

President Kennedy Speaks To AFL-CIO Convention

Cites Jobless Rate

JFK: Tax Cut Needed Now!

NEW YORK (AP)—President Kennedy told a cheering AFL-CIO convention today there is no good reason why Congress should not promptly pass his \$11-billion tax cut bill.

Kennedy said some four million persons are out of work and that those who talk about federal deficits "should look at that figure."

Kennedy criticized, without naming them, policies of Republicans including Gov. Nelson A. Rockefeller of New York and Sen. Barry Goldwater of Arizona.

"They do not have a single

constructive job-creating program of their own to offer," he said.

Kennedy said the nation must have its strongest economic improvement in history because "we must move so fast just to stand still."

10 MILLION JOBS

Kennedy said the nation must provide 10 million more jobs in the next two years and that the tax cut is the single most important proposal to achieve this.

The several thousand delegates representing some 13.5

million union members frequently interrupted Kennedy with loud applause and cheers, and he received a sustained ovation when he first appeared and went down a line of labor leaders shaking hands.

The reception was in sharp contrast to that accorded Rockefeller, candidate for the GOP presidential nomination, at its opening session yesterday.

Rockefeller had told the group the key missing element to solve unemployment was a na-

tional job information and placement center including business loans to help workers move where there are jobs.

"MINIMUM TOO LOW"

Although Kennedy dodged the issue of a shorter work week, the convention's No. 1 priority business, he struck a responsive chord when he said the present \$1.25 per hour minimum wage "is still much too low." A big raise in the minimum wage is another goal to be sought by labor.

Kennedy also won applause (Continued on Page 2, Col. 5)

Fiscal Reform Program Dies; Romney Vetoes Try in 1964

LANSING (P)—Gov. George Romney's tax reform program was killed yesterday by a special legislature which had toyed for two months with its fate.

Romney conceded defeat of the program immediately and said he will not try it again in 1964. "The people of Michigan lost today," he said.

At his press conference today, he listed several factors as contributing to the program's downfall.

- Increased state revenues made a bad political climate for tax reform.
- Some lawmakers put political objectives before the state good.

- Groups favorable to the over-all program stressed their special interests too strongly.
- Resistance, by himself and others, to "excessive concessions needed to buy sufficient votes."

"Fundamental reform of the Michigan tax structure is now impossible. The opportunity for improvement is gone."

Adjournment of the special session came a little more than an hour after a coalition of House Republicans and Democrats brought final collapse of the Romney program on a crucial test vote.

NO FLOOR VOTE

Lawmakers, who rejected previous fiscal reform plans in 1959, 1961 and 1962, left for home without ever having faced a direct floor vote on any part of Romney's \$306-million "jobs and justice" program.

Romney said he will call another special session about Dec. 3 to deal with legislation needed to implement Michigan's new constitution, which goes into effect Jan. 1, 1964.

Defeat of the tax reform program—born amid great fanfare on Sept. 12—was the first major setback of Romney's political career.

Although a 20-11 bipartisan vote, sending an income tax bill back to a Senate committee on Nov. 3 was regarded as the most telling blow, the end came formally on the House vote.

REJECT AMENDMENT

By a 47-44 ballot, House members rejected an amendment which would have tied the key bill, calling for state and local option income taxes, to the rest of the program.

Romney had previously set the terms, saying the future of the entire package of bills hinged on the amendment or the income tax bill itself, on a showdown vote.

PAYLESS PAYDAYS

A crisis similar to the "payless paydays" for state employees a few years ago would have meant Democratic support and a few more Republican votes, Roberts indicated.

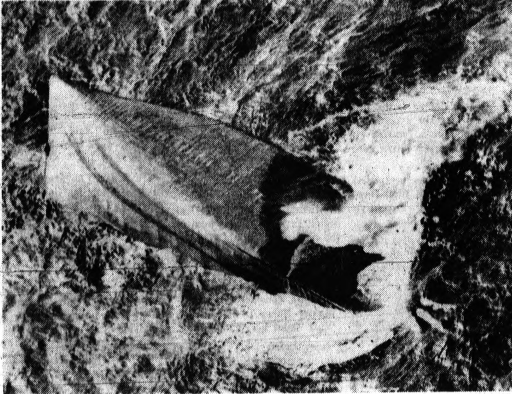

Romney backers had feared that unexpectedly high tax revenues as a result of Michigan's booming economy led by the best automobile year in history would dampen enthusiasm for tax reform. The state's deficit has practically been wiped out.

The governor's reassurance that his program only revised taxes and did not raise them apparently had little effect.

"I've never heard of a state changing its tax structure during good times," Roberts said.

Roberts predicts that Democrats will use the result to challenge Romney's leadership ability and that each party will accuse each other of "dragging its feet" in next year's campaigns.

UNDER IT GOES—The oil tanker Dyma, victim of a collision, went to the bottom this morning. The ship collided with the Norwegian freighter Fernview yesterday.

The two ships caught fire. They remained locked together until today when tugs separated them. After the separation the Dyma sank in shallow water.

Lower Peninsula Opener

Cool, Snowless for Hunters

By DON VOGEL
Outdoor Editor

EVART—The weatherman was half kind to deer hunters opening the season in lower Michigan today.

He convinced Mother Nature that there should be near freezing temperatures at dawn.

But the fickle god refused to cooperate when it came to greeting hunters with a layer of snow.

BETTER OPENER

In all, today's opening hours were an improvement over last year, and much better than hunters experienced the three years before then.

There was a trace of snow in this area Tuesday, but the mid-40 temperatures the next day eliminated any white covering.

Hunters began moving into Bear Swamp 5 miles north of this Oscoda County community before dawn.

Gunfire was light the first hour, but began to pick up as the redcoats tired of sitting and started moving about.

Local nimrods reported yesterday that the deer concentration is about the same as 1962.

Don Smith, 2596 Williams Lake, Waterford Township, and Dr. William Baer, 2412 Winkelman, Waterford Township, are hunting near here.

Smith, who has hunted in the same area for six straight years said he expected "only fair success in sighting deer."

Both hunters plan to cover a

field where Baer saw 19 white-tails opening day last year.

BRUIN PURSUE

Another Waterford Township hunter, Dave Butler, headed into a 7-mile-long swamp near Clare with more than a deer as his objective.

"I know an area that is being used by a bear. I'll be looking for him."

Conservation officers are scheduled to meet at 6:30 p.m. (Continued on Page 2, Col. 3)

Ted'll Come, Dem Assures

Some 700 Democrats may get a bit worried tonight when U.S. Sen. Edward M. (Ted) Kennedy fails to appear by the 11 p.m. dinner is served at the Pontiac Elks Temple.

But he will be there to deliver the featured speech before the event is over, Deputy County Democratic Chairman James M. McNeely said today.

Sen. Kennedy, who plans to talk about his brother's achievements during three years in the

White House, was expected to be delayed by a foreign aid bill vote in Washington.

But, barring other unforeseen obstacles, he will arrive with U.S. Sen. Philip A. Hart, D-Mich., at Metropolitan Airport a bit later than previously scheduled.

The occasion is the county Democratic party's annual Congressional dinner. It will begin at 6:30 p.m.

Grain Dispute Stalls Aid Bill

WASHINGTON (P)—A bitter dispute over proposed grain sales to the Soviet bloc is holding up Senate passage of President Kennedy's badly mauled foreign aid bill.

The row erupted suddenly last night, the Senate's third night session this week, just when a final vote on the \$3.7-billion authorization appeared near after 14 days of debate.

It broke out over an amendment by Sen. Karl E. Mundt, R-S.D., to prohibit the Export-Import Bank from guaranteeing payments for private grain sales to Communist countries.

After turbulent exchanges, Democratic Leader Mike Mansfield of Montana offered a motion to table and thus kill the amendment. He was defeated 46 to 40. Senate Republican Leader Everett M. Dirksen of Illinois, who has worked with Mansfield for the bill's passage, did not vote with him.

KILLS PLANS

Opponents of the amendment said it would kill projected plans for a \$250-million surplus wheat sale to the Soviet Union and other deals under negotiations with Communist-bloc countries.

After the tabling motion had been defeated, the Senate recessed until 1 p.m. today.

Until the fight broke out over the grain sale issue, the bill, slashed by \$87 million and so riddled with amendments that Kennedy voiced an angry protest at his news conference yesterday, appeared on the verge of final passage.

Kennedy charged that the cuts were denying him an essential foreign policy tool.

Mundt said his amendment, on file for days, had been prompted by Export-Import Bank plans to insure loans by American banks participating in financing the sale of \$6 million worth of surplus corn to Hungary.

Mundt, an opponent of the projected \$250-million wheat sale to the Soviet Union, said the Senate had to decide whether "we want to open up a program of extending foreign aid to Communist countries."

RESALE INTEREST

Industrial Plant Corp., has announced it is interested in reselling the division to someone who will continue manufacturing operations.

Meanwhile, a dismal picture of attempts to keep the plant open was given by Leonard Yocum, president of Local 125, United Rubber Workers.

Yocum said union members still on the job at the plant number about 400, with the dismissal total of 40 more workers.

He said layoffs and voluntary retirements have been a daily occurrence since plans to close the plant by Dec. 1 were announced last week by Baldwin-Montrose Chemical Co., the parent firm.

"HIGH SALES"

Yocum also disagreed with a statement by the company that it has suffered extensive losses.

Baldwin-Montrose reported no profits from operations of the division the past three years, plus a \$750,000 loss the first nine months of 1963.

News Flash

WASHINGTON (AP)—The Senate Finance Committee rejected today, by a 12-1 vote, a move to end its hearings on the House-passed \$11-billion tax cut bill.

Russ Aide Hits Back in Prof Arrest

MOSCOW (AP)—Deputy Foreign Minister Valerian Zorin tonight deplored Washington's postponement of U. S. Soviet cultural relations negotiations in an aftermath of the arrest of Prof. Frederick C. Barghorn on espionage charges.

"I do not understand how this single incident can color the whole range of Soviet-American relations," Zorin told Western newsmen at a meeting here. "I think it is a completely artificial link."

Zorin made the statement at a meeting marking the 30th anniversary of U. S. diplomatic recognition of the Soviet Union.

The U. S. Embassy boycotted the meeting in protest against Soviet authorities' refusal to give them consular access to the Yale University professor or additional information on the reasons for his arrest.

ZORIN SORRY

Zorin told reporters he was sorry American diplomats had not attended the meeting, which was presided over by Mrs. Khrushchev, wife of the Premier.

Zorin said he had been informed before the meeting that no embassy personnel would accept the invitation to the meeting.

"But I wish they had come," he added.

Asked what the next step would be in Barghorn's case, Zorin said: "I do not know. It is in the hands of the legal authorities."

Pontiac Press Photo

WHO'S FAILING?—Grant Failing is, but that's his name, not his condition. The amazingly alert gentleman at the Oakland County Medical Care Facility is 100 years old today, and although he hasn't a single relative, he has plenty of good friends around to help him celebrate.

Pontiac Press Photo

CITED BY OPTIMISTS—Pontiac Optimist Club found the recipient for their annual outstanding youth award yesterday in Pontiac Central High senior Tom Griesen (left). Tom, a Pontiac Press news carrier, received a plaque in connection with the club's observance of "Youth Appreciation Week" from Glenn Whitcraft, secretary-treasurer, during a luncheon meeting at Elks Temple.

GOP Stalls Its Selection for Clerk-Register Post

Entrance of another contender for appointment as county clerk-register has caused the county Republican executive committee to postpone until Monday consideration of its recommendations.

The new applicant is State Rep. William Hayward of Royal Oak.

Daniel T. Murphy resigned from the post last week to accept appointment as chairman of the County Board of Auditors.

Presiding Circuit Court Judge Stanton G. Dondoro said judges would meet to decide on an appointee as clerk-register before the end of next week.

NOT BOUND

Dondoro indicated, however, that while the judges would not ignore the GOP's recommendations, they would not be bound by them since their judicial posts are nonpartisan.

Meanwhile, Murphy may get a special temporary job as interim consultant deputy clerk at a \$13,500 salary. Having resigned to accept the \$19,000 auditors post beginning Jan. 1, Murphy is out of a job.

Since Murphy said he was still guiding the administration of the clerk-register's office as an adviser without pay, the board of supervisors' salaries committee voted 4-3 to give him the temporary post and restore the \$2,077 he would otherwise lose.

The board's ways and means committee must approve before it will take effect.

The GOP was to interview ap-

plicants and decide on its recommendations last night.

IN LANSING

But, Hayward was in Lansing for the House's showdown on Gov. George Romney's tax program and was not expected to be back in time to appear before the party's executive committee.

"The matter was postponed 'in all-fairness to Rep. Hayward,'" said GOP Executive Secretary Jack T. Slater Jr.

Another new face also entered the game while one of six previously in contention has withdrawn.

The new face belonged to Fred Morningstar, a Waterford accountant long active in the GOP.

PULLS OUT

Withdrawing his application was Robert C. Miller, former acting Pontiac postmaster.

He accepted a post as executive director of the GOP in Washington, D.C. He had been working for a Republican social club in Washington.

The others in contention are James Van Leuven, assistant director of the county's Juvenile Court and Milford Township justice; Circuit Court Assignment Clerk Louis E. Fairbrother; Deputy County Treasurer Theodore Koella; Huntington Woods Mayor David R. Calhoun; and Troy City Commissioner James F. Carey.

Judge Dondoro said he hoped to have a judges' meeting Monday to set a date for voting on the appointment and to decide on procedures.

He said it was not yet determined whether judges would join the county's seven Circuit Court judges in making the appointment.

It's Cool, Snowless for LP Deer Opener

(Continued from Page One) warning hunters that they should not touch any illegally killed deer. They say that hunters should notify an officer, giving location of the downed animal. Department field men will take care of the carcass.

Hunters were also advised by local residents and game experts that deer aren't using the hardwood reaches as much this year.

Poor acorn and beechnut crops have forced deer to move into the lowlands.

Many hunters watched runways along swamps this morning.

About 250,000 were in the woods today with another 150,000 expected by Sunday.

These lower Michigan hunting armies have been swelled by nimrods who failed to fill their licenses since the season opened in the western Upper Peninsula last Saturday.

Heads for Washington

SEOUL (AP)—Foreign Minister Kim Young-shik of South Korea leaves Seoul today on a trip to Washington, New York and Tokyo.

Kim told newsmen he would discuss "matters of mutual interest" with U.S. Secretary of State Dean Rusk, but he wouldn't elaborate.

Birmingham Area News

Cranbrook Diners Hear Endowment Information

BLOOMFIELD HILLS—If you are going to file for a joint tax return on a \$100,000 income this year, you could endow Cranbrook School with \$10,000 and it would cost you only \$2,800 under the present tax structure.

In 1964, the cost would be \$3,600 and in 1965 it would rise to \$4,000.

Corresponding figures for lower brackets were presented at a dinner last night for some 125 prospective leaders of Cranbrook School's development program.

However, the dinner was not a fund-raising affair. Rather, it was an attempt to illustrate where money can be used on the campus.

CHALLENGE GRANT

The three-year fund drive, in which the school will try to match a \$1.5 million challenge grant from Cranbrook Foundation, will begin early next year.

It will be the first such attempt in the history of the private institution founded by Mr. and Mrs. George G. Booth in 1899.

Plans for the school's "decade of development" to be financed with the \$3 million were outlined last night.

Receiving top priority is the elimination of deficit spending for operation of the school.

ANTICIPATE DEFICIT

Its directors anticipate a \$19,600 deficit this year, a \$171,300 deficit in 1971-72 and a total for the next nine years of \$723,000.

Figures used were based on the current enrollment of 386 boarding students and 175 day students, considered by Headmaster Harry D. Hoey to be "just about our maximum."

Hoey noted that the present tuition rates of \$2,500 for boarding students and \$1,400 for day cover about 80 per cent of the school's current expenses and should not be increased much more.

For the faculty, directors are seeking higher salaries and related benefits. Also proposed is additional housing for the 36 masters, 33 of whom are married.

ESTABLISH CHAIRS

The school would establish four endowed chairs for its faculty and encourage self-improvement in the form of leaves of absence for post-graduate study.

The enrichment of the co-curricular and extra-curricular programs through lectures, concerts and related activities is another goal.

Library and athletic facilities are among those marked for renovation and expansion. The school also hopes to add a language laboratory.

Hoey mentioned some of the academic attainments of the school which has seen all of its graduates for the last 10 years enter college.

STUDENTS HONORED

Cranbrook has graduated at least four Fulbright scholars, three Rhodes scholars and more than 100 others who received Phi Beta Kappa keys or similar honors.

Thirty-four of its students

Ministers End Hunger Strike in Dixie Jail

WILLIAMSTON, N.C. (AP)—Sheriff Raymond Rawls agreed to segregate the Martin County Jail today and 15 Northern white clergymen ended a two-meal hunger strike.

The ministers were jailed yesterday when they defied an injunction by leading an anti-segregation march.

The protestant clergymen refused last night's meal and breakfast this morning. Sheriff Rawls said some of the white ministers were placed in a cell with Negro ministers and some of the Negro ministers were transferred to the cell with the white clergymen.

After the cells were integrated, the white clergymen agreed to eat lunch. They were served sandwiches and fruit.

have qualified as National Merit Scholarship finalists since 1961.

Although it is relatively young, Cranbrook is beginning to rival the old Eastern schools and may be labeled the foremost preparatory school west of the Alleghenies, according to Martin S. Hayden, chairman of the school's board of directors.

He and Ray R. Eppert, vice chairman of the fund raising committee, defined the job to be undertaken by the group.

CHIEF APPEALS

They plan to make their chief appeals to alumni, parents of students and residents of the area.

Although the committee will not begin its work in earnest until the first of the year, contributions are now being accepted from those who want to take advantage of the tax break.

JFK: Tax Cut Needed Now!

(Continued From Page One)

when he said "The real right-to-work issue is the right to have a job."

This was an obvious reference to legislation by Goldwater, a potential GOP presidential contender, that would ban the union shop in all states that did not specifically permit it. In a union shop a worker must join the union.

Rockefeller yesterday won his only appreciable applause by opposing any move to write a federal right-to-work law into the 1964 Republican platform.

TVA ISSUE

Kennedy told another slam at Goldwater, and won heavy applause and laughter when he said, "I do not believe selling TVA is a program to put people to work."

Goldwater has proposed selling the government-owned Tennessee Valley Authority to private interests.

Kennedy said a "growing and buoyant and progressive economy" is essential, and asked for labor's help now, not next year.

He said the United States is the keystone in the arch of world freedom and that the nation must remain economically strong to support its obligations.

REFERS TO CUT

He said he could not understand, in reading Senate debates, why the Soviet Union is spending as much of its resources on the single island of Cuba as the United States is "in our own back yard of all South America."

