

1964 City Tax Base Up Nearly \$15 Million

U.S. Ready to Help Brazil's Government

WASHINGTON (AP) — Secretary of State Dean Rusk said today the United States is ready "to work very closely" with the new government of Brazil in tackling Brazil's difficult problems of economic and social development.

President Johnson had sent a message last night to new Brazilian President Paschoal Ranieri Mazzilli, congratulating him on Brazil's having solved the government change within that nation's constitutional framework.

This established U.S. recognition of the new regime following the ouster of President Joao Goulart.

Rusk told a news conference that Goulart had been overthrown by a combination of forces representing fears in the Brazilian Congress, armed forces, and among state governors that constitutional government in the country was in danger.

Rusk said he wanted to emphasize that the upheaval which has now taken place in Brazil has not solved "all that country's problems by any means."

He said he included problems of inflation, the size of the external debt, need for capital investment and many others.

U.S. AID
It is clearly in this context that he was in effect holding out the hand of U.S. assistance to whatever extent the new Brazilian government wishes it. He predicted that the United States and Brazil would be consulting on common efforts.

Rusk also said he thought that South America's biggest country might now, under new leadership, begin to cooperate more with other nations in the hemisphere, including the United States, on such problems as those arising around Cuba.

Under the Goulart administration, Brazil was reluctant to join in any kind of action against Fidel Castro and this was a frequent source of irritation in its relations with the United States.

Several questions put to the secretary asked in effect whether the ready U.S. approval of the election of Goulart by force meant that this government was changing its policy on military seizures of power in Latin American countries.

RUSK'S REPLY

Rusk's reply covered two points in denying that there was any change in policy:

1. He argued that the Brazilian revolt was different from any other that normally occurs in Latin America because it was an action by mixed groups of armed forces leaders and civilian politicians to save "constitutional and democratic processes."

2. As to military uprisings generally, Rusk said each one has to be considered in the special circumstances in which it occurred and the results which it produced.

All-Time High if No Appeal to State Unit

Hike Could Mean \$1 Per \$1,000 Drop for Property Owners

The Pontiac Tax Board of Review today set the city's 1964 tax base at \$295,471,900 — an increase of nearly \$15 million over last year's final total assessed valuation.

If there are no major appeals to the State Tax Commission this year by local property owners, the \$295 million will be the highest tax base in Pontiac's history.

If there is no change in the state equalization factor for Pontiac, and if there are no changes in the 1964 city budget adopted in January, the city's tax rate could drop nearly \$1 per \$1,000 of assessed property value this year as a result of the tax base hike.

These are big "ifs" according to City Assessor Edward C. Bloie, who announced the valuation figures.

The city tax rate last year was \$18.10 per \$1,000. This year's budget as adopted in January calls for a tax levy of \$4,463.557.

LOWER RATE

On the \$295-million tax base, it would take a tax rate of approximately \$15.11 to raise that amount.

No one will know exactly what tax rate will be needed until about June 1 when state equalization factors are announced.

"We don't expect to run into the trouble we did last year on assessment appeals to the state," Bloie noted. "However, I wouldn't be surprised if the tax equalization factor goes down a little."

The effect of a drop in the factor would be to contract the advantage of a hike in the tax base.

INITIAL VALUATION

Last year, the tax board of review set Pontiac's total assessed valuation at \$268 million.

However, General Motors Corp. and a half-dozen smaller taxpayers appealed the assessed valuation set on their properties to the State Tax Commission.

The state granted them reductions totaling \$27.9 million, and the final tax base ended up at \$280 million.

This year, Bloie recommended a total assessed valuation of \$295,471,900. The board of review granted a \$1,179,000 reduction to property owners appealing their assessed values.

All of the board reductions were on real estate assessments and all the appeals came on indigent or hardship cases, Bloie said. "We had no appeals at all on personal property assessments."

Bloie placed a \$162,252,500 assessed value on real estate. The board cut it to \$161,081,500. His recommended \$134,390,300 valuation on personal property was not changed.

MAJOR CHANGES

Bloie figured some major increases and losses in his recommended figures. GM accounted for the biggest single increase.

Bloie increased the assessed value of GM real and personal property \$12,555,100. This includes a \$6,748,694 hike that came through an inventory and updating of GM properties in Pontiac last fall.

"The \$6 million adjustment has already been okayed by the state," said Bloie, "and GM has not indicated any desire to

STUCK TRUCK—Getting out of Pontiac proved difficult this morning for this tanker. The truck required assistance to reach southbound Telegraph from the Orchard Lake Road cutoff. Kenneth Brock of 854 Robinwood aided the truck's climb up the incline on Telegraph with salt. Brock works for the Oakland County Road Commission.

Early Robins to Need Sleds

Winter sports — alush shoveling and slippery driving — returned to Pontiac and Oakland County today.

An estimated 3 inches of snow were dumped on the area last night, catching spring-minded folks by surprise.

Even the weatherman, who had predicted rain and temperatures in the upper 40s, was caught with his snow shovel in the garage.

Slippery driving conditions caused minor accidents throughout the county this morning, but by afternoon, slush prevailed and a few icy spots were reported.

RAIN, SNOW?

Light rain or snow is predicted for tonight and tomorrow. Mostly cloudy is forecast, low tonight 39 to 36, high tomorrow 40 to 47.

The five-day forecast includes frequent, almost daily, rain with temperatures to average 3 degrees below the normal high of 51 and low of 35.

Cool over the weekend with warmer temperatures on Monday and Tuesday. Precipitation will total about one inch.

Northeast winds today at 10 to 20 miles.

The lowest temperature in downtown Pontiac preceding 8 a. m. was 28. The reading at 2 p. m. was 28.

Broomfield to Seek Military Aid Raise

WASHINGTON (UPI) — Rep. William S. Broomfield, R-Oakland County said yesterday he will propose that congress boost President Johnson's \$1 billion military foreign aid request by \$250 million in an effort to win the war in Viet Nam.

Broomfield is the top Republican on the House

Foreign Affairs Far East Subcommittee and a prominent foreign policy spokesman for his party.

Broomfield said in a statement that Johnson's \$1-billion military assistance program was too low and "could be a dangerous and expensive gamble in South Viet Nam."

The Michigan Congressman noted that Defense Secretary Robert S. McNamara publicly acknowledged that \$1 billion was not enough to do the best job in coping with the threat of Communist expansion overseas.

McNamara recently told the House Foreign Affairs Committee that the administration did not ask for more money because Congress had made it "crystal clear" that it was unwilling to appropriate a larger amount.

Broomfield criticized McNamara's stand.

"Congress is ready and willing to provide whatever is necessary to win the war in Viet Nam," the lawmaker said.

Russia Urges Showdown to Settle Red Rift

Bitter Blast Charges China With Stirring Unrest and Sabotage

MOSCOW (AP) — The Soviet Union finally lashed back at Red China today, calling for a showdown meeting of the world's Communist parties to thrash out communism's big feud.

Breaking a six-month silence, the Kremlin accused the Chinese of trying to run the Red bloc, to stir political unrest in the Soviet Union, to sabotage Premier Khrushchev's policy of peaceful coexistence and to obtain nuclear weapons at any cost.

The Soviet reply occupied nearly an entire edition of the Communist party newspaper Pravda. In a front-page editorial, Pravda called Mao Tse-tung's regime "the main danger to the unity of the world Communist movement."

Pravda said the final straw was Tuesday when Peking called Khrushchev "the greatest capitalist in history" and demanded that Communists in and out of the Soviet Union repudiate his policies.

The party organ called the attack "a terrible insult to our people and the entire Soviet people."

PASSED LIMITS

"It showed conclusively that the leaders of the Communist party of China have passed all limits in their political struggle against the world Communist movement," the editorial continued, "and have chosen the Communist party of the Soviet Union and the Soviet Union as the main target for their attacks."

The remainder of the paper contained an anti-Chinese speech by Mikhail A. Suslov, the Soviet party's chief ideologue. The speech had been kept secret since Suslov delivered it to a meeting of the Soviet Communist party's central committee Feb. 14.

Accusing Red China of "nationalist arrogance" and "great power, egotistical interests," Suslov said: "There is no longer any doubt that Peking is steering a course toward a split among the Communist parties, toward the setting up of factions and groups hostile to Marxism-Leninism."

Suslov accused the Chinese of seeking to usurp the Kremlin's leadership of the world Communist movement and to bring political chaos within the Soviet Union as well.

HARSH LANGUAGE

Although Suslov's speech was laced with harsh language, he did not propose reading Peking out of the Communist movement, as Stalin had tried to do to Marshal Tito's Yugoslavia.

Instead, Suslov proposed a meeting of the world's Communist parties "to discuss the basic problems of our time and to hold the broadest possible exchange of opinions in the interest of surmounting the difficulties that have arisen in the Communist movement."

The blast came while Khrushchev was visiting Hungary. The Soviet premier indicated public annoyance with his Chinese critics on Wednesday by saying Peking wanted to spread world revolution on an empty stomach.

"Isn't it better to have good gulash?" Khrushchev asked applauding Budapest factory workers.

Hungary's Communist party came to its support today, accusing the Chinese of "weakness."

Locks Give Shock

Beatles in Heir's Hair?

PRINCE CHARLES

Squares pointed out that Charles had been exposed to clippers and shears in the rear, especially along the neck line. It was just the wind blowing on Charles' fairly long front locks, they said.

PALACE WORD

A spokesman for Palace attaches, who saw pictures of the Prince in the London morning newspaper, said:

"We really don't know if it's a Beagle hairdo or not. Doesn't look it from the rear or the sides perhaps. And we really can't ask, now can we?"

Rocket Plans, Tests Hit by Space Chief

NEW YORK (AP) — Space chief James E. Webb has told the chairmen of the Senate and House Space committees that Ranger 6, which crash-landed on the moon Feb. 2, was poorly designed and inadequately tested before launching, the New York Herald Tribune said today.

Webb, chief of the National Aeronautics and Space

Administration, listed major faults of Ranger 6 in a letter to Sen. Clinton P. Anderson, D-N.M., and Rep. George P. Miller, D-Calif., the newspaper said in a Washington dispatch by Stuart H. Loory.

Webb's letter, the Herald Tribune said, listed the following faults:

1. The two independent television systems on the space ship "were more complex than required" and "included a number of common components in which a single failure would lead to disablement of both television systems."
2. The engineers could have taken greater precautions to insure the robot against short circuits resulting from contamination, the letter reportedly said, quoting Webb as saying possibilities of a failure increased as a result of practices employed in the design and construction of the spacecraft.
3. Preflight ground testing "may have obscured potentially dangerous situations which could have enhanced accidental triggering of critical control circuits."

NEVER TESTED

4. The newspaper said the letter asserted the antenna it carried to relay lunar pictures back to earth had never been tested, together with the high-powered transmitters.

Hoffa Protege Is Indicted

CHATTANOOGA, Tenn. (AP) — A young man raised by James R. Hoffa has been indicted on charges of offering a \$25,000 bribe to a member of the jury which convicted the Teamsters Union president of jury tampering.

Charles L. O'Brien, 29, business agent for a Detroit Teamster local, is accused of offering the money March 9 to Callie Key, a widow if she would swear Hoffa did not receive a fair trial.

O'Brien posted \$15,000 bond and was released pending arraignment.

As a child, O'Brien was taken into Hoffa's home after his father, a Kansas City truck driver, was killed.

Hoffa recently said O'Brien is "a boy who I have raised since he was a baby."

O'Brien was a resident of Bloomfield Township until his home at 285 Harrow Circle was gutted by fire in July 1959. State police said an arsonist used fuel oil to start the fire.

The alleged bribe offer took place five days after Hoffa was convicted here and three days before he was sentenced to three years in prison and fined \$10,000.

WREATH FOR HEROES — Russian Premier Khrushchev placed a wreath at the Hungarian Hero Memorial in downtown Budapest today. Khrushchev (center), flanked by two soldiers, is in Hungary rallying Communist bloc support for his struggle with Red China.

Harl's Mail Against Rights

Senator Supports Bill Despite Opposition

WASHINGTON (UPI) — Sen. Philip A. Harl, D-Mich., yesterday reaffirmed his support of the civil rights bill although he said his mail from home has been showing more opposition to the legislation than support for it.

Harl, in a news conference, also warned pro-civil rights

See Story, Page B-5

groups that Capitol demonstrations in support of the bill might do more harm than good.

The Michigan Democrat said his latest weekly mail count from home showed 139 letters for the civil rights bill and 181 plus 9 petitions, against it. Mail from outside Michigan ran 6 for and 205 against, he said.

Although he said he would hesitate to criticize peaceful "citizen demonstrations," Harl said the prohibition on demonstrations at the Capitol or in senators' offices "makes good sense."

"I doubt if any member of the Senate would be persuaded by it and it might give an alibi to those who wanted to vote against the bill," he said.

SCARE TACTICS
Some of the phrases in the opposition letter he has received were lifted directly from the "scare" tactics of a Mississippi-supported committee formed to fight the legislation, Harl said.

He quoted the definition of the civil rights bill as "10 per cent rights and 90 per cent snatching of power by the federal government" as identification of that source.

Some of the senator's correspondents take warning note of his assertion that the statement of public policy contained in the bill is a statement of public policy long ago agreed to in Michigan, and that the legislation will have his support and his vote.

"Write to me, too, Sen. Harl," one note. "I will not soon forget." "This bill may have your support and your vote, but you are sure you do not have our vote," wrote another who signed himself "ex-Democrat."

Harl is a candidate for reelection to his second term in the Senate.

City Tax Base Rises

(Continued From Page One)

appeal the over-all \$13-million increase."

NEW CONSTRUCTION

Blue also figured some \$600,000 in other increases from new construction, some only partially completed which will add more to the tax base next year.

Among these other increases were \$225,000 on the new First Federal Savings of Oakland building, \$234,100 on two new convalescent homes, \$215,000 on a new addition to The Pontiac Press, \$100,000 on Pontiac Osteopathic Hospital and \$72,000 on some 262 new

homes built in Pontiac last year.

The biggest single loss, outside of the board reduction, was \$1,482,000 from the closing of Baldwin Rubber Co.

The Baldwin loss amounted to \$1,012,000 in personal property valuation and \$470,000 in real estate.

APPEAL DECISION

Baldwin appealed to the board for a further reduction, but the appeal was denied.

The city also lost \$1,297,200 in assessed valuation through urban renewal demolition and another \$220,400 in property taken by the state for perimeter road reconstruction.

Downside property owners were given a total \$900,000 cut in property assessments by Blue. This is part of a gradual reduction which has seen the assessments on downtown properties cut at least 40 per cent in the last three years, Blue said.

As for the city budget, it is currently squeezed for more tax income. Many department operations had been cut back this year and last.

UPWARD REVISION

The city commission may revise it upward somewhat if the tax base and equalization factor remain constant.

If the 1963 tax rate of \$16.10 per \$1,000 were applied to the \$295-million tax base, it would produce \$241,281 more in revenue for the city this year than last.

Soviet Move Forecasts Era

Split in Red Bloc Challenge to U.S.

(EDITOR'S NOTE—Stanley Johnson was an Associated Press correspondent in Moscow for six years, until 1962. He has reported on the Soviet-Chinese quarrel—since it became acute in 1959-60. In this analysis he discusses the implications for the United States of the newest development in the dispute.)

BY STANLEY JOHNSON
NEW YORK (AP) — The Kremlin virtually read the Chinese out of the world Communist movement today, forecasting an era which brings new opportunities and new dangers for the United States and its friends.

How to exploit what appears to be an unbridgeable chasm between Moscow and Peking was a major concern of the White House and State Department long before the Soviet Communist party issued its showdown challenge. Now, it has become a vital concern.

To most diplomats, it long has seemed inevitable that a definitive break with China would mean the Soviet Union would have to work to improve relations with the West.

Not only does such a break mean the return to the relatively small "socialist camp" of the late 1940s, it also means the Soviet Union must guard the world's longest border against an openly hostile China.

In addition to the United States, firmly opposing Communist expansion in the West, there is also Communist China, firmly opposing Soviet policy in the East.

THANKS STARS
Premier Khrushchev must be thanking his lucky stars he resisted all pressures to help China build an atomic bomb.

With its limited resources, faltering agriculture, and pressures to fight imperialism with improved living standards for its people, the Soviet Union will find such a situation an almost unbearable strain unless there is relaxation somewhere.

It could come in Berlin, Cuba or any point where Moscow and the West are in conflict.

The other side of the coin is just as important, however. The Soviets, and Khrushchev in particular, cannot afford to follow a policy which might appear to prove the Chinese charge that Khrushchev is "the greatest capitalist of all time" and a stooge of the United States.

The late President John F. Kennedy understood this well, and there is no reason to think President Johnson does not.

Khrushchev put an optimistic spin on things to the last. Even in the call for a world Communist showdown meeting, his spokesman said the Soviet Union was still willing to work for reconciliation.

The possibility remains that pressure from other Communist parties during the proposed meeting might bring the Chinese back into the Communist fold.

MacArthur Critical but Progressing

WASHINGTON (AP)—General of the Army Douglas MacArthur's condition remained critical today, but apparently one of the complications that has beset him was at least temporarily halted; attempts to combat an even graver one were progressing satisfactorily.

This was the import of a medical bulletin released at 9:30 a.m. at Walter Reed Army Hospital by Lt. Gen. Leonard D. Heister, surgeon general of the Army and one of the chief surgeons in all three of MacArthur's major surgical operations since March 6.

The complication that seemed at least temporarily halted is intermittent bleeding from the esophagus — a trouble that recurred to add danger to his third operation Easter.

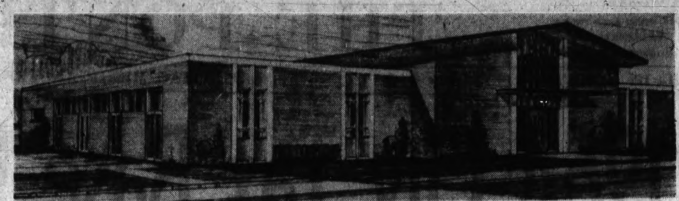

Extensive bleeding from the esophagus prompted MacArthur's second operation March 23. It was halted then, but resumed intermittently.

NO SUCH BLEEDING
Reporting that there has been no such bleeding for the past 20 hours, Heister said a tube inserted through MacArthur's throat and esophagus and into his stomach — and designed to control the bleeding by means of pressure from inflatable balloons attached to the tube — is being removed this morning.

The second and more grave complication the doctors are seeking to combat is MacArthur's diminished kidney function. This was reported by the doctors to have reached the point of continued degeneration Thursday morning — but to have stabilized in the afternoon.

Illinois State Official Dies of Heart Attack
SPRINGFIELD, Ill. (AP)—Charles F. Carpenter, 67, Illinois secretary of state since 1952 and a power in the state Republican party for many years, died early today of a heart attack.

The veteran political leader, who had been hospitalized since Jan. 21, suffered a heart attack shortly before midnight.

Masons Will Break Ground For Birmingham Temple Tomorrow

'Traffic Signs Too Confusing'

Tied to Road Deaths by Judge McCallum

"Very confusing" signs put up by the State Highway Department play a part in Michigan's traffic death toll, Pontiac Municipal Court Judge Cecil McCallum charged yesterday.

The native might know, but to the stranger trying to reach Pontiac through Telegraph Road it is a mishmash," he said. "The signs are too confusing."

"We've had several fatal accidents in our area recently that I think should be indirectly attributed to improper signing."

Judge McCallum's indictment came at a traffic safety meeting called by Gov. Romney in East Lansing.

Judges from throughout the state gave a number of recommendations to reduce traffic deaths and injuries.

CALLS FOR ACTION

Detroit Traffic Court Judge John D. Watts, an angry and outspoken fighter for safety, won unanimous approval of a resolution calling on the two houses of the legislature to act.

It was suggested lawmakers obtain facts for their studies from the Michigan State University Traffic Safety Center. Romney has asked that the center be reactivated with a new grant.

Watts drew an admission from the Governor that he had no answer to why the House and Senate had not set up permanent committees to study the problem. Romney said he would form a citizens safety committee.

But the judge failed to get backing for a demand that all drivers with 12 points or more on their driving record have their licenses automatically suspended.

Royal Oak Municipal Court Judge John L. Leimbouts said more judges should send their problem drivers to schools set up by the counties.

Fifteen counties now have such schools — and they are accepted very well by the people we send there," he said.

Judge Clark Olmsted of Kalamazoo Municipal Court urged more use of youth panels to aid in sentencing after a young driver has been convicted.

Birmingham Area News

Temple Ground-Breaking Set

BIRMINGHAM — Ground-breaking ceremonies for the new Birmingham Masonic Temple will be held tomorrow afternoon on the Woodward site.

Special guests at the 3 p.m. event will be Birmingham Mayor William H. Burgum and Commissioner James A. Beresford and City Manager Elmer Kephart of Bloomfield Hills.

Newton S. Bacon, grand master of Michigan Masons, will be attending.

William M. Barr, Birmingham Masonic Temple Association president, will be assisted in the ceremony by the principal officers of the Masonic organizations in the Birmingham-Bloomfield area.

Representing their groups will be Charles T. Buchan, master of Birmingham Lodge No. 44, F&AM; Walter M. Dickinson, high priest of Birmingham chapter No. 93, Royal Arch Masons; and Virginia Lee Stutz, matron of Birmingham chapter No. 220, Order of the Eastern Star.

Others are Howard Coe, president of Birmingham High Twelve, and Fred H. Korte Jr., president of the High Twelve Club of the Hills.

CONSTRUCTION SOON

The Austin Co. of Detroit, general contractors, will begin construction soon on the 160,000 sq. ft. of the new temple on the west side of Woodward.

The single-level building is of contemporary design with brick, glass and stone predominating.

Appropriate murals are planned for the lodge room. Seating space, including a balcony, will accommodate about 200 persons.

The banquet room will have seating capacity for about 215 diners. Adjacent to it will be a completely modern kitchen.

Masonic Temple facilities also will be available for public use.

The Community House will begin its spring term of expanded classes Monday.

The number of courses offered was increased because of large enrollments for the two preceding terms, according to Karl E. Emanuel, educational activities director at the Community House.

He reported 1,934 students already have taken craft, hobby and cultural courses this year.

Among classes available are advanced crewel embroidery and advanced decoupage, both for students who have had beginning courses.

BRIDGE CLASSES
There will be three bridge classes for beginners, those who know something about the game and those who have advanced to the intermediate stage.

Others are advanced Russian, exercise for women, sewing and tailoring, flower arrangement, gardening, home

accessories workshop and study skills workshop. Enrollments are being taken from 9 a.m. to 9 p.m. daily. Further information can be obtained by calling the Community House, 380 S. Bates.

Ed Lark will narrate a color program concerning Scotland and Wales tonight and tomorrow night at the Community House.

The film will be shown at 8 p.m. Tickets can be purchased at the door.

Beginning Saturday, the regular test sounding of Birmingham civil defense sirens at 1 p.m. on the first Saturday of the month will be reduced to half its former duration.

The new sequence will be a

one-minute steady signal (alert), then a half-minute of silence, followed by a one-minute undulating signal (take cover).

Formerly, the test consisted of two minutes for each signal with one minute of silence in between. The change is in accord with the federal government recommendation to standardize siren testing throughout the nation.

Unopposed for the two three-year terms on the Birmingham Library Board on Monday's election are Arthur J. Underwood Jr. and B. James Theodoroff.

Edwin S. Snyder, reported earlier as a candidate for the library board, is not seeking reelection.

County Committee Urges Delay in Home Rule Act

The Oakland County supervisors' legislative committee yesterday recommended that the Legislature take no action this year on a proposed county home rule enabling act.

The committee urged instead the establishment of a joint Senate-House interim study committee to prepare a new bill for next year.

Committee Chairman Carl Ingraham said the committee felt the present bill was being rushed too much and that it has been seriously weakened by amendments in the Senate.

The bill, which originated in Wayne County, has cleared the Senate and is now in House committee.

It was amended so that it will apply only to the three most populous counties in the state, Oakland, Wayne and Macomb.

FURTHER CHANCES

The bill was further amended so that it would require partisan election of county officials in home rule counties.

"The committee felt the question of partisan or non-partisan election should be left up to each county," said Ingraham.

While the committee took no strong issue with the amendment which would limit home rule to counties of at least 400,000 population, several attorneys have indicated that it might make such an act unconstitutional.

They refer to that section of the new constitution which reads:

"Any county may frame, adopt, amend or repeal a county charter (essential to home rule) in a manner and with powers and limitations to be provided by general law."

The key words in this section are "any county."

Ingraham suggested that the Legislature has more urgent business than home rule to attend to in this session.

He referred to the reapportionment of Congressional districts in Michigan as most important to the people.

VOTE EXPECTED

A roll-call vote of supervisors on whether to send the recommendation to the Legislature is expected.

An interim study committee in Lansing would keep the (county home rule) issue alive until next year's session of the Legislature," said Ingraham.

Report Accord by U.S., Panama in Canal Dispute

WASHINGTON (AP) — A well-qualified Latin American source said today the United States and Panama have reached an agreement to restore diplomatic relations and to enter in an effort to settle their dispute over the Panama Canal.

