

Wilson, Earl 47
Women's Pages 15-18

TEARFUL REUNION — The long-awaited meeting between Mrs. Lillian Oachs, 37, and her 4-year-old daughter Carri Caye ended in tears in Duluth, Minn., yesterday. The Hanska, Minn., mother took her child home after a 28-month search that was climaxed when she was given full custody of the child yesterday. Her ex-husband will be returned home to face kidnapping charges.

Quake Victims Being Assisted

ATHENS, Greece (AP) — Relief teams rushed today to thousands of persons made homeless by earthquakes in Greece and Italy.

The tremors yesterday rolled in a zone from northern Greece, through the Peloponnese and southern Italy and up to the Alps.

One man died in Greece, in the collapse of his home. Another five persons were hurt in Greece, and about 25 in Italy — all in stampedes from buildings for the out-

doors. Several persons suffered heart attacks.

The quakes had their epicenter in the Gulf of Argolikos, on the Greek Peloponnese.

Had the epicenter been on land, experts said, destruction would have been much greater.

HOUSES DESTROYED
Hundreds of houses were destroyed or damaged in Greece. Damage was light in Italy.

The Greek government rushed teams and supplies to the quake area to provide shelter for the homeless families.

Town squares and parks were filled throughout the night, either because persons had no homes to return to or because they feared new quakes.

In Italy, new relief was rushed to thousands still coping with the aftermath of the previous tremors. Twenty deaths were attributed to last week's quakes.

To Double Peace Corps
WASHINGTON (AP) — The Peace Corps said Tuesday 1,308 of its volunteers are scheduled to leave for overseas assignments in 25 countries within the coming month. This will double the number of Peace Corpsmen in the field.

JFK Appoints U.N. Delegates
WASHINGTON (AP) — President Kennedy designated yesterday the members of the U.N. delegation to the United Nations General Assembly which begins Sept. 18 in New York.

Three new members are in the delegation. They are: Sens. Albert Gore, D-Tenn., and Gordon Allott, R-Colo., and Carl T. Rowan, Deputy assistant secretary of state for public affairs, who holds the highest position of any Negro in the State Department.

The senators were named full representatives and Rowan an alternate.

The holdovers are Adlai E. Stevenson, ambassador to the U.N.; Francis T. P. Plimpton, deputy representative and ambassador to the U.N.; and Arthur H. Dean, head of the U.S. delegation at the Geneva disarmament conference.

The holdover alternates are Charles W. Yost, deputy representative in the Security Council; Philip M. Klutznick, representative on the Economic and Social Council; and Jonathan B. Bingham, representative on the Trusteeship Council.

Mrs. Marietta P. Tree, representative on the Human Rights Commission, was retained as an alternate representative at the general assembly session.

The new income plan is a sort of pay-as-you-go-without scheme. "Too many young secretaries typewrite by the biblical system: 'Seek and ye shall find'... A local fellow says his wife does the most wonderful things with leftovers: 'She throws them out.' Earl Wilson.

3 Detroit Sisters Die in Collision

CLARION, Pa. (AP) — Three sisters from Detroit were killed yesterday in a head-on collision of their car and a tractor-trailer truck on Route 332 about one-half mile east of Clarion.

State police said Carolyn Stawicki, 24, and her sisters, Virginia, 21, and Betty, 18, were killed instantly.

They said the car driven by Carolyn went out of control on a curve and crossed the highway, striking the oncoming truck.

The truck driver, Charles A. Labert, 22, of Harrisville was treated at Clarion Hospital and released.

The Tasmania devil is a small bear-like animal with big, strong jaws that inhabits the island of Tasmania off the coast of Australia.

Shriver Praises Peace Corps on Tour of Projects

SINGAPORE (UPI) — U.S. Peace Corps director Sargent Shriver arrived in Singapore yesterday and said the Peace Corps is doing "better than anyone expected" in Southeast Asia.

President Kennedy's brother-in-law is on the last leg of a 25-day tour of Peace Corps projects in Asia.

"It's going better than anyone expected, including myself," Shriver told newsmen. "Interestingly enough, adjustment to local living conditions has been the easiest thing of all for them."

"Our volunteers are successfully living under the same conditions and sharing the same diets as their Asian counterparts. Their morale is high and their health is generally good."

When \$7.95 to \$12.50 Garments Are Selling at \$5.00 — You Have the Right to Know Why the Price Is So Low!

Simms reputation for always having "ready cash" when the manufacturer's price is "right" pays off again. We were offered a lot of 10,000 garments which was too many even for us. However, we did buy them and "wholesaled" all but 1800 to friends of ours who operate stores in Detroit and "down east." This is more proof that there's no limit that Simms will go to bring customers MORE for their money.

PUTS FOOT IN IT — Glenn Baxter, 14, was curious about a 4-inch sewer vent opposite his San Francisco home. He wondered if his foot would fit. It did, tightly. Here he waits patiently and silently, looking up at the "big people," who are firemen working to free him. Olive oil, a coathanger and 25 minutes were needed to free Glenn, who emerged from his experience none the worse for wear.

Close Border at Hong Kong

Red Action Follows 7th Blast in Series at Commie Stations

HONG KONG (AP)—Red China closed its border with Hong Kong today minutes after a bomb exploded on the Chinese side of the border station at Shunshan.

The British closed off their side of the border immediately after. A British spokesman said it would remain closed as long as the Communist barricades remained up.

The explosion was the seventh in a series of blasts that have rocked border stations facing Hong Kong and the nearby Portuguese colony of Macao in recent weeks.

RESISTANCE?

Observers believe the explosions are the work of an organized anti-Communist terrorist movement taking shape in Red China's coastal province of Kwangtung.

This is the first evidence of such an organized resistance movement since the Communists conquered the China mainland 13 years ago.

Several persons were believed injured in the explosion today. The Communists issued no announcement. British officials said they had no information beyond the fact that an explosion was heard.

The explosion occurred about 9:30 a.m., after some 200 Hong Kong residents had crossed the border into Communist China. They were part of the usual traffic between Hong Kong and Red China.

At least one of 10 American children is in need of some special help in learning how to read.

Did Driver Suffer Heart Attack?

'Worst' Crash Near Ann Arbor Kills 4

ANN ARBOR (U)—A traffic accident which investigators could not quite explain claimed the lives of four persons and critically injured a fifth here yesterday.

Dead were three members of a Warren family and a young WAF

Here is their reconstruction of the accident:

The Washtenaw County sheriff's office identified the victims as Joseph Basil, 52, his wife Mary, 46, and their daughter Marlene, 14, all of Warren, and Elizabeth Richard, 23.

Mrs. Florence Richard, 55, of Dearborn, Miss Richard's mother, was hospitalized in critical condition.

One sheriff's deputy — an Air Force police veteran of more than 10 years — described the accident as one of the worst he had ever seen. He had been assigned to work at the scene in many air crashes, while in the Air Force, he said.

TORCHES USED

Acetylene torches were used to cut Mrs. Richard out of the wreckage.

The accident on I-94, five miles southeast of Ann Arbor, happened in bright sunlight on a relatively straight stretch of divided, limited-access highway.

Investigators thought Basil might have suffered a heart attack or fallen asleep at the wheel.

Turks Applaud LBJ at Bazaar

Vice President Talks to Istanbul Governor for Nearly an Hour

ISTANBUL, Turkey (U) — Vice President Lyndon B. Johnson, carried his personal goodwill mission into Istanbul's ancient bazaar today and was mobbed by thousands of applauding Turks.

Johnson began the third day of his four-day tour of Turkey by calling on Istanbul's Gov. Nizami Akil, who once studied city management in the United States. The two men talked for almost an hour.

Then the vice president went to the bazaar where a cheering crowd momentarily blocked the narrow passage leading into the sprawling commercial center that dates from the early days of the Ottoman Empire.

A Turkish youth approached him and said proudly in English: "How are you? I am glad to see you." Johnson smiled broadly and asked the youth his age.

"Eighteen," the boy replied. Later as the procession moved through the bazaar, he reappeared and asked Johnson in English: "How old are you?"

The vice president smiled broadly, shook the youth's hand and continued on his way.

Johnson appeared untroubled as the crowd pressed tightly around him in the sweltering main aisle of the old bazaar. At one point he greeted two American tourists.

Johnson spent most of the remainder of the day conferring with official aides on details about the remainder of his six-nation tour.

Stunt Flier Killed

HENDERSON, Ky. (AP) — Ken Tyler, 51, who crashed 144 planes as a stunt flier in Hollywood, was killed Tuesday while films were being made of his stunts. Tyler flew for the Loyallists in the Spanish civil war, for Chiang Kai-shek when Japan invaded China in the late 1930s and for the Canadian Royal Air Force early in World War II.

Violent Crime Up Over 1961

Statistics Show 1962
Increase in Michigan
Big Cities

DETROIT — Michigan's big cities had more violent crime in the first half of 1962 than in the first six months of 1961, the FBI says.

The United States as a whole in the first half of 1962 had 3 per cent greater, and crimes of violence rose 7 per cent in American cities of more than 100,000 population.

According to statistics from the FBI's uniform crime reporting program, Michigan's cities with over 100,000 population showed some increases and some decreases in the crime rate.

The FBI's seven classifications of crime include murder and non-negligent homicide, forcible rape, robbery, aggravated assault, burglary and breaking or entering, larceny of \$50 or more and auto theft.

INCREASES IN DETROIT

For Detroit increases were reported in all groups except rape and burglary. Slayings totaled 67, against 59 for the first half of last year.

Deadborn had fewer robberies, burglaries and auto thefts. Burglaries fell from 401 to 267.

FBI's five slayings matched last year's total. The city had 24 rape cases as against 15 last year, 10 robberies as against 35, and 332 assaults as against 250. It had fewer burglaries, larcenies and auto thefts.

Grand Rapids reduced its burglaries from 635 to 502 and its larcenies from 322 to 263.

Lansing cut its burglaries from 242 to 185 but its larcenies increased from 125 to 165 and its auto thefts from 35 to 58.

Seguin's robberies increased from eight last year to 30 this year. The city had 50 assaults as against 38 last year and 200 burglaries as against 151 last year.

Ex-Legion Leader Dies

PLYMOUTH — Funeral service will be held today for Lisle H. Alexander, 65, of Plymouth, past Michigan department adjutant of the American Legion. He died Sunday.

AP Photo

GREETINGS — President Kennedy shakes hands with college students after addressing several hundred of them on the south lawn of the White House yesterday. The students have been spending their summer vacation working for the government.

Liberalize Laws on Immigration, Sen. Hart Says

DETROIT — The United States needs a new immigration law that would permit reunification of families and admit this nation's fair share of refugees, Sen. Philip A. Hart, D-Mich., said yesterday.

Hart said he and 25 other senators have introduced such a bill, which would "throw out the notion that the early immigrants were of better stuff than the present ones."

He called on the national convention of the Jewish War Veterans to support the proposal.

The present law, Hart said, is discriminatory, "doesn't reflect our traditions or serve our national interests."

"The need for new elements in our population is as real today as it was two generations ago," he added.

Thant May Tell if K Intends to Attend Assembly

MOSCOW — U.S. acting Secretary-General U Thant may reveal tomorrow whether Premier Khrushchev will attend the U.N. General Assembly meeting which opens Sept. 18 in New York.

Khrushchev and his family entertained Thant at lunch yesterday at the Soviet leader's holiday villa on the Black Sea coast.

Thant's press officer, Ramones Nassif, told newsmen in Moscow by telephone that the meeting was "just a family affair."

Nassif said he could not comment on the possibility of Khrushchev going to the U.N. but "perhaps U Thant can say something about that" at the news conference he is to hold in Moscow tomorrow.

How To Hold FALSE TEETH More Firmly In Place

Do your false teeth annoy and embarrass by slipping, dropping or wobbling when you eat, laugh or talk? Just spritz a little **FALSE TEETH** on your plates. This alkaline (non-acid) spray holds false teeth more firmly and more comfortably. No gummy, sticky, taste or feeling. Does not stain. Checks "plate color" (denture base). Get **FALSE TEETH** today at drug counters everywhere.

Will Khrushchev Give Repeat Performance?

Almost everyone in the world today likes a good show. But one show that we could well do without is a repeat performance by NIKITA KHRUSHCHEV inside the big glass U.N. building in New York.

The word is out that he is strongly considering attending the 17th General Assembly. We honestly suspect there must be some ham in the Russian premier.

The last time he was at the U.N. he put on quite a show if that's the proper way to describe the actions of a premier. His N.Y. capers went something like this:

Pounded his desk with his shoe in his hand.

Heckled Western speakers.

Played Juliet on his hotel balcony to the press' Romeo.

Staged buddy-buddy demonstrations with Fidel Castro in Harlem.

Without these shenanigans the United Nations has enough to do trying to finance its operation, plus control its temperamental new members.

We would hazard a guess that Secretary General U THANT is offering up heartfelt Buddhist prayers that KHRUSHCHEV will stay home.

Reports from his last visit indicate it cost millions to protect him during his New York stay. We can't help but feel for the New York Police Department and its thankless job of looking out for his safety.

Must this curtain rise again?

New Frontier-

Those pictures of the crews of the atomic submarines *Skate* and *Seadragon* in a rendezvous at the North Pole were impressive all right, but we won't believe that this area has actually been opened up for civilization until we see a few KENNEDYS water skiing among the ice floes.

If Assassin Succeeds Who'll Follow DeGaulle?

The tall man of France who is actually "head and shoulders" taller than most of his countrymen and has become a legend has again escaped the assassin's bullet.

Without question Charles de Gaulle has been a strong leader for France. Oftentimes he is difficult for the U.S., as well as other countries, to deal with. But when a showdown comes he is on our side.

The position he has had to assume is practically dictatorial, but it is that way only because no other method since World War II would work.

To hold and control his troubled country he has had to be tough. This holds true in his foreign diplomatic relations as well as getting along with his own countrymen.

He has his share of enemies both at home and abroad, but with all he is generally admired. When De Gaulle stands up and talks his words are usually well chosen and have a definite meaning.

He does not brush aside an issue and is prone to make his point without hedging.

Recently his life has been in jeopardy and several attempts have been made to assassinate him. Through it all he goes about his schedule without backing off an iota.

The other day, after terrorists voted against his Algerian policy with machine guns puncturing his limousine and grazing a motorcycle trooper and a passing motorist, De Gaulle coolly com-

mented: "These people really aim very badly."

Even DeGAULLE's comments on the weather are phrased as if written to be carved on his monument. The one dark cloud remaining is who will follow DeGAULLE.

One thing that would make air travel much safer would be for the airlines to exercise as much care in employing mechanics as they do in selecting pilots.

Note on inflation! The low cost of high living in the early 30s was less than the high cost of low living now.

The Man About Town

MAT a Patsy

Bagging Prizes for Pals; Left Holding the Bag

By HOWARD V. HELENBRAND

Heads of the Pontiac Area Chamber of Commerce are elated over the great increase in the recent Annual Frolic. The close-to-400 turnout is the largest in many years, and from the many enthusiastic comments heard, there could be no doubt that the event has regained the top popularity it once enjoyed.

Here are a couple of unreported bits: The MAT was sitting at dinner with two Press sports department friends

Chuck Abair

of 224 W. Yale, and

Don Vogel

of Waterford. Both had to leave before after-dinner drawing for door prizes and the MAT, a warm and friendly fellow, offered to hold their tickets for the drawing.

Well, you know what happened, don't you? That's right. A prize each was drawn for the absentees, while the MAT drew a big round 0... He's been searching for a fitting idealistic moral to cover such an altruistic situation, but so far the only word that keeps popping up is "sucker."

Going from that, gladly, we have the strange case of

Don Paffenroth

newly appointed manager of Hotel Waldron. He had never before played golf, but came in with an unbelievable \$3 for both his and the club's first nine.

On being questioned carefully and suspiciously (he agreed to a polygraph test) he said that his only introduction to the game was when, the previous evening,

Clair C. (Pete) Husey

of 887 Spence St. took him out to a driving range and coached him as he drove off a basket of balls. (Paid Adv't.)

From the Old Philosopher

George Wasserberger

of 91 Illinois, comes his latest card with his latest whimsey:

IT'S TOO LATE TO AGREE WITH ME I'VE CHANGED MY MIND

Mrs. Stanley J. Hester

of Milford sends a thoughtful note in which she voices a PERSONAL GRIPE. It is the incorrect terminology, she thinks, often used in various news media in referring to citizens of the United States as "Americans."

The point is, that Canada and Mexico, both part of the American continent whose citizens literally are as much Americans as those in the United States, both lend themselves to an euphonic suffix identifying the nationals of either country. The United States, actually the proper description of the country in which we live, on the other hand, does not.

Our correspondent has been a careful observer in this matter and cites one network TV news program that frequently refers to "the American and Canadian people" (wrong) instead of "people of the United States and Canada" (right).

The lady was nice enough to add that she had never seen the misuse in The Press.

From Wall Street Journal: After a spill at a hunting meet, the nouveau riche matron was rushed to a hospital. The doctor told her, "I think I'm going to give you a local anesthetic."

"Nothing doing," the injured woman wailed, "I can afford the best. Give me some imported!"

David Lawrence Says:

People Win Victory in Telstar

DAVID LAWRENCE

WASHINGTON—"People's capitalism" has just won a significant victory in the United States. It is a triumph that negates the very basis of Soviet communism.

For the Congress of the United States, by an overwhelming vote and with the support of the President, has just given a private corporation the opportunity to develop a communications business through Telstar and other satellites in outer space.

Had the vote in Congress gone the other way, the Communists would have gloated. For, in the Soviet Union, everything is owned by the government.

The Soviets are taught that only the government can really perform economic tasks and that a system of private profit is wrong.

In the United States, by the latest vote in Congress on the bill that provides regulation for the whole Telstar operation as far as communications are concerned, private enterprise is selected because it is experienced, more efficient and better trained through its talented personnel to do an effective job.

PROGRESS

Some of the champions of government ownership in their recent speeches in both houses of Congress declared that, since the project was so big and since it might involve relations with other governments in the making of communications agreements, the task should be wholly in the hands of the American government.

The argument was made also that, since the government had spent a good deal of money in developing the vehicle used to launch the Telstar satellite, the task should be wholly in the hands of the American government.

But there are many things in America for which the government has at one time or another spent large sums, and yet this has not led to government ownership.

Also, the government once owned most of the land in the West, but it virtually gave away homesteads to attract settlers.

Likewise, during wartime, enormous plants were built that became obsolete for military purposes. Aluminum plants and synthetic-rubber plants which cost many millions were sold for relatively low prices to private companies, some of which thereby got their chance to become big and successful competitors of existing companies in the same line of business.

The new measure, which has gone through both houses and

is now before the Senate, is a landmark in the history of American capitalism.

Since many diseases of the heart and other vessels are characterized by blood clots, drugs that impede clotting are used.

Although anticoagulants prevent clotting or extension of a clot that is in the process of formation, they do not dissolve or digest the clot that has already formed.

This important function, however, is accomplished by a clot-dissolving digestive agent such as fibrinolysin.

And, while fibrinolysin is useless as a preventive, it is of prime importance as a supplement to an anticoagulant once a clot has formed.

Taken in conjunction with prevention of rheumatic fever through use of strep killers and with ad-

shortly will be signed by a sympathetic President, gives the public an opportunity to invest in the new corporation.

Only half of the stock is to be held by the American Telephone and Telegraph Company—otherwise known as "the Bell system"—and by other communications companies.

The other half of the stock is to be sold to private investors at \$10 a share.

PROSTOCKHOLDERS

The Bell system, moreover, like the others in the communications business, is not owned by a single interest. It has more than 22-million stockholders, and more than 350,000 of these are employees of the company.

In the last 20 years, the Bell system has earned for the government of the United States in

taxes a total of \$9.5 billion and for state and local governments a total of \$7.3 billion. This is

Student Count at 51.3 Million

Record Number, Plus
Big Increase, Going
Back to School

WASHINGTON (UPI)—The government says 51.3 million students would make the back-to-school trek in the fall — a record number and a 2-million increase over last year.

The office of education said this would be the 18th consecutive year that enrollment has risen, but there was one flaw in the statistics.

The Labor Department said at least 800,000 of the children entering the first grade will have dropped out before their class graduates in 1975.

In a pamphlet entitled "School — or What Else?" the department advised teenagers to think twice about leaving school.

The pamphlet said if they stay to graduate they will find jobs easier to find, and will make more money during their working careers.

The department said census figures showed that high school graduates reach an average earning power peak of \$6,510 a year between the ages of 55 and 64. Students who fail to finish high school reached a peak of \$5,925 while \$5 to 44 and drop to \$5,000 or below during the next 20 years.

Despite the dropout rate, the education office said high school enrollment is expected to hit 11.7 million this fall — an increase of 900,000 over last year. College enrollment is expected to increase 300,000 to a total of 4.6 million.

Historical Group to Discuss Merger

Possible merger of the Oakland County Historical Foundation and the Oakland County Pioneer and Historical Society will be discussed at the annual meeting of the foundation, 2 p.m. Sept. 12 at the Governor Warner Home, 405 Oakland Ave.

No final action can be taken until a meeting of the Pioneer society.

The Sept. 12 meeting also marks the beginning of an open house at the Warner Home, to last all afternoon, according to Miss Adah Shelly, board member of the foundation.

First water reservoir for Manhattan was built in 1776.

Third Printing for Sky Survey

Board and Magazine Completed Atlas After Seven Years Work

WASHINGTON — A unique best seller — the Sky Survey's monumental atlas of the heavens — is going into a third printing.

The Sky Atlas initially had an astronomical sale of about 100 copies. Within a year, 25 more orders had poured in.

Now, with the advent of space travel and the building of new observatories in various parts of the world, orders for 41 additional copies necessitate a third printing.

Supplying 41 orders is a titanic task that will take three years. Each copy of the Sky Atlas fills nine filing cabinets and costs more than \$2,000 to print. It contains 1,756 photographs that would form a star-speckled map the size of a tennis court.

SEVEN-YEAR PROJECT

A joint project of the National Geographic Society and the California Institute of Technology, the Sky Survey was completed in 1956 after seven years of work at Palomar Observatory, California.

The continuous demand for the Sky Atlas underscores the fact that it is the most fundamental, complete work of its kind.

Scientists anticipate that it will take generations of study to analyze and interpret all the new information embodied in the Sky Atlas. It has been called an "astronomical Bible for 100 years."

As recently as a half-century ago, the earth's own galaxy, the Milky Way, was thought by most astronomers to be the whole universe. The atlas showed that the Milky Way, impressive as it is with more than a hundred billion stars was merely a drop in the fathomless ocean of space.

Reaching a billion light-years in space, the Sky Survey expanded the previously known universe about 25 times. The photocharts disclosed hundreds of millions of new stars, galaxies and clusters of galaxies.

At present, the world's astronomers are pouring over the Atlas for fresh clues to the size, make-up and behavior of the universe.

The population of San Salvador has passed the 2.5-million mark. This means an average of more than 300 persons per square mile.

Lake Orion Boy Struck, Injured by Auto Today

LAKE ORION — Ronald Parks, 14, of 834 Abergami Trail, was struck by an automobile while walking his father, Leigh, deliver milk about 9 a.m. today.

Ronald was crossing to a gas station with milk, in the middle of the block on Broadway St., when hit by a car driven by Donald Hickmott, of 3855 Noble Road, Addison Township.

The driver stated to Lake Orion police that the boy looked in his direction, but apparently did not see his car coming.

Ronald, under observation at St. Joseph Mercy Hospital, Pontiac, Hickmott was not ticketed.

Company Completes Its New Facilities

New manufacturing facilities for the production of automatic, radio-controlled garage door openers have been completed at 545 S. Elton Road, Birmingham, by Berry Industries, Inc., a company spokesman announced today.

The new plant will begin immediately producing the firm's new fiberglass sectional garage door. Bert Smith, formerly vice president and chief engineer for Electric-Lite Co., Gardena, Calif., recently joined the Berry organization to help in developing the new facilities.

The new manufacturing operation boasts the finest in control production facilities required for manufacture of an electronic-controlled product of this type.

Detroit Woman Hurt in Waterford Mishap

Mrs. Edward Gurney, 67, of 12614 Riverview St., Detroit, was in satisfactory condition today in Pontiac General Hospital where she was admitted following an auto accident last night in Waterford Township.

Mrs. Gurney was a passenger in a car driven by her husband, 75, which hit the rear of a car stopped at a signal light on Dixie Highway and Silver Lake Road. Gurney was treated and released at the hospital.

Mackenzie Has Plenty of Space

Western Segment of Northwest Territories Sparcely Populated

WASHINGTON — The lakes are huge, the towns are tiny, and the weather is fantastic in Canada's Mackenzie.

The district of Mackenzie is the western segment of the immense Northwest Territories at the top of Canada, the National Geographic Society says. The Canadian government is considering a proposal to make the district a separate territory with its own local government.

Mackenzie covers 527,000 square miles of mountains, long ridges and valleys, tundra, soggy lowlands, sparse forests, and water.

Only 16,000 people inhabit this vast area, which is twice the size of Texas. A settlement may number as few as three families. The metropolitan, Yellowknife, counts only 3,800 residents.

Water everywhere. Great Bear Lake and Great Slave Lake, fourth and fifth largest in North America, cover a greater expanse than the entire Province of Nova Scotia.

The lakes are major links in Mackenzie's inland water route, even though they are icebound eight or nine months of the year. Great Slave Lake yields nine million pounds of fish annually.

The Mackenzie River is the longest waterway. It stretches 1,200 miles from Great Slave Lake northwest to the Beaufort Sea without a break in navigation.

The mighty river, four miles wide in places, branches into a maze of streams in its delta, which has spread over several hundred square miles.

Britain's Royal Air Force was formed in April, 1918, with the former Royal Flying Corps as its nucleus.

Pontiac, Nearby Area Deaths

JENNIE and GARRIE BECKNER — A private service for Jennie and Garrie Beckner, 3 and 2 years old respectively of 2181 Garland Ave., Sylvan Lake, will be Thursday at 10 a.m. at the Donelson-Johns Funeral Home. Burial will be in Mount Hope Cemetery.

The two children died Monday as the result of an automobile accident in Standish. They attended St. Benedict Catholic Church.

Surviving besides their parents, Mr. and Mrs. Jerry Beckner, is a brother, Stephen, at home.

MRS. WILLIAM J. HURTUBISE — The Rosary will be recited Friday at 8 p.m. at the Donelson-Johns Funeral Home for Mrs. William J. (Mary) Hurtubise, 70, of 110 Kemp St. Service will be Saturday at 11 a.m. at St. Michael's Catholic Church. Burial will follow in Mt. Hope Cemetery.

Mrs. Hurtubise, a member of St. Michael's Church, the Altar Society and the 50 and Up Club of her church, and the Oakland County Cancer Society, died yesterday at St. Joseph Mercy Hospital of a heart ailment.

Surviving are two sons, Charles of Southfield, and Fred of Pontiac; one brother and one sister; and five grandchildren.

