Solons in Hurry to Quit

Another Way of Licking the Heat

United Press Photo

KANSAS COOLER—It was doggone hot in Salina, Kans., but Lindamay Nixon, 6, and her puppy Spot found a way to lick the heat. Linda had a few refreshing bites from an ice cream cone, and Spot lapped up the rest. Temperature there was over 100 for six days in a row.

Armed Trio Rob Farmington Twp. Couple in Home

Use Ruse to Enter House; Loot Totals $1,900

Three pistol-brandishing thugs robbed a Farmington Township couple of $1,600 in jewelry and $300 in cash last night after using a ruse to enter their fashionable Wellington Road home.

The victims, Mr. and Mrs. Richard H. Norwall, of 27872 Wellington, told Oakland County Sheriff's deputies that the trio came to the house at about 9:45 p. m., saying they wanted to use the telephone because their car had broken down. Once inside all three drew guns.

Norwall, former Detroit cab company executive, said the thugs took a $1,000 diamond ring from his wife, Vera, along with a $400 wrist watch. A $200 wrist watch and $300 in cash was taken from Norwall, police said.

The couple was bound and left lying on a bed. Mrs. Norwall freed herself at about 11:15 and called police.

Two of the bandits were described as being in their late 20s, wearing white print, short-sleeved sport shirts. The Norwalls were unable to give a description of the third except that he was older than his accomplices.

The jewelry was partially covered by insurance, according to Norwall.

President Breakfasts With Republicans

AP Wirephoto

PARTY CONFAB — President Eisenhower breakfasting at the Hotel Statler in Washington this morning with Republican Congress members and the cabinet, pours saccharin tablets into his coffee as he talks with Senate Majority Leader William F. Knowland (R-Calif). At right, Republican Committee Chairman Leonard Hall confers with Presidential Press Secretary James Hagerty.

Congress Now Hopes to Finish Work Saturday

House Debating Home Measure; Ike May Get What He Asked

WASHINGTON (AP)—Congressional leaders pushed the throttle down today as hopes leaped that the first session of the 84th Congress would wind up on schedule tomorrow night after all.

House leaders, who previously had not expected Congress to quit before next week, supplied the biggest impetus.

After the House passed a bitterly disputed natural gas bill last night, the leaders got unanimous agreement to call up tomorrow minor bills which they originally had planned to handle Monday.

Sen. Clements (D-Ky), acting Senate majority leader, said a windup by tomorrow night was a good bet. One House leader indicated it was all but certain.

Both branches arranged to meet an hour ahead of the usual time today to try to clear out a few major items and a lot of odds and ends.

The House debates today the controversial housing bill, likely to be the biggest stumbling block be-

(See Gas Bill Story on Page 2)

fore the session can end. This measure, blocked in the House Rules Committee for almost a month in a dispute over public housing, was cleared yesterday for floor action.

WHAT IKE WANTS

Some key members said privately the conference with the Senate would produce what President Eisenhower asked—35,000 units a year for the next two years.

Rep. Wolcott (R-Mich), senior House Banking Committee Republican, predicted the House would accept his substitute bill, which makes no provision for public housing.

Public housing foes on the House Rules Committee have held up action on the House bill for nearly a month. It was finally cleared for a floor vote yesterday, removing a principal stumbling block to congressional adjournment.

A housing bill is regarded as a "must" item, largely because the Federal Housing Administration is running out of authority to insure home loans.

The Banking Committee measure would grant FHA four billion dollars in new home mortgage insurance authority.

It also would extend FHA's home repair and modernization program for another year, raising from $2,500 to $3,000 the limit on individual loans FHA may insure

State Road - Building Program Confused; Battle Looms on Superhighway Project

By BURDETT C. STODDARD

Michigan's highway-building program, and Oakland County's part in it, seemed more confused than ever today.

A battle looms between the State Highway Department and Michigan Turnpike Authority (MTA) over which will build a north-south superhighway to run through Oakland.

Results of a meeting between Oakland officials and Highway Commissioner Charles M. Ziegler in Lansing yesterday indicated the county may have to go it alone to a certain extent if it is to acquire better roads.

Events were touched off yesterday by word from Washington that Congress had killed the proposed federal-aid bill, relied on by the State Highway Department to push Michigan road construction at double time.

ASKS CONGRESS RECALL

But Sen. Charles E. Potter (R-Mich) said today President Eisenhower should recall Congress to a special session if it fails to pass a highway bill before adjourning.

The President asked Congress to reconsider its action yesterday, but House Democratic leaders turned him down.

Sen. Albert Gore (D-Tenn) said he would "urge the House leadership to act early" in 1956 on his bill. The Gore measure, which passed the Senate, calls for a five-year, 18 billion dollar road-building program.

Ziegler said Monday a north-south freeway could be built as fast as a toll road if the federal-aid bill passed. The freeway would parallel the proposed turnpike route and make it impractical to build the pay-highway.

First reaction to the aid bill's loss was that it cleared the way for a toll road.

MTA Chairman George N. Higgins, of Ferndale, immediately told his group to proceed at full speed toward beginning construction next spring.

But Ziegler told the Oakland group yesterday he still plans to continue building the freeway even

(Continued on Page 2, Col. 4)

See Fair Skies, Warm Weather This Weekend

A pleasant weekend is in store for Oakland County, with the Weather Bureau predicting mostly fair skies and warmer today, tonight and Saturday, with a possibility of occasional thundershowers. Sunday.

Today's high temperature will be 82-88 degrees and tomorrow's 90-95. The mercury is expected to dip to a low of 64-70 tonight.

The five-day forecast calls for temperatures averaging up to 10 degrees above the normal maximum of 83 degrees. It's to turn cooler the first of the week with occasional thundershowers possible Monday and Tuesday as well as Sunday.

Meanwhile, in other parts of the nation, the "broken" heat wave mended, sending thermometers soaring once more. In Chicago, focal point of the extended heat wave, another record fell as the 16th day in July of 90-degree temperatures or better was recorded. Four persons died of heat exhaustion in St. Louis.

Yesterday's Pontiac temperatures ranged from a high of 83 to a low of 63. At 8 a. m. today, the downtown mercury reading was 68 degrees, rising to 84 by 1 p. m.

Talbott Decision May Give Dems Election Ammunition

WASHINGTON (AP)—Renewed demands from two Democrats that President Eisenhower fire Secretary of the Air Force Talbott indicated today they view the case as ammunition for the 1956 election campaign.

Eisenhower has announced he himself will decide, from the testimony in a now-ended Senate investigation of Talbott's profitable outside business activities, whether the secretary had violated "a proper standard of ethics."

The President received a copy of the hearing transcript yesterday, but Press Secretary James C. Hagerty said he did not know how soon Eisenhower could complete reading it.

Demands for Talbott's ouster came from Sen. Morse (D-Ore.) and Paul M. Butler, Democratic national chairman. Both have criticized Talbott's outside activities as a special partner in the New York firm of Paul B. Mulligan & Co.

Morse told the Senate yesterday Talbott should be fired "forthwith," and asked:

"What is the President waiting for?"

"If this administration thinks that it is going to get the American people to swallow this mess of corruption," he said, "it is going to find that the people are going to gag."

Butler released a statement declaring, "It is difficult to see how Mr. Eisenhower can retain Mr. Talbott without serving notice, in the eyes of the public, that the President is lowering his administration's standards of integrity for all government officials."

"It is easy to set high standards, but the proof of integrity comes not in setting up rules but in living up to them," he said.

Gary Gotta Get a Grouchy Goose as Film Gee-Gaw

LAS CRUCES, N. M. (AP)—They just can't find a grouchy goose.

That's Hollywood's problem.

Director William Wyler in Hollywood has advertised all over the country and contacted countless zoos for an ill-tempered goose that is photogenic. He wanted the fowl for a movie starring Gary Cooper.

When he couldn't find one to fill the specifications, he turned to the Stahmann Farms near here. But there wasn't a mad bird in the 150,000 there.

Pasqual Eyherabide, assistant superintendent of the huge goose farm, says the only time the geese are irascible is when they are breeding or hatching eggs. This happens only in the spring.

And the movie is scheduled to start shooting Aug. 15.

Prof Terms Newspapers Today's Biggest Bargain

EAST LANSING (AP)—The newspaper you're reading right now is today's best and biggest bargain.

That's the contention of a Michigan State University professor who has made a study of newspapers.

The authority is Dr. Herbert Lee Williams of the MSU College of Communication Arts. Dr. Williams is co-author of "Newspaper Organization and Management," a book both for schools and the trade to be published in September.

Dr. Williams cited the former nickel cigar, the bus ride, the cup of coffee and the candy bar as a few typical items that have jumped in price with inflation.

In contrast, he said, the average newspaper has held the line at a price of five to seven cents.

With today's king-size newspaper editions, Dr. Williams said, the reader is getting more than five or seven cents worth of paper alone when he buys his newspaper.

"Today," he said, "a single sheet of unprinted newspaper costs a fraction less than a tenth of a cent." This means that when you pay seven cents for a 56-page newspaper you are getting slightly more than five cents worth of paper alone and are paying less than two for the reading matter it contains.

"The physical newspaper," he said, " is nothing more than a container or package. The real product publishers offer for sale is news and information.

"But what other discarded container is used so universally by the American family for everything from protecting the floor or cleaning the skillet to spreading on the picnic table?"

* * *

Newspapers in the larger cities, he said, regularly issue from 4 to 10 issues a day, each one of which contains enough reading matter to make more than a 300-page book.

FIGHT INFLATION

"But do they get book prices?" Dr. Williams asked. "Even 15 cents for a new book would be an incredible bargain."

Dr. Williams contended that newspaper publishers have fought a better fight against inflation than most other producers of consumer goods.

* * *

In contrast to most other businesses, he said, the typical newspaper has reduced its profits and absorbed the mounting costs of operation in order to avoid passing them on to the public in the form of price increases or reduction in the size of the product.

"Continuing cost studies reveal," he said, "that for more than a decade now newspapers have watched the profit margin shrink nearer and nearer the break-even point. In 1954, the national average of gross newspaper profit was just 11 per cent and the net profit barely above 5 per cent."

The MSU professor said that about the only other common commodity that has held the line against the inflationary trend is chewing gum, which generally still sells for a nickel.

* * *

"But chewing gum is not recognized in the United States Constitution as essential to the American way of life," he added, "The press is."

Jet Base Site Left to Congress

Air Force Announces Kalkaska County Spot Is Favorite

WASHINGTON (AP)—The decision on a site for a planned jet air base in Northwestern Michigan was left up to Congress today with an Air Force announcement favoring a Kalkaska County location to replace a House-rejected site near Cadillac in Wexford County.

The Air Force selection was made public yesterday by Rep. Knox, Sault Ste. Marie Republican, who released a letter from Assistant Air Force Secretary Lyle S. Garlock asking the House Armed Services Committee and Appropriations Committee to approve Kalkaska.

Chairman Cannon (D-Mo) of the Appropriations Committee promptly told the Air Force he approved. But a Senate-House conference committee was reported unofficially last night to have disapproved $1,881,000 in additional funds for the Air Defense Command base.

The Air Force selection follows months of controversy over proposed sites in Benzie, Manistee, Kalkaska and Wexford Counties. It came after Cannon's purse-strings committee Wednesday turned down the Cadillac site picked by the Air Force on the grounds of excessive costs and gave the air arm a choice of three Manistee County locations and the Kalkaska site.

Garlock said Kalkaska "will be in the best interests of the Air Force" from the standpoint of construction and operating costs and community support.

Israelites Try to View Plane

Probers Again Attempt to Enter Bulgaria to See Wreckage

ATHENS, Greece (AP)—A six-man Israeli commission sought again today to enter Bulgaria to examine the wreckage of an Israeli airliner shot down by Communist gunners.

The Israeli mission was denied entry to the Soviet satellite yesterday but planned to return to the Greek-Bulgarian border for another try today.

All 58 persons aboard the airliner, including 12 American passengers, died when the four-engine Constellation of the El Al Israel Airline crashed in flames Wednesday just north of the Greek frontier.

In Washington, State Department Press Officer Henry Suydam said yesterday the United States would file a protest to Bulgaria "in appropriate terms" as soon as full information on the incident was available.

Winnie Briefed on Big 4 Talks

Eden Brings Churchill Up to Date on Geneva at Luncheon Meeting

LONDON (AP)—Sir Winston Churchill lunched today with Prime Minister Eden and got a private report on what happened at the Geneva summit talks.

The 80-year-old statesman, who proposed the talks two years ago but quit as prime minister before they were arranged, journeyed to No. 10 Downing St. from his Hyde Park home to see Eden, whose political destinies he guided for many years.

A cheering crowd of 1,500 surged against police lines to welcome Churchill. As Churchill got out before the open door of his former official residence, the crowd — including many American tourists — swarmed around his car. Sir Winston paused for a moment in the doorway to wave his stick in acknowledgment.

Churchill, now a backbencher in the House of Commons, has remained in the background during the post-Geneva period.

Some here believe Eden may invite Churchill to join in the welcome for the Soviet leaders and even to get in on the "valuable discussions" which Eden said last night would take place.

It would be something like: "If Churchill could not go to the summit talks then the summit talks will come to him."

Public pressure also is building up for Churchill to take an active part in the Russian visit.

Doak Signs for Last Season on Pro Grid

DETROIT (AP)—The Detroit Lions announced today halfback Doak Walker had agreed to terms and would play a sixth year of professional football.

W. Nicholas Kerbawy, Lions general manager, said Walker came to terms in a five-minute telephone conversation from his home in Dallas, Texas. But in agreeing, the former All-America from Southern Methodist University told the Lions this season would be his last in football.

Kerbawy's announcement followed by several hours published reports that Walker wouldn't play this year unless he was paid $32,000. Kerbawy said "the astronomical figure of $32,000 is away off." A source close to the Lions said Walker would get around $20,000.

Two From State Killed in Ontario

AP Wirephoto

CAR TORN APART — Killed yesterday when this car was torn asunder by a semitruck-trailer on highway 7 east of Sarnia were Air Force Lt. James McArdle, 22, and his mother, Mrs. Gertrude McArdle, 50, both of Ionia. Two other Ionians, Margaret McArdle, 21, and Caroline Peterson, 20, and the truck driver, Clifford Boasley, 28, Aurora, Ont., were injured. Police said the truck cab lost a wheel and veered across the road into the car.

Bonanzagram Prize Is Now Worth $600

If you were successful in completing Bill's grocery list in last week's Bonanzagram you can buy a lot of provisions—$600 worth. Answer to puzzle No. 20 appears today on page 26. This week's Bonanzagram is on page 31. If no one has submitted correct answer to No. 20 the cash award for the current puzzle jumps to $700.

Hope He's All Wet

TOKYO (AP)—Dr. Hideo Nishioka, 42, science instructor at Tokyo's Kei University, said today world temperatures would get hotter every year for the next 250 years. He has a theory that general climatic changes occur in 700-year cycles.

