

Forecast Promises Some Heat Relief

Get Yer Big Paws Off Me!

AND I DON'T MEAN MAYBE—The shouts of Michael Angelo Grandell, 4 months, may account for the startled expression on his stuffed lion as they arrive in New York aboard the liner Independence. Mike was returning with his parents from Salzburg, Germany, where his dad was stationed with the Army for three years. The youngster will go to Fort Knox, Ky., if his din rouses the lion.

Adjournment Blocked

More Solons Leave Ranks as Lawmaking Drags On

FROM OUR WIRE SERVICES

WASHINGTON—A dwindling band of Congress members make another try today at winding up the 1955 session but formidable barriers still stand in the way of adjournment.

Weary leaders hoped to quit by late tonight. But many hours of talk and several key votes remained. The session could run on through tomorrow or even Thursday.

Salk Shots Set for Wednesday

Booster, Second-Round Inoculations to Be Held at Lincoln School

Pontiac area first and second graders will receive booster and second shot anti-polio inoculations tomorrow at Lincoln Junior High School, 131 Hillside Dr. from 9 to 11 a.m.

Youngsters from Pontiac, Avondale, West Bloomfield, Waterford and Rochester school districts will attend the clinic, the second one set up since local health officials voted to resume the vaccine program.

Enough vaccine will be available for the 6,000 children in the school districts, said Dr. John D. Monroe, Pontiac and Oakland County health director.

Children from Avondale's Hickory Grove School also will participate in Wednesday's program.

The first clinic, in operation last Saturday in Birmingham High School for the 5,000 youngsters in that area, was poorly attended. Only 25 per cent of all eligible pupils received injections when 1,303 showed up Dr. Monroe said.

"We expected about 50 per cent participation, but there probably are many reasons why parents didn't bring their children," he said.

"Many people were away on vacation, and perhaps some will wait until private physicians can give the injections. What will be done about makeup shots for children who failed to attend has not been decided yet."

"The health department has hopes of better attendance at Pontiac's clinic because the peak of the polio season will soon be here," he added.

About 12 doctors giving shots tomorrow will be assisted by a battery of nurses, and the program should run smoothly.

Meanwhile, Dr. Thomas Francis Jr., who evaluated the polio vaccine, reaffirmed his belief in the safety and effectiveness of the vaccine.

Mesta Meets Nehru

NEW DELHI, India (U)—World traveler Perle Mesta exchanged opinions on Russia today with Indian Prime Minister Nehru.

Demand China Free Civilians

Red Diplomats Claim Peiping Will Cooperate

40 Captives Reported Ready for Release on Heels of Geneva Plea

GENEVA (INS)—The United States today demanded the immediate release of 40 American civilians held by Red China. Communist sources said Peiping plans to release them "very soon."

Information obtained from Communist diplomatic informants in East Berlin and relayed to Geneva said that the Chinese government already has ordered the 40 civilians put in one camp near Peiping to await release and repatriation.

The Chinese announced yesterday they have released 11 captive American airmen who were shot down over Korea in January, 1953, and who last November were sentenced to prison terms on "spy" charges.

The United States demanded immediate release of the 40 civilians today during the second session of the "Little Geneva" ambassadorial talks. The next meeting will be Thursday.

The informants said that the Chinese Communists want to get rid of this issue as quickly as possible and discuss "bigger issues."

They said Peiping intends to ask (Continued on Page 2, Col. 5)

Resort Loses Round to VIP

Coatless Guest Defies Formal Dress Edict at Mackinac Hotel

MACKINAC ISLAND (U)—The famed "natural air conditioning" of this Straits of Mackinac Island has been out of kilter much of this summer, even on the 880-foot porch of the swanky Grand Hotel.

Despite the heat, W. Stewart Woodfill, Managing director of the Grand, has insisted on a rule that men must wear coats and ties in the dining room.

There are signs, however, he may be waging a losing battle. At least there has been a two-man rebellion on one occasion.

With the temperature near 90 and not a breeze stirring, Val Peterson, U. S. Civil defense director and former Nebraska governor, shed his coat in the dining room. Horrified head waiters were unable to make him put it on again, and decided he was too much of a celebrity to be thrown out.

Whereupon, a less celebrated guest removed his coat and loosened his tie. Told to get out, he declared that in a democracy the same rule should apply to all. He was allowed to remain.

Quits Post

HAROLD E. TALBOTT

Air Secretary Resigns Office

Talbott Quits Position to Save Administration 'Embarrassment'

WASHINGTON (U)—Harold E. Talbott will step out as secretary of the Air Force a week from Saturday lest his profits from an outside business interest "embarrass" the Eisenhower administration.

President Eisenhower, promptly accepting Talbott's resignation late yesterday, told Talbott, "Your decision was the right one." There was widespread agreement.

Some said Talbott had done a good job as secretary. Even one (See letters on page 2)

Democrat said that. But no one in Washington said publicly that Talbott shouldn't have quit.

Talbott, a 67-year-old Ohioan, had come under critical scrutiny by the Senate investigations subcommittee because of an outside business connection which returned him \$132,000 in his 2½ years as secretary. He had told the senators he would give it up.

Pentagon sources said they believed the President would take his time deciding on a successor.

These have been mentioned as possibilities: Gov. George N. Craig of Indiana; Rep. Carl Hinshaw (R-Calif.); James Douglas, undersecretary of the Air Force; Lee White, a New York lawyer and former assistant secretary; and Fred Crawford, a Cleveland industrialist.

Press Series Tells How Hiroshima Licked Bomb

With more than 100,000 of her citizens killed or injured, the Japanese city of Hiroshima was left dying on Aug. 6, 1945.

Today, a decade later, Hiroshima lives again—a city dedicated to peace, without bitterness.