MRS. DANIEL JENNINGS — Survivors of Mrs. Daniel (Martha) Jennings include two sons, Bruce of Pontiac and Roy of Harrisburg, Ill.; four daughters, Mrs. Joe Stephens of Pontiac, Mrs. Eva Putnam of Lake Orion, Mrs. Olive Study of Herod, Ill., and Mrs. Van Lay of Lake Orion; 10 grandchildren; six great-grandchildren; and two brothers, James Hart of Pontiac, and Dr. G. B. Hart of Harrisburg, Ill.

The name of one daughter, Mrs. Van Lay, was inadvertently omitted Monday by the funeral home.

ALBERT L. KINKADE — Service for former Pontiac resident, Albert L. Kinkade, 49, of 711 Beechwood Dr., Medina, Ohio, was Monday in Medina. Burial was in Spring Grove Cemetery also in Medina, Ohio.

Mr. Kinkade, a manufacturer's agent and a Mason, died last Saturday at his residence following a long illness.

Surviving besides his wife, Ann, are his parents; three sons, Albert, Gregory and Todd, all of Medina, Ohio; a daughter, Melissa, also of Medina; and a brother.

EDWARD D. TIERS — Service for Edward D. Tiers, 52,

of Phoenix, Ariz., formerly of 103 E. Howard St., will be today at 11 a.m. at the A. L. Moore and Son Funeral Home in Phoenix, Ariz. Burial will also be in Phoenix.

CALVIN E. GRILE — Services for Calvin E. Grile, 55, of 1720 Marylestone Drive, will be 2 p.m. tomorrow at the C. J. Godhardt Funeral Home, Keego Harbor. Burial will follow at the Commerce Cemetery.

Mr. Grile died unexpectedly of a heart attack yesterday at the Rouge Plant of Ford Motor Co., Dearborn.

Surviving are his wife Mary; two daughters, Mary P. and Susan A., a son, Thomas C. and a sister.

MRS. JOHN KRIS — INDEPENDENCE TOWNSHIP — Service for Mrs. John (Winifred E.) Kris, 42, of 5724 Sashabaw Road, will be 1 p.m. Friday at the Lewis E. Wint Funeral Home, Garfield. Burial will follow at Seymour Lake Cemetery.

Mrs. Kris, active in Girl Scouts and Parent-Teacher Association work, died unexpectedly yesterday at her residence.

Surviving beside her husband are her parents, Mr. and Mrs. Fredrick J. Court; a son, Robert, a daughter, Joanne, at home; a brother and a sister.

Judges Switch Parties for Chicago Election

CHICAGO (AP) — Five intended Republican nominees for Cook County superior court judgeships have decided to run as Democrats instead in the November election.

The five notified Hayes Robertson, Cook County Republican chairman, of their decision Monday only a few hours before the GOP platformers were to go into final session to pick candidates.

Heads Group on Aging

CHICAGO (AP) — A Lansing specialist in internal medicine, Dr. Frederick C. Swartz, was elected chairman yesterday of the joint council to improve the health of the aged. He succeeds a Philadelphia dentist Dr. Charles H. Patton.

More than 50 billion eggs a year are needed to meet U.S. consumer demands.

Baptists Protesting Consolidation Trend

KANSAS CITY, Mo. (AP)—The Baptist Bible Fellowship International says it is alarmed about the "growing trend in both Protestant and Roman Catholic circles to bring about consolidation of all communions and denominations."

Delegates to the fellowship's convention adopted a resolution Tuesday declaring "our firm intention of protesting openly and publicly every movement toward organizational unity which compromises the word of God, at the same time maintaining our absolute autonomy."

The fellowship represents 1,251 churches with about one million members. It is independent of the major Baptist organizations.

River and flood forecasting services of the U. S. weather bureau have 85 district offices and four forecasting centers to issue flood warnings for all principal U. S. rivers.

Mariner to Have Brief 'Love Affair' With Venus

By BOB CONSIDINE

NEW YORK — Down through history a lot of mariners have had designs on Venuses, and a substantial number of them have scored direct hits.

But the best we can expect of our \$13.5 million Mariner spacecraft is that it will carry on a flirtation with the planet Venus at the discreet distance of 10,000 miles.

That will suit the matchmakers, the National Aeronautics and Space Administration, in the limitless reaches of space, associations at 10,000 miles amounts practically to intimacy.

NASA also does not seem concerned by the awesome statistic that Mariner will be asked to measure (and transmit back to earth) Venus's temperatures, magnetic fields, radiation and other mysteries of the eternally cloud-enveloped diadem in our heavens while passing the planet at a speed of 91,600 miles an hour.

In a matter of minutes, next Dec. 14, Mariner's work will be

accomplished, provided it survives its 130-million-mile voyage.

It will then slip onward deeper into space to take its place among Soviet and U.S. satellites, presumably, still peering about its brief affair with the loveliest "star" in our skies.

The magnitude of the experiment makes one realize how timid a step man — the creature — has taken in space. The heralded space voyages of Nikolayev and Popovich, magnificent as they were, were but like two small "craft" circling for three or four days inside

Schedule Starting Date for Waterford Activities

Waterford Township's Community Activities, Inc., fall and winter slate of activities will get under way the week of Sept. 17.

Among the new activities this year will be classes in art, accordion and youth fitness. Art classes will be offered for both children and adults, according to CAI director Robert Bauer.

the breakwater of a friendly harbor. They never ventured more than 156 miles from the port of Earth.

SO INSIGNIFICANT!

Our own manned-satellite program, intrepid as it is, fades into bleaker insignificance when compared to what has already been done, is being done, and will be done soon in outer space by little black boxes, sensors, wings laden with solar batteries and other miniaturized wizardry.

If an astronaut had been launched as a passenger within the angular vehicle called Mariner, he would be dead now from lack of oxygen, his own generated poisons, the sizzling radiation of the Van Allen belt, or some other terror of the cosmos which only a machine can endure.

Yet Venus is so close to us, as special distances are measured, that she has been called the "sister of the Earth." Beyond her, other planets which could not be reached by Dec. 14 nor many, many Dec. 14's after that one. At present known speeds, however astronomical, no man could

live long enough to reach the nearest star.

COULDN'T SURVIVE

Indeed, he could not survive even a one-way trip to the vicinity of Venus, the shooting pattern being what it is. The Atlas-Agena-Mariner combination had to "lead" Venus, like a hunter's gun, leads a fast-flying duck. Mariner was shot out of Earth's

Report 6,000 Infants Deformed by Drug

LONDON (UPI) — The Daily Mirror reported today figures show 6,000 deformed infants have been born throughout the world to women who took the tranquilizer thalidomide.

The figures were based on "investigations by national health ministries," the newspaper said. The number of deformed infants born in England was about 300, the report said. It did not list figures from other nations.

atmosphere at 25,500 m.p.h. and aimed for a point in the heavens at which Venus would pass 109 days hence.

A slow 100-million-mile lead, further complicated by the variety of speeds at which Mariner will be traveling as it strives for the rendezvous. It will swoop along at 6,974 m.p.h. for a long time, after spending some time in a parking orbit doing 17,800 m.p.h. and the aforementioned 25,500 m.p.h. escape.

Let's not think about going to the planet Pluto until we see how this short-range shot pans out. The outermost known planet of our inconsequential solar system is 35 times farther away from the sun than we are and needs 248 years to make one lap around that blazing heavenly body which an early baseball writer named Old Sol. What a lead that will be!

If all goes well, and that's a lot to ask, earthlings will learn in a celestial body that has transfixed men's minds beyond recorded history. The Greeks called her Hesperus and Phosphorus, Galileo, Copernicus and Newton pondered her.

Astrologers of the 1500s swore she had a satellite like our moon. She seems to move in her orbit something like a knuckleball, very little rotation.

She has an atmosphere and therefore may sustain some kind of life. It's up to Mariner to intrude upon it, if it is there.

H-Bomb Belt Won't Stop Plan for 6-Orbit Flight

WASHINGTON (UPI) — A hydrogen-bomb created belt of radiation will not change plans for astronaut Walter M. Schirra Jr.'s scheduled six-orbit flight next month.

The space agency said it is

going ahead, at least for the time being, with preparations for Schirra's launch in the last half of September.

The man-made belt of radiation was created by the July 9 explosion of a hydrogen bomb above Johnston Island in the Pacific.

National Aeronautics and Space Administration officials said it appears unlikely that Schirra's flight path would take him through any great concentration of electrons in the new belt.

Files \$600,000 Suit Against Union Man

LOS ANGELES (AP)—Comedian Penny Singleton filed a \$600,000 damage counter suit against an entertainment union official who has a \$200,000 suit pending against her.

Miss Singleton charged Irvin Mazzel, western regional director of the American Guild of Variety

Artists, with libel and slander. She also named as a defendant, Ted Lesser, president of the California Theatrical Agents Association.

Mazzel in his suit filed three months ago charged the star of the "Blonde" movie series with slander.

A 600,000-word electronic dictionary for use in automatic translation can look up words at the rate of 500 per second.

'Roaring Twenties' Star Weds Actress Secretly

HOLLYWOOD (AP) — Actor Rex Reason, 33, star of the television series "Roaring Twenties," was secretly married last Saturday to actress Santa Lang, 27, friends said Tuesday.

The marriage was performed in San Francisco. The couple were reported honeymooning in San Francisco.

Hails America 60 Years After Coming to U.S.

BENTON HARBOR (AP) — The image of America as a land of golden opportunity glowed as brightly yesterday as it did 60 years ago for 73-year-old Henry M. Clays of Benton Harbor.

Now retired after pursuing a number of jobs — bricklayer,

molder, lumberjack and coal miner — which took him from coast to coast, Clays says his adopted land is "the finest country in the world."

He made public his feelings recently at a party for some 60 friends, relatives and neighbors to celebrate the 60th anniversary of his arrival in the United States from Antwerp, Belgium.

Refreshments included a handsomely decorated cake showing the steamship Zealand crossing the Atlantic to America.

Freight Train Kills 3, Injures 2 in Track Gang

ZARAH, Kan. (AP)—A speeding Santa Fe freight train plowed into a gang of track workers Tuesday, killing three and injuring two others in the 12-man gang.

"It is possible the crew did not hear the incoming train as the motor of their work car was running," said a Santa Fe official.

Belts Are the Thing

Figure Must Go In and Out

It takes more dash than cash to turn out in this high paced cotton corduroy by Sue Brett—fresh for every event on your a. m. to p. m. schedule. The slim olive green skirt is accented with a red calico bodice and the jacket is interfaced with matching calico.

College Campus as Term Nears

(Editor's Note: We would like to hear from those students going-to-college whose names have not appeared thus far in our personal column)

Six Michigan State University Oakland students, are representing the MSU Newman Club at the national Newman Club convention being held in Pittsburgh.

This week delegates, among them William Davis, MSU sophomore, son of the William H. Davis' of Hatchery Road, Waterford Township, are attending discussion of science, letters and theology related to the central University City topic.

The convention program is centered in an exploration of the ways in which John Henry Newman's idea of a university answers the questions and solves the problems posed by the separation of fact and value in modern culture.

Other parts of the agenda include, daily Mass, the election of national officers, a night on the town and other various recreational and religious activities.

Ending the convention Saturday will be a banquet and semi-formal dance.

Royce Bunce of Meigs Street, Drayton Plains and Gerald Slade of Birmingham, are two of 57 upperclassmen at Michigan College of Mining and Technology selected to serve as a group leader during Orientation Week Sept. 16-22.

The group leader, who also will serve as residence hall student counselors during the 1962-63 academic year, were selected on the basis of demonstrated leadership abilities. They will arrive on the Michigan Tech campus two days prior to the new students, on Sept. 14, for a short workshop pertaining to their responsibilities for the coming school year.

Royce is the son of Mr. and Mrs. Warren G. Bunce. Gerald's parents are the Clyde G. Slades.

Richard J. Fisher, son of Mr. and Mrs. Joseph Fisher Jr. of Peacock Street, has been accepted at Carthage College and will enter the Illinois campus as a freshman in the fall.

A June graduate of Pontiac Northern High School, Richard has been active in football, basketball and track and intends to major in physical education at Carthage.

Among Mercy College enrollees this fall will be freshman Eleanor Duross who will major in nursing. Eleanor is the daughter of Mr. and Mrs. Dennis P. Duross of Marquette Street.

George G. Dick of Birmingham will enter Michigan State University as a junior this fall. The son of Mr. and Mrs. George C. Dick Jr., he attended the University of Rochester for his first two years of college, where he was affiliated with Alpha Delta Phi fraternity.

Mr. Dick is married to the former Eileen Mundy of New Jersey.

With the race of shape for the American figure based on the waistline, a fresh definition of the figure predominates with a high count of daily good looks.

Contemporary shapes for active young women include a clean look that goes in and out where it should, defining the certain terms of belts in every width. Many of the fuller-skirted dresses, particularly with pleats... box, cluster or fan varieties... are combined with simple fitted bodices and the important belt. Regardless of shape or form, the

look to have now is one of no tricks at all.

The grand illusion of wizardry begins with fantastic tailoring... changes in autumn's paintbox colors... deep clarified blues and jewel-green... browns with revived importance... reds from plump to raisin and poppy to currant.

Wools have a look of more texture... wicker-ish weaves, plushy wool knits... all new blends that are moderately priced embracing lots of variety.

One sure attention-getter throughout the winter months ahead is the important wool flannel. Here Sue Brett combines the wealth of gray flannel and wool plaid in a comfortable silhouette—the standaway neckline is traced with contrasting saddle stitching and the skirt falls into subtle box pleats.

Women's Section

You're Old-Fashioned

Let Dad Help With Baby

By ABIGAIL VAN BUREN

DEAR ABBY: When my daughter-in-law asked my son to diaper the baby, I almost fainted. I never raised my boys to do things like that.

My daughter-in-law has our son making formula and all such sissy stuff a wife should do. I say a man should earn the living and it's the woman's job to raise the children.

When a woman starts showing womanly duties off on a man, he loses stature in the night of others. Please print this. It is getting to be a national disease.

DISGUSTED
DEAR DISGUSTED: I don't see anything wrong with a man diapering babies or making formulas. Perhaps the reason so many children grow up to regard Father as only the money-maker is because Father has fulfilled that function and none other. Raising children should be a joint effort. I'm for it. You rattled the wrong cage.

DEAR ABBY: I have a friend who cannot pass a pinprick without looking at himself. I say it is a sign of conceit.

He says it isn't. He claims he just likes to be sure he looks okay. He is the only boy I know who actually carries a mirror! I would like your opinion of a boy who has to look at himself all the time.

A NAMELESS FRIEND

DEAR FRIEND: Either your friend has no confidence in his way he looks or he is just plain delighted with his own reflection.

Most people who appear to be "conceited" are in reality self-conscious souls who feel inferior and inadequate.

DEAR ABBY: My husband is

in the construction business. (He builds houses and sells them.) But since he's gone into that business I hardly see him any more.

He tells me he has to "show" the houses to customers and he's gone night and day. He is 55, very good-looking and a fast talker.

He was quite a ladies' man some years back, but I thought he was all over that. Should be jealous or should I put him up for sale?

BUILDER'S WIFE

DEAR WIFE: Don't put him up for sale. Somebody might buy him and remodel him.

Ann Marie Pirochta and Frederick J. Staranowicz exchanged wedding vows Saturday before Rev. Francis O'Donnell in St. Michael's Church. An afternoon and evening reception in Waltz Hall followed the noon ceremony.

Parents of the couple are Mr. and Mrs. Louis Pirochta of Shimmons Road and Mr. and Mrs. Ted Staranowicz of Lake Bluff, Ill.

The bride's gown of white silk organza with chapel train featured a scalloped cape collar with lace ruffles accenting the back decollete above streamers of peau de sole. A wreath of Stephanotis secured the triple-tiered veil of illusion. White pompons, Stephanotis and ivy comprised the bride's cascade.

Beatrice Birchmeier was her cousin's maid of honor. Krista Kaasik and Jane Arnold were bridesmaids. They wore gold tone, silk-organza-over-taffeta gowns of street length. Their headpieces were flower clusters with circular veils. They carried a semicircus of yellow, buttercroc, bronze, and white daisy chrysanthemums.

Attending the bridegroom was William August of North Chicago, Ill. Ushers were Louis A. Pirochta, brother of the

bride, and Patrick Haley of Waukegan, Ill.

The couple hold degrees from Michigan State University where the bridegroom is doing graduate work. He is a member of Phi Kappa Phi Fraternity and his bride is affiliated with Phi Kappa Phi honor.

They will live at University Village.

Mrs. Pirochta wore pink silk organza over taffeta and white Carol Anyling ruffles. The bridegroom's mother chose a willow green silk sheath dress with beaded bodice with Mary Jo ruffles and white carnations.

Ann Marie Pirochta and Frederick J. Staranowicz exchanged vows Saturday in St. Michael's Catholic Church. Parents of the couple are Mr. and Mrs. Louis Pirochta of Shimmons Road and Mr. and Mrs. Ted Staranowicz of Lake Bluff, Ill.

The bride's gown of white silk organza with chapel train featured a scalloped cape collar with lace ruffles accenting the back decollete above streamers of peau de sole. A wreath of Stephanotis secured the triple-tiered veil of illusion. White pompons, Stephanotis and ivy comprised the bride's cascade.

Ann Marie Pirochta and Frederick J. Staranowicz exchanged vows Saturday in St. Michael's Catholic Church. Parents of the couple are Mr. and Mrs. Louis Pirochta of Shimmons Road and Mr. and Mrs. Ted Staranowicz of Lake Bluff, Ill.

Mr. John Jr. and Sue Brett team up for this matching box silhouette, summarizing fashion news with this wide-brimmed hat and wool oatmeal tweed. Simplicity is the keynote to this new elegance.

Follies' 'Staff' Is Introduced

Committee chairmen for Women's Auxiliary to Pontiac General Hospital's "High Fever Follies" were introduced Tuesday evening in the hospital auditorium.

General cochairmen Mr. and Mrs. Donald Erickson presented the committee members, many of whom arrived in costumes relating to the theme of this year's show — "Terrorific 20's". Mapping out plans for the Nov. 2 and 3 presentations at Pontiac Northern High School are the following chairmen:

Amina Lennon, finance; Dr. Mary Guthrie, secretary; Robert Flynn and William Belaney, promotion; Mrs. Forest Wood, publicity; Mrs. Charles Crawford and Mrs. L. C. Hadden, tickets; and Mrs. Gene Connell, program and advertising.

HEAD COMMITTEES

Other committee heads are Mrs. John Nicolis and Mrs. Edward Dalton, talent; Mrs. James Clarkson, patrons; the P. A. Rydmans, kick-off party; Dr. and Mrs. Lynn Allen, after-theater party; Mr. and Mrs. Fred Fuller, music; and Mrs. Glen Sanford and Mrs. J. A. Rammes, progressive coffee.

The list continues with Clayton Randolph, liaison; Mrs. Robinson Bronol, teenagers; Patricia Parent, baubles; the Gene Curreys and the Ralph Allens, scenery; Mr. and Mrs. William Fox, costumes; and Cyle Haskill, photographer.

George Phillips is movie cameraman; Mrs. Alex Cap-salis is in charge of merchandising; Mrs. Raymond Rapaport, housing; the Wesley Stewarts, properties; Mrs. Robert Shorey, ushers; and Mrs. Robert Nelson, courtesies.

Concluding the list are Mrs. Lloyd Tindler, scenery; Anthony Charrill, stage personnel; board of trustees, Pontiac General Hospital, reception; Mrs. Chris Kontos, posters; Mrs. Kenneth Vandenberg, keystone cap costumes; Mrs. Robert Elsie and Thomas Horwitz, make-up; Les Langford, pencil pointers; steering committee members Mrs. Wood, Mrs. S. V. Sekles, auxiliary president; Mrs. William Dean, Dr. Allen and Mr. Rydman.

It was also announced that the talent kickoff party will be Oct. 16 at the Elks Temple.

Agenda for the year will be discussed, the society hand-out will be reviewed and members will plan the annual benefit sale.

Tell Pal Telephone Etiquette

By The Emily Post Institute

Q: I share an apartment with two other young business women. We get on very well together except for one thing. One of the young women has a habit which I find most annoying. Whenever anyone calls me on the telephone, she will ask, "Who is calling?"

A: I would not be at home I could see her doing this but she asks this question even when I am right there in the apartment.

I don't think she has any right to do this and I resent very much having my calls "screened" by her.

She says she is perfectly right to ask who is calling. May I please have your opinion on this matter?

A: When you are not at home she is right to ask, "Who is calling," so as to tell you who called when you return, but when you are there she should not ask this question unless there is someone you do not wish to speak to and you have instructed her to ask it.

Q: I would appreciate your answering the following question for me: When a man is standing on a bus or subway train and after awhile one of the passengers gets up, may he, without being thought impolite, take the seat or must he let a woman who is standing nearby take the seat?

A: If the woman need only take a step or two to reach the seat, it would be very impolite for the man to take it.

Q: I invited several friends to dinner recently. One of the guests handed me a box of candy. I thanked her for it but did not open it and pass it around.

My husband thinks I was wrong not to have done so. Will you please give me your opinion?

A: You should have opened it, commented on how delicious it looked and added, "We'll have them after dinner."

Should the tissue papers be removed before mailing wedding invitations? The answer to this question as well as the correct wording of wedding invitations and announcements will be found in the new Emily Post Institute booklet entitled "Wedding Invitations and Announcements." To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to the Emily Post Institute, care of The Pontiac Press.

Sorority Sets Fall Meeting

Zeta Eta Chapter of Beta Sigma Phi Sorority will hold its first fall meeting Tuesday at the home of Mrs. James Anthony of Ross Drive, Waterford Township, 8 p. m.

Agenda for the year will be discussed, the society hand-out will be reviewed and members will plan the annual benefit sale.

Married in Noon Ceremony

Ann Marie Pirochta and Frederick J. Staranowicz exchanged wedding vows Saturday before Rev. Francis O'Donnell in St. Michael's Church. An afternoon and evening reception in Waltz Hall followed the noon ceremony.

Parents of the couple are Mr. and Mrs. Louis Pirochta of Shimmons Road and Mr. and Mrs. Ted Staranowicz of Lake Bluff, Ill.

The bride's gown of white silk organza with chapel train featured a scalloped cape collar with lace ruffles accenting the back decollete above streamers of peau de sole. A wreath of Stephanotis secured the triple-tiered veil of illusion. White pompons, Stephanotis and ivy comprised the bride's cascade.

Beatrice Birchmeier was her cousin's maid of honor. Krista Kaasik and Jane Arnold were bridesmaids. They wore gold tone, silk-organza-over-taffeta gowns of street length. Their headpieces were flower clusters with circular veils. They carried a semicircus of yellow, buttercroc, bronze, and white daisy chrysanthemums.

Attending the bridegroom was William August of North Chicago, Ill. Ushers were Louis A. Pirochta, brother of the

bride, and Patrick Haley of Waukegan, Ill.

The couple hold degrees from Michigan State University where the bridegroom is doing graduate work. He is a member of Phi Kappa Phi Fraternity and his bride is affiliated with Phi Kappa Phi honor.

They will live at University Village.

Mrs. Pirochta wore pink silk organza over taffeta and white Carol Anyling ruffles. The bridegroom's mother chose a willow green silk sheath dress with beaded bodice with Mary Jo ruffles and white carnations.

Doctors Often Uncouth

By DR. GEORGE W. CRANE
Case N-408: Jim K., aged 29, is a talented dentist.
"Dr. Crane," a school teacher of his town informed me, "I was recently invited to attend an open house."
"The host had recently met this young dentist, so he thought it would be nice to invite him to the party, along with his wife."
"And they proved to be a very good looking, attractive couple."
"So I mentally decided maybe I had better go to see him next day about one of my teeth, for a piece of it had chipped off the day before."
"My dentist is getting elderly and is so swamped with patients that I felt it might benefit both myself and the new dentist to make the change-over."
"Fortunately, I hadn't mentioned this out loud. For within a few minutes, this dentist began to quarrel with his wife over family finances."
"Mind you, Dr. Crane, they were total strangers to everybody but the host. And our host had invited them largely so they could get acquainted

with a score of people in our town. Even the host's wife had never met them prior to the party."
OFFENDED
"So many of us who might easily have become patients of the new dentist, were actually offended by his lack of attention to the social amenities."
"It seems to me that any young doctor would be smart enough to know better than to air the family linen at a party among strangers."
"Don't our medical and dental colleges give their students any instruction in good manners and the social amenities?"

Alas, it is generally assumed by our professional schools that the parents of our students should have tutored them in social manners long before they reach college.
But some medical, dental and other professional graduates are often uncouth.
That holds true even of some of the esteemed scientists who serve as professors.
At Northwestern Medical School, one of our leading psychiatrists used to stand before the students and dig out his external ear canals with the plastic end of the temple bar of his eyeglasses!
After he had then scooped out the ear wax, he'd lick it off and swallow it, without

even breaking the thread of his discourse."

Even most of the male students could hardly stomach this childish disregard for social amenities."

Another professor there would pick his nose; then lick his fingers like a toddler, even while he stood lecturing in front of the class of brilliant medical seniors."
MISFITS
So these misfits often slip through. But Dr. Jim did himself and his attractive wife a serious injury by thus feeding in public about anything—and especially their personal financial matters."

For he not only offended several potential new patients, but their unfavorable talk may alienate scores of others in the next year.
When a doctor or a salesman starts out "cold" in a new location, he needs to use all the aids possible to get his practice into full scale. Even then it may require several years to reach top volume.
So watch for tomorrow's follow-up."

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 4-cent stamped, self-addressed envelope and 25 cents to cover typing and printing costs when you send for his psychological charts and pamphlets. (Copyright, 1962)

Officials of the Lakeland Players, Waterford Township theatrical group, are already busily engaged planning for the 1962-63 season which begins in November. Discussing the opening production,

"The Caine Mutiny Courtmartial" are, from left, Jimmy Starnes, Mrs. Harry Crigger, Mrs. William Aebersold and Bill Solley.

Lakeland Players Eye Best Year

With three years and 10 plays/tainment for the community and behind them, the Lakeland Players at the same time to afford an outlet for artistic expression by the members.

The Waterford Township theatrical group, organized in the fall of 1959, now has 40 active and as many supporting members who come from all walks of life.

"Contrary to what might be expected, most of the members had little or no dramatics experience before joining the group," Mrs. William Aebersold, Players' vice president, explained.

Experience and knowledge gained with each succeeding show has been evident. A Drayton Plains theatergoer who has seen most of the shows to date commented that the plays have been increasing better.

The observer rated both "Mr. Roberts" and "The Crucible" excellent. Both were staged during the past season, the former attracting a standing-room-only audience last November.

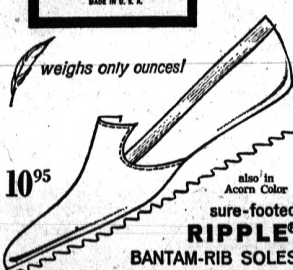

Plays for the coming season were selected by the organization's executive board at its regular summer meeting.

"The Caine Mutiny Court Martial" based on Herman Wouk's novel, "The Caine Mutiny" will be staged Nov. 9-10 at the Waterford Community Center on Williams Lake Road, Waterford Township, the setting for all the group's productions.

"The Women" will be staged March 15-16 and the 1962-63 season will conclude with "The Desperate Hours" May 23-24.

