Parents to Be Told If Children Had Salk Shots

Appointed

CLARK J. ADAMS

LANSING (AP)—Gov. Williams today appointed Clark J. Adams, of Pontiac, as a member of the State Corrections Commission for a term expiring Oct. 1, 1959.

Adams is a former legal adviser to the governor and a former supreme court justice. He succeeds Talbert Smith of Ann Arbor, who resigned to accept an appointment as supreme court justice.

GM Employment Stabilized Here

Work Week in Pontiac Averages 40.1 Hours in Past 5 Years

General Motors hourly employes in Pontiac averaged 40.1 hours of work a week under the five-year contract which is expiring this year, R. M. Critchfield, a GM vice president and Pontiac Division general manager said last night.

He spoke at a meeting of the Pontiac General Motors Club, which met at the Pontiac Engineering building with Pontiac businessmen as guests.

During the five years the GM hourly pay rate advanced 44 cents. During the same period, Critchfield pointed out, jobs in GM divisions here increased from 25,561 in 1950 to 30,783 in 1955.

During 1950, wage and salary payments to GM Pontiac employes totaled $117,637,462. In 1954 the annual payrolls in Pontiac had climbed to $155,105,527.

A pledge that General Motors intends to "work hard in an effort to arrive at a new agreement with the UAW-CIO which will be fair and of mutual benefit to all" was made by H. W. Anderson, vice-president in charge of personnel of General Motors in a filmed message shown last night.

Reviewing some of the dramatic benefits that General Motors employes enjoyed under the 5-year agreement, Anderson said that as a result of it General Motors was able to plan ahead in research and new product development and to expand its facilities tremendously to meet the growing customer demand.

"This all added up," he said, "to higher pay, steadier employment and the addition of 128,000 good new jobs in General Motors during this five year period."

Pontiac Seeks Civil Defense Fire Fighters

Always been excited by the sight of a racing fire engine?

Always had a hankering to climb one of those big ladders with a hose snaked over your shoulder?

Always secretly wished you could handle one of those fireman's axes?

If you have and you're a male between 18 and 50 years old, you may be one of the 25 men the Pontiac Fire Dept. is looking for to serve as civil defense fire fighters.

Capt. Victor O. Bodamer, who trains CD classes, announced today a class will start April 26 at the old city incinerator, East Blvd. and Featherstone Rd.

The two-hour sessions, beginning at 7:30 p.m., will be held for eight weeks.

Volunteers may fill out applications at Fire Station No. 1, E. Pike and Perry Sts., immediately, or appear at the incinerator on the 26th, Bodamer said.

Bad Business-Is Good

CAMBRIDGE, Mass. (AP)—Henry F. Owens has happily announced he expects a slump in his business—all because of the Salk anti-polio vaccine. He operates a trucking firm which specializes in moving polio victims in iron lungs.

Anti-Toll Road Group Charges Bring Rebuttal

Chief Engineer Tells Turnpike Authority's Viewpoint

Legislative restrictions would make it "impossible for the Michigan Turnpike Authority (MTA) to continue in operation against the people's wishes and control the state's road building program."

E. Thomas Baker, chief engineer for the MTA, replied today to a series of statements made in opposition to the proposed Flat Rock-Saginaw toll road. The statements were made Monday night at a meeting in Devon Gables of the Citizens' Protective Assn. of Mich., which is fighting the plan.

Baker and two aides were present at the anti-turnpike gathering with a detailed map of the planned route through Oakland County. The three left shortly before the meeting ended, without attempting to join in the discussion.

"We were not there trying to disrupt the group," said Baker. "But simply to give them a detailed explanation of the proposed line through their area."

Representatives of the MTA have attempted numerous public gatherings to supply all available information, "but we had no detailed map of a planned route until last Thursday when engineers submitted it for our study."

At the Monday meeting, Irving ImOberstag, chairman of the Dearborn Plan Commission said his city (which the toll road would cross) never has been able to get desired information from the MTA.

"We wrote Dearborn's mayor April 6," Baker stated, "offering to meet with him at his convenience with an index map of the road and discuss local problems."

Similar letters also were sent to

UF President

IRVING A. DUFFY

Elected to the presidency of the Michigan United Fund today at the organization's eighth annual meeting in East Lansing was Irving A. Duffy, vice president and general manager of the Ford Tractor and Implement Division in Birmingham. He served as first vice president of the MUF last year.

Boy Committed to County Home

Hearing Set April 26 for 12-Year-Old Youth in Vicious Attack

A 12-year-old boy, who police say admitted beating a three-year-old girl with a spiked two-by-four yesterday was committed to the Oakland County Juvenile Home pending final disposition of his case April 26.

Terry Allen Morgan, son of Mr. and Mrs. Jack B. King, of 255 W. Fairmount St., was arrested Tuesday night shortly after Cindy Lynne Montgomery was found semi-conscious in a partially completed home on West Rutgers street.

Cindy, daughter of Mr. and Mrs. Charles E. Montgomery, of 575 E. Mansfield Ave., remains in critical condition in Pontiac General Hospital today suffering

Storm-Battered South Braces for Tornadoes

New York City Gropes Along as Pea Soup Fog Cuts Visibility

By UNITED PRESS

The storm-battered Southland was warned to brace for possible tornadoes today and a pea-soup fog cut visibility to near zero at New York City.

Meanwhile, a warm sun and zooming temperatures melted blizzard snows in the West.

The Columbia, S. C., Weather Bureau issued a special warning of possible isolated tornadoes in seven counties in the southern part of the state.

Three days of freakish, savage weather across the nation's southern half have left at least five persons dead and property damage estimated in the hundreds of thousands of dollars.

In Mississippi, more persons were feared dead in the collapse of a 100-foot bridge over the flood-swollen Homochitto River.

At least two, and possibly more, cars plunged into the raging river when the bridge buckled late yesterday near Woodville. Authorities said they could not be sure how many vehicles fell or how many occupants had been carried to their deaths.

The vast spring storm started with blizzards in the Northern Plains which swept into Oklahoma and Texas. Choking dust storms then hit the Southwest, while tornadoes and record-breaking rains swept from Texas into Arkansas, Alabama and Mississippi.

The savage squall line ripped Mobile, Ala., with a tree-toppling twister and drowned the gulf city in 13.30 inches of rain in less than eight hours yesterday.

The storm spread farther east across Dixie and took the form of a pea-soup fog along the Atlantic Coast. A seaman was killed and another was injured when two freighters collided in a fogbank off the North Carolina Capes.

In New York low-lying fog forced shutdown of all major airports. The last plane took off from Idlewild at 11 o'clock last night. Newark Airport in New Jersey also closed.

Showers Expected in Area Tonight

Predicted showers failed to materialize this morning, but are expected to appear for a while this evening. Tomorrow will be partly cloudy and somewhat cooler.

With the mercury at 60 degrees at 8 o'clock this morning, rising to 70 by 2 p.m. the expected low tonight will be from 46 to 50 degrees. Tomorrow will bring a high of 61 to 65 followed by more occasional showers tomorrow night and a low of 60 to 64, the U. S. Weather Bureau says.

In downtown Pontiac yesterday thermometer readings ranged from a low of 50 to a high of 71 shortly after six last night.

Seaway Funds Asked

LANSING (AP) — Gov. Williams asked the Legislature today to provide $10,000 now to help the Great Lakes Tidewater Commission hire a staff and get started immediately on an appeal to Congress to improve Great Lakes channels so that St. Lawrence Seaway traffic can reach Michigan ports in larger amounts.

Driver Walked Away From This One

ONLY SLIGHT INJURIES — The driver of the car shown above under a milk truck, Walter W. Boes, 62, escaped with only slight injuries. Police in Dayton, Ohio, say he ran a red light at an intersection. The truck driver escaped injury. AP Wirephoto

Ike Seeks OK of Trade Group

34-Nation Organization Is Designed to Police World Commerce

AUGUSTA, Ga. (AP)—President Eisenhower today seeks congressional approval of a new 34-nation organization on world trade.

The President, in the midst of a work and golf vacation here, arranged to send a special message to Washington.

He also scheduled a late afternoon visit with Sen. George (D-Ga), chairman of the Senate Foreign Relations Committee, at the Augusta National Golf Club.

James C. Hagerty, White House press secretary, said the meeting would be "purely social" and that the chief executive plans to introduce George to a few friends.

But the session does provide an opportunity for review of the international situation, including problems in the Formosa area.

Eisenhower's special message to Congress seeks approval of a 34-nation unit known formally as the Organization for Trade Cooperation. An agreement for its creation was signed at Geneva, Switzerland, March 21.

Solons Ready to Draw Up New State Road Program

LANSING (AP)—Legislative leaders apparently are ready to start all over again on a new highway expansion program.

But 11 weeks of dispute apparently were not lost—because there was evidence that the leading House opponent to a so-called "arterial" highway program had yielded, at least partially.

Rep. Emil A. Peltz (R-Rogers City), chairman of the House Roads Committee and father of the much-battered Peltz highway bill, told the House-Senate Conference Committee on his bill that he was willing to give in and accept Senate ideas which ran contrary to his own—but with some modification.

The House had passed the Peltz bill which retained the existing formula for distributing highway funds: 44 per cent to the state, 37 per cent to the counties and 19 per cent to the municipalities. It also contained a 1½-cent increase in the gasoline tax and a 25 per cent in truck license fees.

The Senate changed the Peltz bill to divide the new income 75 per cent to the state, 25 per cent to the cities and counties, earmarked the state's share for a huge four-lane divided trunkline artery system, retain the 1½-cent gas tax increase but dropped the truck increase.

Water Survey Aid Proposed

Broomfield's Measure Reported on Senate Floor

A bill to enable Oakland County to obtain state financial aid for a water-resource survey is before the state Senate.

The measure, by Sen. William S. Broomfield (R-Royal Oak), is slated for final consideration next week.

The plan would enable the State Water Resources Commission to request $20,000 to join with Oakland, Wayne, Macomb, Genesee and Lapeer Counties in a preliminary study of water needs.

Only Wayne's north half would be included, Broomfield said. The five counties would also supply $20,000 making the $40,000, which is thought necessary for an initial survey.

Studies would be limited to towns whose present supply is inadequate, and may aid in securing water from the Great Lakes. Pontiac City Manager Walter K. Willman last week urged Pontiac to take the lead in finding new water sources.

A previous water survey measure introduced by the Oakland lawmaker passed the House, but was killed in a Senate committee in April last year.

Rural Residents Will Get First Official Notices

America Offers Polio Secret to People of All Nations

Parents of children who took part in last year's Salk vaccine test should be notified no later than next week if their children received the real vaccine or "dummy" shots.

Dr. John D. Monroe, Pontiac and Oakland County health director, today said parents of children attending rural-area schools will probably be notified first, perhaps by tomorrow.

Parents in urban areas should be notified by the middle of next week, he said. Parents receiving a certificate will know their youngsters got the vaccine.

But even if the parents don't receive notification before the new shot series begins, children needing the serum will be given it, he said. Clinic teams administering the shots will have the records with them.

Meanwhile, President Eisenhower directed Secretary of State John Foster Dulles to offer the Salk vaccine formula and the full report on the monumental research project which proved it successful to any country that wants it, including those behind the Iron Curtain.

The President also directed Dulles to begin an immediate study to determine when the U.S. will have enough of the drug to export and still take care of domestic needs.

A State Department spokesman said that the vaccine developed by Jonas Salk was taking its place alongside atomic power for peace as an American gift to help all peoples of the world.

Beginning Tuesday, first and second graders in the Rochester school district will be given the first in a series of three Salk shots scheduled for 30,000 county youngsters.

Dr. Monroe said unless he is notified otherwise, the shots will be administered in the manner used last spring. That is, the first two shots will be given two weeks apart and the third four weeks after the second.

In last spring's tests, 34,987 county children participated. Of these, 8,243 received the vaccine, 8,291 received placebo ("dummy" solution) shots, 409 received partial injections and 19,044 received no shots at all.

Polio Vaccine on Move

WELCOMES A FIGHTING PAL — The first shipment of polio vaccine for distribution to doctors for private practice inoculations is greeted by Kathleen Thompson, in Dallas, Tex. First shipment had 7,300 pounds of Salk vaccine.

PHS Band Plays Tonight

Pontiac High School Band, under the direction of Dale C. Harris, will present its 28th annual spring concert in the boys' gymnasium of the school at 8:15 o'clock this evening.

Assisting will be a guest conductor, Ralph J. Hermann, musical director of the American Broadcasting Studios of New York City.

Hermann will conduct the band in two of his own compositions: the overture, "The North Sea," and two parts from "The Kiddie Ballet."

Soloist for the evening will be Judith Dickstein, high school senior, who will play the first movement of Mendelssohn's Concerto in G Minor

Of special interest will be the premier presentation of Glenn Osser's tone poem, "Hiawatha Land," composed specially for this occasion. Osser is a native of Michigan and his work is scheduled for publication next December.

Seats for the concert are unreserved, and tickets are available from band members and will be on sale at the door.

Senate Passes MSC Change

23 to 2 Vote Will Make College a Full-Fledged University on July 1

LANSING (AP) — Michigan State College, the little "cow" college that grew to be eighth largest in the nation and sent a football team to the Rose Bowl, will become Michigan State University July 1.

By a smashing 23-2 vote the Senate of the State Legislature joined the House yesterday in approving the name-change. Gov. G. Mennen Williams announced he will approve the bill.

MSC lobbied the measure through the Legislature in spite of continued opposition from University of Michigan, its big sister institution at Ann Arbor, which had expressed fear that two state universities would lead to confusion.

Here is the vote by which the Senate approved changing Michigan State College to Michigan State University:

Yes—Andrews, Broomfield, Debmel, Faulkner, Feenstra, Francis, Geerlings, Graebner, Hittle, Minnema, Nichols, Roy, Smith, Storey and Vander Werp, Republicans—(15) and Blondy, Doyle, Gibbs, Nicholson, Novak, Rahoi, Ryan Swainson, Democrats—(8)—23.

No—Beadle and Christman, Republicans—2.

Present but not voting—Greene, Hutchinson, Morris, Republicans—(3), and Brown and Lane, Democrats—(2)—5.

Absent — Coleman, Porter and Prescott, Republicans—3.

Special Education Facilities Approved for Pontiac

By HAZEL A. TRUMBLE

Help for the boy and girl who need special education and for the early elementary students in crowded classroom situations is on the way for the Pontiac Public Schools next year.

By authorization of the Pontiac Board of Education last night, plans are being drafted for:

Two orthopedic rooms and a staff (included in the architectural drawings for the new Linda Vista school).

A hard of hearing room and teacher.

Two rooms and a staff for mentally handicapped pupils.

Two teacher-consultants for mentally handicapped pupils.

Dr. Otto Hufziger, administrative assistant in charge of building programming for the Pontiac schools, was told to establish workable plans for "cottage units," or residential area home-like schools for construction in the rapidly-growing areas of the district.

The special education program for Pontiac initiates the new county-wide Special Education Act adopted by the voters of Oakland County last year. This Act raises one-half mill per year for the purpose of constructing and operating special education facilities in specified areas of the county.

Pontiac will be reimbursed for the above mentioned rooms and for the operational cost of special education services.

In return the district agrees to: 1—Maintain the above facilities or their equivalent for a period of 15 years.

2—Accept students from outside the school district in a special education program. Both the Pontiac students and those from outside the district will be screened and admissions will be cooperatively determined on the basis of children who have the greatest need.

With this county-financed and county-controlled special education project, Oakland County made national news in the summer of 1954. It is the first county unit in the nation to adopt such a program and may serve as a pattern for the rest of the country.

Wayne county may vote on the same proposition this year. Because of the population size, Oakland and Wayne are the only two in the state eligible under the special legislation adopted by the state legislature to establish its own special education set-up.

Dr. Dana P. Whitmer, Pontiac superintendent of schools, pointed out that the "cottage unit" may be the answer to Pontiac's dire need for elementary classrooms next fall.

Dr. Hufziger said that other growing cities in the nation have constructed these residence — type schools. Having the external appearance of a house, the inside is one large room and will accommodate a single class, preferably from kindergarten through the third grade.

These "cottage units" can be constructed in 60 to 90 days and range from $12,000 to $13,000 per unit exclusive of the site. Conventional type classrooms are in the near-$20,000 bracket today.

Dr. Hufziger said that on the debit side of the cottage unit ledger, he felt that better heating and ventilating systems should be installed, than in those a local committee inspected in some of the other Michigan communities.

The resale value of these "cottage units," if they are not to be continued as classrooms, is another credit for this type of schoolhousing, he pointed out.

The board Wednesday night approved the probationary and tenure teachers and adopted a certified personnel policy drafted by Dr. Whitmer in cooperation with a teachers' representative committee.

Sylvan Approves Record Budget

Council Also Provides for 17-Mill Tax Rate for 1955-56

A $93,505 budget and 17-mill tax rate for 1955-56 were approved by the Sylvan Lake City Council last night.

The budget, highest in the city's eight-year history, is $3,371 greater than last year's, according to City Manager Ernest L. Ethier.

The 17-mill tax rate, based on an assessed valuation of $2,295,365, is one mill higher than the current rate. The council also approved continuation of the current debt rate at five mills, making the total tax rate for next year 22 mills.

Ethier partially attributed the budget increase to boosting city employes' pay "to comparable salaries in the area." Biggest hikes went to the clerk-treasurer and police officers, he said.

The city's fire protection cost also was increased. In the 1955-56 fiscal year, it will pay West Bloomfield Township $2,500 for protection, compared with the $1,000 fee now paid.

Breaking down the budget, Ethier said $39,921 would be raised through taxation, $50,350 through revenues and $3,234 from the 1954-55 budget surplus.

Negotiations Broken in Gravel Industry

Negotiations between two large gravel pit companies and Teamsters Local 614 (AFL) at Hotel Pontiac broke off this morning after representatives failed to agree on a new contract.

The union, represented at the session by Floyd B. Harmon, business agent, is seeking a 25-cent hourly pay boost, increased welfare benefits and a pension plan.

The gravel pit operators, American Aggregates Corp. and Koenig Coal and Supply Co., are reportedly offering a five-cent-an-hour increase for each of the three years of a new contract.

Harmon said that immediately after the session broke up, he wired the State Labor Mediation Board to call a new meeting at which a state referee will sit in.

The companies employ 350 workers, chiefly at pits around Oxford.

Vernor Land Added to Lapeer Preserve

The State Conservation Commission today completed purchase of Arcadia Ridge Farms in central Lapeer County and said the land will expand an existing public hunting and fishing preserve.

The state paid $242,000 for the rolling, partially wooded tract that had been owned by the estate of James Vernor Jr., former president of the Vernor Ginger Ale Co.

The newly acquired land will bring to nearly 7,000 acres the total area of the Lapeer State Game Area. Commission member Frank E. Burch said his group plans to acquire more land in the area, enlarging it to 14,000 acres within a few years.

The property straddles Mayfield and Arcadia Townships five miles northeast of Lapeer.

'Inoculation' Same as 'Vaccination'

NEW YORK (AP)—You can be inoculated against polio or vaccinated against polio.

Some people consider vaccination a scratching of the skin as occurs in smallpox immunization in contrast to the insertion of a needle into the muscle as in the polio procedure.

However, the words "inoculation" and "vaccination" can be used interchangeably.

The dipodomys, or kankaroo rat, is a native of the arid western regions of the United States. It never drinks water, is four inches long and has a tail eight inches long.

The Weather

PONTIAC AND VICINITY—Showers ending tonight, with fresh southerly winds becoming southwesterly. Tomorrow partly cloudy and somewhat cooler. Low tonight 46-50, high tomorrow 61-65. Tomorrow night partly cloudy and somewhat warmer with occasional showers, low 50-54.

Police Hustle Solon to Lansing for FEPC Vote

LANSING (AP)—The long arm of the Legislature, aided by State Police, whisked a hooky-playing lawmaker back from Detroit last night to help push a fair employment practices bill through the House by an 80-27 vote.

Rep. Herb Clements (R-Deckerville) puffed into the House chamber at 10:45 p. m. after more than 100 of his colleagues waited four hours for his vote on the controversial measure.

If the Senate approves the bill and it is signed by Gov. Williams, the governor will appoint a five-man commission to guard against racial or religious discriminaton in employment.

The commission would have its headquarters in Detroit. It could call witnesses, hold hearings and investigate charges of unfair employment practices.

The group could also conduct a broad educational program aimed at cutting down racial and religious discrimination.

Compensation Vote Due Today

GOP Sponsors Claim Measure Would Make Michigan Law Best

LANSING (AP)—The Senate scheduled a vote today on a Republican-sponsored workmen's compensation bill which one author said would give Michigan a law "unrivaled in any other state."

Sen. Robert E. Faulkner (R-Coloma) said the bill would make Michigan's workmen's compensation law "unquestionably the best in the nation."

Adding to increased benefits voted last year, the bill would increase the maximum benefit period for injured workers from 400 weeks to 450 weeks and would allow a worker totally disabled to draw compensation for the rest of his life. The limit now is 800 weeks.

Sen. Philip Rahoi (D-Iron Mountain) attempted unsuccessfully to increase the benefits again, to remove present ceilings and to continue the death benefits to the widow of a worker killed on the job until she died, remarried and until her children were 18 years of age.

Faulkner said the labor unions had not asked for these extensions.

The chamber yesterday debated legislation to implement the new bipartisan State Board of Canvassers ordered by the voters at the April 4 election.

The bill provides that the four-man board be chosen equally from nominations made by the central committees of the two major political parties.

The new board would assume direction of the state election system and would absorb the State Elections Division from the Secretary of State's Office. Its terms would be for four years.

It would be aided by a nine-member advisory committee composed of legislators and county and municipal clerks.

Pontiac Deaths

Ronald R. Dennis

Funeral service for Roland R. Dennis, 26, of 234 E. Pike St. will be held Friday at 2 p.m. at the Silvercrest Baptist Church with the Rev. David Mortensen of the Marimont Baptist Church officiating. Burial will be in White Chapel Memorial Cemetery.

The Marine Corps League will furnish Honor Guard and Color Guard for the service. Bearers will be the Jimmy Dey Post Amvets.

Mr. Dennis died Tuesday at Pontiac General Hospital of a subarachnoid hemorrhage.

He will be at the Huntoon Funeral Home until Friday morning when he will be taken to the Silvercrest Baptist Church for the service.

Elmer W. O'Berry

Word has been received of the death of Elmer W. O'Berry, 53, of Bay City. He died Wednesday after a prolonged illness.

Born May 23, 1902 in Holly, he was the son of William and Flora Hubble O'Berry and had lived in Fenton most of his life.

Surviving are a daughter, Wanda Schultz of Bay City; a brother, John of Pontiac; three grandchildren, 15 nephews and six nieces.

Service will be held at 2 p.m. Saturday from the Graham & Davis Funeral Home at Fenton with burial in Lakeside Cemetery at Holly.

Daniel Thomas O'Connor

Daniel Thomas O'Connor, 76, of 2200 N. Telegraph Rd. died Tuesday evening after an illness of 18 months.

Born Aug. 31, 1878 in Ireland, he was the son of Thomas and Mary O'Connor.

Coming to Pontiac 60 years ago, he was a member of St. Benedict's Catholic Church and had been employed in the maintenance department at the Oakland County Hospital.

The Rosary was recited last night at 8:15 at the Kirkby Funeral Home. The funeral will be held Friday at 9 a.m. from St. Benedict's Catholic Church with burial in Mount Hope Cemetery.

Turnpike Authority Viewpoint Is Given

(Continued From Page One)

officials in all communities along the route, the engineer explained.

"No definite mapping has been decided on. The authority has taken no action other than to accept the engineer's recommendations for study."

Baker replied to charges that higher interest rate on revenue bonds the MTA would issue will cost the state more than regular Highway Department general obligation notes:

"It's true that if the state were responsible with its full faith and credit for the bonds, as is the case with Highway Department issues, we could get a lower interest rate.

"But revenue bonds, such as we will issue are not paid off by the people through taxes. They would be retired from toll road proceeds.

"Some have said the state would be responsible if toll fees were not sufficient, but I have never heard a state attorney say this. Besides, surveys show the tolls will be adequate."

It would be impossible for the MTA to continue charging tolls after the 24-year period allowed to pay the bonds elapsed, said Baker.

"Some have said we could refinance the bonds and continue charging tolls using the money to build more toll roads, thus taking over a major part of Michigan road building."

"We can only build two roads under the law. The one now proposed and another from Detroit toward Chicago to the state line. We can study any other route, but must get permission from the Legislature to build it."

Estimated cost of the proposed route has increased from $154 million to $186 million, he explained, "because we are now figuring in bond financing charges, interest on bonds during the first year of construction and have a more detailed account of construction costs."

The route is not set in a straight line, he stated, "because it must be economically sound and serve congested traffic to the best advantage.

"If it appears to wind somewhat, that is because we attempted to pass through communities with the least disruption of residential and commercial districts possible."

Cost of toll road building is higher per mile than that of freeways, said Baker. "This is unavoidable through necessity to build toll booths and our own maintenance buildings. The Highway Department already has service facilities and does not have to figure them in its costs."

Justice Gives Solon 10 Days to Pay Ticket

Farmington Township Justice Allen C. Ingle today said Rep. Joseph A. Cavanagh (R-Midland) has 10 more days to pay a traffic ticket before a warrant is issued for his arrest.

Cavanagh reportedly has stated he would refuse to pay the $10 ticket issued March 14 by State Police, who said he was driving down the middle lane on a U.S. 16 hill near Farmington.

In his refusal to pay, Cavanagh cited Article V, Section 8 of the State Constitution, which reads:

"In all cases, except for treason, felony or breach of peace legislators shall be privileged from arrest during regular sessions of the Legislature, for 15 days before the commencement and after the termination thereof."

Ingle, a lawyer, said traffic offenses are covered by the "breach of the peace" clause in the Constitution and are not exempt.

"I've had other state legislators in my court on similar offenses and none of them ever balked—they all paid their fines without question," the justice said.

Cavanagh was returning to Lansing from a visit in Grosse Pointe when he was cited for driving to the left of a yellow no passing line on the three-lane pavement.

General Fields to Manage AEC

Army OKs Retirement so He Can Take Post on May First

WASHINGTON (AP) — Brig. Gen. Kenneth E. Fields, a specialist in atomic weapons development, doffs his Army uniform soon to become general manager of the Atomic Energy Commission.

The AEC announced last night that the Army has agreed to Fields' retirement so he can take over the $20,000-a-year post May 1. He will succeed Maj. Gen. Kenneth D. Nichols, who is planning to become an engineering consultant here.

In its announcement, the AEC said Fields—its director of military application since 1951—"has borne primary responsibility for the great improvement of the nation's position in nuclear arms during the past four years."

For eight of the past 10 years the 46-year-old Fields has been connected with the atomic energy program. He has served with both the AEC and the Manhattan Project, which developed the World War II atomic bomb.

Youth Committed to County Home

(Continued From Page One)

from a broken neck and multiple nail punctures.

Terry, a slight, 65-pound youth cried briefly at his Juvenile Court appearance yesterday.

Authorities quoted him as saying he saw Cindy playing in the yard of her uncle's home, at 203 W. Strathmore Ave., where she had gone to see a new puppy. Cindy agreed to play with him, the youth said, and he led her to the basement of a home being built nearby.

"She called me silly and dumb," he told officers, "and I picked up the board and started hitting her."

A search party of 20 neighbors, formed by Cindy's uncle, Wendell N. Beaird, found her bleeding profusely, her slacks tied around her neck and her lower clothing ripped off.

The Day in Birmingham

Cite Groups for Service to Youth of Community

BIRMINGHAM—Joint praise for service to the area's younger citizens came this week to the Community House and the YMCA boards.

Both were "wholeheartedly supported" in a letter from the youth committee of the Council of Community Services, for their operation of the Youth Room in the Community House.

The Community House was given much credit for providing the space for the younger set to congregate, while the committee lauded the Y for volunteering supervision and supplying program ideas.

Stating that such efforts deserved public appreciation, the committee said, "These organizations, by thus coordinating their programs to meet the needs of youth, have demonstrated the feasibility of cooperative effort."

The youth group said studies show that more and more limitations are being placed on youth, as compared with the past.

"Because more people live closer together, it has become necessary to pass laws and rules which restrict the normal behavior of youth," the letter read.

That is why the cooperative ventures such as the ice skating rink to be constructed here are important, the group pointed out.

"Such a project is a step toward meeting the needs of youth in the area," both now and in the future, said the committee.

* * *

Winners have been announced in the YMCA's annual Easter egg hunt, placing Teddy Enger, 1272 Edgewood Ave., in the top notch for discovering 21 chocolate eggs.

A close second was Bruce McDonald, 558 Bennaville, with 20. Leading the girls was Margie Woolson, 566 Lahser Rd., with 7, followed by Marty McCutcheon, 594 Golfview, who uncovered 6. The four received prizes.

* * *

Combining business with pleasure, Soroptimist International will have its business meeting following a 6:30 dinner at Devon Gables tonight.

* * *

Franklin Cemetery Auxiliary met for a potluck luncheon and regular meeting today with Mrs. William Brandenberg of Detroit.

* * *

Members of the YMCA Young Adult Co-ed Club kept in rhythm with the current "Typewriter Song" yesterday as they lent a typing hand to the Y staff, in helping catch up with necessary paper work.

This was the club's service project for the month.

Minorities Receive Smattering of Votes

While the two major state political parties received the large share of attention in the April 4 election, candidates of three other parties also received a smattering of votes in Oakland County.

They represented the Prohibition, Socialist Labor and Socialist Worker Parties.

According to the official county canvass, the small party vote totals were:

Mom, Children Given Acquittal

Admitted Beating Their Husband and Father to Death Feb. 28

MARYVILLE, Tenn. (AP) — A mother and her three children who admitted beating their husband and father to death when he threatened to take them "all to hell together" were acquitted of murder last night.

An all-male jury freed Mrs. Grace Davis and her children after deliberating 2 hours and 40 minutes.

Mrs. Davis, 41, testified her 39-year-old husband Sam threatened to drive them all over a 100-foot cliff into a river Feb. 28.

"I knew it was him or us," she said.

She said her two younger children—Katrina, 11, and Cleil, 8—looped Katrina's belt around Davis' neck while she and her older daughter Shelby Jean, 14, slugged him with a monkey wrench.

After Davis asked the family if they had "any last words," Shelby Jean testified, "I turned off the ignition. Then I grabbed a monkey wrench and hit Sam twice. Then mother took the wrench, and I don't know how many times she hit him."

The parents, married in 1938, had been separated.

Hal Boyle Says:

Desert Parties Enough to Wake Pharoahs

GIZA, Egypt (AP)—The Sphinx did everything but turn on its haunches in surprise.

Behind it under mellow moonlight in the shadow of an ancient pyramid the other night echoed the weird noises of a 20th century desert party.

Believe me, dear friend of the Western world, if you haven't been on a desert party, you don't know what a party is. The mere sounds of one are enough to wake a sleeping Pharoah in his tomb and cause him to grab an oar of his solar boat and row madly toward Mars.

The ingredients of this particular desert party were rather complex. They included 100 guests, 50 camels 25 trained Arabian horses, 22 donkeys, 14-horse drawn sand carts, a troupe of whirling dervishes, 34 musicians, a mutterer's chorus of 48 men, 112 donkey and camel boys, an unknown number of cooks and servants and 14 belly dancers.

Desert parties of this kind are maybe 5,000 years old here, but they certainly are an eye opener to a guy from out of town. As best I could figure it out, here is what happened:

At twilight the guests grabbed the nearest mount available and set out across the sand. Turning down the leer of a camel called "California, Here I Come," I climbed up on a sorrel horse named "Ginger."

The Egyptian army fired a volley. Then the vast melange of men, women and animals began marching across the sands to the accompaniment of flutes, drums and tambourines.

If you saw it in a Hollywood movie, you would swear it was a lie. In the midst of this Bedouin bedlam camels growled, horses neighed, women screamed, strong men paled—and the stern silent sons of the desert cased the guests, figuring which would be likely to give the best tips.

One camel floundered. No one worried about the guest. The bed-sheet-clad natives began fighting among themselves over who would pay for the camel's hospital bill. Finally both camel and guest came back up on their feet, the fight stopped, the march continued.

A mile farther on we came to a huge tent. It was spread with the finest of oriental carpets and pillows. The guests knelt or sprawled in comfort, some wondering who would peel the next grape, and the party was on.

The dervishes came in and whirled. One native gentleman with hair as long as Lady Godiva's twirled and twirled until he had twisted his head enough times to wind a 400-day clock through the next century, bowed to applause, then went outside the tent to be unwound.

Native lackeys rushed amid the lolling guests with wine.

Then in came the 14 belly dancers in one of the greatest navel operations in Egyptian history.

By and large the chief difference between a pyramid and a belly dancer here is one of movement. The proportions are about the same.

* * *

None of the Egyptian belly dancers at the party had a thing on Gypsy Rose Lee.

Personally, I thought the most interesting was a middle-aged lady who performed her dance wearing atop her head a giant candelabra bearing 15 lighted candles. Her dance was a victory of art over age.

Then everybody rose and piled into the food—freshly-killed lambs roasted whole on spits, ground mutton broiled on steel spikes, artichokes, a casserole dish of okra, rice rolled in grape leaves, sweet thick oriental coffee.

Suddenly a desert wind, the "khamseen," began to blow, lifting great sand clouds. The party ended. We headed back from the desert.

Beef and Lamb Head Up Weekend Meat Specials

By THE ASSOCIATED PRESS

Beef and lamb will be the big favorites as meat features in the nation's food stores this weekend. Prices slightly below those of a week ago will be the rule.

Chuck roast or steak, sirloin steak, prime ribs, round roast and chopped beef will be among the prominently advertised specials. Leg of lamb will be featured and there will be lower prices here and there on lamb chops. A few stores will cut prices on lamb shoulder roast.

Pork prices will run about the same as a week ago but some stores will have specials on pork chops. Frying chickens will show little price change. In some markets, veal chops will be lower.

Wholesale prices of beef, pork and lamb showed a little change during the week. The end of the Lenten season was accompanied by abundant supplies of beef. Pork marketing continues heavy.

Price tags on both butter and eggs will follow no set pattern this weekend—they'll be up in some places and down in others. Incidentally, housewives have boosted their purchases of butter this year, spurred by lower prices.

The government estimates that butter buying was up 19 per cent in February over a year earlier. At the same time, margarine purchasing rose 9 per cent.

The list of outstanding buys in vegetables and fruits as compiled by produce specialists is the shortest in a long time. It includes only onions, eggplant and escarole.

Potatoes, long an outstanding buy, are higher this week, mainly because the new crop has been slow in reaching the market because of bad weather.

Produce men say that worthwhile buys include celery, peppers, carrots, beans, iceberg lettuce, new crop cabbage, beets, endives, and spinach.

In the moderately priced category are asparagus, cucumbers and new crop peas. Supplies of asparagus are increasing and the price is coming down.

Oranges and grapefruit and apples continue to be the best buys in fruit. Canteloupes are considered moderately priced. The U.S. Department of Agriculture notes that raisins and small dried prunes are abundant.

The USDA has a further recommendation. It says canned sweet corn and canned snap beans are big vegetable buys right now.

Widow Out on Bond in Husband's Slaying

FORT WORTH (AP)—Mrs. Mary Clark, 46, was free today on $10,000 bond in the 1953 slaying of her wealthy oilman husband William P. Clark, 61.

Three other principals in the case, all ex-convicts, remained in jail in lieu of bond. They are Tincy Eggleston, 48, Cecil Green, 39, and Harry Huggins, 48. Police say the trio took up Mrs. Clark's offer of a $10,000 prize for the murder of her husband during a fake robbery.

Eggleston's bond was set at $50,000 with Green's and Huggins' placed at $15,000 each.

Clark was shot to death May 19, 1953. His body was found in his 22-room mansion three days later.

Workmen, Sparrow Battle Over Housing

PROVO, Utah (AP)—While motorists fume, city utility workmen are fighting a running housing battle with a persistent sparrow.

The sparrow wants to live in the hollow tube that shields the yellow caution light on a traffic semaphore near Brigham Young University.

For the second time this week, utility workmen climbed a ladder and removed the sparrow's nest yesterday.

They're wondering if she'll take the hint this time.

The female falcon, like all in the group of diurnal birds of prey, is larger than the male.

U.S., Britain Reject Big 3 Study Group

LONDON (AP)—The United States and Britain have turned down a French proposal that a three-power study group begin immediately to prepare for a conference with the Soviet Union.

They want to wait until the Paris treaties to rearm west Germany are ratified. Informants said British and American leaders fear there may yet be a hitch in completing ratification. France still has differences with West Germany over the Saar to settle.

If there is no unexpected hitch, ratification should be finished in early May.

Denver U. Opens Hotel

DENVER (AP)—Denver University has gone into the hotel business. Its School of Hotel and Restaurant Management yesterday opened a 60-room, $250,000 building as an academic training ground for students. It also will provide accommodations for visiting school officials and educational conventions.

Hope to Breed Large Lobsters

Massachusetts and U.S. Are Trying to Enlarge New England Species

WASHINGTON — Fisheries experts will try to breed size into the far-famed New England lobster, now tending to run smaller than usual on the coastal catching grounds.

Giant lobsters, taken well at sea and weighing up to 25 pounds, are the key to an experiment undertaken jointly by the United States Fish and Wildlife Service and the state of Massachusetts, says the National Geographic Society.

A dozen or so of the big fellows were delivered last summer to the Massachusetts hatchery near New Bedford. The scientists in charge are trying to coax them to set up housekeeping with smaller coastal lobsters, in which event their progeny might inherit some of their stature.

The crustacean of the experiment is Homarus americanus, the American lobster. Unlike the crayfish or spiny lobster of Florida and the Bahamas, the evil-tempered creature carries a wicked pair of claws. One is a crushing, the other a cutting tool. With them it can break clams, catch fish, shred carrion and battle its enemies.

In the old days, lobstermen working a 30-to-50-mile-wide strip of water along the Atlantic coast from Labrador to Delaware caught really big lobsters in their pots. Nowadays they rarely find one weighing more than 10 pounds. The average is from 1 to 3½ pounds.

The giants are taken today in otter trawls on the fishing banks of the North Atlantic and off the Virginia Capes. Some weigh more than 40 pounds. Their tremendous claws could sever a man's arm.

Preferably — to the lobstermen, that is — lobsters go to market alive. Able to live but a short while out of water, they used to be eaten only in coastal areas. Now they travel long distances by air, packed in special containers that keep them damp, cool and kicking.

Accused Murderer May Lose Children

HOUSTON (AP)—Harry L. Washburn, 38, charged in the car bomb death of his former mother-in-law, was in Houston today for a hearing in which his ex-wife seeks custody of their two children.

Washburn's former mother-in-law, socialite ranchwoman Helen Harris Weaver, 52, was killed Jan. 19 when she attempted to start an automobile at San Angelo, Tex.

Washburn, Houston contractor, was arrested and charged with her murder several weeks later. Trial has been set for April 25.

Mrs. Helen Willcockson, Billings, Mont., asked custody of the children April 4. The children—Gregory, 6, and Margaret, 4—are staying here with Washburn's sister Mrs. Lawrence Douty.

Marines Coming Home

SAN DIEGO, Calif. (AP)—Another 8,200 members of the 1st Marine Division will arrive from Korea within the next 12 days. The division is being returned to Camp Pendleton here.

Pontiac Loses Great Citizen in Roy Annett

Pontiac loses one of her most loyal and enthusiastic supporters in the death of Roy Annett.

For several decades, Mr. Annett has stood staunchly by this community in good times and bad. No one ever believed any more implicitly in the future of this general area than he did. Furthermore, he always backed his judgment and reasons with sound logic.

Hence, listeners were persuaded.

★ ★ ★

He held the confidence of countless men and women. Those of great wealth and reputation were his friends and believers; and so were those in more ordinary circumstances.

Roy Annett was a tonic.

He was always "good news."

★ ★ ★

The man radiated a contagious kind of enthusiasm and good cheer. Meeting him in business or in a purely social gathering was refreshing and stimulating. If failure occasionally uncovered an unwelcome head, he dismissed the whole thing easily and went ahead to plan for a bigger and better future.

★ ★ ★

Mr. Annett first became acquainted here through the old D. U. R. Eventually, when he was Superintendent, the whole operation was liquidated. A reversal like this might have cast a black shadow across the horizon of the average individual.

No one knows just what heartache he experienced down inside, but on the surface he was the same smiling, debonair individual he had been when street cars were at the peak of their importance. He reaffirmed his faith in southeastern Michigan and began anew. Integrity, hard work and intelligence paid off. Mr. Annett became one of the leaders in the area in real estate. He was entrusted with many of the top transactions and was retained by private enterprise, individuals and the government alike. His knowledge of estates and large farms in Oakland County was prodigious.

★ ★ ★

The end was not unexpected but the loss is just as real. One of our leading pioneer spirits returns to a dauntless band of courageous Pontiac pioneers who kept the torch burning when many despaired. The fruits of their courage and labors will endure forever.

What finer monument could mankind wish?

Most Economic Indexes Show 1955 Upward Trend

Anyone feeling the Nation's current economic pulse must conclude that conditions are encouraging.

Two convincing examples come immediately to mind. Only a few days ago the steel industry reached a two year production peak. About the same time the great automotive industry was able to report the largest first quarter production total in its history.

★ ★ ★

There also is good news from another quarter — the Federal Reserve System and the University of Michigan. They have completed their annual survey of consumers' intentions to spend and the report is cheering. It reveals that the people have decided that this is the year to increase their spending on homes, autos, appliances, etc.

All signs indicate that the booming construction industry is carrying its record making pace of 1954 into this year. Figures on consumer income show that purchasing power has reached a level never previously attained.

★ ★ ★

It should not be forgotten that all the ground lost last year hasn't been recovered yet. While employment is improving there still is need to develop new jobs faster than industry is increasing productivity.

The Department of Commerce and the Securities and Exchange Commission have completed their report on plant expansion. It shows that the curve of investment for this purpose which had turned down last year, is again upward.

★ ★ ★

Another important index is inventories. One of the depressing factors of last year was inventory liquidation. In an increasing number of industries restocking has begun as sales and new orders mount.

The fact is we are entering a period of growing stability in which confidence is replacing caution. In short, it looks as though business is going to get better and better.

No man is justified in doing evil on the ground of expediency.

Common sense bows to the inevitable and makes use of it.

The Man About Town

Half Century of It

Local Attorney Is Long Time Follower of Detroit Tigers

Misguided missile: Often an automobile.

Nobody could possibly have stronger hopes for good weather today than

Glenn C. Gillespie

who is planning to round out his half century of attending Detroit Tiger opening day baseball games. While he has lost count of the number of opening day games that were postponed on account of lagging winter weather, he says the second or third trip was worth it. Glenn recollects the days of that old wooden grandstand and r i c k e t y bleachers, when you bought a good hot dog for a nickel, and pop bottles were legitimate weapons when the rooters invaded the field and tangled with the police who were trying to save the umpire from murder. He has seen a magnificent procession of baseball greats come and go, first under the leadership of

GILLESPIE

Manager Hughie Jennings

who always picked at the grass when coaching at first base. In spite of their record in recent years, Glenn feels that the 1955 Tigers have the makings of something better than the second division, with the help of their new and younger players.

Returning from the Salk report at Ann Arbor,

Dr. John D. Monroe,

Oakland County Health Officer, says, "It was the thrill of a lifetime. Never before was medical history made in such a gigantic way."

Four days late in submitting her entry in our Baseball Contest,

Mrs. Granger Diekman

of Oxford writes, "I know I'm late, and will send it anyway as an advance run for next year."

The office hard luck observer points out that 1955 has only one Friday the thirteenth, and already is laying his plans for it next month.

