COPIES AMERICAN WOMEN — When Anna Chernovolsky was in a Trieste displaced persons camp five years ago and was fed and clothed by United States and British women, she vowed that someday she would look as beautiful as her benefactors. A few days ago the Yugoslavian-born girl was one of 11 girls selected in Toronto from among 350 aspirants to model fashions at the Canadian National Exhibition there in August. The 18-year-old beauty arrived in Canada four years ago.

Bill for \$11,700,000 Approved

No Layoffs for State Police

Senate Votes to Repeal Transportation Excise Tax

WASHINGTON (AP)—The Senate smashed through President Eisenhower's no tax cut line last night and voted overwhelmingly to kill wartime excise taxes on freight and passenger traffic.

Senators sharply rebuffed the Eisenhower administration and their own leaders as they voted repeal of the World War II transportation taxes despite pleas that such action might open the way to cuts elsewhere.

Sen. Charles E. Potter (R-Mich) pressed ahead with another proposal for cutting the automobile excise tax, while Sen. Paul H. Douglas (D-Ill) said he planned another stab at reducing taxes on small business.

The Senate was called into session an hour earlier than usual in an effort to complete action on these and other amendments to a House-passed bill to extend present corporation and major excise tax rates for a year beyond June 30.

Both Republican leader William F. Knowland of California and Democratic leader Lyndon B. Johnson of Texas opposed the amendments to repeal the 3 per cent freight tax and the 10 per cent levy on passenger tickets.

The amendment erasing the freight levy was adopted 59-25, with 33 Democrats and 26 Republicans joining forces to write it into the bill. Voting against it were 10 Democrats and 15 Republicans.

The vote approving repeal of the 10 per cent levy on passenger fares was 50-35. Twenty-seven Democrats and 23 Republicans voted for repeal, while 17 Democrats and 18 Republicans voted against it.

Secretary of the Treasury Anderson has estimated that repeal (Continued on Page 2, Col. 2)

Greg Breaks His Chin (n)

SAN FRANCISCO (AP)—Gregory Chinn, 4, fell 20 feet when he tumbled off a fire-escape outside the apartment of his parents, Mr. and Mrs. Edmond Chinn. He broke his chin, but was reported doing all right at San Francisco hospital.

Taxes Don't Think There's Recession

NEW YORK (AP)—Recession? City Controller Lawrence E. Ger-osa is beginning to wonder.

He tapped up the collections from the city's three per cent sales tax for the past 11 months and found out that they were about \$2,300,000 above the same period the year before.

The sales tax is considered one of the most sensitive barometers of business conditions.

Dag Works Against Time

BEIRUT, Lebanon (UPI)—U. N. Secretary-General Dag Hammarskjöld worked against time today to restore peace in Lebanon before the East-West struggle turns an anti-government rebellion into a full-fledged war.

No Longer Popular

NEW ORLEANS (UPI)—The consul general of Indonesia in New York declared yesterday that the United States was popular in southwestern Asia in 1948, but "that is no longer so."

TAKES OFF STRAIGHT UP — The Bell Aircraft Corp. X-14, first jet-powered airplane to take off and land vertically without changing its normal horizontal position, hovers near the

ground in a recent test flight at Buffalo. Variable angle vanes behind the twin jet engines are used to change the thrust from vertical to horizontal and back again.

Told to Postpone Major Property Improvements

200 Residents at Hearing on Urban Renewal Plan

More than 200 residents and merchants filled the City Commission's chambers last night to hear outlines of plans for Pontiac's first urban renewal project, expected to cost \$4,030,000.

During the two-hour meeting, the people to be affected by the renewal plan were urged to postpone major improvements on their property, homes and businesses for at least eight months.

By then, according to Robert A. Stierer, assistant city manager, the preliminary surveys of the project should be completed to determine if specific buildings will remain, be moved or torn down.

The proposed renewal project is bounded by Pike street on the north excluding the city hall property, the Grand Trunk railroad on the west, Osman street on the south and Paddock, Perkins and Parkhurst streets on the east. The boundary line will be the center of these streets.

In outlining plans for the 155-acre project, Stierer and Mayor William W. Donaldson both stressed that it is not a slum clearance program but one of rehabilitation and conservation.

This particular area was chosen as Pontiac's first renewal project because of the 1950 U.S. Bureau of Census figures which revealed 29 per cent of the 451 residential structures in the area as substandard. Approximately 851 families live in this area.

Portions of the area will be purchased and cleared, while others will be conserved and rehabilitated, under the plan.

Purpose of the project is seven-fold: Improve and protect the residential neighborhood, improve the business area, provide more parking, provide more recreation, provide more housing, provide more schools and provide more health facilities.

The U.S. Weather Bureau predicts a fair and cool weekend, with a low tonight of 50.

Tomorrow will be fair and cool, the high reaching 64 to 68.

For the next five days temperatures will average near eight degrees below normal. Normal temperatures for this time of year range between 60 and 80.

Precipitation will total about half an inch in showers Monday or Tuesday.

In downtown Pontiac the lowest temperature preceding 8 a.m. was 60 degrees. The reading was 73 at 1 p.m.

Didn't Hit That Hard
SAN FRANCISCO (UPI)—Witnesses shuddered yesterday as 80-year-old Joseph Nolan—covered with a deep-red, oozing liquid—lay a few feet from where he was struck by a streetcar. Nolan suffered only minor bruises, but his large package of blackberries was crushed—oozing their juice all over him.

It now seems that the antarctic is not a solid mass covered with snow and ice, but a region of frozen lakes and floods.