SEATING LIMITED
"Due to a limited seating capacity at the building, all our plays are in three-quarter, round, or complete round staging," Mrs. Aebersold said.

Following the business meeting luncheon was served by Mrs. Mills and her committee. Assisting her were Mrs. Fred Fuller, Mrs. Charles J. Barrett and Vera Bassett.

Gracious Remark Helps Daily Living

By RUTH MILLETT
Newspaper Enterprises Assn.

Among life's brighter moments for woman are:
Having guests ask her for the recipe of a dish she has served and being able to say proudly that it is her own invention.

Being told she doesn't look a day over any age that happens to be 10 years younger than she actually is.

Having someone ask her the name of her decorator when she has "done" her house without anybody's help.

Finding when she does buy a dress that she can wear a size smaller than she has been wearing.

Having a child who has been in the "Oh, Mother—" stage for a long time begin to show respect for mom's opinions and suggestions.

Having a baby sitter tell her what well-behaved children she has.

Finally getting up the nerve to change her hair color and feeling like a different person every time she looks in a mirror.

Finding the dress she thought she couldn't afford on sale for half price.

Feeling well-dressed in an outfit she has made herself.

Finding exactly the right gift for someone usually hard to buy for.

Having guests call up the day after a party to assure her it was a wonderful evening.

Making something with her own hands that adds a nice touch to her home.

Finishing the seasonal job of housecleaning and looking around with well-earned satisfaction at the results.

Small things? Of course! But they're bright moments just the same.

Another of life's brighter moments: Ruth Millett's Booklet, "Tips on Teen-Agers," Mail 25 cents to Ruth Millett Reader Service, care of The Pontiac Press, P. O. Box 488, Dept. A, Radio City Station, New York 19, N. Y.

Can't Dig It

"You cannot dig a well with a needle," says an old Turkish proverb, so let that clue help you to come prepared for anything you tackle.

About one-half the families in the U.S. own their homes.

Have You Tried This?

Brown Sugar, Walnuts Good in Banana Cake

By JANET ODELL

Pontiac Press Food Editor

It's been a long time since we have published a recipe for banana cake. Perhaps some of our younger readers don't have one and will welcome this.

Mrs. William Morgan of Rochester is a member of the Rochester Women's Club and is going to put out their paper next year. She likes to knit.

BANANA LOAF CAKE

By Mrs. William Morgan
1 cup shortening
1 teaspoon vanilla
1½ cups brown sugar

2 well beaten eggs

2 cups flour

½ teaspoon salt

1 teaspoon soda

½ cup sour milk

1 cup banana pulp

½ cup walnuts

Thoroughly cream shortening, vanilla and sugar.

Stir in sifted dry ingredients alternately with sour milk and banana pulp. Mix just until smooth. Stir in nuts.

Add eggs. Beat thoroughly.

Line a 5x9 loaf pan with wax paper. Pour in batter.

Bake at 350 degrees for 60 minutes. Makes 1 cake.

Just Learn to Live With It

Perspiration a Problem

By JOSEPHINE LOWMAN

A letter from a reader says, "I can't beat it, learn to live with it." The letter came after this woman had read my recent column concerning excessive perspiration.

In case you missed that column, I said that a distinguished dermatologist told me that such perspiration is usually due to extreme nervousness.

This reader has some additional

helpful hints for those who have this difficulty. While this is not a serious condition, it is an annoying and embarrassing one. It is also expensive because it often ruins clothes.

HER LETTER

"Dear Mrs. Lowman: Your recent column about excessive perspiration was a boon to my soul! It gave me no misadventure cure, but the fact that other people have had to cope with the same situation was a comfort and a consolation.

"At different times I have asked doctors for help, but only got a polite, 'If that's all you have the matter with you, you are lucky kind of retort.

"Over the years I have worked out the following plan. While it may not be the most glamorous, it can be attractive and it may give other women a little comfort.

"I wear absorbent lingerie, and

Marriage Vows Told

Marlene Frances Colburn and Harris A. McBride exchanged vows Aug. 4 in Em-bury Methodist Church, Southfield, before Rev. Samuel Stout.

Parents of the couple are the Albert Colburns of Birmingham and Mr. and Mrs. Harris McBride of Southfield.

A reception in Devon Gables followed the ceremony. The couple is now living in Ferndale.

Astronautical

(UPI)—New York's garment district's jumping with the jump suit for children. Possibly inspired by astronaut's gear, the all-in-ones are practical for play on earth. The fabrics: stretch types, suede cloth, and jersey.

Spark Up Potato Dishes

Want the fastest, tastiest potato dish recipe ever? Slip a tall can of these tiny potatoes into a pot — they have their own juice — and heat. Put into a serving dish, sprinkle thyme over them and melt butter over that so that potatoes are thoroughly covered. Even your

Is Very Chanel

The Paris pea coat silhouette has been picked by makers of children's coats and sportswear. In smaller doses, suits with braided cardigan jackets look very Chanel, says Women's Wear Daily.

Residents Plan Active Day at Lotus Lake

Residents in the Lotus Lake area are planning an activity-packed day Saturday beginning with a parade of decorated boats early in the afternoon and climaxed by a dance that night.

Sandwiched in between will be swimming competition, children's activities and a gigantic fireworks display at 8:15 with Capt. Clayton Soncraine of the Waterford Township fire department at the helm.

The parade of boats or "Boat-a-Rama" is slated for 1 p.m. Prizes for best decorated boats will be awarded in three categories, pontoon, speed and row boats.

Mrs. John Taylor, of Lotus Drive, Waterford Township, is general chairman of the fun day.

Be Good Listener to Know Your Child

By MURIEL LAWRENCE
Newspaper Enterprise Assn.

Driving alone with his psychiatrist father, an 8-year-old boy watched the crowded traffic and said, "See that motorcycle. Dad? It's much littler than cars."

"So it is," said the father. The child was silent for a minute before suddenly asking, "Daddy, is TNT more powerful than dynamite?"

"Yes," said his father. "Much more powerful."

Wriggling a little in his seat, the boy said, "And an atom bomb, Daddy? What's more powerful — TNT or an atom bomb?"

It is his father's special skill to listen for the question that people do not know they want to ask him. So, in replying to this question, he was preparing to listen carefully to the next one.

He said, "An atom bomb is much more powerful than TNT."

"But a hydrogen bomb — that's even more powerful than an atom bomb, isn't it?" his son asked.

"Yes," said his listening father.

"I never want a motorcycle,"

said the child. "Two big cars could come along and CRASH! — they could squash that little motorcycle so there wouldn't be anything left of it. I just want to ride in cars, Daddy. I don't ever want to ride on a motorcycle."

★ ★ ★

You scared of being squashed by a hydrogen bomb?" his father said.

It turned out that his 8-year-old had been quite scared of this possibility. But it took mighty careful listening to discover it. If a friend tells you 10-year-old

Mr. and Mrs. John Nauman of Lamont Street, Waterford Township, celebrated their golden wedding anniversary Sunday during an open house in their home for some 100 friends and relatives.

The greatest snowfall in New York City occurred Dec. 26-27 in Imperial Valley, now a fabulous garden center, was reclaimed from land once believed to be useless.

Pair Wed in Evening Ceremony

Betty Jean Taylor Jenkins of Lotus Drive, Waterford Township, and Douglas G. Taylor exchanged vows Saturday evening in Donelson Baptist Church before Rev. Lee LaLone.

A reception for 200 guests was held following the ceremony in the Waterford Community Center.

Parents of the couple are the living Taylors of Pompey Street, Waterford Township, and the Norman Taylors of Union Lake.

Wearing a blue lace-over-taffeta gown, the bride chose a white feather hat with a blue flower veil. Her bouquet consisted of lilacs of the valley and white carnations.

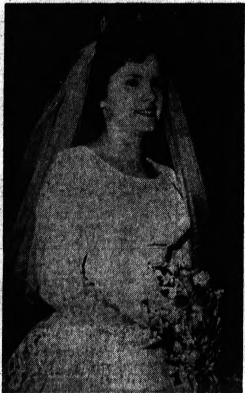

The bridegroom's sister-in-law Mrs. John Taylor was matron of honor in a candied apple red dress and pink roses and carnations.

Best man was John Taylor, brother of the bridegroom; ushers were Theodore Taylor, brother of the bride, and Stuart Taylor, brother of the bridegroom.

After a honeymoon in northern Michigan the couple will reside on Lotus Drive, Waterford Township.

Mother of the bride chose a blue lace sheath dress with a corsage of pink roses and carnations. The bridegroom's mother chose a gold sheath dress with a corsage of Mary Jo rosebuds.

MRS. RICHARD D. VANDERKOLK

Nuptials Solemnized

Patricia E. Worth and Richard D. Vanderkolk exchanged vows Saturday evening in the First Assembly of God Church before Rev. Arnold Hashman. Parents of the couple are the Russell Worths of East Walton Boulevard and the Raymond Vanderkols of Keego Harbor.

A reception for 150 guests immediately followed the ceremony in the Veterans of Foreign Wars Hall, Keego Harbor.

Parents of the couple are Mr. and Mrs. Russell Worth of East Walton Boulevard and Mr. and Mrs. Raymond Vanderkolk of Keego Harbor.

Her rachelle lace-over-satin gown featured a bouffant floor-length skirt with a satin bow in the back. A diamond shaped crown of pearl and crystal secured the pure silk illusion fingertip veil.

She carried cascade of pink and white roses and stephanotis.

Serving as maid of honor was Bernetta Mero of Montcalm Street. Bridesmaids were Joan Davis of Euclid Street and Connie Gough of Bensenville, Ill., a cousin of the bridegroom. The bride chose pink and white pompon gladioli.

Niece and nephew of the bridegroom Rita Vanderkolk of West Tennyson Street and Robert Avery of Monterey Street served as flower girl and ringbearer, respectively.

Best man was Ralph Vanderkolk, the bridegroom's brother. Ushers were Duman Williams of Drayton Plains brother-in-law of the bridegroom and Ronald Gough of Bensenville, Ill., the bridegroom's cousin.

The mother of the bride wore a navy blue silk sheath with an overjacket and bronze pompon carnations. The bridegroom's mother chose a blue linen sheath dress with pink and white pompon carnations.

Couple Honored

A surprise open house honoring the 25th wedding anniversary of J. Frederick Cockerle was held by their daughters, Jeanette and Margaret Cockerle at their Miami Road home Saturday evening.

Assisting the hostesses were J. Stanley Terry, Mrs. Kenneth Scott, Mrs. Neil Crandall, Bebe Terry and Amy Burke.

Approximately 150 guests arrived to greet the honored couple.

From Saginaw came Mrs. Richard Parson, Mrs. Cockerle's sister, who had attended her as bridesmaid. Other out-of-town guests were from Flint, Alma, Farmington, Warren, Holly, Detroit, and Bay City.

Letter Trade 'Satisfactory'

White House Is Vague on Kennedy-Adenauer Exchange of Notes

WASHINGTON (AP) — Letters have passed between President Kennedy and Chancellor Konrad Adenauer of West Germany in what the White House described yesterday as "a very satisfactory exchange."

Presidential press secretary Pierre Salinger so characterized the exchange, but said he wouldn't go into specifics. This was in answer to a question as to whether Adenauer's letter — a reply to an earlier one from Kennedy — made some reference to former President Dwight D. Eisenhower.

Eisenhower recently conferred with Adenauer in Bonn.

At the time Kennedy wrote the chancellor, the White House said the letter dealt with a range of international problems, particularly those affecting Berlin and Germany.

A story in the New York Herald Tribune said Adenauer, in his letter to Kennedy, expressed full confidence in American nuclear strategy in Europe and said Eisenhower had helped him to understand Kennedy's problem.

'Junior Colleges Best Answer for Manpower'

ANN ARBOR (M)—Junior colleges are the best answer to America's growing need for skilled man power, a University of Michigan professor said today.

Associate Professor Norman Harris of the center for the study for higher education said that by 1970 nearly 50 per cent of the nation's work force will be in semiprofessional, technical and highly skilled job classifications.

The junior college, he said, can best balance the technical training needed with college-level courses in English, history, mathematics and economics.

AP Photos

"WE NEED YOU, DOROTHY" — Elmer O. Anderson, 54-year-old free lance writer from Westminster, Md., parades in front of Johns Hopkins Hospital in Baltimore with his boxer dog, Champ. Mrs. Anderson, a nurse at the hospital, was not impressed by the sign asking her to return home. She said she doesn't plan on seeing her husband again.

Mum on New Satellite

VANDENBERG AIR FORCE BASE, Calif. (AP)—A Thor-Agena rocket — combination carrying a satellite was launched Tuesday. The Air Force declined to give further details.

Thirty-five per cent of Canada's total area is forested.

Michigan Traffic Impresses Visitors

ANN ARBOR (UPI) — "What will be, will be," is the attitude which adds extra headaches to his work, according to an Italian highway engineer who just completed a tour of Michigan highways with engineers from 15 countries.

"In my country, there is almost total disregard for such things as stop signs," according to Giorgio Moraldi, Rome, Italy.

"When traffic is light, it is nothing for one of my countrymen to run a stop sign at 40 miles an hour. If he crashes, he crashes," Moraldi said.

Moraldi said he was impressed by the respect Americans have for traffic signals, however.

On his arrival to the United States, Moraldi took an early morning walk on a street in a large Eastern city.

PLEASANT SURPRISE

"There was only one car on the street, but the driver stopped for the stop sign, looked all around, and carefully crossed the intersection when he saw there were no cars coming," he said.

"I was pleasantly surprised by his humane performance," Moraldi said.

The highway death rate in Italy is higher than in the United States, he said, but added that Italian authorities were beginning to crack down on reckless drivers.

Michigan's highways also came in for some kind words from Dr. A. R. Lee, deputy director of England's Road Research Laboratory and an international authority on highways.

Lee called the state's highways "well advanced." The foreign engineers concluded a three-day tour of Michigan highways Sunday following an international conference on construction of asphalt highways held at the University of Michigan in Ann Arbor.

The engineers represented Puerto Rico, Germany, Holland, France, Argentina, Denmark, Finland, Mexico, Norway, Sweden, Japan, the Netherlands, England and Italy.

The U. S. Census bureau was the Departments of Labor and made a permanent part of the Commerce which were established government in 1902. It predates about 1903.

British Guiana Bank Robbed of \$112,000

GEORGETOWN, British Guiana (AP)—Four masked men held up a Royal Bank of Canada cashier Tuesday and got away with \$112,000, police said.

The bandits entered the bank just as the money was about to be transferred to Mackenzie, a bauxite mining town, 65 miles up

the Demarara River, and forced the cashier at gunpoint to hand over the money.

Kelley Has Operation

LANSING (AP)—An operation to remove a polyp from the vocal cord of Atty. Gen. Frank J. Kelley was termed successful yesterday. Physicians said Kelley will be able to use his voice a week from today.

For Her Beloved Nieces

Mamie Shops for Hearts-Flowers Veil

By RUTH MONTGOMERY

WASHINGTON — Former First Lady Mamie Eisenhower did some bit, Mamie summoned tradesmen to her hotel suite to exhibit wedding veils.

After rejecting the Irish lace

as a bit too coarse, she finally settled on an antique wedding veil of gossamer sheer Brussels lace, which set her back seven hundred dollars.

The money, however, will be repaid. The shopping was complicated by Mamie's two nieces, Mamie and Ellen Moore, the pretty post deb daughters of her only sister, Mrs. George Gordon Moore, who have a joint hopechest.

SHARED FAME

The girls also share two joint claims to fame. As little misspeters they were once waylaid on their way home from school by an enterprising "enquiring" reporter named Jacqueline Bouvier, and griffed about their famous Uncle Ike in the White House.

Mrs. Moore was so furious when the story hit the front page that she telephoned Jackie's newspaper boss to complain about "such tactics."

This is the same Jackie who presides over the Executive Mansion, and who exercises a mother's precaution in protecting her own two children from the enquiring press.

The other time that Mamie and Ellen Moore made the headlines was seven years later, when their Aunt Mamie entertained with a debutante tea in their home at the White House.

Neither Ellen or Mamie has set a wedding date for modeling the veil. As a matter of fact, neither as yet has a fiancé. Like any other attractive young girls their age, however, they confidently expect to be altar-bound one of these days, and in an uncertain world like this one, it pays to be prepared.

A GLITTERING BALL

Jackie's plans for the extravaganza far eclipse Mamie's staid tea, since Janet is to have not only a tea, but a glittering ball at the White House.

This should definitely clinch the "Debutante of the Year" title for willowy young Janet, just as Jacqueline herself was proclaimed "No. 1 debutante" by society columnist Cholly Knickerbocker after her coming out ball in fashionable Newport, R. I. a decade and a half ago.

Jackie, 15 when Janet was born, wrote of the new addition to the family:

"Listen, my children, and you shall hear of a thing that delighted the hemisphere. It was nineteen hundred and forty-five when Janet Jennings became alive. She made all the headlines far and near and became the baby of the year."

The poem continued for several more stanzas, ending with a "crystal ball" prediction that Janet would one day become "the first woman president."

Some other prognosticators have vividly predicted that the "family dynasty" will pass from JFK to Bobby to Teddy Kennedy. In that event Janet, whose father is a Republican, will have to wait her turn in line.

A couple of years before Janet Jennings Auchincloss was born, Jackie became the stepdaughter of Nina Auchincloss when her mother married Nina's father, Hugh.

Jackie was nearly 13 at the time, and her sister (now Princess Lee Radziwili) was 8.

Nowadays while Jackie and Lee are enjoying a headlined vacation at Ravello, Italy, Nina Auchincloss Steers is busily campaigning in nearby Maryland for the election of her husband, Newton I. Steers Jr., as congressman-at-large.

President Kennedy has promised to do some campaigning in Maryland this fall, but it won't help his stepbrother-in-law. The Steers, like Jackie's stepfather are staunch Republicans.

Store Manager Fined on Employment Charge

David Hans, manager of Spartan Department Store, 2045 Dixie highway, yesterday paid a fine of \$75 and \$35 costs after pleading guilty to a charge of employing women over 10 hours a day.

Charges were brought by Inspector Grace Olsen of the Michigan Department of Labor. Hans appeared before Justice Patrick Dwyer of Waterford Township.

To Join in Maneuvers

BAHIA BLANCA, Argentina, (AP)—This country's only aircraft carrier, the British-built Independence, will sail Sunday to join United

States, Uruguayan and Brazilian warships in the third edition of "Operation Unifas," an anti-submarine maneuver in the South Atlantic.

Kelley Queried on State Court Decision

Replies to GOP on Reapportionment Verdict

LANSING (U-P) — State Atty. Gen. Frank J. Kelley yesterday provided the answers to 21 questions submitted to him by Republican senators on the Michigan Supreme Court's decision on Senate reapportionment.

Kelley told the senators in his 13-page written reply that most of their questions had been rendered academic by a U. S. Supreme Court justice's order to stay the effect of the court ruling.

"The stay order makes them moot," said Deputy Atty. Gen. Leon Cohan, "but we are answering them because it is our obligation to do so."

The state court ruled in the case brought by Michigan AFL-CIO President Arthur J. Schutte that the present districting of the State Senate is unconstitutional.

It ordered the legislature to prepare a new apportionment plan of 32 districts based on population and acceptable to the court's terms. It said an at-large election would be ordered if the legislature could not comply.

Four GOP members of the Senate Judiciary Committee, led by Chairman Carlton H. Morris, R-Kalamazoo, charged that the Michigan court decision was "politically motivated" and demanded that Kelley provide his opinion on the questions.

U.S. Justice Potter Stewart later granted a stay of execution on the state court order to alter the Senate. The case is to be submitted for review by the full federal court.

Justice Paul L. Adams, who had opposed the Schutte suit as attorney general, abstained from the vote, which went 4-3 along strict party lines, and one of the questions asked by the senators was whether a decision by "less than

Alabama Dems Obey Court on Representation

MONTGOMERY, Ala. (AP)—Democrats in Alabama have refused their list of nominees for the state legislature in line with federal court orders to give urban areas more representation.

Voters in 21 of the state's 67 counties cast ballots Tuesday in a special primary called after the court's unprecedented action last month in reshuffling the lawmakers by judicial decree.

Jefferson County, the state's

James K Section Declared One-Way

James K Boulevard became a one-way street northbound from Smith Drive to Voorhees Road at 9 a.m. this morning, according to city officials.

Changing that portion of James K from a two-way street to a one-way street was ordered by Pioneer Highlands subdivision easement.

It will also prohibit traffic from turning onto James K from Voorhees, warned Atty. City Manager David S. Teel.

Democratic nomination is equivalent to election in Alabama.

Recount Slims Margin

TRAVERSE CITY (U-P) — A recount showed that Leelanau County Sheriff Robert White's margin was three votes—not nine—but he still was certified the winner Tuesday by the Republican nomination for re-election. Richard Steffens had asked for the recount. White is finishing his 24th year as sheriff.

See Difference in Egg Salad

Swiss Cheese Strips
Add Hearty Flavor
Tomatoes Color Note

A chilled, well-seasoned egg salad, crusty French bread spread with plenty of butter, a tall glass of icy cold milk—shades of summer! But this sounds like a typical ladies' luncheon menu.

Typical it isn't though. For egg salad heightened by strips of Swiss cheese as in this Tomato Swiss Salad is in a class by itself. Sweetly pungent with a faint nutty flavor, Swiss cheese is a versatile year-round food to add variety to family favorites.

Too often we think of Swiss as wholly Dad's cheese, to be layered between thick slices of rye and smothered with a soupy butter spread. But Swiss was designed for ladies, too, as witness by its frequent inclusion in chef's salad where it adds substance to greens.

Swiss cheese is not the only dairy food that makes this salad unusual. If you have not used dairy sour cream to bind salad ingredients, try this recipe. Nippy flavored sour cream enhances the flavors of other foods, is lower in calories than many other dressings and has a velvety smoothness all its own. You'll like it.

Tomato Swiss Salad
3 hard-cooked eggs, chopped
¼ pound sliced Swiss cheese, cut in small strips
¼ cup chopped green pepper
½ teaspoon horseradish
¼ teaspoon salt
¼ teaspoon pepper
½ cup dairy sour cream
8 tomato slices
4 lettuce cups
Hard-cooked egg slices (optional)

Lightly toss together eggs, cheese and green pepper. Gently fold horseradish, salt and pepper into sour cream; lightly mix with cheese-egg mixture. Arrange tomato slices in lettuce cups. Mound cheese-egg mixture on tomato slices. Garnish with hard-cooked egg slices, if desired. Makes 4 salads.

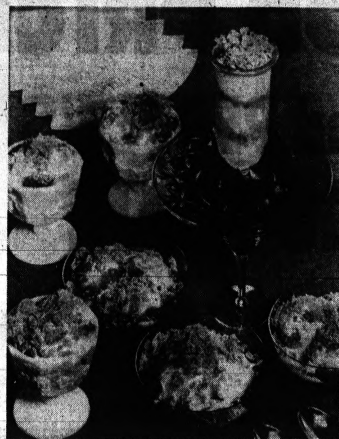

TOMATO SWISS SALAD.—A bright red tomato slice peeks out beneath a salad topping of hard-cooked eggs tossed with strips of Swiss cheese in a pungent sour cream dressing.

Bake Brownies in Muffin Cups

Oatmeal Adds Good Nutrition to Moist Spicy Chocolate Patty

Jumbo Joe Brownies are cleverly baked in individual portions. They are moist and delicious, with a hint of cinnamon. Good candidates for the freezer, they can be made weeks in advance of eating time.

Jumbo Joe Brownies
¼ cup butter or margarine
1 package (one or 1 cup) semi-sweet chocolate pieces
2 eggs
¼ cup sugar
1 teaspoon vanilla
¾ cup sifted all-purpose flour
¼ teaspoon salt
¼ teaspoon baking powder
¼ teaspoon cinnamon
¼ cup oatmeal
¼ cup chopped walnuts
Melt butter in a saucepan. Add chocolate pieces. Keep over very low heat, just long enough for chocolate to soften. Stir constantly. Remove from heat. Let cool.
Beat eggs until very light. Add sugar gradually, beating until light and fluffy. Add vanilla, melted butter, flour, salt, baking powder and cinnamon. Add oatmeal. Add chocolate to egg mixture. Fold in flour mixture and nuts.
Line medium-sized muffin cups with greased baking cups. (Use 12). Spoon batter into cups. Bake in 350 degree oven 25 to 30 minutes or until centers test done. 12 cakes.

CRUNCHY LIME COOLERS.—Crunchy Lime Coolers are lumpy and attractive, either as parfaits or sundaes. They're made with ice cream, a sparkling sauce of fresh limes and bite-size shredded rice biscuits that have been coated with sugar and grated lime peel.

Whipped Cream Circles Tops on Cherry Gelatin

Experimenting in the kitchen always is fun. Here is a recipe for a delicious blue cheese cherry freeze, which is ideal for summertime entertaining. Younger cooks looking for a warm weather specialty will appreciate this frozen treat, which will impress "friend hubby" relatives and guests.

Blue Cheese-Cherry Freeze
1 package black cherry gelatin
2 tablespoons lemon juice
2 cups canned sweet pie cherries, drained
¾ cup crumbled American blue cheese (about 4 ounces)
½ cup cream
1 cup whipping cream
¼ cup confectioners' sugar

Place paper baking cups in muffin tin and fill with the cheese mixture. Freeze firm.

When ready to serve, cut jellied black cherry gelatin into 3-inch circles with cookie cutter and place on greens.

WHIPPED CREAM CIRCLES.—Whipped cream circles topped with cherry gelatin.

Zest of Lime Peel Is Highlight of Cool Parfait

Isn't it the truth? No matter how fancy or how simple, a parfait is the perfect ending to nearly every meal. Here's one, too, without a cherry on top.

Crunchy Lime Cooler is made with vanilla ice cream, fresh lime juice and delicate bite-size shredded rice biscuits. This is a make-ahead dessert. The fresh lime sauce will keep in the refrigerator at least a week. The cereal flavored with sugar and lime peel can be made several days ahead and stored in cake tins.

Once you've tasted this delicious cereal prepared this way, you'll want to make a double batch. Serve half as nibbles at your next bridge party or to the youngsters, and crush the other half to use in the lime parfait.

It really doesn't make any difference whether you have parfait glasses or not. If you do have them and have room in the freezer, you can make Crunchy Lime Coolers a week or two ahead of time. If you have thick milk glass sherberts, you can also freeze them. However, don't try to put a thin sherbert glass in the freezer or even in the refrigerator. It will crack when you remove it from the cold air to the warmth.

Serve Crunchy Lime Coolers as sundaes. Your guests will love the color of the cool green lime sauce contrasted with the white ice cream and glistening golden brown of the crushed bite-size shredded rice biscuits.

Crunchy Lime Cooler
2 tablespoons melted butter or margarine
2 teaspoons and 1 teaspoon grated lime peel
2 cups bite-size shredded rice biscuits
¾ cup and ½ cup sugar
¼ teaspoon salt
4 teaspoons cornstarch
¾ cup lime juice
¾ cup water
2 drops green food coloring
1½ teaspoons butter or margarine
3 cups ice cream

Combine melted butter and 2 teaspoons grated lime peel. Toss cereal in mixture to coat. Sprinkle ½ cup sugar over cereal. Cook over low heat 5 minutes to crisp. Cool on absorbent paper.

