Russians Expel American Priest

Act Believed Retaliation for U.S. Refusing Visa to Soviet Churchman

MOSCOW (INS) — The Rev. Georges Bissonnette wept quietly today as he conducted what may be his last mass in Moscow for Roman Catholics among the Western diplomatic colony.

The American Assumptionist father has been ordered to leave the Soviet Union within a few days.

The priest said mass this morning for about 20 persons gathered in his two-room apartment which he had outfitted as a chapel.

Those who gathered there were, like the Rhode Island-born priest, moved emotionally as they prayed together.

Fr. Bissonette said the Russians had not given him any reason for his expulsion, which was disclosed yesterday. It was believed connected, however, with Washington's refusal to extend a temporary visa this month to a

Grounds for Divorce Apparently Sufficient

LONDON (AP)—Robert E. Want, 54, told a divorce court judge his wife had:

Packed his lunch with sandwiches made of mud;

Filled his vacuum bottle with broken glass instead of tea and included a note accusing him of having a secret love life;

Slammed the car door on his fingers;

Hit him with a poker;

Thrown a can of creosote on his suit;

Emptied two buckets of ashes and a pail of wet garbage on him.

Judge Henry Grazebrook granted the divorce.

Still Popular!

Bill Introduced to Streamline County Board

Broomfield Amendment Would Prevent Drastic Cut in Supervisors

A bill was introduced today in Lansing aimed at streamlining the Oakland County Board of Supervisors while preventing a drastic cut in the number of city members threatened under the old set up.

The amendment to the law regulating numbers of county supervisors was presented by Sen. William S. Broomfield (R-Royal Oak) as requested by a special committee of Oakland's governing body. It would pertain only to Oakland County.

It would leave the township supervisors on the board at their present 25 total, but cut city supervisor strength from 64 to 43. Pontiac's representation would be reduced from 10 to seven.

Broomfield's measure would protect Oakland from a previous amendment passed in 1943 to accommodate Wayne County.

The Wayne amendment states that when the total of city supervisors on a board reaches 75, their strength will automatically be cut back about 60 per cent.

In Oakland, the cities now have 64, but recent and expected incorporations will soon bring the total over 75. Under the old law an immediate reduction to 30 would occur, leaving a five-person city majority on the board, compared with the present 39.

A joint committee of Oakland township and city supervisors agreed the Wayne amendment would throw the board out of balance considering the majority of population represented by cities.

The committee also agreed the board as now made up is unwieldy and drew up the measure for Broomfield to introduce.

Broomfield's bill includes "counties having a population, according to the latest or each succeeding federal decennial census, of less that 1,000,000 but more that 390,000 . . ." Oakland is the only county falling in this category.

"The amendment passed for Wayne's benefit is not changed,

Fluoride Does Not Etch Glass, He Says

WASHINGTON — District Director of Public Health Daniel L. Seckinger reports that a tremendous amount of research has been done on fluoridation of water by the United States Public Health Service, the State of New York and others. He said that in the amounts used, absolutely no detriment to health or mechanical devices (glass included) has been found.

Dr. Seckinger said that in many areas, the concentration is greater than here in the District of Columbia, being two, three, four or more parts per million. Here it is one part. There are areas where naturally-fluoridated water contains more than double the amount administered locally.

Gilbert Levin, an engineer with the Bureau of Public Health, said he had investigated a number of contentions of supposed detrimental effects. He said no single instance of a valid complaint against fluoridation from a health or industrial equipment standpoint was found.

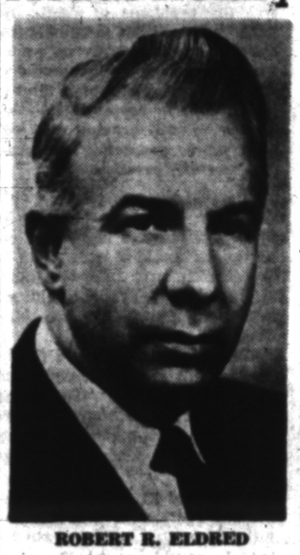

The possibility of fluoride etching glass in such low concentrations was investigated specifically. He said neither District health authorities nor the U. S. Public Health Service had found any evidence to support the theory.

A letter in the Voice of the People in the Pontiac Press said: "Water jugs kept filled with fluoridated water in Washington become so etched inside that they are cloudy looking. The case against fluoridation is a strong one."

Okay Military Pay Hike

WASHINGTON (INS) — A pay raise of approximately 735 million dollars a year for about two million members of the armed forces has been tentatively approved by a House Armed Services subcommittee.

Heads Rotary

ROBERT R. ELDRED

At a meeting of the Rotary Club this noon at the Waldron Hotel, Robert R. Eldred was elected president for the year beginning July 1. Lee A. Matheson was elected vice-president; W. Walter Smith, secretary; James F. Slattery, assistant secretary and Francis F. Miller, treasurer. The new directors are John Q. Waddell, Dr. Frank A. Mercer, and current president, Dr. Harold A. Furlong.

Senate Battle Seen Over Tax

Floor Fight Threatens as Dems Keep Trying for $20 Slash

WASHINGTON (AP) — A possible slowdown by the Senate Democratic leadership on the administration-backed tax bill threatened today to bring on a floor fight rivaling in bitterness that which preceded House passage.

Colleagues said Sen. Clements of Kentucky, acting Democratic leader, has let it be known he favors delaying the start of debate until March 14. His only public comment was that the bill would be handled "in regular order."

House Democrats, over the vigorous opposition of President Eisenhower, had written into the bill a $20 income tax cut for everyone effective next Jan. 1.

The Senate Finance Committee struck out that cut, leaving in the bill only a year's extension beyond April 1 of present corporation and excise tax rates now bringing in three billion dollars a year.

Chairman Byrd (D-Va) of the Finance Committee, who led the fight there against the $20 income tax cut, said in a separate interview there would be "no justification" for delaying Senate action beyond the middle of next week.

"We are going to move to bring this bill up then, if it becomes necessary to do that," he said.

Ordinarily the majority leader schedules when legislation is taken up. But his timetable could be upset if the Senate voted otherwise.

With this in mind, Sen. Knowland of California, the GOP floor leader, opposed a request by Sen. Kerr (D-Okla) to permit a Finance Committee minority to file a report "when written."

Knowland and Kerr, who back the $20 tax cut, finally agreed at Byrd's suggestion on a Tuesday noon deadline.

Sen. Barkley (D-Ky) said the proposed $20 cut — which would cost the treasury $2,200,000,000 in receipts in a full year—would be offered on the Senate floor.

Chairman Bridges (R-NH) of the Republican Policy Committee predicted an almost solid GOP vote against it.

Eisenhowers Feted

WASHINGTON (AP) — President and Mrs. Eisenhower were guests of honor last night at a dinner given by Secretary of Interior and Mrs. Douglas McKay.

Dulles Claims Quemoy, Matsu Not for Barter

But Others Hint That Isles Might Be Ceded to Reds on 2 Conditions

TAIPEI Formosa (AP) — U. S. Secretary of State Dulles told Chinese Nationalist President Chiang Kai-shek today that Quemoy and the Matsus were not on the bargaining table for a cease-fire in the Chinese civil war.

But sources close to the secretary hinted the offshore islands might be abandoned to the Reds on two conditions:

1. That the abandonment would bring a guaranteed peace to Asia, and,

2. That Nationalist China would agree to the move.

The Nationalists may not agree under any circumstances. The islands are the last important outposts they hold off the Red mainland.

Dulles reaffirmed U. S. determination to defend Formosa and the Pescadores, as pledged in the mutual defense pact ratified earlier today.

Dulles left for Washington late in the afternoon, winding up a whirlwind tour of Thailand, Burma, Laos, Cambodia, South Vietnam, the Philippines and Formosa.

Thirty-seven minutes after he arrived today he signed the documents that brought into force the mutual defense pact between the United States and Nationalist China. Nationalist Foreign Minister George Yeh signed for China.

The treaty itself was signed in Washington Dec. 2. It commits the United States to defend Formosa and the Pescadores, gives the United States the right to dispose land, air and sea forces in and about the area, and binds the two countries to act against an armed attack in the west Pacific.

Dulles said:

"Increasingly through the world, free men have found it necessary to unite in the cause of freedom. Here, where Chinese Communist aggression threatens, we pledge

Mrs. Ford's Brother Settles for $15,000

DETROIT (AP)—A claim of 28 million dollars against the estate of Mrs. Henry Ford by her brother was settled out of court today. The settlement was reported to be $15,000.

Edgar Leroy Bryant filed suit in April 1951 claiming his sister's entire estate. This suit was dismissed by Probate Judge Joseph A. Murphy today when he learned of the compromise.

Bryant made his claim on the basis of the "many services" he performed for late Henry Ford.

Mrs. Ford died Sept. 29, 1950. She left four million dollars to the Edison Institute and the rest to children of her son, Edsel Ford.

Fire Sweeps Historic Wharf in Boston

FIREBOAT GUARDS RUINS — A fireboat, right, pours water into smouldering ruins of historic India Wharf in center of Boston's inner harbor today after blaze swept through several dockside buildings. Cause of fire, which brought forth most of the downtown city fire equipment and several fireboats, is undetermined. The wharf, more than a century old, gets its name from the Clipper Ship tea-trade with the East Indies.

Try Nibbling Pounds Away, Prof Advises

HOLLYWOOD, Fla. (AP)—"Scientific nibbling," or eating part of a meal between meals, may help control tendencies to gain too much weight, a food expert said today.

But the nibbling "must be a part of what would have been eaten at meals, not an extra," Dr. Frederick J. Stare, of Harvard University, said.

He was one of the main speakers at the National Food Conference, which began today.

He stated:

"The aim is to decrease the number of calories eaten in a 24-hour period in order to lose weight. Scientific nibbling makes it easier for some people to do just that."

"Contary to popular belief this is not the healthiest country in the world—particularly for men in their prime," he said. American males past the age of 45 die younger than those in 10 of 17 comparative countries, he added.

Vote on Harlan Due Wednesday

3 Committee Senators Known to Oppose Ike's Justice Nominee

WASHINGTON (AP) — Judge John Marshall Harlan's nomination to the Supreme Court, first submitted by President Eisenhower last November, will come to a vote in the Senate Judciary Committee Wednesday.

Senators supporting Harlan's nomination said they believe a majority of the 15-member committee will recommend Senate confirmation.

Three members, Senators Eastland (D-Miss), Olin D. Johnston (D-SC) and Langer (R-ND), have announced they will oppose confirmation. At least five other committee members have declined to commit themselves publicly.

Eastland and Johnston have said they oppose Harlan because they fear he might rule that the United Nations Charter or other treaties could override the U.S. Constitution and state and federal laws.

In public hearings last week, Harlan himself testified that as a Supreme Court justice he would uphold and enforce the Constitution and the laws enacted by Congress.

Eisenhower selected Harlan after the death last October of Justice Robert H. Jackson.

Spokesmen for both the American Bar Assn. and the New York State Bar Assn. highly praised Harlan.

No. 1 Fisherman Given Colorado's No. 1 License

DENVER (INS) — Colorado's "No. 1" fisherman got the state's No. 1, 1955 fishing license.

The license, complete with a gold-embossed leather carrying case, was issued to Dwight David Eisenhower.

The $10 non-resident license fee was paid personally by state game and fish director Tom Kimball, who said:

"Just call it my gift to Ike."

Would Strike Back

LONDON (AP) — Prime Minister Churchill said today United States planes based in Britain might launch a counterblow without prior consultation in the event of a surprise hydrogen bomb attack "on this island."

Earnings Equal $9.08 a Share

GM Sales and Profits Gain in 2nd Best Year on Record

NEW YORK (AP)—Sales of General Motors passenger cars climbed 3 per cent last year while total auto industry sales were slipping, the giant firm told its 488,000 stockholders today.

Earnings, as previously announced by the company, jumped to 806 million dollars in 1954 on sales of $9,824,000,000. Profits were the largest of any year except 1950 and were equal to $9.08 a share, against 598 million or $6.71 a share the year before. Profits amounted to 8 per cent of sales against 6 per cent a year earlier.

The year 1954 was one of "outstanding achievement" for General Motors, said Alfred P. Sloan Jr., chairman, and Harlow H. Curtice, president, in the annual report.

Headlining GM's role in the 1954 auto sales race, the report noted that combined sales of all U. S. makes were off 9 per cent from 1953. But, is said, sales of GM cars (Cadillac, Buick, Oldsmobile, Pontiac and Chevrolet) climbed to 2,884,027 units — a 3 per cent gain over 1953 and within 5 per cent of 1950's all-time record.

The report pointed up a 29 per cent drop in the company's sale of defense goods to the government. Total sales of military items slipped to $1,371,000,000 from the previous year's $1,938,000,000.

At the same time sales of civilian products rose from $8,099,000,000 in 1953 to $8,453,000,000 last year. And total sales of $9,824,000,000 were only 2 per cent under the all-time high of $10,028,000 in 1953.

GM's tax bill was $1,035,000,000, or 11 cents for each dollar of sales, and $11.85 for each share of common stock.

With sales and excise levies figured in, the company's "to-

Utility Dispute Will Be Aired

Fact-Finding Panel to Hear the Grievances of Consumers Workers

JACKSON (AP) — A dispute which led to a 24-hour strike at the Consumers Power Co. Tuesday was up for an airing today (3 p.m. EST) by a state fact-finding panel.

The walkout began Monday midnight when the contract between Consumers and the CIO Utility Workers of America expired. It was called despite appointment of the fact-finding panel a few hours earlier under the state's Bonine-Tripp Law.

The law requires a 30-day waiting period to give the fact-finders time to study the dispute and make recommendations.

The 4,900 strikers began returning to their jobs Tuesday midnight under a truce. The union agreed to send representatives to the panel hearings only on condition they be paid by the company for time spent. It said it was not recognizing legality of the law.

Manchester Hit by Million Dollar Fire Last Night

Conflagrations Brought Under Control; Damage Estimated High

By THE ASSOCIATED PRESS

A pair of raging fires hit the Boston waterfront and a business block in Manchester, N. H. early today, but officials reported no casualties in either of the spectacular blazes.

Some 300 Boston firefighters—aided by city fire boats, Navy and Coast Guard vessels — battled a blaze on 500-foot long, historic India Wharf.

A 25-30 mile per hour wind fanned the flames more than 75 feet high. The fire was reported visible as far as 25 miles distant.

The fire still burned nearly four hours after it broke out but fire officials said it was contained and would not spread.

No one was reported injured, but damage was estimated at $100,000 to more than a dozen two-story wooden structures. Authorities called in the arson squad to determine the fire cause.

India Wharf dates back to before the Civil War when clipper ships carrying tea from the West Indies tied up there.

It is about 200 yards from the scene of the Boston Tea Party, the revolt of Bostonians against taxation without representation. It extends from Atlantic avenue, one of Boston's busiest thoroughfares.

At Manchester, N.H., several business establishments were destroyed in a three-story, three-building block in the heart of the city.

The blaze, burning for 12 hours last night and early today, caused an estimated million dollars' damage. No serious injuries were reported.

All available fire equipment fought the flames in freezing weather and a heavy drizzle. A fire official said the blaze apparently started after the stores were closed Wednesday.

Little Change Seen in Weather Outlook

There will be little change in the weather outlook in the Pontiac area, according to the U. S. Weather Bureau.

Skies will be mostly cloudy tonight and tomorrow with a slight drop in temperatures tomorrow. Tonight's low will be near 35 degrees with a high tomorrow near 40.

Tomorrow night will bring continued cloudiness and colder weather, the expected low being 30 to 34. Saturday will bring rain or snow to southern Michigan.

The mercury was 30 degrees at 8 o'clock this morning, rising to 40 by 2 p.m.

Press Offering Cash

Win $120 for Having Fun

Do you like money? (Silly question.)

Do you like fun? (Who doesn't?)

And that's why you'll like Bonanzagrams, which offer both.

Bonanzagram is a new puzzle contest that really challenges your skill. If you didn't quite complete the sample puzzle in yesterday's paper, the answer appears on page 22 today.

That was just a sample. The real McCoy starts Monday, when the Pontiac Press will offer $100, (plus a $20 bonus) for the correct answer to a Bonanzagram each week.

Any one may enter (except Press employes and immediate families) and anyone might win. Don't miss the first one next Monday.

Police Avert Planned Fight

Pick Up Gangs, Find Weapons Last Night After Tip

A tip to Pontiac Police last night enabled officers to avert a scheduled teen-age gang-fight at Washington Junior High School.

Acting on an anonymous telephone call, Detectives James LaPonsie and Richard Evans and officers in cruisers began picking up groups of youths in the area.

Many of the youths were armed with clubs and knives. They ranged in age from 13 to 18 and were students of junior high and Pontiac High schools.

More than 50 youngsters were questioned by Capt. Clark Wheaton. One knife-bearing 15-year-old was sent to the Oakland County Children's Home because of his attitude. The others were given stern warnings and released to their parents.

Wheaton said that, according to the youths, the planned gang-fight was a culmination of several previous arguments and fights.

Pontiac Press Photo

DOUBLE EXPOSURE — Although it lived only one day, this two-faced kitten (inset) caused quite a stir at the home of Mr. and Mrs. Frederick Stitz, of Waterford. The oddity had two mouths, four eyes, two throats and two brains. Stitz said it could take food with both mouths or meow with both. The mother, Tootsie, (lower photo) had three other kittens in the litter, all normal. The little freak, runt of the group, was born Tuesday.

GM Sales and Profits Increase During '54

(Continued From Page One)

tal ascertainable taxes" for the year amounted to $1,732,000,000 — equal to $19.83 a common share and almost four times the amount paid in dividends on the common.

The truck market declined from the 1953 level. Sales of GM trucks fell about 14 per cent, roughly the same as the industry average.

Automotive products accounted for about 90 per cent of GM's civilian business. Among products making up the remaining 10 per cent, Frigidaire appliances and Euclid earth-moving equipment enjoyed a good market while sales of diesel locomotives declined.

At year end, GM was buying materials and parts from more than 21,000 prime suppliers in 48 states. They received more than 50 cents of every GM sales dollar.

Sales of cars and trucks from the company's plants overseas climbed to a new high of 349,864 units, a gain of 32 per cent above the previous record set in 1953. The report declared:

"The market abroad has shown remarkable growth in the past few years and offers a promising potential.

Dulles Claims Isles Won't Be Bartered

(Continued From Page One)

our mutual effort in serene confidence that the cause of freedom will prevail."

Yet said:

"This historic document will, I am sure, not only be a powerful deterrent to further Communist aggression in the west Pacific area, but also serve to strengthen the over-all position of the free world in its efforts to achieve lasting peace and security."

After the ratification ceremony, President and Mme. Chiang gave a luncheon for Secretary and Mrs. Dulles.

Dies on Business Trip

Word has been received of the death of Oliver G. Kelley, 60, of 260 Park St., Newton, Mass., Boston industrialist and banker. He died Thursday in Cairo, Egypt while on a business trip and is being flown home for service and burial. Among his survivors is a brother, William L. Kelley of Pontiac.

Admits Morals Charge

Searcy King, 20, of Detroit, yesterday pleaded guilty to a morals charge and Oakland County Circuit Judge George B. Hartrick set sentencing for March 14. King was arrested last Aug. 1 by Royal Oak Township Police.

Seven out of eight U. S. children 5 to 17 years old are enrolled in public schools.

Local Red Cross Cash Raised in 3 UF Drives

The bulk of Oakland County American Red Cross needs for this year were provided for in three United Fund agency drives last fall, according to Harold B. Euler, chairman of the county chapter.

"March has been designed Red Cross month and a fund-raising and membership drive is in progress in communities across the nation. We would welcome anyone wishing to join our organization," Euler said.

The county chapter's goal this year was $156,000. Of this, $51,000 will come from money collected in the Pontiac Area United Fund drive and the balance from the Detroit UF plus the Oakland County 20 Townships fund.

"We are most grateful to everyone who contributed last fall," Euler added.

Russians Expel U.S. Priest From Moscow

(Continued From Page One)

Russian Orthodox churchman who was visiting in the U. S.

A soft-spoken Assumptionist priest from Worcester, Mass., who escaped the Nazi hordes that invaded France in 1940, today prepared to replace ousted Fr. Bissonnette.

A spokesman at Assumption College said Rev. Louis F. Dion, A.A., the college registrar, is preparing to go to Moscow shortly.

The spokesman said:

"Fr. Dion is ready to go to Russia. The action taken against Fr. Bissonnette does not worry him in the least. There are American Catholics in Moscow who need the ministrations of a priest and our original plans to send Fr. Dion to relieve Fr. Bissonnette, made many months ago, have not been changed.

"Of course, we do not know that the Soviet will admit Fr. Dion but we certainly will send him, if there is any way we can do it. As a priest, he will do his duty wherever he is sent."

Meanwhile, at Central Falls, R. I., the bewildered parents of the ousted Fr. Bissonnette awaited word as to when he would return home.

A U. S. Embassy spokesman said the priest hoped to leave Moscow by air on Saturday.

The heart is among the strongest and most durable organs in the human body, says the American Heart Assn.

MELVIN GLOVER

New Officer Named on Sylvan Lake Force

Sylvan Lake Police Chief George Purdy today announced the appointment of Melvin Glover to the department's police force.

Glover, 32, of 30 W. Yale St., replaces Fred Robinson who resigned recently to become police chief for the village of Wolverine Lake. Glover had served three years with the Oakland County Sheriff's Department and during World War II was a member of the Army Quartermaster Corps.

Pontiac Deaths

Howard S. Beebe

Howard S. Beebe, 61, of 464 Auburn Ave., died this morning after a four-week illness.

Born in Atlas, he was the son of Silas and Sarah Beebe. He attended schools in Davison before coming to Pontiac 35 years ago. He married Alice Call in Fenton Nov. 6, 1919. A veteran of World War I, he was last employed as a government employe in the Detroit arsenal. Before that he was an inspector at General Motors Truck and Coach Division.

Surviving besides his widow are three sons, Richard and William of Pontiac, Master Sgt. Jack Beebe of Quantico, Va., and a daughter, Mrs. Barbara Anderson of Long Beach, Calif.

Also surviving are a brother, William of Flushing, and two sisters, Mrs. Frances Dean of Flint and Mrs. Aida Processer of Coldwater.

Funeral arrangements will be announced later by Brace-Smith Funeral Home.

Howard A. Costello

Howard A. Costello, 71, of 18 Jefferson St. died at 5:30 this morning at St. Joseph Mercy Hospital. He had been ill nine months.

Born April 30, 1883 in Mt. Pleasant, he was the son of Thomas and Sarah Patrick Costello and married Grace Lloyd in Grand Rapids Dec. 20, 1905.

Coming here from Clare 40 years ago, he was retired from Grand Trunk Western Railroad and a member of the Railroad Brotherhood Trainmen.

Besides his widow, he is survived by a son, Chauncey, five grandchildren and eight great-grandchildren.

The funeral will be held Saturday at 10 a.m. from the Huntoon Funeral Home with the Rev. Robert Garner of the General Baptist Church officiating. Burial will follow at the Cherry Grove Cemetery at Clare at 2 p.m.

Harold E. Davis

Harold E. Davis, 54, of 46 Pine Grove Ave. suffered a heart attack last night and was dead on arrival at St. Joseph Mercy Hospital.

He was born in Delphos, Ohio, Dec. 19, 1900, the son of Frank and Zella Davis and was married to Nina Gierhart in Fort Wayne March 31, 1929.

A member of the Methodist Church of Fort Wayne, he had lived in Pontiac two years, was an optician with the Huron Optical Co. and a member of Lodge 342 F&AM of Fort Wayne and the Fort Wayne Consistory.

Besides his widow, he is survived by a son, Wesley E. at home. Also surviving are three brothers, Glenn and Wayne of Fort Wayne, Donald of Georgia; three sisters, Mrs. Hazel Dobler of Fort Wayne, Mrs. Fern Felts of Florida and Mrs. Pauline Snyder of Detroit.

The body will be at the Sparks-Griffin Funeral Home until Friday morning when it will be taken to the Klaehn Funeral Home at Fort Wayne for service and burial Saturday.

Mrs. Stuart A. Farner

Mrs. Stuart A. (Grace McVittie) Farner, 39, of 410 Genesee St., Flint and a former Pontiac resident, died yesterday at the McLaren General Hospital of Flint. She had been ill five months.

Born in Pontiac Nov. 29, 1915, she was the daughter of Kenneth and Effie McVittie and was married in Pontiac Jan. 11, 1947.

Mrs. Farner had lived in Flint eight years. She was a member of Central Methodist Church, Pontiac, a member of Beta Sigma Phi, Grey Ladies of Hurley Hospital, Flint and of the Merry Makers Club.

Surviving are her husband and one daughter, Dawn M. Farner, at home. Also surviving are two brothers, Warren of Clarkston and Kenneth of Royal Oak. An aunt, Mrs. Grace McVittie of Pontiac, also survives.

The service will be held Saturday at 1 p.m. from the Graves & Co. Memorial Chapel, Garland at 3rd St., Flint. The Rev. Lloyd V. Channels, pastor of the Central Methodist Church, Flint, will officiate. A graveside service will follow at 3 p.m. at Ottawa Park Cemetery, Waterford.

George H. Inman

George H. Inman, 82, of 2319 Garland Ave. died yesterday at Pontiac General Hospital after several months illness.

Born in Lapeer Dec. 25, 1872, he was the son of Henry and Alma Inman and was married to Laura Owen. She died in 1950.

Mr. Inman came to Pontiac from Utica 35 years ago. He was a member of the First Baptist Church and was last employed as a painter in the automobile industry.

Surviving are three sons, Robert, Clifford and George, all of Pontiac.

The funeral will be held Saturday at 1 p.m. from the Sparks-Griffin Chapel with burial in Utica.

Harry L. Patten

Harry L. Patten, 71, of 235 S. Marshall Blvd. died at 6:15 this morning at St. Joseph Mercy Hospital.

Born Jan. 22, 1884 in Kimball, Minn., he was married there to Eunice Marshall in 1900.

Mr. Patten came to Pontiac 26 years ago and had retired from the Pontiac Motor Division.

Besides his widow, he is survived by two daughters, Mrs. Helen Whitcomb of Minneapolis, Minn. and Mrs. Alice Caswell of Rochester, Wash.; four sons, Kenneth of Caro, Milton of Keego Harbor, Edward of Minneapolis, Howard of Pontiac, 15 grandchildren and five great-grandchildren.

Two brothers also survive, Earl of Tennessee and Ray of Seattle, Wash.

Funeral arrangements will be announced later by the Sparks-Griffin Funeral Home.

Patrick Richard Robinson

Patrick Richard Robinson, 13, of 6993 Mather St. died Tuesday at Pontiac General Hospital after an illness of three days.

Born in Cass City June 22, 1942, he was the son of Larry and Virginia Shagena Robinson. Patrick is survived by his parents; three brothers and a sister, Jack, Larry, Gary and Gale, all at home. He came here with his family three years ago from Cass City.

The body will be at the Pursley Funeral Home where a prayer service will be held tonight at 8 p.m., It will then be taken to the Little Funeral Home at Cass City for service at 2 p.m. Saturday. The Rev. James Parker of Sunnyvale Chapel will officiate with burial in Elkton Cemetery.

Defense to Call Alibi Witness

Former Phenix Deputy to Take Stand—Today in Murder Trial

BIRMINGHAM, Ala. (AP)—A former sheriff's deputy at Phenix City who served under Albert Fuller and went to jail for election fraud was expected to testify as an alibi witness today in Fuller's murder trial.

Chief defense counsel Roderick Beddow said Aaron Smith would be among the first witnesses called to back up the former chief deputy's assertion that he was in the county jail when A. L. Patterson was slain June 18.

* * *

Patterson, the racket - busting Democratic nominee for attorney general who had sworn to clean out vice-infested Phenix City, was shot down outside his law office building half a block from the jail.

Fuller was indicted for the murder six months later together with Arch Ferrell, former prosecuting attorney at Phenix City, and Si Garrett, attorney general of Alabama at that time.

Smith was among the 100 or so persons sent to prison or fined during the vice cleanup that followed the antivice crusader's death.

Defense attorneys spent yesterday trying to discredit witnesses who had testified earlier, particularly Cecil Padgett, a young Phenix City construction worker.

Padgett testified last week he saw Fuller and Patterson together just before the slaying and saw Fuller and Ferrell standing by Patterson's car immediately after the shooting.

Beddow sought to show that Padgett was "heavily in debt" and that the prospect of sharing in the $11,000 reward offered for a solution to the Patterson murder influenced his testimony.

County Won't Get Judge Immediately

The State Senate was expected to approve a fourth circuit judge for Oakland County late today, but has ruled out his immediate appointment by Gov. Williams, Sen. William S. Broomfield (R-Royal Oak) said today.

The measure was reported out of the Senate Judiciary Committee yesterday and Broomfield moved to amend it to have Williams appoint the man on Jan. 1, 1956 to serve until the Nov. 1956 election.

The proposal to allow the Democratic governor to name a man met opposition from other members of the Republican-controlled Senate.

Broomfield said a survey by the state court administrator showed Oakland needs the fourth judge now." But he agreed to drop the plan and take "half a loaf."

The Day in Birmingham

Youth Committee Plans Talks With Area Groups

BIRMINGHAM—Now a matter of record is the first report issued by the Birmingham - Bloomfield Franklin Council on Community Services, in which formation of a youth committee was recommended in order to prevent the spread of youth problems in the area.

Such a committee was formed last month, and today Mrs. Harvey Greene, chairman of the Youth Committee, released plans already under way.

She stated the purpose of the committee is fourfold: To analyze the problems of youth; to know all facilities available to assist youth in solving its problems; to promote community education and wholesome family living; and to correlate the activities of all groups working with youth, promoting cooperative working relationships.

"To speed the work of the Youth Committee, the group plans to invite representatives of various organizations working with youth in the community (Birmingham, Bloomfield and Franklin) to explain their activities," said Mrs. Greene.

"The committee believes the interviews will serve a twofold purpose," she continued. "To help establish what the problems are, and to give the community an understanding of the work of these organizations."

"We would like to have organizations contact us, and the material presented by them will be held in confidence by the committee unless otherwise agreed by the organization," Mrs. Greene stated.

"The YMCA has accepted the committee's invitation for interview at its next meeting, March 9," she stated.

* * *

Police Chief Ralph W. Moxley favored a suggestion that a central file be maintained on juveniles with police records, at a meeting in Detroit yesterday, of police officials from Oakland, Wayne and Macomb Counties and others. Moxley and Lt. Henry Timm attended the session called by Detroit Police Commissioner Edward S. Piggins.

Moxley offered to work with a committee in studying the proposal.

* * *

Birmingham Business Women's Club will hold its regular business meeting following a dinner at 6:30 tonight at the Community House.

* * *

Final reports have brought the YMCA membership enrollment to 1,102 members of the 2,000 sought. But Arthur Blakeslee, general chariman, says he has hopes of passing the goal inasmuch as the campaign has been extended to this Saturday.

* * *

Barnum Junior Players will give the first in their series of three yearly plays at 8 p.m. tomorrow. Mark Twain's ageless "Tom Saw-

Mrs. Joseph Brooks

Service for Mrs. Joseph (Mae Kelcher) Brooks, 82, of 272 Ravine Rd., will be at 2 p.m. Saturday at the Manley Bailey Funeral Home, with burial in Southfield Cemetery. A life-long Birmingham and Southfield Township resident, Mrs. Brooks died today.

She is survived by three daughters, Mrs. Robert Chissus of Bloomfield Township; Blanche of Birmingham; Mrs. Ralph Kreger of Clarkston; four grandchildren and three great-grandchildren.

Bill to Streamline Board Introduced

(Continued From Page One)

nor are the provisions which cover all other state counties," said Broomfield.

The proposed formula for allotting Oakland's supervisors calls for one member for cities with a population of 4,000 or fraction thereof; two supervisors for populations of 4,001 to 9,000; three for 9,001 to 15,000; four for 15,000 to 25,000; five for 25,000 to 40,000; and one additional for every 25,000 people or fraction thereof over the 40,000 mark.

The measure will probably go to a Senate committee for study and a report, said Broomfield.

Birmingham Police Quiz Two in Slaying

BIRMINGHAM — Two Detroit men are being held for investigation of the gas station holdup and killing of Doyle Howe, 24-year old station attendant shot here last Sept. 12, Det. Sgt. Robert Schaule said today.

T. Doyle Webb, 35, has volunteered to take a lie detector test and will do so this afternoon, Schaule said. He said William E. Gray, 36, Webb's companion when arrested, will be questioned.

The arrest was made through confidential information received from Evansville, Ind., Schaule said, where police are investigating two murders which occurred there last December. The killing methods closely parallel the manner in which Howe was murdered.

Police believe Howe was forced to his hands and knees in the station's washroom and shot, as were the Indiana victims.

State Prep Tourney Finale Is Sellout

LANSING (AP)—The evening final session of the state high school basketball tournament at Michigan State College March 19 already is a sellout, the State High School Athletic Association announced today.

Charles E. Forsythe, state high school athletic director, said this was the earliest date there has been a sellout for the final session.

All of the 11,500 seats for the evening session are sold, he reported.

Forsythe said there still are about 1,500 seats left for the afternoon final session of the tourney.

Acting Prexy Named

DETROIT (AP) — The election of Don H. Gearhart as acting president of Hupp Corp. was announced today. Gearhart succeeds R. S. Geddes, resigned. Geddes will serve Hupp as a consultant.

French General Dies in German Hospital

PARIS (AP) — Gen. Francois Gonzales de Linares, former French commander in northern Indochina, died last night in a hospital in Baden, Germany. He was 58.

A Defense Ministry announcement said De Linares had been in the hospital in the German health resort for a week, suffering from a "serious disease." Its nature was not disclosed.

After his return to France in May 1953, he became inspector general of French infantry.

The word "stadium" comes from the Greek measure "stadion," which is equal to 607 English feet, the distance of the original Olympian foot race. Later, the term was applied to the place where the race was run.

MEMBER OF AUDIT BUREAU OF CIRCULATIONS

THURSDAY, MARCH 3, 1955

Potter Backs Bill Urging Study of Oldsters' Needs

Michigan's CHARLES E. POTTER is one of the 56 Senate sponsors of a bill calling for a study of the problems of the aging and the aged.

In harmony with the Administration's frequent resort to the commission approach to problems, this bill would create a 10 member bipartisan body to implement the sponsors' ideas.

This group would be charged with the task of making special studies of the five basic problems facing older citizens. These are:

1. Employment and employability.
2. Income maintenance.
3. Health and physical care.
4. Housing and family relationships.
5. Effective use of leisure time.

In backing this measure the Senators had in mind important facts. As of now, 41 per cent of our adult population is 45 years old or more. By 1975 the number of persons 65 years or over will be about 21,000,000, or 11 or 12 per cent of the total population.

★ ★ ★

U. S. Secretary of Labor Mitchell has put the situation in sharp focus. It is his opinion that by 1975 unless something is done about it "an estimated half of our adult population will be condemned to a life of economic uselessness."

It is good to know that so many members of the Senate are backing this measure and that our own senior Senator is among them. Also encouraging is the fact that under a House bill a group would study job discrimination against workers between 40 and 65 years.

Sermon Wins Award

Deserved recognition has come to Rabbi SANFORD E. SAPERSTEIN of Temple Beth Jacob.

Freedoms Foundation at Valley Forge has honored him for a noteworthy Columbus Day sermon most appropriately titled "Rediscovering America."

With deep insight and appreciation Rabbi SAPERSTEIN gave his congregation an inspiring description of our country. "I am speaking about America," he said, "as a constellation of great principles; as the incarnation of a tremendous vision; as the embodiment of noble ideas."

Reminding his hearers that throughout our history these great principles have tended to become submerged and have to be rescued by alert men and women, Rabbi SAPERSTEIN continued:

"There is an unceasing battle on the part of the words 'liberty and justice for all' to fight their way up and to establish themselves in the institutions of this land and to weave themselves into the fabric and pattern of our lives."

★ ★ ★

Here the speaker warned against the frightening fear that pervades our country and clouds our thinking. The result, he said, is a tendency to restrict freedom of expression which means ultimately freedom of thought.

In conclusion Rabbi SAPERSTEIN made the eminently sound point that differences of opinion aren't a luxury but "are indispensable for our own welfare . . . because only through the free and open struggle of opinions can truth emerge."

MANY a person adopts the doctrine of "What is to be, will be" in order to excuse himself from trying to keep a lot of things from happening.

Too Many Holidays

Have you ever experienced a feeling of inner rebellion against the cost and inconvenience of the numerous holidays enjoyed exclusively by public employes?

Assemblyman LUDVIGSEN of Chenequa, a rural member of Wisconsin's state legislature has. More important he has done something about it.

★ ★ ★

That something is introduction of a bill which would limit paid holidays to the six most businesses grant their employes. These are New Year's, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas.

Under Wisconsin law state employes are granted 10 holidays plus two more, fall primary and election days, every other year. The author of the bill estimates that the cost of the extra holidays he would take away from state employes at about $1,000,000 a year.

★ ★ ★

His proposal has struck a responsive chord in Milwaukee where the *Journal* hopes LUDVIGSEN will broaden it to include city and county employes there. The measure also stirred the opposition of Wisconsin state employes' union, which is girding to fight it.

Here's something worth thinking about.

SOME people have magnetic personalities — and others have to work for a living.

The Man About Town

New Publication

Prize Offered for Best Title Suggested for It

Man: Whom God made first, to give Him time to make up an answer for the first question a woman would ask.

Brimming over with inside Pontiac municipal happenings is the new bi-monthly news bulletin which just bowed in. Its editor is

Ralph T. Florio

of the city sanitarian's staff. So far, it is nameless, and the Pontiac Municipal Employes' Association is offering $5 for the best name submitted by April 22. Judges to select the name are:

**City Manager Walter K. Willman,
Commissioner Floyd P. Miles,

The Berkley Advance,

entering its fourteenth year of publication.

Any Fallout?

James Marlow Says:

Heated Conflicts Inevitable in Probe of Stock Market

WASHINGTON (AP)—For the first time in more than 20 years the Senate today began a full investigation of the stock market. The cause: the market boom which has lasted 18 months. Prices are the highest in history.

The purposes:

1. To see if there is danger the boom may end in a bust like that of 1929. The last Senate investigation, 1933-34, grew out of that bust.

2. To examine market practices and operations under the government restrictions and regulations imposed since the last investigation.

3. To see whether new regulations are needed to protect both the national economy and the general public from excesses or disaster.

* * *

The inquiry, made by the Senate Banking Committee, opened on a soothing note. The chairman, Sen. Fulbright (D-Ark), emphasized he doesn't want to rock the boat — just look at it. A "friendly" inquiry, he calls it.

At least 20 top specialists in finance and industry, in and out of government, will appear as witnesses. After listening three weeks the committee will digest what it learned and then start again.

The scope of the investigation can be understood from Fulbright's statement that his committee sought as witnesses people qualified in these fields:

The general economic picture, business conditions, credit and tax policies, investment companies, pension fund and union fund participation in investments, equity financing and stock exchange member trading.

* * *

If it's Fulbright's hope calmness will pervade the inquiry throughout, it is a hope which may have been misplaced. With all those experts sounding off, heated conflict seems inevitable.

On Feb. 1 the committee mailed a questionnaire to 5,500 brokers, dealers, investment advisers, financial writers and economists. About 22 per cent replied.

In general the participants in the buying and selling of stocks expressed full confidence in the market. The economists as a group reflected, as Fulbright described it, a greater degree of caution.

* * *

Fulbright pointedly expressed some concern about the impulsive people who have money to invest and may make decisions on the basis of one day's testimony by one witness. He said:

"I want to suggest, merely as a cautionary reminder, that what may be heard on any single day from a high source may be attacked root and branch on the following day by an equally high source."

This was another way of saying: No matter what you hear from day to day, don't start guessing about the market until the full story is unfolded.

Baering Down

By ARTHUR "BUGS" BAER
(International News Service)

French picked their latest Premier by a combination of musical chairs, numbers in a hat and alphabetical precision.

After Mendes - France exited drain - wise they got down to Pinay, Pflimlin and Pineau. You know the French are practical sentimentalists who play he loves me, he loves me not, with an artichoke instead of a daisy.

Win or lose, they're going to get a meal out of it. They were considering Quismire, Queteau and Quagette. In the meantime Mendes-France left for Switzerland to start a couple of consolation avalanches.

Mendes - France had seen his duty and it did him. He can say, "Lafayette, I was there."

Somehow or another a fellow named Faure popped up in left field and is now Premier by unanimous dissent.

The present Premier is a radical. In France that means he drinks his cognac before he sniffs it.

First thing Faure did was to make Pinay minister of foreign affairs. He put Pflimlin in finance. Pineau got away clean.

Faure is the twentieth or twenty - first Premier since Liberation Day. But who counts?

The President of France has nothing to do with these revolutions at the Premier level. Mons. Coty is elected for seven years of high-hated solitary confinement.

In His Footprints

CHRIST AND DUTY

"I came not to be ministered unto but to minister."
Mark 10:45

Transfigured on the mount He stood . . . And Peter said, "Lord, it is good . . . That we are here. Come, let us build . . . Three altars, for this place is filled . . . With glory." But The Master went . . . Straightway to where His friends had spent . . . Their faith and failed to heal a lad . . . Of fits his father claimed he had . . . Christ's place was where His help would count . . . Instead of on the glory-mount.

JULIEN C. HYER

THOUGHT FOR TODAY

Go, and say to Hezekiah, Thus saith the Lord, the God of David thy father, I have heard thy prayer, I have seen thy tears; behold, I will add unto thy days fifteen years.—Isaiah 38:5.

* * *

God answers sharp and sudden on some prayers,
And thrusts the thing we have prayed for in our face,
A gauntlet with a gift in it.—
Elizabeth Browning.

Voice of the People

D. B. Ellwood Would Name New Streets After Notable Pontiackers of Yesteryear

Letters will be condensed when necessary because of lack of space. Full name, address and telephone number of the writer must accompany letters but these will not be published if the writer so requests unless the letter is critical to its nature.

I read recently in the Pontiac Press that certain names were being suggested for new streets to be laid out on the east side of town.

Here are some more appropriate ones: Brewster Street for Peter Brewster, a pioneer of the early days of Pontiac, and also William Brewster, who was around at the turn of the century.

Guillot Street for Dr. Harry C. Guillot who was mayor and a doctor of repute; Mars Street for Dr. Ranson E. Mars; Davis Street for Daniel Davis, an attorney who erected the original block at Saginaw and Huron Streets and also donated the clock in the Court House tower as a memorial to his wife.

Stemlake Street for Mr. Stemlake who erected the first three-story brick block, where the Strand Theater now stands, and conducted a grocery and meat business there.

Powers Street to honor Delbert Powers who was a banker here; Rodenbo Street to honor the first Pontiac boy, a Marine, to die in action in World War I. Waite Street to honor the Waite Brothers who started a dry goods store at Saginaw and Huron Streets.

There are a goodly number of worthy Pontiackers who deserve to be honored by having new streets and avenues named after them.

D. B. Ellwood

Davisburg

Says Fluoridation Makes People Buy Water

Fluoridation got its start in Russia and as the letter in the paper last week stated—the ones that handle the fluorine can dump in any amount they want to. It's an easy way to wipe out a city.

Our city water is good and healthful and has some percentage of fluorine in it. So why tamper with it? Those that have trouble with their teeth will find that if they cut out cokes and sweets and get on a healthful diet it will do more good than fluorine.

There is more at the bottom of this than we know about. It will create a new business for selling water, same as in the South. People will have to buy their drinking water, all on account of the idea of helping prevent decay in children's teeth.

What about the damage it does to the rest of the body? I'd rather see a child of mine have a few cavities than to have hardened arteries and a dozen other worse afflictions that fluoridation will cause.

We can move out of the city where we can put down a well, but everybody can't.

G. S. Farmer
298 Marshall

Thank you for telling me that the State Health Department does not "always require chlorination equipment to be either in operation or installed as a standby for all water supplies to which fluoride is added."

But the people of Pontiac want to know what the State Health Department would require in this city, in the event that fluoride is added to our water.

Since you have not, as yet, given us the answer to this question, I will pass on the information Walter Willman gave me on Feb. 28. He said that chlorination equipment will be installed and that chlorine will be added when the bacteria content warrants it.

I hope that the people of Pontiac understand, a little more clearly, just what is included in the fluoridation program.

The cost of the chlorination equipment is nearly as great as the equipment which is necessary when fluoride is added to the water.

Charles S. Maher
662 Lenox Avenue

Since the editor has commented on a letter written by me I would like to know how he is qualified to state that no harm has been done to anyone in Waterford Township by drinking water with a high percentage of natural fluorine.

Then, what percentage of the water of Waterford Township has he tested for this amount? I know there are many wells in Waterford Township and I doubt that many contain the same mineral content. I am not an authority on the subject, but I am sure there will be many variations.

However, I do wish to state from an article published by William P. Martzowka, M. D., member of National, Michigan and Saginaw Academy of General Practice Medical Association and Michigan and Saginaw County Medical Society that the action of manufactured fluoride and natural fluoride on the human system is vastly different and that the manufactured product is far more harmful. Dr. Martzowka has some literature available on the subject.

This, no doubt, will be published in a later issue of the Press as the editor has assured us both sides are to be given a hearing.

Neva G. Stewart
21 Mark Avenue

Tests and studies have been carried out in the U. S. and Canada on fluoridation and all have shown essentially the same results. Brantford, Ont. showed 60 per cent reduction; Evanston a two-thirds reduction in dental decay. Examination at Grand Rapids, after a 10 year period, showed the same type results.

The University of Michigan has participated in fluoridation since 1925. Their results are comparable to those above.

To obtain best results from fluorine in the water supply, it must be active from time of birth through development of secondary teeth. It will decrease the caries activity of older persons also, but in lesser degree than in children. It must also be emphasized that the beneficial effect is retained throughout life.

Some opponents say fluorine will produce "hard" water. Fluorine has no effect on whether water is "hard" or "soft."

Do not be misled by misquoted statements of "scare literature." My statements are facts proven by well known authorities.

It would be a shame if you, the citizens of Pontiac, deprived yourselves and especially your children of this public health measure. The cost per person runs between seven and fifteen cents a year. This is much cheaper than the cost of one dental filling.

Tax Cut Not Timely Now, Says Ross Wade

The Government's debt, which is the people's National debt, has reached an all time high of between $265 billion and $275 billion.

