Pick Jury in 3rd Hoffa Trial

Ruby Defense Loses Bid for Hospitalization

Condemned Slayer
Very Pale, Agitated
During Appearance

DALLAS (AP)—Defense lawyers today lost their efforts to get condemned slayer Jack Ruby moved from jail to a hospital for further mental tests. As a hearing began, Dist. Judge Joe B. Brown said he was denying the request.

As lawyers wrangled over whether a defense psychiatrist could read a prepared report, Judge Brown said:

"It would be a waste of time to read that because I'm going to overrule your motion."

Brown's statement came minutes after Ruby, extremely pale and obviously agitated, returned to the courtroom where he was convicted March 14 in the killing of accused presidential assassin Lee Harvey Oswald.

Dr. Lewis Jolyon West, the defense psychiatrist, said in advance that Ruby was "preoccupied with delusions of persecution of Jews" and "obviously psychotic."

HEADS DEPARTMENT

West is head of the Department of Psychiatry and Neurology at the University of Oklahoma School of Medicine and a consultant with the Aerospace Research Center at San Antonio, Tex.

West examined Ruby after the prisoner hanged his nearly bald head against a cell wall yesterday in what Sheriff Bill Decker said was "a deliberate act."

Ruby appeared unusually nervous as guards conducted him into the courtroom. There were no visible marks of any blows on his head.

Counsel for Ruby asked Dist. Judge Joe B. Brown several days ago to order the transfer of the prisoner to a hospital. The former nightclub operator pleaded temporary insanity at the trial in which he drew the death penalty for killing Oswald two days after the Nov. 22 assassination of President Kennedy.

The sheriff said Ruby bashed his head about 1 a.m. yesterday when a jailer turned to get some ice water after the two had played cards.

RESTRAINED RUBY

The jailer restrained Ruby, who remained conscious.

The county health officer, Dr. J. M. Pickard, said Ruby suffered a knot and a scratch.

Under heavy guard, Ruby was sped to a hospital for skull X rays which a hospital attendant said confirmed the injury was minor.

Temperatures Due for a Rise; Rain Is Expected

Tomorrow the sun will start bringing us higher temperatures.

For the next five days temperatures are expected to average about five degrees above the normal high of 61-65 and normal lows of 38-43.

Frequent showers will bring about one- to three-quarters of an inch of rain, and cooler temperatures on Wednesday and Thursday.

The low before 8 this morning was 24. By 2 p.m. it had reached only 56.

CHICAGO (AP)—Selection of jurors was begun today for the third trial of James R. Hoffa, Teamsters Union president, on criminal charges since he took over leadership of the nation's largest union.

Before prospective jurors were called for questioning, defense and government lawyers conferred privately in the chambers of Judge Richard B. Austin of U.S. District Court for 40 minutes.

Hoffa, already under conviction for attempting to rig a jury in another case, and seven co-defendants are

charged with fraudulently obtaining \$20 million in loans from the union's pension funds.

Hoffa talked with reporters before the court session began but declined to discuss the trial, he said.

"I never make any comment during the course of a trial," he said.

He also declined to discuss reports that officials of the union are disputing over who should pay the lawyers defending him.

The union's general counsel,

Edward Bennett Williams, is reported to have started the controversy by advising that it would be illegal for the union to pay the fees.

A special venire of 100 prospective jurors was on hand and another 200 have been directed to appear later, if needed.

Attorneys for the government and the defendants have said they expect the trial to last three to five months.

The Teamsters' president and three others were convicted on March 4 in Chattanooga, Tenn., of tampering with a jury during Hoffa's 1962 conspiracy

trial in Nashville, Tenn. The Nashville trial ended when the jury was unable to agree on a verdict.

Hoffa has appealed the conviction and is free on \$75,000 bond.

23-COUNT TRIAL

The present trial revolves around a 23-count indictment returned last year against the 51-year-old labor leader and seven others. Conviction on all counts could result in penalties totaling 140 years imprisonment. (Continued on Page 2, Col. 7)

Church Ousts Ionia Couple

Rift Centers on Dance in High School Play

IONIA, Mich. (AP)—An Ionia couple was excommunicated yesterday after charging their Episcopal priest with harboring "archaic beliefs and moral knowledge" in his criticism of a dance in a high school production of the musical "Damn Yankees."

Mr. and Mrs. Robert Clore were stripped of their membership in the Ionia Episcopal church by the Rev. Raymond Bierlein, who said he acted because of a letter written by the Clores published Friday in the Ionia Daily Sentinel-Standard.

"We can no longer restrain our feelings concerning the objections voiced by our rector to the dancing in the current high school musical play," the letter said in part.

"We know we are speaking for a great many of our congregation when we are not in accord with Father Bierlein's archaic beliefs and moral knowledge. We are proud of these young people in the cast and of their instructors."

OBJECTED TO SCHOOL

Turning a dance sequence "salacious and immoral," the Rev. Mr. Bierlein last Monday objected before the school board to the characterization of Lola in the play by 16-year-old Kristi Honson who wore a brief black outfit with a split skirt.

Kristi, playing the role of

Top Profit Year Seen by LBJ

Sees No Business, Government Hostility

WASHINGTON (AP)—President Johnson, in an hour-long uproariously applauded speech to the U.S. Chamber of Commerce, today predicted a \$30-billion profit year for American business.

The President said that times are good, and there is no inherent hostility between business and government. He pledged to businessmen that the government will act with restraint and responsibility.

In return, Johnson asked for restraint from businessmen in decisions which affect the general economic well-being and responsibility in choosing to support or oppose government policies and proposals which serve all the people.

Johnson faced his largest audience of businessmen in Constitution Hall. In his prepared address, he said that racial and religious discrimination costs more than \$15 billion a year and unused or underused manpower costs even more.

"That is why," he said, "this administration is dedicated to lifting of the burdens which weigh down our national productivity, expansion and prosperity."

"As this nation can be reasonable without becoming reckless in relations with other nations," he said, "I believe this government must be more frugal without becoming less compassionate here at home."

And he told the businessmen in a speech that was friendly and laced with bits of humor that:

"Whatever else you have, you have an independent, tax-paying light-bill-saving President in the White House — one who has faith in American and faith in American enterprise."

"What I know of opportunity and initiative and enterprise, I learned from life itself. I pledge you from your government restraint and responsibility — a hand that means only to help and never to hinder so long as the public interest is being served."

I ask from you only the same — restraint in those decisions you make which affect the general economic well-being, responsibility in choosing to support or not support the policies and proposals of your government which serves all the people."

Oakland's 'Envoy' to Leave Saturday

Chosen to represent Oakland County in the Cali region of Colombia, John E. Madole plans to embark on his mission next Saturday morning.

He will be leaving his family behind temporarily while he learns what he can do to assist the growing South American community in further economic and social development.

Madole, 46, of 2970 Lacota will board a jetliner for Miami at Detroit Metropolitan Airport.

In Miami he will be joined by two State Department officials when they board another jet for South America the same day.

They will spend a few days in the Colombian capital of Bogota meeting officials of the central government before Madole continues on to Cali, a city of some 700,000 people.

He is expected to remain there at least a year in exchange with a counterpart representative of Cali who will be coming to Oakland County for a like period.

County officials are still waiting to learn the name of the man who will be coming here.

HOPES TO MEET

Madole hopes to meet him before he leaves Cali.

Each man will be working with a local committee of community leaders in a unique region-to-region approach in the federal government's Alliance for Progress with Latin America.

Madole was picked to go by the committee here. This group is headed by Delos Hamlin, chairman of the County Board of Supervisors.

Madole is former chief defense director for the county. He was

Pontiac Osteopath to Head State Unit

The chief of surgery at Pontiac Osteopathic Hospital, Dr. Ben F. Dickinson, today was named president-elect of the Michigan Association of Osteopathic Physicians and Surgeons (MAOPS).

Dickinson, 49, of 2108 Vinsetta, Royal Oak, has been at Pontiac Osteopathic the past 10 years and is a member of the hospital's board of directors.

He will serve as president next year.

FIRE LEVELS BARN — Smoke was visible for miles from this fire early last night that destroyed the 40-by-100 foot barn on the W. B. Warner farm, 2300 Hamlin, Avon Township. Some 1,500 bales of hay and a

Key Turkish-Held Positions Attacked by Greek Cypriots

NICOSIA, Cyprus (AP)—Greek Cypriots launched an attack today on Turkish positions guarding Kyrenia Pass and at least six mortar shells hit the old crusader castle of St. Hilarion, a U.N. official reported.

The Greek Cypriots attacked with mortars and machine guns, but whether this was the predicted big push to clear the main highway from Nicosia to the north coast was not yet clear.

The attack came as the Greek Cypriots also threatened to overwhelm a Turkish garrison in the village of Ayio Theodoros south of Nicosia.

U.N. peace forces were trying to remove the village's 800 Turkish Cypriots.

New fighting flared this morning in the mixed Greek-Turkish village 30 miles south of Nicosia. U.N. troops tried to set up a cease-fire and arrange for immediate removal of 150 women and children who had taken shelter in a Turkish schoolhouse.

"Both sides will probably have at each other then," said one U.N. officer.

A U.N. spokesman said 50 Greek Cypriot police had entered the village while another 30 were poised on the outskirts.

A showdown also appeared to be shaping up for control of strategic Kyrenia Pass, where Greek Cypriot forces pinned down Turkish defenders dug in around medieval St. Hilarion Castle.

DENIED ATTEMPT

Greek Cypriots felt out Turkish positions with mortar, machine-gun and rifle fire. They denied, however, that they were trying to hit the castle, which the Turkish Cypriots use as their stronghold in controlling the pass along the Kyrenia-Nicosia road.

The Turks, caught by sur-

prise when the attack opened Saturday, cannot lose much more ground without surrendering control of the pass.

Greek Cypriot forces have advanced to within a mile of this highway between the capital and the north coast.

Some quarters had expected

an all-out Greek offensive Sunday, but the Greeks appeared to be digging in to consolidate their gains and awaiting further orders.

If the Greeks seize the pass it would be their most important victory since communal warfare broke out last December.

GREET GOVERNOR — A smiling Gov. Romney didn't let last week's legislative flare-up mar his appearance at a Republican rally in Birmingham Saturday. Some \$50 party workers, including straw-hatted backers of

U.S. Senate candidate James O'Neill, repeatedly interrupted his speech with applause as a show of support. The rally kicked off a GOP Voter Identification Program to canvass Oakland County homes.

Say LBJ Might Expand Foreign Policy Briefings

WASHINGTON (AP) — President Johnson is reported considering expanding his proposed foreign policy briefings of presidential aspirants to include nominees for the House and Senate.

Johnson has offered to have the Central Intelligence Agency and the Defense and State departments background all generally mentioned presidential nomination possibilities on what course the United States is following and what actions it is taking on various world problems.

Church Ousts Ionia Couple in Play Row

(Continued From Page One) the provocative emphasis danced into the audience and pinched cheeks.

"I don't want any children taken to dance like that for any excuse whatever," Bierlein told the school board.

Kristl, as a result, was ordered not to dance into the audience by the school superintendent, Robert Boyce and the play director, Raymond Monte.

SCHOOL WATCHES The school board sent a committee to watch the play Friday and Saturday.

Clare, whose son, Alchard, had a part in the play, said, "I am entitled to make this comment about the play just as much as the actor."

Bierlein said he decided on excommunication after talking to Bishop Charles Benison of the Western Michigan diocese. He went to the Clare home Saturday night and handed the letter of excommunication to Clare's wife, Jeanne. Clare was not at home.

"Morality does not go out of fashion," the Rector said in announcing the action to the congregation.

Clare said he talked with Bishop Benison Sunday. Under church law, Clare can ask for a hearing before the standing committee of the diocese. "I talked to the bishop and left it up to him," Clare said.

Clare said he has been an Episcopalian for more than 50 years.

Rider Dies in Crash

L'ANSE AU-Pas Perry, 14, of Baraga, was killed today when a car in which he was a passenger ran off a Baraga County road and hit a tree near here.

NATIONAL WEATHER — Scattered showers and some rain will fall tonight in area from upper Mississippi Valley eastward through lower Lakes region to middle Atlantic states and southward along south Atlantic states, except Florida, into eastern Gulf Coast. It will be warmer in southwestern corner of the nation and central Rockies and cooler in northern Plains in Mississippi Valley and the Ohio and Tennessee valleys.

FIRSTHAND ACCOUNT — A South Vietnamese officer checks with an elder of the Mekong Delta town of Vinh Kim after government troops drove off a Viet Cong guerrilla force that had occupied the town for the past six weeks. Government troops abandoned the town six weeks ago when a marine battalion was badly mauled by nearby Communist guerrillas.

U. S. Program 'Different'

Viet Aid at \$3 Billion

WASHINGTON (AP) — Cumulative U.S. aid to South Vietnam has topped \$3 billion in a program now markedly different from any other U.S. aid effort around the world.

The difference stems from its close link with the campaign to stamp out Communist guerrillas. It shows up in ways such as:

- 1. Top priority on material improvements that will start benefiting South Vietnamese villages this year—not next year or the year after. This contrasts with other programs like the Alliance for Progress for Latin America where economic plans are supposed to be developed carefully with an eye to long-range gains.

Commission Sworn in Tonight

Pontiac will have no city commissioners for roughly seven hours and 30 minutes today.

The situation will be cleared up when the new commission holds its organizational meeting at 7:30 tonight at City Hall.

By 8 p.m., the city should have seven commissioners officially seated and a new mayor and mayor pro tem to boot.

As of noon today, Circuit Court Judge Philip Pratt had not signed petitions requesting a temporary injunction restraining the city from swearing in Emmett S. Wellbaum as District 7 commissioner.

A suit requesting the injunction was filed late last Thursday by former mayor and District 7 commissioner Robert A. Landry, who has also asked for a recount of votes for the three District 7 candidates in the April 20 general election.

LANDRY BEATEN Landry was beaten by Wellbaum, a write-in candidate, by 331 votes.

Thus, city officials expect the biennial organizational meeting will go as scheduled.

City commission terms technically began at noon today, but the commissioners are not officially sworn in by City Clerk Olga Barkeley until the 7:30 meeting.

Then, the new commissioners will nominate and elect a mayor and mayor pro tem. The whole affair normally takes about 30 minutes.

TO TAKE SEAT City Attorney William A. Ewart said that he has received confirmation from Robert Montgomery, state elections director, in Lansing, that Wellbaum should be sworn in and remain the District 7 commissioner until the recount is completed.

"If the recount changes things so that Mr. Landry ends up with more votes than Mr. Wellbaum, then Landry will replace him," Ewart said.

The only legal record the city has to go on now is the official vote certified by the city's board of canvassers.

City Demis Start Membership Drive Pontiac Democratic Club Sunday launched a membership drive designed to more than double its active member rolls.

Meeting at Fisher Body 596 hall, club members established a three-month building program to add 200 members. The group presently has about 125 members.

Guest speaker Frank J. Si-crawski, assistant secretary of state, and 18th district Congressional candidate discussed constitutional changes in voter registration and legislative issues.

Grocers Suspicious About Sugar Buying

DUNN, N.C. (AP) — Grocery stores in Dunn are carrying out their own campaign against illegal whiskey operations. Several stores display this sign:

"Sugar is the lifeblood of moonshiners. Anyone purchasing 25 pounds or more please leave their name at the checkout counter."

Zamorra is a "very reliable witness," Army Capt. Richard T. Holder, upstate commander of White Sands Station Range, said.

Deputy Sheriff James Luckie said he believes "it's something out of the ordinary, something very few have ever seen."

"I was scared," Zamorra said. He said his experience

Selecting Jurors for 3rd Hoffa Trial

(Continued From Page One) and \$37,000 in fines for each of the accused men.

The indictments accuse the eight defendants of diverting more than \$1 million for their personal benefit while fraudulently arranging to pay \$20 million from the Central States, Southeast and Southwest Areas Pension Fund, of which Hoffa is a trustee. The fund has its headquarters in Chicago.

The fund was set up in 1955 and collects payments from employers for the benefit of more than 177,000 Teamsters in 20 states. Administered by eight trustees representing employers and eight representing the union, the fund has assets totaling about \$200 million.

Hoffa was the only trustee indicted. He is accused of influencing the other trustees to approve loans sought by his seven codefendants for themselves and others.

Those on trial with Hoffa are: Benjamin Dranow, former Minneapolis businessman now serving a sentence in federal prison for mail, wire and bankruptcy fraud and for tax evasion.

Abe I. Weinblatt, Miami Beach, Fla., a retired New York furrier and associate of Dranow.

S. George Burris, New York City, an accountant.

Herbert B. Burris, New York City attorney and son of George Burris.

Samuel Hyman, Miami Beach, a real estate operator.

Calvin Kovens, Miami Beach, president of Cal Kovens Construction Corp. and Fused, Inc., both in Miami Beach.

Zachary A. Strate Jr., New Orleans, a builder and real estate man.

Contract Key in Labor Rift

High Court Won't Eye Rail Ruling

WASHINGTON (AP) — The Supreme Court refused today to examine the railroad arbitration board decision that could eventually eliminate 30,000 firemen's jobs and leave the status of 19,000 other crewmen in doubt.

The brief order lets stand as final a decision upholding the board handed down on Feb. 20, 1964, by the U.S. Court of Appeals here. Earlier the unions also had lost in federal district court.

Justice Arthur J. Goldberg, a former secretary of labor during the period of dispute, did not participate in today's action.

Congress created the special seven-man arbitration panel last August in order to head off a railroad strike. The panel was to look into two matters:

- (1) Use of firemen on locomotives in freight and yard service; and (2) the size of crews attending the engine cab sometimes referred to as the "crew consist" issue.

The panel's judgment, announced Nov. 26, 1963, allowed the carriers to start reducing the number of firemen's jobs, with most of the cutback resulting from unfilled vacancies. A formula was worked out for the crew-consist problem.

OTHER AGREEMENT Meantime the unions and the carriers negotiated on other matters not covered by the arbitrator's decision. Last week, President Johnson announced that agreement had been reached on those issues to fend off another threatened strike.

Suspect Is Arrested

A hit-and-run motorist drove his car into the front of Mr. Thomas' Fair Fashions, 2321 Elizabeth, L.A.E., Waterford Township, at 1:28 a.m. today, causing an estimated \$2,300 damage to the building.

THE PROPOSED Carpenters contract calls for a 35-hour work week, and average wage increase of 25 cents an hour under a four-year contract.

The last feature breaks a two-year provision followed by almost all construction unions in the past.

OFFER CONSIDERED Reportedly the 400-member Roofers Union is considering a management offer.

Spinkler Fitters, with about 200 members, ratified a three-year pact Friday which raises wages of \$4.58 an hour to \$4.91.

LIBRARIANS are anxious to get any historical books which may be turned up during centennial year probing, but they are especially interested in the atlases.

They know of at least three which have been published in the past, according to Lee Tuttle, head of the library's reference department.

An "Atlas of Oakland County" was published in 1872, an "Illustrated Atlas of Oakland County" is 1896 and a "Standard Atlas of Oakland County" in 1908, she said.

Contract Key in Labor Rift Area Strike Threat on Construction Jobs

A carpenters union contract up for ratification by 12 Detroit area locals may hold the hope of averting a construction industry strike Friday in Oakland County.

Dick Kirby, business agent for the Wayne-Oakland-Macomb Building and Trades Council, said today the contract, if accepted, could set the pace for other union negotiations.

The Carpenters, with some 10,000 members, is the largest building trades union of some 25 in southeastern Michigan with contracts set to expire this weekend.

"Negotiations among the unions are going not quite as bad as I thought it was going to be," Kirby said.

Extensive construction activity spurred by the booming economy is the biggest factor on bringing labor and management together, he stated.

Kirby said Reinforced-Steel Workers seems to be the group farthest away from settling a new contract. If they strike, it will affect mainly heavy construction projects.

The proposed Carpenters contract calls for a 35-hour work week, and average wage increase of 25 cents an hour under a four-year contract.

The last feature breaks a two-year provision followed by almost all construction unions in the past.

OFFER CONSIDERED Reportedly the 400-member Roofers Union is considering a management offer.

Spinkler Fitters, with about 200 members, ratified a three-year pact Friday which raises wages of \$4.58 an hour to \$4.91.

The first cross-country automobile trip, from San Francisco to New York, took place between May 23 and Aug. 1, 1903.

More than \$4.8 billion has been budgeted by electric utilities for new plant and equipment projects this year.

Kansas City Man Dies

\$50 Bet Ends in Drowning

KANSAS CITY, Mo. (AP)—Taxicab driver Raymond J. Long apparently drowned after betting \$50 that he could float to New Orleans in a 10-foot aluminum rowboat.

Police pieced together this story:

Long, 32, quit his job as a taxi driver Thursday, telling of the bet.

Two friends hauled him to the Missouri River and he embarked about 3 a.m. Friday.

Eight hours later Virgil Ryne, hunting mushrooms about 25 miles downstream, saw a man clinging to a capsized boat, calling for help.

Ryne said the man started to swim ashore but disappeared in the swift current.

The boat and a duffel bag were pulled ashore near Missouri City, six miles downstream. Clothing in the bag bore the initials "R.J.L."

Pictures, slogans, motion or art work are used on the auto license plates of 32 states.

Stashing your savings in a sock?

We have a much better place!

Very few people hide their life's savings in a mattress or behind loose bricks in the fireplace these days. But many might as well, for all the interest they're getting in some savings plans!

Money saved... should work for you. And money works best, earns the most in a credit union savings account!

Why? Ask one of 100,000 carefree Oakland County residents who received credit union dividends totaling \$2 million this year. Most earned 4% or more in interest—well above the average for other savings institutions. And members receive a bonus dividend, for savings are matched by life insurance coverage, at no extra cost!

Members say credit unions provide more convenience and more incentive to save. This helps to accumulate tidy sums they would not otherwise be saving... and they reap higher returns on these funds than with other savings plans.

All this is because credit unions are people. The members own it. They run it. And they tailor its policies and services to meet members' needs.

If you are not a credit union member, you may be able to qualify for one in your community, place of employment, church or organization.