Read how this plucky community overcame the challenge of atomic destruction in a three-part series beginning today on Page 13 of the Pontiac Press.

Red-Held Fliers to Leave China Border Thursday

Air Force Pushes Plans to Welcome Prisoners in Hong Kong

HONG KONG (U)—American and British officials made preparations today to receive 11 American airmen due to reach Hong Kong Thursday after more than two years imprisonment in Communist China.

The U. S. Air Force ordered two C54 transports to Hong Kong today, presumably to bring home the airmen. The big four-engine planes were scheduled to arrive tonight.

Red China notified the United States yesterday that the men were being freed and said they had left Peiping on their way home.

U. S. consular and Air Force officers here were informed officially late last night of the announcement. British border patrols were alerted in case the 11 should arrive before Thursday.

A U. S. Air Force officer said the men will be taken from the border to Fanling, a plush jockey club. There each man will be given a medical examination. If the doctors say the men are in good shape they will probably pose for still and motion pictures—in brand new uniforms to be made available to them.

Then they will be driven to Hong Kong's Kai Tak airport for a brief news conference before leaving Hong Kong for Honolulu, with probable stops at Guam or Wake.

The procedure is the same as with the four U. S. fighter pilots released by the Communists in May.

White House Press Secretary Hagerty said yesterday in Washington the 11 fliers would be reunited with their families "as soon as is humanly possible." He said he expected the Air Force would fly relatives at least part of the way to the Far East to meet them.

The 11 were sentenced on spy charges after their B29 was shot down over North Korea Jan. 12, 1953. The United States denied the espionage charge, saying they were on a routine leaflet-dropping mission.

The commander of the B29, Col. John Knox Arnold Jr., Silver Spring, Md., was given a 10-year sentence.

Harriman Won't Run

DUBLIN (INS)—Gov. Averell Harriman of New York told a news conference in Dublin today that he would not be a candidate for the U. S. Presidency in 1960, but will support Adlai E. Stevenson.

Will Congress Return?

WASHINGTON (U)—Republican leaders said after a White House conference today that President Eisenhower "intimated" a special session of Congress may be necessary if a satisfactory housing bill is not passed before adjournment.

Reports on State Fishing

ANGLING CHECKUP—Pontiac Press' outdoor writer, Jack Patterson (above, in a popular state trout stream), is going to hit the Michigan piscatorial high spots, this week. Jack will write a series of stories on just what is going on in the state's best angling waters, with other sidelights on the general outdoors picture in the Water Wonderland. These stories will appear each day in the Pontiac Press, starting Wednesday.

FHA-VA Tighten Credit on Home Mortgage Loans

NEW YORK (U)—The long-expected tightening of housing credit will test the building boom—but probably not until near the end of the year.

Mortgage terms are being made mildly stricter by the Federal Housing Administration and the Veterans Administration. You can't apply henceforth for a no-down-payment mortgage, nor for one running for 30 years.

This means you'll have to start with, and the monthly payments will be higher, because the payment time is shorter—but the total you'll pay out in interest over the years will be less.

Tighter terms are widely expected to slow down the demand for houses. And to that extent it will reduce the pressure for investment funds for mortgages.

Some builders believe however, that the slowdown won't come for awhile. The new restrictions on credit don't apply to several hundred thousand applications for government housing insurance already filed but not yet approved.

The FHA and the VA have fretted about the rapid increase in no-down-payment mortgages (more than two out of every five VA-guaranteed home loans recently) and the trend toward 30-year mortgages.

The rise in total mortgage debt has given some alarm too. Bankers stress that while it isn't out of line yet with total national income, a continuation of the trend might prove dangerous.

Builders say the no-down-payment rule will take a sizable number of people out of the market for homes in the \$10,000 bracket.

The higher monthly payments due to a shorter mortgage life will probably cause some would-be buyers of more expensive homes to stop and recheck their income prospects, other builders say.

Most agree that the tighter credit terms will have the heaviest impact on the less affluent, the marginal buyer who was a little pushed, as it was, to meet the old terms.

Prince Rupprecht Dead

STARNBERG, Germany (U)—Crown Prince Rupprecht, pretender to the Bavarian throne, died today at Leutstetten Castle, the family seat. He was 88.

Thursday, Friday May See Cooler Weather in Area

Temperatures to Rise Again Here Sunday, Says Prediction

8 a. m. 78 11 a. m. 88
9 a. m. 82 Noon 90
10 a. m. 88 1 p. m. 92

Mother Nature kept the heat on today as the mercury pushed into the 90s again. And the day's expected high of 95 will be equaled or bettered tomorrow, the weather bureau says.

The long-range forecast calls for some relief Thursday and Friday. But, the weatherman warns, it will probably turn warmer again by Sunday. No rain is forecast.

Thus the heat wave believed to have produced the hottest July in Oakland County history continued its broiling ways.

There were 17 days of plus-90 degree weather last month and the average high temperature for the 31 days was slightly over 90. Average low temperature was nearly 70 degrees.

The prolonged hot spell swelled attendance figures at the county's beaches and parks past the million mark. Busiest was Kensington Park, which set a record with over a half-million visitors during the 31-day period.

Dodge Park No. 4 at Cass Lake hosted 408,500 persons, while Pontiac Lake Recreation Area was used by 83,000 relief-seekers. A total of more than 1,300,000 persons attended the county's 10 state and one county parks.

RECORD CRACKED

Yesterday's high thermometer reading in Pontiac was 97, cracking an 83-year-old record. Though the city was missed by violent thunderstorms which raked the area to the south in mid-afternoon, the mercury did a jig as the cool air from the storms reached here.

