

# Snow and Cold Paralyze East, Kill 73

## A Winter Many Will Remember

**HOW DO I GET OUT** — Norman Swavely of Pottstown, Pa. stands in deep drifts, trying to figure how to get his buried car back in service. His area got 20 inches of snow, whipped into drifts by high winds.

**DOWNTOWN, DESERTED** — This was the aftermath of a three-foot snowfall in Michigan City, Ind. Snowed-in cars on this downtown street stand as mute testimony to the city's paralysis. The heavy snowfall caused Mayor Francis Fed-

**SNOW STEAM**—A New Haven Railroad train offers a misty view as it plows into a snow drift on its way into the station at Hartford, Conn. Al-

**GOING NOWHERE FAST** — In fact many of the vehicles in these two long lines of traffic near Washington aren't going at all. Stalled cars and trucks snafled traffic so badly that only one of the four lanes on the highway at right was open. Traffic on the merging road at left was blocked by abandoned automobiles. The Eastern storm dumped 17 inches of snow on this area.

## 9 Below Numbs City

### Minus Twelve Forecast Here Late Tonight

Roads Passable, Some Schools Close in State; Cars Fail to Start

#### DOWNTOWN PONTIAC TEMPERATURES

|             |    |

| 1 p. m.     | 2  |

Pontiac and the rest of the state shuddered in numbing cold today, hit by one of the deepest of deep-freezes ever to blow into this area.

The worst isn't over, either. The forecast for tonight is 12 below.

The mercury shot to a frigid 10 degrees below zero around 4 a. m. at the Pontiac State Hospital.

Recorded in downtown was a bone-chilling nine below, at 2 a. m. Pontiac area residents will have to go back to 1940 to find it much colder. On Jan. 19 of that year the mercury plummeted to 12 below.

Helping to push the mercury below the zero mark were cloudless skies and northerly winds that caused many snow drifts.

The Oakland County Road Commission reported all major roads passable, but some five-foot drifts on back roads.

The weather forced schools to shut in Almont, North Branch, and Utica. All Oakland County schools were reported open. Schools in Sanilac and St. Clair Counties were shut due to impassable roads and buses that wouldn't start.

Thousands of cars also failed this morning. The major Automobile Club of Michigan emergency stations in Pontiac said they were some five hours behind in answering calls.

There were nearly 2,000 calls of frozen batteries, radiators, gas lines and other mechanical troubles.

Some people looked at thermom-

### Harold Grant Runs for Seat in House

Harold A. Grant, president of Fisher Body Division Local 496, UAW, has announced his candidacy as state representative from Pontiac on the Democratic ticket.

Grant, 41, of 481 N. East Blvd., is vying for the post being vacated by Rep. Leslie H. Hudson, a Democrat.

Grant is a native of Pontiac who has been active in the Democratic Party many years, both as precinct delegate and as an unsuccessful candidate for state representative two years ago.

Married with three children, Grant is a naval veteran of World War II and Korea.

#### France Accepts Help

PARIS (P) — France today accepted the good offices of the United States and Great Britain to try to smooth her bitter dispute with Tunisia.

### Explain 1958 Contract Demands

**UNION SPEAKERS** — Leonard Woodcock, center, the UAW's director of its General Motors Department, chats with his assistant, Ernest Moran, left, and Charles Beach, president of Pontiac Motors Local 633, before the start of a mass meeting Saturday. The union officials explained 1958 contract demands to Pontiac area GM workers.

## Four-Day Work Week Exchange Flatly Denied by Union Director

By HAROLD S. COHEN

A flat denial that the UAW would exchange its profit sharing plan for a four-day work week was made by Leonard Woodcock, UAW's General Motors Department director.

Woodcock spoke at a meeting of all Pontiac area GM workers, held Saturday afternoon at the Pontiac

Local 633 Hall. Some 400 persons attended.

Woodcock said he was misquoted by Detroit reporters last week. "I only said in answer to their questions, that if GM proposed a four-day week, we would give it serious consideration."

Woodcock told the workers that the UAW is dead set against the profit sharing plan, because it

benefits without adding to inflationary pressures.

He scored reported comments by GM and Ford officials calling the plan "novel and dangerous."

"It is the same plan that Ford and General Motors have used for years among their top executives," he said. "How can Harlow Curtice attack this plan as 'novel' when he has received \$3.5 million in the past 10 years from profit sharing."

Woodcock attacked "price rigging" by auto manufacturers saying, "We have today an oversupply of cars and a shortage of purchasing power and yet prices go up. This is not free enterprise."

He charged the auto firms with planning to force workers to strike in June when a backlog of autos will carry dealers for several months without new production.

"We have our strategy, too," Woodcock said, "and we might not be provoked into a strike in June, but might wait until the 1959 model year production starts, to walk out."

He said Chrysler's share of auto

## No Whistling in Space, Complains 'Moon Man'

SAN ANTONIO, Tex. (P)—Airman Donald G. Farrell completed seven days in a make-believe space ship yesterday and came out saying "I believe anyone could have done the same thing."

Scientists at the School of Aviation Medicine at Randolph Air Force Base jubilantly agreed that the 23-year-old native of the Bronx, N.Y., had just proved that man is ready for space flight.

"There was one strange sensation," Farrell said after a solid week in a hermetically sealed tank that represented the cabin of a space ship.

"I couldn't whistle." Other than that the calm volunteer reported few physical or mental discomforts on being locked in the tanklike experimental space cabin. He could not see or hear what was going on outside.

He did not think the clustered researchers could hear him. However, it was revealed during the

## U.S. Shivering From Dixieland to New England

New York and Other Cities Battle Big Drifts, Icy Temperatures

By THE ASSOCIATED PRESS

A death-dealing storm swept across the Northeast yesterday, leaving snowfalls of up to 58 inches. The storm had hit an area from Mississippi to New England.

The storm was centered over Portland, Maine, today and heading for the Atlantic.

Meanwhile, a polar air mass over the Midwest dropped temperatures to the lowest level of the year.

The upper Plains had readings such as 30 below zero at Bismarck, N. D., and 29 below at Bemidji, Minn.

Winter's double-barreled blast left in its wake at least 73 deaths.

While Weather Bureau officials in New York City hesitated to call the Northeast storm a blizzard, they conceded that one of a blizzard's three key features—frigid temperatures—had made use of the term possible.

The temperature in New York City was down to 6 degrees before dawn.

The two other attributes of a blizzard, swirling snow and high winds, had already taken hold of much of the Atlantic Coast.

**STILL SNOWING**

Even after the center of the storm had passed most of the Northeastern section of the nation, snow continued to fall from the eastern Great Lakes and the upper Ohio Valley to New England. Gusty winds reached 50 miles an hour.

Lebanon, N. H. recorded 58 inches of snow on the ground while Boston and Caribou, Maine, reported depths of 19 and 32 inches, respectively.

In Boston, a 37-year-old record was swept from the books last night when 17 inches were measured. The City Weather Bureau spoke of "the wildest coastal storm of the winter." The old mark for a 24-hour snowfall in the city was 16 1/2 inches, set in 1921.

At least 11 Connecticut communities declared states of emergency and similar steps were ordered in

### Here, Use My Pen

LANSING (P) — City patrolman Kenneth McKay reported today his ball point pen froze solid as he was writing a traffic violation ticket. He finished the job with a refill cartridge.

### Blown In on Snowstorm

## Troubles Pile Drift-High

YORK, Maine (AP)—The editor of the Old Farmers Almanac, which is widely considered a safe weather forecaster, was scheduled to speak here last night. Sponsors had let editor Robb Sagendorph pick the date, on the assumption that he would choose a nice night. The speech was canceled.

\*\*\*\*\*

CINCINNATI (AP) — Mrs. Mary Hart had cold feet so she heated a towel and went to bed. The idea worked and she soon was asleep. But her comfort was short lived. She awoke to find the bed afire. Mrs. Hart and 10 other residents of the building fled into the early morning cold. Fire Marshall Howard Fox said damage was about \$500.