Gas Producers Bill Hits Snag

Congress Recess Stalls Debate on Proposition to End Price Control

WASHINGTON (AP)—A bill to free natural gas producers from federal controls passed the House by a six-vote margin last night but promptly was snagged in the rush to adjourn.

Acting Majority Leader Clements (D-Ky) told newsmen the bill is not on the Senate program. Sen. Daniel (D-Tex), an all-out backer, conceded it is "awfully late" to start debate this year on such a controversial issue.

* * *

The Senate can act upon it during the session beginning next January.

The House last night passed 209-203 a bill by Rep. Harris (D-Ark), frankly aimed at overturning a 1954 Supreme Court decision. It would exempt producers from the Federal Power Commission's price fixing authority.

The high court had ruled that the FPC should regulate producer prices for gas sold to interstate pipelines. It said the FPC was wrong in contending it lacked this power under the 1938 Natural Gas Act.

* * *

On passage 86 Democrats and 123 Republicans voted for the bill. Against it were 136 Democrats and 67 Republicans. The House previously defeated 210-203 a motion by Rep. Wolverton (R-NJ) to send the measure back to the Commerce Commttee.

What effect the proposal would have on consumers' gas bills was a matter for dispute. Backers said it would assure adequate supplies and thus keep future prices down. Opponents said the bill was a "giveaway" that would mean millions of dollars in extra profits annually for big oil companies owning the bulk of gas reserves.

Cases of Measles Show Increase Here

Increases in cases of measles and chicken pox in Oakland County appeared today in communicable disease reports released by Dr. John D. Monroe, Pontiac and County health director.

Reported cases of mumps in the county show a big upswing, with 36 new cases treated last week.

No mumps or chicken pox were reported in Pontiac for the week ending July 22. Five cases of polio appeared in the county report this week.

Breakdown of both reports, along with comparative figures for the previous week and a year ago follows:

PONTIAC

	Last Week	7-15-'55 Prev. Week	7-17'54 Year Ago
Measles	1	10	3
Mumps			3

Area Man Nominated for Tariff Board

William E. Dowling, 2175 So. Squirrel Rd., Bloomfield Hills, has been nominated by President Eisenhower for the U. S. Tariff Commission for the remainder of the term of James W. Jones, expiring June 16, 1957.

Now a practicing lawyer in Detroit, Dowling formerly was a Detroit corporation counsel and is described by the White House as an Eisenhower Democrat.

Jones will replace Commissioner Lynn Edminster, whose term expired June 16, the day after Jones was confirmed for the shorter term.

The Weather

Pontiac Deaths

Mrs. Frank Bertoli

Word has been received here of the death of Mrs. Frank (Fannie) Bertoli, 81, in Lake Worth, Fla. on Thursday.

Mrs. Bertoli formerly lived at Williams Lake.

Besides her husband she is survived by a son, Christopher in Portland, Ore.; three daughters, Mrs. Eugene J. Goupie of Lavonia, Blanche of Lake Worth, Mrs. Otis Miller of Pontiac; two sisters in Detroit; 12 grandchildren and 11 great-grandchildren.

Here she was a member of St. Michael Catholic Church.

The body is being brought to the Sullivan Funeral Home in Detroit.

Mrs. Ethel May Gillespie

Mrs. Ethel May Gillespie, 63, of 153 Chandler Ave., died at 4:15 a.m. today after a prolonged illness.

Born at Van Wert, Ohio, Jan. 23, 1892 she was the daughter of James W. and Flora A. Whitman. She came to Pontiac from Lima, Ohio 30 years ago and for many years operated the Fisher Cleaners on E. Pike St.

Surviving are three daughters and a son, Mrs. Florabelle Gray, Mrs. Lucille Felton of Pontiac, Mrs. Alice White of Detroit and Pvt. Frank E. Gillespie in the U.S. Army. Also surviving are eight grandchildren and five great-grandchildren.

Funeral will be at 1:30 p.m. Monday from Sparks-Griffin Chapel. Burial will be in Oak Hill Cemetery.

Herbert J. Hall

Herbert John Hall, 50, of 33 Eastway Dr., died this morning in Pontiac General Hospital.

HALL

Born in Painesdale April 10, 1903, he was the son of Richard and Mary Bowden Hall. He came to Pontiac from there 25 years ago and was a self-employed painter for many years.

Mr. Hall was a member of the Seventh Day Adventist Church and active in the music of the church.

Besides his widow, Juanita Nellie, and his mother, he is survived by three daughters and a son, Mrs. Winnifred M. Churchill, Mrs. Dolores M. Johnson both of Pontiac, Mrs. Lillian N. Brown of Grand Rapids and Richard H. at home.

Also surviving are three sisters and a brother, Mrs. Winnifred Kevern of Pontiac, Mrs. Lillian Foster of Yyandotte, Mrs. Pearl Weller of Mt. Clemens and Henry Hall of Flint.

Funeral will be Monday at 3 p.m. from Donelson-Johns Funeral Home. Elder Herbert Lohr, his pastor, will officiate.

Eugene Minard

Funeral for Eugene Minard, 83, of 14665 Lauder in Detroit, will be Monday at 10 a.m. from the R. G. and G. R. Harris Funeral Home, 14751 W. McNichols Rd. in Detroit. He died Thursday in New Grace Hospital.

Mr. Minard was a member of Fourth Church of Christ Scientist in Detroit.

Surviving are a son, Lowell R. of Milford; a brother, Arden of Detroit; two grandchildren and three great-grandchildren.

Mr. Minard was past president of National Sales Engineering Corp. of Detroit and present chairman of the board.

Expand Insurance for Ford Salaried

DETROIT (AP) — Henry Ford II, president of Ford Motor Co., announced yesterday a new program of medical-surgical, life and disability insurance for 46,000 salaried employes.

He described it as one of the most liberal in the industry.

The program includes provisions to insure against expenses not covered by current medical insurance programs. Other improvements include increased Blue Cross and Blue Shield hospital-surgical coverage; higher in-hospital medical benefits and improved group life insurance and accident and sickness benefits.

Employe participation in the program will be voluntary, with the company and employes sharing the cost, Ford said.

Tigers Sign First Baseman, 3 Pitchers

DETROIT (AP) — Detroit Tigers signed a 1st baseman and three pitchers to minor league contracts today.

Larry White, 22, Kingfisher, Okla., a free agent and southpaw hitting 1st baseman, was signed after being out of baseball in 1954. He batted .280 with Abeline in the West Texas-New Mexico League in 1953.

Also signed were Jerry Fields, 18, a Detroit sandlot pitcher; Tom Loyd, 19, Burna, Ky., pitcher, and Don Hannam, 17, a right-hand pitcher from Sycamore, Ohio.

No commercial deposits of tin have been found in the United States.

U.S. Will Buy Jets for RAF

New British Planes Will Replace Sabres Assigned Earlier

WASHINGTON (AP)—The United States is buying 140 million dollars worth of British-made jet fighters for the Royal Air Force.

They will replace American and Canadian-manufactured F86 Sabre Jets assigned to Britain when that country had trouble in production models of its own aircraft.

* * *

The F86s, numbering about 400, will be returned to the U.S. Air Force for reallocation to other countries under the North Atlantic Treaty Organization program.

The Defense Department made the announcement today by releasing without comment a British Ministry of Defense statement published simultaneously in London.

* * *

About 465 Hawker Hunter jet fighters will be produced to replace the F86s provided the RAF since 1952 and 1953. The cost per plane will be about $207,000, plus cost for spare parts. An F86e costs between $300,000 and $400,000, including spare parts.

The "offshore procurement" program under which the British-made airplanes will be provided the RAF is part of the over-all program for armament of the NATO nations.

* * *

The British statement said the Sabres have given the Royal Air Force "most valuable service." But it added there are "substantial" advantages in equipping the RAF with British-type planes which can be serviced and repaired from United Kingdom sources.

Anti-U.S. Signs Shock Farmers Touring Russia

YEVPOTORIYA, CRIMEA, U.S.S.R. (AP)—The sight of anti-American posters shocked members of the touring American farm delegation today and embarrassed their hosts.

The delegation paused here on its boat trip on the Black Sea from Odessa to Novorossisk.

Russian hosts sought to hurry the visitors past seaside billboards displaying cartoons caricaturing the United States as threatening atomic warfare.

* * *

The American farmers were relaxing on the 36-hour Black Sea voyage aboard the steamer Pobeda. They were preparing for a new round of sumptuous eating and drinking when they visit Novorossisk and inspect the harvests in the Caucasus.

They will see what Pravda, the Communist party newspaper, says is intensive gleaning aimed at reaping a maximum harvest. Pravda quoted Communist party officials as saying all must do their utmost to bring in the harvest as speedily as possible.

City Man Is Arrested After Accident Here

Pontiac Police arrested D. C. Turner, 48, of 217 Orchard Lake Ave. for driving without an operator's license yesterday afternoon after he was involved in an accident causing minor injuries to one Pontiac resident.

Viola Hopp, 55, of 38 Williams, was treated for bruises to the right arm and leg and later released from Pontiac General Hospital. The injured was a passenger in a car driven by Horton Graves, 48, of 155 Palmer.

The accident occurred at Wayne and Huron Sts. when Turner's car entered the wrong lane in which Graves' vehicle was approaching.

In the last decade, fire has killed more than 100,000 persons and burned or disfigured many hundreds of thousands more.

Michigan Highway Program Confused

(Continued From Page One)

though lack of increased federal money would set back its completion.

The apparent conflict may be ironed out when the MTA meets with the Highway Department Aug. 8.

The Oakland officials traveled to Lansing to follow up a Board of Supervisors resolution asking the County Road Commission and Road Committee to investigate the seeming slight of Oakland in projects planned by the state.

They first went on record as approving any action to provide a turnpike.

The group presented a list of seven projects they feel must be done to relieve traffic congestion in this area.

The list included construction "as speedily as possible" of the planned overpass of Telegraph Road at Orchard Lake Road.

Ziegler said some of the work might be contracted for this fall with construction beginning next spring.

PROJECTS LISTED

Plans include the widening of Orchard Lake Road to Keego Harbor, he said.

Another listed project was the extension of Northwestern Highway from North Farmington northwest to Fenton.

The commissioner said Detroit's John Lodge Expressway will be completed to connect with Northwestern by the middle of next year and the road's extension probably can be started in 1957.

Ziegler held out little hope for another recommended move — the designation of Twelve Mile Road as a state highway and its widening to handle east - west traffic and to provide access to Grand River.

The other Oakland proposals included:

Continuing Rochester Road (M150) from Romeo north to the county line and that it be made four-lane from Stevenson Highway to the north county line.

Widen M59 to four lanes from Dequindre Road to the west county line and Southfield Road to four lanes to avoid a traffic bottleneck at Eight Mile Road.

NO READY SOLUTION

"It appears that we have a problem with no ready solution, but one that must be solved," said Waterford Township Supervisor Lloyd Anderson. "You're building a fine expressway system in Detroit which is dumping cars into Oakland at an increasing rate. But we have no roads to handle them when they cross the county line."

Sylvan Lake Supervisor Don R. MacDonald said, "It would be a terrible thing to attempt to empty Wayne County through Oakland in event of a civil defense disaster.

"We have almost an emergency condition. People are actually considering moving out of the county to get away from the traffic."

The Oakland group questioned Ziegler about possibility of the county launching a large - scale bonding program in cooperation with the state to finance roads on a basis similar to that used in Detroit. They said they would further investigate chances of such a program.

Besides MacDonald and Anderson, the delegation included Road Commissioners Lee O. Brooks, Robert O. Felt and Sol D. Lomerson plus Road Commission Highway Engineer Leon V. Belknap.

Charlevoix Police Nab Former Pontiac Resident

A former Pontiac man, wanted on a bad-check charge here, has been arrested by police in Charlevoix on a similar count, according to Chief Investigator for the Oakland County Prosecutor's Office Robert C. Miller.

Jack Kirchmeyer, 32, was charged June 10 with passing a bad $36 check in Waterford Township May 20, said Miller.

Kirchmeyer will probably stand trial for the Charlevoix offense.

Oakland Child Guidance Clinic Will Open Branch

The Oakland Child Guidance Clinic (formerly Pontiac Child Guidance Clinic) is announcing the opening of a branch in Birmingham.

Sparked by the Junior League of Birmingham, the branch office, an innovation in the state, will be under the direction of Madeleine Half, director of the Oakland Clinic, with the Birmingham supervisor in charge locally.

The Junior League, who will sponsor the branch, decided on its establishment only after careful research and a thorough survey of needs with community groups.

The new clinic will endeavor to aid parents with their emotionally disturbed or "problem" children as does the main clinic at 113 Franklin Blvd., and as Dr. Robert Mason, board chairman says, "this branch will in no way curtail the services of the Oakland Clinic, but will be an extension of those services."

The branch, to begin operation in January, will be a three year experimental project with these objectives:

EXPERIMENTAL PROJECT

To give increased child guidance service to the children of the Birmingham area and to evaluate branch operation and make recommendations for long range plans for this service in the community. Also, to undertake research including the effect of charging fees in a child guidance program.

(Because this is an experimental project supported by Junior League funds, the State Department of Mental Health can allow fee-charging on an experimental basis, which is against present state policy in regular clinics supported by tax funds.)

The branch will initiate and carry on its mental health education program in the community in conjunction with the State Department of Mental Health as well as the Oakland Child Guidance office.

Junior League women who will be on the board at Birmingham will be Mrs. Winthrop Conrad of Franklin, chairman, and Mrs. Steele Sellers of Birmingham, secretary-treasurer. They will also sit on the board at Pontiac.

Miss Half observed today, "Since child guidance is so important a preventive movement in mental health, our Birmingham branch and its experimental work is looked upon with keen interest by the staff here in Pontiac."

Turncoat Trio to Be Arrested

Ex-GIs Will Be Seized When Liner Docks in Frisco Today

SAN FRANCISCO (INS)—Three former American soldiers who left Red China to return to the United States will be arrested today the moment they step ashore in San Francisco.

The three, dishonorably discharged when they elected to remain in Communist hands in Korea, are Otho Bell of Olympia, Wash.; William Cowart, Monticello, Ark., and Lewis Griggs, Jacksonville, Tex.

Sixth Army Headquarters said military police will take the turncoats into custody when they debark from the liner President Cleveland at the American President Lines pier.

The liner is due to dock at 1 p.m. (PDT.)

Lt. Gen. Robert N. Young, 6th Army commander, said the former GIs will be read court martial charges that "involve the offenses of aiding the enemy and informing on fellow American prisoners' resulting in punishment of their comrades by their enemy captors while in prisoner of war status."

If convicted, Bell, Cowart and Griggs could be sentenced to death or life imprisonment.

The charges were prepared from information given by returned American prisoners of war.

Congress Hoping to Quit Tomorrow

(Continued From Page One)

for this purpose: raise from 5 to 12½ million dollars the ceiling on mortgages for large-scale rental housing projects which FHA may insure; add 500 million dollars in federal authority for grants to help in slum clearance and urban redevelopment; extend and liberalize the military housing program; make the Home Loan Bank Board an independent agency and provide other changes in existing law.