The mercury tumbled from 97 at 2 p. m. to 88 at 3 p. m., then rose back to 93 some 45 minutes later. By 5 p. m., the temperature was 81 degrees and it continued dropping through the night and early mornings hours to a low of 72 at 5 a. m.

At least two Birmingham homes were struck by lightning which accompanied the storm. Damage estimated at between \$2,500 and \$3,000 was caused by lightning-sparked blaze at the R. S. Flexico home, 309 Arlington.

Bricks were scattered across the lawn of a home at 835 Oakland, owned by Robert Ellerby, after lightning struck the chimney.

Bloomfield Hills was without its police radio transmitter for more than 2½ hours and the traffic signal at Woodward and Long (Continued on Page 2, Col. 5)

Argentine Swims 200 Miles, Aims for Record 300

COLUMBUS, Ky. (U)—Antonio Abertondo, 37-year-old Argentine swimmer, hopes to set a Mississippi River endurance record late today.

Abertondo last was reported at this Kentucky town not far south of Cairo, Ill., yesterday. He had covered some 200 miles.

He left St. Louis at 9:43 a.m. Saturday and planned to complete the swim to Cottonwood Point, Mo., a distance of 300 miles, by late today.

Drop Recall Movement Against Ruth Thompson

CADILLAC (U)—The assertion of a Congressional prerogative to seat and expel members has killed talk of a recall movement against Republican Congresswoman Ruth Thompson of Michigan.

Douglas Fairbanks, chairman of the Wexford County Democratic Committee, stated the ouster movement yesterday but dropped it when reminded the House alone could banish members.

The remainder came from Lewis Deschler, Congressional Parliamentarian. Deschler said there is nothing in the constitution to allow constituents to recall Congressmen. The Constitution, he said, states the House shall be the judge of the qualifications of its members.

Fairbanks concurred. By the accused Miss Thompson, putting her personal feelings above the safety of the nation, prolonging the decision on a named jet fighter base for northwestern Michigan.

The site of the 17 million dollar base has been the subject of controversy since last year when

Congress authorized \$½ million dollars to get the project started. The Air Force was to pick the location.

The first site picked by the Air Force, near Homestead in Benzie County, was ruled out by the House Armed Services Committee. An alternate site, near Cadillac in Wexford County, was turned down by the House Appropriations Committee.

KALKASKA SITE
Last week there was agreement between the Air Force and the House Committees on a location in Kalkaska County about 20 miles from Traverse City.

Miss Thompson, of Whitehall, is serving her second term in Congress.

MAKE OVER COBO

Cobo Demands Highway Action

Says Lack of Action by Congress Perils Detroit Program

DETROIT—Mayor Cobo Monday staged a one-man campaign to halt Congress from adjourning without passing some form of new federal highway legislation.

Through telephone and telegraph contact with Michigan congressmen, Cobo warned that Detroit's expressway program was periled because of legislative inaction.

He also dispatched telegrams to President Eisenhower and Senate and House leaders, calling for a road bill even if it means a special session.

Last week, Congress killed the President's highway program, which Cobo had helped prepare, and failed to provide a substitute. Congress is scheduled to adjourn at midnight.

Conferring by phone with Rep. Dondero (R-Mich.), Cobo said "everyone is wondering what they should let such a bill die."

He said the City was ready to go with its plans for the Hastings-Oakland expressway but "we just cannot proceed with anything."

"We can't spend money or let contracts under the present situation," he said.

Obviously riled at Congressional inaction, Cobo was in constant touch Monday with Patrick Healy Jr., executive director of the American Municipal Association.

The association has unanimously backed the President's highway program.

Rader Waives Exam, Arraignment Is Set

A prominent Highland Park lumber dealer, charged with manslaughter, was bound over for arraignment Aug. 8 in Oakland County Circuit Court by Springfield Township Justice Emmett J. Leib this morning.

Hugh H. Rader, 60, of 2570 Pine Lake Rd., West Bloomfield Township, had previously demanded examination when arraigned before Leib June 28. He requested a re-arraignment today and waived examination.

His car was involved in a two-car crash June 27 on Middlebelt Road near Lone Pine Road which resulted in the death of John C. Welch, 18, of 128 Oakwood, Walled Lake.

Three's a Crowd in Jeep—When One's a Rattler

PORTSMOUTH, Va. (U)—Three's a crowd in an Army jeep, especially when one of the three is a rattlesnake.

Capt. John F. West and Capt. George N. Sanders were bowling along at a 40 m.p.h. clip yesterday when the rattlesnake reared its head between them.

West shouted, "Don't jump." Sanders didn't hear him. He'd already jumped—into a roadside ditch, head first.

West stuck it out a few moments, then jumped too.

The jeep rolled into a ditch and stopped, unscathed. The rattlesnake slithered off into the grass. West and Sanders, bruised and dizzy, still wonder how the snake got into their jeep.

Fire Destroys Property Joe Louis Once Owned

UTICA (U)—Fire today destroyed a frame dance pavilion on farm property once owned by former Heavyweight Boxing Champion Joe Louis. It was located two miles northwest of Utica.

Flames shot 100 feet into the air as they ate through the 60x100 foot building. Fire Chief Earl Kraft of Shelby Township estimated the loss, including pianos and kitchen equipment, totaled \$25,000. Cause wasn't determined.

The property now is owned by the Rev. J. Lofton, of Detroit.

The Weather

PONTIAC AND VICINITY—Mostly fair today and tonight. Partly cloudy tomorrow. Continued hot and rather humid. High today near 85. Low tonight 72-74. Tomorrow 82-84. Variable winds 5-10 m.p.h. today and tonight becoming southeasterly 10-15 tomorrow.

Lowest temperature preceding 8 a.m. 72. At 8 a.m. Wind velocity 8 m.p.h. Direction: Southeast.