A small open water lake containing plant life has been discovered well inside the ice mass.

Attend Journalism Workshops

Pontiac Press Photo

ON UNIVERSITY CAMPUSES—Four Pontiac Central High School students prominent in student publication work will attend journalism workshops at the University of Michigan and Michigan State University this summer, on Pontiac Press scholarships. Shown above on left

are Susan Steinbaugh, 779 Owego Dr., and Tom Nichols, 108 State Ave., seniors, who will be at MSU for two weeks starting June 23. Dianne Flicker, 37 N. Merrimac, and Shirley Fink, (not in picture) both PCHS juniors, will go to the University of Michigan workshop early in August.

City Hospital to Shut Annex as Deficits Loom; Study Rates

Financial troubles caused the Pontiac General Hospital Board of Trustees last night to eye an increase in room rates, and order an early end to use of the annex at Oakland County Contagious Hospital.

At the same time, it was announced that construction crews would return to the main hospital Monday to complete the expansion program there.

Finance committee members were asked to bring in a recommendation next month "for room-rate adjustments to bring income into line with expenses."

Hospital Board Remains on Job

Trustees Due to Leave June 30 Will Complete Sullenberger Hearing

Three members of the Pontiac General Hospital Board of Trustees who are due to leave the board have agreed to stay on until the end of the Dr. Sullenberger hearings, scheduled last night to begin Monday.

The trustees are Chairman Willis M. Brewer, former chairman, William P. Babcock and Charles E. Yeager. Brewer's and Babcock's terms expire June 30, while Yeager has moved from the city.

City Attorney William A. Ewart advised that the three could act under an ordinance provision that says trustees "shall hold office until their successors are appointed."

The City Commission has already unofficially agreed to hold off making new appointments until the hearing is over.

As expected, the board scheduled the hearing to begin at 7:30 p.m. Monday at the hospital and continue there Mondays, Wednesdays and Fridays until completed.

It was agreed last night that each session would last no more than three hours and that all sessions would be open to the public.

The hearing is to determine whether Dr. Neil H. Sullenberger, temporarily suspended by the board last Nov. 13, is to be reinstated or permanently dropped from the medical staff.

The staff, which urged his suspension last fall, has charged the Pontiac surgeon with actions "detrimental to the efficient operation of the hospital."

Dr. Sullenberger requested the hearing after his suit for reinstatement and \$250,000 damages was tossed out of Circuit Court on grounds he had not first appealed the suspension to the board.

World's Scientists Solving Secrets of Our Planet

WASHINGTON (AP)—For 11 months more than 10,000 scientists in 66 nations have been giving the earth a sort of physical examination.

Many of their findings were included in testimony and reports by the National Science Foundation to a House Appropriations subcommittee, which made public its transcript today.

They have found:
At the rate man is feeding carbon dioxide to the atmosphere, there "is a possibility the world may become a much warmer, gigantic greenhouse."

Mountains float on the earth's molten interior like icebergs.
The space through which this planet twirls is not a simple void, but is filled with thin gases representing the outer reaches of the sun's atmosphere.

* * *
If 10 per cent of the volume of ice in the world melted, large sections of the United States would be under water. Once the scientists estimated the globe's ice content at 3,240,000 cubic miles. With closer inspection of the antarctic they now figure the old estimate was 40 per cent short.

The sea is an apparently rich

source of minerals and food. One area contained \$500,000 worth of minerals per square mile.

There are vast magnetic fields in space about which we know little.

* * *
In tinkering with thermonuclear fission hydrogen bombs man is duplicating the sun's processes in the release of energy and this, coupled with a greater understanding of the pull of magnetic forces, may develop into new methods of propulsion through space.

The gigantic scientific effort is part of the worldwide program of earth study known as the Inter-

national Geophysical Year, an 18-month period of cooperation and exchange of information between the scientists of the 66 participating nations.

Other bits and pieces of information:

It now seems that the antarctic is not a solid mass covered with snow and ice, but a region of frozen lakes and floods.

A small open water lake containing plant life has been discovered well inside the ice mass.

* * *
A new mountain range, 1,000 miles long and 200 miles wide has been found beneath the waters of

the southeast Pacific.
There is a surface current flowing from Panama toward Asia. Below this there is a powerful current flowing in the opposite direction. The scientists would like to know why.

They have found ancient lava flows beneath the seas which still are giving off heat and thus warming the seas around them.

The coldest spot yet found on earth is not the geographical South Pole but is about 500 miles toward Australia from the pole. Here Russian scientists recorded a temperature of minus 109 degrees Fahrenheit.

Lawmakers Go Into Overtime to Tune of \$6,000

Take About 9 Hours in Special Session to Work Out Agreement

From Our News Wires
LANSING — Michigan's lawmakers headed home late last night after assuring the State Police that they would not have to lay off any state troopers.

It took the lawmakers only about nine hours of special session yesterday and last night to work out an agreement which had defied the lawmakers through long months of their regular session. The agreement cost Michigan taxpayers an estimated \$6,000, the price of bringing the lawmakers back into special session for just one day.

In return, the lawmakers cut the amount appropriated to State Police by \$116,000, raised the amount of grants to private veterans' organizations \$17,000 and appropriated \$24,375 for the State Safety Commission.

The lawmakers were assured by State Police Commissioner Joseph Childs that he would not have to lay off any State Police troopers before they passed the bill giving the State Police \$11,700,000 to operate on during the next fiscal year.

The vote was 89-13 in the House and 31-1 in the senate.