\*\*\*\*\*

BOWIE, Md. (AP) — A young couple spent their wedding night with 20 relatives and friends in the Ascension Catholic Church. Five-foot drifts of snow blocked the church doors during the ceremony and reception Saturday for Joan Patten, 20, of Bowie and William A. Fletcher, 22, of Covington, Md. A bulldozer blazed a rescue trail yesterday.

\*\*\*\*\*

NEWARK, N.J. (AP) — Among the hundreds of Boy Scouts marooned by snow on weekend trips to mountain areas were 40 boys stranded on top of Kittatinny Mountain in New Jersey. A

snowplow couldn't reach them, but one boy managed to wade through the drifts to a telephone and call to reassure their families. His report: "Having a wonderful time."

\*\*\*\*\*

ASBURY PARK, N.J. (AP)—When the annual Jersey Coast Boat Show closed its doors Saturday night, the exhibitors found piles of snow outside. A dozen of them curled up in the sleeping facilities provided in the boats they were exhibiting.

\*\*\*\*\*

NEW YORK (AP) — A policeman's widow got snowbound in her Brooklyn cottage. Two police radio cars, two sanitation bulldozers and a police emergency squad failed to reach her. Finally a brace of cops set out on foot to walk a mile and a quarter through the drifts. They took sticks from 66-year-old Mrs. Eleanor McGill's woodshed, made a stretcher, wrapped her in blankets and carried her out.

\*\*\*\*\*

WASHINGTON, N.J. (AP) — When Mrs. Oscar Dancy went into labor at her home on top of Montana Mountain during the height of the snowstorm, state police sent a snowplow to clear the road to her house. The snowplow got stuck. So police called in the National Guard, which sent a 45-ton tank to plow through the road. Mrs. Dancy was rushed to a hospital.

## 2 Tragedies Hit Alma Refinery

### Plant Fire Kills One; 2 Executives, Pilot Die in Plane Crash

ALMA — A Leonard Refinery Co. worker died Sunday of burns, bringing the company's fatality list to four after two separate disasters.

Fire and 15 explosions that ripped through the maze of pipes and tanks at the east edge of Alma claimed the life of Gordon Anderson, 34, of St. Louis, Mich., a vacuum unit operator.

A plane crash in a blinding snowstorm near New Buffalo, in southwestern Michigan, killed three others a few hours later.

They were Delbert Young Hewitt, 48, president of the Leonard Crude Oil Co., a subsidiary of the refinery; William Elliott, 38, manager of Leonard Crude, and Stanley King, 34, company pilot.

The Civil Aeronautics Administration was investigating the crash Sunday.

Anderson was one of six refinery workers burned by the flaming gasoline, oil and asphalt. He died at 6:20 a.m. Sunday in Gratiot County Hospital of burns on 90 per cent of his body.

Robert Balcer, 31, of St. Louis, was listed in "serious condition" at the hospital. Reported "quite satisfactory" were Harmon Draper, 45, of St. Louis; Lester Hamp, 46, of Alma, and Ramon Wolfgang, of Elwell.

A sixth worker, Richard Gault, of Ithaca, was released after treatment.

A company spokesman said the damage will run between \$250,000 and \$500,000. The refinery will be out of operation until Wednesday.

The trouble began at 1:20 p.m. when a valve apparently failed on a tank of 20,000 gallons of butane gas and the tank ruptured.

Escaping gas spread over the ground and was blown by a sharp east wind toward open furnaces 100 yards away.

The butane was located so that the normal westerly winds would keep the gas from the open flame, the company official said.

When the gas reached the furnaces, it ignited and shot back to the butane tank, setting off the first explosion.

The flames then reached an asphalt tank, which also blew up.

The plane crash victims were en route to Tulsa, Okla.

The single-engine Bonanza came down in a farm field about three feet of snow, 15 miles northeast of New Buffalo at dusk Saturday.

By E. H. SIMS

Why is the weather of the Hawaiian Islands practically ideal? The much-famed climate of the Pacific vacation islands is caused by their location (latitude) and the huge mass of water surrounding them, and the topography of the land itself.

The ocean area provides a constant temperature, since it does not give up its heat as readily as a land mass. The latitude (about that of Cuba) promises warmth. The breezes from the sea in daytime and down the mountain slopes at night insure comfortable temperatures, rather than excessive heat.

Thus the combination of low mountains (these conditions pertain to Oahu particularly) and to most of the other islands generally, ocean mass, latitude, prevailing winds and other factors contribute to the amazing constancy of Hawaii's good weather.

## Sad Poet's Pleas Seek Surcease of Tax Increase

BANGOR, Mich. — Taxpayer John D. Jones penned his pain in poetry to protest the increased tax bill on his suburban home.

Jones, a professional entertainer and magician, fired off 30 lines of verse to the Bangor Township Board of Tax Review in Van Buren County.

Jones lamented in winding up his poem:

Due, no doubt, to malignant inflation  
We've suffered your constant re-valuation.  
Our assessments have increased nearly 200 per cent  
Which, frankly finds us pretty well bent.

We humbly petition that you re-appraise,  
Just devalue to balance the raise.  
Oh, to be as carefree as a grouse—  
Let's sell our home, move to the poorhouse.

Hoping for a favorable consequence  
To you, my salutations and compliments.

Jones hasn't received a reply from the board yet.

## No Space Whistling, Says 'Moon Man'

(Continued From Page One)

marking a calendar was he able to tell if it was day or night.

"I didn't feel in the true sense that I was on a space ship," he said.

"I realized that I was on the ground at all times.

"There was no fear such as there might be in a real space ship. Other than that it simulated a real space ship flight."

Space test experts explained that Farrell's nonwhistling ability stemmed from the fact that a simulated 18,000-foot altitude was maintained in the space chamber.

Farrell's other comments on the test included: "I lost four pounds—but I couldn't lose four pounds. I only weigh 131 now."

"At no time did I get bored. I was kept busy enough that there was no thought of personal discomfort."

RECORDED EVERYTHING  
"I kept a diary and put in everything that transpired. I got a little bit tired."

"Really and truly, I could like to make a trip to the moon."

"It would be easier if there were someone with you but that is just my personal opinion."

Back home in the Bronx, his parents were pleased that he came out grinning. "Wonderful news," said Mr. and Mrs. James A. Farrell.

"Hurray for Don!" shouted a 12-year-old foster brother, Ernest.

And in Niagara Falls, N.Y., Farrell's girl friend Jo Ann Burden smiled and said, "I'm glad it's over." When the young secretary heard that Farrell had said he "really didn't have time to think about her," she said: "Oh, that's all right. I don't care."

Farrell crawled into the 3-by-5-foot cabin with no more fuss than a Sunday motorist getting into the family car. He emerged in almost the same fashion. His eyes looked red as if strained by two glaring bright lights that burned night and day for the benefit of a battery of cameras designed to record his movements.

He ducked out of the cabin and stretched to his full six-foot height for the first time in a week. Only by shifting scientific equipment that almost filled the cabin was Farrell able to partially lie down for his 4½-hour sleeping periods.

With more shifting, he gained a scant square foot in which to stand stooped and take a few exercises.

"I believe I was afforded ample space for the duties performed," he said.

He said he had plenty to eat and ate everything put inside the cabin "from Vienna sausage to quails eggs."

"The eggs were boiled and canned," he said. "I think maybe someone intended them for a surprise but they were quite good."

"This airman not only knows how to ride a space ship but he knows how to hold a press conference," said Senate Majority Leader Lyndon B. Johnson, who made a special trip here just to greet Farrell.

Farrell seriously and studiously answered all questions concerning the study of space travel during the 30-minute press conference.

He quit high school before graduating but has obtained a high school certificate by studying since being in the Air Force. He plans to enter some college this September after completing his Air Force service and to major in aeronautical engineering.

