

Kidnaped Baby's Dad Receives Call

Search for Gunman After Ambush Fails

Armed Fugitive Exchanges Shots in Police Trap

Detroit Parole Violator Escapes Along Clinton; Three Others Nabbed

By PETE LOCHBILER

An all-out search is on for a "dangerous" armed parole violator, who escaped amid an exchange of gunfire here last night. Sought is freckle-faced Robert McGinnis, 25, of Detroit, who eluded Pontiac police in his sixth official escape from custody. McGinnis broke away from a police trap in which a Pontiac man and three others, including a 17-year-old Pontiac girl, were nabbed.

Police had believed McGinnis and another companion also wanted by Michigan State Police, were hiding out here the past two weeks.

The gun play occurred at 2 a.m. when the five drove up to a 1947 black sedan parked on Paddock street just north of E. Pike street, which police believed belonged to McGinnis.

Dt. James Laponie was staked out to watch the vehicle from one police car parked around the corner on Chandler street, and officers Gene L. Felker and William D. Lemonde were in another car on Chandler.

LEAPS FROM AUTO

Laponie began driving up to the scene, when McGinnis leaped from the auto and started running.

Laponie said he ordered the man to stop, then fired one warning shot in the air. McGinnis turned, pulled out a pistol and fired in return. Laponie fired again as the man disappeared into underbrush along the Clinton river.

An all-night search by Laponie, the two officers and other Pontiac policemen failed to locate the man. Oakland County Sheriff's deputies and Sylvan Lake police joined in scouring the neighborhood, mostly residential.

McGinnis is believed to be hiding out somewhere within the city. Det. James Emery, who was assigned to the case with Det. Orville Johnston this morning, said McGinnis' companions may reveal the location when they are questioned today.

One of the men, Eugene P. Bale, 39, of 2237 Harvard Rd., Berkley, (Continued on Page 2, Col. 4)

DET. JAMES LAPONIE

Detroit parole violator Robert McGinnis eluded a police trap last night, and escaped after exchanging a shot with a city detective.

ROBERT MCGINNIS

New Service Starts Sunday

Phone Users Here to Dial Many More Areas Direct

Some 35,000 Pontiac customers of the Michigan Bell Telephone Co. with "FEDERAL" numbers will be able to dial direct to 65 communities in southeastern Michigan and adjacent Ontario, Canada beginning Sunday at 12:01 a.m.

Among the communities within the direct dialing range of Pontiac customers will be Detroit, Monroe, Ann Arbor, Wayne, Wyandotte, Port Huron, and Flint.

The calls will be routed through the Pontiac office to Detroit, therefore eliminating any large equipment or personnel changes in the Pontiac office.

The new system is a step toward eventual nationwide toll dialing similar to service in Birmingham, company officials said.

Ray H. Storm, district manager for Michigan Bell, said person to person, reverse charge, and coin telephone calls will still be placed through the operator.

DIAL 112 FIRST

To dial direct to the new communities, "FEDERAL" users will first dial "112" and then the telephone number of the called party. For example, a Pontiac person calling Monroe, Michigan, CHerry 2-3456, would first dial "112", then "CH", and finally "2-3456" to reach the called party.

Storm indicated there will be no change in dialing two letters and five numerals for calls within the Pontiac area which includes Birmingham, Clarkston, Commerce, Drayton Plains, Lake Orion, Mayfair, Oxford, Rochester, and Walled Lake.

He emphasized that wrong num-

Area Resident Killed in Crash

Joseph A. Champion Dies in Collision as Three Others Are Hurt

A Waterford Township man was killed and three other persons severely injured in a two-car collision at an intersection late last night. A fifth rider escaped with only lacerations.

Joseph A. Champion, 24, of 2884 Davis Ct. a passenger in one of the cars, was dead on arrival at Pontiac General Hospital following the crash, according to Waterford police.

Bob G. Hutchison, 18, of Milford, one of the drivers, was in "poor" condition at the hospital today with head injuries.

Also in "poor" condition is Harold D. Melton, 24, of 1312 Scott Lake Rd., Waterford, the other driver. He suffered multiple internal injuries.

Sally Blake, 17, of Walled Lake, was reported in fair condition at the hospital today with head injuries and multiple bruises. Wesley D. Craig, 28, of 2850 Oldmobile St., Waterford Township, was treated and released at Pontiac General for multiple lacerations.

The cars collided at Scott Lake and Pontiac Lake Roads, police said. From indications, Melton failed to stop for a sign at the intersection, it was reported by the police. Further investigation is planned.

Champion and Craig were passengers in the Melton vehicle at the time of the crash. Miss Blake was riding in the Hutchison car.

Low Hoad Captures Wimbledon's Crown

WIMBLEDON, England (AP)—Lew Hoad won the Wimbledon men's singles tennis championship today by crushing his fellow Australian, Ken Rosewall, 6-2, 4-6, 7-5, 6-4. They were the first and second seeded players in the tournament.

Hoad, who yesterday routed the last American in the tournament, Ham Richardson, dominated the match except in the second set and for a few games at the start of the third.

Empty Baby Carriage - Mother's Grief

"HE WAS GONE" — Mrs. Beatrice Weinberger shuts her eyes in expression of anguish as she approaches the empty baby carriage from which her four-week-old son, Peter, was kidnapped after she had tucked him in for a July 4 nap. Tearfully telling her story to newsmen yesterday, she said, "I went out to adjust the netting. He was gone."

napped after she had tucked him in for a July 4 nap. Tearfully telling her story to newsmen yesterday, she said, "I went out to adjust the netting. He was gone."

Father Informs Phone Contact He'll Pay \$2,000

Fears for Infant Mount After Snatcher Shuns Baited Trap

WESTBURY, N.Y. (AP)—The father of kidnaped Peter Weinberger today received a phone call from a person believed to have taken the month-old child. The father informed the caller he was prepared to meet the ransom demand.

