

Money and Fun Offered

Bonanzagram Word Game to Start Monday in Press

Here is a way to have fun with a word puzzle and have a chance to win from \$100 to \$120 at the same time.

BONANZAGRAM, an exciting new word puzzle will show readers of the Pontiac Press how to do just that.

Starting Monday, the Press will publish a Bonanzagram puzzle every week and will offer \$100 for the correct solution of every puzzle. If the winner is a subscriber of record the Press will pay a \$20 bonus, making the award \$120 for the correct answer.

If there is more than one correct solution submitted, the prize will be divided equally among the persons sending in the correct answer.

If there is no correct solution in any week, the amount will be added to the next week's award.

Bonanzagram offers readers of the Pontiac Press a chance to show their skill as solvers of crossword puzzles and their knowledge of word definitions and the various subjects covered in each puzzle.

The winner can be anyone who is not employed by this newspaper nor a member of the family of an employee of this newspaper.

Bonanzagram starts with a story or anecdote which will give clues to the correct solution of a special message. The message will be given with many of the key letters left blank. All that has to be done to solve the puzzle is to fill in the blanks.

Easy? Well, perhaps not. But it is an intriguing, exciting way to compete for cash prizes.

The prize money is waiting for anyone who can solve the clues and fill in the missing letters to complete the words. And don't forget, Bonanzagram will start in the Pontiac Press Monday and there will be a new one every week.

To acquaint you with the way Bonanzagrams work, a sample puzzle will be published tomorrow, with rules and the story in which clues are found. Answer to this Bonanzagram and how the answer was worked out will be in Thursday's paper.

There is no prize for tomorrow's puzzle, as it is only a sample for your instruction. The first real Bonanzagram, with from \$100 to \$120 waiting for the correct answer appears Monday. And there will be a new puzzle every week.

Don't miss tomorrow's instruction Bonanzagram.

March Makes Its Entrance Like Lamb in Pontiac Area

March came like a lamb to Pontiac and most of Michigan today.

And a long-range forecast by the U.S. Weather Bureau predicts at least five more days of the same, with temperatures ranging about five degrees above normal.

The only lion-like action was reported in Detroit where a thunderstorm struck about 9 o'clock last night, dumping .66 of an inch of rain in the area. Lightning damaged several homes and buildings.

One bolt struck a transformer at Willow Run expressway, knocking out lights in 1,500 homes.

Generally, however, most of the state got a quiet overnight rain and snow-fall.

In the Pontiac area, an estimated .06 of an inch of rainfall was reported. Since last Saturday, one-half inch of rain has been recorded here.

Tonight the mercury is expected to range between 26 and 30 degrees, rising to a high of 36-40 Wednesday. Continued cloudy days are forecast; but no rain was in the offing.

Today in downtown Pontiac, the thermometer registered 34 degrees at 8 a. m., climbing to 38 by 1 p. m.

A paralyzing 4-inch snowfall, the heaviest of the year, struck Pontiac vicinity one year ago today.

Detroit Weather Station authorities said frost depth was measured at 21 inches in mid-February. Although February was a comparatively warm month as Februarys go, it fell below the temperature average recorded for the same period in 1954.

Average temperature for the month was 32.77 as compared with 39.35 last year. The highest reading came on the 20th when the mercury hit 45 degrees.

Last year the mercury soared to 63 on Feb. 15. The all-time high recorded for February was established in 1944 when temperatures hit 68 degrees.

Heaviest snowfall for the month was reported on the 10th and 15th. Three inches fell on both days. Rainfall for the 28 days totaled 2.02 inches.

Low Army Calls Imperil Draft Setup

WASHINGTON (INS)—The Army and the selective service system were disclosed today to be studying the possibility that the draft might drop as low as 3,000 men a month.

Selective service officials have advised the Army that draft machinery could be kept operating on calls as low as 3,000, but that this would damage the nationwide system involving 4,000 boards and 50,000 unpaid workers.

The selective service officials expressed apprehension Monday, when the Army issued a call for 8,000 April inductions—3,000 fewer than are scheduled to be drafted in March and 15,000 less than were induced in January.

The officials said a situation has arisen in which boards are likely to disintegrate for lack of anything to do.

3rd Atom Blast Lights Up Sky 250 Miles Away

LAS VEGAS, Nev. (AP)—The third shot of the 1955 atomic tests converted the predawn darkness into daylight for a brilliant moment at 5:30 a. m. today.

Observers here said it was the largest flash of this year's series. It flared yellow at first, then orange and finally faded away.

The flash lighted up night clouds and seemed to go up unusually high.

The flash was plainly visible in Los Angeles 250 miles to the southwest.

Shortly after the flash, the familiar mushroom cloud appeared, rising straight into the still sky. In darkness, the cloud was a deep blueish purple shadow. Gradually the top turned pink from reflected light of the sun, which had not yet risen.

The shot went off about 70 miles northwest of Las Vegas. Low hills lay between the 300-foot detonation tower at Yucca Flat and this resort city.

No appreciable jolt was felt here. The lack of wind allowed the cloud to maintain a perfect mushroom shape as it rose and expanded.

Earlier reports from the Southern California city said many house-holders there had set their alarm clocks so they could rise in time to see the flash.

A group of newsmen will track the atomic cloud for the first time.

April Highway Vote Unlikely

Senate Interest Lags in Placing Peltz Plan on Spring Ballot

LANSING (AP)—Attempts to place a highway expansion program on the April 4 state ballot were dying on the Senate floor today.

Today is the unofficial deadline for getting a public question on the ballot—and the Senate gave clear-cut signs it will make no move to beat the deadline.

The Senate Highway Committee last night heard testimony from trucking company representatives who object to the House-approved Peltz plan, subject of a compromise between Gov. Williams and House Republicans.

The committee planned to continue its hearings today in a leisurely manner which gave support to leaders' statements that the Senate majority sees no need for submitting the highway program to the people.

The Peltz plan would raise the gasoline tax from 4 1/2 cents a gallon to six cents and increase the commercial vehicle license fee 25 per cent. It would authorize local units and the state to pledge their shares for highway construction revenue bonds, splitting the new revenue 44 per cent to the state, 37 per cent to the counties and 19 per cent to the cities.

The Senate committee has indicated it may convert the Peltz plan to its own theory—the same tax increase but without the referendum.

He said about 3,100 plates were issued yesterday, bringing the total so far to approximately 48,000. He estimated there are still a few thousand cars in this area without plates.

Detroit police ticketed 363 drivers for driving with 1954 auto license plates between midnight and 7 a. m.

Solon Believes Humphrey Would Back Tax Cut Veto

WASHINGTON (AP)—Sen. Knowland (R-Calif.) said at the White House today he "would not be surprised" if Secretary of the Treasury Humphrey recommended that President Eisenhower veto any bill providing for a \$20 per person income tax cut.

The Senate Republican leader made the statement to newsmen after he and other GOP congressional leaders had held their regular weekly meeting with the President.

Prospects for getting the bill through the Senate Finance Committee with the personal income tax cut provision in it already appeared dim.

The committee planned to vote on the bill this afternoon, with all indications that the tax cut would be stricken out.

The House had hitched that section onto an administration-backed proposal for extension of high corporate and excise taxes now due to drop April 1.

Leon Keyserling, economic expert in the Truman administration,

Senate Ponders House-Passed School Aid Plan

OK by Upper Chamber Would Put Bond Issue on April Ballot

LANSING (AP)—The state's 100-million-dollar loan program for local school construction, passed by the House last night, was inches short of a place on the April ballot today.

The House passed the measure by a 92-7 vote, then sent it to the Senate for approval of minor amendments.

Some senators talked of further attempts to kill the proposal, beaten in one Senate vote but passed in a second.

The measure, introduced by Sen. William R. Broomfield (R-Royal Oak), is a constitutional amendment requiring approval of the voters. It would allow the state to issue 100 million dollars in bonds, the money to be released to needy school districts for school construction.

Under the plan, only those districts already levying at least 13 mills for debt service would be eligible for the loans. They would have to maintain the 13-mill levy until the state's loan was repaid.

The measure was pushed through the house last night by a 92-7 vote.

Several lawmakers argued the plan was unnecessary because of a recent decision of the State Supreme Court, which held that state equalized property valuations should be the basis for taxes instead of the lower county valuations.

Rep. George M. Van Pelt (R-Grand Haven) said the court's decision would relieve hard-pressed districts.

Calling the measure a "dangerous precedent," he predicted bonding companies would ask the state to back all bond issues—including municipal issues—if the amendment passed.

The Broomfield plan has the blessing of Gov. Williams, who said it is a better school aid plan than one he himself presented to the Legislature.

The House last night also approved a resolution calling for a (Continued on Page 2, Col. 4)

Truth Gives New Light on Reports About Fluoride

DES MOINES — Contrary to the statement in a letter in the Pontiac Press, the law had nothing to do with the use or rejection of fluoridation in this city. The Water Board decided not to fluoridate despite the fact that most local and state health and medical groups approved. Legality had nothing to do with the matter.

A letter in the Pontiac Press said: "Water Board refused fluoridation. Not legal in Iowa." This last charge is not true. The letter in question was signed: "Truth Will Win."

ST. MARTINSVILLE, La. — A letter in the Voice of the People in the Pontiac Press signed: "Truth Will Win" declared that St. Martinsville "used fluoridation a short time, but then discontinued." This is true, but the reason was omitted. According to Mayor Albert A. Marais, "We stopped using fluoridation because the new well we dug had enough fluoride in the water. No one objected to it when we needed it and it was not discontinued because the process did not work well."

Tired Dulles Lands in Manila for Talks

MANILA (AP)—Secretary of State Dulles, visibly tired, arrived from Saigon today for important conferences with U.S. diplomatic chiefs in Asia.

Dulles made a whirlwind trip to Burma, Laos, Cambodia and Viet Nam after the Manila Pact conference in Bangkok last week.

He is scheduled to speak to the diplomats tomorrow and depart for Formosa Thursday. In Taipei, he will attend the exchange of ratifications of the U.S.-Nationalist China Mutual Defense Pact.

In his conferences here, Dulles will brief the U.S. diplomats on latest developments affecting U.S. foreign policy in Asia.

Ohio Cities Suffer Tornado Damage

TORNADO DAMAGE — This picture from Troy, Ohio, shows a caved-in section of a second floor wall of the Troy Sunshade Co., which was in the path of a

Ohio Tornado Kills 1, Injures 6

Damage Estimated at \$200,000 in Troy and Youngstown

YOUNGSTOWN, Ohio (AP)—A tornado which swept eastward across Ohio from an earlier strike at Troy in Miami County hit this city's east side early today. One housewife was killed, six other persons injured and five houses damaged.

The twister hit one area shortly before 3 a. m. here, and then skipped a few blocks and dipped down again near the city's eastern limits. Five basementless homes were swept off their foundations.

Mrs. Mary Fallett, 52, the housewife, was found dead in the driveway of her wrecked home.

Her husband, Andrew, 45, hospitalized with cuts on the shoulder, said he heard a roar and then covered himself and his wife with a blanket. The next moment, he said, he was out in the pelting rain in the yard.

At another home, Kenneth Conklin, 37, was blown from the house into the yard. He clawed his way back into the wreckage and found his son, Billy, 2, still in his crib, covered but not crushed by heavy wreckage. Conklin, his wife, Betty, 34, and son were taken to a hospital with cuts and bruises.

Police in a preliminary estimate said the damage might reach \$100,000. City building inspectors were making a survey to determine more exact damage.

The twister struck Troy in the western part of the state at 12:45 a. m., dipping into a heavily populated downtown section first and cutting a path about a city block wide before bouncing into a residential section.

Hearing Still Slated Tomorrow

Confessed Youth Slayer Floyd Diamond Committed to Lapeer Training School

The 15-year-old youth who admitted he brutally stabbed and stoned 9-year-old Kathleen McLaughlin to death Feb. 17 was committed to the Lapeer State Home and Training School yesterday by Probate Judge Arthur E. Moore.

The move does not rule out the possibility that the youth, Floyd Diamond, will be tried for murder under adult statutes, Judge Moore explained.

A hearing is scheduled for Wednesday on a petition from Prosecutor Frederick C. Ziem to have Diamond, of 3245 Nottingham Knoll, Farmington Township, waived to adult jurisdiction for prosecution.

Kathleen, who lived near Diamond at 29430 Glenhurst, was found by her father partially submerged in a small pond near her home where she often went to ice skate.

Judge Moore said he took the

Egypt Blames 38 Deaths on Israeli Border Attack

CAIRO (AP)—Egypt charged Israel today with unleashing the most violent attack along the Israeli-Egyptian border since the 1949 Palestine armistice.

The Cairo government accused Israeli forces of killing 38 Egyptians and wounding 31 others in a "sneak" attack last night on an army headquarters two miles inside Egypt's coastal Gaza Strip.

Five hours after the first Egyptian announcement, an Israeli spokesman in Jerusalem countercharged that the Egyptians had crossed from Gaza into Israel to attack an Israeli unit.

The Jewish spokesman said the battle had "continued into the Gaza Strip" and the Israelis "suffered a number of casualties" before repulsing the Egyptians.

From the Jordan sector of Jerusalem, however, an announcement from the U.N. truce organization supervising the Palestine armistice supported the Egyptian version.

A spokesman said observers in the Gaza area had reported that an Israeli army unit had penetrated into the Egyptian territory and opened fire on Egyptian army troops. The U.N. spokesman said Egyptian casualties were put at 37 officers and soldiers killed and about 30 wounded but that Israeli casualties were not known.

In the first report of the action, Egypt's director of Palestine affairs, Lt. Col. Salah Gohar, said the Israeli forces surrounded the (Continued on Page 2, Col. 2)

Plants Operated by Consumers' Supervisors

Union Walks Off Jobs Despite Appointment of Survey Panel

Consumers Power Co. employees went on strike in 64 Lower Michigan counties at 12:01 this morning despite appointment yesterday of a fact-finding panel to seek a settlement.

Gas and electric service was maintained to the company's 3,250,000 customers, 180,000 of whom are in the Pontiac area.

The company warned, however, that continuation of service would be threatened by a prolonged strike of the 4,900 employees, a severe storm, a major line break or other emergency.

In Pontiac, about two dozen of the 300 local members of the CIO Utility Workers of America peacefully picketed entrances to the utility company's main office on Lawrence street and the service yard on Wessen street.

Pickets also appeared at the Birmingham branch office.

As soon as the walkout came, supervisory personnel immediately took over the utility's operations. Company officials said they could "maintain service indefinitely under normal conditions."

The Pontiac division serves 15,000 electric customers and 165,000 gas customers in Oakland County and portions of Wayne and Macomb counties.

The walkout came only a few hours after a move by the state designed to head it off.

The State Labor Mediation Board had certified the contract dispute to the governor's office and Gov. G. Mennen Williams had named a fact-finding panel.

State law covering utility disputes provides for such machinery, but unions frequently have challenged the validity of such law.

The governor's office in Lansing said the fact-finding panel had called a meeting for tomorrow, subject to return of workers to their jobs.

Lawrence L. Farrell, executive secretary to the governor, said the fact-finders could not function while a strike was in progress. He added it was his understanding management had agreed to meet with Smith's fact-finders in Ann Arbor tomorrow. Farrell said he (Continued on Page 2, Col. 3)

Air Force 'Boxcar' Crashes in Japan

TOKYO (AP)—The U.S. Air Force said a twin-engine C119 flying boxcar crashed tonight, 18 miles north of Ashiya Air Base on Kyushu Island.

A spokesman said all seven men aboard bailed out over water and were picked up by rescue crews. One man died later.

The spokesman said he did not know if any were passengers, or whether all were crew members. Names were withheld.

Post Office Burglarized

U.S. Authorities Probe Breakin of Union Lake Village Building

U. S. Postal authorities from Detroit today were investigating the weekend breakin of the Union Lake Village Postoffice after Oakland County sheriff's detectives yesterday reported \$1,353 stolen from the postoffice safe.

Detectives Jack Davis and Donald Francis said they believe the same thieves are responsible for three other breakins on Union Lake Road over the weekend.

The thieves, who entered the postoffice's 800-pound safe by knocking off the combination dial and driving out the pin, also took an undetermined amount of stamps, a traveler's clock and an auto radio speaker.

The office of Dr. A. J. Lowery, 1538 Union Lake Rd., was ransacked by thieves, but apparently nothing was taken.

Entry was gained to the doctor's office from the adjoining Huron Cleaners, 1536 Union Lake Rd., which also was ransacked. Police said the thieves stole a boy's suit and a man's suit and about \$10 from the Town Oak Cleaners at 2633 Union Lake Rd. An unsuccessful attempt was made to enter a neighboring grocery store, police added.

The postoffice branch is located in Mac's Radio and TV store at 1519 Union Lake Rd., Davis explained.

Red-Hunters Renew Quizzing of Unionist

WASHINGTON (U) — House un-American activities subcommittee members braced for more volleys of hot words today when they resume attempts to question labor leader John T. Gajack.

Gajack, a vice president of the United Electrical Workers Union (UE), refused yesterday to say whether he had been a Communist before 1949. But in a hearing that turned into a shouting match, the 38-year-old Gajack accused the Red-hunters of "union-busting" and using "paid liars" such as turnabout witness Harvey Matusow.

The three subcommittee members kept trying — without much success — to nail him with questions. Finally, Chairman Moulder (D-Mo) accused Gajack of dodging like "a soap box Communist."

Miss Julia Jacobs, 34-year-old office secretary for a District 9 local at St. Joseph, pleaded the Fifth Amendment time after time in testimony preceding that of Gajack. She did so when she was asked whether she is or ever has been a Communist Party member.

Lawrence Cover, 52-year-old secretary of a District 9 UE local at Peru, Ind., testified he never was nor will be a Communist and that he knows of no Communist in his unit.

Meeting Set Tonight on Toll Road Route

A group of citizens opposing construction of the Rockwood-Saginaw toll road along the route now proposed will meet tonight at 8 p. m. at Devon Gables, Telegraph and Long Lake Rds., according to Robert Vanderkloot, chairman.

The group claims the route as now laid out would disrupt residential areas in the county and that a more effective job could be done by constructing a freeway system.

Given Prison Term

Reuben McCray, 35, of 69 Clove St., yesterday received from 1 to 15 years in Jackson state prison when he appeared before Circuit Judge George B. Hartwick after pleading guilty last week to entering a home at 67 Clove St. last Dec. 18.

Stratojet Crash Kills 5 Persons

Crew of 3, 2 Others Die as Plane Burns in Trailer Park

LAKE CHARLES, La. (INS)—A B47 stratojet crashed in flames into a Lake Charles trailer park late last night, exploded and killed five persons.

Flaming debris from the six-engine bomber set fire to four houses and two trailer homes.

The victims included the three crewmen aboard the stratojet and two civilians.

Albert Morgan, 24, and his wife, Kate, 28, were burned to death when their house was destroyed by fire. T. Sgt. James Sapp, stationed at Lake Charles AFB, received second and third degree burns when his trailer home caught fire.

The military personnel killed were identified as Capt. Clarence Wilson, 24, California, Pa., married and the father of four children; Capt. Mark Beck, 35, Donnellville, Calif., married and the father of two children, and Capt. Elwyn McBee, 33, Fort Worth, Tex., married and the father of two children, the observer.

The pilot of the stratojet had made contact with the observation tower at the base after a night training mission and radioed for instructions before making his final approach for a landing when the crash took place shortly before midnight.

The crashing plane knocked down power and communications lines. Firemen had difficulty battling the blaze because of lack of water at the site, a quarter of a mile east of U. S. Highway 171.

Oratorical Contest Won by PHS Pupils

Eighteenth Congressional district winners in an oratorical contest, sponsored nationally by the American Legion, were three Pontiac High School youths.

First, second and third place at the contest held last night at Farmington, went respectively to: Garth Johnson, sophomore; Willie Edwards, senior; and James Jolly, senior. Their debate coach was Walter Smith.

A zone contest, matching winners from five districts, is scheduled for March 11 at the Frank Wentland legion post in Royal Oak.

Egypt Claims Israel Killed 38 in Attack

(Continued From Page One)

Egyptian unit and blasted it with mortars, demolition charges and automatic weapons. Then ambushed a truckload of Egyptian reinforcements on their way to the attacked position.