After the press conference he was placed in the Randolph AFB hospital for about 72 hours of observation and postexperiment tests. Thursday or Friday he will fly to New York for a round of radio and TV appearances.

Content of fat consists of about 9.7 per cent water.

## 73 Killed as Snow, Cold Paralyze East

(Continued From Page One)

other New England states, New York and Pennsylvania. The big problem was drifts—some as high as a two-story building blocked highways and isolated entire towns.

The death toll by states was Pennsylvania, 9; Massachusetts, 5; Colorado, 5; Iowa, 4; West Virginia, 3; North Carolina, 3; Illinois, 2; New Hampshire, 2; South Carolina, 2; Virginia, 2; Missouri, 2; Michigan, 2; Maryland, 9; Washington, D. C., 3; and Maine, 1.

Among the causes of death were accidents on roads, exertion from shoveling snow, trying to jockey cars from drifts and exposure.

FREAK BLIZZARD  
A freak blizzard over an area only about 20 miles square around Michigan City, Ind., dropped up to 36 inches of snow.

The Lake Michigan port city's 30,000 residents were almost completely isolated. Mayor Francis Fedder declared a state of emergency. Chicago's Mayor Richard Daley sent nine snow plows to aid the stricken community. George Chacharis, acting mayor of Gary, Ind., sent 13 pieces of road equipment.

Washington, D.C., was paralyzed by a 14-inch snowfall, the district's worst in 22 years. Thousands of government workers remain home today with White House approval. All schools were closed.

Schools were closed in hundreds of other communities in a number of states. Many industries and business offices were closed. Many Sunday church services were canceled.

NO POLICE LEAVES  
In New York, Gov. Averell Harriman canceled all state police leaves. In Pennsylvania, Gov. George M. Leader ordered key civilian defense units mobilized to aid the highway department.

Northeast Pennsylvania was crippled by its worst snowstorm in 50 years.

An estimated 40 to 45 inches fell in Wayne County in the extreme northeastern corner of the state. Hundreds of weekend pleasure-seekers were stranded by the storm in the eastern area, including up to 1,000 who spent Saturday night at Maryland's Bowie Race Track.

The fall of 8½ inches in New York City was the heaviest in almost two years. Public and parochial schools in the city were to carry on today.

TRANSPORT DELAYED  
Throughout eastern New York and in other parts of the Northeast, plane and bus service was canceled and trains were delayed. Power failures harassed many towns.

The snowstorm started Friday on the Gulf Coast of Louisiana, drove into Mississippi, swung east into the Carolinas and then headed up the Atlantic Coast.

Maryland State Police reported almost all major highways in the state impassable due to drifting snow. A huge traffic jam developed at the Baltimore line on U.S. 40. Cars have been stopped there for 14 hours.

The temperature dropped to 23 degrees below zero early today on 6,684-foot Mt. Mitchell in North Carolina. Yesterday's high temperature there was minus 6 degrees. There were 28 inches of snow on the ground and winds of 40 to 50 miles an hour.

SOUTH SUFFERING  
In Atlanta, the hardest cold wave of winter's worst in years hit the South today and a natural gas shortage added to the hardships.

The natural gas shortage was reported in Georgia and Alabama. The Atlanta Gas Light Co., which serves 58 communities in 29 counties, started radio broadcasts early in the day appealing to residential customers to cut their thermostats back five degrees.

They also were urged to delay washing, and any cooking not strictly necessary.

Georgia temperatures ran from 4 below zero in the mountain section to 19 above at Brunswick, just north of the Florida line on the southeast Georgia seacoast. Atlanta reported 5 above zero.

HAZARDOUS ROADS  
Schools closed in at least 10 Georgia counties and many roads were hazardous because of ice and snow.

A similar situation existed in Alabama. Among the schools closed because of a gas shortage were those at Phenix City—adjacent to Columbus, Ga., and Ft. Benning—and Lanett.

Predicts Compromise  
WASHINGTON (INS) — Senate GOP Leader William F. Knowland has predicted the Senate will hammer out a postal and federal pay raise bill which will half-way meet both Republican and Democratic demands.

Science Grants in '58?  
CHATTANOOGA, Tenn. (INS) — Sen. Estes Kefauver (D-Tenn.) predicted today that Congress will establish this year a vast scholarship program for engineers and scientists.

ANNOUNCES CANDIDACY—Harold E. Stassen, who resigned Saturday as President Eisenhower's disarmament adviser, smiles as he reveals plans to seek Pennsylvania governorship on the GOP ticket. Three times governor of Minnesota and former president of the University of Pennsylvania, Stassen is now a legal resident of Pennsylvania.

## Probers Question Schwartz

## Air 'Pressure' Allegations

By FRED S. HOFFMAN

WASHINGTON — Allegations that some persons connected with the White House tried to influence decisions of independent regulatory agencies may be aired today before a House subcommittee.

Bernard Schwartz, who has made such allegations, was summoned back to continue his testimony before the House group which fired him a week ago as its counsel.

Schwartz was ousted in a row over the conduct of the subcommittee's probe of the Federal Communications Commission and five other regulatory agencies.

He has charged that FCC Commissioner Richard A. Mack accepted at least \$2,500 dollars from a lawyer for one of four applicants for television Channel 10 in Miami, Fla. Schwartz said Mack was pledged to vote for the lawyer's client, which received the grant last year.

Mack, who has said Schwartz's charges are "without foundation," will testify later in the week, perhaps Wednesday.

Schwartz has said a "white House clique" has exerted pressure on supposedly independent agencies which regulate the broadcasting, airline, power and other industries. He has not given details, but has mentioned the names of Sherman Adams, President Eisenhower's top aide; Secretary of Commerce Weeks; former New York Gov. Thomas E. Dewey; and Col. Gordon Moore, a brother-in-law of Mrs. Eisenhower.

The weather caused some power trouble for more than 1,000 Detroit Edison users in the Commerce Township area when a broken line cut them off from electricity this morning at 8 o'clock for about an hour.

The weather was blamed for contributing to the deaths of a young man and a boy whose bodies were found in their car which was stuck in a snowdrift on U.S. 41 near McFarland in Marquette County.

Police listed them as Spencer B. Peterson, 22, and David Souliere, 15, both of Marquette. They died of asphyxiation after their car became stuck.

The "ice box" of Michigan overnight was Ramsey, nine miles east of Ironwood, which recorded 35 below. Muskegon was the "warmest" spot with the mercury hovering a fraction below zero.

Police reported many roads in the state slippery because of drifting snow.

Road crews from Oakland County, out around the clock since Friday night, had to use sand in an effort to remove ice from roads.

Among other reported lows in the state were: Ironwood -20; Houghton -15; Pellston -12; Grand Marais, Battle Creek and Flint -13; Jackson -10; and Gladwin -9.

The five-day forecast for Pontiac and vicinity was for temperatures to average around 16 degrees below normal—high 34 and low 20.

The lowest recorded temperature in downtown Pontiac preceding 8 a.m. was -9 at 1 p.m. the reading was 2 degrees above zero.

## Realtors Will Hear Speaker at Banquet

L. L. Cunningham, president of the Business Institute of Milwaukee, will be the guest speaker tonight at the 42nd annual banquet of the Pontiac Board of Realtors.

The banquet will begin at 6:30 p.m. at Elks Temple. Tickets are available from any member of the Board of Realtors.

Cunningham, a salesman, is former director of physical education at Notre Dame University and a former sponsor and instructor of Dale Carnegie courses.

## Income Tax Forms Got You Stymied?

A "self-help" program to assist taxpayers with making out their income tax returns has been instituted by the Pontiac field office of the U.S. Internal Revenue Service.

A special office for this service has been opened at 167 W. Huron St. (Do not go to the regular office in the Huron Building).

The hours at the special office are 9 a.m. to 4 p.m., Mondays and Fridays only.

Experts will answer questions and check returns, but will not fill out the returns for the public.