Morris Weinberger, the father, received the call at 9:40 a.m. The only further information revealed was that he told the person on the phone:

"Am ready to meet your demand, awaiting your call."

The distraught parents of 34-day-old Peter Weinberger have been frantically awaiting further instructions from his kidnaper.

They had promised to pay real money and do anything for his ransom.

The unidentified kidnaper yesterday scorned a police ransom trap baited with wads of blank paper sandwiched between real bills.

INCREASING FEARS

Fears mounted for the safety of the sandy-haired, blue-eyed boy as the ransom packages, left in compliance with the kidnaper's instructions, remained untouched on a rain-swept walk.

It is now almost two days since the sleeping infant was snatched from his carriage on the patio of the Weinbergers' handsome brick and clapboard ranch house in this Long Island suburb.

Weinberger was out for a drive with his other son, 2½-year-old Lewis, when the kidnaper note was delivered and the baby taken.

Upon his return, he decided to ignore the death threat and summon police. Together, they went over the kidnaper's instructions.

Today, for the first time, the words "if he is alive" were used by police in discussing the case.

MONEY READY

Weinberger, a well-to-do wholesale drug salesman, told police he had real money ready to pay the demanded \$2,000 ransom. He said he would go anywhere, do anything to see his tiny son again.

The mother, Beatrice Weinberger, a pretty, 32-year-old brunette, sobbingly implored the kidnaper to "please, please, please call anyone. Leave a note anywhere. I shall see that you get what you want."

She was near collapse as she broadcast an appeal for the return of her son.

"I am the mother of Peter Weinberger," she read from a written statement that fluttered in her trembling hand. "Whoever you (Continued on Page 2, Col. 6)

School Aid Bill Defeated

WASHINGTON (AP)—Republicans and Democrats sought to fix responsibility on each other today for House action burying a federal aid to education program under a 224-194 vote.

It was a defeat for President Eisenhower, who had strongly urged such a program to help ease a nationwide shortage of school classrooms.

Capping a day of rare confusion and reversals, the House yesterday killed off the bill which would have authorized \$1,000,000,000 in federal grants for school construction in the next five years while denying aid to states which continue to segregate children by race.

The ensuing uproar over who was responsible promised to carry over into the fall election campaign.

FACTION SPLIT

Democrats noted they produced a majority for the bill while the Republicans voted against it. Republicans said the Democrats were at fault for not supporting Eisenhower's plan to give weight to the needs of each state in dividing up the proposed grants. The Democratic-sponsored measure would have allocated the money solely on the basis of school-age population in each state.

Northerners blamed a coalition of Republicans and Southern Democrats. And Southerners blamed an anti-segregation amendment and what some of them called a threat of federal control over local school systems.

Sen. Humphrey (D-Minn.) a backer of the bill, said House Republicans had stuck a knife in the back of school aid. "A few Republican votes could have saved it," he declared.

CHANCES LOOK DIM

Sen. H. Alexander Smith (R-N.J.) senior Republican on the Senate Labor and Public Welfare

Committee, told a reporter "it looks very difficult" to get any school legislation this year as result of the House action, although he added he will canvass the chances for reviving it in the Senate.

Those chances look dim, with Congress planning to wind up its session sometime this month.

Rep. Halleck of Indiana, assistant GOP House leader, said the Democrats had chosen "to ignore the warning signals." He said they voted "almost solidly against the President's position and his announced policies"—a reference to the administration formula for dividing up the grants.

"By doing this, they must accept their responsibility for defeating this legislation," Halleck asserted.

Seldom has the House embroiled itself in such turmoil as that which ensnared the school measure.

Pot-O-Gold Prize Jumps to \$600 as 3,118 Fail 5th

A heavy sigh was heard from the corner where a bursting POT-O-GOLD stands this morning as Press judges checked the last of more than 3,100 entries for Puzzle No. 5 and made another grim announcement: "No winner this week."

The absence of a correct solution raises the prize that will go to our first winner to \$600, already being sought by the entries that are flooding in for Puzzle No. 6.

An analysis of last week's entries showed that a total of 3,118 readers tried several came within one word of claiming the \$500 prize and many missed it by only two or three.

Indications that some readers are readers only in name were raised when a study of the entries revealed that 21 missed the Tuesday night deadline, 43 came in envelopes and six belonged to an entirely different contest.

It's still not too late to win—in fact, contestants will have a new chance every week until Labor Day.

And there isn't any sure-fire method or trick to winning. The closest a contestant can come to a "method" is to read all rules carefully and analyze each answer.

Pointers on what the puzzle authors want can be gotten by looking over the answers and their explanations on Page 22 of today's Press. You'll find that what might seem to be a slight difference in the meaning of two words can be the margin between success and failure.

But, if you lost last week, don't banish that dream of winning a cash prize—turn to Page 31 and fill in Puzzle No. 6. It can mean \$600 to you.

Soo Locks Traffic Halved

SAULT STE. MARIE, Mich. (AP)—The nation's steel strike has cut the number of Great Lakes vessels passing through the Soo Locks almost in half.

Scouts Put Out Kitchen Blaze at Roundup City

"Be Prepared" was more than a motto Thursday evening at the Senior Girl Scout Roundup. One of the charcoal stoves used by a Texas patrol set fire to their outdoor kitchen.

The alert girl campers swung into action and had the flames under control before the camp fire department arrived. The fire destroyed a cupboard and damaged the tent slightly before it was put out.

The fire truck is stationed at the camp site with firemen on duty twenty-four hours a day, and fire lanes have been cleared throughout the living sections. The girls have had fire drills at various times.

One Dead, Three in Hospital After Crash

WRECKAGE — This two-car collision at a Waterford Township intersection took the life of one person and hospitalized three others just before midnight Thursday. Joseph W. Champion, 24, of Waterford Township was killed.