To make doubly sure, they included a provision in the bill (Continued on Page 2, Col. 5)

County Parties Set Conventions

Republicans to Convene in City Aug. 13; Dems to Meet Next Day

The 1958 Republican County Convention will be held in Pontiac Aug. 13 with the County Democratic Convention following the next day.

Republican County Chairman Arthur G. Elliott Jr., and Carlos G. Richardson, Democratic County chairman, announced the dates and locations of the conventions today.

Both will be held at 8 p.m. in the supervisors' room in the County Office Building, 1 Lafayette St.

Delegates to both conventions are elected at the Aug. 5 primary to represent all voting precincts in the county. There are 295 precincts.

A total of 172 Democrats and 166 Republicans filed nominating petitions to get on the August primary ballot as possible delegates.

A major point of business at both county conclaves will be the election by the county delegates of delegates to the state conventions.

The Republicans will elect 141 to attend the Aug. 30 convention in Grand Rapids, while the Democrats will choose 114 for their Aug. 23 convention in the same city.

This apportionment is based on one GOP delegate for each 950 votes cast for the party candidate for secretary of state two years ago. The Democrats allow one delegate for each 1,000 votes cast for their candidate for the same office.

Locals Agree—Keep Contracts

78 Tool and Die Shops Remove Current Threat to '59 Car Production

DETROIT (UPI) — Two United Auto Workers locals representing 7,500 employees at 78 Detroit-area tool and die shops agreed to extend expiring contracts today, and thereby removed an immediate threat to 1959 car production.

UAW Locals 155 and 157 agreed to extend contracts with the Automotive Tool and Die Manufacturers Assn. as the three-year contracts were about to expire tonight.

A stoppage at the tool and die shops could have blocked windup work on 1959 model tooling and delayed the production of new cars next fall. However, some of the shops have completed their work on tools and fixtures for the auto companies, and are already working on 1960 model tooling.

The extension agreement left the tool and die shops still on shaky ground because either side can cancel the extension on 10 days notice.

Association managing director Chester A. Cahn said there was no agreement in sight so it was mutually agreed an extension was the best course.

The extension followed the UAW's pattern of bargaining so far: Stay on the job at the big three firms — General Motors, Ford and Chrysler — without contracts and keep bargaining for union goals until the companies need production and a strike threat means something. Meanwhile, arrange contract extensions with all smaller firms.

The UAW previously had negotiated a contract extension with American Motors Corp. The UAW will defer settlement with most smaller firms until the pattern is set with the big three.

Negotiations were recessed yesterday by Ford and the UAW until Monday. GM and Chrysler negotiators met with the union today.

All big three plants scheduled to work yesterday operated with-out trouble. The previous day GM had to shut down its Kansas City Fisher Body and Chevrolet assembly plants for two hours and Chrysler Corp. had a 5½ hour work stoppage at Los Angeles.

26 Passengers Safe in Airliner Mishap

JACKSON (AP) — An airliner carrying 26 passengers rolled past the end of the runway and skidded to a halt in a muddy ditch at Jackson Airport last night.

No injuries were reported. State police said the pilot of the North Central Airlines DC3 told them his brakes failed as he came in for a landing. The plane carried a crew of three.

North Central said the flight originated in Detroit and had stops scheduled at Jackson, Battle Creek, Kalamazoo, South Bend, Ind., and Chicago.

State Police at the Jackson Post said nine of the passengers were en route to Battle Creek and one to Kalamazoo. He said they were taken to their destinations by an airline limousine.

Elfrida in Need of Money, Asks for Bank Loan

NEW YORK (AP) — A Brooklyn woman applied for a bank loan yesterday to finance a summer vacation.

She had good looks and brains—neither of which is very good collateral.

She had no job. And she had no husband to cosign her note.

But she had the best security in the world, the loan man said.

She was TV quiz queen Elfrida von Nardoff, with winnings of \$253,500 so far and a chance for more.

She can't get her hands on a penny of the winnings as long as she remains on the NBC show "Twenty-One."

So the bank is rushing through the loan for her.

Miss von Nardoff, 32, is the all-time top money winner on TV. She quit her job as a personnel manager in May to study for the weekly quiz sessions.

She'll be back on the show next Monday night. She would lose some of the money if she is defeated. And at this point federal and state income taxes would take about \$200,000.

Transportation Tax Voted Out by Senate

(Continued From Page One)

of the freight tax would cut revenues 487 million dollars and the passenger fare levy 230 million, a total of 717 million annually.

Elimination of the freight tax drew the most support, with proponents arguing that, as Sen. Warren G. Magnuson (D-Wash.) said, "it hits everyone" and affects the price of everything.

Just before the vote Knowland appealed to the Senate to reject the amendment in the light of "the cold, hard facts of the budget situation."

The Senate Finance Committee on Internal Revenue Taxation said the freight amendment would repeal the 3 per cent tax on all classes of freight, whether in carload or less than carload lots, and whether carried by land, sea or air.

Congressional experts at first said pipeline shipments were not affected, but later said they were in error and the bill in its present form would repeal the 4½ per cent levy on crude oil and liquid products thereof moved by pipeline.

The amendment repealing the 3 per cent freight levy also wipes out a tax of four cents a ton on coal.

The transportation taxes apply to rail, highway, water and air shipment and travel.

The amendments written into the bill by the Senate will force the measure to go back to the House before final action can be taken.

The Senate Finance Committee had urged acceptance of the House bill without change, to prevent a drop of \$2,600,000,000 in tax revenues.

The Senate defeated amendments to repeal or to cut the 10 per cent auto excise tax, to make a broad six-billion-dollar cut in income taxes for the rest of the year.