## The Day in Birmingham

## Commissioners to Decide on Paving of Elm Tonight

BIRMINGHAM — City commissioners tonight will decide on the necessity of the paving of Elm street from Bower street to Hunter boulevard. Plans call for a 37-foot concrete pavement at an estimated cost of \$7,900, 85 per cent of which will be born by abutting property owners.

Commissioners also will consider two applications for zoning map changes.

One from Marian Smith asks a change on six lots in the Snow Subdivision. The owner claims the residential value of the property has been lowered by the proximity of the Bowers fire station.

The second application is from F. H. Henkel who asks that one lot on West Maple avenue be rezoned to multiple dwelling use.

Three Birmingham organizations are seeking permission to hold street sales in April.

The Exchange Club, has requested April 19 for its toothbrush sale; the Rotary Club wants April 5 for its lily sale, and the Birmingham Women's Club is seeking April 11 or 12 for a tag day to benefit the Girls' Ranch.

The death of Mrs. Loretta Sidney, 39, of 1339 S. Eton Rd. was determined by autopsy to have been caused by asphyxiation, according to Detective Sgt. Robert Schaul of the Birmingham Police Department.

Mrs. Sidney died Saturday morning in a fire which gutted her home.

Fire Chief Park Smith said that while all facts were not yet known, the fire is believed to have caused by an overheated furnace.

Birmingham Women's Club has planned two meetings for tomorrow. The fine arts and modern living groups will meet jointly for an 8 p.m. session at the Chesterfield road home of Mrs. William Mirgeler. Husbands have been invited to hear a talk on stocks and bonds by D. W. Linton.

The American home unit will entertain the literature department, with Mrs. Lawrence Helms as hostess. Husbands also have been invited to this 8 p.m. program which will feature colored slides on the Mediterranean islands.

Men's Night will be observed Wednesday by Birmingham Chapter 220, Order of the Eastern Star. The initiation of four candidates will be conducted.

This class is unusual in the history of the chapter in that it is made up of four men, David Masterson, past master of Birmingham Lodge 44, F&AM; Glen Barker, Merle Ryder and Henry Bowden.

"If the current recession, which may be a deliberately planned one, is continued," Woodcock said, "the auto companies may be surprised by the radical change in the political temper of the American people."

"They may get the surprise of their lives," he added, "like they did 20 years ago." He was alluding to the sit-down strikes of 1937.

## Farmington Father Dies in 2-Car Crash

A Farmington father of four was killed in a two-car smashup Saturday night at Inkster road and Byron street in Southfield Township, according to State Police at the Redford Post.

Russell H. Lawrence, 43, of 21027 Rensselaer Rd. was dead on arrival at Redford Receiving Hospital, said police. They reported he was thrown from his car by the impact and was pinned between a fence post and his auto.

The other driver, David J. Theut, 19, of 24001 Glenn Eyrie Rd., Birmingham, was uninjured. He was not held.

## U.S. Population Climbs to 172,790,000

WASHINGTON — The population of the United States was about 172,790,000 as of the first of the year.

This estimate, reported by the Census Bureau, was about three million bigger than the previous year and represented a rise of more than 22 million since the last general census in 1950.

The bureau said both births and deaths in 1957 reached record totals for any year in U.S. history.

## Capital AIRLINES

**ORTONVILLE HOME DESTROYED** — Four fire departments battled this blaze which destroyed the Virgil Hickey home, 700 State Park Rd., Ortonville, shortly after noon yesterday. Much of the family's furniture was saved, but nothing was left of the house except the chimney. Brandon Township Fire Marshal William Buckingham said the fire apparently was caused by faulty wiring. Other departments fighting the blaze were from Atlas and Independence townships and Oxford Village. Firemen said, however, that the house was a mass of flames when they arrived — too late to be able to stop it.

## Detroit Tech to Have New President May 1

DETROIT—Appointment of Dewey F. Barich as president of Detroit Institute of Technology was announced today by A. Frye Ayers,

chairman of the board of trustees. Barich, now assistant manager of educational affairs at Ford Motor Company will succeed DuVal J. Terpeny on May 1. Terpeny has been acting president while trustees were interviewing candidates for the presidency.

## Westwood Village Gets Safety Service

WESTWOOD VILLAGE — A public safety department has been

established by the new Village of Westwood with the hiring of two patrolmen, a trainee, and the leasing of a patrol car-ambulance. Richard Voorries and Robert Risk, former private patrolmen, were given a three-month contract by the Village Council to maintain an around-the-clock patrol. Voorries and Risk will receive \$500 a month each. Trainee Chris Scopes will get \$300 a month. The village will lease the patrol car for Voorries and Risk.

## Would Finance Lathrup Storm Sewer Will Vote on Bond Issue

LATHRUP — At a special election tomorrow, Lathrup voters will be asked to approve a \$696,000 bond issue to construct a storm sewer.

Residents also will vote on whether to repeal the city's one-year downspout ordinance.

## 2 Deer Hunters Fined at Romeo

Man, Son Each Pay \$100, Forfeit Licenses for Illegal Game

ROMEO — A Romeo man and his son were fined \$100 each plus court costs Friday night for killing deer out of season.

Bert C. Beal, 41, and his son, William B., 19, of 169 Hollister St., were sentenced by Justice of the Peace James J. Camella.

The father was charged with killing deer in closed season. In addition to the fine, he lost his deer hunting privileges for three years and was given a five-day suspended jail sentence.

William was fined the same amount and lost all hunting privileges for the next five years. He was sentenced to 10 days in jail, to be served on weekends. He was charged with possession of deer illegally killed.

The pair was arrested by Conservation Officers Rex Glidden of Romeo and Craig Smith of Imlay City.

The deer were turned over to the Macomb County Juvenile Home.

## Walled Lake Family Surprised

### Baby Born, House Robbed During Florida Vacation

WALLED LAKE — Ernest Campanaro and his wife, Sally, probably will never forget their trip to Florida this year.

Their vacation at Miami Beach was interrupted by a baby — born to Mrs. Campanaro, 35, two months ahead of schedule. A girl, whom they named Diane, she weighed in Feb. 7 at two pounds nine ounces at the Hollywood Hospital, Miami.

Campanaro, who owns a Walled Lake Supermarket, his wife and daughter, Debra, 10, were hardly back on the beach when they received word their home at 471 W. Walled Lake Dr., had been robbed of an estimated \$700 in cash and \$7,000 in U. S. Savings Bonds.

Walled Lake Police Chief Albert Decker said the break-in occurred sometime between Wednesday and Friday. The theft was discovered Friday afternoon by Campanaro's sister, Mrs. Florence Mahar of 220 Wanda St., Walled Lake.

"We hadn't expected the baby until April," Campanaro said.

"We were caught without baby clothes—didn't even have a name picked out."

The couple will have to leave Diane at Variety Children's Hospital, Miami Beach, until she weighs about six pounds, which may be about two months.

The family was to fly back to Walled Lake yesterday.

## Waterford Hosts Fruit Growers

Southeastern Michigan Group Will Hear Four Speak on Methods

The Waterford Community Activities Building, 5640 Williams Lake Rd., will be the site of the annual meeting of the Southeastern Michigan Fruit Growers Association Wednesday.

All fruit growers are invited to attend the meeting which begins at 10 a.m.

Speakers during the program and their topics include: Robert Haines, Michigan State University entomologist, insects and new insecticides; Josephine H. Lawyer, Pontiac consumer marketing information agent, successful marketing; Walter Toerjes, superintendent of the Graham Experiment Station, South Haven, new apple and peach varieties; and Arthur Mitchell, MSU horticulturist, rusting related to environment and spraying materials and using chemicals for fruit thinning.

A panel discussion on marketing apples in Michigan, under the chairmanship of John Bray, district marketing agent from Lapeer, will conclude the meeting.

Richard Bristol of Almont, chairman of the program, will conduct the business meeting.