"The Israelis even threw Molotov cocktails of blazing gasoline into the wrecked truck," the Egyptian spokesman reported. "Twenty-two were killed and 14 were wounded. None escaped being either killed or wounded."

It was expected Egypt would act quickly to bring the incident before the U.N. Security Council.

Pontiac Boys Become Scouts in Ceremony

Four boys became tenderfoot scouts at investiture ceremonies conducted last night by Boy Scout Troop 2 in Central Methodist Church.

Scoutmaster Edwin Amidon presented tenderfoot pins to Clark Lefurgy, Henry Murray, Bob Stolorow, and Dennis Tripp. About 50 parents and scouts attended the court of honor, after which refreshments were served.

GI Hurt in Blaze

SEOUL (U)—Fire destroyed four buildings and injured an American soldier at the U.S. 3rd Transportation Railway headquarters here today. The soldier's name was withheld.

HOME SET AFIRE — This photo, taken minutes after a B 47 jet bomber crashed last night at Lake Charles, La., shows the home in which two persons were burned to death. The plane hit this home, three others and a trailer park, killing five persons. The crash scene was four miles northeast of the Lake Charles business district.

Services Maintained in Consumers Strike

(Continued From Page One)

had been able to contact union executives.

The governor's office requested Chairman John H. McCarthy of the State Public Service Commission to "keep in touch with the situation and see that essential services are maintained."

Workers are forbidden by the law from striking for a 30-day period given the panel to study a dispute. The panel makes recommendations for settlement. The recommendations are not binding on either party but in the past they sometimes have provided a basis for agreement.

An additional 10-day "cooling off" period after expiration of the 30 days also is provided by law.

Top state officials of the Utility Workers of America were not available for comment as to why the walkout was not delayed.

There also was no immediate comment from the state labor board, although Governor Williams reportedly was watching the situation.

The union is demanding a 15-cent an hour wage increase in a new contract. The old contract expired at midnight. The union also is seeking numerous other contract changes, including modification of the pension plan.

Consumers, which reportedly offered a seven-cent hourly raise, says the union demands would cost 35 cents an hour per employee.

The current average wage of the workers was not available. Negotiations became deadlocked last Saturday when the union said the company "just stuck to the seven-cent package offer and refused to budge."

Governor Williams named Russell A. Smith, secretary of the University of Michigan Law School, to head the fact-finding panel. Other members are Paul T. Sorenson, Muskegon, and Robert G. Howlett, Grand Rapids, both attorneys.

One company and one union official will sit in on panel sessions, but cannot vote on any recommendations.

Forty-Seven Men Fined in Vice Raids

Forty-seven men, charged with loitering after two weekend vice raids by Pontiac Police, paid total fines of \$1,175 yesterday when they pleaded guilty before Municipal Judge Cecil McCallum.

Also arrested, Ida Mae Herston, 45, charged with maintaining and operating an illegal liquor place at 397 Bloomfield Ave., and Daniel Perry, 62, of 4874 Rossiter, Drayton Plains, charged with aiding and abetting a gambling place at 64 1/2 N. Saginaw St. were released on \$100 bonds each.

Charged with soliciting, Lydia A. LaCount, 20, of 5738 Lorraine, Detroit, was ordered held in the county jail. A March 10 trial was set by McCallum for the trio.

Five Face Jail Terms, Fines in Auto Frauds

DETROIT (U)—Five Detroit area men today face a possible year in prison and a \$1,000 fine on charges of evading payment of state sales taxes in an alleged automobile swindle.

They are Eugene Ayotte, 30, Charles R. Bogart, 30, Thomas M. Scott, 31, and Thomas LeTourneau, 23, all of Detroit, and Billy Randolph, 30, of suburban Hamtramck.

The Real McCoy

ELY, Neb. (U)—Workers dug for hours to free a big truck snow-bound by a blizzard on Murray Summit south of here. The truck was loaded with 6,200 pounds of artificial snow en route to a movie set at Sun Valley, Idaho.

Sentence Is Imposed

In Circuit Court yesterday, Will Nalle, 34, of 4586 Bangor, Detroit, was sentenced to 1 to 15 years in Jackson state prison by Judge George B. Hartwick.

Nalle admitted Feb. 21 entering a building at 3150 Hilton Rd., Ferndale, Feb. 16.

Pontiac Dems Install Hicks as President

The Pontiac City Democratic Club Sunday installed George D. Hicks as president for the coming year, succeeding Norman Bolton who had served since the group was formed four years ago.

Other officers installed included John Shearer, first vice president; Marvin Kuschnick, second vice president; Allen Fikinton, treasurer; Albert Mallett, recording secretary; and Mrs. Marvin Kuschnick, corresponding secretary.

Others were Conrad Beaubien, sergeant-at-arms; Lloyd Lewis, guide; Mrs. George Hicks, publicity director; plus Lorne McCray, Cecil Warden and Joe Hiltz, trustees.

About 350 persons attended the meeting at 821 Baldwin Ave. Some 30 new members were introduced.

School Plan Awaits State Senate Vote

(Continued From Page One)

bipartisan board of canvassers. A constitutional amendment requiring voter approval, it, too, was sent back to the Senate with minor amendments.

The House also passed a bill requiring payment of engineering fees for drain construction from the current year's taxes.

Clearing both chambers, a constitutional amendment to fix qualifications for Supreme Court and Circuit Court judges was placed on the April ballot. Judges would have to be attorneys and not more than 70 years of age.

The Senate defeated another constitutional amendment plan to permit counties to combine in Probate Court districts and to let the Legislature fix qualifications for probate judges. It fell five votes short of passage.

Detroit Firm Plans to Build Plant in Troy

The Vickers Corporation of Detroit has announced plans to build a \$2,000,000 plant on a 76 acre site in Troy Township, and is seeking to have the land annexed to Royal Oak.

The proposed site is at the southwest corner of Crooks and Maple Roads.

Petitions requesting the annexation have been drawn up and circulated to secure the necessary 600 signatures.

Vickers officials said today that in all probability they would build on the site, whether it was annexed or not. A tentative occupancy date of early next year has been set by engineers.

Plans call for the installation by Vickers of a 12-inch water main and a 12-inch sanitary sewer which would be leased by the company to Royal Oak if the annexation goes through.

Weight Restrictions Placed on Trunklines

Weight restrictions for trucks traveling all types of state trunklines from the south state line north to M20 were announced by the State Highway Department effective at noon today.

The whole Thumb area is included. Restrictions had been on only gravel and blacktop trunklines north to US 12. Concrete roads are now included.

Watch Dogs Only Watch

OMAHA (U)—The woman told the police desk sergeant "there's a prowler in my back yard, my dogs here in the house are barking like crazy." The sergeant suggested she might turn the dogs loose to deal with the situation. He drew the snappy reply "Oh, I couldn't let my babies get hurt!"

Return to Seoul Base

SEOUL (U)—South Korean army headquarters officially returned to Seoul today after five years in Tegu, about 250 miles south of here.

Soviet Shakeup Elevates Seven

Four New Men Enter Top Circle of Russian Government

MOSCOW (U)—Four new men entered the top circle of the Soviet government today and three others already well known moved up the ladder.

In the first major government shakeup since Marshal Nikolai Bulganin became premier three weeks ago, the Presidium of the Supreme Soviet raised three deputy premiers to the rank of first deputies and named four other men to be deputy premiers.

These were the new appointments, announced early today:

To be first deputy premier—former Trade Minister A. I. Mikoyan, M. G. Pervukhin and M. Z. Saburov, chairman of the State planning Commission. They join Foreign Minister V. M. Molotov and L. M. Kaganovich, who have been first deputies since Stalin died nearly two years ago.

To be deputy premiers—A. P. Zavenyagin, onetime vice commissar for heavy industry who was also named minister of medium machine building; M. V. Khromchev, once minister for the aircraft industry; V. A. Kucherenko, formerly deputy minister for construction and machine-building enterprises, and P. T. Lobanov, deputy premier of the Russian Socialist Soviet Republic since 1953 and before that a deputy minister of agriculture.

The Soviet Union's four other deputy premiers are former Premier Georgi Malenkov, I. S. Tevosyan, A. N. Kosygin and V. A. Malyshev. Of these, today's announcement mentioned only Malyshev. It said he was giving up the post of minister of medium machine building to Zavenyagin and now would supervise a group of machine building industries.

Clarkston Youth Held in Series of Crimes

MOUNT PLEASANT (UP)—Four "very intelligent" Central Michigan College students sat in jail today while police in five counties went through their lists of unsolved crimes to see if any of them have been admitted to the youths.

State Police Lt. Ed Johengen of the Mount Pleasant State Police Post said the four 19-year-olds admitted a year-long series of breakins, thefts and forgeries in which the loot runs into "thousands of dollars."

Johengen identified the youths as Lawrence C. Tillotson and Leonard W. Moore, both of Plymouth; Donald B. Northcott, Clarkston; and John C. Spencer, Midland.

The State Police lieutenant said all four, who were sophomores at CMC, "are very intelligent with IQs of 130."

The youths confessed the crimes following their arrest for investigation of forgery and then led police to hiding places where a large amount of stolen goods and cash was recovered, Johengen said.

Meat Company, District Head Named in Warrant

James McCollum, food inspector for the state Department of Agriculture, has obtained a second warrant here against the George A. Hormel Co. of Austin, Minn., and its Michigan district manager.

The warrant against district manager Jack Conway of Detroit, charges that the legal limit of fat percentage in sausage was exceeded in a sample of the company's product.

Conway paid a \$20 fine on Feb. 23 on an identical charge. The sample was obtained from a Pontiac store.

Bombagi Sentenced in Fatal Stabbing

Antone Bombagi, 48, found guilty of second degree murder Feb. 18 by a jury, was sentenced to 10 to 25 years in Jackson state prison yesterday by Oakland County Circuit Judge George B. Hartwick.

Bombagi, of 161 Pingree St., was convicted in the fatal stabbing of George Spencer, 30, of 125 Baldwin, Orion Township, last July 17 after an argument over Bombagi's wife.

That'll Teach Her!

WHITE ROCK, B.C. (U)—John R. Macrea, 50, a cripple, was arrested yesterday and charged with murder in the strangling of his 80-year-old mother Mrs. Minnie Copeland Macrea. He told police: "I didn't like the way she fixed my breakfast."

President William Henry Harrison had 10 children, six sons and four daughters, by one wife.

The Day in Birmingham

Union Controversy Snags Fire Station Construction

BIRMINGHAM (U)—Congressman George A. Dondero (R-Royal Oak) has intervened in a union squabble that finds the new Adams Fire Station an unwitting guinea pig.

The City Commission was informed last night that Dondero has arranged for a hearing before a Washington D. C. jurisdictional board on Thursday or Friday of this week to settle a labor

question involving AFL carpenters and bricklayers unions.

City Manager Donald C. Egbert said Birmingham's east side station is being used as a test case to determine which of the unions has the right to install precast concrete panels of the type being used in the building.

He explained that the bricklayers were removed from the job Feb. 2, after the contractor, unaware of the conflict, started the carpenters union on the installation. Little work has been done since then, he said.

Problems of the city's second new station were also discussed. Slowness on the part of the contractor erecting the Chesterfield-Maple building has caused the city to stop further payment until more work is completed. Egbert will also notify the bonding company. Meanwhile, lawmakers approved the purchase of two flagpoles for the stations, at a total cost of not more than \$750.

"Speech and Mental Health" will be the topic of Mrs. Harriett Kopp when she addresses the Child Study Group meeting at 8:15 tonight at the home of Mrs. Scott Purvis, on Henrietta. Mrs. Kopp heads the corrective speech department of Birmingham public schools.

Congregationalists will continue their usual Wednesday Lenten Potluck dinners and programs at 6:30 tomorrow. The Rev. Robert D. Dewey will also conduct a Bible study class at 10:30 a. m. each Wednesday, when a nursery will be provided.

Men's breakfasts and worship will be at 6:45 a. m. Wednesdays and young people will lead brief meditations at 7:30 a. m. Thursdays.

Pythian Temple No. 94 will have its regular business meeting at 8 tonight at the Community House.

Members of Ladies Auxiliary No. 9 of the Metropolitan Club, will meet as usual with Mrs. Walter Leibold, Cranbrook road, Bloomfield Hills, at 8 p. m. tomorrow. Mrs. Patrick Tobin is chairman of the refreshment committee.

A pantry shower for Goodwill Industries in Detroit will be held after a talk is given by a Goodwill representative to the Women's Fellowship of the Congregational Church at 8 tonight. The meeting is in observance of Founder's Day.

Police lost no time in letting the public know they meant business about last night's midnight deadline for sporting 1954 car license plates. Records showed seven violation tickets issued in the early morning hours.

Royal Oak Woman Admits Burglary

An 18-year-old Royal Oak housewife will be sentenced on a burglary charge Monday after pleading guilty before Oakland County Circuit Judge George B. Hartwick yesterday.

Two male companions of Mrs. Rosemary Anderson, arrested on the same charge, stood mute at the arraignment and a plea of innocent was entered for them. Trial date will be set.

The youths are Robert Isaacs and David LaMaster, both 18 and also from Royal Oak. The three are accused of breaking into a Waterford hardware, an Independence Township lumber company and a Berkley grocery.

Rochester Men Plead Guilty in Store Breakin

Three Rochester men, charged with breaking into a grocery store Feb. 21, pleaded guilty yesterday in Circuit Court and Judge George B. Hartwick set sentencing for March 7.

In Oakland County Jail under \$5,000 bond are Jack Baker, 34, of 1007 W. Third, Thomas Bell, 31, of 1458 Courtland, and Charles Alverson Jr., 25, of 123 Woodward. They admitted entering Davey's Market, at 1012 N. Main, Rochester.

America Short of Technicians

Engineering Specialists Needed to Keep Step With Russia

BOSTON (AP)—The United States may be falling seriously behind Russia in a race which many Americans don't even know they're in.

In this swift-changing atomic-electronic age, educators say that this country may soon be handicapped in research and development by a shortage of engineering technicians—the men who turn plans into production.

Unofficial figures show that last year Russia graduated about 50,000 engineers and the same number of engineering technicians. The United States graduated 23,000 engineers and 13,000 technicians.

In some fields, particularly the automobile industry, five technicians are needed for each engineer.

This situation is causing deep concern among educators and government officials alike.

Secretary of Commerce Sinclair Weeks warns that without technicians the efficiency and progress of the engineer and the scientist would be critically curtailed or utterly lost.

What is this field which is being comparatively neglected by American youth, despite the scarcity of workers and the promise of good salaries?

Dr. H. Russell Beatty, president of Wentworth Institute, a top Boston technical school, says the technician combines the points of view of the scientist and the skilled craftsman.

GONE ARE GONDOLAS—Rio di Palazzo, one of Venice's major canals, is drained for cleaning. In background is Bridge of Sighs between Old Prison and Doge's Palace.

"Here is a field definitely between the trades and the engineering field," says Dr. Beatty. "It is a field for the doer, the builder."

"The engineer plans; the technician makes and does. The engineer creates and projects; the technician operates. The engineer is concerned with the why of a job, the technician principally with how to do it."

There are about 60 technical institutes in this country. Out of their intensive two-year courses come engineering team

specialists, such as draftsmen, designers, cost estimators, production supervisors, chemists, testers, research technologists, control supervisors, time study men, technical salesmen and planners of production and construction.

"The warrant officers of industry," Dr. Beatty calls them. Often they become contractors and owners of businesses.

Starting salaries are not far below those of engineers and, says Dr. Beatty, "We have no placement problems."

3 Soldiers Hanged for Slaying Cabbie

LANSING, Kan. (AP)—Three soldiers who killed a taxicab driver died on the gallows early today in Kansas' first triple execution since the state resumed capital punishment two decades ago.

The three enlisted men hanged under Army supervision, were Chastine Beverly, 25, Balty, Va.; Louis M. Suttles, 26, Chattanooga, Tenn.; and James Riggins, 28, Birmingham, Ala.

All wore regulation army uniforms stripped of insignia. They went to their deaths quietly.

They were convicted at Ft. Leonard Wood, Mo., of fatally beating Harry Langly, a Waynesville, Mo., cab driver and stealing his cab and money in September, 1951.

Military authorities and President Eisenhower upheld the death sentences fixed by a court-martial.

Union Vet Recovers

DULUTH, Minn. (AP)—Albert Woolson, 108, last Civil War Union Army survivor, will be well enough to return home in a few days. Hospital spokesmen said he apparently has recovered from the lung congestion that put him in the hospital, Friday.

HOT NEWS

ABOUT THE HOT CAR

Buick production hits new highs
to handle the orders pouring in!

GOOD thing the Buick factories stepped up production of the 1955 cars when they did—because customer orders are pouring in.

It seems that just about everybody wants a 1955 Buick—the "hot" car this year that's getting hotter by the hour.

So hot, in fact, that it's topping the huge popularity which moved Buick into the "Big Three" of the nation's best sellers last year.

Know why? Plenty reasons.

Bold new styling, of course. And brilliant new V8 power. And room and comfort and luxury interiors—and an even finer, softer, steadier ride.

But the big reason is a new magic from the field of aviation—Variable Pitch Dynaflo.

Twenty propellers inside this wondrous automatic drive do what the modern airplane propeller does—they switch their pitch.

One way, you get a lot more miles per gallon in normal driving and cruising.

You switch the pitch to another angle just by pressing down on the gas pedal—and you get a new kind of instantaneous response for getaway or for safety-surge accelerating power.

It's an experience you've never had before in an earth-bound vehicle—and it's thrilling beyond words.

So you can see why we're writing up orders and selling Buicks at a record rate.

And you can see more of the reason why when you look into the low pricing schedule that makes Buick

the buy of the year, hands down.

Buick Sales Are Soaring!

Proof? Buick is outselling all other cars in America except two of the best-known ones in the smaller-car field. And for two good reasons: (1) popular prices low enough for any new-car buyer to reach; and (2) a line of cars to fit any budget, from the low-priced SPECIAL, to the high-powered CENTURY, to the extra-spacious SUPER, to the custom-built ROADMASTER.

Come in and check things for yourself. Once you do—and press that gas pedal—we believe you won't be happy till you're bossing your very own Buick.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Thrill of the year is Buick

Your Income Tax—2

Card Form 1040A Can Save Time for Many

By FRANK O'BRIEN
of Associated Press

The amount and kind of income you had in 1954 determine which of the tax forms you are eligible to use.

You may have a choice of forms. In that case, your choice will probably depend upon whether you decide to accept the standard deduction for personal expenses, or to itemize your deductions so as to get more than the standard allowance.

The standard allowance is approximately 10 per cent of your adjusted gross income; that is, 10 per cent of your total income after any business-connected deductions have been subtracted. Deductions will be discussed in articles 7 and 8 of this series.

There are just two basic individual income tax forms—1040 and 1040A. But 1040 can be used as either a short form or a long form. There is no separate short form 1040 or long form 1040.

The forms have been considerably revised this year to conform to the new tax law. But the 1954 federal income tax forms are basically the same as those used for many years.

Persons with adjusted gross income of \$5,000 or more must use form 1040. In doing so, they may either itemize their personal deductions, or take the standard deduction allowance.

Persons with income of less than \$5,000 may use form 1040A, short form 1040, or long form 1040, depending on the kinds of their income, and how they want to handle it.

There are a number of deciding factors. Here they are, beginning with form 1040A, the simplest tax return, through 1040 short and 1040 long:

1040A—To be eligible to use this form, your income during 1954 must fit these specifications:

1. It must be less than \$5,000. That means up to \$4,999.99. If it is a joint return, the combined income of husband and wife must not exceed \$4,999.99.

2. It must consist entirely of wages from which income tax was withheld and reported on a withholding form (W-2) you get from your employer or employers, or:

3. Of wages up to \$4,999.99 from which tax has been withheld, plus not more than \$100 more of other wages, interest and dividends. This would not include dividend receipts excluded from your income, because only the taxable part counts in this \$100. If it is a joint return, the husband and wife

together must have no more than \$100 of income from which taxes were not withheld.

