Ike Backs Up Dulles in Criticism of McCarthy

Senators Learn of Red Brutalities

Potter Begins Korean Atrocity Hearing Today

Claims This Testimony Will Make 'a Liar' Out of Vishinsky

WASHINGTON (AP)—Sen. Potter (R-Mich) began a hearing on Communist atrocities in Korea today with a statement that a Red Chinese nurse "cut off the toes of a GI with a pair of garden shears, without benefit of anesthesia" and wrapped the wounds in newspaper.

Potter said this was a sample of the beast-like acts which U. S. soldiers, who were victims or eyewitnesses of Korean atrocities, would tell about at three days of Senate subcommittee hearings.

He said the testimony would make "a liar" out of Andrei Vishinsky, Soviet Russia's spokesman, who told the United Nations Assembly yesterday that the atrocities charges were lies and propaganda.

Gen. Matthew B. Ridgway, former commander in Korea and now Army chief of staff, was called as first witness, and former prisoners of war were on hand to be heard later.

Potter challenged Tass, official Soviet news agency, to attend and cover the inquiry. Tass holds two cards admitting reporters to congressional activities.

Potter also asked that all U. S. information media cover the testimony of five U. S. soldiers he described as victims or eyewitnesses.

The Michigan senator, a legless veteran of World War II, is in charge representing the Senate investigations subcommitee.

"It will not be a pleasant story," he said.

"This will show the true character of our Communist enemies. It is one of the most ruthless and bloody chapters in the history of civilization."

Potter acknowledged that the public hearings were timed to aid a resolution offered the United Nations General Assembly by U. S. Ambassador Henry Cabot Lodge condemning Red atrocities.

Among some 15 former prisoners of war called as witnesses is Pvt. John E. Martin, Ferndale, Mich.; Sgt. Carey Weinel, Kansas City; 1st Lt. Henry J. McNichols Jr., St. Louis; Cpl. Lloyd Kreider, West Willow, Pa.; and Sgt. Robert Sharpe of High Point, N. C.

In the United Nations, the atrocity debate continued today with the United States scheduled to lash back at Russia's denial of American charges that the Reds massacred thousands of captured soldiers and civilians in Korea.

American Chief Delegate Henry Cabot Lodge Jr., who has challenged the Russians to permit an impartial commission access to all of Korea to probe the charge, was expected to accuse the Soviet bloc of attempting to cloud the atrocity issue.

Truman Transmits Own Wire Photo

Here, he is shown announcing transmission of the picture. In background are AP employes.

Interviews Fail to Win Back 30 Pro-Red ROKs

Prisoners Unanimously Choose Communism; Suspect Group 'Picked'

PANMUNJOM (AP)—Thirty passive South Koreans unanimously chose communism in today's opening round of Allied efforts to win back 351 South Korean, British and American war prisoners who haven't returned.

The recorded strains of South Korea's national anthem played in the background as 27 men and 3 women listened quietly to ROK officers read a plea to come home.

Then each walked out the door leading back to communism.

It appeared possible the Allies drew from a stacked deck. The first group was chosen by the prisoners themselves in the Communist-dominated camp. Observers speculated each of the 30 might be a confirmed Red.

Thirty more South Koreans are to be interviewed Thursday (7 p.m. Wednesday EST).

Original plans called for 30 South Koreans to be interviewed daily for about 11 days before 22 Americans and one Briton are called, but a high American officer said the schedule is "not inflexible," indicating the non-Koreans might be called sooner.

The 30-0 score gives the Reds a propaganda theme to take some of the edge off the humiliating beating they took in their interviews. They got back less than 3 per cent of 2,500 Chinese and Koreans.

This was the first total blank.

The Communists, however, met groups from 136 to almost 500, calling a compound at a time with no chance for special groups to be maneuvered into the interview tents.

Meanwhile, in a negotiation hut nearby, the Allies all but rejected a Red proposal for a Korean peace conference after a day of studying a Communist plan offered Wednesday.

U.S. Delegate Arthur H. Dean told the Reds there are two basic points on which both sides could agree, but he accused them of attempting to slip an "enormous joker" into the conference by calling for Russia to attend as a neutral.

Dean said the two points of agreement are that the conference should be between the two belligerent sides and that each side should vote as a unit with unanimous decisions necessary.

Wrestler Back for More

AP Wirephoto

DOESN'T SCARE EASILY—William McLellan, 20, alligator wrestler at the Dania, Fla., Chimpanzee Farm, tried putting his head in an alligator's mouth. He ended up with 60 stitches to close the gashes in his face. Yesterday he returned (without the head trick) to show the beast who is boss.

Throws Weight Behind Diplomat in 1st Open Split

Supports Secretary, but Does Not Mention Senator's Name

WASHINGTON (AP)—President Eisenhower, backing up Secretary of State Dulles' blast at Sen. McCarthy (R-Wis), declared today that unity among free nations "is our only hope for survival."

Like Dulles, Eisenhower did not mention McCarthy by name. But the President told a news conference he is "in full accord with the statements made yesterday by Secretary Dulles."

Dulles had asserted that criticism such as that fired by McCarthy attacks the very heart of United States foreign policy.

Eisenhower had anticipated questioning about the matter, and announced he had prepared his views in writing because, he said, they would be the only words he would have to say on the subject.

The President then read the statement in which he declared:

"I am in full accord with the statements made yesterday by Secretary Dulles in his press conference."

The President also took sharp issue with McCarthy on another subject—repeating that he believes the Communists in government issue will be out of the picture by the time the congressional elections occur next year.

McCarthy told a nationwide radio and television audience last week that communism would be an issue and that the question of continuing his hunt for subversives would be the main issue in the election of a Republican Congress.

It was in the same speech that McCarthy took some cracks at administration foreign policy. The gist of his criticism was that this country should be tougher in dealing with its allies.

Eisenhower said that if the United States "should turn impatiently to coercion of other free nations, our brand of coercion, so far as our friends are concerned, would be a mark of the imperialist rather than of the leader."

He said American military and economic aid was a part of this country's own security program and added:

"We do this because unity among free nations is our only hope for survival in the face of the worldwide Soviet conspiracy backed by the weight of Soviet military power.

"This struggle dominates all other considerations of our times. The issue—freedom versus communism—is a life and death matter.

"To my mind it is the struggle of the ages."

24-Hour Strike Called in Britain

More Than One Million Engineering Workers Demand Raises

LONDON (AP)—More than one million engineering workers today closed British auto and aircraft factories, shipyards and machine shops in a 24-hour token strike for more pay.

It was Britain's biggest labor tie-up since the general strike of 1926.

From London to Glasgow and Belfast the hum of machinery ceased. Work benches were deserted.

The Confederation of Shipbuilding and Engineering Unions, an organization with 39 affiliates, called the "show of strength" walkout in support of a demand for a 15 per cent wage increase.

Industries involved estimated the production loss would reach 10 million pounds (28 million dollars).

Pickets guarded the gates of factories throughout the country as strikers gathered for mass meetings and protest marches.

There were no reports of disorders.

All public services operated normally. Government plants such as ordnance factories and power stations also were exempt.

Workers affected included fitters, boilermakers, patternmakers, electricians, foundrymen.

Report Rain Devastation

MANILA (AP)—Three days of heavy rain have left two persons dead and at least $500,000 damage to crops and property on Samar Island, Philippine news service reported today.

Pontiac in High Classification

Local United Fund Marks New Record of $502,777

Pontiac Area United Fund's 1953 campaign went over the top again today.

It went over $500,000 to put Pontiac in a new, higher classification among the nation's "united drive" cities.

And United Fund personnel said late returns, still on their way in, will push the total even higher than the present $502,777—some $15,000 over this year's goal.

Pontiac has been rated in the $200,000 to $499,999 fund-raising class for years. Of the nation's 1,500 "united drive" cities, only about 100 raise $500,000 or more. The Pontiac area now joins that higher bracket.

Pontiac and Waterford givers, opening their hearts and pocketbooks to this year's appeal, pushed the campaign over its $487,200 quota weeks ago.

This set a record. Last year's drive raised $438,000. That set a record then.

The industrial division's plants and workers stood way beyond their $322,000 goal in the campaign today with $338,734 raised.

Geographical division has left its $14,000 quota far behind, raising $15,990.

Commercial division has drawn within "shooting distance" of its $129,000 goal with $126,053 raised.

Of that amount, Pontiac stores, businesses and professional men and women had donated $121,701 on their goal of $122,000, leaving them less than $300 short. The United Fund staff said the Pontiac commercial group will top its goal — for the first time since United Fund campaigns began in 1949—before all returns are in.

Detroit United Foundation has pledged $22,000 to the local United Fund from canvassing in

(Continued on Page 2, Col. 3)

Sigler Services Will Be Friday

Burial in Hastings Will Follow Rites; Williams May Attend

HASTINGS (AP) — Kim Sigler will be buried Friday in Hastings, his home, with dozens of state officials in attendance, including, possibly, his last political opponent, Gov. G. Mennen Williams.

The former Michigan governor was killed with three others Monday night when his private plane crashed into the guy wire of a television tower near Battle Creek.

His daughter, Madelon, now Mrs. Richard Gossett of Tulsa, Okla., arrived in Lansing yesterday to make the announcement. She said that two services will be held for Sigler, one in Lansing, the other here.

Gov. Williams said he would attend the services if his schedule permits.

The Lansing service will be held at 10 a. m. in the Central Methodist Church. At 3 in the afternoon service will be held at Hasting's First Methodist Church. Burial will follow.

The State Administrative Board announced that members would attend the services along with members of the Michigan Supreme Court.

The State Bar of Michigan will send an official representative and John Feikens, Republican state chairman, will also attend.

Meanwhile Sigler's body lay at the Leonard Funeral Home in Hastings.

Sigler's widow had not arrived as yet. She has been living with another daughter, Mrs. Betty Slattery of Carmel, Calif. Mrs. Sigler was convalescing from an illness in Carmel.

Churchill on Island After Rough Ride

TUCKER'S TOWN, Bermuda (AP)—Prime Minister Churchill rode out an Atlantic storm today and landed in Bermuda's sunshine for the Big Three Conference opening Friday.

The British leader's stratocruiser Canopus breasted bitter gales along the route from Gander, Nfld., to Kindley Field Air Base here. British Overseas Airways, operators of the plane, said it changed route once but then got back on its regular course. It flew much of the way above 20,000 feet.

The plane landed at 12:31 p.m. EST. Churchill looked cheerful as he stepped from the plane with his 28-member party, including Foreign Secretary Anthony Eden.

The British leader and his associates left London last night just before midnight, and spent an hour in Newfoundland early today for refueling and a check on the plane. The storm they ran into was the same that had hit Bermuda yesterday with the heaviest rainfall in history, 3½ inches within an hour.

Identify Crash Victim in Ohio as Pontiac Man

A man identified as Leroy Thomas, 43, of 641 Franklin Rd., was killed Tuesday in a highway crash four miles west of Sandusky, Ohio.

His car reportedly collided on Route 6 with one driven by Bernard W. Bubbert, of Port Clinton, Ohio.

Strike Closes Can Firms but Dockers Back on Jobs

By THE ASSOCIATED PRESS

The CIO United Steelworkers Union called a strike today against two of the nation's largest can makers, but longshoremen in New York and New Jersey returned to work after a one day work stoppage.

A third major labor dispute, involving photo engravers, tied up the seven major New York City newspapers, six of which were struck by AFL photo engravers.

The waterfront work stoppage ended with a steady return of workers to piers after a one day rebellion against rules of a newly created commission which now controls the harbor area.

The latest strike was called at midnight by the CIO United Steelworkers against the American Can Co. and the Continental Can Co. They employ some 33,000 USW members in 68 plants in 30 states and five plants in Canada. Wages were the chief issue in the dispute. Picket lines were set up at several plants at the midnight strike deadline.

In Washington, the government asked the union involved in the New York newspaper strike to submit the dispute to arbitration—or decision of a neutral party.

The request was made in a message sent by Federal Mediation Service Director Whitley P. McCoy to President Edward J. Volz of the striking AFL Photoengravers Union.

McCoy's request that the union accept arbitration—a move recommended by the struck publishers—was delivered to Volz in advance of a union meeting in New York this morning called to consider whether to accept the arbitration offer.

In New York, longshoremen by the hundreds started the work stoppage yesterday as the New York - New Jersey Waterfront Commission, organized to rid the docks of racketeering, became fully effective.

Picket lines were set up outside piers by many longshoremen who

Cloudy Skies, Rain Forecast for Area

Cloudy skies coupled with occasional rain tonight and tomorrow are forecast for the Pontiac area by the U. S. Weather Bureau.

A low of from 40 to 44 tonight is expected to precede a high of from 46 to 50 Thursday.

Tuesday the mercury rose from a low of 32 to a high of 45 degrees here.

At 8 a.m. today the temperature stood at 31 but by 2 p.m. in downtown Pontiac the reading was 39 degrees.

Two Unattended Babies Die in Fire, 3rd Saved

RICHMOND, Calif. (AP)—Two unattended babies, aged 1 and 2, perished in a flaming crib at their home north of here last night. A third child was rescued by neighbors.

Dead were Gregory Murphy and Kenneth Bell. Kenneth's sister, Gwendolyn, 3, was in Richmond Hospital, suffering from smoke inhalation.

Accident Mars Local Constable's 46-Year Record

Pontiac's constable, Richard R. Dougherty, 60, who drives nearly 600 miles a week, stood disheartened yesterday at Huron and State Sts. and saw a perfect 46-year driving record slightly marred.

"This is the first accident I have had since I started driving back in 1907," Dougherty lamented.

The constable of 32 Henderson St. said he drove the first auto in Reed City, Mich., when he was only 14.

"I graduated from the horse and buggy when I became a doctor's chauffeur and used to drive him on emergency calls, sometimes traveling as fast as 10 or 15 miles per hour," he explained.

Despite yesterday's minor accident, Dougherty said he still has something to look forward to.

"I've yet to get my first traffic ticket," he said.

Parade Saturday to Depict Biblical Christmas Scenes

Pontiac this Saturday will be treated to an old-time Christmas pageant—on wheels.

Saginaw street, trimmed with greens and tinsel, will form the backdrop for Yule scenes from Bible times, foreign lands and churches of today.

The pageantry, mounted on floats built by Pontiac's churches and organizations, will highlight this city's annual Christmas Parade, sponsored by Pontiac Retail Merchants Association.

Parade time is 9:30 a. m.

A check today showed 22 floats, with themes ranging from the prophecy of the coming of Christ to Christmas in the home, are being prepared for Saturday's march.

Telling parts of the Bible's Christmas story will be a Proph-

See float pictures on page 25.

ecy float by First Baptist Church, Annunciation float by All Saints Episcopal and Mary and Joseph float by Trinity Baptist Church.

Ascension Lutheran Church has chosen "No Room at the Inn" as its theme; First Presbyterian, "Angels and Shepherds"; St. John Lutheran, "Star of Bethlehem"; Free Methodist, the manger scene and Calvary Assembly, the "Three Wise Men."

"Christmas Through the Ages" is the theme for the Baldwin Avenue United Brethren Church float. Church scenes will be presented by St. Trinity Lutheran and Central Christian churches, with the Christian Temple entering a choir scene.

Women's Christian Temperance Union float is titled "For God and Home"; floats by the Salvation Army and Central Methodist Church, "Christmas in the Home"; and New Bethel Baptist Church, "Christmas Carol."

A Pontiac Boy's Club float will show boys bringing Christmas joy to other families.

Christmas in other lands is the theme for floats by Hellenic Orthodox Church and Oakand County Children's Home.

First Assembly of God Church will present "A Prayer for Peace"; Pontiac YMCA, "One Solitary Life"; and First Methodist Church, "Christ of Christmas."

Yule Shopper Can Make His Selections From Wide Range of Electrical Items

By JANET ODELL

Are you giving electrical gifts this Christmas? You will have a wide assortment of appliances from which to choose.

If you are buying a dryer or an ironer, you need no help from us. But we can suggest small appliances that will bring happy smiles to the faces of the recipients.

There are a number of new items on the market. In the $10 to $15 group there is a new automatic coffee percolator; you can set it for regular or strong coffee.

New also is an automatic timer. Once it is plugged in, it will turn on and off such things as lights, cooking appliances, fans, heaters, humidifiers, and even wake you up to music.

An electric tea kettle, especially convenient for cooks with small stoves, is found in this price range.

Ever since steam irons have come on the market women have wanted one that will work with tap water. (Many steam irons use distilled water.)

There is now an iron made specially for water directly from the faucet. The water reservoir is made of stainless steel to prevent corroding. All brands of steam irons can be had for under $20.

Merchants predict a large sale of portable electric mixers. Even if your favorite homemaker has a regular mixer, she will enjoy the convenience of a portable one.

To make her large mixer more usable, you could get an extra attachment such as a food grinder silver polisher, or perhaps a coffee grinder.

There is a new stainless steel deep fryer that does double duty as a roaster and may be had for under $20.

Chafing dishes have become popular again, and you can get old-fashioned looking copper ones or more modernistic light-color metal ones.

If your favorite person is a record fan, you will gladden his heart with a compact, portable player.

Enclosed in an attractive plastic case, this little electric portable will play records at 16, 33, 45 or 78 rpm.

Available also for around $30 is a combination roaster, pop-

'Big Fun Show' to Permit Birmingham Area Women to Shop Without Children

From Our Birmingham Bureau

BIRMINGHAM — Women pondering how to accomplish the chore of Christmas shopping without leading their young children on a tiring round of stores will welcome the inspiration of Will-O-Way Playhouse director William Merrill.

Beginning Saturday, "The Big Fun Show" will open at the Community House, with four shows of professional entertainment daily for children.

"The whole idea is to provide the Birmingham area women with a chance to do some shopping unhampered by their younger children," according to Merrill.

One and one-half hour shows will begin at 12:30 p. m., 2:30, 4:30 and 7:30 p. m. Monday through Saturday until Dec. 23, with a charge of 75 cents per performance.

"Ninety minutes will give the women a chance to visit several shops in the area, and the price is cheaper than a baby-sitter," Merrill said.

A physican will be on call, he added, and women may leave their children for more than one performance, since all acts will be different. Merrill will be assisted in administering the program by four adults.

"The acts are carefully chosen for children, and many will be from television programs already popular with the youngsters," Merrill said. A sample of performances includes jugglers, clowns, puppet shows, and a Christmas play.

Inspiration for the novel enterprise came at the recent opening of a new Birmingham store, Merrill claims, when the number of youngsters getting lost and running loose from their parents was quite large.

The Birmingham Chamber of Commerce has sanctioned the plan, and is working in cooperation with it.

Mrs. Allen B. Crow, Detroit's 1951 "Woman of the Year" will speak at the monthly meeting of the Women's Mission Union of First Baptist Church tomorrow.

Held in the church parlors, White Cross work will begin the meeting at 10 a.m. with a business session at 11:30. Luncheon will be served by the Ruth Circle at 12:45 to be followed by the program at 1:30 p.m.

A home missions speaker, Mrs. Crow is active in the Baptist Women's Mission organization in Detroit and is speaker and interpreter for the World-wide Baptist Mission work in Detroit and Michigan.

Devotions will be led by Mrs. Dan B. Wells and Mrs. Stewart Smith will be in charge of Christmas musical selections.

* * *

YMCA Church Basketball League will get underway tomorrow, with First Baptist Church playing host to First Presbyterian Church at 7 p.m. in the Baptist Church gym. St. James pits its five against Christ Church at 9 p.m.

* * *

At 8 tonight the board of deacons and deaconesses of the Congregational Church will meet at the W. Maple home of Mrs. H. S. Roberts.

* * *

Plans will be laid tonight for a public pre-Christmas tour of the Sister Kenny Polio Center in Farmington, when board of directors of the Sister Kenny Anniversary Club meet at the home of Mrs. Cyril B. Lewis on Lakeview.

Setting up some long range plans at the 8 p.m. meeting, the board will also discuss a benefit performance, with proceeds to go to the center.

* * *

Local Soroptimists attended a dinner meeting at the Women's City Club in Detroit Monday to meet Dr. Sylvia Neves of South America. A surgeon, Dr. Neves is studying in this country on an exchange program. Those attending from Birmingham were Mrs. Charles Wooster, Mrs. Marie Simmerle, Mrs. Mason Noble, Mrs. R. H. Dewey and Miss Helen Larkin.

* * *

The Maple Room of Birmingham High School will be the scene of the 5:30 p.m. dinner and program tomorrow by Girl Scout troops of the junior and senior high schools. Guest speaker at the annual Christmas party will be Hazera Zahiruddin from Pakistan, a student at Wayne University.

Miss Zahiruddin is interested in the Girl Guides in her own country and will exchange thoughts and plans with the girls.

Junior High Scouts will turn in their "Kits for Korea" at this meeting. Christmas tree ornaments they have been collecting also will be turned in. The ornaments will decorate two trees to be purchased by Girl Scouts at the high school and given to a children's home or hospital.

* * *

City commissioners have authorized the signature of an unofficial, non-binding gentleman's agreement providing zoning for the Adams road Porritt property if and when it is annexed to the city.

The agreement carried an expiration date of Dec. 1, 1954, something not previously discussed in negotiations between the Reid-Paterson Co., land owners, and the city commission.

City Attorney Forbes Hascall reminded the commission that if owners intend to secure annexation of the 45-acre Troy site within the city limits by vote in the April election in both Troy and Birmingham, they will have to present a petition with 250 signatures to the County Board of Supervisors by Dec. 18.

City Clerk Irene Hanley pointed out that the owners may want it placed on the ballot during elections in August or November.

* * *

Annual bazaar of the Ladies Society of Redeemer Lutheran Church, a two-day affair, will be given in the Youth Building of the church from 10 a.m. to 9 p.m. tomorrow and Friday, with luncheon being served from 11:30 a.m. to 2:30 p.m.

Booths will feature knitwear, aprons, plants, linens, toys, candies and Christmas cookies, along with cards, arts and crafts, a fish pond and parcel post booth.

A coffee bar where homemade coffee cake will be sold is expected to appeal to late afternoon shoppers.

General chairman is Mrs. Herman Fiebig assisted by Mrs. Ernest Sheehan. Luncheon tickets are available from any member.

* * *

Birmingham newcomers are:

Mr. and Mrs. Douglas S. Lock and children, Nigel, 10, Elizabeth, 8, of 1711 Villa, from Berkley. He is with Ford Tractor Division, Ford Motor Co.

Former Detroiters Mr. and Mrs. Joseph C. Quay and daughter Elizabeth, 3, living at 3187 Bradway Blvd., Bloomfield Village. He is with Plymouth Steel Co.

Mr. and Mrs. John P. Dacey and daughter Patricia, 10. From Winchester, Mass., the Daceys now live at 2298 W. Lincoln. He is with Chelsea Industries.

Mr. and Mrs. R. S. McFarland and children, Craig, 8, Martha, 13, recently moved from Lansing to 695 Half Moon, Bloomfield Village. McFarland is with Detroit Transmission.

Mr. and Mrs. Charles Singleton and youngsters, Jimmy, 7, Karen, 8, Dianne, 11, of 2344 Windemere, formerly of Dayton, Ohio. He is with Chrysler.

Robert M. Finkbein

Funeral arrangements are pending at Manley-Bailey Funeral Home for Robert M. Finkbein, 58, of 1128 Holland, who died this morning in St. Joseph Mercy Hospital, Pontiac.

Born in Pennsylvania, Mr. Finkbein had been a resident here since 1914, coming from Oxford, Ohio. He was a member of the United Presbyterian Church there.

Survivors include his widow, Viola, his mother, Mrs. Rose Finkbein of California, and a brother, William Bruce of Oxford, Ohio.

Hewey James D. Rockwell

BLOOMFIELD HILLS —Funeral service for Hewey James D. Rockwell, 53, an employe of the Bloomfield Open Hunt Club, will be in Hattiesburg, Miss., with burial in Highland Park Cemetery, Hattiesburg. He died Monday morning.

Mr. Rockwell is survived by two brothers, George S. of Hattiesburg and Frank of DeSoto, Miss.

Arrangements are by Pursley Funeral Home here and Hulett Funeral Home in Hattiesburg.

Gives Second Lecture on Marriage at Y Tonight

BIRMINGHAM — Boyd I. Walker of the Metropolitan Detroit YMCA Counseling service is giving the second in a series of six lectures on the subject of Marriage Preparation at the Birmingham Y tonight at 8.

Jointly sponsored by the Birmingham YMCA, the Birmingham Young People's Club, and the Birmingham Council of Churches, the program consists of a lecture and question and answer period plus individual counseling where desired.

Demands Jury Trial

BIRMINGHAM — A jury trial was demanded by Thomas P. Daniels, 22, of 31805 Telegraph, when he appeared before Justice John J. Gafill this week on a charge of driving under the influence of liquor. Trial date was set for Dec. 16.

Local United Fund Marks New Record

(Continued From Page One)

the Birmingham - Bloomfield - Franklin area.

With today's report, the United Fund office released another list of givers donating $50 or more to this year's drive.

Giving $500 or more were Michigan Bell telephone Co., $2,450; Michigan Bell's CWA-CIO employes, $2,637.85 and its other employes, $1,189.70 — a total of $6,277.55. Davidson's Industrial Caterers' employes gave $716.80; Eames and Brown employes, $509.70; and Darin and Armstrong, $500.

United Fund staff called special attention to the 13 employes of Cutting Tool and Supply Co., who gave $340 — an average of $26.15 each, the highest average of any group of employes in the entire commercial division to date.

Other $50-and-over givers and their donations are as follows:

Preston Bros.	$ 50.00
Hotel Pontiac Grille	120.00
Hotel Pontiac Grille employes	59.00

110-Car Parking Lot Opened in Birmingham

BIRMINGHAM — A parking lot with an 110-car capacity has been opened by the Wabeek-Jacobson group which is sponsoring parking plans for the northwest quadrant of the city.

Actually only crushed stone on land that has been cleared for future parking plans, the lot has been put to use by residents seeking to leave their cars close to downtown stores.

Located north of the Jacobson Home Decorating Shop on Woodward avenue, it extends through to Bates street on the west and Willets on the south side. Entrances are on all three streets.

Truman or Hoover? Doorman Confused

NEW YORK (AP)—Ex-President Harry Truman is used to a lot of greetings from bystanders when he steps out for his morning stroll on visits to New York—but today he got an unexpected one.

"Good morning, Mr. Hoover," a doorman called as Truman stepped briskly by.

Truman looked startled, then quipped: "I'll have to apologize to Mr. Hoover."

Herbert Hoover, only other living ex-President, lives in the Waldorf-Astoria Hotel where Truman also stays on visits here.

Buffalo Hotel Hikes Rates to Draw Carriage Trade

BUFFALO, N.Y. (AP)—A hotel on Buffalo's Lake Erie waterfront has boosted its rates "to keep out the riff-raff."

The increase: from 25 to 30 cents a night.

CRANBROOK COMEDY—Sally Schlacter strikes a ballet pose for fellow thespians, Dick Roberts, Henry Beam, Liz Steggall, Alice Holmes, all of Birmingham, and Marcia McLintock, Pontiac, as they rehearse for the Cranbrook School production of George Kaufman's comedy, "You Can't Take It With You," to be presented Friday and Saturday at 8:15 p. m. at the school.

Mrs. Shain Speaks:

All Must Aid in Solution of International Problems

Active, every-day participation in current affairs is the key to solving local and world problems, according to Mrs. Charles Shain of Birmingham who spoke at a banquet at Central Methodist Church last night.

Women of the church were invited to the dinner, sponsored by the Men's Club, Elbert Wilmot, club president, presided, and Dick Poole was in charge of reservations.

"The globe is your neighborhood," Mrs. Shain said, speaking on "Our Position on the Current Scene."

She added that the most effective way to deal with problems at hand is by contributing something toward their solution every day.

Mrs. Shain spoke on the position of Germany and France in today's world picture and discussed the United Nations in closing.

"Germany is the pivotal point at present," she said, "and with its remarkable recovery, many are asking 'Just how far can she be trusted?'"

"The ingrained fear of authority in France is the cause of the succession of new leaders," Mrs. Shain suggested, "and the thing the French most need is unity."

Mrs. Shain, an international student as well as a club leader in her home community, believes whole-heartedly in the United Nations.

"It is most desirable because it is a public forum," she said, adding that it is neither a sovereign power nor a governing body.

She cited the UN as "our last best hope to maintain peace."

Before Mrs. Shain's talk, George H. Putnam, director of music for the church directed community singing, Mr. and Mrs. Victor Lindquist sang "Make Believe" from Show Boat, "September Song" and "If I Loved You" from Carousel. They sang "Tea for Two" for the encore.

Yule Giver Can Eye Electrical Gadgets

(Continued From Page One)

corn popper, dutch oven and deep fat fryer.

Of excellent design and sturdy construction, it features a cooking guide on a metal plate attached to the side of the cooker.

When you go above $35, your choice of small household appliances is greater.

There are electric blankets, for twin or double beds, with one or two controls. There is the popular chrome automatic vacuum-type coffee maker.

The new rotisseries fall into this class, simple or elaborate as you may desire.

The world's smallest portable radio, powered by two batteries is seen in a local store. It may be carried in one's pocket.

The same store has a complete silverplated coffee service, featuring an automatic coffee pot; this is the first time a silverplated coffee pot has been made automatic.

Blenders and all styles of portable radios complete this list.

Can Firms Struck; Dock Walkout Ends

(Continued From Page One)

were refused employment registration cards by the commission because of criminal backgrounds. Many registered longshoremen joined the picketing men in sympathy and others with cards refused to cross the picket lines.

The stoppage, which started on Hudson River piers in midtown Manhattan, spread quickly to other docks in Manhattan and Brooklyn, and acrr is the river to Jersey City and Hoboken, N. J.

In the New York newspaper strike, the 400 striking photoengravers were to vote today on whether to arbitrate four deadlocked issues. The chief issues in the strike, which started last Saturday, were wages and welfare benefits, hours, the number of annual holidays and the duration of a new contract.

Members of other newspaper unions honored the photoengravers' picket lines, forcing the six newspapers to halt publication. The Herald Tribune, only major paper not struck, suspended publication Monday night in sympathy with the six other dailies. Some 22,000 workers have been made idle.

AP Announces Class B All-State Grid Squad

Second of the Associated Press All-State high school football teams is announced today on the sport pages of The Pontiac Press.

Top team — the Class A — will be announced Thursday. This team, as well as yesterday's Class C-D team and today's "B" eleven, was selected by a panel of coaches and writers. This is the 13th year for AP all state selections. For details of the Class B team, turn to page 38 in today's issue.

HER MASTERPIECE—Mrs. W. John Jones of 5754 Dwight St. buys a 1954 auto license plate bearing slogan, "Water Wonderland," which she and other Michigan residents submitted in a state contest. She bought the plate from LeRoy F. Kellogg, assistant manager of Secretary of State's Pontiac branch office, 65 E. Perry St. Over 800 plates were sold yesterday, opening day of sales.

Pontiac Deaths

Otto W. Liedtke

Funeral for Otto W. Liedtke, 69, of 91 Seminole Ave. will be Thursday at 1:30 p.m. from Pursley Funeral Home. The Rev. Carl W. Nelson of St. John Lutheran Church will officiate and burial will be in Oak Hill Cemetery.

Mr. Liedtke died Monday of a heart attack.

Robert A. Matthews

Word has been received here of the death of Robert A. Matthews, infant son of Mr. and Mrs. Robert A. Matthews, formerly of Pontiac, now of Cleveland, Ohio.

The baby was born Nov. 20 and died shortly after birth.

Besides his parents, he is survived by two sisters, Deborah Ann and Elizabeth Adair, both at home.

Mrs. Harry Mumaw

After a prolonged illness, Mrs. Harry (Minnie M.) Mumaw, 65, of 41 Henderson St. died at 4:20 a. m. today.

Born at Marshall July 23, 1888, she was the daughter of Dr. Emory J. and Persis Hunsiker Marshall. She married Harry Mumaw there Sept. 20, 1911, and came to Pontiac 37 years ago.

Besides her husband she is survived by a son, E. Marshall of Pontiac; and two sisters, Anna Marshall and Mrs. Joseph Deuel, both of Marshall.

Funeral will be Friday at 1:30 p. m. from the Kirkby Funeral Home. The Rev. C. George Widdifield, rector of All Saints Episcopal Church of which she was a member, will officiate and burial will be in the Oak Ridge Cemetery at Marshall.

Mrs. Fred W. Parmeter

Mrs. Fred W. Parmeter (May B.), 83, of 85 Mary Day Ave. died Tuesday evening.

Born at Mt. Morris May 7, 1870, she was the daughter of Jay and Sarah Stadler. She married the late Fred W. Parmeter there July 2, 1895.

Mr. Parmeter was for many years a hardware merchant here.

Surviving are a daughter, Mrs Virginia Wood; a sister, Mrs. Otto Sachse, and three grandchildren.

Funeral will be Friday at 1:30 p.m. from the Farmer-Snover Funeral Home, with burial in Mt. Morris.

Milton D. Phillips

After an illness of a month, Milton D. Phillips, 47, of 71 Forest St., died at 12:20 p.m. Tuesday in Pontiac General Hospital.

Born in St. Joseph County Sept. 17, 1906, he came to Pontiac 11 years ago from Cass City and married Marie Roehl here Nov. 14, 1942.

He was a veteran of World War II and was last employed by the Grand Trunk Western Railroad Co.

Surviving besides his widow are three sons and two daughters, Michael, Kathy and Gustave at home and Margaret and Milton of Cass City.

Funeral will be Friday at 2:30 p.m. from Sparks-Griffin Funeral Home. The Rev. Howard C. Artz, pastor of the Free Methodist Church here, will officiate.

King-size cigarettes contain about 15 per cent more tobacco than the standard size.

The Art of 'Sizzlemanship' Outlined to Local Audience

"It's not how much you know, but what you say about what you know that sells yourself or your product.

"This is the art of 'sizzlemanship.' Everyone is a sales person at one time or another, and we all need 'sizzle.'"

Sizzle was defined last night before a near-capacity crowd at Pontiac High School auditorium by Elmer Wheeler, president of the Tested Sales Institute of New York, in a program sponsored by the Pontiac Chamber of Commerce.

Wheeler has authored 15 books on selling and writes a newspaper column on the subject.

"Salesmanship is a trick," he said, "but it's not tricky. The high pressure era is gone. Low pressure, sincere selling is needed now. The years of easy selling are past."

A good education, money, vitamins and healthy surroundings don't assure a person of being able to make friends or put across his ideas, said Wheeler.

"An individual needs personality, plus an understanding of human relations which allows him to get along with others."

The sales consultant described five steps necessary in developing sizzle.

First, if you're seeking anything —a job, promotion, girlfriend — "don't sell the steak, sell the sizzle."

You have to sell yourself first, Wheeler explained. Impress them with the first contact—the sizzle.

The "you" approach is handy here, Wheeler stated. Be a good listener, let the other person talk. He advised use of the question, "And then what did you do?" to keep talk centered on the other person.

Wheeler's second step is, "Don't talk — telegraph." The first 10 seconds of conversation are the most important, according to the sales consultant. A sort of verbal shorthand should be developed, he said, to help you get your personality across immediately.

"Don't say, 'Hey Mac, you're losing weight,'" Wheeler warned. "Make a charitable statement to inflate the other fellow."

The sales instructor's third recommendation was, "Say it with flowers." Never say anything unless you're doing something to back it up. How you stand, look, dress and move while speaking all have a bearing on the overall effect.

A salesgirl selling clothespins designed not to roll when dropped, can demonstrate that fact by dropping one on the counter while she is making the statement to a customer, he explained.

Wheeler's fourth proposal is, "Don't ask a person if they like an article, ask them which one they like best."

His last recommendation is, "Watch your voice. A voice can sizzle or be flat. Alternate voice inflections, speak loud, soft, fast and keep it interesting."

"It boils down to this," Wheeler said, "don't think so much about what you want to say as what the other person wants you to."

'Here's Israel' Is Given Tonight at B'Nai Hall

Hanna Zamir, Mort Freeman and Shmuel Fershko, artists, will star in the production "Here's Israel," third edition, tonight at 8:30 in B'nai Israel Congregation social hall.

The program is sponsored by B'nai B'rith, the Zionist Organization of America, and Hadassah. Thomas Horwitz is chairman.

Only about 20 of Bermuda's 300 Islands are inhabited.

Waitress Who Perches on Diner's Lap Pinched

SAN DIEGO (UP) — A San Diego waitress was pinched while she was sitting on a sailor's lap. Pinched by the police, that is.