Sun sets Tuesday at 7:51 p.m. Sun rises Wednesday at 6:24 a.m. Moon rises Tuesday at 7:53 p.m. Moon sets Wednesday at 3:17 a.m.

Downfall Temperatures: 8 a.m. 72, 12 m. 78, 2 p.m. 82, 8 p.m. 78, 10 p.m. 74, 12 a.m. 72.

Monday in Pontiac (As recorded downtown): Highest temperature 82, lowest 68, mean 75. Wind—S.W., humid.

One Year Ago in Pontiac: Highest temperature 82, lowest 68, mean 75. Wind—S.W., humid.

Highest and Lowest Temperatures This Date in 10 Years: 81 in 1927.

Monday's Temperature Chart

VISITING GREEK CONGRESSMAN — Dr. D. Bardeles, (right) congressman from Megara, Greece, looks over the rest of his itinerary for his visit to the United States with Socrates V. Sekles of 185 Ottawa Dr. His trip included a weekend visit to Pontiac where he visited many Pontiac residents of Greek origin.

Greek Lawmaker Visits Pontiac Over Weekend

A congressman from Megara, Greece, left the city yesterday after a weekend visit with hundreds of Pontiac residents of Greek origin.

Acting as interpreter and host for Dr. D. Bardeles was Socrates V. Sekles of 185 Ottawa Dr., a national officer of the Order of Ahepa, a Greek fraternal organization.

The congressman left Pontiac with highest impressions of the manner in which he was received in the city, according to interpreter Sekles.

Bardeles regrets that he could not have spent more time in Pontiac but had to leave to fulfill a speaking engagement in Albany, N.Y. After a visit to New York City, Bardeles leaves for his native land Aug. 11.

During his visit to Pontiac, Bardeles was introduced to civic leaders, spoke at a Greek Orthodox Church and was entertained at a picnic Sunday.

Bardeles, once sentenced to death by the Germans in World War II for aiding allied prisoners to escape, said he felt like home in Pontiac because of the feeling the people had for him.

His visit to America has included a tour of Canada, the New England states and the Middle West.

Three restaurants on Auburn road also were entered. They were: Anne's Grill, where a vending machine was looted and cigarettes and soft drinks were taken; the Chicken and Biscuit Restaurant, where only cigarettes were taken; and the Sportsman's Grill, where about \$120 in change was taken from vending machines along with a \$25 radio and several cartons of cigarettes.

The DeVary Restaurant, at 1949 Opdyke Rd., also was entered by thieves who smashed open a cigarette machine and attempted to open two other vending machines.

Eight dollars in change and a box of cigars were reported taken in a break-in at a gas station at 4186 Sashabaw Rd. by thieves who broke open a night lock on a rear door to gain entry.

Also slated for Commission action is an amendment to the peddling ordinance calling for a second employe on ice cream vendors' vehicles to guide young children, and the removal of bells or chimes from the trucks.

The Commission will mull a circuit court summons in the case of a woman who reportedly fell while leaving a Pontiac City Lines bus. A suit has been filed against the city in the case. The woman is seeking damages of \$15,700.

City Attorney William A. Ewart is to report on two land contracts for the sale of city-owned land.

Communications are on file regarding rezoning of the Bryan French property near Perry and Paddock streets, erection of a revival meeting tent for 10 days at Emerson near Mt. Clemens streets, and installation of sewers.

CONSIDER APPLICATIONS

The Commission is also set to consider applications for three used auto parts dealers' licenses disapproved by the police department, and a request for transfer of ownership of a tavern and package beer and wine licenses at 1225 Baldwin Ave.

An engineer's cost estimate will be presented for curb, gutter and drainage on Stanley avenue from Kinney to Kennett. Another will be given for a combined sewer of the south side of Columbia avenue from the trunk sewer east of Carlisle to Stanley.

Public hearings are set on intention to construct curb, gutter and drainage on St. Louis avenue from Baldwin to Hollywood, and on Kinney road from Oakland to Stanley.

Action is slated on a curb, gutter and drainage project on Hazel avenue from Telegraph to Starr, deferred from July 19 to give property owners a chance to circulate protest petitions.

Similar action is set on a water main in Kennett Gardens, also deferred for the same reason on July 19.

HEARINGS SCHEDULED

Public hearings also are scheduled to be held on special assessments.

The salts of tin are used in weighting or loading silk.

He has been awarded the Bronze Star and the Army Commendation Ribbon. Among the many positions he held were the adjutant at the Station Hospital, Fort Sill, Okla., director of dietetics at Washington's Walter Reed Hospital; senior analyst of the Army Personnel Board in the office of the Army Chief of Staff, along with many executive officers posts.

Laver is married and lives with his wife and his son in Alexandria, Va. Another son, Rodney, is a businessman there.

Weekly Meeting Set

The major weekly meeting of the Well Field Conference at Lakeside Hotel project has been postponed a week, announced Mrs. Mary J. Well, supervising nurse at the health department. Meetings will resume next week, when Dr. E. J. Ank returns from her vacation.

DETROIT (U)—A cold wave has brought heavy damage to coffee trees in Parana state, one of Brazil's four chief coffee-growing areas.

Temperatures as low as 14 degrees and snowfalls of 20 inches were reported.

No official estimate of the damage has been made but the Meridian News Agency quoted the mayor of one coffee center yesterday as saying half the trees on plantations in northern Parana were destroyed.

Coffee futures on the New York market jumped the daily limit of 2 cents a pound yesterday.

Cold, Snow Hurt Coffee Trees in Brazil Province

DETROIT (U)—One man was killed and a woman seriously wounded Monday when a jealous suitor chased his estranged sweetheart into a doctor's office in a fit of anger.