A philosophic view of his recent flight in state politics is taken by

Dale Stafford,

former Pontiac Press sports editor, who says, "I've already had too much fun to clutter things up with a recount."

Again chosen chairman of the Oakland County Board of Supervisors,

Floyd Andrews

takes the occasion to praise his committees for their good work during the past year.

After spending the winter at Bradenton, Fla.,

Max Flewelling

writes that it has generally been quite chilly there and says he frequently drove down to Fort Myers "to get warm."

Calling it a "beautiful coincidence,"

Mrs. Arnold Woodson

of Auburn Heights phones that the Salk report could not have been released on a more appropriate day than the tenth anniversary of the death of the man who had much to do with making it possible.

With a somewhat mistaken idea of safety first, the family cat in the home of

Mr. and Mrs. Corwin Sullavan

of Drayton Plains always moves her kittens to the cellar when the fire siren sounds.

Mr. and Mrs. Russell Hollen

of Birmingham; golden wedding.

Walking Papers

David Lawrence Says:

West Berlin an Island Too Same as Quemoy, Matsus

WASHINGTON—If it's logical for the United States to urge that the Nationalists give up Quemoy and the Matsus because those islands are so close to the Chinese mainland as to be a source of potential trouble, why isn't it as logical for those on the appeasement side to urge the West German government now to consent to the giving up of Berlin to East Germany?

For Berlin today is an "island" and there is a gap of 100 miles between it and the main area of West Germany, just as there is a space of 100 miles between Formosa and the Chinese offshore islands. The "island" is a constant source of friction.

The new type of blockade recently imposed by the Soviet authorities over the commercial trucks that have to travel between Berlin and West Germany over the 100-mile highway in the Soviet zone can be cited as an example of the kind of international irritation which the continued possession of Berlin by the West Germans holds for the Allied world.

All the arguments being made for appeasing the Red Chinese can be adapted readily to the situation in and around the island of Berlin. For the appeasement talk heard here and the proposals being made that the Chinese offshore islands be surrendered, as suggested by some big American newspapers, could be taken by the Communists to mean they will get what they want without fighting.

The Soviets know that heretofore in the cold war, by playing their cards right—by threatening war through their satellites and not actually engaging in it—there has been stimulated on the Allied side, usually from the peace-at-any-price elements, a demand that the United States lead the way in retreat.

What is producing a great deal of confusion among folks who look on from the sidelines is the strange inconsistency between the attitude taken toward developments in Europe and those in Asia.

Thus, the idea that the United States might wish to take a firm stand in calling a halt to the Communist advance in Asia is termed in Europe a provocative attitude and one fraught with danger. Usually it is followed up in America by editorials in some newspapers of influence which declare that, because our allies are worried or anxious, America must back down. If it be suggested that this might mean the loss of Asia, there's always a ready answer given—that this is a danger which must be faced but, on the other hand, that it isn't equal to the danger of perhaps worrying our allies.

The fact remains that the average American today isn't clear as to why any American lives should be lost over the Quemoys or the Matsus. He is supposed to feel differently, however, about the importance of defending Formosa. Yet only a year or so ago Formosa seemed remote, just as Korea did to most Americans in January 1950, when Secretary of State Acheson wrote them off in his speech to the National Press Club as being outside the American defense perimeter.

But President Eisenhower, by asking for a resolution by Congress, has dramatized the need for the defense of Formosa as a means of halting the Communist advance in Asia. Even the other Western Allies at present are inclined to go along with him on this policy in the hope that the Quemoys and Matsus may yet be surrendered. Then they will doubtless demand a plebiscite on Formosa, but not, of course, a plebiscite on the mainland.

Failure to defend the Quemoy and Matsu islands could mean a death blow to the morale of the Nationalist troops based on Formosa. Then an army of 500,000 Nationalists, who now constitute a flank which keeps a Red Chinese army bogged down on the Chinese mainland, would deteriorate. Grave danger may develop then in respect to U.N. forces in Korea. Maybe the Red Chinese would immediately thereafter decide it was opportune to resume the fighting there.

Until the President explains to the American people the relationship between the Chinese offshore islands and the Formosa situation, there is a chance that by biding their time the Communists can get their way as they have in other things by using pressure tactics in the cold war. For the effort now is to divide American public opinion and bring about the surrender of the offshore islands to the Communists. European pressure is assisting in that maneuver on the theory that this will mean peace. But the Communists are never appeased. This is the way, indeed, to encourage the aggressor to make a fatal miscalculation which can bring on the very war everybody dreads.

(Copyright 1955)

THOUGHT FOR TODAY

And he did that which was right in the sight of the Lord, according to all that his father Uzziah did: howbeit he entered not into the temple of the Lord. And the people did yet corruptly. —II Chron. 27:2.

* * *

The Word of God proves the truth of religion; the corruption of man, its necessity; government, its advantages.—Stanislaus.

Voice of the People

Delinquent Parents Cause Waywardness in Offspring, Theorizes a Press Reader

Letters will be condensed when necessary because of lack of space. Full name address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical in its nature.

Changing times changes families too? Is that what causes too many divorces, and too many neglected children? Some things have never changed and they are the laws for the well being of all mankind that God gave us from the beginning.

These laws should still be observed and followed. It's people who are causing the changing times. Forward we may be going but not for the better! It's the delinquency in parents that's causing delinquency in juveniles. Doubt that? Look at our divorce courts. Are they not adult delinquents?

If they had observed the laws of God would they be there? When two people enter the holy state of matrimony, they should know their true responsibilities. If they cannot live by them, then they should not enter it.

A man at that time asks to be head of a new family life, to be its sole provider and support it to the best of his ability. His wife should know if what he can offer in this respect is sufficient for her to remain as God so blessed her to do, to be a full time guardian and mother to the children who may bless their new form of life.

That is the only true position for which they should work. Where else can anyone find an undertaking that calls for so much in time, in wisdom and so serious?

V.C.

Supports Incorporation of Keego Harbor

The article regarding high pressure as to the incorporation of Keego Harbor sure sounds very foolish. I know we have businessmen, also many a citizen who resides in Keego and who could conduct an incorporated area such as Keego. Yes, even the City of Pontiac.

Why stop progress? Why stay in the rut? Why knock a growing center such as Keego? Keego Harbor incorporated would soon become a beauty spot.

All our large cities at one time were small, but grew with progress. So why stop Keego? "Interested in All People" sure is not a go-getter, and can't see American Progress.

A Keego Property Owner

The businessmen, who are residents of Keego Harbor, are both intelligent and educated. They would have to be, in order to run successful and profitable businesses, and they are not ashamed to live in the community where they make their living.

They are interested, as are all other residents, in the betterment of the community, since, to better conditions would naturally increase the value on both their homes and businesses. They are also interested in the protection of their families and homes.

On the other hand, the businessmen in Keego Harbor who live in other communities, must only be interested in the money they take out of our community, otherwise, they would encourage Keego's progress. This is not true of all our migrant businessmen.

Only stupidity was shown in the statement that newcomers in the intended area would not be able to share the burden of taxes. Naturally, they would pay taxes just as everyone else does.

The area will not revert back under the township's jurisdiction if the charter is not accepted. There will be a two-year period in which other charters, if necessary, will be drawn up and voted on.

Remember, it is your duty, as a citizen, to vote whether for or against the charter.

Miss Kay Loveland
2186 Cass Lake Rd.
Keego Harbor

'Grateful' Appreciates Membership in Club

This letter should be of interest to those like myself who have lived in Pontiac or nearby for sometime but have made few personal friends.

Recently I learned about a fine group of people called "The Widows' and Widowers' Acquaintance Club." They meet each Tuesday night in the Malta Temple, 82 Perkins Street.

I was truly surprised to find so many nice, friendly people grouped together. Now I am glad I came to Pontiac to live. So to those who are single and lonesome, and would like an evening a week of clean entertainment, good music, dancing, games and lunch I suggest you go there and you'll be glad you did.

Grateful

'Thirsty' Sees Need for Dairy Bars

I would like to suggest that someone put up a nice, clean dairy bar with a soda fountain that would be open after 10 p.m. in the southwest section of Pontiac or in the Sylvan Village-Keego Harbor area.

My husband and I went to the show last Saturday night. We left the movie about 10 p.m., spent some 30 minutes driving around to find a place to get a coke and finally had to drive all the way downtown.

Thirsty

Baeting Down

By ARTHUR "BUGS" BAER
(International News Service)

Congress got back from its Easter holiday yesterday all set for another one indoors.

The boys were away from the grind of the revolving door and the roar of the swivel for two weeks.

Problems still ahead are the survival of the dossier over the agenda, spot-parking for tabled resolutions and the ideal compromise in which both sides are sure they flummuxed the other.

There was plenty of homework done on the vacation. With 1956 ahead senators are carrying portfolios across state lines.

They've already started Draft-Ike-for-1956 in an all-out effort to validate every American's right to the bottom half of a grapefruit at a White House breakfast.

Before they left in March Ike said there was no world crisis we couldn't afford.

He recognizes Quemoy is a dagger pointed straight at Matsu. But what of it? We collected a 144-piece cutlery set of those threats in World War Two.

The Wall Street investigation is definitely spindled for keeps. Nobody on the committee played that Harvard expert's tips.

The Yalta documents have been placed under glass in the Hall of Pop-offs. The Democrats can hardly wait to celebrate their first centennial in 2045.

Our foreign diplomacy has been condensed from continents to islands. As usual Moscow wants to set five plates for the Big Four kaffeeklatch.

This was a holiday for congressmen, senators and the visitors' gallery. It was also a holiday for strings. None were pulled for two weeks.

Portraits

Case Records of a Psychologist

Radical Surgery on Brain Unnecessary Even With Most Serious Obsessions

Marilyn thought she ought to have a brain operation. For she was a victim of an obsession much like that of Lady Macbeth and Pontius Pilate. But plain psychological facts will banish the need for much surgery, especially among the millions of America's neurotic folks.

By DR. GEORGE W. CRANE

Case O-304: Marilyn G., aged 23, has a serious obsession.

"Dr. Crane, I consulted a surgeon recently about having an incision made in my brain," she began. "I guess it is what you call a lobotomy.

"For I am so desperate I am willing to try anything to get rid of my obsession.

"Dozens of times per day I have an irresistible desire to wash my hands, even though they aren't dirty.

"In fact, I may have washed them thoroughly with soap just a couple of minutes previously and may not have, touched a thing in the meanwhile, yet I simply must wash them all over again.

"As a result, my hands are chafed and bleeding. Hand lotions can't protect the skin, for my constant use of soap is ruining them.

"And I often waken in the middle of the night with this same strong compulsion, so I must hop out of bed to wash my hands.

"This surgeon said he didn't think I'd need a brain operation, so referred me to you for some psychological help."

You readers may recall how Pontius Pilate asked for a bowl of water so that he could wash his hands of any guilt attaching to Christ's crucifixion.

And Lady Macbeth's classical cry, "Out, damned spot," also shows a similar attempt to get rid of pollution.

Having been instrumental in producing a murder, Lady Macbeth felt she had innocent blood on her hands. So she was constantly driven by a compulsion to get rid of those supposed blood spots, even though they were only in her imagination.

Both Pontius Pilate and Lady Macbeth thus were addicted to handwashing. It was a symbolical act, to atone for pollution.

And Lady Macbeth would have been a classical patient for demonstrating the modern brain operation which Marilyn sought.

However, if you will face facts and understand your complex, it usually is unnecessary to have radical surgery on your brain.

Psychology can often do the trick, instead. For in Marilyn's case I found that her excessive handwashing began during the early teens.

She had indulged in auto erotic sex practices at that time. Then she felt polluted. That idea of disease contamination was further increased when she saw a movie in high school about venereal disease.

Thereafter, whenever she'd feel erotic and be inclined to indulge once more in self sex stimulation,

the fear of venereal disease would stop her.

And the worry lest she be contaminated, then would drive her to the wash basin. This was why she'd waken in the night and jump out of bed to wash her hands.

The more sexually stimulated she became, as by romantic movies, or salacious literature, the more often she'd wash her hands.

When I pointed out this simple cause and effect relationship, her former meaningless handwashing now was very understandable.

"Is it that simple, Dr. Crane?" she asked, in shocked surprise.

Yes, these things are all comparatively simple when you learn their underlying psychology.

That's why your newspaper editor runs this column, for millions of people are neurotic and resorting even to needless surgery just because they have never previously been given the simple facts underlying human behavior.

Send for my booklet "Sex Problems of Young People," enclosing a stamped, return envelope, plus a dime.

It will help insure teenagers against immorality, juvenile delinquency, and mental upsets like Marilyn's today.

Always write to Dr George W. Crane in care of The Pontiac Press, Pontiac, Michigan, enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

Two Famous Physicians Quibbled About Alcohol

By WILLIAM BRADY, M.D.

A reader who knew the late, great Dr. Hobart Amory Hare justly chides me for what I said here March 14th about Dr. Hare and his famous "Textbook of Therapeutics."

As the reader points out, to my embarrassment and regret, I quoted the distinguished physician and teacher out of context, which is a wretched thing to do.

Believe it or not, I did not do so intentionally. In fact I thought I had quoted Dr. Hare fairly, until I read the master copy of the article for March 14, titled: "Sir William Never Said It." May I please explain what happened?

First I quoted this from Osler's Practice, 6th ed., 1906:

"...this does not mean, however, that alcohol may not have value in the fever" (of pneumonia) "and I should be sorry to give up its use in the severer forms of enteric" (typhoid fever) "and pneumonia."

I said I called that professional quibbling, and that it reminded me of the quibbling of another famous authority, a contemporary of Osler, Dr. Hobart A. Hare. Then I said that in the 10th ed. of Hare's Textbook of Therapeutics 1904 he said:

"The chief uses of alcohol are as a rapidly acting stimulant in heart failure, surgical shock, fainting, snakebite..."

That puzzled me, in view of what Hare said on the next page of his textbook—and this is what I intended to quote but didn't.

"Alcohol never acts as a true stimulant...on the contrary its dominant influence is depressant ...If the dose is large enough to cause any appreciable change in the circulation, it is in the nature of depression rather than stimulation."

When I asked Dr. Hare how come, he answered (I quote from his letter dated 9-21-'06:

"It is conceivable that alcohol acts as a stimulant on other functions of which, as yet, we know very little, as, for example, the ability of the body to resist infection. Scientifically alcohol does act as a depressant. Practically..."

Now I still say that Dr. Osler and Dr. Hare were quibbling—but a hundred thousand other doctors then and now quibbled just as much.

In any case Osler's Practice and Hare's Therapeutics, tattered and patched, hold places of honor on my five-foot book shelf, and I regret now that I didn't ask Dr. Osler to explain, for instance, his quaint notion that rheumtatiz "is most common among the poor, particularly washerwomen, day-laborers, and those whose occupation exposes them to cold and damp." A letter signed by the great teacher would make his book more interesting, even if it didn't make any more sense than Dr. Hare's.

Signed letters, not more than one page or 100 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

Plans for Evacuation of State A-Targets to Be Completed by 1956, CD Chief Says

LANSING (UP) — Plans for evacuation of Michigan's major atomic bomb target areas will be completed by 1956, state Civil Defense Direetor C. F. Van Blankensteyn predicted today.

All other basic disaster functions will be "operative" by the end of this summer, he said.

Van Blankensteyn's predictions followed a federal civil defense report last month in which Michigan was praised for being "more advanced than most Midwest states in preparing for natural disaster or enemy attack."

"We never can be fully ready for attack," Van Blankensteyn said. "But by the end of the year we should have a good plan for disaster operations."

The federal report revealed two weaknesses in Michigan's civil defense system: Lack of adequate warning systems and lack of a state control center for directing disaster and attack counter action.

Van Blankensteyn said corrective steps were being taken in both cases.

Seven cities — Pontiac, Dearborn, Flint, Grand Rapids, Bay City, Jackson, and Kalamazoo — have been urged to install sirens that meet federal specifications.

(City Manager Walter K. Willman said today the city plans to install two more air raid sirens to augement the one recently installed atop the Pontiac State Bank Building. One will be located in the northeast section, the other in the southwest section, he said.)

The Legislature has been asked to provide $19,000 for a control center to be located in Lansing. It would be constructed and put in operation within 120 days after the money is appropriated, Van Blankensteyn said.

Van Blankensteyn admitted Michigan has no special "shelter" for Gov. G. Mennen Williams, state officials and governmental records but said plans for special shelter developments are "under consideration."

"We've got to take first things first," Van Blankensteyn said.

"Our record situation is in pretty good shape," he said. "The Department of Administration has a new fireproof records center on the outskirts of Lansing and individual state agencies are working on alternate record procedures."

Michigan's principal civil defense accomplishments to date include creation of a "task force" of established agencies to handle natural and war-time disatsers; an agreement with the American Red Cross for a division of services; development of an emergency plan for Detroit, Grand Rapids and Flint.

Van Blankensteyn said the basic "targets" on the 1955 timetable include construction of the control center; "schooling" of local CD officials and perfection of local warning systems; and the "internal organization" of key state agencies.

The CD chief revealed the National Guard is one state agency he "can't count on for help" in event of enemy attack since it is subject to federal call.

"We've got to be realistic," he said. "We've come a long way but we still have many problems facing us."

Thai Police to Investigate Bigamy as Tipoff to Graft

BANGKOK (INS)—Thai police plan to investigate government officials who have more than one wife.

They wonder how any official could afford more than one spouse unless he supplements his salary through corruption. Police sources said anonymous letters have been sent to headquarters alleging that some "minor wives" were acting as go-betweens for businessmen and the officials.

Some of the naval authorities predict now that all warships in the future will be able to submerge somewhat like the present submarines.

This Tale of 2 Kitties Shows Different Endings

APPROMATTOX, Va. (AP)—Some time back a gentleman cat came to stay at the home of the Charlie D. Lewises. He had no sign of a tail—not even a nub. No sign of amputation, just no tail.

At length he met a lady cat, a perfectly normal one with a nice long tail. Eventually they presented the Lewises with four kittens which would have rejoiced the heart of Mendel. Two of the kittens had tails like mother's, but the other two just short nubs less than an inch long.

Scrapped automobiles today average 14 years old as compared with the national average of 6½ years in 1925.

Harris Tweed Rules

The weaving of Harris tweed is entirely a cottage industry, says the National Geographic Society. To meet standards set by the Harris Tweed Association, the cloth must be made from "pure virgin wool produced in Scotland, spun, dyed and finished in the Outer Hebrides and handwoven by the islanders at their own homes."

Home Economics Pays Off in Mate, High-Paying Job

CHICAGO (UP)—If a girl wants to go to college to get a degree, a husband and a high-paying job, her best bet is to study home economics.

Miss Louise Mojonnier, chairman of the home economics department at Illinois Institute of Technology, said a shortage of home economics teachers and dieticians has created unlimited job opportunities for graduates.

She added that a large number of home economists never use their degrees outside the home.

"More than half of the Illinois Tech home economics majors get married while they are still in school or shortly thereafter," she said.

"Perhaps the marriageability quotient is higher because home economists enjoy an added advantage of being better equipped to manage a home."

If a girl wants to make a career of home economics, Miss Mojonier said, she can get a starting teaching job at from $3,200 to $3,400 a year. Hospitals and other institutions have offered up to $300 a month, plus maintenance, for trained dieticians from our department.

Student 'Earthquakes' Plague Seismograph

DALLAS, Tex. (AP)—Texas' only seismograph station at Southern Methodist University campus records about two earthquakes per day, making their intensity with a wavy line which jumps sharply when a sharp tremblor is recorded.

It would average more if some of the students had their way, according to Prof. John Harrington, supervisor of the station. Harrington says it is virtually a full-time job shooing off would-be earthquake-makers who shake the machine to make it jump.

Polio Was Mystery Until Recently

(Editor's Note: What is this horrible scourge, polio, that has killed and crippled through the centuries? Who made victory over it possible? Following is the first of four articles by science writer Edwin Diamond telling the fascinating step-by-step story in one of man's greatest medical victories.)

By EDWIN DIAMOND

ANN ARBOR (INS)—Polio has left its crippling brand on humanity down through the ages, but until less than 50 years ago it was still the "unknown killer."

Its cause, treatment and prevention were all wrapped up in a mysterious, frightening scientific puzzle.

Only the dreaded results were known—an initial fever, a certain numbness and then helpless paralysis and the withering of arms and legs.

Although existence of polio is fairly well established as far back as the days of ancient Egypt, it was not even identified as a distinct disease until 1840.

Observing the crippling toll it took of children, 19th Century doctors called it "infantile paralysis" and blamed the illness on "teething" and "fevers."

And despite the 20th Century advances in medicine, the polio rate kept increasing. Last year there were 38,741 cases reported in the United States.

Even as late as 1953, polio caused more deaths in the U. S. than any other communicable disease.

Today, polio is on the run—science has unraveled its life story. The eventual final victory over "the crippler" is near at hand.

At the University of Michigan, climaxing medical history's most ambitious mass experiment, the vaccine developed by Dr. Jonas E. Salk was judged safe, effective and potent in preventing all three types of paralytic polio.

Doctors believe polio may soon be as uncommon as diphtheria and smallpox because of the success of the Salk vaccine.

But Salk himself, hailed as he is today by all the civilized world, would be the first to pay tribute to the generations of dedicated men who laid the groundwork for his vaccine, including many who lived long before the word polio came into the language.

Sometimes man can prevent diseases without understanding what causes them.

This is what happened in 1796 to an English country doctor, Edward Jenner, who established the principle of vaccination without fully understanding what he had done.

Next came Drs. Robert Koch and Louis Pasteur, who in the 1880s showed that infections are caused by bacteria (germs).

These germs are continually attacking the body and when their invasions are successful sickness and death may result. The success or failure of the invasion depends upon the strength of the defending forces—the antibodies.

We can get antibodies in the blood in two ways: A natural infection or an artificial infection. Injection of a vaccine is really a way of giving an artificial infection with germs so weakened that they cannot cause the disease, but still potent enough to stimulate the production of antibodies.

Smallpox, diphtheria, rabies, yellow fever, tetanus, typhoid fever and cholera—all were tamed by vaccination.

Polio, however, did not yield to the march of scientific progress and the triumph of sanitary conditions. Instead, polio cases increased greatly while other infectious diseases were brought under control.

In the middle of the 19th Century epidemics were reported in Norway, France and Sweden. In the summer of 1894, in the Otter Creek Valley region centering around Rutland, Vt., a terrifying epidemic broke out.

More than 100 Vermont children became the United States' first recorded polio epidemic victims. Several died.

There also was a gradual climb in the "age-incidence" of polio.

At first it seemed to be almost entirely a disease of children under 5 years of age, and almost 90 per cent of the paralytic cases were concentrated in the 0-4 age group. But later the maximum attack rates shifted to the 5-9 group, then to 7-15 and even 15-23.

The World Health Organization reported not long ago:

"Today the age-incidence continues to rise and in a few highly developed countries it is now above 30 years."

In retrospect, it is easy to understand and explain polio, but nothing could be done to attack it until the first big "breakthrough" was made in 1909.

Then it was learned that polio is caused by an invisible agent called a virus—a particle so small as to be out of range of the most powerful microscopes.

(Next: Breakthrough on the polio front.)

Canine Cop Flops

KENNEWICK, Wash. (UP)—A German police dog borrowed by Yakima County sheriff's officers to help them track a fugitive proved to be of no help at all. The animal jumped out of a window of a sheriff's patrol car and ran away.

Friends From Belgium Reunited in U.S. Navy

GREAT LAKES, Ill. (UP) — Two youths who grew up in the same neighborhood in Brussels, Belgium, met at the Great Lakes Naval Training Station here after joining the U.S. Navy.

They are Marcel A. Opdenberg and Jacques F. Deneef, each 18.

Opdenberg came to the United States in 1952, joining his parents in St. Louis. Deneef arrived with his family in 1948 and settled in Detroit.

They had not seen each other since their days in Brussels until they met in recruit training here.

Although a dragon fly can use its feet to perch on a solid surface, its legs are useless for walking.

About 8 per cent of men are red-green color blind compared to about 1 per cent of women.

Taped Voice May Thank Customers of Toll Road

TRENTON, N.J. (INS)—Motorists on New Jersey's Garden State Parkway may be startled at the "honor system" toll stations when a voice says "Thank you—you may proceed."

An experiment is being made on the feasibility of a tape recording of the phrase, directed at motorists who pay their tolls to an automatic collector.

Bell on Car Expensive for Parisian Motorist

PARIS (INS)—Jean Col, a Paris insurance salesman, was irked by the ordinance banning horn tooting by motorists. He mounted a large bell on his car, similar to one used by Paris ambulances.

A police officer held up traffic to let Col pass when he heard the bell. When the cop discovered it was a private car, he whistled Col to a stop. The salesman was charged with violating the anti-noise ordinance. When he argued, he was charged with resisting an officer.

The area of Formosa is about that of Massachusetts and Connecticut combined.

Test Dolomite Crusher at Cedarville Quarry

CEDARVILLE (AP)—The Michigan Limestone Division of U.S. Steel Corp. has begun testing its primary crushe rin its new dolomite quarry at Cedarville.

The quarry, being developed over the last two years, is scheduled to go into production this spring.

Dolomite is a type of limestone used in blast furnaces in production of pig iron.

Bob Considine Says:

Spain and U.S. Cooperate Wholeheartedly

MADRID (INS)—If any further proof is needed that tempus fugits one should come to Spain and listen to the American military people talk about the Spaniards. And vice versa.

Only a handful of years has passed since the United States trotted behind the Communist bloc in U. N. in invoking diplomatic sanctions on Franco's country. Communist Poland introduced the original resolution.

Its representative, some hapless parrot instructed by the master delegation, asserted quite heatedly that Spain was harboring former German atomic bomb experts who were secretly frying the fission chips, this time for Franco.

He never got around to explaining why or how these experts could produce atomic bombs in industrially backward Spain when the top German physicists had not been able to build one for Hitler in highly industrialized and progressive Germany. Nevertheless, there was a rush to pull ambassadors and missions out of Spain in an effort to dehorse Franco. We joined in that headlong rush, though most of our Latin American neighbors had the maturity and courage to avoid being stampeded.

The corporal's guard we left in Madrid to represent us did a remarkable job of keeping the Spanish people from hating our guts from generations to come. Paul T. Culbertson, charge d'affaires at our hollow embassy in Madrid from 1947 to 1950, performed services which I doubt will ever be fully understood or appreciated.

In brief, Culbertson told his opposite numbers in the foreign office that the United States one day would realize the enormity of its step and reconsider by supporting any motion in U. N. to rescind the sanctions. He did not speak of his own, of course, though he felt that way. He had had his assurances from Washington.

But on one notable occasion he was crossed by a 3-2 vote within the American delegation to U. N., the deciding vote being cast by a man most of us consider the last word in hard-hatted conservatism.

Skip a remarkably few years, pull up a chair at the Castellano Hilton (which in itself is a mark of the new relationship between the countries) and listen to an officer from the staff of Maj. Gen. August W. Kissner, head of our military mission:

"We've never worked with better people than the Spanish. You have the feeling that for a thousand years hence they'll say, 'When most of the world turned against us, the Americans reconsidered and gave us a break?' They're honest, hard-working, and have the same outlook on Communism as we do. What more can be asked for in today's world?"

We're in the process of building or rebuilding four big airbases in Spain. Three will be able to handle B36 or B52, plus swarms of SAC-type fighters and tankers. The fourth, near Seville, will be a depot base. It exists now in what we consider primitive circumstances and is in the throes of vast enlargement.

In addition, we're building a 560-mile pipeline from Rota, not far from where Columbus took off in 1492, to Seville and on to Madrid and Zaragoza. And we're building or enlarging naval bases and/or installations at Rota, El Ferrol (Franco's home town) and Cartegena.

It all will cost about a quarter of a billion dollars. Elsewhere and under the customary forced-feed program, it would cost five or ten times as much. All the labor is Spanish, and three bucks a day is big pay. Spanish contractors present astonishingly small bids, do good work. Franco, the man we tried to oust, speeds up Spanish government co-operation far beyond the ability of a checks-and-balances republic. Everybody seems happy except Russia. Our bases expose the Reds from another side; our additional grants will build up a Spanish military force perhaps more unflaggingly opposed to communism than any member of NATO.

Property Values Soar in Wayne Townships

DETROIT (INS) — Property values in Wayne County's 18 townships zoomed to a record $97.5 million this year.

Albert E. Champney, director of the County Bureau of Taxation, said the increased valuations would bring an additional $658,000 in tax revenue.

Total assessed valuation of the townships is now placed at nearly $535.5 million.

Doctor to Be Mayor

TRAVERSE CITY (AP) — Dr. Frank Power, 46, local physician and surgeon, is the new mayor of Traverse City. He was chosen by the seven-man city commission to succeed Charles Round. Power is the brother of Dr. Eugene Power, who was elected to the University of Michigan board of regents in the April 4 election.

Senator Finds Natural Bridge

Goldwater's Discovery Joins the West's Other Famous Arches

WASHINGTON—Southwest United States now can boast another bridge engineered by nature.

The water-cut, limestone formation, 200 feet in span and height, was discovered recently along the Grand Canyon's north rim. Sen. Goldwater of Arizona first sighted it several years ago from the air. Last year he inspected it after a helicopter and walking trip.

The new bridge is no rival in size to the world's largest known natural bridge, the salmon-pink, wind-smoothed Rainbow Bridge in southeast Utah, the National Geographic Society says. Rainbow's graceful 278-foot arch, at a 308-foot height, is thicker than a straddle the United States Capitol.

Carved by stream erosion from sandstone laid down when dinosaurs roamed the West, Rainbow was long known to the Indians. On Aug. 14, 1909, a scientific party found it and marveled as did later beholders.

Farther to the north in Utah more than 80 natural bridges stand in Arches National Monument as silent testimony to nature's implacable forces. Many of the arches were sculptured by the friction of wind against sandstone.

Perhaps the most spectacular bridge is ribbonlike Landscape Arch, more than 100 feet above the canyon floor and only 9 feet short of the length of a football field. The width of its tenuous span has eroded in one place to a mere 6 feet.

Between Rainbow and Arches Monuments lies Natural Bridges National Monument. In 1904 the National Geographic Magazine first announced discovery in San Juan County, Utah, of three great spans. The society recommended government protection, and in 1908 President Theodore Roosevelt set aside the area.

All three were fashioned by streams that dug into yielding sandstone with a tremendous rush of sandy water.

The United States has two other natural bridges of entirely different construction.

Springs-deposited travertine built up Tonto Natural Bridge in central Arizona. And Virginia's Natural Bridge, famed for associations with Washington and Jefferson, was apparently formed when water undermined part of the limestone roof of a cave.

Hearing Is No Problem for Injured Quarterback

MILWAUKEE (UP)—A football player at Wisconsin State College in Whitewater appeared in civil court here for approval of a $25,000 insurance settlement resulting from an automobile accident.

Wallace Wiese, 18, of Waterford, Wis., said his hearing had been impaired as the result of a brain concussion received in the accident.

Judge Thaddeus J. Pruss asked him how he could hear signals on the football field, if his hearing was impaired.

"I don't," answered Wiese. "I give 'em. I'm a quarterback."

The judge approved the settlement.

Usual speed of common birds in flight is about 25 miles per hour.

Notice of Intention to Construct

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan held on the 12th day of April, 1955 by resolution it was declared to be the intention of the City Commission to construct curb, gutter, drainage and related work on Beverly avenue from Baldwin avenue to University avenue at an estimated cost of $8,250.83 and that the plan, profile and estimate of said improvement is on file for public inspection.

It is further intended to construct said improvement in accordance with the plan, profile and estimate, and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon either side of Beverly avenue from Baldwin avenue to University avenue shall constitute the special assessment district to defray $5,080.32 of the estimated cost and expenses thereof and that $1,890.51 of the estimated cost and expenses thereof shall be paid from the Capital Improvement Fund and that $1,280.00 the estimated cost of house connections shall be defrayed by special assessment against Lots 352, 354, 355, 357, 361, 364, 365, 366, 367, 368, 374, 376, 378, 380, 381, 382, 384, 387, 388 and 391 Baldwin Park Sub.

NOTICE IS HEREBY GIVEN

That the Commission of the City of Pontiac, Michigan, will meet in the Municipal Court on the 19th day of April, 1955 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

DON'T FORGET — Filling out a form — her own or one furnished by the Internal Revenue Department — is well done by Actress Anne Francis in Hollywood. She offers this pleasing reminder that income tax returns have to be filed by midnight, April 15.

Alderman Says Police Have Enough Laws Now

WESTBROOK, Me. (UP) — A Westbrook alderman, who believes "the police have plenty of laws, and they can twist the ones they have without new ones," has protested new legislation to fine "peeping Toms" $20.

Alderman George H. Twombley said he fears police abuse of the ordinance which prohibits loitering or lurking on the streets or near dwellings "for malicious or unlawful purposes"

"I'm 60 years old, and when I was in grammer school the same thing (peeping Tomism) was going on as it is now," Twombley said.

Soviet Reports Farm Crisis

Antigovernment Feeling Blamed for Failure to Meet Quotas

LONDON (UP)—The Soviet Union disclosed a serious agricultural crisis in northwest Russia today and blamed an "antigovernment attitude" for much of the trouble.

Pravda, the organ of the Soviet Communist party, devoted a ong editorial to the situation and Moscow radio broadcast the accusation to Soviet papers all over the country.

"Many collective farms are not fulfilling their obligations to the state for the delivery of grain, milk, meat, potatoes and other produce and are receiving from the state, as a subsidy, more grain than they are delivering," said Pravda.

"An abnormal, in fact antigovernment, attitude toward the production of fodder has developed on state farms of the northwestern Oblasts," Pravda said.

This area includes the big regions of Leningrad, Velikie Luki, Vologda and Novgorod.

"The executives of the ministry of state farms are pot carrying on the struggle against this intolerable mismanagement, and are silently tolerating it," said Pravda.

Three days ago, State Farms Minister Ivan A. Benediktov announced the firing of two state farm directors he said had wasted fodder and kept livestock in unsanitary conditions.

Communist party boss Nikita Khrushchev has been pushing a series of drastic measures to increase Soviet agricultural output.

Only 15 per cent of rectal cancers are cured today, but early diagnosis and prompt treatment could increase such cures to 70 per cent.

Claims, Counter Claims Too Much for Judge

CONCORD, N. C. (AP)—A civil claim was thrown out of court here by Judge W. H. S. Burgwyn, because, "No 12 men on this earth can understand the various charges, claims and counter claims in this suit (covering a 30-year charge account) in the limited time of a session of the Superior Court.

"And that includes this presiding judge," he added.

Some people can pass on colds without catching them themselves.

Mothers Put Brakes on Reckless Drivers

CARDIFF, Calif. (AP) — mothers' vigilante committee is active here to curb reckless drivers who endanger their children.

Mrs. Grace Peterson, spokesman for the committee, said each member carries pencil and pad to jot down license numbers of automobile owners violating safety rules. They report the numbers to the state highway patrol.

The eagle preys on the osprey by making it drop the fish it has caught.

TODAY'S ASSIGNMENT FOR:

JUNIOR EDITORS

THE STORY OF BREAD
A Visit to the Bakery

When Richard and Claire, two little English youngsters, go to the bakery they can choose from white bread, whole wheat bread, rye bread, brown bread, hard rolls, soft rolls, biscuits, muffins and many other forms.

And all over the world, whether they buy their bread in stores or bake it themselves, children depend on some form of bread as a main part of their meals.

Years ago, each home was a bakery in itself. When the United States first was settled, the people raised their own wheat, ground it into flour, and baked the bread on stones in the fireplace or in outdoor ovens near their cabins.

To some poor children, white bread and even bread made from wheat is a luxury. In the Orient, for example, ground rice is used instead of wheat flour.

This is the fourth in this week-long series on bread. Color the picture and keep it for your own little story-book.

Tomorrow: Bread of other lands.

Wanderlust Bug Bites Brother-Sister Hikers

KEENE, N. H. (AP)—When wanderlust hits Robert Kennedy, 11, and his sister, Roberta, 12, it hits them hard.

A day after they were found in Westmoreland, 28 miles from their Winchester home, they disappeared again. This time they were found in Keene, 18 miles from home.

They insisted they had hiked in each instance, without a single lift.

Woman Heads Board

KALAMAZOO (AP) — Mrs. Cornelia Robinson is the first woman ever elected chairman of the Kalamazoo County Board of Supervisors. She was chosen Tuesday on a third ballot over the present chairman, Willard Kane.

An average person 80 or more years old, without disease, has vision only 50 per cent or less of the normal range.

Introducing... the Newly-Patented

Cutter Hand-Tied Bow

...the FIRST and ONLY Bow Tie that's Really Tied by Hand for YOU ...AND LOOKS IT!

$1.50 Plastic Jewelry Box FREE

NATIONALLY ADVERTISED

Available NOW in the Sparkling New Colors, Smart New Fabrics, and in a Variety of Shapes

Which of these 3 men are YOU?

"I won't wear those artificial-looking clip bows...but I can't tie my own!"

We don't blame you! But here's the happy ending to your sad story. NOW you can wear a bow that isn't artificial-looking, but IS TIED BY HAND FOR YOU. In short...

You NEED the Cutter Hand-Tied Bow

"I tie my own, and I'm pretty good at it, too, but..."

We know! Sometimes, when you're trying to catch the 8:10 in the morning, you turn "all thumbs" and lose 10 minutes. Save yourself the time, yet still wear a soft, casual, drapey bow...

the Cutter Hand-Tied Bow is for you!

"I've been wearing clip-bows and I like their convenience; but..."

Somebody kidded you, perhaps? A friend spotted your phony "ready-made"? We *defy* him to guess that you didn't tie it yourself when you...

Burglar Admits Slaying Three

Link Asbestos Worker to Total of 6 Murders in Kentucky, Indiana

HENDERSON, Ky. (AP) — A 220-pound asbestos worker calmly admitted yesterday he killed two men and a woman who caught him in the midst of burglaries. He said he bound them, made them kneel and shot them in the head.

The slayings had baffled police for more than two weeks.

State Police Detective Charles Young said Leslie Irvin, a 30-year-old paroled burglar, showed little emotion as he told of the crime.

Reports persisted that he also admitted orally that he committed three Indiana slayings, each done in the same way.

At Evansville, Ind., where Young said Irvin made his confesison, Detective Capt. Millard Fisher said:

"We consider all our murders in this area cleared."

A formal charge of murder was entered against Irvin for the slaying of Wesley W. Kerr, 32, an Evansville service station operator who was bound and shot Dec. 23. Evansville is across the Ohio River from Henderson.

Sheriff Lee Williams of Henderson County said:

"After talking to Leslie Irvin at length apout the killings in Henderson County, I am fully convinced Irvin is the man who commited the killings, although he has not given me a written statement nor has he given me all of the details of just how it was done."

Young said Irvin gave a rather complete account of the crime. He quoted the man as relating these details:

He entered the home of Goebel Duncan, 51, in search of valuables while the family was away. He was surprised by Dncan and his 21-year-old son Raymond. The father was bound with his own belt and the son was ordered at gunpoint to drive to a nearby bottomland field. Raymond then was bound with his belt. A bullet was fired into the back of each man's head.

He went then to Raymond Duncan's home on the same farm, 15 miles south of Hiendterson, also on a burglary mission, and this time was surprised by Mrs. Goebel Duncan and Mrs. Doris Ray Duncan, 20, the wife of another son. He drove the women to Goebel Duncan's home, bound them and shot them. The younger woman was slain, but her 2½-year-old daughter was left unharmed. Mrs. Goebel Duncan is recovering.

The other Indiana slaying victims were Mrs. Wilhelmina Sailer, 47 Mount Vernon, killed in March, and Mrs. Mary Holand, 36, Evansville, shot in December.

U.N. Persuades Arab Refugees to Put Up Huts

BEIRUT, Lebanon (AP)—By paying for roofs, a United Nations agency has encouraged 50,000 Arab refugee families to move from tents to huts in the past five years.

The Arabs are refugees from the Palestine War of 1948. Since 1950, nearly 900,000 of them have received direct relief from the United Nations Relief and Works Agency for Palestine Refugees. More than 300,000 of these live in camps scattered over Jordan, Syria, Lebanon, and the Egyptian-held Gaza coastal strip of southern Palestine.

Three fourths of the camp population used to live in tents. Today more than 50,000 families are in huts and fewer than 15,000 under canvas.

In the Gaza Strip, where 121,733 refugees are in camps, the last tent disappeared in February this year. Tents also have disappeared from the huge Aqabat Jabr camp near Jericho. There 30,000 refugees now are housed in huts.

UNRWA encouraged much of this building simply by promising to pay for the roof of any house a refugee might build. The refugee otherwise could find the materials needed—mud for bricks, native stone, small amounts of wood—in his camp area. He and his family supplied the labor.

Leading Whaling Port

Sandefjord, Norway, is the world's chief whaling port. Whale-oil plants rim its harbor. Sandefjord skippers cruise for months in Antarctic waters to catch the world's largest mammal. Some round trips cover 25,000 miles. A native of the city designed the first floating whale factory.

Second largest earthen dam in North America is Kingsley Dam, near Ogallala, Neb.

90-YEAR-OLD TWINS—Nobody's certain, but the world's oldest twins may well be Matilda Anderson, left, and Ida Wallin of Stockholm, Sweden. But record or not, the spirited sisters are happily celebrating their 99th birthday in a Stockholm home for the aged.

Nature Reaps Crop for Irish

Atlantic Storms Leave Wealth of Seaweed for Villages to Harvest

CONNEMARA, Ireland (UP) — High winds and raging storms spell disaster for many, but for the men of rugged Connemara, on Ireland's western Atlantic coast, they mean prosperity.

In the coastal village of Kilkieran, 40 miles from Galway, an industry has been developed which thrives on bad weather. Alginates Ltd. produces seaweed meal and pays out up to $30,000 a year to the residents for seaweed used in the process.

The weeds are called sea rods, known locally as Slatai Mara (sea sticks) and grow in deep water. Nature is the harvester. When the Atlantic is churned by storms the weeds are thrown from the sea bed and washed ashore along the western seaboard.

The hardy residents of Connemara gather the rods and dry them in the open air. Then they cart them to the factory where they are paid $14 a ton.

The collection of rods is organized by the government's lands department in conjunction with the factory.

In the Kilkieran factory, the rods are processed and the finished products exported to Scotland, to reappear in various shapes and forms—paint, glue, sausages, paper and many other things which one would not ordinarily associate with the weeds of the deep.

Survivor of Two Blasts Won't Give Up the Ship

RICHMOND, Va. (AP) — Winston W. Horton, 23, a ship's cook, has survived two explosions aboard the aircraft carrier Bennington which killed a total of 120 persons.

He has re-enlisted for two years —and asked to be assigned to the Bennington.

"It's a mighty fine home away from home," he told the recruiting office.

Pet owners in the U. S. spend an averge of $200 million a year for dog food.

Check 32 Years Old Finally Will Be Cashed

GRAND RAPIDS (UP)—A check isued in 1922 will finally be cashed to purchase modern fireplace equipment.

Mrs. James B. Campbell, who discovered the uncashed 32-year-old check among her late father's papers, has been told by a Saugatuck bank that the $61.15 check is still good.

L. W. Brady of Saugatuck issued the check to Mrs. Campbell's father, who evidently misplaced it and forgot about it. Brady told Mrs. Campbell he would still honor the check.

There are 633 approved cancer clinics in the United States.

Searching for Serenity?

By PHYLLIS BATTELLE

NEW YORK (INS)—Serenity is a state of mind that many men desire, a few despise, and almost no one possesses completely.

If you happen to desire it, there's a Britisher named R. V. C. Bodley who'll sell you some clues in a new book called "In Search of Serenity." It goes for $3, meaning that it is slightly more costly to be serene than to think positively—but well worth it, no doubt, if that's the sort of life you want.