Vice squad officers booked her at city jail on a charge of "mingling" with the cafe's customers in violation of a city ordinance.

"I never heard of such a law," she said indignantly from her jail cell.

Barefoot Boy Is Kicker

HARTFORD, Conn. (UP)—A Quarterback Billy Beagle of Danville, Pa., specializes for Dartmouth as a barefooted kicker. His unshod kicks travel 65 yards or more. He wears a specially zippered shoe easily removed.

The American Merchant Marine Library Association places about a million books a year aboard merchant ships.

Britain Fails to Untangle Outdated Charity Trusts

LONDON (AP)—There's a million-dollar nest egg available here in Britain to ransom anybody captured by Barbary Coast pirates.

And there's a $9,000 fund to build a pest house and graveyard in the heart of London—in case plague breaks out.

The Barbary Coast pirates went out of business more than 120 years ago and there hasn't been a plague outbreak in London for 200 years, but the money is still there waiting to be used—together with an estimated 560 million dollars locked up in 110,000 charities set up by tenderhearted Britons through the centuries.

At least a quarter of these charities are more than 100 years old. Approximately 3,000 of them have annual incomes of less than $70. Nobody knows how many of their purposes are outdated now.

* * *

There are funds to provide red flannel underclothes for poor old women and waistcoats for poor old men. There are free coal, bread and cheese to be had for the asking. There are cash grants for out-of-luck tailors, weavers and felt workers.

* * *

The size of the bequests varies from tiny village charities of a few shillings—made even smaller by rising living costs—to huge million-pound trusts like the Nuffield Foundation with an income of $280,000 a year.

Each trust—big or small—is hedged with legal safeguards to make sure it is properly administered.

Under British law if the original purpose of a trust is outdated, the courts alone have the power to make a change. Even then the money must go for a purpose as near as possible to the original.

* * *

The Barbary pirate trust, for instance, has been out of date since the French drove the pirates from the Algerian coast in 1830. When Henry Smith, rich London merchant, left his money for the redemption of pirate captives, King Charles II was on the throne of England and traders to the Mediterranean were being sold into slavery by the hundreds each year.

The last time the trust was used for its original purpose was in 1827. The trustees got permission to devote the money to supporting hospitals until Britain's medical services were nationalized five years ago.

They applied then to have the income given to impoverished clergymen, but the wheel turned full circle when the court directed that a proportion of the money be given to organizations fighting slavery in parts of Africa and Arabia.

* * *

To sort out the tangle of these trusts the former Labor government set up a royal commission three years ago.

For many months the commission tackled the confusion. It recently reported there isn't much that can be done.

Colorado has 40 mountain peaks over 14,000 feet high, double the number to be found in the Alps.

Couple Import Baby Sitter From Europe

OKLAHOMA CITY (UP) — Rep. John Jarman (D-Okla) and his wife have found an answer to the high cost of baby sitters.

They've imported one from Switzerland—pretty Janine Mauris 19. Miss Mauris, who speaks French and German fluently, doesn't know a word of English. She wanted to come to the United States as part of her education.

In exchange for her help with the children, the Jarman's will give Janine a native's eye view of the United States—and teach her some Oklahoma-type English.

Fined for Keeping Son From Attending School

HAGERSTOWN, Md. (UP) — Fred Drury, 50, a farmer who doubles as a school bus driver, has been fined $50 because his boy is delinquent in attending classes. He was charged with contributing to the delinquency of a minor.

The defendant told the court he needed his son, Ira, to help run the 100-acre farm.

Hannah Says Draft Necessary

Lowered Birth Rate Is to Blame for Keeping System

DES MOINES (UP)—Asst. Secretary of Defense John Hannah said today that for many years to come the draft must continue and Universal Military Training be deferred.

The Pentagon's manpower chief attributed this outlook to the "unhappy legacy" of a lowered birth rate during the depression years.

"The cold truth of the matter is that we have been putting young men into uniform much faster than the males in our population turn 18½ years of age," he said in a speech prepared for the Iowa Farm Bureau Convention.

* * *

Hannah said the "bottom of the (manpower) pool" may be reached within two or three years if inductions continue at the current rate, and the rates of volunteering and re-enlistments do not improve.

Hannah listed the manpower shortage high among the "dilemmas of defense," and said, "The American people must accept a continuation of the draft as the only alternative to a weakened system of national security, an alternative so dangerous it cannot be accepted."

* * *

He said there is need for more "professionals" around whom citizen forces must rally in time of danger. Career soldiers, he said, "are precious to our military services, and to our safety."

Noting that 60 per cent of the army strength is made up of draftees, Hannah deplored that the "military service is losing its attractiveness as a career." Although only the Army is now using the draft, the assistant secretary said all the military services are losing experienced career people "in numbers so great as to be disturbing."

Hannah blamed what he termed failure of military pay to keep pace with the rising living costs, "continual nibbling away" at fringe benefits to servicemen, and the "patronizing attitude of civilians toward servicemen."

Poison Ivy Is Checked

HARTFORD, Conn. (UP)—Connecticut's highway department takes the sting out of poison ivy as far as its workers are concerned. The employes, frequently exposed to the itch-producing vine while clearing rights-of-way, are inoculated with ivy extract. Last year only seven out of 240 were poisoned.

About three-quarters of the trailers being sold to Americans are more than 30 feet long although in 1948 more than 83 per cent were under 30 feet.

Radulovich Wins Appeal

Air Force Secretary TALBOTT's reversal of a decision at Selfridge Field means that Lieut. MILO J. RADULOVICH has won his fight against dismissal from the Air Force Reserve.

When asked to resign because of alleged Communist activities of his father and sister, RADULOVICH decided to fight. At the hearing the board of three colonels held he was a security risk and voted his dismissal. It is this decision which has been reversed by Air Force Secretary TALBOTT.

★ ★ ★

The Lieutenant's own loyalty never was in question. But he was held to be a security risk because of his close association with his father and sister. The only evidence against the father was that he had subscribed to a Communist paper. But there was testimony that the sister not only contributed to Communist causes but did picket duty for the Reds.

★ ★ ★

In discussing his action on the appeal and the need for protecting national security, Secretary TALBOTT added: "I am also keenly aware of my responsibility to protect the individual rights and privileges of each man and woman in the U. S. Air Force."

Such an attitude will do much to neutralize the concern caused by the secrecy of the RADULOVICH hearing. This implies no criticism of the board which sat at Selfridge Field and which we believe merely was following inflexible Air Force rules.

★ ★ ★

By his action Secretary Talbott has shown the country that rules or no rules, justice comes first in his department. This not only should strengthen the loyalty of the young lieutenant, but of everyone else in the country.

Take It Easy!

A weekend traffic toll of 18 deaths in the State plus snow and icy roads are reminders that the season of greatest highway hazards is at hand.

From now until Spring, motorists should pay special attention to the condition of their cars and roads. Last week, for example, 14 persons were injured in one 24 hour period as a result of accidents on icy pavements in the Pontiac area.

★ ★ ★

Special effort also should be made to remember and be guided by the cardinal rules of safe Winter driving. These are to allow for a longer distance required to stop on ice or snow; keep car windshield and windows clean at all times and remember that poorer Winter time visibility handicaps pedestrians as well as drivers.

★ ★ ★

With Christmas rapidly approaching, Pontiac is already experiencing the seasonal shopping rush and downtown traffic congestion. This imposes on motorists and pedestrians alike the special obligation so to drive and walk that no home in this area will be grief stricken through avoidable accident during the happy holiday season.

Victory for Gas Users

Refusal of the Supreme Court to review a decision by the U. S. Court of Appeals for the District of Columbia should cheer every natural gas user in the country.

The highest tribunal upheld the lower court's ruling of a few weeks ago. This decision was that the Federal Power Commission must fix rates for interstate sales of natural gas by companies which produce and gather it.

FPC previously had said it lacked such authority.

★ ★ ★

Seeking the review denied were the Phillips Petroleum Company and the States of Oklahoma, Texas and New Mexico. Parties interested in having the Appeals Court decision stand included the States of Michigan and Wisconsin, Wayne County and the cities of Detroit, Milwaukee and Kansas City, Mo.

While this is a legal victory for natural gas users, no one should conclude that the fight over control of rates is won for all time. Awaiting the next session of Congress are two measures known as the Lyle and Hinshaw Bills.

★ ★ ★

They are being opposed by consumer representatives on the ground that their objectives are exactly the same as the Kerr bill vetoed two years ago. Foes of that measure said that if it hadn't been vetoed gas users would have been gouged $500,000,000 a year.

"THE world weighs 36,000,000 sextillion tons." — Newspaper filler. It seems even heavier when you carry it around on your shoulders.

A SILENT outboard motor has been produced, and one hopes it may yet be possible to muffle a motorcycle.

A TOAST: Here's to the women, who made us men what we are today! . . . (And just look at us.)

The Man About Town

Lake Levels Low

Shore Lines Are Changed; Muskrat Housing Imperiled

Daffynition

Success: What never is attained by staring up the steps, but by stepping up the stairs.

Most of Oakland County's 400 lakes are entering the winter much below their usual water level. In many cases the shore lines are seriously affected, leaving water weeds exposed and boat docks standing high. In some places bathing beaches are dry. Cass Lake, the county's largest body of water, is not affected as much as some of the others. According to

Clifford J. Cartwright

and his statistically minded 17 year old son,

Charles (Chuck) Cartwright

who keep a close tab on its daily levels through a quite elaborate and dependable system near their home on its banks, it is between four and five inches below its usual level on this date. While our farmers would like to see more rainfall, the county trappers tell me that a rise in the lake levels at this time would be disastrous for the muskrats, of which the county has many thousand. They built their houses at the present level, and higher water would flood them out at a time when it would be impossible to go through new construction operations before the lakes freeze over.

Nobody in Pontiac is any happier about Michigan State going to the Rose Bowl than

City Manager Walter K. (Bill) Willman,

himself a former varsity football man at East Lansing.

"At least two of Oakland County's deer survived the open season," phones

Harris Demering

who almost ran his car into a tree dodging a pair near his home on Pontiac Trail Monday evening.

Always looking for something good for his township,

Supervisor Norman R. Barnard

of Troy says an airport is not included in that category.

My Standish scout sends word that the same men going north with their families during the summer, when they order sandwiches and light lunches at local restaurants, consume mammoth steaks and big quantities of other heavy food when going and returning from their deer hunting trips. Perhaps it's the weather.

A big flock of southbound wild ducks stopped over night at Pontiac Lake near the home of

Howard Sheffman,

where they were fed last spring on their northbound migration.

Thanks are extended to

Mrs. Mary Whitcomb,

now living in Detroit, for clippings from the Pontiac Gazette of June 20, 1891, which deplore the "chewed up" condition of the horse hitching posts along Saginaw St.

I have it from none other than

Charles L. Coe and Sons,

Oakland County's largest turkey raisers, that the bird is becoming as much a Christmas as Thanksgiving principal dinner course. In fact, it now knows no season.

The tragic death of

Ex-Governor Kim Sigler

brings to mind the fact that the political wiseacres have always felt that it was some speeches he delivered in Oakland County that turned the tide against him, and led to his defeat in his try for a second term.

Verbal Orchids to—

Alfred Beesley

of Rochester, eighty-eighth birthday.

Season's Greetings

Voice of the People

A. G. Francis Says People Who Love Pets Will Take Care of Them Properly

(Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests, unless the letter is critical in its nature.)

The picture "Sad Parting" in Saturday's Press was disgusting. Kittens that small are incapable of keeping anyone awake, not even some cranky animal hater. Unless someone was torturing them.

These parents showed no love for their pets and very little for their children. They are the kind who would send their own mother to the poor house.

Persons who adopt a pet should protect it properly and put a stop to the needless birth of millions of puppies and kittens.

Baskets of puppies and kittens which are taken by so-called humane people to pounds in an effort to find (good?) homes for them make me sick. These adults should face the truth. Very few find a good home. The rest are supposed to be put to death. This act should be witnessed by these same adults.

Some states have traitor humane societies who sell beautiful and healthy animals to die a slow, lingering death by the knife of the sadist, ungodly demon called a "vivisector" or a hired butcherer.

A. G. Francis

60 N. Hilldale

THOUGHT FOR TODAY

Through faith he kept the passover, and the sprinkling of blood, lest he that destroyed the firstborn should touch them.—Hebrews 11:28.

* * *

Faith is mind at its best, its bravest, and its fiercest, Faith is thought become poetry, and absorbing into itself the soul's great passions. Faith is intellect carried up to its transfigurement.—Parkhurst.

Just A Smile

Poor

"Is it true that Joan is going to sue Reggie for beach of promise?"

"She was going to, but she found it wouldn't be worth while."

"No letters, I suppose?"

"It wasn't that. No money. She was on the point of filing a suit when she heard about Reggie pawning one."

Frank

"My rose!" he whispered tenderly, as he pressed her velvet cheek to his.

"My cactus!" she said, as she dodged his whiskers.

Dulles Speech Concurs to British View: We Bow, Spinelessly, to Our Allies

By DAVID LAWRENCE

WASHINGTON — The big retreat in American policy — retreat back to the Truman-Acheson foreign policy — has begun. It may yet involve not only recognition of Red China's government but an acquiescence in the resumption of trade by Great Britain and other governments with the Communist world.

Red China, although declared an aggressor by the United Nations, is to be treated as an equal because the Allies so will it.

On the surface, the secretary of state, John Foster Dulles, hit back at Sen. McCarthy's criticism of foreign policy.

But there have been in the past so many other differences of opinion expressed by Sen. Knowland and other Republican members of Congress without evoking a public rebuttal from the Department of State that this could not be the main reason for the pointed statement virtually yielding to the Allies what they have been asking for in recent months.

All this comes on the eve of the Bermuda conference of the Big Three and just before the forthcoming meeting with Soviet Russia's foreign minister in Berlin.

The critics of the President and the secretary of state who have been trying to drive a wedge between many millions of Republicans — of whom Sen. McCarthy is only one — and the White House now have succeeded at last.

But this is not because the Wisconsin senator made a severe criticism of the administration. It is because the secretary of state has just announced a turn in American policy which sets the stage not only for the failure of the whole Korean negotiation but for more trouble in the Far East as Syngman Rhee reads his death warrant in the statement just issued by Dulles.

The secretary's declaration said in part:

"Today it is to our interest to assist certain countries. But that does not give us the right to try to take them over, to dictate their trade policies and to make them our satellites.

"Indeed, we do not want weak or subservient Allies. Our friends and Allies are dependable just because they are unwilling to be anyone's satellites. They will freely sacrifice much in a common effort, but they will be no more subservient to the United States than they will be subservient to Soviet Russia."

The foregoing, almost verbatim, has been the British argument for the last three years. It means that the Allies will trade with Soviet Russia hereafter or with Communist China and that they will be permited to forget that, when American boys were dying in Korea, British exports of rubber to Soviet Russia and thus to Red China were helping the Communist war effort.

Whether the Allies did "freely sacrifice much in a common effort" is a question that the record in Korea answers. For America, together with the South Korean government, supplied nearly all the manpower and warmaking supplies while the Allies insisted on dictating to the American commander-in-chief, Gen. MacArthur, that he must not use maximum military power to defeat the enemy.

But when the term "satelljtes" is used along with "allies," it may well be asked why the United States has dictated to and indeed is getting ready to "coerce" an ally and make of the South Korean regime a "satellite" just because the European allies demand that this be done.

There is no secret about the viewpoint of the London government toward the government of Syngman Rhee. Now that Sec. Dulles has declared publicly that what the Allies say is to be American policy, notwithstanding our fundamental objections heretofore, it may be taken for granted that the road to appeasement has been opened and that South Korea is to be sacrificed, after all.

It means that, despite the casualties incurred by 140,000 Americans, the original objective of repelling aggression is not to be achieved.

The Chinese Communists, who were not in Korea before the aggression started, are still there and will remain there because the Allies are willing to accept Red China into the United Nations.

America now says, in effect, that it must agree to whatever Great Britain and the other countries want or lose military bases they gave us in Europe.

Hence American taxpayers are to be asked to continue to pay huge sums to European countries as a means of influencing those governments to let America have bases abroad.

Such military cooperation should be given to American air forces without strings or concessions or bribes if it aids the defense of the European countries themselves.

To confess openly American subservience to its European allies and to disregard the moral principle on which the American case rests is not the way to preserve American leadership or to maintain the self-respect of the United States in the world.

(Copyright 1953)

Aunt Het

No use talkin' to Henry. A man gets mad at his best friends if they try to help him when he's doin' wrong and his conscience hurts.

Case Records of a Psychologist

Immature Husband Took Advantage of His Family

Steve is like thousands of American men who have never matured emotionally. They are selfish egotists, who believe they can "win" success without taking the hard road of earning it. Girls, don't marry a man who is psychologically still at the diaper stage of his emotional growth.

By DR. GEORGE W. CRANE

Case J-357: Steve S., aged 24, is in the U. S. Navy.

"Dr. Crane, we were married two years before Steve entered the Navy," his young wife informed me. "Our baby was born just six months before Steve left home.

"I have missed Steve terribly, and I feel sorry that he isn't here to see all the cute things the baby does from month to month.

"Steve's allotment check for me hasn't been enough for us to live on, so I have had to board our baby with a neighbor woman during the day, in order to keep an office job.

"I'd get along pretty well, if Steve didn't need money so often. Three months ago he wrote home and demanded that I send him $10 immediately, for he simply had to have it.

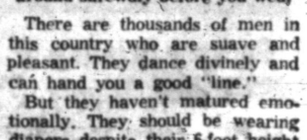

"Then last month, he said I just had to send him another $150 or he'd be in real trouble. Well, Dr. Crane, I couldn't raise the money except by going to a short loan agency.

"I don't know how I can pay it off, but I love Steve and certainly don't want him to get into trouble.

"It must be something pretty desperate, for he gets part of his pay check for his own spending money.

"Then yesterday he wrote again and said for me to scrape up some more money quick, for he simply had to have $85.00. I don't know where to get the money.

"I have had to omit my lunches to pay the interest on the last loan I made, and I don't dare cut down on the baby's milk. What should I do?"

What would you readers advise if this young woman came to your office with this story and was torn between love for her husband and uncertainty as to how she could feed her baby?

What do you suppose Steve does with his money from his pay check? Why should he be demanding an extra $100 to $150 per month from a young wife who is chiefly dependent upon her own resources to support herself and baby?

If Steve imposes this type of burden on his wife, do you think he will be a very stable husband when he returns home?

Steve is a Prodigal Son type of male, who never has matured emotionally. His financial I. Q. is very low.

He is gambling his pay check away and then using his wife's devotion as leverage for getting her to subsidize his further gambling.

You women will be happier alone, than married to an overgrown infant like Steve. So shop around shrewdly before you wed.

There are thousands of men in this country who are suave and pleasant. They dance divinely and can hand you a good "line."

But they haven't matured emotionally. They should be wearing diapers despite their 6-foot height and long trousers.

Girls, don't marry a man who thinks he can "win" success on the dice or horses. Such males are juvenile. They still believe in a female Santa Claus whom they call Lady Luck.

Send for my 200-point bulletins entitled "Tests for Sweethearts," enclosing a stamped return envelope, plus a dime.

Test your prospective mates thereon before you pop the question or say "yes."

Baering Down

By ARTHUR "BUGS" BAER
(International News Service)

When they elected Madame Lakshrni Pandit the governess at the UN grouch nursery we figured that was the end of a perfect daze. And the start of another.

We were as doubtful as white mice in a hospital kitchen. For the first time it is eating what the others are eating.

Now we wish to compliment Madame Pandit on her handling of diplomacy in the raw.

Since madame took over the world works they have gotten no worse.

She handles the international characters like they were the neighbors' children. She told Hank Lodge where to get off. And bellroped the train between stations.

She put the English delegate in his place, and Andy Vishinsky in both places. Where he should be and where he wasn't.

The women have always claimed they could run the world better than the men. And now Madame Pandit is a fence-rider for an international play-pen.

Most of the business in the grouch nursery soup-stocks down to ear-phoned thunder and meter-controlled lightning. Madame Pandit handles it as neat as hem-stitching.

When she presides the delegates clam up like a quahaug Indian collecting wampum. Every Vishinsky has developed a modulated grunt in three syllables.

She's as impartial as a turnstile and as impersonal as a telephone operator. Nobory is kept after school.

We congratulate Madame Pandit on a rare job well-done. Too bad we have nothing to judge the UN grouch nursery by. It has no glee club, no varsity crew and no football team.

Automatic, Self-Regulating Bodily Habit Possible for Anyone With Intelligence

By WILLIAM BRADY, M.D.

Even some of you young'uns can remember the imported birdseed in the pretty package . . .

It was virtually a wild or crude uncultivated kind of seed similar to flaxseed, though inferior to flaxseed as poultice, tea or demulcent.

It was called psyllium seed, and when prescribed by specialists of distinction it set the customers back a pretty penny.

But that's the way Yankee Wiseacres like it.

In order to save time let me say that you may as well stop reading this and turn to something else if you are not in the habit of interfering with the automatic regulation of the bowel.

Automatic—self-governing, self-regulating. That's the way nearly all bodily functions are regulated, you know—or I should say you don't know, for if you knew anything about physiology you wouldn't be such a ninny—such a slave to physic and-or enema.

Even after many years of mischievous interference—that is, taking physic or using enemas—it takes only a week or 10 days to restore automatic regulation if the victim of the constipation habit has sufficient intelligence to voluntarily refrain from interference.

This is so simple that most physic or enema users reject the idea as absurd.

Perhaps we can't blame them, considering the kind of indoctrination to which they have been subjected by the quacks and nostrum vendors, without objection from medical or health authorities.

The kind of indoctrination I mean is on the order of this paragraph quoted by a charlatan's half-page bid for customers:

"Eminent medical authorities state constipation may be the cause or forerunner of cancer, polio, premature gland failure, nervous collapse, psychiatric problems—in fact, practically all the ills of mankind."

The truth is that aside from discomfort and worry, constipation causes no health disturbance at all, as many thousands of persons testify.

You poor geeks know so much which isn't so about "autointoxication" and all that morbid bunk which was so profitably marketed by the late Dr. Kellogg of Battle Creek.

From one of the sage's many books I quote this remarkable remark:

"It is impossible to have constipation without intestinal autointoxication. The fact that the symptoms of toxemia" (poisons in the blood) "do not occur is no evidence that they are not present."

How hipped can a person get about imaginary "poisoning" of the system?

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self addressed envelope is enclosed. Copyright 1953.

Retires After Three Successful Careers

PITTSFIELD, Mass. (AP)—John Eberwein, a vigorous and rosy cheeked 71, came to this country 45 years ago from his native Austria and now he's going to retire after successes in three different ventures.

He worked at various jobs until he had enough in 1913 to open a meat market and built a large sausage business—the only one of its kind in this area.

Fifteen years later he quit the meat business and, with two partners, started an ice plant, the largest of its kind in this vicinity.

That flourished until about six years ago and Eberwein began an auto laundry, reportedly the first of its kind between Springfield, Mass., and Albany, N.Y.

A conference on alcoholics found the typical Canadian alcoholic is middle class between 35 and 45, a skilled or semiskilled worker, married, owning his own home with two or three chidren.

Village Is Hoping to Keep Helpful Phone Operator

VAN BUREN, Mo. (AP)—They're modernizing the telephone service in this Ozarks village but everyone hopes they'll stay old-fashioned enough to keep day operator Jessie Byers on the job.

Along with her usual switchboard chores, Miss Byers also:

Alerts members of the volunteer fire department, sets off the fire siren and then tells all inquirers where the blaze is located.

Provides spelling and grammar aid to local secretaries.

Knows everyone to the point of making the right connection when a childish voice says, "I want to talk to Grandma."

Baby sits in a fancy fashion. When mama leaves home she takes the telephone off the hook. Miss Byers plugs that phone in frequently and if she hears a wail she finds the mother quickly.

The planet Mercury, the smallest major planet of the sun, is 3,010 miles in diameter.

Deer Causes Collision, Romps Off Unharmed

GRAND HAVEN, Mich. (UP)—Pauline Baragar and Wilbur Hart, both of Grand Rapids, swerved their respective autos to avoid hitting a deer on a road near here. The cars collided and both drivers were shaken up. The deer romped off into the woods unhurt.

Compared to the great cities of the ancient world, the cities of Europe in the Middle Ages were small.

Owner of Stolen Gold Refuses to Admit It

OKLAHOMA CITY (AP) — Police and U. S. Treasury agents have recovered four gleaming bars of gold bullion, but nobody seems to want to admit he lost them.

"We've got the gold but that's about all," said Paul Hart, agent in charge of the U. S. Secret Service here. The bullion was valued at $2,000.

The gold first was reported stolen from a Denver defense plant, but that theory fizzled. Officers said the bars were being peddled on the black market.

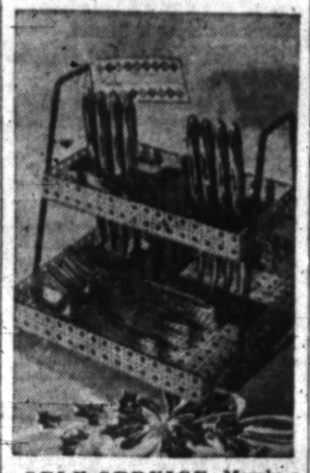

"We figure there is more to this gold business than we have been able to uncover," they said. "However, we were unable to find the owner so we won't be able to hold two suspects any longer."

Irish monks lived in Iceland before the Norsemen settled there in the Ninth Century.

Weapons License Board Approves 67 Permits

Oakland County's concealed weapons licensing board Tuesday approved 67 pistol permits and rejected one when it met in Oakland County Courthouse.

Sgt. James Van Landegand of the Center Line Post of Michigan State Police, Undersheriff Donald O. Menzies and Assistant Prosecutor Farrell Roberts screened the permit requests. The board meets once a month to pass on requests for permits to carry concealed weapons.

Jury Indicts 2 State Men

Federal Panel Charges Embezzlement Against Officials

GRAND RAPIDS (AP)—Two Upper Peninsula men, indicted secretly here by the federal grand jury, were arrested yesterday on separate charges of embezzlement.

U.S. Marshall Harry Jennings identified the two as Laurence Edward Chabot of Ontanagon and William J. Pelnar of Menominee.

Chabot, former president of the First National Bank in Ontanagon, was charged with making fradulent statements to the Veterans Administration, misapplication of money from the bank, making false entries in the bank's daily journal, and embezzlement. U.S. District Attorney Wendell A. Miles said Chabot had embezzled more than $8,000 and had been relieved of his bank job after an audit by federal bank examiners.

Chabot will be returned here for arraignment.

In another case, Pelnar was charged with embezzling funds of the Menominee City and County Employes Federal Credit Union while serving as treasurer of that organization.

Follows Tradition

COLUMBIA, Mo. (AP) — Edward Downey of Kansas City entered the University of Missouri this fall. He is the great-grandson of Robert L. Todd, the University of Missouri's first graduate, away back in 1843.

RICHEST KOREAN? — Lt. No Kum Sok, a North Korean pilot, one of the righest men in Korea —if not the richest — admires the $100,000 check he received from the United States for being the first pilot to deliver a Russian built MIG 15 jet fighter to the UN command. Lt. Sok plans to use part of the money to further his education in the U.S. and the remainder to support his mother.

Turkey to Bridge Straits

ISTANBUL (UP) — The Turkish government has decided to build a suspension bridge across the Straits of Bosphorus, which divide Europe from Asia. Several international construction firms have been invited to study the project.

The government also plans to construct a subway in Istanbul.

Inventor Is Told to Do His Work in Day Time

PHILADELPHIA (AP) — It's okay for Stanley Rzepela to hammer away at his inventions, the neighbors said—but not after midnight, please.

Inventor Rzepela applied to convert a building adjoining his home into a workshop for research and experiment. A neighborhood delegation protested to the zoning board, saying Rzepela was prone to bang on things at 2 a. m.

At a hearing yesterday, counsel for the objecting neighbors asked the inventor:

"When do you do your work?"

Rzepela: "Any time. Whenever an ideas strikes me."

Counsel: "Do you hammer?"

Rzepela: "Yes."

Counsel: "Do you weld?"

Rzepela: "Yes."

Counsel: "Do you fabricate?"

Rzepela: "Yes—but only for a couple of minutes."

A zoning board official said the board would visit the building before deciding.

"Be sure to come after midnight," a neighbor advised him.

Emergency Trucks Beat Red Lights in Virginia

CHICAGO (UP) —What happens when it is illegal for a fire truck to run a red light

Virginia cities were faced with the problem when the state's supreme court ruled that emergency vehicles must obey traffic signals.

Richmond and Roanoke solved the problem simply, the American Public Works Association reported, by turning off all traffic lights in the affected zone.

Some Virginia cities have provided for the traffic lights to switch to blinking caution patterns to allow fire and police vehicles to speed through, the association added.

Twins Have Appendix Removed Together

LOS ANGELES (AP)—The 36-year-old Glasband twins are so identical that they even had their appendixes removed on the same day.

Eugene had his operation early in the morning. Victor began having pains shortly afterward and underwent surgery that evening.

Partners in a building maintenance firm, they are convalescing today in the same hospital room.

The appendix episode didn't surprise them. Eugene explained, "We both began getting gray hair at the exact same time. The corrections for our eyeglasses are identical and the same corresponding teeth have been pulled and filled."

The oldest parliamentary assembly in the world is that of Iceland.

Yellow Stop Sign Is Being Replaced by Reflective Red

CHICAGO (UP) — The yellow stop sign is being replaced by a new reflective red one.

The National Safety Council said the vivid red sign has white letters and can be seen more than a block away at night in low-beam city driving headlights and from more than a quarter of a mile away at night in high-beam headlights.

An official committee of traffic authorities gave preliminary approval of the sign as the national standard. Formal approval is expected this fall.

Florida, Indiana, South Dakota, Louisiana and Oregon already have adopted the sign as standard. New York City and Chicago have installed some of them. Many other cities are testing their effectiveness.

"There are so many different types of yellow signs that the motorist sometimes becomes confused and fails to realize that the yellow octagonal sign he is approaching is a stop sign and not a warning sign," said T. T. Wiley, New York City traffic commissioner.

"By using red for stop signs only, the confusion will be eliminated."

The council said the highly reflective signs are made of the same type of sheeting as the reflective bumper tape used on the rear bumpers of millions of automobiles.

Bob Considine Says:

Big Bermuda Conference Will Have to Be Leisurely

HAMILTON, Bermuda (INS)—The big 2½ conference, involving Eisenhower, Churchill and Laniel, a lame duck, is bound to proceed at a leisurely rate, even though it's due to start Friday and end Monday or Tuesday. The speed limit here is 20 miles-an-hours.

Far as I know, a speed ticket in Bermuda is tougher to fix than any dispensed anywhere else. A few years ago, while living down here, I remember being stunned by a story in the papers that the scion of one of the oldest and richest families on the ilsand had been given an 8-month term in prison for speeding.

"That's shocking, unjust," I protested to a neighbor.

The neighbor didn't think so. "But he was clocked at twenty eight miles an hour!" he said.

There's not much chance that either Eisenhower or Churchill will be pinched here. They'll be staying at the Mid-Ocean Club, scene of the talks. They will abide in similar suites (air-conditioned last June in expectation of their arrival for a conference that was postponed.)

The suites command a fine view of a part of the stunning golf course that surrounds the club, and of Bermuda's fabulous beach scenes of dazzling blue-green water, ominous black coral reefs, and brilliant pink and white sands.

How much work they'll get done remains to be seen. Seems to me, and I speak from a grain of experience, that Bermuda was never intended by its creator to be a place of vigorous production.

This is a place to sit in the sun and look at the timeless lapping of the waves. This is the place to lie in the warm embrace of the gaily-colored sand and let it run through one's fingers and search the endless blue dome of the sky.

This is a place where the bather, immersed in water that is almost like that of the Blue Grotto, finds new life and a freshened will to make something of it. Maybe the big 2½ should conduct all their talks while treading water off the Mid-Ocean Beach Club.

Bermuda turned to dross for many old travelers after World War II when the island fathers reluctantly permitted the foul fume of the motor car to besmirch the local scene. It was said by these disappointed people that Bermuda was through as a resort, that it had lost therewith the whole of its charm. They should return, and, of course, many have done so.

The Bermuda taxi, and its god-fearing, law-abiding driver, is only a few minutes faster on a portal to portal than the carriage of old. Though most of the cars are made in dingy British factory towns they blossom voluptuously after arrival in Bermuda, in a manner that would startle their builders.

A number of them use fringed carriage tops, raised high over the heads of passengers not unlike a spread out umbrella. And they attract fewer flies than old dobbin, or his British colonial counterpart. Bermuda still has loads of charm.

To accomodate about 150 reporters from all over the world, an impressive communications office has been opened in the castle Harbour Hotel, press headquarters. If it could be seen by the average Bermudian, he would be mightily impressed. He is not a man who expects much of the telephone.

We had a wonderfully odd-acting telephone at "Hampton Head," out by the lighthouse, during the summer of 1949 — as well as a naturalist's treasure in wall-walking things. Each rainfall sent our phone into a state of collapse. At times it would not utter a word, after a drenching in the vicinity.

At other times it spoke only in a confiding whisper. But it was at its best if the rain occurred at a certain hour during the afternoon. Then, immediately after, you could pick up the receiver and and hear Bing Crosby singing, for our phone had a way of eavesdropping on local radio programs.

But there isn't much chance that any of these things ill happen to Messrs. Eisenhower, Churchill and Laniel. More's the pity.

Ever boss BIG POWER *at this price?*

$2218.88 *

Today's Local Delivered Price of the BUICK SPECIAL

2-door, 6-passenger Sedan Model 48D (illustrated)

*Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities due to shipping charges. All prices subject to change without notice.

MAYBE you didn't know that you can get a bundle of big and able Buick Fireball 8 power at the "6-cylinder" price shown here.

But that's only the beginning of the bigger things you get in this eye-catching Buick SPECIAL for the low figure it carries—*a figure that's just a few dollars more than that of the so-called "low-price three."*

Take a quick roll call.

In this Buick you get more room than those few extra dollars can buy elsewhere.

You get more comfort—comfort that a *lot* more money can't buy anywhere else—the comfort of the Million Dollar Ride, with coil-spring cushioning on all *four* wheels, torque-tube steadiness, Safety-Ride rims, the firm solidity of a massive X-braced frame.

You get more satisfaction—more of that good and happy feeling that comes from traveling in a car of ample road-weight, of brawny structure, of impressive styling.

And, of course, you get more fun, more thrill—from bossing the walloping, silk-smooth power thrust of the highest-powered, highest-compression Fireball 8 engine ever placed in a Buick SPECIAL.

What it all sums up to is this straight fact: you get *far* more automobile in this Buick for just a *few* more dollars.

Better look into the matter if it's a real deal you want for your money. We're ready when you are.

GILSTON BRIES stars for BUICK—in The Buick-Berle Show on TV Tuesday evenings. Also, every Saturday, tune in The TV Football Game of the Week—a "Gill" Kay Event

State Capitol Is 75 Years Old

Cost 1.5 Million; Would Take 6,000,000 Today; Dome Is Lighted

LANSING (UP) — Michigan's Capitol, one of the nation's outstanding public buildings when it was built, will be 75 years old Jan. 1.

From the outside, the Capitol—except for the aged color of its stone—looks much the same as it did on New Year's Day in 1879 when dignitaries from throughout the state, including six former governors, gathered to dedicate the building.

But the trees and shrubs on the grounds surrounding the Capitol have grown to maturity and many changes, including installation of electric lights and telephones, have been made inside the Capitol.

In 1879, the Capitol was lighted by gas lamps and a person going to the fourth floor had to walk up instead of taking an elevator.

The capitol was built at a cost of $1,427,744, according to the final report published by a special building commission after the dedication.

Building officials say the Capitol, if built today, would cost upwards of $6,000,000.

Construction of the Capitol was approved by the State Legislature in 1871 when it approved an appropriation of $1,200,000 for the building. Gov. H. P. Baldwin immediately named a three-man building commission to start the project.

Twenty-two sets of building plans were submitted by leading architects from throughout the nation and the commission spent nearly a month deciding which plan to accept.

It finally agreed on one submitted by Elijah E. Myers, a Springfield, Ill., architect, and he was named architect and general superintendent of construction.

Final selection of plans was delayed briefly because of the Chicago fire of 1871 which destroyed several plans drawn by Chicago architects.

