

Jittery Cuba Sets Up Coastal Defense Guns

U.S. Asks U.N. to Scorn Cuba

UNITED NATIONS, N. Y. (AP) — The United States was expected to insist today that the U. N. Security Council drop — without formal action — Fidel Castro's charge that the U. S. government plans to invade Cuba.

The 11-nation council continues debate this afternoon on the Cuban charge, which the United States Wednesday called false and ridiculous.

The U. S. position dimmed chances for council approval of a resolution submitted by Chile and Ecuador calling on the United States and Cuba to settle their differences by peaceful means.

HAPPY LANDING — Robert Sayre of Portland, Ore., was one of 57 happy Americans who arrived at Palm Beach, Fla., this morning. A car ferry brought Sayre and 66 other U. S. Embassy personnel from Havana, where Fidel Castro had issued a 48-hour warning to get out. Sayre was financial secretary at the embassy. Greeting him are his wife, son Robert, 5, and daughter Miriam, 8.

Wage Proxy Fight for Control of Lions

By BRUNO L. KEARNS
Sports Editor, The Pontiac Press

The battle to gain control of the Detroit Lions, one of pro football's most successful franchises, is back in the news today for the second time within a year.

A press conference was called for 3 p.m. today by William Clay Ford, one of the Lions' directors who is chairman of the club's management committee.

EDWIN J. ANDERSON

Sun Will Smile With Balm 38; Beware Saturday

Tomorrow will be generally fair with a high of 38, the weatherman says.

Tonight will be fair with the low near 24.

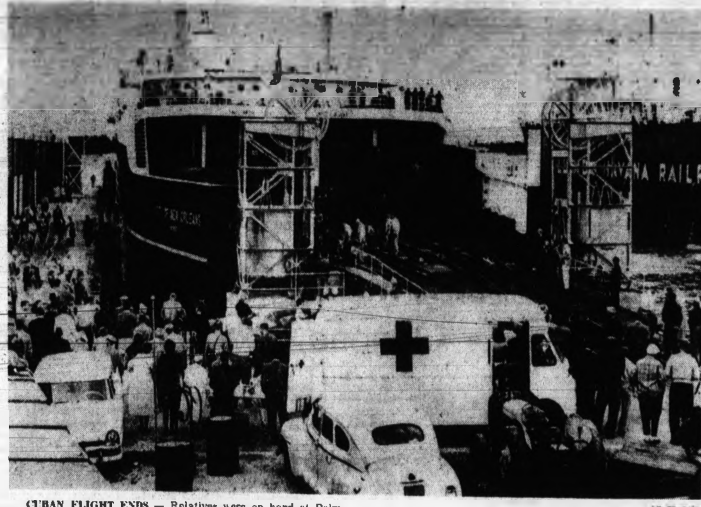

Winter will be back Saturday, bringing colder temperatures and scattered snow flurries.

Morning southerly winds at five miles per hour will become southwesterly at eight to 15 m.p.h. to-night.

Twenty-one was the lowest reading in downtown Pontiac preceding 8 a.m. The reading at 2 p.m. was 33.

Will Use Detroit Office

LANSING (UPI) — Gov. John B. Swainson said today he plans to make greater use of the state's executive office in Detroit than has been done in the past. The possibility of reserving one day a week for meetings in the Detroit office has been discussed, he said.

CUBAN FLIGHT ENDS — Relatives were on hand at Palm Beach, Fla., this morning as the car ferry "City of New Orleans" docked after an overnight voyage from Havana. The ship carried 91 members of the U. S. Embassy staff. There were no incidents as the vessel left Havana with its special cargo. Since the ferry normally carries only 12 passengers, most of the travelers slept on cots Wednesday night.

Experts Slowed Probing A-Blast

Radioactivity So High Workers Can Stay Only Minute in Idaho 'Silos'

IDAHO FALLS, Idaho (AP) — Nuclear experts gingerly probed today a silo-shaped building to-day, seeking the cause — and nature — of an atomic reactor explosion that killed three young servicemen.

They were hampered by radioactivity so dangerously high that they could safely remain inside the structure little more than a minute.

But those who favored the break as explosive said that the eventual result will be a more widespread withdrawal by other Latin-Americans of their envoys to Havana.

Panama called home Wednesday its ambassador to Cuba "for consultation," giving rise to speculation that the Central American country may break with Castro.

BITTER EXCHANGE

The Cuban debate at the U. N. ended with a bitter exchange of accusations between Cuba and the United States and with unusual tension both inside the council chamber and outside U. N. headquarters.

The debate was accompanied by pro-Castro and anti-Castro demonstrators and by clashes at the U. N. entrance.

U. S. Ambassador James J. Wadsworth blasted the Castro regime in two speeches, each accusing the Cuban leader of turning Cuba into a center for Communist subversion in the Western Hemisphere.

Wadsworth declared that the Cuban leaders had isolated their country from their natural friends by their extreme thirst for power and domination and fanatical intolerance of any and all dissent.

He charged that Castro had deliberately forced a break in U. S. Cuban relations by a strategy of harassment.

The debate was accompanied by pro-Castro and anti-Castro demonstrators and by clashes at the U. N. entrance.

Wants to Shift 200 Prisoners

Jackson Warden Says Conditions Worst Since 1952 Riots

LANSING (UPI) — Immediate transfer of the most dangerous prisoners at Southern Michigan Prison was proposed today after Warden William H. Bannan told the State Corrections Commission that the prison is in "continuous turmoil."

"It's getting so that everybody is jittery," Bannan said. "Even the Psychiatric Unit is jittery and I blow my top over things that ordinarily wouldn't bother me."

"There's more commotion than at any time since I've been there," said the warden, who was put in charge of the prison, the world's largest walled penal institution, after bloody riots there in 1952.

The commission agreed to ask the U. S. Warden to shift the four most dangerous prisoners to the State Hospital for the Criminal Insane.

NEW YORK (UPI) — Roger Ray Robinson slipped today for his fourth midnight flight fight with One Feather on Feb. 3, probably at Las Vegas. Robinson has already agreed to terms.

Embassy Staff Happy to Escape 'Tension High' in Havana

PALM BEACH, Fla. (AP) — Sixty-seven U. S. Embassy personnel, on cots placed in the right state, waited on the ferry of New Orleans' ferry.

They arrived at 9:40 a.m. after a smooth trip.

Committee Chairman James E. Brown Jr., another of the arrivals, was asked if he believed the 2,000 Americans remaining in Cuba were in any real danger as a result of the United States with the Russian-supported Castro dictatorship.

"Not in a general way," Brown replied. "I don't think any of them are expecting any immediate trouble except those whose personal activities might endanger them."

"It will be uncomfortable for them all, however. They ought to get out if there is no compelling reason to stay," Brown said.

Gilmore said he was under orders to report to Washington.

The party left Havana at 7 p.m. immediately and would have been on the first available plane.

The rest of the group will go to Washington, proceed to their next assignment, go on home leave.

SURPRISE OWN OFFICE

Gerald Sutton, vice consul from Los Angeles, said that when Castro gave his "get out of town" order on television, he apparently caught his own foreign office by surprise.

"They had no note prepared and it took them some time to get one ready," he said.

Sutton said he personally feels that any American in Cuba "not sponsored by some Communist outfit" may be in trouble.

The army intelligence and the militia are ruthless," he said.

"The newsmen still over there are scared stiff. They have their embassies all picked out for refuge," he said.

One woman in the group, Norma Cioia, said she was in a "constant state of nervousness" during the three months she has been an assistant in the citizenship section of the embassy.

"You don't have to look too hard for incidents," she said.

There was no mention of the big U. S. naval base at Guantanamo and the cabinet meeting with Castro, apparently decided to abide by past declarations that the regime will seek to replace the base by legal means rather than force.

The railroad car ferry "City of New Orleans" arrived in Palm Beach, Fla., this morning with 57 U. S. Embassy staff members from Havana and their families.

Also carried three American citizens not connected with the embassy: seven Cuban nationals and two Venezuelans.

Among the first ashore was Paul Bettler, the embassy press officer, who said nobody was surprised about the break in diplomatic relations.

"We were prepared for just about anything — the way it was going," Bettler said.

American quitters Cuba packed outgoing planes, but many stayed to take their chances living with Castro.

'Military Zone' Declared in Sea Drive Area

Castro Cabinet Raps Ike's Regime for Split, Hopes Jack to Be Pol.

From Our News Wire

HAVANA, Cuba — Cuba started installing coastal defense guns along the famed Malecon Sea Drive today and declared the area a "military zone."

The restricted area reaches from the junction of Galiano Street and the Malecon westward to the suburban Vedado location of the now abandoned U. S. Embassy building.

Army crews immediately started rolling heavy guns into the area and by 11 a.m. they had been replaced for roughly a mile between Galiano Street and Maceo Park, the start of the Vedado suburb.

The first guns to be rolled into position were howitzers and anti-aircraft "pom poms" — a cannon. Witnesses to the surprise move said "quite a lot" were being employed.

There was no prior announcement of the government decision.

WASHINGTON (UPI) — The Cuban Embassy here today answered telephone calls with the revolutionary phrase of the Fidel Castro regime "Fatherland or death. We will win."

to fortify what hitherto has been a "lover's promenade."

People were permitted to walk through the area but all vehicular traffic was detoured away from the sea wall.

The Malecon overlooks the Gulf of Mexico along its approximately 10-mile expanse.

Premier Fidel Castro's revolutionary regime blasted the diplomatic break with the United States on the "Eisenhower administration" and said it hoped Castro would be restored some time in the future.

The cabinet issued the veiled bid for President-Elect Kennedy's good graces after an all-night session in which it decreed the death penalty for anti-Castro "terrorists" within 72 hours of their conviction.

The cabinet statement complained the first formal reaction to the severing of diplomatic relations by Washington Tuesday night.

There was no mention of the big U. S. naval base at Guantanamo and the cabinet meeting with Castro, apparently decided to abide by past declarations that the regime will seek to replace the base by legal means rather than force.

Actor Barry Fitzgerald Dies in Ireland at Age 72

DUBLIN, Ireland (UPI) — Barry Fitzgerald, 72, whose performance as an impish Irish priest endeared him to moviegoers of all ages and won him an Academy Award in 1944, died Wednesday night at St. Patrick's hospital here after a long illness.

Fitzgerald, who was christened William Joseph Shields, son of a Dublin weekly newspaper columnist, was 42 years old when he gave up his career as a civil service worker to become an actor.

It turned out to be a wise move because it resulted in an Oscar for the veteran Irish actor with the saggish manner and soft brogue.

"He was a gentle, nice, warm human being," said Bing Crosby who he learned of Fitzgerald's death.

Crosby also won an Academy Award with Fitzgerald in 1944 for his portrayal as a priest in the film "Going My Way."

Fitzgerald rose to screen stardom playing delightfully mischievous old men. Following a long career with the famed Abbey Theatre, he went to Hollywood and after he became a full-fledged star.

A lean, short man who stood only 5 feet, 4 inches tall, Fitzgerald charmed moviegoers with his impish smile and Irish brogue as the lovable Father Fitzgibbon in "Going My Way."

He also appeared in such notable productions as "How Green Was My Valley," "And Then There Were None," "The Long Voyage Home," "The Sea Wolf," "Two Years Before the Mast," "Callaghan and the Starbuck Club," and "The Sign of the Cross."

Two years ago, he underwent brain surgery and had returned here periodically for treatment ever since.

Barry Fitzgerald

First Baby Swamped With Gifts

To 3-day-old David Wayne Morris and his parents, Mr. and Mrs. Morris, 264 Hartline St., Arvon Township, go the wishes of scores of Pontiac merchants promising to the first Pontiac area baby of the year.

Born at 4:11 a.m. New Year's Day, David and his mother appeared together in a picture on the front page of Monday's Pontiac Press.

Headline for entries in the contest was none yesterday.

To David—who has a brother and two sisters—and to his mother and father, a Pontiac Motor Division employee, go these prizes:

Arthur's Women's Apparel—baby food; Atlas Super Market—case of baby food; two pairs of baby pants; Consumers (Center)—stroller set with bath tub; Expert Camera Shop—camera.

W. T. Grand Co.—baby bassinet; Huron Theater—season passes; Jacobson's Flowers—floral arrangement; S. S. Kresge's Down-town—layette.

Kroger's Miracle Mile—case of baby food; Kuhn Auto Wash—five auto washes; Merle Norman Studio—cosmetic kit; Philco Electric—alarm clock; Pontiac Drive-In Theater—season passes; The Pontiac Press—\$25 savings plan.

Pontiac Retail Store—car wash and polish; Ross's Fine Candles—box of candles; Todd's Shoe Store—three pairs of nylon; United Super Market—case of condensed milk; Wayne's Inc.—baby monitor; and booties; Yankee Stores—diapers and diaper bags.

COLLIE FLOWER

NEW APPOINTMENT—John W. Macy Jr. (left), vice president of Wesleyan University of Middletown, Conn., and Roger Jones (right), chairman of the U. S. Civil Service Commission, were named to posts in the Kennedy administration Wednesday. Macy will succeed Jones in the civil service position and Jones will become deputy secretary of state for administration.

Challenger Offers to Debate Bartlett

SAULT STE. MARIE—Hugh Holloway, Sault Ste. Marie superintendent of schools, said today he has challenged the state superintendent of public instruction, Lonn M. Bartlett, to a series of debates on school issues.

Holloway, who unsuccessfully coped for the state post

two years ago, is again seeking the Republican nomination for the state superintendent's job. Holloway said he made the same debate offer in the 1959 campaign, but was turned down by Bartlett.

He Just Likes to Ski

MONTPELIER, Vt. (UPI)—Charles Duke of New York City sided at six different Vermont areas in one day by using a helicopter to get around.

London's Largest Hotel Opens Amid Ceremony

LONDON—London's tallest hotel, the 18-story Century Tower in Cadogan Place, opened its doors with elaborate ceremony Wednesday.

The hotel, biggest to be built in London since the war, cost \$3.6 million. It has 336 guest rooms.

and is designed to give de luxe service.

Reginald Maunling, president of the Board of Trade, in an address said the hotel is an example of American investment in Britain which the government encourages.

About 400 persons in the United Kingdom are killed by lightning annually.

Swiss to Handle Relations

West Europe Disturbed Over U. S.-Cuba Break

LONDON (UPI) — The break in United States-Cuban relations has created deep concern throughout Western Europe and neutral Switzerland promptly agreed to handle U.S. affairs in Havana.

In most countries the Cuban crisis story took banner headlines and pushed the news of Laos off the front pages.

Only in the Communist countries was there any joy over the news. Commentators in Moscow and other East European capitals interpreted the break as new proof of American "aggressive foreign policy."

The observer of the Soviet news agency Tass, Y. Orlov, called the move a last effort by the Eisenhower administration "to fulfill the dirty designs against Cuba."

WEST IS WORRIED

The first reaction in Western capitals was one of concern. Official spokesmen refrained from commenting on a situation which did not affect them directly, but authoritative quarters everywhere took a serious view.

Prime Minister Harold Macmillan met with Foreign Secretary Lord Home and reliable sources said they discussed Cuba and its possible effect in Britain.

Switzerland announced it had agreed to represent the United States in Cuba if the Fidel Castro government did not object. A spokesman said "we are awaiting word" from Havana.

The Paris evening newspaper Le Monde said the consequences of the rupture will be felt first in the American field. It noted the

Electras Get Green Light Again

WASHINGTON (UPI) — The nation's airlines had Federal Aviation Agency (FAA) approval today to resume flying their modified Lockheed Electra airplanes at normal cruising speeds.

The FAA refused to confirm that it had issued the order. But Eastern Airlines announced in New York that it had been cleared to fly its Electras, that have been structurally modified, at their full speed.

Eastern said it expected to have all its 39 Electras completely modified by late July.

It was understood here that the six other U.S. airlines using the fast turbo-prop plane also had been advised that the costly structural changes had rendered the craft safe at its regular cruising rate of more than 400 miles an hour.

The government has been conducting tests on three Electras to determine whether Lockheed's \$25 million modification program fixed the freak vibration "bug" that caused two fatal crashes. The "resume" speed when modified the weakness has been cured. All 36 Electras now being flown by U.S. scheduled airlines have been operating under speed restrictions since March 25, 1960, after two crashes caused by the bug.

Say Tax Write-Offs Could Aid Business

WASHINGTON (UPI) — The Treasury reports many business firms have indicated that liberalized tax depreciation allowances would stimulate business expansion.

President-elect John F. Kennedy has proposed such a measure as a way to accelerate the rate of business expansion and economic growth.

The Treasury reported on the results of a survey begun last July on what tax reform the business community preferred. The Treasury canvassed about 10,000 businessmen, including 2,700 large corporations.

It said "a decisive majority" of the 3,000 firms which have responded to the questionnaire "indicated that liberalized depreciation would materially influence their investment decisions in a manner which would increase their capital expenditures."

Man-in-Space Capsule Recovered in the Gulf

WELIN AIR FORCE BASE, Fla. (AP) — A space capsule has been lifted more than 32 miles and later recovered from the Gulf of Mexico.

The 90-pound nose cone on a C-130 Hercules rocket was sent up Wednesday atop a 44-foot, three-stage Nike solid-propellant rocket in another Air Force test of a high-speed recovery parachute.

The launching was made to test use of a parachute-type drag system designed to slow the recovery speed of space capsules and various escape devices. The tests are a preface to the man-in-space program.

The Federal payroll for civilian employees went past the 12-billion-dollar mark for the first time in fiscal 1960.

Sees Signs Stocks May Reverse Slide

NEW YORK (UPI) — Commenting on the stock market outlook for 1961, Bache & Co. says that small but significant technical signs of possible improvement have appeared recently.

While still much too early to state definitely that the major decline which began early in 1960 is being reversed, Bache says, it is likely that a concentrated effort will be made in 1961 to do just that.

Among the positive indicators are the increasing number of strong chart patterns being built by many individual investors.

In addition, the daily ratios of

advances and declines during the past several weeks indicates that the over-all market has been relatively stronger than the Dow-Jones Industrial Average.

The Stock Trend Service believes that January and February will bring about declining trends on average but does not think that the "shocking declines" of the similar months of 1960 will be repeated.

Crashes the Jailhouse

BENNINGTON, Vt. (UPI) — Charles Wright, 24, was sentenced to 30 days in jail on a vagrancy charge because he wanted to be with a friend who was serving a term. He told Judge Eugene Clark, "I'll break windows in the court and jail if I'm not locked up."

Adenauer Marks 85th Birthday; Looks Ahead

BONN, Germany (UPI) — Chancellor Konrad Adenauer celebrated his 85th birthday today, confidently looking forward to next fall's general elections and another four years as head of the West German government.

Adenauer, known familiarly as "Der Alte," is the oldest head of government in the world. He has been chancellor since West Germany gained sovereignty more than 11 years ago.

An honor guard of 100 picked troops of the border guard force and a military band saluted Adenauer on his arrival at the chancel-

lery in the Palais Schaumburg. The chancellor, looking somewhat gaunt, inspected the honor guard, while the band played and then entered the building. He began the day with a pre-prandial Mass at Bonn's Roman Catholic Elizabeth Hospital, and then set the morning aside to receive well-wishers from throughout Germany.

Michigan Gets 31 Million in Federal Road Aid

WASHINGTON — Michigan was allotted \$31,552,830 Wednesday in federal aid for building highways. The highway funds parceled out to Michigan were part of a \$231,250,000 package approved by the commerce department for construction in the 12 months beginning next July 1.

School Districts Getting More Cash

LANSING — Michigan school districts are momentarily in fairly good financial shape, the State Department of Public Instruction reported today.

Only two districts borrowed against anticipated state aid this week. These were South Redford, Wayne County, which borrowed \$75,000, and Sunfield Community Schools, Eaton County, which borrowed \$15,000.

"Local taxes are starting to come in and the districts also recently received a sizable state aid payment," reported Harold R. Brown, department finance expert.

The \$36 million state payment to

the schools in December left the state still owing the schools around \$19 million, Brown said.

District borrowings against state aid so far this year, however, now total \$30,163,319.

Judge to Decide if Mayor Holds Post While Jailed

PERRY, Ga. (AP) — Superior Court Judge A. M. Anderson must decide whether the mayor of Warner, Robins can hold office while in federal prison for bank fraud.

Kennedy Impressed

McNamara Grabbing Hold

WASHINGTON (AP)—Robert S. McNamara, defense secretary designate, is acting with such rapid fire precision that he looks like a potential strong man in the Kennedy cabinet.

President-Elect John F. Kennedy is reported delighted and deeply impressed with what he regards as the astounded way McNamara has grabbed hold of his assignment to run the Pentagon.

By contrast, Kennedy is understood to be somewhat disappointed at the pace of moves by Dean Rusk, secretary of state-designate, and others in helping to pick a team of aides.

McNamara, 44, the auto tycoon, is moving like one of the "super-charged" Fords he used to turn out in getting set for government business Jan. 20.

ARMY JOB LEFT
There is only one top job left to fill in his civilian high command, that of Army secretary. McNamara talked over this appointment with Kennedy in New York Wednesday night with prospects the job will be filled within the next few days.

He already moved full time into a Pentagon office next door to retiring Defense Secretary Thomas S. Gates Jr. Without fanfare he has sold some \$1.5 million worth of Ford stock he owned Dec. 13 when Kennedy picked him.

Kennedy aides report that in

Auto Layoffs to Top 30,000

Buick Plans Reduction; Oldsmobile and Ford Will Also Cut

DETROIT (AP)—Layoffs in the auto industry since the start of 1961 model production will pass the 30,000 mark this month, according to Ward's Automotive Reports.

Ward's said Buick Division plans call for a 25 per cent reduction of its 14,000-man force at Flint, by the end of the month.

Ford Motor Co. Detroit and Oldsmobile in Lansing also are planning production and employment cutbacks.

All but one of Chrysler Corp.'s assembly plants have been shut since Dec. 23. They will reopen Jan. 9, and Ward's said employment will be cut by 1,500 at Newark, Del., and 900 at St. Louis.

Ward's said American Motors laid off 2,861 employees at its Milwaukee and Kenosha, Wis. plant. But total employment there still will be 25,300 compared with 25,600 a year ago.

Studebaker-Packard laid off 1,000 workers at South Bend early last month.

Ward's said the industry-wide layoffs resulted from sharp production cutbacks, prompted by an inventory of one million unsold new cars.

Swainson Wants Each County to Survey Potential

LANSING (UPI)—Gov. John B. Swainson said today he would like to have each of Michigan's 83 counties survey its economic potential to find out "what its assets are and what is needed."

He proposed such a survey Wednesday for the Upper Peninsula when he met with civic and business leaders in Escanaba.

"I fully intend to follow through on this," Swainson said. "It's not down to the point where we have a ready-made procedure to follow or anything like that, though."

He said state agencies would be available to coordinate such surveys and give any other help they could.

"But I think it would be more effective if county organizations, or chambers of commerce or the like, carried out the surveys themselves. And I think the surveys could best be done on the county level," Swainson said.

Vandiver of Georgia Says: Not Interested

ATLANTA, Ga. (AP)—Gov. Ernest Vandiver today said President-Elect John F. Kennedy not to consider him for secretary of the Army.

Vandiver withdrew his name from any further consideration for the post.

He stated again that his first duty is to the people of Georgia and that he plans to serve out the two remaining years of his term.

Vandiver's statement ended a week of speculation on whether he might be named to the federal post and turn the state government over to Lt. Gov. Sanford T. Byrd.

Consumers' Rebuttal on Rate Hike Starting

LANSING (UPI)—The final round in a series of hearings on Consumers Power Co.'s request for a \$13.3 million natural gas rate increase began today before the Michigan Public Service Commission.

Cross-examination of the commission staff by company attorneys was recessed during the holidays to allow Consumers time to prepare rebuttal testimony.

Says 2 U.S. 'Spies' Held

MOSCOW (UPI)—Two alleged American intelligence agents have been arrested in Communist Czechoslovakia, the Soviet Tass News Agency reports.

S-P Chairman Sees Difficult Rebuilding Year

NEW YORK (UPI)—The chairman of Studebaker-Packard Corp. has dismissed rumors that the firm may go out of business in the next year or two, but says he anticipates a "difficult year of rebuilding in 1961."

Clarence Francis made the comments Wednesday in introducing at a news conference the company's new 40-year-old president and chief executive officer, Sherwood H. Egbert.

Asked to comment on the rumors about the firm going out of business, Francis said: "Egbert has

a contract with us for five years. I think that is the answer to that story."

Egbert himself declined to answer any questions about future company policies. He said he is "a 10-hour expert" and intends to do a "lot of listening and looking" during the next several months.