Furthering Effort to Top U.S. Agricultural Output

Soviets Realign Farm Pricing System

MOSCOW (AP) — The Soviet Communist party today announced another step in Premier Khrushchev's plans to beat U.S. agricultural production by giving Russian farmers more incentive to grow more.

Instead, a new pricing system will be established for the entire output of collective farms. It aims to introduce an element of competition for low-cost, efficient production.

A report on the Central Committee meeting of about 250 members on Tuesday and Wednesday also said two men were promoted to alternate membership in the committee's ruling Presidium, the

key unit of power in Russia. It has had 15 full members and 9 alternates.

The two are N.V. Podgorny, first secretary of the Ukrainian Communist party, and Premier D. S. Poliansky of the Russian Federation, largest republic in the Soviet Union.

(There was no mention that the Central Committee meeting produced a shakeup in the Kremlin leadership, as Western observers had speculated might be taking place. Both the changes in the agricultural system and the promotion of Podgorny and Poliansky indicated Khrushchev still was in control.)

The committee decisions were based on a farm policy speech by Khrushchev. Publication of the speech — possibly tomorrow — may clarify some points left vague in the published plan.

The announcement said the new plan will go into effect this year but did not specify when.

The committee made clear, however, that it is not relaxing controls over production. It said under the new pricing system "all quotas to the state must be maintained." Presumably the surplus still will be available for the open market.

It also decreed an end of the payment-in-kind system. Collectives had paid with their products for such services as machine plowing. Past payment-in-kind debts were written off and indebtedness an compulsory deliveries also was abolished.

Khrushchev's proclaimed goal in changing the agricultural system established under Stalin is to overtake the United States in farm production. The committee report boasted that "in recent years the Soviet Union has approached the volume of U.S. agricultural output in a number of products. In creation items (it) has even surpassed the level attained in the U.S.A."

Goldfine's firms after an inquiry from the White House prompted by Adams.

"On the contrary," the five-man commission said, the case was "successfully prosecuted."

Goldfine's East Boston Co. was fined \$3,000 and is now filing on schedule reports required by the SEC.

The SEC reported Chairman Edward N. Gadsby and his aides have been asked to testify next Tuesday as the subcommittee resumes its investigation into, how well independent regulatory agencies are following the law.

Political repercussions continued over Adams' actions and Eisenhower's decision to retain his top aide despite what Adams called his innocent but imprudent moves in contacting the SEC and the Federal Trade Commission about matters involving Goldfine.

Goldfine registered last month under an assumed name at a swank Washington hotel three blocks from the White House, one news service learned today.

The House influence-investigation subcommittee, which disclosed presidential assistant Sherman Adams' alleged influence-for-favors relationship with Goldfine, has subpoenaed the Sheraton-Carlton's records in line with its study of other hotel records.

At least two surveys will be made in this area according to Robert Emerson, another of the firm's representatives.

The first will be an exterior survey of all buildings to check roofs, foundations, porches, steps, and railings. The environment of the neighborhood, including yard space location of schools and playgrounds, traffic problems and land use, as well as family data will also be collected.

Buildings which need special attention will be given an interior survey.

Stierer said that the progress and success of the project would depend on the residents' cooperation in the area. He added that any information obtained during the survey would be "confidential."

Such data is needed for plans to present to the federal government.

The city has already received \$80,112 grant to be used for planning the project from the federal government.

It is estimated that property sales by the city for residential and commercial purposes would bring in approximately \$1,472,000 of the four million dollar total cost of the project. The federal government will pay two-thirds this figure and Pontiac's cost will be about \$853,000.

The city will not begin acquiring property in the project area for at least 18 months to two years. The city will pay the fair market value for property which must be acquired.

Loans will be available for rehabilitating property. A maximum loan of \$3,500 can be obtained for work inside the area through local banks, with federal backing. Such loans will not be available until after the final plan is approved by the federal government.

For residents who will have to relocate because their dwellings are slated for acquisition or demolition, a relocation allowance of up to \$100 for moving expenses will be paid. Up to \$2,500 will be provided for approved relocation expenses and losses for businessmen.

Federal housing legislation also provides aid for home owners who wish to purchase a home elsewhere in the city or in the project area if their present home is acquired.

Present bed rates at the hospital are \$18 a day in the wards and \$20 in semi-private rooms, the same scale as in other area hospitals.

Trustees figured privately that an increase of about \$2 a day might be recommended.

Euler pointed out that operating costs at Pontiac General, as at other hospitals, have increased about 40 per cent in the past five years.

Believes Others Than Adams Involved

Trace Goldfine Contacts Back to '48, Bennett Asks

WASHINGTON (AP) — A Republican member of a House investigating subcommittee called today for an inquiry into all of Bernard Goldfine's contacts with federal officials during the last 10 years.

Rep. John B. Bennett (Mich.) said:

"I'm of the opinion that Sherman Adams is not the only official of the federal government who has enjoyed Goldfine's hospitality."

Adams, President Eisenhower's top aide, has testified he accepted gifts and favors from Goldfine, a wealthy Boston industrialist, on the basis of a long friendship.

He said he also got in touch with two federal agencies on matters relating to Goldfine, but denied he sought special treatment for the Bostonian.

Bennett spoke in an interview as the Pentagon disclosed that more than 2½ million dollars worth of textile contracts have been awarded to Goldfine's companies since the Eisenhower administration took over in January 1953. The Pentagon supplied the figures on request, with no implication of influence or wrongdoing.

In a separate development, the Securities and Exchange Commission unanimously denied that it dropped a case against one of

Goldfine's firms after an inquiry from the White House prompted by Adams.

