Waterford Girl Named Miss Oakland County

Crowning of Miss Oakland Tops County's Biggest Fair

A 19-year-old Waterford Township girl yesterday was named Miss Oakland County to climax the biggest county fair in history.

Pretty Sheri Seiber, daughter of Mr. and Mrs. Bernard C. Seiber of 130 Riviera, will represent Oakland County at the Miss Michigan pageant in Muskegon this August.

★ ★ ★

Blonde, blue-eyed Miss Seiber was chosen from a field of 11 contestants. She is 5 feet 3 and measures 34-23-34. She will return to Michigan State University this fall to begin her sophomore year there.

★ ★ ★

This year's contest was not Miss Seiber's first beauty victory — she was chosen Junior Miss for Waterford Township in 1968. She is a 1968 graduate of Waterford Township High School.

Miss Seiber was a member of the National Honor Society at the high school and was a foreign exchange student in Holland during her junior year there.

County Fair Cochairman Dean Salley said he was pleased with the turnout at the fair — an estimated 100,000 — despite poor weather during most of the four-day affair.

★ ★ ★

Salley said the most popular attraction at the fair was the aerial act of Miss Ma-Ho-Pin, who performed on a high wire and tower some 40 yards from the ground.

Salley also said the Hawaiian dancers and Mr. Magic were popular shows.

He said kids turned out in droves to compete in Saturday's "Kiddies' Day" at the fair. The kids blew bubbles, broke balloons and scrambled for pennies to capture $5 prizes.

Holdup Held Up by Tardy Traveler

EAST HORNDON, England (UPI) — Police today said armed bandits forced eight restaurant employes into the wine cellar and then sat down to await the arrival of assistant manager Alan Gadson with $2,400 in a cashbox.

★ ★ ★

They waited and waited, more than 30 minutes after the restaurant's opening time, and finally went away, empty-handed and cursing.

Gadson showed up half an hour later, saying he overslept, his automobile broke down, and he finally had to take a bus to work.

Bumbershoots Go Up; Rain to Shoot Works

Get out your umbrellas again. The weatherman predicts more rain for this week, with precipitation probabilities for today at 40 per cent, and tonight and tomorrow at 30 per cent. The forecast for Wednesday also includes a prediction for a chance of showers.

It is also expected to get a little warmer, with highs for today from 70 to 78, and lows at 58 to 62.

★ ★ ★

The outlook for tomorrow is partly cloudy and mild, with showers. High predicted for tomorrow is in the mid-70s.

The low in Pontiac prior to 8 a.m. was 50 degrees. By 2 p.m. the mercury had climbed to 65 degrees.

FAA Defies Controllers, to Press Slowdown Probe

WASHINGTON (AP) — The Federal Aviation Administration said today it will continue to question air traffic controllers about their wholesale absenteeism last week, despite complaints of harassment and threats that a new air transportation crisis may be created.

"The FAA is following all . . . regulations and procedures to the letter and categorically rejects intimidation or illegal pressures on employes of any kind," a statement said. "We need the facts about recent developments and we will get them, but we'll get them in accordance with the strictest interpretations of the law."

At midday, conditions on the nation's airways were normal and the usual number of flight controllers was on the job.

★ ★ ★

The Professional Air Traffic Controllers Organization declared during the weekend it would not tolerate further government investigation, but William J. Flener, director of the FAA air traffic service, said the probe would continue.

OBJECTION TO METHODS

Jack Maher, coordinator for the flight controllers group said, "We are not objecting to any questions being asked; we are objecting to the manner in which the investigation is being done."

He said controllers had been pulled off the job by investigators, leaving others to assume double duties.

★ ★ ★

Between 250-300 controllers called in sick last Wednesday and Thursday, while those who reported enforced FAA safety rules to the letter, forcing airlines to cancel hundreds of flights and delay others for hours.

The controllers complained of being understaffed and overworked.

★ ★ ★

When the slowdown ended Friday morning, FAA investigators began quizzing every controller who reported sick, asking each to furnish a physician's statement. Flener said the interviewing was stopped yesterday but was to be resumed today.

James R. Ean, said in New York he feared an "emotional and spontaneous" reaction by controllers in key cities, even though organization officials were urging members to "cool it."

In Boston F. Lee Bailey, counsel for the controllers, said he protested to the Department of Transportation over the weekend it was "harassment" when investigators called controllers from their radar sets to be questioned.

The controllers are forbidden by law to strike, and the FAA threatened disciplinary action if they conducted what amounted to one.

Burger Replaces Earl Warren

WASHINGTON (AP) — Warren Earl Burger was sworn in at 10:42 a.m. today to be the 15th chief justice of the United States.

The simple and sedate ceremony marked the retirement of Earl Warren after 16 years as chief justice and 52 years in public service.

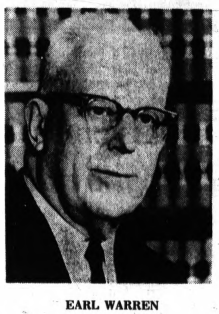
★ ★ ★

President Nixon, in an unprecedented action, spoke to the high court, and said of Warren: "The nation is grateful for that service."

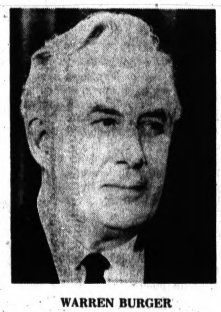
At the conclusion of the ceremony, Burger stood behind the bench and in a firm, clear voice swore to defend the Constitution and to administer justice faithfully and impartially, to do equal right to the poor and rich.

Nixon is believed to be the first President in office to address the court. A lawyer, he spoke as a member of the court's bar. He stood behind the lawyer's lecturn, but used no notes.

The President said of Warren what Will Rogers once said of William Howard Taft, onetime president and later chief justice: "It is great to be great; it is greater to be human."



EARL WARREN



WARREN BURGER

Nixon said Warren's service as chief justice was especially characterized by three things—fairness, integrity and dignity.

Warren, replying to Nixon's remarks, thanked the President for what he said but spoke mostly for the court itself. His voice at the breaking point on occasion, the chief justice said of the court: "We serve only the public interest as we see it, guided by the Constitution and our own conscience."

Ousted Hospital Head May Sue

The fired head of Pontiac General Hospital said today he may sue to protect his reputation.

Harold B. Euler, administrator of the hospital for 11 years until fired by its board of trustees Thursday, said he will probably discuss a suit when he meets with his attorney this morning.

★ ★ ★

"The trustees have put my reputation in jeopardy," Euler commented. "They have implicated me in some wrongdoing. I have done nothing wrong, and I want to prove it."

Euler was unanimously fired by the 11-member board for what they described as "the best interests of the hospital."

MYSTERY REMAINS

Board Chairman Aleck Capsalis and other trustees have refused to disclose specific reasons for the surprise discharge of Euler from his $26,750-a-year job.

Capsalis refused again this morning to offer further comment on the dismissal and vice chairman Harold S. Goldberg would give no further information about Euler's firing.

★ ★ ★

Euler said he is meeting with Pontiac Atty. Clarence Patterson primarily to

Dirksen's Rein Rankling New GOP Blood in Senate

WASHINGTON (AP) — Resentment by the younger crop of Republican senators of the leadership policies and tactics of Everett M. Dirksen is breaking into the open, and there are signs the public criticism may increase.

DIRKSEN

Last week freshman Sen. Charles E. Goodell of New York made a floor attack on the veteran GOP leader for his attempts to block nomination of Dr. John H. Knowles as the nation's top health officer.

★ ★ ★

And Massachusetts Sen. Edward W. Brooke, also serving his first term, has been eager for a showdown with Dirksen over the Knowles affair.

These moves are symptomatic of growing feeling among the newer GOP senators that Dirksen is out of step with the times.

While the critical Republicans are unlikely to dislodge Dirksen now from the party leadership he has held for a decade, they could pose a threat should the 1970 election bring another influx of younger, more liberal GOP senators as happened in 1966 and 1968.

Two-thirds of the GOP senators elected in those two years, plus two appointees, favor greater GOP initiatives in the domestic area, an end to the Vietnam war and a lessening of emphasis on military matters.

★ ★ ★

In this they join such GOP veterans as Sens. Jacob K. Javits of New York and John Sherman Cooper of Kentucky who have always stood to the left of the party's leadership.

"They're closer to the mood of the country," one Democratic leadership source said privately of the GOP newcomers.

One of the new Republicans agreed. Referring to efforts by himself and Sens. Richard Schweiker of Pennsylvania, Charles M. Mathias Jr., of Maryland and Marlow Cook of Kentucky, Sen. William Saxbe of Ohio said, "We feel certain things that people who haven't run in some time, or who run in more rural states haven't found."

Saxbe said, "I'm real disturbed" by Dirksen's belated efforts to block or change a resolution now before the Senate to reassert the Senate's role in any commitment made by the executive branch to foreign countries.

"During the campaign," he said, "there was so much talk about Congress shirking its duties and giving a blank check to the President. It puts Republicans who were here and said this last year into a tight position."

Social Services Benefit 23,000 People Monthly In Oakland County

Welfare Is Big Business: $22.7 Million This Year

(EDITOR'S NOTE — This is the first of a three-part series on welfare and social services in Oakland County.)

By JEAN SAILE

Changing concepts in welfare — aimed at giving greater dignity to the poor and helping them to become self-supporting — are being initiated in Oakland County to a background ruffle of money — a lot of money.

Ora Hinckley, director of the county social services department, estimates that some $22,753,900 will funnel through her office in the year ending June 30. The figure is up nearly $4 million from last year.

Welfare is big business.

This year's social services budget, funded by federal, state and county government, is just $3 million less than the 1969 total county budget.

COUNTY FUNDS 15 PCT.

The money — about 15 per cent of it county funds — made life more bearable for an average 23,790 individuals per month, Miss Hinckley said.

Most of them were long-term welfare recipients — getting help through old age assistance, aid to the blind, aid to the disabled, and aid to dependent children.

★ ★ ★

Others benefited according to need through Medicaid, children's services (adoptive and foster care), the food stamp program and adult hospitalization.

★ ★ ★

Direct relief, where most of the county's money goes, helped nearly 5,000 people a month, 90 per cent of whom were shown to need help for less than a year. The county's tentative 1970 budget carries a $1.7-million appropriation for direct relief.

EMERGENCY HELP

It will be spent to help people temporarily out of work, newcomers to the area not yet employed, and people awaiting acceptance in other social service programs, and for emergency help to those already receiving some form of relief but who cannot manage to

Laird, CIA Chief to Air Red Missile Power

WASHINGTON (AP) — Secretary of Defense Melvin R. Laird and CIA Director Richard Helms were called to testify today before a closed session of the Senate Foreign Relations Committee on the Soviet offensive missile capability.

Laird in the past has contended the Russians are aiming at a nuclear first-strike capability, a position some Democratic senators are skeptical about.

★ ★ ★

"We've heard so many things around here that weren't so, that I think the attitude of a lot of us is that 'It ain't necessarily so'," committee chairman Sen. J. W. Fulbright said.

Fulbright, D-Ark., had said earlier he didn't think intelligence findings supported Laird's contentions about Moscow's missile program.

SIMILAR CHALLENGE

It was a similar challenge which caused Laird to demand that Helms be called to sit beside him to substantiate his position that there are no administration differences over intelligence evaluations.

Fulbright said he favored separate appearances. He praised Helms, saying he has a feeling that the latter "is a professional and he has been straightforward."

★ ★ ★

Sen. Karl E. Mundt, R-S.D., a committee member and a supporter of the administration's missile defense system, said he interprets the intelligence controversy and recent efforts to halt development of a multiple-target missile as desperation tactics by ABM critics.

"The strength of ABM support is growing," Mundt said. "Now its foes are abandoning hope of stopping it and are changing their target.

MIRV TESTING

"They want to stop our testing of a multiple-target (MIRV) missile while the Russians are going right ahead with their tests."

Sen. Clifford P. Case, R-N.J., a committee member opposing ABM, said a proposal he sponsors would call for a moratorium on MIRV tests only so long as the Russians refrain from testing.

'U.S. IS AHEAD'

He told an Atlantic City audience Sunday night the United States is ahead in this field and no one could maintain that a moratorium would put the Soviets ahead.

He said if the MIRV becomes operational it will wipe out all chance of getting any nuclear arms limitation because neither side can gauge the other's strength without on-site inspections, to which neither would agree.

★ ★ ★

"At this critical juncture in the formation of national policy," he said, "it is not only proper but essential that the legislative branch seek to prevent the Executive from leading our nation across the threshold of no return."

Indians Battling for $35 Million

WASHINGTON (AP) — The final battle in what is the longest and often bitterest Indian dispute in the nation's history is being fought in an obscure government agency with nearly $35 million at stake.

Seminole Indians have asked the Indian Claims Commission, which opens hearings today, to approve a $40 million claim for 32 million acres of Florida the tribe owned in the 18th and early 19th centuries.

★ ★ ★

The government has offered the Indians $5.8 million.

The Seminoles owned most of Florida when Spain gave up the territory to the United States in 1819. They claim the American white man robbed the tribe of the land at gun point and through false treaties, a point not contended by the government.

SOME LAND VALUABLE

Attorneys for the Seminoles figure the land was worth an average of at least $1.25 an acre when the government took it in the 1820s. Government lawyers estimate its value at about 18 cents per acre.

Some of the Florida land was quite valuable—containing forests of live oak trees, in demand then by shipbuilders and particularly for naval vessels. Much of the land was the Indians' hunting grounds. Crops were raised on portions of the land.

The long Seminole dispute started in 1816 when Gen. Andrew Jackson invaded Florida to punish the tribe for hiding fugitive American slaves and didn't end officially until a peace treaty was signed in 1934. The first Seminole war, waged by Jackson, ended in 1818, a year before the United States had legal rights in the territory.

Through armed force and a series of forcibly imposed treaties the Seminoles gradually lost their Florida land until 1832 when some tribe leaders agreed to give up all claims and move their people to what is now Oklahoma.

However, many Seminoles refused to leave and in 1835 the second Seminole war broke out. Before it was over, the Seminoles under Chief Osceola, had killed more than 1,500 federal troops and cost the government $20 million.

Power Struggle Divides SDS

CHICAGO (AP) — Students for a Democratic Society, the radical group prominent in recent campus uprisings, ended its national convention today sharply split, with its so-called regular faction electing Mark Rudd, leader of the 1968 Columbia University disorders, national secretary.

The other faction of SDS, headed by the Progressive Labor party, elected an entirely different slate of officers.

★ ★ ★

Both groups ended their conventions at different locations, both called separate news conferences for today to announce names of officers, and both claimed to be "the real SDS."

Elected officers by the PL were John Pennington, national secretary; Alan Spector, educational secretary; and Mrs. Pat Forman, interorganizational secretary.

'REGULAR' OFFICERS

Besides Rudd, the SDS regulars elected Jeffrey Jones of San Francisco interorganizational secretary and William Ayres of the University of Michigan educational secretary.

Early yesterday, the PLs had been expelled from SDS by the more militant controlling coalition aligned with the Black Panther party.

Saturday, fist-clenching Panthers had warned that SDS would be judged by action it took against delegates from PL.

PL spokesmen said they advocate world revolution by all workers rather than movements such as the Panther party, which they attacked as "black nationalist."

HOMELESS BUT UNHURT — A family walks away from its demolished home after surveying damage caused by a tornado that hit the southwest part of Salina, Kan., late Saturday. More than 60 persons were injured; property damage topped $10 million.

Confession of 2 Slayings a Hoax

NASHVILLE, Tenn. (UPI) — "When he tells the truth, he will be dead. He has never told the truth in his life."

This was the description given by Ernest Paul Sims' mother after she learned her son had confessed to the murder of two girls near Ann Arbor, Mich., and also the slaying of an Oklahoma City taxicab driver.

After hours of intensive questioning by Nashville police, Sims admitted late yesterday his mother was right—the confessions were a hoax.

While local authorities agreed Sims apparently was not involved in the slayings, they still planned to give him a lie detector test today.

The Nashville convict, who worked as a groundskeeper on the Eastern Michigan University campus May 5-7, admitted the slayings of Maralynn Skelton, 16, whose body was found March 25 and Dawn Basom, 13, of Ypsilanti, Mich., whose body was discovered April 16.

Winds, Rains, Hail Kill 10 in Midwest

By United Press International

Tornadoes and severe thunderstorms lashed the Midwest late yesterday and early today, uprooting trees, knocking down power lines and damaging buildings. At least 10 persons died as a result of the hail, heavy rains and strong winds.

Six persons were killed and at least 30 injured last night by tornadoes in the Missouri lead belt, about 65 miles south of St. Louis. One man was killed when his car was swept off the road.

★ ★ ★

One twister touched down four miles west of Potosi, Mo., traveled northeast and hit a mile south of Old Mines in Washington County, cutting a path a half-mile wide on the ground. A second tornado hit just west of U.S. 67 at about the same time.

Trees and power lines were downed in southern Illinois east of St. Louis and in southeastern Indiana. A Benton, Ill., man was killed when he picked up a power line which fell in his backyard.

A cloudburst virtually inundated parts of Iroquois County in east-central Illinois, about 75 miles south of Chicago. Up to three inches of rain was reported in 15 minutes and all highways in the area were nearly impassable.

Three persons were killed in an auto accident north of Robinson, Ill., in Crawford County, where water covered Illinois 1. Police said one car skidded into the path of the other when it hit the water.

Portions of east-central Oklahoma and northwest Arkansas were under a severe thunderstorm watch early today and portions of southeast Missouri, southwest Ohio and Kentucky, and southern Illinois and Indiana were under a tornado watch.

Suicide Is Ruled Out

Judy Garland Found Dead

LONDON (AP) — "Audiences have kept me alive," Judy Garland once said. But a London surgeon says the star was "living on borrowed time," and time ran out yesterday for the 47-year-old singing star.

Miss Garland, who made more than 35 films but was best known for her role as a little girl named Dorothy in "The Wizard of Oz," was found dead by her fifth husband, Mickey Deans, in the bathroom of her London home.

★ ★ ★

British newspapers labeled the death "sudden and mysterious" but Scotland Yard ruled out suicide, and police said there was no suspicion of foul play. An autopsy was scheduled today.

Dr. Phillip Lebon, a prominent London surgeon who had treated Miss Garland for several years, said she had cirrhosis of the liver and that death could have come any time. "How she lived this long I don't know," he said.

TRAGEDY-STUDDED LIFE

Miss Garland had been married to Deans, a 35-year-old former New York discotheque manager, for 100 days.

The singer, who brought tears and joy to millions of fans by singing of a dream world "Over the Rainbow," often suffered the depths of personal despair.

★ ★ ★

The Judy Garland story was one of pills, divorces, on-stage collapses, illnesses, audiences that booed her and finished by yelling: "We love you Judy!" She reportedly attempted suicide several times. In the most publicized attempt, she slashed her throat at the age of 28.

In 1940, 1941 and 1945 she was named one of the 10 highest-paid stars in Hollywood, earning $150,000 a film.

Her movies are estimated to have earned $100 million.

HER HUSBANDS

She was divorced four times — in 1944 after a three-year marriage to composer David Rose; in 1951, after a six-year marriage to director Vincent Minnelli; in 1965, after a 13-year marriage to Sid Luft, her manager; and finally from actor Mark Herron, after a marriage of 19 months.

She has three children: Liza Minnelli, an entertainer, and Lorna and Joey Luft. All three were in the United States when they learned of their mother's death.

discuss his pension and salary settlement.

But he said he would probably discuss a possible suit at that time.

FIGHTING FOR PENSION

"I'm only fighting for my 65th birthday pension," he said.

"I'm very concerned that they dismissed me without notice and with only 11 months to go before I will retire. I will now get decreased benefits. I don't know how much yet."

Warren reportedly asked Euler what the charges against him were and told him the issue might be discussed at the informal city commission meeting tonight.

Senate to Restudy U.S. Policy in Viet

WASHINGTON (AP) — The Senate Foreign Relations Committee will hold new hearings to reevaluate America's policy in Vietnam, Chairman J. W. Fulbright says.

The Arkansas Democrat said yesterday that President Nixon's Midway Island meeting with South Vietnamese President Nguyen Van Thieu, plus Nixon's speech at the U.S. Air Force Academy, "confirmed my fears he was not going to change the Johnson policy."

★ ★ ★

He didn't disclose a starting date for the hearings.

Fulbright said the Thieu government is a "military dictatorship practically" and he urged that the U.S. disengage itself from it to clear the path to free elections in South Vietnam.

★ ★ ★

The Thieu regime was labeled a "minority government" yesterday by W. Averell Harriman, who had been President Lyndon B. Johnson's top negotiator at the Paris peace talks. Harriman charged the South Vietnamese government has made little progress toward expanding its base to include other non-communist elements.

County Welfare: $22-Million Business

take care of school clothing needs, a defunct furnace or other such items.

It also will fund some closing costs for homes purchased by people already on assistance and relocated because of urban renewal. Six such families were placed in their own homes this year. The program represented a new approach in low-income housing for aid recipients. Funds allotted for living quarters will now keep up the payments on the homes.

★ ★ ★

Constantly increasing county responsibility — through state directive and always-changing legislation as well as through the recent U.S. Supreme Court ruling which erased state residency requirements for aid — has local officials wondering what the future will hold.

They are waiting with interest for President Nixon's announcement concerning the future of welfare. Some local officials view his concern as the first direct step to complete federal take-over.

LOCAL CONTROL LOST

It was just two years ago that the County Social Services Department merged with the state. Local control was lost, but so were local administrative expenses, Daniel T. Murphy, chairman of the board of auditors, points out.

Provision of new office quarters, which Miss Hinckley said are needed desperately in the Royal Oak service area, and the number of employes have all left county control.

★ ★ ★

So have the budgetary rates which determine how much money a needy family gets. Current rates were established by the state and the U.S. Department of Agriculture in 1961 and have been the source of much criticism.

★ ★ ★

Local officials are hopeful that a proposed $3 per person per month increase July 1 may alleviate some of the problems and meet some of the emergencies which county-financed relief funds have had to absorb.

County records show that social services have outfitted 1,818 people at the emergency clothing store, 1 Lafayette, since September. The costs rose from an anticipated $37,000 to $129,054, all of which was paid by the county.

The emergency help was provided in recognition that state rates allow an individual only $15 a month for "incidentals," a category which is supposed to include clothing. Miss Hinckley said, and which, she indicated, is low in relation to current costs.

Hart Hits HEW, Doctors' Drug Profits

MACKINAC ISLAND, Mich. (AP) — Sen. Philip A. Hart, D-Mich., criticized the Department of Health, Education and Welfare today for letting doctors be paid for drugs supplied to patients under Medicaid.

"That threw the door wide open for doctors who are inclined to make the fast buck," he said.

Hart said he doesn't think all doctors who dispense drugs are in that category, but "in a profession with 200,000 members, a certain percentage operate with less than the highest of motives."

"Thus, we are now reading with great frequency of doctors whose annual income from drug sales under Medicaid testify to how they are using the law," he said.

EYEBROW RAISED

"When one doctor bills the government for more than $100,000 in drugs under Medicaid in one year, even the least cynical among us must raise an eyebrow," he added.

Hart's remarks were prepared for a convention here of Michigan pharmacists.

★ ★ ★

He urged support of a bill he is sponsoring to prohibit doctors from dispensing drugs, with limited exceptions, and to bar them from owning pharmacies and drug-repackaging companies.

Hart said it also would overturn the HEW ruling permitting Medicaid funds to be paid to doctors who supply drugs to patients, "with the promise of fantastic savings of taxpayers' dollars."

NEEDED PROTECTION

He also said that consumers, as well as pharmacists, "need and deserve the protection the bill offers."

The major reason the measure has not been enacted into law, Hart said, "is the opposition of such powerful groups as the American Medical Association." He urged the pharmacists to lobby for it.

State Indians Elect Officers at Convention

PETOSKEY (UPI) — Robert Dominic of Petoskey has been elected president of the Northern Michigan Ottawa Association for the 21st year.

Dominic was renamed for the post at the 21st annual meeting of the Indian bands in a weekend convention here. His wife, Juanita, was elected secretary for her 21st term, and Francis Wakefield of Grand Rapids, a widely known expert on Indian affairs, was elected for his third term as vice president.

★ ★ ★

The convention, held at the Emmet County 4-H Center, was attended by about 700 Indian members of the association.

Major topics centered around the 1821 Grand River Tribe claim, which has been approved and money appropriated for by the Congress, and the 1836 Ottawa-Chippewa claim which has been approved but for which money has not been appropriated.

The delegates reaffirmed previous stands on the manner of disbursement of the $938,291 the government has agreed to pay the Grand River Ottawa band. About 1,000 members are involved.

Crash Kills Man, Fiancee; State Toll for Weekend 20

By The Associated Press

A middle-aged Chicago man and his fiancee had almost reached his brother's home at Laurium in Michigan's Upper Peninsula for a visit yesterday when they were killed in a head-on crash. Their deaths increased the weekend traffic death count in the state to 20.

State Police said Arthur O. Lasio, 45, and his fiancee, Marjorie L. Grund, 45, of Chicago, died in the crash on U.S. 41 south of Calumet last night.

* * *

It was the second head-on crash of the night which took two lives. In the other accident Mrs. Dora Bobo, 75, of Jackson, and Jerry Agosta, 11, of Onsted, were killed when the cars in which they were riding collided on M50 near Cambridge Junction. Mrs. Bobo's husband was injured critically. Three other persons also were injured.

The Associated Press weekend traffic fatality count began at 6 p.m. Friday and ended at midnight yesterday.

* * *

The other victims:

Richard Williams, 18, of Conklin, whose car ran off the road and struck a tree in rural Ottawa County Saturday.

Secord Mattice, 82, of Harbor Beach, who died Saturday in a two-car collision on U.S. 25 south of Harbor Beach in Huron County.

* * *

Brian Lashaway, 3, of Hillsdale, who was killed Saturday under the wheel of a tractor he had been riding.

William Zick, 66, of Port Hope, who died early yesterday after running into an embankment beside U.S. 25 near Bad Axe.

* * *

Chris Emerson, 22, Ithaca, who was pinned early yesterday in his car after it ran off a road in Gratiot County, hit a stump and rolled over.

Ruth Sims, 29, of South Haven, whose car struck a utility pole at M140 near Watervliet in Berrien County yesterday.

* * *

Arthur Dodge, 56, of Brooklyn, who was in a head-on crash on rain-slick U.S. 223 six miles notheast of Addison yesterday.

Joe Hankerson, 30, Niles, who died when his car went out of control in Niles and crashed Saturday.

* * *

James Sanders, 22, Sterling Heights, who was killed when his car crashed yesterday in Shelby Township.

Willie Phillips, 46, Erie, who was fatally injured when struck by two cars along U.S. 24 in Monroe County near the Ohio-Michigan line.

Robert Hunter, 24, of 600 Redwood, Troy, who was fatally injured Saturday when the car in which he was riding went out of control and struck a tree in Clawson.

* * *

Raymond Findlay, 20, Caro, who died when his car struck a tree in Tuscola County.

George W. and Dorothy Smith of Lennon who were killed Saturday when he backed his car into another car on M21 in Clayton Township of Genesee County. He was 75, she was 67.

* * *

Stella L. Novakoski, 60, Grand Rapids, who died Saturday in a two-car collision at a Grand Rapids intersection.

Lawrence Durbin, 14, of St. Johns, who was a passenger in a car involved in a two-vehicle accident at an intersection in Clinton County's Bingham Township yesterday.

Gutted Interior Of Home In Fatal Fire In White Lake Township

Cause of Fatal Home Fire Investigated

WHITE LAKE TOWNSHIP — State fire marshals today had not yet been able to determine the cause of a fire which ripped through a two-story frame house Saturday killing a woman.

Mrs. Russell (Donna) Morey, 25, of 1105 Union Lake died from smoke inhalation according to an autopsy report. Township firemen pulled her body from the kitchen of the burning home.

Her husband leaped from an upstairs bedroom window escaping injury. The Moreys have no children.

Morey was awakened about 4:40 a.m. by the screaming of his wife who was downstairs according to Oakland County sheriff's deputies.

Flames in the upper hallway prevented him from going downstairs. After going out the window he made another unsuccessful attempt to reach his wife, then called the police from a neighbors.

The house was owned by John Windiate of 1121 Union Lake. The structure was gutted.

Registration Is On for Walled Lake Summer Studies

WALLED LAKE — Registrations for summer credit and recreation programs are being accepted through Wednesday.

Junior and senior high school academic credit courses, and special classes in play production, stage performance, choral music and developmental reading, plus basketball and wrestling workshops, are being offered.

Reading mathematics, band, art, and outdoor recreation programs will all be offered at the elementary school level.

A sodium fluoride dental treatment program will also be available for students from kindergarten through grade nine.

The courses begin today and generally end Aug. 1. Registration is at the board of education office.

Vet Fund Post Filled

SOUTHFIELD — James Fardell of 30050 Everett has been named to serve as the Disabled American Veterans representative on the Oakland County Veterans Trust Fund Committee.

His appointment, for the term ending Dec. 31, 1971, was announced by the board of trustees of the Michigan Veterans Trust Fund.

Algiers Motel Victim's Brother Held in Assault

DETROIT (AP) — Robert Pollard, 19, whose brother was slain during the 1967 Detroit Riot, was charged yesterday with assault with intent to murder in connection with the wounding of an acquaintance.

Auburey Pollard, 19, was shot to death in the Algiers Motel during the racial riot. A Detroit policeman, charged with first-degree murder in Pollard's death, was recently found innocent.

A plea of innocent was entered for Robert Pollard who stood mute at the arraignment yesterday.

Brush Brothers Will Put Shave Into a Grave

ROCHESTER—All mourners are welcome to a hairy funeral.

To the beat of muffled drums and the solemn pronouncements of a minister, Rochester's Brothers of the Brush will conduct the Burial of the Razor Friday.

* * *

The procession will begin at 7:30 p.m., starting from the Rochester Municipal Building. A horse-drawn caisson will carry an oversize razor in its coffin to the burial site, Rochester Junction railcar complex on Main.

Brothers of the Brush is the organization dedicated to the temporary revival of bewhiskered gentlemen. Members are cultivating hairy faces in connection with Rochester's Centennial celebration, ending this fall.

* * *

Participating in the Burial of the Razor will be the Centennial Belles, ladies who will dress in centennial period costumes.

Diners, Note These Winners

DETROIT (AP) — Carol Zaccardelli of Detroit said Sunday "I'm the happiest girl in the world" after hustling 440 yards with four glasses of champagne.

Carol beat all the other waitresses in the 15th Annual Waiters and Waitresses Race at Detroit, but it was Roohy Naubash who claimed most of the glory with a world record time of three minutes, 28 seconds, for the event.

The union-sponsored event was a prelude to an international race scheduled for July 5. Competition will come primarily from Canadian waiters and waitresses.

About 400 waiters and waitresses entered the contest which calls for contestants to carry a tray with four glasses of champagne. At the end of the course the glasses, originally filled with 22 ounces of fluid, must have at least 16 ounces. And the contestants can only walk real fast, not run.

Holly Parents Oppose Materials

Sex Ed Protest Is Slated

HOLLY — Representatives of a group called "Concerned Parents" are expected to be present at the board of education meeting tonight to protest against possible materials that might be included in the board's planned sex education curriculum set to begin in the fall.

* * *

About 12 persons questioned the impending sex education program at a June 9 meeting. Superintendent of Schools Russell Haddon said he expects a much larger turnout this evening.

Haddon said representatives of the Holly Jaycees and the Holly Ministerial Association will also be present at the board session.

The Jaycees and the ministerial association have gone on record as supporting the board's sex education plans.

* * *

The program as now planned will be aimed at the junior high age level and will include instruction and discussion on family life and human sexuality. Other topics included in the program will be narcotics, alcohol and tobacco.

Strategy Session in War on Weeds

By JACQUELINE KORONA

EAST LANSING (AP) — Farmers and home gardeners — even Gov. and Mrs. Milliken — know the problems of weeds.

The Millikens, who recently moved into the state's newly acquired $440,000 governor's residence in Lansing, have been digging weeds out of their garden whenever they've had free moments.

* * *

Suburban dwellers forever face the problem of crabgrass.

And farmers fight almost daily battles against unwanted wild plants that compete with crops and can cause severely reduced yields.

QUESTION: HOW?

The question is: How are weeds eliminated?

Michigan State and Purdue University scientists hope to provide a few of the answers later this week when some 300 county extension agents, vocational agriculture teachers and industry representatives gather at East Lansing for the sixth annual MSU-Purdue Weed Days.

* * *

The sessions, held alternately at MSU and Purdue, are aimed at increasing interest in newly developed and still-developing weed control measures.

"We try to get these people all together at once, when the field crops are at their ideal stage for observation, to show them results of research with various herbicides," explains Dr. William Meggitt, an MSU crop scientist and cochairman of the event.

TO TOUR PLOTS

Conference delegates this year will tour research plots cared for by the crop science and horticulture departments. They'll receive information on herbicides used against weeds in plots of onions, lettuce, celery, beets, corn, soybeans, field beans, fruits and ornamentals.