The interest alone costs the taxpayers $12,245 every minute or $17.5 million every day of the year.

On top of that the people's government is committed to additional billions of dollars for defense all around the world which has to be paid every year.

This is no time to cut the income of a people's government that is so heavily in debt by a tax cut of any amount.

Case Records of a Psychologist

Lack of Trace Minerals in Human Diet May Be Cause of Diseases Like Cancer

Rev. Hiram asks a very challenging question which should cause everybody to sit up and take notice. Its answer may even involve the cure for cancer and many other ailments that affect us at the age of 50 but are not very prevalent when we are young.

By DR. GEORGE W. CRANE

Case N-364: Hiram B., aged 31, is a successful clergyman.

"Dr. Crane, I have an interesting question that is more medical than psychological," he began.

"Why do you suppose the life span of people before the flood in Noah's time was so much longer? For example, Methuselah reached 969 years, the Bible tells us. What do modern physicians think about that tremendous life span?"

This problem has intrigued millions of people throughout the intervening centuries.

Adam lived to be 930 years of age, and Noah was 950 when he died. Most of the intervening males whom the Bible describes also lived from 800 to 900 years.

Maybe they used a different kind of calendar, which is one of the plausible theories. Perhaps they counted each season as a year.

Even so, if you divide Methuselah's 969 by 4, you still have an age of 242 and a fraction, which beats anything since.

Moses died at a ripe old age of 120, and Moses is regarded as belonging to comparatively recent human history, for he lived about 3,100 years ago.

King David died at 70, and that figure has been listed ever since as the "three score and ten years" allotted to men.

But another theory of great interest right now, is based on vital trace minerals that used to be plentiful in the soil in the age of dinosaurs but which have largely dissolved and run into the ocean since then.

When our table salt was so overly refined at the beginning of this century, we began to find large goiters developing in men, as well as women.

Then it was discovered that a trace of iodine would combat this upset of the thyroid gland and prevent the onset of goiter, so now we buy iodized salt.

Cobalt is another trace chemical which is necessary to life and the lack of which has threatened to wipe out flocks of sheep, etc. Iron, copper, manganese, and many others are also essential to bodily growth and health.

But these chemicals occur in soluble salts that have almost entirely dissolved in the past centuries and washed into the sea.

Cancer researchers are almost unanimously agreed that the reason we don't have cancer at 25 but may show cancer at 50 or

60 years of age, is due to chemical deficiency.

Many people also develop diabetes at 50 or 60, who showed no such ailment at 25. Why? Could it also be due to lack of vital trace minerals?

Farmers are now feeding "trace mineral" salt to their live stock, and experiments have shown that the cattle thrive much better thereon.

Furthermore, they seem to prefer this red-colored "trace mineral" salt to the former white variety.

An Indiana farmer, a neighbor of mine during the summer, told me his cattle used four blocks of the red salt to one-half block of the white, yet both blocks of salt taste about alike, so the cattle must instinctively have appreciated the value of the many trace minerals in the red block salt.

The human body can cure itself of almost every type of ailment if it has an adequate chance to do so.

This adequate chance involves not being overwhelmed suddenly by huge bacterial invasion, and possibly having plenty of trace minerals.

Always write to Dr. George W. Crane in care of The Pontiac Press, Pontiac, Michigan enclosing a long 3c stamped, self-addressed envelope and a dime to cover typing and printing costs when you send for one of his psychological charts.

Basal Metabolism Test Used by Trick Specialists

By WILLIAM BRADY, M.D.

Since I began taking iodin ration I am sure I feel better than I ever did in the 25 years I took thyroid as per basal metabolism tests . . . (Mrs. S. R.)

It is human nature, I suppose, to have a B. M. test or even two of 'em if one is loaded. I remember how pleasant it was to have Mrs. Lindner's salve or soap and sugar poultice applied to my stone bruises in barefoot days on Chapel Street in Canandaigua. But I swan I just can't conceive how a person with the high I.Q. your letter indicates could find amusement in that way for 25 years.

Would you be good enough to tell me confidentially how much the trick specialist or "clinic" racketeer charged per reading, and whether the price has increased as much as the price of meat and potatoes in 25 years?

The near-doctors who have been sold the impressive Rube Goldberg gadget for basal metabolism tests would rather forget that in a study of more than 1,000 cases basal temperature test proved a better index for thyroid therapy than the basal metabolism test. The basal temperature test requires no more expensive or imposing machinery than a clinical thermometer—so it doesn't interest the fast buck boys.

(I have no information for laymen concerning the basal temperature test, but I'll refer any physician to the source on request accompanied with stamped, self-addressed envelope. On courteous request, that is).

A good many correspondents have reported that the iodin ration has proved more efficient than the thyroid extract they had been using.

If everybody, that is, man, woman, child, chick, cat and canary, could have an adequate daily ration of iodin in one form or another there would seldom be need for thyroid treatment.

The physiological function of iodin is virtually identical with the function of thyroid hormone.

Too many gullible customers are so awed by gadgets and machinery that they enjoy being so exploited, just as I enjoyed the smell and feel of Mrs. Lindner's salve and mother's soap and sugar poultice on my stone bruises.

Too many young doctors with time on their hands look about them, see the customers flocking to the shops of the bunk merchants, and proceed to install gadgets which evidently attract business. They try to pretend that modern medicine is an exact science. Once the necessary machinery is installed and ready to roll you can sit back and conduct a remunerative push-button practice.

In the physiological laboratory many of these machines or gadgets are necessary. In the shop of the trick specialist they serve chiefly, I believe, to bedazzle and bewilder the customer so he will scarcely realize he is paying an exorbitant fee for medical service of questionable value.

Despite the imposing machinery, the era of push button medicine has not yet arrived. The real doctor's stock in trade today as always is knowledge, skill, experience and common sense.

Signed letters, not more than one page or 300 words long, pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. William Brady if a stamped, self-addressed envelope is sent to the Pontiac Press, Pontiac, Mich.

CAPT. WAYNE R. HARBOUR

Reserve Commander Assigned to Arabia

Capt. Wayne R. Harbour, officer in charge of the Army Reserve Training Center and unit adviser for all Army reserve units in Pontiac, has been assigned to a post in Saudi, Arabia.

He will report for duty before April 20 for a 1-year assignment with the Army section of the Military Assistance Advisory Group.

Capt. Harbour joined the Army on Jan. 31, 1939. He served in Europe during World War II and spent four years in the Far East Command prior to reporting to the Pontiac post in January of 1953.

He is married and has two sons. His family resides at 66 Wenonah Dr.

U.S. Is Running Short of Water

Science Studies Ways of Replenishing Supply in Arid Zones, Cities

WASHINGTON — President Eisenhower's warning that water is rapidly becoming the nation's most critical natural resource points up the habitual shortages of fresh water in many parts of the United States.

Water, the lifeblood of all living things, is also the lifeblood of industry. The production of a ton of finished steel, for example, requires 65,000 gallons.

As the nation grows, says the National Geographic Society, it gulps down water in ever-increasing quantities. The current demand for public use, industry and irrigation totals an estimated 200 million gallons a day or 73,000 billion gallons a year.

Falling water tables and squabbles over water rights have plagued the West and Southwest for years. More recently, lingering droughts have siphoned off wells, ponds and streams in the South. Summertime rationing is becoming common in Eastern cities.

Nature, however, is not rationing rain. The nation's total rainfall continues to average 30 inches a year — a superabundance of 1,570,000 billion gallons. The basic problem is distribution.

The Herculean task of replenishing water in arid zones or cities where demand is outreaching supply is being approached in several ways:

Conservation measures such as antipollution and reuse of water, helping nature to increase supplies in areas of scarcity, and conversion of fresh water from the sea. Some methods are old, others new and visionary.

Interior Secretary Douglas McKay says economical conversion of sea water and reclamation of contaminated water offer two of the most promising fields for research.

Several large distillation units are actually operating at oil refineries in remote, sun-baked spots. The largest of these, on the Persian Gulf, supplies 720,000 gallons a day for the Kuwait Oil Company.

Unlimited sweet water from the salty sea is an age-old dream. But present distillation systems are still too costly for general use, the Rand Corporation found in a recent survey. Depending on the process, the cost is $150 to $1,200 per acre foot compared to $1.50 to $50 for natural fresh water in the United States.

Known principles of laundering sewage may eventually provide industry and agriculture with usable water, and science is looking for an economical way to treat industrial wastes.

Ghosts, Lots of Dynamite Give Allure to an Old Hotel

By MARGARET LATROBE

Five cars, their thin wheels spitting mud through the chains, wobbled from the deep ruts of the country road, turned off toward the deserted building and fanned themselves out on the grassy clearing.

Piled high in the metal cage on each car's left-hand running board was an untidy tangle of rain-soaked camping gear — tents, cots and cans of oil and water to revive the vehicle between widely-spaced gasoline pumps. These were open touring cars, vintage of 1924, buttoned tightly in isinglass side curtains which partially screened the occupants.

Vacationers they were, camped beside a swift river which rose suddenly in the night, sending them hurriedly out of danger to huddle in their autos until morning.

The abandoned hotel had no right to look like paradise, but it did. Lush grass felt warm to the bare feet of the children. Tall trees shaded the dilapidated Victorian relic from the morning sun.

For reasons long since obscured, the two-story hotel had been built far out in this beautiful but lonely spot. Its windows were broken, and in front, a door sagged from rusted hinges. Only a white streamer of smoke from a make-shift chimneypipe gave any sign that some link from the past remained to call intruders to account.

This link—an old man dressed in shabby black and wide-brimmed felt hat—stepped from the stepless doorway. First he scowled. Then shifting his toothpick from one side to the other, he grinned at the dishevelled group. He could see he had company, staying company.

"You folks git drowned out in the storm las' night?" The sight of greasy skillets, wet blankets and weary fishermen amused him unreasonably.

"Make yourselves right at home," he said, wanting them to stay. "Ain't no furniture inside, nuthin' left but plenty of room. Put them cots to dry in the sun and I'll rustle up some kindling. Looks like you got plenty fish to fry." Again he scowled. "But don't nobody go near the attic," he said softly, a wary eye on the children.

And so the abandoned wreck of a building became an accidental paradise. Full of laughter once more, it bloomed. Fish were caught in rushing streams, cooked on open fires. Biscuits and fragrant pies were baked in tin camp ovens. The children wandered into the forest where white violets and ferns shaded the gentle brook. If in the night, sounds of rain grew loud in the attic, no one cared. The old man was happy to see the days stretch into a week and then another.

Finally it was over, the idyll of peace. As they said goodbye to their host, someone mentioned the attic. Ghosts up there?—or only rats breaking the night's silence?

"Rats—in the attic?" he echoed, incredulously. "Folks, 'tween you and me I hope they's ghosts insteada rats. You see, I ain't caretakin' fer this old shack, I'm hired by the quarry. Blasting department. And the whole gosh-darned attic is full of dynamite!"

"Yep," he muttered, shaking his head. "I sure hope its ghosts. Rats might set the blamed thing off if they chewed right hard.'"

(Copyright 1955)

Mail Arrives—Finally

MOUNT MORRIS (UP) — On Nov. 30, 1954, Paul Paulson received a postcard mailed April 25, 1912. The card was mailed to him at Boyne City, where Paulson lived at the time. There was no explanation for the 42-year delay in forwarding.

Eats His Way to Prison

CORPUS CHRISTI, Tex. (AP)—Police dutifully noted this prisoner ate his way into jail. Walked out without paying a $1.50 cafe check.

DEATH MEETS TRAINS HERE—Robert Cordeau, Police Chief George Knight, and Stephen Fuller place seven crosses and a sign at a railroad crossing in Crown Point, Ind., where seven people were killed within a five-year period. The sign and crosses were erected by the Crown Point Chamber of Commerce to warn motorists of the hazard.

Legislation Enables Surplus Land Sales

The government has just implemented legislation authorizing private real estate brokers to handle sales of federal surplus property.

A spokesman for the government's General Services Administration said properties already, and soon to be, declared surplus are expected to be sold swiftly under the new disposal system. In addition, the spokesman said, the government is expected to receive fair market values for the properties, while the spedy sales will make possible prompt return of the properites to local tax rolls.

So Easy to Forget

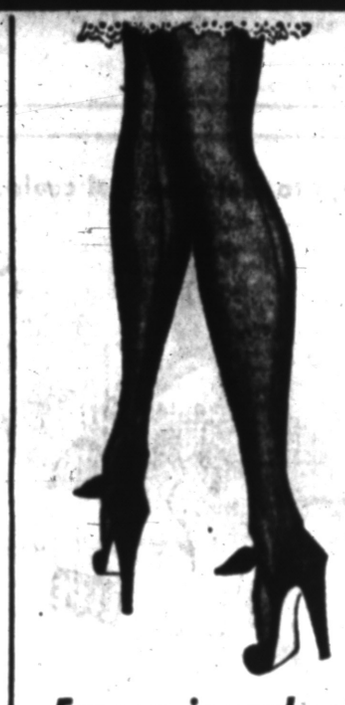

LOCKPORT, N.Y. (UP) — Brought into court when his automobile rammed through a guard rail and a passenger was injured, motorist Robert J. Martin, 33, admitted he had lacked an operator's license since 1952 because he kept "putting it off."

French Naval Engineers Dream of Trip to Deepest Ocean Bottom in the World

WASHINGTON — The strongest lure the future holds for Lt. Cmdr. Georges S. Houot and Lt. Pierre Henri Willm of the French Navy is to plumb the greatest depth in the seven seas.

Not satisfied with their record-breaking descent of 13,287 feet in the Atlantic Ocean southwest of Dakar earlier this year, the two French navy engineers hope eventually to visit the floor of the Pacific at 35,640-foot Challenger Depth between the Caroline Islands and Guam. No deeper ocean bottom is known.

Speaking of the bathyscaphe FNRS3, in which the 2¼-mile-deep record was set, Houot says:

Prompted by the scientists, we shall continue to modify and improve the present machine, learning to equip her with new tools, new antennae to extend our senses into this dark, watery world. But always we shall be looking beyond to her eventual successor, the abyssal bathyscaphe that we shall some day launch and take down to the profoundest known deep."

No less remarkable than its record-breaking dive is the revolutionary design of FNRS3. It operates like an underwater balloon. Its "gasbag" is a 53½-foot hull of thin sheet metal which carries 20,000 gallons of gasoline.

The gasoline, being lighter than water, gives buoyancy below the surface just as lighter-than-air helium or hydrogen gives buoyancy to a balloon aloft. Sea water is free to enter this hull through a bottom opening. Thus pressure is equalized inside and outside the hull.

Hanging beneath the thin-shelled hull, a 12½-ton hollow sphere forms the underwater balloon's gondola. Its cast-steel wall, 3½ inches thick, is designed to stand water pressure up to 19,000 pounds per square inch. Pressure at the bathyscaphe's record depth reached about one-third this limit.

Vertical searchlights attached to the hull light the ocean scene. Taking turns at the veiwing port, Houot and Willm saw beautiful colonies of sea anemones swaying like tulips of crystal on the 2½-mile-deep sea floor.

Though they descended nearly a mile deeper than man had gone before, their record was incidental, Houot writes. The true purpose was to prove that FNRS3 could attain depths she was designed to reach and explore. "From now on the bathyscaphe belongs to science," he adds.

Strip Poker, Maybe

LOUISBURG, N. C. (AP)—Seven poker players nearly lost their pants for real in a super-sized game at a cabin near here. A bandit made off with several thousand dollars after forcing the players to remove their trousers.

ONCE IN A LIFETIME—Police find it hard to believe that even a cat, let alone driver Fred Coates of Dearborn, Mich., could have escaped alive from this wreck. But Coates, 30, suffered only a sore back and a cut on his finger and ear when his truck-trailer skidded on icy Route 82 in North Royalton, Ohio, and went down an embankment, landing on top of the cab. Coates was pinned in a head-between-the-legs position for 15 minutes.

Superstitions Follow TV Stars Through Programs

HOLLYWOOD (INS)—A shapely blonde who wears only pink. A beautiful TV star who wears bells on her shoes. A young comedian who carries a hockey puck around for good luck.

These and many more just go to point out how superstitious and packed with idiosyncrasies some of the top TV talent around Hollywood.

Marie Wilson (My Friend Irma) has a fettish for pink, wears nothing else but that color while rehearsing or during an actual show.

Elena Verdugo (Meet Millie) likes the sound of bells so much she wears two tiny ones hanging by her three-inch spike heels when she is around the house.

Gil Stratton Jr., (That's My Boy) carries with him during each show the same hockey puck which he saved so many times for his old alma mater of St. Lawrence University in N.Y., where he was goalie.

Gregarious Bob Crosby demands and gets five minutes by himself before each show. He locks himself in a soundproof booth in order to insure his solitude.

Ray Miland (The Ray Miland Show) believes that eating the same lunch each day he is performing helps keep away the gremlins that oft times tend to louse up TV performances.

Television's best known secretary, Ann Sothern, is a bug for punctuality. Ann, who always is on time herself for a rehearsal, holds the entire cast in fear of the day when someone may show up late—no one has, yet.

George Burns lights and smokes at least partially—no less than 20 cigars a day on the set of the "Burns and Allen" show.

"I not only enjoy them," Burns laughed, "but they furnish my writers with a lot of jokes. I wouldn't think of going through a show without my cigar—I don't think I could do it."

New Yorkers Scolded as Worst 'Litterbugs'

NEW YORK (AP)—New York City people are the worst in the country—and perhaps the world—about littering the streets with unnecessary rubbish and filth, says Sanitation Commissioner Andrew Mulrain.

Mulrain says it is caused by nothing more than plain "laziness and indifference" of the people. He added that more than 90 per cent of the refuse on the streets could be avoided. He asked appointment of 1,000 men to add to the present force of 40 sanitation patrolmen who haul "litterbugs" into court.

The first European settler on the site of Boston, the Shawmut Peninsula between Charles River and South Bay, was William Blackstone, an English clergyman.

Modern Betsy Ross Flagged Down for $10

CAMBRIDGE, Mass. (AP)—Too many little red flags went up for Betsy Ross, Radcliffe College student and namesake of the woman credited with making America's first flag, and Radcliffe's Betsy paid a $10 fine.

The fine was imposed in District Court after police testified her car was parked 18 times beside parking meters where the little red flag showed overtime parking.

Just Un-Everything

HARTFORD, Conn. (AP)—Abraham J. Shermer, 40, who says he's neither a registered Republican nor Democrat, sent this biography to the secretary of state after his election to a House seat in the Connecticut General Assembly:

"Unmarried, unattached, unregistered."

Nylon was the first synthetic which showed promise as a textile fiber.

Sets Good (?) Example

BETTENDORF, La. (AP)—When school officials pleaded for the return of 250 books overdue at the junior high school library, a member of the school board showed up with two of them.

Bet Measles Are Easy After Brush With Death

WOODBURN, Ill. (AP)—Mrs. William Barth drove to town for some medicine because she thought her son, Glade, 9, showed symptoms of measles.

Glade, playing cowboy, climbed into a trunk. The lid clamped down and locked.

His mother searched for an hour before noticing his cowboy coat near the trunk. Glade was unconscious and barely breathing.

After he was revived by neighbors and a physician, he was put to bed with the measles.

Report Crop Success in Far-Northern Soviet

MOSCOW (AP)—Soviet scientists report "great new successes" in raising fruits and vegetables in the zone of eternal frost in the northern reaches of Siberia and European Russia. (These are areas when only the surface of the ground thaws in warm weather.)

A Tass report said that one station raised a new variety of quick-ripening potato which produced a big crop. Good results were also reported in raising cabbage, carrots and other vegetables. Another station produced its first crops of apples, raspberries and currants.

Grenades were used in European wars as early as the 1400s. The first grenades looked like pomegranates, and the word grenade comes from the Latin name for this fruit.

Dead Set Against It

CHICAGO (AP)—Coroner Walter E. McCarron ran into a legal block when he suggested traffic offenders should be forced to tour the morgue. Judges John T. Zuris and James K. Chelos said: "We think we have no right legally to submit people to this type of sentence." Judge Alfonse F. Wells said: "The law provides no alternatives beyond jailing or fining violators."

HATOYAMA THANKS SUPPORTERS — Prime Minister Ichiro Hatoyama of Japan stands amid cheering party workers outside his residence as he thanks Democratic party supporters for the 2-to-1 conservative victory in the Parliamentary (Diet) elections. Hatoyama had waged an American-style campaign for friendship with both sides in the East-West cold war.

See Little Damage by Tent Caterpillar

LANSING (AP)—Northern Michigan should face little trouble this spring from the forest tent caterpillar, the state Conservation Department said today.

During its population peak during the past four seasons, the pest chewed its way through 1,500,000 acres of northern Michigan woodlands.

The caterpillar hit less than 300,000 acres last year and the area invaded should be even smaller this year, Richard Fox, department entomologist, reported.

"Parasities built up rapidly to kill the infestation and the caterpillars are on the decline," Fox said.

He said the outbreaks go in cycles and another serious one is not expected until 1960.

The heaviest attack by the leaf-chewers this spring is expected near Grand Lake north of Alpena.

About 70 per cent of the world's surface is ocean, the average depth two miles.

Comedienne Ires British TV Fan in Impersonation

LONDON (AP) — Outraged televiewers accused the British Broadcasting Corp. last night of satirizing Queen Mother Elizabeth in a comedy skit. The BBC quickly denied the charge.

The skit depicted a ship launching, and many viewers complained that comedienne Pearl Hackney in the lead role dressed and talked like the Queen Mother.

The program's climax came when Miss Hackney broke the bottle on the bow of the ship. The vessel slid down the ways into the water, then sank. Miss Hackney inquired in a high pitched voice: "Should it not have floated?"

A BBC spokesman acknowledged there were a "number" of indignant phone calls, but said: "Miss Hackney was impersonating a member of the aristocracy. Making fun of the Queen Mother is the last thing she would ever think of doing."

In 1953, the average American consumed 688 pounds of milk, compared to 800 pounds at the beginning of World War II.

Specials on Beef and Pork Highlight Food Bargains

By THE ASSOCIATED PRESS

Specials on beef and pork will highlight offerings by the nation's food stores this weekend. In addition, a number of stores will post slightly lower prices on various cuts of lamb.

Pot roast, chuck roast and steak and round steak are among the beef items to be featured. A few stores will have lower prices on prime ribs of beef.

Loins of pork and smoked hams will be popular features. Some markets also will offer fresh pork picnics and fresh pork butts. One meat specialist suggested that economy minded people will find good value in fresh picnics and chuck roast."

Frying chickens are getting more expensive. One major chain is hiking prices this week by two cents a pound in Pittsburgh, four cents in Los Angeles and Chicago, six cents in New York, Boston, Detroit and Philadelphia and eight cents in Jacksonville and Washington. A few markets will have lower prices on stewing chickens. Turkeys also will be featured here and there.

Eggs, which have been moving higher in recent weeks, will come down a bit in several areas this week. Where butter prices are changed, it will generally be to the higher side.

Shrimp is a favorite in the seafood line. Also mentioned as specials by a number of stores: Haddock fillets, halibut steaks, perch fillets and fish sticks.

This isn't the best time of year for vegetables, and the list of good buys consequently is shorter. Produce men recommend potatoes, onions, turnips, escarole, old and new cabbage, sweet potatoes, carrots (bunched or topped), rhubarb and squash. They caution that you must watch the condition of squash.

More cantaloupes are arriving from Mexico, but produce specialists say they're rather expensive. Oranges and grapefruit are listed as good buys. Some tangerines are not in top condition.

Workers Reject 18-Cent Pay Cut

Sparton TV Employes Ignore Firm's Threat to Leave Jackson

JACKSON (AP)—By a unanimous standing vote, some 800 employes of the Sparks-Withington Co. last night rejected a company-proposed 18-cent hourly wage cut.

The unanimous vote was given despite a company warning that the alternative to a wage cut will be transfer of its Sparton Radio-Television Division to another part of the country.

The employes, members of Local 666, CIO United Auto Workers (UAW), also refused to reopen their contract with the company for any discussion of a wage reduction.

John J. Smith, company president, when told of the vote, said, "I have no comment."

Smith had claimed that the pay cut was necessary if the company is to be competitive. He said the workers earn an average of $2.02 an hour, which, he claimed, is 29 cents above the national TV industry average.

W. A. Magnore, international representative of the UAW, has charged that Smith has not attempted to negotiate a settlement in the wage dispute. He also accused him of taking a "belligerent attitude" in the case.

The company is one of Jackson's largest.

Okinawa Fishing Boat Shot Up by Chinese

NAHA, Okinawa (AP) — Two heavily armed Chinese junks shot up an Okinawa fishing boat today in territorial waters of the Ryukyu Islands and killed five crewmen, the newspaper Morning Star reported.

The English-language daily said the shooting took place near Ishigaki Island, 265 miles south of Naha.

Three crewmen reportedly escaped by leaping overboard.

12 Burned in Blaze as Oil Well Flames

COLORADO CITY, Tex. (AP) — Twelve men were injured here yesterday when fire enveloped an oil well. Two of the 12 were in a critical condition.

The fire burned itself out after Red Adair, Houston oil field fire specialist, shut off the flow of oil from the well.

R. S. Stephenson, a dirt-moving contractor, said a pipe under 3,300 pounds pressure broke and sprayed a mist of oil over men and equipment before bursting into flame.

Critically injured were Cecil Bentley, 24, Silver, Tex., and Robert Cook, 30, Winters, Tex.

Of the other 10 injured, five were treated for minor burns and released.

E. L. Clay, of the Stanolind Oil & Gas Co., supervising work at the well, estimated the loss at "over a million dollars."

OPEN MONDAY and FRIDAY NIGHTS

NO, NOBODY'S IN THEM — This is what Ole Man Winter did to the laundry of Mrs. Michael W. Rouse in Rochester, N. Y. Zero temperatures there left the citizens of Rochester cold, too, but not, we hope, as stiff.

Husband Still Friend, Says Mrs. Edward G.

HOLLYWOOD (AP)—She was sued for divorce, but Mrs. Edward G. Robinson Sr. says she and the actor are "very good friends" and that he is welcome any time at her Laguna Beach home.

She appeared at a party with Robinson Tuesday night, causing someone to ask if she planned to go ahead with the divorce.

"It was Disraeli who declared that nothing in life is final," she answered. "I can't tell you whether Eddie and I will go through with the divorce."

Traffic Victim Dies After Long Coma

PAINTSVILLE, Ky. (AP)—For 2½ years Mrs. Elizabeth Bowen nursed her unconscious husband Jack, who suffered a brain concussion in an auto accident in 1952. At the same time she worked to support the family, including two teen-age children.

Yesterday, in their flood-isolated house on the Big Sandy River, Bowen died without ever having regained consciousness. His body was removed in a boat.

Current population of Italy is estimated at 47 million.

Visits Guaranteed

WHITE PLAINS, N.Y. (AP)—The will of Charles Stuart Folsom provides that beneficiaries of his $2,700,000 estate must visit his wife's grave once a year or the money stops. Named in the will were a number of family servants and friends. The remainder goes to the Maud Glover Folsom Foundation, which will provide scholarships in memory of his wife.

Geography Molds History of Strategic Formosa Isle

WASHINGTON — For centuries geography has shaped history on the big island of Formosa, now the Chinese Nationalist stronghold backed by United States military and economic aid.

Rugged, fish-shaped Formosa—240 miles by 85 at its widest — is the largest island off the China coast, says the National Geographic Society. It has a highly strategic position, roughly midway between the Philippines, Indochina and Indonesia on the south, and Korea, Japan and Soviet Siberia on the north.

In the early days of European exploration, Formosa (Taiwan to the Chinese) was a key landfall on the Far East sea lanes leading to trade and wealth.

Portuguese visitors of the late 16th century so admired the island's purple hills and lush green vegetation that they called it Ilha Formosa, Beautiful Isle.

In 1624 the Dutch became the first Europeans to plant a permanent Formosa colony. Shortly their troubles with the hostile, head-hunting aborigines and the established Chinese and Japanese settlers were further complicated by a struggle with a rival Spanish community.

The Japanese soon withdrew. The Dutch drove the Spanish traders away, only to be forced out themselves in 1662 by a colorful pirate leader and adventurer known as Koxinga.

Koxinga, of Chinese-Japanese parentage, was an ardent supporter of the heirs of the deposed Ming dynasty. Under his rule Formosa was an offshore Ming retreat that defiantly faced the Manchu-dominated mainland, just as today's Nationalist island looks toward the Communist shore.

The Manchu empire eventually absorbed Formosa (1683), and the island remained China's until it was lost to Japan by the Sino-Japanese war of 1895.

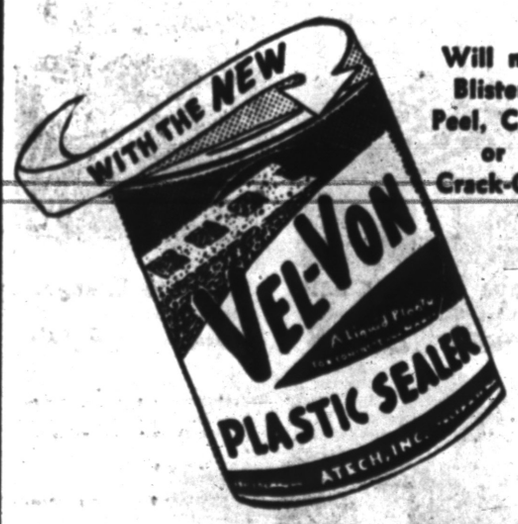

More than ever Formosa's geographic position guided Japanese policy in the years that led to the attack on Pearl Harbor. As a powerful naval and air base, the island was the springboard for Japan's first air assault on the Philippines.

The current phase of the Formosa story began at war's end wtih the island's return to China. In the hands of the Nationalist government that found shelter there in 1949, the Beautiful Isle has been transformed into what some call an "anchored aircraft carrier."

Bird Smokes in Bed

CUMBERLAND, R. I. (AP) — Here's the report firemen turned in after extinguishing a minor fire yesterday in the peak of an abandoned house: "A bird had carried a lighted cigaret butt to its nest, setting it afire. Damage negligible."

Traveling Mexican Band Leads Life Full of Woes

By JOHN ABNEY

MEXICO CITY (UP) — They're still throwing bottles and stones at Juan Argon and his band, but he hopes one day to finish a piece without having to duck and run.

Juan and his 14 musical Indians made a 10-day tour of this city as part of a hat-passing campaign to raise funds to buy a bus.

Juan's group played the best spots in Mexico City—outside the bull ring on Sunday afternoons, up and down Juarez avenue and in front of the best theaters.

Once they tooted about 12 bars in front of the swanky Hotel del Prado, but the doormen and a flying squad of cops put a quick end to it.

"People don't seem to appreciate music," was Juan's explanation. "They don't have the feeling for it."

Juan is a sad-faced young man with an undaunted gleam in his eye. His musicians wear white cotton suits that look like pajamas, straw hats, serapes draped over their shoulders and sandals made from old automobile tires.

It all began when Juan was 13 and he heard a military band play a concert in the city of Oaxaca. He decided then that music was here to stay, and that he wanted a big hunk of it.

His only ambition from then on was to have his own band and travel from town to town giving concerts. For five years Juan scoured the countryside for musicians and instruments.

He began with three men and finally built up to 14. The instruments came slowly, bought from pawnshops with carefully hoarded donations.

A military unit gave them an old bass drum with no skins and Juan covered it with several layers of heavy, brown paper. But at the first boom, the drummer bashed it in and the band was caught with its rhythm down. Finally they acquired a set of genuine skins and were on their way.

They learned to play by ear because none could read either words or music. They attended concerts or listened to an old battery radio for their music lessons.

After a year of hard practice they were ready for their first concert in Huajuapam, their home town.

It was a fiesta day and the whole town was waiting. Juan lined his men up half a mile from town and they marched in playing in a blaze of glory. Flowers were strewn along their path and the citizens cheered loudly.

"But I suppose they had heard us practicing," Juan said sadly.

Someone lassoed a trumpet and yanked it out of the player's hand. The trombonist walked into a tree and bent his slide so he could play nothing but "C" sharp.

The clarinet man tripped and hit a chunk out of his reed as he fell. And when one of the merry-makers heaved a beer bottle into the bass horn, it was the end of the concert and the start of the riot.

But Juan, undaunted, was still determined to have his band. A week later he rounded up his players, recovered the trumpet, patched the clarinet and trombone, extracted the beer bottle from the bass horn and they went on tour—by request.

For 10 years they have played in villages, and now and then they hit the "big time" in Mexico City.

Business, says Juan, is not good. In the villages they are stoned and ridiculed and in the cities, people just plain don't chip in the cash.

Bus lines complain when the band travels because the instruments often ride in other passengers' laps. So the only solution, Juan says, is their own bus.

Tot Falls 10 Stories

JERSEY CITY, N.J. (AP)—A 2-year-old boy fell 10 stories from his apartment onto a newly plowed lawn yesterday. The boy, Walter Nadella Jr., suffered a fractured rib, injured spleen and concussion. Doctors at Jersey City Medical Center said after an hour-long operation he had a good chance to live.

One-fifth of all the lighthouses in the U. S. are along the Great Lakes coasts.

HELPS EASE ACHES AND PAINS — Penny Brannon, 9, of Dallas, Tex., and her dog Clarabelle find that ice cream is an aid to their recovery from recent accidents. Penny's arm was broken when struck by a baseball, and Clarabelle's hind leg was broken when she was hit by a car. Doctors say both patients will be in top shape by summer.

Their Timepieces Make History

Swiss Watchmakers Rely on Skill in Tariff Struggle

ZURICH (UP) — Past performances indicate that President Eisenhower's recent dicision to boost duties on Swiss timepieces will not prevent watchmakers from breaking through the U.S. tariff barrier.

Switzerland's know-how with unusual, complicated and ingenious watches shapes up as her major weapon in the struggle to preserve the American market.

Swiss watchmakers have perfected timepieces that operate on everything from gravity, light, temperature changes and atmospheric pressures to the expansion and contraction of the wearer's wrist muscles.

Now they're producing a push-button watch that automatically corrects itself when it runs too fast or slow.

Some strange watches have even stranger histories. Death's head watches, timepieces encased in miniature skulls which fashionable women of the late 16th century hung from their waists, came to be regarded as something of a curse after an admirer unwittingly presented one to Mary, Queen of Scots.

Even stranger is the baffling mystery of "the stolen marvel," probably the most fabulous watch ever created.

It was plucked from under the noses of the Gestapo in a daring jewelry store theft in German-occupied Paris during World War II.

Its story starts in 1897 when an anonymous buyer ordered a watch which, within a diameter of a little more than 2 inches, would chime the hours, quarters and minutes, indicate moon phases and the rising and setting of sun as seen from Lisbon and Rio de Janeiro, contain a thermometer, hygrometer, barometer and marine compass in the winding stem, have a sweep second stop, a perpetual calendar and, on the back, two revolving discs containing the 236 stars of the principal constellations representing the sky as seen on any day of the year from Lisbon and Rio de Janeiro. It also had to tell time with chronometer accuracy.

Swiss watchmaker Charles Piguet designed and executed the complex movement.

One winter day 44 years later, a man brought an amazing watch, subsequently identified as the Piguet marvel, to a fashionable Paris jewelry shop for cleaning and certain revisions.

The work took several weeks. Afterwards the shop proudly placed the watch in its display window to await the owner's return.

An admiring crowd soon gathered and a short time later German Gestapo officers arrived on the scene.

Rumors spread that the Nazis intended to appropriate the watch as a gift for Hitler.

All that is known is that during the 1-to-2 lunch hour that day, with the streets almost deserted, a rock was heaved through the shop window.

The Piguet marvel was the only thing taken. It has never been recovered.

Cross-Michigan Canal Gets Another Setback

DETROIT (AP) — Century-old dreams to dig a canal across the base of Michigan from Lake Erie to Lake Michigan have received an official setback from the Army Corps of Engineers.

The engineers closed their books on all such plans this week.

Records show plans for such a canal existed as long ago as 1837. Stevens T. Mason, first governor of the State of Michigan, proposed to cross the state from the Clinton River at Mount Clemens to the Kalamazoo River at Kalamazoo.

A few ditches were dug in the Mount Clemens-Utica area. A lack of money halted the project near Rochester.

The Army reviewed all such plans in recent years.

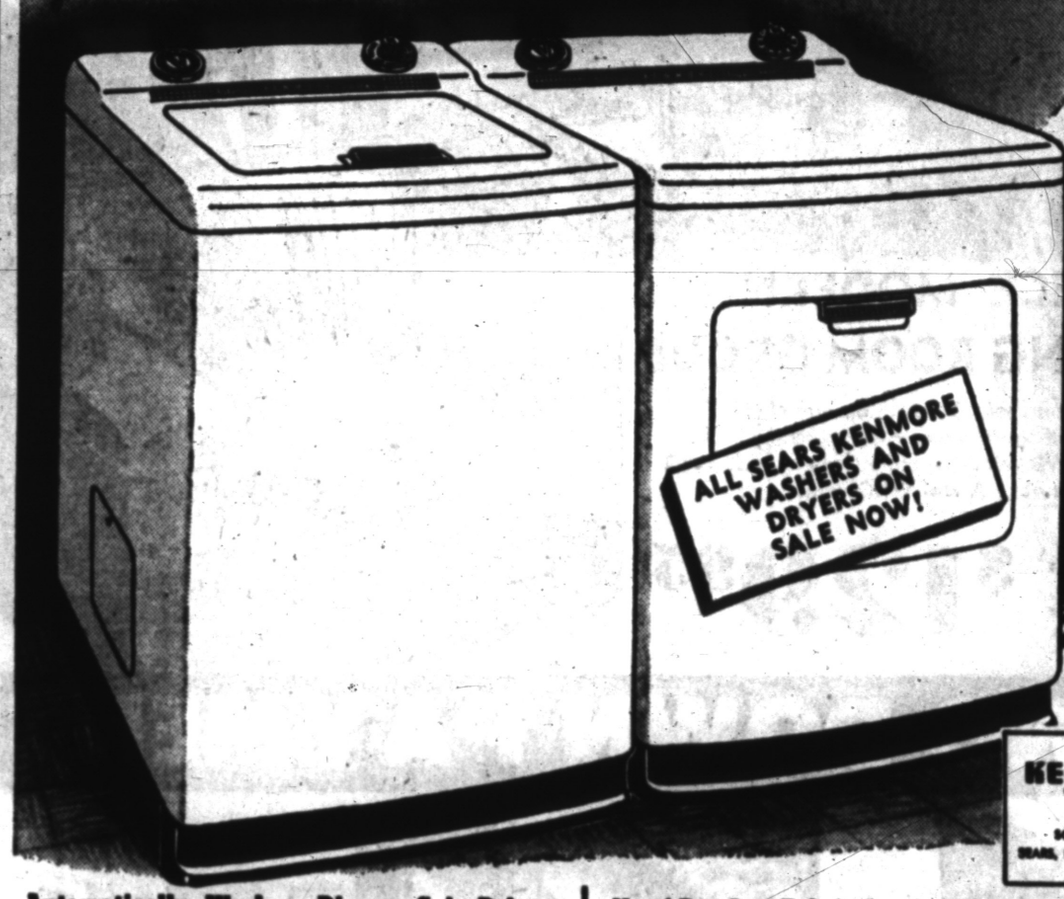

Whoa There, Partner

PALESTINE, Tex. (AP)—They caught a horse thief here recently and even back when hanging on the spot was the penalty, the culprit probably would have got off with a good spanking. He was just 7, and took the broncho for a spell of riding the range.

State Senate Moves Ahead With Highway Program

SYMBOL OF FAITH — A fund drive aimed at raising $3,000,000 was initiated at Washington to provide for construction of a mammoth 500-foot cross, the world's largest, to be built atop Bald Knob mountain in southern Illinois. Above is the artist's conception of the cross which will be visible in a 7,500 square mile area.

Volcanoes Rock Eastern Tip of Hawaii

Ground Spews Flaming Lava

Guardsmen Hurry to Rescue of 100 Persons in Erupting Area

PAHOA, Hawaii (AP)—Massive underground explosions ruptured the scarred tip of eastern Hawaii Island anew, spewing a fountain of molten lava 200 feet into the air.

Burning rocks poured out of the ground along a half-mile strip, slashing a flaming path across fields of sugar cane.

The National Guard sent its trucks rumbling to the rescue of some 100 persons whose escape routes were threatened.

* * *

About 400 others already had been taken from their homes.

Curtis Kamai was surveying road fissures yesterday afternoon when the earth burst open again.

"It was just like touching off a half-mile string of gunpowder," he said. "I heard the roar of lava underground. The earth was shaking.

"Then suddenly it went up like a powder train. In two minutes the whole half-mile stretch was blazing lava 100 feet in the air."

* * *

One eruption of red-hot rock landed only 200 yards from 13 plantation workers. All escaped uninjured.

The entire area was like a giant powder keg with dozens of burning fuses.

It was anyone's guess where one would erupt.

Yesterday's fissure had stretched out last night for a blazing mile of spurting lava which moved relentlessly toward desolate Kapoho village, occupied only by wary police and civil defense officials.

* * *

Fiery fingers spread northeast and southeast of Kapoho.

Into the night, lava fountains spouted up to 200 feet, spilled over, spread out, on both sides of the flaming fissure, and pushed down toward Kapoho and the ocean at an estimated 350 feet an hour.

The main lava river spread 400 yards across.

From a knoll 300 yards above, the scene was almost unbelievable in its awesome, savage splendor. The whole corner of the island was lighted by the fiery glare.

Trying to breathe amid the choking sulphur fumes was like trying to smoke matches instead of cigarettes.

BIRMINGHAM WOMAN HONORED — Mrs. Gertrude J. Arnold, of the Arnold Studio, exhibits four of her prize photos which won her the title of Michigan Professional Photographer of the Year during the state's Photographers Assn. convention recently in Lansing. Besides taking top honors, she also was awarded three ribbons of excellence and three for merit. Mrs. Arnold, who has operated the studio in Birmingham for the past 31 years, holds the Blankenberg Trophy she also won for an oil colored portrait which was judged "best of show."

House, Williams Look On Coldly

New Plan Makes No Provision for Bonds or Popular Vote

LANSING (AP) — After umpteen false starts, the Senate appeared to be going ahead today on a highway program despite known opposition of the House and doubts of Gov. Williams' reaction.

Williams yesterday declared he was no longer bound by his compromise agreement with the House Republicans because the Senate had killed the Peltz plan on which he and the House agreed.

A senate Republican caucus agreed tentatively on its own program and rushed to get a bill out this week.

Sen. Haskell L. Nichols (R-Jackson), chairman of the Senate Highway Committee, said the new plan included this:

1—Increasing the gasoline tax from 4½ to 6 cents a gallon and boosting the license fee for all commercial vehicles, including "company-owned vehicles not for hire," by about 10 per cent.

2—Splitting the money 75 per cent to the state and 25 per cent to local units—two-thirds to the counties and one-third to the cities—and the money to be spent on new construction and reconstruction only.

3—No provision for revenue bonds by either the state or local governments.

4—No popular referendum on the plan.

5—The state highway commissioner to control the construction, subject to normal Administrative Board veto power.

Nichols said the plan would produce more than 35 million dollars in new revenue annually.

J. C. McMonagle, Highway Department traffic and planning boss, said the plan would permit "some" acceleration of trunkline building this year and substantial amounts next year. He said it would provide about 60 miles of new 4-lane, divided highways a year.

House leaders said they would have none of this plan because it violates the basic Peltz Bill provision giving local units 56 per cent of the new revenue against 44 per cent for the state.

Senate leaders indicated they expected to pass their plan and send it to a House-Senate conference to iron out differences.

Williams said his compromise was based on submission of a proposal to the people, new taxes for both the public and truckers, provision for an arterial highway system and a bond issue.

He said he would continue to fight for a highway program, but would accept no "counterfeits or substitutes."

Williams' statement was issued before the Senate caucus came up with its new proposal.

Bonus for Korean War Veterans Passed by Legislature, Goes to Gov. Williams

LANSING (AP)—The way was cleared today for payment of some 60 million dollars in bonuses to an estimated 250,000 Michigan Korean War veterans.

House and Senate yesterday agreed on amendments to a bill setting up machinery for payment of the bonuses. The bill now goes to Gov. Williams for his certain signature.

Officers of the military establishment say, however, it will be mid-April before veterans start receiving checks. The military establishment will set up an office and hire workers to process the flood of claims.

Veterans who served between June 27, 1950 and Dec. 31, 1953 will receive payments averaging $270 apiece. Payments are made on the basis of $15 for each month of overseas service and $10 for each month of domestic service.

The two houses had disagreed on the amount necessary to pay costs of processing the claims. The House had asked for $750,000, and the Senate $500,000. A compromise of $600,000 was reached in a conference committee.

A bill requiring fire inspection of all schools by Sept 1, 1957 had rough going in the House.

After undergoing 23 amendments, the measure was finally scheduled for a vote today. As it now stands, the inspections would be made by the state fire marshal, except where there are local fire inspection units.

Republicans argued the bill would cost the state about $300,000 and usurp local authority. Rep. Joseph Kowalski (D-Detroit), who introduced the measure, said costs would be much lower than the Republicans' figure.

The House Taxation Committee favorably reported a bill extending the life of the business receipts tax until Dec. 31, 1955.

The tax, due to expire March 15, has already been extended indefinitely by the Senate.

Rep. Rollo G. Conlin (R-Tipton) said the Dec. 31 cut-off date would not prevent the business receipts tax from becoming a permanent part of the state's tax program.

Meanwhile, he said, the committee is trying to work out a plan which will raise an additional 25 to 30 million dollars to balance the budget.

Rep. Frederic Marshall (R-Allen) asked the Legislature to repeal the reciprocity law governing truck license agreements between Michigan and other states.

Outside truckers are not now required to buy Michigan licenses if they come from states which grant Michigan truckers the same exemption.

Marshall's bill, if passed, would require all truckers traveling in Michigan to buy Michigan licenses. Michigan truckers presumably would have to buy licenses of all other states in which they travel.

Here, Kitty, Kitty!

NEW DELHI (AP)—The state of Orissa, south of Calcutta, is offering rewards of $84 for every tiger killed. The animals kill hundreds of persons annually—some reports putting the yearly toll as high as 600.

SEC Attorney Hit for Contempt in Federal Court

DETROIT (AP)—William H. Timbers, chief counsel of the Securities and Exchange Commission, was under a 60-day contempt of court sentence today.

But he said he would carry on his legal tilt with a federal judge here over what he claims is his right to keep certain SEC information from a public court trial.