"Will somebody explain that to me?" he asked.

Kennedy was apparently referring to demands in Congress for heavy cuts in foreign aid.

Kennedy received one of the frequent bursts of laughter from delegates when he said he had been elected by a "landslide," and that "it is possible you had something to do with that majority of 112,000 votes."

NATIONAL WEATHER—Generally fair weather will prevail tonight over the eastern half of the nation, with a few showers along the Pacific Coast and occasional rain in the lower sections of the north and central Rockies. There will be some snow in the higher elevations of that region. Cool weather will continue in the Northeast and along the Gulf Coast, with a slow rising trend in the Mississippi Valley and the Ohio and Tennessee valleys. Colder air will move into the northern Rockies and northern Plains.

African Refused Meal in Atlanta; Protest to U.S.

ATLANTA (AP)—The eviction of an African visitor from an Atlanta restaurant has been protested to the U.S. State Department.

Abu B. Magha Kamara of Freetown, Sierra Leone, was refused service with three companions earlier this week.

One of the group, Dr. R.C. Bell, a Negro dentist of Atlanta, said he sent a telegram to Secretary of State Dean Rusk on behalf of Kamara demanding an apology.

The group left the restaurant after they were refused service and went to another restaurant nearby where they were served without incident.

Liberia is about the size of Pennsylvania or Ohio.

15X Pilot Succeeds in 2 Rolling Turns

EDWARDS AFB, Calif. (AP)—U.S. Space Agency Pilot Joseph Engle put the X15 through two space rolling turns Thursday to test the rocket plane's stability at high speed, and his ability to handle it.

It was the second X15 flight for Engle, recently named re-

placement for astronaut candidate Neil Armstrong.

Engle held the speed to 3,300 miles an hour and the altitude to 80,000 feet. The X15 has reached 4,104 m.p.h. and 354,000 feet.

Nine states supply 50 percent of the nation's nurses.

Navy Pushes, McNamara Favors N-Power in Small Warships

WASHINGTON (AP)—Navy experts think realistic proposals for building a new nuclear-powered guided missile destroyer could be advanced within about two years.

Although he has rejected the Navy's bid for an expensive atomic-powered aircraft carrier, Secretary of Defense Robert S. McNamara appears to be more favorably inclined toward nuclear engines for smaller warships.

After the defense secretary testified before the Senate House Atomic Energy Committee Wednesday, he was quoted as predicting a good future for nuclear-propelled destroyers, frigates and other surface craft.

The Navy has urged atomic power for all fighting vessels heavier than 1,000 tons. This means carriers and frigates.

Guided missile destroyers weigh around 4,500 tons, and it is not considered feasible yet to install atomic engines in them.

But the swift advance of nuclear technology which prompted the Navy and Atomic Energy Commission to urge atomic propulsion for the new carrier also holds great promise for small ships.

In a nutshell, the cost and size of atomic engines for ships is coming down, and their efficiency is going up.

The Navy made a broad study of the question of atomic propulsion for future warships. That study has been kept secret.

However, it is known that one of the recommendations that grew out of the study suggested developing specific proposals for a nuclear guided-missile destroyer to be financed in the 1966 fiscal year which starts July 1, 1965.

The Navy experts calculated the costs of such craft over a 25-year peacetime period and found the difference in that span could come to about \$70-million when figured against oil-powered ships of the same type.

The nuclear-powered destroyer would cost about \$232.5 million and the conventional ship \$162.5 million over the quarter century.

These figures included the construction cost amortized, fuel, operations, maintenance, and the expense of training crews in operating nuclear ships.

U.N. Command Sees No Widespread Korea Action

SEOUL, Korea (AP) — The U.N. Command said today it believes a Communist ambush that killed a South Korean Army captain and wounded an American soldier in the demilitarized zone was an isolated incident.

The command said on the eve of a meeting with Communist North Korean military officials to protest the shooting that the rest of the 151-mile front between North and South Korea was quiet, with no indications of broad-scale activity along the dividing zone.

The North Koreans agreed to

meet Saturday with U.N. Command officials in the Panmunjom truce village to discuss a U.N. protest of the attack.

The U.N. Command notified the Communists of the patrol's mission. All eight men wore yellow arm bands identifying them as unarmed men on official busi-

ness. A spokesman said it was the first attack on such a mission since the Korean armistice 18 years ago.

South Korean troops recovered Hong's body today, and there was no indication that the Communists tried to interfere. He was seriously wounded in

the first burst of firing. The other members of the patrol fled back to the river to take cover. The Communists fired about 1,000 rounds over a four-hour period, pinning the men under the river bank.

They escaped when darkness fell.

The U.N. Command said the other members of the patrol were too exhausted to bring Hong with them.

Aldrich, hit in the thigh, escaped with the others. He was reported in good condition.

The American leader of the group, Lt. Col. Alphas R. Clark

of Leavenworth, Kan., was treated for shock and exposure. South Korean Defense Minister Kim Sung-eun called the ambush a "vicious act of murder." The Seoul newspaper Hankook Ilbo said in a dispatch from the front that there was no question that the Communists

were aware that the U.N. patrol was on authorized business. It said that when the shooting started, a South Korean soldier in the patrol shouted over a loudspeaker: "We are members of an inspection team. Stop firing."

The dispatch said the Communists continued firing and shouted back: "You have violated the armistice agreement. That is why we fire."

No Leads in Murders of Career Girls

NEW YORK (AP)—The victims were unlikely. The location was unlikely. The crime was unlikely.

Yet, on Aug. 28 in their fashionable \$250-a-month apartment, Janice Wylie and Emily Hoffert, two young career girls from well-to-do backgrounds, died beneath the slashing knives of a killer. In the frenzied attack, their slayer broke off the blades of two knives, flung them aside and got still a third from the kitchen of the 4-room apartment.

The killer took nothing. He left nothing behind. "There was nothing there that wasn't supposed to be there," one officer said. "There is nothing to check out."

SEEK 1 LEAD

Still, 24 detectives and some specialists work around the clock, continuing the routine checking which they hope will turn up a lead. A special telephone is manned 24 hours a day.

They have questioned 400 persons, talked with police in virtually every state and with Scotland Yard about knife crimes, evaluated more than 1,000 telephone calls, and taken the fingerprints of friends of the girls. Officers checked out known perverts of the type who make anonymous telephone calls to women, such as had bothered Miss Wylie, lead has emerged.

THREE GIRLS

Three girls shared the apartment. Miss Wylie, 21, daughter of television producer and writer Max Wylie; niece of novelist Philip Wylie; an aspiring actress; employed as an editorial assistant by Newsweek magazine, which has offered a \$10,000 reward.

Miss Hoffert, 23, daughter of Dr. Henry Hoffert, a Minneapolis surgeon; scheduled to begin teaching at Valley Stream in Long Island the next month; in the process of moving into another apartment with her former college roommate.

Patricia Tolles, 21, daughter of Dean Winton Tolles of Hamilton College, Clinton, N.Y.; an editorial assistant for Time magazine.

Police reconstructed the events at the third-floor apartment at 57 East 88th St., between Fifth and Madison Avenues.

LEAVES SCENE

Miss Hoffert left about 9:25 a.m., to return a car to a friend in the Riverdale section of the Bronx and pick up her own car.

4 More Found Sickened by Frozen Shrimp

MOUNT PLEASANT, Ia.—Four illnesses here, believed caused by contaminated frozen shrimp seized Wednesday in Detroit, were reported yesterday.

The illnesses, all in the same family, took place last Friday, Dr. E. J. Brenner of the Isabella County Health Department said. All four have recovered.

Brenner identified the four as Mr. and Mrs. Tony Mazzeo and their two children, 11 and 13. Mazzeo, a registered nurse at the Mount Pleasant state home and training school, said he gave first aid to his wife and children and treated himself.

Brenner said Mazzeo reported the family had eaten from a shrimp package which was part of a shipment which had been sent from Kansas City to Detroit.

Present charter of the United Nations consists of 111 articles.

She had borrowed the larger car to move some furniture to her new apartment.

Five minutes later, Miss Tolles left for work, leaving Miss Wylie asleep in the bedroom they shared. Miss Wylie had planned to go to Washington for the civil rights march that day, but changed her mind and agreed to work in place of another Newsweek employee, beginning at 1 p.m. She slept nude.

About 10 a.m. Miss Hoffert arrived in Riverdale, where she stayed for about an hour.

Sometime after her friends' departure, Miss Wylie apparently was awakened by the doorbell and apparently answered it in a raincoat. The raincoat was found by the entrance.

BODY FOUND

Her body, still nude but sexually unmoistened, was in Miss Hoffert's room, the nearest room from the front door. She lay across the wire of an electric radio-clock, stopped at 10:32.

No one remembers seeing Miss Hoffert return, but it may have been after 11:30 a.m. because of the distance from Riverdale.

The killer washed in the bathroom. No one remembers seeing a bloody or rumpled person in the area.

Newsweek called the apartment during the afternoon, without answer. The magazine also called Miss Wylie's parents and Miss Tolles at work, trying to find out why Miss Wylie had not come to the office.

CALLS FATHER

Miss Tolles came home about 6 p.m. and opened her front door to a disarray of overturned furniture. She saw the bloody bathroom and the stained knife there and called Miss Wylie's father.

He found the bodies in Miss

Hoffert's room, on the floor between the blood-drenched bed and the window.

Each had been struck with a soft drink bottle, Miss Wylie so hard as to crush her skull. Each had been slashed again and again about the neck and body. The two broken kitchen knives were there with the shattered soft drink bottle.

Strips of sheet bound the wrists and ankles of the victims. Other strips tied them together by the wrist, facing each other. Miss Hoffert fully clothed. There are explanations for all the fingerprints in the apartment except two: One on the bedroom dresser and one on the bathroom doorjamb and neither classifiable.

Police don't know whether the killer was a man or a woman, stranger or friend.

New Stamp in Norway

OSLOW, Norway (AP)—Four stamps will be issued in Norway next month on the centennial anniversary of the birth of painter Edvard Munch.

About three million U.S. adults never attended any kind of school.

Puerto Rico is one of the world's most densely populated at a rate of about an inch in farming areas.

Nature produces new top soil at a rate of about an inch in 500 years.

only 10¢ Each (in lots of 10) (10 for \$1) (20 for \$1.75)

Here's one of the most amazing flowers ever imported! As delicate as a willow or rose, this sensational MYSTERIA (Crocus Zonata) will grow and bloom to magnificent color! Its beauty absolutely without sun, soil, or water! Just put them on a table, bookshelf or window ledge—and in a few weeks, they will bloom with gorgeous big blossoms in every shade of blue from soft lilac to deep, royal purple. Tall 4 to 6" stems. Up to 4" flowers. In order of at least a dozen. SEND NO MONEY. On delivery pay \$1.00 per lot in bills or 3.00 for 30 bulbs, plus C.O.D. charges. We pay postage on original orders! Not 10¢ satisfied, we'll gladly return your purchase price—we don't even have to return the plants.

Security Flaws Cause Tighter Travel Limits on Reds

WASHINGTON (AP) — President Kennedy has pointed up two tough problems in protecting the nation's military bases against espionage or direct attack.

One problem is being countered by imposing tighter travel restrictions on Communist-bloc representatives who roam this country to gather technical data on missile and other military sites.

For the first time, the United States this week put certain areas of the country off limits to representatives of Soviet satellite nations, although travel by Russians has been restricted since 1956.

The other problem is more difficult, and Kennedy has said, perhaps can't be solved. This is the problem of defense against missile attack.

SECURITY PROBLEMS

The questions came up separately at Thursday's presidential news conference but each involved the basic issue of security.

On the first point, Kennedy said that "we have attempted to put some limitations on the travel of bloc military attaches, because we feel it is important to the security of the United States."

Kennedy's use of the word "attaches" indicates the new travel restrictions are aimed directly at them.

Military and commercial attaches are the trained, technical, experienced observers in any diplomatic mission, with peculiar skills usually not possessed by ambassadors, ministers, or counselors.

INSPECT MISSILE SITE

In one incident, two military attaches of a bloc nation are understood to have driven to the neighborhood of a missile site that was nearing the point of becoming operational. They

were equipped with telescopic cameras and, presumably, with electronic devices for recording and calibrating radio and radar frequencies. They accomplished their mission because there was no means of stopping them within the practical bounds of legality and diplomacy. At that time the area was not off limits to representatives of the satellite countries.

New Gambling Foil

Disappearing Paper

TRENTON, N.J. (AP) — Police have come across a new secret weapon being used by gamblers—a kind of paper that dissolves instantly in water.

Officers said they came across the paper in a gambling raid. At one place, a suspect allegedly dropped two sheets of paper into two buckets when the police arrived. Immediately, the pieces of paper were no more than a pale blue stain in the water.

Kennedy mentioned in his news conference only nuclear forces as the objective of espionage. But a wide variety of military installations have obvious interest for trained military attaches—big communications centers, naval anchorages, laboratories, atomic production plants.

The President was asked about Russia's recent "parade display of what the Soviets said were antimissile missiles capable of destroying any aerospace weapon.

Kennedy said no one has any doubt that the Russians have missiles like we do. The Army has claimed a number of Nike Zeus successes in intercepting ICBMs in tests.

SATURATION PROBLEM

But the problem isn't just having a missile that can knock down an ICBM, Kennedy said.

Rather, he said, it is the problem of saturation. This means a swarm of incoming objects, many of them decoys. Among the decoys—designed to confuse and foil radar detection and tracking—will be a real ICBM with a nuclear warhead.

The problem of devising a way to pick out the real missile is the tough one. And, as Kennedy said last summer, the problem of developing a defense against a missile may be beyond the United States and Russia.

If so, the next defense is attack, blasting the missile sites.

Nickel in Yugoslavia

BELGRADE, Yugoslavia (AP) — Nickel deposits have been discovered in the Goles Mountains in southern Yugoslavia, the paper Borba reports. Experts estimated the ore would produce 2,000 tons of nickel annually.

German to See Reds

BONN, Germany (AP) — Thomas Dehler, vice president of West Germany's Bundestag, leaves this week for a government-approved visit to Communist Czechoslovakia. Sources said he will discuss the possible exchange of trade missions.

Mamie Celebrates

Her 67th Birthday

GETTYSBURG, Pa. (AP) — Mrs. Dwight D. Eisenhower celebrated her 67th birthday Thursday.

The former first lady spent the day receiving telephone calls, telegrams, letters, cards and flowers.

Nationalist Infiltration

Guerrilla Activity Picks Up in China

TAIPEI (UP) — Nationalist Chinese guerrilla activities on the Chinese mainland have increased sharply during recent months and spread to parts of Red China that had been left almost untouched by previous such operations.

Unimpeachable sources said that in the five months from June to October, a total of 912 Nationalist agents slipped into Communist China by small boats, rafts, air drops and other stealthy means.

This compared with a 10-month total of only 873 Guerrillas sent into the mainland in landing parties from March through December 1962.

The sources outlined the progress of Nationalist guerrilla activities since last February, when top-ranking Nationalist intelligence sources revealed the first details of their mainland guerrilla activities in an exclusive interview with UPI President Mims Thomson.

FIRST OPERATION

The present guerrilla landings represent the first organized military operation against the Communist since the Chinese mainland fell in 1949.

The sources said the primary mission of the Nationalist guerrillas was to rally and organize local anti-Communist forces and to establish bases of operation for fresh agents to contact and work from.

Their work includes sabotage, espionage and coordination of independent anti-Communist movements. Some of the guerrillas stay on the mainland only a short time and withdraw after completing their missions.

The sources said that Whereas previous guerrilla operations had been concentrated in Kwangtung province of South China opposite Hong Kong, the recent wave of national activities was far more widespread.

FAR-RANGING

The latest wave of guerrilla operations has ranged from Heph province, in the extreme Northeast where the capital city of Peking is located, to the southeast part of Kwangtung.

In all, since March 1962, the Nationalists have sent a total of 1,785 guerrillas to the mainland, the sources said. The figures showed that for unexplained reasons there was a six-month lapse in guerrilla activities between January and June of this year.

The sources said the Chinese Communists mobilized more than 10,000 regular troops and hundreds of militiamen to track down a group of about 100 national agents in Kwangtung province last year.

Another group of only 26 Nationalists fought more than 4,000

Bandits Take \$107,000 From Venezuela Bank

CARACAS, Venezuela (AP) — Gunmen dressed in army uniforms staged a \$107,000 payroll holdup at Venezuela's National Agrarian Institute Thursday. Police said they suspected the bandits were pro-Communist terrorists.

The agrarian institute is the agency charged with carrying out the government's land reform program.

Brave Hunter Is Only Three

ALEXANDRIA, La. (AP) — David Lynn Johnson of the Otis community, armed with his gun and accompanied by his dog, told his mother Thursday he was going to hunt rabbits.

Mrs. Edward Johnson paid no attention. But 30 minutes later she noticed David was gone and telephoned the sheriff's department. Searchers found David

two miles from home. David, 3, hadn't bagged any rabbits. A toy gun isn't very effective.

Ex-Polish Consul Dies

SAN FRANCISCO (AP) — Dr. Wladyslaw Sokolowski, 71, former consul general of Poland in San Francisco, who signed the United Nations charter, died Tuesday. He remained in this country after the Communists took over Poland, and he became a citizen.

Tanganyika Visit Off

Russia Yields on U.N. Plan

Concession Ends Disarmament Stall

UNITED NATIONS, N.Y. (AP) — A sudden concession by the Soviet Union appeared today to clear the way for U.N. approval of a resolution to set up guide lines for disarmament negotiations in Geneva.

A go-between mission from the 47 nations sponsoring the resolution was hopeful the Russian compromise would win over the United States and break the deadlock that has held up action on the proposal for a week.

A U.S. delegation source said a reply would be issued today. U.S. delegates indicated privately the stalemate was broken by a Soviet offer to drop demands that sponsors eliminate reference to a 1961 U.S.-Soviet agreement on principles for arms negotiations.

This would bring to a virtual close the disarmament debate for this session of the General Assembly and turn the problem over to the Geneva negotiators.

NEAR VOTE

The U.N.'s main political committee, which handles disarmament proposals, was on the verge of a vote on a plan to make Latin America a nuclear-free zone and on an African proposal to set up a convention on banning nuclear weapons.

The Soviet Union finally gave ground last night after preventing committee action on the 47-nation draft with last minute amendments that touched off strong western opposition.

In return for Soviet agreement to the reference to the 1961 statement of principles, the negotiators made concessions of their own.

They accepted Soviet suggestions that they delete reference to "narrowing" differences in the Geneva negotiations and provisions for talks on preventing surprise attack and spread of nuclear weapons.

Junior Editors Quiz on PHYSICS

QUESTION: What is meant by water seeking its own level?