HOMES FOR ELDERLY

In addition, it would provide for 10,000 public housing units a year for two years for elderly families of low income.

* * *

Wolcott's proposal leaves out public housing altogether. It would give FHA $3,400,000,000 in new mortgage insurance authority, extend the home repair program a year as is, limit the military housing program and add 500 million dollars for slum clearance.

The Senate has voted for 135,000 public housing units a year for four years and for some other provisions the administration didn't ask.

The Senate also takes up the compromise version of the minimum wage increase bill and the $92,923,000 legislative appropriations bill—both must items.

The minimum wage measure, calling for an increase from 75 cents to $1 an hour, is expected also to be passed by the House and sent during the day to President Eisenhower, who had asked for 90 cents.

* * *

The legislative money bill, carrying funds to run Congress, must go to conference with the House, but little trouble is expected.

The $2,703,641,750 foreign aid money bill, once regarded as a possible hurdle to adjournment, was sent to the White House yesterday.

Pilot Makes Forced Landing, Uninjured

A Walled Lake pilot was uninjured last night as he brought his fuel-less plane into a dead-stick landing in a wheat field while attempting to land at Wayne Major Airport.

John LeBaron, 31, said the top blew off the fuel tank of the twin engine plane he was flying from Muskegon, and the tank emptied.

The plane's landing gear and nose were slightly damaged in the landing. Lebaron said he circled the field to come in against the wind, but the engines failed as he approached the runway.

The Day in Birmingham

CAP Lads From England Visit Here for One Day

BIRMINGHAM—Birmingham and its environs will be only fleetingly glimpsed by the 25 young Britishers originally scheduled to arrive here today.

For the fourth year in a row, the local Civil Air Patrol will play host to the boys in the CAP program known as "Operation Cadet Switch."

However, transportation has posed a problem for the visiting teenagers, who are the English equivalent of the CAP here.

Instead, the specially selected group will reach here Sunday afternoon, accompanied by two Royal Air Force officers, and will depart again Monday morning.

Special arrangements were made to hold an open house and dance at the Community House at 8 p.m. Sunday due to the change in schedule. It will be for parents and personnel of CAP, or those interested in the program.

After visiting in the homes of local families, the group will continue on to Flint.

Ordered into the 1955 sidewalk construction program at the City Commission meeting this week were the areas on the east side of Woodward avenue, between Lincoln and 14 Mile Roads, where complete sidewalks do not exist.

Commissioners also approved filling in, grading and seeding by the city the area between the sidewalk and curb, along Pierce street from Brown to Lincoln, which was torn up during recent paving construction.

* * *

A month of camping at Camp Nissokone near Oscoda began yesterday for 19 local boys, who left from the YMCA.

Youngsters who boarded the bus were Bill Bachman, Steven Bartholomew, Tom Bartholomew, Charles Fiers, Frederick Gieb, Herbert Harlton, Lawrence Kimberly, John E. Martin, Jerry Purdy, Rudolph Reinhard, Neil Reynolds, and Richard Seiler.

Others were Jon Spoelstra, Robert Starr, Thomas Stedling, Robert Thompson, Douglas Thorburh, Thomas Tucker, and Edson Pool Jr.

* * *

Someone was not quite as sociable as the friends that Burton Wright of Royal Oak was visiting at 1520 Southfield Rd. last night.

While he visited, thieves removed the hub caps from his car, along with a set of golf clubs and a caddy cart in the back seat. Police estimated the loss at $275.

* * *

Frank B. Lamb

Service for Frank B. Lamb, 91, will be held at the Barber Funeral Home, Westfield, N. Y., tomorrow, with burial in Westfield Cemetery. He died Wednesday at the residence of his daughter Mrs. Steele R. Sellers, 960 Arlington.

Man Waives Exam on Morals Charge

Charged with taking indecent liberties with an 8-year-old girl, Clarence F. Sparks, 26, of Detroit, waived examination when he was arraigned yesterday.

He was bound over for examination in Circuit Court and returned to Oakland County Jail after failing to post a $500 bond set by Waterford Township Justice Willis D. Lefurgy.

Sparks, an unemployed factory worker, is charged with taking liberties with the Avon Township child while boating on Pontiac Lake last Sunday.

The suspect was cleared of implication in the Barbara Gaca slaying and the 1952 murder of Joann Gillespie, Detroit police said.

Rhode Islanders Have a Time With a Whale

WEEKAPAUG, R. I. (AP)—That whale is back again.

The carcass of the 10-foot mammal became wedged in rocks along the shore last Tuesday. After appealing to police and the Coast Guard, the townspeople arranged to have it towed to sea on Wednesday.

The tides yesterday beached the whale again, about a mile from its original landing.

A new group of townspeople is now appealing to town officials to give the whale a burial.

Our Roads Scorned By U. S. Automobile Editors

Last week automobile editors from all over America gathered at Dearborn for a private preview of a new and truly beautiful Lincoln which will be announced later.

We're sworn to secrecy on the Lincoln, but we're free to repeat the conversation of visiting automotive editors about Michigan traffic and Michigan roads.

★ ★ ★

"How," asked one wonderingly, "do you people get along with these miniature Indian paths that seem to serve as highways?"

We told him we didn't know. No one had ever been able to figure it out.

"I never saw such crowded roads and such narrow pavements in important places," said another. "Michigan must have given up on her traffic problems and surrendered."

★ ★ ★

A New York writer was a bit — just a wee bit — more charitable. "Southeastern Michigan," said he, "is the home of the automobile. Think of that. And yet this very section of Michigan has let traffic give it about the worst licking of any district I know.

"New York City is a problem because of the skyscrapers, but outside of that our worst spots are better than practically anything the home of the automotive industry provides. Isn't that a laugh?"

It isn't a laugh to us who live here. It's humiliating.

It's tragic.

★ ★ ★

Perhaps we aren't as bad as the visitors suggested, but for one, the Press is heartily ashamed of the way traffic has outstripped Oakland County and Southeastern Michigan, "the cradle of the industry."

We have let the automobiles which we build outpace our roads so far we face a titanic struggle to restore an equitable balance. The House in Washington has apparently kicked the Federal Road Bill into oblivion.

★ ★ ★

THIS MEANS MICHIGAN IS NOW DEPENDENT UPON HER OWN RESOURCES. THERE WILL BE NO OUTSIDE AID.

Commissioner Ziegler, it's really your move.

The problem rests in your lap.

★ ★ ★

Are the national automobile writers correct in their estimate of traffic conditions in the small area of the world that builds the cars?

And before we rest, we'd like to ask a question of the Democratic administration which now has almost complete control of Michigan.

What do YOU propose to do if Ziegler fails?

What plans have YOU made?

We're asking this of Governor Williams and Lieutenant Governor Hart, both of whom have declared themselves tremendously interested in the traffic problem.

Campaign to Draft Ike Launched in Michigan

With major party nominating conventions only a year away, it is natural for Republicans' thoughts to turn toward the identity of their 1956 candidate.

It is equally natural and perfectly logical for GOP leaders in Michigan, the birthplace of the party, to launch a DRAFT EISENHOWER movement. That, according to reports from Marshall, is just what has happened at a Republican gathering in the State's Third Congressional District.

★ ★ ★

Back of this action, of course, are continuing uncertainty as to the President's attitude toward a second nomination and his ever increasing political popularity. The masterful manner in which the President handled himself at the Big Four parley in Geneva served to emphasize and heighten that popularity.

While their plans still are incomplete, Third District Republicans are considering circulation of petitions throughout Michigan. These would ask Mr. Eisenhower to accept renomination at San Francisco next year.

★ ★ ★

Also under consideration are efforts to organize a citizens' committee in every one of Michigan's 83 counties. These would be charged with the responsibility of circulating the petitions on which it is hoped to obtain a minimum of one million names.

The movement to draft the President for a second term is timely and politically sound. This is especially so in Michigan, a traditionally Republican State in which the GOP lost the last mid-term elections to the Democrats.

★ ★ ★

With the draft movement should go early efforts to organize party ranks for 1956. Campaigns sometimes may be won in the last few weeks of electioneering. But victory seldom goes to a party which has neglected its grass roots work.

The Man About Town

Cities and Villages

Oakland County Now Has Largest Number in Nation

Optimist: A fisherman who includes a camera in his tackle.

Oakland County now has 17 incorporated cities and 12 incorporated villages. We wonder if any other county in the entire nation has such a large number. In case you're not familiar with the recent additions, here's a list: Cities: Pontiac, Royal Oak, Ferndale, Hazel Park, Birmingham, Berkley, Oak Park, Huntington Woods, Bloomfield Hills, Clawson, Farmington, Pleasant Ridge, South Lyon, Sylvan Lake, Keego Harbor, Walled Lake and Lathrup Village, with three more in the process of organization. Villages: Rochester, Holly, Lake Orion, Oxford, Milford, Clarkston, Ortonville, Orchard Lake, Leonard, Lake Angelus, Franklin and Wolverine Lake. Then there also are Drayton Plains, Auburn Heights, Waterford and several other communities, all with larger populations than some of the cities or villages, but not incorporated in any way, and still under the jurisdiction of the township in which located.

Although only recently incorporated as a city before being incorporated as a village, its official name is "Lathrup Village."

That long time seeker of odd facts,

Garfield Kingsland

of Keego Harbor, has discovered that

President Dwight D. Eisenhower

was born further to both the west and south than any other President.

"What is the total home frontage of Oakland County's lakes?" asks

Mason Mansfield

in a letter from Walled Lake. Using the established shore line of a number of the larger lakes, it is conservatively estimated that the homes already built and facing this county's lakes would fill one side of a street 500 miles long.

Himself an old time big league player,

Goodloe H. Rogers

feels that, no matter what else they do, the 1955 Detroit Tigers are one of the greatest spectators' teams in baseball history. "Perhaps 'thrillingest' is the word," says Goodloe.

About 12 million of the cars in the U. S. before World War II are still in use. But you'd never think so by an observation on Pontiac's streets.

We learn from that publication that ought to know,

"Canned Facts,"

that 60,000 tin cans are opened every minute in the United States. Forty million families annually open 36 billion cans.

That sweet thing in the office who is trying to reduce says she's getting most of her exercise in jumping on and off the bath room scales.

Born in Ireland 83 years ago,

Patrick Donohue

of Birmingham has a flag of Erin which he brought to this country in 1887.

Verbal Orchids to—

Mr. and Mrs. James F. Glover

of 42 Allison St.; fifty-sixth wedding anniversary.

Arthur M. Davis

of Waterford; eighty-sixth birthday.

More Alluring Than Ever

David Lawrence Says:

Eisenhower Is More Popular Today Than Any President in Last 50 Years

By DAVID LAWRENCE

WASHINGTON — Dwight Eisenhower is today more popular with the American people than any president of the United States has been in the last half-century.

* * *

This is due not only to the kindly and fair-minded personality of Eisenhower but to the confidence which the people generally have in his conscientious desire to carry out the national and international policies they want.

Politically, Eisenhower would win by a landslide if a presidential election were held this month. But whether he will win in 1956 depends on whether he maintains his popularity twelve months from now or suffers a dramatic reversal. Likewise, his political fortunes a year hence would depend on whether the nation is in a prosperous condition or in the midst of a recession.

One possibility of a decided change in the curve of the President's popularity is related directly to some sources of his present strength which could become weaknesses.

PEACE URGE STRONG

The urge to peace is the strongest passion in America today. Eisenhower to an amazing extent has the support of the two main bodies of American opinion.

* * *

First, the President is trusted by the Average man, who cannot be expected to follow the details of world problems and who feels that Eisenhower will do everything in his power to avoid another world war.

Second, the President has the confidence of those who do follow foreign policy closely and who believe that he will not be "taken in" or deceived by the Russian strategy because, with his military background, he is not likely to be fooled or victimized.

The months ahead will indicate what the true course of the Communists is to be. Eisenhower may have to choose between a course for America that could mean appeasement—a tendency to let the Communists consolidate their gains—and a forthright and adamant position against permitting Communist tyranny to become a permanent fixture in the world.

DEMS WAITING

The Democrats, although divided as a party and leaning for the most part now toward the appeasement side, will not hesitate to take political advantage of any "breaks" that go against the President. They will hold him responsible for any encouragement that the Russians may derive for further acts of aggression or enslavement of weak countries.

* * *

The Communist game is a tricky one. America is too strong to be challenged in a nuclear war. So the Soviets have decided that what they would not win by war they might win by "peaceful coexistence." So anxious are the Western peoples for peace that Eisenhower promises to go "to any length" consistent with justice and honor. But there is a large element in America which would just as readily omit the qualification and make any compromises with principle and who want peace only with honor and justice.

(Copyright 1955, New York Herald Tribune Inc.)

ask him to go to any length and pay any price for peace.

The Soviets have turned on the fountains of conciliatory words and pleasing gestures. Visits are to be exchanged by high officials. Exchanges of citizens groups are to be encouraged—and what is more logical, they think, than the opening thereafter of trade barriers so that needed machinery and raw materials can flow to Soviet Russia?

It will take months for this policy to be digested by the Western world, and then will come the appraisal by the public as to whether Eisenhower's leadership has had the net effect of strengthening Soviet Russia's position at the expense of the Western democracies.

* * *

The British and French and other governments of the free world will side with the President on any concessions he makes. They are terrorized by the idea of a nuclear war. But the test inside America will come when the people find out just what Eisenhower meant when he said that in October at the foreign ministers' meeting there would have to be some "giving" on our part.

WHAT DO WE "GIVE"?

What do we "give?" The Communists hold in prison camps many Americans and Europeans who ought to have been released long ago. Does the West have to pay a price to get Russia to keep her word on past pledges?

* * *

Do we "give" by accepting the status of the enslaved countries of Europe and by accepting a disarmed or weakened Germany?

These are questions that will not be answered decisively for a long time perhaps, but the trend of the Soviet policy on these matters cannot be concealed even for a few weeks more. Moscow is delighted with Eisenhower's friendliness, his peacefulness, his amiability and his sincerity, but right now the Kremlin can misconstrue this as a peace-at-any price psychology and make a grave error.

There is a better climate for peace only because the spokesmen for both sides choose to say so. There actually isn't any sign of a change on any vital issue, and the shooting down of a civilian airplane by Communist Bulgaria indicates that the "relaxation of tension" is still one-sided.

These are some of the circumstances surrounding the risks which the President's popularity curve may undergo in the next few months, and it may be said without exaggeration that everybody hopes Eisenhower will continue to satisfy the millions of Americans who are unwilling to

Woman, 88, Began Doing Brady Somersaults at 53

By WILLIAM BRADY, M.D.

According to a newspaper story published June 6, 1953, (some forty readers sent me clippings), a Minnesota woman celebrated her 88th birthday by walking 1½ miles to and from her favorite restaurant for breakfast in the morning and again for her dinner in the early evening, as she has been doing for many years. She advised people who want to stay healthy and in high spirits to roll a few somersaults every day, as she has been doing since her 53rd birthday. She began rolling 'em on the advice of one Dr. Brady, Ol' Doc Brady, that is, who, it seems, was urging people to roll somersaults away back when . . .

