Illinois communities now are drinking water containing fluorides to an amount satisfactory for good dental health, the department said.

U.S. Court Approves Hoffa but Assures Close Watch

WASHINGTON (INS)—James R. Hoffa is president of the teamsters today and is making systematic plans for taking over internal control of the nation's largest union under the eyes of a federal court.

Hoffa became president automatically when Federal Court Judge F. Dickinson Letts signed an order yesterday dissolving an injunction that barred Hoffa from office. The order also set up a three-man board of overseers to watch over his operations.

The order brought to a surprise end a spectacular court trial in which 13 rank-and-file teamsters from New York State challenged Hoffa's right to the presidency on the ground that his election at the union's convention last October was rigged.

Attorneys for the union and the dissident teamsters will appear before Letts next Tuesday with names of three "monitors" who will have limited power under the court order to supervise Hoffa's management.

Letts will appoint the monitors, and they will report twice a year to the court as long as they hold their jobs.

The overseers were to serve until new officers are elected by a legally-constituted convention of the union, although they may be released at the discretion of the court after one year.

The decree stipulates that there shall be no reprisals against any of the teamsters who brought the suit or who testified during the 24-day trial. There were some 40 witnesses.

Dr. Miller Tells Graduates:

Time to Consider Abilities

By SYLVIA de STEIGER

High school graduation should provide a moment for graduates to "take an evaluation of many experiences, take stock of abilities, and decide what to do with them."

This was the message given by Dr. George L. Miller, professor of secondary education at Wayne State University, to the 131 Pontiac Central High School students who were graduated last night.

Miller defined education as "an approach toward maturity . . . a business of building people . . . a process of developing differences in people . . . a process to discover oneself so, in turn, to discover others."

Human relations is one of the most important studies in education and the most valuable resource "on this earth is human beings," he said.

He advised the graduates they might have to discard some of their learnings because they will have to accept the many changes evolving in this world.

"Human beings are unique and

Pontiac Press Photo

A HAPPY MOMENT — Elizabeth Andrews, 643 Lounsbury Ave., was the first member of the January, 1958 Pontiac Central High School class to receive a diploma last night from Dr. Dana P. Whitmer, superintendent. Miss Andrews was honored with six other graduates for being in the top five per cent of the class scholastically.

6 Tots Rescued in Detroit Blaze

3 Dropped 15 Feet to Father's Arms; Others Carried to Safety

DETROIT (AP) — Six children escaped serious injury when a mother and father, a baby sitter, and firemen rescued them from a burning apartment building yesterday.

One of the children, 18-month-old Karen Brown, the last to be rescued, was taken to a hospital for treatment of smoke inhalation.

Three of the children, Charles Jr., 4, Jimmy, 2, and 4½-month-old Bobby Green escaped when their mother, Mrs. Eunice Green, 22, dropped them 15 feet from an upstairs porch and their father, Charles, 22, caught them in his arms.

Karen and two other children of Mr. and Mrs. James Brown — Margaret, 3, and Sheryl, 6 months — were being cared for by John M. Gray, 20, when the fire broke out in the rear of the Brown apartment.

★ ★ ★

Gray carried Margaret and Sheryl to safety, but could not reach Karen. Firemen rescued the child.

★ ★ ★

Green said he smelled smoke coming up from the Brown apartment directly below his. He said he went to the porch, dropped a mattress to the ground and then jumped. Mrs. Green dropped the children to him and then climbed down the porch.

★ ★ ★

Firemen said damage was confined to the Browns' apartment. Cause of the fire was not determined immediately.

Pontiac Press Photo

PAUL, BABE VISIT LONGFELLOW — Two fourth grades at Longfellow Elementary School are studying Michigan history. Last night they presented a program for their parents and introduced the papier-mache figures of Paul Bunyan and Babe, his ox. Left to right are: Frances Miller, 14 N. Anderson St., Babe, Olga Almas, teacher, Paul, and Donald Gollinger, 100 S. Astor St. Mothers of the children in the two classes also made quilts to actively participate in the history study.

Breech Scores Profit-Sharing

Ford Board Chairman Calls Reuther's Plan 'Propaganda Device'

NASHVILLE, Tenn. (AP) — Ernest R. Breech, board chairman of Ford Motor Co., says the United Auto Workers union's profit-sharing plan is "a propaganda device which appears to offer almost everybody something for nothing."

Breech, in a speech before the Nashville Chamber of Commerce, said the UAW proposal which the union will seek in new contract talks with the auto industry this spring is "full of fishhooks."

"Industry cannot submit to further excessive demands or sit back and passively watch the unbridled growth of union power," Breech said. "Free industry begins to see its very existence threatened by that power, and it will have no choice but to fight as effective a defense as it can."

Breech said wage inflation was a problem of "exceptional urgency." He said labor unions, with "unprecedented monopoly power have pushed through larger and larger wages and so-called fringe benefit packages to a point where increased wage costs far outstrip the increase in productivity."

Breech said the result has been a squeeze on corporate profits and increasing prices for goods and services.

He said consumers rebel or stop buying as prices rise or profits dry up and business firms begin to collapse. In either case, he said, the results are stagnation and unemployment.

The Day in Birmingham

PTA Council to Discuss Emergency Survival Plan

BIRMINGHAM — Safety against both man-made and natural emergencies will be the theme of the Birmingham PTA Council meeting Monday at Bloomfield Village School.

Lewis C. Jarrendt, civil defense director, will discuss the new survival plan for the Birmingham-Detroit-Pontiac area in the event of major bombings.

W. W. Oak, meteorologist in charge of the U.S. Weather Bureau office in Detroit, will show the sound film "Tornado," and will discuss the latest radar equipment which Michigan has installed for tornado tracking.

Larned J. Goodrich, civil defense chairman for Birmingham schools, and Assistant City Manager Robert Kenning also will speak on city preparedness.

"This discussion is of the utmost importarce if we are to protect our children adequately in any disaster during school hours," Goodrich said.

Safety chairmen of all PTA units should attend in order that they may inform their groups of the overall plan, he said.

Two women are in the William Beaumont Hospital, Royal Oak, after a three-car crash last night on Hunter boulevard just north of Lincoln avenue.

Birmingham Police said that a car driven by Colleen J. McCauley, 35, of Traverse City, traveling southbound on Hunter, crossed the center island and struck two cars in the northbound lane.

Mrs. McCauley suffered three broken ribs and a deep cut on her head.

Ruth Bolthouse, 40, of 69 N. Edith St., Pontiac, suffered a broken right knee, bruises and possible fractures of facial bones.

David Cameron, 20, of Ypsilanti, driver of the third car, was uninjured.

National Youth Week Observances will begin in Birmingham churches Sunday with the participation of young people in both morning and evening services.

Special tributes will be paid to YMCA members for their church work in the city.

Victor J. Baum, Wayne County circuit judge, will speak on "The Fifth Amendment," when the Laymen's League of Birmingham Unitarian Church meets Feb. 4 at 8 p.m. in the Community House.

Judge Baum, 34, is the youngest circuit judge in the state. Through his study of the U.S. Constitution, he is considered an authority on the Fifth Amendment.

Judge Adams Draws Sullenberger Case

(Continued From Page One)

Monday, it probably won't be tried until mid-March or later.

To try it sooner, he explained, would cause a costly interruption of the February jury session, which probably will last a month and a half at least.

FILES REPLY

Meantime, the third round in the suit was completed yesterday as a reply was filed for Dr. Sullenberger to answers made by three of the six defendents named in the suit.

They are the hospital staff and its executive and medical committees, all of which passed on the suspension last Nov. 13.

Maintaining that Dr. Sullenberger's practice in Pontiac "has at all times been in accordance with the highest medical ethics," the reply challenged allegations that the surgeon has failed to live up to accepted medical standards in this area.

Once again the threat of further legal action was brought up. The reply stated that "each of the defendants personally indulging in (Dr. Sullenberger) is liable for damages."

In their reply to the suit, the medical men had stated they had hospital records as evidence that Dr. Sullenberger had violated professional standards.

It was another defendant, Carl I. Flath, who answered the suit with specific allegations that Dr. Sullenberger had violated standards in 25 cases. According to Flath, who is the hopital director, in six of these cases the patient died. Dr. Sullenberger, in turn, denied the validity of these allegations.

The City of Pontiac, which owns the hospital, and the hospital board of trustees, which governs it, are the final two defendants.

Further developments also have been scheduled for next week. A deposition is to be taken in Ann Arbor Tuesday from Dr. Frederick A. Coller, a nationally-known surgeon who will be asked his opinion of the charges against Dr. Sullenberger.

Another deposition will be taken in behalf of the hospital medical staff Wednesday in Greenville, Miss., from a physician who once was Dr. Sullenberger's employer, the staff's attorney said.

Several other depositions are planned, he added, before the actual trial. They will be introduced as evidence in support of the hospital's position.

State Man on Plane Down in Antarctic

NORFOLK, Va. (AP)—A twin-engined Navy R4D Skytrain, carrying five men including crewman Lester H. Liptak, of Cadillac, Mich., was forced down on Hollick Penyon Plateau 334 miles from the South Pole Tuesday.

The Navy's Atlantic Fleet headquarters here said yesterday none of the five men was injured. The plane was making the last flight to the pole before the Antarctic winter sets in. The Navy said a rescue plane is to take the five men out and leave supplies for repairing the damaged plane.

Fleet headquarters said an oil leak forced the plane to make a precautionary landing.

Military Brass to Meet

HONOLULU (AP)—Thirty generals and admirals with commands ranging from the Far East to the mid-Pacific will meet here Jan. 27-29 to discuss defense of the United States' vast Pacific Command.

Supervisors OK Sewer Bond Issue

(Continued From Page One)

which is in its final stages of planning by the DPW.

The Farmington system would serve Farmington Township, Keego Harbor and the western portions of West Bloomfield and Southfield Townships. The city of Farmington, originally included, dropped out in favor of continuing its present arrangements with Detroit.

TWO PROTEST

The final vote was 69 to 2, with protests being made by Supervisors Oscar S. Beamer of Hazel Park and Harry W. Horton of Royal Oak.

★ ★ ★

Supervisors included in their okay that financing plans be sent to the State Municipal Finance Corporation for approval. This approval seemed assured, since the county has no outstanding debts.

If approved, Acting DPW Director Harold K. Schone said, all that remains is to sign contracts with Detroit for disposal of the sewage.

These contracts already are in Detroit officials' hands for final review, he said. The individual communities' contracts with the county to pay back their shares of the $4,900,000 already have been signed.

Under new state laws obtained by county planners before the DPW was set up last summer, the county is allowed to place its full faith and credit behind the bonds, on the assumption that the county's credit is better than the individual communities and could get a lower interest rate on the bonds.

★ ★ ★

Last month, several supervisors seriously questioned whether the county was not in a position to lose money if any of the participating communities defaulted in paying back their shares of the cost.

Reuther, Williams Rap GOP Charge

Deny UAW, Democrats Linked

DETROIT (AP) — Gov. Williams and Walter Reuther both say the United Auto Workers Union has no special influence at Lansing and has received no special favors from the Williams Democratic administration.

The two men blasted the Republicans in speeches at the UAW's special convention yesterday with Williams centering his fire on President Eisenhower and Sen. Goldwater (R-Ariz).

DELEGATES CHEER

Reuther told the 3,000 cheering delegates:

"We have not hidden the fact that our union members have supported Gov. Williams, but the decision was made by our membership, not at Solidarity House. I am not behind the scenes pulling the strings."

(Solidarity House is the UAW's international headquarters here.)

"We have no convenient political arrangement by which we get patronage — we never have asked for it and it's never been offered to us," Reuther said.

He added that while "Republicans and some editorial writers saw the UAW controls the Democratic Party in Michigan and that some sort of illicit relationship exists it is not true."

HARD TO FIND

"There is no unholy alliance among the UAW, the CIO and the Democratic Party," Reuther declared. He added, "The truth is it's hard to find a Republican who is worthy of our support."

Williams got a rousing two-minute ovation — the biggest demonstration of the convention — when he was introduced by Reuther. He wasted little time in blasting away at the Eisenhower administration and its tight money policies, which he said were responsible for the slump in business.

Williams said there would be five million unemployed in the nation by March. He estimated Michigan's current unemployment at 320,000 with 190,000 of these in Detroit.

★ ★ ★

"This is an Eisenhower army of the unemployed," he charged. "The attempts by the Republican Party in Michigan to blame state government for these tragic totals won't fool anybody. This is a Republican recession and everybody knows it."

Williams lauded Reuther's ability as a labor leader and scoffed at those who feel Reuther exercises considerable influence at the state capital.

"Walter Reuther never has asked me for anything but good government," he told the cheering convention.

★ ★ ★

Williams jabbed at Sen. Potter (R-Mich) saying, "We have two senators from Michigan — one is a Republican and the other is a good citizen, Pat McNarmara."

Williams lambasted Sen. Goldwater who on Monday night told a Republican dinner in Detroit, "Walter Reuther and the UAW-CIO are a more dangerous menace than the Sputniks or anything the Russians might do."

"As governor of Michigan, I resent anyone coming from Arizona or any other place and saying these things about our people when they are not so. We are not going to take them lying down."

★ ★ ★

The Governor said, "I would like to ask the Republican senator (Potter) from Michigan whether he agrees with the senator from Arizona."

PCH Midyear Seniors Receive Diplomas

(Continued From Page One)

although they are both producers and consumers, each can make many different contributions to the community," he explained.

It is at this significant hour of high school graduation that each of the participants should pause to take a look at themselves and try to decide where they will fit into the community and best help their fellow man, according to Miller.

★ ★ ★

Seven graduates were honored during the commencement program for their outstanding scholastic record. The top five per cent of the class were: Elizabeth Andrews, Lynn Colwell (class president), Lois Brown, Richard Elsholz, Harry Moore, Merrie Cantarella and Beulah Hayward.

★ ★ ★

Special honors were also awarded two students by Francis W. Staley, principal. Miss Cantarella received a $100 Y-Teen scholarship and Michael Hardiman was awarded a $100 Hi-Y scholarship.

The class officers were: Lynn Colwell, president; Richard Melkonian, vice president; Muriel Upton, secretary and Eugenia Thompson, treasurer.

Request Early Trial in Doctors' Suit

A motion for an early trial in the suit brought against Pontiac General Hospital by four of its general practitioners will be made Monday before Circuit Judge Clark J. Adams.

The doctors are asking for an injunction preventing the hospital from enforcing rules which they say limit their right to practice medicine freely.

In their case, the regulations limit the types of surgery they are allowed to perform at the hospital, contrary to provisions by the state which licenses them as physicians, the doctors say.

Even if the case is advanced for early trial, it may not be heard for about two months.

Buying Power Not Up

ANN ARBOR (AP) — University of Michigan faculty members have no greater purchasing power today than they did 18 years ago despite substantial pay boosts, says Assistant Dean of Faculties Robert L. Williams. Williams said that 18 years ago teachers at state-supported universities did not pay federal income tax. He also blamed the dwindling purchasing power of the dollar.

Senate Unit Hears 5-Cent Postage Plan

WASHINGTON (AP)— Postmaster General Summerfield goes before the Senate Post Office Commmittee today to try to sell his plan for a 5-cent stamp on all except local letters.

Advance indications were that he had a tough, uphill job. None of the seven Democrats on the committee appeared to favor the 5-cent stamp and some Republicans were lukewarm.

★ ★ ★

Summerfield has been trying unsuccessfully since 1953 to persuade the Senate group to approve a 4-cent letter stamp along with other rate increases to cut into the postal deficit.

The House approved the 4-cent letter rate last year, and it appeared that the Senate might go along this year.

★ ★ ★

But President Eisenhower, in his budget message earlier this month, urged Congress to vote for a 5-cent stamp on all letters except those to be delivered in the city where they are mailed. He said that a 1-cent boost in the present 3-cent rate would not raise enough revenue.

Army Pair to Travel

FORT DIX, N.J. (AP)—Mr. and Mrs. Luis Cruz, married last June are going on a belated honeymoon after they re-enlist for a second six-year hitch in the Army. Cruz is a specialist second class. His wife Ruth is a WAC sergeant.

Power and Heat From Sea Next Goal of Scientists

(Continued From Page One)

the magnetic force must hold the gas away from the tube or the machine will vanish.

What happens to the heavy hydrogen gas?

Electrons are ripped from some of its atoms and slam into others, creating another element altogether—helium. Left over from the process are stray neutrons—and energy.

Other battered atoms change into tritium. Left over are some positively-charged particles called protons—and some more energy.

How this energy can be usefully tapped to run your washing machine is still kept under wraps.

One scientist at Los Alamos notes the beauty of the fusion process is it can be tapped both for direct electrical energy and heat.

★ ★ ★

In charge of all these involved investigations at Los Alamos is a man who had a hand in the development of both the A-and H-bombs. He is James L. Tuck, a transplanted Britisher, now 47.

The machines to which reporters and photographers were allowed access are under Tuck's direction.

The first of the three machines was the "perhapsatron"—so named because its planners figured perhaps it might work.

The second fusion machine is dubbed the Columbus S-4.

Ralph Lovberg and Lew Burkhardt, from Minnesota and Colorado universities respectively, preside over Columbus S-4 as it generates its sun-like temperatures in an erect glass tube instead of a doughnut.

★ ★ ★

Largest of the machines is Columbus II. Its banks of electrical units surround another erect tube under a roof of copper sheathing.

★ ★ ★

It crowds a big room separated from the building which houses the others. White-coated technicians swarm over it.

In the center is the tube of heavy hydrogen gas.

The gas is pinched into a narrow column at five million degrees centigrade and the atoms fuse under 40,000 pounds of pressure.

The number of neutrons squeezed out in this performance is the measure of the machine's efficiency.

The scientists estimate they are getting 100 trillion neutrons—10 to the 14th power.

How many neutrons would they need to get from the process so the machine would run on its own electricity and produce some extra for your toaster?

Well, they are shooting for 100 quintillion—10 to the 20th power.

3 Planes May Fly 3,600 Miles in Hour

WASHINGTON (AP)—Three planes planned to fly 3,600 miles an hour, are being built for use in research flights more than 100 miles up.

★ ★ ★

The X15s may go aloft early next year over the California desert in a project run jointly by the National Advisory Committee for Aeronautics, the Air Force, the Navy and North American Aviation, Inc. North American is building the three planes.

Research delays caused by work that had to be done after previous flights of X1 and X2 experimental planes led in part to plans to build three X15s. The idea is that with three research aircraft on hand, the experiments can go on without a break.

★ ★ ★

The X15 is designed to fly much faster than either the X1 or the X2, but its capacity for powered flight is not expected to be much more than the three minutes of its predecessors.

Safety for Americans

WASHINGTON (INS) — The State Department said today the new military rulers of Venezuela have assured the U. S. embassy at Caracas that they will protect foreign property and "observe international obligations."

State department spokesman Lincoln White said he had no reports of American citizens being injured or killed or of any damage to American property.

Calls Up Courthouse for Birth Control Unit

Huntington, W. Va. (AP)— A man who called at the vital statistics office in the county courthouse got a bit confused.

What he wanted was a birth certificate.

What he said was, "I want the birth control department."

Todds Off for Moscow

PARIS (INS)—Mike Todd and Elizabeth Taylor left Paris for Prague today en route to Moscow where the flamboyant movie producer hopes to work a "cultural deal" with Soviet officials.

'Good Samaritan' Bad

PORTLAND, Maine (AP) — Mrs. Florence Soule told police a youth, about 18, offered to help her cross an icy patch of sidewalk and that when she accepted he tripped her, grabbed her purse and raced off down the street.

Silent Film Star's Will Leaves Estate to Sisters

LAS VEGAS, Nev. (AP) — Silent film star Norma Talmadge's will, filed in court for probate, leaves most of her estate to her two sisters, Constance Talmadge Giblin, Palm Beach, Fla., and Natalie Talmadge, Santa Monica, Calif.

The value of the estate has never been disclosed. Miss Talmadge's husband, Dr. Carvel James, received the family residence and other bequests. She died Dec. 24 at 60.

Sixteen Held in Detroit

Break Up Numbers Ring

DETROIT (AP) — Sixteen persons were arrested last night in raids which police said broke up the largest numbers operations in Detroit since 1950.

Lt. Arthur Sage, vice bureau commander, said the ring did a $10,000-a-night business. He said the ring had been under observation about a year.

★ ★ ★

The police raids covered areas from Detroit's southernmost border to suburban Highland Park.

More than $3,000 and 4,000 current-dated numbers bet slips were confiscated in the raids.

Know the Weather

By E. H. SIMS

Is weather knowledge a scene of competition between the U.S. and the U.S.S.R. in the cold war?

★ ★ ★

Yes, weather knowledge is fast becoming a key to the nationalistic plans of major countries. There are hints, moreover, that the Russians are ahead of the United States in their studies aimed at eventual control of weather forces.

★ ★ ★

The areas where man-made control might bring important changes are: (1) The field of evaporation, which might be controlled, and (2) control of the size of the polar ice caps.

★ ★ ★

Should the Reds be able to sew heat-absorbing particles in the polar regions, it might be possible for them to melt great qauntities of ice, change the course of ocean currents, and utilize land areas not now productive for planting crops or trees.

Heavy Rainfall Continues From Texas to Florida

By THE ASSOCIATED PRESS

Heavy rains continued in the Gulf Coast area today, causing some flooding in Corpus Christi, Tex., which received 2½ inches during a 24-hour period.

★ ★ ★

All along the coast from Texas to Florida, at least an inch of rain fell during the last 24 hours.

Moving in an easterly direction, the heaviest rainfall was concentrated in the central and eastern portions of the Gulf.

★ ★ ★

The storm center spread rain as far north as the lower Mississippi Valley.

To Determine Presidential Disability

Justices Decline Serving

WASHINGTON (AP) — Reluctance of Supreme Court justices to serve on any commission to determine presidential disability apparently has narrowed the field of possible congressional action on this issue.

Chief Justice Warren expressed the court's views in a letter to Rep. Keating (R-NY) yesterday. A Senate Judiciary subcommittee hearing on disability proposals was postponed until tomorrow while members reassess the situation.

House Republican Leader Martin of Massachusetts said he felt substantial agreement on a House bill had been reached at a conference he held with Speaker Rayburn (D-Tex) and Rep. Celler (D-NY). He gave no details.

Keating, who had advocated a commission with Supreme Court representation, said he won't press for any such provision. Other proposals have suggested that the Cabinet, congressional leaders, and combinations of various official groups be authorized to decide whether a president is incapable of performing his duties.

Sen. O'Mahoney (D-Wyo) announced he will offer a proposed constitutional amendment to authorize Congress to determine by resolution when a president is disabled.

* * *

The Constitution provides that the vice president shall assume presidential duties if the President is unable to perform them, but it makes no provision for determining when a president is disabled.

Wilkes-Barre, Pa., was originally named Wyoming.

Wants Vets Fund Used for Building

LANSING (AP)—A proposal to establish a college building authority through use of the veterans trust fund was advanced today by Sen. Robert E. Faulkner (R-Coloma).

★ ★ ★

Veterans organizations have been vocal in declaring that the fund should remain untouched. The proposal by Faulkner was the first concrete legislative idea to utilize any of the money.

Faulkner said he would introduce in about a week a bill to establish a college building authority and companion bills to permit the state employes retirement fund and the public school employes retirement fund to exchange long term securities that now bear low interest rates for three per cent bonds in his proposed authority.

"These bonds would yield about one quarter of a million dollars more than the low interest securities now held by the veterans trust fund," Faulkner said. "The money could then be put to use for much-needed college classrooms."

He added that the bill "might be wrongly interpreted as an attempt to grab the veterans trust fund" and said possible revisions are under study.

GOP Women in Area Set Election of Officers

The Republican Women's club of Waterford Township will hold its annual election of officers at a meeting 1 p.m. Monday at the Community Activities Center.

County Clerk Lynn Allen will be the speaker and refreshments will be served.

Proposes Fund to Meet Problem of Car Insurance

LANSING (AP)—Creation of an unsatisfied judgments fund to meet the problem of the uninsured motorist has been proposed again in the legislature by Sen. Charles C. Blondy (D-Detroit).

Under Blondy's bill, the fund would be accumulated through a special levy of 25 cents on each drivers and chauffeur's license.

Victims of accidents in which uninsured motorists were responsible, upon getting a court judgment, then could apply to the secretary of state for up to $1,000 for each death or property damage case.

A limit of $2,000 would be set on recoveries from the fund in the event of two or more deaths.

A special governor's commission on the uninsured motorist problem was unable to agree on a solution, and so reported recently.

★ ★ ★

A bill similar to the new Blondy measure failed to get over the committee hurdle in the 1957 legislature.

Named as Candidate for Jaycee Award

Lynn D. Allen Jr., a Pontiac optometrist, has been nominated as a candidate for one of five "Outstanding Young Man" of the year awards made by the Michigan Junior Chamber of Commerce.

The Pontiac Junior Chamber of Commerce, which named Allen its "Outstanding Young Man" of the year, made the nomination.

Allen, of 934 Argyle St., was cited for his civic, church and service club contributions.

Nine-Mile Hike in Traffic Earns Home for Duck

LOS ANGELES (AP)—A nine-mile hike through traffic has earned a duck named Sophia a permanent home.

★ ★ ★

Mrs. J. W. Meehan said the family pet was taken to Echo Park Lake, where there are other ducks, about a year ago when it became impractical to keep her any longer.

The Meehan children, Cathy, 8; Mary, 6, and Jimmy, 3, made frequent trips to visit her. On their last trip to the park, at Thanksgiving, Sophia wasn't there.

★ ★ ★

Yesterday she waddled into her home yard. Mrs. Meehan said that nuisance or no nuisance, Sophia can stay.

California Governor Ready for Attack

GLENDALE, Calif. (AP) — Gov. Goodwin J. Knight has disclosed he carries emergency food kits in his state limousines at Sacramento and Los Angeles.

★ ★ ★

In a speech at a Junior Chamber of Commerce banquet last night, he urged Californians to do the same in case they have to flee a bombing attack.

★ ★ ★

He urged people to stock their cars with canned foods with a long shelf life, fruit and vegetable juices, matches, cooking utensils, basic drugs and first-aid instructions.

One-third the population of the U. S. lives in cities of more than 100,000.

Science Develops New Tablet:

Relieves Painful Monthly Cramps For 3 out of 4 Women Tested! Gives Greater Relief Than Aspirin!

Boston, Mass.—New promise of relief for women who suffer tortures of monthly cramps and nervous tension is found in an amazing new tablet... developed especially to relieve this female discomfort. It offers *greater relief than aspirin* during that distressing period each month!

For 3 out of 4 women tested by doctors, pain and cramps were stopped or strikingly relieved. Even on the *first* day, many had no nagging headaches, no backaches or other functional distress... were also less jittery the trying week before their period!

The new tablet contains a unique *combination* of medicines. That's why it offers *more relief* than plain aspirin! Unlike such "general-purpose" remedies, it acts on the cause of distress. Has amazing power to calm uterine contractions, also works through a woman's sympathetic nervous system.

Called "Lydia Pinkham's Tablets," the formula was developed by the world's largest manufacturer devoted *exclusively* to relief of women's ailments! Easy-to-take new Pinkham's Tablets are now available at all drug stores without a prescription.

So don't suffer needlessly. Take Pinkham's Tablets yourself. See if you don't feel worlds better, this very month. See if you don't escape much irritability and discomfort—before and during those "difficult days."

IF YOU PREFER A LIQUID all druggists, today, also have the famous Lydia E. Pinkham's Vegetable Compound.

7 MORE DAYS! STEWART-GLENN FURNITURE BARGAINS

Pontiac Crime Figures Revealed

By HAROLD S. COHEN

The amount of crime reported in Pontiac last year was almost identical to that of 1956, year-end figures released by the Pontiac Police Dept. show.

A total of 1,850 crime complaints were made to the department in seven major categories ranging from auto theft to murder, while the 1956 total was 1,852.

SEVEN HOMICIDES

The 1957 figures show that there were seven homicides reported, 12 rapes, 48 robberies, 36 aggravated assaults, 561 burglaries, 993 larcenies and 143 auto thefts.

Burglary complaints showed a major increase, up from 448 in 1956, while auto thefts slumped from the 184 figure of 1956.

The number of cases cleared by arrests showed the police batted 100 per cent on the homicides and rapes and 84 per cent on the assaults.

★ ★ ★

However, burglaries showed only 29 per cent cleared by arrests as compared with 45 per cent in 1956. Auto theft arrests cleared 48 per cent, compared with 60 per cent the year before, and robbery arrests cleared 35 per cent, as against 45 per cent a year earlier.

Total arrests and tickets issued by the department in 1957 were 39,143, compared with 42,055 for 1956. These count only those formally charged.

Drunks arrested (796) dropped off sharply from '56 when 1,289 were placed in the pokey.

★ ★ ★

Other arrest figures show: 20 for forgery, 29 for embezzlement or fraud, 26 for illegal purchase or possession of weapons, 29 for sex offenses (down from 42 in 1956), and six for possession of stolen property.

Vice squad arrests were generally down, with 20 prostitution arrests in the year, compared with 39 in 1956. Gambling arrests totaled 93, up from 84 the previous year, while liquor law violation arrests dropped to 83 from the 193 figure in 1956.

The traffic squad made 184 arrests for drunk driving, down from the 289 in 1956. Traffic tickets and arrests generally reached 37,141 in 1957, compared with 39,285 a year earlier.