Francis said he expected the company to show a "modest" profit for 1960. He said the question of whether to bring out a smaller car and a four-cylinder engine for the present Lark will be reviewed and indicated a decision would be made in the next 90 to 180 days.

The Eiffel Tower and the Louvre Museum are more popular than ever. Officials announced new attendance records recently.

MSU Physics Head Named Visiting Prof

EAST LANSING (AP)—Michigan State University has announced the naming of the head of its physics and astronomy department as a visiting professor by two national physics societies.

Dr. Sherwood K. Haynes was named to the position by the American Association of Physics Teachers and the American Institute of Physics, the university said.

16 Negroes Appeal Sit-In Convictions

WASHINGTON (UPI) — The first lunch counter sit-in cases to reach the Supreme Court have been filed by 16 Negro students at Southern University in Baton Rouge, La.

The three appeals related to sit-in demonstrations in the Greyhound Bus Station, Kress's Store and Sittman's Drugstore. The students were convicted under a Louisiana law which makes it a crime to commit any act "in such a manner as to unreasonably disturb or alarm the public."

The outcome of the cases could lay down legal guidelines for handling the sit-in issue throughout the South. But even if the court agrees to hear the appeals, arguments are not likely to be scheduled until next term beginning in October.

The blue mold that gives Roquefort cheese its distinctive flavor is *Penicillium roqueforti*, which is similar to the mold that produces penicillin.

ON TRIAL AGAIN — Carol Tregoll, former mistress of Dr. R. Bernard Finch, steals a glance at codefendant Finch at the opening of the pair's third trial in Los Angeles Superior Court Tuesday. The two are being tried for the murder of Finch's wife Barbara.

Will Cuban People Take Action Now?

WASHINGTON (AP)—The United States-Cuba relations, and here are between governments, while States break in diplomatic relations, again, gives other countries an opportunity to evaluate the merits of one of the most powerful blows of the case.

3. In the hemisphere, the U.S. action inevitably requires every other hemisphere nation to take a stand on one side of the fence or the other. Peru already has broken relations with Cuba, already, Argentina and Chile are among other nations which are reported considering such action. The U.S. break could bring hemisphere isolation for the Cuban regime, except for the government of Canada which has announced a business-as-usual policy.

3 MAJOR ITEMS
But the break could serve to bring about any one or all of three major developments:

1. A break in relations in effect up to full commercial, diplomatic and the people of the two countries. This is a test which especially since the United States President Eisenhower apparently has embargoed shipment to Cuba, feels confident his action will with all goods except emergency food and medical supplies.

2. The break focuses attention relations. This on the theory that when the car in which he was riding of the world on the situation in diplomatic and consular relations collided with a freight train.

Dennis Crosby Must Pay \$100 a Week for Girl

LOS ANGELES (UPI)—Dennis Crosby was ordered Wednesday to pay \$100 a week for support of a daughter born out of wedlock to a Hollywood divorcee.

Superior Judge Clarke E. Stephens also instructed the son of able and adequate support" when against him.

crooner Bing Crosby to pay \$7,500 in attorney's fees on behalf of the child's mother Marilyn Miller Scott, 28.

Her attorney, Milton Zerin, had asked for \$700 a month for support of 3-year-old Denise Michele Scott after a jury last week ruled that Crosby, 36, was the girl's father.

Judge Stephens said the \$100 a week, which amounts to about \$433 a month, would "provide reasonable and adequate support" when against him.

Ike Wants to Freeze Cuba

AP Photos

BEGS FOR VISA — A Cuban who fought in the U. S. armed forces in World War II holds up his framed honorable discharge certificate along with his passport as he tries to get a visa to Havana before the American Embassy closed Wednesday. With him are other Cubans seeking visas.

By JOHN M. HIGHTOWER
WASHINGTON (AP)—President-elect John F. Kennedy will have to decide after he is sworn in Jan. 20 whether the United States should follow up its break with Cuba by launching an expanded political and economic offensive against the Castro regime.

The Eisenhower administration would like to freeze the situation where it now stands in order to leave Kennedy as much maneuver room as possible. However, it will take further action if its hand is forced by the Communist-supported Cuban premier.

And it is determined to hold on to the big U. S. Naval base at Guantanamo. The base is covered by a treaty unaffected by the diplomatic break.

U. S. officials said the decision to end diplomatic relations at this time was made by President Eisenhower and Secretary of State Christian A. Herter because they felt they really had no other choice.

Since Kennedy will soon be taking over they would have preferred on this as on other great international issues to preserve conditions unchanged.

Fidel Castro's order cutting the U. S. Embassy staff in Havana to 11 persons, however, was considered in the highest levels of government here to be an outright insult to which some strong response had to be made.

After word of the Castro action was received, Secretary Herter and other top officials conferred with Eisenhower at the White

House Tuesday. The basic decision for the most dramatic action the United States could take toward Castro, short of war, was made at that time.

Herter then returned to the State Department and conferred with Secretary-designate Dean Rusk. He explained the situation to Rusk as he and the President saw it and in effect offered Rusk an opportunity to dissent or to associate the incoming administration with the action.

Rusk immediately got in touch with Kennedy at Palm Beach, Fla., and informed him of the Eisenhower administration's information and intentions. Kennedy thus had an opportunity to take whatever stand he wished.

Following the consultation with his chief, Rusk reported to Herter that the incoming administration would not take any position on the matter.

About that time the President after further consultation with advisers, determined to make the break at once.

It was then announced that Kennedy's decision to stand aside was in line with his handling of other issues since his election Nov. 8. He believed that without the full information available to a president actually in office he should not take responsibility for advancing or opposing any decision prior to his inauguration.

His attitude on this fundamental question follows the pattern employed by President Eisenhower when he succeeded Harry Truman

State Man Charged With Strangling Girl

LONDON (AP)—Staff Sgt. Willis E. Boshears, 29, of Michigamme, Mich., has been charged by British police with strangling a pretty English brunette.

The dead girl, Gean Constable, 20, was found Monday lying under a wild rose bush five miles from Wetherfield.

the Wetherfield Base to Essex, her long black hair had been cut off. All identification tags had been removed from her clothing and her shoes and stockings were gone.

Police said the girl was last seen New Year's Eve in a bar near the base. She asked several U. S. airmen there to drive her to a party at the base, detectives said. Wetherfield is about 80 miles northeast of London.

Boshears is attached to the 20th Field Maintenance Squadron at life was expected to be released this weekend.

Room Service OK'd for Carole, Finch at Trial

LOS ANGELES (AP) — Dr. R. Bernard Finch and Carole Tregoff will get room service at their third murder trial.

The court Wednesday granted them permission to use a room in the Hall of Justice for private conferences with their attorneys and at least two weeks.

to have food sent in from the outside.

Dr. Finch, 42, and his former mistress, 24, are accused of murdering the doctor's wife Barbara outside the Finch home in suburban West Covina in July, 1959. The doctor maintains his wife was shot by accident.

The juries at their first two trials became deadlocked and were dismissed. Selection of a jury for the third trial is expected to take

Fight High Government Spending in Kalamazoo

KALAMAZOO (UPI) — The Kalamazoo City Commission is bucking the trend toward higher government spending.

The commission has approved

a new city budget of \$3,344,000 — about \$91,000 less than is the current budget.

Mayor James S. Gilmore said a general belt-tightening by the city was necessary because of current economic conditions.

Adenauer, De Gaulle to Meet Feb. 9 in Paris

BONN (UPI) — Chancellor Konrad Adenauer will go to Paris Feb. 9 to meet French President Charles de Gaulle and attend a meeting of the heads of govern-

ment of the European Common Market countries, it was announced Wednesday.

The Adenauer-De Gaulle meeting and the 2222 conference were postponed when the 85-year-old chancellor became ill.

Thief Makes a Dry Run

EL PASO, Tex. (UPI) — A burglar ignored portable machinery and tools of considerable value when he broke into Duff's Car Wash. Instead, he made off with 300 cloth towels.

Marine's Commandant 'Chews Out' the Corps

WASHINGTON (UPI)—The commandant of the Marine Corps let his leathernecks know today that he doesn't like yes men, unbelted coats, or "the officer with yellow socks or the bay window."

Gen. David M. Shoup, corps commandant, issued an annual message to the Marines reminding them of last year in which he frowned on officers carrying swagger sticks.

Shoup's message, a down-to-earth pep talk far different from the usual run of military docu-

ments, said that sometimes even Marines "fall below our usual high standards."

From the 17 closely typed pages of the message, the Marines could learn:

—On the subject of unbelted coats, Shoup said a proposal for an unbelted uniform is before him, but he has decided to reject it. He hasn't made up his mind as yet about a proposal for a "year-round green uniform."

—Of "yes men," the commandant said "one who will grovel to himself to align with me, before my decision, is useless to me."

—He would like to see Marines get desirable assignments, particularly on their final or "twilight" tour. But he said, "We can't play an expensive game of musical chairs to get you there..."

"I believe all Marines should steam up to the finish line with full power-on at whatever port is best for the Marine Corps and Uncle Sam."

Shoup did not explain his remark about "yellow socks," but presumably his aversion would apply to any unduly loud attire.

Another of his aversions was to officers who preach "take your leave, even if it means sitting at home," so as "not to lose it," and those who "spend more time preparing for a civilian pursuit than on their Marine Corps assignments."

Three-fourths of the world's total population lives on only about one-eighth of the earth's land area.

Jack's Picks Impress Ford

Motor Company Head
Pleased With Kennedy
Cabinet Choices

DETROIT — Henry Ford II, president and board chairman of the Ford Motor Co., said today he was impressed by Democratic President-Elect John F. Kennedy's cabinet appointments.

Ford, in a talk in which he called on industry to take an active part in public affairs to help America and the world in trying times, added that "there is no evidence as yet to support the fear that we are in for serious or radical economic surgery."

The Ford Motor Co. head made the remarks in discussing the forthcoming new administration at Washington in a speech to the U.S. Chamber of Commerce "Presidents Conference on Public Affairs." Ford was keynote speaker. A similar meeting was held in New York Wednesday.

Ford's talk emphasized what he called a need for all people, in-

cluding business, to take part in America's government and politics "in this most turbulent time in man's history."

He mentioned that his own company had given up its new president, Robert S. McNamara, to be Kennedy's secretary of defense.

Ford said:

"Today there is little time for business as usual or politics as usual."

"The new administration in Washington will be playing a game in which the stakes are not more political success or defeat but survival — survival of the dreams, the aspirations and the physical existence of humanity."

Truckers and Firms Agreeing on Contract

CHICAGO — A tentative agreement on contract terms was reached Wednesday night by negotiators for 35,000 truck drivers and 2,000 cartage companies in the Chicago area, federal mediators announced.

The new contract, terms of which were not disclosed pending ratification by members of the nine unions involved, would replace one that expired last Saturday night. The members had scheduled strike meetings for tonight but instead will vote on the new pact.

Indian Chief Shows Japanese Bride to Durand

DURAND — A full-blooded Indian chief introduced his Japanese bride to the folk in this Southwestern Michigan community Wednesday night.

Chief White Bird, known around the Durand area as George Cook, married Hiroko Ninomiya Nov. 6 in Yokohama, Japan, after a two-year courtship by mail.

The chief, who is the leader of the Saginaw, Swan Creek and Black River Ojibwa tribes of the M'chigama, met his Japanese bride, while she was studying to be a dental technician at Tokyo University.

Cook, a construction worker, spends his summers participating in the Indian ceremonies at Tawas City in Northern Michigan.

About 60 people attended the dinner in the couple's honor last night. The Greater Chamber of Commerce of Durand planned the event.

In each cubic centimeter of blood — roughly half a cubic inch — a healthy man has five billion red blood cells. A woman has 10 per cent fewer.

Profit Selling Hits All Grain Futures

CHICAGO — Setbacks were general today as moderate profit selling hit all grain futures in early dealings on the board of trade.

Losses ran to more than a cent a bushel in wheat and soybeans within the first several minutes. It was the second successive decline in soybeans but it still left about half the broad run of Tuesday's strong market.

Brokers said there apparently was no significant market factor to account for the weakness and that it probably was the usual reaction to a good advance or succession of small ones.

New livestock feed possibility is developing a process to convert them seen in new beans grown in the into cake and meal for animal Southwest. Researchers are de-feed.

Skaters Flock to Kensington's Winter Sport Center

SKATING TO MUSIC — This Milford church group is getting set for a "crack-the-whip" line as organ music floats out over the new Kensington Park skating rink. There is fun for young

and old, with a heated building for "thawing out." And it's all free of charge.

Story and Photos by
Reba Heintzelman

OOPS — Neil Barr, 16, almost was pulled down the skating ramp by his companion, Lorna Stock, 16, as the two started out of Kensington Park's new winter recreation building. Both of the teenagers are from Lapeer.

GENTLEMEN ON HAND — Most of the boys help the girls get their skates on, then out and around they go on the big new ice skating area in front of the \$100,000 recreation building at Kensington Park. Here, Kinde Laidlaw, 15, gets an assist from Alan Nealer, 17, both of Milford, in front of the raised hearth fireplace.

SLEDDING'S FUN, TOO — This trio took turns pushing each other around the skating rink in front of the new recreation building at Kensington Park. It's Ricky Beckley's turn to push his brother Bill and cousin Donald Beckley from one end to the other. Ricky and Bill are from Linden and Donald is from Walpole Lake.

GOING DOWN — Beginner Patricia Beckley, 10, of Wixom, fell on the ice just after this shot was taken at Kensington Park's new skating arena. When she got cold the youngster took advantage of the warmth of the big recreation building with its long low benches for sitting.

A new \$100,000 combination winter recreation and boat rental building now open at Kensington Park near Milford is attracting sports enthusiasts from all parts of Michigan.

A big corner fireplace with a triangular hood is kept burning continually inside the floor-to-ceiling glassed building.

In another corner, there is every type of hot food and drink concessions and courteous rangers stand by to assist youngsters in satisfying healthy appetites.

The heated building has a public address system which provides music in the building for the skaters at the rink area. Mounted floodlights offer improved lighting for night skating.

Outside the modern, brick, steel and stone structure

there is an observation deck on the second level which offers a view of the 1,200-acre Kent Lake.

A special tractor whisks the snow off a large area for the skaters, and youngsters have fun hitching a ride during the cleaning process.

During the winter season, the building normally will be open from 4 to 10 p.m. weekdays and on Saturday will Sunday from 10 a.m. to 10 p.m.

The new recreation facilities are available to all free of charge, according to Kenneth L. Hallenbeck, director of the Huron-Clinton Metropolitan Authority which operates the park.

NEW RECREATION BUILDING — A warm observation lounge with plate glass panels overlooking the skating surface is only one of the attractions of Kensington Park's new combination

winter recreation and boat rental building now open. A heavy snow machine falling around the upper deck prevents "little ones" from topping over and floodlights at night enhance the beauty.

MAKING NEW FRIENDS—Yolanda Gabrielle, 6, is shown as a happy child going to the Brayton Elementary School in Providence, R. I., where the Gabrielle children started Tuesday. There were no jeering mobs as the little girl escorted by her mother entered this school. It was a far cry from the William Franz School in New Orleans, La., where anti-integrationists abused them with words and physical violence a few weeks ago.

Safest Safe Is Opened, Contents—One Dollar!

BROADUS, Mont. (AP)—For sentiment's sake the state's safest safe is open.
 For 20 years after Ashton Jones

put the little black safe in the Powder River Examiner newspaper offices no one knew the combination. Owners Handle J. Sikes and Asbury Larsen left it locked.
 These Jones came back and had a locksmith open it—to get the first dollar he earned.

Now I Lay Me Down to Sleep—on a Sidewalk
 NORFOLK, Va. (AP)—An emergency call sent a patrol car racing through the streets looking for a small boy lying unconscious on the

sidewalk. When the officers reached him, and raised him up they asked what was wrong.
 "I was sleeping," he said.
 "Why on the sidewalk?"
 "That's where I was when I got tired," he replied.

Student Traffic Fines Help Finance Education
 TALLAHASSEE, Fla. (AP)—There's a good chance that a Florida State University student who pays a campus traffic fine is helping to finance his education.

Revenue from speeding and overtime parking fines goes into a scholarship fund or pays the salaries of student traffic patrolmen.
 Arkansas farmers received \$300 million from the sale of their products in 1959, an all-time high.

State Man at Purdue After Arrest in Russia

LAFAYETTE, Ind. (UPI) — Mark Kaminsky, 28, Edwardsburg, Mich., imprisoned in Russia last summer on espionage charges, reported at Purdue University Wednesday for his teaching assignment in modern languages.

Kaminsky and traveling companion Harvey C. Bennett of Bath, Maine, were detained in Russia several weeks.

Kaminsky was sentenced to seven years in prison but was later deported when he appealed his conviction.

Mexico City's lowest street is more than a mile higher in altitude than the top of New York's highest skyscrapers.

But He's Still in High School

Youth Gets 'A' Grades at MSUO

Neal H. Deunk, 17, makes college look easy.

Although still in high school, he's taking courses at Michigan State University Oakland, too.

As a high school scholar the Avon Township youth has an all-A record. He took two courses at MSUO during the fall term. In each he earned a grade of A.

Deunk, who lives at 225 N. Albee St., is a first-semester senior at Rochester High School. He won't graduate until June.

He began his college studies last fall, however, with calculus and first-year Russian. At the same time, he took trigonometry, physics and English at the high school.

Although his final grades for the high school semester won't be given until Jan. 20, Principal Harlan Johnson indicated Deunk would earn the same grades as before.

The youth attended high school in Mason, Ohio from September 1957 to May 1959, and had a straight-A record there. He is a native of Cleveland.

Deunk was brought to MSUO's attention by Johnson who proposed he be allowed to enter the university because of his advanced ability.

"Neal has gotten the substance of high school courses," said Johnson.

"He needed the challenge of new material and the opportunity to go ahead."

When MSUO officials agreed, Deunk became the first high school student to attend the university.

Deunk will return to MSUO for the winter term and continue with advanced sections of calculus and Russian.

At the same time, his high school courses will be solid geometry, physics laboratory and senior English.

He is planning to teach astronomy or physics at a university and to do research work in the field he chooses.

"Ordinary classroom is dull and I'd be tempted to be lax," he said. "The courses I'm taking at MSUO are interesting — and not easy. It's a challenge and I like it very much."

He also feels the transition from high school to college will be easier for him.

"I've already experienced some of the problems of going to college and this arrangement is giving me more time to prepare for them and adjust to them."

His parents, Mr. and Mrs. Norman Deunk, are both grateful for

the opportunity extended to their son by MSUO.

The father, a metallurgist employed at National Twist Drill Co.,

NEAL H. DEUNK

said high school had become "child's play" to his son. "He needed more," he said.

In his spare time, the younger Deunk has built three telescopes and a short-wave radio. He has a ham radio operator's license.

The youth has one sister and three brothers, one of whom has a Ph. D. degree in business administration.

Suggests Reprisals to Unseat Castro

WINTER PARK, Fla. (UPI) — Move U.S. economic reprisals, with help from Canada and Mexico, would be a big help in unseating the Fidel Castro regime in Cuba, a former U.S. ambassador said Wednesday.

Earl E. T. Smith of Miami, who resigned as ambassador to Cuba 10 days after Castro took over, said the U.S.-Cuban break in diplomatic relations could "go a long way in vindicating the Monroe Doctrine" and was a "constructive step."

The Miami investment broker said the move by the Eisenhower administration could "regain a lot of lost prestige."

He also said Castro might try to cut off the water supply at the U.S. Naval Base at Guantanamo Bay, but that tankers carrying water had been sent there as a precautionary move.

Deaths in Pontiac and Nearby Areas

WILLIAM D. SMITH
Service for William D. and Melvin L. Smith of 75 Lincoln Ave. who died Monday, will be held at 3 p.m. Friday at Evangelical Tabernacle, 2800 Watkins Lake Road with burial in White Chapel Memorial Cemetery.

WILLIAM D. SMITH
His body was 27 and Melvin 25. Their bodies will be at the Purvis Funeral Home until 11 a.m. Friday.

The brothers leave their parents, Mr. and Mrs. Frederick L. Smith, two brothers, Frederick L. and Stanley A., both of Pontiac; and two sisters Mrs. Louise Carver of Lake Orion and Mrs. Keith L. Hamilton of Pontiac.

GLENN ALDERMAN
HOLLY — Service for Glenn Alderman, 72, of 433 Hardin Drive, will be at 2 p.m. tomorrow at the Dryer Funeral Home. Burial will be in Lakeside Cemetery.

Mr. Alderman died Tuesday after a long illness.

Surviving are his wife Helen; four daughters, Mrs. Eva B. Schuchard, Mrs. Ella Mitchell and Mrs. Anna Belle Parks, all of Holly; and Mrs. Glenna Neely of Fenton; two sons, Frank of Holly and Dale of Grand Blanc; 20 grandchildren and two great-grandchildren.

DR. O. A. CAPANO
LATHRUP VILLAGE — Service for Dr. O. A. Capano, 48, of 26415 Meadowbrook Way, will be at 10 a.m. Saturday at St. Scholastica Catholic Church, Detroit. Burial will be in Holy Sepulchre Cemetery, Southfield.

The body will be received at 8 p.m. tomorrow at the Ted C. Sullivan Funeral Home, Detroit.

Dr. Capano, chief of staff of Detroit's Mount Carmel Mercy Hospital for seven years, died of a heart attack at the hospital Tuesday.

Surviving besides his wife Joan are two daughters, Mary Ann and Catherine; a son, Thomas, all at home; five sisters and four brothers.

ROBERT S. DAVIS
AVON TOWNSHIP — Robert S. Davis, 56, of 3128 Westliff St., died today after an illness of several months at Bloomfield Hospital, West Bloomfield Township. His body is at the Moore Chapel of the Spark-Giffin Funeral Home, Auburn Heights.

Surviving besides his wife Myrtle are two sons, the Rev. Robert F. Davis of Augusta, and Donald D. Flint, four brothers, Harold of Pontiac, Ward of Ohio and Edwin and George, both of Pennsylvania; and two sisters.

MRS. FRED HINE
ROSE TOWNSHIP — Service for Mrs. Fred (Hena R.) Hine, 58, of 725 Pepper Road, will be at 2 p.m. Saturday at the Dryer Funeral Home in Holly. Burial will be in Rose Center Cemetery.

Mrs. Hine died yesterday after an extended illness.

Her sole survivor is her son, Richard of Rose Township.

WILLIAM W. MCINTYRE
WEST BLOOMFIELD TOWNSHIP — Service for William W. McIntyre, 75, of 1559 Rosedale St., will be at 2 p.m. Saturday at the Orchard Lake Community Church. Burial will be in White Chapel Memorial Cemetery, Troy.

Mr. McIntyre died yesterday at Pontiac General Hospital after an illness of two weeks. His body is at the C. J. Godhardt Funeral Home, Keego Harbor.

Surviving besides his wife Helen are two sons, James of Detroit and Claude of Periville, Mo.; a daughter, Mrs. Gilbert J. Whitman of Royal Oak; and seven grandchildren.

WILLIAM D. THOMPSON
WEST BLOOMFIELD TOWNSHIP — William D. Thompson, 36, of 4136 Forbush Ave., died yesterday after an illness of one week at St. Joseph Mercy Hospital, Pontiac.

Mr. Thompson, sales manager of Keego Sales and Service, Inc. of Keego Harbor, was president of the Twin Beach Civic Association and a member of Union Lake Baptist Church. His body is at the C. J. Godhardt Funeral Home, Keego Harbor.

Surviving besides his wife Blanche are his parents Mr. and Mrs. Albert Thompson of Carrier Mills, Ill.; two daughters, Judith

City Issues Permits for 12 Dwellings

Permits were issued for 12 new dwellings in Pontiac last month, totaling \$74,300 in value.

This compares with 31 home permits issued in November and three during December 1959.

Although there were 46 permits issued last month for various types of construction, total valuation was \$17,104.

In November there were 88 permits with a total value of \$66,819 and in December 1959 there were 31, with a total value of \$12,887.

A new commercial building planned last month was a \$15,000 miniature golf course and clubhouse at 671 N. East Blvd.

Residential alterations and repairs totaled \$14,626, commercial alterations and repairs \$3,860.

Of all mammals, only elephants occasionally outlive man. The longest-lived elephant was reported to be 85 years old. Many elephants survive for 50 to 75 years.

Famous 'Mr. Jackson' Dies; Age 35 or 100?

WEST POINT, N.Y. (AP)—"Mr. Jackson," famous mule mascot of the Army football team, died Wednesday of old age at the U.S. Military Academy. "Mr. Jackson" was 35 years old, the equivalent of 100 years in a human being.