ANSWER: Water is a heavy liquid which flows downhill when it has the chance. Why does it do so? The drawing at upper left explains it.

The force of gravity attracts everything on earth's surface to the center of the earth; notice the arrows pointing in.

Water, all around the earth, is being pulled in the direction of these arrows. That's why the water in the beautiful falls Joe has been looking at goes spilling and pouring down, whenever it finds a place lower than its own level to spill into.

That's why the soda pop Joe is drinking is spilling down his thirsty throat. Running water goes on running until it reaches the end of the line, the ocean.

Of course, on the way down, water is trapped in places, such as lakes and ponds, where it lies still because it can't go any further down.

But in all such cases, water only stops flowing when it reaches the lowest possible spot, and this is what is meant by its seeking its own level.

FOR YOU TO DO: Check to see if you understand what a "center of gravity" is. Balance a pencil on your finger. Its center of gravity is where the balancing point is. Often a pencil is heavier at one end; then the center of gravity will be somewhat toward that end.

Science Quiz

By BOB BROWN
PROBLEM: Space between the molecules.

NEEDED: A small glass, a larger one, a wax marking pencil, some water and some rubbing alcohol.

DO THIS: Fill the smaller glass level full with water two times, and pour the water into the larger glass. Mark carefully on the glass where the surface comes.

Now fill the smaller glass once with the rubbing alcohol and once with water, and pour into the large glass. Be careful each time to fill the smaller glass to the same degree of fullness.

The surface will be below the mark, showing that the mixture does not take as much space as the water.

Why? The molecules of water and alcohol are not the same size, and so the smaller molecules can fit somewhat into the spaces between the larger ones. An experiment to demonstrate this: Pour equal volumes of marbles and sand into a container, and see how the sand fits into the spaces between the marbles.

A collection of these scientific puzzles is in book form under the name "Science Circus." It is in bookstores and libraries.

Enrollment Rise Seen

ANN ARBOR (AP) — The University of Michigan forecast in a report today its enrollment will reach 47,000 by 1975, an increase of 20,000 over present enrollment.

Boy Scout Troop for City's Retarded

Pontiac's first boy scout troop for the retarded was chartered last night.

Harlan Johnson, president of the North Oakland Association for Retarded Children, sponsors of Troop 1, received the charter from Edward Leland, scout executive for the Clinton Valley Council.

The presentation was made by the Boy Scouts of America office, 132 Franklin.

Troop 1 will meet each Tuesday at 7 p.m. at the Bethany Baptist Church, West Huron and Mark.

Faulty Wiring Causes

Fire Near Fowlerville

FOWLerville (AP) — Faulty wiring apparently was the cause of a \$70,000 fire yesterday at the Emerald Valley Turf Nursery Co. north of here, reports nursery manager Robert Damman.

Damman said firemen from the Fowlerville and Gregory fire departments successfully prevented the blaze from igniting some 9,000 gallons of fuel stored in a nearby building. There were no injuries reported.

Parting Shot Turns

Hunter Into Hunted

PEMBROKE, Ont. (AP) — Zigmund Smaginicki of Barry's Bay failed to appear in court Thursday to answer a traffic summons, but he sent an explanatory letter.

"Gentlemen," he wrote, "as to the summons I received, I'll not be able to be in court as I'll be gone hunting."

A second summons was ordered delivered by a policeman.

Italian Builders Settle

Long Labor Dispute

ROME (AP) — Employers and union representatives of one-million Italian building construction workers settled Thursday a months-old labor dispute that sometimes erupted into bloody rioting.

They agreed on a 10 per cent boost in wages and a 44-hour week instead of 48-hour work week. Wages vary for different categories of workers.

WAITING FOR SANTA?—Coco Puff, 8-month-old Chihuahua owned by Mrs. Beatrice Langlais of Columbus, Ohio, is one of the more than 1,000 dogs entered in the Central Ohio Kennel Club show and obedience trials. It's an all-breed show with proceeds going to the American Cancer Society.

World Ba'ath Leadership Ousts Iraq Party Chiefs

BEIRUT, Lebanon (AP)—The Ba'ath Socialist party's international Middle East leadership announced today it had taken control of Iraq.

The international party's command, headed by top Syrian and Iraqi Ba'ath leaders, ousted Ba'athists who tried to take over Iraq earlier this week and also declared the country's previous party leadership setup illegal.

The statement said elections would be held in Iraq within four months.

The declaration was issued by Iraqi Premier Ahmad Hassan El Bakr, Iraqi Defense Minister Saleh Mahdi Ammash, Syrian Premier Amin Hafez, Syrian Army Chief of Staff Gen. Salh Jidid and the party's founder and secretary general, Michel Aflak, a Syrian.

AWAITS WORD

The leader of the Iraqi party's extremist wing, Deputy Premier Ali Salem El Saadi, who had been deported to Spain by the party rebels, said Thursday night in Madrid that his supporters had regained control in Baghdad and had invited him to return. He said he would leave today, but instead he sent an emissary and waited in the Spanish capital for further word.

The 13-man international leadership of the Ba'ath party was elected last month at a secret congress in Damascus. It is made up of five Iraqis, four Syrians, two Jordanians and two Lebanese.

Bakr and Ammash hastily summoned the others to Bag-

dad Wednesday after the power struggle within the party brought a violent public reaction and an attack on the presidential palace in Baghdad by Iraqi air force jets.

Eight other leading Ba'athists who kicked out Saadi were shipped off to Lebanon in a dramatic turn of events (Thursday). Chief among them were former Foreign Minister Taleb Hussein Shebib and former Deputy Interior Minister Hazem Jawad. Saadi described them as moderates opposed to his extremist policy.

PRESIDENT TOO?

Reports were current that President Abdel Salam-Aref also was on the way out because he reportedly supported the Shebib-Jawad group.

Saadi said the power struggle resulted from his efforts to deprive Iraq's upper classes and feudal element of their traditional power and give it to the people. He said his group favors such measures as formation of a people's militia, a national student union, a workers' union and a peasants' union to control the nation.

'NO PLACE'

"The upper classes, the feudalists, the bourgeoisie have no place in such a society," he said.

Saadi said his opponents advocated a middle-of-the-road course that would give the upper classes too much power.

Asked whether the internal feud was likely to continue, Saadi replied: "Well, we are a revolutionary party and within such a group there are always struggles."

Finalists Chosen for Miss Holiday

ROCHESTER — Ten local beauties were to be notified to day that they are finalists in the Miss Holiday contest here.

They were picked from a field of 24 candidates at a qualifying tea Wednesday night.

The 10 are Cynthia Zarembo, Joan DeBaene, Karen-Elsie Judy Soule, Sharon Toussaint, Elizabeth Winborn, Lauren Koss, Georgianna Senniak, Sandy Cornelius and Faye Kirkpatrick.

They will make their first public appearance in the 12th annual Christmas Parade down Rochester's Main street at 2 p. m. Dec. 7.

PAGEANT COMPETITION
The second event of the day will be the Miss Holiday Pageant in which the girls will formally compete for the crown. It will be held in the senior high school lounge at 8 p. m.

During the pageant, the contestants will appear in bathing suits and long, formal gowns. They will be rated by a panel of out-of-town judges on poise, personality, beauty and figure.

Gifts will be awarded to the queen, who will also reign as Miss Rochester of 1964, and the other nine candidates. Contributed by local merchants and Patricia Stevens, a Finishing School in Detroit, the gifts are worth over \$500.

Climax of the preholiday celebration planned by the Rochester Area Chamber of Commerce will be the Coronation Ball that will follow the pageant.

ADMISSION BY TICKET
A ticket for general admission or reserved seat will admit the holder to both the Miss Holiday Pageant and the Coronation Ball.

The tickets are now on sale at Young's Men's Wear Inc.,

Shelby Home Gutted by Fire

\$5,600 in Damages to House, Furniture

SHELBY TOWNSHIP—A fire early yesterday gutted three rooms of the David Weltz home, 6885 Munroville, and caused an estimated \$5,600 in damages before it was brought under control.

The Shelby Township Fire Department received the call from a neighbor shortly after 9 a. m. Firemen arrived and found the house "completely in flames," according to Sgt. Wilbert Teise.

Two bedrooms and the living room were gutted and all the contents destroyed. Chief Clyde Schmidt estimated \$1,100 damage to contents and \$4,500 to the home.

The house was covered by insurance, but the contents were not, according to the chief. He said faulty wiring of an electric clock was suspected as the cause of the fire.

Weltz was at work at the Chrysler Corp. Plant, Sterling Township, when the fire struck. His daughter Georgiana, 17, was in school.

2 Contracts Awarded for Park Work

The Board of Commissioners of the Huron-Clinton Metropolitan Authority yesterday awarded two contracts totaling more than \$270,000 for work on Stony Creek Metropolitan Park.

The 3,500-acre site is under development between Rochester and Romeo and is expected to open for limited use next year.

Louis Garavaglia Contractors, Inc., of Warren was awarded a \$139,272 contract for construction of water mains and sanitary sewers at the park.

A \$134,000 contract for building of a well house and three sewage pumping stations at the recreational facility was awarded to Suggin, Inc., of Oak Park.

Contracts Awarded in Lake Orion

LAKE ORION — The school board has awarded contracts for construction of the 10-room addition to Carpenter Elementary School and purchase of \$2 million in bonds: approved in July.

Lawrence Markey Co.'s low bid of \$165,425 was accepted for the construction at Carpenter. A \$45,900 low bid by Lyons Plumbing and Heating, Romeo, won the firm the contract for mechanical work at the school.

Braun, Bosworth & Co. of Detroit, a selling group which includes Watling-Lerchen Co. of Pontiac, bid a low interest rate of 3.625 and was awarded the right to purchase the \$2 million in bonds.

District voters, okayed the funds, to be used for school expansion, by a narrow 11-vote margin in July. The major project to be financed by the bonds is a \$1.1-million junior high.

AWARD EXPECTED
Contract for this work is expected to be awarded in the next few months.

Construction of a passageway at Blanche Sims Elementary, also made possible by the bond issue, is already under way.

Brandon Cabdriver Killed in Accident

BRANDON TOWNSHIP — Horace A. Cornell, 58-year-old Checker Cab Co. driver, died yesterday after his cab smashed into the rear of a parked truck in Detroit.

Cornell, 3670 Seymour Lake, was dead on arrival at Detroit Receiving Hospital. The accident occurred on Michigan west of Trenton.

His body is at the C. F. Sherman Funeral Home in Ortonville.

Milford Masons Plan Past Masters Night

MILFORD — Annual Past Masters and Life Members Night will be observed tonight by Milford Lodge No. 165, F&AM.

Dinner will be served at 6:30 p. m. in the Masonic Temple. Work in the Master Mason degree will be conferred by the Past Masters.

Huron Board to Air Plans for Building

MILFORD—The Huron Valley Board of Education's proposed building program will be aired at a public meeting Monday night.

The 8 p. m. session will kick off a month of campaigning before the Dec. 12 vote on a \$2.2 million bond issue.

Plans to be outlined by the board members include construction of a new junior high school in Milford and additions to Highland Junior High and Milford High schools.

Monday night's meeting will be held at Brooks School, 1000 Hill, Highland Township.

Pontiac Press Photo

PROCLAMATION SIGNERS — Three of Oakland County's supervisors got together yesterday to proclaim Nov. 17-24 Retarded Children's Week in their townships. Reviewing the proclamation also signed by many other area officials are (from left) Edward Cheyz of White Lake; John C. Behard of West Bloomfield Township; and Thomas C. Tiley of Commerce Township.

Almont Miss Wed in Inlay City Rites

ALMONT — Sacred Heart Catholic Church, Inlay City, was the setting for a Nuptial Mass recently uniting Patricia Ann Dadds and John Albert Thompson.

Parents of the bride are Mr. and Mrs. Alpheus Dadds, 7294 Hollow Corner. The bridegroom is the son of Mr. and Mrs. Charles S. Thompson, 420 Welsboro, Walled Lake.

Wearing a floor-length gown of Chantilly lace featuring a tiered skirt that swept into a circular train, the bride carried a cascade of white carnations and pink rosebuds.

An all-pearl crown held her shoulder-length veil of filmy illusion.

MAID OF HONOR
Darlene Dadds was maid of honor for her sister, Bridesmaid.

Group Alters Meeting Time

Because of a long program, the Oakland County Council of Parents-Teacher Associations meeting Tuesday has been moved up from 8 to 7:45 p. m.

It will be held in the Oakland County Board of Education building, 1200 N. Telegraph.

Registration also will be moved ahead to 7:15 from 7:30.

NEWS OF THE AREA

Bicounty 4-H'ers Prepare for Session on Leadership

A group of 4-H'ers from Oakland and Macomb counties will work together tomorrow at a Junior Leadership School in Pontiac.

The day-long session, from 9:30 a. m. to 3:30 p. m., will be held in the "4-H Supervisors' Room" on the fourth floor of the building that now houses the extension office at 155 N. Saginaw.

It is across from Sears Roebuck & Co.

A month ago, 4-H'ers from Oakland County attended a district training workshop at Camp Kett, near Cadillac. A delegation from Macomb and several other counties were also present.

COOPERATIVE PLANNING
As a result of this cooperative venture, delegates, leaders and agents of the two counties planned tomorrow's workshop.

It is designed to make the learning situation more appealing to teen-agers in both counties, according to Ruth Montney, Oakland County 4-H agent.

Those from Oakland County attending the earlier session in the north were Sandi Moore and Karen Schoenberger of the Flying Fingers Club; Sandra Brooks of the Oakhill Club; Tim Phillips, Tom Middleton, and Ann Whims of the East Orion Club; and Leslie Carmean and Jedine Huff of the Ortonville Club.

Mrs. Lawrence Coppens, leader of the North Oakland Club, also went with the group, along with Alex Solley, Brandon Township supervisor and member of the Oakland County Supervisors Extension Committee.

SHARE EXPERIENCES
The county delegates are, in essence, "bringing home" their experiences to share them with other junior leaders.

Tom Middleton of Oakland County and Tim Whiting of Macomb will serve as cochairmen of the full day of intensive training.

Life Insurance Firm Forming in State

LANING (AP) — An Illinois group, supported by 19 Michigan investors has set out to raise \$6 million to form Michigan's fifth new life insurance company in four years.

The firm, to be called Alexander Hamilton Life Insurance Co., received approval yesterday from the State Corporation and Securities Commission to

offer 1.5 million common shares at \$4 a share. Investors already have put up \$620,000 for Class B stock of the firm. The offering of common shares is intended to net \$8.1 million.

Executive's Exec Dies

BALTIMORE, Md. (AP) — Charles R. Hook, 83, former president and chairman of the National Association of Manufacturers, died Thursday. He also was a former board chairman of Armco Steel Corp.

New Rumor of Mills on High Court

WASHINGTON (AP) — Rumors are flying again that Rep. Wilbur Mills is slated for an appointment to the Supreme Court — but denials are flying close behind.

Originally, the reports were that the Arkansas Democrat would receive the justice's robes out of President Kennedy's gratitude for Mills' pushing a tax reduction bill through his House Ways and Means Committee.

The new rumors have a different twist — keyed to Mills' opposition to another of Kennedy's pet plans, medical care for the aged through Social Security.

Asked about the outlook for the legislation, Kennedy triggered the reports by telling his news conference Thursday: "I think we are going to get that bill out of committee, not this year but next year. I think it will pass."

BILLS STUCK

The Kennedy medical care bill and its predecessors have

been stuck in the Ways and Means Committee for months. If anyone holds the key to committee action, it is Mills.

The latest unofficial count showed the committee divided at least 13 to 12, more likely 14 to 11, against the administration plan.

There have been rumors that Justice William O. Douglas or Hugo L. Black may be getting ready to retire.

Flying Squirrels Sure Keep Late Hours

Flying squirrels are seldom seen in the woods because they sleep during the day and hunt their food—small birds, insects, fruits, seeds and buds — at night.

In flight, with folds of skin between their front paws and hind-quarters acting as "wings," flying squirrels can glide more than 100 feet at from 15 to 20 miles an hour.

Construction researchers look for revolutionary changes in design and widespread engineering of all types of wood structures, including homes.

Garments Collected at Annual Guild Ingathering

There are never enough layettes for the Pontiac Branch, Needlework Guild of America, to supply the demand. Almost hidden by the mountain of diapers and other infant clothing are Mrs. Robert Isgrigg, Menominee

Road; Mrs. Bruce Hubbard, Ottawa Drive; and Mrs. Raymond Tubbs, Oneida Road. The annual Ingathering was held in the First Presbyterian Church Thursday.

Members of Amies Auxiliary contributed their usual quota of garments. From bottom to top at the left are Judy Bos, West Iroquois Road; Linda Leonard, North Edith Street; and Joyce

Livingstone, Lakewood Drive. At the right is Pontiac Central's AFS student, Telse Knudsen who lives with Judy Bos.

"We certainly do collect blankets and household linens at Ingathering time," Mrs. Owen Rindlusz, Nelson Street (right), seems to be saying. Helping her fold the blanket is Mrs. Irvin Humbough of Elizabeth Lake Road.

Women's Section

Mrs. Henline of Flint Discusses Far East

November guest speaker for Iota Eta chapter, Pi Omicron National Sorority, Inc., was Mrs. Annice Henline of Flint, a former Pontiac resident.

The group toured the Oakland County Society for Crip-

pled Children and Adults building on North Telegraph Road Thursday evening and will again contribute gifts for the children's Christmas party.

Mrs. Henline showed pictures of the Far East including Thailand, Saigon, Africa and South America, taken on her second trip around the world. In January, she will return to South America where she spent several years.

Final Plans Completed for Dinner

Final plans for the annual new member dinner were completed at the Tuesday evening meeting of Omega Mu Sigma sorority.

The dinner will be held Nov. 26 at the Alpine Inn. Mrs. Harold Clifford and Mrs. Merrill Petrie are co-chairmen of the event.

The meeting was held at the home of Mrs. Ray Peterson, Lincolnshire Street, with Mrs. Patrick Cullen as co-hostess.

Mrs. A. D. Esler, Mrs. William Katich, Mrs. Russell Gustavson and Mrs. John Guenther will be the committee to purchase food and clothing for the needy family the sorority has adopted for Christmas.

Keloa Names Party Dates

Two dates were announced at the Keloa Alumnae board of directors meeting this week.

The annual Christmas tea will be held Nov. 30 from 2-5 p.m. in the YMCA reception room.

The Keloa Auxiliary are presenting their annual "Sno Ball" Dec. 27, an event to which the alumnae group gives assistance.

Mrs. Eugene Carey, Mark Avenue, entertained the board.