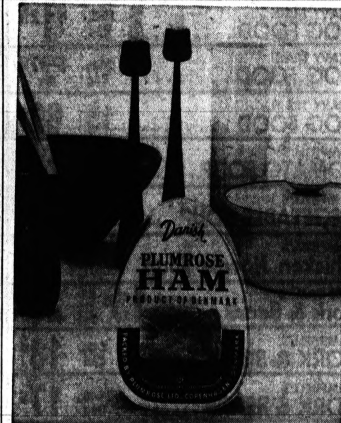

Combine ½ cup sugar, salt and cornstarch. Add lime juice, water and food coloring slowly. Stir over low heat. Boil 3 minutes. Remove from heat. Add remaining butter and lime peel. Cool.

Crush cereal to 1 cup. Place a scoop of ice cream in the bottom

of each parfait glass. Add 1 tablespoon sauce and 2 teaspoons crushed cereal to each. Repeat. Add another scoop ice cream. Top each with 2 teaspoons cereal. Place in freezer for at least 1 hour. Yield: 8 parfaits—1 cup sauce.

Sherbet Cooler

A delightfully refreshing summertime drink is a Golden Soda. To prepare them combine a 46 fl. oz. can or orange-grapefruit juice, a 1 pt., 8 fl. oz. bottle of ginger ale. Put a spoonful of orange sherbet in the bottom of each glass. Pour juice over and stir until blended. Top with another scoop of sherbet and a maraschino cherry. Makes 8 to 10 servings.

Accessories from Georg Jensen, Inc.

The ham's Danish Modern, too.

Those Danes have done it again; made another major contribution to modern living. This time it's Plumrose Danish Ham. Just what the doctor ordered for today's lighter, low-fat diets. It's the leanest, trimmest ham ever canned; all juicy pink, protein-packed meat. Functional, too, in the best Danish Modern tradition. Stores anywhere, needs no refrigeration. Already boned and cooked, you can serve it hot for dinner, cold for supper, sliced for sandwiches and salads. Once you've opened the can, there's practically nothing to do but enjoy it. Why don't you?

IGA RED CARPET SERVICE

Cuban Censorship Halts Flow of News

By The Associated Press

Facts about what goes on in Cuba are hard to come by these days.

An important factor is that the press in Cuba is fully controlled by the Fidel Castro regime. Every newspaper working for a Cuban publisher knows what he must and must not write. The result is a sterile press that usually throws little light on what goes on.

Even so, statements in Havana newspapers often provide indications of basic situations existing in such problems as housing and the food supply, and U. S.

reporters can follow up these leads to some extent.

The number of such reporters is strictly limited. The Associated Press, for example, has only one non-Cuban reporter working in Cuba. Applications for visas to send in other reporters are turned down or ignored.

CLAIM IS TRUE

Only a token number of visiting correspondents are allowed each month—usually one or two. Most of these represent newspapers or radio and television networks.

El Mundo de Havana said recently that "North American

newsmen and those of other nationalities have had and have free access to our country." This is not true.

The correspondents able to work in Cuba find most official doors closed to them. When they do have news to report, they often cannot get it out of Havana.

Long distance calls are frequently cut off with the explanation "I'm sorry, sir, the New York party hung up."

Cables often disappear if they displease a supervisor checking all incoming and outgoing messages at the telegraph office.

Wordings in cables are sometimes changed in cables that clear Havana.

An exception to these circumstances arises when the government wants to exploit some kind of news. Dispatches last Saturday, carrying Castro's charges that the United States was responsible for the shelling of a hotel in an Havana suburb, cleared promptly.

CABLES HALTED

Telephone calls to and from Havana also went through without a hitch. But the following day, without explanation, telephone calls were cut off for 15 hours.

In many ways the Cuban censorship has become more capricious than that which formerly operated in the Soviet Union.

One of the differences is that the Castro regime does not even admit that an external censorship exists.

In the Soviet Union, correspondents had to submit all news copy, but they were able to learn whether it had been forwarded intact. They could withdraw it if the censor insisted on changes in meaning.

There is no direct censorship in the Soviet Union today, but correspondents are held responsible for what they write. Occasionally they are expelled if their copy offends the regime.

The press in the Soviet Union is fully controlled by the government, so in Cuba.

Despite the Cuban censorship, many of the trends of the Castro regime have been fully reported to the outside world. Some of the facts came out of diplomatic reports, which are not subject to scrutiny before transmission.

The thousands of refugees leaving Cuba also provide much information. But often this is colored by wishful thinking, so it must be weighed carefully.

Four-Year-Old Learns About Guns Hard Way

EL DORADO, Ark. (AP)—Garland Harvard learned about shotguns the hard way.

The 4-year-old got an old model 12-gauge shotgun from a closet, loaded it, backed off from a divan and blasted away Tuesday.

The divan? A mess.

Garland? Shoulder bruises and minor cut on the chest.

Tour Military Academy

WEST POINT, N.Y. (AP)—Prince Don Carlos of Spain and his wife, Princess Sophia of Greece, toured the United States Military Academy Tuesday.

U.S. Will Observe Date of Uprising

WASHINGTON (AP)—President Kennedy signed legislation Tuesday authorizing him to proclaim next April 21 as a day for observance of the 20th anniversary of the uprising against the Nazis in the ghetto at Warsaw, Poland.

The House Judiciary Committee in recommending the measure's approval, said 28,000 men, women and children died in the fighting, and 10,000 more were "deported to later death in concentration camps and gas chambers."

Ground Broken for New College

Grand Valley State
Expected to Open in
Fall of 1963

ALLENTALE (AP) — Grand Valley State College sank roots into its Ottawa County campus yesterday with ground-breaking ceremonies to prepare for a construction start.

Legislative authority was granted in 1960 for creation of the four-year, state-supported liberal arts college which plans two academic buildings to be ready by September, 1963, for its first freshman class.

Gov. John Swainson was scheduled principal speaker at the groundbreaking.

Also on the program with brief addresses were Dr. James H. Zumberge, GVSC president; L. William Seidman, chairman of the college board of control, and Adrian N. Langius, head of the building division of the State Department of Administration.

About 800 invitations to a picnic luncheon on campus following the ceremonies were sent to Michigan legislators, educators, members of the GVSC Citizens Council and other key persons who worked in support of the college over the last two years.

Grand Valley State College is being located about 12 miles west of downtown Grand Rapids at the M50 crossing of the Grand River. It is to serve commuter students of an eight-county west Michigan area.

Ex-Airline Man Dies Playing Golf at Club

DEARBORN (AP) — Stanley Knauss, one-time general manager of the nation's first year-round scheduled airline, died while playing golf at the Dearborn Country Club yesterday. He was 67.

Knauss, a Dearborn resident, became vice president and general manager of Stout Airlines in 1958, the year it began offering regular flights between Detroit and Grand Rapids.

PEN PALS — Vernon Allan Snyder, 27, of Phoenixville, Pa., and bride-to-be Maureen Gilhooley, 19, Glasgow, Scotland, are shown in Glasgow last night after their first meeting the day before. Snyder, who works as an airline company upholsterer in Washington, D.C., had been corresponding with Miss Gilhooley as a pen pal since last June. They plan to marry September 7.

Waterford Unit to Hear Talk on Youth Projects

"Challenge to Waterford Youth", presentation on youth activities and proposed projects, will be delivered to the Greater Waterford Community Council Tuesday by William Green, instructor at Waterford Township High School.

The regular monthly meeting of the civic group will be held at Pierce Junior High School beginning at 8 p.m.

A tally of interests when the GWCC was organized a year ago indicated high concern about youth activities, according to the secretary, Mrs. Walter Forbes. High school students, other young adults and parents interested in youth functions are invited to the open meeting.

A report on the township's incorporation study efforts and discussions at the airport are also on the meeting's agenda.

Death Toll at 156 in S. Korea Flood

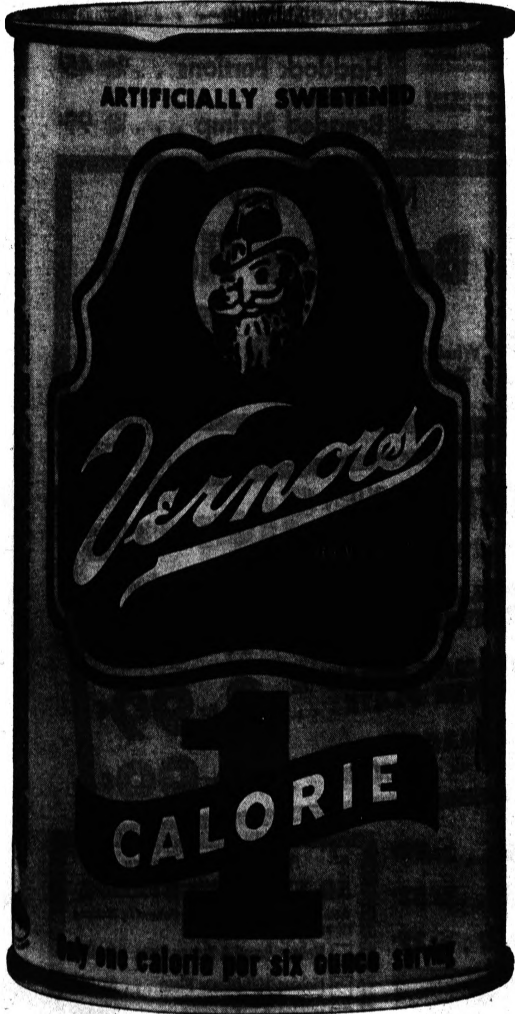

SUNCHON, Korea (AP) — The toll stood at 156 dead and 89 missing today in this flood-ravaged town of 70,000.

The rain-swollen Dongghun River burst through a wall of water that covered wide areas of the sleeping community.

Officials said most of the missing probably died in the torrent. The flood waters were subsiding today and weary disaster workers continued to dig bodies from the mud. More than 10,000 persons were homeless.

Boy Dies in Accident

ANN ARBOR (AP) — A tractor turning off U.S. 23 into a field hit a bump, careened into a fence post and turned over, fatally crushing its driver, Charles W. Leverett Jr., 14, of Ann Arbor, yesterday.

Michigan Student Hikes Around U.S.

ANN ARBOR (AP)—An 18-year-old Ann Arbor student has just returned from an 8,000-mile "in-sight-seeing" trip through the western and southern United States.

Bruce Cohen said he wanted "to see and learn as much about life as I could before entering college."

To do it, he took the trip alone—hitchhiking much of the way—expressly to meet people, to see how they lived and learn how they thought.

He traveled from Ann Arbor to San Francisco, to Oregon and Washington, returned to Michigan through the Southwest. All of the return trip was by thumb.

Cohen, a graduate of University of Michigan High School and son of Wilbur J. Cohen, assistant secretary of health, education and welfare, estimates he received rides, meals, lodging and friendly assistance from nearly 50 strangers in the 11-week jaunt.

SAW MANY
He spent on porches, ate at the family table of people he met, attended John Birch Society and Alcoholics Anonymous meetings, visited the world's fair in Seattle and slept a night on the floor of the Grand Canyon.

"Everyone I met was more than friendly and more than willing to sit down and talk about the things that are really important—art, the way we live, the way we think, what the country and life are all about," he said.

Cohen plans to enter Reed College in Portland, Ore., next fall to study philosophy.

"I talked about the Berlin situation with a telephone rigger. A bricklayer and I discussed abstract sculpture," he said.

DISCUSSED LIFE
He spent a day in Las Vegas, Nev., discussing gambling and life's problems with two drunks and a prospective divorcee, he said, as they went from one casino to another. He added:

"I spent a lot of time in the gambling casinos—observing. But I didn't spend a cent there myself."

"Oh yes," he said, correcting himself: "I did find a nickel on the floor in one place and I put it into a slot machine. It didn't

win anything, so I didn't put any more in."

The trip cost him \$350—and he earned \$45 of that building fences and pouring concrete for an uncle who is a contractor in Las Vegas.

The intellectual odyssey started with a classified ad in the Ann Arbor News in which Cohen offered to share expenses on a trip to San Francisco.

He stayed a week with friends there, then borrowed a car to drive to Portland and Seattle.

Apprehensive about hitchhiking across the desert he took a bus to Las Vegas. From Las Vegas he hitchhiked to the Grand Canyon.

After his night in the canyon he thumbed his way through New Mexico to the Texas ranch where his mother was born.

He earned money in Texas by doing some welding in an automobile engine shop, the student said. Next was New Orleans.

The trip was fun, but the people were what counted, he said.

"Every one of them was a fascinating person, and from every one of them my own personal philosophy gained something."

Public Can Tour White House on Labor Day

WASHINGTON (AP)—The White House will be opened for public tours on Labor Day. Visitors may look over the President's home from 10 a.m. to 2 p.m.

This is the third holiday that the White House has been open to visitors. The first was Memorial Day this year and the second was July 4th.

White House press secretary Pierre Salinger reported that 1,174,676 visitors had toured the White House from Jan. 1 through Aug. 18 this year. Last year at this time 977,904 had been clocked.

Kansas City Woman Dies in Freak Mishap

KANSAS CITY, Mo. (AP)—Mrs. C. H. Kelly, 76, a widow, was found dead at her home Tuesday after a weird accident.

C. H. Kelly Jr. said his mother apparently was dressing when a stocking became entangled in an electric fan. She tried to free it, fell back against a radiator and was killed by an electrical shock.

From 102 to 37 Degrees

Wake Up Shivering

OMAHA, Neb. (AP)—A cold front dropped the temperature at Chadron, Neb., from 102 Monday afternoon to 37 degrees Tuesday morning—a 65-degree fall.

At Valentine the drop was from 104 to 44, at Alliance from 99 to 34 and at other points in western and northern Nebraska almost as much.

Dad of Lester Comics Dies, at 82, of Cancer

SANTA MONICA, Calif. (AP)—James T. Goldberg, 82, father of comedians Jerry and Buddy Lester, died Tuesday of cancer.

Goldberg, also known as James T. Ormont, formerly was a music critic for newspapers in Chicago and New York. He lived in retirement at Sherman Oaks.

Exiles March, Urge U.S. Aid to Topple Fidel

NEW YORK (AP)—About 85 Cuban exiles demonstrated in Times Square Tuesday night to urge American aid for their campaign to topple the regime of Prime Minister Fidel Castro. The demonstrators, carrying

signs that read, "We need the guns and support, we will do it," and "18,000 Russian soldiers in Cuba," chanted "America yes, Castro no."

Farmers to 'Battle for Survival'

National Group Pledges to Await Better Prices

DES MOINES, Iowa (AP)—The National Farmers Organization starts Saturday what it calls a "battle for the survival of the family farm."

Members of the Midwest farm group are pledged to sell no hogs, cattle, sheep or grain from midnight Friday until processors agree to long-range contracts, with the NFO calling for higher prices of those products.

Booyed by a massive turnout of an estimated 20,000 members who shouted approval of the holding action yesterday, NFO president Oren Lee Staley declared: "We mean to win."

"American farmers are the most underpaid group in America. They have retreated as far as they can. We do not intend to retreat any further," said the 39-year-old Rea, Mo., farmer.

Staley warned members to brace for a long fight. He said the supply of meat in storage and sale of livestock by nonmembers will keep the market at near-normal levels for about two weeks.

The NFO president said his group has sufficient strength to attain its goals in the holding action.

MUM ON NUMBERS
Staley has declined to reveal the number of farmers in the NFO, which claims membership in 15 states west of the Pennsylvania border to the Rocky Mountains, and south from Canada to Kentucky and Oklahoma.

He told members that if they had livestock ready for the market to "sell it in the next three days." Then livestock should be put on short rations so they do not become overly fat during the holding action, he said.

The holding action calls for livestock and grain to be held until the following minimum prices are secured, compared to what the NFO said are current prices:

Butcher hogs 39.00 pounds, \$22.75 a hundredweight; now about \$18.50.

Choice grade cattle weighing 800-1,000 pounds, \$32.45; now about \$28.

Choice woolled lambs, \$29.45; now about \$22.

Corn, \$1.49 a bushel; now about \$1.10.

Soybeans, \$2.56 a bushel; now about \$2.20.

Staley said increased prices are only part of the NFO's goal in the holding action. He said the holding action will continue until processors of farm products sign long-range contracts calling for the NFO to supply processors' needs "which would stabilize the farm market."

Defendants in the case are accused of bribery conspiracy in shortwearing of private contractors' trucks by the incinerators to save them on dumping charges.

Rochester to Discuss Incorporation Move
ROCHESTER—The nine-man incorporation study committee met here last night to complete plans and compile data for the first public discussion of a cityhood proposal tomorrow night.

The meeting slated for 7:30 p.m. at the Rochester Municipal Building Council Room will feature a talk by John Honeywell, editor of the Michigan Municipal Review, published by the Michigan Municipal League.

Honeywell will explain the basic concepts of incorporation and conduct a public question-answer period.

The steering committee will have sample petitions to put the proposal on a ballot and legal descriptions of the boundaries on hand for distribution to citizens of the area proposed for incorporation.

The committee, to date, has held three meetings on the proposal.

TALK TO PARKIE, DAVIS
The committee, headed by Roy Rewald, village president, has met with officials of the Parkie, Davis & Co. to discuss their part in the incorporation. Land owned by the company in the Parkside area is included in the proposed city of Rochester area.

The committee, according to Rewald, will be looking for indications of the residents' feelings toward the incorporation at tomorrow night's meeting because the people have been "very quiet" about the proposal, he said.

A proposal to incorporate was voted down by the citizens in 1958, because, Rewald contends, the boundaries of the proposed city were not distinct enough and appeared to be including only "the cream of the crop."

Boundaries of the proposed city would be the existing western and southern boundaries of the village.

Head of DPW Will Testify
To Ask Why Detroit Incinerators Closed to Graft Case Accused

DETROIT (AP)—Detroit's Department of Public Works Commissioner will be asked to testify in U.S. District Court next week on why city incinerators are closed to defendants in a pending graft conspiracy case.

Pontiac Press Photo

MAKING LIGHT WORK—In the process of readying the Rotary Club float for the Labor Day parade in Clarkston are John Runk (top), Tink Runk (left), and Charlie Robinson. John Runk and Cap Anderson are cochairmen of the big parade. The "Rotary Club float will feature a large brown football resting on green grass and imparting the message, "Rotary Carries the Ball".

Expect Crowds in Clarkston

Plan Fun on Weekend

CLARKSTON — A fun-packed program beginning with sidewalk sales and canoe races Friday and Saturday during the annual Clarkston Days celebration. Numerous prizes will be offered.

On Saturday night the Jaycees will conduct a canoe jousting tournament on the mill pond beginning at 7 p.m.

Other activities slated for Saturday include a "farmers' market" at Main and Washington streets featuring the sale of baked goods as well as home-grown produce. Local 4-H girls will be on hand to display their awards.

The Jaycees will sponsor refreshment and games booths and will also be installing seat belts as part of the national safety campaign of the organization.

The big weekend will conclude with boat rides for everyone on the mill pond following Monday's parade.

Firm Given Injunction Against Farmington

FARMINGTON — Quigley Machine Products Co., 30966 Grand River Ave., has been granted a temporary injunction against the city of Farmington in a zoning dispute here by Oakland County Circuit Judge H. Russel Holland.

The injunction prevents city officials from interfering with loading and unloading operations in an alley behind the firm's plant and from enforcing its zoning ordinance against a building used by the firm on a residentially zoned lot.

An intention of posting a no parking sign in the alley and prohibiting loading and unloading operations was indicated by the city, according to Albert P. Herzog Jr., the firm's attorney.

The lawsuit also asks the court to declare the city's zoning ordinance void as pertaining to a residentially zoned lot across the alley and in the next block west from the plant. An alternative argument claims the building on the lot is a valid nonconforming use.

Crating and uncrating and shipping and receiving operations are performed in the building.

CLAIMS DAMAGES
Damages of \$20,000 are claimed against the city for refusing to grant permits for plumbing and electrical installations in the building. The figure is based on man hours lost because employees must walk to the main plant for use of sanitary facilities.

The firm recently rejected a compromise plan by the city on rezoning of another lot east and to the rear of the plant. The rezoning of the lot was asked to

permitted the Quigley firm to expand.

The city's compromise was offered to satisfy both Charles A. Quigley, owner of the company, and nearby residents who protested rezoning and expansion.

Quigley said the compromise left out provisions essential to the expansion. He said the firm may be forced to leave Farmington in order to carry out its expansion plans properly.

The lawsuit does not concern the requested rezoning.

School System in Farmington Gets Bond OK

FARMINGTON — Approval to sell \$2.1 million in bonds for new construction was given the Farmington School System yesterday by the Michigan Municipal Finance Commission in Lansing.

The major portion of the bonds \$1.1 million, will be used to build a new junior high school on a 23-acre site on the east side of Middle Belt Road between 10 and 11-mile roads.

The remaining funds will be used to construct 29 elementary classrooms and to purchase future school district.

School district voters authorized the bond issue last November. School officials expect construction of the junior high school to begin late next month with completion by the fall of 1963. It will have a student capacity of 650.

Farmington Twp. Unit Changes Meeting Night

FARMINGTON TOWNSHIP—Future Township Board meetings will be held 1 the second and fourth Monday of each month. It was announced today by Township Clerk Floyd Cairns.

The change in the schedule from the second and fourth Tuesday was made as a convenience for board members, Cairns said. The 8 p.m. starting time will remain the same.

S. Lyon Names Youth Aid Unit

20-Member Committee Designed to Combat Juvenile Problems

SOUTH LYON — A 20-member Citizens Committee has been named here to direct an area youth assistance program, designed to prevent juvenile delinquency and child neglect.

The committee, the 22nd such group formed in Oakland County under the auspices of Probate Court, will hold its first general meeting Sept. 19 at 7:30 p.m. at the South Lyon City Hall.

Probate Judges Arthur E. Moore and Donald E. Adams appointed the members of the committee on the recommendations of the South Lyon City Council, the Lyon Township Board and the Lyon Township School Board.

Members of the committee include Mrs. J. B. Comiskey, Mrs. Russell Sopp, Mr. and Mrs. Harold Haas, Norman Francis, Gerald Hartman, Lester V. Slaughter Jr., Joseph Scott, Rev. Norman A. Riedel, Stanley Spencer and Blair Rice.

Other appointees are Mr. and Mrs. Bernard M. Snell, Vincent Weinberger, Lester V. Slaughter Jr., Edwin Phillips, Kenneth Peavyhouse, Rev. R. LaVern Webster, Robert McCarty and Lillian Rakes, Rev.

The committee will represent the community's effort in assisting a caseworker who will be furnished by the Juvenile Court for the rehabilitation of children and families that are brought to its attention.

They also will work on preventative projects and programs within the community. After the program gets underway and there is a need shown for various subcommittees, other persons in the community will be asked to serve.

Enrollment Set Sept. 6 for Dublin

WHITE LAKE TOWNSHIP — Registration at Dublin School for students in the first through eighth grades is scheduled for Sept. 6, with regular classes to begin the same time the following day.

Enrollment of kindergartners, both new registrations and those who registered in the spring, will be held Sept. 7.

Those who were registered in the spring are to report between 9:30 and 11:30 a.m. for room placement.

Parents registering their children in kindergarten for the first time are to be at the school gym between 12:30 and 2:30 p.m.

A birth certificate, showing that the child will be 5 years of age on or before Dec. 1, is required for enrollment in kindergarten.

All bus schedules will remain the same as last year for students attending the Dublin School and the Walled Lake schools.

Lake Orion Resident Hurt in Car Crash

A Lake Orion man was reported to be in satisfactory condition at Pontiac General Hospital after his car crashed into a tree near his home early this morning.

Eugene R. Olson, 27, of 3510 Stanton St., suffered multiple cuts and bruising to his right arm, a hospital spokesman said.

Sheriff's deputies quoted Olson as saying he couldn't remember events leading to the accident. He apparently fell asleep at the wheel, they said.

A passing motorist discovered the victim unconscious in his car against the tree alongside Indian Woods Road.

Swainson to Fill Day With Beef and Beauty

FROM OUR NEWS WIRES

DETROIT—Gov. Swainson will turn cattle auctioneer and then crown the Michigan State Fair's beauty queen today in Governor's Day festivities.

The governor will auction off grand champion livestock at 3 p.m. and present the grand champion steer trophy to newlyweds Gary and Roberta Minish of Clio, Iowa.

Tonight, he will crown Miss Michigan State Fair, chosen from among 10 finalists from preliminary judging last night.

George Romney, the Republican nominee to challenge Swainson in the November election shook thousands of hands during his tour of the fair yesterday.

For a bit of relaxation, the former president of American Motors Corp., swung a bat in a baseball hitting contest.

Romney was scheduled to appear at the fair again tomorrow.

In junior show cattle judging completed yesterday, John Pelon of Ionia showed both the male and female beef cattle Angus grand champions.

Fair turnstiles clicked 74,356 times yesterday, bringing the five-day total attendance to 396,666.

Robert A. Beasingers

Home From Trip

LAPER—Living on Clay Street here after their recent wedding are Mr. and Mrs. Robert A. Beasingers, who exchanged their nuptial vows at the Oxford Baptist Church, Rev. Norman Sanders performed.

The couple honeymooned in northern Michigan.

The bride is the former Christine Rohr, daughter of Mr. Arnold Barber, 2655 Marathon Road, and the late Fred Rohr. Parents of the bridegroom are Mrs. Joan Frith of Taylor and Norman C. Beasinger, 337 Chandler St., Romeo.

Given in marriage by her brother-in-law, Carol B. Barber, the bride wore a gown of Chantilly lace over tulle. It featured a Sabrina neckline with a tunic of lace, which ended in a drape forming a peplum at the waist.

A cap of Chantilly lace set with seed pearls and iridescent sequins held her fingertip veil. She carried a bridal bouquet of white carnations, sweetheart roses and poms with ribbon streamers.

Mrs. Carol B. Barber attended her sister as matron of honor. Bridesmaids were Mrs. Lyle Rossman of Waterford and Marilyn Wells of Taylor.

Vicki Spring, cousin of the bridegroom, was flower girl.

Serving as best man was Lyle Rossman. The guests were seated by Garry Beasinger, brother of the bridegroom.

Troy Churches to Swap Ministers This Sunday

TROY — The Big Beaver Methodist Church will hear Rev. Ralph Janka as guest preacher Sunday. Church pastor, Rev. Albert E. Hartog, will be at the Troy First Methodist Church.

This is the second annual pulpit exchange between the two Methodist churches of Troy.

Little Honor for Goldwyn

Birthday Brings Out Wit

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD — When a community gathers to honor a leading citizen on his 80th year, the pattern is pretty much the same everywhere.

Well, perhaps it's a little bit different in Hollywood, as judged by this week's banquet for Sam- uel Goldwyn. The difference may be that Hollywood declines to take such things seriously.

Maybe that's all right. Maybe that's better than lengthy oratory. But sometimes in the headlong dash for brevity and wit the essence of the occasion is overlooked.