Construction began early in 1872 and the building was completed late in 1878.

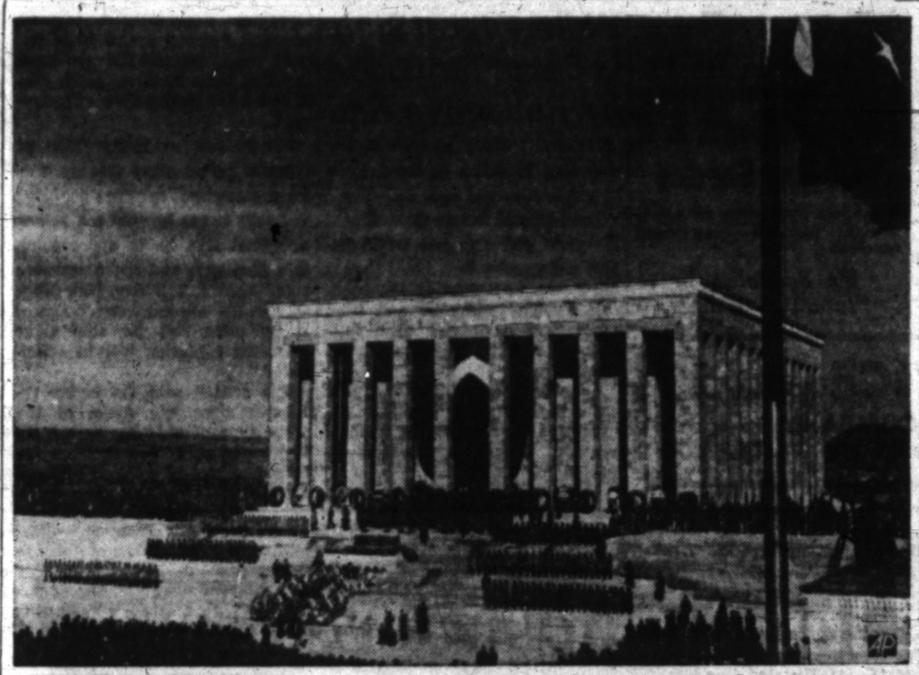

When built, the Capitol housed all state agencies but since then state government operations have spilled over into two other large office buildings in Lansing, a skyscraper in Detroit and other offices at scattered points throughout the state.

The capitol's lighting was converted from gas to electricity in 1899-1900 and in 1905 the Capitol dome was wired.

Except for World War II blackouts and brownouts during a coal miners' strike after the war, the dome has been lighted each night for nearly 40 years. It is visible for miles and serves as a beacon for pilots.

The commission, in its final report to the legislature in 1879, returned $2,256 in unexpended appropriations—something of a rarity in public construction.

Most tourists who tour the Capitol today comment on its ornate fixtures but the men who built the Capitol 75 years ago did not believe they were installing anything "fancy."

MEMPHIS, Tenn. (UP) — Three-year-old Diane Branson figured out why the moon wasn't shining. "The bulb's burned out," she said.

Turnpike Bridge Going Up in East Claimed Highest

PRINCETON, W. Va. (UP) — A Turnpike bridge is being built across the Bluestone River near here which World Almanac editors say is the highest in the United States.

The floor is 255 feet above the water. The editors say the previous highest bridge was New York City's George Washington Bridge, 252 feet above the Hudson River at low water level.

Other high ones are Golden Gate, San Francisco, 238 feet; St. Johns, Portland, Ore., 205; Rainbow, Niagara Falls, 189; Chesapeake Bay, Kent Island, Md., 188; The Narrows, Tacoma, Wash., 185; Longview, Columbia River, Washington, 185; Delaware Memorial, Wilmington, Del., 180; Port Arthur-Orange, Neches River, 176; San Francisco-Oakland, 173; Bear Mountain, Hudson River, 158; and the Ambassador at Detroit, 155.

Cold Water Called Safe Treatment for Fever

KANSAS CITY, Mo. (UP)—It's safer to sponge a child with cold water rather than rubbing alcohol to knock down fever, Dr. Roy F. Garrison writes in the Journal of the American Medical Association. He tells of a child made ill by breathing in fumes from too much alcohol used in a small room. Fever can be reduced within an hour by putting wet towels on the child, reweting the towels every few minutes, he said.

Mail Carrier Adds Up

MIDDLETOWN, Ind. (UP)—In 25 years of carrying mail, Rufus Purdue estimated he walked 112,500 miles and delivered 6,250,000 pieces of mail weighing 813 tons.

Opinions Given at Awards Fete

Panel of Critics Say Commercials Becoming 'Obnoxious'

NEW YORK (UP) — Television entertainment sniffed one bouquet and nursed the bruises from several brickbats today in the wake of the annual Sylvania awards.

There was "marked improvement in the quality of television programs" during 1953, according to the committee of judges headed by Composer Deems Taylor which handed out kudoes in 15 classifications, but—

"Mediocrity is still the chief characteristic of too many programs," and too many of them try "to be all things to all men."

There are signs of the best of intentions in the matter of educational programming, but production techniques too often don't keep pace with the intent, and, "in dealing with science, medicine, the arts, and social problems of the day, a lack of imagination of presentation is apparent."

The judges' report pointed out in this connection that "the best educational shows seem to come from the local television stations, rather than the major networks."

The committee of judges was downright unhappy over the "commercials." It said that repetition and volume of sound made most of the sales spiels "obnoxious."

It added that "we cannot decry too strongly the increasing tendency of famous personalities to appear as pitchmen for products." This last point has been one of the most noticeable developments of 1953.

If you think you've been seeing the same program over and over under different names, the committee will back you up thusly:

"There is a definite void, a lack of fresh approach, the new outlook, throughout much of television today. Programs follow tried and proven formulas in the majority of instances. When a new idea is successful, it is immediately copied and imitated with monotonous similarity...."

Scenic design was criticized on the gounds that there was "too much of a good thing," that the TV screen "is too small for the elaborate settings now employed by many programs." Simplicity and subtlety of symbolization were recommended.

Programs designed for the children "still leave much to be desired," with a few exceptions.

The committee took a real hearty swing at one phase of the filmed program:

"The great number of television shows now on film display one deplorable technique — the use of recorded laughter in an obvious effort to spark a similar reaction from the home audience.

"This incongruity occurs mostly in situation comedy shows where it is used to bolster the weakest of supposedly humorous lines and situations.

The committee is strongly opposed to the patent insincerity of such a production crutch. Why must television revive the claque the opera and theater long ago discarded?"

Sylvania Gives Annual Awards for Television

NEW YORK (UP)—The annual Sylvania television awards for 1953 were announced Tuesday night as follows:

For timely news coverage—The coronation: The American Broadcasting Company, with nods to the British Broadcasting Corp. and the Canadian Broadcasting Corp. for cooperation.

Outstanding panel show: "What's My Line?" (CBS).

Outstanding achievement in a field of juvenile education hitherto overlooked: "Ding Dong School" and "Miss Frances" (Dr. Frances Horwich); (NBC).

Most versatile outstanding variety performance: Donald O'Connor of the "Colgate Comedy Hour" (NBC).

Most outstanding new television series: "Person to Person," Edward R. Murrow, producer and moderator (CBS).

Outstanding local education program: "Shakespeare on TV," with Dr. Frank Baxter (KNXT, Los Angeles).

Outstanding comedy series: "Make Room for Daddy," with Danny Thomas (ABC).

Most outstanding television actor of the year: Rod Steiger, especially for his work in the teledrama "Marty."

Outstanding discussion program as a public service: "American Forum of the Air," Theodore Granik, producer (NBC).

Outstanding law enforcement documentary series: "Dragnet," Jack Webb (NBC).

For outstanding work on Ford 50th anniversary show: Leland Hayward Producer; Clark Jones, director; Jerome Robbins, choreographer.

Outstanding contribution to advancement of creative TV technique; the TV-Radio Workshop of the Ford Foundation which created the "Omnibus" and "Excursion" programs.

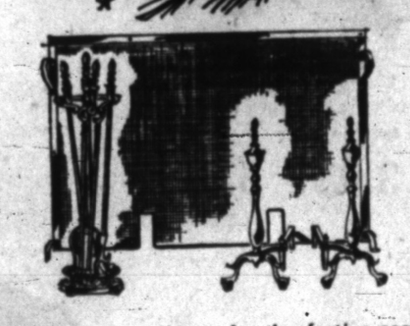

Estimated cost of the Savannah River hydrogen-bomb project in South Carolina is a billion and a quarter dollars, more than double the cost of the Panama Canal.

A bullet fired from a gun and keeping its peak muzzle velocity, would require seven years to reach the sun.

British Housing Plan Gets Tentative OK

LONDON (AP)—The House of Commons last night approved in principle the Conservative government's new housing program aimed at halting deterioration of Britain's six million rent - controlled homes and starting clearance of slum areas.

The lawmakers backed the measure on second reading by a 309-282 vote shortly before Prime Minister Churchill left London for the Big Three conference in Bermuda. The measure was sent to committee for final revision before its third and last reading in the House, a formality.

The most controversial feature of the bill, hotly opposed by the opposition Labor party, gives permission for landlords to raise rents provided the added income is earmarked for repairs and maintenance.

Bangkok Chosen

ROME (AP)—The Technical Commission of the Food and Agriculture Organization voted yesterday that Bangkok should be made the permanent site of the FAO's regional office for Asia and the Far East.

Book on Crime Stolen

HARTFORD, Conn. (UP)—A book entitled "Modern Criminal Investigation" which has a chapter on "Techniques of Burglary" was stolen from the Hartford Public Library.

FALSE TEETH That Loosen Need Not Embarrass
Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

New Otsego School Set

OTSEGO (AP) — Otsego's new $500,000 elementary school will be dedicated Dec. 6 with Dr. H. Y. McClusky, University of Michigan professor of education and psychology, as the speaker.

Skiing Events Guide

GRAND RAPIDS (AP) — West Michigan Tourist and Resort Association has started distribution of its second annual Winter Sports Guide, Listing 14 areas, the guide features a map showing the location of each area and a schedule of major ski events.

The United States bought its first military aircraft in 1909, six years after the Wright brothers made their first airplane flight.

Protest U. S. Proposal to Transfer Pacific Isles

TAIPEH, Formosa (AP)—The Foreign Office said today Nationalist China has protested a U.S. proposal to transfer the Amami Oshima Islands to Japan. The islands lie between Okinawa and Japan and were Japanese territory until after World War II.

Jury Trials Delayed

ANN ARBOR (AP) — Washtenaw County Prosecutor Edmond F. De Vine was concerned over delays in holding criminal jury trials, occasioned by the remodeling of the court room. Devine reported trials pending exceed normal conditions by about one third.

SPEED MERCHANT — Scott Crossfield, above, tossed off his record feat of flying a rocket plane 1,272 miles per hour as "just another day's work." The 32-year-old test pilot flew the Douglas Skyrocket at nearly twice the speed of sound at Edwards Air Force Base, Calif.

To Dedicate School

GRAND HAVEN (AP)—Dr. Harlan Hatcher, president of the University of Michigan, will be the principal speaker Jan. 28 at the dedication of Grand Haven's new $2,000,000 high school building.

Hal Boyle Says:

Try Hand Fan Yule Gift Instead of Air Conditioner

NEW YORK (AP)—Notes from the Oddity Almanac, designed to educate your baby sitter and put the kids to sleep:

Has your wife been badgering you to buy her an air-conditioning machine? . . . Why not surprise her with an old-fashioned hand-waved fan this Christmas? . . .

* * *

The fan has been a sign of exalted rank among women since the 14th Century B.C. in Egypt, when it was considered an emblem of happiness or repose . . . in ancient India the fan was a sacred symbol, in old Japan a symbol of eternity. . . .

Fans have accented the glamour of famous women from Cleopatra to Sally Rand . . . the first Queen Elizabeth had 31 fans at her death, including one set with precious jewels, presented her by Sir Francis Drake. . . .

The old-time hand fan won't prevent hay fever . . . but it has no electrical parts . . . and it is the only instrument on the market today, except the baby buggy, that will give modern woman both fresh air and exercise . . . a husband who really loves his wife will give her two fans—one for each hand. . . . Any other Christmas gift problems? . . .

* * *

Industry-Marches-On Dept: It is said that the quill used by Thomas Jefferson to write the Declaration of Independence came from one of his own geese at Monticello. . . . America's goose quill pen tycoon today is Lewis Glaser of New Haven, Conn., and some 1,000 tourists a month buy his pens at President Jefferson's old home. . . . The quill was one of the first pens to write successfully above water.

* * *

Almanac Health Hint: There are cases on record of children found to be allergic to cosmetics used by their mothers. . . . Don't let your son remain a juvenile delinquent, lady, if by changing your face powder you can get his little schoolmates to vote him "the boy most likely to succeed" . . .

* * *

Small Animals-With-Big-Problems Dept: Comedian Jack E. Leonard, who tips the beam at 350 pounds and says he wouldn't lose an ounce if he could, has been fretting recently because the veterinarian says his 3½-pound Chihuahua, named Patjack, is overweight. . . . Do any Almanac readers know of any tested diets for slimming down a Chihuahua?

* * *

How-To-Get-Ahead tips: Get rid of that unsightly mop of hair on your head, mister. . . . Don't just comb it over the years. . . . Borrow a match and burn it off now. . . . Baldness is on the march. . . . Yul Brynner, star of "The King and I," is so bald he doesn't dare bend over the table when playing a near-sighted opponent at billiards. . . . But he reports women fans write they regard his baldness as a badge of masculinity and a sign of virility. . . .

* * *

(Boyle's note. More and more women today seem to have this idea. I have a number of middle-ated friends who say the only reason they wear hats is to protect their bald head from strange girls who try to rush up and scribble their phone number on it with lipstick.)

* * *

(Editor's note: Why doesn't Boyle quit dreaming and go ahead and buy himself that toupee he needs? Maybe he could deduct it from his income tax as a business expense.)

Almanac Historical Scoop: What were the last words spoken by Gen. Custer at his famous last stand, the battle of the Little Big Horn? Our firm belief—and nobody can show we're wrong—is that Custer said:

"Je-e-e-choshaphat! Whoever saw that dad-burned many Indians before?"

Almanac Long-Range Weather Forecast: Snow flurries in Alaska, followed before the first of the year by a rising tide of orange peels and discarded sunburn lotion bottles along the Florida coast.

Divers Lay Pipe

MONTAGUE (AP)—Marine divers have finished the task of laying 400 feet of 42-inch pipe along the bottom of White Lake. The pipe, extending into the lake from the north shore, will be the outlet for water returning to the lake from the New Hooker Electrochemical Plant near here.

Ludington Girl Named Michigan 1953 Apple Queen

GRAND RAPIDS (UP)—A tall, willowy brunet from Ludington last night was named Michigan apple queen for 1953 at the Michigan State Horticultural Society meeting here.

The queen, 17 year old Phyllis Jorissen, is a Ludington High School student.

Runners up in the contest were Sheila Adent, 18, of St. Joseph, and Marilyn Wilson, 18, of Grand Rapids.

At the meeting a group of 50 apple growers formed a new organization to promote sale of their product through a voluntary 1 cent a bushel levy on their storage holdings each Dec. 1.

Growers said this is the first time producers have taken action on a promotion while they were neither expecting nor facing a dire marketing or over production emergency.

Don't Overlook Hobby Material

Wide Choice Available to Friends Who Have an Avocation

On almost every Christmas list, there seem to be one or two persons who have you completely stumped. You can't think of anything to buy them, other than the "usual" items.

Whenever this happens, don't give up until you've at least asked yourself this question:

"Does he or she have any hobbies?"

If the answer is yes, and the hobby is at all conventional, you may have solved your dilemma. For hobbyists like nothing better than a gift that fits their favorite pastime.

Photography enthusiasts, for instance, make Christmas shopping a "snap." Picture-taking is the nation's No. 1 hobby and the manufacturers have kept pace with it. So gifts available are almost endless in variety.

One good item is an illustrated photography handbook which will explain how to take better pictures and how to select and care for equipment. Another is a new wide-angle telephoto lens which permits the photographer to take a much wider area, indoors or out, and is fine for panoramic vacation shots.

Accessories range in price from a few cents to hundreds of dollars. So even with a modest budget you're sure to find something to please.

A lens cap for instance costs less than a dollar, but is needed by every photographer.

If the hobbyist is a model builder, try a new airplane kit. Or a kit for building small models of ancient autos. Or one for reproducing famous old-time locomotives.

Some friend makes gardening his hobby. If so, it's easy to draw his pleasure with a set of garden tools, or a pair of garden gloves that are durable, dirt-repellent and washable. Women who like to grow plants will adore any of the indoor-planter styles, or gift-packaged flower bulbs.

For knitters, crocheters and just plain sewing devotees, there are specialized shops which cater to these needs exclusively. Probably there's one in the town where you shop. A quick trip through it and a talk with the sales clerk, should unearth a rich mine of gift suggestions.

Another good idea for adults and children alike is suggested by the growing interest in oil-painting kits.

The system is so fool-proof that even a color-blind person can produce a beautiful painting, which can be framed and treasured for life.

ARTISTRY IN COLOR—It will make a happy recreation for thousands of people. A good gift for young and old, painting set possibilities extend beyond the easel. This housewife decorated playroom accessories with paints and brush in gift kit.

Hubbard Case Judge Visits Grand Juror

GRAND RAPIDS (UP) — Kent County Probate Judge Wallace Waalkes Jr., named by Gov. G. Mennen Williams to preside at a removal hearing for Dearborn Mayor Orville L. Hubbard conferred yesterday with the one-man grand juror who has een investigating Hubbard's conduct in office.

Judge Waalkes said the visit to his office by Wayne County Circuit Judge Miles N. Culehan, who charged Hubbard with neglect of duty and malfeasance after his investigation, and Irving H. Beattie, assistant attorney general, 'was just courtesy to discuss setting the date for the hearings.'

Waalkes said the hearings probably won't start before Jan. 1.

Movie Really Realistic

MEMPHIS, Tenn. (UP)—It must have been a realistic movie Paul Pendergrass saw. Pendergrass said that one scene in the movie showed watches of all actors and actresses stopping due to magnetism. When Pendergrass left the theater, he found his watch had stopped for the first time in three years. A jeweler could find nothing wrong with the watch, which suddenly started working again.

BEFORE YOU BUY ANY NEW CAR— ASK YOURSELF THESE 5 QUESTIONS

Does it match the Aero Willys on...

ECONOMY . . .

An independent auto-testing organization drove three AERO WILLYS cars, with overdrive, through all 48 states, covering more than 90,000 miles. On gas, they averaged better than 30 miles per gallon. And total operating cost was less than a penny a mile!

SAFETY . . .

"Motor Trend" magazine has published ratings of 20 leading American automobiles on safety. They picked AERO WILLYS as the safest car of them all! Modern, aeroframe construction . . . good visibility . . . low center of gravity . . . all make AERO WILLYS safer for *you!*

CONSTRUCTION . . .

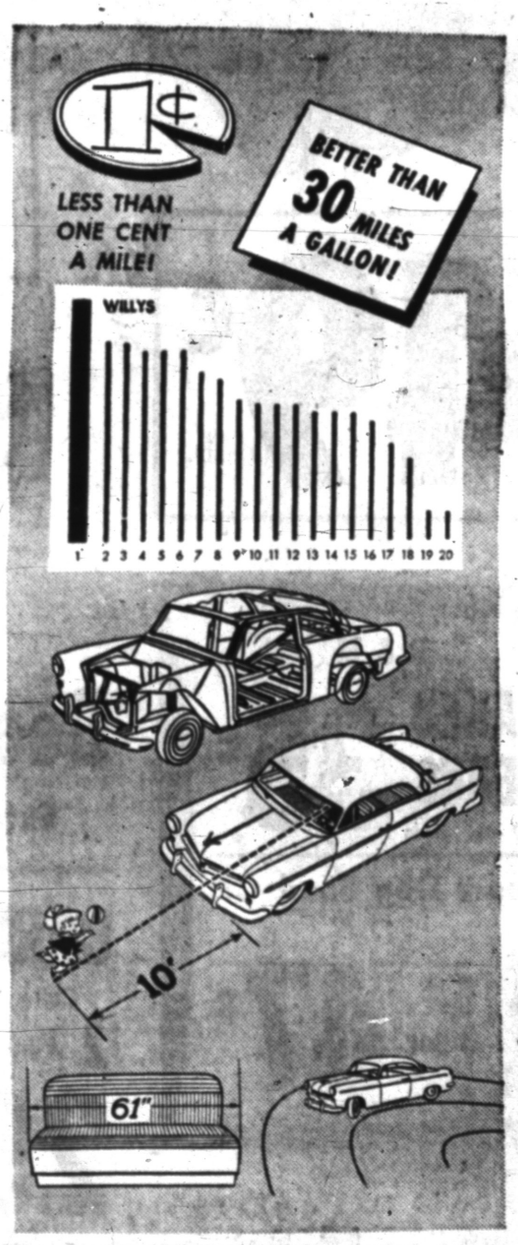

Most automobiles are still made the old-fashioned, "two-piece" way—by just dropping a body onto a frame and bolting them together. AERO WILLYS is made the modern "aeroframe" way—one sturdy unit, for greater strength and safety, less body noise.

VISIBILITY . . .

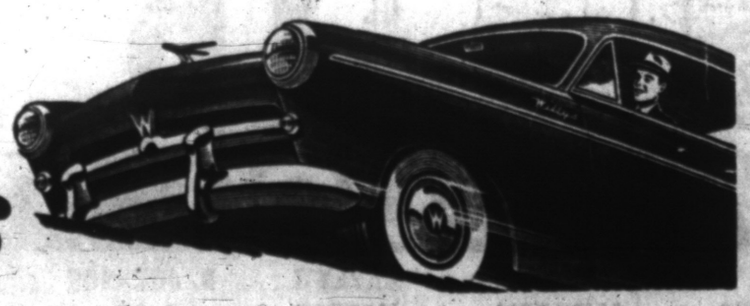

From the driver's seat of an AERO WILLYS you can see *all four fenders.* This means safer driving, and much easier parking. Visibility forward is another big safety factor—you can actually see the road ahead of you as close as 10 feet in front of the car.

COMFORT . . .

AERO WILLYS gives you "small-car" economy—but "big-car" comfort! You get more than five full feet of seating width in both front *and* rear seats. And you can drive around curves without that uncomfortable feeling of sway or roll you get in most ordinary cars.

CAN ANY CAR IN AMERICA AT ANY PRICE GIVE YOU ALL THESE ADVANTAGES . . . . EXCEPT THE BEAUTIFUL

Army Conducts Long Search for Horse Manual

WASHINGTON (UP)—Today's Army is a far cry, of course, from the days of Gen. George A. Custer and other famous cavalrymen.

Just how far was pointed up when Rep. Otto Krueger (R-ND) sought to comply with a request from Brig. Gen. Heber Edwards, North Dakota adjutant general, for a copy of the Army's field manual on horse cavalry.

The Pentagon was searched but not a copy was found. The government Printing Office, which in past years turned out such manuals by the thousands, had none.

The Army's congressional liaison office was able to locate only one copy in the Library of Congress.

But the Army spread its hunt and finally came up with a 302-page copy of the manual, without its cover, from a source in Kansas City.

The Army hasn't had a horse-drawn field artillery unit since early 1944. Most cavalry regiments were motorized by that time.

Expert on Bulbs Outwits Nature

Dutchman Makes Own Seasons of Year in Well Equipped Lab

LISSE, Netherlands (UP)—A 65-year-old man living in this town makes his own seasons of the year.

While 25,000,000 American gardeners are busy putting their spring bulbs into the ground before winter, Prof. Egbert van Slogteren can step into his "spring" room and find his bulbs already in bloom.

Or, if it suits his fancy, he can walk a little farther down the corridor of his laboraory and find summer temperatures, with daffodil, hyacinth, and tulip bulbs under the soil maturing to the stage where they are ready for planting in the "fall" department.

Would you like a dozen blossoming red tulips delivered for a special occasion next month, planned in advance to bloom exactly on the chosen day.

Does a Christmas bouquet of fresh daffodils suit your fancy? Or perhaps you want a garden filled with ever-blooming hyacinths and tulips?

Some day this dream has a good chance of coming true as the result of a 37-year campaign carried on by Dr. van Slogteren. He has teased, tempted and tortured over 100,000,000 bulbs into giving up their secrets.

In a unique stone laboratory set in the heart of Holland's bulb district, this bent and bearded scientist has surrounded himself with electronic microscopes, centrifugal machines, scalpels, greenhouses, ovens, refrigerators—even rabbit warrens where hundreds of rabbits are injected with plant diseases for testing purposes.

Here is one of the world's best-equipped biological labs and the only large-scale bulb hospital and flower canitarium in the world.

Because climate plays such a vital part in plant growth, 34 "climatized" rooms have been installed in the laboratory. At the twist of a thermostat, the professor can imitate a will the temperature of any country in the world. Identical planting conditions and even soil of the different countries are simulated. Here bulbs are being planted at the very time when bulbs of the identical crop have already finished their flowering under normal conditions.

BIG THREE TO MEET HERE—This is general view of Mid-Ocean Club on eastern end of Bermuda where President Dwight Eisenhower, British Prime Minister Sir Winston Churchill and French Premier Joseph Laniel are scheduled to meet Dec. 4-8 in a Big Three conference. This view shows the front of the main club building, located in St. George's Parish.

Gas Warfare Used to Fight Starlings

OKLAHOMA CITY (UP)—Gas warfare is being employed as a desperate measure in the city's continuing battle to rid the Civic Center's trees of zillions of starlings.

"I'm tired of sawed off shotguns in Civic Center," said a councilman. The starlings have survived raids of shotgun blasts, fire hoses, noise makers, and other weapons.

Pizzaro conquered Peru in 1533.

NEURITIS PAINS WERE TERRIFIC BEFORE I USED O-JIB-WA BITTERS

"I was frankly amazed by the wonderful results I received in just two weeks," says Mrs. Sam Letcher, 1282 B, Bellum Avenue, Muskegon. "O-JIB-WA worked miracles for me."

"I first learned of O-JIB-WA BITTERS through a newspaper testimonial such as this. I had read about so many cases that sounded just like mine, that I decided to try a bottle. I have taken two large bottles now, and words cannot express how grateful I am to O-JIB-WA BITTERS. For over five months I suffered terribly from the aches and pains of neuritis, and worst yet, I was told that there was nothing that could be done for me. My legs and arms pained really bad—in fact, terrific, and my elbows were so sore I couldn't touch them. I was disgusted as I couldn't go on the way I suffered. Then I started taking O-JIB-WA BITTERS and was frankly amazed by the wonderful results I received in just two weeks. After all my suffering, it's hard to believe that I'm better now, and that just two bottles worked such miracles for me. I sure recommend O-JIB-WA highly every chance I get, and my brother-in-law knowing of my results, started taking the Bitters for his back pains, and feels much better. If you who read this, suffer from rheumatism, arthritis or neuritis, do as I did—get a bottle of O-JIB-WA BITTERS right away, and give it a fair trial. I am sure you will be as happy with it as I am."

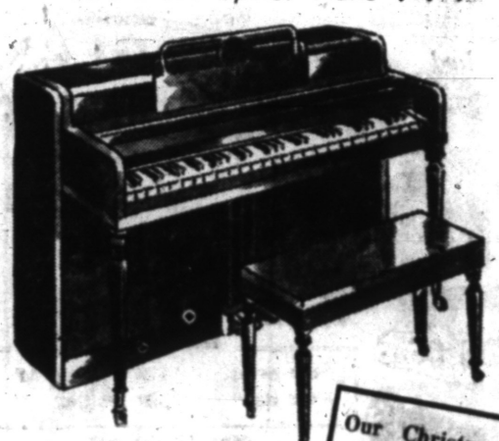

Mrs. S. Letcher

Pole Is Naval Attraction

STONEHAM, Mass. (UP) — A sailor lost control of an automobile and crashed into a utility pole on Main Street here. One week later another sailor lost control of another automobile and crashed into the same pole.

About 91 per cent of U.S. farms have electricity.

Watches, Clocks of Daily Value

Use Will Be Constant Reminder of Giver, Hour by Hour

A watch is the kind of Christmas gift that keeps you, the giver, always in mind. Long after the tinsel and wrappings have been cleared away and the tree taken down, the watch is a constant reminder of you to the wearer.

You needn't pay a small fortune for the watch you give this Christmas. Good-looking, well-made, smartly-styled watches are to be had at modest budget prices.

Typical is a new line of moderate-priced watches for both men and women just developed by a famous firm.

These watches, subjected to rigid tests and backed by a guarantee, have features generally found only in more expensive watches.

There's a career girl series, for instance, that features 17-jewel, antimagnetic movements and sweep-second hands. These are ideal for nurses, technicians and business women who like to be precisely on time throughout the day. These watches are equipped with leather bracelets or silk cords.

Other styles for women include a model with yellow or white gold-filled case set with two diamonds. It sells at a very modest price.

Men get a break this year, too. Their watches are shockproof, 17-jewel, and antimagnetic. Some have sweep-second hands and others have dome crystals, recessed second hands or tonneau shapes. They are offered in stainless steel or gold-filled cases and some are self-winding.

In the same time department, don't overlook the handsome household clocks that can brighten a kitchen or add dignity to a living room.

Listen for the sound of chimes, or the bell if it's to be an alarm clock. A loud timepiece can make you miserable. So make sure that wind-up clocks are quiet. A good family gift is a cuckoo clock for the kitchen.

Baby Earthquakes Helping Scientists

LOS ANGELES (UP) — Tiny earthquakes "manufactured" in a laboratory by a pulsating crystal may give information leading to understanding of real earthquakes, the nature of the earth's inferior and other data, including oil deposits.

The Institute of Geophysics at the University of California reported the baby temblors let scientists study seismic behavior under controlled conditions. Usual method is to have the crystal generate its pulsations through granite, wax or cement at the rate of 1,000 per second.

The shock waves are recorded photographically on a graph for study. Such waves, a scientist said, are the best method at present of exploring the earth's interior.

3 Arizona Towns Plan New Police Departments

ST. JOHNS, Ariz. (UP)—There's no police force in St. Johns, nor in neighboring Springerville and Eager, and town officials are incensed about it.

They plan to meet here with Apache County officials to talk over ways to set up the law departments.

Gourmet Tour of Europe Yields Many Delightful Eating Experiences

Raymond Reillys Savor Cookery of Other Lands

Gastronomical Tour Takes Travelers to Famed Restaurants Abroad

By JANET ODELL

We went to Europe—by proxy—and enjoyed a gastronomical tour that made our mouths water. After a pleasant hour of chatting with Grace Plummer Reilly (Mrs. Raymond W. Reilly of Birmingham) about her recent trip, we were ready to follow in her footsteps.

For years Mrs. Reilly has been planning trips for other people. But outside of a Mediterranean cruise in 1930, she had never seen any of the places her clients visited. So, combining business with pleasure, Mr. and Mrs. Reilly took a six-week flying tour of the continent.

The meals on the Scandinavian Airlines plane sounded like something one would get only in the best restaurants. Having made friends with another American couple on the plane, the Reillys were delighted to accept their invitation to have tea at a Scotch country home.

It was a real "tea" in the full sense of the word, the kind found only in the British Isles. Bread and butter sandwiches, cookies and a seven-layer chocolate cake were the accompaniments served delightfully in this country home outside of Edinburgh.

With only six weeks in which to visit the British Isles, Norway, Sweden, The Netherlands, France, Switzerland and Italy, the Reillys were constantly on the move.

Mrs. Reilly regrets that they were unable to stay long enough in any one place to ferret out the little eating places that might have given them real national food.

She deplores somewhat the tendency of European restaurants to serve Americans the kind of food they eat at home. She thinks if they would specialize in good native food, many tourists would appreciate it.

In Stavanger, Norway, made famous in World War II, there is a brand new hotel which offers superior service. Mrs. Reilly remembers with pleasure the dessert pancakes served with lingonberries and brandy. Here, as in all Scandinavia, the coffee was excellent.

Having read often of Oscar Davidsen's restaurant in Copenhagen, we were delighted when Mrs. Reilly gave us a copy of the sandwich list. It actually measures 3 feet 9 inches and contains 177 different types of sandwiches.

The first one listed is "Superfine export caviar on toast" and the last is "1 slice of bread with butter or dripping." In between is every conceivable combination that can be put on or between bread.

No. 48 is "Hans Anderson's Favourite (crisp bacon, tomato, liver-paste with truffles, meat-jelly and horseradish)." Oscar Davidsen sends sandwiches all over the world by air.

The Reillys had the hors d'oeuvre sandwich plate. It featured shrimp the size of a quarter; eel which, to her surprise, Mrs. Reilly found delicious; lobster; smoked raw salmon, and raw scraped beef.

Raw meat is encountered in most of the northern European countries. The women who clean the minute shrimp consider it a disgrace if any of the shell is left in.

The Reillys were fortunate to be in Stockholm the day the city celebrated its 700th anniversary. They had dinner and watched the elaborate fireworks at Soliden, a beautiful restaurant on a hill overlooking the city.

This restaurant is in a park called Skansen, located just outside Stockholm. This park contains the usual playgrounds and a collection of the oldest Swedish homes that have been brought in and set up in a village.

Mrs. Reilly recalls the dessert that was served that night. A plate containing a mound of vanilla ice cream the size of a large angel food cake was brought in. Over the ice cream were maraschino cherries, pears, peaches and plums. Topping it all were scoops of whipped cream.

Another interesting souvenir Mrs. Reilly gave us is a set of postcards from a restaurant in Amsterdam. The Port Van Cleve has been in operation since 1870. It upheld its standards of excellence even during the war years.

The specialty of the house is beefsteak which the customer orders by number. In the 80-odd years of its existence more than 4½ million "bieftuks" have been served.

One of the postcards we have depicts a waiter telling a guest, "I can't be sure, sir, but steak No. 1 is believed to have been served to one of the Pilgrim Fathers!"

In Switzerland a meal eaten at the Old Swiss House took honors equally with the sight of the Lion of Lucerne by moonlight. The Old Swiss House is in a private home that is filled with priceless antiques. The food was good but plain.

In Italy, Mrs. Reilly said they had fun in the restaurants. Many were informal places with one or two musicians adding to the gaiety. The guests came to relax and to enjoy themselves.

Mrs. Reilly did not find the kind of Italian spaghetti she anticipated, but she did enjoy the gnocchi. Gnocchi is similar to noodles and other pasta; sometimes it is made with mashed potatoes in the dough.

MARGARET ROGG

Mr. and Mrs. Telton E. Rogg of North Genesee avenue announce the engagement of their daughter, Margaret, to Pfc. Harold E. Ward. He is the son of the Ray F. Wards of North Genesee avenue and is stationed at Camp Atterbury, Ind. Wedding plans will be announced later.

Tools are easily located if their handles are painted bright yellow, orange or red. The paint also will identify them, so they're more likely to be returned by the neighbor who borrows.

4807
14½—24½

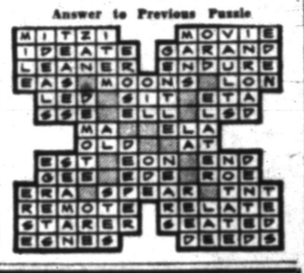

by Anne Adams

So smart, young, slimming — no wonder half-sizers love this diagonal line! For holiday festivities, make this in crepe, tissue faille, wool —, you'll win compliments from everyone. Cut to fit — no alteration problems for you who are shorter and fuller.

Pattern 4807: Half sizes 14½, 16½, 18½, 20½, 22½, 24½. Size 16½ takes 3⅝ yards 39-inch.

Send 35-cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Department, 243 West 17th St., New York 11, New York. Print plainly name, address with zone, size and style number.

Answer to Previous Puzzle

They'll Ask for Seconds on Tuna Loaf

Mrs. R. E. Grubbs Has Recipe Packed With Flavor

By JANET ODELL
Pontiac Press Food Editor

Now that the Thanksgiving turkey is but a memory, we must plan regular meals every day. We welcome new ways of using favorite foods. Mrs. Russell E. Grubbs sent us an excellent recipe for tuna loaf.

Her new home in Cass Lake Woods absorbs much of Mrs. Grubbs' time these days. She bowls weekly in the Lakeland Ladies' League and is Junior vice-president of the Cook-Nelson Unit 20, American Leagion Auxiliary.