As a happy, self-made worrier, I usually avoid books that might tend to uncomplicate me. But in this case, the first sentence was so intriguing I had to go on. It read:

"When some years ago I disappeared into the Sahara Desert, no one gave it much thought."

A titallating statement indeed. Why should a man, surrounded by such an obviously serene circle of friends, have to seek serenity in the desert? Bodley goes on to explain.

Arabs, he writes, "do not rush or shout or lose their tempers." They "never fuss or worry." If something goes amiss, they are "anxious"—but anxiety is a positive reaction, involving a definite troubled situation.

"Worry," on the other hand, writes Bodley, "is a waste of energy. It begets ill-humor, tiredness and insomnia, leads nowhere and does nobody any good."

Bodley, who was in the King's Royal Rifle Corps for 12 years before he turned his back on civilization to spend seven years as a nomad in the Sahara, learned much from this. He takes up, in his book, 13 various types of worries, from concern about social standing and love affairs to worries about world affairs, religion and job. And in 13 separate chapters shows you gently, but firmly, why they're not worth a hoot in Hades.

As for worry about the future; he writes: "My Arab friends did not so much as allow future occurrences to enter their minds. There is not even a tense in their grammar to express it." And furthermore, the mere planning of how you should work out your future wastes valuable time in the present, he says.

No prude— because he used to be a drinkin', smokin', carousin' man back in the old army days—R. V. C. insists that drinkin', smokin' and carousin' to any appreciable extent are taboo if one wants to be serene. "A tranquil mind cannot thrive in an overindulged or under-rested body," he writes.

Time for meditation is absolutely essential to the would-be serene man. Preferably, he should be alone, and in the presence of what Bodley calls the pieces of nature that "belong to eternity."

"It is the sea and the rivers and the mountains and the deserts," he writes, "which cause men to know themselves best."

But with practice, a man can meditate in the subway, or amid a brood of children. Bodley advises how.

The author has lived almost everywhere in the world since he left the Sahara, has written more than a dozen books, has taught at a university in Tokyo and written movie scripts in Hollywood. All the time, same old thing: Seeking serenity.

Well, he almost convinced me, who came out of this literary lounge-piece feeling like I had been strewn on an old oasis.

But I shall recover and get my lovable old irritabilities back. . .

Detroiter Is Charged With Theft of Auto

Douglas P. Jackson, 26, of Detroit, was charged with auto theft Tuesday after Pontiac Police arrested him at work in a local factory.

Sgt. Detective Charles Hewitt said Jackson had taken the car from the factory's parking lot April 4 after obtaining a ride to work with the auto's owner, Percy Williams, 40, also of Detroit.

The car was located in Detroit Monday after it was abandoned by Jackson who struck a utility pole in the downtown area. Hewitt quoted Jackson as saying he took the car when he obtained the keys from Williams, supposedly to park the auto.

The Latter Day Saints Church Temple in Salt Lake City took 40 years to build and is estimated to have cost $3,500,000.

Jean Worth to Edit Escanaba Newspaper

ESCANABA, Mich. (AP) — Jean Worth, editor of the Menominee Herald-Leader since 1943, will become editor of the Escanaba Daily Press May 1.

Worth's appointment was announced today by Frank J. Russell, president of the Delta Publishing Co., Inc., who said that Worth would serve the Daily Press and dailies in Iron Mountain and Marquette "in an upper Peninsula regional capacity, writing news and interpretive articles of Upper Peninsula wide importance."

Man Bites Lion —and He Lives to Tell About It

LONDON (AP)—The story about the man who bit a dog is old stuff — this guy chewed a lion.

The latest report on the Uganda Game and Fisheries Department tells how a guard named Gabrielle Ogwok sank his teeth into the king of the beasts.

Ogwok was stalking a bushbuck —a small antelope—when he discovered a lion was stalking him. He wounded the lion, but had to run to a nearby farm for help and more ammunition.

* * *

With the manager of the farm, Ogwok trailed the lion for three hours. Then the lion turned, sprang on the guard and dug his teeth into Ogwok's thigh.

Not to be outdone, Ogwok dug his molars into the lion's flank. The farm manager finished off Leo and freed Ogwok. The government report added:

"The game ranger who later examined the animal's skin was surprised at the damage inflicted by Ogwok's teeth."

Veteran Top Farmer

MIDLAND (AP) — Raymond Terwillegar, 31-year-old World War II veteran, has been named Midland County's outstanding young farmer of the year. Terwillegar, named by the Midland Junior Chamber of Commerce, will compete with farmers from 34 other Michigan counties for state honors.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

OPTIMISTIC—Three fourths of all juvenile delinquents can be straightened out. That's the opinion of Philip Gordon Green of Silver Spring, Md., who directs the newly-created Juvenile Delinquency Service in the U. S. Welfare Department.

2 Czechs Land in U.S. Zone

Take Pair Into Custody in Bavaria After Plane Comes Down in Field

REGENSBURG, Germany (AP)—Two Czechs flew across the Iron Curtain and landed their single-engine sports plane in a field near here today. They were taken into custody by U.S. military police.

U.S. Army headquarters at Heidelberg said the Czechs landed in the Landshut area of American-occupied Bavaria, north of Munich.

German police said they had no information on them except that they were "now in the custody of the American authorities."

The plane was reported slightly damaged.

It was the first time a private plane from Czechoslovakia has landed in the West in 11 months. Last May 12 a 23-year-old Czech clad only in shorts landed near the U.S. troop training area at Grafenwoeher and asked asylum. He said he had stolen the two-engine plane in which he fled.

It was not known immediately whether the two Czechs today had flown to the West deliberately for political asylum or whether their plane was off course. Landshut is 55 miles from the border of Communist-ruled Czechoslovakia.

Agree to Swap Envoys

BUENOS AIRES (AP)—Argentina and Uruguay, which have not had normal diplomatic representation for more than two years, have agreed to exchange ambassadors again, diplomatic informants report. Friction developed between the neighboring countries late in 1952 when Argentina stopped permitting her citizens to go to Uruguay.

Mail Thievery Rises

WASHINGTON (AP)—The Post Office Department says there were 1,982 arrests between last July and February for rifling home and apartment mailboxes. It was more than in any previous comparable period. The thieves are "fools" to think they can get away with it, Postmaster General Summerfield said.

NOTICE TO BIDDERS

Sealed proposals will be received by the Board of County Road Commissioners of the County of Oakland at their offices, 550 S. Telegraph Road, Pontiac Michigan until 10:00 o'clock a.m., Eastern Standard Time, May 5, 1955, at which time and place they will be publicly opened and read for furnishing the following:

Workmen's Compensation Insurance for one year.

Mitchell to Appeal for Higher Minimum

WASHINGTON (AP)—Secretary of Labor Mitchell goes before a Senate Labor subcommittee today to appeal for a 15-cent increase in the present 75-cent-an-hour minimum wage.

Such a boost, which would provide automatic higher wages for an estimated 1,300,000 workers, has been urged by President Eisenhower. He also asked Congress to extend coverage to some of millions of workers ow exempt.

The subcommittee has scheduled up to four weeks of hearings on the proposal.

The present 75-cent floor was set in 1950. About 24 million persons are covered by the law. Those exempt include executives, professionals, government workers and nearly 14 million whose work does not affect interstate commerce.

Quads Born to Hereford

DAWSON, Neb. (AP)—A 12-year-old Hereford cow on the Wirsell Witler farm near here gave birth this week to quadruplets — three bull calves and one heifer, all healthy. The cow has a past record of six pairs of twins and two single calves.

Bees make honey as food for themselves and their larvae.

Jury Being Chosen for Greenspun Trial

LAS VEGAS, Nev. (AP) — The names were national but the faces remained local as jury selection continued today in the federal trial of newspaper publisher Hank Greenspun.

The 45-year-old publisher and columnist of the Las Vegas Sun is charged with mailing material tending to incite murder of Sen. Joseph McCarthy (R-Wis).

The names of McCarthy, the late Sen. Pat McCarran (D-Nev) and columnist Westbrook Pegler were brought up repeatedly yesterday as only seven of 25 veniremen found places in the jury box. Much more shuffling of jurors was likely today.

In support of his innocent plea, Greenspun has indicated he will try to prove the indictment was politically inspired. He has a battery of four lawyers headed by Edward P. Morgan of Washington, D.C. There were hints a prominent person or two might be among his 10 defense witnesses.

Fort Wayne, Ind., and Boston, Mass., are among 10 major U.S. markets which receive all livestock shipments by truck. More than half of the 63 U.S. major markets depend on motor trucks for 90 per cent or more of incoming livestock.

Niagara Workers Discovering Relics

NIAGARA FALLS, N. Y. (UP)—Excavations for the giant face-lifting of Niagara Falls are turning up relics of colorful Niagara frontier history.

The U.S. Corps of Engineers recently found an old beer barrel, an axle and a cap-and-ball musket.

The relics were uncovered above Horseshoe Falls where the engineers dried out a section of Niagara River as part of a $17,500,000 remedial project.

Dr. Marvin A. Rapp, an area historian, said he believes the barrel and axle are at least 100 years old.

The musket is equipped with a bayonet and is inscribed on the side with the drawing of a crown and the word "Potsdam."

Rapp says it "possibly" dates back to 1796, when British forces abandoned Ft. Niagara.

Albatross Tough Bird

The albatross ranks as the most powerful sea bird on the wing. Its air speed approximates 60 miles per hour. Its wingspread is sometimes 11 feet. The prize flier of the southern ocean, the albatross can barely take off and land in still air. Thus it lives in the belt of the earth's fiercest winds.

First B36 of New Wing Lands at Guam Air Base

GUAM (AP)—The first B36 bomber of the Strategic Air Command's 28th Strategic Reconnaissance Wing landed at Andersen Air Force Base today after a 6,100-mile nonstop flight across the Pacific.

The 28th, commanded by Col. Arrel Nielson, came from Ellsworth AFB, Rapid City, S.D., via Travis AFB, Calif. It is the third B36-equipped SAC wing assigned here for mobility training, and replaces the 5th Wing.

Minnesota farmers will put 8,000 miles of farm drain tile in the ground this year.

Everyone Should Be Alone at Times

By MARGARET LATROBE

This is a horrid thought, and one to be put down quickly—but I wonder if Dale Carnegie ever won so many friends and influenced so many people that he got sick and tired of crowds?

What happens, after success at friend-making reaches its quota? The telephone has bells that jingle-jangle-jingle and the friends you have been cultivating start asking you to be on this committee, come to that party, collect funds for the next drive and maybe be third vice president of the bingo club.

How do you get rid of all these folks?

It seems to me that in "being a friend to man" we have bought a bill of goods which has frightened us into giving away our birthright—a minute alone now and again.

Popularity has been made to appear so desirable that people are a little ashamed of a free Saturday night. A woman says, with pride in her voice: "We haven't had dinner at home for seven weeks." Or, the busy clubman collects committees instead of stamps or butterflies.

Friends, civic work, social life—all of it is delightful up to a point. But it seems to me that sometimes we throw ourselves away on a false busyness, just because the books say it's downright wicked to enjoy being alone. That isn't, of course, what they mean at all. Modern psychology warns against "loneliness," the misfit, the morbidly introverted personality who is unloved, unwanted and consequently undone.

But there is great peace and beauty in being alone now and then—unless there is no inner resource to kindle moods of remembrance and meditation.

Thoughtful men often ask themselves — "Who am I? Where am I going, and for what?" Women more frequently add —"What's left of me?"

A woman, busy with breakfast and school lunches and school buses and milk money and Scout meetings and music lessons, dancing lessons, helping with homework, planning meals, doing laundry, making a dozen phone calls imploring electrician or plumber or carpenter to come at once and get the household happin again so the buttons will set things in motion—she is the one who is sometimes doubtful about her own shredded identity.

But you know something? She feels lucky because she is needed. Without her—poof! Of course, she should have one precious hour each day all her own. Or a week, if she can find one. But you know how it would be spent, don't you? Doing something for those she loves better than she loves herself.

Copyright 1955

Scales Beneath Pavement Weigh Moving Trucks

CHICAGO (UP) — Electronic truck scales to weigh moving trucks have been installed on a test basis in Oregon and Iowa.

The American Public Works Association said the scales also count the number of vehicles using the highways and record their speed.

One of the scales has been placed under the surface of a highway near Hubbard, Ore., and the other is in operation near Tama, Iowa.

Cost of the installation is about $12,000, the association said. Once installed the scale cannot be distinguished from an ordinary crack in the pavement.

The association said it is hoped that the device will prove useful in highway research for planning and design purposes.

It is also hoped that the scale will make it unnecessary to stop trucks and get a sample measure.

This practice has brought complaints from truckers who dislike delays at weighing stations, regardless of whether their trucks may be overloaded.

Expects to Pay Fine, Receives $37 Instead

MANCHESTER, N.H. (AP) — John J. Fiske walked into police headquarters expecting to pay a fine for overtime parking—but collected $37 instead.

When the desk officer asked Fiske to produce his driving license, he said he had lost it with his wallet.

'Is this it?" asked the deskman, showing a wallet containing the license and $37.

It was. The wallet had been found and turned over to police.

Fiske didn't even have to pay a fine because it was his first offense.

He Has Puzzling Sight

FOND DULAC, Wis. (AP)—Michael McNulty, 102, likes jigsaw puzzles. "There aren't many 102-year-old men around who can do them with their glasses off," he says.

Justice Triumphs

ATLANTA, Ga. (AP) — Mrs. Ruby Williams was visiting a friend, Mrs. J. W. Sills, and answered the doorbell when the postman rang. There was two cents postage due on a card for Mrs. Sills. Mrs. Williams gladly paid. She'd mailed the card.

Each year the U.S. Army Corps of Engineers removes from New York harbor 2.5 million cubic yards of sand and silt carried down the Hudson.

Book Thieves Repent

BETTENDORF, Iowa (AP) — A plea by Bettendorf school officials for return of some 250 books overdue at the junior high library prompted a girl student to bring back 70 books and a board of education member to return two which he had overlooked.

A new compound of mothproof clothes as they are being washed is being tested and perfected in laboratories of the U.S. Department of Agriculture.

Pentagon Saves Strategic Goods

Millions of Pounds Kept From Use by Vigorous Conservation

WASHINGTON (UP) — The Defense Department reports that millions of pounds of strategic materials have been saved this year as a result of a vigorous conservation program.

One target of the military conservation program is nickel. Since the start of the Korean fighting, it has remained the world's most critical material.

The department's project to conserve nickel dealt principally with the reduction of nickel in armor plate, conversion from nickel-bearing to straight chromium stainless steels in food-handling equipment, the use of boron steel in tank and nickel in ship "cupro-nickel" by two-thirds and investigation of the use of such alternative materials as aluminum, magnesium, and high manganese stainless steels.

The military conservation program is focused primarily on mobilization readiness. In many cases material-saving designs are being perfected and placed in readiness until needed.

In time of war, when materials become short, the military services will then be able to switch quickly to these alternate designs.

Conservation is promoted through substitution of less critical in place of more critical materials, simplified design, reduction in size and weight of such items as radios and radar, improved packaging, elimination or combination of parts, repair and salvage, and improved scrap-handling.

"Conservation contracts" are also a part of the department's program. Under these contracts, contractors agree to review, item by item, opportunitiees to reduce content of critical materials in equipment ordered.

Any improvement is put into effect in production designs on existing orders.

DAR Wants Hat to Keep Statue of George Warm

WASHINGTON (UP)—Because of a motherly concern lest the father of his country look cold around the ears, a hat has been added to the design of a George Washington statue to be erected at Gettysburg, Pa.

The statue is sponsored by the Daughters of the American Revolution, whose president general, Miss Gertrude Carraway, disclosed the design change today.

* * *

In discussing the program and projects of the 64th annual gathering of the Daughters here next week, she mentioned the DAR memorial bell tower on the Gettysbrg battlefield. The DAR raised half a milion dolars for this project, and Miss Carraway will tell the Daughters that the carillon of 56 bells has now been electrified.

A four-panel bas-relief of the story of Valley Forge, done by New York sculptor C. Paul Jennewein, is being installed in the memorial tower. Outside wil be a statue of Washington by the same artist, carved out of stone from Rockwood, Ala.

Miss Carraway said the original design for this statue had Washington bareheaded. "But we thought it would be too cold for him to have his hat off," said Miss Carraway.

Wright Memorial Now Lighted Nightly

KILL DEVIL HILL, N. C. (UP) —The National Park Service has agreed to light the famous Wright Memorial Monument on the lonely Outer Banks each night of the year.

In the past, the tall granite shaft atop the dunes where the Wright brothers made the world's first successful heavier-than-air flight has been lighted only for a few months each year.

Lighted by floodlights at its base, the monument presents a startling appearance, seeming to float in space.

The lighted shaft is visible at night for more than 20 miles on both land and sea and for greater distances from the air.

Senor O'Reilly, Si, Si

South America boasts many an historic hero with a resounding Irish name. Bernardo O'Higgins liberated Chila An Irish sailor named William Brown founded Argentina's navy. Simon Bolivar's chief aides included Daniel Florence O'Leary and Francis Burdett O'Connor.

Ancient Atom Power

The bow used in archery probably is man's first invention of a device in which energy can be accumulated slowly, stored temporarily, and released suddenly under control and direction, according to the Encyclopedia Britannica.

65 Safe in Hotel Collapse

HONG KONG (UP) — Sixty - five sleeping inhabitants of a three story tenement in Hong Kong escaped early today when the building suddenly collapsed. Authorities said two women and four children perished. The building was under repair.

USO Troupe a La Russe Amuses Ice Floe Exiles

LONDON (UP)—A kind of Soviet USO troupe is boosting morale on drifting ice floes near the North Pole, Radio Moscow reported today.

It said the entertainers are performing for the men stationed at weather observation posts above the Arctic Circle.

"A group of Moscow artists, including solists from the Bolshoi Theater, are touring the arctic regions and have arrived at scientific drifting station "North Pole 4," the broadcast said.

Capital punishment cases in Iowa are deferred at least one year, the time starting with the date of the death sentencing.

Nope, Best Sergeants Don't Have Any at All

OMAHA (UP)—Peter Molland has a healthy heart on the right side of his chest, says Maj. Robert F. Glock, armed forces medical officer. He has dextrocardia in which the position of the internal organs is reversed.

"With his heart in the wrong place," says the major, "he ought to make a dandy sergeant."

Royal Pair in France

LE HAVRE, France (UP) — The Duke and Duchess of Windsor arrived from America today aboard the liner United States. They left at once by train for Paris and their home outside the French

More Printers Sought

DETROIT (UP) — A steadily increasing shortage of skilled journeymen is causing serious concern to the printing industry. A report to the Printing Industry of America indicated that the ratio of apprentices in the industry should be 1 to 5 but is only 1 to 10. The report showed that 23 per cent of the workers in the unionized commercial printing and lithographing industries are older than 55, and that 30 per cent will leave the industry in the next 10 years.

With 43 million Moslems, India is the third largest of the Moslem countries in the world. Indonesia is first and Pakistan is second.

An average American drinks 17 gallons of beer a year.

Defends State Department's Immigration Operations

SAFE BY A FOOT—The driver of the tractor-trailer rig shown here is a lucky man. Virgil Phillips, of Birmingham, Ala., suffered only from fright when a 100-foot section of the 507-foot span over the Elk River north of Decatur, Ala., collapsed. Phillips said if his tractor had been a foot farther back it would have dropped.

General March Succumbs at 90

Served as the Army's Chief of Staff in First World War

WASHINGTON (AP)—Gen. Peyton C. March, Army chief of staff in World War I, died yesterday at Walter Reed Hospital. He was 90.

The goateed soldier had spent the last 33 years of his life in retirement. He had been hospitalized since February 1954 after breaking a hip in a fall. When he died, his second wife, the former Cora V. McEntee, was at his bedside.

The Germans were pushing off on their last big offensive when Gen. March returned from France in March 1918 to become Army chief of staff. He had been Gen. J. Pershing's artillery chief on the Western Front.

Deluged with frantic appeals for reinforcements, March put in motion plans which resulted in the movement of two million American soldiers to Europe in just a few months. This was regarded as one of his greatest achievements in World War I.

• • •

He retired as a major general three years after the war. As time passed, he fel back into history's shadows. In 1930, his permanent rank was raised to full general.

A native of Easton, Pa., March was outstanding at West Point. He fought in both the Spanish-American War and the Philippine Insurrection. He won the Distinguished Service Cross for gallantry in leading a charge during the assault on Manila in 1898. Later in his career, he received many more American and foreign decorations.

Secretary of Defense Wilson said March's career would be a "lasting inspiration." Secretary of the Army Stevens recalled that long after the general had retired he was a "valued adviser on military matters."

PLAN ARMED FORCES DAY CELEBRATION — Four members of the "Armed Forces Day Planning Committee" are shown above discussing preliminary plans for the observance here May 21. Left to right are: Fred V. Haggard, Oakland County CIO Council resident; Lt. B. A. Woessner, of the ontiac Naval Reserve Division; S. F. C. Glenn Simpson, of the Pontiac National uard; and Capt. Carl G. arling, commanding officer of the 107th Ordnance Company, National PGuard. Ylans call for open houses at all local armed forces installations plus a parade in the morning.

Watkins Doubts Corsi Charges

Subcommittee Probing Accusations Made by Ousted Aide

WASHINGTON (AP)—Sen. Watkins (R-Utah) defended today the State Department's administration of the refugee immigration program against Edward Corsi's charge it has been "a scandalous failure."

Watkins steered the 1953 Refugee Act through the Senate and is a member of a Senate Judiciary subcommittee which has called Corsi for closed-door questioning in an inquiry into operation of the law.

• • •

The subcommittee quickly swung into an investigation late yesterday amid a continuing furor over Secretary of State Dulles' dismissal of Corsi as a special adviser on refugee problems.

Watkins said that while the program has been moving more slowly than he would like, "I think that under all the circumstances they have done a good job."

He also said in an interview that he was satisfied that the slowness in admitting refugees to this country under the program is not due to any desire by State Department officials to avoid carrying out the law.

The Italian-born Corsi, a prominent New York Republican, declared after his dismissal that "an intolerant minority" in Congress and the State Department had sabotaged the program. It was designed to bring up to 214,000 refugees and other nonquota immigrants to this country by the end of next year.

Corsi named Rep. Walter (D-Pa), who had accused him of past associations with groups later listed as Communist fronts, and R. W. Scott McLeod, State Department security chief who is administrator of the program.

The Judiciary subcommittee, headed by Sen. Langer (R-ND), questioned McLeod for over two hours yesterday at a closed-door session.

• • •

Corsi had complained that only 1,000 refugees have been admitted under the 1953 immigration act. McLeod told reporters that 24,810 visas have been issued so far. He said over 3,700 of these were for refugees and the rest were for aliens eligible for admission as relatives of U.S. citizens.

Immigration service figures showed 16,713 entries up to April 1, and McLeod said that of the persons issued visas as refugees, 1,044 have actually entered the country.

The processing of aliens in the relative category is easier, he said, because they have not had to have the job and housing assurances required of refugees.

"We feel we are doing a good job under the circumstances of trying to make this rather difficult law work," he said.

At Internal Revenue Office

Local Wage Earners Race With Income Tax Deadline

Pontiac wage earners, apparently resigned to the inevitable, are trouping in a steady stream up the steps at 53½ W. Huron St. to ante up for Uncle Sam.

While no last-minute rush has materialized, the local office of the Internal Revenue Service has been busy constantly from 8 a. m. to 8 p. m. each day this week.

Lyle D. Russell, administrative supervisor, said he expects no zero-hour flood of taxpayers on Friday, last day for filing.

With the extra month of grace created by moving the deadline back to April 15 this year, the great majority of taxpayers have already filed.

"Most of the people coming in now," Russell commented, "are those who owe the government money . . . I guess they just wanted to put it off as long as possible."

The office will be open until 8 p. m. tonight and tomorrow, after which the normal 5 p. m. closing time will be observed.

Province in Greece Jolted by Earthquake

ATHENS (INS) — A violent earthquake rocked the Greek province of Peloponesus Wednesday night causing widespread damage in several cities.

The shock also was felt in Athens.

Agence France Presse said the city of Kalamai was the worst affected, with 500 houses damaged.

Secrecy Shrouds Chou En-lai's Arrival in Burma

RANGON, Burma (AP)—Flown in under a blanket of official secrecy, Communist Chinese Premier Chou En-lai arrived in Burma today en route to the Asian-African conference at Bandung, Indonesia.

Only a handful of high Burmese officials, the Soviet ambassador and a few newsmen were on hand at Kingaladon Airport as the big Air India Skymaster roared in with Chou's 21 - man party. Burmese air force jets escorted the airliner from the Chinese border.

• • •

Burmese Premier U Nu and Foreign Minister Sao Hkun greeted Chou as he descended from the plane.

• • •

Chou's party included Vice Premier Chen Yi, Foreign Trade Minister Ye Chee and Vice Foreign Minister Chu Han-fu. Also aboard was Indonesia's ambassador to Peiping, A. Mononutu, who is accompanying the Red Premier to Bandung.

• • •

Four hours after his arrival, Chou lunched with U Nu at the mansion of Burmese President Ba U. The two premiers continued their talks into the afternoon at the premier's residence. Presumably they were discussing the Bandung conference.

The Chinese premier, originally scheduled to arrive yesterday, delayed his flight from Kunming for 24 hours.

The unexplained delay came after Peiping radio accused "agents" of the United States and National-ist China of sabotaging an earlier plane carrying Red Chinese delegates to Bandung. The plane went down in the South China Sea Monday with 19 aboard. Three Indians —two crewmen and an engineer— were rescued.

U.S. officials in Washington and Hong Kong, the plane's last stopping point before it crashed, dismissed the sabotage charge as "utter nonsense." The British Foreign Office termed the crash an "unfortunate accident."

Chou and U Nu will be joined here tomorrow by India's Prime Minister Nehru and Egypt's Premier Gamal Abdel Nasser, who have been meeting in New Delhi. All four plan to leave together Saturday in the Indian plane for Bandung.

Pontiac Press Photo

OATH ADMINISTERED — Municipal Judge Cecil McCallum (center) administers oaths of office to Pontiac Boys' Club officers, Dick Neaves, 17, councilman at large and Dean Perkio, 15, (right), mayor. Judge McCallum also swore in five councilmen during last night's initiation at the club. The youths were chosen during the club's annual election last month.

Solon Goes to Rescue of Lowly Hamburger

LANSING (AP) — Like Sir Galahad of old, Sen. Harold M. Ryan (D-Detroit) charged to the rescue yesterday of "the poor defenseless hamburg."

Ryan tilted his spear at a Senate bill to allow monosodium glutamate to be added to hamburger. It was described as a seasoning and is the principle element of various patented salts intended to give "zest" to meat.

"We ought to preserve the purity of hamburgers," Ryan said. "Hamburger should stay hamburger. If we allow this to be added pretty soon the salt manufacturers, the pepper manufacturers and the garlic manufacturers will want permission to add their products to hamburger."

Blue Water Bridge Toll Cut Authorized

PORT HURON (AP) — The state tolls at the Blue Water Bridge linking Port Huron and Sarnia, Ont., probably will be reduced to 15 cents within two years. The current toll is 50 cents.

The state Senate yesterday authorized the commission to cut the toll when bonds which financed construction of the bridge are retired. The commission said the $419,000 still outstanding should be paid off within two years.

It still will be necessary to charge a small toll for maintenance of the bridge, which runs about $230,000 annually, the commission said.

The bridge was built in 1938 at a cost of $2,300,000.

Air-Cooled Sidewalks Planned in Lauderdale

FORT LAUDERDALE, Fla. (INS) — Something new for the weary shopper is being planned by Florida merchants—air conditioned sidewalks.

Air-cooled sidewalks to keep window shoppers as happy as shopper inside an air-conditioned store have been announced as a future of the new $5,000,000 Coral Ridge shopping center in Fort Lauderdale.

The cooler units will be hidden in canopies over the sidewalks, blowing cold air down on the pavement.

Man Sues Brewery for Falling Off Wagon

SOUTH BEND, Ind. (INS)—John Karall of South Bend has filed suit for $50,000 against Anheauser-Busch, Inc., of St. Louis, Mo., because he fell off the wagon.

The wagon in question arrived in South Bend to advertise the beer, June 30, 1953, and Karall said he was asked if he wouldn't like to pose for a picture in the driver's seat.

He said he slipped getting off the wagon and fell to the ground, suffering injuries including a fractured left leg.

Pontiac Press Photo

INSPECTS NAVY RESERVISTS — Cmdr. W. W. Carlson, commanding officer of the Detroit Naval Reserve Training Center, is shown inspecting personnel at Pontiac's training center last night. The review, held at 7:30 at the Armory on East Boulevard, is a preliminary to competition which will end in the naming of the top training unit in the United States. The installation and personnel of Division 9-104 was rated as "very good" by Carlson and a 3-man inspecting team.

City Naval Reserves Rate 'Very Good'

Pontiac's Naval Reserve Training Center and its 183 officers and men last night were given a rating of "very good" by a 4-man inspecting team representing the 9th Naval District.

The inspection, held at the Naval Armory on East Boulevard, is a preliminary event in selection of the best division in the 13-state district.

Cmdr. W. W. Carlson, Commanding officer of the Detroit Naval Reserve Training Center, headed the reviewing team and ranked the local installation and its men well above par during a critique which followed the inspection.

The unit's training program and instructors were rated adequate along with administrative procedures and readiness.

Pontiac's Division (9-104) is competing with 166 other reserve divisions in the nation's largest Naval district.

Selection as the top unit in the district would entitle the division to compete with other top divisions throughout the nation for the Forrestal Trophy, awarded annually to the top surface unit.

The Pontiac Unit won the trophy in 1952.

Divisions are rated on a basis of neatness and efficiency of personnel, administration, training procedure and general excellence of the training center.

Final results of last night's inspection will not be released for several weeks.

The local unit, comprising 165 enlisted men and 18 officers, is under the command of Lt. Cmdr. M. A. Evans.

Jackson Group Urges $15 Charge for Vaccine

JACKSON (AP)—The Jackson County Medical Society has advised its members to charge a standard fee of $15 for three inoculations of the Salk polio vaccine.

However, there will be no fee charged for inoculating first and second grade school children under a program arranged in cooperation with the city and county health departments and the Jackson Society of the National Foundation for Infantile Paraysis.

AF Group Arrives

TRAVERSE CITY (AP)—Advance units of a 24-man Air Force target towing detachment have arrived at the Traverse City Coast Guard Air Station. The detachment will furnish gunnery target practice for trainees from Camp Claybanks near Muskegon; Pointe La Mainse near Kinross Air Force Base in the Upper Peninsula; and Truax Air Force Base, Madison, Wis.

Prison to Follow 'Campus Plan'

IONIA (AP) — The new $7,000,000 medium security prison planned for Ionia will be far different from anything ever built in Michigan.

Both in style of construction and form of policy it will be different.

Its specific goal is to return its inmates to normal lives in society. This guides the way it's to be built and the way it's to be operated.

The prison, designed by J. & G. Daverman, Grand Rapids architects, is to be built on the "campus plan"—an entirely new concept of penal institutions.

Gus Harrison, State Corrections Commission director, and Adrian Langius, director of the Michigan Building Commission, says its design is in keeping with modern practices and thinking.

The campus plan is described as a radical departure from the traditional "telephone pole" effect in which the main prison building has one long corridor with branches along its length.

The new prison will include housing units, each sheltering 120 men; a central dining hall; an administration building; an admission building; a chapel; an athletic fieldhouse; a recreation field and—most important — a large unit for an academic school and vocational shops.

Langius said this is a design for a particular type of inmate and for a particular function.

The new prison is intended to rehabilitate thoroughly screened first offenders who indicate a willingness to learn a trade or complete high school education.

It will provide for the education and training of 600 eligible young men during their prison term—in order to reduce, possibly even eliminate, the hazard of their becoming habitual criminals.

Plans exclude heavy barred doors and windows. Security is obtained by means of a parallel set of 14-foot cyclone fences enclosing the grounds. Guard towers are spaced at intervals along the fence.

A model of the new plant is on display in the rotunda of the Capitol at Lansing.

A brochure explains its various features.

The education building is planned for academic and vocational training. Space is included for a full academic curriculum with lecture hall, library, science laboratory, typing room and music facilities.

A flexible vocational program allows expansion of facilities within the permanent structure to care for an alternately increasing and diminishing transient population.

The brochure indicates the training program will be coordinated with the institution's maintenance and service departments wherever possible.

A large public visiting area is provided for the administration building. The young inmates will get more frequent visits from relatives and friends than in older types of prisons.

All radio and telephone control apparatus of the institution's security system is centralized in the administration building.

The dining hall is planned as a twofold operation. It will serve a primary purpose as a dining room and also will operate as a classroom for inmates learning the essentials of food preparation and serving.

Five individual structures are planned for inmate housing.

Each includes individual rooms to inspire proprietary interest and afford inmates a degree of privacy. Each also contains a dayroom for supervised group activities.

One residence is designated an admission unit and houses an infirmary. An orientation period will be afforded each new inmate at the admission unit to analyze his aptitudes and place him in a proper curriculum.

Emphasis on religious facilities is stressed in the strategic location of the plant's multiroom chapel. The flowing structure provides spaces for Protestant, Catholic and Jewish services.

The prison's vehicles are housed in a combined garage and fire station.

The prison has a comprehensive recreational program as a basic factor in the rehabilitation of inmates.

A proposed fieldhouse contains space for basketball, badminton, boxing and other sports. Folding bleachers accommodate the entire inmate population for spectator sports.

The outdoor recreation area includes space for baseball diamonds, a football field, outdoor basketball court and other activities.

Light Meter Checks Illumination of Bars

HILO, T. H. (UP)—A highly sensitive light meter had been adopted to establish a minimum lighting standard for all the city's drinking places.

It was estimated that about 50 per cent of liquor violations resulted from drinking by juveniles. In order to curb the practice, city authorities decided to set up better light facilities so liquor commission inspectors could spot youngsters.

The light meter is designed to record the candlepower of illumination to a fine-hair degree of accuracy.

Well, You Never Know When You May Need It

FLAGSTAFF, Ariz. (AP)—Neither rain nor snow delays the mailmen "in the swift completion of their appointed rounds"—but back at the post office things sometimes move slowly.

The post office here put up for sale six cords of wood that had been aging in the basement since 1936. The building has had its heat piped in for the last 18 years.

CD, Red Cross Agree on Roles in War, Peace

LANSING (UP) — Gov. Williams today announced formal approval of an understanding between the State Office of Civil Defense and the Red Cross covering the role of both agencies in natural and war-caused disasters.

In disasters resulting from enemy action, civil defense will exercise complete control of relief operations, utilizing all community resources, including those of the Red Cross, with all workers serving under the direction and control of civil defense.

The only exception will be Red Cross activities not related to civil defense, which will remain under Red Cross jurisdiction.

In disasters resulting from natural causes, such as tornadoes, floods, hupricanes, explosions and other catastrophes, the Red Cross will be responsible for meeting other welfare needs of disaster victims and will exercise administrative and financial control of its own operations.

'Spook' Finally Exposed as Bird on TV Antenna

Mr. and Mrs. Donald Rofe, of 64 Matthews St., thought spooks had invaded their house when they began hearing a tapping noise that seemed to come from everywhere at once.

A 2-week check of the basement, attic and partitions failed to turn up the source of the noise. "At first I thought it was the draft regulator on the furnace," Rofe said.

"It was just by luck that we discovered it was a bird tapping his beak in the television antenna," he stated.

Rofe described the bird's antics as having the effect of an alarm clock because it wakes up his two sons, Mike, 7, and Jimmy, 4, about 6 a.m. every day.

"If this is the bird's mating call, he's certainly using the most modern method of communications," he concluded.

Social Services Talk Scheduled Tonight

The third in a series of free lectures on social services available in this area wil be presented at 7:30 tonight at the Pontiac Child Guidance Clinic, 113 Franklin Blvd.

Clinic Director Madeleine Half will moderate a panel discussion by staff members F. Robert Wolseger, Elsie Lifton and Oliva Viola.

Visitors tonight also will be taken for a tour of the clinic, whose services are chiefly for emotionally disturbed children.

The series is being sponsored by the Oakland County CIO Council, the Pontiac-Area United Fund and the American Assn. of Social Workers.

Pictures Talk Back

CHICAGO (UP)—The Art Institute of Chicago is experimenting with "talking pictures." A touch of a button beside a painting brings a recorded two-minute talk about the masterpiece.

Dems to Gather for Washington Parley, Banquet

WASHINGTON (INS) — Democratic Party leaders are gathering in Washington today for a two-day meeting which will be highlighted by a special $100-a-plate banquet honoring House Speaker Sam Rayburn.

The two-day session will start with a Democartic National Committee meeting tomorrow morning and end Saturday night with the dinner for the 73-year-old Texan.

Between these two events, the party officials will be busy attending business sessions of the committee, and social gatherings.

Among the speakers at the dinner will be former President Truman, 1952 presidential nominee Adlai Stevenson, Senate Majority Leader Lyndon Johnson of Texas, House Majority Leader John McCormack of Massachusetts and Mrs. Franklin D. Roosevelt.

Authorities recognize 18 true varieties of cheese.

Cities Ponder Garbage Bags

Some, Like Hartford, Approve, but Louisville Says No, No

CHICAGO (UP) — To bag garbage or leave it unbagged—that is a big question among city officials these days.

The American Public Works Association says an academic controversy has arisen over the question of whether garbage should or should not be enclosed in paper bags.

At Hartford, Conn., for example, officials are experimenting with bags, developed by a private company, which would be used to line garbage and trash cans.

The bags are chemically treated and hold up to 80 pounds of dry material or 40 pounds of wet.

The experiment seems to be working out fairly well, the Association said.

Because the whole bag is picked up and taken away, nothing is spilled to attract flies and rodents. The system also ends the noise of banging garbage cans and reduces maintenance and labor costs.

At Louisville, Ky., however, officials are opposed to the use of paper bags for garbage—the ordinary type of bag, at least.

The sanitation department has warned householders it will not collect garbage placed in paper bags or any other kind of container except the approved metal can with tight-fitting lid set by ordinance.

In fact, residents are likely to draw a $90 fine for failing to use the metal containers.

Car Plate Thief Brave

CHICAGO (UP)—Willis Wells is still puzzled over his missing 1955 auto license plate. He took his new plat out of his car parked in front of his home, bolted on the front plate first, then went to the rear to attach the second plate. When he finished the job, the front plate was gone. Someone had removed it while he was fastening the rear plate.

In many areas of Southeast Asia there is half an acre of land per person compared to four acres per person in the United States.

Teenage Lawmakers Take Over in Maryland

ANNAPOLIS, Md. (UP) — Youthful lawmakers from all over Maryland start a three-day session of the YMCA model legislature today under the glare of television lights.

The Voice of America will have a crew of TV technicians on hand at the proceedings in the Statehouse.

Mati Tammarru, a young Estonian-born student who spent several years in displaced persons camps in Austria before coming to Baltimore, will head the organization as "governor." The Senate president is Walter Shervington, a Negro student in Baltimore.

Of every four persons who get cancer, one will be saved, but three will die. One more could be saved if the disease had been detected early enough.

Ex-Solon Convicted of Evasion of Taxes

SPRINGFIELD, Mo. (UP)—A federal court jury yesterday convicted O. K. Armstrong, writer and former Republican congressman from Missouri, of income tax evasion. The jury recommended leniency.

The case centered chiefly around expenses listed in returns in 1947-48-49 and involved a tax deficiency of $3,092.86. Armstrong contended he was entitled to liberal expenses necessitated by his free-lance writing. The government said he failed to keep sufficient records.

The defense has until Wednesday to file motions for a new trial. Armstrong was a congressman from 1950 to 1952.

Some lizards are difficult to distinguish from snakes.

Knocked Knumberless

MILWAUKEE (UP)—Marquette University's football coach, Frosty Ferzacca, attests to this story. A freshman football player sat at length in front of his locker after a rough workout. An aide inquired about his troubles. "They hit me so hard out there I've forgotten my combination," the player said.

Pennies Buy TV Set

AUGUSTA, Me. (UP) — Walter Drake, retired postmaster of nearby Windsorville, had been saving money a long time for a television set. He deposited 14,200 pennies on the counter of a TV dealer, Russell T. Fulton, as a down payment.

Principal food crops of the U.S. which are exported are wheat, dried milk, rice, dried peas, soybeans, lard, hops, plums, prunes and some fresh fruits.

BEGGING MINK—A mink at the Savage Bros. mink ranch sits up for his supper as Ted Savage, one of three brothers who operate the farm south of Saginaw, digs up the food. Ted and his brother, Lewis, started pelt business in 1937.

Bridges Believes Dems Afraid Ike Will Run Again

WASHINGTON (AP)—Sen. Bridges (R-NH) said today Democrats seem to be "very fearful" that President Eisenhower will run in 1956.

Bridges, chairman of the Senate Republican Policy Committee, said:

* * *

"When they go to the lengths of building up a strawman and trying to knock him down a year and a half ahead of the voting, they must be very fearful that Eisenhower will be a candidate again, and I am very certain he will."

Bridges' to a "strawman" was directed at Democratic Digest efforts to depict Eisenhower as an advocate of "government for the few" and as responsible for an "A. W. O. L.—administration without leadership."

The Digest, monthly publication of the Democratic National Committee, suggested Eisenhower might not be any more "invincible" in 1956 than former Gov. Thomas E. Dewey of New York was in 1948 when he lost to former President Truman.

All women of the U.S. were able to vote in a national election for the first time in 1920.

Texas School Board Told to Stop Work

IRVING, Tex. (AP) — Dist. Judge Charles E. Long Jr. has ordered the interim Irving School Board "to hold everything" until the city decides Saturday if a new school district is to be created.

Opponents of Dr. John L. Beard, ousted as Irving school superintendent Feb. 16, alleged that the standby board was hiring and firing teachers.

* * *

Beard's ouster caused the walkout of more than 200 teachers and employes, all later dismissed and replaced by the board of the Irving Independent School District.

Beard's forces March 26 won an election to abolish the district and the board. The pro-Beard faction then said it would attempt installation of a board favorable to Beard by winning Saturday's election to recreate the independent school district.

Try New Attack on Bugs

WASHINGTON (AP) — Agriculture Department scientists are trying a new approach to fighting houseflies and other insects which have developed resistance to DDT. They're working on a group of chemicals to keep the insects from growing up and reproducing.

Collision Gouges Hole in Freighter

NORFOLK, Va. (AP)—The Colombian freighter Ciudad de Bogota, displaying a 20-foot hole in her side after a collision with a Cuban freighter, was scheduled to reach Newport News today under tow.

The 325-foot vessel was taken in tow last night by the Coast Guard cutter Cherokee.

The Bogota collided early yesterday with the Cuban freighter Bahia de Matanzas in a dense fog some 15 miles east of Oregon Inlet off the North Carolina coast. An unidentified crewman on the Bogota was crushed to death in his bunk by a buckled steel plate.

The Matanzas, which reported only slight damage in the collision, was reported en route to Baltimore under her own power.

Champion Deerslayer

CONCORD, N. H. (UP) — The deer Louis Gregory of Keene bagged this year wasn't too big, 100 pounds. But it kept his record intact. According to state records, Gregory took up the sport of hunting 52 years ago—and he has shot one deer each year since then.

Convicts Strike for Extra Meal

Huntsville, Tex., Felons Won't Leave Prison's Play Yard

HUNTSVILLE, Tex. (AP)—A band of extra-tough convicts yelling for "three square meals a day, instead of two" squatted stubbornly today in a state prison play yard for a second straight day.

They played softball last night and threatened to maim themselves as guards trained machine guns on them.

* * *

No break was in sight in a tense waiting game between the 52 convicts who won't return to maximum security cells and the guards who paced 30-foot concrete-and-steel walls that ring the rebels.