★ ★ ★

In reviewing the statistics, it appeared that in some areas of crime, Pontiac has either shown definite improvement or police activity is less intense.

This is particularly true in the categories involving liquor, such as drunkenness, drunk driving and liquor law violations.

However, there was a marked increase in 1957 of crimes of violence such as assaults, aggravated assaults and offenses against family.

Property offenses such as larceny and burglary baffled police most, with a far lower percentage of burglaries, auto thefts and robberies cleared by arrests than in 1956.

Commenting on these figures, Chief Herbert W. Straley said they partly resulted from a shortage of patrolmen and partly because unemployment has a definitely adverse affect on the crime rate.

However, the chief felt that in most areas, the department had done excellent work and that fluctuations in specific crime rates from year to year were regular occurrances.

Canal Excavation Reported Complete

WASHINGTON (AP) — Excavation of the St. Lawrence Seaway's Long Sault Canal—involving removal of 13,226,000 cubic yards of material—has been completed, the St. Lawrence Seaway Development Corp. reported today.

★ ★ ★

The report said 3,026,000 cubic yards of material has been placed in dike embankments of the 10-mile canal. It said construction of 20 fixed navigation aids is complete except for miscellaneous metalwork, painting and backfill around the bases.

The report also went into other aspects of progress on the U.S. part of the 27-foot-deep international waterway, expected to be completed early in 1959.

★ ★ ★

The agency said very little earthwork was done at Eisenhower Lock in December. The lock is one of two that will lift and lower ships passing to and from the Great Lakes to the Atlantic.

Elkhart Man Killed

CASSOPOLIS (AP) — Charles R. King, 51, of Elkhart, Ind., was injured fatally Wednesday when his car skidded into the side of a New York Central Railroad freight train at a crossing near here.

An average American worker is idle 10 days each year because of illness.

NOW! FOR THE FIRST TIME IN MEDICAL HISTORY

DRINK YOUR FAT AWAY

Lose up to 9 pounds the first week, up to 24 pounds the first month with fabulous New NO-DIET Reducing Cocktail OR PAY NOTHING!

NEW! JUST RELEASED! NEVER SOLD BEFORE!

NEW LIQUID NON-ALCOHOLIC REDUCING COCKTAIL FORMULATED FOR PERSONS WHO CANNOT LOSE ENOUGH WEIGHT WITH PILLS AND TABLETS

At last! The miracle you've waited for! No more reducing pills as long as you live! No more doing without the foods you love to eat! No more self torture because everything you touch seems to turn to fat!

Now you can forget the curse of overweight as though it never existed . . . forget that you ever worried about excess weight . . . forget that you ever were fat!

Because you can drink that ugly fat away! . . . Drink off those excess pounds! . . . Actually drink yourself as slim and as trim as you want to be with the aid of the most fantastic NO-PILL, NO-DIET reducing medication ever conceived!

You see results start from the very first day! Watch as drink-by-drink, day-by-day, your ugly pounds of fat vanish!

It's amazing, astounding, like a wonderful dream come true! And all so incredibly easy, all so delightfully pleasant, because you never suffer those awful hungry moments, never give up all the foods you love so well, never take a single pill, tablet or capsule! And all thanks to fabulous new Du-Dol Reducing Cocktail!

JUST PICTURE THIS

You have a small bottle of a highly concentrated liquid reducing medication. You put a dropper full of that precious concentrated liquid into a glass of fruit juice, vegetable juice, water, even liquor, and you've got the most wonderfully delicious reducing cocktail you've ever tasted! Drink that delicious cocktail and that's it! Down comes your horrible craving for food, down comes calorie intake, and off comes your overweight!

You burn off those ugly pounds, you oxidize those pounds away. . . . You rid your body of those crippling, health destroying, figure-marring bulges of fatty tissue!

You lose up to 7 pounds the first seven days, up to 14 pounds the first two weeks, up to 24 pounds the first month so safely, so easily, you'll hardly believe it! You'll gasp in amazement, stare at yourself in disbelief as day after day after day you get slimmer, trimmer, more attractive! . . . As day after day you come closer and closer to the safe, normal weight you should be!

NO PILLS, NO DIETS

Imagine! You don't take a single pill, capsule or tablet! You don't follow a plan, you don't go on a starvation diet, you don't strain your heart with brutal exercise. You don't pour money down the drain on so called slenderizing massages!

You lead a sane, normal life. You sleep, work, play just like any of your thin friends. You eat foods you want to eat. You don't wrestle with your power, and all the while ugly pounds melt away quickly and pleasantly, the safe scientific Du-Dol way!

HOW IT WORKS

Perhaps this all sounds too wonderful to be true! Perhaps you are wondering how Du-Dol can perform these "miracles" when other products that promised so much failed. That's a logical question. Here's the logical answer.

Du-Dol has little or nothing in common with other products you may have tried. Du-Dol contains, *for the very first time ever*, a fabulous Doctor-proved, Doctor-prescribed reducing drug in liquid form! After having been tried, tested and used by countless Doctors throughout the nation, this powerful drug has been approved safe for use without prescription by the Food and Drug Administration.

Secondly, and just as important, is this big difference. Other products depend on one of three basic reducing principles. They fill your stomach with bulk material OR they try to fool your taste-buds into thinking you aren't hungry, OR they contain a drug which works to lessen your desire to overeat.

Only Du-Dol combines all three of these medically accepted reducing principles into one great new, entirely different reducing product . . . a product that works three ways at once to help melt your fat away more surely and more easily than anything you ever tried in your life.

In other words, when you take Du-Dol you get this powerful government-approved safe drug *and* you get appetite-satisfying concentrates to help ward off that overpowering urge to overeat, *and* you get hunger-satisfying bulk in the form of delicious liquids of your own choice!

PROVED BY DOCTORS

No wonder that when Doctors tested amazing new Du-Dol on overweight persons—many of whom had great difficulty in losing weight with ordinary reducing methods—they were amazed to find that in virtually every case, substantial losses were noted!

Patients lost pound after pound of ugly fat quickly, safely, and above all, pleasantly! And most important, they lost that weight without being told to diet . . . *without* being told what or what not to eat! . . . *without* depriving themselves of all the foods they loved!

In short, they lived like normal human beings! While they ate three delicious meals a day, they were losing weight! While they were enjoying mouth-watering chops, steaks, juicy roasts, vegetables, desserts and all the rest, off came ugly pounds, down came figure-marring inches from waist, hips, thighs, everywhere!

With less work, less effort, less discomfort than they ever imagined possible, they drank their fat away! . . . Drank off pounds that had made them miserable for years!

WHAT THIS MEANS TO YOU

After all the products you've tried . . . after all the suffering you've done . . . after all the tortures you've subjected yourself to for year after weary year, and now it's all over!

In your lifetime, the miracle you secretly prayed for actually happened! This brand new reducing concept . . . this fabulous new method, so safe, so easy, so astonishingly effective, is here at last! And it's yours to try . . . yours to prove to your own satisfaction, without one penny's risk or obligation!

Think of what this can mean to you! Can you imagine the glorious feeling when you live like other people live, eat what they eat, do what they do without worrying, without feeling guilty, without feeling afraid? That's what Du-Dol's help can do for you!

Perhaps you have tried other products in good faith and been disappointed. Perhaps you have even gone so far as to promise yourself that you would never try another reducing product again! But stop and think a moment. . . .

You've tried so often in the past, haven't you? Wouldn't it be foolish to quit now, just a few steps short of your goal! Wouldn't it be silly to give up now when the product you've waited for is finally here? Why not try Du-Dol? If not for your sake, for the sake of those you love, Try Du-Dol.

TRY AT OUR RISK

Send for it now while you are still thinking about it. Or better still, come in and pick it up yourself. Then try Du-Dol in your own home at our risk! If Du-Dol isn't every bit as wonderful as we say it is, don't keep it! Return the unused portion and we'll send you an immediate refund without asking you a single question!

You risk nothing, and at least you have the satisfaction of trying what we sincerely believe to be the finest reducing product on the face of this earth!

But please don't put it off. Supplies are limited! Stop in for Du-Dol, or fill out the order blank below and mail at once. You'll be so happy you did!

YOU MUST READ THIS

Do you remember the story of the boy who cried "help, wolf!" just to attract attention? When a real wolf finally approached, the boy's friends ignored his cries for help because he had fooled them so often. They refused to believe him when it really counted!

Don't be like that boy's friends. Don't miss out on this fabulously effective reducing method just because you may have been fooled by other reducing products.

You see, DU-DOL really is different. It really does work . . . really does help you reduce more safely, more quickly, more easily, because it is a more effective product than other reducers now being sold.

If you really want to reduce, try DU-DOL. Spend the few moments it takes to fill out and mail this order blank. If you aren't delighted in every way, we will be happy to refund your purchase price immediately and without question. You have nothing to lose but a few seconds of your time.

MAKES EVERY OTHER REDUCING PRODUCT OLD-FASHIONED

DU-DOL is, in our opinion, the only reducing product on the market today to keep pace with the fantastic progress being made in other drug fields. For example, just as the drugs we relied upon yesterday are being out dated by the newer, better drugs of today, so do we believe that DU-DOL, because of its greater Doctor-proved efficiency in pleasant to take liquid form, makes other products now being sold, old fashioned.

What better proof is there than the fact that the very pills now being hailed as the last word in reducing aren't really doing the job you hoped they would? Perhaps that is because you are one of the many thousands of persons for whom pills and tablets just won't work. Surely that is reason enough to try this new reducing concept . . . a liquid reducer. Why not send for DU-DOL now? If you aren't delighted in every way, you get money back, so of course you really have nothing to lose.

DU-DOL IS GUARANTEED SAFE, GUARANTEED HARMLESS!

DU-DOL is a scientific formulation of safe, tested ingredients proved in Doctor-supervised clinical tests to be absolutely non-injurious. It has no unpleasant or dangerous side-effects . . . may be taken with complete confidence by any normally healthy person.

© Anderson Pharmacal Corp.

DON'T DELAY! SUPPLIES LIMITED!

SATISFACTION GUARANTEED

Try DU-DOL in your own home for 7 days entirely at our risk. Weigh yourself before you start. Weigh yourself after. If you don't lose as much weight as you want to lose, if you don't look better and feel better, and above all, if you don't find DU-DOL so much more pleasant to take than any reducer you have ever tried in your life, don't keep it! Return the unused portion at once for your money back immediately, no questions asked. You must be completely satisfied in every way, or you pay nothing.

Waite's (Dept. 300) Saginaw at Huron
Pontiac, Michigan

Please rush my DU-DOL at once. If I am not completely satisfied in every way, I may return the unused portion and you will refund my purchase price immediately, no questions asked.

I enclose $3.00 ☐ for regular supply or $5.00 ☐ for giant double supply.

☐ Send C.O.D. (Same money-back guarantee, of course) ☐ Charge my account

FRIDAY, JANUARY 24, 1958

MEMBER OF THE ASSOCIATED PRESS

Union Demand Uproar Is Likely to Continue

The tumult and the shouting haven't died down on WALTER REUTHER'S startling socialistic proposals to the Big Three, and they may continue to reverberate until negotiations start.

★ ★ ★

Our total American economy isn't forging ahead very rapidly at the moment. We're pausing to catch our breath. Some astute students in both labor and capital camps are convinced that we're actually in the midst of a modest little setback right now. Optimists say the resumption is just ahead.

Whichever side is right, the fact remains this is no particularly happy season to rock the boat.

★ ★ ★

The CIO is just as anxious to have the automobile companies succeed and prosper as management. It has just as big a stake. Companies that are denuded and hamstrung ultimately fold up and then they contribute nothing to the workers, the Government or the owners. This has already happened to more than 1,500 automobile companies in the last half century, and the latest happenings are a very recent and unhappy memory.

★ ★ ★

Somehow, this newspaper doesn't accept Mr. Reuther's proposal at face value. It's too fantastic and socialistic. We can't believe Mr. Reuther wants to destroy the profit incentive system which has made this the greatest financial nation in the world.

We refuse to believe he wants his workers to have the Golden Goose wrested from their clutches. We refuse to believe he prefers to substitute the ways of socialistic and floundering England; or the government of hopeless, helpless and hapless France; or the dynasty of imperialistic Russia; or the rule of befuddled Italy; or the plight of wallowing China — all of whom are poverty stricken beyond anything we have ever known.

★ ★ ★

No, rather we feel that Mr. REUTHER is tossing this astounding proposal onto the bargaining table for the purpose of diverting attention from his perennial Number One proposal: ye daily wage. In the end, this has always been the main CIO objective—and understandably so. Who denies them the right? And who denies their successes?

★ ★ ★

The four day week with five days' pay was a novel conceit but it was too revolutionary and too confiscatory to stand up under analysis. Hence, this was strategically withdrawn in favor of the current denouement.

Manufacturers gasped at this.

So did the Nation.

★ ★ ★

Still, we feel wages are Mr. REUTHER'S primary objective. His current proposal was promptly rejected by all three automotive leaders, even though it had not been made across the bargaining table. We feel both sides are sparring for an opening. Even Joe Louis used to lose the first round, occasionally. He went out to discover "what goes on tonight?" Then the bout started in earnest.

★ ★ ★

The first days of face-to-face bargaining are still considerably removed. By that time, many of the current issues will have been aired completely and modified or marked for all-out battle.

★ ★ ★

This community has a tremendous stake in what happens. Of course, the entire nation is mightily concerned. What transpires in the automotive field may well set the pace for kindred and even dis-associated industries. With us in the Pontiac area, it's a case of bread and butter — and another line of bowling, to boot. It isn't a theory around which economists and academicians can wax eloquent and quote high sounding phrases. We're discussing dinner tonight and breakfast tomorrow.

★ ★ ★

There must be a recognition of the practical by both sides. The impossible should be discarded in the light of realities.

★ ★ ★

In the meantime, who knows someone that wants to run an additional want ad so we can begin to average back towards 1957 —or 1956—or 1955?

Is Williams Forgetting One Aspect of His Tax?

In his defense of additional taxes on bank savings, Governor G. MENNEN WILLIAMS says that banks make $50 to $60 per thousand on their deposits.

★ ★ ★

Alfred C. Girard, President of the Community National Bank, asserts that the Federal Reserve Bank of Chicago reports that banks in the seventh (our) district earned $11.50 per $1,000 before taxes and $5.80 after taxes.

That's quite a discrepancy.

★ ★ ★

We'd like another question answered: "What would this proposed tax do to those union millions that have accumulated?" Heavens — has the Governor forgotten to "clear with REUTHER?"

The Man About Town

Helping Youths

Pontiac Suburb Moves for More Pleasure

After dinner speaker: One who can be too long, even if he isn't very tall.

Latest in the Pontiac area to get behind the teen age amusement idea is

West Bloomfield Kiwanis Club

at Keego Harbor. According to one of its top boosters,

John Findlayson,

it is backing up the

Veterans of Foreign Wars

there in the plan. The VFW hall is being donated to the youngsters for dances and other amusements on Saturday nights.

It will follow along the same lines as similar projects at Holly, where the attendance at the parties runs over 400, and where there has been no juvenile delinquency since the program was started two years ago. Other locations in the Pontiac area are following suit.

Phoning me that she saw a brilliant rainbow in the west Tuesday morning,

Mrs. Arthur Piedmont

of Oxford wonders what it means. She suggests it to be a reminder that there's peace in the world and we should appreciate our blessings and keep it that way.

Rocket Fuel

David Lawrence Says:

Soviet 'Warning' Proves Ill-Timed

WASHINGTON — Every move Moscow makes in propaganda almost always has a military purpose back of it — a deliberate effort to aid Soviet strategy for war.

A most dramatic example of this was given in the last 48 hours. The Soviet foreign ministry on Wednesday night of this week warned the nations of the Middle East that the United States plans to establish nuclear and missile bases on their territory and argued against it. But before this news dispatch came over the wires, another dispatch had been received on Tuesday from the United Press reading as follows:

LAWRENCE

"London, — The Soviet Union is building seven missile bases in Bulgaria and Albania to 'cover' NATO's sensitive southeastern flank and the Mediterranean, diplomatic dispatches from Athens report.

"The sources said five bases for guided missiles are being constructed in Bulgaria and two more in Albania.

"Experts said missiles from these bases not only could cover the Mediterranean but could strike into part of North Africa.

"The reports on Russian missile activities came from Greece which is in a good position to cover activities in Bulgaria and Albania but other sources independently made similar reports.

★ ★ ★

"The Soviet is reported to have have dispatched a large number of experts to both countries to supervise establishment of the bases and to train personnel in use of the new weapons."

It would be very helpful indeed to the military objectives of the Soviet Union to prevent any missile bases from being established in the Middle East for the Western forces to use, while at the same time the Soviets build up their own missile bases for offensive purposes.

★ ★ ★

The Communist tactics have met with an emphatic rebuff by President Eisenhower and Secretary Dulles. The joint statement of the President and the secretary, issued on Wednesday, read as follows:

"The United States is fully conscious of the threat to the area (the Middle East) which comes from the north. Formerly it was the threat of Czarist imperialism. Now it is the threat of Communist imperialism, again expressed only yesterday by the Soviet Union.

We respect the proven courage and determination of these nations, their governments and people, to defend their independence. Several of them — Iraq, Turkey, Pakistan and Iran — have joined together in the Baghdad pact.

"We applaud their exercise, pursuant to the United Nations charter, of their inherent right of collective self-defense, and we are glad to help them. Our will to do so has been particularly expressed in the Middle East resolution, adopted by the Congress in March, 1957."

★ ★ ★

The State Department in another statement on Wednesday called attention to the Soviet government's claim that Mr. Dulles is making his trip to the Middle East "to compel" the countries there to accept American missile bases. The secretary pointed out that nobody is compelling the Middle East countries to defend themselves, as this is a legitimate function of their own. He added:

"It is incredibly arrogant that those who boast of their atheistic system and of their intentions to impose that system throughout the world should proclaim the doctrine that those who believe must, on that account, be doomed to be militarily inferior to the aggressive atheists."

Smiles

Around income tax time is about the only time a man really feels he's the head of the household.

Dr. William Brady Says:

Rheumatism Foundation Should Stress Diet Needs

A rheumatologist is a specialist who tells you in an expensive way that the cause of arthritis remains a mystery; that there is no such thing as a cure; that some victims may "feel better" as the result of adopting an improved diet, but their arthritis is not cured; that cortisone or other "miracle" drugs may bring dramatic relief in some cases but the relief is only temporary; and that, of all treatments prescribed for arthritis, aspirin and similar salicylates give the most relief on any sustained basis, although such treatment has no curative effect.

DR. BRADY

This is substantially the view set forth in the latest bulletin from the Arthritis and Rheumatism Foundation of New York City.

If the "improved diet" so grudgingly mentioned makes victims feel better, it ought to be worth describing in sufficient detail to enable a few million victims to follow it, I should think.

The Arthritis and Rheumatism Foundation should issue a bulletin describing an "improved diet," for the benefit of persons with chronic joint disability who cannot afford to consult a rheumatologist—and probably would get little satisfaction if they did.

BOOKLET TELLS HOW

In my booklet Chronic Joint Disability (35c and stamped, self-addressed envelope) I tell how to correct faults of nutrition which, I believe are responsible for the rheumatiz.

The principle faults that must be corrected, by diet or otherwise, are insufficient daily intake of calcium, vitamin D, iodin and vitamin B-complex.

Trying this for a month or so won't do you any harm, whatever form or stage of "arthritis," or as I call it, rheumatiz, you may have. But don't be silly. The degenerative changes in the joint tissues have been going on for years. You can hardly expect to retard, arrest or reverse degeneration in a few weeks of better nutrition.

Anyway I hope you'll send me a stamped, self-addressed envelope and ask for the pamphlet Calcium and Rheumatiz. You'll notice distinct benefit from merely boosting your calcium and vitamin D intake. THEN send for the booklet and follow as well as you can the regimen described therein.

Again I assure you, all this is nutrition, not medicine, and improved nutrition is always good for one's health.

★ ★ ★

Signed letters, not more than one page or 100 words long pertaining to personal health and hygiene, not disease, diagnosis, or treatment, will be answered by Dr. William Brady, if a stamped self-addressed envelope is sent to The Pontiac Press, Pontiac, Michigan.

(Copyright, 1958)

The Country Parson

"As with money, you don't need a lot of ability to donate some of it to God."

Voice of the People

'City Valuations Make Up for Our Lower Tax Rate'

This is one taxpayer who'd like to answer W. R. Ransom. He painted a pretty overall picture about city taxes, but here are some points he didn't bring out.

Oh, sure, the rate is 13.70, but they get it in the valuation. The house may be in a poor location and have a low mortgage value, but that makes no difference. They're allowed to assess up to 60 per cent of the cost and believe me, in some cases they do just that. If one taxpayer's home is assessed way over mortgage value, why not all? I know one home that's taxed $40 a month plus assessment, and that was $185 this year, and the top mortgage value from the bank is $6,000.

Maybe the Waterford tax dollar is high, but valuations are reasonable, so in the end you pay less on the same price house. And there's no incentive to fix up your home in Pontiac, or build something a little different, because if you do, don't plan to retire. Get an extra job to help pay the taxes.

Pontiac keeps bragging about that 13.70 for the fourth year, but never mentions increased valuations. Lots of property owners in Pontiac are paying a fair tax; why should others be penalized?

Mrs. William H. Lunsford

'Why All the Talk of Going to Moon?'

Will someone kindly inform me why all the talk about shooting a missile to the moon or traveling to the moon? What has that to do with peace on earth? It would never help Uncle Sam in preparing for war. I'm nearly 91 years old and when a child all I ever heard about the moon was that a man was in it and it was made of green cheese. Sounds as silly as traveling to the moon.

Robert D. Cox

Oxford

Couple Praises Visiting Nurses

We'd like to commend the Pontiac Visiting Nurses. We had need of one, and we assume each nurse is held in as high regard by her patients as we hold the ones who came to us. The care and tenderness (and sometimes sternness) shown is very heart warming. A standing cheer for the gals in blue.

Mr. and Mrs. Joseph Cervenka

736 Orchard Lake Ave.

Praises Coverage, Hopes for More

The last eight months have shown the good that's taken place because of the Billy Graham revival in New York. Many thousands of souls were brought into the family of God.

I was pleased with the Pontiac Press coverage of that crusade. I'm sure untold thousands were blessed because they saw what God was doing in New York City and the surrounding area.

I believe you know as I know that these days of unrest, uncertainty and strife, and the only answer to the world's dilemma is the Gospel. I pray you will cover the meetings in the Caribbean area as you did those in New York. Let God show what He can do through people that are wholly consecrated to Him.

Arthur E. Dalby

Wants Action on Headlights

This morning in one half hour period I saw three autos with only one headlight. There seems to be an awful rash of these lately. Isn't it against the law? If so, why don't police ticket a few of these people? If they want to put their lives in jeopardy for the price of one headlight, that's their business, but when it affects me or anyone else on the road, I think the price is way too cheap. Many of them are new cars and drivers could well afford to keep them in good condition. The situation is steadily growing worse. How about some action?

Wife of Factory Worker With Four Children and Two Headlights

Portraits

By JAMES J. METCALFE

Nostalgia is any scene . . . Wherever you may roam . . . That makes you wish with all your heart . . . That you could be back home . . . It is a song of long ago . . . That interrupts your schemes . . . And magically withdraws you to . . . Your world of youthful dreams . . . Or it may be a sudden voice . . . Or some familiar face . . . You feel that you remember yet . . . Somehow you cannot place . . . Nostalgia is sentiment . . . Created by the past . . . But it is made of gossamer . . . And therefore cannot last . . . It is a ghost that haunts your mind . . . If only for a while . . . To change your frowning features to . . . A sentimental smile.

'Bugs' Baer Says:

The Educated Eddies who signed up for the moon excursion are busy writing their last wills and testimonials.

We still don't know what that Russian was Sputniking about 186 miles up-by-up-west. Was he looking for his dog?

Neither are we hep whether Rocketing Rover got back safe or not. We haven't heard of him biting anybody below the sound barrier.

If you're thinking of a trip like that we advise you to let Johnson and Johnson pack your picnic lunch.

Time and tide wait for no man. Neither does the aurora borealis and your landlord.

The boys with rockets-in-their-heads have added nothingness to the sixth dimension.

Case Records of a Psychologist:

Cross Child May Need More Sleep

Timmy has a hunger for sleep as well as for food, and so do all of us. If you are a victim of insomnia, then use the prescription below. Avoid sleeping pills! They are not necessary. And team up with God, for He will take over the night shift so you can drift off into sounder slumber.

By DR. GEORGE W. CRANE

Case X-311: Timmy D., aged 3, gets very cross and irritable at times.

★ ★ ★

"Dr. Crane, it's usually when his mother fails to give him his afternoon nap," his grandmother informed me.

"She thinks he will sleep more soundly at night if she overly fatigues him during the day.

"So she takes him to the zoo or on shopping trips with her in the afternoon. But I feel he needs his afternoon nap, don't you?"

PSYCHOLOGY OF SLEEP

Yes, a pre-school child needs a nap in the afternoon. And if he doesn't want to sleep, give him a couple of toys and let him rest.

DR. CRANE

But don't place two children in the same bedroom, for they will prod each other into wakefulness, though both need slumber.

When our two youngest boys started to kindergarten, the school violated the simple rules of modern medicine and psychology.

For they launched the beginning pupils into the afternoon session of kindergarten, yet most of those youngsters, even at the age of 5, still needed a nap.

The beginning kindergartners, if only 5, should be scheduled for the morning session, with the 5½-year-olds for the afternoon.

A child who misses his nap will usually reveal that fact by being cross and uncooperative. He will quarrel with his mother more readily, and grow angry at his brothers or sisters on slight provocation.

★ ★ ★

For young children require both food and sleep. Those are natural hungers, but many parents forget that toddlers demand the afternoon nap.

And overfatigue does not produce as restful slumber!

INSOMNIA

Adults, too, could profit from the habit of relaxing for 15 to 30 minutes after lunch. The Spanish siesta is good from the medical angle.

And when we doctors diagnose heart trouble in patients, we often urge them to take a nap after lunch.

"But what about insomnia?" some of you nervous folks may protest. "When I go to bed at night I toss and turn and grow jittery. Shouldn't I take sleeping pills or tranquilizers?"

Insomnia doesn't kill you, so don't get unduly disturbed about it. The main purpose of sleep is just to let you lie down in the horizontal plane.

★ ★ ★

For that position rests your heart. It no longer must lift your five or six quarts of blood your full vertical height.

So it slows its rate from 72 to maybe 68 or 70. Meanwhile, your blood pressure may drop 10 or 20 points, too.

Thus, your heart obtains a double rest as soon as you lie down, whether by day or night. So cultivate the habit of reclining. And if you have insomnia, laugh at it, since it is not of grave importance.

Read an educational book or magazine. And try a couple of chapters in the Bible, especially the Four Gospels. Soon you'll drift off into sleep.

BEWARE OF DRUGS

It is bad to form the habit of relying on sleeping pills. For they impose an extra load on your liver and kidneys. So use the psychological plan outlined above.

★ ★ ★

If you are an ulcer type of person, drink some milk before bedtime. Or, if you have crucial

problems to face tomorrow, set your alarm to waken you at 2 a.m. and then eat some crackers or cheese and drink some more milk.

For most ulcers perforate in the hours between midnight and dawn. Food and alkali powders are valuable aids at that time to neutralize the stomach acid.

And team up with God. Ask him to take over the night shift, for God is far more relaxing than all the tranquilizer and sleeping pills in the world!

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and 20c to cover typing and printing costs, when you send for his psychological charts and pamphlets.

As Painted in Senate Unit's Report

Defense Picture Chilling

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—One of the most important and chilling statements to come out of Washington in a long time is the one just made — by the Senate Preparedness subcommittee — on our defense position as compared with the Soviet Union.

★ ★ ★

It is not pretty. It says the Russians are ahead in missiles and submarines; are catching up in air power and, at the rate they're going, will forge ahead; can develop new weapons faster; and are producing scientists and engineers at a greater rate.

None of that is new. All those comparisons have, in one way or another, been drawn by witnesses before the subcommittee which began its investigation of our defense program after the Soviet Union fired its Sputniks.

★ ★ ★

But in the days since the Sputniks went aloft the public has probably become confused about the true picture because of lily-gilding by some witnesses and the both parties against one another.

This statement, presented to the Senate late yesterday, puts the picture in focus. It is an informed, impartial, authoritative and nonpolitical as such a document can be hoped to be. It's significant for three reasons:

★ ★ ★

1. The subcommittee drew its conclusions after 101 days of investigation in which it heard 70 witnesses, interviewed over 200 experts, and took more than 7,000 pages of testimony.

2. The subcommittee is made up of Democrats and Republicans. All agreed on what the statement contained. This unanimity makes it impartial and nonpolitical. The members were talking as senators and not as Democrats or Republicans.

★ ★ ★

3. Because of the impartial nature of the statement it will be the background for judging what President Eisenhower proposes, and Congress does, in the days ahead to catch up with and get in front of the Russians.

After listing the fields in which the U.S.S.R. is ahead of this country, or soon may be, the subcommittee listed 17 points of action for the government to take to make the best use of its vitality, brains and manpower.

★ ★ ★

The statement was grim. It showed beyond question this country has been dragging its feet and has been asleep although it did not attempt to blame either the Truman or Eisenhower administrations.