TUNA LOAF

By Mrs. Russell E. Grubbs

1 large can tuna
1 can ready-to-serve mushroom soup
2½ cups soft bread crumbs
½ cup milk
¼ cup minced pimientos
3 tablespoons minced parsley (or parsley flakes)
1 teaspoon salt
⅛ teaspoon pepper
2 eggs beaten

Force tuna through food chopper, using small blade. Combine with soup. Soak crumbs in milk and add tuna mixture, pimientos, parsley, seasonings and eggs. Mix thoroughly. Bake in greased loaf pan in 350 degree oven 30 to 40 minutes. Serves four.

As a variation, use condensed cream of celery soup in place of the mushroom soup and bake in greased muffin pans. Serve with scalloped potatoes and creamed peas.

Take Off Gadgets

Before painting doors, remove handles and other hardware.

Mary Margaret McBride Says:

She Won't Give In Again to Gentle Bully's Coaxing

"It's for your own good," the gentle bully always says in the half-wheedling, half-needling tones usually reserved for children.

This may be all right—I don't think so—when you're a child, but when you become an adult and are supposed to have put away childish things, the gentle bully seems a tiresome bore, even a mischievous menace.

MISS McBRIDE

"Darling," the female of the species will telephone the crocodile concern, "you don't get out enough. Now I simply will not take no for an answer. I'm having a small dinner Wednesday night and you've got to come. It will do you so much good."

I refuse, but gentle bullies never hear refusals and simply ignore legitimate excuses. So on Wednesday night I find myself in my tightest girdle, my most uncomfortable shoes, sitting miserably at her dinner table between a gallant who is fascinated by his partner on the other side and a politician whose sole conversational interest is to give me a complete picture of a campaign he lost in a distant city.

I sit and worry about two books for tomorrow's broadcast that I must read before I sleep and desperately contemplate ways to escape. Shall I faint into the broiled chicken or set fire to the tablecloth?

This, I suppose, is doing me good?

I vow I'll never again be trapped by a gentle bully—but pretty soon along comes another friend, this one determined that I shall try her masseuse. I resist to no avail.

The friend telephones the masseuse and says she is giving me the first treatment as a present. I wind up lame, black and blue, and angry—at myself most of all.

I shall never forget the last time I was tortured into forsaking the comfort of my own abode for a weekend in the country—"a change will do you so much good." I came home a mess. My back was almost broken from the unyielding mattress—"hard mattresses are better for you."

I was covered with insect bites and sunburn from being practically carried into a windy spot with full exposure to the elements—"sunshine is the best medicine you can have." My clothes were covered with cat hair—"Look, she loves you!"

I've visited doctors, a dentist and dozens of dreadful restaurants completely against my will because somebody had recommended them and then kept sternly nagging me.

Also among the worst nuisances are people with pet head-cold remedies and diets. One woman frequently calls me up at midnight to know how much I've lost on her regime, although so far I've been strong—or weak—enough not even to start the wretched thing.

I've tried to analyze why I mostly give in. I think it's partly because the gentle bully invariably makes me feel guilty. Then, too, I want to be approved of.

But all that really happens is that afterward the gentle bully goes about making a monkey out of me by bragging to everybody: "Well, I certainly got Mary Margaret out of her rut. . ."

My only recourse, I see clearly now, is to say a more brutal and final no, and, so help me, I'm going to do it from now on.

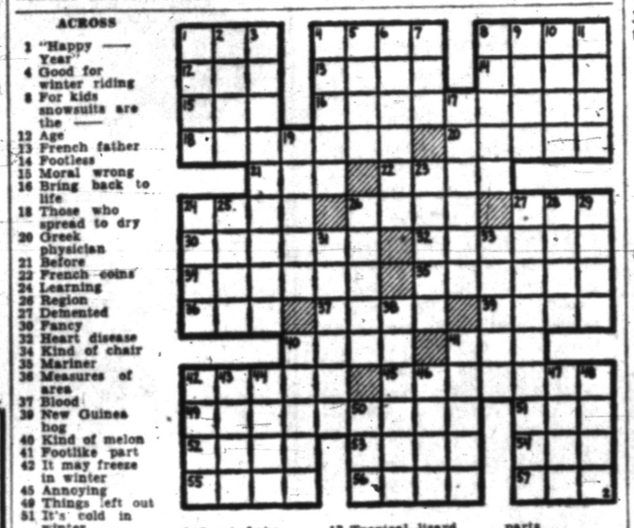

From AP Newsfeatures

Manners
MAKE FRIENDS

It is necessary for you to leave a party early. Okay — just so you don't make a big to-do about it. You don't need to sneak out — but make your going inconspicuous.

Some thoughtless guests make their early leave-taking such a spotlighted exit that the other guests get the idea it is time for the party to break up.

St. Benedict Groups Gather on Tuesday

Reports were made by unit chairmen when members of the Altar and Rosary Society and Guild of St. Benedict Church met Tuesday evening in the parish hall.

Mrs. Mildred Glisky, Mrs. Ralph Cotcher, Mrs. Roy Jones, Mrs. Thomas Clifton and Mrs. Jack Seebald gave reports and Mrs. John S. Kerrigan and Mrs. Helen Beardslee were welcomed as guests.

The Rev. Richard Thomas addressed the group. St. Anne Unit will entertain at the Jan. 5 meeting.

Beauty Clinic

By Edythe McCulloch

THE MANICURE

To keep your hands well groomed we advise a professional manicure once in a while, but between these trips to the manicurist you can do much to keep your hands as lovely as you would like. First the nails are shaped. Do not make too pointed and do not file too close on sides. This weakens the free edge and may cause them to break.

Nails look best the same shape as the end of the finger or thereabouts. Soften cuticle with soap and water and cuticle oil. (Never use cuticle solvent or remover. Anything strong enough to dissolve the skin off your hands isn't safe. I have seen infection from this procedure.)

Gently push back cuticle with orangewood stick and trim rough edges with nippers or scissors. If carefully done this is harmless. Scrub again, dry and polish.

Apply polish to the right hand first, you will find it easier to use the left hand before you use the right one.

Phone Edythe McCulloch Beauty Shop, FE 2-7431, 608 Pontiac Bank Bldg.

Tuesday evening marked another traditional Christmas party given for patients at the Oakland County Infirmary by the social service group of Christ Church Cranbrook. Mrs. William A. Alfs (center) of Bloomfield Hills, general chairman of the annual event, talks over the fourthcoming holidays with Mrs. L. L. Colbert (left) of Bloomfield Hills, Effa Mahanke (seated) and Mrs. Edith Blocher (right) of Monticello avenue.

Agnes T. Hynes Becomes Bride in St. Ignace Rite

Honeymooning in northern Michigan are Mr. and Mrs. Frederick Alexander, who were married Saturday morning in St. Ignace.

The Rev. Bernard Karral of St. Ignatius Loyola Church performed the ceremony. The bride, the former Agnes Theresa Hymes of Opdyke road, is the daughter of Mr. and Mrs. William Hynes of Dunville, Nfld. She was gowned in white Chantilly lace over taffeta styled with a portrait neckline and tiny covered buttons from neck to waistline down the back.

The skirt of lace and tulle fell in a short train. A Juliet cap of matching lace held her fingertip veil and she carried a bouquet of white chrysanthemums.

Mrs. Arthur Howell attended her sister in a gown of shrimp-colored lace and tulle over taffeta with a matching bolero jacket, a small net hat and a bouquet of orchid-colored chrysanthemums.

Donald Girvin was best man for Frederick, who is the son of Mr. and Mrs. Mack Alexander of St. Ignace. Seating the guests were Mr. Howell and Wilbur Gondreau.

The bride's sister, Mrs. Girvin, was dressed in a beige knit dress with brown accessories and a corsage of yellow chrysanthemums. Mrs. Alexander wore an aqua dress with corsage of white chrysanthemums.

After a reception at the home of the bridegroom's parents, the new Mrs. Alexander changed to a tan-colored dress with brown accessories and a coat of brown sealskin, for the wedding trip. On their return they will reside in Davisburg.

Bazaar Thursday at Lady of Refuge

Thursday is the date set for the Christmas bazaar and card party sponsored by Our Lady of Refuge Church Altar Society.

To be held in the new school hall on Commerce road, the event will feature booths of toys, dolls, handmade articles and Christmas decorations.

UM Group Entertained by Students

Musicale League Performs Tuesday for Alumnae Club

Student League of Tuesday Musicale entertained University of Michigan Alumnae Club Tuesday evening when the latter group met at the home of Mrs. Martin Wager on Dixie highway.

Mrs. T. E. Wiersema, program chairman, introduced Mrs. Wager, who in turn spoke on the work of the league and introduced Mrs Charles Buck, who presented participants in the program.

A vocal solo, "Mary's Little Son" by Demerest, was sung by Jean Hilton. Janet and John Willoughby played a piano duet called "Boogie Woogie Nocturne". Janet Willoughby also played the first movement of Beethoven's "Pathetique."

Norma Lee Braid gave a musical reading before John Willoughby performed "Knight Rupert" on the piano. Jack Horner played "Malguena."

Mrs. Paul Taylor reported on the Alumnae Council meeting held in Ann Arbor recently, and Mrs. Vernon C. Abbott named a group to plan parties for February.

On the committee are Mrs. Edward Brownlee, Mrs. R. G. Graham, Mrs. Collis Scott and Mrs. Jay Wagner.

Mrs. Abbott and Mrs. Robert Heitsch agreed to take charge of U. of M. stationery and calendars for Christmas sales.

The refreshment table was centered with a church and Christmas scene for the occasion. Pouring was Mrs. Abbott, and cohostesses were Helen Travis, Mrs. C. Earl Currah, Florence Day, Mrs. Charles Harmon and Mrs. F. D. Larkin.

Plumbing Units Hold Yule Party

The annual Christmas party of the Plumbing and Heating Dealers Association was held in conjunction with the Ladies Auxiliary to the Pontiac Master Plumbers Association Tuesday evening at Hotel Waldron.

Guests attending the dinner party were Mr. and Mrs. Donald Williams, Mr. and Mrs. Clifford Temple and Mr. and Mrs. George Martin.

Cut Out Fancy Ornament

Here is a winner of the week idea which was sent in to us by Shirley Tominski of Oakland Beach R. I. This is a colored paper decoration which has several uses. It can be used for a Christmas tree decoration, as a holder for candy, or to hang on paper streamers around a room.

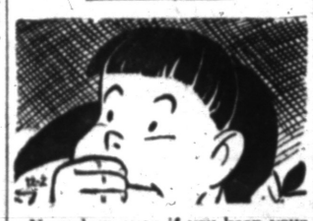

The special secret or trick to this is in the folding. You will need some brightly colored construction paper. Cut this into an 8 or 9-inch circle. You are ready for the folding.

First fold the circle in half, then quarters, then eights. Hold this firmly in your hand and start the cutting. Notice the cutting shown in the picture. You should start the first cutting on the right side of the paper, then make one on the left side.

Leave one-half inch uncut each time. This holds the paper together.

You are going to have fun unfolding it. Do this with care. Hold the center down with one hand while you gently pull up with the other hand.

To make this show to advantage, fill the center with candy or some object to weight it. Tie the top together with a ribbon bow. These can be made in all sizes and can be made from shiny paper for the Christmas tree.

Nowadays even if you keep your mouth shut, there'll probably be someone around who'll misquote you.

Man Asked to Put Out Cigarette

Woman Bothered by Smoker Sitting Next to Her

By EMILY POST

A young woman writes me: "Yesterday a friend and I went into the drugstore for lunch. An elderly man sat beside me at the counter and lit a cigarette. He held it so that the smoke blew right into my face.

"At this point I asked him if he would very much mind putting out his cigarette because it was beginning to make me sick. He was very polite about it and did so immediately.

"After we left my friend said that I had embarrassed her by doing this and told me I had no right to make such a request. Will you please give your opinion?"

Answer: Instead of asking him to put his cigarette out, I think it would have been more polite had you asked him to please hold his cigarette further away from you as the smoke was going right into your face and making you sick.

Dear Mrs. Post: The other day I addressed a birthday card to my 5-year-old niece and put Miss Jane Doe on the envelope.

A friend of mine, upon seeing this, politely but firmly told me that I was wrong, saying that a very young girl was not addressed as Miss but as Mistress Jane Doe, just as a young boy is addressed as Master.

I never before heard of the title Mistress and always thought a girl was addressed Miss from the time she was born. I would appreciate hearing what you have to say about this.

Answer: I agree with you. Never in my life have I heard of anything more unsuitable than applying the word "Mistress" to a little girl. Mistress means a woman in authority, such as the owner of a house.

Dear Mrs. Post: When a man and woman dine together in a restaurant and are seated side by side, shouldn't the woman always be on his right? This question has brought up a good deal of argument in our office and we would like to have you settle it.

Answer: While it is more correct for the woman to be seated on the man's right, this is not as important as to give her the more desirable seat.

Wear Day Perfume

Don't be afraid of wearing perfume during the day. It's good taste to be subtly scented at the office. Select a fragrance which is fresh, crisp and clear. A light floral bouquet or a crisp spicy scent is suitable . . . or you may prefer a modern blend with a sparkling topnote.

Impoverished Woman Makes Living Repairing and Refinishing Old Wrecks

By ANNE HEYWOOD

Elsa G. was a middle-aged spinster, the only child of very old parents.

Her parents were reasonably well-to-do, living on investments they had inherited. But they didn't want any professional nurse taking care of them. They demanded that Elsa stay home and care for them.

Elsa didn't complain — she wasn't the complaining type—but it did mean that she never had any life of her own. Right out of school, she settled down as chief nurse and housekeeper for her parents.

She was handy around the house, but she had no skill at all so far as the business world was concerned.

"I loved homemaking," she told me, "even though my life was very isolated and lonely. I liked caring for our house, and our furniture was lovely—wonderful antiques that had been in the family for years.

"Father and Mother were both only children, so from both sides they inherited all kinds of furniture. We kept the best pieces in use, but the decrepit ones, the ones that needed repairing or refinishing, were stuck up in the attic.

"I never knew it at the time, but those old wrecks in the attic were to save my life.

"You see, when Mother and Father passed away, there was absolutely no money left. Their securities had been handled badly by an old friend, and instead of the rather substantial estate which was expected, there was nothing at all—but plenty of medical bills.

"All the valuable antiques had to be sold to pay off the creditors. I found myself left with just the old Victorian house, some plain beds and other modern pieces—plus the old, decrepit antiques in the attic."

Many women would have given up, right then and there. But Elsa did not.

"I decided to learn how to refinish and repair that furniture," she said in a determined voice, "and I did learn. An old friend of mother's had been a carpenter and knew all the tricks. And I got a couple of good books.

"I tackled the Hitchcock chairs first, fixed them up, and offered them for sale. A dealer bought them for a huge sum.

"With that money, I set up a regular repair shop in what used to be the dining room. I repaired the rest of our stuff—and kept some of it. The rest I sold to other dealers.

"And then they began to send me all kinds of work to do—they would get good buys of old pieces, and pay me to fix them up.

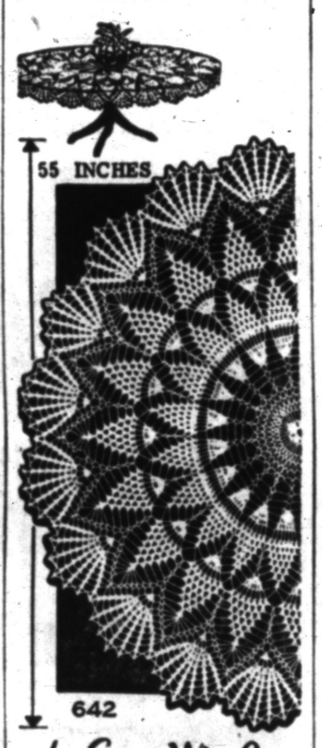

"It's a fascinating business — and I am now the town's leading furniture repairer and refinisher!"

Sorority to Sponsor Youngsters' Party

Final plans for a Christmas party for underprivileged children were completed Tuesday evening when Gamma Psi Chapter, Beta Sigma Phi, met at Hotel Waldron.

The party will be Dec. 19 at the YWCA, and stockings for the children were sewn during the Tuesday meeting.

Mrs. George Heenan spoke on "The Art of Conversation," bringing out the fact that there are two kinds of conversation, "small talk" and talk as means to a specific end.

Mrs. Arthur Ellis announced plans for a cooking school to be held at Consumers Power Jan. 12, and Betty Giddings reported from the City Council meeting. She announced a cocktail party for the seven chapters of the sorority at Hotel Pontiac Dec. 21.

Honeymooning at Niagara Falls are Mr. and Mrs. Wayne T. Good, who were married Saturday. The bride, the former Nancy E. Rathbun, is the daughter of the Lester F. Rathbuns of East Colgate avenue, and the Elmer L. Goods of Cadillac avenue are the bridegroom's parents.

MR. and MRS. WAYNE T. GOOD

Nancy Rathbun Married

Palms decorated Oakland Avenue United Presbyterian Church Saturday afternoon when Nancy Elaine Rathbun became the bride of Wayne Thomas Good.

The Rev. Andrew Creswell performed the 1 o'clock ceremony before members of the families and a few friends.

The bride, daughter of Mr. and Mrs. Lester G. Rathbun of East Colgate Avenue, wore a gray suit with coral trim, gray accessories and a corsage of white roses. She was attended by Alice Weber in a black and white suit with black accessories and a corsage of yellow roses.

Lowell Good attended his brother as best man. They are the sons of Mr. and Mrs. Elmer L. Good of Cadillac Avenue.

For her daughter's wedding, Mrs. Rathbun chose a plum-colored dress with plum and black accessories and a corsage of pink roses. Mrs. Good wore powder blue with pink accessories and a corsage of pink roses.

A dinner for the families and guests at Devon Gables followed the ceremony, after which the couple left for a honeymoon at Niagara Falls.

The bridegroom is a graduate of the University of Michigan where he was affiliated with Phi Delta Chi fraternity.

Gathering Held by MOMS Unit

Mrs. Bessie Clark was presented with a past president's pin from MOMS of America, Inc., Unit Two when the group met Tuesday evening at Hotel Roosevelt.

Presenting the pin was Mrs. William Jones. President Mrs. Edgar Thomas told of the invitation received from Mrs. Chester Brown of Ward's Point to attend the Christmas dinner party Dec. 15. Husbands will be guests.

Gingellville Unit 33 is sponsoring a bazaar and plate dinner Dec. 12 at 6 p.m. in the Gingellville Community Building.

Mrs. Thomas, Mrs. William Morrell and Mrs. Jones will attend the presidents' discussion meeting in Detroit Monday.

Group Entertained at Davidson Home

Mrs. Harold Davidson of Woodbine drive entertained members of Alpha Chapter of Beta Theta Phi sorority Tuesday evening. Mrs. LZ Monroe assisted the hostess.

Ernie Rose gave a toy demonstration. Mrs. Neil Scott, Mrs. Harry Mominee and Mrs. Leon Reene were guests.

The next meeting will be a Christmas party Dec. 15 at the home of Mrs. Fred Ferguson on Henry Clay avenue.

Operetta Heard by Round Table

Mrs. Eugene Cleland opened her home in Waterford to members of the Round Table Club Tuesday evening.

Mrs. Henry Buck, Mr. and Mrs. Victor Lindquist and Mrs. Martin Wager presented the operetta "Porgy and Bess" in song and story.

The quartet, introduced by Mrs. Cleland, is sponsored by the Waterford Community Library Association.

Tea was served from a table decorated with a Christmas motif. On the refreshment committee were Mrs. Paul Herbst, Mrs. Ted Newman, Mrs. Edward Sommer, Mrs. W. B. Sharp, Mrs. H. E. McCulloch, Mrs. Elmer Reynolds, Mrs. E. L. Guy, Mrs. George Cram and Mrs. John Bell.

Others were Mrs. Lynn Cramer and Mrs. James Kinney, with Mrs. W. H. Baumgartner presiding at the tea table.

Plans Are Outlined for Christmas Party

Preparations for a Christmas party were made by members of Zeta Eta Chapter of Beta Sigma Phi sorority Tuesday evening when the group met with Marilyn Main at her West Iroquois road home.

Mabel Roats will be hostess for the party Dec. 15 in her home on Pike street. A Christmas basket is being prepared by the group.

Coming Events

Fashion Your Figure Club will meet Thursday at 2 p.m. in Pontiac High School. Neva Bailey, physical education instructor, will demonstrate special exercises.

Frances C. Butterfield Tent Nine, DUV, will meet Thursday at 7:30 p.m. in the Grotto Hall, 128 W. Pike St., for election of officers.

Navy Mothers Club 386 will meet Thursday at 7:30 in the Naval Training Center.

A bazaar is planned by the Child Culture Club for Thursday at 8 p.m. in the home of Mrs. Randolph Burns, 194 Ogemaw Rd.

Ladies Auxiliary 396 of the National Association of Letter Carriers, Branch 320, will meet Thursday at 7:30 p.m. for a Christmas party and election of officers with Mrs. Edward Cornell, 39 Henderson St.

Ladies Aid Society of Oakland Avenue United Presbyterian Church will meet Thursday at the church for a birthday dinner at noon. Business meeting and election of officers will follow.

Royal Neighbors of America will meet for a Christmas party Friday at Grotto Hall on West Pike street. There will be a cooperative luncheon at noon. Members are to bring table service.

NEVER FAILS JOLLY TIME POP CORN POPS CRISP-TENDER

Auxiliary Holds Election

Mrs. Reuel Baker was elected president of the Ladies Auxiliary to the Metropolitan Club Spirit Six when the group met Tuesday evening in the clubrooms on South Perry street.

Other officers elected were Mrs. Irene De Pauw, vice president; Mrs. Charles Evans, recording secretary; Mrs. Merrill Petrie, financial secretary, and Mrs. Cliff Hickmott, treasurer.

Mrs. Harry Isenberg is sergeant-at-arms; Mrs. John Schroeder, parliamentarian, and Mrs. Park Nique, three-year trustee.

Installation of officers will be Jan. 9. Final plans were made for the Dec. 8 Christmas party to be held at Scrib's.

Mrs. Ralph M. Dean, Mrs. Hickmott, Mrs. Isenberg, Mrs. John Morse and Mrs. Robert Thompson are on the committee. Mrs. Petrie and Mrs. DePauw served as hostesses for the evening meeting.

Clown Sparks Show at Roosevelt School

KEEGO HARBOR—"Milky," a television clown, helped attract a capacity crowd to the Roosevelt PTA program last night in the school gymnasium. An estimated 900 people viewed the show.

Also appearing was the 42-voice a cappella choir, directed by Mrs. Charles Seavey. The high school group sang Christmas selections, including "Rise Up, Shepherd" and "Winter Carol." The audience joined in singing "Silent Night."

The Roosevelt Triple Trio was heard in "Winter Wonderland."

Second and third grade room mothers served refreshments.

Night Driving to Be Safety Class Topic

TROY TOWNSHIP—The third in the monthly safety classes inaugurated by Justices Herbert W. Alden and Scott Belyea will be at 7:30 p.m. today in the township hall.

Speaker will be State Trooper Hugh Potter and his topic will be "Driving During Dark Hours." Slides will be shown to accompany the talk.

Primary purpose of the class is to educate the driver, and the justices assign traffic violators to attend the sessions in addition to the regular fine or sentence.

The public is invited to attend the monthly sessions.

Last month, 16 persons in addition to 30 traffic violators attended.

Williams Lake Cub Pack to Sponsor Fish Fry

WATERFORD TOWNSHIP — A family-style fish fry will be held by Williams Lake Cub Scout Pack 31 from 5:30 to 7:30 p.m. Friday at the CAI building.

Chairman for Scout's only money-making project for the year is Mrs. Percy Bitler. Assisting are Cub Master Harold Pattison, his wife, and assistant Cub Master William Velzy.

Looking forward, plans are being completed for the annual Cub Scout Christmas party to be held in conjunction with the regular meeting Dec. 18 at the Williams Lake school.

An exchange of gifts between Cub Scouts will be featured, along with the presenting of gifts of candy to non-Scout children.

MRS. C. R. ALLEMANG

Carol Bernice Torr Wed in Pontiac Church Rite

DRAYTON PLAINS — Carol Bernice Torr became the bride of Clarence Robert Allemang of Saginaw in St. Michael Church, Pontiac, Saturday morning.

The bride is the daughter of Mr. and Mrs. Bernard James Torr, 3445 Frembes. The bridegroom's parents are Mr. and Mrs. Garl S. Allemang of Saginaw.

Maid of honor was Sharon Torr of Flint and best man was Richard Davidiet of Royal Oak

The bride wore a white slipper-satin gown with train, and sweetheart neckline. A seed-pearl tiara and fingertip veil crowned her wedding attire.

The bride's attendants were Carlene Sabo of Swartz Creek, Bonnie Graves of 3434 Frembes and Gwendolyn Koons of Dearborn.

All wore velvet floor-length dresses, with sweetheart neckline, fitted bodice and ballerina skirts, and gold necklaces, gifts of the bride.

Groomsmen were Bernard Torr, brother of the bride, Gerald McGinnis of Detroit and William Beske of Birmingham.

A reception at Chieftain Hall in Pontiac followed the ceremony and a buffet luncheon was served for 300 guests.

The newlyweds are honeymooning through the New England states, and will live in Saginaw upon their return.

Mother, Daughter Night Planned for Thursday

SOUTHFIELD TOWNSHIP — The first party planned exclusively for mothers and daughters of the high school will be held at 7:30 p.m. tomorrow in the high school cafeteria.

Aim of the Mother and Daughter Fun Night, sponsored by the Girls' Athletic Association and the Y Teens Club, is to help establish a closer mother - daughter relationship, according to a spokesman.

Games have been planned to help the mothers get acquainted. Refreshments will be served by club members.

Drayton VFW Hall Nearing Completion

DRAYTON PLAINS — The new Veterans of Foreign Wars, Post 4102, memorial hall on Walton Boulevard is rapidly nearing completion.

Plaster board has been installed on the ceiling and the post expects to have the walls and ceiling plastered within the next week or two, according to Gene Bachelor, post publicity chairman.

A square dance will be held at the nearly finished hall Saturday night with an orchestra furnishing the music. The affair is open to the public.

The post also has plans underway for a New Year's Eve party for members and their friends, Bachelor said. Tickets are available from members.

Methodist School Mission Work Is Film Topic

OXFORD — A movie showing work being done at the Navaho Methodist Mission School at Farmington, N. M., will be shown when Oxford Methodist Church women meet Thursday at 8 p.m. at the church for a Christmas party.

Mrs. Robert Brower, former WAC lieutenant who recruited for the armed forces on Indian reservations, will describe Navaho customs and display her collection of mementos.

The mission school is under the directorship of Mr. and Mrs. Willard Bass, former classmates of Mrs. Edward Lewis, chairman of the affair. The two women were girlhood friends in Africa where their parents were missionaries.

Persons wishing transportation to the party may secure it by calling OA 8-3525.

Bible Association Meets at Leonard on Thursday

LUM—The Lapeer County Bible Holiness Association will meet in Brethren in Christ Church at Leonard tomorrow.

The Rev. John Rosenberry of Mt. Joy, Pa., will speak at both afternoon and evening meetings. A special forenoon service is also scheduled.

Jack Bierce of Baltimore, Md. will be the song leader.

Singing to Highlight Stone PTA Program

AVON TOWNSHIP—A community sing will highlight a Stone School PTA meeting at the school tomorrow at 7:30 p.m.

Besides a program by fifth and sixth graders, refreshments will be served by third grade room mothers.

School Boards and Administrators Meet at Lansing

Pitching Horseshoes

He Steals Bard's Lines but Gets Caught at Job

By BILLY ROSE

Over a cup of java at Sardi's last night, I heard an off-beat story about the "Triggery Thirties" in New York from Irving Mansfield, a top-level producer.

According to Irving, in 1934, when he was trying to get started as a press agent on Broadway, he was introduced one night to a turnip-eared gent named "Sunny" Reardon, who owned a couple of dubious night-clubs in Greenwich Village.

BILLY ROSE

Reardon was very much impressed when Mansfield happened to mention he was a college graduate.

"Didja go the whole distance?" he asked. "And have ya got a hunka paper to prove it?"

"Yes, I have a diploma," said Irving.

"In that case," said Reardon, "drop around to my office tomorra. I gotta proposition for ya."

Mansfield naturally assumed that Sunny was going to offer him a job as press agent for his downtown dives, but when he was ushered into the hoodlum's offices next day—a cubicle over a garage on West 53rd Street—a surprise was waiting for him.

"Would ya be interested in writin' me a poem a week?" said Reardon. "What kind of poem?" asked Irving.

"A love poem," said the hoodlum. "Confidenchully, I'm tryin' to make time with one of the lookers in Earl Carroll's show, and so far I ain't been doin' too good. This girl's got a lit'ry type mind—she's all the time readin' books and poetry."

"I get it," said Mansfield. "You want me to ghost some poems for you."

"The job pays fifty bucks a week," said Reardon. "You've got yourself a poet," said Irving. . . .

For the next two months, every Friday at 5, Mansfield delivered a "subcontracted sonnet" (his phrase) to the lovesick gangster. The first one was:

"Roses are red.
Violets are blue
Honeybees are stuck on flowers
And baby, I'm stuck on you."

Later, amused at playing Cyrano for a hoodlum, he became a bit more ambitious:

"My heart is a chasm of deepest despair.

On account of because my love isn't there."

"Geez, that's pretty," said Reardon. "Makes ya wanna cry."

"How does your girl like the poems?" said Irving.

"Real great," said Sunny. "Not only does she get a bang outta them but so does her motha.

"At first, my intentions was at the most to make time, but the way things look now, we might get married. In case of that happy event, I got ya penciled in for best man. . . ."

One Saturday morning in December, as Irving was about to leave for New Haven to see the matinee of a new show he was press-agenting, he got a frantic phone call from Reardon.

"Where's my poem?" said the gangster. "I'm meetin' my intended an' her motha in a hour."

Mansfield, who had forgotten his weekly stint, apologized and said he'd be right over. When he had hung up, he tried to knock out something fast, but the love words just wouldn't come. So, in desperation, he cribbed a few lines from a volume of Shakespeare which happened to be lying around:

**". . . Come what sorrow can,
It cannot countervail the exchange of joy
That one short minute gives me in her sight. . ."**

Next day Reardon phoned again. "My intended and her motha was crazy about the last one," he said. "I'm takin' them to the opening at the Martin Beck Theater tomorra, and afterwards we're gonna set the date."

Shortly after midnight on Monday, a white-faced friend of Mansfield's located him at Lindy's and advised him to get out of town fast. Reardon was looking for him and was threatening to break his head.

The play which had opened at the Martin Beck was Katharine Cornell's production of "Romeo and Juliet," and in the second act the gangster, his girl and her mother had heard Basil Rathbone, as Romeo, recite the speech which begins:

**". . . Come what sorrow can,
It cannot countervail the exchange of joy. . ."**

For the next 48 hours, Mansfield hid out in a friend's house in Wilton, Conn., and only an unexpected break made it possible for him to come back to town at all.

Sunny Reardon, he read in Wednesday's paper, had been picked up for carrying a concealed weapon and fingerprinted at the stationhouse.

The fingerprints had led to an old homicide case which eventually led to a 30-year term at Sing Sing.

Irving Mansfield says it has always been his belief that the concealed weapons charge against Reardon was made by the mother of the looker who worked for Earl Carroll.

Iran Reported Ready to Recognize Britain

TEHRAN, Iran (AP)—The Iranian government which supplanted Mohammed Mossadegh was reported whipping into final shape today a note agreeing to re-establish diplomatic relations with Britain.

An informed source said the resumption of normal British-Iranian relations, broken off 13 months ago by Mossadegh, was approved yesterday at a three-hour meeting of Premier Fazollah Zahedi and leading Iranians, including former Cabinet ministers, senators and top businessmen.

The source added that the decision would be announced Thursday or Friday unless a last-minute hitch develops.

Resumption of relations would pave the way for new talks on the bitter British-Iranian dispute over Iran's nationalization in 1951 of the properties of the British-owned Anglo-Iranian Oil Co. Mossadegh, now on trial for his life on treason charges, called Iran's envoys home after repeated breakdowns in the negotiations over compensation for the oil company.

Rejects Gadgets to Douse Fires in Yule Trees

A state health official today advised caution in using gadgets filled with carbon tetrachloride as fire prevention devices on Christmas trees.

Fred McDermott, district engineer for the Michigan Department of Occupational Health, said chlorinated hydrocarbon is apt to break down when exposed to flame, possibly into chlorine, which can be a hazard in itself.

One device currently advertised is ball-shaped and designed to look like part of the decorations. When the temperature hits 160 degrees, an automatic fuse releases a spring breaking the ball and sprinkling carbon tetrachloride over the tree.

If the chemical happened to break down into chlorine, McDermott explained, it could be quite harmful, especially if exits were blocked and the fumes inhaled.

McDermott advised other safety measures, such as use of nonflammable decorations and keeping the tree well watered to prevent its drying up.

"Of course candles should never be used," he added.

Diseases Show Drop in County

Measles, Chicken Pox, Mumps Outbreaks All Decrease Sharply

Sharp drops in new cases of mumps, measles and chicken pox were reported in Oakland County last week, by Oakland County Health Department today. The department, headed by Dr. John D. Monroe, covers the entire county outside of Pontiac.

Sixteen new cases of mumps were found last week, well below the preceding week's 44 cases.

Chicken pox dropped from 20 new cases the week before to just 13 cases last week; and measles, which had struck 113 persons the week before, attacked only 69 last week.

Drops in several other diseases also were listed on the report, which follows in full:

	Past Week	Week Ending Nov. 21, '53	Nov. 22, '52
Chicken pox	13	20	93
Measles	69	113	14
Pneumonia (all forms)	2	1	3
Poliomyelitis	2	3	4
Scarlet fever	5	11	14
Tuberculosis (all forms)	5	11	0
Whooping cough	4	8	1
Mumps	16	44	14
Rubella	5	0	3
Diarrhea	2	1	1

Pontiac chalked up its fourth straight week without a single case of measles last week, according to Pontiac City Health Department's weekly report.

The weekly tally, also released by Dr. Monroe, showed eight new cases of whooping cough, the highest number listed for any disease last week. Only scattered cases of other illnesses showed up on the report, which reads as follows:

	Past Week	Week Ending Nov. 21, '53	Nov. 22, '52
Chicken pox	3	8	15
Gonorrhea	7	7	3
Measles	0	0	2
Mumps	3	3	2
Pneumonia	1	1	0
Poliomyelitis	0	2	0
Rubella	0	1	0
Scarlet fever	1	0	4
Syphilis	3	3	7
Tuberculosis	0	7	0
Whooping couch	0	2	0

Must Like Competition

HOLLANDALE, Miss. (UP) — Competition is heavy in the 100 block on South Simmons street here. All seven buildings in the block house cafes.

Educator Talks on Relationship

W. J. Emerson Takes Charge 1st Day at Joint State-Level Confab

By HAZEL A. TRUMBLE
Pontiac Press Staff Writer

LANSING — "Members of a board of education must represent the total school district, not just a segment," declared Dr. John Guy Fowlkes, dean of the school of education, University of Wisconsin, Tuesday.

He was speaking before a joint meeting of members of the Michigan Association of School Board Members and the Michigan Association of School Administrators meeting at the Kellogg Center.

Representative school districts spotted across the state sent board members and superintendents to participate in a pilot-conference, "Human Relations in Administration," with Oakland County people heading the opening program.

The conference will last through Friday.

Dr. Dwight B. Ireland, Birmingham superintendent of schools, was program chairman for this new experiment in board-administrative relationship.

Serving as presiding chairman for the first day was William J. Emerson, Oakland County superintendent of schools.

Others from the county participating were Fred Beckman, president of the Oakland County Board of Education, and James C. Covert, superintendent of Royal Oak schools.

Dr. Fowlkes spoke on "Representative Government and the Board of Education" to open the conference.

"The school district is the one truly representative segment of government that we have left," said Fowlkes who is associated with three private corporations and is also a school board member in Madison, Wis.

An educator for 20 years, Fowlkes said that all school board members should pledge themselves to provide a sound educational program for "all the boys and girls of their district that is the best within the financial structure of their community."

Chiding board members who allow certain schools in their districts to have "velvet curtains and fine-toned pianos and in other schools of the same district allow outmoded equipment and facilities," Fowlkes said educational equality of opportunity should be every member's objective.

He urged that each school district adopt a board policy. This, he said, must be written, distributed and read thoroughly.