* * *

There also will be special demonstrations of quackgrass and nutsedge control and the use of herbicides to increase the portein content of crops.

Some of the herbicides to be displayed may soon be on the commercial market, Meggitt says, and the Weed Day tours will help those most closely involved explain their use and value to farmers.

IN EARLY STAGES

Other herbicides under discussion Wednesday and Thursday still are in the "very early research stages and may never reach the grower," Meggitt adds.

"Scientists may find they're not effective as a weed control or they cause excessive crop injury," he says. "But we want people to know what we're working on."

* * *

Some of the university's herbicide research begins with a chemical developed by a commercial firm, Meggitt says.

"The companies screen what they come up with and do a lot of testing," he says.

DOES IT WORK HERE?

Then the university takes the seemingly workable materials and checks their effectiveness under conditions within the state. Similar work is carried on across the country.

* * *

"Our aim is to eventually develop effective weed control for various crops," Meggitt says. "This is part of the problem-solving research of the university."

BEATING THE HEAT — A soldier of the U.S. 9th Infantry Division, 2nd Battalion, 60 Infantry, in South Vietnam takes advantage of a stream in the Mekong Delta to cool off while cleaning his weapon.

Green Beret Camp Is Besieged

SAIGON (UPI) — Communist gunners besieging the U.S. Green Beret camp at Ben Het stood their ground under a million pounds of U.S. bombs and then blasted tear gas, mortar and artillery shells into the compound, military spokesmen said today.

Special Forces advisers inside te Central Highlands camp reported no casualties in their own ranks from yesterday's shelling and only "ligh "t casualties among the Vietnamese mercenaries they lead. Seven civilian dependents of the mercenaries were reported wounded.

* * *

Other battlefields across Vietnam were so quite yesterday that the regular U.S. briefing officer did not attend the daily session for newsmen.

* * *

The only action involving U.S. troops apart from Ben Het yesterday saw 25th Infantry Division GIs kill 22 guerrillas in a firefight 24 miles northwest of Saigon. U.S. losses were one killed and five wounded.

South Vietnamese troops riding armored personnel carriers on a sweep of the southern Mekong Delta reported killing 98 Red soldiers 116 miles southwest of the capital. Two government troops were killed and two wounded.

The Communists have shelled the Ben Het Special Forces camp nearly every night for three weeks. The outpost, 285 miles northeast of Saigon, commands a network of infiltration trails from both Laos and Cambodia.

The record payment by Blue Cross insurance was $37,772 for an 88-day stay in a complicated case last year.

'Guerrilla Forces in U.S.'

SAN DIEGO, Calif. (AP) — The commandant of the Marine Corps said today some antiwar activists are like guerrillas hiding behind the right of dissent and opposing U.S. involvement in Vietnam "only because they are in accord with the principles of the enemy."

Gen. Leonard F. Chapman Jr. said:

"Like our enemy in Vietnam, they fight a guerrilla war. They, too, have a freedom of movement, and the advantage of doing battle when and where they choose."

* * *

Their sanctuary, Chapman said, is the "honesty and integrity" of three other kinds of opponents of the war.

He listed these others as those who oppose all wars on moral or religious grounds, those who are against U.S. involvement in the Vietnam war only, and "the sincere watchdogs of our economy" who oppose big defense spending and wish to divert money to internal problems.

* * *

In a speech prepared for the San Diego Council of the Navy League, Chapman spoke of what he called "the battlefield here in this country."

'Don't Call Us, We'll Call You!'

It Seems to Me...

Nation Must Unite Behind President Nixon on ABM

President RICHARD NIXON'S Anti-Ballistic Missile plan has raised a sharp controversy in Congress and clear across the country.

This is understandable.

★ ★ ★

It would seem reasonable to assume that President Nixon has profited by more expert advice from well-grounded authorities than any of the rest. This doesn't detract one whit from other convictions and arguments. It simply means the titular head of the Nation obviously is in closer contact with more sources than any of the rest because of his position and unquestioned opportunities.

He has top knowledge.

★ ★ ★

Hence, it seems to me that the wisest course for Congress and this Nation to adopt is the plan put forward by our Number One Authority. No one living—or dead—has any greater pride and ambitions for Americans than RICHARD NIXON. This is beyond discussion. It can't even be challenged except by a small coterie of political diehards who oppose him at every turn for purely personal and political reasons.

Their position is unimportant.

★ ★ ★

Other independent experts can have divergent views. The subject is hopelessly complex and far beyond absolute proof on any single contingency.

Hence, as a matter of logic and common sense, it would look as though we should stand behind the man with the most information and offer the Reds a united front. Nothing pleases them more than disputes, contentious arguments and loud-voiced bickering.

Let's stick with Nixon.

Let's all unite.

★ ★ ★

Many modifications can readily be added or subtracted by their ardent supporters. The over-all question is this complicated. But no one anywhere can prove his own private contentions are foolproof nor can he successfully challenge the divergent ideas of other serious patriots.

★ ★ ★

It's tremendously complicated. But we must act.

Otherwise, we drag hopelessly in twenty different directions and accomplish absolutely nothing. Congressmen, stick with your President. Let's bring this matter to a head and move forward on his well-designed course.

Church, Dads Must Gain

Recently I've seen two cogent suggestions for "bettering the moral morass into which our Nation is sinking." Certainly the situation brings alarm to almost everyone.

The late DWIGHT D. EISENHOWER said:

"From what I know of world conditions, the only hope of our day is a religious revival."

★ ★ ★

This great stalwart American placed his finger on one of the most essential possibilities. Apparently, church attendance is remaining static in spite of the growth of the Nation as a whole. To accomplish the results we need, it should double the general population advances.

Another suggestion asserts that the fathers of today must arise and assert themselves and "take their God-given places in their own homes." They're accused of ducking and "letting George do it." They must "muster the moral courage and appropriate the spiritual strength to lead their families by example and precept in the ways of God and character building."

★ ★ ★

Apparently too many dads shirk and avoid their duties at the very time religion is failing to surge upward as it should.

Both contentions are true.

Perhaps they're intertwined.

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

Recently a vote was taken on a popular issue by the inmates of a mental hospital. The split was almost precisely in line with the count from outside. Also, a larger percentage voted and they made fewer mistakes on their ballots. Cogitate on that . . . . . Overheard: "The only way to get rid of these dandelions is to try and cultivate them." . . . . . The newest pop idol in London smokes 700 cigarettes a week and his name is ANDREW FAIRWEATHER-Low.

★ ★ ★

MARILY

Personal nomination for one of the attractive young ladies in the area: Marily Rae Mercer. And can she sing! . . . . . Estimates of the "take" from illegal gambling in the U.S. run from $20 billion to $50 billion, according to our greatest authority, President Richard Nixon. The most depressing factor is the idea that it finances crime. . . . . Overheard as fisherman addresses clerk in store: "Gimme four cases of Scotch, ten decks of cards and a fish hook." . . . . . Teddy Roosevelt said it: "The only persons who never make a mistake are the ones who never do anything."

★ ★ ★

A Great Big Round of Hearty Applause for MIN OSMUN and his quarter of a century of faithful, constructive work on the School Board . . . . . In Chicago, during a three month period, the following bought guns by mail: 13 once arrested on murder charges, 58 once arrested for robbery, 42 arrested for burglary, 83 for carrying concealed weapons and 11 for criminal assault . . . . . Russia demands more babies. Her birth rate is 9.8 per thousand population and ours is 17.9. . . . . Overheard: "Youth today seems more intent on searching for problems than for answers." Dept. of Cheers and Jeers: the C's—the delightful summer ahead; the J's—the sodden, murky, gloomy spring just ended.

—HAROLD A. FITZGERALD

David Lawrence Says:

Tragic Aspect to Vietnam Talks

WASHINGTON — Negotiations to end the Vietnam war have taken on a most tragic aspect. Here in America the debate as to the number of troops to be withdrawn in the next few months preoccupies the nation. Yet there isn't the slightest sign that the Hanoi government and its Communist allies are ready to reciprocate in any way.

LAWRENCE

Today President Nixon is arguing in public with the critics about how many troops will be brought home by the end of next year.

★ ★ ★

Ever since the bombing of North Vietnam was halted on Nov. 1, 1968, American troops have been killed by the thousands and many more wounded.

Why, it is being asked, doesn't President Nixon notify the North Vietnam government that, unless all its attacks on South Vietnam are suspended at once, the United States will order a resumption of the bombing and that this will be far more intensive in scope than ever before?

REAL OBJECTIVE

It certainly is frustrating to the military commanders of the United States in Vietnam to have their hands tied as use of the customary methods of bringing an enemy to terms is forbidden by the government in Washington.

Indeed, it begins to look more and more as if the objective now is primarily to satisfy critics in Congress and what is theorized to be public opinion throughout this country.

★ ★ ★

But appeasement has never paid, and a much bigger war may develop in Asia and Europe if the most powerful nation in the world brings its troops home from Vietnam without having really discouraged the Communists from further acts of aggression.

Criticism of the Vietnam war has been heaped on both the Johnson and Nixon administrations. Many people who do not really know the dangers are still saying, "Let's use the money for domestic purposes."

COUNTRIES ENDANGERED

Will American troops be withdrawn from Vietnam as thousands are being killed and wounded, and the enemy refuses to stop the fighting even while a peace conference is going on?

If Red China and the Soviet Union establish puppet governments throughout Asia, will not the safety of Australia, New Zealand and the Philippines as well as the future of the countries in the Middle East and Western Europe be threatened? Will Japan not be dragged in, too?

The United States has the air power to bring Hanoi to terms. Such a step, if taken, would inform the world that America has not made its sacrifices in vain and intends to adhere to the principle that peoples, large and small, must have the right to determine their own form of government without outside interference or acts of aggression.

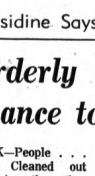
Bob Considine Says:

Disorderly Desk Offers a Chance to Reminisce

NEW YORK—People . . . Places . . . Cleaned out a desk of mine the other day after 10 years, whether it needed it or not.



CONSIDINE

"Dear Sir," a letter said, when opened. "Welcome to the New York World's Fair! Fun, thrills, dinosaurs!"

Why didn't somebody men- tion it? I rushed right out to Flushing Meadow by cab. The Fair had gone. Probably on the road. Sorry I missed it.

There was also a yellowing copy of a series I wrote for the papers of the early 1960s. Pretty daring stuff, looking back:

"Langley Air Force Base, Va.—Project Mercury, that indescribably complex plan to boost a man into earth orbit and recover him unscathed, now finds itself further complicated by political, economic and even ideological factors.

7 REMARKABLE MEN

"Without these added obstacles, the logistics of orbiting a human are appalling to all but a comparative handful of authorities on space, students of survival, engineers and missilemen.

"The seven remarkable men chosen for this great scientific adventure possess all those characteristics, plus that something extra which can only be identified as sheer guts."

As my desk yielded its additional debris, lo and behold there popped out a long, long short story I did for Esquire —it had been turned down by the first three or four magazines I submitted it to —about an astronaut who defected to the Soviet Union in the hope of making a point. His point was that we would one day be caught with our planets down if we didn't think of space as a military area as well as an infinity of peaceful exploration.

The desk coughed up a frayed carbon copy of a piece done about a funeral in London:

"The world bowed farewell to gallant old Sir Winston Churchill today with all the tenderness his memory kindled and the pride his achievements inspired.

"He was more than Britain's 'Man of the Century' on this day of requiem as the last pages turned in his stupendous story. He was one with the ages, a titan without boundary, and he was borne to his timeless niche in history on the wings of a funeral unmatched in this land of plumed pomp and circumstance."

It's nice to keep a disorderly desk. It gives one a day off . . . every 10 years or so.

Jaycees Seek Support for Nixon's Peace Efforts

We, the membership of Walled Lake Area Jaycees, have recently sent to President Nixon a resolution supporting his proposal for "lasting peace through national unity."

We deplore the divisive tactics of certain members of the Senate and House of Representatives and the efforts of a small but vocal minority who openly deride American efforts toward guaranteed self-determination to the people of South Vietnam.

★ ★ ★

We support the half-million soldiers now fighting there and salute the 35,000 who have sacrificed their lives in this cause.

★ ★ ★

We believe that we must indicate to the National Liberation Front and the government of North Vietnam that they should not depend on the resolve of the United States to crumble from within.

★ ★ ★

We seek the support of every organization and citizen to provide unity and support to Pres. Richard M. Nixon in his efforts to effect a just, honorable and lasting peace.

Suggests Remedy for Misleading Practice

I believe people who are fooled by misleading advertising of sale specials, only to find none available when they go to the stores, should stop patronizing the stores that do this.

★ ★ ★

They claim some one slipped up and the merchandise didn't come in. People should write the postal service and the newspapers where these advertisements appear. I believe they hope folks will buy something else once they are in the stores.

One of the boldest Marxist infiltrations of an American institution is the Sex Information and Education Council of the United States, which has interlocking connections with "Sexology" magazine. SIECUS is a supplier of materials and advice to school districts.

The materials this program contains are animalistic, inflammatory and purposely devoid of moralism. SIECUS has set up a pattern for introducing this material into schools before parents are aware of what is being foisted on their children.

Question and Answer

I've been visiting Drayton Plains Nature Center and learned they've had ducks killed by BB guns and deer killed by dogs. Is there any way to raise funds to put a fence around their acreage so no more animals will be killed?

DAVE BURCH, AGE 11
173 W. PRINCETON

REPLY

There has been talk of fencing the Nature Center, but estimates are upwards of $30,000. However, a fund-raising drive is planned for the near future, and anyone interested in contributing to the cause will be most happily welcomed.

Question and Answer

This has been on my mind a long time. Why can't a man on total disability get help with medical expenses? He applied to Welfare but was turned down because he owns a '68 Chevrolet. So far he's kept insurance and taxes up to date and never lets bills go overdue. But his disability check is less than $100 a month, and even with food stamps, food for two is more than he can afford. He's supposed to be under doctor's care, but he can't get medical help. He was in the Army from 1928-31. Maybe he could get help that way. I hope you can help us.

B. M.

REPLY

Perhaps you've had it on your mind long enough that his situation has changed. The woman he talked to before is no longer with Social Services, but we were told he should re-apply to see if he might now be eligible for some assistance. The only Army benefits he would be entitled to are for service-incurred disabilities.

What's a billion dollars, more or less?

To the Defense Department apparently, overlooking a billion comes easy. For this is the kindest explanation of the Defense Department's failure to include the cost of nuclear war-heads in its estimated cost of the Safeguard protective missile system.

Deputy Defense Secretary David Packard told senators last March 26 that the "fully equipped" Safeguard system would cost $6.6 billion and that it might be as high as $7 billion for a six-to-seven-year period.

★ ★ ★

At no time during the congressional hearings was the additional cost of nuclear warheads mentioned.

Now, thanks to inquisitive newsmen, it comes out that the Atomic Energy Commission will have to spend $1.2 billion developing, testing and producing the Safeguard warheads. But AEC is a separate outfit with a separate budget, so its costs were not figured into the Defense Department's estimate.

★ ★ ★

That's like buying a car and then being told by the salesman that the engine will cost you another thousand bucks. The car won't run without an engine, no matter how fancy the body and fittings may be. Safeguard missiles are useless without warheads.

If Defense Secretary Laird and Deputy Packard hope to sell Congress and the public on the need for the Safeguard system, they had better brush up on their first-grade arithmetic.

Planting Timber

The Milwaukee Journal

The South may be stealing a march on the rest of the country in tree planting, it is indicated in a federal report on reforestation.

Of the million acres of nonfederal land seeded or planted last year, three-fourths was in the south. This represents a potential value of standing timber in 30 years of $190 million at current prices — and lumber prices are booming.

★ ★ ★

Wisconsin is averaging only 30,000 acres of nonfederal planting a year, in state, county, private and industrial forests.

The federal forest service warned that the rate of tree planting will have to be tripled in the next decade to meet projected needs for wood.

★ ★ ★

There are 30 million acres of forest lands that should be seeded or planted, said the agency, and millions more of marginal croplands that could grow trees. Wisconsin has its share of such areas and can get in on the wood prosperity that seems to be ahead.

Detroit Fears Financial Chaos

Schools' Fund Lack 'Is Critical'

DETROIT (AP) — The Detroit public schools say they have been cutting corners for so long that the financial roof may fall in next year.

- A 10-mill property tax increase for the schools was defeated last fall.
- Some 11,500 teachers will be employed this fall, down almost 500 from a year earlier.
- The highly lauded Detroit Schools Communications Skills Center program has been slashed from 2,800 pupils to 200.
- Some 65 or 70 schools need new roofs.
- Boilers in some schools need replacing.
- Of 50 school buildings more than 50 years old, only 20 have been rehabilitated.

NEED SPECIALIST

"I can think of a school which has been after me all year for a reading coordinator," said Norman Fuqua, superintendent of Region Eight schools which include many in the inner city. "They need a reading specialist. I agree.

"But it just can't be done within the framework of our current financial condition."

"People fell over when we approved a $275-million tentative budget in April," said Harold Brown, business manager for the Detroit schools. "But I know darn well that we ought to be spending double that if we want to provide the kind of educational services I know we ought to."

Czech: Told in Advance of Pueblo Plot

NEW YORK (AP) — A Czechoslovak general who defected to the West says a Soviet minister told him an American intelligence ship would be seized eight months before North Korea seized the spy ship Pueblo.

Gen. Jan Sejna, in an article in the current issue of Reader's Digest, said Marshal Andrei Grechko, the Soviet defense minister, told of plans to "humiliate" the United States in May 1967 at a luncheon in Prague.

★ ★ ★

Sejna said that, immediately after the seizure, on Jan. 24, 1968, Soviet Col. Gen. Aleksandr Ksuchchev told a briefing in Prague that seizing the Pueblo showed up both the United States and China.

"It proves to the entire socialist camp that the Soviet Union helped North Korea gain stature, while the loudmouthed Chinese could do absolutely nothing," Sejna quoted Ksuchchev as saying.

★ ★ ★

He said the Czech general staff was told that documents from the Pueblo had provided a breakdown of American naval forces in the Pacific and enabled Russians to read coded American messages.

State Medicaid Overpayment Probe Is Being Pressed

LANSING (UPI) — First reports are already being compiled on the Senate investigation of rising physician Medicaid costs in Michigan, and state auditors will be talking with individual doctors this week to check reports of overpayment.

Although a Senate resolution asked for the investigation and would set up lawmakers to run it, Auditor General Albert Lee and his staff are handling the review.

★ ★ ★

"We're too involved with the budget right now," said Sen. Charles O. Zollar, R-Benton Harbor Friday, "and we will be most of next week. We will get more directly into the investigation later but now we feel it's a function of the auditor general."

★ ★ ★

With the help of Blue Shield, the health insurance organization which handles the Medicaid contract for the state, auditors are checking payments and alleged overpayments to certain osteopaths and medical doctors.

'RUSHED, OVERCHARGED'

When announcing the probe June 13, Zollar, the Senate Appropriations Committee chairman, said 82 doctors received between $25,000 and $169,000 last year for treating persons on Medicaid. He demanded the review in the light of patients' claims that they were given rushed treatment and then overcharged, he said.

★ ★ ★

Michigan Blue Shield has denied there is any pattern of excessive overpayments to doctors under the Medicaid program. John C. McCabe, president of the organization, said the doctors received about $4.25 million, which worked out to an average fee of $10 for each service.

★ ★ ★

In addition, McCabe said, Zollar's list of doctors included 11 clinics and hospitals in which more than 1,000 doctors had provided Medicaid services.

SPEEDY FINISH

Many of the individual doctors to be personally interviewed are in the Detroit area, Zollar said, adding that it is probably because a good number of Cedicaid patients are located there. "It's all over the state, not just in one area," he said.

"We hopefully will finish the review before the end of the month," Zollar said. "We don't want to leave it in limbo and cast a shadow on all physicians and osteopaths."

★ ★ ★

The haste is also due to the deadline for approving next year's social services budget. Zollar hopes to pare down the $31.4-million physician services appropriation before June 28.

★ ★ ★

But — if the review isn't complete by then, "we can probably make adjustments in the budget late," he said.

★ ★ ★

The $1.5-billion budget as a whole for fiscal 1969-70 is occupying most of the legislators' time. Zollar and his House counterpart, Rep. William R. Copeland, D-Wyandotte, have been working daily with their committees while the formal legislative sessions are shortened to give them time to rest.

BOTH ARE BUSY

Each house is now working with spending bills that have already been passed by the other chamber.

★ ★ ★

Zollar said his committee has already trimmed several hundred thousand dollars from the House-assed measures.

Copeland's commitee has been working with the higher education bill, on which pressure is great to add on a $200,000 request for expanding Michigan State University's medical school to a four-year institution.

Slaying Suspect 'Didn't See It'

DETROIT (UPI) — Rafael Viera, the black nationalist accused of fatally shooting a Detroit policeman outside the New Bethel Baptist Church, has said at a courtroom news conference that he did not even see the shooting.

Viera, 20, said "I was in the church when the shooting occurred. At no time did I have a weapon that night."

★ ★ ★

The slim, Puerto Rican New Yorker held the news conference in Detroit Recorder's (criminal) Court Saturday just after he was arraigned on a charge of first-degree murder in the death of patrolman Michael Czapski, 22, outside the inner-city church March 29.

★ ★ ★

Czapski's partner, Richard Worobec, is recovering from the wounds he suffered as a result of the shooting. Four members of the black nationalist Republic of New Africa (RNA), which was just ending a meeting at the church, were wounded when police entered the church firing in a hunt for the men who shot at the officers.

Eager to Return to S. America

3rd Latin Trip Pleases Rocky

NEW YORK (AP) — Gov. Nelson A. Rockefeller says he is pleased with the results of his third fact-finding mission to Latin America and is eager to begin his fourth.

The New York governor landed Sunday night at Kennedy airport and boarded a helicopter for his North Tarrytown estate. He had visited Brazil, Paraguay and Uruguay as President Nixon's special envoy.

★ ★ ★

Rockefeller will conclude his mission next week with visits to Argentina, Haiti, the Dominican Republic, Jamaica, Barbados and Guyana.

He had been scheduled to visit all Caribbean and South American nations except Cuba, but has indefinitely postponed trips to Venezuela, Peru and Chile at the request of their governments because of violent anti-Rockefeller demonstrations there.

'TURNING POINT'

Rockefeller termed the latest leg of his mission "the turning point" in his tour. "We're over the hump," he said. "People are beginning to realize the real potential of this mission."

Rockefeller spent three days in Brazil—one day each in Brasilia, Rio de Janeiro and Sao Paulo. Then he flew to Asuncion, Paraguay, and was cheered by thousands as he got off the plane.

He delayed his visit to Uruguay by one day after learning that disorders had broken out in Montevideo, the capital. For this reason he bypassed Montevideo Saturday and met with government officials at Punta del Este, a secluded resort.

★ ★ ★

But the Uruguayan press gave him an ovation at the end of a news conference, and his six-day visit to the three countries turned out to be the calmest leg so far in an otherwise trouble-plagued tour.

A British industrial survey indicates that arthritis is most widespread among those engaged in coal mining.

MRS. STEPHEN ALLEN GREGG

Kristina Knudsen, Lt. Gregg Honeymooning in Puerto Rico

Kristina Knudsen, daughter of the president of Ford Motor Co., was married to Army Lt. Stephen Allen Gregg in Christ Church Cranbrook Saturday.

The Rev. Alden M. Hathaway performed the 5 p.m. ceremony, which was followed by a garden reception for 400 guests at the Bingham Road home of the bride's parents, Mr. and Mrs. Semon E. Knudsen.

★ ★ ★

Parents of the bridegroom are Mr. and Mrs. John J. Gregg of Cohasset, Mass. The senior Mr. Gregg is with Doubleday & Co.

The bride's gown was an original design by Geoffrey Beene in white organdy trimmed with deep bands of white silk satin ribbon on the sleeves and hem. The Empire dress had a high rolled neckline with full dirndl sleeves and a fitted bodice.

JULIET CAP

She wore a matching white organdy Juliet cap with a small bow and pink flowers at the side. She carried a bouquet of brightly colored garden flowers.

Miss Knudsen's attendants wore high-necked, high-waisted dirndl gowns of spring green super silk gazar. The cap-sleeved gowns were also designed by Beene.

★ ★ ★

They carried white geraniums and wore matching florets in the sides of their gazar Juliet caps.

The bride's sister, Mrs. Henry Howard Flint II, was matron of honor. The other attendants were Mrs. Howard S. Christie Jr., sister of the bride; Mrs. K. Peter Knudsen, sister-in-law of the bride; Mrs. Willard Gray, sister of the bridegroom, and Cynthia Adams, Gale Hammonds, Julie Williams and Nancy Emerman.

ON ESQUIRE SIDE

The bridegroom's brother, John T. Gregg, served as best man. The ushers were David Gregg, another brother; Howard S. Christie Jr.; K. Peter Knudsen, the bride's brother; Willard Gray; Henry Howard Flint II, brother-in-law of the bride; S. Paul Crabtree and James K. Matteson.

Following a honeymoon trip to San Juan, P.R., the couple will live in St. Louis, Mo., where Lt. Gregg will complete service in the Army Medical Corps.

Maiden Name Is Retained in Marriage

By ELIZABETH L. POST
Of The Emily Post Institute

Dear Mrs. Post: I read your article about how a married woman should sign her name legally. I feel that the middle name should be retained when you marry, and only the maiden name dropped. If you are expected to drop your middle name, then all female children should only be given one name instead of the customary two.

I am curious to know what the "L" stands for in your signature — your middle name or maiden name? — Barbara

★ ★ ★

Dear Barbara: People often want to know who a woman was before she married, and the use of the maiden name makes it quite clear. Also, many parents feel strongly that the family name be passed on in this way in their daughter's families, as well as in their son's. In fact, in many Spanish-speaking countries, a married girl continues to be called by her maiden name.

Her husband's name is often not used at all in referring to her, she is called Maria Saenz (maiden name) "de" Jaramillo ("of," or "belonging to," Jaramillo — husband's name).

★ ★ ★

If a woman feels strongly about keeping her middle name, she may do so, but she should keep her maiden name also, which makes her signature lengthy and awkward.

The "L" in my name stands for Lindley — my maiden name. My middle name of Ann was dropped when I married.

Dear Mrs. Post: When I am invited as a guest to go out to eat, I do not know what is expected of me when it comes to ordering. Should the host give a hint? Or do I suggest a medium-priced item on the menu?—Doris

★ ★ ★

Dear Doris: When you are invited as a guest, the assumption is that you are free to order anything on the menu. Presumably, if the restaurant was chosen by the host, it will be within his price range. However, unless the host suggests an expensive item, such as filet mignon — the considerate guest will choose from the moderate or lower-priced offerings.

Pamela Lee Agnew and her husband, Robert DeHaven, stand on the steps of Towson, Md. Presbyterian Church flanked by her father, Vice President Spiro T. Agnew, and President Richard M. Nixon, right. The bride's mother, Judy, is at left with Patricia Nixon, wife of the President.

Old Flame Rekindles Fire Started Some Years Ago

By ABIGAIL VAN BUREN

DEAR ABBY: George (made up name) and I have been married for 27 years. We have six children. Two are married and we have grandchildren, too. Abby, I really love this man with all my heart.

Recently an old girlfriend of George's found his name in a telephone directory and she wrote him a letter, asking him to reply. Well, he CALLED HER UP, long distance, and they talked for 20 minutes.

George told her he was happily married and had six children. She told George she had married an alcoholic, who deserted her four years ago.

★ ★ ★

Well, I thought that was that, but in a couple of days here comes a letter from this woman. She told my husband her whole life history since they had last seen each other, which was 30 years ago, and she closed by saying, "Let's keep in touch."

Now, Abby, I can't see any good in his "keeping in touch" with her, can you? George says there is no harm in reviving an old friendship, but I know they were more than friends.

Don't you think George is just looking for trouble? Please put your answer in the paper as he reads you faithfully and respects your advice.

GEORGE'S WIFE

DEAR WIFE: George is not looking for "trouble" — he's looking for excitement. But trouble is probably what he will find. Tell him you love him, you're jealous, and if he "keeps in touch" with this old flame from 30 years back, he'll break your heart.

★ ★ ★

DEAR ABBY: No offense intended! I am one of your greatest fans. However, this letter is prompted by the one you received and answered about singers and musicians at weddings not being part of the wedding party.

Come on, Abby, I have played piano and organ at weddings for several years and have always been included in the wedding party. To leave out the musicians in my book is bad taste, especially if these services are performed at no cost to the couple. I have never charged for my services and I am a professional. I consider it a personal favor for those getting married.

Yours, sincerely, JOHN BROWN

DEAR JOHN: When I answered that letter, I had in mind only musicians and vocalists who were paid to perform a service, not those who did it as a favor to the couple. So I'll take 20 lashes with a vocal chord and a swat on the derriere with an old swell pedal.

★ ★ ★

DEAR ABBY: I have just started to date,and I have a problem which is common to most girls my age. It seems that every time I go out with a boy, if I let him kiss me on the first date I never see him again. But then if I DON'T LET HIM KISS ME, I never see him again, either. So how is a girl supposed to know what to do?

JUST WONDERING

DEAR JUST: She can assume that whether she kisses a boy or not on the first date has nothing to do with whether she ever sees him again. And go to work on other possible causes for being a one-date-dolly.

★ ★ ★

CONFIDENTIAL TO "LITTLE BOW PEEP": Better tell him to buy THREE rings. An engagement ring, a wedding ring, and a TEETHING ring. Lotsa luck.

★ ★ ★

Everybody has a problem. What's yours? For a personal reply write to Abby, in care of The Pontiac Press, Dept. E-600, P. O. Box 9, Pontiac, Mich. 48056. and enclose a stamped, self-addressed envelope.

Sarah V. Jones Writes Farm's History

By JANET ODELL
Women's Editor, The Pontiac Press

Today is the 77th birthday of Sarah Van Hoosen Jones. A native of Oakland County whose forebears were among its early settlers, Miss Jones is the author of a book, "Chronicle of Van Hoosen Centenary Farm."

Publication of this history of the well-known Avon Township farm coincides with the Rochester centennial celebration. It follows the re-publication of the 1947 best-seller, "Petticoat Surgeon," by Sarah's famous aunt, Dr. Bertha Van Hoosen. Additional pictures have been added to the latter.

★ ★ ★

This holder of a Ph.D. in animal husbandry from the University of Wisconsin has loved her farm home with a passion. In her mind, she could never have been anything but a farmer, although she took pre-medical work at the University of Chicago.

The author who is steeped in family history traces the acquisition of the Stony Creek farm in the hills northeast of Rochester. Lemuel Taylor received a land grant from President James Monroe in 1824. Sarah Jones has this paper and rightfully refuses to let it out of her hands. She took it to the publishers in Ann Arbor and waited while it was photographed for the book.

It is interesting that money to purchase part of the Van Hoosen farm came from Joshua Van Hoosen's success as a miner in the California gold rush. His fiancee, Sarah's namesake grandmother, waited and taught school while he had an adventurous two years out west.

Although both Miss Jones and Dr. Bertha (whom she lovingly refers to as "Gubble" throughout the book) were in occupations not normally practiced by women; they are forerunners of today's more emancipated females.

★ ★ ★

Dr. Bertha met and overcame a great deal of prejudice in the medical profession. It never stopped her long. Her niece writes that she has never felt being a woman obstructed her career as a farmer.

She served two terms on the State Board of Agriculture. She was active in various farmer and animal breeder groups, president of the Michigan State Holstein - Friesian Association and vice president of the national association.

FELT COMFORTABLE

"As far as my experiences have gone I have felt little or no prejudice against me due to my sex . . . when attending meetings of any sort, business, fairs or sales, I never felt out of place because of my sex. This was a contrast to my aunt's experiences as a physician."

Although this book may have only a local interest and sale, the picture it gives of its author has universal appeal. Perhaps it is because I know Sarah Van Hoosen Jones, but the astringent way of writing could only be hers. She comes through "loud and clear" on every page.

★ ★ ★

She has always been an astute business woman. But she is also a fiercely loyal, sentimental little woman who has loved her family, the land, parrots and books. Well traveled, she has incorporated memories and possessions into her way of life.

Her fierce independence, she would say, comes from her ancestors who were a bunch of individualists. This independence and determination have served her well in the past several months during her recuperation from a severe heart attack. At home now in the "dream house" which incorporates part of the home built by her great-grandparents, she can draw strength from familiar surroundings.

Because she is the last of the line, Sarah Van Hoosen Jones has given her farm to Michigan State University. As long as she lives, it is to be her home. She writes of her enjoyment in showing it off to international visitors from the Associated Country Women of the World meeting at MSU last September.