WARMING UP
This is but a minor comment of what was otherwise an imposing evening. It started in a reception room, where the notables were warming up for the occasion like bachelors getting ready for a World Series.

Milton Berle was rehearsing his ad lib. "No, I've never worked for Mr. Goldwyn," he said, "and

after tonight's speech, I never will."

David Selznick asked solicitously of Mrs. Goldwyn how her husband was bearing up under the celebration. "He's nervous as a cat, but otherwise he's fine," she said.

George Jessel, toastmaster as always, said he was at the North Pole entertaining troops the day before, returned to find he needed jokes for 51 introductions. Harpo Marx said the occasion was so suspicious he might break his silence, he did.

Walter Brennan, Randolph Scott and Fred Astaire were locked in one conversation. Gene Kelly, Danny Kaye and Jimmy Stewart in another. Another notable trio: James Durante, Ann-Margaret and Eddie Fisher. Jack Benny was chatting with Richard Nixon.

Yrene Dunne and Jayne Mansfield also were present, though not to gether.

ON HIGH LEVEL
Goldwyn, looking tanned and fit, was in a high-level conversation with Sen. Jacob K. Javits of New York.

The scrolls and the gags began at 9 o'clock and continued for two hours. Generally, the politicians stuck to the scrolls and the comedians to the gags.

Durante, Frank Sinatra and Eddie Fisher sang. Among the comedians, Jack Benny was the most rambling. Bob Hope was strangely subdued. Berle set the tone for the gags, declaring that Goldwyn had a record of "taking stars and making unknowns of them."

Joey Bishop claimed he didn't even know the honored guest. "Mr. Goldman," said he came to the dinner only to talk to Sinatra, "who doesn't return my phone calls."

Goldwyn took it all with a wide grin. At the end he rose for a brief speech of thanks. "I had a great deal to say, but I just can't say it."

So the evening was over with little or nothing about the greatness of the man.

Salinger's Brother Resigns Labor Post

WASHINGTON (AP)—Herbert E. Salinger, brother of President Kennedy's press secretary, has resigned from his Labor Department post of special assistant on youth employment.

Secretary of Labor Arthur J. Goldberg, accepting the resignation with "great reluctance," announced yesterday he is conferring on Salinger the Labor Department's Award of Merit.

The award is for Salinger's service as executive secretary of the President's Committee on Youth Employment. Goldberg wrote Salinger that "for the first time, through your efforts, the department has developed an over-all approach to the problems of youth and has coordinated all of its activities in this area."

It may be the woman who always pays, as they say — but just look at whose money she's using. Says the philosopher: "If you must make enemies, make lazy ones." . . . It's getting so a lot of people are moving back to the city to get away from the crowds in the suburbs. Earl Wilson.

Parole Board Firing Appealed

Ex - Detroit Member Asks Supreme Court to Overrule Action

LANSING (AP)—A parole board member who was fired for refusing to drop an outside job which posed a possible conflict of interest, has asked the Supreme Court to overrule his dismissal.

An appeal was filed with the high court yesterday by John MacLellan of Detroit on grounds his firing was "frivolous, arbitrary and unreasonable." He said due process of law was violated.

MacLellan, who asked for reinstatement and back pay, was dismissed last year by the State Corrections Commission for failure to give up an \$11,500-a-year outside connection with the Michigan Hospital Association.

The dismissal was upheld by the State Civil Service Commission, which said corrections officials have a continuing discretion to determine whether an employee may hold a second job.

COURT CLAIM

In his Supreme Court appeal, MacLellan said that there had been full disclosure and discussion of his connection with the hospital group at the time he first received a provisional appointment, June 1, 1960.

His job with the association, MacLellan said, was as special legal counsel for legislative affairs. He contended he did not act as a lobbyist for the association.

During his civil service hearing, MacLellan testified that he was paid by the hospital association to entertain legislators for the purpose of obtaining information.

But the commission agreed with corrections officials who had asked MacLellan to quit his connection with the association because of what it said was the probable effect of the activity on the reputation of the department.

"His refusal to do so, therefore, was grounds for dismissal," it concluded.

Party Chairmen Sign Fair Practices Code for Campaign

WASHINGTON (AP)—A committee which makes exposure of political smear tactics its business expects this year's campaigns to average out cleaner than those of 1958 but dirtier than those of 1960.

That is the estimate of Charles P. Taft of Cincinnati who heads the Fair Campaign Practices Committee, Inc. His group got the signatures Tuesday of Republican National Chairman William E. Miller and Democratic Chairman John M. Bailey on a fair practices code.

Among other things this pledges the parties and their candidates to "condemn the use of campaign material of any sort which misrepresents, distorts or otherwise falsifies the facts regarding any candidate, as well as the use of malicious or unfounded accusations against any candidate which aim to creating or exploiting doubts, without justification, as to his loyalty and patriotism."

It is in this field that Taft said his committee expects to get complaints on more than the 38 smears it reported in congressional and state campaigns in 1960 but fewer than the 64 it publicized in 1958.

FOCAL POINT

He said he expects the greatest number of these to involve "false accusations of softness on communism or, conversely of being a 'radical rightist.'"

The party chairmen made it clear they are well aware of this stand.

Bailey was asked at a news conference if he thought it always would be a smear for a Democrat to charge a Republican with being a "radical rightist."

He prefaced his reply by complaining that for years the Republicans had been trying to pin a "soft on communism" label on his party. He said Democrats had the right to put a "radical rightist" label on any Republican candidate who was a member of the John Birch Society, as are three GOP congressional candidates in California.

DESERVED LABEL

Miller said it wasn't always a smear for a Republican to say his opponent was soft on communism. He said that if the opponent advocated recognition of Red China, abandonment of overseas bases, supported pro-Communist organizations or used the Fifth Amendment in congressional inquiries he deserved such a label.

The privately financed Fair Practices Committee, which has former Presidents Dwight D. Eisenhower and Harry Truman as honorary members, is limited by its tax-exempt status from trying to police any smears. All it can do is to gain publicity for charges of one candidate against another and the latter's answer.

What the committee is counting on, Taft said, is that most of the dirty tactics will backfire. He estimated that two out of three smear attempts will rebound against their originators.

School Buses to Be Rerouted

Work on Road Affects Hawthorne, Lincoln and Northern

Current reconstruction of Baldwin Avenue from the Pontiac city limits to new I-75 will make it necessary to reroute Pontiac school buses in two sections of the area.

The change will affect buses serving the Hawthorne Elementary School, Lincoln Junior High School and Pontiac Northern High School, according to A. S. Levely, school transportation director.

In one section there will be no pickups on Baldwin Avenue from Collier Drive to Lake Angeles Road.

Instead, pickup stations will be set up at Baldwin and Collier and at Baldwin and Lake Angeles.

In the other area, children formerly picked up on Alberta Street may choose to be picked up at either Ontario Street and Lake Angeles or Waller Street and Lake Angeles.

The work on Baldwin involves complete reconstruction of the street using concrete slabs. Completion date is Oct. 15, according to the Oakland County Road Commission.

Levely said the end of the temporary rerouting would be announced as soon as Baldwin was reopened.

N-Cargo Ship Goes to Work Without Fanfare

SAVANNAH, Ga. (AP)—The pioneering nuclear ship Savannah took on its role of a commercial transport without fanfare yesterday on a voyage to Norfolk, Va.

The \$53-million vessel cleared the harbor with about 30 passengers. It also had a cargo of Georgia products including plywood, paper pulp and naval stores consigned to Seattle, Wash.

The 22,000-ton ship will proceed to Seattle by way of the Panama Canal after a final checkout at Norfolk. It may take on additional passengers in the Virginia port since its initial list was only about half its rated capacity of 60.

Its departure from its home port of Savannah was uneventful. The city had spent nearly a week paying homage to its namesake since it arrived last Wednesday from Yorktown, Va.

Annual Meeting Stated by Historical Society

LANSING (AP)—The 88th annual meeting of the Historical Society of Michigan will be held in Dearborn on Sept. 14-15, in conjunction with the fifth annual local history conference.

A Detroit Historical Society film, "Cadillac's Homeland," which won the American Association for State and Local History's award of merit, will be shown at the meeting.

Reveals Britain's Interest in European Political Union

LONDON (AP)—Prime Minister Harold Macmillan revealed today previous assurances to Chancellor Konrad Adenauer of Britain's wholehearted interest in working for European political unity after the West German leader had expressed some doubts.

Macmillan ordered publication of part of a private letter he wrote Adenauer last month. Aden-

auer, in a television interview Tuesday night, had expressed reservations about British participation in a West European political union.

The publication of Macmillan's private letter, described here as unprecedented, underlined a growing coolness between the two statesmen on the issue of Britain's

future role in the continent. French President Charles de Gaulle also has been described as privately cool to British entry in the Common Market, although both he and Adenauer have stated publicly they want Britain in.

Adenauer said in the television interview that as a German and a European he greeted Britain's eventual membership in the eco-

nomie union of West Germany, France, Italy, the Netherlands, Belgium and Luxembourg. But he said that it had never been documented that all members of the Common Market should also be members of a European political union.

Adenauer said Macmillan told the British House of Commons July 17 "British membership in

the Common Market does not imply membership in a political union of Europe as well. But in a letter he wrote me four days later Mr. Macmillan said quite the contrary—obviously because his ministers were of a different opinion."

Macmillan's letter said the British government had been "watching with sympathetic interest the

efforts of the six (Common Market nations) to move toward greater political union."

"I can assure you," the letter continued, "that once the Brussels negotiations (on Britain's bid to join the Common Market) are successfully concluded, we shall wish to join wholeheartedly in this task."

The British Foreign Office said there was no conflict between what Macmillan wrote Adenauer and what he told the House of Commons. In the House, Macmillan said that it had always been clear that membership in the Common Market involved political implications but that Britain would have to judge, step by step, how far to go.

Macmillan has pushed Britain's bid to enter the Common Market despite strong opposition at home and throughout the British Commonwealth. The Brussels negotiations were adjourned last month until October after a deadlock developed on British efforts to get assurances for markets for Commonwealth agricultural products.

GET FINER GIFTS FASTER WITH GOLD BELL GIFT STAMPS

From the
Press BoxBY BRUNO L. KRANKE
Sports Editor, Pontiac Press

Terry "Bread and Butter" Barr, whom we touted in 1956 as the most underrated player in the Big 10, is our nomination once again as the most underrated player in pro football.

They can talk about the great pass receivers in the NFL but Barr has to be among the best and this should be his biggest year.

The former University of Michigan star, who was one of 10 children of the Fred Barr family in Grand Rapids, thanks football for giving him the chance to attend college and subsequently getting a crack at pro ball.

Without the football scholarship, he may have never had the chance, and his gratitude toward the game is obvious in his never-quit attitude.

BIG GRID ERA

Terry was part of one of the most productive three-year classes of Big Ten football, the sophomore-senior players of the 1955-57 seasons, who are represented on every NFL team except the St. Louis Cardinals and Dallas Cowboys.

Without coincidence, the caliber of players from this three-year period is denoted in the fact that the most successful teams in the NFL today have the largest representations.

The Packers have six players from that era, the Lions five and the Browns three.

The All-Conference selections for that period include such names as Ron Kramer, of Michigan now with the Packers; Norm Masters, MSU—Packers; Joe Krupa, Purdue—Steelers; Hopalong Cassidy, OSU—Browns; Jim Parker, OSU—Colts; Alex Karras, Iowa—Lions; Abe Woodson, Illinois—49ers; Earl Morrill, MSU—Lions; Jim Gibbons, Iowa—Lions; Dan Currie, MSU—Packers; Sam Williams, MSU—Lions; and Jim Ninowski, MSU—Browns.

Others from the same period who had pro stunts in the past six years were Jim Pace, Walt Kowalczyk, Pat Burke, and Ellison Kelly, all first team conference choices.

Then there are names like Barr, Jerry Reichow, Ray Nitschke, Danny Lewis, Bobby Mitchell, Frank Youso, Lamar Lundy, Bill Quinlan, Erich Barnes, Bill Jekko, John Morrow, all pro top-flighters today who never made the first team.

Ignoring Barr was hard to figure. Michigan had a 7-2 record and he was Mr. Everything for the Wolverines. His 6.1 running average was best on the team; he completed 5 of 6 passes for 187 yards as a halfback and tailback; was a pass receiver, led in punt returns; played linebacker and also at safety, led the team in scoring and was the team's most valuable player in 1956.

When the post-season selectors were picking the honor teams, Bob Placek, John Herrinstein and Jim Pace were the top vote getters. Barr was just mentioned.

None of the Lions received all-league mention on the offensive unit, although three did on defense. Barr is a good nomination for 1962.

Aussies Aim for Sweep
of National Net Crowns

FOREST HILLS, N.Y. (AP)—The 32nd edition of the National Tennis Championships opened today at the West Side Tennis Club with the prospect that it may be another 32 years before the Australians lose the title.

For the past six years, the Aussies have headed down with the crown. In fact, the only time they weren't playing each other was in 1959 when Neale Fraser whipped Alex Olmedo, a Peruvian by birth and a U.S. Davis Cupper by choice, for the title.

Last year, the United States didn't even get a player into the semifinals.

HEAVY FAVORITES

All signs point to another Australian sweep. Lefty Rod Laver, who has been winning the national championship of virtually every country he plays in, is the overwhelming choice. He's not only in a hot streak, but his overall game has improved a great deal.

But along comes Margaret Smith and all of a sudden the Aussies are double threats. Miss Smith has beaten them all this year and earned the No. 1 seed.

Mrs. Karen Hantze-Suman of San Diego, Calif., is No. 2, followed by Maria Bueno of Brazil, Mrs. Vera Sukova of Czechoslovakia, defending champion Darlene Hard of Long Beach, Calif., Rene Schuurman of South Africa, Lesley Turner of Australian and Mrs. Sandra Reynolds Price of South Africa.

Tiger Hopes Raise With Frank Lary's Return

No. 399 By Mantle
Defeats Cleveland

By The Associated Press

A very timely home run by Mickey Mantle of the Yankees, a barrage of long-range cannoning by the Angels, another shutout for left-hander Jim Kaat of the Twins and the three-team tie in the American League remains.

It's still New York by 3½ games over Los Angeles and Minnesota. Mantle connected for his 399th lifetime homer Tuesday night, carrying the Yankees over Cleveland 2-1, and the Mick's blast could hardly have been timed better. It came in the last of the fourth inning of the opener of a scheduled doubleheader with the Indians ahead 1-0. An inning later a rain that wouldn't let up came washed out the rest of the program.

Leon Wagner hit homers 31 and 32 and Bob Rodgers, Leo Thomas and Felix Torres rapped one each in the Angels' 10-5 victory over Kansas City. Kaat registered his fifth shutout of the season, clipping Chicago 2-0.

In the other AL game, left-hander Don Rudolph of Washing-

ton stretched his scoreless inning streak to 30 with a six-hit shutout as the Senators beat Baltimore 4-0. Detroit and the Red Sox were rained out at Boston.

FINALLY SCORE

The Indians saw their string of scoreless innings at Yankee Stadium stretched to 30 before Al Luplow gave them a brief lead with a homer off right-hander Bill Stafford in the top of the fourth. But the Yankees quickly powered ahead in the last of the inning against Jim (Mudcat) Grant. Roger Maris drew a leadoff walk and Mantle slugged his 25th of the year.

Cleveland put its first two men on in the fifth, but Stafford stranded them, and with two out the Yankees had the lead in the downpour came.

The Angels drew even with the Sox at 4-4 in the fourth inning when Thomas, Wagner and Rodgers bombed homers in succession off loser Moe Drabowsky, then wrapped it up in the sixth with a run-run burst keyed by another homer by Wagner and Torres' belted. Dean Chance won his 12th, with help from Dan Osinski and Ted Boswell.

TAKEN TO HOSPITAL

Torres was benched by a Dave Wickham hit in the seventh and taken to the hospital.

Despite the winners' 15-hit barrage, Norm Siebern of the A's took individual batting honors. He pitched in all five Kansas City runs with a pair of homers and a single, raising his league lead to 10. Kaat pitched in and out of trouble repeatedly against the White Sox as the Twins handed a hard luck loss to 42-year-old Early Wynn, seeking his 29th victory. Despite an outlay of nine hits and three walks and a Minnesota error, Kaat ran his record to 14-12 and fanned his way through his 13th complete game.

Wynn, now 6-11 for the year, permitted just four singles, but let it with one shaky inning. That was the fourth, when Earl Battery singled, Bernie Allen walked, and Wild pitch moved them up, and Zito Versalles delivered the only run of the game with a sharp hit.

Rudolph now has blanked the Angels for eight innings and pitched complete game shutouts over Minnesota and Baltimore in his last three starts, giving him an 8-6 mark for the season. The hefty southpaw was given a run

to work with in the first inning when Chuck Hinton tripled after a single to Bob Johnson. The Senators settled an unearned run off loser Jack Fisher in the fifth, then reliever Milt Pappas dealt up a homer to Harry Bright in the eighth following Johnson's third single of the night.

Baltimore second baseman Marv Breeding suffered through many nightmare in the fifth. First, he bobbled Bud Zipp's grounder, next he fumbled one by Rudolph, then—indignity of indignities—had his back to the outfield on Jackie Brandt's throw in on Ken Hamlin's single and the ball hit him on the seat of his knicker.

Pittsburgh Drops Tom Tracy

The Bomb No Longer Explosive

By The Associated Press

Quarterback George Shaw and halfback Tom (The Bomb) Tracy of Pittsburgh topped a list of National Football League veterans who were put on waivers or released Tuesday as the NFL teams trimmed their rosters to a minimum of 43 players.

This two-some was joined by veteran defensive tackle Jesse Richards of Philadelphia, and Don Gillis, a center released by St. Louis. All four were starters on their clubs a year ago. Tracy, former Birmingham High star who once played with the Lions, injured his leg in an exhibition in Detroit Monday night and may be sidelined indefinitely. Two weeks ago, veteran fullback Joe Perry of the Baltimore Colts hurt his knee in an exhibition game, and was put on the inactive list.

NFL TRIMMING

American Football League clubs also did some trimming to get

their rosters to 38 active players. This number does not count rookies who participated in the college All-Star game in Chicago earlier this month.

All AFL teams must cut to 33 by next Tuesday, at which date the NFL clubs will be trimmed to 38. The latter's final cut to 38 must be accomplished by midnight of Tuesday, Sept. 11.

The Vikings added Lee Grosscup, a bench warmer for two years with the Giants, this summer, and Shaw was forced further to the year when the young Utah graduate put on a sparkling passing display against St. Louis in an exhibition game last weekend.

The Vikings also released five other veterans, and added a third quarterback when they picked up rookie John Furman, released earlier in the day by Cleveland.

Defensive backs Dick Mostand, Bob McNamara and Jamie Calabrese also were let go by Minnesota, along with linebacker Karl Rubke and center Dick Green.

The Titans have a place for Shaw after releasing Bob Scarbis, a substitute quarterback for the past two years. The rest of the AFL cuts were mostly rookies, but included four other signal-callers: Don Breau of McNeese State by Houston, Chon Gallegos, from San Jose State, by Oakland, March Wheeler, from Maine, by Buffalo and Gede Weidner, from Colorado, by Denver.

Houston backs released six players, added NFL veteran line-finder Ed Culpepper.

"I don't mind it a bit," Blaine said. "When I came up I was 'prepped' at the University of Missouri, has the enviable job of trying to win a starting berth from Thurston, an all-NFL choice, or Kramer, who lost his all-league status when injured in midseason last year.

"I don't mind it a bit," Blaine said. "When I came up I was 'prepped' at the University of Missouri, has the enviable job of trying to win a starting berth from Thurston, an all-NFL choice, or Kramer, who lost his all-league status when injured in midseason last year.

Doubleheader
Carded Today
With Red SoxFetzer Terms 'Baseless'
Report That Scheffing
Will Replace Ferrell

BOSTON (UPI)—Sore-armed Frank Lary was expected to join the Tigers Saturday in Detroit.

Manager Bob Scheffing confirmed yesterday that the veteran right-hander will leave the disabled list for another try on the mound. "He has been throwing at home and reported no pain," Scheffing said.

"We've got 23 games in September and if Frank can pitch a few of those it will give us a real boost."

Lary won 23 games last season but was able to win only two this year before a sore arm forced him to quit. He has been living at home in Norwell, Mass.

Scheffing said he also was encouraged by Don Mossi's one-inning hitless stint in Monday night's 7-4 loss to the Red Sox.

COULD BE TOUGH

"Don pitched well and seemed to be over his troubles. If he and Lary can approach their form of last year we could be tough in the last month."

Rain forced postponement of the second Boston-Detroit game yesterday. The two teams were to try again today in a doubleheader with Phil Regan and Sam Jones pitted against Don Schwall and Bill Monaghan. The Tigers will return home Thursday night to start a four-game series with Chicago.

Scheffing and general manager Rick Ferrell were given a vote of confidence yesterday in Detroit from president - owner John E. Fetzer.

Fetzer, denying rumors that Scheffing would leave the field to assume Ferrell's job next year, said they were blameless in the Tiger fold of '62.

"I'm surprised that such a baseless report would get circulation," Fetzer said.

"Of course I've been disappointed in the team's showing this season. But neither Ferrell nor Scheffing can be blamed for the misadventure which included seven physical handicaps to several front-line players."

Scheffing has been criticized in some quarters for his handling of the team, while Ferrell has drawn fire for his conservative trading policies. The Tigers went into this season virtually without roster change from '61.

Fetzer repeated his view that "trading doesn't win pennants," that the only way to build a club solidly is through the farm system. Norm Cash is the third key player to suffer injury this year. Cash hit two weeks with a broken finger, the result of a pitched ball thrown by Washington's Claude Osteen Sunday. Lary was the first to go, then Al Kaline broke his collarbone and was out of action two months.

Long Contest
Finally Decided

It took five days to play 16 innings of baseball and Waterford finally won 10-8 decision from Pontiac in the Optimist District baseball tournament semi-finals yesterday.

The game which started last Friday was called after seven innings with the score standing 8-3. Play was resumed Monday and 7 more innings failed to produce a change and darkness forced it to be called again.

Yesterday the two teams resumed play and finally in the 16th inning, a walk and singles by Glines, Pankey and Johnson gave Waterford the two winning runs.

Pankey pitched all 16 innings for Waterford while Roger Hayward pitched the last two after Dick Trevino went for the first 14, was the loser.

Tonight at 7:45 p.m. under Jaycee field lights, the finals will pit Waterford against Rochester.

By CHUCK ARABE

The word has been making the rounds for several weeks and it certainly seemed true—that Dixie Recreation would follow Motor Inn as a former popular bowling area site no longer in existence. That's all changed now.

Former proprietor Mike Palazzolo is back and hoping to pick up the place by the bootstraps and get it rolling again.

There has been only a few leagues and a little overall improvement at the Drayton Plains site in the last few years and he has a job on his hands.

Besides all the work and money involved in getting the place up and running again, he is certain to run into quite a battle getting leagues with the heated competition going on here among many fancy places. But he is determined.

Mike and son Frank left the successful venture here to go into business in Tampa, Fla. Frank and Mike Jr., are each running places there now with the father back here. He says the houses have gone up fast there also since they made the move.

The senior Palazzolo plans to remodel the former Press Bownama site from top to bottom. He will install the newest equipment, add a billiard room, increase the parking and make many improvements to help get the 16-lane establishment booming again.

He reports that a campaign will be started to form leagues and teams and round up area individuals interested in bowling there. He can be reached at the regular Dixie number of OR 3-7464.

Another place being done over as reported earlier is Nor-West Lanes. That work has carried on longer than expected and forced officials to call off a planned Labor Day Classic. A grand opening will be held when work is completed.

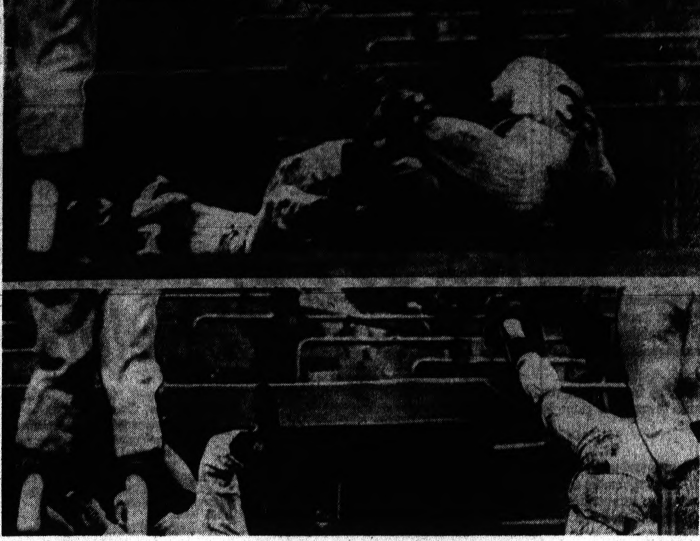

The Farmington Classic will meet there tomorrow night at 8. All teams with averages of 540 to 580 interested are invited to send representatives. Progress goes on at the new Orchard Lanes and Shelby Lanes. Archie Moore is seeking the oldest lady keeper in the Shelby area to preside at that grand opening.

PIN NOTES

Huron Bowl team did well in tourney of Detroit All Star League members. . . Baseball team sponsored by that house and Airway Lanes still rolling along. . . Marge Stroks of Grand Rapids is 1st new secretary of Michigan State Women's Bowling Association in 26 years.

Bob Frick of Clarkson had the sob story of the PRA tourney here. He was beaten out in the qualifying battle for the regular tournament during the last hours of the final night and then learned after the Pro-Am elimination that he had tied for a berth. A rolloff went the other way. . . Sports Center Trophies donated the trophies for the big meet.

A meeting is set for tomorrow at 11 a.m. at Lakewood Lanes for the Lakewood Housewives League. All women interested are invited to attend. . . Latest Bowling Magazine Yearbook issue lists Pontiac's Monroe Moore in game's Who's Who department.

TUMBLING ACT—New York Yankees' catcher Elston Howard (right) and third baseman Clete Boyer sprawl after colliding in a vain attempt to catch a foul fly against the Indians yesterday.

Both players tumbled into the dugout. The Yankees won the game called after five innings because of rain, 2-1.

Bump, Duffy Are Looking for Talent

'M' Coach Seeks Help for First Team; MSU Searches for Depth

Michigan's Bump Elliott and Duffy Daugherty of Michigan State start looking for football talent Saturday, but both coaches have something different in mind.

Elliott and his staff, starting their fourth season together, face the task of replacing seven starters from last year's team that established a 63 overall and a 33 Big Ten mark. Loss of two letterman candidates at right end through ineptitude—Doug Biedle and Bruce McLennan—has complicated their problems still further. Only one letterman, Captain Bob Brown at the left wing, is back.

Daugherty will confidently call for fellows like Pete and George and Shern and Dewey when the first string Michigan State football eleven lines up for the press tomorrow.

After that he has a lot of guys named Joe.

The days when the Michigan State football depth was the terror of the Big 10 are over.

The end problem will be one immediately investigated at U.M. with John Henderson, a 63, 190-pound sophomore from Dayton, O., favored for the offensive right flank spot, and probably either Ron Kocan, a senior reserve and John Yarb, a junior, candidates for the defense line.