Police identified the dead man as Harold Cushman, Jr., 26, who had taken his 14-month-old son to the office of Dr. Edith H. Kent.

Wounded in the melee was Mrs. Shirley Shanklin, 32. Police said she was shot four times with a .32 caliber revolver.

Held in the shooting was Clarence Ward, 43. Police said Ward spotted his sweetheart, Mrs. Shanklin, walking down a downtown street with James E. Allen, 29.

Ward started chasing the couple. Allen escaped between some parked cars and Mrs. Shanklin ran into the doctor's office.

Just as Cushman was about to enter an inner office, Ward shot, police said. Cushman was struck in the heart. Mrs. Shanklin was struck in the chest, neck and right arm.

Arraignment in Oakland County Circuit Court has been set Aug. 8 for Jack Rains, 28, of 12890 Kercheval, Detroit, who Pontiac Police say fled from the scene of a two-car accident which resulted in injuries to five persons.

Rains appeared before Municipal Court Justice Cecil B. McCallum yesterday and waived examination. Bound over to circuit court, Rains was released on \$500 bond.

In good condition at Pontiac General Hospital are 7-year-old Judy Giles of 5325 Drayton St., Clarkston, and Mrs. Eva Louise Gols, of 5831 Maybree Rd., Clarkston.

The injured were passengers in a car driven by Mrs. Gols' husband Bill E. Gols, along with 10-year-old Cheryl Newbigging also of Clarkston.

Pontiac Police said that Rains ran from the accident at Walton and Joslyn Rds. and was later apprehended at a tavern.

Police also claim that while he was being treated at the hospital, Rains denied any knowledge of the accident. He later admitted driving one of the cars involved.

Clarkston Man Hurt, Auto Is Sideswiped

A 24-year-old Clarkston man, who sustained severe arm cuts when his car, apparently was sideswiped by another, was reported in good condition today by Pontiac General Hospital authorities.

Jack Wetherington, of 6400 Clintonville Rd., told Waterford Township Police he was driving on Silver Lake Road Sunday night when a car or truck sideswiped his car.

He said his left arm was resting on the window but he didn't realize he was hurt. "I remember turning around and starting to follow the other vehicle, but beyond that I don't remember anything," he told police.

A passing motorist saw Wetherington's bloody arm and notified police who stopped him a short distance from the spot where the accident was believed to have occurred.

Still to remain closed a few more days is 14 Mile road between Woodward and Greenfield.

Bad Luck Still Dogs Cooley Lake Family

Bad luck has once again struck at the home of Ray and Bonnie Morgan of 8599 Cooley Beach Dr., Cooley Lake.

A huge tree fell on the family automobile early this morning and missed their new home by two feet according to Morgan.

Their present home was built after fire destroyed the Morgan's original residence on March while Morgan was rushing his wife to Harper Hospital to pay a visit to the stork.

Nursery firms in foreign countries must be licensed to do business in Michigan and each of their agents must be licensed; the state may not make reciprocal agreements with foreign countries to recognize each other's licenses.

A city may not re-assess against benefitted property the cost of a drainage project assessed against the city.

Township officers who took their oaths of office and filed bonds as required complied with state law and are validly in office even though they did not file the required notice accepting their offices.

MARRIAGE FEES

A probate judge may charge a \$3 fee for issuing a secret marriage license and another \$3 fee if he marries the applicants, but he may not charge the second fee if he does not perform the marriage ceremony.

State funds may not legally be deposited with federal savings and loan associations.

Foreign medical graduates must meet Michigan standards for the practice of medicine, regardless of the type of degree they received from a foreign university.

'Y' Fun Clubbers Hold Picnic-Swim

A picnic-swim and a softball game at Pontiac Lake Recreation Area are included in the full program scheduled tomorrow for youngsters in the local YMCA Summer Fun Club.

Club Director George Balch said the program will include a girls' hike and a mock track meet on the beach, with prizes going to the winners.

About 150 boys and girls will leave Pontiac by buses at 9:30 a.m. and return here at 3 p.m., Balch said. Besides three YMCA staff members who serve as leaders for the Club, 12 high school youngsters will make the trip and aid in supervising activities.

The Summer Fun Club has scheduled a trip to Bob-lo for next Wednesday.

Walled Lake Youths Face Rape Charges

Charged in State Police warrants with statutory rape, two Walled Lake youths yesterday demanded examination when they were arraigned before Springfield Township Justice Emmett J. Leib.

Frank E. Hinchman, 18, was released on \$2,000 bond while Elma R. McIntosh, 19, was in Oakland County Jail after failure to post a similar bond pending examination next Monday.

The pair, arrested by troopers of the Brighton Post and Oakland County Sheriff's deputies, were accused of the rape by a 16-year-old Brighton girl.

17 Die in Floods

NEW DELHI (U)—Annual floods in north central India have caused at least 17 deaths and brought hunger, sorrow and loss of property to 40 million people, Irrigation and Power Minister Gulzarilal Nanda told the Indian Parliament today.

Man Is Slain by Wild Bullet

Suitor Fires at Girl, Misses, Hits Patient in Lansing Office

DETROIT (U)—A cold wave has brought heavy damage to coffee trees in Parana state, one of Brazil's four chief coffee-growing areas.

Temperatures as low as 14 degrees and snowfalls of 20 inches were reported.

No official estimate of the damage has been made but the Meridian News Agency quoted the mayor of one coffee center yesterday as saying half the trees on plantations in northern Parana were destroyed.

A picnic-swim and a softball game at Pontiac Lake Recreation Area are included in the full program scheduled tomorrow for youngsters in the local YMCA Summer Fun Club.

Club Director George Balch said the program will include a girls' hike and a mock track meet on the beach, with prizes going to the winners.

