

# Plumber Held in Probe of Seven Fires

## Algerian Quake Kills Some 800

### Shock Smashes the French City of Orleansville

Buildings Topped and Utilities Cut Off; Help Rushed to Scene

ALGIERS, Algeria (AP)—A tremendous earthquake struck northern Algeria today, blasting the town of Orleansville and wreaking a toll which unofficial reports put at approximately 800 dead.

The French National Defense Ministry said in Paris that it knew of at least 200 deaths.

Eyewitnesses reported that the city of 32,500 looked as if it had gone through a heavy air bombardment.

At the Strasbourg Observatory, the shock was timed at 1:07 a. m. Scientists there said it was the worst to hit Algeria in 40 years.

Orleansville, a modern French town, built on an ancient Roman site, lies about 100 miles west of

See map on page 2.

Algiers on the main rail line to Oran. It is the center of a rich farming valley. Some reports said it was 20 per cent demolished.

Barracks, stadium, postoffice, prison, hospital, two hotels, police headquarters, a small dam and a new Roman Catholic cathedral all collapsed or suffered heavy damage. About 40 travelers were buried alive in their beds when the Hotel Baudouin fell in on them.

Electric power was out and communications were cut. Troops and ambulances were rushed to the area.

Gov. Gen. Roger Leonard hurried to take command of rescue operations on the spot.

The area worst hit is between Tunes, on the Mediterranean coast, and Miliana, about halfway between Tunes and Orleansville. All villages were reported heavily damaged, with Vauban, Duperré and Rouina among the worst hit.

An airlift for the injured was set up between Maison Blanche airport at Algiers and the earthquake area. Among the first victims to arrive, many were suffering from fractured skulls.

A 400-bed field hospital was set up at Orleansville, and five surgeons were sent from Algiers.

### Mercury Dips to 29 in State Last Night

As freezing temperatures hit parts of Michigan early this morning, the forecast for Pontiac and vicinity is mostly cloudy with rain tonight and Friday morning.

The mercury dipped to 29 at Grand Marais and Pellston reported 32, but the U. S. Weather Bureau predicts a low of 33 to 37 for Pontiac tonight, high Friday, 70 to 74. At 8 a. m. today the mercury registered 54 degrees, reaching 73 by 1 p. m.

Yesterday's temperatures in downtown ranged from 52 to 70.

### Nationalists Pound Coast as Dulles Vows U.S. Aid

TAIPEH, Formosa (AP)—Nationalist warships and planes pounded the Red China coast again today, even as U. S. Secretary of State John Foster Dulles pledged that Nationalist China "doesn't stand alone against the forces of aggression."

Dulles flew here from the Southeast Asia security conference in Manila and spent three hours and 15 minutes closeted with President Chiang Kai-shek.

Only five hours after Dulles' special plane landed here he and his party were airborne again, headed for Tokyo.

In a statement read to newsmen at the airport, he reiterated that the U. S. 7th Fleet is under orders to guard Formosa.

(See story on page 17)

He said Communist China now is intensifying military and propaganda activity against the Nationalists "but we shall not be intimidated."

This statement was viewed here as a direct and challenging reply to Communist threats to "liberate" Formosa and as an

### Pontiac's Junior Citizens Go Back to School Today

### Schools Approve Building Plans

Junior High and Grade Units, One Addition Are Scheduled

Plans for a new junior high school, an addition to Daniel Whitfield School and a 14-room elementary school, on a site to be selected later, were given the green light at Wednesday night's Pontiac Board of Education meeting.

Beyster Associates, Detroit architectural firm retained by the board, presented land use and preliminary plans for the 600 pupil junior high school. The school will be on part of the proposed Perry street high school site. This comprises 109 acres.

Henry Haberkorn, of Beysters, said that if contracts could be let within the next few months, the schools would be ready for use in September of 1955.

Seven rooms will be added to Whitfield School to be used as a primary wing. The present facilities can be used for grades three through six.

In discussing the junior high school plan, the board and architects agreed that the optimum pupil load should be 1,000.

### Fruehauf Union Strikes

LORAIN, Ohio (AP)—A spokesman for Fruehauf Trailer Co. said today the AFL United Auto Workers struck the firm's plant here last night. The plant employs about 1,600 workers.

### Trucker Charges He Paid Bribe

Oakland Hauler First Witness as Teamsters' Trial Opens

DETROIT (AP)—A Farmington sand and gravel dealer testified today he paid \$2,500 to an AFL Teamsters Union official to call off a union wage demand.

The dealer, Edgar S. Mather Jr., testified in Recorder's (criminal) Court he gave the money in 1951 to Daniel J. Keating, president of the union's Pontiac Local 614.

A hauling contractor who testified he tried to bribe the head of a Pontiac teamsters union to "fix" a government investigation was to take the stand in the union conspiracy case again today in Detroit.

The admission came from Edgar Mather Jr., business manager for his father's hauling firm in Farmington and highlighted the opening day trial of five AFL leaders before Recorder's Judge Joseph A. Gillis.

(The firm is E. S. Mather, Inc., 30777 Shawwasee, Farmington.)

The \$10,000 payoff allegedly was solicited and accepted by Daniel J. Keating, President of local 614, in Pontiac.

Keating and four other union officials were indicted by the labor racket grand jury and are charged with extortion, conspiracy and accepting bribes.

### 14 Million Jam 57 Parks

LANSING (UP)—Labor Day crowds at Michigan's 57 state parks brought 1954 attendance to an estimated 14,977,000, an increase of 2,074,000 from totals at the same time last year, it was reported today.

### DOWNRIGHT DISCOURAGING TO UPRIGHT BUYERS

There were lots of discouraged buyers when they tried to buy this upright piano.

It was sold in a hurry through this fast-setting Pontiac Press Want Ad.

This is the easy way to buy, sell, rent, hire or find lost things—just phone PE-2-6161 and ask for an Ad Taker.

### Court Decree Puts Bingo Issue on Fall Ballot

Pleas Filed by Church Groups Turned Down; November Vote Slated

LANSING (UP)—Two petitions aimed at keeping the "charity bingo" off the November election ballot were denied by the Michigan Supreme Court Wednesday, and the question will be submitted to the voters as scheduled.

The high court rejected petitions filed by the Michigan and Detroit Councils of Churches which had pledged a legal and moral fight against the proposed constitutional amendment permitting charitable groups to conduct lotteries. The State Constitution presently bans all lotteries.

The State Board of Canvassers previously had ruled that petitions demanding a referendum on the lottery issue were legal and ordered the proposed amendment printed on the Nov. 2 election ballot.

The church groups, failing in their attempts to have the Board of Canvassers throw out the petitions, asked the Supreme Court for (1) a writ of mandamus forcing election officials to check the validity of the referendum petitions, and (2) a writ of prohibition against placing the issue on the ballot. Both were denied.

Petitions for the referendum were circulated by the Michigan Association of Non-Profit Charitable Organizations.

The constitutional ban against lotteries reads: "The Legislature shall not authorize any lottery nor permit the sale of lottery tickets."

This would be changed by the amendment to read: "The Legislature shall not authorize any lottery nor permit any sale of lottery tickets, except subject to statutory limitations, lotteries conducted by or for lottery tickets sold by non-profit charitable organizations as hereafter defined by law."