## Sold Indian Colonies

CALCUTTA — Denmark retained her colonies in India for more than 200 years, selling them in 1845 to Great Britain for 1,200,000 pounds sterling.

Highland Park St. Benedict, Suburban Catholic League champion, tackled more than it could handle Sunday in the opening round of the Detroit Catholic League basketball tournament at U. of D. Memorial building. The Ravens were crushed by unbeaten Detroit Austin, 66-46.

A qualifying round for the 1938 National PGA golf tournament will be held on June 16 at Warwick Hills Golf and Country Club in Flint as a preliminary to the \$50,000 Buick Open.

Former middleweight champion Gene Fullmer has signed for a March 3 bout with unranked Milo Savage at Salt Lake City. Savage's home town.

West Virginia is rated the nation's No. 1 college basketball team in this week's International News Service poll. Kansas State is ranked 2nd and San Francisco 3rd.

William Nyeste and Francis Mitchell in doubles and Sy Szymanski, all from Detroit, and the Gingham Inn team of Ann Arbor are the new leaders in the men's state bowling tournament at Battle Creek.

Jim Pace, University of Michigan's All-American halfback, said that he is leaning toward signing a professional contract with the San Francisco 49ers instead of going to Canada where he could make more money.

Challenger Lew Hoad whipped world professional tennis champion Pancho Gonzales, 6-4, 6-4, Sunday for his 4th straight victory in their world tour.

Bay City Central football coach Elmer Eagle is reported talking to officials at Oak Park, Ill., High School about a similar post there. The school is perennially a grid power with 3,000 students.

## Utah Pro Wins Texas Tourney

Bill Johnston Shoots 274 Total for Honors at San Antonio

SAN ANTONIO, Tex. (U)—Club professional Bill Johnston, who plays only the winter tour—and not too much of that—was showing the big names of golf a thing or two today. He was the only player winning money in all tournaments this year.

The Provo, Utah, Municipal Course pro, a deadly swinger off the tee and as imperturbable as a marble statue, won his first tournament in two winters of trying yesterday as he galloped in with a 3-under-par 68 for a total of 274 on 72 holes and \$2,000 first money in the Texas Open.

Most of the field that pounded along behind him in this storied tournament also is on the way to Houston. Among them is Bob Ross, of Napa, Calif., the great stretch runner who almost won the Texas Open with a great 6-under-par 61 on the final 18 holes. He wound up in second place at 277 and got \$1,500.

Marr, who led the tournament by six strokes after the first two rounds but by only one going into the final 18 holes yesterday, could manage only a 2-over-par 73 and finished in a tie for third at 278. With Jimmy Demaret of Kiamesha, Lake, N. Y.; Bo Wingner of Odessa, Tex.; and Billy Maxwell, also of Odessa.

# Wings Win on Terry's Brilliant Play

17 Saves Made in 1st Period of 4-1 Victory

Detroit Back in Third Spot; Adams Says Club 'Kissed by an Angel'

DETROIT (U)—The final score read Detroit 4, Toronto 1, but Jack Adams said the Red Wings were "kissed by an angel."

"We could have been trailing by five goals in the first three and a half minutes," said the Wing general manager after last night's hockey game at Olympia Stadium.

The triumph put the Red Wings back into 3rd place in the National Hockey League, two points ahead of Boston and one point behind second-place New York.

"This is the third or fourth time we've had a chance to get into 2nd place," said coach Sid Abel. "It would be wonderful if we could get up there and stick."

The Maple Leafs thoroughly outplayed Detroit in the opening period of last night's contest, witnessed by 11,000 people despite the bitter cold. Sawchuk turned back great efforts by Frank Mahovlich, Tod Sloan and Brian Cullen in the last two minutes, and before the game was four minutes old made two or three more saves that drew thundering ovations from the crowd.

Twice in the first period the Leafs held a manpower advantage but failed to capitalize. The Wings took a 1-0 lead at the 13:26 mark when 34-year-old Tony Lesiwick got his 1st goal of the campaign when he smacked in Warren Godfrey's rebound.

It was a similar effort on Marcel Pronovost's long shot that put Detroit into a 2-0 lead in the 2nd period. Nick Mickoski got the goal from 12-foot range.

Gordie Howe carried the Wings through the final period. First, he set up Red Kelly on a 20-footer early in the period, stealing the puck from two Toronto players and sending a pretty pass to Kelly for the goal.

Five minutes later Howe took a pass from Norm Ullman at midice, skated around a Leaf defenseman and rifled a 25-foot backhand over the shoulder of goalie Ed Chadwick, who had a rough night in the net with only 21 saves.

Other games last night in the league resulted in victories for the Rangers over Bruins, 3-2, and the Chicago Black Hawks over Canadiens, 4-0. Montreal and Boston tied, 2-2, in a Saturday contest.

Chairman John Benson this morning said the review, including all previously announced features, would be held Saturday, Feb. 22, starting at 1 p. m.

Races for skaters 7 to 16 years of age by the Pontiac Skating club, Odessa, Tex., and Billy Maxwell, also of Odessa.

Duke's Basket Does It, 100-98

## Pistons Clip Hawk Quintet

ST. LOUIS (U)—Seven-foot Walter Dukes' newly acquired flair for dramatic finishes is proving troublesome for the National Basketball Assn.'s division leaders.

The lanky Detroit star sank a field goal in the final second last night as the Pistons scored a 100-98 triumph over the St. Louis Hawks, top team in the NBA's Western Division.

Two nights before Dukes hooked in a two-pointer in the last 23 seconds in giving Detroit a 111-109 victory over the world champion Boston Celtics. It was only Boston's second home court setback of the season.

Dukes' shot last night was in the air when the buzzer sounded, ending the game.

Although the contest ended on a tense note, the Pistons twice held a 25-point lead and then had to come from behind in the final minute to win.

George Yardley, the league's top scorer, Harry Gallatin and Gene Shue led a first-half surge which put the Pistons ahead 65-42 at halftime.

The Hawks closed the gap to 77-68 at the end of the third quarter, finally taking the lead 98-96 with 1:24 to go in the final period. Joe Holup of the Pistons sank two free throws to even the score at 98-98 with 53 seconds to go.

Dukes touched Shue's desperation shot just before time ran out and tipped it in for the winning score.

Bob Pettit was high for the Hawks with 27 points. Shue topped the Pistons with 21 followed by Yardley with 20 and Dukes with 19.

In other NBA games Sunday, the Minneapolis Lakers downed the Philadelphia Warriors, 106-99, and the Syracuse Nationals chalked up a 113-105 victory over the Cincinnati Royals.

Snowstorms postponed the scheduled game between the New York Knickerbockers and the Boston Celtics at New York's Madison Square Garden.

The National Football League pioneer yesterday announced he will succeed Paddy Driscoll as head coach of the team he organized as the Decatur, Ill., Steaks in 1920 and moved to Chicago in 1921.

It will mark the third time Halas will return to coaching. He celebrated his other two comebacks with championships in 1933 and 1934.

Two years ago, Halas handed the coaching reins to Driscoll saying administrative and coaching duties were getting to be too much for him.

Driscoll piloted the Bears to the Western Division title in 1936 only to lose the playoff championship to New York. The Bears were preseason favorites last year but finished in the second division with a 5-7 record.

Halas said Driscoll would become administrative vice president in charge of team organization and added there would be no other staff changes. That means retention of assistant coaches Phil Handler, Luke Johnson, Clark Shaughnessy, George Connor and Sid Luckman.

"When I quit coaching," said Halas, "I couldn't think of any reason to induce me to come back. But sitting back and looking over the situation the last two years, I felt coaching methods in pro football were changing and I developed some new ideas. Now I want to try out those ideas."

Advance tickets are available at Griff's Grill, 49 N. Saginaw, or the Armory, FE 4-4130. The matches are sponsored by the 107th Ordinance of the Pontiac National Guard and this Wednesday's bouts begin at 8:30 p. m.