About 150 boys and girls will leave Pontiac by buses at 9:30 a.m. and return here at 3 p.m., Balch said. Besides three YMCA staff members who serve as leaders for the Club, 12 high school youngsters will make the trip and aid in supervising activities.

The Summer Fun Club has scheduled a trip to Bob-lo for next Wednesday.

Walled Lake Youths Face Rape Charges

Charged in State Police warrants with statutory rape, two Walled Lake youths yesterday demanded examination when they were arraigned before Springfield Township Justice Emmett J. Leib.

Frank E. Hinchman, 18, was released on \$2,000 bond while Elma R. McIntosh, 19, was in Oakland County Jail after failure to post a similar bond pending examination next Monday.

The pair, arrested by troopers of the Brighton Post and Oakland County Sheriff's deputies, were accused of the rape by a 16-year-old Brighton girl.

17 Die in Floods

NEW DELHI (U)—Annual floods in north central India have caused at least 17 deaths and brought hunger, sorrow and loss of property to 40 million people, Irrigation and Power Minister Gulzarilal Nanda told the Indian Parliament today.

It has been my privilege to serve under the greatest President of my lifetime. Permit me to express my deep admiration for you personally, and my thanks for all the kindness and consideration you have shown me throughout the time I have held office.

I am clear in my mind and conscience that my actions have been within the bounds of ethics. This connection has never influenced me, or interfered in the slightest with the discharge of my responsibilities as secretary of the Air Force, and I have never used that office to further its business. I have done my utmost to observe the high standards you have set for your official family. For the past 2 1/2 years, I have devoted my untiring efforts and energies to the task of building up the greatest Air Force in the world. I hope and believe that my efforts have met with some measure of success.

As you return to civil life, my warm wishes for success go with you and your family. The contributions you have made to the strength and security of our country will remain in your memory, I hope, as a source of great personal satisfaction.

Sincerely,
Dwight D. Eisenhower

Sincerely,
H. E. Talbott

The Day in Birmingham

Court Will Get City's Plan to Expand Sewage Plant

BIRMINGHAM — City commissioners last night approved a resolution, to be presented immediately to the Oakland County Circuit Court, in which they favor an approximate \$150,000 improvement program for Birmingham's present sewage disposal plant.

This was deemed the most expedient measure in cleaning up the Rouge River. The resolution is in answer to a suit brought by the State Water Resources Commission for failure to comply with its pollution stoppage orders.

A court decree is expected Monday to answer filed by Birmingham and other communities that had hoped to solve the problem through construction of the proposed \$2,740,000 Evergreen interceptor sewer project.

In improving the existing sewage disposal plant as a "stopgap measure," the city would hope to cooperate with Bloomfield Hills and Troy and Bloomfield Townships, thus ending pollution flow from the north.

A previous contract already had bound Bloomfield Township to pay an equitable share of costs (about half) for the improvement, in the event the Evergreen interceptor did not go through. The treatment plant then would be operated jointly by the two municipalities.

Also, such expansion would ease the threat of private lawsuits against the city by Southfield Township families living south of the present sewage treatment plant in the so-called Nixon Pond area.

In other action, lawmakers, after much discussion, approved the construction of a wall around Municipal Parking Lot No. 1. They awarded the contract for wall construction and surfacing and concrete work to the low bidder, Don Wells, Inc. of Detroit, for \$42,051.

Pierce street between Brown and Lincoln probably will be opened to traffic again within the next few days, City Engineer L. R. Gare said yesterday. He predicted that paving work will be completed by that time.

Still to remain closed a few more days is 14 Mile road between Woodward and Greenfield.

Bad Luck Still Dogs Cooley Lake Family

Bad luck has once again struck at the home of Ray and Bonnie Morgan of 8599 Cooley Beach Dr., Cooley Lake.

A huge tree fell on the family automobile early this morning and missed their new home by two feet according to Morgan.

Their present home was built after fire destroyed the Morgan's original residence on March while Morgan was rushing his wife to Harper Hospital to pay a visit to the stork.

Nursery firms in foreign countries must be licensed to do business in Michigan and each of their agents must be licensed; the state may not make reciprocal agreements with foreign countries to recognize each other's licenses.

A city may not re-assess against benefitted property the cost of a drainage project assessed against the city.

Township officers who took their oaths of office and filed bonds as required complied with state law and are validly in office even though they did not file the required notice accepting their offices.

MARRIAGE FEES

A probate judge may charge a \$3 fee for issuing a secret marriage license and another \$3 fee if he marries the applicants, but he may not charge the second fee if he does not perform the marriage ceremony.

State funds may not legally be deposited with federal savings and loan associations.

Foreign medical graduates must meet Michigan standards for the practice of medicine, regardless of the type of degree they received from a foreign university.

'Y' Fun Clubbers Hold Picnic-Swim

A picnic-swim and a softball game at Pontiac Lake Recreation Area are included in the full program scheduled tomorrow for youngsters in the local YMCA Summer Fun Club.

Club Director George Balch said the program will include a girls' hike and a mock track meet on the beach, with prizes going to the winners.

Forecast Promises Some Heat Relief

(Continued From Page One)

Lake road was knocked out for the same length of time.

Oakland County Sheriff's deputies assisted local police in directing rush hour traffic through the busy intersection. Service was restored at 5:20 p. m.

The season's longest heat wave continued across most of the nation, as well. A little relief came in the form of showers to some areas but it was only temporary.

Some fortunate sections of the Northeast, northern Great Lakes and the Far West were out of the sweeter zone, however.

The tropical storm named "Brenda" continued to weaken as it moved across southern Louisiana. Rains associated with the storm extended from southwestern Alabama across into eastern Louisiana. Rainfall measuring 4.5 inches was reported at Mobile, Ala., in 24 hours.