James W. Williams, attorney for the church councils, said, "The churches believe that approval of the amendment would open the way to the use of any kind of lottery in Michigan and would lead to penetration of Michigan by gangster gambling syndicates."

### Nine Doctors Quit Staff of Flint Hurley Hospital

FLINT (AP)—Hurley Hospital's board of managers last night accepted the resignation of all nine doctors on the hospital internal medicine teaching staff.

Four other doctors were appointed to the staff.

The board and the doctors who resigned refused to divulge reasons for the mass resignation.

However, one board member, who declined to be named, said yesterday it was partly the outcome of a "feud" between the doctors and a member of the hospital staff.

### ing, locating the building where the children are.

Final action on the go-ahead for working plans for the new building was tabled until a later date by the board.

### Arson Suspect

### Woman Killed When Hit by Car

Mrs. Helen Martin Struck Down Crossing Elizabeth Lake Road

Mrs. Helen Martin, 39, of 9215 Southeastern, White Lake Township, was killed last night when she walked in front of an auto on Elizabeth Lake Road near Cass Lake road in Waterford Township.

Police Chief Frank Van Atta said today that she apparently did not see an auto driven by David Youngquist, 26, of 4005 Elizabeth Lake Rd.

Mrs. Martin was dead on admission to Pontiac Hospital.

Van Atta said Youngquist and a witness who was standing near the scene, Miss Delores Smith of 8286 Cooley Lake Rd., Waterford Township, will make statements at the Oakland County Prosecutor's office today.

Both Mrs. Martin and Miss Smith were employed at a nearby factory, Van Atta said.

### Charging Buffalo Felled—in Ohio, Not Wild West

CANTON, Ohio (AP)—A thunder of hoofbeats, the angry barking of rifles and the charging buffalo hit the dust just feet away from his two intended victims.

A Western prairie a century ago? No, a woods near here yesterday, with farmer Russell Kiko and his 13-year-old son Dan killing the 1,200-pound bison with .22-caliber rifles.

The buffalo was one of four which belong on Tony Diano's animal farm and have been breaking out and roaming hereabouts altogether too often to suit Diano's neighbors.

As Kiko and Dan tell it, they had chased the four bison—three bulls and a cow—into a woods on their farm yesterday. With them was a neighbor, Robert Yohe.

One bull turned around and pounded toward them, head lowered for action. Yohe, unarmed, zoomed up a high-tension electrical power derrick. Kiko and Dan pumped their .22s as fast as they could, with a score of bullets finding their mark before the buffalo was felled.

### Colorful Team Assured

SALINAS, Calif. (UP)—Football Coach Ken Blue of Hartnell College greeted quarterback candidates Dick White, Jim Brown and John Black today with these words: "No one can say our team won't be colorful this season."

### Blazes Cause \$100,000 Loss in Two Counties

Donald J. Roller to Be in Court on Monday on Arson Charge

A 23-year-old Detroit plumber, who police say has admitted setting seven fires since last July 24 causing \$100,000 damage, will be arraigned on an arson charge in Oakland County Circuit Court Monday.

Donald J. Roller of 12374 Wisconsin St., Detroit, waived examination before Farmington Township Justice Allan C. Ingle yesterday and was returned to Oakland County Jail under \$5,000 bond.

Meanwhile, Detroit police announced today that another firebug suspect, Stanley Murdock, 25, also of Detroit, has admitted setting the \$150,000 Wells Lumber Co. fire there last Saturday.

Murdock had been arrested for questioning about four small fires in Detroit recently when witnesses placed him at the scene of the lumber company fire. At first he denied any knowledge of the blaze, police said, but finally confessed today.

Roller told police that he set fire to six homes and an old school house in Oakland and Wayne counties but that he didn't know why he did it.

Roller returned to the scene of each fire dressed in a raincoat, boots and a fire helmet, passing himself off as a "volunteer fireman who just happened by." The fires he admitted setting caused damage estimated in excess of \$100,000.

His "Uniform" was an old army issue coat and the boots were those he used in his plumbing work but he admitted stealing the fire helmet at a Jackson Prison dairy barn fire earlier this summer.

"I don't know why I set the fires, the urge just seemed to come over me and there was nothing I could do about it," he said.

Roller said he has never had any desire to be a fireman and that he planned to continue in the plumbing trade in preparation for his marriage next spring.

The target for six of Roller's fires were homes under construction and the other was an old school house near Flat Rock.

On one occasion Roller called Dearborn firemen after igniting rolled-up newspapers in a nearly-completed home and then returned to help fight the blaze until 5 a. m.

"That was the only time I turned in an alarm myself, though," Roller said. "I usually waited around until someone else turned in the alarm and then came back in my firefighting outfit."

Two fires set in Southfield Township about Aug. 6 resulted in total destruction to the homes and at one of the fires Roller treated all firemen to coffee.

Roller's capture by Michigan State Police yesterday came about after Trenton Fire Chief Cameron Waldorf became suspicious of him for "just turning up" and gave police a description of the suspect's car.

Southfield Township fireman Frank Powell added a partial license number and Roller's arrest followed.

### Lake Street Residents Protest Location of New School

By MAZEL A. TRUMBULL

Seventy-five residents of the Lake Street area appeared before the Pontiac Board of Education in a five-hour meeting last night to protest building of an elementary school on a site owned by the school district on Lake Street.

The group claimed that because of the Negro population in the vicinity, locating of a school there would make the building a segregated school.

The board, after giving the group and the National Association for the Advancement of Colored People spokesmen opportunity to express their feelings, said the move was not a question of segregation.

Board members pointed out that while locating the building on the Lake Street site looks like segregation to the residents of the area, to the board the move means sound educational plan-

ing, locating the building where the children are.

Final action on the go-ahead for working plans for the new building was tabled until a later date by the board.

"It is a matter of locating a much needed school on the only

### property available. It is within easy walking distance for early primary children and is an endorsement of the Pontiac Board's policy of keeping beginning elementary children near their home centers," declared the board.

Purchased a year ago by the school district, preliminary plans have already been authorized for a school designed to meet the influx of primary students who will be ready for school in Sept. of 1955.

Citing last year's Supreme Court Decision as the "new policy of the land," the protest group said this tribunal's declaration called unlawful the segregation of students in public school. The group urged Pontiac to replace what they called segregation with integration.

Dr. Harry Riggs, speaking for the local NAACP, pointed out that

it was the psychological damage done to a minority group which was the greatest danger in segregation.

"Part of a child's education should be in an atmosphere where he is accepted by all races. We have proof that there is a tendency to retard educational and mental development in the Negro child in a segregated learning experience," he stated.

The Lake Street residents proposed to the board that they build a school on the Golf Drive site already owned by the district.

Dr. Dana P. Whitmer, superintendent of schools, urged that people begin to think in terms of the "oneness" of the district and try to eliminate drawn boundaries.

The Day in Birmingham

Ireland Says Traffic Signal Not School Responsibility

From Our Birmingham Bureau  
BIRMINGHAM—Contrary to reports, Supt. of Schools Dwight B. Ireland said this morning that the question of a traffic signal at the Southfield-Beverly road intersection, which must be used by children attending the new Beverly school at that location, "is not my problem."

While within the Birmingham school district, the building is in Southfield Township. According to reports, irate parents have threatened to barricade the intersection next Monday, unless action is taken.