* * *

Then from Montreal comes a clipping of a story about an 84-year-old acrobat who died of a broken neck sustained while performing a somersault in a parochial entertainment.

Just what they call somersault in Montreal I don't know. According to this story a professional strong man cupped his hands and flipped his elderly friend in the air, but the courageous old gentleman failed to complete the turn and landed on his head and shoulder. He refused to be taken to a doctor, complaining only of "stiff neck" . . . but he died a few days later of broken neck.

Yahbut the accidents to which tumblers, acrobats or professional gymnasts are subject interest surgeons, osteopaths and insurance adjusters, maybe, not us rollers. At last survey the Minnesota woman was in fine fettle; my most admirable playmate, 85, who rolled one on the bowling green recently just to show us how, is still the hardest man to beat; and the gaffer who writes most of the pieces in this column counts the day lost when he can't do a half-dozen forward rolls.

ROLL SOMERSAULTS

Although I maintain that anyone who is not crippled or decrepit should roll six somersaults (forward rolls) on the floor first thing every morning, I do not advise one who is crippled or decrepit to do so. If you try it, you do so at your own peril.

On written request accompanied with a stamped, self-addressed envelope I'll send you a pamphlet telling how and why every able-bodied person should do a few rolls every day—the pamphlet on Somersaults. Inclose 25 cents in addition if you want also Little Lesson 16, The 7 Keys to Vite. One of the seven keys is an adequate amount of exercise. Not that a half dozen or dozen forward rolls each day would be anywhere nearly equivalent to a brisk walk of two or three miles, but a few rolls, taking only seconds of time, are the best substitute for exercise for the individual who will not walk, work or play.

* * *

The movements from the Last Brady Symphony, described and illustrated in Little Lesson 16, take less than ten minutes to perform as a daily setting-up drill, starting and finishing the performance with a few rolls.

This is the minimum physical activity required to maintain a modicum of vite, and vite means "preservation of the characteristics of youth."

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

(Copyright 1955)

Voice of the People

'Use Foresight; Pipe Water From Great Lakes Now'

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Every day there is something in the papers about the impending water shortage for not only our community but many others. It seems everyone is aware of the situation, but no one wants to do anything.

If you knew that you were running out of food for your family, you'd certainly go out to get more or make arrangements to have someone else do it.

Then why not use the same foresight when the area is gradually running out of water? For communities with new water supplies almost impossible to reach, such indifference would be understandable. But Pontiac has it made to order.

When are we going to start piping water from the Great Lakes?

Thirsty

Appreciates Stranger's Taking Boy to Hospital

We wish to take this opportunity to express our appreciation to the good man near Pontiac Motor who so quickly helped our son to the hospital Wednesday. A delay would have been serious.

Soviet Will Wear Smile for Long Time to Come

By JOHN H. MARTIN
INS Foreign Director

Moscow's "Operation Smile" is not fleeting.

It is here to stay for some time. It will be a waxen smile, frozen into place above the political footlights.

* * *

This is evident from two developments. Britain has announced Soviet Premier Marshal Nikolai Bulganin and his teammate, Red party boss Nikita Khrushchev, have accepted an invitation to visit Britain next spring.

Bulbanin and Khrushchev, en route back to Moscow, made a demonstration of Russian affection for the Communist puppet regime installed without benefit of free elections in East Germany.

Behind these two news items lie many that did not get space in the newspapers. Arrests and death sentences still are going on in the satellite states.

OUTBREAK OF TRIALS

Even before the Big Four met there were highly publicized "show trials" in Poland, Hungary, Czechoslovakia and Romania. There was an outbreak of trials and "confessions" by so-called "Western spies and agents."

* * *

It was Communist preparation for future Soviet charges of Western interference in East European nations, a counter to Western Allied attacks on the suppression of freedom in Eastern Europe.

President Eisenhower brought up the question of defaulted Soviet wartime pledges of restoration of sovereign rights and self-government at Geneva. But the East European situation got scant attention.

At the coming October Big Four foreign ministers' parley, the big problem will be Germany and the "European security" which Russia demands over reunification.

ADENAUER LISTENS

West German Chancellor Konrad Adenauer listened to the conference at a vacation retreat. No top Western leaders called on him.

In contrast, Bulganin and Khrushchev stopped off for days in East Berlin and East Germany. With Premier Otto Grotewohl of the Moscow-implanted local regime, they embarked on a public tour.

In London the announcement that Bulganin and Khrushchev would visit London was greeted with cheers in Parliament.

In East Berlin Bulganin and Khrushchev made it clear they would not "sacrifice" the illegal Communist government. In contrast to Parliamentary cheers in London the recruited workers at the mass meeting in the Marx-Engels-Platz were a captive audience.

Portraits

By JAMES J. METCALFE

What value are the notes we make . . . Unless we carry out . . . The promises we send by mail . . . Or on the phone we shout? . . . They seem so trifling at the time . . . A whisper in the air . . . And sometimes we forget them and . . . We do not really care . . . But promises should be fulfilled . . . Unto their very end . . . For relative, acquaintance, and . . . For every common friend . . . A promise is a special thing . . . That echoes from the heart . . . It is our bond of faithfulness . . . That we will do our part . . . Some promises are made in haste . . . And some of them seem odd . . . But everyone we keep becomes . . . A stepping stone to God.

Case Records of a Psychologist

Coed Falls Head Over Heels in Love With Man She Has Never Seen Before

Violet became a slave to a strange man. But he didn't know he had this magic power over her. So beware of this kind of love, since the victim has no chance to get acquainted first. It is much safer to develop an "earned love" romance. Paste this case record in your scrapbook.

By DR. GEORGE W. CRANE

Case O-395: Violet R., aged 19, is a beautiful coed in New York City.

"Dr. Crane, I want some advice immediately," she begged, and her eyes shone like stars.

* * *

"Last week I fell in love. It was love at first sight, too. I had never seen the man before that minute, but just one look and my heart stood still.

"I felt weak all over and thought my knees would give way. It was the most unique experience I have ever gone through.

"But this man doesn't seem remotely interested in me. And now I find that he is married and has two children.

"So I'm in a terrible state of mind. I can't sleep and I can't

eat. I feel as if life isn't worth going on."

TYPES OF LOVE

There are two ways of falling in love. The first is the sudden love-at-first-sight variety.

It hits you like a bolt of lightning. That's what happened to me when I was 16, as I'll explain more fully tomorrow.

It is often dangerous, too, for the love may be entirely one-sided, as is true in Violet's case.

* * *

Or you may fall in love with a rotter who is totally unsuited to you. But he still has that magic power to zoom your pulse and blood pressure.

'EARNED LOVE'

The other type of love is what we psychologists call "earned love." In it you date a classmate or acquaintance without any special fondness at the start.

But as you share mutual pleasant dates at the theater or at athletic events and parties, all those pleasurably tinged episodes become emotionally linked with the other person.

You may even slowly fall in love without fully realizing the fact. Maybe threatened separation or the competition of another girl, may suddenly open your eyes to the fact you are ardently in love.

Meanwhile, of course, you have had time to get well acquainted. Your parents meet him and vice versa. You have mutual friends.

* * *

You know each other's personality fairly well and find out about your mutual hobbies. So "earned love" is safer and far more likely to produce marriages that will not end in the divorce courts.

LOVE AT FIRST SIGHT

"Dr. Crane, how can a person fall in love at first sight," Violet asked. "This man certainly never earned my affection."

No, but other men had, whom this stranger resembled in some vague way.

* * *

For example, Violet was very fond of her father. She also was devoted to a couple of older brothers. She had male cousins whom she admired very much.

So the "earned love" which her father and brothers or cousins had built up in Violet, may have become fastened to some odd little gesture or tone of voice, or a facial characteristic like the curve of the chin or arch of the nose, etc.

Suddenly, she met the stranger who possessed this "trigger" which released the pent-up admiration which Violet had unconsciously built up for other male relatives, friends, teachers, etc., with whom she had been acquainted in past years.

* * *

Now she must resolutely start dating other boys until she builds up an "earned love" romance with a suitable young man.

To help pick out the proper kind of mate and to aid in shattering the giddiness of these love-at-first-sight affairs, send for my 200-point "Tests for Sweethearts", enclosing stamped return envelope, plus a dime.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

Michiganders Saved Union Troops at Chancellorsville

ANN ARBOR (AP)—Michigan cavalry men in the Civil War had the frustrating job of telling a Union general that he was being outmaneuvered—and not being believed.

It happened in the first days of May in 1863. The result was the inglorious Union defeat at Chancellorsville, Va., when a handful of Michigan and Pennsylvania horsemen were all that saved a Union army from destruction.

The battle will be dramatized at 8:15 tonight on University of Michigan radio stations WUOM-FM and WFUM-FM. It is the fifth in a series on Michigan's part in the Civil War.

Focus your attention on Company L, First Michigan Cavalry, commanded by Lieut. John K. Truax of Grand Rapids. His men were among the very few cavalry men under General Fighting Joe Hooker's command when the battle began.

LAY OF THE LAND

This was the situation: Hooker devised an ingenious plan to demolish the Confederate army under General Robert E. Lee, who was plannin ga Northern invasion that would later carry to Gettesburg.

He split his army in half, sending one segment around the Confederate lines to catch the rebel forces in a gigantic pincers. At the same time, most of his cavalry was dispatched south to Richmond to cut off rebel supplies.

But cavalry are the eyes and ears of this kind of battle. Hooker literally blinded himself with his cavalry maneuver. All he left with the main army was a brigade of Pennsylvania horsemen and Company L.

By the morning of May 2, it was evident that something was wrong. Lee's men were moving—it was apparent. Where they were going was something Hooker had to find out. His remaining cavalry units had the job.

If Hooker had only known. Lee, using intelligence reports from his cavalry under Jeb Stuart watched the union splitting maneuver. Then he devised a counter-scheme, more brilliant by far.

Under General Stonewall Jackson, he sent his troops forced marching around the closing Union pincers. This was the movement, observed from the Union lines. But they couldn't tell what was happening.

Company L and the Pennsylvania horsemen, under Geral Aldred Pleasanton, reconnoitering saw the maneuver. They returned to tell General Hooker. Hooker said the Rebs were retreating.

JACKSON ATTACKS

Hours later, Jackson hit the Union flanking movement with the fury of a wildcat. His attack chewed the Union army to bits. Hooker, completely surprised, could not even call on the cavalry he had sent to Richmond.

But General Pleasanton — by hook and by crook—rounded up 22 artillery pieces. He put them hub to hub. His cavalry, including Michigan's Company L, were the only protection the guns had.

By concentrated fire, they held Jackson off, despite the fact that retreating Union infantry overran their positions. The Michigan and Pennsylvania horsemen stood firm, giving Hooker enough time to recover his scattered forces and affect a retreat.

It was an enormous union defeat, paving the way for a Confederate Northern invasion. But it cost the rebels too. It was in this battle that Stonewall Jackson, probably one of the greatest Confederate generals, was killed.

Old Roman Aquaducts Supplied More Water

ROME (AP)—No wonder they could afford to take baths back in the days of the Caesars. Rome had more water then than now.

That was what Christian Democrat Sen. Guido Corbellini today told Romans who have been protesting that the city's water supply is "inadequate for this hot weather."

Ancient Rome's four major and seven minor aqueducts poured 3,565 gallons of water a second into the city. Modern Rome's water system brings in only 2,244 gallons a second.

Malaya Seats New Officials

Alliance Party Pledged to Seek Independence From British by 1959

KUALA LUMPUR, Malaya, (AP)—The Malay-Chinese-Indian Alliance today prepared to form the Federation of Malaya's first elected government after winning a majority in the 98-member Legislative Council.

Final results of the British protectorate's first national election Wednesday confirmed the Alliance's boast it would win 51 of the 52 seats at Stake. The British high commissioner, Sir Donald MacGillivray, will appoint the other 46 members.

* * *

The Alliance lost only one race, to the small Pan-Malayan Islamic Party. The chief opposition, the Malay Negara (National) party, did not elect one of its 30 candidates.

Tengku Abdul Rahman, the Malay leader of the Alliance who will become the federation's first chief minister, announced he would submit his Cabinet nominations to MacGillivray this weekend.

The Alliance is pledged to seek independence for Malaya by 1959. Under the new constitutional setup Rahman's Cabinet will take over control of much of the government but the high commissioner will retain a veto.

Confidence Men Hunted in Holdup Netting $60,000

LONDON, Ky. (AP)—Two confidence men were hunted today for the $60,000 robbery of a businessman, who planned to purchase money from them at "cut-rate prices."

The holdup occurred after Robert Close and his brother Kenneth flew here yesterday from their Toledo, Ohio, homes to complete the deal.

* * *

Leaving Kenneth at the airport, his brother joined the two men in an auto, was driven a short distance and robbed at gunpoint.

He told police the cash was to be used to purchase large bills from persons afraid to spend them because of income tax troubles. The rate of exchange was to be 60 cents on the dollar.

* * *

He said one of the bandits contacted him in Toledo several weeks ago and promised him and Kenneth a $30,000 to $40,000 profit.

The brothers, who operate an auto agency, said they raised $50,000 and another $10,000 was contributed by Steve Cross, also of Toledo.

A man listed as S. B. Cross, 45, Toledo, was picked up here last night for questioning but the FBI said it was uncertain whether the men were the same.

Argentine Police Clash With Reds in Rosario

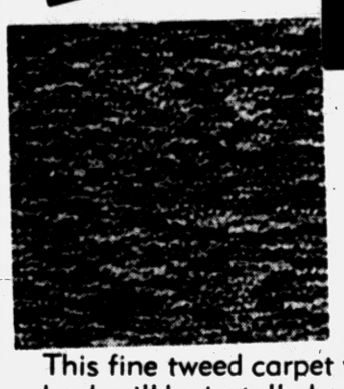

BUENOS AIRES, Argentina (AP)—Police and Communists clashed last night in Rosario, Argentina's second largest city.

Authorities said the Reds were writing slogans on walls and attempting to organize a demonstration. Some arrests were made.

Rosario is about 250 miles northwest of Buenos Aires. Authorities there admitted yesterday that a Communist leader they had arrested after the June 16 revolt had died of a heart attack "during questioning in which violence was used."

Russia has about 16 million horses.

Gentleman Steals Show From Beauty Queens

By EARL WILSON

LONG BEACH, Calif.—Now that Miss Universe's been picked and we only have Miss World and Miss America to go, I want to tell you about a glib gent named Bob Russell, "the big brother of the prettiest girls in the world."

★ ★ ★

While emceeing the Miss Universe pageant here, Bob tried good-naturedly to mimic the accent of Miss England.

Bob's from Passaic, New York and Philly, his speech isn't very Londonish. "That's not English—that's Scotch," Miss England told him.

"I didn't know you could smell it on me," replied Bob.

During this pageant—and the Miss America beauty spectacular at Atlantic City—the contestants prove their personality in a short speech.

★ ★ ★

Beautiful Miss Ceylon had run out of speech, Bob said: "Tell us about men in your country. What are they like?"