Oppose Joint Force to Aid Lumumba

CASABLANCA, Morocco (AP)—King Mohammed V of Morocco and President Kwame Nkrumah of Ghana were standing firm today against a proposal by U.A.R. President Gamal Abdel Nasser to send a joint African military force to the aid of deposed Premier Patrice Lumumba of the Congo.

The King and Nkrumah, according to reliable informants, blocked Nasser's plan to make his proposal publicly at the opening session Wednesday of the five-nation "African Summit" meeting. Instead, the conference closed its doors to public and press after the King's opening speech.

The outlook was that Nasser's proposal would be finally turned down despite vigorous support from President Sekou Toure of Guinea and the open sympathy of the government chiefs for Lumumba's cause.

Rite Monday for Prexy

DETROIT (AP)—Service for Tom Bradley, president and chairman of the board of Sheller Manufacturing Corp., will be held here Monday. Bradley, 66, died Tuesday in Glendora, Calif.

Only 1 in 25 Goes to Jail

State Easy on 'Death Drivers'

EAST LANSING (U-P)—Only one out of 25 surviving drivers in Michigan fatal traffic accidents is sent to jail, a Michigan State University study discloses. Most of the drivers don't even face a judge, the study found.

James E. Carnahan, a trooper with the Colorado State Patrol, did the research for the MSU Highway Traffic Safety Center while on an 18-month leave to earn a doctor of philosophy degree.

The survey covered 1,340 fatal accidents in 1957-58 in 61 Michigan counties.

"Drivers involved in Michigan fatal accidents slip through the widespread fingers of traffic enforcement, from the level of the original police investigation to that of the black-robed circuit judge," Carnahan wrote.

"Even if prosecuted and convicted—which few are—many of those blamed for fatal crashes receive only small penalties," he said.

Even when drivers are convicted of major crimes in connection with the death crashes, and face penalties as severe as 15 years in

prison, their actual sentences are as little as probation or restricted driving, he said.

BLAMES APATHY

The study blamed public apathy toward traffic prosecutions together with official hesitancy and failures for the break down in enforcement.

Carnahan said enforcement officials agreed on certain broad generalities, such as:

"A traffic violation is not considered by the public to be a crime and people are reluctant to convict a driver of a serious charge for this violation."

Police complaints against prosecutors cited included: "Cases lie too long on the docket . . . prosecutor feels that the defendant has suffered enough . . . prosecutor does not have the time and does not wish to bother with traffic cases . . . prosecutor wants a good conviction record, reduces charges to obtain a plea of guilty."

Police complaints against jurors cited included: "Jurors identify with the violator . . . jurors are too sympathetic; allow emotions to overrule reason."

The case of 1,730 drivers who survived crashes involving fatalities were traced to final disposition. Of these, the study showed, only 183 actually stood trial on major charges in Circuit Court.

U. of M. Will List Underage Students

ANN ARBOR (UPI)—The University of Michigan will publish a special "directory" listing its minor students as a means of keeping them from obtaining alcoholic drinks.

Dean of men Walter B. Rea said the directory would be made available to all establishments serving to all Europe and Asia combined.

decided to publish the directory because student identification cards could be altered to change the age of a student.

The concern with keeping underage students from obtaining alcoholic drinks grew from the fact that Ann Arbor voters last November approved a referendum permitting sale of liquor by the glass in the city.

More U.S. automotive exports go to South American countries than to all Europe and Asia combined.

Hot Rod 'Autowarna' Due for Cobo Hall Display

DETROIT (UPI)—The ninth annual "Autowarna" sponsored by the Michigan Hot Rod Association will be held this weekend at Cobo Hall. The show will include displays of hot rods, sport cars and antique models worth more than \$1 million. More than 200 cars will be entered in the show.

The human body contains about 10 million million cells.

Youth Admits Burglary With Court Set Jan. 9

A 17-year-old Pontiac youth who has admitted the burglary of a restaurant in the city waived examination in Municipal Court yesterday and was bound over to Circuit Court.

Leslie Motley, 1927 Grand View Blvd., will be arraigned on a breaking and entering charge Jan. 9.

He is accused of the burglary of Donna's Restaurant, 891 Baldwin Ave., over the New Year's week-end.

Municipal Judge Maurice E. Timmerman set bond at \$500. Police said \$30 was taken from a safebox in the burglary.

To produce 100 bushels of corn, five million pounds of water must be available to the soil. A single ear of corn may require up to two barrels of water to mature.

Southern Dems Fighting to Hang On to Filibuster

WASHINGTON (UPI)—Southern Democrats manned front line defenses today in the Senate and House, determined to protect two major weapons they have used to stymie legislation launched by Northern liberals.

Southern foes of Senate rules changes were confident they had enough votes to beat down two proposals by Republican and Democratic liberals which would make it easier to choke off filibusters.

Falling 3-2, Sen. Richard B. Russell, D-Ga., leader of the Southern bloc, warned that the Senate would be in for a "prolonged debate," which would amount to a filibuster against antilobbyist efforts.

The Senate was expected to resume debate on the rules controversy today with leaders hoping to have the issue settled before the weekend. But there were no assurances of any votes today.

In the House, moderate Democrats were looking for a compromise to head off a move by Speaker Sam Rayburn of Texas to purge from the powerful House Rules Committee Rep. William M. Colmer, D-Miss., who bolted the national party ticket in November.

Informed sources said Rayburn already has rejected some compromise efforts because they tell short of what he demands as the price for not purging Colmer in a move to break the conservative Republican-Southern Democratic coalition, which dominates the rules committee.

At stake is control of the rules panel, which in the past has been a tool of Southern committee leaders and conservative Republicans to prevent liberal-backed legislation from reaching the House floor and which could be a road block to President-elect John F. Kennedy's legislative program.

NO PURGE YET
If the purge got under way, it

REP. WILLIAM D. COLMER

likely would encompass three other Mississippi lawmakers — Reps. Jaime L. Whitten, Arthur Winstead and John Bell Williams — who joined Colmer in refusing to support the Kennedy-Johnson ticket.

Whatever the result, Rayburn let it be known that no purge would be started before next week.

The present Senate filibuster rule requires two-thirds approval of members voting to curb debate.

One proposed change would keep the present rule but add a provision that 51 senators could limit debate on any issue after 15 days. After the cut-off, 100 more hours of debate would be allowed.

A second proposed change would permit three-fifths of the senators voting to end debate.

Scientists have learned much about the electric eel's anatomy and power potential, but they still know almost nothing about how it produces electricity in living tissue.

Will Survey Reaction to Safety Programs

LANSING (UPI) — Plans for a "layman's market research project" were described to the State Safety Commission Tuesday.

Fletcher Platt, chairman of the Citizens' Action Committee of the commission, said his committee would probably undertake a survey this year of how individual citizens view safety programs.

"What we hope to find out is whether citizens think safety programs are important, and if so, how important they are in rela-

tion to the state's other problems," Platt said.

"It often occurs to us who are involved in traffic safety programs that we are talking to ourselves of a blank wall," Platt said.

"We hope a survey of this type will let us know whether others are listening."

Took Away Evidence

CHATTANOOGA, Tenn. — Burglars who battered open a grocery store safe in nearby Dayton, Tenn., stole \$5,000 tried a fool-proof way to remove their fingerprints from the front of the safe. They stole the door.

ATOMIC ANTISUB BOMB — Mounted on this Navy helicopter (circled) is the latest U.S. atomic weapon to be revealed to the public. It's an atomic depth bomb called Lulu and can be carried by nearly all Navy aircraft. The Navy says the great "ball radius" of the bomb gives enemy submarines virtually no chance to escape.

Asks Bill Forcing Safety Devices on Federal Cars

WASHINGTON (UPI)—Rep. Kenneth Roberts, D-Ala., has announced that he will introduce a bill to require all government-owned cars to be equipped with safety devices.

Roberts said that under his measure all cars purchased by the federal government would have to meet safety requirements prescribed by the Bureau of Standards.

An identical bill passed the House last year but died in the Senate.

Roberts, chairman of the Sub-

committee on health and safety, said he was "highly optimistic" that his bill would pass this session.

"Passage of the bill," he said, "will not only protect government employees. It will help crack the resistance barrier the automobile industry has put up against safer-designed automobiles."

90th Birthday Like Every Day—2.35 Mile Stroll

MIAMI, Fla. — His 90th birthday was like almost every other day for Sam Elman.

As is his practice six days a week, he took two roundtrip strolls from his home on Key Biscayne near here down the beach to a lighthouse 2.35 miles away.

In Glamour-Boy Lyndon's Job

Plain Mike Takes Over Senate Dems

By JAMES MARLOW

WASHINGTON (AP) — There'll be less razzle-dazzle in the Senate which has just substituted a plain John for a glamour boy. But the question puzzling Washington is whether the glamour boy will still be boss.

The Senate Democrats Tuesday picked Mike Mansfield, 57, of Montana, thin of face and plainly dressed, as their leader to succeed the spectacular Lyndon Johnson, 52, who on Jan. 20 becomes vice president.

Mansfield had been Johnson's chief assistant and gets his full blessing. He will be responsible for steering President-Elect John F. Kennedy's programs through the Senate. Johnson, as vice president, will preside over Senate sessions. Mansfield said he will invite Johnson at times to preside over party caucuses and policy committee meetings.

Usually a vice president — at least so far as his work in the Senate goes — is a shadowy figure who stays in the background. The Johnson, for whom Kennedy will floor leader, in this case, Mansfield, is the boss.

It remains to be seen whether Johnson, for whom Kennedy will find plenty of outside work, will remain subdued in the vice president's chair or try to pull the strings to make Mansfield dance. Mansfield, one-time Marine, one-time college professor of history and political science, is the kind of man you might overlook in a crowd.

The 57-year-old Johnson, who is always so well-groomed he seems to shine, sometimes seemed to run the Senate by sleight-of-hand.

Johnson, considered by many the ablest Senate leader of the century, did favors for senators and pulled on them to play back in votes when he needed them.

Or he'd get things done by working out agreements behind the scenes before voting time. But the real reason for John-

son's success — there are some who question how successful he was in getting through any really substantial legislation — lay in the question puzzling Washington: Mansfield is a middle-reader.

Otherwise, it's doubtful he'd be Johnson's man for the job. But he has one advantage over Johnson starting out.

Johnson was leader in a Senate

where Democrats were in a majority but had to deal with a Republican president, Dwight D. Eisenhower, who always held the threat of veto.

Mansfield leads a Senate where the Democrats still are a majority but will have a Democratic president not only pushing for Democratic programs but anxious to sign them into law. Mansfield isn't a patsy and may well stiff-arm Johnson if the latter tries to climb into his pasture. And, even though he's Democratic leader, Mansfield could still balk at some Kennedy programs.

Rabout to Be Sworn In Late to Congress Term

DETROIT (UPI)—Rep. Louis Rabaut, Michigan's 14th District Democrat, is expected to be sworn in to his 12th term this weekend by fellow Democrat Rep. Theodore Machrowicz of the First District.

Rabaut was one of three congressmen who were unable to be on hand Tuesday for the opening of the 87th Congress in Washington.

House Speaker Sam Rayburn authorized Machrowicz to administer the oath to the 74-year-old Rabaut who is recuperating from "general exhaustion" following his campaign for re-election.

He was released Tuesday from the United States Public Health Hospital in Detroit.

Punctured Tires Raise Belgian Doctor's Ire

LIEGE, Belgium (U)—Dr. Rene Rixhon today presented Liege's Socialist mayor with a bill for \$100 for automobile tires destroyed when he tried to rush through this strike-torn town to deliver a baby.

After the late-night call, Rixhon jumped into his car and headed up the strike-darkened street.

"Pop, pop, pop, pop" went his four tires. Nails had been scattered across the street by strikers from the Socialist unions.

The doctor bumped on. Two blocks farther he encountered a blockade of cobblestones ripped from the street. With the aid of a policeman, he removed enough of them to get through to the hospital — in time to deliver Marie Lhoest's baby girl.

Rixhon returned home and just before dawn received another call, that a second birth was imminent at a house in the residential section.

This time he walked, and once more he was in time.

"I lodged a strong complaint with the burgomaster," the physician told newsmen, "and do you know what he told me? He said 'The good must pay for the bad.'"

To Talk Over Steel Problems

Union, Industry Men Will Try to Iron Out Jobless, Output Issues

WASHINGTON (AP)—The head of the United Steelworkers Union and a representative of the steel industry will meet here today. Their aim is to see what can be done to curb unemployment and underproduction in steel, the nation's basic industry.

The meeting grew out of a proposal by David J. McDonald, union president. He suggested that union representatives sit down with heads of the top steel firms. R. Conrad Cooper, speaking for the industry, accepted the proposal with the modification that he and McDonald could meet as co-chairmen of the new Human Relations Research Committee. The group was set up under the last contract to consider work rules, manpower and other industry problems.

Cooper's modification was all right with McDonald. He said at union headquarters in Pittsburgh, however, that he still believed "pressing unemployment problems in the steel industry would be worth top-level discussion between both our union and the chief executive officers of the major steel companies."

McDonald added that he would be glad to consider a date for a later conference of this kind.

Cooper, executive vice president for personnel of U.S. Steel Corp., represented the steel industry in collective bargaining with the union.

DETROIT (AP)—H. K. Porter Co. of Pittsburgh will move its manufacturing operations in Detroit to Frankfort, Ky., plant reportedly because of competition and high wages.

O. D. Herron, Porter consultant here, said the closing of the Detroit plant affects about 450 hourly workers and perhaps 30 of the office force.

Until February 1959, Herron served as president of Herron-Zimmers Moulding Co., which sold out to Porter for \$5 million.

The Detroit plant specialized in automotive and metal moldings and was formed here as an auto supplier in 1934. The purchase price included a closed New Baltimore plant and the Frankfort property plus their inventories.

Kresge Plans Rack, Carry-Out Tire Sales

The S. S. Kresge Co. store, 66 N. Saginaw St., today announced plans to sell passenger car tires on an off-the-rack, carry-out basis. The sales will begin about Jan. 10.

N. K. Buch, manager, said only a single grade of tires will be carried — a first line, all nylon tire with blowout protection.

The line includes blackwall, whitewall and tube-type tires in a complete range of sizes for passenger cars.

No trade-ins will be required, and tires will carry the firm's 24 month road hazard guarantee.

Buch said.

PET DOCTOR
By A. W. Miller, D.V.M.

HERE'S ONE BIRD WHO WON'T BUDGE UNTIL THEY DECIDE WHAT I AM (Continued)

Q. My parakeet has a large lump at the end where his tail is located. What causes this? Mrs. H. Jurgens, Scotch Plains, N.J.

A. You don't say whether your parakeet is male or female. The female bird could be egg bound, which simply means that she is unable to lay her egg naturally and needs surgical help.

In birds of either sex a tumor is possible and a veterinarian should be consulted. But, most often, these lumps are due to dirty, matted feathers. Wash the lump carefully with plain water.

If this simple treatment does not cause the lump to dissolve, it would be kinder to your bird to have a veterinarian see it immediately.

U.S. Industry Now Makes Big Diamonds

NEW YORK (AP)—The General Electric Co., which in 1955 produced the first man-made diamonds, now reports it is turning out bigger and better ones than ever before.

The size has been boosted to a carat or more. This is about a quarter inch in diameter.

The company, in reporting its progress, said Monday the carat-sized artificial diamonds are not yet suitable for industrial use because of structural imperfections.

The company produces such gems only for industrial purposes.

Dr. Guy Suits, research director for GE, said the company's success is of strategic importance because a major source of natural diamonds is the Congo. Because of "uncertain" conditions there, Suits said, it is fortunate that American industry can turn to man-made diamonds for many needs.

The earth each year reflects and radiates exactly the amount of heat which it receives during the same period from the sun.

Jack's Campaign Contributors Get Return on Money

NEW YORK (AP)—About 400 New Yorkers who shelled out for a \$100-a-plate dinner during John F. Kennedy's campaign for the presidency are going to get tickets to the ceremonies on inauguration day, Jan. 20.

Joseph Baird, finance chairman of the New York Citizens for Kennedy and Johnson, says the group still has \$30,000 of the \$800,000 the committee raised.

He said the group is buying \$100 worth of tickets to the inaugural parade and the ball and will send them to those who bought the \$100 dinner tickets.

"We'll hold on to the remaining \$20,000 for about six months," Baird said, "just in case any small unpaid bills turn up, and then we'll turn the rest over to the national organization to help wipe out its deficit."

Likes Both Sports

PHILADELPHIA (UPI)—Bill (Pickles) Kennedy of the Philadelphia Warriors of the National Basketball Association, also is a fan of the Pirates farmhand.

He said the group is buying \$100 worth of tickets to the inaugural parade and the ball and will send them to those who bought the \$100 dinner tickets.

Work Out Financing of Sewer Expansion

ROCHESTER—All financial details should be worked out by March 1 on a \$500,000 expansion program planned for Rochester's sewage treatment plant, Village Attorney Roscoe Martin said today.

The Village Council and the State Health Department both have given final approval on the engineering plans and specifications for the addition to the plant.

Martin explained that the proposed building project will be financed through a sale of revenue bonds. Revenue from the village's water and sewer system will be used to pay off the bonds, the attorney said.

Financial consultant J. Dean Stanley of Lansing and bonding attorneys Miller, Canfield, Padgett and Stone of Detroit have been hired to handle the financial aspect of the project.

Since there will be no hike in taxes because of the half-million dollar expansion program, the sale of the bonds will not have to be decided by a popular vote.

However, Martin said, engineers can expect an increase in water and sewer rates to help pay off the work at the village-owned treatment plant.

The present plant, located at the end of Third Street in the Clinton River basin, now handles one million gallons of sewage per day.

DOUBLED CAPACITY

When the expansion project is completed, the plant's capacity will be doubled, according to Martin. He said this is expected to take care of the village's needs for the next 20 years.

The State Health Department had urged prompt action to enlarge the village's present sewer facilities because they are not operating near capacity.

Village population now totals 3,400 and some 2,000 residents outside of Rochester are using the village sewer facilities. The expansion of the plant provides for a projected population of 9,000.

Martin said plans for the work at the plant are based on a schedule agreed upon by the village and the State Health Department.

Seek Bond Second Time in Clawson

CLAWSON—A \$500,000 bond proposal for construction of a municipal building, an issue defeated in a special election Dec. 19, will be put before the voters again on April 1.

The decision to place the proposition on the April ballot had the unanimous approval of all city council members. Mayor Duncan L. Mills favored an earlier vote on the issue.

City officials, who would rather have the municipal building proposal come up in a special election sometime in February, said the issue might become involved with politics on the April ballot.

Commissioner Albert Szabo said it would be a waste of money to hold a special election.

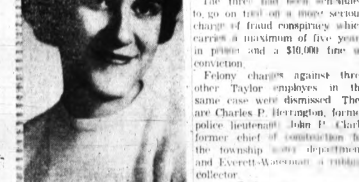

Where approved construction of a \$150,000 library in the same district was defeated. Construction of the new city hall would have to be financed by 50 per cent of Clawson's voters in order to be approved.

The issue was defeated by a two-to-one vote in the December election.

Supervisors to Meet

LANSING — The eighth annual convention of the Michigan Township Association will be held Jan. 10-12 at Lansing.

A discussion of legislative matters affecting local governments and township problems will be the main order of business.

VIRGINIA ANN BALDWIN

Announcement is made by Mr. and Mrs. Vernon Baldwin of Albion of the engagement of their daughter, Virginia Ann to Mr. Lawrence Ann, son of Mr. and Mrs. Leslie H. Ann of 420 Second St., Rochester. A date for the wedding is planned.

RUTH L. CHETICH-BURGH

The engagement of Ruth L. Chetich-Burgh to James H. (Jimmie) Burgh of Detroit is announced by her parents, Mr. and Mrs. Russell Chetich-Burgh of 1280 Ladd Road, Walled Lake. The wedding is planned for August.

RUBY C. STOVER

A June 16 wedding is planned by Ruby C. Stover and Robert B. Davis, son of Mr. and Mrs. Wayne Davis of Charleston, W. Va., whose engagement is announced by the bride-elect's parents, Mr. and Mrs. Cyril W. Stover of 248 S. Grand St., Avon Township.

FIRST OF NEW YEAR — Unperturbed by the excitement she caused, being the first baby born in 1961 at the Community Hospital near Almont is St. Romeo, who is 1 day old today. She was born in her mother's arms, totally unaware that because of her timely birth she and her parents, the Allen F. Boudrys of 121 Pleasant St., Romeo, are recipients of gifts from some 15 area merchants. Sherry checked in at 12:37 a. m. yesterday, weighing 6 pounds, 7 ounces. Her father works at F. C. Blome Manufacturing Co., Washington. The Boudrys have another daughter, Susan, age 3.

Berkley's 48 Empty Rooms To Ask School Tax Hike

BERKLEY — Voters in the election of the cutbacks in Berkley School District again will school operation which will be asked to approve a tax, in necessary if the additional millage increase to maintain 48 newly constructed classrooms in a special election Feb. 14.

A request for a seven-mill tax to operate the new school addition will be necessary and then launch a public campaign to inform the public of the loss of educational advantages which would result from another millage defeat.

The board will decide at next Monday's meeting what cutbacks to operate the new school addition will be necessary and then launch a public campaign to inform the public of the loss of educational advantages which would result from another millage defeat.

According to school officials, the additional seven mills for operation is needed to hire teachers, buy supplies and pay for the maintenance of the new classrooms at Berkley's high school and two junior high schools.

Construction of the classroom addition was financed through a \$1.8 million bond issue approved in an April, 1959, election.

Officials say the new classrooms, cannot be used if the extra millage is not passed.

Almont's Dr. Bishop Again Hospital Chief

Dr. G. Clare Bishop of Almont has been named to continue as chief of staff of Community Hospital during 1961 by the hospital's medical staff.

Re-elected vice chief of staff was Dr. William L. Martin of Romeo. Secretary-treasurer is Dr. John L. Smith of Imley City.

Other doctors reappointed to the board are Dr. L. Leith of Delray City, Dr. M. B. Hanes of Almont, Dr. E. C. King and Frank T. Moran, both of Romeo, Dr. W. Schuchling and Donald J. Trumpp, both of Rochester, and John J. Marra of Pontiac.

Warns of Federal Squeeze on State Wheat Farmers

LANSING — The Michigan wheat farmer may be caught in an innocent bystander in anticipated federal squeeze on wheat, which the sought after soft Michigan wheat — rather than shoring just at the 1.5 billion bushel surplus of hard wheat grown in Plains states.

Michigan farmers, already limited to 15 acres of wheat each, could sell much more than they are now producing, he said.

Domestic and foreign consumption of the soft wheat has increased, according to Edithman.

Governor of Vermont Is Sworn In by Father

ANDOVER, Vt. — Gov. Ray Kasser Jr. will be sworn in by his father, Governor Warren Kasser, at a ceremony in Andover, N.H., today.

Kasser Jr., son of Mr. and Mrs. Lawrence Kasser, was born in Andover, N.H., and is a resident of Andover, N.H.

Kasser Jr. is a member of the Vermont State Bar and is a graduate of the University of Vermont.

MARY ANN BAMBER

The engagement of Mary Ann Bamber to Samuel A. Smith is announced by her parents, Mr. and Mrs. Lawrence Bamber of Bowtie. The prospective bridegroom is the son of Mrs. Samuel T. Smith of 4130 14 Mile Road, Walled Lake, and the late Mr. Smith. A September wedding is planned.

City Officials Asked to End Nuisance

Sift Plan to Weed Out Walled Lake

WALLED LAKE — Another proposal to rid Walled Lake of weeds — a long-time danger to swimmers and boaters — will be studied by city officials here and in Novi.

An attempt last summer by a subdivision association to raise \$8,000 to clean the lake of the rust-colored weeds failed when less than half the funds needed for the project were collected.

This time the governments of Walled Lake and Novi have been asked to enter into the program to eliminate the nuisance weeds.

Petitioning both councils to work jointly on the project is Donald Wiseman of 23254 Ridgely St., Southfield.

Wiseman, who owns lake-front property, has asked the councils to come up with "some type of program" that would be beneficial to all parties.

Walled Lake city councilmen will further investigate the proposed cleanup program and will have an expert in a future meeting to explain the method and cost.

Village councilmen in Novi will appoint a committee to study financing and procedure.

Harold Ackley, who is the Novi village manager and a Walled Lake councilman, will correlate the information from the two groups.

In June the West Shore Community Association provided a fund drive to collect \$8,000 from residents and merchants in both communities but dropped the campaign after only \$4,000 was collected. The money was returned.

Roy Crites, treasurer of the association, blamed apathetic merchants for the collapse of the campaign.

Solicitors worked hard and residents for the most part were enthused about the project, but it was the business people who failed to come through when the campaign bogged down, Crites explained at the time.