The Pontiac duo of Marge Spalding and Cipa Walker rolled an 1195 handicap total to 1194 by the Hillsdale combination of Phyllis Mains and Mary Jane Chappell to win the rolloff for the doubles championship of the 1st National Ladies Elks bowling championship held recently at Local Lodge 810.

COACH AGAIN — George Halas, veteran owner and former coach of the Chicago Bears, will be back on the bench next year directing the play on the field. He will replace Paddy Driscoll.

ST. PETERSBURG, Fla. (U)—Betsy Rawls, who went on her steady way while Jackie Pung zoomed up and down, won the St. Petersburg Women's Open golf tournament.

She is the only woman pro on the circuit to win two events this winter. She also won the Tampa Open last month.

Miss Rawls, a Texan playing out of Spartanburg, S. C., picked a little off par every round, but didn't get much attention at first because Mrs. Pung was chopping great chunks off the 74 set as women's par for the 6,116-yard Sunset Club course.

Then Saturday Mrs. Pung lost her touch and took 81. Her margin dropped to one stroke as Miss Rawls shot another 73.

Again yesterday Miss Rawls shot 73 and won by four strokes with a 291 when Mrs. Pung took 78, missing eight putts of five feet or less.

Beverly Hanson of Indio, Calif., shot 75 to tie Mrs. Pung for second.

James Browning and Janel Harley of Lansing teamed to take second in senior pairs. Robert E. James of Ann Arbor and Dorothyann Nelson of Chicago placed third in the silver dance event.

James Browning and Janel Harley of Lansing teamed to take second in senior pairs. Robert E. James of Ann Arbor and Dorothyann Nelson of Chicago placed third in the silver dance event.

## Busy Week for Parochials Area Fives Play 7 Games

By H. GUY MOATS

With all parochial league competition settled, area Catholic school basketball clubs are making use of the time this week, and next to sharpen up for the coming district playoffs. None reached divisional trials, Orchard Lake St. Mary's coming closest as runner-up to St. Benedict, with a 8-2 mark.

The week will be a busy one. Seven games are listed starting with tonight's tilt at Shrine, against Detroit St. Benedictine.

Pontiac St. Michael and Orchard Lake St. Mary tangle Tuesday at 8:15 in the 2nd battle between the teams this season. Eagles trounced the Shamrocks 47-38 in the first meeting, but this could be another story, despite the advantage the Orchard Lakers will have on their own court.

Both clubs will use their regular starters, except in one spot. Coach Bob Minewasser said this morning he would start Bob Mountain at center in place of George Drake to give some help in scoring. Mountain is a 10th grader, brought up from the reserves and this will

be his first starting nomination. Other Shamrock starters will include Bob Minewasser and Art Robak at forwards, Pat Campbell and Tom Dabbs, guards.

Rams of St. Frederick will play Tuesday night at St. Francis de Sales, in Detroit. Detroiters finished 5th in the West Side loop, Rams 3rd in the SCL.

Detroit St. Rita returns to Pontiac for the 2nd time this season when the Irish oppose St. Michael's on Thursday in the only game of the year played on the Shamrock's home floor.

Games Friday pit St. Mary (O.L.) against St. Hedwig in Detroit, while St. Frederick goes to Detroit St. Cecilia.

Closing out the week's basketball business for the parochials will be another of those unpredictable Ram-Shamrock battles. It takes place Sunday afternoon at 3 o'clock in PCH gymnasium. Rams won the previous tilt, 54-25.

PHILADELPHIA (INS)—Who said the Pros took the foot out of football?

The top five scorers in the National Football League all were kicking specialists for their teams. The race for the individual championship ended in a tie between Cleveland's Lou Groza and Washington's Sam Baker, each of whom scored 77 points.

According to the official league statistics, Baker amassed his point total on 29 extra points, 14 field goals and one touchdown run, which came on a fake field goal attempt. Groza kicked 15 field goals and 32 extra points.

Hayes Jones blazed to victories in four events Saturday as Eastern Michigan walloped Central Michigan 73-31 in an indoor meet at Ypsilanti.

## Detroit Skater Midwest Champ

TROY, Ohio (U)—Gary Visconti of Detroit won first place in the junior men's event of the Midwestern Figure Skating championships over the weekend.

Sandra Shaw, also of Detroit, placed second in the junior ladies class at the end of the three-day tournament.

James Browning and Janel Harley of Lansing teamed to take second in senior pairs. Robert E. James of Ann Arbor and Dorothyann Nelson of Chicago placed third in the silver dance event.

## Pat Devany Cards 77

ST. PETERSBURG, Fla. (U)—Pat Devany of Grosse Ile, Mich., shot an 82-78-82-77 and carded a 319 in the women's open golf tournament. She won \$73.66 in prize money.

GAMBLER ON WEATHER — LOST — These racing fans braved a snowstorm to attend Saturday's program at Bowie race track and were unable to make it home through an 18-inch

blanket of snow. An estimated 1,000 people stayed at the track until Sunday waiting for a chance to dig out their cars. Some 3,500 others returned to Baltimore on special trains.

AP Facsimile

IN-OUT — Bill Hoelt, left, became the newest Tiger regular to join the list of signed players yesterday but his pitching buddy Frank Lary remains as a holdout.

## Halas Returns as Coach

CHICAGO (U)—Owner George Halas of the Chicago Bears is going to make a coaching comeback at the age of 63 with some "new ideas" he's itching to put into practice.

The National Football League pioneer yesterday announced he will succeed Paddy Driscoll as head coach of the team he organized as the Decatur, Ill., Steaks in 1920 and moved to Chicago in 1921.

It will mark the third time Halas will return to coaching. He celebrated his other two comebacks with championships in 1933 and 1934.

Two years ago, Halas handed the coaching reins to Driscoll saying administrative and coaching duties were getting to be too much for him.

Driscoll piloted the Bears to the Western Division title in 1936 only to lose the playoff championship to New York. The Bears were preseason favorites last year but finished in the second division with a 5-7 record.

Halas said Driscoll would become administrative vice president in charge of team organization and added there would be no other staff changes. That means retention of assistant coaches Phil Handler, Luke Johnson, Clark Shaughnessy, George Connor and Sid Luckman.

"When I quit coaching," said Halas, "I couldn't think of any reason to induce me to come back. But sitting back and looking over the situation the last two years, I felt coaching methods in pro football were changing and I developed some new ideas. Now I want to try out those ideas."

## Wrestling Here on Wednesday

Grunt 'n' Groan Boys Visit Pontiac Armory for 3-Bout Card

The grunt 'n' groan boys return to the Pontiac Armory ring Wednesday night for this city's 2nd professional wrestling show of the year.

Jim Hady and Joe Smith will meet the Donnyan Brothers in an Australian tag-team match to headline the three-bout program.

The Donovans, Northwest tag-team champions, defeated Hady and barefoot Al Warshawski in the opening show at the Armory and Hady, the Midwest champ, is coming back for revenge.

Dino Bravo, the Italian giant, tangles with Irish Sampson, the "pride of Dublin," and Martino Angelo faces Ted Marshall to round out the all-star card.

Advance tickets are available at Griff's Grill, 49 N. Saginaw, or the Armory, FE 4-4130. The matches are sponsored by the 107th Ordinance of the Pontiac National Guard and this Wednesday's bouts begin at 8:30 p. m.

Start of numerous sports events, including the NHL game at Chicago, were delayed because the storm delayed arrival of the teams.

Tuesday night's Steve Ward-Teddy (Red Top) Davis 12-round fight at Hartford, Conn., was postponed until Feb. 25.

## Pontiac Pair Doubles Champs After Rolloff

The Pontiac duo of Marge Spalding and Cipa Walker rolled an 1195 handicap total to 1194 by the Hillsdale combination of Phyllis Mains and Mary Jane Chappell to win the rolloff for the doubles championship of the 1st National Ladies Elks bowling championship held recently at Local Lodge 810.