It deliberately avoided blame. It had to. Otherwise, there would have been no unanimity on this statement which limited itself to saying where we've lost and what we need to do.

★ ★ ★

But Sen. Lyndon Johnson of Texas, Senate Democratic leader and chairman of the subcommittee, in reading the statement to the Senate, did not paint an entirely black picture. He said about Soviet superiority:

"These facts do not give cause for comfort. But we do not consider them a cause for despair or hopefulness. We regard them as a challenge. . . .

★ ★ ★

"There is nothing in the record to indicate that America has lost its vitality or its capacity to produce in time whatever we need to retain our present power to strike devastating blows . . . at any aggressor.

"While the future is very close —extremely close—it is still under our control."

Yearly Polio Shots Said Not Necessary

PITTSBURGH (AP)—Yearly injections of vaccine are not necessary to maintain immunity against polio, says Dr. Jonas E. Salk, developer of the antipolio serum which bears his name.

★ ★ ★

The University of Pittsburgh researcher made the statement yesterday in answer to a newsman's question.

★ ★ ★

"It has been recommended that all adults and children should receive three injections. The first two shots should be received within about a one-month period with the third about seven months thereafter," he said.

Tokyo Firemen Blush

TOKYO (AP) — Genichi Asami, chief of the Edogawa fire brigade, offered this explanation of why his station burned down last night: 'The fire started at the bottom of the watch tower, the only place in that area the man on duty couldn't see."

History Club Victor in Battle With U.S.

ST. LOUIS (AP)—The Minnesota Historical Society has won a legal contest with the federal government for custody of original notes of the Lewis and Clark expedition.

The U.S. Court of Appeals, affirming a Minneapolis District Court ruling, held yesterday the government failed to establish its claim the papers were official government records.

The historical society argued they were the personal papers of Capt. William Clark. The papers were given to the society by a descendant of Civil War Gen. John H. Hammond, who presumably came into their possession when he liquidated an Indian office in 1878.

Troops in Far East Spend More in Japan

YOKOHAMA, Japan (AP) — U.S. forces in the Far East paid the Japanese 43½ million dollars more for goods and services in 1957 than they did the year before. The 1957 total was $134,510,182.

Announcing the figures today, the U.S. Army Procurement Agency did not explain the increase. But apparently it was due mainly to American purchase of 33 million dollars worth of Japanese-made military vehicles for Japan's defense forces.

Picks Envoy to Greece

WASHINGTON (AP) — President Eisenhower today formally nominated career diplomat James W. Riddleberger to be ambassador to Greece.

Sewer Projects Left Up to State

Barry Refuses to OK Plans for More Use of Southeastern System

Responsibility for approving sanitary and combined sewer projects rests with the state and should stay there, according to a letter to the Michigan Department of Health from Daniel W. Barry, Oakland County drain commissioner.

★ ★ ★

Barry said he would "refuse to approve any plans referred to me by the Michigan State Health Department" for more sewers using the present Southeastern Oakland County sewage disposal system.

He said this system was already "overloaded," and that the plans rests, by statute, with the state department.

Following a meeting this month, a department official referred all such plans to Barry's office, for approval or rejection, before they went to Lansing.

★ ★ ★

Barry promised to continue efforts to enlarge the present interceptor system serving the 13 communities using the southeastern project.

Accuse Detroit Builder of Violating VA Rules

DETROIT (AP) — Arnold Lieberman, president of a Detroit building firm, has been charged by a federal grand jury with violating Veterans Administration (VA) housing regulations.

Lieberman heads Hy-Standard Building Co. Also charged was Louis R. Jacobs, a salesman for the firm.

The two men were accused yesterday of selling houses in suburban Nankin Township to two veterans at prices above those set by the VA.

Rocket Expert Killed While Experimenting

TAIPEI, Formosa (AP)—Cha Yun Piao, 44, Nationalist China's top expert in rocketry, has been killed by an explosion while experimenting with propellants. He told friends recently he was trying to discover the fuel the Russians used to put their Sputniks into space.

He went to southern Formosa last Friday to carry out an experiment in the mountains.

Chiang OKs Envoy

TAIPEI, Formosa (AP)—Reliable sources said today Chiang Kai-shek's government has approved the appointment of Everett Drumwright, U. S. consul general in Hong Kong, as ambassador to Nationalist China. Drumright succeeds Karl L. Rankin, who left for home Jan. 3 to prepare for his new post as ambassador to Yugoslavia.

"... THE TRUE MEASURE OF OUR COMPANY'S PROGRESS IS THE AMOUNT OF SECURITY WE PROVIDE"
—J. K. Macdonald, President, Confederation Life Association.

The record growth of Confederation Life in 1957 can be measured in many ways. It is reflected by the $1,953,938,014 of Life Insurance in force, and by the record volume of new Life Insurance issued during the year—a total of $261,466,572.

But the heart of the matter is the security and protection the company provides for more than one million people in all walks of life. During 1957, Confederation Life issued 154,000 cheques to beneficiaries and living policyowners located in many countries throughout the world. These payments totalled $36,266,797—a new record in benefits.

It is in these terms of ever-widening security for more and more families that the progress of Confederation Life can best be measured.

AFTER 86 YEARS OF SERVICE

TOTAL ASSETS	1957 DIVIDENDS PAID	TOTAL LIFE INSURANCE IN FORCE
$385,334,972	$3,648,708	$1,953,938,014
NEW LIFE INSURANCE WRITTEN IN 1957	BENEFITS PAID IN 1957	*TOTAL ANNUITIES IN FORCE
$261,466,572	$36,266,797	$285,739,824

Find Pilot in Wilderness

WINNIPEG, Man. (AP)—A pilot who lived part of the time on the trout cargo aboard his downed plane was rescued yesterday after a week in the frozen north Manitoba wilderness. James Leslie Dougans, 42, said he ran out of gas. A Canadian air force plane picked him up. It was the second time he had been forced down in a month.

The underside of the car needs attention, too. To prevent corrosion and other costly repairs on the metal underneath the car, have an approved undercoating applied when the car is new.

U. S., Britain Take Stride in Harnessing H-Bomb

By FRANK CAREY
AP Science Reporter

WASHINGTON (AP)—The United States and Britain reported today both have achieved "fruitful and promising results" in experiments aimed at harnessing the H-bomb reaction to produce industrial electric power.

★ ★ ★

But both countries, in simultaneously released statements, made it clear that any attainment of such an objective is many years away.

At the same time, Chairman Lewis L. Strauss of the U. S. Atomic Energy Commission said the scientific reports released today by the two countries show that "certain comparative observations which have been published in recent weeks about British and U. S. progress in this field . . . have been not only misleading but lacking in any foundation of fact."

Strauss' statement obviously referred to some British press reports that Britain had forged ahead of the United States in the research several months ago but that Strauss had exerted pressure to delay any announcement of it until the United States could catch up. Strauss denied exerting any effort to suppress the British report.

In a news conference called to make the announcement, Strauss said the two countries are "neck and neck," so close "that there is no difference between them" in the status of their respective research programs.

★ ★ ★

Today's scientific reports actually showed that each country had achieved a certain result which the other had not.

The United States reported achievement of temperatures higher than those reported by the British—six million degrees centigrade against five million.

The British, on the other hand, reported sustaining the temperatures for a longer period of time—for periods of thousandths of a second as compared with millionths of a second reported by the Americans.

By ALTON L. BLAKESLEE
AP Science Reporter

Taming the H-bomb could give all nations unlimited power or energy for millions of years.

Today's announcement of British progress on the problem at Harwell makes it plain that commercial use is still years away, but the fact that scientists have unlocked some of the secrets is of vast importance to the world of the future.

★ ★ ★

Here's why:

We are rapidly using up the coal and oil we burn to warm our homes, run our autos and produce electrical energy.

The energy locked up within the hearts or nuclei of atoms, however, is virtually inexhaustible.

Atom hearts contain the basic material or mass of everything, living or lifeless. Some of this atomic mass can be transformed into energy. This is what happens in A-bombs or atomic power plants.

★ ★ ★

The nucleus of an atom of uranium-235 (or certain other heavy atoms) is split or fissioned into two or more pieces. But all these pieces together aren't as heavy as the original single nucleus. Some of the matter was changed into useful energy.

The world doesn't have inexhaustible supplies of the heavy atoms that will split this way. One estimate is that all such reserves would give us energy equal to 10 to 100 times the amount of all the world's remaining coal.

★ ★ ★

We could run out of atomic power in time.

Even more crucial is the fact that the atomic splitting creates highly dangerous radioactive ashes which are becoming more and more troublesome to dump anywhere safely.

★ ★ ★

The H-bomb or fusion reaction offers a way out. It produces no radioactive ashes.

The peacetime problem is to get enormous temperatures and materials and methods to keep H-fusion going at a controlled rate and draw off useful heat from it. This is what scientists hope to solve. They are making some progress.

The United States headed the list of countries that bought commodities from and sold to Turkey during the first nine months of 1957.

South Korean Captain Shoots 6, Kills Himself

SEOUL, Korea (AP)—A South Korean army captain shot and killed six fellow officers and noncoms and then himself last night in a mysterious gunfight at Hongchun, 60 miles east of Seoul.

A preliminary investigation showed the captain, Cho Sang Kook, had just been relieved of his command, and his successor was his first victim.

Birch is the only tree that can grow in Greenland.

Hal Boyle Says:

Calendar Reforms Could Perk Up World

NEW YORK (AP) — Some optimists believe one way to reform the world is to reform the present calendar.

Instead of a 12-month year, they would have us adopt a 13-month year. Each month would be 28 days long for a total of 364 days — and the 365th day would be bonus day for worldwide celebration.

★ ★ ★

There would be no middle of the week holidays. All holidays would fall on weekends, thus extending these joyous periods to three days.

If we're going to make a change, why not make a real change? Why not adopt a new calendar with two Friday's instead of one?

This might require a four-day work week instad of the present five-day one, but after all any change requires sacrifice — and this is a sacrifice more and more people seem willing to face.

★ ★ ★

"Why not two Sundays or two Saturdays instead of two Fridays," someone might well ask.

It is true that a week with two Sundays — one for playing golf, one for going to church — holds certain moral advantages. But it also has obvious disadvantages. What wife wants to cook two Sunday dinners a week? Who has the endurance to watch those Sunday night television shows twice in seven days?

★ ★ ★

It is even easier to wash out the argument for a week with two Saturdays. Saturday used to be bath and spend-a-night-out-on-the-town day. But that was a generation ago.

Today Friday is the glamor day of the week, and Saturday is just a kind of misfit recover-get-well-and-rake-the-leaves day which nobody really quite knows what to do with. It is for all those dull little projects you can't get done during the rest of the week.

★ ★ ★

Double mankind's Fridays and you double mankind's cheer. Double a man's paydays and he will have twice as much fun. He will even willingly pay enough taxes to support his government in the style to which it wants to become accustomed. And, as everybody knows, a happy government makes for happier people.

Naturally, the question arises, "If we put two Fridays in the calendar, what day of the week shall we drop?

★ ★ ★

The unanimous answer, of course, is "Monday." Monday is the day without a friend, because nobody feels friendly on Monday, wants to be a friend on Monday, or listen to a friend on Monday. It is the day when men are most at war with themselves, their duties, and the whole human race. It is the day when most men would prefer to be a tree.

Asks Probe on Increase in Federal Employment

WASHINGTON (AP) — Rep. Johansen (R-Mich) has called for a congressional inquiry into what he called startling increases in employment by the Defense Department and International Cooperation Administration (ICA).

Secretary of Defense McElroy Wednesday anonunced plans to employ 25,000 more civilians. Johansen said the ICA, which administers foreign economic aid, has increased its work force by 30-40 per cent within a year.

Bombers to Get Defense Shield

Report Electrons Ward Off Attacking Missiles From B58s

SAN MATEO, Calif. (AP) — An American supersonic bomber now flying can surround itself with a shield of electrons to ward off any attacking missiles.

★ ★ ★

The automatic defense system being built into Convair's new 1,130-m.p.h. B58 Hustler is one of the most spectacular applications of electronics in Defense, President Don G. Mitchell of Sylvania Electronic Products, Inc., said last night.

"It has flown and it works," Mitchell told reporters after addressing the San Francisco Council of the West Coast Electronic Manufacturers Assn.

★ ★ ★

The shield will increase the attack effectiveness of manned supersonic bombers.

A report on how it works and how it has been tested awaits security clearance in the Pentagon. In essence, however, the shield system, generates an electric-magnetic field around the aircraft that fouls up, disrupts and jams the guiding systems of approaching missiles.

★ ★ ★

The electron shield systems are in production at Sylvania's Buffalo, N.Y., laboratory. Advance research and development were carried out at the company's electronic defense laboratory at Mountain View, Calif., and Waltham, Mass.

Convair reported at Fort Worth, Tex., that a nuclear warhead was being prepared for the B58 to be carried in a detachable pod beneath the plane. It said the work was under way at Fort Worth and at Kirtland Air Force Base special weapons center near Albuquerque, N.M.

★ ★ ★

Mitchell said Sylvania also is weapons systems manager for the Army's newly disclosed Plato anti-missile project.

Atlantic Alliance Policy of Adenauer Endorsed

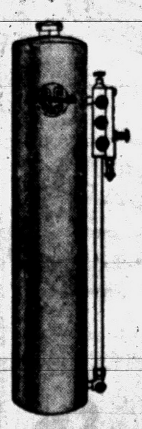

BONN, Germany (AP)—Chancellor Konrad Adenauer won approval from the Bundestag (lower house) today to push ahead with West German participation in the Atlantic Alliance and its policies.

The outcome was never in doubt during a 17½-hour foreign policy debate. Adenauer's Christian Democratic party has a majority in the House.

★ ★ ★

The Bundestag rejected a resolution by the Socialist opposition to force the government to ban atomic weapons and rocket bases from West German soil. Adenauer said the government must have a free hand to make future decisions.

ROCHESTER FIRE QUENCHED — Firemen and volunteers extinguished a fire in Rosso apartment and store building in Rochester yesterday afternoon. The structure, one of Rochester's oldest, is located at Main and 5th streets. Damage was held to an estimated $7,000.

Rochester Lit-Up by $7,000 Blaze

Damage to Apartment, Stores Mostly Caused by Water

ROCHESTER — Fire yesterday afternoon threatened to wipe out one of Rochester's oldest buildings.

★ ★ ★

Damage to the R. N. Rosso apartment and store building, at the corner of Main and 5th street, was held to an estimated $7,000, according to Fire Chief George Ross.

The Rochester Fire Department, called to the scene shortly after 2 p.m., said the blaze started in a chimney in the back of a store on the ground floor.

Most of the damage was caused by water, which ran down through stores on the lower floor and apartments on the upper level. The roof also was burned and chopped up.

★ ★ ★

The structure is owned by R. N. Rosso, who with his wife occupies an apartment in it. The building also contained the apartment of Mrs. Bertha Shoemaker, the Dopat Television and Radio Sales, Shearer's Barber and Beauty Shops and the Rochester Camera Shop.

★ ★ ★

A frame structure more than 100 years old, it is believed to be one of Rochester's three oldest buildings.

Divorces Grandmother of 9 for Misconduct

LONDON (AP)—Mrs. Helen Dicks, 47 and grandmother of nine, was divorced by John W. Dicks yesterday on grounds of misconduct with 23-year-old Clive Cornish.

Mrs. Dicks and Cornish said they plan to marry when the divorce becomes final, six months from now.

"I can't see it lasting," said her ex-husband. "When she is 60 he will be only 36."

President Re-Elected

SAGINAW (AP) — Miles A. Nelson of Lansing was re-elected president of the Michigan Assn. of Weights and Measures Thursday at the group's annual conference. Other officers re-elected were: James F. Baker of Highland Park, vice president; Margaret Treanor of Lansing, secretary, and Arthur C. Westphal of Port Huron, treasurer.

Named Hotel Manager

DETROIT (AP) — Earl Bone, a field executive for Statler Hotels, has been appointed resident manager of the Fort Shelby Hotel here. The Fort Shelby is a Biek Hotel.

Speaks at Graduation

MT. PLEASANT (AP) — Victor Spathelf, president of Ferris Institute, will deliver the mid-year commencement address at Central Michigan College Jan. 26.

Press Carriers Help Gas Station Owner Celebrate

Leon Linabury marked 25 years with the Sinclair Oil Co. at his Dixie Highway gas station yesterday in Waterford Township with an assist from three young friends.

Pontiac Press carriers Wendell Olk, Eddie Santala and Ted Saddler presented him with a large cake and some ice cream, in token of the past five years of patience, help and understanding he has shown them.

The boys' papers are delivered to Linabury's station, and they said yesterday that they wanted to thank Linabury, who had become a deep friend and confidant during the years.

Check Forger Arrested Here

Elks Clubs Favorite Targets; Used Father's Membership Card

A bad check artist who made a good thing of his deceased father's devotion to the Elks Club was arrested yesterday by Pontiac police.

Robert F. Lucas, 30, of 1409 E. South Blvd., was apprehended shortly after a complaint was received yesterday from Paul Racza, owner of a Shell Service Station at 68 Auburn Ave., that he had cashed a $25 check for Lucas which bounced.

An investigation by detectives disclosed that Lucas was on probation from Indiana for a bad check conviction, was wanted in Grand Rapids for passing bogus checks and had floated several other checks in Pontiac.

Lucas' favorite target, it turned out, was Elks Clubs. He took the Pontiac Elks for a total of $95 with three checks, and his activities in Indiana and Grand Rapids also included liberal "takes" from the Elks.

His reason for picking on the Elks, he told police, was that he had his late father's life membership card in the lodge and it made "real dandy identification" for cashing checks.

Lucas was arraigned in municipal court yesterday and waived examination. Judge Maurice E. Finnegan bound him over to circuit court with arraignment there set for Feb. 3.

Local Drive-In Owner Pays Gambling Fine

Finis Stone, 33, owner of Stoney's Drive Inn, paid a $90 fine and $10 costs yesterday, for operating a gambling establishment at 3590 Elizabeth Lake road in Waterford Township.

He was found guilty when he appeared before Justice of the Peace Donald Adams after his restaurant had been raided by Waterford Township and State police January 14.

Five of seven men arrested in the gambling party raid, pleaded guilty at Adams' court on January 16, and were fined $20 each plus $5 in costs.

The other man, Robert Barnett, pleaded not guilty and his case was dismissed yesterday when it was proven that he was an employe and not involved in the gambling game.

Waltzes to Altar Again

VENTURA, Calif. (AP) — Busby Berkeley, 62, former dance director for Hollywood movie musicals, has taken a sixth bride. She is Etta Judd, a divorcee who gave her age as 47.

West Bloomfield Aids Youth

Teenagers to Use VFW Hall

By STAN BOK
Press Correspondent

WEST BLOOMFIELD TOWNSHIP — Teenagers of West Bloomfield Township are getting a break, thanks to the many civic organizations in the area.

★ ★ ★

Boys and girls of junior and senior high school age for a long time have wanted a place to go occasionally on a Saturday night. Their problem now appears to be solved.

They are now officially organized, having adopted the name of the VFW Teen Club. The VFW portion of the name is in appreciation of the Veterans of Foreign Wars Post 2706 of Keego Harbor which has offered the use of its hall to the club without charge.

The teenagers are currently making arrangements for a dance to be held from 7:30 until 11:30 p.m. Wednesday in the VFW hall, their first venture as a group. Boys and girls in their teens, along with parents and other interested persons, are invited to attend.

A small admission charge will be made to build up a club fund to buy records for a juke box and, later on, to engage an orchestra for a special dance.

The story of how the club was organized dates back to last November when the West Bloomfield Kiwanis Club invited representatives of all local civic groups to a Veteran's Day breakfast at Rotunda Inn.

An exchange of ideas at the breakfast led to the forming of the West Bloomfield United Community Service organization which was made up of representatives of the local civic groups.

This organization was established to carry out certain projects in connection with Veteran's Day. However, later discussions about teenage problems prompted members of the United Community Service to find solutions.

They decided that teenagers should have social functions of their own at least once a month on a Saturday night. The problem of finding a building was solved when the VFW post at Keego Harbor offered the use of its hall to the teen set without charge when it is available.

United Community Service officials sponsored a dance for boys and girls last Saturday night, getting them together for the first time. They also helped the teenagers to form their own club at this dance.

Also instrumental in making the first dance a success was Richard Hurtubise, Keego Harbor chief of police, and members of the Oakland County Sheriff's Department.

Elected officials of the United Community Service group are Mrs. Chester F. Hunt, of the Business and Professional Women's Club of Keego Harbor, president; Harold Scheingeck, of Keego Harbor VFW Post 2706, vice president; Mrs. Glendal Taylor, of Roosevelt School Mother's Club, secretary; and Albert Emsley, of the local Amvets post, treasurer.

Pump Excess Water All Night in Area

Waterford Township employes worked all last night pumping excess water through a chlorinated filter in the Loraine Manor sewer system, according to Clerk James Seeterlin.

Two of the pumps were not pumping their capacity due to sludge in the propellers.

Pumping operations to remove some 20,000 gallons of sludge began early this morning by H. G. Wymer and Emmett Fisher, of Waterford Township, who were awarded contracts yesterday.

Work is expected to be completed early next week.

Romney Sees Profit for Year

Reports $4,948,736 Net Gain for Fiscal Quarter Ending Dec. 31

DETROIT (AP) — American Motors President George Romney said today he expects "a substantial profit" for the independent automobile company this fiscal year.

★ ★ ★

American Motors yesterday reported a net profit of $4,948,736 for the fiscal quarter that ended Dec. 31, 1957. The earnings compare with a loss of $2,994,613 in the same quarter a year ago. The 1957 figure was equal to 88.6 cents a share on common stock.

★ ★ ★

The quarter that ended Dec. 31 was the first of the fiscal year for American Motors, which begins its fiscal year in October.

Romney said net sales for the 1957 quarter were reported at $118,598,502, compared with $88,903,414 in the like 1956 period.

"The showing for the fiscal year as a whole is not expected to be maintained at the same rate as the initial fiscal quarter," Romney said.

He added that the fourth fiscal quarter (July-September) customarily absorbs heavy expense incident to vacation schedules, inventory taking, new model changeovers and other charges.

"However," he said, "a substantial profit for the year is anticipated."

★ ★ ★

American Motors' retail sales totaled 35,668 units in the October-December quarter, compared with 26,327 in the quarter a year ago. Romney said production in the quarter amounted to 41,492 units compared with 28,021 units in the previous year's like quarter.

American Motors, a 1954 consolidation of Nash-Kelvinator Corp., and Hudson Motors Corp., has reported steady losses until recently.

Arrest Suspects After Holly Man Aids Policeman

A Holly retaurant owner used alertness and his automobile last night to aid Holly Police in the arrest of two burglar suspects, according to the Oakland County Sheriff's Department.

W. J. Barnes, 41, owner of Uncle Dub's Dairy Bar & Grill, 1123 Milford Rd., saw a man in the Booth Corners Gas Station, 1125 Milford Rd., across the street at about 11:30.

A few moments later he saw two men leave the rear of the station and walk to a car parked nearby. He hopped in his car and followed the men.

★ ★ ★

After getting their license number, he stopped a cruising police car and told Officer Robert McQueen of his findings. McQueen stopped the men about a half-mile from the gas station on Milford Rd.

The suspicious pair, answered Barnes' description, and were turned over to deputies and booked at the Oakland County Jail on investigation of breaking and entering in the night time.

Police and deputies found the gas station broken into through a rear window, but there was no evidence of anything missing.

To Hear Magic Violin at Walled Lake School

WALLED LAKE — The Walled Lake Optimist Club is sponsoring the appearance of Rubinoff and his magic violin at Walled Lake Junior High School auditorium Feb. 25 at 8:15 p.m.

The proceeds will go into the club's youth activities fund.

Rubinoff will be on Steve Allen's NBC-TV show Sunday evening.

Cupcake Burglar Delays His Feast; No Prints Left

The hungry burglar who broke into a Waterford Township bakery last night and stole four dozen cupcakes, must have held off his feast . . . no frosted fingerprints were found.

Waterford Township police reported the breakin at the Golfview Bakery, 4550 Elizabeth Lake Rd., owned by Wesley McGuire.

A pinball machine in a restaurant at 7952 Cooley Lake Rd., owned by Ernie Felice, was also pried open and an undetermined amount of money was taken, police report.

★ ★ ★

Entrance was gained by breaking a rear window in both places, police said.

Madison Heights Takes No Action on Petitions

MADISON HEIGHTS — No action was taken Wednesday by the Madison Heights City Council on petitions signed by 800 persons, requesting a charter change vote to cut the city's debt in half and to provide for a primary election.

The petitions were presented to councilmen by City Clerk Myrtle Chamberlain with the notification that they were improperly certified and notarized.

Seek Bids on Notes to Finance Hospital

Plans to sell $317,000 in anticipation notes on 1958 taxes to finance completion of the Pontiac General Hospital addition moved ahead today as City Clerk Ada R. Evans advertised for bids to purchase the notes at an annual interest rate not exceeding four per cent.

★ ★ ★

The bids can be submitted until 8 p.m. Feb. 4, when they will be opened by the city Commission. Acceptance may follow that night.

The final step in securing the funds would be taken when the commission orders the notes signed and delivered to the purchaser.

The money may be in the hands of the city by mid-February or earlier, if the city is satisfied with the Feb. 4 bids.

The State Municipal Finance Commission approved the sale Wednesday. The $317,000 represents the first third of $950,000 the city plans to take out of capital improvement funds for the hospital over the next three years.

No Comment on Hoffa

DETROIT (INS)—United Auto Workers President Walter P. Reuther said today he was "reserving comment" on the federal court order permitting James R. Hoffa to take over as president of the giant teamsters union.

Man Kills Self, Wife, 3 Children

Depression Over Debts Believed to Be Cause of Nebraska Tragedy

BEATRICE, Neb. (INS) — Despondency over mounting debts was believed today to have caused a Beatrice shoe repair shop operator to shoot and kill four members of his family and then end his own life.

Sherman Dean Williams, 41, sprayed his wife and four children with an automatic pistol in the family home Wednesday.

He next slugged his 14-year-old son, Sherman Jr., on the head with the weapon as they struggled for the telephone with which the youth called police.

Williams then rushed to the basement and took his life with a shotgun.

★ ★ ★

Besides Williams, the dead were his wife, Dorothy, 39; their son, Richard, 9, and their two small daughters, Kathy, 6, and Mary Kay, 3.

The sole surviving member of the family was young Sherman who suffered a head injury and shock.

Police reported the elder Williams had been despondent over debts.

They said he had sold his shop, on which the rent had not been paid for five months, and had planned to start work at Lincoln, Neb., yesterday.

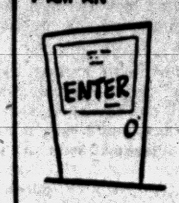

Marshal Nominated

WASHINGTON (AP) — President Eisenhower yesterday sent to the Senate the nomination of Harry Jennings for reappointment as U.S. marshal for West Michigan. The nomination is for a four-year term.

'Where, Oh Where Has My Little Bride Gone!'

MELUN, France (AP) — All the friends and relatives gathered around the table, and the groom waited for the bride to cut the cake. She couldn't be found.

Camille Touret, a widower with nine children, found that Mrs. Marie-Louise Thomas Touret—his bride of half-an-hour — had made off with his life savings and a jacket, silver brooch and silk purse belonging to one of the guests.

The bride hasn't been seen since.

Stripper, Actress Sisters--Only Privately

By OLGA CURTIS

NEW YORK (INS) — Sisters Gypsy Rose Lee and June Havoc are friends, pals, chums to the end. But only personally.

"Professionally," the sisters insist firmly, "we have no connection at all."

"I'm just an actress," says June.

"I'm the world's oldest stripteaser," says Gypsy.

So keep in mind that Gypsy is Gypsy, June is June, and never their acts shall meet.

Which is a great pity, since Gypsy is now an honest-to-goodness serious lecturer, and June is happily preparing to hang herself on stage.

Older sister Gypsy, tall, dark and still richly-dimensioned, told her plans for the future while presiding over a teapot.

STRIPPER SWITCHES

"It's a switch for me," said the former G-string player as she poured lapsang souchong into China cups. "I used to have 98 per cent male audiences — now they're 98 per cent female.

"I'm a real paid lecturer — I show a home movie of my backstage life and then I talk for half an hour. The only thing I take off is my gloves."

Younger sister June, who's small, blonde and bouncy, outlined her next project — a serious stage role—while munching garlic spaghetti and garlic bread.

ACTS IN FILMS

"It really isn't much of a departure because I haven't done a musical since 1944; I've been doing serious films and TV dramas," said June.

"But I'm really excited about this new play. I'm the wife-mother in this French version of Oedipus Rex, and I hang myself for six minutes. With a red scarf."

And so Gypsy will be pounding a podium in Albuquerque, Dallas and Colorado Springs while June opens Feb. 3 in New York in Jean Cocteau's "The Infernal Machine."

★ ★ ★

"Are you lecturing for art's sake?" Gypsy was asked.

"For money," she replied. "I can still make $5,000 in a night club doing the same old strip—but I sure won't be able to do that act ten years from now. So I'm getting set for the future. I only get $500 a lecture now, but I'm getting to know lots of people — and there's lots of money to be made in it when all I can do is talk!"

"Are you acting for money?" June was asked.