4. Your income must not include receipts from any of the following if you are to use 1040A:—annuities; rents; royalties; retirement income; business profits or professional earnings; farming; transactions in securities or other property; earnings as a participant in partnerships, estates or trusts; or reimbursed expenses which are taxable.

5. You may not use form 1040A if you want to deduct business-connected expenses from your income (such as traveling costs); or if you have a tax credit coming to you from dividend or retirement income; or if you claim the special "head of household" status or the new "joint return status" of a widow or widower whose spouse died in 1952, 1953 or 1954.

Commissioner of Internal Revenue T. Coleman Andrews urged all who are eligible to use form 1040A: "This card-type form was specifically designed to make tax filing as easy as possible for many millions of taxpayers. For those millions who can use it, it is simplicity itself. The ease of preparation will save the user time and inconvenience. We will save time and money because the card processing is accomplished mechanically. Our savings are the taxpayers' in the final analysis, for it is the taxpayers' money that pays for the collection of the nation's revenues."

As previously, users of this form

HOW CARD FORM WORKS—Here is a sample of the new card income tax form, front and back, which many taxpayers with incomes under \$5,000 can use this year. Made out for fictional persons at a fictional address, it would call for a refund of \$26.80—which doesn't show on the form, but is computed by the Internal Revenue bureau, which notifies you whether you have overpaid your tax or owe the government money. You do not send payment with this form. And remember, the form reproduced here is just a guide. Your own figures will no doubt be different, and your own return may not require you to use all the blanks filled in here. Or you may need more, if you have a big family.

If you want to deduct business-connected expenses from your income (such as traveling costs); or if you have a tax credit coming to you from dividend or retirement income; or if you claim the special "head of household" status or the new "joint return status" of a widow or widower whose spouse died in 1952, 1953 or 1954.

Commissioner of Internal Revenue T. Coleman Andrews urged all who are eligible to use form 1040A: "This card-type form was specifically designed to make tax filing as easy as possible for many millions of taxpayers. For those millions who can use it, it is simplicity itself. The ease of preparation will save the user time and inconvenience. We will save time and money because the card processing is accomplished mechanically. Our savings are the taxpayers' in the final analysis, for it is the taxpayers' money that pays for the collection of the nation's revenues."

As previously, users of this form

simply put down their name and social security number (husband and wife), address, whether or not it is a joint return, total wages, total taxes withheld, other income, credits and exclusions, and list exemptions.

The wages, withholdings, other income, credits and exclusions of both husband and wife are set down separately on the card if it is a joint return.

You then put the card, along with your W-2 forms, in an envelope mailed with the form, and send it to the district director.

The district director's office, using this information, figures your

your adjusted gross income to under \$5,000. Any sort of income may be reported on this form, so you may want to use this short form 1040 if you are forced off of 1040A by some kind of income that may not be reported there. For instance, if you want to claim a tax credit for dividend income, or have any retirement or rental income, you must use form 1040, short or long.

Also, if you have some employee expenses that you want to deduct from your income (not possible with 1040A), this is your next simplest form. These business-connected deductions, in general, include certain reim-

bursement expenses, and costs to you as an employee of travel and transportation, or your expenses as an outside salesman.

You may use this form and deduct from your tax any credits you have coming to you from dividend or retirement income. But you may not itemize personal expense deductions and still use the short form.

A table on the back page of the instructions mailed to you with your tax forms will tell you your tax liability according to your marital status, the number of your exemptions and the size of your adjusted gross income. The table automatically gives you the standard allowance for personal deductions.

Long form 1040—Regardless of the size of your income, if you want to itemize your personal deductions, you must use the long form. If your adjusted gross income is over \$5,000 you must use it, whether you want to itemize, or want to take the standard deduction for personal expenses.

The principal difference between long and short 1040 is that in using the long form you work out your tax liability yourself, instead of finding it in a table. You get the help of a table, on page 14 of the instructions, that does part of the work for you after you have found your taxable income.

The next article, No. 3 in this series, will deal with the joint return, in which important changes have been made by the new tax law, and requirements for filing as a head of household.

(Next: The new law on joint returns.)

Since the end of World War II private industry has spent more than

Read instructions carefully. Complete both sides of form. Please print.

Florida GOP Will Sue Hotel

Aroused Over Incident in Which 24 Negroes Were Asked to Leave

MIAMI, Fla. (AP) — Dade County Republicans last night voted to sue the Urmey Hotel over a Lincoln Day dinner incident in which 24 Negroes were asked to leave.

The Republican County Executive Committee also:

Apologized to guests of Negro committee members who were embarrassed by the incident.

Commended the action of officers and committee members who walked out of the dinner in protest.

Ordered a resume of the facts to be sent to President Eisenhower.

Called for a federal investigation to determine if civil liberties were violated.

Joe Miller Jr., a Young Republican leader, blamed Edward N. Claughton, owner of the hotel. Miller said that while plans for the dinner were announced six weeks in advance, Claughton registered objections only three days before it was to be held.

Bert Acker, chairman of the dinner and twice candidate for governor of Florida, said he had notified Wesley Garrison, state committeeman and co-chairman, three days before the Feb. 12 incident that Claughton said Negroes

could not be served in the dining room.

Acker said he urged Garrison to heed Claughton and asked the Negroes to stay away.

Garrison said, however, that Joe Clemmons, operator of the dining room, agreed to serve the Negroes.

No details over size of the suit or what charges may be brought were announced.

New, exclusive
TIMKEN Silent Automatic 3-POINT-PLAN
makes mid-winter changeover easy, economical

1. Yes, in Just 3 to 8 Short Hours, You Can Change from Coal to Oil Heat without Discomfort or Inconvenience to your family!

If you're tired of listening to your furnace roar away fuel, here is an ideal way to change to Timken Silent Automatic oil heat with its whisper-quiet warmth and comfort. Just pick up your phone and call your nearest Timken Silent Automatic Dealer. You can find him in the Yellow pages of your telephone book. He'll come over at your convenience to analyze your heating problem... without charge. Using his factory-training, he can change your heating system from messy, costly coal heat to clean, quiet oil heat in as little as three hours!

2. And We Take Care of the Coal in Your Bin. Timken Silent Automatic 3-Point Plan Solves This Problem, Too. No worries for you!

No need to worry about having any surplus coal left in your bin. Your local, factory-trained dealer has a special plan to dispose of any coal you have. You can change immediately!

3. You Don't Pay a Penny 'Til June 1st! You can pay for your new automatic heat in just 36 easy payments. Your new burner will save you money while you pay!

Actual experience of many thousands of Timken Silent Automatic owners shows that fuel savings alone pay for the cost of the burners in just a few years. And you get extra savings in electricity and service fees.

ACT NOW AND GET THIS SPECIAL GIFT!

FREE! \$1.00 RETAIL VALUE
KITCHEN SHEARS

If you act now, these useful kitchen shears are yours. Just make sure that you have your Timken Silent Automatic Dealer make your heating analysis in March. There is no obligation, of course.

Approximately
\$350
PER WEEK
(Installed)

Why you'll prefer the Well-Flame Burner
This famous burner blankets heat-absorbing surfaces with natural, unburned, blue-hot flame. Gives fast, economical heat. Has only one self-lubricating moving part for a maximum of dependability and a minimum of service.

Guaranteed in writing to save up to 25%!
In replacing ordinary gas-type burners, the Timken Silent Automatic Well-Flame Burner cuts all bills as much as 25 or 60%. It is actually guaranteed in writing to save up to 25%! And the home owner will get these savings or his original burner will be re-installed—free of charge!

Schiaparelli Creates Shower Curtains

By PHYLLIS BATTLE
NEW YORK (INS) — Madame Schiaparelli has been telling people what to wear for dozens of years, and that was true okay with me. But now that she's creating shower curtains—trying to dictate to the well-dressed bath—I must protest. You can cut off my sleeves and expose my knees, madame, but kindly do not foist upon me your tub trends.

My bath may not be chic nor "important" as they say in fashion circles, but it has a certain

understated informal decor that I rather like.

From its simple soap dish to its fringed, off-the-floor tile, it expresses the great American feeling of casualness.

I have nothing whatsoever against "Schiap." as she is good-naturedly referred to in the jocular shower curtain trade, but I feel U. S. householders should think it over carefully before they allow the French couture to dictate a new shower silhouette.

Do not be too quick to give in to "the newest French accent," the most sophisticated French colors and French patterns." Beware the sleeping blues, shocking pinks and Calais whites, lest you become a shower snob, insufferable to your easy going, simple-sounding friends.

Otherwise, you will encourage Schiaparelli and her ingratiating ilk to try more dictation to Americans and gradually, insidiously, our country will be French in motifs with Dior doorknobs, Balmain bedspreads, Balenciaga bed-

warmers and cuspidors by Carven. You think I'm kidding? Look what Schiaparelli bath already wrought!

She started out, more than a quarter-century ago, knitting little sweaters in Montmartre to put her daughter, Gogo, through school, and she quickly grew to be a pretty big fashion wheel in Paris. But right after the last war, she announced she was going to make some nylon stockings for American consumption. She wasn't sure they'd "go," she told me then, but she'd rather like to try.

In shocking pink boxes, etched with the name Schiaparelli and the price \$2.95, they went like hotcakes. This encouraged Schiap to introduce a suit and coat collection. Then came perfume and jewelry, and dresses. Later she branched out into lingerie for Americans, then men's sport shirts and shorts, followed by men's lounging robes.

There was a brief lull (about 1931) while Schiap sat in her Paris salon and wracked her brain for more things to sell America. There didn't seem much left, but she is

a resourceful woman, so presently we were offered a line of Schiaparelli shoes. Then wallets. Then accessories of various types. Having scraped the bottom of the fashionable barrel, the inventive designer introduced note paper. And now?

The shower curtain influence doubtless will be widely felt. It is interesting to contemplate the results of the probable "10 best-dressed bathtubs of 1953" competition, and many aspirants will be lured, of course, into the rivalry for "Miss Shower Chanteuse."

But think it over carefully, America, before you take the plunge. Once you are in the Paris shower curtain set, you may be caught up once again in the French fashion whirl—plunging curtains, side-draped curtains, conceivably even shortie curtains for summer.

My advice is: Cherchez la remnant de privacy, friends, or the chic shall inherit the earth!

(Tomorrow: A Viennese beauty expert informs Miss Battelle that American women wash too little and wiggle too much.)

1,510 Dogs Receive Rabies Vaccinations

A total of 1,510 dogs received rabies vaccinations at seven non-profit clinics set up the past weekend throughout Oakland County.

In all, 4,896 canines were immunized during the three weekend

dates for the clinics, sponsored jointly by Oakland County Veterinarians' Assn. and the county health department.

Dr. Frank R. Bates, director of the animal welfare division, said this is an increase of more than 35 per cent over the 3,555 dogs vaccinated last year.

Rabies immunization is required before dog licenses can be obtained in Oakland County.

Even Schoolteachers Read Comic Books

BERKELEY, Calif. (AP)—If you read comic books it isn't necessarily a sign that you are a low-brow, says a study made at the University of California.

Even 12 per cent of the nation's schoolteachers read them, and so do very bright children.

The report was written by Edward L. Feder of the university's public administration staff for the State Legislature.

Americans buy about one billion comic books a year and pay \$100 million for them. This, says the report, is more than is spent for the entire supply of schoolbooks and is about four times as much as the combined book buying budgets of the nation's public libraries.

Feder says there is no acceptable scientific evidence to prove or disprove that comic books have any relationship to juvenile delinquency.

Highway users paid \$6 billion in taxes in 1953.

Don't Challenge Drivers Whose Cars Are Weapons

By MARGARET LATROBE

Now the "experts" are saying that it isn't always high speed or mechanical failures which are the great killers on our highways; it is drivers who are often "psychologically disposed to kill," whether they know it or admit it.

Are you pretty sure at the boob driving ahead of you? He pulled right out from the curb without looking? He won't let you pass? Won't yield right-of-way to others at the intersections?

And you've decided to show him? Friend, think again. Fall back, take a detour, light up a stogie and tune in Arthur Godfrey. Do anything except "show him"—unless you are prepared to check in at the undertakers.

For your unpleasant chap up front is a potential killer and to him it's a matter of complete indifference whether it will be you or the next guy. That it may also be himself doesn't impress him, either.

To challenge him is the most immature, ill-advised act you could perform. He may be expressing his resentment against the boss or his wife or just against life itself. Driving his car, he is the big boy; for once, the boss. And nobody can tell him what to do at this moment. He is the master of his fate—and yours, as well, if you annoy him.

Some of these folk identify themselves as immature show-offs by decorating their automobiles with coon tails, dangling baby booties and crumpled fenders reminiscent of past skirmishes. They are constantly demonstrating that their car needs only two wheels instead of the customary four for the curves. They exhibit disregard and discourtesy by jumping signal lights, being fast on the take-off.

Australian Kicked Out of Japan Ninth Time

KOBE, Japan (AP)—A former Australian soldier, Frank L. Weaver, boarded the Osaka Maru today preparatory to being deported from Japan for the ninth time. The ship sails for Sydney tomorrow. Weaver has slipped into Japan using many ruses, purportedly in an attempt to marry a Japanese. An immigration spokesman said he actually came to see many girl friends.

Keen-Eyed Sheriff Gets Driver After 8 Months

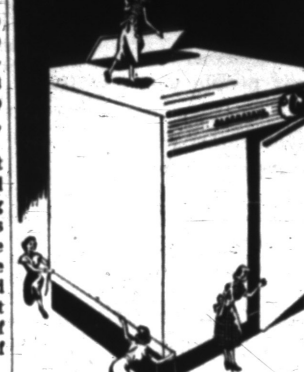

SIDNEY, Neb. (AP)—Sheriff Bill Schulz has a good memory and a keen eye. Last June Dean Darling of Denver was given a ticket for speeding in his truck. But he ignored it. Last weekend Schulz saw Darling in Sidney. He marched him over to County Court, where Darling paid \$15 and costs after pleading guilty.

and elbowing ahead at every opportunity.

Some day there will be obligatory treatment for them, instruction which will make them happier people and happier drivers. But until then—the traffic experts say we would be much wiser and live longer if we avoided these desperadoes who don't carry their weapons—they drive them.

THE TERRIBLE PAINS OF RHEUMATISM-ARTHRITIS KEPT ME AWAKE NIGHTS

"Before using O-JIB-WA BITTERS, I couldn't even raise my arms to comb my hair," says Mrs. Charlotte Cooper-Smith, 24608 Valley St., East Detroit.

Rheumatism and arthritis in my arms, shoulders, and neck, pained so bad that I couldn't even raise my arms to comb my hair.

My neck bothered me too, as it was stiff and pained terribly when I tried to turn my head. Why, I could hardly wash clothes, as it caused my arm to pain just to have my hands in the water. In the water, I was all better. I could move my neck without fear of pain. I do all of my housework now, and sleep well every night. The good sleep helps my nerves and gives me lots of pep and ambition. Words fail to praise O-JIB-WA BITTERS enough for what it has done for me.

I don't know what to do to stop the pains. I suffered like this for about a year when a relative told me about O-JIB-WA BITTERS. He had rheumatism and arthritis in his legs and knees so bad that he could hardly walk or even stand up. O-JIB-WA had put him back on his feet, so I thought it might help me. In about three weeks I could actually feel the difference, and by the time two months had passed, I was all better. I could move my neck without fear of pain. I do all of my housework now, and sleep well every night. The good sleep helps my nerves and gives me lots of pep and ambition. Words fail to praise O-JIB-WA BITTERS enough for what it has done for me.

U.S. Self-Trust Urged by Rhee

ROK President Talks on 36th Anniversary of Independence Action

SEOUL (AP)—President Syngman Rhee today urged Americans to "trust yourselves a little more."

"Have faith in your own ideals, for truly the American principle and the American ideal are the last great hope of the world."

Rhee spoke at Seoul Stadium on Korea's 36th anniversary of her independence movement against Japanese rule.

"No Asian will ever forget what America has done for the freedom and independence of Asian peoples," he said.

"I wish the people and the government of the United States were not quite so quick to criticize and doubt themselves. When they hear the Communist propaganda charging that the people of Asia do not like their interference, they are fearful that there might be some truth in such charges, and they have tendency to withdraw."

Rhee recalled the dark days of 36 years ago when tens of thousands of Koreans revolted against Japan, declaring Korean independence, which they didn't achieve until the end of World War II.

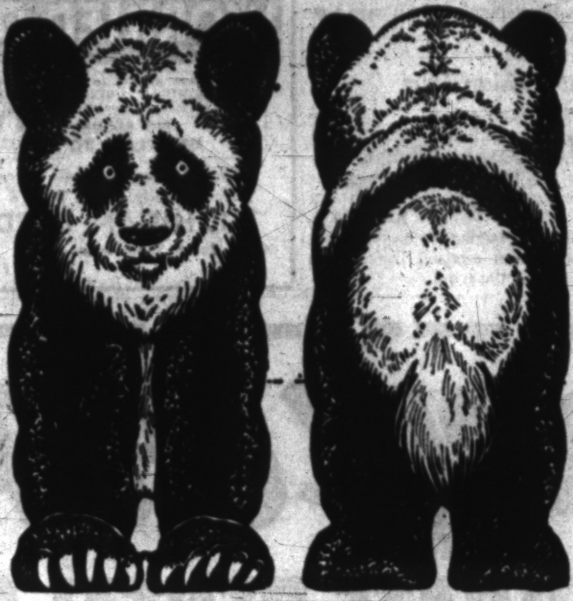

Speaking of the fight against communism, he said:

"In this life and death struggle we count on the nations of the free world, and especially on the United States."

Construction of privately owned community facilities such as private hospitals and schools, has stayed at about 900 million dollars a year for the past five years.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

POLLY THE PANDA

You can add this funny little stand-up Panda to your collection of animals. The panda, which looks like a bear but is smaller, lives in China and Tibet.

To make your own paper panda, paste this page on stiff black paper. Cut out the two parts carefully. Paste the front and back parts together, down to the bottom of Polly's head. Then spread the legs apart and Polly will stand, as in the small drawing. Tomorrow: Make a paper bag mask.

Ambulance Call Brings 'Copter to the Rescue

HOUSTON (AP)—When a first lieutenant received injuries in an automobile wreck near here, a patrolman called for an ambulance and received a helicopter.

The craft dropped between power lines, settled near the accident

scene, and corpsmen had 1st Lt. Herschel Williams, 27, Mobile, Ala. at a base hospital in 10 minutes. "Williams needed an ambulance and our rescue teams needed practice," said a spokesman at Ellington Air Force Base.

Claims Free World Losing War of Words

ROSWELL, N.M. (AP)—Gen. Carlos Romulo of the Philippines says the free world is losing its advantage in the Far East by not making more of its opportunity to play up positive points.

The former president of the United Nations General Assembly and special envoy to the United States said last night:

"We are losing this propaganda warfare in Asia."

"The Manila conference last September . . . instead of emphasizing the fact that two important documents were signed, the Manila Treaty and the Pacific Charter . . . publicized the negative side — that Indonesia, Burma, India and Ceylon did not participate."

Suggests Scholarships

WASHINGTON (AP)—Secretary of the Army Stevens has recommended to Congress that the government give scholarships to help overcome the shortage of doctors and dentists available to the armed forces.

Acquit Hormel's Agent for Shooting Into House

LOS ANGELES (AP)—Anthony Kent, press agent for meat packing heir George Hormel II, has been freed of a charge of firing a gun into an inhabited dwelling.

The court held yesterday that the shot fired into Hormel's house, just missing him, last Jan. 9 was fired without malice. The court ordered the charge dismissed. Kent claimed the shot was a publicity stunt following the case in which Hormel was acquitted of a marijuana possession charge.

Three-Foot Midget, 70, Says He's Oldest Alive

DRUMMOND, Okla. (AP)—Nicu DeBarcsy, who says he's the world's oldest living midget, celebrated his 70th birthday yesterday as a guest of the Lions Club.

DeBarcsy, a native of Hungary, stands three feet in cowboy boots and weighs around 25 pounds. The cigar-smoking midget has been a familiar sight on Drummond streets for 43 years. He retired from show business in 1932.

THRIFTY DRUG STORES

148 N. SACINAW ST. NEAR SEARS WEST HURON AT TELEGRAPH

No wonder Pontiac sales are breaking all records!