Visits With Parents

John P. Wrenn has returned to Los Angeles, Calif. after a two-week vacation with his parents, Mr. and Mrs. Lewis Wrenn of Niagara Avenue.

Pontiac Man Weds Canadian

Announcement is made of the recent marriage of Eleanor Theresa Patronska of Windsor, Ont. to Raymond L. Watson of Pontiac, in the Central Christian Church.

Their parents are the late Mr. and Mrs. Wojciech Patronska of Rzesnow, Poland, and the late William Watsons of Pontiac and Kenston, N.C.

The couple, who are residing on South Josephine Avenue, were attended by Mr. and Mrs. Marvin Weber.

Chairmen Selected by Church Unit

Chairmen for the annual bazaar Dec. 5 from 10:30 a.m. to 9 p.m. sponsored by the Episcopal Churchwomen (ECW) of All Saints' Episcopal church have been named by guild presidents.

Guild chairmen for the bazaar include Mrs. Whitney Prall, Mrs. Harold A. Fitzgerald, Mrs. Lynn T. Davies, Mrs. Reuben V. Ellison, and Mrs. Raymond H. Reeves.

Others are Mrs. Harold Steinbaugh, Mrs. Robert E. Nienstedt, Mrs. Harry Morris, Mrs. Bruce G. MacDonald, Mrs. Robert Evans, Mrs. John McDonald, Mary Lou Austin and Helen Oldyski.

The appointments were announced at a recent meeting of the ECW.

Refusal of Present Ungracious

By The Emily Post Institute
Q: A friend and I decided not to exchange birthday presents this year and so when her birthday came along I merely sent her a card.

My birthday was yesterday and much to my surprise she came over with a present for me. When I reminded her of our agreement she said it was just a little something for past favors I had done for her.

I refused to accept it and I understand she is very hurt. I think she was wrong to have placed me in this embarrassing position and since she failed to live up to our agreement, I was perfectly right not to accept it. May I please have your opinion on this?

A: I think it was very unfair of her to ignore your agreement and if she wanted to give you a present for past favors she should have chosen another time to give it to you rather than on your birthday.

However, your refusing to accept her present was very ungracious and I'm not surprised she was hurt.

Q: Every year my husband and I have remembered his parents' wedding anniversary by sending them a present. His father died this past summer and I would like to know if we should send his mother something this year.

My husband wants to, but I don't think it is the right thing to do under the circumstances. What is your opinion on this?

A: I feel as you do that an anniversary present would be all wrong under the circumstances and only remind her more vividly of her sad loss.

Q: I am having a Sweet Sixteen party next month and would like each girl to bring a boy friend. Will you please tell me how to indicate this on the invitations?

A: Add at the bottom of the invitations, "You are welcome to bring a boy friend."

The Emily Post Institute booklet entitled, "Table Rules of Importance," describes how to eat spaghetti as well as other difficult foods.

To obtain a copy, send 10 cents in coin and a self-addressed stamped envelope to the Emily Post Institute, in care of The Pontiac Press.

The Emily Post Institute cannot answer personal mail, but all questions of general interest are answered in this column.

Needlework Ingathering Is a Happy Occasion

By JANET ODELL
Once again the basement of the First Presbyterian Church took on the appearance of a clothing store. Pontiac branch, Needlework Guild of America, held its annual Ingathering Thursday morning.

Everything was new—that's the rule. And everything came in pairs—that's also the rule. "One to wash and one to wear." The gift of a new article of clothing is a great morale builder to people who must accept even the basic necessities of life.

Recruiting members for Needlework Guild is easy. They are not required to attend meetings, pay dues or work on fund-raising projects. And for the directors and the presidents there are a minimum of meetings. All donate two garments or make a cash donation each year.

Although most of the clothing was store bought, women like Mrs. Owen Rindlusz and others made "little girls' dresses. There were hand knitted infant garments and crocheted slippers.

One table held blankets and household linens. This always

surprises some women who do not know that the guild collects such items for distribution.

Now that the Ingathering is over, the garments will be distributed through organizations like the Red Cross, Michigan Children's Aid and various hospitals.

An emergency fund is always ready to buy things like hoots or trousers whenever an organization requests them; this is available all year.

The Queen Mary section did their annual job of preparing cakes and pastries for the coffee table.

A former member of the group who now lives in Garland, Texas, visited her visit to Pontiac to coincide with the Ingathering. She is Mrs. Nelson Hill.

Officers of the organization who are continuing their terms are Mrs. Donald D. Bos, president; Mrs. William Brace, vice president; Mrs. Forest Wood, secretary; Mrs. Philip Francis, treasurer.

Distribution chairman Mrs.

Chauncey Burke is assisted by Mrs. John Livingstone and Mrs. John Gottschalk. Mrs. Mahlon Benson Jr. is the new chairman of purchasing.

Some 5,000 garments and \$300 - \$400 were collected Thursday.

By ABIGAIL VAN BUREN

'People and Plagues' Discussion Subject

"People and Plagues" was the topic of discussion of Dr. J. M. Dorsey of Birmingham as he spoke Wednesday evening to members of the Oakland County Medical Assistants Society.

Some 46 members and their guests were present for the dinner meeting at Bill's Northern Restaurant.

Newly elected president Mrs. Frederick R. Ford presided over the business meeting, where plans were announced for the annual Christ-

mas banquet at the Village Woman's Club Dec. 11 and the January fashion show at Sylvan Glen Inn.

Mrs. George Hermyon presented a report on her October trip to the American Association of Medical Assistants convention at Miami Beach, Fla.

New advisers for the group are Dr. F. A. Gaensbauer and Dr. J. E. Henderson of Pontiac and Dr. K. A. Stolpman, Dr. R. W. Dustin and Dr. T. Y. Watson of Birmingham.

I'm Really Not That Great

to a new neighborhood ten months ago and my wife still drives our 13-year-old son back to the old neighborhood to play with his friends.

There are plenty of nice kids his age in our neighborhood, but he refuses to make friends with any of them.

He stalked for three months after we moved, trying to punish his mother and me.

Then she gave in and started driving him back there five and six times a week.

I don't mind the gas or even the time my wife spends hauling the boy back and forth 16 miles round trip. I just think it's wrong, but I can't convince her.

She says she doesn't mind the drive and, besides, he is our only child and she wants him to have a "happy" childhood. Will you please try to get through to her?

JUST DAD
DEAR DAD: It's my guess that Mamma decided it was easier to drive Billy back to his pals than to put up with his whining, nagging and sulking.

It's the boy's loss, because one day he will have to face the challenge of meeting a new situation head-on, and adjusting to it.

Mamma would be smart to worry less about Billy's "happy" childhood, and concentrate more on his "happy" manhood, which is just around the corner.

DEAR ABBY: I am a GI serving in the Army very far from home. Why is it that I do not need my parents' consent to marry, but I need my commanding officer's consent?

He refused to give it to me, and if I go ahead and marry this girl (she is a Kopean) it will cost me my stripes.

I don't think this is fair. I love this girl. What should I do?

G.I. JACK
DEAR G.I.: Hang on to your stripes. You've got GI fever. If your temperature doesn't return to normal after you get home, write me another letter.

In the meantime, let your chaplain mediate.

Sportive Look Sleepwear

There is no escaping it. The sportive look is so solidly in fashion this season that you will even go to sleep in it.

A well known lounge and sleepwear manufacturer has resorted to the ski resorts for its pajamas and night gowns inspirations.

For example, an authentic Scandinavian sweater motif is centered on the pullover top of a pair of ski longer pajamas. Floor-length flannel night shirts are modeled after apres ski costumes.

Still, if going to bed in ski clothes has you dreaming you are freezing, you can warm up with an African safari sleep shirt teamed with boxer shorts and still be sportively stylish.

Virginia Girl Marries Marine

Announcement is made of the recent marriage of Brenda Joyce Curtis to Marine Pfc. Frederick Paul Eroh, son of Mr. and Mrs. Eldon P. Eroh of Auburndale Avenue.

The ceremony was performed by Rev. Robert Mobley in the First Baptist Church, Chase City, Va.

Parents of the bride are Mr. and Mrs. Edward P. Curtis of Richmond, Va.

Mr. Eroh was the son's best man at the wedding.

Jewel forecast for greater evenings ahead—glitter worn with a flourish. In this mood Laguna takes its new "Eclipse" crystal, the jewel that reverses from fiery sparkle to subtle glow, and combines it unexpectedly with a mass of fine shiny gilt chain for a dramatic bib. Destined to burn

brilliantly above a late-day décolletage, the bib can also be worn matte side outside as a jill in for an open throated suit or with a day dress. Resting lightly on the ears are huge jeweled flowers, each petal a crystal, while a band of matching flowers linked with stems of crystals wreathes the wrist.

'Dream' Seen by Church Unit

A skit titled "Mrs. Smith's Dream" was presented before the Woman's Society of Christian Service, Wednesday, in the Oakland Park Methodist Church. The Esther Circle served refreshments.

Taking part in the play were Mrs. Clayton Gillies, Mrs. Ray Combe, Mrs. Doris Brown and Mrs. Fay Wagner. Mrs. Norman Troy was a guest of the group.

Women's Group Selects New Slate

New officers were elected at a schoolgirl luncheon and business meeting of the Past Noble Grands of Pontiac Rebekah Lodge No. 430 Thursday at the home of Mrs. Walter Goodrich.

Heading the group will be Mrs. Florence McCrae as president. Assisting Mrs. McCrae will be Mrs. Katherine Warner, vice president; Mrs. Garry Ritter, secretary; and Mrs. Howard Smith, treasurer.

Pontiac Press Photo

Mrs. I. Joseph Davis Jr., Jefferson Street (left), presented a Russian doll to Waterford Center School at the PTA meeting last night. PTA president Mrs. James R. Peiprin, Pontiac Lake Road, accepted the doll after Mrs. Davis' speech on her recent tour of the Soviet Union.

SPADEA DESIGNER PATTERN

Ceil Chapman

N1047

Come alive after five, and make every inch as feminine as can be. Ceil Chapman suggests sweeps of soft folds that dip and drape in all the right places.

The original was made in lightweight matte jersey, but crepe or chiffon would also do well.

To select your correct size, use Spadea's exclusive ready-to-wear size chart.

Size 12 requires 3/4 yards of 42 inch fabric for dress and 1 1/4 yards of 42" fabric for lining. To order Pattern No. N-1047, state size, send \$1.00. Add 25 cents for first class mail and special handling.

Pattern Books Nos. 20, 21, 22, 23, 24, 25 and revised Duchess of Windsor are available for 50 cents each or any 3 for \$1.25 or all 7 for \$3.00. Add 10 cents postage for each book. Ceil Chapman silk woven label available for \$1.00. Address SPADEA, Box 553, Dept. P-6, New York 1, N. Y.

Sorority Presents 'Treasure' Program

Members of Xi Beta Beta chapter of Beta Sigma Phi sorority presented a program

of "Treasures from our Homes" at Tuesday's meeting in the home of Mrs. E. L. Sturdy on Starr Avenue.

An English, damask tablecloth loomed in 1861 featured a cathedral design. Pearl-handled fruit knives, also from England, were displayed along with Philippine mahogany figurines and novelties from foreign lands.

City Council of Beta Sigma Phi will sponsor a tea for the membership, Nov. 24 in the club rooms of First Federal Savings of Oakland.

Mrs. Clarence Ball, vice president, announced a pledge ritual, Nov. 26, in the home of Mrs. William Long on Island Park Drive.

Guests for the evening were Mrs. Don Griffin and Alice Jackson.

Area of the East Indies is three times that of Texas.

Local Co-Ed Will Present 'Dumb Waiter'

Susan Allman of Birmingham is student director for Pinter's "The Dumb Waiter" being presented tonight at Randolph Macon Woman's College, Lynchburg, Va.

She is a freshman and daughter of the John M. Allmans.

The college's Sock and Buskin Drama Club will also produce Genet's "The Maids" and Ionesco's "The Chairs."

The three avant-garde plays, contemporary and unconventional, are mixed with humor, tragedy and unusual theatrical devices.

So Face Up to It

Some Things Just Can't Be Controlled

By MRS. MURIEL LAWRENCE
Newspaper Enterprise Assn.

There was once a horribly misdirected child.

You remember the poem about him. He was the boy who "stood on the burning deck whence all but him had fled," until his flaming ship and the seas engulfed him.

He actually existed. His name was Giacomo Casabianca, and the Victorians in whose day he was celebrated were so delighted with his notion of honor that one of their lady poets wrote about him.

But then it would have delighted the Victorians, wouldn't it?

To acquire their empire, they were busily engaged in getting themselves killed by angry natives all over the world; and 13-year-old Casabianca's refusal to accept defeat by his impos-

sible situation was encouragement to their own glorious dying.

He was a pretty arrogant child. His outrageous demands on himself may shed some light on the youngster of whom a mother writes:

"My 5-year-old boy loses his temper whenever he can't do something. Last night the sleeves of his pajamas got twisted.

He got so angry he tore the pajamas. He is like this whenever things go wrong for him.

If he loses a piece of soap in the tub and can't find it right away, he gets angry . . ."

Nothing must be allowed to defeat him either, eh? O.K. What kind of grand demands do you make on yourself?

Do you feel impatience when a fuse blows? You can't control

its decision to blow, you know. Do you become angry when this child of yours refuses immediate obedience?

He can become involved in interests of his own, you know. Do you feel depressed when you sense you've got a cold coming on? Imperfect human flesh is susceptible to infection, you know.

So what I'm asking is whether you take the limits of your powers calmly or resist any defeat by circumstances?

Because a baby's every want is immediately served, it is very easy for him, as he grows, to acquire the glorious notion that he should be able to control all his circumstances.

If he is raised by parents who share the notion with him he will know it — and inevitably throw tantrums.

But if his mother is clearly aware of the limits placed on her powers, they don't scare her.

She says placidly, "Oh, stop fussing. Nobody can do everything. Here, let me help you with those sleeves . . ."

There's nothing heroic in refusing to know when we're ticked.

Let Social Security Cover That Vacation

By MARY FEELEY
Consultant in
Money Management

Dear Miss Feeley: We are having trouble with our budget and we need help. My husband is retired. We have time to travel but no funds.

We have a monthly income of \$395, after taxes. In addition, we have Social Security incomes — mine is \$38.90 and my husband's is \$110.80. If possible we do not wish to budget these items.

We have no outstanding bills. Our monthly budget right now, including mortgage payments, county and city taxes, insurance, a part-time maid, and a car adds up to exactly \$394.90. There's nothing to allow for vacation and savings. Mrs. L. A. B. Maxton, N. C.

MARY FEELEY

Dear Mrs. B.: What in the world are you "freezing" those Social Security incomes for? The reason you earned that money and saved it — and you did, you know — is so you could have it to spend when you needed it. If you had put it into a savings account at the bank all

these years, you'd be able to think of it as a wonderful travel fund, money to enjoy now that you have the time to use it!

If you didn't have that extra income of \$395 after taxes, I could understand you'd have a problem. But you seem to be getting along on the \$395. Since, as you say, the only categories that are not provided for are vacations and savings — why aren't those Social Security incomes the answer?

People with a sense of thrift get the savings habit. Putting money aside becomes almost a compulsive instinct. Of course, there's no better one — up to a point. But it seems to me you and your husband have reached that point:

TIME TO RELAX

The time has come to relax a little and spend a little. Your future is provided for, even though you may have to cut corners to live as you'd like to live on the amount. So any surplus over and above your living expenses can certainly be devoted to recreation.

If you'll feel more secure for emergencies, then save your \$36.90, and let your husband's \$110.80 a month take you to the place you want to go.

Dear Miss Feeley: We would like some facts and figures on

automobile travel. If members of two families are taking a coast-to-coast trip together, should the car owner receive anything for depreciation of the car or unforeseen expenses? If there is only one member in one family and three in the other, should expenses be divided equally — if one of them is a child or teenager?

Mrs. M. S., Rochester, N. Y.

Dear Mrs. S.: Dividing the car costs evenly should prove the simplest solution. If the child is old enough to occupy a seat, he's old enough to be a paying customer. The parents of the child — or teenager — would naturally add that share to their own.

The cost of gas and oil will depend, of course, on the kind of car being driven and the condition it's in. An estimate is 8 cents a mile — which does not include depreciation. As to who gets stuck with unforeseen expenses, well, I'd say that depends on a number of things.

For instance, does the car owner plan to make the trip anyway? Can he be depended on to have a thorough mechanical car check in advance? How old is the car, and what shape are the tires in?

In other words, if the expenses that come up en route couldn't have been avoided by the car owner, if this is strictly a pleasure jaunt arranged by both families, and the expenses aren't unduly high, then it would seem fair to me that they be shared by all.

But if repairs are major ones, due to age or condition of the car, then the owner should feel responsible.

Trying to figure out the exact car depreciation figure involved in this trip is apt to give you a

'No Universal Cure for Skin Ailments'

The treatment of acne is usually tailored for each individual patient, because there is no universal cure, says a dermatologist at The University of Michigan Medical Center in Ann Arbor.

In a report to the annual Oiler-Pemberton medical meeting, Dr. A. C. Curtis urges physicians not to be little acne "as just part of the growing-up process."

He says there are at least four major gradations of the disease, ranging from simple blackheads to widespread skin infections and scarring. "Acne usually occurs during adolescence: an age when the individual's personal appearance is of utmost importance, and it can have a shattering effect on his efforts toward personal and social

adjustment," Dr. Curtis explains. "Often he needs every medical aid we can give him."

"The oily face, back and chest; the clogged hair and dandruff associated with acne, are all due to hormone stimulation of the oil glands. During puberty these increase greatly in size and secretion."

Dr. Curtis recommended physicians explain the basic known facts to their acne patients:

—That there is no quick and easy path to improvement.

—That successful treatment hinges on the patient's faithfulness in carrying out his doctor's orders.

—That strenuous physical activity or emotional excitement can cause the disease to flare up.

—And that any "trauma," such as squeezing the lesions, might inflame them and make the condition worse.

Medical treatment for acne varies greatly among different patients, said the U.M.C. doctor. Among the methods which may be prescribed to control certain types of the disorders are: frequent washing with soap and water; medicinally drying the skin with lotions of sulfur and other chemical agents; the use of antibiotics, hot compresses of sulfurated solutions; and physical removal of the lesions by incision and drainage.

Other methods sometimes employed involve hormone therapy, special diets, antibacterial controls and physical therapy, he reported.

Feature Japan at Association Dinner Meeting

A program on Japan highlighted a dinner meeting for Land-O-Lake chapter, American Business Women's Association, Tuesday, in Airway Lakes.

Ralph Kopprine, Pontiac Central High School senior, narrated slides of the Japanese way of life from the student's viewpoint. Ralph was sponsored by the American Field Service as an exchange student last summer in Tokyo.