★ ★ ★

"For art," said she. "I'm financially independent now and can do what I like. Years ago I had no choice, I had to play anything and everything and save every penny I earned. So now I can enjoy doing what I want to — like this version of Sophocles."

The Horned Toad Derby is held annually in Coalinga, Calif.

Pontiac Press Photos by Ed Vanderwerp

"I like the chemise," Mrs. Irving Gordon declares as she proudly models this version. (Read what husbands think in the story opposite.) A white wool collar contrasts with the navy wool of the dress.

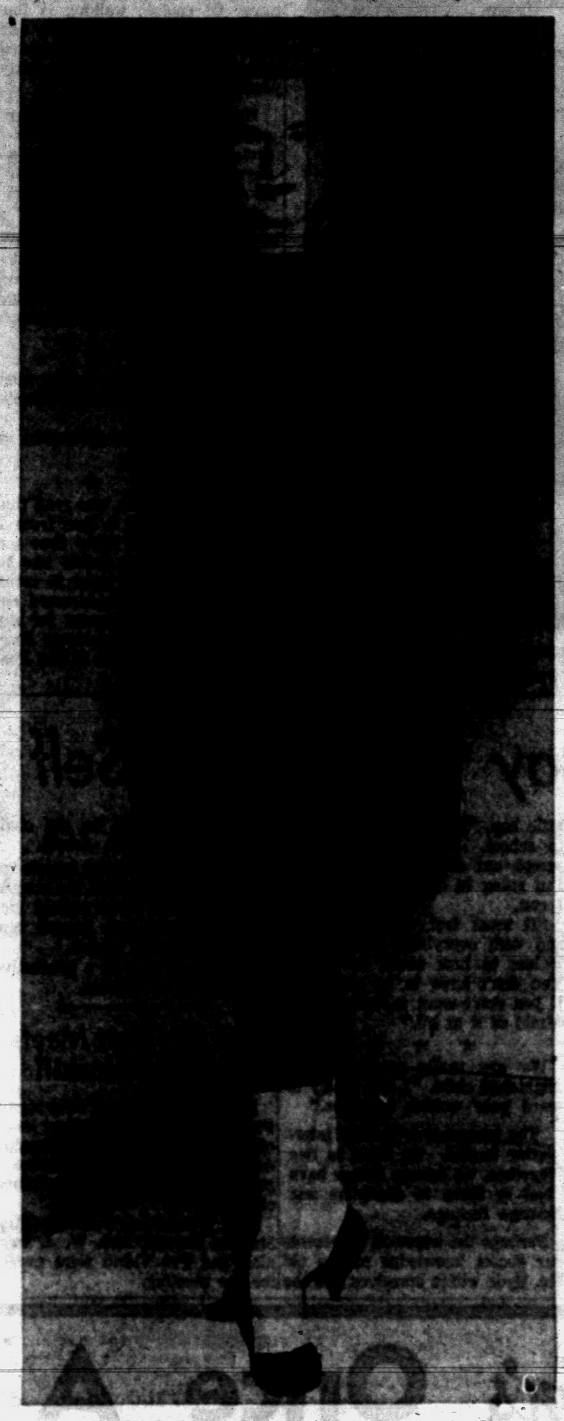

'Fine,' Say Pontiac Femmes—'Big Flop', Cry Husbands

City Tries On Flapper-Sack

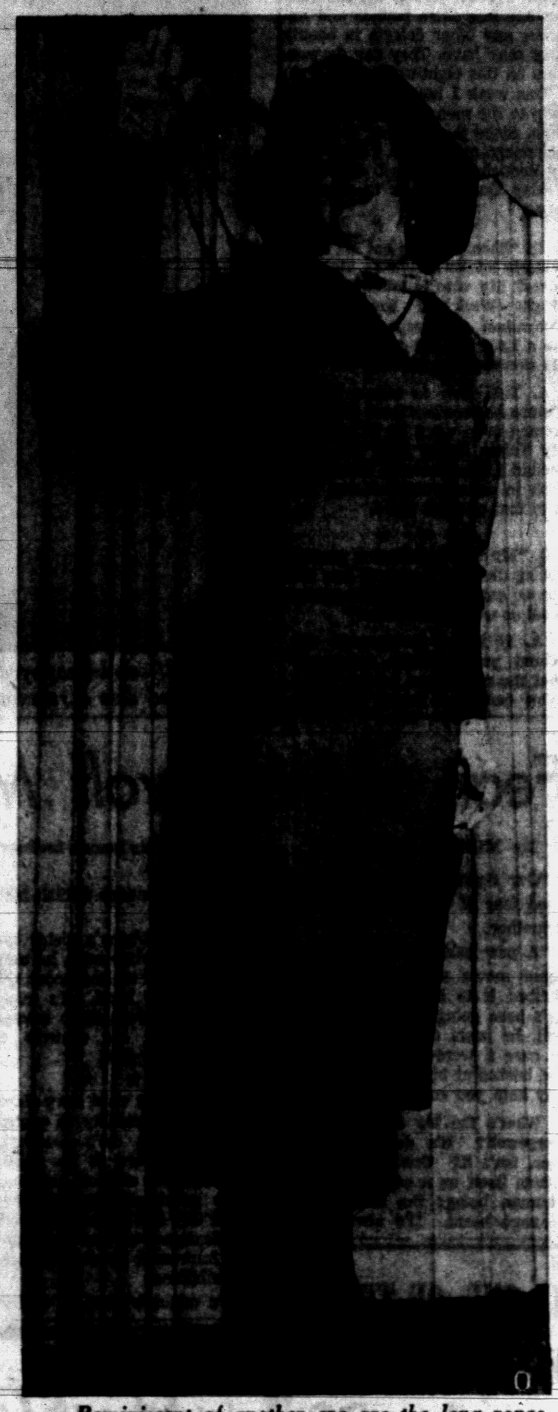

By JUDITH L. CLEMENCE
Women's Editor, Pontiac Press

Maybe we don't like it, but fashion has sent us back to a second flapper age. From the chemise to swinging beads and head hugging chapeaux, fashion harks back 30 years.

This was the time when women shortened skirts, rolled stockings and danced the Charleston. This era, generally considered to have ushered in the most unflattering fashions in history, exposed knees and did away with waistlines.

It's the hobble skirt for Mrs. Benjamin Jerome Jr. She prefers the fitted look to the chemise look. Her awareness of high fashion is evidenced in this new look. The cocktail dress has a taffeta skirt and the bodice is of raw silk.

Reminiscent of another era are the long ropes which Mrs. Normand E. Durocher models in "flapper" fashion. Note the black satin fisherman's hat. The dress is a modified chemise.

MODIFIED VERSION

New York designers have caught on to this look but have modified it somewhat. In their version of the chemise, there is a semi-fitted look, and skirts although shorter than last season's, are still a far cry from the knee-length version of the 20s.

Attention is directed to necklines and hemlines. Fabrics and workmanship are dramatized.

The short, unfitted jacket which just reaches the hipbone and the slim skirt is the most popular silhouette (note the costume worn by Mrs. Wilma Thomas Dickinson).

★ ★ ★

When local women were interviewed about the future of the chemise, some said they thought it was a "gimmick," others said they thought it was "fun" to own one, and still others adopted the idea that "if you can't lick em, join 'em."

Our models had this to say about the much debated chemise.

JUST FOR FUN

Mrs. Dickinson says, "I like the chemise and I intend to wear it." She thinks it is a "fun" type of dress, but does not believe it is here to stay.

It took Mrs. Peter Hoogerhyde quite some time to make up her mind about the chemise, but after buying one she said she liked it. "But I think it's a fad," Mrs. Hoogerhyde added.

Mrs. Normand Durocher likes the modified chemise and admitted she "bought the first one" she tried on. She believes the modified version is here to stay, but that the true chemise will go out within a year.

★ ★ ★

Harem and hobble skirts with molded, fitted bodices are special with many designers, and Mrs. Benjamin Jerome Jr. is one who prefers this high fashion note to the unfitted dress.

★ ★ ★

Agreeing that the chemise is not here to stay, Mrs. Irving Gordon intends to enjoy it while it's around. She finds her dress the most comfortable in her wardrobe.

WHAT ABOUT MEN?

But what do the husbands think. Not very highly, we found. We "cornered" Dr. Gordon while the photographer was at work and asked him about this new look. "I don't like it . . . I like to see a dress that fits," he said.

Dr. Morris Arnkoff of Detroit who was visiting the Gordons couldn't get away without committing himself either. He leaned slightly toward the embattled chemise, saying, "I saw one that I liked. I think they're best for tall, slender women."

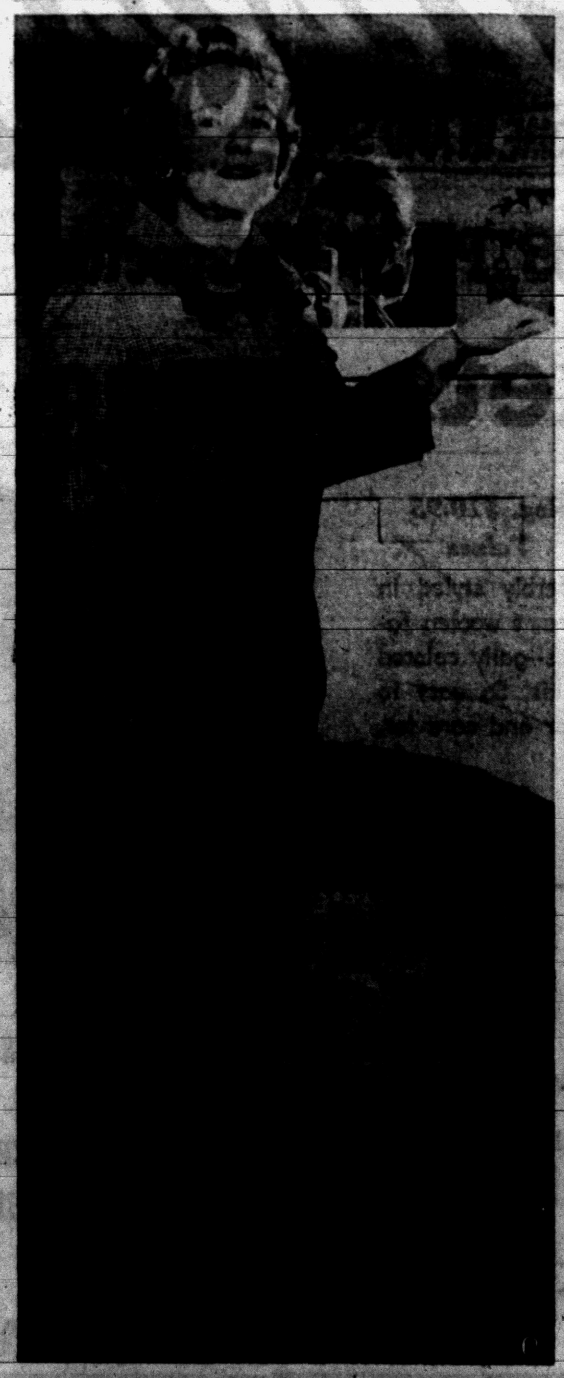

★ ★ ★

Most of the men we've asked about the "sack" dress hope it won't last the year out and plainly say so, but a few were noncommittal — they feared their wives might have one somewhere in the wardrobe. (Dr. Durocher and Dr. Hoogerhyde will see their wives' outfits for the first time on these pages.)

It's difficult to tell if men ever will accept the chemise. But then look at the women wearing them who just last year vowed they "wouldn't be caught dead in one."

"Oh, where, oh, where has that waistline gone?" Mrs. Peter Hoogerhyde models a chemise in sheer wool navy with fashion's newest flair, a large bow. Her hat takes us back 30 years to remind us of those "roaring 20s."

The most popular version of the chemise is the short unfitted jacket and slim skirt which is worn here by Mrs. Wilma Thomas Dickinson. This suit is of black and white wool check.

Personal News of Interest

On Jan. 30, a party of six will leave the city for a three-week vacation at Marathon Keys, Fla.

Mr. and Mrs. Ward Partridge of West Huron street and Mr. and Mrs. Darwin Catlin with children Dennis and Denise, of Drayton Plains, will be bound for the orange flower state via Cypress Gardens at Winter Haven. First and foremost on their vacation agenda will be some deep sea fishing.

★ ★ ★

To begin a 16-day Caribbean cruise on Saturday aboard the S.S. Alcoa Cavalier are Mr. and Mrs. Carl T. Guething of Birmingham. Leaving from New Orleans, they will include Jamaica, the Dominican Republic, Trinidad; and Caracas, La Guaira, Puerto Cabello and Guanta in Venezuela, in their itinerary.

★ ★ ★

Floyd Evans of Airway drive, the Rev. James Parker of Vincent street, E. M. Remley of Savoy drive, and Mr. and Mrs. A. D. Stimer of Woodland avenue attended the annual Michigan Gideon's Leadership Conference at Michigan State University Tuesday.

Named to the dean's list for high scholastic performance last quarter at Michigan State University was Janet E. Theorin of Fernberry drive. A speech major, she earned a 3.5 grade average out of a possible 4.0 in all subjects taken during the fall session.

★ ★ ★

A number of local college students will be graduating this Sunday.

At Eastern Michigan College, B.S. degrees will go to Dessalee Mae Albright (nee Dessalee Temple), William H. Burder, Shirley Anne Clancy, William H. Graham, Maureen Mae Slosson, Jeanne Laree Smith, and Nila Lea Tompkins. To receive A.B. degrees are Thomas E. Metzdorf and Diana M. Pierson.

At Western Michigan University's commencement exercises Sunday, a B.S. degree will be received by Billy Joe Rose, while Donald M. Scott will have earned a two-year drafting and designing certificate.

★ ★ ★

Wayne State University will confer degrees next Tuesday in the Masonic Temple Auditorium. Among Pontiac students to receive B.S. degrees are Vienna M. Aarni (nee Vienna M. Dick), Donald Charles Cavin, Alda Cox (nee Alda Tanner), Florence H. Davis (nee Florence H. Humphreys), Hilda Hedden (nee Hilda Crisp), Marie Jones (nee Marie Sanders), David Lee Suese, John Leslie Walker, Leonard M. Wolf, and Lois A. Zamek (nee Lois A. Elbinger).

Master of Education Degrees will go to James S. Fry, Honora Kinsella (nee Honora Moran), James D. McGhee, William O. Moulton, Wilma E. Muldowney (nee Wilma E. Snyder), Doris Vosburg, and Robert Lee Wilson.

League of Women Voters Sees Skit on Constitution

Mrs. Leon Smith, Mr. and Mrs. Louis Schimmel, Mr. and Mrs. Robert Sparks, Dr. and Mrs. William Gordon, Mrs. Wilson Palazina and Don Gillmore were guests of Pontiac League of Women Voters Wednesday evening at the YWCA.

Mrs. Claire Hinckley, publications chairman, explained new League literature.

SKIT ON CONSTITUTION

"Up to Date in '58" was the title of a skit presented. It compared the federal and Michigan constitutions and pointed up various phases of the state constitution which made it unwieldly. Participants in the skit were members of the League of Women Voters of Birmingham.

★ ★ ★

Laura Belz gave a history of the League's study of the state constitution. She explained that the League does not endorse candidates or support issues as a rule. However, after careful study, it does take action on some issues. The Leagues of the state voted at their spring convention to make an all-out effort to get a constitutional convention in November 1958.

★ ★ ★

"The trend of the more modern constitutions," said Miss Belz, "is to give more responsibility to the executive department, more flexibility to the local governments, to the State Supreme Court more power over the court system, and to the Legislature more authority over spending."

A question-and-answer period followed. A report on calendar sales was made by Mrs. Roy MacAfee.

Sorority Set to Hold Sno-Ball

Last - minute arrangements for the annual semi - formal Sno-Ball dance of Alpha Omega Chapter of Beta Sigma Phi sorority were made Wednesday evening in the Drayton Plains home of Mrs. Duane Chamberlain.

Members of the patrons committee announced the following patrons for the dance: Mr. and Mrs. M. A. Calbi, Dr. and Mrs. Julius Rutzky, Mr. and Mrs. Bradley D. Scott and Mayor and Mrs. William Donaldson.

★ ★ ★

Also on the list are Mr. and Mrs. Russell Jackson, Mr. and Mrs. A. B. Hargraves and Mr. and Mrs. Robert Wethington.

★ ★ ★

Proceeds from the Jan. 31 dance will benefit victims of blood disease at St. Joseph Mercy Hospital.

City Group Schedules Style Show

Mrs. Allan Schmidt was named general chairman of a March 12 spring fashion show, to be given by Insurance Women of Pontiac in Pontiac Central High School auditorium.

The announcement was made Wednesday evening at a special dinner meeting in Elks Temple.

Cochairman for the event will be Wava Davis. Olive Blair and Mrs. Russell Lehigh are on publicity and advertising committees; Betty Soper and Mrs. Harry Stuart, decorations; Mary Bringle, Mrs. Verne Hartman and Bernice Peterson, tickets, programs and prizes; and Ernestine Neubauer, telephone.

Queen Mary Group Meets

Mrs. John Newton of St. Petersburg, Fla. was a guest of Queen Mary Section of the Needlework Guild Thursday in the Miami road home of Mrs. Walter Galbraith.

Mrs. Charles Clarke, president, conducted the meeting. A letter of thanks was read from a needy family the group had helped. Members sewed on baby clothes during the social hour.

The group will meet in the Park place home of Mrs. Clark for the Feb. 6 session.

Mrs. Rose Hosts Inter-Lakes Unit

Inter-Lakes Extension Group met for a copper tooling lesson Wednesday in the Lakeside drive home of Mrs. Percy Rose. Mrs. Joseph Trietsch and Mrs. H. Delos Nicholie gave the lesson.

Mrs. John McConnell was named sunshine chairman. A special workday will be held Jan. 29.

Mark Twain PTA Views Camp Slides

Mrs. Ralph Waterman gave an illustrated talk Thursday evening before members of Mark Twain School PTA. Topic of the evening was the camping program of Wilson School.

Slides showed the steps of preparation for camp, how children earned their money, classroom curriculum and parent participation before leaving for camp.

The remainder of the slides showed the program in action at Proud Lake Recreation Area. Glenn Husted, principal of Wilson School, answered questions from the audience.

Counselors, Reita Smith, Florence Pappert, Walter Gannon and Jean Young, were introduced to the group.

Robert Newill Emcees Dance

Robert Newill was master of ceremonies for Do-C-Do Square Dance Club Thursday evening at Central School.

Callers for the Longjohn Hoedown were Rex Lawrence, Mr. Newill, Dr. George Harkless, John Kline, George Newton, John Streit, Gordon McLeod, William Brown, Lewis Irwin. A novelty dance was led by Mrs. Streit.

Guests were Mr. and Mrs. Robert Strang.

A new synthetic fiber has been made from peanut protein.

But Husband, Wife May Eat Same Foods

Male Dieter Needs More Calories

By JOSEPHINE LOWMAN
(The Friday Question Box)

Two weeks ago I published my Eight-Week Self-Improvement Marathon in order to help my feminine readers lose extra pounds and improve any other defects in beauty they may have. They can do wonders on this eight-week plan.

This week I have been bringing help to the men who read this column. Since thousands of them are beginning my 12-Day Tubby Hubby Reducing Diet, I will devote my Friday Question Box to them today.

★ ★ ★

Q. "Should a man cut his daily calorie intake as low as his wife does? My wife is following your Eight - Week Self - Improvement Marathon and keeps her intake to a 1,000 to 1,200 calories a day. Is this too low for me?"

A. Yes! Due to man's greater stature he requires more food than women even when he is reducing. My Tubby Hubby Diet gives you around 1,600 calories a day. If you wish to count your calories, hold it to that or a bit more.

★ ★ ★

Q. "My wife is following your reducing diet and I wish to lose also but we can't have separate menus. What do we do about that?"

A. It is no problem at all. Count your calories separately but the menus can be the same. You can take larger helpings. For instance, while your wife eats one egg, you are allowed two. She has one slice of toast, you have two. She has one slice of meat, you two, and so forth.

Golf can be enpoyed at any age. It is good exercise and also a relaxing sport.

Q. "I am a middle-aged man in good health. I know that I have neglected myself. I am going to lose some weight. Is it safe for me to begin sports at my age?"

A. There are certain sports which can be enjoyed at any age. Two of the best are golf and swimming. Of course, walking is fine exercise for any age. Tennis and many other sports are considered too strenuous to start after early youth.

However, individuals differ greatly in their capacity for exercise. It is essential to have a physical checkup and follow your doctor's advice in this matter.

Many men make the mistake of leading sedentary lives for years and then dashing out and overdoing on the golf course. This is bad for health and even dangerous. Your doctor will tell you how much to begin with.

★ ★ ★

Q. "Why is overweight on men and women so differently distributed?"

A. Because of the difference in glandular makeups.

★ ★ ★

If any of the men who read this column would like to lose from 7 to 12 pounds in 12 days' time (or any of their wives would like to have them do so), send 10 cents and a stamped, self-addressed envelope with your request for my Tubby Hubby Diet. Address Josephine Lowman in care of The Pontiac Press.

Fear of Werewolf May Be Fear of Self

By MURIEL LAWRENCE

"Our 6-year-old boy has developed fear of werewolves," writes a mother.

"A new babysitter we had saw some movie about one and described it to him. Now, though he's been going to school by himself, he isists on my taking him in case a werewolf jumps out of the bushes at him. I'd appreciate any help you could give . . ."

What's the big thing about a werewolf? It's double character, isn't it? One time it presents itself as a safely civilized human being; the next it's a savage beast. It's always losing control of its human feelings to wolfish ones.

Children experience wolfish feelings, too.

If we give Johnny's sister the last of the chocolate milk, he may want to snarl at us and knock the glass from her hand. To avoid trouble, he subdues these savage impulses. But his controls of them are still unsure.

★ ★ ★

So if he hears a vivid story about the werewolf's inability to control its wolfishness, he's suddenly made more aware of the weakness of his own controls and may develop great anxiety lest they slip one day and expose his wolfish wickedness, we also show ourselves impressed by John's wicked possibilities.

So we might try saying to this little boy, "All right, I'll take you to school. But if this werewolf jumps out of the bushes at us, I'm going to be as nice to it as I can.

"It must feel very lonely and sad with everybody hating it so it has to lurk about in bushes. You don't have to be nice to it if you don't want to, but I'm not afraid of it at all."

★ ★ ★

We are really saying to the frightened child, "I feel kindly toward your wolfish impulses."

The werewolf is a very interesting legend. To learn to live together, we human beings have had to learn to discipline our savage feelings.

Perhaps the werewolf represents our secret knowledge of the old Mr. Hyde within ourselves and the frailty of our hold on the civilized identity of Dr. Jekyll.

Perhaps we found the knowledge so uncomfortable that we started pretending Mr. Hyde existed outside ourselves and turned him into the werewolf legend.

Anyway, it may be a productive speculation for parents.

Zeta Eta Unit Meets With Mrs. Haskill

Zeta Eta Chapter of Beta Sigma Phi met in the Athens street home of Mrs. Clyle Haskill Wednesday evening. Mrs. Haskill presented a program entitled, "The Definition of Happiness."

Mrs. Duane La Turneau, Mrs. Sheldon Parsall, Mrs. W. J. Debniah and Pat Vidrio were guests for the meeting.

Bloomfield Hills People Busy With Sports, Trips

BLOOMFIELD HILLS—Since there was no snow in Bloomfield the early part of this week Mrs. Henry L. Woolfenden and Mrs. Carlton M. Higbie met for a day of skiing at Grampian, just outside of Oxford. It's a toss-up, though, which proved more dynamic, the outdoor exercise or the news that was exchanged.

Mrs. Higbie was happy over her brand new grand-daughter, Lise Ann, born Jan. 19. The Baby's parents are Mr. and Mrs. Frederick Pessel Jr. (Ann Bradford Higbie of Bloomfield Hills and Metamora) of Ann Arbor.

★ ★ ★

The Woolfendens will leave the middle of February for Atlanta, Ga., where Mr. Woolfenden will attend the annual American Bar meeting. From there, they will go on to Florida for a week where they'll be joined by Dr. and Mrs. Luther R. Leader.

The Leaders just returned this week after spending several days in New York with Mr. and Mrs. Ari M. Begole. They headquartered at the St. Regis.

★ ★ ★

Mr. and Mrs. Harry Calvert, doing Manhattan, too, are expected home Monday after spending a week at the Plaza.

Mr. and Mrs. Milton A. Manley are leaving early in February to spend a month in Jamaica, after which they'll go over to Cuba where they'll vacation at Vera Dero Beach. They expect to be joined there in March by Mr. and Mrs. Charles Welch Jr. of Birmingham.

SHIRLEY A. BROWER

Mr. and Mrs. Norman Brower of Clarence street announce the engagement of their daughter, Shirley Ann, to Dale Lawrence Kage, son of Mr. and Mrs. George Kage of Pontiac road. A June 7 wedding is planned by the couple.

Mom Asks for Opinion of Steadies

Feels That Custom Curbs Daughter's Social Life

By EMILY POST

"Dear Mrs. Post: Do you think it wrong for young girls and boys to go steady, as they say? It seems to be a widespread custom. I personally don't approve of my 16-year-old daughter devoting her time to one boy and going out to dances and school parties with him only. I think it is very hampering to her social life.

"She argues that it's much better to have a boy she can count on to take her to the dances or other social functions that come up rather than run the risk of having to sit home if no one asks her. I think many mothers would like to read your opinion on the subject."

Answer: I do think it very nice to be able to count on a boy as a special friend, but I agree with you in thinking that it is an extremely bad plan to let one boy monopolize a girl's time to such an extent that she sees no others.

"Dear Mrs. Post: In a few weeks I plan to visit my boy friend who is away at college. His parents are also going to visit him and have asked me to go along with them.

"What I would like to know is, is it proper for me to offer to pay his father for my meals and also for my room at the motel? If so, how do I go about doing this without offending him?"

Answer: I suggest that you tell the father before starting on the trip that you would like to pay your share of the expenses, and then be guided by what he says.

"Dear Mrs. Post: When spending the weekend in someone's house, is it proper to come to the breakfast table in a housecoat, or must one be fully dressed in street clothes? I am going to spend the weekend at my boy friend's house and I want to be sure to do the right thing."

Answer: It depends entirely upon the housecoat. If it is attractive and entirely modest there is no reason why you may not come to the breakfast table in it. You should not, however, come to the table in a negligee.

It is probable that your hostess will tell you on saying goodnight how the family usually dresses for breakfast, which will obviously answer your question for you.

Missionary Society Hears Talk on Africa

Margaret McCarroll and Inez Slater participated in the program when Women's Missionary Society of First Baptist Church met at the church Thursday for a dessert luncheon served by the Joy Philathea class.

Isabelle Jones, missionary on furlough from Africa, spoke. The Baldwin School Honor Choir, directed by Mrs. Harold Northon, entertained.

Dear Abby....

It's Your Wedding, Not Daughter's— So Go Ahead and Do What You Want

By ABIGAIL VAN BUREN

DEAR ABBY: Will you please tell me where I can go to have my head examined because I am sure I must have a screw loose somewhere. After being a widow 14 years I have fallen in love.

ABBY

This man is slightly younger than I am but he looks older. I have grandchildren and so has he.

My daughter keeps telling me to act my age (51) and get married quietly, but I would like to have a large wedding and invite all our friends. What do you think I ought to do?

WALKING ON AIR

DEAR WALKING: If you and your sweetheart want a big wedding—go ahead and have one. Tell your daughter that love is ageless!

★ ★ ★

DEAR ABBY: My husband is normal in every other respect, but he flatly refuses to have a television set in this house. He says he wants absolute peace and quiet when he comes home from work.

Our three children are on the honor roll and they each take piano lessons and practice an hour a day and he says he doesn't want any distractions. It isn't the money, either, because he has $4,600 in the bank. Any suggestions, Abby?

WITHOUT TV

DEAR WITHOUT: If your household is running as smoothly as is indicated above, far be it from me to venture any "suggestions." You're doing all right.

★ ★ ★

DEAR ABBY: I am 16 years old and am considered better than average looking. The best catch at school (a senior) asked me out and I jumped at the chance. All the girls envied me to be dating this fellow, but I really didn't enjoy myself much because he parked without asking me and I had to fight him off.

Finally I told him he was trying to go too far and we had a fight over this and I lost him completely. I care for him and am sorry now. What should I do?

SORRY NOW

DEAR SORRY: Your "catch" sounds like a "foul-ball" to me. You were wide to "pitch" him. Keep up your batting average by maintaining high standards. If he is worthwhile, he'll be around next season.

★ ★ ★

DEAR ABBY: I am 12 years old. At mealtime my mother piles a lot of stuff on my plate and my father makes me eat every bit of it: I am always stuffed and besides that I am overweight, too.

Don't you think I am old enough to help myself and to eat what I want? Please don't use my name or I will get you-know-what.

STUFFED

DEAR STUFFED: You are old enough. Ask your parents to let you help yourself, and go easy on the bread, potatoes and desserts or you will be even more overweight "you-know-where."

★ ★ ★

CONFIDENTIAL TO LEONA: His mother couldn't keep him tied up with her apron strings so now she is trying to use the purse strings. If he is half a man he will manage to live on what he earns.

★ ★ ★

If you have a problem, write to Abigail Van Buren in care of The Pontiac Press. She will be glad to answer your letter. For a personal reply, please enclose a stamped self-addressed envelope.