"Oh, they're all alike," retorted Miss Ceylon.

Miss Philadelphia (Doris Sommer Klein) was on her feet. Bob asked her: "Is it true you have a husband,"

"I've had one for two years," she answered quickly.

"Next girl, please," howled Bob.

TINA LOUISE

You may know Bob as the Sealtest barker on CBS TV. He should be one of the best TV MCs. He studied opera in Philadelphia for 6 years, emceed the Joe DiMaggio show, and is about to resume a show of his own, "Live Like a Millionaire."

"Bob," asked Miss St. Louis (Bennie Joan Pritchard) at one meeting, "do you have a fan club—and if not, may I be your first member,"

When one Scandinavian gal invited Americans to come and take a ride on an iceberg, Bob said: "Sure, we'll sit on an iceberg and watch the fjords roll by."

"They surely have rolled out the red carpet for us here," said Miss Colorado.

"Yes, but if you get invited into the den—say no," advised Bob.

My gosh, I just realize I took a TWA plane all the way out here to write a piece about a beauty pageant—and made the outstanding figure of it a man! I must have flipped.

THE MIDNIGHT EARL . . .

Noel Coward flew to England; he'll return in October for his CBS-TV shows . . . A California court ordered Jackie Coogan to pay his baby sitter $600.

"Ankles Aweigh," when it closes on B'way, may do a TV shot and play a Las Vegas hotel . . . Nejla Ates, the belly dancer in "Fanny," busted up with boy friend Jimmy Dell . . . Pretty Tina Louise added another title—she's now Queen of Italian Products Fair at Long Beach.

A new Italian film is titled "Please, No Coins In the Fountain" . . . Ava Gardner will record with the George Shearing quintet, as a singer . . . The Major Rob't de Havens (Connie Haines) named the baby girl Kimberly.

London Buzz: Churchill's health is failing again . . . Singer Earl Wrightson will get the Max Liebman TV buildup . . . That's earl, brother.

His Boss Figured Out No. 20—Did You?

Bill, the grocery clerk, has a pretty good boss. When Bill arrived at work the next day, the boss smiled, explained he had figured out the note, said all was well—and charged Bill for what he took—plus a bottle of bleach which erased the key words.

* * *

The boss arrived at the correct wording in this way:

I'M BREAKING A STIFF RULE—that is, a rule rigidly enforced. The word STAFF, in the business world, more commonly refers to the executives of a firm. This would hardly include William, since we were told he was a clerk, nor does one usually think of grocery store employes as the STAFF.

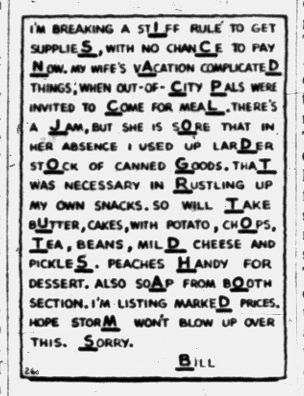

* * *

TO GET SUPPLIES (that is, the things he needed) WITH NO CHANCE TO PAY NOW—SUPPLIES is a more natural word for him to use here, rather than SUPPLIED. Even if he had the CHANGE TO PAY NOW, and the story clues said that he didn't, there would be no place to put the money, as the cash register would undoubtedly be locked up over night. So NO CHANCE TO PAY NOW is right, and the last word is not HOW in connection with his wife's doings.

MY WIFE'S VACATION COMPLICATED THINGS—The story clues told that his wife had been off on a two weeks' trip, undoubtedly her VACATION which she had not been able to synchronize with her husband's time off from the store. So her VACATION, and the belated return also mentioned in the story clues, COMPLICATED THINGS, especially on account of the dinner invitation. VOCATION, an unlikely word for William to use to describe his wife's social work, would not fit so well here.

WHEN OUT-OF-CITY PALS WERE INVITED TO COME FOR MEAL—This explains their dinner invitation problem. If their friends were OUT-OF-CITY, they are probably already on their way, and the dinner can't be postponed to a more convenient date. OUT OF PITY would not fit the situation so well, and PALS is more likely than GALS. TO COME FOR MEAL makes their food problem more definite than TO HOME, and INVITED TO COME is a more suitable phrase for an invitation. The MEAL is the crux of the problem, so it is not FOR MEAT, THERE'S A HAM.

THERE'S A JAM—A JAM, of course, is William's slang way of stating the difficulty. It was evident from the story clues that the two had a good deal of argument about what to do in the JAM. So the message goes on BUT SHE IS SORE THAT IN HER ABSENCE I USED UP LARDER STOCK OF CANNED GOODS. SORE is a better description of the insistent wife than SURE would be. The story clues mentioned an emergency shelf of supplies in the kitchen. This, of course, would be the LARDER STOCK OF CANNED GOODS, a STOCK OF CANNED GOODS being the conventional phrase for emergency supplies, rather than a STACK OF CANNED FOODS. If he had just used up a LARGER STACK of these extra supplies THAN WAS NECESSARY, there would not be so strong an implication of a bare cupboard.

* * *

Instead, William justifies himself with the statement THAT WAS NECESSARY, IN RUSTLING UP MY OWN SNACKS—RUSTLING UP has the slangy connotation of foraging around for food. HUSTLING, which might be used in this connection, is not usually followed by UP.

Then comes the itemized list of things the clerk is taking from the store. SO WILL TAKE BUTTER, CAKES—this is much more likely than WILL MAKE BATTER or BUTTER CAKES. BUTTER is logical; William has been "baching" it for two weeks, and there is probably only a dab of butter or margarine left at home, not enough for extra people. The list goes on WITH POTATO, CHOPS, TEA, BEANS, MILD CHEESE AND PICKLES. CHOPS, easy and quick to cook, would be fine for the meat course, since there is no HAM, as mentioned previously. Therefore it is not POTATO CHIPS. TEA, BEANS is a more likely listing than PEA BEANS, for this delicious vegetable is not sold in markets because it does not keep so well, must be eaten as soon as picked. The mention of TEA, which will supply the beverage, rules out MILK, and gives us MILD CHEESE as a good addition to the meal. PICKLES would also make an obvious side dish for the meal, more so than PICKLED PEACHES. The PEACHES will be HANDY FOR DESSERT; they may even be frozen ones to go with the CAKES. They're HANDY because no preparation is necessary, so the word is not DANDY. CANDY, of course, is more of a between-meal sweet.

* * *

ALSO SOAP FROM BOOTH SECTION — Many food stores keep their household and laundry supplies in a sort of alcove in the rear or at the side. If the housewife has been away for two weeks, the soap supply might be down to a sliver. The clue that this is not SOUP FROM BROTH SECTION lies in the broken bottle of laundry bleach mentioned in the story clues.

I'M LISTING MARKED PRICES—In keeping careful record of what he owes, a super-market clerk would think in terms of the prices. MARKED on each object, and not of MARKET prices. Of course, as an employe, he may get a discount on the sum total.

* * *

HOPE STORM WON'T BLOW UP OVER THIS. SORRY—The clerk is worried about getting into trouble, so STORM is better than STORE here. Actually it's the boss who might BLOW UP, and not the STORE. SORRY is his apology for breaking the rules, and fits better than WORRY. In the latter case, the word would have been WORRIED.

The nickname for William may be either BILL or WILL, but in the context of the story, the appropriate signature for a man who owes money is BILL.

Hand 25-Year Term to WW II Deserter

NEW YORK (AP)—A World War II Army deserter — who changed his name, raised a family and founded a thriving business — has been sentenced to 25 years at hard labor by a court-martial.

The penalty, imposed yesterday after Arthur Athans, 35, Falconer, N.Y., pleaded guilty, is subject to automatic review.

Athans's wife, Marjorie, who took their five children with her to the court-martial on Governors Island, tearfully told the board: "You couldn't ask for a better husband."

* * *

She married the ex-soldier in 1946, and has said she knew nothing of his desertion until his arrest last May.

Approximately 600 friends of the family petitioned the court-martial for leniency.

The deserter, who took the name of Joseph Trainer, operated a successful automobile agency near Jamestown in upstate New York for five years. Then military police got on his trail in some unexplained manner.

The District of Columbia has 34 miles of railroad.

Cancer Society May Get Funds

Says Possible Offer of $100,000 From State Group Likely

ANN ARBOR (AP) — Additional funds of up to $100,000 a year may be provided for cancer research by action of the Michigan Division of the American Cancer Society.

The State Executive Committee today notified individual county units that they may divert local funds if they wish to the Cancer Foundation at the University of Michigan Kresge Medical Research Building.

The University now gets a grant of $20,000 a year from the American Cancer Society. Dr. A. C. Furstenberg, dean of the Medical School, said the additional funds will permit the research program "to go forward in a vigorous and aggressive manner."

At present county units turn over 50 per cent of their funds, made up of contributions and collections, to the national society and retain 40 per cent for local use. The remaining 10 per cent goes to the state division.

The society said Wayne County is not included in the diversion plan. Its research funds go to the Detroit Institute of Cancer Research which is alloted $250,000 from the national group for its program.

Pope's Nephew Hurt

ROME (AP)—Prince Carlo Pacelli, a nephew of Pope Pius XII, fell and broke his leg yesterday while at the Vatican to visit the pontiff. He is being treated at a Rome hospital.

Wounded Parrot Being Treated by Trio of Vets

MOBILE, Ala. (AP) — Sam the wounded parrot is getting devoted attention from three veterinarians who hope to return him alive and well to his unhappy 9-year-old mistress.

The vets say that he has a 50-50 chance to recover from gunshot wounds suffered when he played hookey while Patricia Doyle was in a hospital. The parrot was mistaken for a chicken hawk.

Patricia knows Sam escaped but not that he has been wounded. She is being shielded from the news while recovering from an operation for a chronic leg condition. Her mother Mrs. Julian Doyle said:

* * *

"It hurt her so much when he left that we don't want to build her up and then — well, have something else happen."

Sam flew away while Pat's father was giving him his daily airing Sunday. A boy shot him, discovered his mistake and began treating the parrot's mangled wing and injured chest.

The youngster wept when he read a newspaper story about Pat's unhappiness and carried Sam home.

Scientists can determine the age of skeletons by measuring the amount of radioactive carbon in the bones.

Thieves Empty Handed

ST. PAUL, Minn. (AP)—Police had a king-sized hunt on their hands today for some missing property.

The Pfeiffer Brewing Co. reported last night that 3,642 empty beer cases, each holding 24 bottles, had been taken from a storage yard.

Tigers Win, Gain on Leading AL Clubs

BOSTON (AP) — With the Detroit Tigers entering town for a four game stand starting tonight with the "Terrible Red Sox," two questions are floating around baseball circles:

How did Detroit ever get only 5½ games out of 1st place and will they keep going?

The latter appears easier to answer than the 1st. Most anyone closely connected with the ball club will tell you "no!" and even the most violent of Tiger rooters say, "maybe."

Why? It may be only 5½ games, but it's a long haul past the Red Sox (three games ahead), the Cleveland Indians 4½ games ahead) and the 2nd place Yankees and 1st place Chicago White Sox, who stand at the top of the heap separated by only two percentage points.

Further, Detroit now is in the midst of a 19-game road trip on which it must still take on: 1. Boston, four games; 2. Washington, three games; 3. New York, four games; 4. Cleveland, three games.

And everybody knows road games come twice as hard for Detroit as home games.

It appears that Detroit's sudden rise to 5½ games from the top principally was brought about by the sudden fall of the Yankees. While Detroit has been playing 2nd division clubs, and winning, the four ahead of Detroit have been pounding down the Yankees and beating each other. From this, Detroit benefits.

Such was the case yesterday when Detroit took its 4th game of a five-game series from the Baltimore Orioles, 7-5. Meanwhile, Chicago beat New York and Cleveland beat Boston.

For Detroit, it was substitute Reno Bertoia's double that emptied loaded bases and enabled the Tigers to take the lead in the 1st inning.

Frank Lary took his 10th victory against 11 defeats, leaving in the 8th. Art Schallock, a Baltimore southpaw, was the loser.

Schallock started shakily by walking Bill Tuttle and Al Kaline. Jack Phillips' grounder hit Tuttle for an automatic out, but Bubba Phillips followed with an infield single to load the bases. Bertoia, subbing for sore-kneed Ray Boone, cleaned the bases with his double to center.

2 Detroit Scullers Win 'Henley' Events

PORT DALHOUSIE, Ont. (AP)—Two Detroit Boat Club scullers and Jackie Pearce, the high school oarsman from the Hamilton Leanders', split the three finals in yesterday's Royal Canadian Regatta, opening a four-day water carnival.

John Welchi of the Boat Club captured the junior 155-pound singles and Bill Walker, another boat club ace, took the 135-pound singles title.

Pearce, rated one of Canada's brightest young prospects in sculling, took the junior high school singles with ease.

American Swim Stars Oppose Best of Japan

TOKYO (AP)—Seventeen American swim stars, including Nisei aces Ford Konno and Youhi Oyakawa, arrived by plane today for the U.S.-Japan swimming meet opening Aug. 5.

They were accompanied by Coach Robert Kiphuth of Yale University.

In the last U.S.-Japan swimming meet, in August, 1950, the American team won 46-17.

Iharos Plans Bid for Landy's Mile Record

Hungarian Sets New Mark for 1,500 Meters in 3:40.8

HELSINKI (AP) — Sandor Iharos, slim 22-year-old Hungarian Army lieutenant, took aim on John Landy's 3:58 world record for the mile today after clipping a full second off the Australian's international standard for 1500 meters.

The 6-foot 125-pound officer lowered the 1500 mark to 3:40.8 Thursday in a dual meet between Finland and Hungary and immediately announced he'll attempt to crack Landy's mile record in the Hungary-Britain meet in London Aug. 12-13.

* * *

Records are nothing new for the young Army lieutenant. Within the last three months Iharos also has bettered the world marks for 3,000 meters and two miles. His best clocking for the 3,000 is 7:55.6 and 8:33.4 for two miles.

The 2-mile record was hung up in London May 30, the day after he was too ill to compete in a mile race in which three men broke four minutes with another Hungarian, Laszlo Tabori, winning in 3:59.

Iharos broke the world record for 1500 meters last year with a 3:42.4 performance but Landy pushed it down to 3:41.8.

"This 1,500-meters is the record I like best of all," said Iharos. "I have tried for it for two years and now I will set out for Landy's mile record as soon as I get a chance."

Stars in High School

Carl (Buck) Nystrom, Michigan State's 1955 football captain, was a crack prep player in football, basketball, baseball, ice hockey and tennis at Marquette, Mich.

IBC and Pennsylvania Are Back on Friendly Terms

SCRANTON, Pa. (AP)—The Pennsylvania Athletic Commission and the International Boxing Assn. are getting back on a friendlier footing.

After a meeting here Thursday, both groups indicated recent differences had been clarified.

"We had a frank discussion and thoroughly understood each other's problems," said Chairman James T. Crowley of the Pennsylvania group.