Timbers was cited by U. S. District Judge Arthur F. Lederle yesterday. He was released without bond, however, to return to Washington to prepare his appeal to higher courts.

"This brings the conflict to a head," Timbers said. "Now it will be up to the higher courts to decide whether we are right in maintaining that certain of our records are confidential."

At one point yesterday he said Judge Lederle was conducting an "extraordinary, unfortunate and un-American" proceeding.

The contempt citation climaxed a legal wrangle that developed during trial of a suit brought by a director of the Monroe (Mich.) Paper Products Co. against five other officers of the company.

Churchill Reveals Total Paralysis in 1953

LONDON (INS)—British Prime Minister Sir Winston Churchill disclosed yesterday he was completely paralyzed by his illness in 1953 and thus prevented from meeting President Eisenhower to try to arrange a top-level East-West conference.

It was the first official disclosure of the seriousness of the sudden illness which hit the Prime Minister, now 80, during the summer of 1953, when he was ordered to rest for a month because of the danger of overwork.

The exact nature of Churchill's illness was never made public. After he was ordered to lighten the burden of his work, there were reports that he had been paralyzed on the left side for a few days.

The Prime Minister, whose recovery has since permitted him to travel to the 1953 Bermuda conference and to Washington last year, said he was "struck down by a very sudden illness which paralyzed me completely physically."

The dramatic announcement came in the House of Commons.

Churchill interrupted a speech during Britain's defense debate to tell of his plans for an East-West meeting with then Premier Georgi Malenkov of the Soviet Union in 1953.

He said he was still prepared to meet with President Eisenhower and Russia's new premier, Marshal Nikolai Bulganin, after ratification of the Paris agreements to rearm West Germany.

The veteran statesman, speaking slowly, said a conference at the foreign ministers' level might be an alternative to a meeting of the government chiefs.

The House of Commons later approved the government's defense policy by a vote of 303 to 253. A Laborite amendment critical of the government's defense policy was defeated 303 to 196.

Churchill broke into a speech being delivered by Aneurin Bevan to rebuke the leftwing Laborite for suggesting that the British government now is "at the mercy of the United States," and that Washington had blocked plans for Churchill's meeting with Malenkov.

Churchill declared: "It is absolutely wrong to suggest that the course we followed has been at the dictation of the United States."

At a Laborite rally, Bevin took up the demand for a conference with the Russians now. He said that while Sir Winston might have "had a slight stroke," he "soon recovered."

Bevin added that Churchill since has been in sufficiently robust health to make the journey to Moscow or elsewhere for an East-West conference. "But he has not been robust enough in health to overcome Eisenhower's objections."

Ike's Reserve Program May Bring City Armory

"If the reserve program now being considered by Congress is approved," Capt. Carl G. Yarling said today, "Pontiac will have to have a new National Guard armory."

The officer, who commands the 107th Ordnance Co. of the Michigan National Guard, stationed here, is also president of the armory board of control.

He was referring to President Eisenhower's proposal for a greatly expanded reserve program, now before Congress, which is expected to pass without major changes.

"Our present facilities are overcrowded," Capt. Yarling explained. "We don't have enough room for the two units we have now, and it is almost certain that Pontiac will get additional National Guard units when the new reserve program is approved."

The captain pointed out that vehicles of his unit are presently stored in Detroit. The other local unit, Company M of the 125th Infantry Regiment, stores most of its vehicles in Flint.

"Under conditions like these," Capt. Yarling continued, "it is impossible to keep units at peak combat efficiency. The men need this equipment to train with, and that is impossible unless it can be kept here."

Cost of a new building would be shared between the city, state and federal government, he explained. Capt. Yarling said he is currently working out details on the steps to be taken in starting machinery for a new armory here.

He said he will present this data to a meeting of city government officials, local civic and business leaders and other interested persons when he has the figures complete.

Even Children's Yoyos Are King-Size in Texas

AMARILLO, Tex. (AP)—The Daily News reports "yoyo fever" has neared epidemic proportions in neighboring Paducah. Some boys have made their own. Their yoyos average 3½ inches across and spin on quarter-inch bolts.

Linda Beatty has the largest yoyo. Made from a nail keg bottom, it is 10 inches in diameter and has a 12-foot cord.

It Fell on Deaf Ears

FAIRFIELD, Conn. (AP)—Hitchhiking Larry Markas, 16, arrived at his destination and asked the driver to let him out. The driver, however, kept on going. Markas, thinking he was being kidnaped, jumped out of the car. Scratched and bruised, he learned later that the driver was hard of hearing.

City Woman Struck by Auto Last Night

Mrs. M. A. Saunders, 73, of 230 Oakland Ave., suffered a right hip fracture last night when she was struck by an auto driven by A. C. Smith, 26, of 154 Lincoln St., at Pike and Saginaw Sts. She is reported in good condition at Pontiac General Hospital.

Pontiac Police quoted Smith as saying he was unable to see the woman crossing the street when he was blinded by the sun. He said he was attempting a right turn from West Pike street onto Saginaw street.

TIRE TRACKS — Fearful of spring winds which may produce blowing dust in western Kansas, the owner of this farmland near Englewood has scattered old automobile tires on the areas with a tendency to blow. The worn out casings make excellent dust stoppers according to reports.

United Press Photo

Hospitalization Insurance Premiums Are Deductible

In a story on common errors made on income tax returns, carried in yesterday's editions, it was erroneously reported that premiums for hospitalization insurance are not deductible under medical expenses.

The story should have read: Premiums for hospitalization insurance are deductible under medical and dental expenses, not under miscellaneous.

Reducing Marriage Wait to 3 Days

Senate to Help Cupid Speed Rites

LANSING (AP) — Gushing like a nickel valentine, the Senate is falling over itself to help Cupid—and county officials.

The senate is ready to vote today on a bill to reduce the waiting period for a marriage license from 5 to 3 days.

Sen. Carlton H. Morris (R-Kalamazoo), the sponsor, said the probate courts are flooded with demands for waivers on the 5-day period because young love has a way of forgetting about the waiting period.

Sen. Cora M. Brown (D-Detroit) said it was really sad in Detroit. Couples go ahead and hire a minister and send out invitations for a Saturday wedding she said.

"Then they get down town about Tuesday or Wednesday and discover they can't get their license until the following Monday. As a result a lot of attorneys are collecting fees from these young people to get a waiver from the probate courts—and the courts are jammed over weekend."

He Might Be Judge, but Ma Gave Verdict

BALTIMORE (AP)—Judge John B. Gontrum cautioned members of the grand jury to be completely impartial.

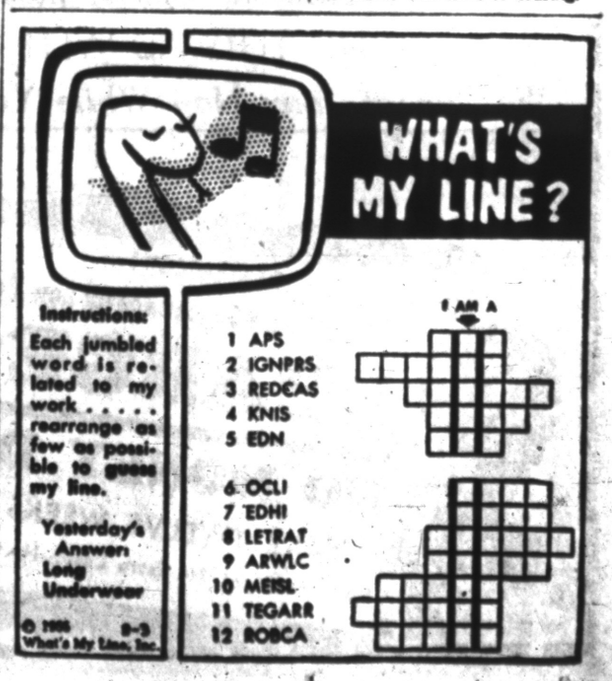

To illustrate, the judge recalled an incident when, as a young lawyer, he rested a case. The presiding judge said he would give the verdict the next day "because I'll have to talk it over first with Ma and the girls."

That led to a denial by lawyer-senators that attorneys would think of charging a fee to help Cupid. In fact, it seems like about all they do is help people get married—free.

Sen. Donald E. Smith (R-Owosso) said the 5-day period is hard on soldiers trying to get married on furlough and that passage of the bill "would mean two days less living in sin."

Morris said the county clerks were in favor of the bill.

"I thought this law was passed for the benefit of society, not the county clerks," said Sen. Don Vander Werp (R-Fremont), the only anti-Cupid man on the floor.

McCarthy Again Attacks Stevens on Peress Case

WASHINGTON (AP) — Sen. McCarthy (R-Wis) asserted anew today that Secretary of the Army Stevens "deliberately deceived the Congress and the American people" about the Irving Peress case.

McCarthy voiced the charge in a report on his last year of chairmanship of the Senate Investigations subcommittee, but the group's Democratic members refused to join in the findings on the ground that it is "premature."

• • •

The subcommittee under Sen. McClellan (D-Ark) plans more hearings into the Army's handling of the promotion to major and honorable discharge of Peress, a dentist who had invoked the Fifth Amendment about possible ties to communism.

McClellan told newsmen he and Sen. Jackson (D-Wash) and Symington (D-Mo) had consented to let McCarthy file his belated annual report for 1954 with the parent Government Operations Committee. But he said they divorced themselves from findings in the Peress case because it still is under investigation.

In his report McCarthy took another swipe at the Eisenhower administration. Last December he accused President Eisenhower of a "shrinking show of weakness" toward international communism.

Today he urged the subcommittee to investigate Western Allies' trade with Communist areas, with special atention to concessions on the subject he said have been made by foreign aid chief Harold E. Stassen "and policymakers."

• • •

The Army has conceded it handled the Peress case badly. Early this year the Pentagon supplied Congress with the names of 62 persons it said had been involved.

Bars of nickel change their length when magnetized.

Fan Dancer Finds Feathers Fouled Up

LONDON (AP)—Fan dancer Coral Gaye blushingly reported last night an attempt to sabotage her camouflage.

She said she found—at rehearsal, fortunately—that somebody at the Camberwell Palace Theater had loosened the rivets holding the ostrich feathers on her two fans.

Miss Gaye, who dances clad only in the fans, told a reporter:

"If I had gone on the stage with them without noticing, they would have fallen to pieces."

Promotion Means Less

MILFORD, Conn. (UP) — Roland Morse asked the board of fire commissioners to demote him from superintendent to firefighter. Morse said the difference in weekly pay for the promotion amounted to 30 cents. Morse was named superintendent to replace Wilfred Dugay, who was granted his demotion for the same reason.

Hawaii's Warm Rainfall Subject of 2-Month Study

HILO, Hawai' (UP) — The rain that falls on golf courses, parched lands and loaded clotheslines has character.

And a group of international scientists has gathered in Hawaii to do a character study and analysis of the tempermental raindrops. The study, known as "operation shower" is a study of warm rainfall.

The project is unique in two ways. Its the first intensified study of what causes warm rainfall, and it's a sort of a bring-your-own-bottle party, as all the scientists involved have lugged their own equipment and instruments to Hawaii. The Australians even brought their own airplane.

Some 25 meteorologists are taking part in the two-month study, the most intensive ever undertaken into the cuases of warm rainfall. The island of Hawaii was selected by the scientists because of the frequency of rain, accessibility and facilities needed in the research program. It is being jointly sponsored by the Hawaiian Sugar Planters Association, the Pineapple Reasearch Institute and the Territorial Cattlemen's Council.

Dr. E. Eriksson, chemist of the University of Stockholm's Institute of Meteorology explained that there have been numerous studies made of "cold rainfall"—rain from clouds part of which are colder than freezing.

"However," Dr. Eriksson said, "not too much is known about the causes and properties of 'warm rainfall' and we hope to learn much during our stay in Hawaii."

The weather experts are using a Royal Australian Air Force DC-3 which was sent here with its entire crew to aid in the project. Two other planes are also being used in the operations.

The weathermen hope to determine during their studies whether it is feasible to seed clouds from the ground, using updrafts to carry rain - making chemicals into cloud formations. Hundreds of rainfall samples have been taken as well as measurements, weights and chemical composition of the rainwater.

New Los Angeles Jail Built Like Goldfish Bowl

LOS ANGELES (AP)—Prisoners in the new modernistic Los Angeles City Police Building, to be opened in May, will be in glass cells if they are arrested on misdemeanor charges.

The first floor, reserved for them, will be for the most part constructed of shatterproof glass. The booking sergeant, sitting on a raised platform, will have almost unlimited vision of the prisoners in their goldfish bowl.

The female phalarope (a small shore bird) does the courting, but after laying the eggs, she leaves and the male incubates the eggs and brings up the young.

SOVIET PROMOTIONS — Anastas Mikoyan, left, and M. Z. Saburov, right, have been made First Deputy Premiers, according to Radio Moscow. Both Mikoyan and Saburov will be on the presidium of the Council of Ministers as well as members of the Communist Party presidium.

Farmer Details Crash of Planes

Viewed Tragedy That Took 15 Lives Jan. 12 in Kentucky

CINCINNATI (AP)—Civil Aeronautics Board (CAB) investigators yesterday heard a Kentucky farmer's dramatic account of how two airplanes crashed in Kentucky Jan. 12.

The tragedy took 15 lives when a TWA airliner collided in flight with a private DC3 owned by Castleton, Inc., of Sturgis, Mich., and Lexington, Ky.

Logan Spaulding of Route 1, Burlington, Ky., testified at a CAB hearing on the crash that he heard an airliner take off as he was walking back to his farmhouse four miles west of the Greater Cincinnati Airport. The airport is located in Kentucky.

Spaulding said he followed the sound of the climbing aircraft and judged it had made a climbing turn and was approaching his farm. Then he heard a sharp explosion, "like a clap of thunder."

Seconds later, Spaulding said, an airliner plummeted out of the sky. He thought he saw its left wing fall separately. When the main part of the craft smashed into the ground, an orange ball burst and the fuselage was enveloped in flames.

The TWA plane was en route to Cleveland and had just taken off from the Cincinnati airport. The DC3 was en route to Lexington, Ky., after taking off from Kellogg Field at Battle Creek, Mich.

Thirteen airline passengers and crew members and the DC3's pilot and co-pilot were killed.

Donald McFarlane, president of Castleton, said the plane was flying to Lexington to pick up Mr. and Mrs. Frederick Van Lennep, company executives. Castleton operates a horse-breeding farm at Lexington and a sales book manufacturing company in Sturgis.

Manistee GI Returns With Bagful of Dog

DETROIT (AP)—Doubtless it was a big day in Manistee today for PFC. Kenneth Conklin, 19, and his new dog, Kim.

On the way home after a year in Germany young Conklin came through Detroit yesterday with Kim, a six-week-old German shepherd pup, whimpering in a zipper handbag.

The Army private first class carried him gently, now and then peering in fondly to make sure Kim was all right.

It was proper that Conklin did so. For Kim is to take the place of King, the dog which filled the life of Kenneth as a boy four years ago. King was killed by a random gunshot in the forest.

PFC. Conklin paid $40 for Kim in Germany. The pup eats hot dogs, sauer kraut and whole wheat cereal. On the ocean trip Kim was seasick but recovered.

Conklin's new dog may lead to a change in the young man's Army career. Conklin, an Army cook with one year yet to serve, is going to ask for a transfer to train and work with Army messenger dogs.

Your Income Tax—4

Rules on Exemptions Now Relaxed

By FRANK O'BRIEN
of Associated Press

Your exemptions are the biggest single tax chopping device provided by the law. The new income tax law makes it possible to claim exemptions in several circumstances formerly not allowed.

Every exemption you have sets aside (exempts) $600 of your income, making it tax free.

Since the amount for each exemption is so large, the rules about who may and who may not be claimed as an exemption are precise and rigid. But you are fully entitled to all the exemptions due you under the law. This article is aimed at telling you exactly what exemptions you may claim.

There are three types of exemptions:

1. For you, and, if you file a joint return, your wife or husband.
2. For your children.
3. For others.

The new 1954 tax code liberalized the rules under which children and others may be claimed as exemptions.

But let's take up the rules for the three types of exemptions in the order listed above, because that is the order in which they occur on your tax form.

1. You and your spouse:

The taxpayer always gets at least one exemption. If you were 65 or over during 1954, you get two exemptions for yourself. If you were 65 or over, and blind, you get three exemptions. You get exactly the same exemptions for your wife, or husband, if you are filing jointly. Thus, a couple filing a joint return could get a maximum of six exemptions for themselves.

Blindness, for the purpose of taxpaying, is:

—Total blindness, meaning no sight at all, unable to tell light from darkness. A statement claiming total blindness must be attached to the return of the sightless.

—Partial blindness sufficient for an additional exemption. This is defined as no more than 20-200 vision in the best eye with correcting lenses, or width of vision not exceeding 20 degrees. Returns claiming extra exemptions for blindness when some sight exists must be accompanied by a statement by a qualified physician or a registered optometrist stating that the vision does not exceed these limits.

2. Children:

You get one exemption for each of your children, within certain limits. Children include stepchildren and legally adopted children.

One of the new tax law provisions allows you for the first time to claim foster children. The provision, aimed expecially at foster children but written to include others also, is:

You may claim as an exemption anyone, even if not related to you, whose home was your home and who was a member of your household, and who received less than $600 income in 1954 and got over half support form you.

Previously, the law limited you to claiming children as an exemption only if the child (whatever his age) had income during the tax year of less than $600 and received half his support from you.

The new law liberalized this provision.

Now (with restrictions to follow) you may:

Claim an exemption for your child regardless of how much the child earns if he is under 19 years of age.

You may also claim your child as an exemption, even if he earns more than $600 and is 19 years old or over, if the child is a student.

The restrictions:

You may claim the exemption only if the child gets over half his support from you. (But you need not count the value of a scholarship as part of the child's support.)

The second restriction applies to married children. They may not be claimed as exemptions when they are party to a joint return.

Also, the child must be a citizen or resident of the United States, or a resident of Canada, Mexico, the Republic of Panama, or the Canal Zone. In the case of children who are residents of the Philippines and were born to servicemen or adopted by servicemen, you will need expert personal advice.

A student is defined in the tax law as a full time pupil, for at least five months of the tax year, at a regular educational institution, or a person who is engaged in on-farm training, in a program of a state or a political subdivision of a state, such as a county.

3. Others:

On page 5 of the instructions booklet that came with your tax forms, you will find a list of persons, other than you, your wife or husband and your children, who may be claimed as an exemption.

The list is complete, when taken together with the new provision noted just below it (the one aimed at foster children) allowing you to claim some persons, even if not related to you, who live in your home as a member of your household (paid servants are not members of a household).

All must meet the usual dependency tests (not earn over $600, get more than half support from you, not file a joint return, and must be a citizen or resident of the United States, or a resident of Canada, Mexico, Panama or the Canal Zone), with the following exception, which is the final new exemptions provision.

This is for a person who is supported by more than one taxpayer, but where no one taxpayer contributes more than half the support.

In this case (for instance, an aged mother supported by three or four children), the new tax law provides that one of the taxpayers may claim the person supported as an exemption, if:

1. The group contributes over half the dependent's total support.
2. Any one of the group could claim the person as an exemption if he contributed over half the support.
3. The person claiming the exemption contributed over 10 per cent of the dependent's support.
4. Each other person in the group files a statement saying he will not claim the exemption. For information on how and where to file such statements, see your nearest internal revenue service representative.

(Next: Income you do not have to declare.)

Doing It the Hard Way

WINDSOR, Conn. (UP)—Garageman Edward Boero picked up business while stopped for a red light. An automobile plowed into the rear of his tow truck. The truck was hardly damaged but the car was disabled. Boero towed the car to his garage for repairs.

Grandmas Never Say Die

NORFOLK, Va. (AP)—The grandmothers said they did it in answer to a challenge from "prissy friends." And so Mrs. Sallie Daniels, 60, and Mrs. Ray Davis, 51, rode into this city on bicycles after a 95-mile, 11-hour and ten minute trip from Wanchese, North Carolina.

Hobbyists Get Tips for Safety

Do-It-Yourself Craze Is Fine if You Stay All in One Piece

CHICAGO (UP)—The do-it-yourself craze is fine if you don't chop off a finger, the safety experts warn.

According to social scientists there are two basic urges behind the do-it-yourself predilection for puttering.

One is the creative yen, and the other is the desire to save money and beat the high cost of living.

Another factor is the flight to the suburbs, where the typical new homeowner builds himself a work bench, if he never builds anything else.

As a result of all this, industry sources report that the sale of power tools has doubled in the last two years.

Naturally, minor accidents have mounted, and insurance companies are showing some concern. One has published a booklet on "how to do it safely." It offers these tips:

Power tools — Stationery tools should be securely mounted. Tools should be run only on voltages specified. Portable electric tools should be grounded.

Clothing — Wear snug-fitting, short-sleeved clothes. Take off your neckie, rings and watch.

Hand tools—keep cutting edges sharp. A sharp tool is safer than a dull one.

Blowtorches—Don't use a leaky torch. Fill the torch out of doors if possible and don't spill the fuel.

Saws—Hold rip saw at a 60-degree angle, crosscut saws at a 45-degree angle.

Screwdrivers—Never use one on an object held in the hand.

Wrenches—Pull, don't push, to avoid injuring your hand if the wrench slips.

Soldering—Use tongs to hold the work you are soldering.

Painting—Provide adequate ventilation when using paint-thinners or removers.

Ladders—Place the feet of the ladder one fourth of its length from the wall. Always keep at least one hand on the ladder. On step-ladders, don't climb higher than the second step from the top.

Household appliances — Plug washing machines, dryers and the like into wall sockets, never into overhead lighting outlets.

Power mowers—Don't adjust a mower while the motor is running. Don't use an electric mower on wet grass.

Finally, the experts advise, face up to the fact that some jobs are beyond your ability. Leave intricate electrical wiring, furnace repairs and the like to the professionals.

Orders New Election for Wilkowski Seat

LANSING (AP) — Gov. Williams has ordered a special election May 9 to fill the Senate seat denied to Anthony J. Wilkowski, Detroit Democrat.

Williams declared the seat vacant because the Senate had so ruled on the grounds that Wilkowski was convicted 18 years ago of an election fraud.

The special primary election in the Second (Wayne) Senatorial District will be held coincident with the April 4 spring state election. Deadline for filing nominating petitions will be March 5.

Gas Dealers to Attend 10-Week Night School

GRAND RAPIDS (AP)—A group of 42 Kent County gasoline dealers will attend night school for 10 weeks starting March 24 to improve efficiency of their business operations.

The Retail Gasoline Dealers Association of Michigan will furnish instructors under an arrangement with the Grand Rapids Board of Education.

EXPENSIVE SWIM — Screen star Esther Williams, who looks as good on land as in water, models a $1,000 sequin bathing suit at the Polo Ball, a society charity dance held at Boca Raton, Fla. The suit was designed especially for the dance.

Accuse Women of Death Plot

Wife, Mother-in-Law Deny Plan to Murder Florida Grocer

JACKSONVILLE, Fla. (AP) — The wife and mother-in-law of a well-to-do Jacksonville grocer today denied police charges that they plotted to kill him.

Mrs. Ruth Blattner, 32-year-old brunette, said she knew nothing of a plan to do in her estranged husband Jack Blattner, 39, for $67,000 insurance.

Her mother Mrs. Sadie Teitlebaum, 52, of Belmar, N.J., admitted she offered money to a Negro to "beat up" her son-in-law because he had accused her daughter of being unfaithful, but she insisted she did not mean to have him slain.

The women were charged yesterday with conspiracy to commit murder—a misdemeanor punishable by one year in jail—and an additional charge of solicitation was placed against the elder. Mrs. Blattner was released in $1,000 bond and Mrs. Teitlebaum in $1,500 bond.

Detective Sgt. R. B. Whittington said a man the women tried to hire to do the job told Blattner and worked with police in getting evidence. The man formerly worked for Blattner.

"Mrs. Teitlebaum propositioned him," Whittington said. "She told him she'd give him $200 if he'd kill Jack."

Asks State Inspection of Iron, Copper Mines

LANSING (AP) — Rep. Louis C. Mezzano (D-Wakefield) asked the Legislature today to set up a new division in the state Labor Department to inspect iron and copper mines.

Under the present set-up, Mezzano said, the inspection is handled by inspectors elected by the counties in which the mines are located.

"I don't think the present mine inspectors have enough authority to enforce safety regulations," Mezzano said.

Agent Recalls When Kansas City Was Hot Jazz Center

KANSAS CITY (AP)—They play it sweet and they play it cute, but it's seldom now that they play the really hot note in this town of the "Twelfth Street Rag" — the one-time hotbed of swing.

Some of the cats who used to hit the hottest licks are delivering milk now or laying bricks. Just about all of them can get misty eyed thinking about the old days.

"This city used to be the jumpingest," says Chet Stamps, an artist's agent who has been around a long time.

* * *

"Today you have to read between the lines of fine print to find a joint that's selling jazz on a commercial basis."

He shook his head. "And yet, we really had it. Benny Moten. The great Count Basie. Hot Lips Page. Andy Kirk. That fine sax man Ben Webster.

"Webster, by the way, came back to Kansas City a while ago and almost starved to death looking for a job. All he could find here was some two-bit engagements. Naturally, he beat it."

* * *

Herb Six, a professor at the Kansas City Conservatory and himself an accomplished jazz pianist, was as gloomy as Stamps.

"There's plenty of potential jazz material left in Kansas City," Six said, "but it doesn't find any outlet here. So the young musicians either lose interest and originality or move elsewhere."

Historians of local jazz generally date its decline from the downfall of the late Tom Pendergast, the colorful political boss who kept Kansas City wide open until the late 1930s.

Some deduce that political reform, however desirable in major respects, has proved no unmixed blessing for jazz. "Things get too quiet, things get square," one ex-musician said.

Others contend that jazz and jazzmen have long since outgrown their gaudy origins.

* * *

The bookers put a major share of the blame on the 20 per cent entertainment tax and the early closing hours — 2 a.m. week nights and 12 midnight on Saturday.

"During the Pendergast days," said John Tamino, partner in Stamps' booking agency, "the joints stayed open all night. Oh, the midnight closing law's been on the books since 1933, but nobody used to enforce it. Club owners could afford more live entertainment. Where an operator used to hire a large band, he now uses a small combo, or maybe a single guy with a piano."

Similar thoughts came from Dave and Tom Reiser, a brother piano and guitar team featured at one of Kansas City's swankier establishments.

"There's the obvious economic angle," Dave said. "The operators don't make the profits they did in the old days and they don't like to take chances with new things. Add to this a general lack of showmanship. You've got to have some idea of presentation, to put your stuff across. That seems almost a lost art hereabouts.

"Maybe audiences don't really care much for individual expression any more. They want to see funny faces, they want the guy blowing the horn to do handsprings besides."

But some of the cats who had taken to masonry and letter carrying couldn't keep from their instruments indefinitely.

* * *

Three veterans — George Salisbury, piano; J. Jackson, tenor sax; bandleader and bassist Roy Johnson — plus Bob Hopkins, a young drummer, recently formed a band because, as Johnson explained, "we just couldn't stand not playing any more. We'd rather play than eat." They set up shop in a place called the Trocadero.

Johnson proclaimed his jazzman's creed for dark times. "Man, things may be dragging, but it only takes a little spark to set you goin'," he said. "And ain't nobody can say where the next spark will come from."

Egyptian Army Told to Retaliate in Force

CAIRO, Egypt (AP) — Egyptian Premier Gamel Abdel Nasser announced today the Egyptian army has been ordered "to retaliate by force" against any future Israeli attacks.

The head of Egypt's military ruling group told cheering students at the Egyptian Military College "If we enter war, we will give Israel a lesson it will never forget."

Nasser's warning to Israel came after 36 Egyptian soldiers and 2 civilians were killed in fighting with Israeli forces on the outskirts of Gaza Monday night.

Seek Outstanding Farmer

GREENVILLE (AP) — The Greenville Junior Chamber of Commerce is taking part in a program to find the nation's four outstanding young farmers. Montcalm County's winner will be announced March 31. Eligibility is limited to any farmer in the county, between ages 21 and 31, who derives two-thirds of his income from farming.

News of the Men in Service

Cpl. William C. Pfahlert Jr., whose parents live at 1735 Lakeland Ave., recently was awarded the Good Conduct Medal at Schofield Barracks in Hawaii while serving with the 90th Field Artillery Battalion.

Cpl. Pfahlert, a fire direction control specialist in the battalion's Headquarters Battery, entered the Army in March, 1953, and completed basic training at Camp Rucker, Ala.

Cpl. Pfahlert is now discharged and returned home yesterday.

Wallace K. Harris, Sonarman Second Class, USN, son of Mrs. Jessie A. Harris of 1167 James K Blvd., has been honorably discharged from the Navy at the U.S. Naval Receiving Station, Norfolk, Va.

Recently graduated from the Army's Quartermaster School at Fort Lee, Va., was Pvt. Clifford P. Rzeck, son of Mrs. Beatrice Miller of 469 Manfield.

Rzeck completed the school's baking course. He is a graduate of Waterford Township High School.

Duane W. McClain, son of Mr. and Mrs. Chester McClain of 9392 Highland Rd., and Alvin J. Trarop, son of Leland A. Trarop of 2595 Williams Dr., are among the recruits of the all-"Michigan" Company scheduled to be graduated from the Recruit Training Command after completing nine weeks of training.

S-Sgt. Ronald D. Aderholdt, son of Mrs. Eva M. Aderholdt of 953 Boston Ave., reported to the Marine Corps Air Station in Miami, Fla., recently. He has been assigned to Headquarters Squadron of the 3rd Marine Aircraft Wing.

Aderholdt entered the Marine Corps in 1950 and was promoted to his present rank in June, 1952.

Scheduled to finish four weeks of individual combat training at the Marine Corps Base at Camp Pendleton, Calif., is Pvt. Edward J. Erickson, son of Mr. and Mrs. Bob Erickson of 1108 LaSalle St.

Two Pontiac Marine privates, Daniel J. Graves Jr., son of Mr. and Mrs. Daniel Graves of 3066 Collier Ct., and Augustine Ortez, son of Mr. and Mrs. John C. Ortez of 365 Rockwell St., were transferred to the 3rd Marine Division in Japan recently after completing four weeks of training in the staging regiment at the Marine Corps Base at Camp Pendleton, Calif.

Soviet Workers Fake Sickness to Stay Off Jobs

MOSCOW (AP)—The Soviet press is lashing out against worker absenteeism from factories and against doctors who provide sick certificates to "drunkards and loafers."

This campaign is most significant now that the Soviet government is headed by Marshal Nikolai Bulganin as premier and with Marshal G. K. Zhukov as defense minister. If the factories are going to produce more under the direction of Bulganin and Nikita Khrushchev, the Communist party leader, no loafing, malingering or fake sick leaves can be tolerated.

This is made plain in one of those satirical articles for which the Soviet press is famous. It is published in Trud, official organ of the Central Trades Union Council, and it charges that too many doctors are "protecting" workers fake bellyaches at the expense of the state.

Puppy Has Six Legs

CLEVELAND (AP)—Mrs. Marie Newell has a six-legged spaniel puppy which frisks around undismayed at his extra pair of hind legs, which are small but perfectly formed.

Bonanzagram Trial Run

Here's Answer to Puzzle Sample Printed Yesterday

Did you work out yesterday's Bonanzagram? Maybe one day is not long enough, but since this one is merely a trial run for your instruction, we'll give you the answer right away.

The prison authorities deciphered the escaped convict's diary entry in this way:

I BET WILLIE TODAY IN THE WARD I COULD ESCAPE BY MAY IF THE WARDEN CHANCED TO HEAD THE GROUP INVESTIGATING SOUTH'S JAIL PROBLEMS. WITH ALL AWAY BUT WIFE HOME GATE WOULD BE A CINCH, OR OVERGROWN WALL DOWN BY THE LOWER HOUSE. THOSE VINES WILL BE HANDY WHEN MY BAD SHIN IS BETTER. I TOLD WILLIE NO DIGGING NEEDED BUT AXE WOULD BE GOOD BUY. I SURE WANT TO SWING IT IN TIME TO WIN DOUGH, GOING TO MAKE IT SOON.

ABE URGLAR

Here is the reasoning they used:

"I BET Willie"—the tip that the prisoner is going to win something shows that there is a wager here, thus ruling out "met."

In the WARD" (not YARD) is indicated by the later reference to his getting better. The next words hinge on "with all away."

and "in time to win." Of course he could escape by way of the garden, but the clues point to by MAY (warm evening) IF THE WARDEN CHANCED to go SOUTH as HEAD of that GROUP. With only his WIFE at home the HOME GATE would be a CINCH. The other possibility is that overgrown WALL near the LOWER HOUSE.

You may have put in POWER HOUSE, but no clues point to that—he simply means the house below the Warden's. "Down" is the key word here. THOSE VINES is indicated by "overgrown"—and they look DANDY, but HANDY is more to the point, especially for climbing when my BAD SHIN (the one that put him in the ward) is better.

No DIGGING is obvious, "but AXE would be good BUY"—of course it would help him smash the lock on the gate, and Willie would appear to be able to smuggle such a tool in for a price. And finally, he hopes he can SWING his escape "in TIME to win DOUGH" so he hopes to "make it SOON." The signature is, in the same vein, ABE URGLAR.

Study this sample puzzle and you'll be ready for the first of the series Monday on which the Pontiac Press is offering up to $120 weekly for the correct answer. Rules and entry information will appear Monday with the Bonanzagram. Watch for it.

Marilyn Has Date With Judge April 6

BEVERLY HILLS, Calif. (AP)—Marilyn Monroe has a date with a judge April 6.

The blonde actress was due in Municipal Court yesterday on a traffic warrant issued No. 21 charging her with driving without a driver's license.

Attorney W. Claude Fields appeared for her and showed the court a letter from her in New York. He said he expects Miss Monroe here about April 6.

Morris Brown, of Champaign, Ill., a stranger, sent in the bond of $100 required to guarantee her court appearance. He wrote he did it as a "friendly gesture."

Hits Drinking Talk

LONDON (AP)—The Friends of Temperance Union complains there is too much talk about drinking on British radio programs. It made a count, the union said. Result: 1,135 references to alcoholic drinks in three months, only two of which might be considered "pro-temperance."

Japanese Boy Dies After Sports Match

YOKOHAMA, Japan (AP)—Two junior high school boys fought a make-believe professional wrestling bout so realistically it ended with one boy suffering a fatal brain injury.

Tatsumi Nishiba, 13, readily accepted a classmate's challenge to a grudge bout last week. The classmate, who was not identified by police, wanted to even up for the beating Tatsumi gave a playmate in another make-believe groan and grunt battle.

The bout ended up with the two wrestlers bleeding and bruised all over by the vicious karate (barehand) blows swung at each other.

Tatsumi complained Tuesday of pains in the head. He died yesterday of cerebral hemorrhage, an autopsy showed.

The U. S. marriage rate in 1954 was 9.1 per 1,000 people.

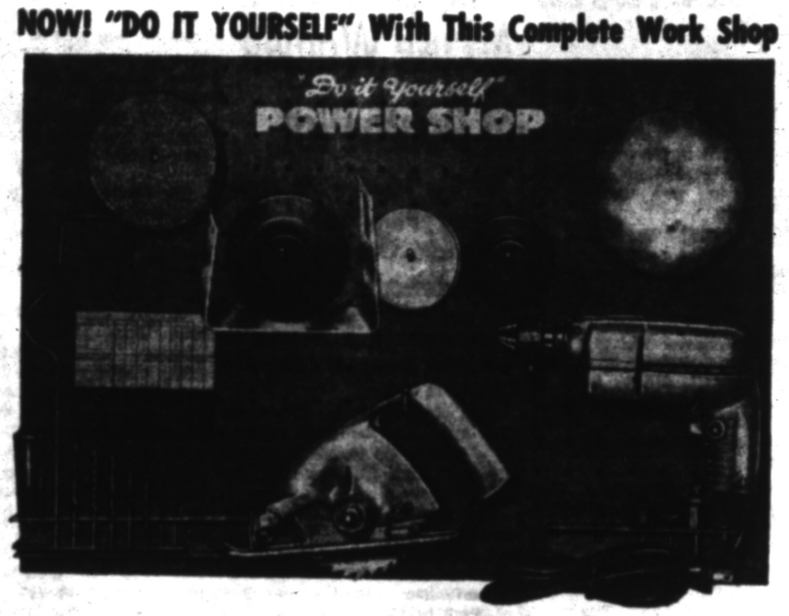

Circus Picket Line

RIVERSIDE, Calif. (AP)—The International Assn. of Machinists used two rented elephants and two camels in their picket line yesterday at the Rohr Aircraft Corp., where the IAM is striking over an arbitration clause dispute. The animals wore such signs as "We Won't Settle for Peanuts" and "It's Been a Long Dry Spell Without Arbitration."

Feathers comprise 6 per cent of the weight of a live chicken.

Hal Boyle Says:

Electric Rotisseries Now Red Hot

NEW YORK (AP) — Anybody can make money today who can show men a way to compete successfully with women.

At least partly because of this fact, Arthur O. Bregstein is reaping a fortune. He is doing it by operating on the theory that, while a wife may be at home on her range, there is no reason why a husband can't be a king in the family kitchen, too—if cooking is made so simple even his feeble masculine mind can learn how to do it.

Bregstein found the answer in the new rotisserie-type electric broilers which in just a few years have created a culinary revolution in America.

• • •

In 1950 Bregstein, who had begun his career as a representative for concert artists, was operating a small electrical firm that made sockets and switches in a one-floor Manhattan loft. One night, while watching chickens turning on a gas-fired rotisserie in a French restaurant, he mused:

"If a woman could do that at home, wouldn't it be wonderful?"

He investigated and found home rotisseries had been sold in this country at least since 1933, but had never caught on widely. For one thing, they were too complicated.

Bregstein put some engineers to work on the project. Two years later he had developed a simplified, portable electric broiler that cooked with infrared rays and had automatic controls and timing devices.

• • •

"We had to set up a factory to make our own slow-turning, fractional horsepower motor," he recalled. "But the most expensive problem was how to seed the market."

This is sales jargon for creating a customer demand. One of his ideas was to hire a home economics expert to write a cookbook giving hundreds of menus. The book now is in its second million printing.

"Hundreds of thousands of people had the cookbook before they had a broiler," Bregstein said.

The electric boiler industry had about nine million dollars in retail sales volume in 1951. Last year it was approximately 150 million, and Bregstein predicts it will reach 300 million in 1955. He estimates his own firm, the Roto-Broil Corp., largest of nine concerns in the field, does about 45 per cent of the total volume.

"One out of every 10 electrified homes in America now has an electric broiler," he said contentedly, "and the real market still lies ahead. The industry is growing as rapidly as television or airconditioning."

Bregstein himself was amazed at first to learn from surveys that the broilers had won as much favor with husbands as with wives.

"But it is easy to see why," he said. "Men hate to bend down. That's one reason they don't like stoves. Also they want a foolproof system of cooking.

"But they do like to cook, if it isn't too much trouble and they don't have a mess to clean up afterward. It makes them feel like a big shot.

"A man likes anything he can be successful at. There are so many automatic controls in the new electric broilers that the average husband can't make a mistake in cooking a steak or chicken. He brags he can cook as well as his wife. Actually, of course, he can't. His wife knows the credit should go to the machine, but she isn't going to point that out. After all, she's got him doing half the cooking."

• • •

Bachelors, who have found they can use the broilers to cook their breakfast at bedside, have turned out to be another surprise market.

"A bachelor now doesn't have to depend on his etchings—he can invite his girl to come up and see his shish kebab," said Bregstein smiling. "He can broil her a meal in the living room while sitting on the sofa holding her hands—that is, if he can keep his mind on it. After all, the way to a girl's heart is through her stomach."

His engineers now are tackling the problem of designing new type infrared broilers suitable for restaurants, house trailers and commercial airlines.

Omaha Sheriff Using Cars of Many Colors

OMAHA (AP) — Sheriff Patrick Corrigan's new paddy wagon cars are of a "baby blue" hue, a color matching the new uniforms of the deputies.

"But that isn't all," said Corrigan. "To take care of the guys who think they can spot a cruiser a mile away, we also will have red, black, brown and green cars."

Ike Tidies Up Program GOP Will Offer Voters in 1956

By Congressional Quarterly

WASHINGTON — After one year of groundwork and another of heavy construction, President Eisenhower has begun his third year with 175 legislative recommendations designed to consolidate the record Republicans will place before the voters in 1956.

Moreover, the President's emphasis apparently has shifted from domestic matters to foreign affairs and military security.

The time-table has evolved along these lines:

1953 — The terrain was surveyed and the framework on which the President later hung his program was rejointed. Problems like farm price supports were turned over to study commissions. Federal agencies were organized. Legislation on foreign policy was subordinated.

1954 — Mr. Eisenhower tossed Congress a 232-point work load crammed with such major domestic recommendations as the omnibus tax revision and farm price support programs. Congress granted 150 of his legislative requests.

1955 — Most of his first-term domestic legislative goals attained, the President is concentrating on smoothing rough edges, sharpening tools already provided, and edging ahead with expansion of pilot programs. With world tension high, emphasis has shifted to security against Communist aggression.

Key points in the 1955 program include treaties for defense of Formosa and Southeast Asia (already ratified by the Senate), and for tapping West Germany's military resources in Europe's defense. Also on the list of measures calculated to strengthen allies are the reciprocal trade program (passed by the House) and proposals to reformulate foreign aid.

Eisenhower has asked Congress to back up foreign policy by extending the draft (which the House has done) and reorganizing the military reserves.

While the President may be content to decorate the structure of his domestic program with finishing touches, Democrats may attempt extensive remodeling. They already have challenged his tax and power programs.

The outlook for 1956, a Presidential election year, is uncertain. Republicans may confine themselves to explotive progarms enacted in 1953-55, or launch surveys of a fresh set of problems.

Evolution of the GOP farm program illustrates the three-phase cycle. In 1953, the President retained the inherited program with little change. In 1954, he won enactment of flexible price supports and most other points of the farm program developed by his advisers.

His 1955 program consists of fringe adjustments, like a shift in the drought aid formula, not directly related to price supports —and a plea that Congress beat back attempts to revive rigid supports.

Another farm recommendation—enactment of a program to aid low-income farmers — may herald Phase One of a new cycle.

Typical of the 1955 domestic program is a request for a revolving fund to help states and municipalities plan public works. This aid program was launched on a small scale in 1954; now the President wants to expand it. Similarly, he seeks to implement his power policy by undertaking projects in line with the "partnership" approach.

Several points of Eisenhower's domestic program lapsed a year behind schedule in progressing through the three-year cycle.

Study of school and highway needs extended beyond 1953 through 1954, so that requests for basic legislation were delayed until 1955. Proposals for school and highway aid are among the few major new domestic programs submitted to Congress this year.

Most other major points of the President's 1955 domestic program are recommendations not approved by Congress in 1954. He has renewed his requests for health reinsurance, Hawaiian statehood, postal rate boosts, and suffrage for citizens below the age of 21. In all, Eisenhower has bounced back 31 legislative requests not granted in 1954. Most were relatively minor points of the omnibus programs.

An unsuccessful 1953 request for amendment of the immigration law was dropped from the 1954 program but appears on the 1955 agenda.

Paring and consolidating his program, the President has dropped 46 recommendations rejected in 1954, mostly in the domestic field.

He may ask for action later in the session, but as of Feb. 27 he had not renewed recommendations for revision of grazing laws, validation of wiretapped evidence, and exemptions from the Buy American law. He resubmitted requests for two amendments of the Taft-Hartley labor law, but soft-pedaled 17 others.

Steel Production Nears Capacity

Output Seen Heading for New Weekly Mark as Demand Continues

NEW YORK (AP)—A glut of orders is piling up backlogs in the steel industry and the operating rate is headed for 96 per cent of capacity, Iron Age, the national Metalworking Weekly, reported yesterday.

The magazine noted that with mills operating at 91 per cent of capacity this week, tonnage produced will be only 6 per cent below the record all-time weekly tonnage of 2,324,000 tons reached in the week of March 23, 1953.

This, it added, is "a short skip and a jump from an expected 95-96 per cent."

Iron Age reported as follows:

Some mills are lagging behind on delivery promises. Production, processing and shipping facilities are being strained to the utmost.

As the ingot rate pushes toward capacity, seasonal market influences are increasing the pressure. Marginal production and finishing facilities are being pressed into service.

Close observers feel that even if automotive orders fall off, the momentum of demand from other markets is likely to carry into the third quarter.

Steel consumers are facing a double problem now—keeping their production lines going and trying to re-build their inventories. They're becoming anxious for prompt delivery.

The improvement in steel demand since the first of the year has been for virtually all products. The pickup in the last several weeks has been "overwhelming."

Bulganin Given Glamor Look in His Pictures

NEW YORK (AP)—Soviet publications seem to be giving the glamour treatment to the new Premier, Nikolai Bulganin. The order apparently has gone out to print pictures that make Bulganin look younger than he is.

Pictures printed while Bulganin was defense minister showed him with gray hair. His hair suddenly has become black, now that he is Premier.

• • •

There is a precedent for this. For years after Joseph Stalin's hair became gray his portraits continued to show it as jet black. Only in the latter years of his life, from 1944 on, was the grayness revealed to the public.

• • •

The photo of Premier Bulganin generally used in newspapers and magazines is probably about 10 years old.

He will be 60 June 11. He is still a handsome man but he is showing his years. He's been described by foreigners who've talked to him as "roly-poly." Like all the other Soviet leaders, he's quite short.

Flu Hits Switzerland

BERN, Switzerland (AP)—An influenza epidemic has hit Switzerland. The Department of Health announced today six deaths have been reported among 2,293 cases. Several schools in Bern and one in Basel have closed. In neighboring West Germany, the disease is abating after causing nearly 100 deaths in the last two months.

TWO-WAY HEALER — Sure to cure his patients one way or another is Lewis F. Brinton, New York Medical College student from the Belgian Congo. All he has to do when he gets back home is combine his authentic witch-doctor outfit with the modern medical training he's getting.

New Monarch Rules Cambodia

Father Takes Over for Son Who Abdicated in Political Row

SAIGON, Viet Nam (AP)—Prince Norodom Suramarit ascended the throne of Cambodia today, succeeding his abdicated son ex-King Norodom Sihanouk.

The 58-year-old prince was his son's choice as a successor.

Sihanouk gave up his crown yesterday in a row with the Indochina armistice commission over an election law he wanted to bar many of his chief opponents from office. The abdication of the 33-year-old monarch shocked his 4½ million subjects.

