

2 Perish, 25 Survive, as Constellation Crashes

United Fund Drive Will Open Tuesday

Workers Meet for Breakfast at Boys' Club

Goal of \$487,200 Set to Aid Local, State and National Agencies

A kickoff breakfast at Pontiac Boys' Club Tuesday will officially launch Pontiac Area United Fund's 1953 campaign.

The Rev. George Widdfield of All Saints Episcopal Church will be main speaker at the 8 a. m. rally for all workers in the drive. The campaign to raise \$487,200 for 53 local, state and national social agencies is scheduled to end Nov. 6.

Harold A. Fitzgerald, United Fund president, will preside at the breakfast, sponsored by the Pontiac Press, Pontiac Boys' Club Mothers' Club, with its president Mrs. Kenneth Nichols, as chairman, will serve the meal.

All solicitors, group captains and chairmen are invited to a "campaign report" luncheon Oct. 28 and final awards luncheon Nov. 9, both at Pontiac Elks' Temple. Awards will be made at the luncheon to campaign workers credited with outstanding achievement in the 1953 drive.

The Pontiac area united drive embraces Waterford Township this year for the first time. Other areas covered are Pontiac City, Pontiac Township and the northern section of Bloomfield township.

Three local agencies which formerly staged their own supplemental fund drives have canceled them and joined in the 1953 United Fund campaign.

These are Oakland County Chapter, American Red Cross, North Oakland Chapter, American Cancer Society, and Pontiac Boys' Club.

Record Topples as Temperature Hits 85 Degrees

A new temperature record for this date was established today when Pontiac area's thermometer weather sent the mercury climbing to 85 degrees. The previous high for Oct. 19 was 81 in 1950.

Meanwhile, the U. S. Weather Bureau reported that the warm weather will continue at least two more days.

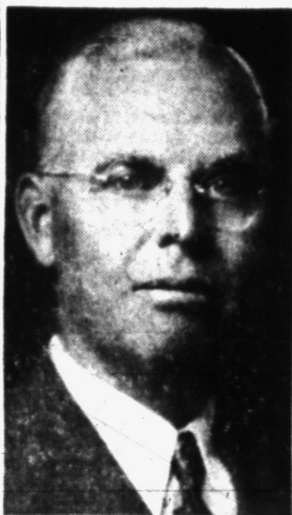

Tomorrow will be generally fair, with temperatures in the mid-80s. A low of from 50 to 58 degrees is expected tonight.

Sunday's high of 82 matched the all-time record for that date established in 1950. The low yesterday was 47 degrees.

Temperatures in the middle 80s are expected to prevail throughout the state until Wednesday, when scattered showers are forecast.

Today at 8 a. m. the mercury registered 82 degrees. At 2 p. m. in downtown Pontiac the reading was 85.

Banker Dies

N. W. PETERSON

N. W. Peterson Dies on Visit to Kansas City

Official of Community National and Wife at Home of Daughter

Word was received this morning of the sudden death, due to a heart attack, last night in Kansas City of N. W. Peterson, executive vice president of the Community National Bank.

He and Mrs. Peterson had gone there about two weeks ago to stay with their granddaughter while their daughter, Maxine, and her husband were away from home on a trip. He was taken ill Sunday afternoon and died during the night.

Associates at the bank had expected him back today. Mr. Peterson was born at Jennings, Mich., Dec. 20, 1891, son of P. Alfred and Caroline Sunborn Peterson. He was graduated from Ferris Institute and entered the banking business here with the American Savings Bank, where he was cashier from July of 1919 to Dec. 31, 1921.

From 1922 until 1933 he was assistant treasurer of the Wilson Foundry & Machine Co., and then joined the staff of the Community National Bank as cashier. He was executive vice president of this bank at the time of his death.

He was commissioned a second lieutenant at Camp Ft. Sheridan in 1917. He served overseas with the 42nd and 43rd divisions and was promoted to sergeant, a first lieutenant, in July of 1918.

Mr. Peterson was a member of the First Presbyterian Church, and also was a former director of the Chamber of Commerce. He was a charter member of the Orchard Lake Country Club, member of the Knights of Pythias, the Kiwanis Club, Canada Creek Club and the Pontiac City Club.

He was a former president of the Oakland Area Council Boy Scouts of America, and had played an active part in financing the rebuilding and expansion program at the camp during the past few years.

He married Mildred Buckner in Pontiac, June 1920. His widow and one daughter, Mrs. Paul (Maxine) Rich, and a granddaughter, Tina Louise, survive. His daughter and her family make their home at 1938 E. 72nd St., Kansas City, Mo.

Other survivors are two sisters, Mrs. Hattie Nelson of Manton, Mrs. Leila Anderson, Grand Rapids; and one brother, Emil P., of Detroit.

Members of his family are expected to return to Pontiac Tuesday afternoon.

Cardinal Mooney Heads for Detroit Via Paris

ROME (UP) — Edward Cardinal Mooney, archbishop of Detroit, left Paris en route home.

The archbishop came here for the dedication of the new pontifical North American College for American student priests.

Roller Coaster Wild, Injures 6

Amusement Train in Dallas, Out of Control, Smacks Into Second

DALLAS (UP) — A runaway roller coaster whizzing an estimated 40 miles an hour smashed into another being loaded at the state fair last night. The impact sent hurt and terrified passengers in the second coaster on a 25-cent nightmare round trip that could not be stopped.

Six persons were injured, none critically.

Fred Mahyall, 21, sitting on a bench in the loading shed, watched helplessly as the runaway coaster bore down.

"Two of my friends had just gotten on the car at the dock. I didn't want to ride. I just sat down to wait for them. I saw the other car coming and fast. It must have been going 40 miles an hour."

"Two girls on the incoming car screamed. Then it hit. After that, there were a lot of screams and everybody started pulling people out of the car and stretching them out on benches."

The second car was knocked about 20 feet—far enough to be hooked by automatic cables that sent it climbing relentlessly up the first steep grade.

Screams filtered down to crowds milling in the busy midway. The roller coasters do not have drivers. Cables raise them up grades and let go as they whistle down the other side. Attendants stop the cars by pulling levers, which clamp wheels against the rails.

Unable to stop it, attendants watched the silver "thrill wagon" complete the three-minute trip around the track. They braked it to a stop at the loading shed.

Police were investigating whether mechanical or human error resulted in the accident.

They sidetracked both damaged cars. After a third car was sent on several test runs, people lined up again at the ticket window.

Trygve Lie to Visit

DRETOIT (UP) — United Nations Week will be highlighted in Michigan next Sunday by the Detroit visit of Trygve Lie, first secretary-general of the U.N.

Under this plan, Red China rather than Nationalist China would be included among the Big Five. The others are the United States, Britain, France and Russia.

The earlier Allied proposals for the conference called for only the belligerents — with Russia sitting in on the Communist side if invited by the Reds.

The Reds had asked for a round table meeting, with five-nations—

FINAL PREPARATIONS—Hunters who go afield when the small game season opens have been busy the past week in final workouts with their hunting dogs. Shown above are Richard Avery, left, of 127 Monterey Blvd. and Scott Zimmerman, of 875 Orlando Ave.

15 State Deaths Over Weekend

Victims Include Dead in Traffic, Drownings and Plane Crash

By UNITED PRESS

Traffic accidents, two drownings and a light plane crash combined to kill at least 15 persons in Michigan during the weekend.

A tally showed that 12 persons died in traffic mishaps, two drowned and Frankmuth Police Chief Nick Resinor, 31, was injured fatally when a light plane he was piloting crashed on a farm near Frankmuth.

Resinor died in a Saginaw hospital Sunday night of a skull fracture and internal injuries. The owner of the plane, Charles Arducci of Birmingham, was injured seriously.

The drowning victims were F. E. Thomas, 48, Royal Oak, and Virginia Wellings, 18-month-old daughter of Mr. and Mrs. Robert Wellings of Blanchard.

Thomas drowned early Sunday when he fell from a boat operated by Detroit attorney F. M. Hall on Lake Fenton north of Fenton. The Wellings girl fell into the Muskegon River near her grandparents' home at Stanwood.

The worst Michigan crash killed three persons six miles south of Homer in Calhoun County Sunday. The victims were Eldon Grider, 56, Homer, Leroy E. Kurtz, 69, Jackson, and Kurtz's wife, Dora, 67. Police said cars driven by Grider and Kurtz crashed head-on.

Two-year-old Randy Lee Taylor, East Lansing, was killed Saturday in the driveway of his home when he was crushed under the wheels of his father's car backing out of the garage. Four-year-old Douglas Allen Carter, Ludington, was struck and killed while playing in the street in front of his home.

Other traffic victims included: Louis Sykhet, 46, Birch Run, whose farm tractor overturned (Continued on Page 2, Col. 3)

But Wait Until 10 O'Clock

Tuesday D-Day for Hunters in Southern Part of State

By JACK PATTERSON

Tuesday spells D-day for many a southern Michigan small game hunter.

At 10 a. m. tomorrow ring-necked pheasants, ruffed grouse, fox and gray squirrels and rabbits become legal game in zone 3, the last of Michigan's hunting divisions to open.

Zone 3 is that part of the lower peninsula south of highway M20, which runs between Muskegon and Bay City, and includes, in addition, all of the Thumb.

Pheasants and squirrels also go on the open list for the first time in the '53 season in zone 2, which is the northern half of the lower peninsula.

Hunters in both zones 2 and 3 should bear in mind that no hunting, even for waterfowl, is legal on Oct. 20 before 10 a. m.

After opening day and for the balance of the season, the legal starting time will be 6:00 a. m.

While each variety of game bird and animal has its share of dedicated followers, that wily immigrant from Eastern Asia, old John Pheasant is calculated to steal the show for the next couple weeks.

And if advance reports mean anything, this year's pheasant hunter should find birds in numbers reminiscent of the '30's when Michigan's Thumb area was the hottest spot in the U. S. for ring-necks.

Limits remain the same as last year, 3 cocks per day, 4 in possession, 1 for the season. Hunters will have until Nov. 10 to try their skill at the gaudy roosters.

With all counties except two or three in the center of zone 3 showing a marked increase in birds, this year's pheasant hunter will find much greater area affording top notch shooting than he's had in many seasons.

Second only to the ring-neck in popularity, the cottontail rabbit can be expected to provide sport for an army of hunters. Rabbits appear to be more plentiful than last year in most areas.

Limits remain the same: 5 a day, 10 in possession and 50 for the season. (Continued on Page 2, Col. 2)

The board acted after the St. Louis Post-Dispatch reported the FBI as saying the police report on what happened to the money found with Hall contains discrepancies.

According to the official report, the newspaper said, Hall and two suitcases stuffed with money were taken to the Newstead Avenue Police Station here immediately following the capture.

Back to Work

BERKELEY, Calif. (UP) — Maj. Gen. William F. Dean, a Medal of Honor winner who recently came back from three years of Communist imprisonment in Korea, will leave for Washington and Army re-assignment tonight.

Chiang's Guests

TIAPHE, Formosa (UP) — Gen. John K. Cannon, chief of the U. S. Tactical Air Command and his staff were dinner guests tonight of Chinese Nationalist President Chiang Kai-shek.

Both Presidents were to speak at the dedicatory ceremony. Neither was expected to make a major address, and it was indicated early that both would dwell extensively on international and cooperative efforts for peace and progress.

At the end of the meetings, Dulles took a plane last night

Mother, 5 Tots Perish in Fire

Father Tries in Vain to Save Family Trapped in Pennsylvania Blaze

AMBLER, Pa. (UP) — A mother and her five children are dead in one of the worst fire tragedies in the history of this suburban Philadelphia community.

The husband and father of the victims and four guests of the family escaped the blaze which swept through their three-story home early yesterday.

An oil stove explosion touched off the blaze, firemen reported, and in seconds flames shot up an open stairway leading to the upper two floors.

The victims were all trapped in their third floor bedrooms. Two people on the second floor escaped.

The father, John Duckett Sr., 32, was on the first floor with a friend, Stanley Tate, 23, when the explosion occurred. The pair tried in vain to get up the stairway but finally had to flee from the burning home.

Meantime, Eva Dean, 17, Duckett's sister-in-law, and Louella Robinson, 24, climbed from a second floor bedroom to a shed roof and thence through the window of an adjoining residence.

Firemen raised extension ladders to the third floor in an effort to reach the trapped family but were driven back by the flames.

Duckett's wife, Dora, 29, was found lying in the doorway of the front bedroom with 3-month-old Ariene in her arms. The rest of the children, John R., 6; June S., Dorothea, 4, and Calvin, 3, were found huddled on the floor of the bedroom.

The city of 5,000 has long been the administrative center for the Communist-led rebels operating in Central Viet Nam.

Big 3 Foreign Ministers Seek Meeting With Russia

LONDON (AP) — The Big Three foreign ministers have invited Russia to meet with them next month to discuss Germany, Austria and European security. Winding up a three-day conference last night they also took dramatic steps to deal with all other major tensions threatening the world.

The three—U. S. Secretary of State Dulles, British Foreign Secretary Eden and French Foreign Minister Bidault—also invited Italy and Yugoslavia to a five-nation meeting on the Balkan powder-keg issue of Trieste.

During these intensive meetings the top Western diplomats also discussed Korea, the possibility of a later meeting of the Western chiefs of state with Soviet Premier Malenkov, the turbulent Middle East questions with emphasis on the latest Israeli-Jordan border flare-up and France's seven-year war against the Reds in Indochina.

There was an unconfirmed report that Britain's Prime Minister Churchill had sounded out Dulles and Bidault on how the American and French governments would feel if he should seek a meeting alone with Soviet Premier Malenkov.

At the end of the meetings, Dulles took a plane last night

Eastern Liner Plunges, Burns in Idlewild Fog

Flight for Puerto Rico Tumbles Only Seconds After Takeoff

NEW YORK (UP) — Two persons were killed and 25 others miraculously escaped death today when an Eastern Airlines Constellation crashed in flames at fog-shrouded International Airport only seconds after taking off for Puerto Rico.

The dead were identified tentatively as George Fisher of Hartford, Conn., and Dr. Juan Bajandas of Puerto Rico.

One person among the 22 passengers aboard the huge four-engined plane escaped unscathed. He was E. P. Wayne, 59, a federal employee returning to his home at San Turce, Puerto Rico.

The stewardess and purser were the only ones of the crew of five who were injured. The pilot, copilot and chief engineer were not hurt.

The injured were taken to three Queens hospitals, which reported at least five were in critical condition.

The big silver ship attained only a height of about 25 feet when it dropped suddenly and skidded into a swamp at the south end of the airport, flames erupting from its left inboard engine. Authorities said only the fact the fuselage remained upright prevented a much larger death toll.

Witnesses said that Fisher was seen to emerge from the plane, flames swirling around him, when suddenly his legs buckle and he fell to the ground under the tail assembly.

"He was almost immediately burned to a crisp," a police lieutenant said.

Stewardess of St. Joseph Hospital, Far Rockaway, Queens, less than an hour after the crash.

The CAA said the plane received clearance to take off at approximately 12:56 a.m., after waiting more than an hour for a heavy fog to lift.

"When the aircraft was approximately half way down the run (Continued on Page 2, Col. 7)

Vietnamese Close In on Red Rebel Base

HANOI, Indochina (UP) — French and Vietnamese forces knitting into enemy Vietminh territory south of the Red River delta have pushed close to the big rebel base at Thanh Hoa without a serious fight.

Only minor resistance was reported yesterday as French unit troops which were put ashore last week along the Gulf of Tonkin 25 miles south of Thanh Hoa advance to within 12 miles of the town. A second spearhead driving toward the Thanh Hoa from the north was reported within 25 miles of it.

The city of 5,000 has long been the administrative center for the Communist-led rebels operating in Central Viet Nam.

Communists Accept U.N. Offer to Meet at Panmunjom

TOKYO (UP) — The Communists agreed today to a U.N. proposal for a meeting at Panmunjom next Monday to make plans for the Korean peace conference but they insisted on the right to decide there what nations will take part.

The United States and its allies have insisted just as strongly in earlier notes that the preliminary meeting settle only the time and place of the conference.

A Peiping radio broadcast heard here said the Red note—signed by the leaders of Communist China and North Korea—was sent to the United States through neutral Sweden.

The Red note came as there were reports from London that the Western foreign ministers had agreed secretly on a new and entirely different proposal for the conference membership—the Big Five and North and South Korea.

Under this plan, Red China rather than Nationalist China would be included among the Big Five. The others are the United States, Britain, France and Russia.

The earlier Allied proposals for the conference called for only the belligerents — with Russia sitting in on the Communist side if invited by the Reds.

The Reds had asked for a round table meeting, with five-nations—

Russia, India, Pakistan, Thailand, Burma—sitting in as neutrals.

The latest Red note as broadcast by Peiping capped a long exchange of messages between the Allies and the Communists on the conference.

The Reds proposed Oct. 10 that U.N. and Communist representatives meet in Panmunjom to discuss the time, place and most controversial—the composition of the conference.

The first Red answer came only after four prodding notes from the United States urging a quick reply whether the Reds intended to take part and when.

The United States and its 16 war partners answered the Reds last week in a carefully-worded note suggesting that the two sides send delegations to Panmunjom Oct. 26 to discuss plans for the conference.

However, the Allied note stressed that the U.N. representative—special State Department consultant Arthur Dean—would be prepared to discuss only "a time and place" for the conference and would not go into the dispute on its makeup what nations shall take part.

In their note the Reds again insisted that India, Indonesia, Burma, Pakistan and Russia be permitted to attend the peace talks as neutrals.

However, in its reply the U.N. gave no indication of changing its own plan for the conference—a meeting of the two belligerent sides only with the warring U.N. nations and South Korea on one side and China and North Korea on the other, plus Russia if she is invited by the Reds.

The Korean armistice terms set Oct. 28 as a deadline for the conference to begin.

Birmingham Commission to Hear Fourth Proposal on Troy Township Land

From Our Birmingham Bureau
BIRMINGHAM — A fourth proposal will be submitted to city commissioners tonight by the W. E. Reid Development Co., on zoning the 40 acre Porritt property, Troy Township land within the city.

Commissioners had asked further revision to include adequate parking area and forbid terraces or multiple dwellings, where the company proposes to construct a shopping center and duplex housing project.

A hearing will be held on the zoning and closing of Rugby and Cambridge roads from the city limits to Buckingham road.

The lawmakers are expected to take action on the city manager's recommendation that the city file a formal protest with Bloomfield township, the State Board of Health and the Water Resources Commission over development of the area in Bloomfield Township known as the Mercer Farm property.

Developers have made no arrangements for sewage treatment there, which will add to pollution problems in the upper Rouge Valley, according to the manager.

Springdale Park will be under discussion when it is recommended that a concrete block storage building not to exceed \$3,000 be built there, for storage purposes. Restricting the use of the park to Birmingham residents and limiting the use of the golf course to membership card holders will also be recommended.

Frank Trease, field representative for the Western Cartage and Winchster Arms Co., will show two films at tonight's 6:30 p. m. dinner meeting of the High Twelve Club. Both bird films, they are entitled, "Phenomena Galore" and "Realm of the Wilds."

Women of the First Methodist Church will assemble at 10:30 a. m. tomorrow for their last sewing session, making bazaar aprons.