Now is a good time to write us concerning your eligibility, for we will also send you—

FREE, without obligation, a year's subscription to **EVERYBODY'S MONEY**—interesting, authoritative national magazine on personal finance, showing many everyday ways to get the most out of your money. It's yours for the asking. Just write to:

Credit Unions, P.O. Box 266, Pontiac, Michigan

The 76 **CREDIT UNIONS** of Oakland County

CREDIT UNIONS WORK FOR PEOPLE... not for profit

A Financing Plan for Every Need

NEW ASSOCIATES FAMILY GROWTH FINANCING PLAN

provides money for 3 of the most important expenditures of young American families

Medical... home furnishings... home improvements... now you can meet all your family needs—all at once—with the Associates Family Growth Financing Plan. We'll combine all your costs into one convenient monthly payment—eliminate multiple interest charges.

The Associates let you grow and build your future now; you pay comfortably, while your income grows.

There are over 600 Associates offices coast-to-coast. One is near you. Stop in, phone or write today.

GI Is Killed in Viet Fighting

SAIGON, Viet Nam (U—An American Army officer was killed near the southern tip of South Viet Nam yesterday as government troops tracked Communist guerrillas near embattled Kien Long.

First Lt. Ronald Hines was the 131st Army yesterday in action in Viet Nam and the 35th to fall this year, military spokesmen said.

His wife, Harriet, lives at Middletown, N. J., and his parents, Mr. and Mrs. James B. Hines, at Amarillo, Tex.

Two Vietnamese soldiers also were killed and 14 others were wounded.

A U. S. spokesman said 20 Viet Cong died in the battle.

The government forces engaged elements of two Communist battalions which had been menacing the town since a four-day battle two weeks ago.

Government troops launched a big-scale operation against the Viet Cong "secret zone" of Do Xa, in the mountainous provinces of Quang Ngai and Kontum.

No contact with the enemy was reported during the first hours, a military spokesman said.

Greece Will Release Political Prisoners

ATHENS, Greece (U—Premier George Papandreu announced last night that all 400 political prisoners still held for crimes against the state during the 1947-49 Communist uprising will be released this week.

They include Tony Ambatelos, 50, whose British-born wife campaigned 17 years for her husband's release. Her agitation in Greece and in Britain focused world attention on the prisoner issue.

Gleanings From the Mailbag

Teens Can Use Ancient Idea

NEW YORK (AP)—Things a columnist might never know if he didn't open his mail:

Teen-age scholars who find it hard to buckle down to their books might take a tip from Demosthenes. That orator of ancient Greece shaved the hair off one side of his head so he'd be ashamed to be seen on the street—and thereby forced himself to stay home and study.

Can money buy happiness? Psychologists say yes, to a certain extent. Income makes little difference to the very young, but a great deal of difference to those who are older.

According to travel experts we are a nation of stay-at-homes. They say over half of all U.S. adults rarely take a business or pleasure trip more than 200 miles from their front porch.

Examples of why foreigners find our language so confusing: for, four, fore; there, their; new, knew, gnu.

QUOTABLE NOTABLES
Quotable notable: "America was founded in rebellion, and it should continue in rebellion till every false loyalty is cast off and concern for the common well-being accepted as the single loyalty worthy of respect"—Vernon Louis Parrington.

Thieves stole \$4,974 cars in the first quarter of this year, 25 per cent more than for a similar period in 1963.

If your son or daughter is looking for a promising career, why not train him or her to be a psychologist. In the entire world there are no more than 30 of these detective scholars who track down details of old civilizations by the study of papyrus, writing material used in the Mediterranean area until the 7th century.

Lady, if you want your husband to behave, buy him a white suit. It has been found

BOYLE

that people wearing white clothing act more sedately than when they're sporting other colors.

Folklore: If you give a friend a pin, it will spoil your friendship. To hand a salt shaker to someone is to hand him sorrow. If a maiden puts a four-leaf clover in her shoe, the first unmarried man she meets she'll wed.

Worth remembering: "A person with an hour to kill usually spends it with someone who can't spare a minute"—Arnold Glasow.

Quicker: White-tailed deer like to swim, and can paddle up to four miles an hour. There are more than 7,000 varieties of orchid. Planes owned by industrial firms spent twice as many hours last year as those of all U.S. domestic commercial airlines combined. Europeans had never tasted pineapples until Columbus discovered them growing in the West Indies.

Comet...World's 100,000-Mile Durability Champion

At Daytona, a team of four specially equipped Comets each traveled day and night for 100,000 miles, each averaged over 105 miles per hour for the run—an unequalled feat of stamina and durability.

Leads the sales success parade!

Is it any surprise that Comet sales are up to almost double last year? Comet's the one that proves what it can do. After 100,000 miles at Daytona, one of these special Comets has traveled another 31,000 and is still going strong. Then rally-equipped Comets slogged through 3,188 miles of African

mud, rocks and jungle—the first to carry America's colors across the finish of the world's toughest car event. Want more reasons? Just take a look at this new kind of Comet. Husky, racy, beautiful, and built, really built. Make tracks for a Comet at your Mercury dealer's. How about this week?

'Oversimplifies Lung Cancer Problem'

By DELOS SMITH
UPI Science Editor
NEW YORK — A scientific objection to the surgeon-general's report on cigarette smoking is that lung cancer "is a very complex physiological and biological problem" but the report makes it seem rather simple.

It over-simplifies, the critical scientists said, by giving all its emphasis to one possible causative factor, excessive cigarette smoking. But there are others which though not proved are at least as well established.

The sex of the cigarette smoker, for instance.

A National Cancer Institute survey "has shown that non-smoker women have only a slightly lesser incidence of lung cancer than non-smoking men."

"Yet in a group of heavy smokers the difference is very pronounced."

LESS SUSCEPTIBLE

"These data if confirmed on a larger scale would indicate that women, due possibly to a peculiarity of their endocrine system, are less susceptible to the damaging influence of tobacco smoke."

The possible role of viruses and bacteria is another factor.

It is an obvious fact that the lungs and their passages "are constantly attacked by viral and bacterial agents," continued these dissenting scientists.

They pointed to statistical evidence of this kind of an association.

PERIODIC INFECTIONS

One-third of one group of 155 lung cancer victims had had periodic lung infections before lung cancer developed.

Scientists Criticize Report on Smoking

In another group, 80 per cent of cancerous lungs brought to autopsy revealed past infections.

"The ever-increasing evidence in support of the virus theory of cancer, obliges one to pay particular attention to the possible role of viral and bacterial infections in cancer of the lungs."

The scientists complained the surgeon-general's report did not answer the question of whether every heavy cigarette smoker is in danger of developing lung cancer if he smokes long enough.

"Yet this is of prime importance," they said.

"The factors which might render an organism more susceptible to this disease, and specifically to the damaging influence of cigarette smoking should be defined and investigated."

Scientifically speaking, they said, there are two glaring flaws in basic research con-

ducted so far into lung cancer. It is "meager" and it is "imperfect."

This dissent is that of the editors of an ultra-scientific journal of small circulation, "Growth." It is a cooperative enterprise of contributors and subscribers. The editors are Dr. Stanley P. Reimann and Irene Corey Diller of the Institute for Cancer Research, Philadelphia, and Dr. Boris Sokoloff of Southern Bio-Research Institute, Lakeland, Fla. All are well known in cancer research.

Cadillac

LISTEN TO WHAT OUR TOUGHEST CRITICS HAVE TO SAY

You would have to search long and hard to find a tougher critic of cars than the average Cadillac owner. For those who have owned and driven this great car over the years have become accustomed—year in and out—to the finest that motoring can offer.

And yet, occasionally, there comes along a car of such dazzling prowess that it inspires their most lavish and unstinted praise. The 1964 Cadillac is such a car.

Listen to a few current Cadillac comments:
"It took my breath away the first time I drove it."
"That new 340-horsepower engine and new transmission turn out the smoothest performance imaginable. It's a wonder in traffic."

"I found it hard to believe a car of its size could be so effortless to handle."

"I've owned five Cadillacs, and this one tops them all—on every count."

And backing up our owners are the men who evaluate cars by stop watch and test track. Never have these professional critics been so eloquent about Cadillac—or any other automobile in its class.

So the next time the talk turns to cars, listen well to the man who has driven a 1964 Cadillac.

You can believe every wonderful word he says. And you can double check him behind the wheel at your Cadillac dealer. You won't be a skeptic long.

MORE TEMPTING THAN EVER—AND JUST WAIT TILL YOU DRIVE IT—SEE YOUR AUTHORIZED CADILLAC DEALER

Michigan's George Romney Tremendous Convention Hit

Michigan's GEORGE ROMNEY passed in review before one of the most critical audiences of political veterans in America and emerged with flying colors. Newspaper editors in Washington accorded him the longest and most spontaneous ovation in all the long annals of our organization.

★ ★ ★

Let's bear a few facts in mind.

Other speakers during the 6-day convention were President LYNDON JOHNSON, Senator MARGARET CHASE SMITH, former Vice President RICHARD NIXON, Attorney General ROBERT KENNEDY and Senator FULBRIGHT, to name a few. And in the past, every President of the United States since the organization was formed, most Vice Presidents, Cabinet Members and top-ranking Government officials by the dozen, and Governors from coast to coast plus V.I.P.'s from foreign nations have graced the dais.

★ ★ ★

When Romney concluded his talk a terrific ovation started that finally resulted in his arising again to acknowledge the reception.

Nor did it stop there.

The applause barely slackened or diminished until the smiling Governor rose still again and stood with bowed head. It was calculated to warm the heart of every Wolverine man and woman in the land.

And Romney made it plain "he was not a candidate."

★ ★ ★

The Governor devoted the first portion of his address to Michigan's resumption of her rightful place in the sun and in the estimation of the Nation and the world as a progressive, assertive and solvent state, after the abyssal depths to which we had sunk in previous years. Our disgraceful deficit has been wiped out completely and we possess a backlog of many millions with which to face Michigan's rosy future.

★ ★ ★

He assailed the Supreme Court for avoiding the presence and existence of God and wound up with a stirring challenge to the fathers and mothers of America. He exhorted them to take an active and positive hand in correcting juvenile defections and to restore law compliance in lieu of the current disregard. General manners and decency are currently flouted everywhere. He referred to our courageous and sturdy ancestors who started the greatest Nation in all civilization on positive and constructive foundations. This current retrogression on the part of dawdling and pusillanimous parents was roundly scored. The Michigan executive pulled no punches on the general situation and he was interrupted several times by vigorous applause.

★ ★ ★

As LEE WOODRUFF, veteran editor of the *GR Press*, said at the conclusion: "This was the greatest reception any speaker has ever been accorded here in 25 years." Managing Editor STEWART D. OWEN of The *Chicago Tribune* agreed.

It was just that.

Michigan can be very proud.

Our Johnsons . . .

Another outstanding acclaim was accorded President LYNDON B. JOHNSON when he concluded his address at the Associated Press luncheon in New York. A rousing reception lasted appreciably beyond normal limits.

The President also addressed us earlier in the Rose Garden at the White House. He introduced Mrs. Johnson and both daughters. They responded individually and none had "been briefed." The young ladies offered just the kind of welcome you would want from two fine, clean, wholesome, American girls. Luci and Lynda made a big hit with the newspaper aggregation and the Nation can well be proud of all three of the ladies who grace the White House. They uphold all honorable traditions of First Family heritages and do so with distinction and ease. And you'll have to travel "quite a fair piece" before you find three that can match them in looks.

★ ★ ★

Both the President and LADY BIRD rubbed elbows with our group and shook hands with everyone. The President is very sincere in his battle against poverty. His voice carries unusual convictions and he's in deadly earnest. He almost becomes evangelistic. The President's speeches have been carried by the news services but we listened intently for some slight inkling of whom he might have in mind as a running mate. However, he was as mum on this issue as the inscrutable sphinx.

★ ★ ★

Richard Nixon suggested Humphrey with Bobby Kennedy second choice. A White House confidante whispered that the Minnesota leads but emphatically disclaimed any direct hint from the President. Some wonder whether Humphrey would measure up if Johnson's physical condition failed to meet the horrendous work schedule he is ruthlessly assigning himself. And the same deficiencies will beset the prospect of young Kennedy. Right now a myriad of unseen edicts swirl beneath the surface as a half dozen eager beavers await the nod.

★ ★ ★

On the GOP side, RICHARD NIXON drew attention to the fact GOLDWATER had 435 voting delegates committed. He may well stand in the driver's seat, cracking a formidable whip. If he wins the California primary his delegation pledges will total nearly 60 as against 635 needed for nomination.

And in Conclusion . . .

Jottings from the well-thumbed notebook of your peripatetic reporter:

French newspapers are a bit agitated over the number of strictly American words which are slowly creeping into their precious and sacred language. They call these villains "Franglish." Some of our more modern idioms simply have no counterpart in other languages and are embraced just as they are. . . . I hear that if LBJ is re-elected, "the missus" will be the star in a TV feature showing her in various places on her Texas ranch, a la JACKIE's tour of the White House. I'll bet a sugar cookie Mrs. J will do a whale of a job.

★ ★ ★

Some of the shine has rubbed off college seniors. The spirited bidding on the part of businesses all over the Country has eased perceptibly. One scout said "too many seniors have the idea they are qualified to sit at the right hand of a senior vice president and help issue directives." Ted Hayhow, former Pontiac citizen and currently Hillsdale publisher, came up with the best wise crack of the week.

Preparations For The Fall Show

David Lawrence Says:

Russia Breaks Pledge to U.S.

WASHINGTON — An ignominious defeat has been administered to the United States government — a blow to its prestige and influence in world affairs.

Russia has deliberately violated a pledge to the American government and once more defiantly threatened the safety of this country.

This turn of events comes as a surprise to the American people, who were being assured by President Johnson only a few days ago that the agreement to limit uranium production was an indication of the peaceful purpose of the Soviet government and that a new wave of good feeling had begun.

But the Russian leopard, it has been disclosed, has not changed its spots.

In utter disregard of the resolutions of warning adopted by Congress two years ago, the Soviet government has assumed the right to engage in military operations in this hemisphere that are plainly aimed at the United States.

When the American government demanded in the autumn of 1962 that the Russian missiles and troops be removed from Cuba, the Soviet government promised in an exchange of notes with President Kennedy to remove the missiles and agreed to a system of inspection by the United Nations to verify whether good faith was being observed.

WONT GO ALONG

But Castro — doubtless with the connivance of the Russians — declined to permit the inspection.

Accordingly, the United States reserved the right to continue aerial reconnaissance as a measure of protection to the American people.

More than 600 flights have been made by American planes

Quoth he: "Do you know how old I am? Well you won't believe it. I went to sleep in Paris at the Folies Bergere."

★ ★ ★

The leading man and woman in a current Broadway show are in the midst of a spat and before the two big love scenes, she chews a hasty mouthful of garlic. . . .

President LYNDON B. JOHNSON arrived in Chicago with 1,617 officers assigned to guard him. That probably sets the all-time record for vigilance and caution. . . .

Beatle recordings still go like crazy, but Beatle merchandise languishes on the shelves to the alarm of businessmen.

— HAROLD A. FITZGERALD

during 1962 and 1963, and the diplomatic issue as between Russia and the United States, has outwardly at least, remained dormant.

Now Cuba has issued its protest asking the United Nations to support her demand that the American airplane flights be discontinued.

Russia immediately announced her concurrence in the Cuban demand.

The Russian official newspapers, for instance, in articles last Friday—unquestionably inspired by the Moscow government — declared that there is no reason why Russia should

not supply Cuba with weapons. The flights of American airplanes were denounced as violations of Cuban sovereignty and of the U.N. charter as well as of international law.

The net result of the whole controversy could be to convince Russia that it is in the American people that further parleys on "disarmament" with the Moscow regime can hardly be signed and that any agreements signed will not be worth the paper on which they are written so far as compliance by the Soviet government is concerned.

(Copyright 1964, New York Herald Tribune Syndicate, Inc.)

Capital Letter:

Meany Sees LBJ Victory - With Blessing of Labor

By RUTH MONTGOMERY
WASHINGTON — America's highest-ranking labor leader flatly predicted today that President Johnson will be nominated and re-elected this fall.

And he left little doubt that this would have the blessing of RUTH MONTGOMERY, AFL-CIO President George Meany, during an exclusive, wide-ranging interview also said that:

● He is willing to accept any President Johnson chooses as his vice presidential running mate.

● He strongly favors the Johnson-Khrushchev agreement to cut back the manufacture of fissionable material, if Russia lives up to its pledge, because the reduction of cold war tensions is more important than the resultant loss of jobs.

Meany said he thinks LBJ is "doing very well" after five months in presidential office.

LITTLE DOUBT
His conversation left little doubt but that labor will endorse Johnson's candidacy after the Republican slate has been chosen.

Speaking of the recent Johnson-Khrushchev agreement to cut back on nuclear production, the labor leader said:

"I think anything we can do to relieve international tension is good. The question is how we are going to police the Russian end of it, to see that the promise is kept."

NO DISAGREEMENT

"As far as its reducing jobs is concerned, we have no disagreement with the President there. We don't believe in make-work projects just to be making armaments."

Even if it causes some unemployment, we are in favor of

any move that is beneficial for peace. We're for America."

He expressed the hope, however, that any money saved from such cutbacks could be used for "badly needed public works" like roads, hospitals and schools.

Reviewing Other Editorial Pages

Relative Theory

The Sparta (Wis.) Herald

A grade school teacher, in trying to get over the concept of distance, asked her pupils whether they lived close or far away from the school. She got a number of answers, but the one she liked best was the young moppet who told her, "I think I live pretty close. Every time I come home, my mother says, 'Good grief, are you home already?'"

Panama's Chiari

The Miami Herald

Relations between the governments of Panama and the United States are in the process of returning to normal.

In his latest statements, President Robert F. Chiari leaves the door wide open for agreement between the two countries. Sr. Chiari points out that instead of being a source of disagreement, the Panama Canal should really be the basis of true friendly relations between the Panamanians and the North American people.

The most stimulating effect of his latest speech, in our opinion, is the emphasis he placed on the necessity for restoring an atmosphere of confidence and understanding. Such an atmosphere, according to the Panamanian Chief of State, is absolutely indispensable to the protection of the continent and the future stability of the democratic system.

Voice of the People:

Comments on Editorial About Belgium Doctors

A Press editorial expressed concern over the strike by Belgium doctors. I'd hate to think what the American doctors would do if our government tried to tell them they should stay somewhere within the realm of reason with their fees.

One Who's Been Robbed and Robbed

Amateur Radio Operators Give Thanks

In regard to Operation Sugar Cube, we thank the fifteen amateur radio operators from Genesee County who answered a last minute appeal for help from the Oakland County Amateurs.

We realized we did not have enough amateurs to cover all of the dispensing points in Pontiac and areas north of Oakland County. These amateurs arrived early Sunday morning with equipment and worked throughout the day handling messages, shuttling vaccine, and reporting the number of vaccines administered.

R. F. Dengate, President
Oakland County Amateur Radio Society

'Let Us Attend Church as Children'

Last Sunday I sat next to a child at church. When the lights were turned on the child said to his mother, "Look at all the lights!" Then the altar lights were turned on and the child's face lit up and his whole body and face seemed to glow. It was as if the altar switch had a direct connection to the child. His face shone out peace, confidence and joy. It had the serene joy of knowing that God was present. Next Sunday let us all go to church as the children we once were.

'Smoke Inhalation Hazardous at Plant'

Health hazards should be a strikeable issue. An employee got sprayed by the cutting oil and it caused a skin rash. He had to have medical care.

Imagine what happens to the lung tissue when one inhales smoke and fumes from the same oil, five days a week, year in and year out. Smoking cigarettes isn't the only lung cancer inducer.

561 B

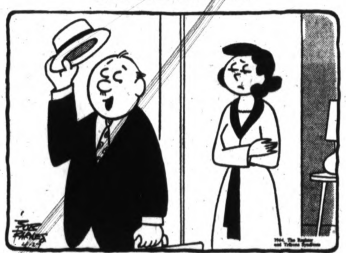

'Equal Rights; Equal Justice for All'

No person should be denied rights as given by our Constitution. There is only one set of laws to apply to any citizen. These laws say nothing pertaining to color. The same punishment should be meted out for their violation. When this code is not adhered to, the responsible parties are shirking the trust placed in them by the public.

When any group brings pressure to bear to bend the laws to suit their particular group, it is both morally and legally wrong.

Senate, House Start Settling 50 Bill Disputes

LANSING (AP)—Lawmakers start mopping-up action today as they try to resolve House-Senate disputes over more than 50 bills.

The bills have passed each house, but in different towns. For any one of them to reach the governor's desk, the latest changes must be approved or a compromise worked out by a special joint committee.

Some amendments merely clarify the intent of the sponsors, such as the new technical language in a proposed law requiring a prescription for the purchase of paragon.

But in other cases, a whole new concept may have been written into the bill since the house of origin passed it.

The House, for instance, writes an exemption for college fraternities and sororities into a

Senate-approved measure making dozens of technical changes in the general property tax act. The House made 27 other changes, mostly minor, and the exemption was buried in nearly three pages of fine print when the legislation came back to the Senate.

But Friday, Sen. Garland Lane, D-Flint, spotted it and scolded his colleagues for "another attempt to favor a pet industry." He said the campus social clubs are "just so many

commercial enterprises as far as I'm concerned."

He had the question scheduled for debate at today's Senate session.

FOX BOUNTY

The Senate wrote language abolishing the fox bounty into a House-approved bill establishing a new bear hunting license. A bounty repealer had been passed separately by the Senate early in the session but had been killed in a House committee. The amendment maneuver

now will allow the question to be debated by the full House.

Other major bills awaiting House agreement with Senate changes:

—The "truth in packaging" bill, an overhaul of the 50-year-old weights and measures statute which requires an accurate description of the contents on containers of merchandise.

ROMNEY BILLS

—Two bills asked by Gov. George W. Romney to regulate city income taxes, including a

limit of one half of one per cent on non-residents.