However, R. A. L. Calvert, president of the Walled Lake Chamber of Commerce, said that merchants were not informed of the project in time or of the nature of the project.

Calvert pointed out that if another attempt was made to clean up the lake the cooperation of the chamber of commerce "would be guaranteed."

WORST EVER

Last summer residents claimed that the weeds in the lake were "the worst they had ever been." "Swimming in the lake is dangerous now. Just a short distance from shore a person could become entangled in the weeds and drown," the spokesman added.

"If something isn't done about the weed problem soon, residents will have a swamp instead of a lake."

2 Area Highways Listed for Improvement in 1961

Two area improvement projects are among the nearly \$7 million to be spent this year on highway work, State Highway Commissioner John C. Mackie announced today.

Mackie said 31 projects for asphalt paving and modernizing of 22 miles of state highways have been added to the highway department's \$250-million construction program for 1961.

The highway commissioner reported that 14.5 miles of U.S. 10 will be resurfaced from M15 south of Clarkston to the northern county line in Holly Township.

The contract for this work is scheduled to be awarded May 24, to MODERNIZING, M33.

A contract for a 12.5-mile resurfacing and modernizing program on M33 (Van Dyke) in Lapeer County will be let July 19, according to the highway department.

The Lapeer County Highway will be resurfaced from M31 (Imley City Road) north to M36 (Burrhead Road).

Bids on all the state projects will be opened between Feb. 22 and July 19. All work will be completed by the end of the year, Mackie said.

Mackie said the projects are designed to improve Michigan's existing highway system while the \$250-million freeway construction program is carried out.

ROYLEEN L. MUSSEN

Mr. and Mrs. Roy T. Mussen of 732 Glenary Road, Walled Lake, announce the engagement of their daughter Royleen Lora to Donald E. McKevey, son of 704 Wixom Road, Wixom. A September wedding is planned.

Cuba's Bacardis Lose All to Castro

MIAMI (UPI) — A member of the Cuban Bacardi rum family arrived in Miami with other political exiles Wednesday night.

"They have taken everything from the company," said Josep Bacardi, who was technical director for the Bacardi firm's breweries in Cuba.

A cousin, Jose M. Bacchi, who was president of the Bacardi firm, now is in exile in Brazil, Bacardi said.

Bacardi and his wife left their home in Santiago de Cuba for Guatemala Dec. 1. They moved from Guatemala to the U.S. by air last night and said they would spend a few days here and then go on to New York.

A raven is always kept in the Tower of London. The tradition stems from Charles II, who predicted England would fall if ravens ever left the Tower.

Michigan Civil Service Splits Research Group

LANSING UP — The State Civil Service Commission announced today that it has split up the functions of its Research and Survey Division and assigned two men to direct the operation.

Marvel J. Trimpe, 34, was named head of the Research Division, and John A. Downes, 32, was named director of the wage and salary survey section.

The functions previously were handled by Lafayette Froh, who retired at the end of the year after 23 years as head of the commission's Research and Survey Division.

Ends Crisis by Quitting

THE HAGUE, Holland (UPI) — Premier Jan E. De Quay Wednesday announced the withdrawal of his resignation, thus ending the Netherlands' government crisis.

De Quay resigned Dec. 23 when the government was defeated on its housing policy.

School Heads to Gather

LANSING UP — "Paths to Quality" will be the theme of the semi-annual conference of the Michigan Association of School Administrators, a department of the Michigan Education Association, to be held Jan. 12-13 at Grand Rapids. About 500 school superintendents will attend.

Woman Has Trouble Determining Stray's Sex

WICHITA FALLS, Tex. (UPI) — A unit of the Wichita Falls dog pound was on its way to pick up a stray that had been hanging around a woman's home for nearly a month.

These, in a quiet, serene voice, the lady dispatcher for the police department said over the radio.

"Better hurry, the lady says he's having pups on her front lawn."

Baudouin Trying to End Violence

Meets Separately and Secretly With Opposing Party Leaders

BRUSSELS, Belgium (UPI) — Belgium's King Baudouin appeared today to be trying to mediate an end to the strikes and violence that have shaken this nation for two and a half weeks.

The 30-year-old monarch conferred separately Wednesday night with Catholic Premier Gaston Eyskens and opposition Socialist party President Leo Collard at Laken Palace, just outside Brussels.

The meeting with Eyskens, which took place after the one with Collard, was kept secret until this morning and no details of either talk was disclosed.

But the meetings indicated the king was trying to assume the role of peacemaker and that a major break in the crisis might be in the offing.

It was the third time the king had talked to the premier and the second time with Collard since he cut short his Spanish honeymoon and returned to Brussels last week.

Despite the conferences, the Brussels branch of the Socialist-led Belgian Trades Union Federation decided to call for a nationwide general strike and a "march on Brussels."

Louis Stevens, secretary general of the Brussels union, announced a delegation would urge the union's national committee to agree. He made the announcement to a crowd of several hundred strikers at Socialist Party headquarters.

About 2,000 strikers then marked toward city hall to present a petition to Mayor Lucien Cooremans but were stopped by cordons of police, gendarmes, armored cars and two water cannons.

Name 2 Profs to Council

ANN ARBOR (UPI) — Two University of Michigan professors have been named to the advisory council of an encyclopedia of the social sciences, the first such appointments in more than 25 years.

They are Prof. Kenneth Boulding of the department of economics and Prof. Norris Janowitz of the department of sociology.

Coming Soon in Waterford

OKs Adult Civic Band

The Waterford Township Recreation Board last night approved plans for an adult civic band to be organized immediately.

Recreation Director Tom Belton will be assisted by John D. Pierce, Junior High School Band Director Eugene Preston. The program will get under way Feb. 1.

The recreation board also authorized \$500 for one or possibly two new low shelling risks to be established as soon as possible.

Only privately maintained rink exist in the township and recreation board members felt there is a definite need for large public skating.

Seamless Tube Firm's Earnings Dip From '59

SOUTH LYON UP — Michigan Seamless Tube Co. sales increased to \$21,129,555 in the fiscal year ended Oct. 31, 1960. Net earnings for the 1960 period were \$1,456,282, or \$2.10 per share, compared with \$1,695,621, or \$2.40 per share reported in 1959.

'Solve' Detroit Beating-Death

Police Say 3 Teen Boys Admit Striking Down Man, Taking \$120

DETROIT (UPI)—Detroit police announced early today they had "solved" another of the recent series of slayings plaguing the Motor City.

A teen-ager arrested Wednesday night in a roundup of juvenile toughs confessed he was responsible for the robbery-beating Friday of 71-year-old Cyril Campbell.

Campbell, a retired contractor returning from the hospital where he was visiting his wife, was struck down a few blocks from his home and robbed of \$120. He died the following day.

Booker T. Washington, 17, also implicated two companions in the crime. The others, Philip Clark, 16, and Morgan Harris, 13, were arrested and also confessed, according to police.

MOTHER ARRESTED

Washington's mother, Pearl, 47, was arrested and held as an accessory after the fact. Campbell's wallet was found in the Washington home and Mrs. Washington allegedly held the money the boys stole.

Harris is the son of the Rev. Willie Harris, on the steps of whose Church of God in Christ the three allegedly plotted their crime.

The arrests and confessions followed by a few hours a defense of the police crackdown by Mayor Louis C. Miram, who denied that the war on crime was directed against Negroes.

The charge was leveled by officials of the National Association for the Advancement of Colored People, who claimed the police department's recent practice of arresting persons on suspicion was concentrated in Negro areas.

The crackdown followed the beating death last week of Mrs. Betty James, 36, who was attacked by a Negro wielding a brass knuckle as she walked to children's hospital where she worked as a nurse's aid.

Since then, 1,165 persons have been picked up on the streets and taken into custody for questioning. Younger than 40 are still being held. So far, the slayer of Mrs. James has not been found.

Warren Children Attend Six School Districts

WARREN (UPI)—Children in this city of 89,246 go to schools operated by six different school districts.

Some children have nice, new buildings, with swimming pools and all the trimmings and vacant classrooms.

Still others who also live in Warren go to schools so overcrowded that some are on half-day class schedules.

One district's tax base is rated rich. The others graduate down from good to poor. The richest Warren district recently voted against letting the poorer, which has no high school, annex to it.

MANY SIMILAR AREAS

This Macomb County city, education experts say, is an outstanding example of what exists to a degree in many areas.

Neighboring St. Clair Shores, for instance, has three different school districts within the city. There are similar examples elsewhere.

All four Grosse Pointes and Harper Woods, on the other hand, are in a single school district.

Nobody knows exactly what is going on about Warren. Yet almost everybody agrees something should be done. Now Warren's schools are run by six boards of education and six superintendents.

School districts do not confine themselves even to county lines. One Warren district reaches over Macomb into Oakland County, and it also stretches into Sterling Township north of Warren.

Parts of Wayne and Oakland counties are in still another Michigan district.

LAW DOESN'T APPLY

A state law specifies that school district lines shall follow those of a city when a city's population reaches 125,000, based on the latest federal census.

No Warren's jumble couldn't be changed until 1976, under this process, and education leaders feel the current law will be changed before then. They say it wouldn't work.

Warren is one of Michigan's newest and largest cities. It was incorporated Jan. 1, 1957, and it includes a whole township—36 square miles—less the City of Grosse Pointe, which it completely surrounds.

Eyes Remain the Same

COLUMBUS, O. (UPI)—The number of eyes on grapefruit in the same, regardless of high size of the fruit, says the Ohio State University extension service.

It had only 42,633 population in 1950. The 1960 census gave it 89,246, and its 1,000-a-month growth is expected to continue at least in the next two years.

Location of the General Motors Technical Center in what was Warren Township in 1953 caused

GOP Expects to Call on Ike After Jan. 20

WASHINGTON (UPI)—Senate Republican leader Everett M. Dirksen said today GOP congressional chiefs expect to call President Eisenhower in from his Gettysburg retirement to help pep up their conferences after Jan. 20.

The Illinois Republican said Eisenhower would be "close by" after he leaves office and will be asked to meet periodically with GOP legislative leaders. He added that House and Senate party leaders totally within the boundaries probably would hold a weekly council when a substitute for their present White House sessions.

Lake Winnebago, Wis., is the largest inland body of fresh water that House and Senate party leaders totally within the boundaries probably would hold a weekly council when a substitute for their present White House sessions.

Ambitious Hound Has Right—and Wrong—Idea

EAST LANSING (UPI)—J. J. Halbrook of East Lansing has a dog that apparently wants to be a retriever, but got mixed up somewhere along the way.

The dog returned home with a strange grille, brassiere and all. Halbrook turned the intimate undergarments over to East Lansing police.

All are in good condition, police said, and can be claimed by the owner upon identification.

Copra, the dried kernel of the coconut, is chief product of many Polynesian islands.

Civil War Generals Crowd Ohio Town

LANCASTER, Ohio (AP)—Four of five Civil War generals from Lancaster came from one house. They were Maj. Gen. Thomas Ewing, Maj. Gen. Hugh Ewing, Brig. Gen. Charles Ewing—all brothers—and Gen. William T. Sherman, who was raised by the Ewing family.

The fifth was Bvt. Brig. Gen. J. A. Stafford. In addition, two other "generals"—Maj. Gen. Philomen Beecher and Brig. Gen. Samuel P. MacCracken—lived within a block of the Ewing home but died before the war.

It's Difficult to Agree With Month's Motto

LOS ANGELES (UPI)—The Let's Have Better Motives Association today announced its motto for the month of January:

"Too late to agree with me. I've changed my mind."

Others in the running included:

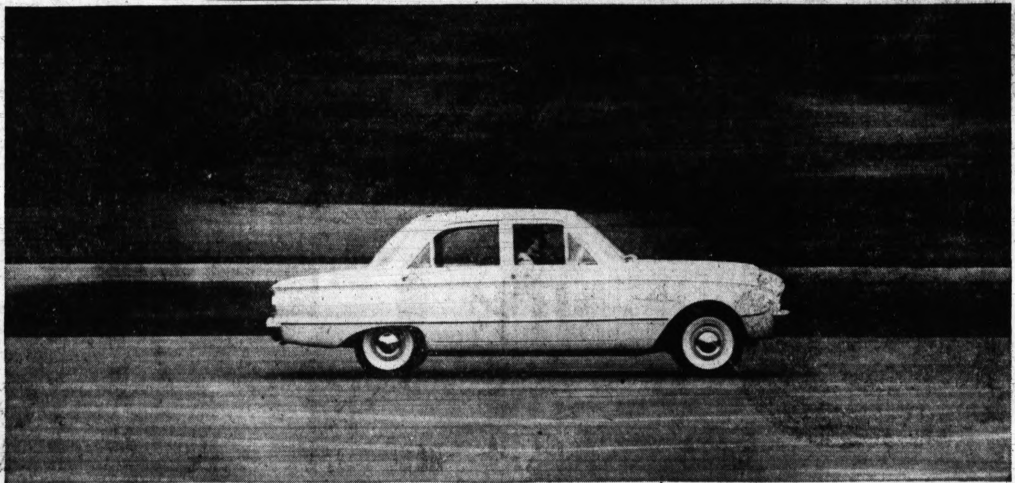

"Help stamp out mental health." "I'm a nice person in a repulsive sort of way." "If there's an easier way to do this job, please don't tell me. I enjoy suffering." and "My mind is a comfortable blank today."

Don't Remember the Face but the Getup is Familiar

MEZA, Ariz. (UPI)—A couple parked in a lovers' lane told police they didn't get a good look at the face of a bandit who robbed them of \$10, but they vividly recalled his outfit and mode of transportation.

The bandit was in full cowboy regalia including a 19 gallon Stetson, spurs that jingled and a .38-caliber revolver and holster. He rode a horse.

We Sell Johnston Paints Rosenberger PAINT & WALLPAPER CO. 34 S. Saginaw ... FE 2-7001

Why Falcon has won the battle of the compacts

The truth of the matter is this: there can be only one best seller in any field. In compact cars, this honor goes to the Ford Falcon . . . overwhelmingly! Unwrapped just 14 months ago, Falcon has already sold over 525,000 cars. These sales represent the greatest automotive success since cars began.

1960 will be remembered as Falcon's year. This was the year Falcon won the Battle of the Compacts.

It was a fascinating battle. America was asked to choose from 11 different compact cars. Each one offered something different, something new. Each one had its own ideas on what America wanted in compact cars. There were rear engines, aluminum engines, 4-cylinder, 6-cylinder, 8-cylinder engines, rear transmissions, mighty horsepower, meek horsepower, expensive luxury models, cheap bare-bone models.

It was confusing in the beginning. But as sales figures began to come in . . . as state after state reported its registrations . . . a trend began to take shape.

America was going Falcon! By March it was fairly certain. By July it was in the bag. By December it was a landslide!

Today over 525,000 people own Falcons . . . the greatest popular vote any new car has ever received from its introduction through its first full year. In fact, no great is the popular demand for Falcon, that every 30 seconds of every working day somebody else buys one. Just what has Falcon got the others have not? It's not just one thing . . . it's many things . . . a combination of features you can't find in any other compact except Falcon.

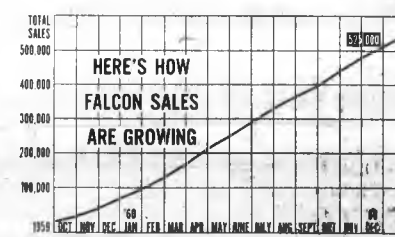

Economy is one of these features.

All compacts save you money in some ways . . . but only Falcon saves you all ways. Falcon goes up to 30 miles on one gallon of regular gas. A proven fact! Falcon goes 4,000 miles between oil changes. With Falcon's Diamond Lustra Finish, you can forget waxing . . . forever! And because Falcon is a full compact, it costs less to service, less to license and, depending upon where you live, less to insure. Many of today's compacts are so big, so powerful, they cost about as much to buy and run as a big car. No other compact saves you as much as Falcon. It took no time for America to see this.

Another reason why Falcon has won the Battle of the Compacts: family comfort. Falcon is a full 6-passenger car . . . in every sense of the word. You can't say that about every other compact. For example, Falcon's rear seat is almost one full foot wider than another compact's.

There's also enough luggage space in Falcon's trunk so you can take off for weeks at a time. Not so with every other compact. One in particular has only about half as much trunk space.

Perhaps the greatest Falcon surprise of all is its cheery interior. All the luxury hasn't been stripped out of this compact! Falcon offers a car that is pleasant, comfortable . . . yes, even elegant . . . to sit in. Falcon has all the pleasantries: coat hooks, front arm rests, sun visors, foam-

Here's why Falcon's first! Over 525,000 and now its introduction makes Falcon the most successful new car in automotive history. And Falcon not only leads all other compacts—it breaks its own sales records, too. November Falcon sales jumped whopping 46% over November a year ago!

pared front seat, rich upholstery—all the little luxuries you never miss until somebody takes them away. And Falcon doesn't charge extra for these luxuries. They're all included in that low Falcon price—at not one penny's extra cost.

Finally there is the question of price. And here is where Falcon reads America's mind perfectly. Compacts are smaller cars. Their prices should be smaller . . . much smaller! A good many of today's compacts are actually priced more than many big cars. To give you an idea of the difference between compact prices, let's compare Falcon with the field.

The Ford Falcon is America's very lowest-priced 6-passenger car. And not by mere pennies. It is priced as much as \$605!

compact. The first of these in price. There just isn't a lower-priced 6-passenger car made in America today. Falcon is the rock-bottom lowest!

The second Falcon savings bonus might be entitled, "The Easiest Car In The World To Own." You cash in on it every day you own a Falcon. It includes the hundred-and-one ways Falcon costs less to run . . . the savings on gas, oil, waxing, mufflers, servicing, licensing, insurance.

The third Falcon savings bonus comes at trade-in time. You'll find yourself in a very enviable bargaining position with one of the hottest resale cars ever. A December issue of *Automotive News* reports that Falcon depreciates from \$138 to \$175 less than the other compacts in its class. Falcon is as popular used—as it is new!

Easier to buy, easier to own, easier to sell—the ideal combination of everything you want most in a compact. Only Falcon has it. That's why only Falcon could be America's best-selling compact!

real economy. *Automotive News* reported that Falcon's price is based on a comparison of model prices. *Automotive News* also reported that Falcon is loaded with extra features and value.

The Falcon's design makes beautiful sense. It gives you a combination of three built-in bonuses . . . found in no other

Casseroles Simplify Cook's Job

By JANET ODELL

Pontiac Press Home Editor
Although there is no season for casseroles dishes, they seem especially appropriate in cold weather. Heartily eating is the order of the day.

Furthermore, the homemaker is busiest during the winter season. Being able to get a casserole ready early in the morning and pop it into the oven late in the afternoon is an appealing idea. For women with jobs outside the home, preparations the night before are often possible.

Our first recipe uses ground beef, but with a difference. Mixed with tobacco, bread crumbs, milk and eggs, it makes a pie shell which you fill with vegetables. Get the meat shell ready after breakfast and decide on the filling you want.

MEAT-PIE-SHELL

Combine egg, milk, salt and Tabasco. Stir in bread crumbs. Add ground chuck, mixing with a fork until thoroughly blended. Turn into 9-inch pie plate and pat into bottom and up sides of plate to form

a shell. Bake in moderately hot oven (375 degrees) 20 minutes. Add vegetable filling, top with sauce and return to oven 10 minutes. Yield: 4 to 6 servings.

Vegetable Fillings and Sauces

1. Cook one package (10 ounces) frozen lima beans according to package directions; drain and turn into meat shell. Top with cheese sauce made by combining 1/2 pound processed American cheese, shredded, with 1/2 cup milk and 1/4 teaspoon Tabasco in saucepan and cooking over very low heat until cheese is melted; stir until smooth.

2. Cook one package (10 ounces) frozen mixed vegetables according to package directions; drain and turn into meat shell. Place cooked or canned whole small white onions around inner edge of meat shell. Top with Tabasco Butter Sauce made by melting 3 tablespoons butter with 1/4 teaspoon Tabasco. 3. Cook one package (10 ounces) frozen peas according to package directions; drain and turn into meat shell. Form a ring of mashed squash, turnips or potatoes around inner edge of meat shell. Top with Tabasco Butter Sauce made by melting 3 tablespoons butter with 1/4 teaspoon Tabasco.

Home economists in test kitchens are determined to take the work out of cooking. In the following recipe, you don't even peel potatoes. You just open 2 packages of frozen french fries and go on from there.

This is a good recipe to use when you're down to the tail end of a piece of Canadian bacon.

Bacon French Fries Bake

1. Package (10 oz.) frozen french fries 2. Tablespoons melted butter 3. Tablespoons butter or margarine 4. 1/2 pound Canadian bacon, cut into 1/2-inch strips 5. 1/2 pound packaged frozen American cheese, shredded 6. 1/2 cup milk 7. 1/4 teaspoon salt 8. 1/4 teaspoon dry mustard 9. 1/4 teaspoon pepper

Brown frozen french fries and onion in butter or margarine. Arrange frozen french fries, Canadian bacon and cheese in layers in shallow 1 1/2-quart casserole (11x6x4 inches) using 1/2 of each of the ingredients at a time. Combine eggs, milk, flour, salt, mustard and pepper. Pour into casserole. Bake in moderate oven (375 degrees) until mixture is set, 25 to 30 minutes. Yield: 6 generous servings.

For a fast day casserole we think the following one would be

most acceptable. With it you might serve: canned whole kernel corn Put into baking dish.

Baked Sealed Newburg

1. 1/2 cup medium cream sauce 2. 1/2 cup instant minced onion 3. 1/2 cup instant minced onion 4. 1/2 cup instant minced onion 5. 1/2 cup instant minced onion 6. 1/2 cup instant minced onion 7. 1/2 cup instant minced onion 8. 1/2 cup instant minced onion 9. 1/2 cup instant minced onion 10. 1/2 cup instant minced onion

Smashed pork butt stock makes a delicious and hearty soup. Budget Split Pea Soup 1/2 cup instant minced onion 1/2 cup instant minced onion 1/2 cup instant minced onion 1/2 cup instant minced onion 1/2 cup instant minced onion 1/2 cup instant minced onion 1/2 cup instant minced onion 1/2 cup instant minced onion 1/2 cup instant minced onion 1/2 cup instant minced onion

Spanish Say-So

It was the Spanish who originated the saying that it takes four persons to make a salad; a spend-thrift for oil — good Spanish olive oil, of course, a miser for vinegar, a counselor for salt and a madman to stir it all up.

to be thinned with stock or water; if stock is used extra salt may be needed. Makes about 5 cups—enough for 4 servings.

Creamed Chicken Livers

Serve this dish and you'll believe in the nursery rhyme saying, "they licked the platter clean." Here is what you do: Thaw 1 package (8 ounces) frozen chicken livers as directed on package; cut into small pieces. Cook liver, 1/4 cup chopped onion, and 1/4 cup chopped celery in 2 tablespoons butter until tender. Blend in 1 cup sour cream; heat slowly. Serve over toast. Makes 3 to 4 servings.

Coffee Did The Trick and Won The Election

NEW YORK (UPI) — The National Coffee Association claims the recent national political campaigns rolled along on coffee beans.

In Oregon alone, 3,000 coffee hours were scheduled for one day. The "chain party" idea also was used. The Nixon-Lodge volunteers, for example, invited 12 women to a coffee hour and then each was expected to invite 12 to another party — ad infinitum.

Flavor change: Add dried crushed thyme to the salt and pepper with which you rub a roast of beef before putting it in the oven or on a spit.

Corner Baldwin Ave. and Walton Blvd.

GROUND BEEF PIE SHELLS with vegetable fillings and sauce can mean varied and economical one-dish meals this winter. Tabasco is the essential seasoning in both "shell" and

Bake Apples in Port Wine

Ported Apples make a quick, easy dessert — one that's just a bit different. Peel, core and quarter apples. Dredge them lightly in flour and brown gently in heated butter. Bake slowly in California Port and a little spicy syrup from sweet pickles or chutney. Good warm—or cold.

California Port is a delicious dessert by itself. Enjoy a glass alone, or in company with crisp apples and a bit of sharp cheese.

PORTED APPLES

(Serves 5)

4 apples
1/2 cup butter
1/4 cup spicy syrup from sweet pickles or chutney
1/2 cup California Port

Peel, core and cut apples into quarters. Dredge in flour and cook gently in heated butter until lightly browned. Spoon apples into a baking dish; add remaining ingredients. Bake in a moderately slow oven (225 degrees F.) until tender, basting now and then with pan sauce, about 20 minutes. Serve warm or cold.

Persimmon Pudding Is Different

Old-fashioned dessert.