"This is not an arbitrary, but a legal position," Dr. Ireland maintained. "I'm no traffic engineer, and have no authority to say what is needed in the way of protection at the crossing."

"This problem was discussed by the school board last spring with the result that the Oakland County Road Commission made a study."

Ireland said, "The survey showed there was not sufficient traffic present for a signal light."

Furthermore, he said, "Southfield Township told us they would share in the cost of the school. The school board would also have to station an officer there."

"We have no people qualified to assume this responsibility, and we cannot start employing traffic officers," Ireland said.

Meanwhile the township has temporarily stationed a policeman at the intersection.

When Cranbrook School begins the 1954-55 academic year this month, there will be 337 boys present from 15 states and south America.

A breakdown of this record breaking attendance figure shows 182 boarding students and 155 day boys. Registration for all students will take place Sept. 20 and 21. Classes are scheduled to begin the following Wednesday.

Starting this year's activities, the Westminster Guild of the First Presbyterian Church will meet at the church at 8 tonight.

Once again Rotary Club members are stepping lively, and hope that's just what the community will do tomorrow night, when the club sponsors its third annual square dance at the Briggs parking lot.

As always, proceeds will be used for the purchase of needed equipment for the Oakland County Crippled Children's Society. Dick Lewis is to be the caller for the dancing, which will run continuously from 8 p.m. to 12 midnight.

Chairman Matthew Cammareri said prizes and refreshments will be included in the evening's entertainment, and added that the station wagon purchased for the OCCCS through club-sponsored projects last year, will be on display. Tickets will be available at the door or through any Rotarian.

The Birmingham Business Women's Club will start fall activities with a \$3.00 dinner at the Community House tonight. A business meeting will follow.

Mrs. Albert F. Huhn, Service for Mrs. Albert F. Huhn, 54, of 1408 Ruffner, will be held at 3 p.m. Friday at the Kinsey Funeral Home, Royal Oak, with burial in Acadia Park Cemetery. She died Tuesday.

Surviving are her husband; two daughters, Mrs. Raymond Cowie of Harbor Beach, and Mrs. James Hudson of Detroit; two sisters, Mrs. Martha Saxe of Wilmington, N. C. and Mrs. Frances Krause of Van Dyke, and a brother, Frank Budner, of Detroit.

Wait Hearing on Breakin at Birmingham Store  
BIRMINGHAM—Two Detroit men waived examination and were bound over to Oakland County Circuit Court when they appeared before Justice John J. Gaffill yesterday on a charge of breaking and entering in the nighttime.

Antonio Nicotia, 29, and Robert Modelzewski, 29, were ordered to furnish \$2,000 bond apiece. Police said the two had admitted the theft of a radio, television set, \$49 in cash and a safe containing over \$625 in cash and checks, from Electronics Service, 1265 S. Woodward Ave.

Birmingham Justice Dismisses Dog Case  
BIRMINGHAM—Justice John J. Gaffill yesterday dismissed a disturbing the peace charge against Mr. and Mrs. Irving A. Taylor, 736 Abbey Rd. Complaint had been brought by Mr. and Mrs. Richard Wagner, of 690 Abbey, who had objected to the barking of two dogs owned by the Taylors.

The case was previously taken under advisement for one month, allowing the defendants to remedy the situation.

It is not absolutely necessary in establishing new seedlings of bluegrass to have the ground covered with a mulch such as peat moss or straw. Wheat straw or saw dust will work.

The Weather  
PONTIAC AND VICINITY: Mostly cloudy and cool to cool tonight and Friday morning. Low tonight 55-57; high Friday 70-72. Easterly winds, 5-12 mph. Light becoming southeasterly tonight and north to northeast Friday.

STATE'S TOP JURIST—Justice Henry M. Butzel, 84, looks back 25 years on Michigan's Supreme Court as he relaxes at his Detroit office.

## State's Chief Justice, 84, Marks 25 Years on Job

DETROIT — Henry M. Butzel, chief justice of the Michigan Supreme Court, has rounded out his 25th year on the state's highest bench—and he's still going strong. But when former Gov. Fred W. Green named him to the post in 1929, Judge Butzel expected his term to be brief and wholly exhausting. Four justices had died

of overwork in the preceding two years.

"They warned me the job was a man-killer, so I expected to stay no more than a year or more," he recalled. "But if I had it to do over again, I'd still take the job. It's been a wonderful life."

Now 84 years old, the judge still is as busy as ever. "Every day new cases," he says, pointing to the briefs and notes and law books that litter the desk of his office in Detroit's National Bank Building. "They never end."

Justice Butzel figures he's dealt with some 10,000 cases during his quarter century on the Supreme Court bench.

"Most cases," he says, "contain fairly clear-cut issues and are not hard to decide. But we get the twinedee-two-twinedee cases every once in a while where the issues are quite evenly balanced. Then we like to rule in favor of the lower court decision because the trial judge has had the opportunity of seeing and hearing the witnesses, which we have not."

The judge says Michigan's court system definitely could use some overhauling to reduce the flood of appeals which overwhelm the Supreme Court's eight justices year after year. The use of intermediate appeal courts, as in New York, Missouri and many other states, he believes, could best solve the problem.

"My only regret is that I have not been able to devote as much time to these cases as they needed," he says. "It's a feeling we all share up here. The volume is just too great."

Justice Butzel also feels the state needs a new method of selecting judges. This, he says, might be achieved under the Missouri Plan, which uses a combination of appointment and election.

The illness of Justice Butzel's wife makes his future uncertain. Nevertheless, he hopes that when his present term expires Dec. 13, 1955, he'll still be holding forth in Michigan's most exalted judicial chair.

## Mighty Mo Jams Up Traffic in Long Beach

LONG BEACH, Calif. (UP)—The people, obviously, loved the battleship Missouri but Long Beach traffic police probably will be relieved when the Mighty Mo sails northward today.

The battleship, moored here before proceeding to mothball status in Puget Sound, attracted a crowd estimated at 50,000 yesterday, thereby creating one of the biggest traffic jams Long Beach ever encountered.

At one time police had to restrict the outer harbor area to traffic at half-hour intervals, keeping one lane open for fire equipment.

Iced drinks produce a more rapid emptying of your stomach than hot ones.

## Catch Prisoner Printing Bogus Bills in Jail Cell

MEXICO CITY (UP)—Luis Eduardo Shelly, serving seven years for counterfeiting, had another eight years added to his sentence today. Officials charged he kept in prac-

tice by running off bills on a portable press concealed in his cell. Warders at the national penitentiary said Shelly had been selling the homemade currency to prisoners as they completed their sentences.

## Coy Monkey Prefers Cemetery to Her Suitor

GALESBURG, Ill. (UP)—A female monkey named Cheeta caused a commotion by playing hard to get. Cheeta, owned by Mrs. Opal

Salée, was placed in a cage Wednesday with Joe, a male owned by Cal Hunter. Joe unlatched the door and his bride fled. She was found perched in a cemetery tree two miles away. City firemen lured her down with cherry-flavored candy.

## Editors to Meet at MSC

LANSING (UP)—Editors of industrial publications from Michigan and nearby states will meet at Michigan State College Oct. 8 for a workshop under sponsorship of the Western Council of Indus-

trial Editors. It was announced today.