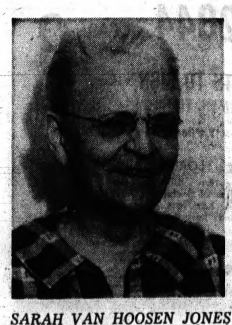
★ ★ ★

A good half of the book is devoted to Dr. Bertha Van Hoosen. It rounds out the story of a remarkable woman who was a physician for 58 years. She was by far the greatest influence in the life of Sarah Van Hoosen Jones. They come from a family dedicated to education. Whether she recognizes it or not, Sarah has been a teacher for much of her life in her sharing of the farm with thousands and thousands of youngsters and college students. She is committed to the land.

★ ★ ★

"The farm has yielded much, different phases of various experiences from the simple to the more complex . . . The virgin land which the eyes of Elisha Taylor scanned has and still will play its part toward the furtherance of good living."

"It is my thought that we take the earth for granted much as we do our parents, but without which our existence would be nil."



SARAH VAN HOOSEN JONES

Chaplin's Daughter Weds Fur Magnate in Switzerland

CORSIER, Switzerland (AP) — One of Charlie Chaplin's five daughters was married here Saturday.

Twenty-year-old Josephine Chaplin married wealthy Greek fur dealer Nicholas Sistovaris, 31, in this vine growing Swiss village after a romance that started five years ago in Athens.

* * *

Charlie Chaplin and his wife Oona, daughter of American playwright Eugene O'Neil, attended the simple civil ceremonny in the Corsier Registrar's office.

Josephine was the first of the five daughters to marry.

Witnesses were Edith McKenzie, a nurse who has been with the Chaplin family for 25 years and American producer Jerome Epstein of New York, who will produce Chaplin's next film "The Freak" in London in September.

Chaplin, smiling, sat at his daughter's side during the 20-minute ceremony. Oona was visibly nervous and at one time seemed to be on the verge of tears.

After the ceremony the party returned to Chaplin's 37-acre estate overlooking Lake Geneva.

A religious ceremony in the Greek Orthodox church of Lausanne was scheduled tonight.

Sistovaris, a handsome, boyish-looking man, gave his bride a diamond and pearl ring and matching ear rings as a wedding present. Her parents' present to his wife was an apartment in Geneva.

They will settle there after a honeymoon in Venice, Yugoslavia and Ireland.

Kids Versus Ma's Outside Job

By BETTY CANARY
NEA Writer

The Bureau of Labor Statistics reports that one of every three mothers with children under the age of 18 is now employed outside the home. The total is close to 10 million women.

Many women have asked me if I think having an outside job pays off. And, of course, there is no specific answer. Sometimes the job costs more money than a woman can earn.

* * *

A quick list includes money spent for transportation, more and different clothes, more cosmetics, meals eaten out, and there are always gifts and donations. If a baby sitter must be hired, this cost alone can equal your take-home pay.

And, merely figuring the taxes on her new job isn't the answer to what a woman's take-home pay will be. The job might nudge the family income into a higher tax bracket.

* * *

There are also the emotional adjustments. After a woman manages her family and her job, she then takes on her relatives. For example, my aunt Corinne asks, every time she vists us, when we think things will get back to normal.

And, I have to tell her this IS normal. I simply haven't had the heart to tell her I'll never can peaches again.

* * *

A woman's biggest worry is how her children are going to like having a working mother and sometimes she simply gets hung up on this. It's like asking a child if he believes in child psychology!

Actually, managing children is simply a matter of keeping the proper perspective — and you'll soon find out they think this means you'll see it their way. But, if you have normal children — that is, ones who view mother as a combination crying towel and billfold — you'll find that most of the time they are quite willing to cooperate.

You make them feel included. Tell them this is a Keep Mother Sane campaign and they will pitch right in. After all, it doesn't take much for them to realize where their next ironed shirt and weekly allowance is coming from.

* * *

We solved the problem of allowance (my children call it Hush Money) a long time ago. We just tell them this is what we pay them to live with us.

What most of the working women I know do about sharing the work and other interesting byproducts of mother's job is tell their children they are being taught to be independent and responsible adults.

I tell my children sincerely that I am trying to train them to go out into the world. And just last month they voted me the mother they'd most like to write home to.

Freaky Coiffures Are Out for Men

For Men: Unless you're looking for a job in a rock'n' roll combo, forget about way-out hair styles. Keep your hair trimmed, keep it clean, keep it combed.

Shampoo at least once every week — or just as soon as your hair begins to get oily and dirty. Wet your hair and work up a good lather. Scrub hair and scalp with a brush or your finger tips, then rinse out all the suds.

Outdoor Care Is Good for Hair

Perhaps the loveliest hair of all is hair that is aired, sunned, massaged and dried out-of-doors. The combination of breeze and sun can bring out natural highlights.

* * *

So let your hair fluff out in the wind, brush it and massage your scalp with your fingers or a brush. You can even set in the open to help keep both hair and scalp "alive."

Robert E. Richardson was awarded a Ph.D. in Slavic Languages and Literature during recent commencement exercises at Harvard University. The son of the Ray E. Richardsons of Popular Street received his bachelor of arts degree from Oakland University.

Shaped Patties Nice and Easy

When giving a hamburger party, make your hamburgers nicer looking by rolling the hamburger meat in little balls. Then lay each ball on an individual piece of waxed paper with another piece on top. Place on a large board a few inches apart, cover with another board and press down.

* * *

This makes the patties all the same size and thickness, and insures evener cooking. You can shape these patties ahead of time, and stack them in the refrigerator until ready to use.

Knit Hem Tighter

To knit the hem section of your garment, replace the needles called for in the directions with needles of a smaller size. It's especially important to work the turning row with the smaller needles. Then change back to the required needle size, of course, for working the main body of the garment.

Flashy Tennis Fashions to Outshine Competitions

LONDON (AP) — Many of the girls playing at Wimbledon today will show just a fraction less leg on the tennis courts this year, but they'll be candy box pretty in frilly ballerina-like clothes with flashes of color.

Teddy Tinling, who designs for more than half the contestants, took the wraps off his new creations at a recent showing with players as models. He says the designs were inspired by the new crop of pretty young American players.

* * *

The sensation of the day was 18-year-old Kristy Pigeon, Danville, Calif., in a lavender satin dress with six fully feathered pigeons spaced around the hem.

She can't wear it on the court at Wimbledon, where only white with colored trimmings is tolrated, but she said, "I'll take the pigeons off and wear the dress for matches in America."

FLAG STOPPERS

Two of the American girls, Julie Heldman of New York City and Peaches Bartkowicz, Hamtramck, sported hippy Star Spangled Banner dresses, with skirts lined with red and white flag stripes and trimmed at the hem with stars on a blue ribbon.

* * *

Betty Ann Grubb, Santa Monica, Calif., will wear some of Tingling's prettiest and most feminine outfits on court, and the designer expects her to get a lot of attention. She had on a dress sprinkled with yellow embroidered roses, and said she has another with pink rosebuds and a third with appliqued pink wreaths.

* * *

The outspoken Tinling, who is battling both for longer skirts and color at Wimbledon, says he told the girls that too short skirts are "Just plain damned ugly."

* * *

The designer, an ex-Wimbledon player himself, resigned the position he had held for 23 years as master of ceremonies in the center court when the frilly pants he designed for Gussie Moran kicked up a rumpus in 1949.

Psyche Revealed by Sleep Pattern

A person who sleeps on his stomach is a very complex individual who's apt to look at life negatively, behavioral scientists maintain.

* * *

If you sleep on your side, curled up like a cat you're supposedly a lonely person who reveals a need for protection.

* * *

Sleep flat on your back? Behavioral scientists say you're characterized as one who's happy with yourself and your accomplishments.

Celebrating their golden wedding anniversary Wednesday will be Mr. and Mrs. Carroll B. Meyer of Bankside Street, West Bloomfield Township. A party given by their daughter, Mrs. Clinton Movald of East Long Lake Road, Bloomfield Township, will be Sunday afternoon at the Northwood Inn. The Meyers, who have been residents of this area for the past 25 years, were married June 25, 1919 in Detroit. Mr. Meyers is a retired golf professional at Twin Beach Country Club.

Widow Auctions Impounded Items

NEW YORK (AP) — Mrs. Regina F. Hayes, mother of three daughters and grandmother of six, is the first woman to conduct an auction sale for the New York City Police Department of items impounded as unclaimed or stolen merchandise.

Widow of B. F. Hayes, auctioneer who worked for the Police Department and the Queens Sheriff's Office, she worked with her husband for many years as an appraiser of estates and co-ordinator of sales.

★ ★ ★

"My husband always made it a point to caution overzealous buyers, particularly the ladies, who seem to overbid on items that aren't even tagged," she says, "and I agree completely."

Wrought-Irons Are Easy-Care

Wrought iron furniture is easy to care for. An occasional washing with warm water and a mild detergent and a rinsing with clear water keeps it clean. An annual coat of automotive wax helps preserve the color of the finish.

★ ★ ★

Touch-up paint should be used on chipped or scraped spots to close breaks against rust. Most manufacturers offer a guarantee — up to 10 years — relating to the rust resistance of their furniture.

May Launch Newest Look

NEW DELHI (UPI) — Indian Tribal Jewelry may be the next thing to hit the fashion world.

Madame Jean Peral, who designs jewelry for the high fashion house of Christian Dior, in Paris, recently returned to France after her Indian visit — taking with her more than 100 pieces of Indian jewelry.

★ ★ ★

One of the world's leading jewelry designers, Madame Peral will base her next collection of glittering accessories on these samples to launch the "new" Paris look with age-old Indian designs.

Invited by the Handicrafts and Handlooms Export Corporation of India, Madame Peral spent her three-week stay visiting "jewel centers" such as Delhi, Jaipur and Hyderabad, making an on-the-spot study of the traditional patterns and workmanship.

★ ★ ★

She also has advised the corporation on designs that are suitable for export to the fashion markets of the West. After she brings out her original Indian-look jewelry sets in Paris, the corporation will produce the models in bulk and market them under the famous Peral name.

Reduce Liquid Intake

By DR. GEORGE W. CRANE

CASE J-554: Henry G., aged 42, is a successful clergyman.

"But, Dr. Crane," he mourned, "I look like a blimp, as you can see, for I am 50 pounds overweight.

DR. CRANE

"Yet I can't seem to stay on a diet!

"For I must 'say a few words' at all sorts of church and civic functions, where refreshmenst are then served.

"And I feel duty bound to eat a few bites, lest I offend my hostess or the cooks.

"So can you give me a simple way to shed weight, without paying attention to calorie charts?"

Yes, just imitate the usual type of farm animal (except hogs) and you can lose weight without counting calories.

For horses don't drink with their meals!

Neither do cows, buffalo and other grazing creatures.

Alas, it is our human custom of serving liquids with our meals that causes us to swill down hundreds of unwanted calories.

For example, most people who use coffee or tea will desire cookies, pie or cake or a sweet roll or doughnut therewith.

This habit becomes so ingrained that such people grow restless when they get their cup of coffee but aren't served the usual or "Siamese twin," namely, their roll or doughnut.

Anybody who will thus omit beverages at meal time and do all his drinking of fluids between meals, will thus reduce his food intake maybe 500 to 1,000 calories per day, and without any conscious effort at counting calories.

In my own case, when I was a young man working as a tree surgeon, I carried sandwiches.

★ ★ ★

At noon when I devoured them with gusto, I didn't have any beverage whatsoever; not even water.

Only after the meal was over, did we tree surgeons then head for the water faucet or pump.

Alas, today I have become a coffee drinker, but I can't enjoy coffee for its own sake.

★ ★ ★

It's always "Coffee and ————," for coffee immediately triggers my desire for pie or doughnuts, etc.

★

Actually, I don't think I like coffee for its own sake but merely because of its "Siamese twin," namely, the pie or sweet roll.

★ ★ ★

But if you wish to reduce scientifically and without drugs, you can also try my dehydration diet whereon you limit your total fluid intake to one full glass (8 oz.) the first day; then two glasses the next; followed by three glasses daily through the 10th day.

Couple Weds on Way to Game

DETROIT (AP) — Their marriage anthem: "Take Me Out to The Ballgame."

Two buses, containing 70 members of a church group pulled into a roadside park Sunday so two of its members, Wilbur Page, 57, and Dorothea Williams, 36, could get married. Both live in Bellevue, Mich.

The Rev. William Brown performed the ceremony and all 70 friends signed the marriage certificate. Then, the group continued the journey to Detroit to see a baseball game.

The couple said they had planned to be married on the bus, but changed their minds because friends in the other bus wanted to witness the wedding.

Expansion Needed, Says Official

Parks Feeling Population Jam

LANSING (AP)— Imagine the combined populations of Grand Rapids, Flint, Lansing, Jackson and Battle Creek jammed in together at 23 state parks and recreation areas in Southern Michigan.

Then imagine more people than the combined populations Benton Harbor and St. Joseph left outside looking in.

* * *

This will give you an idea of the numbers that headed toward the outdoor sites over the Memorial Day week.

During the week ending June 1, the 23 parks and recreation areas were crowded by 622,000 users — the approximate total population of the five major cities.

THOUSANDS TURNED AWAY

During the same period, more than 10,000 park visitors and nearly 5,500 campers had to be turned away.

So far this year, the parks had more than 2.3 million users, far more than the number of people living in Detroit.

* * *

"This just goes to show that the recreation boom really is being lowered on southern Michigan state parks," said Glenn Gregg, deputy director of the State Department of Natural Resources.

Gregg said more dollars are needed to expand the parks.

'PRETTY SAD'

"It is pretty sad," he said, "when you have to turn away as many people as we did during the week of Memorial Day."

Junior Editors Quiz on BLUSHING

QUESTION: Why does a person blush when he is embarrassed?

* * *

ANSWER: Our bodies have wonderful built-in mechanisms which help us meet sudden emergencies, often without our knowing that they are acting.

In a sudden dangerous situation, for example, a material called epinephrine is suddenly pumped into our bloodstream. This gives us extra strength either to meet the emergency or to run rapidly away from it.

Mary, in our picture, is not in a dangerous situation, yet she does feel embarrassed. She started to answer the teacher's question boldly, but as she went, on, found that she just didn't have the facts.

Our blood circulates in the skin through minute tubes called capillaries, and there are little nerves which can pull them wide apart to let more blood through or pull them together, giving less blood.

This is a case where Mary needs all the stimulation the blood can give her. The little capillaries widen and the blood pours through her cheeks, causing them to look red. She is blushing, but in spite of this gallant effort by her bloodstream, poor Mary just hasn't got the answer.

Citizens and Taxpayers

We thought you should know

We are concerned that a lot of people in our State of Michigan can't get a doctor when they need one. Well, there simply aren't enough doctors now.

Michigan needs more physicians. That's what we've been saying for over ten years to the Michigan State Legislature. *You* already know it's true. The Michigan State Senate has just passed a bill that is going to cost you millions of dollars if it becomes law . . . and the people of this State won't even begin to see the results for at least five years—maybe longer.

We'd suggest that you ask the State Legislature to support the medical schools we *already* have before starting a new one (a new school is what the Senate has approved). And while you're at it, remind Legislators that it takes about five years to produce a doctor anywhere, whereas repealing a law we don't even need can produce them by the dozens this year . . . and next year . . . and next year . . .

There are three ways our state can get more physicians

EXPAND MICHIGAN'S THREE MEDICAL SCHOOLS IT'S LESS COSTLY AND MORE PRODUCTIVE!

The medical schools we now have turn out about 335 doctors per year. At *capacity*, which they can reach in 1975, they *can* graduate 645 doctors! The speed with which they can reach that goal depends on how much support they can get from the Legislature, how quickly the buildings can be built, and the teachers hired.

Adding to facilities we already have in our full-fledged universities is the *best way* to get good doctors, and lots of them, fast! It's the best way to get the most for *your* money.

Our present schools already have programs in operation to train many other allied health professionals vital to the delivery of modern health care.

REPEAL AN OBSOLETE LAW—FOR QUICK RESULTS THIS MAKES GOOD COMMON SENSE!

An experienced doctor—even a teacher of medicine—can't get a Michigan license now unless he submits to an examination required by a 1937 law still on the books. It covers subjects he had back in his first couple of years as a student!

Dozens of excellent doctors, each year, now go to *other* States around Michigan which don't have this requirement . . . and dozens of Michigan communities go begging for doctors!

Our legislature should repeal the 1937 "Basic Science Law" immediately! It doesn't cost a dime to repeal a law—and we can start getting more doctors right away!

IF MICHIGAN BUILDS A NEW MEDICAL SCHOOL IT WILL TAKE YEARS AND COST MILLIONS!

At the moment, it looks like the Michigan Legislature may decide to start a *new* college to train osteopaths. At best this school would graduate 64 students in 1975—who would still be a year or two from practice.

There isn't even a classroom built yet where this new school is supposed to be! You'll also need dormitories, power plants, libraries, plus other buildings!

Medical schools are very expensive, and they take quite awhile to build, equip and staff, especially when you start out with a vacant lot!

A *good* school (and we wouldn't want anything less) with 64 students in each class will represent an investment of about $100,000,000—*plus* the extra millions of dollars to run it every year!

Let's make one thing very clear. Your medical doctors aren't concerned about competition. We can't handle the patient-load we have! *That* isn't why they want medical schools expanded to capacity *before* a new school —medical *or* osteopathic—is undertaken.

And this isn't an "M.D. vs D.O. fight". It's a matter of record that we've urged the medical schools themselves to offer osteopathic (D.O.) degrees. We're not at all opposed to training osteopaths.

We *also* want *more* nurses, physical therapists, dieticians, psychologists—more of all the vital members of the "Health team" who are trained in well-rounded programs in universities having medical schools.

Your tax money should be put where it will do the most good in the quickest way, to solve a big problem that will soon become a major crisis! And it looks right now as though your Legislature needs to hear from you—fast!

Insist on quality medical education and fiscal responsibility

GI Who Escaped Cong to Reenlist

CALEDONIA (AP) — A 21-year-old soldier who lost his high school sweetheart to another suitor while a captive of the Viet cong says he plans to make a career in the Army.

Spec. 5 Tom Van Putten, who returned to a hero's welcome April 30 in this town of 700 after 14 months' captivity, said he based his decision upon the camaraderie of Army life plus the belief that "if we pull out of Vietnam, we'll be fighting communism over here."

★ ★ ★

Van Putten added, "I like the Army. I always did."

He said he believes the United States is "one of the best countries in the world and the kids here don't appreciate it any more. We're fighting over there and too many are dying so the college kids can have the freedom to protest. All they do is hurt us."

When Van Putten returned to this community nine miles east of Grand Rapids he found his high school sweetheart had married someone else while he was a prisoner.

He said he has not signed reenlistment papers yet, but, "I said I would reenlist and I will."

★ ★ ★

The soldier said he hopes he never returns to Vietnam but the Army has made no promises.

For the first time, Van Putten gave details of his capture in February 1968 — just one day before he was scheduled to leave Vietnam.

He said he was riding guard on an earthmover in a construction convoy near the Cambodian border in Tay Ninh Province when the Viet cong attacked.

"For some reason the earthmover ahead of us stopped so we had to stop," Van Putten said. "We were just sitting ducks when the rest of the convoy went through."

★ ★ ★

He said a rocket hit the engine of his earthmover and it crashed off the road.

"I crossed the road and jumped for cover on the other side, almost landing on a Charlie (Vietcong). He reacted just a little bit quicker than I did," Van Putten said.

"When I turned around, I saw 30 or 40 Vietcong stand up and point guns at me. I thought for sure I had had it then—that they would shoot me."

Van Putten said he was led into the jungle and made a bid for freedom within an hour of his capture. He said he attacked his guard and "took off" but was quickly recaptured.

The soldier said his guards were doubled but there was no attempt to punish him for trying to escape. Van Putten said his captors "were good to me" during the long months before he could escape.

TV Cameras, Impulses Enable the Blind to See

SAN FRANCISCO (UPI) — Faculty members at the University of the Pacific's Graduate School of Medical Science in San Francisco have a new insight into research on blindness.

They are not working with the eyes. They are working with the back, and television cameras and electrical impulses.

★ ★ ★

Already, they are getting results.

The method is simple in concept: instead of the eyes transmitting the nerve impulses, a small televisionlike camera receives the visual impressions. These are transmitted to 400 small electrodes attached to a person's back.

SENT TO BRAIN

Because the skin has nerve receptors arranged in a pattern, similar to the retina of the eye, the impulses may be transmitted to the brain. After extensive training, the blind person can form a visual concept in his brain from the stimulator vibrations on his back.

Dr. Carter C. Collins, associate professor in the Department of Visual Sciences, says the blind person actually sees the objects out in space, instead of feeling them on his skin.

★ ★

A bulky first-run model of the system has allowed blind persons to identify various objects within a close visual field. The television camers features a zoom lens. With the camera, the person can discover such visual concepts as perspective, shadows, shape distortion and change in size.

The working model would consist of a one-pound garment worn under the shirt and an eight-ounce vidicon camera worn on the head like a miner's lamp.

Collins says the Tactile Vision Substitution System is several years away from mass production.

Full-time women students in British universities number 49,928 or 27 per cent of the total.

If you're under the impression that there's no such thing as a good summer suit of Mohair/Dacron/Wool for under $100 you obviously haven't noticed our Thomas Harris Tropicals at 79.50

Like you, we're disturbed about the increasing cost of clothing—so we talked to fabric mills and manufacturers and designers. The result—and it wasn't easy—is a completely new line of suits: "Thomas Harris." They're moderately priced—by today's standards—at 79.50, but they very favorably compare with suits selling for more; quite a bit more. Here, the finest of the tropical-weight blends—Mohair/dacron/wool distinctively tailored and presented in a beautiful array of plaids, stripes, checks and iridescent solids. So if you've been looking for the perfect tropical take a look at our new Thomas Harris suits. A good look, because they're much more than just good looking

FEDERAL BUREAU OF CONFUSION — Three steel workers proceed as if everything is normal on the construction site of the new Federal Bureau of investigation building in Washington yesterday. The confusion of the rods for concrete columns in the $92-million structure is not impeding progress, but a carpenters' strike in Washington is not helping.

Skepticism, Fears Greet Labor Alliance

WASHINGTON (AP) — The fledgling Alliance for Labor Action of Teamsters and auto workers is being closely eyed by other union chieftains with a mixture of skepticism, sorrow and suspicion.

The two - million - member Teamsters Union and 1.6-million-member United Auto Workers gave birth to the new alliance with resounding calls to organize millions of nonunion workers and ambitious social programs to help America wipe out poverty and slums.

★ ★ ★

But many other unions fear raiding, rivalry and general labor strife between the alliance and the 13.6-million member AFL-CIO.

Federation President George Meany branded the alliance as competitive, "dual unionism" — a heinous sin in organized labor, as bad or worse than strike - breaking. Meany has threatened to excommunicate any AFL-CIO union that joins the alliance.

GUARDED INTEREST

Officials of a few AFL-CIO unions have indicated a guarded interest in the new labor venture but are not about to stick their neck under Meany's displeasure until they see what the alliance can do.

About the only thing in common between the traditionally pragmatic teamsters and the more idealistically oriented auto workers is their status as outcasts from the main body of unions in the AFL-CIO.

★ ★ ★

The auto workers president, Walter Reuther, and the teamsters acting president, Frank Fitzsimmons, insist they are not setting up a competing labor federation, but seek to spark a revival among what they consider a largely hidebound, static labor movement.

Ironically, it was Reuther as a principal founder of the AFL-CIO who was the driving force in expelling the Teamsters from the federation on corruption charges 12 years ago.

EXPELLED

The auto workers were expelled last year for nonpayment of dues, then withdrew from the AFL-CIO after Reuther's long running attack on Meany's leadership.

Despite the Reuther-Fitzsimmons disclaimers, there has been at lease one recent raiding attempt when a teamsters-auto workers combine tried to capture some 5,000 McDonnell Douglas Corp. aerospace employes in St. Louis from the association of Machinists. The machinists beat off the raid by a single vote.

★ ★ ★

It is too early to tell whether the elaborate organizing and social goals of the alliance can be translated from paper manifestos into action.

Some union leaders who argue that it is a lot easier to talk about large-scale organizing drives then to carry them out remain to be convinced.

ENOUGH CEMENT?

And some aren't sure there is enough cement to keep the teamsters and auto workers together.

"My guess is the teamsters will be the first ones who want out," said the AFL-CIO secretary-treasurer, Lane Kirkland.

★ ★ ★

"There's very little the UAW can do for the teamsters of a practical nature. Within the structure of the economy, the teamsters play a more viable role than the auto workers."

Cooperation with teamsters despite their expulsion from the AFL-CIO is vital on a local level to virtually all other unions because teamsters truck drivers control deliveries to and from most plants and office buildings.

WORKING RELATIONS

The auto workers hold no such power outside of their considerable strength in auto production and related industries.

Many of the AFL-CIO's 122 unions have friendly working relations with the teamsters on a local level with Meany's tacit acceptance, and Kirkland voiced the sentiment of many in saying he would like the teamsters back in the federation.

★ ★ ★

Many union leaders were saddened by the auto workers quitting the AFL-CIO, including presidents of two of the federation's largest unions.

"I wish it hadn't happened," said I. W. Abel, president of the United Steelworkers Union. "I think we need a united labor movement in this country, not a splintered labor movement."

'SPLIT DETRIMENTAL'

"The fact that there is a split is in itself detrimental," agreed P. L. Roy Siemiller, president of the machinists.

Aside from the teamsters-assisted raid at McDonnell, Siemiller said his union, like many others, is on generally good terms with the teamsters.

★ ★ ★

Because of their largely unrelated jurisdictions, teamsters and auto workers in the past had very little to do with each other in the course of normal union business, and one of the first tasks of the founding alliance delegates and top officials was to get to know each other.

The oldest governor's mansion flying the U.S. flag is the residence of Puerto Rico's governor in San Juan, says the National Geographic.

California Man Follows Doctors' Advice For Treating Piles

Treatment Shrinks Piles, Relieves Pain In Most Cases

Millbrae, Cal. Mr. C. H. Wahl of Millbrae reports: "I'm 68 years old and been suffering from hemorrhoids. I asked several doctors about it. They said I should continue using Preparation H which I had started to use. I'm very grateful for Preparation H. It has such a soothing effect and it certainly relieved my pain."

(Note: Doctors have proved in most cases—Preparation H® actually shrinks inflamed hemorrhoids. In case after case, the sufferer first notices prompt relief from pain, burning and itching. Then swelling is gently reduced.

There's no other formula for the treatment of hemorrhoids like doctor-tested Preparation H. It also lubricates to make bowel movements more comfortable, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.)

Soviet Fear of Red China Made Evident at Summit

By WILLIAM L. RYAN
AP Special Correspondent

The international Communist conference left the impression that a highly irritable Kremlin, despite many words about "imperialism," considers Red China its most distressing and even dangerous problem.

What China and its posture generated is abundantly clear from the final document of the 75 parties at the Moscow conference. The problem of Czechoslovakia made Moscow's situation all the more complicated.

★ ★ ★

Developments in the Communist world have severely weakened the Moscow grip on a useful international movement. More than that: The final statement of the conference, stacked up against similar documents of the past, is so weak as to suggest a basically insecure collective Soviet leadership. This can have explosive results inside and outside the Soviet orbit.

The meeting was a sort of 12-day political witches' Sabbath, full of ritual incantation, pronouncement of curses and the conjuring of old ghosts. Even "fascism" was resurrected to awe the assembled delegates. Again the Kremlin evoked its favorite good spirit, the popular front, to do battle with the spector of "imperialism," as Stalin did before World War II.

News Analysis

REMINDER

The conference thus was a reminder of how little Soviet techniques have changed since the mid-1930s when Moscow raised all the same cries as war threatened Europe. Now it is conceivable that war threatens elsewhere: perhaps on the China border. Moscow seems anxious to bring about some sort of European security arrangement, perhaps to permit more concentration on its problems in the Orient.

At times of difficulty, the international Communist conference is a favorite Kremlin device. Nikita S. Khruschev used it in late 1957 after he was nearly ousted and after, in turn, he unhorsed the man who saved him, Marshal Georgi K. Zhukov.

★ ★ ★

Khrushchev used it again in 1960, when he was extremely agitated about Peking's growingly rambunctious behavior and the loosening of the cement in the Communist movement.

The original purpose of this latest conference was to rebuke China and perhaps even to read Peking out of the Communist family while reestablishing the Kremlin grip on the rest of the movement. Stubborn resistance exploded this effort. No longer did the Soviet party have the authority it wielded even as late as the 1960 international conference.

COMPARE DOCUMENTS

Compare the documents.

The final 1960 document — like the 1957 one before it advertised as a guide to action for all Communists — had this to say:

"The Communist and Workers' parties unanimously declare that the Communist party of the Soviet Union has been and remains the universally recognized vanguard of the world Communist movement, being the most experienced and steeled contingent of the international Communist movement . . . The example of the CPSU and its fraternal solidarity inspire all Communist parties in their struggle . . . and represent the revolutionary principles of proletarian internationalism applied in practice."

★ ★ ★

The 1969 final document says this: "At this time when there is no leading center of the international Communist movement, the voluntary coordination of actions of parties to effectively carry out their tasks acquires increased importance."

This admission that there is no longer a "single center," a role Moscow once assumed as a matter of course, is followed by an attempt to convince all Communists that their duty to the "international working class," meaning international communism, which transcends any duty to their individual countries. This sort of thing has been sticking in the claws of a number of influential parties after watching the principle applied in Czechoslovakia.

The 1957 and 1960 documents, signed even by Peking, acknowledged Moscow as the infallible cathedral. There is no such blanket acknowledgement any more and there could hardly be a clearer demonstration of weakened Kremlin authority.

The 1969 document, like the two previous, purports to outline "tasks" for all Communists, such as luring Socialists and Social Democrats into a united leftist front against such things as "war and reaction" and "fascism." This has less chance of working now than in 1936, when the Hitler menace eased the Communist job.

Seances and Sirloins Served With Houdini

By BOB THOMAS
Associated Press Writer

HOLLYWOOD — Nightly the shade of escape artist Harry Houdini visits the magician's club, the Magic Castle, which offers a unique package of seances and sirloins to its famous customers.

THOMAS

The Magic Castle is a Victorian mansion right out of Charles Addams, a 1906 beauty that was saved from the bulldozer by comedy writer Milt Larson. A longtime aficionado of illusion and prestidigitation, he converted the place into a meeting and dining place for amateur and professional magicians. Now the membership numbers 1800, including noted Hollywood names and nonmagic types.

★ ★ ★

The castle offers visitors sleight-of-hand artists, roving monsters and a ghostly pianist named Irma who plays request numbers. A new attraction is the seance dinner, so successful that weekend dates are booked into next fall. Only 12 guests can be accommodated nightly; the charge is $15 apiece.

The daring dozen are ushered into the Houdini room, which is plastered with posters advertising appearances of the great escapologist. In the corner a chef prepares the elegant meal—baby shrimp and rummed carrots, spinach and hot bacon salad, steak and green beans almondine, zaballone (whipped Italian dessert) and strawberries. The head waiter keeps the glasses full with a succession of wines (which may or may not aid the later illusions).

SEANCE'S ORIGIN

Larson, a wry man with a Joe Namath mustache, explains the origin of the seance:

"My father was lawyer for Houdini's widow, and we ended up with trunks of Houdini's effects, some of which you see on these walls. (his father was also a sometime vaudeville magician.)

★ ★ ★

"Houdini spent much of his time exposing fake spiritualists during his career. He didn't believe that the dead could not return to earth; he merely made a practice of exposing the quacks. He and his wife made a pact to test the possibility of sending a message back from the beyond; whoever died first would attempt to contact the other by a special code only the two of them knew.

"In 1926 Houdini died—appropriately enough, on hallowe'en. By the prearrangement with his wife, a seance was held on the anniversary of his death each year for 10 years. No message ever came.

STRANGE HAPPENING

"The last seance was held in 1936 on the roof of the Knickerbocker Hotel just a few blocks from here. Again Houdini failed to get his message through, but a curious thing happened. Midway in the seance, a heavy rain drenched the guests—even though there wasn't a cloud in the sky.

"Which caused some people to believe that even if he couldn't send messages, Houdini might have been able to cause rain."

★ ★ ★

At midnight the party is joined by a 13th member, medium E. Raymond Carlyle, who resembles a turbaned and caped Peter Ustinov. In a soft, almost hypnotic voice, he answers questions which the guests have written on a pad and sealed in envelopes before the dinner. After a few other magic feats, he invokes the spirit of Marjorie, a medium friend, late of Boston.

After Marjorie joins the group, Carlyle invites guests to form an unbroken circle by linking pinkies, with hands on the table. The room darkens to pitch and all hell breaks loose. Tambourines clatter. Chimes ring. The table rises ominously. Rain dashes against the window. Thunder crashes, and the white outline of a face (Houdini?) floats o'er the ceiling.

★ ★ ★

A remarkable performance. Comments one guest, television commentator Ralph Storey: "This is indeed a medium rare."

Dean Gets Diploma, Doctorate in 9 Days

COLUMBIA, Mo. (AP) — W. Francis English received a college doctorate degree nine days after he was awarded his high school diploma.