Birmingham High School freshmen class parents will get an insight into the years of high school education ahead for their children at a meeting at 8 tonight in the Little Theater.

Ross Wagner, principal, and Mrs. Carol Darling, sixth grade adviser, will speak on studies, college entrance planning, and extra-curricular activities, to show what is available to the students, and what is not.

Under a new system, Mrs. Darling will remain with this class until graduation, advancing with the students as they pass into the tenth, eleventh and twelfth grades.

Police Lt. Henry Timm will also be on hand to discuss new driving regulations. Mrs. Charles Dybvig is program chairman.

Birmingham Exchange Club will meet at noon tomorrow for a luncheon at the Community House. The program to follow is being kept top secret.

No Village Player himself, perhaps the most excited person over the Player's performances of "Mr. Roberts," to be given Oct. 22-25 at the Playhouse, is 12-year-old Michael Murphy, 3049 Marshall, Southfield Township.

For the star of the play, as far as he's concerned, is "Jimmy," his pet goat, who will steal the show, Mike is sure.

The title role will be portrayed by John A. Gilray Jr., and the sadistic captain by W. Carleton Scott. Ensign Fulver, the comedy lead, will be done by Warren Hersey. Miss Elizabeth Hanna will take the role of the Army nurse, and will be surrounded by 17 other males.

The "gimmick" program originally scheduled for last week by Kiwanis Club members will be at tomorrow's 6:30 p. m. dinner instead.

Winner of the speech contest, where five chosen members will speak on their businesses for 4-5 minutes, (they'll be fined if the speech is longer or shorter) will receive as his prize, objects that all members will bring, pertaining to their own businesses.

Junior Achievement Companies will begin operations tonight, meeting in newly decorated.

Postal Suspect Sought in East

Donald Mitchell, Hunted for Mail Theft, Believed in Quincy, Mass.

Donald R. Mitchell, 24, accused of the Oct. 9 mail theft from a Pontiac postal sub station, is being sought in Quincy, Mass., today following a telephone tip to Pontiac Police.

Det. John DePauw said a Pontiac business concern notified this morning that it received a letter from a gear company in Quincy asking for references on Mitchell.

DePauw, who turned over the information to Postal Inspector H. W. Loch of 74 Bloomfield Tr., said Mitchell held about three jobs in Pontiac recently. He also worked for the Pontiac Postoffice less than a year.

Mitchell was charged last Friday in a federal warrant with taking a registered letter containing \$350 in cash and \$250 in payroll checks. Authorities said he posed as a regular postoffice pickup man after he had stolen a mail truck.

The warrant followed the signing of a complaint by the U. S. Post-office Department after a clerk identified Mitchell as the man who picked up the registered letter.

REV. R. D. DEWEY
Birmingham Church Names New Pastor

BIRMINGHAM — Pastoral Committee of the Congregational Church has announced the appointment of the Rev. Robert Deyckman Dewey to serve as minister. He will assume his duties full-time after the first of year, and will be here periodically until that time.

The Rev. Mr. Dewey is a graduate of Kalamazoo College and Yale Divinity School, where he held the Oliver Ellsworth Daggett scholarship as the student most worthy in point of ability and promise of usefulness.

As Army chaplain's assistant for two years with General Patton's troops in Europe, he was awarded the Bronze Star medal for meritorious service. In 1948 and 1949 he was pastor of a church in London, England, under the Congregational Christian Service Committee.

He and his wife and daughter will make their home here after December.

Weekly worship services and Sunday School classes are now being held at 1 p. m. Sundays at the First Presbyterian Church, N. Woodward and Euclid, recently purchased by the Congregationalists. The Rev. Edward W. Wilcox, D.D., secretary of the Detroit Association of Congregational Christian Churches, is serving as interim minister.

State Has 15 Weekend Dead

(Continued From Page One)

near the Genesee-Saginaw County line.

Pontiac Deaths

Fred Cudnohufsky

Fred Cudnohufsky, 72, of 3623 Fort St., died at his residence Saturday after an illness of five months.

He was born in Publanka, Russia, Dec. 11, 1880, the son of Mr. and Mrs. William Cudnohufsky. Mr. Cudnohufsky came to Oakland County from Powers, Mich., four years ago.

Surviving besides his wife, Minnie, are 75 direct descendants: sixteen children, 47 grandchildren and 12 great-grandchildren.

His daughters are Mrs. Esther Day and Mrs. Alice Frey of Milwaukee, Wis.; Mrs. Annie Kalbes of Pound, Wis.; Mrs. Angeline Malone and Mrs. Freda Christian of Hermansville, Mich.; Mrs. Alvin McGraw, Mrs. Viola Tucker, Mrs. Josephine Gould and Mrs. Alma Christian of Pontiac; Clara Cudnohufsky of Detroit; and Mrs. Helen Ayotte of Highland.

Sons surviving are Rudolph of Iron Mountain; Sylvester, Adolph and Henry, of Pontiac; and Walter of Lake Orion.

Others surviving include a brother and sister, Mike Cudnohufsky of Milwaukee and Mrs. Lottie Anuta of Pound, Wis.

Funeral will be Tuesday at 2:30 from the Hunton Funeral Home. Burial will be in White Chapel Cemetery, the Rev. Tom Malone of Emmanuel Baptist Church officiating.

The body will lie in state at the Cudnohufsky residence until Tuesday morning.

Robert Deason
Robert Deason, 53, of 92½ Bagley St. died Saturday after an illness of three years.

He was born in Georgia in 1900, and was a resident of this city for three years.

The body is at the William F. Davis Funeral Home.

Mrs. Laura Williams
Mrs. Laura Williams, 60, of 595 Montana St. died Friday after an illness of two years.

She was born in Stevens, Ark., on Jan. 1, 1893, the daughter of Jonah and Etta Herrin Jackson.

Mrs. Williams came here from Camden, Ark., three years ago.

Surviving are one son and two daughters, Myrtle Arberry, Minnie Lee Williams and John H. Williams, all of Pontiac. Also surviving are three brothers, Aaron Jackson of Pontiac, Abe Jackson of Washington, D. C., and George Jackson of Detroit.

Funeral will be Thursday at 2 p. m. from the New Hope Baptist Church, with the Rev. Ford B. Reed of the New Hope Baptist

Church officiating. Burial will be in Oak Hill Cemetery.

Mrs. Rosetta Spicer

Mrs. Rosetta Spicer, 61, of 115 S. Josephine St., died Saturday at St. Joseph Mercy Hospital after an illness of one year.

She was born in Nanty Glo, Pa., Jan. 12, 1892, the daughter of Frank and Helen Reese.

A member of the Congregational Church, Mrs. Spicer was a resident of this county for 30 years. She also was a member of No. 246 Rebekah lodge of Pontiac.

Surviving besides her husband, Howard W., are two daughters and one son: Mrs. Helen Rains of Auburn Heights; Mrs. Ruth McDonald of Drayton Plains and Edsel Heichel of Pontiac; 8 grandchildren, and one great-grandchild.

Also surviving are two sisters and two brothers, Mrs. Bertha Kirk of Pontiac, Mrs. Mollie McCloskey and Fred Reese of Lock Haven, Pa., and Frank Reese of Ralston, Pa.

Funeral will be Tuesday at 2 p. m. from the Donelson-Johns Funeral Home, with the Rev. Malcolm K. Burton of the Congregational Church officiating. Burial will be in Perry Mt. Park Cemetery.

A Rebekah service will be conducted at the cemetery.

Idlewild Air Crash Kills 2; 25 Survive

(Continued From Page One)

way, control tower personnel observed a burst of flame from the aircraft," the CAA said.

"The field emergency and city fire equipment were called. Shortly afterwards, there was an explosion and the aircraft appeared to swerve to the left, burning as it came to a stop at a point about 1,500 feet off the runway."

Capt. Cecil C. Foxworth of Summit, N. J., pilot, said he noticed the fire in his left in-board engine almost the moment he became airborne and immediately "threw the switch" cutting off the fuel.

When the plane skidded to a flaming stop in the soggy marsh, he and Co-pilot E. M. Engle of Great Neck, N. Y., dashed back through the plane looking for passengers but saw none, he said. They fled the ship through the flight engineer's hatch.

Survivors praised the calm courage of Stewardess Ann Krause of New York, who led several passengers from the flaming cabin to safety.

The other surviving crew members were Engineer L. Devries, Hawthorne, N. J., and Purser Albert Foley, Clifton, N. J.

Mid-East Clash Faces Council

Israel Claims Killings Provoked by Jordan Attacks

UNITED NATIONS (U.N.)—The U.N. Security Council was confronted today with a Western Big Three contention that Israeli-Jordan border killings threatened peace in the Middle East—and Israel's claim that it is Jordan's fault.

The 11-nation body was scheduled to meet in urgent session at the request of the United States, Britain and France.

The three nations called for the U. N. action after sharply denouncing an Israeli attack last Wednesday on the Jordan border village of Kibya. The Jordan government charged the entire village was wiped out, with 66 Arabs killed and 9 wounded.

In defense of her position in the dispute, Israel prepared her own appeal for U. N. action. She seeks an inquiry into all border incidents and violations of the 1949 Israel-Arab armistice agreements.

Today's council session was called primarily to place the Arab-Jewish dispute on the body's agenda and to invite Gen. Vagn Ben-Nuri, Danish head of the U. N. truce observation team in the Middle East trouble spot, to make a

personal report. This had been suggested by the Big Three.

A full-blown debate was looked for later this week.

Israeli officials did not deny the Kibya attack. However, Israel's U. N. delegation issued a statement last night saying the incident was "a regrettable culmination of a long series of events marked by a tragic and intolerable loss of Jewish life" under armed attacks from Jordan.

Since 1950, the Israeli statement said, the Jews had suffered 421 killed and wounded, 128 cases of sabotage, 866 cases of armed attacks and 3,263 cases of robbery.

Detroit Poles Protest Red U. S. Consulates

DETROIT (AP) — The Central Citizens Committee, which claims to represent 250,000 Detroit Poles, has asked Rep. Thaddeus Machrowicz (D-Mich) to implore the State Department to close Communist Poland's U. S. consulates.

Machrowicz said he would and that he agreed with the committee. He said that the U. S. is running the risk of allowing the Polish embassy to start a "spy network" through consulates.

"No good can be derived from allowing the consulates in Detroit and other major cities to be continued," he said.

Machrowicz said that he would propose to Congress that the U. S. withhold recognition of any Iron Curtain government which refuses to hold free elections, called for by the Yalta and Tehran agreements.

He added that the Polish people cannot understand why the United States recognizes a government which does not really represent them.

Two Trainmen Injured Near Benton Harbor

BENTON HARBOR (UP) — Two trainmen injured in a railroad collision near here Saturday night were reported in good condition today.

Both engines and two cars were derailed when two Chesapeake & Ohio trains hit head-on near Riverside, northeast of here. Ray Martin, engineer of the west-bound freight, and his fireman, Robert Petch, were taken to Benton Harbor Hospital where doctors said their injuries were not serious.

Smog Holds Up Cars in Kalamazoo Area

KALAMAZOO (UP) — Police blamed the weather and a swamp fire today for the nightly smog which has been hampering motorists in the Kalamazoo lake area. Police said fog has been rising from the water when the temperature starts dropping about 9 p. m. Then the fog mixes with smoke from the smoldering peat bog to make visibility "practically zero."

Korea was an integral part of the Japanese Empire from 1910 until 1945.

HOW
AMERICA
IS
CHANGING

**Today, 55% more students
are in college than in 1940!**

EDUCATION is becoming more and more important in the competition for good jobs and advancement. The number of college students reached a peak in 1949 under the G.I. Bill of Rights. However, the 2,116,400 students now enrolled mark an increase of 55% over 1940.

The increasing emphasis on education is just one of many important changes we've seen in recent years. More people are getting married—and at younger ages. We're raising bigger families. We're buy-

ing more homes than ever before. Our whole way of living is changing! This means we have much more to protect.

And life insurance is keeping pace and is constantly growing more flexible to meet our new needs.

For example—to meet the increasing interest of parents in sending their children to college, the life insurance companies have devised plans suited to a wider variety of family situations. Some are based on special educational policies, others on the family's present life insurance. All have the effect of assuring funds

for college, whether the father lives or not.

More and more families are also using life insurance to provide a regular income at the death or retirement of the breadwinner. Others are using policies planned for particular needs, such as paying off the mortgage on their homes in case they do not live to complete the payments.

A suggestion: Have your needs or circumstances changed? Have you looked over your life insurance to see how it stacks up with your present way of living and the goals you and your family have set for yourselves?

VISION TESTER—Loma Kresge, 3, watches her mother, Mrs. Harvey A. Kresge Jr., polish off the vision tester, preparatory to opening another week of sight tests for children 3 to 5 in Pontiac. Mrs. Kresge is co-chairman for the Birmingham Junior League, which sponsors the project. The vision examinations will continue Tuesday and Wednesday morning from 9:30 to noon, at Stevens Hall, Williams and Pike Sts. They offer free sight examinations to pre-school children.

Happy Pontiac Tots Find Sight Testing 'Lots of Fun'

"No foolin' . . . it's fun!" That's what the tots who filed into the Pontiac vision screening center last week for free sight examinations are saying. They're right on both counts.

Because the Birmingham Junior League, which is conducting the tests here for youngsters between the ages of 3 and 5, isn't fooling. What's fun for the kiddies is a serious game for the league—a race with time.

It's their task to see that faulty vision is discovered before the child enters kindergarten. The league wants to be sure that not a single child is labeled "Dumbbell" by his playmates, because he couldn't see his work.

The sight screening clinic is open from 9:30 to noon Tuesday and Wednesday mornings at Stevens Hall, All Saints Episcopal Church, Williams and Pike Sts. It will continue through Nov. 4. Pre-school-age children are given the Snellen section of the Massachusetts Vision Test. If imperfect vision is discovered, the child is referred to the family eye doctor for further examination.

The league hopes every mother in the Pontiac area will bring

Juvenile Vandals Ruin Property in Township

Juveniles were responsible for an unestimated amount of damage last week in the Mt. View subdivision, Waterford Township, according to Oakland County Sheriff's deputies.

John Wrede of 3889 Iris St., Macedon Lake, told deputies over the weekend that vandals stole paint, smashed windows and shot holes in a canvas duck boat with an air rifle.

Members of a tree-dwelling tribe in the Philippines sleep on a swing of vines.

Personal To Women With Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Just Shot Her Husband, So What's the Fuss?

WHEELING, W. Va. (U.S. — Mrs. Sarah Brown Troutman, 43, signed a statement yesterday admitting she shot her husband Aubrey, 63, who was admitted to the hospital with a leg wound. Then she added:

"I didn't do nothin' wrong." "But you just shot a man," a police officer declared. "He was just my husband," Mrs. Troutman explained.

Province of Ontario contains the most heavily populated territory within the Dominion of Canada.

Heard in a Pontiac Church Sunday

Rev. L. R. Miner Preaches on 'Conflict of Centuries'

The Rev. Lenworth R. Miner, pastor of Macedonia Baptist Church, spoke yesterday from the subject "The Conflict of the Centuries."

This church was organized in 1920 and the Rev. Mr. Miner has been pastor since 1951. He used as his text:

"Therefore I went about to cause my heart to despair of all the labour which I took under the sun." Ecc. 2:20.

"Yet I will rejoice in the Lord, I will joy in the God of my salvation."

"The Lord God is my strength, and he will make my feet like hinds' feet, and He will make me to walk upon mine high places." Hab. 3: 18-19.

Among other things, the pastor said that:

There is a conflict of the centuries evident wherever there is a play of mind without moral depth of spiritual eye. It is revealed in any individual who moves through life with an observant eye, knowing the price of everything and the value of nothing.

Man is a restless, discontented being by virtue of his very endowment as a moral being. He is always wanting what he does not have, always reaching out his hand for something, always pushing into some dark place to bring facts to light.

The one thing that makes restlessness and anxiety in life is uncertainty. When we are quite sure about anything we either quietly submit or we brace ourselves up to deal with it, for its removal or to make it less painful.

If this nature, this inquiring mind, were dormant, man could never have replenished the earth or subdued it. Man could never have developed this civilization. A man who wants nothing is a poor weak specimen of humanity, one who brings no honor to Christ.

It is the man who wants desperately and yet brings his way into obedience to Christ and cheerfully accepts His will who has the true contentment and who honors Christ.

Solomon in his philosophy of life strikes a note of sadness and plays the part of a cynic when he says "All is vanity and vexation of spirit, and there is no profit under the sun."

Habakkuk was an optimist of the first magnitude. He realized that the path of every man is strewn with blunders, lost opportunities, misdeeds, inadequacies and disappointments.

Men should live by faith. Faith is the ability to feel sure of God, that no matter how dark the day for God's people, there is a glorious future. In spite of what may come to pass, God is man's strength to make his feet like hinds' feet and enable him to walk upon the high places of the earth.

On one hand we have heavy eyes and cynical disillusionment all the time and on the other a triumphant and adventuresome faith.

Look into the treasure house of human experience we call history; this conflict can be seen through the centuries.

During the time of the Persian invasion and Greek victory we had the inquiring mind of Socrates, the Sophist game of "make believe." Then comes the end of Athenian supremacy: Hope is blown away. At this time Plato who made the nearest approach to Christianity, lives not as a cynic. We must choose between the spirit of Socrates or Plato.

When Rome fell and it seemed that civilization was come to an end, the city of man was breaking up and the streets were full of debris, Augustine came forth as the first Christian philosopher. We must choose between the cynical spirit of Lucretius and the optimistic spirit of Augustine.

Pilate was a cynic at heart. He asked "What is truth?" Beside him stood a winsome man, with clear-cut eyes, effective goodness, purity and tenderness.

"My kingdom is not of this world," Jesus was heard to say one day with the light of assurance in his eyes. We must choose between the spirit of Pilate and Christ. Which shall it be?

"The voice of the cynic cries to us today but hear that other voice. Let us not have the heart of Pilate, but the heart of Christ, the living Christ," Pastor Miner concludes.

The majority of Finland's more than 3½ million people make their living by farming.

You'll get more than you expect

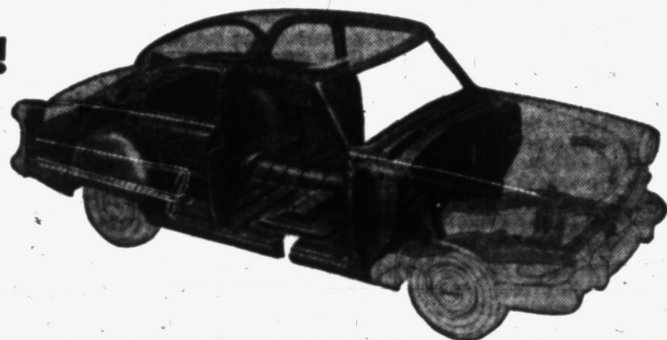

In feature after feature, Ford matches the finest...
with fine-car ride... fine-car build... and fine-car V-8 GO!

Check these fine car features that are yours when you buy a Ford, the one fine car in the low-price field. You get glass area galore... the most in Ford's field. You get more usable inside space than in any other low-priced car. Seats are foam-rubber-cushioned both front and rear. You get such Ford advances as convenient Center-Fill Fueling and suspended clutch and brake pedals. But here are the *big reasons* why Ford is worth more when you buy it and when you sell it, too!