Persimmon Pudding

2 cups sifted flour
2 tablespoons baking soda
1/2 teaspoon salt
1/2 cup sugar
1/2 cup butter
1/2 cup milk
1/2 cup raisins
1/2 cup walnuts (chopped)

Sift together the flour, soda, salt and spices. Beat butter, sugar and eggs together thoroughly; add sifted ingredients alternately with milk; sherry and persimmon pulp. Fold in raisins and nuts.

Turn into greased and oiled mold (about 1 1/2 quarts). Steam about 3 hours on rack in large kettle of boiling water that comes half way up sides of mold; replace boiling water as needed during steaming.

Serve warm with Sherry Cream: Beat 1 cup heavy cream with a dash of salt, 1 or 2 tablespoons light brown sugar and 1 tablespoon sherry to moderate stiffness. Pudding and sauce makes 8 to 10 portions.

More Choice Beef Found in Market in January

Since ham was a favorite meat last week, it seems natural that beef cuts bid for your attention this week.

Beef marketing has a seasonal pattern which almost always provides the lowest supplies of the year in January and February, but you'll find a larger proportion of choice grade than during some other months of the year. This means you should find plenty of choice grade beef, and steaks of this grade will be lower priced than they will be in summer.

Choice steaks are expected to sell for about the same or a little higher in January than in December. For the first quarter of 1961, cattle marketers out of feed lots are expected to be about the same or only slightly above those of year-ago, reports the Marketing Information Agent, Mrs. Josephine Lawler.

If you choose round steak, you may make it into a jelly Swiss steak, pot roast or sirloin. But have you tried broiling round steak? Choose U.S. choice grade and use only the top of the round for broiling. It will not have the tenderness or texture of T-bone or porterhouse, but the family will enjoy steak flavor and it will cost about twenty cents less per pound.

Most retailers report that wholesale prices of red meats and fowls are up slightly. Some of this is reflected in retail prices, some is not.

Cold weather and snow hampered produce trading at the terminal markets and shipping points throughout the country last week.

Colder weather has also affected size of crop and quality of some vegetables. There is a light cucumber crop as a result of the weather. There are fewer fresh beans and prices are higher. Cold weather has retarded lettuce growth. You may notice the increased number of small heads as a result.

There are increases in volume of other foods. Several areas are now shipping cabbage and price is lower. There are more fresh tomatoes, and as supplies increase prices are slightly lower. Both sweet and white potatoes are in good supply. Cauliflower is more abundant than it has been. Banana imports have been heavy and prices continue low.

MUSHROOMS

Fresh mushrooms of excellent quality add a lot of flavor for little cost. A pint of mushrooms will extend flavor for several meals. If used sparingly, fresh mushrooms will keep 2 or 3 days in a plastic bag or covered container in the refrigerator. To eat them 3 minutes in a small amount of salted water and serve them in the liquid in a bowl or jar in the refrigerator. Cooked mushrooms will keep 2 or 3 weeks.

It may be of interest to check fruit stores for size. It is related in price. Large size fruit carry the smallest numbers and bring

Pork Chops Are Barbecued

Pork chops are a frequent menu item in many families. They often are a good buy and they are easy to prepare. It's no wonder, then, they are a homemaker's standby.

Pork chops can mean variety, too. For instance, a few spiced, catsup, and vinegar will add a delightful barbecue flavor to pork chops. The pungency of this combination makes a deliciously different meal.

The following recipe calls for eight pork chops. Generally, but not always, women will have one chop while men usually will ask for at least two.

Barbecued Pork Chops

- 8 pork chops
- 1 cup catsup
- 1 cup vinegar
- 1/2 cup brown sugar
- 1/2 cup onion juice
- 1/2 cup Worcestershire sauce
- 1/2 cup salt

Brown chops in fat. Combine catsup, vinegar, sugar, celery seed, nutmeg, and bay leaf, and pour over pork chops. Cover and bake in moderate oven, 325 degrees F., 1 1/2 hours. Yield: 4 to 8 servings.

Frosty Cranberries Treat to See and Eat

Here's another specialty to ring in the new year. Frosty cranberries make a most delicious snack. Each shiny red berry looks frosty with snow. They'll be favorites any time of the day—a beautiful treat to be served as a confection atop cakes and cookies or as a nibbler. Store them in gay apothecary jars.

Frosty Cranberries
1 egg white
1/2 cup sugar
1/2 cup fresh cranberries
1 cup granulated sugar

Lightly beat egg white and water together until just blended. Dip cranberries in mixture until completely coated. Roll in sugar. Let stand until dry at room temperature. Store in refrigerator.

Jelly Into Pan Then Add Cake

"Jelly Almond Cake" is pretty, delicious, and it's simple and easy to make. What more could a busy homemaker ask? This is a butter cake, but with a difference. It has its own built-in frosting: Jelly stirred up with a little butter in the baking pan. Arrange crispy unblanched almonds over this mixture, then carefully pour in the cake batter.

Almonds add a festive note to the simplest salads and puddings. Keep some on hand to turn plain Jane foods into company fare.

Jelly Almond Cake

- 1 tablespoon butter or margarine
- 1 cup almonds, finely
- 1/2 cup sugar
- 1/2 cup shortening
- 1/2 cup milk
- 1 egg
- 1/2 cup sifted cake flour
- 1/2 teaspoon salt
- 1/2 teaspoon baking powder

Soft Custard Still A Favorite Dessert
NEW YORK (UPI) — Vanilla custard soft custard is a delicious and simple dessert.
Mix 1/4 cup of sugar with 1/4 teaspoon of salt in a saucepan or top of a double boiler. Blend in 3 slightly beaten eggs. Stir in 1/2 cup of cold milk. Heat 1 1/2 cups of milk and add to the cold mixture. Cook over low heat or hot water until the custard coats a metal spoon, stirring constantly. Remove from heat.

Add 1 teaspoon of vanilla extract and 1/4 cup of shredded moist coconut. Cool. Serve in sherbet glasses, topped with whipped cream. Yields about 2 1/2 cups.

Salad From a Can

Marinated vegetables take their place as a salad course, replacing the tossed salad that appears all too frequently on some tables. To prepare green beans, asparagus, or other vegetables, drain the liquid from the can, add French dressing to cover, and let vegetables marinate in the can for 2 hours. Drain, serve chilled on lettuce.

Why Use Gelatin?

Ever wonder what purpose unflavored gelatin serves in chiffon cakes and Bavarian creams? It causes air beaten into the mixture, which creates a texture that is fluffy yet has body.

SALMON CASINO — This good casserole dish is as close as your shelf of canned goods. Lemon juice helps bring out the flavor of canned salmon in the baked mixture and flavors the butter.

Double Tang of Lemon in Salmon Dish, Sauce

No catching... no cleaning... here's a dish to make fish a favorite at your house. It's easy to make with nutritious canned salmon teamed up with its true partner... fresh lemon.

Baked in individual casseroles or baking dishes, it takes only minutes to put together. Fresh California lemon juice brings out the natural flavor of the fish and adds a zippy tang to hot Lemon-Butter Sauce spiked with herbs and anchovy paste.

Try this special salmon-lemon timmer on family and friends.

Salmon Casserole
 1 cup dry bread crumbs
 1 egg
 1/2 cup milk
 1/2 cup butter
 1/2 cup lemon juice
 1/2 cup anchovy paste
 1/2 cup parsley
 2 tablespoons finely chopped onion
 2 tablespoons melted butter

Combine all ingredients and spoon into buttered individual casseroles. Bake in moderate oven (350) about 40 minutes. Serve with Lemon-Butter Sauce.

Lemon-Butter Sauce
 1/2 cup butter
 2 tablespoons minced parsley
 1/2 cup lemon juice
 1/2 cup anchovy paste
 1/2 cup parsley
 1/2 cup melted butter

Melt butter in small skillet; saute parsley and scallions 2 minutes. Blend in anchovy paste.

Smooth Crab Bisque Mixes Canned Food

"Olive Crab Bisque" is elegant enough for any party, hearty enough to make a meal. Simple, too. You just combine a can each of tomato soup, pea soup, cornstarch and crab. Add flavorful ripe olives for texture and color contrast, and seasonings. Evaporated milk makes bisque creamy and rich. Toss a salad, toast some French or Vienna bread and you're ready to eat!

Olive Crab Bisque

1 cup ripe olives
 1/2 cup butter
 1/2 cup tomato soup
 1/2 cup pea soup
 1/2 cup cornstarch
 1/2 cup evaporated milk
 1/2 cup crab
 1/2 cup onion
 1/2 cup black pepper to taste

Cut olives in small pieces. Combine all ingredients and heat to boiling. Makes 6 servings.

Kitchen Arithmetic: You can add 1/2 to 1 cup grated cheddar cheese to a medium white sauce.

PORK DIABLO — Pork tenderloins are not expensive to serve when you consider that there is no waste. They make such a luxurious dish

that you will enjoy serving them for company. This recipe calls for an herb-flavored sauce.

Tenderloin Simmers in Tomato Herb Sauce

Saturday night super parties are comfortable get-togethers for a winter's eve. The host's not fancy but good and hearty. Served family style, the menu is planned so the hostess doesn't spend all her time "waiting table." Supper is followed by cards, conversation or a sing around the piano.

For such a supper Pork Tenderloin Diablo is a meaty dish with a man-pleasing flavor. The sauce is a tantalizing combination of tomatoes, onion, peppers and herbs. It is a good idea to have the recipe handy for the woman to copy down and take home.

This time of year pork is plentiful supply and cheap full of good nutrition besides. In addition to supplying valuable complete meat protein, this family favorite provides an abundant source of the B vitamins. This, today's pork is lean and meaty and compares in calorie count with other lean or trimmed cuts of meat. Its delicate flavor goes well with a sauce and garnishes.

Pork should always be cooked to the well done stage. The degree of doneness is determined by using a meat thermometer for larger cuts such as a roast. The internal temperature of the meat should register 185 degrees. For chops or individual servings of tenderloin a small slit cut in the thickest part of the meat will reveal whether pinkness has disappeared. If there is still a trace of pink, a few minutes additional cooking time is necessary.

Grapefruit Boon to All Dieters

Let's face it! 1961 with slender vigor. Being fat is needless with such a variety of good food to choose from. Variety is the key word, remember, to balanced nutrition. And balanced nutrition, base of slender vigor. So now to fresh grapefruit—low in calories, high in vitamin C, the gourmet's choice.

Plant scientists have developed many new varieties and several seedless types from which to choose. The range of flavors is wide. The trend is toward the seedless.

Grapefruit and Seafood Salad
 2 large fresh grapefruit
 1/2 cup raisins
 1/2 cup shrimp, cooked shrimp, or meat

Peel grapefruit. Separate into sections and remove seeds and membrane. Drain off juice and add 2 tablespoons mayonnaise. Arrange chilled shrimp, crab meat, or lobster in lettuce cups with grapefruit sections. Top with as much mayonnaise as desired. Garnish with fresh parsley. Serves 6.

Fresh Grapefruit Jelly
 2 envelopes unflavored gelatin
 2 cups fresh grapefruit juice
 1 cup hot water
 1/2 cup sugar
 1 cup fresh lemon juice
 1 cup fresh grapefruit sections

Soften gelatin in fresh grapefruit juice. Add hot water and stir until gelatin is dissolved. Blend in salt, sugar and fresh lemon juice. Chill until about as thick as fresh egg whites. Fold in fresh grapefruit sections. Chill until ready to serve. Serve in sherbet glasses for dessert. Garnish with needed fresh grapes in season. Serves 8.

Top Glazed Canned Ham With Chopped Walnuts

Crunchy California walnuts make a wonderful topping on canned hickory smoked ham. Follow baking directions on can for the ham. During the last half hour of baking make your favorite topping such as honey glaze, or the crushed pineapple glaze combining equal amounts of brown sugar, crushed pineapple and chopped walnuts plus a hint of dry mustard to taste. Spread this mixture over the ham. Or for a place of cranberry jelly mixed with chopped walnuts. It's delicious.

Pork Tenderloin Diablo
 1 pork tenderloin (about 1 pound)
 1/2 cup butter
 1/2 cup tomato sauce
 1/2 cup onion
 1/2 cup parsley
 1/2 cup black pepper to taste

Blend together tomato sauce, garlic, onion, basil and sugar. Pour sauce over tenderloin. Cover and cook slowly about 1 hour. During last 1/2 hour of cooking, add mushrooms, green pepper and onion.

Remove meat from skillet. Serve sauce over tenderloin patties.

Frozen Melon Tastes Good With Oranges

Looks pretty and tastes good!

Winter Melon Cups
 2 large seedless oranges
 1/2 cup frozen melon balls
 1/2 cup raisins and honeydew packed in juice

Cut oranges in half, crosswise. If necessary to make halves stand straight cut thin slices from bottoms. With a grapefruit knife cut out orange pulp from each orange half in one piece, dice orange, removing core.

With kitchen scissors make a series of notches in several places in edge of orange shells; keep notches shallow. Return diced orange to shells; cover and refrigerate.

Just before serving have melon thawed but still frosty and top with melon, alternating the can-taloupe and honeydew colors. Makes 6 servings.

Report Receipts at Deeds Office

December Figure About Same as 1959 Total, Murphy Indicates

There were 11,883 papers, worth \$17,382 in receipts, recorded last month in the Oakland County Register of Deeds office.

This compares with 12,284 papers and \$17,997 in receipts received in the office in December 1959.

Samuel T. Murphy Jr., county clerk and register, said there were also six new plate recorded during last month.

The monthly breakdown released by Murphy showed the following papers handled:

1959 Deeds \$ 3,822.00
1960 Mortgages 3,454.75
1961 Mortgages 3,454.75
1961 Phonos 376.45
1961 Total \$11,097.95

1960 Chattel Mortgages \$8,984.00
1961 Bill of Sale 13.75
1961 Notice 13.75
1961 Total \$8,011.50

Clawson's Renee Stanton Poster Girl

A young Clawson girl with an infectious grin has been selected Oakland County March of Dimes Poster Girl for 1961.

She is 7-year-old Renee Stanton, daughter of Mr. and Mrs. Leo Stanton of 101 Lincoln St., Clawson.

Renee, whose right leg has been paralyzed since 1954, is undergoing treatment which doctors hope will aid in restoring the leg to usefulness.

Announcement of Renee's selection to appear on March of Dimes posters throughout the county between now and Jan. 31, was made by Berkeley Mayor George W. Kuhn, chairman of the polo fund drive in Oakland County.

NIXON RELAXED AND HAPPY — Vice President Nixon gives a warm greeting to two new members of the Senate, Jack Miller (R-Iowa), left, and Caleb Boggs (R-Ind.), at the Capitol Wednesday before the day's session. These next few days are his last stop lap of service in the nation's second highest office. He was smiling and looked fit as a fiddle.

Innocent Bystander

The only person injured at a traf-Massey, who dashed out to investigate accident outside the Anadarko gate, slipped on ice and struck his head on a fence.

ANADARKO, Okla. (UPI) — police station was policeman Troy head on the sidewalk.

Asks Big Jump in Officer Lists

Defense Dept. Panel Wants More Colonels, Lieutenant Colonels

WASHINGTON (UPI) — A Defense Department committee today called for a big increase in the number of colonels and lieutenant colonels—especially in the Air Force—to balance off promotion opportunities in the armed services.

During the next five years, the committee's report said, the number of Air Force colonels should be boosted from 5,048 to 6,660 and lieutenant colonels from 10,129 to 14,555.

All together, the committee proposed 2,385 new berths in the statutory rank of colonel, which includes Navy captains and 5,565 additional places in the rank of lieutenant colonel, which includes Navy commanders.

Submitted by a group headed by retired Army Gen. Charles L. Bolte, the recommendations were expected to run into controversy. The military services must sub-

mit by March 15 comments that may be ailing. The proposals then would have to be put before Congress as amendments to the 1947 officer personnel.

The committee was appointed last summer by Defense Secretary Thomas S. Gates Jr. to "illuminate interservice disparities harmful to morale in officer ranks."

The reason for much bigger proposed increases in the Air Force is that this service has more officers in lower ranks ready for promotion.

To Unroll Twine, Live Where String Runs Out?

NORCOMIS, Ill. (U) — Jim Toetti, a Post Office employee, started saving twine four years ago and estimates he now has about seven miles wrapped in a ball weighing more than 53 pounds.

Toetti says he is often asked what he plans to do with the string. "I usually say that when I retire I'm going to start unrolling it at the Post Office and live at the place where the string runs out."

15 MILLION DOLLARS WORTH OF CONFIDENCE

This is the amount of money that The Shell Oil Company will invest in newspaper advertising during 1961. It is truly a symbol of the confidence this industrial giant has in the ability of newspapers to stimulate the buying public. This is one of the largest campaigns ever run in newspapers for a single product name. The \$15 million is almost the entire advertising appropriation of Shell Oil for 1961. It is an investment that will pay big dividends

The Pontiac Press is proud to have been selected as one of the newspapers that will participate with Shell Oil in this sales effort. The potential impact of this campaign shows the careful thought that went into the selection of newspapers as a marketing partner. Your daily newspaper has the power to move goods . . . sales for today and growth for tomorrow. Make sure you are making the best use of your own daily newspaper . . .

The Pontiac Press

Search is On for Exchange Student

MARY CAROLYN SHAW

Mary Shaw Betrothed to Eugene A. Moore

At a party at Briarstone Farm, Mr. and Mrs. Brewster H. Shaw of Cass City announced the engagement of their daughter Mary Carolyn to 2nd Lt. Eugene A. Moore, son of Judge and Mrs. Arthur E. Moore of Pontiac and Royal Oak.

Cranbrook and is a senior at the University of Michigan. Her fiancé, an alumnus of Cranbrook School and the U. of M. law school, is affiliated with Sigma Nu and Phi Delta Phi.

He is stationed at Fort Benning, Indiana, for six months' active duty. June vows are planned.

The bride-elect was graduated from Kingwood School

By REBA HEINTZELMAN

A search began this week for the Waterford Township High School student who will be sent abroad next summer.

The exchange student program is sponsored by the Waterford Branch of the Woman's National Farm and Garden Association, under the auspices of the Michigan Council of Churches.

A committee composed of teachers and another group of student council members will determine selection of the student.

Citizenship qualities — the way the student gets along with his teachers, with his fellow students, his participation in extra-curricular activities, his reliability, adaptability, manners and personality will be included in a point system used in judging.

Only junior class students will be eligible and those interested will be asked to fill out applications.

Funds for the project were raised by sale of Christmas trees and Colorado blue spruce grown as a hobby by Clifford Bentley's daughter Esther

was an exchange student in

1958 and was the only WTIS student ever to be sent abroad from the Waterford Township.

Bentley felt that his daughter had benefited so much from her European experiences that he wanted to see the program continued and offered sale of his trees as a means of financing the program.

The Garden Club handled the sales and together with Bentley sold 120 trees. The proceeds topped the amount required by the Council of Churches to bring a student here from Europe for a full year, and to send one of our students abroad for the summer months.

Heidi Vagabond of Germany is the exchange student from abroad now attending WTIS, and is making her home with the Bentleys.

Processing of applications for next summer's trip will probably take a month and the student will be named at the end of January or early February.

All of his or her expenses will be paid. However, the Council of Churches recommends that the student have \$100 spending money.

Pontiac Press Photo

The search is on at Waterford Township High School, for an outstanding student who will spend the summer months as an exchange student in Europe. Cosponsors, the Waterford Garden Club, and the Michigan Council of Churches, have appointed

Howard Bennetts (right) of Hadrill Court, and Mrs. Harold Callahan of Airport Road (seated), to direct the search. Clifford Bentley of North Hospital Road made it all possible by donating 120 trees for funds for the student expenses.

Marries Robert McCurdy

Martha Jean Fry Wed

At a nuptial high Mass Saturday in St. Vincent de Paul Church, Martha Jean Fry exchanged vows with Robert J. McCurdy before the Rev. Thomas Marcero.

Daughter of Mr. and Mrs. Carl O. Fry of Oakland Avenue, the bride appeared in a white satin ballerina-length gown with jacket of Chantilly

lace. Rhinestones accented the neckline of the Empire bodice. Pearl-encrusted blossoms formed a crown and were scattered on the fingertip veil of French silk illusion. Red roses centered the bridal cascade of white carnations.

Mary Catherine Donohue, wearing royal blue nylon sheer with matching shoes and a whimsical hat, attended the bride as maid of honor. A streamer fell from the back

neckline to the hemline of her bouffant skirt. She held a cascade of white carnations. The bridegroom, son of the James McCurdys of Hancock, had Roy Bolstead for his best man.

After an afternoon reception at the home of the newlyweds on South Marshall Street, the bride changed to a black sheer wool sheath dress for traveling. White angora accented the bateau neckline.

For her daughter's wedding, Mrs. Fry chose pink lace over tulle with matching jacket. The mother of the bridegroom appeared in an orchid suit of sheer wool.

Plans Card Party

The Zonta Club of Pontiac made plans for a card party to be held at the American Legion Hall on Feb. 9 when members met for lunch at noon today at the Waldron Hotel.

MRS. ROBERT J. MCCURDY

In Julius Caesar

Players Here Jan. 13

The Julius Caesar Company of the Canadian Players, who will be in Pontiac Jan. 13 under the auspices of Pontiac-Oakland Town Hall, returned briefly to Toronto last week for a delayed Christmas holiday. Their tour of the Eastern United States has been one of the most successful in Canadian Players' history.

Douglas Campbell, founder of the company, returned this year to direct a simple and straightforward production of the great Shakespearean classic.

With a cast of only 11, Julius Caesar has caught the fancy of its audiences everywhere, critics say. Stripped of heavy costuming and great crowds, the play can be seen in all its strength and its

frightening modern day parallel of power politics is very evident in the Campbell-directed version.

Highlight of the fall tour of the company has been the diplomatic reception given the group in Washington, D.C., where they played at the Library of Congress Theater.

Mr. Campbell, after producing the play and staying with it through its first few days, has gone to England where he will appear at the Old Vic, to return next summer to Stratford, Ont., in the role of Henry VIII.

Seats are still available for the one-night appearance of the players at Pontiac Northern High School. Mrs. J. A. Rammes is handling reservations which are open to all area people.

Women's Section

Put the Inspector to Work

Let SOS Replace Your Sob

By ABIGAIL VAN BUREN

DEAR ABBY: I am petrified of my mother-in-law. My husband says she likes me fine, but she is not the demonstrative type. She is always saying nice things about her own daughter, but when it comes to me, a compliment sticks in her throat.

I shake like a leaf when I see her coming, because her visits are like "inspection tours." She doesn't criticize me but I can tell the way she looks around that she is disgusted. Although I try hard, I am not a very good housekeeper, but with two babies 13 months apart and no help, it's not easy.

How can I get over this awful feeling of inferiority where she is concerned? I feel equal to everyone else but her.

SAD DAUGHTER-IN-LAW

DEAR DAUGHTER-IN-LAW: Do your best and quit worrying about what your mother-in-law may or may not be thinking. If you are caught with the kids unmade dishes in the sink and a pile of clothes to be ironed—and you catch her "looking disgusted," ask her to give you a hand. Most mothers-in-law are eager to get along with and least critical when they are invited to pitch in.

DEAR ABBY: My husband is 5 feet 6 and weighs 230 pounds. He keeps telling me he will go on a diet "when he is ready." He has high blood pressure, diabetes and a heart murmur.

He slipped and fractured his ankle in four places and the doctor told him it wouldn't heal unless he lost some weight. He is still having three cooked beef sandwiches and four bottles of beer for lunch every day. Don't you think it is time he was "ready" and how do I convince him?

ZELDA

DEAR ZELDA: First, try love and kindness. If that doesn't work, ask him to buy the book, "How to Prepare Your Wife to Be a Widow." It works every time.

DEAR ABBY: Just because my mother had a miserable childhood she is making sure I have a worse one. She won't let me go in cars with boys. She won't buy the kind of clothes I want. She won't let me sleep at my girl friend's house. She won't let me use eye make-up or wear my hair the way I want to.

All my friends have these privileges. I was almost 13 years old and my being treated like I was 4. Do you think she is being fair?

DEAR TREATED: Every child has to abide by the rules of his (or her) house. Your mother is trying to give you a BETTER childhood than she had and until you are mar-

ture enough to appreciate it, you are not old enough for any of the privileges you demand.

CONFIDENTIAL TO SICK AT HEART: Beg, plead, threaten or bribe, but get your husband to a doctor before the law steps in.

Club Hears Program on Orient

Pontiac Woman's Club's Department of International Relations presented Wednesday's program in the Adah Shelly Library.

Guest speaker Mrs. H. N. Stoutenberg, her husband and family, lived two years in Viet Nam under a program planned by Michigan State University. Dressed in native attire, Mrs. Stoutenberg showed slides of her stay in the Orient.