POSSIBLE 3 SHIFTS

Elliott has indicated that some other shifts may be made among lettermen personnel to bolster the right end spot but no exact decision has yet been made.

In contrast to the end situation, the Wolverines will be well supplied with quarterback and shoveling talent with senior Dave Glinka returning along with Bob Chandler, and the fit of Fred Swaslow to return as a varsity candidate.

Elliott already has indicated that he will go to a three-rotation system if possible. The first outfit would be a two-way group, the second a defensive unit and the third the pure offensive depending upon material and need.

The 75 candidates will meet the press Friday and start workouts Saturday.

Foreign Girl Impresses Scullers

DETROIT (AP) — The oars she found so common in her native Germany have made a big splash for brown-eyed Petra Oinski, a 17-year-old exchange student who arrived here from Hamburg about three weeks ago.

Petra, a 12th grade student, attracted considerable attention when a feature story and picture was published about the impression she made on the coach of the Ecorse Boat Club.

The very next day she repeated her rowing performance before a group of veteran oarsmen who blinked at the sight of a girl skimming a double scull up and down the Detroit River. It was that unusual.

In the Detroit area, a girl rowing a scull is about as common as a man teaching a sewing class.

Ecorse coach Bob Walker, himself a former national rowing champion, said he thought Miss Oinski would "just get in and back around."

"But, he said, "she leaves her blade in the water a long time and really pulls through the stroke. She's an excellent sculler and has a lot of finesse."

"Our American female scullers are very poor compared to the foreign girls, and Petra really proves it."

Miss Oinski began rowing for a girls club in Hamburg nearly four years ago, putting in three practice sessions a week on the outer Alster Lake after completing her school day at the gymnasium for Mädchen. She found rowing common among females since about 200 other girls also dipped oars in the Alster.

Petra was the youngest and at 5-7 and 113 pounds, the smallest sculler in her home club, the Hamburg rudernverein.

She found rowing in the Detroit area much like that in Hamburg, except for the 5,000-meter courses here—about twice the distance of those for girls in Hamburg.

Style is stressed almost as much as speed in Hamburg. Miss Oinski explained that girls "are taught to move smoothly as well as swiftly through the water."

FINE STYLE

Petra's style won applause from oarsmen and their wives when she performed an exhibition at the Ecorse Boat Club's old timers' regatta Saturday.

"We've got a half-dozen girls in Ecorse who have wanted to try sculling," Walker said, "but they have figured it wasn't a lady-like sport. I think one look at Petra will change their minds."

Miss Oinski is staying with Mr. and Mrs. Ron Wilson in Riverview, another Detroit suburb, where she will spend the next 11 months as a high school senior.

She was among the 285 European high school students who came to Michigan this month under the auspices of the Michigan and Ann Arbor-Washinaw councils of churches, sponsor of a youth for understanding program.

Hambletonian Has 5 Fillies

Favor Preacher Russell to Guide A.C. Viking to Victory

DU QUOIN, Ill. (AP)—Scholar Sanders Russell, at 62 the driving den of the Hambletonian, put aside his crutches today, hoisted himself into the sulky and took his big colt, A.C.'s Viking, in search of the second jewel of harness racing's Triple Crown.

The quiet, silver-haired old timer, whose solemnity and sternly erect manner in which he sits in the sulky has stamped him with the nickname, The Preacher, was favored to guide the son of Hoot Morn to victory in the \$116,612 premier event for 3-year-old trotters.

FIVE FILLIES

A field of five fillies, nine colts and one gelding was ready for the 37th edition of the Hambletonian on the fast day mile oval of the Du Quin State Fairgrounds, where a crowd of nearly 40,000 gathered despite the lack of pari-mutuel betting. The weather forecast was for scattered showers with temperatures in the low 80's.

The race, not expected to break the record mile time of 1:58 1-5 set by Harlan Dean last year, pays the winner \$62,854. More than two heats may be required before the winner can be declared. The trotter taking two is the winner.

The other had Richard Weyand, Bloomfield Hills and Bob Schmidt, Winnetka, Ill., against Joe Brismen of Grrosse Pointe, and Ty Porter of Northfield, Del.

Brethen and Champi yesterday defeated Red Hoffman, Newark, N.J., and Dr. Bob Eldridge, High-ton, N.J., 3 and 1.

Lutz and Webb ousted Chuck Newton, Ann Arbor and Dave Kennedy, Goll, Ill., and 1.

Weyand and Schmidt beat Dr. Clayton Anderson, Winchester, Va., and Dave Belney, Kenilworth, Ill., 5 and 1.

Local Linkster in Semi-Finals of Tournament

SHAWNEE-ON-DELAWARE, Pa. (AP) — Two semi-final matches were on tap today with two former champions still in the running in the Bill Waite memorial golf tournament at Shawnee Country Club.

George Brethen of Detroit, a defending champion, and Dom Chiamp, of West Pittston, Pa., were pitted against Bud Lutz of Reading, Pa., twice a winner here, and George Webb of Detroit in one of the best ball matches.

The other had Richard Weyand, Bloomfield Hills and Bob Schmidt, Winnetka, Ill., against Joe Brismen of Grrosse Pointe, and Ty Porter of Northfield, Del.

Brethen and Champi yesterday defeated Red Hoffman, Newark, N.J., and Dr. Bob Eldridge, High-ton, N.J., 3 and 1.

Lutz and Webb ousted Chuck Newton, Ann Arbor and Dave Kennedy, Goll, Ill., and 1.

Weyand and Schmidt beat Dr. Clayton Anderson, Winchester, Va., and Dave Belney, Kenilworth, Ill., 5 and 1.

Doug Harvey Takes Rangers' Contract

NEW YORK (AP)—Doug Harvey has formally accepted a player-contract for the 1962-63 National Hockey League season, General Manager Muzz Patrick of the New York Rangers announced Tuesday.

"Doug told me he was satisfied with the terms of the contract and was setting up a training program for himself before he reports to camp," Patrick said. The Rangers open camp Sept. 12 in Vancouver, B.C.

Dodgers Head for Champagne Party

PLENTY OF ACTION — Second baseman Larry Burritt of the Dodgers goes into the air to avoid sliding Frank Robinson of Cincinnati in last night's game at Los Angeles. Burritt succeeded in getting off a double play throw and Dodgers went on to post an 8-1 victory.

By The Associated Press

No grapes grow in O'Malley's Valley. But it's providing the Los Angeles Dodgers with the ingredients for a champagne party.

Born Chavez Ravine, rechristened O'Malley's Valley and officially dubbed Dodger Stadium, the place the Dodgers call home has turned into their main weapon in the three-team battle for National League's blue ribbon.

WINNING HABIT

The Dodgers' continued their amazing winning habit in their new ball park Tuesday night, turning back the three-place Cincinnati Reds 8-1 in the opener of a key three-game series with the defending champions for their 18th victory in the last 20 home games.

Home runs by Tommy Davis and Duke Snider, blended with the eighth inning pitching of Pedro Martinez, led the Dodgers to a 4-3 triumph over Milwaukee.

The Giants, who have failed to win five games at Los Angeles, kept pace by riding Juan Marichal's six-hit pitching and home runs by Willie Mays and Harvey Kuenn to a 4-3 triumph over Milwaukee.

Elsewhere, Pittsburgh edged the Chicago Cubs 7-6 on Bill Mazeroski's eighth inning homer. Houston defeated St. Louis 4-2 and New York and Philadelphia split The Mets won 2-0 behind Al Jackson's three-hitter before the Phillies took the nightcap 10-1 on Dennis Bennett's six-hit pitching.

PODRES SHARP

The Reds got to Podres (11-30) who won his fifth consecutive game at Dodger Stadium, for their run in the second inning on singles by Vada Pinson, Leo Cardenas and Gordy Coleman. In the bottom half, the Dodgers moved about to stay on run-producing singles by Podres and Maury Wills off Reds' starter Bob Purkey 2-5. The homers by Davis and Snider in the third and fourth, respectively, made it 4-1 and the Dodgers were on their way to victory No. 43 in latitude.

61 games at home, before a crowd of 4,536.

Mays' 35th homer and Kuenn's two-run shot off Braves' starter Bob Shaw gave Marichal (17-9) a 3-0 lead and he held it with one hit burning for six innings.

Crandall's three-run homer in the seventh brought about a deadlock the Giants quickly broke in their half against Cary Wiles (1-3) on

Simulant Seen as Reason for Player's Death

MONTREAL (AP)—An autopsy revealed Tuesday that Bob McArdle, 28-year-old semipro football player died of shock and over-exertion last Sunday, "probably caused by taking a large dose of an effective stimulant."

Dr. Rosario Fontaine, chief medicolegal expert for the province who performed the autopsy, was unable to identify the stimulant used.

Dr. Fontaine said the stimulants caused McArdle to overexert himself, which proved fatal in the 90 degree temperatures Sunday.

McArdle was a tackle with the Trois-Rivières Braves of the Quebec Intermediate Football Conference. He had a temperature of 108 when admitted to the hospital and died 48 hours later.

Czechs Cut U.S. Lead

ORANGE, Mass. (AP)—Czechoslovakia cut the United States lead Tuesday in the third World Sport Parachute Championships to 44 points by finishing 1-3-3 in the women's style event.

Maria Scanciovola won with a score of 465.5 points.

The score now is U.S. 11,539.469 points to 11,515.061 for Czechoslovakia.

The U.S. has won the women's group accuracy event from 1,000 meters while the Czechs won the men's group event from the same range.

a walk to Chuck Miller, a single by Orlando Cepeda and Felipe Alou's grounder. Mays then saved it in the eighth when he thrust his glove above the center field fence to haul in Eddie Matthews bid for a two-run homer.

Trailing 6-1, the Pirates came back to tie the score on Roberto Clemente's two-run third inning triple. Bill Virdon's homer in the fifth and Smokey Burgess' second sacrifice fly in the seventh. Maseroli then clinched it with a shot off the left field scoreboard clock, tagging Cub reliever Don Elston (4-8) with the loss and giving Cincinnati Olivo (5-1) the victory. Don Landrum hit a three-run homer, for Chicago as the Cubs built their early edge.

RELIES HELP

Bruce (8-5) and reliever Don McMahon, who retired all 11 men he faced, combined for a 2-0 pitching job that pulled the Colts

Mrs. LeClair Likes Home to Win WDGA Tourney

The home course suits Mrs. Keith LeClair just fine. Playing at Barton Hills, Mrs. LeClair won the weekly Women's District Golf Association tournament yesterday with a seven over par 40-44-84.

Runnersup were Mrs. Donald Weiss of Flint and Mrs. Dorothy Thompson of Oakland Hills who were one stroke behind.

These were the final results:

CHAMPIONSHIP FLIGHT

Mrs. Keith LeClair, Barton Hills, 40-44-84.
Mrs. D. Thompson, Oakland Hills, 41-43-83.
Mrs. D. Davis, Barton Hills, 42-43-83.
Mrs. J. Hume Jr., East, 43-43-83.
Mrs. E. Hume, East, 44-43-83.
Mrs. M. Watkins, Co. Detroit, 44-43-83.
Mrs. D. L. Tarduno, East, 45-43-83.
Mrs. M. Ruppel, Oakland Hills, 45-43-83.

SECOND FLIGHT

Low Gross Mrs. Morton Collins, Barton Hills, 47-45-82. Now set: Mrs. C. J. McLean, Barton Hills, 48-45-79.
Mrs. D. Donnellan, Barton Hills, 48-45-79.

THIRD FLIGHT

Low Gross Mrs. M. G. McLean, Barton Hills, 48-45-78. Low net: Mrs. H. H. Hume, East, 48-45-78.
Mrs. W. E. Hume, East, 48-45-78.
Mrs. H. H. Hume, East, 48-45-78.

to their third straight victory. Carl Warwick got Houston rolling against Cardinal starter Ernie Borge (10-7) with a lead-off homer before the Colts put it out of reach in the fifth on a two-run double by Roman Mejias and Bob Lillis' run-producing single.

Charley Nell stroked two run-scoring singles and that was all Jackson (7-17) needed to whip the Phils in the opener, pitching the Mets fourth around. Bennett (6-9) turned things around in the nightcap while Don Demeter drove in three runs to pace a 13-hit Phils' offensive that beat Robert L. Miller (0-11).

Rockcote 'Booted' Out of Playoffs

Rockcote Paint booted itself right out of the Waterford Class C playoffs last night.

The paint team made eight errors and lost to Haskins Chevrolet 8-3 in a losers bracket game. Max Jarrett tossed a five-hitter for the winners.

Jim Calk's two-run homer in the top of the seventh led a 10-6 Dixie Bar victory over Lakeland Pharmacy in the other "C" playoff game. He also had a run scoring single.

It was the first loss for Lakeland in the double elimination tournament. Dixie and A & W, both unbeaten, clash tonight at Drayton Park at 7:00. The Waterford Rotary and Kiwanis teams battle in an exhibition at 8:00.

Ken Tibbersee hit a homer and single for Lakeland.

Charter Members Lists 7

CHICAGO — The Big 10 conference began in 1955 with seven members—Chicago, Illinois, Michigan, Minnesota, Northwestern, Purdue and Wisconsin. Indiana, Iowa and Ohio were admitted as members in 1912.

Plays Guest in Women's National Amateur

Hostess May Not Be Too Gracious

ROCHESTER, N.Y. (AP)—Decker, says Mrs. Trainor of Mrs. Decker, set out today in the Women's National Amateur Golf Tournament to bite the hand that's been feeding her for a week.

The dainty, 24-year-old Mrs. Decker plays Mrs. Jean Trainor of the host Country Club of Rochester in the third round—the same gracious lady who has been providing her with room and board since her arrival here from the West for defense of her national championship.

Ordinarily, playing your own house guest in a major championship would rank as something unusually unusual. But Mrs. Trainor is an unusual woman. She's won her own club golf championship so many times everybody's last count. She won the Rochester women's district championship 13 straight times.

SEVENTH TIME

And Tuesday she beat her permanent house guest, her 30-year-old daughter Anne, in the second round of this national tournament—the seventh time in seven tries she's put her offspring in her place.

No jokes about tacks in the bed, or sabotaged breakfasts, just "I hope she won't beat me too bad."

fourth round. By nightfall, the field that began with 128, will be trimmed to eight for the Thursday quarter-final.

The semifinals on Friday and the 36-hole title match on Saturday complete the week-long tournament that seems to be developing into a showdown between Miss Gunderson, the power-hitter and Mrs. Decker, the incredibly steady champion who rings up pairs with monitory.

FOREIGN THREAT

Miss Vaughan, a 19-year-old radiographer who has played brilliantly on her first trip to America, could be the top foreign threat. She was only 1-over-par Tuesday in eliminating Mrs. Scott Probasco, a fine player from Chattanooga, 5 and 3.

Anne Richardson of Columbus, Ohio, a former U.S. Curtis Cupper, is playing well, and so are Miss Williams of Richmond College, a secretary who saves her nickels all year long to play in the national tournament; schoolteacher Nancy Holmes of Nashville, and youngsters like 15-year-old Janis Ferraris of San Francisco, Ann Baker of Maryville, Tenn., Sharon Fladdos of Dubuque, Iowa, Brandis High of Glasgow, Ky., and Robby Lee King of Arlington, Va.

Burkemo Finally Joins Hole-in-One Selectees

Even top name pros find thrills in golf when scoring an ace.

Wally Burkemo, former National PGA champion from Franklin Hills, used a 1-iron on the 255 yard 16th hole of his home course and sent the ball into the cup yesterday for his first ace in 33 years of golf.

Playing with Burkemo were Mal Davidson, Sid Berlin and Phil Gross.

Big Weekend for Fisherman

LONGER FEATHER—A single feather (left foreground) floats calmly on the waters of a private lake near Romeo as a family of Canada geese begins a search for the evening meal. This picture, taken by Lee Winborn, Area News Editor of The Press, should be a help to decoy painters because of the sharp

feathering shown on each goose. Clarence D. Knechtel, who owns property surrounding most of the Elbert Road lake, said the geese have arrived each spring and left in November for the last six years. One family of honkers can be fed by hand. The lake is closed to all hunting.

Press Derby Will Close on Tuesday

Record Northern Taps Pike Division; Musky Lakes Listed

Out of this weekend's jam on the waterways of Oakland County may come a record entry in The Pontiac Press Big Fish Derby.

Fishermen will be vying with pleasure boaters and water skiers for a place on the derby. All three outdoor sports will get a heavy play.

And this will be the last big chance for some angler to grab a first place in the Derby. The contest closes at noon Tuesday, Sept. 4.

Current leaders are Rick Cosen, Berkley, a record 29-pound, five-ounce northern pike; Norm Hamilton, Clarkston, a six-pound, six-ounce black bass (largemouth); Robert Alexander, Pontiac, a one and half pound bluegill; and Fred Remond, Clawson, a two-pound, 14-ounce rainbow.

WHERE CAUGHT
The leading pike was taken from Oxbow Lake. Deer Lake yielded the rainbow and Lake Oakland was the site where the other two leaders were caught.

The Derby is open to all residents of Oakland County. The fish must be caught in county waters. Fish taken from commercial and private waters, Lakes Sherwood and Angelus are not eligible.

Winner of the pike and bass divisions each receive \$50 savings bonds.

Northern pike, walleyes and muskellunge are included in the pike division. The bass class is limited to large and smallmouth black bass.

The bluegill division includes sunfish (pumpkinseed) and roach. Wonder where the muskies are in Oakland County?

Try Wildwood and Valley lakes in the Holly recreation area. A pair of 14-pounders were taken last year from these waters.

It is doubtful if anyone will land a walleye topping 20 pounds from a county lake, but it is possible. These black-eyed fish have been in several area lakes for years and it is quite possible there is one that will shatter a few records. Some of the walleye lakes are Cass, Lone, Schoolhouse, Wormer, Oak, Oakland, Lakeville and Walnut.

BLACK CRICKETS
Veteran bluegill fishermen are making good catches in deep water with black crickets. Getting into the right "spot" is the key.

Trout fishing in Northern Michigan is fast drawing to a close. The season ends on trout streams and trout lakes Sept. 3. This does not include lakes in Oakland County and special waters in northern Michigan.

Unbeaten 'Ponys' Clash
WASHINGTON, Pa. (AP)—Jim Sepic's sterling relief pitching saved a 7-6 victory for Houston, Tex., over Greensboro, N.C., Tuesday night in a clash of unbeaten teams in the Pony League World Series.

In the 10th game of the National City, Calif., eliminated Joliet, Ill., 5-2.

WANT TRAVELLING MONEY?
\$25 up to \$500—for vacations, bills, other needs. Money quickly, on sensible plan. Payments you can afford.

He was Detroit's fifth-round draft choice in 1959 but spent one year with the Denver Truckers in the National Industrial Basketball League before turning pro.

The Pistons also announced today the signing of Lindberg Moody, the nation's No. 2 college scorer in the past two seasons, and Guard Willie Jones.

Moody, a 6-foot-3 former South Carolina State star, enjoyed a 29.3 average as a junior and last season clicked for a 27.8 point per game output.

Jones, a sparkling of the Pistons' playoff showing against Los Angeles last year, signed a two-year pact.

ALMOST GOT AWAY—Though he's straining, Eric Leader of Fishing, N.Y., is only holding air. Just as his father snatched this picture of his 12-year-old son's catch at Westport, Nova Scotia, a big pollock, slipped off the gaff. Luckily, for the youngster, the whopper landed on the dock.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times.

Day	Minor	Major	Minor	Major
Thursday	5:30	11:30	5:30	11:30
Friday	6:30	12:30	6:30	12:30
Saturday	7:30	13:30	7:30	13:30
Sunday	8:30	14:30	8:30	14:30
Monday	9:30	15:30	9:30	15:30
Tuesday	10:30	16:30	10:30	16:30

Number of Visitors Breaks Park's Record

WASHINGTON (AP)—A record 273,464 visitors were counted at state-operated parks and recreation areas during 1961.

According to a report issued today by the Interior Department, attendance increased by 5.6 per cent over the previous high recorded in 1960. The visits included 21 million overnight stays.

Wilderness Bill Moving

Amendments Are Being Tacked on; Opposition Appears Light

WASHINGTON (AP)—A flurry of amendments to a bill to create a national system of wilderness areas was expected to continue today, but no strong opposition to the measure has come up in committee debates on it.

The House interior committee is expected to give its approval late this week to the bill, which would preserve a seven million acre wilderness system in the nation's forests and parks.

It also would permit congress to enlarge the system after a 10-year study of potential additions.

The committee approved yesterday amendments to restrict the construction of roads in the system to those needed for administration and permit the construction of roads needed to haul timber across wilderness areas if no other practicable routes are available.

It rejected a proposal that the wilderness system be opened to commercial development of skiing facilities.

The Senate has passed a Wilderness Bill, endorsed by conservation groups, which is considered more restrictive on commercial activities than the House measure.

Ask for Legal Advice

BALDWIN @ — The Lake County Conservation Club hired an attorney Tuesday to investigate whether the county legally may prohibit an "any deer" hunting season established by the Conservation Department.

Extinct Geese Not Extinct?

Study Minnesota Fowl for Evidence of Being Greater Canadas

ST. PAUL, Minn. (AP)—A study is under way to determine whether a flock of geese that winter annually on Silver Lake in Rochester, Minn., are Greater Canada Geese, thought to be extinct for 75 years.

The Greater Canada—a large, heavy bird, are a subspecies called maxima. Dr. Harold Hanson of the Illinois Natural History Survey, is making the study.

Dave Vesali, supervisor of the Minnesota Conservation Department Bureau of Game, said Dr. Hanson has been asked to make suggestions for management of the flock of about 4,000 if they turn out to be the Greater Canada variety.

"We're not ready to make any definite statement at this time," Vesali said. "We cannot do this until findings are definitely established."

Dr. Hanson is expected to make a scientific report on his study later this year. He was reported in Canada making observations in the northern nesting area.

Some of the Rochester birds have been banded to keep track of them. The flock on Silver Lake, which lies within Rochester city limits, have been a wintering oddity and attraction as the birds veer main through the coldest of weather. The lake is formed near the junction of Silver Creek and Zumbro River.

New Jersey Boat Club Leads Female Skippers

MIAMI, Fla. (AP)—The Monmouth Boat Club of Red Bank, N.J., held a narrow lead Tuesday over five rivals in the Adams Cup, emblematic of the champion female skippers of the U.S. and Canada.

Skipped by June Methot with Mrs. C. T. Engberg and Mrs. W. G. Heron as crew, the Monmouth entry was second in both the third and fifth heats with a first place finish in the fourth to amass 33 1/2 points in the first five of eight races.

In second place was the Norwalk, Conn., Yacht Club with 30 1/2 points, followed by Beverly Yacht Club of Meriden, Conn., with 27 1/2. Two races will be sailed Wednesday and the final race Thursday.

The Harvard football coaching staff has six members—but none of them went to Harvard. Head coach John Yovinec and Jim Latt went to Gettysburg; Roger Robinson and Paul McKee went to Syracuse; Jim Feula attended Georgia Washington; and Bob Gonzaga went to Illinois.

Nabbed by Stream Watching Officers Litter-Bugs Float Afoul

Conservation and fire officers in plain clothes arrested 19 persons on rivers and streams of the northern Lower Peninsula last week in a concerted drive to crack down on a growing litterbug problem in this part of the state.

Following plans mapped out earlier this month, 68 officers took part in the two-day campaign, covering popular waters for canoeing where littering has become most serious.

Ant-litter patrols fanned out along the Sturgeon, Jordan, Black, Thunder Bay and Pine Rivers in Manistee County; the lower and upper Manistee River in Kalamazoo County; the Platte River in Benzie County; the main stream and South Branch of the AuSable River in Crawford County; the Pere Marquette and Pine Rivers in Lake County; and the Rifle River in Arenac County.

Prior to the all-out patrolling effort, signs were posted at many known stopping points along these waters warning canoeists and others that it is unlawful to throw bottles, cans and other debris in or along the state's streams.

Violators of this law are subject to a \$100 fine, or a 90-day jail sentence or both.

The raid produced a note of irony from a party of four canoeists caught tossing beer cans on private lands fronting the Rifle River. One of the men said he had stopped using the AuSable, his one-time favorite, because it had become "too dirty."

Officers will continue to keep a close watch over the litterbug problem as part of their day-to-day patrol routine in the northern Lower Peninsula, department officials said.

An instinctive marksman known to disdain practice firing, Lilly was believed finished in a competition after his right hand was smashed 3 1/2 years ago when he dropped some filling on it in a home project. He entered no events last year.

Then, at the lumberyard he operates, a sawhorse collapsed under him last July 7, causing him to suffer a broken right wrist. He decided, nonetheless, to take his gun along over the weekend for a visit to the Grand American which also is the social event of the year for the trapshooting club. Once there, the lure of competition was too strong.

He said today he fired at 24 targets without a miss, although his wrist pained him, and decided to enter the meet. The result was his third crown.

Escanaba Sportsmen Take Any-Deer Action

ESCANABA (UPI)—A group of Escanaba sportsmen have joined in the Upper Peninsula revolt against the Conservation Department's any-deer season edict.

The sportsmen voted, 98-8, against any-deer season, and decided they refuse to buy a deer license this year because of the open season.

Earlier, sportsmen had met at Gladstone and Rapid River and had voted not to buy a deer license to show their opposition to the season on deer.

Carriers Note Ringneck Gain

Thumb Up 22 Per Cent Over 1961; Forecast Near Million Kill

Results of an annual pheasant brood survey by rural mail carriers in Southern Michigan bear generally good tidings for hunters.

Brood counts during the July 23-Aug. 4 period indicate an eight-per cent increase in the statewide pheasant population compared with last year.

Conservation Department game men predict hunters will take about 850,000 ringnecks this fall. They indicate the kill might come even closer to the one million mark because the increase in brood sightings was mostly in known areas of higher pheasant density. Last season's estimated harvest was 846,000 pheasants.

Pheasant production is reported to be up 22 per cent from last year in the Thumb area and six per cent over 1961 in Southeastern Michigan. In the Southwestern part of the state, brood numbers appear to be down 17 per cent.

Mail carriers reported a seven per cent drop in the central sector of Southern Michigan and a six per cent decline in the Allegan-Muskegon-Ottawa County area.

An average of 5.7 chicks was noted per brood this summer, a gain from last year's count of 5.3. Some 70 per cent of the hens seen had broods as against 64 per cent a year ago.

Will Take Bids for Weapons Sale

Sealed bids are now being accepted at the Conservation Department's central repair shop in Gaylord for the sale of 34 rifles, shotguns, carbines and bows confiscated from Michigan game law violators.

The weapons, ranging in appraised value from \$2.50 to \$100, may be inspected at the repair shop Sept. 10-12 between 9 a. m. and 4 p. m. Bids will be received until 10 a. m. Sept. 14, when they will be publicly opened at the repair shop.

Each weapon will go to the highest bidder. No bid will be considered which is less than the appraised value of the weapon. Bids must be submitted on a single-gun basis and accompanied by a deposit equaling the amount offered.

Special bid forms and other information about the weapons being offered are available at department field offices throughout the state.