—A "Blue Sky" bill which attempts to replace Michigan's 60-year-old securities regulation law with less restrictive provisions.

—Two bills banning trick weapons, such as pistols built to look like cigarette lighters or cameras.

—A bill instructing school districts to release students, at the request of parents, for three hours a week to attend religious instruction.

This last item was introduced by the Senate Education Committee, which tacked the so-called "released time" provision to a routine bill dealing with procedures at teachers' institutes.

Trial for Aides of Eichmann

Charged in Deaths of Hungarian Jews

FRANKFURT, Germany (AP)—Two wartime aides of Adolf Eichmann went on trial today on charges of sending thousands of Hungarian Jews to their deaths after trying unsuccessfully to sell them to the allies.

The defendants, former SS Lt. Col. Hermann Krumey, 59, and Ex-SS Capt. Otto Hunsche, 52, are accused of complicity in the murder of 437,402 Jews in 1944.

Krumey was the deputy and Hunsche the legal adviser of Eichmann, who headed Adolf Hitler's program to exterminate Jews. Eichmann was hanged in Israel in May 1962, after being convicted of mass murder.

According to the indictment, Krumey, a postwar grocer, tried to arrange an exchange of Hungary's 1-million Jews for goods through negotiations with the American Jewish joint distribution committee.

The pair is being tried in the same makeshift courtroom—the auditorium of a community center—in which the 22 men who helped run the Auschwitz extermination camp are being tried on other days of the week.

'FINAL SOLUTION'

Hunsche and Krumey are accused of having shipped their victims to the gas chambers at Auschwitz for "the final solution of the Jewish problem."

They also are accused of extorting a fortune from Hungarian Jews under false promises of saving them from the gas chambers if the price was right.

Krumey, according to the indictment, was ordered by Eichmann to try to sell Hungary's Jews to the Western allies for 10,000 trucks, and large quantities of coffee, tea and soup.

Hunsche is charged with detaining the Jewish elders of Budapest in his office for a DA to make the final shipment of 1,200 Jews to the death camp possible without the interference of the Hungarian government.

Antigovernment Strike Closes Syria Bazaars

BEIRUT, Lebanon (AP)—Bazaars in Damascus and other Syrian cities were closed again today in a general strike protesting the Syrian government's socialism, reports reaching Beirut said.

The strike resumed yesterday after a Moslem religious holiday and issuance of a new constitution proclaiming Syria a people's democratic Socialist republic.

Canadian Poet Dies

TORONTO (AP)—E.J. (Ned) Pratt, 61, a poet who first gained international attention in 1939 with his tale of sea heroism, "The Roosevelt and the Antiope," died Sunday. His writing ranged from brief lyrics to long, eloquent sea epics. He was born in Western Bay, Nfld.

New Discovery Now Makes It Possible To Shrink And Heal Hemorrhoids Without Surgery

Stops Itch — Relieves Pain In Minutes

New York, N. Y. (Special): A world-famous institute has discovered a new substance which has the astonishing ability to shrink hemorrhoids without surgery. The sufferer first notices almost unbelievable relief in minutes from itching, burning and pain. Then this substance speeds up healing of the injured tissues all while it quickly reduces painful swelling.

Tests conducted under a doctor's observations proved this so — even in cases of 10 to 20 years' standing. The secret is the new healing substance (Bio-Dyne®) — now offered in

both ointment or suppository form called Preparation H®. In addition to actually shrinking piles—Preparation H lubricates and makes bowel movements less painful. It helps to prevent infection (a principal cause of hemorrhoids).

Only Preparation H contains this magic new substance which quickly helps heal injured cells back to normal and stimulates regrowth of healthy tissue again. Just ask for Preparation H Ointment or Preparation H Suppositories (easier to use away from home). Available at all drug counters.

New Books at the City's Main Library

Pontiac's Main Public Library, 60 E. Pike, has recently added many new books to its shelves.

The following is a selection of titles from the new books now ready for circulation.

FICTION — Andrie, The Vizier's Elephant; Three Novellas; Cushman, The Grand and the Glorious; Dimock, The Thief of Love; Bengali Tales from Court and Village; Finney, I Love Galesburg in the Springtime; Hoffmann, The Dark Mountains; Jennings, The Raider; Powell, Afternoon Men; Tanner, Miss Barnister's Girls; Yates, Eleven Kinds of Loneliness. Short Stories.

MYSTERY — Canning, Black Flamingo; Lathen, A Place for Murder; MacInnes, The Ven-

tion Affair; Marshall, The Month of the Falling Leaves; Moyes, Murder a la Mode.

BIOGRAPHY — Adams Family Correspondence; Beaverbrook, The Decline and Fall of Lloyd George; Chapman, Two Tudor Portraits; Henry Howard, Earl of Surrey and Lady Katherine Grey; Cottman, Out-Island Doctor; Dunbar, Mrs. G. B. S.; A Portrait; Foot, Anselm Bevan, A Biography; Frost, The Letters of Robert Frost to Louis Untermeyer; Hamilton, The Papers of Alexander Hamilton; December 1789 — August 1790; Hatch, A Man Named John; The Life of Pope John XIII; Lawrence, Graves, and Biographers; Magarshack, Doctor Hart, T. E. Lawrence; To His Lovers; Raven, Teilhard de

Chardin; Scientist and Seer; Taper, Balanchine; Ward, John Keats: The Making of a Poet.

No Reply From China to Romania's Proposal of Mediation

VIENNA, Austria (AP)—Communist Romania says Red China has not replied to a Romanian proposal for a Soviet-Chinese meeting at which Romania would try to mediate their bitter dispute.

The Russians "agreed in general" with the Romanian proposal, the Romanians urged the three-party meeting last month to obtain a truce in communism's internal war and to set the stage for an international conference of Communist party leaders to give the world a display of unity.

In a party statement and long analysis of the Romanian mediation effort, the newspaper appealed for a truce in the ideological dispute, saying it was "the duty of every (Communist) party to do its utmost to divert the danger of a split."

The Romanians said the Soviet-Chinese-Romanian conference should discuss and finalize an appeal to all the Communist and workers' parties "to solve controversial issues in conformity with the norms jointly established at the 1957 and 1960 Moscow conferences concerning relations between Communist parties."

PARTY CONFERENCE

The Soviets also have proposed a conference of Communist parties, confident that Soviet Premier Khrushchev's views

would be upheld over those of Red China. Chairman Mao Tse-tung, Peking has been cool to such a conference.

Despite the Romanian plea for a halt in the verbal hostilities, Moscow and Peking continued to hurl insults at each other.

The official Peking People's Daily charged today that Khrushchev had once supported Leon Trotsky, the arch-heretic of Soviet communism. Trotsky, Lenin's close collaborator and apparent heir, was purged by Stalin and murdered in exile.

The Peking People's Daily said it was prepared to furnish proof of the charge against Khrushchev, who was not mentioned by name but clearly identifiable.

The accusation was contained in an editorial note over the text of an anti-Chinese statement by Soviet Communist party theoretician Mikhail A. Suslov to the party's Central Committee Feb. 14.

The speech, made public earlier this month, was the Soviet Union's first major reply to Peking's criticisms of Khrushchev's policy of coexistence and "goulash" communism.

FULL REPORTS

The Red Chinese have been publishing full reports of the Soviet attacks on them in an effort to show that they are not afraid to let their people read them.

The latest Peking attack on Khrushchev was in reply to Soviet attempts to pin the Trotskyite label on the Chinese leadership.

The paper said Khrushchev's criticism of Red China "read like the abuses hurled by a hard-riden in the street" and added, "Khrushchev's revisionism is like a junk shop."

The Romanians "comradely and insistently" appealed to the Russians to withhold publication of the statement and to the Chinese to end their polemics. At the same time, the Romanians suggested a meeting of the Soviet and Chinese leadership.

The Russians agreed to delay publication. The Chinese said they were ready to stop the

flow of anti-Soviet abuse and invited a Romanian delegation to Peking.

MET OPPOSITION

But the mission, led by Premier Ion-Gheorghe Maurer, ran into opposition on its visit late in February. The Chinese refused to call off the attacks until a meeting on the dispute was in progress.

When the Kremlin heard of the Chinese rejection, it told the Romanians they would "agree in general" to the Romanian mediation effort if the Central Committee of the Chinese party

also manifests a positive stand."

Romania regards itself as a suitable mediator because of its differences with the Soviet Union on economic policies although the Romanians support peaceful coexistence.

Nerve Deafness Can Be Helped!

Nerve deafness is the principal cause of hearing impairment. There is no treatment or surgical operation that will cure Nerve Deafness. People that say "I can hear but can't understand" usually suffer from nerve deafness. We have available a brochure telling the inside story of nerve deafness. Write to The Pontiac Press, Box No. 33.

Both UAW, Auto Makers Loaded for Bear

(EDITOR'S NOTE: The following is another in a series previewing the upcoming auto-labor contract talks. The story was written by staff writer A. F. Mahan who spent almost two weeks with top United Auto Workers union officers at the Union's annual convention.

will be loaded for come-what-may when the United Auto Workers and the automobile manufacturers sit down to begin new contract negotiations about July 1.

The UAW's strike fund already tops \$61 million and secretary-treasurer Emil Masey says it will exceed \$65 million by mid-year. The union figures its total resources are at a record \$88.3 million.

The Big Three—General Motors, Ford and Chrysler—rolled up combined profits of \$2.24 billion in 1963. American Motors had a net of \$37.8 million after sharing before-tax profits in its fiscal year that ended last Sept. 30.

While new car sales have been continuing at a rising rate, production has kept in front of them.

As of April 1, Ward's Auto-

mobile Reports, an industry statistical service, estimated dealers had 1,265,300 new cars in their showrooms or lots.

That number would be sufficient to last dealers 46 days at the March selling rate.

By April 10, the number of cars in inventory had moved up to 1,248,000, compared with 1,030,000 on the same date a year earlier, but Ward's pointed out that while production has been hitting record levels the selling rate has been increasing even faster.

For instance, Ward's estimated that cars on hand in January were sufficient for 50.4 days and those on hand in February sufficient for only 49.4 days and those on hand at the end of March sufficient for only 46.0 days.

SEEMS LIKE WHOPPER

An inventory of 1,248,000 automobiles may seem like a whopper, but at the accelerated March selling rate they wouldn't last quite half as long as did the industry's granddaddy strike—a 113-day one at General Motors in 1945-46.

But there have been numerous shorter strikes, through which a 46-day inventory easily would carry.

Union spokesmen insist, however, that anything less than a market glutting inventory is offset by the fact that contracts expire Aug. 31, just when all the auto makers are preparing to introduce new models.

None wants to be left at the post with competitors off and running.

STRIKE BENEFITS

The union's strike benefit funds range from \$15 weekly for a single worker to \$25 for one with a family. A striker with only a wife as a dependent gets \$20.

To meet those kind of payments, \$65 million may seem a tremendous kitty, but it would last just past nine weeks in supporting GM's 345,000 hourly rated workers, assuming the average weekly strike benefit was \$20.

And while no auto maker would like a new model left at the post, no union would like to empty its treasury completely.

FLOOD STOPS TRUCK

BUT NOT TELEPHONE REPAIRMAN

While on a service call, Michigan Bell Repairman Clarence Fromm of Saginaw discovered the cause of a dead telephone. It was a small flooded area caused by the Saginaw River overflowing its banks during heavy rains.

Driving along the road to the house through two feet of water, he found he could go no farther. The water was coming up over the floorboards of his truck, threatening to flood the engine.

But this didn't stop Clarence Fromm. Climbing to the roof of the truck, he signaled the man whose phone was out of order. Soon he was being rowed in a boat to the marooned house. Fromm was able to raise the submerged

telephone wires to a point well above the water, and quickly restored the phone to normal service.

The customer was understandably grateful for the repairman's persistence. But what Clarence Fromm did is just another example of how Michigan Bell people always try to make sure you get the kind of service you want. They're about as friendly and cooperative as anyone you will ever meet.

MICHIGAN BELL TELEPHONE COMPANY

Zonta Club Has Annual Event

Zonta Club of Pontiac held its annual spring breakfast Sunday morning at Devon Gables. Joining the local group were members from Zonta clubs in Birmingham-Bloomfield Hills, Milford, Flint and Sandusky, Ohio and a number of other guests.

Mrs. C. Maude Mills, governor of District V, initiated

new members and installed officers for the coming year.

Mrs. Herman Stenbuck presided as toastmistress. Other

More social news will be found on Page C-1.

Delta Zeta Alums Plan Installation

Delta Zeta Alumnae of Oakland County will gather for 7 p. m. dinner, May 5, in the home of Mrs. Herbert W. Schnetzky on Timberlake Road.

Mrs. Laurence E. Trevarrow Jr. of Huntington Woods will be formally installed as president.

From Royal Oak are Mrs. Carlyle W. Rees, vice president; Mrs. Peter J. Carr, re-elected secretary; Mrs. Carl J. Koelich, re-elected treasurer; and Mrs. George W. Belker Jr., historian.

Individual groups will install officers at the same time.

Group I will install Mrs. Edward C. Wirth, Birmingham, chairman and Mrs. F. Llewellyn Latze, Birmingham, secretary-treasurer.

TO REPORT

Mrs. Schnetzky will report on the recent Michigan State day at Western Michigan University at which time the Province award for philanthropy was presented to the OC Alumnae.

Mrs. Russell T. Costello, Orchard Lake, past national president, and Mrs. Winifred T. Himmann, Franklin, province alumnae director, will assist Mrs. Schnetzky with the program.

Wed Saturday in the First Presbyterian Church, Birmingham, were Carol Lyn Bender, daughter of the Robert B. Benders, Bloomfield Village and Albert Elliott Kimberly III, son of the Albert E. Kimberlys of Birmingham.

SPEAKER FROM FLINT

Dr. Dorothea E. Wyatt, professor of history at the University of Michigan Flint division and president-elect of the Zonta Club of Flint, gave the principal address.

In her talk on "Advice — Asset or Liability?", Dr. Wyatt asserted that, at best, advice is doubtful. Women seem to be on the receiving end of it more often than men — especially from newspaper and magazine articles. Most of it is conflicting.

On the other hand, Dr. Wyatt pointed out, it is not good to be a person who is known as one who will never accept advice.

The ideal is to know oneself so well that you can accept advice when necessary without being overly sensitive and emotional about it.

A Check List for Fabrics

When buying fabrics for spring and summer wear, here's a one-minute check list that will save you money, time and potential problems:

- 1) Is it colorfast? Colorfast fabrics retain their colors for the washing life cycle and require no special handling in the laundering process. 2) Is it colorfast to sunlight? If so, no need to worry about over exposure to sunlight or fading for the normal wear-life of the fabric.
- 3) Is it preshrunk? Your clothes won't become tight after the first washing if you can check "yes" on this question.

Church to Hold Mom-Daughter Banquet in Hall

"How Does Your Garden Grow" is the theme of the annual "Mother and Daughter Banquet" of the Central Methodist Church to be held Tuesday in the church's Fellowship Hall.

Mrs. George Yansen is general chairman and Mrs. William Brady, Mrs. George Putnam and Mrs. Charles Smith are assisting her. Also working on the affair are Mrs. Norbert Hoffman, Mrs. Jerle Head, Mrs. Lora Hayes, Mrs. William H. Taylor, and Mrs. Walter Rice.

Completing the list of committee chairmen are Mrs. Robert E. Field, Mrs. Charles Crawford, Mrs. Richard Balmer, and Mrs. William Conrad.

The Methodist men will serve as waiters.

Sorority Group Honors Founders

A local portrait artist, Gordon Schulte mirrored members' faces on paper at the Saturday Founders Day luncheon of the Pontiac City Council of Epsilon Sigma Alpha sorority held at Sylvan Glen Country Club.

Outgoing council president, Mrs. Lawrence Hartman, in-

troduced the three local chapter presidents. Mrs. Harry Rhodes represented Beta Chi; Donna Burling, Beta Mu; and Mrs. Bert Anselmi, Alpha Alpha.

Mrs. Alice Corbin of Flint, gave the Founders Day message and installed the coun-

cil's new officers in a candle-light service.

Mrs. L. L. Schieffler is the new president; Mrs. William Kay, vice president; Mrs. A. J. Latoza, secretary and Mrs. Gerald Strang, treasurer. Other leaders are Donna Burling and Mrs. Jack St. John.

Mrs. Alice Corbin of Flint, international parliamentarian for Epsilon Sigma Alpha sorority, helped install new officers at the Saturday Founder's Day luncheon held by the sorority's city council. With Mrs.

Corbin are Mrs. Lawrence Hartman of Springfield Township, outgoing president; Mrs. William Kay of Royal Oak, incoming vice president; and Mrs. L. L. Schieffler of Shawnee Lane, incoming president.

Chancellor Will Speak at Meeting

Business and professional women from Oakland and Macomb counties will meet for a dinner program at 7 p. m. next Monday at Oakland University.

Speaker will be D. B. Varner, chancellor of the University.

Sponsor of the meeting is the Utica Business and Professional Women's club which has invited sister club members of its federation and other guests to attend the public relations program.

Chancellor Varner's topic will be the Oakland-Cali exchange program which will be initiated this fall.

He will give a colored slide presentation of his trip last May to the city of Cali and the Cauca Valley in Columbia, South America.

As one of four delegates chosen by the Oakland County board of supervisors, he explored the possibilities of establishing a local government to local government relationship as part of the Alliance for Progress effort.

Some Shirts Shrink More

Homemakers who buy sport shirts for summer wear should expect more shrinkage in skip sizes (S, M, L, XL) than in the marked sizes. However, if the garment carries the Certified Washable Seal of the American Institute of Laundering, it will not shrink out of fit.

Skip sizes not certified washable by A.I.L. may shrink excessively so the wise housewife will buy accordingly.

Blessing Adds Meaning to Saturday Ceremony

A Papal blessing was bestowed on the marriage of Pamela Renee Arcello to Gerald Michael Martin, Saturday, in St. Michael's Church.

Alencon lace applique and tiny rosettes highlighted a gown of white silk peau for

the daughter of Mrs. Cardell G. Arcello of Dakota Drive and the late Mr. Arcello.

The bell skirt fanned into a chapel train and a small triple crown of pearls caught the illusion veil. The bride carried white carnations and roses.

FOUR ATTENDANTS

With maid of honor, Kathleen Ann Goham, were the bride's sisters, Camella and Patricia Arcello, along with Patricia McLaughlin, attending as bridesmaids.

Best man for his brother was John J. Martin. They are the sons of the John P. Martins of North Saginaw Street. Seating guests were James Hurren, John Schlicht and Thomas Chenhall.

The wedding breakfast was served at Devon Gables and the evening reception in the Knights of Columbus club rooms, Royal Oak.

After a honeymoon trip to Kentucky the couple will reside on Seminole Drive.

Group to Celebrate 33rd Anniversary

Centered on the theme of the current New York World's Fair, a Wednesday night banquet at the Edgewood Country Club will mark the 33rd anniversary of the founding of Beta Sigma Phi.

Twelve Pontiac chapters, plus Birmingham and Rochester units, will join for the occasion at 6:30 p. m.

William Farnum, auditor general of Michigan is guest speaker.

Musical selections will be presented by the Reveler's Chorus of the Society for the Preservation and Encouragement of Barber Shop Quartet Singing in America, under the direction of Rawley Hallman.

Reception at Club

Married in Afternoon

Reception in Orchard Lake Country Club followed the vows of Carol Lyn Bender to Albert Elliott Kimberly III, Saturday in the First Presbyterian Church, Birmingham.

For the mid-afternoon ceremony, the bride chose a gown of Chantilly lace and organza with A-line silhouette and Watteau train. Small pearls accented the Empire bodice.

An organza bow caught her silk illusion veil and gardenias rested on her white missal.

Linda Pem Bender and Margaret Ann Bender attended their sister as groom maid and bridesmaid. They are the daughters of the Robert B. Benders of Bloomfield Village.

Susan Alt of Grand Haven and Linda Lemke of Berkley attended their sorority sister as bridesmaids.

Lawrence Kimberly was best man for his brother. They are the sons of the Albert E. Kimberlys of Birmingham.

The bride is a senior at Michigan State University where her husband received his degree.

MRS. JOSE E. FLORES

Lace Veil From Spain for Wedding

St. Vincent de Paul Church was the setting for the marriage on Saturday of Oralia Anita Cruz to Jose Eleazar Flores of Oakland Avenue.

Parents of the couple are Mr. and Mrs. Ricardo C. Valdez of Keego Harbor and Mr. and Mrs. Alejandro Flores of Mercedes, Tex.

SPANISH LACE

A veil of Spanish lace held by a pearl crown complemented the bride's gown of tiered Chantilly lace over white satin. She carried white carnations on a mother-of-pearl prayer book.

Adele Cruz attended her sister as maid of honor.

The other bridal attendants were Mrs. Refugio Limon, Engle Garza, Maria Silva, Anita Moran, Erma Linda Aguina, Mrs. Domingo Corpus, Mary Hernandez and Mrs. Manuel Maldonado.

With the best man, Refugio Limon, were ushers Joe Morales, Delfino Ramirez, Cruz Moran Jr., Feliciano Corpus, Alfredo Hinojosa, Domingo Corpus and Isidro Aguilera.

After the evening reception in the Fisher Body Union Hall, the couple left for a honeymoon in Ontario. They will reside in Pontiac.

Two Showers Recently Given to Future Bride

Verna Kathryn Bradley was honored at a bridal shower, Saturday, in the home of Mrs. Frank A. Brooks. Sharing hostess honors with Mrs. Brooks were Mrs. O. R. Brooks and Mrs. Harden Davis of Detroit, maternal aunts of the honoree.

Some 35 employees of the Oakland County Children's Center honored Miss Bradley at a recent shower in the Gillingville Community Club.

She is the daughter of the James L. Bradleys of Hamilton Street and her fiancé, Wesley Arnold Sebastian, is the son of the Rudolph Sebastians of East Beverly Avenue.

The wedding will be June 6.

Lace, Roses Grace Rites

Judith Irene Patton chose white Rochelle lace over taffeta for her marriage to Gary Michael Owens at noon Saturday in St. Benedict's Church.