Superintendents, he said, should "stay out of specialized explanations. When someone asks to have reading or arithmetic explained, call in one of your competent teachers and let her do the job. Superintendents aren't supposed to know everything about all subjects," he said.

Warning the group that "We want no part of a national school system," Fowlkes said it would destroy the very democratic processes of this country.

"More prople, locally, must assume more responsibility for their schools. We can't look to Washington for help unless we want the controls that come with federal aid," he said.

He advised that all board meetings, executive as well as open, should be held in the presence of press representatives.

"If you are completely open and above board with your press, they will play fair with you," he pointed out.

Good relations between the superintendent and his board, the later meetings of the day emphasized, should be founded on a clear understanding of each one's functions and duties.

Emerson presided at the Tuesday night conference when an evaluation of the afternoon's group sessions was given.

How to evaluate the good of citizens' committees and techniques for limiting their functions was discussed by the entire group.

These lay groups, it was stated, should have a definite goal when they are organized and they should understand their limitations.

"They are a valuable force in helping to interpret the role of the schools to the people," said Emerson, and he stated that in Oakland County 80 school districts had been reorganized with the help of such lay groups.

Citizens' committees, to be most effective, should have an "open-line" to the board of education, they said.

Birmingham Board of Education is sending a member each day of the conference to serve as discussion leader.

Mrs. Elaine Parnie, Richard Sauerbrun, Mrs. Olga Sappington and Ernest Seaholm of Birmingham are scheduled to participate in the remainder of the program.

Object of the new experiment in board-administration relations, said Dr. Ireland, is mutual understanding of each other's problems.

University Alma Mater Tune Makes the Rounds

COLUMBIA, Mo. (AP) — The Universities of Missouri and Kansas are deadly rivals on the gridiron and the basketball court. But they use the same tune for their Alma Mater songs.

The words are different, of course, but the tune is the same "Annie Lisle" which has become famous as the school song of Cornell, Alabama, Indiana, Lehigh and other universities.

No one seems to know how old the tune is. It was known as "Annie Lisle" when the Cornell song, "Far Above Cayuga's Waters," was written in 1872.

Pontiac Press Photo

THROUGH THE AGES—Signifying the undying spirit of Christmas, glowing brightly through the years, is this float built by Baldwin Avenue Evangelical United Brethren Church for Pontiac's annual Christmas Parade. "Living Statues" in the scene are, left to right, Mrs. Harold Bell, 112 Tregent St.; five-year-old Bill Gaddes and his mother, Mrs. William Gaddes, 349 Baldwin Ave.; and four-year-old Deborah Killen and her mother, Mrs. William Killen, 94 Glenwood Ave.

Pontiac Press Photo

MANGER SCENE—Almost ready for Saturday's Christmas Parade is this Nativity float being built by Pontiac Free Methodist Church at the home of a church trustee, Charles Hayward Jr., 3070 Joslyn Rd. Roderick Moran is project chairman, assisted by Russell Carlisle. Mrs. Leonard Phipps is supervising costumes for church members who will portray Mary, Joseph and the shepherds on the float in Saturday's parade.

Friends Grieve for Dr. Spalding

Detroit Heart Doctor, Victim of Maniac, to Be Buried Tomorrow

DETROIT (AP) — Sorrowing relatives and fellow physicians will attend the funeral tomorrow of Dr. Edward D. Spalding, noted Detroit heart specialist, who was the victim of a bizarre shooting on a busy downtown street Monday.

Dr. Spalding was killed by a single shot in the back fired by an escaped mental patient who may never stand trial.

The ironical part of the tragedy was that Dr. Spalding was not the intended victim.

While funeral arrangements were being completed for the Harper Hospital specialist, a sanity commission was being appointed to examine 51-year-old John Sherbeck held for investigation of murder.

Sherbeck remained a police prisoner. Cell block guards said he alternated between fits of anger at the medical profession and his captors and periods of silence.

Detectives say it is doubtful he will ever stand trial. If he is declared insane, he will be incarcerated "until cured," a formality.

Police said Sherback repeated his original story of hate for his intended victim, Dr. William T. McAlonan, who escaped death because Sherback couldn't remember what he looked like even though he wanted to kill him.

Sherback escaped from Wayne County General Hospital in 1945. He was not heard from again until he came back to kill Dr. McAlonan, who had treated him at one time.

Dr. McAlonan was among the mourners today for Dr. Spalding, who is survived by his wife, Melody, and three children.

Sherback was reportedly suffering from paresis, following an old and untreated infection of syphilis. The last course of paresis is paralysis of the brain and death.

Thoughtful Driver More Likely to Be Insured

HARTFORD, Conn. (AP)—There's a reason, says state motor vehicles commissioner Charles F. Kelley, why uninsured motorists are involved in 18 per cent of the accidents in Connecticut although they number only 10 per cent of the registered drivers.

"The person who is thoughtful enough to carry liability insurance to protect other people is more likely to be careful and thoughtful all the way through," says Kelley.

County Investigator Warns

Yuletime Brings Increase in Number of Bad Checks

Merchants aren't the only ones who anticipate the Christmas season for its guaranteed increase in business.

The time of "good will toward men" is also a cue to back check artists and shoplifters that "easy pickings" are available once again.

Robert Miller, chief investigator for Oakland County Prosecutor's Office, warns local merchants that the incidence of bad checks almost doubles during the holiday season.

"Since September I've handled about 50 bad check cases monthly," Miller reports, "but if past performances are any indication I can expect twice that number by January.

"Crowded streets and overcrowded stores also offer shoplifters the best cover available for their operations.

"The fact that a person is well-dressed, jolly, 'important looking' or persuasive is no guarantee that his check is good," Miller warns.

"Merchants will save themselves a lot of grief if they insist that all checks be endorsed in their presence and then verify the signature against credentials.

"Another important step before cashing checks is to compare a person's physical characteristics with identification on his driving license or service discharge papers.

"Precautions of this type require very little time," Miller points out, "and they are the best insurance in the world against getting stung by a 'check artist'."

Coal Trip Complicated

WHEELING, W. Va. (INS) — At a West Virginia mine, a series of nine conveyor belts carries coal down one mountain, around another, and through a third — a 2½ mile ride to a riverfront for loading onto barges.

Two Cops Learn Search Should Be More Complete

DALLAS, Tex. (AP)—Two Dallas detectives sheepishly admitted they failed to make a complete investigation.

The pair, J. M. Souter and G. D. Gandy, picked up a 30-year-old woman, hauled her off to jail and booked her for carrying a concealed revolver — in her coat pocket.

That was just the half of it, they admitted yesterday.

Fifteen minutes later Jail Matron Ellie P. Eady sent down a second pistol to the desk sergeant. This one had been concealed in the prisoner's brassiere.

Pre-Construction Work Begins on New Bridge

The E. C. Nolan Co. of Centerline has begun excavation and other pre-construction work on the Gillespie street bridge near Bagley School, City Engineer Lewis M. Wrenn reported today.

The bridge, costing $39,536 is scheduled for completion by April 30, 1954, said Wrenn.

For the Record

France Now Veering to Favor Strong European Army

Editor's Note: Forrest Davis, for 10 years associated with the Saturday Evening Post and until recently a co-editor of The Freeman, tells how Russia's slackening of the post-Stalin "peace offensive" is helping to convince France that a strong European army is a real necessity.

By FORREST DAVIS

PARIS—Winter has set in early and in the Chamber of Deputies, Paris, Georges Bidault, the foreign minister, debated the question of ratifying the European Defense Community treaties so urgently that he collapsed. The debate proceeds likewise among the people.

A chestnut vendor says, "What else can we do? The English and the Americans are going to build up the Boche independently; the Americans have a new treaty with Spain. We will be outflanked."

DAVIS

There seems no doubt about a wholly different attitude in Paris over making the European army effective. Now it is generally believed that the Bermuda conference in December will provide the assurances that the Laniel government requires to manage a favxorable vote in the Chamber.

The new urgency over providing a united European defense against Soviet aggression is also visible in Belgium, where the slothful attitude and in Bonn where the Adenauer government is expected to amend the basic law of the German republic to allow for remilitarization before the Big Three meet at Bermuda.

The reason for this improved climate of opinion is that the effect of the post-Stalin "peace offensive" has worn away and many Europeans have been disillusioned again by the discrepancy between Russian professions and deeds.

The motivation must be complex but I suspect that the prime reason behind the new Western spirit of agreement toward collective military action stems from the determined role in world affairs being played by the Eisenhower administration.

Secretary of State Dulles' active development of the American system of defense, the new treaties with Spain, Greece and Japan, our projcted pact with Pakistan, our new militancy in the Far East, have convinced Paris, London, Berlin and Brussels that we are a reliable ally and that we mean to confound Russian imperialism.

Sir Winston Churchill's government, shows increasing signs of accomodating itself to American policy. The shift has been enormously influential in Paris.

The Laniel government has been unwilling to go along with the European Defense Community lacking agreement by Britain to collaborate fully with a European army. London has given these assurances.

One cannot be in Paris long, before realizing that the Eisenhower-Dulles policies toward the French have proved effective. When the American administration virtually doubled its assistance to the French in waging the Indo-Chinese war the Laniel government was strengthened.

When we let it be known, largely via London, that the Anglo-Americans intended having a buffer military force in Germany, that likewise bolstered M. Laniel because it afford him an argument to use against the enemies of the European army among the De Gaullists, and the Leftists.

The Spanish-American treaty was more of the same. Among M. Laniel's errands at Bermuda is to gain President Eisenhower's agreement not to reduce American participation in the European army in favor of greater military assistance to Spain. He has, I am informed, already obtained informal assurance along that line.

It seems that the prestige of the United States government, has never been higher since World War II than at this moment. The Laniel government is working more harmoniously with Washington than most of its postwar predecessors.

This is all the more remarkable because the Brownell-Truman episode has been mined with a bitter vindictiveness by the French Left intellectuals. The Leftist and "liberal" press, has been filled with cries of rage against President Eisenhower.

There is, naturally, no cure for hasty and intemperate journalism in free societies except the disapproval of the public.

Fortunately, the French government sems to be proceeding cooly and realistically toward the recovery of France's key position in the framework of the West, untroubled by journalistic hysteria. That is, as of this moment, the good news from Paris.

Copyright, 1953

This Saturday Night

Quartets to Feature Old, New Songs

Old and new song favorites presented by seven well known quartets are programmed for the annual "Holiday of Harmony" Saturday at 8:15 p. m. in Pontiac High School auditorium.

The event is sponsored by the Pontiac Chapter of the Society for Preservation and Encouragement of Barbershop Quartet Singing in America.

The program will open with the Variety Four of Pontiac singing such songs as, "It's a Grand Old Flag," followed by the OnChords of Saginaw, whose selections include "Wait Till the Sun Shines Nellie."

Next the Pitch Blendaries of Grosse Pointe will sing favorites like, "Sweet Georgia Brown." The Progressive Four of Grosse Pointe, international semi-finalists, have included "The Whiffenpoof Song" in their program.

Other selections will be "Dance Me Loose" by the Merri-Men of Lansing; past Michigan champions; "Roses of Picardy" by the Dearborn Wolverines, current Michigan champs; and "Darktown Strutters' Ball" by the Singing Brocks, a group of youngsters between 7 and 15 years old.

According to Joseph W. Milosch, program chairman, tickets are available at Hallman's Drug Store, 457 Elizabeth Lake Rd. at Telegraph, or from any member of the society.

'Family Doctor of the Year' Is Kentuckian, 80

ST. LOUIS (AP) — Eighty-year-old Dr. Joseph I. Greenwell of New Haven, Ky., has been named "Family Doctor of the Year" by the American Medical Association.

Dr. Greenwell has practiced medicine in a four-county area around his home town for 53 years. He also served as mayor 14 years and as a member of New Haven's Board of Trustees for 45 years.

The area includes Kentucky's "Lincoln Country," part of which still is as rugged and primitive as in Lincoln's day. Dr. Greenwell has answered calls by horse and buggy, on foot, by rowboat and switch engine, as well as automobile.

Still active, he has delivered more than 80 babies in log cabins and in the new Flaget Memorial Hospital at Bardstown this year.

The award, a citation of service to his community and a gold medal, was announced by Dr. Dwight H. Murray, Napa, Calif., chairman of the AMA's Board of Trustees, which made the selection.

Dr. Greenwell, a widower and father of 12 children, is a graduate of Cecilia College and received his medical degree from the Louisville Hospital College of Medicine.

Japanese Red Cross Team Leaves Moscow

MOSCOW (AP) — A Japanese Red Cross delegation left here today for Tokyo after a month of negotiations with the Soviet Red Cross on repatriation of Japanese war prisoners held by the Soviet Union.

Following the talks the Soviets agreed to release 1,274 Japanese prisoners.

TWO IN ONE—How to make two gifts out of one—Get a chubby green glass flower vase at a novelty store. Stuff it with a supply of powder puffs. Wrap it to look like a cheery snow man. When the powder puffs are used up the vase will be useful the year-round.

Two-in-One Gift Is Flower Vase, Also a Snowman

Here's how to make a cheery snowman out of a flower vase.

Cut a 15-inch square of white crepe paper and place green glass vase with fluted top in center of paper. Gather the paper up around the neck of the vase, press the fold into place and tie.

Place a Christmas ball in the top of the vase over the powder puffs (or a couple of handkerchiefs if your prefer). Bring ends of the crepe paper over the Christmas ball, gather the paper at the top and tie. Trim off excess paper.

Use gummed dots for the features and buttons.

For the scarf, cut a strip of red crepe paper 12 by 2 inches wide with the grain. Cut both ends, fringe and tie around the neck.

The hat is made with a 3½ by 6-inch piece aof black crepe paper cut with the grain. Gather the paper along one edge and tie. Turn the gathered end inside; overlap the short ends and paste the seam. Crease about 1 inch from the tied end, shaping crown. Stretch other end for brim and paste to head. Brush the hat with glue and sprinkle with silver wink.

U. S. Bombers to Make Mass Flight to England

MARCH AIR FORCE BASE, Calif. (AP)—A mass flight of 45 B47 jet bombers and 20 KC97 tankers will leave here tomorrow for Heyford, England, making one stop at Goose Bay, Labrador. An Air Force spokesman said the men will be on 90-day temporary duty in England.

The sound of footsteps on the stair . . .

A moment ago, I heard a key click in the front door. In a few minutes, I'll hear John's footsteps on the stair. Such ordinary, everyday sounds are music to me—the sweetest music. You'll understand when I tell you I've lived without them for a long, long time.

I remember the day I faced the fact I was losing my hearing. Up to that time, I had brushed off the symptoms. I kept myself too busy to think about the sentences that petered off into nothingness . . . the telephone messages I garbled . . . the sea of voices and half words I waded through at parties. The day I admitted that it had happened to me, I broke down and cried.

My husband tried to share my heart-break, but even his understanding and sympathy could not soften the shock. I felt alone—shut off. I not only lost my hearing—but my sense of humor, my ability to enjoy life, my love for people.

What my husband lived with and loved during four years was a woman filled with self-pity and bitterness. I know now how much John suffered for me. I know now how he fought against my coldness. I know now what love really means. It was his love that kept our marriage steady for those four, long years. It was his love that finally ruled out my protests and took me by the hand to a hearing aid specialist.

Imagine hearing aids no larger than a package of cigarettes and weighing only a few ounces! John called them miracles of precision — but the warm sound of his laughter was the real miracle to me.

Was I sensitive about wearing it? Yes, I guess I felt much as people do when they wear glasses for the first time. But I had to tell my friends I was wearing a hearing aid—no one noticed it! I will probably never get over the joy of hearing once again the sound of John's footsteps on the stair.

No New Thing for Ullman to Be Called in Spy Probe

WASHINGTON (UP) — William Ludwig Ullman steps into the spotlight on Capitol Hill today as Senate investigators reopen their study of government spy rings in past administrations.

It is not an unfamiliar position for Ullman.

As early as 1948, he sat in a similar spot and talked—although not very much—to the House Un-American Activities Committee about his long association with Nathan Gregory Silvermaster, tabbed by ex-Communist informers as one of of the top Russian spies in the government during the war years.

Five years and three months ago, Ullman answered the summons by the House Committee.

In the months that followed, his name and many others now prominent again in the news were all but lost to the public memory as two giant figures — Whittaker Chambers and Alger Hiss — fought their dramatic and bitter struggle about whether Chambers, the accuser, or Hiss, the accused, was a liar. A jury decided against Hiss and sent him to prison for perjury in denying he knew Chambers or gave him secret government documents.

Rep. J. Parnell Thomas (R-N.J.), later to go to jail for taking a salary kickback from one of his employers, was chairman of the Unamerican Activities Commitee on Aug. 10, 1948, when Ullman was heard.

Among the commitee members were Reps. Richard M. Nixon (R-Cal.), now the vice president, and Karl E. Mundt (R-S.D.), now a senator.

This is how it went between the committee and Ullman:

He refused, on grounds on possible self-incrimination, to say whether he was then or previously a Community Party member; whether he knew Jacob J. Golos, the "boss" of espionage courier Elizabeth T. Bentley who had begun talking to the FBI beginning in 1945.

Miss Bentley said Ullman was the principal photographer for the Silvermaster spy ring and worked in a photography room set up in the basement of the Silvermaster home.

In response to a question about whether he ever assisted Silvermaster in photographing government documents in the basement, Ullman said: "I did not assist in taking any pictures of government documents."

At another point, Nixon asked him: Miss Bentley has charged you helped set up a photographic laboratory in Silvermaster's home is that false? And Ullman replied: "I refuse to answer ... on the ground that it might tend to be self-incriminatory."

Miss Bentley said she had understood from talks with Ullman that he came from an "upperclass family" in Springfield, Mo., and among other things in a varied career before he landed in government had been a tennis pro.

When Nixon asked if he played tennis, Ullman started to invoke the Fifth Amendment, pleading possible self-incrimination, but never got to finish. Laughter drowned out his reply and he was excused immediately.

Government files show that Ullman joined the farm security administration in July, 1935, at $2,000 a year and stayed there until February, 1939, by which time his salary was $3,800. Then he moved to the Treasury, where he was hired by Harry Dexter White in the division of monetary research.

When the war came, Ullman was drafted in October, 1942, and wound up as an Army Air Corps officer. He eventually became a major and was stationed at the Pentagon throughout his Army career.

Miss Bentley said that, among other things, Silvermaster found out from Ullman in advance the highly-secret date of D-Day in Europe.

In October, 1945, he was discharged from the Army and went back to the Treasury. He resigned March 21, 1947. His close friend, Silvermaster, quit the following November.

Their long association of Washington carried over and the Senate subcommittee said Ullman still lives with Silvermaster, in Harvey Cedars, N.J.

ATOM CHIEF — Sir Edwin Plowden, of London, is the first chairman of Britain's new Atomic Energy Corporation. The new organization will take over atom development from the Ministry of Supply early in 1954. Plowden has been in government service since 1940.

Temperature Is Just Color to Worker

ROCHESTER, N. Y. (UP) — A human thermometer who tells temperature by color is Walter Ringwood, whose job is melting gold and alloys at approximately 2,000 degrees Fahrenheit.

The gold alloy is used in Sharon optical ware. Ringwood can tell the temperature of the molten mass within five degrees simply by peering at its orange-red "sunset" color.

If there is too much red, the alloy is too cool. Too orange, too hot. And there's a certain mixture of red and orange which means the golden soup is cooked just right for pouring.

Checked with a precision-built pyrometer, Ringwood's temperature estimates are found to be almost perfect. Pyrometers are not used consistently because they're too awkward for production purposes.

Pennsylvania Drivers Prefer Arrows to Rs

HARRISBURG (AP)—The Pennsylvania Highways Department says the average Keystone State motorist understands a directional arrow better than R and L symbols.

The departmet is substituting arrows for the Rs and Ls at all turns.

Schreiber Seeks Re-trial in Lapeer Eviction Case

North Pole Post Office OK'd by Summerfield

WASHINGTON (AP)—A new post office, North Pole, N. Y., has been authorized by Postmaster General Summerfield.

The fourth-class office will be located in a rural area between Lake Placid and Wilmington, N.Y., where there is a gift-making industry.

Charges Juror With Prejudice

Was Sentenced Oct. 19 to 18-Month Term for Obstructing Justice

LAPEER—Floyd Schreiber, one of 10 men accused of obstructing justice in a 1952 eviction case here, may find out this week whether his motion for a new trial will be granted.

The motion was made Monday by Schreiber's lawyer, Clem Bloch, charging juror Harry Dodds, Rich Township farmer, with bias. The motion contains an affidavit from Douglas Bennett, a Lapeer County farmer, that Dodds told him six months before the trial:

"Every one of those farmers should be behind bars."

Schreiber and nine other farmers were charged with obstructing justice in the eviction of Mrs. Elizabeth Stevens from her farm.

Schreiber was sentenced Oct. 19 to an 18-month term after conviction by a jury. Circuit Judge Anthony Quinn, who had been hearing the cases, took the motion under advisement.

Bennett, when asked why he didn't tell of Dodd's statement during the trial, stated he had told Bloch. The attorney told Judge Quinn he had been too busy during the trial and failed to realize the importance of the information.

Schreiber was granted 20 days grace on his conviction to await the birth of his ninth child and to harvest crops on his farm.

Erwin Russell, 60, another of the 10 defendants, was convicted last June 18 and is serving an 18-month sentence at Southern Michigan Prison. The Supreme Court denied him a motion for a new trial.

Orchard Lake Club Stockholders Meet

Stockholders of Orchard Lake Country Club held their annual meeting Tuesday night at the club and elected three new members to the board of governors and a new president and vice president.

New board members elected for three-year terms are George A. Jacoby, John L. McQuigg, and Malcolm W. Welty, all of Birmingham. Following the annual meeting the board elected Kenneth D. McGregor, Birmingham, president for 1954.

Other officers are Thomas F. Neal, Birmingham, vice president; Vaughn S. Garrison, Pontiac, secretary; and George H. Crane, Pontiac, treasurer.

Other business at the meeting was the announcement that the club had paid off it's mortgage and was completely free of debt. A new sailing fleet of "Y" type boats has been purchased and several other improvements are planned for 1954.

Mr. and Mrs. Jack Norwood were signed to manage the club for 1954 and 1955. Tommy Shannon will remain as golf professional.

Church Will Hold Supper at Drayton

DRAYTON PLAINS — A pancake supper and bake sale will be held from 6 to 7:30 p.m. Friday at the Community United Presbyterian Church.

Tickets are available from members of the Fellowship Class, sponsors of the event. Tickets also will be on sale at the door.

In charge of arrangements are Mr. and Mrs. Gerald Rustem, Mr. and Mrs. John Bougine and Mr. and Mrs. Ralph Shell.

U. P. Church Society Bazaar Tomorrow

AUBURN HEIGHTS—Booths of fancy work, baked goods, rugs, dishes and clothes will feature the United Presbyterian Church Missionary Society bazaar Thursday at 2 p. m. at the church.

Also highlighting the affair will be a greeting card booth, gift booth and a fish pond for children.

Starting at 5 p. m. a cafeteria supper offering turkey, roast beef and ham will be served. The affair is open to the public.

Bill to Increase Court's Scope

Municipal Judges Could Hear Damage Suits to $1,500

An amendment to increase jurisdiction of Oakland County's Municipal Courts from $500 to $1,500 will be presented to the Legislature in January by Rep. William S. Broomfield (R-Royal Oak).

"The immediate effect of the amendment," according to Broomfield, "will be to alleviate the present heavy work load of the three Circuit Court judges.

"I don't expect any opposition to passage of the amendment which will affect Pontiac, Royal Oak and Farmington Municipal Courts," Broomfield said.

Under such a setup those courts could hear civil cases in which damages up to $1,500 are sought.

"The next step in bolstering our present county court system is creation of a post for a fourth circuit judge," according to Broomfield.

"It's only fair to provide a sufficient number of judges for the needs of Oakland County residents," Broomfield said.

"We could use up to six circuit judges, based on the county's population," he declared.

"This county had three circuit judges more than 25 years ago but since that time the population here has more than doubled without any additions to the bench.

"I'm planning to request the Oakland County Board of Supervisors to let me appear before them in January and solicit their support for addition of a fourth circuit judge.

"Such an addition would benefit both the court and county residents in that case loads would be reduced for individual judges and cases could be brought to trial quicker," Broomfield explained.

New Phone Books Will Be Distributed

Michigan Bell Telephone Co. will distribute 45,000 new telephone books to Pontiac, Commerce and Drayton Plains customers this week.

The new books include 4,350 special Pontiac alphabetical editions for phone customers in Clarkston, Walled Lake and Oxford-Leonard, and 2,650 editions of the Pontiac-Rochester directory for Lake Orion subscribers.

"With hundreds of new listings, the new directory reflects the growth in this area," said E. J. Novak, Michigan Bell district manager. "In the past decade telephone service in Pontiac has increased 60 per cent."

District officials warned customers to remove papers or valuables stored in their present directories, as it is almost impossible to identify individual phone books after they are picked up.

Additional County News on Page 24

Drayton Plains Reflects Auto Age in Rapid Growth

The Dixie highway enters the picture at the lower right in the above airplane view of Drayton Plains, and leaves at the upper left center.

The Grand Trunk Railroad parallels the Dixie for a short distance, and leaves the picture at the lower left center.

Sashabaw road leaves the Dixie near the lower center and goes northward, crossing West Walton boulevard at the right center.

The Clinton River flows across the bottom of the picture, and Woodhull Lake can be seen near the top.

Drayton Plains derives its name from the fact that it is situated on a large tract of comparatively level land which some of its early settlers thought resembled such an area in their native, Drayton, England.

It is an unincorporated community in Waterford Township, six miles northwest of Pontiac. A population of at least 5,000 lives within an area no larger than some of Oakland County's villages and cities. It comes under the jurisdiction of the Waterford Township Board.

The first white settlement was made there because it was the place where the Saginaw Indian Trail crossed the Clinton River. The Foster, Perry and Durfee families were the first to locate there, coming in the early 1820s.

But it was not until Daniel Windiate came from England in 1835 that the settlement began to grow. In company with his son-in-law, Thomas Whitfield, he started the first water power saw and grist mill by impounding the waters of the Clinton River. That was in 1836, and the mill did business for the better part of a century.

They also built a hotel, started some other lines of business and erected several homes. The first store was opened in 1838 by William Beasley, also a son-in-law of Windiate.

The first school was opened in 1837 in a crude frame building, and Lewis Covert was the teacher.

The Drayton Plains post office was one of the first established in the county. The mail was handled by the stagecoaches on the Saginaw Trail, now the Dixie highway, on their way between Pontiac and Flint.

The area was not officially platte until 1860, when that work was done by Lewis L. Dunlap of Pontiac.

When the Detroit and Milwaukee Railroad, now a part of the Grand Trunk System, came through in the early 1850s, Drayton Plains became a prominent shipping point for farm products, and commenced a steady growth.

But the big impetus to its development came with the automobile and good roads era. Since the conversion of the Dixie highway into a four-lane pavement, the Drayton Plains area has enjoyed an exceptional growth.

Its business section now extends for over a mile on both sides of the Dixie, with many stores on side streets. Every phase of the mercantile trade is well represented.

In very recent years the area has experienced outstanding industrial progress, with new construction now under way that will greatly augment that phase of its development. This enables many of the residents to find employment at home, most of the others working in Pontiac.

County Deaths

Mrs. Lyle Borck

LAPEER—Service for Mrs. Lyle (Beatrice A.) Borck, 37, of 5194 Davison Rd., Elba, will be held at 1:30 p.m. Friday at Baird Funeral Home. Burial arrangements will be announced later. Mrs. Borck died early today.

Glenn E. Lyons

LAPEER — Service for Glenn E. Lyons, 49, 720 Church St., will be at 3 p. m. Friday at First Presbyterian Church, with burial in Mount Hope Cemetery. Arrangements are by Braid Funeral Home.

Mr. Lyons died early this morning in St. Joseph Hospital, Flint. He will be at the funeral home until Friday noon.

James Walter Bronson

INDEPENDENCE TOWNSHIP—Service for James Walter Bronson, 41, of 5135 Cecelia Ann, will be at 2 p. m. Friday at Free Methodist Church, Pontiac, with burial in Lake View Cemetery. Arrangements are by Coats Funeral Home, Drayton Plains.

Mr. Bronson died suddenly Sunday at home.

William Watson

AVON TOWNSHIP—Service for William Watson, 79, of 3016 St. Clair, will be at 12:30 Friday at Stone Baptist Church, with burial in Mooretown Cemetery. A graveside service will be held at 3 p.m. He died at his residence Tuesday.

He will be at the Dudley H. Moore Funeral Home, Auburn Heights, until 10:30 a.m. Friday.

William J. Bigger

ROCHESTER—Service for William J. Bigger, 73, of 116 E. Fourth St., will be Friday at 2 p.m. from Pixley Funeral Home, with burial in Mount Avon Cemetery. Mr. Bigger, Mount Avon Cemetery superintendent for several years, died at Pontiac General Hospital yesterday after a lengthy illness.

Jacob Henry Reichheld

WALLED LAKE—Service for Jacob Henry Reichheld, 78, a former long-time Walled Lake resident, will be held today in Lakeland, Fla. He died in Lakeland Monday.

Memorial services and burial will be at Ridgetown, Ont.

Francis E. Livingstone

SOUTHFIELD TOWNSHIP — Service for Francis E. Livingstone, 74, of 21605 W. 12-Mile Rd. will be at 2 p. m. Friday from the Kinsey Funeral Home, Royal Oak, with burial in Roseland Park Cemetery. He died Wednesday at the Meinke Hospital, Hazel Park.

Christ Lutheran Guild to Hold Christmas Party

WATERFORD TOWNSHIP — Election of officers and a Christmas party will highlight a Christ Lutheran Church Ladies Guild meeting here today.

Meeting will be at the parsonage at 328 Sebaldt St., at 8 p.m. The group will exchange gifts. Hostesses will be Mrs. Otto Duguid, Mrs. C. L. McLaughlin and Mrs. A. Anderson.

County Calendar

Oxford

Mr. and Mrs. J. R. Edwards of St. Petersburg, Fla., announce the birth of a daughter, Nancy Ellen, on Nov. 12. The Edwards are former Oxford residents.

Report Progress Here in Union-Bus Negotiations

"Progress was made" yesterday at a contract negotiation meeting between Pontiac City Lines and representatives of its union employes, according to Earl W. Dreasher, the bus company's superintendent of transportation.

The discussion was conducted by the State Labor Mediation Board, Dreasher said, and another meeting was set for Dec. 11. The bargaining union is Local 1097, Amalgamated Association of Street, Electric and Motor Coach Operators.

Kremlin Pulls Twin Act Thousands of Miles Apart

By PHIL NEWSOM
United Press Foreign News Editor

Two sudden Communist reversals of form were separated by thousands of miles of geography, but in reality were as close as two peas in a pod.

One was Russia's sudden offer to participate in a four-power conference with the United States, Britain and France. The other was the unexpected hint that peace might be negotiated in Indochina.

An interesting point in the Communist strategy is that both moves were directed at France—a secondary target in the Communist scheme which still must regard as its first target the prevention of a rearmed Germany.

The Russians have hit at what they regard as the weakest link in the defensive armor being forged against expanding communism.

So long as France stalls on ratifying the six-nation European Army, which would include 500,000 German troops, so long can Russia prevent German rearmament.

The French are perfectly willing to admit in theory that Germany—or in this case, West Germany—cannot remain forever a power vacuum, and, further, that for adequate protection against any sudden armed thrust by the Communists German troops are needed.

But the lamb does not lie down with the lion, and the French, after three wars in less than 100 years with Germany, do not easily lose their suspicions and fears of the German war machine.

On the other hand, the European Army cannot become a reality without France which is the natural storehouse and corridor for supplies and which, if hostile, could render impotent any army in Germany faced to the East—i.e., against Russia.

Therefore, the latest Communist strategy, loosed on the eve of the Big Three conference in Bermuda.

A hesitant and unwilling France can make impossible much of the work that President Eisenhower and Prime Minister Sir Winston Churchhill hoped to do.

So the Russians played on France's greatest weaknesses.

By agreeing to the four-power foreign ministers' conference they offered the hope of a German peace treaty and an easing of world tensions which would make German rearmament unnecessary.

When their Indochinese puppet Ho Chih Minh held out in a newspaper interview the hope of a negotiated peace in Indochina, the war-weary French were only too willing to seize that as another proof that the olive branch really was being offered.

The Russians fear the traditional German "drive to the east" and have said all along they will never stand for a rearmed, independent Germany.

But the West, driven by broken Russian promises and Russia's own "tough" policy, has been equally determined to build a defensive bulwark.

The result has been stalemate and a sudden switch in Red tactics, if not policy.

First outward signs have been the four-power meeting proposal and the vague hopes held out for the Indochina war. There is no real sign that the Russians have changed in any way their long-range policies. But there may be more surprises in store.

Ducking a Duck Risky Business for Driver

MANSFIELD, O. (UP) — A duck waddled across State Route 545 early one morning here and chaos resulted.

Charles R. Crawford saw the duck too late to slow down as he drove along the road. He swerved left instead.

The swerve was too sharp. He went up a 16-foot embankment and ripped through the lawn of a home on top. He tore off the front steps and pulled chunks off the sidewalk before plunging down another embankment, back across the road and into a private drive where his car stopped.

Crawford was not hurt, but the car's acrobatics turned out to be useless. He had hit the duck on the first swerve and it lay dead in the road.

Teacher's First Salary Outdoes Business Girl's

EVANSTON, Ill. (UP)—Women teachers make more money in their first jobs than college graduates who choose a business career, a survey of 1953 graduates of the National College of Education shows.

The survery by a group of businessmen associated with the colleges showed the average teaching salary offered a graduate was $3,200 for a 10-month year. The range was from $2,950 to $3,800.

The average salary offered by 21 Chicago area business firms was $2,904 for a 12-month year.

Albin Carlson, survey director and executive vice-president of Associated Telephone and Telegraph Co., said, "The survey satisfied us that beginning salaries for women teachers are adequate as compared with business. It is generally known that the top in business, of course, will be much more than the top in teaching, but few women are interested in a lifetime career."

About one-fifth of the area of the world is permanently frozen.

ON DISPLAY TOMORROW—THE NEW 1954 LINCOLN

newly designed for modern living-completely powered for modern driving

IT'S HERE. The newest, most beautiful model of the car that is taking America's motorists into a new era. It is the incomparable new Lincoln for 1954—the one fine car which marks the growing trend to modern living on wheels. In fact, Lincoln fine-car sales have doubled in two short years!

There is distinctive new beauty wherever you look—a new bumper-grille combination, new rear end styling highlighted by new taillights, a longer, lower look all over. Now—you can choose from an array of colors inside and out, from brilliant yellow to black or royal red. You can have rich nylons, broadcloths, gabardines; you can even have leather in four-door sedans!

As for performance, you've *never* experienced anything like Lincoln's 1954 high-compression engine. One of the world's most efficient power plants, it has been improved with a new 4-barrel carburetor. You'll never believe that an automobile can *do* so much with so little effort until you try Lincoln's V-8 engine, its new oversize brakes and optional power features. Lincoln's power steering, power brakes, and 4-way power seat can be yours for the last word in motoring convenience.

Your eyes can tell you that this new 1954 Lincoln has been wonderfully designed for modern living. But you cannot appreciate the effortless action until you try a Lincoln or a Lincoln Capri yourself. Ask us for a demonstration at your convenience.

Don't miss the big television hit, "TOAST OF THE TOWN" with Ed Sullivan. Sunday evening, 8:00-9:00, WJBK, Channel 2.

Hall, Heady Refuse 250 Pounds of Mail

JEFFERSON CITY, Mo. (AP)—Missouri State Penitentiary officials say 250 pounds of letters and telegrams have been sent to Carl Austin Hall and Mrs. Bonnie Brown Heady, the kidnap-killers of 6-year-old Bobby Greelease.

But none of it has been delivered—at the kidnapers' request. They said they didn't care to see any of the mail.

Prison officials said most of the letters checked appeared to come from cranks and persons who wanted to thrust their religious views on the pair who will die in the state gas chamber Dec. 18.

Pick Oklahoma for Filming of Musical Hit

By BOB THOMAS

HOLLYWOOD (AP)—Oklahomans can rest more easily. "Oklahoma!" will be filmed in their state. Also in Arizona and California.

Some sooners had been wrought up over reports that the film version of the hit musical would be shot on locations in Iowa or elsewhere. I have the assurance of Arthur Hornblow, producer of the film for Rodgers and Hammerstein, that such sacrilege will not take place.