1 You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars or stripped economy models of higher-priced makes!

2 Only Pontiac gives you luxury-car size plus the sensational Strato-Streak V-8!

*Biggest car at its price (122" and 124" wheelbases)
Most powerful car at its price (180 horsepower)
Only car at any price with distinctive Vogue Two-Tone Styling and the riding and driving ease of the torsion-free, Shock-proof Chassis.*

It is the considered opinion of more people than ever before in history that Pontiac is far and away America's best buy today.

At the right are major reasons for this judgment—a combination of low price and luxury features unmatched by any other car.

But there's another fact even more telling. The sweep to Pontiac is coming from both directions!

People who watch expenses naturally choose Pontiac. A look at the car, the price, and Pontiac's great record for thrift, reliability and high trade-in value wins them every time.

But, people who normally shop for high-priced cars are buying Pontiacs, too. It's the dashing

distinction . . . the terrific drive of Strato-Streak V-8 power . . . and the comfort-promoting size and weight of the shock-proof chassis that does it. Pontiac, they say, would be a great buy at any price!

Come in for final proof that it pays to go Pontiac—the top trade-in allowance made possible by Pontiac's popularity. You'll wonder why you've waited so long to switch to modern motoring!

Report Only 3 Deaths

GRAND RAPIDS — The Greater Grand Rapids Safety Council reveals only three accidental deaths from all causes were reported in January. It was the lowest total for any January in

the past five years. One of the deaths resulted from a traffic mishap.

Women in the U.S. on an average outlive men by about six years.

Hal Boyle Says:

Equal Rights for Women Are Just What Men Need

NEW YORK — Curstone comments of a pavement Plato: Congress is missing a bet. Rep. Katharine St. George of New York, who is both a lady and a Republican, has introduced a bill you'd think every man in America would back.

It proposes a constitutional amendment to give women equal rights. Naturally her male colleagues, who may feel they already are living in a civilization dominated by feminine muscle, don't act very excited.

They aren't interested in giving women even more power. And the bill seems to have disappeared down a deep dark well, the same well it vanishes into every year that Mrs. St. George introduces it.

But what the gentlemen in Congress are overlooking is the fact that they may be missing a rosy opportunity to get back equal rights for men. The amendment would abolish all legal discriminations based on sex alone.

Mrs. St. George believes a lot of antiquated state laws now do discriminate against the ladies. She cites a number of states in which their sisters aren't allowed to serve on juries. She says that in North and South Dakota a husband can put his wife out to work and make her turn all her pay over to him.

(Editor's Note: Can this be possible?)

(Boyle's note: Well, I have been in North and South Dakota and never met a husband there strong enough to tear even a dollar bill from his wife's closed paw.)

The lady legislator chivalrously admits many states have passed laws giving special protection to working women. But she feels most women would willingly forego these special privileges for the chance to compete with men on equal terms.

Why doesn't Congress leap at this golden chance? Anything that tends to equalize the sexes before the law can't help but hold out the hope of giving a better break to America's frustrated, beaten-down males.

Granting the exceptions listed by Mrs. St. George, don't women by both custom and the actual working of the law enjoy vast advantages over men today?

They have special privileges in everything from getting a seat in a crowded bus to getting away with marital murder. A man who kills his wife in a fit of rage after 20 years of incessant abuse goes to the chair or to prison for life. But a wife can cold-bloodedly mow down her husband, invent any defamatory lie about him she can think up to explain her action, and have an odds-on chance to cry her way to freedom. She may even later marry a sympathetic bachelor on the jury.

The energy men burn up in outworn forms of gallantry—running errands for women, lighting their cigarettes, straining themselves pushing revolving doors so the girls can walk through without so much as even lifting their little pinky—probably is one explanation why men die younger.

One man I know even blames his baldness on his chivalry. "My mother taught me at the age of 5 to remove my hat in the presence of ladies," he said. "aft-

er 35 years of taking off my hat and putting it on again, I finally wore all my hair off. And what is my reward? Women laugh at me now."

There is also the little legal matter of alimony. A wealthy woman now can marry a poor and innocent young man, turn his boyish head with her riches, and then—after he gives her the best years of his life—toss him aside penniless and go on to another man. If he tries to sue her for a fair share of her boodle, he is laughed out of court as a bum.

The 20th Century has been a one-way street for the ladies too long. Let's climb on Mrs. St. George's bandwagon, boys, and force women once and for all to take equal rights. If they are made equal in law, they must in time accept equality in social customs, whether they want to or not.

Let the girls tip their hats to us every time we tip ours to them. Let them light our cigars every time we light their cigarettes. Let them do their fair share of pushing in revolving doors. Let them divvy up some of that 70 per cent of the nation's wealth they now control. When they go on maternity leaves, let's us go on paternity leave.

An equal rights amendment that shifted more of the world's burden on women would help free a man from worrying about what would happen to his widow. It might result instead in leaving him a care-free, cheerful old widower himself, with nothing on his mind except where to find the right cozy blonde to soothe his sadness while they spent the insurance money.

April Draft Call Slashed to 8,000 — All for Army

WASHINGTON (UP) — The Defense Department has slashed April draft calls to 8,000 men, all for the Army.

The April figure compares with 11,000 for March and February, and 23,000 for January.

The Defense Department said "This call represents a moderate decrease from the previous estimate because of a greater number of voluntary enlistments into the Army than had been forecast."

Motor vehicles generate 92 per cent of the U.S. horsepower.

Letter by Gen. Cass 'Saved' Chicago

CHICAGO (INS) — "The letter that saved Chicago" will become a permanent part of the collection at the Chicago Historical Society today.

The letter, written June 11, 1833, by Michigan's Gen. Lewis Cass to the War Department, pleaded against abandoning Chicago as an outpost. Gen. Cass wrote:

"I consider the post at Chicago more important than that at Green

Bay, (Wis.). Its evacuation will give a death blow to all hopes of settling that part of Illinois."

The War Department agreed with the general and Chicago was "saved."

Plan Russian Tour

WASHINGTON — Supreme Court Justice William O. Douglas and Chief Counsel Robert F. Kennedy of the Senate Government Operations Committee plan an auto tour of Asiatic Russia this summer. Douglas said yesterday he has been advised the Soviets will permit the trip.

NEW MERCURY WINS RAVE REVIEWS FROM AMERICA'S TOP AUTO EDITORS

"In my book, the 1955 Mercury Montclair is the best-looking car made in America regardless of price . . . The '55 Mercurys have nearly everything—looks, top performance and roadability."

TOM McCAHILL
True Magazine's
"Automobile Yearbook"

"On looks, (Mercury) is sleek enough to draw whistles . . . a doozy to drive—quick, smooth, and sure-footed. It is the kind of car you would want as a good companion on a long, fast trip."

FRANK ROWSOME, JR.
Popular Science Monthly

"With its all-new styling and high speed, (the new Mercury Montclair) may become 1955's most popular car . . . I love its looks, visibility, speed and handling . . . It's hot as a pistol."

HARVEY B. JAMES
Auto Age

"Performance-wise, all three lines (Custom, Monterey, and Montclair) are bombs, triggered by big 292 cubic-inch engines with plenty of torque for spine-tingling pickup when you want it."

AUTO EDITORS
Mechanix Illustrated

Mercury Montclair, Monterey, Custom on the test track at Dearborn, Michigan. All 10 models in Mercury's 3 new series are powered by new Super-Torque V-8 engines (198 horsepower in the Montclairs, 188 horsepower in the Monterey's and Customs). Dual exhausts are standard equipment on the

Montclairs and Monterey's. Mercury's pickup and passing power has been boosted in every speed range. Tests show acceleration increases of as much as 30 per cent, and you get far more usable power for safer passing and hill climbing. Get behind the wheel of a new Mercury. Feel the difference yourself.

India, Pakistan Getting Friendly

Kashmir, Other Issues May Be Ironed Out in Talks This Month

NEW DELHI, India (U-P) — March may provide India and Pakistan a bright new prospect for reconciliation.

For the first time in more than a year, the two countries are voicing good will toward each other; and rumors are current of a solution in disputed Kashmir and on many of the other issues dividing the feuding neighbors.

In the first week of March, "steering committees" of high Indian and Pakistani officials will meet, probably in New Delhi. They will discuss dozens of minor disputes and do the spadework for a New Delhi meeting at the end of the month between Prime Ministers Jawaharlal Nehru of India and Mohammed Ali of Pakistan.

At the moment, relations are better than they have been since Ali and Nehru met in 1953, in the same atmosphere of good will now prevailing. This atmosphere was quickly dissipated in charge and countercharge, however.

But the pendulum started to swing back. New Delhi and Karachi agreed to reopen talks, under the auspices of the World Bank, on division of Indus Canal waters. A railroad link was opened between India and West Pakistan for the first time since partition in 1947. Bitter relations again gave way to good will, and in January Pakistani Gov. Gen. Ghulam Mohammed visited New Delhi to join in India's Republic Day celebrations. The March negotiations were scheduled.

Minor issues range from the payment of pensions to grade and travel regulations. The World Bank will be allowed to continue its efforts to resolve the canal matter while Kashmir will be left to the prime ministers.

Rumors current in New Delhi and Karachi say Ali and Nehru may agree to settle Kashmir on a "status quo" basis — incorporating those parts of Kashmir now in Pakistani hands in Pakistan, and the Kashmir areas under Indian control in India. The present cease-fire line, drawn by the U. N. Security Council, would become the border between Pakistan and India. The question remains whether Indian and Pakistani opinion would accept this solution.

Dove Lover's Pigeon Talk Game Bill

LINCOLN, Neb. (U-P) — Mrs. John Lueshen was before the Nebraska legislative subcommittee yesterday fighting to keep the dove on the state's nongame bird list.

When a proponent of dove shooting commented that carrier pigeons are extinct, she exclaimed, "Passenger pigeons, not carrier pigeons are extinct. Men who don't know the difference between carrier pigeons and passenger pigeons shouldn't carry a gun!"

The dove hunting bill was killed. The passenger pigeon is a term applied to a species of the breed with irregular migratory habits. The "carrier pigeon" is a common term applied to a pigeon used for carrying messages and with little migratory instinct.

Close 19 VA Hospitals, Hoover Group Urges

WASHINGTON (UP) — The Hoover Commission has recommended that 19 Veterans Administration hospitals be closed, including one at Iron Mountain.

It said they have "such a small bed capacity, are so poorly located or have such a low rate of bed utilization that their continued operation is uneconomic and ineffective."

The commission said the total cost of operating the facilities is more than \$25,000,000 a year. Providing care for their patients in unused facilities of more efficient VA hospitals would save \$5,000,000 annually, the commission said.

CARNIVAL MASK—Faces are featured when Italian painter Novella Parigini paints a mask on Dutch movie starlet Anna Maria Francis for Pre-Lenten season ball in Rome at which younger folks went in for unconventional decoration.

News of the Men in Service

Lt. Jerome R. Wobrock of Birmingham was recently joined by his wife, Barbara, and daughter, Wendy, in Okinawa.

Among the Marine officers graduated recently from the first Post-Graduate Administrative Course at Quantico, Va., was Lt. Leroy E. Johnson, son of Mr. and Mrs. William J. Johnson of Birmingham. A graduate of Wayne University, has been transferred to Camp Pendleton, Calif.

Pvt. Jere F. Dorrough, son of J. T. Dorrough of Birmingham, recently arrived at Camp Kobe, Japan, and is now a member of the Kobe Port's Headquarters Company. A graduate of Purdue University, Pvt. Dorrough entered the Army in July 1954 and completed basic training at Fort Leonard Wood, Mo. He is a unit supply specialist at the detachment.

Pvt. E. L. McDonald, whose wife, Carol, and parents, Mr. and Mrs. Floyd McDonald, live in Birmingham, has been graduated from the Army Quartermaster School at Fort Lee, Va. He completed the school's supply records course.

Also graduated from the Army's Quartermaster School at Fort Lee, Va., was 2nd Lt. Paul C. Grant

Jr., whose parents live in Birmingham.

A 1954 graduate of Michigan State College, Lt. Grant completed the school's associate quartermaster company officer course.

Serving with the First Provisional Marine Air-Ground Task Force at the Marine Corps Air Station in Kaneohe Bay, T. H., is Cpl. Chalmers J. White, son of Mr. and Mrs. C. A. White of Birmingham.

He entered service in October 1953 and later served in Korea with the 1st Marine Division.

Sgt. I. C. George L. Smith, son of Gordon W. Smith of Birmingham, is a member of headquarters of Army Forces Far East and 8th Army at Camp Zama, Japan.

Sgt. Smith, whose wife, Kikuko, lives in Yokohama, has been in the Far East since February 1954. A veteran of over eight years' service, he is chief clerk in the plans and operations branch at the headquarters supply section.

Excuses, Always Excuses

PITTSBURGH (U-P) — Chester A. McKibben, a plasterer, has been excused from further jury duty in a murder trial. He said he accidentally swallowed a lath nail while the court was in recess last weekend.

Worth Five Dollars of Anybody's Money

WESTERVILLE, Ohio (U-P) — For \$5, Walter Bonnett discovered, he could have the privilege of throwing a chocolate pie in the face of the Otterbein College librarian.

Seems the Student Council recently came up with the idea of holding an auction, with all sorts of privileges to the highest bidder, to raise money for four organizations which help students go abroad go to college.

Bonnett, a junior from Dayton, tossed the pie at Otterbein librarian John Becker. Bonnett scored a hit. The professor grinned.

Assessments on Davis Drain to Be Reviewed

Review of assessments on the Davis Drain, to be constructed this spring in Novi Township, began yesterday in the office of Oakland County Drain Commissioner Ralph A. Main.

Residents affected by the project have ten days in which to visit the office to find out what part of the estimated \$14,000 cost they will share.

Survives 3-Story Fall

DETROIT (U-P) — Walter Simard, 25, fell from the top of a three-story building yesterday while painting a sign. He suffered only cut hands, a sore hip and twisted ankle. He said he broke his 50-foot fall by grabbing at wires and brackets holding the sign.

Oakdale Gardens Housing Project Goes on Sale Today

Slate Hearings in Carver Fight

March 21 Court Date Set on Recall of Two School Board Members

ROYAL OAK TOWNSHIP — Court hearings will begin March 21 on whether the George Washington Carver School Board should be ordered to hold a recall election against board members Mrs. Loretta Baker and Chester Carter. The petitions were filed by James E. Harrison heading a two-man minority on the board seeking reforms in the school's administration, with support from a 185-member Citizens' Improvement Committee.

Mrs. Baker, 47, secretary of the board, Jan. 11 told police she was beaten by three masked men in her home. Dr. Howard H. McNeill, of Pontiac, examined her on request of Circuit Judge Frank L. Doty last week.

Judge Doty yesterday set March 14 for statements to be taken from Mrs. Baker at her home with approval from Dr. McNeill.

Otis Eaton, chairman of the Improvement committee, yesterday said only about 65 persons own property within the school district and are thus able to serve on the board.

His group is backing a change in the state law proposed by Chief Assistant Prosecutor George F. Taylor which would allow anyone with children in school to run for the board in a district where less than 25 per cent of such parents are property owners, said Eaton.

Public Meeting Set at Lakeville

Build School Addition or Consolidate Is Issue to Be Debated Tonight

LAKEVILLE — Residents of this area will be confronted with two possible alternatives in a solution to the problem of overcrowded schools at a meeting scheduled for 8 p.m. tonight at Lakeville School.

Whether to consolidate now with Oxford and other outlying school districts or to build two additional classrooms to the Lakeville School is the question that will face residents and the school board.

The Lakeville study committee will give a report on its survey of the area and a second report on a similar study of the Oxford area will be made by a delegation from the Oxford study committee.

Featured speaker will be Kenneth Brown of the county Board of Education, who will outline consolidation procedures and explain its advantages and disadvantages.

A question and answer period will allow residents and property owners to express their opinions on the alternate proposals, so that the school board may arrive at a decision as to which course is the best to pursue.

Notices have been sent to all property owners urging them to turn out for tonight's meeting.

Civil Defense Group Forming in Keego

KEEGO HARBOR — A Civil Defense unit is being organized in Keego Harbor, with Armond Pace as sector warden.

The aim of those interested is to register everyone in the area over 16, to determine what each person is best fitted to do in an emergency.

Pace said there is a need for three more deputy wardens, and ten persons to make a house-to-house canvass.

Persons interested have been asked to contact either Pace or deputy warden Mrs. George Morgan.

Study Club Aids Civilian Defense in Westacres

WESTACRES — Members of the Westacres Child Study club are distributing to and collecting civil defense registration cards from all residents over 16 years of age. This is one of the services which the club is rendering the township civil defense effort.

The club also has assumed the responsibility of securing a staff for the club house which has been designated a refugee center.

Mrs. William Duckwitz and Mrs. Robert Shores are directing both of these activities.

Given Fine, Probation

Richard O. Prough, 21, of 30½ Stout St., yesterday was placed on two years probation and fined \$200 by Circuit Judge George E. Hartwick.

Prough admitted Feb. 12 taking \$30 from his home at 28½ Stout Feb. 12.

Aid Club Seeks New Members at Walled Lake

WALLED LAKE — The Walled Lake Civic Welfare Club is seeking new members who are interested in aiding the needy in the area. The club acts swiftly when disaster strikes, bringing immediate aid until such time as organized charity groups can render assistance.

The group meets at Stoncrest in Walled Lake, the first Wednesday of each month. Associate memberships are available to those who find it impossible to attend regular meetings.

At the noon meeting tomorrow, hostesses will be Mrs. James Smart, Mrs. Lena Watkins, and Mrs. Howard Mesnard.

Predicts Dixie Won't Back Ike

Tennessee Senator Says Eisenhower Will Lose South in 1956

WASHINGTON — Sen. Gore (D-Tenn.) said today he doesn't believe President Eisenhower will have "an outside chance to carry a single Southern state in 1956."

Gore said he disagrees with Gov. Robert F. Kennon of Louisiana, who said yesterday in Richmond, Va., that if Adlai E. Stevenson is the Democratic candidate again he will run into party opposition as he did in 1952. Stevenson lost four Dixie states to Eisenhower: Texas, Florida, Virginia and Tennessee.

Kennon supported Eisenhower in 1952. Gore, who backed Stevenson, noted this in an interview and asked: "Who is he to tell the Democrats whom they should nominate?"

Kennon, suggesting alternates to Stevenson, said he wasn't predicting that any Democratic candidate could beat Eisenhower. The President has given no public word as to whether he will run in '56.

Kennon and Republican Gov. Walter J. Kohler of Wisconsin had a White House appointment with Eisenhower late today. James C. Hagerly, White House press secretary, said he understood the two wanted to discuss the administration's highway aid program.

The Louisiana governor is chairman of the Governors' Conference. Gore said he believes the traditional Democratic hold on the South has been solidified by Eisenhower administration policies.

Chevrolet Controller Succumbs in Bay City

BAY CITY — Thomas David Hyland, 47, resident controller for the Chevrolet Division of General Motors in Bay City since 1952, died in a hospital today.

A native of Syracuse, N.Y., he had worked for Chevrolet since 1930 in Buffalo, N.Y., Baltimore, Detroit, Tarrytown, N.Y., and Flint. He is survived by his widow, Alice, and a 14-year-old daughter.

Shades of Rube Goldberg

Car Run by Water Power Sounds Like Pipe Dream

BENTON HARBOR (UP)—Herbert Wokeck, a retired German machinist, is working on something a lot of people have been dreaming of for years — an automobile engine powered by water. Wokeck, who has been trying to develop a water-powered engine for nearly half a century, holds a copyright on his latest plans and hopes eventually to come up with a working model.

Wokeck said he had little success during most of the time he has been working on water-powered motors until he came up with the idea of operating the motor by centrifugal force controlled by water pumped under pressure in and out of a series of turbines.

"Engineers who have looked at my plans say the centrifugal-force idea is good," Wokeck said. "But there are some bugs that must be worked out before I'll have a working model."

Wokeck said the motor he is working on now would be for a standard family car. It would have four turbines with a gear system which would focus power into the drive shaft.

Each turbine would have two valves—one to take in water and the other to drop it.

Each turbine, half filled with water under pressure, would spin and the uneven weight of the water would keep it spinning and at the same time power the drive shaft.