Her bouffant tiered lace skirt ended in a sweep train and a double rose headpiece held the imported illusion veil. A corsage of violets centered the bridal bouquet of rosebuds and ivy.

Parents of the newlyweds presently touring the southwestern states, are the John J. Pattons and Mr. and Mrs.

James L. Owens. All reside on Gateway Drive.

With maid of honor, Susan Lippert were the bridesmaids Jacqueline Miles and the bridegroom's sister Patricia Owens.

James L. Owens assisted his brother as best man. Richard Lewis and Terry Benedict seated the guests.

Guests of honor at the evening reception in Waltz Hall were the bride's great-grandparents, Mr. and Mrs. Mark Comfort.

The couple will be at home on Vincent Street.

State Toll Unabated

16 Killed in Weekend Traffic

By The Associated Press
Sixteen persons, including three in a two-car collision and two others in a grade crossing crash, were killed in Michigan's weekend traffic.

The toll for April's last weekend indicated no letup in a 1964 traffic death rate already well above that of last year.

The Associated Press death count began at 6 p.m. Friday and ended at midnight Sunday.

Michael J. Oriop, 19, of Detroit was injured fatally when his motorcycle collided with a truck Sunday in Farmington Township outside Detroit.

RAN OFF CURVE

Robert Cipri, 19, of Paw Paw was killed Sunday when his car ran off a curve on a Berrien County road and rolled over two miles outside Benton Harbor.

Karen Weber, 17, of Maybee and Susan Hannum, 16, of Milan died Saturday night when a

train rammed into their car broadside at a crossing on Beech Daly Road in Inkster.

Donald Harris, 3, of Detroit was struck and killed by a truck Saturday as he was playing in an alley near his home.

Kenneth L. Darlington, 9, of Flint was killed Saturday when struck by a car in Flint.

DIES IN COLLISION

David A. Thiede, 28, of Grosse Pointe Woods died in a collision

between his mail truck and another truck in Detroit Saturday.

Christopher Quirk, 17, of Coldwater was injured fatally Saturday in a two-car head-on collision on US 12 in Coldwater.

Bernard Newman, 31, of Flint was killed Saturday in a collision in Flint Township.

Cyrene Arnold and his wife, Marian, both 64, of Lapeer, and Linda Grimes, 19, of Berkley were killed Friday night in a two-car smashup at an intersection on M21 near Oxford.

Diolar Smith, 38, of Dowagiac was killed Friday night when his car left a road three miles southeast of Berrien Springs.

FALLOUT STOP

James V. Lee, 49, of Battle Creek was injured fatally Friday night at a Battle Creek city crossing by a car which failed to stop afterwards.

Lowell Schultz, 33, of Saginaw was killed Friday night in a collision of two trucks at an intersection eight miles west of Flint.

Roosevelt Williams, 57, of Detroit was killed Friday night when his car ran off an I-94 curve near New Buffalo.

Fashion Show Slated in Troy

Business, Professional Unit to Sponsor Event

TROY — Spring and summer styles will be on parade at the Troy Business and Professional Women's Clubs' Fifth Annual Fashion Show Wednesday.

Professional and local models will display the seasonal apparel at the 8 p.m. event. The show will be held in the Troy High School.

Moderator will be Mrs. Esther Wisely of the R. B. Shop, Birmingham, which will supply the latest fashions.

Highlight of the event will be crowning of a "Teen Queen," the title awarded the young girl selling the most tickets to the event.

The award winner will be presented with a new formal for her school's prom, as well as a keepsake tiara. Last year's queen, Susan Glowacki, a 1963 Troy High School graduate, will crown the new winner.

Other features of the affair will include the appearance of Mrs. Olga Taylor, Michigan State, president of the Federation of Business and Professional Women's Clubs, and "Poopie," the French poodle.

General Chairman of the show is Mrs. Norine Ballentine. Honorary hostesses are Mrs. Frederick Sprenger, club president, and Mrs. Woodrow Brann, immediate past president.

Tickets can be purchased at the door.

2 Area Groups Win Honors at Vocal Contab

Two area groups won honors Saturday at the Regional Convention and Competition for Sweet Adelines, Inc., in Detroit.

The Mich-Gals Quartet of the Utica-Rochester area won a second-place medal competing with 28 other quartets.

The Utica-Rochester Chorus, directed by Mrs. Arthur W. Horler of Utica, was named fifth of 38 choruses.

Lima, Ohio groups — the Limelights Quartet and Derby Dolls Chorus — took first-place awards in both categories.

About 1,500 women from Michigan, Ohio, Indiana and Ontario attended the two-day Region No. 2 convention in Ford Auditorium.

State Road Toll at 599

LANSING (AP)—Traffic accidents have killed 599 persons in Michigan so far this year, provisional figures compiled by state police showed today. The highway death toll at this date last year was 455.

Area Attracts New Factory

Firm Plans to Build in Farmington Twp.

FARMINGTON TOWNSHIP—The Farmington Freeway Industrial Park has attracted its first tenant, Diamond National Corporation.

The company has purchased 15 of the more than 500 acres of industrially zoned property in the southwestern portion of the township.

Location of Diamond National's automated packaging division in the park is to be realized as soon as sewer, water and power facilities are available.

Agreement to buy the property is contingent on the township's installing the services by Jan. 1, 1965.

George Page of Detroit, general manager of the division, said the new plant would triple present production facilities.

FIRST EMPLOYMENT

"The first stage of our program will provide employment for approximately 110 highly skilled engineers and technical people," he said.

The division designs and builds semi- and fully-automatic systems to pack products in paperboard and molded pulp containers.

Diamond National currently is building equipment systems at plants in Detroit and Livonia. The company has 46 plants and more than 100 sales offices in the United States, Canada and Western Europe.

With headquarters in New York, it operates a chain of 84 retail-building supply centers and has timber holdings in the East and West.

The Farmington Township plant is to be located on undeveloped property on the east side of Haggerty between Nine Mile and 10 Mile.

William W. Bowman is chairman of the township's industrial development committee now working to attract companies to the area.

LISABETH E. CAYAN

Mr. and Mrs. Lowell F. Cayan of Muskegon announce the engagement of their daughter Lisabeth Eva to Denis M. Berry, son of Mr. and Mrs. Joseph Berry, 4271 Lakegrove, Davisburg. A June wedding is planned.

Programs Set for Men on Cancer Fight

A cancer-control program planned especially for men will be held at 8 p.m. at two locations, Avondale High School and the Roto-Jay Building in Orionville.

The Avondale community showing of the film, "Time Out for Living" is being sponsored by the Avon Township branch of the Michigan Cancer Foundation.

Dr. Maolin Han of Auburn Heights will be guest speaker and conduct a question and answer period after the movie.

The Orionville chapter of the foundation is sponsoring the film showing in Orionville which will feature Dr. Rockwood W. Bullard Jr., of Clarkston, as guest speaker.

Couple Is Married in Waterford Church

SPRINGFIELD TOWNSHIP—A reception at the Oakland County Sportsmen's Club followed the Saturday marriage of Barbara Beverly Bullard and William Martin Kowalski.

The couple exchanged their vows in a 1 p.m. ceremony at the Our Lady of the Lakes Church, Waterford.

The bride, daughter of the Leonard C. Bullards, 8877 Sunset Lane, chose a floor-length gown of Chantilly lace over satin for her wedding. Adorned with sequins and pearls, it featured tiers of lace and ruffles.

She carried a bridal bouquet of carnations, lilies of the valley and Stephanotis.

Clara Bullard was maid of honor for her sister. Bridesmaids were Norma Slinger of Chicago, Cynthia Kowalski, sister of the bridegroom, and Sheryl Miller of Port Huron.

The bridegroom, son of the William Kowalski of Detroit,

was assisted by Theodore Bednarski of Detroit as best man. Ushers were Anthony Hirsh of Detroit; Leonard Bullard Jr., brother of the bride, and Leon Kowalski, brother of the bridegroom.

MRS. W. M. KOWALSKI

HERE COMES VAUDEVILLE—Talented members of the St. Williams congregation in Walled Lake plan an "Evening at the Palace" for their annual musical. Here with props for the show are (from left) Mrs. Patrick Chaplow of 408 Witherrall, Chaplow and Mrs. Marvin Johnston of 1746 Lakeview, Wolverine Lake. A cast of 54 is rehearsing under director Richard Murphy for Friday, Saturday and Sunday performances. Curtain time will be 8:15 p.m. in the parish hall. Tickets are available at the rectory and Walled Lake Market.

Avon Twp. Board Sets Up Sewer Assessment District

AVON TOWNSHIP—The Avon Township Board is continuing its efforts to bring sewers to two sections of the township, one in the southwest corner and the other near Meadowbrook school.

A special assessment district has been established to raise \$415,000 for a two-mile trunk line running between a four-square mile area and the Oakland County sewage treatment plant on Avon.

The parcel to receive the facilities is bounded by Avon on the north and South Boulevard on the south. Its western

boundary is in line with Devonshire Street and Livernois Road limits it on the east.

Action to establish the assessment district was initiated after the board was prodded by a letter from the Avondale school District last year.

It was written because of the board's interest in the "health and welfare of citizens" in the area.

JOINED IN STUDY

The County Department of Public Works and Health Department joined the township in

a study of the area. Officials of the health department agreed that from a health standpoint, something should be done.

The trunk line will lead from the area of Crooks and Auburn to the county treatment plant which was constructed near Oakland University.

In the Meadowbrook School area, a proposed sanitary sewer system for Spring Hill Subdivisions Nos. 1 and 2 is being considered.

Township Clerk Mrs. Thelma Spencer is forwarding plans for the facilities and a breakdown of the estimated \$121,000 cost to the Rochester School Board and the subdivision associations.

OTHER BUSINESS

In other township business, the board has agreed to reimburse working travel costs of township employees, with the exception of Supervisor Cyril Miller, at a rate of 10 cents a mile.

At the township's annual meeting it was recommended that the rate be paid all employees, including Miller. However, a question of legality was brought up then.

Township Attorney Lewis R. Bebout later informed the board that it had no right to change the amount compensation received by an elected official during his term of office.

So the board has voted to continue paying Miller \$100 monthly for travel costs.

Cancer Film Set in VFW Program

WHITE LAKE TOWNSHIP—Two films on cancer will be shown Wednesday night at the Oxbow Lake Veterans of Foreign Wars Post Home.

The 7:30 p.m. program, sponsored by the ladies auxiliary of Post No. 4156, will feature "A Breath of Fresh Air" and "A Habit for Life."

The public is invited to the free showing.

MRS. JEROME D. LUBINSKI

Evening Rites

Speak Vows in Rochester

ROCHESTER — Sherry Ann Wood became the bride of Jerome D. Lubinski in Saturday evening rites at the First Congregational Church.

Parents of the couple are Mr. and Mrs. Jerauld D. Wood, 514 Harrison, and the Jerome D. Lubinskis, 147 Griggs.

The bride chose a floor-length taffeta gown trimmed with French lace. It was styled with a scoop neckline and chapel train.

A double crown of sequins and pearls held her fingertip veil of French illusion. She carried a cascade of white carnations and pink roses.

Sally Wood was matron of honor for her sister. Bridesmaids were another sister, Vicky Wood, Mrs. Roger Lubinski, sister-in-law of the bridegroom; and Mrs. Terry J. Plutter of Utica.

On the esquire side Roger Lubinski served his brother as

best man. Ushers were Thomas Buchanan of Pontiac, Richard Seidell of Rochester and Joseph Rupinski of Troy.

After a reception held at the American Legion Hall in Auburn Heights, the newlyweds left on a honeymoon trip to northern Michigan.

NY Police Say Suspect Told Secret Killing Details

NEW YORK (AP) — Deputy Police Commissioner Walter Arm says George Whitmore Jr., 19, alleged slayer of career girls Janice Wylie and Emily Hoffert, has divulged details of the crime known only to police and the slayer.

"He had information that has never been revealed publicly," Arm said Sunday.

Whitmore, a jobless laborer who dropped out of school after the eighth grade, was booked by police on homicide charges Saturday in the stabbing last Aug. 28 of Miss Wylie, 21, and Miss Hoffert, 23, both white.

He recanted an oral confession police said he had made.

Whitmore's court-appointed attorney claimed the youth made statements under duress and stress.

SLASHED REPEATEDLY

The girls shared a \$250-a-month East Side Manhattan apartment with another young woman. The victims were slashed repeatedly and their bodies were found facing each other, tied together.

Miss Wylie was the daughter of Max Wylie, a New York writer and television producer, and a niece of author Philip Wylie. Miss Hoffert was the daughter of Dr. Henry Hoffert of Minneapolis.

Whitmore was booked shortly after his arraignment in Brooklyn Criminal Court in the knife slaying of Miss Edmonds, 46, and the attempted rape of Elba Borrero, 21, both in Brooklyn.

Newark, N.J., police want to question Whitmore about the fatal stabbing of Eleanor Lynch, 27, of Ilesin, N.J. Her almost nude body was found in the incinerator room of an apartment building on Jan. 13.

Whitmore's parents, who live in Wildwood, N.J., said their son "was not capable of murder." Police in Wildwood recalled Whitmore as meek, "not the wise guy type—polite and humble."

The Federal government will provide educational benefits to 15,000 war orphans next year, budget figures disclose.

Socialists Tab Auto Worker for State Race

DETROIT (UPI) — The Socialist Workers Party today nominated auto worker Frank Lovell as its candidate for Michigan governor.

Everly Sell, mother of two and writer for the Socialist press, was nominated to run for the U. S. Senate.

The two will run on the party's national ticket calling for "Freedom Now" and for an end to the cold war.

They will follow up the campaign begun here by their presidential candidate Clifton De Barry, the first Negro in U. S. history to run for president.

The party's platform called for a 30-hour week with 40 hours pay, unemployment compensation for the duration of unemployment, free medical care for all and increased civil liberties.

LABOR HISTORY

Lovell is a model maker at General Motors. He authored the book, "Maritime," a marine labor history, and has written for socialist publications.

He was editor of "The Defender," a rank-and-file sailors' newspaper in Seattle.

He was a candidate for governor in 1960 and is now state chairman of the Socialist Workers party.

Mrs. Sell is a senior at Wayne State University.

Puts Challenge to Methodists

Bishop Tells Confab to End Racial Bias

PITTSBURGH (AP) — The 1964 General Conference of the Methodist Church opens formal business sessions today confronted with a challenge to remove speedily any mark of segregation among its 12 million members.

The challenge was issued Sunday as some 900 delegates opened their quadrennial conference in Pittsburgh's vast Civic Arena. The conference is to end about May 9, depending on completion of the legislative docket.

Bishop Gerald Kennedy of Los Angeles told delegates "This general conference should insist upon the removal of any mark of racial segregation and we should do it without wasting time."

High on the conference docket is abolition of the church's Central Jurisdiction, embracing some 375,000 Negroes in the United States. The jurisdiction is one of six. The others are geographical.

LOCAL BASIS
Some Southern delegates have voiced the belief that integration should be on a local and voluntary basis.

Bishop Kennedy said that the church's official pronouncements on the race question are clear.

"It is therefore most disturbing to see Methodists trying to justify segregation on the basis of a weird interpretation of the Scriptures. We are dedicated to the proposition that all men are created equal, all men are brothers and all men are of eternal worth in the eyes of God," Bishop Kennedy said.

The bishop's remarks were contained in the episcopal address. He wrote it, but it was reviewed by the 82 men who make up the Council of Bishops and is considered a message from them.

During Sunday's opening session a handful of pickets paraded outside the arena carrying signs which read "Abolish Central Jurisdiction—a symbol of segregation," and "Protest the denial of worship in churches because of race and color."

Bishop Calls Civil Wrongs a Last Resort

SAN FRANCISCO (AP)—Civil disobedience can be justified as a civil rights technique only where "all remedies, within the structure of law and order, have been exhausted," Episcopal Bishop James A. Pike said Sunday.

The bishop's statement made in a pastoral letter, said illegal acts are not justified "when the law is on the same side as the cause of the demonstrators."

Bishop Pike, a supporter of the civil rights movement, has been critical of recent sit-in techniques employed by demonstrators in San Francisco.

Bishop Pike predicted sit-ins will continue unless "full freedom of employment opportunity" is soon achieved.

Freed Red Prisoner Collapses at Home

LONDON (AP)—Greville Wynne, released last week after 11 months in a Soviet prison, collapsed at his home yesterday and was taken to a London hospital.

"It's a nervous condition rather than a physical one," said Wynne's physician, Dr. Edward Butt.

Dr. Peter Dally, a psychiatrist called into the case, told newsmen at Gordon Hospital, "It's a reaction to a long period of strain. He needs complete rest."

New Head to Be Cast for the Little Mermaid

COPENHAGEN, Denmark (AP) — Denmark's famed bronze statue of the Little Mermaid will return to her perch overlooking Copenhagen Harbor by mid-June with a new head to replace the one removed by a vandal's hawkeye.

The royal foundry said it will take about six weeks to cast and fit the head from the original mold by the late Edward Erikson. The sculptor's sons own the mold.

By WILLIAM C. HARRISON
Associated Press Science Writer
SUNNYSIDE, Calif. — Unprecedented 100,000-pound payloads soon can be hurled into orbit by mass-produced solid rocket motors locked into clusters, says an aerospace expert.

Such loads would be seven times greater than the heaviest the Russians have been known to orbit.

Cylinders of rocket power stacked like tomato cans will be able to lift the 50 tons of useful cargo within three

years, Barnett R. Adelman, president of United Technology Center, a division of United Aircraft Corp., predicts.

The center is already producing segmented rockets for the Titan III-C, which the Air Force expects to be a work-horse booster for the next decade of space launching.

A pair of five-segment motors on the Titan III-C will provide more than 2 million pounds of lift-off thrust. The vehicle is scheduled for its first flight tests in 1965.

Each steel-jacketed segment of the first stage booster is 10 feet in diameter and weighs

about 50 tons when filled with solid fuel.

Adelman suggests clustering eight stacks of such segments, seven to a stack, for the first stage of a super space launch vehicle. This would launch 11 million pounds of lift-off thrust.

The second stage of the super rocket would consist of four, four-segment solids, while the upper stage would be a storable liquid-propellant rocket.

Extensive design studies prove the aerodynamic soundness of this cluster configuration, Adelman says, and show a reliability of nearly 99 percent.

NOT NEW IDEA
Clustering rockets isn't a new

idea. Last year the center tested a cluster of 24 smaller solid-fuel segments, four six-motor stacks.

Anchored to the test pad, it produced 140,000 pounds of thrust during a 14-second burning time.

"Success of the test showed that UTC has developed techniques of ignition of clusters which appear applicable to the simultaneous ignition of clusters of massive solid booster rockets producing millions of pounds of thrust," Adelman said then.

The super launcher would be as tall as a 26-story building and weigh more than 7 million pounds.

It would cost substantially

less than a launch vehicle of the same payload capacity using an all-liquid propellant, Adelman says.

He cites as other advantages—greater reliability and simplicity with capability of launching a variety of payloads on short notice.

The solid rocket segments can be safely stored indefinitely, Adelman says, and they are easily transported. They can be used to job advanced intercontinental ballistic missiles or to boost thrust of other rockets.

LOCKED TOGETHER
Produced in quantities at present plants, the segments could be shipped to launch-site warehouses. When a mission is decided on, the segments

would be brought from storage and locked together on the pads, and a storage liquid third stage.

COULD BE BIGGER
Adelman doesn't stop there. Launch pad in a configuration matching power requirements.

This buildup would require only a few days and the lengthy fueling and checkout operations required for all-liquid boosters would be eliminated.

Adelman envisions even bigger launchers using 13-foot diameter solids of the same type as the 10-foot models. These could develop 25 million pounds of getaway kick and orbit a quarter million pounds of payload, he says.

His suggested configuration is

a first stage cluster of eight five-segment solids, a second stage of four, four-segment solids. The enormous payloads could be increased 2½ to 3 times by using for the third stage the more powerful cryogenic (super cold) liquid-fuel rockets now being developed, he says.

Gets Big New Role

Things Go Ray Walston's Way

By BOB THOMAS
HOLLYWOOD (AP)—This is Ray Walston's year—and about time!

The offbeat comedian-actor has been turning in fine, stylized performances on the stage and screen—"South Pacific," "Damn Yankees"—for several years without making an appreciable impact on the public. This television season he finally hit big with "My Favorite Martian."

Now he has inherited a leading role in "Kiss Me, Stupid," from heart-stricken Peter Sellers. There can be no doubt he is enjoying his surfeit of riches. "I've made a lot of pictures in pretty good roles and nothing happened," he remarked. "Now made during the filming of 'The Apartment.' "You told me one

day you would write me a good part," Walston said.

"This is a great part," Wilder corrected. But Walston still didn't have the job. He took the script home and called Wilder the next day. "I told him it was a very good script," said Walston. "What else could I say? That it was the best script I had ever read? I couldn't say that to Billy Wilder. I'd sound like an idiot from Hicksville."

Wilder, a confirmed worrier, noted that Walston sounded chippy over the phone, and he feared he had blown the job. His fears were unfounded. He finished the season's shooting of "My Favorite Martian" on a Thursday and began "Kiss Me, Stupid" the next Monday.

Wilder and Walston have contended over only one issue—the actor's hair. Said the actor: "Wilder said my blonde Martian style looked like a poodle. He wanted me to dye it black, which I feared would make me look like some Italian villain. The compromise is a soft shade of red."

HIS BIG YEAR—Actor Ray Walston finally hit it big this season. He started out with his television success in "My Favorite Martian" and now has landed the leading role in the film "Kiss Me, Stupid," as Peter Sellers replacement.

Rocky to Attend Briefing, but Rips U.S. Viet Policy

GRANTS PASS, Ore. (AP)—Gov. Nelson A. Rockefeller, who has accepted President Johnson's invitation for secret briefings only with the understanding that he remain free to criticize in public debate.

"I have serious disagreements with the administration," Rockefeller said in his letter of acceptance to Johnson. "I want to make it clear that I reserve the right to continue to comment."