Mrs. Woodrow Sutton Is Noble Grand

Welcome Rebekah Lodge Installs New Officers

Mrs. John Balch, lodge deputy, conducted a semi-public installation ceremony for Welcome Rebekah Lodge 246 in Malta Temple Thursday evening.

★ ★ ★

Among the officers installed were Mrs. Woodrow Sutton, noble grand; Mrs. Richard Rohrer, vice grand; Mrs. Ferman Huston, recording secretary; Mrs. William Fyfe, financial secretary, Mrs. Irving Quackenbush, treasurer; Mrs. Robert Vasold, warden and Mrs. Edward May, conductress.

Others were: Mrs. Richard Young, right supporter of noble grand; Mrs. Russel Hetzer, left supporter of noble grand; Nancy Quackenbush, inside guardian; Mrs. Lydia Tucker, outside guardian; Mrs. Asceneth Stevens, chaplain; Mrs. Randall Wilson, right supporter of vice grand; and Mrs. Clarence Cavalier, left supporter of vice grand.

★ ★ ★

Past noble grands who assisted Mrs. Balch in the installation were Mrs. Orley Bruff, deputy marshall; Mrs. Lester Bell, assistant marshall; Mrs. Hattie Roat, deputy warden; Mrs. Alfred Marczan, deputy recording secretary; Mrs. Irene Bowen, deputy financial secretary; Mrs. Bernice Cover, deputy treasurer; Mrs. Albert Kugler, deputy chaplain; Mrs. Randall Wilson, deputy musician; Mrs. Eva Matthews, deputy inside guardian and Iva Proctor, deputy outside guardian.

Escorts were Mrs. William Fyfe, Mrs. Richard Young, Mrs. Richie Johnston, Mrs. Neil Cairns, Mrs. Wallace Morgan and Mrs. Arthur Farley.

Altar bearers were Mrs. Elmer Maiden, Mrs. Mable Amidon, Miss Quackenbush and Mrs. Elwood Cahoon.

★ ★ ★

Mrs. Verne McFarland served as flower matron and Mrs. Randall Wilson was degree captain.

Mrs. Richard Brownell was named three-year trustee. Mrs. Richard James, retiring noble grand, was presented with a lodge jewel.

AAUW Hears Two Talks

A discussion of our national and local farm situation and a review of the foreign relation policies of the United States were heard by members of the Pontiac Branch of American Association of University Women at a meeting held in Isaac Crary Junior High School.

Faye Donelson told the group that in 1954 there were over 2,000 working farms in Oakland County, but each year the number decreases and more land is turned into housing areas, she said.

★ ★ ★

Mrs. H. L. Reed discussed our foreign policy with emphasis on the Point Four program and the Eisenhower Doctrine for world peace.

★ ★ ★

Donna Harken was a guest. Social committee was headed by Doris Haynes and aided by Elizabeth Borswold, Viola Krueger, Josephine Stilwell and Gertrude Overton.

Mrs. Kenneth Ollis was named chairman of the nominating committee, which includes Mrs. L. B. Hanna and Mrs. Tom Reese.

Spicy Nut Crumbs Top Coffee Cake

Mrs. McGrath's Quick Hot Bread Delicious Warm

By JANET ODELL

When Sunday morning rolls around or when you next entertain the neighborhood kaffee klatsch, you might serve this Quick Coffee Cake. Or you might serve it as a warm dessert.

Mrs. John McGrath, today's cook, was a home economics major in college. She likes to sew and do textile painting. Her family, which includes two children, eats homemade bread all the time.

Mrs. McGrath is active in her church work and loves all kinds of water sports.

QUICK COFFEE CAKE
By Mrs. John McGrath

2 cups sifted flour
2 cups brown sugar
2/3 cup shortening
½ teaspoon salt
2 beaten eggs
1 cup sour milk
2 teaspoons baking powder
½ teaspoon cinnamon
½ teaspoon nutmeg
½ teaspoon soda

Mix flour, sugar and salt. Add shortening and mix into crumbs. Save ½ cup for topping.

To rest of crumb mixture add spices and baking powder. Beat soda, milk and eggs. Stir into dry ingredients. Pour into greased 9x13-inch pan.

To the ½ cup of crumbs add ½ teaspoon cinnamon and a few chopped nuts. Sprinkle over batter. Bake 20-25 minutes at 400 degrees.

Envelope Tea Held by Church Group

Mrs. Charles Baynes opened her Marquette street home to members of the Esther Circle of Oakland Park Church for an "Envelope Tea" with 14 members present.

Throughout the year members have been placing pennies in envelopes representing each holiday, birthday and anniversary. Wednesday's affair climaxed the opening of the envelopes with the funds being used for the tea.

Mrs. Virgil Allison was a guest of the day. Participating in the program was Mrs. Lee Murphy.

Stork Shower Held

Eleven guests honored Mrs. Richard Parker with a pink and blue shower Thursday evening in the Lanette drive home of Mrs. Ralph Parker.

Report Polio Outbreak

HONOLULU (AP)—An outbreak of polio has occurred among natives on Majuro Atoll in the Marshall Islands. Sixteen cases were reported.

Deaths in Pontiac and Nearby Areas

MRS. JOE CRANK

Service for Mrs. Joe (Minnie) Crank, 74, of 201 Baldwin Ave. will be at 1:30 p.m. Monday from the Huntoon Funeral Home with the Rev. Theodore R. Allebach of the Oakland Avenue United Presbyterian Church officiating. Burial will be in Oak Hill Cemetery.

Mrs. Crank was dead on arrival yesterday morning in St. Joseph Mercy Hospital. She died of a heart ailment.

LINCOLN DENNARD JR.

Service for Lincoln Dennard Jr., 44, of 372 W. Wilson Ave. will be at 2 p.m. Monday in the Liberty Baptist Church. The Rev. S. M. Edwards, his pastor, will officiate with burial following in Oak Hill Cemetery. Mr. Dennard's body will be at the Frank Carruthers Funeral Home at 7 p.m. today.

He was an employe of Pontiac Motor Division and a member of Liberty Baptist Church.

Surviving are his wife, Odessa; his father; and three children, Theodore Roosevelt, Morte and Evelyn Dennard, all at home; several brothers and sisters, Jake of Pontiac, Tom of Jackson, Mrs. Lucille Molbley, Helen D. Lawrence and John D. Dennard, all of Cardele, Ga.

MRS. LEONARD STEPHENS

Mrs. Leonard (Alice Lucille) Stephens, 35, of 390 Ferry Ave. died yesterday afternoon in St. Joseph Mercy Hospital after an illness of several weeks.

She was a member of the First Baptist Church in Twila, Ky.

Besides her husband, Mrs. Stephens leaves three children, James G., William D. and Nancy G. Stephens, all at home; two sisters and two brothers, James W. Beaird of Drayton Plains, Mrs. Iona Hayes, Mrs. Edna Reynolds and Paul Beaird, all of Pontiac.

Mrs. Stephens' body will be at her home from 8 p.m. today until 9 p.m. Sunday when it will be taken to the Voorhees-Siple Funeral Home for service at 10 a.m. Monday. Burial will be in Perry Mt. Park Cemetery.

LESLIE TWINAM

Leslie Twinam, 60, of 141½ Oakland Ave. died at his home yesterday of a heart ailment.

Surviving are a son, Jerry R. Twinam of the U.S. Navy; a brother; and three sisters.

Mr. Twinam's body is at the Huntoon Funeral Home.

MRS. MINNIE A. BETKER

ALMONT—Service for Mrs. Minnie A. Betker, 67, of 3903 Van Dyke Rd., will be held at 2 p.m. tomorrow at St. Paul's Lutheran Church, Imlay City. Burial will be in Hough Cemetery, Almont. She died Wednesday at home after a long illness.

Surviving are a daughter, Beatrice at home; two stepsons, Frank Betker of Almont and Roy of Imlay City.

Funeral arrangements were by Muir Brothers Funeral Home.

WILIAM JOHN HUBNER

Troy—Service for William John Hubner, 82, of 1145 Larchwood St., who died Wednesday, will be held at 1:30 Saturday at Price Funeral Home. Officiating will be the Rev. Reginald Hocking of Big Beaver Methodist Church and burial will be in Mt. Avon Cemetery, Rochester.

He was employed for 16 years by the Main Feed Store in Rochester after his retirement from the DSR in Detroit.

Surviving are three daughters, Mildred M. Janess of Troy, Miss Lillian R. Hubner of Detroit and Mrs. Viola Gutting of Los Angeles, Calif.; one son, William John of Royal Oak; a sister, Mrs. Jennie Wilks of Alma; 10 grandchildren and four great grandchildren.

MRS. JAMES E. WALKER

WATERFORD TOWNSHIP — Christian Science service for Mrs. James E. Walker, 87, of 1990 Scott Lake Rd., Pontiac, will be held at the Manley Bailey Funeral Home at 2 p.m. tomorrow. Burial will be in Acacia Park Cemetery.

She died Thursday in William Beaumont Hospital.

A former school teacher, she had been a resident of the Pontiac area for 14 years.

Surviving are her husband, James E.; two daughters, Mrs. Linn Smith of Birmingham and Miss Margaret Jane of San Francisco, and a brother, Philo Nye of Pontiac.

EDWARD O. OLD

MILFORD—Service for Edward O. Old, 40, of 1845 Pettybone Lake Rd., will be held at 2:30 p.m. Sunday at the Richardson-Bird Funeral Home with burial at Highland Cemetery. The Rev. William Lovejoy will officiate.

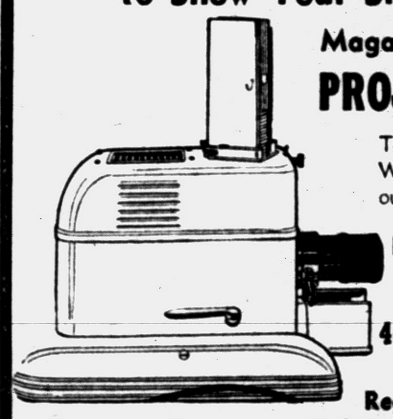

Mr. Old, who died Thursday at Pontiac Osteopathic Hospital, after a six-month illness, was employed at Pontiac Motors.

He is survived by his wife, Eltha, and a son, Edward Jr., and a daughter, Jo Ann, both at home. A sister, Mrs. Robert Greve and two brothers, Joseph and J. Herbert, all of Pasadena, and a brother, George of Leonard also survive.

Van Matre Renamed Pontiac Central Newspaper Head

Pontiac Press Photo

CLEVER TALKERS — Checking over trophies and awards won by the Waterford Township High School debate team the past two years in the Inter-Lakes League are members of the present debate team who reecntly tied for first place. Left to right are: Tim Patterson, 1530 Lochaven Rd.; John Teeuwissen, 4269 Monroe St., Drayton Plains; Don Tate, 5805 Pontiac Lake Rd., and Dustan Smith, 3001 Elizabeth Lake Rd.

By WILLIAM BANK

Harry Van Matre has been reappointed editor-in-chief of the Tomahawk, the Pontiac Central High School weekly newspaper.

Also retaining their positions for the second semester are Sara Hetherington, assistant editor-in-chief; Jeanette Ohanesian, news editor; Dick Reynolds, sports editor and Marjorie Crowder, feature editor.

Others are Alan Higgins, advertising manager; Ellen Taylor and Gail Gibson, co-business managers and Myrna Light, circulation manager.

Students with new staff appointments are James Moyer and Joanne Wood, assistant news editors; Jackie Loomis, first page editor; Judi Johnson, second page editor; Larry Flood, third page editor. Their assistants are Dick Rogers, Susan Steinbaugh, Gail Gibson and Stanton Walker, respectively.

Larry Ohlfe and Robert Abney are assistant advertising managers.

GIRLS ALLOWED

For the second time in the history of the Ushers Club, the constitution has been altered. The last alteration made it possible for girls to join the club. Now they have been given the opportunity to hold all offices except president.

The election which followed this alteration made Patrick McCartney president. Assisting him are Frances Hoopingarner, vice president; Ralph Clauson, secretary and Larry Morris, treasuurer.

★ ★ ★

Ann Whiting, 73 N. Francis, was elected treasurer of the Michigan Co-op Club at the annual meeting of the state delegates congress. The meeting was held in Battle Creek, and was attended by 126 delegates representing 40 of the Michigan clubs.

Pontiac's five delegates to the Congress were Jeanne Hunt, Jean Tweit, Jackie Hartman, Gay Baumgardner and Jack Schatzley.

The Future Nurses have recently elected their officers for the coming semester. They are Edwina Palmer, president; Carol Asher, vice president; Valerie Armstrong, recording secretary; Mary Pike, corresponding secretary and Jovita Benavides, treasurer.

Pontiac Press Photo

JOURNALISTS QUIZ JOURNALIST — Joanne Wood (left), 2035 Garland St., Sylvan Village, recently appointed assistant news editor of the Pontiac Central High School newspaper, and Larry Flood (right), 2215 E. Hammond Lake Dr., new third page editor, quiz Jack Jourdain about the dos and don'ts of interviewing. Jourdain, a student teacher from Michigan State University, is a journalism major and now is assisting in the supervision of the PCH publications as well as the instruction of English.

St. Fred Students to Hop in Socks Tomorrow

By PATRICIA FOSTER

A Sock-Hop sponsored by the St. Frederick High School Varsity Club will take place at the school hall tomorrow night.

Disc jockey Dick Mason will be there to play the latest hits.

Admission is 50 cents per person and 75 cents per couple.. The dance will be held from 8 to 11:30.

Orchids are in order to St. Frederick High School which has achieved scholastic success in two fields this week.

First, panel members Ingrid Soderberg, Nick Pardinac, Donna Needle, Fred Metz and an alternate panelist Julie Slowik were victorious Saturday morning in a televised contest against Holy Cross, Marine City, concerning current events of the previous week.

★ ★ ★

Congratulations also to Janice Rabaut who was selected "The Betty Crocker Homemaker of Tomorrow" from the school. She received the highest score in a written examination on homemaking knowledge and attitudes administered December 3 to the senior girls.

★ ★ ★

The students enjoyed a free day today earned after a maze of facts, figures and exam schedules concurred due to mid-term tests during the past week.

BASKETBALL GAME TONIGHT

A pep rally was held in the school hall yesterday for the North Side basketball clash tonight at Pontiac Central High School where our Rams will meet the St. Michael Shamrocks.

Slate Program, Play at Baptist School

The student body officers of Emmanuel Christian High School are planning a talent assembly to be held Wednesday.

They are: Bob Ferguson, president; Phil Wood, vice president; Rosalie Reynolds, chorister; Barbara Keller, pianist; and Dwight Barnett, sergeant at arms.

At this time, the new cheerleaders squad will be announced.

"Too Many Girls," by James F. Stone, is the name of the senior class play to be presented March 20.

PREPARE SENIOR PLAY

The cast includes: Bob Ferguson, Jo Langdon, Mary Jo Mack, Rosalie Reynolds, Karen Swanson, John Best, Jackie White, Phil Wood, Kitty La Breche, Barbara Keller and Phyllis Young.

WTHS Debate Team Ties for League Championship

By SANDY CLEMENCE

For the second consecutive year the Waterford Township High School debate team has won the Inter-Lakes League championship, tying for top honors with Farmington this year.

Four debate teams were tied going into the home stretch. Waterford and Walled Lake battled for top honors, as did Southfield and Farmington.

Southfield finished second, Walled Lake third, Lincoln Van Dyke fourth, and Cranbrook fifth.

Topic for discussion was, "Direct United States Economic Aid to Individual Countries Should Be Limited to Technical Assistance and Disaster Relief." Patti Looman is the WTHS debate coach.

★ ★ ★

Varsity debaters who finished the race were Dustan Smith and Don Tate, affirmatives, with John Teeuwissen and Tim Patterson, negatives.

VIE FOR STATE TITLE

Other debaters who helped win were Carole Tynan, A. J. Lowe, Dayton Thomason, Brenda Lewis, Sandy Seconder, Joni Whittemore, Carol Saul, Ruth Ann DeGrow, Harry Nicholi, Keam Rexford, Ron Somerville and Lanny Younger.

★ ★ ★

This year's victory now enables Waterford to enter the state regional debates in February.

The cast for the Dramatics Club play, "Dino," includes Don North, Sandy Clemence, Rick Eriksen, Ruth Ann DeGrow, John Flowers, Ron Somerville, Betty Vernan, Florence Herneisen, Arlene Butler, Marcia Cameron, Bob Boyd, John Watson, Sandy Seconder and Dick Grebeta.

Others are Brenda Lewis, Joan Harrington, Sharon Bigler, A. J. Lowe and Bob Wilson. The play will be presented in March.

★ ★ ★

Feb. 15 a voice festival will be held at Pontiac Central High School. Those selected to participate from the WTHS choir include Janet Terry, Arlene Butler, Sharon Smith, Lynda Byington, Diane Elliott, Gene Peter, Jerry Peter, Janet Barnard, Milton Mielke and Dick Heitsley.

★ ★ ★

Others participating are Jerry Lewis, Jim Fish, Dave Van Kuren, Carole Tynan, Rick Eriksen and Terry Walker. The Boys', Girls' and Mixed Ensemble will also sing.

The March of Dimes dance was held Wednesday night. Proceeds went to the polio foundations.

St. Mike Seniors Planning Dance for Teen Chapel

By MICHAEL BUCHANAN

With their Valentines Dance not too far away, the senior class of St. Michael High School met this week to begin plans for the dance.

The proceeds of this dance will go towards a teenage chapel in the new parish church being built.

Today is the semester holiday after a hectic week of examinations in all classes.

WINS HOMEMAKING AWARD

Senior Helen Ann Franzel won the Betty Crocker Homemaker of Tomorrow examination at St. Michael.

Her exam paper will be entered in the competition for the state candidate in the All - America Homemaker of Tomorrow contest. Each state winner will receive a scholarship worth $1,500 and a trip to Washington and New York City.

★ ★ ★

The young woman named All-America Homemaker of Tomorrow will get a $5,000 scholarship.

3-D TV Aids Science

LONDON—English scientists can handle radioactive materials more than a half a mile away through a novel television arrangement that gives a three-dimensional picture. The cameras provide right- and left-eye views, which are superimposed. Wearing polarized glasses, the scientists see a composite view in 3-D and can carry on their work better with master manipulators that handle the distant radioactive materials.

Gaelic, the traditional language of Scotland and Ireland, has taken firm root in the New World. More people on Canada's Cape Breton Island speak Gaelic than anywhere else in the world, according to the National Geographic Society.

Clarkston to Edit Journal With PCH

Schedule Avondale J-Hop Tomorrow

The annual Avondale High School J-Hop tomorrow night will be the end of the first semester's activities.

★ ★ ★

"Mystic Moments" is the theme of the formal dance and music will be provided by Jack Braun's orchestra.

Dance committee members include Carol Mazurek, Dolly Stonehouse and Wanda Douglas, publicity; Wanda Welch, Judy Myrhs and Gloria Wheaton, refreshments.

The decorating and planning committees are headed by Tom Greenless, class president, and Roy Sells Jr., art teacher and class sponsor.

★ ★ ★

Dancing will be from 9 to 12 in the school gym and admission is $3 per couple.

AT LAKE ORION

The Junior play selection committee at Lake Orion Community High School is auditioning every night this week.

The Future Teachers of America are sponsoring the "Frosty Frolick" at the youth center following the Avondale game tonight from 9 to 12 p.m. with Don Zee as the emcee.

Yesterday the students enjoyed a concert by the Detroit Police Band in the new gym.

The Student Council met this week to begin setting up the method of selecting a basketball queen for the homecoming game Jan. 31. There will be a dance sponsored by the senior class following the game.

AT CLARKSTON

Clarkston High School has received the honor of co-editing a national science journal with Pontiac Central High School.

★ ★ ★

The journal will be compared with one from each state. Features will be science exhibits, poetry, short stories and scientific material which will be Clarkston's area of research.

★ ★ ★

On Feb. 5 the journal members, including Georgia Robinson, Lucy Oakley, Anita Hadrill, Barbara Jackson, Betsy Osgood, Joe Jennings and Douglas and Norman Powell, will accompany president Mary Inman to Pontiac Central for Clarkston's first meeting with the Pontiac group.

Columbus Had Lemons

PORT AU PRINCE, Haiti—Christopher Columbus brought the lemon to the New World in 1493 on his second voyage to Haiti. He included 23 lemon trees in his cargo. Legend has it that one tree, still standing, was planted by the explorer himself.

Jefferson Y-Teens Plan February Dance

Honor 91 Pupils at Lincoln Assembly

The honors assembly at Lincoln Junior High School yesterday gave special recognition to 91 students who have excelled in scholarship, leadership, citizenship, and activities.

Of this number, 19 students received Gold L's, the highest award. These were Joan Davis, Jean Isbel, Sara Wood, Sharon Burklow, Kathy O'Brien, Peggy Wilson, Ruth Benner, and Marilyn Rice. Others winning the award are Edward Christie, Warren Frasa, Shirley Parent, Carolyn Dudley, Richard Gould, Catherine Lake, Dan McGeen, Roger Richards, Karen Chester, Carol Dooley, and Charlotte Cole.

A bulletin board has been developed in Beryl Roush's science classes around a unit of study on aircraft. Frank Phelps, Bill Ramsey, John Meade, and James Hamilton have volunteered special materials which have added to the knowledge of the class on rockets and missiles.

Students are scrambling to sign up in old and new clubs this week as membership has opened for the new semester. Cresse Barner is sponsoring a Golf and Caddy Club, which will help train students in this sport. Burtella Green trains pages to assist in school duties connected with the Young Librarians Club.

AT MADISON

Yesterday the ninth grade speech classes participated in a field trip to radio station WPON. This activity was the windup of a recent unit of study on radio broadcasting.

"The Final Curtain," a mystery play, was presented by the fourth hour speech class of Patricia Clark this week.

The case included: Mary Hall, Mary Raczyinski, Mary Teets, Becky Bomsta, Don Maxim, Marty Everett, Benny Carline, Berna Koenig, Martha Mallory, Winfred Miracle and Hilda Wunschmann.

AT JEFFERSON

The Y-Teen Club of Jefferson Junior High School under the sponsorship of Gladys Peyton, social studies instructor, is planning a "Washington Hop" for February 15. Admission will be five cents.

Games will be provided for those who do not care to dance, according to Claudia Travis, president of the club.

★ ★ ★

The students in Ray White's practical math and algebra classes have just returned from an imaginary trip round the world. They figured the expenses for transportation, food and lodging. Now they are learning how to score a bowling game.

The seventh grade speech class under the direction of Tamara Ellsworth has organized a dramatics club.

The officers are: Walter Bowens, president; Maxine Crowder, vice president; Stella Webb, secretary and Arthur Fowlkes, treasurer.

Sharon Armstrong, Tommie Lee Bogan, Dorothy Cobb, Joan McKinney, Willie Prentis and Norma Williams, varsity cheerleaders, are practicing two nights per week under the directorship of Catharine Craig, physical education teacher.

Richard Craig has been giving "The Kraus Webber Physical Fitness Test" to the boys in his physical education classes. This test has been given to boys both in America and Europe. The boys at Jefferson are rating slightly above average on this test.

AT WASHINGTON

From 7 to 9 p.m. on Wednesday the students of Washington Junior High Scshool were invited to attend "The Sattelite Stomp." This was the name chosen for the student council sponsored social dance.

Yesterday the PTSA (Parent-Teacher-Student Association) sponsored its money-making project for the semester. It was a pancake supper. Aunt Jemima was a guest for the evening.

AT EASTERN

The traditional honors and awards program honoring outstanding students at Eastern Junior High School was held this week.

Twenty-two ninth graders received the gold E award, 25 the silver E, and 11 the bronze E,. Nine eighth graders received the silver E and 37 the bronze E.

It's back to the woods with Ed Rydell, science teacher and his eighth grade camping group. The camp will be held again this year during the week of May 17-24. A special assembly last week showed pictures of previous camp days at Sleeper State Park, Caseville, Michigan.

Pontiac Press Photo

RECEIVE TOP HONORS — Joan Davis, 12 Edison St., lights the candles during the honors and awards assembly at Lincoln Junior High School yesterday. Dan McGeen, 552 Lake Angelus Rd., and Charlottie Cole, 37 Leheigh St., (right) were among the 19 students who received the Gold L award for excellence in scholarship, leadership, citizenship and activities.

Pontiac on the Spot; Freds-Mikes Meet at PCH

From the Press Box

BY BRUNO L. KEARNS
Sports Editor, Pontiac Press

Chuck Spieser, who went into boxing's record books for having one of the shortest retirements in history of the game, is sure of himself in regard to upcoming fight with young Bobby Lane, one week from tomorrow.

In fact Spieser, when talking about the fight, has been so confident he would easily dispose of Lane that even promoter C. W. Smith has started protesting.

Smith is justly afraid that Spieser's attitude about an easy win would hurt the gate.

★ ★ ★

Whether Spieser's abrupt retirement and just as abrupt return was a publicity gimmick is something about which many people have wondered.

Spieser maintains he searched his mind afterward and he figured he had an obligation to the people in his corner who gave him support in the Archie Moore fallout and in this bout.

One thing Spieser can't afford to do, however, is to take this fight as lightly as he took his retirement.

★ ★ ★

If we remember correctly, there was a big build up for his fight with Tony Anthony. Spieser looked past Anthony at Moore and then found himself with his eyes closed in the third round.

After the way Spieser was wrecked by Anthony, he can hardly afford to take Lane or anyone lightly. If he does, his retirement could be permanent at just about midnight February 1st.

THE BIRDIE SEZ:

We thought our little friend "The Birdie" wasn't going to show up this week after the beating he took last week, but bright and early with torn and tattered wings, he was perched on our window ledge at The Press.

What happened last week? He hit seven out of 12 to bring his total to 31 right and nine wrong for the season.

What hurt was that Pontiac Central hasn't followed form for two league games now, and so now "The Birdie" sez Saginaw over Pontiac in the 'Worm-ala-mode" special for tonight.

In the main course he has:

St. Fred over St. Mike
Southfield over Waterford
Northville over Clarkston
Brighton over Milford
Keego over Bloomfield
OL St. Mary over RO St. Mary
Lake Orion over Avon
B'gham over Hazel Park
Troy over Fitzgerald
Berkley over Van Dyke
Ferndale over Mt. Clemens

AP Facsimile

SENIOR STRATEGY — Ray Coleman (left) of Los Angeles, and defending Senior's Champion, Al Watrous of Oakland Hills Country Club in Birmingham, get back into action today in the PGA Senior's tournament at Dunedin, Fla. Watrous shot a 74 Wednesday and did not play yesterday.

SPORTS

Watrous Plays Today; Graham Shoots 77

Dutra Holds Lead

Special to The Pontiac Press

DUNEDIN, Fla. — Al Watrous, the defending champion from Birmingham, Mich., was scheduled to play his second round today in the PGA Seniors golf tournament. Watrous, playing in the first half of the split field, carded an opening 74 Wednesday.

Scores of Michigan golfers who played their first rounds yesterday: Bill Black, Ludington, 33-37—70; O. W. Beaupre, Utica, 36-39—75; Jim Barfield, Grand Rapids, 38-38—76; Bill Graham, Bloomfield, 41-36 — 77; Reggie Myles, East Lansing, 38-40—78; Massie Miller, Jackson, 39-41—80; John Malloy, Ann Arbor, 39-44—83; Emil Beck, Port Huron, did not start; W. C. Dundom, Jackson, did not start.

There has been more foul weather than good golf scores so far in the 19th PGA Seniors' golf championships.

★ ★ ★

The second round of the annual event for the professionals who have passed the 50-year mark was scheduled today—weather permitting. And big Mortie Dutra, 58-year-old teaching pro from Calexico, Calif., was ahead of the huge field by one stroke.

★ ★ ★

Dutra shot an opening round 69—three under par—Wednesday, when the first half of the split field played.

It stood up all day yesterday while the younger seniors, those under 55, sloshed around in chilly, windy rain. Start of the tourney was delayed a day by Tuesday's downpour.

Three players were one stroke behind Dutra and three more were two shots off the pace. The 70s were turned in yesterday by Bob Stupple of Cedar Rapids, Iowa, who lost the title in a playoff last year; Black, first round leader here two years ago; and Charles Sheppard of West Newton, Mass., who won a measure of fame last year by reaching the quarter-finals in the National PGA championship.

Parochials in First Meeting of SCL Season

Big Audience at PCH Expected for Red-Hot Battle Tonight

By H. GUY MOATS

This is the "big night' for the city's two Suburban Catholic League schools, colliding for their first basketball contest of the year, in Pontiac Central High's big gymnasium.

★ ★ ★

From advance demand for tickets a big, and partisan audience is expected. The quintets from St. Frederick and St. Michael will not meet again in the regular SCL schedule, and certainly not unless they manage to converge in the MHSAA District tournament in March.

Game time is 8:15 p.m. following a preliminary at 7 p.m.

There is little to choose between the clubs. Rams have an edge in games won and lost this year with a 4-2 record. Shamrocks have won three, lost two. Both have bowed to the rollicking Bens, Rams by a 46-21 count, Shamrocks by a thumping 67-44 total in their last outing. St. Benedict dumped St. Clements, last night, 65-21.

In games with other common opponents, the scores read:

Against St. James — Rams won 46-39, St. Michael lost 54-37.

Against St. Clements — Rams won 58-31, Shamrocks won 39-30.

Against RO St. Mary — St. Frederick won 55-32, Shamrocks won 50-39.