ROKs Plan Step to Regain Area

Small, Strategic Commie Held Land Important in Defense

SEOUL (U)—The South Korean government proclaimed its intention today to "restore authority" over a small but strategic area south of the 38th Parallel which the Reds occupied while the armistice was being negotiated.

It did not say how or when it would recover the territory, but said it was necessary for the defense of Seoul and quoted intelligence reports that a "full-scale attack is imminent" from the north.

It charged the attack "was prepared for" by a North Korean buildup contrary to armistice terms "while the United States and the United Nations were preoccupied with a peace at any cost movement."

In a bitterly worded statement the ROK government said the Reds have again achieved superiority over ROK forces and "may feel tempted to utilize this opportunity resulting from the relaxation of world tension."

It demanded abolition of the Neutral Nations Supervisory Commission and charged Secretary of State John Foster Dulles with having promised to "settle this question" within three months after the 1953 armistice.

"... But the United States seems to be unable to settle the question for us, and for themselves," complained the ROK statement.

"This government has no other course but to deal with the Communists directly with the hope that the Communists, realizing their violation of the armistice terms, will quietly withdraw from this sacred land of ours," the statement concluded.

The land claimed by the ROKs includes the city of Kaesong, 40 miles northwest of Seoul, the Ongjin Peninsula west of Kaesong, and land along the north bank of the Han River.

Michigan Reported Wasting Aspen Crop

LANSING (U)—A report released by the Conservation Department today shows that Michigan is wasting a large part of its annual aspen crop.

The report said a recent survey shows that 81,000 cords of aspen pulpwood could be harvested annually from public forests in the northern Lower Peninsula.

The average cut during the last five years was 17,000 cords annually, the department said.

Department officials said the problem of waste apparently won't be solved until market conditions change or more pulpwood mills are constructed in the region.

At present, one large mill is processing most pulpwood produced in the northern Lower Peninsula.

The study showed that jackpine, on the other hand, is being cut close to capacity. A 16,000 cord annual cut is possible. Last year, loggers cut 15,000 cords.

Via Short Wave, Wife Hears Spouse in Russia

GREENSBORO, N. C. (U)—Mrs. William E. Reed last night heard from her husband for the first time in more than a week—thanks to Radio Moscow and a Greensboro teen-ager who is a short-wave fan.

Her husband, a professor of agriculture at A&T College here, is touring Russia with a group of other Americans. Taylor Doggett, 19, was listening to his short-wave radio when he picked up Radio Moscow last night.

They were interviewing Dr. Reed, Taylor reported. The Greensboro educator said he was impressed with the Russians' hospitality.

COOL SIGHT — Lovely Verne O'Hara of New York City looks through rose-covered sunglasses to watch the races at Royal Ascot track in England. She says peering through the "follage" makes things look cooler.

British Court Shocks Oldsters

Palace Set Adopts New Entertainment Vogue and Democratic Air

LONDON (U)—The "palace set" in Britain these days is young and gay. At times they shock some of the more Victorian citizens, but most Britons approve the tempo. After all, their Queen is only 29, and her husband 30.

Queen Elizabeth II when away from her official duties knows how to relax. For example, she joins in the fun at a private house party—as she did the other night squinting on a sofa in an informal candlelit atmosphere while another guest, Marlene Dietrich, entertained with a cabaret act.

The Duke of Edinburgh enjoys his "night out with the boys" and occasional pint—as the English refer to a glass of beer. Among his friends are theatrical folk and athletes. His frequent flights from the Buckingham Palace lawn in a helicopter are among attractions for tourists.

Princess Margaret sets the pace for the royal family in night life. Naturally vivacious, the 24-year-old princess is usually the life of the party—whether dancing the Charleston or sipping pink champagne.

Margaret's vitality caught the attention of London newspapers when she stayed at a party until 4 a.m. She was up at noon to dedicate a YWCA hostel—then set out again that evening at 8 p.m. looking as fresh as ever for a horse show.

Margaret's 18-year-old cousin Princess Alexandra is a rival for glamour girl honors in the royal society set. She's even more of a dance enthusiast—and at the party Margaret left at 4 a.m. she stayed until 4:30 a.m.

Another of the Queen's first cousins, Gerald David Lascelles, 31, is a jazz fan. Lascelles, 12th in line to the throne, has one of the best record libraries of jazz music in Britain.

The gay activity of the royal family in a way symbolizes the carefree attitude of a prosperous Britain after the long war and years of postwar austerity.

Second Heresy Hearing Looms

Lutheran Synod Faces Decision on Ministers' Translation of Rules

MILWAUKEE (U)—The liberal interpretations given the doctrine of his church have brought another young suburban Milwaukee minister face to face with a charge of heresy.

The Rev. John Gerberding, 33, must stand a formal church trial on specific counts of doctrinal deviation, an investigating committee of the Northwest Synod, United Lutheran Church, voted unanimously last night.

Pastor Gerberding, whose church is at Menomonee Falls, sat with and tried to aid the losing defense of the Rev. George Crist Jr., of Durham, who was convicted of similar charges at a two-day trial last week.

Pastor Crist's suspension from his pulpit was recommended, and Dr. Paul E. Bishop, of Minneapolis, who headed the investigating committee, said official suspension was only a matter of time.

The cases will be reviewed by the synod conference in Milwaukee next May, with penalty to be set at that time. It might range from a rebuke to ouster from the Lutheran ministry.

Pastor Gerberding was ques-

tioned five hours yesterday on the nature of his beliefs. He told newsmen that he was prepared to discuss with authorities the manner in which Scriptures might be read.

Like Pastor Crist, he denied that "the Bible must be received in a very exact and precise way," and declared that the Lutheran Church has "no cut and dried manner for receiving the Scriptures."