Guests for the evening were Mrs. Arthur Hazelwood, Diane King and, LeBarney Foust. The meeting closed with a white elephant auction.

'Sole-Mates' for Studying

Popular dormitory socks for the stud who likes to study on her stomach on the floor (not recommended but done) are solemates.

On each foot of the short white wool socks is the painted face of boy and girl, respectively.

Dear Miss Feeley: You were talking about savings accounts in your column, and I'm wondering which would be the best and safest way to make your money earn more over a period of years.

Would it be best to put the money in an insured place and earn less interest — or to earn more interest in an uninsured place? My husband and I have been debating this for some time now.

Mrs. O. T. W., Van Wert, Ohio

Dear Mrs. W.: If you come up with a surefire answer, let me know.

Seriously, Mrs. W., resign yourself to the fact that you aren't going to find a long shot that's a sure bet. They don't come that way. The law of averages, where investing money is concerned is in favor of the "safe place" that earns less interest.

The Floyd Clarks of East Boulevard South announce the engagement of her daughter Lois Kay Thomas to James Leon Thomas, son of Mr. and Mrs. Herman J. Thomas of Keego Harbor. A Jan. 18 wedding is planned.

82 N. Saginaw St.

With Thanksgiving a time of gratitude for the plenty which is ours, let your holiday table gleam with the signs of fall harvest! Gourds, pumpkins, corn, leaves, stalks of wheat take on a significant glow when all are spray enameled. The symbols of harvest grouped in the centerpiece above are all spray enameled metallic gold, with a large gold candle added, to bring elegance to a holiday table outfitted

with crisp white linens. For sit-down dinners, gourds become placecards by writing names with brush-on enamels. The centerpiece is equally suitable for a buffet, since it can be arranged any way to fit your table. For a more informal setting, spray enamel the table decorations "brighter than nature" colors—tones of yellow, red, orange, brown.

She Has Phobia of Germs

Lady Macbeth Complex

By DR. GEORGE W. CRANE
CASE Q-467: Martha G., aged 44, is a very dramatic case.

"Dr. Crane," her husband began, "Martha has an intense phobia of germs."

"It began in the past year. She now makes life miserable for herself and all the rest of the family."

"For example, she will not even let us enter the house until we take off our shoes, for she fears we will contaminate the house."

"If a delivery boy sets foot on the kitchen linoleum, then she goes almost berserk."

"For she will scrub the floor where he walked and then go over it again with disinfectant."

"If strangers come for a visit, then she tries to wipe the upholstered furniture where they sat, using detergents and even rubbing alcohol."

"She also washes her own hands so incessantly that they are raw and bleeding. What is wrong with Martha? Is she going insane?"

LADY MACBETH COMPLEX
Martha is simply a classical case of what we psychiatrists call the "Lady MacBeth Complex."

You Shakespeare students will recall that Lady MacBeth schemed to produce a murder.

Although she did not actually do the killing, she later thought she saw drops of blood on her hands.

So she became a victim of the excessive handwashing mania.

Martha shows the similar fear of contamination, though

she hasn't committed any murder.

But Martha has a secret guilt complex that makes her feel her hands are polluted.

So she washes them literally dozens of times per day until they are chapped and bleeding.

"But, Dr. Crane," she later protested, "I just feel such a terrible urge to wash them over-and-over, that I can't stop, even though they bleed."

What do you readers think has made Martha so fearful of germs and finger pollution?

Martha had been urged to undergo shock treatment as a final means of fogging her mind so she would forget her dread of germs.

NOT CURATIVE

But such shock treatment would not be curative. It would be much like taking aspirin for a headache due to astigmatism.

The real cure of that headache would be properly fitted eye glasses, for the aspirin would simply mask the pain temporarily but not cure its original cause.

In similar fashion, a great deal of shock treatment is being used today which could be eliminated if the basic causes of the patients' troubles were dug up via psychoanalysis.

Although germs are real things, they are usually not a

cause for the excessive hand-washing in which Martha indulges.

Send for the booklet "How to Eliminate Menopausal Problems," enclosing a long stamped, return envelope, plus 20 cents.

(Always write to Dr. Crane in care of The Pontiac Press, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

There is one street car, gas, every 1,500 persons in the United States.

Sonja Still Likes to Skate but 'It's So Cold on the Ice'

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD—"I still like to skate, but"—Sonja Henie shuddered—"It's so cold out there on that ice."
The world's most famous ice skater was explaining why she devotes little time to the sport that brought her movie stardom and a sizable fortune.
"It's hard to find a rink to practice," said Henie, still pert and petite. "The only place I can find here is in the valley, and I have to go in the morning, when the public isn't using the rink. Then the ice has been sitting all night, and oh, it's cold."
"I don't like to be cold. And it takes me at least six weeks of hard work every day to get back in skating trim. I don't want work that hard any more. I'll never make another tour. To make the investment

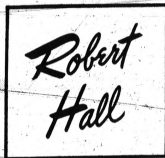

pay off, I would have to stay on the road for six months—and why?"
"I still skate when I go to Switzerland. And I might get back in training for a television show. But otherwise no. I've got too many other things that keep me busy."
MODERN PAINTINGS
Her major project is assembling some \$2 million worth of modern paintings which she and her husband, shipping tycoon Niels Onstad, have shipped from their Oslo home.
The paintings, as well as her collection of skating trophies, will be on public view next weekend as a benefit for heart research. Eventually they will return to Norway and a museum that the Onstads are establishing.

They spend five or six months here each year, a couple of months in Oslo and the rest of the time traveling. Contrary to opinion in the trade, business matters do not occupy her much.
"I'm supposed to be smart about business, but I don't care

much about it," claimed the star who was once dubbed Little Miss Moneybags. "I have investments, but they run themselves."
FEW MOVIES
Sonja sees few movies nowadays, except the old ones on television.
"The glamor seems to have gone," she said, "but then, so many have died. Gary Cooper, who lived a couple of houses up the street. Clark Gable—I stayed with him and Kay the weekend before he went to Reno for that last picture. Ty Power and so many others."
Were those golden days of Hollywood really as golden as they seem in retrospect?
"Yes, except for the work," she said. "I had to get up at 5 and 6 in the morning to be ready to shoot at 9—and during the war we started at 8."

PONTIAC, MICHIGAN.

READY FOR STAGE—Waterford Township High School's dramatics club will present "The Curious Savage" tonight and tomorrow night. Rehearsing their parts are (from left) Ed Pontney, Carolyn Hall, Helen Carrie, and Sherri Townsend.

Waterford High Dramatists Stage 'The Curious Savage'

By MARY BARNINGHAM
Waterford Township High School's dramatics club will present "The Curious Savage," a comedy in three acts, tonight and tomorrow at 8 p. m. in the gym.

Mrs. Savage, played by Helen Carrie, is committed to an insane asylum by her children because she used her money to establish a memorial fund for her husband.

The cast includes—Sherri Townsend as Fairy May, Gary Longacre as Jeffrey, Donald Bruce as Hannibal, Jean Priestley as Florence, and Mary Burrell as Mrs. Paddy.

Dr. Emmett is portrayed by Michael Strickland, Miss Lillie by Rosann Baldwin, Lily Belle by Carolyn Hall, Samuel by Edward Pontney and Titus by James Walsh.

Stage manager and assistant director are Craig Heichel and Sharon Garven, respectively.

WATERLOG WEEK
During Waterlog week, Nov. 18-22, first and second year journalism students will be taking orders for yearbooks in homes.

The art department, as a part of their class work, will make posters and displays for the Waterlog campaign.

Senior Richard Morgan received a letter of commendation for outstanding performance on the National Merit Scholarship qualifying test given last spring.

Letters of commendation are awarded to those students who

did not quite reach the status of semi-finalists. The Merit Corporation sends names and test scores of commended students to the two colleges they indicated as their preference.

Pace at Northern Quickens in Strong Intercity Rivalry

By SUSAN KILLEN
As the deadline fast approached for tonight's intercity football game, the pace at Pontiac Northern High School increased. Signs have appeared throughout the school, made by the pep club, encouraging the team to victory.

Pep club officers this year include Darlene Garchew; president; Peggy Reeve, vice president; Sharon Norberg, secretary; and Mary Ellen Hill, treasurer.

The pep club will also have charge of the programs at the game, and the PNH varsity club will have a concession of foods.

A pep assembly was held to

day for the entire school. The cheerleaders led the school in several cheers, and special recognition was awarded the football coach and his team for their efforts this year.

WINS AWARD
Mary Ellen Hill has been named Pontiac Northern's winner of the Daughters of the American Revolution Good Citizen Award.

The PNH bowling club is now in progress. The group bowls every Monday night after school at the 300 Bowl.

High individual scores to date are Ted Bahajia with a 216 score and Bonnie Harris with a 164.

The ski club elected its officers this week. They are Linda Theise, president; William Dodge, vice president; Becky Beatty, secretary - treasurer.

INSIGNIAS, PARTY
Group dues of \$1.50 are used to purchase insignias for the students' ski jackets and to pay for a party at the end of the season.

Troy High Hosts U.-M.

Accreditation Bureau

The University of Michigan Accreditation Bureau was present at Troy High School this week to examine the school.

National Honor Society members acted as guides. Guests attended classes and interviewed students in the halls.

BHHS Offers Rec Activities

Program Supplements
the Regular Events

By TERRY SEIBERT
To supplement the regular Hills High School recreation program, the Bloomfield Hills Recreation Department offers 10 different recreational activities to students.

The program includes bowling, fencing, basketball, wrestling, weight lifting, skiing and canoeing in first aid and slide rule. Skating and ice hockey will be added to the list of activities next month.

The activities take place after school and on Saturday and were coordinated by Edwin Wichert, the school system's recreation director.

Five BHHS students have been selected to tour South America next summer with the Michigan Chorus.

THOSE INCLUDED
The students include Jeffery Keith, Charles Leffler, John McKenzie, Sara Peterson and Owen Pinkerman.

Students were chosen on the basis of personality interviews and music tests. Of the 650 entrants from 40 Michigan high schools, 66 students were selected to perform in the Chorus.

Members of the two girls' field hockey teams participated in a Detroit private school play day recently at Kingswood School.

FIELD HOCKEY

The play day was held for the purpose of selecting an all league field hockey team, composed of outstanding players from private schools.

Four BHHS girls named to the league team include Margerie Bravner, Amy Commins, Susan Conwell and Sharon Goodman.

Cheer-Block to Appear

Central Ready for Big Game

By DIANE OLSEN

Tonight Pontiac Central High School will play its last football game of the season, with cross-city rival Pontiac Northern.

Central's cheer-block, the first in the state, will appear at the game. Organized to cheer at basketball games, the club will journey to Grosse Pointe for the first game.

Under the direction of physical education teachers Dorothy Worthman and Mary McKim and assistant principal Donald McMillen, the cheer-block has purchased orange and black blouses with which to form various letters.

Other extracurricular activities at Central include a bowling club, sponsored by mathematics instructor Michael Andonian. Twelve teams bowl after school on Wednesdays. Club president is John Casper; vice president, Olga Bogdanov; and secretary, Barbara Bomer.

The cheerleaders, under Mrs. Charles Smith of the art department, will attend a cheerleading clinic at Waterford Kettering High School Nov. 23.

This year's student council, under Donald McMillen, is operating under a national theme of better racial relations in the school.

Also under discussion are methods to lessen PCH-PNH frictions.

Pontiac Press Photo

ALL WRAPPED UP — Bloomfield Hills High School student Eileen Sacra studies how to properly bandage a head. The recreation

department is offering first aid with a number of courses to the students. The patient young gentleman behind the bandages is Greg May.

ST. FREDERICK

By KATHY CARRY
The first quarter honor roll was posted today at St. Frederick High School.

Freshman honor students include Timothy Hall, Steven Hamilton, Lawrence Mason, Thomas Quarles, Peter Miller, and Gregory Gallagher.

Sophomores include Margaret Fitzgerald, Ernestine Moore, Marilyn Hiller, Santa Pavlinac, Darryle Swanson, Mary Lou Manion, Mary Smith and Nancy St. Clair.

Seniors who made the honor roll include Frank O'Neil, Mike Vosburg, Janis Quarles, Candice Lease, Mary Lou Tyrrell, Sharon Fitzgerald, Kathleen Kalush, Mary Webster, Patricia Yarnold, Mike Dean and Larry Walters.

SENIORS

Seniors were Sandra Crake, Linda Novotny, Robert Peoples and Barbara Staskiewicz.

The coveted Optimist Award was given this year to St. Frederick student Robert Peoples. He was chosen for his athletic ability, scholastic achievements and citizenship.

ST. MICHAEL

By MICHAEL OMANS
Report cards were given out to St. Michael High School students this week.

Making the honor roll were seniors Paula Ashbaugh, Janice Bauer, Sheryl LaFond, Patricia Lamphere, Nancy Rindusz, and Shirley West.

Others were Patrick Glynn, Leon Hairapetian, George Henry, George Lavoie, Gregory Magerman, John Wargle, Richard Steinhelper and Michael Solomon.

Seniors on the honor roll included Eileen Clark, Evelyn Daugherty, Susan Greek, Carol Haddad, Kathleen Harbert, Sara Raymond, John Cosgrove, Herve Lavoie, David Martin, Thomas Mullen, Lynn Steinhelper and James Stickle.

Sophomores were Mary Casabon, Margaret Finnigan, Bobette Roselli, Suzanne Wilson, Larry Bieri, William Blackerby and Thomas Patch.

Concluding the list are freshmen Mary Bassett, Lynn Bauer, Dianne Campbell, Jean Laviska,

Thomas Detmer and Roger Magerman.

MILFORD

By BOB GORSLINE
Dar Roa, noted speaker on youth problems, will appear before the Milford High School student body Wednesday. His appearance is being sponsored by the student council.

Members of the MHS debate team, sponsored by Linda Beatty of the English department, will meet their first Wayne-Oakland County League opposition, Brighton, Nov. 26.

BRANDON

By CARMEN SUE MILLER
A tour of the Pontiac Press building was taken yesterday by the journalism class of Brandon High School.

Preparation is now under way for the yearbook. Staff positions

were announced recently by the adviser, Bradley Stephan. Marilyn Denton will be editor in chief.

LAKE ORION

By NANCY GREENHILL
At Lake Orion Community High School the yearbook staff is beginning to organize. Sharon Post has been appointed editor with Joan Smith as business manager.

The future teachers club held formal initiation ceremonies this week. New president this year is Nancy Hodges.

The Thespians are putting the finishing touches on their play "Jack and the Giant" which is to be staged tomorrow morning at Blanche Sims elementary school.

Carl Spears and Emily Batinski have the lead roles.

Pastor Welcomed by Lady of Lakes

By LYNNE SPRINGER

The student body of Our Lady of the Lakes High School held a special assembly this afternoon to welcome back their pastor, Rev. F. J. Delaney, from his world trip.

Included in Father Delaney's trip were visits to Egypt, Ireland, England, Greece, Turkey, Israel, Tokyo, Japan, Hong Kong, China, Hawaii and San Francisco. He showed some of the slides he took while on the trip and told the highlights of his itinerary.

Varsity and junior varsity cheer leaders presented a few skills which Father Delaney had missed at the homecoming pep rally.

The senior class will sponsor a sock hop tonight from 8 to 11:30 p. m. in the school gym. The public is invited.

HONOR ROLL

Students listed on the honor roll were Wes Borys, Mary LaBrie and Marie Steele, seniors; Kathy LaForge, Nancy McCulloch, Lynne Springer, Donna Stach and Jeanette St. Louis, juniors; Sue Livingston, Elvie Mauro, Sandra Schroff, John Shaugnessy, Storm Slavin and Sandra Smith, sophomores; Dennis Brosseau, Catherine Chad, Gerald Harrington, Karen Hartman, George Lee, Connie Mayworm, David Schang and Cesar Weston, freshmen.

This week, a guest speaker, Bert Fetting, a counselor at Madison Junior High School, spoke on the "Importance of Guidance in Counseling" and "Effects of Public Speaking" at an assembly sponsored by the speech and debate club.

Student Production

Oxford High Gives Comedy

By SHIRLEY EVANS
Oxford High School is presenting "The Curious Savage" tonight and tomorrow night in the school gym.

The play, which has Nancy Sweeney as faculty director and Gary Neighbors as student director, has 11 in its cast.

Included are Dennis Hickmott, Chris Borg, Leonard Gravelin, Carol and Alice Torrey, Cathy Oberg, Trueman Kelley, Kathy Kessler, Jim McGray, Mike Schlusler and Martha Hedberg.

The play, which will begin at 8 p. m., is a comedy written by John Patrick. Students from all grades are included in the cast instead of the usual all senior cast.

WORK OF WEEKS

Students have been working on the scenery and practicing every night after school for several weeks.

Monday evening, The Arkansas Travelers, a group of women basketball players, will be playing against area coaches in the high school gym.

An open house was held for parents of Oxford High School students recently.

Ten minute classes were set up in which teachers explained to parents the work done in school.

Pontiac Press Photo

REHEARSING—Oxford High School students are rehearsing "The Curious Savage" tonight and tomorrow night. Rehearsing are Trueman Kelley (at the piano) and Mike Schlusler. Seated on the couch are (from left) Martha Hedberg and Kathy Kessler.

Dr. Wayne Brandstadt Says:

Rh Factor Remains Hazard to Newborn

One of the greatest hazards to the newborn is a result of Rh incompatibility. If your blood is Rh-positive you are one of the 85 per cent with this type of blood. The rest have Rh-negative blood. A grouping has nothing to do with the A-B-O groups which must be determined before a transfusion is given.

BRANDSTADT
Rh-negative mothers who are married to men who are Rh-positive may give birth to babies who have erythroblastosis, a blood-destroying disease that caused many deaths before the cause was discovered.

A woman with Rh-negative blood may become sensitized to Rh-positive blood through having had a transfusion with Rh-positive blood or through carrying a baby whose blood is Rh-positive like the father's.

A woman who becomes sensitized during pregnancy but who has not had a baby with erythroblastosis has a good chance of having a baby that is normal.

Or it may have a blood disease, which is mild and can be easily controlled with a few small transfusions of Rh-negative blood.

But once the mother is sensitized, the danger to the infant becomes greater with each succeeding pregnancy.

JAUNDICE
The erythroblastic baby may appear to be normal at birth, but becomes jaundiced within a few hours. The jaundice increases rapidly and may obscure the pallor that would go with the infant's anemia.

This anemia is due to the fact that the sensitized mother has developed antibodies that destroy the baby's Rh-positive blood cells. These antibodies are transferred to the baby through the placenta and umbilical cord.