Wokeck said. "A speed of 2,000 revolutions a minute, or 160 horsepower, could be developed, if three pounds of water were used in each of the four turbines," Wokeck said.

He said no starting power would be necessary because the water would start operation as soon as a valve were opened and that could be done by the twist of a key.

Wokeck said he realizes he is working against tremendous odds and has a lot of problems to solve before his motor works—such as what happens when the temperature goes below the 32-degree freezing point.

Tenants to Ask Purchase Rights

Forming Co-Op to Buy Units; Deal Could End Carver School Disputes

Oakdale Gardens Housing Project in Royal Oak Township goes on sale today, and just who buys it can be a matter of tremendous importance to the strife-torn Carver School District.

A price of \$1,443,875, for the project's 500 dwelling units and large administration building was announced this afternoon by officials of the Public Housing Administration.

At a general meeting Sunday some 150 residents of the project voted unanimously to form a co-operative to purchase the project. If the deal goes through, some 1,180 property owners, eligible to run for school board positions, will be added to the Carver district.

This could solve the problems of the school district which has been the scene of strikes, violence and court action. Currently only about 65 of the approximately 8,000 residents are eligible to serve on the school board or vote on bond issues, and this inadequate representation is believed to be the crux of the disunion which has plagued the district ever since it was formed in 1945.

Shares in the proposed co-operative would sell at approximately \$2,700 each, project manager Eugene R. Henderson said.

"I'm confident the people will ante up and buy the project," Henderson added. "Everybody's enthusiastic."

Down payment on a share would be about \$375, with balance payable at the same rate as current rental payments. Included in the down payment would be the prorated cost of office and maintenance equipment, including several trucks and shop machinery. A 15-year mortgage would pay off the balance.

Shareholders would not own individual units, but would have a share in the whole and be given a perpetual lease on the unit which each occupies. When the mortgage is paid, rent would be reduced to cover maintenance costs only.

At the Sunday meeting, residents present expressed themselves 100 per cent for the co-operative. A temporary 16-man committee headed by resident Edward A. Wilson was re-elected on a permanent basis, and authorized to secure an attorney, form the cooperative association and collect deposits on shares.

Housing Administration conditions for the sale specify that residents have until April 30 to form a mutual ownership corporation to purchase the property.

The corporation membership must include at least 67 per cent residents of dwelling units in the project, or a total of 443 of the tenants.

Gas stoves and electric refrigeration units would be included in the sale.

Car Run by Water Power Sounds Like Pipe Dream

And, he said, he knows a lot of people think he is working on some sort of "pipe-dream" but that the same people will hail him as a hero if his invention works.

Should the price of water for any reason ever go up, Wokeck's engine wouldn't cost much more to operate "because it won't use much water once the tanks have been filled."

"If I don't find a solution to the problems I'm trying to solve now, someone else will someday in the future," Wokeck predicted.

Oxford Talk to Air Government Change

OXFORD — An open forum meeting for residents of Oxford will be held at 7:30 p.m. today at the Veterans Building. Discussion will be held on the proposal to change Oxford's government from operation under general law for villages to home rule village type. Village Attorney Robert Parenti and other members of the committee for governmental change will speak on the subject. A question and answer period, will follow their talks.

Work Simplification Classes Postponed

Cardiac classes which were to have started Thursday at the Novi Community Center have been postponed. Mrs. Mary Hixon, Oakland County home demonstration agent, said yesterday.

Instead they will be held on April 29 and May 6, 13 and 20. The 9:30 to 11:30 a.m. classes are designed to simplify work for homemakers, particularly those with heart conditions. Reservations may be made by calling Mrs. Hixon at the Oakland County Extension Service, which is sponsoring the course with the Michigan Heart Assn.

FINAL PREPARATIONS — Making sure last minute details for the Waterford Center PTA Family Carnival are attended to are co-chairmen Mrs. Homer Peterson and Mrs. Harry Little, with the assistance of helpers Dennis Nevala and Susan Hodges. The annual affair will be held from 5-9 p.m. Saturday at the school, with each class planning its own special project. Included in the offerings will be a baked swiss steak dinner, movies throughout the evening, a beauty parlor operated by kindergarten pupils, a talent show and many other features. The public has been invited to attend the affair.

Deaths in Nearby Communities

Mrs. Harry Wells

MILFORD — Service for Mrs. Harry (Belle) Wells, 83, of 454 Cooley Lake Rd., Milford, will be held at 1:30 p.m. Friday from Richardson Bird Funeral Home, with burial in Oak Grove Cemetery. She died Monday.

Surviving are her daughter, Mrs. Harold Simcock of Milford; a son, Kenneth of Holly; a sister, Mrs. Della Noble of Milford; eight grandchildren and five great-grandchildren.

Opposes Cutting Services of VA

Legion Executive Raps Hoover Plan to Trim Vet Medical Benefits

DETROIT — Robert M. McCurdy, head of the American Legion's rehabilitation commission, says the Legion strongly opposes a recommendation of the Hoover Commission to cut the federal medical program for ex-service-men.

McCurdy told a Detroit Economic Club audience yesterday that the majority of veterans who have received medical treatments at the taxpayers expense are entitled to them. And he said the Legion is opposed to closing any Veterans Administration hospital.

The Commission on Organization of the Executive Branch of the Government, headed by former President Hoover, recommended Sunday among other economy moves, the closing of 19 VA hospitals, including the one at Iron Mountain.

McCurdy said of a commission report that a check turned up cases of veterans being treated for non-service disabilities who had private resources that the "average income in 71 per cent of the cases was \$4,000 to \$6,000."

"How can a man with a \$4,000 income and family responsibilities meet the terrific cost of fighting off the ravages of cancer on such an income?" McCurdy asked.

McCurdy defended allotments for veterans who suffered service disabilities even though they have recovered sufficiently to hold their own in competitive labor.

He said that most veteran patients with non-service disabilities are sent to VA hospitals for treatment by private doctors when it is found the ex-GIs cannot pay as private patients.

County Calendar

Aven Township
The Elmwood PTA executive board will meet at 2 p.m. Wednesday at the school.

Metamora
The Metamora Ladies' Aid Society will meet at the Pilgrim Congregational Church Thursday afternoon to make plans for a Good Friday supper.

Two Area Couples Vacationing in Cuba

Critical Operation Keeps Bette Davis From Screen

By ALINE MOSBY
United Press Hollywood
Correspondent

HOLLYWOOD (UP)—Bette Davis, back from the wilds of Maine for her first movie in three years, told how a critical operation kept her off the screen and nearly spelled curtains for one of film-dom's first ladies.

The big-eyed Miss Davis, a little curvier but still with her decisive gestures and dramatic voice, brought a little life back to Hollywood when she swept into town to star in "Sir Walter Raleigh" at 20th Century Fox studio.

For three years she has been living in virtual retirement near Portland, Me., with her husband, actor Gary Merrill. But it wasn't just the beauties of Maine that

kept her from the film cameras, she said.

"I was operated on two years ago for a bone tumor on my jaw," she explained as she rested in her Bel-Air Hotel after a day of wardrobe tests at the studio.

"Two years ago last month, and I'm only now recovered! It was a very strange experience. I haven't been in pictures because I wasn't allowed to work. I've been quite ill, but I'm much better now. My face will always be a little numb, I guess.

"It's took me so long to get back to feeling good. After such an operation you have to rebuild your entire system. Any doctor will tell you there's no rougher operation."

No scars are visible on the famous Davis face, however. As she was being fitted earlier at the studio for 12 neck ruffs she'll wear in the movie, she looked much the same as she did when she created the identical Queen Elizabeth role in 1939 for "the private lives of Elizabeth and Essex."

"This always has been one of my favorite parts," she said. "They mentioned this film two years ago and now that I'm able to work they were ready to go."

After four weeks' here, Bette will return to New England, "but this is nothing new. I've always been a New Englander."

"I had a house in New Hampshire for 20 years," she said.

"I'm not interested in doing a lot of work, but I hope I'll make a picture once a year. After all this time, I think that's enough. I have a chance at another kind of life again."

Besides getting another look at palm trees and oranges, she's also seeing her husband's TV show for the first time. For nearly two years, Merrill has commuted by plane weekly to New York for his NBC-TV show, "Justice." But his wife never had seen it "because the Portland station didn't get the program."

"So the other night I sat in my hotel room here, turned on the set and finally saw it," she laughed.

Founders' Day Set April 27 by Group

Mrs. Dallas Nelson was hostess Monday evening to members of the City Council of Beta Sigma Phi Sorority. The group discussed a fashion show to be sponsored by the sorority Thursday evening at Pontiac High School.

Plans were made for a Founder's Day banquet to be held April 27. "Water Wonderland" will be the theme of the affair. Miss Adah Shelly will be installed at the banquet as an honorary international member.

"March Whirl" Invites Guests

Any young adult 20 years old or older is invited to join "Young Adult Club members at 'March Whirl,' a non-date dance to be held Thursday from 9 to 12 in the YMCA Green Room.

Club members are planning mambo lessons for March 10 and a square dance is scheduled for March 17.

Educator to Speak Here

An open invitation to hear and discuss "Teenage Problems and How Parents Can Help" has been extended by the Parent-Teacher Association of the Pontiac High School for Wednesday at 8 p.m. in the high school gymnasium.

Parents of high school students are asked to visit the classrooms and talk with the teachers at an open house which will precede the PTA meeting.

To address the group will be Miss Lauretine Collins, author and educator from the Detroit schools.

Professor of health education at Wayne University from 1938-45, Miss Collins has served as instructor at the University of Colorado, Ohio State University, Mills College, Reed College, University of Missouri, University of Chicago and the University of Wisconsin.

Interested in school-community relations, she is vice-president of the Detroit Urban League, a member of the National Conference of Christians and Jews and belongs to the League of Women Voters.

She is co-author of "Modern Program in Physical Education."

Mrs. D. G. Sellner of Birmingham declares that Michigan grows "big things" too! She is photographed sitting on her newest and largest all wool, hand braided rug which is 12x16½ feet. Recently the Press carried a picture of a Utah woman beside a 10x12 rug which was believed to be the largest of its kind ever made. Mrs. Sellner beats this record with her "smallest" creation, a 11x13 foot rug.

Stork Shower Held Honoring Mrs. Grappin

Mrs. James Grappin was honored Sunday afternoon at a pink and blue shower held in the home of her mother, Mrs. Simon Martell on West Howard Street. Co-hostesses were Mrs. Grappin's sisters, Mrs. Thomas Trotter, Mrs. Joseph Freer, Mrs. Donald Garner and Mrs. John Wright.

The guests placed their gifts in a basket covered with blue taffeta and white net with pink ribbon. A pink and blue cake topped by a stork centered the refreshment table.

Out of town guests were Mrs. Diane Rhode of Minnesota, Mrs. Patrick Murphy, Mrs. Douglas Pelkey, Evona Murphy, Mrs. Edward Pelkey, Mrs. Gerald Pelkey, Mrs. Lyle Pelkey and Mrs. James Pelkey, all of Detroit.

Others were Mrs. Louis Grappin, Mrs. Dexter Miller, Mrs. John O'Neill, Mrs. John Watkins, Mrs. James Ockerman, Mrs. Douglas Stevens, and Sylvia, Tina and Josie Larson.

Still others were Suzanne O'Neill, Donna Moors, Dolores Taylor, Margaret Martin, Carolyn Muschell, Roberta Wright, Ruth Lundgren and Sharon Grappin.

LAURETINE COLLINS

By Frieda Huggett

India Is Topic Discussed

Pontiac Business and Professional Women's Club heard Frieda Huggett speak on "India—Land of Contrasts" at the Monday dinner meeting held in Hotel Waldron.

The speaker attended a conference of social workers in Delhi, India, in 1952. Her illustrated talk explained the people and their customs in the places she visited.

She said that, in India, the type of turban worn tells much

Two Hostesses Entertain for Mrs. Crites

Mrs. Ward Ross and Mrs. Kenneth Evans were hostesses at a pink and blue shower honoring Mrs. Russell Crites of East Lansing. The shower was held in the Ross' Berkshire road home.

Guests at the Friday evening affair were Mrs. E. W. Zuehlke, Mrs. Robert Crites, Mrs. James Zuehlke, Mrs. E. E. Kuhn, Mrs. Albert Hagerman, Mrs. Forrest Brown and Mrs. Ray Ward.

Others were Mrs. Homer Conant, Shirley Conant, Mrs. Marge Borst, Natalie Burt, Mrs. Ray Sherman, Julie O'Brien, Mrs. Verla Underwood, Mrs. Gerald Starkweather, Mrs. Clifford Starkweather, Mrs. Frank Lawrence and Mrs. Norman Hunt.

Mary and Susan Hunt of Lake Orion and Mrs. Ann Zuehlke of New Haven completed the list.

Hospital Official to Address PTSA

Wever Junior High School PTSA will hear Marguerite Parrish and several of her staff members discuss and demonstrate how psycho-drama is used in speeding the recovery of mental patients.

The meeting will be held Thursday at 7:30 p.m. Miss Parrish is director of social service at Pontiac State Hospital.

Entertainment for the evening will be a musical program given by the school's girls' glee club under the direction of Joanne Wilson and the 9th grade mixed chorus directed by William Cofling.

about the individual. Serving on the international relations committee for the club are Mrs. John Dow, Violet McCoy and Mrs. William F. Todd. Miss Huggett's talk carried out the committee's program, "Know Your World Neighbors."

An invitation was received from the Northwestern Club to attend a tea at Redford Memorial Building on March 6 in celebration of the club's silver anniversary.

Mrs. C. William Salton, program chairman, announced that the March 25 program will be planned by health and safety committee members; Josephine Seeley, Frances King and Dr. Joyce Carrow.

Joyce Steinback was welcomed as a new member. Hostesses for the evening were Ethlynn Peterson, Grace Mills, Mrs. Ross Boyd and Julia Diamond.

Amvets Set Date for Fashion Show

A show of fashions from Union Store will be given by Wright-Fournier Amvet Post 161 and auxiliary March 16 at 8 p.m. in Roosevelt Temple.

Modeling fashions will be Mrs. James Cavalier, Mrs. Ben Weber, Mrs. Victor McNair, Mrs. Carl Bartlett and Mrs. Walter Siggins. Tickets will be sold at the door or may be purchased from members.

Plans for this fashion show and card party were made Sunday evening when members of the post and auxiliary met in the Earlmor drive-home of Mr. and Mrs. Robert J. Brown.

Coming Events

Tree Children, Daughters of Mohawks will meet Wednesday at 8 p.m., 128 W. Pike St.

Pythian Sisters Sewing Club will meet Wednesday at 11 a.m. at 184 W. Huron St. for a co-operative luncheon.

Royal Neighbors Get-together will be held Thursday at 10:30 a.m. at the home of Mrs. Kenneth Ross, 534 Hill-cliff Rd.

Pontiac DeMolay Mothers Club will meet with Mrs. Paul Weale, 1779 James E. Blvd. Thursday at 7:30 p.m.

General Richardson Chapter, DAR, will hold its annual meeting and officer election Thursday at 1 p.m. in TWCA.

A. C. Girards in Jamaica, Pattersons to Visit Keys

Dr. and Mrs. Howard B. Barker and Mr. and Mrs. Harry M. Fryale, all of Bloomfield Hills, are vacationing at Havana, Cuba, and the Isle of Pines.

The Jack Patterson family of Illinois avenue is making plans to leave soon for a vacation in the Florida Keys.

Mr. and Mrs. E. L. Derocher of North Berkshire road will return Wednesday from a two week stay in the Hawaiian Islands.

Mr. and Mrs. A. C. Girard of Bloomfield Hills are vacationing at Montego Bay, Jamaica.

Mr. and Mrs. Kenneth Schluchter have returned to their home on Silver Hill road after vacationing for a little more than two weeks at Pass-A-Grille and St. Petersburg, Fla.

They were accompanied on the motor trip by Mr. and Mrs. Fred Green of Goodrich. The couples also stopped at New Orleans.

Mr. and Mrs. William Dean Thompson of East Iroquois road were recent visitors at Orlando, Fla. They were accompanied by former Pontiac residents, Mr. and Mrs. Roy T. Connolly of Maitland, Fla.

Dr. and Mrs. H. Clay Murphy of Oriole road have returned to their home after their month vacation in Mexico City. They also visited in San Antonio and Bryan, Texas.

Mrs. Jessie Zahn was honored Sunday at a family dinner on the occasion of her 50th birthday. The party was given by Mr. and Mrs. Lawrence J. Dusenbury at their home on Exmoor road.

Guests included Mr. and Mrs. Kleber P. Dusenbury, George Dusenbury, Mr. and Mrs. Dan O'Connell of Detroit and Mrs. Zahn's great granddaughters, Karen and Dorothy Dusenbury.

Marilyn Louise Churchill, daughter of Mr. and Mrs. Wilfred L. Churchill of Lakeshore drive, has been cast in a production of "The Lady's Not for Burning," at Albion College.

The rollicking verse comedy by the contemporary English playwright, Christopher Fry, will be presented by the Albion College Players on campus March 11 and 12.

Mr. and Mrs. W. G. Brown of South Tilden avenue entertained Sunday at a birthday party honoring their granddaughter, Paula Mores Corneli, on her third birthday. She is the daughter of the Paul Corneli of Inkster.

Guests were Mr. and Mrs. Melvin Washburn and children Jacqueline, Gary and Sidney; Mr. and Mrs. William Godfrey and son Timmy; Patricia Ann Brown; Mr. and Mrs. Robert Thatcher and son, Jeff; and Mr. and Mrs. Jack Haddad.

Detergent Gives 'Just Right' Suds

Automatic washers have forced a change in synthetic detergents. You know that if you put in too much soap or detergent, you have billowing suds all over the place.

A new detergent is being introduced that claims to produce just the right amount of suds to make your machine work better, longer and more economically.

You will find directions on the box for each type of washer. Using the recommended amounts should produce about an inch of suds.

Working equally well in hard or soft water, this new detergent can be used for everything washable, including the so-called "miracle" fabrics. It rinses out completely.

It is suggested that the first time you use this detergent you use less than what is recommended until you see how much suds is formed. It is possible some of your previous cleansing agent is still in the clothes and will tend to form excessive suds.

Thereafter, use exactly as directed.

Republican Club Has Round Table Discussion

Mrs. W. E. C. Huthwaite opened her home on West Iroquois road Monday to members of the Pontiac Republican Women's Club. Mrs. Grace Shultz, president at the business meeting.

A round table discussion was led by Mrs. Frank McGregor. Mrs. Carl Jans discussed a proposal in making new roads; Agnes Hilton spoke on aid to Asia; Mrs. Elsie Patten talked on the record of the United Nations for world government; and Mrs. J. L. Slaybaugh covered the topic of lowering the voting age.

Mrs. Clarence Senger was hostess for the occasion and was assisted by Mrs. J. H. Cobb. Mrs. Frank Irons presided at the tea table. Plans were made for an Easter project at the Oakland County Infirmary. Mrs. Slaybaugh will be hostess for the next meeting at her home on Glenwood avenue.

Open House Held for Newlyweds

Mr. and Mrs. Leopold Schroeder were honored Saturday at an open house held in the Summit street home of Mrs. Ed Gerke. The couple was married Feb. 19 at Chicago, Ill.

The bride is the former Jane Ann Hogue, daughter of Mr. and Mrs. Conrad Hogue of Oak Park, Ill. Mr. Schroeder is the son of Mrs. Frank Schroeder of St. Clair street.

The couple, who are graduates of Michigan State College, will make their home in Tacoma, Wash.

Congress Asks Better Police

Representatives Shot by Puerto Ricans Offer Bill for New Force

WASHINGTON (AP)—Just a year ago today four Puerto Rican fanatics sprang up in a visitors gallery and, screaming Nationalist slogans, sprayed the House chamber with bullets.

On this first anniversary of that wild shooting attack, five representatives who were wounded called on Congress to replace the present politically appointed Capitol police force with a corps of professionals.

Sponsors of the bill were Representatives Roberts (D-Ala) and Bentley (R-Mich), who were most seriously wounded. They said they were joined in this move by Representatives Davis (D-Tenn), Jensen (R-Iowa) and Fallon (D-Md).

other shooting casualties. All have recovered although Roberts still walks with a cane.