The OAS general commission was summoned to a meeting at 2 p.m. (Pontiac time) today, the Organization of American States announced.

Killing Suspect Is Bound Over

Louis A. Abernathy, charged with the March 24 rifle slaying of 17-year-old Lawrence Morris, 3523 Joslyn, Pontiac Township, will be arraigned in Circuit Court at 1:30 p.m. April 13.

Abernathy, 22, was bound over to the higher court today by Pontiac Township Justice H. Grant Graham following a preliminary examination.

A former mental patient, Abernathy allegedly pumped several bullets into Morris' lifeless body after ambushing him as he left a grocery store at Vinewood and Joslyn, Pontiac Township.

Abernathy of 1210 Taylor, Pontiac Township, is charged with first degree murder. He is held in the Oakland County Jail without bond.

Abernathy's attorney may request a sanity hearing when the case reaches Circuit Court.

AREA NEWS

Troy Church
Will Install
First Pastor

TROY — The 24-year-old congregation of St. Augustine Evangelical Lutheran Church will gain its first pastor in a special ceremony at 7:30 p.m. Sunday.

Rev. John R. Monson, who came to Troy as a missionary in 1961, will be installed in the post at the service.

Rev. Monson guided the service Oct. 15, 1961 and its charter service in January, 1962.

Meetings were held in the Troy High School until the present church was erected last September on 10 acres at Livermore and 18th Mile.

Guest preacher at Sunday's service will be Rev. Edwin C. Weber, first vice president of the Michigan district, Missouri synod.

Liturgist will be Rev. Donald Krueger, pastor of the Gethsemane Lutheran Church, Brooklands.

Oxford Twp. Youth
to Attend Confab

OXFORD TOWNSHIP — Ted Hollis, son of Mr. and Mrs. Edgar Hollis, 1965 Hummer Lake, has been selected one of eight delegates to represent Florida at the annual Youth Power Congress.

The student attends Forrest High School in Duval County, Florida, and will attend the conference in Chicago April 8-11.

He was selected for his speech on food nutrition, over 80 other competitors.

The Youth Power Congress is an organization which stresses the need for sufficient nutrition among teen-agers.

PLANNED LUTHERAN CHURCH — Ground-breaking ceremonies are scheduled for 2 p.m. Sunday at the site of Faith Lutheran Church, Ridge and M59, Highland Township. The modernistic structure, designed by Robert Snyder and Associates of Southfield, will sit atop a hill overlooking White Lake and the Highland Recreation Area. Wood and cut stone will dominate the exterior.

Building Will Begin
on Lutheran Church

HIGHLAND TOWNSHIP — The Faith Lutheran congregation will gather on a hilltop site Sunday afternoon to break ground for its new church.

The starkly modern structure on the northeast corner of Ridge and M59 will overlook White Lake and the Highland Recreation Area.

Designed by Robert Snyder and Associates, of Southfield, the church will be constructed predominantly of wood and cut stone.

The sanctuary and accessory seating area will accommodate about 210 worshippers. The secondary area also will be used for educational purposes. Completing the ground level will be the pastor's study.

Plans call for a large educational-fellowship area on the lower level with an adjacent kitchen.

Total cost of the building, site and furnishings has been estimated at \$105,000. Members of the congregation plan to do much of the work themselves. General contractor is P. D. Clawson of Bloomfield Hills.

To mark the ground-breaking Sunday, a brief service will be held at 2 p.m.

The congregation, now numbering about 150, has been meeting in the Seven Harbors Community Center since it was organized two years ago.

Student Relocation
on PTA Agenda

ORION TOWNSHIP — The proposed student relocation program will be discussed at Monday's 8 p.m. meeting of the Lake Orion Area PTA Council in Carpenter School.

Lewis Mundy, assistant schools superintendent, and Mrs. Vena Kirkpatrick, curriculum coordinator, will explain the changes planned in the elementary program next year.

Many lower grade pupils will attend different schools due to construction of new facilities. Election of PTA council officers will also take place at Monday's meeting.

Utica Municipal Building

Center Plans Up for OK

UTICA — The proposed \$125,000 civic center here will move one step beyond the drawing board Monday when blueprints are presented to the Municipal Building Authority and library board.

Area Youth
Is Acquitted
in Car Deaths

SHELBY TOWNSHIP — A 17-year-old Utica High School sophomore has been found innocent of a negligent homicide charge which resulted from the traffic deaths of a Sterling Township mother and daughter here.

Daniel Curtis, also of Sterling Township, was accused of negligence in a September accident which killed Mrs. Roy Hardin, 42, and her daughter Cynthia, 16.

The youth was driving his father's car east on 21 Mile when it crashed broadside into Mrs. Hardin's car at the Schoenher Intersection.

Although the boy was disobeying school rules by driving to and from school, he had a clear record prior to the mishap. He was acquitted by a jury in Macomb County Circuit Court, before Judge Howard R. Carroll.

Now the youth and his father, Lyle, face civil suits seeking \$2 million. The suits were filed by Roy Hardin, husband and father of the victims.

Student Panel to Eye
Junior High Transition

KEEOGE HARBOR — The transition from grade school to junior high will be discussed by a panel of students at the Roosevelt School PTA meeting Tuesday night.

Surveying the problem at the 8 p.m. session will be sixth, seventh, eighth and ninth graders. Courtney Carr, counselor for students at West Bloomfield High School, will moderate.

Sets Talk on Blind.

ROME — Members of the local Lions Club will learn of the difficulties, achievements and goals of the blind at the

Lions' 8 p.m. meeting Monday. Russell Thompson of Blind Products Sales, Detroit, will be guest speaker at the session. A 7 p.m. dinner will precede the talk.

The woodchuck is the largest of Michigan's true hibernators, according to Michigan State University wildlife specialists. Bears, stunks, raccoons and opossums are only deep sleepers.

Michigan Bell Plans Angur Well for Area

Reflecting gratifying confidence in the outlook for Michigan and the Pontiac area, Michigan Bell Telephone Co. announces a capital commitment of \$93.1 million for a statewide expansion and improvement program. This amount is \$5 million in excess of last year's appropriation.

Statewide, the project will unite 17 more communities in the direct dialing long distance complex, and more exchanges will be converted to automatic number designation to eliminate operator handling of calls.

It is anticipated that 110,000 new customers will be added to the present 3.2 million Michigan Bell subscribers.

Of the total appropriation, \$1.4 million is earmarked for the Pontiac area. Largest item in the local program is \$670,000 for new communications devices, including Bell's push-button telephones and new switchboards. We render a hearty salute to the company on its significant progress and the long-range planning complementing it.

Few Feathers Ruffled Over Baker Scandal

If Capitol Hill solons, who've been doing a little shaking in their boots over the BOBBY BAKER charade, now think that the whole business has gone with the wind, they're right.

Barring the working press and Republicans, no one got their blood pressure up over the latest example of influence peddling and indiscreet behavior by a government worker. It was but another link in a long chain of comparable turpitude that set in as long ago as 1789 in the United States.

It is doubtful if the majority of Americans know what the BAKER case was all about — and equally doubtful if they care.

But the Senators would do well to give serious consideration to the convictions of many people that the affair went far beyond the cozy little group among which BAKER was a power. Dumping the inquiry with too many unanswered questions will only strengthen such convictions.

The surface ripples do indeed go far beyond BOBBY BAKER in the sense that the entire Senate, if not the entire Government, will be suspect.

In this election year, vague, generalized charges of widespread government corruption will inevitably be employed as campaign ammunition against the Administration and members of Congress.

Both branches deserve better for themselves, not to mention the American people.

White Lies About Age Darken Census Data

The well-known tendency of the gals to skip a bit when telling their ages is costing the Government money. Actually, the men are as prone to deal lightly with their elapsed time.

This desire to appear younger than the calendar attests results in what demographers call "age heaping," and this raises how they with their population charts. That is, ages tend to congregate around certain numbers when it is obvious that people aren't born in clusters like that.

With a \$13,700 grant from the National Science Foundation, an Ohio State University scientist has compiled data on age heaping in censuses from 1880 to 1960.

He found that people tend to give their ages in numbers end-

ing in zero or five. He estimates that about 33 per cent of females who reported themselves to be 40 years old in the 1890 census were actually some other age. (It's a safe assumption that it was not a lower age.)

But in the 1960 census, extremely heavy heaping was found on age 59. Seems a lot of people didn't like to admit they were born in the last century.

What bothers us, though, are those who report their ages on the basis of the old proverb, "A man is as young as he feels," a woman as old as she looks."

McNamara Aims U.S. Viet Stance

By JAMES MARLOW
Associated Press News Analyst
WASHINGTON — Secretary of Defense Robert S. McNamara has done the best job ever attempted by a government official to explain why the United States is so deeply involved in helping South Viet Nam.

But when you get through reading what he says, it takes up a whole newspaper page — it still boils down to a few simple reasons that have always been obvious.

The one thing he can't answer is about the South Viet Nam government itself: how thoroughly and sincerely, through reforms, will it give the people a reason for not being indifferent to a Communist take-over?

McNamara, who made several trips to South Viet Nam in President John F. Kennedy's time, recently returned from another one, undertaken for President Johnson.

After President Ngo Dinh Diem's assassination in a military coup last November, the junta which took over was in turn thrown out in a second coup which made Maj. Gen. Nguyen Khanh the strongman. He is still there.

Can South Viet Nam really win or survive? If not, why should American military "advisers" continue to give their lives there? And why continue American help, military and economic, which has now reached about \$5 billion? This was asked when McNamara made his trip, along with Gen. Maxwell D. Taylor.

MADE HIS TALK

It was after this that McNamara made his talk which, although made to an industrial association and not to Congress, was the Johnson administration's explanation for its policy in Southeast Asia for the foreseeable future.

It went like this: Red China wants that whole area, which happens to be important to this country's outer defenses. Since, therefore, the South Vietnamese are trying to stay free, the United States, for its sake and theirs, should help. And it will.

Communism, for the time being at least, has ruled out world war, and local wars which might become worldwide, as too dangerous. But it advocates so-called wars of liberation, like the guerrilla war in Viet Nam.

TEST OF RED STRATEGY

So this war is a test of Red strategy. In saying all this, McNamara expressed high confidence in Khanh's ability to make the fight.

He said the general is not only building up his military and administrative forces but will put in broad programs of land reform, loans to tenant farmers, health and welfare services, economic development.

Since such programs are what give an impoverished and backward people a reason for not accepting communism, McNamara said there can be no military success without them.

It took this country a long time to learn something as elementary and fundamental as that.

If the United States under Presidents Dwight D. Eisenhower and Kennedy had insisted long ago upon such reforms, as a condition of American help, President Ngo Dinh Diem might have still been alive, for there would have been no discontent.

And, the war might now have been in a happier condition. It remains to be seen whether Johnson will be more insistent than his predecessors.

'You're On Your Own!'

David Lawrence Says:

Prestige Issue Haunting Dems

WASHINGTON — Maybe an ex-president has some advantages in political debate — as the years go on and he surveys the passing scene, he can always say from personal experience: "I told you so."

Thus, former President Eisenhower, while attending a few days ago a forum in Los Angeles, was reminded of the late President Kennedy's charge in the 1960 campaign that United States "prestige" was low.

Eisenhower was asked how he would appraise our "prestige" now.

The former president answered: "I am not going to detail what has happened in the past three years, but the prestige of the United States today is far less than it was in 1960."

Kennedy made several speeches in the campaign on the meaning of prestige.

In Philadelphia on Oct. 29, 1960, he said: "By prestige I do not mean popularity... Prestige is important, but if these people upon whom we depend for our security, our support, and ultimately the peace, ever begin to get the idea that we are tired, uncertain, not sure where we are going, without purpose, how can we lead a free alliance?"

WHO IS LEADER?
But as Americans look around the world today, they wonder who is leading the "free alliance," and whether the difficulty is in the United States or abroad.

France has just recognized Red China and the countries of Western Europe continue to ignore American appeals that they curtail their trade with Communist Cuba.

Kennedy during the 1960 campaign, in expressing his belief that American "prestige" had fallen to a very low point, said at Albuquerque, N.M., on Nov. 3:

"You cannot be a citizen of this country, concerned about its future, and not be aware of the decline in influence and prestige of our country, aware of the fact that in ten countries polled a majority of the people thought by 1970 the Soviet Union would be first in science and in military power."

ONLY SURVIVOR
"Pierre was the only Kennedy survivor who had an obvious replacement (long-time Johnson Press Secretary George Reedy) waiting in the wings."

Another reason may have been that Pierre plans to write a book called "The President and the Press."

With reports of a \$200,000 advance for Ted Sorensen's projected book about President Kennedy, Pierre's White House salary began to look like peanuts.

Meanwhile Sen. Engle, slowly recuperating from a brain operation is wearing a wig which he had specially made to cover the scar.

BEATLE WIG
The few intimates aware of this fact are teasingly telling Clair that if he really hopes to overcome the heavy odds

against his reelection, he should wear a Beatle wig instead.

Former Postmaster General Edward Day's witticisms are sadly missed since his retirement from the Kennedy Cabinet to practice law.

Still a master of the political quip, Day told a recent audience: "It's easy to tell the difference between the New Frontiersmen who expect to stay, and those who plan to leave."

The latter are taking courses in creative writing. The former are taking courses in horseback riding."

He says the governor wants the comptroller's post vacated so that he can appoint his own executive secretary, Hale Champion, to the job and thereby groom him as his gubernatorial successor.

The comptroller is in a good spot to build a political machine because of the fat patronage plums that he controls.

He has a "private army" of inheritance tax appraisers, who earn from \$25,000 to \$30,000 a year on a part-time basis for the state.

The same source thinks Salinger sprang his surprise White House exit less in the hope of winning the senatorial nomination than in the wish to make a quick exit, which President Johnson could not gracefully block.

That market is the source of their livelihood. To lose it to sources of enlarged foreign supply would drive them to the wall. Their protest, arcwelding, is being heard at Washington.

The challenge raised in Congress presents the Johnson team with necessity of decision, this being election year.

Domestic producers are not seeking a subsidy in any form. They are asking only a fair shake in the domestic market, to the extent at least of a quota system on imports.

They believe the industry is entitled to some reasonable protection by the government of which it is in the aggregate, and farm by farm — a taxing part.

The farm constituency, in this case the meatgrowing industry, is not objecting to the supply and demand relationship as a price factor. It does demand fair competition in its own price.

Voice of the People:

Favors Bill Permitting 18-Year-Olds to Vote

I back the bill in the Michigan Legislature which would enable 18-year-olds to vote. If they are old enough to fight for their country, they are old enough to vote for officials who run it. Many 18-year-olds, fresh out of high school, are interested in politics and are better educated than many adults.

Recently, my associates and I launched a campaign to get a presidential preference primary at our junior high school. The majority of the students signed our petitions. If younger teens are interested in politics, I'm sure 18-year-olds are, too.

Tom Collins

'Why Does Justice Turn Against Negro?'

I agree with Mr. Scott's letter concerning the Morris-Abernathy, Davis-Topp cases. I wonder why the wheels of justice seem to turn against the Negro when there are situations of this nature involved. In the outcome I wonder if Abernathy will suddenly be judged insane again, or maybe white insanity is different from Negro insanity.

Helen Ellsworth

'Miss Nobody'—Take Problems to God

I was shocked by "Miss Nobody's" letter. Many churches care not if we have money. In some ways, "Miss Nobody" sounds like a Christian but not in others.

She knows the Lord cares, but does she care for Him? Does she seek the kingdom of God first? Does she let her requests be known to God? Does she trust God to supply her needs?

This country is in a terrible condition when we cannot get medical attention without money, but the Lord also heals. Take your problems to Him with faith. "Miss Nobody" has my prayers. One Who Cares

Doesn't Want Dragstrip in Troy Area

Certain interests seem determined to create a dragstrip in the Troy area. This is apparent from the hot-rodgers hanging around Stephenson Highway.

The sound of racing cars would shatter the quiet of the neighborhood for two miles, day and night. Hot-rodgers and motorcyclists would be drawn to Troy like a magnet and hordes of spectators would cause a terrific traffic congestion.

It would be a shame to turn this growing community into a hot-rod town and would undoubtedly deflate property values. The powers that be should take every step to nip any effort to permit a dragstrip in Troy.

Mrs. A. Conklin

The Better Half

"The first inkling I had that something was wrong was when Marshal Dillon chased the Three Stooges through Dr. Kildare's operating room."

Reviewing Other Editorial Pages

Embarrassing

The Chicago Tribune

Nowadays the embarrassing scene at a party is when a gal sees another gal sporting an identical wig.

A Fair Shake

The Nashville Banner

American meat-growers are less indutated with inherited administration policies subjecting the U.S. market to increased meat imports.

That market is the source of their livelihood. To lose it to sources of enlarged foreign supply would drive them to the wall. Their protest, arcwelding, is being heard at Washington.

Punctured

The Indianapolis Star

Few people travel the road to success without a puncture or two.

War on Jargon

The Grand Rapids Press

Lawrence R. Klein, chief of publications for the Department of Labor's Bureau of Labor Statistics, says that federal officials who write for government publications "are so loaded with jargon they can't understand each other."

Santa Clauses

The Daily Oklahoman

You have to give Bobby Baker credit. It's not easy to get contracts loaded with Santa clauses.

cial market, and is entitled to that.

Opposition to the Inherited Freeman policy is not restricted to partisan lines; for it is Majority Leader Mike Mansfield (from a big meat-producing state, Montana) who proposed to clamp quota restrictions on imports. He knows what constituents are saying back home.

As a Texan, President Johnson must know also what those in the Southwest and Middle West are thinking and saying.

International trade is essential, ostensibly the factor behind the policy in question and others akin to it affecting other industries; but the prosperity of economic units at home is not secondary to that of those abroad.

Here's one that is concerned with a fairly technical subject and yet is understandable. How some of Klein's fellow publicists must despise him for making it possible for citizens to understand what their government is doing and saying!

We are glad to be able to make this report, first, because it shows that Klein is practicing what he preaches and, second, because it proves that government redactions don't have to be obscure.

The Associated Press is entitled exclusively to the use for republication of all local news printed in this newspaper as well as all AP news dispatches.

The Pontiac Press is delivered by carrier for 35 cents a week, which includes delivery to homes in Oakland, Genesee, Livingston, Macomb, and Westernmost Counties. It is \$18.00 a year elsewhere in Michigan and all other places in the United States. \$24.00 a year for all other places. Subscriptions payable in advance. Payment should be made to The Pontiac Press, P.O. Box 100, Pontiac, Michigan. Member of ABC.

Curious to see how successful Mr. Klein is in avoiding

Control Tower Contract for Tri-City Airport

KANSAS CITY (AP)—Award of a \$31,379 contract for construction of a control tower at the Tri-City Airport near Freeport, Mich., to Arnold Liebs Co., Aurora, Ill., was announced

Thursday by the regional office of the Federal Aviation Agency. The contractor will have six months to complete the 49-foot tower and a remote transmitter.

There were more than 26,000 ship arrivals and departures last year in New York City.

Dog Getting Neurotic?

LONDON (AP)—The British Kennel Club is waging a campaign to reduce inbreeding of dogs which is producing too many canines with physical and mental defects. A club survey showed that of 120 breeds inspected by 100

veterinarians, only 17 were without hereditary defects. The major problem has been dogs which are excessively neurotic.

A normal dairy calf such as a Holstein develops from a birth weight of about 91 pounds to a weight of 1,075 pounds in two years.

NATO Leader Plans to Retire

Health to End Term of Top Civilian Official

PARIS (AP)—Dirk U. Stikker, secretary-general of the North Atlantic Treaty Organization (NATO), announced today he is retiring in the middle of the summer.

Stikker, foreign minister of the Netherlands before becoming NATO's chief civilian official, made the announcement to the permanent NATO council.

He did not set a definite date, presumably to allow NATO members time to agree on a successor.

The announcement almost coincided with NATO's 15th anniversary, tomorrow.

Stikker, 67, told the council his health would not permit him to continue. He underwent a series of abdominal operations in Washington's Walter Reed Hospital in 1962.

ANOTHER TRIP

He recently made another trip to Washington for a hospital checkup, and apparently the results were not encouraging.

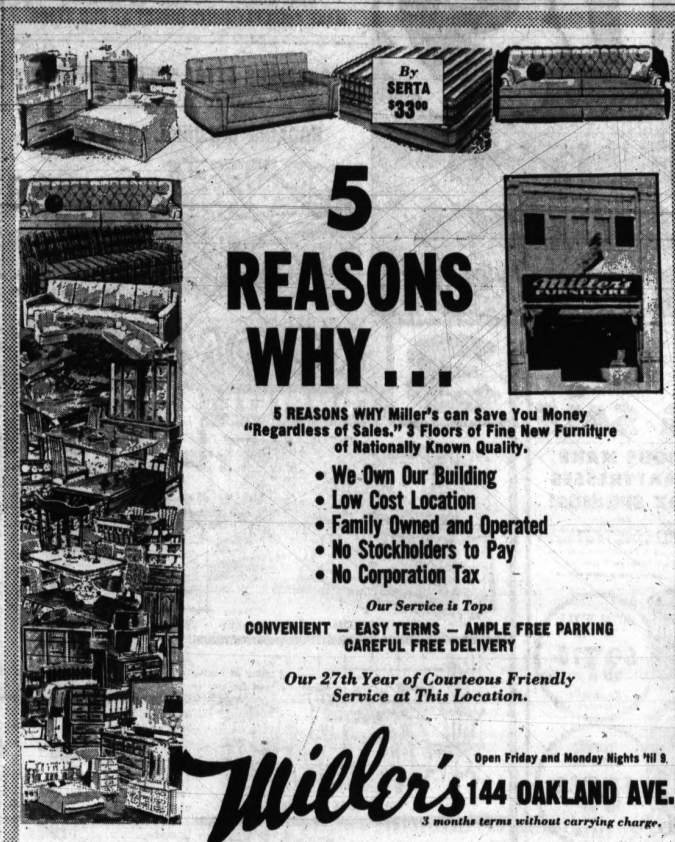

Stikker became secretary-general April 21, 1961, succeeding Paul-Henri Spaak of Belgium, who had held the job since 1957. NATO's first secretary-general was Lord Ismay of Britain.

One possible successor to Stikker is the deputy secretary-general, Guido Colonna di Paliano of Italy.

Another possibility is Gaetano Martino, former Italian foreign minister, who has been active in various European unity movements.

The choice by the 15 NATO members must be unanimous. This may lead to difficulties because French President Charles de Gaulle has taken a critical attitude toward some NATO policies.

One American child in five goes to a hospital within a year's time and the duration of the average stay is five days.

In Effort to Oust Turk Troops

Cypriot Leader May Cancel Treaties

NICOSIA, Cyprus (UPI) — President Makarios today was reported on the verge of nullifying Cyprus' 1960 treaties with Britain, Greece and Turkey in a move aimed at ousting

Turkish troops from the war-scarred island.

Such a unilateral abrogation of the treaties by the Greek Cypriot archbishop, diplomatic sources said, would almost certainly bring bitter reaction from Turkey and create a new crisis even before United Nations mediator Sakari S. Tuomioja begins his peace efforts.

Tuomioja, a Finnish diplomat, arrived last night to try to settle the political dispute that has precipitated intermittent fighting between Greek and Turkish Cypriots since Christmas.

The mediator was conferring with top U.N. civilian and military officials today before arranging his first meetings with Makarios and Vice President Fazil Kucuk, leader of the Turkish Cypriots.

Some observers believed Tuomioja was beginning his peace task at an opportune time when both sides are weary of fighting and aware of the need for peace to save the Mediterranean island's economy.

DAMPENED HOPES
But the squabble over the Turkish troops dampened any immediate hopes for smooth sailing in the peace negotiations.

High Greek Cypriot sources said Makarios decided to renounce the 1960 treaty of alliance because of Turkey's refusal to withdraw its 650-man contingent from positions outside Nicosia. Under the alliance, Turkey, Greece and Britain are entitled to station troops in Cyprus.

Eventually, Makarios also plans to abrogate the treaty of guarantee which makes the three powers responsible for protecting Cyprus' security and constitution, the sources said. The treaties were signed in 1960 when Cyprus gained independence from Britain.

The Turkish Army troops, along with armed Turkish Cypriots, were dug in along the strategic Nicosia-Kyrenia highway

which leads to key Turkish Cypriot strongholds in the north. Greek Cypriots were blocked from using the road.

REJECTED DEMAND

Makarios demanded on Tuesday that Turkey withdraw the troops to their barracks, contending they were not needed

Soldiers Have Brawl Over Berets

NICOSIA, Cyprus (AP) — A group of British paratroopers wearing blue berets as members of the Cyprus U.N. force instead of their normal red headgear, fought a bar room brawl in Nicosia Thursday with Greek Cypriot National Guardsmen wearing red berets.

Half a dozen "Red Devils," as the paratroopers are known, took on about a dozen Greek Cypriots for nearly half an hour before military and civil police broke up the brawl.

Greek Cypriot sources said the fight developed when the paratroopers objected to the headgear worn by the Greek National Guardsmen.