• • •

In a broadcast statement announcing his intention to step down Sihanouk accused ex-Premier Son Ngoc Thanh's National Democratic party — the nation's largest political faction — of using its influence with the three-nation commission to prevent him from carrying out his own announced plan for the national balloting scheduled April 17.

Members of the Indian delegation on the armistice commission sought vainly last month to bring the King and Thanh, his chief critic, together in a conciliation move. Thanh's followers also sought American intervention but U.S. diplomatic officials said the United States could not become involved.

Say Ike Pledged Aid for South Viet Nam

PARIS (AP) — The office of ex-Emperor Bao Dai, South Viet Nam's chief of state, reported today President Eisenhower has written him promising increased aid.

It said the letter cited Gen. J. Lawton Collins, the President's special envoy in Saigon, as seeing a good chance for the largest of the Indochinese states to remain free. The office made public only a summary of the letter.

Bao Dai spends most of his time at Cannes, on the French Riviera. France and the United States recognize him as the ruler of South Viet Nam, the part left free when Viet Nam was split with the Communist-led Vietminh under the Geneva armistice last summer.

Bill to Extend Hunting Ban Before Solons

A bill was reported favorably out of the State Senate Conservation Committee yesterday, which, if passed by both houses and approved by voters in Southfield and Bloomfield Townships, would permanently ban hunting in those areas.

The measure is sponsored by Sen. William S. Broomfield (R-Royal Oak).

Previous legislation put through by Broomfield prohibited hunting in Southfield from 1950 to '53. But the bill to have the ban made permanent through a referendum in the township was blocked by the Senate the last two years.

A law which stopped hunting in Bloomfield Township ran out last year, the senator explained.

Name Attorney to Return Cash

Muskegon Lawyer Will Determine Money Due in Land Frauds

MUSKEGON (AP) — Circuit Judge Noel P. Fox yesterday named Arthur M. Rude referee in chancery to study distribution of $78,000 paid in restitution for highway land frauds.

The money was paid by Mrs. Lois Moon Ley, former Muskegon realtor, and G. Palmer Seeley, former chief right of way buyer for the state Highway Department's Grand Rapids office.

Both are serving prison terms after pleading guilty of conspiracy to defraud the state of upwards of $10,000 in land deals.

Mrs. Ley and Seeley each made restitution of $36,000 and Seeley's bonding company paid $6,000. The money is held by the Muskegon County clerk.

Rude, a Muskegon attorney, will determine if any of 19 property owners were defrauded in the transactions and to what extent restitution is recommended. Money unreturned to former property owners will be awarded to a state general fund.

Meanwhile, Judge Fox said he plans to make recommendations next month on minimum sentences for Seeley and Mrs. Ley. None were made when the two were sentenced.

Mrs. Ley is serving 18 months to five years in the Detroit House of Correction. Seeley was sentenced to 2½ to five years in prison.

Limbless Vet of Korean War Starts First Job

WASHINGTON (AP)—Robert L. Smith, the only living quadruple amputee of the Korean War, has gone to work on his first job.

Yesterday he put in his first full day, as a tabulating machine operator for the Veterans Administration. Today the VA called in reporters to show how well Smith does the job.

• • •

Smith has completed a course at the International Business Machine Co. His first assignment will be to wire the complicated panels that determine how the machine works. He was busy at it when reporters arrived.

The VA said Smith will be treated like any other employe. He's starting at $2,750 a year, and his opportunity for advancement will be up to him.

"That's the way I want it," Smith said.

The 24-year-old combat veteran was wounded in North Korea in 1950. Frostbite set in, and it was necessary to amputate both arms and both legs. He is married and has a 16-month-old son.

Horses were introduced into Egypt by the Hyksos kings in the 17th century B. C.

Veteran Sailor Gets Land-Legs

Great Lakes Captain Settles Down to Life in Michigan Cabin

GRAND HAVEN (AP)—Capt. F. A. Brytz, who went to sea 50 years ago as a $4-a-month cook, is getting his land-legs at nearby Spring Lake these days. His sailing days are over.

For the first time since he was 14, the captain lounges around his scenic log cabin as long as he chooses.

Captain Brytz has commanded ships for the past 16 years. "It brought nothing but worries from the first spring sailing until the final winter docking," he says.

Oddly, the colorful, Swedish-born seafarer has been eagerly planning a retirement cruise for years—ever since his log cabin home was completed overlooking Spring Lake.

It took 15 winters of work to finish the home. But it's filled with mementos of the seas.

The captain's most prized possession, however, is a gold life-saving medal given to him by the late President Wilson. He was 1 of 6 sailors who rescued eight crewmen from the mast of a sunken vessel in sub-zero weather on a stormy channel between Baltimore and Newport News, Va., 41 years ago.

At 15, the captain sailed around the world in a 200-foot square-rigger. After 11 years of this he came to the Great Lakes. Since he has sailed 37 years for Cleveland Cliffs Iron Co. alone and commanded seven different ore vessels.

Presently, the captain and his wife are about to leave for a 6-month visit to their homeland—Sweden. How will they go?

"Cruise, of course," says the captain.

Gas Plant in Frisco Threatened by Fire

SAN FRANCISCO (AP)—A spectacular four-alarm fire in a waterfront warehouse lighted up San Francisco Bay early today and threatened a nearby utilities company gas plant but was brought under control within 1½ hours.

The fire broke out about 12:30 a.m. in an old sugar warehouse being dismantled by the Pacific Gas & Electric Co. to make room for new construction.

Scrap lumber and huge timbers provided material for a mammoth bonfire. Thirty-two pieces of fire-fighting equipment, including fire boats, brought the blaze under control and protected the gas plant.

For Sale: Education

EAST LANSING (AP)—Michigan State College is using want ads to promote higher education. The ads in the Lansing State Journal invite registration in evening classes. They carry punch lines such as: "Experience not necessary—only desire to learn is needed," and, "Personal satisfaction can be yours. Learn new skills at Michigan State evening college."

Yanks Become Mountaineers, Take to the Hills

AP NEWSFEATURES

NEW YORK—More and more Americans are taking to the hills. They swing dizzily at the end of a rope over precipices, climb ice cliffs and seek out the remotest parts of mountain wildernesses.

There is no way to estimate the total number, but mountaineering clubs report a rush of new members from 7 to 70 years old.

A number of the clubs set up classes to teach the newcomers the rudiments of mountain climbing, provide expert instructors and stress safety.

Among the leading clubs in the nation are the Mountaineers of Seattle, the Mazamas of Portland, the Sierra Club of San Francisco, the Colorado Mountaineering Club of Denver and the Appalachian Mountain Club of Boston.

The Seattle club's school provides an ascent of 14,408-foot Mt. Rainier as a graduation exercise. The Sierra Club stages trial climbs on rocks and cliffs around San Francisco.

The eastern mountaineers have tamer fare, but there are plenty of cliffs in the Appalachians. The Appalachian Trail provides a footpath for hikers stretching from Mt. Katahdin in Maine, 2,000 miles to Mt. Oglethorpe in Georgia.

There are also other trails to take the expert or novice mountaineer to rugged slopes that provide challenging climbs.

Many of the easterners cut their teeth on native rocks and then take off for the more rugged ranges of the West.

There are the Cascade Mountains of Washington and Oregon. North of the Cascades is the Coast Range of British Columbia. South of them are the Sierra Nevadas with rock peaks and plenty of glaciers.

The Rockies extend from Glacier National Park in Montana south through Wyoming and south through Colorado which has four-fifths of the nation's peaks more than 14,000 feet high.

Reports from the mountain clubs show that increasing numbers of climbers are challenging the rock and ice of these mountains.

Eludes Wounded Lion by Dive in Snowbank

McCOY, Colo. (AP)—Jimmy Day, 60, a government trapper, dived into a snowbank to escape the charge of a wounded mountain lion.

His companion Ira Virden, 42-year-old McCoy rancher, then killed the animal, but said it took seven shots from his .22-caliber pistol.

Virden and Day had been hunting the big cat since Jan. 16 after it killed 18 of Virden's sheep. Day said the lion also had killed 11 deer in recent weeks. Dogs had treed the lion shortly before it leaped at Day.

Ink-Drinking Parakeets Worry Their Owner

FORD MADISON, Iowa (AP)—A woman wrote an ink manufacturer to ask whether her two pet parakeets will suffer ill effects because they drink ink from the nib of her fountain pen.

"The even lap it out of the bottle if I leave the top off," she wrote.

The chief chemist for the firm assured her he doesn't think the parakeets will be harmed if they consume only small amounts.

"But we don't recommend it for that purpose," he said.

When hollowed-out drums are taken from the forests of Bougainville, in the Solomon Islands, a magician sits on top to lighten the load. His presence is protection against the evil spirits that might make the logs too heavy to carry.

GAS LAMPS IN HAMBURG—A mechanic checks one of 20,000 street gas lights in Hamburg, Germany. They are lit and dim out mechanically but often need minor repairs.

Lie-Prompting Denied by Cohn

Believes Matusow Told Truth at Trial of 13 Red Leaders in 1952

NEW YORK (AP) — Roy M. Cohn says he never prompted Harvey M. Matusow to testify falsely against 13 second-string Communist leaders. And he said he had no reason to believe Matusow lied at their trial.

Cohn testified yesterday at a federal court hearing in which the convicted Reds are seeking a retrial based on recanted testimony by Matusow, self-styled former Communist and FBI informer.

Cohn's testimony continues today.

• • •

Cohn, an assistant U.S. attorney when the 13 were tried in 1952, later was chief counsel to the Senate Investigations subcommittee, which was headed by Sen. McCarthy (R-Wis). He currently is in private law practice.

Asked about Matusow's charges of coaching, Cohn told Federal Judge Edward J. Dimock:

"I had no reason to believe that he (Matusow) was not telling the truth in what he said to us in preparation of trial briefs in 1951 and 1952. We had checked documentations regarding matters he spoke of and we had no doubt.

"If there was any doubt, we would not have taken him as a witness.

"I thought he was telling the truth then, and I think so now. I never under any circumstances suggested that he make false statements and I don't think anyone else did."

$250 Pound of Butter Baffles State's Attorney

CAMBRIDGE, Ill. (AP)—A $250 pound of butter has State's Atty. William F. Kirman scratching his head over a legal problem.

M. C. Samuelson says he left a note for his milkman, and ordered a pound of butter with a signed check, the amount and payee left blank. The milkman made himself the payee and put the charge at $250, his complaint says.

Kirman says the statutes make check boosting a crime, but don't deal with filling in a blank check.

Speaker Explains Problems of Teenagers at PTA

"Problems of Average Teenagers and How PTA Members Can Help" was the topic discussed by Laurentine Collins Wednesday evening before 100 members of the Pontiac High School PTA.

Miss Collins, author and educator from the Detroit schools, said parents should try to understand the school problems of their children and discuss them with the students.

While discussing moral and spiritual values, recreation and social activities she said parents should go to church with their children, not just send them.

She asked parents what they are doing to prepare their children for military service and whether or not their children are aware of the scholarships awarded each year to students who wish to further their education.

She suggested that PTA members inform all students of each scholarship available so they may work toward obtaining one.

Families must first learn to live together in the home and then in the community. Miss Collins informed the group that some schools provide counselors to prepare young people for marriage and family life.

Mrs. Donald North was re-elected president of the group. Mrs. Paul Gorman was named mother vice president; Howard Smith, father vice president and Mrs. George Morrow, teacher vice president. Others elected to office were Mrs. Paul Brown, recording secretary; Mrs. Dale Moats, corresponding secretary; and Mrs. Asa Drury, treasurer.

It was announced that the Pontiac High School PTA will sponsor a movie April 13 at 8 p.m. in the auditorium. Proceeds will go to the PTA Scholarship Fund. Mrs. North urged the members to vote on the fluoridation issue in the April election. The next meeting will be held May 4.

MARY ANN QUINN

Mr. and Mrs. Basil Quinn of Detroit, recently of Pontiac, announce the engagement of their daughter, Mary Ann to Dexter F. Kernohan. He is the son of Mr. and Mrs. Delmer Kernohan of Livonia. The bride-elect is a graduate of McCauley School of Nursing. A June 25 wedding is planned.

'Useless' Gifts Worth Weight in Humor

NEW YORK (INS) — It's not necessary to be grim about gift buying—you can pick out presents with a sense of humor.

The recent gift shows in New York had some perfect examples of the type of useless presents that are ornamental and amusing—and sell for under $10.

People who like odd-looking figures around the house might be glad to get a troll—Scandinavia's weird looking answer to the leprechaun—made out of shaggy grayish-green moss.

* * *

The trolls have black faces made of pitch and carved, light wood eyes with a black dot for the pupil. Some carry canes, some giant acorns and one figure plays an accordion. They are imported from Sweden.

Or how about giving a zany ashtray? This item features a miniature red park bench with the white-lettered words "park it here." The ashtray base comes in either black, white or chartreuse.

Here's a gift that can even be useful as well as humorous. It's a cigarette dispenser for the bathroom wall. The top is a head with either black or white face, scrub-brush hair and rolling eyes.

Pontiac Press Photo

These little tots are having a singing session in the celebral palsy special education class being taught by Mrs. Ellen Skelley. The youngsters, who love to go to school and give complete cooperation, are only a part of a class of ten. They are, left to right, Kathie Vollmer of Huntington Woods; Charles Rodgers of Royal Oak and Anitha Mack of Pontiac.

Spastic Tots Cheerfully Learn the Arts of Living

(Editor's Note: The writer will attempt, in this and a following article to tell of the progress being made by the Society for Crippled Children. Activities will be described within Oakland County, with an eye to the national scene. Glimpsing the work being done with the handicapped, the articles will focus on the child with cerebral palsy and what is being done for him).

By ABBIE L. KUCSERA

The class was softly singing "Rock-a-bye Baby," and pudgy, 4-year-old Bobby, rocking to and fro with the doll he had asked to hold, bent most reverently and placed a lingering kiss on the "baby's" lips.

This tender scene, one of many such, took place at the Oakland County Society for Crippled Children where a pre-school cerebral palsy (CP) group, ages 3 to 6, was rehearsing for a program being planned for Mother's Day.

(Mrs. Ellen Skelley, their special education teacher, is having a large picture frame made for the occasion, and each child in his starched or frilly best will be "framed" as he performs his act.)

Earlier in the day, at 9 a.m., the 10 tots in the pre-school class were brought to the home on West Lawrence street by their parents or a volunteer.

Classes are a happy time for the children, and since the cerebral palsy child is usually a happy child and anxious to learn, the classroom atmosphere is a joyous one.

Mrs. Skelley is a wonderfully understanding person and loves each and every one of her little pupils. She starts out with a bright and cheery "Good morning."

Each youngster is invited to greet the group in the same way, and though it is difficult for some of the tots to sound out the words, most of them respond, along with a big smile that comes with effort and the sense of achievement.

From then on, the class is a fast and interesting panorama of activity—music, exercise and play—all conducive to the development of muscle and brain. While Mrs. Skelley plays appealing records, the youngsters practice proper speech, muscle coordination and classroom conduct.

To help in learning, picture cards and puzzles and various toys are used. Sometimes, Mrs. Skelley just plays music and the tots, feeling the rhythm of the music, are invited to express themselves in relaxed bodily motions.

Meanwhile, Mrs. Elisabeth Speck, physical therapist, comes after the children and takes them, one at a time, to the room equipped for the therapy. There she applies her knowledge to each child, according to his condition and his needs.

For instance, blonde Kathryn learns to buckle and unbuckle belts and tie shoelaces. Then, because she lacks proper balance, she walks up and down a special practice stairway.

Margo, a sweet, fluffy little girl with a very appealing personality, has wooden "skis" fastened to her feet.

With the teacher helping, Margo holds to the upright posts fastened to the runner, and endeavors to walk. She does a very good job too, with the help of the metal braces which encase her legs.

Margo, unlike most of the other CP youngsters, was not born with cerebral palsy. The condition came about when she was 3. After a tonsillectomy, she had a brain hemorrhage and went into a coma.

When this little girl, who had walked and talked normally before, came out of the coma she was a spastic. The condition affected her whole body, including her eyes and her speech.

Now, with the aid of glasses and braces and CP classes, the child is learning to walk and to talk and she's enjoying life again.

On Tuesdays and Fridays (school is held Tuesday, Thursday and Friday) Mrs. Aileen Lau, speech therapist, comes in to aid the children with their speech.

She, too, takes the children to a special room, where, before mirrors and with the aid of various devices, they perfect talking technique.

Blowing and chewing exercises are taken and the tots work with corks to help strengthen lip muscles and the tongue.

After the class session, tots and teachers stop for juice and crackers, which is another aid to learning, as CP's often have difficulty in eating. The children afterward lie on special mats for a few minutes of rest before going on to their final play session.

MARGARET ANNE MARTIN

Mr. and Mrs. John P. Martin of North Saginaw street announce the engagement of their daughter, Margaret Anne, to Richard John Doll. He is the son of Mr. and Mrs. Victor Doll of Osmun street. No date has been set for the wedding.

Sorority Holds Dinner Meeting

Members of Alpha Sigma Nu Sorority gathered Monday evening for a dinner meeting at Rotunda Inn. The group was entertained with baton twirling and a dance review. Mrs. Vernon Spencer was a guest of the sorority.

Arrangements for the affair were made by Mrs. Arthur Dahl, assisted by Mrs. Ivan Senters, Mrs. J. K. Helvey and Mrs. Hazel Ellicott.

Press Seams Open

Gored skirts lose their bulky look if you press open the seams each time they're washed. Don't forget it, ever, on garments you make yourself.

Sisterhood Has Holiday Program

A program portraying Jewish holidays was held when the Sisterhood of Congregation B'Nai Israel met Tuesday evening.

Mrs. Daniel Foxman announced that the reading of the Megillah, in keeping with the legend of the holiday of Purim will take place Monday. The Purim Carnival will be held March 13.

The date for the donor luncheon was set for May 18 by Mrs. Morris Simon and plans were made for a bazaar for April 30 and May 1.

Mrs. Harry Nufeld and Mrs. Jerome Weiss were welcomed into membership.

* * *

For the program, held at Congregation B'Nai Israel, members illustrated holidays with a hat fashion show. Mrs. Jack Gamburd represented Purim, Mrs. Marvin Finkelstein portrayed Hanukkah and Mrs. Alvin Jacobson's creation represented Simhath Torah.

Mrs. Nathan Crone's hat portrayed Sukkoth and Mrs. Abe Avadenka's hat was indicative of the Passover. Mrs. David Utley's representation of Purim was the prizewinner. Mrs. Stanley Elbing who planned the program was narrater.

Mrs. Irving Merkovitz gave the opening prayer and Mrs. Elliott Weston, the closing prayer.

Ten-Gallon Hat New From Paris Has a Purpose

PARIS (INS)—Ten-gallon hats are among the latest Paris spring styles—designed to make women wearing them look feminine and frail by contrast.

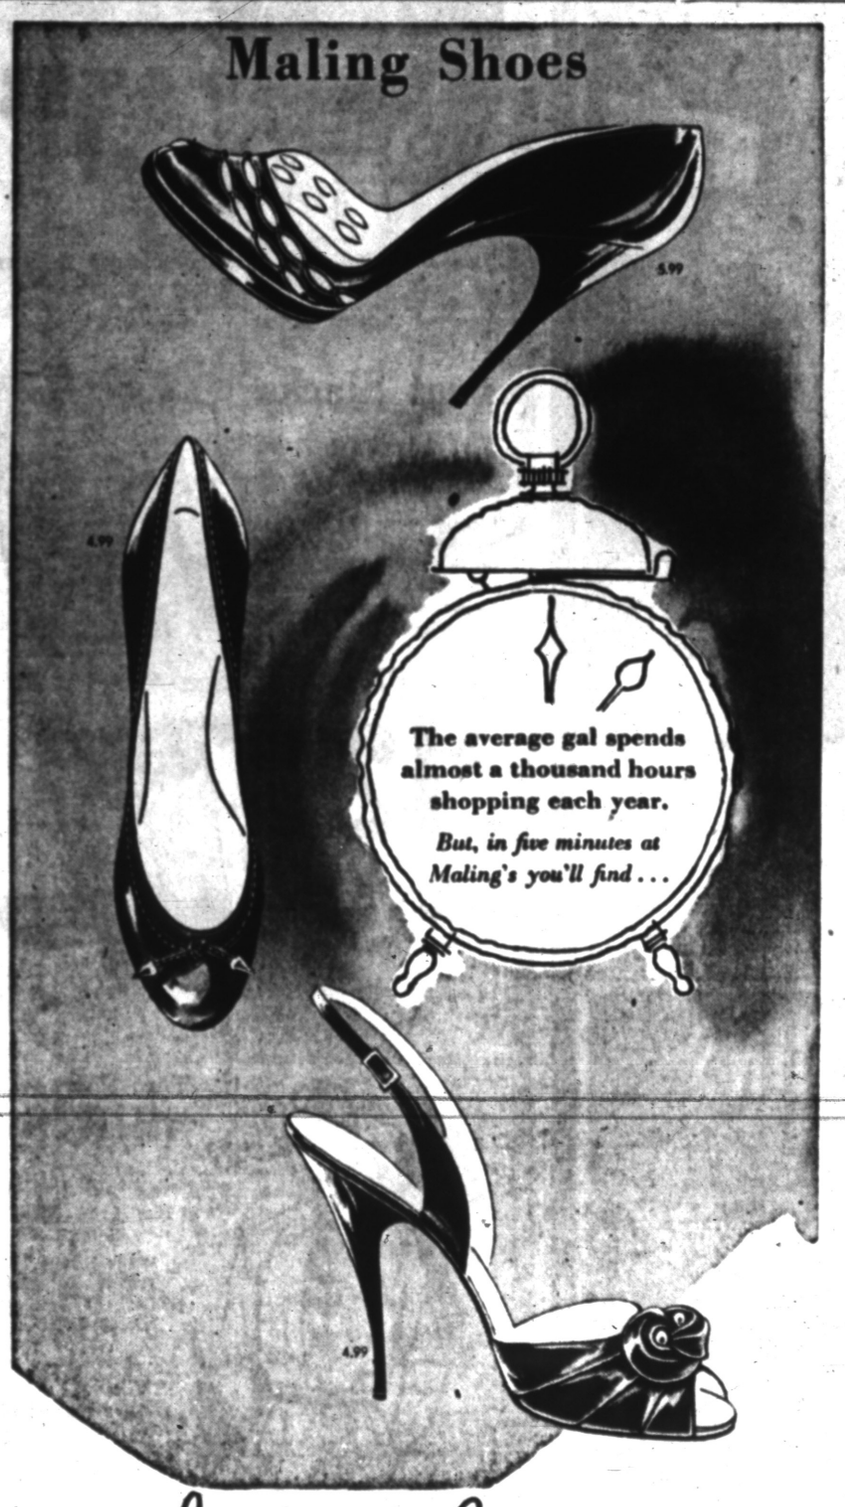

Some of the new large sized hats resemble authentic wild west hats, others look like umbrellas or serving plates. Sailors, too, have grown to super size.

And these large hats will be worn with suits and coats, not just for dressy occasions.

One of the smartest sports hats in town is cut like the headgear of a western sheriff. It's real ten-gallon size. It's made of white felt and trimmed with a plaid ribbon to look feminine and Parisian.

Rose Valios has designed two "umbrella hats." One is of shiny black straw and the other of pumpkin-colored fine felt. They are about the size of a child's umbrella. Besides being flattering, these umbrella hats are waterproof and offer protection from rain or sun.

Put Your Lazy Bone Back to Work

IF YOU HAVE:
A callous on the ball of your foot.
If your second toe is longer than your great toe.
Or if you are bothered by burning fet . . cramps in the calves of your legs . . .

THIS CAN HELP YOU

With a simple insole designed by Dr. D. J. Morton, you can walk without discomfort.

The foot is a "structure which enables us to stand erect and which we use as strong levers for walking."

In healthy feet, the joint of the great toe carries twice as much weight as each of your other four. If your second toe is the longer, then this balance is shifted, causing this second toe to take on three times as much weight as it is designed to do. The great toe, then is like the short leg of a table, it doesn't carry its share of the body load. It overloads and strains the second toe.

How do you correct a wobbly table? You put a little block of correct height under the shirking leg. So Dr. Morton fashioned a removable insole shaped like the bottom of your foot which you can slip into your shoe. It does not support the arch, it re-establishes the great toe contact with the ground. It puts the lazy bone back to work.

This diagnosis and treatment is known to doctors everywhere. It was widely published by Medical Manuals and Readers Digest. If you are bothered by the above symptoms, stop in and let us demonstrate these in your own shoes.

Musical Program Slated Saturday

Pontiac Press Photo

Charles E. King (center) tells the Rev. John Mulder (left), associate minister of Central Methodist Church and George Putnam, choir director, what he will present at his program to be held Saturday at 8 p. m. in the church.

Baritone Will Sing Folk Songs

Noted Musician Is Presented by Methodists

The former conductor of the Wings Over Jordon Choir is coming to Pontiac to sing — and to help his audience create music.

He is Charles E. King, baritone, who promises "something new in musical programs." The program will be presented Saturday at 8 p.m. in Central Methodist Church. No admission charge is made. A free-will offering will be requested.

In addition to touring the United States and Europe with the choir, Mr. King has appeared in dramatic singing roles in "Show Boat," "Green Pastures" and "Porgy and Bess".

He has given recitals in many major cities including New York, Boston, Chicago and Hollywood.

It has been said of Mr. King that he sings in a rich baritone voice the spirituals and work songs of the Negro. The melodic effects of his singing and that of his audience in this a cappella manner has been described as unique.

He teaches new songs to his audience and helps the audience create music. Mr. King is also a popular soloist and song leader in summer church camps throughout the country.

The vocalist is a graduate of Heidelberg University, Tiffin, Ohio and took advance study at Julliard School of Music in New York. He is a native of Cleveland where he now resides.

Pontiac Press Photo

Circle Players will present "Twilight Walk" Friday and Saturday evenings at 8:15 in Roosevelt Temple on State street. Enacting a scene from this psychological drama are (left to right) Kenneth Stephens, director for the play; Eleanor Weine of West Pike street, Joe Medrano of South Anderson street and Shirley Pengilly of Cherokee road. Tickets may be obtained at the door.

Mercers to Stay in Ft. Lauderdale

Area Families Still in Sunny South

By ETHEL TOMBRINK

MIAMI—Princess Margaret is skipping Florida on winter travels, but Michiganders are not. Each week brings more of them here to enjoy a sunny breather from cold winter weather.

It's been good weather for fishing, tennis, sun bathing—or just driving up the way a bit to visit with other Michiganders.

Mr. and Mrs. Russell Eames drove up the coast from Hollywood to neighboring Fort Lauderdale the other day to see Mr. and Mrs. B. H. Anibal at their apartment.

The Anibals' daughter, Mrs. Stark Ritchie and her daughter Ann, of Kenilworth, Ill., are with them. Mr. Ritchie joined the family a week ago. He'll be here another week.

• • •

Dr. and Mrs. Frank Mercer are expected this week in Fort Lauderdale.

In Miami, Mr. and Mrs. J. L. Taylor had a reunion with their son, Richard, who is just back from traveling the Mediterranean with the U.S. Navy.

He returned to Norfolk this past weekend, but Mr. and Mrs. Taylor are staying on in an apartment on North Bayshore drive. Mr. Taylor, Richard and Clifford Blume went out deep sea fishing almost every day and caught plenty of sail fish, dolphin and grouper.

There was a Pontiac reunion at the Edward C. Yuille household with the Bob Raaps, the Bob Munroes and Yuille Phelps all in town. The Raaps flew back north, but the Munroes headed across the state on their drive back to Michigan. Mr. Phelps is spending a few days with the Yuilles.

Roll-Top Desk New, Elegant for the Ladies

NEW YORK (INS)—Ladies who long for desks that look elegant on the outside should try the modern version of the roll-top.

New materials are being used in new ways. Thus the desk top and writing surface are made of white or black micarta—durable and easy to clean. The rolling section is of extruded aluminum.

The elegance department is taken care in the selection of the wood for the body of the desk. Rosewood, simple and unadorned, is used for this in order to give the desk a rich look and to soften what critics of very modern decor call its "harsh" look.

The legs are made of cast aluminum colored — matched to the lady's choice of black or white for the desk top. The legs end in a wide, slightly curved fork that softens the line of the desk and at the same time gives firm support.

The interior of the rolltop has pigeon holes for filing important documents, memoranda, unanswered letters and any other papers a woman wants to keep tucked away.

Initiaton Held by Iraq Caldron

Mrs. Bernard Keylon and Mrs. Bernhardt Hansen were initiated into Iraq Caldron 70, Daughters of Mokanna recently in the West Pike street hall.

Hostess for the March meeting were Mrs. Russell Marion, Mrs. Benjamin Richardson and Mrs. Victor Bodamer.

Final preparations were made for the annual ceremonial to be held in June at the West Pike street hall. Committees have been appointed for the dinner March 7.

NANCY LOU FERGUSON

Mr. and Mrs. Charles L. Ferguson of Adams road announce the engagement of their daughter, Nancy Lou to William White, son of the John S. Whites of Leheigh street. A fall wedding is planned

Don't Wash Until You Check These

Before washing wearing apparel, you should: Check each garment carefully and empty pockets; remove shoulder pads, buttons, belt buckles and trimmings that aren't washable; check and treat unusual stains; mend rips, close zippers.

Boys' Glee Club Will Perform in Cleveland

Pontiac High School boys' glee club will take part in the program for the national conference of North Central Division of Music Educators to be held in Cleveland Saturday through Tuesday.

The boys will perform at 1:15 Saturday at the headquarters of the Cleveland Board of Education. George H. Putnam is director.

More than 4,000 school and college music teachers and students are expected to attend this 15th bienniel meeting.

States represented at the conference will be Illinois, Indiana, Iowa, Michigan, Minnesota, Nebraska, North Dakota, Ohio, South Dakota and Wisconsin.

During the conference, speeches by nationally known music educators will be alternated with meetings devoted to special phases of music teaching.

Thirty-four high school and college bands, choirs and orchestras will perform as well as the Ohio Intercollegiate Band and the Ohio All-State Orchestra comprised of high school musicians.

Election Is Held by Altar Society

St. Benedict Altar and Rosary Society elected Mrs. James Clark president on Tuesday.

Other officers elected were Mrs. Eugene Hunt, first vice president; Mrs. Homer Moran, second vice president; Mrs. Paul Saghy, recording secretary and Mrs. Howard Grady, corresponding secretary.

Guild representatives, Mrs. Peter Leonard, Mrs. Stanley Hustosky, Mrs. Peter Aldo, Mrs. Allen Neville, Mrs. Don Raymond and Mrs. John Gottschalk gave reports.

Rita Beach Wed in Church Rite, Wears Lace

St. Trinity Lutheran Church was the setting for the Saturday evening wedding of Rita Carol Beach and Arnold Laverne Callender. The Rev. Ralph Claus performed the 8:30 ceremony.

The bride is the daughter of Mrs. Elsie Beach of South Telegraph road and he is the son of Mr. and Mrs. George Callender of Bay street. She was given in marriage by Warren Remme.

The bride wore a gown of lace and net over satin with a long train. The gown was trimmed with seqins and pearl beads. Her fingertip veil was secured with a head piece of sequins and pearls, and she wore the bridegroom's gift of pearls.

Her bouquet was composed of white roses and fern centered with a corsage with streamers.

The bridegroom's sister, Mrs. William King was matron of honor. The bride's other attendants were Marlene Goff and Rita Frizzle. Mr. King was best man and seating the guests were Ervin McPhee and Ronnie Tucker.

The reception was held in Gingellville Community Club.

UNESCO Representative Speaks at Delta Kappa Gamma Gathering

International Relations was the theme for the Wednesday evening guest day dinner of Alpha Beta Chapter of Delta Kappa Gamma Society.

Devon Gables was the setting for the event attended by 40 members and guests.

Mrs. Arvid Andreson of Ann Arbor was the speaker. She is chairman of Education for the Michigan Council of United Nations Educational, Scientific and Cultural Organization, executive secretary of the Ann Arbor Council of Churches and coordinator for German exchange students.

"Do not be alarmed," she said, speaking of the activities of the U. N., "by the charter revision being started. It is just the revision of the organization called for in the by-laws every ten years."

Mrs. Andreson told the group that the work of UNESCO is essential in our "shrinking" world.

She said that UNESCO must assist in educating a world where little less than half of the people cannot read or write.

She said that one learns from travel that all people are essentially the same in their habits, thoughts, and desires. Intercommunication is necessary, she said, if we are to live together effectively.

The speaker warned, "Time is too short; urgency is too great and the need so stupendous that all must work for peace before it is too late.

Mr. and Mrs. Andreson returned to the United States last summer from a European trip taken in the interests of the 150 exchange students who spent 1954 in American schools.

She told that plans are now being made to take an experimental group of American teenagers to Germany this summer for intercultural training.

The speaker closed with a film, "Education, Then and Now in Israel and Arabia." The early schools were shown as open-air gatherings of students using sand for writing tablets and stones for solving arithmetic problems. Schools then developed into a modern type with the financial and physical aid from sympathetic countries.

Iva O'Dell, president, welcomed the guests and presented Frieda Huggett who introduced the speaker. Mrs. Clare Hubbell was chairman for the evening and was assisted by Mrs. William Perrin and Mrs. Lorena Adams.

Recognition for the February program was given to Mrs. Harvey Bidstrup, Mrs. Iva O'Dell, Mrs. P. J. Kinsella and Mrs. Mary R. Sax.

It was announced the annual recruitment tea will be held at Webster School on April 15. High school seniors of the county who will make teaching a career will attend the tea. Mrs. Elsie Welch is chairman for the tea.

Give Baby Bottle, Don't Prop It

Don't prop the bottle, however weary you are of holding baby's wet weight on your lap.

Aside from its emotional implications, the practice of propping or putting baby to bed with the bottle will cause him to stay with the bottle rather than convert to the cup easily.

KATHLEEN SHIELDS

Announcing the engagement of their daughter, Kathleen to Herman Nelson are Mr. and Mrs. E. R. Shields of Drayton Plains. He is the son of the Herman S. Nelsons of Lochaven road. No date has been set for the wedding.

Auxiliary Plans Special Project March 11, 12

A program on hobbies was given at the Wednesday evening meeting of Oakland County Medical Society Auxiliary.

Mrs. Ivan LaCore and Mrs. Norman Gehringer were hostesses for the meeting held at Devon Gables.

Mrs. M. G. Prosser spoke on the art of metal etching. Mrs. H. L. Van Haltern told about hand weaving, explained the loom process and showed some of her own weaving work.

A group of Mrs. Howard McNeill's paintings and sculptures was shown by Mrs. Harry Riggs.

Mrs. N. E. Durocher, president, announced the date for the auxiliary's money making project. Mrs. Kenneth E. VandenBerg is chairman for the March 11 and 12 project to be held in Knights of Columbus Hall on South Saginaw street.

Curvy, Classic, Carefree; All Follow Paris Lead

PARIS (INS) — Women don't have to be "flat" to follow Paris fashions — they can also look curvy, classic or carefree.

Balmain, for instance, favors a woman who looks simply like a "beautiful lady," with styles showing "what comes naturally." Lanvin-Castillo agrees to the spotlighting of feminine curves, but combines it with the classic in a modern Venus look.

Balenciaga considers the fashionable female a classic and calls her his "column woman." She looks tall and wears a tunic in his version.

On the other hand, Patou favors the "Winged Victory" style but sees the woman wearing it resembling a ship's figurehead, streamlined but with a windblown look.

Carven doesn't care too much about whether curves are convex or concave—she dresses her ideal woman in Versailles styles and trims her with flowers and bows.

Maggy Rouff thinks women should look romantic and offers fanshapes, parasols and necklines imitating hearts.

But right down the fashion line all the designers agree that when a woman plans her spring wardrobe she should think first of herself, her figure and her individual personality.

Men's Shoes Take to Rainbow

Men's shoes will go in for rainbow touches this spring, with use by shoemakers of a new colored vinyl welting which will make a line of color along the line of the soles.

Colors available include heliotrope, pink, light blue, red, natural, gray, white and mahogany.

Black Silk Back

The black silk suit, tailored like a woolen, is coming back into the fashion picture. Nice for dressy daytime wear.

Telephone Party to Be Sponsored by Auxiliary

Plans for the telephone card party of Jimmy Dey Amvets Post 12 auxiliary have been completed.

Members met Wednesday evening at YWCA. Chairmen for the April 20 event will be Mrs. Arthur Torrey and Mrs. Leon Sirlin.

Mrs. Victor Bodamer reported on the recent meeting of the City Federation of Women's Clubs. The group will cooperate with the federation's "Know Your Neighbor" project on April 15 and 16. Project proceeds will benefit the Pontiac Civic Auditorium fund.

Members plan to make hospital scuffs for the Veteran's Hospital in Saginaw.

The current membership drive was ended with a dinner before the meeting. Mrs. David T. Murphy was chairman. The losing team honored the winning team.

It was announced that the charter dinner will be held May 4 at Old Mill Tavern.

Cotton Knits Good

Cotton knits are just as fashionable for cold weather as they are for summer. Outer garments launder smoother if you lay them flat and smooth them out while they're drying.

Club to Meet

Fireside Club will meet Friday in the East Iroquois road home of Mrs. Harry Striffler. Mrs. Robert Baker of Birmingham will give the book review.

Two Artists to Appear Here Tuesday

Pontiac Tuesday Musicale members and guests will hear two out of town artists as well as their own Musicale Chorus Tuesday at 2 p.m. in Grace Lutheran Fellowship Hall.

The artists are Thomas Tipton, young American baritone of the New York City Opera Company, and his accompanist, Lois Gauger.

Mr. Tipton studied voice at Michigan State College under J. Herbert Swanson. In the summer of 1949 he studied in Italy with the tenor, Bernardo De Muro.

Michigan Grinnell Foundation awarded him a scholarship in 1951. This scholarship ultimately led him to his New York debut with the City Center Opera Company in April 1952.

The artist met with instant success and received enthusiastic reviews by New York critics.

At present, he is working on a master's degree in voice at University of Michigan where he has a teaching assistantship.

Mr. Tipton has appeared with the Kansas City Philharmonic, Tulsa (Okla.) Symphony, Saginaw Symphony and Lansing Symphony orchestras. He has given many concerts in the East and has been soloist with oratorio performances.

THOMAS TIPTON

Along with her appearance as accompanist, Miss Gauger will be heard in solo work for the Tuesday program.

She received her musical training in Wheaton, Ill., and her master's degree in piano at University of Michigan. She studied with Helen Titus at the university where she is now on the piano faculty.

Tuesday Musical Chorus will be heard in a group of numbers under the direction of Mrs. C. W. Buck with Mrs. Martin J. Wager at the piano. Delores DePauw will play a flute obligato for one number with the chorus.

Hostesses for the day will be Mrs. R. S. Falk and Mrs. J. A. Rammes, with Mrs. R. G. Gaff Jr. and Mrs. E. L. Windeler presiding at the tea table.

Mrs. M. L. Buck and Mrs. F. E. Bonner are social committee co-chairmen for the day. Assisting them will be Mrs. George H. Putnam, Mrs. W. R. Eis, Mrs. P. G. Elinson, Mrs. M. L. Shadley, Mrs. B. B. Roush, Mrs. R. A. Armstrong and Mrs. John Thors Jr.

MARILYN A. MOONEY

Frank J. Mooney of Pleasant Ridge announces the engagement of his daughter, Marilyn A., to Robert L. Moloney, son of Lawrence J. Moloney of Colonial Trail. She is a graduate of Marygrove College and a member of Chi Omega Sorority. He attended Holy Cross and University of Detroit.

Newly Inspired Men's Jewelry 'Frankly Wacky'

NEW YORK (INS)—If you can't persuade your husband to wear jewelry for looks, maybe you can talk him into wearing jewelry for laughs.

That's the theory behind a new line of men's jewelry that's frankly wacky.

It's called "about the house" jewelry and it consists of cufflinks and tie-bars shaped like rolling pins and baby booties—as well as alarm clocks set at 3 a. m. and dog houses with husbands in them.

The manufacturer has no illusions about the number of men who'll willingly wear golden rolling pins in their cuffs, but the theory apparently is that no wife can resist buying them for her husband.

Men with a sense of humor might buy the jewelry, which is made by the same outfit that puts out sport cartoon cuff links and tie-bars showing hunters followed by rabbits and golfers missing their ball.

The manufacturer's sales talk is aimed at the person most likely to plunk down $5 for each set—and it isn't the man, says the company:

"A perfect gift item for the wife who wants to have the last laugh."

Save Foil Dishes, Have Many Uses

After checking for sharp edges, save aluminum foil dishes in which many frozen foods are packaged.

They're ideal throw-away items for picnics, and a real wife-saver to toss the children for rainy-day play.

Wrap Ice in Cloth

Never apply ice directly to your skin. Wrap ice in a towel or you may break tiny blood vessels under the skin surface.

Knit Dress Travels

The knit dress is for both spring and summer. New, sheer, synthetic knit fabrics are ideal for travel in warm weaather.

Coming Events

Frances C. Butterfield Tent Nine, DUV will meet this evening at 8 p.m. in Grotto Hall, 128 N. Pike St.

Pontiac Rebekah Lodge 450 will meet Friday at 8 p.m. in Malta Temple, 82 Perkins St.

Wayside Gleaners of First Baptist Church will elect officers following the 62nd annual spring luncheon Friday at 12:30 in the educational building of the church.

Reader's Digest REPORTS

DOCTOR'S DISCOVERY HELPS PAINFUL FEET!

At last! Welcome help in relief from common causes of painful feet! 25 years of research and actual supporting clinical tests at two of our largest Eastern universities, establish beyond a doubt the validity of this important discovery by a famous physician, who has devoted his life to the study of the human foot.

This important discovery can mean the beginning of new foot ease and comfortable, satisfying foot freedom for feet that may now be headed for painful discomfort. We have full information and your size in...

Future Nostalgic Tales to Paint Picture of Scientific Influence on Living

They'll Think of Atoms in the Evening on Farms

By MARY MARGARET McBRIDE

My godchild, Jeanie, to whom I tell nostalgic tales of my life on a Missouri farm, said the other day that she hopes her little granddaughter 40 years from now will grow up on just such a farm.

I had to tell the child that from all accounts farms then may well be treeless, grassless, plantless. And if there still are pigs and chickens, they'll be so completely remodelled that I'd probably not recognize them.

Also, the man who runs the farm will employ very different methods from my father's hit or miss ones. For by today's standards, Papa was anything but a good farmer.

He didn't have a degree from agricultural school. He'd never taken a course in animal husbandry. But he loved the soil and was fond of his animals. And many things he instinctively knew and acted on the experts are just now finding soundly scientific.

Tomorrow's farmer will be a combination physicist - chemist - engineer who will do most of his chores by push-button and divide his time between laboratory and reference books, instead of plows and milking shed. All this I deduce from reading David O. Woodbury's exciting—and rather awe-inspiring—book, "Atoms for Peace."

In a chapter on the present and future uses of atomic energy on the farm, Woodbury says that radioisotope research, using "tracer technique" is helping man gradually to understand the growth process in plants.

One group of investigators hopes as a result of the work going on to do away with plants altogether as sources of food and fuel and turn out both in chemical factories. Papa would hate that and so would I. What an unlovely world it would be!

Papa would chuckle to hear the scientists' belief that plants, unable to withstand the lavish energy of summer sun, take mid-day siestas, just as he used to do on hot July days.

The laboratory delvers are interested in finding out more about this noon napping. If they could discover some way to keep the plants awake all day, they figure each acre of land would raise more food.

Atoms are pointing to a new method of eliminating insect pests and that would be good news to Papa. One experiment has been to sterilize the males of a species of fly which annoys cattle. The females then lay infertile eggs—and if the plan works, the species will die out in the area treated.

* * *

Insects were not our only troubles. I remember what a plague rust was to our important oats crop. Whenever there was such a blight or when locusts, grasshopper or caterpillars threatened to eat up our meager profits, Papa took to talking worriedly and so loudly in his sleep at night that he could be heard all over our little house, scaring us children out of our wits.

So Papa would welcome jubilantly the atom-age "rust-resistant strain of oats, created by bombarding oat seeds with neutrons, then painstakingly selecting and propogating the mutation which had the resistant quality."

It's an interesting idea but I think he would sniff a little at the plan of radioactivating the feed of hens to find out what makes eggs grow inside them. The fact that our hens always laid pretty well would seem to indicate that he knew without radioactivity what to feed them.

It's a brave new world that my godchild's grandchildren will know. I'm not at all sure that if I live to see it I'll like it.

The American woman feels a great sense of accomplishment when she dresses smartly for very little money. One striking example of money-saving selectivity is this shirtwaist dress in burning tangerine coin-dotted on white. It's an American classic of simplicity contrasting the lushness of the silk fabric.

Color Can Affect Your Home Life

By HUBBARD COBB

Seems there was this family and they had a living room with red walls and every evening the family would gather in the living room and fight like cats and dogs.

Well, one day the old man got sick of those red walls and he painted them all yellow and now the family hasn't had a fight in months. They just sit around in that living room and are sweet to one another.

Seems that there is a good reason for this sort of thing because we are all affected by colors. Red, for example, not only makes a room feel warm but it steps up the blood pressure and increases the muscular tension. After a time this gets a little irritating and so you should be darn careful of where you use red and how much.

Yellow, on the other hand, is a very cheerful sort of color. Of course, you can overdo it just like anything else but if you are ever sick, try being sick in a yellow room and see how much more cheerful you feel. And let me know if it really works.

* * *

Green is nother nice restful color and the reason is obvious. It's nature's own particular color and while we may live in cities where there isn't a stick of green growing for miles around, we still find rest in the color just as we would if we were sitting by the side of a nice brook on soft green grass looking at nice green trees and not doing one darn thing.

About the only bad thing we can say about green is that it doesn't do much for the looks when placed too near a mirror.

Orange, it seems, is a sort of a mood color. If you are in a good mood, orange will make you feel even better but if you are feeling nasty, orange will make you nastier. Blue is a very restful color but we'd avoid using it in a hard to heat room because it will make the room feel even colder than it is.

Found They Could Profit by Fun of Fixing Antiques

By ANNE HEYWOOD

The other day I saw a sign in a small antique shop which piqued my interest. It said "Expert Repairing of Antique or Otherwise Valuable Chinaware and Pottery," and added a telephone number.