Births

The following is a list of recent Pontiac area births as recorded at the Oakland County Clerk's Office by name of father:

Reister
Baron E. Boman, 135 S. Helen
Ovilia G. Brien, 148 Courtland

See Hope for End to School Protest

CHESTER, Pa. (AP) — School officials hopefully awaited a return to normal today at the predominantly Negro Franklin Elementary School after announcing an agreement aimed at ending three days of demonstrations.

Negro leaders, parents, students and others had been protesting alleged overcrowding and substandard conditions at the school.

More than 240 demonstrators, white and Negro, have been arrested.

rested. Police and state troopers, some carrying riot sticks, broke up a jeering, cursing crowd that milled about the police station yesterday.

Now That They Got It, They Can't Knock It

BATON ROUGE, La. (AP) — The East Baton Rouge Parish school board voted 6-5 Thursday to remove the slogan "say no to federal aid and control" from its official envelopes.

One member said it was hypocritical to accept federal aid and then clamor against it.

About 28 million American families move to new homes every year.

Court Delays Railroad Fight

2 Large Firms Seek Rock Island Control

CHICAGO (AP) — The Union Pacific and U.S. District Court have called off today's showdown on the UP's proposal to buy the Rock Island Railroad—a showdown the UP apparently feared it would lose.

In a rough and tumble battle with the Chicago and North Western Railway, which also wants to buy the Rock Island, the UP's 11th hour resort to court blocked tallying of votes at a special meeting or Rock Island shareholders.

Stuart Ball, counsel for the Union Pacific, told Judge Julius Hoffman Thursday that the Rock Island management, which favors UP, may not have control over the required two-thirds of outstanding shares needed to approve the merger.

Hoffman issued a temporary restraining order against counting proxies and the Rock Island announced the stockholders meeting would be adjourned without transaction of any business.

Rock Island said the date of the future meeting would be set by the court.

Hoffman set Nov. 19 for a hearing on the UP's request for an injunction.

The Union Pacific, railroad's biggest money maker, seeks direct access to Chicago which it would get on the Chicago-based Rock Island lines.

The Rock Island looks to improvement of its slipping finances, improved operations, a \$200 million rehabilitation program promised by UP, and what management spokesmen call a fair price for Rock Island stock.

The North Western fears loss of business if the UP takes over the Rock Island. At least one other line, the Chicago Great Western, shares this view and supports the North Western.

STOCK IN TRADE
The UP's offer, the only one actually before the Rock Island shareholders, is 0.718 share of UP stock for each share of Rock Island.

North Western's counter offer is one 6 per cent \$30 collateral trust income bond, \$5 cash and 0.278 share of North Western common for each share of Rock Island.

Italy Agrees to Trade Pact With Soviets

ROME — This NATO country's big state oil company has agreed to do \$400 million worth of trade with Russia in the next six years, including the purchase of 25 million tons of crude oil.

Officials of the Ente Nazionale Idrocarburi and Soviet trade authorities signed a trade agreement in Moscow yesterday that is certain to cause critical reaction in the west.

Western oil circles long have complained that Italy was accepting Soviet crude at dumping prices that harmed the economy of other NATO nations.

Under the agreement Italy will get 25 million tons of Soviet crude between 1964-1970. Russia in turn will buy Italian oil drilling machinery, pipeline equipment, synthetic rubber, chemical fertilizers, plastics, textiles and chemical plant equipment.

OWNED BY STATE
Most of the Italian goods will come from companies owned or controlled by the state-owned company.

Officials of the company have argued that purchases from the Russians are intended to guarantee Italian consumers petroleum products at the cheapest possible prices and to diversify Italy's sources of petroleum.

They also say they want to keep Italy from becoming too dependent on any one source.

About 22 percent of American motor vehicles are 10 or more years old.

Motor's Really Purring, Woman Driver Finds

OCCUM, Conn. (AP) — Mrs. Marcelle Tetreault of Baltic heard a meow in her auto engine as she was driving Thursday. She stopped at a service station.

She found a cat perched precariously on a heater duct beneath a front fender.

There are more than 30 million miles of telephone wire in the U.S.

LAWRENCE OF ARABIA
HE STORMED OUT OF THE ARABIAN DESERT... INTO THE LEGENDS OF THE WORLD!

HURON
NEXT ATTRACTION
Richard Burton
Elizabeth Taylor
V.I.P.s

His sword flashing in the sun...his rifle pointing the way for ten thousand fierce Bedouin tribesmen...This was Lawrence of Arabia, one of the most savage leaders in the history of guerrilla warfare! Now, the magnificent legend of this young English daredevil...hailed by many as one of the greatest men of our century and denounced by others as a flamboyant 'Barnum'...explodes across the screen. Here is the thundering fury that trampled mountain strongholds from Aqaba to Damascus! Here is the white-hot flame that scorched a continent from the Nile to the Mediterranean! Here is the vastness of the desert...the violence of blood-thirsty revolt during World War I...and the overwhelming victory of Lawrence of Arabia, the fantastic, real-life hero who did what an army could not do!

Here is 'THE MOTION PICTURE OF THE YEAR!'

Youth Hostel Award to Orchard Lake Couple

ORCHARD LAKE — Mr. and Mrs. Charles W. Gadd, 3772 Indian Trail, are recipients of the American Youth Hostel (AYH) national award for distinguished service to hosting.

The presentation was made at the 1963 annual national council meeting of the AYH

last weekend at the University of Pittsburgh. Twelve other members of the AYH, Detroit Council of which Mr. Gadd is president, were present.

According to Stephens Dietz, national AYH president, the year 1963 has brought an un-

precedented growth of 28 per cent in the membership of AYH.

The nonprofit service organization is dedicated to helping all, and especially young people, to a greater understanding of the world and its peoples through outdoor activities and vigorous educational and recreational travel.

Road Toll Hits 1,561

EAST LANSING (UPI) — Highway accidents in Michigan this year through yesterday claimed 1,561 lives as compared to 1,394 killed in the same period of 1962, state police provisional reports showed today.

City Teachers Seek Signers

A group of Pontiac teachers will go door to door tomorrow and circulate petitions at local shopping centers in the drive for statewide tenure.

The goal for local members of the Michigan Education Association is 6,000 signatures of the 300,000 statewide goal. They have secured 1,000 signatures to date.

The MEA campaign for

changes in the state teacher tenure act ends next Friday.

The teacher group hopes to present 300,000 signatures to the state legislature, supporting the proposed changes.

MEA Region 7 (Oakland County) has been assigned 30,000 as its share of signatures. So far 12,000 have been turned in.

State MEA officials have designated tomorrow as the date for a major push in the petition campaign.

There are about 10,000 recognized species of the bacilli in the world.

Firm Robbed; Suspect Held

Pontiac police early today arrested a man suspected of being one of a trio of masked bandits who robbed the Earl Smith Trucking Co. office, 324 Irwin, last night of \$355 in cash and checks.

Held for investigation of armed robbery is Richard Russell, 25, of 294 1/2 Ferry.

Frank See, manager of the trucking firm, told police that

three men wearing silk stocking masks and all armed with pistols, entered the building at 10:10 p.m. and announced, "This is a holdup."

After taking company funds and money from the three employees in the building, the trio made the employees lie on the floor. The bandits then fled on foot, See said.

FIRE SHOT

Police later spotted two suspects at Ferry near Sanford and fired one shot at them when they fled.

Later when police returned to the area to check for blood they saw Russell and arrested him.

Helps You Overcome FALSE TEETH Looseness and Worry

No longer be annoyed or feel ill-at-ease because of loose, wobbly false teeth. **FASTEETH**, an improved ultra-thin (impervious) covering, fastened on your false teeth, holds them firmly in place, makes them comfortable, and prevents them from falling out. Get **FASTEETH** at any dental office.

Detroit Awaits OK for Gold Cup Race

DETROIT (AP)—Detroit was reported the apparent victor Thursday in bidding of five speedboat racing centers for the 1964 Gold Cup Race. Lee Schoenith of Detroit is president of the American Power Boat Association's unlimited racing commission, announced at Cincinnati the commission has approved Detroit's bid. Schoenith said he expected the association to ratify the selection Sunday.

Longhorns' Coach 'Scared'

By The Associated Press
So let's say you're the coach of the nation's top-ranked college football team, the only remaining unbeaten, untied squad around. And you're going to play a team that has won only one of its last five. So what's your reaction?
"Frankly," says Texas Longhorn Coach Darrell Royal, "I'm scared."
There's a sound, solid, historical basis for Royal's fears. His No. 1 unbeaten, untied Longhorns play host to old spoiler

Texas Christian in Austin, Tex., Saturday.
Three times in the modern era the Longhorns have gone into the game with the top rating and the solid favorites role. Each time they were upset.
The latest was in 1961. Texas was a four-touchdown favorite. TCU had lost three, but pulled the biggest upset of that season, a 6-0 victory that knocked Texas from the top.
"There are still players on each team who remember that

game," Royal commented. "It can't help but have a psychological effect."
The Longhorns have an 8-0 record, but they've had to work hard in the last four. The total margin of victory in those 12 points, gained primarily on defense, a grueling running game and a ball-control offense.
The only other stumbling block on their path to the national championship and the host role in the Cotton Bowl is

traditional foe Texas A&M, which has won only once.
Texas Christian is 2-3-1, including losses to Arkansas and Baylor, teams beaten by Texas. Navy, ranked second on a 7-1 record and being eyed as a Cotton Bowl visitor, has its work cut out at tough Duke, 5-3-1. The Sugar Bowl and defense by the Stary Roger Staubach, haven't been able to beat the Blue Devils in nine years.

No. 3 Mississippi, 6-0-1, is first in line for the host spot in the Sugar Bowl, well in front for the host spot in the Rose Bowl, goes against off-beaten UCLA. Oklahoma, No. 5 at 6-1, and Nebraska, No. 10 at 7-1, are locked in a two-team struggle for the Big Eight title and the accompanying Orange Bowl spot. Oklahoma visits tough Missouri, 6-2, while Nebraska is at Oklahoma State, which has won only one.

Other games involving teams in the top ten have No. 6 Pitt, 6-1, at home against tough Army 7-1; No. 7 Alabama, 6-1, vs. arch-rival Georgia Tech, 6-2, at Birmingham; and No. 9 Auburn, 6-1, is at Georgia, 4-3-1. Pitt, Alabama, Georgia Tech, Auburn, Baylor, Memphis State, Penn State and North Carolina State all remain in the bowl picture. Baylor plays Kentucky, Memphis State meets Chattanooga. Penn State goes against Holy Cross and North Carolina State faces Florida State.

Needless to say, it performs like nothing else

The Linkbow Bowl team of the highest series in a WIBC Anaheim, Calif., winner of two tournaments, 2001, in winning the consecutive WIBC titles, scored 1902 title.

Bah, Major Hoople You're Bit Flaky

By MAJOR AMOS B. HOOPLE
Upset Champion

Greetings, my dear friends! I call you dear friends although it is obvious some of you are not.

For instance, read what Clancy DeLancy, the bard of Brooklyn, has to say:

"Dear Major: Why don't you run for Congress? Anyone who

can make as many bum guesses as you would be a sensation in Washington. Your dear friend, Clancy DeLancy."

"Dear friend indeed! I would be the first to admit that I am guilty of an occasional slight miscalculation, but let me remind you of just a few of the juicy upsets the Hoople System has forecast this year:

Early in the season I gave you the Air Force over Washington, then Oklahoma to humble the 1962 national champions, Southern California.

And after that I correctly forecast Georgia's startling

31-14 conquest of Miami, the Syracuse 3-0 blanking of favored Penn State, North Carolina's amazing 21-7 victory over the undefeated Duke Blue Devils.

And how about the Louisiana State 14-0 triumph over the rugged Florida Gators and the 31-13 rout of Wisconsin by Michigan State!

What other forecaster has scored with as many big upsets? None, I'll wager—harumph!

Never one to rest on his laurels I have several colossal reversals included in this week's card.

My three-star special for Saturday is Yale to thrash Ivy League leader Princeton, 27-8—kaff!

Now on with the forecast.

By DON VOGEL

Birmingham Seaholm's basketball team won't open its season against cross-town rival Groves as in the past.

The Maples will take on a much stronger foe Nov. 29—state Class A champion Ferndale—in the Seaholm gym. This is really an opening Eastern Michigan League test for the Maples.

Ferndale is expected to have another strong squad.

Bloomfield Hills' Bob Richards bettered 10 cross country records this season on the way to becoming the top harrier in Michigan.

Bill Calhoun, All-County Class A end from Bloomfield Hills last fall, has been named captain of the Dartmouth College freshman team. The frosh posted a 5-3 record against Ivy League foes.

The unusual happened to Lake Orion last Friday.

A 15-yard penalty was marched off against the Dragons before the opening kickoff. They were charged with holding up the kickoff.

Oxford lined up at the appointed time and the officials deployed ready for the kick. The Dragons were still in the locker room for a last minute briefing.

The officials waited two or three minutes, took a long look toward the school, and then started pacing off the penalty. Halfway through the walkoff the players started leaving the locker room.

LAST CALL

This is a last call for All-County ballots. A few are still outstanding. Coaches are urged to send them in as soon as possible.

Shrine lost a berth in the Goodfellow game on the last play of its contest with Harper Woods Notre Dame last Saturday in the Soup Bowl.

The game was scoreless and the Catholic League champion

Duffy Fights Letdown

MSU Battling Tradition in Irish Clash

EAST LANSING (UPI) — It may be true, as Frank Leahy says, that the old pepper is missing from the Irish stew. But, Spartans, don't believe all you hear.

Here are two things going against fourth-ranked and Big Ten leader Michigan State as it prepares to meet a mediocre (and 13½-point underdog) Notre Dame team:

1. Tradition — no team has ever dealt eight straight losses to the fighting Irish. (MSU has beaten Notre Dame seven straight dating back to 1951.)

2. Psychology — Notre Dame has everything to gain, nothing to lose. MSU could be looking forward to next week's Rose Bowl showdown with Illinois and thus, a bit overconfident.

Add a tense gridiron rivalry into the stew pot and the ingredients could spell a whole of a football game.

To keep his boys from getting swelled heads, Spartan mentor Duffy Daugherty has been reminding them all week that Notre Dame is MSU's second biggest rival. "The only game

that's bigger for us is Michigan," Daugherty said.

POOR SEASON

Notre Dame, soundly trounced by Pittsburgh, 27-7, last week while state was blanketing Purdue, 23-0, is only 2½ this season but the Irish have shown flashes of their former brilliance.

At the start of the season they dropped squeakers to Wisconsin, 14-9 (in the last two minutes), and to Purdue, 7-4, but then went on the rampage on the west coast, defeating Southern California, 17-14, and UCLA, 21-12.

The last three weekends have been hard on head coach Hugh Devore, the "interim" successor to Joe Kuharich at South Bend. Stanford upset the Irish, 24-14, and Navy trounced them, 35-14, before Pittsburgh added the finishing touches.

The Spartans, after dropping a 20-19 verdict to the Irish in 1954, have reeled off seven straight wins over their adversaries from South Bend. During this span, Notre Dame hasn't even come close. The scores since '55, in order, have been: 21-7, 47-14, 34-6, 19-0, 21-0, 17-7 and 31-7.

Majors Checking Draft Lists

NEW YORK (AP)—Baseball's bargain hunters were busily engaged in scrutinizing the annual draft list released today by Commissioner Ford Frick, hoping to come up with a gem or two among the 1,500 minor league players who can be had for prices ranging from \$8,000 to \$25,000.

The usual group of big names and those who never were filled up nearly half the 34 pages it took to list the eligibles. But there are a seemingly goodly

number of athletes on the list who might be worthy of the draft price.

Several have had previous big league trials and were found wanting. They could succeed if given a second chance. Among these are outfielder Carroll Hardy, who batted .318 at Oklahoma City last season with 16 home runs and 61 RBI.

Another is Bob Will, the former Chicago Cub outfielder who led the Pacific Coast League with a .370 batting average at Salt Lake City. First baseman Don Davis, also at Salt Lake City, batted .300 in 130 games. The PCL's top pitcher, Howard Reed, with a 19-7 record at Spokane, also is on the list. Reed, a right-hander failed in a trial with the New York Mets last spring.

Just two years ago, Howard

Kopitz, following a 23-5 season in the Southern Association, was one of Detroit's brightest hopes. He can be had for \$25,000 after his 7-8 record at Syracuse. The same kind of dough can get Danny Murphy, who received more than \$100,000 bonus from the Cubs several years ago. The 23-year-old outfielder batted .268 with 12 homers at Oklahoma City.

Available pitchers with impressive records include Tacoma right-handers Danny Rivas, 13-7, and Gerry Thomas, 13-12; Toronto right-hander Ed Hobaugh, 6-7; Syracuse right-hander Cliff Adams, 12-10; Little Rock left-hander Willie Smith, 15-14; and Indianapolis southpaw Joe Shipley, 15-7. Ray Rippelmeyer, who led the PCL with a 2.61 earned run average on an 11-2 record, might be a possibility. Also Fred Green, who had a 9-2 record at Columbus.

The draft list also includes more than 700 first year players, who can be had for as little as \$8,000. These are the young fire agents signed for assorted bonuses on or after Dec. 3, 1962.

THURSDAY'S FIGHTS

MIAMI, Fla.—Willie Harris, 138, Miami, stopped Eddie Fobbs, 134, Fort Lauderdale, 4.

WORCESTER, Mass.—Kolo (Duke) Sabongni, 250, Hawaii, and Willie Belmont, 250, Alhambra, drew, 10.

Which type Chevrolet pickup do you need?

Chevrolet now makes four different types, each with its own distinct advantages. Whichever one you buy will be a lot more truck than your money bought the last time!

FLEETSIDE. Based on sales, the best liked pickup in the world. Outstanding feature is its large body extending clear out over the wheels. Two body sizes. Two wheelbases. Best riding truck, by far, with coil springs all around and independent front suspension. Cab and body have double-wall construction. Chevrolet Fleetside—best for all-around use.

STEPSIDE. Has flat interior body walls and convenient side steps between cab and rear fenders. Comes in same two sizes as the Fleetside plus one bigger size. Big model has heavier frame, 4-speed transmission and leaf-spring rear suspension for maximum payloads. Standard engine is 230-cu.-in. Six. A 292 Six or 283 V8 is available at extra cost.

RAMPside. Nobody else makes a pickup exactly like this one with a ramp at the side. The ramp makes loading easy because of its 16-inch rise. Truck also has a conventional tailgate. Body and frame-floor assembly are very rigid because they are welded together. Has larger 95-hp air-cooled engine this year. Independent coil spring suspension all around.

EL CAMINO. If you want a pickup as good looking as any car on the road, this is the one! It can work hard, and look like a million dollars doing it—the only pickup in the world with Body by Fisher. You can order an El Camino as plain or as fancy as you wish: bucket seats, air conditioning, 4-speed transmission, power brakes are some of its extra-cost options.