The striking inmates get two meals a day because they do no prison work. Prisoners outside the maximum security section get three.

The white overall-clad convicts spent a chilly night in the open.

* * *

Prison officials decided to wait the men out instead of trying to force them into their two-story cell block at one side of the exercise yard. The criminals, many spending most of each day in solitary confinement, refsed at 3:30 p.m. yesterday to come in from a routine exercise period. The men go out to the yard in groups of 50 or 60.

Some of the farm land in China is occupied by as many as seven people per acre.

100 Germans to Take U.S. Allegiance Oath

HUNTSVILLE, Ala. (AP) — More than 100 Germans, some of whom helped this country develop its guided missile program, planned to take the oath of allegiance to the United States today.

Also in the group are some who helped develop the deadly Nazi V2 rocket at Pennemunde, Germany, in World War II.

All came to the United States from Germany in 1945 and 1946, and were moved to nearby Redstone Arsenal in 1950.

Wants Red China at Far East Parley

PRINCETON, N.J. (AP)—Canadian Foreign Secretary Lester B. Pearson says talks aimed at peaceful settlement of Formosan and Indochinese problems will fail without participation of the Chinese Communist government.

In a lecture here last night, Pearson said the Communists were the actual government of China and must be considered in negotiations.

Unless the Communist government takes part in talks at the United Nations or elsewhere, he went on, it will be impossible to iron out disputed matters concerning China.

"That may be a regrettable state of affairs," he said.

Church Adds 62,704

NEW YORK (AP)—Membership in the United Lutheran Church in America increased 62,704 to a record 2,202,791 during 1954.

Junior May Be Future Scientist

Does He Cram Room With Rocks, Shells and Other Specimens?

WEST ORANGE, N. J. (UP)—If your child fills his room with rocks, shells, insects or dead leaves, don't treat him as a delinquent.

You may have a future scientist on your hands.

According to Dr. Rolland J. Gladieux, a science teacher, such collecting is one of many traits common to science-talented youngsters.

Dr. Gladieux is assistant principal and head of the science department at the Kenmore, N.Y. high school.

Other traits peculiar to would-be scientists, according to Dr. Gladieux:

1. He waits for his teacher before school to discuss a scientific problem.
2. He asks searching questions in science class.
3. He has a science library of technical books.
4. At one time he built model airplanes.

5. He's handy with a soldering iron, has a home laboratory in the basement.

6. He has a part-time job, using his earnings to buy home lab equipment.
7. He is a radio "ham."
8. He belongs to all the science clubs and is working on a project to enter in a science contest.
9. His mother complains to his teacher that he talks science morning, noon and night.

Says Congress Library Trying to Do Too Much

ROCHESTER, N. Y. (UP) A congressman thinks something ought to be done about the overloaded Library of Congress in Washington.

Rep. Harold C. Ostertag (R-NY) said the place is filled to overflowing and is "slowly going down to defeat before mankind's ferocious habit of putting everything down on paper." There are 5,000,000 manuscripts in the library that still have to be catalogued and filed.

"Unless we put a curb on this verbosity, chaos awaits," Ostertag said.

The Rio Grande is the third longest stream in the United States, exceeded only by the Missouri and Mississippi Rivers.

Despite His Objections

Nehru May Emerge From Conference as Most Influential Leader in Free Asia

NEW DELHI, India (AP)—Prime Minister Nehru says he doesn't want to be the leader of free Asia. But if he stands up successfully to Red China's men at the Asian-African conference next month, he may find the job thrust upon him.

Admittedly Nehru remains today a strong neutralist and a powerful supporter of the theory of coexistence, which to many has a pro-Communist tinge. But at the same time he is virtually ruler of the largest nation in free Asia. And his publicly announced determination to prevent domination of its 360 million people by communism has grown stronger and stronger in recent weeks.

* * *

This determination will meet its greatest test, it appears, at the Bandung, Indonesia, parley of more than 20 Asian and African nations April 18-24. If Nehru supports the cause of democracy there as wholeheartedly as he has begun to do at home he should emerge as the No. 1 man in all free Asia.

Advance indications are that the Nehru delegation to Bandung will talk about both communism and colonialism. High on the list of subjects the group hopes to talk about is a community development program to show people how to help themselves. This is regarded by Nehru as the most effective means of combating communism or any other "ism."

* * *

But, at a conference representing more than half the world's population, it will be hard for Nehru to pass up opportunities to lead the way in the organization of a third world power bloc, though he has repeatedly denied any such intentions.

If such a movement got started at Bandung, which way would it go? "It's just a question of making Nehru's thoughts—and statements — on international affairs match his thoughts and statements on internal affairs," says one Westerner who is familiar with the situation.

* * *

Western observers here have watched with deep concern India's support of many things called Communist.

They have heard Nehru campaign for seating Red China in the United Nations, heard him blame the West for Indochina's situation, listened to his attacks on Syngman Rhee and Chiang Kai-shek.

But a change is showing up in the attitude of Nehru—and India.

Nehru has scathingly attacked Indian communism, accusing the leftwingers of being more concerned with the welfare of foreign powers—specifically Soviet Russia and Red China—than with that of their own country.

* * *

Those who want to heal Nehru's rift with the West—which many say is largely based on misunderstanding rather than sharp fundamental bitterness — view his concern over internal communism here as a first step in that direction.

Those who believe there are growing signs of healing India's rift with the West find satisfaction with the light slaps Nehru has given the formation of the Southeast Asia Treaty Organization at Bangkok.

Judge Goes Easy on Truthful Driver

CHICAGO (AP)—Judge Joseph J. Butler got a surprise in Safety Court yesterday when Carl P. Dombrowski, 21, appeared before him on a drunken driving charge.

"I suppose you'd had just a couple of beers," Butler said with evident irritation.

"No," replied Dombrowski. "I'd had seven or eight beers, maybe more. I'm not sure exactly how many, but anyhow I'd had too much."

"It's refreshing to have someone tell the truth in this court," Judge Butler said. "I'm not going to impose a hardship on your family by taking your money, but you're going to lose your driver's license for a year."

He Asked for It

NORTH HAVEN, Conn. (UP) — Frank Boyle of Milford decided to be kind-hearted and offered two hitchhikers a ride to Wallingford in his auto. On the way, Boyle stopped and got out to look at some new houses under construction. The hitchhikers kept going—with Boyle's car.

Eskimos Know Survival Tricks

Outsiders Going North Find Native Experience Invaluable

WASHINGTON — A dramatic return from the dead proves again the ability of earth's northernmost peoples to survive in their Arctic and subarctic homelands.

Nine Eskimo hunters, marooned on an ice floe adrift in Hudson Bay through most of January, walked back to their village of Povungnituk on Quebec's northern peninsula after search planes had long given them up for lost.

Endurance under hardship is a dominant Eskimo trait, the National Geographic Society says. Outsiders coming to the North in great numbers today find Eskimo experience invaluable. They survive best when, like Rear Adm. Robert E. Peary and later Vilhjalmur Stefansson, they take to northern ways and meet the Arctic on its own terms.

For thousands of years, longer than is accurately known, the Eskimo has ranged the rim of North America from Alaska to Greenland. Lapps and Finns have peopled similar lands in Europe, and Samoyeds and Chukchis in Siberia.

These natives pioneered polar life. Their tools and transportation, their fur-lined clothing and snow houses stand unsurpassed for their purposes.

Arctic survival in the air age has become a subject of major importance to all nations. The United States, for example, maintains weather and air stations in the Far North. While the ice island T-3 was occupied, manned outposts reached virtually to the North Pole.

Living in well-stocked bases and surviving a crash-landing on ice-locked land or water are far different matters, however.

Search and rescue have become highly organized and efficient. In addition, the Royal Canadian Air Force runs a realistic survival school at Cambridge Bay on Victoria Island in the Northwest Territories. Eskimos are among the teachers.

Yet all too often downed airmen fail to return. One group left a diary of its 52-day wait for rescue or death: "Each day we don't see how we can last another day . . ."

They were found frozen, a month later, by Eskimos from a village only an hour and a half's walk away.

Moo in the Movies

RICHMOND, Ky. (UP)—A ticket seller, Mrs. Elizabeth McKinney, was surprised to hear someone ask, "How much does a ticket for a cow cost?" She looked up and saw a cow second in line. But the cow decided she didn't want to see the movie and strolled away, causing a traffic jam on Main Street moments later. Bossie had wandered away from the farm of J. B. Arnett.

Church at Drayton Slates Spring Concert Sunday

DRAYTON PLAINS — A Springtime Concert will be presented by the Pontiac Women's Chorus when it keeps its return engagement at 7:30 p.m. Sunday at St. Andrew Episcopal Church.

Under the direction of Charles E. Hutton, and accompanied by Mrs. Dorothy McKibben, the chorus will open the program with "Salvation Belongeth to Our God" by Tchenoz.

Also in the first group will be Tchaikovsky's "Holy, Holy, Holy,"; Makarov's "An Angel Said to Mary"; and Mallotte's "Lord's Prayer" with Mrs. Harry Tom as soloist.

Making up the second group will be three Negro spirituals—"Didn't My Lord Deliver Daniel," "Let Us Break Bread Together," ad "Heavenbound Soldier." Mrs. Martin Wolfe will be the soloist.

Group three will consist of "Consider the Lilies" with Mrs. John Kleinert as solist, "With a Voice Singing," "Dear Lord and Father of Mankind," and "The Lost Chord" with Mrs. Alice Shaw as soloist.

St. Andrew's Junior Choir, under the direction of Yvonne L. McKenney, will sing Tchaikovsky's "Legend" and Miss McKenney also will play an organ selection.

The Young People's Fellowship of St. Andrew's will serve refreshments at a brief reception following the concert. There will be no admission charge but a free will offering will be taken.

St. Andrew's combined choirs are sponsoring the event, which is open to the public.

Additional County News on Page 32

G. H. Leever to Head Village of Dryden

DRYDEN — G. Harold Leever was named village president recently at a special meeting of the village council.

Robert Weingartz was elected in March to the post, but declined to take office. Kenneth Steiner remained in office until the appointment of Leever.

At the same meeting, committee appointments for the year were made.

Brace PTA to Hear Talk by Optometrist

SOUTHFIELD TOWNSHIP—Dr. Irving Adler of the Wayne County Society of Optometrists will be the guest speaker at the 8 p.m. meeting today of the Brace School PTA.

A discussion period will cover the effect of vision on personality, social adjustment and education.

CHORUS KICKERS — Kicking up their heels for a profit are these faculty members of the Waterford High School. The teachers are presenting the musical "Girl Crazy" Friday and Saturday at 8 p. m. in the school gym to raise money for the school tennis court fund. A similar project netted $600 last year. Here cast members Mrs. Emma Olson, Mrs. Mary McGeehee, Miss Laura Mahan and Miss Helen Davis strive for professional perfection. Peter Evarts and Mrs. Norma Allen play the leads, and Miss Patty Looman is directing the production.

State Water Aid Bill Introduced

Senate Receives Act Setting Up Procedures for Source Surveys

LANSING (AP)—A new bill to provide state assistance in locating additional public water supplies for Michigan communities was before the Senate today.

It is a substitute for a broader measure sponsored by Sen. William S. Broomfield (R-Royal Oak) who has been seeking help from the State Water Resources Commission to survey new water sources for Oakland County communities faced with a water shortage.

The substitute bill contains no appropriation for the surveys. Broomfield said the State Affairs Committee felt the legislature should increase the commission's budget for that purpose when surveys are planned.

The bill now would require local governments desiring help to file a request with the commission setting forth that an engineer has been hired to make the surveys and providing similar official data.

The state commission would be authorized to reimburse local governments up to 50 per cent of the cost of such surveys but only if it has been given funds for that purpose.

The state would be limited to helping on preliminary engineering reports involving the production, treatment and transmission of public water supplies for an area with inadequate supplies.

PTA Elects Officers

ALMONT — Officers of the Almont PTA, elected recently, include Joe O'Callahan, president; Fred Bassier, father vice president; Mrs. Stanley Dombrowski, mother vice president; Arvid Watt, teacher vice president; Graham Terry, treasurer, and Mrs. Claude Spalding, secretary.

County Births

Thomas

Mr. and Mrs. Karl Waltz are the parents of a daughter.

South Avon Residents Get Progress Report on Water

AVON TOWNSHIP—Home owners from the southern section of the township turned out last night to hear a progress report on the new water system to be installed in their area.

Felix Anderson, of the engineering firm of Johnson and Anderson, said that final steps are being taken, and the plans are in the hands of the Health Department for final approval.

Asked why the proposed water mains do not go through more thickly populated sections than proposed, Township Supervisor C. E. Miller said "I wish we could put water in the whole township, but we are first putting mains in sections from which petitions have been received."

Miller welcomed teacher Mrs. Mabel Norman and her sixth grade pupils from the Stiles School, who came to observe the meeting.

Leading the 16 member class, Tommy Raffel voiced a plan for a swimming pool and possible recreational program to be instituted in their school area.

PTA Installs Officers, Presents Gift at Thomas

THOMAS—Officers installed at a meeting of Thomas PTA this week were Mrs. Stanley Themm, president; Mrs. Ira Bates, vice president; Mrs. Donald Dudley, secretary; Mrs. Daniel Bretzlaff, treasurer.

A new microscope was presented to the school by the PTA.

Sea Diver to Address County Line School PTA

TROY TOWNSHIP—"Wonders of the Sea" will be the entertainment topic at the 8 p.m. meeting today of the County Line School PTA.

Deep sea diver A. Pilkington will be the speaker.

Card Party Is Tonight

ROCHESTER — Women's Relief Corps 227 is sponsoring a dessert card party at the Avon Township Hall at 7:30 p.m. today. Proceeds will be used for hospital project work.

County Calendar

Thomas

The OES will serve a country style chicken dinner at the OES hall from 1-3 p.m. Sunday, with the public invited.

Troy Township

The Bunko Club will meet with Mrs. Marie Robertson, 635 Big Beaver Rd., at 8 p.m. Friday.

The Youth group of the Big Beaver Methodist Church will have a paper drive Saturday.

Big Square Dance Roundup Planned for Friday Night

WATERFORD TOWNSHIP — The Merry Mixers Dance Club is sponsoring the third annual square dance roundup, to be held Friday evening at the CAI building.

Invited to participate are the Allemanders, the Avon Township Club, the Calico Squares, the Clarkston Fourth Nighters, the Clarkston Saturday Night Club, and the Clarkston Wednesday Night Club.

Others asked to join in the fun are the Commerce Gay Timers, the Country Cousins, the Do-C-Do Club, the Elk's Sashay, the Hoedowners, Holly Square D., Promenaders, Square Set, Style Steppers, Suburban Steppers, the Western Twirlers and the Y Adults.

Edward Rockwell is general chairman of the event, assisted by Hal Brown.

Budding Cherry Trees Worry Traverse Area

TRAVERSE CITY (AP)—Unseasonably warm weather for April has brought out buds on thousands of cherry trees in this region.

The budding is at least 10 days ahead of normal and threatens possible damage such as occurred in the May 3 frost last year. District Horticultural Agent Clarence Mullett said Wednesday.

If the buds do not encounter damage, the entire region may have an excellent crop of tree fruits of all kinds, Mullett added.

Interlochen Contest Scheduled at Romeo

ROMEO — Plans are being completed for the 10th annual Interlochen Music Scholarship Concert to be held at 8 p.m. April 19 in the Romeo High School.

Sponsored by the Romeo Monday Club, the concert is presented annually by the high school music department.

Proceeds from the concert, as well as gifts from local clubs, organizations and individuals, provide music scholarships for deserving students to the National Music Camp at Interlochen.

Representative students from both the vocal and instrumental classes are selected by their classmates and instructors to vie for the opportunity of spending two weeks at the nationally famous music camp next summer.

West Bloomfield Voters League to Elect Officers

WEST BLOOMFIELD TOWNSHIP — Election of officers and annual reports will be taken up at the annual meeting of the League of Women Voters of West Bloomfield Township Tuesday.

The meeting will be at the home of Mrs. R. E. Driver, Birchway Drive, Orchard Lake, beginning at 10:45 a.m. Mrs. Graham Overgard will be in charge of the luncheon to follow the morning session.

"Continuing responsibilities" will be the subject of the afternoon discussion.

Airlines Object to Port Change

Claim Transfer From Willow Run Would Not Justify Costs

DETROIT (AP)—The seven major airlines now using Willow Run Airport are not interested in moving to Wayne-Major Airport at Romulus.

Robert E. Miller, president of the Airlines National Terminal Service Co., made the announcement. Miller's firm operates Willow Run and is owned by the major airlines.

Miller said costs would not be justified by "minor differences" in driving time.

Willow Run is rented from the University of Michigan, which acquired it from the government after World War II. Wayne-Major is owned by the city of Detroit and Wayne County. Willow Run is 31.5 miles southwest of Detroit, Wayne-Major 21.

Mayor Albert E. Cobo of Detroit recently invited presidents of the airlines using Willow Run to meet with him May 24 to discuss moving to Wayne-Major.

Cobo said the shorter distance would save 15 to 20 minutes driving time.

Robert E. Larson, administrative assistant to Miller, said the driving time saving would be "only 10 to 14 minutes, depending on the driver and the weather.

Airlines represented by Miller include American, Capital, Delta C. & S., Eastern, Northwest, Trans-World and United.

The U.S. collects more than $7 million a year tax on playing cards.

Red Jets Reported in Range of Taipei

TAIPEI, Formosa (AP)—Soviet-built jet bombers of the Chinese Communist air force now are stationed at Shanghai and bases to the south within range of Formosa, intelligence reports showed today.

Official quarters said they had no precise figure on how many, but believe it to be relatively small.

The jet bombers are based in the Shanghai - Hangchow - Ningpo area, from 320 to 430 miles north of Formosa.

Unofficial quarters estimated the Chinese Reds have between 100 and 200 jet bombers, but apparently only a fraction thus far have been transferred to bases at Shanghai and southward.

Population of Morocco has more than doubled in 55 years.

Scientists Report on Rat Experiments

Link Male Hormones to Liver Cancer

SAN FRANCISCO (INS) — Evidence linking male hormones to the development of cancer of the liver was presented at the San Francisco meeting of the Federation of American Societies for Experimental Biology.

Two scientists reported experiments with rats that showed the presence of the male sex hormone was a major factor in the ability to induce cirrhosis and cancer of the liver in the rats.

The scientists, Dr. Harlan I. Firminger of the University of Kansas School of Medicine and Dr. Harold P. Morris of the National Cancer Institute, said, however, that injection of female sex hormones seemed to offer little protection against the diseases.

Cirrhosis and cancer of the liver occur far more frequently in men than in women, but scientists have so far been unable to determine whether it is actually related to sex or is due to differences in enviromental factors such as alcohol consumption or diet.

Drs. Firminger and Morris fed a cancer-inducing chemical to male, female and de-sexed rats. They were able to produce in the male rats cancer of the liver that had all the characteristics of the same condition in man.

By contrast, female rats and de-sexed males had a much lower incidence of cancer when fed the chemicals.

One significant finding was that de-sexed female rats who were given male hormones along with the cancer-inducing chemicals developed tumors just like the males.

The scientists said the latter result indicated that the male hormone was the dominant factor in cancer of the liver and that female sex hormones apparently had little effect—either adversely or protectively.

In another report at the federation meetings, a University of Texas scientist said an imbalance of hormones may be connected to other forms of cancer.

Dr. C. E. Hall induced cancer and hypertension in laboratory rats by joining them surgically at their sides in the manner of Siamese twins.

He said one side effect noted along with the development of hypertension and cancer was enlargement of the adrenal glands—which produce a variety of hormones.

Report Bad Quake in Outer Mongolia

TOKYO (AP) — Government seismologists said tonight an earthquake of the highest intensity — stronger than the one that jolted the Philippines April 1 — may have shaken Outer Mongolia today.

The Central Meteorological Observatory said all indications on seismographs here were that the shock was of an intensity of 8, on a scale ranging from 1 to 8.

Continuing shocks from the quake were felt for an hour and a half, the observatory said.

An estimated 750,000 Americans today will be blind before they die.

Michigan Versus Ohio

Predicting that Michigan may pass Ohio in size of population before the end of the century, the state health department says Michigan grew 7.5 per cent to 6,851,000 while Ohio, the sixth most populous state, grew only 6.7 per cent to 8,482,000 between 1950 and 1953.

Key Men Guide GAW Parleys

Bugas, Anderson and Reuther Manage Ford, GM, UAW Teams

DETROIT (AP)—The answer to the controversial problem of the guaranteed annual wage is in the hands of seven men.

They are the key negotiators for General Motors, Ford and the CIO United Auto Workers.

The bargaining talks, which may result in a plan that eventually will affect millions of workers in the auto and other industries, are in the eary stages.

Participating are John Bugas and Mel Lindquist for Ford, Harry Anderson and Louis G. Seaton for GM and Walter Reuther, John W. Livingston and Ken Bannon for the UAW-CIO.

These men have a dozen or more aides flanking them in the separate sets of negotiations, but they are the principals who will make the decisions.

Bugas, 46, as Detroit director of the FBI, attracted the eye of Henry Ford II and was brought into the company in 1944. He became industrial relations vice president in 1946 in a fast rise to prominence. Tall and athletic-looking, he once was a star basketball player at the University of Wyoming.

Lindquist, 45, has been Ford's general manager for industrial relations since 1946. Another Westerner, he's from Colorado.

GM's team of Anderson and Seaton have been deep in their company's personnel work since before the UAW was formed. Anderson has been vice president in charge of personnel since 1942. They have piloted GM through serious UAW strikes. Anderson is 63 but looks younger. Seaton, 48, is stocky and blond, methodical and thorough-going.

Reuther, 47, is president of both the UAW and CIO. A tough bargainer, he led many of the auto industry's sitdown strikes. He is often criticized by his opponents as too much of a visionary. The guaranteed wage idea is considered to be his baby.

Livingston, 46, is a UAW vice president and has been director of the union's GM Department since 1952. He heads the UAW bargaining team at the GM talks.

Bannon, 40, bespectacled and balding, was active in organizing Ford workers in 1936 as a young man barely out of his teens. He served a hitch in the navy in World War II and has been director of the UAW Ford Department since 1947.

STATE OF MICHIGAN—In the Probate Court for the County of Oakland. Juvenile Division.

In the matter of the petition concerning Ruth Ann, Helen and Lova Morrison, Minors. Cause No. 13931.

To Dorothy Morrison, mother of said children.

Petition having been filed in this Court alleging that the present whereabouts of the mother of the said minor children is unknown and the said children are dependent upon the public for support, and that said children should be placed under the jurisdiction of this Court.

In the name of the people of the State of Michigan, you are hereby notified that the hearing on said petition will be held at the Court House in the City of Pontiac in said County, on the 3rd day of May A. D., 1955, at two o'clock in the afternoon, and you are hereby commanded to appear personally at said hearing.

It being impractical to make personal service hereof, this summons and notice shall be served by publication of a copy one week previous to said hearing in the Pontiac Press, a newspaper printed and circulated in said County.

Witness, the Honorable Arthur E. Moore, Judge of said Court, in the City of Pontiac in said County, this 12th day of April A. D. 1955.

Seal ARTHUR E. MOORE, Judge of Probate

A true copy ETHEL R. WATSON, Dep. Probate Register, Juvenile Division

TICKET TOILERS — Deanna Bradley and Dick Bashore don't look like they're working too hard to sell tickets for their coming PHS J-Hop. Cheerfully taking one off their hands is Jim Jones.

Doubts British Support in Formosa Declaration

WASHINGTON (AP)— Sen. Mansfield (D-Mont) said today he strongly doubts that Great Britain would agree to any decaration on Formosa until after she holds elections, perhaps in late May.

He said the "initiative" in the Formosa Strait "will remain with the Chinese Communists until that time."

Secretary of State Dulles made a new bid to the Red Chinese yesterday to agree to a cease-fire in the Formosa Strait, saying this country would not insist that Peiping renounce her claims to Formosa.

* * *

Formosa is the seat of Chiang Kai-shek's Nationalist government. The Reds have repeatedly threatened to seize it. Chiang in turn has pledged to return to the mainland.

In a brief talk to a group of church editors, Dulles said the kind of cease-fire arrangement this country favors would not force either Chinese faction to give up its conflicting claims. He said both would be asked only to renonce the use of force to attain those goals.

* * *

The secretary termed the Far East outlook 'not so proising," however, and said Red China seems to be motivated by the same type of aggressiveness as Nazi Germany just before World War I.

Adlai E. Stevenson on Monday called for a "declaration" by the United States and her allies—and all "uncommitted states"—to condemn the use of force in the Formosa Strait and to stand together "in the defense of Formosa . . . pending some final settlement of its status . . ."

U.S. Awaits Allied OK on Peace Atom Agency

UNITED NATIONS, N.Y. (AP)— The United States is awaiting approval from seven Allied nations of a proposed constitution setting up an international agency to carry out President Eisenhower's atoms-for-peace plan.

Informed sources said last night the agreement is being considered by Britain, France, Canada, Belgium, Australia, South Africa and Portugal.

The Red Cross disaster service provided rehabilitation aid to an average of one family every 75 minutes in 1954.

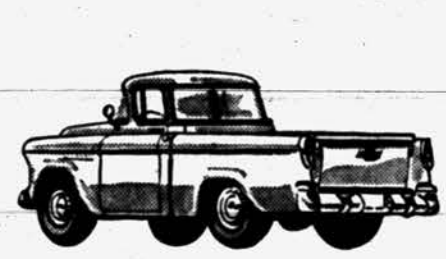
NEW CHEVROLET *Task-Force* TRUCKS

with a whole truckload of new advantages for you!

Here's what happens when America's No. 1 truck builder pulls out all the stops! Here are some of the new advances ready to work for you right now.

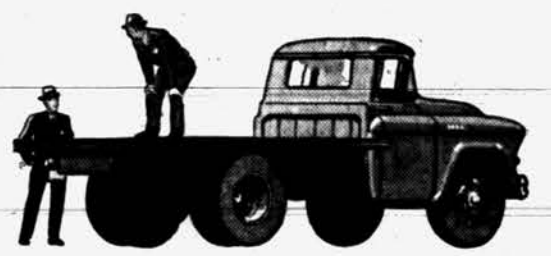
New Chevrolet Task-Force Trucks do *more* jobs faster, better and with new economy. If you've got a job for a truck, we've got the *modern* truck for your job! Look over the new features and advances highlighted here—no other line of trucks offers so much that's new. Then come in and look over these Task-Force Trucks in person.

CHEVROLET



1 New styling in trucks

It's Work-Styling—an exclusive development in truck design with two distinctively different styling treatments to match the job.



2 New 18,000 lb. G.V.W. capacity

New Task-Force Trucks are built to handle loads of all sizes. Capacities now go all the way up to 18,000 pounds G.V.W.

3 Six new "high-voltage" engines

All feature a new 12-volt electrical system for faster, surer starts; increased generator capacity—plus many exclusive advances.

4 The cab is as new as the view

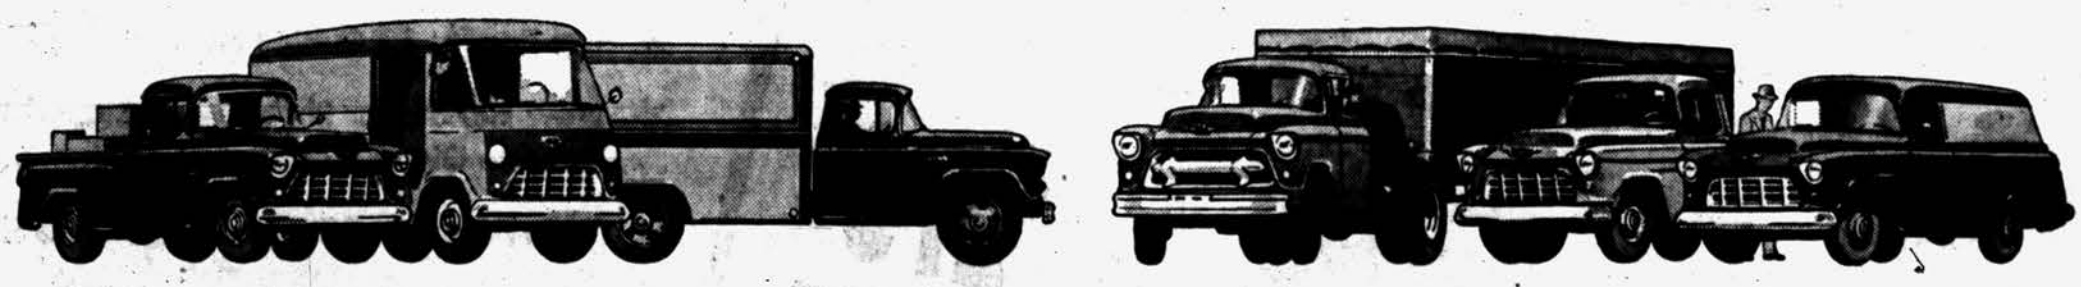
New Sweep-Sight windshield — plus more glass all around. New High-Level ventilation. New softer seats—new cab construction.

5 A smoother, load-steady ride

New suspensions front and rear provide a smoother ride. New concealed Safety Steps guard against mud, snow, or ice.

6 New standard-width frames

All models now have new standard-width frames, with larger full-length parallel side members. They're more rigid and durable.



7 New Overdrive or Hydra-Matic

New Overdrive is now available as an extra-cost option on ½-ton models and truck Hydra-Matic on ½-, ¾-, and 1-ton jobs.

8 New Power Brakes and Tubeless Tires

Power Brakes standard on 2-ton models—optional at extra cost on all others. Tubeless tires standard on ½-ton models!

9 New handling ease with Power Steering Chevrolet Power Steering is now available on all Chevrolet Task-Force Trucks, optional at extra cost.

10 New colors! New two-tone combinations Take your choice of a longer-than-ever list of attractive new colors and handsome two-tone combinations.

MATTHEWS-HARGREAVES, INC.

34 Mill St. and 211 S. Saginaw St. Pontiac, Michigan

SKIPPER OF GIANT — Capt. Roy Lee Johnson has been named skipper of the Navy's super aircraft carrier, the USS Forrestal. He is a decorated World War II air officer of the carrier USS Hornet. The Forrestal is scheduled to be commissioned next fall.

Grandma Spotter Cited

COLORADO SPRINGS, Colo. (AP) —The continental air Defense Command has awarded a medal to a grandmother who reported more than 3,000 aircraft in 8,000 hours of skywatching. The woman, Mrs. Earl Aiken, of Williams, Mont., refused to go to a hospital last fall after breaking an ankle because "I cannot leave these planes."

"The Pledge to the Flag" was written by Francis Bellamy, a member of the editorial staff of a Boston magazine, in 1892.

Suggests Free Shots

CHICAGO (AP)—A Chicago physician has called on other doctors to "forget their concept of fees" in administering the Salk polio vaccine. Dr. Joseph R. Guttman, 52, offered to inoculate the several hundred pupils at one school without charge as "a matter of civic pride and not charity."

Chemical warfare was known as early as 500 B.C., when sulphur and pitch were mixed together, set aflame, and hurled at besieged cities.

A-Energy Won't Hurt Coal for 10 to 15 Years

SPRINGFIELD, Ill. (UP) — An economist predicts that nuclear energy won't compete seriously with coal for 10 or 15 years.

Dr. W. H. Voskuil of the Illinois State Geological Survey told the Illinois Mining Institute, that even then nuclear energy won't displace coal in existing utility plants.

Voskuil said the principal cause of decline in the coal industry in recent years is that railroads have been switching to diesel (oil-burning) locomotives.

While the Cat's Away

FORDYCE, Ark. (AP)—About $7,000 in cash, checks and money orders was stolen from the safe in the sheriff's office, Sheriff Reese A. Parham of Dallas County said the safe was left open when he and his deputies went to lunch.

Musician Found Florida Haven

Rotting, Ruined House Once Was Occupied by Britain's Delius

JACKSONVILLE, Fla. (AP)—Frederick Delius, the meticulous English composer, spent a year in a Florida house that is now rotting away on the banks of the St. Johns River.

Or haven't you hear of Frederick Delius?

He is considered a musician's musician. His compositions are so delicate, restrained and complicated they limit his audience and are hard to perform. But his work is gaining in appreciation.

He came to Florida in 1884 under the pretext of raising oranges. He wanted to get away from his father's business world.

The next year he went to Danville, Va., where he taught music to the wealthy planters' daughters attending Roanoke Female college.

His Florida sojourn was spent in a four-room house shadowed by a huge oak that looked out over a high bluff across two miles of the St. Johns.

The property is 35 miles south of here. Delius kept possession of it until 1912.

Mrs. Martha Richmond now owns the site. She bought it with hope that it might some day be restored sufficiently by a state or national organization and kept in memory of the composer.

The spot is isolated and most of the area is wild and impassable. Vandals and time have left only a skeleton of the house. Nature has made a jungle of much of the property.

Mrs. Richmond says she once tried to hire a caretaker. "But the place is so isolated no one would stay there."

Delius' father insisted his son go into business. He came to Florida when he was 22, and it was on the banks of the St. Johns that his music began to surge into life.

The Florida influence is in much of his work: "Florida Suite"; his second opera, 'The Magic Fountain;" "Koanga," based on D. W. Cable's novel "The Grandissimes;" and "Piano Concerto," influenced by the singing of Negroes.

He wrote six operas, four concertos, two string quartets, three sonatas and some songs.

His "Mass of Life" is considered his greatest work.

His music was largely ignored in England until Sir Thomas Beecham included one of his compositions in each of his philharmonic orchestra performances.

Notice of Intention to Construct Sanitary Sewer and House Connections on Nebraska Avenue.

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan held on the 12th day of April, 1955 by resolution it was declared to be the intention of the City Commission to construct sanitary sewer and house connections on Nebraska avenue from Trunk Sewer East of Motor street to Franklin road at an estimated cost of $4,752.83 and that the plan, profile and estimate of said improvement is on file for public inspection.

It is further intended to construct said improvement in accordance with the plan, profile and estimate and that the cost thereof shall be defrayed by special assessment according to frontage and that all of the lots and parcels of land fronting upon either side of Nebraska avenue from Trunk Sewer east of Motor street to Franklin road shall constitute the special assessment district to defray $2,631.60 of the estimated cost and expenses thereof and that $521.23 of the estimated cost and expenses thereof shall be paid from the Capital Improvement Fund, and that $1,600.00 of the estimated cost of house connections shall be defrayed by special assessment against Lots 226 to 237 incl., Lots 243 to 255 incl., Wilson Park Subdivision.

NOTICE IS HEREBY GIVEN

That the Commission of the City of Pontiac, Michigan, will meet in the Municipal Court on the 19th day of April, 1955 at 8 o'clock p.m. to hear suggestions and objections that may be made by parties interested.

W.O. 6834

MOUTH WASH TOO—It's lucky for this worker at the British Sector Zoo in Germany that "Shanti" the elephant likes her bath. Otherwise, a whole "scrub team" would be needed to wash down the pachyderm. Not only does the mammoth beast get a trunk-to-toe rubdown but the animal cheerfully consents to a tusk-brushing with the latest non-irritating dentifrice.

Lawn Pest Spreads Through New York

GENEVA, N. Y. (UP) — The European chafer, a soil-inhabiting pest that causes serious damage to lawns, golf courses, parks, cemeteries and pastures, is spreading through New York state.

A member of the May beetle or June bug family, the chafer first turned up in this country in 1940 near Newark, N. Y. It causes injury by feeding on the roots of grasses and fibrous-rooted plants.

The grub usually is found in grasses in open, sunny areas in late fall or early spring.

A study at the state experiment station here indicates the chafer's presence will be first noticed by the "swarming" of the adults in trees and shrubs at dusk in early June, somewhat similar to the swarming of bees.

The most effective control, a report of the study showed recently, is soil treatment with DDT, chlordane and other similar materials.

Pencil Plays Role in Cousins' Reunion

MEMPHIS, Tenn. (UP) — Seven years ago, Sam Barrett found an automatic pencil on the floor of a hotel here.

Several months later, he noticed that engraved on the band was the name Clarence W. Barrett — the same as that of a cousin he hadn't seen for 50 years and with whom he lost contact.

The other day, while visiting his mother at Canton, Miss., he answered a knock at the door and there was his cousin, Clarence, standing outside.

Clarence had stopped to visit Mrs. Barrett on his way to Louisiana.

Sam pulled out the pencil, and Clarence told him it was his.

Clarence said he had been in Memphis for a short visit, had lost the pencil in the hotel and had searched unsuccessfully for it.

Woman may serve on juries in 44 of the states.

Do-It-Yourself Fan Turns Out Biplane

WATERLOO, N. Y. (UP)—The do-it-yourself project tackled by Andrew H. Oldfield amounted to quite a bit of work. But when he was through, he had an airplane to fly around in.

Oldfield, a mechanic by trade, spent some 2,000 spare-time hours spread over more than two years to build a trim little biplane.

Holder of a private pilot's license, he quickly got the CAA to license the craft.

The biplane—a rarity these days—is of metallic construction and has a wing span of 16 feet, 8 inches. A one-seater powered by a small Continental A80 engine, it weighs only 480 pounds when empty.

Hawaii produced 1,077,347 tons of sugar in 1954, 21,969 tons smaller than the record 1953 crop.

Chrysler's Tank Plant Is Going Into Mothballs

DETROIT (UP)—Chrysler Corp. announced today it was mothballing the million-square-foot Detroit tank plant for the Army.

Chrysler said that production of T51 heavy tank retrievers was completed on schedule March 31 and the plant ordered on a standby basis.

Chrysler reported that 90 per cent of the 1,760 tank plant workers laid off to date have been offered employment in Chrysler's other Detroit area plants.

The tank plant has 1,500 production machines and other equipment.

Million Mile Record

BROCKTON, Mass. (UP) — George P. Petrulis of Brockton has never had an accident in 25 years of driving trailer trucks more than 1,000,000 miles.

Grinnell's

"First in Music Since 1879"
27 S. SAGINAW

Sit right down and play!

WHY YOU can play the Chord Organ so easily:

1. You don't need to know notes. "Picture Music" is as simple to read as a road map!
2. You play chords with one finger! Press a chord button and play harmony chords that take 3 to 5 fingers on most instruments.
3. You press a pedal to add bass. Rest one foot on either of two pedals and the correct bass tones are automatically added!

You won't believe it until you play it, but actually thousands have played the Chord Organ without knowing music, in just half an hour! You don't have to take lessons. Come in for a demonstration at Grinnell's!

In walnut $985. In blond or ebonized, $1035.

Lake Orion District to Vote on $1,500,000 for Schools

School Board Passes Budget

$2,195,160 Represents Increase of $286,360 in Waterford Twp.

WATERFORD TOWNSHIP—The Board of Education has adopted a $2,195,160 budget for 1955-56.

It measures $286,360 more than the funds for the current year.

An increased enrollment of some 600 pupils next year, and the increased pay for teaching personnel accounts for the difference, according to school officials.

Also approved was the Recreation Board dubget of $23,884.13. This expense is shared by the Board of Edcation and the Township.

In other business the board named Bernard Heaney as assistant principal of the Isaac E. Crary Junior High School, effective April 25.

Currently serving as a counselor at the school, Heaney formerly was an instructor at Waterford Center School.

Rochester Group Plans Meetings of Area Clubs

ROCHESTER — Plans for a luncheon meeting of the Oakland County Federation of Women's Clubs, next month as well as a Reciprocity Day meeting of Romeo, Utica and Rochester clubs, were formulated by the Rochester Woman's Club at its annual meeting.

The Federation meeting was scheduled for May 6, and Mrs. Louis Stieb was appointed chairman of the committee planning the event.

The Reciprocity Day meeting and luncheon will be held during the third week of May at the Avon Pavilion. Mrs. Charles W. Case is in charge of arrangements.

At its election of officers, Mrs. Robert Woodruff was re-elected president by Rochester Woman's Club members. Mrs. Stieb is the new vice president, Mrs. Russell is recording secretary and Mrs. Arthur Dewey is corresponding secretary.

For thin slices of cheese, use a heated knife.

Date of May 9 Set for Election

Proposal 2 on Ballot to Ask Authorization for Tax Increase

LAKE ORION—In the regular meeting last night, the Lake Orion Board of Education adopted a resolution calling for an election on a proposed $1,500,000 bond issue.

On May 9 voters of the school district will cast ballots on two proposals.

The first resolution would authorize the bond issue to finance the construction of a new high school and several needed elementary classrooms. This will be a 25-year issue, at 3.5 per cent interest.

It is estimated that a tax spread of 6.5 mills will be sufficient to retire the bonds. At the present time, taxpayers are making final payments of the bond issue which built the Blanche Sims school, at the rate of 9 mills.

Voters also will be asked to authorize the school board to exceed the 15-mill limitation by 3 mills, for five years. This to meet increased operating costs, according to school officials.

This increase would be authorized for the years 1956 through 1960.

At a recent meeting, the Citizens Advisory Committee gave unanimous support to all the proposals, and recommended their adoption by the board.

All eligible voters have been urged to register with their respective township clerks in the six-township school district, before the closing of registration April 29.

Anyone who has voted in a general election (not a village election) within the past four years is automatically registered for school elections.

Plans has been completed for a brochure setting forth the needs, costs and plans for the new construction. PTAs of the various elementary schools in the district have underwritten the cost of mailing a copy to every resident of the district.

The publicity committee under the chairmanship of William Haight plans to distribute 5,000 of these booklets.

Mrs. Robert Johnson and Mrs. William Shoup have set up a speakers bureau, which will provide a speaker for any organized group meeting between now and May 9. These speakers will explain the proposals and the voting.

A canvassers corps is being organized by Mrs. Andrew Liebaert, Mrs. Dan Abbey, and Mrs. Paul Best, to make house-to-house calls on all residents of the district during the week preceding the election.

CONVENTION BOUND — Headed for the Grand Rapids convention of the Future Homemakers of America yesterday is this foursome at the depot. Before climbing aboard, (l-r) Karen Mehlberg of Lake Orion, Connie Dahl and Caroline McMaillan, both of Oxford, and Jackie Rowe of Auburn Heights gathered briefly. "International Good Will" is the theme of the convention, for which 600 girls have registered. Other local youths attending included a delegation from Milford. The local and national projects of the organization are "Civilian Defense" and "Families Together."

Pontiac Press Photo

Four Towns PTA Will Hear Teacher

FOUR-TOWNS — Miss Frieda Huggett, visiting teacher of the Waterford Township Schools, will be the guest speaker at the PTA meeting this evening.

Open house for parents to meet their children's teacher will be held from 7:30 to 8 p.m.

"Normal Patterns of Children's Behavior" will be Miss Huggett's topic, and a film will also be shown.

A discussion period is slated to follow, with refreshments served by mothers of first grade pupils.

Incorporation Vote Tuesday

To Discuss Keego Charter Tonight

KEEGO HARBOR—What a charter and incorporation as a city will mean are the subjects to be considered at a public meeting this evening at the Roosevelt School.

Charter Commissioner Charles Leaf will conduct the 8 p.m. meeting.

Keego voters will go to the polls Tuesday to cast ballots on the final step in the area's move to incorporate as a city.

The residents approved splitting away from West Bloomfield Township Dec. 14, 1954, and elected a charter commission to draw up the laws for the new proposed city.

This is the charter which will be up for public discussion this evening.

Members of the charter commission will be present to answer questions on the move. It is their desire to eliminate all doubt from the minds of residents before they step up to cast their votes on the future of the community.

In the Tuesday voting, residents will also vote to elect city officials. In the running are candidates for five city council posts, and also justice of the peace and constable positions.

These candidates will not be elected, regardless of the number of votes they poll, if the charter is not approved.

Tricycle Models in Ford Tractors

Farm Division Is Adding Three New Vehicles to Current Line

BIRMINGHAM — Ford Motor Company today announced it has added three new tricycle farm tractors and companion front-mounted implements to its expanding line of farm machinery. The tricycle tractors bring to eight the number of new Ford tractors introduced since January.