LUNCHEON SPEECH
In a speech prepared for a luncheon here today, Rockefeller called for:

Strategic strikes by South Vietnamese planes against Communist supply lines and depots in Laos and in North Viet Nam.

Pursuit by South Vietnamese troops of Communist guerrillas seeking sanctuary immediately across the borders of Cambodia, Laos or North Viet Nam.

Clear-cut declaration by the administration that it will not withdraw U.S. forces from Viet Nam "until the military situation justifies such action."

NO SANCTUARY
"A major propaganda campaign" to warn countries bordering South Viet Nam that they will not be allowed indefinitely to offer sanctuary to guerrillas.

He is seeking this state's 18 delegates in the presidential preference primary.

WORLD AFFAIRS
In accepting Johnson's offer for the high-level intelligence briefings on foreign policy and national defense, Rockefeller told the President he planned a series of speeches on world affairs.

Johnson offered major figures in this year's presidential race the briefings by the State and Defense Departments and Central Intelligence Agency as a means of encouraging responsible debate.

Rockefeller joined Sen. Margaret Chase Smith, R-Maine, Harold Stassen and Gov. William W. Scranton of Pennsylvania in accepting Johnson's offer.

Sen. Barry Goldwater declined to participate. Richard M. Nixon and Alabama Gov. George C. Wallace have not committed themselves.

Does BLADDER IRRITATION MAKE YOU NERVOUS?

After all, common sense or bladder irritation affects your life. It makes you nervous, irritable, and even makes you lose sleep and suffer from headaches. But there's a simple, safe, effective way to relieve bladder irritation. It's called **HYDRAL**. It's a new, powerful, yet gentle, medicine that works fast. It's the only one that's been tested by 100,000 men and women. It's the only one that's been tested by 100,000 men and women. It's the only one that's been tested by 100,000 men and women.

Pontiac Keglers Declared '64 Champions

By JERE CRAIG

A trip to Oakland, Calif., from Pontiac would not normally carry any "out of this world" significance; but five local bowlers made the trip in mid-April and today they are sitting atop the world.

The five comprised the 300 Bowl team that Sunday officially was declared winner of the 1964 American Bowling Congress Tournament's regular team event.

It was two weeks ago yesterday that George Chiovisky,

Bob Murphy, Joe Foster, Les Rothbarth and Larry Crake took to the Oakland Auditorium-Lanes for their team event.

When they came off that same night, they had bowled a 3,117 series, the best by any non-

professional team in this year's glamorous ABC tournament. Their efforts included team games of 1,030-1,075-1,012 and individual series of 673 (by Foster), 641 (Rothbarth), 629 (Chiovisky), 569 (Crake), and 585 (Murphy).

And yet for a technical error, it was a combination that might never have made the lanes together.

The team rosters are open to six men but only one can be a pro and compete in the regular team event. The "300"

squad's pro was supposed to be Monroe Moore.

The latter was on the Professional Bowlers' Association West Coast tour and scheduled to join the other five in Oakland, Calif.

TWO PROS

A few days before the team was scheduled to leave, it was learned that Chiovisky also was considered a pro under the ABC rules.

The sticky problem of who would sit out the team event was dissolved when Foster caught on with another team as a replacement for a PBA member.

Four of the "300" bowlers drove 47 hours in a Pontiac "delivery car" to reach Oakland, joining the vacationing Murphy at the scene. They found Moore already on the lanes with his "new" team.

His early squad permitted him to tip off his original teammates as to what to expect on the lanes.

His advice was sound and with him in a front-row rooting spot the Pontiac keglers stole the spotlight from the stand-out pro-

fessional teams of Don Carter and Billy Golembiewsky.

A capacity throng of 1,800 turned out to see the famous PBA stars lead their teams on lanes that bordered the pair where Foster and company were situated, and the crowd delighted in the turn of events.

Moore then joined the five in singles and doubles competition since they had agreed previously all winnings would be split six ways.

The big prize money is the \$2,500 first place check for the team championship, which also brings with it various approx-

imate insignia and a trip to Caracas, Venezuela later this year for the four amateur bowlers.

Crake, Foster, Murphy and Rothbarth are eligible to represent the United States in the American Interzone tournament of the Federation Internationale des Quilleurs.

The total winnings from the ABC prize list are expected to surpass \$2,800 for the six men. In addition, sponsor Joe Puetas will receive a giant trophy for his 300 Bowl premises and considerable publicity throughout the country.

ABC CHAMPIONS—It was a long trip to Oakland, California in mid-April but it all ended with a gay celebration Saturday night at the 300 Bowl when the team (left to right) of Bob Murphy, Larry Crake, Joe Foster, Les Rothbarth

and Chic Chiovisky learned officially that the 1964 regular events team title was theirs. They bowled a total of 3,117 winning by nine pins over a Detroit team. Top series on the team was turned in by Foster with 673.

Drop 3-2 Twins' Finale

Tigers to Use Lary in KC

KANSAS CITY (AP) — The second place Detroit Tigers open a three game series against the Kansas City Athletics here Tuesday night.

Manager Charlie Dressen, who watched his team lose a tough 3-2 decision in Minneapolis Sunday, chose Frank Lary to pitch. Mickey Lolich and Hank Aguirre are expected to pitch the other two games.

Jerry Lumpe's wild throw on Vic Power's infield dribbler cost the Tigers a sweep over the Minnesota Twins Sunday. The Tigers won two out of three in Minnesota, and stand 6-4 for the season. Cleveland, now 5-2, is first.

Lumpe's throw came with two

out and the bases loaded in the 11th inning.

DO OR DON'T

"It was one of those do or don't plays," explained Lumpe. "In my mind it wasn't an error but that doesn't make any difference. The thing is, we lost the game and that's what gets me." Minnesota took a 2-0 lead on back to back homers by Bob Allison and Jimmie Hall in the first inning. But starter Phil Regan contained the big Twin bats until the 11th.

Don Demeter's first American League home run tied it up in the sixth. Norm Chace won on base with a single.

Hall opened the Minnesota 11th with a single. He moved to third on Harmon Killebrew's base hit and an intentional pass to catcher Earl Battey. Regan got Zoilo Versalles on a fly to Demeter. At this point Dressen yanked Regan and brought in Dick Allen, a left-hander. Twins manager Sam Mele countered by bringing in Johnny Goryl, a right handed batter, to bat for Bernie Allen. Egan fanned Goryl, but Mele sent Power to bat for pitcher Ray Kaat and veteran responded with the winning tap to Lumpe.

SEVEN HITTER

Kaat pitched a steady seven-hitter and fanned 11 in picking up his second straight victory. He isn't lost a game.

Al Kaline saved the game in the 10th.

Discus Tosser Cracks Record

WALNUT, Calif. (AP) — New York's Al Oerter, pointing for a third gold medal in the coming Olympic Games, wrote another record into the books Monday with a world record discus throw of 206 feet 6 inches.

The 27-year-old, 257-pound Oerter uncorked the throw in the Mt. San Antonio Relays Saturday, erasing his own record of 205-5.

Oerter, without bothering to remove a ski jacket which he wore as protection from the wind, got off the big toss on his first try and wound up his series with another record breaking 206-4.

QUICK RUB

Sandwiched in between was a quick trip to a trainer to get a back massage. He said he felt a twinge in his back on his third throw.

There was some speculation that a fraction of an inch might be shaved from the 206-4. But after reviewing the facts, the official score card and the surveyor's report, Meet Director Hilmer Lodge said the 206-4 figure would be formally submitted for world approval.

the third inning when he made a running catch of Killebrew's 400 foot drive for the third out. The bases were loaded at the time.

Regan's record is now 1-2.

Women Golfers Battle for Tournament Spots

PHOENIX, Ariz. (AP)—A qualifying round was scheduled today for the 144 entrants seeking the 32 spots in the championship flight of the 34th annual Women's Trans-Mississippi Golf Tournament.

Match play begins Tuesday and ends with a 36-hole championship round Saturday over the desert flat, par 70 Arizona Country Club course.

By The Associated Press
After pitching himself out of a permanent job with the Los Angeles Dodgers for four years, Phil Ortega has hurled himself into Manager Walter Alton's heart in about two hours. The 24-year-old right-hander, starting in place of the injured Sandy Koufax, stymied Milwaukee 1-0 on four hits Sunday as the depleted Dodgers won only their third game in 12 starts. The victory, Ortega's first in the major leagues, came at a most propitious time.

Alton acknowledged that after the game in the dressing room.

"Is there anything I can get you? A sandwich or something? And can I carry your bag for you later?" asked Alton, who by now must think there is a

conspiracy against the Dodgers, especially the pitching staff. Starter Koufax and Johnny Podres are sidelined with elbow injuries, while relief ace Ron Perranoski can barely walk be-

cause of a thigh injury. The trio won 55 games among them last season.

"Phil may take Podres' place if Johnny doesn't come out of it," Alton said.

This is the fifth season Ortega has had a trial with the Dodgers. Even in the minors he hasn't risen to the expectations others had for him when Los Angeles signed him out of a Mesa, Ariz., high school in 1959, reported \$60,000 bonus in 1959. But now, his 1.20 earned run average is the best the Dodgers have. Before his shutout, he had pitched 6 2/3 innings in relief.

Elsewhere in the National League Sunday, Philadelphia whipped Chicago 5-1, Houston swept past St. Louis 6-4 and Pittsburgh and New York split.

Cincinnati were rained out of a doubleheader.

Ortega, a 6-foot-2, 175-pounder, struck out three and walked only one after the Dodgers gave him a run in the first inning. He was in trouble just once—when Lee Maye tripled in the fourth.

However, third baseman John Werhas grabbed Joe Torre's grounder and nailed Maye at the plate.

Los Angeles scored on Maury Wills' single, a walk, a sacrifice and Frank Howard's sacrifice fly.

Ron Hunt and Tim Lincecum rallied the Mets after they threw away the first game.

The major league minimum salary is \$7,000 per year.

Schollander Decides on Elis

Yale Lands Teen Swim Champ

NEW HAVEN, Conn. (AP)—"There are a lot of disappointed coaches tonight, but I know one who's happy."

The speaker was Phil Moriarty, Yale swimming coach, and he was talking about himself.

The comment came shortly after it was announced Sunday that one of the best freestylers in the world, 17-year-old Don Schollander, passed up Harvard, Pennsylvania, Southern California and other universities that had accepted him and will be coming to Yale.

"What can you say when you get a Babe Ruth?" Moriarty said.

Schollander is a product of the famed swimming program at Santa Clara, Calif., High School, although his home is in Portland, Ore. Another Santa Clara ace, Steve Clark, is now a junior at Yale and is credited with influencing Schollander to throw in with the Elis.

Clark won the NCAA 200-yard freestyle championship when the tournament was held at Yale in March, but at the AAU meet in Bartlesville, Okla., in April he lost to Schollander.

Schollander holds the world record of 1:58.4 for the 200. The teen-ager is the first man in history to break two minutes in this event. Other freestyle marks he has posted include American records at 200 yards, 500 yards, and 400 meters.

"Don's still a boy with a great future," Moriarty said. "His background is similar to Clark's. Both received world recognition before they came to

college. Steve has improved and to Yale this fall or to the mid-year break—depending on whether he makes the Olympic team.

Schollander said he will come to Yale this fall or to the mid-year break—depending on whether he makes the Olympic team.

Oxford Wins Marysville Relays; Romeo Second

Oxford's strong track team ran away with first place in Class B of the Marysville Relays Saturday.

The Wildcats scored 67 points, Romeo tied Chesaning for second with 41. Holly was sixth with 17.

Orchard Lake St. Mary's undefeated thincats crushed Waterford Our Lady of the Lakes, 96-11, yesterday at Wisner Field.

Port Huron took a doubleheader from Davison in baseball Saturday, 7-3, and 2-1. Pontiac

Northern's golf team held first place in the Inter-Lakes after winning a triangular meet Friday.

Oxford won two events and placed second in four others. The Wildcats scored in 12 of the 16 events.

Sam Gingell, Tom Hoard, Mike Lantry and Tim Kelley won the 440 relay in 47 seconds. Dan Van Vleet replaced Hoard for the 880 relay victory in 1:37.3.

The Wildcats were second in

the shuttle hurdle, Central, mile and two mile relays.

SCHOOL RECORD

Van Vleet set a school record in the 180 yds with a time of 21.3. He placed third. Also finishing third and establishing an Oxford shot put mark was Jeff Ruff with a heave of 47-4.

Romeo also had two winning relay teams.

The Bulldogs capped the shut-out hurdles with Mickey Fowler, Larry Wesolowski, John Chapman and Ron Hewet in 1:02.4. The sprint team of Marlin Car-

ter, Wayne Douglas, Tom Zavislak and Larry Boyk won in 2:39.4.

Chapman was second in the low hurdles and third in the highs. Romeo posted third places in the middle distance and 880 relays.

Larry Wood of Holly won the 100-yard dash in 10.3.

Dwight Lee paced New Haven to second place in the Class C division at Marysville by equaling his own relays mark of 21-6 in the broad jump. The

New Haven Central relay team also won in 1:12.4.

Port Huron had to go 10 innings in the second game against Davison. Don Thomas walked, stole second and rode home on Tom Stafford's game winning single. Port Huron is 3-1 overall.

John Bailey's 42 paced PNH to its golf win. The Huskies needed 218 strokes to 221 for Waterford and 234 for Farmington.

Tom Somers of Waterford was medalist with a 40.

Cranbrook's weekend sports schedule was a moderate success as the Cranes picked up a victory only in tennis.

Inter-State Preparatory League foe Shady Side visited the Cranes and took home a 4-2 baseball victory on a three-run seventh inning rally.

Cranbrook took Shady Side, 3-2, in tennis. The Cranes' trackmen competed in the Hastings Relays and finished sixth with no firsts or seconds in the meet.

120 High Hurdles—Ed Curdwin (SM), Ruzh (SM), Bradford (W), 12.6.
Mile relay—O.L.S. (Pawnee), Ruzh (K), Kellomaki (Michigami), 3:38.4.
Lilly (W), 15.8.
400—Curtwin (SM), Michigami (SM), Kellomaki (Michigami), 2:09.0.
800—Curtwin (SM), Michigami (SM), Kellomaki (Michigami), 4:39.3.

Mrs. William Moorhouse, Exmore Street, can scarcely hold her armload of books. With Mrs. Thomas Metzdorf, Ashburnham Road, she has been busy marking books for the second annual used book sale of the Pontiac branch, American Association of University Women. The sale will take place Thursday, Friday and Saturday at the Pontiac Mall. Proceeds will go to the AAUW Fellowship program.

Needs Refresher Course

She's Tired of Marriage

By ABIGAIL VAN BUREN
DEAR ABBY: When I was 17 I married a man I did not love just to get away from my mother.

I thought I would learn to love him, but now I know that I never will. Believe me, I have tried.

I will be 30 years old tomorrow and I have nine children. I just can't stand my husband any more.

He isn't mean to me or anything like that, but he is such a pest. I can't explain how hard it is to live with someone you don't love. (Do I make myself clear?)

I can't just leave with no excuse, and I can't think of any good grounds for divorce. Is there an answer?

BORED

DEAR BORED: Have a talk with your clergyman, or a marriage counselor.

They will give you a refresher course in how to make a go of a marriage you have become bored with.

I can think of nine good reasons why you should. (Do I make myself clear?)

DEAR ABBY: One day after school my girl friend and I were standing around in front of the school talking to a bunch of boys.

All of a sudden one of the boys said something real dirty. I was so embarrassed I didn't know what to say so I just ignored it.

My brother (he's a senior) was standing there at the time and he didn't say a word.

Later I asked him why he didn't say something to the boy who used the dirty language in front of me, and he said it wasn't his place to say anything. I should have stood up for myself.

I always thought a girl's brother was supposed to see that his sister was treated with respect. Or am I mistaken?

SOUTHERN HIGH FRESHMAN

DEAR FRESHMAN: You are not mistaken. Your brother surely must have known better. Color him yellow.

DEAR ABBY: Our daughter is planning to be married this summer. She has always wanted a large church wedding with a white gown, attendants, etc.

The young man she is marrying was married briefly a few years ago, but his wife died. He is from out of state,

and no one who will attend our wedding attended his first wedding, of course, his immediate family.

A friend told me that it would show very poor taste for my daughter to have a big, elaborate wedding, with all the trimmings, when the groom has already been

Design on Pellon

By MIRIAM NEAL

Imagine something that can keep children happy on rainy days without the chance of a mess.

Imagine something with which the most unimaginative can create beautiful things.

Imagine something which gives free rein to creative people, letting them develop exciting new art.

Some readers don't have to imagine, they are well acquainted with "roll-on embroidery." But for those who aren't, let me introduce you:

There is a special paint, contained in aluminum tubes with a non-clogging nylon ball tip. Available in 28 colors, this paint can be used on

wood, metal, paper and cardboard.

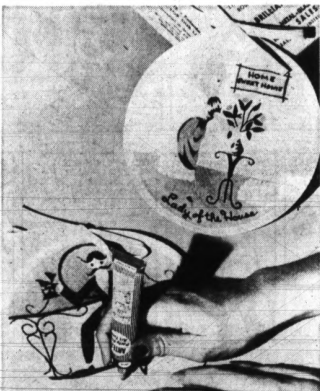

GEN-U-INE

If this sounds like an old-time medicine man's spiel, let me assure you that this is a gen-u-ine article. Its qualities are amazing and its uses all most endless.

Working very like a ball point pen, the paint seems to work best on cloth, especially on a particular Pellon developed for the paint.

This Pellon is thicker than the ordinary interfacing material. It contains a high percentage of artificial fibers and is completely washable.

Besides Pellon, I have seen

"His and Her" designs are demonstrated by a "roll-on embroidery" artist. The paint tube is held in a vertical position allowing the paint to flow on to the printed design. Ordinarily work is done on a special loop which holds the cloth taut and provides a base for the painting.

Women's Section

Travel East and West to Visit Children

By SIGNE KARLSTROM
Mr. and Mrs. John M. Booth have returned to their Wadlington Road home after a month of traveling.

First, they joined their daughter Nancy who was spending her Spring vacation in Colorado where they spent sometime skiing at the Grandby Ranch. Nancy left by plane for her school at LaJolla, Calif. Her parents motored there and besides seeing Nancy at her school, spent some time with son, Tom, at Palo Alto and visited Mrs. Booth's sister and brother-in-law, Mr. and Mrs. Alex Bavelas. Their daughter, Ginger is attending Briarcliff college.

FATHERS WEEKEND

Jessie P. Judd who is president of the Bloomfield Country Day School board spent a memorable week-end with daughter Nancy at Bennett College, Millbrook, N. Y.

Another father from this area is Morgan D. Douglas

Jr., whose daughter Mary Ellen is also a junior and Nancy's classmate at Bennett College.

It was the annual fathers' weekend at the school and the girls saw to it that their fathers had a jolly and busy time.

On Friday evening some 140 fathers joined their daughters in a late supper at the well known Manner Inn. Saturday, there was a festival of games—some played golf, others baseball etc.

In the early evening, Dean and Mrs. Eldridge entertained the fathers and faculty at a cocktail party. The fathers then dined with their daughters in the college dining room and in the evening proceeded to a dance.

Sunday morning, there was chapel service and lunch at the college. The fathers say, "It was simply great."

TRAVELERS HOME

The Elmer Sylvesters are just back home from several weeks in California which took them to San Francisco, Carmel and Los Angeles.

In San Jose, they visited with her son and daughter-in-law, Mr. and Mrs. Howard Parker Jr. and small daughter Kimberly Ann.

Arriving home late on Saturday they were just in time to greet Mrs. Sylvester's brother and sister-in-law, Mr. and Mrs. Harold McKnight of Coldwater who came into Birmingham from their trip around the world.

Mr. and Mrs. C. Theron Van Dusen arrived a few days ago after spending the winter at DeGray Beach, Fla.

Two Piece Swim Suits Make Bold Splash of Color

The two-piece bathing suit is no longer just two pieces of fabric. It has a "look" of its own, from minimum or brief hip-hugger to such maximum as a bolero bra that covers the rip cage.

There are two-piece suits with skirt fronts and even with skirts all the way round... two-piece suits with over-blouses, two-piece suits with relaxed hip-length tops.

And finally, there are two-piece suits that are really three, as they add their own short shells and sweaters.

Fluid shapes, so feminine, so flattering, so camouflaging,

become a must in every swimsuit wardrobe.

Colors range from brilliant prints, exotic and sophisticated, to solid colors, debauche-young-and-fresh.

Can't Embroider? Try Tube Paint

By MIRIAM NEAL

Imagine something that can keep children happy on rainy days without the chance of a mess.

Imagine something with which the most unimaginative can create beautiful things.

Imagine something which gives free rein to creative people, letting them develop exciting new art.

Some readers don't have to imagine, they are well acquainted with "roll-on embroidery." But for those who aren't, let me introduce you:

There is a special paint, contained in aluminum tubes with a non-clogging nylon ball tip. Available in 28 colors, this paint can be used on

wood, metal, paper and cardboard.

GEN-U-INE

If this sounds like an old-time medicine man's spiel, let me assure you that this is a gen-u-ine article. Its qualities are amazing and its uses all most endless.

Working very like a ball point pen, the paint seems to work best on cloth, especially on a particular Pellon developed for the paint.

This Pellon is thicker than the ordinary interfacing material. It contains a high percentage of artificial fibers and is completely washable.

Besides Pellon, I have seen

examples of beautiful work done on organdy, sweaters, nylon, lamp shades, and even velvet. With a little ingenuity, it can even be used on terry cloth.

There are of course special techniques required by this paint. To operate, the tube should be held straight up and down and NOT SQUEEZED.

For working with cloth, there is a hoop that fits snugly on a solid plastic base which is in turn covered by a blotter.

Though quite different from the regular embroidery hoop, it accomplishes the same purpose: It keeps the cloth taut. In addition, it provides a solid surface on which to work while the blotting paper absorbs the extra paint.

LIKE EMBROIDERY

The comparison with embroidery and needle point is not far fetched. When finished, a "painting" on Pellon looks very much like a combination of needlework and oils. And it lasts.