Against St. Rita — Shamrocks won 53-51, Rams won 47-32.

★ ★ ★

OL St. Mary defeated Rams 50-48 for one of their defeats and Shamrocks added Annunciation of Detroit to their victory list, 38-37.

In the overall battles between the quintets, Rams hold a slight edge with 18 victories, compared to St. Michael's 15.

But you never can tell what will happen when these terrific rivals get together. It should be a tight, thrilling scrap all the way tonight.

Starting lineups will be unchanged from the clubs' last games: St. Michael — Mineweaser and Robak, Campbell, Dabbs and Drake; St. Frederick — Derocher and Nichols, Keller, Kast and Nickerson.

Pontiac Press Photo

RAM ACE — One of the big guns St. Michael must stop in its attempt to get by city rival St. Frederick tonight is Ram scoring ace Tom Derocher. Derocher currently tops both teams in scoring with 101 points in six games. They clash at the Pontiac Central gym.

Hot Bruin Trio Dumps Chicago

Horvath, Bucyk, Stasiuk Combine for a 4-3 Win in Lone NHL Tilt

By THE ASSOCIATED PRESS

The Boston Bruins hold undisputed possession of fourth place in the National Hockey League today chiefly because their high scoring line of Bronco Horvath, Johnny Bucyk ad Vic Stasiuk have scored 50 of the team's 120 goals this season.

★ ★ ★

The three again combined their talents last night in a 4-3 decision over the Chicago Black Hawks in the league's only game. The victory gave the Bruins a two-point edge over Toronto and moved them within two points of the third place Detroit Red Wings.

★ ★ ★

Horvath tallied first at 14:38 of the opening period on a rebound off Chicago goalie Glen Hall. Bucyk made the count 2-1 in the second period on a pass from Stasiuk. And then after the Hawks had closed the gap to 3-2 before the period ended, Stasiuk came through on a slick pass from Bucyk.

★ ★ ★

In racking up their first home victory since Christmas night, the Bruins peppered Hall with 47 shots.

Chiefs Will Be in Prime Battle to Stay in Race

Saginaw Could Oust PCH; Trojans Have Tall Veteran Team

By BRUNO L. KEARNS
Sports Editor, Pontiac Press

Pontiac Central is on the spot tonight in the topsy-turvey basketball race of the Saginaw Valley Conference.

The Chiefs, picked by everyone to repeat as champions in the SVC, travel to Saginaw for the game which means—win and stay in the race, or lose and be considered an also-ran.

After whipping Arthur Hill and Bay City Central in the first two league games, Pontiac has now fallen to a pair of scrappy darkhorse Flint teams, Northern and Central.

To add to the SVC scramble, Saginaw, figured to be Pontiac's closest contender for the title, was beaten last week on its own home court by Flint Central.

★ ★ ★

A loss to Pontiac would hurt Saginaw tonight, but not kill the Trojans' title hopes. However, the two teams will meet again next Tuesday on the PCH gym and that could prove to be the elimination game for either, especially if the Chiefs should win tonight.

Coach Art Van Ryzin plans to throw the book at Saginaw, "This is our must game, our two losses were our own fault," said Van Ryzin, "we haven't had a good game of team work for several games."

To help bolster Pontiac's rebounding and shooting Van Ryzin has promoted sophomore Bill Hayward from the reserves. The 6-foot-2 forward was the reserve team's top scorer.

★ ★ ★

Van Ryzin noted that Hayward would probably see some action as he planned to utilize his bench strength to find the best combination.

Seniors Dick Whitmer and Jim Skinner have been ineffective for several games, and the floor play in general has been poor. Nine floor violations in the first half and a total of 14 in the game were big factors in last week's 49-47 loss to Flint Northern.

Saginaw has a tall team headed by the league's leading scorer, Willie Thompson, 6-feet-4 forward and Gary Potts, 6-feet-5 center.

★ ★ ★

The Trojans have five lettermen back from the '57 runnerup squad in the SVC plus a sharp shooting guard in Bob Parker a 5-feet-10 junior.

In other Saginaw Valley games tonight, both Flint Central and Flint Northern, tied for the lead with 3-1 marks appear to have easy assignments. Central is host to Arthur Hill and Northern travels to Bay City.

St. Ben Romps Again

Highland Park St. Benedict kept rolling along toward another Suburban Catholic League title last night by walloping St. Clement of Center Line, 65-21. It was the Ravens' 9th straight season win, seven in loop play. St. Clement is 0-7.

Deer Bills Get Attention

LANSING (AP) — Three bills proposing earlier opening of the deer season in the Upper Peninsula will get consideration in the legislature this year.

★ ★ ★

All are authored by Upper Peninsula lawmakers, but each proposes a different opening day north of the Straits. They agree in recommending retention of the Nov. 15-30 season in the Lower Peninsula.

Rep. James Goulette (R-Iron Mountain) wants the U.P. season to open Nov. 8 and close Nov. 23. Rep. Gilbert L. Wales (D-Stambaugh) proposes an opening on the Saturday preceding Nov. 15, with the season ending 16 days later. Sen. Philip Rahoi (D-Iron Mountain) suggests the Saturday nearest Nov. 9, and a 16-day season.

Goulette, long a champion of the Saturday opening date, decided not to press for that provision this year.

"I've tried to get a Saturday opening for 10 years, and I've gotten nowhere," he said. "Now I'm going to be satisfied with an earlier opening so that we stand less chance of being snowed in during deer season as we have the past three years."

Goulette said farm leaders in the legislature, most vocal opponents to a Saturday opening, have indicated they would go along with an earlier start in the U.P.

The conservation commission also has endorsed the proposal.

Surprise Pair Top Thunderbird

PALM SPRINGS, Calif. (AP) — Ryder Cup player Fred Hawkins and Dave Marr of Rumson, N.J., didn't figure to create much of a stir, but they led a field of 42 professionals into the second round of the $15,000 Thunderbird Invitational golf tournament today.

★ ★ ★

Hawkins, 34-year-old Texan from El Paso, who scored the only singles triumph for America in the international matches last year against the British, and Marr, 10 years younger and never a big winner, held a 2-stroke lead teeing off today.

★ ★ ★

They had a pair of 65s, six under par, in the first round, as 23 of the professionals bettered par 36-35—71 for the Thunderbird Country Club's fashionable acres.

Elks, Eagles Tourneys Resume; GMC on Feb. 1

Area bowlers representing the Elks and Eagles clubs swing back into tournament action here and in Owosso this weekend.

The 2nd weekend of Pontiac Elks Ladies National Invitational event begins here at Lodge 810 tomorrow while six teams representing the local Eagles organizations trek to Owosso to compete in the state Eagles tourney.

Saturday's competition in the Elks meet will be limited to team play with 36 slated to participate. Doubles and singles will be held Sunday.

Three teams from St. Louis, Missouri will be among the contestants in action tomorrow. Others will be from Ann Arbor, Hillsdale, Detroit, Pittsford and Muskegon.

A Gary, Indiana team took the team leads in score and high game with marks of 2879 and 1029 last week. Wooliever's Fawns, Pontiac's only team entry thus far, ranks 9th.

Battle Creek tops the list in doubles and all events scores while Alpena's Esther Cohen leads in singles with a 652 handicap series and 232 high game. Lyle Bailey of Pontiac is 2nd in singles.

The 1st group of Pontiac bowlers saw action in the Eagles event last Saturday and Sunday and came away with two 3rd places.

Packhound Lumber gained the No. 3 position in team play with 2,974, just 20 pins behind the leader. A. Burke compiled the other 3rd with his 680 singles total.

Flint leads the teams, Muskegon in doubles and Adrian in singles and all events at Owosso.

Another keg feature coming up in Pontiac soon will be the 12th annual GMC Doubles Tournament. The dates are Feb. 1, 2, 8 and 9 at Motor Inn.

★ ★ ★

A guaranteed 1st prize of $100 for the winners and a ratio of an award for one of each five teams entered will feature the tourney.

Conducted on a pins over average basis, the family meet will consist of teams divided into three groups according to averages. Special prizes will be awarded for actual doubles high games and series in each group.

Foxx Accepts Coaching Post

Former Slugger Will Work With Hitters at Minneapolis

BOSTON (AP)—A smiling Jimmy Foxx is going to the bat rack again in the game he loves—as a baseball coach.

Found penniless in Miami last week, Foxx has accepted a job as coach for the Boston Red Sox' farm team at Minneapolis in the American Assn.

★ ★ ★

In addition, old Double X will serve as a batting instructor for the entire Red Sox organization whenever the need for special help to a player arises.

★ ★ ★

The announcement was made yesterday in the office of James Silin, Foxx' business manager. It was Silin who discovered the plight of Foxx and who subsequently helped him choose from the 250 offers for employment which came to Foxx.

★ ★ ★

Foxx agreed to accept the Red Sox offer but said he has not met with General Manager Joe Cronin to talk about a contract.

Silin revealed job offers for Foxx ranged from $100 a week to $45,000 a year.

4 Sports Pages in Today's Press

Sports Figures Honored

DETROIT — Twelve top Michigan sports personalities and athletes were honored last night at the 11th annual Detroit Sports Guild award banquet.

★ ★ ★

Former Detroit sports writer W. W. Edgar received the Bud Shaver Memorial Award given annually to the person who has "contributed much to sports and to the community over a long period of time."

Head coach George Wilson of the Detroit Lions received the Gus Dorais Memorial Award, given each year to the top football personality.

Other awards went to:

Dan Currie, Michigan State, football; Jim Bunning, Detroit Tigers, baseball; George Yardley, Detroit Pistons, basketball; Danny Sawka, Detroit Ukrainians, soccer; Francisco Castillo, tennis; Dick Hanley, University of Michigan, swimming; Joy Fair, auto racing; C. W. Smith, boxing and Ross (Lefty) Wilson, hockey.

Fair, from Pontiac, was noted as one of the outstanding auto racers in the Midwest during 1957.

Pontiac Press Photo

OLDEST BOWLER — Oldest bowler among the men to enter the Press Bowlerama thus far is 63-year-old Abe Thorsberg of Walnut Lake Road in Walled Lake. There is a prize in the Bowlerama for the oldest man and woman entries. Oldest woman to date is 49-year-old Mrs. Frank Kaiser of Lake Orion. Ages must be denoted on entry blanks.

Lakers Take 128-125 Victory

Pistons Lose Again

MINNEAPOLIS (AP) — The Minneapolis Lakers spotted George Yardley 44 points, came from behind twice, and defeated the Detroit Pistons 128-125 in overtime in a National Basketball Assn. game last night.

Little-used reserve McCoy Ingram tipped in what proved to be the Lakers' victory margin with 30 seconds left to play giving Minneapolis a 126-123 edge.

Yardley followed with a layup but Corky Devlin scored with two free throws to wrap up the game.

Minneapolis led at the end of the third quarter 86-79 but Yardley pumped in 14 points in the fourth quarter to push the Pistons' lead as high as nine points.

★ ★ ★

Dick Schnittker paced both Laker rallies, hitting for a field goal with 40 seconds left and two free throws at the 15-second mark to tie the score in regulation time. Schnittker then brought the Lakers back from a 6-point deficit in the overtime to within one point with 2½ minutes to go.

Dick Garmaker led Laker scorers with 25 points.

Chuck Noble, returning from the injury list, scored 6 points for Detroit on three field goals. The Pistons announced the release of Tom Marshall on waivers yesterday to make room on the roster for Noble.

Marshall was obtained from the Cincinnati Royals in December. Noble was placed on the injured list Jan. 18 for an ankle injury.

★ ★ ★

The loss last night was the fourth straight for the Pistons who now have a 17-29 record and stand six games back of the second place Royals in the NBA's Western Division.

In the league's other game last night the Syracuse Nationals strengthened their hold on second place in the Eastern Division by turning back the Philadelphia Warriors 101-88. The defeat dropped the Warriors a half-game back of third place New York.

Big Ten Activity Light

By THE ASSOCIATED PRESS

Minnesota's George Kline will be a marked man when Iowa invades the Gopher's home court Saturday afternoon for a regionally televised Big Ten basketball game.

Kline, a jump-shot specialist, last year scored 40 points against Iowa. The Hawkeyes are setting up defenses for him this time, but so have other teams and Kline has managed to average 22.7 points in three conference games to be third leading scorer.

Iowa also must be wary of Roger and Ron Johnson who are averaging 17 and 15, respectively, for the Gophers.

Despite this balanced scoring, Minnesota is ninth in the standings with a 1-2 record, possibly because it has averaged only 38 rebounds a game.

★ ★ ★

Iowa is eighth with 2-3 and has a rebound average of 41. Each team has been hitting about equally well from the floor, Iowa making .347 of its shots and Minnesota .354. The Hawkeyes' top scorer is Dave Gunther, fifth in the conference with 19.2.

In the only other Big Ten game on a schedule bobtailed by semester examinations, Northwestern (2-2) is at Michigan State (2-2) Saturday night. They are locked with Purdue and Wisconsin in fourth place and the winner again will be in a challenging position for the lead held by Michigan with 3-1. Michigan's next Big Ten action is against Purdue Feb. 1.

The Spartans downed Northwestern last Saturday 83-78 then ran into a 66-52 defeat at Wisconsin Monday when they hit only 32 per cent of their baskets.

Northwestern's best scorer is 6-9 Joe Ruklick with a 17 average, but he was held to 14 points in the first meeting with MSU.

Albion Defeats Olivet to Advance in MIAA

ALBION (AP) — Albion led all the way and defeated Olivet 72-64 in an MIAA basketball game here last night.

Olivet's Ben Bernoudi was high scorer with 27 points. Conrad Stover was high for Albion with 21.

The victory moved Albion into a third-place tie with Kalamazoo in conference play with a 4-3 record. Olivet has a 1-6 record.

Only 9 Days To Enter Press Bowlerama

Feature Prizes for Bowlerama's Oldest Bowlers

There are a couple of feature prizes awaiting the oldest man and woman to enter the 2nd annual Press Bowlerama. Leading the pack in age among the men is 63-year-old Abe Thorsberg of Walled Lake and among the women, 49-year-old Mrs. Frank Kaiser of Lake Orion.

★ ★ ★

There's nothing more to do than just to specify the age along side the name on the entry blank.

A beautiful set of aluminum glasses with a handsome bowling insignia will go to each, the oldest man and woman.

Pontiac Wrestlers Bow to Bay City

Losses by key men sent the Pontiac Central wrestling team down to its 2nd straight defeat and fourth in six starts as Bay City Central won 31-10 here yesterday.

Big boys John Herron and Duke Relyea garnered the only pins for the Chiefs while Dave Payne, Ernie Slade and Erasmo Travino won decisions.

★ ★ ★

Steady point-getters Jack Keller and Mel Nosanchuk were among the Chiefs to be beaten as Bay City turned in four pins.

Proposed Trade Considered 'Strange'

Tigers'-Tribe Bosses on Way to AL Meeting

Report Lane Reveals Thoughts of Deal for Frank Bolling

FROM OUR WIRE SERVICE

CLEVELAND — A Cleveland Indians' official says a report of a three-for-one trade with the Detroit Tigers is the "strangest one yet."

The reported trade proposal from Cleveland offered the Tigers first baseman Vic Wertz, catcher Jim Hegan and shortstop Chico Carrasquel, all veterans in return for the Tigers' youthful second baseman, Frank Bolling.

General managers of the two teams, Frank Lane of the Indians and Johnny McHale of the Tigers, were en route to New York for the American League meeting.

Lane was reported to have revealed his trade thoughts yesterday before heading for New York.

One report said he offered to expand the deal by adding Ray Narleski if the Tigers were to make it Bolling and Frank Lary.

Narleski has often been reported headed for the New York Yankees in exchange for second baseman Bobby Richardson.

★ ★ ★

Tigers have indicated they are definitely interested in Vic Wertz, but McHale said the trade would have to be for some players in Wertz' age bracket.

Bolling is 26 years old and he hit .259 last year with 15 homers.

Wertz, once a Tiger, is 32 and he batted .282 last season with 28 homers and 105 runs batted in.

Hegan is 37 and hit only .216 last season and Carrasquel is 30. He hit .276 last season and had a bad year in the field.

Houtteman, Rookie Baltimore Hopefuls

BALTIMORE (AP)— Veteran Art Houtteman and rookie Jim Fisher have signed up to try to make the pitching grade this season with the Baltimore Orioles.

Houtteman, a 30-year-old right-hander from Birmingham, Mich., spent almost all of last season with Vancouver after the Orioles bought him from Cleveland.

★ ★ ★

The 19-year-old Fisher pitched his first season of organized baseball last year for Knoxville of the Sally League. He was born in Frostburg, Md., and now lives in Augusta, Ga.

This brings to 12 the number of players signed.

Ryeson 5 Extends League Leadership

Paced by Ron Seets' 30 points, Ryeson's Market last night rolled to its 4th Waterford Recreation Basketball loop victory, 63-46, over M-59 Sunoco. Dick Gilcrest with 14 and Steve Ryeson 15, aided materially in compiling the total at Crary Junior High. J. Robinson had 21 for Sunoco.

★ ★ ★

Following the league game Jaycees lost a 57-41 exhibition to White Swan.

Ryeson's loop mark is 4-1; White Swan 3-1; Hudson Mobile 3-2; M-59 Sunoco and Drayton Drugs 2-2; Jaycees 1-3 and Johnson and Anderson 0-4.

Newest Sports Creation Becoming Popular

Golf? Try Using Bow, Arrow

By BILL CORNWELL

"I shot an arrow into the air . . . it fell on the green . . . you say it's not three?"

★ ★ ★

No, yours truly is not taking "dirty digs" at the melodious words of the great American poet, Henry Wadsworth Longfellow.

It's merely a method of leading to the subject at hand—archery golf, one of America's newer winter sport creations.

That slight alteration of the noble bard's phrases was designed to send you on an 18-hole tour of Pontiac's Municipal Golf Course where the archery golf competition is held.

★ ★ ★

Archery golf, although growing in popularity, is still a little known sport. It started in California and migrated to Michigan three years ago.

The Pontiac Archers and the City Parks and Recreation Department are sponsoring archery golf shoots here this winter for the 2nd straight year. The North Detroit Archers are reportedly the only other group conducting such activity in the state at this time.

There are two distinct values to the game. Aside from the recreational benefits, it makes worthwhile use of a golf course during an otherwise idle period and sharpens up the shooting eye of a bow and arrow hunter.

Golfing rules are followed and a match usually consists of 18 holes.

The ingredients for the game are a 12-inch hard rubber ball and three special arrows — the flight arrow or driver, the flu-flu, comparable to a golfer's eight iron, and a blunt, rubber-tipped arrow which is the putter.

Each archer fires from the tee with his long-distance arrow and wings it as far down the fairway as possible. His next step is approaching the green with the flu-flu from where he will try to hole out.

The ball is teed up at the edge of the green and the player must knock it off the tee with his putter arrow in order to finish the hole. If he fails, he shoots again from where the arrow stopped.

After holing out, the player proceeds to the next tee and so on around the course. Obviously, the lowest number of shots wins the match.

The 5th archery golf shoot of the season will be held this Sunday at the city course and Oakland County residents of all ages are welcome. The registration hours are 9 a.m. until 12 noon.

★ ★ ★

Two more meets in February and another pair in March will complete the season.

HOLING OUT — Mrs. Harold Hedges of Pontiac, an enthusiastic archery golfer, aims her arrow at the teed-up rubber ball on the edge of the snow-topped 9th green at city Municipal Golf Course. If she succeeds in knocking the ball off the tee with her blunt, rubber-tipped arrow, she has officially holed out. Leonard Buzz of the city Parks and Recreation Department holds the flag while Pontiac's LeRoy Addison waits his turn to shoot.

Pontiac Press Photo

Big Calico Bass Ice Angler's Prize

Ken Austin, 384 South street, Ortonville, and Don Carter of Clarkston figure ice-fishing on Oakland County lakes is pretty good. The two were angling through the ice at Lake Louise, Wednesday, when Carter, a 29-year-old Fisher Body worker landed a 12½-inch, 15-ounce calico bass. Carter's fish is one of the heftiest of the species to be reported in the area this winter.

Carter used a minnow for his lure.

Jill 'Pinched' by Policemen

Eleanor Strehle, North Johnson avenue, was very happy today over the recovery of her missing show dog, "Jill" whose kennel name of "Thataway" got her into the newspapers over the weekend.

★ ★ ★

Missing since Saturday afternoon, after she ran away from the car of a Detroit couple, who took her by mistake, with their own cocker, from the Progressive Dog Show in Detroit, Jill was "pinched" last night by police at Grand River and Schafer highway.

★ ★ ★

Jill was trotting along the street when found. She was 10 miles from the spot when she disappeared.

★ ★ ★

"She was in good condition," Miss Strehle reported this morning. "We just can't believe it. It's hard to understand how a dog could go that far in a place like Detroit with all its auto traffic, and escape injury. We're going to give her a good veterinary check-up, however, right away. We're delighted to get her back."

Clarkston, Troy Win Streaks on Line

Two of the state's top ten teams meet on the hardwood tonight in a game that could decide the Wayne-Oakland league championship right at the mid-season point in the schedule.

A standing room only crowd will be on hand at Northville as the Clarkston Wolves go after their 9th straight victory and a chance to take a big step towards the loop crown.

Unbeaten Clarkston ranks 6th in Michigan while Northville is 10th with a 5-2 record. The Wolves will be hard to catch if they get over this big hurdle.

Despite the large amount of attention being placed on that tussle, there are several other important league and non - league games scheduled around Oakland County tonight.

★ ★ ★

Such leagues as the Oakland B, Inter-Lakes, Eastern Michigan and South Central all have crucial contests while the Southern Thumb also has a full slate.

A big one to watch in the Oakland B will be at Lake Orion where Avondale and the Dragons battle for survival. Orion has two loop losses and can hardly afford another setback. Unbeaten leader Troy will have its work cut out against speedy Fitzgerald and bottom teams Madison and Clawson tangle.

A Van Dyke victory over 1st place Berkley and a Southfield win over Waterford would throw the 1st three named into a tie for the Inter-Lakes top spot. Walled Lake and Farmington complete that slate.

★ ★ ★

Ferndale seeks its 5th straight season triumph and 3rd in the Eastern Michigan meeting Mt. Clemens while Birmingham hosts Hazel Park and Port Huron is at East Detroit.

Ortonville and Imlay City will decide who is to have sole possession of the lead in the South Central Conference tangling at Imlay. Both are now 3-0 in the SCC, Millington is at North Branch in the other tilt.

Almont goes after its 8th straight in the Southern Thumb at Capac while its chief threat, Memphis, is at home against New Haven and Brown City plays Armada.

★ ★ ★

Rochester at Romeo heads the independent games. The Falcons walloped the Bulldogs 56-30 early last month, but have lost two straight recently while Romeo has piled up 155 points in a pair of wins.

Clarkston has rung up totals of 73, 75 (twice), 80 and 92 in their last five outings but Northville coach Stan Johnston vows "they won't score like that against us." His team can tie for the lead by winning.

The Wolves have built up a 71.4 scoring average paced by the big three of Leroy Parks (19.1), Dick Lippert (15.1) and Bill Noles (13.4). Northville, with "Cap" Pethers averaging 15.4, has a team mark of 53. Bill Yahne and Bob Starnes are other steady Mustang scorers.

★ ★ ★

Comparative scores against most mutual foes give Clarkston the edge along with the fact that the Wolves defeated Brighton which upset Northville.

Avondale currently poses the chief threat to Troy but must stop at least one of Lake Orion scoring aces, Jim Drake and Nick Neira, to turn the trick.

Waterford is primed for an upset after a hard-earned win at Walled Lake a week ago while the Vikings are due to break out after several close setbacks.

Scouts Besiege Prep Star

14 Clubs Reported to Be After St. Louis Boy

ST. LOUIS (AP)—The nation's high schools are full of big strong boys who can wallop a baseball but the major league clubs see something special in Dave Nicholson.

So many big league scouts are knocking on his door with bonus offers there's practically a traffic jam.

★ ★ ★

"We could have held a major league meeting," said Glen Miller, farm director for the Chicago White Sox. "It's really high-powered competition."

Dave is 18, tops six feet by three inches and weighs 217. His parents expect to announce Sunday which offer he'll accept.

Fourteen clubs are after Dave.

The Cleveland Indians announced they will go as high as $80,000 in the bonus bidding.

★ ★ ★

Vice President Charlie Grimm of the Chicago Cubs arrived today with instructions to go the limit.

The Baltimore Orioles have been reported talking in terms of $100,000.

"I won't say how much the White Sox bid, but it was so high it scared me," Miller said.

What does Dave have to inspire such spirited bidding?

"Nicholson could become a star," said Walter Shannon, Cardinal farm director. "And if he does, he could become a great star. He's built like an ox?"

Frank Lane, Cleveland's general manager, said Nicholson has certain weaknesses, including just average speed and an average arm, but:

"The boy is an outstanding prospect. He has the makings of a great home run hitter."

★ ★ ★

The scramble at the Nicholson home has become so fierce Dave's father, Lawrence Nicholson, took time off from his job as a printer to help appraise the offers.

Dave dropped out of Southwest High School a year ago. When his class graduated Wednesday night he became eligible for a major league offer.

In high school he was a star both as a pitcher and an outfielder. He hit about .350.

Nicholson says he won't necessarily join the club making the highest offer.

"It depends, too, on what kind of salary I'm offered and where each club wants to send me in the minors," he said.

County Grid Players Get Honorable Mention

Brandstatter on Prep All-America

One Michigan prep football player, Art Brandstatter, of East Lansing High School was selected on the first team of 11th annual Prep All-America football team.

Brandstatter, a 17-year-old, 199 pound senior was picked for two straight years on the Michigan AP All-State team.

A total of 3,989 high school senior football players were screened after the balloting of 1,402 daily newspapers and 1,243 sportscasters.

Thirteen players were picked on the first because of a tie at halfback and fullback.

★ ★ ★

A total of seven teams were picked. Michigan players on other teams included Steve Stieler, rugged 205-pound center from Wyandotte on the fourth team.

★ ★ ★

Texas led in total players on the seven teams with six, followed by Arkansas with five, California and Pennsylvania with four each and several states with three or less.

On the honorable mention list for All-America honors from Michigan were All-Oakland County stars Jim Drake of Lake Orion and Lou Pavloff of Hazel Park. Other Michigan honorable mentions included Jim Rowe of Marshal, Carl Charon of Boyne City, Don Bigler of Grand Haven, Lee Roy Milner of Midland, Dave Crouk of Alpena and Gary Ballman of East Detroit, all backs, along with end Jim Schultz of Bay City.

★ ★ ★

The 11th annual All-Star Prep football classic will be played in Crump Stadium, Memphis, Tenn., in August. All boys graduated in June, listed on the first seven teams or given honorable mention are eligible to play in the Classic. They are selected by a committee of prep coaches.

THIS WAS PREP ALL-AMERICA FIRST TEAM:

End—Art Brandstatter, East Lansing, Mich.
End—Tom Trainer, Evansville, Ind.
Tackle—Henry Wells, Ada, Okla.
Tackle—Lynn Drake, Tryone, Pa.
Guard—Henry Taylor, Wilson, N. C.
Guard—Jerry Williams, Tacoma, Wash.
Center—Dave Morgan, Natick, Mass.
H-Back—Lance Alworth, Brookhaven, Miss.
H-Back—Mike Lind, Chicago, Ill.
H-Back—Jim Johnson, Memphis, Tenn.
Q-Back—Mike Cotten, Austin, Tex.
F-Back—Jim Josephson, San Jose, Calif.
F-Back—Bruce Fullerton, Little Rock, Ark.

Pontiac Press Photo

BIG GAME—Another big night for rugged Clarkston forward Bill Noles could provide the spark needed to give the Wolves their 9th straight victory in an important Wayne-Oakland tussle at Northville tonight. Noles is Clarkston's outstanding rebounder and 3rd best scorer.

Palmer Tops at Panama

PANAMA (AP)—Golf star Arnold Palmer, who turned a South American tour into a money-winning bonanza two years ago, is off to a good start on another Southern trip.

★ ★ ★

Collecting an eagle and four birdies and never going over par, Palmer fired a 66 yesterday for the lead in the first round of the $10,000 Panama Open.

The 72-hole Panama event is one of two tournaments in which the 28-year-old pro from Latrobe, Pa., cashed in top money in January, 1956. Six days later, he won the Colombian Open at Cali.

★ ★ ★

His sparkling round yesterday gave him a two-stroke lead over Bob Watson, Ardsley-on-Hudson, N.Y., and Oswaldo de Vicenzo, younger brother of Argentine pro Roberto de Vicenzo.

★ ★ ★

Scores of other U.S. entries included George Bayer, Cincinnati, and amateur Sandy Hinkle, Duke University, 69; Peter Cooper, Lakeland, Fla., Ed Oliver, Boston, Art Wall Jr., Pocono Manor, Pa., 70; Ernie Vossler, Midland, Tex., Dow Finsterwald, Tequesta, Fla., Dick Metz, Arkansas City, Kan. 71; Don January, Lampasas, Tex. Ted Kroll, Ft. Lauderdale, Fla., 72; and Doug Ford, Mahopac, N.Y., 74.

Pirates Ink Pitchers

PITTSBURGH (AP)—Three right-handed pitchers returned 1958 contracts to the Pittsburgh Pirates, bringing to 17 the number of players signed.