English, retiring dean of the College of Arts and Sciences at the University of Missouri, earned 15 high school units in three years as a youth — enough to admit him to college but not enough to qualify for a high school diploma.

★ ★ ★

The certificate was given him recently when he gave the commencement address at North Callaway High School. Nine days later he received an honorary doctorate from Westminster College.

Restaurant Is Robbed; Suspect Held

A Pontiac man is being held in connection with the armed robbery of an estimated $1,000 from a city restaurant last night.

★ ★ ★

David Wilson, 20, of 60 Oak Hill was arrested by police at his home after the robbery of Jax Restaurant, 541 N. Perry, at 11 p.m.

★ ★ ★

Wilson is a former employe of the restaurant.

Employes of the restaurant told police a man, wearing a stocking over his head, entered the back door, armed with a long kitchen knife.

3 MONEY BAGS

He directed the employes into a stock room and ordered one of them to open a safe, from which he took three money bags containing the estimated $1,000.

★ ★ ★

The bandit then left on foot and apparently got into a car parked near the restaurant, police said. A tracking dog called to the scene lost the scent.

★ ★ ★

Police obtained Wilson's name from an employe. They said they recovered about $974 of the loot. According to police, Wilson had threatened to rob the restaurant after he was fired.

Six Drown in Texas; Rescue Try in Vain

AZLE, Tex. (UPI) — For eight and a half hours, Harvey Woods swam from the shore of Eagle Mountain Lake to the overturned boat, and then back again.

"A couple of times I thought I was going under myself," Woods, 39, said yesterday shortly after he was found by a rural newspaper delivery man.

★ ★ ★

Woods swam to the shore in a vain attempt to find help. Then he swam back to the boat in a hopeless search for the six persons with him when the boat overturned Saturday night.

Among those in the boat were Woods' wife and the twin daughters of Mrs. Elsie Thorn, who was on shore at the time of the accident.

OUT OF GAS

Woods told the Tarrant County sheriff's authorities the 15-foot runabout, powered by a 75-horsepower motor, left for the southern tip of the lake shortly before sunset Saturday but ran out of gas in the lake's choppy waters.

Woods left the boat and tried to swim and tow it to shore.

★ ★ ★

Another man in the boat got out to help but apparently stepped on the side of the boat and tipped it over.

"There were screams and lots of cries, and people were thrashing in the water," he said. "And then there was nothing."

2 BODIES FOUND

The bodies of Charles Seaborne, 40, of Azle and Lee H. Ball, 26, of Fort Worth were recovered yesterday.

Other victims included Mrs. Mary Clay, 33, of Fort Worth; Woods' wife Jackie, 32, of Forth Worth; and two 4-year-old twin girls, Brenda Kay and Linda Fay Harlan of Fort Worth. Fay Harlan of Fort Worth.

Civic Leader in Lapeer Dies

Miss Bernice Dickerson, former Lapeer city commissioner, died yesterday. She was 74.

Service will be 1 p.m. Wednesday at the Baird-Newton Funeral Home, Lapeer, with burial in Mount Hope Cemetery, Lapeer.

★ ★ ★

Active in civic affairs, Miss Dickerson of 938 Monroe, Lapeer, was with the Lapeer Post Office for 35 years.

She was a member of the Lapeer County Historical Society and chairman of the Lapeer County Republican party from 1956 to 1960.

★ ★ ★

She was a member of the Lapeer Business and Professional Women's Club; and a life member of the Order of the Eastern Star No. 146 and a member of the Suncrest Auxiliary and the Lapeer County General Hospital Auxiliary.

Book Review

A SPECTER IS HAUNTING TEXAS, by Fritz Leiber. (Walker, $4.95.)

A lot of people have theorized on the aftermath of World War III, but it took science fiction writer Fritz Leiber to come up with Greater Texas, extending from the "Nicaraguan Canal" (successor to the Panama Canal) to the North Pole.

What it's like to live in Greater Texas is described in this book as seen through the eyes of Christopher Crockette La Cruz.

★ ★ ★

He lives in an artificial world of no gravity which orbits the moon, in a society set up by scientists of many nations who wanted no part of Earth's Third World War.

For 100 years there has been no contact between Greater Texas and the moon-orbiters. Contact is just resuming when our hero arrives in Dallas, some 2,000 miles south of his destination.

★ ★ ★

Eventually he gets there, after taking the reader on a tour of the Greater Texas hinterlands and providing satirical social commentary along the way.

But Fritz Leiber is not going to be popular in Texas for a long time to come.

Joan Hanauer (UPI)

Two Bid Openings Set in Waterford

Waterford Township trustees tonight will open bids on a new fire truck chassis and insurance coverage of all township employes.

The bids will be received at the board's meeting at 7:30 in the Waterford Township High School, 1415 Crescent Lake.

★ ★ ★

The board also will discuss proposed plans to enlarge Wilmot Drain. Officials are expected to work with Oakland County authorities in planning a reconstruction of the drain so it can serve a wider area.

The drain now services the area near the Oakland-Pontiac Airport on Highland Road.

Area Political, Legal Figure Is Dead at 78

Harry H. Mead, long-time area legal and political figure, died at 7:30 p.m. Saturday in St. Joseph Mercy Hospital. He was 78.

Mead collapsed Memorial Day after services for the World War I dead of the American "Polar Bear Expedition" to Russia.

★ ★ ★

He was a lieutenant in the 339th Infantry in the expedition, and was wounded and cited for gallantry.

Service will be 1 p.m. Wednesday at the Richardson-Bird Funeral Home in Milford, with burial in the White Chapel Memorial Cemetery, Troy.

SURIVIVORS

Surviving are his wife, Bernadine; two sons, Hudson of Detroit and Taylor of New York, N.Y., and three grandchildren.

For the past 26 years, Mead lived at 2680 E. Commerce, Milford. He was Milford Village attorney for 15 years and also served as township attorney for several years.

He came into political prominence in the early 1930s, when he managed Frank Murphy's first successful campaign for mayor of Detroit. Mead ran himself for the post in 1933.

He later directed Murphy's successful campaign for governor of Michigan.

4 Justices Bind Selves to Code

WASHINGTON (AP) — Four Supreme Court justices intend to comply with restrictions placed on the off-the-bench activities of other federal judges, Chief Justice Earl Warren said in a statement today.

The four are Justices William J. Brennan Jr., Potter Stewart, Byron R. White and Thurgood Marshall.

Warren said they "individually indicated their agreement in principle with the standards of conduct adopted by the Judicial Conference and their intention to act accordingly."

The chief justice's statement, issued his last day as head of the Supreme Court, said the four justice had asked him to amplify an earlier statement he had issued at the court June 17.

NO OUTSIDE FEES

The U.S. Judicial Conference June 10 forbade all federal judges—except members of the Supreme Court—to accept outside fees. The conference also said all federal judges—again excluding the Supreme Court justices—would be required to file annual reports of their investments and assets.

★ ★ ★

On June 13, at a conference of the high court justices, Warren sought to have them bind themselves to the same code. He reported June 17 that a majority had decided, instead, to defer action until October.

Brennan already had announced that he was foregoing speeches, and was selling his stock and dropping out of a suburban real estate venture.

★ ★ ★

Marshall, meanwhile, said simultaneously with Warren's earlier announcement that he would abide by the Conference's restrictions.

The inclusion of Stewart and White among those who will follow the judicial code left only Justices Hugo L. Black, William O. Douglas and John Marshall Harlan unaccounted.

Address Wrong for City Suspect

Frederick D. Washington, 27, arrested Thursday night by Pontiac police for investigation of narcotics possession, reportedly gave police an incorrect address.

He is not known at 199 Rockwell, according to occupants of the home there.

★ ★ ★

Washington was arraigned Friday.

Examination was set for 1:30 p.m. tomorrow in Pontiac District Court. He remains in Oakland County Jail, in lieu of $5,000 bond.

Rail Scooter Takes Unauthorized Trip

PENTICTON, B.C. (AP) — A heavy Canadian Pacific rail scooter, zipping down the tracks at top speed, raced unattended for more than 17 miles, including part of this city of 14,000, before railway crewmen derailed it.

★ ★ ★

On the way it sped through 20 railroad crossings without mishap. Railway officials described the lack of an accident as a "miracle."

★ ★ ★

The scooter started its tour Saturday down a steep grade toward the city when its motor was ignited as it rested on a steep grade. It had enough gasoline, a railway spokesman said, to have traveled at least 40 miles more.

He's Red-Handed and Blue-Bottomed

CHICAGO (AP) — Police said they captured a burglary suspect red-handed—and bare-bottomed—outside a liquor store Sunday.

An 18-year-old was charged after police watched him slide donw an ice chute in front of the store completely naked.

★ ★ ★

Authorities said the youngster told police he removed his clothes to climb through the ice chute into the liquor store on the Southwest Side to get Ice for a picnic.

To Open Way for Giant Ships

Poe Lock Dedication Thursday

SAULT STE. MARIE (AP) — The $40-million Poe Lock — A waterway that will let yet unbuilt giant ships into Lake Superior and the upper Midwest to haul the mineral and grain wealth to the rest of the world will be formally dedicated and opened Thursday.

Secretary of Transportation John Volpe, is to represent President Nixon at the ceremonies, which will open up the largest lock on the Great Lakes.

★ ★ ★

Eight governors, 16 U.S. senators, industry leaders and civic leaders from the eight Great Lakes states and Canadian leaders also are invited to the ceremonies, which will be in conjunction with the 10th anniversary of the opening of the St. Lawrence Seaway.

Marine experts agree that any new locks built in the 2,342-mile seaway system, between the atlantic Ocean and western Lake Superior, will have to match the Poe in size — 1,200 feet long and 110 feet wide with a depth of 32 feet.

Two new ships expressly designed to utilize the increased cargo capacity of the locks are expected to be constructed by sometime next year.

They will haul up to 55,000 tons of taconite pellets from the rich mineral fields around Lake Superior to lower lake ports. Capacity of present ships is 29,000 tons.

★ ★ ★

They are being constructed at Lorain, Ohio and Erie, Pa., for U.S. Steel Corp. and Bethlehem Steel Corp.

The locks go across the St. Mary's Rapids at Sault Ste. Marie, connecting Lake Superior with Lake Huron.

The Soo has a history of waterborne commerce reaching back more than three centuries, when traders built a type of lock to allow large canoes, laden with furs, to pass.

The area remained mostly undeveloped, however, until William A. Burt, a U.S. deputy surveyor who was working with a crew of 10 men in the Marquette area in 1844, noticed the erratic behavior of his magnetic compass needle.

★ ★ ★

The iron riches were found. Three years later, the famous Jackson Mine, first of thousands of iron mines in the area, was opened.

The locks then provided the gateway to use the pellets in the development of industry in the so-called heartland of America.

JOINS 3 OTHERS

The new Poe lock will join three others — the MacArthur, Davis and Sabin locks — in the Lake Superior-Lake Huron area.

The original Poe Lock was erected in 1896 at the site of the riginal State lock, which was opened in 1855. The Poe Lock was named in honor of Gen. Orlando M. Poe, the Army engineer at the Soo Locks from 1883 to 1896.

★ ★ ★

Construction on the new locks began in 1961.

Ships from throughout the world have passed through the locks, many en route to Minnesota for grain shipments from the Midwest.

At the dedication ceremony will be representatives of the U.S. Army Corps of Engineers; Walker Cisler, chairman of the Board of Detroit Edison Co., and James A. Hirshfield, president of the Lake Carriers' Association of Cleveland, Ohio, an honorary chairman of the celebration.

Cisler is general chairman of the celebration and head of Operation Action-UP, a Michigan business group devoted to helping the economy of Michigan's Upper Peninsula.

LOCK TO OPEN — The $40-million Poe Lock at Sault Ste. Marie, started in August 1968 and tested for the first time after its completion in August 1968, will be formally dedicated and opened on Thursday.

The General's Day: Never Long Enough

WASHINGTON (UPI) — From arrival at his desk at 8 a.m. to after midnight work on a speech entitled "I am proud to be a soldier," Gen. William Childs Westmoreland, 55, is the picture of a man grappling with responsibility.

Westmoreland, as Army Chief of Staff, is working the same 16-hour day he put in commanding U. S. forces in Vietnam. He finds the days are still too short.

★ ★ ★

"Perhaps my main job is priorities," he said. "just allocating the right amount of time to the many jobs I have to do."

This working day began in his Pentagon office with an 8 a.m. review of what the Army had been doing since he went to bed the previous night.

MEETING, TRIP

He met with generals on his staff before leaving by plane for Columbus, Ohio, to address commissioning ceremonies for Reserve Officers Training Corps (ROTC) graduates at Ohio State University, which has the nation's largest ROTC unit.

The general busied himself with paper work on the hour flight to Columbus and gulped a quick sandwich before the plane landed.

★ ★ ★

Flanked by police and security men as a precaution against demonstrators, Westmoreland made a hasty trip through the campus, chatted with the university president and talked with students during an inspection of the ROTC building.

He told graduating cadets, "Our national policy is to work toward achieving peace, but we must continue to face the harsh realities of life. And violence between men and nations is unfortunately one of those harsh realities."

EXTRA DIVIDEND

The Columbus trip brought an extra dividend for the general in an opportunity to renew an old friendship with comedian Bob Hope, who was receiving an honorary degree from the university.

Hope recalled staying with Westmoreland in Vietnam and commented, "I just want you to know when the shells were falling that man wasn't under his bed. Believe me, I was in a position to know."

★ ★ ★

Because of the lateness of the dinner he attended with Hope, it was after midnight when Westmoreland's small jet took off for Washington.

The general took off his coat, removed his tie and began looking over a speech he was to deliver the next day at Virginia Polytechnic Institute in Blacksburg, Va., where reports from Army security said there might be as many as 2,000 demonstrators.

The speech concluded with the words: "The serviceman knows that today he is helping to preserve America's heritage. He knows that he is defending the right of man to fashion for himself his own future.

"Yes, I am proud to be a soldier."

33,000 Bats Clubbed Silent by Senators

Tigers' Tails Twisted Twice by Washington Outbursts

DETROIT (AP) — Next time the Detroit Tigers have Bat Day, they probably will make certain the Washington Senators are not in town.

The Tigers gave away 33,000 bats to youngsters Sunday at their sixth annual bat day, but it remained for the Ted Williams men to show the crowd how to use them.

Eight Tiger pitchers took their lumps as the Senators slammed out 25 hits while taking a doubleheader, 9-4 in the opener and 9-5 in a rain abbreviated six-inning finale.

The Senators battered four Tigers pitchers for six runs in the eighth inning of the opener, a high mark of the year for the Senators, but they did not let the record stand long as they staged a nine-run uprising in the fourth inning of the nightcap.

"It was a helluva day," was the way Senator manager Williams saw it. He was quick to add, "Don't count the Tigers out of the pennant race just because of this one day . . . they are a good solid club and this race has a long way to go.

* * *

Tiger manager Mayo Smith, who had a regular parade of relief pitchers as he tried to silence the Washington bats, commented, "It was a pretty sad day . . . there was not much we could do about it."

Smith who used five pitchers in the opening game and four in the rain shortened nightcap added, "Our relief pitching was not as bad as it looked. We will come around alright."

* * *

He saw some fairly bright aspects in the pitching of Mike Kilkenny, who worked in both games and Daryl Patterson, who made his second appearance of the season following army service.

Most of the huge crowd of 52,721 — largest since opening day — had long since departed the premises when the second game was called. They had waved bats enthusiastically for photographers and pounded them in unison — without much success — in efforts to get the Tiger bats started too.

Dick Bosman and Dennis Riggins 5-7 held the Tigers to seven hits in the opener while Barry Moore 6-2 went all the way in the nightcap limiting the Tigers to five hits.

* * *

Surprisingly enough, there was only one home run among the 25 hits the Senators collected, that one being Mike Epstein's 15th homer. Epstein had a homer, double and single before he was lifted for pinch-hitter Hank Allen in the Senators big six-run eighth inning in the opener.

The Williams strategy paid off as Allen drilled a key single to keep the Senators big inning alive. "It sure worked," was all the lanky manager would say about the play.

For the Senators, not exactly known as a team which knocks down fences, it was their biggest day of the season. The nine-run outburst in the nightcap was the biggest single inning they had since May 11, 1962 when they scored 11 times against the Baltimore Orioles.

* * *

On the other side of the ledger, the nine runs the Tigers gave up in the nightmarish inning was their worst since Sept. 2, 1959 when they yielded up 11 runs to the Chicago White Sox.

The Tigers, temporarily gaining added confidence from the scoreboard which showed Cleveland beat front-running Baltimore 3-2 in the opener of a doubleheader Sunday, were in the thick of things for a while in the opener.

Pinchitter Gates Brown, shaking the jinx which has seen him go hitless in eight previous pinch-hitting assignments, rifled a triple to deep right center in the seventh, scoring Bill Freehan who had singled off Higgins. Dick McAuliffe brought Brown in on a sacrifice fly to send Detroit out in front 4-3 and Tiger fans had a moment of joy.

The Senators, departed the city with a 3-1 edge in the weekend series while the Tigers regrouped and named John Hiller to pitch the opener of a four-game series against the New York Yankees tonight at Tiger Stadium — if the weatherman cooperates.

SENATOR CAUGHT NAPPING — Washington's Del Unser grabs the bag but not before Detroit first sacker Norm Cash (25) has put the tag on him to help the Tigers out of an early jam yesterday before a capacity crowd at Tiger Stadium. Cash took the throw from Bengals' catcher Bill Freehan in the first game of a Bat Day twin bill that was swept by the visiting Senators.

Tennis World's 'Little Mo' Loses Cancer Battle

DALLAS, Tex. (AP) — Maureen Connolly Brinker, 34, who dominated women's tennis in her brief but spectacular career as no woman ever has, died Saturday of cancer.

The famed "Little Mo" of the tennis world of the 1950s lost a three-year battle with cancer after undergoing surgery on June 4. It was the third surgical attempt to save her life since the disease was discovered in September 1966.

* * *

Funeral service was scheduled for Tuesday at 1 p.m. in the Sparkman-Hillcrest Chapel in Dallas with interment following in a nearby cemetery.

Mrs. Brinker had lived in Dallas with her husband, Norman, and their daughters, Cindy, 12, and Brenda, 10, for six years.

* * *

Little Mo won the first of three United States women's singles championships in 1951 when she was 16, and the same year she became the youngest woman ever to play in a Wightman Cup match.

French Team Sets Mark in Swim Meet

PESCARA, Italy (AP) — Peter William of the United States won the 200-meter backstroke event on the second day of the International Military Swimming Championships Sunday.

A French foursome set a new record for the 800-meter relay in the 20-year history of the championships with a time of 8 minutes, 28.6 seconds. The previous record belonged to Spain with 8:31.3.

* * *

In the backstroke, William was clocked in 2:21.6. Other American finishers included William Livingood, 2:23, second, and Henry DeWitt 2:33.1, fifth.

In the relay, the United States was second in 8:35.9.

In the three meter jumpboard, American Rick Earley with 431 points, was third.

Chevy, Dodge Set New Drag Marks

BRAINERD, Minn. (AP) — Two unofficial world drag racing records were set Saturday on the opening day of the National Points and Records Meet at Donnybrooke Speedway.

Fred Anderson, Omaha, Neb., driving a 1957 Chevrolet in the Q Stock category, whizzed through the quarter-mile in 13.34 seconds for one mark.

Lee Sprague, Mound, Minn., in a 1968 Dodge Dart, covered the same distance in 12.52 seconds in the F Stock division for the other.

Hydros Get Ready for Detroit River

DETROIT (UPI) — The roar of the mighty thunderboats will reverberate again this week on the Detroit River when 12 of the unlimited hydroplanes begin qualifying trials Wednesday for Sunday's $25,000 World Championship Race.

The defending champion, Miss Bardahl, has been retired and her Detroit River record of 120.8 miles an hour, set over the three-mile guitar pick-shaped course, isn't expected to be threatened in the qualifying trials.

There will be two new entries in this year's running, the radically designed Pay 'N Pak and another Notre Dame.

Pay 'N Pak, out of Spokane, Wash., with Tommy Fults driving, has two outriggers rather than the conventional sponsons used on the other boats.

* * *

The 30-foot Gold Cup boats are powered by World War II aircraft fighter engines — the American-built Allison and the British Rolls Royce — and develop from 2,200 to 4,000 horsepower. But the boats are fragile and have disintegrated in previous races when they hit floating debris to get caught between the swells in the choppy waters.

* * *

Unlimited hydroplane My Cupiee will have a new driver and new owner when it goes into the qualifying heats.

Jim McCormick, the Owensboro, Ky., mechanical contractor who got his experience in driving Notre Dame, Atlas Van Lines and Miss Madison, has purchased My Cupiee from Norm Manson of Buffalo, N.Y., and will be the man behind the wheel when qualifying trials begin.

* * *

The World Championship Race will consist of five heats of 15 miles each and begin at noon Sunday.

Italian Has Big Net Assignment

LONDON (AP) — Nicola Pietrangeli, a 35-year-old Italian tennis veteran, went smiling to the opening of the Wimbledon Tennis Championships today to face Rod Laver of Australia, the reigning champion who is rated by the bookies as the odds-on favorite for the title.

"Who do I play in the next round?" joked Pietrangeli.

A first-round draw against Laver gave the popular Italian the honor of leading off the big open tournament on the center court, where around 15,000 fans were expected to cheer him on as the underdog.

Pietrangeli has been an idol of the Wimbledon crowds since 1954, although he has never come near to winning the crown.

Frazier vs. Quarry

Ring Foes Eying Early Finish

NEW YORK (AP) — Fistic fireworks are expected to explode early tonight when jolting Joe Frazier risks his six-state piece of the world heavyweight title against optimistic Jerry Quarry at Madison Square Garden.

Both are on record as predicting a quick finish of the 15-rounder which will be telecast on closed circuit coast-to-coast with New York blacked out. Starting time is 10:30 p.m., EDT.

* * *

Frazier, winner of all 23 of his pro fights including 20 by knockouts, is an 11-5 favorite to repel the challenge of the fast-firing, 24-year-old blond bomber from Bellflower, Calif. Quarry has a 31-2-4 record including 18 knockouts.

"I expect to get him in five rounds," said Quarry, who boasts he can punch faster and harder than the 25-year-old champion. "If I lose, they're going to have to carry me out."

* * *

"There ain't no way he's gonna go five," said Frazier, a 25-year-old, non-stop puncher of the Hammerin' Henry Armstrong school. "He's gonna get burned earlier than that if he comes after me like he says he will."

Yugoslav Woman Sets Track Pace

ZAGREB, Yugoslavia (AP) — Vera Nikolic, Yugoslavia, world record holder for the 800-meter run for women set the best time this year Sunday night clocking 2:03.6 in the 800 meters.

Miss Nikilic set the world record last year in London by clocking 2:00.5.

Madeline Manning of Tennessee State held the previous best time this year with 2:03.9.

9-Time Scoring Champ Retires

WILLIAMS LAKE, B.C. (AP) — Guyle Fielder, veteran minor league center who who is second only to Detroit's Gordie Howe in professional hockey scoring said Saturday he is retiring.

Fielder, 38, has played 18 seasons — 15 of them with Seattle of the Western Hockey League.

* * *

Nine times he won the WHL scoring championship and five times he was named the league's most valuable player.

Lonborg Sidelined at Least 2-3 Weeks With Cracked Toe

BOSTON (AP) — The Boston Red Sox, struggling to prevent Baltimore from making a runaway of the American League's Eastern Division, suffered a crippling blow Sunday by the loss of right-handed pitcher Jim Lonborg, the 1967 Cy Young Award winner.

* * *

X-rays disclosed that Lonborg suffered a crack in the little toe of his left foot when he was hit by his own foul ball in the fourth inning of a game with the New York Yankees Saturday night.

* * *

Lonborg, who has a 6-2 record, will be sidelined at least two to three weeks.

TWO-HANDED EFFORT — Javelin contestant Roy Waddell from the University of Arizona ends up in a partial handstand after uncorking a toss of 239-feet-10 during the National Collegiate Athletic Association's track and field outdoor championships Saturday at the University of Tennessee.

Teens in Keen Competition

Katie Monahan Bids for Trip to N. Y.

An intriguing duel may develop quickly among two of the state's finest junior riders tomorrow at the Detroit Horse Show.

Following in the stirrups of Crys Jones and Alison Cram as the finest teen-age rider in Southeast Michigan is Orchard Lakes' Katie Monahan, a former member of the show's host Bloomfield Open Hunt and now riding out of the Metamora Hunt and Centaur Farms Stables of West Bloomfield Township.

The 14-year-old talented equestrienne has been a consistent qualifier for the National Horse Show at Madison Square Garden already for several years.

She can earn another trip to New York City Tuesday morning by winning the Maclay Trophy and national championship qualifying A.S.P.C.A. Horsemanship Class.

CHIEF RIVAL

But she will have a battle on her hands from 17-year-old Grand Rapids' rider Jeane Metsker. The two youngsters swapped blue and red ribbons in equitation classes Friday and Saturday at the Grosse Pointe Hunt's Horse Show.

Expected to challenge them strongly tomorrow are Rochester's Jane Hildenbrandt, Bloomfield Hills Debbie Evans and Nene Henkel of Grosse Pointe.

The Detroit Horse Show started this morning and has dressage classes all day. There is no admission charge until Tuesday night's Junior Jumper and Open Jumper Classes. The 52nd annual show will run through Sunday afternoon.

The dressage events will conclude tomorrow. In addition to the open jumper class, Tuesday's schedule includes equitation; green working hunters; amateur owner hunters; working hunters; a new event, preliminary hunters; junior jumpers and the also new intermediate jumpers.

A Canadian horse, Boyne Valley owned by Mrs. J. E. Cottrelle of Toronto, dominated the green and regular conformation hunters class at Grosse Pointe and should be a strong contender this week, too.

The renown Kathy Kusner of Maryland, who was the first licensed female jockey in that state but has retained her amateur status and her spot on the U.S. Equestrian Team, also should be in the spotlight considerably at the BOH after several standout rides at Grosse Pointe over the weekend.

She earned first and second place ribbons in the same intermediate class with Touche Turtle and Jack Brown, and also guided That's Right to a second in open jumping behind Tip of India, ridden by Bucky Reynolds.

Other outstanding riders such as Rodney Jenkins, Max Bonham and the pride of the BOH, Miss Jones, are likely candidates for honors. Birmingham's Dick Schuster aboard Touch & Go also can be a threat to the favorites.

The Bloomfield Open Hunt is located on East Long Lake Road, about one-half mile east of Woodward.

MILLS MAKES HIS MARK — Sophomore Curtis Mills from Texas A & M roars across the finish line at Knoxville, Tenn., Saturday to set a new world record for the 440-yard dash. His :44.7 timing also earned him a clear-cut upset win over Olympic gold medalist Lee Evans.

Texas A&M Soph Sets Dash Record

KNOXVILLE, Tenn. (AP) — Curtis Mills shouldn't have any trouble winning recognition for his world record in the 440-yard dash, because the lanky sophomore is a journalism student at Texas A&M.

If nobody else writes about him, the fledgling sports writer can type out a few stories himself.

And the 20-year-old speedster already knows how to tell it like it is.

★ ★ ★

"I'd call it a hélluva run," Mills said when he was asked to tell how he would have written a story about his race in the finals of the NCAA Track and Field Championships Saturday.

That's just what it was.

Mills was not expected to challenge Olympic champion Lee Evans of San Jose State or Larry James of Villanova—the favorites—for the title. The Aggie youngster admitted later he was hoping only for fourth.

But he was in the thick of the fight coming into the homestretch, where he turned on a final burst of speed that swept him to a decisive victory over Evans, the runner-up. James finished fifth.

Mills was timed in 44.7 seconds, beating the old world mark of 44.8 set in 1966 by Tommie Smith of San Jose State.

★ ★ ★

"I didn't have any idea about breaking the record," said Mills, whose time was a full second faster than he had ever run the 440 before. And his previous best of 45.7 came in the meet's qualifying trials.

San Jose State, powered by tireless John Carlos, took the title with 48 points. Kansas was second with 45.

Mills, the Southwest Conference champion, has been running the 440 for five years. He wants to run even faster.

★ ★ ★

"I think I can do better," he said. "I don't know but I'm going to try."

While Mills burst into the big-time with a blaze of glory, one of college track's all-time standouts bowed out in despair.

Jim Ryun, Kansas veteran who holds the world mile record of 3:51.1 and the world 880 mark of 1:44.9, didn't win the mile or finish the three-mile in his final college race.

BEATS RYUN

Sophomore Marty Liquori of Villanova beat Ryun for the first time by about 10 yards in the mile, winning in 3:57.7, and the Kansas ace dropped out of the three-mile on the fourth lap.

"I'll never try another mile and three-mile double," Ryun said later.

Unser Garners Racing Crown

LANGHORNE, Pa. (AP)—Bobby Unser took the lead from Mario Andretti on the 88th lap Sunday and went on to score a convincing victory in the Langhorne 150-mile USAC race for Indianapolis cars.

Unser, who averaged 112.424 miles per hour, fell short of the record 113.183 set by Andretti two years ago. Unser drove a rear engine turbo Offenhauser.

The top 10: 1. Bobby Unser, Albuquerque, N.M., 2. Art Pollard, Fresno, Calif.; 3. Wally Dallenbach, East Brunswick, N.J.; 4, Bill Vukovich Jr., Fresno, Calif.; 5. Mario Andretti, Nazareth, Pa.; 6, Gary Bettenhausen, Tinley Park, Ill.; 7, Jim Malloy, Denver, Colo.; 8, Bob Harkey, Indianapolis; 9, George Snider, Bakersfield, Calif.; 10, Sam Sessions, Nashville, Mich.

Mustang Driver Wins

BRIDGEHAMPTON, N.Y. (AP) — George Follmer of Arcadia, Calif., driving a Boss Mustang, won the Bridgehampton Trans-American sedan series Sunday in course record average speed of 96.3 miles per hour.

The race was 250 miles over a 2.85-mile course.

Mark Donohue of Media, Pa., in a Chevrolet Camaro, finished second. He was forced to start in 31st or last place because he had not formally qualified his car which was a substitute for the one he was to have driven.

An hour before the race Donohue blew the engine of his vehicle and late in the race, he damaged a rocker arm and was unable to close on Follmer.

Third went to Jerry Titus of Ancino, Calif., fourth to Rusty Jowett of Marlboro, Md., and fifth to Peter Revson of New York. Titus drove a Pontiac Firebird, Jowett a Camaro and Revson a Mustang.

★ ★ ★

Twelve cars finished.

Follmer took the lead on the ninth lap from Parnelli Jones, former Indianapolis winner, and never lost it.

★ ★ ★

The victory earned Follmer $2,500. Donohue collected $1,700, Titus $1,300, Jowett $900 and Revson $650.

For the series, Mustangs now lead with 33 points. Camaro has 25 and third-place Pontiac Firebird 10.

'Snags' Ace

RALEIGH, N.C. (AP) —James "Snag" Kelly of Rocky Mount scored a hole-in-one Saturday that was more than special.

Kelly is a one-armed golfer.

Using a seven iron, he aced the 165-yard par three 8th hole at Cheviot Hills Golf Course.

L. A. Tops Reds to Assume West Division Lead

By The Associated Press

One victory of a scheduled twin bill was enough for the Los Angeles Dodgers to take a half game lead in the West Division of the National League.

The Dodgers blanked Cincinnati 5-0 in the opener and the second game was rained out after one-half inning of play.

Singer coasted to his eighth victory in 14 decisions, striking out seven as the Dodgers blanked the hard-hitting Reds for the second straight game.

Maury Wills' triple and a sacrifice fly by Willie Davis in the first inning gave the Los Angeles right-hander the only run he needed.

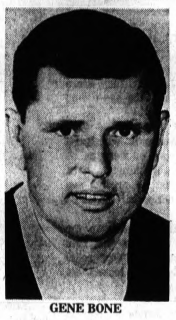
Fuel Category to Iowa Racer

BRAINERD, Minn. (AP) — John Wiebe, Newton, Iowa, set a track record of 218.54 miles per hour in winning the top fuel category Sunday at the National Hot Rod Association points meet at Donnybrooke Speedway.

Wiebe won $800 in covering the quarter-mile in 6.9 seconds.

The 300 entries from 16 states drew crowd of 11,200.

GARY BALLIET



GENE BONE

Pontiac Golfers Top Two Events

Pontiac golfers are off to rousing starts in both amateur and professional events.

Gene Bone, head pro at nearby Bay Pointe, boosted himself into favorite' position for today's Michigan Section PGA on the strength of his showing in the pro-am yesterday at Davison Country Club.

FAMILY TEAM

Furthern north, former city champion Tom Balliet and his son, Gary, current Michigan Publinx champion, teamed for a six-under-par 66 at Belevedere Country Club near Charlevoix and a one-stroke lead in the annual best-ball event that precedes the Michigan Amateur.