* * *

Crowley, of Scranton, Alfred Klein of Philadelphia and Paul Sullivan of Pittsburgh are the three members of the Pennsylvania commission. Representing the IBC were Managing Director Harry Markson and Executive Secretary Truman Gibson.

The meeting was a result of recent statements by Gov. Leader to the effect that if boxing in Pennsylvania couldn't be cleaned up, the state would be better off without the sport.

The IBC has had large interests in Pennsylvania boxing over the years, both as direct promoters and as suppliers of talent.

After the meeting, Crowley and Markson said an "area of exploration" had been reached during the discussion and "we each have a better understanding of the other's problems."

Tennis Tourney Gains Quarters

KALAMAZOO, Mich. (AP) — Top-seeded Mike Green of Miami Beach, Fla., meets fifth-seeded Art Andrews of Iowa City, Iowa, today in the quarterfinals junior singles matches of the National Junior and Boys Tennis Championships.

Green advanced to the quarterfinals defeating Robert Delgado of Los Angeles, 6-1, 6-4, yesterday. Andrews turned back Roger Werksman, of Los Angeles, 6-1, 6-0.

Earl Buchholz of St. Louis, top seeded in the boys singles, meets sixth-seeded Richard Leach of Arcadia, Calif., today after defeating Kenneth Lang of Richmond, Calif., 6-4, 6-3, in yesterday's fourth-round play. Leach downed Lawrence Nagler, of Roslyn Heights, N.Y., 9-11, 11-9, 6-3.

Preliminaries to Challenge Round for Cup Ending

By THE ASSOCIATED PRESS

Australia meets Canada at Montreal and Italy and Sweden clash in Milan Friday as play in the Davis Cup tennis whirl nears the big challenge round against the United States at Forest Hills, N.Y., late next month.

The Australians, favored in their matches against Canada, go into the 3-day North American Zone final without Lew Hoad, one of the whiz kid-wonders of past cup play.

* * *

Captain Harry Hopman replaced Hoad with Rex Hartwig for today's opening singles competition. Hoad has sulked and his game is off since his bride of six weeks was sent home following the Wimbledon championships.

* * *

Ken Rosewall meets Bob Bedard of Sherbrooke, Que., in the opening match, while Lorne Main of Toronto and Vancouver plays Hartwig. In Saturday's doubles, Hartwig and Hoad will play Bedard and Toronto's Don Fontana. In the concluding singles events Sunday, Bedard plays Hartwig while Main faces Rosewall.

* * *

The surprising Italian team which has whipped through the European Zone play without dropping a match is favored to defeat the Swedish squad.

Omaha Deer Not Dear to Pilots Having Fits

OMAHA, (AP)—There may be some deer hunting soon on the greens of the Omaha airport.

The airport is located north of the city and adjacent to the lowlands of the Missouri River. In the cool of the evening the not-so-shy but quite hungry deer come up from the river bottoms to graze on the airport greens.

That gives pilots fits.

So the State Game Commission today is considering sending in some expert riflemen from its forces.

Chisox Pull Back Into AL's 1st Place

For the first three months of the 1951 season they called the Chicago Americans "those amazing White Sox" and everything looked rosy for a pennant at Comiskey Park.

But after the All-Star game in July the magic potion wore off, and the Pale Hose dropped like morning glories. The go-go kids were gone. Ever since, they said, when the chips were down and the heat was on in July after the All-Star excitement it would be bye, bye White Sox.

* * *

So look. Today, two weeks after the All-Star tilt, it's been just the opposite, and Marty Marion's scrapping Chicago gang has knocked the New York Yankees out of first place. By only two slim percentage points, to be sure, but the White Sox showed no signs of folding this time as they whipped the Yankees yesterday 3-2 and took the vital series two games to one.

* * *

In fact, Chicago reached first place the hard way with an uphill battle. When league play resumed July 14 after the All-Star recess, the White Sox were in third place, six games back of New York, and a game behind second place Cleveland. Now they're in first place by a game and a half over the Yankees, with Cleveland third, two games back.

* * *

Cleveland defeated the Boston Red Sox 6-4 to pull within a game of the lead yesterday, while Detroit overcame Baltimore 7-5 to trail the leaders by only 5½ games—in fifth place. Washington and Kansas City were idle.

* * *

Rookie pitcher Roger Craig and Brooklyn home runs produced a 10-2 victory over Cincinnati as the Dodgers maintained their 12½-game National League spread over the second place Milwaukee Braves who defeated Philadelphia 4-2.

The New York Giants downed the Chicago Cubs 4-1 while the St. Louis Cardinals defeated the Pittsburgh Pirates by the same score.

* * *

Walt Dropo continued his batting spree, his two-run homer in the third off Bob Turley proving the White Sox margin over New York. Connie Johnson had the Yankees shut out until Mickey Mantle hit his 22nd homer in the ninth with one aboard.

* * *

Cleveland snapped back at Boston after losing the first two games of the series, with Al Rosen hero for the Tribe. He batted in three runs, two with his 16th homer in the third inning. Boston rallied in the eighth, routing Early Wynn with a walk, single and double. With one run in, Don Mossi threw a called third strike past Ted Williams.

Roy Campanella hammered a pair of Brooklyn homers, while Craig fanned 11 Redlegs to run his pitching string to 3-0 since joining the club two weeks ago.

Bob Buhl pitched his eighth victory, a six hitter, as Milwaukee swept its three-game set with Philadelphia. Eddie Mathews slapped his 25th homer for the Braves.

Willard Schmidt tossed three-hit ball for eight innings, but lost his shutout when Pittsburgh got a run on two hits in the ninth inning.

OUT OF A CANNON — Canadian dare-devil driver Jim Curry sits high in the air in his heavy car that has just left the huge "cannon" at right, in a thrilling feature of the coming Congress of Canadian Dare-Devils at Pontiac Speedway track. Program takes place Sunday night at 8:30 p. m. Car on the ground is occupied by troupe owner Jack Darbyson. Curry's car eventually lands on the platform at left. Shot above was made at a recent show.

Majeski Ending 12-Year Career

Veteran Infielder in Line for Scouting Job With Orioles

BALTIMORE (AP)—Hank Majeski, all-around infielder, was ready today to give up playing major league baseball after more than 12 seasons and become a Baltimore Oriole scout.

Majeski, who will be 39 in December, was placed on waivers for the purpose of being given his unconditional release. As a 10-year veteran he has the privilege of refusing to report in case any other American League club chooses to claim him.

It is Majeski's intention to do so and take an Oriole scouting job.

The Orioles got Majeski on waivers earlier this season from Cleveland which bought him in 1952 from the Philadelphia Athletics. He also played for Chicago and New York in the American League after starting in the majors in 1941 with Boston of the National.

* * *

Majeski's release made room on the Orioles for second baseman Don Leppert who was recalled yesterday from Charleston, W.Va., of the American Assn.

Another Pacing Record Broken by Adios Harry

Mile and a Half Mark Falls to Holder of Other Standards

WESTBURY, N.Y. (AP) — Adios Harry, who apparently is making a career of rewriting the harness racing record book, today has the world mark for a mile and a half to go with his sensational mile times.

The 4-year-old pacing son of Adios from the barns of J. Howard Lyons of Greenwood, Del., stepped the mile and a half at Roosevelt Raceway Thursday night in 3:04 2-5 to win the $35,000 Nassau Pace. The time clipped two-fifths of a second off the record established by Hillsota in winning the event last year.

* * *

Earlier this month at Vernon Downs, N.Y., Adios Harry paced a mile in 1:55, the fastest clocking ever in a race. Before that he stepped two consecutive miles over the 6-furlong Vernon track in 1:55.2 and 1:56.1 for a world two-heat mark of 3:51.3.

* * *

Thursday night, Maurice MacDonald, subbing for the ailing Luther Lyons, took the 1954 Little Brown Jug winner to the front at the three-quarter pole and won by a length and a half over Diamond Hal. Philip Scott was a head back in third place.

Adios Harry's $17,500 share of the purse boosted his total earnings to $121,623. He has won 12 of his 15 starts this season.

Canadian Dare-Devils Back for 2nd Thrill Show Here

Congress of Canadian Dare Devils will present their thrill show for the 2nd year at the Pontiac Speedway Sunday night.

The 2-hour show, which includes 28 events, will get under way at 8:30 p.m. at the M59 track, located 3 miles west of the Pontiac Airport.

Highlight of the program is Jimmy Curry's stunt of being shot from a giant 10-ton steel cannon in a convertible.

Now on their 9th annual North American tour, the Dare Devils use a fleet of 1955 Fords and bill themselves as world champions in their specialty.

In addition to the cannon shot, the show includes jumping cars over ramps, precision driving, motorcycle polo, acrobatics, and a flaming "slide for life" among other events, while Shorty and Paul, a pair of clowns, also entertain.

Hardtops will be in action Saturday night at the Speedway, with a 25-lapper featuring the program, which starts at 8:30 p.m. following 7 o'clock qualifying.

Kocsis-Riggen Win 1st Match in Kazoo Test

KALAMAZOO (AP)—Chuck Kocsis of Detroit and Tyler Riggen of Kalamazoo, defending champions, moved into the 2nd round of best-ball match play at the 2nd annual Kalamazoo Country Club Invitational golf tournament today. Kocsis and Riggen defeated Fred Behymer and Emil Gallas, both of Lansing, 3 and 2, in opening play yesterday.

Bruce Cudd of Portland, Ore., member of the U.S. Walker Cup team, and Dave Britigan of Kalamazoo, turned back Ted Schoonbeck and Don Meantz of Grand Rapids, 5 and 3.

Balanced

Everything it takes to be "TOPS"

STANDARD GASOLINES

...balanced for top power, economy, and all 'round performance ... and raised to the Highest Octane levels in our history

Yes, STANDARD WHITE CROWN and RED CROWN Gasolines have been stepped-up and pepped-up to give you the highest octane ratings in our sixty-six year history ... designed to meet the most exacting anti-knock requirements of modern cars with high compression motors. They'll make older cars perform better, too. But important as octane is, good gasolines need something more. They must be *balanced* for all 'round performance. Standard Gasolines give you ... controlled volatility—the right gasoline for the right season; no vapor lock even in the hottest summer weather; and clean burning, economical, efficient performance.

Try a tankful today and drive away convinced that these gasolines have everything it takes to be tops!

Are all gasolines pretty much the same?

NO, THEY'RE NOT. Standard Gasolines are distinctly different. Our chemists and engineers conduct a continuing program of research and development to bring you the best in gasolines. In addition, Standard guards the quality of the gasoline all the way from the refinery to your car through private and exclusive terminal facilities, lake tankers, river barges, pipelines, tank cars and trucks. And a good thing to remember is this ... no gasolines arrive at or go out of our terminals but *Standard* Gasolines.

You expect more from STANDARD and get it!

Don Eaddy, former University of Michigan baseball and basketball star, started a triple play in his 1st full game in organized ball with Des Moines of the Western League. Eaddy is a shortstop.

Fading Yankees Are Growing Desperate

NEW YORK (AP)—The New York Yankees, battling for their sixth American League pennant in seven years, trail the pace setting Chicago White Sox by only two percentage points today but they are getting desperate.

And well they might be for they have frittered away a five-game lead since the All-Star game July 12 and, in addition to trailing the White Sox, hold only a one-game bulge over the Cleveland Indians, three over the rambunctious Boston Red Sox and 5½ over the resurging Detroit Tigers.

* * *

The hitters are not hitting and the pitchers are not pitching. At least they are not pitching winning ball. Manager Casey Stengel has received just five complete games from his hurlers since starting their latest disastrous western trip on July 14. And only four of them were victories.

* * *

Stengel has admitted he can do nothing about his hitters except perhaps put the eight best in the lineup, regardless of the positions they play, and hope for the best. That would mean Bill Skowron .340, Elston Howard .305, Mickey Mantle .301, Bob Cerv .292, Gil McDougald .277, Yogi Berra .276, Gerry Coleman .258 and Andy Carey .256.

As for the pitching, steps were taken yesterday to correct that. Don Larsen, a righthander, was recalled from Denver of the American Assn. where he has a 9-1 record and has hit seven home runs. Larsen, who came to the Yankees in the deal that brought Bob Turley from Baltimore last winter, couldn't make the grade at the start of the season but Stengel is hopeful he has learned something in the minors.

* * *

To make room for Larsen, the Yanks are expected to option righthander Tom Sturdivant to Denver. Sturdivant has a 1-3 record with the Yankees.

Bob Grim in the disabled list since June 29, may be available in two weeks, but he hasn't looked like the 20-game winner of 1954. He has a 4-2 record.

There also are rumors that Stengel and General Manager George Weiss have other deals on the fire with veteran shortstop Phil Rizzuto and Ed Lopat, 36-year-old southpaw pitcher, likely to be given coaching status in the realignment.

* * *

Lopat, who had a 12-4 record last year, has been a big disappointment to Stengel. He has won only four while dropping eight and hasn't pitched a complete game since June 19 when he beat the White Sox 7-1.

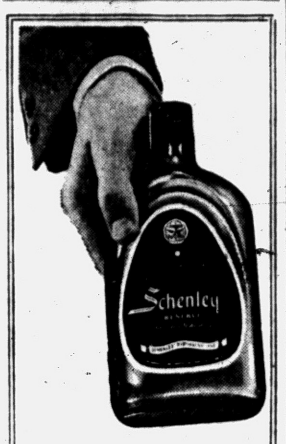

Tommy Byrne, who didn't even figure in Stengel's plans at the start of the season, Whitey Ford and Johnny Kucks are the only hurlers to go the route since the All-Star game.

* * *

Turley, who had an 8-1 record on May 25 now is 11-9. He hasn't finished what he started since July 9 and has been a big disappointment against the three other top teams. He has beaten the White Sox, Cleveland, Red Sox only three times while losing seven. The big fireballer was the loser yesterday as the White Sox moved into first place.

FIRST TROPHY — Ten-year-old Larry Ramos was a really proud youngster, when he posed with the big pike, above. It was doubly thrilling for Larry because this was his very 1st fish, and he's getting his picture in the paper. Larry had never been fishing before.

* * *

First Fishing Jaunt Thrills 10-Year-Old

A Pontiac youngster went on his 1st fishing excursion Tuesday night, proudly sporting a new spinning rod his father bought for him last Saturday. The youth showed his appreciation of the gift by catching a hefty pike, although he did receive some aid.

Larry Ramos Jr., nine-year-old son of Mr. and Mrs. Larry Ramos, 361 Oakland Ave., landed the three-pound, 10-ounce specimen in Lake Lawrence at Clarkston. Larry hooked the fish with a live minnow, his father played it, and then mother got it in the net.

Larry's pike, measuring 25½ inches long, was quite a bit short of the lead pike in the Pontiac Press "Big Fish Derby" (six pounds, two ounces). But the thrill of a boy catching his 1st fish was still there.

Sam Snead's Golf Clinic

The golfer who dips his left knee in the backswing instead of keeping his left knee level with the right, by lifting his left heel, cannot lever against his straight left side since his left leg won't be straight when club meets ball. Left knee dippers twist around to

the right as far as they can go. Then, when they straighten up in beginning the downswing, the left side is pushed away from the shot instead of rather forward into it.