They are the first tricycle models ever built by Ford, and are now in full production at the company's Highland Park plant.

Power-spread rear wheels are a major feature of the new tractors, by which the operator uses the tractor's own power to turn the wheel discs to obtain the desired spacing.

Public showings by dealers throughout the nation are scheduled on a progressive basis through April and May.

Front-mounted equipment designed for use with the new Ford tractors includes two and four-row cultivators with planter, fertilizer and side-dresser attachments. Other Ford implements, including a two-row mounted corn picker, will be available soon.

Irving A. Duffy, Ford vice president and general manager, Tractor and Implement division pointed out, "The addition of the three tricycle tractors brings to eight the number of new Ford tractors announced since January of this year. Five new four-wheel models were introduced in January."

Salk Inoculations Start Wednesday at Holly School

HOLLY — A Salk polio vaccine clinic will start next Wednesday at 9 o'clock at the Holly Elementary School.

Parents are now making out the necessary permit slips.

The vaccine will be available to all children in the first and second grades. It is expected nearly 400 in the local schools will receive innoculations in the opening clinic.

A number of registered nurses will assist local doctors in the work. Arrangements are in charge of Mrs. M. E. Weldy, president of the local PTA.

Juniors of Clarkston Ask Paper Saturday

CLARKSTON—The junior class of the Clarkston High School will sponsor a waste paper drive Saturday, with proceeds to help finance the class's senior trip to Washington next year.

Residents are urged to place their tied bundles of old newspapers and magazines at the curb by 9 a.m. Saturday.

Those desiring home pickups are asked to phone Dominic Mauti, or William Shanks.

OES to Hold Bazaar

METAMORA — Metamora Chapter OES will hold a penny supper and bazaar Friday at the Masonic Temple, with serving to begin at 5:30 p.m. The bazaar will include booths selling baked goods, candy aprons, greeting cards and novelties, as well as a fish pond.

Power production in Sweden has doubled twice since 1934 and now totals 23,700,000,000 kilowatt hours a year.

Farmington OKs Budget for Area

$164,695 Appropriaton Includes Pay Raises for Township Officials

FARMINGTON TOWNSHIP—The 150 residents present at the annual meeting approved a 1955-56 budget of $164,695, which includes pay raises for township officials.

The supervisor salary was upped from $5,600 to $6,500, while the clerk received a $3,800 to $4,500 boost. The township treasurer will be paid $5,400 next year, compared to the $4,300 he received this year.

A $50,000 appropriation is included for road and street maintenance, and the erection of street signs. A seven-member advisory committee was named to work with the Oakland County Road Commissioner in spending this sum.

Contination of the $30,000 Civil Defense contingent fund was approved, and a $2,200 recreational fund was set up. Clarenceville will be allocated $700, and the rest of the township the remainder.

Authorization was given for hiring an additional policeman, bringing the force to three.

The establishment of a planning commission for the township, to be assisted by legal counsel, also was approved.

Final Wildlife Lecture to Be Given Tonight

ROCHESTER—Milton Lory will conduct the last in the Wildlife Lecture Series sponsored by the Rochester Community Schools at 8 p.m. today at the high school.

His topic will be "Isle Royale" and a film will also be shown.

Quemoy Calm as D-Day(?) Nears

By FRED HAMPSON

QUEMOY ISLAND (AP)—Only one day short of the oft-rumored target date for Communist invasion, Quemoy's soldiers and civilians alike said today they see no indication the Reds are coming—yet.

I visited this disputed island today and saw one of its almost daily artillery exchanges with the Communists a few miles away.

* * *

Nationalist guns coughed and in a couple of minutes I could hear the shell burst on the distant mainland or on the island port of Amoy.

The Reds fired back and the thump of the shells could be heard as they burst in the distance on this 50-square-mile island. One shell carried clear across the five-mile channel and as much of the island before it burst on a promontory a mile from the airfield when we were over it.

The Nationalists say there are few casualties from the shellings. The countryside is laced with ditches and dugouts. Father Bernard Druetto, a bearded priest from Marseilles, France, and the only missionary on Quemoy, says the people here all have cellars and spend increasing amounts of time in them.

Except for the shelling and the always busy defense builders, Quemoy wore its usual deceptive air of peace. At its nearest point it is less than five miles from the Red mainland.

* * *

The garrison commander, Lt. Gen. Liu Yu-chan was absent on Little Quemoy—a satellite island even nearer the mainland—today but his political officer, Col. Tien Shu-sin, said the Communists have at least 2,000 craft of all types in this area and plenty of men and guns to try an invasion.

However, most defenders here don't expect one because the Reds still don't have airfields close enough, as they now have near the Matsus.

* * *

Also, the beaches here are heavily defended. Queomoy's strength is a military secret but as the rumored invasion days approach it can be said that Quemoy is stronger in men and arms than it was a year ago when its manpower was estimated at 40,000.

At the moment Quemoy's people seem more concerned about drought, which has hit most Far East areas in this latitude. Barley patches are scrawny. Sweet potatoes and peanuts didn't grow. Communist guns have been killing livestock here, but on Little Quemoy they have been dying of starvation. Food is sent in, but there is hunger and malnutrition.

* * *

Col. Tien said the nearby mainland areas also are suffering from drought and food shortages but that no food riots have been reported. Mainland fishermen who rendezvous at sea with Quemoy fishermen tell of reduced rations and rice shortages. So do occasional refugees who reach Quemoy from the mainland, Tien says.

The report more troops and guns moving into the Amoy area but Tien says there have been no recent buildups that might foreshadow invasion—yet.

Both soldiers and civilians say the Communists intend to try to take Quemoy, where they lost 15,000 men and 300 boats in an unsuccessful try in 1949. But they don't think they'll try it for a while.

* * *

Soldiers told us today they were greatly impressed yesterday to see Generalissimo and Mme. Chiang Kai-shek riding about the island in a jeep with Gen. Sun Li-jen, chief of the staff of the Nationalist army on their visit here.

Red China Sentences 26

TOKYO (AP)—Peiping radio said today a Canton court yesterday sentenced 26 Nationalist "agents" who entered the south China city "with explosives and planned to do sabotage on National Day (Oct. 10) last year." The broadcast heard in Tokyo said nine wer sentenced to death and the rest given suspended death sentences or prison terms.

In London, mail-carrying driverless trains are run through a six-mile tunnel every five minutes, controlled entirely by pushbuttons.

Rural Mailman Tells of Early Hardships

WILLIAMSTOWN, Vt. (UP) — Robert Clogston, who retired recently after 39 years as a rural mail carrier, recalls that it was "pretty rough" when he started the job.

Clogston said he started working for the post office at the age of 21. In those days, he had to get up at 4 a.m., do the chores on his family's farm and start his mail route at 7 a.m.

There were many winter days when he had to walk behind his sleigh and hold it upright as he plowed through drifted snow. He spent a full day covering his 25-mile route.

When the automobile became the rural letter carrier's greatest asset, Clogston was able to cover his route in a few hours except when the New England winters made the going tough.

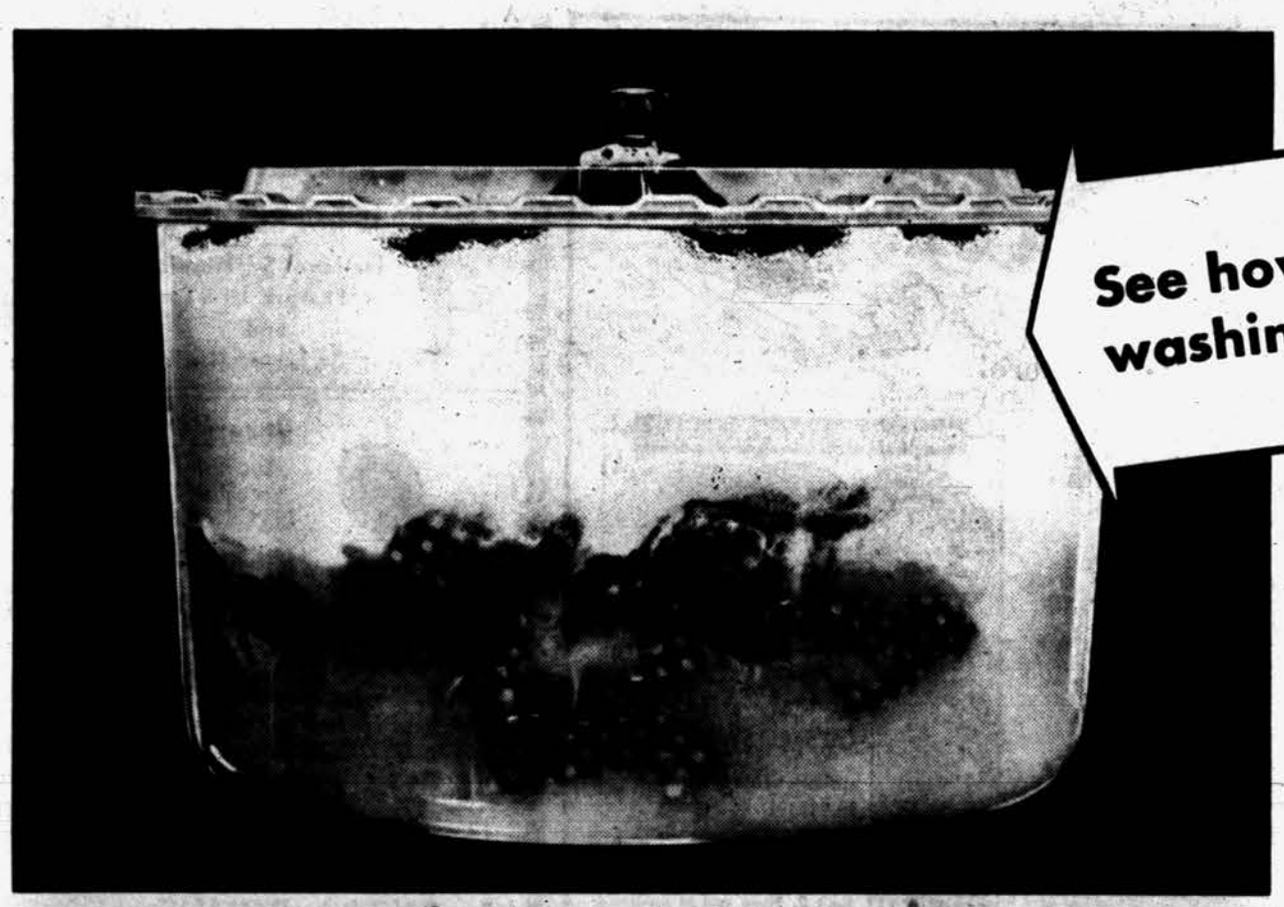
Actual photographs of transparent automatic washers prove:

No thick-suds detergent can wash so clean yet rinse as free as **all**



See how harsh, thick suds smother the washing action . . . clothes can't get as clean

Old-fashioned thick-suds detergents make such a heavy blanket of suds that clothes can scarcely move. And how can clothes get really clean if there isn't free and easy movement through the wash water? (Danger sign: These thick suds can billow up, overflow, and can cause damage to expensive automatic washer parts.)

Soapy suds like these just can't be rinsed away completely. They cling to fabrics and can deposit a dull, sticky suds scum. That's why clothes washed in thick suds can turn out so disappointingly grey and only half-clean.

Now see how *all* with gentle "controlled suds" permits free washing action . . . gets all the dirt out

all lets clothes slosh around in the water the way they're supposed to . . . getting out every bit of dirt. No thick, soapy suds to slow down washing action in this picture. Little wonder automatic washer makers prescribe *all* with "controlled suds" for best results in their machines!

And, during rinsing, *all* disappears completely, taking all the dirt right down the drain. Clothes washed with *all* are always so fresh and sweet . . . so completely, immaculately clean! Is it any wonder that no thick-suds detergent can wash so clean yet rinse as free as *all* with controlled suds!

*That's why automatic washer makers prescribe **all** with "controlled suds"!*

- Harsh, thick-suds detergents can cause damage to fabrics. But *all* with "controlled suds" has a gentle, thorough washing action that leaves dresses, towels and sheets so soft and sweet.
- No wonder most automatic washers leave the factory with a box of *all* inside!
- Your grocer carries *all* in just the right size, including handy, money-saving 25-lb. packages and pails. Buy *all* today . . . for best results.

Sundae Brings Spring to Table

Fruit Flavors Mingle in Sauce

Rhubarb, Strawberries Are Delightful, Colorful Combination

Nothing can please the eye and tempt the appetite more than a dish of ice cream served with a springtime sundae sauce. The combination of fresh rhubarb and strawberries not only provides the most colorful dessert imaginable, but the flavor contrast is really delightful.

When the sundae is ready to serve, if you top it with toasted almonds, you will add a dressup touch that will put it in the company dessert class.

Springtime Sundae can be served to the family for dessert anytime; it can be served as the dessert course at an early spring luncheon; or you can use it as refreshment, mid-afternoon or mid-evening.

Ice cream should not be considered an extra but should be included when checking the food nutrients in the day's meals. Ice cream contains essentially the same important food nutrients of milk and is one of the dairy foods that not only gives pleasure when eaten but also helps meet daily food needs.

If you want to bring spring to your table, serve Springtime Sundae with crisp butter cookies as an accompaniment.

Springtime Sundae

2 cups diced rhubarb (¾ pound)
1 tablespoon water
1 pint strawberries, washed and hulled
1 cup sugar, or part sugar and part honey
1 quart vanilla ice cream
Toasted almonds

Cook rhubarb with the water in a covered saucepan until rhubarb is tender, three to five minutes. Add sugar and sliced strawberries, and simmer three minutes longer, until berries are soft.

Remove from heat and chill thoroughly. Serve a generous amount over the ice cream and the rest in a sauce dish. Pass a dish of toasted almonds. Makes 3 cups of sauce.

Team Pears, Cheese

Halves of fresh pears filled with cream-style cottage cheese and garnish with crisp green pepper rings make fine lunch or supper salads. Arrange the pears on lettuce and serve the salad with mayonnaise or French dressing.

SPRINGTIME SUNDAE — Heap the ice cream balls high in the serving dish. Pass a bowl of fresh rhubarb and strawberry sauce, also one of toasted almonds. Each person makes his own sundae. Serve this delicious treat to climax a meal or as between-meal refreshment.

Hamburger by Any Name Rates Highest in America

Hamburger it is. Call it chopped beef, ground steak, Salisbury steak, or any other name! Today, hamburger is the most American of all meats.

This need not be pattied between buns with catsup and pickles on the side but "A Hamburger" pictures just that!

Thin ones, thick ones, dry ones, juicy—drive-ins, night clubs, coffee shops, kitchens; each has its own version. And each is eaten with relish!

Speaking of relish, catsup has surely grown to fame because it tops more hamburgers than any other sauce. Pickles, potato chips, and buns owe their place on the menu to the champion hamburger.

Though most ground beef is consumed in patty shape as "hamburger," there are no limits to the recipes in which tasty ground beef is used.

There are chili, spaghetti sauce, meat loaves, and skilletries. Hamburger is the pet of the budgeteer and the joy of the imaginative cook who creates as she cooks.

Ground beef, fresh or frozen, is best loved in patties one-fourth to a bold 1-inch thick. Seasonings are legion: Chopped onion, garlic, mustard, chili sauce, horseradish meat sauces, chili, or curry.

Some extend the meat with bread or cracker crumbs. Others dictate seasoned meat only to give true full flavor.

For cooking, there is the fry pan, the grill, the broiler, the oven. Each does well by beef, but beware the pancake turner or other tool that swats, pats, pounds or pummels the juice from the patty.

For heat, keep it gentle and treat the burger as a steak. Let the surface be crusty brown, the center juicy pink.

Season deftly and serve hot in bun or boldly uncovered with French fries, mashed potatoes or buttery vegetables as worthy companions.

A good hamburger by any other name is a delight, from noontime lunch to midnight snack.

Serve Vegetables With Flavorful Dip

Serve a first course of raw vegetables with a tasty dip.

Raw Vegetable Dip

1-3 cup mayonnaise
1-3 cup tomato catchup
2 teaspoons Worcestershire sauce
2 teaspoons bottled horseradish
Raw vegetables

Stir mayonnaise, catchup, Worcestershire sauce and horseradish together vigorously until there are no blobs of white left.

Turn into small bowl and surround with strips of raw carrot and celery, cauliflowerets, radishes, scallions and watercress.

Rediscover Treasure in Fruitcake Pudding

Like to discover treasures in unexpected places? You will when you serve Fruitcake Pudding.

Here is a perfect way to use that almost forgotten, remaining fruitcake. If it is dry, put it in the top of a double boiler, cover and heat over hot water about one-half hour, or until moist. Serve as a steamed pudding with hard sauce.

Warm Biscuits or Scones Have Winning Ways

Hot biscuits and scones have winning ways. And there's no time like the present to bake up a batch for the family. Introduce new variations of this quick bread to your menus.

Make a special biscuit to accompany the favorite meal that stars lamb chops. Finely chopped fresh mint leaves added to a basic biscuit dough give subtle flavor and bright color.

Another nice way of incorporating the complementing mint flavor is with mint jelly. Make a depression in the top of the biscuit and spoon a bit of mint jelly into it. They are a very attractive biscuit and "oh, so good" with roast leg of lamb.

Serve Zippy Roll-Up

Here's a snappy combination—deviled ham and soft cheese. Spread on pastry rectangle, roll up and bake. Serve whole or in thick slices with cheese sauce.

Tomatoes, Okra Are Tasty Dish

Here's a pantry-shelf vegetable combination that is delicious. Keep it in mind for meals that have to be prepared in a hurry.

Quick Scalloped Tomatoes and Okra

1 can (1 pound) stewed tomatoes
1 can (15½ ounces) cut okra
1 tablespoon butter or margarine

Empty tomatoes (including liquid in can) into 1½ or 2-quart saucepan. Drain okra and add (Save okra liquid for other use if desired.)

Heat to simmering; add butter and mix gently, so as not to break up tomatoes more than necessary. Serve in sauce dishes if desired. Makes six servings.

The canned tomatoes called for in this recipe are those prepared with onion, green pepper and other seasonings.

If desired, the liquid from the okra may be added to the tomatoes. In this case heat vegetables to simmering. Mix 1½ to 2 tablespoons cornstarch with 1½ to 2 tablespoons cold water until smooth.

Stir cornstarch paste into simmering vegetables; stir constantly until thickened and clear.

Savory Pork Meatballs Nestle in Fruited Noodles

Pork shoulder offers a wide variety of dinner dishes. Here's one using ground pork — pork balls served on fruited noodles with rich brown gravy.

Pork Balls on Fruited Noodles

1 pound ground pork
½ cup soft bread crumbs
¼ cup minced onion
1 egg, slightly beaten
½ teaspoon nutmeg
Salt, pepper, flour, fat
2 cups bouillon or water
1 teaspoon onion salt
1 teaspoon Worcestershire sauce
¼ cup raisins
4 ounces noodles (half an 8-ounce package)

Combine first five ingredients, 1 teaspoon salt and one-quarter teaspoon pepper. Shape into 16 firm balls, roll in flour and brown in 2 tablespoons hot fat.

Remove balls from skillet, add 4 tablespoons flour and blend well. Stir in bouillon or water and add onion salt, Worcestershire sauce and a dash of pepper. Cook, stirring constantly, until thickened.

Add balls, cover and simmer over low heat for 30 minutes.

Soak raisins in warm water. Cook noodles in boiling, salted water until tender. Mix drained raisins with drained noodles and serve topped with meatballs and gravy. Four servings.

Another good dish made from pork shoulder is this tasty, sweet-sour pork:

Sweet-Sour Pork

1 pound lean pork shoulder
Fat, salt, pepper
1 cup bouillon
2 medium green peppers
3 tablespoons chopped onion
4 slices canned pineapple
3 tablespoons cornstarch
⅓ cup sugar
¼ cup vinegar
2 teaspoons soy sauce
½ cup pineapple syrup (from canned pineapple)
4 cups boiled rice

Heat a little fat in a skillet and in it thoroughly brown the pork which has been cut in one-half-inch cubes. Sprinkle well with salt and pepper. Add bouillon and cook, covered, over low heat for 20 minutes.

Add green peppers cut into 1-inch pieces, onion, and pineapple slices cut into eighths. Cook another 10 minutes.

Blend cornstarch with next four ingredients and add to mixture. Stir constantly until thickened. Cook five minutes longer, and add extra salt, and pepper, if necessary.

Serve in individual rice rings or nests of boiled rice. Four servings.

Baking a two-layer cake? Set your oven rack in middle position and put the cake pans, without touching, across it diagonally.

Salt Taboo? Cheer Up! Try Low-Sodium Dishes

By JANET ODELL
Pontiac Press Food Editor

We have been asked to do an article on low-sodium diets. Now we are not in the medical field, but we can always look up recipes that will help make life easier for the person who must cut down on his salt intake. We can suggest ways of preparing food in an appetizing manner so that following doctor's orders is less of a chore.

Unlike the diabetic, the person on a low-sodium diet need not buy a quantity of specially prepared foods. He uses no salt and a salt substitute only with his doctor's permission. He checks canned fruits and vegetables to be sure they have no added salt.

He buys unsalted butter or washes the salt out of salted butter. He buys low-sodium milk for drinking and cooking.

Lemons can be life savers for individuals on this type of diet. Containing virtually no salt themselves, they spark up many dishes from appetizers to desserts. Lemon juice squeezed over unseasoned vegetables, meats or fish goes a long way to compensate for the lack of salt. Try this recipe for Lemon Baked Chicken.

Lemon Baked Chicken

¼ cup salad oil or melted unsalted butter
¼ cup fresh lemon juice
1 clove garlic, crushed
1 medium fryer (about 3 pounds) cut into individual serving pieces

Thoroughly mix salad oil, lemon juice and garlic. Arrange chicken in a casserole and brush each piece thoroughly with lemon-oil mixture. Cover and bake at 350 degrees until tender (45 to 60 minutes). Baste chicken occasionally with lemon-oil mixture. Uncover casserole for last 20 minutes to allow chicken to brown. If casserole is kept covered for entire baking time, brown under broiler, basting first. Sprinkle with chopped parsley and paprika. Serves 4 to 6.

You may bake your own bread without too much trouble. Be sure to use low-sodium milk in it.

Low Sodium Bread

¾ cup liquified low sodium milk
1½ teaspoons granulated sugar
2 tablespoons shortening
½ package active dry yeast
¼ cup warm (not hot) water
3 cups sifted all purpose flour

Scald milk; stir in sugar and shortening; set aside to cool to luke-warm. Sprinkle yeast over warm water; stir until dissolved. Stir into milk mixture. Add half of flour; stir in well. Add remaining flour, stirring to make stiff dough. On lightly floured board knead dough until smooth; place in lightly greased bowl and turn over once to grease all sides. Cover with clean towel, then let rise in warm place until double in bulk.

Remove from bowl and knead again until smooth. Shape into loaf; place in well-greased 9x5x3 loaf pan. Cover and let rise in warm place until double in bulk. Bake at 350 degrees about 1 hour or until done. Makes about 20 slices.

With summer weather in the not too distant future, you may be interested in this frozen dessert recipe.

Fruit Sherbet

½ cup lemon, orange or lime juice
2 teaspoons grated rind
1 cup granulated sugar
1½ teaspoons unflavored gelatine
2 tablespoons cold water
¾ cup hot liquefied low-sodium milk
1 cup cold liquefied low-sodium milk
1 egg white, stiffly beaten
1 drop food coloring (optional)

Turn cold control of automatic refrigerator to coldest setting. Combine juice, rind and sugar; let stand until sugar is dissolved. Soften gelatine in cold water; dissolve in hot low-sodium milk; then fold in beaten egg white. Stir in coloring. Pour into freezing tray; freeze until firm. Remove to bowl and beat with hand beater until creamy. Return to freezing tray. Refreeze until just firm enough to serve. Makes 6 servings.

Top your bowl of bite-size shredded rice biscuits and milk with a spoonful of rhubarb sauce for springtime breakfast variety.

Tuna and Macaroni Baked for Luncheon

Here's a satisfying little luncheon dish.

Easy Baked Tuna and Macaroni

1 can (15¼ ounces) creole style macaroni with mushrooms
1 can (7 ounces) tuna
1 tablespoon butter or margarine
¼ cup fine dry bread crumbs
¼ cup grated Parmesan cheese

Empty macaroni into mixing bowl. Drain oil from tuna; add tuna to macaroni; break up tuna but leave in fairly large pieces; mix lightly.

Pile macaroni mixture into four individual shell-shape baking dishes. Melt butter in small skillet; stir in crumbs; remove from heat and mix in cheese. Sprinkle crumb mixture over macaroni.

Place on cookie sheet and bake in hot (400 degrees) oven until hot through and bubbly — about 15 minutes.

Shells may be put under broiler for a few seconds, if desired, to brown topping a bit more. Makes four servings.

The eyes of many ostriches weigh more than twice as much as their brains.

Put Leftover Easter Eggs in Cookies and Puddings

What to do with leftover Easter eggs is a problem in many homes this week. If the bunny was very generous, the family may be surfeited with hard-cooked eggs served in the conventional ways.

So, it's up to homemakers to utilize the fine food value of these leftover eggs in clever, interesting ways that disguise them completely. Using hard-cooked eggs in baking is new to many people. But once you introduce this new flavor treat in cookies, puddings or cakes, your family will want you to repeat it often.

Children will never dream that delicious jam-filled cookies are a guise for using their forgotten Easter eggs, or that you had a dual motive in making a brand new pudding for their lunch or dinner dessert.

And there is no question about the good nutritional value of desserts made with eggs, butter or margarine, and wheat germ. They provide an easy way to round out the protein, vitamin and mineral requirements of family meals.

Try these recipes with your leftover Easter eggs, and you'll make them often for your fancy tea parties as well as for everyday good nutrition.

Linzer Cookies

1 cup butter or margarine
1-3 cup sugar
1 teaspoon vanilla
½ teaspoon almond extract
1 teaspoon grated lemon rind
4 hard-cooked egg yolks (rubbed thru fine sieve or strainer)
2 egg yolks, uncooked
2 cups sifted all-purpose flour
2-3 cup wheat germ

Cream butter or margarine and sugar; stir in flavorings. Add remaining ingredients, mix well. Knead lightly into ball. Roll to one-sixth inch thickness on floured board.

Using small doughnut cutter, cut half of cookies as for doughnuts. Remove center from cutter, and cut remaining dough as round cookies. To glaze cookies, mix an additional egg yolk with 1 tablespoon water and lightly brush tops of cookies.

Bake in moderately slow oven (300 degrees) 15-18 minutes. Cookies are light colored when baked. Put two cookies together with your favorite jam, placing a cookie with hole in middle on top of plain round cookie. Makes 2 dozen double cookies.

To vary recipe: Cut cookies in various shapes, glaze tops and sprinkle with mixture of sugar, cinnamon and chopped nuts. Bake as above.

Egg Pudding

¼ cup butter or margarine
½ cup sugar
4 eggs, separated
4 hard-boiled eggs, grated
½ cup wheat germ
½ teaspoon salt
1 cup vanilla
*Lemon sauce

Cream butter or margarine and sugar. Beat in egg yolks. Stir in hard-boiled eggs, wheat germ, salt and vanilla. Fold in egg whites, stiffly beaten.

Turn into greased 1-quart casserole or individual custard cups. Bake in moderate oven (325) 25 to 30 minutes. Serve hot with lemon sauce or with cream. Serves four to six.

*Lemon Sauce: Gradually add 2½ cups cold water to 1 package lemon pie filling; cook as directed, omitting eggs and sugar.

Add Homemade Touch to Canned Macaroni

For macaroni that melts in your mouth, fix the canned kind this way: Empty one can of macaroni into a greased casserole. Mix in about one cup of ham cut in strips or chunks. Also add one cup of cooked asparagus (canned, frozen or fresh) that's cut in chunks.

Top the macaroni with buttered crumbs, or swirl strips of cheese over the top to form a wagon-wheel pattern. Bake casserole at 375 for one-half hour.

Pass the golden-good macaroni along with a big bowl of fruit salad (oranges, bananas, pineapple). Polish off the repast with fudge-nut cake topped with whipped cream.

INSIDE-OUT SAUSAGE PIE — Here's a dish you can carry to a potluck dinner. Browned sausage and finely rolled cracker crumbs make the crust; the filling is a mixture of rice and tomato soup. Bake it at home for the family's pleasure, also.

Unusual Meat Pie Calls for Sausage Crust

You've heard of meat pie. But have you ever heard of a pie that had crust made of meat? This Inside-Out Sausage Pie is an unusually delicious main dish.

This particular recipe has been suggested as a good one to use for a cooperative dinner. If you have to bring the meat course, get this pie all ready for the oven and bake it when you reach your hostess' house.

Inside-Out Sausage Pie

1 pound pork sausage meat
20 saltine crackers, finely rolled (about 1 cup crumbs)
½ cup chopped green pepper
¼ cup chopped onion
1 cup condensed tomato soup
2 cups cooked rice
1 cup grated cheddar cheese

Brown sausage meat in skillet; drain off fat as it accumulates. Combine sausage meat, saltine cracker crumbs, green pepper, onion and one-half cup soup.

Carry to the party, and 40 minutes before serving time put in oven preheated to 350 degrees.

Plan Weekend Desserts With Cake Mix Recipes

By JANET ODELL
Pontiac Press Food Editor

When you "Meet Your Neighbor" this weekend in the grocery store, you're going to be buying lots of packaged cake mix — we hope. Since part of the price paid for every box goes into the Pontiac Civic Auditorium fund, we shall all benefit in the future.

We are urging you all to buy and we're giving you a number of new ideas on how to use these wonderful mixes.

The first idea is to make the delicious looking pie that appears in the above picture, Brownie Ice Cream Pie. You add extra nutmeats to a package of brownie mix and bake it in pie pans. Fill these yummy shells with vanilla fudge ice cream just before serving and pass the chocolate sauce.

Brownie Ice Cream Pie

1 package (1 lb.) brownie mix
2 quarts vanilla-fudge ice cream
½ cup chopped walnuts (in addition to those called for in package directions)

Prepare brownie mix as directed on package, adding extra walnuts. Spread evenly in two 8-inch pie pans. Bake in moderate oven, 350 degrees, 15 minutes. Cool in pans. When ready to serve fill each pie with 1 quart of vanilla-fudge ice cream (or any desired flavor). Cut each in 6 wedges and serve at once. Or serve one pie, then wrap remaining pie in freezer foil and keep in freezer to serve on another occasion. Serve with Creamy Chocolate Sauce.

Creamy Chocolate Sauce

2 squares (2 ounces) unsweetened chocolate
½ cup sugar
1 small can evaporated milk
1 tablespoon butter

Melt chocolate over hot water; stir in sugar. Stir in butter or margarine. Add evaporated milk slowly. Cook over hot water, stirring occasionally, until thickened. Serve hot. Yield: 6 to 8 servings.

Suppose you want cookies for dinner or to put in tomorrow's lunch boxes; you have cake mix on hand. That's all you need. Just follow the directions below.

Drop Cookies or Crinkles

1 package white, yellow, honey spice or chocolate devils food cake mix
¼ cup soft shortening
1 medium egg
2 tablespoons water

Mix all ingredients thoroughly with hands. Chill dough. Heat oven to 375 degrees. Roll dough into balls the size of walnuts. Place 2 inches apart on ungreased baking sheet. Or drop by teaspoonfuls on ungreased baking sheet. Bake about 10 minutes, until delicately browned. (Do not overbake. Cookies will be soft when removed from oven but will be crisp when cool.) Makes about 3½ dozen.

Choco-Nut Crinkles: Mix one 6-ounce package semisweet chocolate pieces and ½ cup chopped nuts into the dough.

Coconut Crinkles: Mix 1 cup shredded coconut into the dough.

Fruit Crinkles: Mix ½ cup mixed candied fruit into the dough.

Peanut Crinkles: Mix 1 cup chopped salted peanuts into the dough.

BENEFIT Sale

Proceeds of this Sale, sponsored by the Pontiac Association of Women's Clubs, will go to the Pontiac Civic Auditorium Fund. To further aid this project, **Earl's Market will duplicate the amount of money** donated by General Mills on each package of Betty Crocker Cake Mix sold at Earl's Market. So shop at Earl's and help the Civic Auditorium Fund!

Fish Glorified by Oven-Frying

Perhaps you've heard the term "Spencer Method" applied to fish cookery and wonder what it means. Years ago, a government food expert, Evelene Spencer, developed a method of breading fish and baking it at a very high temperature — a preparation which resulted in a fine crust on the outside and tender, moist fish on the inside.

This method, which we now call "oven-frying," can be used for both fish fillets and steaks.

OVEN-FRIED FISH STEAKS — If you have never baked fish steaks, you are in for a real treat. This method of baking fish at a very high temperature for a short time makes a product that is truly delicious. Be sure to serve it with lemon slices.

Oven-Fried Fish Steaks

4 fish steaks (halibut, haddock, cod, or some other white-meated fish)
1 cup milk
2 teaspoons salt
Dash pepper
½ cup fine dry bread crumbs
¼ cup melted butter or other liquid fat

If steaks are frozen, let them thaw on refrigerator shelf or at room temperature. Add salt and pepper to milk and pour in a shallow pan. Spread bread crumbs on piece of waxed paper. Dip steaks first in milk, then in crumbs.

Place in buttered shallow pan or dish. Drizzle butter or other fat over steaks. Bake at 500 degrees (very hot oven) 10 to 12 minutes, or until fish flakes easily when tested with a fork.

Serve immediately on a hot platter. Makes four servings.

Grated cheddar cheese tates delicious when it is added to cornsticks. Serve the cornsticks with a vegetable soup or a vegetable salad for lunch.

Team Pears, Oranges

Sprinkle sliced fresh pears with lemon juice and arrange them with alternate layers of sliced oranges in a pretty glass bowl. Sprinkle each layer lightly with sugar. Top with moist shredded coconut. It's a delicious dessert patterned after the famous southern concoction called Ambrosia.

A&P Super Markets
THE GREAT ATLANTIC & PACIFIC TEA COMPANY

EASY PLATE LUNCH — Service in the Blue Plate manner may be carried into the home. It is an easy, efficient way of putting a meal on the table. In the above picture we have canned baked beans spooned over frankfurters, hot cornbread and a relish assortment.

Bake Bacon in Oven

Cooking bacon for a crowd? Place strips of bacon on a rack in a shallow pan, making sure that the fat edges of the bacon overlap the lean. Bake on the top shelf of a hot (400 degrees) oven for 12 to 15 minutes or until as crisp as you like.

Safety Pins Suggested

Here's the easiest way to pin up poultry after stuffing it. Use new 2-inch-long safety pins to do the job. Pins are easy to wash with a brush and may be used over and over. Try this suggestion the next time you stuff a chicken, duck or turkey.

Keep a can of sweet cherries in your refrigerator. For an emergency dessert, salad or garnish they will be handy and easy to use.

Strawberry Jam Cake Teams Up With Coffee

Serving your crowd cake and coffee? How about this strawberry jam cake for an easily made treat? Prepare one package of angel food cake mix as directed on package and bake in two 8x4x3 pans in moderate oven (350 degrees) about 30 minutes. When cool, split each cake into three layers. Spread strawberry jam between the layers and on top, then spread sides generously with whipped cream.

No strawberry jam on hand? Make a batch with the quick and easy help of liquid or powdered fruit pectin and frozen strawberries.

Plate Luncheon Easy to Serve

Pork and beans are good hot or cold. Serve them with meatballs, ham, wieners, frankfurters, bacon or link sausage. Sauteed onions or tomatoes combine well, with the beans for variety.

Plate Lunch

Cornbread or rolls, relishes, and a beverage served with pork and beans on a frankfurter make a wholesome meal. Heat the beans in a saucepan on top of the range or in a covered dish in the oven.

Heat the franks in a pan of simmering water, drain and split lengthwise. Spoon on a generous serving of pork and beans with sauce. A one-pound can serves three. Count on another can to allow for seconds.

Ham Tuck-Away Uses Up Leftovers

If you're lucky enough to have ham left over, Ham Tuck-Away will help you extend its richness to the last flavorful bite.

Ham Tuck-Away

½ pound ground cooked ham
½ cup cooked tomatoes
1 egg
2 tablespoons chopped onion
½ teaspoon dry mustard
1 teaspoon Worcestershire sauce

Spread this mixture into an 8-inch square baking dish which has been lined with a basic drop biscuit dough. Drop additional biscuit dough on top of meat mixture and bake in 400 degree oven 35 to 40 minutes.

Make Delicious Sauce With Candy Chocolate

With candy-making chocolate, you can make marvelous treats quickly. It's handy to keep, handy for impromptu entertaining or family festivities, and makes a truly delicious hot sundae sauce like this one:

Heat four squares of this special chocolate over water, when partly melted, remove from water, stir rapidly till entirely melted, add 4 teaspoons butter and blend. Keep over hot water until ready to pour on ice cream.

For a quick luncheon dish heat a prepared tomato sauce—the kind that's good on spaghetti. Serve over hard-cooked or scrambled eggs.

MEDLEY OF TARTS — Using the new pastry method that requires no rolling, you can turn out a batch of tempting tarts like the ones above. Fillings are currant lemon, prepared fillings from mixes, preserves or fresh fruit with whipped cream.

Easy New Pastry Method Eliminates Rolling Chore

Here's the newest method of making pie crust. Made with liquid shortening and requiring no rolling, it has several advantages over other methods of making pastry.

For a regular pie crust you mix it right in the pie pan. It never gets tough, never shrinks, never gets soggy. Even the most inexperienced cook should be able to make good crust with this recipe.

No-Roll Pastry Shell

1⅓ cups sifted all-purpose flour
1½ teaspoons sugar
1 teaspoon salt
½ cup salad oil
2 tablespoons cold milk

Sift dry ingredients into pie pan. Combine oil and milk in measuring cup. Whip with fork and pour all at once over flour mixture. Mix with fork until flour is completely dampened.

Press evenly and firmly with fingers to line bottom of pan; then press dough up to line sides and partly cover rim. Be sure dough is pressed to uniform thickness. To flute, pinch dough lightly with fingers. Do not use a high fluted edge.

Temperatures for baking:

Baked shell: For fillings such as lemon meringue, chiffon, prick entire surface of pastry; bake in hot oven (425 degrees) 12 minutes or until lightly browned. Cool; fill as desired.

Unbaked shell: For fillings such as custard, pumpkin, pecan, bake in hot oven (400) 15 minutes) then reduce to moderate (350) and bake until crust is lightly browned and filling tests done.

For crumbie crust—8 or 9-inch pie: Combine as directed above, using 2 cups flour, 2 teaspoons sugar, 1¼ teaspoons salt, two-thirds cup oil and 3 tablespoons milk. Set aside about one-third dough for topping. Press remaining dough into pan as for single crust.

Fill with desired filling. Crumble dough for topping into small bits and sprinkle over filling. Bake in hot oven (400 degrees) 15 minutes; reduce to moderate (350 degrees) and bake 30 to 40 minutes longer; until crust is lightly browned and filling tests done.

For tart shells: Follow recipe for crumble crust pie (using 2 cups flour). Combine ingredients in medium bowl. Divide pastry into eight medium tart pans. Line tart pans as directed for shell. Prick. Bake in hot oven (425 degrees) 12 minutes or until lightly browned. Cool in pans. Then remove carefully before filling.

Always prepare filling before making pastry.

Currant Lemon Tarts

2 teaspoons cornstarch
½ cup sugar
¼ teaspoon salt
1 egg, well-beaten
½ cup light corn syrup
2 teaspoons grated lemon rind
1-3 cup melted butter or margarine
1 tablespoon lemon juice
2-3 cup currants or raisins
8 unbaked no-roll pastry tart shells

Mix cornstarch, sugar, and salt. Add egg and blend well. Add remaining ingredients, mixing well. Chill. Turn into unbaked tart shells. Bake in hot oven (400 degrees) 15 minutes, reduce heat to moderate (350 degrees) and bake 10 minutes longer. Cool in pans. Makes eight 3-inch tarts.

For variation: Fill baked shells with prepared pie filling mix using your favorite flavor; or fill tart shells with strawberry or other fruit preserves or sweetened fresh fruit topped with whipped cream.

When Making Cobblers

It will soon be time to make fresh fruit cobblers. To obtain best results, have your fruit mixture piping hot before adding your biscuit topping. For a shortcut, use ready-to-bake biscuits.

Ham Supper Ring Boasts Rich Flavor

If you're lucky enough to have some of the Easter ham left over, here is a recipe designed to make the most of its rich flavor.

Ham Supper Ring

2 cups sifted enriched flour
3 teaspoons baking powder
1 teaspoon salt
1-3 cup shortening
2-3 to ¾ cup milk
2 tablespoons prepared mustard
1 cup cooked ham, cut in tiny cubes (6 ounces)

Sift together flour, baking powder and salt. Cut or rub in shortening until mixture is crumbly. Add milk and stir only until flour is moistened. Turn out on lightly floured board and knead gently 30 seconds.

Pat or roll out to rectangular sheet about 9x15 inches. Spread with mustard. Arrange meat evenly over dough. Roll up like jelly roll and form into ring on greased baking sheet.

With scissors or sharp knife cut slashes one inch apart, cutting almost to center. Turn each slice slightly on its side. Bake in hot oven (425 degrees) 15 to 20 minutes. Makes four to six servings.

PINK SUPPER LOAF — Here's a super special sandwich to use for gala occasions. It calls for an oblong loaf of unsliced bread. There's a meat filling of ham or tongue, also one of cabbage salad. The topping is cream cheese tinted a pretty pink with catsup.

Serve Pink Supper Loaf

Try this pretty Pink Supper Loaf for any special occasion.

Teenagers will love it for that 10 o'clock snack when they gather in your recreation room to dance to records and drink Coke.

It's ideal, too, when the grown-ups gather. The best part is that you can do it hours ahead and have it ready in the refrigerator.

And, use it as a special treat at a children's birthday party. It's healthful and filling.

Be generous with the catsup bottle while making both spreads for it's the catsup which gives it the extra flavor and provides that pretty pink frosting. Here's how it's done.

Pink Supper Loaf

2 cups ground or finely chopped cooked ham or tongue
¼ cup finely chopped dill pickles
½ cup catsup
¼ cup mayonnaise or salad dressing
½ teaspoon grated onion
Salt and pepper to taste
2 cups finely shredded cabbage or lettuce
¼ cup mayonnaise or salad dressing
1 teaspoon prepared horseradish
Salt and pepper to taste
1 3-ounce package cream cheese
3 tablespoons catsup
1 10 or 11-inch unsliced oblong loaf rye, white or wholewheat bread
Butter or margarine

In a bowl, combine ham, pickles, one-half cup catsup, one-fourth cup mayonnaise, onion, salt and pepper; mix thoroughly.

In a bowl, combine cabbage, one-fourth cup mayonnaise, horseradish, salt and pepper; mix lightly but thoroughly. Keep fillings chilled.

In a bowl, soften cream cheese. Stir in three tablespoons catsup and blend until mixture is smooth and creamy.

Then cut off all hard crusts from the loaf of bread or just cut off bottom crust. Cut loaf of bread lengthwise into three slices.

Spread the top of the cut slices with butter. Spread the bottom slice with the ham filling. Top with the second slice of bread; spread with cabbage filling. Cover with the top piece of bread and frost top with catsup-cheese mixture.

Garnish with tomato wedges and scored cucumbers if you wish. Slice loaf crosswise to serve. Makes six-eight servings.

Serve Maypole Cake

Come the first of May, you will have as much fun as dancing on the green when you make this Maypole Cake. Start with a bakers' iced, 9-inch round cake. Wedge a stick of peppermint candy, for the pole, into the center of the cake. Attach narrow ribbons to the candy and carry the ribbons over the cake top to the edge of the cake. Fasten ends in position with colored candy jelly beans or gumdrops.