The result of the brawl was several broken noses and cracked lips and smashed chairs, tables, bottles and glasses.

There were no serious injuries, according to a Cyprus police spokesman.

OK Phone Service for Islands in River

LANSING (AP) — Sugar and Neebish islands in the St. Mary's River have been promised telephone communications. The Public Service Commission has announced approval of a Michigan Bell Telephone Co. application to furnish phone service to the islands.

along the road. The next day Turkey rejected the demand, claiming the troops had to hold their positions for security reasons.

Informed sources said the Greek Cypriot plan calls for abrogation of the treaties to be followed by a demand that Turkey remove all its troops from Cyprus. If Turkey refuses, the sources said, the Makarios government will ask for United Nations assistance to get the Turks out.

Worsening of the situation could lead to a major conflict involving the U.N. peace force. Troops of the international force, currently made up of British and Canadian units, are under orders from U.N. Secretary General Thant to intervene to prevent fighting, and to fire when necessary for self-defense.

The Greek Cypriot sources said Greece is willing to pull its 900 troops out of Cyprus if Turkey withdraws its 650. They said areas set aside for British bases are not involved in the 1960 treaties and would not be affected by the Makarios plan.

Sickbed Watch Kept for Leader of Gypsies

SALT LAKE CITY, Utah (AP) — Gypsies from Seattle, Dallas, Portland, Ore., Los Angeles and elsewhere in the West kept a sickbed watch Thursday night on the leader of their clan, Miguel Marks, 60.

The leader was reported in fair condition at St. Mark's Hospital. His son said he was being treated for high blood pressure, kidney trouble and other ailments.

To Ease Cost of Quake

Bond Issue Urged in Alaska

ANCHORAGE, Alaska (AP)—Gov. William A. Egan flies to Juneau today to urge a joint session of the Legislature to approve a \$50-million emergency bond issue to help earthquake-torn Alaskan cities.

The amount is only a tenth of

the estimated loss but, says Egan, it will show Alaska is willing to do everything possible to pull itself up by its bootstraps.

President Johnson urged Congress to approve \$50 million in emergency funds quickly; and in Seattle, Sen. Henry M. Jackson, D. Wash., predicted eventual congressional approval of up to \$200 million.

INSURANCE PLAN

Jackson, attending a meeting of 500 state and federal officials and Seattle businessmen proposed a government-sponsored retroactive disaster insurance plan. He said the precedent of retroactive insurance was established during World War II when the government offered war risk insurance to persons suffering property losses.

Alaska Sen. E. L. Bartlett told the meeting his state has an assessed valuation of \$815 million and damage, in terms of replacement costs, would amount to about \$550 million.

While others talked of money for the vast rehabilitation tasks, Alaskans continued doing the little jobs that bring order out of chaos. Homes, shaken but livable, were straightened and

it was back to school for youngsters in many places.

The weather turned cold and snow began to fall. But it could not cover the ugly piles of rubble in the center of this beautiful city, Alaska's largest.

SERVICE RESTORED

Heat and power have been restored to most of the city and telephone service is back to normal. It is being overtaken, however, by anxious relatives and friends.

Although a week has passed, the total number of casualties is not known, and may not be for some time yet. Civil Defense officials place the figure at 125 dead and missing.

There was no food shortage here, but 60,000 pounds was airlifted to Kenai, Soldotna and Homer in the hard-hit area on the peninsula south of here. Another 3,500 pounds was flown to Seward.

Military planes flew almost continuously between here and Seattle bringing in more supplies.

MORE SHOCKS

Aftershocks, normal following a major earthquake, continued and the U.S. Coast and Geodetic Survey's seismology station at Sitka reported one

Thursday that registered 6.5 on the Richter scale. Last Friday's quake registered as high as 6.6, one of the worst ever recorded.

They All Showed Up for the Birthday Girl

NASHVILLE, Tenn. (AP)—Eudora Bates, Southern Bell business office supervisor, found herself in a predicament when all five members of her staff called in, one after another, to report that they were ill and couldn't come to work.

But it turned out that no mass malady had struck after all. At 8 a.m. they all arrived, bringing a cake and singing "Happy Birthday, Eudora."

Story Puts Defendant in Doghouse

LOS ANGELES (AP)—When Daniel M. Jacobs went to court on a charge of speeding 90 miles an hour, he took along his only defense witness—his dog. Both are now in the doghouse.

The judge refused to allow Otto Von Bismarck I, a Doberman pinscher, to enter the courtroom.

Jacobs, 25, promptly hung a portrait of the 9-month-old pet on a hatrack and then stated his case to the jury.

"I wouldn't drive that fast because I wouldn't endanger my dog's life, and he was in the car with me," he said.

"He's too valuable to risk driving at such a speed."

Jacobs, conducting his own case, then claimed the prosecutor disliked dogs.

The jury convicted Jacobs. He got five days for speeding and five days for contempt, arising from his remarks concerning the dog's treatment.

Otto, faithfully waiting in the hall, was sent to an animal shelter.

NO JOKE—It wasn't April Fools' Day humor when Pontiac Motor Division job-setter Otis Coggins (left) was called into the office of Thaddeus Studnicki, superintendent of plant 5, Wednesday. Coggins received nine suggestions awards totaling \$380, most awards ever made to a Pontiac employee at one time. Over the years he has won \$4,672 for some 59 suggestions.

It's a Real Watchdog

STRAGARI, Yugoslavia (AP)—Perisa Jovanovic lost his wristwatch while working in the fields. He searched but couldn't

find it. That night as he was getting ready for bed he heard his dog scratching at the door. When he opened the door, there was the dog with the wristwatch in his teeth.

Auto Output Keeps Rising

DETROIT (AP)—Production in U. S. auto plants hit an estimated 173,897 this week, more than 6,000 ahead of last week's 165,715, according to estimates by the trade publication Automotive News. Output in the corresponding week last year was 160,787. March output reached an estimated 723,739 units and the year-to-date total climbed to 2,251,283 versus 2,093,695 for the same period in 1963. Truck output for the week in the U. S. was an estimated 34,551 units, compared with 33,100 last week and 29,985 in the year-ago week. Truck output for the year totaled an estimated 436,971 vehicles, versus 398,968 at this point in 1963.

'Flight Into Fantasy'

PCH Swim Show Slated

By DIANE OLSEN
The Pontiac Central High School girls' synchronized swimming club, the Dolphins, will present its annual show next Thursday through Saturday at 8 p.m.

"Flight Into Fantasy" is the title of the Dolphins' presentation to center around story-book characters.

The entire cast minus those in the number following, will perform the first exhibition.

In the next number, "Wooden Soldiers," Cheryl Cofling, Anne Hubbard, Lorraine King and Marsha Luther will be featured. "The Seven Dwarfs" will follow with Jill Dearing, Cindy

Gowen, Lynn Henderstein, Jean Livingstone, Sue Ninotti, Kathy Sutt and Sue Turner.

RAGGEDY PAIR
Seniors Marilyn Paholak and Nancy Lee will portray "Raggedy Ann and Andy."

Continuing the program will be Cindy Burke, Cindy Howlett, Lorraine King, Cam McDowell, Linda Storey and Ann Strait, who will swim in interpretation of the theme of "Pretty Maids."

"Twinkle, Twinkle Little Star" will be performed by the six seniors of the club who have been in it in previous years. They include Barbara Coram, Kay Kendrick, Nancy Lee, Joyce

Livingstone, Marilyn Paholak and Margie Swan.

The next number will be "Men From Mars," featuring Jill Dearing, Jean Livingstone, Ann Marie Mazur and Sue Turner.

A large group titled "Queen of Hearts" will swim with Cindy Burke, Cheryl Cofling, Cindy Gowen, Cindy Howlett, Nancy Hsu, Ann Hubbard, Kathy Kendrick, Cam McDowell, Linda Storey, Ann Strait and Connie Vanderlind being featured.

SWIM NUMBER
Judy Almas, Lynn Henderstein, Sue Ninotti, Mary Jo Scott and Kathy Sutt will swim in a number entitled "Philo."

"Three Blind Mice" will con-

stitute of three seniors, Barbara Coram, Kay Kendrick and Joyce Livingstone.

The next group will swim as "Scarecrows." Girls in this are Judy Almas, Nancy Hsu, Kathy Kendrick, Marsha Luther, Ann Marie Mazur, Mary Jo Scott and Connie Vanderlind.

Featured last before a finale of the entire cast will be senior Margie Swan in a number entitled "Cinderella."

Dorothy Worthman, director of the group and physical education teacher, has selected Charlotte Hanecki, Judie Gordon and Bill Kimball to be narrators for the program.

Ted Carlson of the vacation department has printed the tickets selling for 75 cents and Ann Hubbard is managing them.

Operating the lights will be Ron Austin and Dick Crawford.

Art work for the show is being handled by Mrs. Charles Smith of the art department and Margie Swan has designed the program.

Back drop for "Flight into Fantasy" will include a rocket ship. On the pool ceiling will be colored foil spheres.

Ushers for the production will be nonswimming members of the Dolphins.

HERE GOES MY HAIRDO! — Marilyn Paholak of 2380 Wallace is about to get her hair wet. She and Margie Swan of 2375 E. Hammond Lake (kneeling) are rehearsing for their parts in the Pontiac Central High School water show. The annual event is given by the girls' synchronized swimming team, the Dolphins, and will be next Thursday through Saturday at 8 p.m.

City Book Fair at Northern

Public Invited to Visit Exhibits and Displays

By SUSAN KILLEN
Students at Pontiac Northern High School returned to school Wednesday after celebrating the last major national holiday before the close of the 1963-64 school term.

An annual citywide book fair will take place in Northern's library Monday, Tuesday and Wednesday. The fair is sponsored by the librarians of the Pontiac school system.

Books will be on display from 9:30 a. m. to 5 p. m. for the three-day period. The fair will feature "Books on Exhibit" a national exhibiting operation.

This group of books covers the field of young adults and children's books.

A display of paperback books is being prepared under the direction of Mrs. Mildred Wiersma, head of the English department at PNH.

OPEN TO PUBLIC
The fair will be open to the public, and groups are encouraged to come and browse through the tables of displays.

Various committees which are planning the spring activities at Northern are working diligently to make all necessary arrangements before the date of their events.

The junior prom committee has already begun work. The date for their dance will be May 16.

Giles Kandt and Judy Slabinski are the cochairmen. These students will work with various other students and Vernell Duffy, Northern's assistant principal.

School Attendance Is Required by Law

Illinois law now requires school attendance to age 16 and, in Chicago, those who drop out at that age are required to attend a continuation school one day a week until reaching age 17.

Collegians Play Delegates

Students Hold U. N. Session

Gilbert Youth Service MADISON, N.J. — There weren't any simultaneous translations, nor were there any turbaned and robed figures at the conference table.

But apart from these omissions, the all-student model general assembly largely duplicated the proceedings of the United Nations.

Eight hundred students from colleges across the nation solemnly represented their assigned nations in committee debate and plenary session.

Delegates had been working for weeks on their home campuses, familiarizing themselves with the latest developments in Panama (represented by Plymouth, N.J., State Teachers Col-

SENIOR PLAY. — Members of the Emmanuel Christian High School senior class are presenting a three act comedy, "Clementine," tomorrow at 8 p.m. Rehearsing their parts are (from left) Mike Thomas of 25 Gray, Gloria Clarno of 497

Raeburn and Tommy Malone of 1045 Dover. Proceeds from the production will be used for the senior retreat in Sarnia, Ont. in May.

Waterford High Names Honor Society Students

By MARY BARNINGHAM
Members of the Waterford Township High School chapter of the National Honor Society were named recently.

Four per cent of the junior class and 10 per cent of the senior class were chosen as members by the faculty.

To be a candidate, a student must maintain at least a "B" average, have qualities of leadership and good character and must be recommended by three teachers. Those elected in their junior year are probationary members.

At WTHS the National Honor Society is a service organization. Members perform services

such as tutoring and meeting other school service needs.

President of the association is Katherine Jones; Jean Wagner, vice president; Ronald Potter, treasurer; and Sandra McKinney, secretary.

JUNIOR MEMBERS
Probationary junior members listed in alphabetical order include Helen Carrick, Jerry Charter, Pamela Clark, Paul Dumas, Sandra Engbreton, Barbara Field, Patricia French, John Hill, and Virginia Laidler.

Others are Kenneth Mail, Sandra Malone, Richard Miller, Carol Parker, Cynthia Reeves, Birgit Schatter, Susan Wagner, Linda Walters, and Margaret Wilson.

Senior members are Per Ahlstrom, Janice Anderson, Mary Barningham, Susan Bills, Carol Bowles, James Brien, Norbert Donnelly, Hilda Drinkard, Lynn Flier, Lucretia Fleenor, Sylvia Galloway, Anne Green and Jack Harthorn.

Also included are Dale Jones, Katherine Jones, Janie Keith, Sandra Klee, Carol Kresge, Robert Lamb, Holly Lloyd, Sandra McKinney, Richard Morgan, Katherine Payne, Sandra Pelletier, and Leanne Poffenberger.

Concluding the list are Ronald Potter, Richard Raber, Susan Strassberg, Thomas Talaba, Gail Van Kleek, Jean Wagner, James Walsh, Sharon Whitlow, Margaret Wilson and Sherry Zannoth.

The WTHS yearbook staff met their April 1 deadline for completion of the Waterlog. It has been sent to the company for publication.

May 21 is designated as Wa-

ECHS Class Readies Play

Will Start Tomorrow at the High School

By CAROL ARMERUSTER

A football-playing tomboy will be transformed into a young lady before the eyes of an audience at Emmanuel Christian High School tomorrow evening.

The senior class is presenting a comedy play in three acts, entitled "Clementine." The play is taken from a book by Peggy Goodin and dramatized by Anne Coulter Martens and William Davidson.

In the leading role is Gloria Clarno as Clementine.

Others in the cast are Linda Douglas as Ann McNeil; Rod Dufour as Hank; Sharon Egbert

Other School News Throughout Week

as Miss Pringle; Carolyn Gidcomb as Mary; and Ron Jackson as Gerald.

Jill LaFontaine portrays Bertha; Carolyn Lingle is Cathy; Tom Malone is Pete; Mike Thomas is Tubby; Bob Tweed is Abe; and Candy Vaughn portrays Jane Anne.

At 8 P.M.

The play will be presented at 8 p.m., and tickets will be sold at the door. The price for adult tickets will be \$1, and student tickets will be 75 cents.

Proceeds from the play will be applied toward the senior retreat at Sarnia, Ontario in May.

Rochester Names Top Students

Valedictorian for the class of 1964 of Rochester High School is Kirk B. Roose, son of Mr. and Mrs. Kenneth Roose of 1847 Fair-Oak Court.

In addition to achieving the highest academic average, Kirk has served his class as president for the past two years and was a semifinalist in the National Merit Scholarship competition.

Not yet decided between Swarthmore or Reed College, he is currently pursuing a special course in probability and statistics at Oakland University. He plans to pursue a career in mathematics.

Kirk is also a member of the barber shop quartet, National Honor Society and tennis club.

Salutatorian is Herman (Ted) Schroll, son of Mr. and Mrs. Herman Schroll of 3785 Cobb Creek Road.

The second highest ranking student has also been a member of math club, scholarship club, National Honor Society and senior class council.

SPORTS PARTICIPANT

He has participated in basketball and football and has been cited for his perfect attendance record.

Ted will attend either Michigan State University or the University of Michigan.

Others of the top ten of their class according to point standing include Catherine Allan, Carol Anderson, Vicki Ecklund, Patricia Sue Smith, Camilla Mannino, Paula Collins, Dorothy Davinich, and Charles Gilmore.

Comedy basketball will be presented by the Harlem Ambassadors tomorrow night as they play the Rochester High School varsity club. The event is sponsored by the American Field Service committee of the student council.

GIRL BID

Also sponsored by the AFS will be the "Turn-Around" dance April 17, a girl-ski-boy affair.

Title for the annual spring concert of the RHSS concert band will be "A Spring Thing." Announcement of the title was made this week by Richard Goldsworthy, director of instrumental music at RHSS.

New Course Offered High School Students

A new pretechnological course for the last two years of high school is offering new hope and encouragement to 60 students in Richmond, Cal., where the course was installed this year for the first time.

'Guys and Dolls' Set at Walled Lake High

By SUE GERVAIS

The music department of Walled Lake High School will present "Guys and Dolls," a musical fable of Broadway based on a story and characters by Damon Runyon, at 8 p.m. next Thursday, Friday and Saturday in the auditorium.

"Guys and Dolls," is the vibrant human portrait of the world of Broadway — of big and little gamblers, street evangelists, night club entertainers, and a variety of con men and eccentrics.

Each routine, song, dance and bit of humor is closely related to the plot and succeeds in giving it additional depth.

Among the songs featured will be "I'll Know," "I've Never Been in Love Before," "If I Were a Bell," and "A Bushel and a Peck."

Juniors Dianne Smith and Pamela Jeffery will play Miss Adelaide and Sara Brown, the leading female roles.

Seniors Bela Krussac and John Slinker will play Nathan Detroit and Sky Masterson, the leading male roles.

"Guys and Dolls," will be produced and directed by Alexander Zerman. The orchestra will be conducted by Helmut Holland-Moritz.

Senior Sharon Cox is assisting Mr. Zerman in direction and junior Linda Lawson is handling all scenery as stage manager.

The public is invited to attend and tickets may be purchased at the door.

Foreign Students on Increase in U. S.

During the 1962-63 school year, nearly 78,000 foreign citizens, including students, teachers, and medical interns, were on educational assignment in American colleges and universities.

This record-breaking total, reported recently by the Institute of International Education, was a 7 per cent increase over the 1961 figure.

This year for the first time the institute summarized its annual census data and pointed out trends in educational exchange between the United States and other countries during the past decade.

AW, PLEASE! Bela Krussac of 642 Decker pleads with Dianne Smith of 1915 W. Lake in this scene from the Walled Lake High School production of "Guys and Dolls." To be presented by the music department, the musical comedy will open at 8 p.m. Thursday in the school gym. Other performances will be 8 p.m. next Friday and Saturday.

'Teacher' Is Key to Physics Interest

"Put the best physics teacher in front of them that you can find," advises Dr. Walter Goldberg of the University of Pittsburgh.

Dr. Goldberg, who concludes a two-day visit to Oakland University today, sees good teachers as the best way to stimulate interest in physics.

Industry can, and is eager, to attract the individual with a bachelor's degree, while most colleges require a master's degree or a doctorate of their physics professors, according to Dr. Goldberg.

Thus, he saw this situation as a further drain on the science of physics.

"Industry competes successfully for those people without a master's degree," he said.

EASY PATH

Dr. Goldberg said that it is easier for a high school physics teacher to go into industry than a high school history teacher.

The visiting associate physics professor was to give two lectures yesterday and today to Oakland U. students.

His visit here is part of a nationwide program by the American Association of Physics Teachers and the American Institute of Physics to stimulate interest in physics.

The program is financed by the National Science Foundation.

CONTINUOUS INCREASE

Although students are not flocking into the field, Dr. Goldberg noted that there has been

The Overseas Press Club awards will be made at the club's silver jubilee dinner at the Americana Hotel on April 7, when Secretary of State Dean Rusk will be the principal speaker.

Other winners, all in the area of foreign correspondence, are:

Television reporting — Peter Kalischer, CBS; magazine reporting — Laura Bergquist, Look Magazine; report on Latin America — Laura Bergquist, Look Magazine; motion picture reporting — John Tiffin and Jean Reiterberger, CBS;

Radio reporting — George Clay, NBC; still photography — Henri Cartier-Bresson, Life Magazine; interpretation, daily newspaper or wire service — Louis E. Rukeyser, Baltimore Sun; best television interpretation — Fred Freed, NBC;

Best radio interpretation — Phil Clarke, Mutual Broadcasting; best book — Dan Kurzman; business news — Ray Vicker, Wall Street Journal; reporting requiring exceptional courage and enterprise — Richard Tregeakis; superlative photography — Larry Burrows, Life Magazine.

Horst Pass of the Associated Press was awarded a citation in the "best still photographic reporting" category for his coverage of Viet Nam.

MALCOLM BROWNE

AP Reporter Gets Award

Viet Correspondent Cited for Dispatches

NEW YORK (AP) — Malcolm Browne, Associated Press correspondent in Saigon, was named winner of the Overseas Press Club award yesterday for the "best daily newspaper or wire service reporting from abroad during 1963."

The judges chose Browne's dispatches from Viet Nam for their "lucidity in content and compactness in style."

They noted that "his stories seem as alive now as when they were hot news."

Browne previously won the Headlines photo-journalism plaque for his picture and story of a Buddhist monk who burned himself to death.

The same picture won the grand prize in the World Press photo contest in the Hague.

SILVER JUBILEE

The Overseas Press Club awards will be made at the club's silver jubilee dinner at the Americana Hotel on April 7, when Secretary of State Dean Rusk will be the principal speaker.

Other winners, all in the area of foreign correspondence, are:

Television reporting — Peter Kalischer, CBS; magazine reporting — Laura Bergquist, Look Magazine; report on Latin America — Laura Bergquist, Look Magazine; motion picture reporting — John Tiffin and Jean Reiterberger, CBS;

Radio reporting — George Clay, NBC; still photography — Henri Cartier-Bresson, Life Magazine; interpretation, daily newspaper or wire service — Louis E. Rukeyser, Baltimore Sun; best television interpretation — Fred Freed, NBC;

Best radio interpretation — Phil Clarke, Mutual Broadcasting; best book — Dan Kurzman; business news — Ray Vicker, Wall Street Journal; reporting requiring exceptional courage and enterprise — Richard Tregeakis; superlative photography — Larry Burrows, Life Magazine.

Horst Pass of the Associated Press was awarded a citation in the "best still photographic reporting" category for his coverage of Viet Nam.

Two Youths Shot in Fight Over Girl

DETROIT (AP) — Two youths were shot Thursday night in what witnesses told police was the climax to an argument over a girl at a teen-age dance at St. Paul's AME Zion Church here.

A 16-year-old boy who, police said, admitted the shooting was taken to the Wayne County Youth Home.

John Burrell, 17, was reported in critical condition with wounds in the upper chest and abdomen, and Kenneth Williams, 17, in serious condition with an abdominal wound.

Pontiac Press

a continuous increase in the number of people entering the science of physics.

He said that the government is concerned that the bigger schools are not producing the large numbers of physics graduates that might be expected from their size.

Dr. Goldberg attributed this to the fact that professors were doing less teaching and more research.

In his work with the National Science Foundation, the physics professor said he was "astounded" to see the work some smaller schools are doing at the undergraduate level.

LARGE NUMBERS

"Some of these schools you

never heard of," he said, "and yet they are turning out large numbers of undergraduates."

Dr. Goldberg was not sure that physics could be introduced into the public school curriculum before high school.

"I'm not sure specialization of the sciences in lower grades is a good thing," he said. "For example, some background in math is necessary."

He did insist that there was a

definite need for general science courses before high school.

Challenging Job Offer for Youth in 1860

SAN FRANCISCO (AP)—The first rider of the American pony express left St. Joseph, Mo., with mail for California 104 years ago today.

Advertisements asked for

"Young, skinny, wiry fellows not over 18, willing to risk death" on the perilous rides. The pay: \$25 a week.

More than three out of four Americans — or 77 per cent of the civilian population — now have some form of health insurance.

Nixon Backs Viet Policy

Talks With Leaders on Tour of Far East

SAIGON, Viet Nam (AP)—Former Vice President Richard M. Nixon gave a two-thirds endorsement today to the Johnson administration's policies in South Viet Nam.

Ending a two-day visit to Viet Nam during a round the world tour, the Republican leader said there are three possible areas for debate on U.S. policies in Viet Nam.

1. What should the goal of the United States be in South Viet Nam?

"I believe our goal must be nothing less than victory," said Nixon. "As I understand it, this is the present attitude of the administration."

VICTORY PLANS

2. Is the plan to achieve victory adequate?

Nixon said he would reserve judgment, and that this would become a "proper subject for debate" if the administration's plan doesn't work.

3. Are the right men, both Vietnamese and American, available for the job?

Nixon said he was favorably impressed "there is an adequate plan, the personnel are here to carry it out."

Nixon spent two and a half hours Thursday night with the strongman of South Viet Nam's ruling military junta, Maj. Gen. Nguyen Khanh, and described him as a no-nonsense leader who "has elements that could make him a very successful leader."

Nixon said he got the impression from Vietnamese and American leaders here that "there is a greater need for continuity, consistency and firmness. Anything that shakes that is damaging. That includes another coup, which would be disastrous. The people here hope there will be no massive changes in personnel on either side—Vietnamese or American."

Nixon flew on to Hong Kong for a two-day visit. He had no speeches or public appearances scheduled there. Because of its proximity to Red China, the Hong Kong government frowns on political statements by visitors.

Mock Convention Set

KALAMAZOO (AP)—Students of Kalamazoo College will hold a mock Republican convention

April 11. More than 350 area high school students will act as delegates representing the 50 states. Rep. Robert F. Ellsworth of R-Kan., will be keynote speaker.