Hunting Costs Mount

WASHINGTON—About 12 million U.S. hunters and trap shooters spend about \$1 billion a year for equipment, fees and trips.

Pistons Sell George Lee to Warriors

DETROIT (UD)—Home-grown forward George Lee has been sold to the San Francisco Warriors. The ex-Highland Park prep star and Michigan player assembled a 24.8 scoring average in two seasons with the Pistons but was best known as a rebounder.

He was Detroit's fifth-round draft choice in 1959 but spent one year with the Denver Truckers in the National Industrial Basketball League before turning pro.

The Pistons also announced today the signing of Lindberg Moody, the nation's No. 2 college scorer in the past two seasons, and Guard Willie Jones.

Moody, a 6-foot-3 former South Carolina State star, enjoyed a 29.3 average as a junior and last season clicked for a 27.8 point per game output.

Jones, a sparkling of the Pistons' playoff showing against Los Angeles last year, signed a two-year pact.

He's Up, He's Down, He's Up

Hoffa's Cloak and Dagger Story

(Editor's Note — Here is the third of five dispatches on the life and times of Jimmy Hoffa.)

By HARRY FERGUSON
WASHINGTON (UPI) — Jimmy Hoffa is 49 years old and the graph of his career for the last 30 of them looks like the rising and dipping of a roller coaster.

It hit bottom on the night of March 12, 1937, when he walked into the lobby of the DuPont Plaza Hotel and found himself surrounded by agents of the Federal Bureau of Investigation.

They arrested him on a charge of bribing a lawyer to spy on the Senate Rackets Committee and steal documents from its files.

The cloak and dagger story that unfolded probably would be rejected by the script writers for the Perry Mason show as being too implausible.

At the time Hoffa was ninth vice president of the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America, the world's biggest union.

Dave Beck, the president, had been discredited by the Senate Rackets Committee, was on the way out and eventually went to prison for income tax evasion.

Hoffa was the crown prince, and the path of his future seemed a rosy one, strewn with the blossoms of prominence and power.

YOUNG AND EAGER
To one swoop Robert F. Kennedy, the young and eager counsel of the Senate Rackets Committee, changed all that. One day Kennedy received a caller who identified himself as John Cye Cheasty, a New York lawyer.

His story was that Hoffa had offered him \$18,000 if he could get a job on the legal staff of the rackets committee and act as a spy for the Teamsters' Union. Kennedy consulted the FBI and it was suggested to Cheasty

State One of Four Levying Over Billion

WASHINGTON (AP) — Michigan was one of four states that collected more than \$1 billion in taxes during the fiscal year which ended last June 30, the census bureau said yesterday.

Michigan collected \$1,008 billion, behind California's \$2,369 billion, New York's \$2,329 billion and Pennsylvania's \$1,322 billion.

State tax revenues during the year increased in every state and amounted to a record \$20.6 billion nationwide. The figures do not include locally imposed taxes, such as community property taxes.

Chemist Cancer Victim

OTTAWA (AP)—Dr. E. W. R. Steacie, 61, president of the National Research Council for the last 10 years and one of Canada's foremost scientists, died Tuesday of cancer. Dr. Steacie, widely known chemist, was elected president of the International Council of Scientific Unions last year and formerly served as president of the Royal Society of Canada.

The letter "e" is most frequently used in the alphabet but more words start with "s" than any other letter.

hours and 45 minutes and came back with a verdict of not guilty. The jurors, who were interviewed later, said the presence of Joe Louis had not been a determining factor in the verdict. All of them agreed that the decisive thing was their doubt about the credibility of Cheasty's testimony.

Hoffa made this brief statement, "Ed Williams is tops," and then threw all of his energy into the next project. The Teamsters were shortly to hold an election for president and Jimmy had some definite ideas about who the man should be.

As for Williams, he offered to stand the expense of a parachute for Bobby Kennedy's jump off the Capitol Dome.

"Listen, Bobby, you run your business and I'll run mine. You go on home and go to bed. Let's don't have no problems."

If ever there was an airtight legal case, this one appeared to be it. The prosecution had a photograph, taken by the FBI, of Cheasty handing an envelope to Hoffa. It also had about \$700 of marked money which Cheasty testified Hoffa had handed to him.

Kennedy and the federal prosecutors were confident they had Hoffa on the ropes and Bobby even said: "If Hoffa isn't convicted, I'll jump off the Capitol Dome."

Hoffa frequently is at his best when the going is toughest and he knew he was on the spot. He doesn't have a high regard for lawyers, particularly the kind he calls "book lawyers," but he set out to get the best one available.

He found his man in Edward Bennett Williams, a criminal attorney here who has developed into an advocate who takes the improbable in his stride and occasionally achieves the impossible.

His defense of Hoffa was Williams' finest hour. At the end of it he had ceased to be a local lawyer and had become a national figure.

Eight of the 12 members of the jury were Negroes. Early in the trial Joe Louis, former heavyweight champion, strolled in and took a seat. When the court recessed, Louis was asked what he was doing here, and replied:

"I just came to see how my friend Jimmy Hoffa is getting along."

Williams denies that he planted Louis in the courtroom, but in any event the prosecution attempted to counterattack by having a Negro lawyer sit at its table throughout the trial.

Williams centered his attack on Cheasty's credibility as a witness and gave him a rough cross-examination. When it came time to deliver his summation, he returned to the attack in the quiet but intense tone of voice that is his best weapon: "The Ninth Commandment in the Bible is that:

"Thou shalt not bear false witness."

"From this man's lips we learn that he lies. From this man's lips we learn that he deceives. From this man's lips we learn that he falsifies."

Two of the women jurors wept. A great attorney who heard Williams' summation predicted that law students some day would make special trips to Washington to see a man in action.

The jury stayed out for three

Jackie Will Appeal to People to Vote

WASHINGTON (UPI) — Mrs. Jacqueline Kennedy will make a nonpartisan nationwide radio and television appeal to voters to register and go to the polls in November, it was announced yesterday.

Brendan Byrne, executive director of the American Heritage Founda-

tion, said the First Lady's one-minute appeal will be heard during September and October.

Byrne said Mrs. Kennedy taped the broadcast, based on a script provided by the foundation, while she was in New York City prior to her departure for Italy.

The modern agricultural fairs in America date from colonial times when farmers put their products on display in markets, primarily for sale.

An artificial lake in Rome's Casaccia, the motion-picture capital of Italy, is dyed to fit the script's needs. Green usually indicates a river; blue, the sea. Huge paddle wheels churn still water into violent waves.

Aim Giant Assault at 2 Coast Fires

Tornado Batters Louisiana Town

CAMERON, La. (AP) — This town of 2,500, no stranger to weather disasters, was struck another deadly blow Tuesday night as a howling tornado slashed in from over the water.

There were at least two fatalities, many persons reported missing and at least 50 injuries. Authorities said the death toll may go higher.

Nearly eight inches of rain fell on Cameron in a six-hour period to add to the difficulties.

Streets in Cameron — where nearly 600 persons died in a 1957 hurricane — were flooded. The water was as high as the floorboards of a car but had stopped rising early today.

Sheriff's deputies formed search parties to roam through debris in search of other possible victims. The heavy rains hampered their operations.

Cameron is on the marshy Gulf Coast in extreme southwest Louisiana.

Reds Again Offer Ban but Say No Inspection

GENEVA (AP) — The Soviet Union today proposed that all three nuclear powers and atomic weapons testing at the beginning of next year.

Vasily V. Kuznetsov, Soviet first deputy foreign minister, suggested the test cut-off to the 76th session of the 17-nation disarmament talks.

U.S. Ambassador Charles C. Stell and British Minister of State Joseph R. Gopher categorically turned down the idea immediately.

Western sources said Kuznetsov's remarks made it clear he was proposing an unpoliced moratorium which is completely unacceptable to the West.

PRESENTED INFORMALLY

Conference sources said he made the proposal in an informal manner during a long speech in which he again categorically rejected parallel Western proposals for ending tests in the atmosphere, under water and in space, or in all possible environments including underground.

Kuznetsov told the delegates the Soviet Union was in support of a cut-off date for all nuclear testing.

That date should be the beginning of next January, and he indicated his government will raise the matter formally later.

Earlier, several Western sources said Kuznetsov had proposed the test cutoff for early in November, and said this date came over the English simultaneous translation system.

Kuznetsov was speaking in Russian, and the November date apparently came from a mistranslation.

A moratorium covering all tests, including underground (Continued on Page 2, Col. 7)

AP Photo/... Mountains, some 40 miles northwest of downtown Los Angeles. More than 1,000 fire fighters were called out to battle the blaze.

Hoover's Condition Satisfactory

NEW YORK (AP) — Former President Herbert Hoover, 88, was reported in satisfactory condition today after undergoing a three-hour operation yesterday for removal of an intestinal growth.

Dr. Rudolph N. Schullinger, who performed the operation, was quoted by a spokesman at Columbia Presbyterian Medical Center as saying Hoover was "perfectly lucid."

"All his vital signs remain stable — pulse 72, which is good, and temperature 98.4, which is also good," the spokesman said.

The doctor was quoted as saying the period immediately after such an operation is deemed critical and that Hoover would be watched carefully.

Hoover chatted amiably with nurses after the operation yesterday and today but showed no interest in reading or resuming the writing he had been doing in the hospital prior to the operation.

Doctors said it would take two to three weeks to make a laboratory report on whether the growth was benign or malignant. This is period is required because of the necessity of being "extremely careful in making the microscopic study," a spokesman said.

Business Spur Kept in Tax Bill

Senate Retains Section Providing for \$1-Billion Investment Credit

WASHINGTON (AP) — The Senate turned today to a fight over expense account deductions after handing President Kennedy a major victory in its first vote on the tax revision bill.

The Senate voted 52 to 30 Tuesday to retain the measure's major provision — a \$1-billion investment credit to spur American industry to buy modern machinery and equipment.

The quick action raised Senate leaders' hopes they could push the 32-page bill to final passage by Friday.

The Senate continued in session Tuesday night to debate the next measure.

WASHINGTON (AP) — Sen. Patrick McNamara, D-Mich., voted with the minority Tuesday when the Senate defeated, 43-50, a tax bill amendment to strike out a 7 per cent investment incentive credit.

issue, expense accounts, and an attempt to fix a time for a vote on the provision failed.

The investment credit was retained with 37 Democrats and 15 Republicans voting for it, and 23 Democrats and 13 Republicans against it — an unusual lineup, as both conservatives and liberals were widely split.

The provision now is virtually certain to become law since it passed the House and has been retained by the Senate.

Under it, most companies can deduct from their taxes up to 7 per cent of what they spend on new equipment. Public utilities would be allowed 3 per cent.

HIT AS WINDFALL

The administration has urged the credit as a key weapon in its drive to help American business become more efficient and competitive in world markets, and thus bolster the economy.

Foes of the credit assailed it as a windfall to many companies which they said would make the investment anyway. They insisted there was no evidence it would bring any additional modernization.

The expense account fight turned on an attempt by Sens. Albert Gore, D-Tenn., and Paul H. Douglas, D-Ill., to keep out of the bill an amendment proposed by the Finance Committee that would permit deductions for goodwill entertaining.

AP Photo/... FLEES BLAZE — A patient at the Olive View Sanitarium in Sylmar, Calif., is helped by a nurse to a waiting bus as flames from a raging brush fire strike the institution late yesterday. All 800 patients were evacuated safely. One sanitarium building was destroyed and others damaged.

City Cited for Best PR Effort

For several minutes last night some 1,400 delegates and visitors to the American Municipal Association's 39th annual congress in Philadelphia, Pa., paused while Pontiac officials stood proudly in the convention spotlight.

The AMA presented a citation to Mayor Pro-Ten Winford E. Bottom in recognition of what the AMA voted "the best public relations program in the nation among cities of 25,000 to 100,000 population."

AMA officials hailed Pontiac for "its extensive public relations effort which developed much citizen interest in a sorely needed urban renewal rehabilitation program."

The citation was presented at the congress banquet in the Sheraton Hotel's grand ballroom. The congress opened Saturday and closes today.

ATTENDING MEETING

Local officials attending the five-day conference were Mayor Robert Landry, Bottom, Commissioners Dick M. Kirby, William H. Taylor Jr., Loy L. Ledford and Milton R. Henry and City Manager Robert A. Stierer.

Bottom accepted the award since Landry had to return to Pontiac earlier this week on business.

Public relations executives in Washington, D.C., acted as judges for the competition.

Other cities in the same size classification which won similar awards were Rockville, Md.; Hollywood, Fla.; and Redondo Beach, Calif.

Urban Project No. 2 to Get OK Thursday

Pontiac's second urban renewal project (R-44) will be given official approval tomorrow by the Urban Renewal Administration (URA) in Washington, D.C., it was announced today by Congressman William S. Broomfield, R-Oakland County.

Broomfield said he had received word today from URA officials that an official announcement of final approval for R-44 project plans would be made Thursday.

This automatically makes available to Pontiac a \$2,250,000 federal capital grant as the federal share of the project.

The formula calls for 75 per cent of the net cost to be paid by federal funds and 25 per cent by local funds. The city's share would be \$660,000, according to Broomfield.

Net cost is the difference between the cost of acquiring and preparing land and returns from the resale of land in the R-44 project area.

The federal grant includes relocation costs for families living in the area, which is mostly commercial and industrial in nature.

The area is bounded roughly by the rear of properties fronting on the west side of S. Saginaw Street, by W. Cass Street, by the Grand Trunk Western Railroad and by Pike Street.

Also to be made available by approval of the plan is a \$2,250,000 temporary federal loan with which the city can begin property acquisition and clearance.

Estimated net cost of the project is \$1,623,324.

Final approval clears the way to begin acquisition of properties, which is especially vital along Cass Avenue where the State Highway Department must have right-of-way for the proposed perimeter road.

Contracts for the perimeter road are slated to be let in November or December.

Attempt to Stop Huge Blazes From Joining

Flames Creep 4 Miles Apart During Night, Threaten Communities

From Our News Wires

LOS ANGELES — Fire fighters prepared a massive assault on two giant fires today in a desperate effort to keep them from joining and forming one mammoth front.

The brush fires which have charred nearly 16,000 acres, including Gene Autry's famed Melody Ranch, crept to within four miles of each other during the night and posed a potential danger to three separate suburban communities.

A total of five brush and timber fires — the scourge of summer — raged across California mountains. Altogether, more than 30,000 acres were blackened.

In the north, vacationers fled forest areas. In the south, 600 patients were evacuated from a sanitarium.

Flames advanced on two vital Nike missile sites. A powder works containing an estimated 100 tons of explosives was barely saved by firemen.

Flames flicked to within 10 feet of the explosives plant.

CAUSE OF CONCERN

Fire officials directing the fighters said the twin southern California blazes — both roaring out of control since yesterday — "could be of some concern to Burbank and Glendale," and still threatened the San Fernando Valley community of Sylmar.

One fire had a 25-mile perimeter and the other 22 miles at 5 a.m. PDT (8 a.m. EDT).

An official said there was no hope of immediate containment.

Los Angeles County Fire Chief Keith Klinger said the fires were the worst in the county since the disastrous Bel Air-Brentwood fire last November, 15 miles to the southwest across the San Fernando Valley.

INFIRMARY DESTROYED

One fire swept over the San Gabriel Mountains into the San Fernando Valley, destroying an infirmary on the grounds of Olive View Sanitarium in Sylmar.

A fleet of ambulances, buses and cars evacuated 800 patients, most of them tuberculosis victims.

Some patients, rushed from surgery, still were unconscious, bottles of blood plasma suspended above their stretchers.

A Veterans Administration hospital two miles to the east also was threatened, but none of the 800 patients had to be evacuated.

One of the blazes threatened pop (Continued on Page 2, Col. 3)

AP Photo/... **PROUD MOMENT** — Pontiac officially received national recognition last night at the American Municipal Association (AMA) annual congress in Philadelphia, Pa. Mayor Pro-Ten Winford E. Bottom (left) happily accepts the AMA's first place award for best public relations program in cities of 25,000 to 100,000 population. Presenting the citation was Seattle Mayor Gordon S. Clinton, AMA president.

Chance of Showers Tomorrow, Friday

"Weather" to rain or not to rain? That is the question Mother Nature will answer tomorrow afternoon and Friday.

Partly cloudy skies with a chance of afternoon showers and cooler temperatures is Thursday's prediction. The expected high is 84.

The outlook for Friday is mostly cloudy and cooler with a chance of showers. Fair weather with a low of 65 is the forecast for this evening.

South to southwest winds are blowing over the area today at five to 15 miles an hour.

The mercury measured 84 at 6 a.m., but climbed to a summy 86 by 1 p.m.

Sky Shield III to Halt Planes

Pontiac Airport Will Close Down for About Six Hours Sunday

Pontiac Municipal Airport traffic will probably hit a low point for the year next Sunday afternoon, according to Homer D. Hoskins, airport manager.

All civilian and commercial aircraft will be grounded, except in emergency cases, from 2 to 10 p.m. as the North American Air Defense Command puts its "Sky Shield III" training exercise into effect.

Although air traffic will be permitted as usual in the morning hours, all activity will cease at 3 p.m.

"With good weather conditions," Hoskins noted, "we normally average about 600 arrivals and departures on Sunday."

"Our Sept. 2 traffic probably won't total more than 300."

Sky Shield III is the latest of a series of large-scale military air exercises conducted during the past few years over the entire North American land and sea area north of the Mexican border.

A six-hour exercise was held in 1960 while last year's exercise lasted 12 hours.

Hurricane Alma Downgraded to Tropical Storm

BOSTON (AP) — The Weather Bureau downgraded Alma from a hurricane to a tropical storm today as the fast punch 60 miles east-southeast of Nantucket, Mass.

What has been the season's first Atlantic hurricane decreased in intensity after brushing the coast from Virginia to Massachusetts with rain and winds up to 53 m.p.h. The center, moving northeastward, was about 100 miles off the coast.

NO DAMAGE SEEN

There were no reports of damage.

Winds up to 50 m.p.h. were reported on outer Cape Cod and up to 40 m.p.h. on eastern Long Island. Tides ran from one to two feet above normal on eastern Long Island.

The Weather Bureau forecast little about a foot above normal from West Long Island to Portsmouth, N.H., with moderate rain. Gale warnings flew in the game area.

Shots Heard in Algiers as Tension Gets Higher

ALGIERS (UPI) — Vice Premier Ahmed Ben Bella's followers clashed with hostile guerrillas in the Algiers Casbah today in an hour-long gun battle. Mouslem running in panic from the Casbah shouted that "people are falling like flies."

ALGIERS (UPI) — Shooting broke out in several areas of Algiers today.

Gunfire was heard in the neighborhood of the building housing the offices of the Algerian Republic Provisional Government (GPRA).

Shots also were fired around the Square Bresson, near the waterfront, and in the Casbah, the teeming native district.

The source of the gunfire was not determined immediately.

Earlier today the leader of the National Liberation Army (ALN) had said his forces would not give the capital if the political bureau headed by leftist Vice Premier Ahmed Ben Bella gave the order.

There was no indication whether there was a connection between the ALN warning and the later outbreak of shooting.

The threat of an armed clash for control of Algiers came from Col. Houari Boumedienne, chief of staff of the 35,000-man ALN, in a move to affirm the political bureau's power over dissident military leaders in the capital.

The threat came as Algerian Republic Provisional Government (GPRA) Premier Benyoussouf Ben Khedda announced he would break his long alliance since being shoved aside by Ben Bella and issue a communique later today.

The Algiers military leaders, meanwhile, called a mass meeting for tomorrow to reply to charges they were creating anarchy in Algiers by opposing Ben Bella.

The U.S. consulate in Algiers announced an American medical team of nine doctors will arrive here this week to replace an American team sent to this city's Beni Messous Hospital in July.

Boumedienne and other members of the ALN general staff publicly announced yesterday their backing of the political bureau, headed by Ben Bella, as the only legitimate authority in the newly independent country.

Tornado Batters Louisiana Town

(Continued From Page One)

damaging homes and blowing over utility poles and trees.

The entire coastal area was plunged into darkness as the winds knocked out power lines. There was no regular telephone service to the area. All communications were channeled through shortwave radios in deputy sheriff's cars and mobile telephones.

First report of the storm came at 10:57 p.m. from a Cameron deputy who tersely radioed to Lake Charles from his automobile asking for as many doctors and ambulances as could be sent.

Hurricane Audrey tore through this area in 1957, leaving nearly 500 dead. The town has since rebuilt.

The Weather

Full U.S. Weather Bureau Report

PONTIAC AND VICINITY — Mostly sunny and warm today, high 85. Fair tonight, low 63. Thursday partly cloudy and cooler with a chance of afternoon thunderstorms, high 84. Winds south to southwest at five to 15 miles per hour today and tonight.

PUTS FOOT IN IT — Glen Baxter, 14, was curious about a 4-inch sewer vent opposite his San Francisco home. He wondered if his foot would fit. It did, tightly. Here he waits patiently and silently, looking up at the "big people," who are firemen working to free him. Olive oil, a coathanger and 25 minutes were needed to free Glen, who emerged from his experience none the worse for wear.

Close Border at Hong Kong

Red Action Follows 7th Blast in Series at Commie Stations

HONG KONG (AP)—Red China closed its border with Hong Kong today minutes after a bomb exploded on the Chinese side of the border station at Shunghun.

The British closed off their side of the border immediately after. A British spokesman said it would remain closed as long as the Communist barricades remained up. The explosion was the seventh in a series of blasts that have rocked border stations facing Hong Kong and the nearby Portuguese colony of Macao in recent weeks.

RESISTANCE? Observers believe the explosions are the work of an organized anti-Communist terrorist movement taking shape in Red China's coastal province of Kwangtung.

This is the first evidence of such an organized resistance movement since the Communists conquered the China mainland 13 years ago.

Several persons were believed injured in the explosion today.

The Communists issued no announcement. British officials said they had no information beyond the fact that an explosion was heard.

The explosion occurred about 3:30 a.m., after some 200 Hong Kong residents had crossed the border into Communist China. They were part of the usual traffic between Hong Kong and Red China.

At least one of 10 American children is in need of some special help in learning how to read.

Did Driver Suffer Heart Attack?

'Worst' Crash Near Ann Arbor Kills 4

ANN ARBOR (AP)—A traffic accident which investigators could not quite explain claimed the lives of four persons and critically injured a fifth here yesterday.

Dead were three members of a Warren family and a young WAF.

Turks Applaud LBJ at Bazaar

Vice President Talks to Istanbul Governor for Nearly an Hour

ISTANBUL, Turkey (AP)—Vice President Lyndon B. Johnson, carried his personal goodwill mission into Istanbul's ancient bazaar today and was mobbed by thousands of applauding Turks.

Johnson began the third day of his four-day tour of Turkey by calling on Istanbul's Gov. Nispet Akil, who once studied city management in the United States. The two men talked for almost an hour.

Then the vice president went to the bazaar where a cheering crowd momentarily blocked the narrow passage leading into the sprawling commercial center that dates from the early days of the Ottoman Empire.

A Turkish youth approached him and said proudly in English: "How are you? I am glad to see you." Johnson smiled broadly and asked the youth his age.

"Eighteen," the boy replied. Later as the procession moved through the bazaar, he reappeared and asked Johnson in English: "How old are you?"

The vice president smiled broadly, shook the youth's hand and continued on his way.

Johnson appeared unruffled as the crowd pressed tightly around him in the sweltering main aisle of the old bazaar. At one point he greeted two American tourists.

Johnson spent most of the remainder of the day conferring with official aides on details about the remainder of his six-nation tour.

Stunt Flier Killed

HENDERSON, Ky. (AP)—Ken Tyler, 51, who crashed 144 planes as a stunt flier in Hollywood, was killed Tuesday while films were being made of his stunts. Tyler flew for the Loyallists in the Spanish civil war, for Chiang Kai-shek when Japan invaded China in the late 1930s and for the Canadian Royal Air Force early in World War II.

Here is their reconstruction of the accident:

Basil applied the brake, either while fighting the possible heart attack or just after waking up, and skidded 135 feet before going into a ditch in the center dividing strip. The car apparently shot up the other side of the ditch, lifted into the air and landed on the west-bound car driven by Mrs. Richard. The Basil family is survived by a son, Joseph, 19.

Third Printing for Sky Survey

Board and Magazine Completed Atlas After Seven Years Work

WASHINGTON — A unique best seller — the Sky Survey's monumental atlas of the heavens — is going into a third printing.

The Sky Atlas initially had an astronomical sale of about 100 copies. Within a year, 25 more orders had poured in.

Now, with the advent of space travel and the building of new observatories in various parts of the world, orders for 41 additional copies necessitate a third printing.

Supplying 41 orders is a titanic task that will take three years. Each copy of the Sky Atlas fills nine filing cabinets and costs more than \$2,000 to print. It contains 1,758 photographs that would form a star-spangled map the size of a tennis court.

SEVEN-YEAR PROJECT

A joint project of the National Geographic Society and the California Institute of Technology, the Sky Survey was completed in 1956 after seven years of work at Palomar Observatory, California.

The continuous demand for the Sky Atlas underscores the fact that it is the most fundamental, complete work of its kind.

Scientists anticipate that it will take generations of study to analyze and interpret all the new information embodied in the Sky Atlas. It has been called an "astronomical Bible for 100 years."

As recently as a half-century ago, the earth's own galaxy, the Milky Way, was thought by most astronomers to be the whole universe. The atlas showed that the Milky Way, impressive as it is with more than a hundred billion stars was merely a drop in the fathomless ocean of space.

Reaching a billion light-years into space, the Sky Survey expanded the previously known universe about 25 times. The photocharts disclosed hundreds of millions of new stars, galaxies and clusters of galaxies.

At present, the world's astronomers are pouring over the Atlas for fresh clues to the size, make-up and behavior of the universe.

The population of San Salvador has passed the 2.5-million mark. This means an average of more than 300 persons per square mile.

Lake Orion Boy Struck, Injured by Auto Today

LAKE ORION — Ronald Parks, 14, of 834 Abseguami Trail, was struck by an automobile while walking home from school today.

Ronald was crossing to a gas station with milk, in the middle of the block on Broadway St., when hit by a car driven by Donald Hickmott, of 3825 Noble Road, Addison Township.

The driver stated to Lake Orion police that the boy looked in his direction, but apparently did not see his car coming.

Ronald is under observation at St. Joseph Mercy Hospital, Pontiac. Hickmott was not ticketed.

Company Completes Its New Facilities

New manufacturing facilities for the production of automatic, radio-controlled garage door openers have been completed at 545 S. Eton Road, Birmingham, by Berry Industries, Inc., a company spokesman announced today.

The new plant will begin immediately producing the firm's new fiberglass sectional garage door. Bert Smith, formerly vice president and chief engineer for Electro-Lift Co., Gardena, Calif., recently joined the Berry organization to help in developing the new facilities.

The new manufacturing operation boasts the finest in quality control production facilities, required for manufacture of an electronic-controlled product of this type.

Detroit Woman Hurt in Waterford Mishap

Mrs. Edward Gurney, 67, of 12514 Riverview St., Detroit, was satisfactorily condition today in Pontiac General Hospital where she was admitted following an auto accident last night in Waterford Township.