Curtice Denies Unfair Tactics as Anti-Trust Suit is Filed

Harlow H. Curtice, president of General Motors, today denied the corporation discriminates as regards prices, terms and conditions in the sale of GM buses.

He declared the federal anti-trust suit against GM appears to tell a customer he is not free to buy a product where he can get it to his best advantage.

Curtice's comment on the suit was issued just before noon, as the Justice Department filed anti-trust charges against General Motors, charging it with monopolizing the

manufacture and sale of buses. Attorney General Herbert Brownell Jr., said the department asked a federal court to block GM from controlling a major share of the nation's bus business and also requested numerous other actions against the company.

The complaint also charged that GM has conspired with four large bus operating companies in its monopoly attempts.

The government asked that GM be enjoined by court order from selling more than 50 per cent of

the annual bus requirements of the four bus-operating companies.

Named as co-conspirators, but not as defendants, in the civil suit were the Hertz Corporation, the Greyhound Corporation, National City Lines, Inc., and Public Service Coordinated Transport Company.

Statement by the General Motors president follows:

"The position we have earned for ourselves in the bus industry—whose current annual production is

3,000 units—is a measure of the faith and confidence all our customers have in our products and organization. We have built an outstanding product. We have provided a product that year after year produces substantial economic savings to our customers.

"We have contributed significantly to the ability of our customers to manage their properties efficiently and give good service to the public.

"As to the product, GM for 25

years has led the industry in introducing revolutionary engineering and design advances. Among the most outstanding GM innovations have been the Monocoque body, the two-cycle Diesel engine, the first hydraulic transmission and air-ride suspension. These developments represent importantly significant contributions to the safety and comfort of passengers and economy in operation.

ECONOMY VITAL

"The economics of the motor

coach industry are such that a fraction of a cent operating costs per mile can spell the difference between success and failure of the operator. Hence, economy of operations is a foremost requirement insofar as our bus customers are concerned.

"We have endeavored always to meet this requirement and in fact bus company records show that we have succeeded.

"As the president of a transit company operating in 14 cities

has stated 'I know of no place or no other manufacturer to go to that will sell a bus that will operate as cheaply as the General Motors Diesel bus.'

"Studies made by this company show that GM buses have operated from 1½ to 2½ cents per mile cheaper than competitor's buses.

"Our technological contribution to the coach industry has been but a part of our total contribution. For example, we pioneered preventive maintenance, so important to

low-cost operations. Also, for many years, we have made surveys of bus systems at the request of any bus operator for the purpose of analyzing and improving his operations. We know of no other bus manufacturer who makes available such highly important services.

"The foregoing facts add up to doing an outstanding job of anticipating and meeting the requirements of our customers. Here lies (Continued on Page 2, Col. 2)

MAKE OVER TWO PAGES

'There Is No Question About Superior Quality of U. S. Airpower'

WASHINGTON (U.S.)—Gen. Nathan F. Twining's estimate that this country is ahead of Soviet Russia in the quality of its airpower—and can stay ahead seemed unlikely today to still administration critics.

Twining, the Air Force chief of staff, reported to President Eisenhower at Gettysburg, Pa., yesterday on his eight-day visit to

Russia and then told newsmen "there is no question about" superior quality of U. S. airpower.

He attached carefully worded time qualifications on his appraisal, however. He said the United States has a better Air Force "now," should be able to remain ahead in the "next few years" and that the administra-

tion's military aviation programs are satisfactory "at this time."

Twining said also that Russia might surpass the United States by 1960 if this country "does not keep moving."

'TOO SLOWLY'

"Gen. Twining's report sounds encouraging," said Sen. Saltonstall (R-Mass.), senior minority member of a five-man Senate sub-

committee trying to judge the relative air strength of this country and the Soviets.

But Sen. Jackson (D-Wash.) who has maintained that the administration is proceeding too slowly to build up long-range striking power, said he has some pointed questions to ask when Twining appears again before the airpower subcommittee.

"There is no dispute about our being ahead today in airpower," Jackson said. "The controversy is how we will stack up in 1958, 1959 and 1960."

'WE WANT TO KNOW'

Jackson said the subcommittee wants Twining to "spell out what has been recommended for the Air Force to stay ahead of the Soviets in the next several years."

"We want to know what additional bases, what trained and skilled personnel and what research and development will be required," he said.

Chairman Russell (D-Ga.) of the Senate Armed Services Committee said Twining would be asked to testify before that group early next week on his trip to Russia

as a guest of the Soviet government. Meantime, Russell had no comment.

Twining said at Gettysburg the Soviets may have more jet aircraft than this country, but not more "modern" planes, and that the two powers are about equal in numbers when Navy, Marine and Coast Guard aircraft are counted along with those of the

Air Force. He repeated his view that the Soviets have "a very competent, well-equipped air force."

Twining described his trip as profitable, although he said he was carefully shepherded by the Russians, and that he assumed Soviet air leaders will be invited here.

Registration Remains Open

Monday Night Deadline to Get on Rolls for August Primary

Un-registered voters in Pontiac have until Monday, at 8 p.m. to register for the Aug. 7 primary. That's the reminder from City Clerk Ada R. Evans.

To aid those who cannot register during the day, the City Clerk's office in the City Hall will remain open tonight until 8 p.m. The office will open tomorrow from 9 a.m. until 1 p.m.

The extended hours system used yesterday for the first time resulted in 55 registrations and numerous change of address applicants, Mrs. Evans reported.

In addition to the clerk's office, registrations can be made at the following places: both the Community National and Pontiac State Banks (during regular banking hours only), Oakland County CIO Council, 214 E. Lawrence St.; Pontiac Motor Local 653, 382 E. Kennett Rd.; GMC Truck and Coach Local 594, 90 Mt. Clemens St.; Fisher Body Local 596, 821 Baldwin Ave.; and at 141 W. South Blvd.