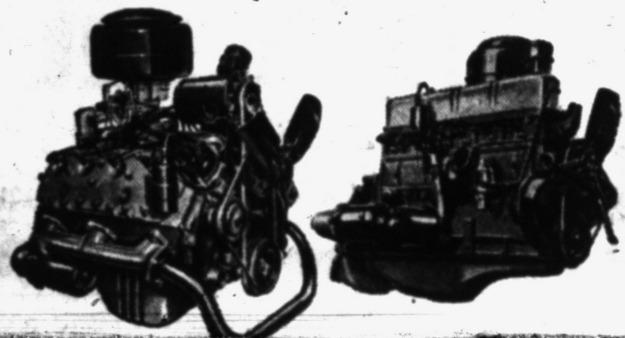

Up to 80% less road shock

Ford has reduced front end road shock (the kind you notice most) up to 80%. And by a perfect teaming-up of rear springs, diagonally-mounted rear shock absorbers and tailored-to-weight front springs, Ford has proved that a car can ride smooth as silk *without* gas-eating extra weight.

Built like the finest

Ford's hull-tight body is sealed against water, dust and draft. Body panels are made of steel of the same quality and thickness as that used in the costliest cars. Ford's rugged box-section frame has five strong cross members including a special K-bar member which adds extra twist resistance... gives greater rigidity for longer car life.

V-8 or Six power

Only Ford in its field offers you a fine-car high-compression V-8 engine... the result of Ford's experience building more V-8's than all other makers combined. And Ford's high-compression, low-friction Six is the most modern Six in the industry. Both engines have Ford's exclusive Automatic Power Pilot which squeezes the last drop of power out of every drop of gasoline.

Master-Guide power steering

Ford Master-Guide is the last word in power steering. It does up to 75% of the steering work for you *when you need it*... yet it leaves you with a natural feel of steering on the straightaway. And it helps you control the car on rough, rutted roads. Available on all V-8 models.

Fordomatic Drive

It's the finest, most versatile of all automatic drives... combines the smoothness of a fluid torque converter and the "Go" of automatic mechanical gears. Ford also offers you Overdrive and Conventional.

Wicks Defends Sing Sing Visits

Likens Calls on Convict to U. S. Dealings With Stalin and Tito

By EUGENE LEVIN
NEW YORK (AP)—Acting Lt. Gov. Arthur H. Wicks likens his visits to an imprisoned labor extortionist to a national foreign policy seeking peace "by audiences with a Premier Stalin or a Marshal Tito." Wicks, under pressure from Gov. Thomas E. Dewey to resign, made a dramatic radio-television defense yesterday of his Sing Sing Prison talks with labor extortionist Joey Fay, who has become a central figure in a political furor with potential national repercussions.

The acting lieutenant governor was the victim of a "human error" and tight video programming which combined to diminish the effect of his plea.

National Broadcasting Co. personnel for a time could not locate the film of the television show, and viewers were shown a travelogue of Boston. An hour and a half after the scheduled time, NBC put the Wicks telecast on the air, but it went out on only one of the six New York state stations which had planned to carry it. Radio broadcasting was not affected.

Wicks, who has turned down a demand by Dewey that he resign as Republican majority leader of the State Senate, reiterated on the air that he visited Fay to keep labor peace without seeking or giving favors.

The visits were "lamentable," Wicks said, and added:

"But was it more lamentable than it is in our national foreign policy to seek peace and society's welfare by audiences with a Premier Stalin or a Marshal Tito?"

"My only purpose in going," said Wicks, who is from Kingston in the Hudson River Valley between New York and Albany, "was to keep labor peace and avoid jurisdictional strikes in my senatorial district."

He continued: "That is what I accomplished. That is all that I sought to accomplish. So help me God."

Fay, 61, an AFL building construction official, is serving a term for shaking down contractors for \$386,000. A recent disclosure that 88 persons, including Wicks, visited him in Sing Sing started this chain of events.

Dewey and Wicks met several days ago, and Dewey asked Wicks to quit as Senate majority leader, the post which automatically made him acting lieutenant governor to fill a vacancy, Wicks refused.

The governor then called a special session of the State Legislature for Nov. 47. Wicks said he will resign at that time as majority leader and will seek re-election to the post as vindication. His re-election would be a major defeat for Dewey, a factor making many believe the showdown would help determine the future of Dewey in both state and national politics.

Congressman Asks Rhee to Free PWs

WASHINGTON (AP)—Rep. O'Konski (R-Wis.) has exhorted South Korean resident Syngman Rhee to free anti-Communist war prisoners captured by the United Nations—a move against which U. S. troops are guarding.

"In this hour of murder, plunder and appeasement," O'Konski wrote Rhee in a letter he made public last night, "you, Mr. President, stand almost alone as the hope of the free world."

Rhee almost upset the Korea truce signing last summer when he released 27,000 prisoners. O'Konski praised this action and said he prayed Rhee would do the same for the remaining prisoners.

Find 150-Year-Old Bell Missing for 100 Years

GOSHEN, N. Y. (AP)—The bell which called members of the St. James Episcopal church to worship in the first edifice 150 years ago is ringing again.

Trace of it was lost after the parish built a new church building 100 years ago. But Miss Elizabeth Sharts, the town historian, succeeded in locating it—lying unused in the bell tower of the village firehouse, where it had served for a time as a fire alarm.

South Carolina was the first state to secede from the Union. It withdrew Dec. 20, 1860. The first shot of the war between the states was fired in Charleston harbor.

Dem Leader Faces Rough Ride in Senate

By JACK BELL

WASHINGTON (AP)—The man with the toughest political horse to ride in the next session of Congress may well be Sen. Lyndon B. Johnson of Texas, the Senate Democratic floor leader.

The tall, lean Texan will be herding 48 party members stamped with almost every conceivable brand of political belief—including a few who are openly happy that a Republican, not a Democrat, is in the White House.

Johnson will have to deal with party colleagues who hold a one-vote margin over the opposition and yet remain in the minority technically.

He will have to quell balky steers on his right and left flanks if his party is to write any sort of consistent record of opposition to Republican administration policies. It must take this record into next year's election campaign for control of Congress.

He will need something just a little short of magic to keep the Democrats from falling out among themselves on some low-boiling-point questions, such as civil rights.

And all the time, he will face the ever-present necessity of writing his own record so he can win re-election himself next year. He may have unprecedented Republican opposition in a state which went for President Eisenhower in the 1952 presidential election.

To this monumental task, Johnson will be bringing a year's experience in corralling his Democratic flock during their first session under Republican control.

Well aware of Eisenhower's demonstrated popularity in Texas, as elsewhere in the country, Johnson was influential in advising the Democrats this year to avoid attacks on the President and to concentrate their fire on other Republicans from the Cabinet level down.

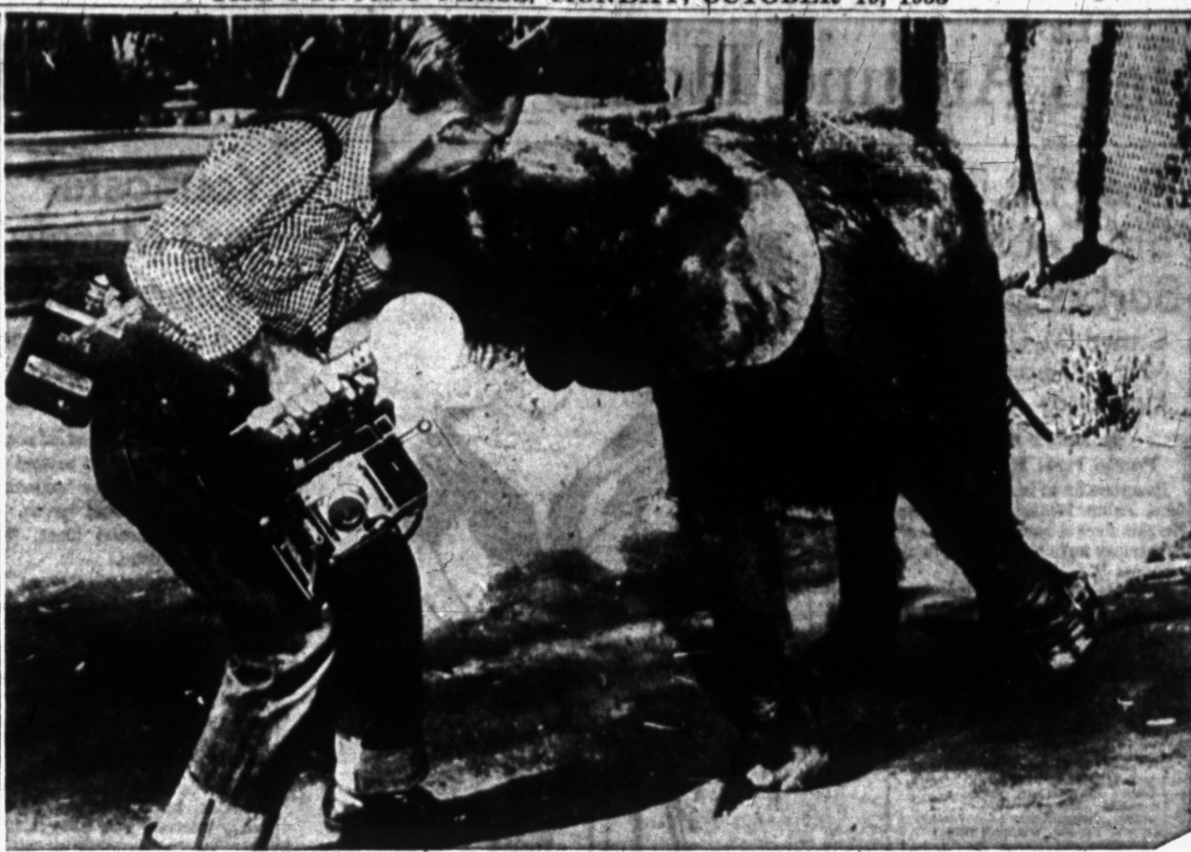

If the Texas senator is of a mind to continue these tactics, he is likely to find increasing pressure upon him from within the Democratic party to unhalter the opposition in the session which begins next January.

Cerebral Palsy Groups to Gather in Detroit

Over 300 delegates from Michigan, Illinois, Ohio, Indiana and Wisconsin will attend the regional meeting of the United Cerebral Palsy Associations at the Statler Hotel in Detroit, Oct. 23-25, to review latest developments in the treatment of the disease.

Gov. G. Mennen Williams will extend official greetings to the visitors. Other speakers will include outstanding professional persons working in the cerebral palsy field.

Upwards of 200 cerebral palsy projects presently are in operation over the country.

A KISS FROM PEACHES—Newest arrival at the San Diego Zoo, Peaches, an African elephant, kisses the zoo photographer, Richard Van Nostrand. Little Peaches arrived Monday morning by air from Portuguese East Africa.

Explosion Breaks 30-Inch Gas Line

UNIONTOWN, Pa. (AP)—With a roar that rattled windows in homes several miles away, an explosion snapped a 30-inch natural gas transmission line near here yesterday.

The blast ripped an 18-foot-deep crater in the earth. It was followed by a fire which spread across five miles of corn field.

Valves on the broken line were shut off quickly and no one was hurt. The Texas Eastern Transmission Corp., which maintains the line to move gas from the West to the Atlantic Coast, said cause of the break, which blasted out a 40-foot section of the line, could not be determined.

Repair crews were on the job quickly and gas is expected to be flowing soon again. Meanwhile, two parallel lines operated normally. A company spokesman said there would not be curtailment of normal deliveries.

Fire Destroys Barn in Avon-Township

Fire destroyed the barn, chicken coop and well house at the Edward J. Dosch residence, 3715 Dutton Rd., Avon Township, Sunday, according to Oakland County Sheriff's Deputies Roy West and Thurman Savage. An investigation of the fire is being conducted.

Safety Congress Opens

CHICAGO (AP)—Some 12,000 of the nation's traffic experts were in Chicago today for the opening of the 41st National Safety Congress and Exposition.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing. how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drug and ask for four ounces of liquid "Bennel Concentrate." Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, thighs and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active.

Open Stock Provincial Created by Fox

Mrs. Bohlman Named President of Garden Club

Mrs. Fred Bohlman is the new president of Better Home and Garden Club, it was announced when the group met at Devon Gables Thursday.

Nominating chairman, Mrs. Clyde Hadden presented the officers, who include, Mrs. H. D. Sampson, first vice president; Mrs. Albert Kohn, second vice president; Mrs. J. R. Kindel, recording secretary; Mrs. William Maxfield, corresponding secretary; and Mrs. Howard Simmons, treasurer.

Mrs. Walter Seaks in parliamentarian; Mrs. Lloyd Mosbey, auditor and Mrs. Maude Hymers, poetess.

A gift was presented to the outgoing president, Mrs. Seaks, and the next meeting was announced as a Christmas party.

Chairman for the day was Mrs. John George, assisted by Mrs. D. L. Brown. Mrs. Charles Rosegart, Mrs. Harry Windley and Mrs. Daniel Gorom.

Mrs. Harry Stowell is a new member of the group.

Project Is Planned

A money-making project was planned by members of Rebecca Circle of Oakland Park Methodist Church when they met Wednesday.

Mrs. Daniel McDuff was hostess to the group at her home on Wolfe street. Mrs. James George opened the meeting with a prayer, and devotions were given by Mrs. Elton Behnke.

ROSE MARIE WIELFAERT

Alfons J. Wielfaert of Durant street announces the engagement of his daughter, Rose Marie, and Charles H. Moery, son of Mr. and Mrs. Henry T. Moery of Osborn street. No date has been set for the wedding.

Meeting Conducted by Methodist Circle

Mrs. Lawrence Bego of Myra avenue was hostess Thursday evening to members of the Rach Circle of the WSCS of First Methodist Church. Mrs. Erby Austin assisted the hostess.

The devotional topic, "The Churches Follow Together," was presented by Mrs. Austin. Mrs. Howard Dow, assisted by Mrs. Maurice Huffman, presented the program, "Good Neighbors."

Helen Keller Is Now 73, Still Active

Hopes to Visit India and to Write Book About 'Teacher'

By ELIZABETH TOOMEY

NEW YORK (UP)—The bright blue eyes sparkled, the wrinkled hands moved in quick, excited gestures, and the words came out with painful slowness as Helen Keller talked.

Now 73, the amazing woman whose life has meant hope for all those born without sight or hearing is still healthy and alert, with plans to visit far-off countries again and to begin a new book.

She sat next to her devoted companion, Polly Thomson, when she was interviewed by this reporter, and her sensitive hands alternately touched Miss Thomson's lips and reached out for the lightning swift tapping of her companion's fingers as they translated spoken words.

A few moments earlier she had made a speech at the America Foundation for the Blind and presented two medals for service to the blind. Miss Thomson held Miss Keller's arm lightly as she spoke, and repeated each sentence after her.

Gratefully she told her audience that the "doubly handicapped" now have a much better chance for normal living "than when the light of hope first shone upon my shipwrecked life." Her memory, always excellent, still enables her to speak at length without deviating from a prepared text.

Miss Keller is working daily at her typewriter to complete an article about her recent trip to South America.

"Do you plan any more long trips?" Miss Thomson tapped the question quickly in Miss Keller's palm.

She answered that she would like to go to India. She has spoken on every continent in behalf of the handicapped. Recently she said this was her life's ambition. Now she hopes to live long enough to finish her "Teacher" book.

"Teacher" was Anne Sullivan, who went to Tuscumbia, Ala., in 1888 to see if she could help the 8-year-old child who had suffered a mysterious illness as a baby that left her deaf, blind and dumb.

They were inseparable companions until "Teacher" died in 1896. Then Miss Thomson, a Scottish-born secretary trained as a companion by Miss Sullivan, took her place.

"She wants to write a book about her, but she has to begin all over again," Miss Thomson explained. "All her notes and books were destroyed when her home burned in 1946."

Nancy Jane Crothers became the bride of Gerald W. DeWees Saturday evening in Christ Lutheran Church. She is the daughter of the Erwin Crothers of Lotus drive, and Mr. and Mrs. John E. DeWees of Glendale avenue are his parents.

MR. and MRS. GERALD W. DeWEES

Nancy J. Crothers Wed in Christ Lutheran Rite

Miami Beach, Fla., is the destination of Mr. and Mrs. Gerald W. DeWees, who were married Saturday evening in Christ Lutheran Church. The couple will honeymoon there for two weeks before returning to live in Drayton Plains.

Mr. and Mrs. Erwin Crothers of Lotus drive are the parents of the bride, who is the former Nancy Jane Crothers, and Mr. and Mrs. John E. DeWees of Glendale avenue are the bridegroom's parents.

For the 8 o'clock ceremony, read by the Rev. Arvid Anderson,

Mary Vollmar, Donald Lucarelli Exchange Vows

St. Vincent de Paul Church was the setting at 10:30 o'clock Saturday morning when Mary Alice Vollmar became the bride of Donald Achille Lucarelli.

The bride, who is the daughter of Mr. and Mrs. Ernest Vollmar, of North Perry street wore a Chantilly lace gown in ivory. The fitted basque was inlaid with pearls and sprinkled with rhinestones.

A queen's crown of seed pearls and rhinestones held her fingertip veil, and she carried a bouquet of roses, carnations, stephanotis and ivy.

Jane Lucarelli, the bridegroom's sister, was maid of honor, and Frank Tenuta was best man for the bridegroom, who is the son of Mr. and Mrs. Achille Lucarelli of East South boulevard.

A family dinner at Hotel Waldron followed the ceremony, and the couple departed on a honeymoon tour of Canada and the northern states.

Coming Events

Typographical Auxiliary will meet Monday at 7:30 p.m. with Mrs. Paul McMichael, 477 E. Tennessee Ave.

Dora B. Whitney Chapter of WCTU will meet Tuesday at 1:30 p.m. with Mrs. John Little, 3675 Franklin Rd. Mrs. Joseph Green of Royal Oak, district vice president, will be guest speaker.

MOMS of America, Inc., Unit Two will meet Tuesday at 7:30 p.m. with Mrs. Frank Van Horn, 194 Mechanic St., for a social evening.

Girl Says She Fends Off Devoted Lad, but Her Protests Just Don't Ring True

By ELIZABETH WOODWARD
"Dear Miss Woodward: This new boy in town is wrapping himself around my little finger. He keeps asking me for dates and wanting me to go steady. And I keep explaining that I don't want to go steady."

"But every time I go anywhere, there he is hovering around. He has stopped smoking because he knows I don't like it, and his manners to me couldn't be nicer."

"He's rather serious about me, and though I try to act nonchalant, everybody is beginning to think we're going steady and the other boys aren't asking me for dates."

"He'll do anything I say except leave me alone and I won't tell him to do that. So what can I do to cut off my little finger?"

"Can't tell me a guy will wrap himself around my finger that isn't beckoning to him! You've done your share of encouraging him, you have. To the very point of asking him to give up smoking for your sake."

All of which leads me to believe

that you like him more than you'll let yourself believe! You're secretly delighted with all his hovering, flattered by his seriousness, intrigued by his willingness to do anything to please you.