A stroke behind Tom and Gary is the brother combination of Melvin (Bud) and Don Stevens, along with Pete Jackson and Bob McMasters.

PROS AT WORK

A field of 93 pros were slated to tee off today in the 36-hole PGA scrap at Davison.

★ ★ ★

The PGA winner will haul down the line's share of a $5,000 purse, plus a berth in the national PGA tournament later this summer in Dayton, O.

FRINGE BENEFIT

Another fringe benefit for the top five finishers is that they'll qualify for the next month's Buick Open at Warwick Hills in Grand Blanc and for the Michigan Golf Classic slated for September at Shenandoah near Orchard Lake.

★ ★ ★

Bone, 36, won the PGA crown in 1966, and he's eager for another one, but he'll have to overcome some stiff opposition to do it.

EVEN PAR

In the pro-am yesterday, Bone carded an even-par-72, while defending champion Mike Souchak, head pro at Oakland Hills, checked in with a 76.

★ ★ ★

The 72 gave Bone low-pro honors for the day and he and his three partners combined for a 15-under-par 57 and third place in the pro-am.

Ben Davis of Rackham and his trio of amateur partners set the pace with a 56, followed by the team of Mac McElmurry of Knollwood with a 57.

★ ★ ★

The field of 94 will play 36 holes for the PGA crown today.

Gary Balliet, just winding up his freshman year at University of Michian, and his dad came up a stretch of five birdies in six holes on the back nine as they forged their one-shot lead.

The second round of the best-ball is on tap today, with qualifying for the Michigan Amateur slated for Tuesday and Wednesday, 18 holes each day.

TIME OUT — Don Hibbard (left) and Howard Hamilton take time for a short rest during their semifinal match of the Red Run Invitational Saturday. The two beat Floyd Burdette and Tom Draper, 5 and 4, in that match and won the title yesterday with a 1-up decision over Mike Jackson and A. E. Badger.

Red Run Victory Comes on 3rd Try

The golfing game of the new champions at Red Run seems to be improving with age.

Howard Hamilton and Don Hibbard, both 45, reached the finals twice before in the popular tournament only to watch someone else pick up the first-place trophy.

TENSE DUEL

Not this time, however. Playing sub-par golf, the two outdueled A. E. Badger, 26, and 25-year-old Mike Jackson yesterday to gain a 1 up decision.

★ ★ ★

For Badger and Jackson, it was their second runner-up finish in a row. They were defeated by Dave Cameron and Mike's brother, Pete, in the Pine Lake event last week.

HEADS BANK

Hamilton, president of the Madison National Bank, and Hibbard, vice president of sales for the International United Corporation, checked in with second-place finishes in 1960 and 1962.

Yesterday, however, they grabbed a three-up lead after nine holes over the long-hitting Badger and Jackson and then held their own in a birdie-shooting match on the final nine holes.

PARS WIN

Hamilton and Hibbard took Nos. 4 and 6 with pars to go two up and Hamilton knocked in a birdie putt on No. 9 for the three-up lead.

Then the birdies began to fall. Badger rolled in birdie putts on Nos. 10 and 11 to slice the lead to 1 up.

★ ★ ★

They halved the rest of the way with both teams posting birdies on Nos. 15 and 16.

Alcindor Sets Pace

MILWAUKEE, Wis. (AP) — Rookie Lew Alcindor scored 35 points and grabbed 23 rebounds Sunday night to lead his White team to a 125-118 victory over the Greens in a Milwaukee Bucks' intrasquad basketball game.

Southfield rolled to a doubleheader victory over Clarkston yesterday to hike its lead in District 18 American Legion baseball to a game and a half.

And while winning the twin-bill, Southfield may have uncovered a potent new bat.

CLOUTS HOMER

John Solberg rapped a two-run homer in the first game to back the four-hit pitching of Bob Muitter as Southfield won, 2-0, and Solberg broke a 4-4 deadlock with a two-run double in the eighth inning of the second game to give Southfield a 6-4 verdict.

★ ★ ★

Walled Lake took a pair from Farmington, 6-4 and 5-2, to even its record at 3-3. Dave Horton flipped a two-hitter, picked up two hits and drove in two runs to pace the opener. Catcher Wally Williams aided the first-game cause with a home run. Billy Welsh's bases-loaded single in the eighth snapped a 4-4 tie and boosted Walled Lake to victory in the second contest.

FLIPS ONE-HITTER

Dave Maluzhinsky flipped a one-hitter and fanned eight as Madison blanked Waterford in the opener, 2-0, but Waterford came back to take the nightcap, 3-1, behind the pitching of Mike Harkey. Larry Himmerly's bases-loaded double in the sixth gave Harkey the edge he needed.

★ ★ ★

Troy and Waterford Mott divided a twinbill. Troy took the opener, 2-1, behind the two-hit pitching of Mike Aronovity, while Mott claimed the second contest, 6-4.

★ ★ ★

Steve Bass pitched Pontiac Central to an 11-3 nod over Milford in their opener, and John Morrison pitched Milford to a 3-1 decision in the nightcap. Morrison aided his own cause with two hits and two RBI.

Service Status of Cager Stirs Eastern Senator

ST. LOUIS (AP) — A Connecticut state senator told the St. Louis Globe-Democrat Sunday he would probe the admission of basketball star Jo Jo White into a Marine Corps Reserve unit in his state at a time when "Connecticut residents are rejected because there are supposedly no openings."

The paper's Monday edition said Republican Sen. John Lupton would investigate what appeared to be "very preferential treatment" accorded to White, whose home draft board is in St. Louis.

The Globe-Democrat ran stories last week revealing that White, a Kansas University star drafted by the Boston Celtics, was allowed to enlist in the Hartford, Conn., unit of the Marine Corps Reserve after National Selective Service officials reviewed his records in Washington.

Expos Need Darkness to Defeat Cubs

CHICAGO (AP) — The Montreal Expos edged the Chicago Cubs 5-4 when the second game of their Sunday doubleheader was called after six innings because of darkness.

Jim Hickman's two-run homer with two out in the ninth capped a four-run rally that gave the Cubs a 7-6 victory in the opener.

Ron Fairly tripled Ty Cline home with the tie-breaking run in the fourth inning of the nightcap and then scored the winning run on Rusty Staub's single. Reliever Dan McGinn stopped the Cubs after Paul Popvich singled in a run in the Chicago fourth.

Mets' Alive? Cards Know

NEW YORK (AP) — "Are the Cardinals still alive?" said Ron Daylor, repeating a writer's question. "Yeah, it's still early. But I'll tell you one thing. We're alive."

★ ★ ★

Never have the New York Mets been so alive. In fact, Manager Gil Hodges is the only one, it seems, who refuses to mention them yet as a contender for the National League pennant.

★ ★ ★

The Mets, who in the previous seven years of their miserable existence have only been contenders for the booby prize, made believers of the St. Louis Cardinals by sweeping a doubleheader 5-1 and 1-0 Sunday.

TOP TWOSOME — Course manager Arky James (right) presents trophies to Columbus (left) and Avery Burton Saturday after the two captured the Pontiac Best-Ball tournament with a seven-under-par 62 at Pontiac Municipal Golf Course.

Win City Best-Ball Title

Burton Brothers Golf Champs

The brother team of Avery and Columbus Burton carded a blistering seven-under-par 62 Saturday to lead a record field in the Pontiac Best-Ball Tournament at Pontiac Municipal Golf Course.

It was the second Best-Ball title for the long-hitting Burtons, who fashioned a 63 to win their first championship back in 1963.

Avery, 39, a supervisor at Pontiac Motors, and Columbus, assistant principal at Eastern Junior High, posted a 32-30-62 over the 5,689-yard city course to set the pace for the field of 118 teams.

Columbus, 36, had a one-under 68 on his card while Avery was in with even-par 69.

★ ★ ★

The Burtons finished early and then sweated it out as challenger after challenger fell by the wayside.

A pair of late starters, brothers Joe and Rufus Anderson, grabbed runner-up honors with a 63, while Mike Murphy and Joe Kallis claimed third with 65. The record is 61 set by Tom and Gary Balliet in 1967.

In all 18 teams shot par or better. Only one half of the defending championship team of George Hammett and Truman Hammitt. Truman was out of town on a business trip, so George teamed with Ken White for a 74.

CITY'S BEST

Avery Burton will now lay claim to being the city's top player. The sharpshooter captured the Men's Medal Play last August.

★ ★ ★

After bagging three birdies on the front side, Avery and Columbus took turns on the back nine for their sizzling 30.

Avery stroked in a 30-footer for a birdie at No. 12. Columbus then made a 10-footer at 14. Next it was Avery with a three-footer at 16. Columbus rolled in a 20-footer at 17 and Avery closed out the round with a 15-footer on No. 18.

Relief Pitching Saves Day for Class A Leaders

Relief pitcher Bill Collins shut the door on Oakland Community College Sunday afternoon and preserved M. G. Collision's undefeated string in the city men's baseball league.

The Class A leaders pulled out a 5-4 victory on a two-run sixth-inning rally and Collins' airtight pitching over the final three and one-third innings against Oakland Community College.

★ ★ ★

The R. T. Clippers ended their four-game slump with a 3-1 conquest of C.I.O. Local 594; while the Carl's Golfland-Talbott Lumber nighttime tilt was rained out with the score tied 3-3 in the third inning.

LOSES LEAD

M. G. took a 3-0 lead over OCC only to see the Highlanders rally for four unearned runs in the fourth. Jack West's pinchhit single put OCC in front, 4-3.

But Collins, who allowed the hit, then retired the final 11 men he faced, striking out six in a row at one stretch. Rick Pankey singled in the tying run for M. G. and Harry Bartkowiak doubled him home with the winning marker.

★ ★ ★

The Clippers managed only three hits off Dick Goldsworthy but took advantage of walks, stolen bases and misplays for their three runs. Cecil Martin gained the win although Chuck O'Brien had to retire the final batter.

In Federation Meet

2 Wins for Kettering Runner

Area runners scored well Saturday in a Federation Track Meet at Birmingham Groves.

Kevin Reabe of Waterford Kettering posted a 4:27.7 time to take the junior (15-7) mile event, and he came back later in the senior division to win the 440-yard dash in 49.0.

TOP HURDLER

Dan Kurkowski of Birmingham Brother Rice captured the junior 120-yard high hurdles in 14.6 seconds, with Pontiac Central's Jerry Cato third at 15.8.

In another junior event, Gerald Williams of Pontiac Central took the 440 in 52.2 with James Keating of Brother Rice third at 53.8.

★ ★ ★

The novice (14-15) events, Frank Vega took the mile run in 5:03.8, with Bobby Furney second at 5:03.9. In the novice pole vault, Terry Frank and Jeff Cottrell placed one-two with leaps of 11-feet-6-inches.

NO. 1 SPEEDSTER

Bob Woodroof of Rochester took the senior (18 and over) 100-yard dash in 10.0 seconds with Ian Redpath of Berkley second at 10.3 Redpath was back later to win the 220 in 23.0.

★ ★ ★

Horace Davis took the senior triple jump at 42-feet-10-inches, and James Overton, a 1967 Pontiac Central graduate, won the pole vault at 12-0.

Reabe, Redpath, Woodroof and Mike Shepherd teamed to win the senior mile relay in 3:25.9.

Michigan State graduate Mike Bowers won the high jump with a leap of 7-feet.

Fuller Helps Indians in Split With Orioles

CLEVELAND (AP) — Infielders Vern Fuller and Larry Brown aren't known as power hitters, but they combined strategy Sunday to give the Cleveland Indians a split of a doubleheader with the Baltimore Orioles.

Fuller's third home run of the season in the eighth inning of the first game gave Sam McDowell a 3-2 victory before the Orioles capitalized on Indian errors to win the nightcap 6-0, before 52,189 Bat Day fans.

★ ★ ★

"That's the biggest hit of my career," Fuller said. "There's no doubt about it, that's the biggest.

"Brownie" (Larry Brown) told me before I went to the plate to look for the slider belt high and outside. I was looking at that spot, no place else. Hall (losing pitcher Dick) threw it right into my swing."

McDowell, 9-6, who walked two, struck out six, and allowed eight hits in his sixth straight victory, said, "I could have kissed Vern when he hit that ball."

★ ★ ★

The Indians' who had nine hits in the first game, including Tony Horton's 14th home run, were held to three hits in the nightcap by right-hander Dave Leonhard.

★ ★ ★

Leonhard, pitching on a weekend pass from the National Guard, picked up his fifth straight decision in his first starting assignment of the year.

The only Indian to reach second base was Ken Suarez, who doubled in the eighth inning.

Relief pitchers Horicio Pina, the loser, and Juan Pizarro and Larry Burchart were victims of four errors in the final three innings.

Seattle Beats Kansas City

Pilots' Harper Steals Base No. 38

SEATTLE (AP) — Kansas City pitcher Dick Drago's book on Seattle hitters has a new line today which warns that you can't trust the Tommies.

Drago was the loser Sunday as the Pilots backed up the pitching of Martz with timely hits for a 5-1 victory over the Royals.

★ ★ ★

Drago walked Tommy Harper the first time he saw him.

★ ★ ★

Three times he tried to pick Tommy off first base in the opening inning, but Harper stole second anyway, then scored on Mike Hegan's double. It was the league leader's 38th theft of the year.

Yanks' Rookie Aids in Win Over Boston

By DAVE O'HARA
Associated Press Sports Writer

BOSTON (AP) — Baseball is loaded with strategy, but the New York Yankees have come up with a new weapon to win a game.

★ ★ ★

Gripped in an 0-for-15 slump, slugger Joe Pepitone got himself thrown out after grounding out to end the Yankee eighth against the Boston Red Sox Sunday.

★ ★ ★

Rookie Len Boehmer, who kicked around the minor leagues for eight years before landing a utility job in New York this spring, was summoned from the bullpen to replace Pepitone at first base.

★ ★ ★

With two out in the 10th inning and the score tied 3-3, Boehmer lined a run-scoring single to left for his first major league hit. The Yankees added another run and won 5-3.

Lap Mark Set in Cycle Race

MOSPORT, Ont. (AP) — Mike Duff of Toronto won the 350 c.c. International Grand Prix of Canada Sunday on his Yamaha motorcycle.

He took home the Centennial Trophy for his win in 35 minutes, 19.8 seconds over the 20 laps. He set the fastest lap of the 2.5-mile course at one minute, 40.2 seconds.

Frank Camillieri of Chelsea, Mass., placed second.

Chicago Nips Angels, 1-0

ANAHEIM (AP) — Rookie Billy Wynne made Carlos May's run-scoring double in the third inning stand up with seven-hit pitching as the Chicago White Sox halted California 1-0 Sunday.

McCraw singled with two out in the third, went to second on a single by Luis Aparicio and scored on May's bloop that bounced into the left field stands for a ground-rule double.

★ ★ ★

Wynne, who posted his first major league victory last Monday, allowed no runners past second in notching his second straight complete-game victory.

Perry Squeezes Twins' Win

OAKLAND (AP) — Tony Oliva led off the 13th inning with a double and scored the winning run on pitcher Jim Perry's suicide squeeze bunt to give the Minnesota Twins a 4-3 victory over Oakland in the second game of their Sunday doubleheader.

★ ★ ★

The Athletics took the opener 7-3 behind a barrage of four homers, including two by Sal Bando and Reggie Jackson's 27th of the season. The split left Oakland two percentage points ahead of the Twins in the battle for first place in the American League West.

★ ★ ★

Oliva, who doubled home a run in the sixth inning, lined another to the wall in left center and took third when Graig Nettles grounded to first. Roland Fingers then issued an intentional walk to Chuck Manuel before Perry and Oliva worked their daring play.

Phillies' Outfielder Has Hot June Batting Streak

PHILADELPHIA (AP) — It's June—and Larry Hisle is busting out all over.

The Philadelphia Phillies' center fielder, after a slow start in April and May, has been hitting the ball with authority in recent weeks and given the club a needed lift.

Hisle continued his hot hitting Sunday' slamming a homer and run-scoring single for the winning run as the Phillies beat the Pittsburgh Pirates 3-2 in the second game of a doubleheader.

The Pirates took the opener, 6-0, on Dock Ellis' six-hitter before a Bat Day crowd of 33,712 at Connie Mack Stadium.

"I'm feeling more confident and more relaxed," said Hisle after his game-winning blow that knocked in Ron Stone in the bottom of the eighth inning. "I was happy after I got my hit."

Hisle, who earlier shot the Phillies into a 1-0 lead with a leadoff homer in the first, has now collected eight round-trippers this season—five in June.

Atlanta Splits Doubleheader With Giants

By DICK BIGGS

ATLANTA (AP) — Atlanta Manager Luman Harris figures he already has the major league's first 17-game winner this year.

"That makes 14 saves for (Cecil) Upshaw this year, plus the three victories he's got," Harris said Sunday after Upshaw had preserved a 7-5 nightcap decision for the Braves.

In the opener, the Giants topped Atlanta 5-1 behind Juan Marichal's five-hitter.

Race Driver Suffers Burns

WAYNESBORO, Va. (AP) — A Ohio race driver escaped with burns Sunday when his jet powered car went out of control at more than 225 miles per hour and erupted in flames.

Duane Landon, 32, of Toledo was hospitalized suffering from third-degree burns of the arms.

Officials at the Eastside Speedway said the driver was pulled from his flaming car by volunteer firemen and rescue workers stationed at the race track.

Witnesses said Landon was racing another jet car, driven by Bobby Tatroe of Akron, Ohio, when the accident occurred.

After covering a quarter mile track in 7.841 seconds, Landon popped his 20-foot braking chute, but the rear torsion bar on his car apparently snapped, officials said.

The car snapped off a power pole, spun for more than 200 yards off the track and burst into flames. Firemen said the entire fiberglass body of the car was melted in the heat.

Americans Win Inter-Continent Water Ski Meet

ENGHIEN-LES-BAINS, France (AP) — America's water ski team—including Canadian Jean Perrault—won the first Europe-America water ski meet Sunday with 9,991.188 points to 9,479.509.

Mike Syderhoud of San Anselmo, Calif., and Frenchman Jean-Jacques Potier tied for first and second in the slalom with 32 buoys each on Aschilly Lake north of Paris under a partly cloudy sky. Kirs Lapoint of Castro Valley, Calif., was third with 29.

America took the figures competition 3,454.281 to 2,970.183.

2 Shutouts in Waterford Rec Softball

Two shutouts and a pair of come-from-behind decisions highlighted Waterford Township recreation softball yesterday.

Jerry Thomas flipped a two-hitter and Ken Young scored both runs, one of Ben Traxler's double and another on an error, as Day's Sanitary (10-1) pulled into a tie with idle Spencer Floor for the league lead with a 2-0 win over C. Weedon Construction (3-8).

RAPS HOMER

Jim Fisk rapped a solo home run and fashioned a five-hitter to give Midget Bar (6-5) a 4-0 verdict over Timberlanes Bar (6-5). Gary Hayward knocked in two runs, one with a solo homer.

★ ★ ★

Fred Brown's third hit of the afternoon, a bases-loaded single, sent home two runs in the last of the seventh inning to give Tru-Bilt Redi Mix (5-5) a 3-2 decision over Lighthouse Lanes (2-8).

A two-run double by Morrie LaPratt in the bottom of the fifth enabled Milbur Industry (5-6) to hand Colonial Village (1-9) its ninth loss in a row, 3-2.

Showdown Friday for Class B Lead

There'll be two showdowns this week in the men's Class B city baseball league.

Oakland Community College ripped the Auburn Hills Town House team, 11-4, and Gardner's All-Stars didn't show up for their scheduled game with U.A.W. 653 in Sunday's activity.

The victories for the union (by forfeit) and OCC gives both of them a 2-0 records and they will clash Friday evening at Jaycee Park in a first-place showdown.

The All-Stars and Auburn Hills now are 0-2 and their contest Wednesday will be a battle for third place.

Kemper Golf Crown for Dale Douglass

CHARLOTTE, N.C. (AP) — The galleries were roaring, the noise from the vast army sweeping in waves over the course, as Arnold Palmer made his charge.

"Everybody was excited," Dale Douglass said. "I could hear them."

"I got pretty excited, too. But for a different reason."

But the excitement wasn't enough to shake his game and the placid, articulate Douglass cruised in with a final 67 and a four-stroke victory in the Kemper Open Golf Tournament Sunday.

He had a 274 total, 14 under par for the 7,205-yard, par-72 Quail Hollow Country Club course, and claimed the biggest check of his nine-year-old pro career, $30,000.

Charles Coody, who had a course record matching 65 and was one of several to challenge Douglass in the sweltering heat, finished second at 278.

South African Gary Player, with a 69, and Australian Bruce Crampton, with a 70, tied at 279.

MAKES BID

Palmer, the defending champion, made a run at it with a final 66 but finished at 280. He was tied with Joel Goldstrand, 69, Masters champion George Archer, 72, and England's Tony Jacklin, 71.

Lee Trevino had a 74 for 284. U.S. Open champion Orville Moody had a 70 for 286 and PGA champ Julius Boros, 76 for 286.

★ ★ ★

Douglass, a 6-foot-2, 155-pound stringbean from Denver, started the day with a one stroke lead and had to face the challenges of Palmer, Archer and Coody in that order.

Slowpitch Wins Posted by Top Three 'A' Teams

The top three contenders for the city men's softball slowpitch "A" League American division honors all posted victories last night in the rain, though J.A. Fredman did lose ground in the race.

Undefeated Conn's Clothes ended Fredman's nine-game winning streak with a 9-5 opening game triumph at Beaudette Park. Fredman's then bounced back for a 10-7 victory over The Congregation.

The Pontiac Press A unit struggled to its sixth win in a row, downing MGM Cleaners, 6-5, for its second straight last-inning victory.

Conn's made it 11 straight, snapping a 2-2 tie with three unearned runs in the fourth inning and adding four more tallies in the fifth on five consecutive hits. Don McConner drove in three runs with a single and two-run homer.

BIG NIGHT

Ken Carpenter of Fredman's followed up his first-game single, double, two RBI's with a home run and triple against the Congregation to drive in three runs in the team's 10th victory.

Jack Fowler, Gary Acker and Rick Lippert also homered for Fredman's in the nightcap which was called after five innings due to the rain. Bill Welch connected for the losers.

★ ★ ★

MGM failed to gain on the "A" National leaders when it couldn't protect a 5-1 lead with only four outs left for the Pressmen.

Reyes Coronado doubled, Don Glowaz tripled and Jim Attard also doubled to tie the score at 5-5. In the seventh, manager Sid Gregory's none-out single plated Len Cote with the winning run.

Conn's and the Pressmen will clash Friday night in a showdown game.

Ailing Majestic Prince Heading for Short Rest

LOS ANGELES (AP)—Majestic Prince who faltered in his quest of horse racing's Triple Crown, probably won't compete again until 1970, his trainer says.

The reason: inflammation of both front ankles.

"I knew something was bothering him," Johnny Longden to newsmen Sunday.

★ ★ ★

The 3-year-old Kentucky Derby winner had scored a narrow victory in the Preakness, then lost the Belmont Stakes. Longden hadn't wanted him to go in the Belmont but was overruled by the owner.

The ankle trouble isn't serious, Longden said; "But enough to keep him out of action quite awhile—maybe the Santa Anita meeting." Racing begins there Dec. 26.

City Grapplers Compete

A couple of Pontiac wrestlers are among 36 Michigan grapplers who will start a bid for national honors this evening in the AAU championships at Worland, Wyo.

John Dunn and Tom Mash, both members of the varsity at Pontiac Northern this past season, are among the hopefuls from around the country who'll be after national titles and spots on the U.S. Junior Olympic team.

★ ★ ★

Mash is wrestling in the 114-pound freestyle class, and activity in that division is set for tonight. Freestyle finals will be Wednesday.

Greco-Roman competition opens Thursday with finals on Saturday. Mash is also entered in the Greco-Roman in the same weight class. Dunn will wrestle in the 143-pound class of the Greco-Roman.

Several other Oakland County wrestlers are also on hand. Among them are Roger Duty of Royal Oak, Bill Davids of Hazel Park and Bill Elsenheimer of Madison Heights. Alll three won state high school titles this year.

★ ★ ★

The 36-man Michigan delegation was taken by bus to Wyoming Friday by Pontiac Northern coach Bill Willson and Grand Ledge coach Doug Echstrue.

Ondine Leads Scattered Yachts

NEWPORT, R.I. (AP) — A fleet of 23 yachts was reported widely scattered today in a 2,750-mile trans-Atlantic race to Cork, Ireland.

The yachts left the starting post at Brenton Reef Light Tower, off Newport, under ideal conditions Sunday.

The fleet scattered widely almost at the outset, but favored Ondine, a 73-foot ketch which won the Bermuda to Germany race last year, appeared to have the lead in Class A.

Opening lead—♠K

By OSWALD & JAMES JACOBY

Oswald: "Here's a hand to wind up our discussion of luck in duplicate. It came up in a match between a New York and a Boston team back in 1935. The bidding in the box was that of the Boston North-South pair."

★ ★ ★

Jim: "I can see what happened to South. He won the second spade, took a club finesse since he was in his own hand, for the first and last time, watched East take the queen of clubs and four spade tricks for down one."

Oswald: "When New York held the North-South cards they were playing a convention known as 'Aces over two bids.' South responded two spades, North tried three hearts and South raised to four hearts."

Jim: "Wasn't that bid supposed to show the king of hearts?"

Oswald: "It was or at least North thought so. He jumped to six no-trump. East led the four of spades and North had to scramble for 12 tricks."

Jim: "Not a very encouraging prospect but it looks as if North managed to take all 13."

★ ★ ★

Oswald: "That he did. He saw just one slim chance to make six and took it. He won the spade lead with the ace and at trick two he finessed the jack of hearts. Then he played his ace and king of clubs and dropped East's queen. Now he had a second entry to dummy for another heart finesse but he wasn't satisfied. He cashed his ace, king and queen of diamonds.

The suit broke 3-3 so that after entering dummy with the 10 of clubs he took the last diamond to discard his last spade. It was no trouble to finesse hearts again and take all the tricks."

What do you do now?
A—Bid just three diamonds. You have a good hand but there is no hurry.

TODAY'S QUESTION
You do bid three diamonds and your partner bids three spades. What do you do now?

Astrological Forecast

By SYDNEY OMARR
For Tuesday

SPECIAL HINT: Tonight moon enters Scorpio: take special precautions against fire. Don't drowse with cigarette in hand. In camping, be sure that sparks are out. Be wary around sharp instruments.

★ ★ ★

ARIES (March 21-April 19): You deal with public. Efforts are evaluated. People come to you. Your opinion is sought. Express yourself in careful manner. Key is to be kind, diplomatic.

TAURUS (April 20-May 20): Light touch favored. Not wise to push or force issues. You get advice from many sides. Remember promises, obligations to associates. Be true to your own principles.

GEMINI (May 21-June 20): Break through red tape. Your creative resources should be utilized. One who is timid expresses doubt. Be considerate but don't back down — you are on right track.

CANCER (June 21-July 22): Your kind of day. You find ways of saving money. Your ideas click. Solid offer is made which could enhance security. Make some changes, but don't veer too far from objective.

LEO (July 23-Aug. 22): Tonight you settle basic issue. Stick to familiar ground. Be with family, if practical. Financial benefits accrue. If diplomatic and patient, you score definite gain.

VIRGO (Aug. 23-Sept. 22): You are released from obligation. This lightens financial load. Don't be deceived by promises. Realize that some are overly optimistic. A relative may sing the blues — this passes.

LIBRA (Sept. 23-Oct. 22): Pay attention to financial, other responsibilities. You have assumed certain commitments. Now you are called upon to fulfill them. Positive gain is indicated.

SCORPIO (Oct. 23-Nov. 21): Tonight your lunar cycle moves up. People respond to you in strong, definite manner. You cannot do things halfway. It is all the way — or nothing.

SAGITTARIUS (Nov. 22-Dec. 21): You get chance to formulate plans. Being alone tonight works to your benefit. Steer clear of crowds. Crystallize aspirations. What you want is within reach.

CAPRICORN (Dec. 22-Jan. 19): Tonight you receive favorable word concerning important project. Your abilities, ambitions are spotlighted. You get something of value handed to you on silver platter.

AQUARIUS (Jan. 20-Feb. 18): Study CAPRICORN message. You gain through written word. Study your paper for special hints. Accent on writing, long-range plans, campaigns.

PISCES (Feb. 19-March 20): You find answer to what was a perplexing problem. Key is to dig beneath superficial indications. Your interest in unusual subjects is heightened.

IF TUESDAY IS YOUR BIRTHDAY you can successfully utilize original approach. Unorthodox methods succeed. You are one who appreciates the arts. And this stands you in good stead. A new contact paves the road to success.

Daily Almanac

By United Press International

Today is Monday, June 23, the 174th day of 1969 with 191 to follow.

The moon is between the first quarter and new phase.

The morning stars are Mercury, Venus and Saturn.

★ ★ ★

The evening stars are Mars and Jupiter.

On this day in history:

In 1854 the Congress of Texas agreed to the territory's annexation by the United States.

In 1947 the House enacted the Taft-Hartley Act over the veto of President Truman.

In 1964 General Maxwell Taylor was appointed ambassador to Saigon, replacing Henry Cabot Lodge.

In 1967 the Senate censured Senator Thomas Dodd for misusing campaign funds.

★ ★

A thought for the day: Francois de Salignac de la Mothe Fenelons said . . . "Courage is a virtue only in proportion as it is directed by prudence."

Status of Major Congressional Legislation

WASHINGTON (UPI) — Status of major legislation:

Taxes — The House votes this week on Ways & Means Committee bill to continue the income tax surcharge for 12 months while eliminating the 7 per cent investment tax credit for businessmen and removing 5.4 million low-income persons from the tax rolls.

ABM — Nixon has proposed Antiballistic Missile (ABM) system. Hearings in House and Senate under way.

Pay — Congress raised the pay of the President. It allowed to go into effect a 41 per cent boost for its own members. Federal judges, Cabinet members, and top officials of the executive branch also got increases.

Rioting — Nixon proposed colleges have recourse through federal courts to stop rioting. House Education Committee considering a bill requiring colleges to have a code of student conduct as condition of getting federal air. House Internal Security Committee and the Senate's Special Investigating Committee both holding hearings.

Mines — Nixon asked for stricter health and safety rules. Hearings have been held in House and Senate labor subcommittees.

Rights — The White House asked new enforcement powers for the Equal Employment Opportunities commission. A bill to strengthen the commission, to outlaw discrimination in state juries is before Senate judiciary subcommittee. House hearing on extending the Voting Act are underway.

* * *

Crime — Nixon has asked for extended wire-tapping authority. Senate judiciary subcommittee holding hearings. House Select Committee on Crime holding closed hearings.

Farm Labor — Senate labor subcommittee conducting hearings on proposals to extend protection of NLRB to farm workers. Nothing scheduled in House.

Mutual Funds — Senate has passed bill to tighten controls on management and sales fees of mutual funds. No action in House.

Smoking — House passed bill to strengthen health warning on cigarette packs and continue for six years current ban on government action to bar or regulate tobacco advertising. Key members of Senate Commerce Committee hope to block any extension.

* * *

Postal — Nixon proposed a government corporation to operate the post office and rate increases in first, second and third-class mail. House: Post Office Committee hearings under way Senate: No action.

Electoral — Administration wants each presidential candidate assigned his proportionate share of each state's electoral vote. House: Judiciary Committee approved popular election of President. Senate: Judiciary subcommittee approved bill based on number of congressional districts a candidate wins.

Pollution — Administration has endorsed House-passed bill to tighten federal regulations on drilling. Senate: Public works subcommittee hearings completed.

* * *

Schools — House passed a two-year extension of major aid programs for poverty area grade high schools. Senate education subcommittee hearings under way.

Spending — House has voted to impose a $192.9-billion ceiling on what the administration may spend during the fiscal year starting July 1. Senate passed bill to cut $1.9 billion in non-defense and other "controllable" items. Differences to be reconciled in conference committee.

Census — House post office subcommittee and Senate constitutional rights subcommittee considering bills to limit mandatory questions planned for the 1970 census.

* * *

Troops — Senate Foreign Relations Committee has approved sense-of-Congress resolution not binding that Congress should be consulted before the President makes future military commitments abroad. Senate consideration may come this week.

Foreign Aid — Administration requested $2.6 billion in loans and grants to continue the foreign aid program for the fiscal year starting July 1. House: Foreign Affairs Committee holding hearings. Senate: No action.

Nuclear — Senate affirmed Nuclear-Non-Proliferation Treaty.

Draft — President has asked for a lottery-like system. No hearings scheduled.

Investor Concern Continues

Stock Mart Retreats Sharply

NEW YORK (AP) — The stock market retreated sharply over a broad front in fairly active trading early this afternoon, with concern over tight money and monetary restraint reported continuing to weigh on it.

The Dow Jones industrial average at noon was off 8.20 or 0.93 per cent, at 867.96. The Dow fell 6.21 Friday to close at 876.16, a new 1969 low.

Losses led gains by a bit better than 700 isses.