Ike's Aid Fund Cut \$1.4 Billion

House Group Criticizes 'Vagueness' in Foreign Relief Program

WASHINGTON (U.S.)—The House Appropriations Committee voted today to chop 1,405,595,000 out of President Eisenhower's five-billion-dollar foreign aid money request for this year.

The 25 per cent slash, applying mostly to proposed arms aid for free world countries, went 300 million dollars deeper than previously voted House cuts, which Eisenhower said would "seriously impair" U. S. and free world security.

Those cuts were made by the House in an authorization bill setting a ceiling on the program. The new measure, subject to House and Senate changes, would provide the actual money.

The committee approval of a \$3,665,920,000 bill marked a sharp setback to strenuous administration efforts to win congressional passage of nearly the full amount Eisenhower sought.

The committee voted also a "thorough investigation" of foreign aid, saying there has been vagueness and a lack of information about the program.

The House group said the U. S. overseas assistance plans are frequently put together "with little or no consideration of the needs of the country or countries concerned."

It said the new bill plus \$6,870,000,000 in previously voted funds still unspent would allow the program to continue another two to three years at its present rate.

Problem of Modern Age

SAGINAW (U.S.)—With cities moving into the country more every day, Saginaw experienced a conflict in jurisdiction this week. An 85-pound, yearling deer came out of the woods, crashing into a building and a truck in the city, before a citizen put the broken and bleeding animal out of its misery.

The Weather

Not Healthful for Republican Party

Ike's Face to Replace Rodin's Nudes on Official Convention Program Book

SAN FRANCISCO — Three rugged but dispirited bronze male nudes have been kicked off the cover of the official program for the Republican National Convention.

In their place a portrait of President Eisenhower will be seen by convention-goers against a background photograph of the Cow Palace auditorium and stage where the convention opens Aug. 20.

This was announced last night by Mayor George Christopher and Edmund O'Brien, executive director of the GOP Arrangements Committee, after a day in which Christopher's criticism of the photograph of sculptor Auguste Rodin's statue of the three nudes brought out:

1. That Rodin created the

statue, now at the Palace of the Legion of Honor here, for a Paris museum; to illustrate a passage from Dante's "Inferno."

2. That he called it "Les Tres Hommes, part of a group entitled "Abandon Hope, All Ye Who Enter Here."

3. That the three unclothed male figures, rugged in the Rodin manner of "The Thinker" but distorted with heads bowed sideways, were meant to represent "Three Shades at the Gate of Hell."

The tentative program cover had over the three figures the word "Unity," and beside them "Peace, Progress, and Prosperity." "I don't think it's a very healthful picture for the Republican party," said Republican Mayor Christopher as he brought the

subject to public attention. "I wouldn't have chosen it myself."

He added that he had received "a number of complaints" from people who had seen the cover, which already is in print at the local publishing house of Bruce J. Ellis.

Christopher talked with Edward V. Mills, chairman of the San Francisco citizens' committee for the convention, after which Mills issued a statement saying the cover was "only tentative" and that several others were being considered for final selection by July 15.

Ellis had said the local committee had approved the illustration only after the Republican National Committee itself had approved. Mills did not elaborate on this statement.

Twin Daughters Born by Woman Alone; All OK

SAN JOSE, Calif. — Alone and without help, Mrs. Betty Jordan, 25, gave birth to twin daughters last night in her small cottage.

"When you have to do something, you do it," Mrs. Jordan remarked a short time later to a policeman responding to her telephone call for aid.

Bob Crabbe, San Jose Mercury reporter, said Mrs. Jordan explained she asked for aid only because one of the babies seemed to have trouble breathing. A physician later said the infant was all right.

Mrs. Jordan said her husband is a serviceman in North Africa. She said she hadn't heard from him in some time and declined to give his name.

She told Crabbe the births took place "very quickly" in her bathroom. When Crabbe and police arrived, Mrs. Jordan sat in a black house coat on a sofa beside her babies, wrapped in a blanket.

She told a physician she didn't want to go to the hospital, and he said, "She doesn't want to go and there's no reason to send her."

But the babies were taken to O'Connor Hospital Nursery.

Detroit Area Plans Rites for Air Victims

DETROIT (INS)—Memorial services for four of the Detroit-area victims of the Arizona air disaster have been scheduled and memorial funds established for two others who lost their lives in the crash.

A memorial mass was sung at St. Paul's Church, Grosse Pointe Woods today for Mrs. Gertrude Book, of Grosse Pointe and a service will be held tomorrow for Wesslau G. Wright, of Pacific Palisades, Calif., a former Detroit resident.

On Sunday, services will be held at Temple Beth El for Walter and Stella Fuchs and at St. Paul's Episcopal Cathedral for Russell R. Shields, Jr.

The Peter Whyte Memorial Fund has been established by friends of Mr. and Mrs. Ray Whyte in memory of their 15-year-old son who died in the crash.

Members of the Allen Park Grace Reformed Church have started a college scholarship fund in memory of Floyd A. Nixon, of Allen Park, a member of the church, who was killed.

Detroit Girl, 14, Dies Drinking Anti-Freeze

DETROIT — Charlotte Englehart, 14, who drank anti-freeze at a teenage swimming party last Tuesday under the impression it was cider, died at a hospital last night.

Police said Charlotte and about 25 other boys and girls attended the swimming party at the home of Gordon Wybro, 14. During the evening six boys went to the garage where they had noticed two gallon jugs labeled "cider."

Det. Lt. Joseph Nuffer said the boys admitted stealing one of the jugs, which actually contained anti-freeze drained from the automobile of the garage owner.

Several teenagers who sampled the "cider" quickly spat it out. But Charlotte and another girl, Delores Victor, 14 swallowed some of the fluid.

Charlotte complained of feeling ill when she arrived home Tuesday night and was admitted to a hospital the next morning. Delores, who apparently swallowed less of the poison, was treated at the hospital Wednesday and released.