Dr. Bishop said the trial of Pastor Gerberding probably will be held here about the end of August. Specifications of the general accusation against Pastor Gerberding may be made public with filing of formal charges before his trial.

Cobo Begins Lobbying for Federal Road Assist

DETROIT (U)—Mayor Albert E. Cobo today set off a lobbying campaign to push Congress into adopting the current session adjourns.

The mayor already has called a halt to all future expressway construction in Detroit because of a lack of any positive steps to date to set up federal aid.

To Seek Town's End

WEST PALM BEACH, Fla. (U)—A lawsuit was filed in Circuit Court yesterday to abolish the town of Lake Park, on the northern suburbs of this city. John D. MacArthur, Chicago insurance man who controls most of the town's real estate, complained in the suit that his real estate company paid \$35,000 taxes in 1954 but received no adequate municipal services in return.

Bleeding Piles
No Longer a Problem
Medical research has developed a miracle medicine called RECTOLAL. It does away with the constant use of old-fashioned treatments, suppositories, injections, etc. that give little, if any, even temporary relief. RECTOLAL has a tendency to shrink the piles and usually in a few days, the bleeding, soreness, irritation and pain start to disappear and in a few days more are completely gone. Thousands of sufferers have used this remarkable medicine and have never had any further trouble, even years afterwards. Many of these people had been advised that only an expensive and painful operation would help them. Why suffer any longer? Get well NOW! They will! Get a bottle of RECTOLAL today at:

IN THE DAYS OF DAVY CROCKETT

Sam Houston made a bee-line for the Cherokee encampment on an island in the Tennessee river. He was welcomed by Chief Ooloo-to-ka. The chief was a kindly man, his Indian name meaning He-Puts-The-Drums-Away, which showed his peaceful nature.

Young Houston, like Davy Crockett a natural-born athlete, played stick ball and other Indian games with the red-skinned youths of the camp. In no time at all Sam, whom they called Co-lon-eh (The Raven), was beating them at their own sport. A real champion!

When Sam's older brothers who had been searching everywhere for him finally found him in the Indian camp, Sam was re-reading his favorite book, Homer's Iliad, while resting under a tree. They begged him to come home. Sam said not now. He'd think it over.

A year later Sam came home, but not to work in that stuffy old store. Instead, Houston who had hated school as a boy, opened a primary school himself. Though a success, it lasted only one term for Sam heard the beat of distant drums. War was coming to the land.

Loneliest Town on Earth

By PHYLLIS BATTLE
PT. BAITOW, Alaska (INS)—Here, at the ice-gripped tip of the North American Continent, lies perhaps the loneliest town on earth.

Shrouded by a cold fog, and lighted by the gray glow of a midnight sun that cannot melt away the eerie haze, Point Barrow seems almost like a weird dream of another planet.

Its populace — almost equal parts Eskimos and chained, restless sled dogs—live on wet sand. Its homes are crude brown shacks spotted haphazardly over seven miles of beach.

The suburb to the North is an endless expanse of misshapen blue ice-caps in the Arctic ocean; and to the south, a barren desert of Tundra.

This is where Will Rogers and Wiley Post slipped into an Arctic lake in August, 1933, in a plane that the old-time Alaska pilots remember as being dangerously nose-heavy. They are buried, six miles back in the Tundra, beside the lake.

Fog and clouds roll toward your little plane and, before you can think "Oh-oh, here we go," you are caught in the middle of it, a bumpy grayness that blots up the red-gold sun and makes its light sinister.

These are Eskimo children, with moon-shaped faces grinning happily, inside great fur parkas. To them, Barrow is a good place, and white visitors are good people. They bring excitement and, frequently, candy and gum.

You are now nestled into a borrowed parka and boots, and loaded onto the tourists' bus, a rickety vehicle designed like a paddy wagon, which holds a maximum of 12 persons. It is supported by discarded airplane tires — the only tires that can smash through the deep sand on which Barrow is built.

"In the winter," says the woman guide who joggles beside you, "the ocean freezes over, and this brown sand is covered with white. Then it is beautiful."

A tourist from Idaho who sits on your other side shivers, in spite of her parka, and you join her. It's not the cold, but the nightmarish loneliness.

The "hotel" is a wooden barracks with nine bedrooms. It was constructed recently by a co-opera-

tive group of the Eskimos who have in recent years made money as construction workers for the U.S. government, building the small air-strip and radar installations along the coastline. Fifty yards away there is another co-op lunch-room barracks, and beside it, a movie house. Same architecture.

It is now nearly 1 a.m. and time for New Yorkers to be in bed. But as you bunk down in your iron cot, you hear strange sounds

outside. Dozens of sled dogs are waiting to the unseen sun, as if in anguish, and dozens of Eskimo children are making small, high-pitched noises. You look out the window.

Through the half-light and fog, it is a weird sight. These people, who know nothing of trees and baseball and penthouses, are thoroughly content just to be jumping. They are children of Nature who don't even know that now is the time you should sleep. They are probably much happier than you are...

But you feel sorry for them, and more sorry for yourself, and the next day you defy the fog and leave on a cargo plane, just to get away.

Several miles out of the northernmost town of North America, the fog falls away and Alaska's beauty is splendid in the sunlight.

"Those Eskimos must be crazy back there," you think. "Or am I?" Not wanting to dwell on the thought, you fall asleep—a spoiled

city brat who can't take the seamy side of Nature.

Copyright 1953
TV-Radio Probe
WASHINGTON, (AP)—Sen. Magnuson (D-Wash.) said today the Senate Commerce Committee will begin hearings next Jan. 17 on the radio and television industry. Among matters to be considered are proposals to authorize Federal Communications Commission regulation of the major networks.