After introduction of guests Jessie Gamble and Laura Hunter, thoughts for 1961 from the book "Springs in the Valley," by Mrs. Charles E. Cowman, were read by Mrs. Bernice Slaybaugh.

Mrs. Joseph Phillips reported that the group has collected several books for its bookmobile.

Hostesses were Mrs. Slaybaugh and Mrs. Lulu Luby. Mrs. Harry Vivron presided at the tea table.

Club Works on Motions, Sets Date

Parliamentary Study Club met Wednesday afternoon at the Masonic Temple on East Lawrence Street with Mrs. Harley Banwell as leader.

The following subjects were presented for study and discussion: Incidental motions, withdrawal of motions, division of question, laying and taking from table and definite postponement.

Mrs. C. W. Crawley, sponsor, coached the demonstration group in presenting the various motions and conducting a model annual meeting during which practicing officers were elected.

The next meeting will be Jan. 18 in Masonic Temple.

'Mothers' Hear About Holiday Philanthropies

Reports on holiday philanthropic projects were heard by Chapter 34, Gold Star Mothers, Inc., Wednesday evening at Bemis-Olsen Amvets Post on Oakland Avenue.

Members remembered the veterans at the Oakland County Tuberculosis Sanatorium and 75 Pontiac State Hospital veterans at Christmas. Mrs. Cecil Briggs, president, delivered groceries and a Christmas dinner, donated by members, to a veteran's widow and two children.

Mrs. Carl Rutherford and Mrs. Eva Welch were hostesses. Mrs. Genevieve Gosh was a guest at the meeting.

A cooperative dinner and cancer pad sewing session is slated Jan. 24 at the home of Mrs. Leone Hingberg.

Mr. and Mrs. David A. St. Dennis of Boston Street announce the engagement of their daughter Joan Annette to Russell L. Pearce, son of Mrs. Iva Pearce of Vinewood Avenue and Howard Pearce of Huron Street.

The engagement of Claudia M. Kelly, daughter of Mrs. C. W. Ellis of Waterford and the late William A. Kelly, to James M. Ewer, son of the James A. Ewers of Waterford Township is announced.

The Filon J. Simpsons of Orchard Lake announce the engagement of their daughter Linda Marie to John W. Copeland, son of the Louis K. Copelands, also of Orchard Lake. No wedding date has been set.

October vows are planned by Jacqueline Jane Roberson, daughter of the Jack A. Robersons of Waterford Township and Lawrence D. Brooks, son of Mr. and Mrs. Howard Brooks of Lochaven Road.

Little Brother a Pain in the Neck

Mom Big Winner in Home Popularity Vote

By EUGENE GILBERT
President, Gilbert Youth
Research Co.

Dad may be the breadwinner, but Mom by far is the popularity contest winner in the home. This is the glaring conclusion of a survey of 1,036 young people in 17 cities.

They asked who was their favorite and least favorite relative, and what did they like or dislike about them. Nearly half had no opinion either way.

Only 3 per cent of the students picked their fathers as their favorites. 54 per cent named their mothers.

Strangely, of the few who named dad more than boys, Mom, on the other hand, was the equal favorite of both sons and daughters. As to the relative he liked least, Mom and Dad enjoyed small totals of 3 per cent each among the whole group, but the division of boys and girls was curious.

Four per cent of the boys and 2 per cent of the girls liked their mothers least; 1 per cent of the girls and 2 per cent of the boys liked their fathers least.

SOME DADS LUCKY
Judi Kramer, 18, of Flushing, N.Y., had a good reason for dad being her favorite. She cited "his intelligence, humor and personality." Some of the reasons for disliking dad were transient. "He won't

let me have piggyback," moaned a 14-year-old boy in LaCrosse, Wis. And a 15-year-old girl in Vineland, N.J., complained their dad "won't allow me to see boys."

Some of the youths (44 per cent) named both their mother and father as favorites. "They have given me my whole life," said Ginger Nelson, 17, of Greenville, N.C.

Loyalty was a big reason for parental popularity. As 14-year-old Lucille Castagna of Bayonne, N.J., wrote, "I never have to be afraid to tell my mother anything."

On the other side of the coin,

a Pomona, Calif., girl said her mother was her least favorite relative because "she doesn't understand my problems. She won't try."

Younger brothers, inevitably, came out short in popularity about the house.

BIG BROTHER POPULAR
Only one per cent of the total picked Junior as their favorite relative, and 10 per cent of the boys and 6 per cent of the girls said they liked him least.

"One big pain in the neck," wrote an 18-year-old youth from Mt. Vernon, N.Y.

Younger sisters scored as favorites among 4 per cent of the boys and 3 per cent of the girls, and as "least favorites" among 3 per cent of the boys and 4 per cent of the girls.

Right behind mom and dad, older brothers were regarded as favorites. Nine per cent of the girls and 4 per cent of the boys picked big brother as their favorite.

The least liked relative of all was a cousin (13 per cent), and the least disliked came out a tie between big sister and grandma, each offending only one per cent

of the total. Big brother and grandma were close behind with 2 per cent each.

Grandfather, said a Cresskill, N.J., "never asks questions—he just quietly understands."

Aunt didn't fare too well in the survey. None of the boys and only 2 per cent of the girls picked an aunt as their favorite and 12 per cent of the boys and 7 per cent of the girls considered an aunt as their least favorite.

"They talk too much," was the blanket appraisal of a 14-year-old boy from La Crosse, Wis.

Enrollment Night Is Observed

Twenty-one members of Women of the Moose observed their enrollment Monday evening at Moose Hall.

Mrs. Vern Taylor, senior regent, introduced Mrs. Clarence Cavalier, chairman pro tem in the absence of regular chairman Mrs. Earl Thurston.

After humorous readings by Mrs. Henry Pressnell, program chairman, Mrs. Sue Fages was enrolled by the House Chapter No. 6 in ceremonies honoring Mrs. George Harshbarger.

Mrs. Fages was presented a membership pin by her sponsor, Mrs. William Vandruska.

Women of the Moose and the Loyal Order of Moose jointly distributed 13 grocery baskets and a gift to needy Moose members during the holidays.

The group will charter a bus to Port Huron Jan. 29 for a mid-winter conference.

The next meeting will be at 7:30 p.m. Jan. 16.

Garden Unit Gets Thank-You Notes

Mrs. Arthur Dodge, education chairman for Lake Angelus Branch of the Woman's National Farm and Garden Association, read letters of thanks from Michigan State University Oakland for the group's contributions toward a student scholarship at a meeting Tuesday.

Gathering in the MSU student center, the group heard Chancellor D. B. Warner relate the physical and educational growth of the university.

Daughter Engaged to Donald Fermyole

Mr. and Mrs. Arthur M. Brookshire of Highland Park announce the engagement of their daughter, Betty Jean to former Pontiac resident Donald R. Fermyole.

The couple plans a summer wedding.

The prospective bridegroom, a reporter for The Pontiac Press, was affiliated with Delta Psi Kappa fraternity while attending the University of Detroit.

Plan Card Party

Veterans of Foreign Wars, Auxiliary 1008, members planned a Jan. 16 card party at a meeting Monday, Mrs. Charles Whitlock and Mrs. Lucie Wright are chairmen for the affair in the auxiliary's post room.

An all-day sewing meeting is scheduled Jan. 21 at the home of Mrs. Joe Stovall.

Local WCTU Unit Takes Up Business

Mrs. Roy Foubender of Cottage Street opened her home to the Pontiac Unit of the Women's Christian Temperance Union for a business meeting and tea Tuesday afternoon.

Mrs. Eldon Sweazy gave devotions and Mrs. George Siles and Mrs. Sweazy sang a duet.

An exchange of gifts followed. The next get-together will be at First Presbyterian Church.

Speaker's Club Hears Talks

The new Speaker's Club sponsored by the Parks & Recreation met for the regular meeting Tuesday evening at Hawthorne School.

Mrs. John Eddy spoke on "Education" and Allen Hinz chose for his subject "The 50th State." Following the table topic, "My Country," members discussed bylaws for the club which was organized in November.

Welcomed into the group were Mrs. Rudy LoPatto, Mrs. Gilbert Schuler, Mrs. Delyle Wilson and Donald Bricker.

The next meeting will be held on Feb. 7 at the Hawthorne School.

Mothers Meet at DAV Home

Gold Star Mothers Inc., Chapter 9 held their regular meeting at the Disabled American Veterans' Home on Auburn Avenue Tuesday afternoon.

Mrs. Mae Archambeau of Rosedale, Sylvan Lake will entertain the group for luncheon on Jan. 11. Assistant hostess will be Mrs. Earl Foubender.

Mrs. Blum Olson of Hemo Street has invited the chapter to her home for a business session and luncheon on Feb. 7. Cohostess will be Mrs. W. C. Pike.

To Distract Worshiper Is Bad

By The Emily Post Institute

Question: I have a pet peeve which I hope you will write about in your column and bring to the attention of the offenders. It seems every Sunday after the service has begun, some women will parade up the aisle to a front pew with their heels click clicking all the way. This is very distracting and usually causes people to turn around and look.

It seems to me that late arrivals should have some sense enough to find a seat in the back of the church or at least walk quietly. Isn't this bad manners?

Answer: It is always bad manners, and especially in a place of worship, to needlessly disturb others and attract their attention. Those arriving late at church should most certainly be seated as quickly and quietly as possible.

Question: My husband and I had dinner last evening at a friend's house. I noticed that the fork at my place was not washed too well and there were particles of food still on it. I asked the hostess if I might have another fork.

She said of course and promptly got me another one. Later my husband said that I was very rude to have asked for another fork and that I had embarrassed our hostess by doing so.

What you please tell me if I was wrong?

Answer: Yes, I'm sorry to say you were. You might have let your fork fall to the floor and then, if your hostess did not offer you another one, you would have had an excuse to wipe it clean with your napkin in your lap out of sight, under the table's edge.

Question: Does the widowed mother of the bridegroom sit alone in the front pew? If not, who would be the proper one to sit with her?

Answer: Any relative she wishes, or even a close friend may properly be asked to sit beside her.

The Emily Post Institute is real. It cannot answer personal mail.

A subminiature hearing aid translator, no larger than a grain of rice, has been developed that amplifies sound 10,000 times.

Walk About in the Morning

Don't Exercise at Once

By JOSEPHINE LOWMAN

When you first awaken in the morning, do not jump out of bed and do your exercises. If this is the best time of day for you to exercise, walk about the room for a few minutes and then do exercises before going on to more strenuous ones. Otherwise, you place a great strain on your heart. Before getting out of bed stretch and twist. When you get up walk about the room slowly at first and then work up to faster turns about the room. Then walk in place, lifting the knees up high in front of you.

Raise your arms up and down slowly. Lower your head back and then bring it forward to your chest. Place one hand on the wall and lift the "outside" leg up and down.

Now you can go ahead with your regular exercise routine. However, always start with the easiest ones. Many exercises are quite easy when only one leg is used. For instance, lie on your back with your arms resting on the floor overhead and your legs straight. Bend the right knee up close to the abdomen. Straighten the leg toward the ceiling. Lower slowly.

Do the same thing with the left leg. Alternate right and left. Now do this exercise briskly. It is still an easy one.

Try the same exercise, bending both knees up to the abdomen simultaneously, and slowly lowering the legs to the floor.

Often when an exercise is too

difficult for you, it is wise to use only one leg until your muscles become stronger.

At the end of your exercise period you should taper off from strenuous exercises to milder ones and end the period by walking about the room at a moderate rate. This protects your heart from strain.

If you would like to have my eaflet "Six Introductory Exercises," send a stamped, self-addressed envelope with your request for leaflet No. 25. Address Josephine Lowman in care of The Pontiac Press.

Missionary Talks of Evangelism to Church Women

Elsie Weber, missionary returning from Nigeria, Africa, spoke of evangelism in the mission field at a meeting of the Augustana Lutheran Church Women of St. John's Lutheran Church Tuesday.

The speaker showed slides of the natives' homes, dress and Christian-education system.

After devotions by Mrs. Carl Nelson, hostesses Mrs. Clarence Carlson, Mrs. Wayne Santala, Mrs. Clarence Vidlund and Mrs. Joel England served dessert.

Mrs. Richard Avery was a guest at the meeting.

As a service project, the group is collecting articles for use by missionaries in Africa.

Heirloom Enhances Wedding

Pontiac Couple Marries

An heirloom necklace and earrings of tencrump pearls provided the traditional "something old" for Saturday evening vows of Yolanda Irene Hernandez and Ruben Flores.

Municipal Court Judge Maurice E. Finnegan performed the ceremony in the Harrison Street home of the bride's parents Mr. and Mrs. Raymond V. Hernandez.

A Juliet cap of pearls held the bride's fingertip veil of nylon tulle worn with her gown of white satin brocade and tulle. Pale pink rosebuds and white carnations comprised the cascade bouquet.

Maria Gomez, wearing pale-pink silk taffeta, was maid of honor. She held a hand-cascade of pink carnations.

The bridegroom, son of Mrs. Guadalupe Flores of Whitfield Street and the late Mr. Flores, had Frank Ortega for best man.

After a home reception, the couple left on a Northern Michigan honeymoon. The bride wore a navy blue knit dress with white accents. They will live in Pontiac. White carnations accented Mrs. Hernandez' dress of blue taffeta, and the black lace over taffeta for the mother of the bridegroom.

MRS. RUBEN FLORES

Psalms Are Read as Group Gathers

Mrs. Melvin L. Newton of Gateway Drive, assisted by Marion Lehnner, was hostess to Leal Enes Group of First Presbyterian Church Wednesday evening. Mrs. Edward T. Markham led the meeting.

Florence "Chesler" offered devotions "Christ in the Psalms," based on Psalms 110, 118, 72 and 22.

The next meeting will be at the church.

Force Wouldn't Solve Laos Crisis, Is Claim

KANSAS CITY, Mo. (AP)—The crisis in Laos is a domestic quarrel aggravated by extreme leftist and intervention by force wouldn't solve it, an Indian government spokesman says.

S. K. Nehru, commissioner general of economic affairs for India, said Tuesday night in an interview that "much more can be accomplished in a peaceful discussion of the problems involved."

Nehru is a cousin of Prime Minister Jawaharlal Nehru of India.

Mesa Verde National Park cliff dwellings are in Colorado on the Ute Indian Reservation.

Kennedy to Keep Norstad, Is Forecast

WASHINGTON (AP)—President-Elect John F. Kennedy will retain Gen. Lauris Norstad as supreme Allied commander of NATO forces in Europe, officials here predicted today.

Norstad is the fourth to hold the post. His predecessors were President Eisenhower, Gen. Matthew B. Ridgway and Gen. Alfred M. Gruenther. Norstad replaced Gruenther in November 1956.

The top NATO post is traditionally held by an American.

An estimated 40 million boating enthusiasts will spend approximately \$2.5 billion this year on recreational boating.

Eisenhower's State of Union Won't Be in Person

WASHINGTON (AP)—President Eisenhower will not deliver personally his final State of the Union message to Congress on Jan. 12.

The White House also gave dates for two other presidential messages, the budget Jan. 16 and the economic report Jan. 18.

Press secretary James C. Hagerty said Eisenhower is seriously considering a farewell radio and TV talk before he leaves office Jan. 20.

Hagerty said Eisenhower will hold one more news conference before leaving office, but no date has been set.

Says AFL-CIO Fails to Ax All Race Bias

NEW YORK (AP)—Herbert Hill, labor secretary of the National Association for the Advancement of Colored People, says the AFL-CIO has failed to its own initiative "to eliminate racial discrimination practices."

This was one of the declared goals when the AFL and CIO merged five years ago.

Hill made his charge Tuesday in addressing the 52nd annual meeting of the NAACP.

He said the AFL-CIO has repeatedly refused to take action on its own initiative "to eliminate racial discrimination practices."

Key Loop Games for PNH, Ortonville, St. Mikes

PCH Quintet at 'Crossroads'

By BILL CORNWELL
 The Pontiac Central High School basketball team has reached the

crossroads in the Saginaw Valley Conference race and no one knows it better than head coach Art Van Kyrin.

"If we can get past this next road game and then prosper at home for the next three weeks, I think we might be in good enough shape to make another

strong run for the title," Van Kyrin said.

"We're not ready to give up our title just yet," declared the veteran PCH mentor, "at least we'll try to make a real fight of it."

The next road contest to which Van Kyrin referred was Friday night's trip to Bay City where the

Chiefs will collide with Bay City Central, which has yet to taste victory in three starts.

Arthur Hill and Saginaw, currently sharing first place in the Valley standings with 2-0 records, clash in an intricately showdown tomorrow on the Trojan court with the underdog Hillites expected to fall a peg.

The Chiefs can move into a tie for second place by turning back the Wolves and put themselves in good position for three straight league games at home against Flint Northern, Saginaw and Arthur Hill.

Every game is a "must" from now on for the defending Valley kings. The Chiefs have a 1-1 loop mark and they cannot afford to lose another circuit contest if they hope to win their third straight SVO crown and clinch the last five years.

Bay City's Wolves, coached by ex-Walled Lake mentor Bill Ullenbruch, are bound to be a hungry pack following one-sided defeats at the hands of Midland, Flint Central and Saginaw.

PCH would have to be considered a heavy favorite, but the Chiefs cannot regard the Wolfpack too lightly. There's always that time for the Wolves to win their last game and the Chiefs will have to guard against being the unwary victims.

PCH has been improving steadily since its dismal showings against Groesbe Pointe and Arthur Hill and the Chiefs turned in their finest all-around performance Tuesday at Royal Oak where they trimmed Dondero, 54-32, for their fifth triumph in six games.

The greatest boost to Van Kyrin's morale at this time is the resurgence of big Bradell Pritchett, who was all over the floor like a demon against the Oaks as he made his best showing of the campaign after some bad play in the early games.

If Pritchett continues his recent work to aid George Fed in control of the backboard and Andy Roach and Paul Brown keep up their encouraging play, the Chiefs' future could be brighter than anyone anticipated a month ago.

Huskies Home to Southfield Friday Night

North County Hawks Meet Imley City in Big Game

The Pontiac Northern basketball team is planning to keep two straight alive Friday night when the Huskies host Southfield for an Inter-Lakes contest.

This game is one of two on the local scene as county and area prep teams swing back into action after the holidays.

In the other game, Waterford Our Lady of the Lakes finally gets a chance to open its first cage season. The Lakers travel to Emmett Christian to play a contest postponed from early December.

St. Michael travels to Royal Oak St. Mary, St. Frederick is idle Tuesday.

Two other important clashes are slated.

Fernside and Port Huron, both floor. The winner will emerge at the top of the Eastern Michigan League.

Ortonville will play at home against Imley City. The South Central leader will come out of this game.

The one streak PNH will be seeking to extend is the Huskies' perfect mark in league play. Last season, their first in the I.L. the Huskies won all 10 contests. They held a win over Waterford this season and are favored to make Southfield No. 1.

The Blue Jays are at the other end of the win-lose column. They have failed to post a win in seven games this season.

This will be Waterford OLL's third attempt to start its season. The Lakers were supposed to open against Emmett Christian but the game was postponed because the Pontiac school's gym wasn't ready.

Tuesday night Coach Bob Munn's charges were expected to make their debut at home against Royal Oak St. Mary. But the contest was called off at the request of St. Mary officials.

There is one thing certain to come out of this game. One of the teams will own its first victory win.

Although Emmanuel played a limited varsity schedule last season, it did not beat any senior teams. Coach Gerald Spangler's team has failed to win its two starts this season.

Ortonville will have the home court advantage, but Imley City has played four more games. The Spartans were active during the holidays, playing in the Caro tournament. The Black Hawks were idle.

Jim Hutchings has been the key player during Ortonville's drive to first place. He has averaged 20 points a game. Doug Moore has been in double figures each time.

Imley City, a half game behind the Hawks, will counter with three good point-getters in Doug Perkins, Roger Lomeron and Bob Mason. Terry Ignasiak is another player who scores when it counts.

Oak Park, the surprise team in the Oakland B, must win at Avondale. Should Jim McDonald and his teammates hand Oak Park its first loss, there is a chance the Yellow Jackets can gain a tie for the lead—providing Troy upsets Fitzgerald.

Some of the shine has been taken off the Clarkson at Holly contest because the victors have lost their last two Wayne Oakland games. Even so, Holly can expect a tough battle.

Manuel Pardon, a senior driver on the Syracuse University swimming team, comes from Caracas, Venezuela.

You Can Ski 800 Times Without a Fracture

(Some of the safety factors to follow: It was written especially for all skiers by Dr. Robert H. Oden, orthopedic surgeon, who treats most of the ski injuries at Aspen, Colo., each year.)

By **DR. ROBERT H. ODEN**
ASPEN, Colo. (AP) — Skiing, whatever crepe hanging non-skiers tell you, isn't a dangerous sport. Skiing is hard to compare with other amateur action sports. Hunting, boating, swimming, sports car racing and water skiing cause many fatal accidents each year. Skiing inflicts some injuries, but seldom disabling ones. And skiing virtually never kills anyone.

Statistics compiled at Aspen indicate that the average skier here can expect to ski better than 800 days without an accident requiring medical attention. He can

ski 800 days without fracturing a bone.

The average pleasure skier skis less than 25 days each season. So the odds are excellent that you can ski a lifetime without a fracture or other serious injury.

What small risk does exist is immeasurably decreased if you observe common sense safety rules:

Pre-season conditioning is important. Strong, limber muscles delay fatigue. Accidents happen far more frequently to tired skiers. Conditioning should begin six weeks before you ski. Work up to 100 deep knee bends each day, then start one-legged ones.

Of course, you should also wait a lot and get the torso and arms

into shape with other physical work and calisthenics.

Good equipment is essential. Ski boots must fit, especially at the heel. They must give good ankle support and bind the foot solidly to the ski. If your boots feel comfortable, they are probably too loose. Lacing has to be tightened two or three times a day, for boots stretch as they get wet and work.

But too tight lacing cuts off circulation and makes for cold feet and painfully sore arches and shins.

So-called "safety" bindings are misnamed, for they have hazards of their own. They can save you a fracture in a fall, but too loosely adjusted, they can come adrift when you don't want them to, causing an accident. And since the advent of quick-release bindings (the proper terms), ski doctors have had to treat many cuts caused by free, flailing skis.

I favor both toe and heel releases, but they must be properly adjusted. Beginners should have their bindings adjusted by a good ski shop, to the skier's muscle strength, not his weight.

New Year Leaves Good Snow Base for Skiers

Most Michigan ski areas are open and running their slopes today as the new year left a generally good covering of snow on various bases.

PONTIAC AREA SKIING
MT. HOLLY — All facilities operating; foot of artificial base covered by 3 inches of new powder; skiing very good.
GRANDVIEW — Five slopes and tow operation; foot of machine base with 5 inches of new powder; skiing good.
SUMMIT — Front slopes open; foot of base with 1.2 inches new powder; skiing good.
MT. CHRISTIE — Everything in operation; 3 inches of new snow

over 8 inches machine base; skiing good.

GRAMPIAN — All facilities operating; 14-15 inches of base; 2 inches of new powder; skiing excellent.

DRYDEN — One foot of base covered by 23 inches new snow; skiing good.

ALPINE VALLEY—Three inches of new snow over 8-10 inches of base; artificial snow being added; skiing very good.

OSBORN GOLF CLUB, near Gaylord—1 to 2 inches of base with 4 inches of new snow. Skiing excellent.

MIO MOUNTAIN—4-inch base with 2 inches of new snow. Skiing good.

SKYLINE, near Roscommon—2-inch base, 2 inches of new snow. Skiing good.

SHOENAKE MOUNTAIN, Clara County—10 inches of base, 4 inches of powder. Skiing excellent.

OLD SABLE RANCH AND SKI RESORT, near Roscommon—3 inches of powder. Excellent.

GRATIOT WINTER PARK—4-inch packed base with 2 inches of new snow. Skiing good.

MOUNT FREDERICK, near Frederic—10 to 15 inches of base, 4 inches of powder. Skiing excellent.

HOUGHTON LAKE SNOW BOWL—4-inch base with 3 inches new snow. Skiing fair.

STYVAN NOB, near Gaylord—2 to 3 inches of base with 10 inches of new snow. Skiing fair to good.

STERIDAN VALLEY, near Lewiston—2-inch packed base; 2 inches new fluff. Skiing fair.

BLACK MOUNTAIN, Cheboygan County—4-inch base and 4 inches of new snow. Skiing excellent.

SILVER VALLEY, near the Tawassee—4-inch base with 1-inch new snow. Skiing fair.

WING MOUNTAIN, Boyne Falls—24 inches base, 12 inches new snow. Skiing excellent.

BRADY'S HILLS, Lakeview—will open 10 to 15 inches new snow.