Base Career Decisions on Facts

By ANNE HEYWOOD

Too many times, we base our decisions on fantasy rather than fact.

We decide that such-and-such will probably be dull or hard and we never get down to brass tacks and find out.

That's the trouble with Betty, a girl in her teens, who recently graduated from high school.

"I will be working as a secretary and going to college at night beginning in the fall," she tells me.

"I already have the job, which is not too bad, and I intend to register for the city college fall term."

"But I don't know what to major in."

LIBRARY WORK

"My high school adviser recommended library work, because he feels I have all the aptitudes for it. But isn't it too dull and confining?"

"After all, you have to consider everything. I'm afraid library work would get tiresome and I might end up an old maid. But I have to decide on something."

"What about the hotel field?"

It seems to me a hotel would be much more interesting than a library."

So there Betty sits, in a city full of libraries and equally full

of hotels. Yet it never occurs to her to talk it over with librarians and hotel people.

She could write a note to people in both fields, explain her dilemma and ask if they'd be good

enough to give her a brief appointment to learn more about their work.

Most people are willing to lend a helping hand to a youngster and most people like to talk about their work.

CHARLOTTE V. STARK

The engagement of their daughter, Charlotte V. Stark, to R. Heath Reeves is announced by Mr. and Mrs. Charles A. Stark of South Marshall street. He is the son of Mr. and Mrs. Raymond H. Reeves of Thorpe street.

Couple Wed at Church

Married June 30 at Marimont Baptist Church were Beverly Ann Plumb and Clyde Nelson White. Beverly is the daughter of the Charles B. Plumb of West Beverly avenue. Clyde is the son of Mrs. W. G. White of Lewis, Kan. and the late Rev. White.

A floor-length gown of Chantilly lace over nylon tulle and satin was worn by the bride. Her Chantilly lace headpiece was trimmed with accordion pleated nylon tulle and seed pearls and she carried a bouquet of white stephanotis.

Bridal attendants were Alice Plumb, Mrs. Donald Plumb and Mrs. Jackie Dale Payne of Auburn Heights. Their gowns were of pink and aqua nylon net over tulle.

Edwin White of Gary, Ind. was best man. Groomsmen were Donald Plumb, and Jackie Dale Payne

of Auburn Heights. James Puddles and Lyle Payne seated the guests. A reception was held in the church parlors following the ceremony. For traveling to Niagara Falls, Canada the bride wore a navy blue dotted Swiss dress with white nylon trim and a white corsage and accessories.

They will make their home in Gary, Ind. on their return.

Keep Immaculate if You Want to Look Cool

Looking fresh and cool on a muggy day is largely a matter of cleanliness. Even a hot face can look cool if the perspiration and grime have just been washed off.

Clothes, too, are this way. A crisp, clean, freshly pressed dress looks cool, even if the wearer feels as though she were wilting.

In shoes, this is particularly applicable. Those who live in areas where the dust rolls in in July and doesn't depart until October know how hot and uncomfortable dusty shoe tops look.

Those who live in a city know that shoes inevitably get dirty on the streets in summer, and that they wreck the looks of a clean, crisp costume.

Betty could have some firsthand information to base her decision on, not just a lot of vague ideas based on Grade B movies!

As a matter of fact, I know plenty of people in the hotel field who have dull, routine jobs where they never meet any "interesting people."

And I know librarians like, for example, Loda Hopkins in New York, who have the most exciting jobs imaginable.

Loda Hopkins handles adult services at the main library in New York City.

She works out programs of discussion and study on all kinds of topics, gets volunteers to teach them and the bibliographies to back them up.

FASCINATING JOB

She is an attractive woman in a varied and fascinating job. And, incidentally, she's married!

If Betty could meet women like that, which she can, she would have some real basis for deciding her future.

One of the major jobs facing the young person deciding on a career is to really investigate what the world holds.

If you'd like suggestions on doing that, send me a stamped, self-addressed envelope and I'll send you my recommended list of books on job-hunting.

(Copyright 1956)

Hoods worn with imagination can be flattering to younger and older faces alike.

Hoods of some type are virtually the law this fall on both cloth and fur coats. A sailor collar indented at center, zips together to form a hood on a cloth coat. Fur on fur makes one of the prettiest face framing hoods, plus scarf ends.

Give Hair Short Cut to Fashion

Top French Stylists Design Coiffures Close to Head

PARIS (INS)—According to top Paris hairdressers, women should cut their hair short for summer.

Leading Paris hair stylist Carita Alexandre cuts feminine hair to a puffy, feathery style which looks more like a wig than a head of curls. His favorite summer color is a champagne shade, natural to the blonde vikings of the North European countries.

Guillaume, another of the "big four" Paris hairdressers, continues to style hair in the dancing mood of the classic Russian ballets.

For spring Guillaume showed the "ballerina style" with a middle parting, a smooth top and authentic curls on both sides at the height of the ears. For summer Guillaume achieves the same effect with shorter hair, puffed and teased out at the sides for the new ballerina look.

Antonio, most successful with brunettes hair, has created a new style to match Empire fashions. With short hair he achieves a hair-do a la "Josephine de Beauharnais." Napoleon's wife who always wore high-waisted gowns.

Fernand Aubry shows a hair-style suitable for women with a narrow face and pointed chin. He shapes the hair to make a head look triangular by leaving the top smooth and building the sides out to volume. For another hairdo he smooths the hair on the top of the head with curls all around arranged in a "wreath."

Washing Directions for Cotton Knits

White cotton knits, like that T-shirt, can be washed in water as hot as one likes. The brightly-colored cotton knits should get warm water and warm rinses.

Black cotton knits should be spared washing or machine drying in company with light-colored lint-givers. Washing inside out protects the black and navy blue knits from any lint left in the machine from the last load of laundry.