Mrs. Gurney was a passenger in a car driven by her husband, 75, which hit the roof of a car stopped at a signal light on Dixie Highway and Silver Lake Road. Gurney was treated and released at the hospital.

Mackenzie Has Plenty of Space

Western Segment of Northwest Territories Sparcely Populated

WASHINGTON — The lakes are huge, the towns are tiny, and the weather is fantastic in Canada's Mackenzie.

The district of Mackenzie is the western segment of the immense Northwest Territories at the top of Canada, the National Geographic Society says. The Canadian government is considering a proposal to make the district a separate territory with its own local government.

Mackenzie covers 537,600 square miles of mountains, long ridges and valleys, tundra, soggy lowlands, sparse forests, and water.

Only 16,000 people inhabit this vast area, which is twice the size of Texas. A settlement may number as few as three families. The metropolis, Yellowknife, counts only 3,800 residents.

Water is everywhere. Great Bear Lake and Great Slave Lake, fourth and fifth largest in North America, cover a greater expanse than the entire Province of Nova Scotia.

The lakes are major links in Mackenzie's inland water route, even though they are icebound eight or nine months of the year. Great Slave Lake yields alone million pounds of fish annually.

The Mackenzie River is the longest waterway. It stretches 1,200 miles from Great Slave Lake northwest to the Beaufort Sea without a break in navigation.

"The mighty river, four miles wide in places, branches into a mass of streams in its delta, which has spread over several hundred square miles.

Britain's Royal Air Force was formed in April, 1918, with the former Royal Flying Corps as its nucleus.

Pontiac, Nearby Area Deaths

JENNIE and CARRIE BECKNER — A private service for Jennie and Carrie Beckner, 3 and 2 years old respectively of 2181 Garland Ave., Sylvan Lake, will be Thursday at 10 a.m. at the Donelson-Johns Funeral Home. Burial will be in Mount Hope Cemetery.

The two children died Monday as the result of an automobile accident in Standish. They attended St. Benedict Catholic Church.

Surviving besides their parents, Mr. and Mrs. Jerry Beckner, is a brother, Stephen, at home.

MRS. WILLIAM J. HURTUBISE — The Rosary will be recited Friday at 8 p.m. at the Donelson-Johns Funeral Home for Mrs. William J. (Mary) Hurtubise, 70, of 110 Kemp St. Service will be Saturday at 11 a.m. at St. Michael's Catholic Church. Burial will follow in Mt. Hope Cemetery.

Mrs. Hurtubise, a member of St. Michael's Church, the Altar Society and the 50 and Up Club of her church, and the Oakland County Cancer Society, died yesterday at St. Joseph Mercy Hospital of a heart ailment.

Surviving are two sons, Charles of Southfield, and Fred of Pontiac; one brother and one sister; and five grandchildren.

MRS. DANIEL JENNINGS — Survivors of Mrs. Daniel (Martha) Jennings include two sons, Bruce of Pontiac and Roy of Harrisburg, Ill.; four daughters, Mrs. Joe Stephens of Pontiac, Mrs. Eva Putnam of Lake Orion, Mrs. Olive Stuby of Herod, Ill., and Mrs. Van Lay of Lake Orion; 10 grandchildren; six great-grandchildren; and two brothers, James Hart of Pontiac, and Dr. G. B. Hart of Harrisburg, Ill.

The name of one daughter, Mrs. Van Lay, was inadvertently omitted Monday by the funeral home.

ALBERT L. KINKADE — Service for former Pontiac resident, Albert L. Kinkade, 49, of 711 Beechwood Dr., Medina, Ohio, was Monday in Medina. Burial was in Spring Grove Cemetery also in Medina, Ohio.

Mr. Kinkade, a manufacturer's agent and a Mason, died last Saturday at his residence following a long illness.

Surviving besides his wife, Ann, are his parents; three sons, Albert, Gregory and Todd, all of Medina, Ohio; a daughter, Melissa, also of Medina; and a brother.

EDWARD D. TIERS — Service for Edward D. Tiers, 52,

Heads Group on Aging (the aged. He succeeds a Philadelphia dentist Dr. Charles H. Frederick C. Swartz, was elected chairman yesterday of the joint council to improve the health of consumer demands.

Farmers to 'Battle for Survival'

National Group Pledges to Await Better Prices

DES MOINES, Iowa (AP)—The National Farmers Organization starts Saturday what it calls a "battle for the survival of the family farm."

Members of the Midwest farm group are pledged to sell no hogs, cattle, sheep or grain from midnight Friday until processors agree to long-range contracts, with the NFO calling for higher prices of those products.

Boayed by a massive turnout of an estimated 20,000 members who shouted approval of the holding action here yesterday, NFO president Oren Lee Staley declared: "We mean to win."

"American farmers are the most underpaid group in America. They have retreated as far as they can. We do not intend to retreat any further," said the 36-year-old Des Moines farmer.

Staley warned members to brace for a long fight. He said the supply of meat in storage and sale of livestock by nonmembers will keep the market at near-normal levels for about two weeks.

The NFO president said his group has sufficient strength to attain its goals in the holding action.

MUM ON NUMBERS
Staley has declined to reveal the number of farmers in the NFO, which claims membership in 15 states west of the Pennsylvania border to the Rocky Mountains, and south from Canada to Kentucky and Oklahoma.

He told members that if they had livestock ready for the market to "sell it in the next three days." "Thus livestock should be put on short rations so they do not become overly fat during the holding action," he said.

The holding action calls for livestock and grain to be held until the following minimum prices are reached, compared to what the NFO said are current prices:

Butcher hogs 190-210 cents, \$22.75 a hundredweight; now about \$18.50.
Choice grade cattle weighing 800-1,000 pounds, \$32.45; now about \$29.
Choice wooled lambs, \$29.65; now about \$22.
Corn, \$1.49 a bushel; now about \$1.10.
Soybeans, \$2.56 a bushel; now about \$2.30.

Staley said increased prices are only part of the NFO's goal in the holding action. He said the holding action will continue until processors of farm products sign long-range contracts calling for the NFO to supply processors' needs "which would stabilize the farm market."

Defendants in the case are accused of bribery conspiracy for shortweighing of private contractors' trucks at the incinerators to save them on dumping charges.

Rochester to Discuss Incorporation Move

ROCHESTER—The nine-man incorporation study committee met here last night to complete plans and compile data for the first public discussion of a cityhood proposal tomorrow night.

The meeting started at 7:30 p.m. at the Rochester Municipal Building. Council Room will feature a talk by John Honeywell, editor of the Michigan Municipal Review, published by the Michigan League.

Honeywell will explain the basic concept of incorporating and conduct a public question-answer period.

The steering committee will have sample petitions to put the proposal on a ballot and legal descriptions of the boundaries on hand for distribution to citizens of the area proposed for incorporation.

The committee, to date, has held three meetings on the proposal.

TALK TO PARKS, DAVIS
The committee, headed by Roy Revold, village president, has met with officials of the Parks, Davis & Co. to discuss their part in the incorporation. Land owned by the company in the Parkside area is included in the proposed city of Rochester area.

The committee, according to Revold, will be looking for indications of the residents' feelings toward the incorporation at tomorrow night's meeting because the people have been "very quiet" about the proposal, he said.

A proposal to incorporate was voted down by the citizens in 1958, because, Revold contends, the boundaries of the proposed city were not distinct enough and appeared to be including only "the cream of the crop."

Boundaries of the proposed city would be the existing western and southern boundaries of the village.

MAKING LIGHT WORK — In the process of reading the Rotary Club float for the Labor Day parade in Clarkston are John Rank (top), Tink Rank (left), and Charlie Robinson. John Rank and Cap Anderson are cochairmen of the big parade. The Rotary Club float will feature a large brown football resting on green grass and imparting the message, "Rotary Carries the Ball".

Expect Crowds in Clarkston

Plan Fun on Weekend

CLARKSTON — A fun-packed program beginning with sidewalk sales and canoe races Friday and Saturday during the annual Clarkston Days celebration. Numerous prizes will be offered.

On Saturday night the Jaycees will conduct a canoe polo tournament on the mill pond beginning at 7 p.m.

Other activities slated for Saturday include a "farmers' market" at Main and Washington streets featuring the sale of baked goods as well as home-grown produce. Local 4-H girls will be on hand to display their awards.

The Jaycees will sponsor refreshment and games booths and will also be installing seat belts as part of the national safety campaign of the organization.

The big weekend will conclude with boat rides for everyone on the mill pond following Monday's parade.

Firm Given Injunction Against Farmington

FARMINGTON — Quigley Machine Products Co., 3086 Grand River Ave., has been granted a temporary injunction against the City of Farmington in a zoning dispute here by Oakland County Circuit Judge H. Russ Holland.

The injunction prevents city officials from interfering with landings and unloading operations in an alley behind the firm's plant and from enforcing its zoning ordinance against a building used by the firm on a residentially zoned lot.

An intention of posting a no parking sign in the alley and prohibiting loading and unloading operations was indicated by city officials according to Albert P. Herzog Jr., the firm's attorney.

The lawsuit also asks the court to declare the city's zoning ordinance void as pertaining to a residentially zoned lot across the alley and in the next block west from the plant. An alternative argument claims the building on the lot is a valid nonconforming use.

Crating and uncrating and shipping and receiving operations are performed in the building.

CLAIMS DAMAGES
Damages of \$20,000 are claimed against the city for refusing to grant permits for plumbing and electrical installations in the building. The figure is based on man hours lost because employees must walk to the main plant for use of sanitary facilities.

The firm recently rejected a compromise plan by the city on rezoning of another lot east and to the rear of the plant. The rezoning of the lot was asked to

Farmington Twp. Unit Changes Meeting Night
FARMINGTON TOWNSHIP—Future Township Board meetings will be held in the second and fourth Monday of each month. It was announced today by Township Clerk Floyd Cairns.

The change in the schedule from the second and fourth Tuesday was made as a convenience for board members, Cairns said. The 8 p.m. starting time will remain the same.

S. Lyon Names Youth Aid Unit

20-Member Committee Designed to Combat Juvenile Problems

SOUTH LYON — A 20-member named here to direct an area youth assistance program, designed to prevent juvenile delinquency and child neglect.

The committee, the 22nd such group formed in Oakland County under the auspices of Probate Court, will hold its first general meeting Sept. 19 at 7:30 p.m. at the South Lyon City Hall.

Probate Judges Arthur E. Moore and Donald E. Adams appointed the members of the committee on the recommendations of the South Lyon City Council, the Lyon Township Board and the Lyon Township School Board.

Members of the committee include Mrs. J. B. Conisley, Mrs. Russell Sopp, Mr. and Mrs. Harold Haas, Norman Francis, Gerald Hartman, Lester V. Slauter Jr., Joseph Scott, Rev. Norman A. Riedel, Stanley Spencer and Blair Rice.

Other appointees are Mr. and Mrs. Bernard M. Snell, Vincent Weinburger, Lester V. Slauter Sr., Edwin Phillips, Kenneth Peavey-house, Rev. R. LaVere Webster, Robert McCroly and Lillian Rakestraw.

The committee will represent the community's effort in assisting a caseworker who will be furnished by the Juvenile Court in the rehabilitation of children and families that are brought to his attention.

They also will work on preventative projects and programs within the community. After the program gets underway and there is a need about various subcommittees, other persons in the community will be asked to serve.

Enrollment Set Sept. 6 for Dublin

WHITE LAKE TOWNSHIP — Registration at Dublin School for students in the first through eighth grades is scheduled for 8:30 a.m. Sept. 6, with regular classes to begin the same time the following day.

Enrollment of kindergartners, both new registrations and those who registered in the spring, will be held Sept. 7.

Those who were registered in the spring are to report between 8:30 and 11:30 a.m. for room placement.

Parents registering their children in kindergarten for the first time are to be at the school gym between 12:30 and 2:30 p.m.

A birth certificate, showing that the child will be 5 years of age on or before Dec. 1, is required for enrollment in kindergarten.

All bus schedules will remain the same as last year for students attending the Dublin School and the Walled Lake schools.

Lake Orion Resident Hurt in Car Crash

A Lake Orion man was reported to be in satisfactory condition at Pontiac General Hospital after his car crashed into a tree near his home early this morning.

Eugene R. Olson, 27, of 3510 Stanton St., suffered multiple lacerations and an injury to his right arm, a hospital spokesman said.

Sheriff's deputies quoted Olson as saying he couldn't remember events leading to the accident. He apparently fell asleep at the wheel, they said.

A passing motorist discovered the victim unconscious in his car was stuck in a tree alongside Indianwood Road.

Swainson to Fill Day With Beef and Beauty

DETROIT—Gov. Swainson will turn cattle auctioneer and then crown the Michigan State Fair's beauty queen today in Governor's Day festivities.

The governor will auction off grand champion livestock at 3 p.m. and present the grand champion steer trophy to newlyweds Gary and Roberta Minish of Clio, Iowa.

Tonight, he will crown Miss Michigan State Fair, chosen from among 10 finalists from preliminary judging last night.

George Romney, the Republican nominee to challenge Swainson in the November election shook thousands of hands during his tour of the fair yesterday.

For a bit of relaxation, the former president of American Motors Corp. swung a bat in a baseball hitting concession.

Romney was scheduled to appear at the fair again tomorrow.

In junior show cattle judging completed yesterday, John Pelon of Ionia showed both the male and female beef cattle Angus grand champions.

Fair turnstiles clicked 74,356 times yesterday, bringing the five-day total attendance to 398,668.

Robert A. Beasingers

Home From Trip

LAPEER—Living on Clay Street here after their recent wedding are Mr. and Mrs. Robert A. Beasingers who exchanged their nuptial vows at the Oxford Baptist Church, Rev. Norman Sanders performed the rites.

The bride is the former Christine Rohr, daughter of Mrs. Arnold Barber, 2685 Marathon Road, and the late Fred Rohr. Parents of the bridegroom are Mrs. Joan Frith of Taylor and Norman C. Beasinger, 337 Chandler St., Romeo.

Given in marriage by her brother-in-law, Carol R. Barber, the bride wore a gown of Chantilly lace over taffeta. It featured a Sabrina neckline with a tulle of lace, which ended in a drape forming a peplum at the waist.

A cap of Chantilly lace set with seed pearls and iridescent sequins held her fingertip veil. She carried a bridal bouquet of white carnations, sweetheart roses and pompons with ribbon streamers.

Mrs. Carol B. Barber attended her sister as matron of honor. Bridesmaids were Mrs. Lyle Rossman of Waterford and Marilyn Wells of Taylor.

Vicki Spring, cousin of the bridegroom, was flower girl.

Serving as best man was Lyle Rossman. The guests were seated by Gary Beasinger, brother of the bridegroom. Donald Spring and James Beasinger, cousins of the bridegroom, and Roger Wagner, cousin of the bride.

Following the ceremony a reception was held in the church parlors. The couple honeymooned in northern Michigan.

Troy Churches to Swap Ministers This Sunday

TROY — The Big Beaver Methodist Church will hear Rev. Ralph Junka as guest preacher Sunday. Church pastor, Rev. Albert E. Hartog, will be at the Troy First Methodist Church.

This is the second annual pulpit exchange between the two Methodist churches of Troy.

E. Orion 4-H'er Wins 1st Place in Lansing

A 17-year-old girl from the East Orion 4-H Club was the only major prize winner from Oakland County yesterday in the 47th annual State 4-H Show being held in Lansing.

Ardis Storm of 1434 Lapeer Road, Orion Township, was awarded first-place ribbon for her pen of three market lambs.

It was the same award the Lake Orion High School senior had received earlier this month at the Oakland County 4-H Fair, where she also won four other ribbons for sheep entries.

Nearly 3,000 boys and girls are taking part in the four-day event on the Michigan State University campus.

with DON VOGEL
Outdoor Editor, Pontiac Press

Big Weekend for Firshermen

LONESOME FEATHER—A single feather (left foreground) floats calmly on the waters of a private lake near Romeo as a family of Canada geese begins a search for the evening meal. This picture, taken by Lee Winborn, Area News Editor of The Press, should be a help to decoy painters because of the sharp

feathering shown on each goose. Clarence D. Knechtel, who owns property surrounding most of the Eldred Road lake, said the geese have arrived each spring and left in November for the last six years. One family of honkers can be fed by hand. The lake is closed to all hunting.

Pontiac Press Photo

Press Derby Will Close on Tuesday

Record Northern Tops
Pike Division; Musky
Lakes Listed

Out of this weekend's jam on the waterways of Oakland County may come a record entry in The Pontiac Press Big Fish Derby.

Fishermen will be vying with pleasure boats and water skiers for a place on the lakes. All three outdoor sports will get a heavy play.

And this will be the last big chance for some anglers to grab a first place in the Derby.

The contest closes at noon Tuesday, Sept. 4.

Current leaders are Rick Coxen, Berkley, a record 20-pound, five-ounce northern pike; Norm Hamilton, Clarkston, a six-pound, six-ounce black bass (largemouth); Hubert Alexander, Pontiac, a one and a half pound bluegill; and Fred Rendell, Clawson, a two-pound, 14-ounce rainbow.

WHERE CAUGHT
The leading pike was taken from Oakton Lake. Deer Lake yielded the rainbow and Lake Oakland was the site where the other two leaders were caught.

The Derby is open to all residents of Oakland County. The fish must be caught in county waters. Fish taken from commercial and private waters, Lakes Sherwood and Angell are not eligible.

Winner of the pike and bass divisions each receive \$50 savings bonds.

Northern pike, walleyes and muskellunge are included in the pike division. The bass class is limited to large and smallmouth black bass.

The blugill division includes sunfish (pumpkinseed) and roach. Wonder where the muskies are in Oakland County?

Try Wildwood and Valley lakes in the Holly recreation area. A pair of 14-pounders were taken last year from these waters.

It is doubtful if anyone will land a walleye topping 20 pounds from a county lake, but it is possible. These black-eyed fish have been in several area lakes for years and it is quite possible there is one that will shatter a few records.

Some of the walleye lakes are Cass, Leon, Schoolhouse, Wormer, Silver, Oakland, Lakeville and Walnut.

BLACK CRICKETS
Veteran blugill fishermen are making good catches in deep water with black crickets. Getting into the right "spot" is the key.

Trout fishing in Northern Michigan is fast drawing to a close. The season ends on trout streams and in trout lakes Sept. 9. This does not include lakes in Oakland County and special waters in northern Michigan.

Unbeaten 'Ponys' Clash
WASHINGTON, Pa. (AP)—Jim Sepe's sterling relief pitching saved a 7-6 victory for Houston, Tex., over Greensboro, N.C., Tuesday night in a clash of unbeaten teams in the Pony League World Series.

In the other game, National City, Calif., eliminated Joliet, Ill., 5-2.

The Pistons also announced today the signing of Lindberg. Moody, the nation's No. 2 college scorer in the past two seasons, and Guard Willie Jones.

Moody, a 6-foot-3 former South Carolina State star, enjoyed a 29.5 average as a junior and last season clicked for a 27.8 point per game output.

Jones, a sparkplug of the Pistons' playoff showing against Los Angeles last year, signed a two-year pact.

ALMOST GOT AWAY—Though he's straining, Eric Leader of Flushing, N.Y., is only holding air. Just as his father snapped this picture of his 12-year-old son's catch at Westport, Nova Scotia, a big pollock, slipped off the gaff. Luckily, for the youngster, the whopper landed on the dock.

Wilderness Bill Moving

Amendments Are Being Tacked on; Opposition Appears Light

WASHINGTON (AP)—A flurry of amendments to a bill to create a national system of wilderness areas was expected to continue today, but no strong opposition to the measure has come up in committee debates on it.

The House interior committee is expected to give its approval late this week to the bill, which would preserve a seven million acre wilderness system in the nation's forests and parks.

It also would permit congress to enlarge the system after a 10-year study of potential additions.

The committee approved yesterday amendments to restrict the construction of roads in the system to those needed for administration and permit the construction of roads needed to haul timber across wilderness areas if no other practicable routes are available.

It rejected a proposal that the wilderness system be opened to commercial development of skiing facilities.

The Senate has passed a Wilderness Bill, endorsed by conservation groups, which is considered more restrictive on commercial activities than the House measure.

Ask for Legal Advice
BALDWIN (P) — The Lake County Conservation Club hired an attorney Tuesday to investigate whether the county legislation may prohibit an "any deer" hunting season established by the Conservation Department.

Extinct Geese Not Extinct?

Study Minnesota Fowl for Evidence of Being Greater Canadas

ST. PAUL, Minn. (AP)—A study is under way to determine whether a flock of geese that winter annually on Silver Lake in Rochester, Minn., are Greater Canada Geese, thought to be extinct for 75 years.

The Greater Canada—a large, heavy bird, are a sub species called maxima. Dr. Harold Hanson of the Illinois Natural History Survey, is making the study.

Dave Vessal, supervisor of the Minnesota Conservation Department Bureau of Game, said Dr. Hanson has been asked to make suggestions for management of the flock of about 6,000 if they turn out to be the Greater Canada variety.

"We're not ready to make any definite statement at this time," Vessal said. "We cannot do this until findings are definitely established."

Dr. Hanson is expected to make a scientific report on his study later this year. He was reported in Canada making observations in the northern nesting area.

Some of the Rochester birds have been banded to keep track of them. The flock on Silver Lake, which lies within Rochester city limits, have been a winter time oddity and attraction as the birds remain through the coldest of weather. The lake is formed near the junction of Silver Creek and Zumbro River.

New Jersey Boat Club Leads Female Skippers

MIAMI, Fla. (AP)—The Monmouth Boat Club of Red Bank, N.J., held the narrow lead Tuesday after five races for the Adams Cup, emblematic of the championship feminine skippers of the U.S. and Canada.

Skipped by June Methot with Mrs. C. T. Engberg and Mrs. W. C. Heron as crew, the Monmouth entry was second in both the third and fifth heats with a first place finish in the fourth to amass 23½ points in the first five of eight races.

In second place was the Norton, Conn., Yacht Club with 30½ points, followed by Beverly Yacht Club of Merion, Mass., with 27½. Two races will be sailed Wednesday and the final race Thursday.

The Harvard football coaching staff has six members—but none of them went to Harvard. Head coach John Yovoskin led Jim Lenn and to Gettysburg; Roger Robinson and Paul McKee went to Syracuse; Jim Fella attended George Washington; and Bob Gonzaga went to Illinois.

Nabbed by Stream Watching Officers Litter-Bugs Float Afoul

Conservation and fire officers in the north on rivers and streams of the northern Lower Peninsula last week in a concerted drive to crack down on growing litterbug problem in this part of the state.

Following plans mapped out earlier this month, 66 officers took part in the two-day campaign, covering popular waters for canoeing where littering has become most serious.

Anti-litter patrols fanned out

Injuries Fail to Keep Lilly From Winning

STANTON (P)—Ned Lilly, Stanton's mayor and looked upon as one of the state's greatest competitors, shrugged off the added handicap of a broken right wrist after his latest crown.

He smashed 98 of 100 targets last Saturday to win the national doubles title in the 23rd Grand American Trapshoot at Vandalia, Ohio.

He won the crown in 1937 and again in 1956. Doubles shooters fire at two targets thrown simultaneously.

An instinctive marksman known to disdain practice firing, Lilly was believed finished in competition after his right hand was smashed 2½ years ago when he dropped some filling on it in a home project. He entered no events last year.

Then, at the lumberyard he operates, a sawhorse collapsed under him last July 7, causing him to suffer a broken right wrist.

He decided, nonetheless, to take his gun along over the weekend for a visit to the Grand American, which also is the social event of the year for the trapshooting clan.

Once there, the lure of competition was too strong.

He said today he fired at 24 targets without a miss, although his right hand ached and he decided to enter the meet. The result was his third crown.

Escanaba Sportsmen Take Any-Deer Action
ESCANABA (UPI)—A group of Escanaba sportsmen have joined in the Upper Peninsula revolt against the Conservation Department's any-deer season edict.

The sportsmen voted, 90-8, against the any-deer season. They did not, however, recommend that they refuse to buy a deer license this year, because of the open season.

Carriers Note Ringneck Gain

Thumb Up 22 Per Cent Over 1961; Forecast Near Million Kill

Results of an annual pheasant brood survey by rural mail carriers in Southern Michigan bear generally good tidings for hunters.

Prior to the all-out patrolling effort, signs were posted at many known stopping points along these waters warning canoeists and others that it is unlawful to throw bottles, cans and other debris in or along the state's streams.

Violators of this law are subject to a \$100 fine, or a 90-day jail sentence or both.

The raid produced a note of irony from a party of four canoeists caught tossing beer cans on private lands fronting the Rifle River. One of the men said he had stopped using the Aulsebrook, his one-time favorite, because it had become "too dirty."

Officers will continue to keep a close watch over the litterbug problem as part of their day-to-day patrol routine in the northern Lower Peninsula, department officials said.

Will Take Bids for Weapons Sale

Sealed bids are now being accepted at the Conservation Department's central repair shop in Gaylord for the sale of 34 rifles, shotguns, carbines and bows confiscated from Michigan game law violators.

The weapons, ranging in appraised value from \$250 to \$100, may be inspected at the repair shop Sept. 10-12 between 9 a. m. and 4 p. m. Bids will be received until 10 a. m. Sept. 14, when they will be publicly opened at the repair shop.

Each weapon will go to the highest bidder. No bid will be considered which is less than the appraised value of the weapon. Bids must be submitted on a single-gun basis and accompanied by a deposit equaling the amount offered.

Special bid forms and other information about the weapons being offered are available at department field offices throughout the state.

Hunting Costs Mount
WASHINGTON—About 12 million U.S. hunters and trap shooters spent about \$1 billion a year for equipment, fees and trips.

Pistons Sell George Lee to Warriors

DETROIT (U) — Home-grown George Lee has been sold to the San Francisco Warriors.

The ex-Highland Park prep star and Michigan player assembled a 9.8 scoring average in two seasons with the Pistons but was best known as a rebounder.

He was Detroit's fifth-round draft choice in 1959 but spent one year with the Denver Trailers in the National Industrial Basketball League before turning pro.

The Pistons also announced today the signing of Lindberg. Moody, the nation's No. 2 college scorer in the past two seasons, and Guard Willie Jones.

Moody, a 6-foot-3 former South Carolina State star, enjoyed a 29.5 average as a junior and last season clicked for a 27.8 point per game output.

Jones, a sparkplug of the Pistons' playoff showing against Los Angeles last year, signed a two-year pact.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times.

Day	Moon Major	Moon Minor	PM	Moon Major	Moon Minor
Thursday	5:15	11:25	6:45	12:30	12:30
Friday	4:30	12:55	6:30	12:30	12:30
Saturday	3:45	1:25	6:15	12:30	12:30
Sunday	3:00	1:55	6:00	12:30	12:30
Monday	2:15	2:25	5:45	12:30	12:30
Tuesday	1:30	2:55	5:30	12:30	12:30
Wednesday	1:00	3:15	5:15	12:30	12:30

Number of Visitors Breaks Park's Record

WASHINGTON (AP) — A record 273,484 visitors were counted at state-operated parks and recreation areas during 1961.

According to a report issued today by the Interior Department, attendance increased by 5.6 per cent over the previous high recorded in 1960.

The visits included 21 million overnight stays.