The owner of the shop told me that the sign was brought in by a nice woman in her late fifties; that she and her husband did excellent repairing and had, indeed, repaired things for the shop.

"And so," he said; "I told them I'd be happy to recommend customers of mine to them, and asked them to put up a little sign here."

Naturally, I paid them a visit, and it was a really interesting story.

"Don't use our names," they warned me, "because we have all the business we can handle now, from the antique shop and two gift shops. After all, this is a part-time retirement business, and we don't want to defeat our purpose by working too many hours."

Then they told me how they had started their business.

The wife had always loved fine china and pottery, and, in fact, collected vases. When any of them broke, she tried her best to repair them carefully.

She experimented with all the different glues and cements, and found the ones that were best for different purposes and materials.

"Then," she said happily, "when Bill had just a year or so to go before retirement, we got thinking about what we would do. I suggested that he try my hobby, since we are fond of each other and want to share our hobbies and interests.

Darned if he didn't turn out to be good at it, too!

"It's an interesting business, because it does require ingenuity and patience, and you're working with beautiful things, and people are so grateful and pleased when you do a good job."

After a good deal of practicing, they set up their spare room as a workshop, and, by the time Bill retired, he was all ready to go. They made up attractive little signs, putting them in several shops and offering to do one job free for the owner of each shop, to prove their skill. After that, the thing just mushroomed.

"We work from nine to one every day except Sunday," Bill told me. "We don't rush; we take our time, and try to turn out flawless work. We make more than we need to supplement my retirement income, so we have money for extras and time to enjoy life!"

878
SIZES 12—20

by Laura Wheeler

From noon to moon, you'll love this dress with the frosting of embroidery on the sweetheart neck! Outline and lazy-daisy stitches—embroider by hand or machine.

Pattern 878: Misses' sizes 12, 14, 16, 18, 20. Tissue pattern; embroidery transfer. State size.

Send 25 cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to 124 Pontiac Press Needlecraft Dept., P.O. Box 164, Old Chelsea Station, New York 11, N.Y. Print plainly your name, address with zone, pattern number, size.

Have patience with the person who giggles. He may be laughing for all he's worth.

Shade Yourself

If you're taking a winter vacation in the sun but don't want your fair skin to turn brown, get yourself a sunshade. These little Victorian parasols are good fashion.

Bottless or belted depending on size of middle, but the group-pleated skirt is a must for the larger figure this spring.

Miss S.T.—Shirtwaists with eased top or the semi-fitted top over the pleated skirt that falls in a narrow columnar line, the spaced pleating to break up width and too much fulness, conceal the large figure and make for slenderness.

Give Party Skirt Extra Flounce

Want an extra flounce in your party skirt without having to wear scads of petticoats? Add three-inch organdy strips around the inside of skirt starting about ten inches (or twelve, if you prefer) above hem.

Wonderful on little girl's dresses, too for "birthday party" look.

Little Girls Can Learn Cleanliness

A little girl learns to be clean with ease if you teach her to lather her face so well that when she brushes across her lips and exhales, she can blow beautiful soap bubbles.

You may never get her out of the bathroom.

PETUNIA!

Her tiny tarts
Were a brisk sensation,
Served with fruit
And imagination!

Very charming, Petunia! Little pumpkin tarts on a tray with shiny red apples and red grapes tucked here and there are a lovely dessert indeed!

Boy Dislikes Implication of 'Chase'

Plan for Dating Girl Simple, Acceptable —If She Likes Him

By ELIZABETH WOODWARD

"Dear Miss Woodward: I met the most wonderful girl at my cousin's a few days ago, and I liked her right off the bat. She's 15 and I'm 17.

"I'd like to see her again, but the only way I can think of is to invite her to come over with my cousin to my house. I don't want to act as though I'm chasing her, so can you help me out?

"I'm lost when it comes to girls—and at the very mention of her name I go into a fog!"

When a boy wants to see a girl again and sets about doing just that, it's called showing interest. Chasing is when he doesn't leave her alone for a minute. And even that's okay so long as it's the boy who is showing all that interest.

Were she to bombard you with phone calls, invitations and visits to the house, it would look like a man hunt.

If the girl seemed to like you (and even if she's not yet sure she does), get perking. And take your cousin into your confidence. She'll be a big help.

She can invite her friend over to her house (on your suggestion) at a time when you can drop by. That will give you a second chance to see her in a friendly, easy setting, and you can get her address and phone number down pat.

One more such session at your cousin's should give you the courage to fix up a double date. If your cousin has a boy friend, so much the better. But you could get a friend of yours to go along and take the two girls to the movies.

The next step is to drop by your girl friend's house for a visit and an introduction to her parents, if you didn't meet them the night of the double date. From there on, your dates can be with her alone—depending on whether she's willing, her parents like you, and you still get that foggy feeling!

"Dear Miss Woodward: After being her neighbor for four years, I suddenly find myself in love with her. I want to ask her for a date but I'll be terribly embarrassed if she refuses. I'm young-looking and short for my age.

"We get along well when we're alone. She's a very flashy girl and she tells me about her dates so as to get me uninterested in her. Please, if you can, help me."

Maybe she tells you about her dates to prod yo uinto asking for one, yourself. So set the stage for an invitation. Drop over to her house and while you're listening to dance records or watching television or eating her mother's cake, and in a cozy mood, ask her to go to the movies with you.

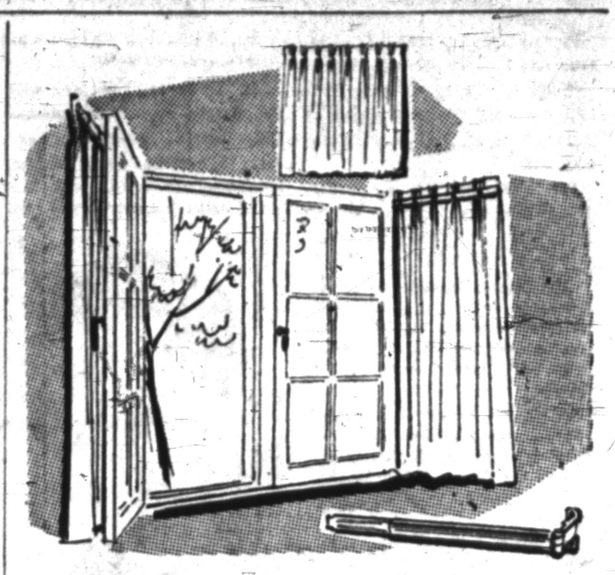

Don't be dashed if she can't make it the night you suggest. Try a different night. If she's going to be busy that night too, let it rest for a while, then try again.

By that time she'll have digested the idea that you'd like to date her, will have considered it—and perhaps decided she likes it. In which case, your present problem is solved — but you may have new ones.

Instead of using small, folded note paper, a woman should use business-size paper when she writes a business letter. And if it is possible for her to typewrite the letter, so much the better.

When writing about business be as businesslike as possible.

Pinch-Pleat Top Draperies Used on 'Open In' Window

By ELIZABETH HILLYER

Can pinch-pleat top draperies be used on windows that open inward? Yes, if the right rods are set on the wall in the right place. Mrs. G. P. D. wants draperies like these, but sees the problems involved.

* * *

"Swinging rods so often sag," she writes, "and are more likely to with drapery fabric. But I'd like the window frames to be covered and the light shut out when the draperies were closed. Shirred-top sheer curtains won't look right in the room."

Choose the rods carefully, Mrs. D., strong ones to hold fabric weight and the kind that incorporate a leveling device.

With it, the rod can be raised at any time by the turn of a screw. Make headings with enough stiffness to hold the pleats high, then set the rods on the wall so pleat tops cover the top of the window frames.

The sketch here was made to show this, but actually, the drapery should be kept close to the window pane to avoid showing the back of pleats. It's a good idea in this case to weight hems.

4705
12—20

by Anne Adams

What to wear? Mom-to-be, don't worry! Whip up a new top or skirt in a day with this sew-easy pattern! For casual wear, sew the checked version with or without the Peter Pan collar. For cool comfort on 90-degree days, choose the scooped - neck, cone - shaped top. Make it in a glamour fabric, too, for evening! Send now!

Pattern 4705: Misses' maternity sizes 12, 14, 16, 18, 20. Size 16 skirt, 2 yards 35-inch; top with pockets, 3 yards; ¼ yard contrast.

Send 35 cents in coins for this pattern—add 5 cents for each pattern for 1st-class mailing. Send to Anne Adams, care of 137 Pontiac Press Pattern Dept., 243 West 17th St., New York 11, N.Y. Print plainly name, address with zone, size and style number.

Try to Avoid Runs

If you're having trouble with runs in nylon hose or lingerie, it may mean the soap or detergent you use fights with the water. Experiment with a milder soap with one item, see if it lasts longer. Then switch.

Face Veil Out of Place After Dark

Rule Not Applied to Eyebrow Trim of Modern Hat

By EMILY POST

Today's first letter explains: "Several days ago I was with some friends who were going out for the evening. One friend put the veil of her hat down over her face. I told her that veils were 'taboo' after dark.

* * *

This started a controversy and I was informed that this ruling applied years ago when women wore rather heavy veils covering their entire faces, but that this was no longer true today of the fine hat veiling used as trimming on many hats.

I have followed this ruling all my life and it seems to me that common sense alone would prevent anyone from obscuring their vision at night. Please, Mrs. Post, 'get me off the hook' and tell me whether or not I am right."

Answer: I agree with you that a veil covering one's entire face is out of place after dark, but this hardly applies to the tiny eyebrow veils which are intended only as trimming on a hat.

* * *

Dear Mrs. Post: My fiance is serving with the Armed Forces in Europe. He will return home some time this spring, but just when, I don't know. In view of this indefinite situation, we plan to be married very quietly without any fanfare.

Several of my friends are planning showers for me. Should I let them go ahead with these showers in view of the fact that we are not having anything but the simplest ceremony.

Answer: Tell your friends of your plans for the simplest of ceremonies and that no one outside of your immediate family can be invited and let them decide if they wish to give you the showers.

Dear Mrs. Post: I was taught from childhood that it was not proper to put one's purse on the table while dining in a restaurant. Is this correct: I see quite a few people do this.

Answer: It is quite proper to lay a small evening bag on the table near your plate, but not a large street bag.

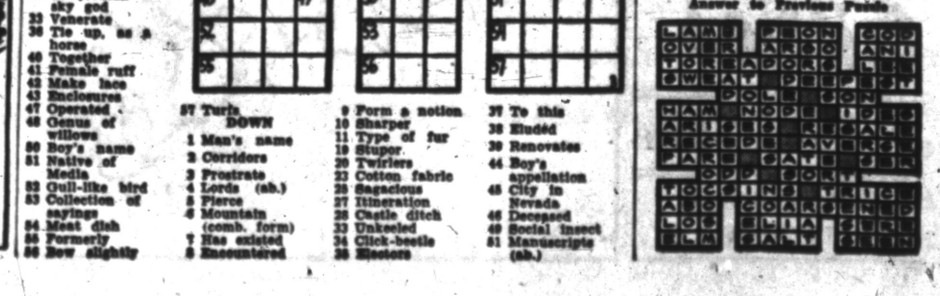

Give Winter Coat Bright, New Lining

If this time of year your winter coat needs a new lining, why not put in a warm wool jersey lining of gay stripe or print?

Purchase enough material to make a matching dress or blouse. You can use your present lining as a pattern, after removing it

Cottons on Way

Lots of cottons with matching sweaters in among the resort clothes. Nice for summer, too, but pick a sweater that's really wedded to the dress both in color and design.

Bob Considine Says:

Be Patient With Brainwash Victims

NEW YORK (INS)—Let's be patient with those two poor addled Americans, released by the Chinese Reds last Sunday, who were so completely brainwashed that they made sloshing sounds when they denounced us.

Mrs. Adele Rickett of Yonkers, N.Y., and Dr. Malcolm Bersohn of New York City have applied for new U.S. passports which will enable them to return to the land they lambasted—in parrot tones—when they reached Hong Kong last Sunday after several years of imprisonment. They had refused to accept the hospitality or medical treatment offered by the U.S. Consulate there. Asked if they were Communists each said, "I cannot be so honored."

Give them time. In the words of one American official they are "the worst example yet of the insidiousness of brainwashing." It is not a malignant disease. It is more allied to hypnotism or brain fog or controlled hysteria. Time generally has healed the victims of this diabolical cruelty.

But while we're giving them time to regain their true senses, and hoping they will, let's salute all over again brave men like Don Dixon of International News Service and Richard Applegate of the National Broadcasting Company, and the host of Maryknoll and other missionaries who took that heinous treatment for endless months—and came out fighting the enemy, not us.

However, let's not take too many self-administered pats on the back—at least until we can do something constructive about the pitilessly mistreated original owners of this country, the Indians. The director of the Marquette League for Catholic Indian Missions, Monsignor Bernard A. Cullen, said the other day the government's attitude toward the American Indian made him hang his head in shame. He had just completed his annual 58,000-mile tour of reservations in this country and Alaska. The Marquette League has been the Indian's friend for 50 years.

Congress is now considering withdrawing federal responsibility for the Indian.

Cullen retorts:

"To open the reservation in this manner would be similar to the mayor's going into all the orphanages in the city and telling the children they were free to leave. We should first bring the Indians up to the economic level of other Americans before we tell them to stand on their own feet."

Sobering statistics in the case of the Navajos: The government's treaty with the tribe (1868) guaranteed to the Navajos a teacher and classroom for every 30 children of school age. The promise has never been kept. About 75 per cent of the tribe is illiterate, as compared to American Negro illiteracy of 16 per cent, foreign-born white illiteracy of just under 10 per cent, and native white illiteracy of 1.5 per cent.

Fifty per cent of all Navajo children receive no formal education whatsoever. The Interior Department cut $4,500,000 from the promised $12,500,000 for the Navajo and Hopi rehabilitation program for 1954, but dropped the Indian Bureau's administration payroll only $20,000.

The health, education and welfare standards of the Navajos have been running steadily downhill for 94 years. Average annual per capita income for a Navajo: $81. Daily calory consumption is under 1,300 and entire families must live, sleep and eat on dirt floors in windowless huts.

Infant mortality rates are eight times higher than the national rate, tuberculosis rates 14 times higher . . . and the Navajos are considered better off than some other tribes!

How can we do things like this, and yet blow so much dough overseas trying to buy friendship and gratitude?

'Harry' Summons Firemen in Hurry

LANSING (AP) — "Harry's had another spell," came the distress call to the Lansing Fire Department yesterday.

"Harry Cove," the dispatcher shouted into the department's public address system.

And the inhalator squad rushed to the home of Harry Cove, 96, retired lumber dealer.

Cove suffers from hardening of the arteries. He frequently lapses into unconsciousness and needs oxygen to revive him. So frequently, in fact, that yesterday's run was the 150th over the past eight years. That's why the name is all that's necessary to send the inhalator squad into action.

Silent Six Weeks

LONDON (AP)—Rose Brennan, 24-year-old popular singer and recording artist, was ordered by a doctor yesterday to quit talking for six weeks. She promptly made arrangements to spend the time on the Spanish island of Majorca, where they speak Spanish—which she can't.

Lady Solon Snuffs Out Smoking in City Council

EUREKA, Calif. (AP) — A "no smoking" sign goes up today in the chamber of the City Council.

Councilwoman Annie McGaraghan pointedly eyed rows of cigarette butts last night and asked:

"People don't do these things in their homes, do they?"

She then moved for a ban on smoking at Council sessions.

Two men supported her. Two who smoke disagreed.

She cast the deciding vote.

Soviet Leaders Reelected Again, Oddly Enough

MOSCOW (AP)—Top Soviet government and Communist party leaders — including former Premier Georgi M. Malenkov—were returned to seats in the Supreme Soviets (Parliaments) of 11 Russian republics, election returns showed today.

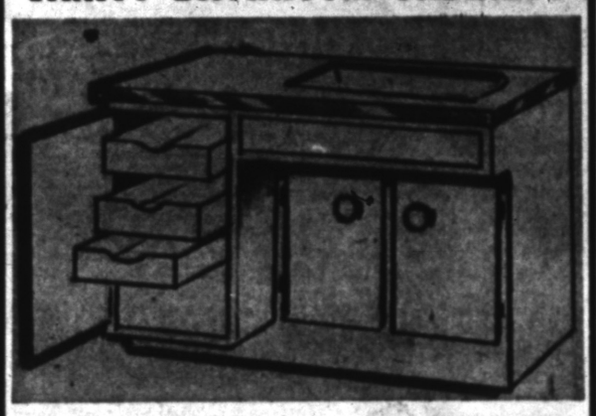

Party candidates piled up their usual 99-plus per cent majorities in the balloting, held Sunday. But a total of 213,937 persons voted against them.

The highest percentage of negative votes, 24 100ths of 1 per cent, was recorded in the Russian Soviet Republic, comprising the greater part of European Russia. Georgia had the highest affirmative vote percentage, 99.7.

Other republics voting were the Ukraine, Uzbekhistan, White Russia, Lithuania, Moldavia, Latvia, Tadjikhistan, Turkmenia and Estonia.

You can make light of your laundry with an automatic washer and all

all is the original, patented "controlled suds" detergent prescribed by automatic washer makers—because no thick-suds detergent can wash so clean yet rinse as free

IT'S LIKE THE DAWN of a new day when you discover *all* with its miraculous "controlled suds" action. You'll immediately notice a wonderful difference in all your washday things. You'll *see* and *feel* how much *cleaner* and fresher they are.

Millions of happy women have already made this discovery. They've said goodbye forever to old-fashioned thick-sudsing detergents. They've taken up this new, modern way of washing clothes.

The sorry story about suds

Suds may be nice to look at—but it's not the suds that give you a thorough, clean wash.

Suds froth away on top of the wash water instead of getting down to business where the clothes are. Thick, soapy suds can deposit a sticky film that makes fresh-washed clothes dull and dingy. But *all* goes to work *down in the wash water* with the clothes. *all* hangs onto the dirt and drags it out with the rinse water. So there's no possibility of a sticky suds scum when clothes are washed in *all*.

What repairmen say

Here's another drawback of thick-sudsing detergents. They foam up and hinder the action of your automatic. They may even overflow and ruin expensive parts.

In fact, repairmen say that a high percentage of washer troubles are caused by too much suds. So isn't it just good sense not to take chances with that precious automatic of yours?

With its remarkable "controlled suds," *all* works *with* your automatic—not *against* it. *all* lets your clothes slosh and slither through the water, just the way the manufacturer intended them to. "Controlled suds" can't possibly overflow—can't possibly damage your machine. In fact, most automatics contain a box of *all* when they leave the factory—to get you off to the best possible start!

Whether you own a front-loading or a top-loading automatic washer, remember . . . you'll always have the cleanest, brightest washes when you use *all*. For no thick-suds detergent can ever *wash so clean, yet rinse as free as all.*

Both EXTRA FLUFFY *all in the new red box and* CONDENSED *all in the familiar blue box are prescribed by the makers of front-loading and top-loading automatics. all is also available at your grocer's in handy, money-saving 25-lb. pails.*

Lenten Menu Stars Asparagus

BAKED CHEESE AND ASPARAGUS — Here is a perfect dinner for Lent . . . white asparagus baked in tomato-cheese sauce, broiled halibut steaks with lemon and cabbage slaw served in green pepper cups. It's both colorful and appetizing.

Savory Sauce Tops Vegetables

Dish Teams Perfectly With Halibut Steaks and Cabbage Slaw

During Lent when meatless meals are in order, homemakers are looking for new menu suggestions. One very good menu features a California white asparagus, cheddar cheese and tomato casserole served with broiled halibut steaks and cabbage slaw-green pepper salads.

Canned asparagus is good to keep in mind throughout the Lenten season because this versatile vegetable teams flavorfully with fish, cheese and eggs . . . all foods popular for meatless meals.

Baked Asparagus and Cheese

1 No. 2 can white asparagus
10 small white onions, cooked
4 slices bacon, diced
2 tablespoons all-purpose flour
1 cup tomato juice
2 cups grated sharp cheddar cheese (about ½ pound)
2 tablespoons prepared mustard
Salt and pepper to taste
Chopped parsley
Paprika

Drain asparagus and reserve one-half cup liquid. Arrange asparagus and onions in a greased 1½-quart casserole. Pan-fry bacon until crisp. Drain off all but 3 tablespoons drippings. Add flour and blend.

Gradually add tomato juice and asparagus liquid and cook until thickened, stirring constantly. Add cheese and mustard. Stir until cheese is melted. Season to taste with salt and pepper.

Pour sauce over asparagus and onions. Garnish with parsley and dust with paprika. Bake in moderate oven (375) 20 minutes. Serves four to six.

Skillet Pears Are Simmered in Tangy Syrup

There's delectable flavor when you serve pears this way.

Skillet Pears

½ cup sugar
1 teaspoon grated orange rind
½ cup orange juice
2 tablespoons lemon juice
Dash of salt
4 medium-sized ripe but firm Anjou pears (about 1¼ pounds)
Soft custard sauce

Put sugar, grated orange rind, orange juice, lemon juice and salt in a skillet (10 inches is a good size).

Peel pears and cut in half lengthwise; with one half teaspoon size measuring spoon, remove seeds. Stem structure need not be removed.

Stir orange juice mixture in skillet over low heat until sugar dissolves; add pears, cut side down. Cover and simmer until pears are partly tender — five minutes or longer.

Turn pears and continue simmering until pears are soft through but still hold shape — 10 minutes or so.

Remove pears to serving dishes; boil syrup in skillet for a minute or two to thicken a bit; spoon syrup over pears.

Diet Dressing Features Juice

Oranges are popular all the year round, but in the winter, when there is less fresh fruit at height of season, the orange really comes into its own.

The refreshing golden fruit brings a cheerful note to midwinter meals. On the breakfast table, freshly squeezed and icy cold, it is a satisfying and nutritious starter for the day.

The nutrition-conscious mother makes the frost glass of orange juice a routine breakfast drink in order to assure her family of their daily requirements of victamin C (ascorbic acid).

And the calorie conscious dieter uses this kind of dressing for her salad:

Low-Calorie Orange Salad Dressing

¾ cup fresh unstrained orange juice
1-3 cup fresh unstrained grapefruit juice
1½ tablespoons fresh lemon juice
½ teaspoon salt
½ teaspoon paprika
¾ teaspoon powdered dry mustard
1-10 teaspoon ground cayenne pepper

Thoroughly mix all ingredients together. Chill. Serve over mixed salad greens or fruit salad. Yield: One cup.

Put Anchovies in Sauce

Chop anchovy fillets and add them to a meatless tomato spaghetti sauce that is homemade or ready-prepared. Gives piquant flavor!

Simple Tricks Add New Zip to Cookery

Don't overlook the simple tricks in cookery which can add so much interest to the food you serve.

Sprinkle slivered almonds, buttered and lightly browned, over shellie beans or sliced green beans, when serving them as a diner vegetables.

For a hot spicy sauce to lavish on meat loaf, hamburgers or hot dogs, combine one-half cup chili sauce, one-half cup pickle relish and one-half teaspoon dry mustard.

Rye toast chips are good with fruit or vegetable juices as a snack or appetizer. Just cut ice-box rye bread into thin slices and toast them five or six minutes in oven at 400 degrees.

Little Packages of Salt Perfect for Lunchboxes

Portion packs for home use are becoming more and more popular, especially for the small family.

A new wrinkle for lunchbox packers is a package of 25 individual "weatherproof" cellophane-overwrapped salt envelopes. They're really great timesavers and eliminate the possibility of salt leaking out of home-devised shakers all over the kiddies' lunches!

Gravy Ladle Handy

An easy way to fill muffin-pan cups with batter for muffins or cupcakes is to use your gravy ladle. A gravy ladle does a neater job, and one scoopful is usually enough to fill the cup just right.

Be International: Combine Pizzas and Enchiladas

One of Tin Pan Alley's popular offerings is "Mambo Italiano." Rosemary Clooney's version is staying right up front in the "Hit Parade." If you've heard it, you'll remember she sings about of all things, pizzas and enchiladas, the latter a Mexican dish.

Most of us will allow the songwriter to change the nationality of a dish for rhyme's sake. However, for the purists who won't, the whole thing can be resolved simply.

You see, enchiladas can be made from pizza. About the only difference will be in the dough which traditionally is made from corn for enchiladas. Here's how:

Pizza Enchiladas

Pizza mix
¼ teaspoon chili
1 cup cooked pork bits
Half onion, diced
Parmesan cheese

Prepare pizza dough according to directions on the package. After allowing it to rise, roll out lightly on a floured board.

With a cookie cutter, cut out little pizzas about 3 inches in diameter. Take can of tomato sauce from mix package. Pour in a bowl, then add onion, pork bits and chili to sauce.

Top each little pizza with sauce. Place on greased cookie tin. Bake in oven at 425 degrees for 20 minutes or until golden brown.

To serve, take two little pizzas, place one on top of another and sprinkle with cheese.

Apple in Mayonnaise Will Vary Cole Slaw

Give cole slaw a flavor change. Grate a red-skinned sweet-tart apple into the mayonnaise you plan to use on the cabbage salad. Don't peel the apple before grating.

If commercial sour cream is available in your neighborhood, you may use one-third of the cream and two-thirds mayonnaise for the apple-dressing.

Cheese and Bacon Spice Up Waffles

There will be no complaints from the family when popular waffles are on the lunch menu.

Cheese and Bacon Waffles

2 cups pancake mix
2 cups milk
2 eggs
½ cup shortening (melted)
¾ cup grated American cheese
3 strips cooked bacon (crumbled)

Put pancake mix, milk, eggs and shortening in a mixing bowl; beat smooth. Stir in cheese and bacon.

Pour batter onto hot waffle iron; bake until steaming stops. Serve at once with maple syrup. Makes five servings.

Lemons Help Dieters

If losing weight is your problem, tangy fresh lemons will help you! Instead of butter, use fresh lemon wedges liberally on all vegetables, and squeeze lots of fresh lemon juice on meat, fish and poultry in place of those usual rich sauces and gravies.

Serve Savory Lamb Steaks

Mary's little lamb was straight from the nursery rhyme, of course, but there's another kind of lamb that's pretty dreamy, too. It's savory lamb steak and, properly prepared, rates among the out-of-this-world dishes.

There are one or two "secrets" of course. First, the lamb must be top quality and a full half-inch thick.

Secondly, the steaks must be cooked s-l-o-w-l-y in a cast-iron skillet which assures even heat distribution.

Big idea is to cook thoroughly, but without overdoing it. And now, if you're sufficiently hungry, let's get started. Here's your recipe for

Savory Lamb Steaks

1½ tablespoons lemon juice
1½ tablespoons salad oil
½ teaspoon crushed oregano
4 lamb steaks, ½-inch thick (about 2 pounds)
½ teaspoon salt
Dash of pepper
Dash of paprika

Beat together the lemon juice, salad oil and seasoning. With a sharp knife, score the fat in several places, cutting from the outside edge almost to the lean meat.

Brush both sides of the steaks with the lemon-oil seasoning mixture and arrange them in an unheated frying pan. Place the pan on the stove over high heat and brown the steaks on both sides, turning frequently with the kitchen tongs.

Now set the heat low and continue cooking, turning the steaks occasionally. Medium well-done steaks are ready in about 30 minutes.

Serve immediately, garnished with parsley and accompanied by apple jelly, baked potatoes and minted peas. Yummy! Makes four servings.

Prune Waldorf Salad Is Delicious, Different

Prune Waldorf salad is delicious, different. An unusual flavor treat for the whole family is Waldorf salad, to which chopped uncooked prunes are added.

Allow a quarter cup of chopped prunes to two to three red Winesap apples which are cored and coarsely chopped. Combine with 1 cup sliced celery and toss lightly with salad dressing or mayonnaise. Serve on crisp lettuce. Serves six.

When you use slices or wedges of banana for winter fruit plates, be sure to dip the banana in lemon juice so it won't darken.

SCRAMBLED EGGS, IOWA-STYLE—For a breakfast that will appeal to the whole family on chilly mornings try serving eggs in the Corn State style. They have whole kernel corn mixed in with them. Make a platter with crisp slices of bacon and triangles of your favorite bread toasted.

Liven Up Your Breakfast by Serving Eggs a la Iowa

As someone said, "What can you expect of a day that begins with getting up?" A good cup of coffee! And a breakfast once in a while that's not just the same old thing.

We're in favor, you know, of a good breakfast every day in the year. We like to think that more and more people are eating better breakfasts, are having an egg occasionally or some bacon.

However, back to the subject of coffee. The makers of a famous brand of coffee suggest that you follow these four rules:

1. Use plenty of coffee, at least as much as your equipment directions call for.
2. Use good coffee and see that it's fresh, fresh as a pressure-packed coffee can be.
3. Keep your equipment spotlessly clean, and if you use a canister, keep it spotlessly clean, too.
4. Serve your coffee as soon as possible after you've made it. And with that good cup of coffee, here's a change from the usual scrambled eggs, eggs scrambled with corn.

Scrambled Eggs, Iowa Style

8 slices bacon
1 12-ounce can vacuum packed kernel corn, well-drained
4 eggs, beaten
1 tablespoon milk
½ teaspoon salt
⅛ teaspoon pepper
Buttered toast triangles

In skillet, fry bacon and remove it to paper towels to drain. Drain off all but about one tablespoon bacon drippings, and to this add the well-drained corn. Cook, stirring until slightly brown, then add the eggs, milk, salt and pepper.

Cook over low heat until eggs are set, stirring occasionally. Serve on heated platter, garnished with toast triangles and bacon strips. Makes four servings.

Crackers, Bread Come in Individual Packages

Midget packs for your protection! Chances are, when you're dining out, you'll encounter not only the familiar saltines in their own special packages, but individual portions of oyster crackers, potato chips, rye bread or melba toast, each in a sanitary cellophane bag.

Latest development is a crusty hard roll wrapped in sparkling cellophane, which keeps it fresh and delicious and guarantees you safe eating!

Popcorn 'on Cob' Makes Kids Happy

An important part of any kiddies' party is their favorite treat . . . pop corn! And, they'll be doubly excited when you make them popcorn "on the cob!" An ear of popcorn "on the cob" for each youngster, and the party is guaranteed to be a success!

Popcorn "On the Cob"

1 cup sugar
1-3 cup white corn syrup
1-3 cup water
¼ cup butter
¾ teaspoon salt
¾ teaspoon vanilla
3 quarts popped pop corn

Put sugar, corn syrup, water, butter and salt in a sauce pan and cook until sugar is dissolved. Continue cooking without stirring (265 degrees) until syrup forms a brittle ball in cold water.

Add vanilla and stir only enough to mix it through hot syrup. Place popcorn in large mixing bowl and pour cooked syrup slowly over popped corn, mixing well to coat every kernel.

While the mixture is still warm, wet hands slightly and form into the shape of ears of corn. Then cut green cellophane into strips shaped like leaves of husks, and tie with string at one end.

Cherry Braids Start Day Gaily

Why not make your Sunday breakfasts special occasions for your family? Try surprising them with a really festive meal by serving an unusual hot bread such as this Cherry Nut Braid with frosting or a cherry breakfast bread.

They're both gay to look at and good to eat. With the hot braid or bread, serve a fresh orange fruit compote topped with bright red maraschino cherries and shirred eggs with bacon in individual ramikins.

CHERRY NUT BRAIDS — Breakfast is fun for the family when Mother serves a hot Cherry Nut Braid with maraschino cherries and Brazil nuts in it. Mother won't have to work too hard because this recipe calls for a package of hot roll mix.

Cherry Nut Braids

1 1/4-once package hot roll mix
1-3 cup butter or margarine
1-3 cup sugar
1/2 teaspoon cinnamon
3/4 cup chopped cherries
3/4 cup chopped Brazil nuts

Prepare hot roll mix according to package directions. When ready to shape, divide dough in half. Roll out on lightly floured surface into two 8x12-inch rectangles. Spread with butter or margarine and sprinkle with sugar, cinnamon, cherries and nuts.

Fold each rectangle in half lengthwise and seal edges. Cut each into three strips. Braid the strips and place on two greased baking sheets. Let rise in warm place 30 to 60 minutes, or until doubled in bulk.

Bake in moderate oven (375) 15 to 20 minutes. Remove from oven and frost with confectioners' glaze, if desired. Makes two braids.

CLEAR PATH TO PROFIT: Classified ads! To sell or rent anything, call FE 2-8181 for an ad-writer.

Family Will Cheer Deviled Corn Bake

Give your budget a boost and serve this inexpensive main dish. What's more, your family will be delighted with the interesting flavor of every delicious bite.

Succulent yellow corn, green pepper and rice cook together before the zippy deviled ham is added, and then your broiler turns the cheese topping into a bubbly golden brown.

Deviled Corn Casserole

1 cup whole kernel yellow corn, drained
1/2 cup chopped green pepper
1 cup uncooked white rice
2 1/2 cups water
2 teaspoons salt
1/4 teaspoon black pepper
1 4 1/2-ounce can deviled ham
1/2 cup grated American cheese

Put the corn, green pepper, rice, water, salt and pepper in a greased 2-quart baking dish. Stir to thoroughly mix the ingredients.

Place in a pre-heated 350-degree oven for 45 minutes. Do not stir during the baking.

Break the deviled ham into small chunks and stir into the corn-rice mixture. Sprinkle the grated cheese over the top.

Place under the broiler and broil until the cheese is melted and browned. Serve from the baking dish. This recipe makes 10 servings.

The United States sold 300 million dollars worth of three cent stamps in 1954.

Thrifty and Plentiful Pork Perks Up Winter Meals

Winter meals perk up with pork. And this winter there's an abundance of that meat.

Pork prices are lower now, too, because the crop of hogs currently coming to market is 10 per cent heavier than a year ago. Mrs. Jessie Cartwright, Chicago home economist, suggests using economy pork cuts as well as familiar loins and hams.

Farmers raise two crops of pigs a year, one born in spring and the other in fall. Pigs from the '54 spring crop are ready, moving to market now in large numbers.

So make plentiful pork into a tempting roast with a spicy sauce, use it in a Hawaiian baked casserole, or in ham roll-ups, suggests Mrs. Cartwright.

Pork Roast with Spicy Sauce

Fresh picnic shoulder
Salt and pepper
2 small onions, minced
1 tablespoon Worcestershire sauce
2 tablespoons catsup
1 tablespoon sugar
1/2 teaspoon paprika
1/2 cup vinegar
1/2 cup water

Have the picnic shoulder boned and rolled at the market. Season it with salt and pepper. Then place it fat side up on a rack in an open roaster.

Roast at 350 degrees, allowing 40 or 45 minutes oven time for each pound of meat.

Combine onions, Worcestershire sauce, sugar, paprika, vinegar, water and catsup and cook together for five minutes. Serve this sauce with the roast, or use it for basting during cooking.

Canned Ravioli Needs 20 Minutes of Heating

It will take about 20 minutes in a moderate oven to thoroughly heat a couple of jars of ravioli. For good flavor sprinkle the ravioli with grated Parmesan cheese as you put each layer into the dish.

Serve the baked ravioli with a salad of greens, bits of filleted anchovies and garlic French dressing.

Hawaiian Baked Pork

2 cups crushed pineapple
2 medium sweet potatoes
2 tablespoons brown sugar
4 shoulder pork steaks
Salt and pepper
4 strips bacon

Place the pineapple in one large baking dish or four individual ones. Pare and slice the sweet potatoes. Place them over the pineapple and sprinkle with brown sugar.

Season the pork steaks with salt and pepper and place them on top of the sweet potatoes. Arrange the bacon strips on top.

Cover the dishes and bake about an hour at 350 degrees until the sweet potatoes and steaks are tender.

Remove the cover and increase the oven temperature to 450 degrees for the last 10 minutes of cooking to brown the steaks and bacon.

Ham Roll-ups

2 cups mashed sweet potatoes
3 tablespoons melted fat
1/2 cup crushed pineapple
1/4 cup chopped pecans
1/2 cup cracker crumbs
3 tablespoons brown sugar
6 slices smoked or boiled ham, cut 1/4-inch thick
3/4 cup pineapple juice

Combine the potatoes, fat, pineapple, pecans, cracker crumbs and brown sugar. Mix well. Spread filling on each slice of ham. Roll as for a jelly roll, fastening with toothpicks or tying each roll.

Place in a baking dish, add pineapple juice, and bake in a moderate oven at 350 degrees one hour if smoked ham is used, or 20 minutes is boiled ham is used. Baste frequently.

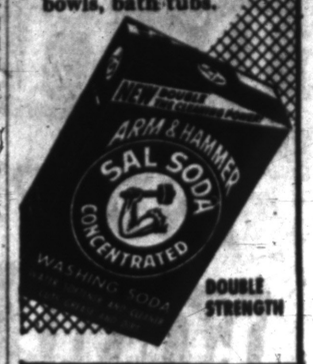

Creole Pork and Spaghetti

1 cup minced onions
1 pound ground pork shoulder
2 cups cooked spaghetti
3/4 cup cooked tomatoes
1 cup grated cheese
1/2 teaspoon salt
1/8 cup dry bread crumbs
2 tablespoons fat

Brown onions and meat in a skillet. Mix the meat with the spaghetti, tomatoes, cheese and salt.

Place in a greased baking dish. Sprinkle crumbs on top, dot with fat, and bake at 350 degrees for 30 minutes. The recipe will serve six persons.

Serve Franks Chinese-Style

We are pretty sure that the Chinese did not invent frankfurters . . . but we do know that they did invent some delightful ways of preparing meat. So, we borrowed one of their methods and evolved this really good economy recipe . . . think you and your family may like it too.

Frankfurters, Chinese-Style

8 frankfurters, about 1 pound
1 teaspoon kitchen bouquet
2 tablespoons fat
¼ cup coarsely chopped onion
1 cup sliced green pepper
1 cup diagonally sliced celery
3-ounce can chopped broiled-in-butter mushrooms
¼ cup cold water
2 tablespoons cornstarch
1 teaspoon Worcestershire sauce

Cut frankfurters in diagonal slices about one-half inch thick. Place in mixing bowl and sprinkle with kitchen bouquet. Stir gently with a fork so that all pieces are evenly covered.

Melt fat over moderate heat in large frying pan or Dutch oven. Add onion and saute, stirring frequently, until tender but not brown, about three minutes.

Add sliced frankfurters and brown quickly, turning to brown all sides. Add green pepper, celery and contents of can of mushrooms. Bring to boil, lower heat and cover.

Simmer until vegetables are just tender, about five minutes. Do not overcook. When vegetables are tender, combine and add water, cornstarch and Worcestershire sauce.

Cook, stirring constantly, until sauce is thick and clear. Serve immediately with fluffy hot rice. Accompany with Chinese noodles if desired. Yield: Six generous servings.

SEABURGERS—You've had hamburgers and cheeseburgers. Now, during the Lenten season, try Seaburgers. Fill regular hamburger buns with a tasty mixture of your favorite canned fish and bake 20 minutes before serving. Yummy.

Fix Yummy Seaburgers for Lenten Lunch, Snack

A new way of serving canned fish for Lenten meals is to fix it with seasonings and use it to fill buns.

Make up these buns ahead of time and bake just 20 minutes before you are ready to serve them. They're good for lunch or for evening snacks.

Seaburgers . . . Make these before guests arrive. For easy heating, pack the prepared burgers into one large casserole or wrap each separately in foil.

Seaburgers

1 7-ounce can lobster, crab, salmon or tuna
½ pound process sharp cheese
¼ cup minced onion
¼ cup chopped sweet pickle
½ cup catsup
¼ cup mayonnaise
1 cup minced celery
2 teaspoons salt
⅛ teaspoon pepper
2 tablespoons minced pimiento
12 burger buns

Drain seafood; flake with fork, removing bones. Cut cheese into small chunks. Combine seafood, cheese, onion, pickle, catsup, mayonnaise, celery, salt, pepper and pimiento. Mix well.

Split burger buns crosswise without cutting all the way through and fill each with seafood mixture. Wrap each in foil or stand with cut side up in large casserole or roasting pan.

Cover and bake at 350 degrees 20 minutes. Serve immediately in foil or casserole. Makes 12 burgers.

This is no ordinary nickel

The 5¢ a pound you save now at your grocer's on each specially-labeled can of Hills Bros Coffee is more than just a nickel

When you save this particular nickel you get something extra. You get the wonderful, tantalizing aroma and satisfying flavor of fine coffee that's *fresh-brewed!* Nothing else has that *real* coffee goodness!

Blended of the world's finest coffees, roasted a few pounds at a time by Hills Bros. exclusive "Controlled Roasting" process, vacuum-packed minutes after it's ground—Hills Bros. Coffee always assures you full freshness and aroma, cup after cup—pound after pound.

Don't wait! Your grocer's supply is limited. Save 5¢ on the one-pound can—10¢ on the big two-pound "coffee-lovers' can"—while the supply lasts.

Hills Bros always gives you the best there is in coffee

Open Sandwiches Fill Bill for Brunch

Here's a dish that's a little different from combination breakfast and luncheon meal.

Open Brunch Sandwiches

For each serving:

2 eggs
2 tablespoons finely diced cooked ham
Salt and pepper
½ tablespoon butter
2 tablespoons finely diced cheddar cheese
1 tablespoon chili sauce.

Beat eggs with rotary beater enough to combine yolks and whites. Stir in ham, salt and pepper to taste.

Melt butter in skillet; add eggs and scramble. Just before eggs reach desired doneness, stir in cheese. Remove from heat at once.

Pile egg mixture on two slices of buttered toast; garnish with chili sauce. Serve at once.

Bananas Being Sold in Cellophane Packs

Brand new cellophane-wrapped packages of bananas are popping up in food stores all over the country. These new packages allow you to select your bananas in a jiffy—no waiting for weighing and pricing—and you know they haven't been handled by hordes of earlier shoppers! The cellophane-wrapped trays give you full view of the bananas, and also provide helpful instructions for use.

Banana distributors advise using green tipped banahas for cooking, baking or frying as a vegetable; full yellow ones for eating as is; and spotted brown for babies, milkshakes, cakes and baking purposes.

For an interesting salad, dip bananas in mayonnaise, then in wheat germ.

Make Hearty Casserole for Hubby to Serve Pals

Let's face it—most normal men like to be alone with other men occasionally.

Dr. Allan Fromme says in his book "The Psychologist Looks at Sex and Marriage" — "Husbands and wives who are sure of each other should not only tolerate, but even encourage, each other's pursuits of different pleasures."

Therefore a wise wife will provide easy-to-serve snacks for her husband when he entertains the boys.

She provides good eats which her husband can serve without trouble. Also plenty of masculine-looking disposable paper plates. The colored plates save him from feeling guilty about leaving unwashed dishes.

Hearty frankfurter casserole to be served with a tangy sauce, rolls and hot coffee, can be made beforehand.

All your husband has to do is put the refrigerated casserole into the oven an hour before eating time. Even if he lets it bake an extra 10 minutes or so, there'll be no harm done.

Hearty Frankfurter Casserole

6 slices bacon, coarsely diced
1 No. 2½ can sauerkraut, drained
1 1-pound can baked beans
1 tablespoon molasses
2 tablespoons brown sugar
¼ cup chili sauce

Cook bacon over medium heat until lightly browned; add sauerkraut, beans, molasses, sugar, chili sauce and mustard.

Mix well and turn into greased 2-quart casserole. Top with frankfurters.

Bake in moderate oven (350 degrees) one hour. Serve with zippy mustard sauce. Makes four servings.

Zippy Mustard Sauce

2 tablespoons prepared mustard
6 frankfurters
2 tablespoons prepared mustard
1 tablespoon horseradish
2 tablespoons sweet pickle relish
2 tablespoons mayonnaise
2 tablespoons catsup
Dash Tabasco

Combine all ingredients and mix well. Place in paper nut cups and refrigerate. Serve with frankfurter casserole. Makes about ¾ cup.

Easy Bar Cookies Made Without Fat

There's no fat needed in these simple-to-bake bar cookies.

Pecan Coconut Squares

½ cup sifted flour
2 teaspoons baking powder
½ teaspoon salt
½ cup instant nonfat dry milk
2 eggs
1 cup firmly-packed brown sugar
2 teaspoons vanilla
1 cup coarsely chopped pecans
1 cup shredded coconut (lightly packed and then chopped).

Sift together the flour, baking powder, salt and dry milk. Beat eggs until thick and lemon colored; gradually beat in sugar, then vanilla.

Stir in sifted dry ingredients just until combined. Fold in pecans and coconut. Turn into well-greased pan (8 by 8 by 2 inches).

Bake in moderate (350 degrees) oven about 35 to 45 minutes or until center springs back when lightly touched with finger. Cool slightly.

Cut into 2-inch squares in pan; remove with spatula. Serve warm.

Try This TV Snack

Combine a can of mashed Maine sardines with two chopped, hard-boiled eggs; add lemon juice, mayonnaise and French dressing. Taste-titillating for TV tidbits.

Combat Chill of March With Bowls of Hot Soup

By JANET ODELL
Pontiac Press Food Editor

Even though there is a vague hint of spring in the air—at least at the time we're writing this article — this is still good soup weather.

Soup can be as simple or as difficult as you wish to make it. If you are in a hurry, open a couple of cans of the excellent canned soups, combine them, and you have the makings of a meal in no time at all. Only recently have you been able to purchase frozen soups. These have a distinctive goodness all their own.

For cooks who must plan several meatless meals each week soup can be a lifesaver. A cream soup or one chock full of vegetables can be a filling main dish, especially if it is accompanied by some kind of hot bread. Just be sure to have plenty of the soup, keep it hot for second helpings, and plan a favorite dessert. This is the sort of meal when you use grandmother's soup tureen and those old-fashioned big soup plates.

This first soup is one that may be served hot or cold. Preview it hot now; repeat the performance with the cold version when soaring temperatures make you appreciate well-chilled soup.

All-Season Shrimp Bisque

1 pound shrimp, fresh or frozen
2 cups milk
2 teaspoons Worcestershire sauce
2 tablespoons chopped onion
1 teaspoon salt
1 pimiento, minced
2 tablespoons butter
2 tablespoons flour
1 cup heavy cream
4 teaspoons sherry (optional)
Chopped chives

Shell and devein shrimp. Put through food chopper or mince fine and mash until shrimp is like paste. Place in top of double boiler. Combine with milk, Worcestershire, onion and salt. Cook, covered, over simmering water 30 minutes. Add pimiento. (For very smooth bisque, now force through sieve.) Melt butter in large saucepan. Remove from heat and blend in flour. Return to heat and gradually add shrimp mixture, stirring constantly. Cook, stirring, until thick and smooth (about 10 minutes).