"Continued concern over tight money and monetary restraint again weighs on the market," an analyst said, noting that this has been cited as contributing in large part to the market's very sharp decline in recent weeks.

'DISAPPOINTED'

"Some investors also are disappointed over the market's inability to sustain its recent rally attempts," he said, "and there are indications of emotional selling. Investors who were holding on in the hope the market soon would bottom now are getting concerned and are starting to get out."

He said some analysts felt that "with the market in such a deeply oversold condition, it's only a matter of time before it turns upward under the impetus of a technical rally."

The Associated Press average of 60 stocks at noon was off 2.5, with industrials down 3.7 rails off .8, and utilities off 1.8.

Fourteen of the 20 most-active issues on the American Stock Exchange were lower, 4 were higher, and 2 were unchanged.

Tax Program Heads for Vote

Key Issue Is 1-Year Surcharge Extension

WASHINGTON (UPI) — President Nixon's $9.2-billion tax program, opposed by organized labor and devoid of tax reforms demanded by liberals, comes up for a vote, and probable victory, in the House this week.

The prime part of the plan is an extension of the income tax surcharge one year beyond its scheduled June 30 expiration.

★ ★ ★

In addition, the package repeals a tax break for business, extends taxes on telephone service and cars, and removes an estimated 5.2 million poor persons from the tax rolls.

★ ★ ★

The measure is aimed at snuffing out inflation by removing some of its fuel — money — from circulation. It will also give Nixon the surplus planned in his budget for the fiscal year beginning July 1.

EXPECTED TO PASS

The measure may come up Wednesday. It is expected to pass, despite opposition, because the bill is covered by rules which prohibit an amendment.

Even if the bill is passed by the House, it probably will not be in a position for Senate action until after the surtax has expired. The Senate in that case, will be asked to approve a bill that would allow employers to continue taking the same withholding amounts out of the employes' paychecks until the measure is passed.

★ ★ ★

It could, at that time, always be made retroactive to the date the old measure expired.

Up for debate in the Senate this week is a resolution reasserting the Senate's right to be consulted about foreign policy and for approval of any presidential decision to send combat troops into another combat troops into another country.

UP FOR ACTION

The resolution was brought up for action in the wake of recent disclosures concerning U.S. military activities in and with the Spanish government.

Its backers also said it would head off another action like the Gulf of Tonkin Resolution which later proved the vehicle through which President Johnson stepped up U.S. involvement in the Vietnam War.

Ryan: House to Restore Aid to Med School

LANSING (AP) — House Speaker William Ryan, D-Detroit, today said he expects to see the House this week restore $200,000 cut by the Senate to enable Michigan State University to expand its two-year medical school to four years.

"We also expect to restore some of the cuts in higher education appropriations made by the Senate, particularly for the University of Michigan," Ryan said in a morning news conference.

★ ★ ★

Speaking of the MSU medical school, Ryan commented: "After all, we do have a serious shortage of physicians in the state and should do something about it."

Ryan further said he expects the House will direct the State Board of Education to authorize administration of a College of Osteopathic Medicine under one of the existing state schools.

OU POSSIBILITY

The House Speaker mentioned Oakland University as a possibility. He added there is some sentiment for placing the osteopathic school under Wayne State University.

Ryan said he expects there will be enough Democratic vote support in the House to raise the present 7½ per cent ceiling on home mortgages.

"I think we have enough support to raise it to 8½ per cent," he said. The House previously had rejected a 9 per cent level proposed by the Senate.

Ryan said there was "quiet support" for the 8½ per cent level from the UAW-CIO.

AP Business Analyst

NEW YORK — What appears to be a long, hot and disturbed summer for the riotously expansive American economy seems to be taking shape every day now. Law and order, we are told, must prevail in the marketplace.

CUNNIFF

In Washington, where the House Banking Committee is holding hearings this week, the nation's bankers heard themselves accused of conspiring to rig the price of money, or in other words, to boost the prime interest rate.

★ ★ ★

Rep. Wright Patman, the Texas Democrat who heads the House committee and who likes to spray tear gas at bankers, made the conspiracy reference. But those responsible for administration policy also are getting in their shots.

Treasury Secretary David M. Kennedy, testifying before the committee, suggested that perhaps bankers were getting "the message" because of the ever tightening anti-inflation methods of the Federal Reserve.

OPINION ECHOED

Speaking in Copenhagen, Denmark, where last week the nation's biggest bankers retreated for their 16th International Monetary Conference, Dr. Paul McCracken, the president's chief economic adviser, said much the same thing.

Addressing his "friends in the banking community," McCracken said, "Earlier this year I found myself rather frequently told . . . 'We don't think you really mean it in Washington.' "

★ ★ ★

Was there a "had enough" or "get the point" message in McCracken's statement to the bankers, who now are complaining loudly that they have almost no money to lend?

Without money to sell, bankers are little more effective than grocers without carrots and spinach or milkmen who have nothing but empty bottles to leave on the doorsteps of their best customers.

To some bankers, an anti-inflation device that pinches the financial jugular and impedes the flow of money may be compared to an antiriot device that subdues the victim by throttling him.

But there is a message for everyone in the statements of administration policy makers.

★ ★ ★

The bankers might be those at whom the weapons are directed now. But the warning is for all Americans who, we are told, are spending themselves into chaos.

The most frightening weapon that could be brought into use is that referred to by William McChesney Martin, chairman of the Federal Reserve Board, and long the fiscal conscience of America. The weapon: enforced savings.

Martin spoke in Copenhagen, and then declined to expand much on the meaning except to say it could mean higher taxes. It suggests other things as well, and some people were inclined to draw dire meanings.

Pierre Rinfret, the economic consultant to industry, said that on the surface it smacked of fascism. To tell people where they can put their money, he said, is to tell them how to "vote" with their dollars.

★ ★ ★

To tell people how much they should save also might be unconstitutional in the opinion of William Freund, vice president and economist of the New York Stock Exchange.

The Martin reference to forced savings caused Freund to recall one of the less well known works of Lord Keynes, the British economist whose ideas have had such influence on current thinking. It is called "How To Win The War."

BOND PURCHASE

Writing in the very early days of World War II, Keynes described how the tendency toward wartime inflation could be the hands of people. How? By lessened by taking money out of having them purchase government bonds.

At the end of the war, he argued, when recession might drop in military spending, these threaten because of the sudden forced savings would be released in a torrent of purchasing power.

★ ★ ★

To bring this about in the United States would require the approval of Congress. And Congress, somewhat reluctant even to pass a surtax extension, isn't likely to say yes to such an extreme measure.

Wage and price curbs have been suggested as weapons also, but regardless of statements hinting businessmen are in favor of them, most businessmen really feel such measures pack too much clout.

Wouldn't controls bring law and order to the marketplace? Perhaps, but at what price?

French Cabinet Door Open to Europe Unity

PARIS (AP) — Robert Schumann, an advocate of political integration in Europe for more than 20 years, has replaced a hard-line Gaullist as French foreign minister in President Georges Pompidou's new cabinet.

Observers saw Schumann's appointment, and that of Finance Minister Giscard d'Estaing—also regarded as a "Europeanist"—as the beginning of a new liberal era in French foreign polciy.

★ ★ ★

Pompidou announced the cabinet Sunday after Premier Jacques Chaban-Delmas presented him the list. The group holds its first formal meeting today.

Pompidou and Chaban-Delmas were under intense pressure from Gaullists and Centrists for representation. While the cabinet retains a Gaullist coloring there are Centrists in three important ministries.

Schumann replaces Michel Debre, whom Gaullists had wanted kept on as foreign minister to reflect continuity in policy. Instead, Debre was named defense minister.

One of the cofounders of the now-defunct Popular Republican movement, a Roman Catholic party that sought European unity after World War II, Schumann strongly disapproved of Gen. Charles de Gaulle's decision to keep Britain out of the Common Market. But he never broke with the general over it.

★ ★ ★

Giscard d'Estaing had been minister of finance under De Gaulle from January 1962 to January 1966 but then helped form a splinter group called Independent Republicans who said they were basically for De Gaulle but reserved the right to disagree with him.

Giscard d'Estaing is known to favor both British entry into the Common Market and political integration in Europe. He took the job after former Premier Antoine Pinay, also an Independent Republican, turned it down Saturday despite Pompidou's urging.

★ ★ ★

Other indications of less-rigid Gaullism in the cabinet are the naming of three Centrists to important posts—Rene Pleven, former premier, as minister of justice; Jacques Duhamel, another "Europeanist," as minister of agriculture, and Joseph Fontanet, minister for labor, employment and population.

All three urged "no" votes in the April 28 referendum that led to De Gaulle's retirement. But they rallied to Pompidou rather than support Centrist candidate Alain Poher in the presidential elections June 15. All said Pompidou was the best guarantee of efficient government.

Q — What can you tell me about Treasury bills for investment? — M. H.

A — Treasury bills, which are almost as liquid as cash, are used by investors wishing to get a return on temporarily uninvested cash. As a result of the recent prime rate boost to 8½ per cent, lower bids have pushed yields on 13- and 26-week maturities to new all-time high levels. Record returns of 6.5 per cent on 13-week and 6.9 per cent for 26-week bills are available. Yields are determineb by the difference between purchase price and face value and are based on a 360-day year.

A — Over a period of more than 9 years, Cohu has traded between 13⅜ and 3⅜ and is currently around 9. A similar unimpressive sales performance was recorded; in 1960 sales were 17.14 million, in 1968, $9.24 million with intervening years up and down from $6.14 million to the high reached in 1968. An erratic earnings pattern over the years culminated in a 19-per cent drop to 21 cents a share last year.

NY Gets Warning

Graham Ends Crusade

NEW YORK (AP) — Billy Graham has ended a 10-day crusade, which drew 234,000 of the faithful and curious to Madison Square Garden, with a warning that "the end" is near, but "Christ is coming back to save the world."

A large Bible in his right hand, Graham told more than 20,000 people Sunday night that signs of "the end" were particularly visible in New York City.

★ ★ ★

When Graham arrived here June 9, he said, "Anyone walking down Times Square can see why New York is in the need of a great moral and spiritual awakening." The Garden, filled to capacity all but one night, is eight blocks from Times Square, where sex films and pornographic bookshops abound.

★ ★ ★

"War, racial problems and poverty" will be totally solved, the 50-year-old preacher said in his closing sermon which foresaw the Second Coming. "All our aches and pains will be behind us."

SOME WERE CYNICAL

Some of the "underground" and left-wing publications were cynical about the crusade. One publication, the East Village Other, wrote of Graham's message: "You will eat when you die, that great big pie in the sky."

But this minority had no visible effect on the crusade, where 11,152 people filed down from the Garden's balconies to stand in front of Graham and make "a decision for Christ," according to a crusade spokesman.

★ ★ ★

"I feel like the Lord led me up here to New York and to the Crusade," Charles Drawdy of South Carolina said Sunday night. "I made my decision for Christ and now I'm a new creature in Christ." He said he had seen the evangelist on television but had never thought he would be in one of the crusades.

RESTORES SOUL

Many people who stood before the plastic flowers and greenery at Graham's rostrum said they had seen his 16-week crusade in 1957, when 1.9 million people participated and 61,148 made decisions for Christ.

"My wife and I made our decision for Christ back in 1957," Alex Sonera of Queens, N.Y., said. "None of the problems of today bother us because we have our faith."

Mrs. Marie Cabezon of Brooklyn said she had sung in the Crusade choir in 1957 and had returned this year because Graham "restores the soul and has such a personality."

★ ★ ★

"He speaks through the heart," Mrs. Cabezon said. "With him our problems are easy for us."

Woman Raped, Robbed in City

A 64-year-old Pontiac woman was raped and robbed of more than $2,000 worth of possessions at her home Saturday night, she told police.

Police are searching for two males, one of whom was carrying a knife.

★ ★ ★

The woman said she entered her Prospect street home at about 9:30 p.m. and was surprised by the two young men.

They took $21 from her purse and then one of them took her into a bedroom and raped her while the other rummaged through the house, she said.

★ ★ ★

Among the items taken by the pair were a color television set, jewelry, candlesticks and her car.

One man was described as white, about 17 years old with a slender build. He had a knife. The other was described as Negro, about 5 feet 8 and 150 pounds.

Man, Ex-Wife Die in Melee

STERLING HEIGHTS (AP) —A 30-year-old Sterling Heights woman was shot to death and her ex-husband injured fatally in a struggle which followed the shooting at a party here early today.

Police said Harold and Joy Young were among about 20 persons attending a party for a soldier recently returned from Vietnam.

★ ★ ★

Officers quoted witnesses as saying Young shot his ex-wife twice. When others at the party attempted to disarm Young, he was struck over the head in the scuffle, police said. He died a short time later.

No charges were filed immediately. Autopsies were ordered.

Police to Rescue

GIs in Flock of Trouble

ORGOSOLO, Sardinia (AP) — Police came to the aid today of an elite Italian armored brigade whose maneuvers were blocked by sheepherders in the central Sardinian hills.

Even with the aid of the blue-helmeted national police it was by no means certain that the stalemated Trieste brigade would ever get to fire a gun in its live - ammunition summer maneuvers.

★ ★ ★

The army had expected opposition.

To make things easier for the two-month maneuvers which were scheduled to start last Friday, the army offered a cash payoff to the hundreds of shepherds who graze thousands of sheep and goats on the scrubby hillside pastures the Trieste brigade wants to use.

PAYOFF SCHEDULE

The army offered to pay the lire equivalent of $5.60 a day to each herdsman and $3.20 to each assistant shepherd for the duration of the maneuvers. They offered herd owners four cents a day for each goat, 4.8 cents for each sheep, and 20.8 cents for each cow displaced from pasture.

Shepherds of many of the little villages scattered around the maneuver zone, who seldom see much hard cash, considered it a good deal.

★ ★ ★

But the bigger herd owners and shepherds from Orgosolo turned down the offer. They said they would have to drive their herds too far to new pastures. And they complained that the shelling and maneuvering on tank treads would cause lasting damage to grazing land.

A thousand shepherds and men, women and children from Orgosolo turned out every day, beginning last Friday, to block roads leading into the maneuver zone. The troops got through, but all heavy equipment and supplies were blocked. There could be no practice firing.

National police sent to the region several years ago to combat Sardinian banditry and kidnaping went into action this morning to help out the soldiers.

By noon they had hauled 60 persons to police headquarters here and at Nuoro for questioning about what they were doing in the maneuver area. Most of them were released but some suspected as ringleaders or political agitators were kept in custody.

★ ★ ★

Most of the people who had blocked roads began fading away into the surrounding hills. But they did that each day before, and always came back the next day.

Man Charged in Break-In at Pharmacy

One man has been charged in connection with one of three city break-ins over the weekend. Thieves took property and cash totaling more than $500 in the three.

An arson attempt in connection with one of the break-ins is still under investigation.

★ ★ ★

At Oakland County Jail charged with breaking and entering is Manuel N. Guerra, 24, of 119 Judson. Pontiac police say they found him hiding inside Baldwin Pharmacy, 219 Baldwin, at 3:30 a.m. today.

Police said they confiscated $76 he had allegedly taken from the pharmacy cash register.

WINDOW BROKEN

Entry was gained, Police reported, by breaking a window in a rear door.

Mrs. Deloris Griffith, 21 Allison, told police someone had entered her apartment Saturday night through a broken window, took a portable television set valued at $70 and then attempted to set fire to the place.

★ ★ ★

Officers found the gas stove in the kitchen turned on, with newspapers still smoldering on it. The fire, which did no other damage, was reported by another apartment dweller, who notified police.

★ ★ ★

Merchandise valued at nearly $400 was reported missing early Saturday morning from the English Wilson home, 539 Going.

AMONG THE LOOT

Wilson told police he found a 21-inch television set, a portable stereo record player and a suitcase containing clothes and valuable papers missing when he returned from work.

Police said entry was gained by breaking a window and screen in the rear of the house.

5 Are Arrested in Party Ruckus

Five presons are being held this morning in the Oakland County jail following what was described by sheriff's deputies as a "beer blast" in Avon Township last night.

Two county sheriff's deputies suffered minor injuries in breaking up a party attended by more than 100 young people at 2749 Patrick Henry, according to the deputies.

★ ★ ★

Seven deputies and police officers from Pontiac, Rochester and the Pontiac State Police post were rushed to the scene at about 10:30 p.m. in response to a call for help from the two deputies.

Deputies Donald Gilbert and Gerald Reeves said they were punched and kicked by some of the youths at the party. The two deputies didn't require hospital treatment.

At least three persons reportedly were arrested and then escaped, one with the keys to a patrol car, deputies said. The car had to be towed away.

★ ★ ★

In custody are: John F. Drake, 25, of 689 Perry; Gregory G. Ryden, 19, of 331 Pioneer; Charles W. Dean, 17, of 136 W. Mansfield; Clark A. Hobby, 23, of 2819 Patrick Henry, Avon Township; and Janet A. Heymann, 18, of 80 Ottawa.

Legislator Stumps State to Counter Grape Boycott

LANSING (AP)—Sen. N. Lorraine Beebe, R-Dearborn, was carrying the message "Buy grapes" throughout the state today.

Mrs. Beebe said she planned to call for "peaceful counterattack" to the grape boycott during news conferences in Detroit, Saginaw, Bay City, Midland, Traverse City, Grand Rapids and Benton Harbor.

★ ★ ★

Mrs. Beebe, chairman of a national consumers' rights committee, asked housewives "to band together to fight the horrible and illegal boycott of California table grapes."

"It is we, the housewives, who are being hampered in activities by this illegal boycott," she said. "It is my hope that every housewife in Michigan will join this cause."

Local Ratifies Edison Pact

DETROIT (AP)—Members of Local 223 of the Utility Workers of America have approved a three-year contract with Detroit Edison Co. by a 1,330-1,120 vote.

The new contract provides a 21-cent-per-hour increase for each of the first two years and a 20-cent increase the third year, with a cost-of-living clause. The ratification vote was held Sunday.

★ ★ ★

Edison and union officials had extended the contract on a day-to-day basis when the contract, covering 3,700 workers, expired recently.

Interfaith Unit Being Built in Maryland

COLUMBIA, Md. (AP) — Representatives of Protestant, Catholic and Jewish faiths manned shovels to break ground Sunday for a new interfaith religious facility in Columbia.

★ ★ ★

The building will serve Catholic, Missouri Synod Lutheran, American Baptist, Unitarian Universalist, Jewish and United Methodist-Presbyterian congregations.

★ ★ ★

The cost of the facility, including land and architect fees and furnishings, will top $1 million, said the Rev. Clarence Sinclair, executive minister for the Columbia Cooperative Ministry.

Each religious organization using the structure will lease it, paying a fee in ratio to the extent of use.

★ ★ ★

There will be four worship areas of varying sizes. The largest will seat 600, another 350 and two will have a capacity of 70. The center will also include office space, with secretarial and service areas, to be shared by all.

State Dial-a-Job Service Operating in Detroit Area

LANSING (AP) — The State Civil Service Commission reports installation of a new telephone service it calls "job hotline" for metropolitan Detroit area residents interested in working for the state.

Job seekers are asked to call area code 313—964-4359. They will hear a 90-second recording detailing job openings in the Detroit area.

★ ★ ★

The callers also will be able to leave their name and address and indicate what job might interest them. Job - application forms are promised by return mail.

Franklin DeWald, State Civil Service director, said about one-fourth of the some 45,000 classified state jobs are located in the Detroit metropolitan area.

A similar telephone service was adopted in Lansing last year as a result of an employe suggestion.

★ ★ ★

DeWald said the Lansing number receives about 100 calls a week, including some long distance calls.

★ ★ ★

Jobs listed at the Detroit number the first week will include clerical and stenographic positions and such jobs as institution worker, attendant nurse, prison guard, housemother and boys' supervisor.

Family Strife Sparks Climb

State of Manhattan Nudity Is Revealed by Columnist

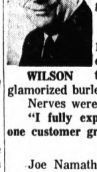
NEW YORK—Planning to visit New York? Come on in, the nudity's fine.

Several years ago, I got completely uncovered to cover a nudists' convention near Atlantic City.



WILSON

Little did I know I was preparing myself to report on the Broadway and off-Broadway stage, now one big nudist camp, now the "Naked City." Back in those days when they told me I had to go naked, I said, "Thank God, one trip I'm going on I won't have to pack a bag."

After that, I graduated to topless waitresses.

So I didn't panic the other night seeing some 10 naked male and female bodies performing erotic exercises in "Oh! Calcutta!" down at the Eden Theater where Ann Corio not long ago glamorized burlesque.

Nerves were a little raw, as were skins, and jokes.

"I fully expected the girl ticket takers would be nude!" one customer growled even before the show started.

★ ★ ★

Joe Namath was disappointing to his fans. He was fully dressed, surrounded by about 30 fawning females, who had hoped to find him wearing something see-through. Peter Lind Hayes, Lloyd Bridges and Abel Green were there without their wives, who didn't care to see nudity.

Refugee Named Outstanding Teen in Pennsylvania

PHILADELPHIA (AP) — Three years ago Gabor Garai was an unknown Hungarian schoolboy applying for political asylum in America. Today he is the 1969 Outstanding Teen-ager of Pennsylvania.

★ ★ ★

The 17-year-old refugee is among the nation's 50 finalists for the coveted title of Outstanding Teen-Ager of America for 1969. President Nixon will make the $1,000 scholarship award later this summer.

★ ★ ★

Garai couldn't speak a word of English when he stayed behind on a three-month visitor's visa in 1966.

★ ★ ★

This fall he goes on a scholarship to Harvard. He has already won and turned down other scholarships to Yale, Princeton and the University of Pennsylvania. At George Washington High School here he scored 1410 in his college board exams, was class president and head of the student association.

Soviet Entry in Supersonic Sweepstakes

Four nations — Britain, France, the Soviet Union and the United States — are after the air travel market with differing versions of the plane of the future — the supersonic airliner. The Anglo-French plane, the Concorde, flew for the first time late last year. Now the Soviets have unveiled their entry, the TU-144. The American plane, dubbed the SST, is still on the drawing boards. Left, with needle-nosed cockpit in "droop" position for better flying visibility, the Soviet plane circles Moscow's Sheremetyevo Airport. Below, babushka-topped stewardesses frame the sleek speedster and show off the somewhat cramped but still comfortable cabin designed to carry 120 passengers at speeds up to twice that of sound. The TU-144's range is 4,000 miles.

Trans-Pacific Misadventure Nearing End

ADAK, Alaska (AP) — Two former Navy men arrived on this lonely Aleutian Island Sunday—two broken masts, three Japanese whaling ships and 32 days after they set sail from Japan to try a trans-Pacific crossing in a small sail boat.

Peter Whittlesy, 24, of West Hartford, Conn., and James C. Thom, 26, of San Francisco arrived at the Adak Naval Station aboard the Japanese Fisheries and Agricultural Agency ship Toko Maru.

They were in good physical condition after their planned 60-day crossing was cut short, a Navy spokesman said.

The two men were picked up by a Japanese whaling ship June 14 when a makeshift mast—installed to replace one that broke 10 days before—snapped on their 32-foot sloop, the Windsong II.

Whittlesy and Thom were released from the Navy in Japan last year and since that time built the sloop and planned for their ocean voyage, they told Navy officials here.

But the gaff-rigged sloop ran into trouble about 1,000 miles and 25 days out of Numuro, Japan, when the second mast broke.

Picked up by a whaling vessel, the men were transferred to two other whalers before boarding the Toko Maru, which brought them here.

The pair was awaiting air transportation to San Francisco Monday.

People in the News

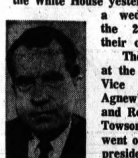
By The Associated Press

Sigma Delta Chi, the professional journalism society, dedicated a plaque at Mark Twain's one-time home in Hannibal, Mo., yesterday, commemorating his career as a newspapgrman.

Twain got his start as a writer on the Hannibal Journal.

Nixons Return by Copter From Retreat

A helicopter brought President and Mrs. Nixon back to the White House yesterday after a weekend spent attending a wedding and observing the 29th anniversary of their own.



NIXON

MRS. NIXON

The Nixons were guests at the Saturday wedding of Vice President Spiro T. Agnew's daughter Pamela and Robert E. DeHaven, in Towson, Md. Then they went on to Camp David, the presidential retreat in the Catoctin Mountains of Maryland, for an overnight stay.

With them were their daughters, Tricia and Julie; David Eisenhower, Julie's husband; and the president's friend, C. G. (Bebe) Rebozo.

W. German Reconciliation With Red Nations Urged

Foreign Minister Willy Brandt says West German should seek "reconciliation and agreement" with Poland and other Communist nations of Europe's eastern block.

In a speech yesterday in Ingelstadt to a state convention of the Society Democratic party, Brandt said:

"This reconciliation with Poland some day will rank with the reconciliation between France and West Germany."

Former Mencken Home Dedicated as Dorm

The former Baltimore home of the late writer H. L. Mencken has been dedicated as a dormitory and student annex to the University of Maryland.

The residence will house students enrolled in the school of social work.

Jackie, Ari Sail From Mediterranean Resort

Artistotle an Jacqueline Onassis left the Mediterranean resort of Nice, France, in their yacht Christina, bound for Greece.

Sophia Loren, Carlo Ponti Guests of Tito

Actress Sophia Loren and her husband Carlo Ponti, were guests of Yugoslavian President Tito and his wife yesterday on the island of Brioni.

Britain's Youngest Lawmaker to Return to School

Bernadette Devlin, at 22, Britain's youngest lawmaker, says she will quit politics within the next two years to go back to school.

Miss Devlin was elected to the British Parliament in Ulster after campaigning on a platform of civil rights for April to represent the Northern Ireland constituency of Mid-Roman Catholics.

"I have done my job—I have no wish to become a professional politician," she said yesterday. "I just want to go back to studying psychiatry at Queen's University, Belfast."

A Look at TV

He Shuns Superstardom

By JERRY BUCK
AP Television-Radio Writer

HOLLYWOOD; Calif. (AP) — By now, the myth should be dispelled that every character actor is simply waiting around until he can get the lead in his own television series.

Paul Brinegar scoffs at the notion of becoming a superstar.

★ ★ ★

"More and more we're finding out, particularly on television, that it's hard to top yourself week after week," said Brinegar, who is the bearded and irascible Jelly Hoskins on "Lancer" on CBS.

"I love the top character supporting role," he said. "You get as much money, the same glory and the rest you need. I only have to work about three days a week."

HE ADDS FLAVOR

Brinegar is at the top of the coterie of character actors whose job is to add flavor to television and the movies. Before joining "Lancer" at midseason, Brinegar had popped up consistently in such shows as "Bonanza," "Iron Horse," "Perry Mason," and "Daniel Boone."

Perhaps he is best known for his eight years as Wishbone on "Rawhide."

★ ★ ★

After "Rawhide" left the air, Brinegar briefly left character parts. The experience was one that reconfirmed his dedication to supporting roles.

"I shaved my beard," he said. "I thought I was going to make a million dollars as a handsome leading man. Not only that, I put on a toupee.

COULDN'T GET JOB

"I thought I was well enough known that I was just selling a new image. Well, let me tell you, I couldn't get a job. Without this beard, I couldn't have gotten this job."

Does he lose himself in the personality of the character he is playing?

"Hell, I don't lose myself in a character. I make the character fit me," he laughed.

Arabs Ban CBS for 'Aid' to Israelis

DAMASCUS, Syria (AP) — The Arab League announced today a ban on the Columbia Broadcasting System (CBS) for "rendering consultative services and technical assistance" to Israelis' television network.

Mohammed Mahjoub, commissioner-general of the Arab League's boycott of Israel office, said all CBS correspondents and cameramen would be barred from the Arab world. Those already here would be asked to leave.

★ ★ ★

The ban would apply to all CBS affiliate companies and branches throughout the world, said Mahjoub. CBS records will be banned from sale in Arab countries.

He said CBS was warned by the boycott office that its activities in Israel violated Arab boycott regulations.

IGNORED WARNING

"CBS was asked to avoid these violations to avoid an all-Arab boycott but it failed to heed the warning," Mahjoub told newsmen.

CBS is the first television company to go on the Arab blacklist.

★ ★ ★

Mahjoub said the decision has been communicated to all Arab governments to put it into effect. Resolutions by the boycott office are binding on Arab governments.

Red Musicians Move to U. S.

Resident Orchestra at Summer Festival

PHILADELPHIA (AP) — The Zagreb Philharmonic of Yugoslavia opens a concert series here Friday night as the first Iron Curtain orchestra to take up summer residence in the United States.

The 100-piece orchestra will play 17 concerts through August at the Temple University music festival, and some of its leading musicians will teach at the Music Institute.

★ ★ ★

Individual artists from Communist countries have performed often in the United States, but this is the first time an entire orchestra will teach and play at a college music festival.

★ ★ ★

"It is with great emotion that we visit the city of Philadelphia, an international symbol of man's love of freedom, so important to Yugoslavia as well," said an orchestra official.

OPENING SOLOIST

The Zagreb gala opening, under the baton of Milan Horvat, features Metropolitan Opera tenor Richard Tucker.

Temple's festival director, David Kanter, said "It will get the second season off to a thrilling start, and raises it to international stature.

★ ★ ★

"It will be of special interest to American audiences to hear concerts performed by a famous orchestra from a different cultural atmosphere. And, hopefully, the Yugoslav musicians will benefit also by their exposure to the American scene."

The idea of a foreign import was born partly out of economics. A big chunk of the Zagreb tab is being picked up by Yugoslavia as a token of good will.

FESTIVAL SITE

The six-week festival, along with classes of the Music Institute, will be held at Temple's country club campus in suburban Ambler, not far from historic Valley Forge.

★ ★ ★

Leading musicions of the Zagreb Philharmonic and the Philadelphia Orchestra will be on the faculty. And among the students will oe four Yugoslavs on scholarships.

★ ★ ★

Horvat, no stranger himself to the American concert stage, will conduct eight concerts. Others will be led by American composer Aaron Copland; James DePriest, nephew of singer Marion Anderson; England's Sir Michael Tippett; and Mexico's Carlos Chavez.

The Yugoslavs also will play at four Pennsylvania Ballet performances, which will feature one of its new stars, Sarajevo born Alexei Yudenich.

Ucluelet, a village on the west coast of Vancouver Island in Canada had 265.3 inches of rain last year, one of the highest totals in the world.

Waterford Girl Named Miss Oakland County

Crowning of Miss Oakland Tops County's Biggest Fair

A 19-year-old Waterford Township girl yesterday was named Miss Oakland County to climax the biggest county fair in history.

Pretty Sheri Seiber, daughter of Mr. and Mrs. Bernard C. Seiber of 130 Riviera, will represent Oakland County at the Miss Michigan pageant in Muskegon this August.

★ ★ ★

Blonde, blue-eyed Miss Seiber was chosen from a field of 11 contestants. She is 5 feet 3 and measures 34-23-34. She will return to Michigan State University this fall to begin her sophomore year there.

This year's contest was not Miss Seiber's first beauty victory — she was chosen Junior Miss for Waterford Township in 1968. She is a 1968 graduate of Waterford Township High School.

Miss Seiber was a member of the National Honor Society at the high school and was a foreign exchange student in Holland during her junior year there.

County Fair Cochairman Dean Salley said he was pleased with the turnout at the fair — an estimated 100,000 — despite poor weather during most of the four-day affair.

★ ★ ★

Salley said the most popular attraction at the fair was the aerial act of Miss Ma-Ho-pin, who performed on a high wire and tower some 40 yards from the ground.

Salley also said the Hawaiian dancers and Mr. Magic were popular shows.

He said kids turned out in droves to compete in Saturday's "Kiddies' Day" at the fair. The kids blew bubbles, broke balloons and scrambled for pennies to capture $5 prizes.

Slugabed Needs Some Training

EAST HORNDON, England (UPI) — Police today said armed bandits forced eight restaurant employes into the wine cellar and then sat down to await the arrival of assistant manager Alan Gadson with 2,400 in a cashbox.

★ ★ ★

They waited and waited, more than 30 minutes after the restaurant's opening time, and finally went away, empty-handed and cursing.

Gadson showed up half an hour later, saying he overslept, his automobile broke down, and he finally had to take a bus to work.

Bumbershoots Go Up; Rain to Shoot Works

Get out your umbrellas again. The weatherman predicts more rain for this week, with precipitation probabilities for today at 40 per cent, and tonight and tomorrow at 30 per cent. The forecast for Wednesday also includes a prediction for a chance of showers.

It is also expected to get a little warmer, with highs for today from 70 to 78, and lows at 58 to 62.

★ ★ ★

The outlook for tomorrow is partly cloudy and mild, with showers. High predicted for tomorrow is in the mid-70s.

The low in Pontiac prior to 8 a.m. was 50 degrees. By 1 p.m. the mercury had climbed to 65 degrees.

Air Controllers Warn FAA: Halt Quizzes on Slowdown

WASHINGTON (AP) — The Professional Air Traffic Controllers Organization has warned it will not tolerate further government investigation of last week's slowdown, raising the possibility of a new — and possibly worse — air transportation crisis.