I saw an ordinary dish towel painted with this way which had been bleached well over 100 times. The colors were still there.

The paint is vulnerable to heat. It is however, impervious to dry cleaning fluids and ordinary wear and tear.

NEW PRODUCT

One of the newest products to be developed for this hobby is red and green Pellon. This can be used for holiday tablecloths, placemats, and aprons. Before this, Pellon has been available only in white and black.

Artex Hobby Products, Inc., Lima, Ohio, which produces the paint, also supplies a number of articles with designs printed on them so all the artist has to do is fill it in.

Readers may call the Women's Department of The Pontiac Press for information on obtaining these products.

U.S. Collectors and Abusers of Antiques

By GAY PAULEY

UPI Women's Editor

NEW YORK (UPI)—The American's approach to an antique is: now that we've found it, let's see how else we can use it.

This desire to make an antique serve other than its original purpose is a persistent one with American collectors, says Mrs. Palmer Weber, an authority on kitchen antiquity.

The result, she continues, is mutilation of many valuable furnishings.

"We're great for style in this country. We want to have beautiful things and use the things in them," she says.

"As a result, a woman will find a beautiful piece of brass, say, and immediately she thinks, 'We can use that as a centerpiece.'"

Mrs. Weber is all for antiques being used — "They've already lasted for centuries," she said, "So they'll last our lifetime." But she does hold that some antiques are so rare and beautiful they should not be altered to modern whim.

She picked up from a table in her shop a beautifully ornamented curlew—a half hood in brass which she said most antiquarians believe was used in old Europe to cover fireplace coals at night to keep them alive for starting a new blaze in the morning.

"It's a very rare item," she said. "It's of Dutch origin but I found it in England. At the last antique show I was in, a prominent decorator picked it up, turned it upside down against a wall and said, 'What a divine planter.'"

Mrs. Weber is one of the exhibitors at the annual New York Antiques Fair underway this week at the 71st Infantry Armory here.

Gertrude Weber puts antique collectors into three general classes. There are those who collect for decor — who come to her for instance for early brass saucepans and skimmers to hang strictly as kitchen ornaments.

There are those who both display and use what they

collect — ancient bread boards of mahogany used as wall hangings, but coming down to serve as trays for hors d'oeuvres at party time; or, antique meat forks for decoration until barbecue time when they go to work.

Then there are the collectors for collecting's sake who are interested primarily in how many varieties they can find.

Mrs. Weber, who holds a degree in philosophy from Columbia University, is married to a former professor of philosophy at the University of Virginia, at Charlottesville, now an economist in Wall Street.

She got into antiques after three of her four sons were old enough for college. Her children range in age from 16 to 24, with the youngest still in high school. One son is in his senior year at Harvard. Another is working toward his doctorate in chemistry at Harvard. And the fourth is studying for his Ph.D. in biology at the University of California, La Jolla.

She said it all started because of her interest in Thomas Jefferson's papers published a few years ago by Princeton University. She was caught by the third President's interest in foods. And soon after, she and her husband vacationed in England. It was there she began looking for old kitchen utensils.

Now her shop, in a part of what was once the place of the defunct Brooklyn Eagle, features kitchen and hearth tools from as early as the Elizabethan period in England and the low countries, plus other antiques she has gathered in subsequent trips abroad.

The building now is also headquarters for the Long Island Historical Society.

MR. AND MRS. EARL PULLIS

Mr. and Mrs. Earl Pullis of South Edith Street will mark their golden wedding anniversary Sunday at open house from 1 to 5 p.m. in the VFW Hall on West Walton Boulevard. The couple's sons Marion, Marvin and William, all of Pontiac will be hosts along with daughters Mrs. Paul Durso of Pontiac, Mrs. Hubert House of Walton, Ind., and grandson James Pullis. The couple were wed April 27, 1914 in Paris, Ill., and have been Pontiac residents for 22 years. They have 15 grandchildren and three great-grandchildren.

MR. AND MRS. EARL PULLIS

School Automation Provides More Time

By LESLIE J. NASON, ED. D.

Automation frightens because machines are so coldly impersonal. Here is a reverse twist. In education, machines may one day provide better service for the individual.

When parents visit the counselor, he will be able to punch a button and cause appropriate rec-

ords regarding their child to appear on a screen. These records will even include test scores of the previous day.

Not just test scores but an up-to-date information picture of the student. A personality picture will be constructed through information from appraisal tests, records of past achievements, observations of teachers and statements by the student, as well as the scores of current tests and related school work.

Parents are keenly interested in the progress of their

children but don't always know precisely what to do.

The present accumulative records of students provide information far too general in nature. The most usual complaint regarding a counseling service is that the counselor gave no specific suggestions.

When automation comes, counselors will be able to pinpoint the areas needing attention accurately enough to give parents specific recommendations.

BOOK PREDICTION

Such a future is predicted in the Automation of School Information Systems. Monograph 1, a book just published by the National Education Association's Department of Audiovisual Instruction.

The volume is the first of a series on the uses of technology in the educational system. Thirty authors, all specialists, provide valuable information to guide schools in preparing EDP systems.

Educational data processing systems are already in use in several states, and numerous studies of EDP are under way in colleges and universities.

The data processing systems are giving a big lift to some new school developments. For instance:

The shift of emphasis from the group to the individual — no longer need Johnny be lost among the "averages." Different mathematical approaches which can be fed into the computers will shed new light on the progress of each individual.

The scheduling and administration of the nongraded school is made easier by the progress through school will depend more on his accomplishment and less on his age.

The teacher will be helped to become a clinical specialist and can spend more time guiding and less time telling.

Computers and other machines could simplify numerous administrative jobs in the schools. The superintendent might compile information on pupil enrollment patterns and budgets, or make population surveys to pinpoint sites for future schools.

Date processing could lighten the principal's clerical tasks. And the teacher could gain more time for teaching with machines to determine the student's grade in relation to past work and tests.

(You can write to Prof. Nason in care of The Pontiac Press. He will answer questions of widest interest in his column.)

Opening lead—♥ 10	

By OSWALD JACOBY

The National Intercollegiate Bridge Tournament is made-up of a group of 18 par hands that are played by students at hundreds of colleges and universities.

These par hands, prepared by Bill Root and Larry Rossier, are designed to test the players' skill in both bidding and play.

The hands are first bid and then irrespective of the actual bidding there is a directed final contract.

On hand one, South is supposed to reach four hearts and West is directed to open the line of trumps.

Without a trump lead, South would have one spade loser and two trump losers. Against that trump lead, South notes that he has two possible spade losers.

His problem is to cause one

Astrological Forecast

ASTROLOGICAL FORECAST
By SYDNEY OMARR

"The wise man controls his destiny. Astrology points the way."

ARIES (Mar. 21-Apr. 19): Greater freedom indicated. But don't step out of bounds where superiors are concerned. Means treat lightly, diplomatically, especially in connection with planning agreements.

TAURUS (Apr. 20-May 20): Financial pressure relieved. Now review immediate past make plans for future. Good to develop short-cut methods. This can now result in savings of time, money.

GEMINI (May 21-June 20): Keep key cards hidden. Those who are envious may be "asking" you persons who constantly complain in personal life, pay attention to "YOURSELF" for a change.

CANCER (June 21-July 20): Don't be hurt by much of a "No." Don't hurt from ARIES message. There are hidden factors involved. You can leave emotional wear-and-tear by heeding "inner voice."

LEO (July 21-Aug. 21): Afford to realize affairs. Get house office in order. Give special thought to security; time now make contact with people who pay off in future. Your LEO charm, smile and wit will be needed.

VIRGO (Aug. 22-Sept. 21): No day to fight City Hall. There are authority are likely to stand pat. Utilize SENSE OF TIMING. Good to review details. Psychological "moment" has not yet arrived.

LIBRA (Sept. 22-Oct. 21): Persons working with you may display resentment. Consider ways to make amends. Be the lack of them. GET THINGS OUT IN ORDER. Be sure to make contact with people who pay off in future. Your LEO charm, smile and wit will be needed.

SCORPIO (Oct. 22-Nov. 20): Good Moon aspect encourages dynamic efforts. New projects, ideas, and plans. Time to come into spotlight. Consult family members. Realize importance of domestic harmony.

SAGITTARIUS (Nov. 21-Dec. 21): Circle moving. Be watch persons who appear. Realize key responsibilities cannot be evaded. Involve home, older family member. Time to do some real thinking, analyzing.

CAPRICORN (Dec. 22-Jan. 19): Message received yesterday can throw light on questions arising today. Key is added responsibility. CONFIDENCE. Trust in authority are on your side. Know this and live accordingly.

AQUARIUS (Jan. 20-Feb. 18): Friends are attracted to you with their problems. Be a good, and sympathetic listener. Don't imagine responsibilities "for old time's sake." Be on top.

PISCES (Feb. 19-Mar. 20): Take in. Believe. Shake off lethargic feeling. Evolve greater independence of thought. Higher-ups may call you to task. But if you are honest and... you will win praise.

IF TUESDAY IS YOUR BIRTHDAY... you often startle those close to you. You are a person who makes changes. You are difficult to pigeonhole. You are versatile. You are independent. But when you find true love, you settle down like a purring kitten.

GENERAL TENDENCIES: Die when money, partnerships, established organizations are threatened. (Copyright 1964, General Features Corp.)

of them to disappear into thin air. He can do so by what is known as a dummy reversal play.

He must duck the first trump lead and win the continuation. Then he cashes his ace of diamonds, enters dummy with a club, ruffs a diamond with one of his trumps, enters dummy with a second club, ruffs an other diamond with his next to last trump and leads a third club to dummy.

East can ruff that trick if he desires to do so, but then he will have no trump left to lead and South will get his spade ruff at his leisure.

So East will discard, whereupon the last diamond will be ruffed. Then South will lead his fourth club. Again East can ruff or discard as he pleases. South will be sure of his ten tricks.

CARD SENSE

Q—The bidding has been: East South West North 1 ♠ Pass 2 ♠ Pass 3 ♠ Pass 4 ♠ Pass 5 ♠ Pass 6 ♠ Pass

You, South, hold: ♠ A 2 W 2 3 4 5 6 7 8 9 10 ♣ A 10 9 8 7 6 5 4 3 2

What do you do now? A—Pass. This should be a very satisfactory contract.

TODAY'S QUESTION

Instead of bidding three no trump, your partner has bid three hearts after your jump to clubs. What do you do now?

Answer Tomorrow

Service for former Pontiac resident Darwin B. Butler, 73, of Harlan, Mich., will be 1 p.m. Wednesday at Coats Funeral Home, Waterford Township. Burial will follow in White Chapel Memorial Cemetery, Troy.

Mr. Butler died Saturday after a month's illness. He was formerly employed as a foreman at Pontiac Motor Division.

Surviving are his wife, Anne; two daughters, Mrs. Louise Everett and Mrs. Betty Wharthen of Waterford Township; a son, Willis of Wayne; a sister; 17 grandchildren; and three great-grandchildren.

FRANK E. BURROW JR.
Service for Frank E. Burrow Jr., 34, of 253 W. Wilson will be 1 p.m. Thursday at Liberty Baptist Church with burial in Oak Hill Cemetery.

Mr. Burrow died Saturday after a nine-month illness. He was an employee of Pontiac Motors.

Surviving are his wife, Odesa, his father, Frank E. Burrow Sr., a daughter, Mrs. Loretha Ann Adams, two sisters, Mrs. Rebecca Rickman and Mrs. L. Johnson, and three brothers, Rufus, Eligh and Isaac, all of Pontiac.

The body may be seen after 7 p.m. Thursday at Frank Caruthers Funeral Home.

LEAMON COHON
Service for former Pontiac resident Leamon Cohon, 66, of Hillman will be 2 p.m. tomorrow at Harry J. Will Funeral Home, Detroit. Burial will follow in Cadillac Memorial West, Garden City.

Mr. Cohon died Saturday after a two-day illness. He was a retired mechanic.

Surviving are his wife, Mildred; two daughters, Mrs. Hazzie Minton of Pontiac and Mrs. Henry Bennett of Detroit; two sons, Virgil and Elwood of Detroit; three sisters; and nine grandchildren.

ROBERT L. HALL
Service for Robert L. Hall, 48, of 18 Newton Place will be held at 1 p.m. Tuesday at Huntoon Funeral Home, with burial in Perry Mount Park Cemetery.

Mr. Hall died Friday following a short illness.

Surviving are his wife, Rachael; three sons, William, Bob, and Jimmie, of Pontiac; six daughters, Judy, Sally, Jan, Libby, Mrs. Mary Reeves and Mrs. Charles Kelly, all of Pontiac; six brothers, William C. Hall of Pontiac, Charles, Harvey and Hartley, both of Illinois, and Arnold and John, both of Missouri; and two sisters.

MRS. WALTER HAMM
Service for former Pontiac resident Mrs. Walter (Mayme) Hamm, 73, of Berkley will be 2 p.m. Wednesday at Huntoon Funeral Home. Burial will follow in Rosebud Park Cemetery.

Mrs. Hamm died yesterday after a two-month illness. Surviving are a son, Donald of Milford; a brother; a sister; and seven grandchildren.

MRS. RICHARD FIELDS
Service for Mrs. Richard (Katie) Fields, 57, of 584 Arthur will be at 1 p.m. Wednesday at Macedonia Baptist Church, with burial in Oak Hill Cemetery.

Mrs. Fields died Thursday after a lengthy illness. She was the daughter of Elks, Crystal Lake Temple 435. Mrs. Fields also held memberships in the Rose of Sharon Court 471, Knights of Pythias; the Friendship Aid Society; and St. Ann Chapter 26, Order of Eastern Star.

The body is at Frank Caruthers Funeral Home.

Surviving besides her husband are a daughter, Mrs. Cynthia Penituta of Bristol, Pa., and two brothers.

WILLIAM R. HARRISON
Service for William R. Harrison, 81, of 395 W. Huron will be held Wednesday at 1:30 p.m. at the Sparks-Griffin Funeral Home, with burial in Oak Hill Cemetery.

Mr. Harrison died Sunday following a brief illness. He was a member of Central Methodist Church and the Christian Men's Club.

Surviving are a daughter, Almiria of Pontiac; two sons, John of Pontiac, and Robert of Richmond, Va.; and one grandchild.

ERVIN F. PERRY
Service for Ervin F. Perry, 70, of 216 Hickory Lane, Waterford Township, will be 1:30 p.m. tomorrow at Sparks-Griffin Chapel with burial in Acacia Park Cemetery.

Mr. Perry died Saturday after a lengthy illness.

A member of the Lutheran Church of the Ascension, he was an engineer for Grand Trunk Railroad and a member of the Veterans of Foreign Wars.

Post 1370 and of the Railroad Brotherhood.

Surviving are his wife, Katherine; two daughters, Mrs. Geraldabella of Irvington, N.Y., and Mrs. Truman Henderson of Birmingham; a son, Walter of Pontiac; two sisters, Mrs. Arthur Compton of Pontiac and Mrs. Charles Pell of Ypsilanti; a brother; and 10 grandchildren.

REV. JOHN W. SEBASTIAN JR.
Service for former Pontiac resident, Rev. John W. Sebastian Jr., 34, of Coatesville, Penn., will be 2 p.m. tomorrow at Perry Park Baptist Church. Burial will be in Perry Mount Park.

Rev. Sebastian died Thursday following a long illness. He was pastor of the Community Church in Pomeroy, Penn.

Surviving are his wife, Marion; mother, Mrs. John Sebastian of Pontiac; a brother, George of Pontiac; three sisters, Mrs. Phyllis Valler and Mrs. Sally Cole, both of Pontiac, and Gloria Jean Sebastian of Coatesville, Penn.

HERMAN WILDER
Service for Herman Wilder, 78, of 634 East Mansfield will be at 1 p.m. Wednesday at United Missionary Church, with burial in Mount Avon Cemetery, Snover, Mich. at 4 p.m.

Mr. Wilder died yesterday after an illness of two weeks. He was a retired farmer.

The body is at Huntoon Funeral Home.

Surviving are a daughter, Mrs. Oliver Deake of Trenton, three grandchildren and one great grandchild.

EDWIN G. BORGNE
WHITE LAKE TOWNSHIP — Service for Edwin G. Borgne, 81, of 247 Teggerdine will be at 3:30 p.m. today in Richardson-Bird Funeral Home, Walled Lake, with burial following in Walled Lake Cemetery.

Mr. Borgne, a retired farmer, died Saturday after a long illness.

Surviving are his wife, Mildred, seven grandchildren and nine great grandchildren.

CHARLES A. DOYLE
ORION TOWNSHIP — Service for Charles A. Doyle, 53, of 3822 Orion will be 10 a.m. Wednesday at St. Joseph's Catholic Church. Burial will be in East Lawn Cemetery, Lake Orion.

Mr. Doyle died yesterday after a long illness.

The Rosary will be recited at 8:30 p.m. tomorrow at Pixley Memorial Chapel, Rochester.

Surviving are his wife, Olive; a daughter, Mrs. Kenneth Hoedeman of Pittsburgh, Pa.; two sisters, Mrs. Joseph Williams of Redford and Mrs. Ludwig Kantarian of Union Lake; and four brothers.

HARLAN R. HETHER
TROY — Service for Harlan R. Hether, 28-year-old son of Harlan M. Hether, 4955 John R., will be 1 p.m. Wednesday at Price Funeral Home. Burial will be in White Chapel Memorial Cemetery.

Young Hether died yesterday of injuries suffered Friday when he was run over by a tractor at the Ford Motor Co. Tractor and Implement Division where he was a test driver. He was a member of Troy Methodist Church.

Surviving besides his parents are a brother, Donald, at home; grandparents, Mr. and Mrs. Owen Hether of Troy and Mrs. David Jackson of Glendale, Ariz., and Donald Morrison of Ida; and two sisters.

ARTHUR TROTT
ROME — Service for former resident Arthur Trott, 72, of Caro will be 2 p.m. tomorrow at the Lutheran Church in Caro with burial to follow there.

Mr. Trott died Saturday after a long illness.

Surviving are his wife, Clara; a daughter, Mrs. Carol Ogerty of Swanton Ohio; three brothers, Clarence of Dryden, George of Dearborn and William of Romeo and two grandchildren.

MASSACHUSETTS EXPECTS SMALL, PRIMARY TURNOUT
BOSTON (AP)—A very small turnout is predicted Tuesday when Massachusetts voters choose national convention delegates and local party committees.

RECEIVES AWARD — T. Warren Fowler (left) recently elected city commissioner, is presented a Pontiac police department citation from Acting Chief William K. Hanger for his "eight years of distinguished service" on the Pontiac Police Trial Board. Fowler was appointed to the trial board in August 1956.

Death Notices

MRS. JAMES SEASONS
WIXOM — Service for Mrs. James (Annette R.) Seasons, 45, of 1490 Fleming will be 1 p.m. Wednesday in the Richardson-Bird Funeral Home, Walled Lake. Burial will follow in Wixom Cemetery.

Mrs. Seasons died yesterday after an illness of two years.

Surviving besides her husband are three sons, Josie W. Grubbs of Charleston, N.C.; Alvin L. Grubbs of Detroit and Thomas E. Grubbs, at home; a daughter, Christine A. Grubbs, at home; two brothers; and a sister.

PAUL J. WOLLERMAN
ROCHESTER — Private service for Paul J. Wollerman, 50, of 274 Texas will be held tomorrow at William R. Potere Funeral Home with burial to follow in Mount Avon Cemetery.

Mr. Wollerman died today. He was a pattern maker for the Peerless Pattern Co., Detroit.

Surviving are his wife, Mary E.; five sons, Chris W. John P. Gary, A. Ned A. and Karl E.; and a daughter, Charlene F.; all at home; two sisters; and a brother.

WARREN TEEN HURT IN CRASH
A 19-year-old Warren youth is in fair condition at St. Joseph Mercy Hospital after the car he was riding in crashed into a tree in Avon Township yesterday morning.

James Stewart was admitted to the hospital following the 1:45 a.m. accident on Parkdale near Miller.

Neither the driver, Thomas H. Borgman, 19, of 8632 Timberline, Shelby Township, nor three other passengers were seriously injured.

MILFORD DOCTOR EXPIRES AT 64
MILFORD TOWNSHIP — Dr. Benjamin F. Bragg, owner of the Milford Osteopathic Medical Center and past president of the Huron Valley School Board, died of a heart attack yesterday. He was 64.

Dr. Bragg, of 1405 General Motors, was a member of the school board from 1946 to 1959.

He was also a member of the Michigan Association of Osteopathic Physicians and Surgeons, Milford Lodge No. 165, F&AM; the Detroit and Birmingham Gun Clubs and the Amateur Trapshooting Association.

A past president and senior active member of the Milford Rotary Club, Dr. Bragg was a life member of the Oakland County Sportsmen's Club and operator of amateur radio station W8YDK.

Surviving are his wife, Jane; a daughter, Mrs. Phillip F. Cook of Milford; a brother and two grandchildren.

Service will be 3 p.m. Wednesday at Milford Presbyterian Church, with burial following in Oak Grove Cemetery.

His body is at the Richardson-Bird Funeral Home, Milford.

MASSACHUSETTS EXPECTS SMALL, PRIMARY TURNOUT
BOSTON (AP)—A very small turnout is predicted Tuesday when Massachusetts voters choose national convention delegates and local party committees.

Masked Bandit Robs Attendant at City Station

An attendant at the City Service gas station, 435 Auburn, was robbed of \$45 in change as he left the station for the night Saturday.

Ralph Carver, 38, of 2926 Churchill told Pontiac police he had just gotten in his car next to the building when a man with a small revolver opened the door and ordered him to hand over the money bag.

The bandit, wearing a nylon stocking over his head, fled on foot over a fence after the 9:05 p.m. robbery.

\$2.3 Billion Recommended

Supervisors to Set Valuation

The Oakland County Board of Supervisors will meet tomorrow to set a new equalized valuation for the county.

This will determine how much property tax revenue can be produced this year toward next year's budgets for county and township governments and school districts in the county.