Don't Turn Down That Fashion 'Find'

If you come across a real fashion find (a dress that you love, a hat that's just right for you, shoes that fit like gloves) buy two at one time if your clothes budget will stand for two.

Saves you hunting (usually in vain) later on for something that will duplicate the successful buy.

Rabbi and Mrs. Sanford Saperstein wave as they prepare to depart for a six-week trip abroad. The trip will include three weeks in Israel and the remaining three on the continent. The tour is a gift of the congregation of Temple Beth Jacob, honoring Rabbi Saperstein for his 13th year in the rabbinate and his seventh year as rabbi of the local temple.

Ceiling Fixture Returns

NEW YORK (INS) — Italian lamp designer Maurizio Tempestini says he has witnessed the return of the ceiling fixture.

It's all part of the "softening up" process modern furniture has been undergoing in the last couple of years.

HAVE NEW LOOK

"Ceiling fixtures as decorative lighting had to come back," Tempestini said, but added they now have a new look to them.

"With traditional crystal fixtures," said the man from Florence, "the crystal was part of the light. Today it is different. The trend is toward some kind of indirect light playing on the fixtures. But they are separate fixtures."

"The idea is to do mobiles in crystal and shoot light against the crystal. You can have color in the mobile, too. This makes good lighting, but with a more cheerful, gayer effect."

Tempestini thought a little more, then added:

"Traditional lighting is beautiful but very bad from a light giving point of view. What we want to do now is to have a bright and shining feeling, but with the lighting directed up, not downward."

"Perhaps the crystal could hang from the ceiling, with a bowl lamp beneath it so that shaded light would go into the room and strong light would play on the fixture and on the ceiling."

Hats are changing their direction for summer: More bloused crowns and fewer coal scuttles.

TEENAGE DELIGHT...The Butterfly Swirlwave. Off center bang gives a carefree note to the swirling crown of symmetrical waves.

Moist Cake Made With Bananas

Mrs. Reichert Uses Salad Dressing Not Shortening

By JANET ODELL

In the past few years several recipes have been published, calling for salad dressing in cake recipes. The one we give you today is for a Banana Cake and comes from Mrs. Frank Reichert.

The Reichert family are enthusiastic boat owners. Mrs. Reichert says she is learning to water ski. In addition, she enjoys working in her yard with flowers. She has four children to care for.

SALAD DRESSING BANANA CAKE

By Mrs. Frank Reichert

1 cup sifted flour
1 cup sugar
1/2 cup salad dressing
1/2 cup oil
1/2 cup baking powder
1/2 cup salt
1/2 cup mashed bananas (use well ripened ones)
1/2 cup vanilla
1/2 cup walnuts

Mix sugar and salad dressing together. Sift in dry ingredients. Then add mashed bananas, vanilla and walnuts. Pour into greased 9 x 12 cake pan and bake 25-30 minutes in a 375-degree oven.

Fredericks Puts Feather in Cap for Hat Lure

NEW YORK (INS) — There's one New York hat designer who wants every woman to have a feather in her cap — preferably a whole collection of them.

Fred Fredericks has taken a liking to fluffy, feminine-looking feathers and so he put them on a good many of his fall hats.

One of the most striking of these new hats is a draped bandeau of white satin worn over the forehead like an Indian headdress. On one side is an upright shaft of white feathers almost a foot high, attached to the bandeau.

The white has is typical of Fredericks' color preferences for fall — they include black and white, either separately or in combination, as well as combinations of turquoise and blue and what the head of John Fredericks Inc. calls "The brandy colors" — champagne, cognac, B & B, and so on.

Fredericks' hats generally follow the fashion trend toward large crowns, but the milliner makes a point of keeping them soft and crushable. He thinks a woman's eyes are her crowning glory, so his brims, even the down-dropping type, dip up at the front.

And he favors "chignon hats" and turbans. The turbans include velvet types with high points in back, while the chignon hats have a hole in the crown for a top knot to show through.

Frilly little aprons make wonderful gifts — are ideal for serving when you're the hostess. Don't forget, Fair Time is almost here! No. 8347 is in sizes 12, 14, 16, 18, 20, 40, 42. Size 14, top, 1 1/2 yards of 35-inch; bib apron, 1 1/2 yards; bottom, 1 1/2 yards.

For this pattern, send 35c in coins, your name, address, size desired, and the pattern number to Sue Burnett, Pontiac Press, 372 W. Quincy St., Chicago 6, Ill.

Send 25c today for your copy of the spring and summer '56 edition of our complete pattern magazine Basic Fashion. It's filled with smart, easy to sew designs, special features.

30 Millions to Go for Racing Plants

NEW YORK (INS) — The New York State Racing Commission has approved plans for a \$30,000,000 improvement of thoroughbred race tracks, including an entirely new plant at the present Aqueduct Park site.

The commission also agreed to omit a fall racing schedule at Aqueduct this year so that demolition of the old track can begin immediately.

Titlist Faces Former Champ

COLORADO SPRINGS, Colo. — Defending champion Jean Ashley of Chanute, Kan., meets Mrs. Patti Blanton of Enid, Okla., and Diane Reed of Denver plays Sally Hardwick of Longmont, Colo., in today's semifinals of the 14th annual Broadmoor Women's Invitation Golf Tournament.

Miss Ashley, 17, defeated Mrs. Jack Munger of Dallas, 4 and 2, yesterday. Mrs. Blanton, 1949 champion, eliminated Linda Melton of Oklahoma City, 1 up in 19 holes.

BACK IN THE SADDLE — Pontiac Poloist Roy Pulver will take to the field in a benefit polo match Sunday July 15th at the Ivory Polo field in Detroit. The benefit is being sponsored by the Birmingham YMCA and Kiwanis for youth work activities. It will take place at 3:00 p.m. with local stars Rich Gibson of Pontiac, Dave and Larry Williams of Bloomfield Hills, Don Harness of Rochester and Gwen Brown of Birmingham joining opposing forces.