BRIAR HILL, Meick—4 inches base, 2 inches fluff, excellent.

CASPERFAE, Cadillac—skiing good to excellent.

CRYSTAL MOUNTAIN, Benish—8 to 14 inches base, 6 inches new snow, excellent.

SECO VALLEY, Kalamazoo—topog-raphy, skiing excellent.

GLACIER HILLS, Belaire—9 inch base, 6 inch fluff, excellent.

COBURN HILLS, Saugatuck—topog-raphy, skiing excellent.

HOLIDAY HILLS, Traverse City—14 inch base, 4 inch powder, excellent.

HICKORY HILLS, Traverse City—4 to 6 inch base, 4 inches powder, excellent.

HILL HILLS, Houghtonville—topog-raphy, skiing excellent.

INDIAN HILLS, Grand Rapids—topog-raphy, skiing excellent.

LAKES VALLEY, Kalkaska—14 inch base, 10 inches new snow, good to excellent.

LAWSONSKI SKI AREA—8 inch base, 3 inches new snow, good.

MANITOWISH SKI AREA—8 inch base, 3 inches new snow, excellent.

MILWAUKEE MOUNTAINS, Lake City—4 inches base, 3 inches new snow, fair to good.

MT. MANICOWA, Manicow—18 inches packed base, 12 inches powder, excellent.

NEWAYGO WINTER PARK—3 inches base, 4 inches powder, skiing very good; topog-raphy, skiing excellent.

NUBS NOB, Harbor Springs—12 to 14 inches packed base, 8 inches powder, excellent.

TRIVERT MOUNTAIN, Boyne Falls—10 to 12 inches packed base, 6 inches new snow, excellent.

WALLOON HILLS, Walloon Lake—10 to 12 inches base, 4 inches new snow, excellent.

WADSWORTH HILLS, Branch—5 to 8 inches base, 2 inches powder, excellent.

Northern Beats Optimists, 4-3, in Last Minute

Bob Armstrong's goal in the final minute of play brought Pontiac Northern a 4-3 victory over the Union Lake-Optimists Wednesday in an American division City Junior Hockey League game at Northside Park.

Mike Kren's goal in the 10th minute of the 3rd period gave Union Lake a 3-3 tie and set the stage for Armstrong's winning counter. John Kendall scored twice to pace the Northern attack.

The Mountain View Rangers remained undefeated in the National loop with a 2-1 drubbing of the Drayton Spudlers. Tom Petrie tallied four goals and Vic Sullivan added a pair for the Rangers. Mike Dunker's counter in the 3rd period kept the Spudlers from being shut out.

B.F. GOODRICH PUTS A GUARANTEE BETWEEN YOU AND ROAD HAZARDS!

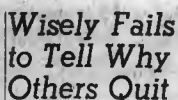

New B.F. Goodrich guarantee gives full allowance for all unused tread on damaged tires—for as long as 3 years on some tires! Here's how the guarantee works: B.F. Goodrich, of course, stands behind the materials and workmanship of all its tires for the entire life of the tread. But there are normal driving hazards on the road that can damage any tire . . . no matter how well it's made. Suddenly, your car runs over a broken bottle, piece of sharp steel or rock. This could mean a cut, a rip or a break in the fabric that could damage your BFG tire beyond repair. Now you don't have to take a loss on that tire. Take it to any B.F. Goodrich dealer with your warranty certificate, issued at time of sale. He'll check the tire's tread wear and apply the value of the remaining tread against the cost of a replacement—at current retail list prices. You pay only for the tread already used. To get all the facts in this nationwide, written guarantee now on all new BFG tires, see your B.F. Goodrich dealer. Depending on the type of tire purchased, the protection of this guarantee lasts from 12 to 36 months.

You can now get B.F. Goodrich quality tires at BFG dealers and stores coast to coast. They start as low as . . . **\$11.95** plus tax and the old tire on your car.

WOMEN OF CASTRO'S MILITIA TAKE OVER — Cuban militia-women, booted, wearing berets and carrying Czech automatic weapons, take up their positions outside the U.S. Embassy in Havana Wednesday as American personnel prepare to leave for home. These women mounted guard around the embassy and over the battered buses in which the embassy staff rode to the evacuation ship that is bringing them home.

to be the only cement holding the revolution together. — Cuban and foreign observers say the 34-year-old prime minister has so alienated his Western Hemisphere neighbors that his revolution has been almost hopelessly ensnared in a Soviet economic net. Castro's condonation of more than a billion dollars worth of North American property was only

one of a series of events multiplying his own problems. It resulted in U.S. retaliation in the form of an embargo on exports to Cuba and an end to U.S. purchases of Cuban sugar. Castro's partisans argue that the revolution still has not had time to achieve orderly functioning in an island long plagued by mismanagement and corruption. But the impression is strong

that the revolution has lost its momentum and is obliged to waste valuable time and effort in explaining and defending itself. An important factor in this appeared to be Castro's alliance with communism, which Cuban in-generals seem to fear instinctively. Along with this came a deepening quarrel with the Roman Catholic

church and a complexity of economic ills, all ingredients in Castro's gathering crisis. In addition, there are signs of discontent in labor ranks and of armed opposition — still unorganized. While Castro's position at the top of the heap still is strong, fear appears to have replaced fervor

in efforts to keep the whole population in line. A huge armed force, far bigger than any maintained by dictatorial predecessors, is equipped with modern weapons. A farflung and efficient organization of police state units tries to make up for growing disenchantment in the ranks of former Castro admirers.

Fidel Leaning on Khrushchev as His Support Slips Away

HAVANA (AP) — Washington's diplomatic break with Fidel Castro's fledgling revolutionary regime etches in red on the map of the Western Hemisphere a Cuba which in two years has been transformed into a Communist outpost in the West. The feeling today among educated Cubans is that the Castro regime's future is in Kremlin hands of raising up the destitute, but it is that its dependence on Moscow has raised the most desperately

poverty-stricken only to the level of the ordinary poor. On the eve of the break with the United States, the consensus of experienced observers in Havana was that Castro had lost perhaps half of the 90 per cent support he claimed two years ago, and that his revolution, supported mostly by fanatic, diehard Fidelistas and Communists, had lost even more. Castro's own personality seems

Cuba Hopes to Be Pals With JFK

We Want U.S. to Scorn Cuba

UNITED NATIONS, N. Y. (AP) — The United States was expected to insist today that the U. N. Security Council drop — without formal action — Fidel Castro's charge that the U. S. government plans to invade Cuba.

MESSAGE FOR GARCIA — Felix Garcia (horizontal) doesn't like Fidel Castro. The New York policeman (vertical) didn't care for the way Garcia and some of his pals expressed their opinions outside the U. N. building Wednesday. Hecklers for and against Castro exchanged sentiments by tossing eggs, tomatoes and chunks of ice at one another on the U. N. plaza.

this afternoon on the Cuban charge, which the United States Wednesday called false and ridiculous.

The U. S. position dimmed chances for council approval of a resolution submitted by Chile and Ecuador calling on the United States and Cuba to settle their differences by peaceful means.

Cuban Foreign Minister Raul Roa also told the council his government is opposed to any negotiations with the Eisenhower administration.

U. S. officials said their government felt the council would be giving too much importance to the Cuban charges by adopting a resolution—no matter how mild and conciliatory.

High diplomatic officials expect new moves next month aimed at putting pressure on Castro.

Two of the leading members of the 21-nation organization of American States—the United States and Brazil—will have new presidents in office by the end of this month.

The United States is expected to favor: (1) a concerted, short-term effort such as a cooperative patrol against arms shipments from Cuba to other Latin-American countries; (2) a joint tracking of Castro agents; and (3) economic restrictions aimed at Cuba.

The U. S. decision to break diplomatic relations with Havana was not expected to set off any quick chain reaction in other Latin-American capitals.

But those who favored the break are optimistic that the eventual result will be a more widespread withdrawal by other Latin-Americans of their envoys to Havana.

Panama called home Wednesday its ambassador to Cuba "for consultation," giving rise to speculation that the Central American country may break with Castro.

New Year's First Baby Snowed Under With Gifts

To 5-day-old David Wayne Morris and his parents, Mr. and Mrs. Ray Morris, 2864 Hartline St., Avon Township, go the wealth of prizes Pontiac merchants promised to the first Pontiac area baby of the year.

BFm at 4:41 a.m. New Year's Day, David and his mother appeared together in a picture on the front page of Monday's Pontiac Press.

Headline for entries in the contest was noon yesterday.

To David—who has a brother and two sisters—and to his mother and father, a Pontiac Motor Division employee, go these prizes:

Arthur's Women's Apparel—baby bathing; Atlas Super Market—case of baby food; Kuhn Auto Wash—five auto washes; Merle Norman Studio—cosmetic kit; Phelps Electric—alarm clock; Pontiac Drive-In Theater—several passes; The Pontiac Press—\$10 savings bond.

Pontiac Retail Store—car wash; The Columbia State Patrol—box of candy; Todd's Shoe Store—pair of shoes; United Super Market—case of condensed milk; Waiter's, Inc.—baby sweater, cap and booties; Yankee Stores—dozen Huggies Theater-season diapers and diaper bag.

Only 1 in 25 Goes to Jail

State Easy on 'Death Drivers'

EAST LANSING (AP)—Only one out of 25 surviving drivers in Michigan fatal traffic accidents is sent to jail, a Michigan State University study discloses. Most of those blamed for fatal crashes are as little as probation or restricted driving, the study found.

James E. Carnahan, a trooper with the Colorado State Patrol, led the research for the MSU Highway Traffic Safety Center while on a 18-month leave to earn a doctor of philosophy degree.

The survey covered 180 fatal accidents in 1957-58 in 16 Michigan counties.

BITTER EXCHANGE

The Cuban debate at the U. N. opened with a bitter exchange of accusations between Cuba and the United States and with unusual tension both inside the council chamber and outside U. N. headquarters.

The debate was accompanied by pro-Castro and anti-Castro demonstrators and by clashes at the U. N. entrance.

U. S. Ambassador James J. Wadsworth blasted the Castro regime in two speeches, each accusing the Cuban leader of turning Cuba into a center for Communist subversion in the Western Hemisphere.

Wadsworth declared that the Cuban leaders had isolated their country from their natural friends "by their extreme thirst for power and domination and fanatical intolerance of any and all dissent."

He charged that Castro had deliberately forced a break in U. S.-Cuban relations by a strategy of "bribe and blackmail."

The U. S. delegation said the Cuban government had demonstrated that it did not want to consider U. S.-Cuban differences in a studied and calm atmosphere.

Even if prosecuted and convicted — which few are — many of those blamed for fatal crashes receive only small penalties," he said.

Even when drivers are convicted of major crimes in connection with the death crashes, and face penalties as severe as 15 years in prison, their actual sentences are as little as probation or restricted driving, he said.

BLAMES APATHY — The study blamed public apathy toward traffic prosecutions, together with official hesitancy and failures for the break down in enforcement.

Carnahan said enforcement officials agreed on certain broad generalities, such as: "A traffic violation is not considered by the public to be a crime and people are reluctant

Radioactivity Hampers Probe of Fatal Blast

Nuclear Experts Must Leave After a Minute Inside Idaho Building

IDAHO FALLS, Idaho (AP) — Nuclear experts gingerly probed within a silo-shaped building today, seeking the cause—and nature—of an atomic reactor explosion that killed three young servicemen.

They were hampered by radioactivity so dangerously high that each could safely remain inside the structure little more than a minute.

The damaged reactor was deep inside the semi-basement building. So, too, were the bodies of two of its victims. It was too dangerous to try to recover them. The third body was removed within minutes of the explosion Tuesday night.

It was the first fatal accident in the history of this country's atomic energy program.

The blast occurred on the Atomic Energy Commission's sprawling, half-million-acre National Reactor Testing Station in Eastern Idaho, about 40 miles west of this city of 34,000. AEC officials assured the public the radiation was confined to the building area and wasn't even dangerous elsewhere on the station.

Before the experts could find out precisely what happened, they had to find a way of plugging the leaks in the reactor's heavy sheathing—leaks that permitted the deadly radiation to spew into the building surrounding the reactor.

The AEC said all three victims' bodies showed the effects of severe exposure, indicating they were killed by the blast rather than by radiation.

But the building, from outside, appeared undamaged. The AEC was silent about what damage officials found inside. In Washington, AEC Chairman John A. McClellan promised that facts "will be made available as they are established."

Best guesses were that some kind of chemical explosion ruptured the reactor's nuclear core and released the radiation. It was fairly certain there was no nuclear explosion of the type released by an atomic bomb.

Stockholders in New Attempt to Overthrow Edwin J. Anderson

Battle for Lions Control Erupts

A battle for control of the Detroit Lions football team flared up again today with dissident stockholders attempting to get control of the club away from President and General Manager Edwin J. Anderson and a recently formed management committee.

Word of a proxy fight was disclosed in a letter from the management committee, headed by William Clay Ford, to shareholders.

Ford, one of the 13 Lion directors, called a proxy meeting for 2 p.m. today to clarify the letter and the position of the management in the proxy fight.

The letter did not name the stockholders who are seeking control of the franchise, but it is generally known that the dissident group is headed by former Lion's president, Lyle Fife.

Fife and several other members of the board attempted to depose Anderson a year ago, but the attempt was defeated.

Fife then started a quiet but for proxies among shareholders and management committee that made a counterattack in form of the letter to the stockholders.

"It is our understanding that the campaign is now being conducted by a former director and president of the Detroit Lions who resigned from the board early last year; by a present director who was elected to the board less than a year ago and who has been discussed, he said.

CUBAN FAREWELL — A nattily dressed Castro militiaman, automatic weapon in hand, oversees the loading of two battered buses which took U. S. Embassy personnel to a Havana dock for their journey home. The last man in line is Eugene A. Gilmore, senior officer in charge of the embassy. Other Americans packed planes leaving Cuba. The mass exodus came in the wake of an end to 60 years of U. S.-Cuban diplomatic relations. President Eisenhower broke relations with the Castro government Tuesday night, pointing to a need for self-respect by the U. S. in the midst of Cuban abuses.

Kennedy Impressed

McNamara Grabbing Hold

WASHINGTON (AP)—Robert McNamara, defense secretary designate, is acting with such rapid fire precision that he looks like a potential strong man in the Kennedy cabinet.

President-Elect John F. Kennedy is reported delighted and deeply impressed with what he regards as the superbly sane McNamara has grabbed hold of his assignment to run the Pentagon.

By contrast, Kennedy is understood to be somewhat disappointed at the pace of moves by Dean Rusk, secretary of state designate, and others in helping to pick a team of aides.

McNamara, 44, the auto tycoon, is moving like one of the supercharged Fords he used to turn out in getting set for government business Jan. 20.

ARMY JOB LEFT

There is only one top job left to fill in his civilian high command, that of Army secretary. McNamara talked over this appointment with Kennedy in New York Wednesday night with prospects the job will be filled within the next few days.

He already moved full time into a Pentagon office next door to retiring Defense Secretary Thomas S. Gates Jr. Without fanfare he has sold some \$15 million worth of Ford stock he owned here, 15 when Kennedy picked him.

Kennedy takes report that in

Sun Will Smile With Balm 38; Beware Saturday

Tomorrow will be generally fair with a high of 38, the weather man says.

Tonight will be fair with the low near 24.

Winter will be back Saturday, bringing colder temperatures and scattered snow flurries.

Forming southerly winds at five miles per hour will become southerly at night to 15 m.p.h. to night.

Twenty-one was the lowest recording in downtown Pontiac preceding 8 a.m. The reading at 1 p.m. was 35.

Will Use Detroit Office

LANSING (UPI) — Gov. John B. Swainson said today he plans to make greater use of the state's executive office in Detroit than has been done in the past. The possibility of reserving one day a week for meetings in the Detroit office has been discussed, he said.

leaving Cuba. The mass exodus came in the wake of an end to 60 years of U. S.-Cuban diplomatic relations. President Eisenhower broke relations with the Castro government Tuesday night, pointing to a need for self-respect by the U. S. in the midst of Cuban abuses.

Actor Barry Fitzgerald Dies in Ireland at Age 72

DUBLIN, Ireland (UPI)—Barry Fitzgerald, 72, whose performance as an impish Irish priest endeared him to moviegoers of all ages and won him an Academy Award in 1944, died Wednesday night at St. Patrick's hospital here after a long illness.

Fitzgerald, who was christened William Joseph Shields, son of a Dublin weekly newspaper columnist, was 42 years old when he gave up his career as a civil service worker to become an actor.

It turned out to be a wise move because it resulted in an Oscar for the veteran Irish actor with the waggish manner and soft language.

"He was a gentle, nice, warm human being," said film producer when he learned of Fitzgerald's death.

Crosby also won an Academy Award with Fitzgerald in 1955 for his portrayal as a priest in the film "Going My Way."

Fitzgerald rose to screen stardom playing delightfully mischievous old men. Following a long career with the famed Abbey Theatre, he went to Hollywood and reached the peak of his career before he became a full-fledged star.

The evacuation went off smoothly and the militiamen were withdrawn.

GREEN IN SOVIETS

While the Americans were packing their bags to leave, 35 Soviet tourists were being welcomed at Havana Airport.

Cuban customs officials held Braddock up briefly until he got (Continued on Page 2, Col. 3)

PUNJIABS

It also appeared in such notable productions as "How Green Was My Valley," "And Then There Were None," "The Long Voyage Home," "The Sea Wolf," "Calla Lily," and "The Stork Club."

Two years ago, he underwent brain surgery and had returned here periodically for treatment ever since.

only 1 foot, 3 inches tall, Fitzgerald charmed moviegoers with his impish smile and Irish brogue as the lovable Father Flanagan in "Going My Way."

Ike's Regime Is Flogged for Current Break

Castro Cabinet Decrees Death for 'Terrorists' as Americans Flee

From Our News Wires

HAVANA, Cuba — Premier Fidel Castro's revolutionary regime today blamed the diplomatic break with the United States on the "Eisenhower administration" and said it hoped relations would be restored sometime in the future.

The cabinet issued the veiled bid for President-Elect Kennedy's good graces after an all-night session in which it decreed the death penalty for anti-Castro "terrorists" within 72 hours of their conviction.

The cabinet statement comprised the first formal reaction to the severing of diplomatic relations by Washington Tuesday night.

There was no mention of the big U. S. naval base at Guantanamo and the cabinet, meeting with Castro, apparently decided to abide by past declarations that the regime will seek to reclaim the base by legal means rather than force.

At Palm Beach, Fla., an auto ferry docked this morning with almost all the harried staff of the U. S. Embassy in Havana aboard.

About 65 embassy officers and employees trooped ashore to climb an overnight crossing. They left behind only a skeleton force at the big embassy building.

Among the first ashore was Paul Bethel, the embassy press officer, who said nobody was surprised about the break in diplomatic relations.

"We were prepared for just about anything—the way it was going," Bethel said.

FULL PROTECTION — He said the group received full diplomatic protection on their departure Wednesday night aboard the ferry "City of New Orleans."

There were no demonstrations at the Havana dock and Cuban officials allowed embassy personnel to leave without inspecting their luggage, Bethel said.

Americans quitting Cuba packed outgoing planes, but many stayed to take their chances living without U. S. government protection under a regime characterized by President Eisenhower as a dictatorship.

Charge D'Affaires Daniel M. Braddock and a 12-man skeleton staff set about closing the U. S. Embassy and turning over U. S. government affairs in Cuba to Swiss Ambassador Walter Buzzi.

Minutely dressed, armed Castro militiamen ringed the embassy Wednesday night as the bulk of Braddock's staff drove off in two battered buses to take the night ferry to Florida, ending 60 years of U. S.-Cuban diplomatic relations.

The evacuation went off smoothly and the militiamen were withdrawn.

Challenger Offers to Debate Bartlett

SAULT STE. MARIE (AP)—Hugh Holloway, Sault Ste. Marie superintendent of schools, said today he has challenged the state superintendent of public instruction, Lynn M. Bartlett, to a series of debates on school issues.

Holloway, who unsuccessfully opposed Bartlett for the state post

two years ago, is again seeking the Republican nomination for the state superintendent's job. Holloway said he made the name debate offer in the 1958 campaign, but was turned down by Bartlett.

He Just Likes to Ski

MONTPELIER, Vt. (UPI)—Charles Duke of New York City skied at six different Vermont areas in one day by using a helicopter to get around.

London's Largest Hotel Opens Amid Ceremony

LONDON (AP)—London's tallest hotel, the 18-story Carlton Tower in Cadogan Place, opened its doors with elaborate ceremony Wednesday.

The hotel, biggest to be built in London since the war, cost \$5.6 million. It has 518 guest rooms mostly

and is designed to give a service.

Reginald Maudslay, president of the Board of Trade, said the hotel is an example of American investment in Britain which the government encourages.

About 400 persons in the United States are killed by lightning annually. It has 518 guest rooms mostly

Both Praise and Blame

Latin American Editors
Banner U. S.-Cuba Story

By The Associated Press

News of the U.S. diplomatic break with Cuba made front-page banner headlines in Latin America. There was both praise and criticism.

In Lima, Peru, the newspaper, La Cronica declared: "Number one power of world politics Peru's example." Peru severed relations with Cuba last Friday.

La Prensa, whose publisher is Prime Minister Pedro Beltran, headlined: "Eisenhower responds to provocations."

Five other Latin American governments besides Peru severed relations with Cuba last Friday. Fidel Castro's Cuban regime before the United States acted. They are the Dominican Republic, Paraguay, Nicaragua, Haiti and Guatemala.

Uruguay has been considering a break. Colombia recently recalled its ambassador in Havana, accusing Cuba of violating embassy security there.

Official sources in Panama indicated that government may also take the step. They said Wednesday the Panamanian government has proof that Communist propaganda material has been going into interior regions from the Cuban embassy.

Panama seized air mail packages flown Monday from Havana to the Cuban embassy, saying they contained subversive matter and violated Panamanian mail privileges.

Panama's morning tabloid Critica published a manifesto in which three leftist parties warned against breaking with Cuba saying the people of Panama "could rise in anger." The manifesto charged that U.S. planes are ready to bomb Cuba from the Canal Zone.

The Argentine government said in Buenos Aires it had no announcements to make about the U.S. break. Foreign Minister DiGregorio Taborda said the action undoubtedly will affect the

Auto Layoffs
to Top 30,000Buick Plans Reduction;
Oldsmobile and Ford
Will Also Cut

DETROIT — Layoffs in the auto industry since the start of 1961 model production will pass the 30,000 mark this month, according to Ward's Automotive Reports.

Ward's said Buick Division plans call for a 25 per cent reduction of its 11,000-man force at Flint, by the end of the month.

Ford Motor in Detroit and Oldsmobile in Lansing also are planning production and employment cutbacks.

All but one of Chrysler Corp.'s assembly plants have been shut since Dec. 23. They will reopen Jan. 9, and Ward's said employment will be cut by 1,500 at Newark, Del. and 900 at St. Louis.

Ward's said American Motors had cut 2,800 employees at its Milwaukee and Kenosha, Wis. plant. But total employment there still will be 15,300 compared with 23,000 a year ago.

Studebaker-Packard had cut 1,000 workers at South Bend early last month.

Ward's said the industry-wide layoffs resulted from sharp production cutbacks, prompted by an inventory of one million unsold new cars.

Dillon Resigns;
President Sends
Him Nice Note

WASHINGTON — President Eisenhower Wednesday accepted the resignation of Undersecretary of State Douglas Dillon, and in a "Dear Doug" letter wished him success as secretary of the Treasury in the Kennedy administration.

The resignation is effective immediately, and Eisenhower noted that the timing is so that Dillon can spend the next two weeks working with Secretary of the Treasury Robert B. Anderson on the orderly turnover of responsibility.

The President's letter, made public by the White House, went beyond the usual amenities to dwell at some length on the importance of sound U.S. fiscal policies to this nation's security and that of the whole non-Communist community. He expressed confidence that Dillon would give a brilliant performance on a difficult task.

These somewhat unusual comments seemed open to possible interpretation as an indirect Eisenhower reply to published reports that the President was annoyed that Dillon, a Republican, was taking a cabinet post in the new Democratic administration.

More of the small lightships that have sailed along the U.S. coast since 1820 will soon go out of service.

U. of M. Expert Sees
Bright Business Year

PHILADELPHIA — Encouraging words for the 1961 U.S. economy were voiced here today by a University of Michigan business expert.

Dr. Philip J. Werneke, editor of the U. of M.'s Michigan Business Review, said he expects American business, which scored "several all-time highs" in 1960, to continue the upward trend in 1961, if war does not interfere.

He predicted that the gross national product (GNP) will increase by about 3 per cent over the record-setting 1960 mark.

When it topped \$500 billion for the first time in history.