Fresh pork sausage must be cooked slowly and thoroughly so that not one trace of pink remains in the meat when you serve it.

Precious Rice Nutrients Are Removed by Rinsing

There has always been a good deal of doubt in the minds of homemakers as to whether they should or should not wash rice before it is cooked.

Today's rice milling is a cleaning process. The milling is carried on under exceptionally sanitary conditions. Therefore, there is no reason for clean packaged rice to be washed before it is used.

Many studies show the loss of food value when rice is washed before it is cooked. These research studies show that if washed before cooking, milled white rice loses as much as 43 per cent of the thiamine, as much as 26 per cent of the riboflavin and about 23 per cent of its niacin.

Other research studies show if rice is cooked in an open vessel and covered with too much water which is poured off after cooking the rice, the following amounts of food value may be lost: As much as 54 per cent of the thiamine, 48 per cent of riboflavin and 41 per cent of the niacin.

If rinsed after it is cooked rice loses even more food value. Therefore, it is quite apparent rice should not be rinsed before or after it is cooked and that it should be cooked in the very smallest amount of water.

Rice Consumer Service has perfected the following cooking method which has become a proven standard method for preparing all varieties of U.S. grown milled white rice. This recipe will produce fluffy, perfectly cooked rice every time if carefully and exactly followed.

To make three heaping cups of fluffy, white, perfectly cooked rice:

1. Put one cup uncooked white rice, 2 cups cold water and 1 teaspoon salt in a 2-quart saucepan.
2. Bring to a vigorous boil
3. Turn the heat down as low as possible. Cover saucepan with a lid and leave over this low heat for 14 minutes. Serve.

For extra fluffy, tender rice remove the sauce pan from the heat but leave lid on for 10 minutes before serving.

To cook perfect, fluffy rice, use these exact measures and timing. Never remove the lid from the saucepan while the rice is cooking, and never stir.

Leftover cooked rice may be stored in a covered container in the refrigerator and used in any recipe calling for cooked rice. Reheat this cooked rice by placing one-quarter cup water and one cup cooked rice in a saucepan. Break up any lumps.

Place saucepan over a high heat. When water around edges bubbles, place lid on saucepan and turn heat as low as possible. Leave over this low heat for 14 minutes.

Pastry Looks Festive When Edge Is Fluted

Want a fine trim for your 1-crust pie?

Cut the rolled out pastry one-half inch (at least) larger than the top edges of the pie pan. After fitting the pastry into the pan, turn the hanging edge under and flute the edge. To flute, put your little finger under the edge and press the pastry on each side of it with the thumb and forefinger of your other hand.

Serve Jumble-Beans for New Taste Treat

A casserole of Jumble - Beans makes a good-eating change from the usual pork and beans. What is it? Simply a mixture of three kinds of beans from cans, wrapped up with a luscious sauce.

Start by browning one chopped onion and one mashed clove of garlic in shortening. Tumble in one can each of pork and beans, kidney beans and lima beans—that's about six cups of beans.

Add one-half cup liquid from the lima beans, one-fourth cup catsup, one teaspoon prepared mustard and dash black pepper. Mix well. Bake at 375 degrees for about 30 minutes or until bubbly hot.

Woman Who Drives Her Husband Towards Success Often Destroys Him

Boy Gets Impression of Parents

Mother and Father Should Remain With Daughter

By EMILY POST

The following letter is from a mother: "Last Sunday afternoon my daughter had a date with a young man. When they returned home, about eight o'clock, she asked him to come in for awhile.

My husband and I were sitting in the living room watching television when they came in and after about ten minutes I excused myself and went into another room. I beckoned my husband to leave too as I know young people like to be left alone.

My husband made no attempt to leave and stayed right there with them. It is his contention that it would have been wrong for both of us to leave the room. We had quite a discussion over this and so I decided to write to you for your opinion."

There was no reason why either you or your husband should have left the room. For you both to have walked out only ten minutes after they came in might have given the boy a false impression.

Dear Mrs. Post: My son, stationed in England with the Air Force, has just written my husband and me telling us of his engagement to an English girl. I would like our friends here to know of the engagement.

Would it be proper for me to send a notice to our local newspaper announcing his engagement?

Answer: As the girl your son is engaged to is in England, it will be entirely proper for you to send a notice to your local newspaper stating that the engagement of Mr. John Jones, son of Mr. and Mrs. Henry Jones, is announced to Miss Barbara Britain of London, England.

Dear Mrs. Post: When being introduced to someone for the first time and you do not happen to get that person's name, is it impolite to ask, "What is your name?"

Answer: It would be better to ask the person who introduced you for her (or his) name.

However, should you have to introduce this person to someone else before you have an opportunity to do this, it would not be impolite to say, "I'm sorry but I did not quite get your name. Will you please tell me again what it is?"

Though you see a lot of people chewing gum on the street and in other public places, it is still not considered good manners.

No one can manage to look either dignified or attractive while munching away like a cow with her cud.

Source of the Rio Grande River is in the San Juan mountains of Colorado.

When your youngster is in bed with a cold, you can keep her amused for hours whipping up the same concoction for her doll — Grandma's pet remedy of baking soda and lemon — that she herself takes.

Wiretapping Old Stuff to Rural Party Liners

By MARY MARGARET McBRIDE

Telephoning to two of my friends has recently taken on the excitement of an adventure That is because their exchanges, it has been revealed, were among those tapped by professionals for purposes that still are not clear.

Presumably the tapping has now ended, but since we don't know for sure, we still talk as if we were being eavesdropped on.

I vaguely remember telephone wiretapping from my reporter days. Only then, it seemed very remote from my life.

The late Dutch Schultz, a beer baron turned policy king in the 1930s, was tapped so constantly both by law enforcement authorities and by his enemies that whenever he concluded a call, he is supposed to have snarled to his extra-curricula audience, "Drop dead!"

Government employes in Washington have for years taken wiretapping for granted and important public servants with big secrets to protect have talked more or less in code, the way we used to on the country party line which was my first experience with the telephone.

When you'd answer your two short, two long, ring, you'd sense receivers being carefully lifted off the hook and you'd know they were all there—Miss Jodie, Cousin Lou, one of the Ragsdale girls and so on.

So if there was anything you didn't want them to know, you either spoke cryptically of it or not at all. My only experience with a party line since those days was during a summer in rural Maine when the telephone in my rented house was on the same line as that of explorer Richard E. Byrd.

My admiring curiosity made me take down the receiver albeit shamefacedly, every time I heard his ring but the nearest I ever came to listening in on Polar secrets was when the laundry in town lost a garment which I understood from the conversation to have been a relic of the explorer's far north past.

There was nothing much to do about party line listening except be careful but wiretapping is a matter of open debate.

Some think that under proper conditions, recordings of overheard conversations should be accepted by the court as evidence. But I'm with the strong body of opinion against it. It seems to me that it is of doubtful value, anyway.

Certainly judging by escape literature, when persons of evil intent really want to talk things over, far from risking the telephone, they meet at the ringside tables of noisy nightclubs where it is impossible to be overheard.

The real reason I'm against legal wiretapping, though, is plain selfish — if I'm on the exchange tapped I may be listened to. I don't intend to launch a life of crime and I have no private bookmaker. But I'd certainly be embarrassed if I ever heard a playback of any telephone conversation of mine.

I think I'd almost rather be overheard planning to break into Fort Knox than tapped while furiously lambasting my manager for a suspected oversight — and then having to eat humble pie for conclusion-jumping and general stupidity.

Privacy, which I prize, is getting to be so rare that I sometimes feel just about the only time people are able to be alone is in the shower with the water running. I did read the other day though that if you seal letters with white of egg they can't be steamed open.

And at least one fine bit of advice emerges from the wiretapping commotion. Said one expert now in the business of developing tap-proof communications, "the only way to be entirely sure of privacy is to keep your mouth shut."

PETUNIA!

Listen, Friends!
It never hurts
To save the boards
That come with shirts

Right, Petunia! Shirt cardboards are fine cutting boards in the kitchen for fruits and vegetables, for they absorb the messy juice. Then wrap it around the peelings — throw away!

Good Wife Helps Hubby to Succeed

Nagging Mates Often Responsible for His Failure

By ANNE HEYWOOD

Elinor J. came to see me recently, and an angrier woman you've never laid eyes on.

Her husband, she announced firmly, is a terrible failure—"in all the really important things, that is" — and she wanted to find out what to do.

"My hsband is a salesman," she said, "and a pretty good one, I suppose, as far as that goes, But he doesn't make a lot of money, and we don't have much left over for luxuries, what with three children.

"Now, all the other men in our neighborhood are marvelous at making furniture and repairs and things like that. But not Bob—he's hopeless!

"He doesn't know how to do anything mechanical, not anything. He's all thumbs. And my friends' husbands are always repainting or putting on wallpaper or making end tables and all kinds of improvements in the house.

"They have perfectly lovely homes, thanks to their husbands' ability. But ours is just awful. Bob doesn't make enough money to buy extras, so the least he can do is make them!

"But I've discussed it and discussed it with him, to no effect. Really, if he's going to be a failure financially, he ought to make up for it some way."

Here is a tragedy if I ever saw one. First of all, a man who is predominantly geared to people, is rarely good mechanically.

The top successful salesmen have persuasive skills, and are quite often "all thumbs" in mechanical things.

If Elinor will just leave him alone, and stop nagging him, he will probably zoom ahead and make a fortune.

But she is demoralizing him, making him feel like a failure, and probably insinuating that he isn't as masculine as he ought to be.

Therefore he is not at his best in his work, and cannot make the success he would make if he had a wife behind him.

Most of the human tragedies I see—emotional as well as vocational—come from our trying to jam people into the wrong pattern.

We would never think of using a hammer to saw wood, nor a saw to pound nails, but all too often we expect the mechanical type of person to be superb with people, and the social type of person to be superb with machine tools.

It doesn't work—and it destroys you as well as your victim, if you persist.

Starch Helps to Resist Soil

Freshen up those slipcovers with a good laundering. With a special starching in the washer (using plenty of hot water, too) prepare them for a soil-resisting spring and summer.

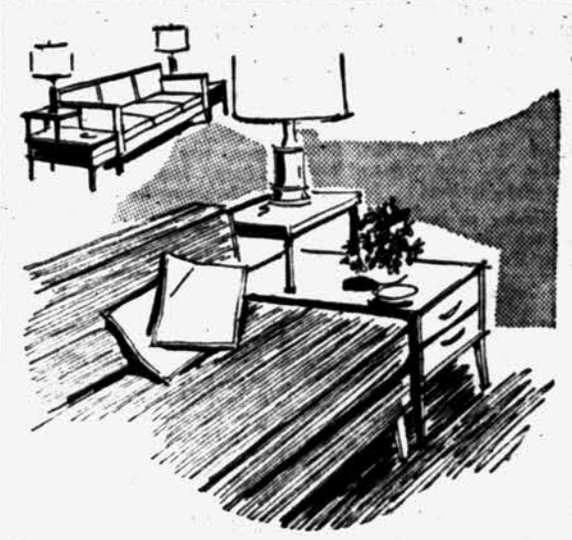
Starching is easy; make a two-quart batch of hot starch and for that extra-smooth finish, add two sections of the blue wax ironing aid to the mixture; then kour it on rapidly boiling water.

Mix and pour into your washer, which should be already filled with six or eight gallons of warm water. Add slip covers and run machine about four minutes, before wringing.

Heat Sets Nylon

Bath mats now come in nylon on a base of cotton duck. They machine wash well. But if you dry them in the dryer, grab them out quickly for heat sets nylon.

Three feet high at birth, Indian elephants stand eight to 10 feet at maturity. Despite legends to the contrary, they seldom live more than 60 years.



Sofa Arms Decide Issue

By ELIZABETH HILLYER

Some sofa arms are so high that they should rule out the use of a step table. Although, as Mrs. A. G. writes, "Step tables are often used in pairs at the ends of a sofa."

She wisely questions the plan, "I wonder if this is really a good idea, because I notice that the lower level of the step tables are hard to reach over the sofa arms.

"I'm about to buy a new sofa and tables and would like your advice as to whether or not the tables should be step style or another kind."

If the sofa arms are high, the first step of a step table isn't as convenient as it should be, Mrs. G.

Another type of table which has a higher, easier to reach surface is preferable.

However, an armless sofa sometimes looks very good with a step table in a contemporary design because the lower level continues the seat level. The upper surface is useful for a lamp.

Mrs. R. L. "Would you help me decide the color of lamps for my bedroom? The walls are deep blue, almost royal, three plain and one with small white leaves trimmed with gold; and the carpet is in the same shade.

The bedspreads and draperies are eggshell white, and the furniture is blonde."

Metal bases would provide the touches of brightness needed and would pick up the gold in the paper.

White shades would be most striking when they're seen against the wall, but those seen against mirror might be blue and white.

Mrs. M. T. H. "One side of a server in our dining room is developing cracks, an sort of network of them, in its finish. The wood is dark mahogany. Can you tell me what caused this and how it can be repaired?"

This is what professionals call crazing, and it is usually caused by heat. Is the damaged side of the server near a radiator? Nothing by complete refinishing can repair it, but a good refinisher may be able to refinish only the side of the server which needs it

It's a job that is usually beyond an amateur refinisher, because it takes great skill and a wide variety of stains and other materials to produce a perfect match to the rest of the piece. Furniture should always be placed at least eight inches away from a radiator.

4620
12—20

by Anne Adams

Stars of your summer wardrobe —these mix-match separates you'll wear for almost every occasion! Lovely long-look blouse, flaring back-wrap skirt, halter-top all open flat for easy ironing. Trim shorts complete the gay ensemble.

This pattern easy to use, simple to sew, is tested for fit. Has complete illustrated instructions.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

It's not a sin for some husbands to tell a lie—it's an impossibility.

IF mature—

4/14

Pedal pushers rather than the short shorts outfit, because no matter how slender, the flesh has lost the freshness of youth.

Mrs. M. — Sportswear, straight and narrow, concealing or minimizing the natural figure curves, some hard to wear, but there are others such as pedal pushers, smartly simple but not too stark, enough fulness for active movement, feminine for the mature.

Do You Run Out of Hot Water?

Many a home laundry lacks efficiency because of insufficient hot water. The reason is that automatic washing machines have been added without checking the water heater to see if it is equal to the job.

An automatic gas water heater of the right size will provide enough hot water for laundering and other household operations, and will also enable the homemaker to obtain water of the right temperature for any operation merely by adjusting a dial which controls the temperature.

High Priestess Appoints Committees

Mrs. Frank Payne, worthy high priestess of Pontiac White Shrine 22, named her committees when the organization met Wednesday evening.

Mrs. Ella Murray is sunshine chairman; Mrs. Loyd Wait, Mrs. Clifford Mossey and Mrs. Elmer Cover, finance; and Mrs. Bessie Howell and Mrs. William Baker, material objective.

Serving on the by-laws committee are Mrs. Mossey, Mrs. Roy Wright and Mrs. Ernestine Thompson. All of the line officers of the group are serving on the ways and means committee.

Mrs. Samuel Smith is banquet chairman; Mrs. Russell Marion, refreshments; Mrs. Olive Burgess, publicity; and Mrs. Catherine Quick, Mrs. Wayne Scott, Mary McCurdy, Mrs. Marion and Christian Jorgenson form the equipment committee.

All past officers make up the examining committee; Mrs. Jack Gries is parliamentarian; Mrs. Charles Sarver, favors and decorations and Mrs. George McInally, Michigan Ontario sunshine.

Announcement was made of a meeting of the supreme shrine to be held at Kansas City, Mo. Mrs. Payne and Mrs. Marion will be delegates.

May 25 is the date chosen for a White Shrine card party. Mrs. Alfred Martini served refreshments at the close of the meting.

Patient Is Home

J. C. Kline has returned to his Murphy street home after being confined eight weeks in St. Joseph Mercy Hospital.

Faculty Members Given Party

Mrs. Allan Peters and Mrs. Cecil Myers were honored recently at a party given by the women of Washington Junior High School at the Chippewa road home of Mrs. George Yansen.

Mrs. Peters is leaving the faculty of the junior high school and Mrs. Myers has joined the group. Mrs. Peters was presented with a gift by the women.

Attending were Mrs. Willis Brewer, Irene Dawson, Ruth Dennis, Mary Gibbs, Mrs. Charles Heimke, Joyce Hofman, Kay Justin, Mrs. Robert Mann and Mrs. Donald McLean.

Others were Mrs. Clarence Norton, Ruth Stukey, Olive Taylor, Mrs. William Webb, Rosetta Wyse, Mrs. Lucille Boner and Mrs. Norman Kuijala.

"Meet Your Neighbor" Friday and Saturday in many of the food stores in the Pontiac area. Mrs. Karl Schultz of Clive avenue, Mrs. R. L. Bronoel of Pioneer drive and Mrs. Harry Vernon of West Rundell street display a few of the Betty Crocker cake mixes which will be on sale. Proceeds will go towards the civic auditorium. Pontiac Federation of Women's Clubs is sponsoring the benefit.

April 23 at Temple

Bethel 40 Slates Dinner

A spaghetti dinner will be sponsored April 23 at Roosevelt Temple by members of Job's Daughters, Bethel 40. Tickets for the affair were distributed to members at a recent meeting.

Announcement was made at the meeting of Friendship Night to be held April 25 and of a grand council gathering to be held in June at Muskegon.

A letter from the Supreme International Order of Job's Daughters was read, inviting the girls of the bethel to go to Europe this summer. The purpose of the tour is to interest the girls of Europe in forming new bethels.

Members of Bethel 40 will honor their queen, Gwen Vernon, Sunday by attending Oakland Avenue United Presbyterian Church on "Go to Church Sunday."

YWCA Plans Trip on Saturday

YWCA is planning a trip to Ft. Wayne Military Museum and the Ford Rotunda Saturday. Cars will leave the YWCA at 8:30 a.m. Anyone interested may call the Y and make reservations before Friday at noon.

Dirt Gardeners Hold 15th Birthday Tea

The 15th annual birthday tea of the Dirt Gardeners' Club was held at the Chippewa road home of Mrs. Arthur Compton. Mrs. Clare Lancaster and Mrs. Ellery Thomas assisted the hostess, who was presented with an arrangement of red roses.

Mrs. Kenneth Goodell of Cedar Acres was a guest at the Tuesday meeting. Mrs. LeRoy Small acted as chairman co-ordinator.

Mrs. John Hendry keynoted the Easter theme with a demonstration of two beautifully simple Madonna arrangements. Mrs. Clare Hitchcock characterized new annuals, followed by Mrs. Louis Quellec who spoke of the new improved Flora Bunda roses.

Mrs. William Bachman outlined a workable border plan and Mrs. Donald Gilchrist read a paper on Air-rooting and Propagation.

The tea table was centered with a bouquet of yellow and white spring flowers in a crystal bowl. The display was arranged by Mrs. Small, who presided at the silver service. Mrs. Clare Lancaster served the large birthday cake.

The May meeting will feature a showing of practice flower arrangements with professional judging. This will tie in with the large Inter-Club Show to be held in August. Mrs. Vivian Tubbs and Mrs. Gilchrist will help stage the affair.

Mrs. Compton, president, appointed Mrs. Tubbs to serve as a delegate to the Jackson meeting of the Federated Garden Clubs. Mrs. Charles Furler presented a novel fund raising plan for club participation.

Dance Club Elects New Officers

A dinner dance was held by members of the Promenaders Square Dance Club who gathered at the CAI Building in Waterford, Tuesday evening.

* * *

Tables were decorated with arrangements of spring flowers by Mr. and Mrs. Warren Allen and Dr. and Mrs. Aben Hoekman.

Robert Earl was elected president at the meeting. He will be assisted by Robert Quinn, vice president; Mrs. Ray Howard, secretary; and Mrs. Robert Bruce, treasurer.

* * *

Board members are Mr. Allen, Dr. Hoekman and Hardy Fair. Engle Groenberg was master of ceremonies for the evening. Callers included Harry Anderson, Oscar Forslund, Robert Ireland, Mr. Groenberg and George Sweazy.

Member's Birthday Observed at Meeting

Mrs. Ralph Deem celebrated her birthday when members of the Lucky 13 Club gathered at her home on Stirling avenue Monday evening.

* * *

Mrs. Lewis Lingle received a prize for the best self-designed hat.

The May meeting will be held at the North Johnson avenue home of Mrs. Earl Brobst.

Mrs. Arnold Bimm Hostess to Guild

Guild Eight of All Saints Episcopal Church met Wednesday in the primary room. Mrs. Alex Maginnis reported on the work of the united thank offering. Mrs. Arnold Bimm was hostess for the meeting.

The mountain laurel is the state flower of Pennsylvania.

Blue Star Mothers Aid City-Wide Sale

Blue Star Mothers, Chapter Four met at YMCA Tuesday evening. A report was given on a school of instruction held recently at Croswell.

A letter was read inviting members to attend an interior decorating class in Flint. Letters from veterans thanking the chapter for donations were read by Mrs. John Youngk. Mrs. Helen Smale reported on a dinner served recently by the chapter.

Members are participating in the "Meet Your Neighbor" project being sponsored by the Pontiac Federation of Women's Clubs. Proceeds will benefit the Pontiac Foundation.

County's 'Best Secretary' Chosen

Hotel Waldron was the setting Wednesday evening for a meeting of the Pontioak Chapter of the National Secretaries Association.

Mary Eleanor Lockman, president of the chapter, presented an award to Mrs. Harry E. Ault who was named Secretary of the Year of Oakland County.

Mrs. Ault was born in Clinton, Ind., and was graduated from the high school in Clinton. While a student there she won an Indiana state bookkeeping contest conducted by Ball Teachers College in Muncie, Ind.

She then attended the University of Louisville at Louisville, Ky.

She started her career with Universal CIT Credit Corp. as a secretary and then became personnel manager of the organization and selected and trained personnel in Ohio and Michigan.

Mrs. Ault is now employed in the law offices of Pence and Becker. Before coming to Pontiac she was affiliated with a railroad for 11 years in Detroit.

In addition to her new honor she is president of the Waterford Business and Professional Women's Club and is active in the Ground Observer Corps.

The invocation at Wednesday's meeting was given by Mrs. Hope Scott. Final plans were discussed for a membership tea to be held April 30 in the Nurses' Home at St. Joseph Mercy Hospital.

Dr. H. Theodore Hoffman of the University of Detroit will speak to the association on "Investments for Secretaries." The event will be held from 2 until 5 p.m. Mrs. Warren Trevethan is chairman of the tea.

Mrs. Loretta Collins is chairman of National Secretaries Week to be held April 24 through 30.

Pontiac Press Photo

Mary Eleanor Lockman of Mohawk road (left) presented an award to Mrs. Harry E. Ault of Cass Lake Wednesday evening at a meeting of the Pontioak chapter of the National Secretaries association. Mrs. Ault was named Secretary of the Year of Oakland County.

Parish Slates Card Party May 11

Plans are being made by St. Benedict Parish to sponsor a benefit card party on May 11 at the parish hall. Proceeds will be used to purchase playground equipment for the new school.

Wayne Miller and Mrs. Frank Houston Scoby are co-chairmen of the affair.

Chairmen of various committees are Mrs. William J. Janecek, Mrs. John Lindgren, Mrs. Albert F. Schoenemann, Mrs. Herman A. Charboneau, Mrs. Walter Hiller, J. S. Coleman and Michael Daniels.

Others are Donald Raymond, Mrs. Lawrence Dusenbury, Joseph J. Zeleznik, and Armond J. Moloney.

All the parish organizations are represented and will be working together to make the affair a success. Members are hoping to provide necessary playground equipment for the children.

A boys baseball team is being enjoyed, with the Rev. John J. Hoar, assistant pastor of the church, serving as director.

Coming Events

WSCS of Oakland Park Methodist Church will observe guest night this evening at 7:30 in the church. Executive Board meeting at 7. Mrs. Paul Havens will show pictures of Holy Land.

Pontiac Rebekah Lodge 456 will meet Friday at 8 p.m. in Malta Temple, 82 Perkins St.

TBJ Women's Club will meet Saturday from 3 until 5 p.m. at Neome drive home of Mrs. Frank Coad. Readings will be presented by Mrs. Eugenia Stepleton.

Ladies Auxiliary PCV 1236 will meet Thursday at 8 p.m. in the hall, 389 W. Montcalm St. for cooperative dinner. Members night and a 17th anniversary celebration.

PATRICIA TWADDLE

Mr. and Mrs. William C. Twaddle of Walled Lake are announcing the engagement of their daughter, Patricia, to Ronald Howard. He is the son of Mrs. George Felton of Cameron avenue and Robert Howard of Detroit. No date has been set for the wedding.

Mothers, Daughters Entertained

Junior Pontiac Women's Club entertained its mothers and daughters with a musical evening in Rose Kneale Room, with Mrs. Lola Wright introducing the artists.

Judith Dickstein, pianist for the Pontiac High School Band played the three movements of the Pathetique Sonata by Beethoven; "Allegro Di Molto E. Con Brio; "Adagio Contabile" and "Allegro."

Diane Beach, violinist member of the Pontiac Symphony Orchestra and who recently appeared on television in Detroit, played four selections: "Sonat No. 4 in D Major" by Handel; "Liebeslied" by Kreisler; "Air for G String" by Bach and 2nd Movement of Second Concerto in D Minor" by Henri Wieniawski.

Miss Beach was accompanied by Lyndon Salathiel, organist for the First Presbyterian Church.

The program was concluded with Miss Dickstein playing "Fantasie Impromptu" by Chopin.

During the business meeting Mrs. Cecil McCallum, president, appointed Mrs. E. K. Wellman chairman of the nominating committee.

She also announced that the club is cooperating with the Pontiac Federation of Women's Clubs in the "Meet Your Neighbor" sale to be held Friday and Saturday.

Mrs. Clark Adams and her daughter, Janet, presided at the tea table.

Mrs. J. T. Engle, Mrs. Bert Griffin, Mrs. Irene Albright, Mrs. C. J. Hickley, Mrs. Gladys Galloway, Mrs. E. K. Garrison, Mrs. Harry Aten, Mrs. George Brinckman and Mrs. E. Milton Evans were in charge of the social hour.

Auxiliary Elects New Officers

Mrs. Eugene Mazza opened her home on Lounsbury avenue recently for a meeting of the Auxiliary of the Italian-American Club.

Officers elected during the evening were Mrs. Ralph Mazza, president; Mrs. Frank Perna, vice president; and Mrs. Rudy Mazza, recording secretary.

Mrs. Domonic Lucarelli and Mrs. Guilio Bernero are corresponding secretaries; Mrs. Ralph Puertas, sergeant at arms; and Mrs. Don Finelli, treasurer.

Plans were made for a May banquet. Refreshments were served at the close of the meeting.

Be Sure to Draw the Line

By ELIZABETH WOODWARD

You have to keep some secrets—even from your best friend. No matter how intimate you are, there are some things you can't share.

Two girls who are together all the time can spill everything that pops into their minds to each other. Or they can be slightly reticent on certain subjects.

And that's because they're two different people and don't always see things eye to eye. And because knowing all there is to know about someone takes away some of the allure, the mystery, the stimulation.

This girl is finding out that her best friend is being very careless of her rights and privileges just because she is so close. With such a girl friend, it's best to draw the line. The situation goes like this:

"Dear Miss Woodward: Sue and I are the very best of friends, but sometimes I wonder why. Whenever I like a boy, she has to like him too. I've tried not telling her whom I liked, but she found out anyhow and fell for him.

I'm not afraid of her stealing a boy from me because I don't think she can. But she makes it almost impossible for me to see the boy I like by telling my mother lies about him, or by telling him I don't like him and am dating someone else secretly.

We've had four arguments lately over boys and she always convinces me to make up with her. For, aside from trying to take boys from me and lying, she's really a wonderful friend.

I probably should have broken up with her long ago when this first started, but I've grown so used to her that none of my other friends can take her place. Do you think I should stop seeing her?"

No, since in most ways she's a wonderful friend, keep right on seeing her. But before you have another argument, draw some very clear lines for her benefit, and lay some very definite rules upon them.

First of all, make her see that, though you are very close, some of your affairs are absolutely none of her business. Your boy friends in particular have nothing to do with her, as hers don't concern you.

Tell her that from now on you expect her to keep her distance from your entanglements. As your best friend she can help you most by keeping her hands off. No tall tales to the boys or about them either.

Tell her you can't confide in her if she abuses your trust, undermines you, cuts you down behind your back. If she can't see the error of her ways, call it quits and go your own way with other friends.

Let's ALL talk about Children's Shoes

It's an important subject . . . vital to your youngster's future well being . . . as important as teeth and even eyesight.

What we want to suggest is that you get into the habit of visiting your Play-Poise Children's Shoe dealer regularly . . . just as you do your child's dentist or doctor.

Little feet grow awfully fast . . . sizes change in a matter of months. But with regular check-up visits, you *know* your youngster is wearing shoes that haven't been outgrown. (There's never any charge, of course, for checking shoe sizes.)

And, by bringing your child to *our* store, right from that first pair of shoes, you'll be acquiring the services of a qualified shoe specialist, who will safely guide your youngsters through all the years of foot growth . . . with Play-Poise Shoes — the complete line.

Knowing your child has proper foot care gives you a peace of mind that's hard to beat. So, why not start tomorrow? Bring your youngster in and let's get acquainted.

Age Can Be Just an Act, Says Star

Merely Attitude Claims Actor Who Can Prove It

By DOROTHY ROE
Associated Press Women's Editor

Age is merely a matter of attitude, says Tyrone Power, who has had a lot of practice proving this theory recently.

The handsome Ty plays a role starting as an 18-year-old boy and ending up as a 75-year-old man in his newest picture. Discussing the difficulties of portraying the progressive ages of man, he says:

"There are small, subtle changes in gestures, mannerisms and posture that indicate age more dramatically even than make up.

To portray old age, I made my movements slower, stood less erect, let my neck sink slightly into my shoulders, and unconsciously I changed my voice too, making it less brisk, somehow."

Power chatted in the spacious living room of the five-story house in New York's fashionable Turtle Bay section, which he has leased for the run of his current Broadway play, "The Dark Is Light Enough," in which he is co-starred with Katharine Cornell.

He took the house because he hopes to have his two small daughters, Romina Francesca, 3½, and Taryn Stephanie, 1½, with him soon.

Power himself looks most courtly these days, wearing a dignified goatee for his part in the play, and somehow adjusting his offstage manner to his changed appearance.

This subject of the outward signs of age interests him. He believes it is a study that might well be made by women who want to stay young. During filming of "The Long Gray Line," he worked out some theories on the subject:

"If a woman suddenly starts feeling old, she unconsciously assumes the mannerisms of age—the slump, the slowdown, the weary expression.

"I honestly believe that if women would keep their attitude youthful, it would do more good for their looks than all the beauty shops.

"Youth is looking ahead, and age is looking back. I think one of the best ways to stay young is always to have something to aspire to.

Never stop and be satisfied. When you aren't looking ahead, then you have to start looking back, and that's the beginning of old age."

Right now Ty is looking forward to a summer vacation in Greece, with his two little girls, if possible, and then another Broadway play next fall. He also expects to do another movie in the meantime.

And here's a tip for Tyrone Power fans: The star prefers girls with short hair, puts good companionship ahead of beauty, and says if she's interesting he doesn't care whether a girl is Chinese or Irish.

Right now, however, he is not interested in any romantic entanglements. The only girls he is really excited about right now are aged 3½ and 1½—his daughters.

Pontiac Press Photo

JUDITH DICKSTEIN

The annual spring concert of the Pontiac High School Band will be given this evening at 8:15 p.m. in the Boys' Gymnasium. Miss Dickstein is appearing as a pianist in a solo number—the first movement of Mendelssohn's Concerto in G Minor.

Grace Lutheran Altar Guild Meets

The Altar Guild of Grace Lutheran Church met Tuesday evening at the church.

The appreciation of the group was expressed to Mrs. Thurman Clarke for her display of lilies on Easter Sunday.

It was announced that Mrs. Stanley Hanson donated a year's supply of candles for the altar. Stationery depicting a view of the church will be printed and distributed by the Guild.

A discussion on symbolism of the Trinity was led by Laura Bowmaster, president of the guild. The next meeting will be held May 10.

Birthday Club Meets

The Happy Circle Birthday club met recently at the Highland road home of Mrs. James Muir. The hostess was presented with some china by the group following a luncheon.

Artist Society Plans Exhibit on May 22

The Pontiac Society of Artists met at the Lorraine court home of Mrs. L. L. Sterling, Wednesday evening.

Plans were made for an annual art exhibit to be held at the Pontiac City Library beginning May 22 for two weeks.

Committees were appointed with Mrs. Sterling and Mrs. Paul Davison serving on the reception committee; Mrs. Herman Schwarze and Mrs. Chadd Mellinger, table decorations; and Mrs. L. Jerome Fink and Mary Heitsch, refreshments.

Publicity is being handled by Mrs. Michael Godashian and invitations are being sent by Mrs. Paul Merideth. Mrs. Harcourt Patterson was welcomed as a new member.

Summer need not mean loss of texture interest. Add to the sheer favorites cotton satin, which is lush and cool all at a breath.

GAIL NIENSTEDT

Mr. and Mrs. Carl Nienstedt of South Shore drive, Watkins Lake, announce the engagement of their daughter, Gail, to Tom Charles Osstyn. He is the son of Mrs. Frank Brostrom of Eldora drive, Middle Straits Lake. A June 18 wedding is planned.

VFW Auxiliary Donates Funds

Several donations were made by the Ladies Auxiliary to VFW Post 1370 Tuesday evening when the group met in the club rooms on South Saginaw street.

Along with donations to the national Cancer Society, the group is contributing to the local chapter of the society.

Further donations were made Tuesday to the National Home in Eaton Rapids, and an amount was voted to the special hospital fund.

A joint installation will be held with the Post Sunday at 3 p.m. in the club rooms. There will be no social meeting on April 26.

Mrs. Charles Scott Wins Trophy

Mrs. Charles Scott won the trophy of the week when Fashionette Club met Tuesday evening at Pontiac High School. Members donated a basket of food to a needy family.

A ceramic demonstration will be given at the next meeting.

50,000 Expected for Tigers' Home Start

DETROIT (AP)—Young Billy Hoeft, who pitched his way out of the doghouse late in the exhibition season, faces Cleveland's big batting order today as the Detroit Tigers open their home season in Briggs Stadium.

Given a break in the weather—the forecast is for occasional showers with temperatures in the 60's—the Tigers expect a near-capacity crowd of 50,000.

Heading the traditional opening-day ceremonies will be Gov. Williams, who will toss out the 1st ball.

Then the Tigers will take over and give the hometown folks their first view of the 1955 version of the "Youth movement," now in its 2nd year.

Tigers meet Cleveland after splitting their 1st two games of the season in Kansas City. They shelled the A's 10-2 yesterday to atone for Tuesday's opening loss.

Steve Gromek, 34-year-old veteran, went all the way and topped Kansas City on eight hits. He didn't walk anybody and the Tigers backed him up with a thumping 10-hit attack, topped by a home run by Harvey Kuenn and four doubles.

Hoeft, who saved his starter's job by pitching effectively in three exhibitions late in the training season, will try to push the Tigers over the .500 mark against Cleveland. But the slender left-hander will be facing a power-packed lineup which includes such sluggers as Larry Doby, Al Rosen, Ralph Kiner and Vic Wertz.

Cleveland was idle yesterday. Indians opened up Tuesday with an impressive 5-1 victory over the Chicago White Sox.

Mike Garcia, hard - throwing righthander, was named to pitch for Tribe. Mexican Mike had a 19-8 record last season, compared to Hoeft's 7-15 mark.

Hoeft has been manager Bucky Harris' "problem child." Billy the kid apparently has all the requirements to become a winner in the major leagues, but his attitude toward the game has been something less than serious.

But Harris issued the ultimatum this spring: "Win or else!" the "or else" was the bullpen.

Hoeft quickly responded and pitched strongly against the Milwaukee Braves, Boston Red Sox and St. Louis Cardinals.

The Tigers had little trouble in handling the A's yesterday. They scored four runs in the 3rd and added five more in the 6th for a 9-1 lead.

Kuenn cracked a home run and double, while Fred Hatfield, Al Kaline and Bill Tuttle contributed two-base hits.

Kuenn opened the 4th with his homer. Jim Delsing knocked in two runs with a bases-loaded single.

Kaline and J. W. Porter each delivered two-run singles in the Tigers' big 6th-inning outburst.

The losing pitcher was Arnold Portocarrero, who was roughed up for five hits in five innings.

CASEY'S COLD — Yankee manager Casey Stengel blows his breath on his hands for warmth in the New York dugout Wednesday before the start of a chilly opener with the Washington Senators. Frigid scattering of about 11,000 fans in the huge stadium saw the Yanks warm things up with a 19-1 victory over the Nats.

Rizzuto Back in Opening Day Yankee Lineup

Despite Trade Fears, Acquisition of Hunter, Phil 'Makes' Team

NEW YORK (AP)—When the 1954 season ended, Phil Rizzuto was written off as "all washed up." His confidence destroyed by frequent benchings and erratic play, the Scoter fully expected to be traded by the New York Yankees.

After a winter deal brought Billy Hunter from Baltimore to play shortstop, Rizzuto's doom appeared to have been sealed. If he stayed at all, it would be as a part-time ball player.

When the season got off to its delayed start yesterday at Yankee Stadium, there was "Little Phil" playing shortstop in the opening day lineup.

* * *

"I thought they'd trade me during the winter, he said yesterday in the Yankee clubhouse. "I didn't want to go but I was afraid my number was up, especially with my salary (reportedly $38,000 last year).

"During the winter I exercised with hand grips and swung a weighted bat to get ready to fight for my job. It looked like it was a lost cause in the early games. Then I broke my glasses and then I couldn't get in a game. On the way home, Casey (Manager Casey Stengel) started to play me.

"It's up to me how long I can stay in there. I feel good and see no reason why I shouldn't be able to go on for a couple more years."

* * *

Rizzuto, now 36, started to wear glasses late last September but couldn't save himself from a .195 finish, lowest average of his career. He has been wearing specs, off and on, during the exhibitions.

"The scoreboard has been a little hazy to me for some time but I could see perfect up close. The glasses seem to help me a little at the plate, magnifying the ball. But in the field they bother me some on ground balls. I start grabbing for the ball before it gets there. I've been wearing them to bat but not bothering with them in the field, especially on days when they might cloud up with mist or sweat.

"All I need is a few base hits to get my confidence back. I lost it completely last year. Maybe the glasses will do the trick. Eddie Joost and Dom DiMaggio did pretty good with them for years."

Roy Dislikes Demotion

BROOKLYN (AP) —Usually mild-mannered 'Campy' and even-tempered, Roy Campanella is steamed to a boiling point because Manager Walter Alston has relegated him to eighth spot in the Brooklyn Dodger batting order.

* * *

The slugging catcher, who insists the troublesome left hand that ruined his 1954 season is completely healed, made no attempt to conceal his disgust as he talked about his demotion from the cleanup (fourth) spot for yesterday's opening game against Pittsburgh.

"That's fine encouragement he (Alston) is giving me," Campy growled, "sending me in to hit with the bat boy. That guy must think I'm a butcher with a bat. Dropping me all the way down to eighth just shows the confidence he has in me.

* * *

"It's all right with me though if that's the way he want it. I'll hit any place he tells me to. But I'm determined to prove to him that he's wrong when he calls me an eighth-pace hitter. He only thinks I can't hit but I know I can."

It was pointed out that Campy had not exactly knocked down any fences during the spring training games, hitting only .235 with three home runs. This, following his poorest season in the majors in which his batting average dropped from .312 to .207, certainly was no strong recommendation for a fourth-place hitter.

* * *

"Look," he exclaimed, "I know I'm not being hardheaded about this. I don't care what I hit in practice games. They don't mean anything. All I'm interested in is the way the hand reacted to catching every day. My hand is okay now. That's all that matters to me. I'll hit."

Campy got one hit in four at-bats as the Brooks beat the Pirates 6-1 yesterday.

In Camp With Hubby

Challenger's Wife Is Very Privileged Person

CHICAGO (AP) — Irene Cockell, a petite, attractive brunette, can consider herself among the sports world's most privileged women.

She's accompanying her husband, Don, to San Francisco from their 50-acre farm outside London. Don has a May 16 date to fight world champion Rocky Marciano for the heavyweight crown.

* * *

How many fighters lug their wives with them to a big bout?

"None that I know of," said Irene, who sipped tea at a press conference yesterday while her broad-beamed hubby gulped three cups of coffee.

"I've only missed about three of Don's fights, and he's had about 80 since becoming a professional," Irene added. "I wouldn't think of missing this one."

* * *

It's Irene's second visit to the United States. She was with her husband when he defeated Harry Matthews in Seattle in the summer of 1953.

"I'm not the kind who wrings her hands at a fight," continued Irene, mother of Pat, 8, and Peter, 3. "So far I guess I haven't had too. Don has never been really beaten up. As you can see he gets off nicely."

Cockell, an ex-blacksmith, is unmarked. That's about the most remarkable thing about him—really no visible scars, no cauliflower ears.

"This beef is really good," he said, as he stowed away a rare cut. "I never put on weight with food. Where I have to watch out is liquids. I drink a lot of water."

* * *

Cockell, an early 5-1 underdog for his shot at Marciano, weighs 217 pounds and expects to get down to about 198 at ring time.

Does your wife do any of your cooking in training camp?" he was asked.

"She can't even fry wood shavings," Cockell laughed.

Rural Mail Carriers to Count Deer, Grouse

LANSING (AP) — About 275 rural mail carriers in the northern Lower Peninsula and Upper Peninsula will start counting deer and grouse during the next two weeks.

The mailmen make the annual spring census to help the state conservation department with its estimates of the two species.

DeMarco Plans Training Setup

Begins Work May 9 for June 10 Battle With Basilio

BOSTON (AP) — Tony DeMarco, newly crowned world welterweight boxing champion, will train for his title defense against Carmen Basilio at Greenwood Lakes, N.J., following a brief Florida vacation.

DeMarco, who won the 147-pound crown from Johnny Saxton in Boston April 1, will report to the Jersey training site May 9. He meets Basilio, No. 1 ranked welter challenger, in Syracuse, N.Y., June 10.

Carmen Fiore has volunteered his services to be among Tony's sparring partners in preparation for the match. Fiore is considered to have a style similar to Basilio's.

DeMarco yesterday received a scroll from Boston Mayor John Hynes at City Hall honoring him for his achievements.

State Lists Acreage in North for Burning

LANSING (AP)—State conservation department reported today that it has scheduled 1,570 acres of northern Lower Peninsula scrub forest for controlled burning this spring.

Burning is done to produce new sprout growth as browse for deer.

Areas scheduled to be burned for deer browse include 80 acres in Alpena County, 40 acres in Montmorency County, 80 acres in Otsego County, 85 acres in Gladwin County and 195 acres in Arenac County.

Two areas of 880 acres and 210 acres are shceduled for burning in Kalkaska County to make openings for sharp-tailed grouse.

Budge Slated to Action in Clay Court Test

FORT LAUDERDALE, Fla. (AP)—Don Budge, top-seeded in the National Clay Courts tennis professional championship, gets into action today.

He is scheduled to play Art Prochaska of Hillsborough Beach, Fla., after being idle in first round events when the tournament opened yesterday.

Later today, Budge and second-seeded Bobby Riggs team up in doubles to play Dick Vandenbosch of Delray Beach, Fla., and Byron Thomas of West Palm Beach.

Yesterday's best match was a 3-6, 6-2, 8-6 victory by Yvon Petra of Chicago over Bill Luffler, University of Miami tennis coach. Their match lasted nearly two hours.