Instead of the club head coming down into the ball inside out, it comes down outside-in and across the ball. And the player gets a heavy slice. If as you swing down, with that "everything-moving-together" swing with the left shoulder rising in the shoulder pivot, your left heel goes down. Then your whole left side is almost a perpendicular line from heel to shoulder. This provides a fulcrum to lever against.

(Copyright 1955)

Football Coaches Attend CMC Summer Grid School

Three Pontiac High School football coaches, and one area athletic head will attend the summer coaching school at Central Michigan College in Mt. Pleasant August 15-19.

Head football coach Ed Graybiel, line coach Arnold Wilson, and backfield instructor Dean Wilson will participate in the five-day session, along with Gene Conley of Rochester.

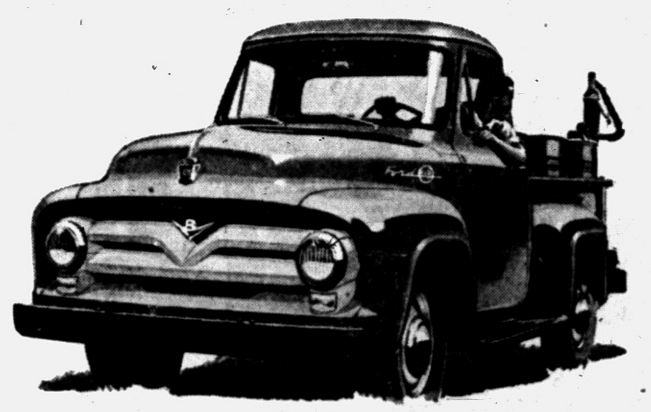

An outstanding faculty is slated for this year's school, sponsored jointly by the Michigan High School Athletic Association and Central Michigan College. School will be directed by Danny Rose, Central's athletic director.

Heading the staff will be Minnesota's head football coach, Murray Warmath and line coach, Denver Crawford; Forrest (Fordy) Anderson, basketball coach at Michigan State University; and track coach Don Canham from the University of Michigan. Each mentor will devote a full day at the clinic.

Game-to-Game Captains

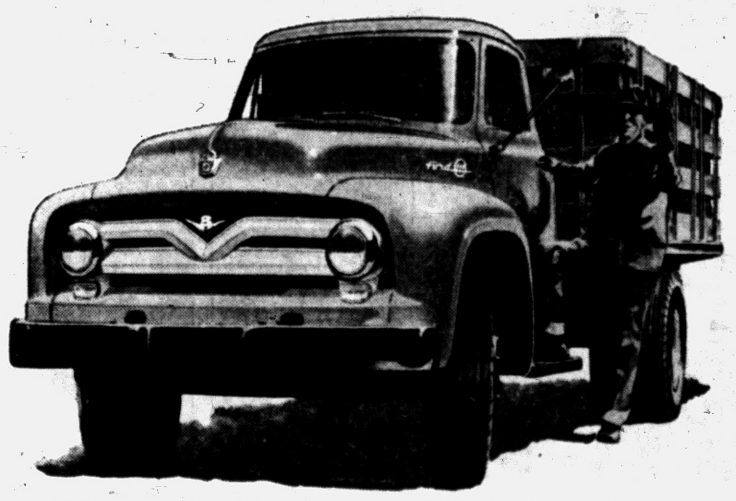

Left without a captain for 1955 when Vic Zucco transferred to Michigan State, Wayne University's football squad will select game captains for each game and name an honorary captain at the conclusion of the 1955 season.

Michigan Truckers Get Tax Refund From Ohio

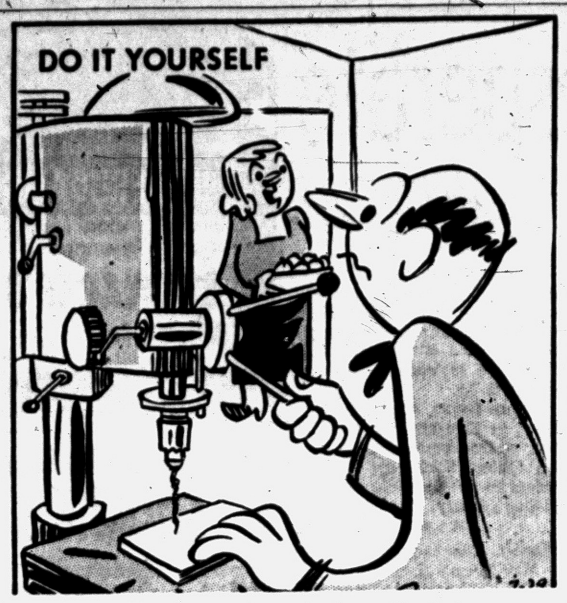

COLUMBUS, Ohio (AP) — Ohio's Supreme Court Wednesday ordered refund of state highway use taxes collected from Michigan truckers. Officials said the decision jeopardized operation of the 1955 law without declaring it unconstitutional.

Tax Commissioner Stanley J. Bowers said the 4-3 decision meant loss of more than three million dollars received or claimed due from Michigan truckers, and might cost Ohio millions more from operators in other states.

"It might spell the doom of the axle tax," Bowers speculated. The Commissioner said he would seek a rehearing.

The tax, effective Oct. 1, 1953, cost trucks with more than two axles, engaged in interstate business, from one-half to 2½ cents a mile to use Ohio highways.

In southeast Pakistan, people often keep cows as a sign of prosperity although they make no use of their meat, milk or hides.

'Bonanzagram'

Have Fun! Win $100!

"Bonanzagram" is an exciting new puzzle in which the Pontiac Press offers both fun and a $100 cash prize. BUT before you try your hand at "Bonanzagram" **be sure and read the rules** at the bottom of this page. Solution will appear in the Press Aug. 5.

CLAIM CHECK

Below is a duplicate of the "Bonanzagram" entry you send in to contest headquarters. It is ESSENTIAL that you fill it in and save it until the correct solution to "Bonanzagram" No. 21 is published Friday, Aug. 5. Unless you do so, you will be unable to collect the prize if you should send in a winning solution. Check the rules below for further details.

Bonanzagram No. 21

Story Clues

On the first warm Sunday of summer, Mr. and Mrs. Smith and their son set out for a day at the beach. Junior, aged ten, had been cooped up, recovering from chicken pox, and was eagerly looking forward to the outing. The beach was crowded—a mass of people, umbrellas and beach chairs. The Smiths found a good spot and rented an umbrella. They swam and loafed and had their lunch. In the early afternoon, Mr. and Mrs. Smith dozed off. When they woke up, Junior was nowhere to be seen. They thought nothing of it at first; the boy was filled with natural curiosity, liked to explore everything, and made friends easily. But it came time to go home, and still no Junior. The parents were in search of him, one going up the beach, and one down. They arrived at their umbrella without finding him, and discovered that, during their absence, he had returned and left a note—a newsy account of his adventures and of where to find him. But the note was scribbled on a piece of waxed paper left over from a sandwich wrapping, and needed a good deal of filling in where letters had failed to show. However, they did succeed in figuring out the message, and located their wandering boy. Can you, too, work out what the boy was telling them?

How To Play 'Bonanzagram'

Solve the "Bonanzagram" by filling in all the missing letters, as indicated by the underscores, in the message. Insert only one letter above each underscore. Many clues to the missing letters are hidden in the story or anecdote, accompanying the message itself, and, in a few cases, the contestant's general knowledge should provide the correct letter. The contestant will note that the message is unpunctuated. Punctuation will help solve the message but is not necessary to win.

All missing letters must be correctly inserted to win a Bonanzagram prize. Punctuation will not be considered in judging a correct answer.

When properly filled in, the "Bonanzagram" will spell out a clear message that will conform in every way with the clues. In many cases it will seem that more than one word would be the correct one. That's part of the fun! You should weigh the clues and select the BEST possible word in each case.

How to Submit Entries

1. After solution is completed, "Bonanzagram" should be clipped and pasted to a two-cent postcard with your name and address.

2. Entries will be received at the Pontiac Press office, 48 W. Huron St., until 5 p. m. Tuesday, Aug. 2. Mail entries must be postmarked before midnight Tuesday, Aug. 2 for Bonanzagram No. 21. Address "Bonanzagram, %, Pontiac Press, Pontiac, Mich.

3. Entries may be mailed in envelope but contestant's full name and number of puzzle must be printed in upper left corner of address side of envelope.

4. Copies of the Press need not be purchased to enter. Facsimiles made by hand and corresponding as closely as possible to the original "Bonanzagram" printed in the Press will be accepted but are limited one to a family. Mimeograph, duplicator or other unofficial mechanical reproduction is forbidden.

How to Collect the Prize

The entrant must work out and keep duplicate solution as a claim check. When the solution is published in the Press, he should compare his "claim check" with the published solution, and, if his claim check is identical, he should call in person with his claim check at the Press office, 48 W. Huron St., before 5 p. m. on the Monday following publication of the solution.

If a winner cannot call at the Press office in person, he should mail his solution to "Bonanzagram Editor." This letter must reach the Press not later than 5 p.m. the Monday after publication of the answer. Correct answers are void unless the contestant reports his claim by the deadlines listed here.

About Eligibility, Information, Etc.

1. Anyone is eligible for the "Bonanzagram" contest except employes of the Press and members of their immediate families. (Immediate family means all those living in an employe's household.)

2. No question as to winners will be answered by phone.

3. The Press will award a prize of $100 to the winner of each weekly Bonanzagram. If more than one winning answer is received, the prize will be divided equally among the winners. If no correct solution is received the $100 will be added to the next week's prize. If the winner is a subscriber of record to the Press a $20 bonus will be added to the $100.

4. Only one winning entry from a family will be eligible for the prize, but there is no limit on number of entries.

5. The Press retains the right to correct typographical errors.

6. Judges' decision will be final and contestant's submission of entries indicates acceptance of these rules.

7. No liability is accepted for entries that fail to reach us.

8. The Press reserves the right to alter rules and/or discontinue the contest at its discretion.

Soybeans, Corn Slightly Higher

CHICAGO (AP)—Soybeans eked out small gains on the Board of Trade today following a government report of smaller stocks of cash beans in all storage positions than the trade had expected.

Corn also was higher at the start. In both soybeans and corn, however, prices backed down from their best levels as trading progressed.

Wheat near the end of the first hour was ½ to ¾ lower, September $1.98½; corn ⅛ lower to ⅛ higher, September $1.35½; oats ⅜ to ⅝ lower, September 60¾; rye ¼ to ¾ lower, September 99½; soybeans unchanged to 1 cent higher, September $2.28, and lard 5 cents a hundred pounds lower, September $10.80.

Ford Company Adds 3 Models to Tractor Line

Continuing its expansion in the farm and industrial tractor and equipment field, Ford Motor Company today announced it has added three "special utility" models in two power series to its tractor line, bringing to 11 the number of Ford tractor models introduce since January.

The new four-wheel models are in two power series, and according to the manufacturer's rating, the "600" with 134 cubic inch engine displacement delivers approximately 26.8 horsepower at the drawbar, and the "800" with a 172 cubic inch displacement engine, delivers approximately 35 horsepower at the drawbar. They have been designated the models 620, 630 and 820.

"These new tractors are priced very competitively and offer the best value in the American tractor market today in the fields for which they are adapted," said Irving A. Duffy, Ford vice president and general manager, Tractor and Implement Division.

Eaton Announces Vassar Promotions

Appointment of H. F. Russell as acting general manager of the Eaton Foundry Division at Vassar, and promotion of Paul W. Olson to assistant general manager, was announced today by F. H. Mott, administrative vice president in charge of Michigan operations for the Eaton Manufacturing Co.

The two men will assume their new duties Monday, with the reopening of the Vassar plant following its shutdown for vacations and business readjustments, Mott said.

Russell, who also will continue as general manager of the Eaton Saginaw Division, takes over the foundry division responsibilities from Mott, who recently assumed temporary control.

Olson, plant manager at Vassar since October 1954, and with the foundry 10 years, will continue to maintain his headquarters in Vassar, Mott said.

Battle for Libby Firm Results in Libel Suits

CHICAGO (INS)—The proxy battle for control of the $136 million Libby, McNeil & Libby food packing firm has resulted in libel suits filed by both sides.

Charles S. Bridges, president of the firm, yesterday filed a two million dollar suit against three stockholders, Mitchell May Jr., Alfred W. Parry Jr. and Wilbur E. Dow Jr.

The three, with business interests mainly in New York, have set up an independent stockholders committee seeking to unseat Libby's present 9-member board of directors.

Roy O'Brien Co. to Supply Four School Buses at Troy

TROY TOWNSHIP — At the recent Board of Education meeting, the Roy O'Brien Company was low bidder for four new 60-passenger buses.

Two buses will cost $5,427.99 each and two will cost $5,662.40 each. These will be available by Sept. 1. Lewise Keeler was hired as commercial teacher at Troy High School.

Dow Earnings Jump on Record '55 Sales

MIDLAND (AP) — Dow Chemical Co. reports its net income for fiscal 1955 ending May 31 was $37,414,000, equal to $1.64 a common share. In the similar period last year net income was $33,425,000, or $1.42 a share.

The company reports record sales of $470,742,000 for the period compared with sales of $428,000,000 for the 1954 fiscal year.

Livestock

DETROIT LIVESTOCK

DETROIT, July 28 (AP)—Hogs salable 100. No early sales, undertone around steady; fresh receipts increased by 60 head carried from Wednesday.

Cattle salable 150. Market barely steady. Compared last Thursday slaughter steers and heifers uneven, good and choice fed steers steady to strong, instances 25c higher; grass steers and heifers steady to weak; good and choice heifers steady; cows mostly steady; bulls steady; stockers and feeders fully steady; part load prime 1153 lb steers 25.00; several lots choice and prime 1051-1241 lb steers 24.00-24.50; bulk good and choice steers 20.00-24.75; most high good and choice fed heifers 20.00-21.75; bulk utility and cml steers and heifers 13.00-18.50; utility cows 11.00-13.00, mostly 12.00-13.00; scattering cml cows up to 14.00 or above; canners and cutters mostly 9.00-12.00; bulk utility and cml bulls 13.50-15.50, outstanding heavy individuals 16.00; cutter and low utility lightweight bulls 8.50-12.00; part load choice 471 lb stock calves 22.00; bulk good and choice 350-639 lb stock calves and yearlings 20.00-21.75.

Calves salable 100. Market opening about steady. Compared last Thursday market uneven, choice and prime vealers scarce, strong to 1.00 higher, other grades steady to 1.00 lower, most loss on immature lightweight culls; bulk good and low choice vealers 18.00-24.00; high choice and prime individuals 25.00-31.00; most utility and cml 12.00-18.00; cull and low utility mainly 8.00-12.00.

Sheep salable 25; Market mostly steady. Compared last Thursday broad demand for meager supply slaughter lambs, unevenly 1.00-2.00 higher; sheep scarce, steady; most good and choice spring lambs 22.00-23.75; small lot choice and prime 24.00; utility and good spring lambs 18.00-21.00; cull to choice slaughter ewes 5.00-9.00.