Did you know that last spring at Buffalo, N.Y., the American Bowling Congress passed an amendment to its constitution requiring a bowler to report and use any current average 10 pins higher than his previous season's average in tournaments where the previous season's average is used?

The amendment officially went into effect in April of this year, but it is known by so few bowlers that enforcement of it has been lacking and will continue so for awhile anyway.

The ABC is having a meeting this weekend in Chicago to study the amendment further. The wording may be changed to clarify the meaning, although this will probably be meaningless if the group does not in-

crease the publicizing of such changes to bring them before the bowlers.

Also in the amendment is a requirement for the bowler to report his actual score position, plus the amount won if he qualifies for a prize over \$50 in any tournament within the previous 12 months (another ambiguous statement).

While the first portion of the amendment will not affect entrants in this year's Bowlerama, the second will. Thus the top three finishers in the Handicap portion, at least, will have to report their tournament results.

The portion concerning last year's average and this year's will very likely be included in the changes to the 1964 Bowlerama.

The reporting of tournament scores and prize winnings should in time help the local and national associations to catch up with some sandbaggers.

The new amendment requiring an alphabetized record of every bowler and his average should also produce benefits in this problem area.

SPARE PINS
Speaking of averages, Bowlerama entrants are advised to shoot the highest possible average when entering the tournament to prevent the possibility of losing pins when the averages are checked by The Press.

The correct mailing address is also important to expedite the mailing of checks when the prize list is completed.

Bowlerama is reminded to check their qualifying totals carefully before signing the score sheet. Already this year, pins have been lost both through gutting putts in a five-under par 67 that put him into the tie for first place with Mexican Juan Neri.

A day after Fred Lorenzen of Elmhurst, Ill., won the pole position with an average speed of 88.55 miles per hour, 25-year-old Richard Petty set a track record for the winding three-mile road course.

Petty, of Randelman, N.C., drove a 1963 Plymouth at an average speed of 88.75 m.p.h. Thursday to lead all qualifiers for the \$67,100 event.

Close behind was Junior Johnson of Danville, N.C., with a speed of 88.51 m.p.h. in a 1963 Chevrolet.

Fourteen cars and drivers have now qualified for the race and time trials continue today and Saturday. The 44 fastest cars will make up the starting field.

Others qualifying Thursday were Dave McDonald of El Monte, Calif., 1963 Ford, 86.73 m.p.h.; Jack Smith, Spartanburg, S.C., 1963 Plymouth, 86.71 m.p.h.; Rex White, Spartanburg, S.C., 1963 Mercury, 85.00 m.p.h.; and Graham Shaw of Columbia, S.C., 82.45 m.p.h.

Calbi Music Grabs Lead

Calbi Music whitewashed 300 Bowl & Lounge squad last week to move into first place in the Friday night Huron Bowl Classic.

The eight-point victory boosted the music squad into a six-point lead in the bowling race. Jim Tinson's 686 series was the top total for the evening, and Don Pennell came through with a 256 for the highest game honors.

Royal Recreation knocked over a total of 3,083 pins, the only team to top 3,000.

Bowlerama Lures Average Kegler

Moore Only 4 Pins Off PBA Meet Lead

Special to The Press
GARDEN CITY, N.Y. — Pontiac's twin hopes for a major professional bowling title were the thick of the light for the lead in the \$60,000 national championships of the Professional Bowlers Association in New York today.

Monroe Moore is in second place, only four pins behind Detroit's Billy Golembiewski, and Mike Samardzja, was also close to the leaders in 12th place.

Moore very nearly caught

Golembiewski in the final game last night. Moore had finished with a good six game block of 1298 pins on games of 203-216-205-236-219 and 209.

HITS SLUMP
Golembiewski was yet to finish; and in his last game he dropped to a 187, barely enough to outlast Moore. Golembiewski's 24 game total was 5008 pins, to Moore's 5004.

Samardzja totalled 4,918 pins, although not bowling consistently well. He hit 1255 in the after-

noon with 177-220-235-188-223-219. He slumped from fifth to 12th place when his evening block fell off to 1166 on games of 186-176-171-193-234-203.

The young kegler is only 10 pins out of eighth place, however.

Not on the heels of Golembiewski and Moore is Ev Collins of San Mateo, Calif., with 5,001.

Another Californian, Charlie Wilkinson, of Salinas, came up with two high games of 247 and 256 Thursday to vault into fourth with a 4,964 as the field of 192 was cut to 96 for Friday's quarter-final 12-game block.

The field will be cut again to 48 for Saturday's semifinals. Veteran stars Don Carter and Dick Weber of St. Louis picked up rapidly Thursday after a slow start the first day, but still are away with 4,817 and 4,783 respectively.

Action in the Waterford Merchants League last week featured a 231 by Lloyd Hottman and Ray Kasat had 222-202-616.

BOWLING

One of the top bowlers recently at Wonderland Lanes has been Olive McCarthy.

A member of the Hits 'n' Mrs. Sunday Night Mixed league there, she bowled 244-220-300-Sunday. Only two weeks prior she hit a 621 series with 236-209 games included.

In the Sunday Night Mixed League at East Highland Recreation, Dale Stafford rolled a 240 game and Al Weiner hit 235-219-645. The Losers, Inc. have lost only six points out of a possible 36 to date this season.

The First Church of the Brethren League Saturdays at Montclair Bowling Center has a century club member following her recent 234 game. She carries a 129 average.

The league leading Ned's Drillers team in the Auburn Heights Lions Bowling League bowled a 3261 team series this week at Auburn Lanes.

John Mellend's 232-214 - 645 and the 251-203-641 of Frank Polasek led the individual efforts.

The Guys and Dolls League Friday at Airway Lanes had a 217 by Al Mathews and a 206 by Don Burman. Top game in the Airway League after last week was 205 by Minnie Hamblin; Pat Jeffers had 208.

Split conversions were plentiful in the Columbia Avenue Baptist Mixed League Saturday

Bills' Boss Built Drive With Notice

By The Associated Press
Back on Sept. 28, the Buffalo Bills had a dismal 0-3-1 record in the American Football League.

Coach Lou Saban tried some psychology. He posted a sign on the bulletin board in the dressing room: "We're not in last place. We're just 2½ games out of first place."

It worked. The Bills now are the hottest team in the AFL with three straight victories and five in their last six outings to become a prime contender for the Eastern Division championship.

On Sunday they entertain the San Diego Chargers, leaders in the Western Division, in the top AFL game of the week. A turnout of 35,000 is expected at Buffalo's War Memorial Stadium for this second clash of the season between the Chargers and the Bills.

Kansas City is at Buffalo and New York at Denver in Sunday's other AFL games. Houston and Oakland have an open date.

Birmingham Rider 2nd at Toronto Horse Event

TORONTO (AP) — Christine Hanson of Toronto rode Bonito to victory in the \$500 Clroy Stakes Thursday night to win the Prix St. Georges for the dressage championship of Canada.

The event was held prior to Friday's official opening of the Royal Agricultural Winter Fair Horse Show.

Miss Prince, owned and ridden by James M. Jones of Birmingham, Mich., finished second in the Clroy Stakes, with Gold Tassel, owned by McGuinness Stables, Schomberg, Ont., and ridden by Mrs. L. J. McGuinness, third. Old MacDonald, owned and ridden by Mrs. Marilyn Leupp of Winchester, Ohio, was fourth.

Canadian Leads Open Putting Good in Mexico

MEXICO CITY (AP) — Canada's Al Balding said he saw some terrific putting in the Mexican Open Golf championship Thursday. There was one who was red hot and the Toronto veteran said he hopes he continues that way.

Balding was referring to himself. The Canadian pro sank a 40-footer among his bag of gutting putts in carding a five-under par 67 that put him into the tie for first place with Mexican Juan Neri.

A field of 129 amateurs and pros from the home country, United States and Canada competed in the first round of the 72-hole tournament over the par 72, 7,622-yard Club de Golf La Hacienda course. The opening round started late because of morning fog and rain, and ended in the dark.

Balding was late finisher. It was so dark near the end of his round that he couldn't see the flag when he drove off on the 18th hole.

The Canadian finished with 32-35, collecting six birdies and an eagle. He got the eagle on the 66-yard seventh hole by cannoning a 20-foot putt. He sank a 40-footer on the 10th for a birdie three.

Two strokes behind were Americans Tom Shaw and George Lewis with 68s. Four other Yanks had 70s, including Bob Gajda, Chuck Courtney, Ken Venturi and Billy Maxwell.

Lefty Trio in Tie After 2nd Round
BRADENTON, Fla. (AP) — Three pros who play from the wrong side went into the third round of the National Left-handers Golf Tournament today deadlocked at 14.

One of them, Thorne Wood of Asheville, N.C., had the misfortune to hit the wrong ball on No. 18 hole, losing a stroke. He finished Thursday's round with 70, one-under-par for the 6,502-yard Desoto Lakes Country Club to tie Ricco Collins of Dallas, Tex., and Howard Brown of Detroit.

Brown had the best round of the tournament so far, a 60.

Al Sama Sr. of Macon, Ga., had the best score among the amateurs, 153, one stroke ahead of amateurs Gus Dunn of Sarasota and Jack Butcher of Atlanta, Ga.

Table Tennis Race Tighter

The Pontiac Table Tennis League is turning into a four-team affair with Anita's Lettering continuing to hold down top position. Five games separate the top four.

Five squads grabbed 5-1 decisions in action Thursday.

Turning in the 5-1 wins were Anita's over Country Kitchen, Pine Knob over Pepsi Cola, Club 99 over Kenerly's, Dorris Realty over Francis Fuel, and Clarks over Buettner.

In other games, A & W stopped Harvey's 4-2, and Frost topped Crocker Candy, 4-2.

Colleen Corpron, a member of Dorris & Son Realty, has entered the U.S. inter-city women's table tennis competition which will be held at Baltimore, Md.

STANDINGS

Raiders Pick Up Title With Overtime Victory

A 35-yard scoring pass in an overtime session gave the Red Raiders a 14-6 victory over the Minute Men in the playoff for the Waterford Men's Touch Football crown Thursday evening at Drayton Plains Park.

The two squads were deadlocked at 6-6 at the end of regulation play and moved into the extra period under rules which permitted each team four five-minute plays from the 50-yard line. The winner would be decided by total yardage gained on the four plays.

The Red Raiders were awarded the ball for the first overtime series, and quarterback Tom Bryce quickly ate up 25 yards with a pass to Jim Drake.

Bryce came back with a 19-yard pass on the third play to give the Raiders a total of 54 yards in four plays. The Minute

Men completed one pass in an extra session for nine yards. The Minute Men took the lead early in the opening stanza when Walt Poe picked off a Raider pass and scampered 55 yards for six points. Poe led the league in scoring with 56 points.

Bryce teamed up with Dave Struble on a 13-yard scoring play with just 10 seconds remaining in the half to knot the score at 6-6.

The win gave the Raiders the touch crown and also averaged a 2-0 defeat they suffered at the hands of the Minute crew in the regular season.

In boys' league action, the Puds wrapped up the title with a 24-0 decision over Conrads.

The win left the Puds with a 6-0 record with one game to play. Conrads are second with a 4-2 mark.

In a second game, the Boys downed the Fast-Backs, 23-0.

Those who fail to qualify this weekend will have another chance next Sunday at Alway Lanes. How's Lanes, North Hill Lanes, Montclair Bowling Centre, 300 Bowl and Wonderland Lanes.

Two members to bowl

Top scores on the 100-pin spot or more have been in the minority when it comes to firing the big scores. The high average bowlers — 180 and above — have almost doubled the leading efforts of the high handicappers.

But the low average kegler is Pat at a disadvantage in the Press Bowlerama. He has to account for fewer actual pins than the better scoring contestants.

It should be noted, however, that no one can expect to bowl his average or only 10-15 pins per game above it and have a good chance to qualify.

This applies to the highest average bowler as well as the lowest. The competition is too keen to permit qualifiers from winning with average bowling.

Proof of this is reflected in the standings for the Mixed Doubles Actuals and Travelling House Trophy honors of the Bowlerama. Neither the 3196 total of the 300 Bowl team nor the 1269 of the Monroe Moore-Pat Carter doubles entry are typical scores.

The six qualifying sites that finish their competition Sunday will all be ready to handle squads beginning at 11 a.m. Bowlers may bowl as often as they wish attempting to qualify, but no squads will begin after 6 p.m. at any site.

The top one-eighth of the total scores at each establishment will reach the Dec. 1st finals at 300 Bowl. A close check of the to-the-minute, standings will be kept at each site Sunday.

ERIE, Pa. — Hector Diaz, 135, Dominican Republic, and Johnny Bazzore, 135, Erie, drove in.

LOS ANGELES — Art Howard, 144, San Jose, Calif., and Paul Collins, 142, Seattle, 4.

It Might Even Help

Delay in Entering College Isn't Harmful

By DR. LESLIE J. NASON

Dear Dr. Nason: I will graduate from high school in January of the coming year. Do you think it wise after graduating to work until September when I hope to enroll in college? I was a 9-month absentee from school. Is that good? C. W. C., Indianapolis.

Answer: Working from January to September will not only give you a chance to save a little extra money for college, but can be a worthwhile experience!

You will have time to read some classics for your own entertainment and to build background for the courses you will take in college.

If you work at it you can enter college a better student than you would have been without the "break."

Dear Dr. Nason: I can't make myself concentrate on studying long enough to get it done and as a result I get behind. How can I make myself concentrate? It isn't just one or two subjects,

but all of them. L. P. R., Roosevelt, Utah.

Answer: Planning and re-planning is the key to making yourself concentrate. First, plan how you are going to study a subject. Stop at short intervals and recite to yourself what you have learned.

If your learning is not going well re-form your plan and repeat the last bit of study. Insist this time that your mind absorb it.

Don't give up. It will take time to develop the habit of concentrating.

Dear Dr. Nason: My 16-year-old son had polio when he was two and has been in the hospital several times, so we have babied him. He is nervous, tempestuous and impatient.

While I feel he is fundamentally a good boy he doesn't always tell me the truth. He says he likes school but he goes off at every opportunity. What can I do? Mrs. H. F., Oregon.

Answer: The reactions you

describe often follow severe illnesses such as polio. If your son is now recovered you should be firm but, at the same time, patient with him. Perhaps you can get some outside the family to discuss his conduct with him. Make him responsible for improvement. Have him plan ahead to behave in a satisfactory manner.

He should plan his study ahead as well. Proper plans precede satisfactory behavior.

(You may write Dr. Nason in care of The Pontiac Press. He will answer in his column questions of widest interest.)

By OSWALD JACOBY
All highway robbers don't wear masks and carry guns. Some play duplicate bridge.

South was an expert and North a beginner, so South opened with a somewhat unsound three no-trump. He was accustomed to it in a riddling from North, but this time North took full action.

Expert South wasn't going to let North play the hand so he went on to six no-trump.

When South looked at the dummy he rather wished that he had worked his way into six spades. At six spades South could win the opening spade in dummy, lead a club to his ace, return to his hand with a second trump, ruff another club, get back to his hand with the ace of hearts, discard dummy's diamonds on his last two trumps and make an easy seven.

South did even better. He won the first spade in dummy and promptly led a diamond. East played low and South rose with the king.

Astrological Forecast

By SYDNEY OMARR

The wife man controls his destiny. Astrology points the way. ARIES (March 21 to April 19): New Moon highlights ability to perceive future as they pass. Help others. Place key in being realistic. Taurus (April 20 to May 20): Don't place too much value on money. Capricorn (Jan. 21 to Feb. 18): Be grateful for love of friends. Gemini (May 21 to June 20): Be thing in every day. Cancer (June 21 to July 21): New Moon highlights attention to details. Leo (July 22 to Aug. 21): Don't take love as a matter of course. Virgo (Aug. 22 to Sept. 22): Turn on nature and enjoy. Libra (Sept. 23 to Oct. 22): Good fortune is with you. Take advantage of "pull" and "push" while from the hat. Others will follow your lead. Be sure to express your feelings. Scorpio (Oct. 23 to Nov. 21): New Moon highlights personality, personal appearance. Concentrate on your own. Make intentions clear, gain allies. Avoid public dispute. Be mature. Sagittarius (Nov. 22 to Dec. 21): Fine time for getting ideas to work. Don't wait for others. Turn on "green light" yourself. Cycle high. Concentrate on presenting optimistic view. Trust own judgment. Capricorn (Dec. 22 to Jan. 20): New Moon stresses behind-the-scenes activity. You can make surprise discoveries. Trick is to cooperate from within. You encounter. Aquarius (Jan. 21 to Feb. 18): Find true friend. Be subtle, but firm. Support him. Turn on nature. Turn on "green light" yourself. Cycle high. Concentrate on presenting optimistic view. Trust own judgment. Pisces (Feb. 19 to March 20): People to be wary of. Turn on nature. Turn on "green light" yourself. Cycle high. Concentrate on presenting optimistic view. Trust own judgment. If SATURDAY IS YOUR BIRTHDAY you are sincere, dynamic, often putting even to closed friends. GENERAL TENDENCIES: New Moon represents cycle of change. From Gemini to Aries, from Cancer to Scorpio and Sagittarius highlighted, and from Capricorn to Taurus. (Copyright 1963, General Features Corp.)

At this point West could have taken the ace and given his partner four diamond tricks, but West had other ideas. It never occurred to him that South did not hold the queen of diamonds back of the king, and West played low on that first diamond as if he had no problem at all.

Now South cashed his spades and all dummy's hearts. Everyone had to come down to two cards. South held the ace and ten of clubs while West blanked his king of clubs in order to keep his ace of diamonds. The king of clubs fell under the ace and South made seven no-trump for a real top score.

Q-CARD SENSE

Q—The bidding has been:
1♠ South 1♥ West
2♣ Pass 1♠ Pass
4♣ Pass 5♦ Pass
You, South, hold:
♠ A 2 ♠ A 2 ♠ K J 7 6 ♠ A Q 10 9 8
What do you do?
A—Bid six diamonds. Your partner is signing off, but at worst there should be a finesse for six.

TODAY'S QUESTION

Mental Health Unit Will Be Appointed

De los Hamlin, chairman of the Oakland County Board of Supervisors, is expected to appoint a 12-member Community Mental Health Board by Wednesday.

Under new state legislation, the board will prepare a program of community clinics and local hospitalization where necessary for the treatment of mental patients, said Hamlin.

These state rules already provide for a sliding scale of state support from 40 to 60 per cent, based on the ability of counties to finance mental health services.

The federal government also is making \$100 million available for grants to help build community health centers. The grants would total 45 to 75 per cent of construction costs.