Killed in Car Crash

ST. CLAIR (AP)—Wallace Smith, 22, of Marine City was killed Thursday when his car

overturned on M29 two miles south of here.

The average public school year is 179.1 days.

Health insurance benefits paid out in 1963 averaged an estimated \$21.3 million a day. In 1963, benefits averaged \$6.7 million daily.

For Emotionally Disturbed Children

Lack of Facilities Hinders Recovery

(EDITOR'S NOTE—The following is the last of four articles on the plight of emotionally disturbed children in Michigan. The series was written by William E. Cote, Ypsilanti Press staff writer, for the Associated Press.)

By WILLIAM E. COTE
Ypsilanti Press Staff Writer

YPSILANTI (AP) — "In spite of all the agencies trying to help emotionally disturbed kids, we still often have no better than a 50-50 chance of curing them."

That comment by a professional child guidance worker is not unique among those hunting for more personnel, money, facilities and different approaches to help disturbed youngsters.

"There's a lot of ballyhoo about wanting to help," says another worker, "but it's discouraging when you don't have the people to do the job."

FAR TOO MANY

"We still handle far too many children who should have been treated 10 years ago," adds still another.

Those views aren't likely to evaporate suddenly but there is at least evidence in the past few months of new attacks on the problem by local, state and federal agencies.

The Ann Arbor schools for two years tried a program of separate, full-day classes with special teachers for emotionally disturbed elementary children, but this past fall adopted a half-day system where youngsters are in special classrooms in the morning and in regular school in the afternoon.

Another Ann Arbor program involves a "helping" or "crisis" teacher who has 12 disturbed children assigned to her in one building. These youngsters are seen in regular conference by the helping teachers and informally by observation.

TEMPORARY CRISIS

The helping teacher also sees other children who are in an immediate, perhaps temporary crisis—crying, fighting, or anything which may prevent that child and the rest of the class from learning.

Relations Unit Plots Course

County Committee
to Take Aim at Bias

The six members of a newly formed Oakland County Human Relations Committee agreed at their first meeting Wednesday to concentrate their efforts in four areas of possible discrimination against minority groups.

The areas are housing, education, employment and public accommodations.

The committee discussed briefly alleged discrimination against Negroes by bowling alleys in Pontiac.

Members came to no conclusion but agreed to contact a human relations group in Pontiac and similar groups in seven other cities in Oakland County to coordinate efforts, according to committee chairman Homer Case, Bloomfield Township supervisor.

"Our major function as a committee," said Case, "will be to sit down with various groups who find themselves opposed on questions of possible discrimination and attempt to work out fair solutions."

Other members of the committee are Berkeley Supervisor Mrs. Betty Stephenson; Arthur Saltzman of Franklin; Russell Bright, Royal Oak; and Thomas Fowler and Dr. Otis Ferguson of Pontiac.

The committee is scheduled to meet April 22 at the County Courthouse auditorium.

Questions can be referred to the agenda by contacting Case at the Bloomfield Township Hall.

Oakland County's Only Dealer
OAKLAND, MICHIGAN
TE 8-4101, 391 S. Saginaw

Livonia has tackled the problem in junior high grades with two teachers for the same room of emotionally disturbed children.

One teacher conducts general lessons while the other helps somewhere in the same room with individual problems.

Ypsilanti is considering assigning six special teachers to the problem.

FOCUS ATTENTION

David P. Weikart, director of special services, said, "We don't know how far such classes can help, but they can at least focus parent attention on the problem and allow the schools more flexibility. They also may help reduce academic failures, so we can concentrate on the basic personal troubles."

At the state level, the legislature, after a long period of delay and prodding, passed in

the last session a mental health bill which will aid both emotionally disturbed and mentally retarded children.

The law makes it possible for cities of 500,000 or more population or any county or combination of counties to establish community mental health centers through a special election called by the county boards of supervisors or by a voter initiative petition.

The state will match local funds for such centers up to 60 per cent of the total costs, but not more than one dollar per person in the area served. The local governments may levy new tax millage not to go over one-half mill, 50 cents per \$1,000 of equalized property valuation.

RECENT PROVISIONS

Among recent federal provisions are:
• \$45.5 million over a three-

year period to expand existing programs for the training of teachers of the retarded and deaf, and including teachers for the emotionally disturbed, visually handicapped, speech impaired and crippled.

• \$150 million over a three-year period for grants to states to pay one-third to two-thirds of the cost of building community mental health centers.

Thus slowly the bricks, mortar, books, equipment and trained people are becoming available which can be used to quiet and soothe young minds in turmoil.

10 Locals Meet Today in Essex Wire Strike

Hillsdale, site of a strike-bound Essex plant.

George Gould, international representative of the International Union of Electrical Workers, said members of 10 locals would meet to form a conference board to work out a program for bargaining at all Essex plants in the two states.

In Wake of Dixie Violence

WASHINGTON (AP) — The Senate has been urged to

Stronger Rights Bill Is Urged

strengthen the controversial civil rights bill in the wake of recent racial violence in the south.

"Great quantities of human blood" may flow if the measure does not pass, Sen. Wayne Morse, D-Ore., said yesterday during the continuing debate.

"I believe the Negroes are not going to wait any longer," he said. "They are ready to die for their constitutional rights. They are not going to die alone."

Sen. Jacob Javits, R-N.Y., attacked what he called police brutality against demonstrators. Without naming any cities, he said:

"These excesses have included use of police dogs, cattle prods, and even tear gas bombs on peaceful demonstrators, and have set white policemen against Negro demonstrators in a way that is an affront to the conscience of the nation."

THREE AMENDMENTS

Javits said he would offer three amendments to strengthen the bill, including one to allow the attorney general to initiate actions to end discrimination in public facilities owned by a city or state.

Morse also endorsed extension of the attorney general's authority in this respect.

Meanwhile, Mrs. Malcolm Peabody, the 72-year-old mother of the governor of Massachusetts, was released on \$400 bond at St. Augustine, Fla. after two days in jail on trespass charges.

Most of the 285 persons arrested during five days of demonstrations remained in jail, however. Many of them were juveniles.

GAVE TESTIMONY

Before her release, Mrs. Peabody was taken by police car to Jacksonville, Fla., to testify at a hearing on a petition seeking transfer of the St. Augustine civil rights cases to federal court.

She told the court she deliberately exposed herself to arrest and imprisonment because "All my life I have

been concerned with discrimination and injustice."

"I would rather stand up for the Constitution of the United States than the ordinances of St. Augustine," Mrs. Peabody testified.

SENATE FIGHT

U. S. District Court Judge Bryan Simpson denied the petition, saying the regular county courts could handle the cases. He also refused to stop the St. Augustine Police Department from using dogs to break up integration demonstrations.

Sen. Paul H. Douglas, D-Ill., and John Sherman Cooper, R-Ky., were assigned to spell out the arguments for this part of the measure in behalf of the bipartisan coalition arrayed against Southern opponents.

Having a tandem of Democratic and Republican speakers each day is the pattern established by the bill's proponents in taking the offensive this week.

Another key part of their strategy is to keep the debate moving by having enough senators

around the produce quickly a quorum — a majority of the 100 members — when one is called for.

LEADERS GONE

But yesterday, Sen. Hubert H. Humphrey, D-Minn., and Thomas H. Kitchell, R-Calif., the leaders of the coalition, were away. And it took 53 minutes to round up one quorum, 43 minutes to produce another later in the day.

After Democratic leader Mike Mansfield made a plea for senators to stay close by during the civil rights battle, Sen. Joseph S. Clark, D-Pa., said it would be startling to know how many senators were not in town.

Clark gave no figures, but the time taken to produce a quorum indicated that a number of senators are on extended Easter holidays.

A daily newsletter put out by the coalition leaders said the hour and two minutes spent in getting a quorum Wednesday night was "the outstanding victory of the week for the opposition."

In the course of a 70-year life, an average human heart spends about 40 years in a state of "rest."

Today the population of Communist China is over 700 million. It is increasing 10 to 15 million per year.

Township Planning Survey

Waterford Residents Satisfied With Facilities

By JOE MULLEN
(Third in a series)

Waterford Township residents generally are satisfied with present community facilities available to them.

This was the conclusion of a survey in which a sampling of approximately 5 per cent of the population was taken.

The survey, one of many made by the township planning department and planning consultants, is a part of the comprehensive plan being developed for the township.

In addition to providing public opinion on facilities ranging from traffic and shopping to the fire and police departments, this study also presents data on income, occupations and education.

The greatest area of satisfaction lies in shopping facilities and the least satisfaction in highway and traffic facilities.

82.2 PER CENT

A total of 82.2 per cent of those sampled expressed satisfaction with shopping conditions. Only 1.9 per cent registered dissatisfaction and the remainder were undecided.

On the other hand, only 5.7 per cent were satisfied with highway and traffic facilities while 33.9 per cent ex-

pressed dissatisfaction. The remaining 74 per cent were undecided.

School facilities, public services and the police and fire departments also rated high in the survey.

A total of 77.9 per cent of the respondents registered satisfaction with the schools while 8.6 per cent were dissatisfied. The remainder had no opinion.

SERVICES SATISFACTORY

Public services were termed satisfactory by 63 per cent compared to 16.3 per cent who disagreed. The rest were undecided.

The fire department was termed favorable by 74.7 per cent and 74.5 per cent expressed satisfaction with the police department.

On the debit side, the percentages were 9.1 and 12.2 per cent, respectively. Some 20.7 per cent had no opinion about the fire department, and 33.3 made no evaluation of the police force.

Also receiving a favorable reaction in the survey was a question on appearance and upkeep of property.

MET SATISFACTION

Outdoor recreational activities met the satisfaction of 58.5 per

cent of those polled. A total of 28.9 per cent had no opinion on the question and the remainder were dissatisfied.

Indoor recreational facilities were less acceptable. Only 47.3 per cent were satisfied compared to 34 per cent dissatisfied.

Ohio House Fire
Kills 4 in Family

RUSSELLVILLE, Ohio (U.P.)—Three children and their 64-year-old grandmother were killed late last night in a fire in their one-story frame home in this Brown County village.

The victims, who were found in their beds, were identified as Grace Perkins, 64, Elizabeth Ann Perkins, 24, John Philip Perkins, 14, and Betty Perkins, 6 months.

The children's father, Roy Perkins, 38, suffered burns but his condition was not available. Firemen found him struggling near the front door. The mother, Virginia, 21, escaped uninjured.

In October, 1963, Ostertund, a lake-side city in Sweden, reported its first lemming invasion since 1939.

satisfied. A large segment, 38.7 per cent, had no opinion.

The library survey, which showed a slight majority of satisfied patrons than dissatisfied, holds little significance since the survey was conducted before the township-operated library opened last January.

Prior to the greatly expanded public library, the township's library facility consisted of a sparsely stocked unit at the Community Activities Inc. building staffed by volunteers.

ALSO INCLUDED

Also included in the survey was a questionnaire which indicates that family income in Waterford Township is above the national average.

A total of 37 per cent of families questioned reported income of over \$9,000 annually. The \$6,000 to \$9,000 income category comprised 40 per cent of the respondents.

Only 4 per cent reported family income of under \$3,000 and 19 per cent were in the \$3,000 to \$6,000 range.

Further questioning revealed that 46 per cent of the respondents were in a service-type occupation and 32 per cent engaged in manufacturing employment.

Professional-type occupations were listed by 30 per cent of the respondents.

Approximately 30 per cent of the household heads attended college, according to the survey. This compares with a national average of about 10 per cent.

Walter Willson of Murphy Street is an avid collector of antiques. So is Mrs. Don Harrison of Mark Street. Mrs. Harrison is doing preliminary work on the All Saints

antiques show and sale April 14-16. Willson and his wife will attend, hoping to find some "missing links" for their collection.

All Saints Women Working on Annual Antique Show

All Saints 12th annual antiques show and sale is scheduled for April 14, 15 and 16.

Eighteen dealers from Michigan, Ohio and New York will display jewelry, china, silver, glass of all kinds, brass lamps, fine furniture, accessories, primitives and oddities.

A carved lion's head from the prow of an 18th century Finnish ship will be featured. Mrs. Ray Curtis of Okemos, who has exhibited every year plans to bring a 100-year-old rocking footstool.

Charles F. Heman from Elgin Rapids is a new dealer. He will show a large collection of antique dolls, including mechanical ones. Tiffany glass is also one of his specialties.

HOURS

The show will be open from

11 a.m. to 10 p.m. daily. Buffet luncheon will be served from 11:30 a.m. to 1:30 p.m. The balcony tea room will be open throughout the show.

Proceeds of the show are used to support a multitude of Episcopal missionary projects at home and abroad.

Mrs. Robert Tricker and Mrs. Fred Cottle are co-chairmen of the show. Mrs. John Hubbard is food chairman, assisted by Mrs. John Riley, Mrs. Orville Moll, Mrs. Kenneth Burr and Mrs. Victor Sutti.

Other chairmen include Mrs. Larson Smith, Mrs. C.

George Widdfield, Mrs. Palfrey Strang and Mrs. Marshall Smith.

Concluding the list of workers are Mrs. Robert Nienstedt, Mrs. James Hampton, Mrs. Maxwell Shadley, Mrs. William Maybury, Mrs. Arthur Young, Bruce Metcalf and Kenneth Burr.

TICKETS

Tickets may be purchased at the door or from any member of All Saints Episcopal Church, of the Church of the Resurrection, Clarkson, and Mrs. Donald Jacobs and Mrs. John Walker of St. Andrews Episcopal Church also have tickets.

Twins' Fashion Show a Double Feature

DAR Busy With Plans for Congress

General Richardson chapter, Daughters of the American Revolution, heard reports of the Michigan state conference and made plans for the coming Continental Congress the week of April 20.

Mrs. E. M. Peterson, Mrs. E. G. Clark, Miss Jessie Brewer, Mrs. F. E. Allen, Mrs. Lisle Echinaw and Mrs. R. W. Jackson attended the state meeting in Grand Rapids.

DELEGATES

Mrs. Jackson and Mrs. Peterson will represent the chapter at the Washington D.C. meeting.

Following the national convention Mrs. Jackson, Mrs. Allen and Mrs. Grant Beardslee will visit the New York World's Fair.

Mrs. Harvey Bidstrup opened her Shore View Drive home for the Thursday afternoon meeting.

Hostess chairman Mrs. Maxwell H. Doerr was assisted by Mrs. Louis B. West, Mrs. Harry B. Austin, Mrs. Ivan B. Royal, and Mrs. Frederick L. Ward.

Other hostesses were Mrs. Velmor Lewis, Mrs. James C. Isles, Caroline L. Lewis, Mrs. Elbert M. Wilmut and Mrs. Clark.

Lodge Women Plan Party for April 21

Final plans were correlated at the Wednesday evening meeting of the Iraq Caldron No. 70, Daughters of Mokanna, for their April 21 card party.

Mrs. Victor Bodamer is general chairman for the event, to be held in the First Federal Savings of Oakland building.

At Wednesday's meeting announcement was made that officers will attend a ceremonial of initiation in Ann Arbor.

The supreme mighty chosen one, Mabel Taylor of Central Falls, Rhode Island, was a guest.

Mrs. Earl Brunson was hostess for the meeting. Next meeting will be May 6.

Go Ahead, Applaud Your Son

By ABIGAIL VAN BUREN

DEAR ABBY: I am the mother of a 16-year-old daughter. She is kind, thoughtful

and helpful around the house. She wears the key to her diary on a chain around her neck. The other day she forgot it.

I don't know what made me do it, Abby, because I have always trusted her but I did an unforgivable thing. I opened her diary and read it.

What a shock I got! I was sick inside. You would never believe the things she does outside the house!

My problem is, how do I let her know that I know these things about her without telling her that I read her diary? Should I tell her about it? Heavens! It would break her heart as she is our only child.

WORRIED SICK

DEAR WORRIED: You already know that reading your daughter's diary was "unforgivable."

I don't recommend that you tell your daughter. It's apparent that she needs the friendship of a mature, understanding person in whom she can confide.

Perhaps it's not too late to build that kind of relationship with her. Try, and try hard; and, if you succeed, she will tell you about her "goings on" herself.

If she doesn't, keep an eye on her. There will be other clues.

DEAR ABBY: My mother-in-law is a very outspoken person.

When she invites my husband and me to her home for dinner she asks us to leave the children home.

Q: My boy friend gave me his fraternity pin to wear. After returning home from a date I discovered that the pin was gone.

I was unable to find it. What should I do about it? Am I obliged to replace it?

A: Tell him frankly that you have lost his fraternity pin and that if he will order a new one you will gladly pay for it.

The Emily Post Institute booklet, entitled, "Formal Wedding Procedure," includes details on the wedding procession, the receiving line and other helpful wedding information.

To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to Emily Post Institute, in care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

She says too much "commotion" makes her nervous. Ours are 5, 7, 8 and 10, and they aren't any worse than anybody else's.

She lets us bring them every Sunday for supper when she has all her other grandchildren there.

There are eleven in all, and I wonder why the "commotion" doesn't make her nervous then.

I am ready to tell my husband if his mother doesn't want my children during the week, she doesn't have to put up with them on Sundays, either. Am I wrong?

MEDELL'S WIFE

DEAR WIFE: Yes, you are wrong. Take the children to their grandmother's on Sundays and keep quiet.

DEAR ABBY: I live in a small town and would like to know how one goes about making a donation to the heart fund or the cancer society at the time of death when the family requests a donation instead of flowers.

How is the family made aware of the donation? I am sure there are others who would like to know, too. Thank you!

UNCERTAIN IN TANKTOWN

DEAR UNCERTAIN: Consult your telephone directory for the local headquarters. If there is none, write to national headquarters: American Cancer Society, Inc., 219 East 42nd Street, New York, New York 10017, and American Heart Association, 44 East 23rd Street, New York, New York 10010.

They will let the bereaved family know of the donation and who sent it, but will not reveal the amount.

Mrs. Victor Bodamer is general chairman for the event, to be held in the First Federal Savings of Oakland building.

At Wednesday's meeting announcement was made that officers will attend a ceremonial of initiation in Ann Arbor.

The supreme mighty chosen one, Mabel Taylor of Central Falls, Rhode Island, was a guest.

Mrs. Earl Brunson was hostess for the meeting. Next meeting will be May 6.

DAR Busy With Plans for Congress

General Richardson chapter, Daughters of the American Revolution, heard reports of the Michigan state conference and made plans for the coming Continental Congress the week of April 20.

Mrs. E. M. Peterson, Mrs. E. G. Clark, Miss Jessie Brewer, Mrs. F. E. Allen, Mrs. Lisle Echinaw and Mrs. R. W. Jackson attended the state meeting in Grand Rapids.

DELEGATES

Mrs. Jackson and Mrs. Peterson will represent the chapter at the Washington D.C. meeting.

Following the national convention Mrs. Jackson, Mrs. Allen and Mrs. Grant Beardslee will visit the New York World's Fair.

Mrs. Harvey Bidstrup opened her Shore View Drive home for the Thursday afternoon meeting.

Hostess chairman Mrs. Maxwell H. Doerr was assisted by Mrs. Louis B. West, Mrs. Harry B. Austin, Mrs. Ivan B. Royal, and Mrs. Frederick L. Ward.

Other hostesses were Mrs. Velmor Lewis, Mrs. James C. Isles, Caroline L. Lewis, Mrs. Elbert M. Wilmut and Mrs. Clark.

Lodge Women Plan Party for April 21

Final plans were correlated at the Wednesday evening meeting of the Iraq Caldron No. 70, Daughters of Mokanna, for their April 21 card party.

Mrs. Victor Bodamer is general chairman for the event, to be held in the First Federal Savings of Oakland building.

At Wednesday's meeting announcement was made that officers will attend a ceremonial of initiation in Ann Arbor.

The supreme mighty chosen one, Mabel Taylor of Central Falls, Rhode Island, was a guest.

Mrs. Earl Brunson was hostess for the meeting. Next meeting will be May 6.

Greek Group Has Party

Daughters of Penelope, Doris Chapter 157, women's auxiliary to the Order of Ahepa, bid "bon voyage" to the William P. Gregorys at the April meeting Wednesday in the Hellenic Community Hall.

The Gregorys, of West Huron Street, both members of the group, will sail for Greece next Friday on the "Olympia."

Gregory is secretary of the Pontiac chapter of Ahepa and "treasurer" of the annual excursion to Greece of the Order.

A trip to Istanbul is included in the three-month itinerary.

District Governor, Mary Markos of Detroit, and district lodge members will attend initiation of new members at 3:00 p.m., April 19 in the Kingsley Inn.

Hostesses for the evening were Mrs. George T. Brinkman, Mrs. Ted Ziemer and Mrs. Herbert Dalley.

Installation Conducted at Temple

The Dames of Malta, Corinne Sisterhood, installed officers Wednesday evening in Malta Temple.

Senior Protector Lady Don Bussard conducted the ceremony in the absence of Sovereign Protector Lady Esther Evans of Detroit.

Taking office along with Mrs. Clyde Matthews, Queen Esther, are Mrs. George Kayga, Mrs. Edwin Erickson, Mrs. Edward Schram, Mrs. Albert Clark, Pearl Cross, Elsie Bailey, Mrs. James Schram, Mrs. Erwin Perry, Mrs. Oscar Hooper, Mrs. Christian Theis, Mrs. Glen Mason and Mrs. Richard Lange.

Still others are Mrs. Elmer Beardslee and Mrs. Bussard. Mrs. Bert Barber was advanced to the office of protector.

The 25th anniversary banquet of the group will be held April 15 in Malta Temple. Mrs. Bussard is general chairman and Mrs. Matthews, co-chairman.

The 25th anniversary banquet of the group will be held April 15 in Malta Temple. Mrs. Bussard is general chairman and Mrs. Matthews, co-chairman.

Women's Section

In White House

Historical First Lady

WASHINGTON (UPI) —

Mrs. Lyndon B. Johnson is keeping history in mind as she lives in the White House.

She is keeping an oral diary of her life as First Lady. The President's energetic wife closes the door of her sitting room every two or three days for an hour or so to tape the current happenings from her viewpoint.

She puts a sign on the door: "Lady Bird at work—do not disturb." It's the time when she curls up on a chaise longue and tries to recapture by way of a microphone the events she knows are part of American history.

So far, she has not let anyone transcribe the tapes. In making the recordings, she tries to be completely factual, using newspaper clips to get her names and dates right for posterity.

At this point, she indicates she is only doing it for her grand children. But she knows the value of a First Lady's memoirs. So does the President.

On the tragic flight back to Washington after the assassina-

tion of President John F. Kennedy, Johnson, sworn in as the new President, told his wife, "Bird, why don't you keep notes on this."

She proceeded to put down in her rickety shorthand the sorrowful events of the day.

Later she put on tape her memories of the fateful hours that catapulted her husband into the White House.

BREAKS RULE

She has always kept a written diary but now it all seems much more important.

The First Lady broke a family rule about signing autographs at the Huntsville, Ala., Municipal Airport last Tuesday. The rule is—don't start.

But she made a lot of people, mostly children, happy when they showed their pencils and scraps of paper in front of her as she trooped along a roped-off line.

She simply signed, "LBJ—Lady Bird Johnson."

She finally had to break it off by telling the crowds, "I'm sorry, I have to go. They'll leave me behind if I don't."

Our Lady of Refuge mothers' club will sponsor their annual smorgasbord dinner Sunday from 2:30 to 6 p.m. in the newly decorated hall of the church basement. Proceeds from the dinner will be used for school and playground equipment.

See 'Project Hope'

Movies of the S. S. Hope landing in Peru were viewed by the Sisters of Mirzap Temple No. 7 at their recent meeting.

Final arrangements were made for the convention in Flint Wednesday.

Hostesses for the evening were Mrs. George T. Brinkman, Mrs. Ted Ziemer and Mrs. Herbert Dalley.

Assisting her are Mrs. Elwyn Hall, Xi Alpha Nu, vice

Announce City Officers for Beta Sigma Phi

Mrs. Larry Ettinger of Phi Gamma Eta chapter has been elected president of the city council of Beta Sigma Phi sorority.

Assisting her are Mrs. Elwyn Hall, Xi Alpha Nu, vice

president; Carol Johnson, Phi Gamma Eta, recording secretary; Mrs. Ray O. Courtney, Gamma Psi, corresponding secretary; and Mrs. Russell C. Perkins, Xi Gamma Alpha, treasurer.

Mrs. Robert D. Terry announced the new officers at a Wednesday evening meeting of Xi Gamma Alpha chapter. Mrs. Perkins opened her Sharon Street home to members.

A workshop followed the business meeting. Book covers for the annual Founder's Day banquet April 29 at Edgewood Country Club were made.

Mrs. Terry will open her East Fifth Street home April 15 for the next meeting.

Garden Club Is Foresighted

What to collect in summer for winter bouquets was discussed at the Thursday meeting of the Brookside Garden Club.

Mrs. Arthur Siller of Holly, extension co-chairman of the Michigan Division of the Woman's National Farm and Garden Association, was speaker.

The club's annual spring luncheon was held at the Village Women's Club. Hostesses for the afternoon were Mrs. Charles Galloway, Mrs. William R. McClure, and Mrs. E. Gilmore Winn.