"On the contrary," the five-man commission said, the case was "successfully prosecuted."

Goldfine's East Boston Co. was fined \$3,000 and is now filing on schedule reports required by the SEC.

The SEC reported Chairman Edward N. Gadsby and his aides have been asked to testify next Tuesday as the subcommittee resumes its investigation into, how well independent regulatory agencies are following the law.

Political repercussions continued over Adams' actions and Eisenhower's decision to retain his top aide despite what Adams called his innocent but imprudent moves in contacting the SEC and the Federal Trade Commission about matters involving Goldfine.

HENRY S. BOOTH

Officers Are Named by Citizens League

Elected to serve another one-year term as president of the Oakland Citizens League is Henry S. Booth, Bloomfield Hills resident and executive director of the Cranbrook Foundation.

Elected along with Booth for the 1958-59 term are vice presidents Gerald McNeive of Waterford and Larry Shaffner of Rochester; treasurer, Mrs. E. V. Clarke of Birmingham; and secretary, Mrs. Donald Beck, of Farmington Township.

The league was created in 1937 as a non-profit, non-partisan organization to promote better understanding of problems of citizenship and government.

Newly-elected members to the league's board of directors are Stephen Navarre, Lake Orion; Abe Bricker, Oak Park; and Agnes Larson, Bloomfield Hills. Re-elected to the board were Kenneth Youel, Bloomfield Hills; Fred Beckman, Milford; and Frank Chapman, Rochester.

The league was created in 1937 as a non-profit, non-partisan organization to promote better understanding of problems of citizenship and government.

Newly-elected members to the league's board of directors are Stephen Navarre, Lake Orion; Abe Bricker, Oak Park; and Agnes Larson, Bloomfield Hills. Re-elected to the board were Kenneth Youel, Bloomfield Hills; Fred Beckman, Milford; and Frank Chapman, Rochester.

While Montreal Parents at Dance Nursemaid Says Kidnap Done on Spur of Moment

TORONTO (UPI) — A blond German-born nursemaid told police today she kidnaped Joel Reitman, 2½-year-old heir to a clothing chain fortune, for \$10,000 ransom on the spur of the moment while his parents were at a dance.

Police said that after seven hours of questioning, Greta Goede finally admitted she carried out the abduction all by herself after telling five different stories, including one that claimed five men forced her to kidnap the child.

Joel Reitman, son of Mr. and Mrs. Cyril Reitman of Mount Royal, a Montreal suburb, was kidnapped last Saturday and found unharmed in an Ottawa taxi driver's home Tuesday.

News of the abduction was withheld until he was returned to his family.

Mrs. Goede said the idea of kidnapping Joel came to her suddenly after the Reitmans went to a party last Saturday night.

"Jo-Jo didn't want to go to sleep," she said. "I played with him. At 8:30, Mr. Reitman called to ask how things were and I told him everything was fine.

"It was after that that wheels began churning in my head."

Mrs. Goede said she took the boy to Ottawa, a city she never had visited before, and checked into the Lord Elgin Hotel.

They spent the weekend there, she said, and she left the boy with a taxi driver and returned to Montreal by train.

She said she tried to telephone the parents to tell them the boy was all right, but the line was busy. Then she went by bus to Toronto, where she was arrested Tuesday.

Police said Mrs. Goede told about a number of broken romances and seemed to be "emotionally upset." They said she tried to commit suicide by taking an overdose of sleeping pills in British Columbia.

Fisher Local to Back Strike, if Called

Members of Fisher Local 596, UAW, have indicated overwhelmingly that they are willing to participate in an industry-wide strike, if one is called by the UAW international in the course of the present contract negotiations.

Gerald W. Kehoe, local president, said today that a vote taken at the request of the international, was about 92 per cent in favor of a strike. He said that 1,468 members of the 1,600-member local participated in the vote.

A date for a similar vote at Pontiac Local 633, UAW, is to be set by its executive board early next week, said Charles A. Beach, president.

The 25th annual meeting and

The Day in Birmingham

School Head Laments Cutting Tax Allocations

BIRMINGHAM — A second consecutive reduction in tax millage allocations by the Oakland County Tax Allocation Board presents a serious problem for the coming school year, according to Dr. Dwight B. Ireland, Birmingham schools superintendent.

Dr. Ireland said the school term just ended had a county board reduction of from 9.32 to 8.81 mills. For the next school year the millage has been set at 7.98 mills.

Since superintendents are required to submit tentative budgets by April 21 and have no knowledge of such drastic cuts, districts are left in serious condition, he said.

The Birmingham budget was submitted on the basis of the same salary schedules as the past year, Dr. Ireland stated. Salary contracts were issued by the board in good faith, and represented 83 per cent of the total budget, he said.

The \$300,301.61 cut by the county board for the coming year may have "disastrous effects on the quality of education afforded by the Birmingham Public School system," Ireland said.

Some of the cuts which may be made, he said, include staff reduction of 12 teachers with the resulting increases in class size to save \$80,000; lowering of conference attendance, \$2,000; curtailment of evening activities at schools and cutting of time for custodians by \$15,000; purchase of less teaching supplies, \$5,000; reduction of substitute teachers, \$10,000, and cutting operating supplies for maintenance, \$2,000. The total cut would be \$94,000.

He said governmental requests for school participation in such items as street care, playground maintenance, use of schools by community groups and the school's part in the recreation program will be sharply cut or denied altogether.

The curtailment comes at a time when Birmingham schools have been making additional efforts to provide specific improvement in such fields as mathematics, physics, chemistry and biology, Dr. Ireland said.