Lake Superior has a maximum depth of 1,180 feet. It is about 602 feet above sea level and is closed to navigation, by ice, about four months a year.

## Find Tombstone of Lincoln's Son

SPRINGFIELD, Ill. (UP)—The tombstone of Abraham Lincoln's second son Eddie has been found by historians after being missing for 89 years.

Broken and lying face down, it was discovered serving as an entrance stone to the Oak Ridge Cemetery burial plot of the family of Ninian Edwards, Illinois' third governor.

The body of Eddie, who died in 1850, six weeks before his fourth birthday, lies entombed with that of his father a short distance away. The whereabouts of the tombstone, a white marble slab, had been unknown since 1865, when Eddie's body was moved from a Springfield cemetery.

The stone was located by a photographer compiling a record of grave markers of Springfield persons associated with Lincoln.

## Women Proving Capable 'Officers' of Traffic Law

CHICAGO (INS) — Many cities are finding women an asset in traffic—despite comments to the contrary from the opposite sex.

The American Municipal Association in Chicago has reported a growing trend toward the employment of women as traffic policemen throughout the nation.

The association said the fairer sex is used most often in parking and traffic control in the south.

New Orleans, La., Charlotte, N. C., and Richmond, Va., are among the southern cities to find distaff patrols effective in curbing violations.

In Richmond, women patrolmen draw the same pay as male members of the force and have the same authority—including the right to carry revolvers and to make arrests "on the spot."

In New Orleans, women, serve as "traffic guards" and in Charlotte as "parking checkers."

The association said other cities with women on their traffic patrols include Seattle, Wash.; Evansville, Ind., and Phoenix, Ariz.

This authoritative, feminine role in traffic control is in addition to the one women have been playing for more than 20 years in protecting children at school crossings. Cities across the nation have been hiring women as school guards to free regular police for other duties.

## PUBLIC AUCTION

### ALL NEW Household Merchandise

Sold to Highest Bidder at Our Auction House, OXFORD, MICHIGAN

7:30 P. M.  
FRIDAY  
Sept. 10

FREE  
DOOR  
PRIZES  
(nothing to buy)

## Boy Playwright Gives Gloria Grahame Advice

By EARL WILSON

NEW YORK—We're now in the carefree days between wars . . . and should laugh whenever we can.

So I hunted down a Wisconsin farm boy . . . one of the most amusing men in town.

"What's funny?" I asked boy playwright Howard Teichmann, George S. Kaufman's collaborator on "The Solid Gold Cadillac."

Gloria Grahame's wedding to Cy Howard was, replied Teichmann, an ex-roommate of Howard, the sany Hollywood producer.

On her wedding night, Miss Grahame, talking to Teichmann on the phone, said, "You know Howard . . . would you give me one word of advice?"

"Yes," shouted Teichmann, "Reconsider!"

Miss Grahame'd been married twice before . . . and her young son told her the night before she married Cy. "Mommy, if you blow this one, you're finished."

"Like"—as they call him—has been busy recently not smoking, but writing a new play with Kaufman and not telling stories about Kaufman.

"Max Gordon got me to quit smoking," Teichmann told me as he sipped milk at Sardi's. "The payoff is, then he started smoking."

He and Kaufman wrote three-fourths of a new play, then abandoned it. But he admires Kaufman more than ever.

"Kaufman hates people to say he's witty. I wrote one such piece and he rebuked me. He said I should always say he's a nasty, lazy bum. I did, and he said, 'Thanks, that was fine.'"

Teichmann dedicated it "to Charles E. Wilson, Robert R. Young and the other small stockholders of America."

He also got the mayors of Natchez and Pittsfield, Mass., which are mentioned in the play—to write defensive introductions.

Natchez is called "the jewel of the swamps."

Teichmann got the mayor of Natchez to complain, "Such inaccuracy!" and add that the fair city of Natchez isn't in a swamp—they must have been thinking of Upper Natchez, a half mile away.

Herb Shriner's palatial home on the water at Larchmont appears ideal for an at-home TV show . . . Beautiful Elaine Stewart'll be grand marshal of the Miss America parade at Atlantic City.

Sophie Tucker's son Bert improved and she didn't have to fly in here from San Francisco . . . Sheeky Green, sensational new Chicago comic, says of the Tucker car, "Instead of having a top that folded, the company folded."

Monte Proser's practically closed the deal to move La Vie en Rose into the Shelton Hotel . . . The Duke and Duchess of Windsor are tiffing over TV appearances; she wants to do 'em . . . Charissa Hughes has a featured role in "The Egyptian."

Songwriter Harold Arlen's ailing again . . . The Sam Levenes named the baby Joseph Kenneth . . . All of Dinah Washington's five ex-husbands showed up during her first week at Birdland . . . Elizabeth Taylor had to rent a second Cadillac limousine to lug her luggage to the airport.

Today's Best Laugh: Jack Paar, who has an early morning television show, says, "I'm seen by a lot of people every morning who forgot to turn off their TV-set the night before."

Wish I'd Said That: "When a man has only one button on his coat and a tear in his sleeve, he should do one of two things—either get married or get divorced."—Charlie Jones . . . That's earl, brother.

(Copyright 1954)

there and signed a recording contract. Back now in this country, she is an up-and-coming opera star, and it all started with an understudy role.

Of the 6,500 Americans drowned every year, males outnumber females, six to one.

Mrs. Shirley Wolfe, 17, alleges fraud and assault in her complaint. The Superior Court yesterday denied her \$500 a month temporary alimony but ordered Wolfe to pay attorney's fees and costs of her suit.

Wolfe, admitting eight marriages told the judge: "My wives divorced me; I don't divorce them." He said he and Shirley eloped last June to Juarez, Mexico, where two of his previous wives had divorced him.

Mistortune Often Means Success for Understudy

NEW YORK (INS)—In the theater, the understudy sits around waiting for the star to get ill, hoping to turn in a fine substitute performance and find her way to stardom, too.

In opera, it's a bit different but often dramatic enough to form the plot of a story all its own. Take Josephine Guido, a lyric coloratura from Youngstown, Ohio. She was studying in New York, when the Salmagundi Opera Company, slated to give a performance of "Hansel and Gretel," discovered the artist who was to sing Gretel had had an accident.

The management contacted a number of others known to have sung the role but they were all busy. In desperation, leading teachers were contacted, and Josephine was recommended.

Three hours later, Josephine was on the stage of the Brooklyn Academy of Music, rehearsing. She did so well at the performance, she was engaged for a repeat.

Miss Guido recently returned from Italy where she worked on her Italian repertoire. She was heard in several opera houses

## Cancer Less Likely in Mothers of Many

WASHINGTON (AP)—Women with large families seem the least likely to develop breast cancer, scientists from five continents reported today.

Their studies indicated that unmarried women over 35 are most likely to have the disease.

Results of the studies were reported at a cancer panel meeting at the International Congress of Pathology, attended by about 1,500 scientists from more than 30 nations.

Kills Fly With a Towel, Sends Wife to Hospital

SYRACUSE, N. Y. (UP)—The next time George Eltgroth decides to go after a fly roaming his bedroom, he'll think twice before using a towel as a weapon.

The 40-year-old Syracuse man bagged his prey with a swipe of the towel, but he also shattered a light bulb and sent his wife to a hospital.