Calling All Brides

If you've said "yes" to him and haven't told us, do it now.

We want to have your engagement announcement at least two months before the wedding, if you want pictures both times. No engagements are announced within a month of the wedding date.

The Pontiac Press has printed forms for both engagement and wedding announcements. But you may send in the details, giving full names and addresses (husband's name for a married woman) and other pertinent details. Please include a telephone number so that we may check, if necessary.

We prefer to receive bridal pictures and stories before the wedding. The deadline for bridal pictures is two days after the ceremony (that is, no later than Tuesday a.m. for Saturday weddings).

If the wedding takes place out of town, this deadline is extended.

BEST PICTURES

Pictures should be black and white, preferably glossy prints. Snapshots will not reproduce well. Color and tinted pictures are not acceptable.

While The Press makes no promise to use every picture submitted, some printed mention of the event will be made.

There is no charge for editorial space, but it cannot be reserved, nor can we promise the size of a picture or its position.

Engagement and wedding pictures are kept for two months, then discarded. They may be called for any time after publication.

OPEN MONDAY AND FRIDAY NIGHTS

Made to order for modern eaters, this service was created by an expert in porcelain design and haut cuisine. To make his contemporary porcelain designs function-

ally correct for the world's 22 most popular coffee recipes, La Gardo Tackett fashions five different coffee servers and eleven cup sizes and shapes.

May Bride Is Honored at Showers

May bride-elect Katherine Ann Bellis will be honored at a luncheon - shower today, in the Ferndale home of her cousins Loretta and Janet Bellis.

On Monday, her sisters, Mrs. Thomas G. Banks and Ann Bellis will give a shower in the Banks home on Lockman Road.

Gift of linens will be opened April 15 in the home of Susan Lyons on Beach Street, with Sally Taylor cohostess.

Mary Lee Williams, also of Watkins Lake Road and Mary Williams of Pontiac, sister and cousin of future bridegroom Carl Williams, entertained at a recent shower.

Parents of the honoree are the James L. Bellises of Watkins Lake Road. Her fiancé's

If You're Going to the Fair Don't Forget Your Feet

Be fair to your feet and the World's Fair will be, too. That's the counsel of one of America's leading foot health specialists, Dr. Benjamin Kauth, director of the American Foot Care Institute and a prominent podiatrist.

It's a safe bet that visitors to the New York World's Fair this spring and summer will walk at least 20 to 25 miles per trip. Experience from previous Fairs, including the 1939 World's Fair on the same site - Flushing Meadows, has shown that no one is immune from tired feet at the end of a day's tour of the exhibits.

But, points out Dr. Kauth, "There's a vast difference between weary feet at day's end, and a pair of burning, aching feet that cut short your sight-seeing and kill any desire for further visits. And that dif-

ference could mean a wrecked weekend or vacation at the Fair."

So, if you're one of the 35 million people planning to visit the Fair, here's what Dr. Kauth says: "If you hope to see more of the Fair than a parade of people passing the bench you've collapsed on, give serious thought to your footwear and your foot care before you go."

First consideration should be the shoes you wear. Through a long day of walking and standing, the footwear that offers the greatest comfort and support is an all-leather shoe. For feminine visitors, low, mid heels or wedges are recommended and -fortunately- are very much in fashion.

Out-of-towners traveling to New York especially to take in the Fair should pack at least four pairs of shoes. With the heavy walking, schedules that Fair-seeing entails, footwear should be changed at least once during each day. High heels should definitely not be worn more than a few hours at a time.

Designer-Chef Creates Dishes

The designer who cooks and the cook who designs porcelain and trousseau dishes are one and the same man in a New England farmhouse.

La Gardo Tackett cooks and serves gourmet menus for his family and friends - strictly in the spirit of culinary research.

All because today's cooking and serving ware, in the opinion of this ranking designer of contemporary ceramics, ought to be designed for our way of life. They should not simply be copies from Grandma's china place settings.

The Tackett home, called Talaria in deference to its sky-high location on Peaceable Street above Ridgefield, Conn., is a sprawling farm-style mansion of the 1825 period. Its 30-odd rooms, with beamed ceilings and plank floors, are divided about equally between the artistic professional careers of Virginia and La Gardo Tackett and the home life they share with their teen-age daughters, Sandy and Cheryl Lee.

KITCHEN-DINING WING
But it is the remodeled kitchen - dining wing of the old house - three separate rooms a century ago - that sets Talaria apart from all other refurbished New England colonial houses.

It is the only known ceramic design studio in America that is used, every day, for cooking and serving - gourmet and "provincial" menus from all parts of the world.

Actually, the kitchen-studio is a laboratory - complete with drafting tables, cookbook library, and cooking centers that run the gamut

from Japanese hibachi-to late-model wall oven. Here La Gardo Tackett pursues his conviction that dishes should be designed around the foods they cook or serve; not just streamlined as mirrors of an outmoded etiquette.

To him, an inherited set of Grandma's good china may hold sentimental value but have no practical usefulness for today's host and homemaker. Modern menus, mode of entertaining, and manner of shopping and storing foods demand entirely new cooking and serving utensils.

MORE THAN THEORIST
No mere theorist, La Gardo Tackett has won the plaudits of modern designers from Tokyo to Copenhagen for his unique, and basic, research on the forms and functions of ceramic tableware.

His most recent "Collection" - he winces at the mention of dinnerware sets and living room suites - embraces 52 pieces that directly complement the 20th Century foods they'll carry to the stove, table and refrigerator.

Starting point for the new collection is the Basic Work Group of fundamental vessels that Tackett says "no host or homemaker can do without." All of the multi-purpose dishes are useful in both cooking and serving, as typified by five graduated bowls that are mixing bowls in the kitchen; serving bowls at the table.

NO DINNERWARE
Nothing in the Basic Work Group takes the place of formal dinnerware, Mr. Tackett explains. "It is the good dishes, and general purpose collection, the hub around which specialized tableware is assembled to suit the individual needs of each homemaker or chef."

Several distinguished collections of special dishes have already emerged from the studio - kitchen and more are on the way. La Gardo Tackett's coffee cups and servers for the 22 most popular coffee recipes in the world, are sold from Argentina to Alaska.

His recent survey in depth that led to introduction of dishes for all modes of ice cream service, typifies the way in which the studio-kitchen-dinnerware explorations go beyond the realm of most ceramic studios.

ICE-CREAM RESEARCH
To start his research, Tackett called together more than twenty neighborhood homemakers and amateur chefs. From a collection of ice cream and frozen dessert recipes extending back to colonial times, the panel chose the fifty most appealing for modern palates.

Antique recipes were favored by most of the panel members "to restore ice cream to the haut cuisine favor it enjoyed before commercialism turned it over to kids and supermarkets."

Once the best recipes were chosen, ice cream was turned by hand in an old-fashioned freezer from fresh country cream, eggs and carefully measured natural flavorings.

As each dish was made and eaten, photographs were made and ideas were formed for serving dishes specifically designed for each dessert. Tackett's ultimate designs, for everything from Baked Alaska to Banana Split, now are sold year-round by mail from the farmhouse studio - kitchen in Connecticut, and by leading stores throughout the Americas.

New Constitution

A new constitution, submitted by Mrs. Phil Sauer and her committee, was accepted at the Wednesday meeting of the Fairway Golf League.

Mrs. Betty Lysinger was in charge of the first meeting of the year at the Elks Temple as five vacancies were filled.

The first day of golf at Pontiac Country Club will be May 7.

May vows are being planned by Dian Ruth Spencer and Airman J.C. Larry Clifford Upson of Sheppard AFB, Wichita, Tex. Her parents are the Ervin Spencers of Kempf Street and her fiancé is the son of the late Mr. and Mrs. Jack Upson and grandson of Mr. and Mrs. Willis Cronk of Hickory Lane.

Avoid
6 common traps
in carpet buying:
choose a Lees carpet
from LEWIS FURNITURE

1. THE BUYING-BY-FIBER-TRAP. This one says, "Just name a fiber and you've got nothing to worry about." Nonsense. A fiber is just a bunch of fluff until somebody makes it into a carpet. And the somebody should be somebody good.
2. THE BUYING-BY-PRICE-TRAP. It's baited with catchwords: "discount," "bargain." Beware. A "bargain" carpet has to skip. We won't sell you a "discount" carpet. It'd cost you too much.
3. THE BUYING-ONLY-BY-LOOKS-TRAP. It lures you with color. (But are the dyes stable.) Tempts you with texture. (Are the yarns right for the job?) Don't let a pretty face fool you. Find out who made it.
4. THE BUYING-BY-HEARSAY-TRAP. There's the Mother-Aunt Millie variety (leaning to wool). And all the opinions (confused) about the great, new man-made fibers. Discuss your requirements with our experienced carpet men. Keeping you out of traps is their business.

OPEN FRIDAY EVENINGS

INTERIOR DESIGNERS OF HOMES AND OFFICES

5. THE BUYING-FROM-AN-UNKNOWN-DEALER-TRAP. Tricky. A Mr. X may do anything to sell you a carpet. But. Will he be equally quick to honor complaints (if any)? Can he install your carpet properly? Does he care? We most assuredly do care. We're trained to install Lees carpets correctly. We stand behind every one we sell.
6. THE BUYING-WITHOUT-KNOWING-WHO-MADE-IT-TRAP. The biggest. But easiest to avoid. Look for a good carpetmaker. One who scours the world for the best raw materials. Who tests every carpet before it's made for you. Who inspects every square yard for flaws. The "who" to look for is Lees. Look for Lees and don't worry about traps.

These Heavenly Carpets by Lees, start as low as

CAROL JEAN FITCH

Summer Job Pays Off in Fun, Not Money

By MARY FEELEY
Consultant in Money Management

Dear Miss Feeley:

I plan to work at the World's Fair this summer, and need help in planning a budget. My salary will be somewhere between \$60, and \$80 a week, for the twelve weeks I will be in New York.

As my parents pay for my insurance, and will loan me bus fare to and from New York (payable in September), and as my wardrobe is pretty well filled out, I won't need to worry about those. But everything else must come out of my salary.

Would it be better to stay at the YMCA (I am a member), rent a room, or share an apartment with one or two other girls?

My employer will help me find a place to stay if I decide not to stay at the Y.

But I must consider both cost and distance from the fair. Most of my transportation will be via subway.

I have already figured out my food allowance, which should come to \$22 a week, eating out. Because I am entering college this fall, as much as possible of my pay must go into a savings account.

What should my expense be, counting in income tax and Social Security?

L. K. J., Cleveland

Dear L. K. J.:

You'll end the summer with more money than you started with. But considering the things you'll see and the people you'll meet, I think it's a fine investment.

If you use the Y as a base of operations while you check into a room or apartment rental perhaps nearer the Fair, the Y's daily room rates range upwards from \$4 for a single, depending on the location of the particular branch.

Arrangements for residing at a Y on a 12-week basis can cost

from \$29 a week including two meals a day. Why don't you write to the WYCA's World's Fair Information Center, 135 East 52nd St., New York City, for details — the sooner the better, before the crowds start coming in?

They will also have room registry services, recommending approved rentals, ranging from about \$15 to \$25 weekly for just room-in homes or apartments in the metropolitan area.

COST OF MEALS

Since you've already figured your meals at \$22 a week, here's how your weekly budget might stack up after you're located for the duration:

Rent, \$15; meals, \$22; transportation (subway or bus), \$3; personal grooming expenses, clothes upkeep, \$2. Total, \$43 WITHOUT taxes.

If your salary is \$80 a week, allow \$9.48 to cover federal and state taxes, and Social Security. If it turns out to be \$90 (we hope), allow \$15.76 a week for the same items.

As you see, on \$80 a week you would have just about \$7.50 left for savings, emergency expenses, etc. On \$90 a week about \$31.25.

TAX REFUND

Of course, you'll be due for a tax refund after the year's accounting. But that money won't be of any help to you this fall.

After you repay the loan for your bus fare, you certainly won't be too flush. But you can't always count profit in dollars, and I think you'll come out way ahead in fun and experience.

As she took it, she said it would buy a little meal. Needless to say I felt hurt, as I gathered she thought I should have given her more.

NO EXTRAS

We required no extras, and two or three times a week we were not there for lunch or supper. I also helped her with the children.

We would like to visit the children again, but we are at a loss as to what to do. We don't want to hurt our son's feelings and we feel that what we paid was more than proper under the circumstances.

We are not financially well off but we do have enough backing and income to maintain us.

Worried Reader

Dear W. R.:

Just ignore that needing remark by your daughter-in-law. Some women always wear a chip on their shoulder when their mothers-in-law are present.

After all, you were invited to visit and quite properly could have refrained from contributing anything at all.

The \$20 a week was indeed enough to "buy a little meal" including the steak and chops your daughter-in-law ate herself.

Try to put this remark out of your mind, and continue your affectionate relations with your son and his family. Perhaps on future visits, you might cut short your stay a bit.

Grooming Important When Hunting for Job

This spring a fresh group of high school and college graduates will join the army of job hunters. For many it will be their first try at finding a job.

A good education, an alert mind, and a fresh initiative will be attributes many of them will have, but, according to Annette Telman, prom-

nent employment agent in Washington, D.C., even some of these young people will have difficulty.

Why? A rumpled dress or baggy trousers or the wrong attire can spoil the important first impression, says Miss Telman.

FIRST IMPRESSION

A bad first impression because of poor personal grooming can needlessly create a handicap hard to overcome.

A personnel man interviewing a sloppy, unkempt job applicant is immediately put on his guard. The first thing he sees is that the applicant is inattentive to detail, careless about some things.

GROOMING WEEK

During Good Grooming Week, April 19-25, the importance of good clothing appearance will be emphasized, according to the National Institute of Drycleaning. Institute officials asked Miss Telman just what is proper attire for a job applicant. Her answer:

"You're always safe in a nicely tailored suit or dress. For a woman, hat and gloves go with the tailored look, and she should not overdress with jewelry, color or style."

Sally Blosser Tuesday Guest at Shower

Bride-elect Sally Lee Blosser of Ramona Terrace will be honored at a personal shower, Tuesday, in the Paul E. Wilson home on Palmer Street. Verline I. Wilson and her sister, Mrs. John Vaden, will be hostesses.

Mrs. Howard W. Evisizer of Maceday Drive was hostess at a recent shower in the church parlors of the Seventh-Day Adventist Church. There were 40 guests.

The daughter of the J. Sterling Blossers will wed Robert Burnett Cain, son of the O. Burnett Cains of East Brooklyn Avenue, on April 12.

Busy Mother Invents Poultry Casseroles

By JANET ODELL
Pontiac Press Food Editor

Wouldn't you know that the mother of five boys would have some simple casserole recipes? Both of the ones below contain chicken.

Mrs. Gerald Copenhaver not only is a homemaker (with two preschoolers), she also works part time and does some church work.

SCALLOPED POTATOES AND CHICKEN

By Mrs. G. Copenhaver

4-5 medium potatoes
1 can condensed cream of chicken soup
1 onion
Lettuce chicken or turkey
Salt and pepper

Mix soup and milk and slice onion into it. Heat. Slice potatoes into greased casserole. Cover with slices of leftover poultry. Pour soup mixture over all. Season. Bake 1-1 1/2 hours at 350 degrees or until potatoes are tender.

No flour is needed and the dish will not be runny. Serves 4-5.

If you have leftover poultry dressing, line a flat casserole with it. Moisten with a little broth or chicken bouillon.

Lay slices of leftover poultry on top of dressing. Pour a can of condensed cream of chicken soup over dish and bake 30-35 minutes in 350-degree oven, or until thoroughly heated.

U.S. Prelates Detail English Use in Catholic Mass

WASHINGTON (AP)—American prelates of the Roman Catholic Church have drawn up detailed recommendations for greater use of English in mass. Prompt approval from Rome is expected.

About 200 archbishops and bishops and four of the five American cardinals met Thursday in a secret session at Catholic University to approve the texts and the extent of English in the mass, sacraments and the breviary.

Final approval of the new translations was requested of the Ecumenical Council's commission for the liturgy. "When this is forthcoming," said the Most Rev. John F. Dearden, archbishop of Detroit, "they will be put into effect in the

United States as soon as possible."

Archbishop Dearden is chairman of the U.S. Bishops' Commission on Liturgy which decided on the recommendations last Jan. 8 at a meeting in Philadelphia.

LESS LATIN

The impetus for greater use of the vernacular—and consequently less use of Latin—came last Dec. 4 from the liturgical reform constitution adopted by the Vatican Ecumenical Council.

Although the recommendations approved Thursday are a secret, authoritative sources report the vernacular will not apply to the "Canon," the most sacred portion of the Mass.

The speculation is that the most likely date for the revised texts to be inaugurated is the first Sunday in Advent, Nov. 29, which is the beginning of the liturgical year.

Francis Cardinal Spellman, archbishop of New York; James Cardinal Rittler, archbishop of St. Louis; James Francis Cardinal McIntyre, archbishop of Los Angeles; and Albert Cardinal Meyer, archbishop of Chicago attended the meeting.

Richard Cardinal Cushing, archbishop of Boston, was absent.

Mediation Board Halts Planned Rail Strike

DETROIT (AP)—A trainmen's strike on the Detroit & Toledo Shore Line Railroad Co., scheduled for today, was called off Thursday after intervention by the National Mediation Board.

The Brotherhood of Railroad Trainmen said the strike was postponed indefinitely pending mediation by the government agency.

Blasts at Johnson, U.S. Policy in Brazil

LOS ANGELES (AP)—Gov. Nelson A. Rockefeller, a candidate for the Republican nomination for president, hit hard at President Lyndon B. Johnson in the closing phase of a four-day political swing in Oregon and California.

Rockefeller said the Democratic national administration had encouraged and cooperated with the Goulart regime in Brazil at the same time it was moving to the left.

"The administration has been encouraging governments to open their doors not only to Socialists but to extreme left-wingers," the New York Governor said in an interview Thursday.

TREND RESPONSIBLE

"This trend is responsible for what has happened in Brazil."

The governor asserted the Johnson administration had encouraged the Goulart regime "despite the fact it was including an increasing number of Communists in the government itself."

Rockefeller, who has dealt with Latin-American affairs as a federal official and as a private business executive, said the Brazilian revolution was "a great thing" insofar as it represented a desire by the people of that country that they "do not want to see Brazil go the same course as Cuba."

Rockefeller's final activity Thursday night was a three-hour reception at the International Hotel. Officials of the hotel estimated that more than 7,000 persons greeted Rockefeller.

LEFT TOWN

He left for New York shortly after the reception.

As the governor wound up his California visit, newspapers here were publishing a statewide poll indicating he was running behind Sen. Barry Goldwater in the battle for votes in the California primary June 2.

Counting all Republican candidates, including those not entered in the California primary, the poll indicated Ambassador Henry Cabot Lodge was leading.

Detroit Leader, Ex-Hudson Veep Dies at Age 94

DETROIT (AP)—William A. Petzold, 94, Detroit civic and business pioneer who spent 70 years with the J. L. Hudson Co. department store, died Thursday at his home in suburban Grosse Pointe Park.

Petzold, a clubman and yachtsman, was vice president and treasurer of Hudson's until his retirement in 1951. Hudson's hired him as a parcel boy in 1881, four months after the company's founding. Petzold served as Detroit's City Charter Commission prior to 1920.

Survivors include a son, Thomas, and two daughters, Mrs. Miles M. O'Brien and Mrs. Bernard A. Clark, all of Grosse Pointe. Petzold's wife, Josephine, sister of the late former Mayor William B. Thompson, died in 1937.

State Soldier Dies in Meningitis Case

FT. KNOX, Ky. (AP)—A third soldier, a Michigan man, has died of spinal meningitis at Ft. Knox, the Army base reported Thursday.

He was Pvt. John R. Siwicke, 22, of Ravenna. Siwicke died Tuesday. There was a previous death March 28 and another in February.

A mass immunization program has been undertaken at the base.

The song, "Meet Me in St. Louis" was introduced in St. Louis' Universal Exposition of 1904.

Who Needs Campaign Button?

Auction Items 'Real Gone'

PARIS, Tenn. (AP)—Trying to raise \$7,000 Saturday to pay off the debt on a baseball park for youngsters, the auctioneer will chant, "What am I bid for . . ."

And \$5 worth of laundry.

CHEVY II by Chevrolet

How to get away from it all including the high cost of travel!

If you're looking for a way to get the whole family there and back on a small vacation budget, this is the station wagon that can do it.

You see, a Chevy II is one of the most inexpensive wagons you can own. It goes so many miles between gas stops you'll think we built in a spare tank. Garage stops, too, are far, far apart.

And you get 76 cu. ft. of cargo space for less money than you'd expect to pay for most sedans. Big enough to handle fat rowboats and tall fishing poles. Powerful enough to tote fully loaded trailers.

And all Chevy II's come with Chevrolet's money-saving, easy-care features. Like Body by Fisher, rust-resisting flush-and-dry rocker panels, battery-saving Delcotron generator,

FOR THE GREAT HIGHWAY PERFORMERS

durable fully aluminized muffler and self-adjusting brakes.

Besides wagons, of course, there are Chevy II sedans and coupes. They come with a wide range of engines, including a thrifty Four. The Super Sport Coupe comes with bucket seats and either an extra-cost floor-mounted Powerglide or 4-speed transmission, along with door-to-door carpeting. So although Chevy II's are economical to buy and own, they certainly don't look it.

And now that it's Trade 'N' Travel Time at your Chevrolet dealer's, you'll never find a better time to look into Chevy II. Look under its hood. Slam its solid doors. Bounce on its thickly padded foam-cushioned seats. But above all else—try it on the highway. It'll give you a good run for your money.

McNamara Skeptical About Dem VP Bid

By ELTON C. FAY

WASHINGTON (AP) — Associates say Secretary of Defense Robert S. McNamara, a man with a Republican background, considers it nonsense for anyone to speculate that the Democrats might pick him as their vice presidential nominee.

He likes to describe himself as an administrator, with neither political skill nor ambition. Does this mean he wouldn't accept nomination?

He doesn't comment on this.

And no one appears willing to answer, for several reasons, one of which is Lyndon B. Johnson—who continues to keep his own counsel in this matter.

McNamara is as dedicated to carrying out the orders of his present boss as he was those of his first boss in Washington, the late President John F. Kennedy.

CAMPAIGN STRATEGY

If President Johnson were to decide that campaign strategy would be enhanced with McNamara as his running mate, it is

possible that McNamara could overcome inhibitions about political skill.

However, McNamara, since taking his Pentagon post under the Kennedy administration, has

News Analysis

said "I've been a Republican for many, many years." Johnson has operated for his many years in politics within the machinery of his party.

Why, then, might he want McNamara on his ticket?

OUTSIDE PARTY

If a schism of consequence

Building Starts Today

KALAMAZOO (AP) — Construction was to start today on a \$300,000 pharmacy and surgical supply center in Kalamazoo. The center will be built and operated by the Drug Shop Division of Noble-Blackmer, Inc. of Jackson.

should develop within the Democratic party over choice of a vice presidential nominee, it could be that Johnson might seek compromise by going outside professional political circles.

McNamara's name is nationally known, a political prerequisite, Johnson has cited him in news conferences for economy moves in the largest and most expensive branch of government.

On his latest visit to South

Viet Nam to check on the progress of the war and U.S. military aid and encourage popular support for the new Khanh government, McNamara surprised those who knew him. He appeared before Vietnamese crowds, made speeches, gestulated, was greeted by applause and waving flags.

The first periodical devoted entirely to science was Amazing Stories magazine, which appeared in 1926. It is still being published.

President of Guinea Is Safe After Flight

CONAKRY, Guinea (UPI)—President Sekou Toure arrived home safely today after his airliner made a forced landing in a windstorm in the Spanish Sahara with only a few gallons of fuel to spare.

Toure's Soviet-built IL18 arrived in Conakry eight and one-half hours behind schedule on a flight from Tunis.

Lack of communication between East Africa and Europe during the night had caused anxiety over his whereabouts.

The Algerian news agency had reported in a dispatch from Dakar, Senegal, last night that Toure's plane made an unscheduled stop at El Aloun airfield, in the Spanish territory of Rio de Oro and then took off for Conakry, but it was not possible to verify the report at the time.

The 43-year-old president had paid a four-day state visit to Tunisia. He was seen off at Tunis airfield yesterday by Tunisian President Habib Bourguiba and other high Tunisian officials.

GOOD SPIRITS

A crew member said Toure had kept the passengers, including his wife and four-year-old son, in good spirits throughout the flight.

Steady headwinds slowed the airliner after its takeoff from Tunisia and ate up fuel until the pilot finally realized he could not reach Conakry or Dakar without refueling.

With the fuel gauge near empty, the plane made a difficult landing in the wind on the short runway of El Aloun. It was refueled there by hand pump.

A radio report of the forced landing was relayed to a Canary Island station which relayed it to Conakry airport control tower. Word of the emergency landing was not given to waiting

newsmen and diplomats at the time. They were told the plane had not left Conakry airport, however. They

FOR BEST RESULTS ADD 160° WATER ... FOR WATER THAT HOT YOU NEED AN

ELECTRIC WATER HEATER

If you wash your clothes or dishes automatically, you should heat your water electrically. Why? For best possible results, automatic washers and dishwashers need 160° water and lots of it. Only an electric water heater can regularly give you water that hot without burning out.