Research Shows Lamprey Fight May Be Long One

LANSING (AP) — Conservation department says new evidence indicates that electrical fish weirs used in the lamprey control program may have to remain in place eight years to be effective.

The information jolted hopes that control could be achieved in half that time.

Lampreys stay in the Great Lakes as fish-killing adults at least one year, then migrate up inland streams and lay their eggs in gravel beds. The eggs hatch, and the young spend their larval stage in mudbanks.

Formerly, it was thought this larval stage lasted four years before the young moved downstream to continue the depredations of the species.

However, research by the U. S. Fish and Wildlife Service and the department's Institute for Fisheries Research has showed the larval stage is "at least seven to eight years and possibly longer."

That would be the length of time electrical weirs in some streams would have to stay in operation to halt all possible spawning lampreys and effectively check the predator.

Fisheries workers said the outlook is discouraging.

Durando Beats Martinez on Unpopular Decision

PORTLAND, Ore. (AP) — Hard-punching Ernie Durando, 162, Bayonne, N.J., won an unpopular 10-round split decision over Jimmy Martinez, 160, Phoenix, here last night.

Auto-Racers
 Compete in 100 Laps
 DETROIT (INS)—Hard-top auto racers will turn out at Motor City Speedway tomorrow to compete in the big 100-lap Sports Guild trophy race.

Mickey Katlin of Brighton, winner of three features this year, is favored in the event although other drivers have "souped up" their cars recently and are out to get him.

Tomorrow night's program is expected to attract drivers from the entire midwest.

MISSED PUTT — Mike Souchak, American golfer, indicated the length of a short putt which he "blew" during the qualifying round of the British Open Golf Championship at Hoylake, England. Souchak had a 148 total which was enough to qualify him for today's final 36 holes.

29 Years Offers No Consolation

Losing Hard to Take, Says Harris

DETROIT (AP)—"You get used to a lot of things after 29 years of it," said Bucky Harris. "But I haven't figured out yet how to get used to losing."

The 59-year-old manager, who started his big league managing career long before many of his Detroit Tiger players saw the light of day, was reflecting in the clubhouse yesterday after his club ended its prolonged home victory drought.

A 13-7 thumping of the third-place Cleveland Indians halted the Tigers' Briggs Stadium winless streak at 15. Twenty days and 20 games ago Detroit took a 5-2 decision from Boston. Since that time, they had played 15 games at home and their best effort was a 2-2 tie with Washington.

The usual home park advantage didn't help the Tigers. Instead, Briggs Stadium became a get-well-quick arena for other American League clubs while the Bengals slipped down to sixth place. They have won only 10 games at home this season while dropping 27. On the road the Tigers have played .600 ball.

"Don't ask me to explain it," said Harris. "I'd like to know the answer myself. They've looked like two different ball clubs."

The veteran skipper emphasized:

"I don't want this to sound like an alibi for myself or an excuse for the team. Maybe they're not as good as we thought they were. But a team can't lose the best shortstop in baseball and be short on pitching and expect to put together any kind of a record."

Harris pointed out that shortstop Harvey Kuenn, who was out of the regular lineup for nine games because of an ankle injury, still cannot go at top speed. The Tigers' 10-man pitching staff includes Ned Garver, who hasn't started a game since the first week of the season because of arm trouble, and bonus baby Jim Brady, whose earned run average

Stars in Texas!

U. S. Girls Set Tank Marks

TYLER, Tex. (AP)—America ought to have an impressive women's swimming team for the Olympic Games this year if what the girls are doing in the National AAU here can be taken as a criterion.

Stars like Pat McCormick, the Los Angeles veteran who won both dives in the last Olympics, Shelley Mann, Carin Cone, Nancy Simmons and Mary Jane Sears wrote the record book last night. There were six events and when the splashing ended for the night, five AAU, three American, one American citizen and two world records had been set.

Miss Mann, swimming for the Walter Reed Army Hospital of Washington, and Miss Cone, the 16-year-old Ridgewood, N.J. school girl contributed the world-record performances, both breaking marks for 50-meter courses such as provided here.

Miss Mann whipped through the

HOYLAKE, England (AP)—Defending champion Peter Thomson of Australia took a tight grip on the lead in the British Open Golf Championship today when he shot a one-over-par 72 on the third round for a 54-hole total of 212.

That gave Thomson a three-stroke lead over Flory Van Donck of Belgium, with only part of the field in, and apparently set up his third straight open victory.

Frank Stranahan of Toledo, one of two Americans still in the field, also had a 72 and remained eight strokes back of the leader at 220. Stranahan was tied with Mexico's Roberto De Vicenzo, who fell back from second place when he took a 79 for the third round, and Angel Miguel of Spain.

Mike Souchak, the other American who also was eight strokes behind at the start of today's final 36 holes, took a three-over-par 38 on the front nine of Hoylake's par 36-72 course.

Thomson, playing confidently over the 6,950-yard Hoylake course

in weather much better than yesterday's, had one bad hole on the front nine but reached the turn in par 35. He was bunkered a couple of times on the back nine.

The good-looking, affable Australian birdied the 8th and 16th holes. He went out of bonds at the 117-yard, par-four sixth and took a six there. At the short 13th he was in a bunker off the tee and took a four.

He went over again with a five at the 466-yard 15th when he was short with his second shot. But at the 513-yard 16th his second was at the edge of the green and he got a birdie four.

Thomson was in a bunker near the green at the 17th, but blasted out within three feet and sank the putt. He just missed a 21-footer on the last green.

Men Learn From Her

In 24 years, Helen MacDonald has given 50,000 golf lessons in Chicago, mostly to men.

Debate Postal Rate Hike

VIENNA, Austria (AP)—The Prague radio said today U. N. Secretary General Dag Hammarskjöld, now concluding a visit to the Soviet Union, will arrive in the Czech capital tomorrow. Hammarskjöld is expected to reach Vienna Sunday and then is scheduled to visit Yugoslavia.