One of the fragments of the smashed bulb pierced Mrs. Eltgroth's thigh and the wound required stitches.

Fido and Pussy Rated Tops as Pets in U. S.

WASHINGTON (UP)—A lot of people have hamsters, skunks, alligators, monkeys and parakeets for pets. But a survey shows that the old standbys—the dog and the cat—still are the favorites.

The National Geographic Society reports that the U. S. dog population is about 23,000,000. Estimates on the number of cats run to 27,000,000.

Who is the mysterious source of the daily orchid corsage that arrives every morning at 750 Lafayette St. for Mrs. Eisenhower? Mamie loves the flowers, the President likes to see her wearing 'em and the corsage-sender is probably an old friend of the family.

Matter of fact, the Eisenhowers get a daily deluge of gifts. The range runs between toy helicopters from the Marx Toy Co. to prize-winning pies from county fairs.

When a big shipment of cheese arrived at the Lafayette street

## Ike Exceedingly Worried by Gunfire Off Formosa

By MEHRMAN SMITH  
DENVER (UP)—Backstairs at the summer White House:

No reason to get excited, but the President is exceedingly worried about the gunfire off Formosa.

The big brass of American intelligence still wonders whether the Communist muscle act is pressure on the Southeast Asia treaty negotiations in Manila or a preface to war.

Best bet: The Communists are running a propaganda campaign.

The new crisis in the Far East had made Eisenhower's so-called vacation something less than a holiday. He spends long hours at home—the Lafayette street house of his mother-in-law, Mrs. John S. Doud—on the telephone to Manila, Washington and points east and west.

Sometime this weekend, Secretary of State John Foster Dulles may arrive at Lowry Air Force Base to give the chief executive a first hand report on what went on at Manila.

pull away from the curb in a big Chrysler limousine without kids from across the street shrilling, "Hello, Ike."

See End of Bus Strike

DETROIT (UP)—An agreement ending the six-day strike which has cut off bus service to 14 Detroit suburbs was expected today following the resumption of negotiations Wednesday night.

house, Mrs. Doud whacked it up into proper portions and divided the loot with the neighbors on the block.

The President usually leaves Mrs. Doud's house at about 7:20 or 7:25 a.m. for his working offices at Lowry Field. Rarely does he

## State Park Crowds Set Up New Marks

LANSING (AP)—Attendance at Michigan state parks has already broken the record with several weeks of the normal park season still to go.

Conservation department reported today that heavy use of the

state's 60 parks and recreation areas over the Labor Day weekend boosted the total attendance for the year so far to 14,977,000.

This is 2,074,000 more than the 14,161,000 total attendance in 1953, the previous record year.

The big sequoia trees of California are one of the surviving links between the firs and cypresses. The giant trees were once found on four continents.

## Royal Oak OKs Water Project

6 Other Communities Expected to Approve Contract With Detroit

ROYAL OAK — Royal Oak City Commission tentatively approved joining with southeastern Oakland County communities in a 30-year water contract with Detroit, at an informal joint meeting of the Southeastern Oakland County Water Authority and governing bodies of seven area communities last night.

Representatives from Clawson, Pleasant Ridge, and Huntington Woods indicated they would also approve the contract at their next meeting. Berkley, Southfield Township, and Birmingham, are also expected to go along with this plan.

The \$6,000,000 contract is expected to bring sufficient water to the area to relieve the present water shortage.

Plans include a 10,000,000-gallon storage reservoir on the Beaumont Hospital property, at Woodward and Coolidge avenue, and also a large transmission main along Greenfield road to the 14 Mile Road.

Feeder lines will serve the communities from the main line. The project is expected to be completed in July, 1956.

If the plan is approved by the authority will issue revenue bonds to finance the project. The cost will be paid by the consumer, billed directly on water bills.

## School Bus Drivers to Take Instruction

ARMADA—All school bus drivers in this area will be required to take 12 hours of classroom instruction in their work, Robert Beal, deputy superintendent of Macomb County schools, has announced.

Courses will be held Wednesday nights at Armada High School and Monday nights at Utica High School. The Armada classes are scheduled from 7-10 p.m. on Sept. 15, 22, 29 and Oct. 6. Utica classes are from 7-10 p.m. Sept. 13, 20, 27 and Oct. 4.

Instruction will cover safety in operation, the motor vehicle code, preventive maintenance, driver's responsibilities, and policies set up by the State Department of Public Instruction.

Upon completion of the course, drivers will be paid a fee of \$10 and receive a certificate of achievement.

## Mrs. Hillman Heads New Auxiliary Officers

IMLAY CITY—Newly elected officers of the American Legion Auxiliary are: Mrs. Lorraine Hillman, president; Mrs. Mary Hillman, first vice president; Mrs. Wanda Sans, second vice president; Mrs. Vern Shaw, secretary-treasurer.

A joint installation with Lapeer, North Branch and Almont officers will be held in the Legion Building at 8 p.m. Friday, with a team from East Detroit as installing officers.

MRS. DUANE ANDERSON

## Anderson-Baynes Vows Exchanged in Clarkston

CLARKSTON — First Methodist Church was the scene of the wedding Saturday of Lois Marion Baynes and Duane Jerome Anderson.

The bride is the daughter of Mr. and Mrs. Herbert T. Baynes of Clarkston and the bridegroom is the son of Mr. and Mrs. Oscar Anderson of Kathryn, North Dakota.

The bride wore a waltz length gown of Chantilly lace, with fitted

bodice and sweetheart neckline, and a very full skirt of lace over satin. Her finger tip veil of silk illusion fell from a Juliet cap of satin edged with seed pearls. She wore a pearl choker, the gift of the bridegroom.

Mrs. Edmund Gunter was her sister's matron of honor and Wanda Anderson, sister of the bridegroom, was bridesmaid.

Stewart E. Baynes of Birmingham, brother of the bride, was Mr. Anderson's best man. Ushers were Eugene Clayton of Corunna, and Edmund Gunter of Clarkston.

Reception for the guests followed in the church parlor.

## Carolyn Cloutier, Durwood McGee Repeat Vows

WATERFORD TOWNSHIP—Before an altar of palms, Carolyn Cloutier became the bride of Durwood G. McGee Saturday, in Christ Lutheran Church.

The bride is the daughter of Mr. and Mrs. Frederick D. Schinke, of 5756 Highland Rd. Mr. and Mrs. Elmer C. McGee, of 5915 Pine Knob Rd., Clarkston, are the parents of the bridegroom.

The bride's gown was of chantilly lace and tulle over satin with portrait neckline and fitted bodice. She carried a cascade bouquet of American beauty roses and white carnations, and wore pearl earrings and necklace, given to her by the bridegroom.

Joyce Swartz of Drayton Plains was the bride's maid of honor, with Caroline Makowske, of Detroit Barbara Looney, of Pontiac, and Marie Barbr, of Clarkston as attendants.

Allan Healy of Pontiac was the best man, with Charles and Donald McGee, brothers of the bridegroom, and Charles Maxwell, of Pontiac seating the guests.

Following a trip to Florida, the newlyweds will live with the bride's parents.

## Russell Taylor Weds in California Ceremony

LAPEER—Announcements have been received of the marriage on August 25th at Beverly Hills, Calif., of Cynthia Holmes Sims, daughter of Mr. and Mrs. Dwight Hamilton Holmes of Chicago and Beverly Hills to Russell Taylor, son of Mrs. R. L. Taylor, Sr., of Lapeer.