In Bloomfield Hills, Superintendent Eugene Johnson is faced with the problem of cutting \$163,750 if he is to maintain his district's reputation of "staying in the black."

The current budget there was upped through the addition of 32 teachers to staff new schools.

A meeting has been called for Wednesday to make a further study of the budget and find how and where to begin the paring down process.

The summer swimming program sponsored by the Birmingham Recreation Board will open Monday.

Family swimming parties will be held each week, Monday through Friday from 3:25 p.m. to 4:25 p.m., at Birmingham High School, Derby Junior High School and Barnum Elementary School pools.

Tuesday, Thursday and Saturday evenings, from 7 to 10 o'clock, swimming will be at Derby Pool and on Wednesday and Saturday evenings at the high school pool during the same hours.

Children participating must be accompanied by a parent who also will be using the pool.

Swimming instruction will be given Monday through Friday at all three pools.

There will be separate classes for boys and girls, divided into two groups according to ability.

Beginning June 27 and continuing for eight weeks, a special teenage swimming group will meet Fridays from 7 to 10 p.m. at the high school pool.

The swimming program is one of few city recreation activities for which there is a charge.

Birmingham Exchange Club member Walter C. Morgan has been named manager of the model airplane meet being sponsored Sunday by Michigan exchange clubs.

The event will take place from 9 a.m. to 5 p.m. at the Ford Test Track in Dearborn.

More than 300 model plane fliers are expected to participate, Morgan said. There will be 25 events with trophies for the top three in each.

The 25th annual meeting and

party of Cranbrook School alumni will be held tomorrow afternoon. John Keydel, chairman, said activities will center around Cranbrook House. The school's headmaster, Harry Hoey, will host a dinner party at his home in the evening.

Blue-Eyed Blonde, 18, Reigns as Miss Romeo

By LEE WINBORN
Romeo Correspondent

ROMEO—"I never expected it," said blond, blue-eyed Jill Trask, 18, when she was named Miss Romeo last night at the Romeo Community Youth and Civic Center.

She wiped a tear or two of joy from her eyes as Peach Festival Chairman Edward Battani placed the jeweled crown upon her head.

FIELD OF 10
Jill was chosen from a field of 10 attractive contestants for the honor of representing Romeo in pre-Peach Festival activities.

She also will be a candidate Aug. 1 for the Peach Queen

title at the Youth and Civic Center.

Jill is the daughter of Mr. and Mrs. William Trask, 58731 Linden St., Washington.

A June graduate of Romeo High School, she plans to attend college next fall and study to be a medical technician.

First maid of honor is Norma Kegler, 19, daughter of Mrs. Ethel Kegler, 109 1/2 S. Main St., Romeo. She was graduated from Romeo High School in 1957 and now is employed at the Chrysler Missile Plant in Warren.

Eighteen-year-old Mono Wheaton, daughter of Mrs. Oliver

Gould of 225 Rawles St., Romeo, was named second maid of honor.

INTERVIEWED INDIVIDUALLY
Harry H. Magahay of Utica acted as master of ceremonies. He interviewed each of the girls individually before a crowd of about 200 persons.

The three judges were Roger Semrau of Armada, Lew Walters of Mount Clemens and Mrs. Magahay.

Other contestants were Marlene Schoenherr, Gretchen Toothacker, Carol Hiller, Margaret Schapman, Judy Gass, Connie Lintean and Carol Le Fevre.

The 26th annual Peach Festival will be held over the Labor Day weekend and Chairman Battani announced last night that the highlight of the three-day celebration will be the dedication of the new Romeo High School Aug. 31.

MR. AND MRS. PAUL F. HEINKE

Joene Beatty Exchanges Vows With Paul Heinke

WALLED LAKE — The Community Methodist Church in Williamston was the scene Saturday evening of the marriage of Joene Beatty to Paul F. Heinke. Performing the double-ring rite was the Rev. Louis Ellinger.

Parents of the bride are Mr. and Mrs. Donald Beatty of Williamston. The bridegroom is the son of Mr. and Mrs. Walter Heinke of 2940 Crumb Rd., Walled Lake.

The bride wore a floor length gown of French lace over satin

with a scoop neckline and long tapered wrist point sleeves. Her veil of French silk illusion was secured by a double queen's crown, encrusted with seed pearls. She carried a semi-cascade arrangement of carnations with delphinium florets, centered by a white orchid.

Maid of honor was Jo Ann Latham of Williamston, Kay Millislin and Ruth Reese, also of Williamston, where attendants. Richard Aesterle of Williamston was best man. Ushers were Roc Heinke, brother of the bridegroom; Cameron Beatty, the bride's brother; Arthur Howland of Walled Lake, and Barry Zindell of Williamston.

Following their honeymoon in Upper Michigan and Wisconsin, the newly-weds will make their home in Walled Lake.

Addison Fund Drive to Be Held Oct. 14 to 24

ADDISON TOWNSHIP—The Addison Township United Fund Drive will be held from Oct. 14 to 24, it was announced at a meeting of area chairman at the Lakeville School.

Instruction booklets were distributed, and the purposes of the United Fund were explained by Mrs. Palmer Bundy, regional chairman.

MARJORIE JEAN WILLARD

Mr. and Mrs. Orson Willard of Mapleleaf drive, Waterford Township, have announced the engagement of their daughter, Marjorie Jean, to Earl C. Tomlinson, son of Mr. and Mrs. Clyde E. Tomlinson of Hillcliff road, Waterford Township. The bride-elect attended Ferris Institute and her fiancé is a graduate of Ferris. They plan an Aug. 23 wedding.