Riggs, playing out of New York, defeated Martin Buxby of Hollywood Beach 6-2, 6-4.

21 Teams in National YMCA Tank Tournament

TUCSON, Ariz. (AP) — The 28th annual National YMCA swimming and diving championships open here tonight with an entry list of 21 teams from throughout the nation.

George Holtrey, captain of the team from Huntington, Ind., will defend his national 440-yard free-style title and is one of the top-seeded contenders in the 1,500-meter event.

Merchants Set Drill

Auburn Merchants of the Class A City League will hold their first practice session of the season Saturday at 5 p.m. on the Wisner Field diamond. Manager George Shanks asks any interested Class A players to report.

PITCHERS—Starting hurlers for today's Detroit Tiger home opener are expected to be Billy Hoeft (Detroit, top) and Mike Garcia, Cleveland. Today's game, starting at 2 o'clock (all home games are set for that hour) will be televised and broadcast (Channel 2 TV, WJBK, 1490).

Golf Shot Ends in $5,000 Suit

Golfer Seeks Damages for Injuries in Fight After Links Argument

DETROIT (AP) — A 260-yard drive on a golf course ended up in a $5,000 suit in circuit court yesterday.

George Dicesore, a golfer from suburban Dearborn township, brought the suit against Walter Haliburda, a golfer from Detroit.

Dicesore said a member of his foursome drove a ball 260 yards into Haliburda's foursome at the Hawthorne Valley golf course in November, 1952. Haliburda, peeved, knocked the ball into the rough.

In the argument that followed, Dicesore said, he was punched in the nose and knocked unconscious by Haliburda. He sought damages for recurring headaches and other physical pain, as well as medical expenses.

Haliburda said he acted in self defense.

Michigan 9 Blanks UD Baseball Team

ANN ARBOR (AP) — Backed by three-hit pitching, the University of Michigan's baseball team shut out the University of Detroit yesterday, 5-0, for the 2nd straight day.

Michigan's eight hits were spread throughout the game among eight players while Detroit's three came winning hurler Bill Thurston.

The win left Michigan with a 7-3-1 exhibition record this season.

Young Yugoslav Gridders Asking Political Asylum

NICE, France (INS)—Five teenage members of a Yugoslav football team have asked political asylum in France.

The quintet, who disappeared Tuesday just before their team was to return to Belgrade from an international tournament in Cannes, turned themselves into the French police yesterday.

In a statement issued through a Yugoslav exile leader who accompanied them to the station, the youthful refugees said they had "had enough of popular democracy and misery."

Mt. Clemens' Fans See 38th Tiger Opener

Friends Started Seeing First Games in 1917, Haven't Missed

MT. CLEMENS (UP)—Two old cronies packed a picnic lunch today and headed for Detroit and their 38th consecutive Detroit Tiger opening game.

Wayne W. Adair, assistant postmaster at Mt. Clemens, and Otto Bobcean, operator of "Bobcean's Corners" on M-59, have been attending the season openers in Detroit together since 1917.

Adair, now 61, and Bobcean, 59, were childhood friends and schoolmates.

"When I get too old to go to a ball game I'll know it's time for me to just lay down and quit living," Adair joked.

The pair planned to drive to Detroit today. They traveled to old Navin Field on the Detroit United railroad back in '17.

U.S. Girls Break Swimming Records

HONOLULU (AP) — Four young girls from Oakland, Calif., toppled two American records and won six of nine events they entered on the second night of the four-day Hawaiian swim championships at the University of Hawaii last night.

Sylvia Ruuska, 12, broke both of the records.

She won the 100 yard breaststroke in 1:21.3, bettering her own American record of 1:25.2; and the 100 yard butterfly in 1:13.7, smashing the American record of 1:24.8.

Saddler Has Infection; Calls Off Lopez Bout

SACRAMENTO, Calif. (AP)—Local promoters today cancelled a scheduled Tuesday night fight between featherweight champ Sandy Saddler and Sacramento's Joey Lopes because Saddler picked up a virus infection.

Promoter Jackie King said Saddler's manager, Charley Johnston, wired that Saddler, due to arrive here yesterday, was ill at his New York home. A new date was not set.

Rainbow Fishing Fair in Special Season

LANSING (AP) — Rainbow fishing has been fair to good since the special season opened April 9, the state conservation department reported today.

Fair catches were taken from the Platte and Betsie Rivers.

Only light concentrations of fishermen were reported on the lakes and streams opened to fishing.

Musial Appears Well Along on Way to 2,500 Hit Mark

NEW YORK (AP) — It seems safe to predict that Stan Musial will reach the 2,500 hit mark this season. The St. Louis Cardinal slugger has 2,420, including two in his first game this year.

Led by Ty Cobb with 4,191, only 31 major leaguers have produced more than 2,500 safeties. Others with more than 3,000 are Honus Wagner 3,430; Eddie Collins 3,313; Nap Lajoie 3,251; Paul Waner 3,152 and Cap Anson 3,081.

* * *

The Chicago Cubs go into today's game against Cincinnati with an imposing .387 batting mark for two games. They've scored 21 runs on 29 hits, including three homers. Hank Sauer and Dee Fondy have five hits apiece.

* * *

Husky Ted Kluszewski of Cincinnati, who has two homers in as many games this year, did not hit his second circuit blow until his 11th game in 1954 when he led the majors with 49.

* * *

Harvey Kuenn of Detroit, who homered against Kansas City yesterday in his second game, did not wallop his first homer last season until his 63rd game on June 24. He finished with only five.

* * *

Here's a case of history repeating. Junior Gilliam of Brooklyn hit a bases empty homer off Pittsburgh's Max Surkont in the first game at Ebbets Field last year. He did it again yesterday as the Dodgers won, 6-1.

* * *

Last June 11, the Chicago White Sox said they were "sorry" they had to let Bill Wilson go to the Athletics in order to obtain Morrie Martin—and they may be sorrier yet.

In two games, Kansas City's Wilson has cracked five hits in seven at bats for a .714 average. He's had a double and a home run, too.

Unless something unforeseen happens, Cleveland's Ralph Kiner will move into fifth place in the all-time major league home run race this year. Kiner clouted his 352nd homer Tuesday against Chicago in his American League debut. The only players ahead of Kiner now are Babe Ruth with 714; Jimmy Foxx 534; Mel Ott 511; Lou Gehrig 493; Ted Williams 366; Joe DiMaggio 361 and Johnny Mize 359. Kiner should overtake Mize and DiMaggio.

Knickerbockers Draft Sparrow

Ex-PHS, UD Star Is 3rd Round Pick; MSC's Ferrari to Hawks

Guy Sparrow of Pontiac, who recently completed a standout collegiate basketball career at the University of Detroit was tabbed for professional service with the New York Knickerbockers Wednesday at the National Basketball Association's annual player draft.

Sparrow was a 3rd round choice of Joe Lapchick's Knicks. However, he faces a hitch in the U. S. Marines before he can consider any offer the Knikerbockers might make.

Another 3rd round pick was Michigan State's Al Ferrari, who was claimed by the Milwaukee Hawks. Rochester selected Bob Armstrong, HSC center.

Only two territorial picks were made. The Philadelphia Warriors, as expected, exercised their option on LaSalle's great All-American, Tom Gola, and hte Minneapolis Lakers nominated Minnesota star Dick Garmaker.

One surprise among the 1st round picks was the Knickerbockers passing up Ed Conlin of Fordham in favor of Ken Sears of Santa Clara. Syracuse then claimed Conlin. Dick Rickets of Duquesne went to Milwaukee and Maurice Stokes of St. Francis to Rochester. Others were Johnny Horan of Dayton by Ft. Wayne, and Jim Loscutoff of Oregon by the Boston Celtics.

Muncie Quintet Rolls 3,010 in ABC Tourney

Split Hurt Chances of Chicago Five in Team Bowling Event

FORT WAYNE, Ind. (AP) — While the 1955 American Bowling Congress tournament hasn't yet set any all-time records, it is moving well ahead of last year's tourney at Seattle, Wash.

The tournament is only 19 days old and already five 3,000 series have been recorded, equaling the number produced in last year's 45-day tournament.

The latest pin-heavy count was a 3,010 series last night by the Knights of Pythias quintet, of Muncie, Ind., good for fifth place in the open dividion standings. The Knights of Pythias finished with a sparkling 1,062 game.

A Chicago five, Master Jewelers, had an excellent chance to move ahead of the 3,015 held jointly by Cole Findez Mercury, another Windy City team, and Howard's Clothes, of St. Paul, Minn., but blew up late.

That deadly 10th frame took its toll on the Master Jewelers as leadoff man George Pickering drew a 7-10 split and Johnny Supple followed with a 4-7-10 in the final game. Both missed and with that went the Jewelers' chances.

Another of bowling's top ranking teams missed the leaders as Chicago's famed Falstaff quintet, featuring Ned Day and Buddy Bomar, finished out of the top ten with a $2,922 effort. Day le dthe Falstaffs with a 628 series.

There were two other changes yesterday, both in the individual firing. Joe Wilman, a member of bowling's Hall of Fame from Chicago, went into sixth place in the all events with a 1,911 total. Wilman added a 676 and a 604 yesterday to his previous631 for the big count.

The other change came in the doubles when Charles Moore and George Kovach, of Springfield, Ill., put together games of 648 and 611 respectively for a 1,259 total and fourth place.

Church Loop Meets

Church Softball League will hold its first meeting of the season Monday, April 18, at 7:30 p.m. at the Oakland Avenue United Presbyterian Church, Cadillac at Oakland avenues. All churches interested in entering a team in the league are requested to have a representative attend this meeting.

Pontiac Sportsmen's Show Slated to Open at 3 P.M.

Pontiac Sportsmen's show opens at 3 p.m. this afternoon at the Pontiac Retail Store, Mt. Clemens at Perry street, Pontiac.

The show, which will feature many retail and manufacturer's exhibits of sporting goods for the hunter and fisherman, will run from 3 p.m. until 10 p.m. today and Friday.

Saturday's hours are from 10 a.m. until closing.

Outdoor sports personalities scheduled for appearances at the show include Mort Neff, "Mr. Michigan Outdoors"; world champion fly caster Ben Hardesty; art Beauchamp, national duck calling champion; Lester Coykendall, an outstanding pistol and revolver shot; Chester Crites, international skeet shooting champion, and Howard Confer, national all-gauge champ.

English Golfer Uses Shotgun to End Ball Thefts

MANCHESTER, England — Members of the Sandbach Country Club were disturbed about the golf ball stealing of Blackie, a course hanger-on.

In two years, the bird had filched 800 balls. C. C. Fear, a member, was nominated to stop this. He packed a shotgun in his bag and then drove a ball to the spot where Blackie stayed.

He then fired away—and Blackie a crow that used to swoop down from a tree and fly away with any ball in sight, was dead.

Giants Pin Hopes on Maglie in Home Start

NEW YORK (AP) — The world champion New York Giants open their 1955 home season at the Polo Grounds today hopeful that veteran Sal Maglie will continue his mastery over the Brooklyn Dodgers.

Maglie, who has a lifetime record of 22-8 against the Dodgers and took four of six decisions from them last year, will be opposed by Don Newcombe. The big Brooklyn righthander, showing signs this spring of regaining his pre-service form, split even in two decisions with the champions last year but has a 10-6 over-all record.

Some 40,000 are expected to be on hand when Mayor Bob Wagner tosses out the first ball. However, there is a threat of rain.

5 Sports Pages In Today's Pontiac Press

Sugar Ray Makes 4th Comeback Start

MILWAUKEE (AP) — Sugar Ray Robinson, the Prince Charming of the fight game, grabs for another rung in the comeback ladder here tonight.

Robinson put aside the welterweight crown in 1952 to set his dancing feet on a tour of the night club circuit as a song and two-step man. He faces Milwaukee's rugged Ted Olla in a scheduled 10-rounder at the Arena tonight. Sugar Ray, lightweight champion before he moved up a weight and also took the crown, is rated the favorite.

* * *

The former champion, who lived up to his billings as "one of the most remarkable fighters" of his generation, will be making his fourth start on the comeback path. It's not been a luxury journey. He beat Joe Ridone, stumbled against Ralph Tiger Jones and two weeks ago won over Johnny Lombardo at Cincinnati.

Sugar Ray, former ruler of his divisions with a happy mixture of boxing and sock power, said his ring future steps between the ropes with him tonight.

* * *

"I'll be the first to call it quits if I look bad against Olla," the 34-year-old Robinson said. But at the same time he declared plans to make the most of a victory over Olla as he looks forward to a title match with Bobo Olson, now capably holding down the middeweight crown.

* * *

Olla comes up as a worthy test in Sugar Ray's ambitions. He's young, 24, swings often and hits hard. He feels he has the chance he's wanted and plans to go "all the way" to stop the ex-champ. He takes a lot of punches to get his own stuff home. That makes him a target for Robinson who says "all I ask is a chance."

The fight will not be televised.

Weather Chilly but Roberts, Ford Are Red Hot

By THE ASSOCIATED PRESS

It couldn't have been a worse day for pitchers if the hitters had ordered it special. But Robin Roberts and Whitey Ford shrugged off the inclement stuff like a pair of guys working for a polar bear club—they thrived on it.

In Philadelphia it was dreary and rainy, yet Roberts no-hit the world champion New York Giants for 8 1-3 innings yesterday before getting tagged for three hits and two runs. The Phils' right-handed ace still claimed a 4-2 victory, however, in the National League opener for both clubs.

And in New York, with temperatures in the 40s and wind lashing a steady mist, Ford allowed Washington just two singles as the Yankees brawled into the American League season with a 19-1 rout of the Senators. Despite the numbing cold, the young lefty went nine innings for the first time this spring.

* * *

The weather was pretty miserable everywhere on a lean baseball day. The smallest opening day crowd in a quarter of a century at Ebbets Field — 6,999 — shivered while Brooklyn and Carl Erskine beat Pittsburgh 7-1 in the only other National League game scheduled.

* * *

What happened at Connie Mack Stadium was just another chapter in Roberts' frustrating chase of a no-hit, no-run game. He's been thwarted in fantastic fashion thus far. At Cincinnati last May 13, for instance, he was greeted by a lead-off home run by Bobby Adams—then retired the next 27 men he faced to win 8-1.

Although Roberts' mastery has given him five straight seasons of 20 or more victories, the May 13 game was only his second one-hit performance. The other came last April 29, when he held Milwaukee to a third-inning double by Del Crandall to win 4-0.

* * *

Except for an error and "a curve that didn't break enough," Roberts possibly could have matched Bobby Feller's singular feat of pitching a no-hitter on Opening Day. The Cleveland star did it against the Chicago White Sox in 1940.

Alvin Dark faced Roberts with one out and a man on by error in the ninth. Robin was ahead of the hitter with an 0-2 count when the Giants' captain singled on the errant curve.

Before the side was out, Monte Irvin doubled both runners home and Hank Thompson scratched a single.

The Phils' runs came in pairs—two off lefty Johnny Antonelli, 21-7 last year, in the fifth and two off Marv Grissom in the sixth.

Roberts' pitching overshadowed the end of Richie Ashburn's consecutive game streak at 731, shy of Gus Suhr's record 822, set in the 30's. Ashburn and Del Ennis, injured in an outfield collision last week, are nursing wounds.

Ford had a more relaxed afternoon than did Roberts and found time to drive in four runs on three singles. Washington's two singles were by Roy Sievers in the fourth and Pete Runnells in the fifth.

Ford walked five but fanned eight. He would have had a shutout except for a balk, charged when he slipped from the mound in the sixth with a runner on third.

The Yanks teed off on starter Maury McDermott and three rookies for their most potent attack since beating Washington 22-1 on Aug. 12, 1953. Mickey Mantle, Yogi Berra and Bill Skowron homered in the 16-hit romp.

Brooklyn's victory was in doubt until the seventh when a five-run rally broke a 1-1 tie.

AP Wirephoto

SECOND BASE CASUALTY — Players from both teams cluster around the inert form of Detroit Tiger catcher Frank House (2) after House was knocked unconscious running into Kansas City second baseman Joe DeMaestri during a force play in the 6th inning of Wednesday's American League game at Municipal Stadium. House was revived a minute later and left the field under his own power as Detroit took a 10-2 decision.

Bill Advocates Free Fishing for Women

LANSING (AP) — Rep. Kenneth O. Trucks (R-Baldwin) introduced a bill today to permit women to fish without licenses.

Trucks, chairman of the conservation committee, said he filed the bill to clear up inconsistencies in the present law.

"Married women can now fish on their husband's licenses, Trucks said. "But widows and single women have to buy licenses. Why not be consistent?"

Trucks had filed a bill to require married women to buy fishing licenses, but withdrew it when it failed to muster enough support in committee.

Mark Still Stands

WASHINGTON — Goose Goslin's .397 in 1928 still stands as the top batting mark in Washington Senator history.

Size Gave Him Chance

Extra Practice Helped Ron Kramer Lick Clumsiness, Become Prep, College Star

ANN ARBOR (UP) — Michigan ace Ron Kramer was so clumsy six years ago that coaches at East Detroit High School held a special conference and almost decided to drop him in all sports.

"Ron was so clumsy when I first saw him he couldn't turn around without falling over," East Detroit basketball coach Fred Lee recalled. "Al Asbury, the football coach, and Larry Hartsig, the track coach met with me to discuss Kramer." We finally agreed to give him a chance because he had size."

Lee told Kramer he would have to practice every spare minute if he wanted to earn a basketball uniform. "He went right home and put up a basket on his garage," Lee said. "He would practice with the team and then practice for several more hours in his back yard."

Asbury said he first used Kramer at center because that was the one position where mobility wasn't much of a factor.

"At center, Ron just had to bend over to pass the ball and then fall down," Asbury said.

Kramer started to show promise by his sophomore year and wanted to go out for baseball as well as football and basketball. He had been a catcher in junior high school and was a good hitter.

"We made him go out for track instead," Hartsig said. "We felt that track would do more to help his co-ordination than baseball. He turned out to be one of the best trackmen we've ever had. He put the shot, high jumped and ran both the high and low hurdles."

By the time Kramer was graduated from East Detroit, he had won all-state honors in both football and basketball and had cracked a state hurdle record in track.

"We all knew Ron's capabilities," Asbury said. "We expect him to make All-America in football and basketball before he's through, barring injuries.

"I've never seen a player with as much drive as Kramer. Everything he does he wants to do perfect. Ron isn't the clumsy boy anymore who we almost kicked out of sports six years ago."

Southpaw Diet Due for Redbirds' Crew

TAMPA, Fla. (AP)—Rivals of the St. Louis Cardinals probably will send their southpaw pitching brigade against the Redbirds in St. Louis. This is the thought of Redleg manager Birdie Tebbetts.

Says Birdie: "Removal of that screen in right field at Busch Stadium this year has created a problem for opponents of the Cards. They'll have such lefty swingers as Stan Musial, Red Schoendienst, Solly Hemus, Wally Moon and Bill Virdon. Therefore, a diet of southpaw pitching must be the answer."

Night Drill for TV

ANAHEIM, Calif. (AP)—A special spring training session at night was held by the Hollywood Stars of the PCL just for television.

With the cooperation of owner Bob Cobb and manager Bobby Bragan, the Stars drilled while the video cameras rolled.

Los Angeles viewers saw the show over a local station from 10 p.m. to 11 p.m.

Robin Loses No-Hit Job, Shutout in Ninth Inning

PHILADELPHIA (AP) — There were some reports from down South during spring training that Robin Roberts was losing his fast ball.

You couldn't convince the New York Giants of that today. Manager Leo Durocher, Willie Mays and Co. will tell you that if Mr. Roberts has lost his high hard one they'd hate to face him when he finds it.

The 29-year-old Roberts came within two outs of humiliating last year's world champions with a no hit job in yesterday's National League opener for both teams. That the Giants collected three hits and two runs in the ninth inning took little away from the magnificent righthander.

Robby, who would like nothing better than to collect a no-hitter, took the disappointment philosophically.

"Sure I knew I was working on a no-hitter. And I'd have loved to get it. I've never pitched one you know. But after all, the important thing is that we win. Whether they got no hits or 12 hits, I don't care, as long as we won," he said.

The Springfield, Ill., ace, worked in his sixth straight Opening Day game and now has a 3-3 record for inaugural performances. He gained credit for victory No. 1 in what he hopes will be his sixth straight 20-victory season.

Roberts said he felt strong throughout the game and had great success mixing up his pitches.

"I threw a lot of change-ups which made the fast one more effective. I fooled Willie Mays twice. Boy, I'll bet he'll be looking for me next time."

The 13,219 fans who braved the cloudy 43 degree weather leaned forward on every pitch in the ninth. Dusty Rhodes, the hero of the 1954 World Series, batted for relief pitcher Marv Grissom, and was safe on an error by shortstop Granny Hamner.

Whitey Lockman popped up, but Al Dark, with the count of two strikes and no balls, slashed a curve that hung to right field for the first hit. The two runs scored on Monte Irvin's center field double. Henry Thompson singled for the third hit.

Wings Call Farmhands for 'Big Test'

DETROIT (AP) — The hockey season, 189 days old, comes to an end tonight — maybe.

Detroit Red Wings and Montreal Canadiens—who have played more than 80 games apiece since the start of the season last October — clash in Olympia Stadium in the 7th and deciding game of the Stanley Cup playoffs.

The game should be over about an hour before midnight, but it will come as no surprise if overtime is needed and the season stretches out a little longer, spilling over into the early hours of Friday morning. Playoff games sometimes do that.

For example, the Red Wings once played until 2:30 in the morning before winning a playoff game. That happened in 1936, with Mud Bruneteau firing the winning goal after 176 minutes and 30 seconds of play.

* * *

Last year it looked as though the Red Wings and Canadiens were headed for one of those wee-hour marathons in the 7th game of the playoffs. But little Tony Leswick put a quick end to the suspense by rifling a goal at 4:29 of the 1st "sudden death" period to give the Wings a 2-1 victory.

That was the 2nd time in four years the Wings won the Stanley Cup on a "sudden death" goal in the deciding game. Pete Babando did it in the 1950 playoffs, overtime session to defeat the New York Rangers.

Red Wings and Canadiens enter the title game after playing the first six games of the series in 10 days.

In an effort to put some fresh legs into the lineup, Red Wings have called up two rookies from their Edmonton farm club. They are center Bronco Horvath and forward John Bucyk. They will be teamed with Vic Stasiuk to form a 4th forward, an unusual move for a game of such importance.

Wings, who are shooting for their 7th Stanley Cup — which would tie them with Toronto — are unbeaten at home since Dec. 19. They've gone through 23 games in that time. For that reason they are favored over the Canadiens.

Louisville Club Favored to Grab Amer. Assn. Title

By THE ASSOCIATED PRESS

Baseball writers of the American Assn. levelled the finger at Louisville as probable pennant winner as the Class AAA League headed into today's season openers.

The Colonels were picked to displace Indianapolis' Indians, champions last year, in a campaign giving handicappers two new clubs to consider.

* * *

Denver and Omaha, both promoted from the Class A Western League, are the new entries. Denver replaces Kansas City, new home of the former Philadelphia Athletics in the American League. The Columbus franchise has been moved to Omaha.

For the opening games Minneapolis is at Indianapolis, St. Paul at Louisville, Denver at Toledo and Omaha at Charleston.

The Colonels won the post-season playoffs in 1954, then beat Syracuse of the International League in the Little World Series.

Woods Gets Unanimous Decision Over Chavez

SPOKANE, Wash. (AP)— Bobby Woods of Spokane finished fast to win a unanimous decision over Carlos Chavez in a 10-rond lightweight match here last night.

Chavez, a Los Angeles veteran who weighed 138, had beaten Woods twice before. Woods scaled 137¼.

A crowd of 1,367 paid $4,023 to see the match in the Spokane Coliseum.

Snead Favorite at Greensboro

Slammer, However, Is Opposed by About 125 Other Top Linksmen

GREENSBORO, N.C. (AP) — The Greater Greensboro Open golf tournament, which has become more or less the personal property of Samuel Jackson Snead since he won the inaugural in 1938, opened today with the field of about 125 again assigned the task of chasing Sammy.

Nearing 43, Snead has played few tournaments this year, but he's still the man to beat here, despite the presence of such threats as Mike Souchak, year's leading money winner, and Doug Ford, last year's winner in a playoff with Marty Furgol.

Snead has compiled a phenomenal success story in this tournament which launches the PGA summer season with a $12,500 purse, $2,200 of which goes to the winner of the 72-hole test, ending Sunday.

Sammy has won the tournament four times. In the last six years he has never finished lower than a tie for third, winning twice and two years ago finishing second in a four-man playoff won by Earl Stewart.

Has Proper Makeup

CHICAGO (AP)—Ed Sprinkle, Chicago Bear football star, has the physical makeup to become a great bowler.

Bowling instructor Joe Wilman of the Brunswick Proprietor's school, says Sprinkle's huge thumb required the company's largest sleeve for a special fitting.

Sprinkle plans to open a bowling establishment on the south side of Chicago.

HONORED—Jim Bates (above), University of Michigan football player from Farmington was one of 17 UM athletes presented Wednesday night with Fielding H. Yost honor awards for combined athletic and scholastic achievements.

MSC's Big 10 Diamond Champs Face Titans

EAST LANSING — Michigan State's defending Western Conference baseball champions open the regular season schedule with a non-conference game against Detroit, Saturday afternoon, April 16 at 1:30 p.m., at Old College Field.

The 23-game schedule includes 15 Big Ten contests and games with Detroit, Wayne, Western Michigan and Notre Dame on a home-and-home basis. Under the "closest" rival rule in the conference, three games will be against Michigan.

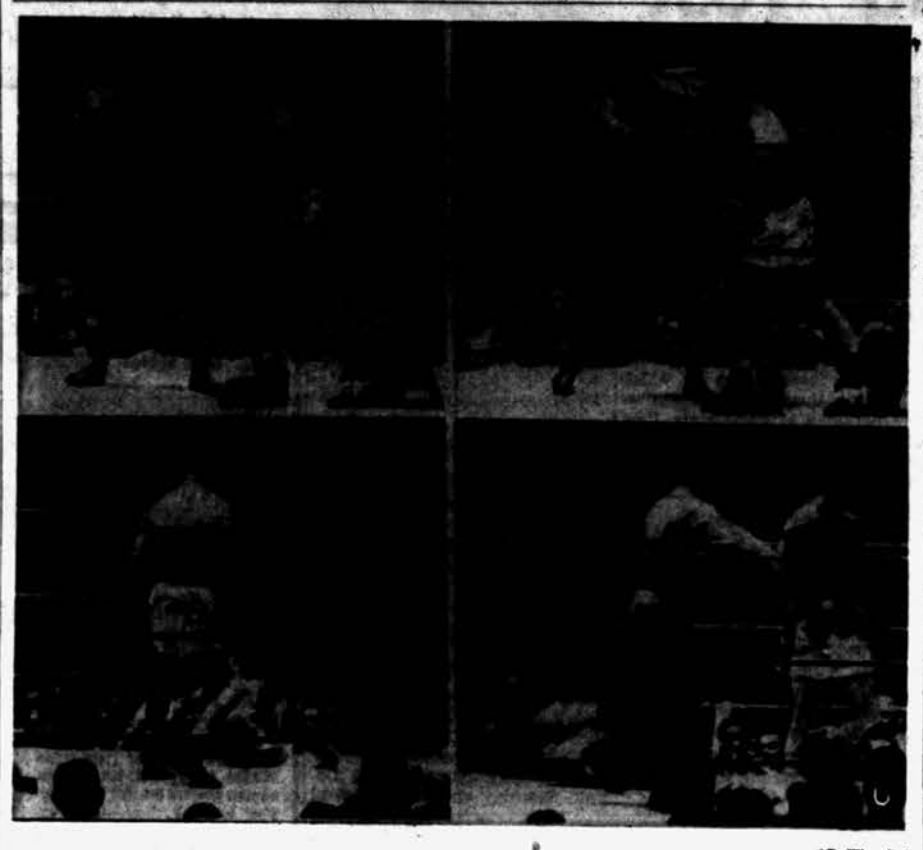
PHS 9 Gets 2nd Straight Win



AP Wirephoto

MAXIM GOES DOWN — Middleweight champion Carl (Bobo) Olson, throwing lightning-like punches with both hands, floors Joey Maxim in the second round of their non-title overweight fight at the Cow Palace in San Francisco last night. Top left: Olson gets in hard right to Maxim's chest. At right, Olson connects with hard rights to the head. Bottom left: Maxim goes down. At right, Referee Ray Flores directs Olson to neutral corner. Maxim took an eight count. Olson won a unanimous decision.

Chief 9 Blasts Skippers 12-1 on Wednesday

Jim Jones Comes Close to Shutout, Pitches OK; PHS Hitting Better

Blessed with some unexpected fine hurling by Jim Jones, and a strong increase in hitting power, Pontiac High's baseball club yesterday afternoon wrecked a Waterford club 12-1.

Coach Ed Heikkinen's club got the blows just when they were needed. They blasted out enough hits in the first, second, sixth and seventh frames to nail down the 2nd straight victory of the season — in two days. Chiefs edged Cranbrook 4-3 Tuesday in an extra-inning battle.

Three tallies in the opener gave Pontiac a big edge. Dick Slade and Daniel got on by errors. Ted Wharry, who banged two triples during the afternoon's activities, got his 1st 3-bagger to score the two Chiefs. He came in himself on Smith's single.

Vallad counted in the second on a sacrifice by Jim Jones and Slade's triple.

Al Hayward provided the only run of the 6th frame. He was knocked home by dint of a bad throw by the Skipper catcher and Murphy's single.

The big seventh brought tallies by Slade, Poe, Daniel, Wharry, Al and Bud Hayward. Hits by Slade, Wharry's 2nd triple, Al Hayward's single, Vallad's one-base blow, and Slade's 2nd single of the round did the trick.

Waterford's run was scored by Harnack aided by Nichols' single and an error in the Chiefs outfield.

Jim Jones' gilt-edge hurling kept the Skippers whiffing all afternoon. He stopped them cold without a hit from the 1st to the 7th, while fanning 12. He walked only one. Kruskie struck out 3, walked 2.

Versatile Texas Hunter

SEAGOVILLE, Tex. (AP) — J. C. Smith used .50 caliber machine guns as an Air Force gunner in World War II. Right after the war, he used a rifle to go hunting. Now he's using a bow and arrow.

Cockell Reminds Writer of Tommy Farr in 1937

By GAYLE TALBOT

NEW YORK (AP) — While taking sightings on round Don Cockell and listening to bystanders predict dire things for him when he fights Rocky Marciano out in San Francisco next month, we suddenly experienced a strange feeling that all this had happened before. It wasn't in a dream either.

* * *

Back in 1937 they brought over another British carnival attraction named Tommy Farr as a sort of sacrificial offering to young Joe Louis, the killer. If you think the promoters are being given a going-over for importing the tubby battler from Battersea, you just should have heard what the experts said when they saw the corrugated ears on Farr.

* * *

They said he patently was a bum who would be lucky to go five with the champion. This made Farr sore and he was a hard man to get along with while he trained, largely in solitude, down on the New Jersey coast.

As the time neared for the execution, the odds went to 3-1 that Louis would win by a kayo. We still recall happily that we grabbed some of that. The only excuse was that we had seen Farr fight a couple of times in London and knew he was a pretty good man. Luckily, we had not seen Louis up to that time and so didn't scare easily.

* * *

Well, you can look it up. For 15 bruising rounds Louis was given all the right he could handle. The champion never looked like stopping the game Welshman, who moved in on him as though he owned him round after round. Joe was forced to put out everything he had to save his title.

Roster of Ruth League Pilots Filled This Week

Roster of managers of the five-team Birmingham Babe Ruth League was filled this week with the appointment of Tony Stiel and Art Birkholz.

Stiel will manage the Wilson Pontiac-Cadillac Chiefs and Birkholz will handle the new 5th team sponsored by the Jamie Martin Insurance Agency in Birmingham. Previously named as managers of the other three teams were John Madonna, Brad Springer, and Fred Petrucci, whose team won the city championship last year.

These managers and their coaches will be on hand for tryouts beginning April 19 at 5 p.m. at the Birmingham High School field when this league for 13 to 15 year olds gets under way.

Training games will be played during May and early June, with the regular six-week season starting at the close of the high school athletic program.

Illinois Frosh Getting Chance

Eliot Seeking to Plug Holes in Poor Team of '54 Season

CHAMPAIGN, Ill. (AP) — It's a field day for freshmen in Illinois' spring football drills.

Practices opened yesterday with 121 gridders reporting to Coach Ray Eliot whose 1954 team failed to win a Big Ten game.

Freshmen were gunning for an assortment of assignments which Eliot said were wide open.

* * *

Four yearlings are leading candidates for the fullback spot. Last year's top fullbacks have been shifted, Mickey Bates being moved back to right halfback and Bob Wiman, now playing baseball, scheduled for the line.

* * *

Three freshmen are battling for a quarterback selection and three more are after halfback spots.

The backfield hopefuls shold see plenty of spring action because three regulars are missing. Quarterback Em Lindbeck is playing baseball, halfback Abe Woodson is staying with the track team and captain J. C. Caroline is passing up spring drills because of a shoulder injury suffered last fall.

Olson's 'New' Overhand Right Subdues Maxim

Bobo Now Ready for Crack at World Light Heavy Crown

SAN FRANCISCO (AP)—The "new" Bobo Olson, who picked up a crushing right-hand punch with nine pounds extra weight, is ready for a crack at the light heavyweight championship of the world.

* * *

The Hawaiian-born middleweight king, departing from his usual damaging body attack and switching to a savage overhand right to the head, floored Joey Maxim twice and was all over him from the opening bell last night as he won a unanimous 10-round decision at the Cow Palace.

* * *

Olson was a 3-1 favorite in the nontitle bout. He weighed 169 pounds, nine above his normal figure, but looked faster and hit harder than in any of his previous 20-straight triumphs. Only in the first round, when he concentrated on the body and beat Maxim's torso bright red, did he stick to his normal fighting pattern.

In the second round Maxim, who weighed 175, went down for an eight-count from two smashing rights to the head. In the ninth, Olson repeated the right and caught the tottering former light heavyweight champion with a left to the jaw as he fell. This time Maxim was up at six.

* * *

"I was surprised when I knocked him down," Olson told reporters. "I was so excited after I knocked him down the first time I didn't know what punches I threw the rest of the round."

* * *

Maxim, decked only four times previously in his career covering more than 100 fights, said he was surprised too at Olson's hard punching.

The chances of title fight with light heavy champion Archie Moore are good, according to Sid Flaherty, the middleweight king's manager.

"There's nothing definite on it yet, of course," he said, "but we'll have a few talks about it very shortly."

Jersey Quintet Defends Title in 'Chair' Tourney

RANTOUL, Ill. (AP)—The New Jersey Wheelers today open defense of their national wheelchair basketball title against seven other teams in the seventh annual tournament.

The unbeaten California Flying Wheels of Long Beach are favored to dethrone the New Jersey team. The Flying Wheels have won 10 straight games this season.

Other entries include the Gizz Kids of Champaign, Ill.; St. Louis Rams; New York Spokesmen; Bulova Watchmen, Manhattan, N.Y.; Kansas City Pioneers and the Pan American Jets of Long Island.

The tourney ends Saturday night.

9.5 for Century Already!

Southwestern Frosh Sprint Star Never Jumps Gun, Runs Winning Streak to 29

ABILENE, Tex. (AP) — Bobby Morrow, who thinks jumping the gun in a race just slows you down, so he doesn't do it, is the latest sprint sensation of the Southwest.

The lanky freshman of Abilene Christian College already has run 100 yards in 9.5 and 220 in 20.5 this season and hasn't lost a race in two years. His string shows 29 straight victories.

Morrow has beaten all the top sprinters of the Southwest except Dean Smith of Texas, the former Olympic performer. He hasn't run against Smith yet. Morrow won the 100-yard dash in the Texas Relays but the Texas U. star didn't enter.

Bobby's coach, Oliver Jackson, terms him "the finest freshman sprinter I ever have seen."

"His possibilities are unlimited," Jackson says, "but the NAIA and AAU meets in June will prove a lot as far as comparing him with the oldtimers."

Morrow, 6-2 and weighing 175 pounds, is great because of his tremendous leg drive, his coach observes.

In his track career, starting as a junior in high school, he has won 46 races in 50 and never has jumped the gun. His four defeats came in his first season in high school. Later he beat all four of the fellows who licked him. In his senior year at San Benito, Tex., High School he won 23 races and his best times were 9.6 in the 100 and 21.1 in the 220.

A flock of colleges sought him but he chose Abilene Christian over Southern California, Kansas and Texas. He says the reasons are that he likes the religious education he is receiving at Abilene Christian and he considers his coach "the best."

He launched his college career with a wind-aided 9.5 in the 100 and 20.5 in the 220 at the Border Olympics. He also anchored the 440-yard relay team to a 41.9 Border Olympics record. Three weeks later he won the 100 in the Texas Relays in 9.8 running into a 4-mile wind.

Masters' King Has Golf Date With Ike

NEW YORK (AP)—Doc Cary Middlecoff, off to play some golf with the President, isn't predicting he'll add the National Open to his newly-won Masters crown, but he's not being coy about it, either.

* * *

"A win like this gives a guy tremendous confidence," the tall, good-looking Tennessean said today. "It's foolish to say one man is going to win a tournament like the Open but I'll be going into it with what I consider the best chance ever.

* * *

"I think I am playing the best golf of my life. I feel very good about my chances. I should be in for a good year."

* * *

Middlecoff, who won the 1949 National Open, last weekend captured the coveted Masters with a record seven-stroke edge over Ben Hogan, in second place, and eight strokes over Sam Snead, in third.

* * *

The unemployed (by choice) Memphis dentist was to fly to Augusta today at the special invitation of golf-minded President Eisenhower. He's skipping the Greenboro, N. C. Open this week and the Virginia Beach Open next week, returning to action in the $35,000 Tournament of Champions at Las Vegas April 28.

* * *

"It was a very pleasing win for me," Middlecoff added.

"Last year I had a stretch in which I won one tournament and was runner-up in seven. That makes a guy start talking to himself.

* * *

"At Augusta, I changed my swing a little bit but the big improvement came in my putting. I made the griup bigger on my putter, without changing the blade, and it was great."

* * *

The Memphis dentist said he had met the President but had never played golf with him. "I'm looking forward to it," he said. "I don't know the exact time we'll play—Friday or Saturday." Middlecoff is due back in New York Sunday for a television appearance.

Speaking of the new crop of young players hitting the big purses, the new Masters champion said:

* * *

"Theyre real tough. Gene Littler and Mike Souchak, especially, are fine golfers. But golf has become such an intricate game these days that no one guy or no two guys are going to step up and take charge right away. It takes time and experience."

Ashburn Streak Called to Halt

Injuries End Richie's String at 731 Games; Ennis Also Out

PITTSBURGH (AP) — Richie Ashburn was expected to get back into the Philadelphia Phillies lineup against the Pittsburgh Pirates today — but his consecutive game streak was ended at 731.

Ashburn sat in the dugout at Connie Mack Stadium in Philadelphia yesterday while his teammates defeated the New York Giants 4-2 in the National League opener for both clubs.

* * *

Ashburn, who was injured in an outfield crash at Wilmington, Del., April 8, had hoped this season to equal or better the record of 822 straight league games established by Gus Suhr of the Pirates and Phillies in the mid 1930s.

Ashburn sustained a strained leg lided with Del Ennis as both Phils' outfielders chased a ball hit by Mickey Mantle of the New York and slight concussion when he col-Yankees. Ennis, who sustained a hairline kneecap fracture, also sat out yesterday's game but — like Ashburn — was due to see action today.

Elk Softballers Drill

NHL PLAYOFF
WEDNESDAY'S RESULT
No game scheduled.
TODAY'S SCHEDULE
Montreal at Detroit (teams tied 3-3 in best-of-7 final playoff).

Aussie Rugby Star to Try American Football at MSC

EAST LANSING — Among freshman football prospects at Michigan State is one who has never seen an American grid game.

This seemingly out-of-place player is Allan Charlton, a top-notch Australian rugby player who will attempt to switch to the American game.

Charlton was brought to Michigan State this spring by Kevan Gosper, the Spartans' star quarter-miler and hometown friend of Charlton's in Newcastle, Australia.

While at State, Allan is rooming with another Australian track star, Dave Lean, the British Empire Games' 440-yd. hurdles champion and a freshman on the Spartan track team.

The game of rugby football resembles American football in that an oval ball is used, players may run and kick the ball, pass it laterally, and conversions after a score are kicked over similar goal posts. There the similarity ends.

In rugby, the play is continuous unless the ball goes out of bounds or a serious injury is incurred. There are no huddles or plays which resemble anything used in football.

Billiards Players Hope to End Mixup in Title

PHILADELPHIA (AP) — Top billiards players are contemplating a players' association to govern and promote—and possibly revive—the game, a spokesman said today.

Players are gathering here for a tournament starting Saturday billed as the world's pocket billiards championship. Competing in a round robin series of matches will be Willie Mosconi, Irving Crane, Jimmy Caras and Erwin Rudolph.

Sponsors of the tourney hope it will determine the 1955 title, now claimed by several players.

Television Fans Miss Windup of Bobo's Victory

Electrical Failure in San Francisco 'Blacks Out' TV Audience

SAN FRANCISCO (AP)—The national telecast of the Bobo Olson-Joey Maxim fight was blacked out midway in the final round last night by the burning out of a 110,000 volt circuit in a substation near the Cow Palace.

The nationwide television audience missed seeing the fight's finish. The power and picture were restored in about five minutes.

CBS engineers switched on emergency battery power at ringside to restore audio transmission and announcer Jack Drees switched to a radio style broadcast description.

A Pacific Gas & Electric Co. spokesman explained that one phrase in a three-phase 110,000 volt transformer circuit burned out, causing a "dip" in power over much of San Francisco.

3 County Athletes on Teams at Wayne

Three Oakland County athletes are members of the spring sports teams at Wayne University.

Harlen Worden, 20-year-old sophomore right hander, is a pitcher on the Tartar baseball team. He prepped at Lake Orion High School. Members of the golf team are Ken Clayton, a freshman from Royal Oak, and Jack Kracklan, a junior

Workers Map 15 Lakes in Oakland County

LANSING (AP)—Fisheries workers mapped 28 lakes in four southern Michigan counties during the winter, the state conservation department reported today.

Inquiries for the maps, which will not be available for several months, should be addressed to the Institute for Fisheries Research at Ann Arbor.

The lakes mapped were:

Bennett, Clough, Hoisington, Howe, Inchwagh, Lime, Neff and Ryan Lakes in Livingston County; Canfield, Clark, Gorman and Kelley Lakes in Washtenaw County and Fenton Lake in Genesee; In Oakland County: Bass, Cedar, Clear, Copneconic, Crotche, East Graham, West raham, Hartwig, Long, Louise, Lower Proud, Equaw, Tan Valley and Wildwood lakes.

Drafting of Gola Raises NBA Stock of Philly Five

NEW YORK (AP)—Last or next to last for the past four years, the Philadelphia Warriors today were rated a top contender for next year's Eastern Division laurels in the National Basketball Assn. all because of Tom Gola.

The Warriors grabbed off the versatile three-time All-America from LaSalle in the NBA draft yesterday and added a couple of other well liked collegians in George Washington's Corky Devlin and Villanova's Bob Schafer for good measure.

* * *

LaSalle is located in Philadelphia and the Warriors were entitled to first crack at the 22-year-old, 6-7, 207-pound Gola as a territorial choice. Each club is privileged to first pick at any college senior within a 50-mile radius of its franchise.

The only other territorial selection was by Minneapolis, which plucked Dick Garmaker, second-team All-America from Minnesota.

After the territorial selections, the other six clubs got first whack at the rest of the grab bag in inverse order to their positions in the pennant race.