They will make their home at 548 Calle Mayor, Hollywood Riviera, Redondo Beach, Calif., where Russell has lived for the past 6 years.

## Four to Attend Retreat

DRAYTON PLAINS — Stanley Vandersall, Ethan Rogers Jr., and Sandra Bougine will represent the Youth Groups of the Community United Presbyterian Church at the annual fall planning retreat of the Presbyterian organization Sept. 10-12 at Camp Grindley, Joslin Lake. They will be accompanied by Harvey Beach, youth director.

## County Births

Keene Harbor  
Mr. and Mrs. Robert Travis of 3415 Willow Beach have announced the birth of a son, Mark Sanford, Sept. 6.

Troy City  
Mr. and Mrs. Kent Gillies announce the birth of a daughter, Terry Jean, and Mr. and Mrs. Douglas Whitcomb are the parents of a daughter.

## Farm Sizes May Increase

Modern Machinery, Say Experts, Make Growth Most Efficient Move

WASHINGTON (INS)—Federal farm economists say that the size of the U.S. farm which is most economic and therefore most efficient is continually growing larger.

This situation—combined with other important financial factors—boosted the farmers' average capital requirements last year to an all-time high. The other factors include high prices of farm land, machinery, equipment and livestock.

The major reason for the expansion in size of the most economic farm is the continued trend toward use of modern equipment and techniques.

A study of farm economics shows that farmers throughout the nation paid higher prices in 1953 for most industrially produced items, such as machinery, equipment, motor supplies, building and fence materials, fertilizer and pesticides, than in 1952.

At the same time, wage rates and property taxes also were higher, although prices paid for feed and for feeder and replacement livestock were considerably lower than in 1952.

The study shows that cost per unit of production was higher in 1953 than the previous year on six of 19 types of farms, and that it was higher in 1953 on all but the western Wisconsin dairy farms than it had been during the 1947-49 period.

All this adds up to the fact that farmers had to continue to expand production to get a substantial return on their investment.

The greatest increase in cost per unit of production was on the non-irrigated cotton farms of the high plains due to the small volume of production in that area in 1953.

Net farm production in this area last year was the lowest since 1937, the first year such a study was made. The cutback was due to drought, which caused abandonment of much cotton acreage and a decrease in yield per acre.

Total operating expenses continued to rise last year — and operating cost per dollar or gross income was higher than the previous year on all except the wheat-corn-livestock farms, where greater production increased gross income.

MR. AND MRS. LESTER CRANE

Phyllis Keith, daughter of Mr. and Mrs. Willis L. Field, of 1202 Wise Rd., Milford, became the bride of Lester Crane, of Brighton, in rites at the Community Methodist Church of Commerce Saturday. A reception was held following the ceremony at 329 Newton Rd., Commerce.

## Rotary Governor Visiting Milford September 14

MILFORD — The Rotary Club will be host Sept. 14 to Harold M. Dorr, governor the 22nd district of Rotary International.

Dorr, a member of the Ann Arbor Rotary Club, is making official visits to each of the 41 clubs in his district. He will address the local club, and confer with Joseph M. Gerrard, president, and Erwin Johnson, secretary.

## Mark 50th Anniversary

LAPEER—Mr. and Mrs. Charles A. Spencer, of 27 Turrill Ave., will celebrate their golden wedding anniversary Sept. 14. They were married Sept. 14, 1904 in Fostoria.

## County Calendar

Armad  
Regular meeting of the Raymond Bleisky Post 83 Auxiliary, Armada Armvets, will be held Friday night at the home of Mrs. Donna Zerfas, with Mrs. Robert Stevens as co-hostess.

## \$5,000 Paid for Mile Tract

Take No Definite Action on Financing Problem; Surveys to Continue

ROCHESTER — Five acres of land has been purchased by Avon Township for the purpose of installing a water system which eventually will service homeowners in a section more than one square mile.

An agreement has been signed by Supervisor C. E. Miller, Township Attorney L. R. Bebout and John Cook, owner of the land located on the northwest corner of Wabash Street and Hickory Lawn.

The 5 acres was purchased at a price of \$5,000. Bebout said today that as soon as the deed and abstract are delivered, the deal will be closed.

The tract to be serviced will be bounded by Auburn, Rochester, South Boulevard and Livernois Roads, and may extend a distance west of Livernois and East of Rochester Road into Sections 33, 34, 35.

Many homeowners in the section have their own water systems but report that the water is quite salty and unsatisfactory.

Supervisor Miller reported last night at the regular meeting of the Township Board that the new well which was drilled recently is in excellent condition and engineers are continuing their survey. However, a number of families already are getting their supply of water from the flowing well.

Discussion at the meeting followed recommendations from the county engineers as to the logical way of financing the new project. Miller spoke of revenue bonds or general obligation bonds. No definite action will be taken until further reports are received.

A number of property owners present said that they thought steps should be taken to look out for the future and make the installations of mains and fire hydrants which would be adequate.

Supervisor Miller assured them that every effort would be made to get construction under way and hoped to have definite plans by the next meeting. He also stated that the state did not approve of any temporary plans but a complete system installation was in the offing.

On the agenda was the recommendation of Miller that a resuscitator be purchased for the Avondale Fire Department. The vote of the board was unanimous in approving the \$400 purchase. Irving Sheldon, Avondale fire chief, said that a number of resuscitators had been considered.

L. R. Bebout reported that at the meeting of the Avon Township Zoning Board Tuesday, the commission recommended that the trailer ordinance prohibiting trailers in Avon Township remain as set up in 1941. Clerk F. O. Coveri stated that the Township has never issued a trailer permit and that there would be no changes in the future.

## Probes Secret of Orchids' Bloom

By WILMA GREENWAY

You don't have to have a string of letters after your name, a gleaming modern laboratory and countless hours of time to become a scientist.

Jack Biber of 4489 Walton Blvd., Drayton Plains, is conducting a bona fide scientific experiment in the basement of his home, and he even manages to do it by long distance.

In an 8x7 cubbyhole, Biber is seeking to control the blossoming of orchids by means of exposure to fluorescent light. During the summer when he is at his lake home, automatic timing devices take over much of the work.

For Jack, of course, the experiment is never work, but an exciting hobby, packed with interest.

"Orchids are the most fascinating of all flowers to grow," he says, "and it's the biggest thing in the world to watch one of them blossom."

Although his windowless "greenhouse" is homemade, Biber's methods are far from haphazard. His planting room, painted white to permit maximum light reflection, includes temperature and humidity gauges.

Shelves built around the room hold 119 plants, representing 57 varieties of orchid, mostly Cattleyas. They range from mature plants, 6-10 years old, to 2-year seedlings.

Three sets of lights, each 4 feet in length, are suspended over the plants. "Cool white" is the type of lighting used, and Biber controls the light intensity by removing or inserting the fluorescent tubes.