The three pitchers are Charles "Whammy" Douglas, 22; Hugh McLaurin Pepper, 27; and Curt Raydon, 24. Douglas had a 3-3 record with the Pirates last year.

Close Play Features City League Games

Griff's Grill and Town & Country Lounge scored hard-earned victories in city league basketball action last night at Lincoln Junior High.

Griff's had to come up with a big last quarter rally to edge the Boys' Club 45-41, in a Class B game, while Town & Country took a two-point lead into the final period and held it to win 48-46 over Bud & Lou's Bar in a 'C' tussle.

K. Tilherage tallied 17 and B. York 10 to pace Griff's. J. Noseck hooped 14 for the losers. R. Reynolds scored 21 for Town & Country. A. Piche topped seven Bud & Lou's point-getters with 10.

Winter's Best Skiing in Sight for Weekend

Winter sports in the Pontiac area today promised to be the best of the season, during the coming weekend.

★ ★ ★

"Unless some drastic change in weather occurs" reports Mt. Holly's operators, "we're going to have the best skiing in two years of operation."

The sports area north of Pontiac on Dixie Highway today reported 18 inches of base snow, with five inches of new covering. "Everybody up here is happy over the conditions, and all our facilities are in full operation, day and night," Mort Graddis says.

More than 500 skiers were busy last weekend at Grampian Mt. east of Oxford, and an even bigger turnout was expected for Saturday and Sunday. "We have a good base, and with our snow machine manage to keep our slopes covered for good skiing," says Joe Kosik, operator of the area.

Teeple Hill at Highland Recreation Area will be in full operation for the weekend, with all tows working and concessions open. A fair base is covered with three inches of new snow and skiing should be very good, Pontiac Ski Club reports.

California Cop Claims Nonstop Keg Record

Completes 550 Games Averaging 162 in 87½ Hours

HANFORD, Calif., (AP) — Highway patrolman Paul Cleveland nursed a bloody, numb thumb today and what he claims is a world nonstop bowling record — 550 games in 87 hours 35 minutes.

★ ★ ★

The 39-year-old officer knocked down 89,284 pins for an average of 162 a game.

★ ★ ★

He said a Hanford high school girls rooting section kept him going the last two hours when "I was getting too stiff to knock down very many pins."

Dick Tuttle, Eugene, Ore., bowled 527 games last Sunday, averaging 125.6.

Extra Time Out Fatal to Titans

Bowling Green Gains 73-72 Victory in Last Second of Play

BOWLING GREEN, Ohio (AP) — Bowling Green scored on a free throw awarded for an extra timeout and defeated the University of Detroit 73-72 in a non-conference basketball game last night.

The costly timeout came with one second remaining and the score tied 72-72.

Detroit's Ron Troy called for the timeout. Since only five timeouts are allowed, the officials awarded a free throw to Bowling Green. Jim Darrow sank the free shot for the Ohio team.

Bowling Green led throughout the game and built up comfortable leads only to have Detroit close the gaps. The Falcons led 34-32 at halftime.

Mike Walsh scored 19 points for Detroit. The Titans now have a 6-7 record. Bowling Green is 10-2 for the season.

County Bowlers Sharpen Games for Bowlerama

Sixteen Communities Have Representatives in Press Tourney

By CHUCK ABAIR

There are not too many warm-up sessions remaining for area bowlers before they shoot for high stakes in the 2nd annual Pontiac Press Bowlerama.

Besides regular league play, many men and women keglers from Pontiac and other parts of Oakland County are currently busy in various tournaments which should sharpen their games for the big handicap event coming up in two weeks.

Six guaranteed prizes totaling $1,250, a $1,000 bonus gift for a 300 game and 18 trophies, prizes and gift certificates are among the prizes to shoot at. There will be awards for at least one out of every 10 entries.

The winners in each division will naturally take home the top awards unless someone hits a perfect game. Top award for men is $450 and a handsome desk-calendar set. The woman champ will get $250 and a desk set.

However, the way some of the local bowlers have been hitting them lately it could very well happen that someone might go all the way. No 300s have been posted in the county this year.

★ ★ ★

Deadline times for both groups are approaching fast. Men must join by Feb. 2 and women Feb. 10. All men qualify the weekend of Feb. 8-9 at Montcalm Centre and Howe's Lanes. Women qualify Feb. 15 at Motor Inn.

The top 10 per cent of the qualifiers in each group will advance to the championship round to be held at Huron Bowl Feb. 22. Early starting times are planned for each bowling day.

Bowlers from any part of Oakland County are eligible as long as they are residents and sanctioned with ABC and WIBC.

Pontiac, Rochester, Keego Harbor, Clarkston, Lake Orion, Auburn Heights, Birmingham, Drayton Plains, Holly, Orchard Lake, Walled Lake, Wixom, Novi, Waterford, Milford, Clawson and several townships are already represented among the entries.

★ ★ ★

Every bowling establishment in the county has entry blanks available. They may be filled out and left at the alley or mailed to The Pontiac Press Sports Department. Blanks are also available at The Press or they may be clipped out of the paper when printed. Entry fees must be enclosed with all entries.

Although there are many outstanding keglers in both groups planning to compete, there are many more just average scores anxious for a shot at the big money and their chances are just as good and probably better than the "stars."

The 70 per cent handicap, 200 scratch scoring system benefits the fair bowler and puts the pressure on the high average contestant who must depend mostly on actual score. It makes for an interesting tournament.

AP Facsimile

GYMNAST GOES HOME — William Hammel, 22, strapped to a special stretcher because of a broken neck, talks with University of Minnesota officials on his way home from Lansing to Minneapolis. He suffered the injury in a meet against MSU two weeks ago.

Skiing Is Good in Some Places Around State

An abundance of new snow in northern Lower Michigan during the weeks has made skiing prospects excellent this weekend.

The new snow, most of it in powder form, ranged up to 12 inches at Major Mountain near Clare. All Michigan winter sports resorts were expecting a busy weekend.

★ ★ ★

The East Michigan tourist council reported the following conditions:

SILVER VALLEY, Tawas: 4 inch base, 7 inches new snow. Skiing excellent.

SHERIDAN VALLEY, Woodridge Ski Park, Lewiston: 4-6 inch base, 3 inches new powder snow. Skiing good.

GRISWOLD MT., Indian River: 4-6 inch base, skiing good.

BLACK MT., between Onaway, Rogers City and Cheboygan: 2-4 inch base, 3 inches new snow. Skiing good.

SKYLINE, near Roscommon: 6 inch packed base, 4 inches powder snow. Skiing excellent.

OGEMAW HILLS and INDIAN HILLS, West Branch: 4 inch packed base, 6 inches powder snow. Skiing excellent.

SNOW SNAKE MT., Clare County: 3-4 inch base, 8-10 inches new snow. Skiing excellent.

SYLVAN KNOB, Au Sable Ranch and Ski Club, Waters Ski Village, Snow Valley and Otsego Ski Club, all near Gaylord: 4-6 inch base, 3-9 inches powder snow. Skiing excellent.

GRAYLING Winter Sports Park and Lovell's Winter Playland: 6 inch base, 4 inches new snow. Skiing excellent.

HOUGHTON LAKE Snow Bowl: 4-6 inch base, 7 inches new snow. Skiing excellent.

SUMMIT SKI Club, near Fenton: 5-12 inch artificial snow base, 2 inches new powder. Skiing good.

PIONEER HILLS near Roscommon: 4 inch base, 6 inches new snow. Skiing excellent.

MIO MT., 5-6 inch base, 7-8 inches new snow. Skiing excellent.

Special events: Saturday and Sunday—Lewiston winter carnival featuring Sheridan Valley junior and senior ski races and queen coronation; Clare County winter sports festival Saturday—open ski meet, Major Mt. Sunday—open ski meet, Snow Snake Mt.

The Southeastern Michigan Tourist Assn. reported the following conditions:

MT. HOLLY, near Pontiac: 18 inch base, 8 inches new snow. Skiing excellent.

GRAMPIAN MT., near Oxford: 10-12 inch base, 4 inches new snow. Skiing excellent.

KENSINGTON PARK, near Brighton: 1 inch new snow. Skiing fair to good. Skating rinks excellent.

Syracuse has only two seniors—Larry Loudis and Dave Hollenbeck — on its basketball team.

STRIKES AND SPARES

By Joe Wilman

I've bowled on some alleys that called for little or no stuff on the ball—just a slight lift or turn made the ball hook into the pocket. I'm sure you know the kind of alleys I mean. These are running alleys which are so dry that they hook easily; the ball then follows the path we show in the drawing.

In such a situation, all you need is direction in order to score well. Try to keep the ball on the right side of the headpin, and the ball will practically walk into the pocket.

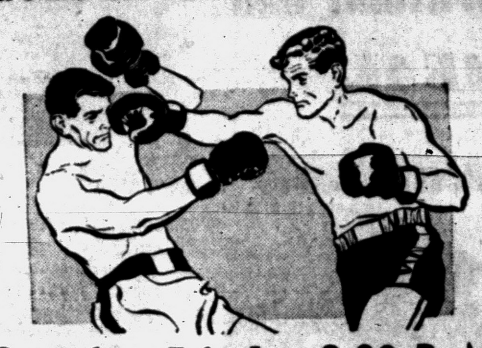

Make sure, however, you keep enough stuff on the ball so that it doesn't flatten out when it hits the pocket. It must continue driving into the pins to generate proper pin action. Otherwise, even on running alleys, you'll find yourself leaving the 5-pin quite often and sometimes those 5-7 and 5-10 splits.

If putting enough stuff on the ball causes too big a hook, move your starting position a couple of boards to the left on the approach. That will give your ball more room to move out and hook back into the pocket.

Remember to keep stuff on the ball even when you're facing easy alleys.

'Eyewitness to Death' . . . by Agatha Christie

Copyright 1957

THE STORY SO FAR: A blind in a train passing hers snaps up and respectable Mrs. McGillicuddy, on a prosaic trip to visit her friend, Miss Marple, fluttery old lady with a shrewd brain and a gift for solving crimes, sees a man strangling a woman. After several trips over Mrs. McGillicuddy's route, Miss Marple figures the body must have been thrown out as the train passed the neglected park of Rutherford Hall, built by Mr. Crackenthorpe, rich manufacturer. She asks Lucy Eyelesbarrow, brilliant young woman who has made for herself a unique profession—taking temporary charge of households and running them like magic—to get herself employed at Rutherford Hall. Emma, Crackenthorpe's daughter, engages her, and Miss Marple is installed in the neighborhood posing as Lucy's aunt. On pretense of playing golf, Lucy searches for the body and finds a piece of fur on a bush below the railroad tracks. In a barn Lucy pries open a sarcophagus and finds the body of a murdered woman. Mrs. McGillicuddy identifies the picture of the murdered woman as that of the woman she saw in the train. Just before Christmas Martine, the girl her brother Edmund, who was killed in the war, was going to marry, wrote asking Emma if she might visit them but later canceled the visit. Mr. Crackenthorpe shows Lucy his secret holdings and she wonders if she had received a conditional proposal of marriage.

CHAPTER 20

Emma opened her handbag and took out a worn and faded letter. She read from it:

"I hope this won't be a shock to you, Emmie, but I'm getting married — to a French girl. It's all been very sudden — but I know you'll be fond of Martine — and look after her if anything happens to me. Will write you all the details in my next — by which time I shall be a married man. Break it gently to the old man, won't you? He'll probably go up in smoke."

* * *

Inspector Craddock held out a hand. Emma hesitated, then put the letter into it. She went on, speaking rapidly.

"Two days after receiving this letter, we had a telegram saying Edmund was missing, believed killed. Later he was definitely reported killed. It was just before Dunkirk — and a time of great confusion. There was no Army record, as far as I could find out, of his having been married — but as I say, it was a confused time. I never heard anything from the girl. I tried, after the war, to make some inquiries, but I only knew her Christian name and that part of France had been occupied by the Germans and it was difficult to find out anything, without knowing the girl's surname and more about her. In the end I assumed that the marriage had never taken place and that the girl had probably married someone else before the end of the war, or might possibly herself have been killed."

* * *

Inspector Craddock nodded. Emma went on.

"Imagine my surprise to receive a letter just about a month ago, signed Martine Crackenthorpe."

"You have it?"

Emma took it from her bag and handed it to him. Craddock read it with interest. It was written in a slanting French hand—an educated hand.

* * *

Dear Mademoiselle,

I hope it will not be a shock to you to get this letter. I do not even know if your brother Edmund told you that we were married. He said he was going to do so. He was killed only a few days after our marriage and at the same time the Germans occupied our village. After the war ended, I decided that I would not write to you or approach you, though Edmund had told me to do so. But by then I had made a new life for myself, and it was not necessary. But now things have changed. For my son's sake I write this letter. He is your brother's son, you see, and I — I can no longer give him the advantages he ought to have. I am coming to England early next week. Will you let me know if I can come and see you? My address for letters is 126 Elvers Crescent, N. 10. I hope again this will not be the great shock to you.

I remain with assurance of my excellent sentiments,

Martine Crackenthorpe.

* * *

Craddock was silent for a moment or two. He reread the letter carefully before handing it back.

"What did you do on receipt of this letter, Miss Crackenthorpe?"

"My brother - in - law, Bryan Eastley, happened to be staying with me at the time and I talked to him about it. Then I rang up my brother in London and consulted him about it. Harold was rather skeptical about the whole thing and advised extreme caution. We must, he said, go carefully into this woman's credentials."

Emma paused and then went on:

"That, of course, was only common sense and I quite agreed. But if this girl — woman — was really the Martine about whom Edmund had written to me, I felt that we must make her welcome. I wrote to the address she gave in her letter, inviting her to come down to Rutherford Hall and meet us. A few days later I received a telegram from London — Very sorry forced to return to France unexpectedly. Martine. There was no further letter or news of any kind."

* * *

"All this took place — when?" Craddock frowned.

"It was shortly before Christmas. I know, because I wanted to suggest her spending Christmas with us — but my father would not hear of it — so I suggested she should come down the weekend after Christmas while the family would still be there. I think the wire saying she was returning to France came actually a few days before Christmas."

"And you believe that this woman whose body was found in the sarcophagus might be this Martine?"

"No, of course I don't. But when you said she was probably a foreigner — well, I couldn't help wondering . . . if perhaps—"

Her voice died away.

Craddock spoke quickly and reassuringly.

"You did quite right to tell me about this. We'll look into it. I should say there is probably little doubt that the woman who wrote to you actually did go back to France and is there now alive and well.

* * *

"On the other hand, there is a certain coincidence of dates, as you yourself have been clever enough to realize. As you heard at the inquest, the woman's death according to the police surgeon's evidence must have occurred about three to four weeks ago. Now don't worry, Miss Crackenthorpe, just leave it to us." He added, casually, "You consulted Mr. Harold Crackenthorpe. What about your father and your other brothers?"

* * *

"I had to tell my father, of course. He got very worked up," she smiled faintly. "He was convinced it was a put up thing to get money out of us. My father gets very excited about money. He believes, or pretends to believe, that he is a very poor man, and that he must save every penny he can. I believe elderly people do get obsessions of that kind sometimes. It's not true, of course, he has a very large income and doesn't actually spend a quarter of it — or used not to until these days of high income tax. Certainly he has a large amount of savings put by." She paused and then went on. "I told my other two brothers also. Alfred seemed to consider it rather a joke, though he, too, thought it was almost certainly an imposture. Cedric just wasn't interested — he's inclined to be self-centered. Our idea was that the family would receive Martine, and that our lawyer, Mr. Wimborne, should also be asked to be present."

* * *

"What did Mr. Wimborne think about the matter?"

"We hadn't got as far as discussing the matter with him. We were on the point of doing so when Martine's telegram arrived."

"You have taken no further steps?"

"Yes. I wrote to the address in London with Please forward on the envelope, but I have had no reply of any kind."

"Rather a curious business . . . Hm . . ."

He looked at her sharply.

"What do you yourself think about it?"

"I don't know what to think."

* * *

"What were your reactions at the time? Did you think the letter was genuine — or did you agree with your father and brothers? What about your brother-in-law, by the way, what did he think?"

"Oh, Bryan thought that the letter was genuine."

"And you?"

"I — wasn't sure."

"And what were your feelings about it — supposing that this girl really was your brother Edmund's widow?"

Emma's face softened.

"I was very fond of Edmund. He was my favorite brother. The letter seemed to me exactly the sort of letter that a girl like Martine would write under the circumstances. The course of events she described were entirely natural, I assumed that by the time the war ended, she had either married again or was with some man who was protecting her and the child. Then perhaps, this man had died, or left her, and it then seemed right to her to apply to Edmund's family — as he himself had wanted her to do. The letter seemd genuine and natural to me — but of course, Harold pointed out that if known, it was written by an impostor, it would be written by some woman who had known Martine and who was in possession of all the facts, and so could write a thoroughly plausible letter. I had to admit the justice of that."

(Continued Tomorrow)

Toll in Chicago Fire Includes 3 Children

CHICAGO (AP)—Searchers looked for more bodies today in the rubble of a burned tenement building as the death toll from an explosion and fire reached three—all children.

* * *

Two unidentified bodies were uncovered last night by firemen working under spotlights. The third victim was an 11-month-old girl, fatally injured as she fell in the arms of her mother from their second floor flat in the crowded, four-story building.

* * *

Five children remain unaccounted for among the 150 residents of the 74-year-old structure, situated in a South Side Negro district.

Twenty-one persons — nine of them children—were injured. Several children were dropped from windows as the flames blocked exits and flashed through the 27 apartments.

Cause of the explosion was not known.

Macmillan Policy on Money Approved

LONDON (AP) — Britain's ruling Conservative party closed ranks last night to endorse decisively the anti-inflation policies of Prime Minister Macmillan's government.

★ ★ ★

Peter Thorneycroft, who resigned three weeks ago as chancellor of the exchequer in a dispute over the policy, was among those who helped give the Cabinet a 62-vote House of Commons margin which defeated a Labor party motion of no confidence. The vote was 324-262.

Thorneycroft resigned rather than agree to a Cabinet plan to spend slightly more in 1958-59 than in the current fiscal year. The proposed increase is about 140 million dollars, less than 1 per cent of the total budget.

Seriously Injured Must Wait in A-War

ST. LOUIS (AP) — An Army nursing supervisor says the least seriously injured must receive medical care first in the event of an atomic war.

Persons critically injured must wait, Maj. Marjorie Lindau of Ft. Sam Houston, Tex., told a meeting sponsored by the Catholic Hospital Assn. of St. Louis.

Such a priority system would be difficult to accept, she acknowledged, but would be necessary so that those in condition to be rehabilitated quickly could help with the more gravely injured.

Bob Considine Says:

Allies Trained to Fire Redstone Missiles

NEW YORK (INS) — Encouraging news from a traveler fresh in from Huntsville, Ala., site of the Army's Redstone missiles operation.

Redstone's family of missiles is coming along fine. By the end of June there will be 4,500 students in classes there, designed to teach the art and intricacy of manufacture and firing of these now indispensible tools of war and of peace. The faculty is up to 325.

Students include Air Force and Navy men, as well as Army, plus representatives of Norway, Denmark, West Germany, Belgium, Italy, France and—next week—Turkey.

Whole Nyke battalions are being trained there in an atmosphere perhaps best outlined in an order from Lt. Gen. E. L. Cummings, issued last Jan. 3. The order reads, in part:

"The missile planning office is established to assure the chief of ordnance that the following objectives are met—(a) The development of long-range plans for military and scientific achievement in the missile and related fields, exercising the widest possible latitude in advanced thinking; (b) The maintenance of an orderly and economical plan to take maximum advantageous use of all resources in the missile field, including providing for future resources in government, industry, and scientific institutions."

Sometimes a letter pops out of the mail that sums up in a few words what millions must be groping to express. One such note comes from Charles E. Thompson, 5360 Broadway, the Bronx:

"Dear Bob:

"One night last week I awakened quite early (3:30 a.m.) feeling well rested. Made a pot of coffee and smoked a cigarette or two. The wife and kids were sleeping peacefully. Sort of felt at peace with the world myself. But as we humans often do, I let my mind wander hither and yon to dwell on this or that mistake.

★ ★ ★

"Suddenly I thought of the Russian people, their way of life, and the fact that millions of men, women, children and animals will be on the block—so to speak—when and if the next one comes.

"I thought of the men in high places, the men we trust with our lives and fortunes. I thought of Russia's men of power. I thought of their common people, such as you and I, and of families on both sides of the iron curtain.

"Surely, there must be a way out. Some way that our people can reach their people.

"If Ivan wants his way of life, does he demand that I can't have mine? This, to me, is the basic starting point of the whole damn mess, and how to get out of it. I'm not afraid to die for my family and country. But I'm sure neither is Ivan. There must be a way."

There must be, Mr. Thompson. There must be.

Junior Editors Quiz on HISTORY

QUESTION: Was there a real Captain Kidd?

★ ★ ★

ANSWER: Although many of the tales told and written about him are not true, Captain William Kidd was a real person.

In 1695, Kidd was commissioned by the British to hunt pirates in the Indian Ocean. But it was soon reported that he was practicing piracy instead of crushing it, and he was arrested when he landed in Boston in 1699. He was returned to England, where he was tried, condemned and hanged. There's still a dispute whether he remained a pirate hunter and a privateer, or whether he actually turned to piracy.

★ ★ ★

FOR YOU TO DO: Tales about Captain Kidd make fascinating reading. Ask your librarian for a book about him.

★ ★ ★

(Beverly Bergman gets $10 for this question. Send yours on a postcard to Violet Moore Higgins, AP Newsfeatures, in care of this newspaper. Tomorrow: Why did Zaccheus climb the sycamore tree?)

Hollywood Headlines

Anita Ekberg Scheduled to Appear in Two Movies

By LOUELLA O. PARSONS

HOLLYWOOD (INS)—Anita Ekberg, now in Sweden visiting her family and being very quiet, gets back into high gear the end of this month. She's returning to the U.S. to make personal appearances with "Screaming Mimi" for Columbia and "Holiday in Paris" for Bob Hope.

Then Anita's off again for London in March to co-star with Jack Palance in "The Man Inside," M. E. Chabor's novel, which Irving Allen and Cubby Broccoli will produce for Warwick. The Ekberg is on loan-out from Bob Fellows.

All seems quiet in her marriage to Anthony Steele. As for co-star Jack Palance's marriage, his wife is with him in Europe but he won't accompany her back home. Apparently he meant it when he said he would stay abroad two years.

★ ★ ★

On Monday Bette Davis returns from Maine to go to work again. That's very good news to all of us who are fond of her. Especially good news, too, to know that she is well again.

She's going to do a TV series which deals with a business woman, and she'll make it at Republic Studio.

Bette and Gary Merrill have never reconciled. He's living in New York, although he does go to see her and the children often in Maine.

★ ★ ★

Snapshots of Hollywood collected at random: Michael Wayne, son of John Wayne and Mrs. Josephine Wayne, is expected to announce his engagement to Gertrude Dible, his sweetheart since school days, at a party given him by his mother Feb. 8. The young lady is already wearing a diamond engagement ring, but no official announcement has been made.

Poor Bobby Driscoll is bedded with yellow jaundice and hepatitis and will be unable to do "The Teenage Story" for Sam Katzman. He's been replaced by Mark Damon.

The reason Bill Holden is at the Caribe-Hilton in Puerto Rico is because he's closing a deal to buy the racetrack there. He became interested when he made "Proud and Profane."

★ ★ ★

Perc Westmore, who has been bedded with pneumonia and bronchitis at the Hollywood Presbyterian Hospital, has been told by his M.D., Dr. Larry Adams, that he can go home in a few days.

A happy family party was hosted by Fred Astaire at the Luau. His guests were Fred Jr., and his wife, Fred's daughter Ava, and her date, Ronnie Burns.

That's all today. See you tomorrow!

Has Door Open on Arms Policy

Ike Checking Proposals by Stassen to Renew Talks With Russians

WASHINGTON (AP) — President Eisenhower is reported keeping the door open for possible changes in disarmament policy along lines recommended by Harold Stassen.

He is understood to have directed special government committees to check into the proposals which Stassen has been pushing as a new approach to renewed talks with the Soviet Union. Disarmament discussion in London last year ended in a deadlock.

★ ★ ★

Stassen, White House disarmament adviser, has run into strong opposition from Secretary of State Dulles. Dulles reportedly regards many of Stassen' proposed changes as sensible, but has bitterly opposed Stassen's plea that the government soften its position on an end to atomic tests.

One official, who opposes many of Stassen's proposals, said today Stassen might succeed in winning President Eisenhower's approval for up to 80 per cent of his suggested changes.

★ ★ ★

This official said Stassen might even succeed in persuading Eisenhower to modify to some extent the existing American insistence on an end to nuclear weapon production within two years as part of any agreement to end atomic testing. Stassen's plan called for ending the link between the two.

★ ★ ★

Stassen is understood to have won substantial support from some administration leaders at a Jan. 13 meeting of the National Security Council at which his proposals were discussed.

Think Vibration of Vocal Cords Caused by Brain

CHICAGO (AP) — A controversial theory was presented today that the brain—not the movement of air in the larynx—cause the vocal cords to vibrate and produce sound.

The theory was evolved by a French research team and presented to American doctors by Esti D. Freud, Ph. D., daughter-in-law of the late Sigmund Freud.

★ ★ ★

The experiments demonstrated "beyond doubt," she said, that vocal cords vibrate in the absence of an exhaled current of air. She said the vibrations seem to be governed by excitations deriving directly from the recurrent laryngeal nerve.

She said the research showed that singing and speaking produce different vibratory patterns in the vocal cords and originate in different centers of the brain.

★ ★ ★

This helps explain, she said, why persons who stutter or have lost their ability to speak can sing without difficulty. It also helps explain why a person with a tenor singing voice may speak in a very deep pitch, she added.

Dr. Freud is a teacher of voice and speech pathology. She is associated with New York Hospital, New York, and a Veterans Administration mental hygine clinic in Newark, N.J.

★ ★ ★

She studied reports of the research conducted at the University of Lille (France) Medical School and interviewed Prof. Liquet of Ent Clinic and Dr. G. Decroix.

Her article on the research was published in the Archives of Otolaryngology, an American Medical Assn. publication.

Burglars Endorse Lock After Testing Same

CHICAGO (AP) — James Wright, part owner of a lock and latch firm, figures he got quite a testimonial for his "burglar proof" lock from some gents who ought to know a good one when they see it.

★ ★ ★

Burglars had to smash down the door of his establishment because the "burglar proof" lock on the back door wouldn't give.

What did the burglars steal? Exactly 756 of the locks.

Fishes Up Dynamite

PORT HURON, Mich. (AP)— Larry Yarach dipped his minnow net in the St. Clair River and came up with 26 sticks of dynamite, some with detonating caps attached.

Stocks Advance in Slow Trading

NEW YORK (AP)—The stock market showed a slight bulge to the upside in slow early trading today but many key issues were unchanged.

Most gains were fractional. There was a scattering of small losers.

The opening was fairly active with prices generally steady. Turnover slowed considerably.

Rails, utilities, tobaccos, rubbers and an assortment of selected issues were steady to higher. Nonferrous metals were mixed. Steels and some aircrafts took small losses.

Although corporate news was mixed there were some favorable earnings reports. Background news also included rising store sales, another drop in world copper prices and a fall in machine tool orders last month to the lowest level since October 1949.

★ ★ ★

Bethlehem, Republic Steel, General Dynamics and North American Aviation were a shade lower.

Sunshine Mining, American Motors, Kennecott, Westinghouse Electric, International Paper, New York Central, Chesapeake & Ohio and Schenley rose slightly.

Ward Baking Buys 350 GMC Trucks

Acquisition of 350 GMC delivery trucks equipped with hydra-matic transmissions by the Ward Baking Co., was announced today by R. C. Woodhouse, general truck sales manager of the GMC Truck & Coach Division.

★ ★ ★

The GMC units are models PM-253, with a 270 cubic inch gasoline engine and will be used by Ward on delivery routes in the many cities where Ward Baking products are distributed, according to O. E. H. Froelich, transportation manager for Ward.

Woodhouse said that the economies and trouble-free operation of approximately 100 GMC trucks equipped with hydra-matic and purchased by Ward two years ago led to the big order announced today.

Ward Baking Co., in its nationwide organization operates approximately 3,500 vehicles.

Chrysler Forms Missile Division

DETROIT (AP) — Chrysler Corp. announced today formation of a missile division.

The division will handle Chrysler's participation in development, engineering and production in the Redstone and Jupiter missile programs. Chrysler has been associated with the Redstone program since 1952 and with the Jupiter program since 1956.

A new 52 million dollar contract for the production of Redstone and Jupiter missiles was awarded the firm on Jan. 4. The contract covers production of long lead time components and ground support equipment for the Jupiter missile system and continuing 1958 production for the Redstone missile system.

Death Notices

ROY SULLIVAN

DEFORD—Service for Roy Sullivan, 70, of 1539 Cedar St., who died Wednesday after a short illness, will be held at 11 a.m Saturday at the Pursley Funeral Home with burial at Crooks Cemetery. Elder Claude Cook of the Reorganized Church of Jesus Christ of Latter Day Saints will officiate.

Mr. Sullivan was a life member of Masonic Lodge, Elkton.

He is survived by his wife, Ella.

GARY L. NICHOVICH

MILFORD — Gary L. Nichovich, 2-year-old son of Mr. and Mrs. Fred Nichovich of 725 Milford, died Thursday.