For Hot Bisque: After mixture becomes thick and smooth, stir in heavy cream and serve, garnished with chopped chives. Sherry may be added if desired.

For Cold Bisque: After mixture becomes thick and smooth, chill. Just before serving, add heavy cream and beat with rotary beater until well blended. Garnish with chopped chives. Add sherry if desired.

* * *

If you use dry skim milk to keep your milk bill within reason you will be happy to have this recipe for Cream of Potato soup. With it you can feed your family well, yet save the pennies.

Cream of Potato Soup

2 cups sliced pared potatoes
¼ cup finely cut onion
¼ cup finely cut celery
2 cups water
1½ teaspoons salt
Few grains pepper
½ cup nonfat dry milk
½ cup water

Add vegetables to the 2 cups of water. Cover and cook 20 minutes or until very tender. While this is cooking, mix dry milk and the ½ cup water in a bowl and beat hard with a fork until smooth. Drain and measure liquid off potatoes. There should be about 1½ cups liquid; if not, add water. Break potatoes into small pieces with a fork. Stir in milk mixture and potato liquid. Add 1 tablespoon butter. Heat, but do no boil. Serve hot. Makes four servings.

A quickie Lenten soup as suggested by the makers of a famous brand of canned soups is this one:

Creamy Clam Chowder

1 can Clam Chowder
1 can Cream of Celery Soup
1½ cans water or milk

Mix soups; add water or milk slowly, stirring constantly. Heat but do not boil. Makes four generous servings.

The following recipe also calls for a can of Cream of Celery soup. To it, you add 1¼ cups water or unsalted stock, ½ cup sieved cooked carrots and ¼ teaspoon Worcestershire sauce. Heat, stirring occasionally, to boiling point. Add pepper to taste. Makes three to four servings.

The Senate restaurant in Washington is noted for its Bean Soup. With this recipe you can make your own. What's good enough for our senators is good enough for the home folks.

U. S. Senate Bean Soup

2 cups navy (pea) beans, soaked overnight
Hambone with some meat on it
3 quarts water
½ cup cooked mashed potatoes
2 onions, chopped fine
1 bunch celery stalks and tops, chopped fine
1 clove garlic, minced
¼ cup finely chopped parsley
Salt and pepper to taste

Put soaked beans, hambone and water in kettle. Simmer 2 hours. Add mashed potatoes when the beans are half cooked and stir 'til mixed. Add onions, celery, garlic, parsley and simmer 1 hour. Remove hambone; chop up pieces of meat and return meat to soup. Season to taste.

This soup may be frozen. Freeze in refrigerator ice cube trays or loaf pans, remove and wrap in foil or freezer paper and store.

Tuna Becomes Glamorous Dish

Practically everybody likes tunafish, so we're all prone to serve it without much ado. But the Lenten season, and a long series of meatless dinners ahead, gives us a chance to stretch our culinary imaginations.

Here's an idea for canned tuna with noodles.

Supper Tuna Bowl

1 package (8 ounces) medium noodles
2 tablespoons butter or margarine
2 tablespoons flour
¼ teaspoon salt
⅛ teaspoon pepper
2 teaspoons grated orange rind
½ teaspoon grated lemon rind
1¼ cups milk
2 tablespoons orange juice
2 cans (about 7 ounces each) tuna, drained and broken into bite-size pieces

Cook noodles until tender in large amount of salted water in large saucepan; drain; return to saucepan; add butter or margarine. Blend in flour, salt, pepper, orange and lemon rinds; stir in milk and orange juice.

Cook over low heat, stirring constantly, until mixture boils one minutes; add tuna; heat until bubbly.

Spoon into heated serving dish; garnish with orange slices and watercress, if desired. Makes six servings.

Warm Up With Soup

When March's winds blow chill, there's nothing like a bowl of hot soup to warm your bones. For a new taste, try tomato noodle soup mates. Add a can of tomato soup to chicken noodle soup with 1½ soup cans water. Top with grated cheese.

chop suey

Make it at home!

You'll like your own Chop Suey—and Chow Mein—when seasoned "just right" with Oriental Show-You Sauce! Delicious, too, with meats, fish, chicken, soups, baked beans, macaroni, stews, gravies, fried potatoes, etc.! Superbly blended, brewed and aged by Mother Nature's own process—to that distinctive true-to-nature flavor you relish—for both cooking and table use!

ALBERS MILLING CO., DIV. OF CARNATION COMPANY, LOS ANGELES 36, CALIFORNIA

Colgate's New Detergent with JUST-RIGHT SUDS will

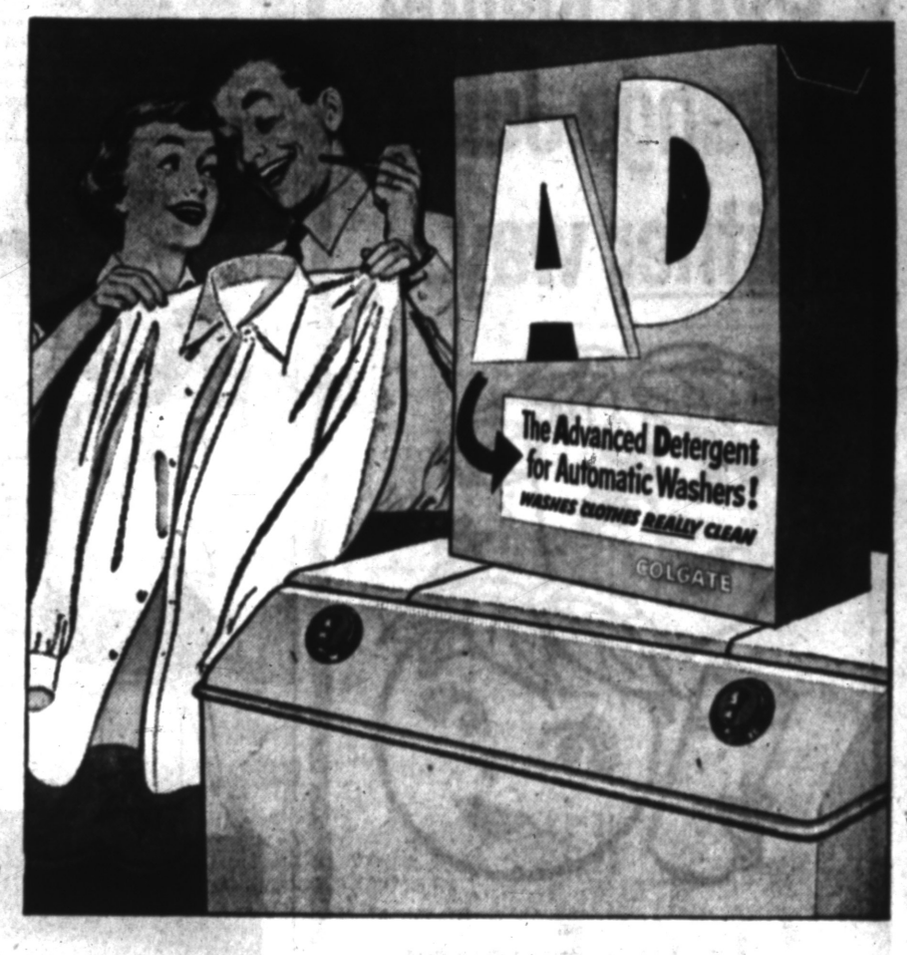

OUTWASH ANY OTHER PRODUCT IN YOUR AUTOMATIC WASHER!

it's Colgate's

NEW AD

with JUST-RIGHT SUDS

guaranteed to wash clothes cleaner and whiter than any other product... protect your machine-or your money back!

Here is the greatest detergent yet produced by science for automatic washing machines!

It's Colgate's amazing new detergent AD—with *just-right suds*. Cup-for-cup, AD's cleaning and whitening ingredients combine to outwash any other product in your automatic washer.

AD is guaranteed to wash clothes *cleaner* and *whiter* than any other detergent known. And it lets your machine work better and last longer, too!

Here's why: AD gives you *just the right amount of suds*. Not too few. Not too many. But *just-right suds* for your machine *and* for perfect washing results.

So add AD to your life *today*. It upsets all previous recommendations for automatic washers. And it's *guaranteed* to outwash any low-suds or regular detergent known. If you don't agree that AD outwashes any other detergent in any automatic machine, Colgate-Palmolive Co. will refund your money. Mail boxtop to: Colgate-Palmolive Co., Dept. APD, Jersey City 2, N. J.

Non-sudsing detergents fail to show proper amount of detergent to use. Insufficient suds may leave clothes looking grey and streaky, many housewives feel. AD, with *just-right suds*, gives you the *cleanest* and *whitest* wash you've ever known!

Regular detergents produce so many suds they may cause "suds lock" . . . clog your machine . . . strain its motor . . . run up extra power and repair bills for you. AD, with *just-right suds*, lets your machine work smoothly and properly.

AD—with *just-right suds*—gives you the *cleanest* wash possible and the *whitest* wash you've ever seen. And AD lets your machine work freely and easily . . . without stress or strain. For your wash and your washer, try AD. It's better—*automatically!*

Today try AD—automatically better in your automatic washer!

Caviar and Cream Glorify Pancakes

For the perfect party refreshment, try serving pancakes that have been spread with caviar and sour cream and rolled.

Rolled Pancakes With Caviar and Sour Cream

1½ cups buckwheat flour
½ cup ready-to-eat bran
4 teaspoons baking powder
1 tablespoon sugar
1 teaspoon salt
2 cups milk or water
1 egg, slightly beaten
½ cup melted shortening
1 2-ounce jar red or black caviar
1 cup thick sour cream

Mix dry ingredients. Stir in milk and egg, and beat until smooth. Stir in melted shortening.

Drop by spoonfuls on hot griddle to form 4-inch rounds and bake until browned on both sides, turning only once.

Spread hot cakes with caviar and sour cream.

New Products Continue to Ease Cooking Jobs

By JANET ODELL
Pontiac Press Food Editor

Do you hab a code in your head too? Let's talk about food anyway, even if we've lost our sense of taste and smell. That gives me an idea. If we could invent something that would take away a person's sense of taste, it might make staying on a reducing diet much easier. There's no point in eating if you can't enjoy the taste.

Here's an interesting fact I ran across while looking for soup recipes today. In a small recipe booklet put out by the Michigan Bean Shippers Association there is a comparison of the price of beans and other foods. Needless to say, beans are the cheapest. But the sentence that struck my eye was this one: "You can't eat a nickel's worth of beans at one sitting!" That speaks well for the power of the nickel which supposedly has decreased.

The Six-Year Old at our house made cookies the other day. I had a box of Brownie Mix ready when he came from school. All he had to do was add water, stir, and pour the mixture into a greased pan. We could have added nuts. The brownies were rich and chewy and "chocolately." The same famous company makes a crunchy peanut cookie that we haven't tried yet. Chopped peanuts come especially packed to keep them fresh.

For cake lovers this company now puts out an orange cake mix and two new frosting mixes. The chocolate frosting may be used also as fudge or chocolate sauce.

Another new product, out in time for Lent, is Macaroni, Creole Style with Mushrooms. Tender macaroni is drenched in a rich, crimson sauce of tomato and spice and garnished with crisp celery and onion, red and green peppers and mushrooms. Serve it in individual casseroles for a meat alternate. Combine it with cubes of meat and stuff green peppers with it for other days.

Finally on our list of new products is Coconut Cream Instant Pudding. Serve it plain or add peppermint, almond, sherry or brandy flavoring for an extra fillip.

Kerchoo! Well, have fun cooking!

Milk Always Needed

An expectant mother who does not like milk may learn to drink a quart daily when she is told by her doctor that it is important to both her health and the baby's. But the benefits of this milk regime to the baby will not be so great as they would be if the prospective mother had been drinking a pint of milk daily previous to her pregnancy.

Serve Deviled Eggs

Cut hard-cooked eggs in lengthwise halves. Mash the yolks with liverwurst and mayonnaise and add salt and pepper to taste. Refill whites and flute with a fork; sprinkle with paprika. Nice to serve as a first course when company's coming.

Transform Fish Flakes Into Supper for Two

Easy—inexpensive—and just for two! Make this loaf with canned fish flakes.

Add a bit of catsup, lemon juice, celery salt, a slightly beaten egg and a few soft bread crumbs to the fish flakes. Mix well and put into a small buttered loaf pan. Bake 20 to 30 minutes in a moderate oven, until firm. Serve with an egg sauce, chili sauce or additional catsup.

Best way to get fluffy, colorful peel from your California oranges is to grate the peel before you squeeze the oranges for juice.

Quick and Easy Breakfast Ideal for Minute-Minded

A breakfast made to order for America's minute men—and women. Here is a menu that appeals to those who must count their minutes in the morning rush hour.

Orange Juice
Cooked Egg
Enriched Toast Honey Cinnamon Toast
Marmalade Beverage

It's all here, a breakfast for America's minute men and—women. Minute-minded, they will find that this menu needs only 10 minutes to prepare and 10 minutes for eating.

Honey - Cinnamon Toast and Orange Sugar Toast spare the minutes when the mixtures for preparing them are kept on hand.

Authorities say that a good, big breakfast should include fruit, enriched bread with butter or margarine and protein food such as an egg or milk.

This breakfast supplies vitamin C from the juice, B vitamins from the enriched bread, which gives a protein bonus to the breakfast in addition to that from the egg. Portions may be increased in this balanced meal to meet energy needs.

Use Economy Foods

Economy foods are milk and cheese, dried beans and peas, liver and other organ meats, whole-grain and enriched products such as oatmeal and other cereals, macaroni and spaghetti, bread. Use these foods freely if your food budget is on your mind.

Orange Sugar Toast

1 tablespoon soft butter or margarine
⅛ cup confectioners' sugar
1 tablespoon grated orange rind
1 tablespoons orange juice
6 slices enriched toast

Combine butter and sugar. Add orange juice and orange rind. Spread two teaspoons orange mixture on one side of each slice of hot toast. Serve immediately.

Mixture may be stored for a few days in the refrigerator. Yield: Four servings—two slices toast per serving.

Honey Cinnamon Toast

1 tablespoon soft butter or margarine
¼ cup honey
½ teaspoon cinnamon
6 slices enriched toast

Combine butter, honey and cinnamon. Spread 2 teaspoons honey mixture on one side of each slice of toast. Serve immediately.

The cinnamon mixture may be prepared in advance and stored. Yield: Four servings—two slices toast per serving.

in your automatic washer

You need blue VIM with the lowest suds to get clothes really white!

Too many suds can clog the works, keep your automatic washer from cleaning thoroughly, rinsing completely. That's why leading washer makers say: "The *lower* the suds, the cleaner the clothes." That's why Lever Brothers developed new Blue VIM with the very lowest suds of any washday product. Nothing else cleans and rinses so completely!

Lowest suds—whitest clothes! Actually, if you use anything with *more* suds than VIM, you can't get the most out of your automatic washer. Lever Brothers unconditionally guarantees you'll get whitest shirts, cleanest work-clothes, the very brightest colors—that you'll be *completely* happy with VIM's lowest suds—or you get back every cent you paid!

put in Blue VIM... VIM *take out whiter clothes*

Blend Onion Soup Mix, Sour Cream for Dip

For your next cocktail party or TV treat try mixing onion soup mix (just as it comes from the package) together with one pint of sour cream, as a dip for crackers or potato chips.

The tasty combination, called California Dip because it originated on the west coast, is wonderful, and a cinch to prepare. Refrigerate until ready to use. Time involved: Split second.

Dressed-Up Brunch

To dress up the Sunday brunch, just spread hotcakes with deviled ham and top with layer of crushed pineapple. Put three pancakes together to make portion. Of course, serve with melted butter and tart jelly.

Vegetable Ring Full of Vitamins

Do you have difficulty sometimes in getting your family to eat enough vegetables? A clever way to increase the vegetable intake is to serve some of the vegetables in a molded salad.

Children usually go for this type of salad, and another plus is that vegetables used this way are usually raw which means more vitamins are retained.

Couple a Jellied Vegetable Ring with fresh creamy cottage cheese and you have an eating treat as well as a nutritious addition to your meal. This type of salad is good to serve when the main course of your meal may be skimpy on protein.

Cottage cheese is one of the most versatile of foods. It can be used as a relish, for savory dips with potato chips, for salads, in such super desserts as cheesecake, and as an ingredient in prepared dishes.

The nutritive value of cottage cheese is high. It contains protein in good quality and quantity as well as minerals and vitamins.

Jellied Vegetable Ring with Cottage Cheese

1 envelope (1 tablespoon) unflavored gelatin
½ cup cold water
1 cup hot water
2 tablespoons sugar
1 teaspoon salt
6 tablespoons lemon juice
1 cup grated carrots
¼ cup finely chopped green pepper
½ cup diced celery
Watercress or lettuce
1 pound cottage cheese
¼ cup minced onion
Few grains pepper

Soften gelatin in cold water; add hot water, stirring until gelatin is dissolved. Add sugar, one-half teaspoon salt and lemon juice. Chill until syrupy in consistency. Fold in carrots, green pepper and celery.

Pour into ring mold which has been rinsed in cold water; chill until firm. Unmold on watercress. Combine cottage cheese, onion, and remaining salt and pepper. Place in center of ring mold. Serves six.

JELLIED VEGETABLE RING—A salad both colorful and tasty is this Jellied Vegetable Ring. Lemon juice adds zip to unflavored gelatin while grated carrots, chopped green pepper and diced celery add crunchiness. Serve it often and please all members of the family.

Notes on No. 303 Can

A No. 303 can of fruit or vegetables is one whose net weight is 16 or 17 ounces. There will be about 2 cups of the fruit or vegetable in the can. Some meat products and ready-to-serve soups also come packed in these No. 303 cans.

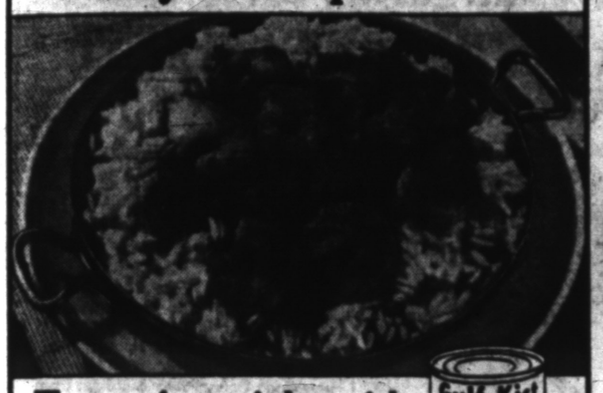

Serve Fish on Plank for the Gourmet Touch

Have you ever tried serving fish the gourmet way — on a plank? You can buy planks, or cut your own from hardwood. Oak is best. These simple directions for the care of planks, new or old, are given in a current magazine.

Before using a new plank, rub it well, top and sides, with salad oil; heat on a rack in a very slow oven (275) for one hour; cool; and wipe off any excess oil. This seasons the plank and it is now ready to use.

After serving planked fish, wash the plank quickly in hot soapy water (do not soak); rinse; and dry well. Plastic food wrap, aluminum foil or a clean paper bag makes a good storage cover. Keep planks in a cool, dry spot.

Easy Shrimp Creole

Tastes just right with
GULF KIST
Canned Shrimp

Hearty, hurry-up meals are easy with plump, ready-cooked Gulf Kist Canned Shrimp: add them to well-seasoned, home-made tomato gravy. Serve over rice for quick, Shrimp Creole.

Or add Gulf Kist Shrimp to salads for a new treat. Try 'em too in chop suey, omelets, soups, casseroles. Gulf Kist Shrimp give tempting variety to dishes by the dozens.

Gulf Kist Shrimp come from the sunny Gulf of Mexico—home waters for nature's *best-tasting* shrimp. Enjoy their sea-fresh flavor often. Ready to eat. No peeling. No waste.

A 5-oz. can of Gulf Kist Shrimp is equal to 1 lb. whole, raw shrimp.

Oranges Spark Shish Kabobs

A salad or appetizer that's easy to prepare, refreshing to eat and packed with good nutrition, that's orange shish kabobs. The combination of fresh orange chunks, celery and carrot pieces is delicious and can be ready to serve in no time at all, with lots of important nutrients in every bite.

Each fresh orange is full of vitamin C and other nutrients, the newest of these being citrus bioflavonoids. These bioflavonoids strengthen the capillary (tiny blood vessel) walls of the body and are so beneficial in building a good circulatory system, a great aid in cases of surgery, respiratory infections, rheumatoid arthritis and other disease conditions.

The citrus bioflavonoids are found in amounts 10 times greater in the whole peeled orange than in strained juice alone, so serve orange shish Kabobs often.

To make this salad, just cut peeled orange cartwheel slices into quarters; on small skewers alternate pieces of orange with celery chunks and carrot slices.

Arrange on a platter, allowing several skewers per person. Garnish with parsley and serve with Lemon French Dressing.

Lemon French Dressing

⅓ cup lemon juice
⅓ cup salad oil
1 teaspoon salt
1 teaspoon paprika
¼ cup red jelly
½ teaspoon celery seed

Combine all ingredients and shake well before serving. Makes about 1 cup dressing. (Garlic clove may be added if desired.)

ORANGE SHISH KABOBS—Here's an unusual way of serving oranges as an appetizer or salad course. String alternate pieces of orange with celery chunks and carrot slices on small skewers. Arrange on a platter and serve with Lemon French Dressing which is made pretty with a bit of red jelly in it.

Youngsters Love Oatmeal Cookies

Youngsters will love these cookies for noon munching.

Easy Oatmeal Cookies

1 cup sifted flour
1 teaspoon baking powder
1 teaspoon salt
2-3 cup shortening
1 cup firmly-packed brown sugar
1 egg
1 teaspoon vanilla
2 cups quick-cooking rolled oats (uncooked)
1 cup light or dark raisins (rinsed in hot water and drained)

Sift together the flour, baking powder and salt. Melt shortening and stir in sugar; add egg and beat until well blended.

Stir in vanilla, sifted ingredients, rolled oats and raisins. Drop by teaspoonfuls, a few inches apart, onto greased baking sheet.

Bake in moderate (350 degrees) oven 15 to 20 minutes. Cool on wire rack. Makes about 5 dozen.

Useful Products Result From Rice Processing

When a housewife opens a package of rice, one of the things she like about it is the fact that there is no waste. Every pound is usable as it pours from the package.

And in the various processes through which each grain of rough rice goes before it finally reaches her pantry shelf, there is little waste. Even hulls serve as a fine polishing powder when finely ground.

The first byproduct of rice is the rice bran, which consists primarily of the rice embryo and the outer three seed coat layers, and is especially valued for its high protein, fat, mineral and vitamin content.

It has always been an important livestock feed fo rthis reason. Now new extraction processes produce a high-quality oil which, when hydrogenated, has superior keeping qualities.

Rice polishings, the inner seed coat layers, are another valuable source of livestock feed, containing what nutritionists call "an unknown growth factor" required by chicks.

Rice starch is commercially manufactured in Europe, and is prized by European housewives for its good penetration, and the high finish it lends to a fabric after it has been ironed. Manufacturers of confectionary and cosmetics in this country also make good use of rice starch.

Eggs Enrich Recipes, MSG Accents Flavor

Now that eggs are so low in price, recipes using eggs are important.

We select these two that use monosodium glutamate, a powdered agent for bringing out the flavor of the ingredients used in the recipe.

It does not add flavor of its own, it brings out flavors already in the recipe. Both the French and Chinese have been using it for centuries.

Souffle Topped Cauliflower

Trim and wash large head of cauliflower; separate into flowerets. Cook in boiling salted water just until barely tender, drain, reserving liquid.

Arrange flowerets in single layer in greased 8x8x2-inch baking dish.

Make sauce with 3 tablespoons each butter or margarine and flour, one-half cup reserved cauliflower liquid, and one-half cup cream.

Add one-half cup grated Parmesan cheese, salt and pepper to taste, and teaspoon monosodium glutamate.

Cool, then blend in 2 slightly beaten egg yolks; fold in 2 stiffly beaten egg whites.

Spread evenly over cauliflower; dust with paprika. Bake at 425 degrees about 20 minutes, until lightly browned. Serves four-six.

Corned Beef Hash Casserole

Mix two (1-pound) cans corned beef hash, 2 cups (firmly packed) grated soft bread crumbs, 2 slightly beaten eggs, one-half cup milk and one-fourth cup chopped onion.

Season with salt and pepper to taste, and one-half teaspoon monosodium glutamate.

Pack into greased 8x8x2-inch baking dish. Bake at 350 degrees for one hour. Remove from oven.

Spread one-half cup catsup over top; sprinkle with 1 cup shredded process American cheese. Return to oven long enough to melt cheese. Serves six-eight.

Top Creamed Tuna With Eggs, Parsley

Creamed tuna on toast is delicious but standard family fare. Try topping each serving with a deviled egg and listen to the applause.

Be sure to flute the stuffing in the egg halves with the tines of a fork and sprinkle with paprika. Tiny sprigs of parsley perched atop the eggs make them look extra pretty, too.

A biscuit or bun warmer is a deep utensil with a cover; sometimes the cover has vent openings. The warmer's insert pan is usually constructed of wire mesh.

There are towns named "Valentine" in Nebraska, Texas, Arkansas and Arizona and one named the National Georgraphic Society.

Try This Combination of Sandwich and Salad

Does your family enjoy a sandwich and salad lunch? Then try this combination.

Make the sandwiches of whole wheat bread, ham, lettuce and mayonnaise to which curry powder has been added; the salad of romaine, drained canned pineapple and French dressing. If you want to add a hot soup to this menu, chicken-and-rice would be a good choice.

Paper consumption in the U. S. is about 13 times greater than the world average.

Unique, Tangy Salad

A unique and tangy luncheon salad is this combination . . . canned grapefruit sections combined with drained canned shrimp. Chill the two together, add salad greens and toss lightly with French dressing. Garnish with quarters of hard cooked eggs.

Thoughtful Mothers Please Note!

Blue Bonnet Margarine Gives Your Children ALL THE NOURISHMENT OF THE "HIGH-PRICE" SPREAD

NO OTHER MARGARINE *tops the nourishment of* BLUE BONNET. *For* BLUE BONNET *Margarine gives your family all the Milk Minerals, Vitamins and Food Energy of the "high-price" spread!*

Yes, all the nutritional benefits that growing children can get from the best grade of the "high-price" spread are in today's BLUE BONNET Margarine. All the Milk Minerals—the calcium and phosphorus! All the Vitamins! BLUE BONNET, in fact, has 4 *times more* Vitamin D than the "high-price" spread—and it is a *more dependable source* of Vitamin A the year round. It also contains Vitamin E. And BLUE BONNET gives your family *all* the valuable Food Energy they could get from the "high-price" spread.

MORE DEPENDABLE FOR FLAVOR, TOO

You'll love BLUE BONNET's fresh, delicate, sunny-sweet taste. It is *always the same*—delightful on bread and in all your cooking. And BLUE BONNET is *smooth spreading*. Insist on BLUE BONNET Margarine always for all 3: FLAVOR! NUTRITION! ECONOMY!

PRESIDENT VISITS PENNSYLVANIA FARM — President Eisenhower chats with several men in charge of construction work at his farm near Gettysburg, Pa., during a visit by the Chief Executive and his wife. In background is the almost completed home with the original stone house showing at right. While the President toured the grounds and inspected barn painting, Mrs. Eisenhower and interior decorator worked inside.

Welfare Pensioner Amasses $16,000

DENVER (AP)—A 66-year-old pensioner who worked as a night watchman for 80 cents a night parlayed his relief check into a $16,000 estate, court records showed today.

Fred F. Gilbert, whose general assistance pension averaged $30 a month for 15 years, died of pneumonia Jan. 2.

Administrators of his estate, swelled through oil stock speculation, were ordered to return $5,675 to the Denver Welfare Department.

County Judge David Brofman held Gilbert "took advantage" of authorities in claiming the pension.

The U. S. marriage rate reached an all-time peak of 16.2 per 1,000 population in 1946 and has been declining since that time except for an upswing in 1950 when the Korean war started.

Colorado Gets Fallout From Nevada A-Test

BOULDER, Colo. (AP)—Ten times the amount of any previous radiation fell on Colorado after Tuesday's atomic test in Nevada, a University of Colorado scientist reports.

Ed Keller, professor of chemistry, said yesterday the fallout was still well under the danger mark. He said a strong high-altitude air current probably carried the invisible radioactive particles 600 miles from the test site near Las Vegas, Nev., over the Rocky Mountains to Colorado.

The British railways print 1,800,000,000 tickets a year.

Wooden Calf Pulls, Kicks Practicing Rodeo Ropers

SHERIDAN, Wyo. (AP) — Old-time tobacco-chomping cowboys would scoff at roping a wooden calf — but that's just what hundreds of novice cowpokes are doing to prepare for the vigorous rodeo circuit.

A spring-filled wooden gadget that looks and acts like a real calf is being used from Honolulu to Florida to save wear and tear on the live dogies.

And it's providing inventor John Kreger, a top rodeo performer himself, with a lucrative sideline.

Some of the 200 wooden calves Kreger has carved have been sold to television stations and stores to provide a bona fide western atmosphere.

Kreger calves are also popular with men who want to decorate their den with a western motif.

The calf is so constructed that it not only looks like the real thing, but strains against the calf-roper just like a live one.

It is built of heavy plywood and solid pieces of yellow pine with 10 or more springs to control the action.

Additional springs mean a livelier animal and one more difficult for the fledgling rodeo hand to tie.

In rodeo performances the calf-roper must lasso a running calf, flip it over on its side and tie three legs securely together.

Springs supply the "kicks" in the wooden calf. Hip and shoulder joints pivot in such a manner that they resist the roper, much like a squirming, bawling real calf.

"X" MARKS THE SPOT—The flash of an atomic detonation at Yucca Flat, Nev., forms what looks like a four-pointed star. Blast was set off atop a 300-foot tower. Light from the explosion was seen as far away as Salt Lake City in one direction and Los Angeles in the other.

Solon Opposes 4-Year Terms

Dem Celler Indicates Ike-Recommended Bills Won't Reach House

WASHINGTON (AP) — President Eisenhower's recommendation for four-year terms, instead of the present two, for members of the House is "not likely to get to first base," Rep. Celler (D-NY) said today.

Celler is chairman of the House Judiciary Committee, which has before it four bills calling for a constitutional amendment to put into effect a four-year term. Celler's comment indicated they won't emerge from the committee.

• • •

The President's recommendation came at his news conference yesterday as he praised a bill raising congressional pay from $15,000 to $22,500 a year. He signed it into law, effective Tuesday, shortly thereafter.

Celler told reporters the framers of the Constitution "used rare judgment when they set up two-year terms."

• • •

"The House is closest to the people, and the Founding Fathers rightly felt that in this ever changing world the people should have a right to voice their opinion through their representatives every two years," he said.

What Civil Defense?

NEWARK, N.J. (AP)—Newark police were astounded last night when, during a widely publicized practice air raid alert, some 2,000 people flooded the switchboard in 40 minutes with calls asking what the sirens meant. Police were even more astounded when some of their own patrolmen called in with the same question.

The tusks of the African elephant may reach a length of 10 feet and a weight of 220 pounds.

Glamor, Allure Is Missing at Soviet Swimming Holes

MOSCOW (INS)—Russians don't swim in their birthday suits any more.

An occasional Sunday bather does sport a one-piecer or even a bikini.

But the standard costume for men consists of baggy dark blue undershorts.

And most girls sun and splash in their button-at-the-back bras and panties.

Sexy? Not a bit.

A least by Western standards it's not.

Dieting is almost unheard of in the Soviet Union. . .except for ballerinas, who have a professional interest in keeping their figures trim. The average Russian girl therefore tends to be chunky.

Bras and briefs aren't very exciting on the riverbank, perhaps because they don't leave enough to the imagination.

The banks of the Moskva River and the dozens of smaller streams and reservoirs within 25 miles of the capital swarm with Muscovites on hot summer weekends.

A lot of factories, offices and clubs have special river camps for swimming, rowing and sailing. The city recreation department offers a number of similar boating and bathing places.

There's plenty of slow-moving tepid water. . .usually not too clean, however. .around the city for everyone to get in the swim.

Usually even the camps and public beaches are pretty shabby, but no one seems to mind too much. It's such a treat to get out of the hot, dusty city for the day.

Russians at play seem pretty sedate. There's a minimum of horse play and shouting. .even during the favorite beach game, batting a volleyball around.

Russian bathers show very little prudishness about changing clothes at the beach.

If there's no car or clump of bushes handy, a towel or blanket will do.

Many swimmers bring a bar of soap along to the river so they can take a bath before heading back to the city.

And it's not unusual for girls to wade out to where the water comes up to thier shoulders and suds out their lingerie as well.

Ups Religious Budget

NEW YORK (AP)—The National Council of Churches has announced it will spend a record $1,405,000 this year on religious films, television and radio programs, an increase of $245,000 over 1954.

MRS. GENE HILL, Denver, Colo., says: "I have faith in St. Joseph Aspirin For Children. No need to cut tablets. I'm sure of giving dosage as doctor orders."

ST. JOSEPH ASPIRIN FOR CHILDREN

Indians, Invaders Applied Odd Names to State Sites

"What's in a name?" asked Shakespeare.

Plenty, say Wayne University students of Michigan history who did a little research on the origin and meaning of the names of towns in their home-state of Michigan.

Most of the names of Michigan towns reflect the varied influences of the Indians and of the three nations which ruled at one time in Michigan. The name of the State itself is derived from the Mishigamaw Indians—the name meaning "great water."

The students found in their study that much of the history of the town names is legendary, but most of it is based on historical fact. Some towns were named after U. S. presidents — Jackson, Monroe, Grant, Harrison, Washington, and Lincoln. Many others assumed the names of their founders or of the geographical setting peculiar to the area of the townsite.

Elsie, in central Michigan, was named in 1857 when a meeting for that purpose was held at the home of Franklin Tillotson, the town's first postmaster. The story goes that while a group of men were trying to think of a suitable name for their town, Tillotson's little daughter, Elsie, ran into the room. She was a pretty little girl and at that moment all agreed that the town should be named for her.

Citizens of Bad Axe claim their city to be the only one in the world with that name. Bax Axe got its name from a broken, rusty axe found imbedded in a tree in 1861 when a location from a road from Bay City to Sand Beach, now Harbor Beach, was being laid.

Ishpeming, in the iron ore district of the Upper Peninsula, is an Indian name meaning "high place" or Heaven. Incidentally, the neighboring town of Negaunee is also an Indian name meaning "low place."

The resort town of Germfask got its name from the first letters of the last names of the first eight pioneer settlers in that area.

Other towns and cities in Michigan with interesting name backgrounds are:

Menominee—An Algonquian Indian name meaning "wild rice."

Lapeer—Early French traders observed the rocky bed of the river and called it Flint. The town that sprung up later was given the name of the French word for "the stone" which is "le pierre," the English adaptation resulting in Lapeer.

Alpena—Indian name for "partridge."

White Pigeon — According to legend, the town was named after the Indian Chief White Pigeon or "Wahbememo" who ran 140 miles without rest from Detroit to this village to warn its settlers of an impending attack by savage tribes.

Manistique—On the river of the same name, derives its name from the Indian word "unamanitogong" which refers to the vermillion color of the river resulting from the bog ore district through which it flows.

Fouled-Up Firemen Fail to Save House

SPARTA (AP)—A family of four escaped a fire which destroyed their 2-story farmhouse yesterday while firemen were delayed by faulty directions and village restrictions.

Loss was estimated at $15,000.

Louis Kolenbrander said he discovered the fire as he returned to the house after milking cows. He awakened his wife in an upstairs bedroom and carried their sons, John, 3, and Paul, 6 months, to safety.

Mrs. Kolenbrander telephoned firemen before fleeing the house. Fire Chief John Starn said she failed to give directions and forced Sparta firemen to search for the blaze. When located, he said, the fire was out of Sparta village jurisdiction.

The house burned before Kent County equipment arrived from Sparta, Rockford and Kent City.

Leukemia on Increase

NEW YORK (AP)—The Robert Roesler de Villiers Foundation reports leukemia has increased 70 per cent in the United States in the last 10 years. The foundation sponsors research on blood cancer. cancer.

KATHY AND HER CURLS

Kathy is going to a party. You can help her get ready by curling her hair.

First, color Kathy's face, hair ribbon and dress. Mount this picture on stiff paper the color of her hair—brown, yellow or red. Cut out the picture and the hair ribbon carefully along the black lines, including the lines separating each section of hair.

Now curl Kathy's hair forward so it looks something like it does in the small drawing. Paste the hair ribbon on her head so it peeks out in back of her curls. Fold back the two sides along the dotted lines so Kathy will sit upright.

Now she's all ready to go to her party.

GOP Senators Eye Higher Tariff Moves

WASHINGTON (AP)—Two Republican members said today the Senate Finance Committee may consider giving the Tariff Commission more power to recommend higher tariffs as part of a reciprocal trade extension bill.

Senators Millikin (R-Colo) and Carlson (R-Kan) did not go into detail in interviews in advance of further hearings on President Eisenhower's trade program, but the ideas they mentioned would tend to cut the President's power.

The program would extend the reciprocal trade agreements law three years and give the President additional powers to cut duties 5 per cent a year.

Your heart beats about three billion times in a 70-year lifetime.

Mom Leads Family Out of the Woods

CANTERBURY, N. H. (AP) — The Groves family had a hard time getting out of the woods. Son Arlan, 19, lost his way after an all-day hunting trip with his father, Arthur, and brother, Richard. Groves and Richard also took a wrong turn in another section of the woods and lost their way.

Mrs. Groves, summoned to help locate her family, entered the wooded section and also lost her way, temporarily.

A reunion took place, however, when Mrs. Groves found Arlan walking down the road in the wrong direction, picked him up and found her other son and her husband just emerging from the woods, some distance away.

"I led the way home," said Mrs. Groves. "I believe that's one time they all appreciated me."

Sometimes Persistence Isn't Way to Success

WAKE FOREST, N. C. (AP)—Fred F. Marshall paid his fine and costs of $24.85 for speeding and resumed his journey. Thirty minutes later he was stopped by the same patrolman for doing the same 70 miles an hour.

Marshall paid $24.85 more, explaining he'd gotten confused in directions after the first arrest and was hurrying to get back on the right road.

The United States has 8,000 coal producing companies in 28 states.

School Strike Still On Today

Wholesale Firings Fail to End Walkout by Texas Educators

IRVING, Tex. (AP)—A large group of Irving school employes, many of them teachers, stayed on strike today despite a state school official's advice to get back on the job.

• • •

Citizen volunteers continued to man the posts of the absentees.

The employes, in protest over the dismissal of Dr. John L. Beard, 53, as superintendent, voted Monday to stay off the job until he was reinstated. They said his unexplained firing was unfair.

The Irving School Board, headed by President Charles E. Young, since has fired nine school executives, including seven principals. Yesterday, the board said, all employes who failed to report for duty or who failed to say they would return were discharged automatically.

• • •

William S. Ward, spokesman for the striking employes and one of the seven principals fired, said that included 128 classroom teachers out of 198 usually in the schools. Others absent, he said, included 9 out of 10 principals and other executives, 34 maintenance workers, 42 lunchroom workers, and 10 of the 11 office employes.

Beard formally notified the School Board last night that he was appealing his dismissal to the state commissioner of education, Dr. J. W. Edgar.

Boy, Girl, Both 11, Give Carnegie Hall Recitals

NEW YORK (AP) — Two 11-year-olds — a girl coloratura soprano and a boy violinist — gave recitals last night at Carnegie Hall.

The girl, Gianna Jenco, of Trieste, made her debut in her home city when she was 5 years old.

The boy, Charles Castleman, was assisting artist to Gianna.

The event was for the benefit of the American Federation of the Physically Handicapped education fund.

The number of farm tractors in Sweden rose from 18,000 in 1939 to 100,000 today.

KIDNEYS MUST REMOVE EXCESS WASTE

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slowdown of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Are you a "Do-It-Yourself" Driver?

Or would you rather be waited on hand and foot?

Rather shift for yourself . . . or let Powerglide do it?

Shifting's smooth and easy with Chevrolet's new and finer Synchro-Mesh transmission. A flick of your wrist is all it takes to shift gears.

Powerglide, too, is better than ever this year. Even smoother and sturdier. It's America's favorite automatic transmission!*

Rather roll your own . . . or just push a button?

Chevrolet gives you separate crank controls both for windows and ventipanes. It's one of many "extras" in Chevrolet's Body by Fisher.

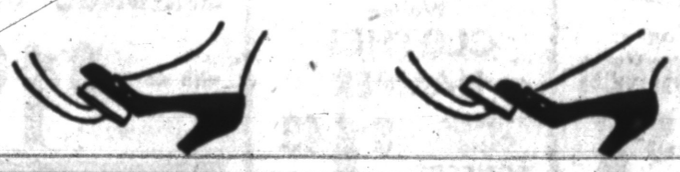

Your fingertip adjusts all four windows, automatic window and seat controls.* Available on all Bel Air and "Two-Ten" models.

Position the seat yourself . . . or let electricity do it?

Chevrolet's big, beautifully upholstered front seat moves up and forward or down and back into your most comfortable position.

No worry about your battery in a new Chevrolet. It's the only car in its field with the reserve power of a 12-volt electrical system!

Apply the brakes like this . . . or have power make it easier?

Improved brakes and new swing-type pedals make stopping a cinch. Chevrolet's exclusive Anti-Dive control means "heads up" stops!

Chevrolet Power Brakes* are better than ever this year—let you stop by a simple pivot of your foot from accelerator to brake pedal.

Rather have standard steering . . . or the extra ease of Power Steering?

Try this easy new Chevrolet steering. Only Chevrolet and some higher-priced cars use a ball bearing system to cut friction.

There's nothing quite so easy as Power Steering, of course. And Chevrolet's new Power Steering* carries a reduced price!

Keep yourself comfortable . . . or have All-Weather Air Conditioning?

Chevrolet's new High-Level ventilation system is another important advantage you won't find on other low-priced cars.

It's goodbye heat wave in your Chevrolet V8 with air conditioning.* This new system by Frigidaire takes up no trunk space.

Automatically—

Chevrolet's stealing the thunder from the high-priced cars!

What's a high-priced car got that Chevrolet hasn't? Not automatic power features. Not style—just look below. Not performance—just try out Chevrolet's new V8 or one of the new 6's. Not ride—perhaps the thing that will surprise you most is Chevrolet's fine, solid feel on the road. Come put it to the test. See how Chevrolet's stealing the thunder from the high-priced cars in *every* way!

*Optional at extra cost.

Recorder Processes 12,908 Documents

A total of 12,908 documents were processed in the office of Oakland County Recorder of Deeds Orrin McQuaid during the month of February, he reported today.

Total fees collected during the month were $19,788.75, an increase of nearly 50 per cent over the $13,783.80 received for the same month last year, when 9,912 papers passed through the office.

Last month's total included 5,177 chattel mortgages, 2,849 deeds, and 1,543 mortgages.

Spiders make their webs by special glands secreting a fluid which is discharged through tiny holes, or "spinnerets." When the fluid is exposed to air, it hardens into silk.

Poor Health Is Boon to Chicken Rancher

BLOOMINGDALE (AP) — When poor health forced Charles Wilson out of an office and into the outdoors, he and his wife decided to go into the poultry business. Today, 14 years later, they've perfected their chicken business to the point where they can take 6-month vacations every year.

They raise broilers for the resort trade. Production starts in April and ends in mid-October.

The brooder on their 8½-acre chicken farm starts 300 chicks a week. When they're ready for market the chickens are plucked and drawn by an electric deice, then packaged for dealers. With help from neighbors, the Wilsons say they can dress up to 100 birds an hour.

He Proves His Point Six Years Too Soon

DETROIT (AP)—While his parents slept, John Carroll, 10, took the family car for a spin. Police spotted what at first appeared to be a driver-less vehicle and intercepted it.

"I knew I could drive from watching my father," Johnny told them proudly.

Officers drove the boy the mile and a half back home and advised him to wait six years before demonstrating his ability again.

Hats Off—and Away

SPOKANE, Wash. (UP)—F. M. Collingwood of Trail, B.C., told police he was walking along a street when a young man approached, whipped the hat from Collingwood's head and ran away with it.

Chicken-Snake Routine Puzzling to Grandma

EVANSVILLE, Ind. (AP)—"When I was a girl," says 80-year-old grandma Louise Herron, "we used to kill snakes and raise chickens." That is her reaction to grandson Mike Herron's raising of chickens to feed his two 5-foot pet boa constrictors which he keeps in his basement.

The boas are thriving, says Mike, 13.

School Pay Boost OK'd

HASTINGS (AP) — The school board approved wage increases Tuesday for 66 teachers and the maintenance staff at an estimated cost of $13,450 to the school district. The move resulted in individual boosts of $150 for the teachers.

Victories Put Shamrocks, Keego in Title Bracket

By JACK SAYLOR

St. Michael and Keego Harbor, tournament rivals of long standing, will play for the championship of Pontiac's Class C district tournament Saturday night at 7 p.m. Both qualified for the finals by eliminating St. Frederick and Armada rather handily in Wednesday night's games at PHS.

The West Bloomfield club turned on the steam in the last 10 minutes to overpower a plucky, but outmanned St. Fred team, 70-48, and St. Mikes hurdled Armada, 46-24.

Play in the Class B test resumes tonight as Clarkston and Oxford, victors in Tuesday night's opening games, tangle with Lake Orion and Avondale, respectively. The Clarkston-Orion tilt is set for 7 o'clock, with the Oxford-Avondale setto starting at 8:15.

Saturday's Class C finals will be a re-play of last year's windup in which Keego nudged the Shamrocks, 48-46, in overtime. St. Fred's defeat ended a string of 6 straight years in which the Pontiac parochial rivals had met in tournament play.

On each of those occasions, St. Mikes had defeated its cross-town foe, but the Shamrocks will be seeking their 1st district title since 1951.

For West Bloomfield, district championships are an old story. Under the banner of Keego's Roosevelt High, the Presidents walked off with 10 straight district crowns. Now, as the West Bloomfield Lakers, they will be after number 11 before graduating into Class B next season.

St. Fred's, under the direction of Al Serra, made a battle of it for nearly three periods, but the tremendous height advantage of Sam Minard's club was the difference.

* * *

In most instances, Rams could get off only one shot and watch the rebound go either to big John Craig or Denny Singleton. But the Freds scrapped back from an early 18-4 deficit to trail by only 7 points at the half.