I lunched with Hornblow at Romanoff's and learned many things about the ambitious project. Not too much about the new filming process, Todd-AO, however. Hornblow says that is the province of its namesake, Michael Todd, the mercuric producer.

"We definitely will shoot near Claremore, Okla., which is the actual locale of the story," reported Hornblow, an eager, articulate fellow.

"We toured all over the state, shooting thousands of feet of film—an actual panorama of that country. We found some wonderful scenes.

"During our research for the film, we have learned a great deal about corn (not the kind comedians purvey). We have discovered that they actually have corn as high as an elephant's eye in Oklahoma. Even as high as a giraffe's eye.

"But not all our locations will be filmed there. The play, you see, was centered mostly at one ranch and the site of the hoedown. Inbroadening the story to fit the screen, many outdoor possibilities fell naturally into place.

"For instance we will shoot the corn and wheat fields in Oklahoma. There will be cattle scenes, filmed in the San Rafael Valley, near Tucson, Ariz.

And we have added a lake to the story. That part will be made in Northern California. The rest will be shot in Hollywood."

More information about the film version of "Oklahoma!": The script, authored by Sonja Levien and William Ludwig, has already been finished and approved.

All the songs from the play will be included. Agnes de Mille has been signed to re-create her dances, but on a scale fitting the scope of the movie screen.

Fred Zinneman, whom Hornblow rightfully calls "the hottest young director in the business," will direct. He's the fellow who did "High Noon" and "From Here to Eternity."

This will be his first movie with music (Hornblow doesn't think it should be called a "musical").

No one has been cast for the parts, although press agents have been busy mentioning their clients as being signed. Tests are being made on both coasts, and R. and H. may choose big names or unknowns. They have complete say-so, naturally. Production is expected to begin in March.

I managed to glean some info about the Todd-AO process. Todd was one of the developers of Cinerama, but broke away from that storm-tossed organization. He joined with Dr. Brien O'Brien and the American Optical Co. in developing a new filming method.

It has been kept under wraps, having been shown only in a theater in Buffalo, N. Y., near the AO plant.

Cinerama and Cinemascope are wide screen methods. Apparently Todd-AO is not. It is also projected on a big, curved screen, but the proportion is much the same as ordinary screens. It's bigger, that's all.

"Because the screen is also tall," Hornblow remarked, "we have a great opportunity for beautiful cloud effects. You will see some of the greatest clouds ever put on a screen."

Kalamazoo's Santa a Man of the Times

KALAMAZOO (AP) — Santa is a conformist. He knows that this is 1953, the age of the rocket, the atom, the knee-length dress, etc.

He'll open this city's Christmas season tonight, arriving by helicopter and landing in a downtown parking lot. He will then be driven to the city hall steps for a Christmas program.

Getting back to tradition, and acting his age, Santa will then light the Christmas tree and give out gifts to small children. Then he'll listen to carolers.

Oh yes—if the weather's bad, he'll come here from Chicago by train.

The number of trailer parks in the United States is increasing at the rate of about 1,000 a year.

State Youth Body to Study Juvenile Delinquency

EAST LANSING (AP) — Gov. Williams asked the Michigan Youth Commission yesterday to undertake a special study of juvenile delinquency.

Complimenting the group on functioning for four years, longer than most governors' study commisisons, Williams said he knew that the commission had delved into the field of juvenile delinquency already.

But, he said, "because of the public importance of finding some solution to the problem and because of the intense public concern and interest in this problem, I am going to ask the chairman of the Youth Commission and the particular committee chairmen concerned to consider whether it wouldn't be helpful either to specially constitute this particular committee or set up a specific subcommittee to bring together the best thinking in the field, so as to be able to advise the governor and perhaps the Legislature as to what steps might properly be taken at this time to cope with what is becoming a matter of increasing national concern."

He also suggested that the commission go to work again to secure construction of a children's mental hospital.

If the earth were reduced to the size of a billiard ball it would not quite as smooth as a standard billiard ball.

Churchill Flies to Bermuda

Laniel Is Due at Big 3 Meeting Site Thursday, Eisenhower Friday

TUCKER'S TOWN, Bermuda (AP)—Britain's Prime Minister Churchill winged over the Atlantic today to the Big Three meeting here which he hopes will be a major step toward the last big goal of his crowded 79-year-life—lasting world peace.

French Premier Laniel was expected tomorrow and President Eisenhower Friday. An authoritative source reported the U.S. Chief Executive hoped to win France's ratification of the European army pact with an assurance America would maintain its present "combat effectiveness" in Europe if France okayed the army plan.

Churchill's American-built Stratocruiser, which left London late last night, was scheduled to refuel at Gander, Nfld., and arrive in Bermuda in mid-afternoon.

This holiday spot's worst recorded storm blew out to sea in advance of Sir Winston's arrival after drenching the island yesterday with 3½ inches of rain in just an hour. A fresh northeasterly wind brought clear weather.

* * *

The most stringent security regulations in Bermuda's history were set up to guard the Big Three during their talks, which begin Friday. Troops, barbed wire and other devices ringed the conference headquarters, the Mid-Ocean here, to make it as nearly spy-proof and assassin-proof as possible.

Churchill, whose principal aim is to sell Eisenhower and Laniel the idea that Russia might now agree to a live-and-let-live policy betwen East aned West, appeared likely to run into an American roadblock in any atempt to concentrate initially on world problems in general.

The Americans reportedly plan to demand attention first to what they consider the prime question facing the free world—French ratification of the European Defense Community Treaty.

Thimayya Stays Neutral Even in Choice of Cars

PANMUNJOM (AP)—Lt. Gen. K. S. Thimayya, Indian chairman of the Neutral Nations Repatriation Committee, believes in real neutrality—especially where his transportation is concerned.

When he visits POW camps holding anti-Communist prisoners he rides in an American-built black sedan. But when he visits the camp where Allied prisoners reportedly refusing repatriation are held, he rides in a Russian-built sedan.

Puerto Rico raises about a million tons of sugar annually.

Port Huron-Sarnia Car Ferry to Run

SARNIA, Ont. (AP)—The first car-ferry in the new service to be inaugurated by the Chesapeake and Ohio Railways is scheduled to start between Sarnia and Port Huron Dec. 14, M. M. Cronk, vice-president of the company announced today.

The car-ferry installations cost about $2,000,000 and work has begun on a $45,000 Sarnia Yard Office and Custom building.

The new service will provide a route from Saginaw to St. Thomas via Port Huron and Sarnia, 27 miles shorter than the present run through Detroit.

92-Year-Old Man Files Compensation Claim

CHICAGO (AP)—A 92-year-old man who still works daily filed a claim under the Illinois workmen's compensation law yesterday.

David R. Steffey wants compensation for a broken leg he suffered when he slipped on a water meter plate Nov. 6 in the building occupied by his employer, the General Produce Co.

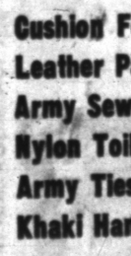

Kenneth Hecht, Steffey's attorney, said officials believed Steffey probably was the oldest worker ever to file a claim under the Illinois State Compensation Act.

Has Science Discovered NATURE'S SECRET of BETTER HEALTH, LONGER LIFE?

How is it many older folks seem to enjoy some secret way to extra vitality, less sickness, longer life? They know what scientists now say is the *inside* way—the natural way—to help you enjoy your birthright of longevity and health. It can do two big things for you, too; help to prevent and relieve many illnesses that once stumped doctors; help to build you up mentally and physically for many years of happy, buoyant living!

What's the secret? Good nutrition—that you are sure includes A PLENTIFUL DAILY SUPPLY OF "C." It's a fact that doctors now believe "C" to be the key to much more than ever dreamed of! And you can depend on, pure C-TONE, the natural vitamin C tonic, to bring you all the rich, natural "C" your body needs—as nature made it! Not a synthetic, not a dehydrated powder, not a tablet. C-TONE is tasty liquid—a pure natural extract—so concentrated that one tablespoonful supplies twice your minimum daily "C" requirements. You also benefit from other natural vitamins and ACTIVATED ENZYMES—Nature's "spark plugs" so vital to life itself! *Be sure you take it every day—Because "C" is the vitamin your body can't store up! Take home a bottle of* C-TONE *and get your whole family started on this rich, pleasant-tasting, natural supplement today!*

C-TONE

the only natural Vitamin C tonic on sale at

Natural Health Food
88 Wayne St., Pontiac

Send me at once "C-TONE." I enclose $5.00 plus 15c postage and 15c Mich. Sales Tax.

Navy Clams Up on Atomic Data

Personnel Is Warned Against Even Repeating Previous Remarks

WASHINGTON (AP)—The Navy is ordering its personnel not even to repeat previous public statements on atomic matters unless they are "checked in advance" with the Atomic Energy Commission.

It is circulating an ironclad interpretation of the broadly worded request by the White House recently that atomic energy comments by government officials be checked first with the AEC. The Navy order forbids even the issuance of a denial of a published report unless prior approval is obtained.

* * *

The Navy circular states that all statements must be channeled through the assistant secretary of defense for legislative and public information affairs, Fred Seaton, for clearance with the "appropriate" agency of government (the AEC), and then specifies:

"This applies to the entire field of information with regard to nuclear weapons including capabilities, characteristics, numbers, employment, distribution and storage.

"It applies to discussion, confirmation, elaboration, amplification or refutation of statements in this field which have already been made public as well as statements containing material not hitherto published."

* * *

The Navy was the first of the armed forces to come up with its own interpretation of the atomic information order.

The Air Force has sent out reprints of the President's statement to its personnel. The Army has made no move as yet to issue an interpretation of the White House policy.

Selfridge Officer Dies of Gun Wound

MT. CLEMENS (UP) — First Lt. Walter C. Jones of Milwaukee, Wis., died at the Selfridge Air Force Base Hospital Tuesday night shortly after he was shot in the bedroom of his home at nearby New Baltimore.

Jones, 31, served in Alaska before being transferred here in 1951 as a weather officer. His wife, Virginia, said he was in the bedroom alone when she and their three children heard a shot. She said they found Jones on the floor with a bullet wound in his chest.

The air force said it was investigating the shooting but gave no further details.

State Ferries Begin Early Winter Schedule

LANSING (AP)—The early winter schedule for state ferries at the Straits of Mackinac has been placed in effect.

The State Highway Department said it will operate two boats on the schedule until the regular winter schedule goes into effect Jan. 1.

Until then, boats will leave Mackinaw City and St. Ignace at 6 a.m. daily and each hour and a half thereafter throughout the day and night.

FABRIC GIFTS—This room can be cheerful as well as beautiful and useful. This bed sheet is showered with squares and dots in multi-color on percale. The pillow case matches.

Household Linens Solving Gift Problems for Many

Household linens, especially the new sheets and pillow-cases decorated with allover patterns, make welcome gifts for any woman. They needn't involve a large expenditure either, if your Christmas cash is limited.

Beautiful new patterns in bedspreads are available to match any decor you choose. Colonial patterns blend nicely into a room dominated by a four-poster. Elizabeth-rich fabrics fit into period settings as if they'd been handed down through the years.

From South America and the Caribbean cultures have come designs that make bright spreads for casual rooms, day beds, studio couches.

Less expensive are new designs in bed sheets. The contour sheet, fitting the mattress like a glove, is still on the best-seller list. And there's something new.

It's a startling sheet-and-pillow-case set loomed by Bates Mills. The fabric is percale, glowing with a pattern in color. Your choice of polkadots, fourleaf clovers or a design in squares.

This set would make a fine household gift for the guest room or for that teen-aged lass whose bedroom is alive with movie stars' photos.

New tablecloths, too, are on display as Christmas gifts. Look them over. They can turn mealtimes into state occasions and, like soft music and candlelight, transform the humblest fare into a banquet.

Most automotive plants specialize in a particular part and do not turn out completed automobiles.

24 Books Acquired by Pontiac Library

Twenty-four new books have been received by Pontiac City Library, according to Librarian Adah Shelly. The books, fiction and non-fiction, are:

Adult Fiction
Bridle the Wind, Julia Davis
Except the Lord, Joyce Cary
Gold Is Where You Find It, J. B. Hendryx
Green Rose of Furley, H. C. Barney
The Hadden Sisters, S. P. Thompson
Hallow Silver, H. T. Miller
Homecoming, B. M. Dahl
Mrs. Lorimer's Family, Molly Cleverling
Return in August, F. D. Stong
Shim, Reuben Davis
The Southerners, Mrs. E. L. M. Lee

Adult Non-Fiction
Cowhand: The Story of a Working Cowboy, F. B. Gipson
Esar's Joke Dictionary, Evan Esar
Esquire Etiquette, Esquire
Fabulous Chicago, Emmett Dedmon
Report on the Atom, G. E. Dean
The Rivers Ran East, L. P. Clark
Sermons I Love to Preach, E. D. W. Jones
Shakespeare, His World and His Work, M. M. Reese
Television and Radio Repairing, John Markus
A Treasury of Catholic Thinking, R. L. Woods, ed.
Vagrant Viking, Peter Freuchen
Willa Cather, a Memoir, E. S. Sergeant
The Young Woman in Business, N. B. B. McLean

Detroit Ordinance Head Is Transferred to Europe

WASHINGTON (AP)—Brig. Gen. Carroll H. Deitrick, commander of the tank and automotive center at Detroit, will go to Europe on a new assignment in January, the Army announced yesterday.

Deitrick's duties will be made public by United States Army headquarters in Europe. He has been in the Detroit post since July, 1951. A native of Watsontown, Pa., Dietrick served in Washington and in Europe during world war.

Pedestrian Is Killed

DETROIT (UP)—Thomas W. McBean, 56, was killed when struck by a car late Tuesday while walking home from a store in Dearborn township. The driver, Keith Heidenrich, 18, Wayne, was not held.

Detroiter Fatally Hurt When Struck by Auto

DETROIT (UP)—James Frazier, 65, died at Holy Cross Hospital early today three hours after he was struck by a car driven by Calvin Losey, 29, Big Beaver.

Losey, who was to make a formal statement to police later today, said Frazier stepped into the path of his car while crossing a street in northeast Detroit. He said he applied his brakes and swerved in an unsuccessful attempt to avoid hitting him.

The Congo region of Africa has a race of dwarf elephants only half the normal size of such pachyderms.

Student Post Asked

ANN ARBOR (AP)—A request for the establishment of a University of Michigan vice president of student affairs has been made by the University's Interfraternity Council. Dean of Students Walter B. Rea was suggested for the post.

About 70 per cent of the weight of the body is water.

New Power! New Economy! New Performance!

NEW CHEVROLET TRUCKS FOR '54

Whatever you haul or deliver . . . whatever the truck model or size you need . . . here's news that's too important for you to miss

Here's news about the most powerful, finest performing, best-looking Advance-Design trucks ever built—completely new Chevrolet trucks for '54.

You'll find that these great new trucks are packed with brand-new features you need and want. They're engineered to do your hauling or delivery job faster, more easily, more efficiently.

Come in and see the trucks with the most new features . . . new 1954 Chevrolet Advance-Design trucks.

The big news is in these big new features—

New Engine Power. New operating economy! Brawnier "Thriftmaster 235" engine. Rugged "Loadmaster 235" engine. Mighty, all-new "Jobmaster 261" engine.*

New Comfortmaster Cab. New one-piece curved windshield provides greater visibility. New instrument panel is easier to read and the controls easier to reach.

New Automatic Transmission.* New truck Hydra-Matic transmission is offered not only on ¾- and ½-ton Chevrolet trucks, but on 1-ton models, too!

New Ride Control Seat.* Seat cushion and back move as a unit to "float" you over bumps.

New Heavy-Duty 3-Speed Transmission.* Brings you the added convenience of a steering column gearshift lever on 1-ton models.

New Chassis Ruggedness. Heavier axle shafts on 2-ton models. More durable clutches on light- and heavy-duty models.

New, Bigger Load Space. New pickup bodies have deeper sides . . . new stake bodies are wider and longer.

New Advance-Design Styling. New front-end is more massive in appearance. New parking lights show the full width of the truck.

**Optional at extra cost. Ride Control Seat is standard on C.O.E. models, available on all other cab models as extra equipment.*

Good Food Marks 'Frisco Since Day of Gold Miners

SAN FRANCISCO (UP) — San Franciscans learned to eat well 100 years ago when the gold miners came to town for a fling.

This habit of good food has resulted in a concentration of some of the world's finest restaurants in the one and a half square miles from the heart of the city along the bay to Fisherman's Wharf.

Only a few blocks from the fresh fish stalls at the wharf lies the famous Italian North Beach section where five-course dinners start with appetizers of small peppers, garbanzo beans, olives, crab and salami.

There, too, couples stop after the theater for pizza or capuccino, a drink of steaming hot chocolate and cognac.

Typical of gourmet delights is veal scallopini as served by Chef Loui Tozzi in the old-world inn atmosphere at Veneto's.

For two persons he flours and browns in olive oil 10 ounces of thin, pounded young leg of veal cut in two by four inch strips.

He then adds three or four pieces of rosemary, oregano and finely ground chili pepper together with salt and peper, one-half cup of chopped green onions and one cup sliced fresh mushrooms.

He sautes this for 10 minutes, then adds three ounces of white wine and lets the dish simmer for 20 minutes.

In the downtown area is the Paris Louvre, home of flaming brandied desserts, and India House, featuring curried shrimp, crab, chicken and lamb.

To the left on Telegraph Hill is the bohemian German dining spot, the Shadows.

Atop fashionable Nob Hill, Mexican dishes are found in the Fairmont Hotel's Papagayo Room.

Nestled in Old Chinatown at the foot of the hill is the Lamps of China.

Not far away is Yamato's Sukiyaki restaurant, where guests sit on the floor Japanese style and try chop sticks.

In the heart of the city prime rib of beef is featured at the Clift Hotel's Redwood Room, rum drinks and Rangoon crab in the Polynesian atmosphere of Trader Vic's and Armenian delicacies at Omar Khayyam's.

St. Julien's in the city's financial section, serves abalone steak rolled in flour and egg and fried quickly in butter.

The landmark Palace Hotel features another dish native to San Francisco, salad as interpreted by Chef Lucien Heraud.

On a bed of lettuce is scattered chopped egg. In the center a tomato slice is topped by a large cooked artichoke heart filled to level with vegetable salad (string beans, cauliflower, asparagus tips and peas).

The whole is covered with a dressing made by combining one pint mayonnaise, two tablespoons each of catsup and chili sauce and one teaspoon each of chopped parsley, tarragon leaves, chives, green pepper and pimento.

City Has Difficulty in Finding Firemen

Pontiac is having difficulty finding qualified men to serve as firemen, according to City Personnel Director James R. Stelt.

"We have only one vacancy at present," Stelt said, "but we have no backlog of applicants and the addition of two firemen is proposed in the 1954 budget."

Beginning salary for firemen is $3,822, with a 5 per cent increase included in the proposed 1954 budget.

Candidates take a medical examination, a written test and a physical efficiency test including ing exercises.

Applicants must be between 21 and 28 years old, but veterans may deduct time in service from their age. A high school diploma is necessary and the man must be a resident of Pontiac.

Applications and further information are obtainable from the personnel office in Pontiac City Hall. All applications must be in by Dec. 7.

More Generous Than He Intended to Be

CHILLICLOTHE, Mo. (AP)—Hal Glick thought it was odd that the girl collecting clothes for the cleaners was wearing shorts. But when she knocked at the door he gave her his wife's good winter coat and two pairs of his trousers.

Mrs. Glick solved the mystery. She rescued the clothing from the church basement where girls were collecting "Clothes for Korea." Not "clothes for the cleaner."

Gen. Hull Inspects Pusan

PUSAN, Korea (AP)—Ge. John E. Hull, Allied Far East commander, flew to Pusan from Tokyo today for a personal inspection with President Syngman Rhee of last week's disastrous 40-million-dollar fire.

Air Force Plane Sets Record Carrying Cago

SAN ANTONIO, Tex. (UP)—The XC99, world's largest land-based airplane, has set some cargo-hauling records that other Air Force and commercial aircraft will find hard to beat, according to the plane's commander.

The XC99 flew 1,552 hours during 12 months ended June 30, said the commander, Capt. J. M. Pittard. It carried an aggregate payload of 15,557,440 pounds over a total distance of 286,013 miles in 201 flights.

The ton-miles carried for the fiscal year totaled 11,893,389.83 with an average cost of 13.12 cents per ton-mile. Direct maintenance costs — fuel, oil and crews—averaged 2.38 cents per ton mile.

Best loading time for the XC99 so far has been one hour flat to load 82,998 pounds of air freight. Best unloading time is 45 minutes for 88,599 pounds of cargo.

"The performance of the XC99 during the past fiscal year has gone far to prove the value of heavy long-range cargo support aircraft," said Maj. Gen. Clements McMullen, commander of Kelly Air Force Base, where the plane is based.

Family Helping Second Generation From Korea

BURLINGTON, N. J. (AP) —, Mr. and Mrs. Russell L. Burley today are hosts to a young Korean girl whose father they had befriended 17 years ago. Miss Choon Ja Park of Pusan, Korea, is here to attend high school.

The Burleys 17 years ago aided her father, the Rev. Yune Sun Park when he studied at Princeton Theological Seminary and Westminster Theological Seminary in Philadelphia.

Miss Park's goal is to head a girls' school in Korea.

Drugs Offer Aid to Heart Victims

Anti-Coagulants Might Have Saved 640,000 in Past 10 Years

ST. LOUIS (AP) — Blood-thinning drugs might have saved 640,000 Americas who died of heart attacks in the last 10 years—a life every eight minutes—a physician said today.

The drugs, anticoagulants, help dissolve or prevent blood clots which block the main artery to the heart. Dicoumarol and heparin are main examples.

How they have proved their dramatic lifesaving ability was described today to the American Medical Assn. by Dr. E. Sterling Nichol of Miami, Fla.

In 10 years, probably eight million Americans have been stricken with these heart attacks, he said.

"If anticoagulants had been used in all cases, the death rate would have been reduced from 24 to 16 per cent, which means 640,000 lives might have been saved. Atually, less than one fifth of the cases were treated, but even so at least 100,000 probably have been saved."

* * *

The drugs can work if given before, or even after some heart attacks, Dr. Nichol said. The heart attacks often give warning signals, hours or even weeks before the damaging blockade of the heart. Certain pains are a main warning signal.

The drugs must be used carefully, to prevent hemorrhage from too-thin blood, Dr. Nichol cautioned. They and other drugs now are being studied also in thousands of patients as a means of preventing later heart attacks.

In another significant report, Dr. Savid B. Morgan of Kansas City said certain types of chronic, itchy skin eruptions may often be caused by not eating enough proteins, such as meat, eggs and fish. Bed sores, slow healing of surgical wounds, and some serious skin diseases also can often be benefited by eating more protein, he added.

Begin New Post Office

YPSILANTI (AP) — Ground has been broken here for a new branch of the U. S. Post Office. A modern brick and cement block structure is expected to be completed early next year.

Happy Is The Day When Backache Goes Away . . . .

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Diamond Salt Company Official Dies in St. Clair

DETROIT (UP) — Fred W. Moore, chairman of the board of Diamond Crystal Salt Co. of St. Clair is dead today at the age of 77.

A lifetime resident of St. Clair, Moore died after a long illness for which he was operated on last week. A member of a prominent St. Clair family he was an alderman at 21, mayor at 35 and served for 32 years on the county road commission, seven of which he was chairman.

Michigan State Poultry Teacher Leaves Faculty

EAST LANSING (UP) — Carl C. Card, head of the Michigan State College Department of Poultry Husbandry since 1924, retired from the faculty Tuesday.

The 61-year-old educator was granted a disability retirement because of ill health.

THE LITTLE TREE THAT TALKED — By WALT SCOTT

Sex Segregation in Class Harmful

Sociologist Says Youth Should Study Gender Together

CARBONDALE, Ill. (UP)—Teenagers should not be segregated into male and female classes when it comes to studying sex, according to an Illinois sociologist.

Dr. Herman Lantz, sociology professor at Southern Illinois University, said that when the facts of life are taught to individual sex groups, education for marriage and parenthood takes on an unhealthy and secretive aspect.

"Only through mixed groups, under the leadership of a mature teacher, can students feel at ease to go about their study of dating, courtship and marriage in a matter-of-fact manner," Lantz said.

He said another danger of such courses is that ill-prepared teachers often resort to platitudes and common sense generalizations which add little or nothing to students' knowledge.

Some teachers, in their ignorance of how to instruct youth in matters relating to marital life, resort to meaningless risque jokes and purposeless bull sessions," Lantz said.

Such sessions, he said, may increase the teachers' popularity for the moment but be "bone-dry of scientific information the student needs."

Lantz said study of sexual anatomy and functioning should be brought into a course incidentally and should be handled by persons specifically trained, such as a physician.

"We must not indoctrinate our students with erroneous information that sex is the all-important aspect," he said.

Two From Grand Rapids Die in Separate Mishaps

GRAND RAPIDS (UP)—Two Grand Rapids residents, a 43-year-old mother and a 24-year-old Korean war veteran, died Tuesday as a result of injuries in separate automobile accidents.

The victims, Mrs. Arthur L. McWethy, mother of two, and Lewis E. Millard, raised to 44 the number of traffic deaths in Kent County this year.

Honored at Banquet

MUSKEGON (UP) — "Outstanding service and leadership" for 31 years as secretary manager of the Muskegon Chamber of Commerce brought John C. Beukema community tribuate last night at a civic banquet.

MSC Students Establish Loan Fund for University

EAST LANSING (UP) — Michigan State College is up a loan fund to help needy students attend the University of the Ryukyus, an institution on Okinawa Island "adopted" by MSC.

The college said $100 will maintain a student for a full year at the island college.

The college asked persons interested to send funds to the MSC comptroller. They will be turned over to the Ryukyus University Foundation Board.

Alligator Squirms Out

HAMDEN, Conn. (UP)—An escape artist slipped through the hands of police. They found a one-foot alligator on a lawn and took it to headquarters for safe keeping until claimed. Placed in a cell, the alligator squirmed through the bars and headed for freedom.

Repatriated Jap Tells of Slavery

Describes Hardships as Prisoner in Russian Camps 8 Years

By SHINOBU HIGASHI

MAIZURU, Japan (UP) —I was shocked when I saw "Ivan Ivanovitch" Nishio. He had come home at last—one of 811 prisoners of war and civilians released from eight harrowing years of captivity in Siberia.

We had parted five years ago in a desolate prison camp in central Asia. I came home to freedom. He was kept behind.

Five long years of hardship were etched deeply into every feature of his once handsome face. His eyes were sunken. His face was lined from the raw cold of the Siberian winter. His jaws were set in a mold of premature old age.

* * *

Five years ago we slept side by side on a thin straw mattress in our prison bunks. Five years ago we ate the same tasteless millet mush and the same sour prison soup from a single kettle set between us.

Now he had returned.

"In May 1949, they finally got me," he said. "I was tried and sentenced to 25 years imprisonment.

"They sent me to a prison camp near Taishet. That's the junction of the new Baikal-Amur Railway at its western end with the Trans-Siberian line.

* * *

"This was a camp for political prisoners. Our old camp in central Asia was paradise compared to it. It was one of hundreds, set at 5 to 10 kilometers (about 3 to 6 miles) distance along the Baikal-Amur Railway. Many of these were occupied by Russian political prisoners and German war criminals.

"Our work was logging. In the summer the gnats were so thick you couldn't see a foot ahead. When we ate lunch our soup would be black with dead gnats floating on the surface in a few minutes. At first we used to pick out the insects but it was hopeless. And besides we were losing too much of the precious soup. We soon were drinking soup and gnats together.

"The insects could bite too. We wore nets while we worked, but if there was a small tear in the netting the gnats would get in and a man's face would change shape completely in a matter of minutes, from the bites.

* * *

"In the winter it was utterly cold. That part of Russia is the coldest place in the world. Almost every day we worked in weather 45 to 50 degrees below zero centigrade (down to 58 below Fahrenheit).

"Many of us died.

"Our food was unmilled rye, cold dried herring, tough as leather, and dehydrated carrots. We were forever hungry. When we got to work we peeled off the bark of pine trees and ate the inside lining. It was sweet and tasted wonderful. We also ate lichens.

"The guards were brutal. We were kicked and abused.

"We could not talk, smoke, fall out of step, pick up anything from the ground or change ranks in our march to work—over difficult corduroy roads for distances of five to six miles.

"There was no medicine, no doctors. Once you got sick you were as good as dead. You had to go to work just the same."

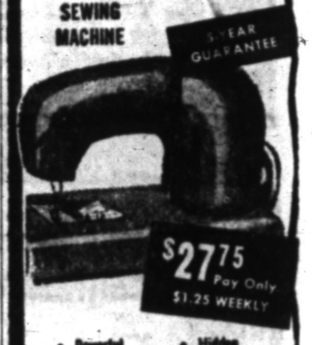

—Ivan Ivanovitch looked at me and smiled wanly: "You sure were lucky to get back when you did."

Heads Real Estate Board

GRAND RAPIDS (UP)—Joseph W. Hertel of Grand Rapids last night was reelected president of the Grand Rapids Real Estate Board.

25 SOUTH SAGINAW

PONTIAC'S MOST BEAUTIFUL FURNITURE STORE

Final No. 2 Rating May Fire Irish Against SMU

Doubly Honored!

Lattner Wins Heisman, Maxwell Grid Awards

SOUTH BEND, Ind. (AP)—If Johnny Lattner gets on his feet to address his hosts at the Maxwell and Heisman awards dinners those present may witness a neat bit of sidestepping.

• • •

Notre Dame's brilliant 20-year-old halfback, voted both awards yesterday, is just as hard to corner in conversation as he is on the football field.

• • •

That's especially true when the subject is Johnny Lattner.

Asked by a reporter for his reaction to being chosen for college football's top two individual honors, the boyish All America hesitated, then said it was "sure a thrill."

However, he hastened to turn the talk to the Irish team. Said John:

• • •

"I'm sorry the team missed getting the top ranking in the national poll. We were all doing our best Saturday against Southern California, shooting for it. I seem to be getting all the honors and the team missed the big one."

Lattner had perhaps his finest day of the season, scoring four touchdowns and running 157 yards from scrimmage as the Irish beat USC 48-14.

• • •

How about that performance?

"Well, we were all trying hard. That Neil Worden is great. (Fullback Worden averaged neary 10 yards in 15 smashes against USC). You know, he practically carried the whole offense in our opening games. I hurt my ankle."

Lattner played both ways—on offense and defense—even before this year's revision of the substitution rule made it mandatory.

Which does he like best?

"I like both."

• • •

Does he think he'll play professional football?

"I'd like to but I'm in the Air Force ROTC and may have to go into service after graduation so I haven't been thinking about it too much."

Cheboygan Ace Leading Scorer in Preps' Race

McGinn Leads Malone of Lincoln Van Dyke by 32 Points

By JOE FALLS

DETROIT (AP)—Cheboygan's Tom McGinn, a football rarity, today was crowned Michigan's leading high school scorer for the 1953 season.

McGinn, who combines speed with power — which is indeed a rarity—scored 148 points to finish far ahead of runnerup John Malone of Lincoln Van Dyke.

Malone, who was honored today on the Associated Press Class B all-state team, scored 116 points. He finished one point ahead of last year's leader, Skip Patterson of Kingston, who registered 115.

McGinn, a power runner who has run the 100 in 10 seconds flat, scored 23 touchdowns and 10 extra points. He was selected for a berth in the AP's 2nd team all-state backfield.

A 5-foot-9, 170-pound senior, McGinn led Cheboygan to a 7-2 record—its best mark since 1932. His high spot came against Alpena, when he scored five touchdowns.

Despite his scoring power, many fans, coaches and newspapermen think he's better on defense.

Malone, also a senior, scored 19 touchdowns and raced for two extra points. In addition, he passed for six touchdowns and four extra points.

Patterson, virtually a one-man team for Kingston, fell 29 points off last year's state-leading total of 144 points.

These figures were made available to the Associated Press by Dick Kishpaugh, Kalamazoo sports statistician.

10 Grid Deaths in 1953 Season

Half of Them Involved High School Players, 2 Collegians

LOS ANGELES (AP)—Ten football fatalities—two in college, two in athletic club levels, five in high school and one in sandlot play—have been reported this year to the Football Fatality Committee of the American Coaches Assn.

The deaths were reported in statistics through Nov. 25, and while six deaths—five in high school, one sandlot—were reported for the same period in 1952, the totals are well below the average during the 20 years the committee has been at work.

So said Dr. Floyd R. Eastwood, committee chairman in a preliminary report being compiled today.

Over the 20-year span, football deaths averaged 17.9 per year, Dr. Eastwood said. He said the difference between 1952 and 1953 does not indicate any particuar trend.

Central Coach Auer Announces His Retirement

One of the most successful prep coaching tenures in Michigan came to an end Tuesday, when Flint Central football mentor Howard Auer announced his retirement.

In his 15 years as Central coach, Auer guided his teams to 83 victories, 39 losses and five ties. His record in Saginaw Valley Conference play is 59-23-5. Auer-coached elevens won or shared five Valley titles, and finished lower than 3rd only twice.

Auer will remain in the Flint school system as attendance director, a position he has held for the past few years.

Flint Central officials named no possible successors immediately, but are screening candidates for the job.

Ann Arbor Is Named 'A' Champion by UP

DETROIT (UP)—Coach Hank Fonde's college-like Ann Arbor team, unbeaten in 22 starts, today was named the mythical state high school football champion in Class A by the United Press.

It marked the second straight year that Ann Arbor had claimed the honor, although the Pioneers played only seven games this fall. Polio forced cancellation of a scheduled game with Ypsilanti.

Actually, the Class A crown was decided early in the season when Ann Arbor rallied for three touchdowns in the final period to turn back Flint Northern, 20-13.

That was the lone loss in nine games for Northern, 2nd place in the big school ratings.

Ex-Huron Coach Dies

ST. PETERSBURG, Fla. (UP)—Services were held here Tuesday for Charles R. Bonnett, who coached Port Huron, Mich., to the mythical Michigan high school football championship in 1925.

Bonnett, 53, died here Monday following a long illness. He was a native of Port Huron and later was graduated from West Point. He coached his home-town football teams three seasons starting in 1924.

ROSE BOWL HEADGEAR—Michigan State College football captain, Don Dohoney, 21, rubs the helmet he'll wear when in the Rose Bowl game at Pasadena, Calif., Jan. 1. Dohoney, an All-America selection, will lead his team against Pacific Coast champion UCLA.

Versatile Backs Mark Class B All-State 11

By JOE FALLS

DETROIT (AP) — A high-scoring backfield, capable of striking through the air or on the ground, features the Class B All-State high school football team announced today by the Associated Press.

This versatile unit, selected by the state's coaches and a panel of sports writers, is composed of:

Glen Burgett, Sparta.
Pat Cvengros, Ironwood.
Oarie Lemanski, Bad Axe.
John Malone, Lincoln Van Dyke.

All are seniors except Lemanski, an aerial-minded junior whose passes accounted for nine touchdowns this season. A heady team player, Lemanski is rated one of the most masterful ball handlers in the state.

Malone, who led Van Dyke to the Inter-Lakes Conference championship, also proved he knew how to throw a football, as well as run with it. He passed for six touchdowns but it was his wild rushes which baffled the opposition and accounted for 19 touchdowns.

All told, Malone scored 116 points and was the second highest scorer in the entire state.

Cvengros, Ironwood flash, was voted "back of the year" by Upper Peninsula sports writers. He sparked the Red Devils to a perfect 8-0 season, scoring 89 points and rushing for 1,150 yards in 169 carries.

Burgett also led Sparta to a perfect-record season on nine straight victories. Although he missed two games with a shoulder separation, he scored 11 touchdowns and compiled a fantastic rushing average of 15 yards per carry.

In the line, only one player—Dave Hurd of Three Rivers—scaled over 200 pounds. The 208-pound Hurd, a center, was one of the few sophomores in the 13-year history of Associated Press' all-state teams to be honored. He was 16 only two days ago.

Here are the first, second teams and honorable mention players for Class B:

FIRST TEAM

Ends—Edgar Blair, Lourdes and Allen Downing, Caro; tackles—Tom Krellick; Portage and Jim Hagadorn, Alma; guards—Frank Demski, Mt. Pleasant and Don Henderson, Trenton; center—Dave Hurd, Three Rivers; backs—Pat Cvengros, Ironwood, Glen Burgett, Sparta, Oarie Lemanski, Bad Axe, and John Malone, Lincoln Van Dyke.