CHICAGO LIVESTOCK

CHICAGO, July 29 (AP)—Salable hogs 8,500; very slow, 50-75 lower on all hogs, trade closing weak at decline; most U.S. No 1 to 3 190-270 lb butchers 15.75-16.50; mixed No 1 and 2s 200-225 lb 16.25-16.50, small lots 16.75; one lot 71 head mostly No 1s 207 lb at 17.00; a few 270-300 lb 15.25-16.00; a few lots up to 340 lb as low as 14.50; 160-190 lb 14.50-16.00; a few as light as 140 lb down to 12.00 and below; sows under 400 lb mostly 13.50-14.75; a few under 300 lb 15.00-15.25; 400-500 lb 12.50-13.75; a few up to 600 lb and heavier as low as 11.50 and below.

Salable cattle 800; salable calves 300; slaughter steers and heifers nominally weak; cows and bulls steady to 25 lower; vealers steady; a few good and choice steers 19.00-21.50; a load 950 lb good with a choice end 21.00; a few commercial to low good heifers 15.00-18.00; utility and commercial cows 11.00-13.00; canners and cutters 9.00-11.50; utility and commercial bulls 13.75-15.50; odd head heavy beef bulls down to 11.50; good and choice vealers 17.00-22.00; cull to commercial 10.00-16.00.

Salable sheep 300; a limited supply of spring lambs and slaughter sheep steady; yearlings absent; good to prime native spring lambs 19.00-22.00; mainly 21.00 and above for choice and better; most cull to low good lambs 12.00-18.00; light culls down to 10.00 and below; cull to choice shorn ewes 3.00-4.50.

Bird's Nest Downs Six People in Store

RALSTON, Neb. (AP)—Birds built a nest in the flue of a grocery store's air conditioning system here, and "knocked out" six people.

What happened was that the obstruction yesterday backed up monoxide gas into the store until six persons in the place collapsed. Four of them had to be taken to a hospital to be revived.

Stocks Maintain Mixed Position

NEW YORK (AP)—The stock market maintained a mixed position today in early dealings.

Bethlehem Steel dropped 3 at 154¾ on an opening block of 2,000 shares, and then it slipped a little lower.

The company yesterday after the close raised the dividend payment and reported record high earnings. However, no action was taken toward splitting the common stock as had been hoped in Wall street trading circles.

The stock closed off ¼ yesterday after swinging wildly in a range of 153 to 159, but following the directors' action in New York, the stock plunged down in trading on the West Coast.

The steel section was lower today with losses other than Bethlehem fractional. Also lower were the motors and rubbers.

The railroads were unchanged to higher, and the aircrafts tended to rise. Other sections of the list were mixed.

Pine Lake Drowning

DELTON (AP)—Ila Mary Phillips, 7, of Route 2, Woonsocket, R.I., drowned Thursday in Pine Lake near Delton in Barry County when she apparently wandered into deep water while wading.

JACK ROWE

Watkins Lake Man Promoted at Ross

Jack Rowe had been appointed vice president of Ross Operating Valve Co., it has been announced by R. J. Cameron president.

Rowe has been plant manager for seven years. He joined Ross in 1947 as sales engineer. He also has been coordinator of research and development with Parker Appliance, Cleveland.

Cameron said Rowe's promotion is in line with a planned program of expansion at Ross. The firm produces more than 1,000 types of valves.

Rowe lives with his wife and four children at Watkins Lake.

News in Brief

Dick Porter, 42, of 227 N. Saginaw St., was sentenced to 60 days in Oakland County Jail yesterday after he pleaded guilty to driving under the influence of liquor. He failed to pay a $75 fine and $25 costs assessed by Waterford Township Justice Willis D. Lefurgy.

Charged with drunk driving, Daw Payne, 38, of Detroit, pleaded innocent yesterday when he was arraigned by Ferndale Justice Earl N. Nash. Payne was remanded to Oakland County Jail after he failed to post a $100 bond.

Edward Maguire of 131 W. Lawrence St. reported to Pontiac Police yesterday that his son's bicycle was stolen sometime between Wednesday evening and Thursday morning.

Harold L'Hussier of Pontiac State Hospital Grounds reported to Pontiac Police yesterday that his automobile battery was removed from his car sometime Thursday. Value of the battery was unknown.

How much are you worth? In their expansion program the Life Insurance Co., of Virginia has an agent's contract available with no ceiling on earnings. Call FE 2-0219 for further information. —Adv.

Jones-Laughlin Steel Makes $12 Million Net

PITTSBURGH (AP)—Jones & Laughlin Steel Corp., the nation's fourth largest producer, reported net earnings of $12,926,000 for the second quarter of the year—a 104 per cent increase over the same period last year.

The second quarter earnings are equal to $2.01 a share on common stock, compared to earnings of $6,326,000 or 96 cents a share for the second period in 1954.

First half earnings amounted to $22,568,000, equal to $3.51 a share, compared to 1954 first half earnings of $12,147,000, or $1.84 a share.

Ike Nominates Kendall

WASHINGTON (AP) — President Eisenhower has nominated David W. Kendall, 52, of Jackson, Mich., for assistant secretary of the treasury.

Gas Areas OK'd Include County

Consumers Power Given Authority to Service More State Families

LANSING (AP)—The State Public Service Commission authorized Consumers Power Co. today to add another 30,000 natural gas space heating customers.

Of the increase, 13,700 installations will go to customers who have had applications on file for more than 12 months and the balance of 16,300 will be divided among the several divisions in proportion to their non-space heating customers and the number of all applications on file.

The allocations by divisions:

Marshall-Battle Creek, 67; Bay City, 74; Central, 225; Flint, 3,737; Jackson, 1,137; Kalamazoo, 1,251; Lansing, 2,883; Saginaw, 1,524; Southeast, 18,442.

The commission said that on July 1 Consumers Power had 90,698 applications, of which 58,623 were in the southeast division. The Commission said that the applications go back further in some divisions than in others and that it had ordered the first installations go to all applicants, regardless of division, whose application has been on file for more than one year.

At the same time, the Commission withdrew approval of unrestricted service to year-around air conditioning customers.

The American Indians buried the hatchet when making peace and dug it up again when on the warpath, hence the expression "to bury the hatchet."

NOTICE OF BUILDING SALE

The City of Dearborn has for immediate sale to the highest bidder, ten (10) small farm buildings located at 1700 General Motors Road, Milford, Michigan.

The successful bidder will remove the buildings from the above property within ten days (10) of the awarding of bids, and in removing the buildings will leave the property in a clean, orderly and acceptable condition.

Bids to be submitted on the bidding forms obtainable from Camp Dearborn, 1700 General Motors Road, Milford, Mich.

Bids will be opened by the Purchasing Agent of the City of Dearborn, at Camp Dearborn, 1700 General Motors Road, Milford on Thursday, August 4th, 1955 at 3 p.m.

For further information contact Harold de Wyk, at the Concession Stand at Camp Dearborn.

The City of Dearborn reserves the right to reject any or all bids.

HAROLD DE WYK,
Purchasing Agent,
City of Dearborn.

ADVERTISEMENT FOR BIDS
New Elementary School
Linda Vista School
The Board of Education
School District of the
City of Pontiac, Michigan

The Board of Education of the School District of the City of Pontiac, Michigan, will receive bids for a one story, masonry structure for the New Linda Vista School, southeast of Perry Street, Pontiac, Michigan. The school building will consist of eight self contained classrooms, four regular classrooms, two kindergartens, boiler room, school offices and necessary toilet facilities, which will constitute approximately 26,700 sq. ft. of floor space.

Separate sealed proposals for the General Trades, Mechanical and Electrical work will be received by Dr. Dana P. Whitmer, Superintendent of Schools, until 2:00 p.m., E.S.T., Wednesday, August 10, 1955, at which time the proposals will be publicly opened and read aloud in the offices of the Superintendent of Schools, 40 Patterson Street, Pontiac, Michigan.

Proposal Forms, Plans and Specifications, under which the work will be done, will be available to interested contractors Wednesday, July 27, 1955, at the office of the Architects and Engineers: H. E. Beyster & Associates, Inc., 700 Griswold Building, Detroit 26, Michigan.

Plans and specifications will be on file at the following places:

1. Office of the Superintendent of Schools, 40 Patterson Street, Pontiac, Michigan.

2. Office of H. E. Beyster & Associates, Inc., Architects and Engineers, 700 Griswold Building, Detroit 26, Michigan.

3. Builders and Traders Exchange at Detroit and Lansing, Michigan.

4. F. W. Dodge Corporation at Detroit and Flint, Michigan.

A certified check or a bidder's bond payable to Mrs. Lola B. King, Secretary of the Board of Education, for the sum of not less than (5%) of the amount of the proposal will be required with each proposal condition to secure the Board of Education from loss or damage by reason of withdrawal of the bid or the failure of the bidder to enter into the contract of performance, if the bid be accepted by the Board.

The Board of Education of the School District of the City of Pontiac, Michigan, reserves the right to reject any or all bids or to waive any informalities therein.

No bid may be withdrawn for at least 30 days.

THE BOARD OF EDUCATION,
School District of the City
of Pontiac, Michigan
By MRS. LOLA B. KING,
Secretary of the Board of
Education.

Death Notices

BUSHINGA, JULY 27, 1955, JOHN D., 71 N. Johnson Ave., age 82; dear father of Mrs. Charles Whitfield, Farrell Bushinga; dear brother of Mrs. Sadie Howard. Funeral service will be held Saturday July 30 at 10:30 a.m. at Sparks-Griffin Funeral Home. Interment in Perry Mt. Park. If friends would care to make donations to the Heart Fund, in lieu of flowers, it would be appreciated by the family. Mr. Bushinga will lie in state at the Sparks-Griffin Funeral Home.

ELLIOTT, JULY 27, 1955, MARY E., 276 Whittemore St., age 69; dear mother of Mrs. Arnold Thingstad, Mrs. Harry Bell, George and Charles R. Elliott; dear sister of Mrs. Ella Pancoast, Charles R. Reish, and George D. Reish. Funeral service will be held Saturday, July 30, at 1:30 p.m. at the Sparks-Griffin Chapel with the Rev. Paul Havens officiating. Interment in Oak Hill Cemetery. Mrs. Elliott is at the Sparks-Griffin Funeral Home.

GILLESPIE, JULY 29, 1955, ETHEL May, 153 Chandler St., age 63; beloved mother of Mrs. Florabelle Gray, Mrs. Lucille Pelton, Mrs. Alice White and Pvt. Frank E. Gillespie. Funeral service will be held Monday, August 1st at 1:30 p.m. from Sparks-Griffin Chapel. Interment in Oak Hill Cemetery. Mrs. Gillespie will lie in state at the Sparks-Griffin Funeral Home.

HALL, JULY 29, 1955, HERBERT John, 33 Eastway Dr., Pontiac, Mich., age 50; beloved husband of Mrs. Juanita Nellie Hall; beloved son of Mrs. Richard H. Hall; dear father of Mrs. Winnifred M. Churchill, Mrs. Dolores M. Johnson, Mrs. Lillian N. Braun and Richard H. Hall; dear brother of Mrs. Winnifred Kevern, Mrs. Pearl Weller, Henry Hall and Mrs. Lillian Foster. Funeral service will be held Monday, August 1st at 3 p.m. from Donelson-Johns Funeral Home with Elder Herbert Lohr officiating. Interment in Pontiac, Mich. Mr. Hall is at the Donelson-Johns Funeral Home.

KRUEGER, JULY 28, 1955, MRS. Margaret Schabitz, 3020 Dixie Highway, age 59; beloved wife of Peter Krueger; dear mother of Mrs. Helene M. MacDonald; dear sister of Mrs. Paul Vancik, Mrs. Steve Secora and Mrs. Harry Sidell. Funeral service will be held Monday, Aug. 1, at 1:30 p.m. at Donelson-Johns Funeral Home. Interment in Perry Mt. Park. Mrs. Krueger will lie in state at Donelson-Johns Funeral Home.

MOODY, JULY 27, 1955, CHARLES A., 48 Cherry Court, age 90; dear father of Mrs. Walter Harrod. Funeral service will be held Saturday, July 30, at 1:30 p.m. at the Sparks-Griffin Chapel with Rev. Paul Havens officiating. Interment in Oak Hill Cemetery. Mr. Moody will lie in state at the Sparks-Griffin Funeral Home.

Card of Thanks 1

WE WISH TO THANK OUR RELATives, friends & neighbors for their floral & financial gifts and their wonderful acts of kindness during the recent loss of our dear mother and wife. The George Wheatcroft Family.

In Memoriam 2

IN LOVING MEMORY OF JERRY R. Emeigh, who left this earth July 29, 1953.
Now he abides, in his heavenly home,
In the heavenly Father's care.
And though we miss him each day down here,
We know we'll see him again up there.
His five Children and their Families

IN LOVING MEMORY OF JERRY R. Emeigh, who passed from this life July 29, 1953.
They are not dead, those loved ones who have passed
Beyond our vision for a little while.
They have but reached the Light, while we still grope
In darkness, where we cannot see them smile.
Then let us gird us once again with hope
And give them smile for smile the while we wait;
And loving, serving, when our Father calls,
We'll go to find our loved ones wait us at the gate.
Deeply missed by his wife, Ellen S. Emeigh.

IN LOVING MEMORY OF OUR dear Mother, Martha Schroeder, who passed away 2 yrs. ago today, July 29.
Loving and kind in all her ways,
Upright and just to the end of her days.
Sincere and true in her heart and mind,
Beautiful memories she left behind.
Sadly missed by her loving sons and daughter.

IN LOVING MEMORY OF JOHNny Barber Jr., who passed away July 29, 1951.
Today recalls sad memories,
Of a dear son gone to rest.
Sadly missed by Mom and Dad, Brother and Sisters, and Grandparents, Mr. and Mrs. Joseph King Sr.

IN LOVING MEMORY OF MR. W. L. Mecredy, who passed away on July 29, 1951. Ever remembered by Mr. & Mrs. Ambrose McInnes.

IN LOVING MEMORY OF HAZEL L. Frazier, who passed away July 29, 1954.
Do not ask me if I miss her,
For there's such a vacant place.
Oft' I think I hear her footsteps,
Or I see her smiling face.
For she left me broken-hearted,
Friends may think the wound is healed.
But they so little know the sorrow,
That is in my heart concealed.
The Husband, Son & Daughters.

IN LOVING MEMORY OF OUR beloved mother, Christina Gay, who passed away three years ago July 30.
Many a lonely heartache, Often a silent tear,
But always a beautiful memory, of one we loved so dear.
Deep in our hearts your memory is kept,
We loved you too dearly ever to forget.
Sadly missed by her daughter, Christine Blower, and son Douglas Gay.

IN LOVING MEMORY OF W. L. Mecredy, who passed away 4 years ago today.
There is a link that death cannot sever,
Love and remembrance lasts forever.
Sadly missed by wife, Rose.