The board's equalization committee is recommending an equalized valuation of \$2.3 billion, which is nearly \$112 million more than what was set for last year.

The new figure at a 15-mile statutory tax levy would produce \$34.7 million toward the budgets.

Whatever equalized valuation figure the board of supervisors sets will still be subject to approval by the State Tax Commission.

SCHOOL SHARE
It is then left up to the County Tax Allocation Board to decide what share of the 15 mills will go to school districts, townships and county government. The allocation board will begin its deliberations in mid-May.

The equalization committee arrived at its recommended figure by comparing this year's assessment rolls of the various townships and cities in the county.

It added or deducted from each assessed valuation an amount which in the committee's judgment will produce an equal and uniform valuation of all taxable property in the county.

The board of supervisors will also be asked to approve a \$450,000 expenditure this year to renovate the county's tuberculosis sanatorium and adjacent nurses' home and \$18,000 to complete renovations at the Medical Care Facility.

REQUIRED RENOVATIONS
Much of the renovation is required by regulations of the state fire marshal and the State Health Department.

Additional work is proposed to enable the placement at the Sanatorium of an overload of non-TB medical care patients.

Some of these patients are now in the overcrowded Medical Care Facility, while others are in private convalescent homes and general hospitals.

A reduction in the number of TB patients due to new methods of treatment has left the sanatorium operating at far below maximum bed capacity.

Converting two floors of the three-story sanatorium for non-TB patients is expected to save the county \$250,000 a year in medical care costs.

HANDLED SAFELY
The county's acting health director, Dr. Bernard Berman, has said both types of patients can be handled safely at the sanatorium.

Amputation TB patients would be moved from the sanatorium into the nurses' home which is now vacant.

The proposed renovations have been approved by the board's ways and means, buildings and grounds, health, tuberculosis sanatorium and welfare committees and by the sanatorium's board of trustees and the social welfare board.

Also at tomorrow's meeting, Chairman of the Board of Supervisors DeLoe Hamlin is expected to announce his committee appointments for the next 12 months.

These would include two new positions created on the ways and means committee and two more on the legislative committee.

Ways and means is the dominant committee of the board. The committee by its recommendations pretty much determines what kind of programs will receive county finances from the budget.

The public meeting, scheduled for 9:30 a.m. will be held in the Courthouse Auditorium at the County Service Center on Telegraph.

The proposed renovations have been approved by the board's ways and means, buildings and grounds, health, tuberculosis sanatorium and welfare committees and by the sanatorium's board of trustees and the social welfare board.

"Hear But Don't Understand?"

Can NERVE DEAFNESS
BE HELPED? NEW FREE
BOOKLET!

New FREE BOOKLET tells THE TRUTH ABOUT "NERVE DEAFNESS", the most common but misunderstood type of hearing impairment. Called "THE FACTS ABOUT NERVE DEAFNESS", this frank, plain-language booklet reveals exactly what Nerve Deafness is, describes its causes and symptoms, tells why you can sometimes HEAR but not UNDERSTAND words. Dispels common fallacies about

Nerve Deafness and answers important questions: Can surgery help? What about hearing aids? What do doctors say? What help should you seek? If you are among the millions of people who have difficulty hearing due to the common but little understood problem of Nerve Deafness, send for your FREE COPY of this informative booklet TODAY. There is no obligation.

Vice Squad Hunts Killer of Women

LONDON (UPI)—Vice squad detectives combed scores of sleazy London nightclubs early today in the search for a modern-day "Jack the Ripper" who may have strangled four prostitutes in recent months.

Young and attractive police-women, dressed in flashy clothes and posing as prostitutes offered themselves as bait to spring the trap on a killer who appears to hold a grudge against women of loose morals.

The latest victim was pretty Helen (Teddy) Barthelmy, a 22-year-old former stripper and prostitute, whose battered, nude body was found last Friday morning in a back alley garbage heap in suburban Brentford.

She was the fourth woman found strangled in an area of a few square miles bordering the Thames River in the past five months.

In all four cases, the women were prostitutes and their clothes have never been found.

WORK OF MADMAN

Police said the murders could have been the work of a madman with a fixation against prostitutes, similar to "Jack the Ripper."

However, one newspaper, the Daily Mirror, speculated that the four prostitutes were involved in a London vice ring.

The Mirror said Miss Barthelmy was beaten badly only a few days before she was murdered and two of her teeth were knocked out.

It said also that another prostitute, Gwyneth Rees, 22, whose skeleton was found last November in an ash-pit at suburban Mortlake, also was savagely beaten.

Approximately half of U. S. vegetable crops and nearly half of the fruit production is used for canning, the National Canners Association reports.

The volume of mail in the nation next year is expected to increase by 2.8 per cent over the current year. An average of 40 cents of every Federal tax dollar will come from individual income taxes to support the 1965 budget, corporate taxes.

NEW 1964 DESIGN Firestone DeLuxe Champion NEW TREADS

RETREADS ON SOUND TIRE BODIES
OR ON YOUR OWN TIRES

*with the same ALL-ACTION tread
design used on NEW Firestone
original equipment tires*

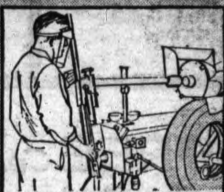

Our Retreads,
identified by Medallion
and shop mark, are
GUARANTEED

1. Against defects in workmanship and materials during life of tread.
 2. Against normal road hazards (except repairable punctures) encountered in everyday passenger car use for 12 months.
- Replacements prorated on tread wear and based on Firestone price current at time of adjustment.

Here's why Firestone Factory-Method Retreads are your BEST BUY!

We retread only the BEST!
Every tire is given a rigid inspection by a tire expert before it is accepted for retreading. Only MAJOR BRAND tires of known quality meet our safety requirements.

FULL RETREADS...not recaps
No shortcuts or cheap recapping methods are used by Firestone. We do only FULL "wrap around" retreading from shoulder to shoulder, using modern automatic equipment.

Only the FINEST materials
We use the finest Firestone Micro-Blend tread rubber to give you maximum tire mileage and dependable service. That's why our retreads are GUARANTEED like new tires.

New tire FACTORY methods
The same exclusive tread design, tread width and depth as used in NEW Firestone tires is molded onto our retreads. We use the same factory methods used in making new tires.

EVERYONE IN THE TRANSPORTATION BUSINESS USES FIRESTONE
NEW TREADS TO GET MAXIMUM MILEAGE FOR THEIR TIRE DOLLARS

OUT FEET FIRST — James Stokes, 15, of La Habra, Calif., is hoisted out of a hollow tree yesterday after he was trapped upside-down for nearly three hours. Firemen had to cut away the upper half of the tree to free the

youth. Stokes was looking for an owl's nest. Firemen pumped oxygen into the hollow and talked to the boy to keep up his courage. He was treated for minor cuts.

Johnson Says Times Good

Sees No Business, Government Hostility

WASHINGTON (AP)—President Johnson said today that times are good, there is no inherent hostility between business and government. He pledged to businessmen that the government will act with restraint and responsibility.

In return, Johnson asked for restraint from businessmen in decisions which affect the general economic well-being and responsibility in choosing to support or oppose government policies and proposals which serve all the people.

Johnson faced his largest audience of businessmen, representatives of the U. S. Chamber of Commerce, in Constitution Hall. In his prepared address, he said that racial and religious discrimination costs more than \$15 billion a year and unused or underused manpower costs even more.

"That is why," he said, "this administration is dedicated to lifting of the burdens which weigh down our national productivity, expansion and prosperity."

The President covered a broad sweep of domestic and foreign policy in generalities.

FRUGAL AT HOME

"As this nation can be reasonable without becoming reckless in relations with other nations," he said, "I believe this government must be more frugal without becoming less compassionate here at home."

And he told the businessmen in a speech that was friendly and laced with bits of humor that:

"Whatever else you have, you have an independent, tax-paying, light-bill-paying President in the White House — one who has faith in American and faith in American enterprise."

"What I know of opportunity and initiative and enterprise, I learned from life itself. I pledge you from your government restraint and responsibility — a hand that means only to help and never to hinder so long as the public interest is being served."

I ask from you only the same restraint in these decisions you make which affect the general economic well-being, responsibility in choosing to support or not support the policies and proposals of your government which serves all the people."

Oakland's 'Envoy' to Leave Saturday

Chosen to represent Oakland County in the Cali region of Colombia, John E. Madole plans to embark on his mission next Saturday morning.

He will be leaving his family behind temporarily while he learns what he can do to assist the growing

Officers Hunt Fugitive, Boy

HUMBOLDT, Tenn. (AP)—Federal and local officers searched today for one of the FBI's 10 most wanted men and an 8-year-old boy who is feared kidnapped.

Police from Humboldt and three neighboring towns in west Tennessee abandoned a dragnet around a 6-to-8-square mile section of the city last night but said they were continuing their search.

Officers were looking for Dennis Burke, who disappeared Friday night, and for Joseph Francis Bryan Jr., of Audubon Park, N.J., wanted by the FBI in connection with the slaying of a South Carolina boy.

Police Chief Joe Riding said police had received several reports that an automobile driven by a man resembling Bryan's description was seen in Humboldt.

Bryan was added to the FBI's top 10 about two weeks ago. He is wanted in the slaying of John Daniel Robison, 10, of Mount Pleasant, S.C., whose body was found near Hallandale, Fla., April 2.

County officials are still waiting to learn the name of the man who will be coming here.

Each man will be working with a local committee of community leaders in a unique region-to-region approach in the federal government's Alliance for Progress with Latin America.

Madole was picked to go by the committee here. This group is headed by Delos Hamlin, chairman of the County Board of Supervisors.

Madole is former civil defense director for the county. He was (Continued on Page 2, Col. 3)

On Fraud Charge

Start New Hoffa Trial

Lawyers Seek to Have Ruby Put in Hospital

Butting Head Into Prison Wall Called 'a Deliberate Act'

DALLAS, Tex. (AP)—Jack Ruby, a lump on his almost bald head from colliding with a cell wall, appears in court today as defense lawyers seek his admittance to a hospital for more mental tests.

Sheriff Bill Decker said the condemned slayer of accused presidential assassin Lee Harvey Oswald charged head-first against his Dallas County jail cell wall early yesterday in a "deliberate act."

Ruby's lawyers asked a few days ago that Judge Joe B. Brown order him placed in a hospital.

The former nightclub operator pleaded insanity in his March trial, but was sentenced to death.

The sheriff said Ruby bashed his head about 1 a.m. yesterday when a jailer turned to get some ice water after the two had played cards.

RESTRAINED RUBY

The jailer restrained Ruby, who remained conscious.

The county health officer, Dr. J. M. Pickard, said Ruby suffered a knot and a scratch.

Under heavy guard, Ruby was sped to a hospital for skull X rays which a hospital attendant said confirmed the injury was minor.

Decker said Ruby attempted to rip his clothing when he was taken to the cell.

FURNISHINGS REMOVED

The few jail furnishings were then removed from the cell as a precautionary measure, with only a mattress left.

Dr. Louis Joyon West, professor and head of the Department of Psychiatry and Neurology at the University of Oklahoma School of Medicine, examined Ruby for about an hour, but would not comment on his findings.

Ruby's sister, Eva Grant, visited her brother 90 minutes in the sixth-floor cell and commented later to reporters: "He's sick. He's sick."

Church Ousts Ionia Couple

IONIA, Mich. (AP)—An Ionia couple was excommunicated yesterday after charging their Episcopal priest with harboring "archaic beliefs and moral knowledge" in his criticism of a dance in a high school production of the musical "Damn Yankees."

Mr. and Mrs. Robert Clore were stripped of their membership in the Ionia Episcopal church by the Rev. Raymond Bierlein, who said he acted because of a letter written by the Clores published Friday in the Ionia Daily Sentinel-Standard.

"We can no longer restrain our feelings concerning the objections voiced by our rector to the dancing in the current high school musical play," the letter said in part.

"We know we are speaking for a great many of our congregation when we are not in accord with Father Bierlein's archaic beliefs and moral knowledge. We are proud of these young (Continued on Page 2, Col. 1)

FIRE LEVELS BARN — Smoke was visible for miles from this fire early last night that destroyed the 40-by-100 foot barn on the W. B. Warner farm, 2300 Hamlin, Avon Township. Some 1,500 bales of hay and a

bulter, a tractor and other farm equipment were lost in the blaze which started from a brush fire. Rochester firemen were on the scene for about five hours after bringing the fire under control in about two.

U.N. Tries to Remove Turks as Greeks Surround Village

NICOSIA, Cyprus (AP) — A hundred Greek Cypriot irregulars armed with mortars and machine guns threatened the embattled village of Ayio Theodoros today as U.N. officials sought to remove the village's 800 Turkish Cypriots.

New fighting flared this morning in the mixed Greek-Turkish village 30 miles south of Nicosia. U.N. troops tried to set up a cease-fire and arrange for immediate removal of 150 women and children who had taken shelter in a Turkish schoolhouse.

"Both sides will probably have at each other then," said one U.N. officer.

A U.N. spokesman said 50 Greek Cypriot police had entered the village while another 30 were poised on the outskirts.

A showdown also appeared to be shaping up for control of strategic Kyrenia Pass, where

Greek Cypriot forces pinned down Turkish defenders dug in around, medieval St. Hilarion Castle.

DENIED ATTEMPT

Greek Cypriots felt out Turkish positions with mortar, machine-gun and rifle fire. They denied, however, that they were trying to hit the castle, which the Turkish Cypriots use as their stronghold in controlling the pass along the Kyrenia-Nicosia road.

The Turks, caught by surprise when the attack opened Saturday, cannot lose much more ground without surrendering control of the pass.

Greek Cypriot forces have advanced to within a mile of this highway between the capital and the north coast.

Some quarters had expected an all-out Greek offensive Sunday, but the Greeks appeared to be digging in to consolidate

their gains and awaiting further orders.

If the Greeks seize the pass, it would be their most important victory since communal warfare broke out last December.

Turkish Cypriots stoned the car of the U.N. peace commander, Indian Lt. Gen. Prem Singh Gyani, Sunday, charging that he favored the Greek side. Gyani was unhurt.

The Turks blocked Gyani's car as he tried to leave Nicosia's Turkish Cypriot quarter after conferring with Dr. Fazil Kuchuk, Turkish Cypriot vice president.

As Gyani drove off, a white-haired Turk shook his fists and yelled, "Next time he comes back here, it will be death."

U.N. mediator Sakari Tuomioja of Finland conferred in Athens Sunday with Greek Premier George Papandreu in quest of a peaceful solution to the crisis.

Top Teamster, Seven Others in U. S. Court

Claim Defendants Diverted Cash From Union Pension Fund

CHICAGO (AP)—James R. Hoffa, president of the Teamsters Union, was called to trial on criminal charges today for the third time since taking over leadership of the nation's largest union.

Already under conviction for attempting to rig a jury in another case, Hoffa and seven codefendants are charged with fraudulently obtaining \$20 million in loans from Teamsters' pension funds.

A special venire of 100 prospective jurors was on hand for the trial before U.S. Dist. Judge Richard B. Austin. Another 200 have been directed to appear later, if needed.

Attorneys for the government and the defendants have said they expect the trial to last three to five months.

The Teamsters' president and three others were convicted on March 4 in Chattanooga, Tenn., of tampering with a jury during Hoffa's 1962 conspiracy trial in Nashville, Tenn. The Nashville trial ended when the jury was unable to agree on a verdict.

Hoffa has appealed the conviction and is free on a \$75,000 bond.

25-COUNT TRIAL

The present trial revolves around a 25-count indictment returned last year against the 51-year-old labor leader and seven others. Conviction on all counts could result in penalties totaling 140 years imprisonment and \$27,000 in fines for each of the accused men.

The indictments accuse the eight defendants of diverting more than \$1 million for their personal benefit while fraudulently arranging loans totaling \$20 million from the Central States, Southeast and Southwest Areas Pension Fund, of which Hoffa is a trustee. The fund has assets totaling about \$200 million.

The fund was set up in 1955 and collects payments from employers for the benefit of more than 177,000 Teamsters in 20 states. Administered by eight trustees representing employers and eight representing the union, the fund has assets totaling about \$200 million.

Hoffa was the only trustee indicted. He is accused of influencing the other trustees to approve loans sought by his seven codefendants for themselves and others.

Those on trial with Hoffa are: Benjamin Dranon, former Minneapolis businessman now (Continued on Page 2, Col. 8)

Temperatures Due for a Rise; Rain Is Expected

Tomorrow the sun will start bringing us higher temperatures.

For the next five days temperatures are expected to average about five degrees above the normal highs of 61-65 and normal lows of 34-43.

Frequent showers will bring about one to three-quarters of an inch of rain, and cooler temperatures on Wednesday and Thursday.

The low before 8 this morning was 54. By 1 p.m. it had reached only 56.

Pontiac Press Photo

GREET GOVERNOR — A smiling Gov. Romney didn't let last week's legislative flare-up mar his appearance at a Republican rally in Birmingham Saturday. Some 500 party workers, including straw-hatted backers of

U.S. Senate candidate James O'Neill, repeatedly interrupted his speech with applause as a show of support. The rally kicked off a GOP Voter Identification Program to canvass Oakland County homes.

Say IBJ Might Expand Foreign Policy Briefings

WASHINGTON (AP) — President Johnson is reported considering expanding his proposed foreign policy briefings of presidential aspirants to include nominees for the House and Senate.

Johnson has offered to have the Central Intelligence Agency and the Defense and State departments background all generally mentioned presidential nomination possibilities on what course the United States is following and what actions it is taking on various world problems.

Sen. Barry Goldwater, R-Ariz., a leading candidate for the GOP presidential nomination rejected this out of hand.

Some others have accepted, including New York's Gov. Nelson A. Rockefeller. But Rockefeller said he would accept only with the understanding that the briefings would not tie his hands in future public debate on foreign policy and national security.

'UNWISE GESTURE'

Goldwater called Johnson's offer "an offhand political gesture" and said it was basically unwise to provide this information to any other than the actual presidential nominee.

Sen. Warren G. Magnuson, D-Wash., chairman of the Democratic senatorial campaign committee, said there had been discussion of making such briefings available for senatorial and House nominees.

Church Ousts Ionia Couple in Play Row

(Continued From Page One)

people in the cast and of their instructors."

OBJECTED TO SCHOOL

Terminating a dance sequence "salacious and immoral," the Rev. Mr. Bierlein last Monday objected before the school board to the characterization of Lola in the play by 16-year-old Kristi Honson who wore a brief black outfit with a split skirt.

Kristi, playing the role of the provocative temptress danced into the audience and pinched cheeks.

"I don't want any children taught to dance like that for any excuse whatever," Bierlein told the school board.

Kristi, as a result, was ordered not to dance into the audience by the school superintendent, Robert Boyce and the play director, Raymond Mote.

SCHOOL WATCHES

The school board sent a committee to watch the play Friday and Saturday.

Clare, whose son, Aichard, had a part in the play, said, "I am entitled to make this comment about the play just as much as the actor."

Bierlein said he decided on excommunication after talking to Bishop Charles Bernson of the Western Michigan diocese. He went to the Clare home Saturday night and handed the letter of excommunication to Clare's wife, Jeanne. Clare was not at home.

"Morality does not go out of fashion," the Rector said in announcing the action to the congregation.

Clare said he talked with Bishop Bernson Sunday. Under church law, Clare can ask for a hearing before the standing committee of the diocese. "I talked to the bishop and left it up to him," Clare said.

Clare said he has been an Episcopalian for more than 50 years.

FIRSTHAND ACCOUNT — A south Vietnamese officer checks with an elder of the Mekong Delta town of Vinh Kim after government troops drove off a Viet Cong guerrilla force that had occupied the town for the past six weeks. Government troops abandoned the town six weeks ago by a marine battalion was badly mauled by nearby Communist guerrillas.

U.S. Program 'Different'

Viet Aid at \$3 Billion

WASHINGTON (AP) — Cumulative U.S. aid to South Viet Nam has topped \$3 billion in a program now markedly different from any other U.S. effort around the world.

The difference stems from its close link with the campaign to stamp out Communist guerrillas. It shows up in ways such as:

1. Top priority on material improvements that will start benefiting South Vietnamese villages this year—not next year or the year after. This contrasts with other programs like the Alliance for Progress for Latin America where economic plans are supposed to be developed carefully with an eye to long-range gains.

GENERAL PROPPING

2. U.S. willingness to prop up the Vietnamese economy in a general way, not confining aid to selected projects.
3. Use of economic aid funds for antiguerrilla and propaganda support operations, such as providing thousands of special radios and drafting surrender appeals.

4. Scattering U.S. aid personnel through the countryside to spread American assistance at the grass roots. More than 200 are now in the provinces, many of them picked more for their ability to work with natives than for any special technical skill.

The massive U.S. economic and arms assistance program, which got going after the Indochinese states became independent in 1954, totaled \$2.9 billion in the fiscal year 1963. It amounts to about \$400 million a year now, around half economic and half military, not counting the expenses of some 15,000 U.S. servicemen there.

The Johnson administration is planning some step-up in the aid effort and is urging other countries to join in. Among those supplying some assistance so far are Australia, Britain, Canada, France, West Germany, Malaysia, New Zealand and South Korea.

The U.S. economic program began taking its present shape in 1962 after the Viet Cong guerrilla upsurge convinced U.S. strategists that South Viet Nam was in danger of being swallowed up by the Communists.

American aid administrators figure that the villagers, faced on the one hand by Viet Cong using enticements and terror and on the other by a Saigon government with a dubious record, will turn to the side which shows them the better future. This is a main aim of U.S. aid: psychological—to make the central government look like the better bet.

Spreading the U.S. aid program is a counter-insurgency plan costing about \$30 million a year plus another \$30 million worth of U.S. surplus food.

AID ACTIVITIES

American assistance goes into such activities as:

- Fixing up railroads after Viet Cong sabotage. The Reds hit the railroads about once a day. The repair cost comes to about \$1.5 million annually.
- Installing 6,000 community radio receivers.
- Building more than 12,000 health stations and 900 classrooms.
- Supplying pesticides to kill rats which formerly ate up to 80 per cent of the crops in parts of the central lowlands.