The shooting of Lionel Bradley and Dick Doyon kept Ram hopes alive until the late stages of the 3rd quarter, when Frank Rogers sparked a Laker rally that stretched the Keego advantage from 39-34 to 49-36.

West Bloomfield added 21 points in the final stanza. Rogers, who sagged badly in the latter portion of the regular season, snapped his slump in fine style Wednesday night. The 6-1 junior collected 20 points, all from the field, with five baskets coming in the 3rd quarter. He sat out the last 3½ minutes.

Craig added 13, Orland West 12 and Singleton, 10, in addition to a standout rebounding performance. Bradley was the shining light in the Rams' losing cause. He took game honors with 21 points. Doyon collected 17.

* * *

St. Michael's was unimpressive in its triumph.

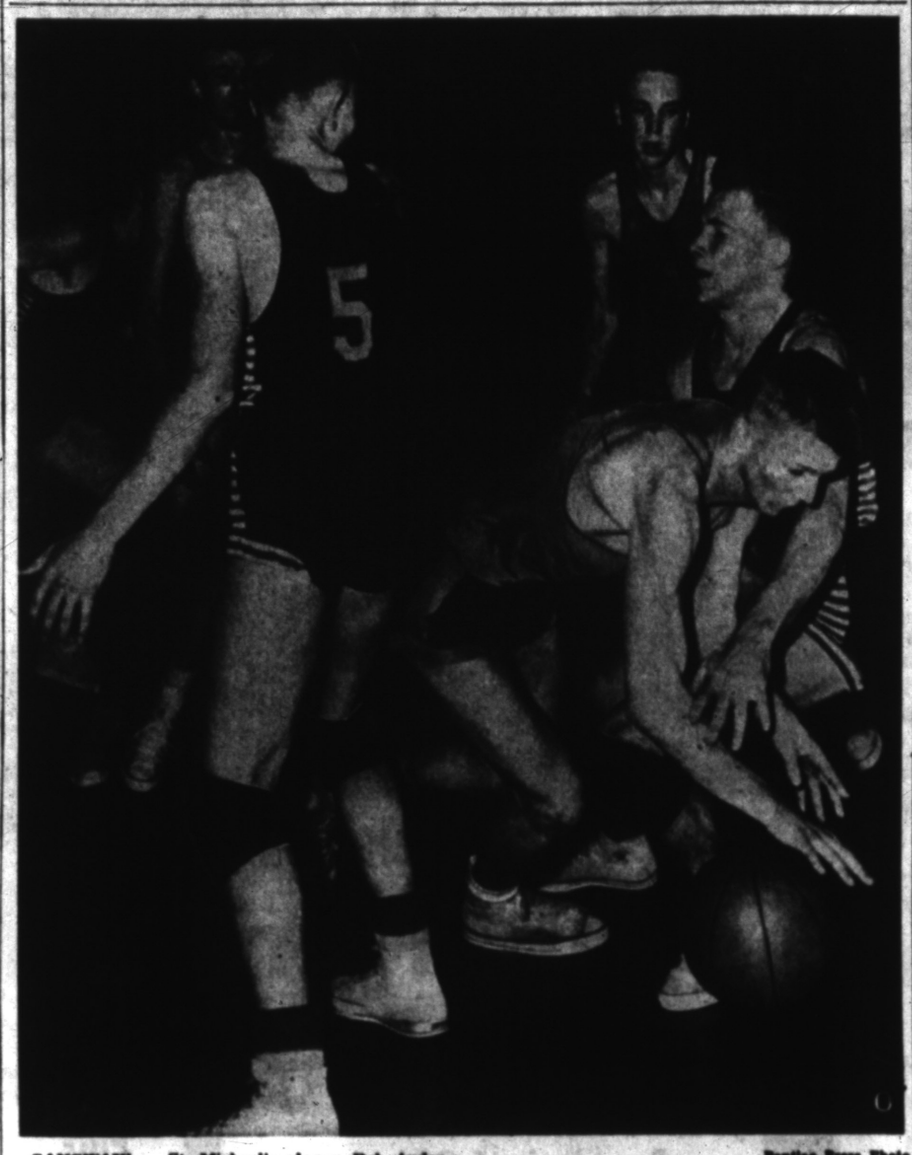

The Suburban Catholic champion missed numerous easy shots early in the game and was not rebounding well. Bob Mineweaser's Shamrocks found the range for 19 points in the 2nd quarter to pull away from a 9-9 tie and take a 28-15 halftime lead.

Armada netted only 9 points in the 2nd half and scored only 7 field goals in the game. Only three Tigers got in the scoring column, but center Bob Landon was high with 13 points.

Forward Joe Wilhelm paced the Shamrocks with 11 points. Regulars Bud Schwartz and Marty Keller spent much of the game on the bench with 3 personals each, but Bill Hall and Dan Dropps filled in capably.

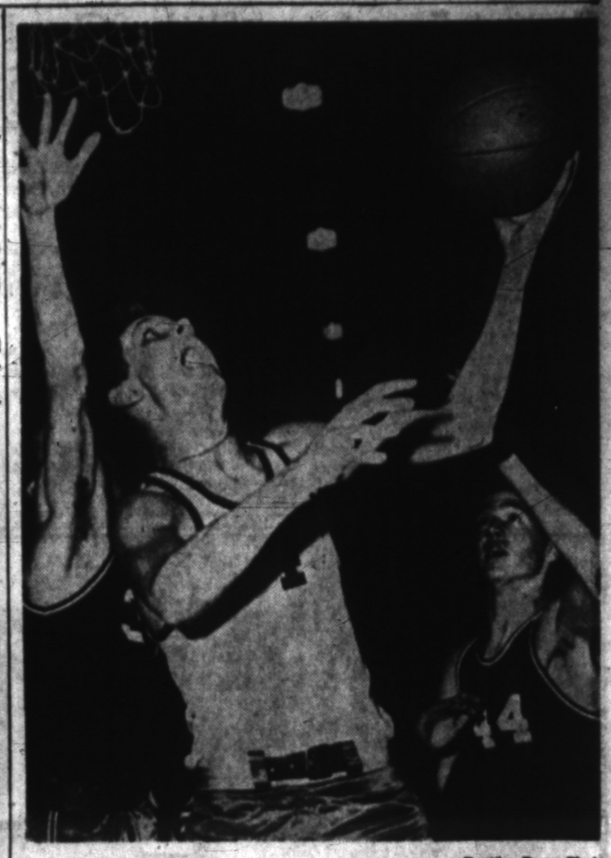

* * *

Dropps and John Keller added 9 points apiece to the North Siders' total.

GANGWAY! — St. Michael's player, Bob Anderson (dribbling ball) breaks through a pair of Armada defenders in the 3rd period of last night's district tourney game in PHS. Looking a bit surprised, (back to camera) No. 5, is Armada's forward, Harold Arft. Shamrocks' Johnny Keller is in the right background. Mikes won 46-24.

Pontiac Press Photo

Pontiac Press Photo

LAYUP TRY FAILS — Despite the miss that followed the try for a layup basket (above) in last night's West Bloomfield-St. Frederick district tourney game at PHS, Rams' Lionel Bradley (with ball) collected 21 points to lead scoring. Keego's Bill Nicholson reaches behind Bradley while Tom McLennan starts a block (at right). Keego won 70-48.

Troy Colts Dump Utica Five in Area's Top District Tilt

Peyton Goodwin's Troy Colts, gaining momentum as the season progresses, climaxed a late-season surge by chilling tourney-wise Utica, 52-38, Wednesday night in the top game on the Oakland County area district basketball tournament schedule.

It was Troy's 10th win in its last 11 games and a crushing finish for the fast-starting Uticans.

Utica, a quarter-finalist three times in the last four years, rolled up 12 straight wins during the regular season. But the Chieftains dropped two of their last three games, before hitting bottom Wednesday night.

Playing before a crowd of over 1,200 in the Troy gym, the Colts pulled away from a 34-34 tie in the final quarter as little Jim Murdock supplied the spark with 10 points.

Jack Acton's basket and two free throws put Troy in the lead, and Murdock ran up eight straight points on two field goals and four consecutive field goals to seal Utica's fate.

Acton pushed in 20 points for the Colts and Murdock contributed 16. Fred Hoscila and Dick Cole had 10 each for the Uticans. Goodwin's well-conceived zone defense bottled up Chieftain sophomore ace Lou Haase.

He was unable to score from the floor in the 1st half and wound up with eight points. In the other Class B bracket at Troy, Fraser tripped Clawson, 56-53, as the Trojans finished a disastrous campaign of 17 straight defeats. In a Class D game, Country Day routed St. Josephat, 67-25.

In another key Class B game at Van Dyke, Shrine pulled away from a 30-27 halftime lead to batter Madison, 76-58. The Knights had too much height for the Eagles as Ron Troy bagged 28 points and Hugh Kirtek added 20. Jerry Stewart's 18 paced Madison.

Van Dyke advanced along with Shrine by dumping St. James, 54-40. Ed Gordon was high with 17 points.

At Brighton, favored South Lyon let no one down in its 71-33 rout of Fowlerville. Lions held a 19-9 1st period margin and were never threatened.

Jim Hock took scoring honors with 30 points. Roger Dye had 12 for the losers.

Pinckney took a 50-25 decision over Hartland, in a game tied at 24 points going into the final period. Hartland fell apart in the last period and was outscored, 26-1. Neal Clark led the victors with 12 markers.

Brooks, Tigers Might Receive Frick Fines

Kaycee Joins Braves in Doghouse for Drills Before March 1

BELLEAIR, Fla. (AP)—The word going around the spring training club houses has it that Brooklyn and Detroit may join Milwaukee and Kansas City as victims of the major league workouts prior to March 1.

* * *

The Athletics felt the bite Wednesday; with Commissioner Ford Frick slapping a $250 fine on the club and a total of $275 in levies against six players. Frick fined Milwaukee $500 and 14 Braves a total of $625, Monday.

Frick, who was against the March 1 rule insisted on by the players, said his investigations were "far from finished" and "I'll continue to enforce the rules."

* * *

It was reported that the commissioner is seeking evidence against Brooklyn and Detroit at present. Both the Dodgers and the Tigers were said to have been photographed in workouts before March 1.

Five A's regulars were fined: Pitchers Arnie Portocarrero and Charlie Bishop, infielders Forest (Spook) Jacobs and Lou Limmer and catcher Wilbur Shantz. They all were tapped for $50.

Rookie pitcher Bill Oster was fined $25 and clubhouse man Yip Crompton was assessed $50.

* * *

The Athletics were subjected to just half the Milwaukee club fine, Frick said, because "Kansas City officials were not present at the workouts, they knew of no workouts and authorized no workouts.

"Furthermore, the Kansas City management had given strict instructions to the clubhouse attendant to see that no such preliminary workous took place. These orders were disregarded."

U. S. Coach Tells Canada Russians Shun Contact

DUESSELDORF, Germany (AP) — Al Yorkewicz, coach of the U. S. national amateur ice hockey team, predicted today Canada will beat Russia 4-1 Sunday to win its 15th world title.

Yourkewicz, now living in Brockton, Mass., knows what he is talking about. His team lost 12-1 to the Canadians and bowed to the Russians 3-0 Wednesday to all but drop out of contenttion for the championship won by Russia last year.

The setback left the United States with a 3-2 record, the same as Sweden and Czechoslovakia. Canada and Russia each has won all five of its games.

The American coach's advice for the Canadians in Sunday's big battle in Krefied is "play strong vigorous hockey and be not afraid of body-checking. The Russians want no part of that rough stuff and you can back them off real easy."

Yourkewicz said this is especially true of Vsevold Bobrov, star Russian forward. He cautioned the Canadian, however, to "stay out of the penalty box and keep all play on the ice."

OCSC Riflemen Take Victory at Windsor

Oakland County Sportsmen's Club's rifle shooters won a match from the Windsor Rifle Club at Windsor, recently, with the OCSC shooters holding a 944-927 advantage on actual score and winning a tight 1008-1000 decision in the handicap division.

The OCSC riflemen were paced by Cash Bond's 191. Elvis Henry had 190 and John Treeful, 189. Bond's 206 was high with handicap. For the Canadians, G. Ouellette had 193 actual and J. Felker posted 204 with handicap.

The other OCSC scores included Howard Collins, 188, and Nancy Newman, 186. Frank Brusha and Milt LaPorte both had 184.

Bradley (7-19) Has Chance

Pickings Slim for Final Spots in Both Post-Season College Basketball Tests

By THE ASSOCIATED PRESS

It might be just as well if the NCAA forgot about naming the two remaining at-large entries for the championship basketball tournament that gets underway next week.

The NCAA, which once had a nice, cozy eight-team playoff, runs a 24-team elimination now which matches 15 automatic entries (mostly conference champions) and nine at-large choices. Trouble is, the crop of still available independents is so poor, they might as well plow it under and hope for a better yield next season.

* * *

Right now, the NCAA must select two at-large teams to play each other in the Western regionals Monday or Tuesday. Oklahoma City U., Drake and Bradley are reported under consideration. Those three have managed to win a combined total of just 25 games all season—including the results of five games played against each other.

* * *

It seems incredible, but Bradley, NCAA runner-up last year, would seem to have the toehold despite a 7-19 record. The Braves, who closed out a 16-game losing streak Monday against Wichita, apparently won the "elimination" in their regular season finale by defeating Drake 90-73 last night.

Oklahoma City has 9-16 record. Drake is 9-12.

In the NIT, just one team is unnamed in the 12-club pairings, and that berth reportedly will be filled by the Missouri Valley Conference runner-up (either St. Louis or Tulsa). The champ goes to the NCAA.

* * *

The problems faced by the tourney selectors show up in a rundown of some of last night's scores: Syracuse 84, Canisius 68; Miami (Ohio) 77, Cincinnati 71; John Caroll 94, Seton Hall 90; Penn 85, Penn State 79; Seattle 73, Idaho State 69.

Every one of the losers is bound for either the NCAA or NIT.

There are a couple of sleepers in that list, however. Some of the games paired two tourney teams, so naturally one had to lose.

Mal, Sowell to Duel

NEW YORK (AP)—An all-U. S. 800-meter duel between Olympic champion Mal Whitfield and 19-year-old Arnie Sowell shapes up as the glamor event of the Pan-American games, March 12-26.

This is one time the mile, or its metric equivalent—the 1,500—will have to play second fiddle in a track meet.

* * *

"It should be a great race," said Dan Ferris, executive secretary of the AAU Thursday. "It's a real tough one to pick and something worth traveling to see. Sowell has come along so fast it's hard to visualize just what he'll be able to do.

"But Whitfield is smart," Ferris added. "He has better generalship, learned in his long running experiences. No, I'm not going to go out on a limb and try and pick a winner. It's just a race I'm eagerly looking forward to.

So is every track bug in the country. Ever since Sowell equalled Don Gehrman's indoor record of 2:08.2 for 1,000 yards in the National AAU championships on Feb. 22, track addicts have been speculating over the outcome Whitfield-Sowell duel.

* * *

Whitfield, at 30, is nearing the end of the trail. He won the 800 meters in the 1948 and 1952 Olympics, was a triple winner (400 and 800 meters and 1,600 meter relay team) in the first Pan-Am Games in Buenos Aires four years ago, and holds the world record of 1:48.6 for 880 yards, the half mile.

Sowell, a lithe, 6-foot, 130-pounder came into prominence for the first time last summer when he captured the NCAA and IC4A 880-yard championships.

* * *

Ferris predicted that 15 other Pan-Am track and field marks would be bettered, most of them by Americans.

Checking over his form charts, he also foresaw 18 possible U. S. victories out of the 21 events chalked up by the 33-man squad. In 1951, our 18-man team won 14 first places, including the 400 and 1,600-meter relays.

He rated Argentina's outstanding duo of Reynaldo Gorno and Delfo Cabrera the class of the marathon field, labelled Argentina's Ricardo Heber as the man to beat in the javelin throw, and defending champion Jaime Aparicio of Colombia an even-up choice with Josh Culbreath of Morgan State in the 400-meter hurdles.

Another Upset for J-A Quintet

Surprising Johnson-Anderson Engineering, a victor only once during the regular season, pulled its 2nd straight upset of the Waterford Recreation cage playoffs Wednesday night by dumping Harry's Recreation, the loop's 2nd place team, 31-27.

Regular season champion Drayton Drug ran over Poole Lumber, 78-44, in the other game. Drug and Johnson-Anderson will meet i na winner's bracket game next Monday at 8:50 p.m. at Crary Junior High, after Harry's and Poole fight for survival at 7:30.

Wally Combs sparked the upsetters with 11 points, including 6 in the final quarter, when J-A came from behind to win.

In the other game, Bob Walters, with 23 points, and Bob Pickett with 15 led Drug to an easy win. Dick Mineweaser had 18 points for Poole and Ducky Oertel added 15.

Coast Golfers Are Favorites

ORMOND BEACH, Fla. (AP)—Pacific Coast golfers have found a happy home away from home in the Women's South Atlantic Amateur Golf Tournament.

Odds are prohibitive that a girl from the Far West will take home the 1955 title, just as has happened for the past three years.

* * *

The three top favorites—Barbara Romack, Pat Lesser and Wiffi Smith—are Pacific Coasters. If they should falter, Gloria (Hole in One) Armstrong of Oakland, Calif., could step up.

Miss Romack, from Sacramento, won the 1952 and 1953 championships and Miss Lesser, from Seattle, captured the crown last year. They seem headed for a semifinal meeting this time. Miss Smith, from La Canada, Calif., is favored to reach the finals in the lower bracket.

College TV Slated for Another Review

KANSAS CITY (AP)—One of the NCAA's biggest headaches — college football television — is coming up for review again.

Walter Byers, executive director of the National Collegiate Athletic Assn., said today the group's television committee would meet in New York City Monday and Tuesday to look over "certain parts" of its proposed program for telecasting games next fall.

Maple Tankers Champs

Birmingham High School's swimmers took 6 first places and rang up 96 points to repeat as tank champions of the Eastern Michigan League. Ferndale was a distant 2nd with 51 points. Hazel Park was 3rd with 50, followed by Mt. Clemens, 20, and Port Huron, 4.

Big 10 Swim Meet Scheduled

COLUMBUS, Ohio (AP)—Some of the slickest water champions in swimming history will compete here as the annual Big Ten swimming meet opens today at Ohio State University.

* * *

The host school seeks its seventh straight conference title. Michigan edged the Buckeyes 47-46 last weekend in a tuneup for this omnibus conference meet.

Buckeye coach Mike Peppe, says one of the closest events will be the 220-yard freestyle.

"You have the only three men in swimming history to break 2:05 competing in the same race," he said.

* * *

Peppe pointed out Jack Wardrop of Michigan, one contender, broke Konno's world record in the event last Saturday. Bill Woolsey, Indiana sophomore, who shaded Konno in a duel meet earlier this year, will also compete.

Multi-Lake Gun Club Surprises Roseville Team

Multi-Lakes Gun Club pulled an upset in inter-club rifle-match circles Tuesday by defeating the league-leading Roseville Gun Club team, 931-930. The Multi-Lakers were winners on handicap basis by a wide margin, 1,049-999.

L. Bush paced the winners with 190. H. West shot 188 and C. Adms, 187. L. Percy's 213 led in handicap.

For Roseville, B. Richardson led with 187. His 203 was the handicap leader. The match was fired at the Multi-Lakes Club.

Richard Nears Scoring Title

Habitant Star Gets Some Helping Points in 3-2 Win

By THE ASSOCIATED PRESS

Maurice (the Rocket) Richard may achieve an ambition this season that has eluded him since he came up to the National Hockey League 12 years ago.

Montreal Canadiens' stalwart, who sets a record every time he scores a goal, never has won a league scoring championship. He has finished 2nd four times, including last season. Detroit's Gordie Howe has won the title four straight years, but he is among the also-rans during the present campaign.

Richard collected three assists last night as the 1st place Montreal Canadiens edged the Toronto Maple Leafs 3-2. Boston Bruins turned back the Rangers 2-1 to mathematically eliminate New York from a playoff position.

Hialeah Ends Meeting; Hasty House Wins 'Cap

MIAMI, Fla. (AP)—Hialeah Park concludes its 40-day race meeting today with the $34,050 Black Helen Handicap for fillies and mares at a mile and an eighth.

Hasty House Farms' Stan surprised Wednesday's crowd of 19,903 in winning the $63,400 mile and a half Hialeah Turf Handicap under top weight of 128 pounds. Expertly handled by jockey Johnny Adams, Stan was last at the end of a mile but closed fast to beat Brookmeade Stables' Capeador by half a length.

The richest trotting race in history was the 1953 Hambletonian for 3-year old trotters. The purse was $117,117.

Jewelers, GMC Gain Spots in Playoff Finals

Shaw Five Is Winner by Forfeit; Coachers Romp Over BC

Opponents for the city championship basketball series in both Class A and B City Leagues were determined Wednesday night.

* * *

Shaw's Jewelers won by forfeit in Class A as Chuck's Shack dropped from the tourney. In Class B, General Motors crushed Boys Club, 95-53.

Shaw's and Clarkston will play a best-of-three series for the title and a berth in the Michigan Recreation Association tournament, while GMC will face Davis Machinery for the Class B crown and a spot in the Inter-City cage test at Highland Park.

Final series begins next Tuesday with GMC and Davis playing at 7 p.m. and Shaw's and Clarkston slated for Jefferson Junior High.

* * *

General Motors roared to a 30-10 first quarter lead Wednesday night and maintained pressure all the way as Bill York flipped in 33 points on 14 baskets and 5 free throws. Ron Woodhull added 21 points for the Coach five.

Dick Goldsworthy paced the losers with 24 points.

* * *

In Class D, Blue Devils edged Bad Cats, 43-37 with Jim Treece hitting 16 points for the winners and Bob Bowers getting the same for the Cats. Irwin - Rosa routed Keego Kiwanis, 64-32, with Jack Schwartz netting 18 and Don Walker, 17 points.

CLASS B				
GENERAL MOTORS	30	16	27	22—95
BOYS CLUB	10	17	11	15—53
CLASS D				
IRWIN-ROSA	7	14	23	20—64
KEEGO KIWANIS	9	6	9	18—32
BAD CATS	6	10	8	11—37
BLUE DEVILS	7	13	10	13—43

Hamilton Cubs Player Gets Trial With Wings

HAMILTON, Ontario (AP) — Larry Hillman, defenseman for the Hamilton Tiger-Cubs, today joins the Detroit Red Wings for a 3-game trial in the National Hockey League.

* * *

Hillman, 18-year-old member of the Red Wing farm outfit in Hamilton, will work out with the Wings until the regular NHL schedule ends March 20. He has played three years in the Junior A series. He was awarded the Jack Adams Trophy last week as the Cubs' best defenseman.

'Unknown' Cuban Scores Knockout Over LaStarza

MIAMI, Fla. (AP)—Julio Mederos, an unheralded Cuban Negro who had flunked his two previous tests against American "name" fighters, moved strongly into the heavyweight picture today after a smashing knockout victory over Roland LaStarza.

The powerful Mederos gave LaStarza, once a top-ranking title contender, the worst beating of his career before knocking the New Yorker unconscious with a booming right to the jaw in the fifth round of a scheduled 10-rounder Wednesday night at Miami Stadium.

* * *

It was a sensational victory for Mederos, a 4-1 underdog who had been outpointed by Bob Satterfield of Chicago and Harold Johnson of Philadelphia in his only two earlier fights with well-known opponents. Otherwise, he has campaigned mostly in Cuba.

Jimmy White, Miami matchmaker, said there was a possibility that Mederos will be rewarded for his victory with an April fight in Cincinnati against Ezzard Charles.

Mederos dropped LaStarza to his knees with a right to the jaw as the bell sounded ending the first round. Another thudding right to the head dumped LaStarza on the seat of his pants at the start of the third.

State Amateur Title Goal for Coach Nine During '55

With the first call for candidates issued today, General Motors Coach Baseball Club has set its 1955 goal at the very top. According to new manager Paul Parks, Coach is shooting for nothing less than the state amateur title.

"That's what we're going after this year," Parks declared today. "Our first meeting of those wishing to try out for the club has been set for Monday at 7-8 p.m. in the VFW hall at 398 S. Saginaw St.

"All boys wishing to try for this Class A team are invited to report then. This will be a get-together to talk over general plans for the year, including a big schedule of games."

The GMC pilot indicated that Coach would join some traveling league, expanding its activities by many games.

First inside workouts are set for Monday, March 21, at 7 p.m. in Eastern Junior High School, and March 25 at Washington.

Parks said that Herman Bishop, pitcher, would also serve as a coach along with Russ Wright, Jess Quick and Lee Swindell. George Pappas is business manager.

Football Coach Bobby Dodd has been at George Tech since 1931 when he was backfield coach under Bill Alexander.

Demaret Among Ten U.S. Stars in Mexico

MEXICO CITY (AP)—Ten U.S. golfers are included in the pairings for the $5,000 National Mexican Open Golf Tournament which gets under way Thursday at the rolling hill course of Chapultepec Golf Club.

The U.S. players competing in the field of 93 amateurs and pros are: Jimmy Demaret, Kiamesha Lake, N.Y., Tony Holguin, Midlothian, Ill., Billy Capps, St.Louis, Mo., Stan Dudas, Shawnee-on-the-Delaware, Pa., Joe Zakarian, Modesto, Calif., Mario Renteria and Fred Kreyer, both of Wichita, Kan., Ernie Vossler, Houston, Tex., Al Escalante, Brownsville, Tex. and Don Copeland, Athens, Ala.

Chiefs Aim for Win in Home, SVC Finale

Too Much Sun Puts Damper on Red Wilson

LAKELAND, Fla. (AP)—The Florida sun is a welcome sight to ball players, but it also can be a tough hombre, too.

The searing sun became too much for catcher Red Wilson of the Detroit Tigers in yesterday's workout, putting him on the shaky list for a few hours.

Meanwhile, 42 others went through their paces. One player is missing from camp—catcher Tom Yewcic, who has been given permission to take examinations at Michigan State College before heading south.

Packer Best on Returns

PHILADELPHIA (AP) — Veryl Switzer, rookie halfback of the Green Bay Packers returned 24 punts for 306 yards, an average of 12.8 yards per try, to win the 1954 National Football League punt return championship.

Hills, Friday Foe, Only Valley Five to Elude Pontiac

PHS Boss, Van Ryzin Believes His Club Can Upset 'Jacks

Pontiac High School basketball coach Art Van Ryzin is a confirmed optimist. And after last week's resounding victory over Bay City maybe he's right about it all. Art was sure the Chiefs could "knock off" the Wolves for the 2nd time. They did. Today Van Ryzin is just about as certain that the West Huron outfit can dump Valley champs Arthur Hill.

"We've licked everybody else in the Valley," Art pointed out. "There's no reason why we can't take Arthur Hill here on our own floor. That's our objective for Friday night—to win this final home game. A victory over the Lumberjacks would be a real feather in our cap."

Friday's game will wind up the Chiefs' league and home schedules. Up to the present Pontiac has accumulated an overall record of 8 wins against 6 defeats (5-4 for the Valley Conference).

Pontiac is in the best condition, physically, of the entire season, Van Ryzin says, and he thinks the club as a whole has improved greatly since the first game with the 'Jacks, which the upstaters won, 46-31.

"That 1st game wasn't a very good performance by Pontiac," the PHS coach recalled. "We were off form, missed a lot of shots by close margins. We had a lot more shots than the Hills, but just couldn't connect on enough of them."

Pontiac's starters Friday will include senior guards Walt Poe and Bob Johnstone, and center Dick Blacklaw, for whom the game will be their last regular appearance. Reserve center Charles Johnson also will make his final bow before home folks. Rod Treals and Walt King, juniors, will be the guards. John James will spell Blacklaw.

Chiefs will face Bill Feldt, one of AH's top scorers, and Bill McMahon, forwards, center James Alexander and guards Gary Lee and Tom Jones. Lee is highly rated as a All-Valley prospect. He's the club's top playmaker, a fine defensive player who "does everything." Jones is a good outcourt shot.

Teams are about evenly matched as to height with Blacklaw holding a slight edge over Alexander, AH's tallest player.

A reserve game is set for 6:30 p.m. with the varsity encounter at 8 o'clock. Officials will be Dick Evans and Jim Masser of Flint.

Souchak Picked in $12,500 Baton Rouge Tournament

BATON ROUGE, La. (AP)—Mighty Mike Souchak, sharpest shooter on professional golf's winter tour, was a strong favorite today as a field of 143 teed off in the opening round of the $12,500 Baton Rouge Open.

The hefty, one-time Duke University football star from Durham, N.C., winner of the recent Texas and Houston Opens, played in this tournament last year, but finished well down the line and just squeezed into the money winners' list. Souchak's 287 won him $42 last year.

But it will be a different Souchak shooting for the $2,500 first place money. Souchak's game is the talk of the tour and his steady, improved shooting has paid off in rich dividends.

Souchak was not required to shoot in Wednesday's qualifying round, but he said he carded "about a 70" in a practice round.

Leo Biagetti of Sandusky, Ohio, just missed the Baton Rouge Country Club record by qualifying with an eight-under-par 64. The record for the picturesque, tree-lined 6,450-yard course is 63.

Pontiac Boys Club in Junior Tourney

Boys' Club Mighty Mites, ages 11 to 13, will travel to Highland Park Boys' Club Friday to open the first annual Boys' Clubs of Michigan and Ohio Junior Basketball Tournament.

Pontiac is seeded No. 1 in the tournament due to their undefeated slate against Boys' Club competition.

Other teams entered are Toledo, Dearborn, Highland Park and the four branch clubs of Detroit.

Pontiac will face Quincy Branch of Detroit in the opening round Friday night at 7:00.

Starting lineup for Pontiac will be Eddie Chamberlain and Dave McClintock at forwards, Mike Read and Don Smith at guards, and high scoring Jerry Williams at center.

Reach Cage Semifinals

ST. JOSEPH, Mo. (AP)—Defending champion Wayland College of Plainview, Tex., and second seeded St. Joseph (Mo.) Goetz lead the way into the semifinals of the Women's National AAU Basketball tournament tonight.

Two-Day Match for Marksmen

OCSC Host on Weekend to Riflemen From Four Midwest States

National Rifle Assn's. midwest sectional smallbore match will be held this weekend at Oakland County Sportsmen's range, Waterford.

OCSC officials expect between 75 and 100 expert marksmen will take part. They will come from Michigan, Illinois, Indiana and Ohio. Host club will have a team of about 25 in the event. Winning scores here will be checked against similar sectionals in other parts of the nation.

This is the 2nd year the event has been held at OCSC. Last year the field included 60 shooters.

Four positions will be shot: offhand, prone, kneeling and sitting. Shooters will fire 20 shots from each position.

Bob Gubbins of Birmingham (OCSC), vice president of the Michigan Rifle and Pistol Assn., is in charge.

Jewelers' Softball Team Schedules 1st Workout

Spring can't be too far around the corner.

Manager Clint Plympton of Shaw's Jewelers' softball team has called the team's first practice session for Friday night at 7 p.m. at the Bagley School gym. Conditioning will be the principal activity.

Any player desiring a tryout is invited and is asked to take gym shoes and ball glove. The Jewelers will work out each Friday night.

Harris Puts Fain on His Own Training Schedule

LAKELAND, Fla. (AP) — In his 27 years as a major league manager, Bucky Harris has learned to make several on-the-spot decisions.

In his 1st two days with the Detroit Tigers, Harris has had to make several on-the-spot decisoons some obvious, some not.

Harris made his most significan decision yesterday. He gave a free training hand to Ferris Fain, the limping 1st baseman. Harris told Fain to make his own training schedule, to work as hard or as easy as he sees fit.

This is unusual in the major leagues. Joe DiMaggio, the great Yankee star, used to set his own training pace. Ted Williams, too.

"It's a thing I would hesitate to tell a lot of players," Harris said. "with Fain, however, it's different. He will know better than anyone else when his knee is better."

Fain participated in batting and fielding drills as the Tigers went through their 2nd day of training under the searing Florida sun. Fain still seemed to be favoring his knee, injured last season and twice reinjured during the winter.

"He will be on his own for the next two or three weeks," Harris said. "When he's tired, he can quit. The main thing is to strengthen his knee. We know what he can do when he's in good physical shape."

Jack Homel, Tigers' trainer, also gave Fain a set of exercises aimed at bolstering the weak muscles in the ailing knee.

While all this was going on, Harris made a more obvious decision. He promoted Wayne Belardi from the 2nd squad to the so-called "varsity."

Belardi says he's determined to beat out Fain for the 1st base job. Well, this is his chance. Maybe Fain's injury is a blow to the Tigers, but it could be the opening Belardi needs to become a full fledged major leaguer. All he needs, he says, is a chance to play regularly.

Harris also told Jack Phillips to start working out at 1st base. Phillips played 3rd base for Hollywood in the Pacific Coast League last season. He hit an even .300.

Another Harris decision was that, for the 1st time in many years, the Tigers will not play intra-squad games in advance of the regular spring training games.

"We have only a week now to get ready for major league competition," Harris explained. "There's no use to give up daily hitting drills and pitching practice for games which mean nothing."

Tigers play their 1st exhibition game a week from today against the Philadelphia Phillies in Clearwater.

Redskins Get Louderback

WASHINGTON (AP) — The Washington Redskins Thursday signed Tom Louderback, a 220-pound guard from San Jose State who was the club's 10th choice in the college draft last January.

Marks in Peril as Big 10 Track Stars Convene

Indoor Championships Set for Weekend Meet at MSC

EAST LANSING (AP)—The track will be fast and the field a fine one for the 45th annual indoor Big Ten track and field championships March 4 and 5 at Michigan State College.

"We've already had several fieldhouse records set this winter," said MSC track coach and meet Director Karl Schlademan. "The course has never been faster."

In the team race, Michigan, with its great depth, is expected to upset defending champion Illinois. Iowa rates as a dark horse and probable 3rd and Indiana and Michigan State are expected to trail the leaders.

Schlademan, veteran track handicapper, predicts that records of some kind could be set in nine of the 15 events—either fieldhouse, Big Ten or American.

Here are some of his picks:

Best bet—Kevan Gosper of Michigan State to shatter the conference record of 1:11.4 in the 600-yard run. Gosper set a fieldhouse mark of 1:10.8 earlier this season against slow competttion.

Daily double—Iowa's Les Stevens in the 70-yard low and high hurdles. Stevens had done :07.9 in the lows this winter and :08.5 in the highs, both times just a 10th of a second above conference records.

Best field—the 300-yard dash where the conference record of :31.5 could be broken by as much as a second. The class includes Ralph Fessenden of Illinois, John Vallortigara of Michigan, Meade Burnett of Ohio State, Burie Carmichael of Minnesota, Ed Brabham of Michigan State and Tom Ecker of Iowa.

Possible surprise—the mile run where the conference record is 4:09.4. John Moule of Michigan has a 4:09.9 mile already this winter and will have Rich Ferguson of Iowa and Jim Lambert of Indiana to press him.

Preliminaries start Friday night at 7 p.m. and the finals will be run off starting at 1 p.m. Saturday.

MONKEY BUSINESS—"They can't make a bum out of me," says Charlie the Chimp, as he gets ready for a practice session with the Brooklyn Dodgers. The Dodgers are in Vero Beach ready for spring training and Charlie's a mascot they picked up at nearby McKees Jungle Gardens.

Reds' Potent Punch

TAMPA, Fla. (AP) — Husky Bob Thurman added power today to the already potent Cincinnati Redleg batting strength.

Thurman, 205-pound outfielder, slugged three balls out of the park Tuesday in one turn in the cage. Jim Greengrass, Andy Seminick, Dutch Dotterer, Dick Murphy and Wally Post also blasted a couple out of plant field.

Preakness Bids Establish Mark

152 Horses Nominated; Includes Nashua, Doge, Summer Tan, Saratoga

BALTIMORE (AP) — Pimlico announced Wednesday 152 3-year-olds, more than ever before, have been nominated for the 79th Preakness on May 28.

Among them are all the standouts of last year's juvenile campaigning and the big racing events early this year.

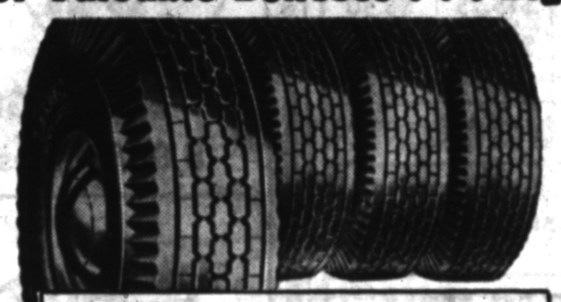

That includes Belair Stud's Nashua, champion 2-year-old in 1953 and winner of last Saturday's Flamingo Stakes at Hialeah; Summer Tan, Nashua's chief rival last year; Mrs. Marion du Pont Scott's Saratoga, second to Nashua in the Flamingo, and Boston Doge, winner of eight straight before he passed up last Saturday's big event at Hialeah because of a cough.

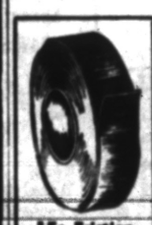

The St. Louis Browns of 1953 were either slow or conservative. They stole only 17 bases in 154 games.

Many 1st Line Players Nursing Ailments

By THE ASSOCIATED PRESS

Baseball's spring training season has been under way only three days but already bad news, both physical and monetary, has started to seep out of the camps.

The phsical bad news, for the most part, concerns players who were nursing ailments when the 1954 campaign closed. From a monetary angle the Kansas City Athletics absorbed the latest financial pains as punishment for disobeying baseball's law forbidding any form of organized practice before March 1.

• • •

Physically such well-regarded players as the Phillies' Curt Simmons, the Cardinals' Tom Alston, the White Sox's Cass Michaels, the Athletics' Wilbur Shantz, the Tigers' Ferris Fain and the Dodgers' Don Hoak caused their bosses concern. And the New York Yankees received the bad news that second baseman Billy Martin will not be available this year since he isn't slated to get out of the Army until Oct. 6. Originally, the Yanks had hoped to have Billy the Kid in uniform by early July.

• • •

Simmons reported his pitching arm, troublesome last year, is still bothering him.

Michaels was forced from yesterday's workouts at Tampa with an attack of dizziness. The veteran infielder suffered a skull fracture last August when he was struck by a pitched ball. He was advised to rest a few days.

Shantz, considered to have a chance to become the transplanted A's first-string catcher, complained of periodic pains in his side yesterday and was sent to Johns Hopkins in Baltimore.

• • •

The Cardinals are awaiting a physician's report on Alston, the club's $100,000 first baseman who was a disappointment last season. An examination was scheduled to determine if he has overcome a thyroid deficiency.

• • •

Hoak, Brooklyn third baseman, lost a nail on his right toe when he was hit by a batted ball during yesterday's workout at St.Petersburg and will be out a couple of days.

• • •

Commissioner Ford Frick fined the Athletics $250 for violating the opening date rule and slapped penalties of $50 each on five regulars—Arnie Portocarrero, Charlie Bishop, Forest Jacobs, Louis Limmer and Wilbur Shantz.

The commissioner said he fined the Athletics less than the Braves because "Kansas City officials were not present at the workouts, they knew of no workouts and authorized no workouts."

Hemric Sets New College Career Cage Scoring Mark

NEW YORK (AP)—Records are made to be broken and this seems to hold true as far as major-college basketball career scoring marks are concerned.

Dick Hemric of Wake Forest has set an all-time high for point-production and will leave an even steeper goal for other collegians to shoot at when he finishes the season's tournament play.

• • •

Statistics released by the NCAA Service Bureau Thursday revealed that Hemric has accumulated 2,539 points in four years of competition. Figures include games through last Saturday.

Hemric collected 29 points against Clemson last week to eclipse by one the 2,538 points amassed by Furman's Frank Selvy during his fabulous three-year assault on the collegiate record books.

• • •

Darrell Floyd of Furman virtually clinched the 1955 individual scoring title last week when he found the range for 90 points in his last two regular season games. He is averaging 36.5 points per game, having scored 877 points in 24 games.

• • •

Buzz Wilkinson of Virginia is runner-up with a 31.8 average, while Robin Freeman of Ohio State is third at 31.8. Both Floyd and Wilkinson have tournament activity ahead.

Gola Headlines AP All-America

Freeman and Russell, Ricketts, Floyd Also Are Named

NEW YORK (AP)—Led by famed Tom Gola, the first to make the team for three consecutive years, players from LaSalle, Ohio State, San Francisco, Duquesne and Furman were named today to the 1955 Associated Press All-America basketball team.

The 6-7 Gola, who led LaSalle to the NCAA title a year ago, dominated the voting from 323 sportswriters and broadcasters. Regarded as the best current performer in the college game, the Philadelphia star polled 1,488 points on 294 first place votes and 9 seconds.

Robin Freeman, the pint-sized 5-11 Ohio State star, was second in the voting with 955. Big Bill (The Stuffer) Russell, from San Francisco's No. 1 ranked team, followed with 748. Next came Duquesne's Dick Ricketts with 725 and Furman's Darrell Floyd who stepped into the shoes of Frank Selvy and was tops among the major college scorers.

Reports From Training Camps

TUCSON, Ariz. — Al Lopez, manager of the Cleveland Indians, predicts that Ralph Kiner will hit 40 home runs this season.

Pointing out that Kiner hit 22 homers and batted in 73 runs as a member of the Chicago Cubs last season, Lopez said, "that wouldn't be good enough to make this squad."

• • •

MIAMI BEACH—Cal Abrams has signed his 1955 contract with the Baltimore Orioles and the outfielder said he "got what I wanted" after a short talk with manager Paul Richards. Pitcher Lou Kretlow is the only team member who has not yet agreed to terms.

• • •

ST. PETERSBURG—New York Yankee manager Casey Stengel says the only position open on the team is that of shortstop. Otherwise, he contends, he already has decided on his lineup for the forthcoming season.

• • •

LAKELAND — sore-kneed 1st baseman Ferris Fain was ordered to take it easy in spring training by Detroit Tiger manager Bucky Harris. Fain has limped through early drills.

• • •

WEST PALM BEACH—Wilmer Shantz, brother of hurler Bobby Shantz of the Kansas City Athletics, may be out of spring training for three weeks. He may undergo surgery for removal of a growth between two of his ribs.

• • •

TAMPA, Fla. (INS) — Frank Lane, general manager of the Chicago White Sox, has denied a report that he has offered to trade five players for Eddie Yost, 3rd baseman of the Washington Senators.

Calvin Griffith, executive vice president to the Senators, said at Orlando, Fla., yesterday that he would consider an offer for Yost but not the players offered by Lane.

It was reported that the Sox would get Yost in exchange for shortstop Jim Brideweser, third baseman Rocky Kirrene, catcher Clint Courtney, pitcher Bob Chakales and 1st baseman Jim Marshall.

Rolls in Top 10

CHICAGO (AP) — Robert Connor, Ann Arbor, Mich., holds down the No. 10 spot today in the 45th bowling classic.

Connor with a score of 1,510, is just one pin behind Art Lewandowski, of Buffalo, N.Y.

Pete Rice, Mishawaka, Ind., is the leader in the tourney with a score of 1,601.

Bennett on Ring Board

CHICAGO (AP) — Roscoe Bennett, sports editor of the Grand Rapids Press, was renamed to the board of the Golden Gloves Writers Association of America in elections held yesterday.

Chet Nelson, sports editor of the Rocky Mountain News, Denver, Colo., was elected president.

GMC Given Safety Award

Company's Outstanding Performance Last Year Earns 10th Honor

CHICAGO—The National Safety Council announced today that General Motors had earned its 10th award of honor in recognition of the company's outstanding safety performance in 1954.

Of General Motors' more than 470,000 hourly-rate and salaried employes in the United States, 99.68 per cent lost no working time during 1954 as the result of an occupational illness or on-job accident, the council said.

The company-wide accident frequency rate (number of disabling injuries per million man-hours worked) in 1954 was 1.53, an improvement of seven per cent over 1953. The 1954 severity rate (number of days lost per thousand hours worked) was .28, an improvement of 20 per cent over 1953.

GM's frequency rate was 74.5 per cent below the previous three-year average for the rest of the auto industry, and the severity rate was 40.5 per cent better. The safety statistics were computed under regulations established by the American Standards Association.

Much of the cork used in the U. S. comes from California.

State Hospital Bids Announced

Two City Firms Among List of Low Figures for Projects

Pontiac State Hospital officials learned today that the State Building Dept. in Lansing has announced low bidders on two projects at the institution.

They noted, however, that opening of the bids and announcement of the low bidders is but the first step toward awarding the construction contracts.

The projects are a new laundry building to replace the present one, constructed in 1898, and a new stone veneer floor for a patients' building.

Bids for the laundry building; General construction, Schurrer Construction Co., Pontiac, $148,632; mechanical, Eames & Brown, Inc., Pontiac, $145,150; electrical, C. & L. Electric Co., Detroit, $20,609; elevators, Ledermann Elevator Co., Detroit, $5,053.

The bid for resurfacing the floor in the 130-patient Sawyer Building: L. Maraldi, C. Detr oling: t. ing: L. Maraldi, Co., Detroit, $17,790.

More trucks in the U. S. are used for the distribution of milk—from farms to processors and to consumers—than for any other single commodity.

Pair Pleads Guilty to Robbery Unarmed

Two men, who previously had denied being guilty of a more severe robbery armed count, pleaded guilty to robbery unarmed yesterday in Oakland County Circuit Court.

Lester Daffron Jr., 30, of 130 Park St. and John Shields, 31, of 191 Rapid St. will be sentenced March 14 by Judge George B. Hartrick.

They admitted taking $30 last Sept. 11 from James Rumph, of 4375 Green Lake Rd. The charge was reduced because of difficulties foreseen in proving the men were armed, said Assistant Prosecutor H. George Gerue.

Ground Observer Corps Sets Meet for Monday Night

Representatives of area civic and patriotic organizations have been invited by the Oakland County Civil Defense office to attend a Ground Observer Corps program Monday night.

Air Force S. Sgt. Nicholas Chizewsky and others will explain the workings of the GOC and civil defense in general, according to Lewis C. Jarrendt, county CD director.

The meeting, set for 7:30 p. m., will be held at the CAI Building on Williams Lake Road in Waterford Township.

Schedule Second Meeting on Rochester Incorporation

Debate Slated for March 16

Plan Open Discussion of Controversial Topic in High School Gym

ROCHESTER — A second-round public discussion of the proposed incorporation of Rochester and annexation of portions of Avon Township has been scheduled by Village Manager Robert Slone.