But the director of the Federal Aviation Administration's Air Traffic Service, William J. Flener, said the probe would continue.

★ ★ ★

The renewed dispute had no immediate effect on air traffic, however, and major airports throughout the eastern United States reported normal operations.

Between 250-300 controllers called in sick last Wednesday and Thursday, while those who reported enforced FAA safety rules to the letter, forcing airlines to cancel hundreds of flights and delay others for hours.

COMPLAINT OF OVERWORK

The controllers complained of being understaffed and overworked.

When the slowdown ended Friday morning, FAA investigators began quizzing every controller who reported sick, asking each to furnish a physician's statement. Flener said the interviewing was stopped yesterday but was to be resumed today.

James R. Ean, said in New York he feared an "emotional and spontaneous" reaction by controllers in key cities, even though organization officials were urging members to "cool it."

In Boston F. Lee Bailey, counsel for the controllers, echoed the prediction. "If it happens again Monday these men will walk out," he said. "They all have lawyers and if the investigators want to talk with them, we are available."

Bailey said he protested to the Department of Transportation over the weekend it was "harassment" when investigators called controllers from their radar sets to be questioned.

Flener said the goal of the investigation is "to find out the nature of the so-called spontaneous illness." The next step, he said, will be up to Secretary of Transportation John A. Volpe and FAA Administrator John H. Shaffer.

Shaffer, he said, ordered the investigation.

The controllers are forbidden by law to strike, and the FAA threatened disciplinary action if they conducted what amounted to one.

Yesterday the controllers sent a telegram of protest to Volpe, Shaffer, the airlines, the Airline Pilots Association, the Flight Safety Foundation and the National Transportation Safety Board.

Warren Leaves High Court

WASHINGTON (AP) — The Supreme Court's schedule called for business as usual today, except for a brief ceremony marking the end of a judicial era — the retirement of Earl Warren as chief justice.

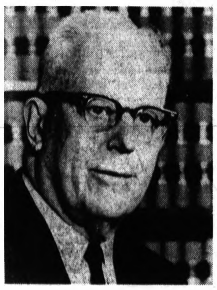
With the court's current term over, Warren ends a half-century of public life as well as 16 years as one of the most controversial jurists in the nation's history by giving up his post to Warren E. Burger.

★ ★ ★

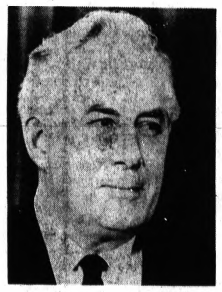
The simple, sedate ceremony, with President Nixon a unique participant, called for the white-haired, distinguished-looking Burger to step forward and take an oath of about 100 words to defend the Constitution and to administer justice faithfully and impartially.

Nixon's role in the transition ceremony, a brief speech, helps underline the contrast between the old and new chief justices.

Warren, an old political enemy of Nixon's, spent his 16 years as chief justice leading the court through its most activist and liberal periods. The 61-year-old Burger, on the other hand, spent the last 13 years as a little-known federal appeals judge building a legalreputation as a strict constitutional constructionist who advocated a hard approach to criminal law.



EARL WARREN



WARREN BURGER

Warren, at 78, was eager to step down from the bench. Actually he announced his intention to retire nearly a year ago, but stayed when the Senate refused to confirm his originally-appointed successor, Abe Fortas.

Ousted Hospital Head May Sue

The fired head of Pontiac General Hospital said today he may sue to protect his reputation.

Harold B. Euler, administrator of the hospital for 11 years until fired by its board of trustees Thursday, said he will probably discuss a suit when he meets with his attorney this morning.

★ ★ ★

"The trustees have put my reputation in jeopardy," Euler commented. "They have implicated me in some wrongdoing. I have done nothing wrong, and I want to prove it."

Euler was unanimously fired by the 11-member board for what they described as "the best interests of the hospital."

MYSTERY REMAINS

Board Chairman Aleck Capsalis and other trustees have refused to disclose specific reasons for the surprise discharge of Euler from his $36,750-a-year job.

Capsalis refused again this morning to offer further comment on the dismissal and vice chairman Harold S. Goldberg would give no further information about Euler's firing.

★ ★ ★

Euler said he is meeting with Pontiac Atty. Clarence Patterson primarily to

Dirksen's Rein Rankling New GOP Blood in Senate

WASHINGTON (AP) — Resentment by the younger crop of Republican senators of the leadership policies and tactics of Everrett M. Dirksen is breaking into the open, and there are signs the public criticism may increase.

DIRKSEN

Last week freshman Sen. Charles E. Goodell of New York made a floor attack on the veteran GOP leader for his attempts to block nomination of Dr. John H. Knowles as the nation's top health officer.

★ ★ ★

And Massachusetts Sen. Edward W. Brooke, also serving his first term, has been eager with a showdown with Dirksen over the Knowles affair.

These moves are symptomatic of growing feeling among the newer GOP senators that Dirksen is out of step with the times.

While the critical Republicans are unlikely to dislodge Dirksen now from the party leadership he has held for a decade, they could pose a threat should the 1970 election bring another influx of younger, more liberal GOP senators as happened in 1966 and 1968.

Two-thirds of the GOP senators elected in those two years, plus two appointees, favor greater GOP initiatives in the domestic area, an end to the Vietnam war and a lessening of emphasis on military matters.

★ ★ ★

In this they join such GOP veterans as Sens. Jacob K. Javits of New York and John Sherman Cooper of Kentucky who have always stood to the left of the party's leadership.

"They're closer to the mood of the country," one Democratic leadership source said privately of the GOP newcomers.

One of the new Republicans agreed.

Referring to efforts by himself and Sens. Richard Schweiker of Pennsylvania, Charles M. Mathias Jr., of Maryland and Marlow Cook of Kentucky, Sen. William Saxbe of Ohio said "We feel certain things that people who haven't run in some time, or who run in more rural states haven't found."

Saxbe said "I'm real disturbed" by Dirksen's belated efforts to block or change a resolution now before the Senate to reassert the Senate's role in any commitment made by the executive branch to foreign countries.

"During the campaign," he said, "there was so much talk about Congress shirking its duties and giving a blank check to the President. It puts Republicans who were here and said this last year into a tight position."

Social Services Benefit 27,000 People Monthly In Oakland County

Welfare Is Big Business: $22.7 Million This Year

(EDITOR'S NOTE — This is the first of a three-part series on welfare and social services in Oakland County.)

By JEAN SAILE

Changing concepts in welfare — aimed at giving greater dignity to the poor and helping them to become self-supporting — are being initiated in Oakland County to a background ruffle of money — a lot of money.

Ora Hinckley, director of the county social services department, estimates that some $22,753,900 will funnel through her office in the year ending June 30. The figure is up nearly $4 million from last year.

Welfare is big business.

This year's social services budget, funded by federal, state and county government, is just $3 million less than the 1969 total county budget.

COUNTY FUNDS 15 PCT.

The money — about 15 per cent of it county funds — made life more bearable for an average 23,790 individuals per month, Miss Hinckley said.

Most of them were long-term welfare recipients — getting help through old age assistance, aid to the blind, aid to the disabled, and aid to dependent children.

★ ★ ★

Others benefited according to need through Medicaid, children's services (adoptive and foster care), the food stamp program and adult hospitalization.

★ ★ ★

Direct relief, where most of the county's money goes, helped nearly 5,000 people a month, 90 per cent of whom were shown to need help for less than a year. The county's tentative 1970 budget carries a $1.7-million appropriation for direct relief.

EMERGENCY HELP

It will be spent to help people temporarily out of work, newcomers to the area not yet employed, and people awaiting acceptance in other social service programs, and for emergency help to those already receiving some form of relief but who cannot manage to

Laird, CIA Chief to Air Red Missile Power

WASHINGTON (AP) — Secretary of Defense Melvin R. Laird and CIA Director Richard Helms were called to testify today before a closed session of the Senate Foreign Relations Committee on the Soviet offensive missile capability.

Laird in the past has contended the Russians are aiming at a nuclear first-strike capability, a position some Democratic senators are skeptical about.

★ ★ ★

"We've heard so many things around here that weren't so, that I think the attitude of a lot of us is that 'It ain't necessarily so'," committee chairman Sen. J. W. Fulbright said.

Fulbright, D-Ark., had said earlier he didn't think intelligence findings supported Laird's contentions about Moscow's missile program.

SIMILAR CHALLENGE

It was a similar challenge which caused Laird to demand that Helms be called to sit beside him to substantiate his position that there are no administration differences over intelligence evaluations.

Fulbright said he favored separate appearances. He praised Helms, saying he has a feeling that the latter "is a professional and he has been straightforward."

★ ★ ★

Sen. Karl E. Mundt, R-S.D., a committee member and a supporter of the administration's missile defense system, said he interprets the intelligence controversy and recent efforts to halt development of a multiple-target missile as desperation tactics by ABM critics.

"The strength of ABM support is growing," Mundt said. "Now its foes are abandoning hope of stopping it and are changing their target.

MIRV TESTING

"They want to stop our testing of a multiple-target (MIRV) missile while the Russians are going right ahead with their tests."

Sen. Clifford P. Case, R-N.J., a committee member opposing ABM, said a proposal he sponsors would call for a moratorium on MIRV tests only so long as the Russians refrain from testing.

'U.S. IS AHEAD'

He told an Atlantic City audience Sunday night the United States is ahead in this field and no one could maintain that a moratorium would put the Soviets ahead.

He said if the MIRV becomes operational it will wipe out all chance of getting any nuclear arms limitation because neither side can gauge the other's strength without on-site inspections, to which neither would agree.

★ ★ ★

"At this critical juncture in the formation of national policy," he said, "it is not only proper but essential that the legislative branch seek to prevent the Executive from leading our nation across the threshold of no return."

Indians Battling for $35 Million

WASHINGTON (AP) — The final battle in what is the longest and often bitterest Indian dispute in the nation's history is being fought in an obscure government agency with nearly $35 million at stake.

Seminole Indians have asked the Indian Claims Commission, which opens hearings today, to approve a $40 million claim for 32 million acres of Florida the tribe owned in the 18th and early 19th centuries.

★ ★ ★

The government has offered the Indians $5.8 million.

The Seminoles owned most of Florida when Spain gave up the territory to the United States in 1819. They claim the American white man robbed the tribe of the land at gun point and through false treaties, a point not contended by the government.

SOME LAND VALUABLE

Attorneys for the Seminoles figure the land was worth an average of at least $1.25 an acre when the government took it in the 1820s. Government lawyers estimate its value at about 18 cents per acre.

Some of the Florida land was quite valuable—containing forests of live oak trees, in demand then by shipbuilders and particularly for naval vessels. Much of the land was the Indians' hunting grounds. Crops were raised on portions of the land.

The long Seminole dispute started in 1816 when Gen. Andrew Jackson invaded Florida to punish the tribe for hiding fugitive American slaves and didn't end officially until a peace treaty was signed in 1934. The first Seminole war, waged by Jackson, ended in 1818, a year before the United States had legal rights in the territory.

Through armed force and a series of forcibly imposed treaties the Seminoles gradually lost their Florida land until 1832 when some tribe leaders agreed to give up all claims and move their people to what is now Oklahoma.

However, many Seminoles refused to leave and in 1835 the second Seminole war broke out. Before it was over, the Seminoles under Chief Osceola, had killed more than 1,500 federal troops and cost the government $20 million.

Power Struggle Divides SDS

CHICAGO (AP) — Students for a Democratic Society, the radical group prominent in recent campus uprisings, ended its national convention today sharply split, with its so-called regular faction electing Mark Rudd, leader of the 1968 Columbia University disorders, national secretary.

The other faction of SDS, headed by the Progressive Labor party, elected an entirely different slate of officers.

★ ★ ★

Both groups ended their conventions at different locations, both called separate news conferences for today to announce names of officers, and both claimed to be "the real SDS."

Elected officers by the PL were John Pennington, national secretary; Alan Spector, educational secretary; and Mrs. Pat Forman, interorganizational secretary.

'REGULAR' OFFICERS

Besides Rudd, the SDS regulars elected Jeffrey Jones of San Francisco interorganizational secretary and William Ayres of the University of Michigan educational secretary.

Early yesterday, the PLs had been expelled from SDS by the more militant controlling coalition aligned with the Black Panther party.

Saturday, fist-clenching aPnthers had warned that SDS would be judged by action it took against delegates from PL.

PL spokesmen said they advocate world revolution by all workers rather than movements such as the Panther party, which they attacked as "black nationalist."

HOMELESS BUT UNHURT — A family walks away from its demolished home after surveying damage caused by a tornado that hit the southwest part of Salina, Kan., late Saturday. More than 60 persons were injured; property damage topped $10 million.

Confession of 2 Slayings a Hoax

NASHVILLE, Tenn. (UPI) — "When he tells the truth, he will be dead. He has never told the truth in his life."

This was the description given by Ernest Paul Sims' mother after she learned her son had confessed to the murder of two girls near Ann Arbor, Mich., and also the slaying of an Oklahoma City taxicab driver.

After hours of intensive questioning by Nashville police, Sims admitted late yesterday his mother was right—the confessions were a hoax.

While local authorities agreed Sims apparently was not involved in the slayings, they still planned to give him a lie detector test today.

The Nashville convict, who worked as a groundskeeper on the Eastern Michigan University campus May 5-7, admitted the slayings of Maralynn Skelton, 16, whose body was found March 25 and Dawn Basom, 13, of Ypsilanti, Mich., whose body was discovered April 16.

Winds, Rains, Hail Kill 10 in Midwest

By United Press International

Tornadoes and severe thunderstorms lashed the Midwest late yesterday and early today, uprooting trees, knocking down power lines and damaging buildings. At least 10 persons died as a result of the hail, heavy rains and strong winds.

Six persons were killed and at least 30 injured last night by tornadoes in the Missouri lead belt, about 65 miles south of St. Louis. One man was killed when his car was swept off the road.

★ ★ ★

One twister touched down four miles west of Potosi, Mo., traveled northeast and hit a mile south of Old Mines in Washington County, cutting a path a half-mile wide on the ground. A second tornado hit just west of U.S. 67 at about the same time.

Trees and power lines were downed in southern Illinois east of St. Louis and in southeastern Indiana. A Benton, Ill., man was killed when he picked up a power line which fell in his backyard.

A cloudburst virtually inundated parts of Iroquois County in east-central Illinois, about 75 miles south of Chicago. Up to three inches of rain was reported in 15 minutes and all highways in the area were nearly impassable.

Three persons were killed in an auto accident north of Robinson, Ill., in Crawford County, where water covered Illinois 1. Police said one car skidded into the path of the other when it hit the water.

Portions of east-central Oklahoma and northwest Arkansas were under a severe thunderstorm watch early today and portions of southeast Missouri, southwest Ohio and Kentucky, and southern Illinois and Indiana were under a tornado watch.

UNSEASONABLE COOL

Temperatures in the South remained quite warm while unseasonably cool weather prevailed in the North.

Suicide Is Ruled Out

Judy Garland Found Dead

LONDON (AP) — "Audiences have kept me alive," Judy Garland once said. But a London surgeon says the star was "living on borrowed time," and time ran out yesterday for the 47-year-old singing star.

Miss Garland, who made more than 35 films but was best known for her role as a little girl named Dorothy in "The Wizard of Oz," was found dead by her fifth husband, Mickey Deans, in the bathroom of her London home.

★ ★ ★

British newspapers labeled the death "sudden and mysterious" but Scotland Yard ruled out suicide, and police said there was no suspicion of foul play. An autopsy was scheduled today.

Dr. Phillip Lebon, a prominent London surgeon who had treated Miss Garland for several years, said she had cirrhosis of the liver and that death could have come any time. "How she lived this long I don't know," he said.

TRAGEDY-STUDDED LIFE

Miss Garland had been married to Deans, a 35-year-old former New York discotheque manager, for 100 days.

The singer, who brought tears and joy to millions of fans by singing of a dream world "Over the Rainbow," often suffered the depths of personal despair.

★ ★ ★

The Judy Garland story was one of pills, divorces, on-stage collapses, illnesses, audiences that booed her and finished by yelling: "We love you Judy!" She reportedly attempted suicide several times. In the most publicized attempt, she slashed her throat at the age of 28.

In 1940, 1941 and 1945 she was named one of the 10 highest-paid stars in Hollywood, earning $150,000 a film.

Her movies are estimated to have earned $100 million.

HER HUSBANDS

She was divorced four times — in 1944 after a three-year marriage to composer David Rose; in 1951, after a six-year marriage to director-Vincent Minnelli; in 1965, after a 13-year marriage to Sid Luft, her manager; and finally from actor Mark Herron, after a marriage of 19 months.

She has three children: Liza Minnelli, an entertainer, and Lorna and Joey Luft. All three were in the United States when they learned of their mother's death.

But he said he would probably discuss a possible suit at that time.

FIGHTING FOR PENSION

"I'm only fighting for my 65th birthday pension," he said.

"I'm very concerned that they dismissed me without notice and with only 11 months to go before I will retire. I will now get decreased benefits. I don't know how much yet."

Euler said he has still heard no word as to why he was fired nor has he heard from any of the trustees.

Among a flood of calls he said he received was one from City Manager Joseph A. Warren.

Warren reportedly asked Euler what the charges against him were and told him the issue might be discussed at the informal city commission meeting tonight.

Senate to Restudy U.S. Policy in Viet

WASHINGTON (AP) — The Senate Foreign Relations Committee will hold new hearings to reevaluate America's policy in Vietnam, Chairman J. W. Fulbright says.

The Arkansas Democrat said yesterday that President Nixon's Midway Island meeting with South Vietnamese President Nguyen Van Thieu, plus Nixon's speech at the U.S. Air Force Academy, "confirmed my fears he was not going to change the Johnson policy."

★ ★ ★

He didn't disclose a starting date for the hearings.

Fulbright said the Thieu government is a "military dictatorship practically" and he urged that the U.S. disengage itself from it to clear the path to free elections in South Vietnam.

★ ★ ★

The Thieu regime was labeled a "minority government" yesterday by W. Averell Harriman, who had been President Lyndon B. Johnson's top negotiator at the Paris peace talks. Harriman charged the South Vietnamese government has made little progress toward expanding its base to include other non-communist elements.

County Welfare: $22-Million Business

take care of school clothing needs, a defunct furnace or other such items.

It also will fund some closing costs for homes purchased by people already on assistance and relocated because of urban renewal. Six such families were placed in their own homes this year. The program represented a new approach in low-income housing for aid recipients. Funds allotted for living quarters will now keep up the payments on the homes.

★ ★ ★

Constantly increasing county responsibility — through state directive and always-changing legislation as well as through the recent U.S. Supreme Court ruling which erased state residency requirements for aid — has local officials wondering what the future will hold.

They are waiting with interest for President Nixon's announcement concerning the future of welfare. Some local officials view his concern as the first direct step to complete federal take-over.

LOCAL CONTROL LOST

It was just two years ago that the County Social Services Department merged with the state. Local control was lost, but so were local administrative expenses, Daniel T. Murphy, chairman of the board of auditors, points out.

Provision of new office quarters, which Miss Hinckley said are needed desperately in the Royal Oak service area, and the number of employes have all left county control.

★ ★ ★

So have the budgetary rates which determine how much money a needy family gets. Current rates were established by the state and the U.S. Department of Agriculture in 1961 and have been the source of much criticism.

★ ★ ★

Local officials are hopeful that a proposed $3 per person per month increase July 1 may alleviate some of the problems and meet some of the emergencies which county-financed relief funds have had to absorb.

County records show that social services have outfitted 1,818 people at the emergency clothing store, 1 Lafayette, since September. The costs rose from an anticipated $37,000 to $129,054, all of which was paid by the county.

The emergency help was provided in recognition that state rates allow an individual only $15 a month for "incidentals," a category which is supposed to include clothing, Miss Hinckley said, and which, she indicated, is low in relation to current costs.

BEATING THE HEAT — A soldier of the U.S. 9th Infantry Division, 2nd Battalion, 60 Infantry, in South Vietnam takes advantage of a stream in the Mekong Delta to cool off while cleaning his weapon.

Green Beret Camp Is Beseiged

SAIGON (UPI) — Communist gunners besieging the U.S. Green Beret camp at Ben Het stood their ground under a million pounds of U.S. bombs and then blasted tear gas, mortar and artillery shells into the compound, military spokesmen said today.

Special Forces advisers inside te Central Highlands camp reported no casualties in their own ranks from yesterday's shelling and only "ligh "t casualties among the Vietnamese mercenaries they lead. Seven civilian dependents of the mercenaries were reported wounded.

★ ★ ★

Other battlefields across Vietnam were so quite yesterday that the regular U.S. briefing officer did not attend the daily session for newsmen.

★ ★ ★

The only action involving U.S. troops apart from Ben Het yesterday saw 25th Infantry Division GIs kill 22 guerrillas in a firefight 24 miles northwest of Saigon. U.S. losses were one killed and five wounded.

South Vietnamese troops riding armored personnel carriers on a sweep of the southern Mekong Delta reported killing 98 Red soldiers 116 miles southwest of the capital. Two government troops were killed and two wounded.

The Communists have shelled the Ben Het Special Forces camp nearly every night for three weeks. The outpost, 285 miles northeast of Saigon, commands a network of infiltration trails from both Laos and Cambodia.

The record payment by Blue Cross insurance was $37,772 for an 88-day stay in a complicated case last year.

'Guerrilla Forces in U.S.'

SAN DIEGO, Calif. (AP) — The commandant of the Marine Corps said today some antiwar activists are like guerrillas hiding behind the right of dissent and opposing U.S. involvement in Vietnam "only because they are in accord with the principles of the enemy."

Gen. Leonard F. Chapman Jr. said:

"Like our enemy in Vietnam, they fight a guerrilla war. They, too, have a freedom of movement, and the advantage of doing battle when and where they choose."

★ ★ ★

Their sanctuary, Chapman said, is the "honesty and integrity" of three other kinds of opponents of the war.

He listed these others as those who oppose all wars on moral or religious grounds, those who are against U.S. involvement in the Vietnam war only, and "the sincere watchdogs of our economy" who oppose big defense spending and wish to divert money to internal problems.

★ ★ ★

In a speech prepared for the San Diego Council of the Navy League, Chapman spoke of what he called "the battlefield here in this country."

MRS. STEPHEN ALLEN GREGG

Kristina Knudsen, Lt. Gregg Honeymooning in Puerto Rico

Kristina Knudsen, daughter of the president of Ford Motor Co., was married to Army Lt. Stephen Allen Gregg in Christ Church Cranbrook Saturday.

The Rev. Alden M. Hathaway performed the 5 p.m. ceremony, which was followed by a garden reception for 400 guests at the Bingham Road home of the bride's parents, Mr. and Mrs. Semon E. Knudsen.

★ ★ ★

Parents of the bridegroom are Mr. and Mrs. John J. Gregg of Cohasset, Mass. The senior Mr. Gregg is with Doubleday & Co.

The bride's gown was an original design by Geoffrey Beene in white organdy trimmed with deep bands of white silk satin ribbon on the sleeves and hem. The Empire dress had a high rolled neckline with full dirndl sleeves and a fitted bodice.

JULIET CAP

She wore a matching white organdy Juliet cap with a small bow and pink flowers at the side. She carried a bouquet of brightly colored garden flowers.

Miss Knudsen's attendants wore high-necked, high-waisted dirndl gowns of spring green super silk gazar. The cap-sleeved gowns were also designed by Beene.

★ ★ ★

They carried white geraniums and wore matching florets in the sides of their gazar Juliet caps.

The bride's sister, Mrs. Henry Howard Flint II, was matron of honor. The other attendants were Mrs. Howard S. Christie Jr., sister of the bride; Mrs. K. Peter Knudsen, sister-in-law of the bride; Mrs. Willard Gray, sister of the bridegroom, and Cynthia Adams, Gale Hammonds, Julie Williams and Nancy Emerman.

ON ESQUIRE SIDE

The bridegroom's brother, John T. Gregg, served as best man. The ushers were David Gregg, another brother; Howard S. Christie Jr.; K. Peter Knudsen, the bride's brother; Willard Gray; Henry Howard Flint II, brother-in-law of the bride; S. Paul Crabtree and James K. Matteson.

Following a honeymoon trip to San Juan, P.R., the couple will live in St. Louis, Mo., where Lt. Gregg will complete service in the Army Medical Corps.

Maiden Name Is Retained in Marriage

By ELIZABETH L. POST
Of The Emily Post Institute

Dear Mrs. Post: I read your article about how a married woman should sign her name legally. I feel that the middle name should be retained when you marry, and only the maiden name dropped. If you are expected to drop your middle name, then all female children should only be given one name instead of the customary two.

I am curious to know what the "L" stands for in your signature — your middle name or maiden name? — Barbara

★ ★ ★

Dear Barbara: People often want to know who a woman was before she married, and the use of the maiden name makes it quite clear. Also, many parents feel strongly that the family name be passed on in this way in their daughter's families, as well as in their son's. In fact, in many Spanish-speaking countries, a married girl continues to be called by her maiden name.

Her husband's name is often not used at all in referring to her, she is called Maria Saenz (maiden name) "de" Jaramillo ("of," or "belonging to," Jaramillo — husband's name).

★ ★ ★

If a woman feels strongly about keeping her middle name, she may do so, but she should keep her maiden name also, which makes her signature lengthy and awkward.

The "L" in my name stands for Lindley — my maiden name. My middle name of Ann was dropped when I married.

Dear Mrs. Post: When I am invited as a guest to go out to eat, I do not know what is expected of me when it comes to ordering. Should the host give a hint? Or do I suggest a medium-priced item on the menu?—Doris

★ ★ ★

Dear Doris: When you are invited as a guest, the assumption is that you are free to order anything on the menu. Presumably, if the restaurant was chosen by the host, it will be within his price range. However, unless the host suggests an expensive item, such as filet mignon — the considerate guest will choose from the moderate or lower-priced offerings.

Old Flame Rekindles Fire Started Some Years Ago

By ABIGAIL VAN BUREN

DEAR ABBY: George (made up name) and I have been married for 27 years. We have six children. Two are married and we have grandchildren, too. Abby, I really love this man with all my heart.

Recently an old girlfriend of George's found his name in a telephone directory and she wrote him a letter, asking him to reply. Well, he CALLED HER UP, long distance, and they talked for 20 minutes.

George told her he was happily married and had six children. She told George she had married an alcoholic, who deserted her four years ago.

★ ★ ★

Well, I though that was that, but in a couple of days here comes a letter from this woman. She told my husband her whole life history since they had last seen each other, which was 30 years ago, and she closed by saying, "Let's keep in touch."

Now, Abby, I can't see any good in his "keeping in touch" with her, can you? George says there is no harm in reviving an old friendship, but I know they were more than friends.

Don't you think George is just looking for trouble? Please put your answer in the paper as he reads you faithfully and respects your advice.

GEORGE'S WIFE

DEAR WIFE: George is not looking for "trouble" — he's looking for excitement. But trouble is probably what he will find. Tell him you love him, you're jealous, and if he "keeps in touch" with this old flame from 30 years back, he'll break your heart.

★ ★ ★

DEAR ABBY: No offense intended! I am one of your greatest fans. However, this letter is prompted by the one you received and answered about singers and musicians at weddings not being part of the wedding party.

Come on, Abby, I have played piano and organ at weddings for several years and have always been included in the wedding party. To leave out the musicians in my book is bad taste, especially if these services are performed at no cost to the couple. I have never charged for my services and I am a professional. I consider it a personal favor for those getting married.

Yours, sincerely, JOHN BROWN

DEAR JOHN: When I answered that letter, I had in mind only musicians and vocalists who were paid to perform a service, not those who did it as a favor to the couple. So I'll take 20 lashes with a vocal chord and a swat on the derriere with an old swell pedal.

★ ★ ★

DEAR ABBY: I have just started to date, and I have a problem which is common to most girls my age. It seems that every time I go out with a boy, if I let him kiss me on the first date I never see him again. But then if I DON'T LET HIM KISS ME, I never see him again, either. So how is a girl supposed to know what to do?

JUST WONDERING

DEAR JUST: She can assume that whether she kisses a boy or not on the first date has nothing to do with whether she ever sees him again. And go to work on other possible causes for being a one-date-dolly.

★ ★ ★

CONFIDENTIAL TO "LITTLE BOW PEEP": Better tell him to buy THREE rings. An engagement ring, a wedding ring, and a TEETHING ring. Lotsa luck.

★ ★ ★

Everybody has a problem. What's yours? For a personal reply write to Abby, in care of The Pontiac Press, Dept. E-600, P. O. Box 9, Pontiac, Mich. 48056. and enclose a stamped, self-addressed envelope.

Miss Jones Tells Farm's History

By JANET ODELL
Women's Editor, The Pontiac Press

Today is the 77th birthday of Sarah Van Hoosen Jones. A native of Oakland County whose forebearers were among its early settlers, Miss Jones is the author of a book, "Chronicle of Van Hoosen Centenary Farm."

Publication of this history of th well-known Avon Township farm coincides with the Rochester centennial celebration. It follows the re-publication of the 1947 best-seller, "Petticoat Surgeon," by Sarah's famous aunt, Dr. Bertha Van Hoosen. Additional pictures have been added to the latter.

★ ★ ★

This holder of a Ph.D. in animal husbandry from the University of Wisconsin has loved her farm home with a passion. In her mind, she could never have been anything but a farmer, although she took pre-medical work at the University of Chicago.

The author who is steeped in family history traces the acquisition of the Stony Creek farm in the hills northeast of Rochester. Lemuel Taylor received a landgrant from President James Monroe in 1824. Srah Jones has this paper and rightfully refuses to let it out of her hands. She took it to the publishers in Ann Arbor and waited while it was photographed for the book.

It is interesting that money to purchase part of the Van Hoosen farm came from Joshua Van Hoosen's success as a miner in the California gold rush. His fiancee, Sarah's namesake grandmother, waited and taught school while he had an adventurous two years out west.

Although both Miss Jones and Dr. Bertha (whom she lovingly refers to as "Gubble" throughout the book) were in occupations not normally practiced by women, they are forerunners of today's more emancipated females.

★ ★ ★

Dr. Bertha met and overcame a great deal of prejudice in the medical profession. It never stopped her long. Hr nice writes that she has never felt being a woman obstructed her career as a farmer.

She served two terms on the State Board of Agriculture. She was active in various farmer and animal breeder groups, president of the Michigan State Holstein - Friesian Association and vice president of the national association.

FELT COMFORTABLE

"As far as my experiences have gone I have felt little or no prejudice against me due to my sex . . . when attending meetings of any sort, business, fairs or sales, I never felt out of place because of my sex. This was a contrast to my aunt's experiences as a physician."

Although this book may have only a local interest and sale, the picture it gives of its author has universal appeal. Perhaps it is because I know Sarah Van Hoosen Jones, but the astringent way of writing could only be hers. She comes through "loud and clear" on every page.

★ ★ ★

She has always been an astute business woman. But she is also a fiercely loyal, sentimental little woman who has loved her family, the land, parrots and books. Well traveled, she has incorporated memories and possessions into her way of life.

Her fierce independence, she would say, comes from her ancestors who were a bunch of individualists. This independence and determination have served her well in the past several months during her recuperation from a severe heart attack. At home now in the "dream house" which incorporates part of the home built by her greatgrandparents, she can draw strength from familiar surroundings.

Because she is the last of the line, Sarah Van Hoosen Jones has given her farm to Michigan State University. As long as she lives, it is to be her home. She writes of her enjoyment in showing it off to international visitors from the Associated Country Women of the World meeting at MSU last September.

★ ★ ★

A good half of the book is devoted to Dr. Bertha Van Hoosen. It wounds put the story of a remarkable woman who was a physician for 58 years. She was by far the greatest influence in the life of Sarah Van Hoosen Jones. They come foorn a family dedicated to education. Whether she recognizes it or not, Sarah has been a teacher for much of her life in her sharing of te farm with thousands and thousands of youngsters and college students. She is committes to the land.

★ ★ ★

"The farm has yielded much, different phases of various experiences from the simple to the more iomplex . . . The virgin land which the eyes of Elisha Taylor scanned has and still will play its part toward the furtherance of good living."

★ ★ ★

"It is my thought that we take the earth for granted much as we do our parents, but without which our existence would be nil."

Restaurant Is Robbed Suspect Held

A Pontiac man is being held in connection with the armed robbery of an estimated $1,000 from a city restaurant last night.

★ ★ ★

David Wilson, 20, of 60 Oak Hill was arrested by police at his home after the robbery of Jax Restaurant, 541 N. Perry, at 11 p.m.

★ ★ ★

Wilson is a former employe of the restaurant.

Employes of the restaurant told police a man, wearing a stocking over his head, entered the back door, armed with a long kitchen knife.

3 MONEY BAGS

He directed the employes into a stock room and ordered one of them to open a safe, from which he took three money bags containing the estimated $1,000.

★ ★ ★

The bandit then left on foot and apparently got into a car parked near the restaurant, police said. A tracking dog called to the scene lost the scent.