A relaxation of Federal Reserve restraints on inflation, plus other factors, "leads to the conclusion that business recovery is not far away and, indeed, may have started already," he said.

Werneke predicted 1961 will be a good year for the auto industry and said unemployment will be down to a "tolerable" level by the year's end—if 1961 gets off to a fast start.

They're Fast Workers
BUFFALO, N. Y. (UPI) — Engine Company 9 of the Buffalo fire department recently extinguished a blaze in the kitchen of a restaurant in one minute and 45 seconds.Southern Whites
Scared to Favor
Integration Idea

STANFORD, Calif. (AP)—Two young African Negro students, returning to Stanford University from a tour of the Southern states, say that whites apparently favoring integration are afraid to stand up and be counted.

"The South needs people with prestige who will go there and preach reason," said Fred Savage, 30, a graduate student in political science from Freetown in Sierra Leone.

"It seems that all the whites are afraid of opposing segregation. Ministers are afraid of losing

their congregations. Superstitious people are afraid of losing their land. Merchants are afraid of losing business."

Pilot of Hijacked Cuban
Liner Defects to U.S.

KEY WEST, Fla. (UPI) — A Cuban pilot who was wounded when his plane was hijacked Oct. 29 and insisted on returning to Cuba flew here Wednesday and sought political refuge.

Capt. Candelario Delgado landed his plane and contacted U.S. immigration authorities.

Delgado, a pilot for Aerovias Airlines which is controlled by the Cuban government, had a family here on an earlier flight Wednesday.

Named Visiting Prof

EAST LANSING — Michigan State University has announced the naming of the head of its physics and astronomy department.

Dr. Sherwood K. Haynes was named to the position by the American Association of Physics Teachers and the American Institute of Physics, the university said.

U.S. Snub on '59 Visit Stung Castro

Most Felt Cuba Fracture Inevitable

By HAROLD K. MILKS

HAVANA (AP)—The break in diplomatic relations between the United States and Fidel Castro's Cuba was long in coming but many here for a long time believed it was inevitable.

Observers said it appeared the bearded revolutionary had no intention of getting along with Washington almost from the time he came out of the hills of Eastern Cuba to take power two years ago.

Why Castro took this aggressive stand is disputed here. But a majority of foreign diplomats in Havana agree that the Castro regime never opened the way for normal diplomatic relations with the United States.

After he flew to the United States early in 1959, Castro is said to have expressed resentment to intimates over his failure to meet either President Eisenhower or Secretary of State Christian A. Herter.

He expected Eisenhower and

Herter to make overtures to him, telling his associates he could not peek such meetings himself and "will face my people."

BOOTED REPORTERS

Nearly a year after this visit, two American reporters were booted out of Cuba after reporting Castro had expressed willingness to meet Eisenhower or Herter in the interests of peace.

Castro said he could not have made this overture because it would have been misunderstood as a sign of weakness on his part.

Veteran reporters interpreted this as a sign Castro wanted relations with the United States only on his own terms—if at all.

Castro's seizure of the billion-dollar American investment in Cuba was pushed vigorously, accompanied by violent propaganda blasts at American "monopolists" and "economic imperialism." Attempts by the U.S. government to discuss compensation were brushed aside or ignored.

U.S. Ambassador Philip Bonsal—a veteran career diplomat with a reputation for getting along with

Latin American leaders—found himself completely stymied.

It took Bonsal months to arrange a meeting with Castro in an effort to smooth relations—and then nothing came of it.

When anti-Castro activity broke out in Havana, the rift in U.S.-Cuban relations grew into a wide breach.

IN NAME ONLY

For most of 1960 the United States and Cuba had diplomatic relations in name only.

Castro officials repeatedly disregarded normal diplomatic practices. Several American Embassy officials, normally given diplomatic immunity, were arrested.

Castro blamed the United States for the bad relations, charging Washington committed repeated aggression against Cuba and supported anti-Castro forces.

Repeatedly during the last 12 months, one crisis after another threatened a rupture of relations.

TWA Discloses Convair Service to Five Cities

LOS ANGELES (UPI)—Trans World Airlines announced it will begin servicing five U.S. cities Jan. 12 with Convair 440 jetliners which cruise at 315 miles an hour.

The cities are New York, Chicago, Los Angeles, Phoenix, Arizona, and Las Vegas, Nev.

New livestock feed possibility is developing a process to convert them seen in new beans grown in the into cake and meal for animal Southwest. Researchers are de-fied.

Search Is On for Exchange Student

MARY CAROLYN SHAW

Mary Shaw Betrothed to Eugene A. Moore

At a party at Briarstone Farm, Mr. and Mrs. Bresnahan of Cass City announced the engagement of their daughter Mary Carolyn to 2nd Lt. Eugene A. Moore, son of Judge and Mrs. Arthur E. Moore of Pontiac and Royal Oak.

The bride-elect was graduated from Kingswood School

Cranbrook and is a senior at the University of Michigan. Her fiance, an alumnus of Cranbrook School and the U. of M. law school, is affiliated with Sigma Nu and Phi Delta Phi.

He is stationed at Fort Benjamin Harrison, Indianapolis, for six months' active duty. June vows are planned.

By REBA MEINTELMAN
A search began this week for the Waterford Township High School student who will be sent abroad next summer.

The exchange student program is sponsored by the Waterford Branch of the Woman's National Farm and Garden Association, under the auspices of the Michigan Council of Churches.

A committee composed of teachers and another group of student council members will determine selection of the student.

Citizenship qualities — the way the student gets along with his teachers, with his fellow students, his participation in extra-curricular activities, his reliability, adaptability, manners and personality will be included in a point system used in judging.

Only junior class students will be eligible and those interested will be asked to fill out applications.

Funds for the project were raised by sale of Christmas trees and Colorado blue spruce grown as a hobby by Clifford Bentley, of Hospital Road.

Bentley's daughter Esther was an exchange student in

1958 and was the only WTHS student ever to be sent abroad from the Waterford Township High School.

Bentley felt that his daughter had benefited so much from her European experiences that he wanted to see the program continued and offered sale of his trees as a means of financing the program.

The Garden Club handled the sales and together with Bentley sold 120 trees. The proceeds topped the amount required by the Council of Churches to bring a student here from Europe for a full year, and to send one of our students abroad for the summer months.

Heidi Vogelberg of Germany is the exchange student from abroad now attending WTHS, and is making her home with the Bentleys.

Processing of applications for next summer's trip will probably take a month and the student will be named at the end of January or early February.

All of his or her expenses will be paid. However, the Council of Churches recommends that the student have \$100 spending money.

Pontiac Press Photo

The search is on at Waterford Township High School, for an outstanding student who will spend the summer months as an exchange student in Europe. Cosponsors, the Waterford Garden Club, and the Michigan Council of Churches, have appointed

Howard Bennetts (right) of Hadrill Court, and Mrs. Harold Callahan of Airport Road (seated), to direct the search. Clifford Benley of North Hospital Road made it all possible by donating 120 trees for funds for the student expenses.

Marries Robert McCurdy

Martha Jean Fry Wed

At a nuptial high Mass Saturday in St. Vincent de Paul Church, Martha Jean Fry exchanged vows with Robert J. McCurdy before the Rev. Thomas Marocco.

Daughter of Mr. and Mrs. Carl O. Fry of Oakland Avenue, the bride appeared in a white satin ballerina-length gown with jacket of Chantilly

lace. Rhinestones accented the neckline of the Empire bodice. Pearlized orange blossoms formed a crown and were scattered on the fingertip veil of French silk illusion. Red roses centered the bridal cascade of white carnations.

Mary Catherine Donohue, wearing royal blue nylon sheer with matching shoes and a whimsical hat, attended the bride as maid of honor. A streamer fell from the back neckline to the hemline of her bouffant skirt. She held a cascade of white carnations.

The bridegroom, son of the James McCurdys of Hancock, had Roy Bolstad for his best man.

After an afternoon reception at the home of the newlyweds on South Marshall Street, the bride changed to a black sheer wool abash dress for traveling. White angels accented the bateau neckline.

For her daughter's wedding, Mrs. Fry chose pink lace over taffeta with matching jacket. The mother of the bridegroom appeared in an orchid suit of sheer wool.

Plans Card Party

The Zonta Club of Pontiac made plans for a card party to be held at the American Legion Hall on Feb. 5 when members met for lunch at noon today at the Waldorf Hotel.

MRS. ROBERT J. MCCURDY

In Julius Caesar

Players Here Jan. 13

The Julius Caesar Company of the Canadian Players, who will be in Pontiac Jan. 13 under the auspices of Pontiac-Oakland Town Hall, returned briefly to Toronto last week for a delayed Christmas holiday.

Their tour of the Eastern United States has been one of the most successful in Canadian Players' history.

Douglas Campbell, founder of the company, returned this year to direct a simple and straightforward production of the great Shakespearean classic.

With a cast of only 11, Julius Caesar has caught the fancy of its audiences everywhere, critics say. Stripped of heavy costuming and great crowds, the play can be seen in all its strength and its

frightening modern day parallel of power politics is very evident in the Campbell-directed version.

Highlight of the fall tour of the company has been the diplomatic reception given the group in Washington, D.C., where they played at the Library of Congress Theater.

Mr. Campbell, after producing the play and staying with it through its first few days, has gone to England where he will appear at the Old Vic, to return next summer to Stratford, Ont., in the role of Henry VIII.

Seats are still available for the one-night appearance of the players at Pontiac Northern High School. Mrs. J. A. Hammes is handling reservations which are open to all area people.

Women's Section

Put the Inspector to Work

Let SOS Replace Your Sob

By ABIGAIL VAN BUREN

DEAR ABBY: I am petrified of my mother-in-law. My husband says she likes me fine, but she is not the demonstrative type. She is always saying nice things about her own daughter, but when it comes to me a compliment sticks in her throat.

I shake like a leaf when I see her coming because her visits are like "inspection tours." She doesn't criticize me but I can tell the way she looks around that she is disgusted. Although I try hard, I am not a very good housekeeper, but with two babies 13 months apart and no help, it's not easy.

How can I get over this awful feeling of inferiority where she is concerned? I feel equal to everyone else but her.

SAD DAUGHTER-IN-LAW

DEAR DAUGHTER-IN-LAW: Do your best and quit worrying about what your mother-in-law may or may not be thinking. If you are caught with the beds unmade, dishes in the sink and a pile of clothes to be ironed—and you catch her "looking disgusted," ask her to give you a hand. Most mothers-in-law are easiest to get along with and least critical when they are invited to pitch in.

DEAR ABBY: My husband is 5 feet 6 and weighs 230 pounds. He keeps telling me he will go on a diet "when he is ready." He has high blood pressure, diabetes and a heart murmur.

He slipped and fractured his ankle in four places and the doctor told him it wouldn't heal unless he lost some weight. He is still having three corned beef sandwiches and four bottles of beer for lunch every day. Don't you think it is time he was "ready" and how do I convince him?

ZELDA

DEAR ZELDA: First, try love and kisses. If that doesn't work, ask him to buy the book, "How to Prepare Your Wife to Be a Widow." It works every time.

DEAR ABBY: Just because my mother had a miserable childhood she is making sure I have a worse one. She won't let me go in cars with boys.

She won't buy the kind of clothes I want. She won't let me sleep at my girl friend's house. She won't let me use eye make-up or wear my hair the way I want to.

All my friends have these privileges. I am almost 13 years old and am being treated like I was 4. Do you think she is being fair?

DEAR TREATED: Every child has to abide by the rules of his (or her) house. Your mother is trying to give you a BETTER childhood than she had and until you are ma-

ture enough to appreciate it, you are not old enough for any of the privileges you demand.

CONFIDENTIAL TO SICK AT HEART: Beg, plead, threaten or bribe, but get your husband to a doctor before he takes steps in.

Club Hears Program on Orient

Pontiac Woman's Club's Department of International Relations presented Wednesday's program in the Adah Shelly Library.

Guest speaker Mrs. H. N. Stoutenberg, her husband and family, lived two years in Viet Nam under a program planned by Michigan State University. Dressed in native attire, Mrs. Stoutenberg showed slides of her stay in the Orient.

After introduction of guests Jessie Gamble and Laura Hunter, thoughts for 1961 from the book "Springs in the Valley," by Mrs. Charles E. Cowman, were read by Mrs. Bessie Slaybaugh.

Mrs. Joseph Phillips reported that the group has collected several books for its bookmobile.

Honorees were Mrs. Slaybaugh and Mrs. Lulu Luby. Mrs. Harry Vernon presided at the tea table.

Club Works on Motions, Sets Date

Parliamentary Study Club met Wednesday afternoon at the Masonic Temple on East Lawrence Street with Mrs. Harley Banwell as leader.

The following subjects were presented for study and discussion: Incidental motions, withdrawal of motions, division of question, laying and taking from table and definite postponement.

Mrs. C. W. Crowley, sponsor, counseled the demonstration group in presenting the various motions and conducting a model annual meeting during which practicing officers were elected.

The next meeting will be on Jan. 18 in Masonic Temple.

'Mothers' Hear About Holiday Philanthropies

Reports on holiday philanthropic projects were heard by Chapter 34, Gold Star Mothers, Inc., Wednesday evening at Bernice Olsen Amvets Post on Oakland Avenue.

Members remembered the veterans at the Oakland County Tuberculosis Sanatorium and 75 Pontiac State Hospital veterans at Christmas. Mrs. Cecil Briggs, president, delivered groceries and a Christmas dinner, donated by members, to a veteran's widow and two children.

Mrs. Carl Rutherford and Mrs. Eva Welch were hostesses. Mrs. Genevieve Gosh was a guest at the meeting.

A cooperative dinner and cancer pad sewing session is slated Jan. 27 at the home of Mrs. Leone Hagberg.

JOAN ANNETTE ST. DENNIS

Mr. and Mrs. David A. St. Dennis of Boston Street announce the engagement of their daughter Joan Annette to Russell L. Pearce, son of Mrs. Iva Pearce of Vinewood Avenue and Howard Pearce of Huron Street.

CLAUDIA M. KELLY

The engagement of Claudia M. Kelly, daughter of Mrs. C. W. Ellis of Waterford and the late William A. Kelly, to James A. Ewers, son of the James A. Ewers of Waterford Township is

LINDA MARIE SIMPSON

The Filton J. Simpsons of Orchard Lake announce the engagement of their daughter Linda Marie to John W. Copeland, son of the Louis K. Copelands, also of Orchard Lake. No wedding date has been set.

JACQUELINE JANE ROBBERSON

October vows are planned by Jacqueline Jane Roberson daughter of the Jack A. Robersons of Waterford Township and Lawrence D. Brooks, son of Mr. and Mrs. Howard Brooks of Lochaven Road.

You Can Ski 800 Times Without a Fracture

One of the safety factors to follow in skiing are told in the following story. It was written especially for all the ski addicts who, like me, are in the grip of the winter sports fever.

By DR. ROBERT R. ODEN
 ASPEN, Colo. (AP) — Skiing whatever crepe hanging non-skiers tell you, isn't a dangerous sport. Skiing is hard to compare with other amateur action sports. Hunting, boating, swimming, sports car racing and water skiing cause many fatal accidents each year. Skiing inflicts some injuries, but seldom disabling ones. And skiing virtually never kills anyone.

Statistics compiled at Aspen indicate that the average skier here can expect to ski better than 200 days without an accident requiring medical attention. He can ski 800 days without fracturing a bone.

The average pleasure skier skis less than 25 days each season. So the odds are excellent that you can ski a lifetime with never a fracture or other serious injury.

What small risk does exist is immeasurably decreased if you observe common sense safety rules.

Pre-season conditioning is important. Strong, limber muscles delay fatigue. Accidents happen far more frequently to first skiers. Conditioning should begin six weeks before you ski. Work up to 100 deep knee bends each day, then start one-legged ones.

Of course, you should also with a lot and get the torso and arms into shape with other physical work and calisthenics.

Good equipment is essential. Ski boots must fit, especially at the heel. They must give good ankle support and bind the foot solidly to the ski. If your boots feel comfortable, they are probably too loose. Lacing has to be tightened two or three times a day, for boots stretch as they get wet and warm.

But too tight lacing cuts off circulation and makes for cold feet and painfully sore arches and ankles.

So-called "safety" bindings are misnamed, for they have hazards of their own. They can save you a fracture in a fall, but too loosely adjusted, they can come apart when you don't want them to, causing an accident. And since the advent of quick-release bindings (the proper terms), ski doctors have had to treat many cuts caused by free, flailing skis.

I favor both toe and heel releases, but they must be properly adjusted. Beginners should have their bindings adjusted by a good ski shop, to the skier's muscle strength, not his weight.

New Year Leaves Good Snow Base for Skiers

Most Michigan ski areas are open and running their slopes today as the new year left a generally good covering of snow on varied bases.

PONTIAC AREA SKING
 MT. HOLLY — All facilities operating; foot of artificial base covered by 3 inches of new powder; skiing very good.
 GRANDVIEW — Five slopes and tow; operating; foot of machine base with 5 inches of new powder; skiing good.
 SUNMITT — Front slopes open; foot of base with 1 1/2 inches new powder; skiing good.
 MT. CHRISTIE — Everything in operation; 3 inches of new snow over 8 inches machine base; skiing good.

GRAMIPIAN — All facilities operating; 14 1/2 inches of base; 2 inches of new powder; skiing excellent.

DRYDEN — One foot of base covered by 2 1/2 inches new snow; skiing good.

ALPINE VALLEY — Three inches of new snow over 8-10 inches of base; artificial snow being added; skiing very good.

SNOW VALLEY — New Gaylor — 4 inches of new snow on 8-inch base; skiing excellent.

OSBORNE SKI CLUB — New Gaylor — 4 inches of base with 4 inches of new snow; skiing good.

MT. MOHAWK — 4-inch base of new snow; skiing good.

SEVIER — 4-inch base of new snow; skiing good.

DOWNSTATE MOUNTAIN — 4 1/2 inches of base; skiing good.

ALL SABLES AND OLD RIFES — 4 inches of base; skiing good.

GRAYLING WINTER SPORTS PARK — 4-inch base with 3 inches of new snow; skiing good.

MOUNT CROCKER — 4-inch base with 3 inches of new snow; skiing good.

HOUGHTON LAKE SNOW BOWL — 4-inch base with 3 inches of new snow; skiing good.

STEVAN MOB — New Gaylor — 2 to 3 inches of base with 1 1/2 inches of new snow; skiing fair to good.

BERIDIAN VALLEY — New Lewiston — 4-inch base with 3 inches of new snow; skiing good.

BLACK MOUNTAIN — Cheboygan County — 4 inches of base with 3 inches of new snow; skiing excellent.

SILVER STAR — Cheboygan County — 3-inch base with 1 1/2 inch new snow; skiing good.

BOYNE MOUNTAIN — Boyne Falls — 4-inch base; 12 inches of new snow; skiing good.

BRATBY'S HILL — Lakeview — will open Saturday with more snow.

BRIAN HILL — Marquette — 4 inches base; 3 inches of new snow; skiing good.

CAREFREE — Cadillac — skiing good in sections.

CRYSTAL MOUNTAIN — Beldenville — 14 inches base; 4 inches new snow; skiing good.

ECHO VALLEY — Kalamazoo — improving; skiing excellent.

GLACIER HILLS — Bellevue — 9 inch base; 4 inch of new snow; skiing good.

COBURN HILLS — Beldenville — to beginning; skiing excellent.

HOLIDAY HILLS — Traverse City — 18 inch base; 4 inch powder; skiing excellent.

ROCKY HILLS — Traverse City — 4 to 10 inch base; 4 inches powder; skiing excellent.

RUHLHILL — Hudsonville — to beginning; skiing excellent.

Grand Rapids — 14 inch base; 4 inch powder; skiing good.

LAKES VALLEY — Beldenville — 14 inch base; 4 inch new snow; good to excellent.

LUDINGTON SKI AREA — 8 inch base; 4 inches new snow; skiing good.

MARINETTE SKI AREA — 8 inch base; 4 inches new snow; skiing good.

MISLAKE MOUNTAINS — Lake City — 4 inches base; 1 inch new snow; skiing good.

MT. MAWELONA — Marquette — 18 inches packed base; 12 inches powder; skiing good.

NEWAYGO WINTER PARK — 3 inch base; 4 inches new snow; skiing very good; improving; skiing excellent.

WILSON HILLS — Marquette — 12 to 14 inch base; 4 inch powder; skiing good.

THUNDER MOUNTAIN — Boyne Falls — 10 to 12 inches packed base; 4 inches new snow; skiing good.

WALDON HILLS — Walloon Lake — 10 to 12 inches base; 6 inches new snow; skiing good.

WILSON HILLS — Beldenville — 14 inch base; 4 inch powder; skiing good.

Northern Beats Optimists, 4-3, in Last Minute

Bob Armstrong's goal in the final minute of play brought Pontiac North a 4-3 victory over the Union Lake Optimists Wednesday in an American division City Junior Hockey League game at Northlake Park.

Mike Kaines' goal in the 15th minute of the 3rd period gave Union Lake a 3-2 tie and set the stage for Armstrong's winning counter. John Kendall scored twice to pace the Northern attack.

The Mountain View Rangers remained undefeated in the National loop with a 4-1 drubbing of the Drayton Spades. Tom Petrie faltered four goals and Vic Sullivan added a pair for the Rangers. Mike Dunker's counter in the 3rd period kept the Spades from being shut out.

B.F. GOODRICH PUTS A GUARANTEE BETWEEN YOU AND ROAD HAZARDS!

New B.F. Goodrich guarantee gives full allowance for all unused tread on damaged tires—for as long as 3 years on some tires! Here's how the guarantee works: B.F. Goodrich, of course, stands behind the materials and workmanship of all its tires for the entire life of the tread. But there are normal driving hazards on the road that can damage any tire... no matter how well it's made. Suddenly, your car runs over a broken bottle, piece of sharp steel or rock. This could mean a cut, a rip or a break in the fabric that could damage your BFG tire beyond repair. Now you don't have to take a loss on that tire. Take it to any B.F. Goodrich dealer with your warranty certificate, issued at time of sale. He'll check the tire's tread wear and apply the value of the remaining tread against the cost of a replacement—at current retail list prices. You pay only for the tread already used. To get all the facts in this nationwide, written guarantee now on all new BFG tires, see your B.F. Goodrich dealer. Depending on the type of tire purchased, the protection of this guarantee lasts from 12 to 36 months.

You can now get B.F. Goodrich quality tires at BFG dealers and stores coast to coast. They start as low as **\$11.95** plus tax and the old tire on your car.

Phil Thought He Goofed,
Ends Up Year's Big Hit

By EARL WILSON

NEW YORK—Now it can be told that Phil Silvers, Broadway's star of the year, thought on opening night of "Do Re Mi" that he had flopped badly.

Just as most comedians hanker to play Hamlet, Phil's fond of an emotional scene at the end.

Changing his glasses and looking out into the audience to pour out his heart singing, "Step up and meet a loser," Phil was horrified to see some drama critics already on their way out of the theater to make their deadlines.

"I thought, 'They're missing my biggest scene!'" Phil says. "It unnerved me and I blew the whole emotional bit." It turned out that Phil had already captivated practically everybody without that scene—but Phil says, "I do the emotional scene a lot better now when I'm not watching drama critics leaving."

The James Mason's daughter Portland, 12, dyed her hair black. Her mother figured she couldn't start being a character any younger... Jo Lansing of NBC's Hollywood stable wound up being one of the most photographed girls of the year.

She Sherin the one-man show, got a check from Readers Digest for one of his bags, but he tells me, "Pretty soon I won't need any money. I'm working on a labor-saving device—a rich old woman." Appearing at the Lovers Club in Hollywood, this said, "No wonder nobody ever comes in here—it's too crowded."

Marlene Dietrich's packing the Latin Casino night club in Camden, N.J., so-called biggest night club in the world, capacity around 1500... The current one is that when you die the Congo, a recording artists, "The Lumumba you have called is not a working Lumumba."

THE MIDNIGHT EARL...

Leo Burroughs expected to take that L.A. Dodgers coach job—if it would cause any friction... With the Jim Hagen job announcement being prepared at ABC, Bill Shadel seems to be getting many of the John Daly newscasting chores... Sammy Davis had a flock of hatters in his Copa audience: Sugar Ray, Rocky Marciano, Rocky Graziano... and Jake La Motta's mother...

EARN PEARLS: This line is from an old W.C. Fields movie: "Who stole the cork out of my lunch?"
WISN ID SAID THAT: Jack Kennedy says he'll forego golf but Leo Fuld says, "The proof will be in the putting."
Now is the season when the football coaches huddle for the winter seasons and decide that colleges should deemphasize education... That's Earl, brother.