Speaking in the House yesterday, Roberts said that "but for a miracle" many would have been killed when the Puerto Ricans—three men and a woman—pumped lead at the House floor. The four, later given long prison sentences, said they wanted to call attention to the Puerto Rican independence movement.

Bentley, who hovered close to death for several days after he was shot, said he thought the American people "would be outraged if they realized that the security measures in the House are almost identical to those that prevailed a year ago."

The House last year passed a bill to create a Capitol police force under civil service. But the Senate shelved the measure.

Chairman Burleson (D-Tex) of the House Administration Committee indicated that his group would give the new proposal early and favorable consideration.

Kansas permitted women to vote in school elections, as early as 1861.

Bob Considine Says:

Max, Old Boy, I Fear You Have Gone & Cracked Up

*NEW YORK (INS)—If my eyes don't deceive me, Max Baer has undergone the greatest change of character since Dr. Jekyll brewed himself that triple mickey and turned into Mr. Hyde. But in Max's case it's vice versa.

At hand is a folder from the Jerry Davis travel service of San Francisco advertising a tour of Europe "for men only—with Max Baer," via Scandinavian Airlines.

"Leave it to Max to show you the best!" It implies all red-blooded sports. "It's the tour of a lifetime. Max . . . the puckish, fun-loving Baer who traded in his laurels as king of swing to become America's clown prince! Alw a y s quick with a quip, madcap Maxie is renowned as much for his conviviality and love of a good time as for the punching ability that made him heavyweight champion of the world! Thirty-three days—for men only! \$2,050 from New York.

Well, sport, before you buy the pink shirt and unload the wife and kids, you'd better see what Max is up to. Roll home with him at dawn with a babe on each arm? Shoot money out of a cannon? Drink that vintage bubbly for breakfast? You must be thinking of the old Max . . . and what a pleasant thought that is. The ring never had anybody like him and may never have again. The purpose of this piece, however, is to direct attention to the new Max. Old cronies will find him a bit hard to believe, if not take.

What's in prospect for the first day overseas (June 27) for instance. The folder says: "London! City of urbane diplomats and charming women. (Ed. Note: How the new Max ever let that one get by is more than I can understand.) Size up the city en route to the Hotel Grosvenor House. And over cocktails afterward, ask Max for one of his cockney jokes!"

As if that weren't enough to fill the following month with excited chit-chat, Max comes back with a dinger of a day—June 28. Mr. Davis' folder tells it better: "Had a good night's rest? (Ed. Note: No.) Today's the day you'll hit all the high spots, from London Tower (where an impetuous girl named Mary lost her head) to Piccadilly Circus and Westminster Abbey."

In the old days Max would have spent the day trying to find Mary's phone number, and probably would have wound up with it. But not the new Max. I can see him now, whispering to his group as it stands

first on one foot and then the other in the Pool's Corner.

"The abbey is the most widely celebrated church in the British empire. The Thames was bordered in early times by a great expanse of fen land from Chelsea and Battersea, while near the point where the abbey stands was a low island perhaps three-quarters of a mile in circumference, known as Thorney or Bramble Islet. The present abbey is a cruciform structure consisting of nave with aisles, transepts with aisles (but in the south transept the place of the western aisles is occupied by the eastern cloister walk) and choir of polygonal apsidal form, with six chapels (four polygonal) opening north and south of it . . . see?"

Mr. Davis more or less has to slap the new Max around the chops. In the folder, something like Ancil Hoffman used to do between rounds to remind him he was fighting. For example, after "the Baer" lowdown on London by night," he laments: "June 29—We'll say pass to a wake-up call this aye, and pass the tomato juice instead. (Ed. Note: Max once used it as a chaser for martinis . . .) Dinner at eight in Chelsea. A memorable meal in this land of Pickwickian delights, temptingly served by peasant lazes at the Magic Carpet Inn."

The new Max probably will replace the peasant lazes with Arthur Tracer and other butlers, in keeping with his new personality. Or he may not show at all at this one. After all, June 30 will be an important day for him, according to the folder: "Skipper Baer's chartered a gala river-cruise down the Thames to-day . . . past Windsor Castle, palaces, and romantic hedgerow countryside."

If I can raise the \$2,050 I'm going. This new Baer I've got to see. (To be continued, I'm afraid.)

Ike Picks Gen. O'Connell to Head Signal Corps

WASHINGTON (AP)—President Eisenhower has nominated Maj. Gen. James D. O'Connell to be chief of the Army Signal Corps.

The President asked the Senate to promote O'Connell to the permanent rank of major general. His present permanent grade is brigadier general.

O'Connell would succeed Maj. Gen. George I. Back, whose term as signal corps chief expires April 30.

One of every six businesses in the U.S. is automotive.

Woman Gives Gunman Hard Time in Holdup

BUFFALO, N.Y. (AP)—A spunky woman teller in a collection office of the Niagara Mohawk Power Corp. met an obliging holdup man. When the man poked a revolver at Miss Margaret A. Bock, 42, yesterday and ordered her to put cash into a brown paper bag, she pushed about \$200 at him and told him to put it in the bag himself. He did.

"I thought I'd done enough just by letting him have the money," she said. Then she asked for some money

back to make change for her customers. The holdup man gave her a \$5 bill and a few singles.

During World War II, more electricity was consumed for production of aluminum in one day than would normally be used by a city of 60,000 homes in an entire year.

ASTHMA COUGHS

Don't let difficult breathing, coughing and wheezing due to recurring attacks of bronchial asthma or simple bronchitis ruin sleep and energy without trying MUNDACO. Usually quickly helps loosen and remove thick, clashing mucus. Thus always coughing and promotes freer breathing and sounder sleep. Get MUNDACO under money back guarantee at druggists.

Debate on Public Housing Scheduled

300-Home Plan Has City Okay

Commission Will Study Fluoridation Ballot at Meeting Tonight

What may be the warmest meeting since the fluoridation hearings in January faces the City Commission tonight.

Observers expect a large group of spectators to be on hand when Commissioner John E. Carry's motion to ban further public housing in Pontiac is debated.

Carry proposed the motion at last week's meeting.

At the first meeting of the year, he joined his fellow commissioners in unanimously endorsing construction of a 300-home public housing development under a contract the city has with the federal government, which would pay the entire cost.

In other business, the Commission is slated to consider a resolution setting up the form of a ballot to submit to the voters an ordinance prohibiting fluoridation of city water.

A report is to be heard from the city engineer, recommending that eight-inch reinforced concrete instead of blacktop be used to pave East Wilson avenue from Going to East boulevard.

The Commission will also consider:

A request from Ben Dakosian for transfer of an SDM license formerly held by George Polanski.

Re-appointment of two members of the City Plan Commission.

Airport land lease with William A. Vandell for construction of a new hangar at Pontiac Municipal Airport.

Assignment of a lease held by Kenneth S. Barber to Barber's Flying Service, Inc.

Approval of a contract with L. Kevorkian for construction of water mains in Eastview Subdivision.

A maintenance bond with Monte Construction Co. for sidewalk construction on Motor and Douglas streets.

Also slated is second reading of a newly revised dog ordinance requiring canines to be on a leash or under control of a handler at all times of the year.

A resolution waiving use of gatekeepers at the special city election and biennial spring election April 4 will also be mullied.

Public hearings are scheduled on intention to construct the following two-inch blacktop pavement projects:

Heavy street from Cottage to Osmun, Irving avenue from Going to East boulevard.

James K. boulevard from Voorhees to the city limits.

Longfellow avenue from Spaldwin to University.

Lincoln road from James K. to Smith.

Manfield avenue from Joslyn to Laurel.

Marble avenue from Joslyn to east end of street.

Second avenue from Barkley to Fuller.

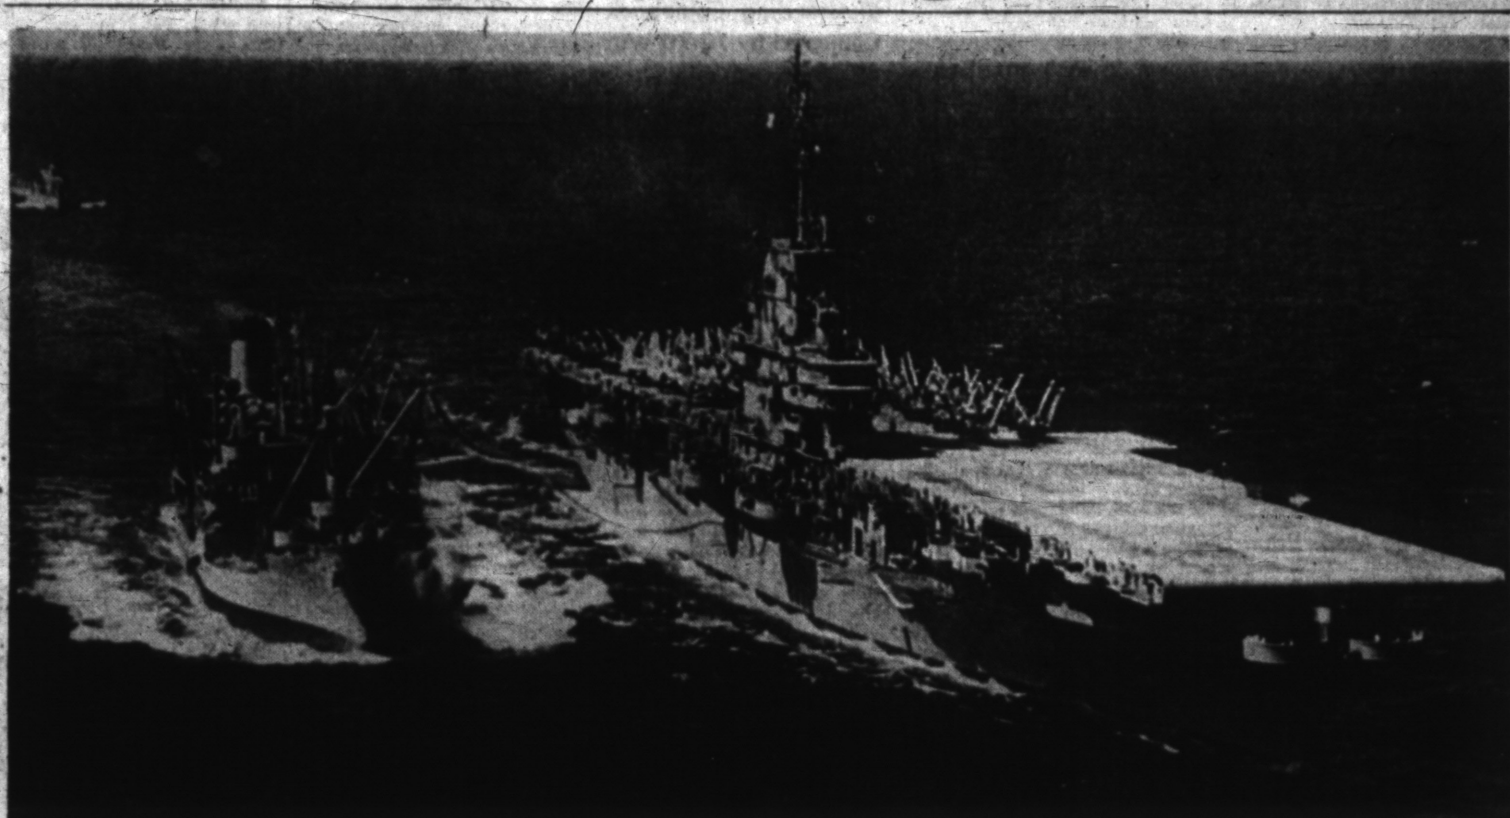

Westbrook avenue from Joslyn to east end of street.

Willard street from Center to Padlock.

Wells street from Edison to Glenwood.

Wing street from Montclair to Kensington.

Young street from Montclair to Kensington.

NAVAL MIGHT — Standing ready should an emergency arise are these examples of U. S. Navy's power. In the top photo, the aircraft carrier USS Essex tops off her fuel tanks from a fleet oiler during operations in the South China Sea. Below, a Chance Vought F4U Corsair fighter is seen in the moonlight warming up its two jet engines preparatory to taking off from its California base. The photo was taken by a Navy cameraman using special high speed film and natural light.

DESERT SONG?—These two prima donnas appear to be harmonizing in a duet in the above picture snapped at a London zoo.

For the Birds

First Robin Fad Spoofed by Expert at Cranbrook

If you were planning to keep an eye peeled for the first robin this spring, don't bother.

There is no such animal, says Dr. Walter P. Nickell of the Cranbrook Institute of Science, because not all robins leave in winter.

Easily the nation's most popular bird, the robin has been Michigan's official state bird since 1934, when the Legislature passed a bill to that effect. The robin, *turdus migratorius*, was given most of the votes in a

statewide poll of over 230,000 Michigan school children.

Dr. Nickell explained that availability of food during the winter months keep some robins here. While they feed mainly on worms and insects during the summer, the red-breasted members of the thrush family find Oakland County's wild grapes satisfying through the cold months.

Years when wild fruit has been particularly abundant, more of the birds stay north. Dr. Nickell reports that some winters entire flocks of robins can be seen, apparently none the worse for braving the freezing temperature.

Most robins, of course, do fly south in the fall. Some go as far as Mexico, returning in the spring to places as far north as Labrador and the Hudson Bay area.

These year-round residents, the Cranbrook ornithologist said, don't start nesting any earlier, but just wait around for the other robins to return from their southern vacations.

So if you happen to see a robin wandering around in the slush this month, it's not because he couldn't afford to fly and started walking.

Nor did he get his signals mixed and start north too soon. He's a permanent resident, an official state bird, and apparently likes it here.

Fireproof Dog Survives as Home Burns Down

EUREKA, Calif. (UP)—The Gregory Bowman home burned to the ground last night while the family attended the movies.

As firemen cooled down the ashes the Bowman dog—wet, bedraggled, but unhurt—crawled from beneath the bathtub where it sat out the fire.

Gambling Suspects Stand Mute in Flint

FLINT (U)—Three men who police say operated a million dollar a year betting ring stood mute yesterday when arraigned before Municipal Judge John W. Baker on gambling conspiracy charges.

The three were Harold A. Wirsing, 46, Henry R. Pickett, 51, and John H. Roscoe, 44, all of Flint. Wirsing and Pickett have appeals on 1950 gambling conspiracy convictions pending before the U. S. Supreme Court.

They and six other men, whom police identified as ring members arraigned on the same charge, were released on bond pending examination March 7.

The men were arrested last Friday in raids by Flint and State Police on alleged handbooks centers in four state-chartered Flint clubs. The four clubs were closed immediately after the raids.

To Review UK Troops

SEOUL (U)—Field Marshal Sir John Harding, chief of the British imperial general staff, is due March 8 on a two-day inspection of Commonwealth troops.

STATE HOSPITAL TRIP—Dr. James M. McHugh shepherds a group of young Pontiac State Hospital patients into a waiting station wagon for a trip to Detroit's Civic Center Monday. Such journeys, taken regularly on a rotation basis by the mental institution's youthful patients, help break the work-a-day routine, officials say. The youths, ranging in age from 9 to 16, have regular duties to perform at the hospital daily. Cost of the trips is underwritten by funds raised in a recent appeal carried in the Pontiac Press.

Volcanic Eruptions Peril Hawaiian Village of Pahoa

PAHOA, Hawaii (U)—A spectacular volcanic eruption spouted with new fury today and civil defense officials declared a state of emergency. One small village was virtually abandoned.

An estimated 100 acres of sugar cane fields and timber were ablaze with molten lava. More than 400 persons fled their homes in the path of the fiery rivers moving relentlessly forward.

Civil defense headquarters reported tons of fluid rock spreading out in three directions. Fountains of boiling lava shot 50 to 100 feet in the air from four white hot craters rising higher by the hour.

The state of emergency will permit officials to order people out of their homes. Some have refused. Sightseers are stopped at Pahoa. There have been no casualties and no home has fallen before the boiling streams.

Through the night, officials at Red Cross headquarters in Pahoa High School cast worried glances westward, where fumes were reported breaking out of a new rift of dormant craters five miles from here.

"If that erupts, Pahoa will be in danger," said Robert Spence, Red Cross disaster chairman. Early today the main lava stream had traveled about 2 1/2 miles, and was still about 4 1/2 miles from the ocean.

Police said it was amazing no one was hurt among the estimated 20,000 sightseers whose cars choked five miles of access roads from the eruptions to Pahoa.

The eruptions started at 8:10 a.m. yesterday when a cape field five miles southeast of Pahoa in

the Puna district blew up in a shower of molten lava. Since then three other fissures have opened, filling a blazing triangle bounded by the villages of Kapoho, Ophikao and Pahoa.

It was the first sign of life from Puulena crater in more than 50 years.

Sixty families were evacuated from Kapoho, two miles ahead of the largest lava flow. Police reported a few families refused to leave their homes until all hope was lost.

The main flow had picked up speed and shortly before midnight had moved 500 feet in two hours. Two families stood by with their belongings piled atop two trucks, waiting until the last minute.

Kapoho was cut off from communications. The few people left there, however, have an escape route up the coast.

Smoke, sulphur fumes and muffled roars filled the air. The ground shook, underfoot but the crowds kept pouring in.

A tourist from Oregon, dazzled by the ringside spectacle said, "Judging from that, it will be a long time before hell freezes over."

Throughout the night sightseers planes circled low over the blazing

Tornado Today Kills One in Youngstown

YOUNGSTOWN, Ohio (U)—A tornado hit the city's East Side early this morning, killing a 43-year-old housewife, injuring six other persons and sweeping five basement-less homes off their slab foundations.

Three other homes were badly damaged and scores of sleeping residents escaped injury. Damage is expected to exceed \$100,000.

The dead woman, Mrs. Mary Fallott, was found in the driveway of her wrecked home. Her husband, Andrew, was hospitalized with cuts on the shoulder. He said he heard a roar, covered himself and his wife with a blanket and the next moment was out in the pelting rain in the yard.

See DSR Serving Three-County Region

DETROIT (INS)—DSR Commissioner Rodney Baxter today predicted that eventually Wayne, Oakland and Macomb counties will be served by one major public transportation system.

The move to the suburbs, Baxter pointed out, will create an increasing need for a tri-county hookup to meet the transportation requirements of hundreds of thousands of persons living outside of Detroit.

Baxter said a three-county system, serving such communities as Pontiac and Mount Clemens, probably would be centered around the DSR.

British Scientist's Disappearance Solved

Accuses England, U. S. of Using A-Arms as Means of Gaining World Domination

MOSCOW (U)—Bruno Pontecorvo, the Italian-born British scientist who disappeared from the West in 1950, said in a letter to Soviet newspapers today he has been working on "peaceful" atomic projects in the Soviet Union since that time.

The letters accused Britain and the United States of "using atomic and nuclear weapons as a means of achieving world domination" and appealed to Western scientists to protest against the use of atomic energy for military purposes.

Margaret Winds Up Tour of West Indies

NASSAU, Bahamas (U)—Princess Margaret gave 1,700 guests a farewell look last night at her diamonds, evening finery and sun-tanned bare shoulders.

With her month-long tour of Britain's American territories ending tomorrow, the Princess attended a final state banquet and a reception at government house.

Margaret retired early in preparation for a roundtrip flight today to the nearby island of Eleuthera, site of a U. S. Air Force base for guided missile experiments.

She boards the British Overseas Airways Stratocruiser Canopus tomorrow morning for the flight to London.

him "ashamed of my profession," the letters said.

"The atomic threat hanging over the world forces me as a scientist having relations with atomic problems to make the present statement."

"... The imperialists of such countries as the United States and Britain are subjugating the discoveries of atomic energy in preparation of a new war, using atomic and nuclear weapons as a means for achieving world domination."

Pontecorvo's statement said the conditions under which he works in Russia are "wonderful" and that "research is being conducted on the widest scale and on a very high technical level."

Official Washington has labeled Pontecorvo the second deadliest spy in history. The top ranking was given to Klaus Fuchs, a German-born British scientist imprisoned by Britain since 1950 for handing Western atomic secrets to the Russians.