## Coach Again

COACH AGAIN — George Halas, veteran owner and former coach of the Chicago Bears, will be back on the bench next year directing the play on the field. He will replace Paddy Driscoll.

ST. PETERSBURG, Fla. (U)—Pat Devany of Grosse Ile, Mich., shot an 82-78-82-77 and carded a 319 in the women's open golf tournament. She won \$73.66 in prize money.

James Browning and Janel Harley of Lansing teamed to take second in senior pairs. Robert E. James of Ann Arbor and Dorothyann Nelson of Chicago placed third in the silver dance event.

## Perilous Roads Claim Seven

Driving Dangerous in Entire State During Cold, Stormy Weekend

By THE ASSOCIATED PRESS

Seven persons died in Michigan traffic accidents over one of the coldest, stormiest weekends in decades.

Heavy snowfalls in the early part of the weekend capped by cold weather, heavy winds and drifting snow in the latter portions made driving conditions hazardous everywhere.

Mrs. Edward Goertzen, an elementary school principal of Taylor Township, died Sunday following an auto collision.

Carl D. Miller, 25, Petersburg, was injured fatally Sunday when his car struck a culvert in Monroe County.

Stanley Stanfield, 10, Battle Creek, was injured fatally Saturday when the car in which he was riding collided with a passenger train east of Kalamazoo.

Russell H. Lawrence, 43, Farmington, was killed Saturday night in a two-car collision in Wayne County.

Herman A. Davidson, 50, Highland Park, died Saturday when his car overturned in Detroit.

Emanuel Butler, 67, Detroit, was killed Friday when the car in which he was riding struck a bridge abutment in Detroit.

Raymond Bauer, 45, Saginaw, was killed Friday night when his car skidded into a tree near Bay City.

## Gardella Appointed Firm Vice President

The appointment of George A. Gardella Jr., as executive vice president of George A. Gardella Co., Wholesale Food Distributor was made recently.

Celebrating its 40th anniversary this year, the company is rated as America's largest independent distributor of frozen foods and specialty foods.

The main plant of GARDELLA JR. is in Detroit with branches throughout the state.

## Bucks Soviet Snow With Ike's Reply

MOSCOW (U.S. Ambassador Llewellyn E. Thompson drove through a heavy snowstorm to the Soviet Foreign Office today to deliver President Eisenhower's reply to Premier Bulganin's latest note on a summit conference.

Thompson made no public comment on the message, which he handed to Soviet Foreign Minister Andrei A. Gromyko. In the past such notes have been brought to the Foreign Office by messenger.

This appeared to remove the possibility that the two diplomats had any time today to begin talking about a summit meeting.

Westerners here speculated that Eisenhower's note may remove the last major block to negotiations for a summit meeting.

The text of the reply reportedly will be issued in Washington at 6 p.m. (EST) today.

## Classes Scheduled for 3 UAW Locals

A 10-week series of educational sessions for leaders of three Oakland County UAW locals will begin tomorrow at the Pontiac Motor Local 633 Hall, 38 E. Kennett Rd.

The classes will stress collective bargaining procedures, grievance procedures and labor history, according to Charles S. Curry, regional UAW educational representative.

Sessions will be on Tuesdays from 10 a. m. to noon and from 7:30 to 9 p. m. for stewards, committeemen and general membership, Curry said.

Attending will be representatives from Fisher Body Local 506; Local 540, which represents 16 plants in Oakland County, and Local 417, which represents five plants.

Dealers Hold 781,446 New Cars in Stock

DETROIT (U.S. New car dealer inventories rose to 781,446 units on Feb. 1, automotive news reported today. This compares with 652,208 units in stock a month earlier. A year ago at this time dealers held 630,034 cars.

The highest inventory of new cars ever held by the retailers was 903,793 units on March 1, 1956.

## MARKETS

The following are top prices covering sales of locally grown produce brought to the Farmer's Markets by growers and sold by them in wholesale package lots. Quotations are furnished by the Detroit Bureau of Markets, as of Wednesday.

### Livestock

DETROIT LIVESTOCK  
DETROIT, Feb. 17 (AP)—The Detroit livestock market.

Hogs—salable 700. Market not established.

Cattle—salable 1,000. Bulk early supply slaughter and butchery, quality below last Monday, good to low choice grades predominating. Cows around 20 per cent early trade on limited early supply of slaughter steers moderately early supply of butchery steers.

Cows opening fully steady. Early sales choice 100 to 1,100 pound steers 25.00 to 26.00; small to medium choice steers 24.00 to 25.00; utility and standard steers 23.00 to 24.00.

Early sales choice 25.50 to 26.50; good to low choice 23.50 to 24.50; utility 22.50 to 23.50; butchery 21.50 to 22.50; cullers 20.50 to 21.50.

Cattle—salable 150. Early trade on limited supply steady, a few choices to prime 120.00 to 13.00; average 11.00; high prime vealers absent; standard and good grade 10.00 to 12.00; utility 9.00 to 10.00; butchery 8.00 to 9.00.

Sheep—salable 100. Market not established.

### Grain Prices

CHICAGO OPENING GRAIN  
CHICAGO, Feb. 17 (U.S. Open today.)

|          |      |
|----------|------|
| Wheat    | 2.14 |
| Barley   | 1.14 |
| Oats     | 1.14 |
| Corn     | 1.14 |
| Soybeans | 1.14 |
| Wheat    | 2.14 |
| Barley   | 1.14 |
| Oats     | 1.14 |
| Corn     | 1.14 |
| Soybeans | 1.14 |

### STOCKS

NEW YORK (U.S. The stock market was slightly lower in quiet early trading today.

Most key stocks declined fractionally. There were a few small gainers.

Some tobacco, oils and base metals nudged ahead but steels leaned to the downside and motors were irregularly lower. Farm implements, aircrafts, chemicals and most leading rails edged off.

Reports were that steel orders for March are falling to match prices continued soft. More price reductions and cutbacks were announced for crude oil.

Following Friday's good technical recovery there was little in the weekend news to prompt its continuation.

Du Pont dropped more than a point. U. S. Steel, Republic Steel, Chrysler, International Harvester and General Dynamics dropped fractions.

After a moderately active opening trading became very slow. Because of the blizzard there was some early absenteeism and tardiness among floor brokers at the New York Stock Exchange.

## Government Dips Into Till to Take 100 Million Dollars

By SAM DAWSON

NEW YORK (U.S. Uncle Sam's golden nest egg is helping him meet his bills while waiting for you to pay your income tax.

Tapping Fort Knox for 100 million dollars in emergency reserve gold so that new currency can be issued against it is another side of the complicated and often mysterious part that gold plays.

Important elements in the story of gold include the secret hoard of the Russians and how they use it from time to time; the amount that the United States keep as legal backing to its currency; the dollar investments of foreign lands which theoretically could be turned into gold on demand; and the Treasury's emergency gold reserve.

This reserve was once nearly three billion dollars. Now it's 400 million.

Federal spending is rising and

thought to appear through the black market.

Sub rosa dealing in gold has subsided in recent years but earlier it went as high as \$60 an ounce.

OTHER BUILD UP  
Other Western countries have been building up gold and dollar reserves. Their central banks have perhaps nine billion U.S. dollars which by law could be turned into gold on demand.

Individual foreigners have an estimated six billion in dollar credits, a further theoretical threat to our gold stocks.

In financial circles a run is considered highly unlikely.

U.S. gold holdings are now 22 1/2 billion dollars, half a billion more than a year ago. About 12 billion of this is earmarked for currency backing.

U.S. gold holdings are published daily, but Russia's gold is a well kept secret. Its hoard is believed to be second only to ours but far smaller. Top guesses put it at seven billion dollars.