If you didn't like him, you'd find it easy to sidestep the issue. You'd avoid his hovering by real or assumed "other plans." You'd be surrounded by other people,

Manners MAKE FRIENDS

If it is customary in your house to serve before-dinner drinks you will be a wise hostess to forego having a drink yourself. Oh, hold one in your hand if you like—but only take a few sips from it. A hostess needs to be alert to keep a party running smoothly and that's the reason for adopting a "no drinking" rule at your own parties.

Have yours after the party, and enjoy it more.

Ousts Onion Odor

You can remove onion odor from your hands by rubbing them with a stick of celery.

you'd have other places to go immediately. You'd be able to cut him off short.

Why not reconsider the possibility of going steady with him? Decide whether it would really be poisonous, after all.

Since he's all you have at the moment, it might be a wise move. If you can't be convinced, then avoid him where all the other boys can watch you doing it.

"Dear Miss Woodward: There are three boys I've been dating quite a bit—one is overseas, the other two in different colleges. I'm away at college myself.

"All three of them say they love me and keep pinning me down with pointed questions. They are all sweet, but I don't know which of them I love, or if I really love any one of them.

"Each of them expects me to be his girl, but I want to keep them all as friends and go with all of them, at least until I can be sure I'm in love. Please help me!"

"I can't quite figure out how I feel about you. I'm terribly fond of you, I love being with you, we always have such fun together; I look forward hungrily to your letters, and so many times I wish you were nearer so I could talk things over with you.

"But do I love you as much as I could and should? I don't know, yet. Can you be patient with me?"

That's the sort of reply to pointed questions that preserves a friendship while sidestepping a definite yes or no answer. You're being honest with them, and fair to yourself, in reserving your judgment until you're sure.

Mrs. Carmi Odell (left), Pontiac Press Food Editor, had the opportunity to meet Duncan Hines, well-known authority on food and lodging, and Mrs. Hines (center) at a recent newspaper food editors convention held in Chicago.

For grooming perfection, carry an extra pair of white gloves in a plastic case in your handbag. Wearing two pairs during one

engagement may seem extravagant, but, because neither pair will need much washing, it will save on wear.

Writing Wife Has Method for Success

Finds That Steady, Systematic Routine Pays Off Well

By ANNE HEYWOOD

Once, a long time ago, I saw a cartoon which I have never forgotten.

It showed a man stretched out under a shady tree, sound asleep and with a lot of bottles standing beside him.

Off to the right was a mother, who was saying to a flock of children: "Don't disturb your father. He's aging the wine."

Many women who are trying to make money at home by writing have a tendency to behave the same way.

They send out one poem, or one greeting card verse, or one short story, and then they wait and wait for the postman to arrive with a check.

Mostly he doesn't—so they wait a few weeks to recover from the disappointment, and then send out one more piece, and then wait. And so on, for years and years.

The women, on the other hand, who do actually sell their writings, have a very different approach to it.

Jeannette G. is one of them, and here is what she told me:

"I spend two hours a day writing, while the children are napping. I have a desk and a good small card index. I write a variety of things—poems, jokes, slogans for contests, anecdotes, brief house-keeping hints, and so forth."

"When I've written something, I type it neatly with a carbon copy. To this copy, I attach a list of all the places I can send the piece—places which are apt to buy it. I mail it to the first one."

"When it comes back, if it does, I mail it right out to the second one. Periodically, when it looks a little frayed, I retype it and send it right out. Eventually, it is apt to find a buyer."

"Then," she went on, "I keep turning things out. The more you write, the more ideas you get. I frequently have 18 or 20 items in the mails, going from one place to another."

"I save rejection slips, and I also save the occasional encouraging letter—the kind that says, 'We are returning this, but we think it shows promise and would like to see your next.' Blue days, I look these over and it always cheers me up."

"I subscribe to two good writers' magazines and get ideas for new markets from them. I keep my eyes open all the time for cute anecdotes or ideas. I read many magazines and newspapers, and study what is being used."

"I only do short things, because that's more the way my mind works. And you'd be surprised how many short things are used. I've seen a cartoonist say, 'you'd be surprised how many nice checks you can get if you put your mind on it!'"

If you've been unlucky at selling what you write, perhaps you'd better revise your working methods in the light of Jeannette G.'s advice.

IF decrease in height wanted—

A wide, vertical band of contrasting color cuts height. A dramatic black and white Dior gown is for the woman who feels too tall.

Miss H. W.—Dior used an insert band in his rounded, bulky Cupola coats as well as in close, body-moulding dresses. This interrupts the eye and makes the wearer appear inches shorter, particularly when the band is in a contrasting color.

Budget Dented by Guests

By EMILY POST

A wife tells me this morning: "My husband and I have been married just a year. We have a very large circle of friends, but we are the only two who are married. We are fortunate enough to have our own house and these friends have made it a gathering place."

"Almost every night of the week we have company and on Saturdays and Sunday we keep open house. Our problem is this: Much as we love to have company, our finances are very limited, and the drain of providing refreshments is ruining my budget."

"We wouldn't mind having them use our house for parties if only they would offer to 'chip in' for the refreshments. Is there any way we can get this idea across to them without hurting their feelings, or else to put a stop to these gatherings?"

Answer: Although frankness about a situation such as yours is supposed to be one of the social impossibilities, I really think there is nothing you can do except explain: "We love to have you come but frankly, we can't afford refreshments."

Dear Mrs. Post: Will you please describe how to go about eating a broiled lobster. I love lobster but always hesitate to order it because it seems so difficult to eat.

Answer: You lift the large piece out of the shell and cut it with a knife and fork as you would eat a piece of meat. You will have to pick the claws up in your fingers and break them and then use the small fork to lift the pieces of meat out.

Finger bowls containing warm water and a slice of lemon usually follow the lobster to help remove any butter on one's fingers.

Dear Mrs. Post: I would very much like to know under what circumstances a girl of 20 rises when being introduced.

I know it is polite to stand when meeting older women, but I have often felt that women in their late 30s or 40s would be rather insulted if a person my age should rise, thereby inferring that they are so much older. I would appreciate your help in this matter.

Answer: If it is nothing more than an introduction, it is not necessary to rise. If the older person stands and talks to you, then you must, of course, rise.

Shoe Care

Polish leather shoes before their first wearing to protect from scuffing. Frequent polishing will preserve the leather.

PETUNIA!

How I love Her Sunday hotcakes Gracious sakes To goodness, WHAT cakes!

HAVE YOU TRIED

WONDER BREAD

LATELY?

Made With Even Better Quality Protein Flour To Give You A Better Loaf Of Bread

Surveys Show 1 Out Of 2 Children Fail To Get The Recommended Amounts Of Food-Energy For Normal Weight And Growth Gains.

In Just 7 Days Start Your Child Growing Again With Wonder Bread!

The Bread That Helps Build Strong Bodies 8 Ways!

Note How Wonder Bread Compares With Meat, Milk, Fish and Eggs—See Chart

Children Go For Wonder Bread Because It's Doubly Fresh

An average boy of 10 should gain about 6 pounds in one year. Which is at the rate of 1/2 pound per month; or less than 2 ounces each week. But any time your child fails to gain puts her or him that far behind.

Why Lack of Food-Energy Causes Weight and Growth Loss. Carbohydrate and fat supply food-energy.

Protein supplies the "building blocks" of growth.

Now Nature cannot use carbohydrate and fat alone for growth, but it can use protein for energy.

Thus, when your child fails to get enough carbohydrate and fat food-energy, Nature uses the protein for food-energy instead of growth.

The result: Your child's growth is stunted.

Wonder Bread Helps Your Child Grow Bigger and Stronger 8 Ways

A well-balanced diet calls for meat, milk, eggs, fruit and both yellow and green-leafed vegetables. And carbohydrate food for energy. Like Wonder Bread.

Because not only does Wonder Bread supply food-energy but protein. Study the chart and see how Wonder Bread

helps build bigger and stronger bodies 8 ways.

To encourage your child to eat a well-balanced diet and 8 slices of Wonder Bread each day, show him or her this ad. Because it shows how any boy or girl can grow bigger and stronger 8 ways—which is what they want to excel in their favorite sports.

Measure your child in the doorway. Make a pencil mark now. Then in 3 months and 6 months—watch the mark shoot up!

Get Wonder Bread Today

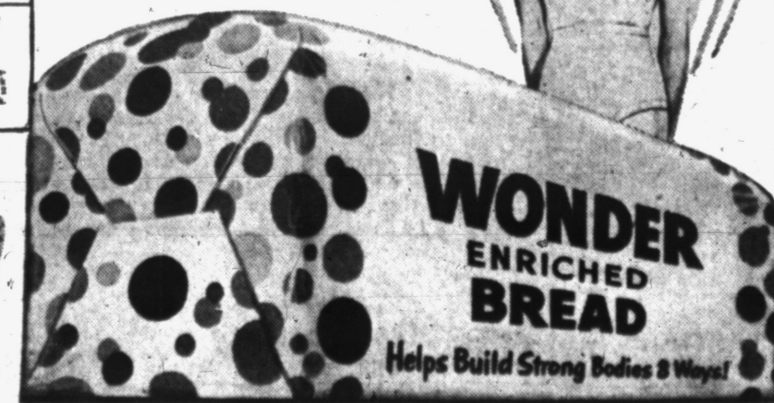

Wonder Bread is a wonderful food. Because it helps build strong bodies 8 ways. And Wonder Bread has a wonderful flavor. Because it is doubly fresh—fresh when you buy it and fresh when you eat it.

Get Wonder Bread fresh from your grocer today. And—start your child growing again in just 7 days.

Continental Baking Company, Inc.

Anticipating a successful 1953 Ingathering are members of the Pontiac Branch, Needlework Guild of America. Mrs. Carroll Braid (left) of Rosewood drive, who collected 194 garments last year, is giving many hours to help go over the goal. Mrs. Harold W. Dudley (center) of East Iroquois road and Mrs. Charles L. MacDonald of Oriole road display some of the garments they have collected for the Ingathering Nov. 12.

Shirley Schultz Speaks Nuptial Vows

Mixed white flowers decorated the altar of All Saints Episcopal Church Saturday evening when Shirley Schultz became the bride of Floyd Charles Raynard.

The bride is the daughter of Mrs. Ervin A. Vollrath of East Rundell street and Lawrence H. Schultz of Wenonah drive. Mrs. Eva Waring of Auburn avenue and Reuben Raynard of Addie road are the bridegroom's parents.

White Chantilly lace and nylon tulle over satin were worn by Shirley in a wedding dress that featured a chapel train. Seed pearls trimmed the bodice, and she wore a Juliet cap of lace to hold her fingertip veil. Roses, chrysanthemums and stephanotis formed her bouquet.

Maid of honor Carol Ahnen wore a ballerina-length dress of gold nylon net and carried a bouquet of fall-colored chrysanthemums with a band of matching flowers in her hair.

In similar gowns of dark green

were bridesmaids Barbara Wheeler and Maryanne Tipot. They carried similar flowers.

Donna Jean Vollrath was flower girl in a dress of aqua net with a basket of flowers. Her headpiece was similar to the other attendants.

James Raynard was his brother's best man, and ushers were Dave Evans and Gerald DuBois.

Mrs. Vollrath wore a beige dress with brown and aqua accessories and a corsage of aqua powdered carnations. Dark green with pink accessories and pink carnations were chosen by Mrs. Waring.

After a reception at the Hellenic Orthodox Hall, the new Mrs. Raynard changed to a beige flannel suit with black velvet accessories for the wedding trip to northern Michigan.

The bridegroom is a student at Michigan State College.

MR. and MRS. FLOYD C. RAYNARD

Married Saturday were Shirley Schultz and Floyd Raynard. The bride is the daughter of Mrs. Ervin A. Vollrath of East Rundell street and Lawrence H. Schultz of Wenonah drive. Floyd is the son of Mrs. Eva Waring of Auburn avenue and Reuben Raynard of Addie road.

Two Bethany Circles Meet

Two circles of Bethany Baptist Church met Thursday in members' homes. Mrs. Harry D. Chapman was hostess at her home on Oneida road to members of the Naomi Circle.

The hostess was assisted by Mrs. Clarence Myers. Mrs. Lee Bourne called the meeting to order and Mrs. James Crew led devotions.

A report on the number of Bible chapters and Christian literature read by members last month was given by Mrs. Ray Sherman. The group voted to cooperate with the Greek Orthodox Church in its project of sending clothing to Korea, Germany and France.

Mrs. Earl Eddy announced the harvest dinner and bazaar to be held at the church Oct. 30. Mrs. Edith Green reviewed the book "Baptists Under the Cross".

Members of the Martha Group met at the home of Mrs. Edith Parker on Liberty street. Mrs. A. P. Webb was co-hostess and Mrs. John Webb led devotions. Sewing cancer pads was the activity for the afternoon and plans were made for the bazaar to be held Oct. 30.

Teething Problem?

If your baby is teething, give him a slice of chilled, peeled apple. The coolness is soothing to sore gums and apple makes tasty chewing.

Pontiac High School Will Be Setting

Family Night Scheduled Wednesday

In offering "The Story of Interdependence," the Pontiac Council on United Nations hopes to bring a thought-provoking program as well as a stimulating dramatic experience to United Nations Family Night, to be presented Wednesday

at 8:30 p.m. in the Pontiac High School auditorium.

Prepared by Blythe Morley for the U. S. National Commission for UNESCO, the story was first given in New York City for delegates attending a national conference sponsored by the commission on the United Nations theme.

After receiving repeated requests to make this exciting script available for community production, a commission was formed to make a few adaptations to simplify performances.

Several new scenes have been added and the original material updated making the present "Story of Interdependence" ready for local use.

The Wednesday evening performance will open with community singing directed by Dr. Edith Roach Snyder accompanied by Mrs. Richard Esser.

David Utley will narrate the story and members of the cast

will include Howard Sherwood, Alonzo Harris, Mrs. Cullen McCracken, Garth Johnson, Don North, Jim North, Darold Luetke, Pat Mann, James Jolly and Vern Lockhart.

Others are Don Bumgardner, Elaine New, Alfred Jones, Nicholas Furkoti, Laura Sukler, George Palalan, Mrs. Sanford Saperstein, May Han, Richard Han, Burton Belant and Edward Kechn.

Still others are Bob Crandall, Cecil Dunbrigue, Mrs. John Han, Cheng Han, Mary Han, David Han, Robert Han, Jim Winkle, Margaret Ronquillo and Pat Ronquillo.

Nevis Trevino, Steve Trevino and Gilbert Trevino complete the list. Miss Mann is stage manager and her assistants are Mr. Bumgardner, Burton Belant, Merlin Doran and Lee Hathaway.

Director of the show is Alfred Hinckley, assisted by Mrs. Ray Allen.

Kingswood Has Festival in Rhythm

"I've Got Rhythm" was the theme for Kingswood School Cranbrook's annual autumn festival, which was held Saturday.

A musical skit, a pocket-size survey of modern popular music including everything from blues to be-bop, started off the festival.

Pontiac girls Ann Oliver, Sally Graves and Marcia McIntock took starring roles, and Ann was also in charge of costuming the performers.

A carnival followed, with each class sponsoring a booth taking a theme from "I've Got Rhythm," "I've Got My Man," "Daisies in Green Pastures" and "I've Got Music" were transposed into literal terms as the booths sold items relating to their themes.

Committee members included Barbara Knoblock, chairman, with Pat McKenna, as her assistant and Miss Graves, Jolly Kellogg, Gigi Underhill, Judy Earle, Miss Oliver, Joan Lang and Elizabeth Kirk.

Pontiac MOMS Attend Convention

Several members of Pontiac MOMS of America attended the convention held Saturday in Saginaw.

Present were Mrs. Edgar Thomas, Mrs. William Jones, Mrs. Emory Clark and Mrs. Duncan McVean.

Mrs. Joan Huller of Ann Arbor was installed as state president along with Mrs. L. B. Arnold of Ann Arbor, vice president; Mrs. J. M. Landon of Hazel Park, treasurer; Mrs. Kenneth Parsons of Gingsville, secretary; Mrs. Edward Shomann of Rochester, chaplain, and Mrs. Frank Polasek of Auburn Heights, director.

Cootiette Club Elects Officers

Mrs. George Haegle was elected president of the Queen's Hi Cootiette Club when the group met Wednesday evening in the VFW clubrooms on South Saginaw street.

Other officers elected were Mrs. Donald McClellan, senior vice-president; Lila Harrington, junior vice-president; Mrs. George Barber, conductress and Mrs. Hazel Burns, chaplain.

Mrs. William Horsey, guard; Mrs. Donald Moore, treasurer; Mrs. Nellie Thatcher, color bearer; Mrs. Glenn Mason, secretary; and Mrs. Arthur Evon, Mrs. Charles Wilson and Mrs. Carl Selser, trustees, complete the list.

The club made plans to attend a Halloween party Oct. 30 in the clubrooms. On Oct. 19 the hospital chairman will present books to the Bloomfield Hospital. In the future, other presentations will be made to various hospitals.

Installation will be held Nov. 11 and the group is planning to attend the state meeting Oct. 24 at Hotel Olds in Lansing.

Group Hears Talk on Social Security

A discussion on social security was conducted by Henry Morin, field representative of Pontiac Social Security Office, before the TBI Women's Club Saturday at the Business Institute.

Betty Whitson and Ardath Hansard of Holly served refreshments, and Mary Ardelan of Cooper street was announced as hostess for the Nov. 21 meeting.

POOR HEALTH Takes No VACATION

Everyday the newspapers report the death of some noted people — who passed away at an early age. Seemingly they were well, but some infection caught them unaware and they lacked the vitality of resistance to overcome their infection.

Night living might have helped them. Dr. Kellogg of Battle Creek lived to be 80. Bernard MacPadden is 80 and still dynamically active. People who live right always live longer and happily.

Did you know that certain people should not eat acid fruits as it may produce ulcers; others should not drink too much water, as water causes tumors to grow faster. There are people who need everything cold — even cold coffee to stimulate the adrenals.

Did you know that the colors of your eyes reveal the toxins and acids in your body and the foods you should eliminate.

Two fascinating lectures by LeVine at the Waldron Hotel on Monday, Oct. 19th and Wednesday, Oct. 21st at 8 P.M., on how to rebuild the body with the proper foods. LeVine lectures under the auspices of The NATURAL HEALTH FOOD CENTER, 54 Wayne St., Pontiac, Michigan.

Bring this ad and get a free chart on this wonderful discovery of the eyes.

Your Hands
Will Look Lovelier
. . . Feel Softer
with Lanolin Plus
Hand Lotion

You can't imagine what beauty you have in the palms of your hands until you use LANOLIN PLUS HAND LOTION. For Lanolin Plus, containing the right amount of lanolin with its valuable esters and cholesterol, penetrates your skin and helps to replenish essential oils that your hands need to make them feel and look smooth as silk.

It's no wonder that Lanolin Plus is so effective. Years ago on the plains of Australia, during sheep-shearing season, the hands of the men were dry and calloused. But almost immediately an amazing phenomenon occurred. Their hands became softer and smoother. The secret? Lanolin, the closest duplication of the natural oils of our human skin is found in the fats and oils of the sheep's wool. As the men sheared the sheep, lanolin was absorbed into their skin. And gradually their hands became softer and smoother. Today chemists have found a way to blend a fabulous amount of lanolin into Lanolin Plus. The formula holds an exclusive United States patent.