Plenty of Horse Sense

BOSTON (AP)—The Andolina brothers, owner Paul and trainer Frank, have been around horses of all types for a long time. They have a livery stable in north Boston. Their interest in thoroughbreds dates back 20 years when they visited Rockingham Park and Suffolk Downs where their dray horses pulled the starting gate and other track equipment. Their top race horse now is Boston Doge.

Americans Plan Year of Travel

75 Million to Tour This Country and 500,000 to Journey Abroad

WASHINGTON (UP) — Americans are the world's greatest travelers.

To prove it, 75,000,000 of them will pack up and take "See America" vacation trips this year, according to the Automobile Association.

Another half million U.S. pleasure-seekers will go aboard, setting an all-time high in international travel, the AAA added.

Over 63,000,000 will travel to vacation spots by automobile, according to the AAA. Americans are showing a preference for short instead of long motor trips.

These motorists will find good news as far as prices and accommodations are concerned. There are more overnight accommodations than ever before. Many hotels are remodeling to meet the growing competition from motels.

The AAA said there will be no increase in prices over last year; a dip in prices in some places.

In the field of foreign travel, more middle and lower income families will go abroad on a "pay later" travel plan offered by many airlines and steamship companies.

Europe remains the most popular foreign vacation attraction for Americans, but there is increasing competition from the British West Indies, Cuba and Asia.

While Americans are viewing foreign countries, the United States will be viewed by over 600,000 foreign visitors this year, the AAA estimated.

Pooch on the Carpet for Rug-Stealing Habit

WORCESTER, Mass. (UP)—Wiggles, a 9-month-old mongrel dog, is building quite a display of rugs in the Joseph R. Mahoney home—and Mahoney doesn't know where they're coming from.

He says the dog has dragged at least half a dozen scatter rugs, some evidently costly, onto the Mahoney premises in recent months.

Wiggles apparently works far afield as neighbors canvassed by the Mahoney children reported no losses.

Invest Nickel, Get $411

NEW BRITAIN, Conn. (UP) — Americo and Edward Guillaro reported that their "model" watchdog let thieves make off with $411 after being bribed with a five-cent candy bar.

Red Hot Mama Sings at Morocco's Mambo

By EARL WILSON

NEW YORK—El Morocco's Midnight Mambo—Sundays only—has become the biggest night of the week for the Insomniac Set . . . but 99 per cent of the Mambo Nighters can't mambo.

★ ★ ★ ★

Sophie Tucker got up there the other morning and sang "Some of These Days." A lovely brunette, Diana Linden of Montreal, played the bongo drums. Bernice Parks danced with Teddy Rodriguez—who later danced solo, holding a glass of water on his head . . . a trick he thinks he invented 14 years ago.

SOPHIE

The Chi Chi Set filled the place. When Rodriguez, the m. c., thanked Sophie for allowing herself to be imposed upon, she shouted, "I loved it—don't be silly!"

★ ★ ★ ★

The Billy Rose-Joyce Mathews marriage rumors are loose again.

★ ★ ★ ★

The words "Cafe Mardi Gras" suddenly appeared on the CBS TV Theater at B'way and 81st—mystifying folks. It's Jackie Gleason's new TV experiment—an hour show which is to be "pilot-filmed" with Sammy Davis Jr., Hildegarde, and others by eight cameras. CBS is financing it, and somebody said, "Gleason is spending CBS' money as though CBS had as much as he does."

★ ★ ★ ★

I happened to be on 8th Av. when Marilyn Monroe went on Ed Murrow's show and hustled in and out of bars hunting a TV set. In that sporting neighborhood, they were watching wrestlers and the fights. Finally I asked a bartender, "Aren't you getting Monroe and Murrow?" He said, "Nah, these guys in here wants look at the 'Trots'." I did find one, though, and think somebody should give a screen test to Milton H. Greene's wife, Amy.

★ ★ ★ ★

Darryl Zanuck and Joe DiMaggio—employer and ex-husband of Marilyn Monroe—sat a foot or two apart at "Silk Stockings"—but they didn't speak. The reason? They've never been introduced. Zanuck doesn't socialize with actors—and recently said he'd only met Marilyn three times.

★ ★ ★ ★

ODDITIES IN OUR TOWN: Olga, the mambo expert who teaches in her own studio and at Roseland, but who goes to the Chateau Madrid mambo matinees, too, just 'cause she loves to dance . . . Eric Koberg, the Brooklyn cab driver who takes candid pictures of his fares . . . The TV geniuses who used to blast Ed Sullivan for his solemnity, and who now admit that this same quality is "personality."

★ ★ ★ ★

Dorothy Dandridge's kid sister, Vivian, 17, also a singer, opens at the Miami Vanity Fair Apr. 17 . . . John L. Lewis vacationed at the Casa Marina in Key West . . . The fellow in Philly who takes up lots of Grace Kelly's time is the sportsman and merchant William Clothier 2d.

OLGA

THE MIDNIGHT EARL . . .

Don Ameche missed his first performance in "Silk Stockings"—virus—with Lawrence ("Song of Norway") Brooks stepping in . . . Frank Sinatra's due to talk to Jules Podell of the Copa about his fall date. Podell figures the removal of 4 posts during the summer closing will cost $200,000—or $50,000 a post . . . Tyrone Power's dated singer Libby Dean.

DEBORAH

★ ★ ★ ★

Jack Benny turned down $50,000 for a weekend stint in Las Vegas . . . If Mary Pickford buys the Goldwyn studios, she'll film her life story . . . A Greenwich Village cafe was asked by "friends" to hire bookie Harry Gross as a cashier . . . Deborah Kerr, who got a sexy role in "From Here to Eternity," repeats in "End of the Affair."

★ ★ ★ ★

Ilona Massey will get the divorce while working in Reno and Vegas cafes . . . The newest blood type is being called "MM" (and not named for youknowwho) . . . "The Tender Trap" was booked for a Rochester, Minn. one-nighter so the cast could get check-ups at the Mayo Clinic.

Pair of Jailbreakers Headed Wrong Way

WILLIAMSTON, S. C. (AP)—J. T. Nichols and Sam Harper were sentenced to four months here after a city court convicted them of breaking an entering and instigation a riot.

They were charged with breaking into the city jail at 2 a. m. and setting fire to a mattress, causing a disturbance.

Suit Suits the Judge

DALLAS, Tex. (UP)—A divorce-seeking husband wore the evidence to court. He told District Judge Dallas A. Blankenship a fight started because his wife didn't like the suit he was wearing.

The judge studied the suit—pink coat, pink vest and pink slacks, with pink shirt and pink handkerchief as accessories. Then he granted the divorce.

Eerie Blindfish Puzzle Students

When, Why and How Did They Start Living Under Earth Surface

WASHINGTON — Eerie blindfish that live in underground streams and pools continue to puzzle naturalists more than a century after they were discovered.

Still unsolved is the riddle of when, why and how some 16 kinds of fish took up residence beneath the earth's surface. The shy, sightless creatures reveal little about themselves in captivity. Their egg-laying and spawning habits have not been observed.

Totally blind fish have been found in limestone caverns in North and South America, southern Europe and Africa, the National Geographic Society says. The various species seem to be limited to a small area and a special type of limestone formation.

The most famous blindfish, Amblyopsis spelaeus, lives in Mammoth Cave, Ky. The colorless, ghostlike fish grows to a length of about 5 inches. The young are hatched with eyes that become useless and covered with tissue in adulthood.

Like others of its kind, the Kentucky blindfish has a highly developed sense of touch. The head and body are ridged with sensitive bumps that enable the fish to flourish in absolute darkness.

Observers report that blindfish appear to live solitary lives, paying almost no heed to each other. In the endless search for food, however, they seem to be aware of their surroundings.

Blindfish prey on several kinds of sightless invertebrates — crayfish, mites and worms. These non-carnivorous creatures in turn must depend on vegetables and organic matter seeping down from the surface.

Not all blindfish live underground. Among the eight members of the North American cave fish family, Amblyopsidae, one species lives in springs and another inhabits muddy ditches in South Carolina rice fields.

The origin of aquatic cave life is obscure. Most naturalists dismiss the idea that fish were swept into caves by accident. One dominant theory is that ancestors of some blindfish remained in streams that gradually sank underground. Safe in darkness, the fish develop along with their habitat.

Debbie to Work After Marriage, Ed Tells Queen

BLACKPOOL, England (UP) — Crooner Eddie Fisher confided to Queen Elizabeth II last night that he won't let marriage block the lucrative career of his fiancee, starlet Debbie Reynolds.

He and Miss Reynolds won enthusiastic royal applause for their singing performance at a variety show here. After the show, the Queen asked Fisher, "Is Debbie going to give up her career when you marry?"

Said Eddie: "I don't really think she will. She is a very talented girl."

Listening in on the conversation was the Duke of Edinburgh, who hasn't interfered with his wife's career either.

Cadillac's Site Causes Temperature Extremes

CADILLAC (UP) — This city of 10,425 often figures prominently in the nation's weather news as either the hottest or coldest spot. It frequently has reported 100-degree temperatures when the rest of the state was basking in ideal high-70 weather.

Generally Cadillac's lows are the lowest in Michigan, often 15 to 25 degrees below neighboring towns, and on Jan. 30, 1951, the official weather station thermometers froze. A spirit thermometer registered 40 below zero.

Experts say the reason is that Cadillac sits in a depression in high hills 40 miles west of Lake Michigan and cold or warm air waves drop into the cup and stay.

Topic Really Hits Home

FAYETTEVILLE, N. C. (UP) — Mayor George Herndon was addressing a group of auxiliary policemen on "Law Enforcement" when a messenger interrupted to advise that an armed bandit had robbed the mayor's music store of $40. With even greater earnestness, the mayor continued his address on "Law Enforcement."

LET BYGONES BE BYGONES—"I am an American citizen, and I want to do my duty." That's why a 19-year-old survivor of the 1945 atomic blast at Hiroshima, Japan, joined the U. S. Army. Mikami Kinnosuke, whose American-born mother is living in Hiroshima, is shown above being sworn into service at San Francisco, Calif., by Lt.-Col. John J. Houghran. Kinnosuke came to the U. S. in 1951.

Big Battle Due Between Rita and Columbia

By BOB THOMAS

HOLLYWOOD (UP) — Notes and comment on the Hollywood scene—

Look for a battle royal to ensue over Rita Hayworth's notification that her contract with Columbia is at an end. Needless to say, the studio doesn't see it her way and is prepared to fight. The battle could keep Rita out of work until 1960, if it's carried to the highest courts. By that time she will be 42.

The studio feels that it has taken good care of Rita, putting her in big films to restore her to popularity after bad publicity.

Final observations on the Academy Awards: Jennifer Jones was set to do the wife's role in "The Country Girl," but had to check out because of pregnancy. Grace Kelly replaced her.

Sinatra was originally set for the role of the ex-fighter in "On the stages of the picture's planning. Later the cast was shuffled and Marion Brando got the role. . . .

Some folks are still muttering that Judy Garland should have won the award. Although she was a good loser, she wanted the Oscar badly. She wanted to show her long-time studio MGM, which fired her. Her adherents argued that she should be given a special Oscar for her achievements on the screen. But it was ruled that stars cannot be given special awards in the same year they are nominated for regular Oscars. . . .

* * *

Frank Sinatra is not one of those who express alarm over the rhythm and blues trend in modern music. Saye he:

"At least rhythm and blues broke the craze for cowboy laments, which I think were awful. Maybe rhythm and blues isn't very good music, but at least it's got a beat. Perhaps it will lead us back to the good band music such as Tommy Dorsey and Benny Goodman play."

* * *

Ferrer, Audrey Costar

HOLLYWOOD (UP) — Mel Ferrer has been signed to costar with his wife Audrey Hepburn in an Italian film production of Tolstoi's "War and Peace."

Harmonious Business

METUCHEN, N. J. (UP)—Benjamin Burley, former member of the Borah Minovitch Harmonica Troupe, is now a harmonica tuner. He and his wife, Margaret, tune about 7,500 harmonicas a year.

In the United States there is a highway accident on the average of every three seconds.

No. 14 in a series of RARE CREATURES:

THE FRENZIED GROPE

pursues the glitter and passes up the gold

The GROPE is an advertiser who'd rather be flashy than right. He walks when others are riding, and shaves with a goldplated axe.

Prefers to reach for pie in the sky rather than use the one medium that's proven productive for so long for so many.

Fortunately, the GROPE is a rare creature.

Wise advertisers know that the newspaper is basic – no matter what the separate virtues of other media may be.

They know that almost every person in every community across America reads a newspaper sometime during each day.

They also know that people have a strong allegiance to their newspapers, believe in newspapers, and shop from newspapers.

Thus, whatever advertising schedule they build, they make newspapers their solid foundation.

No wonder advertisers placed more money in newspapers last year than they did in television, radio, magazines and outdoor – *combined!*

All business is local . . . and so are all newspapers!

This message prepared by BUREAU OF ADVERTISING, American Newspaper Publishers Association, and published in the interests of fuller understanding of newspapers by

Making Study of Coconut Milk

Researchers at Cornell Hope to Get Knowledge of Cancer Growth

ITHACA, N. Y. (UP)—Scientists at Cornell University believe a research project on coconut milk may shed light on the mysterious and uncontrolled growth of cancer cells.

They have found that a coconut milk solution makes certain plant tissues multiply 20 to 30 times faster than normal—in a manner similar to the uncontrolled growth of cancer.

In one experiment, the solution made carrot tissues grow to 100 times their normal size within four weeks.

On certain other vegetables the solution had no effect, leading the scientists to believe that some plants may contain an "anti-growth factor.'

Although the growth factor in the coconut milk has not yet been identified definitely, Dr. Frederick C. Steward, director of the study, reports "we have isolated one factor as being a crystalline substance."

In an effort to identify the growth factors, the scientists have processed more than 700 gallons of coconut milk.

They do not expect to apply the results of the study directly to the problem of cancer, but, according to Steward:

"By understanding the cause of abnormal growth in plants, it may help in understanding the fundamental causes of uncontrolled growth in animal tissues."

Rear Axle Movable

A movable rear axle assembly for truck trailers has been developed which permits one man to change the axle position to meet the varying weight-per-axle regulations of the states through which he hauls his trailer.

Increase Is Seen in Diseases Here

Chickenpox, measles and mumps were reported on the increase in figures released today by the health departments of Oakland County and Pontiac.

Reports for the week ending April 9 were issued today by Dr. John D. Monroe, director of health for both the city and county.

Breakdown of the reports, together with comparative figures, follows:

Pontiac

	Past Week	Prev. Week	Year Ago
Chicken pox	10	17	8
Measles	6	3	4
Mumps	6	1	23
Scarlet fever	13	11	0
Syphilis	1	2	1
Tuberculosis	3	0	0
Whooping cough	0	0	4

Oakland County

	Past Week	Prev. Week	Year Ago
Chicken pox	210	140	47
Measles	83	56	154
Pneumonia	1	0	1
Scarlet fever	53	51	11
Tuberculosis	9	2	4
Whooping cough	3	5	7
Mumps	183	122	93
Rubella	8	3	12
Rheumatic fever	2	1	1

Grains Hugging Narrow Margin

CHICAGO (AP)—Small plus and minus signs were posted in grains on the Board of Trade today. There was no definite trend and dealings were less active than in the previous session.

Firmest tone was in soybeans, aided by an advance in soybean oil and meal. Oats were weakest, dropping about a cent at one time. Brokers thought the decline was technical following the sharp advance yesterday.

Wheat near the end of the first hour was unchanged to ⅝ lower, May $2.08⅞; corn ½ lower to ¼ higher, May $1.44¾; oats ⅛ to ⅞ lower, May 72¾; rye ½ lower to ½ higher, May 97¾; soybeans ¼ lower to ½ higher, May $2.52; and lard 2 to 8 cents a hundred pounds higher, May $13.25.

Grain Prices

CHICAGO GRAIN

CHICAGO, April 14 (AP) — Opening grain:

Debate Set Tuesday on Guaranteed Wage

The Democratic Club of Oak Park and Huntington Woods has scheduled a debate on the guaranteed annual wage, to be held Tuesday at 8:30 p.m.

Ralph Showalter, international representative of the UAW-CIO, will speak in favor of the proposal, and Wayne Scettbacher, general manager of the Employers Assn. of Detroit will oppose it.

The debate is planned for the Northland Community Concourse Auditorium. Prof. Samuel Levin, head of the Economics Department of Wayne University, will be the moderator.

New President Heads Toastmasters Meeting

Robert Post, newly-elected president of Pontiac Y Toastmasters Club, presided for the first time at the recent regular meeting at the YMCA.

The group discussed ways and means to improve the club and its participation in Toastmasters International Club of the year contest.

Arthur Cannon, recent winner of the area speaking contest was toastmaster for the evening. Speakers included Robert Mehoke, Louis Davidson, Robert Pote and George Hanson.

Foreign Exchange

NEW YORK, April 14 (AP)—Foreign exchange rates follow (Great Britain in dollars, others in cents):

Canadian dollar in New York open market 1 3/16 per cent premium or 101.31¼ U.S. cents, off 1/16 of a cent.

Europe: Great Britain (pound) $2.79 13/16, unchanged; Great Britain 30 day futures 2.79 13/32, unchanged; Great Britain 60 day futures 2.79 3/32, unchanged; Great Britain 90 day futures 2.78⅝, unchanged; Belgium (franc) 1.99¾, up .00⅛ of a cent; France (franc) .28⅝ of a cent, unchanged; Germany (Western) (Deutsche mark) 23.85, unchanged; Holland (guilder) 26.32, off .00⅝ of a cent; Italy (lira) .16⅛ of a cent, unchanged; Portugal (escudo) 3.50, unchanged; Sweden (krona) 19.34, unchanged; Switzerland (franc) (free) 23.33⅓, unchanged; Denmark (krone) 14.50, unchanged.

Livestock

DETROIT LIVESTOCK

DETROIT, April 14 (AP)—Hogs salable 50. No early sales.

Cattle salable 150. Mostly cleanup affair at steady prices today. Compared last Thursday receipts up moderately from last week; trading on slaughter steers, yearlings and heifers through mid Tuesday was fairly active, fully steady; later, slow, steady to 50 cents lower; cows in good demand, active throughout, most sales 50-1.00 higher; cows accounted for 25 per cent of receipts; bulls steady; stockers and feeders slow, about steady; good and choice 715-1185 lb slaughter steers and yearlings bulked 19.50-20.50; odd head and one small lot high choice 1144 lb weights 21.00; one lot prime 1071 lb yearlings 22.00; utility and commercial 15.00-19.50; good and choice 650-930 lb fed heifers 19.00-22.00; utility and commercial 13.00-18.50; utility and commercial cows bulked 12.00-14.50; few straight young commercial cows 15.50; canners and cutters 10.00-12.50; few shelly canners 9.00; utility and commercial bulls 14.00-16.50, few at 7.00; cutters down to 11.00; good and choice stocker and feeder steer yearlings and calves 19.00-21.00; medium stockers 15.00-19.00.

Calves salable 25. Today's market steady. Compared last Thursday vealers through mid Tuesday sold 1.00-2.00 higher, but after the Kosher slaughter buyers left the market, most sales lost all of this advance and closed about steady with last Thursday; good and choice vealers at the close bulked 20.00-26.00, few high choice and prime at 27.00; week's top 30.00; utility and commercial kinds brought 14.00-20.00; culls down to 10.00 and below.

Sheep salable 50. No early sales, undertone around steady. Compared last Thursday slaughter lamb prices about like last week after selling 1.00-2.00 higher on Monday; slaughter ewes sold about steady; good to low prime wooled lambs in light supply, 21.00-23.50; utility grade 17.00-20.50; good and choice shorn lambs closed at 19.50-21.00; utility 15.00-19.00; cull to choice shorn slaughter ewes bulked at 3.00-8.50; several small lots 30-45 lb native spring lambs sold for Greek Easter trade at 35.00-40.00.

CHICAGO LIVESTOCK

CHICAGO, April 14 (AP)—Salable hogs 7,000; moderately active, strong to mostly 25 higher on butchers; most advance on weights under 230 lb; sows slow, steady; bulk 180-260 lb butchers 17.00-17.50; several 1-2 lots choice No. 1 and 2 grades 190-220 lb, 17.60-17.75; a short lot 19 head 17.85; most 270-310 lb 16.25-17.00; a few loads and lots 330-400 lb 15.25-16.00; most sows under 450 lb 14.50-15.50; a few 15.75; bulk larger lots 450-600 lb 13.50-14.75; good clearance.

Salable cattle 2,000; salable calves 200; prime cattle absent; yearling steers and heifers choice and below fully steady; cows slow, steady to 25 lower; bulls steady to strong; vealers steady to 1.00 lower; stockers and feeders steady to 20 lower; few head high choice steers 25.50; load average choice 1,225 lb Canadian steers 24.25; other good and choice steers and yearlings 20.00-23.50; commercial to low good grades 17.00-19.75; good and choice heifers and mixed yearlings 19.50-23.00; utility and commercial cows 11.50-14.50; a few high commercial cows up to 15.50; canners and cutters 9.50-12.00; utility and commercial bulls 14.50-16.00; few good heavy beef bulls 13.50-14.00; most good and choice vealers 19.00-24.00; few head up to 26.00; utility and commercial vealers 11.00-19.00; load choice 525 lb yearling stock steers 24.25; some medium and good feeding steers and yearlings 18.00-21.75.

Salable sheep 1,500; slaughter lambs fairly active, fully steady; slaughter sheep about steady, good to prime, mostly good and choice wooled lambs 110 lb. down 20.50-22.50; latter price for a load 108 lb. western fed; utility to low good lambs 13.00-20.00, including a load 108 lb. at 19.50; a load of choice 117 lb. wooled skins 21.25; a few mostly choice native spring lambs 23.00; good to prime No. 1 skin shorn lambs 101-120 lb. 19.50-21.25; a load of good and choice around 107 lb. carrying No. 1 and 2 skins 19.75; cull to mostly good shorn ewes 5.00-7.00.

Discount Rate Disrupts Market

NEW YORK (AP)—Motors were higher today in a mixed stock market.

Prices in the early afternoon had gains to around 2 points. A number of losses from 1 to 2 points were in the list.

Business was right around the level of yesterday's 2,820,000 shares. The market yesterday moved up to its second straight new record high.

Higher with the motors were the utilities and a long list of individual issues. Lower were the oils, airlines, rubbers and railroads. Other major divisions were steady to mixed.

The market started in an irregular manner, and this condition persisted.

Brokers pointed out that the boost in the Federal Reserve discount rate was expected to have an unsettling effect on the market, and it did. The question was how long that milling around would last.

The Federal Reserve Bank in Kansas City last night raised its discount rate to 1¾ per cent from 1½ per cent that is the charge made for lending money to member banks. As a general rule, prices charged for lending money of all kinds follows the direction of the discount rate. That has tendency to make credit tighter.

Planners to Ask Supervisors' Aid

Request Nine Members to Work With Group's Water Committee

The Oakland County Plan Commission resolved yesterday to ask the Board of Supervisors to name nine members who will work with the plan group's water committee.

The request will be made at the supervisor's meeting Monday.

The commission also suggested that its chairman, J. Robert F. Swanson, ask Pontiac City Manager Walter K. Willman plus a representative of industry to act with the group.

At its March meeting, the planners endorsed immediate action by the Supervisors toward securing a long-range water supply from either Lake St. Clair or Lake Huron.

"It is hoped the enlarged Water Committee can work with Macomb and Wayne Counties in a combined effort to solve the water problem," said Swanson.

In other action, the commission requested County Planner Nolan R. Heiden to prepare a slate of nominees who might serve on an Industrial Committee to aid in an economic survey now under way.

The committee would survey needs of county industries as to land, utilities, water, labor and other requirements for a stable expansion.

Commission Director George N. Skrubb was asked to draft a report for submission to the Supervisors on how current plans for state highway expansion might affect this area.

Supervisors Board Bill Reaches Senate

A bil to streamline the Oakland County Board of Supervisors was reported onto the State Senate floor yesterday after a month in committee, according to Sen. William S. Broomfield (R-Royal Oak).

Debate will start next week on the measure requested by a special committee of Oakland supervisors.

It would leave township supervisors on the board at their present 25 total, but cut city supervisor strength from 64 to 43.

The plan was designed to prevent a more drastic cut in city supervisors' strength provided for under the present set up. The old law would automatically reduce city representatives by 60 per cent when their total reaches 75, as is expected this year.

Final assembly of autos and trucks is carried on in 25 states.

Gas Regulation Debate Reopens

Strong Congress Bloc Trying to Take Power Away From FPC

WASHINGTON (AP) — The House Commerce Committee buckles down again today to its study of this knotty question: Should the federal government regulate producer prices of natural gas sold to interstate pipelines?

Resuming hearings it began before the congressional Easter recess, the committee called for testimony today from Randall J. Le Boeuf Jr., counsel for the Consolidated Edison Co. of New York.

At issue is an effort by a strong bloc in Congress to take from the Federal Power Commission (FPC) the authority to regulate prices producers can charge for natural gas they sell to pipelines.

The commission contended for years it did not have this authority, but the Supreme Court ruled last year that it does and should exercise it.

The question has been a hot one for many years, arraying gas producing states of the Southwest against the consuming East and Midwest industrial areas.

Many Southern Democrats and Northern Republicans from rural areas have lined up with the forces opposing regulation on the ground that federal control over the price of gas at the wellhead is an invasion of state's rights.

Before the House Committee are several proposals for dealing with the problem but a bill by Rep. Harris (D-Ark) to take away the FPC's authority has the widest support.

Producers and pipelines are lined up behind it. FPC Chairman Jerome Kuykendall, at the start of the hearings, testified that a commission majority favors the Harris bill.

Producer and pipeline witnesses backing the measure have been heard in the first two weeks of hearings. Consumer representatives get their chance next week.

Wants State to Buy Vaccine for Poor

LANSING (AP)—A Macomb County senator proposed today the state put up $100,000 to provide the Salk polio vaccine free to people too poor to pay for it.

Sen. Fred Nicholson (D-Warren) filed a bill to appropriate the sum to the State Health Department.

He said he had consulted with Dr. F. S. Leeder, director of the department's Bureau of Disease Control, and learned that there was no method known now for providing the vaccine free to indigents in the age groups outside of those covered by the National Foundation for Infantile Paralysis program in the lower grades.

He said he doubted whether $100,000 would be enough, but said that Dr. Leeder told him supplies for the nonpriority ages probably would not be available until early next winter.

Detroit Workers Make $101 Weekly Average

DETROIT (AP)—A continuing uptrend in Detroit employment for the next two months was predicted today by the Michigan Employment Security Commission (MESC).

The commission said in its March "labor market letter" increased hiring in non-manufacturing industries will account for this.

The report also reflected continuing stability in the Detroit automobile industry.

Touching on last December, the MESC said average weekly earnings in manufacturing plants in Detroit in that month went over the $100 mark for the first time in history. The average was set at $101.30. Auto workers averaged 45.4 hours weekly for the month, the report said.

White Company Promotes Former Pontiac Resident

Max L. Strausser, assistant to the vice president in charge of sales of the White Motor Company, has been promoted to manager of the Detroit Branch, M. H. Anderson, regional manager, announced. He succeeds Earl A. Groudel who retired after 40 years of continuous service with White Motor.

The new Detroit branch manager was a Pontiac resident for 21 years until 1952, during which time he was associated with General Motors.

Dow Workman Dies of Explosion Injuries

MIDLAND (AP)—A Dow Chemical Co. workman died yesterday of injuries suffered April 3 in an explosion at the company's indigo dye processing plant.

The victim, Robert G. Whitmer, 25, of Beaverton, received second-degree burns in the explosion, which caused an estimated $600,000 damage. Two other workmen who were in the building with him escaped with minor injuries.

County Clerk Dies

ADRIAN (AP) — Robert B. King, Lenawee County clerk for the last 20 years, collapsed and died of a heart attack in his office Wednesday. He was 65.

Recreation Plans Aired by Belton, Officials of PTA

WATERFORD TOWNSHIP — Tentative plans for a summer recreation program were outlined when PTA representatives met with Recreation Director Thomas Belton at the Community Activities Center recently.

Swimming instruction is scheduled for June 20 to July 29. A playground program will be offered at Donelson, Covert, Drayton Plains, Four Towns, and Stringham Schools from June 27 to August 8.

Day camping for children in the 7 to 14 years age group will be offered from August 1 to September 2.

Supervised activities for the noon period on the schoolgrounds, during the winter, was also discussed.

Pontiac Guardsmen to Stand Inspection

Pontiac's Company M, 125 Infantry, Michigan National Guard, its personnel, installation and equipment will stand a federal inspection tonight by a representative of the 5th Army.

The inspection, conducted annually to keep check of national guard efficiency, manpower quality and maintenance of weapons, will be made by Lt. Col. Dean H. Finley from 5th Army Headquarters in Chicago.

A heavy weapons unit, the company's 107 officers and men are trained to use heavy and light machineguns, 81 millimeter mortars and 75 millimeter recoilless rifles. Capt. A. . Largent, of Rochester, is the company's commanding officer.

The 7:30 review, to be held at the Armory on Water street, is open to the public.

Doctor Francis Resuming Study of the Flu Virus

BOSTON (AP)—A tired Dr. Thomas Francis Jr., who Tuesday announced to the world the effectiveness of the Salk vaccine in preventing polio, says he will return to his research on influenza virus "where there is plenty to be done."

Dr. Francis arrived last night to address a closed meeting of the American Academy of Arts and Sciences following the historic pronouncement that the Salk vaccine is 80 to 90 per cent effective in preventing paralytic poliomyelitis.

Dr. Francis headed the Salk vaccine evaluation center at the University of Michigan where he is professor of epidemiology at the School of Public Health.

"We were working on influenza virus before polio," Dr. Francis said in an interview, "and there is plenty to be done there. I quit my influenza work to concentrate on the Salk project."

VFW, Auxiliary to Install Officers

DRAYTON PLAINS—The VFW Post 4102 and Auxiliary members will gather Sunday at the VFW Hall, 4680 Walton Blvd., for joint installation services. The Auxiliary ceremony will take place at 3 p.m. and the VFW at 4 p.m.

This is the tenth anniversary of the post which had its beginnings in the Drayton Plains School. Homes and the township hall were also used for meeting places until the present building was constructed. Now nearing completion, the hall will be shown at an open house which will follow the installation ceremonies. Anniversary cake and coffee will be served.

A party for members and their families is scheduled for later in the day.

Expect Reds to OK Austrian Freedom

VIENNA, Austria (AP)—Chancellor Julius Raab messaged the Austrian people from Moscow today: "Austria will be free and we will receive back our native soil in its entirety."

Raab did not indicate what agreements he had reached in Moscow with the Russians.

Austrians confidently awaited a joint Austro-Russian communique expected tonight. There was subdued optimism in the capital.

Police Checking Story of Girl's Abduction

Pontiac Police today were checking the story of a 15-year-old girl who said she was abducted by a driver of a green truck while on her way to school yesterday.

The girl claims the man forced her into the truck and held her prisoner while he drove around aimlessly for 10 hours. She said she escaped when the man parked the vehicle in a field near Pontiac and Opdyke Rds., explaining that he was going to a restaurant to eat.

Paper Drive to End

DRAYTON PLAINS — The paper drive being sponsored by the First Baptist Church is scheduled to end this weekend, but papers can still be brought to the church from 9 a.m. to 4 p.m. Saturday.

Man Is Killed in Royal Oak

Shot After Reportedly Attempting to Choke Estranged Wife

A 43-year-old Harper Woods man was shot to death in the bedroom of a Royal Oak home last night after he reportedly broke in and attempted to choke his estranged wife.

Police said the victim, Norman B. Heneka, was shot by Mrs. Betty Barardi, with whom Mrs. Heneka was staying.

Oakland County Prosecutor Frederick C. Ziem said he has ordered a coroner's inquest in the shooting to determine whether it was unlawful or in self defense. The inquest will be held in Royal Oak at a date to be set by the coroner.

Mrs. Berardi, who was questioned but not held, admitted shooting Heneka, who had taken his 5-year-old daughter from the home earlier, when he appeared at the home a second time and lunged at his wife in an attempt to choke her.

The woman told police Heneka, on his earlier visit, had jammed a pistol against her chest and pulled the trigger three times. The gun apparently misfired, she stated.

Police reported Mrs. Heneka and her child, Patty, had been staying with the Barardi's since the Heneka's separated last Dec. 31.

County Deaths

Mrs. William Harlow

MILFORD—Service for Mrs. William (Minnie) Harlow, 93, of Chelsea, will be held at 3 p.m. Saturday from Richardson Bird Funeral Home, with burial in Oak Grove Cemetery. Mrs. Harlow, a former Milford resident, died early today.

She is survived by several nieces and nephews.

Mrs. John Fanning

HOLLY—Service for Mrs. John (May) Fanning, 82, of 305 N. Saginaw St., will be held at 2 p.m. Saturday from Dryer Funeral Home, with burial in Lakeside Cemetery. She died Wednesday at the home of her daughter, Mrs. Walter Boening of Lansing.

Surviving, besides Mrs. Boening, are another daughter, Mrs. Florence Wilson of Livonia, and two grandchildren.

Albert J. Kashishian

KEEGO HARBOR — Service is pending at the C. J. Godhardt Funeral Home for Albert J. Kashishian, 55, of 2322 Fordham. He died today.

Surviving are his widow, Ella.

Mrs. John J. Alley

SOUTH LYONS — Service for Mrs. John J. (Marion) Alley, 45, of 129 W. Lake St., will be held at 2 p.m. Friday at the Phillips Funeral Home, with burial in Grand Lawn Cemetery, Redford. She died Tuesday.

Surviving are her husband and her mother, Mrs. Minnie Power of South Lyons.

Bert F. Moon

OXFORD—Service for Bert F. Moon, 88, 1425 S Lapeer Rd., will be held at 2 p.m. Saturday, at the Flumerfelt Funeral Home, with burial in Oxford Mausoleum. He died Wednesday.

Surviving are his widow, Clara Huff, two sons, Earl J. of Cass City and George L. of Detroit, and two grandchildren.

Wind Almost Blows Ten Into Vesuvius

NAPLES, Italy (AP) — An Italian tourist said today a violent windstorm nearly swept 10 tourists, including two Americans, into the active volcanic crater of Mt. Vesuvius on Tuesday.

The Americans were listed in a guide's book as Robert Acquarin of Miami, Fla., and Robert Wood of California. No further addresses for the two were available.

The Italian tourist said the wind storm arose as the group approached Vesuvius' lip to look down into the crater. The wind blew so fiercely the 10 had to cling to rocks until a guide reached them with ropes. That night it snowed on Vesuvius, a rare event for April.

Troy Area GOP Set for Social Rally Tonight

TROY TOWNSHIP — Troy Township residents have been invited to meet their newly-elected officials at a social rally at 8 p.m. tonight at Troy High School.

Oakland County Sheriff Frank W. Irons and his wife will be guests at the affair, which is sponsored by the Troy Township Republican Assn.

Seeks Dairy Crown

COLDWATER (AP)—Gail Smith, 17-year-old Union City High School student, will represent this district in competition for the State Dairy Queen title at East Lansing May 4. She was chosen district queen Wednesday in competition with entrants from eight counties.

Notice of Intention to Construct

You are hereby notified that at a regular meeting of the Commission of the City of Pontiac, Michigan held on the 12th day of April, 1955 by resolution it was declared to be the intention of the City Commission to construct curb, gutter, drainage and related work on Cornell avenue from Baldwin avenue to University avenue at an estimated cost of $8,782.13 and that the plan, profile and est

Daytime Serials Get Complicated

Blackmail to Insanity to Illegal Baby Sales, Daydramas Drip Tears

By SAUL PETT
(For Wayne Oliver)

NEW YORK (AP)—This, if I can read my tear-stained notes, is one man's log of one day of television soap operas:

10:30, Way of the World. First day home for Cynthia and Walt after their honeymoon. Her brother Fred blackmails $50 out of her to bet on a horse and to 'keep quiet about those calls from New York." Claire drops in, warns Walt, "you'll never find emotional security with Cynthia. She's an opportunist."

* * *

12 noon, Valiant Lady. Helen wishes Chris happy birthday. For a few seconds they're actually happy, until he opens her present. She: "What's the matter?" He: "Linda used to give me a pipe every birthday. But, of course, you had no way of knowing."

* * *

In mental hospital, Linda begins to recover her mind, remembers his name was Chris, remembers it's his birthday, remembers about the pipes, begs the doctor to let her see Chris. Organ music swells up, underlining Chris' gathering problem: What will he do with two women who love and need him — and with all those pipes?

12:30, Search for Tomorrow. A hospital. Mrs. Barron plans to marry Arthur Tate, who is recovering from heart surgery, just as soon as he can "walk the length of the corridor." They'll be married in a room at the end of the corridor. The doctor worries: 'Anyone of us can walk out of this hospital and be struck by a car." Organ music comes up with doctor still fretting: "Tate can get well. But who knows what will happen tomorrow?"

* * *

1:45, Road of Life. Although unwanted, Aunt Reggie is determined to stay with Jim and Jamie while Jocelyn goes to Washington to find out if she's going to be deported.

3:30, The Greatest Gift. Fran is tricked into the room of the "syndicate man," who threatens to force her into the baby black market while back home Eve tells Ned, "Don't you think you're thinking something has happened to Fran because you won't face the alternative — that she might be drinking?"

3:45, I skipped Concerning Miss Marlowe and Hawkins Falls and The Secret Storm, and went out to a funeral home, just for laughs.

Salk Wins $10,000

ROCHESTER, Minn. (AP) — Dr. Jonas E. Salk has been named winner of the 1955 Mutual of Omaha $10,000 award and gold medal.

EERIE SIGHT — Something new in staircases is this 14-story one which looks very much like a huge human ear. It's part of a modern building in Berlin, Germany. Note two persons leaning over a railing in center of staircase.

Texas Legislators Learn Ins and Outs of Business

AUSTIN, Tex. (AP) — The ABC's of lawmaking were offered freshmen members of the 54th Texas Legislature in a University of Texas short course.

New members were told how to write bills, how the House and Senate function, what the rules are. Experts discussed all phases of state government.

Not listed in the curriculum was 'how to keep the folks happy back home."

Twins Weigh 18 Pounds

PEORIA, Ill. (AP)—Twins with a combined weight of more than 18 pounds were born to Mrs. Anne Renfro, 31. The twins, a girl and boy, weighed 8 pounds 2½ ounces and 10 pounds 1 ounce.

The red cedar tree is a true cypress, not a cedar.

No Discords Here

DES MOINES, Iowa (AP) — In one apartment building William Music lives in Apartment 119, and in Apartment 216 is Robert Melody.

World's first commercial chick hatchery was started in New Washington, Ohio, in 1897.

Broken Pipe Was Just Part of the Trouble

CHICAGO (AP) — A man called police and said gas was leaking in the basement of a department store.

"We were fooling around the basement and broke the pipe," the man said.

Officers found that not only was the gas pipe broken, but 90 suits, 35 overcoats and $150 in cash had been stolen by theives who smashed the lock on a rear door.

No Secrets in Atom Age

WHITE SANDS PROVING GROUND, N. M. (AP) — The gals' looks may fool you, but now the hard — and sometimes dismaying —facts are there to check. New security badges, which must be worn at all times on this rocket development base, now give their age and weight.

There are more than 47,000 Minnesota boys and girls in 4-H clubs.

Ex-Phenix DA to Go on Trial

Monday Hearing Set for Second Defendant in Patterson Slaying

BIRMINGHAM, Ala. (AP)—Barring a last-minute delay, Arch Ferrell, fingered by his accusers as the one time political boss of crime-ridden Phenix City, faces trial Monday for the murder of A. L. Patterson, sworn enemy of the rackets.

The 38-year-old former prosecuting attorney who rose to power during the lurid days of wide-open gambling and vice at Phenix City, is the second ousted public official to stand trial for Patterson's death.

Ferrell's lawyers have asked for a continuance of his trial on grounds that public opinion has been aroused against the defendant. Presiding Judge J. Russell McElroy set a hearing today on the defense motion for postponement.

Former Chief Deputy Sheriff Albert Fuller was convicted March 1 and given a life sentence in the same courtroom where Ferrell goes on trial for his life.

A third defendant, former Alabama Atty. Gen. Si Garrett, is under treatment for a mental disorder in a Galveston, Tex., hospital. No date has been set for his trial.

Protect your children
Protect your home—with
CYCLONE FENCE

● Make your own yard a safe playground—improve your property—protect your lawn and flowers with this quality steel fence. No down payment—Easy monthly payments. Expert erection service—or we'll tell you how to put it up yourself and save money. Send for illustrated booklet. Just phone and say "Please send me the free booklet that tells me how I can fence my home."

SUCCESSOR—Hossein Ala succeeds Fazlollah Zahedi as Iran's premier. He was formerly a minister in the Shah's court. Zahedi resigned his post.

Guatemala Has New Land Plan

Castillo Armas Revises Reform Program Used by Ousted Reds

GUATEMALA CITY (UP)—Land reform, one of the chief political weapons of Guatemalan Communists for nine years, is boomeranging against the Reds.

President Carlos Castillo Armas has revamped this country's drastic, Communist-inspired agrarian program with a goal of solving unemployment, raising living standards and increasing coffee and banana production.

He hopes to create a new class of workers—land-owning peasants who will take over hundreds of thousands of acres of uncultivated land in national estates. Most of these will be Indians, who compose 70 per cent of Guatemala's population.

"We will fight communism with its own weapon — land reform," said Castillo Armas. "Our goal is eventually to raise the large Indian segment of population to the same level of civilization and culture as the rest of the nation."

When Castillo Armas overthrew a Communist-dominated government and swept into power last June 27, he immediately halted the Red land reform program which, he said, was aimed mainly at lining politicians' pockets and running the U. S. "imperialist" fruit companies out of Guatemala.

His aides let it be known that no more foreign-owned agricultural land will be expropriated to be divided up among the peasants.

"We have seen," Castillo Armas said, "that the result of this was a decrease in national production. The Communist program was a political instrument, designed to sabotage production."

The new substitute land reforms will exploit new regions, such as the Reyne territory in northern Guatemala, where 330,000 acres of good agricultural land lies uncultivated, and the Izabal region near the El Salvador border.

The government will turn the land over to the "campesinos," guarantee them credit and educate them in modern agricultural techniques.

Combined with the land program will be a nationwide drive to modernize all communications, including roads and airports, electrification and housing. Foreign investment will be encouraged.

College Student Who Burned Cat to Visit Shelter

PASADENA, Calif. (AP) — A Pasadena Nazarene College student who set fire to an alcohol-soaked cat and sent it dashing through a women's dormitory must spend his spare time for the next two weeks in the Pasadena Humane Society.

Bernard H. York, 22, of Lake Odessa, Mich., will have plenty of spare time. He has been asked to leave the college for his prank.

Cork pleaded guilty yesterday to a charge of cruelty to animals. Judge Joseph Sprankle first ordered him to read letters from indignant citizens and then tour the Humane Society shelter "so you may acquaint yourself with the need of animals for care and understanding."

After York completes his tour he will appear in court April 26 for sentencing.

The cat, mortally injured, was destroyed by a Humane Society officer.

- NEVER BEFORE OFFERED TO THE PUBLIC

Yes, now for the first time in your own home you can sleep as you would at the world famous Hilton Hotels . . . on Englander's foam latex hotel mattress. This is the same type mattress used by the Hilton people to give their guests the best in sleep comfort. You get the cushioned comfort of the deep 4½ foam latex mattress combined with the healthful support of the sturdy matching box spring. The attractive woven stripe cover will stay like new for years to come. This offer is for a limited time only, so don't be left out. Come in today for your investment in years of sleeping comfort — the Englander foam latex hotel mattress plus the special matching box spring.