SECOND TEAM

Ends—Bob King, Allegan and Bob Herrman, Niles; tackles—Gary Rivers, Marshall and Dave Dermanelian, Dundee; guards—Alfred Ifverson, Northville and Bud Garrison, Flint Mandeville; center—Harold Leppi, Ironwood; backs—Bill Hoffhines, BC Lakeview, Tom McGinn, Cheboygan, Danny Collins, St. Francis de Sales and Albert Korpak, Algonac.

AREA HONORABLE MENTION

ENDS: Ted Cunio, Fitzgerald; Bob Burgess, Northville; Don Perkuchin, Milford; Norm Valek, Holly; Bob Wagner, Roseville. TACKLES: Jim Gregis, Van Dykes; Ralph Wells, Holly; Joe Schwerin, Avondale. GUARDS: Taylor, Utica; Seery, Shrine; CENTERS: Chuck Diver, Milford; Walt Komraus, Romeo. BACKS: Dick Smith and Jerry Hunter, Holly; Jack Perona, Fitzgerald; Jim Lothrey, Romeo; Lamar Nally, Northville.

• • •

'B' ALL-STATER — Among the Class B stars chosen for the annual Associated Press All-State team is Oarie Lemanski of Bad Axe High school. He is a halfback on the 11 announced today in these pages.

U.S. Cuppers Fume Over Officiating, Bow to Aussies

By WILL GRIMSLEY

MELBOURNE, Australia (AP)—In just one of a series of stunning blows to America's Davis Cup hopes, the United States top doubles team of Tony Trabert and Vic Seixas went down before Australia's second best today in the semifinals of the Victorian Championships.

• • •

Playing poorly and fuming over footfault calls, the Americans bowed to Rex Hartwig and Mervyn Rose 6-8, 6-4, 6-2, 5-7, 6-2.

Seixas lost his temper in the third set after he was penalized the third time for footfaulting. He bickered with Special Footfault Judge George Valentine. He once knocked a ball high in the air in disgust and frittered away the eighth and deciding game of the set by trying to serve at least a foot behind the service line.

Later he and Trabert, who was penalized once for footfaulting, stormed into the dressing room protesting loudly to Valentine.

• • •

Earlier, Australia's 19-year-old court phenoms, Ken Rosewall and Lewis Hoad, advanced to the final by defeating their countrymen, Clive Wilderspin and Neale Fraser 6-4, 1-6, 6-4, 6-3. These are the boys who will carry Australia's banner in the cup matches here Dec. 28-30 and on this warm day at Kooyong it was shown the Americans need a lot of work and improvement to match them.

It's Time Out!

"Yoo hoo, dear! Your game won't suffer tonight after all—I found your bowling ball!"

Only Overconfidence Can Keep Brooklyn Dodgers From Setting New National League Record in '54

By GRANTLAND RICE

NEW YORK—Back in 1906, Frank Leroy Chance, the Peerless Leader, carried his Cubs to 116 victories.

That was the all-time mark. The Cubs had Johnny Kling back of the bat. Kling was one of the all-time greats—up with Bill Dickey, Gabby Hartnett and Roy Campanella. He was better than a .300 hitter and one of the game's smartest players.

• • •

The Cubs had a pitching staff headed by Mordecai Brown, Ed Reulbach, Jack Pfeister and Orval Overall. They had Johnny Evers and Joe Tinker in their infield. They had a great outfield headed by Jimmy Sheckard.

• • •

This was a classy Cub outfit. But there are many who are saying that the Dodgers of 1954 will be stronger than the Cubs of 1906. Walter Alston is suspected of having the greatest club the National League has ever known.

They have, in Campanella, a catcher who is as good as the best—probably the best in National League history. They have a pitching staff headed by Don Newcombe, the pitching star who won't be 30 years old until June.

Back of Newcombe follows Carl Erskine, who is only 27. Then come such younger stars, due to improve, as Billy Loes and others. There is also Russ Meyer. This should be a good pitching staff, easily the best in the National League.

• • •

Alston will also have a star infield and a great outfield in Jackie Robinson, Duke Snider and Carl Furillo. This team will probably be careless and overconfident. It knows how much better it is than any team in the circuit. At least 30 games better.

• • •

If the Dodgers started in to hustle and shoot at the Cubs' 1906 mark of 116 victories, they could undoubtedly beat it.

• • •

This is a handicap for Alston. Any time his club loses a game there will be grumbling by the rabid fan. He will be expected to keep on winning with this team.

• • •

There is only one thing that can hurt the Dodgers. That is overconfidence. Not even this can cost them a pennant. But it can cost them a National League record.

Notre Dame '11' Heavily Favored Over Mustangs

Southwest Team May Rely on Bombardment of Passes

SOUTH BEND, Ind. (AP)—There is bound to be some disappointment at Notre Dame in finishing No. 2 behind Maryland in the 1953 national football ranking, and this should help stoke up the Irish against Southern Methodist Saturday.

SMU is the last opponent on Notre Dame's so-called 10-game suicide schedule and victory would mean Coach Frank Leahy's first undefeated season since 1949.

Apparently, a 14-14 tie with Iowa was the influencing factor as voters in the Associated Press' final poll mustered enough strength to give Maryland the mythical national title by a margin of 3,365 to 3,149 points this week.

Maryland was unbeaten and untied. But many Midwestern experts think the Terps' schedule cannot compare with that of the Irish who were called on to meet Oklahoma, Purdue, Pitt, Georgia Tech, Navy, Penn., North Carolina, Iowa, Southern California and now SMU.

Irish failed to regain the No. 1 rating although crushing Southern California Saturday 48-14 for their highest score since lacing Indiana 48-6 in the 1951 opener.

They are heavily favored to whip SMU in the nationally-televised finale.

Irish never have beaten the Mustangs by more than seven points in the intermittent series. They won 20-14 in 1930, 20-19 in 1939, 27-20 in 1949 and lost 27-20 to SMU and the rapid-fire passer, Fred Benners, at South Bend in 1951.

In that 1951 game, Benners laid back in a punt formation and hurled the ball more than 40 times. In all, 89 passes were catapulted, with SMU tossing 45 of them.

Another aerial bombardment may develop Saturday by SMU to offset Notre Dame's incessant ground power led by Johnny Lattner, who ripped through USC for 157 yards and four touchdowns, and fullback Neil Worden, who averaged nearly 10 yards in 15 smashes.

Lattner, announced yesterday as the 1953 Heisman trophy and Maxwell award winner, and Worden are among six senior regulars completing their collegiate careers against the Mustangs.

Notre Dame never needs a reason for playing its best football on any given Saturday, but this week the incentive is built high. It seems always to reach a peak against an opponent who has beaten the Irish in the past.

Notre Dame has made Purdue pay the last three years for the 28-14 Boilermaker triumph that snapped the Irish 39-game undefeated streak in 1950. It has done the same to Southern California since the Trojans dropped Notre Dame to a .500 season average in 1950.

SMU now appears on the chopping block.

Bomb Call Showed Way

VERNON, N. Y. (AP)—Bomb Call, 3-year-old gelding owned by Dr. L. N. Harrington of Utica, was the top trotter of the season at Vernon Downs. Bomb Call won seven races during the 67-night meeting at Vernon, the nation's only three-quarter mile harness racing track.

Float for Rose Bowl

DETROIT (UP)—Chrysler Corp. announced today it was sending a float to Pasadena, Calif., for the Jan. 1 Rose Bowl game between Michigan State and UCLA.

A company spokesman said the float will feature a flower-covered plastic figure of a workman, backed by a floral silhouette of the Detroit skyline.

Switch to Warm Climate Not Apt to Hurt Spartans

By ROBERT E. VOGES

EAST LANSING (AP)—The switch to the California climate for the Rose Bowl game doesn't worry Michigan State football coach Biggie Munn.

"We'll be out there in time enough so the boys can get accustomed to it," Munn said. "I don't anticipate too much trouble getting them into condition.

"We get a better break in this game as far as training on the coast goes than we did in the East-West games," he said. "For both of those we had only seven practices. But we did all right—won both of them.

"Last time we trained in California," Munn said, "was that time we spent three days at Arrowhead Springs before the Arizona game. It didn't seem to hurt us," he chuckled. "Remember that score?"

The score was Michigan State 75 Arizona 0—biggest Munn has run up during his seven years at Michigan State.

Michigan State football captain and end Don Dohoney was warned at one time that he should give up all sports.

Dohoney was told by a physician that he suffered from a fluid deficiency in his knees—that they weren't lubricated properly. Sports could be dangerous for him, he was advised.

But Dohoney stuck with sports and now seems to be making everyone's "All America." He is a prime candidate to make the Associated Press top team, too, incidently.

Dohoney was hit by the jinx that seems to bother Michigan State on Ed Sullivan's "Toast of the Town" television show.

A couple of years ago, Munn was coach of the East-West team. He was introduced as the University of Michigan coach.

Sunday night, Dohoney was introduced as being from Bethlehem, Pa., instead of Ann Arbor.

Record Holder Denies He Used Hollow Javelin

SAN RAFAEL, Calif. (AP) — Franklin "Bud" Held denied using anything but a regulation javelin in setting an Amateur Athletic Union record of 263 feet, 10 inches at Pasadena last summer.

Held was answering criticism by Cy Young, Olympics javelin champion, who asserted at Modesto yesterday that Held used a "hollow javelin which floats and travels at least 20 feet farther than the ordinary javelin."

Held declared his javelin was a Finnish model from which he merely stripped metal at the point to increase the amount of wood on the shaft.

"It was perfectly legal," Held asserted, "the original spear is on display at Helms Foundation at Los Angeles if Young wants to see it.

Held's Pasadena toss bettered the world record of 258 feet 2⅝ inches set Oct. 16, 1938 by Yrjo Nikkanen of Finland. Young made 242 feet ¾ inch in the 1952 Olumpics.

Meadows Loses Verdict in Grand Rapids Bout

Pontiac's Gordon Meadows dropped a 4-round decision to Bobby DiGiovanna of Grand Rapids in a welterweight bout at Grand Rapids' Civic Auditorium Tuesday night.

In the feature match, home-towner Jackie Fisher gained an 8-round decision over Tommy Leedle of Detroit. Fisher weighed 149, Leedle 157.

Seniors Irish Bulwark

NOTRE DAME, Ind. (AP) — Six seniors have been starters for Notre Dame's football team this season. As a group they averaged almost 45 minutes playing time each game. They are: Captain Don Penza, right end; Art Hunter, right tackle; Menil Mavraides, right guard; Jim Schrader, center; Johnny Lattner, right halfback; and Neil Worden, fullback.

Lunsford, Kline Lead Valley in Offensive Game

Oklahoma Aggie Back Is Best Rusher, Titan Passer Is Tops

By ED WILKS

ST. LOUIS (AP) — A bulldozing sophomore and a whip-armed senior were the main offensive threats in Missouri Valley Conference football this season.

First year man was fullback Earl Lunsford of Oklahoma A&M, the workhorse of the Valley who carried 147 times and rushed for 748 yards. That was the best ground work in the conference and made Lunsford, selected on the Associated Press Valley All-Star team, the key man in the Aggies' co-championship drive.

Quarterback Dave Kline of Detroit was the passing personality of the conference and helped push the Titans into a title tie with A & M. He completed more passes (54), attempted more (141) and gained more yards (777) than any other passer in the league.

Wichita quarterback Bill Pace, a second team selection behind Kline on the all-star team, and the best completion record, hitting .558 per cent of his 52 shots while netting 272 yards.

Halfback Bob Burgmeier of Detroit won the scoring title with 12 touchdowns and 72 points.

Detroit's 382-yard total against Wichita in the final game made the Titans the leading offensive unit with a 278.8 average in 10 games.

Kline and guard Denny McCotter were the only UD players named to the Associated Press all-Missouri Valley team today. Oklahoma A&M placed five, including Lunsford, Bill Bredde and Dorsey Gibson, all backs, and Bob LaRue and tackle Dale Meinert.

Houston tackle Buddy Gillioz and guard Bob Chuoke and Wichita center Ron Summers complete the squad.

Suspended Preps Regain Sports Eligibility Today

LANSING (UP) — Ten athletes, whose suspension from high school sports for accepting minor merchandise awards created a tempest reaching all the way into the Michigan legislature, were eligible to resume their prep athletic careers today.

Superintendent of public instruction Clair L. Taylor ordered the youths reinstated after adoption of new rules modifying the controversial "awards" law. He notified each boy concerning his reinstatement.

Dykes Takes Oliver to Orioles as Coach

ATLANTA (AP) — Tom Oliver, a coach with the Philadelphia A's for the past three seasons, today was named a coach with Baltimore under new manager Jimmy Dykes. He is the first coach named to Dykes' staff.

Oliver, 50, a former Boston Red Sox outfielder, managed for seven years in the minors before turning to coaching. He served with the A's from 1951 through 1953. He was cut loose at Philadelphia when Eddie Joost succeeded Dykes.

High-Scoring Games Seen This Season

Rochester Quintet Again Rated Tops in Tri-County

By JACK SAYLOR

It's an old story in the Tri-County League, but Rochester is the team-to-beat for basketball honors again this season.

Gene Konley's Falcons almost didn't get the chance to shoot for their 3rd straight title and their 4th in five seasons.

After agreeing to disband at the close of competition last spring, a one-year moratorium was declared for basketball so this season will mark the close of activities in the venerable old conference.

Romeo, whose Tri-C championship in 1951, is the only break in Rochester's victory chain for the past four years, appears best suited to give the Falcons a run for the crown.

Lake Orion, Lapeer and Oxford all sufferd important losses from last year.

Konley has height and experience on his squad. Five of seven lettermen are over six feet and six of the seven are seniors. Heading the list is the rangy, veteran center, Arlan Stone, 6-4½.

Others are forwards Jerry Dahlman (6-2), Roger Forbush (6-1), Max Powell (5-11) and Bob Missel (6-1) and guards Don Robertson (5-10) and Earl Kitchen (6). Kitchen is the lone non-senior.

Missel, Rochester's tough-luck kid, probably will miss the 1st semester. He was out for several games last season with a chipped ankle bone, then suffered a broken leg in the 1st football game this fall.

Three regulars are included on Bob Hutton's tall all-senior crew at Romeo. Center Bob McKeough stands 6-4, while Al Edwards, Bob Griffin, Jim Lothery, Bob Stewart, Dick Marshall and Dale Anderson all go six-feet or 6-1.

Orion, operating with the league's only new coach, Leonard Visser, has only two lettermen. They are Bob Van Wagoner and Jay McCaughna. Jean Harkness at Oxford has better squad size, but the material is green.

Jim Van Wagoner and Marvil Smith are the only experienced hands. Foremost candidates are Fred Bergin (6-4), Bill Jarrett, Mike Benedict, Larry Spencer and Dwight and Duane Spiker.

Lloyd Osborn lost all his starters at Lapeer and has only three

STONE KONLEY

lettermen, Ralph Owen (6-2), Norm Hill and Dick June.

All Tri-C members are playing interesting schedules this season. Rochester has dates with Utica, Grand Blanc, MC St. Mary, Davison and Keego Harbor, while Oxford meets Clarkston, Ortonville, Milford, Almont and Imlay City.

Orion will face Ortonville, Troy, Avondale, Clarkston and Keego, while Romeo's schedule is highlighted by a week-end series at Tawas City and Alpena.

Three Tri-County teams opened Tuesday night, two victoriously. Rochester nipped Marine City, 45-44, and Lake Orion topped Lexington-Croswell, 47-42. Romeo bowed to Southfield of the InterLakes, 47-41.

Oxford is at Clarkston Friday and Lapeer is host to Flint Beecher Tuesday.

Dozen Scores Hit 100-Mark Tuesday Night

Six of Last Season's Top Teams Take Wins in 1st Starts

By BEN PHLEGAR

NEW YORK (AP) — Any college with a basketball scoreboard that won't register over 100 points better give up the game this season.

* * *

Returns from the first big college basketball night of the winter show more than a dozen scores in the three-figure category with anything under 80 almost certain to belong to a losing club.

Six of last season's top teams saw action last night and all triumphed.

* * *

Not all of the big clubs were as successful, however. The California Bears, supposedly the best club on the Pacific Coast, were thumped 51-33 by San Francisco in one of the lowest scoring games of the night. Texas A&M of the Southwest Conference was jolted 88-68 by Lamar Tech of Beaumont, and Clemson of the Atlantic Coast Conference bowed before the skill of little Presbyterian 92-61.

North Carolina State, perennial Southern powerhouse, hit the century mark against Furman, winning 100-74 although Frank Selvy scored 31 points for the losers.

St. John's of Brooklyn, runner-up in the 1953 National Invitation Tournament, was pushed by Roanoke College before winning 70-56.

Oklahoma A&M, No. 8 a season ago behind St. John's, showed tremendous offensive power in whipping Hardin-Simmons 85-40.

Wake Forest, No. 15, coasted against Virginia Tech 82-55, and DePaul, No. 19, beat Illinois Wesleyan 73-63.

In the high-scoring department, Tennessee swamped Wofford 107-63 and Fordham, tabbed as one of the best in New York, overpowered Adelphia 105-56. Ed Conlin scored 42 points for Fordham, tops for the night among the major schools.

* * *

Howard Hobson of Yale, one of the nation's best known coaches, watched his son score 17 points in leading the Elis to an 81-64 victory over Springfield College.

* * *

In the southwest, Southern Methodist beat Northwestern Louisiana 90-71 conference champion Texas Christian outclassed Austin College 73-39, Baylor defeated North Texas State 70-54, and West Texas State whipped Arizona State of Flagstaff 71-53.

Out West, Colorado State defeated Denver 73-56 Oregon Beat Portland 79-72, and Southern California trimmed San Diego State 83-66.

FORMER RIVALS—Leo Durocher (right), manager of the New York Giants, appears to have buried the hatchet as he places an arm around the shoulders of former Brooklyn Dodger pilot, Charlie Dressen. The rivals of last year wished one another luck during their chat at the opening session of the minor league convention at Atlanta.

Writers' Little All-America 11 Released Today

Standouts From Minor Colleges in 10 States Are Recognized

By HAROLD CLAASSEN

NEW YORK (AP)—The Associated Press' Little All-America football team of 1953 honors players from colleges in 10 different states, giving recognition to athletes who helped their teams win conference or regional championships, aided in winning bowl bids and, in one case, set national records.

It is doubtful if even in the past the colleges termed minor by the national collegiate athletic service bureau, in contrast to the huge brain factories, have been represented by such a stalwart and able team.

For instance, the backfield lists Leo Lewis of Lincoln University, Jefferson City, Mo. Lewis, a junior, already has scored 53 touchdowns in three seasons to establish a record no other player can match. He was the nation's ace point-getter this year with 132 points.

In the backfield with him is Hugh Laurin Pepper, running ace of the Mississippi Southern team which opened the season by defeating Alabama and closed it by blanking Georgia. At quarterback is Pence Dacus of Southwestern Texas State, by statistics the nation's best passer and Richard Woit, whose Arkansas State team of Jonesboro again is in a bowl game.

To make things easy for this talented array of ball carriers are seven linemen who are stars in their own rights.

Rest of the team includes Stan Sheriff of California Poly (a Detroit Lion draftee), center; tackles—Robert Lade of Peru, Neb. Teachers, and Norman Hayes of College of Idaho; guards—Bruno Ashley of East Texas State and Robert Adams of Shippensburg, Pa., Teachers; ends—John Gustafson of St. Olaf (Minn.) and Hal Morrison of E. Tennessee State.

Honorable mention list includes tackle Ken Barron, Central Michigan, and back Charles Miller, of Central Michigan.

James W. Surber of San Angelo, Tex., and Bobby E. Chapman of Russellville, Ark., ride Army's mule mascots during football games.

1953 All-SVC Banquet Held at Frankenmuth

Oosterbaan and Aides Guests at Dinner For Star Gridders

More than 300 players, coaches, newsmen and guests attended the annual Saginaw Valley Conference banquet honoring All-Valley players at Frankenmuth Tuesday night.

Highlight of the affair, sponsored by the University of Michigan Alumni Club of Saginaw, was the presentation of miniature gold and silver footballs to players named to the 1953 All-SVC offensive and defensive elevens.

Guest speaker was University of Michigan Football Coach Bennie Oosterbaan. Also appearing on the program were 'M' assistants J. T. White, Don Robinson and Jack Blott and players Duncan McDonald, ex-Flint Northern star, and the Wolverines' 1954 captain-elect Ted Cachey.

Detroit sports editor Bob Murphy was toastmaster.

Movies of this year's Michigan-Ohio State football game closed the dinner.

Attending from Pontiac were PHS Coach Ed Graybiel, Faculty Manager Robert Beauchamp and halfback, Walt Poe, named to a linebacker's position on the defensive honor team.

Final 'D' Managers Session Set Monday

Final meeting of Class "D" basketball managers will be held Monday at 7:30 p.m., at the Parks and Recreation Department office, 35 Hill street.

All managers of teams who intend to enter the City Class "D" League, should attend this meeting.

Purpose of the meeting is to ascertain the final number of teams entering and to discuss rules, financial and contract deadlines, schedule of league play, and methods of determining champion.

No teams will be accepted after Dec. 7.

Woman Gets Deer After 27 Years — From Porch

DEER LAKE, Pa. (AP)—For 27 years Mrs. Mary Vacula had gone deer hunting on the opening day of Pennsylvania's season.

For 27 years, she had never shot a deer.

Yesterday, she stayed home while her husband Steve went out on opening day with five male friends.

While he was deep in the forest, she spotted a five-point buck from her back porch.

Mrs. Vacula got her deer. Steve got none.

Official reports show 6,400 Atlantic salmon were caught in Nova Scotia this season. The largest was a 31-pounder taken from the St. Mary's River.

Rochester, LO, Southfield 5's Win 1st Starts

Stone, Van Wagoner, Edwards Set Pace for County Quintets

Three Oakland County prep basketball teams opened the season on a victorious note Tuesday night.

Rochester nipped a good Marine City team, 45-44, Lake Orion downed Lexington-Croswell, 47-42, and Southfield defeated Romeo, 47-41.

Arlan Stone's basket in the last 10 seconds pulled Rochester through after a free throw had given Marine City a 44-43 edge in the final minute. Game was a see-saw affair all the way.

Rochester led by three points at the half and trailing by three at the three-quarter mark.

Stone paced the Falcons with 18 points, while Don Robertson added 11 and Max Powell, 10.

Bob Van Wagoner's 17 points paced Lake Orion's victory. Dragons trailed by two points early in the 4th quarter. Dave Cole had 11 points for LO, while Ed Leach and Joe Mendoza added eight apiece.

Southfield's 1st string rolled up a 21-8 advantage over Romeo in the 1st quarter, but the margin was trimmed with Bluejay 2nd liners in action. Doug Edwards paced the scoring with 15 points, while Bob Griffin had a dozen for the Bulldogs.

ROMEO	G	F	P	SOUTHFIELD	G	F	P

Prep 11 Wins —Three Days After Contest

HOLYOKE, Mass. (AP)—Amherst High School defeated Leicester High three days after the game was played.

Western Massachusetts football officials voted Amherst a 13-12 victory—in a game that no official saw.

It rained the day of the game and radio stations said the contest was called off. Assigned officials didn't show up.

But the game was played and four fans were recruited to officiate. They were divided evenly over the legality of the final Amherst touchdown. The dissenters, both Leicester men, claimed the Amherst back didn't reach the end zone.

The officials' association voted and upheld the score.

Hayes, Panter in Olympia Feature

Soldier Boxer Comes to Detroit on 3-Day Pass From Army

DETROIT (AP)—Soldier Norman Hayes of Boston, who hasn't fought in six months, will try to make the most of a three-day pass tonight when he meets Utah's Garth Panter in Olympia Stadium.

* * *

This 10-round clash of hopeful middleweights will be televised from coast-to-coast.

* * *

It starts at 10 p.m., EST.

Pfc. Hayes, 22, hasn't fought for pay since May, when he turned in a disappointing losing performance against Jesse Turner in St. Louis. Stationed in Ft. Belvoir, Va., Hayes says he has kept in shape by working out in camp and in nearby Washington, D. C.

* * *

Contrarily, Panter, 23, a Salt Lake City iron worker, has been averaging a fight every three weeks—an ambitious schedule for any fighter. Furtherrhore, he has never been knocked flat in his entire pro career, which began in 1949.

Cincy's Grid Squad Rejects 3 Bowl Bids

CINCINNATI (AP)—The University of Cincinnati has rejected bids to three minor bowl games, the Sun, Tangerine and Refrigerator. Coach Sid Gillman said yesterday the offers were not accepted because "10 games is a good enough season."

Wilson, Wilke Are Named to Olympic, AAU Positions

WASHINGTON (AP)—Organizational problems out of the way, U. S. Olympic officials buckled down today to the task of developing athletes who can bring home gold medals.

The U. S. Olympic Assn. yesterday wound up a two-day get-together which followed a four-day convention of the Amateur Athletic Union (AAU).

1. Committees were selected to direct activities in a score of sports events at the 1955 Pan American games at Mexico City and the 1956 Olympics at Melbourne, Australia, and Cornina D'Ampezzo, Italy.

2. Kenneth L. (Tug) Wilson, Big 10 commissioner, replaced Avery Brundage as president of the U. S. Olympic Assn. Brundage is now president of the International Olympic Committee.

3. Louis G. Wilke, well-known basketball coach from Bartlesville, Okla., became president of the AAU, succeeding Douglas F. Roby in the field events.
of Detroit.

4. AAU changed its rule on professionalism, mostly to benefit industrial athletic programs.

5. Plans were laid for the biggest AAU track and field championship in history, to be held in St. Louis next summer.

Track officials said competition for the 1955 Pan American games should be spirited. Only 25 berths are available, of which about 15 will be in the running events and 10 Jim Kelly, University of Minnesota track coach, was selected chairman of the Olympic men's track and field committee.

Charlie Roeser from Philadelphia, was named chairman of the men's swimming committee, and Edwin Aspinall from Indianapolis, was selected chairman of the women's swimming committee.

Williams to Speak at Ishpeming Meet

An address by Gov. G. Mennen Williams, during which he presumably will reveal plans for developing winter recreational facilities on a state-wide basis, will highlight a two-day Upper Peninsula Winter Sports Conference in Ishpeming's Mather Inn this week.

The conference will open Saturday morning, Dec. 5, and continue through Sunday afternoon. The governor is scheduled to speak at 8:30 Saturday night.

Advice on Hunting Regions Makes Problems

Rifle, Pistol Group Will Meet Sunday

Annual meeting of the Michigan Rifle and Pistol Association will be held Sunday at the Oakland County Sportsmen's Club. Directors will meet at 1 p.m., with the regular session starting at 2 o'clock.

Approximately 200 of the state's foremost shooters are expected to attend the meeting. Election of new officers and directors will be held, in addition to other items of business.

The muskrat is not a rat. He is an amphibious rodent and should be called a "musquash."

PET OWL—Owls are supposed to be wise, and Dopey's no exception. Here he is perched on the shoulder of Charles B. Cook of Kalamazoo, who found the bird in the woods with a crippled wing. Dopey has enjoyed all the attention he gets from Cook and even eats out of Cook's hand. Dopey is a Saw-whet owl, only five inches tall, a species rarely seen this far north. He got the name because that's how he acts in the daylight. At night he's alert and lively.

'Queen' Is Named Champion '53 Filly

NEW YORK (AP) — Grecian Queen, a handsome dark bay owned by Mrs. Ben F. Whitaker of Dallas, was the unanimous choice today of the Thoroughbred Racing Association's board of selectors as champion 3-year-old filly for 1953.

Daughter of Heliopolis-Qbania who won seven of 12 races this year, including the $100,000 New Castle handicap at Delaware Park, earned $229,375 in 1953. Five victories were in stakes.

She joins three other division champions already announced by the tracks — Mrs. M. E. Person's Porterhouse, champion 2-year-old colt; Mrs. George D. Widener's Evening Out, champion 2-year-old filly; and Mrs. E. Du Pont Weir's The Mast, champion steeplechaser of 1953.

Turkey Shoot Scheduled

Last of three fall turkey shoots scheduled on the Oakland County Sportsmen's Club rifle range will be held Sunday, Dec. 20. Shooting will start in mid-afternoon and continue through the remainder of the day, with a handicap system being in effect for all competitors.

State Studying Ortonville Land for Purchasing

LANSING — Fishing sites on Grand Lake in Presque Isle county and on Deer Lake in Iron county will be considered for purchase when the conservation commission meets here Dec. 7-8 for its monthly meeting.

Also, hunting lands in the Pigeon River state forest and at the southeastern Michigan Ortonville project will be subject to purchase, as will about 230 acres under the Pittman-Robertson program.

A park concession at Warren Dunes state park and fishing regulations for Cedar Creek in Leelanau county also will be discussed, as will land exchanges, mineral leases and other routine matters.

Costly Mistake

TRAVERSE CITY (AP) — Douglas Scott, 18-year-old Rapid City hunter, not only made a mistake and lost his way while hunting in Boardman River valley in Grand Traverse County, but sheriff Richard Weiler who searched two hours for the youth, discovered he was hunting on a license issued to some one else. Scott pleaded guilty and paid $10 and costs.

Experts' Tips Encourage Thousands of Nimrods to Crowd Into Limited Areas

BY JACK PATTERSON

Deer season that closed yesterday on a "shoot-anything-that-moves" note, brought into sharp focus some problems that demand the attention of the sportsman hunter. First of all, this writer strongly questions the wisdom of the Conservation Department's policy of repeatedly recommending some limited area or in some cases a single county for deer hunting because it happens to have at the moment a heavy deer population.

PATTERSON

Considering that somewhere in the neighborhood of 500,000 people hunt deer in Michigan, it doesn't take a mathematical wizard to conclude that they can't all hunt in the "best" deer area in the state. But, boy, how they'll try when constantly bombarded by propaganda to the effect that such-and-so county is the place to get a buck.

Seems to us that efforts to spread hunters out over the state, even though it involves considerable expense and effort to build up deer herds in areas of low population, would be of service to the hunter as well as to the large number of business people who derive much of their business from deer hunters.

But the present policy has the result of "vacuum cleaning" an area one season—look what has happeed in the Mio-Grayling region as a result of last year's concentration there—then motivating hunters the next year to descend like a locust horde on another area.

This year Alcona county came in for the big build-up. Even the best areas in the county were pinpointed via press, radio and TV. The result: many hunters went into the recommended areas to find virtually all property posted. (The reason for the large number of deer in the area is the high percentage of club property and winter feeding programs carried out by those clubs.) Finding no legal access in much of this highly advertised area, trigger-happy "hunters" took to road hunting on an unprecedented scale.

It was no unusual sight along highway 65 to see a carload of hooligans pile out, cross a wire, with a posted sign on every post, and stalk a group of peacefully feeding does. This during the buck season, mind you. Proper etiquette among this class of society seems to call for shooting everything in sight, regardless of the number of violations piled up in so doing until one of the fallen deer proves on close inspection to have horns. Presumably the performance continues until all the members of the party have filled, until they shoot one another, or are picked up by local authorities.

One club owner who claims to have found more than a dezen dead does along his wire bordering highway 65, declares that unless some measures are taken to put a stop to road hunting, he'll personally shoot every deer that comes on his property and take the consequences. Rather an extreme view but shows how property owners tempers rise at the blatant hoodlumism that apparently passes for deer hunting among a fair portion of our populace.

Club owners are apt to feel a little paternalistic about deer they've carried through the winter and feel thay have the right to see those deer taken legally.

Possible courses of action: Consider road hunting law that provides for confiscation of hunting equipment, including automobile, for violation. It has been tried with some success in one of our sister states.

If hunters cannot or will not discipline themselves in regard to shooting illegal deer, maybe thing to do would be to have a three or four day any deer season every year and limit it to that. Or, issue limited number of permits to hunt public lands and restrict hunting on private lands to owners of record.

Lake Trout Egg Collection Huge

Commercial Fishermen Take Record Number From Lake Superior

MARQUETTE — Commercial fishermen working Lake Superior have collected a record 3.2 million lake trout eggs for state hatchery development since the fishing season opened November 4, the conservation department reports.

The eggs—532 quarts of them—were striped from parent fish taken in commercial nets and transported to the Marquette hatchery for first stages of growth.

After the young fish develop properly, they'll be stocked back in Lake Superior.

Fish workers say exceptionally mild weather was primarily responsible for the record take, allowing fishermen a longer season and better chance to take the fish.

The previous record high was in 1950, when 527 quarts of eggs were taken, representing about 3.16 million eggs.

OCSC Skeet Range Slated for Expansion

Work is scheduled to start soon on expanding skeet shooting facilities at the Oakland County Sportsmen's Club.

OCSC recently was named site for the 1954 National Skeet Shoot, and the present 4-field layout will be made into a 16-field range.

Frank Graf and Leonard Bullard have been appointed to supervise the building of a new skeet house. Building is scheduled to get under way this weekend.

Various committee activity pertaining to the 1954 event will continue throughout the winter.

Some whooping cranes have five-foot windpipes.

Deer Contest Entries Close at Noon Friday

Lake Orion Man Holds Weight Division Lead With 219-Pounder

Pontiac Press' 1953 deer contest neared its end today, with a number of unusually fine heads and racks in the running for the $100 U. S. bond awards.

Regular deer hunting season ended Monday, and a special 1-day "any-deer" season was held Tuesday in the northern part of the state.

Entries in the Press' contest will be taken until noon Friday to permit hunters returning from the Upper Peninsula to enter their bucks.

Current leader in the weight division is a 219-pound buck, entered by Cleve Raymond of Lake Orion. Fourteen entries have been filed in the best rack division and five in the best head section. Judging in the latter two divisions will take place after the close of the contest on Friday, and winners will be announced within a few days.

Another successful hunter who brought back a big rack was Harold Bugbee, 6485 Saline drive, Waterford. Hunting with W. D. and Carl Hutchinson and Leon Putnam of Pontiac he bagged a 9-pointer near Lake City, last Sunday.

Entries in the contest, by divisions:

WEIGHT

219 pounds—Cleve Raymond, Lake Orion.

BEST RACK

(4-Point)

E. A. Bellarby, 58 Hudson street.

(6-Point)

John Bridges, 660 Brooks avenue.

(8-Point)

Albert Heinicke, Pleasant Ridge.
Ralph Napier, Wixom.
Calvin Holmes, Auburn Heights.
Frank Hazlterman, 3890 Bald Mountain Road.
Dorsey Lawrence, 386 Voorheis Road.
Edson Hall, 205 W. Brooklyn Street.
Delbert Tedrow, Milford.
Daryl Wilson, 9865 Elizabeth Lake Road.
Ernie House, Milford.
James E. Willhite, 123 E. Square Lake Road.

(10-Point)

Durwood Nelley, 41 N. Midland Street.
Frank B. Shields, 750 Third Avenue.

BEST HEAD

Mrs. Karl Schultz, 51 Clive Avenue.
Glen Robertson, 2600 W. Walton Blvd.
Vern Likens, 1059 Fremont Street.
Joe Tessmer, Rochester.
Arnold Strandell, 3123 Auburn Avenue.

Wildfowl Not Finicky About Eating Habits

COLUMBIA, Mo. (AP)—Migrating ducks and geese aren't a bit finicky about what they eat.

Leroy Korschgen, biologist for the Missouri Conservation Commission who studied the diet of 2,252 ducks and 185 Canada geese, has discovered 234 plants and 48 animal foods made up the bulk of their diet.

For ducks the favorites are corn, smartweeds, wild millets, acorns and cutgrasses. Geese eat wild millets, smartweeds, cutgrasses, winter wheat and corn, in that order.

Korschgen says they do not harm agricultural crops.

Jim Ryan, who trains horses for Mrs. E. duPont Weir, holds a doctor's degree in chemistry from Leeds University in England.

A bird which has wings and yet can't fly is the penguin.

Michigan Outdoors

Pack Hunting Becoming More Popular in State

By MORT NEFF

Of recent years in Michigan there's been an ever-increasing interest in a type of hunting referred to as the "pack" method, and it promises be be even more of a favorite during the coming winter months. "Pack" hunting is nothing more or less than the pursuit of game by large groups of hunters, using a pack of dogs. The method adapts itself well to the chase for bear, coyote, foxes and bobcats and in each case the dogs must be specially trained to do their job, "proofed" against any interest in other animal scent.