Besides his parents, he is survived by two sisters, Linda Marie and Shirley Elaine; both at home.

The body is at Richardson-Bird Funeral Home.

MRS. RALPH E. MEEK

LAKE ORION — Service for Mrs. Ralph E. (Hazel) Meek, 61, of 212 Atwater St., will be held at 2 p.m. Saturday at the Allen's Funeral Home with burial at East Lawn Cemetery. The Rev. Albert B. Johns will officiate.

Mrs. Meek, who died Thursday at Pontiac General Hospital Annex after a long illness, was an Oakland County resident for 24 years. She was a member of the Lake Orion Woman's Club.

She is survived by her husband and two daughters, Mrs. Max Lundquest of Anderson, Mo., and Mrs. John Keizlr of E. Lansing. Three sisters and two brothers also survive.

MRS. HARRY C. SOMERVILLE

OXFORD — Service for Mrs. Harry C. (Pearl) Somerville, 70, of 13 Crawford Ave., will be held at 1 p.m. Saturday at the Bossardet-Mabley Chapel with burial at Oxford Cemetery. The Rev. Alfred Eddy will officiate.

She is survived by four daughters, Mrs. Ruth Gray of Berkley, Mrs. Catherine Culver of Lansing, Mrs. Jean Baird of Lombard, Ill., and Mrs. Eveyn Grissin of Oxford; and a son, Harry of Oxford. Four brothers, William Piffer of Saginaw, Joseph of Davison, Isaac and Samuel of Flint and a sister, Mrs. Ella Turner of Hamlock, also survive.

Proposes Bill to Aid Aged Obtain Jobs

LANSING (AP) — Older workers would come in for better treatment in their job-hunting expeditions under a bill sent before the legislature by a Detroit Democrat.

★ ★ ★

Rep. Joseph I. Jackson proposed yesterday to amend the state's Fair Employment Practices Act "to prohibit discrimination in employment against a person because of age if he is otherwise qualified to hold the job."

Michigan has made headway in its program to wipe out racial discrimination in the employment field, Jackson said, but older workers often are handicapped by their age when they try to find work.

Re-Elect Ford Official to Washington Post

WASHINGTON (AP) — Ernest R. Breech, board chairman of Ford Motor Co., has been re-elected vice chairman of the commerce department's business advisory council.

The council, composed of about 165 members of business and industry, advises the secretary of commerce on economic and business matters.

Dividend Announced

LANSING (AP) — Motor Wheel Corp. Thursday declared a quarterly dividend of 25 cents per share on the common stock payable March 10 to stockholders of record at the close of business Feb. 14.

Opposes Ceding Land

YPSILANTI (AP) — The Ypsilanti Township Board opposes the ceding of 610 acres in the northwest section of the township to the City of Ypsilanti. Township and city residents will vote Feb. 4 on the proposed annexation.

Wheat Futures Prices Jump

CHICAGO (AP) — Wheat futures prices reacted sharply in early Board of Trade dealings today to proposed legislation that the government continue support of the grain at $2 a bushel through 1958.

★ ★ ★

The measure by Sen. Murray of Montana and reported to have the concurrence of several other senators sparked some fairly heavy buying, particularly in the new crop deliveries, and all were up more than a cent a bushel in initial transactions. The nearby contracts also were up fractionally.

Other grains started off about steady, in fractions on both sides of yesterday's closes.

★ ★ ★

Near the end of the first hour wheat was unchanged to 1 cent higher, March $2.17¾; corn ⅛ lower to 1⅛ higher, March $1.09¾; oats unchanged to ¼ higher, March 62½; rye ⅜ lower to ⅛ lower to ⅛ higher, March $2.24½; higher, March $1.24½; soybeans ⅝ and lard 7 to 10 cents a hundred pounds lower, March $11.60.

Automotive Output Up in Past Week

DETROIT (AP) — Passenger car production in U.S. factories this week will total 113,907 units, compared with last week's 109,761 assemblies. However, the total will be down sharply from that of the like 1957 week which brought 145,190 units.

★ ★ ★

Truck output is estimated by Automotive News at 18,349 units this week against last week's 18,607 assemblies. In the like 1957 week 23,073 trucks were completed.

★ ★ ★

The lower production level both in cars and trucks reflects the industry's efforts to line up output with retail demand currently lagging sharply below that of a year ago.

★ ★ ★

Automotive News says Canadian output this week will consist of 5,742 cars and trucks compared with 8,117 units last week and 10,220 during the like 1957 week.

Glee Club Sets Tour

ANN ARBOR (AP) — The Men's Glee Club of the University of Michigan has announced the dates and locations of its annual spring tour. The singers will visit Manistee April 7, Escanaba April 8, Houghton April 9, Ironwood April 10, Milwaukee April 11 and Chicago April 12.

High Dictator Toll in Latin America

By THE ASSOCIATED PRESS

Six dictators have been deposed or assassinated in Latin America in less than four years. This is the list:

June 30, 1954 — Pro-Communist Jacobo Arbenz Guzman, overthrown after a 12-day civil war in Guatemala.

Sept. 19, 1955 — Juan D. Peron, ousted as president of Argentina.

Sept. 29, 1956 — Gen. Anastasio Somoza of Nicaragua assassinated. His son is president.

Dec. 12, 1956 — President Paul E. Magloire of Haiti went into exile after an unsuccessful effort to perpetuate his rule.

May 10, 1957 — Gustavo Rojas Pinilla forced out of office by revolt in Colombia.

Jan. 23, 1958 — Marcos Perez Jimenez gave up and fled after resisting revolt in Venezuela.

Reuther Exerting Leadership at Special UAW Convention

By INTERNATIONAL NEWS

Red-haired Walter P. Reuther has been fired, brutally beaten and nearly killed by a shotgun blast, but he has never stopped leading union men.

This week, the 50-year-old president of United Automobile Workers is exerting his leadership within the 1,300,000-member union at a special convention in Detroit. He is seeking unified support for his controversial "share the profits" plan before leading the union into contract negotiations with the five major auto producers this spring.

BEING FIRST HABIT

Reuther is the first major labor leader who has sought a profit-sharing plan as part of a contract — but he has made a habit of being first.

He led the fight that gained the first "escalator clause" contract, tying wages to the cost of living. Three years ago, he won the first contract with a so-called guaranteed annual wage.

Reuther was born and brought up in the labor movement. His father, Valentine, was a power in the local organization in Wheeling, W. Va., and Reuther quit school at 15 to become an apprentice tool and die maker. He was soon fired for organizing workers.

FIRED BY FORD

He went to Detroit to work, completed high school and three years at Wayne University at night, and was fired by Ford for union organizing in 1933. He and his brother, Victor, toured Europe and studied continental labor movements by working their way in factories.

Reuther returned to Detroit and at 28 organized nearly 30,000 UAW members in one year. He was elected to the UAW Executive Board.

He was beaten severely in the "battle of the overpass" at the Ford Rouge Plant in 1937, slugged in his home in 1938 by thugs and in 1946 became UAW president. Two years later a shot-gun blast through his kitchen window nearly tore off his right arm, which has been crippled as a result. The assailant never was found.

★ ★ ★

Reuther succeeded the late Philip Murray as president of the CIO in 1952, holding the job until the AFL-CIO merger four years later. He is a vice-president of the merged group and considered a good bet for eventually succeeding George Meany.

House Probing Defense Setup

Armed Services Unit Calls Upon Gen. Gavin for Testimony

WASHINGTON (AP) — A House committee forged ahead today with its investigation of the military structure as a Senate subcommittee called for "decisive action" on a 17-point program to modernize the nation's defenses.

Meanwhile, Senate leaders were expected to push action on a $1,410,000,000 emergency defense money bill which the House approved by a 388-0 call vote.

Lt. Gen. James M. Gavin, Army chief of research and development, was called by the House Armed Services Committee to testify behind closed doors.

He created a stir earlier this month when he decided to retire March 31 in protest against certain Defense Department policies.

Chairman Vinson (D-Ga) told a newsman he has been impressed by testimony already received which he said indicated there has been no harmful effect on the missiles program from interservice rivalry, as Gavin contends.

The Preparedness subcommittee listed reorganizing and strengthening the Defense Department among its 17 recommendations, but took no position on just how it should be done.

Other recommendations — all worded broadly — included stepping up production of intermediate (1,500-mile) range ballistic missile and the Atlas intercontinental (5,000-mile) ballistic missile, and accelerating development of the Titan ICBM.

★ ★ ★

They called for modernizing and strengthening the nation's manned bomber force and for dispersing it more widely. And they proposed more effort in developing antimissile missiles and expanding the nation's submarine fleet.

Also urged were improvement of warning and detection systems, development of a rocket powerful enough to reach the moon, expanded research, and civil defense measures.

The 17-point program was approved unanimously by the Senate subcommittee as it wound up more than 100 days of investigating U. S. defenses in the wake of Russia's earth satellite firings. Action already has been taken on a number of the points on the subcommittee list.

Sarah Churchill to Join Father on Riviera Trip

HOLLYWOOD (AP) — Friends say actress Sarah Churchill will leave next Wednesday by plane to join her father, Sir Winston Churchill, on the French Riviera for about six weeks.

She will leave after completing the filming of a television drama starring her. The program will be shown Friday.

★ ★ ★

Miss Churchill was described as still "wan and sad." She pleaded guilty and was fined $50 last week after being arrested at her Malibu Beach home on a drunk charge. She said at the time she was emotionally upset.

Denver Police Foul Up

DENVER (AP)—The police had to call off their annual auction of unclaimed stolen property after it barely got started.

It was discovered the auctioneer (1) didn't have a license and (2) hadn't posted the required $2,000 bond. Another auction will be held later.

Lapeer Murder Trial Nears End

Jury Expected to Get Case Today; Defense Witnesses Called

The Lapeer County murder trial of Mrs. Juanita Tucker, 44, of Elba, was expected to go to the Circuit Court jury today following testimony by witnesses for the defense. She is charged with first degree murder in the shooting of her brother-in-law Neil Kirby, 35.

Kirby died Nov. 3 after being shot in the Tucker home during a family argument over a Halloween prank.

The quarrel started when Tucker rebuked his sister, Mrs. Pearl Kirby, for allegedly throwing water on trick-or-treat callers Halloween night.

Yesterday, defense attorney Hebert Devine of Flint made a motion to dismiss, stating that there was no evidence of either first or second degree murder. Judge Timothy C. Quinn denied the motion.

Sudden Surge in Crime Troubles Los Angeles

LOS ANGELES (AP)—The police chief says "Los Angeles is likely to turn into a second Chicago, crime-wise."

★ ★ ★

Chief William H. Parker told a City Council committee the "criminal cartels of the world are positioning for action here."

★ ★ ★

"We have lost control of the crime problem in Los Angeles," he added. "Crime, so far in 1958, is running 35 per cent ahead of last year, and last year was bad."

Parker blamed "court decisions restricting evidence" and insufficient policemen.

NOTICE OF REGISTRATION
VILLAGE OF ORCHARD LAKE, MICH.

The village clerk of the Village of Orchard Lake will be in her office in the Orchard Lake Village Hall located at the corner of Orchard Lake road and Long Lake road on Monday, February 3, 1958, from 8:00 o'clock a.m. to 8 o'clock p.m., Eastern Standard Time, for the purpose of completing the registration of electors of said village for the forthcoming special election. This election is for the purpose of voting a proposed amendment to the charter of the Village of Orchard Lake which presently permits the sale of property owned by the village by public sale only, to permit such sale to be made at private or public sale, at the commission's discretion, and subject to existing requirements of the approval of the electors. Such election will be held on Tuesday, March 4, 1958. Registration may also be made with the village clerk at any time up to and including February 3, 1958, excepting Saturday afternoons and Sundays.

LUCILLE M. SMITH, Clerk
Village of Orchard Lake
Orchard Lake, Michigan
January 15, 1958
Jan. 21, 24

NOTICE OF SALE
$317,000
CITY OF PONTIAC
OAKLAND COUNTY, MICHIGAN
TAX ANTICIPATION NOTES

Sealed bids for the purchase of tax anticipation notes of the City of Pontiac, Oakland County, Michigan, of the par value of $317,000, will be received by the undersigned at her office in the City Hall, Pontiac, Michigan, until 8:00 o'clock p.m., Eastern Standard Time, on Tuesday, the 4th day of February, 1958, at which time and place they will be publicly opened and read.

The notes will be dated February 1, 1958, and will mature September 1, 1958, and will bear interest at a rate not exceeding 4% per annum. Both principal and interest shall be payable at such bank or trust company as shall be designated by the purchaser of said notes. Denominations of the notes shall be at the option of the purchaser. Each bid shall state the annual interest rate upon which it is submitted expressed in multiples of ¼ of 1%. Accrued interest to date of delivery of the notes shall be paid by the purchaser at the time of such delivery. The notes are to be issued in anticipation of the collection of the 1958 capital improvement taxes.

For the purpose of awarding the notes the interest cost of each bid will be computed by determining at the rate specified therein the total dollar value of all interest on the notes from March 1st, 1958 to their maturity and deductine therefrom any premium. The notes will be awarded to the bidder whose bid on the above computation produces the lowest interest cost to the city. No proposal for less than all of the notes or at a price less than their par value will be considered

A certified or cashier's check in the amount of $6,000 drawn upon an incorporated bank or trust company and payable to the order of the Treasurer of said city must accompany each bid as a guarantee of good faith on the part of the bidder. No interest shall be allowed on the good faith checks. Checks of the unsuccessful bidders will be promptly returned.

Bids shall be conditioned upon the unqualified opinion of Berry, Stevens & Moorman, attorneys, Detroit, Michigan, approving the legality of the notes. The cost of such opinion will be paid by the city. The purchaser shall furnish notes ready for execution at his expense. The executed notes will be delivered at Detroit, Michigan, or such other place as may be agreed upon between the city and the purchaser.

The right is reserved to reject any or all bids.

Envelopes containing the bids should be plainly marked "Proposal for Notes."

Dated: January 23, 1958.

ADA R. EVANS,
City Clerk
Jan. 24, '58.

STATE OF MICHIGAN—In the Probate Court for the County of Oakland, Juvenile Division.

In the matter of the petition concerning Betty Jo Hicks, minor. Cause No. 19704.

To Mary Hicks Horner, mother of said child.

Petition having been filed in this Court alleging that the whereabouts of the mother of said minor child are unknown and the said child is dependent upon the public for support, and that said child should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Court House in the City of Pontiac in said County, on the 11th day of February, A.D., 1958, at one o'clock in the afternoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in The Pontiac Press, a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said Court, in the City of Pontiac in said County, this 21st day of January, A.D., 1958.

(Seal) ARTHUR E. MOORE.
(A true copy) Judge of Probate
ELSIE J. VASCASSENNO.
Deputy Probate Register.
Juvenile Division
Jan. 24, '58.

ORDINANCE NO. 22

An Ordinance to repeal Section 12.A (1) and Section 12.A (2) of Ordinance No. 2, as amended, being commonly known as the Independence Township Zoning Ordinance, and to adopt Section 12.A (3), as a new section to said ordinance, to prohibit commercial gravel mining in the Township of Independence, and authorize the removal of earth by a land owner, in its natural state.

Section 1. Section 12.A (1) and Section 12.A (2), of Ordinance No. 2 as amended, being commonly known as the Independence Township Zoning Ordinance, shall be, and they are hereby repealed.

Section 2. Ordinance No. 2, commonly known as the Independence Township Zoning Ordinance is hereby amended to provide as follows:

Section 12.A (3). No land, in the Township of Independence, shall be used for commercial gravel mining. Commercial gravel mining shall not be construed to mean the removal of any earth by a land owner, land contract purchaser, or the agent of such parties, in its natural state and without processing, for the purpose of construction of a building, leveling of land, or such other purpose not commercial in nature, as may be approved by the Board of Appeals of the Township of Independence Zoning Ordinance, above the level of any public highway adjacent to such land, which operations shall be completed within one (1) year following the date of commencement thereof.

Passed and adopted, at a regular meeting of the Township Board, at the Township of Independence, Oakland County, Michigan, on the 21 day of January, A.D., 1958.

DUANE HURSFALL,
Supervisor
HAROLD J. DOEBLER,
Township Clerk
Jan. 24, '58.

To Take Up X-15 Late in Year

Two Named Space Pilots

LOS ANGELES (INS)—The Air Force has picked the pilots it will use on the first manned flights into outer space.

They are Capt. Ivan C. Kincheloe, a 29-year-old pilot stationed at the great test center in the Mojave Desert, Edwards Air Force Base; and Joseph A. Walker, 36, chief test pilot for the National Advisory Committee for Aeronautics.

Both, in separate flights, will pilot the X-15 when it soars perhaps 100 miles into space next year.

The plane, a veritable experimental laboratory, is still in the process of being built by North American Aviation. It will be ready for its test flights late this year.

Before it is turned over to the Air Force it will be test flown by Scott Crossfield, a civilian test pilot, but he will not push the plane to either its top speed or altitude. That will be left for Capt. Kincheloe and Walker.

★ ★ ★

Capt. Kincheloe is an experienced high-altitude flier. He took the X-2, the second of a series of experimental ships, to a record 126,000 feet in 1956.

It is planned to launch the X-15 from a B-52 at an altitude of 35,000 feet. It will be flown on its outer space leap on a course from Edwards to Wendover AFB, near Salt Lake City, and back.

The two pilots, discussing the forthcoming flights yesterday, said they felt no fear at all for their personal safety.

Hearing for Henson Still Not Completed

The pre-trial examination of Frank W. Henson, 54, of Hazel Park, accused of the slaying of his wife last month, stretched to a third day, as conflicting testimony marked the second day yesterday.

★ ★ ★

Athol Crouch, a Hazel Park barber, told Municipal Judge Robert C. Baldwin that he cut Henson's hair sometime between 10:30 a.m. and noon on Dec. 23, the day the former factory worker found his wife dead on the kitchen floor.

William E. Lang, assistant Oakland County prosecutor, read a statement taken by him from Henson on that day quoting Henson as saying was was in the barber shop at 4 p.m.

Adjourning Thursday at 4:30, Judge Baldwin set next Wednesday morning for the resumption of the examination.

Henson is free on a $5,000 bond granted last week by Circuit Judge Frank L. Doty.

Crosby's Son Going Seriously With Showgirl

HOLLYWOOD (INS) — Dennis Crosby, one of crooner Bing Crosby's sons, is engaged informally to a statuesque blonde showgirl who is three years older than he is. He is 23 and she is 26.

★ ★ ★

The girl is Pat Sheehan, who is working currently at the Tropicana in Las Vegas.

★ ★ ★

Over the telephone she said:

★ ★ ★

"Denny and I have not announced an engagement. I love him and he loves me, but so far we have no definite wedding date.

★ ★ ★

"Denny was here to see me, but he is now in Palm Springs visiting his father."

★ ★ ★

Dennis is Philip Crosby's twin brother.

Attempts to Lower Speeds by Schools

State Representative Lloyd L. Anderson of Waterford Township has introduced in the House an amendment to the state motor law, allowing unincorporated areas to reduce speed limits to 25 miles per hour around schools.

Under the revision, the local authorities could lower the speed limit to not less than 25 on highways under their jurisdiction, for a distance of 500 feet from the school boundaries.

Anderson said this would bring an additional safety factor for turning school buses and children walking and playing near schools. The measure has been referred to the road and bridges committee.

Bank to Open in Gobles

KALAMAZOO (AP) — The nearby village of Gobles, which has been without a bank for 25 years, will celebrate the opening Friday of a branch of the First National Bank and Trust Co. of Kalamazoo.

Card of Thanks 1

WE WISH TO THANK OUR MANY friends and neighbors for the kindness and floral offerings for our loved one, Charles Deason. Special thanks to the Rev. Widdifield for his comforting words, the B.M.P.I.U. Local 29, also Donelson - Johns Funeral Home. Mrs. Jessie Deacon and Joan.

In Memoriam 2

IN LOVING MEMORY OF BENjamin H. Blackburn, who passed away 7 years ago, Jan. 20, 1951.
Deep in our lives is a lonely spot.
Your bright face used to fill;
But nothing can take your memory,
That shines there and always will
The memories are jewels,
That no one can steal;
Death is a heartache,
That only Jesus can heal.
Some may forget you,
Now that you are gone;
But we shall remember you,
No matter how long.
A silent thought, a secret tear,
Keeps our memory forever dear.
Sadly missed by two daughters, Mrs. Betty Olmstead, Mrs. Vera Costello; also four sons, Howard, Sam, Bob and Wayne.

IN LOVING MEMORY OF AGNES M. Richardson, who passed away Jan. 23rd, 1957.
Take her in thine arms, dear Lord,
And ease her pain
A messenger of love
Between our hearts and Thee.
Sadly missed by her children.

IN LOVING MEMORY OF MY husband, John Turnbull, who passed away Jan. 24, 1957.
It is lonesome here without you,
And sad and weary the way;
Life has not been the same
Since you were called away.
Sadly missed by Wife and Son

IN LOVING MEMORY OF OUR beloved brother, John F. Turnbull, who was taken from us January 24, 1957.
You said goodbye to none,
Your loving heart had ceased to beat,
Before we knew that you were gone,
God saw that you were suffering,
And the hills were hard to climb;
And so he closed your weary eyes,
And whispered, peace be thine.
Sadly missed by Brothers and Sisters

IN LOVING MEMORY OF THOMas H. Thor who passed away 7 years ago Jan. 24, 1951.
So many thoughts of you we treasure
To see you would be such a pleasure
To hear your voice and see you smile,
And have you with us all the while.
Sadly missed by Dad, Mother, Sister, Brothers, Son & Nieces.

5:30 (9) Wild Bill Hickok.

More than a million small trees are being grown near Clinton, Tenn., for distribution by the TVA in the soil conservation program.

CHANGING HIS TUNE — Frank Sinatra, shown here rehearsing for a television show with Bing Crosby, is revamping his weekly TV program, which has been a disappointment to many viewers. The Voice has been getting poor ratings, and he hopes an improved show will attract a larger audience. Frank's musical-drama series is telecast by ABC on Fridays at 9 p. m.

Frankie Fights Poor Ratings

Actor-Crooner Staging More Live Programs and More Musicals

By CHARLES MERCER

NEW YORK (AP) — Frank Sinatra will try to improve his weekly Friday night ABC-TV show.

He plans to do more musicals and more live shows. Finding that he works better before an audience, he will so perform all his musicals on television.

Thus far, his weekly program has been a disappointmnt to many viewers. It held great expectations; it was one of the most widely publicized of the season's new programs.

There are rumors that both the opposition NBC-TV and CBS-TV were fearful that Sinatra would clobber them in the audience ratings.

★ ★ ★

At present, however, Mr. Adams and Eve on CBS-TV is running ahead of Sinatra in the nationwide Trendex ratins. On NBC-TV, M Squad is only slightly behind him.

What is wrong with the Sinatra show?

A FINE SINGER

Before his fans start writing nasty letters, let me say that I'm a Sinatra fan too. I think he's a fine singer. To my mind he's one of the best actors visible.

★ ★ ★

Unfortunately, Sinatra has not yet sufficiently displayed his acting talents on his weekly TV show.

Without knowing anything about his TV production schdule, I get the impression from watching his shows that they have been put together in great haste.

A regular weekly TV variety show is almost a full-time job for any performer; care and diligence pay off when the show goes on the air.

★ ★ ★

I also get the impression that Sinatra is doing something he never has done in the movies or in his outstanding guest appearances on Dinah Shore's TV show: He is condescending to his audience.

WRONG FOR FRANK

Perhaps that impression of disdain is created by his opening spot, in which he hands his hat to one person, his coat to another, and steps upon a pedestal.

Jimmy Durante used to handle the hat and coat routine with great warmth in his TV show, it's wrong for Sinatra.

Let's hope Sinatra makes the improvements he reportedly will try to achieve.

Reveals 'Inside' Story of Song Writers' Split

By EARL WILSON

NEW YORK—My wife's always nagging me to write short stories and just to prove I can't, I'll spin you a true yarn about that great song-writing team which I'll call "Hal and George."

The story, right out of the Wilson Off-the-Record Notebook, is true. The names aren't.

WILSON

"Hal, tell me exactly what broke up you and Georgie?" I asked the lyric-writing member of the team the other day.

"We had a personality conflict," shrugged Hal. He ordered plain soda. He doesn't drink—any more.

★ ★ ★

"You see," explained Hal, "when we started, I was single. I only cared for booze and babes.

"Then one night George invited me to his Park Avenue house for dinner.

"How wonderful it was! He had a lovely wife, dignified, tall, stately . . . two handsome sons. When his wife tinkled the little bell, the maid brought the soup. It was so nicely organized, I said to myself 'This guy's got it made.'

"I thought, 'I gotta give up my crazy bachelor life on Broadway and get me a home and family.' I did—I even live on Park Avenue now.

"But George had come over to my West Side trap a few times.

"He saw all the young babes and the booze and the riot I was living in and he got indignant. "He said to himself, 'This guy's got it made. I gotta get away from this strict family life and live it up like he does.'

"So," said Hal, helplessly, "he got a divorce, gave his wife their fine house, took a big Broadway joint with plenty of room for the booze and the babes, and now he says he's got it made. He's living the life of Hal and he's happy."

"I still don't see why you broke up," I said.

"Goodness gracious!" exclaimed Hal. "How could there be any collaboration between two men with such conflicting philosophies of life?"

THE MIDNIGHT EARL . . .

One $1,000 diamond and 224 glass imitations were given out at a party for **Carol Channing**, hosted by **Anita Loos** and **Earl Blackwell**. So far the real rock hasn't shown up, so some party guest may still be carrying it around unknowingly.

Ertha Kitt quit a Montreal cafe show after a hassle with the owner . . . Wacky new film title: "Rock 'n' Roll Schoolteacher," with **Jesse Buchan** . . . **Gina Lollobrigida** is suing a Paris film company for $400,000, claiming breach of contract.

Kay Kendall's recent gift to **Rex Harrison**: a $1,500 mink-lined sweater . . . **Rhonda Flemming's** opening a west coast fishing lodge.

WISH I'D SAID THAT: A Broadwayite, famed for his tightfistedness, says his mission in life is helping those less fortunate than himself. But so far he hasn't found any . . . **That's earl, brother.**

JESSE

Disc Data and Chatter — Music in the Round — by Dick Saunders

Whether you are a lover of pop music, rock 'n' roll, show tunes, jazz, or mood music, or if you are a record collector, this column will attempt to keep you up to date on the best sellers in the Pontiac area while offering a few biased suggestions and recommendations of our own.

According to a poll of the major Pontiac area record shops, "Get a Job" by the Silhouettes is the most consistent top seller in single discs this week.

Not far behind is "Short Shorts" by the Royal Teens.

Others in the top five are "I Beg of You" by Elvis, "Sail Along Silver Moon" by Billy Vaughn, and "At the Hop" by Danny and The Teenagers.

★ ★ ★

ALBUMS: Best LP of movie music in a long while is "Farewell to Arms" (Capitol W-918) . . . a bit on the heavy side, but the sound track orchestrations are excellent.

The "Pal Joey" (Capitol W-912) sound track LP is by far No. 1 in sales and a very tasty tidbit.

"Symphony for Glenn" (Transworld 207) by the German Philharmonic Orchestra is different and delightful. A recommended "must" for Miller fans.

★ ★ ★

THE JAZZ NEST: Healthiest egg of the batch is Ruby Braff's "Hi-Fi Salute to Bunny" (RCA Victor LPM-1510). Braff, so tasteful and inventive on his other works, is the perfect choice for this LP. Among those surrounding him, the most understanding of the material used is Pee Wee Russell, who adds much soul to the session.

Jazz fans of all ages should take this one home to mama—especially Berigan rememberers.

A terrific item for moderns is "Groovy" (Prestige 7133) by Red Garland. The redhead is excellent here in offering some truly astounding piano trends.

Are you from Dixie? Are you a hi-fi addict? You will find "mouldie" old-style music in the extraordinary package by Doc Evans & Knocky Parker & Friends on Audiophile AP-34. This is not new but should not be missed. The recording is technically fantastic! Best yet in 12-inch LP's.

Warning Issued on Investments

SEC Urges Congress to Tighten Controls for Better Protection

WASHINGTON (INS) — Congress has been warned that increasing numbers of "unsophisticated investors" are being lured into questionable get-rich quick schemes on the stock market.

★ ★ ★

The Securities and Exchange Commission asked the lawmakers to tighten federal requirements so investors can be protected and legitimate businesses can raise money needed for growth.

★ ★ ★

In an annual report to Congress, the SEC pointed out that amendments are pending to 87 provisions of the securities laws.

★ ★ ★

It said their approval is essential if the regulatory agency is to enforce adequately the laws designed to maintain "confidence and faith of the American public in the capital markets."

The SEC said that "uninformed and unsophisticated investors" fall prey to unethical salesmen promoting unknown and speculative securities as "unusual opportunities for gain."

The SEC told Congress that the answer is "more vigorous and accelerated" enforcement possible under the proposed legislation.

Jury Will Never Hear Three Better Excuses

HARTFORD, Conn. (AP) — Edmund W. Clapp, 40, was acquitted of a drunken driving charge in Common Pleas Court.

He had been accused by the arresting officer of speaking incoherently, staggering when he walked and giving the general appearance of an intoxicated man.

Clapp told the jury has symptoms could be attributed to a speech impediment, a wooden leg and a fight with his wife.