The 1953 report of the U. S. Joint Congressional Atomic Energy Committee said the information given the Soviets by Fuchs and Pontecorvo advanced the Russian atomic program at least 18 months beyond where it otherwise would have been.

In Washington, the U. S. Atomic Energy Commission refused last night to comment on the Pontecorvo letters.

But Rep. Carl T. Durham (D-NC), vice chairman of the Joint Congressional Committee, said: "His statement sounds pretty much like the old Communist propaganda line. . . . I would guess that he did not make it of his own free will and accord."

Greetings for Pope Pius Pour In; 79 Tomorrow

VATICAN CITY (U)—Birthday greetings for Pope Pius XII began to arrive here today from various parts of the world. The head of the Roman Catholic church will be 79 tomorrow.

Tomorrow is also the 16th anniversary of his election as head of the church.

'Jack' for Jill Home Town Rallying Behind Injured Skier

BISHOP, Calif. (UP)—This small High Sierra community has rallied—spiritually and financially—behind its tragically injured skier, Jill Kinnmont.

She was a likely candidate for the 1956 women's Olympic ski team. Then, several weeks ago, she broke her back while competing in the Snow-Cup races at Alta, Utah. She is still in Salt Lake County Hospital.

At first paralyzed from the neck

down, Jill now can move her arms, shoulders and wrists to some extent—her mother, Mrs. William Kinnmont, said in Salt Lake City Monday night.

Her home town's first thoughts, after it heard of her accident, were of prayer.

Most churches held special services immediately after her hospitalization. Countless individuals remember her nightly in their prayers.

Now the community is raising funds to finance, at least partly, her long hospitalization.

First, a benefit basketball game raised \$40. Then the Bishop Chapter of the Rainbow Girls, to which Jill is a past adviser, staged a house-to-house campaign like the "mothers' March" for polio. The one-evening drive raised more than \$700.

A special movie shown at the local theater featured Jill in one of the reels. Admission was by donation only and receipts were about \$500.

A 20-30 club auto show had a container marked "Jack for Jill." About \$100 worth of jack rolled in.

Contributions from all local sources to date total about \$2,500—nearly a dollar each for a population of 2,891.

Ferrari Steals Spotlight With Free Toss Mark

Spartan Ace Drops in
Total of 21 as MSC
Swamps Indiana

EAST LANSING (UP)—Unmannerly jostling and bumping and other offenses bringing the official whistle put Michigan State basketball forward Al Ferrari in the Big Ten record book last night as MSC beat Indiana 93-77.

Ferrari, a senior playing his last home game, set a new conference record of 21 free throws. Although he missed five of his gift shots he still went way ahead of the previous mark of 17 set by Don Schmidt, Indiana center, in 1953 against Michigan.

Ferrari, high for the night with 35 points, also set new single game and season records for Michigan State and was a unanimous choice as the "most valuable" player.

The game further marked the first time Michigan State has beaten Indiana since the Spartans joined the conference. Indiana, defending champion, had won the last seven games.

MSC, with a 7-6 conference record, now is tied for fourth place with Northwestern.

The record breaking performance stole the show from an outstanding bit of work by MSC center Duane Peterson, who was high basket man with 10 field goals and made 30 points against Schmidt.

The Indiana All-American center was high for his team with 26 points but had no support as the next two men made 10 points apiece.

Michigan State breezed off to a early lead and had an 18-point edge at one point in the first half, but led only 40-38 at intermission.

Indiana tied it up early in the second half and then went ahead.

Spartans came back to lead 60-50 with 10 minutes to go and from then on the MSC players concentrated mostly on helping Ferrari make his record breaking performance.

Iowa Clinches Share of Big 10 Cage Title

Outstanding Comeback
Climaxed by 72-70 Win
at Minnesota

CHICAGO (UP)—Iowa's Hawkeyes, staging one of the finest seasonal comebacks in Big Ten history, clinched a share of the Big Ten basketball title last night and are expected to win it all at Michigan Monday night.

After losing two of their first five conference games, the Hawkeyes came back with eight straight victories climaxed by last night's 72-70 thriller at Minnesota.

Rated No. 1 pre-season contender, Iowa looked like a flop after its first five western conference games.

The Hawks were beaten by Minnesota at Iowa. They had to struggle from behind to subdue Illinois at Iowa and then they reached their lowest depths when they were beaten by 30 points in a nationally televised game against Northwestern.

But that was all. One by one Iowa opponents fell before Hawkeye balance and speed.

First Ohio State, then Purdue, Indiana, Ohio State again, Michigan State, Illinois, Michigan and finally Minnesota—when Sharn Sheurman pumped in a 10-footer for a 71-70 Iowa lead. Deacon Davis hit a free throw and that was the game.

The Iowa victory wiped out a brilliant performance by Minnesota's Chuck Mencil who popped in 27 points and led a late rally which nearly won the game for the Gophers.

Three other games were played in the conference last night. Illinois defeated Michigan, 81-75; Wisconsin edged Purdue, 75-73; and Michigan State dumped Indiana's ex-champions, 93-77.

In only one of the four games played last night did the winning team outscore the losers from the field. That was Michigan State with 30 field goals to 25 for Indiana.

Frisco's Dons Retain Top Spot in Collegiate Ranks

By THE ASSOCIATED PRESS
For the fourth straight week the University of San Francisco today was named the No. 1 college basketball team in the weekly Associated Press poll with Kentucky and LaSalle still in close pursuit of the defense-minded Dons.

Of the 194 sports writers and sportscasters voting, 43 named San Francisco as the top team. The Dons, boasting the best defense

among major colleges, amassed 889 votes. The balloting was based on records of games through last Saturday, with points on the usual basis of 10 for each first-place vote, 9 for second, etc.

Duquesne, seeded No. 1 in the National Invitation Tournament, experienced the biggest drop when it fell from fourth to eighth after bowing to Dayton. The Flyers seeded No. 2 in the NIT, moved up from 11th to 10th.

Marquette, North Carolina State, Minnesota and Utah all climbed one notch in the rankings as a result of Duquesne's setback. UCLA held ninth place.

The leaders, with first place votes in parentheses:

1. San Francisco (43)
2. Kentucky (18)
3. LaSalle (8)
4. Marquette (6)
5. N. C. State (5)
6. Minnesota (4)
7. Utah (4)
8. Duquesne (3)
9. UCLA (3)
10. Dayton (3)
11. Alabama (2)
12. Oregon State (2)
13. G. Washington (2)
14. Tulsa (1)
15. Vanderbilt (1)
16. Maryland (1)
17. Illinois (1)
18. Memphis State (1)
19. Missouri (1)
20. Michigan (1)

Twin 'B' Card Opens District Tourney

By JACK SAYLOR

The curtain goes up on the 1955 prep basketball tournament with a Class B doubleheader at Pontiac High School starting the show.

Action at Troy, Brighton and Van Dyke begins Wednesday, with others at Orionville, Livonia, Bentley and Walled Lake starting later in the week.

At Pontiac tonight, Clarkston and Rochester open the tourney at 7 p.m., with Romeo meeting Oxford at 8:15. Rochester won this district last year over the same opposition with the exception of Clarkston.

The Wolves are making their first tournament start as a Class B school.

The Clarkston-Rochester tilt looks as a toss-up. Neither team has excessive height, and will rely instead on speed and shooting ability. Gene Konley's Rochester club has three starters at six feet, but lacks a big man. Falcons posted an 11-5 record.

Clarkston's principal height rests with Dick Johnston, 6-2 senior-center. Dom Mauti's Wolves have a 12-3 record and were runners-up to Milford in the Wayne-Oakland League.

Likely to team with Johnston in the Clarkston lineup are Bob

Yahne, Larry Leak, and Pat Thompson, all seniors, and George Lang, a 5-7 sophomore guard.

Konley will match this group with senior Pat Nunn and sophomore Dave Peters at forwards, junior Bill Dean at center, senior Earl Kitchen and junior Ron LeBarre at guards. Kitchen is the lone veteran from last year's Rochester team which won 19 of 21 games.

These teams played two common opponents, Clarkston bowed to Oxford by one point in the

season's opener, and Rochester lost to the Wildcats, 67-54 last week. Rochester defeated Keego Harbor, 49-41, while Clarkston topped the West Bloomfielders twice, 66-64 and 61-54.

Tonight's 2nd game will be a "rubber" match between Oxford and Romeo. Each team won on its home court, Oxford taking a 57-48 decision, then losing at Romeo, 70-59.

Romeo faces a tough job rebounding against the taller Oxford five, but will try to overcome this deficiency with superior shooting.

The prime hope is Bill Krohn, an outside shooter and driver, who averages about 18 points per game.

Bulldog coach Bob Hutton has surrounded Krohn with largely a non-senior supporting cast. Junior Bill Schmidt goes at center, and junior Howard Craig and sophomore Chester Markham alternate at the other guard.

The forwards are senior Dick Roth and Tom Williams, another soph. Romeo won 3 and lost 12 in the regular season.

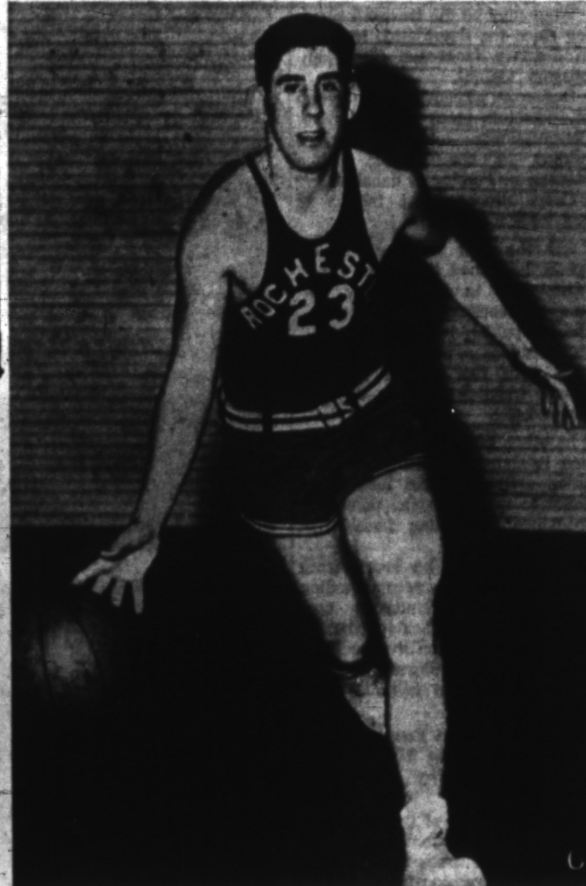

Jean Markness' quintet, which has won 16 of 16 starts, is com-

prised of four seniors and junior guard Dave Sweeney. Paired with Sweeney is Larry Spencer, the team's leading scorer.

The rangy front line consists of Dwight Spiker (6-3) and Mike Benedict (6) at forwards and big Fred Bergin (6-4) at center.

Winner of the Clarkston-Rochester game meets Lake Orion Thursday night, while the Oxford-Romeo survivor tangles with Avondale.

The Class C semi-finals are Wednesday night and following a night off Friday, the finals will be held Saturday night.

TOURNEY PERFORMERS—Here are some of the key players for teams entered in the Class B district tourney at Pontiac High School beginning tonight. At left is Dick Johnston of Clarkston, who leads the Wolves against Rochester in the tourney opener at 7 o'clock. Earl Kitchen (left, above) is the lone veteran on the Rochester five. He re-

bounds, directs floor play and leads the Falcons in scoring. At right are Oxford's regular guards, Larry Spencer (left) and Dave Sweeney. Spencer paces the Wildcats in scoring, Sweeney is the only non-senior among the starters. Oxford meets Romeo at 8:15 o'clock.

Tigers Opening Training Drills at Florida Base

Fletcher, Cruze Sign
as Harris Prepares to
Greet 45-Man Squad

LAKELAND, Fla. (UP)—The Detroit Tigers started spring training officially today amid threats of fines for working out on their own at a Lakeland high school playground.

Manager Bucky Harris refused to be ruffled by the threats and turned his thoughts to the more important problem of getting the Tigers in shape for the coming season.

"As far as I know, none of our players violated any rules," Harris said. "Spring training starts today and that's the only thing on my mind. We've got a lot of work ahead of us."

Harris has scheduled two-hour workouts daily for each of two platoons. He split the 45-man roster into the two groups so he could get a better look at all the Detroit players.

Pitchers Van Fletcher and Bob Cruze agreed to terms with general manager Herold (Muddy) Ruel yesterday to assure that all the Tigers would be on hand for the start of practice.

"We've got only 10 days to get ready for the start of the exhibition schedule," Harris noted.

"That means every player has got to work harder than ever before to get in condition."

In previous years, pitchers and catchers reported to training camp a week earlier and had a big head start in conditioning. The league also was lenient in giving non-battery members the okay to start workouts early.

However, club owners voted at the winter meetings to delay the start of training until March 1 and Frick, who was openly opposed to the move, is cracking down on violators.

Harris said the 23 pitchers on the roster must work themselves into shape gradually to avoid stiff arms. Thus, the batters will face a mechanical hurler dubbed "iron mule."

Detroit's exhibition season opener is scheduled on March 10 against the Philadelphia Phillies at Clearwater, Fla. Tigers will play 27 exhibition games.

Humez Seeking to Fight Olson

PARIS (UP)—Charles Humez clamored for a shot at middleweight champion Carl (Bobo) Olson today on the strength of his fifth-round technical knockout of durable Pierre Langlois in the battle of French contenders.

Langlois fought Olson in San Francisco last Dec. 15 and that title scrap was stopped in the 11th round because of a nasty gash over Pierre's left eye.

The referee had to halt Monday's contest in the capacity-crowded Palais des Sports, too, but only after Langlois, 29, had been battered into helplessness by Humez' destructive blows. The time was 2:31.

Johnston Nears Third
Straight Scoring Title

NEW YORK (UP)—Neil Johnston, Philadelphia's high-scoring center, seemed certain of his third consecutive National Basketball Assn. individual scoring title today.

Johnston, 6-8, scored 128 points in 5 games last week and now leads teammate Paul Arizin in points scored 1,410 to 1,291. He is also the leader in per-game average with 22.7.

Milwaukee Jumped Gun

BRADENTON, Fla. (UP)—Commissioner Ford Frick, who cracked down on the Milwaukee club and 14 of its Braves for violating the March 1 spring training rule, was expected today to mete out similar punishment to other major league clubs.

Frick Monday fined the Milwaukee club \$500 and imposed a total of \$625 on 14 of its players for holding workouts at the Braves' training camp here prior to the March 1 opening. A rule adopted by the major league clubs at the request of the players themselves barred earlier drills.

The commissioner also hinted broadly that the Braves may not

Middleweights Eye Title Shot

MILWAUKEE (UP)—Joey Giardello and Peter Mueller, each looking for a shot at a middleweight title bout, meet here tonight in a scheduled 10-round, non-televized affair that could attract \$40,000 worth of fight fans.

Giardello, of Philadelphia, a rated challenger for the 160-pound crown worn by Bobo Olson, is picked as the winner. He's won 11 of his last 13 starts. His victims include Ernie Durando, Gil Turner, Walter Cartier, Ralph (Tiger) Jones and Willie Toy.

Mueller, of Germany, but fighting out of Milwaukee, beat Jones, Joe Miceli, Durando, but in his last bout lost a decision to Carmen Basilio.

Prospects of a title bout in Milwaukee hang mostly on Mueller's success. Sid Flaherty, Olson's manager, is reported on record in favor of a title match here if Mueller fight follows as there is a chance he could hook up with Olson in a title match here.

Pontiac Groups Save One of Three Games

Only the victory achieved by the old-timers basketball team, Saturday night in Jefferson Junior High gymnasium, averted a whitewash at the hands of visiting Peoria, Ill., Carver Center athletes.

Old-Timers won 20-19 over Henry Harper's club. In other games, Carver Lionettes defeated the Pontiac Debs, 18-12 and the big Carver Lions clawed Nomads 44-35. Pete Hughes of Carver was top man with 15 points.

A banquet, honoring Harper, former PHS and Western Michigan college athlete, followed the games.

Michigan Loser Against Illini

Drops 81-75 Big Ten Tilt
at Champaign; Judson
Sets Scoring Pace

CHAMPAIGN, Ill. (UP)—Illinois carved an 81-75 Big Ten basketball victory out of an early Michigan advantage last night behind the 21-point performance of Paul Judson.

Judson got 15 of his points in the first half to bring Illinois from behind a four-point deficit into a five-point halftime lead, 44-39.

Illini kept 3 to 7 points ahead of the Wolverines throughout the 2nd half. Twice Michigan pared the lead down to three points, only to have Judson connect on free throws to widen the gap.

Tom Jorgensen led Michigan scoring with 18 points. Don Eaddy had 17 and Ron Kramer had 16.

Shaw's, Clarkston Victors;
Davis Upsets Griff's in 'B'

Shaw's Jewelers and Clarkston, who finished 1-2 during the regular season of the Cass A City League, started playoff action Monday night the same way as each won its first start.

It was a different story in Class B, however, as Griff's Grill, which went undefeated in regular season play, suffered an upset at the hands of three-beat Davis Machinery, 67-53. General Motors handed Boys Club a 54-40 defeat in the other "B" playoff start.

In Class D, Wolverines edged Lakers, 44-42, as Steve Hooper and Chris Brown each tallied 12 points. Norm Dierkes had 14 for the Lakers.

Police Association whipped Motors, 70-47, with Ted Wharry hitting 20 points and Paul Emerson, 17. Dick Singleton had 17 for the losers.

Shaw's handed Chuck's Shack a 72-56 setback in the Class A playoffs, holding the lead all the way. Ken Titherage of Shaw's and Tom Spencer of Chuck's shared scoring honors with 16 points.

Clarkston, likewise, led all the way in beating the Nomads, 57-44. Gus Birtas paced the Clarkston five with 15 points. Dom Mauti and Ed Hintz added 14 and

35. Majors Still Out

By THE ASSOCIATED PRESS
Ted Williams was among the absentees as the major league baseball teams officially began their spring training routine Tuesday with 34 other players still unsigned.

Players are classified as hold-outs, according to spring training tradition, if they haven't returned their signed contracts by March 1. However, only about one-half the recalcitrants were regarded as actual holdouts.

The status of Williams, fishing leisurely off the Florida Keys, remained a question mark. General Manager Joe Cronin of the Red Sox said Monday night in Sarasota that Williams promised "to call me in the near future and give me a definite answer" whether he'll play ball in 1955.

The Cleveland Indians were having the biggest holdout woes with 10 members of last season's American League pennant winners still unsigned. All told, the American League had 30 holdouts as compared to only five in the National League.

The New York Giants, St. Louis Cardinals, Chicago Cubs, Cincinnati Redlegs, Philadelphia Phillies and the New York Yankees had all their players signed.

Cleveland General Manager Hank Greenberg had three of his key performers—pitcher Early

Wynn, second baseman Bobby Avila and outfielder Larry Doby—to contend with.

Wynn, usually one of the last to agree to terms, was reported to be asking for \$40,000 and Avila and Doby around \$30,000.

Kansas City and Washington also were having their holdout worries with each missing five contracts. The unsigned Athletics were John Ray, Cloyd Boyer, Ed Bartsch,

Jim Finigan and Forest Jacobs. The senators had not received the signed contracts of Mickey Vernon, Eddie Yost, Bob Porterfield, Jim Busby and Roy Sievers.

The Red Sox still haven't signed four players besides Williams. They include pitchers Al Schroll and George Susce Jr., catcher Sammy White and infielder Ted Lepcio. Outfielder Jim Piersall and pitcher Willard Nixon agreed to terms Monday.

NEW YORK (UP)—Big Bob Baker has eight wins in a row and no place to go. So the Pittsburgh husky put it up to his manager today to get a second helping of Cuba's Nino Valdes.

"I don't think we'll have much chance of getting Valdes but I'll give it another try," said Dusty Boster after his 6-2, 214-pounds fighter decisively outpointed pudgy Rex Layne of Utah in a telecast 10-rounder at Eastern Parkway Arena last night.

"Bobby Gleason, Valdes' manager, wants a \$50,000 guarantee and that kind of money is out," said Boster. "After all it was Bob who beat Valdes in their first fight and not the other way around."