And remember, the electric water heater you buy from any retailer in South-eastern Michigan carries Edison's one-year money-back guarantee of satisfactory performance. In addition electrical repairs, if ever needed, are free from Edison.

An electric water heater—one more of the electric appliances that help you get more out of life. They become even more economical to own as the cost of electricity continues to decrease. See your dealer or **EDISON**

IF YOUR WATER HEATER IS ELECTRIC ... IT'S BACKED BY EDISON

Junior Editors Quiz on
COWS

QUESTION: When does a cow begin to give milk?
How much does she give?

ANSWER: Dairy cows begin to give milk after they have had their first calf, which is usually when they are between two and three years old (1).

As a rule there is only one calf, although there may be twins. A cow starting to give milk is called a "fresh" cow and she can then be milked steadily for about ten months.

For more milk, breeding must be arranged so she gives birth to another calf, for without this, a cow cannot produce milk. As a rule, dairy cows can go on producing good quantities of milk for five or six years but exceptionally good ones may continue for as long as 20 years.

Farmers think of milk production in pounds, because creameries pay for the milk by the pound. It is easier for the rest of us if we measure a cow's production in gallons, a gallon representing 8.6 pounds.

Figured this way, we may say that two gallons a day might be an average cow's production (2). The individual cow will vary up and down from this, since some breeds, such as the Holsteins, give more milk than others.

However the Holstein's milk is not so rich in butterfat as others, such as the cows of the Jersey breed.

★ ★ ★
FOR YOU TO DO: See if you can tell the breed of the next cow you see. The Holsteins are large, colored black or white or a spotted mixture. Jerseys are the small, fawn colored like a deer. Guernseys are middle sized, red and white. Ayrshires are a red and white northern cattle with long horns, and Brown Swiss are brownish gray.

Red Cross Taking Alaska Donations

Those wishing to help Alaska earthquake victims can aid with money donations through the American Red Cross Oakland County Chapter, instead of offering food or clothing parcels.

"We are prepared to accept cash or check donations," said Donald M. Millar, executive director of Oakland Chapter in Pontiac.

"Checks should be made payable to the American Red Cross, and all donations should be designated for Alaska relief."

Millar said the local unit has already received more than \$100 in donations.

"But because of shipping

problems we can not get involved in clothing or food drives."

Some 200 Oakland families have appealed to the Chapter to get information about relatives in Alaska, said Millar, "and we are now getting some of these inquiries back."

"Our reports so far show that no one from this area was a casualty, or suffered serious property damage."

Magnetite, a mineral which resembles white marble, is used to line furnaces. It is able to withstand temperatures of 5,200 degrees F., in addition to having other properties.

County Budget Gets Increase
Next Year's Total Near \$18.3 Million
Oakland County's tentative budget for next year has been raised to nearly \$18.3 million. The county supervisors' ways and means committee was to resume work on the budget at an all-day session today.

The committee is expected to make its recommendation to the board of supervisors before April 20, when a tentative county budget must be adopted.

Wednesday the committee boosted the budget \$149,527 by raising the allocation for a community mental health program.

Earlier, county auditors added \$150,000 for new utilities at the County Service Center. These would include new roads, drains, sewers, parking lots and steam, water and electrical power lines.

Major increases in next year's tentative budget over this year are in the fields of mental health, foster care for probate juvenile court wards, county employees' salaries and for new equipment at the Children's Village, Medical Care Facility and Tuberculosis Sanatorium.

A budget this size would require about 5.8 mills next year. The county received 5.19 mills from the County Tax Allocation Board for the current year's budget.

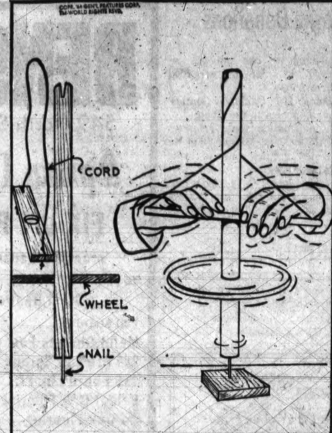

The auditors have estimated next year's non-tax receipts at \$4.8 million, leaving nearly \$13.5 million to be financed by taxes.

Science Quiz

By BOB BROWN
PROBLEM: The Indian Drill.
NEEDED: A broom handle, a nail, a string, pieces of wood and some tools.
DO THIS: Assemble the pieces as shown in drawing at left so that the wooden handle will be stopped by the string just above the flywheel.
Start the drill by winding some of the string as shown in drawing at the right. By moving the handle up and down, the drill will be made to spin rapidly back and forth. The nail will drill a hole in the wooden block.
WHY? The principle of this instrument is similar to that of the yo-yo, in that the pulling of the string starts the instrument in a rapid turning motion.
Then its momentum will carry it on, while the string winds around the broomstick in the other direction. This is supposedly a device actually used by some of the American Indians. It was suggested by Calvin Norbheit, sixth grade, Cary, N. C.

Tornadoic Winds Hit St. Louis; 1 Man Missing
ST. LOUIS (AP) — Tornadoic winds struck metropolitan St. Louis Thursday night, bombarded portions of the area with hail and rain, then roared northeast into Illinois.
One person was reported missing and more than 40 suffered minor injuries.
Hail and torrential rain punished the north St. Louis area. Winds toppled trees, tore off roofs and collapsed buildings in South St. Louis, East St. Louis, Ill., Caseyville, Ill., and Collinsville, Ill.
Suburban Berkeley Police Sgt. Ray Bass said he saw a person carried down a sewer by rushing storm water. The missing young man was not identified.

Put Car Together Piece at a Time
ESCONDIDO, Calif. (AP) — Chemist Lee Urban has a "new" old tin Lizzie which he built himself from parts he found, begged, bought and traded for.
The open 1914-model car's body was found on a Marine Corps bombing range; the hood and two-section windshield frame were fruits of a parts-hunting trip into the ghost towns of Nevada; the frame was discovered in a canyon; and the brass radiator was purchased from an antique auto buff in Wisconsin.

Begin Work on New Plant in Adrian
ADRIAN (AP) — Construction of the plant for Adrian's big new industry, a multimillion-dollar chemical facility on the River Raisin, began today.
The plant is that which Stauffer Chemical Corp. of New York will build for its Anderson Division near here.

Cost of first construction is to be between \$5 and \$10 million, company officials said. Eventually, close to \$20 million will be expended.
The first of three plant units is to be ready by January of next year. Between 500 and 600 persons will have jobs at the facility when operations are at capacity, Stauffer said.

LONG-RANGE PLAN
Stauffer, a nationwide firm, described the project as part of a long-range program to expand its position in the field of "organometallic chemistry." The new facility is to produce organosilicon compounds.
Stauffer makes heavy basic chemicals and industrial and agricultural chemicals.

Stauffer said it will purify water taken from the river before it is returned to the river. The company said the Michigan Water Resources Commission and communities downstream from Adrian have approved the plan.

Amos R. Anderson, vice president and general manager of the Anderson Division, said a \$500,000 expansion of the plant at Weston, eight miles south of here, also is under way.

At GOP Convention

By JIM DYGERT

Republican leaders were strapping on their political armor today to defend the principle of uncommitted delegates at the Oakland County GOP convention Wednesday.

Backers of U.S. Sen. Barry Goldwater for president generally are counted on to disagree with the GOP leadership in the home county of Gov. George Romney, however, and this time is no exception.

"They don't even agree there will be anything to fight over at the 8 p.m. convention at Southfield High School."

"We're expecting a concerted effort by the Goldwater people to get seats in our delegation to the state convention and influence the selection of national delegates," says Charles L. Lyle, county GOP chairman.

"But we'll try to see that delegates are not necessarily committed to anyone," Lyle says. "We don't intend to control the

results of the convention, but we'll see that it's not rigged."

ALREADY RIGGED

Robert F. Smith of Royal Oak,

Area Teacher to Head MEA

Ray H. Lawson, a Rochester High School English teacher, was named president-elect of the 65,000 member Michigan Education Association today at the organization's representative assembly in Lansing.

A 45-year-old father of three, Lawson lives at 155 Linwood, Rochester. He is head of the high school's English department.

The president-elect will serve in his present capacity until July, 1965, when he will take over the presidency.

A member of the Michigan Education Association's board of directors, Lawson also belongs to the National Education Association.

He has been a teacher at the high school since 1946. Lawson was graduated from Central Michigan University with a bachelor's degree, and later earned his master's degree at the University of Michigan.

Employee Unit Picks Officers in Election

Harold K. Smith, 1507 Collier, Pontiac Township, has been re-elected president of the 700-member Local 100, American Federation of State, County and Municipal Employees.

Other incumbents returned to one-year terms were Robert Cox, 1557 Parkway, Waterford Township, vice president, and Mrs. Dorothea Taylor, 4335 Piler, Waterford Township, financial secretary.

Mrs. Margaret Reist, 67 W. Columbia, was elected recording secretary. Others are William Bell, three-year trustee; Phyllis Emert, guide, and Louis Seay, sergeant-at-arms. Local 100 represents City of Pontiac and Pontiac General Hospital employees.

Market in City Is Robbed by Armed Bandits

Two men, both brandishing German Luger pistols robbed Earl's Market, 101 State, last night of \$186 in cash, a wristwatch and a carton of cigarettes.

The pair entered the store at 8:59 p. m. and ordered manager Earl Shulite to give them the \$173 from the cash register. Shulite told police the bandits then took \$15 from his wallet, his watch and a carton of cigarettes. They told him to lie on the floor and then they fled, Shulite said.

Both bandits wore trench coats and one had a dark dress hat and the other a Russian-type hat, Shulite said.

Fight Looms Over Delegates

who's spearheading the Michigan Goldwater Committee in Oakland County, says, however, that if there's any rigging, it's already been done and Goldwater people have fared all right in it.

Smith says that for all practical purposes the county's 161 delegates to the state convention already have been picked at meetings prior to last night's and tonight's legislative district caucuses.

"I expect it to be quiet at the county convention," Smith predicts, indicating he was pleased at the number of people favoring Goldwater among those on the slates picked at the precinct meetings. Smith was one of them.

Lyle and Smith also disagree on the kind of national delegates the Goldwater people want.

COMMITTED DELEGATES

No doubt appreciative of the difficulty of getting committed delegates in a county tied closely to Romney's still unknown plans and waiting to follow his lead, Smith says his committee is not seeking committed delegates.

"We will try," he says, "to send people who are uncommitted but who are likely to be openminded and favorable to Goldwater or at least receptive to our side of the story."

Lyle and Smith also have different ideas on what kind of delegates should be picked.

"We will try to prevent non-party delegates who you never see except at convention time," says Lyle, adding that many Goldwater supporters are not normally active in the GOP.

PRECINCT DELEGATES

Smith says, "We're mainly interested in getting people who represent the precinct delegates rather than high party officials." Most of the county's

precinct delegates favor Goldwater, according to Smith.

Lyle will head the county's delegation, the largest in the state, to the May 9 state convention in Grand Rapids where 45 delegates to the GOP national convention in San Francisco in July will be picked.

Lyle says he'd like to see the 46 back Romney as a favorite son candidate for president even though the governor is an avowed noncandidate. Lyle estimated only two or three of the 49 will be Goldwater backers.

The county will select two national delegates (as the 18th Congressional district) as well as each of the state's 17 other congressional districts. The state convention will pick the other 12 at large.

No other candidate besides Goldwater (not counting Romney) has any concerted support in Oakland County, according to Lyle.

Lawn and Garden News

Digitaria Sanguinalis

Smile When You Say That

Many of the Latin names that botanists have given to plants are really quite picturesque... Tulipa for tulip, Dianthus car-carpophyllus for clover pink or car-

nation, and Rosa for rose, of course.

Three names which are probably less well known are Digitaria ischaemum, Digitaria san-

guinalis and Eleusine indica. Three seemingly harmless plants?

Yes—but no matter how you spell them they are all better known—and despised—as crabgrass. The three are Smooth, Hairy and Silver Crabgrass, respectively.

All three of these look similar and are annuals. They develop from seed to mature plants that flower and seed by the last part of August.

Many jokes have been made about crabgrass over the years. But if you have a lawn and are proud of the way it adds to the beauty of your home, you have every right to abhor the sight of the first blade of crabgrass.

AVERAGE LAWN

If your lawn is average, it may contain from 10 to 12 crabgrass plants per square foot by mid-summer. Why should you be disturbed about this?

For several reasons—

• This weedy, unsightly grass spoils the uniformity of a smooth even-textured lawn.

• Clumps of crabgrass physically weaken permanent lawn grasses by viciously competing with them for space, for moisture and for nutrients, to the extent of overrunning the lawn grasses.

• Crabgrasses complete their short life cycle and become stiff and look unsightly in the early fall.

• Lawns heavily infested with crabgrass can be entirely destroyed as a result of this extremely vigorous, coarse grass crowding out desirable permanent grasses.

For too many years there was but one way of killing Digitaria sanguinalis and her relatives. That method—contributing significantly to the summer sales of patent medicines designed for the easing of muscle pains—was digging or pulling the plants out, one by one.

And though this still works, it causes unsightly holes, it pulls dormant seeds to the surface, it has to be done regularly, and it is generally accompanied by backaches.

Two popular and professional methods are now used to control and prevent crabgrass growth. The first is the chemical control of crabgrass germination and establishment.

Through this method the crabgrass seed is killed by use of what are called pre-emergence herbicides—such as DACTHAL®—before it sends shoots above the soil surface.

The second method deals with the cultural prevention of conditions which favor the germination, growth and spread of the weed—in short a proper lawn care program.

Obviously, prevention is the easiest and most effective way to control crabgrass.

Whether or not your lawn is infested with established crabgrass plants, however, both methods should be a regular part of your total lawn care program.

Before embarking on your full-scale attack on the enemy, you might find it advantageous to be familiar with the nature of the pest you want to eliminate.

Some Plants Need Cool Weather

The reason for planting certain flowers and vegetables as early as it is possible to work the soil is that they require cool weather to start growth.

Sweet peas, larkspur, poppies, calendulas and delphiniums are among the flowers with this requirement; onions, peas, spinach, radishes and lettuce among the vegetables.

The 3,000 animals, birds and snakes in Rome's municipal zoo consumed \$112,000 worth of food last year.

PRUNING GUIDE, for trees, shrubs and vines, by Tom Stevenson, Baltimore and Washington newspaper garden columnist (Robert B. Luce, Inc.).

Stevenson says a little knowledge of the growing habits of plants, an appreciation of their natural beauty and a willingness to learn a few fundamentals is all the home owner needs to keep his shrubbery healthy.

ORCHIDS GROWING AT YOUR WINDOWS, by Jack Kramer (Van Nostrand). Kramer provides a guide to the selection and culture of orchid plants under average home conditions, city, suburban or country, without greenhouses.

Tulip History to Be Told at Sterling Forest

When Sterling Forest Gardens, Tuxedo, New York, open for their fifth season, 70 bulbs will tell the story of four centuries of tulip history.

The Nerve Society of Holland has provided the tulip collection, which dates from the first one identified in 1559 by Conrad Gersner of Augsburg.

The plantings will describe each major step in the evolution of the tulip.

The collection illustrates why the Dutch government has carefully regulated the bulb industry.

Some tulips in the 1634-37 period were so highly valued that men made and lost fortunes in wild speculation as prices soared, then collapsed.

SINGLE TULIP

A single tulip reportedly sold then for the price of 12 acres of good building land.

While botanical tulips in the collection date back to 1665, the oldest hybridized variety is the Lac Van Rijn, developed in 1620, planters report.

Before this, according to tulip history, Johan Van Hoghelanden of Leiden grew earlier varieties but refused to part with any, for love or money.

One night all were stolen from his garden.

The first double tulip is mentioned in 1865, and the parrot type is referred to first in 1690.

The popular Darwin date from the end of the 19th Century.

The Mendel and Triumph tulips were developed from crosses with earlier tulips and Darwin Hybrids stemmed from crossings of Darwin and Foster-lans.

Rhubarb chard may be used as an ornamental as well as a vegetable. Grow the plants in a seedbed and space them evenly when transplanting so they have room to spread and reach full size.

Governor Romney Sets 2 Arbor Days

Governor Romney's proclamation of two Arbor Days for Michigan again this year—April 23 in Southern Michigan and May 7 in Northern Michigan—heralds the approach of springtime.

Because Michigan is so large and so varied in climate that earliest tree planting time comes variously in the Lower and Upper Peninsulas the Michigan Association of Nurserymen recommended two Arbor Days again this year.

Governor Romney will plant a White Pine, Michigan's official state tree, on the state house lawn, April 23.

Members of the legislature, as last year, will find dotted blue spruce trees on their desks. They also will act on a concurrent resolution calling upon the people of Michigan to plant trees on Arbor Day to stimulate restoration of Michigan's forest heritage and keep green and verdant the urban as well as the rural areas.

The Michigan Education Association is cooperating with the nurserymen by urging all school superintendents to hold tree planting programs in their school grounds. Municipalities and service organizations are being urged to participate.

FIVE CHAPTERS

The five chapters of the Michigan Association of Nurserymen with area headquarters at Detroit, Lansing, Saginaw, Kalamazoo and Grand Rapids will aid groups and individuals in their areas desiring to participate.

For further information they may contact M.A.N. headquarters at Lansing, Mich., P.O. Box 5267, said M.A.N. Arbor Day Committee Chairman Robert L. Richter Jr., of Lansing.

"It is fitting that Michigan should lead in observance of Arbor Day since the founder was J. Sterling Morton who was raised and educated in Monroe, Mich., some 130 years ago."

"The first Tree Planting or Ar-

bor Day was observed April 10, 1872 in Nebraska," said Richter.

"Furthermore Michigan has 84 licensed tree seedling growers and produces more seedlings than any state in the union."

Versatile Nasturtiums Need Little Work

Do you own a vacation home where you'd like to have plenty of flowers with little work?

Order nasturtiums now, now, both the dwarf and the tall form.

Dwarf nasturtiums will make a gay carpet wherever you need one.

Fall nasturtiums, which are vines, will cover fences or walls in short order.

Just clear the spot where you want nasturtiums to grow and scatter the seeds over it.

Black Hawks Get to Wings' Rookie Goalie in Overtime, 3-2

Extra Practice Didn't Help

Tiger Bats Shackled

TAMPA, Fla. (AP) — The Detroit Tigers held an hour and a half long batting practice session before taking the trip here for their game with the Cincinnati Reds Thursday.

But they apparently left the bats with the hits in them in Lakeland because they picked up only seven blows in bowing 3-3 for their third straight loss.

Starter Mickey Lolich was given a one-run lead three times. But he could not hold it as the Reds came back to tie the score twice before forging ahead in the fifth inning on their way to breaking a five-game losing streak.

FOUR MORE

Jack Hamilton pitched the last three innings for the Tigers and gave up the last four Cincinnati runs.

The Reds broke the game open in the fifth on Leo

Cardenas' double, a single by Bobby Klaus, a sacrifice and another single by Tommy Harper.

Three more hits and two runs greeted Hamilton's appearance on the mound in the sixth and Cincinnati picked up its final two runs in the eighth without hitting the ball out of the infield.

Don Demeter batted in two of the Detroit runs, one with a first inning single and the second on his first home run as a Tiger.

Demeter's other run came in the second inning when Don Wert scored on a wild pitch by Cincinnati starter and winner Bob Ellis.

On the other side of the ledger Al Kaline went hitless in three trips and has now gone without a hit in his last 11 times at bat.

His average is a dismal .116 on five hits in 43 appearances.

Though they committed only one error, the Tigers made a number of mental fielding errors which prompted manager Charlie Dressen to think about some extra fielding practice.

It was a losing day all around as the Tigers lost to the Reds 3-1 in a "B" game.

Rookie outfielder Jim Northrup misjudged a fly ball hit by Deron Johnson in the first inning and the ball skipped past him for an inside - the park homer.

The hit followed a two-out walk to Jerry Kuhnert.

Fritz Fisher and Willie Smith blanked the Reds the rest of the way on four hits.

LONE RUN

The Tigers were held to a single hit for eight innings but Smith singled and Bubba

the hit followed a two-out walk to Jerry Kuhnert.

LONE RUN

The Tigers were held to a single hit for eight innings but Smith singled and Bubba

the hit followed a two-out walk to Jerry Kuhnert.

Phillips doubled in the ninth for Detroit's only run.

Shortstop Dick McAuliffe, sidelined by a virus Wednesday, reported to practice but did not make the trip. He is expected to return to action today.

Rookie pitcher Denny McLain was struck on the elbow during the batting drill but reported later in the day that he felt all right.

Hank Aguirre was to be the starter today as the Tigers met the New York Mets in St. Petersburg.

On the other side of the ledger Al Kaline went hitless in three trips and has now gone without a hit in his last 11 times at bat.

His average is a dismal .116 on five hits in 43 appearances.

Though they committed only one error, the Tigers made a number of mental fielding errors which prompted manager Charlie Dressen to think about some extra fielding practice.

It was a losing day all around as the Tigers lost to the Reds 3-1 in a "B" game.

Rookie outfielder Jim Northrup misjudged a fly ball hit by Deron Johnson in the first inning and the ball skipped past him for an inside - the park homer.

The hit followed a two-out walk to Jerry Kuhnert.

Fritz Fisher and Willie Smith blanked the Reds the rest of the way on four hits.

LONE RUN

The Tigers were held to a single hit for eight innings but Smith singled and Bubba

FIRST GOAL — The puck gets by Chicago Black Hawks' goalie Glenn Hall after Parker MacDonald (left) of the Red Wings took the shot at the net. Gordie Howe (9) moves in to

get any rebound but it wasn't necessary. Wayne Hillman (20) and Al Neil (19) of the Hawks fall to stop the play. The Hawks scored in overtime to win 3-2.

Series Stands Even at 2-2 in Semifinals

Mikita's Shot Bounced Off Balfour's Back for Winning Marker

By FLETCH SPEARS

DETROIT — That old hockey puck can take cruel bounces. The Detroit Red Wings and goalie Roger Crozier were victimized by two bouncing goals last night at Olympia Stadium and dropped a 3-2 overtime decision to the Chicago Black Hawks.

The Hawks netted the winning goal at the 8:21 mark when Stan Mikita rifled a shot that hit Murray Balfour in the back and bounced by Crozier.

The Chicago victory evened the Stanley Cup semifinal series at 2-2. The fifth game will be played Sunday evening in Chicago.

And for the 22-year-old Crozier, the defeat was his second in overtime in two days.

He handled the goaltending duties for Pittsburgh Wednesday night in a 3-2 loss to Quebec in the opening game of the American Hockey League playoff series.

QUICK TRIP

Crozier arrived in Detroit from Quebec City early in the afternoon yesterday and was pressed into service when veteran goalie Terry Sawchuk suffered a recurrence of a pinched nerve in his shoulder. It was the same injury that sidelined him in the second game of the series.

The Red Wings were leading 2-1 when Crozier donned the pads at 1:19 of the second period and he held the Hawks in check during the next 23 minutes.

But a "bad bounce" goal by Pierre Pilote assisted at the 9:34 mark of the third period evened the score at 2-2.

Pilote fired the shot from just inside the Detroit blue line. Crozier stopped the puck with his glove and shoulder pad, but it bounced over his shoulder into the net.

The goal sent the Wings into their first overtime playoff game since March 1960, when they downed Toronto 3 to 1 at Olympia.

A penalty set the stage for Balfour's winning marker.

SHORT-HANDED

Wings' defenseman Bill Gadsby drew the penalty when he tackled center Bill Hay who was moving in alone on Crozier from the left side.

The Wings, with Doug Barkley, Marcel Pronovost, Alex Delvecchio and Howe on the ice, seemed to be weathering the storm until the "bad bounce" came.

The victory was a sweet one for the Hawks. It brought an end, at least for the moment, to a jinx on Olympia ice and saved them from some embarrassment at the hands of Crozier.

The Hawks had failed to come up with a win in their 12 previous tries in Detroit, a streak in which they lost 11 and tied one.

And the Hawks were responsible for Crozier's appearance in a Detroit uniform. He moved to the Wings along with Ron Ingram in June 1963 in a trade that sent defenseman Howie Young to Chicago.

Somewhat obscured by the defeat was a goal by Gordie Howe which boosted him into a tie with Maurice Richard for the most points (126) in the playoff series.

Howe's goal came at 1:19 of the second period, brought a roar from the 14,901 fans and boosted Detroit into a 1-0 lead.

The Wings broke into a 1-0 lead at the 7:15 mark of the opening period on a short shot by McDonald with Ullman and Delvecchio gaining assists.

But the Hawks came back to knot the count at 1-1 when Al Neil took a pass from Kenny Wharram and slipped one by Sawchuk at 8:04.

Sawchuk and Crozier combined to make 30 saves and Hall turned back 39 attempts.

Toronto Finds New 'Key' to Title Door

Leafs Square Count at 2-2

Positive Thinking Chills Montreal

By The Associated Press
General Manager - Coach George (Punch) Imlach, the Toronto Maple Leaf major domo who has guided his charges to two straight National Hockey League Stanley Cup titles, may have found the key to another championship in a movie theater of all places.