The state will continue to provide institutional care for long-term patients where necessary.

However, such commitments are expected to fall as least 50 per cent under the new program. Hamlin indicated the appointment of some persons could pose a conflict of interests because they already are working at the administrative level in local health programs.

Hamlin said he feels such persons should not be among the program's policy-makers.

The new statutes provide for a board comprised of representatives of the following: Local health departments, medical groups, the county welfare board, general hospital boards, clergy, educators, attorneys, citizen groups concerned with mental health, labor, business, civic groups and the general public.

Tammy Lets Out Whinny for Al (Lover) Finney

By EARL WILSON

NEW YORK—Tammy Grimes has flipped her perruques (that means wigs) over Albert the lover Finney of "Luther" and "Tom Jones." "She can't see enough of the lad," says one of Finney's British pals, who tells of her impassioned phoning after Finney. Finney's got several gals drooly; he could be "the Burton of Broadway."

"DARLING, you look so YOUNG! What did you do—go to Switzerland?" That crack, implying that you got a face lift or some youth shots, is the new favorite in the Mad World We Live In. Hidegarde, looking last night at the Roosevelt Grill, said she's been asked that recently. Hide in a book and a song both titled "Over 50, So What?" says Wilson.

Merman still has ermine, Gypsy still has her siple, and Marlene isn't any tamer . . . and they're all 50. The moral is that there are plenty of swiftness in their flitts.

Hank Bauer to manage the Baltimore Orioles? An internationally famous film tycoon is irate because his young actress gal friend posed nude.

Rudy Vallee's budget is a mess! For months he used Bobby Morse's dressing room phone at "How to Succeed" but Bobby's successor, Darryl Hickman, likes quiet and doesn't welcome phone-borrowers. Rudy's got to go out to pay phones now.

Carol Tyler, the mystery gal in the Bobby Baker case in Washington, has been living at a houseboat docked near a private club in Miami Beach, and plenty of people know about it, so what's so mysterious?

THE MIDNIGHT EARL

Paul Anka's first American entertainer invited by 'the Polish government'—he'll tour five cities next week . . . Sybil Burton isn't plying away for Richard—the learning to dance the hully-gully and The Monkey (from Killer Joe Piro of the Steak Pit) . . . Bobby Morse (now filming "His and His") got a request for an autograph photo—from Richard Nixon's daughter Julie . . . Some prominent New Yorkers are behind the new gambling casino on Antigua Island.

Perle Meets the model for Rachel Merman's "Call Me Madame," has been in twice to see Elibel at the Persian Rm. . . . Sterling Hayden's novel will be titled "Triumph of Blasphemy" . . . Ex-King Umberto dined at the Monsignore, and what did the former king of Italy order in this Italian restaurant? American food.

TODAY'S BEST LAUGH: "I'm going to get rid of my refrigerator," says Tuffy Tottle. "It's too much trouble to cut ice into the little squares to fit into the trays."

REMEMBERED QUOTE: "Too many people don't care what happens, as long as it doesn't happen to them."

EARL'S PEARLS: When things get a little tough nowadays, some people find they're forced to do without a few things their parents never had.

"My wife hasn't spoken to me in three weeks," reports Jack Herbert. "Tall me—what can I give her to show my appreciation?" That's earl, brother.

(The Hall Syndicate, Inc.)

U.S. Envoy Interfering—Argentina

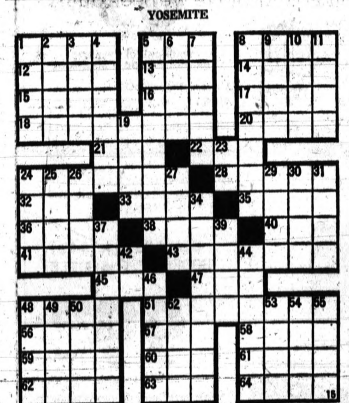

BUENOS AIRES, Argentina (AP)—A small faction of President Arturo Illia's party has accused U.S. ambassador Robert McClintock of interfering in Argentina's internal affairs, apparently in connection with the government's plan to annul foreign oil contracts.

The faction of the People's Radical Union demanded Thursday night that McClintock be declared unwelcome in Argentina, a move that automatically would result in his recall.

There was no immediate indication that other elements of the party would join in the demand.

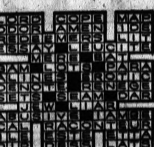

Decreases to five the five-year-old contracts, mostly with United States firms, have been drawn up, but Illia has delayed signing them.

"Action will come any day now," a government spokesman said. "It may be this weekend or early next week, but the decision has already been taken."

Two Beaten, Robbed by Group of Youths

Two men were beaten and robbed of \$29 last night by a group of six youths at Orchard and Johnson.

David Johnson, 18, of 135 Beverly, Walled Lake, and Gerald Millman, 23, of 38 Portage told police they were looking for a garage to rent in the area when the youths attacked them.

Photographers can load their cameras with one hand and with their eyes shut by means of a new film cartridge.

CROSS CARRIERS — A police officer in Williamston, N.C., takes a cross away from a minister leading a demonstration in the city yesterday. Fifteen white ministers, all from the north, led a protest march for Negro rights.

15 Clergymen Jailed in Dixie

Ministers From North Lead Protest March

WILLIAMSTON, N.C. (AP) — Fifteen white clergymen from the North, their leaders carrying wooden crosses, braved an angry white crowd and led an anti-segregation march yesterday. They were jailed and began a hunger strike.

In the first of two demonstrations in this farming town of 6,000, the Northerners and 54 Negroes, including 22 under 18 years of age, were arrested. Twenty-four Negro teen-agers but they dispersed and there were no arrests.

While spectators, some yelling threats, lined the streets for three blocks near the courthouse for the first march, there was no violence as more than 50 policemen, including 28 state troopers, patrolled the downtown area.

MARCH LEADERS

The Rev. Harvey Cox, a professor at Andover-Newton Theological Seminary in Massachusetts, and the Rev. David King, minister of a Congregational Christian Church in Amherst, Mass., led the march, carrying four-foot crosses.

The other ministers followed, each walking hand-in-hand with a Negro girl. Negro demonstrators lined up behind them. They were met by Sheriff Raymond Rawls, who ordered the procession to the upstairs courtroom.

The marchers were booked on charges of unlawful assembly, parading without a permit and obstructing traffic.

Police said they also would be cited to show, cause why they should not be held in contempt of a Superior Court restraining (Continued on Page 2, Col. 4)

It's Cool, Snowless for LP Deer Opener

By DON VOGEL
Outdoors Editor

EVART — The weatherman was half kind to deer hunters opening the season in lower Michigan today. He convinced Mother Nature that there should be near freezing temperatures at dawn.

But the fickle lass refused to cooperate when it came to greeting hunters with a layer of snow.

In all, today's opening hours were an improvement over last year, and much better than hunters experienced the three years before then.

There was a trace of snow in this area Tuesday, but the mid-40 temperatures the next day eliminated any white covering.

Hunters began moving into Bear Swamp 5 miles north of this Oscoda County community before dawn.

Gunfire was light the first hour, but began to pick up as the redcoats tired of sitting and started moving about.

POPULATION SAME
Local nimrod reported yesterday that the deer concentration is about the same as 1962.

Don Smith, 2596 Williams Lake, Waterford Township, and Dr. William Baer, 2412 Winkelman, Waterford Township, are hunting near Luther, 30 miles northwest of here.

Smith, who has hunted in the same area for six straight years, said he expected "only fair success in sighting deer."

Both hunters plan to cover a field where Baer saw 19 white-tails opening day last year.

BRUN PURSUER
Another Waterford Township hunter, Dave Butler, headed into a 7-mile-long swamp near Clare with more than a deer as his objective.

"I know an area that is being used by a bear. I'll be looking for him," he said.

Conservation officers are warning hunters that they should not touch any illegally killed deer. They say that hunters should notify an officer.

(Continued on Page 2, Col. 3)

Kennedy charged that the cuts were denying him an essential foreign policy tool.

Mundt said his amendment, on file for days, had been prompted by Export-Import Bank plans to insure loans by American banks participating in financing the sale of \$6 million worth of surplus corn to Hungary.

Mundt, an opponent of the projected \$250-million wheat sale to the Soviet Union, said the Senate had to decide whether "we want to open up a program of extending foreign aid to Communist countries."

JFK Fights for Tax Cut

Tax Program Is Killed by the Legislature

Defeat Conceded by Romney; No Reform Try Planned for '64

LANSING (AP) — Without ever having been considered on its merits, Gov. George Romney's tax reform program was killed yesterday by a special legislature which had toyed for two months with its fate.

Romney conceded defeat of the program in a late afternoon press conference and said he does not plan to try again in 1964.

"The people of Michigan lost today," said Romney.

"Fundamental reform of the Michigan tax structure is for now impossible. The opportunity for improvement is gone." Adjournment of the special session came a little more than an hour after a coalition of House Republicans and Democrats brought final collapse of the Romney program on a crucial tie vote.

NO FLOOR VOTE
Lawmakers, who rejected previous fiscal reform plans in 1959, 1961 and 1962, left for home without ever having faced a direct floor vote on any part of Romney's \$306-million "jobs and justice" program.

Romney said he will call another special session about Dec. 3 to deal with legislation needed to implement Michigan's new constitution, which goes into effect Jan. 1, 1964.

Defeat of the tax reform program—born amid great fanfare on Sept. 12—was the first major setback of Romney's political career.

Although a 20-11 bipartisan vote, sending an income tax bill back to a Senate committee on Nov. 5 was regarded as the most telling blow, the end came formally on the House vote.

REJECT AMENDMENT

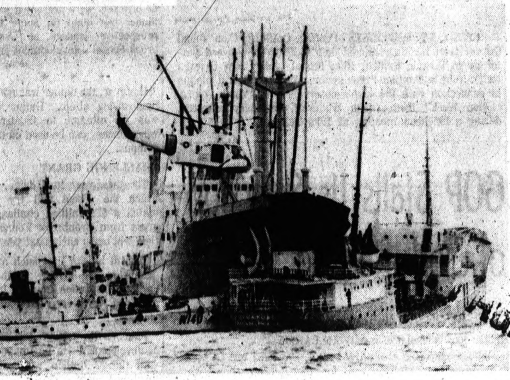

By a 47-44 ballot, House members rejected an amendment which would have tied the key bill, calling for state and local option income taxes, to the rest of the program.

Romney had previously set the terms, saying the future of the entire package of bills hinged on the amendment or the income tax bill itself, on a show-down vote.

"The amendment would have assured consideration of the entire program," said Romney. "Without it, tax reform was impossible."

Thirty-one Democrats and 18 Republicans opposed the amendments, while seven Democrats joined 37 Republicans in voting for it.

BEFORE SINKING—The tanker Dynafuel, out of Philadelphia, her stern low in the water, is locked with the Norwegian freighter Fernvieu, out of Oslo, shortly before she sank beneath the waters of Buzzards Bay, Mass., this morning, 24 hours after the ships collided. (See story, Page 2.)

Discuss Closing Tonight

Hart, Union in Baldwin Confab

U. S. Sen. Philip A. Hart will meet with union officials tonight to discuss a possible investigation of the closing of the Baldwin Rubber Division plant.

Max Adams, manager of the Pontiac Area Chamber of Commerce, said the meeting will take place at his office following Hart's appearance at the dinner honoring Sen. Ted Kennedy.

Last Friday, the Baldwin plant, at 336 E. South Blvd., and two smaller ones at Cass City, and Norwalk, O., were sold to Industrial Plant Corp., a New York liquidation firm.

Adams stated he knows of several companies interested in buying the plant, which have approached the Baldwin owners, but has so far been hindered by lack of complete reports about Baldwin's financial condition.

RESALE INTEREST

Industrial Plant Corp. has announced it is interested in reselling the division to someone who will continue manufacturing operations.

Meanwhile, a dismal picture of attempts to keep the plant open was given by Leonard Yocum, president of Local 125, United Rubber Workers.

Yocum said union members still on the job at the plant number about 400, with the dismissal today of 48 more workers.

The U.S. Weather Bureau predicts temperatures will average 3 to 5 degrees above the normal high of 44 to 46 and normal low of 29 to 33 for the next five days.

The mercury will drop to near 32 tonight, then rise to a mild 53 tomorrow.

Colder temperatures will move in on the area about Monday and continue through Wednesday.

Precipitation will total one to three-tenths of an inch in showers or snow flurries Tuesday or Wednesday.

West to southwest winds at 10 to 15 miles per hour will continue through the night. When Subandrio arrived in Bangkok, he told newsmen he sees "nothing to indicate the possibility of a solution" to the dispute.

But he will be there to deliver the featured speech before the event is over, Deputy County Democratic Chairman James M. McNeely said today.

Sen. Kennedy, who plans to talk about his brother's achievements during three years in the White House, was expected to be delayed by a foreign aid bill vote in Washington.

But, barring other unforeseen obstacles, he will arrive with U.S. Sen. Philip A. Hart, D-Mich., at Metropolitan Airport a bit later than previously scheduled.

The occasion is the county Democratic party's annual Congressional dinner. It will begin at 6:30 p.m.

Philippine and Malaysian Hold Talks on Dispute

BANGKOK (AP) — First Deputy Minister Subandrio and Salvador P. Lopez, Philippine foreign secretary, held their first meeting today on the dispute between Malaysia and the Philippines.

Details of the meeting in Bangkok were not disclosed. When Subandrio arrived in Bangkok, he told newsmen he sees "nothing to indicate the possibility of a solution" to the dispute.

But, barring other unforeseen obstacles, he will arrive with U.S. Sen. Philip A. Hart, D-Mich., at Metropolitan Airport a bit later than previously scheduled.

The occasion is the county Democratic party's annual Congressional dinner. It will begin at 6:30 p.m.

Romney Career Hurt by Tax Defeat?

By GENE SCHROEDER

LANSING (AP) — Gov. George Romney's fiscal reform program for Michigan went down the legislative drain yesterday, and his political future may have gone down with it.

Romney has frequently been mentioned as a potential candidate for the 1964 Republican presidential nomination, despite his denial of any such ambition.

But most observers believe the defeat of the governor's tax proposals by the GOP-controlled legislature is certain to have a damaging effect on Romney's

national reputation and political prestige.

The governor indicated his awareness of what was at stake when he outlined his fiscal reform — keyed to a controversial state income tax — as the special session convened last September.

SIENS POLITICS
"I am not concerned about what the political consequences may be," he declared. "I have proposed this program because it is fair and because it will help Michigan and all its citizens."

"In working out this proposal, I asked myself only two

questions: If not now, when? If not us, who?"

Two months and two days later, his proposals buried and the legislature adjourned, Romney was asked by newsmen whether he felt the action had tarnished his national political prestige. He snapped: "I don't know, and I couldn't care less."

Whether the setback eventually means Romney will quit politics and return to his former job as president of American Motors remains to be seen.

PERSONAL CHALLENGE

The governor's closest confidants say he is a dedicated man

who will lick his political wounds, consider the defeat a personal challenge and run for election to a second term just to finish a job he feels needs to be done.

There are indications, however, that Romney has found the right of politics not entirely to his liking.

At a Republican conference on Mackinac Island this fall, the governor said he had learned in his comparatively brief career in office that being the state's chief executive sometimes brought unreasonable demands on his time.

"It ain't any fun," he observed.

Says Measure Would Boost U. S. Economy

Tells Union Confab Reduction Means Millions of New Jobs

NEW YORK (AP) — President Kennedy told the AFL-CIO convention today his proposed \$11-billion tax cut would put back in the sails of the nation's economy and create millions of jobs.

Agreeing with the union delegates that unemployment is the United States' chief domestic problem, Kennedy said, "If we can obtain the prompt passage of the pending \$11-billion tax reduction bill we will be sailing by next April on the winds of the longest and strongest peacetime expansion in our nation's economic history."

His comments were in a prepared speech.

Kennedy avoided the question of reducing the work week, the top priority item of business laid before the convention by AFL-CIO President George Meany.

"We urgently need a tax cut now as insurance against recession," Kennedy said.

BOGGED DOWN

The IRS bill, which the administration hoped to get passed early this year, is bogged down in Congress.

"We need that cut, as this bill provides, where it will do the most good—the percentage cuts in tax liabilities in the lower brackets are three times as large as those in the upper brackets," Kennedy said.

"And the greatest benefits of all will go to the unemployed for whom the tax cut will provide two-million to three-million new jobs."

Kennedy's remarks before more than 1,000 delegates repeated (Continued on Page 2, Col. 5)

Unescorted Kennedy Irks Police

NEW YORK (AP) — President Kennedy has begun a five-day East Coast tour by irritating the New York Police Department—for obeying traffic signals.

In New York, Kennedy decided he could do without a 25-motorcycle escort, with its sirens and flashing red lights.

Press Secretary Pierre Salinger said the President decided to avoid disrupting New York traffic and to act "like an ordinary motorist, stopping at stop lights."

The decision collided with the conviction of New York police that they know best how to protect the President in their city.

EMERGES UNSCATHED

Kennedy emerged unscathed from his spin through the city from LaGuardia Airport. He expressed delight at the drive—although his limousine had to stop for 10 red lights.

He vowed to continue the practice while remaining in the city, where he speaks today to the AFL-CIO convention.

'Dream' Seen by Church Unit

A skit titled "Mrs. Smith's Dream" was presented before the Woman's Society of Christian Service, Wednesday, in the Oakland Park Methodist Church. The Esther Circle served refreshments.

Taking part in the play were Mrs. Clayton Gillies, Mrs. Ray Coombe, Mrs. Doris Brown and Mrs. Fay Magner. Mrs. Norman Troy was a guest of the group.

Women's Group Selects New Slate

New officers were elected at a schoolgirl luncheon and business meeting of the Past Noble Grands of Pontiac Rebekah Lodge No. 485 Thursday at the home of Mrs. Walter Goodrich.

Heading the group will be Mrs. Florence McCas as president. Assisting Mrs. McCas will be Mrs. Katherine Warner, vice president; Mrs. Orry Ritter, secretary and Mrs. Howard Smith, treasurer.

Pontiac Press Photo

Mrs. I. Joseph Davis Jr., Jefferson Street (left), presented a Russian doll to Waterford Center School at the PTA meeting last night. PTA assistant Mrs. James R. Peispirin, Pontiac Lake Road, accepted the doll after Mrs. Davis' speech on her recent tour of the Soviet Union.

SPADEA DESIGNER PATTERN

Ceil Chapman

N1047

Come alive after five, and make every inch as feminine as can be. Ceil Chapman suggests sweeps of soft folds that dip and drape in all the right places.

The original was made in a lightweight matte jersey, but crepe or chiffon would also, do well.

To select your correct size, use Spadea's exclusive ready-to-wear size chart.