Treat your hands to this entirely new feeling of petal-freshness and softness. LANOLIN PLUS HAND LOTION works quickly, then disappears like magic. Only one dollar, plus tax, at all cosmetic counters.

There's New Softness for Dry Skin with Lanolin Plus Cleansing Cream

Time was when there wasn't much that women knew about retarding a dry skin condition that promoted premature wrinkles. But now that Lanolin Plus has come into the beauty picture you can keep your skin soft and lovelier than you ever imagined! For LANOLIN PLUS CLEANSING CREAM FOR DRY SKIN is compounded to soften your skin as it cleanses it. Lanolin Plus Cleansing Cream containing a superabundance of Lanolin Plus, with its rich base of esters and cholesterol, penetrates your skin and helps to replenish oils that

deter the dryness that promotes premature wrinkles.

You'll love the feel of this velvety cream while it works its wonders on your skin. And you'll love the fresh, clean feel your skin has after you've tossed away the dirt of the day.

If your skin is dry, don't wait another day to give it the wondrous help of Lanolin Plus. You'll find softness and beauty you never knew were there. LANOLIN PLUS CLEANSING CREAM FOR DRY SKIN is so economical, too. Only a dollar plus tax at all cosmetic counters.

Your Skin Wakes Up to New Beauty and Exquisite Softness with Lanolin Plus Liquid

One of the most serious beauty problems women face is premature wrinkles, due to excessive dryness or climatic conditions. The longer this dry condition exists, the deeper and more permanent the premature wrinkles become. Now with LANOLIN PLUS LIQUID, you can help replenish oils that are so essential to a smoother, more youthful-looking complexion.

Ordinary harsh cleansing removes the skin's natural lubricants—esters and cholesterol—and in many cases, may further dry out your skin. All you have to do is soften the skin and premature wrinkles become less apparent. Try this wonderfully refreshing facial with LANOLIN PLUS LIQUID at night before you go to bed. Your face will feel relaxed and refreshed—and you'll feel a glowing kind of youthful vitality in your skin. And when your skin feels this good, you just know it looks radiant and exquisitely smooth!

Hold a hot washcloth to your face and neck for about a minute to open pores. Notice how refreshed and relaxed your face feels.

Warm the bottle of LANOLIN PLUS LIQUID under hot water tap. Briskly massage into face and neck until skin begins to tingle.

After a few minutes, wipe your face petal-fresh.

Rinse your face and neck with cold water. Then gently massage a few drops of LANOLIN PLUS LIQUID into your skin before retiring. Its gentle, thorough action will work while you sleep and you'll awake next morning to find new radiant beauty in your skin. There's no need to let premature wrinkles make you look older. Use LANOLIN PLUS LIQUID faithfully every day. You'll find it at all cosmetic counters for only one dollar, plus tax.

Make Your Skin Softer, Smoother "All Over" . . . with Lanolin Plus Body Lotion

From the time of the early Egyptians, women who have longed for loveliness have tried to keep their skin soft and smooth with various fragrant oils. Now for your everyday enjoyment, there is a heavenly body lotion, enriched with lanolin to keep every inch of you "petal-soft." No matter what the weather, this creamy-smooth liquid penetrates, and protects your skin from the drying effects of sun, wind and dry air.

Never before was there such a luxuriant lotion—so delicately scented, so gently effective, as LANOLIN PLUS BODY LOTION. You'll love the way it helps replenish oils, dried out from frequent bathing. A superb blend of protecting, softening oils and lanolin, this new body lotion makes you feel refreshingly relaxed, lovely all over!

It takes so little . . . spreads so easily . . . and is so economical that you'll want to use it faithfully. Don't let a day go by without using your LANOLIN PLUS BODY LOTION. You'll find the generous twelve-ounce bottle only \$1.50 plus tax, at all cosmetic counters.

You owe it to yourself to discover the wondrous things Lanolin Plus products can do for you. When you use them faithfully, you'll have the key that brings forth skin and hair beauty you may never have realized you had!

Skin Feels Cleaner—Fresh-As-A-Daisy—with Lanolin Plus Liquid Cleanser

The fresh, clean feel of your skin after its first cleansing with this creamy liquid will make you promise yourself that you'll never again bother with ordinary harsh cleansing. For LANOLIN PLUS LIQUID CLEANSER penetrates your skin and softens as it cleanses, with never a harsh, drying effect. Instead, it offers the

wonderful lubricating influence of lanolin itself that combats drying conditions due to lack of natural oils.

There's good reason why lanolin is so beneficial to your skin. Lanolin is obtained from sheep's wool and is most similar to the natural oils of our human skin. So when Nature's own lubricants

are so closely duplicated, it's no wonder that your skin responds quickly and eagerly.

LANOLIN PLUS LIQUID CLEANSER should be a "must" in your daily skin care. It's amazingly effective . . . delightfully refreshing . . . and so economical! Only one dollar plus tax at all cosmetic counters.

Reveal Your Hair's Natural Loveliness with Lanolin Plus Hard Water Shampoo

Perhaps you are one of the many women who are at a loss to know how to keep your hair and scalp scrupulously clean, yet preserve the natural oils that are essential to soft, glistening hair. Now, LANOLIN PLUS HARD WATER SHAMPOO answers this problem for you. For this is

the shampoo that contains a superabundance of lanolin, the nearest duplication of nature's own skin oils. It not only helps lubricate scalp and soften hair, but at the same time it lathers beautifully in the hardest water. Its rich, lanolized suds thoroughly whisk away dirt and grime so that the hair is left soft and

silken and gleaming, as it should be. Just as the shampoo cleanses its oil pampers the hair.

It's economical, too, because it's fast-acting, and ordinarily only one application is needed each time you wash your hair.

All cosmetic counters can supply you with LANOLIN PLUS HARD WATER SHAMPOO for only a dollar. You'll never know how really clean, soft and manageable your hair can be until you use this thorough shampoo, containing such a generous supply of lanolin.

Lanolin Plus Agrees with Your Skin . . . Makes It Feel Better . . . Look Softer, More Beautiful

The lovely, smooth skin of a baby is naturally soft and supple because Nature's inner lubricants keep it that way. But as time goes by, these natural oils become less plentiful and, in addition, are removed by sun, wind, dry indoor air and ordinary harsh cleansing. Years ago it was found that the wool of sheep contains a substance known as lanolin, which, because of its rich base of beneficial esters and cholesterol, is most similar to the natural oils of our human skin.

The chemists who created LANOLIN PLUS planned their formula to include highly refined lanolin and other skin-beautifying ingredients. Because of its thorough action, it helps to maintain the proper lubricating balance both for complexions that are too dry or too oily. It also supplies normal skin with the priceless softening influence it needs to stay soft and silken-textured.

With your very first touch of LANOLIN PLUS LIQUID, you'll see for yourself how exquisitely soft and fresh your skin can feel. Words can't describe that feeling, but once you know it, you'll never want to lose it. If you use LANOLIN PLUS faithfully and regularly, you'll find that harsh dryness will disappear . . . premature wrinkles due to excessive dryness or climatic conditions become less noticeable.

Use LANOLIN PLUS LIQUID to pamper your skin overnight while you sleep . . . use it as a cleanser to make your face feel cleaner, fresher than ever before. And you'll find it does wonders by helping to lubricate your skin

after natural oils have been removed by sun, wind and harsh cleansing. If your heels, insteps or toes are calloused or rough, a relaxing foot bath, followed by a LANOLIN PLUS LIQUID massage will soften and soothe the dried out areas.

The most feminine desire in the world is to stay lovely and youthful looking. Now—with the softening qualities of LANOLIN PLUS LIQUID—all women can help to achieve this desire. For this almost-miraculous Liquid replenishes the oils that help to deter dry skin with its devastating effects.

Take a long, objective look at your complexion. Is it everything you want it to be? Or would it welcome a chance to absorb some of Nature's own kind of lubricants? Lanolin is the closest duplication of these natural skin oils. So don't wait another day to discover the wonders of LANOLIN PLUS LIQUID. One dollar* is such a tiny price to pay for the glorious feeling of having skin that now is soft and carefree, and more youthful-looking than you ever imagined! *plus tax

Your Hair Will Be Lovelier, More Manageable, If It's In Good Condition

All the new "hair-do's," rinses, permanents and bleaches in the world can't make your hair look prettier if it isn't in good condition. Simple basic care of your hair is your first step toward hair beauty. . . And LANOLIN PLUS FOR THE HAIR should be your first thought.

If your hair is dull, dry and unmanageable, it will surely come the refreshing, softening influence of Lanolin Plus. For lanolin is the closest duplication of Nature's own skin lubricants. Too often the gleaming highlights and

lovely softness that Nature meant for your hair to have are taken away by various kinds of harsh hair treatment, water, and the drying effects that come from exposure to sun or wind. When that happens—and even before it happens—look to LANOLIN PLUS FOR THE HAIR to supplement precious, natural oils and bring out sparkling highlights.

Give your hair a chance to look its best. Get LANOLIN PLUS FOR THE HAIR soon. At all cosmetic counters, only a dollar plus tax.

Handy Dispenser Comes with Each Bottle of Hand Lotion

A few drops of Lanolin Plus Hand Lotion applied several times during the day will do much to keep your hands lovely to touch—lovely to touch.

The handy pump dispenser, which comes with each bottle of Lanolin Plus Hand Lotion, makes regular application a simple task. LANOLIN PLUS HAND LOTION with PUMP \$1.00 plus tax. At all cosmetic counters.

Farm Belt Tour Nearing Finish

Most House Committee Members Will Vote for Continued Parity

INDIANAPOLIS (AP)—The House Agriculture Committee moved into the last lap of a Midwestern tour of farming areas today with most members convinced that farmers want present agriculture price-aid programs continued.

The lawmakers give farmers of Indiana, Michigan and Kentucky an opportunity at a hearing at the statehouse today to lay out their views on future farm legislation Congress will take up next year.

Tomorrow Ohio farmers will be heard at Columbus at a hearing that will wind up the present canvassing trip. On Nov. 2 the committee will open a journey through the West with a hearing at Cheyenne, Wyo.

After traveling through North-western, Southern and Western and central corn belt states, the 17 participating members agreed, in an informal poll, that the House group would vote almost solidly for continuation of present 90 per cent of parity price supports for corn, wheat, cotton, tobacco, peanuts and rice.

Parity is a standard for measuring farm prices, declared by law to be fair to farmers in relation to prices they pay.

The 90 per cent support law will expire at the end of the 1954 marketing year unless extended by Congress.

In its 1,200-mile trip through the Midwest, the committee found top-heavy demands that the present law be retained, at hearings in Minnesota, South Dakota and Nebraska. In Iowa the demands were not quite so strong.

In Illinois, farmers divided about evenly between 90 per cent supports and a flexible plan under which floors would be high in times of shortages to encourage production and low in times of surpluses to discourage production.

Would-Be Crook Rings Doorbell Trying to Get In

COLUMBUS, Ohio (AP)—It's a cinch Leroy Broomfield didn't mean to ring the doorbell. But he did.

When John R. Peters, dressed in pajamas, opened the door he found Broomfield on all fours tumbling in the dark with the lock.

Broomfield scrambled to his feet and ran—right through a large plate glass window on the porch.

Peters followed him out the window. Broomfield smashed into a wire fence. Peters snatched into him.

"C'mon, Myrt, get out here and help," cried Peters.

Mr. and Mrs. Peters got Broomfield down, sat on him and yelled until a constable came.

In county jail, the 32-year-old Broomfield nursed scratches and bruises and faced charges of breaking and entering and assault with intent to wound.

Await Weather Break to Rescue Deer Hunters

LONE PINE, Calif. (AP)—Pilots hoped moderating weather today would enable them to fly out some 20 deer hunters marooned in the mountains by Southern California's first snowfall of the season.

Low-hanging clouds and an inch or so of snow prevented planes from landing yesterday at Monache Meadows. Two pilots, Ed Roman and Bob White, were poised for takeoffs to evacuate the hunters, most of whom had entered the area by plane or pack train.

Public Speaking, Law Class in Third Week

The third in a series of six weekly public speaking and parliamentary law classes will be held Wednesday at 7:30 p. m. in the CIO Council Hall at 21½ E. Lawrence St.

Wednesday's session will be the last of the parliamentary procedure classes, according to instructor Alfred E. Hinckley, speech teacher at Waterford-High School.

There are still openings for about 15 persons in the two-hour classes, Hinckley said, and

any interested person may attend.

The classes are sponsored annually by the education committee of the Oakland County CIO Council and the Pontiac and Michigan State Board of Education. H. C. Newingham is chairman of the education committee.

About 5,000 unpaid volunteers furnish daily data to the U.S. weather bureau.

FAST HEADACHE RELIEF

'Hot Flashes' Stopped or strikingly relieved

In 63-80% of cases in doctors' tests You may be suffering needlessly from "hot flashes" and irritable, restless feelings of "change of life!" In doctors' tests, Lydia E. Pinkham's Vegetable Compound and Tablets brought relief from such functionally-caused suffering in 63% and 80% (respectively) of the cases. Complete or striking relief!

Try modern-acting Pinkham Tablets Both Pinkham's Compound and Tablets are modern in action! But, thousands of women are changing to new, improved Tablets (with added iron). They're so easy to carry and take... and give truly wonderful relief. Get a bottle today. Get relief from those distressing, nervous "hot flashes" and feelings of "change of life!" (diplomat, too, for functional pain of monthly menstrual periods.) It acts through a woman's sympathetic nervous system to relieve distress of these awful "hot flashes!"

Five Civic Leaders to Trace Progress

Five civic leaders will trace Pontiac's progress in the past three years at Pontiac Education Association's "Pontiac on Parade" program next Thursday.

The school year's first dinner-meeting is scheduled for 6 p. m. at Pontiac High School cafeteria. Teachers may make reservations until Monday with school co-ordinators.

The public is invited to "drop in" an hour later for the panel discussion. Speakers are Frank J. Dufrain, superintendent of schools; the Rev. George Garver, pastor of Ascension Lutheran Church; Louis H. Schimmel, member of Pontiac Board of Education; Robert J. St.

Clair, manager of Pontiac Chamber of Commerce; and Walter K. Willman, Pontiac city manager. Henry Elling is program chairman.

Hard Liquor Truly Hard

OKLAHOMA CITY (AP)—Lt. Jack Caldwell of the city vice squad reported he confiscated "six pints of hard liquor" in a raid.

The whisky must have been extra hard. Caldwell said the bootlegger threw a case of the stuff over a 10-foot building trying to get rid of the evidence. Not a pint was broken.

Freshwater shrimp run to extremes in size. While most are too small to be of any value, one species, *Macrobrachium carolinense* of Southern Florida, grows to a length of two feet.

NORTHERN DEFENSE—This Labrador village, occupied by U. S. Air Force and Royal Canadian Air Force men and their families, is one of many being completed on the arctic fringe of North America. The towns block the path Soviet bombers would following during an aerial attack on the United States or Canada.

SNUG DWELLING—This snow-bound home is one the RCAF has provided for its married airmen.

ENGINE REPAIR—Sub-zero temperatures may make Labrador's winter climate uncomfortable, but it's never too cold for airmen to neglect maintenance on fleet of F-84 Thunderjets. The jets constantly patrol the airways, keeping watch over the arctic frontier.

Forecast Deficit in 1954 Budget

Defense Spending, Tax Cuts May Add Up to \$5 Billion in Red

By CHARLES F. BARNETT
WASHINGTON (P) — Congressional sources said today another federal deficit next year is indicated in the Eisenhower administration's advance budget prospects. Final decisions have not been reached, they said, but administration officials wrestling with the problem are talking of this general outlook for the budget to be proposed next January:

1. Despite all efforts to balance the budget, defense spending and scheduled tax reductions probably will add up to a red ink figure of from two to five billion dollars for the year starting next July 1.

2. But the "cash" budget, which includes social security trust fund accounts and other items not counted in the regular administrative budget, probably will show a balance for the first time in several years.

This picture came from congressional sources who are in close touch with administration fiscal planning, but who asked not to be quoted by name.

Revised figures for the current year, ending next June 30, indicate spending of \$72,100,000,000 and revenue of \$68,300,000,000. This would be an administrative deficit of \$3,800,000,000. The "cash" deficit for this year is estimated at a half-billion dollars.

Congressmen said the administration would feel it has made good progress, although not so much as hoped, if it can eliminate the cash deficit next year in the face of scheduled revenue losses. They said administration officials are banking strongly on a balanced administrative budget for the following year.

The cash budget includes income and outgo under the social security program and other special accounts which are kept separate from regular funds. These programs generally are taking in more money than they are paying out. This trend would be accentuated next year under a scheduled increase in social security taxes.

Secretary of the Treasury Humphrey and other officials have said the cash budget, because it measures total government intake and outgo, is the important factor in determining whether government is running a surplus or deficit.

It is not the budget meant, however, in popular talk of budget balancing. As compared with this fiscal year, the administration faces revenue loss next year of \$3,600,000,000 from tax cuts set for Jan. 1. These are a 10 per cent reduction in individual income tax rates, and expiration of the excess profits tax on corporations.

On April 1, still further fiscal year losses of \$2,200,000,000 in revenue are scheduled. These are cutbacks in corporation income tax rates and in some excise tax rates.

All of these losses, adding up to \$5,800,000,000 for next fiscal year, would leave a gap of \$9,600,000,000 when piled on top of the current year's estimated deficit. That means spending would have to be cut by that amount, or taxes raised or cuts deferred by that amount, to bring next year's administrative budget in balance.

Several hours later, by unanimous vote, it was decided to fight fire with fire: If the women were going to imitate the French, their husbands would ape the British.

Next day strange things began to happen on Rivington Street. Every husband with varicose veins discarded his trousers and put on flashy Bermuda shorts. Every phone call was answered with a sharp clipped "Is you there?" At breakfast the men insisted on kippers instead of the usual schmaltz herring. At dinner they sent back the customary "cup of tea in a glass" and demanded a glass of tea in a cup.

For days, the outcome of the battle was in doubt, but finally the women began to give in. Mrs. Greenspan, for instance, called it a day when her husband, Morrie, was ordered out of the synagogue because he was wearing a pith helmet.

The incident which ended the Battle of the Hemline, however, occurred in Charlie's own house. Late one night he walked in with a whisky bum he had picked up on the Bowery and told Frieda to fix a bed for him. "For laying out my clothes," he said, "I am hiring a valley."

The other day when I was down on Rivington Street, everything was back to normal. The men were wearing their usual clothes and if a lady had piano legs no one was the wiser. Moreover, when I asked my Aunt Frieda if Charlie was again drinkin' his tea from a glass, she said, "What then—from a pail?"

Next time you decide to switch styles, my dear Mr. Dior, I would suggest, as a matter of public relations, that you hire a representative to look out for your interests on the lower East Side.

May I be so bold as to suggest my Uncle Charlie?