★ ★ ★

Police obtained Wilson's name from an employe. They said they recovered about $974 of the loot. According to police, Wilson had threatened to rob the restaurant after he was fired.

Civic Leader in Lapeer Dies

Miss Bernice Dickerson, former Lapeer city commissioner, died yesterday. She was 74.

Service will be 1 p.m. Wednesday at the Baird-Newton Funeral Home, Lapeer, with burial in Mount Hope Cemetery, Lapeer.

★ ★ ★

Active in civic affairs, Miss Dickerson of 938 Monroe, Lapeer, was with the Lapeer Post Office for 35 years.

She was a member of the Lapeer County Historical Society and chairman of the Lapeer County Republican party from 1956 to 1960.

★ ★ ★

She was a member of the Lapeer Business and Professional Women's Club; and a life member of the Order of the Eastern Star No. 146 and a member of the Suncrest Auxiliary and the Lapeer County General Hospital Auxiliary.

Book Reviews

A SPECTER IS HAUNTING TEXAS, by Fritz Leiber. (Walker, $4.95.)

A lot of people have theorized on the aftermath of World War III, but it took science fiction writer Fritz Leiber to come up with Greater Texas, extending from the "Nicaraguan Canal" (successor to the Panama Canal) to the North Pole.

What it's like to live in Greater Texas is described in this book as seen through the eyes of Christopher Crockette La Cruz.

★ ★ ★

He lives in an artificial world of no gravity which orbits the moon, in a society set up by scientists of many nations who wanted no part of Earth's Third World War.

For 100 years there has been no contact between Greater Texas and the moon-orbiters. Contact is just resuming when our hero arrives in Dallas, some 2,000 miles south of his destination.

★ ★ ★

Eventually he gets there, after taking the reader on a tour of the Greater Texas hinterlands and providing satirical social commentary along the way.

But Fritz Leiber is not going to be popular in Texas for a long time to come.

Two Bid Openings Set in Waterford

Waterford Township trustees tonight will open bids on a new fire truck chassis and insurance coverage of all township employes.

The bids will be received at the board's meeting at 7:30 in the Waterford Township High School, 1415 Crescent Lake.

★ ★ ★

The board also will discuss proposed plans to enlarge Wilmot Drain. Officials are expected to work with Oakland County authorities in planning a reconstruction of the drain so it can serve a wider area.

The drain now services the area near the Oakland-Pontiac Airport on Highland Road.

Area Political, Legal Figure Is Dead at 78

Harry H. Mead, long-time area legal and political figure, died at 7:30 p.m. Saturday in St. Joseph Mercy Hospital. He was 78.

Mead collapsed Memorial Day after services for the World War I dead of the American "Polar Bear Expedition" to Russia.

★ ★ ★

He was a lieutenant in the 339th Infantry in the expedition, and was wounded and cited for gallantry.

Service will be 1 p.m. Wednesday at the Richardson-Bird Funeral Home in Milford, with burial in the White Chapel Memorial Cemetery, Troy.

SURIVIVORS

Surviving are his wife, Bernadine; two sons, Hudson of Detroit and Taylor of New York, N.Y., and three grandchildren.

For the past 26 years, Mead lived at 2680 E. Commerce, Milford. He was Milford Village attorney for 15 years and also served as township attorney for several years.

He came into political prominence in the early 1930s, when he managed Frank Murphy's first successful campaign for mayor of Detroit. Mead ran himself for the post in 1933.

He later directed Murphy's successful campaign for governor of Michigan.

4 Justices Make Over Pads

WASHINGTON (AP) — Four Supreme Court justices intend to comply with restrictions placed on the off-the-bench activities of other federal judges, Chief Justice Earl Warren said in a statement today.

The four are Justices William J. Brennan Jr., Potter Stewart, Byron R. White and Thurgood Marshall.

Warren said they "individually indicated their agreement in principle with the standards of conduct adopted by the Judicial Conference and their intention to act accordingly."

The chief justice's statement, issued his last day as head of the Supreme Court, said the four justice had asked him to amplify an earlier statement he had issued at the court June 17.

NO OUTSIDE FEES

The U.S. Judicial Conference June 10 forbade all federal judges—except members of the Supreme Court—to accept outside fees. The conference also said all federal judges—again excluding the Supreme Court justices—would be required to file annual reports of their investments and assets.

★ ★ ★

On June 13, at a conference of the high court justices, Warren sought to have them bind themselves to the same code. He reported June 17 that a majority had decided, instead, to defer action until October.

Brennan already had announced that he was foregoing speeches, and was selling his stock and dropping out of a suburban real estate venture.

★ ★ ★

Marshall, meanwhile, said simultaneously with Warren's earlier announcement that he would abide by the Conference's restrictions.

The inclusion of Stewart and White among those who will follow the judicial code left only Justices Hugo L. Black, William O. Douglas and John Marshall Harlan unaccounted.

Address Wrong for City Suspect

Frederick D. Washington, 27, arrested Thursday night by Pontiac police for investigation of narcotics possession, reportedly gave police an incorrect address.

He is not known at 199 Rockwell, according to occupants of the home there.

★ ★ ★

Washington was arraigned Friday.

Examination was set for 1:30 p.m. tomorrow in Pontiac District Court. He remains in Oakland County Jail, in lieu of $5,000 bond.

Rail Scooter Takes Unauthorized Trip

PENTICTON, B.C. (AP) — A heavy Canadian Pacific rail scooter, zipping down the tracks at top speed, raced unattended for more than 17 miles, including part of this city of 14,000, before railway crewmen derailed it.

★ ★ ★

On the way it sped through 20 railroad crossings without mishap. Railway officials described the lack of an accident as a "miracle."

★ ★ ★

The scooter started its tour Saturday down a steep grade toward the city when its motor was ignited as it rested on a steep grade. It had enough gasoline, a railway spokesman said, to have traveled at least 40 miles more.

He's Red-Handed and Blue-Bottomed

CHICAGO (AP) — Police said they captured a burglary suspect red-handed—and bare-bottomed—outside a liquor store Sunday.

An 18-year-old was charged after police watched him slide donw an ice chute in front of the store completely naked.

★ ★ ★

Authorities said the youngster told police he removed his clothes to climb through the ice chute into the liquor store on the Southwest Side to get ice for a picnic.

Six Drown in Texas; Rescue Try in Vain

AZLE, Tex. (UPI) — For eight and a half hours, Harvey Woods swam from the shore of Eagle Mountain Lake to the overturned boat, and then back again.

"A couple of times I thought I was going under myself," Woods, 39, said yesterday shortly after he was found by a rural newspaper delivery man.

★ ★ ★

Woods swam to the shore in a vain attempt to find help. Then he swam back to the boat in a hopeless search for the six persons with him when the boat overturned Saturday night.

Among those in the boat were Woods' wife and the twin daughters of Mrs. Elsie Thorn, who was on shore at the time of the accident.

OUT OF GAS

Woods told the Tarrant County sheriff's authorities the 15-foot runabout, powered by a 75-horsepower motor, left for the southern tip of the lake shortly before sunset Saturday but ran out of gas in the lake's choppy waters.

Woods left the boat and tried to swim and tow it to shore.

★ ★ ★

Another man in the boat got out to help but apparently stepped on the side of the boat and tipped it over.

"There were screams and lots of cries, and people were thrashing in the water," he said. "And then there was nothing."

2 BODIES FOUND

The bodies of Charles Seaborne, 40, of Azle and Lee H. Ball, 26, of Fort Worth were recovered yesterday.

Other victims included Mrs. Mary Clay, 33, of Fort Worth; Woods' wife Jackie, 32, of Forth Worth; and two 4-year-old twin girls, Brenda Kay and Linda Fay Harlan of Fort Worth. Fay Harlan of Fort Worth.

Junior Riders in Horse Show Spotlight

TWO-HANDED EFFORT — Javelin contestant Roy Waddell from the University of Arizona ends up in a partial handstand after uncorking a toss of 239-feet-10 during the National Collegiate Athletic Association's track and field outdoor championships Saturday at the University of Tennessee.

Teens in Keen Competition

Katie Monahan Bids for Trip to N. Y.

An intriguing duel may develop quickly among two of the state's finest junior riders tomorrow at the Detroit Horse Show.

Following in the stirrups of Crys Jones and Alison Cram as the finest teen-age rider in Southeast Michigan is Orchard Lakes Katie Monahan, a former member of the show's host Bloomfield Open Hunt and now riding out of the Metamora Hunt and Centaur Farms Stables of West Bloomfield Township.

The 14-year-old talented equestrienne has been a consistent qualifier for the National Horse Show at Madison Square Garden already for several years.

She can earn another trip to New York City Tuesday morning by winning the Maclay Trophy and national championship qualifying A.S.P.C.A. Horsemanship Class.

CHIEF RIVAL

But she will have a battle on her hands from 17-year-old Grand Rapids' rider Jeane Metsker. The two youngsters swapped blue and red ribbons in equitation classes Friday and Saturday at the Grosse Pointe Hunt's Horse Show.

Expected to challenge them strongly tomorrow are Rochester's Jane Hildenbrandt, Bloomfield Hills Debbie Evans and Nene Henkel of Grosse Pointe.

The Detroit Horse Show started this morning and has dressage classes all day. There is no admission charge until Tuesday night's Junior Jumper and Open Jumper Classes. The 52nd annual show will run through Sunday afternoon.

The dressage events will conclude tomorrow. In addition to the open jumper class, Tuesday's schedule includes equitation; green working hunters; amateur owner hunters; working hunters; a new event, preliminary hunters; junior jumpers and the also new intermediate jumpers.

A Canadian horse, Boyne Valley owned by Mrs. J. E. Cottrelle of Toronto, dominated the green and regular conformation hunters class at Grosse Pointe and should be a strong contender this week, too.

The renown Kathy Kusner of Maryland, who was the first licensed female jockey in that state but has retained her amateur status and her spot on the U.S. Equestrian Team, also should be in the spotlight considerably at the BOH after several standout rides at Grosse Pointe over the weekend.

She earned first and second place ribbons in the same intermediate class with Touche Turtle and Jack Brown, and also guided That's Right to a second in open jumping behind Tip of India, ridden by Bucky Reynolds.

Other outstanding riders such as Rodney Jenkins, Max Bonham and the pride of the BOH, Miss Jones, are likely candidates for honors. Birmingham's Dick Schuster aboard Touch & Go also can be a threat to the favorites.

The Bloomfield Open Hunt is located on East Long Lake Road, about one-half mile east of Woodward.

GENE BONE

Pontiac Golfers Top Two Events

Pontiac golfers are off to rousing starts in both amateur and professional events.

Gene Bone, head pro at nearby Bay Pointe, boosted himself into favorite' position for today's Michigan Section PGA on the strength of his showing in the pro-am yesterday at Davison Country Club.

FAMILY TEAM

Furthern north, former city champion Tom Balliet and his son, Gary, current Michigan Publinx champion, teamed for a six-under-par 66 at Belevedere Country Club near Charlevoix and a one-stroke lead in the annual best-ball event that precedes the Michigan Amateur.

A stroke behind Tom and Gary is the brother combination of Melvin (Bud) and Don Stevens, along with Pete Jackson and Bob McMasters.

PROS AT WORK

A field of 93 pros were slated to tee off today in the 36-hole PGA scrap at Davison.

★ ★ ★

The PGA winner will haul down the line's share of a $5,000 purse, plus a berth in the national PGA tournament later this summer in Dayton, O.

FRINGE BENEFIT

Another fringe benefit for the top five finishers is that they'll qualify for the next month's Buick Open at Warwick Hills in Grand Blanc and for the Michigan Golf Classic slated for September at Shenandoah near Orchard Lake.

★ ★ ★

Bone, 36, won the PGA crown in 1966, and he's eager for another one, but he'll have to overcome some stiff opposition to do it.

EVEN PAR

In the pro-am yesterday, Bone carded an even-par-72, while defending champion Mike Souchak, head pro at Oakland Hills, checked in with a 76.

★ ★ ★

The 72 gave Bone low-pro honors for the day and he and his three partners combined for a 51-under-par 57 and third place in the pro-am.

Ben Davis of Rackham and his trio of amateur partners set the pace with a 56, followed by the team of Mac McElmurry of Knollwood with a 57.

★ ★ ★

The field of 94 will play 36 holes for the PGA crown today.

Gary Balliet, just winding up his freshman year at University of Michian, and his dad came up a stretch of five birdies in six holes on the back nine as they forged their one-shot lead.

The second round of the best-ball is on tap today, with qualifying for the Michigan Amateur slated for Tuesday and Wednesday, 18 holes each day.

TIME OUT — Don Hibbard (left) and Howard Hamilton take time for a short rest during their semifinal match of the Red Run Invitational Saturday. The two beat Floyd Burdette and Tom Draper, 5 and 4, in that match and won the title yesterday with a 1-up decision over Mike Jackson and A. E. Badger.

Texas A&M Soph Sets Dash Record

KNOXVILLE, Tenn. (AP) — Curtis Mills shouldn't have any trouble winning recognition for his world record in the 440-yard dash, because the lanky sophomore is a journalism student at Texas A&M.

If nobody else writes about him, the fledgling sports writer can type out a few stories himself.

And the 20-year-old speedster already knows how to tell it like it is.

★ ★ ★

"I'd call it a helluva run," Mills said when he was asked to tell how he would have written a story about his race in the finals of the NCAA Track and Field Championships Saturday.

That's just what it was.

Mills was not expected to challenge Olympic champion Lee Evans of San Jose State or Larry James of Villanova—the favorites for the title. The Aggie youngster admitted later he was hoping only for fourth.

But he was in the thick of the fight coming into the home-stretch, where he turned on a final burst of speed that swept him to a decisive victory over Evans, the runner-up. James finished fifth.

Mills was timed in 44.7 seconds, beating the old world mark of 44.8 set in 1966 by Tommie Smith of San Jose State.

★ ★ ★

"I didn't have any idea about breaking the record," said Mills, whose time was a full second faster than he had ever run the 440 before. And his previous best of 45.7 came in the meet's qualifying trials.

San Jose State, powered by tireless John Carlos, took the title with 48 points. Kansas was second with 45.

Mills, the Southwest Conference champion, has been running the 440 for five years. He wants to run even faster.

★ ★

"I think I can do better," he said. "I don't know but I'm going to try."

While Mills burst into the big-time with a blaze of glory, one of college track's all-time standouts bowed out in despair.

Jim Ryun, Kansas veteran who holds the world mile record of 3:51.1 and the world 880 mark of 1:44.9, didn't win the mile or finish the three-mile in his final college race.

BEATS RYUN

Sophomore Marty Liquori of Villanova beat Ryun for the first time by about 10 yards in the mile, winning in 3:57.7, and the Kansas ace dropped out of the three-mile on the fourth lap.

"I'll never try another mile and three-mile double," Ryun said later.

MILLS MAKES HIS MARK — Sophomore Curtis Mills from Texas A & M roars across the finish line at Knoxville, Tenn., Saturday to set a new world record for the 440-yard dash. His :44.7 timing also earned him a clear-cut upset win over Olympic gold medalist Lee Evans.

L. A. Tops Reds to Assume West Division Lead

By The Associated Press

One victory of a scheduled twin bill was enough for the Los Angeles Dodgers to take a half game lead in the West Division of the National League.

The Dodgers blanked Cincinnati 5-0 in the opener and the second game was rained out after one-half inning of play.

Singer coasted to his eighth victory in 14 decisions, striking out seven as the Dodgers blanked the hard-hitting Reds for the second straight game.

Maury Wills' triple and a sacrifice fly by Willie Davis in the first inning gave the Los Angeles right-hander the only run he needed.

Red Run Victory Comes on 3rd Try

The golfing game of the new champions at Red Run seems to be improving with age.

Howard Hamilton and Don Hibbard, both 45, reached the finals twice before in the popular tournament only to watch someone else pick up the first-place trophy.

TENSE DUEL

Not this time, however. Playing sub-par golf, the two outdueled A. E. Badger, 26, and 25-year-old Mike Jackson yesterday to gain a 1 up decision.

★ ★ ★

For Badger and Jackson, it was their second runner-up finish in a row. They were defeated by Dave Cameron and Mike's brother, Pete, in the Pine Lake event last week.

HEADS BANK

Hamilton, president of the Madison National Bank, and Hibbard, vice president of sales for the International United Corporation, checked in with second-place finishes in 1960 and 1962.

Yesterday, however, they grabbed a three-up lead after nine holes over the long-hitting Badger and Jackson and then held their own in a birdie-shooting match on the final nine holes.

PARS WIN

Hamilton and Hibbard took Nos. 4 and 6 with pars to go two up and Hamilton knocked in a birdie putt on No. 9 for the three-up lead.

Then the birdies began to fall. Badger rolled in birdie putts on Nos. 10 and 11 to slice the lead to 1 up.

★ ★ ★

They halved the rest of the way with both teams posting birdies on Nos. 15 and 16.

Service Status of Cager Stirs Eastern Senator

ST. LOUIS (AP) — A Connecticut state senator told the St. Louis Globe-Democrat Sunday he would probe the admission of basketball star Jo Jo White into a Marine Corps Reserve unit in his state at a time when "Connecticut residents are rejected because there are supposedly no openings."

The paper's Monday edition said Republican Sen. John Lupton would investigate what appeared to be "very preferential treatment" accorded to White, whose home draft board is in St. Louis.

The Globe-Democrat ran stories last week revealing that White, a Kansas University star drafted by the Boston Celtics, was allowed to enlist in the Hartford, Conn., unit of the Marine Corps Reserve after National Selective Service officials reviewed his records in Washington.

Alcindor Sets Pace

MILWAUKEE, Wis. (AP) — Rookie Lew Alcindor scored 35 points and grabbed 23 rebounds Sunday night to lead his White team to a 125-118 victory over the Greens in a Milwaukee Bucks' intrasquad basketball game.

Two Errors Assist Astros' 2-0 Victory

HOUSTON (AP) — The Houston Astros, held hitless for six innings by San Diego's Joe Niekro, broke a scoreless tie in the seventh on two singles and two errors and went on to blank the stumbling Padres 2-0 Sunday behind southpaw Denny Lemaster.

Unser Garners Racing Crown

In Trans-Am Race

LANGHORNE, Pa. (AP)—Bobby Unser took the lead from Mario Andretti on the 88th lap Sunday and went on to score a convincing victory in the Langhorne 150-mile USAC race for Indianapolis cars.

Unser, who averaged 112.424 miles per hour, fell short of the record 113.183 set by Andretti two years ago. Unser drove a rear engine turbo Offenhauser.

The top 10: 1, Bobby Unser, Albuquerque, N.M., 2. Art Pollard, Fresno, Calif.; 3. Wally Dallenbach, East Brunswick, N.J.; 4, Bill Vukovich Jr., Fresno, Calif.; 5. Mario Andretti, Nazareth, Pa.; 6, Gary Bettenhausen, Tinley Park, Ill.; 7, Jim Malloy, Denver, Colo.; 8, Bob Harkey, Indianapolis; 9, George Snider, Bakersfield, Calif.; 10, Sam Sessions, Nashville, Mich.

Mustang Driver Wins

BRIDGEHAMPTON, N.Y. (AP) — George Follmer of Arcadia, Calif., driving a Boss Mustang, won the Bridgehampton Trans-American sedan series Sunday in course record average speed of 96.3 miles per hour.

The race was 250 miles over a 2.85-mile course.

Mark Donohue of Media, Pa., in a Chevrolet Camaro, finished second. He was forced to start in 31st or last place because he had not formally qualified his car which was a substitute for the one he was to have driven.

An hour before the race Donohue blew the engine of his vehicle and late in the race, he damaged a rocker arm and was unable to close on Follmer.

Third went to Jerry Titus of Ancino, Calif., fourth to Rusty Jowett of Marlboro, Md., and fifth to Peter Revson of New York. Titus drove a Pontiac Firebird, Jowett a Camaro and Revson a Mustang.

★ ★ ★

Twelve cars finished.

Follmer took the lead on the ninth lap from Parnelli Jones, former Indianapolis winner, and never lost it.

★ ★ ★

The victory earned Follmer $2,500. Donohue collected $1,700, Titus $1,300, Jowett $900 and Revson $650.

For the series, Mustangs now lead with 33 points. Camaro has 25 and third-place Pontiac Firebird 10.

'Snags' Ace

RALEIGH, N.C. (AP) —James "Snag" Kelly of Rocky Mount scored a hole-in-one Saturday that was more than special.

Kelly is a one-armed golfer.

Using a seven iron, he aced the 165-yard par three 8th hole at Cheviot Hills Golf Course.

Fuel Category to Iowa Racer

BRAINERD, Minn. (AP) — John Wiebe, Newton, Iowa, set a track record of 218.54 miles per hour in winning the top fuel category Sunday at the National Hot Rod Association points meet at Donnybrooke Speedway.

Wiebe won $800 in covering the quarter-mile in 6.9 seconds.

The 300 entries from 16 states drew crowd of 11,200.

Pon. Central	3	3			

Southfield rolled to a doubleheader victory over Clarkston yesterday to hike its lead in District 18 American Legion baseball to a game and a half.

And while winning the twin-bill, Southfield may have uncovered a potent new bat.

CLOUTS HOMER

John Solberg rapped a two-run homer in the first game to back the four-hit pitching of Bob Muitter as Southfield won, 2-0; and Solberg broke a 4-4 deadlock with a two-run double in the eighth inning of the second game to give Southfield a 6-4 verdict.

★ ★ ★

Walled Lake took a pair from Farmington, 6-4 and 5-2, to even its record at 3-3. Dave Horton flipped a two-hitter, picked up two hits and drove in two runs to pace the opener. Catcher Wally Williams aided the first-game cause with a home run. Billy Welsh's bases-loaded single in the eighth snapped a 4-4 tie and boosted Walled Lake to victory in the second contest.

FLIPS ONE-HITTER

Dave Maluzhinsky flipped a one-hitter and fanned eight as Madison blanked Waterford in the opener, 2-0, but Waterford came back to take the nightcap, 3-1, behind the pitching of Mike Harkey. Larry Himmerly's bases-loaded double in the sixth gave Harkey the edge he needed.

★ ★ ★

Troy and Waterford Mott divided a twinbill. Troy took the opener, 2-1, behind the two-hit pitching of Mike Aronovity, while Mott claimed the second contest, 6-4.

★ ★ ★

Steve Bass pitched Pontiac Central to an 11-3 nod over Milford in their opener, and John Morrison pitched Milford to a 3-1 decision in the nightcap. Morrison aided his own cause with two hits and two RBI.

From 1969 Low Friday

Stock Market Active, Mixed

NEW YORK (AP) — The stock market, which tumbled to a new low for the year Friday, was mixed in fairly active trading early today.

The Dow Jones industrial average at 10:30 a.m. was unchanged at 876.16.

Losses led gains by about 250 issues.

IBM, which said it would start charging for certain systems engineering activities, computer programing, and customer education courses which it previously did not charge for, was up 2½ at 314¾.

Early blocks included:

Bethlehem Steel, 11,300 shares at 32¼, up ¼; Occidental Petroleum, 76,200 shares at 36, off ¾; Standard Oil (Ohio), 14,300 shares at 99¾, off ¼; and Pan American World Airways, 12,500 shares at 18⅛, off ¼.

Opening prices included:

RCA, up ¼ at 42⅛ on 26,800 shares; American Telephone & Telegraph, up ⅛ at 52½, on 13,100 shares; Penn Central Co., off ⅝ at 48 on 11,700 shares; U.S. Steel, up ¼ at 42⅛ on 11,400 shares; and Deltec International, off ¼ at 14⅛ on 11,200 shares.

Continuing fears over tight money were blamed for market's retreat Friday.

The Dow Jones industrial average Friday lost 6.21 to close at 876.16, a new 1969 low. The previous low was set last Thursday when the Dow industrial closed at 882.37. The Associated Press average of 60 stocks closed at 312.1 Friday, a new low for the year.

Prices were mixed on the American Stock Exchange.

Fractional gains were shown by British Petroleum and Commonwealth United. Off fractions were Interphoto Corp., Plume & Atwood, and Syntex Corp.

Tax Program Heads for Vote

Key Issue Is 1-Year Surcharge Extension

WASHINGTON (UPI) — President Nixon's $9.2-billion tax program, opposed by organized labor and devoid of tax reforms demanded by liberals, comes up for a vote, and probable victory, in the House this week.

The prime part of the plan is an extension of the income tax surcharge one year beyond its scheduled June 30 expiration.

★ ★ ★

In addition, the package repeals a tax break for business, extends taxes on telephone service and cars, and removes an estimated 5.2 million poor persons from the tax rolls.

★ ★ ★

The measure is aimed at snuffing out inflation by removing some of its fuel — money — from circulation. It will also give Nixon the surplus planned in his budget for the fiscal year beginning July 1.

EXPECTED TO PASS

The measure may come up Wednesday. It is expected to pass, despite opposition, because the bill is covered by rules which prohibit an amendment.

Even if the bill is passed by the House, it probably will not be in a position for Senate action until after the surtax has expired. The Senate in that case, will be asked to approve a bill that would allow employers to continue taking the same withholding amounts out of the employes' paychecks until the measure is passed.

★ ★ ★

It could, at that time, always be made retroactive to the date the old measure expired.

Up for debate in the Senate this week is a resolution reasserting the Senate's right to be consulted about foreign policy and for approval of any presidential decision to send combat troops into another combat troops into another country.

UP FOR ACTION

The resolution was brought up for action in the wake of recent disclosures concerning U.S. military activities in and with the Spanish government.

Its backers also said it would head off another action like the Gulf of Tonkin Resolution which later proved the vehicle through which President Johnson stepped up U.S. involvement in the Vietnam War.

Israel: Halted Egyptian Push Across Suez

By the Associated Press

Dozens of Egyptian troops crossed the Suez Canal Sunday night but Israeli forces repulsed them, killing at least three, an Israeli army spokesman said today.

The attack came at about the same time as Israeli commandos crossed into Jordan south of the sea of Galilee and attacked Jordanian artillery positions.

★ ★ ★

They blew up a section of the East Ghor irrigation canal which was largely financed by American money. Sources said the raid was intended to serve "as still another warning" to the Jordanian army to "cool off" military activity.

A spokesman said the rupture of the Ghor Canal was meant "to show them what we can do if they keep it up."

BIGGEST IN WHILE

The Israelis said that the canal battle with the Egyptians was the biggest in many months. The Egyptian force crossed five miles south of Quantara on the northern section of the canal after a heavy artillery and mortar bombardment, spokesmen reported.

They said the Israeli troops returned the fire, engaged the commandos and pushed them back across the canal.

★ ★ ★

The Egyptians left three dead on the Israeli side. The army spokesman said one Israeli soldier was wounded.

An Egyptian communique in Cairo today said their forces killed 18 Israelis in the raid.

Law-and-Order Cry Spreads to Economy

By JOHN CUNNIFF
AP Business Analyst

NEW YORK — What appears to be a long, hot and disturbed summer for the riotously expansive American economy seems to be taking shape every day now. Law and order, we are told, must prevail in the marketplace.

CUNNIFF

In Washington, where the House Banking Committee is holding hearings this week, the nation's bankers heard themselves accused of conspiring to rig the price of money, or in other words, to boost the prime interest rate.

★ ★ ★

Rep. Wright Patman, the Texas Democrat who heads the House committee and who likes to spray tear gas at bankers, made the conspiracy reference. But those responsible for administration policy also are getting in their shots.

Treasury Secretary David M. Kennedy, testifying before the committee, suggested that perhaps bankers were getting "the message" because of the ever tightening anti-inflation methods of the Federal Reserve.

OPINION ECHOED

Speaking in Copenhagen, Denmark, where last week the nation's biggest bankers retreated for their 16th International Monetary Conference, Dr. Paul McCracken, the president's chief economic adviser, said much the same thing.

Addressing his "friends in the banking community," McCracken said, "Earlier this year I found myself rather frequently told ... 'We don't think you really mean it in Washington.' "

★ ★ ★

Was there a "had enough" or "get the point" message in McCracken's statement to the bankers, who now are complaining loudly that they have almost no money to lend?

Without money to sell, bankers are little more effective than grocers without carrots and spinach or milkmen who have nothing but empty bottles to leave on the doorsteps of their best customers.

To some bankers, an anti-inflation device that pinches the financial jugular and impedes the flow of money may be compared to an antiriot device that subdues the victim by throttling him.

But there is a message for everyone in the statements of administration policy makers.

★ ★ ★

The bankers might be those at whom the weapons are directed now. But the warning is for all Americans who, we are told, are spending themselves into chaos.

The most frightening weapon that could be brought into use is that referred to by William McChesney Martin, chairman of the Federal Reserve Board, and long the fiscal conscience of America. The weapon: enforced savings.

Martin spoke in Copenhagen, and then declined to expand much on the meaning except to say it could mean higher taxes. It suggests other things as well, and some people were inclined to draw dire meanings.

Pierre Rinfret, the economic consultant to industry, said that on the surface it smacked of fascism. To tell people where they can put their money, he said, is to tell them how to "vote" with their dollars.

★ ★ ★

To tell people how much they should save also might be unconstitutional in the opinion of William Freund, vice president and economist of the New York Stock Exchange.

The Martin reference to forced savings caused Freund to recall one of the less well known works of Lord Keynes, the British economist whose ideas have had such influence on current thinking. It is called "How To Win The War."

BOND PURCHASE

Writing in the very early days of World War II, Keynes described how the tendency toward wartime inflation could be the hands of people. How? By lessened by taking money out of having them purchase government bonds.

At the end of the war, he argued, when recession might drop in military spending, these threaten because of the sudden forced savings would be released in a torrent of purchasing power.

To bring this about in the United States would require the approval of Congress. And Congress, somewhat reluctant even to pass a surtax extension, isn't likely to say yes to such an extreme measure.

Wage and price curbs have been suggested as weapons also, but regardless of statements hinting businessmen are in favor of them, most businessmen really feel such measures pack too much clout.

Wouldn't controls bring law and order to the marketplace? Perhaps, but at what price?

French Cabinet Door Open to Europe Unity

PARIS (AP) — Robert Schumann, an advocate of political integration in Europe for more than 20 years, has replaced a hard-line Gaullist as French foreign minister in President Georges Pompidou's new cabinet.

Observers saw Schumann's appointment, and that of Finance Minister Giscard d'Estaing—also regarded as a "Europeanist"—as the beginning of a new liberal era in French foreign polciy.

Pompidou announced the cabinet Sunday after Premier Jacques Chaban-Delmas presented him the list. The group holds its first formal meeting today.

Pompidou and Chaban-Delmas were under intense pressure from Gaullists and Centrists for representation. While the cabinet retains a Gaullist coloring there are Centrists in three important ministries.

Schumann replaces Michel Debrè, whom Gaullists had wanted kept on as foreign minister to reflect continuity in policy. Instead, Debre was named defense minister.

One of the cofounders of the now-defunct Popular Republican movement, a Roman Catholic party that sought European unity after World War II, Schumann strongly disapproved of Gen. Charles de Gaulle's decision to keep Britain out of the Common Market. But he never broke with the general over it.

Giscard d'Estaing had been minister of finance under De Gaulle from January 1962 to January 1966 but then helped form a splinter group called Independent Republicans who said they were basically for De Gaulle but reserved the right to disagree with him.

Giscard d'Estaing is known to favor both British entry into the Common Market and political integration in Europe. He took the job after former Premier Antoine Pinay, also an Independent Republican, turned it down Saturday despite Pompidou's urging.

Other indications of less-rigid Gaullism in the cabinet are the naming of three Centrists to important posts—Rene Pleven, former premier, as minister of justice; Jacques Duhamel, another "Europeanist," as minister of agriculture, and Joseph Fontanet, minister for labor, employment and population.

All three urged "no" votes in the April 28 referendum that led to De Gaulle's retirement. But they rallied to Pompidou rather than support Centrist candidate Alain Poher in the presidential elections June 15. All said Pompidou was the best guarantee of efficient government.

Successful Investing

By ROGER E. SPEAR

Q — What can you tell me about Treasury bills for investment? — M. H.

A — Treasury bills, which are almost as liquid as cash, are used by investors wishing to get a return on temporarily uninvested cash. As a result of the recent prime rate boost to 8½ per cent, lower bids have pushed yields on 13- and 26-week maturities to new all-time high levels. Record returns of 6.5 per cent on 13-week and 6.9 per cent for 26-week bills are available. Yields are determineb by the difference between purchase price and face value and are based on a 360-day year.

Q — We own 500 shares of Cohu Electronics bought at prices ranging from 5¼ to 11½. We have done well on most of our other stocks and can afford to speculate. — D. B.

A — Over a period of more than 9 years, Cohu has traded between 13⅜ and 3⅜ and is currently around 9. A similar unimpressive sales performance was recorded; in 1960 sales were 17.14 million, in 1968, $9.24 million with intervening years up and down from $6.14 million to the high reached in 1968. An erratic earnings pattern over the years culminated in a 19 per cent drop to 21 cents a share last year.