"I think we would have won half these games we lost at home if we could have had Kuenn in there all the time—and at full speed," Harris commented. "And we have not had too much to fall back on in the bullpen and we knew from the start that our bench wasn't going to help us much."

Then the little manager touched briefly on "other pressures." He didn't bother to explain them, but the loud and long criticism of himself and Tiger coaches could not have helped the slumping club. In addition the club is up for sale and will have new owners by Oct. 1.

Five Reds and a Pirate

Getting the feel of the wood are the five Cincinnati Redlegs and the lone Pittsburgh Pirate named to the starting lineup for the National League in the All-Star game to be played in Washington July 10.

Summer Basketball Program Begins Monday

First summer basketball program in the city's history will get under way at the new "hardtop" playing surface at Crofoot School playground, on Monday.

Art Van Ryzin, head PHS cage coach, will conduct the program with the help of Fred Zittel, his regular aide during the indoor season and a former Chief star himself.

Monday's start will simply be

Princeton, Kent Still in Henley Race

HENLEY-ON-THAMES, England (AP)—Two U.S. crews—Princeton and Kent (Conn. School)—still were in running today for the coveted Thames Challenge Cup in the Royal Henley Regatta.

Princeton's lightweight eight met the Isis Boat Club of Oxford and Kent went against the British Vesta boatload in the semifinals. The finals are scheduled for Saturday.

Over the wind-swept Thames yesterday, Princeton defeated the Thames River Rowing Club by 1 1/4 lengths and Kent turned back the London Rowing Club. The Tigers had the best time for the mile and 550-yard course with a clocking of 7 minutes, 28 seconds. Kent was timed in 7:39.

Ukrainian Booters Meet Germans in Detroit Play

DETROIT (INS)—The Ukrainians—pre-season favorites to win the Detroit Soccer League Championship—meet the German Sport Club tomorrow night in the feature of a two-night doubleheader at McCabe field in Detroit.

The game, starting at 8 p.m., will be the first between the two rivals this year.

The defending champion Bavarians and the youthful Kolping Rockets clash in the opening game at 6:30 p.m.

Middlecoff on—

Doctoring Your Golf Game

BY DR. CARY MIDDLECOFF

PATIENT'S COMPLAINT: Left hip lag

DIAGNOSIS: Hitting too soon

TREATMENT: The most apparent flaw in the average player's form with all clubs, down through the medium irons, is poor hip action. The left hip quits at the ball; doesn't complete its work, its turn.

The sketch of my follow-through with a No. 5 iron, taken from an action photo, shows how far I get my weight through the shot; how far the left side has gone through the ball and turned out of the way, and how far the right side has turned. You'll notice the right shoulder winds up under the chin, with my head still stationary, except that it has turned on its axis naturally and comfortably to follow the turn of the shoulders.

Here again the shoulder turn is stressed. For emphasis, perhaps spin is a better word than turn. If you'll work to develop a one-piece swing, you'll soon appreciate the importance, the power and control that a full finish with the left

side produces. Maintaining a straight line from the clubhead to the left shoulder on the backswing is the prime movement. Break the wrists too soon, kinking the left arm, and you'll ruin everything. The left side will hold instead of turn. The right hand takes over immediately, and you'll hit

too soon—from the top. And of course left hip action—that forward, turning shift in the sketch—is totally nullified.

Grain Dealings Remain Firm

CHICAGO (AP)—A firm tone prevailed in grain dealing early active dealings on the Board of Trade today.

In no cereal were gains very large. But selling orders were readily absorbed and there seemed to be a disposition on the part of local traders to get on the buying side of the market.

Best gain was made by July soybeans, largely reflecting strength in soybean oil. This contract is far down from its seasonal high and brokers thought it technical positions had been improved.

Wheat near the end of the first hour was unchanged to 1/4 higher, July \$2.06 1/2; corn 1/4 lower to 1/4 higher, July \$1.48 1/2; oats 1/4 lower to 1/4 higher, July 68 1/2; rye unchanged to 1 cent higher, July \$1.24; soybeans 1 1/4 to 4 cents higher, July \$2.79 1/2; hard 10 to 28 cents a hundred lbs. higher, July \$10.75.

Arraign County Man on Shooting Charge

Milton Evans, 37, of Ferndale, was bound over to the Oakland County Circuit Court yesterday after arraignment before Royal Oak Township Justice Delbert Hunt on a second degree murder charge. He was remanded to the County Jail under \$5,000 bond.

Evans has been held since June 14 when he was arrested by Royal Oak Township police. He is charged with the fatal shooting of 25-year-old Ivan Anderson, of Detroit, on June 13 following an argument.

Evans allegedly fired the fatal shot with a rifle in front of a home at 1016 Eckley Ct. in Royal Oak Township.

Transfer Ownership of Hardware Store

Complete ownership of Foster's Hardware & Sporting Goods store was assumed recently by Roy A. Corwin Jr., former partner in the 31-year-old Pontiac firm.

Corwin was in partnership with Frank Foster who moved to Texas last month. The two have been in business together for four years.

The store recently consolidated its operations in its location at 1651 South Telegraph Rd. Another store formerly operated at 380 S. Saginaw St.

Oxford Resident Fined for Drunk Driving

Driving while under the influence of liquor cost an Oxford man \$125 in fine and costs in Justice Court Thursday.

Albert C. Shippey, 23, paid the court after pleading guilty to the charge at an arraignment before Oxford Township Justice Fred F. Stevens.

Reckless Driver Jailed

Bartholomew Alexander, 18, of Ferndale, is serving a 90-day sentence in Oakland County Jail after pleading guilty to reckless driving.

An original sentence of 10 days was increased when he failed to pay a \$50 fine and \$25 in costs at his arraignment before Justice Alen C. Ingle, of Farmington Township.