OUTPUT DROPPED  
U.S. gold output has dropped. Miners say that since the price hasn't risen from \$35 an ounce since 1934 gold digging isn't profitable. Latest figures put U.S. gold production at 34 1/2 million dollars a year, compared with 121 million dollars before the war. Meanwhile Russian production is believed to have been kept up.

Russian gold is reported swinging up world markets presumably in payment of goods. Often it is

DETROIT (U.S. General Motors employees received a record \$3,414,073 in awards for suggestions on ways to improve operations and better their jobs in 1957.

Nearly 261,000 ideas were accepted. Maximum awards of \$2,500 were granted for 118 of the ideas submitted, and 427 suggestions resulted in awards of \$1,000 or more.

The previous record total of payments was \$3,225,741 awarded in 1955.

General Motors said last year's awards brought to nearly 24 million dollars the total payments made since 1942 when the plan was established on a company-wide basis.

The suggestions advanced last year ranged from use of a can opener for replacing metal tabs in slots on a timecard rack to substitution of smaller water pipes in a plating job to conserve water. The latter suggestion, GM said, is expected to save more than 70 million gallons of water a year.

Rambler Car Sales Up

DETROIT (U.S. American Motors reported today its retailers sold 2,906 Rambler cars in the first 10 days of February. This compared with 1,760 unit sales in the same 1957 period. Sales since the start of the 1958 model year, (Oct. 1) have numbered 41,515 units, a 66.4 per cent increase over deliveries.

Rail Platforms Long

BOMBAY — Of seven railway platforms in the world that are more than 2,000 feet long, five are in India.

## 32 Missing on Korean Airliner Fog Over Italy Hampers Hunt for 16-Man AF Plane

NAPLES, Italy (U.S. Fog and heavy clouds over the south Italian mountains and the Ionian Sea hampered the search today for a twin-engine U.S. Air Force transport missing with 16 military personnel aboard.

Despite the fog, more than 15 American search planes took off from bases in the Naples area. Italian seaplanes from Syracuse and Taranto, British planes from Malta, and ships of the U.S. 6th Fleet joined in.

Officials said the possibility that the plane had been forced down in Communist Albania could not be excluded. There were unconfirmed reports that the United States was trying to check with the Albanians.

SEOUL, Korea (U.S. The United Nations Command will meet the Communists tomorrow to demand the return of a Korean civilian airliner which vanished into North Korea with two Americans at the controls and 30 other persons aboard.

It was assumed that one or more Communists had gotten aboard the plane in disguise and forced the pilots to fly north at gunpoint. Korean National Airlines charged the 32 had been kidnapped.

Aside from agreeing to the U.N. request for a meeting in the neutral zone at Panmunjom, the Communists remained silent on the fate of the twin-engine airliner.

Lt. Col. Howard W. McLellan of Buchanan, Mich., was among 32 persons aboard.

Col. McLellan, a U.S. Air Force officer, was acting as co-pilot.

## Need Tax Cut, Detroiters Told

U.S. Economy Requires More Moderate Rate, According to Speaker

DETROIT (U.S. Charles R. Sligh Jr., executive vice president of the National Assn. of Manufacturers, asked Congress today to "remove the roadblocks to capital formation and restore personal incentive" by cutting taxes on individual and corporate incomes.

What the nation needs to revitalize its ailing economy, he said, are moderate tax rates spread over the widest possible base.

In a speech prepared for delivery before the Detroit Economic Club, Sligh described the current tax structure as punitive and said it undermines incentive and hampers the accumulation of needed investment capital.

It would be difficult, he said, to devise a tax system more hostile to a dynamic growing economy than the one we now have. And, he added, the only way the government can hope to take in enough revenue to balance its budget without inflation is through a resumption of economic growth.

Economic growth, Sligh said, could best be fostered by "reforming the tax rate."

The former NAM president proposed a systematic tax cut along lines embodied in bills introduced in Congress by Rep. Sadiak (R-Conn) and Rep. Herlong (D-Fla.).

Other measures provide gradual tax rate reductions over a five-year period down from 20 to 15 per cent on individual incomes and from a top of 52 to 42 per cent on corporate earnings. The bills also would cut the progressive surtax rates from a top of 91 per cent to 42 per cent.

Individual foreigners have an estimated six billion in dollar credits, a further theoretical threat to our gold stocks.

In financial circles a run is considered highly unlikely.

U.S. gold holdings are now 22 1/2 billion dollars, half a billion more than a year ago. About 12 billion of this is earmarked for currency backing.

U.S. gold holdings are published daily, but Russia's gold is a well kept secret. Its hoard is believed to be second only to ours but far smaller. Top guesses put it at seven billion dollars.

OUTPUT DROPPED  
U.S. gold output has dropped. Miners say that since the price hasn't risen from \$35 an ounce since 1934 gold digging isn't profitable. Latest figures put U.S. gold production at 34 1/2 million dollars a year, compared with 121 million dollars before the war. Meanwhile Russian production is believed to have been kept up.

Russian gold is reported swinging up world markets presumably in payment of goods. Often it is

## 5 Die as Blast Destroys Home

2 Others Are Injured by Explosion in Indiana Farmhouse

EVANSVILLE, Ind. (U) — An explosion in zero weather destroyed a farm home here early today, killing five persons. Two others were injured. A house next door and a grocery across the street were damaged.

Mr. and Mrs. Virgil Oglesby; a daughter, Mrs. Oglesby's brother; and her mother were killed. Two Oglesby sons were injured. Firemen said they believed the furnace in the home exploded. It had been converted to gas from coal.

Virgil Oglesby was 47 years old; his wife, Nellie, 44; and their dead daughter Patricia Ann, 5. The two others killed were James H. Cooper, 56, and Mrs. Liza C. Cooper, 80, the mother. The two Oglesby sons, Bobby Lee, 13, and James Henry, 26, were taken to a hospital. Bobby Lee was released, but James was held for treatment for minor injuries.

Fire destroyed the 1½-story home and damaged the house next door. The blast damaged the grocery.

Martin Chenault, a farmer in British Columbia, Canada, has his own "deep freeze." In a cave in a mountain near his farm he stores his vegetables and fruits. The cave is lined with crystal-clear natural ice throughout the summer.

## Bottles Still Pop, Objects Fly in New York Home

SEAFORD, N.Y. (U) — The Herrmann family reports more popping bottles and flying objects in their Long Island home.

James Herrmann, said this happened last night: a plastic angel on a night table in the bedroom of his 12-year-old son James flew through the air and hit a statuette of Davy Crockett four feet away on the dresser. Both objects had been knocked over and damaged previously, the father said.

Herrmann, who lives in a ranch home with his wife and two children, gave this score for Saturday:

In the afternoon, a bottle of plain water was knocked over in the master bedroom. The cap was unscrewed and some of the water spilled out. The water was warm.

**HOT TO TOUCH**  
Also, a perfume bottle fell on its side, and a little of the perfume spilled. For the first time during the reports of strange doings—both bottles were hot to the touch.

And on Saturday night a figurine moved off into the air from a low end table in the living room while the father, his two children and a visiting cousin of theirs watched.

The figurine went about 18 inches horizontally and then fell to the rug. It did not break.

**NO THEORIES**  
After the latest reports, Nassau County Detective Joseph Tozzi said: "I don't have any theories any more." Police and various official and private agencies have looked into

the happenings at the Herrmann home and have failed to come up with an answer.

One of the many explanations suggested was that mysterious vibrations were behind it all.

## Firemen Stymied

TOKYO (INS) — Firemen shining up for weekly inspection were interrupted by a three-alarm fire. They rushed off in their truck and were halfway to the fire when someone remembered that both hose nozzles were back at the station being polished.

## Four-Story Building Burns in Jackson

JACKSON (U) — A fire destroyed the four-story Moose Lodge building in downtown Jackson yesterday.

Lodge officials estimated damage to the building and heat and water damage to adjacent structures at half a million dollars.

The blaze broke out in the fourth-floor ballroom. Cause of the fire was not determined. The building was empty when the blaze started.