Yours truly,
Billy Rose

CLEANING CLINTON—Pontiac Department of Parks and Recreation employees (left to right) George Andrews, Ray Dalby and Louis Toth rake debris from Clinton River at S. Perry Street bridge in annual river clean-up. The project, being carried out jointly by the Department of Parks and Recreation and the Public Works Department, will leave the river uncluttered from one end of the city to the other.

Judge Refuses Dismissal Move

Italian Court President Says Law Cited Does Not Apply

NOVARA, Italy (P) — An Italian judge today rejected a move to dismiss charges against two Americans, accused with three Italians of the war-time slaying of their superior officer, Maj. William Holohan.

Pietro Choivenda, court-appointed defense attorney, asked for dismissal at the opening session of the trial. He contended an Italian court has no jurisdiction over an American soldier for an alleged crime on Italian soil committed by an enemy army.

Court President Francesco Siccheri overruled the motion, saying the international law which the defense attorney cited did "not apply to common crimes."

The Americans, being tried in absentia, are ex-Lieut. Aldo Ocardi of Pittsburgh, Pa., and former Sgt. Carl Lo Dolce of Rochester, N. Y.

The government accuses Ocardi of planning the murder of the New York City major behind Nazi lines in northern Italy in 1944. Lo Dolce is accused of firing the fatal shots after an earlier attempt to poison Holohan failed.

A House Armed Services subcommittee which investigated the slaying also ruled that there was no legal way to prosecute them in the United States.

ABC Offers Advertisers Verified Circulation Count

This symbol is often called "the hallmark of circulation value." It is the insignia of the Audit Bureau of Circulations.

And, since October, it is being observed as ABC Month by Bureau members. We should like to pause from our news gathering duties to explain the significance of our ABC membership to our advertisers and our readers.

Just as manufacturers and merchants buy and sell merchandise on the basis of known standards of grade, weight and measure, so are we prepared to tell advertisers about our circulation.

That's why we belong to the Audit Bureau of Circulations, a verified count and description of the circulation audience that they get when they buy advertising in the Pontiac Press.

There are definite standards for advertising values as well as for merchandise. We believe that newspaper advertising should be bought and sold on the basis of these standards.

The bureau is a non-profit, cooperative association of 3,450 advertisers, advertising agencies and publishers of newspapers, business publications, magazines and farm publications in the United States and Canada. It has a staff of experienced circulation auditors.

At regular intervals these men visit all publisher members and make a thorough audit of their circulation records. The information

from these audits is then issued in reports which are available to advertisers.

While the major objective of the bureau's work is to furnish advertisers with verified information about the circulation of publisher members, it also has a very real importance in our relations with our readers.

Our ABC reports serve us as editorial guides. For example, by knowing exactly where our circulation audience is located, as shown in the ABC report, we can arrange our editorial coverage so that we might best serve the interests of our readers. There is a host of other factual information contained in the ABC reports which guides us in our planning, helping us to give our readers the type of newspaper they want.

Our membership in the Audit Bureau of Circulations is a protection to our advertisers and our readers.

Four our advertisers, it means verified circulation information, based on universally accepted standards and practices. Since ABC audits only publications with paid circulation, our membership assures advertisers that the Pontiac Press stays in business by the voluntary support of its readers.

To maintain that voluntary reader support we must demonstrate our responsiveness and responsibility to our readers. The ABC audit of circulation tells both the advertiser and the editor whether our newspaper is performing a service to our readers—if the read-

ers don't want it, neither do the advertisers.

The Pontiac Press joins with almost 1,900 other newspapers and some 1,600 advertiser, advertising agency and periodical members in paying tribute to the Audit Bureau of Circulations this month. We are proud to be a member of the bureau and to display its insignia, which has become synonymous with the words "factual" and "integrity" in the interests of both the advertiser and the reader.

Nixon in Canberra for Australian Talks

CANBERRA, Australia (P) — U. S. vice-president Richard Nixon arrived here today for talks with Australian leaders that are expected to range from trade questions to the possibility of a wider exchange of atomic information. He flew here from Melbourne.

Nixon meets tomorrow with Prime Minister Menzies and the cabinet and then attends an official luncheon.

A high government source said Australia is particularly interested in obtaining more information about civilian atomic power. Nixon has taken no public stand here. The U. S. vice president told the Victoria State Parliament this noon "there will be no isolationism in America now or in the future. It is dead."

Big-Hearted Bandit

NEW HAVEN, Conn. (UP) — A bandit walked into a lunch counter here, took the contents of the cash register, counted it and then threw a \$10 bill toward the counter-man saying, "That's for being a good fellow."

Packaging Hints Offered Senders

Wood, Fiberboard or Metal Boxes Guarantee Safe Shipment

To assure pre-Christmas delivery, parcels mailed to servicemen outside the continental United States should be sent before Nov. 15, Acting Pontiac Postmaster Lettie H. Dean said today.

Air parcel post should be mailed not later than Nov. 25, he added. The term "armed forces overseas" includes personnel who receive mail care of Postmaster, New Orleans, Seattle, or Fleet Post Office at New York or San Francisco, he explained.

Dean warned that packages of foodstuffs subject to spoilage and breakage may reach destinations unfit for use.

The earlier parcels are sent the better, Dean said, but packages sent before the designated dates are reasonably sure of arriving before Christmas.

The use of air service after Nov. 25 cannot assure timely delivery, Dean explained, because medical and military supplies are given the highest airtight priority.

Because of the long distance involved parcels destined for Japan, Korea and the Pacific Islands should be mailed before Nov. 1, Dean said.

Regular size and weight limits for domestic surface parcel post apply to Christmas parcels, he stated, except a limit of 50 pounds is set on packages for delivery through APOs 22, 120, 124, 125, 126, 127, 129, 147, 167, 179, 180 through 199, 202, 202-A, 112, 218, 232, 233, 236, 237, 238, 240, 241, 242, 243, and 735, care of Postmaster, New York.

Strong boxes of metal, wood, solid fiberboard, or metal double-face corrugated fiberboard should be used to mail gifts. Each should be tied with strong cord and be well packed to prevent rattling or loosening of contents.

As an added precaution fiberboard boxes should be wrapped in heavy paper. Parcels mailed by department stores and those wrapped in "gift" style should be enclosed in containers, said Dean.

Certain articles are prohibited in parcels for delivery to servicemen overseas. He advised senders to check the regulations and they were unsure of an article's acceptability.

Addresses should be legible and complete. A slip of paper with the address of sender and serviceman deposited inside the package will safeguard against loss if the outside address is defaced, he added.

Urban Guild Has Scholarship Tea at McNeill Home

About 150 guests attended a scholarship benefit tea sponsored Sunday afternoon by the Urban League Guild, Dr. and Mrs. Howard H. McNeill were hosts for the affair at their home on Hickory Grove road.

General chairman was Mrs. James Taylor, assisted by Mrs. J. A. Rammea, Mrs. Everett Spurlock, Mrs. C. B. Tolle, Mrs. Edward Vine, Mrs. Irving Gillies, Mrs. William Hayden and Mrs. Ann Wright.

Tea was served from a table centered with an arrangement of fall fruit and centerpiece. Presiding were Mrs. Warren Fowler, Mrs. Arthur W. Selden, Mrs. Florence Stewart, Mrs. F. Chalmers Smith, Mrs. Meyer Simon, Mrs. Sylvia Hayes, Mrs. George T. Hendry, Mrs. Thomas Parker, Mrs. James Causey and Mrs. Lucetta Baker.

Organ music was played by Lucille Hayden and Charles A. Wilson.

The committee in charge of scholarship donations includes Guild President Mrs. Charles Williams, Mrs. Harry Riggs, Mrs. Leatrice Stewart and Mrs. Robert Turpin.

Chinese Nationalist Industrialist Dies

HONG KONG (P) — P. C. Wu, 62, Chinese industrialist and member of the National Resources Commission when the Nationalists controlled the mainland, died in Shanghai Thursday of a heart attack, the Communist newspaper Ta Yün Pao reported today.

Wu headed a number of mainland food processing and electrical power concerns.

Mrs. Roosevelt to Speak

BENTON HARBOR (P) — Mrs. Eleanor Roosevelt is scheduled to address the Southwestern Michigan Economic Club Feb. 12, according to John Paul Taylor, executive vice president of the club.

Barber Shops With Bathtubs and Under-Water Bridges

Indochina Hodge-Podge Where Anything Can Happen

B FRED SPARKS
NEA Staff Correspondent

HANOI, Indochina (NEA) — Noted while wading through a rice paddy covering Communist rebellion:

Local barber shops offer hot baths in comfy tubs; in this land hardly any homes have running hot water. Soldiers wear their wrist watches banded to belts; in the equatorial heat watches worn next to the skin cause ugly ailments. One mixed platoon of French Union troops has Moslems, Buddhist, Hindus, Christians and Jews from various sweeps of the French Empire.

Communists build primitive booby traps consisting of a deep hole in the ground camouflaged with grass and weeds. Step in the hole and bamboo sticks sharpened to knife point slash into your ankles and legs.

Local ladies have mouths like dark caves. Favorite female fashion is to lacquer teeth in girlhood, keep them black by chewing various dyeing nuts.

Strangest railroad in the world runs along the Indochinese coast from Saigon to Hanoi. One-half is in French hands, one-half operated by the communists in areas dominated by their forces.

Naturally, you can't ride straight through without a division or several tanks. There is a wide contested No Man's Land between breaks in the tracks.

Often French commandos make raids from landing craft onto communist-held beaches and

push inland to tear up Red sections of track, destroy engines and cars.

Overheard: "We bombed out the bridge three different times."

Then the Communists built it a foot under the surface. Unless we manage to fly over when a truck is crossing we can't see it."

"The commissary really messed

BEHIND RED LINES—French assault forces patrolling Indochina rivers often make landings on Commie-held beaches to push inland and sabotage coastal railroads.

up this week. They sent a load of pork to the Moroccan troops. They're Moslems and would rather eat their mothers than ham steaks."

"The only way to win this war is to train loyal Indochinese to kill Communist Indochinese. You'll never get full native support for white men trying to kill brown and yellow men."

"Now the navy patrolling the Red River has a new headache. The Communists are using frog men to swim underwater and stick those special mines on the hulls of our ships. The sailors are sleeping in their life belts."

Editor and Dean to Talk at Parley

DETROIT (UP) — A newspaper editor and a university dean were listed today among the principal speakers scheduled to address the sixth annual conference of the Public Relations Society of America here Nov. 16-18.

They are Editor Erwin D. Canham of the Christian Science Monitor and Dean Donald K. David of the Harvard Graduate School of Business Administration. Also scheduled to address the three-day convention is Detroit Mayor Albert E. Cobo.

Public relations aspects of atomic energy and public relations in international operations of business are among the topics to be discussed at the meeting.

6 Die Fiery Death as Auto Overturns

PAINESVILLE, Ohio (AP) — Six persons, including two small children, burned to death in an overturned automobile near here last night.

The dead, all from Ashtabula, Ohio, were: Willard Loggins, 22; his wife, Juanita, 19; her mother, Mrs. Alice Dwyer; Mrs. Robbie J. McGinty, 21, and her two children, Ronnie, 2, and Venica, 6 months.

The car overturned and caught fire after it was struck in the rear by another auto on U. S. 20 in North Madison.

Because its eyeballs move independently, the chameleon can see in two different directions at the same time.

Police Recover \$190 After Nabbing Juveniles

Pontiac Police Sunday recovered \$190 taken from the home of Mrs. J. D. Wright of 104 W. Princeton Ave. after two 13-year-old boys said they entered the home last week through an unlocked door.

Det. John DePauw said the youth were apprehended and turned over to juvenile authorities after police received reports that the pair was spending a large amount of money.

A cathedral in Cologne took nearly 600 years to complete.

Navy Probing Carrier Blast

Start Difficult Task of Tracing Disaster That Killed 36 Friday

BOSTON (AP) — A three-officer naval court of inquiry assembled today for an immensely complex task — to discover, if it can, what caused the explosions and flash fire that killed 36 men aboard the aircraft carrier *Leyte* Friday.

The court is headed by Rear Adm. Delbert S. Cornwall.

An inspection of the fire-blackened area four decks below the landing deck on the carrier's port side forward, was one of the first items of business.

The court's task was complicated by the fact that the men closest to the explosion were killed either by the blast or the searing flash fire that raced through that area of the vessel.

As the formal inquiry began, 30 injured lay in hospitals, many of them almost covered by bandages over their burns. A large proportion were service personnel, both officers and enlisted men, but there were also naval shipyard civilian workers and several Boston firemen.

Comdr. Lewis Haynes, chief of surgical service at the naval hospital at Chelsea, reported 11 of the most seriously burned would need extensive skin grafting.

Sen. Leverett Saltonstall (R-Mass.), chairman of the Senate Armed Services Committee, announced his committee would not act for the present on a suggestion of Rep. Edith Nourse Rogers (R-Mass.) that it investigate "to settle without question the sabotage angle."

Saltonstall said he felt such an investigation was "primarily the Navy's responsibility."

The Navy said earlier that the possibility of sabotage, while it "does not seem likely at the moment, . . . is being completely explored."

The Boston Globe said today Capt. R. R. Simson, identified as "the Navy's top engineer," examined the damaged area a few hours after the blast Friday and found a "defect in the catapult system."

9 Lost as Navy Plane Crash-Lands in Sea

REYKJAVIK, Iceland (AP)—A U.S. Navy plane crash-landed in the stormy North Atlantic shortly after takeoff from Keflavik airport here yesterday and rescuers abandoned all hope of finding the crew of nine alive.

The plane had radioed to Keflavik that it was down in the sea with engine trouble south of the Vestmanna Islands.

Four rescue planes went out immediately, but soon afterward abandoned the search when they saw the plane's rubber dinghy tossed about empty in the gale-swept waves.

Five Climb Tower; 1 Shot, 4 Come Down

SAN FRANCISCO (AP)—Five teenage boys went exploring atop the 73-foot tower of an old Dutch windmill in Golden Gate Park yesterday, but only four came down alive.

Michael Legg, 12, took along a .38 caliber pistol, which the other boys said belonged to his father.

"Let me see your gun," said one. Michael passed to him, telling him he needn't be too careful because the trigger would have to be pulled twice before the one live round came into firing position.

Soon came a deafening explosion. "I'm shot," cried Michael, and died.

Swedish Navy Gets Bill for 200 Nylons

STOCKHOLM (INS)—The Swedish navy may soon have to pay for 100 pairs of ladies' nylon stockings. The stockings were damaged by a naval smokescreen. Agency France Presse reported that 100 ladies were in the audience as Swedish naval units put on

a nautical show recently. During the maneuvers several destroyers sped across the scene, laying an efficient smokescreen. The particles in the gaseous screen had an oil base and, according to the ladies who are suing the navy, damaged the nylons. The navy is pleading not guilty. But AFP noted that textile experts believe the mixture of moist air and petroleum-base smoke could have been fatal to any and all types of nylon.

Nervous? Run Down?

"TOO TIRED"— "TOO OFTEN?"

If lack of thiamin and riboflavin is the reason, here's how you can feel stronger, peppier, in just 7 days—without risking a penny!

Report Walkout by Red Teams

Poles, Czechs Beaten in Demand That India Use Force on PWs

PANMUNJOM (U)—Beaten in their demand that Indian troops force defiant Korean War prisoners to listen to Red persuasion teams, the two Communist delegations reportedly stormed out of a Korean repatriation commission meeting today.

The Polish and Czech walkout—reported by reliable sources—threatened a collapse in the tension-ridden interviewing of 23,000 anti-Communist prisoners who refuse to return to their homelands.

The sources, who declined to be named, said the Swedish, Swiss and Indian members of the five-nation commission sided together.

The walkout stalled all activity of the commission, at least temporarily. A commission spokesman said there would be no explanations Tuesday. The Reds had refused to interview Chinese instead of the North Koreans they had asked for. A 1½-hour repatriation commission debate on the matter was ended by the walkout of Czechs and Poles, an informed source said.

The North Koreans have stubbornly refused to move out of their compounds to meet with Red explanation teams.

Only 19 of 921 Chinese interviewed asked for repatriation.

Six North Koreans who requested repatriation were turned over to the Reds, raising to 131 the number of POWs who have returned to Red rule without first meeting with the Red explainers. In all, some 22,400 anti-Red POWs are in custody of the repatriation commission.

Communist correspondent Wilfred Burchett, who often echoes official Red policy, said one of the main disputes between the Reds and the repatriation commission was over who has the right to determine explanation plans.

Burchett said the Communists believe they have the right to determine whether they will explain to Chinese or North Korean captives and they also want to say when they will talk to the POWs.

Deaths Last Night

PAHRANKA, Alaska (AP)—Cecil Wells, 51, prominent Alaska businessman and president of the All-Alaska Chamber of Commerce, in the automotive business in Alaska for 29 years.

ST LOUIS — Harry McKenna, 63, sports copywriter for the St. Louis Globe Democrat and formerly with newspapers in Minneapolis and Sioux City, Iowa.

WESTPORT, Conn.—Mrs. Arden Young, 43, a former Broadway actress who appeared on the stage under her maiden name, Arden Young.

YOUNGSTOWN — John W. Smith, 39, a stock broker and a director of the Vincitor Printing Co., publisher of the Youngstown Vincitor.

DEATHS LAST NIGHT—Mrs. Carmel Thompson, 42, widow of Carmel Thompson, former secretary to President Taft and U. S. treasurer in 1913. Born in Champagne County, Ohio.

Sentence Erased to Let Man Work in Aircraft Job

CHEBOYGAN (U)—A 20-year-old prison sentence was wiped off the books so Russell Badgley, a former Michigan teacher, could work as an engineer in the California aircraft industry.

Badgley was sentenced in 1932 for a part in a \$75 robbery at a Cheboygan cottage, but was released after serving five months in the Ionia Reformatory.

His petition for a new trial claimed that his record jeopardized his right to work in California. Circuit Judge Edward H. Fenlon of Petoskey granted the petition but said that the trial won't be necessary.

Badgley said that he and two companions were out of work during the depression. They took furniture and bedding from a cottage to fix up an abandoned shack while they completed a wood cutting contract.

He said that they left a note

saying that they would return the items. Since the arrest, Badgley has graduated from Drake University, taught in Michigan schools, and worked with youth groups.

School's Anniversary

GRAND RAPIDS (U)—Beckwith School in Grand Rapids Township observes its 100th anniversary next week. The school is housed in a \$100,000 structure in contrast to the original one-room building constructed at a cost of \$37.10.

Dedicate VA Hospital

ANN ARBOR (U)—A new 500-bed Veterans Administration hospital, 50th built under the current VA construction program, was dedicated Sunday. Director Dr. Morley Beckett said 25 patients already had moved in to the building.

Itching of Dry Eczema

Why scratch and suffer hopelessly? Medicated Resinol Ointment—rich in lanolin—acting in place of missing natural oil, softens, soothes and gives long-lasting relief.

Friday Hearing Set Over Prison Camp

TRAVERSE CITY (U)—The Grand Traverse County Board of Supervisors has given its OK for the building of a prison work camp near the National Music Camp at Interlochen.