Imlach, a devotee of Dr. Norman Vincent Peale, took his Leafs to the movies after they had dropped the third game of their playoff series to Montreal Tuesday. The picture was "One Man's Way," the life story of Dr. Peale, author of "The Power of Positive Thinking."

The Leafs, who had been shut out four times during the regular season by Montreal goalie Charlie Hodge and again in the opening game of the playoffs, came out breathing fire Thursday night. Frank Mahovlich ignited the explosion with two goals and three assists for a 5-3 Toronto victory tying the series at two games apiece.

TWO BRAWLS

Dr. Peale, a peace-loving man might not have approved of the Toronto tactics with two full fledged brawls marring play, but Imlach couldn't argue with the results.

"If the Canadians want trouble we won't back up," the Toronto coach said. "If they want to put their 160-pound guys out there against our 200-pounders, that's their privilege."

Major Montreal casualties were Jean Beliveau, limping with possibly torn ligaments in his knee and Henri Richard with a wide cut over his right eye. Both were souvenirs of Eddie Shack, one of the 200-pounders Imlach was talking about.

And for his parting jab Imlach pulled out his sharpest needle. "That Hodge has been great for them," he said. "He's due for a bad game and I hope it's Saturday night in Montreal."

Realty Unit Paces Table Tennis Loop

Dorris & Son Realty held onto its three-point lead in the Pontiac Table Tennis League with a 4-2 triumph over Country Kitchen last night.

Anita Lettering held the runner-up spot by taking a 4-2 decision from Pine Knob.

In other games, Harvey's Colonial House downed Clark's Drive-In, 4-2; A & W trimmed Club 99, 5-1; Buettner's Cleaners dumped Francis Fuel, 5-1; and the Crocker Candy-Pepsi Cola, Frostop-Kennedy's Service Machines ended 3-3.

Nicklaus Watches Sam Slam First Round 7-Under 64

GREENSBORO, N.C. (AP) — Jack Nicklaus hadn't been back in 1938 when Sam Snead won the inaugural Greater Greensboro Open Golf Tournament for the first of his seven victories in Greensboro.

Young Jack, now a powerful 24-year-old, had a good look at 51-year-old Sam Thursday as the PGA senior champion shot eight birdies and grabbed a three-stroke first-round lead with a superb seven-under-par 64.

Nicklaus was to get another good look at Sam today. They were paired together for the first two rounds of the 72-hole tournament.

Nicklaus, sharpening his game for next week's defense of the Masters championship, had this

to say of the old master after he had posted a 70 to trail Sam by six shots:

"HE IS AMAZING"

"Sam is amazing. He has enough nerve to play shots the way they should be played. Some men at his age play what you might call 'skinny' golf. But he keeps hitting the ball close to the pin. He is amazing."

When Nicklaus won the Masters last spring, Snead was only two strokes off the pace in a third-place tie. He has won the classic three times, the last in 1964.

His 64 Thursday was good for a \$400 bonus check, awarded daily for the low round.

Sam had one three-putt green for his only bogey and had four birdies on each side of the 7,000-

yard Sedgfield Country Club course, with par of 36-35.

Starting today's play, Australian Bill Dunk and George Bayer were in second place at 67, one shot in front of U.S. Open champion Julius Boros.

Six men shared fifth place at 69, among them British Open champ Bob Charles and Gene Littler.

Joining Nicklaus at 70 were six men, including Arnold Palmer.

FIRST ROUND LEADERS

Braves' Torre Hikes Average

Slugger From Flatbush on Hitting Spree

By United Press International
Maybe all members of the Milwaukee Braves should have spent the first month of spring training in Brooklyn.

That's where Joe Torre remained until March 20 — and now rival pitchers can't get him out.

The bushy-browed catcher-first baseman from Flatbush unloaded a two-run homer in the 11th inning to earn the Braves a 7-5 victory over the Pittsburgh Pirates Thursday at Fort Myers, Fla. It was Torre's fourth hit of the game and raised his spring batting average to an even .500, based on nine hits in 18 at-bats.

A home run by Willie Mays ignited a three-run spurge by the Giants in the fourth inning but it was Dick Dietz' infield single in the ninth inning that

accounted for the winning run. It was the Giants' eighth victory in eight meetings with Cleveland this spring.

ARRIGO PITCHES WELL

Gerry Arrigo gave up only a pair of singles to Phil Linz over the first six innings to feature the Twins' victory over the Yankees ... Minnie Mingo's sacrifice fly capped a three-run ninth inning to carry the White Sox to victory over the Orioles ... John Herrstein's ninth inning single enabled the Phillies to beat the As.

Your Merc dealer
invites you to
compare

Merc's
high-strength
design and
construction
with any
competitor's
outboard

From their powerheads to their shear-prop props, Mercs are designed and constructed to last... with less maintenance and cost to you.

The entire engine block of a Merc is one-piece die-cast aluminum. There is no head gasket to blow... fewer joint faces to loosen and leak. The pistons in a Merc are forged aluminum... lighter in construction yet tougher, more durable and cooler running than the cast aluminum pistons found in most competitors' outboards.

Merc's aluminum drive shaft housing is die-cast in one piece. It does not depend on the holding power of nuts, bolts, studs and miscellaneous parts.

The forged aluminum clamp brackets on a Merc are heat-treated to the strength of steel and are virtually unbreakable. Even on the higher horsepower Mercs, the clamp brackets have wing bolts that clamp in the transom... in

addition to provision for security bolts through the transom. The lower unit of a Merc has more backbone than that of any other outboard. It is die-cast in one piece to keep the heavy gears and shafts permanently aligned. There is no protruding nose to snag rocks and logs or gather weeds. The gearshift is mechanical with no underwater electrical parts to short out. The Jet-Prop has no shear pins. It is spline driven and is protected by a live-rubber safety clutch that yields momentarily on impact.

These are just a few of the comparisons in design and construction that you can make. Your Merc dealer can point out many more. See him soon. See how you can get more RUN for your money with Mercury... 100, 85, 65, 50, 35, 20, 9.8, 6 and 3.9 hp outboards and MerCruiser Stern Drives... 110 to 210 hp gasoline; 90 and 100 hp diesel.

Seek Tri-County Laurels

(EDITOR'S NOTE: This is the second in a series of pre-season round-ups of county high school basketball leagues. Today we scan the Tri-County League.)

It's been quite a year for Kettering's Captains in their battle for supremacy in the Tri-County League.

They picked off a share of the league football title last fall and waited to an undefeated season in taking the basketball championship.

And there may be more to come.

The Captains have a veteran baseball team returning, a squad picked by rival coaches in the hope to tack away the baseball title.

Kettering finished third in the loop race last year with a 4-4 mark, closing the season with an overall record of 8-10.

The Captains will journey to Milford April 15 to launch the 1964 campaign.

TITLE HOPES

The team's title hopes are bolstered by the presence of pitchers Bob Bogert, Rick Pankey and Dale Manning.

Manning, when not on the mound, will handle the center-field assignment. Bogert and Pankey share the shortstop post.

Third base is a question mark for coach Irv Thompson.

Other veterans slated for starting berths are Ken Hackett, Andy Miceli and Craig Collins, infielders; outfielders Dave Currin, Bill Dedrich and Dave Giles, and catcher Craig Hansen.

Romeo rolled up an 8-0 record

280 S. Saginaw FE 3-7021

In taking the title last year, and the Bulldogs are expected to field a strong team this spring.

Coach Bud Brobeck has only three of the nine starters back from the 1963 team, but two of them could decide whether the Bulldogs repeat as Tri-County champions.

STALWART CAPTAIN—Kettering high school catcher Craig Hansen moved into a regular spot last season and now coach Irv Thompson is counting on him to be a key performer in the Captains' bid for a Tri-County League baseball title.

Boston Takes 2-0 Lead

Cincinnati's Cage Title Hopes Fading

BOSTON (AP)—"We just laid down," said frustrated Cincinnati Coach Jack McMahon. "If we get this kind of performance, I don't expect we'll win again. The Celtics will sweep us in four."

McMahon held his post-mortem outside the wake-like Royals' dressing room. Thursday night after Boston defeated his team 101-90 and took a commanding 2-0 lead in the Eastern Division playoff final.

The best-of-seven National Basketball Association series now moves to Cincinnati Sunday and Tuesday nights. No

team in NBA playoff annals ever has been down 0-2 in a seven-game set and pulled it out.

SECOND GAME

St. Louis, which entered the Western Division final as the underdog, takes a one-game edge into Friday night's second contest at San Francisco.

"The Celtics were aggressive," McMahon said. "We wouldn't even go after a loose ball. I'm disgusted with this team. On switches, when a Boston player got by, my boys would say 'oops,' shrug and then figure it wasn't their responsibility any more."

"Look, we're the highest scoring team in the league and we've got 87 and 90 points in the playoffs. Are they tired? How the devil can they be tired?"

"I said Jerry Lucas was 30 per cent with that back condition. Heck, he's not even 10 per cent. He looks like he's afraid to bounce the ball. He must be in pain. He keeps telling me he can play, but he can't."

"Jack Twyman had a good shooting game with 27 points but he gave up that many on defense. Oscar Robertson got 30. He'll get that many if he just gets the ball."

LAUDS JONES
"I think that K.C. Jones of the Celtics is your star. He hustled, he worked the ball in and gave Boston a great game."

The two are pitchers Mike Simunic (4-0) and Benny Payne (5-0). The other veteran on the team is outfielder Ed Weber.

Romeo has won the baseball crown two years in a row and three out of the last four.

"Our showing will depend on our hitting," Brobeck said. "We have a young infield, but if we get the hitting, we could give Kettering and Lapeer a good battle!"

Richard Eaton will be making his debut at the helm of the Oxford nine this spring.

Eaton has three seniors among the nine lettermen returning—pitcher Dick McGraw, first baseman Roger Fox and utility man Conrad Miesner.

Some of the top prospects are Dave Houck (ss), Elroy Converse (catcher) and Len Schultz (centerfield).

L'Anse Creuse is in the process of rebuilding and much of the weight will have to be carried by the newcomers.

Coach Roger Gill has five lettermen on hand—Ray Lemme and Fred Rouse, outfielders; Bill Anstett, second base; pitcher John Schaefer, and catcher Paul Miller.

"They played a good ball game, we played a better one," commented Boston Coach Red Auerbach. "We certainly aren't overconfident by any stretch of the imagination."

Tommy Heinsohn got 31 points and Sam Jones 25 to pace Boston scoring.

Plymouth-Comet Duel

Set for Detroit Track

At Detroit Dragway Sunday, Don Nicholson of Atlanta, Georgia, will match his 1964 superstock Mercury Comet against Detroit's own 1964 "Golden Commando" Plymouth.

This will be Nicholson's first trip to the Sibley Road track since switching to Mercury. As a Chevrolet driver, he earned himself the title of "Mr. Chevrolet" of drag racing by winning the 1961 National Hot Rod Association "Mr. Stock Eliminator" title and the 1962 California Winter-nationals title.

Nicholson also took fourth place honors in the 1963 Detroit Dragway National Stock Car Championship meets.

Gurney, of Costa Mesa, Calif., drove the 1 1/4-mile Atlanta International Raceway at 145.670 miles per hour in his fastest of four qualifying laps. Gurney took the No. 11 spot and Panch of Daytona Beach, Fla., claimed No. 12.

For Ford-Mercury entries, which took six of the top 10 slots Wednesday, continued the trend with seven of the second 10.

FIGHT RESULTS

COLEMAN, Tex. — Manuel Gonzalez, 16, defeated Manuel Jose Brown, 16, Houston, 115-110.

Guard Stars in Olympic Cage Trial

NEW YORK (AP)—The NCAA emerged as the team to beat and Villanova's flashy Wally Jones as one of the brightest stars after first round action in the U.S. Olympic basketball trials.

"Oh, but what a pair they'd make," UCLA Coach John Wooden said today. "Just imagine Jones and Wally Hazzard in the same backcourt. They'd make somebody sit up and take notice."

Jones, a fancy playmaker with all the moves, piloted the Reds to a whopping 66-63 decision over the Armed Forces Missiles Thursday in a first round game at St. John's Hall.

In the other first rounders, the AAU Stars upset the NCAA Blues 82-78; the NCAA Whites beat the Armed Forces Jets 74-64 and the NAIA All-Stars edged the AAU Stripes 77-74.

Today's pairings have the AAU Stripes against the Armed Forces Jets, and the Armed Forces Jets against the NCAA Blues in afternoon semifinals while the NAIA All-Stars play the NCAA Reds and the NCAA Whites play the AAU Stars in championship semifinals in a night session.

INDIVIDUAL PLAY

Team scores make little difference since the Olympic Selection Committee will make its choices by individuals rather than by teams. In all, 94 players from throughout the country are competing for the 12 Olympic berths, plus six alternates.

In addition to Jones, other first day standouts included Willis Reed of Grappling, Ky., for the NAIA, Larry Reed of the Air Force, Cotton Nash of Kentucky and Joe Caldwell of Arizona State for the NCAA Whites. Jones, Jeff Mullins of Duke and Mel Counts of Oregon State for the NCAA Reds. Pete McCaffrey of the Goddard Wingfoots and Gail Goodrich of UCLA.

Gurney, Panch Lead Field at Atlanta '500'

ATLANTA (AP) — Dan Gurney and Marvin Panch, driving 1964 Fords, led the field of second day qualifiers Thursday for Sunday's Atlanta 500 stock car race.

Gurney, of Costa Mesa, Calif., drove the 1 1/4-mile Atlanta International Raceway at 145.670 miles per hour in his fastest of four qualifying laps. Gurney took the No. 11 spot and Panch of Daytona Beach, Fla., claimed No. 12.

What becomes of the bowling addict who one day is no longer able to respond to the competitive urge? In the case of Jack Teming from Holly, scorekeeping proved the happy solution to a discouraging situation.

Teming is a 59-year-old former bowler who had to quit work and his three-a-week bowling activity in 1957 because of physical disability.

He has not returned to either, but has found happiness in assisting at various tournaments.

The Women's International Bowling Congress's annual tournament opens next week in Minneapolis, Minn. He'll be on hand as he has been ever since 1953, although this year county circuit court jury duty may force him to miss the opening ceremonies.

The WIBC tournament is the big event each year for the Holly resident. Since the group began hiring permanent scorekeepers seven years ago, a close cadre of friends has developed from this association.

Many of the permanent scorekeepers are retired people such as himself. The WIBC also hires some persons from the area of the tournament to fill out the requirements.

"They (the permanent workers) selected me as their spokesman a couple of years ago," Teming notes with pride.

However, he specifies that there are very few problems with the women's association.

"They are the nicest people I've ever worked for," he emphasizes.

The biggest problem for the scorekeepers is the late bowler who, through her tardiness, causes many problems for the closely timed tournament.

Teming has not kept score for any big moments in WIBC competition, but he has met Marion Ladewig and some of the other outstanding women bowlers.

In fact he has had higher totals while keeping score in local city tournaments. But there are no finer memories than the ones he has from the biggest women's bowling tournaments in the world.

SPARE PINS

The top contributions in the \$2,400 donated to various groups by the Pontiac Women's Bowling Association this season were the \$800 to the Bowlers' Victory Legion (veterans hospitals) and the \$500 to the local United Fund.

The Greater Detroit Bowling & Association's Masters championship tournament this year is limited to the first 160 entries.

The prize fund totals \$3,200 plus two paid entries in the 1965 American Bowling Congress Masters. The GDBA tournament runs May 2-17 and Pontiac bowlers are eligible.

The annual state legislature Bowling tournament is scheduled for Wednesday at Lansing's Holiday Lanes.

The members of the House of Representatives have won the affair the past three seasons.

CHAMPION TO DEFEND — Jerry Perna (left), the defending Oakland County singles champion, fills out a 1964 entry blank for tournament manager Paul Horie. This year's tournament will begin April 12 at Norwest Lanes. There will be qualifying action April

12, 18 and 19. The top 64 will advance to the April 25 semifinals and 16 will move into the finals that night. First prize is a guaranteed \$500. Entry blanks are available at county bowling houses.

Vet Bowler Joins Elite '700' Class

A veteran bowler made the younger men take notice of his efforts Monday night in the Collier Lanes House League. Roy Dixon has been bowling for almost 50 of his 64 years but the Oxford resident never had a "700" until this week.

A 174-average bowler, Dixon had 199-337-278 for 714. His final game was Jay Lovett for the league's high season mark and qualified Dixon for a Century Club chevron.

The fine bowling also carried the Roark Mobil team to an eight-point win over Bort Service and to a new high team series of 367.

Jay Isles' 216-616 helped Western Auto stay in first place by seven points, since runner-up Cadillac Market, behind the 246-612 bowling of Bob Woolcox, matched the leaders eight-point sweep.

Smith Leader in Keg Meet

DENVER (U) — Harry Smith of Baltimore, Md., led 14 finalists into match game play after shooting a 1,290 Thursday night to give him a 5,658 total for 24 games in the Professional Bowlers Association's \$25,000 Denver Open.

Smith, who went into the final six-game block of the qualifying round in third place, moved past Jerry McCoy of Fort Worth, Tex., and George McDonald of Denver on his way to the top.

The No. 4 man was Bob Strampe, the national all-star champion from Detroit, with 4,968.

Monroe Moore of Pontiac finished in 65th place after blocks of 1054 and 1169 yesterday.

Other leaders included Jim Smith, San Jose, Calif.; 4,976; Jerry McCoy, Fort Worth, Tex.; 4,961; John Guenther, Seattle; 4,952; Bill Lillard, Dallas; 4,939; Bill Bonetta, Fresno, Calif.; 4,917; Harry O'Neil, Charleston, S. C.; 4,916; Bill Allen, Orlando, Fla.; Les Schuster, Denver; 4,916; Don Johnson, Kokomo, Ind.; 4,895; George Howard, Detroit; 4,877.

Scores Soar in Keg Meet

OAKLAND, Calif. (UPI) — There was some hot bowling at the American Bowling Congress tournament Thursday, but not hot enough to dent the top five in any division.

John Canepa of Oakland shot a 625 series to lead the Pretty Man five of San Leandro, Calif., into seventh place in the booster division. The total of 2751 was 15 pins out of the top five.

Canepa wound up in sixth place in the regular all-events with a 1900 total.

Ken Kampzrak, 19, and Rick Musialowski, 18, combined on a 1278 regular doubles score Thursday to move into sixth place in that division.

247 GAME

Kampzrak had a 247 game on the way to a 671 series while his teammate added 497 with help of a 235 game as they missed fifth place by four pins. Kampzrak had 1866 in all events, not good enough for the top 10.

Two Lansing, Mich., men still held places in the top five in the

For Possible Race Strife

Powers to Dixie Leader

JACKSON, Miss. (UP) — The Mississippi House voted yesterday to give Gov. Paul Johnson the new powers he requested for dealing with expected racial trouble this summer.

The House voted 92-36 to increase the highway patrol from 275 to 475 men, and give Johnson authority to send the patrol into local communities to help keep the peace.

Johnson, in asking for the new powers, cited announced plans of civil rights groups to send in workers throughout the state this summer for Negro voter registration drives and "freedom schools."

Several former governors asked for added powers for the patrol, now largely limited to enforcing traffic ordinances, but no previous legislature would grant a state police force.

Under the measure, the governor could issue a proclamation and send the patrol into communities on request of local sheriff, mayors and county boards of supervisors — or if it appeared local authorities could not or would not keep the peace.

INSURING PEACE

The patrol would be used "for insuring domestic tranquility and for the purpose of preventing or suppressing, or both,

crimes of violence, acts and conduct calculated to, of which may provoke or lead to violence and/or incite riots, mobs, mob violence, a breach of the peace, and acts of intimidation or terror."

Only one House member spoke against the bill. Rep. Mack Weems said it was unlikely, but the civil rights groups might not operate in the state this summer, or the local officials should be able to handle whatever occurs.

"If we come to an open clash with the federal government, the least force we can show the better," he said.

Weems said if former Gov. Ross Barnett had the powers during the 1962 riots during the integration of the University of Mississippi "the Ole Miss campus would have been drenched with blood."

TWO WERE KILLED

Two persons were killed during the rioting and dozens were injured the night Negro James Meredith was brought to the campus.

Rep. Thompson McClelland said the state would be helpless to act against civil rights groups without the measure, since the governor's only enforcing powers lie in the National Guard, which could be federalized.

Envoy's Son Rescues Girl From River

NEW YORK (AP) — A little girl was rescued from the Harlem River Thursday by the son of the Finnish ambassador to Peru.

Ann Cushion, 7, was saved from the swirling river by Heikki Hannikainen, 21, who was working out with the Columbia University rowing crew.

The girl fell into the river, which separates Manhattan from the Bronx, while throwing rocks into whirlpools. Several schoolmates were with her.

Hannikainen, in the university shell 50 yards offshore, saw her tumble. He dived in and swam toward her, a lucky current carrying him right to the girl, who was kept afloat by her air-filled red parka.

The crew's motor launch pulled them out of the water.

"God bless that boy," said Ann's mother. "God bless him. That boy could have drowned himself. What a wonderful, brave thing to do. God bless him."

Ex-Spain Leader Dies

PAMPLONA, Spain (AP) — Rafael Sanchez Guerra, 66, a leader during the Spanish republic and later a co-operator brother of the Dominican order in Pamplona, died Thursday of liver cancer.

Scots Get Too Fond

of Their Native Drink

EDINBURGH, Scotland (AP) — People in Scotland are getting a bit too fond of their Scotch whisky, according to the chief medical officer of the Scottish Office here.

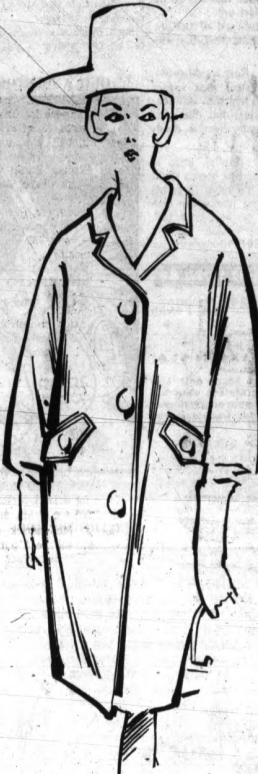

Dr. Stewart Morrison says the Scottish alcoholism rate—nearly seven times higher among men and five times among women than in the rest of Britain—is baffling doctors. He adds that the especially high rate in the Highland portion of Scotland may be due to the custom of tempering the cold with a "dram."

Tax Deadline Getting Close

IRS Office Handling
1,000 Inquiries a Day

Taxpayers beware.

Time and the federal government are marching toward the April 15 deadline for filing 1963 income tax returns.

Currently the Internal Revenue Service office in the Pontiac Federal Building is handling up to 1,000 telephone questions on tax matters a day.

On Mondays, several hundred taxpayers come in to personally present their problems.

But the IRS says question-and-answer volume, one indicator of the public's attitude toward meeting the annual obligation, is not building up to a last-minute rush.

CAN'T WAIT

"Those who expect to get a tax refund filed earlier," said Lyl Russell, administrative representative for the District Director R. I. Nixon, "and those who itemize can't wait until the last minute because it takes time for them to compute their returns."

"Each year actually seems to cut down on the number of questions we receive. People are figuring returns out themselves, and there haven't been many changes affecting most taxpayers under the 1954 code we use."

Those who call on the IRS for help most often pose questions about claiming dependents, sales and gasoline taxes, sale of a residence, child support and alimony, domestic help and stock dividends.

Some inquiries are received about the recent tax cut and other changes. They do not affect the 1963 returns, said Russell, but will probably cause some pencil chewing next year.

He explained that Uncle Sam also gets a helping hand every year from the many schools and groups that sponsor tax information classes, as well as private firms which specialize in computing returns.

The Pontiac Internal Revenue unit does not process the flood of income tax returns from Oakland County, but sends any it is mailed to District offices in Detroit.

Yet its activities reach many area residents and firms. The staff is composed of revenue agents, revenue officers and auditors who check returns, collect delinquent taxes and inspect business records.

Mrs. Peterson Declines Debate With GOP Rivals

LANSING (AP) — Mrs. Elly Peterson, assistant chairman of the Republican National Committee, has politely brushed off suggestions that she debate with her two male rivals for the GOP nomination for U.S. Senate.

She said, in effect, she would rather keep her powder dry to blast off on Democratic incumbent Philip A. Hart.

"I'd rather debate Mr. Hart any time, any place, at his convenience," said Mrs. Peterson. "I don't think that debates between the three Republican candidates could do much good."

CHALLENGE MADE

Her comment came in reply to a debate challenge from James O'Neil of Livonia.

O'Neil wrote to Mrs. Peterson suggesting one meeting a week, to cover all the 19 congressional districts, for a three-way debate between the GOP hopefuls.

TAX QUIZ—Questions about filing income tax returns daily flow by the hundreds into the Pontiac Internal Revenue Service office. But agents say the volume of over-the-counter inquiries and telephone puzzlers indicate tax filing time is proceeding smoothly toward the April 15 deadline.