"The only legal record of this has to go on now is the official vote verified by the city's board of canvassers."

READY TO TAKE SEAT

City Attorney William A. Ewart said that he has received confirmation from Robert Montgomery, state elections director, in Lansing, that Wellbaum should be sworn in and remain the District 7 commissioner until the recount is completed.

LANDRY BEATEN

Landry was beaten by Wellbaum, a write-in candidate, by 351 votes.

Thus, city officials expect the biennial organizational meeting will go as scheduled.

City commission terms technically began at noon today, but the commissioners are not officially sworn in by City Clerk Olga Barkeley until the 7:30 meeting.

Then, the new commissioners will nominate and elect a mayor and mayor pro tem. The whole affair normally takes about 30 minutes.

TO TAKE SEAT

City Attorney William A. Ewart said that he has received confirmation from Robert Montgomery, state elections director, in Lansing, that Wellbaum should be sworn in and remain the District 7 commissioner until the recount is completed.

Soviets Blast to Halt Flood

Try to Drain Waters Threatening Old City

MOSCOW (AP) — Soviet engineers have begun blasting in an attempt to drain off flood waters threatening the famed Mongol capital of Samarkand and villages along the Zeravshan River blocked by a huge landslide.

The Communist party newspaper Pravda said engineers sent to the edge of the Pamir Mountains in Southwest Asia Sunday night began blasting a canal through the slide, which was said to be as high as an 8-story building and 2,000 feet wide.

Pravda said 625 million cubic feet of water have built up behind the slide, which on Friday formed a huge natural dam. It said the water level behind the dam rose more than 105 feet in 50 hours.

The Soviet news agency Tass said an attempt would be made to divert the blocked, fast-rising river and remove the threat to Samarkand, an ancient city of blue-tiled old mosques and new industries. It is 1,700 miles southeast of Moscow, near the juncture of the Soviet Union, Red China and Afghanistan.

MOUNTAIN CRACKED

Tass said the landslide occurred Friday when the Dargovoz Mountain "cracked as a result of earth tremors" and was "cut in two by water."

The huge mass of earth and rock fell into the river, swollen by a month of heavy rains, and the slide formed a natural dam.

A lake is forming 100 miles upstream from Samarkand, a city of 215,000 persons, but the earth dam threatens to break and unleash a raging torrent. "This catastrophe is fraught with the danger of an unprecedented flood in the whole of the Zeravshan Valley," said Tass.

"This is why the population of villages along the river is being urgently evacuated."

EMERGENCY QUARTERS

Emergency headquarters have been set up at Aini, a village near Samarkand. Specialists from the Soviet republics of Uzbek and Tadzhik were making plans to blast the landslide. The Turkmen military region also has sent combat engineers and warplanes to the menaced area.

Safety roads were being cut and food and supplies taken to mountain villages cut off by lake waters. The rising waters threatened the Verkhne-Aini bridge on the supply road.

The water was reported rising 26 to 33 feet a day, Tass said, but it was believed the river could be diverted and the danger eased in four or five days.

The panel's judgment, announced Nov. 26, 1963, allowed the carriers to start reducing the number of firemen's jobs with most of the cutback resulting from unfilled vacancies. A formula was worked out for the crew-consist problem.

OTHER AGREEMENT

Meantime the unions and the carriers negotiated on other matters not covered by the arbitrator's decision. Last week, President Johnson announced that agreement had been reached on those issues to fend off another threatened strike.

Gruber told state police from the Pontiac that the bandit carried a small automatic pistol.

Friday's receipts, a pair of binoculars and an old .32-caliber revolver, were stolen from the Sportsman, 184 Pierce, police said.

Change was taken from cash registers at LaBelle's, 137 W. Maple, and 300 bottles of soft drinks from a vending machine at the First Baptist Church, 300 Willis.

Police said the culprits broke windows to enter the two stores and picked a door lock at the church.

FOUR LEGS

Zamora said the machine had been supported on the ground by four girder-like legs. The legs supposedly were burned by exhaust from the sander.

Government agencies will continue the investigation, Holder said.

He said he spotted what appeared to be a pair of white covers near the sander, but he could not tell if anything or anyone was in them.

The object, about the height of a car but larger, appeared to be made of a shiny, aluminum-like substance, Zamora said.

Birmingham Area News

Daffodils to Brighten Cranbrook House Debut

BLOOMFIELD HILLS — An abundance of blooming daffodils — some 10,000 — will brighten the gardens of Cranbrook House for its official opening Sunday.

Other colorful spring blossoms are interspersed with cascades, walks, fountains and statuary on Cranbrook's 40 acres. The gardens surround the home of Cranbrook founders Mr. and Mrs. George S. Booth.

Except on major holidays, the gardens will be open from 2 to 5 p.m. Tuesdays through Fridays, and from 10 a.m. to 6 p.m. weekends through October.

Beginning Sunday and continuing through Nov. 1, new weekend hours for Cranbrook Institute of Science and the Academy of Art Galleries will be 1-5 p.m. There is an admission to each.

Tickets to tour the grounds can be obtained at the galleries Tuesday through Fridays, at the booth on Lone Pine at the entrance to Cranbrook House Sundays and at the booth on Academy Way Saturdays and Sundays.

High Court Won't Eye Rail Ruling

WASHINGTON (AP) — The Supreme Court refused today to examine the railroad arbitration board decision that could eventually eliminate 30,000 firemen's jobs and leave the status of 19,000 other crewmen in doubt.

The brief order lets stand as final a decision upholding the board handed down on Feb. 20, 1964, by the U.S. Court of Appeals here. Earlier the unions also had lost in federal district court.

Justice Arthur J. Goldberg, a former secretary of labor during the period of dispute, did not participate in today's action.

Congress created the special seven-member arbitration board last August in order to head off a railroad strike. The panel was to look into two matters:

- (1) Use of firemen on locomotives in freight and yard service; and (2) the size of crews outside the engine cab sometimes referred to as the "crew consist" issue.

The panel's judgment, announced Nov. 26, 1963, allowed the carriers to start reducing the number of firemen's jobs with most of the cutback resulting from unfilled vacancies. A formula was worked out for the crew-consist problem.

Meantime the unions and the carriers negotiated on other matters not covered by the arbitrator's decision. Last week, President Johnson announced that agreement had been reached on those issues to fend off another threatened strike.

Three Break-Ins Are Investigated in Birmingham

Birmingham police are investigating three Saturday-night break-ins in the downtown area which they believe to be the work of the same persons.

Friday's receipts, a pair of binoculars and an old .32-caliber revolver, were stolen from the Sportsman, 184 Pierce, police said.

Change was taken from cash registers at LaBelle's, 137 W. Maple, and 300 bottles of soft drinks from a vending machine at the First Baptist Church, 300 Willis.

Police said the culprits broke windows to enter the two stores and picked a door lock at the church.

Rider Dies in Crash

L'ANSE-EN-JAMES Perry, 14, of Baraga, was killed today when a car in which he was a passenger ran off a Baraga County road and hit a tree near here.

The tickets are redeemable at the institute of science or the galleries.

Birmingham's Baldwin Public Library is asking area residents to search their basements, closets and attics for a historical atlas of Oakland County.

Librarians are anxious to get any historical books which may be turned up during centennial year probing, but they are especially interested in the atlases.

They know of at least three which have been published in the past, according to Lee Tuttle, head of the library's reference department.

An "Atlas of Oakland County" was published in 1872, an "Illustrated Atlas of Oakland County" is 1896 and a "Standard Atlas of Oakland County" in 1908, she said.

Contract Key in Labor Rift

Area Strike Threat on Construction Jobs

A carpenters union contract up for ratification by 12 Detroit area locals may hold the hope of averting a construction industry strike Friday in Oakland County.

Dick Kirby, business agent for the Wayne-Oakland-Macomb Building and Trades Council, said today the contract, if accepted, could set the pace for other union negotiations.

The Carpenters, with some 10,000 members, is the largest building trades union of some 25 in southeastern Michigan with contracts set to expire this weekend.

"Negotiations among the unions are going not quite as bad as I thought it was going to be," Kirby said.

Extensive construction activity spurred by the booming economy is the biggest factor on bringing labor and management together, he stated.

MAY CONTINUE

If new contracts are not hammered out by the deadline, most of the building trades unions would probably continue on the job if they thought agreement was near, he predicted.

Kirby said Reinforced-Steel Workers seems to be the group farthest away from settling a new contract. If they strike, it will affect mainly heavy construction projects.

The proposed Carpenters contract calls for a 35-hour work week, and average wage increase of 25 cents an hour under a four-year contract.

The last feature breaks a two-year provision followed by almost all construction unions in the past.

OFFER CONSIDERED

Reportedly the 400-member Roofers Union is considering a management offer.

"Sprinkler Fitters, with about 300 members, ratified a three-year pact Friday which raises wages from \$4.50 an hour to \$4.81.

NATIONAL WEATHER — Scattered showers and some rain will fall tonight in area from upper Mississippi Valley eastward through lower Lakes region to middle Atlantic states and southward along south Atlantic states, except Florida, into eastern Gulf Coast. It will be warmer in southwestern corner of the nation and central Rockies and cooler from northern Plains into Mississippi Valley and the Ohio and Tennessee valleys.

Ready for Duty in Colombia

(Continued From Page One)

manager of Hancock Iron Works in Pontiac before that.

LEARNED SPANISH

He mastered the Spanish language while serving with the Armed Forces in World War II.

Madele's present mission has the backing of the State Department, which will be paying a third of exchange program's \$45,000 annual cost. The remaining two thirds is being equally financed by private donations in both Cal and Oakland County.

Madele will be provided an office and secretary in Cal. His counterpart will receive the same courtesy here. Each representative will be paid \$10,000 a year.

The exchange program is to be continued if it proves successful during the first year.

TO SEND REPORTS

Madele is to keep the committee here informed of what he is doing and what it can do to assist the Cali region in its orderly development.

Policeman Claims He Spotted One

Flying Saucers Back Again?

SOCORRO, N. M. 476 — It's a good place for a flying saucer. Right on the edge of White Sands missile range on the wide open New Mexico desert, just 30 miles northwest of the site of the world's first atomic blast.

Socorro policeman Lonnie Zamora says he saw it, and police and military men seem inclined to believe him.

Zamora is a "very reliable witness," Army Capt. Richard T. Holder, upgrade commander of White Sands' Stallion Range, said.

Deputy Sheriff James Lucki said he believes "it's something out of the ordinary, something very few have ever seen."

"I was scared," Zamora said. He said his experience

taught him one thing: If it happens again, he will still run away like he did Friday, but he will not tell a soul about what he saw.

EGG-SHAPED

Zamora said he spotted an egg-shaped object on the desert about a mile south of Socorro. He denied seeing any signs of life around the object and said the machine rose and flew slowly away until it faded from sight.

He said he spotted what appeared to be a pair of white covers near the sander, but he could not tell if anything or anyone was in them.

The object, about the height of a car but larger, appeared to be made of a shiny, aluminum-like substance, Zamora said.

Has Woman Alone to Rob Area Motel

A bandit, accompanied by a woman, robbed the Highlander Motel in Waterford Township, \$70 early this morning.

The pair entered the manager's office about 1:15 a.m. and held up Stephen Gruber, night attendant at the motel, Dixie and Telegraph.

Gruber told state police from the Pontiac that the bandit carried a small automatic pistol.

It flew away after he got within about 100 yards, he said.

Two investigating officers were at the scene Sunday from Kirtland Air Force Base in Albuquerque. Maj. William Connor and Sgt. David Moody used a Geiger counter to check the area, where the only evidence of an unusual visitor was a burned bush and four small depressions in the ground.

Zamora said the machine had been supported on the ground by four girder-like legs. The legs supposedly were burned by exhaust from the sander.

The first cross-country automobile trip, from San Francisco to New York, took place between May 23 and Aug. 1, 1903.

More than \$4.8 billion has been budgeted by electric utilities for new plant and equipment projects this year.

Kansas City Man Dies

\$50 Bet Ends in Drowning

KANSAS CITY, Mo. (AP) — Taxicab driver Raymond J. Long apparently drowned after betting \$50 that he could float to New Orleans in a 10-foot aluminum rowboat.

Police pieced together this story: Long, 32, quit his job as a taxi driver Thursday, telling of the bet.

Two friends hauled him to the Missouri River and he embarked about 3 a.m. Friday.

Eight hours later Virgil Ryne, hunting mushrooms about 25 miles downstream, saw a man clinging to a capsize boat, calling for help.

Ryne said the man started to swim ashore but disappeared in the swift current.

The boat and a duffel bag were pulled ashore near Missouri City, six miles downstream. Clothing in the bag bore the initials "R.J.L."

Pictures, slogans, mottos or art work are used on the auto license plates of 33 states.

Worry of FALSE TEETH Slipping or Irritating?

Don't let your false teeth slip or irritate your gums. Use the new **FALSE TEETH** from **Connolly's**. They are made of a special material that fits your mouth perfectly and keeps your teeth in place. They are also made of a special material that is gentle on your gums and does not irritate them.

Rail Vice President Dies at 57 in Chicago

CHICAGO (AP) — Julius J. Alms, 57, vice president of the executive department of the Chicago, Burlington & Quincy Railroad, died Saturday. Alms, who became associated with the railroad in 1921 as an office boy, also was president and chairman of Burlington Truck Lines, a subsidiary.

London Editor Dies

HASLEMERE, England (AP) — Sir Beverley Baxter, 73, Canadian-born member of the British Commons and a former editor of the London Daily Express, died Sunday.

Ex-State Aide Dies

DETROIT (AP) — Mrs. Eleanor Rotner Bulkeley, who served on the Michigan Crippled Children Commission from 1927 to 1940, died Sunday at Henry Ford Hospital. She was 67. Services will be held Wednesday at Grosse Pointe Memorial Church.

Stashing your savings in a sock?

We have a much better place!

Very few people hide their life's savings in a mattress or behind loose bricks in the fireplace these days. But many might as well, for all the interest they're getting in some savings plans!

Money saved... should work for you. And money works best, earns the most in a credit union savings account!

Why? Ask one of 100,000 carefree Oakland County residents who received credit union dividends totaling \$2 million this year. Most earned 4% or more in interest—well above the average for other savings institutions. And members receive a bonus dividend, for savings are matched by life insurance coverage, at no extra cost!

Members say credit unions provide more convenience and more incentive to save. This helps to accumulate tidy sums they would not otherwise be saving... and they reap higher returns on these funds than with other savings plans.

All this is because credit unions are people. The members own it. They run it. And they tailor its policies and services to meet members' needs.

If you are not a credit union member, you may be able to qualify for one in your community, place of employment, church or organization.

Now is a good time to write us concerning your eligibility, for we will also send you—

FREE, without obligation, a year's subscription to **EVERYBODY'S MONEY**—interesting, authoritative national magazine on personal finance, showing many everyday ways to get the most out of your money. It's yours for the asking. Just write to:

Credit Unions, P.O. Box 266, Pontiac, Michigan

The 76 CREDIT UNIONS of Oakland County

CREDIT UNIONS WORK FOR PEOPLE... not for profit

Car stealing in this country, reports the National Automobile Theft Bureau which calculates per cent of the cars stolen today.

'Oversimplifies Lung Cancer Problem'

By DELOS SMITH
UPI Science Editor

NEW YORK — A scientific objection to the surgeon-general's report on cigarette smoking is that lung cancer "is a very complex physiological and biological problem" but the report makes it seem rather simple.

It oversimplifies, the critical scientists said, by giving all its emphasis to one possible causative factor, excessive cigarette smoking. But there are others which though not proved are at least as well established.

The sex of the cigarette smoker, for instance.

A National Cancer Institute survey "has shown that non-smoker women have only a slightly lesser incidence of lung cancer than non-smoking men."

"Yet in a group of heavy smokers the difference is very pronounced."

LESS SUSCEPTIBLE

"These data if confirmed on a larger scale would indicate that women, due possibly to a peculiarity of their endocrine system, are less susceptible to the damaging influence of tobacco smoke."

The possible role of viruses and bacteria is another factor.

"It is an obvious fact that the lungs and their passages are constantly attacked by viral and bacterial agents," continued these dissenting scientists.

They pointed to statistical evidence of this kind of an association.

PERIODIC INFECTIONS

One-third of one group of 155 lung cancer victims had had periodic lung infections before lung cancer developed.

In another group, 80 per cent of cancerous lungs brought to autopsy revealed past infections.

"The ever-increasing evidence in support of the virus theory of cancer, obliges one to pay particular attention to the possible role of viral and bacterial infections in cancer of the lungs."

The scientists complained the surgeon-general's report did not answer the question of whether every heavy cigarette smoker is in danger of developing lung cancer if he smokes long enough.

"Yet this is of prime importance," they said.

"The factors which might render an organism more susceptible to this disease, and specifically to the damaging influence of cigarette smoking should be defined and investigated."

Scientifically speaking, they said, there are two glaring flaws in basic research con-

ducted so far into lung cancer. It is "meager" and it is "imperfect."

This dissent is that of the editors of an ultra-scientific journal of small circulation, "Growth." It is a cooperative enterprise of contributors and subscribers. The editors are Dr. Stanley P. Reimann and Irene Corey Diller of the Institute for Cancer Research, Philadelphia, and Dr. Boris Sokoloff of Southern Bio-Research Institute, Lakeland, Fla. All are well known in cancer research.

Cadillac

LISTEN TO WHAT OUR TOUGHEST CRITICS HAVE TO SAY

You would have to search long and hard to find a tougher critic of cars than the average Cadillac owner. For those who have owned and driven this great car over the years have become accustomed—year in and out—to the finest that motoring can offer.

And yet, occasionally, there comes along a car of such dazzling prowess that it inspires their most lavish and unstinted praise. The 1964 Cadillac is such a car.

Listen to a few current Cadillac comments:

"It took my breath away the first time I drove it."

"That new 340-horsepower engine and new transmission turn out the smoothest performance imaginable. It's a wonder in traffic."

"I found it hard to believe a car of its size could be so effortless to handle."

"I've owned five Cadillacs, and this one tops them all—on every count."

And backing up our owners are the men who evaluate cars by stop watch and test track. Never have these professional critics been so eloquent about Cadillac—or any other automobile in its class.

So the next time the talk turns to cars, listen well to the man who has driven a 1964 Cadillac.

You can believe every wonderful word he says. And you can double check him behind the wheel at your Cadillac dealer. You won't be a skeptic long.

MORE TEMPTING THAN EVER—AND JUST WAIT TILL YOU DRIVE IT—SEE YOUR AUTHORIZED CADILLAC DEALER

Automatic Washers with . . .
**EXCLUSIVE "UNDERTOW" AGITATOR THAT MOVES WATER THRU
CLOTHES Instead OF DRAGGING CLOTHES THRU WATER AS
WITH OLD FASHIONED PUSH-PULL BLADE TYPE AGITATORS**

PHILCO 4-CYCLE AUTOMATIC

- Undertow Agitator Operates 6 to 10 Times Faster Than Blade Agitators, Washes Cleaner
- Big 12-lb. Capacity, Even 7 Sheets in A Single Load • Color Coded Single Knob Control • 4-Programmed Automatic Wash Cycles
- 3-Way Agi-Spin Rinse • Exclusive Ball Point Balance, Never Shuts Off Because Of Out-Of-Balance Load.

\$168⁸⁸

**IMMEDIATE DELIVERY
TO YOUR HOME!**

For the homemaker who takes pride in whiter whites . . . brighter brights, then the new Philco-Bendix automatic washers are for her . . . Here are the world's only automatic washers that wash 7 SHEETS in a single load! Here is gentler, safer washing — no jerking blades to pull and stretch clothes! Here is the non-stop automatic — never cuts off because of off-balance loads! Here are biggest buys ever in brand new deluxe home laundry equipment.

**Philco washers
automatically
wash clothes
cleaner!**

Giant 12-lb. capacity . . . even washes 7 sheets in a single load . . . almost twice the load of other automatic washers.

Buys, handles and bubbles your wash. Tosses clothes up, over, down and around.

Wash water ripples out and darts in all directions 375 times a minute, almost ten times a second . . . speeds through the clothes.

Centralized cleanser compartment! Automatic dispenser assures even dispersion for uniform cleaning of entire load — prevents detergent and bleach burn.

No blades or beaters to push, pull or stretch fabrics. Clothes come clean gently, safely — last longer!

NEW 1964 DESIGN Firestone DeLuxe Champion NEW TREADS

RETREADS ON SOUND TIRE BODIES
OR ON YOUR OWN TIRES

with the same *ALL-ACTION* tread
design used on *NEW* Firestone
original equipment tires

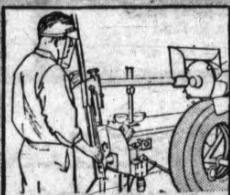

Our Retreads, identified by Medallion and shop mark, are GUARANTEED

1. Against defects in workmanship and materials during life of tread.
 2. Against normal road hazards (except repairable punctures) encountered in everyday passenger car use for 12 months.
- Replacements prorated on tread wear and based on Firestone price current at time of adjustment.

Here's why Firestone Factory-Method Retreads are your BEST BUY!

We retread only the BEST!
Every tire is given a rigid inspection by a tire expert before it is accepted for retreading. Only MAJOR BRAND tires of known quality meet our safety requirements.

FULL RETREADS...not recaps.
No shortcuts or cheap recapping methods are used by Firestone. We do only FULL "wrap around" retreading from shoulder to shoulder, using modern automatic equipment.

Only the FINEST materials
We use the finest Firestone Micro-Blend tread rubber to give you maximum tire mileage and dependable service. That's why our retreads are GUARANTEED like new tires.

New tire FACTORY methods
The same exclusive tread design, tread width and depth as used in NEW Firestone tires is molded onto our retreads. We use the same factory methods used in making new tires.

EVERYONE IN THE TRANSPORTATION BUSINESS USES FIRESTONE
NEW TREADS TO GET MAXIMUM MILEAGE FOR THEIR TIRE DOLLARS