But a temporary circuit court injunction against the building will hold things up at least until a

hearing Friday. The injunction, obtained by Dr. Joseph E. Maddy, president and founder of the music school, halted construction on the camp Oct. 10. Dr. Maddy said that parents would object to sending their children to a music camp near a prison. Plans called for the construction of a camp of less than six miles from the school. Meanwhile, transfer of the camp to Manistee County is being considered by S. J. Gillman, director of conservation prison camp work.

Late Marriage
EAU CLAIRE 18—When Vernon Elroy Thalman of Eau Claire took as his bride this week Betty Pidd of Dexter. The ceremony started

just before and ended just after midnight at the bride's request. She wanted her wedding to coincide with the Oct. 14 and 15 dates of the marriage of two sets of grandparents.

Walk to Water
GRAND HAVEN 18—Ottawa County courthouse employees and visitors may soon be able to get a cool drink of water in the county building, but they will still have

to walk to get to the third floor. A supervisors' committee has given preliminary approval to an appropriation of \$700 for refrigerated fountains, but a proposal for installation of an elevator was tabled without action.

Young Inherit Freedom Gift

Hoover Tells Strain of President's Job in TV Talk to Youth

NEW YORK 18—Former President Herbert Hoover told the nation's youth yesterday that older generations, although making many mistakes, passed on "the greatest heritage that can come to man — national freedom and personal liberty."

Hoover addressed himself to the young people on the subject "Your Inheritance" over television and radio facilities in a program arranged by the Ford Foundation.

The former President traced the growing complexities of the U. S. federal government and stressed the obligations of citizenship in maintaining high standards among government officials.

He urged the young people to make certain to vote—both in elections and in primaries—when they are old enough.

Hoover spoke of the increasing responsibilities of a president of the United States and gave his idea of why they go fishing at times.

"All presidents," he said, "go fishing because they want to be alone to think at least once in a while. Except for prayer, fishing is about the only time when the people respect the privacy of the President."

Cuba's 1953 sugar production will be restricted to 5 million Spanish long tons, in an effort to keep up world sugar prices.

Polio Victim True to Dems When Ike Calls

MISSION, Tex. 18—Fifteen-year-old Tommy Robertson wasn't worried about political party labels when President Eisenhower paid him a visit.

The young polio victim, paralyzed from the neck down, proudly told the President: "We are Texas Democrats."

President Eisenhower had only laughter as a reply to the lone political note of his surprise visit to the Robertson home immediately after church services yesterday.

He and Tommy chatted about golf and checkers and joked with Texas Gov. Allan Shivers, a long-time friend of Tommy and his parents, Mr. and Mrs. Thomas Robertson.

A golf course is just a short distance from the Robertsons' pretty, brick ranch-style home and this led to a discussion of various types of golf clubs.

Tommy and his mother were playing checkers on the lawn when the President arrived. The visitor sat down and explained it had been a long while since he had played the game.

The friendly youngster replied with an explanation he had to have his checkers numbered so he could tell his opponents which moves to make for him.

Mrs. Robertson said Tommy was calm during the brief visit.

"He talked to the President as a friend," she said. "He's known Allan Shivers a long while and he treated President Eisenhower and Allan the same way."

She admitted that she and her 10-year-old son, Bill, were the ones who got very, very excited.

Bill made two quick trips into the house. The first time to get a camera. After taking group pictures he returned and found a picture of the President in a magazine and got it autographed. During the afternoon, Tommy

had fun with his young friends. Using special telephone equipment, he called each one and

said: "Well, I guess you know who is important in this town. The President came to see me."

NEW!

Wonderful mashed potatoes

in 2 minutes! CREAMY-SMOOTH! DELICIOUS!

HERE'S ALL YOU DO!

1. Just toss Minute Potatoes into salted boiling water. Do not cook.
2. Merely press potato shreds into water with a spoon and stir until water is absorbed.
3. Add butter and beat about 1 minute. A small amount of milk may be added, if desired. Quick as a wink...

you've got the creamiest, best-tasting mashed potatoes ever! So fluffy, so smooth! Serves 4. Try 'em for dinner tonight.

Your friend in need!

BLUE CROSS-BLUE SHIELD protection brings modern medical science within the financial reach of everyone!

THE CHANCES ARE 1 IN 3 THAT YOUR FAMILY WILL FACE A HOSPITAL BILL WITHIN THE YEAR!

ARE YOU PROTECTED?

Your doctor is your friend in need in more ways than one.

You know him of course, as an expert on getting you well and keeping you that way. Less known, though perhaps not less important is the role he plays in helping you protect your family against the cost of illness or accident.

Fourteen years ago, together with hospital officials, business men and labor leaders, Michigan doctors helped start the Blue Cross-Blue Shield non-profit organizations to bring modern medical science within the financial reach of everyone.

Since then, Blue Cross and Blue Shield have

paid over 300 million dollars in subscriber benefits. With over 3 million members, Blue Cross-Blue Shield is Michigan's most widely used health-care protection.

What BLUE CROSS Does!

Blue Cross Comprehensive Group Hospital Plan covers a wide range of hospital services, for up to 120 days, in any one of over 200 participating Michigan hospitals.

What BLUE SHIELD Does!

Blue Shield Medical-Surgical Plan pays generous amounts to your doctor for thousands of listed medical-surgical procedures, and for his hospital visits in non-surgical cases.

Protection Without Problems!

There's no red tape with Blue Cross-Blue Shield. Simply show your identification card

to your doctor or hospital admitting clerk. Needed benefits are taken care of automatically!

How to Get BLUE CROSS-BLUE SHIELD:

No physical examination is necessary. Ask your employer. Check your Farm Bureau or Grange! Write or call your nearest Blue Cross-Blue Shield office.

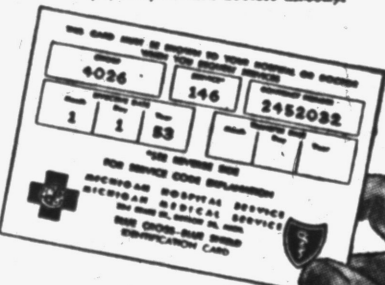

The hospitals' and doctors' own non-profit health-care plans for the welfare of the public...

Crash Injured Improving

BIRMINGHAM, Ala. (AP)—Twenty-seven injured persons remaining in hospitals after a trolley bus-railroad-engine collision were reported out of danger.

A woman was killed and 47 passengers were injured when the trolley was struck by a slow-moving Frisco Railroad diesel late Saturday in North Birmingham. The woman was identified as Rena Jones, 45.

Junior W. Walker, the trolley driver, was charged with manslaughter and freed on bond. E. L. Lewis, police wreck investigator, said Walker told him he did not see the approaching engine before the collision.

Fountain pens were in use early in the 17th century.

French Doctors Fly
to Aid of Ibn Saud

BEIRUT, Lebanon (AP)—Two French doctors have flown to Saudi Arabia to attend ailing 73-year-old King Ibn Saud, who they said has taken a turn for the worse.

Saudi Arabian sources said the doctors, in Beirut on a brief stop-over Saturday, would see the monarch for a routine checkup. However, he is known to have been sick for some time, and there have been increasing reports that he intends to abdicate in favor of his eldest son, Crown Prince Saud.

The prince already is prime minister, army commander and viceroy.

Champions of the American Association and the International League have met in baseball's "Little World Series" 36 times in 1904, with the Association winning 20 times.

Weather No Object

DETROIT (AP)—The temperature was a sweltering 80 yesterday but a thief took 84 wool blankets after breaking into a hotel linen closet.

Spike Jones
Coming Back
to the Movies

By BOB THOMAS

HOLLYWOOD (AP)—Attention, music lovers: Spike Jones is coming back to the movies.

The well-known music deprecator is starring with Abbott and Costello in "Firemen Save My Child," his first film in several years.

I found him amidst the cow bells, auto horns, pistols and other instruments on a U-I recording stage. His band was making the music track for the film, an experience the sound department will never forget.

"This is the first picture we've done since those musicals a few years ago," explained Spike. "We would have done others, but the producers never come up with a story. They just want to throw us in for musical numbers. I don't go for that."

"This picture is different. I play a fire captain on the last horse-drawn fire company left in San Francisco. The boys are firemen and they form a band. The same as firehouses used to have years ago. The whole thing makes sense, in a strange sort of way."

There's little that makes sense about Spike, except the amazing grosses his wacky musicians rack up. Before the picture starts, he'll play a three-week engagement at San Francisco's Curran, his third stand there.

Later this year, he plans to play his first legit run in New York, moving into the Broadway Theater if and when "South Pacific" vacates. The brave man even intends to invite the New York dramatic critics.

Also in the Jones future book is an engagement at London's Palladium. You'll recall that he was set to play the famed vaudeville house, but a dispute arose between the English and American musician unions. Spike

even offered to prove that he and his boys weren't musicians, but that didn't help any.

Now an agreement has been worked out between the unions and Spike is cleared to make the trip. He reports that the English have long been fans of his records.

I asked Spike if he had ever been seriously injured with his violent type of music.

"Only once," he replied. "That was in Chicago one time. On the opening number, I picked up one of my pistols by the muzzle and it went off in my hand. I thought I was killed, but I stuck the hand behind my back and finished the number. When it was over, I dashed offstage and ran to my dressing room. My hand was a mess."

I spent most of the performance with one hand behind the curtain, where the theater doctor was picking powder out of my skin."

The authorities have never complained about the gunshots in his show, but he has had trouble with one of the acts. That's the juggler who tosses flaming torches. Fire inspectors have fixed the act in a number of locations.

Despite his protests, Spike is actually an expert musician. I watched him conduct a recording session with an acute ear for sharps and flats. He launched into a rowdy rendition of the "Poet and Peasant" overture as Von Suppe never dreamed it would be played. Being somewhat gun-shy, I beat a quick retreat.

CAPSULE REVIEW: "The Cruel Sea" is an account of the British war against the German submarine, told with the restraint and acting skill in which the English excel. The best-selling book is followed faithfully, although the film does not have time to give as wide a picture of the sea war.

The character actions of the seamen are told with a crispness that is a model of editing. If the film had been made in Hollywood, Jack Hawkins and others in the cast would doubtless be cited by the academy. They deserve it.

'Key Club' for Clients

PORTALES, N. M. (AP)—Roosevelt County bootleggers are getting exclusive with their own key club. Clients are issued a key. The key unlocks an empty house—empty, that is, except for a well-stocked refrigerator. The guest leaves a donation, carefully outlined by a price list on the wall.

Roosevelt County is dry under a local option state statute.

'Awards' Rule
Answer Sought
by Committee

LANSING (AP)—A panel of educators and interested citizens today steps into the breach of a heated high school athletics controversy—the writing of a new "awards" rule.

The committee has been appointed by Dr. Clair L. Taylor, State Superintendent of Public Instruction, to draft a substitute for the awards rule of the Michigan High School Athletic Association which was suspended recently by a legislative committee.

The committee plans a two-day session.

The success of the committee in preparing a rule free from further controversy may determine whether dispute over the operations of the athletic association continues or dies.

There were even vague hints that the new rule might be applied retroactive to the cases of 10 prep school athletes who lost their eligibility for one year this fall because they violated the "awards" rule. They did so by accepting merchandise awards for competition in summer vacation sporting events.

6 important reasons why
every woman needs an
ELECTRIC CLOTHES DRYER

Handsomeness and trim (most models are table-high) an electric clothes dryer is the hardest-working appliance you can own. Here are some of the ways it saves you work...

No washday drudgery. No lugging baskets of heavy, wet clothes.

No weather worries. You always have perfect drying weather.

Completely automatic. Load it, set it, forget it! It's as easy as that.

Dry blankets, pillows—96% of all washables, including miracle fabrics.

Hygienically clean clothes. They tumble dry in pure, clean air.

Soft, fluffy, sweet-smelling clothes. Wash dries wrinkle-free.

Sooners, Terps Likely Bowl Foes

Terry Posts Shutout

DETROIT (AP)—It's strange that Terry Sawchuk, at the age of 24, should be making a comeback with the Detroit Red Wings. But that he is, and the youthful goalie passed his first test in fine style.

Sawchuk returned to the hockey wars Sunday after missing three games with a slashed knee, and he blanked the fast-skating Montreal Canadiens, 4-0.

Victory pushed Detroit past Montreal into first place in the

National Hockey league. But it was more of an individual victory for Sawchuk, a shy, likable young man who wants to make this his best season in big league hockey.

Last year, Sawchuk was a flop—and he's the first to admit it. The Red Wings, after winning the regular-season title in a breeze, failed miserably in the playoffs and Sawchuk took much of the blame. Nobody knows for sure why he

went sour, not even Terry himself. He spent the off-season giving much thought to this year and was determined to make up for his sorry showing.

Sawchuk sparked in training and when the season opened, he looked like his old self.

But last Saturday, Sawchuk was slashed around his knee and was forced to the sidelines. An untested rookie, Dave Gatherum, was rushed up from the minor leagues. He did a spectacular fill-in job.

Gatherum missed a shutout Saturday night when Chicago scored with just four seconds to play. Detroit won, 2-1.

Then, last night, the Montreal Canadiens came to town for the first "big" game of the young season. First place was at stake. And Sawchuk replaced Gatherum.

Playing with his former confidence, and moving quickly and surely, Sawchuk stopped 25 drives in a brilliant exhibition. In the third period, his knee bothered him and time was called.

But he stayed in and made several acrobatic saves, robbing the Canadiens of what looked like certain goals.

Wings scored in every period to make his job easy. Goal-getters were Marty Pavelich, Red Kelly, Gordie Howe and Dutch Reibel.

Garrett Big Gun in Stanford Upset of UCLA

PALO ALTO, Calif. (AP)—Bob Garrett, a left-footed, right-handed sensation who refused to be beaten, almost singlehandedly lifted underdog Stanford to a heart-stopping 21-20 upset of the country's No. 4 football team, UCLA, Saturday.

Garrett brought this praise from UCLA coach Henry "Red" Sanders, obviously stunned and terribly disappointed:

"I've never seen a man dominate a game so completely as Garrett did. I'm not ashamed of our pass defense but he riddled it."

Quarterback Garrett completely dominated Stanford's attack.

Garrett completed 18 of 27 passes without a single interception for 196 yards. Most of the nine incompletes were dropped. He did all the punting, all the converting and some of the kickoffs.

Atlantic Coast Loop, Big Seven Complete Deal

Champions Will Tangle at Miami; Maryland, Oklahoma Are Leaders

By BEN FUNK

MIAMI, Fla. (AP)—November's wild scramble for bowl football teams was rapidly becoming a thing of the past today as the Orange Bowl entered into a pact with the Big Seven and Atlantic Coast conferences to supply its teams for the next two years.

Oklahoma and Maryland are strong favorites to dominate the two leagues and meet here New Year's Day in the first game under the agreement.

The Orange Bowl action, long expected, leaves only three major bowl berths open for competitive bidding—two in the Sugar Bowl at New Orleans and one in the Cotton Bowl at Dallas.

Only the Sugar Bowl still selects both teams at random. The Cotton Bowl picks one at large to meet the Southwest Conference champion. The Rose Bowl is a closed corporation, matching teams from the Big Ten and Pacific Coast conferences.

The field from which the Sugar and Cotton bowls can choose was severely restricted by the Orange Bowl's success in tying up the Big Seven and Atlantic Coast groups.

Among the major conferences, only the Southeastern still is wide open for bowl bids. The Southwest Conference runner-up is available and after that the choice is limited to the independents.

Eight months of negotiations for the Orange Bowl pact were completed in Kansas City yesterday when faculty representatives of the Big Seven voted in favor of it. The Atlantic Coast group already had voiced its approval.

Orange Bowl President W. Bruce MacIntosh said there still are some details to be worked out, including whether the conferences will allow the same teams to play in the bowl two years in a row.

Briton Says World Too Record 'Happy'

LONDON (AP)—Roger Bannister, Britain's great miler, wondered out loud today whether it would not be better to have all stop watches handed in for safe keeping at the end of the year.

Bannister insisted the athletic world has become more occupied with records than with the sport itself. He also told the London Federation of Boys' Clubs there are dangers in idolizing the sportsman and in specialization.

The Briton, who ran a 4:02 in a mechanically framed assault on the four-minute mile last summer, also said too many are becoming watchers instead of players.

Minors Draft Plans for Their Baseball 'Survival'

DALLAS (AP)—Texas League club owner Dick Burnett said today he thought great progress had been made toward getting changes in the baseball laws that will "give the minor leagues a chance to survive."

Burnett, owner of the Dallas club, called a meeting attended over the weekend by presidents and representatives of 23 minor leagues and representatives of six major league clubs.

The minor leaguers approved legislation that would give them a greater voice in the framing of baseball laws, bring about an unrestricted draft, pay the players part of their purchase or draft price, allow them to waive the draft, raise the price of the draft for the lower minors (class B down to D), return restrictions to radio broadcasts and telecasts of major league games in minor league territories.

St. James Club Hands Rams 3rd Defeat of Year

Ted Reaver's TD Saves Freds From Shutout in Sunday SCL Game

St. Frederick absorbed its third consecutive setback in Suburban Catholic League play Sunday night, bowing to St. James, 30-6, at Ferndale.

Halfbacks Joe Ruhlman and Larry Kress each collected two touchdowns and Ruhlman passed to end Joe Mullen for a fifth in the last quarter.

Ted Reaver scored St. Frederick's only tally on a 15-yard run in the second period.

Jim Fitzpatrick, 150-pound St. Benedict fullback, scored two touchdowns and passed to Ted Dezinski for another as the Ravens dumped Orchard Lake St. Mary, 20-6, in another SCL contest.

ST. JAMES.....12 6 6 6-30
ST. FRED.....6 0 0 0-6
Touchdowns: Ruhlman (2), Kress (2), Mullen; Reaver.

Seixas, Trabert Tied in Torrid Net Series

WHITE SULPHUR SPRINGS, W. Va. (AP)—Vic Seixas and Tony Trabert will be all even in their torrid tennis singles competition when they leave for Australia with the Davis Cup team next month.

Seixas, Wimbledon champ from Philadelphia, beat young Tony, the Cincinnati collegian, 6-4, 6-4, here yesterday to win the singles crown of the Fall Festival tennis tournament at the Greenbrier hotel. The match reversed the finals at Forest Hills last month in which Trabert became the U. S. national champion by trimming Vic in three straight sets.

Briton Reported Improved

Randy Turpin Remains Aloof From Press as He Prepares to Meet Bobo Olson

By GAYLE TALBOT

GROSSINGER, N. Y. (AP)—There have been some fight training camps that were museum pieces, including one we recall in which Lou Nova delved into the mysteries of yoga and made pals with a live bear, but the one which has been going on here for a number of weeks seems to rank right up with the zaniest of the lot.

Those who have gone through it say they will never forget Randy Turpin as long as they live. The strange character who fights Bobo Olson for the world middleweight title Wednesday night at the Garden has distributed scars which will endure—and none of them on his sparring partners.

By great good luck, it seems, most of our sports writers were busy with such things as the World Series and the opening of the football season, and so were largely spared. The principal sufferers were a group of British experts who were here on orders from their respective papers, and Col. Bob Brumby, a gentleman from Georgia who was being highly paid by the promoting IBC to drum up interest in the impending brawl.

About the first thing Turpin did was let Brumby know that he wanted no part of him. The second was to do everything but sic dogs on his journalistic countrymen. The moody mauler wanted to be left severely alone. The result has been an unparalleled blasting

in the British press and a detectable coldness in Brumby's dispatches.