NEFF

For long years here and abroad fox hunters have organized in large bands, trailing a pack of hounds either afoot or on horseback. Today right here in Michigan there are scores of extremely active fox-hunting groups now begining their seasons throughout the state.

And if you'll watch for news of these fox hunting clubs you'll find they're always eager to welcome newcomers to share the thrill of the chase.

While fox hunting is most productive in the southern half of the state where more open country is available, the bobcat hunting "pack" faces a much tougher problem. The 'cat hunt usually begins and ends in a swamp — usually two different swamps several miles apart!

At the end of the trail bobcat hunters really know they've been somewhere!

Michigan has one outstanding pack of dogs meticulously trained to hunt bear. Owned by Carl Johnson of Cadillac, the dogs include both hounds and Airdales, and all are trained to shun anything but a bear track!

The "music" of the dogs combined with the spirit of the hunt for real big game makes this sport pack-hunting at its best in Michigan Outdoors.

Unusual Facts About Wildlife

Probably the deepest diving duck is the Old Squaw. They have been accidentally caught in the fish nets 180 feet below the surface.

* * *

The gnu is part donkey, part buffalo, part horse and part antelope. Apparently there is nothing new about a gnu.

* * *

The famous Douglas fir tree is not a fir tree. It is a false hemlock. Neither is the red cedar a cedar. It is a true cypress.

* * *

Regardless of his name, the main diet of the sparrow hawk is made up of grasshoppers.

* * *

The eagle preys on the osprey by making it drop the fish it has caught. When these plundering outrages become intolerable the ospreys of the neighborhood will band together and drive the eagle out of the vicinity.

Gets Deer Without Shot

BRIDGEWATER, Nova Scotia (AP)—Daren Wentzell got his quota of two deer without firing a shot. But his car has dents to show where the two animals crashed into it on the highway, several days apart. Wentzell reported the accidents and was allowed to keep the deer.

Jamie K Arrived First

MIAMI (AP)—Jamie K, the James D. Norris colt that lost to Native Dancer in photo finishes in both the Belmont and Preakness, was the first horse to unload in Florida for the winter racing season. Jamie K arrived at Hialeah three hours after the stable area was opened.

Hunters in UP Had Best Luck in Deer Season

Any-Deer Day, Finale of Year, Brought Out Big Rifleman Army

By THE ASSOCIATED PRESS

Many a forest animal closed its bloodshot eyes today and rolled over to get a little sleep, now that the annual deer season was over and the woods were quiet again.

According to early reports those who went to the Upper Peninsula of Michigan were most successful.

The State Conservation Department claimed that a greater number of hunters turned out for the last day, deemed the any-deer day, than had turned out for the opening day of the season.

The department said that during the 16 days, some count was kept at the straits. Hunters bagged at least 10,444 deer, 321 bear, 22 coyotes, 36 bobcats, 11 fog, 4 wolves, they said.

From Drummond Island some 946 hunters brought back 286 deer, a wolf and a bobcat.

Final day of the season brought at least one more hunting death. Dwight Akers, 21, of Battle Creek was killed by a stray bullet while hunting with a party of five other men three miles north of Glennie, Alcona County.

He was dead on admittance to East Tawas Hospital.

Baraga and Crystal Falls areas reported the kill was light—less than last year. Marquette, however, reported a larger kill and Newberry said their's was about the same.

Few areas in the Lower Peninsula reported heavy hunting pressure on the last day. By sundown yesterday Gaylord was one of the few areas that reported heavy hunting pressure.

Game Head Checks Success of Hunters

LINCOLN, Neb. (AP)—After 132 antelope hunters were successful in Nebraska's short season, State Game Commission official Lloyd Vance wrote the other 18 permit holders to find out what happened to them.

He learned:

Two were successful but forgot to check in.

Eight didn't hunt for various reasons.

Eight just didn't get an antelope. This group included three women who frankly admitted "we couldn't get close enough for a shot!"

Hunter's Slug Ends Legend

Rose Lake Wildlife Station Mourns Death of Aged Matriarch Bunny Rosie

LANSING—Rosie been done in! The aged matriarch bunny was loping along a trailway near one of her favorite haunts at Rose Lake wildlife station early last week when a hunter flattened her with a 22-calibre pistol slug.

'Twas a sad, sad afternoon at the station when word of the old girl's demise flashed from worker to worker.

They had known and chuckled over the old rabbit's antics for more than three years, during which time she attained national prominence with her wildlife carryings-on.

Maybe it was fate that in this 53rd year of the century Rosie should be sacked, or maybe she was just tired of it all and quite willing to give up the ghost. In any case, a check of the records indicated she had been live-trapped exactly 53 times since first caught and tagged in June, 1950.

In the interim, the old girl had reared so many youngsters that station workers can no longer be sure just exactly how large her family really was.

She outlived the entire global conflict of Korea and—more important to her—several hunting seasons.

She overcame numerous ailments during her years and mixed up the wildlife schedules, which said emphatically that she should have died of old age years ago.

She provided more information about herself and her mates and gave wildlife researchers more clues to cover, habitat and range than any other bunny in history. Had she been able, she probably would have echoed the words of one writer who, before death, noted that in life there's a time for living, a time for working, and a time for going.

Rosie had seen the pageant. She went.

Dissension, TV Problem Haunts Minors

By JOE REICHLER

ATLANTA, Ga. (AP)—The minor leagues, trying desperately to save themselves from financial ruin, today faced the worst dilemma in their 52-year history.

As the convention moved into its third day, the minors found themselves torn with inner strife, rebellion, charges of pirating and open dissension in the ranks. There also remained that ever-present ogre, major league radio and television invasions of their territory.

Unable to get help from the majors and apparently unable to help themselves, the little fellows are being ground deeper and deeper into the financial swamp.

* * *

In an unprecedented action, Frank Shaughnessy, the highly respected president of the International League, was forced to defend himself against the charge that he was trying to steal Piedmont League territory (Richmond, Va.) as a new strut for his own weakened loop.

Shaughnessy faced an accusing Frank Summers, president of the Piedmont League, before minor league czar George M. Trautman.

* * *

After hearing both sides, Trautman said he felt no real wrong had been done and was confident that things can be worked out.

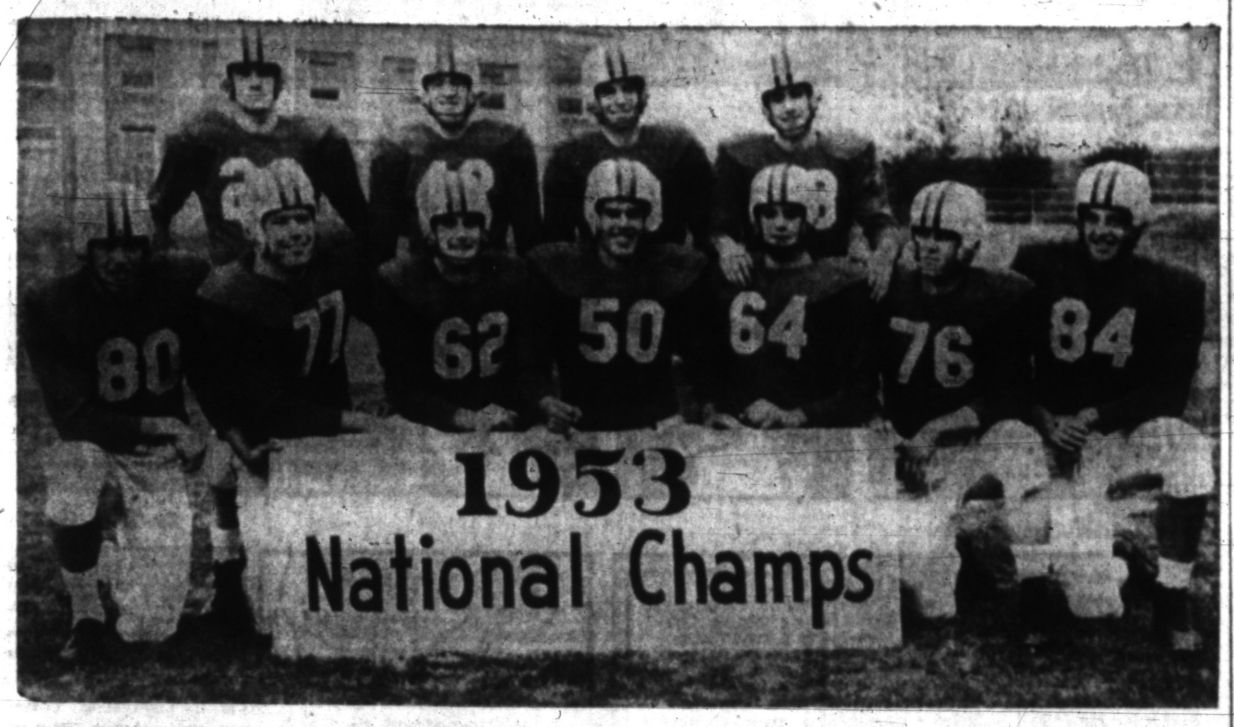

Owner Eddie Mooers of the Richmond club, however, announced after the meetings that he had rejected a $200,000 offer for his franchise and real estate property.

The Pacific Coast League met last night to decide the validity of ownership of the San Francisco club. After purchasing the Seals from Paul Fagan, the PCL resold them to Damon Miller, a former employe of the club. The selling price was $100,000, of which Miller paid $10,000. President Clarence Rowland of the PCL emerged from the meeting with the announcement that Miller would be given more time to pay the balance. It was rumored in other circles, however, that control of the club might go to someone else.

* * *

Trouble also was brewing in the Southwest, where Dick Burnett, multimillionaire oilman who owns Dallas, threatened to upset the basic structure of the minor leagues. Burnett demanded that the minors receive some protection against major league radio and TV.

While the minors were trying to figure out methods of fighting the menace of major league TV and radio in their territories, the big leaguers were formulating a game of the week television deal that figures to cripple the already meager drawing power of the minors.

COLLEGE CHAMPS—Members of the Maryland University varsity football team pose Tuesday with a sign proclaiming them the "1953 National Champs" after they came out on top in the final Associated Press ranking poll of the season. Left to right: Linemen Bill Walker, Stan Jones, George Palahunik, John Irvine, John Bowersox, Bob Morgan and Marty Crytzer. Backfield, left to right: Dick Nolan, Ralph Felton, Bernie Faloney and Chet Hanulak.

Ring Floor Does Damage

Research Shows 150-Pounders Actually Hit With More Power Than Heavies

By GAYLE TALBOT

NEW YORK (AP)—If it were possible to lay a finger on the hardest hitting human in the world today, how much do you suppose he would weigh? Make a guess and the chances are you'll be as wrong as snow in the Sahara.

* * *

The correct answer, according to a man who says he knows, and probably does, is approximately 150 pounds. Above that weight a fighter slows down and hits with less impact, he says. A 200-pounder, now, he just pushes an opponent around, speaking comparatively.

Our authority is Dan Golomb, youthful president of the Everlast Co., largest supplier of boxing equipment in the country. He and his associates made the surprising discovery that middleweights actually hit harder than heavyweights in the course of scientific research into the causes of boxing fatalities.

* * *

"If you will think back on the fights you've ever seen," Golomb said, "you'll realize that practically all the one-punch knockouts you saw were delivered by the smaller fellows—very few by men over 150. Well, our tests show that they do hit harder. Not just pound for pound, but harder."

* * *

The next thing the experiments disclosed, and this of far greater importance, was that the hardest blow a man can be struck in the ring carries about one seventh of the impact of the blow delivered when the back of his head strikes the floor.

"It is to be doubted that any boxer ever has been killed by a blow from an opponent," Golomb said. "Our findings, as well as those by examining physicians, indicate that death invariably has been caused by the head hitting the ring floor."

* * *

Looks like they might have succeeded too. No fighter has yet been killed or seriously injured, Golomb says with much satisfaction, in any ring equipped with a special (and expensive) under - the - canvas padding perfected by his company.

Illini, Badgers Win Openers

Illinois Drubs Ohio Five, 85-54; Wisconsin Beats Butler, 70-54

CHICAGO (AP)—Illinois and Wisconsin opened the basketball season for Big Ten teams last night, decisively beating nonconference opponents.

Illinois drubbed Ohio University 85-54 as sophomore Paul Judson led a well-rounded attack with 17 points. Another sophomore, Bruce Brothers, scored 10 while veterans John Kerr and Max Hooper added 15 each.

Wisconsin using superior height and speed, beat Butler 70-54. Center Paul Morrow led scoring with 22 points.

In other Midwest games, Bradley beat Illinois State Normal 91-75, DePaul defeated Illinois Wesleyan 73-63 and Marquette overpowered Ripon 80-34.

Graham, Perry Near Individual Crowns in NFL

Browns' Ace Far Ahead in Passing, 49er Back Leads Runners

PHIADELPHIA (AP)—Unless Otto Graham and Joe Perry go completely to pieces within the next two weeks they'll be the new passing and ground gaining champions of the National Football League.

Graham, the accurate Cleveland aerial artist, is far out in front as the NFL's forward passing leader while Perry, the 220-pound San Francisco fullback, has a comfortable lead in the rushing department.

Official statistics released today by the league give the veteran Graham an average gain of 10.28 yards per pass attempt. That's more than two yards a try better than his nearest competitors.

Perry, who played only junior college football before joining the 49ers five years ago, rolled up 82 yards against Baltimore Sunday to push his rushing total to 872 yards.

While Thomason is trailing Graham in passing averages, the Philadelphian needs only two more TD tosses to become the 11th player in NFL history to throw 20 scoring passes in a single season. Graham has only nine aerial touchdowns. Graham, however, is out in front in total passing yardage, completing 148 of 230 attempts for 2,365. Thomason's 135 completions in 254 attempts have netted 2,078 yards.

On the other end of the passing statistics, Pittsburgh's Elbie Nickel is within three yards of catching Pete Pihos of Philadelphia for the pass receiving leadership. Pihos has caught 56 for 931 yards to 53 for 647 for Nickel.

Lou Groza, Cleveland's old master at field goals and conversions, leads the scorers with 85 points. Pat Brady of Pittsburgh leads the punters with a 47.9 average.

Charley Trippi of the Chicago Cardinals leads in punt returns with a 12-yard average while Joe Arenas of the 49ers has a kick off return mark of 39.3 yards per try.

Tom Keane of Baltimore tops the pass interception department with 10.

Packers Hope to Sign New Coach by Jan. 28

GREEN BAY, Wis. (UP)—Green Bay Packers' executive committee said Tuesday that it hoped to pick a new coach to succeed Gene Ronzani before the National Football League draft meeting Jan. 28, in Philadelphia. The committee, which had forced Ronzani's resignation because of the club's poor showing this season, has set up a screening board to select the Packers' new coach.

An Australian duck-billed platypus in captivity must be fed 800 angleworms per day, as well as crayfish and egg custard.

CASE — The 'Inside' Swing

Cups Ball For Hook — If your ball suddenly drives high on the head pin, as mine did until my old tutor Hank Marino found the flaw, chances are your backswing is out of the groove. The ball swings away from the body instead of inside, as the sketch shows.

It's the old fundamental: Swing close to the side and the right hip turns naturally out of the way for a perfect downswing. Again, note the sketch: The ball is approximately in line with the right hip pocket as the third step in four step footwork is being taken. Right foot is straight in line to make clearance for the ball.

This "inside" arc, with the arm swinging to the right just a little, puts the fingers on the side and slightly under the ball — a cut grip, it is called — to produce a lifting release for hook spin. It also makes it possible to hold the line consistently to the 1-3 strike pocket.

Spartan Band Appears at East-West Contest

EAST LANSING (UP) — Michigan State's Rose Bowl-bound band of 130 pieces also will appear at the East-West Shrine football game at Kezar Stadium Jan. 2 at San Francisco.

The green and white marching band will leave East Lansing Dec. 26 on an 11-car special train provided by Oldsmobile Division of General Motors. Stops are scheduled at Kansas City, Oklahoma City, Amarillo, El Paso and Tucson where the Michigan State band will parade.

The duck hawk is able to fly 180 miles an hour.

Babe Dahlgren Still After 1st Success as Tunesmith

PASADENA, Calif. (AP)—He collected lots of hits in baseball, but the fellow who composed the 1953 theme song for the junior Rose Bowl football game Dec. 12 observed:

"I'm still trying for my first hit in this songwriting business."

Speaking was Babe Dahlgren, the fancy fielder who succeeded Lou Gehrig on first base for the New York Yankees. He finished up his baseball playing career in 1948 after more than 17 years in the pro game.

Now he makes his living in the insurance business but admits that "some day I'd like to do it writing songs."

He swung a little late for immediate financial returns from the musical endeavors.

"A publisher once asked me, 'why didn't you give us some songs while you were still with the Yankees? We'd have grabbed them.'

"The answer to that was that I didn't even know I could write a song while I was playing ball. I didn't try until about two years after I quit.

Just as his song for the March of Dimes was donated last year, so was this one for the Junior Rose Bowl.

"You know, I got my biggest thrill from hearing some of my songs played two years ago at the World Series." As Babe recalls, he was mowing the lawn and listening to the radio reports of the pre-game activities.

"I heard Gladys Gooding start singing one of my songs," he said. "Right then I quit mowing the lawn."

Babe has never learned to play the piano so he hums and sings his tunes while a friend puts them on paper. Dahlgren also composes the lyrics.

Former Tiger Catcher Pilots Southern Club

ATLANTA (AP)—Al Unser, former catcher for Detroit and Cincinnati, was named manager of the Augusta Rams of the Class A South Atlantic League today.

Unser, replaced manager-shortstop Bobby Wilkins. Augusta general manager Bob Tarleton indicated Wilkins probably will be given his release. Augusta finished sixth last year.

He was with Detroit in 1942-44.

49ers Lure Johnson From Calgary Team

SAN FRANCISCO (UP) — San Francisco Forty Niners turned the tables on Canadian football today by luring sensational halfback John Henry Johnson from the Calgary Stampeders to their National League club for next season.

Johnson, who became a gridiron legend at St. Mary's and Arizona (Tempe) State, was signed to a 1954 contract Tuesday. He was voted the most valuable player in Canada's Western Interprovincial Football Union this season. Frankie Albert rated him the "greatest player" he's ever seen.

Christmas Card Output Booms; Idea Born in 1842

The December before, Prince Albert had brought home a new gift to his wife, Queen Victoria — a Christmas tree.

The year after, Charles Dickens softened the heart of the world with his classic tale, "A Christmas Carol."

But in 1842 a 16-year-old engraver's apprentice, named Egley, designed and printed 100 copies of the world's first Christmas card—and no one even blinked an eye.

Modern authorities believe their failure to attract any buyers was due to the lack of any coloring, a feature that Christmas card designers have emphasized ever since.

Egley was evidently discouraged, and finally stopped his work after repeated warnings that "nothing so unconventional can ever win popular support."

But 20 years later, a London firm revived this then new form of holiday greeting.

The most popular Christmas card designs of this era had little Christmas significance. Instead, they portrayed summer flowers, children playing, sea-scapes and even lightly clad nymphs.

In 1875, an Irish firm published the first truly religious designs. They formed a set of four Christmas cards picturing colorful scenes of the Nativity.

That same year a Boston lithographer, Louis Prang, published the first American Christmas cards. Once again, it was several years before Chrismas cards captured the public's fancy.

With the 20th century a new era in Christmas cards began. Several large publishing firms were established, and Yankee ingenuity developed better reproduction processes.

But the big boom came shortly after World War I. By then, Christmas card production was soaring.

Today, the chances of your receiving any two Christmas cards exactly alike are extremely small. There are an estimated 25,000 different card designs—another reason why the Christmas card custom has become an inseparable part of our Yuletide traditions.

Today's Christmas greetings are gayer and friendlier than ever. Their color schemes are softer and mistier.

And our centuries-old Yuletide customs and symbols are featured in a great majority of the new designs.

Even the modern-style cards have a touch of nostaliga. One illustrates its good wishes with a tintype photo of Santa.

By way of contrast, Chriastmas card designs with striking full-color reproductions of famous Renaissance paintings are also available. Reproductions of the works of old masters are great favorites.

Among the many cards with religious themes, there are several which show heavenly choirs of angels singing traditional hymns, some illustrate the Flight Into Egypt, and others depict the Three Wise Men bringing their gifts to the Holy Child.

Traditional themes are still popular. Sidewalk choirs singing Christmas carols, softly glowing candles, outdoor Christmas trees and sleighrides in the country.

Kodachrome photographs are especially popular this year. They, too, picture the familiar scenes of an old-fashioned Christmas — a snow-covered road lined with birch trees, or gaily-wrapped gifts stacked around a living room.

In some cards, the photo may be replaced with a picture of the sender's family, or a familiar home-town scene.

An old tradition maintains that in the German Alps, the cattle have the gift of language at the time of the Nativity, because cattle were present in the stable at Bethlehem on the first Christmas.

New Dog Disease Discovered in South

CHICAGO (UP) — The American Veterinary Medical Association reports that a new and deadly dog disease has been diagnosed in seven Southern states as "Hepatitis X."

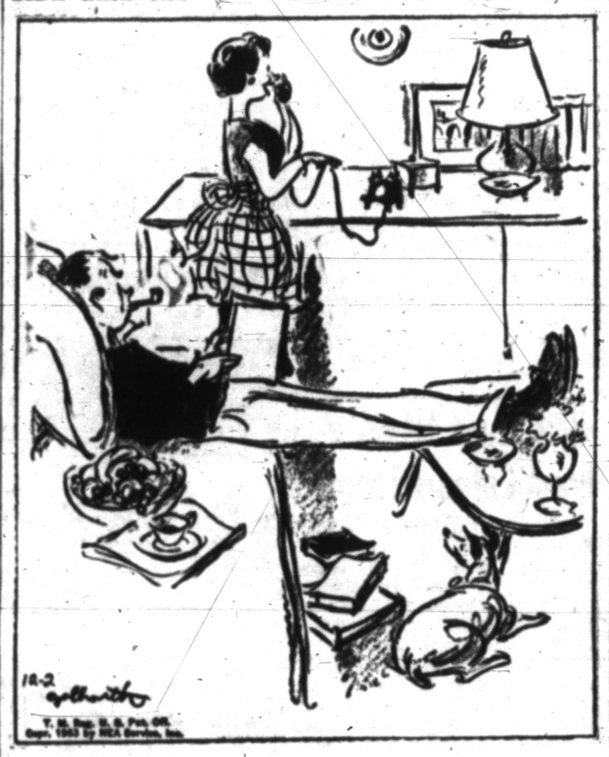

Research workers at the School of Veterinary Medicine at Alabama Polytechnic Institute established definitely that the malady is not just a new type of canine infectious hepatitis.

Exact cause of the disease has not been found, the association said, but it is a liver infection which has proved nearly 100 per cent fatal.

Typical symptoms include loss of appetite and listlessness. Affected dogs often appear anemic and have a yellowish discoloration of the mucous membranes.

Mistletoe was thought to have magic powers by the ancient Druids, and many a young man today believes the same at Christmas when he kisses his girl beneath the ancient symbolic decorations.

Grains Climbing Bit Higher Today

CHICAGO (AP) — An active trade produced a slightly higher grain market on the Board of Trade today.

Wheat and soybeans showed the most strength at the start, a carryover of the buying which centered in those commodities yesterday. Soybeans were not able to hold their gain and wheat could not push ahead from opening prices. Lard again was strong, setting new seasonal highs.

Wheat near the end of the first hour was ⅛ to ¾ cents higher, December $2.03, corn ¼ lower to ⅜ higher, December $1.57⅜, oats ¼-½ higher, December 7¼, soybeans ¼-1¾ lower, January $3.12 and lard 20 to 32 cents a hundred pounds higher, December $16.87.

GMC Truck Sees '54 as Good as '53

General Motors Truck and Coach Division predicts next year's market will keep pace with that of 1953, according to Ward's Automotive reports. The 1954 truck line was introduced last week.

Truck output continues upward, the report says, although the Thanksgiving holiday last week held production to the level reached a week earlier.

Geese are used as warning agents in Malay villages threatened by attack from Communist guerrillas.

Market Marked by Good Gains

NEW YORK (AP)—The Stock Market marched ahead today with good gains being shown in almost all major sections of the list.

The rise went to between 1 and 2 points at the outside. Losses seldom went to as much as a point.

Volume picked up on the rise and maintained a rate better than yesterday's 1,580,000 shares.

Some losses cropped up in motors, railroads, chemicals and aircrafts, but at the worst these sections were merely mixed.

Waterford Church Honors Members of Bible Clubs

WATERFORD — Neighborhood Bible Clubs sponsored by the Waterford Community Church are currently recognizing members for high achievements for the months of October and November.

Highest honors for October went to Philip Van Plew.

Ranking behind him were Paula Kilgore, Linda Portwood, Carolyn Powell, Illene Parcells, Patsy Peter, Jenne Gidcumb, Linda Melson, Sharon Norton, Geraldine Shephard, Sharon Juggins, Loretta Morgan, Judy Wallace, David Sherman and Ricky Sherman.

Highest November honors went to Sharon Norton.

Behind her were Judith Biren, Philip Van Plew, Dixie Powell, Loretta Morgan, Illene Parcells, Judy Wallace, Melody Meschen, Jenny Gidcumb, David Sherman, Lorahn Jehle, Geraldine Shephard, Clifford Shephard, Paula Kilgore, Michael Meschen, Bettilu Maxwell, Tommy Anthony, Kathy Gresham and Linda Walters.

December's Sales May Hit Top Mark

NEW YORK (AP)—Christmas shopping is expected to boost December retail sales to an all-time high of 17,100,000,000, Sales Management Magazine said today.

This is one per cent gain over last December, the publication said. States likely to report better-than-average retail business in December as compared to December 1952 are listed by the magazine as Florida, Indiana, Kentucky, Michigan, New Jersey and Ohio.

Citizenship Class Members Honor New Americans

Janice Antona's citizenship class sponsored by the Pontiac Board of Education held a graduation party at the high school Monday evening honoring members of the group who became naturalized last Tuesday.

Mrs. Mary Todd of the Daughters of the American Revolution, Mrs. Lee Hill and Mrs. Joseph Phillips of the American Legion Auxiliary spoke briefly.

Those honored included Mary Spehar, Kazimiera Nietubyc, Kathleen Huddleston, Donna Massey, Lillian Bailey Ethel Hartley, Tueresa Dodero and Hilda Fagerlie.

Others were Ada Ramsey, Kalliope Varon, Doris Maiden, Patricia Gray, Ann Stasiuk, Stella Hrynyk, Lee Sinclair, Frances Sekora, Lydia Murley and Andrew Allison.

Chrysler and Briggs Complete Agreement

DETROIT (AP) — Chrysler Corp. officers and Briggs Mfg. Co. completed a formal agreement yesterday by which Chrysler will acquire the automobile body-making facilities of Briggs.

The sale, which was disclosed several days ago, must be approved by Briggs stockholders, who will face the question in a few days. Chrysler is reported as paying 35 million dollars for the facilities.

Livestock

DETROIT LIVESTOCK

DETROIT (AP)—Hogs—Salable 375. Barrows and gilts opening around 25 cents higher; bulk 160-275 lb. $23.50-24.00; mixed choice 180-230 lbs. mostly $24.00 with choice 1 and 2 $24.25; not established on sows.

Automobile's Big 3 Reveal Last Output

The automobile industry's Big Three built 389,991 cars and trucks in November.

Ford Motor Co. said it produced 132,747 cars and 24,756 trucks. General Motors Corp. reported output of 108,301 cars and 24,780 trucks and Chrysler Corp. said it turned out 91,092 cars and 8,265 trucks.

GM paced the Big Three in total production in the first 11 months, turning out 3,044,133 cars and trucks in its United States plants to 1,745,512 for Ford and 1,258,386 for Chrysler.

GM's Pontiac Motor Division built 18,466 cars and 30 panel trucks in November, while GMC Truck and Coach Division produced 5,668 vehicles.

Growing Population to Need New Jobs

NEW YORK (AP)—American industry must create a million new jobs a year for the next 22 years to keep pace with the nation's rapidly growing population, the annual convention of the National Assn. of Manufacturers was told today.

In a keynote address prepared for delivery before 3,000 industrialists at the NAM's 58th Congress of American Industry, Earl Bunting, managing director of the association, declared:

"High populations are a liability rather than an asset if they are non-productive and without equipment or resources."

Bunting predicted that the nation's present labor force of 65 million will rise to 87 million by 1975.

Phone Rate Hearing Adjourned to Jan. 11

LANSING (AP) — Hearings on an application by Michigan Bell Telephone Co. for a $22,000,000 rate increase were adjourned today until Jan. 11.

The hearings, before the Sate Public Service Commission, were adjourned after commission witnesses testified yesterday on the company's financial structure.

Company experts will cross-examine the witnesses when the hearings resume in January.

From the Horse's Mouth

PLATTSMOUTH, Neb. (UP) — The Plattsmouth Journal announced it will have a new column on "law and order." The author will be Cass County Sheriff Tom Solomon.

Nov. 27, 28, 30, Dec. 1, 2, '53.

'Ability in Sales Needed in 1954'

Head of Packard Says New Market Must Be Built Up

By JOE HAAS

"Salesmanship will count as never before in disposing of the 1954 automobiles," said James J. Nance, president of Packard Motor Car Co., at a conference in Detroit Tuesday, attended by newspapermen from all parts of the nation.

"The year ahead will be tough and rugged, and selling will be the keynote," he continued. "Since 1941 all emphasis has been on production, with little on creating demand for our product. The big problem facing America today is whether we can support the big production we have developed."

Nance also said Packard is not now engaged in any merger talks with other so-called "independent" companies, and indicated no major price revisions are planned for its 1954 cars.

He agrees with the industry executives who predict a production of five to five and one-half million cars next year.

Describing Packard's 1954 model he said the company is continuing the contour styling of 1953. It will use a new engine in both the Packard and Clipper models.

The Packard, in the upper price luxury class will have a 212 horsepower engine. The Clipper in the medium price bracket also will have increased engine power and new body styling.

The styling will emphasize the high fender appearance. A new super model to be called the Panama, a hardtop, will be added to the Clipper line.

Both lines are to be presented publicly after Jan. 1.

Of the new Packard engine, Nance said "we are not sponsoring a horse-power race, but we want to be competitive."

"The emphasis will be on the greater availability of 'usable horse-power' at critical driving speeds of 40 to 70 miles an hour," he added.

He said Packard will aim at the production of 100,000 cars next year. So far in 1953 it has built approximately 75,000.

Burglars Enter Home, Restaurant

A home under construction and a restaurant, both in Waterford Township, were entered last night by burglars, according to Oakland County sheriff's deputies.

Robert L. McClendon of 381 N. Saginaw St., owner of the home at 1334 Alki St., told Deputies Homer Kelly and Harry Jones that all the electrical wiring and fixtures were stolen from the house.

Deputies said that nothing was reported missing from Whitey's Grill, 1426 Crescent Lake Rd., after a window was found broken. The officers said burglars also tried to pry a door open. The restaurant is owned by Jessie J. White of 1430 Crescent Lake Rd.

Plan Vesper Services

DRAYTON PLAINS — Beginning this Sunday and continuing through the winter months, the second service at the Community United Presbyterian Church will be a vesper hour, and will be held at 4:30 p.m.

ROCKWELL, NOV. 30, 1953, HEWEY James D., Bloomfield Hills, age 53; beloved brother of George S. and Frank Rockwell. Mr. Rockwell was taken from the Pursley Funeral Home to the Hulett Funeral Home, Hattiesburg, Miss. Tuesday evening for service and burial in Highland Park Cemetery, Hattiesburg, Miss.

WATSON, DEC. 1, 1953, WILLIAM, 3016 St. Clair, Avon Twp., beloved father of William H. (Hank) Watson, Mrs. John Ferries, Mrs. Lindon Munro and Mrs. Jack Munro; dear brother of David Watson. Funeral service will be held Friday, Dec. 4, at 12:30 p.m. at the Stone Baptist Church with Rev. Lawrence Dickens officiating. Interment in Mooretown Cemetery, Moore Twp. Mr. Watson will lie in state at the Dudley H. Moore Funeral Home, Auburn Heights, until 10:30 Friday morning when he will be taken to the church. Graveside service will be held at 3 p.m.

In Memoriam 1

IN MEMORY OF MY HUSBAND and father, Fred DeClute, who passed away 1 year ago today, December 2, 1952.
Not dead to us who loved him,
Not lost, but gone before;
He lives with us in memory
And shall forever more.
Sadly missed by his loving wife and children.

Card of Thanks 2

WE WISH TO THANK ALL WHOSE kindnesses and sympathy offered comfort during the illness and recent death of our beloved husband, father, brother and son, Howard Carpenter. We are especially grateful to those responsible for the many floral tributes and gifts and The Dudley Moore Funeral Home, also the ladies of the Sacred Heart Guild. Wife, Cecelia, sons, Raymond & William, father, mother and sister, Mildred.

FOR WANT ADS
DIAL FE 2-8181
From 8 a.m. to 5 p.m.

All errors should be reported immediately. The Press assumes no responsibility for errors other than to cancel the charge for that portion of the first insertion of the advertisement which has been rendered valueless through the error. When cancellations are made be sure to get your "kill numbers." No adjustments will be given without it.

Closing time for advertisements containing type sizes larger than regular agate type is 12 o'clock noon the day previous to publication.

Transient Want Ads may be cancelled up to 5:30 the day of publication.

WOODSHED CURE—State's Attorney John Gutknecht of Cook County, Ill., tells a Senate subcommittee meeting in Washington to investigate juvenile delinquency that, "More frequent visitations to the woodshed" would act as a prime curb on juvenile delinquency. The subcommittee, headed by Sen. Robert C. Hendrickson (R-NJ), has ended the national phase of its investigation, and will visit New York and Boston for hearings during December.

Want St. Patrick's Day Made Legal Holiday

BOSTON (AP) — Kelly and Burke Shea want March 17—St. Patrick's Day—as a legal holiday in Massachusets.

The three Democratic state representatives — James H. Kelly, James R. Burke, both Boston, and John M. Shea, Worcester — parodied Joseph I. Clarke's "The Fighting Race" to call attention to a bill they filed yesterday.

They said:

"When the bill is up for passage, that surely will be the day

"And fighting for enactment, will be Kelly, Burke and Shea."

Germans Still Jailed Plan Vesper Services

BERLIN (AP) — Information Bureau West, a West Berlin news service, says East German security police still hold 2,000 Germans for taking part in the June 17 revolt against the Communist regime and that arrests are continuing.

New York Engravers Vote on Arbitration

NEW YORK (AP)—AFL photoengravers will vote today on whether to arbitrate the four deadocked issues in a strike which has closed down all seven major newspapers in the city.

Publishers of six struck newspapers have agreed to arbitrate the four remaining issues, and union negotiators said they would submit the proposal to a membership meeting of Local 1 of the AFL International Photoengravers Union. Union officials have said that only the membership has authority to approve a strike settlement.

Ypsilanti Parade Set

YPSILANTI (AP)—The city's annual Christmas parade will be held Dec. 9 featuring 14 floats and four marching bands. Thirteen schools will participate.

Five of the 50 biggest coal mines in the U. S.—each with more than one million tons annual production — are in Ohio.

Officer Discovers Alien Is Registered to Vote

ALBUQUERQUE, N. M. (AP)—Immigration service officer John Wilson noticed Andres Torres, 31, Albuquerque, loitering in his office.

After "shaking him down," Wilson said, he found a voting registration slip. Then he found Torres wasn't a U. S. citizen.

When Torres pleaded guilty to falsely representing himself as a citizen, he said he had registered once before—in 1944—but his name had been purged from voting rolls.

Solon Says GOP Decides to Halt Public Housing

WASHINGTON (AP)—Rep. Eberharter (D-Pa) said today he understands the Eisenhower administration has decided to halt the low-rent public housing program and to sell the buildings it owns.

He said liquidation of the program was urged upon the administration by the National Assn. of Real Estate Boards, which he described as "the strongest and most influential voice in the determination of housing policies under this administration." He said selling of the projects would mean that most tenants would be driven into slums.

There was no immediate comment from government housing officials.

• • •

"Under legislation passed earlier this year, no new projects could be started," Eberharter said. "That signaled the death of the public housing program, but it left unsettled the question of disposing of the remains—what to do with existing projects and those under construction.

"The decision has now been made, I understand, to liquidate the program by selling the projects to private enterprise."

It is estimated that an acre of meadowland contains 15,000,000 insects.