Currently, lights are left on 10 hours a day. When Jack, with his

SHOESTRING SCIENTIST—An experiment to control the blossoming time of orchids by means of fluorescent lighting is being conducted by Jack Biber in the basement of his home at 4489 Walton Blvd., Drayton Plains. Above, Biber waters a select group of his 119 plants. Each plant is

numbered in this cubbyhole laboratory. Biber keeps precise charts to provide a scientific check on growth conditions and progress. He hopes his research in the next ten years will provide new information on orchids and assure him a successful post-retirement vocation.

wife Veria and daughter Carolyn, decided to spend the summer at Big Lake, he installed an automatic timer to regulate the electricity. Now lights turn off at a set time and the experiment continues in his absence.

Records of the progress of the plants are precise and kept up meticulously. Every plant is numbered and a record sheet keeps concise accounts of its development. Flowering, growth, time of exposure to light, propagation,

watering, conditions of plant are noted.

There are daily sheets and monthly summaries. High and low daily temperatures as well as monthly averages are charted. Costs, too, are carefully estimated. Biber figures on \$2.50 per month for electricity. Over a 7-month period, his books show a total cost of \$156. Items include some 2-year seedlings at \$1 each and one mature plant at \$17.

But a \$17 plant is penny ante stuff in the orchid line. Biber says it's nothing at all to pay \$40 or \$50 for a single plant.

"Any hobby costs money," he says. "But this one may pay off." Biber, who is employed as a timekeeping supervisor at GM Truck, expects to retire in about 10 years. If during that time he succeeds in his effort to make orchids bloom when and as he wills, his post-retirement future is assured.

"There is a clear field in this area for a grower who specializes in orchids," he says, "and I can't think of a more absorbing occupation for the future." "For the present, though, I'll rest a little easier when I find out if my back bulbs (cuttings from mature plants) will blossom. If they do, it means my growing conditions are right, and I'm on the road to success."

# OUT OF THE PAGES OF CHARM FASHIONS COME TO LIFE AT PEGGY'S

Every Fashion Shown Is Featured in September 'CHARM,' Pages 80 to 90

## By Hospital Auxiliary

### 'Follies of 1954' Scheduled Nov. 10 and 11 at PHS

Mrs. Harold A. Tripp and Mrs. William R. McClure are general chairmen for the Pontiac General Hospital Auxiliary's "Follies of 1954".

The affair will be held Nov. 10 and 11 in the Pontiac High School auditorium.

Mr. and Mrs. P. Eugene Miller have planned a talent party to be held at Webster School from 8 to 10 p.m. on Oct. 22. All city talent is needed and those who are interested may contact Mrs.

Charles Scribner, talent chairman.

Other committee chairmen include Mrs. Richard Olsen and Mrs. Roy A. Corwin Jr., program; James St. Louis, photography; Mrs. William B. Dean, tickets; Mrs. M. D. Shelton, reservations and Mrs. Ralph Babington, finance.

Others are Mrs. William H. Bedard, publicity; Mrs. R. E. Springer, costume; Mrs. John J. Marra, patrons; Mr. and Mrs. H. Guy Bevington, ushers and Mr. and Mrs. M. A. Calbi, properties.

Mrs. Kenneth Phares is make-up chairman; Mrs. Robert Sutton and Mrs. W. Arthur Vernon, public relations and Mr. and Mrs. Glenn Griffin, cabaret party.

### Rehearsals for Chorus to Begin

Pontiac Women's Chorus will begin regular rehearsals of the current season Tuesday at 7:30 p.m. in room 127 of Pontiac High School. Registration and audition of new candidates will continue each Tuesday evening from 7 to 7:30 p.m. through September. This choral group is made available to the women of the community by the Pontiac Department of Parks and Recreation.

David R. Ewalt, director of the department, urges all who seek recreation in the singing of good music to take advantage of this chorus facility.

Charles Hutton, director of the chorus, has announced that preparations will begin at once for several program appearances by the chorus within the next few months including out of town concerts.

The annual Christmas and spring concerts will highlight the year's activities.

### Leal Emes Holds First Meeting

Anna Marie Predmore was hostess in her Walnut road home Wednesday evening for the first meeting of the season of Leal Emes group of First Presbyterian Church.

Eleanor Kellogg who assisted the hostess also presented a talk on Mexico. The business meeting was under the direction of Barbara Hall, chairman.

Colored slides of Western United States and of Europe were also shown. The next meeting will be held in the Drayton Plains home of Josephine Seeley. Harriet Gates will assist the hostess.

### Spelling Bee Held by White Shrine

Mrs. Victor O. Bodamer, worthy high priestess of Pontiac White Shrine 22 presided at the group's meeting held Wednesday evening in Roosevelt Temple.

The drill team announced an apron card party for Sept. 22 which will be held in Roosevelt Temple.

Entertainment for the evening was a spelling bee. Winners were Mrs. Lucille Gries and Mrs. Harry Taylor. Refreshments for the social hour were served by Mrs. Robert Jackson assisted by Mrs. Howard Cooley and Mrs. Richard Skarritt.

H. Full clutch coat of 100% alpaca super pile, tuxedo front, turn back adjustable cuffs, milium lined for trans-season wear, platinum or blond. \$69.95.

# Yankees Pin Hopes on Pitching, Byrne

## Ez to Punch With Marciano

### 'Prodigal' Back With New York, Beats Orioles

**Tommy Hurls and Bats Team to 8-2 Victory Over Baltimore**

BALTIMORE (AP)—Manager Casey Stengel says the former hopes of the New York Yankees to overtake the Cleveland Indians for the American League pennant depends on improved pitching and a prodigal son, Tommy Byrne, has given him some encouragement.

Byrne returned last night to the Yankees after a 3-year absence to pitch and bat them to an 8-2 victory over the Baltimore Orioles.

Byrne, 34, was bought last Friday from Seattle of the Pacific Coast League where he had a 20-10 record. The southpaw's first appearance in a Yankee uniform since 1931 and in the city of his birth turned out to be a holiday for him.

He gave the Orioles only seven hits, getting them out in order in five innings. A throwing error by center fielder Mickey Mantle let in one of the runs scored by the Orioles.

At the plate, Byrne got the first four runs for himself. He scored after tripling in the third and cleared the loaded bases in the next inning with a double.

Byrne won 15 games two straight seasons for the Yankees in 1940 and 1950. His major league pitching record is 56 victories and 53 losses, including an 8-7 log last year with the St. Louis Browns which now are the Baltimore Orioles.

Prior to his taking a quick chance on Byrne in last night's game, Stengel was saying that the Yankees need better pitching to stay in the pennant race and win 100 games this season.

"If we get the pitching we'll win the 100," Stengel said. The Yankees need only six more victories in 16 games to reach the century mark for the first time under Stengel. The 1942 Yankees won 103, the club's latest high.

But Casey concedes winning 100 games is going to be easier than catching Cleveland.

"I've been saying for three weeks that we're going to have to win every game, and we haven't because of the pitching," he said. Cleveland loses, too, but we're just where we were then.

That's 4½ games behind as Cleveland also won last night over Philadelphia.

### Football Briefs

CHICAGO (AP)—Midwest football briefs:

IOWA — Bill Reichow, first team tackle, suffered a broken shoulder bone. The 210 pounder, who at 25 is the oldest man on the squad, will be sidelined for at least six weeks.

OHIO STATE — Hubert B-o-b-o, Chauncey (Ohio) sophomore, is leading three other rookies in a scrap for the fullback job.

ILLINOIS — The Illini brushed up on passing with sophomore Hiles Stout of Peoria, Ill., the most effective thrower. The aerial game is under par because five ranking ends have been shelved with minor injuries.