Because he wished to talk to nobody and worked out mainly in seclusion at the remote hangar gymnasium which is Rocky Marciano's favorite training base, any report on how many rounds Turpin has boxed since arriving here has to be hearsay. Some say the total is surprisingly low considering the prize which is at stake.

Records Tumble for Raceway at Jackson

JACKSON (AP)—Jackson Raceway starts a new week of racing to-night with new attendance and betting records to shoot at.

Saturday night's overflow crowd of more than 7,000 poured a record \$145,238 through the mutuels. Coupled with heavy play the previous five nights, this produced an all-time record weekly handle of \$523,631.

Laurel Scott, driven by Jack Rob-

inson, beat out Diane Abbe in a photo finish to win the featured Northville Downs race.

Maison Follows Uncle

Doug Maison, sophomore quarterback candidate at Michigan State, is a nephew of Al Dorow, Spartan All-American at quarterback of two seasons ago.

Big Sports Program

Michigan State men generally are athletically inclined, as indicated by the fact that some 7,626 competed in varsity and intramural sports during the last school year.

It seems that every time we meet an attractive gal, either she is married or we are.

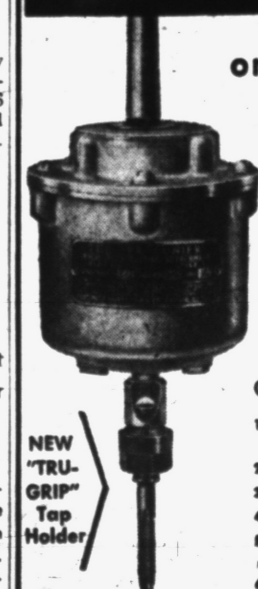

CUT...
OPERATING — MAINTENANCE — SPOILAGE COSTS!

on your tapping jobs!

Procurier Tappers are the last word in economical, accurate, high speed tapping. They provide many unique construction features that permit inexperienced operators to tap like experts—and experts become more efficient. Procurier Tappers provide many extra hours of continuous accurate tapping without frequent "down-time" interruptions and they produce more with fewer rejections, fewer spoiled pieces and a minimum of broken taps.

Check these features:

1. New sensitive double cone cork-face friction clutch;
2. Soft, cushioned action driving pressure;
3. Ball bearing equipped;
4. Heat treated gears;
5. Special balanced gear reversing mechanism;
6. Unique tap holding spindle support;
7. Smaller, lighter more accurate Tru-Grip tap holder; plus many other features.

UCLA, Duke, Rice Victims of Weekend Upsets

By ED CORRIGAN
NEW YORK (U)—The road to college football's powerhouse is paved with the remains of teams that thought they were brimming over with wealth. Ask UCLA, Duke and Rice.

Here were three of the best teams in the country, all undefeated, before they tangled with Stanford, Army and Southern Methodist, respectively. Today, their hopes of appearing in postseason bowl games were all but shattered. Froud UCLA, a defensive Titan

that had allowed just seven points in ringing up four victories, was the favorite to win the Pacific Coast Conference title and appear in the Rose Bowl New Year's Day. But Stanford, one of the poor relations of the loop, beat them 21-20. Chuck Taylor's Indians did it the hard way too, coming from behind on a 20-7 deficit. Unheralded Bobby Garrett threw for all three Stanford touchdowns and converted all three.

As for Duke, the Blue Devils came a cropper of Army 14-13 and

now must hope that Maryland will lose somewhere along the way because the newly formed Atlantic Coast Conference permits only one team to play in a bowl.

Rice had high hopes of winning the Southwest Conference championship and playing host in the Cotton Bowl. But Southern Methodist, a better team than many observers thought, had other ideas and won it 12-7. That leaves Bay-

lor still the team to beat in the loop. The latter swamped Vanderbilt 47-6.

Georgia Tech, which has the longest undefeated skein in the land—31 games with two ties—is in the uncomfortable position of having to face Notre Dame, the top-ranking team in the latest Associated Press weekly poll. The Ramblin' Wrecks warmed up to their mission by clubbing Auburn,

hitherto undefeated, 36-6, while the Irish defeated Pitt 24-14. This will be the top game of the week.

Maryland shows no signs of co-operating with Duke in the Blue Devils' hopes of getting a post-season bid. The Terps walloped North Carolina 26-0.

Michigan and Michigan State,

the state's two big threats to the Big Ten title, both won Saturday. Michigan turned back Northwestern 20-12; the Illini routed Minnesota 27-7, and State pulverized Indiana 47-18.

Southern California, the new favorite for the Coast title, slaughtered Oregon State 37-0.

Rams Gain First Place Tie by Whipping Lions, 31-19

By JACK SAYLOR
DETROIT—Offensive brilliance of the Los Angeles Rams was not to be denied again.

After dropping four straight decisions to the Detroit Lions, the Rams handed the National Football League champions a 31-19 licking Sunday at Briggs Stadium on the pin-point passing of Norman Van Brocklin and the outstanding open field running of Woodley Lewis.

turning kicks — this, in addition to Van Brocklin's 208 yards passing (two TD's) and 183 yards rushing.

Rams scored before three minutes had elapsed and never were headed. A 65-yard march took eight plays and Tank Younger scored from the one. Lions drew within a point, 7-6, just as the 2nd quarter got started.

Bobby Layne's 16-yard pass to Leon Hart ended a 72-yard drive in seven plays, but Loak Walker's point attempt was blocked.

Rams added 10 more points in the same period. Another great punt return by Lewis put the Rams at Detroit's 40 and Van Brocklin hit Elroy Hirsch at the five with a perfect pass and "Crazy Legs" never broke stride as he loomed into the end zone.

Don Paul's interception set up Ben Agajanian's field goal a few minutes later and the Rams led, 17-9 at the half.

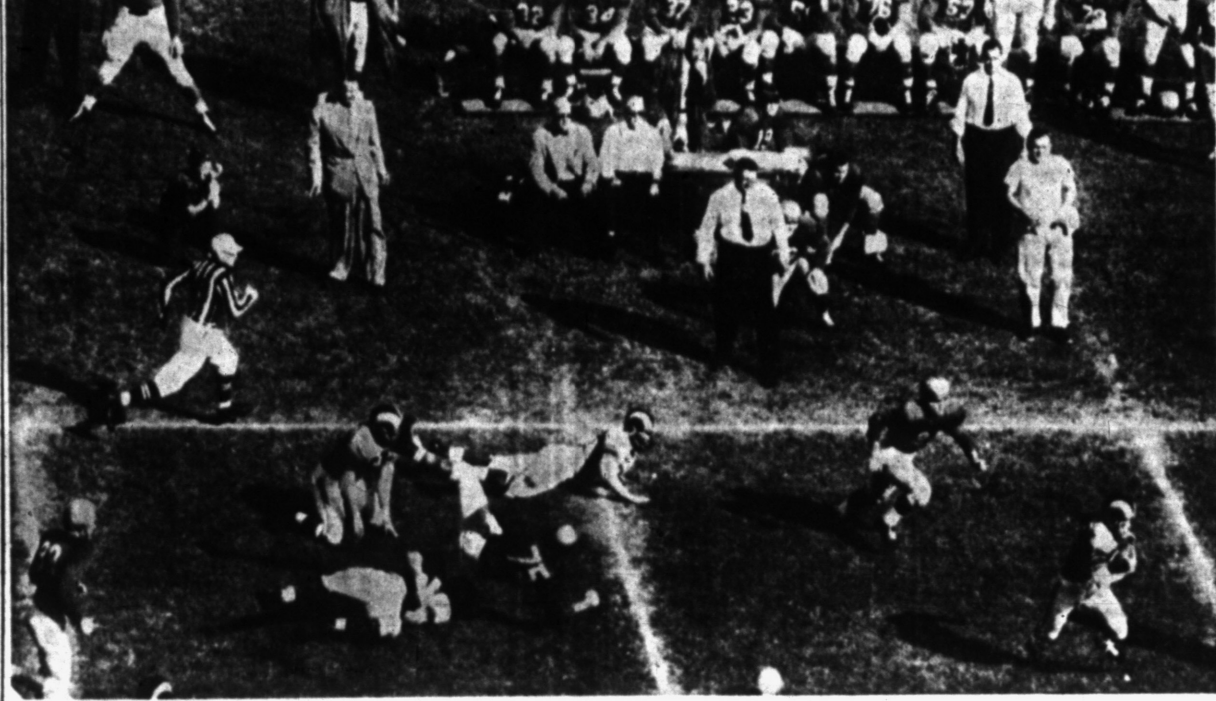

Second half was barely started when Lewis tucked in Bob Smith's punt on the Ram 22 and romped 78 yards to give LA a 24-9 lead. Here the Lions made their bid to get back into the game.

Walker kicked a 35-yard field goal and a 36-yard pass from Layne to Dornie Dibble capped a quick 61-yard touchdown drive. Walker's conversion made it 24-19.

Once again Detroit threatened, but as Lew Carpenter carried deep into Ram territory on a 17-yard gain, he fumbled and Dick Lane recovered for the Rams. A 4th quarter interception by Norb Hecker and Van Brocklin's 45-yard TD pass to Bob Boyd sealed the Lions' fate.

Running of Gene Gedman was the brightest spot on a dismal day for the Lions. Van Brocklin, Lewis and Hirsch were great for Los Angeles, while Skeeter Quinlan's running and the defensive work of end Andy Robustelli also stood out.

Top Field for Race
ALBANY, Calif. (U)—A field of top-notch three-year-olds race today in the 1-16 mile \$25,000 added Oakland Handicap at Golden Gate Fields.

Among the entries are Resistance and Rejected from King Ranch, Chanlea and Prospect from Calumet Farm, and Berseem and Spy Defense, the Abe Hirschberg entry featuring world's champion jockey Willie Shoemaker.

Michigan and Ohio Dogs Take Field Trial Honors
Michigan and Ohio dogs took top honors in the 4th annual Oakland County Sportsmen's Club beagle field trials at Sashabaw Ranch over the weekend.

Yankee Doodle III, owned by Robert Ross of Doylestown, O., was 1st among 13-inch males, while Bullma's Duchess, owned by Miller Moore of Detroit won the female class.

Bowling Clinic
By BILLY SIXTY
CASE — Limp Left Arm
Lift It For Balance — For body balance in stride, extend the left arm as soon as the ball drops into the down-ward backswing after the push-away, as illustrated.

Extending the left arm is a must. All top bowlers do it. Some more.

6 Top Grid Squads Retain Clean Slates
NEW YORK (U)—Six of the nation's top 10 ranking college football eleven are among the 57 teams still unbeaten and untied, little Peru State Teachers of Nebraska and William Jewell (Mo.) top the list with the most victories.

Peru and William Jewell have rolled up six triumphs, the only teams in that class. Of the six ranking teams, Maryland has won the most—five. In the four group are Michigan State, Michigan, Baylor and West Virginia.

Top ranked Notre Dame has a perfect record in three contests.

some less. But you simply can't have balance and sure-footedness without it. Extending the arm compensates for the weight of the ball swinging on the right side.

It keeps the body from being turned off center, to the right, forcing the ball out of the desired groove.

The oldest five man team in American Bowling Congress competition was the Citizen's Bank team of Vermillion, S. D. The average age was 69.8.

Van Atta Named Waterford Chief

Sheriff's Captain Will Head Township's New Police Department

WATERFORD TOWNSHIP — A chief of police was named here Saturday as the township began setting up its own police department.

Capt. Frank J. Van Atta, head of the uniform division of the Oakland County Sheriff's Department, was selected by the township board from a list of 11 applicants for the post.

Van Atta will take over his new duties Nov. 2. Board members expect the new police force to be in operation by Jan. 1.

A meeting was tentatively set for Nov. 7 when the new police chief and the township board will plan the rules and regulations, specify the number of men needed and discuss the kind and amount of equipment needed for the new department.

Also to be determined are salaries for the patrolmen. The police chief's salary was set at \$5,500.

The move to establish a police force came about Oct. 3 when the board unanimously adopted an ordinance. The action grew out of the rapid growth of the township both commercially and in population. It now has an estimated 34,000 residents.

According to supervisor Lloyd Anderson, other applicants for the police chief's post also had high qualifications.

However, Van Atta, who had served with the sheriff's department since 1946, was selected because of "his overall service record and his knowledge of the township and its problems," Anderson said.

County Calendar

County PTA Council Sets Symposium for Tuesday

Oakland County Council of Parent-Teacher Associations will meet tomorrow night in Blanche Simms Elementary School in Lake Orion for a symposium on "The Needs of Our Public Schools and What We as PTAs Can Do."

School principals, superintendents and teachers are invited to attend the symposium to hear four viewpoints presented by experts.

Clifford Smart, superintendent of Walled Lake schools and state PTA legislative chairman, will present the viewpoint of financial support.

Dr. W. Ray Smith, head of the department of education administration at Wayne University, will discuss the subject from the standpoint of teachers supply.

Parent cooperation will be presented by Mrs. Earl Thorpe, president of Avon High School. William Emerson, county superintendent, will speak on physical facilities.

There will also be a period for questions and answers and a general discussion.

Three pre-meeting conferences are scheduled to begin before the symposium at 7:15 p. m.

Meetings will be held on budget and finance, led by Mrs. Donald North, president of the Pontiac PTA Council, and on safety, led by J. T. Peterson, Oakland County safety chairman.

The third will be a discussion of the physical facilities.

Lt. Gov. Reid to Address Club

Rep. Broomfield Also Scheduled to Speak at Republican Meeting

FERNDALE — Michigan's Lt. Gov. Clarence E. Reid will address members of Ferndale Republican Women's Club when the group meets tomorrow.

Topic of Reid's speech will be "Division of Taxes Between State and Federal Government."

Also on the program will be State Rep. William Broomfield of Royal Oak who will speak on "Accomplishments of the 1953 Legislature." He is also scheduled to discuss Oakland County's water supply situation and will answer questions of the problem.

A 6:30 p. m. potluck dinner for members and friends will start the program at St. Luke's Episcopal Church at the corner of Livernois and Lewiston. Speeches are scheduled to begin at 8.

Clarence Norman is program chairman. In charge of dinner arrangements are Mrs. Lester Arie, Mrs. Ruth Snyder and Mrs. Irma Albee.

Presiding at the meeting will be Gordon D. Haupt, president of the Ferndale Republican Club.

MAP FINAL BALL PLANS—Shown above mapping plans for the annual Hunters' Ball at Marlette are committee chairmen for the affair. Left to right, they are Mrs. Loren Richmond, Mrs. Gerald Wood, Mrs. Riley Ramsey, Mrs. Gurdon Wolfe, and Mrs. Norval Smith. The dance, scheduled for tomorrow at Marlette Community School gym, is a Thanksgiving highlight of the season which has been held here for the past eight years.

County Deaths

Mrs. Sophie M. Wilson

BERKLEY — Service for Mrs. Sophie M. Wilson, 89, of 852 Cambridge ave., was held at Spiller Funeral Home, Royal Oak, and burial was in Roseland Park Cemetery. She died Saturday at her home.

Surviving are two daughters, Mrs. Oscar Holst of Berkley and Mrs. Walter Holst of Rochester; two sons, Eric of Berkley and Henry, Detroit; 12 grandchildren and 12 great grandchildren.

Mrs. Mary Jane Schmitt

ROYAL OAK—Service for Mrs. George (Mary Jane) Schmitt, 33, of 103 Cherry St., will be at 1:30 p. m. Tuesday at Schmitt Funeral Home with burial in Drayton Plains Cemetery. She died Sunday at home.

Surviving are her husband, two daughters, Joanne, Margaret, a son George Jr., at home; her father Albert Ruelle; two sisters, Miss Lois Ruelle and Mrs. Dorothy Riggs; six brothers, David, Ralph, Stephan, Richard, Raymond, all of Drayton Plains and Arthur in Japan.

Lewis A. Weston

BERKLEY — Service for Lewis Arthur Weston, 62, of 1370 Harvard Rd., will be 1 p. m. Tuesday at Kinsey Funeral Home with burial in Oakview Cemetery. He died

County Deaths

Mrs. Louise Keyser

CLARKSTON — Service for Mrs. Louise Keyser, 71, of 2242 Hartford St., Waterford Township, will be at 2 p. m. Wednesday at Sharpe Funeral Home, Clarkston, with burial in White Lake Cemetery. She died yesterday at her home.

Surviving are a son, George of Waterford Township, two daughters, Georgene and Lois at home; three sisters, two brothers and a grandson.

Brown City Drive Starts With Lunch

BROWN CITY — The United Fund drive got under way here Thursday with a kick-off luncheon

at the Brown City Community Center. Community chest, discussed the campaign, Delmer Root, campaign chairman, distributed workers' materials. Red Feather tags for the drive were also contributed by Girl Scout Troop 7.

Other officers are: Mrs. Lloyd McKay, vice-president; Mrs. Jule Martin, secretary; and Howard M. Poole, treasurer.

There are three elementary schools on the 940,000-acre King ranch in Texas—but no jails.

Red Cross Unit to Collect Blood

MILFORD—The Red Cross Bloodmobile will be here Oct. 28-29, Monday Literary Club officers, sponsors of the local drive, have announced.

The Bloodmobile will be at Methodist Church during the two-day drive.

Blood donated will be used to replenish the armed forces bank and the Huron Valley bank. More than 150 pints have been provided for local use since the bank's establishment, according to drive officials.

Co-chairmen of arrangements are Mrs. Donald Houghton and Mrs. Frank Torrance. In charge of donor recruitment are Mrs. A.F. Eckert and Mrs. Ralph Watkins.

Appointments to make donations can be made by calling Mrs. Eckert at MU 4-2515 or Mrs. Watkins at MU 4-6391.

Drag for Body in Lake Fenton

Royal Oak Man Falls From Boat During Night Ride Sunday

FENTON — Police today were dragging Lake Fenton for the body of a 48-year-old Royal Oak man who drowned during a moonlight boat ride Sunday.

The victim, F. E. Thomas, fell from a boat towed by F. M. Hally, a Detroit attorney.

Hally, a former Wayne County Clerk, said the light-weight boat overturned while he tried unsuccessfully to locate Thomas in the darkness.

The attorney said he swam a quarter-mile to shore through the chilly water pushing the boat ahead of him.

Undersheriff Jack Trumer said Thomas and his wife were weekend guests at the Hally's cottage.

Community National Has Bid Accepted

WATERFORD TOWNSHIP — The bid of Community National Bank of Pontiac on a loan of \$50,000 against future state aid payments was accepted Thursday by the Waterford Township Board of Education.

The bid was for 2 1/2 per cent. interest and a premium of \$6.

J. A. Fredman of Pontiac was also awarded a contract for the sewage disposal system for the new junior high school now being constructed. The amount of the bid was \$23,980.

Rochester RR Bridge Damaged by Fire

ROCHESTER — A New York Central Railroad official this morning said about one-third of the Baldwin street bridge, which was damaged by fire early this morning, would have to be replaced.

Rochester Fire Chief George Ross said origin of the blaze was undetermined.

Firemen fought the flames for about two hours after a nearby resident turned in the alarm at about 1 a. m.