FAIREST OF THE FAIR — Jill Trask, 18-year-old June graduate of Romeo High School, was crowned Miss Romeo last night. She'll reign over pre-Peach Festival activities and be a candidate for the Peach Queen title when the selection is made Aug. 1.

On Square Lake Road

7 Hurt in Head-on Collision

TROY — Seven persons, including five Rochester teenagers, were injured in a head-on collision on Square Lake road near Rochester road about 11:30 last night. All

were taken to St. Joseph Mercy Hospital in Pontiac.

Ward W. Wright, 19, of 840 N. Miller St., Rochester, driver of one car, suffered shoulder and head injuries.

In the other auto were Harry L. Allen, 32, of 6060 Atkins Rd., Troy, and his son, Dennis, 9. Both have a broken left leg.

Wright's passengers and their injuries were: John M. Flanagan, 15, of 422 E. Third St., back and shoulder injuries; Barbara Land, 15, of 1215 Harding St., fractured leg and shoulder injuries; Sandra Hoff, 15, 196 Cloverport Rd., fractured knee and cuts; and Connie Bull, 16, cuts about the forehead.

None are in critical condition, doctors said.

Wright told Troy Police he had slowed his car while approaching a bridge when Allen's car swung to his side of the highway and collided with his auto.

How the accident happened, police said.

Cyclist Breaks Leg When He Strikes Car

A motorcyclist suffered a fractured leg yesterday in a collision with a car at 5:10 p.m. on N. Saginaw and Clark streets.

Martha E. Johnson, 67, of 123 Edison St., made a left turn into Saginaw and was hit by the motorcycle which she did not see coming, she told Pontiac police.

The driver, Harry D. Stuart, 21, of 82 Newberry St., was treated at Pontiac General Hospital for a broken leg.

Milford Driver Injured After Dozing at Wheel

MILFORD—A Milford man who fell asleep at the wheel ran off the road into a tree yesterday at 5 p.m. on Bogie Lake road near M59 in White Lake Township.

Russell Hagland, 43, of 2411 Lakeside Dr., told Pontiac Post State Police that he dozed off at the wheel. He was treated at Pontiac General Hospital for a bruised chest.

Set Open House at Campus Site

North Central Christian College to Show Estate to Public June 28

AVON TOWNSHIP—Open house will be held June 28 at the future campus site of the North Central Christian College, 820 W. Avon Rd.

G. Wheeler Utley, chairman of the college's Board of Directors, announced today.

Located on a 37-acre estate, the property recently was purchased from Maxon, Inc., a Detroit Advertising agency, by the North Central Christian College Foundation.

The main building of the college, a 200-foot former residence, is surrounded by a beautifully landscaped area developed around two lakes.

Other features of the campus include formal gardens, a rock garden with a tiny "mountain stream," a greenhouse filled with orchid plants and two large barbecue pits. The Clinton River flows through the rear of the property, and provides the outlet for the spring-fed lakes.

Wyeth and Harman, Inc., Port Huron architects, are developing the plans for the campus, as well as detailed plans for the first new building, Wheeler said.

All the present buildings on the site, except the caretaker's cottage, will be open for public inspection from 10 a.m. to 4 p.m. June 28.

No One's Satisfied

Some Too Thin—Others Too Fat!

By JOSEPHINE LOWMAN
(The Friday Question Box)

Q. "Some of my friends tell me I am just right and would be crazy to gain any weight. My mother thinks the same. Two of my friends think I am too thin. What is your opinion? I am five feet 6 inches tall and weigh 105 pounds. I am small boned."

A. You did not give me your age but you are underweight whether you are grown or in your early teens. You should gain about 20 pounds.

Q. "Please tell me whether bi-

cycle riding is good exercise except for general exercise. Is it good for the upper leg?"

A. Bicycle riding is splendid general exercise, and as any exercise, will help you lose pounds because it uses up energy. However, I would not classify it as a spot reducer. It will firm the legs.

Q. "Would exercising 30 minutes in the morning and another 30 at night help me reduce enough faster to be worthwhile?"

A. You will lose faster with

two exercise periods than with one. However, just one 30 minute period will begin to show results in about two weeks. If you have time and are not fatigued by it, and wish to speed the process adopt the two exercise periods.

Q. "Please discuss how a woman with ulcers can diet successfully."

A. This is really a medical question and you should follow your doctor's advice. Usually ulcer patients are asked to drink so much cream and milk that they may add poundage. How-

ever, the scraped baby foods, both meat and vegetables, have made an ulcer diet easier to prepare and have also provided more variety. Discuss this with your physician.

Q. "A little more than a month ago I decided to part my hair on the left side. Well, to my surprise it looks just like I had had a lawn mower run over my head. It starts near the front and goes all the way to the top of my head. I am so worried I am not even myself."

A. I am not certain what you mean. I thought at first you meant the hair is unruly which it might well be when you have been parting it on the other side. But you seem so worried that I don't know what to think. Maybe you have bald spots underneath. If so, you should see your family physician or a skin specialist.

Q. "I am 58. My bust measures 35, waist 27 and hips 27 inches. I am putting on so much fat above the waist that I would like to exercise before I get more of it."

A. Your measurements are within the allowable for a good figure. However, you are wise to heed the signs of the time. If you would like to have my waist slimming exercises which will also reduce the diaphragm, send a stamped, self addressed envelope with your request for leaflet No. 6. Address Josephine Lowman in care of this newspaper.