WISCONSIN — Halfbacks Bob Gings and Bill Lowe were snappy performers in a two-hour scrimmage. Work on the single wing attack will be started today.

MINNESOTA — Chuck Kubes, first string tackle who has been taking it easy because of a strained arm suffered in an auto accident, set on full football gear for the first time to work out.

NOTRE DAME — Don Schaefer and Dick Fitzgerald, leading fullback candidates, and halfback Paul Reynolds are on the injury list.

### Major League Results

By ED CORRIGAN  
MONTICELLO, N.Y. (AP)—Just to get it over with fast, yes, Ezzard Charles will remember the pasting he took from Rocky Marciano in their last heavyweight championship fight.

The challenger well remembers it and so does his manager, Tom Tannas.

Therefore the reasoning is that the memory of the last battle will have a bad psychological effect on Ezzard who climbs into the Yankee Stadium ring against Marciano in just six days.

"Only the match will disclose that," said Charles today as he resumed heavy drills that will keep him busy until Monday. "I feel the same as I did before our last meeting. I might say even better. I know what to expect and will have a better offense and defense."

"I know, and I think that I proved that Rocky is no superman. If it weren't for that wild crippling blow to the Adam's Apple in the ninth, I'm certain my performance would have been even better."

For Charles, that's a long speech. But he did appear confident.

Unless he is throwing up a smoke screen, Charles will trade punches with Marciano. That's just what the Rock and his manager, Al Weill, want, so they say, so someone is making a mistake.

Tannas frowned when the psychological effect of Marciano's mauling was mentioned.

"No one ever seems to consider that Marciano received more punishment in that fight than he did in any other tough match," Tannas said.

"I know my man will remember the punning he took from Rocky," Tannas admitted. "But in my book, that's good. Ez knows he took everything Marciano had that night and that he was still there at the finish. Don't forget, he was told Rocky would put him out anytime he landed. Marciano landed and Charles took those punches and fought right back."

"I know my man will remember the punning he took from Rocky," Tannas admitted. "But in my book, that's good. ## 'Red' Duffy Clinches Place on Olympic Equestrian Team

Frank (Red) Duffy, 17-year-old son of prominent Birmingham horseman Irving A. Duffy, last weekend clinched a berth on the U. S. Equestrian team for the 1956 Olympics.

Competing in the Olympic trials at Nashville, Tenn., over the holiday weekend, young Duffy tied for 3rd in the opening dressage trials, placed 1st in the cross country event on Sunday and won the closing stadium jumping test on Monday.

Frank, who two years ago won the state junior championship, is the 1st Pontiac area rider to be chosen for the Olympics. He will compete for the United States in the Pan-American Games next March in Mexico City.

He plans to enroll in the Engineering College at the University of Michigan this month.

Frank, who two years ago won the state junior championship, is the 1st Pontiac area rider to be chosen for the Olympics. He will compete for the United States in the Pan-American Games next March in Mexico City.

Marciano landed and Charles took those punches and fought right back."

"I know my man will remember the punning he took from Rocky," Tannas admitted. "But in my book, that's good. Ez knows he took everything Marciano had that night and that he was still there at the finish. Don't forget, he was told Rocky would put him out anytime he landed. Marciano landed and Charles took those punches and fought right back."

MONTICELLO, N.Y. (AP)—Just to get it over with fast, yes, Ezzard Charles will remember the pasting he took from Rocky Marciano in their

Wife Desertion Cases  
Disappearing in Japan

TOKYO (AP)—Japanese girls still are marrying U. S. servicemen but the "Madam Butterfly" cases — where the homebound

life behind — have just about disappeared, says Suzuki Odawara of the Tokyo police department.

Odawara says 279 Tokyo girls have married U. S. servicemen so far this year and of these 249 already have left for the states.

Deserted Pet Alligator  
Gorges on Dogs, Cats

NEW ORLEANS (AP)—The neighborhood around the 500 block of First street in New Orleans has pet trouble. It began, neigh-

borhood historians say, 20 years ago when one man moved to another part of the city and left his pet alligator behind.

Neighbors report the "gator," grown to be 15 feet long, has been getting fat on neighborhood dogs and cats ever since they

fore down a brick wall that enclosed the property. The animal has a den under a nearby house, but no method for catching it has been devised.

One-fourth the nation's trucks are eight or more years old.

Buddhists Give Hair

TOKYO (AP)—Half a million widows and relatives of 200,000 Japanese who died in Burma during World War II have contributed locks of hair to be made into statues of Kwannon, the goddess of

mercy, which will be buried on the Imperial front battlefield.

A six-member Buddhist mission, headed by a 79-year-old Buddhist priest, will take 33 statues to Burma and bury them for the repose of the soldiers' souls.

NOW YOU CAN LICK  
ATHLETE'S FOOT WITH  
KERATOLYTIC ACTION

14-1. A keratolytic fungicide, SLOUGH OFF the tainted outer skin, exposing the tender inner skin. Leaves skin like baby's. In just ONE HOUR, if not pleased, your 60c back. Simms Bros. Drug Dept.

Radiant reflector bowl spreads mellow heat throughout room, removes dampness, chills. 110-120 volts. AC-DC.

# FIFTY \$100 Dealing Routine in Grain Market

CHICAGO (U)—The grain market failed to develop any pronounced trend in routine dealings on the Board of Trade today.

More reports on the poor condition of the Canadian wheat crop did not stimulate any urgent demand for the bread cereal. Soybeans appeared to be in a resting period as the trade waited to see how soon the bean harvest would get under way in volume.

Rye acted a little better than the rest of the market as has been the case for the past couple of weeks. Oats had to absorb some profit-taking after yesterday's advance.

Wheat near the end of the first hour was 1/2 to 1 cent lower, September \$1.17; corn 1/4 lower to 1/2 higher, September \$1.64; oats 1/4 lower to 1/2 higher, September \$1.46; soybeans unchanged to 1/4 higher, September \$3.00, and hard 10 to 20 cents a hundred pounds lower, September \$17.15.

### Disappearing in Japan

TOKYO (AP)—Japanese girls still are marrying U. S. servicemen but the "Madam Butterfly" cases — where the homebound

have just about disappeared, says Sazuka Odawara of the Tokyo police department. Odawara says 279 Tokyo girls have married U. S. servicemen so far this year and of these 249 already have left for the states.

### Deserted Pet Alligator Gorges on Dogs, Cats

NEW ORLEANS (AP)—The neighborhood around the 500 block of First street in New Orleans has pet trouble. It began, neigh-

borhood historians say, 20 years ago, when one man moved to another part of the city and left his pet alligator behind. Neighbors report the alligator, grown to be 15 feet long, has been getting fat on neighborhood dogs and cats ever since they

tere down a brick wall that closed the property. The animal has a den under a nearby house but no method for catching it has been devised. One-fourth the nation's trucks are eight or more years old.

### Buddhists Give Hair

TOKYO (UP)—Half a million widows and relatives of 200,000 Japanese who died in Burma during World War II have contributed locks of hair to be made into statues of Kwannon, the goddess of

mercy, which will be buried on the Imperial front battlefield. A six-member Buddhist mission, headed by a 79-year-old Buddhist priest, will take 33 statues to Burma and bury them for the repose of the soldiers' souls.