New Books Added at City Library

Addition of 23 new books to the shelves of the Pontiac City Library was announced today by Librarian Adah Shelly.

Included are 13 works of adult non-fiction and 10 of adult fiction. The complete listing follows:

Adult Fiction
Act of God, Margaret Kennedy
The Autumn's Brightness, Daisy Newman
The Best of Cruelty, Anne Douglas
The Curlew's Cry, Mildred Walker
Love Can Be Dangerous, O. R. Cohen
The Mouse That Roared, Leonard Wibberley
Prison in Paradise, Garret Rogers, pseud.
The Sleeper, Holly Roth
Adult Non-Fiction
All the Way by Water, S. W. Dean
Brown Gold, Andrea Urba Compagno
Elisabeth Kent Kane and the Seafaring Frontier, Jeannette Mirsky
Facts of Life for Children, Child Study Association
A Guide Book of United States Coins, 1954, B. S. Green
Innocence Under the Stars, R. D. Nichols
Minerals for Atomic Energy, R. D. Mininger
The Missing Maclean, Geoffrey Moore
10 Houdini Tricks You Can Do, Joseph Bonington
Our American Weather, O. M. T. Kimble
Psychiatry and Common Sense, G. B. Blumenthal
Seventeen Famous Operas, Ernest Thorne
There Is No Asia, Dwight Cooke

20 High School Students Plan Tour of Europe

KALAMAZOO (AP)—Twenty students from State High School in Kalamazoo and five Western Michigan College students will make a tour of Europe this summer.

Ray Deur, sponsor of the high school travel club, says he believes this is the first intercontinental tour ever planned by undergraduates of a Michigan high school.

Deur and his wife will chaperone the group, leaving New York by plane Aug. 1. The itinerary includes Great Britain, France, Switzerland, Germany, Luxembourg, Belgium and Holland. The return trip will be by boat early in September.

To Give Scholarships

DETROIT (AP)—Michigan Hospital Service, Inc., announced Monday it will award 10 Blue Shield nursing scholarships worth \$300 each in a contest running from today to April 15. The contest is open to all Michigan girl high school seniors and graduates.

Advices 'Hard Work'

MONROE (AP)—Mrs. Josephine Antenu, who celebrated her 100th birthday Monday, attributed her long life to "hard work and the right food." Eight of her 17 children still are living. She has 20 grandchildren, 16 great-grandchildren and 9 great-great-grandchildren.

Texas' Dorothy Malone Liked by All Yankees

By EARL WILSON

NEW YORK — You owe it to you to get acquainted with a real nice TV and Hollywood star who's different—she says she hasn't even been married once. Friendly-like, this nicely-stacked blonde often says at parties, "I'm Dorothy Malone from Dallas."

"You're very frank," one Hollywood party guest complimented her. "But don't apologize."

"Listen," she fired back, "Dallas is the New York of the west. I've been up and down, and Texans are nicer even when you're down."

"How come you don't live there?" asked the heckler.

"I do six months of the year!" she snorted.

Right now Dorothy Malone's not only loyal to her home town—a quality I admire—but she's hotter'n a 300-pound man doing the Mambo. She's made 7 movies this year. In "Battle Cry"—one of the nation's hottest box-office movies—she has a love scene with Tab Hunter which the censors couldn't cool down.

On TV, she'll be seen opposite Henry Fonda in Emmett Kelly's life story, "The Clown." She plays Mrs. Clown.

Her mother was here with her. They spoke softly of a Dallas tragedy. Her "little brother" was killed by lightning while golfing last summer.

By a fantastic coincidence, this was while Dorothy was acting in "The Young at Heart" with Frank Sinatra—who, in the film, wanted to be struck.

"Afterward... when I came back from Dallas," Dorothy said, "Frank gave me a sad little clown doll with tears on its face. It was just a very sweet thought."

But I didn't mean to be creating sympathy for Dorothy, who's had lots of acting experience—including the old Ken Murray TV show, "Studio One," "Firestone Theater" and "Four-Star Theater."

So you'd like her and could picture her being from Ohio, Indiana, Boston, Maine, Wisconsin, Minnesota—even Brooklyn. She quotes Bob Hope about why Texans drink. "Every time they drill for oil, they get water. So they have to drink whisky—there's such a water shortage."

"I hear Tab Hunter gets squeals from the girls?" I asked her. "And if there's anything I like to hear more than girls squealing," Dorothy said, "it's boys whistling!"

THE MIDNIGHT EARL...

Marilyn Monroe and Joe Di Maggio went out for dinner, then to a movie. Marilyn was laughing about her Sardi's dress party when she said she'd ride a pink elephant at the circus opening for the Arthritis Fund. One photo said, "We'll just wait 7 hours for that girl and not a minute longer." When she began leaning, while posing, another cameraman said, "All I get is double exposures." When reporters asked her about Joe, she replied, "Let's talk about arthritis."

Charlie Chaplin Sells United Artists Stock

HOLLYWOOD (AP)—Charles Chaplin has sold his interest in United Artists Corp., probably his last important business connection in this country.

He was one of movieland's "Big Four"—the others were Mary Pickford and her former husband, the late Douglas Fairbanks Sr., and the late D. W. Griffith—who formed United Artists in 1919.

Miss Pickford, now the only remaining stockholder of the original group, owns one third.

The corporation, of which Robert S. Benjamin is board chairman and Arthur B. Krim president, owns the rest. An announcement by Benjamin yesterday was that Chaplin had sold his 25 per cent interest to the corporation. The price was not given.

Chaplin left this country three years ago.

State Author Readies 3rd Book on Lumbering

MOUNT PLEASANT (AP)—Dr. E. C. Beck, author of two books on lumber lore, says he expects his third to be published in September.

Dr. Beck, head of the English department at Central Michigan College, will visit Wisconsin, Minnesota and the Northwest this summer in preparation of the book which will be published by the University of Michigan Press.

His other books are "Lore of the Lumber Camps" and "Songs of Michigan Lumberjacks."

Cobo Faces Tough Job of Cutting Huge Budget

DETROIT (INS)—Mayor Cobo today faced one of the toughest jobs in his five years as mayor—trimming the record city budget.

The mayor returns to his desk today from Washington where he spoke in support of President Eisenhower's highway bill yesterday.

For the next 29 days, Cobo will hold a series of budget hearings with city departments which have asked for a whopping \$257,000,000.

Buys Hal Roach Studios

CULVER CITY, Calif. (AP)—Hal Roach Jr. has announced purchase of the Hal Roach Studios from his father Hal E. Roach. The price was not disclosed, but a studio announcement said more than 10 million dollars' worth of assets were involved.

Sen. Case to Speak

DETROIT (AP)—Sen. Clifford P. Case (R-N.J.) will be guest speaker Thursday at a Lincoln Republican rally at Detroit.

Jan Sterling Sheds Glamor, Vies for Oscar

By BOB THOMAS

HOLLYWOOD (AP)—Four top actresses may well be hating themselves today. They turned down a role that won Jan Sterling an Oscar nomination.

"I don't blame them," says Miss Sterling. "The part probably wasn't big enough for them."

That didn't bother her. Nor did she mind when she was told that she would have to deglamorize herself in an almost brutal manner.

When she tried out for the role in "The High and the Mighty," director William Wellman warned her about the scene. She was to remove her false eyelashes, pancake makeup, lipstick and all other beauty trappings right before the camera.

"You might be too good looking," Wellman said. "We may not be able to make you look bad enough."

"Oh yes, you will," she assured him.

Jan even shaved off her eyebrows to add to the effect. When she did the scene, it was all the film makers wanted, and then some. It was one of those attention getting scenes that attracts Oscars.

She is now considered the favorite to snag the supporting actress award.

When I saw her at lunch, she had her glamor on and looked good. She is an attractive, well-proportioned blonde. At least she was a blonde then. She said she was going home to darken her hair in the shower. This was for her next role in "The Deadly Peace-maker" with Robert Mitchum.

"I play a madam," she announced.

She went on to explain why she relishes such roles: "Let's face it—I'm not the glamor type. I won't be able to get by on my looks alone. The only way I'm going to last in this business is to play roles with character."

I pooh-poohed her claim that she lacked glamor, but she insisted. She said she knows what she has and makes the most of it. Her hairline, for example. Like Rita Hayworth and others, she has raised her forehead.

"I needed it," she said. "My face is too long from my eyebrows to my chin, so that my face

looks strange with a short forehead."

The nose has also been altered, she added. It looked like a nifty nose to me, and she said it should. She paid for it.

Wife's Naggng Offsets Time Saved by Beard

NEW SMYRNA BEACH, Fla. (AP)—Members of the Kiwanis Club started raising beards for a historical pageant but gave it up after a few weeks.

Explained club president Lee Freeman:

"I got to sleep 10 minutes more in the morning but the remarks my wife made more than offset that luxury."

Plan Security Study

WASHINGTON (AP)—A Senate subcommittee on government reorganization has scheduled public hearings to start Thursday on a bill proposing to create a special commission to study the government's security program.

WASHINGTON (AP)—A Senate subcommittee on government reorganization has scheduled public hearings to start Thursday on a bill proposing to create a special commission to study the government's security program.

Auto Employment Rise Beginning to Level Off

DETROIT (INS)—The Michigan Employment Security Commission reported today that employment in the auto industry began to level off during the first half of February after a steady uptrend in the four preceding months.

Preliminary reports indicate an added 5,000 workers on automotive payrolls during February, compared with an average monthly gain of 28,000 during the four months from September, 1954, to January, 1955.

The MESC predicts a limited uptrend both in factory employment and in non-manufacturing industries during the first quarter of 1955.

Montgomery Ward Battle Starts in West

LOS ANGELES (AP)—The proxy battle for control of the huge Chicago mail order house, Montgomery Ward & Co., is set for a round here today.

Louis E. Wolfson, New York financier, arrived last night to woo the votes of an estimated 1,100 southern California Montgomery Ward stockholders.

Due today are Edmund Krider, president, and Howard K. Kamm, treasurer, of Montgomery Ward.

The struggle for control now held by Sewell Avery, 81-year-old board chairman, is due for the showdown at the annual shareholders meeting April 22.

Wolfson told reporters yesterday that the present Montgomery Ward management has a policy of "gloom and doom."

Wolfson, 43, began a nationwide tour to win stockholders' votes in his home town, Jacksonville, Fla., last Friday. He plans to visit 20 to 25 cities.

Plan Modernization

PETOSKEY (AP)—Penn-Dixie Cement Corp. Monday announced a four million dollar modernization program at its Petoskey plant to double production to nearly 2½ million barrels a year. Penn-Dixie purchased Petoskey Portland Cement Co. last fall.

Grains Climb in Cautious Market

CHICAGO (AP)—Grains acted a lot better on the Board of Trade today than they did during most of February. After starting mutedly, the market climbed cautiously higher.

There weren't any big gains in any pit. But the steady liquidation which has characterized the market for several weeks appeared to have at least temporarily dried up.

Only old crop soybeans seemed still to be suffering from liquidation as the market opened. They had losses extending to two cents. It wasn't long, however, before even those deliveries started to climb higher.

Wheat near the end of the first hour was ¼ to 1 cent higher. March \$2.16½; corn ¼ to ½ higher, March \$1.43½; oats unchanged, March 72½; rye ¼ to ½ higher, March \$1.09; soybeans unchanged to 1 cent higher, March \$2.66; and lard unchanged to 3 cents a hundred pounds lower, March \$12.47.

Lies Everywhere Else, But Not in Far East

WASHINGTON (UP)—Harvey Matson, who says he lied as a government witness at Communist trials, was inadvertently addressed by Sen. Herman E. Walker (R-Ia.) yesterday as "Mr. Mats."

Mats is an island held by the Chinese Nationalists, where an attack by Communist forces has been considered a possibility.

"Matson, senator," said Matsow. "I don't lie in the Formosa Strait."

Teresa Brewer Expects Fourth

Tony Marvin Invades Night Club Circuit; Last Spectacular at Worst

By JACK O'BRIAN

NEW YORK (INS)—Small talk Paramount's releasing 300 shorts to TV.

Julius La Rosa starts subbing for six Perry Como shows.

Julius has not talked to Dotie since the Godfrey episode worked.

Sunday's "Spectacular" seemed to combine all the bad values of the Specs, the worst side of Berlie, the least masterful Rays of Martha and Ray Bolger's dancing seemed strangely grounded, no feathery quality.

Except for the opening brightly paced fun and the closing Gershwin music ("Mine") it was a disappointing opera.

Fred Allen lends a cheerful brightness to the "What's My Liners" and is far funnier when he just indulges a sort of witty doodling than when he's handed the transparent "setup" queries, meaning the ones expected to get automatic laughs.

Tony Marvin of the Godfreycasts is picking up night club cash—\$1,000 for a weekend at Buffalo's big Town Casino.

Teresa Brewer's TV shows will halt shortly while she awaits her fourth.

The flop telecast "Satins and Spurs" (which caused Betty Hutton to "quit" show biz) may not be a total loss: Its musical scoring was nominated for a TV academy award.

Bob Haymes collapsed; "flu." Bob Crosby solved his daughter Cathy's show biz yearnings; sent her to school in Switzerland.

Hoagy Carmichael will play the coloratura in TV's "Cassablanca" this Thursday created on the screen by the late Dooley Wilson.

Sidney Lumet directs an ABC-TV script about young hoodlums one week from tomorrow on the Elgin Hour; Sidney busted into show biz 20 years ago at the age of 11 as one of the original "Dead End" kids in the Sidney Kingsley drama.

By commuting between Garrovia, Berle and Gleason, announcer Jack Lescault earns a measly \$100,000 a year.

Dr. Norman Vincent Peale joins Bishop Sheen in the growing list of clergymen with sponsors; Dr. Peale starts on NBC April 4 for a facial tissue firm.

While other stars are collapsing all over the TV lot, Sid Caesar swears his shows to extend to the extra Monday of each four he now lays off.

We keep answering this same query this same way: Your black-and-white TV set will not be outmoded in five to ten years.

Morocco Politician Shot by Assassins

CASABLANCA, French Morocco (AP)—Sherif Moulay Idriss, founder of the moderate Democratic Party of Free men, was assassinated today.

Two men were waiting for him as he left his home. He was hit by five revolver bullets while his eldest daughter looked on. The killers escaped on a bicycle.

A French official said Moulay Idriss' party opposes the nationalist, Islamic and favors a republic that would collaborate closely with the French. He added, however, that the party is small and not influential.

Two Moroccans were killed, and four others wounded in a series of shootings at Casablanca last night.

Deaths Last Night

BOWLING GREEN, Ky. (AP)—Dr. Paul L. Garrett, 61, president of Western Kentucky State College since 1937. Born in Waddy, Ky.

SULLIVAN, Ind.—Fred F. Bays, 72, prominent in Indiana Democratic state chairman, and operator of a dog and pony show.

PEORIA, Ill.—Dr. Samuel J. Aronson, 54, an authority on pulp and paper who headed the pulp and paper section for the U. S. Department of Agriculture, northern utilization research branch laboratory in Peoria. Born in Lithuania.

LOS ANGELES—Milton Lerner, 54, a former New York playwright and press agent who came to Los Angeles 20 years ago and worked in the fields of light opera, radio, motion pictures and television.

Wife, Children Admit Slaying

Girls, 11 and 14, Boy, 8, Help Mother Kill Dad in Parked Car

MARYVILLE, Tenn. (AP)—A mother and three children—the oldest only 14—faced murder charges today after the woman told police she and the children beat and choked her husband to death when he threatened them.

Sheriff Ed Guinn said Mrs. Sam E. Davis Jr., 41, said in a statement yesterday she hit Davis on the head with a wrench while two of the children choked him with a belt after he threatened to drive the family car over a steep embankment.

Mrs. Davis was held without bond on a first-degree murder charge, Guinn said. The children—two girls aged 14 and 11, and a boy, 8—also were charged with murder but were released to relatives, he said.

The sheriff said Mrs. Davis came to his office yesterday and gave this account:

The family was returning to their home near here Sunday night through the edge of the Great Smoky Mountains when Davis stopped the car at the edge of an embankment and said:

"You had better all start praying, as we are all going to hell together."

At that the family began beating him.

In the statement, Mrs. Davis gave no reason for her husband's action.

The sheriff said Davis' body was found in the parked car on the highway.

Jane Froman Now Separated From Husband

MIAMI BEACH, Fla. (AP)—Singer Jane Froman, her fairytale marriage to pilot John C. Burn threatened by "personal problems," rested here today while her husband vacationed in Mexico.

She announced that they had "decided to part for awhile" in hope the "very, very personal" differences would iron themselves out.

When asked if she had any plans for a divorce, she quickly replied, "Absolutely none."

"We feel we can resolve our personal problems more easily if we're apart," she told reporters at a press conference.

The CBS television star took a week's leave from her Thursday show to recover from an attack of neuritis. She said Burn would remain in Mexico until the end of March. She will return to New York March 10.

Burn was copilot of a plane that crashed in the Tagus River of Portugal in 1943, in which 24 of 39 persons died. Both he and Miss Froman were injured but he held her head above the water for nearly an hour until they were rescued.

Miss Froman spent five painful years recovering from her injuries and married her rescuer at Miami in March 1948 after divorcing her first husband. She still wears a brace on her right leg.

Roomers, Dog Conspired to Break Up Marriage

DENVER (AP)—Joseph J. Fried won a divorce yesterday after testifying that every time he put his arm around his wife, a man living with them would "sick" the family dog on him.

Fried said he and his wife took in the man 10 years ago and also have sheltered another man the last two years "because we felt sorry for them." He said his wife paints pictures and the two men sell them.

The Frieds had been married 31 years.

UPLIFTING WORK — Sitting pretty is Joy Mary Marlow, who appears with the Ganjou Brothers acrobatic dance team. Offering the helping hand aboard the liner Liberte in New York is Serge Ganjou of the team.

Oppose Parley With Red China

Republican Knowland, Dem Mansfield Balk at Suggestion

WASHINGTON (AP)—Senators Knowland (R-Calif.) and Mansfield (D-Mont.) said today they oppose direct negotiations with Red China for the release of 15 imprisoned American fliers.

This was their reaction to Burmese Premier U. Nu's disclosure in Rangoon that he had passed along to Secretary of State Dulles a Chinese Communist suggestion that the United States send an unofficial mission to Peiping to discuss the fliers' fate and other causes of U.S.-Red Chinese tension. The State Department yesterday gave the roundabout proposal a chilly reception.

"We don't want discussion," said Knowland. "We want release of the 15 men in compliance with the terms of the Korean armistice."

The fliers were captured by the Reds in the latter stages of the Korean War. Eleven of them have been sentenced on "spy" charges.

Mansfield, a colleague of Knowland's on the Senate Foreign Relations Committee, said in a separate interview he regards the indirect proposal as "just a propaganda move" by the Communists.

"There is nothing to discuss and nothing to be gained by any conference," Mansfield said. "The air men are being held illegally in direct contravention to the Geneva convention on prisoners of war."

Solon's Condition Good

ROCHESTER, Minn. (AP)—Senate Majority Leader Lyndon Johnson (D-Tex.), here for a checkup after a kidney operation late in January, is reported in "very good condition" at the Mayo Clinic.

2 Aircraft Carriers Leave the Philippines

MANILA (AP)—The U.S. aircraft carriers Midway and Wasp steamed out of Manila Bay today for routine operations in the South China Sea, a Navy spokesman said.

The carriers came here two weeks ago after guarding the evacuation of Chinese Nationalists from the Tachen Islands to Formosa.

President Bolsters Red Cross Drive

WASHINGTON (AP)—President Eisenhower says he hopes that by the end of this month he "can call every single American my fellow member of the American Red Cross."

Eisenhower, in a filmed message for use on television, called last night for public support of the new Red Cross drive for 85 million dollars and 30 million members.

The drive begins today.

The President said he believes the Red Cross has set its sights "far too low."

The postal department expected to handle 54 billion items during 1954.

Hits Paris Treaties

LONDON (AP)—A. I. Mikoyan, Soviet first deputy premier, said today that if the Paris treaties to return West Germany are ratified, Germany will never again be united. His speech at the Leipzig Trade Fair was broadcast by Moscow radio.

The postal department expected to handle 54 billion items during 1954.