Shower Honors Nila Tompkins

Nila Lea Tompkins, who will marry James F. Rupert June 28, was honored at a luncheon and shower Wednesday at the Sinclair street home of Mrs. Brady Adams. Miss Tompkins' attendants will be Greta Phipps and Mrs. Patricia Kelley. Jim Howell will be best man, with Ray Sundek, Carl Borders and Douglas McCall as ushers.

Guests at the luncheon were: Mrs. John Appleton, Mrs. Lowell Mount, Mrs. Harold Brown, Mrs. Jim Woods, Mrs. Harry Kunse, Mrs. Nelson Wiley, Mrs. Paul Colton, Mrs. D. D. McCall, Mrs. John Radenbaugh, Lorna MacKellar and Mrs. W. F. Tompkins.

Zeta Phi Zeta Meets

JoAnn Giles entertained 22 members of Zeta Phi Zeta Sorority Wednesday evening at her Waterford home. College members home for the summer also attended. Plans were discussed for the anniversary picnic and coming initiation.

Church Unit Meets

The Mary Lyon Group of the First Congregational Church met Wednesday evening at the Birmingham home of Mrs. Robert Knight. Guest speaker was Mrs. William Vann.

Three Are Guests of Pythian Sisters

Guests at the Thursday evening meeting of Mizpah Temple No. 7, Pythian Sisters held at Fellowship Lodge Hall, were Mrs. William Probert and Mrs. Russell Wells both of Salem, Ohio, and Mrs. Milton Miller, past grand chief of Pythian Sisters of Michigan. Hostesses for the evening were Mrs. William Vance and Mrs. Ray Harrington.

Hosts Pioneer Unit

Mrs. Clyde Fairchild was hostess to 13 members of Pioneer Sisters for a cooperative luncheon Wednesday at her Elizabeth Lake road home. Participating in the afternoon program were Mrs. C. L. Clough and Mrs. Rhoda R. Jane.

Dear Abby:

Fireman's Hours Burn Mom

By ABIGAIL VAN BUREN
"DEAR ABBY: My father is a fireman. As soon as the five o'clock whistle goes, so does he. He gets home by two in the afternoon and all he does is get under my mother's feet so she can't get anything done. This makes her mad and they fight. I think if he was not a fireman and didn't have such crazy hours they would get along better. What do you think?"

ABBY

FIREMAN'S DAUGHTER
DEAR DAUGHTER: Plenty of firemen manage to keep their own "home fires burning." Your Mom should manage her working hours to fit in with Dad's.

"DEAR ABBY: I met Don at the roller rink and although I was only 16 and he was 17 we fell in love. We got married in sort of a hurry and I had to quit school because of the baby which was on the way. I am expecting in August and Don goes out to roller skate almost every night."

"I can't go with him because the doctor says no skating past my sixth month. I am very lonesome. Should I go to watch him skate with other girls or should he stay home with me?"

CAN'T SKATE

DEAR CAN'T: Your husband should forego this recreation until you can resume it together. Sounds like Don is

still going around in circles. Maybe your doctor can straighten him out.

"DEAR ABBY: I don't agree with you when you say parents who punish their children in public are cruel and foolish. Children who learn they can get away with murder in public are quick to take advantage of the situation."

"My children are grown now, but when they misbehaved, I used to take down their pants and raise welts on their bottoms no matter where we were and now one is congressman of his district and the other is regional president of the DAR."

FIRM MOTHER

"DEAR ABBY: I have a lady friend who is not poor by any means. She lives alone and gets around socially quite a lot. When she is at a luncheon or tea or even a dinner she is never "hungry" so she asks the hostess if she can put the food in a sack and take it home. Naturally they give her plenty. Do you think this is all right?"

CURIOUS FRIEND

DEAR FRIEND: It's all right with me. What's eating YOU?

"DEAR ABBY: I started to go with this boy last spring. On our first date he tried to kiss me and I stopped him saying, "I'm not that kind of a girl."

"I have grown very fond of him and we still date but now whenever we are together I put myself in a position to be kissed and he turns my head away and says, "Remember, you're not that kind of a girl." How can I get him to kiss me without throwing myself at him?"

UNKISSED

DEAR UNKISSED: If your boyfriend has been sulking be-

Market Firming After Plunge

NEW YORK (AP)—Ralls advanced in an irregular stock market early today. Trading was active.

The market was firmer in the wake of yesterday's late selling which caused the sharpest decline in more than a month. Key stocks made gains or losses which ran generally from fractions to a point or so.

Rails surged forward as they responded to the Senate vote to kill federal excise taxes on freight and passenger transportation. Airlines, which also would be affected by such legislation, were mixed.

American Motors dropped 5/8 to 12 1/2 on successive blocks of 10,000 shares, following word that financier Louis Wolfson was disposing of his 400,000 shares in the company.

Wall Street sentiment, shaken yesterday by unconfirmed reports that the Federal Reserve Board was planning to reverse its easy money policy, was bolstered by news that officials are far from ready as yet to resume a tight money policy.

New York Central and Baltimore & Ohio gained more than a point each.

Fractional gains were made by U. S. Steel, Chrysler, Goodrich, American Telephone, Anaconda, Union Carbide, Chesapeake & Ohio and Eastern Air Lines.

Losers included Republic Steel, Sears Roebuck, Kennecott, American Can and American Airlines.

Opening blocks included New York Central up 1 1/4 at 17 3/4 on 7,500 shares; Pennsylvania Railroad up 3/4 at 13 1/2 on 1,500; Bethlehem off 1/4 at 4 1/4 on 3,000; and Royal Dutch up 1/4 at 44 1/4 on 3,000.