Pontiac Press Photo

High Tourist Trade Expected in Alaska

FAIRBANKS, Alaska (AP)—Alaska's tourist trade this summer should be the biggest ever, Charles B. West, president of Westours of Alaska, says.

"We've stie 0 2ae mda
"We've estimated a 20 per cent increase over last year, and the estimate still holds," West said Thursday. "It will make 1964 the biggest tourist season in history."

He also said that although Anchorage was the center of damage from the Good Friday earthquake "we can assure the traveling public there will be adequate accommodations."

About 40 per cent of all copper produced in the United States is taken from the mines of Arizona.

Russian Calls for Red Showdown

Goulart Overthrow Defended by U.S.

WASHINGTON (AP)—The United States, quickly recognizing the new government of Brazil, defended today the overthrow of the Goulart regime and the installation of a new president as being within the framework of the Brazilian constitution. President Johnson sent con-

gratulations last night to Brazilian President Ranieri Mazzilli, within hours after Mazzilli had succeeded deposed President Joao Goulart.

Undersecretary of State George Ball today described the political upheaval in Brazil as "a rather remarkable

event and not at all the usual coup" which frequently occurs in Latin America.

Ball asserted that "all elements of the country, the military, state governors, congress" had combined to force Goulart out of office.

Actually, he said, they were acting "to preserve constitutional government by stopping efforts by Goulart to undermine the constitution."

PROBLEMS AHEAD

Asked whether he meant efforts by Goulart to undermine the constitution, Ball said "that's right, as it appears to us."

Speaking on a television program, Ball said the Brazilians now face "very difficult problems" particularly those arising out of inflation.

He said it will "take enormous efforts" for the Brazilians to get their economic house in order.

The Johnson message had the effect of clearly establishing U.S. recognition of the new regime less than 24 hours after Mazzilli took office.

With the ouster of the Goulart government, U.S. officials see an opportunity for improved relations with the South American country. There was no mention in the brief presidential message of Goulart, who was deposed by the military because of his leftist leanings.

AMERICAN ANXIETY

"The American people have watched with anxiety the political and economic difficulties through which your great nation has been passing and have admired the resolute will of the Brazilian community to resolve these difficulties within the framework of constitutional democracy and without civil strife," Johnson told Mazzilli, who moved up from the presidency of the Brazilian Chamber of Deputies.

The congratulatory tone of (Continued on Page 2, Col. 8)

City Tax Base Up \$15 Million Over '63 Mark

Hike Could Mean \$1 Per \$1,000 Drop for Property Owners

The Pontiac Tax Board of Review today set the city's 1964 tax base at \$297,471,900 — an increase of nearly \$15 million over last year's final total assessed valuation.

If there are no major appeals to the State Tax Commission this year by local property owners, the \$296 million will be the highest tax base in Pontiac's history.

If there is no change in the state equalization factor for Pontiac, and if there are no changes in the 1964 city budget adopted in January, the city's tax rate could drop nearly \$1 per \$1,000 of assessed property value this year as a result of the tax base hike.

These are big "ifs" according to City Assessor Edward C. Bloie, who announced the valuation figures.

The city tax rate last year was \$16.10 per \$1,000. This year's budget as adopted in January calls for a tax levy of \$4,463,557.

LOWER RATE

On the \$296-million tax base, it would take a tax rate of approximately \$15.11 to raise that amount.

No one will know exactly what tax rate will be needed to finance the city budget until at least June 1.

"We don't expect to run into the trouble we did last year on appeals to the state," Bloie noted. "However, I wouldn't be surprised if the tax equalization factor goes down a little."

The effect of a drop in the factor would be to counteract the advantage of a hike in the tax base.

INITIAL VALUATION

Last year, the tax board of review set Pontiac's total assessed valuation at \$308 million.

However, General Motors Corp. and a half-dozen smaller taxpayers appealed the assessed valuation set on their properties to the State Tax Commission.

The state granted them reductions totaling \$27.9 million, and the final tax base ended up at \$280 million.

This year, Bloie recommended a total assessed valuation of \$297,471,900. (Continued on Page 2, Col. 2)

STUCK TRUCK—Getting out of Pontiac proved difficult this morning for this tanker. The truck required assistance to reach south-bound Telegraph from Orchard Lake Road cutoff. Kenneth Brock of 854 Robinwood aided the truck's climb up the incline on Telegraph with salt. Brock works for the Oakland County Road Commission.

cut off. Kenneth Brock of 854 Robinwood aided the truck's climb up the incline on Telegraph with salt. Brock works for the Oakland County Road Commission.

Early Robins to Need Sleds

Winter sports — slush shoveling and slippery driving — returned to Pontiac and Oakland County today.

An estimated 3 inches of snow was dumped on the area last night, catching spring-minded folks by surprise.

Even the weatherman, who had predicted rain and temperatures in the upper 40s, was caught with his snow shovel in the garage.

Slippery driving conditions caused minor accidents throughout the county this morning, but by afternoon, slush prevailed and a few icy spots were reported.

Spring, however, is expected momentarily.

RAIN, SNOW?

Light rain or snow is predicted for tonight and tomorrow. Mostly cloudy is forecast, low tonight 39 to 36, high tomorrow 40 to 47.

The five-day forecast includes frequent, almost daily, rain with temperatures to average 3 degrees below the normal high of 51 and low of 35.

Cool over the weekend with warmer temperatures on Monday and Tuesday. Precipitation will total about one inch.

Northeast winds today at 10 to 20 miles.

The lowest temperature in downtown Pontiac preceding 8 a.m. was 28. The reading at 1 p.m. was 30.

Broomfield to Seek Military Aid Raise

WASHINGTON (UPI) — Rep. William S. Broomfield, R-Oakland County said yesterday he will propose that congress boost President Johnson's \$1 billion military foreign aid request by \$250 million in an effort to win the war in Viet Nam.

Broomfield is the top Republican on the House Foreign Affairs Far East

Subcommittee and a prominent foreign policy spokesman for his party.

Broomfield said in a statement that Johnson's \$1-billion military assistance program was too low and "could be a dangerous and expensive gamble in South Viet Nam."

The Michigan Congressman noted that Defense Secretary Robert S. McNamara publicly acknowledged that \$1 billion was not enough to do the best job in coping with the threat of Communist expansion overseas.

McNamara recently told the House Foreign Affairs Committee that the administration did not ask for more money because Congress had made it "crystal clear" that it was unwilling to appropriate a larger amount.

Broomfield criticized McNamara's stand.

"Congress is ready and willing to provide whatever is necessary to win the war in Viet Nam," the lawmaker said.

Red Chinese Challenged to Meet on Feud

Bitter Peking Attack Breaks Six-Month Moscow Silence

MOSCOW (AP)—The Soviet Union finally lashed back at Red China today, calling for a showdown meeting of the world's Communist parties to thrash out communism's big feud.

Breaking a six-month silence, the Kremlin accused the Chinese of trying to run the Red line, to stir political unrest in the Soviet Union, to sabotage Premier Khrushchev's policy of peaceful coexistence and to obtain nuclear weapons at any cost.

The Soviet reply occupied nearly an entire edition of the Communist party newspaper Pravda. In a front-page editorial, Pravda called Mao Tse-tung's regime "the main danger to the unity of the world Communist movement."

Pravda said the final straw was Tuesday when Peking called Khrushchev "the greatest capitalist in history" and demanded that Communists in and out of the Soviet Union repudiate his policies.

The party organ called the attack a "terrible insult to our party and the entire Soviet people."

PASSED LIMITS

"It showed conclusively that the leaders of the Communist party of China have passed all limits in their political struggle against the world Communist movement," the editorial continued, "and have chosen the Communist party of the Soviet Union and the Soviet Union as the main target for their attacks."

The remainder of the paper contained an anti-Chinese speech by Mikhail A. Suslov, the Soviet party's chief theoretician. The speech had been kept secret since Suslov de-

'New Era' Forecast by Soviet Move

(EDITOR'S NOTE—Stanley Johnson was an Associated Press correspondent in Moscow for six years, until 1962. He has reported on the Soviet-Chinese quarrel since it became acute in 1959-60. In this analysis he discusses the implications for the United States of the newest development in the dispute.)

CALLS FOR ACTION

Detroit Traffic Court Judge John D. Watts, an angry and outspoken fighter for safety, won unanimous approval of a resolution calling on the two houses of the legislature to act.

It was suggested lawmakers obtain facts for their studies from the Michigan State University Traffic Safety Center. Romney has asked that the center be reactivated with a new grant.

Watts drew an admission from the Governor that he had no answer to why the House and Senate had not set up permanent committees to study the problem. Romney said he would form a citizens safety committee.

But the judge failed to get backing for a demand that all drivers with 12 points or more on their driving record have their licenses automatically suspended.

Locks Give Shock

Beatles in Heir's Hair?

LONDON (AP)—Has Prince Charles adopted the Beatles cut?

The 15-year-old heir to the throne, who took a fair trumpet and twists rather fab (fabulous to you), returned from school in Scotland last night.

As he strode into the wind at London Airport, his darkish hair came down over his eyes Beatle style. It stayed in the familiar drop as he climbed into a royal sedan.

Was it really a Beatle haircut?

Yes, said Beatle fans.

No, said squares in galand rear-guard defense.

Squares pointed out that Charles had been exposed to clippers and shears in the rear, especially along the neck line. It was just the wind blowing on Charles' fairly long front locks, they said.

PALACE WORD

A spokesman for Palace attaches, who saw pictures of the Prince in the London morning newspaper, said:

"We really don't know if it's a Beatle hairdo or not. Doesn't look it from the rear or the sides perhaps. And we really can't ask, now can we?"

Rocket Plans, Tests Hit by Space Chief

NEW YORK (AP) — Space chief James E. Webb has told the chairmen of the Senate and House space committees that Ranger 6, which crash-landed on the moon Feb. 2, was poorly designed and inadequately tested before launching, the New York Herald Tribune said today.

Webb, chief of the National Aeronautics and Space

Jackie Due in Boston

BOSTON (AP)—Mrs. John F. Kennedy is expected to visit Boston this weekend to discuss plans for the Kennedy Memorial Library. Other members of the Kennedy family also are expected to be on hand.

Hoffa Protege Is Indicted

Accused of Offering Bribe to Jury Member

CHATTANOOGA, Tenn. (AP) — A young man raised by James R. Hoffa has been indicted on charges of offering a \$25,000 bribe to a member of the jury which convicted the Teamsters Union president of jury tampering.

Charles L. O'Brien, 29, business agent for a Detroit Teamster local, is accused of offering the money March 9 to Callie Key, a widow, if she would swear Hoffa did not receive a fair trial.

O'Brien posted \$15,000 bond and was released pending arraignment.

As a child, O'Brien was taken into Hoffa's home after his father, a Kansas City truck driver, was killed.

Hoffa recently said O'Brien is "a boy who I have raised since he was a baby."

LIVE WITH HOFFAS

O'Brien, his wife and their two children live in Hoffa's Detroit home.

O'Brien was a resident of Bloomfield Township until his home at 265 Harrow Circle was gutted by fire in July 1959. State police said an arsonist used fuel oil to start the fire.

The alleged bribe offer took place five days after Hoffa was convicted here and three days before he was sentenced to eight years in prison and fined \$10,000.

BANK ROBBER SUSPECT — FBI agents and police hold guns on a man in Phoenix, Ariz., yesterday, moments after a \$9,255 robbery was staged at the Valley National

Bank. The officers were inside the bank investigating a theft when the robbery occurred. The suspect was identified as Richard L. Bacon, 41, formerly of Winslow, Ariz.

Hart's Mail Against Rights

Senator Supports Bill Despite Opposition

WASHINGTON (UPI) — Sen. Philip A. Hart, D-Mich., yesterday reaffirmed his support of the civil rights bill although he said his mail from home has been showing more opposition to the legislation than support for it.

Hart, in a news conference, also warned pro - civil rights

See Story, Page A-11

groups that Capitol demonstrations in support of the bill might do more harm than good.

The Michigan Democrat said his latest weekly mail comes from home showed 128 letters for the civil rights bill and 168 plus 9 petitions, against it. Mail from outside Michigan ran 6 for and 265 against, he said.

Although he said he would hesitate to criticize peaceful "citizen demonstrations," Hart said the prohibition on demonstrations at the Capitol or in senators' offices "makes good sense."

"I doubt if any member of the Senate would be persuaded by it and it might give an alibi to those who wanted to vote against the bill," he said.

SCARE TACTICS
Some of the phrases in the opposition letter he has received were lifted directly from the "scare" tactics of a Mississippi-supported committee formed to fight the legislation, Hart said.

He quoted the definition of the civil rights bill as "10 per cent rights and 90 per cent snatching of power by the federal government" as identification of that source.

Some of the senator's correspondence took warning note of his assertion that the statement of public policy contained in the bill is a statement of public policy long ago agreed to in Michigan, and that the legislation will have his support and his vote.

"Nuts to you, too, Sen. Hart," one wrote. "I will not son forget."

"This bill may have your support and your vote, but you may be sure you do not have our vote," wrote another who signed himself "no Democrat."

Hart is a candidate for reelection to his second term in the Senate.

City Tax Base Rises

(Continued From Page One)

of \$296,642,998. The board of review granted a \$1,778,000 reduction to property owners appealing their assessed values.

"All of the board reductions were on real estate assessments and all the appeals came on undervalued or hardship cases," Bloch said. "We had no appeals at all on personal property assessments."

Bloch placed a \$162,252,500 assessed value on real estate. The board cut it to \$161,081,600. His recommended \$134,390,300 valuation on personal property was not changed.

MAJOR CHANGES
Bloch figured some major increases and losses in his recommended figures. GM accounted for the biggest single increase. Bloch increased the assessed value of GM real and personal

property \$12,535,190. This included a \$1,749,000 hike that came through an inventory and updating of GM properties in Pontiac last fall.

"The \$6 million adjustment has already been okayed by the state," said Bloch, "and GM has not indicated any desire to appeal the over-all \$13-million increase."

NEW CONSTRUCTION

Bloch also figured some \$668,000 in other increases from new construction, some only partially completed which will add more to the tax base next year.

Among these other increases were \$226,300 on the new First Federal Savings of Oakland building, \$234,100 on two new convalescent homes, \$215,000 on a new addition to The Pontiac Press, \$106,000 on a new addition to The Pontiac Press, \$106,000 on Pontiac

Osteopathic Hospital and \$72,000 on some 252 new homes built in Pontiac last year.

The biggest single loss, outside of the board reduction, was \$1,482,000 from the closing of Baldwin Rubber Co.

The Baldwin loss amounted to \$1,012,000 in personal property valuation and \$470,000 in real estate.

APPEAL DECISION

Baldwin appealed to the board for a further reduction, but the appeal was denied.

The city also lost \$1,297,300 in assessed valuation through urban renewal demolition and another \$236,400 in property taken by the state for perimeter road construction.

Down town property owners were given a total \$600,000 cut in property assessments by Bloch. This is part of a gradual reduction which has seen the assessments on downtown properties cut on at least 40 per cent in the last three years, Bloch said.

As for the city budget, it is currently squeezed for more tax income. Many department operations had been cut back this year and last.

UPWARD REVISION

The City Commission may revise it upward somewhat if the tax base and equalization factor remain constant.

If the 1963 tax rate of \$16.10 per \$1,000 were applied to the \$296-million tax base, it would produce \$481,281 more in revenue for the city this year than last.

Russia Challenges China

See New Era for U.S., Allies

(Continued From Page One)

mean the return to the relatively small "socialist camp" of the late 1940s; it also means the Soviet Union must guard the world's longest border against an openly hostile China.

In addition to the United States, firmly opposing Communist expansion in the West, there is also Communist China, firmly opposing Soviet policy in the East.

THANKS STARS

Former Khrushchev must be thanking his lucky stars he is still alive and free to help China build an atomic bomb.

With its limited resources, and pledges to fight imperialism with improved living standards for its people, the Soviet Union will find such a situation an almost unbearable strain unless there is relaxation somewhere.

It could come in Berlin, Cuba or any point where Moscow and the West are in conflict.

The other side of the coin is just as important, however. The Soviets, and Khrushchev in particular, cannot afford to follow a policy which might appear to prove the Chinese charge that Khrushchev is "the greatest capitalist of all time" and a stooge of the United States.

UNDERSTOOD WELL

The late President John F. Kennedy understood this well, and there is no reason to think President Johnson does not.

Khrushchev put an optimistic face on things to the last. Even in the call for a world Communist showdown meeting, his spokesman said the Soviet Union was still willing to work for reconciliation.

The possibility remains that pressure from other Communist parties during the proposed meeting might bring the Chinese black sheep back into the Communist fold.

MacArthur Condition Is Still Critical

(Continued From Page One)

WASHINGTON (AP) — General of the Army Douglas MacArthur's condition remains critical, but the emergency treatment started Thursday to try to meet the problem of a malfunctioning kidney appears to be functioning quite satisfactorily, his doctors reported today.

A medical bulletin from Walter Reed Army Hospital at 9:30 a.m. also said there has been no bleeding from the general's esophagus for the past 20 hours. Therefore a tube that has been inserted through his throat and esophagus, into his stomach is being removed this morning.

"However," the bulletin added, "this condition remains critical."

The bulletin reported that the five-star general "passed a fair night," and that his blood pressure remained at 110-60 presumably at about the same point as late Thursday afternoon—and that his pulse was at 96, still somewhat elevated, and his temperature at 99.2, just slightly above normal.

TIME TO RECOVER

The doctors were fighting to give the patient some needed time to recover vital processes.

In admiration, they credited his stamina through 11 days of critical condition to "his heart, his constitution and his will to live."

His chances are not considered good, but the decline in kidney and heart function reported Thursday morning stabilized by afternoon.

The veteran political leader, who had been hospitalized since Jan. 21, suffered a heart attack shortly before midnight.

Illinois State Official Dies of Heart Attack

CHARLES F. CARPENTIER, 67, Illinois secretary of state since 1952 and a power in the state Republican party for many years, died early today of a heart attack.

He was hospitalized since Jan. 21, suffered a heart attack shortly before midnight.

Food Program Has Increased

U.S. Sending More to Overseas Nations

WASHINGTON (UPI) — President Johnson reported to Congress today that \$1.6 billion worth of surplus American food was shipped to needy nations last year under the decade-old food-for-peace program.

The shipments, carrying American food to hundreds of millions of people around the world, were up 6 per cent from 1962.

Richard W. Reuter, a presidential aide, said in a memorandum accompanying Johnson's report that an average of five 10,000-ton ships left U.S. ports daily to carry food cargoes to the hungry of the world.

Most of the 1963 shipments—\$1.5 billion — moved under a phase of the program in which U.S. foods are "sold" abroad for local currency. About 75 per cent of the receipts were plowed back into loans and grants for economic development and defense in the "customer" countries.

The program also includes outright food donations to foreign governments and for distribution abroad by U.S. religious and charitable agencies. The report indicated a growing emphasis on shifting from relief feeding to use of donated foods for self-help projects.

FOR PROJECTS

The report, covering food-for-peace operations in the last six months of 1963, noted that \$33.3 million worth of food was donated for self-help projects last July-December.

In these projects, food is used to help pay the wages of workers building roads, schools, irrigation ditches and other projects and to "grub-stake" families on new farms.

The report said about 700,000 workers in 22 countries are currently earning food for their families — an estimated 4 million people — through such projects.

A year ago, the self-help projects were operating in only 10 countries.

SCHOOL CHILDREN

Reuter's memorandum accompanying the report said food donation programs were helping feed about 100 million people overseas including 40 million school children.

Body of Teen Recovered From Lake Sherwood

A three-day search by skin divers ended yesterday afternoon when they recovered the body of 14-year-old Brian L. McKendrick from Lake Sherwood in Commerce Township.

The youngster, son of Mr. and Mrs. Lorne McKendrick, 5331 Surwood, drowned when his small sailboat apparently capsized Tuesday.

The family's home fronts on the 155-acre, man-made lake near Milford.

More than a score of skin divers from sheriff's departments in Oakland, Livingston, Shawnee, Genesee, Lapeer and Jackson counties joined forces in the search of the 14-foot deep lake.

Birmingham Area News

Temple Ground-Breaking Set

BIRMINGHAM — Ground-breaking ceremonies for the new Birmingham Masonic Temple will be held tomorrow afternoon on the Woodward site.

Special guests at the 3 p.m. event will be Birmingham Mayor William H. Burgum and Commissioner James A. Beresford and City Manager Elmer Kephart of Bloomfield Hills.

Newton S. Bacon, grand master of Michigan Masons, also will attend.

William M. Barr, Birmingham Masonic Temple Association president, will be assisted in the ceremony by the principal officers of the Masonic organizations in the Birmingham-Bloomfield area.

Representing their groups will be Charles T. Buchan, master of Birmingham Lodge No. 44, F&AM; Walter M. Dickenson, high priest of Birmingham chapter No. 83, Royal Arch Masons; and Virginia Lee Stutz, matron of Birmingham chapter No. 220, Order of the Eastern Star.

Others are Howard Coe, president of Birmingham High Twelve, and Fred H. Korte Jr., president of the High Twelve Club of the Hills.

CONSTRUCTION SOON

The Austin Co. of Detroit, general contractors, will begin construction soon on the site south of Chesterfield on the west side of Woodward.

The single-level building is of contemporary design with brick, glass and stone predominating.

Appropriate murals are planned for the lodge room. Seating space, including a balcony, will accommodate about 200 persons.

The banquet room will have seating capacity for about 215 diners. Adjacent to it will be a completely modern kitchen.

Masonic Temple facilities also will be available for public use.

Wates tonight and tomorrow night at the Community House.

The number of courses offered was increased because of large enrollments for the two preceding terms, according to Karl Emmanuel, educational activities director at the Community House.

He reported 1,934 students already have taken craft, hobby and cultural courses this year.

Among classes available are advanced crewel embroidery and advanced decoupage, both for students who have had beginning courses.

BRIDGE CLASSES

There will be three bridge classes for beginners, those who know something about the game and those who have advanced to the intermediate stage.

Others are advanced Russian, exercise for women, sewing and tailoring, flower arrangement, gardening, home accessories workshop and study skills workshop.

Enrollments are being taken from 9 a.m. to 9 p.m. daily. Further information can be obtained by calling the Community House, 380 S. Bates.

Ed Lark will narrate a color film concerning Scotland and

Wates tonight and tomorrow night at the Community House.

The film will be shown at 8 p.m. Tickets can be purchased at the door.

Beginning Saturday, the regular test sounding of Birmingham civil defense sirens at 1 p.m. on the first Saturday of the month will be reduced to half its former duration.

The new sequence will be a one-minute steady signal (alert), then a half-minute of silence, followed by a one minute undulating signal (take cover).

Formerly, the test consisted of two minutes for each signal with one minute of silence in between. The change is in accord with the federal government recommendation to standardize siren testing throughout the nation.

Unopposed for the two three year terms on the Birmingham Library Board in Monday's election are Arthur J. Underwood Jr. and B. James Theodoroff.

Edwin S. Snyder, reported earlier as a candidate for the library board, is not seeking reelection.

County Committee Urges Delay in Home Rule Act

The Oakland County supervisors' legislative committee yesterday recommended that the Legislature take no action this year on a proposed county home rule enabling act.

The committee urged instead the establishment of a joint Senate-House interim study committee to prepare a new bill for next year.

Committee Chairman Carl Ingraham said the committee felt the present bill was being rushed too much and that it has been seriously weakened by amendments in the Senate.

The bill, which originated in Wayne County, has cleared the Senate and is now in House committee.

It was amended so that it will apply only to the three most populous counties in the state, Oakland, Wayne and Macomb.

FURTHER CHANGES

The bill was further amended so that it would require partisan election of county officials in home rule counties.

"The committee felt the question of partisan or non-partisan election should be left up to each county," said Ingraham.

While the committee took no strong issue with the amendment which would limit home rule to counties of at least 400,000 population, several attorneys

have indicated that it might make such an act unconstitutional.

They refer to that section of the new constitution which reads: "Any county may frame, adopt, amend or repeal a county charter (essential to home rule) in a manner and with powers and limitations to be provided by general law."

KEY WORDS

The key words in this section are "any county."

Ingraham suggested that the Legislature has more urgent business than home rule to attend to this session.

He referred to the reapportionment of Congressional districts in Michigan as most important to the people.

The committee's recommendation is to be taken before the County Board of Supervisors April 14.

VOTE EXPECTED
A roll-call vote of supervisors on whether to send the recommendation to the Legislature is expected.

"An interim study committee in Lansing would keep the (county home rule) issue alive until next year's session of the Legislature," said Ingraham.

He referred to the reapportionment of Congressional districts in Michigan as most important to the people.

The committee's recommendation is to be taken before the County Board of Supervisors April 14.

VOTE EXPECTED
A roll-call vote of supervisors on whether to send the recommendation to the Legislature is expected.

"An interim study committee in Lansing would keep the (county home rule) issue alive until next year's session of the Legislature," said Ingraham.

He referred to the reapportionment of Congressional districts in Michigan as most important to the people.

The committee's recommendation is to be taken before the County Board of Supervisors April 14.