Slone announced today that he has secured the use of the high school gym for an 8 p.m. Wednesday open meeting on the controversial topic.

Several hundred residents of the village and township turned out to debate the topic Feb. 10 at a meeting held in the high school cafeteria.

As proposed in a report issued by the village council after more than a year of study and survey, the village should incorporate as a city, and annex portions of Avon Township.

This maneuver was seen by council members as the best solution of the "fringe area" problems confronting the village. Included in such problems are water and sewage service, and garbage collection.

In the area considered for annexation would be two large industries, The National Twist Drill Co. and the Detroit Broach Co., both currently bolstering the township tax rolls.

As presented, the incorporation and annexation would increase Rochester's area from 1.6 square miles to 5.8, and double the tax valuation from $5,000,000 to $10,000,000.

Township officials have spoken out strongly against the plan, and township residents registered their disapproval of the idea at the Feb. 10 open meeting.

Rochester Band Set for Concert Tonight

ROCHESTER — The Varsity Band of the Rochester Community Schools will present a concert of popular and classical music at 8 p.m. tonight in the Rochester High School auditorium. Ward T. Reid will be conducting the band, with Ed Batchelor as student conductor.

The music of Dvorak and Mozart will be interspersed with contrasting numbers such as a band adaption of Monti's spirited gypsy songs and a rhythm selection playing a Latin-American samba, Gershwin, Anderson, Butchel and Brahe compositions also will be featured.

Seven baton twirlers and a drum major will have their place in the program.

MR. AND MRS. DONALD HAYS

Alice Morrow Becomes Bride of Donald F. Hays

MILFORD — Before an altar decorated with white carnations and snapdragons, Alice Marie Morrow and Donald F. Hays spoke their nuptial vows in an afternoon ceremony Saturday at Milford Presbyterian Church.

Alice is the daughter of Mr. and Mrs. Edison R. Morrow of 525 Bune Rd. Donald is the son of Mrs. H. F. Hays of Portland, Ore.

The bride was dressed in a gown of Chantilly lace and net over satin. A cap of seed pearls held her fingertip veil and she carried a bouquet of gardenias and white rosebuds.

The bride's sister, Joyce Morrow, was maid of honor, and her nieces, Sylvia and Constance Miller of Lake Bluff, Ill., served as bridesmaids.

Best man was Robert J. Whitney of Detroit, and ushers were James Morrow, brother of the bride, and Robert Lenz, of Detroit. Paul Anderson of Detroit was guest soloist.

Following the ceremony, a reception for 150 people was held in the church parlors.

After a short honeymoon in northern Michigan, the bride will live with her parents until her husband is discharged from the Army.

Lapeer Scheduled by GOP Nominees

LAPEER—Lapeer is one of nine areas in the state slated for a visit by Republican nominees for the April 4 biennial state election, campaign director John B. Martin has disclosed.

"Keep Our Schools and Courts Free" will be the theme of the campaign when the speakers appear in Lapeer March 17.

Other areas on the tour are Marquette, Escanaba, Traverse City, Bay City, Grand Rapids, Jackson, Kalamazoo and Detroit.

"We intend to carry home to the people everywhere the necessity of voting for freedom of education and the independence of our courts," said Martin, former state Senator and auditor general.

Stiles Gardeners to Attend Course at Brooklands

STILES — Seven members of the Stiles branch of the Women's National Farm and Garden Association will be among those attending a course in "Flower Arrangement" next week.

The course, which is being offered by the Brooklands branch of the WNF&GA, will begin Wednesday and run for four weeks. Mrs. Mason Case of Rochester will be the instructor.

Members of the Stiles branch also are planning to attend a meeting Wednesday at the Rochester Library, sponsored by the Rochester group. Mrs. Alice Wessels Burlingame will speak on "Be Your Own Garden Specialist," at the meeting.

Williams Lake PTA to See Health Film

WILLIAMS LAKE — A health film, "It's a Big Problem," will be shown when the PTA meets at Williams Lake School tonight. Thomas Mathan from Pontiac State Hospital will be discussion leader.

Teachers will be in their classrooms from 7:30 to 8 p.m. to confer with parents.

The Rev. Wright VanPlew of Waterford Community Church will open the meeting with the invocation. Bruce Hetherington, chairman of the nominating committee, will present the slate of officers for the election which will follow.

The social hour which will conclude the meeting will be in charge of the third grade mothers.

Margaret Back in London Today

Royal Family Greets Princess at Airport on Return From Tour

LONDON (INS)—Britain's glamorous good-will ambassador, Princess Margaret, arrived home in London today.

Behind her was an outstandingly successful month-long tour of British dependencies in the Caribbean.

The 24-year-old princess' plane set down at London Airport at 10:35 a.m. (5:35 a.m. EST) after a transatlantic flight from Bermuda.

The arrival of the big British Overseas Airways stratocruiser Canopus was witnessed by the royal family, a hundred reporters and photographers and hundreds of persons packed into the public enclosures.

They all gave the princess a tremendous welcome.

The Queen, her husband Prince Philip, their children, Prince Charles and Princess Anne and the Queen Mother boarded the plane to greet Margaret privately before she got off.

The royal family undoubtedly concratulated their young "Ambassador" on her triumphant tour. Margaret's success may lead to further missions of that nature, possibly to the U. S.

Because of low visibility the Canopus was "talked down" by means of radar. But when the princess emerged from the plane, the sun shone brilliantly.

Margaret and her family stepped into an automobile to the accompaniment of cheers which followed her all along the route to Clarence House, where she lives with her mother.

Youth Apprehended After Two Breakins

Two boys, 14 and 13, who later admitted two breakins, were apprehended in an auto yesterday about a half hour after a merchant called police and said one of the youths attempted to get a large amount of change cashed in for dollar bills.

Capt. Clark M. Wheaton, chief of detectives, attributed the fast arrest by police to a recent warning he issued in the Press to local merchants.

The boys admitted taking $47 from a filling station at 1324 Baldwin Ave. and razors from a barbershop at 927 Joslyn Ave. the night before.

They are held in the Oakland County Children's Home, pending action by juvenile authorities.

Share in Savings Plan

Employees of the Kroger Co. now have a total of more than $14,749,840 to their credit under the Kroger Employees' Savings and Profit Sharing Plan, C. Olaf Talla, Detroit branch manager for the retail food firm, announced today. The plan was begun in July, 1951.

Under the plan, a part of company profits is credited to the accounts of employees in proportion to the amount each has saved during the year.

PAT GRAVES

Mr. and Mrs. William H. Graves of Keego Harbor have disclosed the engagement of their daughter Pat, to Curtis Pearsall. He is the son of Mr. and Mrs. Sheldon Pearsall, also of Keego Harbor. No date has been set for the wedding.

Detroiters Plan 22 Million Hotel

1,000-Room Structure Inspired by City's New Convention Hall

DETROIT (INS) — A Detroit newspaper disclosed today that a new $22,000,000 hotel in downtown Detroit is being planned by a group of wealthy local businessmen.

According to the report the group contemplates construction of a 1,000-room hotel, approximately 15 stories high. Site for the hotel, which would require 2½ years to build, was not disclosed.

It was hoped the hotel completion date would coincide with the 1958 opening of the city's new $28,000,000 Convention Hall and Exhibits Building.

A reliable source said the backers of the proposed new hotel are convinced Detroit will lack sufficient hotel room space once the Convention Hall building is in operation.

No new privately financed buildings have been erected in the heart of Detroit since the depression. However, Mayor Cobo has predicted private capital will spend $100,000,000 in the development of downtown within the next 10 years.

City Controller John H. Witherspoon, known as a keen analyst of Detroit development, greeted news of a new hotel with the comment:

"We've always assumed the Convention Hall and Exhibits Building would create additional demand for one or more hotels. We expect it to bring a tremendous number of visitors to Detroit."

The new Convention Hall is slated for completion in the fall of 1958, but probably will not be in full operation until early 1959.

Teachers Seek Increase in Pay

Ask Boost in Minimum Salaries to $3,800 and $4,000 in Walled Lake

WALLED LAKE—Teacher members of the Michigan Education Assn. have taken a firm stand for a $200 minimum pay increase for next year.

The present minimum is $3,600 for teachers with either a bachelor or master's degree, and the maximum is $4,800 or $5,200, depending on the degree held.

Under the new schedule proposed by the teachers, the minimum would be increased to $3,800, for bachelor degrees, and $4,000 for masters with maximums of $5,300 and $5,800.

Maximums would be reached through annual increments of $150 after 10 and 12 years of service.

The teacher's salary committee was instructed to inform the school board that the members would not be interested in any schedule which granted less, and that the announced figures were the minimum which MEA members cared to accept.

Two other plans, both with a minimum of $3,800 were considered by the teachers before deciding on the plan.

Other recommendations concerning substitute pay, sick leave, and vacations, and paydays will be presented to the board of education at its March 21 meeting.

School Bands, Chorus Slate Concert at Almont

ALMONT—The Almont Community Schools will present a chorus and band concert Monday evening in the high school auditorium.

The girls glee club, junior and senior high school bands and the brass quartet will be featured in the program, conducted by Melvin West, school music director.

Seven City Enlistees

Of the 32 men enlisting last month at the U. S. Navy Recruiting Sub-Station, Chief Alan D. Simonson said today that 25 are from Oakland County, seven from Pontiac. County men are:

Merton D. Allyn Jr. Utica.
Wilber G. Bilkovsky, Holly
Robert L. Clute, Howell.
Guy Otto Crites, 49 N. Hilldale Dr.
James L. Davidson, 1047 Stanley.
Eugene J. Fulton, Utica
James V. Franklyn, Roseville
Robert R. Gates, Drayton Plains
Roger J. Goers, Farmington
Bruce W. Gross, Birmingham
David C. Grover, 4044 Woodstock
Robert H. Heikkinen, Oak Park.
Robert W. Hannah Jr., Berkley.
Gerald R. Noe, Holly
Joseph F. Rochi, 827 Blaine
Larry G. Rogers, Berkley.
Richard D. Roberts, Davisburg.
Norman J. Rice, Lapeer
Robert P. Stone, Holly
Charles R. Speare, 3817 Auburn Rd.
Emory B. Shook, Clarkston
Ronald O. Tarket, 84 N. Astor.
Phillip G. Veles, Royal Oak
Gurney R. Winters, 2370 Auburn
Elden K. Wood Jr., Berkley.

Church Group to Meet

FOUR TOWNS — A meeting of OUR TOWNS — A meeting of the building fund committee of Four Towns Methodist Church will be held tonight at the home of C. D. Cornell, 6771 Scotch Lake Rd.

Forest areas in the United States total 622 million acres.

BARBARA ANN KUHN

The engagement of their daughter Barbara Ann to Edgar Lee Monty of Wolverine Lake has been revealed by Mr. and Mrs. Richard Kuhn of Milford. He is stationed at Fort Leonard Wood, Mo. with the Army. No wedding date has been announced.

Patricia R. Hays, Arch Carpenter Married at Keego

KEEGO HARBOR — Patricia Ruth Hays of Keego Harbor and Arch J. Carpenter of Pontiac were married in an evening ceremony Saturday at the home of the bride's parents, Mr. and Mrs. William G. Hays, 2427 Pine Lake Ave. The bridegroom is the son of Mr. and Mrs. Arch Carpenter of Sutton, W. Va.

For the wedding, attended by the immediate families and close friends of the couple, the bride was dressed in a suit of blue nylon and wool, with navy accessories. She wore a corsage of pink rosebuds.

Mrs. Donald Goode of Pontiac was her sister's attendant, and Bob Hays, the bride's brother, was best man.

A reception was held at the Hays home following the ceremony.

The couple will live at 8 S. Francis St. in Pontiac.

Japan produced a record 931,910,000 pounds of cotton yarn in 1954.

Construction to Begin Soon

Survey Over, Ford Tells Romeo Plans

ROMEO — With the completion of a detailed aerial survey, the Ford Motor Company's Engineering Staff has disclosed the tentative network of test facilities which will occupy its new 4,000 acre proving ground northwest of Romeo.

Construction work is scheduled to begin this spring to convert the productive farm land into a huge plant for testing cars and trucks.

The road system will include a five mile high-speed oval track, a 2.5 mile east - west straightaway, uniform test grades, and several durability loops.

Other installations will include an operations headquarters, maintenance and storage garage, fuel structure and cafeteria. A north-south straightaway may be added later.

The new proving ground, bounded by Dequindre, Mack, Dewey and Hipp Rds., is 10 times the size of the present Dearborn test area being used by the company.

With the Romeo addition, Ford will have 8,000 acres of vehicle-testing area.

A specific series of testing programs set up for car will include both performance and basic durability tests. Speeds as high as 260 miles per hour can be attained on the oval track.

Durability tests will be run for a equivalent of over more than 50,000 miles. Performance tests will be conducted at the beginning, mid-point and at the end of the durability schedule.

Approximately 250 persons will be employed at the proving ground when completed, company spokesmen stated.

Author to Address Milford Garden Club

MILFORD—"Planning the Small Flower Garden," will be the topic of Mrs. Hazel Dunlop, Detroit lecturer and author, at a meeting of the Milford Garden Club Thursday. The meeting will be held at 1 p.m. at First Methodist Church.

Mrs. Dunlop, a guest speaker from a Detroit speaker's bureau, is the author of the currently popular book, "Let's Arrange Flowers". She has also written many magazine articles on gardens.

In her address Mrs. Dunlop will discuss practical ideas on ways to transform small space into a lovely garden for more enjoyable outdoor living. She will explain different styles of landscaping and the selection and culture of plant material.

All members of the garden club have been urged to hear the lecture.

Well, It Was Handy

WACO, Tex. (AP)—The 36-inch wrecking bar grocer C. T. Dickinson left on his store porch was used by a thief to break in, take cash, groceries—and wrecking bar.

County Births

Rochester

Mr. and Mrs. Olliver Juengel of Yale have announced the birth of a daughter, Mary Jean, on March 2. Mr. and Mrs. Fred Juengel and Mr. and Mrs. Russell Hayward of Rochester are grandparents.

NOTICE
TO ALL PROPERTY OWNERS!

The City of Walled Lake has made numerous corrections in the assessment roll for fiscal year 1955. Many adjustments are upward to equalize values throughout the City.

This notice is given in lieu of individual notices to each tax payer. The City Council urges property owners to check the assessment roll for adjustments on their assessments.

The assessment roll will be available to check your property as to assessed valuation, March 1 to March 15, at the City Office, in the Walled Lake Fire Station.

OFFICE HOURS: 9:00 A.M. to 12 Noon and 1:00 P.M. to 5:00 P.M., Monday through Friday.

The Board of Review of the City of Walled Lake will be in session on Monday and Tuesday, March 14 and 15, 1955 from 10:00 A. M. to 12 Noon and 1:00 P. M. to 5:00 P. M. each day.

Gleason Birthday Party Stars Joe and Marilyn

By EARL WILSON

NEW YORK—Laugh time: 'Twas Abe Burrows' witty writing in a pinch (his pinchwitting?) that made "Silk Stockings" a hit. Sample: A Russian commissar asks his aide, "Do we have a copy of 'Who is Still Who'?"

Peter Lind Hayes' yok TV line: "Everything's peaceful at home. My mother-in-law's away for two weeks teaching the U. S. Marines to fight dirty."

LINE RENAUD

New Goldwynism: "Who ran against Truman for President?" . . . "Against Truman? I can't even remember who ran against Stevenson."

★ ★ ★ ★

Jackie Gleason's 39th birthday party at times seemed like a party for Marilyn Monroe, who's also 39—you know where.

Joe DiMaggio brought her and EVERYBODY loved her (even the girls). Arm-in-arm, they admired a tie I was wearing. Joe said, "Marilyn bought me a tie like that." Marilyn answered: "You were married in that tie."

★ ★ ★ ★

Marilyn got splinters in her derriere sliding into a chair. Great big ones! My wife helped desplinter her in the ladies' room. Marilyn is so enormously popular here—she should stay in N. Y. This is Her Town.

★ ★ ★ ★

'Twas the Party of Parties. Steve Allen played piano; Art Carney, Audrey Meadows, Red Buttons, Robert Q. Lewis and Walter Cronkite said they should go home—but stayed; Frank Heahy and Herman Hickman discussed passes; likewise Janis Paige and Hildegarde Neff; Milton Berle put his arm around Gleason; Salvadore Dali, Annabella and John Perona came over from El Morocco with Miguel the bullfighter and his fiance who wanted to know who Jackie Gleason was.

JAYE P. MORGAN

Jack Benny wired Gleason: "Stay young. It's a cinch."

★ ★ ★ ★

THE NEW WOLF APPROACH: "How about coming up to hear my Hi-Fi?"

★ ★ ★ ★

CHANTOOTSIES. Singer Jaye P. Morgan's headed for so much big money, she may be another John D. Rockefeller! French singer Line Renaud was advised—at the Waldorf Empire Room—to make just the same mistakes in English every time she sings. "But how can I," she asked, "when I don't know when I make mistakes?"

★ ★ ★ ★

WALKIN' AND THINKIN': More durned men's berets around lately! Women's glass slippers in Ansonia's window. Restaurant window sign advertises chocolate chiffon pie made of sucaryl, instead of sugar. Must remember to say to the wife, "Hi, Sucaryl!" Don Ameche quotes his one-word wire from Jimmy Cannon after his rave notices in "Silk Stockings." Wire merely said: "Naturally."

★ ★ ★ ★

GRANDPARENTS' CORNER: Herbert Bayord Swope tells about 6-year-old Herbert Bayard Swope 3d watching a movie in which an Italian lover was kissing the gal's hand, wrist, elbow, shoulder, neck and ear. "Look, Daddy!" exclaimed the child. "He doesn't know where to kiss her!"

BETTY GRABLE

THE MIDNIGHT EARL . . .

Director Don Appell left the Imogene Coca TV'er . . . Betty Grable's latest picture is "Three for the Show," at the Roxy.

Champion Sandy Saddler sneaked out of Madison Sq. Garden after his Friday win— his estranged wife was waiting with a court order for more dough . . . Mama Gabor told a reporter, "My gorls is like three leetle soldiers—and I am the general"

(Copyright 1955)

Ann Sothern Runs Unusual New Business

By BOB THOMAS

HOLLYWOOD (AP) — Last week, readers of a Hollywood trade paper saw this ad:

"The perfect package . . . Direction, staging, choreography, special material, arrangements, costume design . . . For the first time in the history of show business, experts in all fields of entertainment are available to package your act for night clubs, TV or theater . . . Vincent Productions, 242 N. Canon Dr., Beverly Hills . . . Ann Sothern, president."

Ann Sothern, president? Our Maisie? Did the girl yen to rise above the rank of "private secretary," such as she plays on TV? I dropped by her house to find out.

She was keeping very unbusinesslike hours for a corporation president. Here is was 11 o'clock and she was just getting up. But I must say she was the prettiest corporation president I've seen. Even when she has just gotten out of bed.

She plumped down in a chair and told me how Vincent Productions got started.

"I thought about it when I did my night club act last summer," she explained. "I had some fabulous offers, and I wanted to do it right. But I didn't know where to go to get things done. I had to arrange for everything myself—choreography, material, etc.

* * *

"The whole thing was a tremendous amount of work and ended up costing me $40,000. Even though I did great business in places like Reno, Las Vegas and Chicago, I still didn't make a profit. I'll make it back this year because the initial cost has been paid.

"I got to thinking that a lot of stars were going through the same thing. They simply don't know where to start when they have to make up an act. So why not have an agency that would do everything for them?

"That was the start of Vincent Productions. Now we have the top creators in the field available to us. We can work up entire acts for stars for much less money and trouble than they could do it themselves."

She has just opened for business. So far the firm has had several prospective customers, largely unknowns.

In the last century ladies often fastened bay leaves to their pillows on Valentine's Day eve to induce dreams about their sweethearts.

Cops Find Narcotics Inside Baby's Diaper

NEW YORK (AP)—Narcotics squad detectives Frank Martorella and Gerald Callahan entered a Manhattan apartment last night looking for drugs. As soon as they identified themselves, Mrs. Julio Avilis asked to go to the bathroom to change her 2-months-old daughter's diaper.

The woman seemed too insistent that it was time for a change. So Martorella and Callahan took over the diaper-switch.

Snuggled in the diaper, they said, was an envelope containing 1½ ounces of pure heroin.

Police booked the baby's 31-year-old father and Tony Santana, 26, on charges of possessing narcotics with intent to sell. The mother was not accused.

Okay Swimming Pool

HOLLAND (AP) — Council has approved plans for a swimming pool to adjoin the new Holland Civic Center. The 42 by 110-foot pool will be financed by $25,000 from a surplus fund and $30,000 from the new budget which comes up for approval in May. A tentative completion date in September has been scheduled.

Settle U.S. Test Case on Swine Fed Garbage

LANSING (AP)—A 1953 test case on the interstate shipment of swine which had been fed raw garbage was concluded recently in Federal Court, the State Agriculture Department reported today.

The shipper, Ralph C. Ulleg, formerly of Coloma, was fined $100. It was the first Michigan case of its kind.

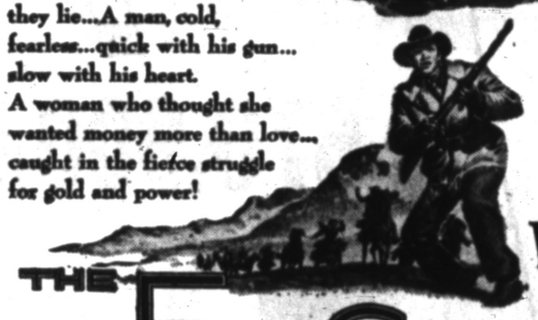

Michigan since has enacted a law making it illegal to feed swine on raw garbage.

Business goes plumb local!

Advertisers spend more money in newspapers than in television, radio, magazines and outdoor combined!

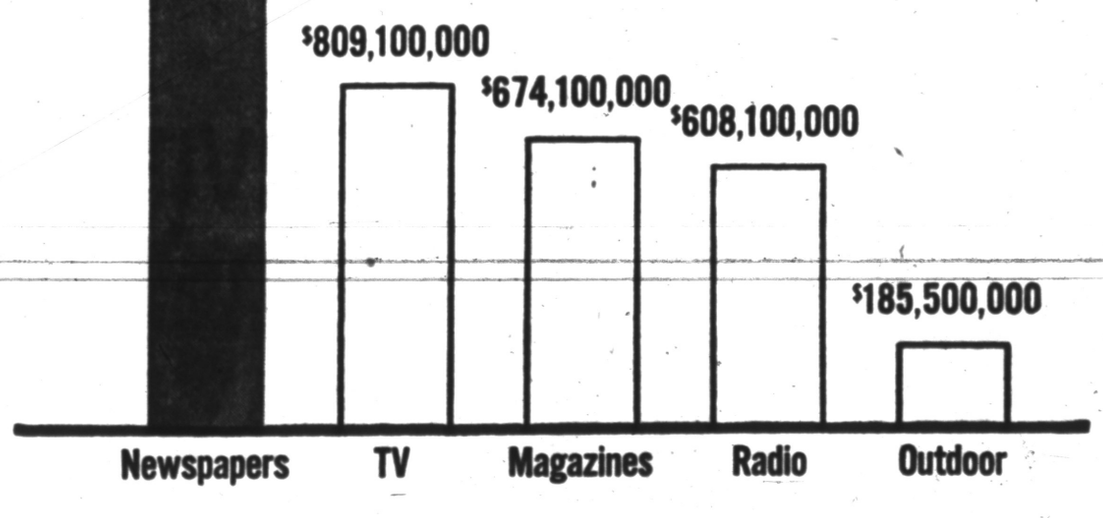

Nothing **sells like newspapers—because just about everybody reads a newspaper every day.**

$2,670,900,000

love those newspapers!

Total advertising investment in five major media—1954.

Preliminary estimates of total 1954 advertising, prepared by McCann-Erickson, Inc. and published by Printers' Ink. Includes production and talent costs.

This message prepared by BUREAUS OF ADVERTISING, American Newspaper Publishers Association, and published in the interests of fuller understanding of newspapers by **THE PONTIAC PRESS**

Shapeless Shape Is Here

By PHYLLIS BATTELLE

NEW YORK (INS)—Down with the diets, girls, and sing accolades to abundant calories! Paris is dictating the "shapeless shape" for spring.

They don't call it that in the soignee salons, of course, but any woman with an ounce of sense and avoirdupois can see that the scales are tipped decisively in her favor for next season.

The clothes just unveiled in Paree are designed to hide us, from mid-calf to lower chin, and it is my prediction that you won't be able to tell a high-fashion size 10 from a high-fashion size 16 unless the lady in question starts blabbing all she knows.

From what I've seen in a preview peek, you can forget your waistline. Dior does.

Worry not about middle-aged (known in business circles as secretarial) spread. Freedom-of-hip is prominent.

And as for the bustline, it doesn't matter how nature concaves it. Fashion will convex the situation; so so. long, Jane Russell, come again another season.

The new look is personified, as usual, by the clothes in the collection of the pixie-ish potentate, Christian Dior. M. Dior is showing the "A" line. The "A" does not stand for "aaah," as some men of my acquaintance have presumed, but rather for a silhouette which loosely resembles the structure of a capitalized letter "A."

It is narrow at the shoulders and, from the armpits down, it expands. Since there is no break in the relentless "A" shape to point out the location of a waistline, it is quite wide by the time it reaches the hem.

The crossbar of the "A" comes generally just above the knee-cap on Dior suits and dresses. This is the point where the jacket ends and the skirt begins to show. The top is called a tunic after the old-fashioned Roman garment of the same name, and is considered quite hot in fashion for spring.

Balenciaga is another Paris designer who likes tunics. He doesn't get quite the publicity that Dior does because he is more staid and apparently doesn't need the mondy so bad, but he is nevertheless considered a solid trend-predicter.

Balenciaga doesn't show the "A" silhouette. His is more of a "double I," as in the word "skiing" and the stuttered version of personal pronoun. It is a long, straight shape, in which a woman is perpendicular from shoulders to calves.

There is not much to it for the untutored eye—just a long straight tunic over a short straight skirt—but "those who know" say it is "smart" and "disciplined" and a number of other things, including "unpretentious."

Hubert de Givenchy, a comparative youngster in the field but no Jacques-come-lately by any means, is showing sweater tunics. These are knitted cardigans that reach nearly to the knees and scarcely touch the body, thus keeping a lady's curves to herself.

I have just finished looking over some of the latest American designs for spring and observe that our own creators are a bit behind. Many of them are still showing dresses with belts. Others have shaped the bustline to show off the bust.

This sort of thing cannot go on, if Paris is to keep its place in the fashion sun, and probably by Easter parade time there will have been some rather drastic changes for the shapeless-er.

For the sake of the hot fudge sundae makers, we indeed hope so!

Tomorrow: About Miss Mary Fickett—always a stand-in, never a star—who has gotten her first juicy Broadway role.)

Legal Difficulties Delay Wedding for Betty Hutton

HOLLYWOOD (AP) — Because of what she said are "legal complications," Betty Hutton has temporarily postponed her marriage Sunday to Alan Livingston, record company executive.

Friends explained lawyers advised that her divorce status and that of Livingston might invalidate a marriage ceremony performed in California. This state does not recognize divorces obtained by California residents in other states or in foreign countries unless the party obtaining the decree remains out of California for 18 months.

* * *

There were reports, which Miss Hutton did not confirm, that she and Livingston might be married in another state. She divorced dance director Charles O'Curran in California last July, but she also obtained a Nevada divorce from him Feb. 1, 1955. Livingston's wife divorced him in California Feb. 24, so his final decree won't be available for almost a year under California law.

Balkan Pact Nations End 3-Day Parleys

ANKARA, Turkey (AP) — Foreign ministers of the Balkan Pact nations—Greece, Turkey and Yugoslavia—ended a three-day conference last night.

A joint communique said the ministers ad agreed on the need to reinforce the defense capabilities of their nations. But it mad no mention of any new military efforts.

Yugoslavia recently has indicated a desire to de-emphasize military aspects of the 20-year treaty against aggression, following establishment of closer relations with the soviet union.

In cities where it is customary to take a siesta nap in the early afternoon, the people often get up very early and stay up late, with performances at the theater often starting at 11 p.m.

BOARDING HOUSE

Losses Small in Grain Deals

CHICAGO (AP) — Mostly fractional losses were recorded in grains in quite active dealings on the Board of Trade today.

The market received fairly good support on the way down and, except in the case of rye, held above the seasonal lows set in last week's trading. Rye was lower again but not down as sharply as yesterday.

Wheat near the end of the first hour was ⅝ to ⅞ lower, March $2.17; corn ¾ to 1 cent lower, March $1.43½; oats ⅝ to 1 cent lower, March 72½; rye ¾ to 1½ lower, March $1.02¼; soybeans 1¼ to 2¼ lower, March $2.67; and lard 10 to 23 cents a hundred pounds lower, March $12.00.

Market Makes Fourth Advance

NEW YORK (AP)—The stock market made its fourth straight advance today with the general level of prices at an all-time high.

Brokers said they were unable to detect any influence on the market of the Senate Banking Committee investigation in Washington under Sen. Fulbright (D-Ark).

Some stocks were strong with gains going to between 1 and 4 points in many instances. Losses in key areas usually were fractional.

Trading was quite brisk at an even better rate than yesterday's 3,370,000 shares when rising prices hit a new all-time high as measured by the Associated Press average of 60 stocks at $162.00.

The market opened fast with prices leaning higher. Within a short time most leading issues backed down from their best and losses dotted the list.

Boeing shot ahead 5½ at 88½ on an opening block of 11,000 shares after an announcement that the Air Force is giving the company a contract for jet tankers worth 460 million dollars.

General Motors started on 16,000 shares up 1⅝ at 96⅞ on the heels, of its annual report showing excellent earnings last year and predictions of continued good business this year.

A block of 9,800 shares of J. P. Stevens traded off ½ at 27, and 5,700 shares of General Electric went at 51¾ up ⅛.

Reports No Fear of Future Crash

C. K. Funston Is First Witness to Testify in Stock Market Probe

WASHINGTON (AP)—The President of the New York Stock Exchange, G. Keith Funston, said today the 18-month-old boom in stock prices rests on firm foundations and does not foreshadow any 1929-type crash.

Funston was the first witness called by the Senate Banking Committee in a "friendly study" of the stock market—the first such congressional inquiry since sensational hearings of 1933 and 1934.

* * *

Chairman Fulbright (D-Ark), who applied the term "friendly" to the investigation, said in an advance statement its purpose is "education, not accusation." Fulbright said the committee wants to find out if changing government and business policies "have influenced the present behavior of the stock market for good or ill."

The committee's senior Republican, Sen Capehart of Indiana, spoke out in blunter language, declaring in an interview:

"My interest is to find out if there is any skulduggery or rigging of the market. I have no reason to believe there is, but I shall be watchful for facts or information to that end."

* * *

The inquiry opened with stock market prices already higher than in 1929 and still rising. The boom which began in September 1953 carried prices to the highest level in their history at the close of on the New York exchange yesterday.

The Associated Press averaged of 60 selected stocks rose to $162 yesterday, an increase for the day of $1.40.

Funston said in prepared testimony, however, that these prices can't really be compared with 1929 figures because, for one thing, of "the substantial decline in the value of the dollar in the past quarter century."

"The price inflation we have seen since 1929," he said, "would by itself mean that—in terms of purchasing power—prices will not reach 1929 levels until—in terms of dollars—they exceed 1929 levels by 50 per cent or more."

The stock exchange president went on to say there are "some similarities" between 1929 and 1954 but "it is the differences which are significant."

"We believe," he said, "that the market has been functioning in an orderly manner and that the present market level reflects the public's appraisal of present business conditions and prospects for the future."

To guard against "skulduggery," he said, the exchange has "kept a careful watch for excesses which would indicate unsound conditions in the sale of securities either in our own market or elsewhere."

"Despite evidence that some members of the public have, in certain instances, paid more attention to tips and rumors than was desirable, there is no indication that a generally unwholesome condition has prevailed in our market," he said.

He voiced belief that present regulation of the market adequately protects the public.

Lodge Calendar

Regular communication of Pontiac Lodge No. 21 F. & A. M. Fri., March 4. Lodge opens at 7:30 p. m. Irwin W. Mills, W. M. —Adv.

News in Brief

Douglas Eckert, 56, of 527 Auburn Rd., Rochester, waived examination on a statuory rape charge and was bound over to Oakland County Circuit by Avon Township Justice Luther C. Green. He is held in the county jail in default of $3,000 bond, pending arraignment Monday.

Pontiac Police yesterday arrested Raymond Nelson, 21, of 217 Auburn Ave. on four traffic warrants, charging allowing an unlicensed driver to operate his auto, making an improper left turn and driving without an operator's license.

Tool Engineer Chapter Holds Annual Election

Pontiac Chapter 69 of the American Society of Tool Engineers held its annual election of officers recently.

New officers include Charles King, chairman; Andrew E. Forster, first vice president; James Elliott, second vice president; Charles Bay, secretary; C. R. Smith, treasurer.

Retiring chairman D. C. Inman was elected national delegate to attend the 23rd annual meeting of the ASTE March 14-18 in Los Angeles. Charles King is alternate delegate.

New Directors Elected to Kroger Co. Board

CINCINNATI — Three new directors were elected today to the Board of the Kroger Co. at the annual shareowners' meeting. They are David L. Rike, president of the Rike-Kumler Co. of Dayton, O.; T. Spencer Shore, president of the Eagle-Picher Co. of Cincinnati; and Edward D. Smith, president of the First National Bank of Atlanta, Ga.

Directors reelected at the annual meeting were John C. Baker, William E. Carter, Jacob E. Davis, Charles W. Dupuis, Harry J. Gilligan, Joseph B. Hall, Carl M. Jacobs, A. T. Kearney, John M. Lockhart, and Stanley M. Rowe.

New Mexico has about 6,800 oil wells and produces about 200,000 barrels per day.

BLOOMFIELD TOWNSHIP
BOARD OF REVIEW

Notice is hereby given that the Board of Review for Bloomfield Township will be in session at the Bloomfield Township Hall at 4200 Telegraph Rd., for the purpose of reviewing the 1955 Tax Assessment Rolls on the following dates:

Monday and Tuesday, March 14 and 15, 1955 from 9 to 12 a.m. and 1 to 5 p.m. on both days.

A notice will be sent to any owner whose valuation has been changed from the previous year.

DAVID E. ANDERSON,
Bloomfield Township Supervisor.
Mar. 3, 1955

PONTIAC TOWNSHIP
BOARD OF REVIEW

Notice is hereby given that the Board of Review of Pontiac Township will meet at the Township Hall, 2060 Opdyke road, the following days, to review the 1955 Tax Assessment Roll: March 8th, 9th, 14th and 15th from 9 a.m. to 12 and from 1 p.m. to 4 p.m.

Please take notice, further, that all requests by veterans for tax exemption must be in the hands of the Supervisor before the Board of Review meets.

FRANK SHIMMONS,
Pontiac Township Supervisor.
Mar. 1, 2, 3, '55

REGISTRATION NOTICE
BLOOMFIELD TOWNSHIP
BIENNIAL SPRING ELECTION

To the Qualified Electors of the Township of Bloomfield, County of Oakland, State of Michigan.

Notice is hereby given that any person wishing to vote at this election must register on or before March 7, 1955 at 8 p.m. Eastern Standard Time.

Citizens of the United States, 21 years old, who have resided in the State of Michigan six months and in the Township of Bloomfield thirty days prior to April 4, 1955 are eligible to register.

Notice is further given that such registrations will be taken at the Bloomfield Township Hall, 4200 Telegraph Rd. on Monday, the 7th day of March, 1955 from 9 a.m. to 8 p.m., Eastern Standard Time.

Notice is further given that such registrations will also be received on weekdays from 9 a.m. to 5 p.m. daily and on Tuesday, March 1, 1955 until 8 p.m. Eastern Standard Time.

Those persons who have already registered under the permanent registration system and have voted within the last four years do not have to re-register.

ROBERT H. DUDLEY,
Township Clerk.
Mar. 3, 1955

NOTICE

To the owners of the following described Cemetery Lots; Oak Hill Cemetery, Pontiac, Michigan:

Notice is hereby given that you are requested to remove certain floral vases and floral urns from the Oak Hill Cemetery on or before April 2, 1955. Upon failure to respond to this notice said floral vases and floral urns will be disposed of and removed from the Cemetery property. By order of Cemetery Board of Trustees.

In Memoriam 2

IN LOVING MEMORY OF OUR son, Billie T. Webster, who left us 7 years ago March 3, 1948. There's not a day do we forget him.
In our hearts he's always near.
As we loved him so we miss him.
As it seems another year.
Sadly missed by mother, and dad, Mr. & Mrs. Harry S. Webster.

Peter Pan Show May Be TV Barometer

'New' LaRosa Subs for Como

Soap Operas Praised by Porter and Raye; Kate Smith Returning

By JACK O'BRIAN

NEW YORK (INS) — Small talk . . . Julius La Rosa has learned a lot in his 16 months away from Godfrey; the niceness and humility still are there, but there's a polish and confidence added which indicated his election to substitute for Perry Como's six vacation shows was a proper decision. He sang well, moved easily and confidently and could be ready for a show of his own at any sponsored moment.

"Donovan's Brain" on Studio One was an expert chiller which might have had more TV impact were it not for the fact that an old movie version starring Eric Von Strobeim and Vera Hruba has been dunkinging in the channels for TV generations. . .

Wendell Corey and E. G. Marshall were fine, though. . .

If "Peter Pan" triumphs on TV next Monday, NBC will try to lock up a flock of future bookings of Broadway productions as they get ready to fold. . .

"Chance of a Lifetime" is the latest opus to try a Miami Beach origination this Friday. . .

Dr. Norman Vincent Peale calls his radio series in which his wife takes part, a "Minister and Mrs. Show."

Right at this very moment the fate of "Climax!" is being climaxed. . .

Groucho tops the Feb. 1 ARB ratings; "Lucy" wins out via Nielsen again. . .

Just a few whistles-in-the-dark ago the networks insisted color-TV would not cost more than black-and-white; now the NBC brass anticipate tinted-TV will cost at least 25 per cent more.

Sportscaster Don Dunphy is the new president of the Sports Broadcasters Assn. Very popular gentleman. . .

Soap operas must be getting fashionable; Cole Porter joins Martha Raye in admitting publicity he admires same.

CBS-TV greets the baseball training season with an opera, "The Mighty Casey," this Sunday on Omnibus. . .

For readers who've written anxiously to wonder what happened to Kate Smith, she will be on the March 12 " Stage Show" when Gleason rests. . .

Eileen Heckart, one of our "Stars of the Future" series a few years ago, has grown in such stature since "Picnic" and the incumbent "The Bad Seed" on Broadway, that Goodyear Playhouse had a vehicle written especially to her considerable talents which will be telecast Sunday, March 13; its title: "My Lost Saints." Hecky's one of the finest actresses in any performing medium.

Roberta Peters will be on Voice of Firestone Monday.

"Billy Budd" was an artistic success (translated: it lost money) on Broadway and is considered quite an event for Pond's Theater March 10. . .

U. S. Department of Labor statisticts show that of 19½ million women workers, a fourth are in clerical occupations, more than a fifth are in service jobs, a fifth in operative jobs, chiefly in factories, and about an eighth are in professional and technical work.

Soldier Awaits Sentence for Aiding Chinese Reds

FT. BRAGG, N.C. (AP)—An Army general courtmartial today will determine the punishment to be imposed on a Ft. Bragg sergeant convicted of aiding the enemy while a prisoner in Korea.

The eight-man court can choose a sentence ranging from a reprimand to death.

• • •

The prosecution, however, said the death penalty would not be asked for M. Sgt. William H. Olson, convicted on three of seven specifications of aiding the Chinese Reds and of swearing falsely that he did not collaborate with the enemy.

Olson, 40-year-old Army career man, was found guilty of making speeches derogatory to the United States and writing pro-Communist articles for a camp newspaper.

• • •

He was visibly shaken when the court, after nine hours of continuous deliberation, announced the verdict. Tears came to his eyes as he told reporters:

"I feel I was not the only man on trial in this case. Every man who was a prisoner of war or who will be a prisoner of war was on trial."

• • •

The trial, which ended midway in its third week, saw 31 prosecution and 29 defense witnesses take the stand. Olson testified twice in his own behalf.

He said he followed instruction of a Chinese Red officer in making a speech because he feared for his life.

Crash Injuries Fatal to Bay City Woman

CHARLESTON, W. Va. (AP)—Two out-of-state women died yesterday from an auto-truck accident on fog-enshrouded W.Va. 17 near Pliny, Putnam County, officers said.

The victims were Mrs. Opal Foster, 47, of Bay City, Mich., and Mrs. Thelma Floyd, 49, of Sioux City, Iowa.

Putnam County Sheriff J. M. Wade said the women were passengers in a 1955 model car driven by Roy Foster, 46, of Bay City, husband of one of the victims.

Wade said the accident occurred when the driver of another car passed two tractor-trailers on the road. The Foster car, he said, was coming in the opposite direction and swerved off the road to avoid a collision.

When the Foster auto attempted to cut back on the highway it skidded and hit one of the trucks, the sheriff said.

Officers said Mrs. Floyd and the Fosters were en route home after visiting relatives in Malden, near Charleston.

Would Extend Power to Allow Deer Shooting

LANSING (AP) — At long last, a bill to extend the state Conservation Commission's "discretionary power" over Michigan's deer herd has been introduced in the 1955 Legislature.

This is the power which allows the commission to establish special seasons for shooting doe and fawns in an attempt to control the deer herd in areas where natural food will not support the deer population.

Sen. Edward Hutchinson (R-Fennville) filed a bill which would extend the authority for another three years.

Kills Bill to Establish Permanent Soo School

LANSING (AP) — The House has written the death sentence on a bill to establish the Soo branch of the Michigan College of Mining and Technology as a permanent state institution.

Rep. Clayton T. Morrison (R-Pickford), who introduced the measure, withdrew it from the floor of the House and sent it back to committee, where it is expected to die.

Morrison said he killed the bill because he doubted it had enough support to pass.

"Also, I understand Gov. Williams is going to work out something for the college," he said, "I don't know what it will be."

Parked Vehicles Slip Into Lake Michigan

FRANKFORT (AP) — Four automobiles and a truck slid into Lake Michigan as ground on which they were parked caved in yesterday at the Ann Arbor Railroad carferry slip here.

The vehicles had been left on the lot by employes of the road's five carferries.

A seawall beside the slip developed a hole below the water line and propellors of the carferries caused the lake to undermine the parking lot which is railroad property, according to Clyde Herring, the road's marine superintendent here.

The parking lot, which can accommodate 200 cars, was nearly filled.

As the ground began to sag, crowds gathered to watch the vehicles sink into a hole about 10 feet deep. The parking lot is on filled land.

Italian Protestants Win Recognition

ROME, Italy (AP)—The American-led Church of Christ in Italy today won a broad legal victory upholding both its right to operate and to put signs on its places of worship.

A decision by Rome's Tribunal sharply criticized police for twice tearing down signs from the church temple here. It also said the small Protestant group was protected by provisions of the Italian constitution guaranteeing religious liberty.

Rome attorney Giacomo Rosapepe, who has represented the church in its long fight to gain full recognition from the Interior Ministry, said the decision represented a big step toward that goal.

The church has sought since World War II to obtain recognition from the ministry, which supervises non-Catholic sects. It would enable the group's ministers to operate freely and exempt their properties from taxes.

Roundup Time on Saginaw Mink Ranch Means Get Out the Hypodermic Needle

SAGINAW (AP)—It's roundup time at the Savage ranch, but here it's done with a hypodermic needle instead of a lasso.

When the three Savage brothers make their spring drive to market they do it by crated express—they run a mink ranch.

It started in 1937 with 16 animals. Now there are upwards of 1,500 mink to be prepared for market yearly. This means killing, skinning, fleshing and drying.

"There's a certain time every year when pelts are just right," says Lawrence Savage. "This is winter."

The Savage ranch, some nine miles south of Saginaw, consists of 80 acres. There are 2,100 mink in all. All pelts are sent to New York fur dealers. Depending on market conditions, the average pelt brings between $32 and $35.

This, multiplied by 60 to 80 pelts, adds up to an expensive coat, says Ted Savage.

Daddy and momma mink are fed once daily. The youngsters—traditional "chow hounds"—are fed twice. The animals eat about a ton a day collectively.

The hapless mink is killed with a hypodermic full of strychnine, says Lewis Savage, the third brother. But that's mostly over now and it's breeding season for the 600 lucky ones still left.

Youngsters are bred in March, born in May and killed in late winter. But trouble follows their whole life.

On hot summer days they must be sprayed with cold water each half hour. This keeps such insects as the screw-fly from dropping maggots on them and killing them, says Lewis.

Then, when it turns cold, mink easily catch cold if they become wet or if their nests are wet, the brothers will tell you.

It may sound like a cruel, short-lived life, but no baby is more spoiled than a mink which becomes a part of a fur coat, say the Savages.

The United States printed 10,174,398,000 thre cent stamps in 1954.

Congressmen's Pensions Hiked

Pay Raise Adds $5,625 for Top of $16,875 for 30 Years' Service

WASHINGTON (AP) — The $7,500 annual pay raise Congress voted its members this year adds $5,625 a year to maximum congressional pension benefits.

The maximum payment goes to those who complete 30 years or more of congressional service. To qualify for the new top pension of $16,875 a year, a member would have to serve 30 years under the new pay scale.

• • •

Pensions payments to congressmen are based on average annual salary during a member's tenure in office, up to 75 per cent of full pay.

President Eisenhower signed into law yesterday a bill raising Congress members' salaries from $15,000 to $22,500 a year as of March 1.

• • •

The top pension any member could draw under the salary scale in effect when the present Congress was convened was $11,250.

Pension payments are at the rate of 2½ per cent of average pay multiplied by the number of years in service.

Contributions to the pension fund will also increase as a result of the pay raise, since members pay 6 per cent of their salary into the fund. Participation is voluntary.

Congress voted to include a former $2,500 expense allowance as part of the pension base starting in 1955, in effect making the base pay $15,000.

Members retiring before they serve 30 years draw pensions based on their years in office, with a minimum of 6 years of service required.

Set Truck Limits

GRAND HAVEN (AP) — Weight restrictions went into effect Wednesday on Ottawa County roads with spring load limits of 13,500 pounds per axle on concrete roads and 11,700 pounds on blacktop and gravel roads.
